

Dairies, Union Begin Talks

Flood Crest Hits Historic Peak but Dikes Hold

30-Foot Wall of Water Ravages Des Moines; See Relief Tomorrow

DES MOINES (AP)—The raging Des Moines River roared through this city today at a historic crest of just over 30 feet—18 feet higher than its normal flow. But flood defense officials said "we think we've got it whipped."

A three-day battle, first to raise the levees and then to hold them against the pounding waters, was in its climactic hours. All major dikes were holding. No lives had been lost.

The crest was 3½ feet higher than the official peak reached in the disastrous 1947 Des Moines flood when a major levee gave way and flooded a residential area.

Levee workers continued to be hampered by sight-seers almost as much as by the rushing waters. Last night National Guardsmen with bayonets shooed back zealous visitors who swarmed into a critical levee area.

"They were crawling over sandbags and ripping holes in them and getting in the way of trucks," said Police Lt. Alva Glasscock. Col. Harold A. Hensler of the Iowa National Guard added:

"People were coming down here by the thousands. They thought it was a sideshow."

But guard officials stressed there was no clash with the sight-seers. "They were just quietly herded back to keep them out of the road," a spokesman said.

Minor breaks in the miles of levee system, sand boils and undermining occurred from time to time today.

Flood officials said the situation would remain serious for some 24 hours.

The crest was of several hours duration and fluctuating fractionally around 30.1 feet. No important drop in the stream was due in Des Moines until tomorrow. A third successive day of fair weather aided the situation.

Upstream from Des Moines the river had fallen about three feet from its crest near Boone and U.S. 30 there was reopened to one-way traffic. U.S. 6 at Des Moines still required rerouting due to a flooded bridge.

Water Levels Decline in Area

U.S. Survey Declares Well Development Has Lowered Tables

WASHINGTON (UP)—The withdrawal of ground water in southeastern Oakland County in 1952 averaged 50,000,000 gallons daily, according to a geological survey report released today by the Department of the Interior.

Municipal wells accounted for most of the pumping with Pontiac and environs using about 60 per cent. Birmingham, Royal Oak and Troy Township used another 20 per cent with the remainder being distributed throughout the urban and rural area.

The report said ground water levels have been lowered by intensive well development in the urban areas. These developments have created localized problems of declining well yield and have induced the migration of mineral water from underlying rocks.

The most important sources of ground water, the report indicated, are the alluvial deposits bordering present streams and the buried out-wash deposits of preglacial or interglacial streams.

The report was based on field data which included records of about 1,000 wells, and lithologic logs of 482 wells and test holes.

Vast ground water reservoirs in the area are important for increased use of water resources, the report pointed out. The average annual water loss by evaporation is nearly six times the combined withdrawal by all ground water users in the area.

One method of increasing overall water supply is to salvage water now discharged by evaporation, the report said.

Bloomfield Girl Queen for a While

VICTORY SMILE — Deloris Susin, Bloomfield Hills entry in the Miss Michigan Contest in Muskegon last night, flashed a big smile after her selection as queen.

But a few hours later, the pageant was declared no contest by the committee which cited irregularities in the voting by judges.

Miss Michigan Title Lifted From Bloomfield Hills Girl

MUSKEGON (AP) — The crown of Miss Michigan for 1954 was gently but firmly lifted today from the blonde head of dimpled 22-year-old Deloris Susin of Bloomfield Hills who said she thought "it was too good to be true, anyhow."

"As of now," said Richard Gillard, chairman of the annual pageant, "there is no reigning Miss Michigan, and there probably will not be one for another 48 hours." Gillard's announcement followed a decision by the executive committee of the Junior Chamber of Commerce, sponsor of the event, to suspend the results of Wednesday night's state finals.

The ballots of two unidentified judges were questioned. Photostatic copies of the two votes were sent to Atlantic City pageant headquarters.

Informed today that she could no longer be considered the winner after a brief few hours of royal acclaim, Miss Susin said:

"I hold not the slightest bit of bitterness. I was overwhelmed by the decision last night and thought then it was too good to be true. I will abide by any decision, and naturally I had nothing to do with how the judges voted."

Two of the six judges who could be reached today disagreed in their views of the balloting.

Anita Gillette, Elkhart, Ind., fashion expert, said that in her opinion "the girl selected had a wonderful chance to win in Atlantic City. She has poise, personality, stage presence and her talent can be improved."

"I think," she added, "Miss Susin was the strongest candidate in the contest."

Tom Farrell, United Press correspondent in Grand Rapids and a judge said he was "as surprised as anyone else at the decision."

"I rated Miss Janice Somers first on my scoresheet by a big margin" (Continued on Page 21, Col. 4)

Warmer Weather Forecast for Area

Cloudless skies today will bring warmer weather, according to the U.S. Weather Bureau. A low of 62 to 66 tonight is expected to rise to 86 to 90 on Friday.

On Wednesday the thermometer reached a high of 73 going to a low of 58 around midnight last night.

At 8 a.m. today the downtown reading was 63, rising throughout the morning to 76 at 1 p.m.

The wind was from the southwest.

Lists Industries Due to Hold Up Business

Building has held up well, and was the backbone of business in the first half of 1954. The momentum generated should carry through the balance of the year.

Senators Reject Ike's Farm Plan

Agriculture Committee Favors Rigid Supports for Another Year

WASHINGTON (UP)—The Senate Agriculture Committee today rejected the administration's flexible farm price support program by voting 8-7 to extend rigid supports for another year.

The action came after the group turned down a 9-6 proposed two-year extension of the mandatory supports on the basic crops: wheat, cotton, corn, rice, tobacco and peanuts.

Chairman Aiken (R-Vt.) predicted after the closed door session that the Senate would reverse the narrow committee decision in favor of the administration's flexible price support plan.

Sen. Young (R-ND) offered the motion for a one-year extension of (Continued on Page 2, Col. 3)

Blair Moody in Hospital With Virus Infection

LANSING (UP)—The Democratic state headquarters office here announced today that former U.S. Sen. Blair Moody was in St. Joseph's Hospital, Hancock, suffering from a virus infection.

Moody, touring the Upper Peninsula in his campaign for the Democratic nomination for senator, was stricken last night, the office said.

Even the sick coal industry will enjoy some pickup from the very depressed levels experienced during the first six months of 1954.

Due to slip further down, or slated to show the least improvement, are the following industries: Machinery, machine tools, railroad equipment, metal fabricating, steel and iron, and autos and auto parts. In particular, auto output will not match the first half, with competition keener in the last half than at any time since the 1930s.

Consumers Will Buy if Prices Attractive

As in the case of general business discussed above, sales prospects will rule selective. With purchasing power holding well, demand for food products and soft goods will remain at a brisk pace.

The public, however, has learned something about watching its pennies. People have become more price-conscious.

For this reason, I predict that the mass distributors, such as the grocery and variety chains, will run ahead of the others

McCarthy Puts Uncleared Aide on CIA Probe

News Sources Claim Security OK Held Up on Donald Surine

NEW YORK (AP)—News-papers reported today that Sen. Joseph R. McCarthy (R-Wis.) has assigned Donald Surine to a preliminary investigation of the Central Intelligence Agency.

The papers said Surine does not have federal security clearance but Surine told a reporter in Washington a week ago that he did have security clearance.

Asked about the story that he had been assigned by McCarthy to investigate the CIA, Surine said in Washington: "I don't know anything about it." He declined to be drawn into a discussion.

Washington dispatches to the New York Times and New York Herald Tribune attributed the assignment and reported lack of security clearance of Surine to informed sources.

The Times, calling Surine "one of Sen. McCarthy's most controversial investigators," said he was "dropped from the rolls" of the FBI in 1950. The story added:

"A security clearance for him from the Defense Department, requested about a year ago by the (McCarthy) Senate Permanent Subcommittee on Investigations, has not yet been forthcoming."

"Word of Mr. Surine's assignment to the investigation of the CIA coincided with an inquiry by the subcommittee into the circumstances of his not being cleared to receive classified information."

"Past and present employees of the highly sensitive and super-secret CIA have reported that they have been approached in the last few months by Mr. Surine for information. Sen. McCarthy has broadcast an appeal to federal workers to provide him with information and documents even though the data are classified 'secret.'"

"Mr. Surine's assignment may stir new controversy within the investigating subcommittee, where demands for his removal already are pending."

The Herald Tribune said Surine has been engaged in an investigation of the CIA "for some time" and added that the subcommittee "is now looking into the circumstances under which Mr. Surine's clearance to handle classified documents has been held up by the Defense Department."

"It was understood," the Herald Tribune story continued, "that Mr. Surine's inquiries had reached the point where he had talked with CIA employees, but he was reported not to have made any official contacts with the super-secret worldwide intelligence agency."

U.S. Champion Wins 3rd Round of Singles

WIMBLEDON, Eng. (INS)—Top-seeded Tony Trabert of Cincinnati recovered from two shaky sets today to defeat 18-year-old Britisher Bobby Wilson, 10-8, 8-6, 6-2, in the third round of the Wimbledon men's singles championship.

Trabert's errors forced him to go all out against the British youth, who upset Brazilian Armando Vieira yesterday, but the U.S. champion recovered his court poise in the final set.

Dairy officials reported most grocers asked for more milk than usual on today's final runs.

Three large Pontiac markets said shoppers last night bought double the usual amount of milk. "And they weren't buying a quart apiece," one grocer said, "they were buying enough to load the icebox."

One grocer said even his canned and powdered milk moved faster than usual — although a couple of other food stores reported no big increase in any milk sales last night.

Dairy officials reported most grocers asked for more milk than usual on today's final runs.

Chou En-lai Leaves for Talk With Nehru

GENEVA (UP)—Communist Chinese Premier Chou En-lai left the Indochina peace conference by plane today to visit Indian Prime Minister Nehru in New Delhi and then go on to Peiping.

Intimating he would return to the Geneva parley, Chou in a brief farewell statement said he was leaving "for the time being."

Barber Ignores Protests

CLIP JOINT VICTIM—Two-year-old Dale Jeffrey Hallman is shown in the top photo hollering for all he's worth as he's about to get his first haircut in Cleveland, Ohio. In the bottom picture he is shown with his father, Marine Sgt. Robert Hallman, just back from Korea. The father wanted to be on hand for the first haircut and so it was allowed to grow. When the ordeal was over, young Dale looked in the mirror and summed it up: "All gone."

Cornerstone Laying Set Saturday for New City Hall

Years of plans and dreams will be climaxed at 3 p. m. Saturday when Mayor William W. Donaldson wields a chrome-plated trowel at the cornerstone laying rites of the new \$1,000,000 Pontiac City Hall.

Mayor Donaldson will smooth out mortar prior to the swinging into place of the 900-pound cornerstone, containing a variety of documents concerning the building and Pontiac.

Sen. Homer Ferguson will be the chief speaker at the ceremony, which will be conducted by former Mayor Arthur J. Law. Sen. Charles Potter, Rep. George A. Dondero and Gov. G. Mennen Williams were invited, but will be unable to attend.

Rush for Milk Is Reported by Pontiac Stores

Pontiac grocers and drymen reported a run on milk today as local families apparently stocked up on the eve of a general Detroit area dairy strike.

The strike, which started today, cut off 90 per cent of Pontiac area's milk supply.

Three large Pontiac markets said shoppers last night bought double the usual amount of milk. "And they weren't buying a quart apiece," one grocer said, "they were buying enough to load the icebox."

One grocer said even his canned and powdered milk moved faster than usual — although a couple of other food stores reported no big increase in any milk sales last night.

Dairy officials reported most grocers asked for more milk than usual on today's final runs.

Also included will be copies of the city ordinances authorizing the bond issues for the acquisition of the site, several annual city reports for past years, the city's master plan, and a scroll listing city officials and commissioners responsible for financing and constructing the building, along with the annual report of the Chamber of Commerce.

The Rev. Michael J. O'Reilly of St. Michael's Church is scheduled to give the invocation, and Dr. William H. Marbach of the First Presbyterian Church will give the benediction.

During the past six months rumors have been spreading to the effect that President Eisenhower will not run again; but there is no agreement at this writing by either party as to who the next candidate will be.

The President has won his conflict with Sen. Bricker; the House approved his tax bill; the Taft-Hartley labor bill has been shelved, to the relief of all; and he has so far kept out of the McCarthy-Army row.

I forecast that for the balance of the year he will leave domestic affairs to his associates and devote most of his time to helping Dulles ward off trouble with Russia and China, and avoid another "Korea."

During the first six months of the year a new look has developed in connection with defense expenditures. Appropriations for foot soldiers and certain classes of airplanes have been cut in favor of items for atomic warfare and guided missiles. Best authorities agree that we will get more protection and fighting strength from this change with less cost.

As a promise "to get our boys out of Korea" was a great factor in electing Dwight Eisenhower as President, he naturally will hesitate to send U.S. foot soldiers into Indochina, at least before the coming November elections.

Sees No World War, Just Small Leagues

There will be no world war in 1954 started by Russia or the U. S. In the last half of 1954, however, the United States will move closer (Continued on Page 32, Col. 1)

Milk Deliveries Ending Today as Strike Starts

Negotiations to Settle Detroit Area Walkout Get Under Way

Negotiations to settle the Detroit area dairy strike got under way today as Pontiac householders picked the last bottles of home-delivered milk off their porches.

Dairy officials and leaders of Detroit Local 83, CIO United Dairy Workers, started discussing a settlement at 10 a. m.

The Dairy Workers local Wednesday turned down a plea from George E. Bowles, Michigan Labor Mediation Board chairman, to go on working while a three-man fact-finding committee tried to help settle the dispute.

Milk plant workers processed the last batch of milk in almost all nearby creameries yesterday. They struck last night. Milkmen delivered Wednesday's milk this morning before joining inside workers in a general walkout.

The strike will cut off more than 90 per cent of the Pontiac area milk supply.

The Pontiac area uses some 300,000 quarts of milk a day, with Pontiac alone using 95,000. The handful of small dairies still running on a cash-and-carry basis say they can't put out more than 14,500 quarts a day if they run at top capacity.

Union officials said milk will still be delivered to hospitals. Parents of children under two years old can get milk for them by applying at their regular dairy plants with their children's birth certificates. Union leaders promised to make some arrangements so other "distress cases," such as ulcer patients, can get needed milk.

The family of each person (Continued on Page 21, Col. 6)

Doctors Against Using GG Shots

County Medical Society Says Polio Treatment Ineffective

The Oakland County Medical Society's poliomyelitis committee has recommended that gamma globulin be discontinued for polio treatment or prevention in this county.

It was revealed today that the society's 270 doctors were notified of the committee decision after a June 15 joint meeting with Oakland County Health Department officials.

Dr. F. M. Adams of Birmingham, committee chairman, said, however, that the blood derivative is still recommended in the modification and prevention of measles and infectious hepatitis.

The committee's decision was based upon a report of a committee of experts of the U.S. Public Health Service.

In a February report, the health service committee issued a statement saying that tests in 23 communities last summer indicated that gamma globulin was ineffectual in the prevention or treatment of polio.

As a promise "to get our boys out of Korea" was a great factor in electing Dwight Eisenhower as President, he naturally will hesitate to send U.S. foot soldiers into Indochina, at least before the coming November elections.

Sees No World War, Just Small Leagues

There will be no world war in 1954 started by Russia or the U. S. In the last half of 1954, however, the United States will move closer (Continued on Page 32, Col. 1)

MAKE OVER PAPER

Summer Music Program Expanded for Youngsters and Adults in Birmingham

From Our Birmingham Bureau
BIRMINGHAM—So overwhelming has past response been to the summer music program sponsored by the Recreation Board, that the services of an additional teacher are available to youngsters in the Birmingham school district this season.

As of last week it was reported that 130 registrations had been received, more than signed up all last summer. Under the increased program, however, there are still some openings.

Robert Kutscher, music instructor at Birmingham High School, will assist Arnold Berndt, director of music at the high school and in charge of the summer program, which is open to musicians or those who can read directions.

A unique feature is the night band course which meets at 7:30 p.m. Wednesdays at the Baldwin School gymnasium. The class consists of more advanced, adult players, who perhaps played in high school or college groups. It is also available to those who like to play for sheer enjoyment. No registration is necessary.

A complete schedule, which includes instruction in beginning and advanced woodwinds, beginning and intermediate strings, band and orchestra, may be obtained through either of the instructors. A small fee is charged for participation. Information on renting instruments will also be supplied.

Boys and girls taking part in the YMCA Da-Y program will trek to Detroit tomorrow for a tour of the Jam Handy Corp. The youngsters will leave the Y building at 9:30 a.m., returning about 4:30 p.m.

"New Designs Aid an Old Culture" is the title of an article written by Mrs. Irene E. Murphy, of 444 Bonnie Briar, for the July issue of "Living" magazine.

Mrs. Murphy recently returned from the Philippines where, under the Foreign Operations Administration, she was director of the Philippine Cottage Industry Project. The program was a successful United Nations effort to build up industry there, using native materials.

Several members of the Cranbrook staff are pictured in the article.

At a court of honor held this week, 16 second class and 6 first class scouting awards were given to Boy Scouts of Troop B-27. The scouts and their families are individual box lunch suppers prior to the ceremonies.

Larry Ruby received the "Good Scout" statuette when he was named Scout of the Season.

Scoutmaster "Gil" Gilchrist announced that troop meetings would continue through the summer for those boys who wish to continue work on advancement.

Water System Issue Voted Upon Today

Issuance of \$225,000 in bonds for a water system is the question drawing residents of Sylvan Lake to the polls today.

All registered voters may cast ballots on approving the system, but only qualified electors who own property are allowed to vote on the two bond issues.

They would be for \$125,000 in general obligation bonds, and \$100,000 in bonds to be paid off by special assessment for those areas receiving the service. A three-fifth favorable vote on both the system and financing it are necessary for passage.

Solons Reach Decision on Defense Money Bill

WASHINGTON (AP)—Agreement was reached by Senate and House conferees late yesterday on the money bill to run the defense establishment in the fiscal year starting July 1.

Sen. Ferguson (R-Mich.) said the total would be "slightly less than 29 billion dollars—a little under administration budget requests."

HAROLD B. EULER

County Red Cross Head Is Re-elected

Harold B. Euler of Pontiac was re-elected chairman of Oakland County Chapter, American Red Cross Wednesday for the year starting July 1.

The Red Cross executive committee named Harry Rendell Jr. of Royal Oak and Harold Bruce, Southfield, as first and second vice presidents; Joseph R. Hiltz, Pontiac, treasurer; and Mrs. Alfred T. Barnes, Royal Oak, secretary. The new executive committee also ratified a budget of \$78,922 to run the chapter in the year starting July 1. The budget approved by the retiring executive committee a week ago, still runs \$10,000 over the expected income as the local Red Cross is paying a bigger share of the blood program costs.

Senate Group Rejects Ike's Farm Program

(Continued From Page One)

the high-level supports due to expire with this year's crops.

Three Republicans and five Democrats supported it. They were Sens. Young, Thye (R-Minn), Mundt (R-SD), Ellender (D-La), Humphrey (D-Minn), Johnston (D-SC), Eastland (D-Miss) and Clements (D-Ky).

Opposing the extension were Sens. Aiken, Hickenlooper (R-Ia), Williams (R-Id), Schoepel (R-Kan), Welker (R-Idaho), Holland (D-Fla) and Anderson (D-NM).

Schoepel said he first voted for the one-year extension with an understanding that other major provisions of a general farm bill, previously approved by the committee, would be sent on to the Senate.

"When this was not agreed to I voted against the extension," he said.

Humphrey offered the proposed two-year extension but Young and Thye voted against that along with others who opposed the one-year motion later.

"I think a two-year extension would face a certain presidential veto," Young told reporters.

He said he believes a one-year extension "has a 50-50 chance for Senate approval and about the same for escaping a veto."

Japan Writing History

TOKYO (AP)—Officers of Japan's budding army, the National Defense Force, are compiling this nation's first official history of the Pacific war, a project expected to take three to five years. A committee will ask for the return of important military documents, taken to the United States in the occupation.

Damage Suit Will Continue

Judge Denies Motion to Kill Claim Against School District

A motion to dismiss a \$200,000 damage suit against Birmingham School District and a Detroit bleacher company was rejected yesterday by Circuit Judge H. Russell Holland.

Dr. Maurice Richards, Royal Oak dentist, is seeking the damages for a disabling leg injury received when a bleacher section collapsed during a high school football game in 1948.

Judge Holland granted dismissal of one count, that a contract entered into between the school district and the bleacher company made the school district liable, but said a count of negligence against both parties must be decided by the jury.

Another count, claiming erection and maintenance of the bleachers was a nuisance, was dismissed earlier in the case.

The motion to dismiss was submitted by defense attorneys Harold E. Howlett, William B. Hartman and Colin McCrea when the trial started June 10 and was taken under advisement until completion of the plaintiff's case.

Attorney Walter Martin of Saginaw and Maurice Cole of Ferndale, representing Dr. Richards, called 18 witnesses to the stand during presentation of their case.

Howlett and Hartman, representing the school district, will start their defense today. Colin McCrea will wind up the trial with the bleacher company's defense.

Italian Police, Firemen Aid in Caring for Cattle

FERRARA, Italy (AP)—Ferrara's police and firemen were ordered today to emergency duty.

Their commanders told them that until striking farm workers go back to their jobs, they should help the province's hard hit farm owners with the feeding and milking of suffering cattle.

Almost 100,000 farm workers have been on strike for two months, demanding better pay.

Capri Boatmen Strike

CAPRI (AP)—The boatmen of Capri, who row tourists into the famed Blue Grotto, have gone on strike, protesting the rejection of a committee they named to represent them. Tourists can rent a boat and row it themselves.

Worm Medicine Racket!

KOBE, Japan (AP)—Police have uncovered a new wrinkle in the smuggling racket. Along with a batch of 1,700 Swiss watches confiscated on a Japanese freighter from Hong Kong, they seized 20 boxes of medicine used to rid humans of worms.

Jupiter's diameter is 11 times that of the earth.

KARL A. WALTER

City Housing Chief Re-elected to Post

Re-elected to a second term as chairman of the Pontiac Public Housing Commission is Karl A. Walter, of 998 Argyle Ave. Members of the City Commission-appointed group elect their own officers.

Otis Lawrence, 11 Grant St., has been named vice chairman. The Housing Commission's first annual report has been approved, and will be submitted to the city commission.

Boy Suffers Bruises in Playground Accident

BIRMINGHAM — Rush Dennis, 10, of 328 Bird St. was treated for a contusion of the right knee cap at St. Joseph Mercy Hospital, Pontiac, last night.

The lad was rushed there by ambulance after a construction trailer, which he and some friends had been rocking back and forth on at Pierce School playground, toppled on his leg.

Pontiac Deaths

Mrs. A. H. Blanchard

After a prolonged illness, Mrs. A. H. (Ellen Maude) Blanchard, 65, of 1104 Lakeview St. died at St. Joseph Mercy Hospital Wednesday morning.

Born at Marine City April 30, 1889 she was the daughter of David and Minnie Ogden. She married Mr. Blanchard there in 1907 and came to Pontiac to live 36 years ago.

Mrs. Blanchard was a member of First Methodist Church; the Orpha Circle; was past president of the Booster Club and a member of the WCTU.

Besides her husband she is survived by two brothers and a sister, David Ogden and Mrs. Fred Niersteheimer of Pontiac and Irwin S. Ogden of Washington.

Funeral will be Saturday at 1:30 p.m. from First Methodist Church. The Rev. Paul R. Havens, her pastor, will officiate and burial will be in Perry Mount Park Cemetery. The body is at the Sparks-Griffin Funeral Home.

Nicholas Fotineas

After an illness of a day, Nicholas Fotineas, nine-month-old son of Christ F. and Mary Romeo Fotineas of 47 Summit St., died in Pontiac General Hospital at 3:30 p.m. Wednesday.

Born Sept. 26, 1953 in Pontiac, he is survived by his parents; a brother, Philip C. at home and his grandparents, Mrs. Christina Fotineas and Mr. and Mrs. Nick Romeo of Pontiac.

Funeral will be Friday at 2 p.m. from St. George Hellenic Orthodox Church with the Rev. Harry Magoulas of Detroit officiating. Burial will be in Oak Hill Cemetery.

The body is at the Kirkby Funeral Home.

Petroleum is defined as a complex mixture of hydrocarbons and their sulphur, nitrogen and oxygen derivatives in varying proportions.

Hitler's General Given Three Years in Prison

TRAUNSTEIN, Germany (AP)—Lt. Gen. Theodor Toldsdorff, 44, Germany's youngest and most decorated general of World War II, was sentenced yesterday to 3½ years in prison for ordering a captain executed four days before Germany surrendered.

The captain was shot for putting up a Red Cross sign at the entrance to a Bavarian village to identify a hospital. Toldsdorff claimed the sign was a symbol of surrender.

Mt. Asama Erupts

TOKYO (AP)—Mt. Asama, one of Japan's three most active volcanoes, erupted today, spewing ashes that were blown as far as Tokyo, 100 miles to the southeast. The eruption was not considered serious.

Berkleyite Fined

BIRMINGHAM — Pleading guilty to a reckless driving charge when he appeared before Justice John J. Gaffill yesterday, James Garvock, 26, of Berkley, was fined \$85.

FILM SHIP—A replica of the ship on which Paris kidnaped the fair Helen and thus started the Trojan War is launched near Rome for use in the new movie, "Helen of Troy."

Marilyn Monroe Home, Collapses After Flu

HOLLYWOOD (AP)—A three-day rest in bed has been ordered for Marilyn Monroe, who collapsed three times since the start of her current picture four weeks ago.

Dr. S. R. Kennamer sent her home yesterday after her latest collapse. He said she was run down as a result of a flu attack 10 days ago, but probably would be able to resume her work Saturday at Twentieth Century-Fox Studios.

Indonesian Delegation in Amsterdam for Talks

AMSTERDAM, Netherlands, (AP)—An Indonesian delegation headed by Foreign Minister Soerjono arrived here last night to start discussing the liquidation of the five-

year-old Dutch-Indonesian Union. The talks begin next Monday. The Foreign Minister said Indonesia wants to replace the union by ordinary diplomatic relations.

Beneficiation is any process by which the yield of metal from ore is increased.

Autopsy Shows Woman Died of Asphyxiation

MT. CLEMENS (UP)—The death of Mrs. Rosemary Elliott, whose body was found in a bathtub, was caused by asphyxiation, an autopsy revealed today.

Warren Township police said Mrs. Elliott, 22, apparently fainted Wednesday while taking a bath at the home of Mr. and Mrs. Florindo L. Dechichi. She was living with them while her soldier husband, Pfc. Charles Elliott, was serving in Korea.

Senate to Vote on Trade Act

GOP Solons Say Dem Substitute Would Kill Tariff Program

WASHINGTON (AP)—Republican Senate leaders passed word today that adoption of a Democratic-sponsored, broadened extension of the Reciprocal Trade Act probably would kill the 20-year program.

Majority Leader Knowland of California and Chairman Millikin (R-Colo.) of the tariff-handling Finance Committee, it was learned, were using this argument to try to hold votes in line for a simple one-year extension bill already passed by the House.

They argued that a three-year extension with new powers for the President to cut tariffs, as originally requested by President Eisenhower and now provided for in the Democrats' substitute, would

be like waving a red flag in the face of key House Republicans who favor higher tariffs.

Many House GOP leaders, such as Rep. Daniel A. Reed (R-N.Y.), were reluctant to go along even with a one-year extension without new restrictions on imports. Reed heads the Ways and Means Committee which has authority over tariff legislation in the House.

After his three-year proposal ran into difficulties there, Eisenhower last month let it be known he would go along with a one-year extension now but said he was not dropping his interest in the broader program. He said passage of the one-year extension would give Congress opportunity to study his plan further.

Knowland and Millikin contend the House might well refuse a conference and let the law die if the Senate passes a broadened extension measure.

However, both Senators said they were confident the proposed substitute, offered by 22 Democrats and Independent Sen. Morse of Oregon, would be beaten.

The vote on the substitute is expected today, and possibly final passage of the bill, the Senate last night having adopted an agreement to limit debate.

NEW SEAL FOR MARINES—After signing an executive order establishing an official seal for the U. S. Marine Corps, President Eisenhower hands the pens with which he signed the order to Gen. Lemuel C. Shepherd Jr., Marine Corps commandant. General Shepherd holds in his left hand the new seal. Assistant Secretary of Defense Fred Seaton is standing directly behind the President.

Reds Use Terror in Africa to Keep Country Unstable

Editor's note: The idea of a great single defense complex—a deterrent to any overt aggressive move by Moscow. There are an inner ring of bases in North Africa, England, Spain and Turkey and an outer ring forged by Iceland, Greenland and the Pacific area.

By WILLIAM L. RYAN
AP Foreign News Analyst
RABAT, French Morocco (U)—“Someday some of you Americans might get killed here. When that happens, please—please do not lose your heads.”

These words came to me from a highly placed person in Morocco who must otherwise remain unidentified.

I asked him to elaborate. He replied with a shrug and the remark: “There are forces here who want you to lose your heads.”

This informant was one of many who insist there is much foreign influence in the creeping terror in North Africa, an area which has come to be of strategic importance to Western defense.

Daily killings of French and Moroccans are commonplace now. The objective of the terror—whether the influence comes from local extremists, nationalists, Arab League propaganda, Moscow agents or from all these sources—is the same in the French view. It is to keep France off balance in the area and render it unstable.

Leaving aside the justice or unreasonableness of nationalist aspirations, instability in North Africa has grave meaning for the United States and her allies. What if North Africa, and particularly Morocco, should blow up in internal strife? There might be little choice eventually for the United States but to abandon the important air bases built here under agreement with the French.

The United States has three bases completed and one nearly completed and already operational in Morocco, at a cost of more than 300 million dollars. The bases were begun shortly after the Korean War exploded. The French permitted 7,500 Americans to be based permanently in Morocco to run the installations. Almost all are skilled personnel.

Present plans call for five bases in Spain to complement the North African program. This will make

up a great single defense complex—a deterrent to any overt aggressive move by Moscow. There are an inner ring of bases in North Africa, England, Spain and Turkey and an outer ring forged by Iceland, Greenland and the Pacific area.

American experts say these rings are so formidable Moscow must keep its air force at 50 per cent fighters to offset the bomber threat. The more bases the West has, the more freedom of action it has in time of war, from the standpoint of choosing places from which to attack. The more bases the West has, the more Moscow's air defense problems increase, the more its defenses must be dispersed.

Loss of Morocco would mean loss of an area within easy striking distance of strategic targets, an area whose weather permits takeoffs all but 17 days a year. Communists are outlawed, both in Tunisia and Morocco, but there is a hard core of 500 Moroccan Communists, built up by French Reds with the help of France's Communist-dominated labor federation.

Obviously under orders from outside, the Communist party of Morocco has become supernationalist—more than that, monarchist—in its attempts to woo and infiltrate the nationalist movement. It refers to “His Majesty” Sidi Mohammed Ben Youssef, whose ouster by the French nine months ago is the issue which most stirs Morocco today.

The Communists play constantly on an anti-American theme, trying to whip up local and nationalist sentiment against the United States.

Intelligent Moroccan leaders realize the Communists, under Secretary Ali Yata, are trying to infiltrate their ranks. Yet the day may come when, after long irritations and terror, alliances of opportunity may lure some of the more extreme elements. And Communists are schooled in terror. It is not beyond possibility that they might arrange the well-timed killing of Americans.

Drivers of 16 to 20 years old are involved in five times as many accidents as drivers 45 to 50 years old.

Prospective Teacher, 13, to Visit 11 Countries

CANTON, Ohio (UP)—Francie Huffman, 13, who expects to be a teacher some day, is going to learn about foreign schools first hand. She, her father and mother plan a three-month tour of Europe that

will see Francie in 11 different schools in 11 different countries before returning to their suburban Whipple Heights home. Francie will run into nine languages besides English, but she doesn't plan to learn them all. She'll have a translator beside her in the class-

rooms where she doesn't know the language.

Her itinerary includes England, Norway, Denmark, Sweden, France, the Netherlands, Spain, Italy, Portugal, Germany and Switzerland. She will keep a diary of her experiences and impressions.

Curious Mother Plays Pretty Cozy Role

FORT WORTH, Tex. (UP)—When officer A. D. Marshall answered the police headquarters telephone, a woman asked if her son had been jailed. Marshall asked the son's name.

“I don't want to give you his name because if he's not in jail you might want to find him,” she replied. “Well, then,” asked Marshall, “what's your name?” “If I told you, you'd know his name,” said the woman as she hung up.

Woodpecker Taps Daily

HARTFORD, Conn. (U)—Dean W. Moores reports that daily at 4:40 a.m. a woodpecker attacks the television antenna on his home. The unwelcome alarm gives him plenty of wakeful hours to plan woodpeckericide, but so far he has found no answers.

Match your motor to your boat. This boat, with much too large a motor, is extremely unstable and therefore dangerous.

He's not asking for trouble—he's begging for it. Don't board boat encumbered with oars. Step into bottom, not onto seat.

BOATING, FUN OR WOE?—It all depends on you. If you learn a few basic things about handling a small boat, your vacation or weekends afloat will be pleasant—and safe. Last year hundreds of people were drowned in boating accidents, many of them due to ignorance of boat handling or carelessness. No one knows how many uncomfortable, but non-fatal accidental duckings were suffered. The American Red Cross conducts regular classes to teach its members water safety. Illustrated here are common traps for the unwary amateur sailor. One thing the Red Cross stresses—If your boat or canoe capsizes or fills with water—stay with it. It will not sink, even with an outboard motor attached. Many good swimmers die in boat accidents every year because they leave the boat and try to swim to shore.

Unwed Mothers Increase in U.S.

Medical Group Advised 'Sex Hysteria' Fosters Illegitimate Births

SAN FRANCISCO (AP)—The number of unwed mothers is increasing—especially among teen-agers or upper class girls—and a "sex hysteria" in American society is partly to blame, a physician said yesterday.

Many influences are at work producing "an emotional shambles which fosters many of the deviations and denatured biological trends which are common among our young folks," Dr. Goodrich C. Schaffner of Portland, Ore., told the American Medical Assn.

He urged physicians to "go beyond the ordinary call" of duty to help these girls.

He said he had seen "too many impressively happy endings" to think these matters cannot be "decently handled—many of them by the physician."

Having their babies may "turn out to be a maturing experience—often a distinct psychological advantage as compared to an abortion."

Dr. Schaffner said there were 88,000 illegitimate live births in 1938, and 142,000 in 1950. Nearly half these mothers in 1950 were

under 20, and 32,000 were girls under 17.

"A much higher percentage of unmarried mothers nowadays comes from comparatively privileged groups—high school students, college students, young women with good jobs, as compared with the 'poor working girl' or 'penitence domestic' of the beginning of the century."

Modern customs which "precipitate precocious sex activity of young people" are one cause, Dr. Schaffner said.

Young people are more aware of sex, "stimulated and maintained by the sex hysteria which is a calculated instrument of modern journalism and so-called entertainment trends."

"Beyond this, there are loose practices, bad examples and lack of supervision in parental and home influences; liquor, narcotics, automobiles, auto courts, and finally, gang influences which combine the above elements and tend, in certain groups, almost to enforce premarital sex practices."

Sylvan Lake Residents Can Loan Beach Cards

Sylvan Lake residents who have guests wishing to use the city beach should loan them their beach cards, City Manager Ernest Ethier said today.

"By doing this, police officers can properly patrol the park," Manager Ethier stated. He added that a check last week showed a small percentage of residents had attached the 1954 city decal sticker to their auto windshield. This should be done as soon as possible.

Elegant Chick Recipe Wins Title for Woman

GEORGETOWN, Del. (AP)—A 43-year-old housewife and mother of three today wore the crown of National Chicken Cooking Queen. Mrs. Steven J. Barczewski, who

lives on a 240-acre farm near Newark, Del., won the title, \$300 and other prizes yesterday at the 7th annual Delmarva Chicken Festival. Her recipe: Broiled chicken basted with white wine and crab apple jelly and served with tea biscuits. It won over 99 other entries.

Failure to Dim Lights Foils Young Escapees

ORANGE, Va. (AP)—When the approaching car didn't dim its lights as required by state law, State Trooper James W. Chambers turned around and overtook the vehicle. Two youths in the car, Jackson

Libert, 18, and Aubrey Caldwell, 21, both of Pulaski, turned out to be escapees from a state prison camp. The car had been stolen several hours earlier in Roanoke.

Four-fifths of the water the U. S. uses comes from lakes and streams. Wells provide about 20 per cent.

Naval Reserve Units Plan Lake Michigan Training

TRAVERSE CITY (AP)—Fishermen and private boat operators have been warned by the Navy to use caution when approaching Manitou Island in Lake Michigan Thursday and for the two day pe-

riod, July 1-3. Naval reserve units will be in the area for training operations. Naval sources said the training exercises would not interrupt normal lake traffic.

Potassium stimulates the adrenal glands.

Block Confronts Church Council

Rev. Burton Defends Report of Committee on Free Church Policy

NEW HAVEN, Conn. (AP)—Congregational Christians today examined their cherished "free church" denominational structure, wondering just how—or if—they could act as a combined unit.

The question, a key roadblock to a long-disputed plan of merger with the Evangelical and Reformed Church, sparked sharp disagreement at the denomination's national general council meeting here.

The subject moved to the convention floor today in the form of a report by a special committee on Free Church Policy.

Even before the report's official presentation to the 2,500 delegates, officials of the denomination's home and foreign mission boards came up with a legal analysis, prepared by a New York City law firm, saying the report advocated "impossibilities and paradoxes."

The report, prepared by a committee headed by Dr. Wendell Field, of Brooklyn's Pilgrim church, said authority to act on any merger with another denomination rests individually "with the churches."

As to how that authority could be expressed, the report added: "There is no provision or plan regarding this crucial matter in any congregational documents on any level."

The legal opinion secured by top mission officials said acceptance of the report's views would cause "confusion and frustration" and make functioning of joint bodies impossible.

This criticism was heatedly denounced yesterday by members of a committee for continuation of Congregational Christian Churches which has fought the proposed merger plan.

"These birds have slipped a dagger into the report, silently and in the dark," Rev. Harry Butman, of Los Angeles, declared at a strategy meeting of the committee. "This is a treacherous attack."

The Rev. Malcolm K. Burton, of Pontiac, said the legal analysis was an effort "to dynamite" the report and "prejudice opinion" against it before it was acted on.

He also charged that Dr. Douglas Horton, chief executive of the General Council, "is trying to sell our fellowship on a written constitution" that would "utterly change the nature of our fellowship."

Promote Owosso Man

OWOSSO (AP)—Rolly W. Fitch, for the past seven years manager of the Owosso Battery plant of the Electric Auto Lite Corp. of Toledo, has been placed in charge of production in all of the company's nine battery plants in the United States and Canada.

REV. MALCOLM BURTON

City Kiwanians Form 3rd Club

Charter Ceremonies for North Pontiac Unit Held Wednesday

Pontiac's third Kiwanis Club was officially born last night at charter ceremonies at the Old Mill Tavern in Waterford Township.

About 130 Kiwanians from Michigan's District Five were on hand to bring the newly-formed North Pontiac Kiwanis Club into being.

President Richard Scribner of the sponsoring West Pontiac Club, introduced Toastmaster Mason A. Case, Lieutenant Governor of the district.

Pontiac Mayor William W. Donahue was present to recognize the group in a welcoming speech, and greetings were extended by Kiwanis International official, Walter A. Patenge, chairman of new club building.

Marion S. Lincome, president of the founding club, accepted the charter from District Governor Cecil C. Burton, who also presented Lincome with a leather portfolio for the presidential office.

Other gifts were given by Frank O. Staiger of Port Huron, Mich. Dis. Sec., to Albert C. Benter Jr., secretary of the new club, who received a secretarial portfolio; Scribner, who presented Stephen B. Glover, Pontiac North's vice president, with flags and plaque; Scribner also gave co-vice president Stephen B. Glover a gong and gavel.

Lincome presented membership certificates to 32 charter members. In a colorful ceremony, Lincome placed the 101st gold link on Gov. Burton's chain. Each link represents a club in the District.

Entertainment followed a banquet and ceremonies.

Hemlock trees usually mature in 150 to 200 years.

Snare Juveniles Near Midland

Mosquitoes Help Police Flush Pair Who Fled From County Home

Two Oakland County Children's Home escapees will be returned from Midland today after their arrest by police who were given an assist by a swarm of deep-biting mosquitoes.

The two 16-year-olds were driven from a wooded area Tuesday by mosquitoes and into the arms of police who had been chasing the youths in the area for about two hours.

The pair refused to answer to police questioning but James E. Hunt, director of children's service for the Oakland County Juvenile Court said today that the youths escaped Tuesday and took a car from the Walton Blvd. area.

Midland Police were alerted by a Mapleton service station operator who complained that the pair drove off without paying for their gas. Roadblocks intercepted the youths who turned off U. S. 10 and fled along back roads.

Police said the youths abandoned the car and ran into a woods, but hungry mosquitoes forced them out.

Realistic Movie Makers Ignore the Real Thing

HOLLYWOOD (AP)—A movie studio was shooting a murky weather scene and the script called for some rain-making machines to provide the necessary sprinkles in the right places.

Everything went along fine until the sky clouded up and it began to rain. The director ordered the rain-making machines turned off, the equipment packed into trucks and the film shooting halted.

"We'll have to wait until a sunny day to film the rain scene," he said.

Bloomfield Hills Girl Loses Beauty Title

(Continued From Page One)

"I learned later she had won" and I was sure she had won," he said.

Spectators protested the decision so forcefully that the committee suspended the result and declared the competition "no contest."

In an extraordinary 3 a.m. session today the executive committee of the Greater Muskegon Junior Chamber of Commerce, sponsors of the Miss Michigan contest, accused the judges of "a pattern of voting."

The committee said all titles and awards (some \$3,000 in gifts) were held in abeyance pending a conference with the Atlantic City Miss America pageant officials.

It was obvious from the beginning of the pageant last night in the Michigan Theater jammed with 1,800 persons, that Janice Somers, Michigan State College junior from Lansing, was the audience favorite.

And there was surprised silence when the official decision of the judges was announced. Polite applause greeted the crowning of Miss Susin, 5 foot 10, 137-pound former Michigan State homecoming queen who is employed by Pan American Airlines in Detroit.

The crown was bestowed by Mrs. Velva Robbins Molnar of Dowagiac, last year's Miss Michigan, in the presence of Evelyn Ay, Miss America for 1954.

Members of the Junior Chamber board said there were immediate protests from the audience. After some discussion Merrill S. Bailey, C. of C. president, called the executive committee into session at 1 a. m.

The statement, issued over his signature two hours later, read: "It is the consensus of the board that (the judges) ballots established a pattern of voting which requires consideration of the executive committee of the Miss America pageant under whose auspices the local pageant was held."

"Therefore it is resolved that it

is the decision of this board that the pageant shall be considered no contest until such consideration and a ruling has been obtained."

Besides Miss Susin and Miss Somers, both of whom are vocalists, other contestants included winners of contests in Muskegon, West Branch, Detroit Highland Park, Ocean County, Grand Rapids, St. Clair Shores, Dowagiac and Coloma.

The judges, none of whom were immediately available for comment were Pete Baldwin, Howell, state president of the Junior Chamber; Anita Gilette, Elkhart, Ind., fashion expert; Harold A. Wood, general agent for the Wisconsin-Michigan Steamship Co., Milwaukee; Dorothy Schaefer, Chicago fashion expert; George Grablin, Milwaukee advertising executive; and Tom Farrell, United Press correspondent in Grand Rapids.

McGhee Brothers Fight Each Other in Court Trials

GREENVILLE, Mo. (AP)—You can witness some old-time battles between lawyers in these parts. And sometimes they are all in the family.

Recently, Roy W. McGhee won a couple of theft cases that son Roy W. McGhee Jr., was prosecuting for the county.

Milk Delivery Ends in Pontiac Today

(Continued From Page One)

Classed as a "distress case" may go to his regular dairy and pick up one quart of homogenized milk per day. They will be given ration cards.

"Distress" milk will be available at Shamrock Creamery, 304 E. Pike St.; Maple Leaf Dairy, 20 E. Howard St.; Borden Co., 256 Norton Ave.; and Detroit Creamery Co., 408 Auburn Ave.

Local grocers planned to get extra supplies of canned and powdered milk and started searching for new ways to obtain bottled milk.

The non-union Huron, Snyder, Dixie and Richardson Farm dairies will continue to produce milk for general public sale. Nye Dairy hopes to have some milk on hand at its plant for regular customers.

Biggest issue in the dairy dispute is the union's request for a shorter work week with no cut in pay.

Milk delivery men now have every eighth day off. They want another two days off a month, which would let them take a two week vacation each four months.

Whip Up a Cake for the Bride

Make Layers Heart Shaped

Cake Mix Simplifies Wedding Task; Fancy Frosting Adds Beauty

If you have a bride-to-be in your home, here's a beautiful wedding cake that you can make yourself. It is really simple to make and is just as attractive as any you can buy.

Orange Blossom Wedding Cake

4 boxes white cake mix
Eggs
4 teaspoons orange extract
Make up 2 boxes of the cake as directed on the package, adding 2 teaspoons orange extract to the batter. Pour half the batter into a 10x10x2 pan lined with paper. Divide the remaining batter between two 9-inch heart-shaped pans, also lined with paper. Bake in a 350 oven 25-35 minutes. Cool and take out of pans. Wash pans, make up the other 2 boxes of cake mix and bake as directed above.

Prepare frosting and set aside a small amount for decorations. Place the two square cakes side by side on a large piece of cardboard, 18x20 inches. Spread frosting smoothly on top and sides of cake.

Make 2 layer cakes from the four hearts, spreading frosting between layers. Place a heart shaped layer cake diagonally on each square, with points of the hearts toward the center. Frost tops and sides, smoothing it out.

Add additional confectioner's sugar to the reserved frosting to make it stiff enough to use in decorating. Make flowers and garlands on top and sides of cake. Place on silver tray to serve.

Orange Blossom Frosting

2 cups butter or margarine
18 cups sifted confectioner's sugar
1 1/2 cups milk (approximate)
2 teaspoons orange extract
1 teaspoon salt
Cream butter. Add part of sugar gradually, blending after each addition. Add remaining sugar, alternately with milk, until of right consistency to spread. Beat vigorously.

Add orange extract, salt, and blend. Keep frosting covered while frosting cake to keep from drying out. Makes enough to frost and decorate the above cakes.

Tasty Vegetable Dish

This combination of flavors makes a vegetable dish that's extra good. Cut two slices of bacon into inch long pieces and cook with a chopped onion until lightly browned. Add a can of tomatoes and a cup of diced celery; cover and simmer until the celery is tender. Season with salt and pepper, and a bit of butter or margarine if you like.

HERE COMES THE BRIDE—This beautiful white wedding cake can be made at home with very little difficulty. It calls for white cake mix. The frosting is delicately flavored with orange. Real flowers add to the attractiveness of the decorations.

19 Calories in Tablespoon in New French Dressing

These salad dressing recipes are just an introduction to the way fresh lemons help you add verve to your weight control menus.

Try them and you'll see how easy it is to prepare foods that are rich in flavor and nutrition, but low in calories.

Low Calorie Dressing

1 teaspoon plain gelatin
1 tablespoon cold water
1/2 cup hot water
2 tablespoons sugar
1/2 teaspoon salt
1/2 cup lemon juice
1/2 teaspoon pepper
1/2 teaspoon dry mustard
1/2 teaspoon Worcestershire sauce
1 tablespoon finely chopped onion
1/2 teaspoon celery seed

Soften gelatin in cold water. Add hot water and stir until gelatin dissolves. Add sugar and salt; cool. Combine lemon juice, pepper, dry mustard, Worcestershire sauce, onion, and celery seed; add to gelatin mixture and shake well. Serve at room temperature. May be covered and stored in refrigerator until needed but must remain at room temperature for at least 1 hour before serving so that the gelatin will reify.

Makes 1 cup dressing.
1 tablespoon—19 calories.
1 tablespoon commercial French dressing—59 calories.

Cooked Salad Dressing (Low Calorie)

2 tablespoons flour
2 tablespoons granulated sugar
1 teaspoon prepared mustard
1 teaspoon salt

Dash paprika
1 cup water
1/2 teaspoon Worcestershire sauce
4 tablespoons lemon juice
2 eggs, slightly beaten
Combine flour, sugar, mustard, salt, paprika, water, and Worcestershire sauce in top of double boiler. Cook over boiling water, stirring constantly, until thickened, about 20 minutes. Remove from heat. Gradually add lemon juice to beaten eggs; then add a little of the hot mixture to the eggs and return to top of double boiler. Cook over hot, not boiling water, stirring constantly, until thickened, about 20 minutes. Remove from heat and cool. Store covered in refrigerator and use as needed. Makes 1 1/2 cups dressing.

1 tablespoon—13 1/3 calories.
1 tablespoon mayonnaise—58 calories (mayonnaise type), 92 calories (reg. mayonnaise).

Sauce Is Delicious

For cold meats, for potato and other vegetable salads, this Milky-wauke sauce is a summertime blessing.

Sour Cream Cucumber Sauce

One cup finely chopped cucumbers
1 cup thick sour cream
1 tablespoon lemon juice
1 tablespoon sugar
1 tablespoon finely chopped onion
1/2 teaspoon salt
1 teaspoon horseradish

Beat together all ingredients with a fork. Chill.

Children Sure to Enjoy Easy Animal Doughnuts

You can make easy long-eared

animal faces to please your youngsters from doughnuts.

Cut two thin slices from a powdered sugar dipped doughnut. Place one slice on a serving plate. Cut the other slice in half for ears, and arrange pieces at the top of the first circle. Make eyes of raisins or chocolate bits. The shape of the doughnut hole will give you some surprising and amusing "facial" expressions.

Unpeeled Potatoes High in Vitamins, Minerals

EAST LANSING — Potatoes are a great source of economical energy — and vitamins and minerals — especially for the junior third of our people, notes Dennis L. Clanan, Michigan State College farm cropman. Farmers grow more than 250

million bushels of potatoes every year—or 100 pounds per person—on 1 1/2 million acres as compared to 50 million acres for wheat. Every state grows some potatoes. Minerals and vitamins in potatoes are near the skin surface, notes Clanan, and the best way to get them into the diet is to eat baked potatoes or potatoes boiled with the skins on.

Car Rally Set at Bloomer Park

Auto Maniacs Group
Schedules 2nd Picnic
for 'Sunday'

ROCHESTER — Bloomer Park No. 2 near here will be the scene of the second annual car rally and picnic of Auto Maniacs of America Sunday.

The program for the day opens at 10 a. m. featuring driving contests for all types of cars, a parking road-e-o contest for both men and women and displays of "character cars."

According to Douglas K. Renny of Detroit, heading a cars committee, "character cars" will include custom, sports, foreign, classic, antique, and hot rod models.

All car enthusiasts in the area are invited to bring their unusual models to the picnic, according to Renny.

Wives and children are also invited, with each family to bring its own picnic lunch. Refreshments will also be offered by the Auto Maniacs, according to Harold L. Mayer of Stockbridge who founded the organization seven years ago.

Auto Maniacs is a non-profit organization under state laws, set up in order to promote automobiles as a hobby.

Rotary Club Holds 1st Meeting Tuesday

ROCHESTER — The recently organized Rotary Club here held its first meeting Tuesday noon with Dr. Edgar J. Geist Jr. presiding as president. Other officers include:

Edward A. Potere, vice president; Maurice Watson, secretary; and Dr. John Terry, treasurer. Named to the board of directors was Arthur L. Keyes. Dr. Larry E. Billoreau heads the club service committee. Dr. J. W. Eastman is chairman of the international service committee, and Bernard J. Murray is director of vocational service.

The new club will receive its charter next fall.

Lions Club Directors Hold Final Meeting

ROCHESTER — Final meeting of the 1953-54 Board of Directors of the Lions Club will be held here tonight at the home of President Alex Young, 230 W. Hamlin Rd. Business affairs will be turned over to incoming officers. New president is Kenneth Mills. All committee chairmen, officers and their wives are invited.

MR. AND MRS. FREDRICK H. LEWAN III

Brinkman-Lewan Wedding Held in Catholic Church

MILFORD — Before an altar banked with bouquets of white mums and yellow daisies in St. Patrick's Catholic Church Saturday Elizabeth Antonio Brinkman

became the bride of Frederick H. Lewan III.

Elizabeth is the daughter of Mr. and Mrs. William Brinkman of 2940 Steele Hill Dr. Frederick's parents are Mr. and Mrs. F. H. Lewan Jr. of 2746 Cherry Dr.

For her wedding the bride chose a gown of white satin covered with lace and an overskirt of nylon tulle. Her Juliet cap was trimmed with seed pearls and held a fingertip veil. She carried a bouquet of white carnations centered with an orchid.

Serving as maid of honor for her sister was Patricia Stackecki. Carol Lyn Campbell, Carole Danley were the bridesmaids. All attendants wore similar gowns and carried baskets of assorted spring flowers. Francis Neumann of Detroit served as best man. Ushers were Paul Cenkovich of Drayton Plains and William Brinkman of Milford. A reception was held at Dublin Community Center. The bride attended Milford High School, while her husband attended Northwestern High School in Detroit.

Kilby-Lowes Vows Spoken in Rochester

ROCHESTER — Joan Kilby and Kenneth Lowes spoke their marriage vows Saturday afternoon in a ceremony at St. Paul's Methodist Church.

Joan is the daughter of Mrs. Vincent K. Laughlin of Clawson. Kenneth's parents are Mr. and Mrs. Joseph Lowes of Rochester.

For her wedding the bride wore a jacket dress of blue lace with a matching headpiece. She carried white roses centered with an orchid.

Serving as the bride's attendant was Patty Russell of Clawson who wore a similar gown of orchid lace and carried pink roses.

Jack Lowes served as best man for his brother, Wesley Ellis and Art Ferguson were the ushers. A reception was held in the church following the ceremony. The couple then left for a three weeks trip to Colorado. When returning they will live in the Ford apartments on Main street.

WCSA in Davisburg Divides Into Two Groups

DAVISBURG — WCSA of Davisburg Methodist Church has been divided into two circles, day and evening groups.

The day group, Dorcas Circle, will serve a strawberry social Saturday from 6 to 9 p. m. at the church.

Candelabra Form Background

Stewart-Juengel Nuptials Held in Ludington Church

ROCHESTER — Church of Christ at Ludington was the scene of a wedding ceremony Saturday which united Lois Stewart and A. Verne Juengel.

Lois is the daughter of Mr. and Mrs. Archie Stewart. The bridegroom's parents are Mr. and Mrs. Fred Juengel of South Rochester road.

White peonies, palms and candelabra formed the background for the ceremony.

The bride wore a gown of white lace over satin, ballerina length, with a matching lace cap holding her fingertip tulle veil. She carried red roses.

Laurine Stewart served as maid of honor for her sister. Bridesmaid was also a sister, Jean Stewart. Both wore identical gowns of white satin with full net skirts, ballerina length, and with blue bolero jackets. They carried nosegays of blue and white carnations.

Sharon Kohl of Rochester, niece of the bridegroom, served as junior bridesmaid wearing light blue embroidered batiste.

Serving as best man for his brother was Burton Juengel. James Stewart and Oliver Juengel of Yale were the ushers.

A reception was held at the Stewart home after the ceremony.

Both the bride and the bridegroom are graduates of Michigan State College. Relatives and friends from Rochester, North Branch, Lake Orion, Yale, Utica, and Oxford attended their wedding.

"FOR MORE THAN 30 YEARS—A GOOD PLACE TO BUY"

ROCHESTER, MICHIGAN

Church to Mark Its Centennial

Rochester First Baptist
Holds Special Services
on Sunday

ROCHESTER — First Baptist Church of Rochester will observe its 100th anniversary with services Sunday.

The church, now located at Walnut and Fifth Sts., was organized June 1, 1854, in Stony Creek. Soon after this a frame church house was purchased from a society known as the "Christian Church" and was moved to the present location.

Anniversary services Sunday will be held in the morning, afternoon and evening.

The morning service at 11 will feature a scripture reading, a prayer by the Rev. J. C. Clasper of Lima, Ohio, a former pastor of the church. In addition to selections by the choir and hymns, a solo will be sung by Norman Sanders, a former music director of the church.

Dr. M. R. DeHann of the Radio Bible Class at Grand Rapids will deliver the message.

For the afternoon service at 2:30, Alfred E. Nelson, director, will lead congregational singing and there will also be special music. Nelson will also give an instrumental solo. The scripture will be read by the Rev. H. Hamilton, another former pastor, and the Rev. A. Olsen of Lapeer will give the prayer.

Also in the afternoon, Norman Sanders of Portsmouth, Ohio will sing a solo. Centennial remarks will be made by Rev. Mr. Clasper. Dr. DeHann will deliver the message and Rev. D. K. Olsen, present pastor, will give the benediction.

Evening service at 7:30 will feature congregational singing, prayer by Rev. Mr. Clasper, scripture by Rev. Mr. Hamilton and the message by the pastor, Rev. Mr. Olsen. The church has undergone four remodelings since its founding. In 1916, during the pastorate of the Rev. F. Cutler, the church was repaired with new windows, new floors, electric light fixtures and a new front porch.

In 1940 under the Rev. William Colegrove, the church auditorium was made larger by removing an inside vestibule and building a new front tower for the entrance way. A basement was also added at this time.

In 1940 under the present pastor a new educational building was erected giving the church 13 new classrooms, a nursery and a 3-room apartment. The final building project was the enlargement of the main auditorium to almost twice its size in 1952.

Present total value of the church's real estate is estimated at \$198,000.

Van Wagoners to Hold 50th Annual Reunion

LAKE ORION — The 50th annual VanWagoner reunion will be held here Saturday at the home of Mr. and Mrs. Ray VanWagoner, 312 S. Broadway.

A picnic will be held at noon and old family moving pictures and photographs will be shown. The affair will be held in the Methodist Church House if the weather is unfavorable.

BETTY ANN JOHNS

Mr. and Mrs. Frank Johns of Live Oak, Fla. announce the engagement of their daughter, Betty Ann, to Dean Shaw of Oxford. Dean is the son of Mr. and Mrs. Roller Shaw of Oxford. The wedding will be held in Florida on Aug. 12.

Lathrup Asked for Water Plans

Resources Commission
Orders City to Submit
Data on Facilities

LANSING (UP)—The State Water Resources Commission Wednesday ordered the City of Lathrup Village in Oakland County to submit plans for development of facilities involving jurisdiction of the commission.

Milton P. Adams, executive secretary of the commission, said the order was issued after Lathrup officials notified the commission at its monthly meeting Wednesday that the city plans to use facilities other than those provided by Southfield Township.

In other actions on appearances before the commission, a Flint potato processing plant, represented by Dornic Caramagno, was ordered to show cause for improper disposition of wastes. The matter was referred to the inter-county drain board.

The commission ordered six Upper Peninsula cities to appear before the July 6 meeting of the commission at Houghton to show cause for not submitting progress reports.

Adams said the cities, Munising, Manistiquet, Wakefield, Ironwood, Kingsford and Norway, will be referred to the attorney general's office for prosecution if they fail to make a report at the July 6 meeting.

The commission also declared Standish in default for not submitting progress reports and the matter was turned over to the attorney general's office.

OKs Sturgis Postmaster

WASHINGTON (UP)—The Senate confirmed the nomination of Howard E. Augspurger late Wednesday as postmaster at Sturgis, Mich.

County Calendar

Leonard
June meeting of Addison-Oxford Farm Bureau will be held at the home of Mr. and Mrs. George Clark on Lake George road northwest of Leonard Friday evening.

Tomas
Special meeting of Thomas Chapter of OES will be held Saturday at 8 p. m. for conferring of degrees on Mr. and Mrs. Mevin Mott.

Troy Township
The Go Getters Club of Troy Methodist Church will hold a strawberry festival Saturday beginning at 4 p. m. on the church lawn.

Rochester Class to Hold Reunion at Avon Park

ROCHESTER — The Rochester High School class of 1934 will hold its 20th anniversary reunion Sunday at the Avon Park pavilion.

All members of the class and their families are urged to attend. A potluck picnic dinner will be held at 12:30 and the afternoon will feature a short program with Martin Marzoff, president of the class, presiding.

Serving on the planning committee for the reunion have been Mrs. Walter Brown (Eva Rewold), Mrs. Herman Klix (Frances Whims) and Mrs. William Nieman (Helen Sneller).

Jackson Advertis

JACKSON (UP)—The first of three motorcades advertising the Freedom Festival here July 4-10 paid visits Wednesday to Leslie, Mason, Lansing, Howell, Brighton, Ann Arbor, Ypsilanti, Dexter, Chelsea, Grass Lake and Michigan Center. Other trips are scheduled Saturday and July 1.

Detroit Wins Award

DETROIT (UP) — Charles E. Feinberg of Detroit was awarded the U. S. Information Agency's certificate of merit today for his work on the Walt Whitman exhibit in London this year. He was the first private American citizen to win the award.

Tight Hurling Again Features City 'A' Play

Russ Lothery Pitches 2-Hitter as Jets Trip Unionmen

Tight pitching continued to be the rule in City Class A Baseball League play yesterday as Pontiac Jets downed CIO No. 594 3-1, behind the 2-hit hurling of Russ Lothery.

Lothery went the route on the mound for the Jets, striking out six, walking one and, at one time, retiring 12 men in a row.

CIO scored its only run in the 5th, when Fred Goyette drew a base on balls, advanced on an infield error and came home on Paul Osika's single.

Jets pushed across two runs in the 2nd. J. C. Jenkins rapped a single, stole 2nd and scored on Gene Cox's double. Cox moved to 3rd on Hurston Avery's outfield fly and crossed the plate with the winning run on Harry Austin's sacrifice.

Jets added an insurance tally in the 4th, when Don Russell tripled with Austin on base. Russell fell victim to the old "hidden ball" trick and was tagged out by Goyette.

CIO 000 010 0-1 2 6
Jets 020 100 1-3 7 2
Rouse, Hruka and Paulhan Osika Lothery and Austin

O'Dell Wins Wednesday PYC Test at Cass Lake

Larry O'Dell led 15 entries to the finish line to win Wednesday's Pontiac Yacht Club race at Cass Lake. O'Dell's Bambi-Too was crewed by John O'Dell and Charles Callahan.

Commodore Al Oberon was 2nd in Gizmo, with Marjorie Oberon and Bob Greishauer as crew, and Les Huntwork was 3rd in 99, crewed by Virena Huntwork and Harold Callahan.

WEDNESDAY'S HOME RUNS
Adcock, Patko, Crandall, Braxey, May, Galtis, Delo, Boren, Lomon, Indiana, Wilson, Athelrick, Bauer, Yankov, Jackson, Cuba, Repulski, Cards, White, Red Sox

Juniors, Hunter Classes Start 4-Day Feature

Day, Night Programs Offer Top-Flight Show Horses of Nation

Detroit Horse Show Association's 37th annual show was under way today with fine weather promising a big turnout for the day's junior competition and start of the big championships at Bloomfield Open Hunt Club.

Junior riders held the spotlight this morning and afternoon. Evening session will offer the U. S. equestrian team trophy event, the spread class for open hunters, the Michigan bred hunter event and a class for five-gaited mares.

During the earlier events will be horsemanship tests for young riders, both saddle seat and hunter seat for various age groups. The Junior FEI jumping event will be another feature. For the afternoon feature the McCray trophy competition begins for the ASPCA horsemanship award.

More than 400 entries have made this show, in the opinion of its officials, the biggest outdoor horse show in the country this year. Horses have been brought here from 12 states as well as from Canada.

In addition to top show horses of the state there are many well known stables entered, including that of Mrs. Andrew Shinkle of St. Louis, Mrs. August Busch of St. Louis, Jane Briggs of Fort Wayne, Ind. and Lynn Belank of Lake Forest, Ill.

Robert Egan of St. Louis will ride the 1952 Olympic jumper Miss Budweiser. Shinkle stable has entered Seven, winner of the conformation hunter division at Grosse Pointe.

Portions of the show will go on TV (Channel 2) Friday afternoon (4:30-5:30) and Friday night (7-8 o'clock) and on Sunday (3-4 p.m.).

Vince Lombardi, line coach of the New York football Giants, was on the Dean's honor list for four years at Fordham and was graduated cum laude.

Bolero 1st to Finish in Sail Boat Race

HAMILTON, Bermuda (AP)—The Bolero became the first boat to finish the 635-mile Newport, R. I. to Bermuda yacht race today.

The sleek black-hulled 73-foot yawl, skippered by John Nicholas Brown, crossed the finish line at St. David's head at approximately 1:34 a.m. (EST) after signalling her sail number, 134, in Morse code to the Royal Naval frigate, Cygnet.

W. H. Wheeler's yawl, Cotton Blossom IV, crossed the finish line second, but had the misfortune to lose time to the Bolero as the wind

left her completely half a mile from the line. She lost approximately 3 1/2 minutes to the Bolero.

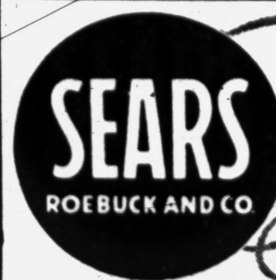

Wendell Anderson's yawl, Escapade, out of Detroit, crossed the finish line third.

Wins on No-Hitter

TIFFIN, Ga. (AP)—Tony Sarmien pitched a no-hitter last night as Tifton blanked Americus-Cordele 10-0 in a Georgia-Florida League game.

The Tifton hurler struck out eight and allowed seven walks in the seven-inning opener of a doubleheader. Americus-Cordele, defeated once before this year in a no-hit game, left four on base.

Americus-Cordele is in the cellar of the Class D League.
