Accuse Soviets of Trying to Sabotage N-Talks

Four Friendly Competitors

AP Photofax

SEMIFINALISTS—Four happy Miss Universe semifinalists hold hands Friday night as they wish each other luck in tonight's final judging. Reading from left are Wang Li-ling, Miss Republic of China; Arlette Dobson, Miss England; Marlene Schmidt, Miss Germany; and Liliane Burnier, Miss Switzerland. Many of the candidates spent practically all of Friday preparing for the semifinal competition.

Final Judging Is Tonight

15 to Vie for Miss Universe

AP Photofax

BEAUTIES BEAUTIFYING—Looking little like contestants in the Miss Universe pageant are Arlette Dobson, Miss England (left) and Susan Jones, Miss Scotland (right). Needless to say, both girls shed their nets and rollers for more attractive apparel in the Miss Universe semifinals held Friday night.

MIAMI BEACH, Fla. (AP) — Fifteen girls from China to Iceland go nervously into the finals of the Miss Univers Beauty Pageant tonight wondering what the judges see in them.

★ ★ ★

"I think it was my figure, but I'm not sure," said Marlene Schmidt, of Stuttgart, Germany, a 5-foot, 8-inch blonde with a beehive hairdo which adds nearly a foot to her height. "I wanted them to think I looked kind and happy. That's the impression I wanted them to judge me on."

Her dimensions are 36½-23-35½.

"I believe my shipoan dress got me into the semifinals," said Wang Li-ling of Taipei, representing the Republic of China.

Through her interpreter she explained that a zhipoan dress is a Chinese dress with slits in the skirt.

★ ★ ★

"My figure was my best point," said Susan Jones of Aberdeen, Scotland, a 37-23½-35½ redhead. "But that's only my opinion. Maybe the judges saw something else. Who knows what ideas they have of women."

Several of the other girls agreed.

48 IN 1ST ROUND

Forty-eight beauties competed in the opening round. They paraded along the ramp in native costumes, then donned elegantly styled evening gowns and finally bathing suits.

★ ★ ★

They changed back to evening gowns before the 15 semifinalists were annouced.

At the height of the applause for the winners, Miss Greece—18-year-old Elestheria Delutsi of Athens, one of those who didn't make it—fainted. The curtain was brought down fast and she was carried off. Pageant officials said she had fainted earlier this week, after a parade. They said she was high-strung.

The 15 girls range in age from just-turned 18 to 24, the youngest being Rosemarie Frankland of Wales. The eldest is Miss Germany, an electronics engineer who fled from East Germany a year ago with her family.

★ ★ ★

She and Miss Chile, Gloria Silva of Santiago, are the tallest at 5-foot-8.

Suh Yang-hi of Seoul, Korea, is the shortest—5-foot-4. But she is also the most liberally endowed, 37-22½-37. That gives her five inches on Atida Pisanti of Haifa, Israel, the slimmest of the lot at 32-21-32.

SIMILAR ANSWERS

For publication, at least, all of the girls gave a variation of Miss Sweden's answer when she was asked what she thought of her chances of winning the Miss Universe crown.

★ ★ ★

"I'm very surprised I got this far; I didn't think I would," said Gunilla Knutsson of Ystad, Sweden. "I'm nothing special."

★ ★ ★

"We have our own private ideas on the subject," added Arlette Dobson of Weybridge, England.

Hayes Jones Triumphant in Moscow

From Our News Wires

MOSCOW — Hayes Jones of Pontiac, Mich., made a spectacular return to Moscow today as he won the 110-meter hurdles race and ran a leg in a record-smashing victory by the U.S. 400-meter relay team in the American-Soviet Track Meet.

★ ★ ★

U.S. Olympic gold medal winner Wilma Rudolph also dazzled a crowd of 50,000 as she tied her own 100-meter record of 11.2 seconds.

And, like Jones, she shared with three teammates in setting a world record, 44.3 seconds, in the 400-meter relay.

The U.S. men's team held a 65-54 lead at the end of this first day of the two-day meet. But the American women trailed, 31-21, despite Miss Rudolph's performances.

WINS EASILY

Pontiac Central High School graduate Jones knocked over the next-to-last hurdle but still won his individual event easily in 13.8.

Russia's Anatoly Mikhailov and Frank Washington of Santa Clara, Calif., followed.

The new record in the men's 400, a fantastic 39.1 seconds, brought gasps of astonishment, then wild cheers from the crowd when announced.

★ ★ ★

Jones was joined by Frank Budd, Charles Frazier and anchor man Paul Drayton in the historic feat. None of the four ever trailed.

It was indeed a triumphant return to Moscow for Jones, who won his hurdles specialty in the Russian capital two years ago in the first of the U.S.-Soviet international track meets.

Jones realized a burning ambition last summer when he competed for the United States in the Olympic Games at Rome.

WINS BRONZE MEDAL

He won a bronze medal by finishing third in the hurdles to give America a sweep of that event.

The Pontiac native also hopes

HAYES JONES

to compete in the 1964 Olympics at Tokyo.

★ ★ ★

Jones starred in track at Eastern Michigan University and he was graduated from the Ypsilanti school in 1960.

A 1956 PCH graduate, Jones paced his prep mates to Michigan state track titles in '55 and '56 when PCH fielded its greatest cinder teams.

Robert Kennedy Tells K to Avoid Hitler's Mistake

NEWPORT NEWS, Va. (UPI) — Atty. Gen. Robert F. Kennedy warned Soviet Premier Nikita Khrushchev today not to make the same mistake Adolf Hilter did — "underestimating the American people."

Speaking at the christening of the Polaris submarine USS John Marshall, Kennedy declared that the United States "can be pushed too far."

He said this country is "not looking for a battle nor searching for a fight."

But he added that Americans are "a tough, viable, industrious people" who will meet their responsibilities "in this climactical time in world affairs."

The attorney general said that when his brother met Khrushchev at Vienna he was aware that "the great danger to the world was that the Soviet leaders, not understanding our system of government nor our determination and will, would underestimate and misconstrue the American people and its government.

"Hitler made the same mistake in 1939 about a free society," he said, "and the result was an incalculable cost and the death of over 40 million people."

Bitter Charge Hurled by U.S. in Moscow Note

Ask That U.N. Review 'Urgent Need' for Test Ban Treaty

WASHINGTON (AP) — The United States accused Russia today of trying to "sabotage the Geneva nuclear test ban negotiations." It matched the charge with a proposal that the United Nations review the "urgent need" for a test ban treaty.

The accusation, is perhaps the bitterest yet made by the United States against the Soviet government in a formal note in the 2¾ years that the test ban talks have been under way.

The note was delivered to the Soviet foreign ministry today by the U.S. Embassy in Moscow. It was released by the State Department here almost simultaneously with filing of the appeal to the United Nations in New York.

The United States and Britain asked that the question of a treaty on banning tests of nuclear weapons be put on the agenda of the U.N. General Assembly opening Sept. 19.

Today's U.S. note replies to one on July 7 telling the United States Russia would accept nuclear control only if the West accepts Soviet proposals for complete disarmament.

★ ★ ★

A State Department spokesman said that in spite of the charge of sabotage against Russia and in spite of the move to take the whole nuclear test issue back into the United Nations "we are going on with the talks at Geneva."

TALKS DEADLOCKED

Those talks started in the fall of 1958 and have now been deadlocked for many months.

From the early days of the Geneva conference there has been

(Continued on Page 2, Col. 8)

News Flash

BRIKDALE, England (UPI) — Arnold Palmer shot a final round even par 72 today to win the British Open Golf Championship with a total of 284.

Bob Crosby's Daughter Stood Up by Bridegroom

SAN FRANCISCO (AP) — Bandleader Bob Crosby's daughter, Elizabeth Ann, 27, was still a Miss today and she appeared to be as much in the dark as anyone about what happened to her bridegroom.

Friday afternoon the pretty brunette, wearing a navy blue suit, a little flower wreath hat and a diamond engagement ring, arrived at City Hall to meet H. Frank Jones, 30, a San Francisco writer. They were to be married in a civil ceremony.

She waited with her mother and stepfather, Mr. and Mrs. Ernest Van Hook. The appointed hour of 3 p.m. arrived but Jones did not. She had called Jones at 2:20 p.m.

"He said that he was just through with his shower and that he would take a cab over," she said.

Time passed and Miss Crosby called H. Frank's flat. No answer. She called a few friends too. But no one was able to locate Jones.

LEAVE CITY HALL

Finally at 4:25 p.m. her stepfather suggested the wedding party leave city hall.

As they walked to the car Van Hook said to a reporter, "she's such a sweet, swell girl. What are you going to do with a guy like that?"

The romance has a turbulent history. Their original engagement broke off last February after what he had termed a spat with his fiance's family. That same day Jones was found unconscious by police after he reportedly took an overdose of sleeping pills.

Controlling Plane Traffic

Pontiac Press Photo

"COME ON IN"—This is the message given over the radio to an inbound plane from the new air traffic control tower at Pontiac Municipal Airport. Controlmen John Churan (left) and Henry Capron are in touch with planes in the air and on the taxiways, saying all's clear after the small plane (above left) has pulled off the runway and into the ramp in front of the terminal building. The plane is passing through a water puddle.

2 Stand Mute on Boat Charges

Operator, Owner Face July 26 Hearing Over Mishap Fatal to Pair

Charged with negligence in a boating accident that claimed the lives of two Pontiac women in Cass Lake Monday night, both the boat operator and the boat owner stood mute when arraigned in Waterford Township Justice Court yesterday.

Trial for William R. Hatley, 28, of 190 Mill St., the operator, and Richard Schaeffer, 23, of 414 Tilmor Drive was scheduled for 2 p. m. July 26 by Justice of the Peace Patrick K. Daley.

The pair is charged with negligent operation of a motorboat.

Hatley was released on $100 bond and Schaeffer on $100 personal bond pending their appearance for trial.

Drowned when Schaeffer's small boat sank 150 feet offshore were Mrs. Leona Lampson, 48, of 850 Robinwood Ave., and Mrs. William Gray, 38, of 231 Chamberlain

Traffic 'Cops' of Sky Keep Airways Safe

By PETE LOCHBILER

The Federal Aviation Agency (FAA) had almost completed its first month operating the control tower at Pontiac Municipal Airport when the first unusual air incident occured.

A small private plane, flying up from Detroit Metropolitan Airport, got lost and it took the combined efforts of FAA experts here and at Metro to find him.

"The incident wasn't very serious, reported Frank Gineman, tower chief in Pontiac. "The pilot had lots of gas and sufficient altitude. But it shows how we can help prevent more serious incidents from developing."

Friday morning, Albert Gampp of Detroit was winging towards Pontiac Municipal Airport when the tower warned him off because the big North Central Airlines Convair was about to take off for points north.

When, ten minutes later, it was okay for the small craft to come in, the pilot reported he didn't know where he was or which direction to head, Gineman related.

★ ★ ★

"We tried first to find him by having him describe on the radio the groundmarks he was flying over. But that didn't work — the groundmarks sounded like they could have been anywhere in North Oakland County.

SPOTTED ON RADAR

"Then we tried to tell him how to tune in on the VORTAC directional beam, but he couldn't figure that out.

"Finally we called Metro and they were able to spot him on their radar, relaying directions to us to pass on to him about which way to go to find us."

From then on it was simple, Gineman reported. The pilot had been about 10 miles northeast of the field, but he soon came in and landed, heading afterwards for a radio shop on the field to learn how to beam in on VORTAC.

Not too much to the episode, but this is the purpose of the FAA —to handle and direct air traffic in and out of the airfield in a safe, expeditious flow, without any undue incidents to mar the record.

★ ★ ★

Handling 325 to 350 operations in and out every day, seven days a week, the tower crew of Gineman and three, two-man radio teams were happy to report nothing more than the "lost plane" case.

On one really busy day, a couple Sundays ago, the tower handled 600 operations, or about one every

Race Violence Rocks Chicago

Negro Youths Attack White Man, Girls With Ax Handles, Explosives

CHICAGO (AP) — Negro youth gangs attacked a white man with ax handles and hurled explosives at two young white girls as racial violence erupted for the third successive day in a tense, mixed neighborhood on the Southwest Side.

Beefed-up police patrols cruised the streets as the toll of white persons injured by roving gangs of young Negroes rose to 18.

(Teen-agers also staged a "hot weather" riot for more than an hour Friday night in normally quiet Morton, Ill.

About a dozen youngsters started the riot, which attracted 200 persons, police said. One youth was hospitalized and two policemen were hurt.)

An Elgin man, Fred Vaughn Jr., told Chicago police four Negroes belabored him with ax handles early today as he returned from a cigar store to his mother's home.

The girls, Linda Rivers, 14, and Alice Ramos, 12, told officers they were sitting on the Ramos front porch when four or five young Negroes stopped on the sidewalk, hurled a few remarks and then a home-made bomb containing steel pellets. Both girls were hospitalized with cuts.

Sixty-four Negroes were rounded up by police Friday as tension mounted in the area.

Union Completes Presentation at GM

DETROIT (AP)—The United Auto Workers Union has completed presentation of its new contract demands at General Motors and plans to wind up arguments for wage and benefit improvements at Ford and Chrysler next week.

Then it will be the turn of the union bargaining teams to listen to any counterproposals the companies may have in mind. So far they've offered nothing.

After bargaining talks were recessed for the weekend Friday, GM Vice President Louis G. Seaton told newsmen the union's demands could be described in one word — "more."

Seaton said the demands "make up the most expensive package submitted to us in the 25 years of our bargaining relations with the UAW."

UAW Vice President Leonard Woodcock replied, "Absolutely untrue." He said there was no mechanical way of figuring the cost of UAW demands at this stage of negotiations. The talks started two and one-half weeks ago.

Woodcock declared union proposals for a wage increase based on economic growth, expansion of supplemental unemployment compensation and improvements in the pension plan would cost the companies only a few more pennies per hour.

Denies Vickers Petition

DETROIT (UPI) — U.S. District Judge Fred W. Kaess has denied a petition for a temporary injunction to prevent Vickers, Inc., a subdivision of Sperry Rand, from moving operations to a plant outside Michigan.

Clouds, Showers Likely to Remain Through Sunday

Variable cloudiness with scattered showers is the forecast for the Pontiac area through Sunday. Not much change in temperature is expected according to the weatherman.

The low tonight is predicted to be 65. Tomorrow the mercury will climb to a pleasant 80 degrees, but a cooler trend is expected during the next four days.

Occassional showers are forecast for Monday and Tuesday with precipitation totaling .3 to .7 of an inch. Southwest winds 3 to 5 miles per hour this morning will become variable and remain under 15 m.p.h. later today.

The lowest temperature preceding 8 a.m. was 66. At 2 p.m. the reading was 84.

Tuesday Space Call Likely for Grissom

Zero Hour Close

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP) —Steak and baby food, medical checks, star gazing, make-believe space rides—that's what an astronaut's day is made of.

★ ★ ★

Virgil I. Grissom and John H. Glenn Jr., had these items on schedule today as they entered the final phase of preparation for America's second manned space flight, scheduled Tuesday morning.

Grissom, 35, an Air Force captain, is reliably reported to be the No. 1 choice for the flight,

NEW YORK (AP) — The nation's three television networks said Friday they plan to televise the scheduled space flight next week of an American astronaut. The shot is expected to be made shortly after dawn Tuesday but weather or technical problems could delay it.

with Glenn, 39, a Marine lieutenant colonel, standing by as backup pilot as he did on the Alan B. Shepard flight.

REVEALS NAME MONDAY

The National Aeronautics and Space Administration will reveal the name of the chosen astronaut Monday, 24 hours before launch.

The flight will be a near-duplicate of Shepard's trip May 5. A Redstone rocket is to boost the manned capsule 115 miles high and 300 miles down range in a test designed to train another space pilot and build experience and confidence for future orbit missions.

★ ★ ★

Grissom and Glenn today began a low-residue, high energy diet to reduce possibility of excretion and provide quick-burning reserve strength during flight. They were served in a special ready room at the Cape. An official outlined this typical one-day menu:

Breakfast—Orange juice, hot cereal, Canadian bacon, two boiled eggs, toast, jelly and coffee. Lunch—Broiled chicken, baby food-type peas, bread without crust, cottage cheese salad, iced tea and sugar cookies, Dinner—broiled potato without skin, baby food vegetable, sherbet and coffee.

Both astronauts were to don silver space suits and run through practice missions while seated in the actual space capsule atop the Redstone. They also studied charts of the heavens and the earth beneath the planned capsule path so certain features will be recognizable.

Medical men gave the pair a series of physical and psychological examinations before and after each simulated flight.

Shepard is providing valuable advice to Glenn and Grissom as they enter the home stretch in their training. During the flight, Shepard will be at the vital capsule communicator post in the control center—maintaining constant voice contact with the pilot.

The astronauts have picked the name Liberty Bell 7 for the spacecraft. Shepard's vehicle was Freedom 7. The number represents the total membership of the Mercury astronaut team.

Liberty Bell 7 contains several modifications, including a large observation window, improved manual controls and a new escape hatch designed for quicker exit in case of emergency.

The World at a Glance

From Our News Wires

A man in a rubberized watertight ball successfully rode over the 161-foot Horseshoe Falls today. The man, Nathan Boyer of the Bronx, became the fifth person in history to make the drop without injury. Canadian officials immediately took him into custody on a charge of illegal entry.

The Republic of South Africa does not want a visit by Assistant Secretary of State G. Mennen Williams at this time. The State Department disclosed this Friday in announcing that Williams will travel to nine African lands during July and August, the second of three African trips planned this year by the former Michigan governor.

At Camp Grayling Maj. Gen. Cecil J. Kennedy, commander of the National Guard in Michigan, bade farewell today to the organization in which he began as a private 40 years ago. He will retire at 62 in February.

In Moscow, Elizabeth Taylor and Eddie Fisher today paid a courtesy call on the woman considered the Soviet Union's most prominent female—Minister of Culture Ekaterina Furtseva.

At Grand Rapids, J. Otto Peebles testifying in his own defense, told Friday of entering the room where his wife was with another man but said he could not remember firing the shots which killed her.

At Mackinaw City, archaeologists working at Ft. Michilimackinac, now undergoing restoration, say they have found evidence of a row of French houses dating from the 1730s.

Pete Ribicoff, son of the U.S. secretary of health, education and welfare, will be wed to an exchange student from Casablanca, Morocco Sunday. Ribicoff, a 23-year-old teacher from Berkeley, Calif, will marry Mercedes Haziot.

Former Lt. Gen. Helmuth Von Groiman unexpectedly resigned his post as West Germany's defense commissioner Friday.

The Alabama House of Representatives voted Friday to set up a seven-menber "Un-Alabama Activities Committee. It would investigate "all persons or groups of persons and organizations who seek illegally the overthrow or destruction of the government of the state of Alabama."

In London, a cheering crowd gave Maj. Yuri Gagarin a happy sendoff to Moscow today.

Kassem Demands That British Leave Kuwait

BAGHDAD, Iraq (UPI) — Iraq's Premier Abdul Karim Kassem Friday night demanded that the British get out of Kuwait and warned "we will fight imperailists, especially British imperialists."

"The British have made an army camp out of Kuwait, which is part of the motherland and we can never tolerate that," Kassem said.

In a fiery speech at the graduation ceremony of Baghdad's military college, Kassem condemned Kuwait's "phony independence under British protection which the British have been exploiting to rob our wealth."

It was Kassem's major speech of a day of celebrating marking the third anniversary of the revolution that brought him to power.

Kassem accused Kuwait's ruler, Sheik Abdul As-Sabah As-Salim, of expelling Iraqis from Kuwait, a former British protectorate. Earlier this month Kassem staked an historical claim to the sheikdom.

Shaw Replies to Criticism

Says Attack on His Tax Stand by GOP Official 'Made in Haste'

Constitutional convention candidate Carl P. Shaw said criticism of his tax stand by Republican County Chairman Arthur G. Elliott Jr. "was obviously made in haste without fully investigating either the philosophy of the single tax or the number of Republican politicians who have worked for its adoption."

Elliott, a con-con candidate himself, yesterday disavowed Shaw's "community property" platform plank as being in "direct conflict" with the GOP viewpoint. Shaw is also a Republican.

The county chairman said Shaw, a Pontiac Central High School teacher from Waterford Township, has been advocating that land be "recognized as common property where the user pays land rent to the community."

"If raising the tax on land values and lowering taxes on production is not to be made a part of the forthcoming new Constitution where and when should this reform be instituted? Shaw, 31, asked in rebuttal of Elliott's censoring of him.

NATIONAL WEATHER — Scattered showers and thundershowers are forecast for tonight for the Middle Atlantic states, the Ohio and Tennessee valleys and Montana while widely scattered showers and thundershowers are expected over the Southern states and the Rockies. Cooler weather may be felt in the Northern Rockies.

Ty Cobb Reported in Poor Condition

ATLANTA (AP) — Ty Cobb, 74-year-old former Detroit Tiger baseball star, was reported in poor condition today in Emory University Hospital.

Cobb is suffering from Diabetes and other ailments that have put him in the hospital on several occasions in recent years. He entered the hospital again last month and had been reported in fair condition until today.

He is unconscious at times and the hospital reported he had an uncomfortable night.

Cement Firm Given Building Permit

A commercial building permit was issued from the Waterford Township hall yesterday for a $150,000 cement distribution center to be operated by the Dundee Cement Co. on Williams Lake Road near Airport Road.

Cement will be manufactured in Dundee, 60 miles southwest of Detroit, then shipped by rail to the Waterford Township center for distribution by trucks to various purchasers.

According to project manager George Collins of Avon Township, four new railroad spurs will be installed from the Grand Trunk line that runs adjacent to the 20-acre building site.

Collins represents the general contracting firm of Darin & Armstrong, Inc., and said all labor has been hired from the Pontiac area.

Schultz Electric company will do the wiring, R. M. Haney the well-drilling and Marve Skelton was awarded the sanitation contract.

Future plans call for an office building in an anticipated expansion program next year, Collins said, and added that the distribution plan will be in full operation Aug. 15.

Gas Stove Explodes, Home Damage $3,500

Damage caused by a fire in the one-story frame home of Charles Garrett, 24 S. Tasmania St., was estimated at $3,500 by Pontiac firemen.

The fire yesterday afternoon was caused by a gas stove explosion, firemen reported. There were no injuries.

Invite Con-Con Hopefuls to Talk at Public Meeting

Constitutional convention candidates from the 1st District have been invited to speak at a public meeting Monday at 8 p.m. in the Pontiac Township Hall, 2060 Opdyke Road.

The meeting will be devoted to statements from each candidate, followed by questions from the audience.

Pontiac Press Photo

EMERGENCY BLINKER SYSTEM—If the radio fails in an inbound airplane, traffic controlmen turn to a blinker system to give the pilots landing instructions. Controlman John Churan shows how it works: Red, white and green lights mean just about the same things that traffic lights on the ground mean to auto drivers.

FAA Keeps Airways Safe

(Continued From Page One)

two minutes during the 16-hour period, 6 a.m. to 10 p.m., the tower is operating.

EFFICIENT ATMOSPHERE

Perched high above the terminal building with a broad view of the airfield and the Waterford Township countryside, the tower is a cool, air-conditioned place with tinted glass windows all the way around, letting in the sunlight but not the glare.

Although the radio men are almost constantly on the airwaves, talking to pilots over one or several of the six radio frequencies available, there is little in the way of extraneous noise or wasted motion to interrupt the crisp, efficient atmosphere.

Some $200,000 worth of electronic equipment is installed in the tower by the FAA for the benefit of Pontiac area flyers. Another $150,000 or so was spent installing the 24-hour-a-day VORTAC 6 miles northwest of the field in White Lake Township. Steady radio beams from this indicate to pilots just where they are and which way to go to keep on route.

There's space for a radar unit in the Pontiac tower, but this is something for the future.

Even without radar, the tower can handle instrument landings, day or night, when the visibility's good, Ginoman said.

During normal weather, aircraft coming in are spaced laterally by distance as they wait to land, Ginoman said. During bad weather, when instruments are used, they're spaced vertically as well, in formations known as "stacks" in air jargon.

The tower operates independently in the immediate area but cooperates with the Detroit Air Route Traffic Control Center at Metro Airport. Metro controls the air routes between airports in southeastern Michigan.

"We're sort of the local police on the local roads and Metro the state police on the state highways," Ginoman explained.

Tower operations began June 15 after a big meeting at which local pilots were briefed on the procedure.

"Since then, everything's been smooth here," Ginoman reported. "The pilots got the knack of it right away. The facilities provided by the city are very, very good. The airport management is helpful in every way."

To make sure all continues to work well, more briefing sessions are planned with pilots, the next one on July 26.

Steel Employes Hurt by 2 Blasts

10 Injured at Trenton as Explosions Occur 90 Minutes Apart

DETROIT (AP) — Two explosions caused burns and injuries to 10 employes of McLouth Steel Corp. in the downriver plant at Trenton early today.

None of the injured was reported seriously hurt. All received hospital treatment.

The blasts, coming about 90 minutes apart, reportedly awakened residents in their homes a half mile from the plant.

The company made no immediate statement on the explosions.

★ ★ ★

One took place at 1:05 a.m., the other at 2:38 a.m.

The first was reportedly caused when an overheated steel ingot burst in a blast furnace.

Two workmen, Robert Taylor, 43, of Wyandotte and Clarence Mulekay, 33, of Newport, were burned on the face, back and arms.

The second was an explosion of chemicals in an oxygen processing room. Eight men were hurt.

★ ★ ★

In the latter blast Robert Coleman, 30, of Wyandotte and Glen Maline, 29, of Trenton were cut by fragments of steel and also inhaled an alkaline dust.

Troy Police Nab 2 on Weapons Charge

Troy police arrested two Warren men last night after the pair tried unsuccessfully to sell a pistol and are holding them for allegedly carrying a concealed weapon.

★ ★ ★

Police apprehended the pair when their car stalled on Dequindre Road. They had received three reports from area residents that they were offering a pistol for sale.

★ ★ ★

The pistol was found in the men's car, according to police. Held are William Atken, 20, and Thomas Johnson, 21. They were to be arraigned in Municipal Court later today.

The Macomb County Sheriff's Department also wants to question them regarding an unsuccessful armed robbery last night.

Stevenson's Ex-Wife May Lose Her Sight

CHICAGO (AP) — Ellen Borden Stevenson, former wife of U.N. Ambassador Adlai Stevenson, was taken to Passavant Hospital Friday with a serious eye condition.

★ ★ ★

Mrs. Stevenson injured the eye Thursday while working out on an exercise bar. The bar, attached to a bathroom door frame, came loose and struck her left eye.

It was believed at first that she would lose the sight of her eye, but hospital authorities now say she has a 50-50 chance of retaining sight.

Honest Driver Shows He's No Meter Milker

Clerks in the Volations Bureau—where unhappy motorists plunk down their fines agreed it fitted into the believe-it-or-not category.

An unidentified motorist passed a nickel in a sealed envelope across the counter to Mrs. Roger Evans, bureau clerk.

"I parked at a meter — it didn't work so here's the nickel," he said.

Municipal Court Clerk Martin Keller tried to hand the coin back. "For your honesty, you deserve it," Keller told the man.

It was refused. "I owe it to the city," the motorist said, and walked off.

Jessel Dumps Actress, Says Suit Settled

HOLLYWOOD (AP) — Comedian George Jessel, 63, says he has settled a paternity suit brought by actress Joan Tyler and hopes to be married—but not to Miss Tyler.

Jessel Friday identified his intended bride as Marjorie May, a red-haried actress who—like Miss Tyler—is 27.

Miss Tyler said of his announcement "I just don't believe he said such a thing. I won't believe it unless he tells it to my face."

Miss Tyler, who has said she expects her child in December, disclosed a week ago that she planned to drop her suit against Jessel. At the same time, she said she and the comedian probably would marry.

2 Auto Crashes Injure 7 Teens

3 Cars Come Together in Commerce Twp.; 2 Collide in Springfield

Seven teen-agers were hospitalized as the result of two traffic accidents in Oakland County yesterday.

★ ★ ★

Injured in a collision involving three cars in Commerce Township last night were:

Barbara J. Aho, 18, of 4851 Auburn Road, Shelby Township, with a head injury, and Katherine Lee, 16, of 265 Grey Road, Auburn Heights, with a mouth injury.

Both were reported in serious condition today at Pontiac General Hospital.

★ ★ ★

Also Karen Drumond, 16, of 6457 Lotus Court, Waterford Township, suffered a fractured cheekbone; James W. Lynch, 19, of 2401 S. Telegraph Road, Bloomfield Township, a fractured left knee and cuts; and Jerre Lou Baker, 18, of 47401 Elden Road, Shelby Township, a fractured ankle and face cuts.

They are in fair condition at the hospital.

TWO CARS CRASH

Hurt in a two-car crash on Ormond Road in Springfield Township were passengers in both vehicles.

Shirley Justice, 17, of 401 Riggs Road, Fenton, injured her left ankle as a passenger in a car driven by Mrs. Daniel L. Dumas, 30, of the same address.

Joyce Brendel, 16, of 6015 Brendel Road, Davisburg, sustained severe contusions over most of her body as a passenger in the other car, driven by Fay L. Brendel, 22, of 6835 Brendel Road.

★ ★ ★

Both girls were listed as satisfactory today at St. Joseph Mercy Hospital.

Lynch, who was driving the car on Commerce Road in Commerce Township in which Misses Drumond and Lee were seriously hurt, refused to make any statement, according to sheriff's deputies.

His car apparently sideswipped an oncoming car driven by David R. Long, 16, of 2050 Ford Road, according to the sheriff's report, and crashed headlong into the side of a second car, driven by Miss Baker.

NONE INJURED

Miss Aho was a passenger in Miss Baker's car. Neither Long nor his three passengers in the first car were injured.

The accident on Ormond Road happened when Mrs. Dumas lost control of her car on a curve after the brakes failed, according to her statement to deputies.

Her car slammed into the side of the oncoming Brendel car.

Miss Brendel and three other passengers in her car were unhurt. A fourth passenger, Jean Nichols, 16, of 4501 White Lake Road, was treated for minor injuries and released.

50,000 Homeless in India

BOMBAY, India (AP) — Fifty thousand persons were homeless today in Poona, 75 miles southeast of Bombay, as a result of floods earlier in the week that claimed 59 lives after the rain-swollen Mutha River burst a dam.

The Day in Birmingham

Three Named to Positions on Franklin Planning Unit

BIRMINGHAM — Three new members have been named to the Franklin Planning Commission to fill vacancies created by resignations.

Those appointed by the Village Council are Donald Hacker, Kenneth Bailey and David Goodnough. Each of the men will serve three-year terms.

They succeed Walter Dreyer, Frederick Geib and Fred Worden.

"Our planning commission now has members representing every section of the village," said Village President Calvin Thomas. "This should be beneficial to the council in developing future action."

An organization meeting is scheduled for 2 p.m. Monday to formulate plans for a Newcomers Club that would serve Bloomfield Hills and the lakes area of Bloomfield Township.

The meeting will be held at the home of Mrs. F. Rex Mackercer, 3500 Wards Pointe Drive, Orchard Lake.

The club will be a social organization with monthly meetings at the homes of members.

Persons interested in such an organization may contact Mrs. Mackercer.

The Rev. Robert S. Graham, assistant minister of the First Presbyterian Church, has been named pastor of the First Presbyterian Church in Ardmore, Okla.

Rev. Graham, who has been assistant minister here for seven years and minister to youth for four years, will assume his new duties in Ardmore in August.

A farewell party will be given for the Graham family by church members July 30.

★ ★ ★

Prior to coming to Birmingham, Rev. Graham was pastor of the First Presbyterian Church in Long Branch, N.J.

Con-Con candidate Jean Kerr Ketchum will be the guest speaker Monday at the 3 p.m. meeting of the Bloomfield-Birmingham Republican Women's Club at the home of Mrs. Richard G. English, Cranbrook and Dunstan Roads, Bloomfield Hills.

Ike Is Visited by Ayub Khan

Pakistan Leader Says JFK to Be Limited in Kashmir Solution

NEW YORK (UPI) — President Mohammed Ayub Khan of Pakistan flew to Gettysburg, Pa., today for a visit with former President Dwight D. Eisenhower.

Ayub came to New York Friday from Washington, and was feted by the city, including a traditional "ticker-tape parade" up lower Broadway.

Before departing today, the Pakistan president said he felt after meeting with President Kennedy that there are "limitations" to what the U.S. President can do in solving the Kashmir problem.

Published reports from Washington had said Kennedy declined to take an active role in settling the Kashmir issue between Pakistan and India.

★ ★ ★

"He (Kennedy) recognizes the necessity of resolving this problem. It is as much in the interest of the United States as of Pakistan to resolve it," Ayub said.

After Ayub meets with Eisenhower, he plans to fly to Texas for a visit with Vice President Johnson.

Death Notices

JOHN BAGLEY

LAKE ORION — Funeral arrangements are pending from Allen's Funeral Home for John Bagley of Ypsilanti, formerly of Bagley Drive, Lake Orion. Mr. Bagley died Friday night in Ypsilanti.

DANIEL D. McGINZIE JR.

KEEGO HARBOR — Service for Daniel D. McGinzie Jr., 11, son of Mr. and Mrs. Robert Berry of 3219 Rycroft St., will be at 11 a.m. Monday at C. J. Godhardt Funeral Home. Burial will follow at Ottawa Park Cemetery.

A little leaguer of West Suburban Boys Club, Safety Patrol leader, and member of the Boy Scouts, Daniel died Thursday at Pontiac General Hospital following a head injury received in a golfing accident Wednesday afternoon at his home.

Surviving besides his parents are his grandparents, Mrs. Florence McGinzie and Mr. and Mrs. John Lock all of Keego Harbor, Mrs. Edwards of Chicago, Ill., Robert Pippin of Munsy, Ind.; two brothers, Robert Lee McGinzie, John W. Berry, and Charles Randall, a step brother, and two sisters Mary Elizabeth and Priscilla Sue.

500-Year Trusts Upheld in Court

FROM OUR NEWS WIRES

NEW YORK — The legality of two 500-year trusts established by an upstate attorney in what the government claims is a move to wreck the nation's financial structure was upheld Friday by the U.S. Court of Appeals.

Earlier, the courts had declared invalid five other trusts set up by 80-year-old Jonathan Holdeen of Pine Plains, N.Y., on the ground that they conflicted with income tax laws.

The Commonwealth of Pennsylvania is the ultimate beneficiary of the two valid trusts in the year 2444.

The government argued that Holdeen set up the trusts to prove the economic theories about vast accumulations of money through compound interest payments. Such a vast fortune would be accumulated, the government said, that the tax base of the nation would be destroyed.

★ ★ ★

Also, the government claimed that another of Holdeen's purposes was "abolishing the present economic system of this country."

AUTHORS BOOKS

No one, not even Holdeen's attorneys, has estimated the possible value of the trusts if all seven were to continue to maturity. One fiscal expert testified in a lower court that the five 1,000-year trusts would be worth about $9,988,380,000,000,000 (nine quadrillion, nine hundred and eighty-eight trillion, three hundred and eighty billion dollars).

★ ★ ★

Holdeen, author of several books on his financial thinking, said he set up the trusts "to teach a lesson in saving — as Benjamin Franklin had attempted to do."

Franklin, taking advantage of compound interest payments on such investments, set up 200-year charitable trusts of $5,000 each for the cities of Boston and Philadelphia. No figure was given for the original Holdeen investments.

Rappleyea said today that the funds, valued at several million dollars, may have backfired on Holdeen because a court has ruled he must pay the income tax on the funds from his own pocket.

Holdeen already had paid under protest $800,000 in income tax for the years 1945-50 for the five trusts. He lost one court case recently for the 1945 tax involving more than $111,000 but is appealing the decision.

Glynis Johns in Hospital

HOLLYWOOD (AP) — British actress Glynis Johns is reported in satisfactory condition after undergoing minor surgery at Cedars of Lebanon Hospital.

The nature of Friday's operation was not disclosed.

Vacation Proposal Presented to GM

DETROIT (AP) — The International Union of Electrical Workers (IUE) presented a proposal for longer vacations to General Motors Corp. Friday.

★ ★ ★

The union said increased holidays and vacations would be one way to provide more job opportunities for electrical workers. It also has proposed optional earlier retirement to permit a larger number of older workers to leave the labor force.

★ ★ ★

Bargaining on a new contract to replace one that expires Aug. 31 was recessed until next Tuesday. The IUE represents 24,000 employes at GM appliance plants.

Charge Soviets Try to Sabotage N-Talks

(Continued From Page One)

a moratorium among the United States, Britain and France on nuclear testing though U.S. officials says they do not know whether the Soviets have cheated on that gentleman's agreement or not.

The U.S. message to Moscow said there were several examples of "the Soviet Union's attempts to sabotage" the Geneva conference. One of these, the United States declared, is Russia's proposal for a three-headed executive to operate a test ban inspection system. In connection with this, the note said, the Soviet Union has argued that "there are not and cannot be neutral people" who can serve in international administrative positions.

The note continued:

"The government of the United States believes that this rejection of the idea of an international civil servant acting impartially under guidance from international policy-making organs constitutes nothing less than an attack upon the executive capacity of any international organization for effective action.

★ ★ ★

"There are, of course, many people who are capable of exercising independent judgment in behalf of the international community; the whole history of international organizations bears witness to this fact.

"The United States rejects this Soviet contention categorically and is convinced that nations which do not wish to submit to the domination of great powers will also reject it."

Other examples of Soviet efforts to "sabotage" the Geneva negotiations, the United States said, include: (1) a demand that international inspections on Soviet territory be limited to three a year at the sites of any suspicious explosions, and (2) a proposal for what Westerners have assailed as Soviet self-inspection. This later proposal is international control posts and inspection teams would be under control of Soviet citizens.

★ ★ ★

The latest exchange of U.S.-Soviet accusations on nuclear testing began with the meeting between President Kennedy and Premier Khrushchev at Vienna June 3-4.

Carnival Runs Through July 22 at Elks Temple

A carnival being staged at the Pontiac Elks Temple to raise funds for the rehabilitation of crippled children will continue through July 22, Wylie McClellan, the club's exhalted ruler, announced today.

★ ★ ★

The public can show youngsters a good time at the carnival and at the same time help less fortunate children, said McClellan.

The amusement rides are set up outside on the club grounds at 114 Orchard Lake Ave. They are open daily and in the evenings.

The Pontiac Elks have set a $4,000 goal, hoping to achieve it through the carnival and other sources.

Wednesday, members will bring crippled children from the Pontiac area to enjoy the carnival.

Aspirants to Answer Con-Con Questions

Constitutional convention candidates from Districts 1 and 2 will be asked what they believe is the most important issue of the forthcoming convention at a rally Thursday at Pontiac Central High School.

★ ★ ★

Democratic and Republican candidates have been invited to the 7:30 p.m. public meeting, sponsored by the Pontiac League of Women Voters.

All eight Pontiac candidates and the 15 from District 1 are expected to attend the meeting, which is five days prior to the con-con primary election.

It Seems to Me . . . .

For Once, England Handles Problems Without Our Help

We can continue to sit on our hands over this Kuwait business.

And we should.

★ ★ ★

For once, we aren't expected to blossom out as chief cook and bottle washer. England faces that hardy role, willy nilly.

★ ★ ★

In fact, as the "battle" lines are drawn, it begins to appear as though the British, the Iraqi and the Kuwaitians are the only people destined to sit in and draw cards. Russia can't make up her mind, but she blocked U.N. action by her selfish veto.

★ ★ ★

Iraq poised to pounce upon Kuwait's rich oil lands, but when she saw the opposition stiffen and bristle, she backed away. The British Empire doesn't quite accept this acquiescence at face value and stands ready to crack down instantly. The British may look about for world applause over this act of Christian brotherhood, but the facts are she was protecting her own consequential financial stake in the deal.

★ ★ ★

The British haven't figured as great public benefactors in an international sense for some time.

And they don't now.

It's a question of pounds sterling, a heap of guineas and a few idle bob. But give Johnny Bull credit. He has averted an unhappy tinderbox incident.

★ ★ ★

And for once, we've managed to keep our own big international mouth shut.

Soil Bank Puzzling . . . .

As time passes, this whole farm situation baffles the neophytes more and more.

I'm one of the mystified.

★ ★ ★

It'll raise the hackle on the back of your neck to learn citizens in New Mexico have learned they can rent state-owned land for 25 cents an acre and then apply for $9 an acre from our paternal government in Washington for not raising anything.

★ ★ ★

Also, I stand open-mouthed and aghast at the sign on the rear of the Cadillac in Chemung County, N.Y. which bears a sign reading:

"Thank you, JFK. Thank you, Orville.

Thank YOU (if you voted for them).

"WE DIDN'T.

"But we bought this car with money we received for not growing things."

★ ★ ★

This cash came for not working the poorest land on the place.

Can you imagine a farcial, comic-opera situation like this in Russia or anywhere else in the whole, wide world?

★ ★ ★

It can only happen here.

London Assumes a Lot....

British newspapers are variously declaring KENNEDY is losing stature with the American people. The London *Mail* says we're "falling out of love with Mr. KENNEDY," and the London *Times* takes a left-handed crack at him on the Berlin issue. Others docilely fall in line.

★ ★ ★

London papers are skating on pretty thin ice when they presume to speak for the American people, as their knowledge is purely casual and fragmentary. They possess no accurate listening posts.

★ ★ ★

The Pontiac PRESS didn't support Mr. KENNEDY in the election, but we were quick to recognize during his early days in office that he was a very popular figure. Some of the glisten has rubbed off because of early mistakes, but we'd say he still has the support of his Nation, by and large.

★ ★ ★

London better pipe down.

Don't Bank on It . . . .

A letter criticizes our editorial disapproving of Federal aid for schools. It says Washington would "never try to run local districts."

Oh, yes?

★ ★ ★

Once our farmers were advised that a Federal subsidy did not mean Federal control. Yet the other day a farmer was fined $4,000 because he fed his own cattle some wheat he raised himself on his own land.

★ ★ ★

The Supreme Court upheld the fine with this sentence:

"Yes, an agency of the Federal Government has the right to tell an American citizen what he can grow on his own land for his own use."

★ ★ ★

What do you think they'd do to your local schools when they got ready?

And in Conclusion . . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

About 20 unions pay their president more than WALTER REUTHER'S $22,660 a year. HOFFA tops the salary list with $75,000, although WILLIAM McFETRIDGE really led last year with $60,161 plus an $80,000 home as a gift and a $10,000 expense account. REUTHER ought to go on strike . . . . Washington rumors persist that EDWARD R. MURROW is definitely on the way out . . . . Noting TV promises less violence, STEVE MITCHELL suggests "trigger mortis has set in." . . . . Colonel JOHN GLENN will probably be the next astronaut — and his trip isn't far away.

★ ★ ★

Purely personal nomination as one of the fine looking young ladies in the area: Lynne Levin . . . . . .

LYNNE

. . . . Ed Cole, Chevy boss, said back when there was talk about whether GM could, should or would pass the 50 per cent of total sales, he asked Harlow Curtice (then President) whether there was an actual percentage limit. Curtice eyed him gravely and said: "Yes, Ed. Never, never exceed 100 per cent." . . . . Overheard: "Prince Rainier had to sell his yacht as Grace always gets seasick. And you think YOU have troubles." . . . . Kuwait wants admission to the U.N. With her 300,000 people she'd get one vote — precisely the same as the United States has.

★ ★ ★

I like to hear people pronounce "associate" as "ah-so-see-ate" instead of "ah-so-she-ate." BILL WILLMAN carries this into "com-miss-un" instead of "come-mish-un." I don't know any authority except BILL himself, but that may suffice . . . . Just over 34 years ago, a single airplane plodded through the murky Atlantic skies — the Spirit of St. Louis. Now there are 98 a day—49 each way. Pan-Am leads with 14 . . . . Overheard: "The schools should open this summer. The TV reruns are so bad the children would have time for all their homework." . . . . Dept. of Cheers and Jeers: the C's — Pontiac's MIKE ANDONIAN; the J's — the scoundrel that assaulted that 18-year-old blind girl.

—HAROLD A. FITZGERALD

The POWER of FAITH *by Howard Brodie*

Coach Paul Dietzel of Louisiana State University brings faith to the football field. "Before we won a National Championship, we lost six games in a row and it was only through the strength of the Lord that I could face the ensuing game, our squad or our fans," he told me. "During the following 'championship years' I held fast to those dark days and tried my best to remember the One who provided the strength to carry on."

Paul lets it be known the type of player he wants: "Is it a sissy to be the first guy on the practice field? . . . to be the most vicious tackler on the squad? . . . to believe in God? . . . If that's being a sissy, then thank God for sissies . . . Because sissies are the timber from which champions are fashioned."

Days of All Faiths:

Carmelite Order Celebrates July 16

By DR. HOWARD V. HARPER

Sunday is a big day among the Carmelites. To explain that we have first to give you three items of information:

1. What the Carmelites are.
2. What a scapular is.
3. Who St. Simon Stock is.

Taking them one at a time:

The Carmelites are a religious order in the Roman Catholic Church, founded in the Holy Land around the middle of the twelfth century. Their full name is the Order of Our Lady of Mt. Carmel.

A scapular is a garment, a part of the habit worn by members of monastic orders. It is a straight piece of material, nearly the width of the shoulders, worn over the tunic in such a way as to hang nearly to the feet both in front and behind.

★ ★ ★

Simon Stock was a thirteenth century Englishman, and a devout and enthusiastic member of the Carmelite Order. Many stories are told about him. They say he lived to be 100-years-old. They also say he was a vegetarian, and that one day when someone set a cooked fish before him he commanded that it be thrown in the river, and when this was done the fish swam happily away. What is important here, though, is that one July 16 (the year is not stated) the Blessed Virgin Mary appeared to her servant Simon and gave him the scapular of the Carmelite Order, saying "This shall be a privilege to thee and all Carmelites; he who dies in this habit shall be saved."

Now — with all this explained, one understands why Sunday is the special festival day for the Carmelite Order. In their earliest years they made August 15 (the Feast of the Assumption) their big day, but after Simon's vision it was logical that the day on which Mary took pains to honor their Order should be considered their own day.

Simon, by the way, is a saint by courtesy only. He has never been formally canonized.

CHRISTIAN SCIENCE

Sunday is the birthday of Mary Baker Eddy, founder (or discoverer) of Christian Science, but Mrs. Eddy's half-million followers will take no notice of it. Christian Scientists ignore birthdays, their own included, as being unimportant episodes in man's eternal life.

(COPYRIGHT, 1961)

Dr. William Brady's Mailbag:

Teacher Tells Columnist: 'Go Stand in the Corner'

Never in my life have I read anything so ridiculous as your answer to the mother whose son is always in trouble at school. You suggest the boy be sent to the gym to run, jump and do setting-up exercises.

DR. BRADY

You'd last one week as a teacher because you'd have no discipline in your classes. Every child in class would act up so he could get sent to the gymnasium instead of having to do his regular work.

★ ★ ★

Do you think the gym teacher would appreciate . . . and wouldn't it be fine if an 8th grade boy were sent down to run and jump in the middle of the 4th grade . . . (M.E.K.)

Ans. — I goofed and I hope you will forgive me.

★ ★ ★

On your advice, I have been taking vitamin and mineral pills (21 vitamins and minerals) for chronic rheumatism . . . (N.R.H.)

Ans. — How could you get so mixed up? Send 35 cents and stamped, self-addressed envelope for booklet "Chronic Joint Disability."

★ ★ ★

I am 23 and, since my second child, my nails are becoming ridged. Please send me your pamphlet Young Folks and Old Folks. I still have my tonsils, thanks to your teaching and a wise mother. Also my children, 5 months and 3 years, never had colic. (Mrs. J. McG.)

Ans. — Remember, ridging of the nails indicates nutritional deficiency and you must eat the vitamin and mineral supplement described in the pamphlet every day for three or four months at least, in order to bring your nutrition and your nails back to normal.

★ ★ ★

Kindly advise thru your column what to do for lack of oxygen in the blood. (R.M.M.)

Ans. — Take a brisk walk of two miles three times a day.

★ ★ ★

You are right about castor oil removing warts . . . (H.J.D.)

Ans. — Anyway it does no harm to try. Simply apply a drop or two of castor oil to the wart every night for a few weeks, and keep your fingers crossed.

★ ★ ★

How can people, who like clean air or are sensitive (allergic) to tobacco smoke, cope with smokers who take over everywhere — in homes, restaurants, public halls, doctors' offices, church basements, etc.? (Unsigned)

Ans. — Perhaps because people who do not like it are too timid to disapprove.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People:

Says Sylvan Police Write Tickets Out of Jurisdiction

Sylvan Village police will give you a ticket a mile out of their jurisdiction and write the ticket for Orchard Lake Road which is in their territory. This is so they can get the revenue. If you refuse to pay and take it to court you get an all-Sylvan Village jury.

★ ★ ★

The only safe way is to stay completely out of the territory. This situation is every bit as bad as it was in Waterford on the Dixie before it was investigated.

★ ★ ★

Don't be a sucker. Stay out of Sylvan Village.

Gertrude E. Frayer

589 Orchard Lake Avenue

'How Much Money Will Khan Request?

We are wondering for how much American "loot" our most recent foreign visitor, President Ayub Khan of Pakistan will tap the so-called rich U.S. taxpayers?

Russ Wright

97 Coleman St.

'Need More Love, Less Criticism'

If we had as a nation more love for each other and less criticism we would be less apt to have war and more sure of peace.

Auburn Heights

Says Trade Boycott On Soviet, Good Idea

A trade boycott on the Soviet Union and its allies is one of the most constructive ideas uttered in many years. The Kennedy Administration must realize that, behind whatever the Kremlin may say or do to gain our friendship, its real objective is domination of the world, including us.

Ralph A. Villani

'Writer Out of Line; President Is Great'

I think "Observer" is absolutely out of line. Kennedy knew that Eisenhower was never going to run for a third term. Kennedy has taken more in his stride than any president since Roosevelt. I voted for Eisenhower the first term, but not the second, and this last time I voted for Kennedy. Thank God we have him.

Also An Observer

The Almanac

Today is Saturday, July 15, the 196th day of the year with 169 to follow.

The moon is approaching its first quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening stars are Mars, Jupiter and Saturn.

★ ★ ★

On this day in history:

In 1606, famed Dutch painter Rembrandt was born.

In 1876, George Washington Bradley, playing for the St. Louis baseball team, pitched the first no-hit game in major league history.

In 1945, Italy declared war on her former Axis partner, Japan.

In 1948, the Democratic National Convention in Philadelphia nominated Harry Truman as its presidential candidate.

★ ★ ★

A thought for today: French writer Charles Baudelaire said, "To be a great man and a saint for oneself, that is the one important thing."

Smiles

Less rope is what the groom gets as soon as the marriage knot is tied.

★ ★ ★

By the time some vacationers learn to ride the dude ranch horses, they can't.

★ ★ ★

The modern girl, says a stylist, shows distinction in her clothes. And sometimes, distinctly.

★ ★ ★

An Ohio man made his wife a rug for her birthday. Maybe he was tired of being walked on himself.

★ ★ ★

Here's an earful that should please all the kids: watermelon season.

★ ★ ★

Beauty gets a girl a lot of dates that keep her from getting her beauty sleep.

Portraits

By JOHN C. METCALFE

I wish, I wish as many do . . . That there was something really new . . . In which I could at last invest . . . My time with highest interest . . . I wish, I wish that I could be . . . Forevermore along the sea . . . And there by combing beaches strive . . . To stay on cast-aways alive . . . I wish, I wish that I could stay . . . In lands that lie so far away . . . I would not have the chance to earn . . . The fare by which I could return . . . I wish, I wish that I could fly . . . In satellites that shoot so high . . . That I might spend the coming years . . . On distant unknown spheres . . . I wish, I wish today would bring . . . A change to almost anything . . . But not if you were left to grieve . . . Because alone I had to leave.

The Country Parson

"The first symptom of a sick Christian is a sharp pain when he opens his pocketbook."

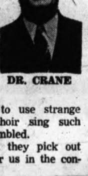
Case Records of a Psychologist:

Sing Familiar Hymns in Church

By DR. GEORGE W. CRANE

CASE J-442: Victor Bever is my mother's brother. He is 77.

We sat together in church recently. But despite his lifelong membership in the church, neither Uncle Vick nor I could sing the hymns announced.



DR. CRANE

For the words were strange and the tunes were unfamiliar.

Uncle Vick is a very mild, Christian gentleman, but later he expressed his irritation.

"If they want to use strange music, let the choir sing such numbers," he grumbled.

"But why don't they pick out familiar hymns for us in the congregation?"

★ ★ ★

I grinned admiringly, for that's exactly the advice we psychologists have long urged.

Yet a great many clergymen, as well as song leaders, muff this vital point.

The main purpose of congregational singing is to evoke as widespread participation by the audience as possible!

Musicians, please memorize the above sentence.

Strange verses and stranger tunes thus produce feeble audience response.

★ ★ ★

So the congregation remains "unpolarized." Thus, it is a more difficult job for the speaker to grip the crowd and produce his forensic crescendo in his sermon.

PREACHERS, NOTA BENE

Preachers are often the chief offenders, for they try to pick out hymns whose titles or verses fit into the cleric's sermon topic.

But if those hymns are strange, then the clergyman hamstrings himself.

For a half-hearted response by the audience hampers the orator up front.

If you wish to inject new songs, let the choir do it.

For that's the group of temperamental musicians who like to throw their weight around and show off their melodic pyrotechnics. But for the average member of a church congregation, select the standard tunes that most people know.

Don't spring strange music on a crowd you wish to steer in 30 minutes to a mountain-top spiritual experience.

★ ★ ★

When our Army and Navy men during World War II were asked for their preferences as regards hymns, they picked the basic music that enthralls men's souls, not the pyrotechnical variety.

They preferred "The Old Rugged Cross" and "Rock of Ages" plus similar tunes and verses that have become entrenched through repetition for many generations.

STAR SPANGLED BANNER

When we have a Memorial Day service or a parade or stand and sing a patriotic tune at a sports event, do we keep changing the "menu" every time with strange or unfamiliar patriotic refrains?

Not on your life.

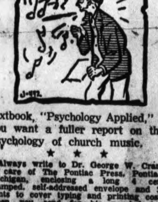
We always stick to a few old standbys, like "America," "The Star Spangled Banner" and "America, the Beautiful."

You church leaders should take a lesson in mass psychology from the "Marseillaise," "God Save the King", and our own patriotic anthems.

Cut out the fancy work in your music. Stick to fundamentals and then "condition" the congregations to a few basic hymns.

The great revivalists know the psychology of music so they grip their audiences by letting the average person sing heartily. For those familiar tunes revive childhood memories of mother, idealism and God.

Go to your public library and read Chapter X in my college



textbook, "Psychology Applied," if you want a fuller report on the psychology of church music.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4 cent stamped, self-addressed envelope and 20 cents to cover typing and printing costs when you send for his psychological charts and pamphlets.

Refugees Pour Into W. Berlin

Flee From Commies at Rate Mindful of Year Satellites Revolted

From Our News Wires

BONN, Germany — Communist pressures sent the westward exodus of East German refugees surging today at the rate of 1956 — the year the Soviet satellites exploded.

West German officials said the refugees are streaming into West Berlin at the rate of nearly 1,000 per day.

They said the total for the week ending last night was 6,737, almost 2,000 more than for the previous week.

Scenes at the refugee camps resembled the days which preceded the 1956 uprisings in Budapest and Poznan, Poland.

During that period of unrest in the satellites the flow of East German refugees to the West averaged 27,000 a month.

MAY RILE NIKITA

At Hyannis Port, Mass., President Kennedy, faced with a crisis over West Berlin, emphasized his concern for all countries behind the Iron Curtain by proclaiming a "Captive Nations Week" starting Sunday.

Former President Eisenhower issued a similar proclamation two years ago which angered Soviet Premier Nikita Khrushchev.

Kennedy's plans to meet the Russian threat to Berlin will begin taking visible shape next week.

After sending Khrushchev a note rejecting the Russian premier's German demands Tuesday, Kennedy will go before reporters Wednesday to answer questions on the communique.

Also sometime next week, the Pentagon is expected to complete its review of U.S. defense spending. Kennedy ordered the review after Khrushchev announced he was increasing Russian military spending.

White House Press Secretary Pierre Salinger said there was also a good chance that Kennedy might send Congress a special message next week asking for expansion of the national civil defense program.

ASK FULL BRIEFINGS

Two liberal Republican senators have called for full congressional briefings on U.S. military readiness to meet the Berlin crisis.

10 Deny Guilt After Raid by Vice Squad

Ten persons arrested by Pontiac police vice officers in a raid on an alleged gambling establishment at 95 Bagley St. pleaded not guilty to violating city gambling ordinances at their arraignments today before Municipal Judge Maurice E. Finnegan.

* * *

Trial of John Taylor, 59, of the Bagley Street address, was set for July 26. He is charged with maintaining and operating an illegal gambling place.

The others, charged with loitering, will face trial Thursday.

They include Johnnie James, 47, of 51 Lull St.; Jessie B. Thomas, 28, of 199 Wall St.; Collin Wallace Jr., 37, of 397 Franklin Rd.; Isiah Sawyer, 43, of 25 Bagley St., and Richard C. Jones, 25, of 39 Lake St.

Others facing trial are Hurlen Bowman, 38, of 56 Gillespie St.; Henry Owens, 48, of 75 Clovese St.; George E. Harris, 23, of Utica; and Charlie Miller, 72, of 192 Luther St.

The raid took place at 10:30 p.m. Friday.

Statehood for Hawaii was first sponsored by King Kamehameha III in 1854.

Ban Liquor Voting Day

LANSING (AP) — No liquor sales will be permitted July 25 while polls are open for primary election of candidates for the constitutional convention next fall. The Liquor Control Commission said Friday that the ban will be enforced from 7 a.m. to 8 p.m.

U.S. Clarifies U.N. Position

Would Veto Any Try to Replace Dag With K's 'Troika' Directorate

WASHINGTON (UPI)—The United States will veto any attempt to oust U.N. Secretary General Dag Hammarskjold and replace him with a "troika" directorate.

★ ★ ★

Secretary of State Dean Rusk, in a statement approved by President Kennedy, said Friday the United States will never agree to a "three-headed" leadership for the U.N. such as Soviet Premier Nikita Khrushchev advocates.

Rusk also said he was convinced the United Nations would not "destroy itself" by adopting the Russian proposal by a two-thirds vote of the General Assembly.

It was the sharpest warning the United States has issued against Khrushchev's demands that a three-nation U.N. control group—always subject to a Soviet veto—replace Hammarskjold.

NO COMPROMISE

State Department officials made it clear that the statement was telling U.N. nations there could be no compromise on that issue.

★ ★ ★

Rusk's statement, read by a State Department spokesman, said that Krhushchev's proposal "flies in the face of everything we know about effective administration."

Rescuers Brave Winds to Hunt 7 on Mountain

COURMAYEUR, Italy (AP)—Braving 50-mile-an-hour winds, rescue teams sought today to locate seven climbers reported missing on Mount Blanc since Monday.

★ ★ ★

Police said they were four Frenchmen and three Italians. Among the Italians was a noted climber, Walter Bonatti, who has taken part in expeditions to peaks of Kashmir.

Last news of the group was found in a register at the Fourche Hut, high on a slope of Mount Blanc.

Indict 26 People, 7 Corporations in Alleged Fraud

NEW YORK (AP)—Seven corporations and 26 individuals, including a St. Clair, Mich., man, were indicted Friday in an alleged conspiracy which U.S. Atty. Robert M. Morgenthau said defrauded the public of $5 million.

★ ★ ★

A federal grand jury returned the indictments on charges of conspiracy to violate the securities exchange laws through the sale of more than 500,000 shares of United Dye and Chemical Corp. stock.

Among the defendants is Samuel S. Garfield of St. Clair, Mich.

Morgenthau said the stock was sold without being registered with the Securities and Exchange Commission. He said the conspiracy started in 1955 and has continued since that time.

United Dye and Chemical now is known as Chemoil Industries, Inc., New York, and is headed by Virgil D. Dardi. Morgenthau said Dardi is a leading defendant in the case.

Capitol Seeks to Halt Dispensing of Album

LOS ANGELES (UPI) — Frank Sinatra and several firms must show cause next Friday why an injunction should not be granted Capitol Record Co. halting distribution of a Sinatra record album.

Capitol Friday filed suit against Sinatra charging him with "gross breach of trust and confidence, unfair competition and wrongly interfering with Capitol's business relations."

Codefendants were Record Sales Co. of Los Angeles, Bristol Manufacturing Co., Melody Sales Co. of San Francisco, Reprise Records and Essex Productions. The latter two firms are controlled by the singer.

Capitol claimed Sinatra's Reprise album, "Swing Along With Me," "closely resembles in concept, type and repertoire, style accompaniment and title," an album he recorded last March for Capitol, "Come Swing With Me."

2 Hospitalized in Area Crash

Bloomfield Twp. Pair Injured in Three-Car Accident on Dixie

A Bloomfield Township couple was hospitalized following a three-car crash yesterday on Dixie Highway in Waterford Township.

Listed in fair condition today at Pontiac General Hospital was Mrs. Walter A. Meyer, 57, of 219 Barrington Road.

She suffered scalp cuts and fractures of her left arm and leg as a passenger in her husband's car.

Meyer, 54, was reported in satisfactory condition today at the hospital with cuts on his face.

The other two drivers, Carl H. Zuber, 60, of 2700 Squirrel Road, Troy, and Victor J. Seigneurie, 36, of 4155 Meigs Road, Waterford Township, did not require medical treatment.

Both were alone in their cars.

Pontiac state police said Seigneurie apparently crossed over the center line, collided with Zuber's oncoming car and then slammed into Meyer's car following behind Zuber.

Seigneurie said he was attempting to make a left turn when the accident occured.

He was issued a summons for driving on the wrong side of the road.

Woman Guilty of Slaying Husband Over Popcorn

MIDLAND July 14 (AP) — Mrs. Nelda L. High, 39, of nearby Geneva Township, was found Friday by a Circuit Court jury in the shotgun slaying of her husband Charles, 57.

The jury deliberated five hours before returning the verdict.

Police said the woman shot her husband April 26 in the climax to a family argument. They said the dispute came to a head when the husband asked Mrs. High to make him some popcorn. They said she instead went to a closet, got the shotgun and fired at her husband.

Beast Blamed for Break-Up of Beauty, Brain

DETROIT (UPI) — Stripper 'Irma the Body' says her beauty and brain marriage to a professor broke up because of a beast.

★ ★ ★

Irma explained Friday her marriage crumbled because her husband objected to her dachshund sleeping at the foot of the bed.

Irma's name is Mrs. James Taren. Unmarried it is Mary Elizabeth Goodneighbor.

She obtained a divorce from Taren, an assistant professor of neurosurgery at the University of Michigan Thursday.

Irma, her mind firmly fixed on the dog, went on to say that she tried being a housewife but it was no job for a girl who never came closer to cooking than opening a can of dog food for that dachshund.

★ ★ ★

Blonde Irma, five-foot ten inches in her presumably bare feet, said she is off to start a new life and may begin it by visiting her mother in Prospect Park, N.J.—presumably with the dachshund.

Taren declined comment.

Automobiles outnumbered horses on U.S. farms for the first time in 1951.

Utica Truck Driver Won't Face Charges

DETROIT (AP) — Melvin Angel, 36, an unemployed Utica truck driver, will not face formal assault charges as a result of his running fued with the Teamsters Union.

Samuel Brezner, chief assistant Wayne County prosecutor, ruled Friday that there was insufficient evidence to support the charge, which was sought by Roland McMasters, 47, business agent for Teamster Local 299.

Local 299 is the home local of Teamsters President James R. Hoffa.

★ ★ ★

Angel attracted national attention when he went to the recent union convention at Miami Beach, Fla., to oppose re-election of Hoffa. He was barred from the convention because he lacked delegate credentials.

Veteran Newsman Dies

DETROIT (AP) — James A. Murphy, a veteran newsman in the Detroit bureau of the Associated Press, died today of cancer after a long illness. He was 56.

Dominican Republic Safe From Castroites—Trujillo

CIUDAD TRUJILLO, Dominican Republic (AP)—Gen. Rafael L. Trujillo Jr., who took control of the armed forces after the assassination of his dictator father, says he believes the Dominican Republic is safe from pro-Castro forces.

★ ★ ★

"It would be a serious problem if partisans of the Cuban prime minister try to take over by force or win in free elections," said the commander in chief, "but I do not think it will happen."

Birmingham Man Resigns to Serve Oklahoma Group

Rev. Robert S. Graham has resigned as assistant minister of First Presbyterian Church of Birmingham. On Sept. 1 he will become pastor First Presbyterian Church of Ardmore, Okla.

Rev. Mr. Graham served the Birmingham Church for 11 years, seven years as assistant minister and four years as minister to youth. A native of Hallstead, Pa., he graduated from Bucknell University and Princeton Theological Seminary (B. D.) Prior to serving in Birmingham, he was pastor at First Presbyterian Church of Long Branch, N. J.

The Birmingham church will honor Mr. and Mrs. Graham and their four children with a going-away gathering July 30. The Grahams live in Birmingham at 1929 Buckingham.

Carillonneur to Play for Kirk-in-the-Hills

Kirk-in-the-Hills Church will have Sidney F. Giles, assistant Carillonneur at the University of Michigan, as guest soloist tomorrow at 4 p. m. His recital on the church's 77-bell carillon will include a varied program of hymns, folk songs and dances and special selections by Mendelssohn, Beethoven and Handel.

Born in Toronto, Can., Giles studied piano at the Toronto Conservatory of Music. He graduated from the National Carillon School of Belgium "Jef Denyn," Mechelen, Belgium with distinction.

His carillon career began at the Metropolitan United Church at Toronto, and has been assistant carillonneur at the University for 15 years.

Pontiac Press Photo

BREAK GROUND—St. John's Lutheran Church will hold its ground-breaking ceremony tomorrow for the first unit, $170,000, including land, of its new home on Pontiac Lake Road near MSUO. Viewing prints of the construction to be completed in February, 1962, are (left to right) C. G. Carlson of 3185 Devonbrook Ct., Bloomfield Hills, Rev. C. A. Colberg, pastor of the church, now located at 87 Hill St., Mrs. Carl W. Nelson of 234 Josephine Ave., wife of the former pastor who started the building program, and John K. Frost of 675 N. Perry St. Mr. Carlson and Mr. Frost are chairmen of the building committee.

Pastor Selects Topic for Sunday Worship

"The Closed Canon" is the subject Rev. F. William Palmer has chosen for the 11:15 a.m. worship service Sunday at the United Presbyterian Church. The sermon will deal with how God does make His will known today now that He has ceased writing holy scriptures. Mr. and Mrs. Sam Sheehy will sing a duet.

Softball team members will play against Pontiac RLDS at 6 p.m. Monday at Nike Field. Slated for 7:30 that evening is the finance committee meeting at the church.

The week's schedule includes the monthly meeting of the Trustees at 7:30 Tuesday evening, under the chairmanship of Roy Kibbey.

Wednesday evening the Post Hi Youth will gather at 6:15 for a swimming party.

'Coming of Christ' Pastor's Sermon for Presbyterians

"The Second Coming of Christ" is the subject pastor Theodore R. Allebach has chosen to speak on tomorrow morning at both the 8:30 and 11 o'clock services at Oakland Avenue United Presbyterian Church.

★ ★ ★

Three youth groups meet at 5:45 Sunday afternoon.

Leaving tomorrow afternoon for Camp Michawana near Hastings, are; Susan Shaw, Karen Bergman, Carol Robertson, Sharon Shaw, Nancy Selberg, Cheryl Hubble, Janice Biggs, Terry Hubble, Lynn Webb, Terry McCracken, Annette Webb, Pat Mattingly, Mary Lou Sweet, Connie Miller, Peggy Sweet, Terry Spears, Kay Brooks and Debra Stasiuk.

The pastor's message for the evening service is "What God Needs."

The congregational meeting formerly scheduled for Sunday is postponed to Monday at 7:30 p.m. The gathering is for the purpose of acting on the recommendation of the parsonage committee to buy a new parsonage.

SEVENTH-DAY ADVENTIST

"Healthful Living" will head the series of studies and informal discussions conducted 7:30 p.m. Wednesday evening at the Riverside Seventh-day Adventist Church, 156 Mt. Clemens St.

Adventists are health minded, believing that their bodies are the temple of the Holy Spirit as St. Paul says. They have been reported to have one tenth the lung cancer and one third the heart attacks as the general population.

Subjects to be included in the series are natural aids to health, dangerous drugs, correct habits of eating, sweet-goods, and bad, caffeine and health, disadvantage of flesh foods, and the properly balanced diet.

The sessions are open to the public.

CRESCENT HILLS BAPTIST —

Crescent Hills Baptist Church will have as its guest speaker this Sunday Mrs. Wallace Watt who has been engaged in social work in Michigan for about 25 years.

Born in Orion Township and graduated from Pontiac High School, Mrs. Watt holds degrees from the University of Michigan and Chicago. While living in Pontiac, she was active in Bethany Baptist Church and was recently given a citation by the Michigan Association of Childrens Institution as Michigan Welfare Worker for the year.

The Sunday service will be conducted by the Women's Missionary Society with Mrs. Norman Schmuck, president.

FIRST PRESBYTERIAN —

Rev. Harold F. Fredsell has selected "The Old and the New" as his sermon topic for 10 a.m. tomorrow at First Presbyterian Church. His scripture reading will be Matthew 5:17-48.

Dr. and Mrs. Philip J. Proud will sing the offertory duet entitled "The Lord is My Shepherd" by Smart. Immediately following the morning worship service a coffee and social hour will be held in the church dining room.

Sally Wright and Mary Olsen will leave today for Greenville Michigan Camp.

MEMORIAL BAPTIST—

Daily Vacation Bible School 7 to 9 will begin Monday evening and continue through July 28 at Memorial Baptist Church with classes for all ages.

"Living by God's Time" is the school's theme this summer.

FIRST FREE METHODIST—

Daily Vacation Bible School at First Free Methodist Church is now in progress and will continue this week, Monday through Friday 6:30 to 8:30 each evening.

Assistant Pastor, Rev. Mearl Bradley will give the sermon "Message of the Gospel" tomorrow morning. At the 7 p.m. service Pastor L. H. Howison will preach.

TRINITY BAPTIST—

"God's Personal Autograph" is the sermon theme for the 11 a.m. service tomorrow at Trinity Baptist Church, with Pastor Joseph W. Moore speaking.

A cotton social, given by the Culture Club, is set for 4:30 p.m. at the home of Mr. and Mrs. William Rogers, 496 Midway Ave. The event is open to the public.

At 7 p.m. a program by the Missionary Department is scheduled.

PINE HILL CONGREGATIONAL

Rev. Dr. Alfred Grey, minister of Pine Hill Congregational Church will be in the pulpit Sunday when the church joins the Pilgrim Congregational Church of Birmingham for services which will be combined throughout the summer.

July services are sheduled to begin at 11 a.m. at the Birmingham Community House, 380 S. Bates.

EMMANUEL BAPTIST—

The young people of Emmanuel Baptist Church will hold a discussion on "The Second Coming of Christ" at 5:30 p.m. Sunday at 645 South Telegraph Rd. The event is open to the public.

LAKELAND UNITED PRESBYTERIAN—

Daily Vacation Bible School at the Lakeland United Presbyterian Church begins July 17 and continues through July 28 from 9 to 11:45 a.m. weekdays.

The school open for children four-years old through the seventh grade will feature handwork, games, singing, Bible study, workbook projects and refreshments. A missionary offering will be given each day. Registration fee for the school is $1 per child.

DR. ROY S. NICHOLSON

Slate Camp Meet With 2 Preachers to Start Thursday

The 21st annual session of the Pontiac Holiness Camp meeting is set to start Thursday evening and continue through July 30 with three services daily, scheduled at 10:30 a. m., 2:30 and 7:30 p. m.

Dr. Roy S. Nicholson, former president of the Wesleyan Methodist Church of North America and presently chairman of the division of religion at Central Wesleyan College at Central, S. C., and Evangelist Ivan Lee Sisk, Youth for Christ Director of San Diego, Calif., are the engaged preachers for the camp. The Monjar family and the VanKoeverings from Ohio will be in charge of the singing and musical programs.

The camp event, located at 2800 Watkins Lake Rd. at Buick Street, is open to the public. Rev. A. J. Baughey will preside at the meetings.

Blessed is she whose daily task is a labor of love. Her willing hand and happy heart translate duty into privilege.

—Anon.

ST. BENEDICT

Members of St. Benedict Catholic Church's parish will attend a picnic Sunday at the John F. Ivory Farm, 9960 Cooley Lake Road in White Lake Township.

★ ★ ★

The picnic is sponsored by the St. Benedict's Men's Club to raise funds to support the church's athletic teams in city and Catholic Youth leagues.

Celebrates Dedication Sunday

Orchard Lake Community Church, Presbyterian, will commemorate the dedication of the original Orchard Lake Chapel in worship services tomorrow morning.

A class of new members will be received at the services. Rev. Edward D. Auchard will preach on the subject, "His Father's Wells."

Dedicated on July 18, 1874, the chapel is now a part of the sanctuary of the church. The building committees of the church that planned for the expansion tried to conserve the atmosphere of the roadside country church.

When the chapel was completed in the summer of 1874 it was the first house of worship in West Bloomfield Township. The U. S. flag on display in the sanctuary as of recent months has also flown over the Capitol Building in Washington, D. C. It was a gift to the Rev. Mr. and Mrs. Edward D. Auchard from Congressman and Mrs. William Broomfield.

Year-round services befan at the Orchard Lake Chapel in 1939 when a Sunday School organized in the Westacres community began to use the Chapel. The group hopefully took the name, "Orchard Lake Community Church."

REORGANIZE CHURCH

In 1943 the church reorganized as the Orchard Lake Community Church, Presbyterian. Original board of trustee members included C. E. Summers, engineer for the Pontiac Motor Division and former president of the Pontiac Chamber of Commerce, R. D. Baker, president of the R. D. Baker Construction Company of Detroit, and Al Booth, with the same corporation. Three of the original five elders are currently on the Session of the church: John Emmert, Charles Wright and Harold L. Welch.

The Presbyterian congregation that began with 55 charter members has increased to 880. The church school has over 600 pupils. The church actually serves more than its congregation — over 500 families and over 2,000 persons. Over $85,000 has been invested in its ministry to the community and in the world mission of the church in 1960.

A series of building projects was climaxed in February 1959 when Rev. Henry D. Jones returned to dedicate the education wing. In 1960 the church obtained the property east of the church for a manse.

CULTIVATE INTEREST

The church has cultivated an expanding interest in its general mission. Besides general benevolences, special gifts have been given in recent years to Alma College, Presbyterian Village, a Presbyterian home for senior citizens, a headquarters for the "Youth for Understanding," the student exchange program of the Michigan Council of Churches, and to church extension in the Detroit area.

Grieta Van Coevering, a member, is serving on the Ganado Mission staff in the Navajo country of Arizona. Dr. and Mrs. Bruce Huntwork, medical missionaries in Iran, are of special interest of the church.

Rev. and Mrs. Henry D. Jones are at present in Latin America working with the World Council of Churches preparing for a conference to be held in Lima, Peru, on the ministry of the church in areas of rapid change.

★ ★ ★

Trustees of the church will meet Monday evening under the leadership of Axel Kjolhede, president. The Session will meet Tuesday evening. Other leaders of the congregation are invited to this meeting where the total program of the church will be evaluated under the direction of a committee headed by Rev. Francis Dickson of Outer Drive United Presbyterian Church appointed by the Presbytery of Detroit.

Church of God Envoys Plan Woman's Day

Senior Missionaries of the Church of God are planning a special Woman's Day program at 3:30 p. m. tomorrow at the church, 296 South Boulevard. Local and out-of-town church groups will present music and singing.

★ ★

Elizabeth Ross will serve as guest speaker for the occasion. A graduate of Tennessee State University, Miss Ross is currently employed as a dietician at one of the local hospitals.

★ ★ ★

A social hour will follow in the church parlors. Mrs. Bettie Hutchons is mistress of ceremonies. The event is open to the public, Elder M. J. Watkins, pastor, announced.

Mothers' arms are made of tenderness, and sweet sleep blesses the child who lies therein.

Area Couple Marries With Papal Blessing

A Papal blessing was bestowed at the marriage of Evelyn Jean Gocha to Kenneth L. Furman this morning in Sacred Heart Church, Auburn Heights. Rev. Francis Dietz offered the solemn nuptial high Mass.

Mr. and Mrs. Ernest L. Gocha of Rosetta Court were hosts at the wedding breakfast for the bridal party and Mrs. William Fitch of Birmingham, the bride's grandmother, in Fox and Hounds Inn. An evening reception in Knights of Columbus Hall will follow buffet dinner for some 200 guests.

★ ★ ★

An embroidered orchid motif accented the bridal gown of white silk organza styled with knee-length draped peplum caught with a soft cabbage rose at petal points. Matched pearl jewelry, gift of the bridegroom, and French illusion veiling caught by a crystal coronet were worn. A white orchid centered a bouquet of white roses and shattered carnations.

★ ★ ★

Judith Ann Gocha was her sister's maid of honor. Their cousin Tonie Fitch of Birmingham joined bridesmaids Patricia Hiller of Auburn Heights and Carol Kinchla of Rochester. The bridegroom's niece Susan Fisher and Sandra Ray, cousin of the bride, were junior attendants. Deborah McKee was flower girl.

BROTHER IS BEST MAN

Baskets of variegated carnations and chrysanthemums complemented their floor-length dresses of dream blue nylon organza styled with cummerbunds and bubble skirts.

Best man for his brother was Allen Furman, with Carl and Larry Furman, junior ushers. They are sons of the Lorain A. Furmans of Hudson Avenue. Their cousin Richard Mathews of Allen Park, Robert Patterson of Apollo, Pa., and the bridegroom's brother-in-law Robert McKee of Toledo, seated the guests. Mark Holdsworth carried the rings.

★ ★ ★

Mrs. Gocha appeared in a draped petal pink silk organza sheath dress and matching accessories. Cotillion blue silk organza over taffeta was Mrs. Furman's selection. Both wore white roses.

The bridegroom, who has had four years' naval service, attends Lawrence Institute of Technology.

The couple will visit Mackinac Island while on a northern honeymoon.

MRS. KENNETH L. FURMAN

Oleg Cassini offered a gently shaped coat of wine-colored wool with low patched pockets (left) at the New York Couture Group's showings this week. The wine and black printed wool dress has a jewel neckline. The brown pebble tweed double-breasted coat (right) is from the Donald Brooks Collection for Townley. Detailed with four flapped pockets, the coat is worn over a stitched panel-gored orange wool jersey shift. Hat by Mr. John.

First Lady Has Say-So

Influences Cassini

By GAY PAULEY

NEW YORK (UPI)—Oleg Cassini has done an about-face in design since he became the personal dressmaker for Mrs. John F. Kennedy.

Cassini's trademark used to be dresses which hugged the figure like paper on a wall. But in the last year, since he started making clothes for the First Lady, he has produced just the opposite — easy fitting overblouse silhouettes, dresses both collarless and sleeveless, and semifitted jackets on suits and ensembles.

The influence of the stylish young matron whom Cassini called "a very important Washington customer" continued in his fall and winter collection shown Friday. Cassini was one of six top-drawer designers rounding out a week of shows by members of the New Yrok Couture Group.

★ ★ ★

Cassini's message was this: Hats worn on the back of the head, colors among the brightest of the fall season with lime, lemon, aqua, clear powder blue, kelly green and cerise throughout; coats cut with wide below-elbow sleeves, usually collarless and unbelted for a loose fit; skirts flared slightly.

★ ★ ★

Ever so often, a slinky sheath crept in, and Cassini would comment, "I personally like them tight. They say clothes are coming closer to the figure. If so, it will be my personal vindication."

The House of Dior-New York reflected what Dior of Paris under the design direction of Marc Bohan, produced earlier for spring. The line was the flare. The New York collection was designed by Guy Douvier, a young Frenchman who works with Bohan's "counsel and editorial supervision." What Bohan has in mind for the fashion world reporters will learn in Paris July 27.

★ ★ ★

Dior-New York showed also the sleeveless overblouse, low slung belts riding around the hipbone, and coats with a full, cocoon shape. The clothes which drew the heaviest applause from the audience were the heavily-embroidered evening gowns and fancy gold lame culottes with wide flare.

LIKE A COLUMN

Bill Blass, a winner of the Coty Fashion Award for 1961, brushed up on geometry for his fall and winter collection. The major silhouette was the obelisk, another way of saying it was straight as a column except for width at the base. Skirts had hemline flare. After the obelisk, came the oblique, a line seen most often in daytime tunic dresses. The tunic hems were cut on the diagonal, where stitching accented an otherwise starkly simple line.

★ ★ ★

Donald Brooks, another award-winning designer, continued the slightly flared silhouette he has done for several seasons at Townley. Typical was a wool jersey dress flared via triangular panel the length of the dress in front. The collection included a flock of black crepe dresses, heavily bloused to a low waist, with tiers of ruffles or pleats forming the skirt.

★ ★ ★

The designer showed many Paisley wool costumes. One ensemble in vermillion red and green combination consisted of a dress with gathered skirt and a brief jacket, the latter of a quilted Paisley.

★ ★ ★

Adele Simpson put ideas gathered from her recent round-the-world trip into her clothes. The result showed in tea colors from the green leaf to the finished brew, in tea paper patterns woven into silks, and in Oriental looking sleeves, neckline and trim.

★ ★ ★

Her travels also showed in her awareness of packing problems. She produced suit jackets which opened flat for the suitcase, and costumes in four parts designed to take a woman from daytime gadabouting to dressy nighttime occasions.

★ ★ ★

Manufacturer Ben Zuckerman, who specializes in expensive coats and suits, showed fitted coats of two types. One nipped in at the normal waist seam or wide, set-in band. Both had the flared hemline. Suits moulded the torso, squared the shoulders. Many skirts were full.

From the Christian Dior-New York collection designed by Guy Douvier comes this bronze and gold suit "San Francisco" with the fall 1961 flare. The tab-closed jacket has low flapped pockets and is scarfed with gray chiffon.

Golden Agers Plan Outing to Bob-Lo Island

Both groups of the Golden Age Club, sponsored by the Pontiac Young Women's Christian Association, plan an outing at Bob-lo Island next Tuesday.

Some 41 guests from the Lake Orion and Clarkston Golden Age Clubs will attend, according to Mrs. Arthur Sweet, Golden Agers chairman. Mrs. Margaret Parry of Detroit, formerly active in the group, will also attend the outing.

A chartered bus will leave the "Y" at 8:30 a. m. to meet the 10 a. m. boat leaving for Bob-Lo. The return trip on the 2 o'clock boat will follow a picnic lunch on the island.

Residents Get an Invitation

Residents of the Bloomfield Hills and West Bloomfield Township lakes area have been invited to an organizational meeting for a Newcomers' Club Monday at 2 p.m. in the home of Mrs. F. Rex MacKercher, Wards Point Drive, Orchard Lake.

Mrs. MacKercher reports that the club will be strictly a social group to enable newcomers not served by other clubs in the area to become acquainted.

For further details Mrs. MacKercher or Mrs. Walter Sorenson of Sylvan Lake may be contacted.

Say Vows in Grand Rapids Church

Before an altar background of white gladioli, pompons and palms, Maureen Mae Slosson exchanged vows and rings with Cornelius Heemstra Jr. Friday evening in Christian Reformed Church, Grand Rapids.

Parents of the newlyweds are the Theron N. Slossons of Woodbine Drive, Waterford Township, and Mr. and Mrs. Cornelius Heemstra of Grand Rapids.

Frank Lehmann was soloist accompanied at the organ by Mrs. Lehmann. The bride's mother sang the dedication prayer.

The bouffant floor-length bridal gown of white Chantilly lace and tulle over tissue taffeta featured ruffled back tiers and molded bodice touched with seed pearls and sequins. A butterfly veil of silk illusion was held by a headpiece of pearls and organza.

Stephanotis and ivy rested on the bride's white Bible, gift of the bridegroom.

Attendants wore floor-length peacock blue silk organza styled with cummerbunds with hem-length satin back panels.

SISTER IS HONOR MAID

Mrs. Andrew VanderVennen, her sister's matron of honor, carried a cascade of yellow roses and Shasta daisies. Bridesmaids Marianne Weirtinger and Elaine Schroeder held pink roses and Shasta daisies. All are of Grand Rapids.

The bridegroom's niece, Vicki Boersma, wearing yellow organza, held a nosegay of daisies centered with a yellow rose.

Wendell Heemstra of Grand Rapids was his cousin's best man. Seating guests were Theron J. Slosson and James Heemstra, brothers of the bridal couple.

After the church reception, the bride changed to a pastel yellow sheer ensemble to begin the honeymoon in California and the western states. She will teach at Brookside School in Grand Rapids.

Pale green cymbidium orchids complemented Mrs. Slosson's cameo pink lace dress. The mother of the bridegroom, in a beige silk sheath dress wore brown cymbidium orchids.

MRS. C. HEEMSTRA JR.

Personal News

Visiting here from Sidcup, Kent, England, is Mrs. Bernard C. Druitt, sister of Mrs. Curtis E. Patton of South Tilden Avenue and Mrs. John J. Davies of Coleman Street, Waterford.

It has been 13 years since the sisters were together.

★ ★ ★

The Wayne Gaberts of Auburn Road recently attended the Optimist International Convention at Las Vegas, Nev. Before returning home, they visited Los Angeles and San Francisco.

★ ★ ★

Paul Kors, son of Mr. and Mrs. Ralph Kors of North Perry Street, who was best man at the recent marriage of Barbara Wiersema to Dr. Henry Baylis, has returned to his home in Los Angeles.

★ ★ ★

Returned to their home in Raymond, Iowa, are the James McCools, recent house guests of the Allen L. Kumpulas of Edgeorge Drive, Waterford Township. Their children Roxanne and Kenneth were flower girl and ring bearer at the Kumpula-Barber wedding Saturday.

The Frank Smiths of Paw Paw, formerly of Oxford, were also guests of the Kumpulas.

★ ★ ★

Mrs. Walter Ainsworth of McClintock Road, who has been teaching English at Pontiac Northern High School is moving to Buffalo, N. Y. to join her husband. For the past year he has been assistant professor of science at the College of Education at State University of New York.

★ ★ ★

Raymond F. Elmy of South Paddock Street was honored at a surprise party and picnic Sunday at the home of the George Grinnells of Commerce Lake.

His former classmates at a local school of cosmetology presented him with a graduation gift.

Girls Must Take Stand on Propriety

By The Emily Post Institute

Q: My 17-year-old daughter has been dating a young man of the same age for the past two months. On Saturday nights they usually go to the movies and then stop somewhere for something to eat. He seems to be a very nice boy, but I object to the way he dresses when he comes to call for my daughter.

She is always dressed very nicely, but he invariably arrives in slacks and sport shirt open at the neck and no tie. When I mentioned this to my daughter she just laughed and said that I was very old-fashioned and that all the boys dressed that way.

I think this is very uncomplimentary to a girl and that it implies he doesn't care enough about her to dress properly. I would like your opinion on this.

A: I agree with you wholeheartedly; but unless the girls themselves take a stand against it by refusing to go out with boys who are careless about the way they dress, I'm afraid there is little you can do about it.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Gas Company Invites Women to See Program

Pontiac area homemakers have been invited to a coffee-klatch and program, sponsored by the home service department of Consumer's Power Co. Meetings will be in the local company's air-conditioned auditorium on Tuesday mornings at 9:30 a.m., beginning July 18.

The new "trend" kitchen will be featured in programs which include meat buying, travel information, quick cooking tips and fashion.

★ ★ ★

In order that refreshments may be ordered, interested women have been asked to phone attendance requests to Extension 331 at the local Consumers Power Co.

Couple to Be Honored

In observance of their golden wedding anniversary Mr. and Mrs. William Mihay of Bradford Street will be honored Sunday at an open house in the home of their son and daughter-in-law, Mr. and Mrs. Nestor Mihay of Middlebelt Road.

Sharing host honors will be Mr. and Mrs. Eugene Mihay, Mr. and Mrs. Pete Mihay and Dr. and Mrs. Benjamin Mihay, all of Pontiac, and the Kenneth Bolls of Manchester, Conn.

Married July 13, 1911, in Pleasant Home, Manitoba, Canada, the Mihays have 15 grandchildren.

Pair Weds in Pontiac

Reception at Rotunda Inn followed an exchange of wedding vows and rings by Ann Marie Ewart and Kenneth W. Hildebrand this morning in St. Vincent de Paul Church. Rev. Odoric Schmid, OFM performed the ceremony before an altar banked with white gladioli and chrysanthemums.

The William A. Ewarts of West Iroquois Road are parents of the bride who chose white Chantilly lace over taffeta styled with bubble bustle for her wedding. A crushed cummerbund distinguished the molded oval-neck bodice styled with long tapered sleeves. Her circular veil of French illusion fell from a crown of pearls and crystals.

A diamond pendant and cascade of phalaenopsis orchids, stephanotis and ivy completed her ensemble.

Suzanne Tweedy of Owosso was honor maid. Linda J. Clark of Grand Rapids and Crol J. Cumpson of East Lansing served as bridesmaids. They wore powder blue silk organza over taffeta with lace overskirts and matching Dior headbands. Shasta daisies and ivy comprised their semi-cascade bouquets.

SEAT GUESTS

The bridegroom, son of the W. O. Hildebrands of East Lansing, had Alan Luckstead of Grayling for his best man. The bride's brother Robert and John T. Leavitt of East Lansing, seated guests.

MRS. K. W. HILDEBRAND

The new Mrs. Hildebrand is a graduate of Michigan State University and her husband holds a degree from University of Michigan. After a honeymoon at Lake George, N. Y. they will live in Birmingham.

For her daughter's wedding Mrs. Ewart chose a light blue dupioni silk sheath. The mother of the bridegroom appeared in aqua peau de soie. Both wore white cymbidium orchids.

The bridegroom's parents were hosts at the rehearsal dinner at The Kingsley Inn, Bloomfield Hills.

Dance Slated

The Widow and Widowers Club will join members of the 39 and Up Club Tuesday evening at Malta Temple on Perkins Street for square and round dancing from 8 to 11 p.m. Instructions in variety dancing will begin at 7 o'clock.

Soaking Up Sun?

(NEA) — To avoid crinkles around the eyes, it's wise to use cream when you plan to spend a day at the beach. You should also invest in scientifically protective glasses.

The Walls Fell Tumbling Down

CAIRO (UPI)—Women finally have breached the forbidding walls of Al Azhar University, the world's oldest Islamic institute.

★ ★ ★

For a thousand years Al Azhar has been strictly for males. Millions of students from nearly all over the world studied and graduated from it, not a single one of them a woman.

★ ★ ★

Then the females in Cairo universities objected that they were no less qualified for studies in Islam.

★ ★ ★

But the university that specializes in Islamic philosophy and theology refused to surrender completely. Women graduate students will be admitted, but no women undergraduates.

★ ★ ★

Coeducational classes will begin with the academic year starting this October.

Once Over Lightly

The deep, dark tan is no longer in fashion. This summer, if you want to look both pretty and up-to-date, aim for a smooth golden tan. You should look soft and, polished at one and the same time.

★ ★ ★

You achieve this by using a good suntan preparation and by timing yourself when you're out in the sun. Don't be tempted to overstay the limit you set.

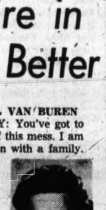
Confess Everything — Abby

You're in Trouble, Mister! Better Start Praying Hard

By ABIGAIL VAN BUREN

DEAR ABBY: You've got to help me out of this mess. I am a married man with a family. I was laid off my regular job, so I took a job in another state. I got mixed up with a young girl there.

I didn't tell her I was married. I did a foolish thing and gave her an "engagement" ring. I must have been nuts.



ABBY

She told me last Friday she is in a family way, and we have to get married right away. I can't marry her because I am already married.

I know her father, and I'm afraid he will kill me. If I run out on her and am caught, will they put me in jail? My job pays good money, and I don't want to leave town. How do I get out of this mess?

STUPID AND MESSED UP.

DEAR STUPID: I doubt if you'll be lucky enough to get into a nice, safe jail. Tell your girl friend about your wife. Then tell your wife about your girl friend. Then tell a lawyer about both of them. And pray.

★ ★ ★

DEAR ABBY: How do you stop a grown man of 24 from licking his plate? Yes, Abby. This husband of mine (and father of two children) just loves to lick his plate. He does it all in fun, and to show me what a good cook I am, but the children are going to start to imitate him. Any suggestions would be appreciated.

DOTTIE

DEAR DOTTIE: If your great big over-grown boy doesn't stop licking his plate—give HIM a licking.

DEAR ABBY: My daughter was asked to be a bridesmaid again. This will be the third time this year. Each time she had to buy her own dress and shoes, and get a present for the bride. Each time it has run us about $60.

Our daughter goes to college, and does not earn her own money. We have another child in college, and have to budget ourselves very closely to make ends meet.

Am I wrong in thinking that if the bride's mother wants her to have a big wedding, with bridesmaids, she should pay for the bridesmaids' dresses?

CUTTING CORNERS

DEAR CUTTING: The most common practice is for the bridesmaids to buy their own gowns. The other way is the exception, and not the rule. The bride's mother has an obligation to keep the dress modestly priced.

★ ★ ★

If she wants super-duper bridesmaids' dresses, she should buy them. Generally, if a bridesmaid can't afford to buy her own dress more than once, she should decline the invitations.

EDITH MAY TRZOS

Fall vows are planned by Edith May Trzos, daughter of Mr. and Mrs. Otto Trzos of Walnut Lake Road to Andrew G. Ebert, son of the Andrew Eberts of Jamaica, N.Y. She is a graduate of Purdue University where her finance is a candidate for his doctorate in pharmacology.

MR. and MRS. ALFRED FROEDE

Former Pontiac residents Mr. and Mrs. Alfred Froede of Chula Vista, Calif., will celebrate their golden wedding anniversary from 6:30 to 11 this evening at the House of Friendship First Methodist Church in Chula Vista. Grandparents of 10, the Froedes have two sons, Fred of Summit Avenue, Alfred Jr., Chula Vista; two daughters, Mrs. Ernest Oliver, Pacific Beach, Calif., and Mrs. Ralph Canterbury, Riverside, Calif.

A Fashion Breakthrough

Ample-Sized Gals Noted for a Change

By JEAN SPRAIN WILSON
AP Fashion Writer

NEW YORK — Until Thursday America's forgotten women of fashion were the middle-aged, the wide in girth, and the slim of purse.

★ ★ ★

Some of these were among the more than 200 news writers here for the New York couture group's semiannual Fashion Press Week.

Earlier this week, while watching a continuous parade of skinny girls in winter styles, they pondered how these bustless, pencil-slim suits and dresses would look in size 44.

Or they contemplated how blazing, bejeweled, tightly wrapped, decollete cocktail dresses would look on gray-haired grandmas with sagging figures.

THEY WON'T DYE

But things took a turn for the better Thursday. A session was dedicated to the beauty problems of the nation's 25 million silver-haired ladies. A hair-coloring firm admitted that since it has failed to lick 68 per cent of these women who stubbornly refuse to dye their tresses, it has joined them. The company is now making products to improve sheen, tone and manageability of gray hair.

Later in the day, gaunt, slump-shouldered models without a need to hide big hips, thighs or thick waistlines lined the runway in Larry Aldrick dresses that obviously translate flatteringly to a woman with meat on her bones.

The long casual lines were waist-slimming, and the swingy, bias-cut skirts provided plenty of sit-down room.

Crisply tailored gold and silver metallic shirtwaist dresses were Aldrich's idea of cocktail dresses. A mature woman could wear one without feeling like the star in a Las Vegas night club act.

★ ★ ★

Although buyers told Aldrich American women want sleeves, the man who started the collarless, sleeveless "nothing dress" refused to do more about it than compromise. He still makes the sleeveless, but sends sleeves, to be sewn in if women insist.

Harry Frechtel also believes in roomy, slightly flaring skirts as figure flattery. He tops these with little coats and suits with tiny notched collars or shoulder-framing stoles.

TENT SHRINKS

That tent-like coat popular last season has been dieted down by Frechtel to pleasant proportions that hid a multitude of figure sins.

Black, guaranteed to reduce an ample figure to a mere shadow, is a part of Aldrich's, Frechtel's and Luis Esteve's collection.

You can take a vacation right in your own back yard if you'll just relax and slow down. Forget your standards as a housekeeper for a short while, advises Josephine Lowman.

Best to Tan Slowly

Burn Can Spoil Holiday

By JOSEPHINE LOWMAN

Here are a few suggestions which I hope will make your summer more pleasant and return you to fall in good condition.

Don't stay too long in the sun at first. Tan gradually. This will not only take care of your complexion but add comfort. A bad sunburn on a two-week vacation can spoil the fun.

Don't be a "vacation athlete." Perhaps you have been sitting behind a desk most of the year. Why, then think that you can climb Mount Washington or take 4-mile walks without sore muscles and even danger to your life?

If you are not going any place, then take a vacation at home. Use paper napkins and paper towels. Forget your standards as a housekeeper for a short while and get the baby sitter in more often than you usually do.

★ ★ ★

If you live where it is hot, take a siesta each day after lunch. Learn from your sisters who live in the tropics. Pull the blinds down and turn on the fan or air-conditioning. Live at a slower pace.

Do any shopping you must do early in the morning before the temperature soars. Many church and civic activities slow down during the summer. Why not you?

UPSWEEP YOUR HAIR

Either cut your hair shorter or upsweep it for warm weather. Many women have entirely different hairdos in winter and in summer.

When you are going to be outdoors for long periods, wear a sun hat. This will protect your hair from extreme drying.

Swim a lot this summer. It is health promoting, cooling, fun, and beautifying to the figure.

★ ★ ★

Bubble baths, showers, bath powder and colognes are cooling. Indulge in them.

Most of all, have fun!

Everybody's doing it — going camping, that is. If you would like the leaflet, "Tricks in Camping," send a stamped, self-addressed envelope with your request for leaflet No. 69 to Josephine Lowman in care of The Pontiac Press.

In washing hand mirrors, take care that no water seeps in under the glass. Just rub over the mirror with a sudsy cloth; wipe with a clean, wet cloth; and polish dry.

Jr. Musicians Give Recital at First Methodist

The Pontiac Junior Musicians appeared in recital Thursday evening in the First Methodist Church.

Programmed in the summer musicale were piano solos and duets played by Christine Blakeney and Cynthia Fay, Mark and Debra Joy Davis, Ruth Ann and Deborah Garner, Elizabeth Crocker and Pamela Pillow.

Among piano soloists were 4-year-old Denise Roderick, Michele Carney, Connie Smith, Pamela Martin, Barbara Jean Pratt, Linda Slade, Laurie Blakeney, Glenda Farnsworth, Ann Latoza, Brian Sallee, Heather Sue Lockhart, Linda Emsley and Danny Arnold.

Violin solos and ensemble numbers were presented by Peggy Cheryl Jones and Linda Sharrow. Patti Dell, Denise Roderick and Ann Latoza gave readings.

Featured in colonial costume readings were Laurie Blakeney and Patti Dell and Linda Emsley presented a vocal solo.

Mrs. Oscar Schmidt, teacher and club sponsor was the accompanist. Judith Sharrow and Dennis Farnsworth ushered.

Regular meetings will resume in October.

(NEA)—To impart a delightful scent in your bedroom, try spraying your favorite toilet water on the light bulbs. The heat will warm it and send the fragrance out into the entire room.

Birmingham News

By RUTH SAUNDERS

BIRMINGHAM — Wednesday's senior hi dance "Under the Stars was so successful, junior high school students are busily planning one for next Wednesday — same location (Orchard Lake Country Club) and same music (The Lancers). After a swim and informal supper, Ken Pool will connect his electric piano on the portable dance floor and Chuck Wessels and Jerry Stone will join him with drums and guitar for the rest of the evening.

Peggy Beier, assisted by Susan Fitzgerald and Mary Weir, is head of a telephone committee calling teen-age sons and daughters of club members with information that it will be informal and that one guest per person may be invited.

A young husband and wife dance team, Mr. and Mrs. William Rogers, will do several exhibition dances and start the affair off with a flair. They dance beautifully together.

★ ★ ★

Mr. and Mrs. Semon Knudsen planned a warm welcome for their son-in-law and daughter the Howard Christies Jr. who are here from their home in New Jersey for a visit. Their small daughter Marguerite accompanied them and was the center of attention until her early bedtime.

Over fifty friends were served a chuck wagon dinner at the Knudsen home on Bingham Road.

★ ★ ★

Mr. and Mrs. Robert VanderKloot and their daughter Karen will entertain at a cocktail party and supper dance July 25 in their Lone Pine Road home.

This will be one of the last parties for Ellen Flint and Marcus Cunningham who will be married July 29.

★ ★ ★

Mrs. Clifford B. West has returned from a visit to Ossabaw Island off the coast of Georgia.

Her daughter Jill Shallcross is home for a summer holiday from studies at Wellesey College.

Three Showers Have Honored Elizabeth Bradley

Elizabeth Taft Bradley, bride-elect of William P. Hampton, was honored Saturday at a kitchen shower and luncheon in the Sylvan Lake home of Mrs. Ted Koella.

On Friday evening, Mrs. Lorenz Vasbinder and daughter Valerie Ann of Spokane Drive were hostesses at a miscellaneous shower. Mrs. James H. Bradley of Spokane Drive and Mrs. Verne C. Hampton of Brookside Drive, Bloomfield Hills, mothers of the honoree and her fiance presided at the refreshment table.

Also present were Mrs. Richard H. Kimmins, Mrs. Charles H. Bradley and Mrs. John C. Peck, grandmothers of the engaged couple.

Barbara Monteith of St. Joseph Road gave a recent personal shower attended by some 20 guests. Sharon Clark and Carla Worman were cohostesses.

A July 22 wedding in First Presbyterian Church is planned.

Evening of Games Follows Meeting

An evening of games followed the July business meeting of the Transatlantic Brides and Parents Association, Tuesday at the home of Mrs. John B. Furneaux on Grace K Street, Waterford.

Mrs. Alice Brown of Liverpool, England and Mrs. Bernard C. Bruitt of Sidcup, Kent, were guests.

Spadea's american designer pattern

NA-2034

Chosen by America's most fashionable young woman for her much publicized wardrobe, the destiny of this strikingly simple two piece dress is easy to predict — unlimited chic wherever it goes.

The long torso top buttons in back, is gently eased through the waistline and dropped to a new low over the pencil slim skirt.

The pure neckline and omission of sleeves make this a dress that takes on daytime informality as easily as after-dark drama, depending on your fabric.

Plain or printed rayons and silks, silk and wool faille, brocaded silks, shantung, linen, pique or novelty cottons. From these corresponding body measurements select the one size best for you. Our sizing is comparable to ready-to-wear.

Tall Girls

Sizes	Bust	Waist	Hips Inches	Nape of Neck to Waist
8	33	23	34	17
10	34	24	35	17¼
12	35	25	36	17½
14	36½	26½	37½	17¾
16	38	28	39	18

From nape of neck to waist

Size 12 requires 2¼ yards of 50-inch material for skirt and tunic. To order Pattern NA-2034, state size, send $1. Add 25 cents for first-class postage and special handling. For pattern books 17 and 18 send $1 each. Address Spadea, Box 535, GPO, Dept. P-6, New York 1, N.Y.

St. Michael Hall Scene of Co-Op Birthday Dinner

St. Michael Hall was the scene of a cooperative birthday dinner in honor of Mrs. Elizabeth Homiak.

★ ★ ★

Mrs. Homiak, an Oakland County Medical Care Facility patient, is an adopted member of the church's altar society.

Mrs. Chester Jaruzel was chairman of the Thursday party. Her cochairman was Elise Duprey, assisted by Mrs. Bert Schneider, Mrs. Frank Franzel and Mrs. Matt Stiel.

Refreshments were planned by Mrs. Roy Wiegandt, Mrs. Charles Schwartz and Mrs. Francis Purente.

Special guests included the Rev. Charles E. Cushing, Mrs. Warren Oakley, Mrs. Wayne Coons, Mrs. Edith Blocker, Mrs. Henry Simpson and Mrs. Gayle Coulson.

Gifts Allow Beginning of Interlochen Building

INTERLOCHEN (AP) — Construction on a $150,000 classroom building, the nucleus of the new Interlochen Arts Academy, will start in September, Dr. Joseph E. Maddy announced Thursday.

He said gifts from the S. S. Kresge Foundation of Detroit, Lilly Endowment, Inc., of Indianapolis, Ind., C. S. Mott Foundation of Flint and other sources make possible the start.

The academy, a year-round secondary school for gifted students was announced earlier by Dr. Maddy, founder and president of the National Music Camp, long prominent as a summer culture center.

CENTER FOR ARTS

The first academy building, designed by architect Alden Dow, will form the heart of a $1.5-million cluster to be known as the center for the performing arts. It is planned to accept its first students in September 1962.

A proposed $4-million campus by 1964 is the academy's goal.

The National Music Camp will continue to operate in summer months. Meanwhile, the Arts Academy will accommodate approximately 300 hand-picked students of high school age for college preparatory curriculum in addition to highly specialized training in music, art, drama, dance, recording techniques, radio and television.

★ ★ ★

Dr. Maddy notes that Russia has 1,800 special schools for gifted children and says "a career in the arts is regarded as important as a career in politics, economics or other professions."

The curriculum for his new Arts Academy has been approved by the Michigan Department of Public Instruction. All courses have been prepared under supervision of the University of Michigan to meet accreditation requirements of the university and the North Central Association.

Freezer Gloves

To protect your hands while "digging" down to the very bottom of your freezer, wear a pair of heavy cotton work gloves. Keep such gloves sanitary enough to handle food by washing them often in hot suds and rinses.

Announce Turkish Voters Okay New Constitution

ANKARA, Turkey (AP)—Voters approved Turkey's new constitution by a majority of 2.5 million, thus making it the law of the land, the high electoral council announced Friday night.

* * *

More than nine million Turks voted July 9 in the first referendum in Turkey's history.

The constitution retains a Cabinet-type government, but sets up a number of checks and balances, including a powerful supreme court. These curbs are designed to check the growth of any all-powerful political force.

Average American uses about 25 pounds of cotton a year.

Detroit's Plan Gets State OK

Economic Development Measure Is Approved, Sent to Washington

LANSING (AP)—Gov. Swainson has announced Detroit's economic development plan has been approved by the State Economic Development Administration and has been forwarded to the Redevelopment Administration in Washington.

* * *

Under the plan, Detroit would become eligible for federal funds to be used for such projects as improved street, water and sewer systems, new municipal buildings and other public works.

Detroit is one of seven Michigan urban areas designated for participation in the area redevelopment program. Port Huron, Monroe, Adrian, Flint, Bay City and Marquette are the other cities developing similar plans.

Detroit is the largest city in the nation designated for participation in the plan. Its program is the first to be approved in Michigan.

Plans prepared by the other cities participating must be approved by the State Economic Development Department and the Area Redevelopment Administration before federal funds will be available.

Missile, Rocket Hardware on Display in Detroit

DETROIT (AP) — Michigan's defense production slip has been showing, but the men of industry are dressing it up this weekend with an exhibit that puts a missile at your fingertips and some stardust in your eyes.

The public gets a free peek today and Sunday at this nation's missile and rocket hardware at the third annual Industry Missile and Space Conference at Detroit's Cobo Hall.

The gleaming arena is filled with gadget-packed exhibits, 18 full-sized missiles, a navigation satellite, and a carbon copy of the Mercury space capsule that took Navy Cmdr. Alan B. Shepard on his trip to outer space.

Okay Kissee Movie Lady

TAIPEI, Formosa (AP) — Nationalist China's movie censor faced the facts of life today and lifted the longtime ban on kissing scenes in Chinese films — if they are an expression of true love.

Fifty-two of the 100 leading national newspaper advertisers of 1960 increased their investments over 1959, with 10 of them registering increases of more than 100 per cent.

Will Try Halting Bills in Favor of Biased Unions

PHILADELPHIA (AP) — Rep. Adam Clayton Powell, D-N.Y., promises to use all his political power as chairman of the House Education and Labor Committee to prevent legislation favoring unions which practice racial discrimination.

* * *

Powell spoke Friday night at a meeting of Negro labor union officials held in conjunction with the NAACP's 52nd annual convention. He declared organized labor was the "last national bastion of American bigotry."

* * *

Other speakers at the week-long convention here hit consistently against what they called delay in full racial integration. The overriding theme of the meeting was: "We want all our constitutional rights, and we want them now."

The carbon filament incandescent electric lamp was perfected by Thomas Edison during 1879.

Labor Day was made a legal holiday by act of Congress in 1894.

1st French Plane in Debut With United Airlines

NEW YORK (UPI) — The first regularly scheduled French-built caravelle jet flight in U.S. commercial aviation (United Airlines Flight 601) left New York's Idlewild Airport Friday for Chicago.

Airline officials said the fact that the first Caravelle flight took place Friday — Bastille Day, France's independence holiday — was pure coincidence.

Taped French music was played over the public address system in the plane during the flight and each passenger was presented with a tiny bottle of Chanel No. 5 perfume.

Bag With $229,000 in Securities Found

CHICAGO (UPI) — A leather-bound canvas bag containing $229,000 in negotiable securities was found in Boston Friday night, three days after it left New York by air freight for Chicago.

Emery Air Freight Co. reported the bag missing Thursday night when the company learned its value.

It had been shipped with a declared value of $50, the company said.

John Bascom, Chicago manager of the firm, told police and FBI agents Friday night that the missing pouch "turned up in Boston."

Superintendent Named at Ionia State Hospital

LANSING (UP) — Appointment of Dr. A. A. Birzgalis as medical superintendent of Ionia State Hospital for the Criminally Insane was announced Friday by Charles P. Wagg, state mental health director.

★ ★ ★

Dr. Birzgalis replaces the late Dr. R. E. Cooper, who died last month.

Birzgalis, 53, has been acting superintendent of the hospital since February and a member of the staff since 1950. He was named assistant superintendent in 1959.

Puerto Rico's name is Spanish. It means Rich Port.

background for LIVING

Your Neighbor's House

McCrackens Live in Lakewood Village Multi-Level

By JANET ODELL
Pontiac Press Home Editor

It was while we were out canvassing for the YMCA Building Fund Drive that we discovered today's house. When we drove up, we said to ourselves, "Here's a house we should put in the 'Background for Living' section."

Mrs. James McCracken may have been surprised at our request to be taken through her home, but she was a gracious guide. Several months later we went back for pictures.

The McCrackens live in Lakewood Village. They moved into their multi-level home on Schuyler in December of 1959. All that autumn they had lived in a small summer cottage on Sugden Lake, just waiting for the house to be finished.

It was a tight squeeze for the parents, the grandmother who lives with them and the three boys — Jim, John and Bill. The latter are now 18, 17 and 13. The other member of the household is a lively wire-haired terrier, Desi.

Henry Prokoff, himself a resident of Lakewood Village, built the McCracken home. He used a slightly revised stock plan. The lot on which the house is built is 90 feet wide. It slopes down to one of the canals threading their way through the subdivision from Brendel Lake.

BIG VESTIBULE

After you enter the large double front door (black on the outside and natural birch inside), you are in a big slate-floored vestibule. At the left is a marble topped planter next to the 4 steps leading up to the living room. At the right is a lavatory and a coat closet. Ahead, through louvered doors, is the den.

This, too is slate-floored. If you continue walking straight ahead, you can go out to the patio through sliding glass doors. Walls are green and draperies are sandalwood. At the right is a door to the garage.

Furniture includes a small loveseat upholstered in greens and yellows, a striped lounge chair and a maple desk that Mrs. McCracken refinished.

Above the desk is an opening in the wall. The kitchen is on the level just above the den and conversation between the cook in the kitchen and the rest of the family in the den is made possible.

There's a level below the den. Here the utilities are located and there is a large family room. Unlike many houses, this family room is not built under the bedrooms. It's under the living room and two floors below the sleeping rooms. Seems like an excellent arrangement.

The family room has a cork floor and light sandalwood walls. Curtains are beige. Near the door to the back yard there are 2 sofa beds arranged around a corner. The coverings are beige, coral and tan. In this same area is an orange leather chair and a maple chair with black cushions. On the opposite side of the door is a long green lounge chair.

POOL TABLE

But the pride and joy of the whole family in this room is the old-fashioned pool table. The day we were taking pictures workmen were putting a new cover on the top and attaching new pockets. The table must weigh a ton. It's one of those with enormous bulbous legs. We learned from the repair man that there is a brisk business in pool tables for homes; many people are anxious to get the old ones.

Let's go back upstairs to the kitchen. This room has window overlooking the water and the open acres beyond. Mrs. McCracken left the window uncurtained in order not to spoil the view. Instead, she keeps her collection of ceramic roosters on the window sill. They make a bright spot there.

Walls are yellow. The floor linoleum is gray and silver spattered. Cupboards are birch and have a beautiful burl showing. Counter tops are yellow with gold spatters. Accessories are copper.

The breakfast table is Formica topped and looks exactly like cherry. There are deacon's benches on either side in lieu of chairs.

The living room and dining room are one big open L-shaped space. There are 4 big windows at the front, out of which you can see another canal. Additional windows on one side and the back bring ample light into the room.

Walls are yellow: carpeting is deep gold. The floor length draperies are beige linen.

The large sectional sofa is split and used in 2 different parts of the room. Our notes say the design is black on black, overlaid on beige; it's triple layered. The design is a small geometric print.

The two chairs at the front window are upholstered in gold and brown linen. One chair is a barrel back; the other a wing chair.

A pair of mahogany side chairs sit primly in front of the small red brick fireplace. These are mahogany with olive upholstery. All occasional tables are cherry.

In the dining room there is a cherry drop leaf table and hutch cabinet. Folding louvered doors close this room off from the kitchen.

There's a wrought iron railing on the stairs leading to the bedroom level. These stairs are carpeted in gold.

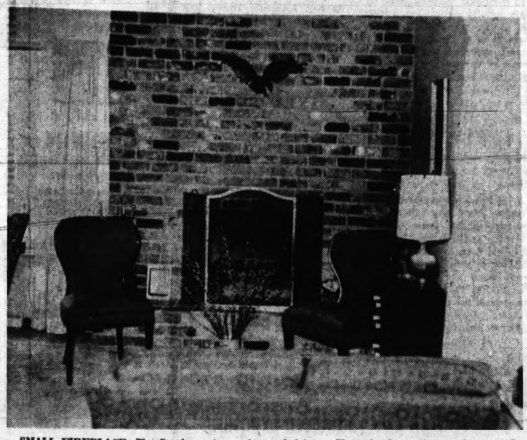
Grandma had the largest bedroom with the private bath. The McCrackens have a gold and white room next to hers. Bed and night tables are painted white. Rug, the blonde maple chests and the trim on the curtains are gold tone. The bedspread is a blue and white chintz.

SHOWS INTERESTS

Jim's the artistic one and has some of his own paintings hanging in his bedroom. He also plays the bongo drums. In addition to the regular bed there is a low studio couch in Jim's room for just plain lounging.

John and Bill, despite the difference in their ages, have much in common. They share a larger bedroom at the rear of the house. Their furniture is maple with striped orange, brown and gold spreads on the twin beds. A pole lamp between gives light to both.

The McCracken house is set among the trees. The exterior is a combination of reused brick and white siding.



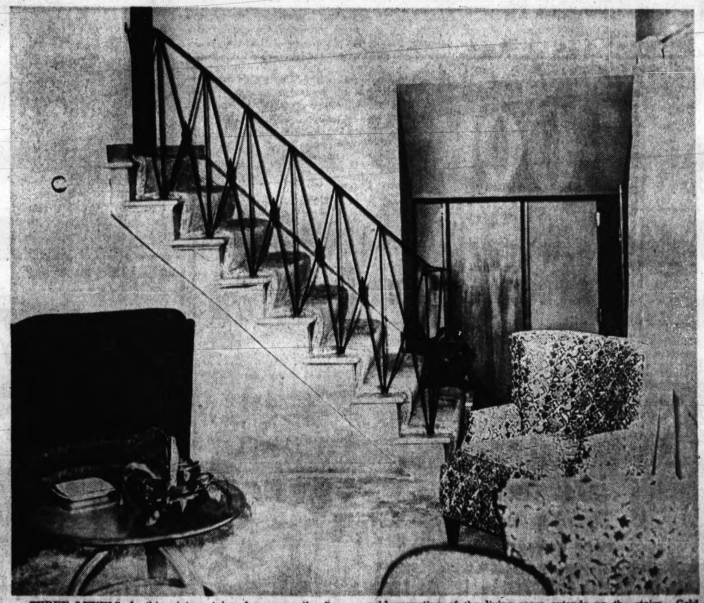
SMALL FIREPLACE—The fireplace of reused brick is placed at the extreme end of the living room wall. The mahogany side chairs have olive upholstery. The only decoration on the mantelless chimney is a black eagle. That's an old-fashioned corn popper at the left.

YOU CALLED?—Desi sits contemplating the great outdoors and the water where a hot doggie can take a cool swim. This is the den, fit for both man and beast. Just below the kitchen, this room leads to the garage and to the front vestibule. Walls are a light green.

CHERRY WOOD—A drop leaf table and a hutch cabinet, both made of cherry, are used in the dining room. Mrs. McCracken keeps some antiques in the hutch. Draperies in living room-dining room are beige linen. Walls are gold to match the carpeting. The rest of the sectional sofa shows here, drawn up in front of the fireplace.

IN LAKEWOOD VILLAGE—The James McCrackens have lived in this multi-level house since December, 1959. Located in Lakewood Village, it is on a lot that slopes downward in the rear to a canal. The lot is 90 feet wide. Henry Prokoff of Lakewood Village built the house from a revised stock plan.

FAMILY ROOM—One might guess that teenagers lived here by the music equipment in the corner. This room on the lowest level has a corktone tile floor and light sandalwood walls. That sturdy wooden lounge invites relaxation. This is the room that contains the old time pool table.



THREE LEVELS—In this picture taken from near the fireplace you can see the steps going up to the bedroom level and in the background at the right the lower entrance hallway. The gold carpeting of the living room extends up the stairs. Gold and brown linen covers the chairs in the foreground. At the left can be seen the curved part of the sectional.

Pick New Unit to Suit Needs

Which electric room air conditioner will best suit the needs of your home and family?

First, it's important to decide the size, style and type of room air conditioner you need. There are four basic types:

1. Window units. These are attractive and trim and designed for easy installation by home owners.

2. Through-the-wall. Similar to window units, but designed to fit into a metal sleeve installed through an exterior wall.

3. Mobile. Modern portable units pack high cooling capacity into a lightweight, compact package. Some can be carried and others wheeled to where they are needed most.

All three types are available in a variety of models and in a wide range of cooling capacities. Some models are reverse-cycle or "heat pump" units. They cool, dehumidify, and filter the air in summer, and provide heat in cool weather.

To find out what capacity unit you need, tell your appliance dealer the size and use of the room, where it's located, number of windows and which direction they face, and whether circuits are 115, 208 or 230 volts.

With this information, your dealer can prescribe the Btu capacity needed. Btu's, a more accurate method of determining amount of cooling required, have replaced old "horsepower" or "ton" designations.

In accordance with standards of the National Electrical Manufacturers Association, room air conditioner manufacturers imprint BTU capacities on the data plates of all units.

If Mom Is a Fix-It Give Her the Tools

Since Mother in many homes is more than a "kitchen mechanic" and does all kinds of simple plumbing and fix-up repairs, she should have a portable toolboard for her own hammer, pliers, screwdrivers and wrenches.

In the form of a square or rectangular panel of perforated hardboard (Peg-Board), with a handhold at the top, this portable tool carrier can be hung in a hallway ready for instant use.

New metal fixtures especially for holding tools securely have been manufactured for perforated hardboard by Masonite Corporation and are available at lumber yards. The paneling can be obtained there, too. After being sawed to size, the toolboard's corners should be rounded with a file and the edges lightly beveled before it is primed, painted and put to work.

GOLF MANOR—Five new models . . . a Cape Cod, two tri-levels, a bi-level and a ranch . . . are open for inspection at Golf Manor, Commerce at Union Lake Roads in Commerce. Priced from $14,290 including minimum 80 foot lots, the Cape Cod, tri-level and bi-level elevations feature 3 and four bedrooms, built-in ovens and ranges, 1½ and 2 full baths, paneled dining areas and family rooms, sliding glass DorWals, fireplaces and garages. Models are open daily and Sunday from 12:00 noon to 8 p.m. (Closed Wednesdays).

Five Models Open at Golf Manor

Keeping pace with today's demands for an even bigger selection of new home models to choose from, Charles B. O'Neil, vice president of Bert L. Smokler and Company, announced the official opening July 8 of five completely new models in the company's Golf Manor community in Commerce.

These new models join a community that opened some months ago. Overlooking Edgewood Golf and Country Club . . . adjacent to Morey's 27-hole course . . . literally surrounded by recreational areas such as Kensington Park, Dodge State Park, Proud Lake, Island Lake, Walled Lake, Orchard, Cass and Union lakes—the Golf Manor community offers residents a wide choice of year-'round sports pursuits.

Already, some 125 families have located in the new subdivision and homes are going up at a rapid rate each month. When completed, Golf Manor will boast 218 homes, with a total value of over $3,750,000.

Of the five new models, the Cantabury is perhaps the most noteworthy, inasmuch as it represents the first Cape Cod style architecture to become available in Golf Manor. Available in buyer's choice of either 3 or 4 bedrooms, the Cantabury features over 1,860 square feet of living area and includes an attached two-car garage in the purchase price.

Visitors will be impressed by a number of custom-type appointments included in the 1½-bath Cantabury . . . from the vestibule closet with window, and the mammoth storage closets on the upper floor that make a grand total of nine big closets in the home . . . to the full basement that affords plenty of space for recreation areas.

The wooden decorator-designed kitchen-dining room divider assures private dining space, while the kitchen features a traffic-free breakfast area. Included are a built-in Hotpoint range and oven, vent fan and hood, and double sink.

The paneled family room is another custom feature, with its wood parquet flooring, its sliding glass door which opens onto the patio area, and the optional fireplace wall.

All the bedrooms of the Cantabury include large closets with folding birch doors. The Cantabury is priced from $19,290.

MEADOWBROOK

In the Meadowbrook, visitors will find a dramatic bi-level floor plan that provides over 1,400 square feet of living area and is priced from $14,920.

The bi-level Foursome incorporates 4 bedrooms and 2 full baths into over 1,600 square feet of living area designed to provide convenience, privacy and comfort for all members of the family.

For families who prefer a ranch-style home, Golf Manor offers the new Greenview, a 3-bedroom all-brick home with an attached garage included in the purchase price from $15,800. One of the Greenview features especially popular with visitors is the covered rear terrace that invites you to enjoy every pleasant breeze of the outdoor season.

Certain to be a popular model with large families is the Woodside, a 3-level face brick home offering a choice of either 3 or 4 bedrooms, 2 full baths, over 1,800 square feet of living area, and an attached garage included in the purchase price of from $18,040.

Located at Union Lake Road and Commerce Road, Golf Manor offers residents city sidewalks, paved streets, storm sewers and city water.

All models are open daily and Sunday from 12 noon to 8 p.m., on Saturday from 12 noon to 6 p.m. and closed on Wednesdays. Sales for Golf Manor are being handled exclusively by Proper Realty.

Franchise Granted Firm for Component Housing

Peterson Real Estate of Lake Orion has been given exclusive franchise rights in Oakland County by Component Houses of Detroit for the building and selling of new type homes which can be purchased for as little as $1,990.

The homes, which are bought on a do-it-yourself basis, are not prefabricated even though the pieces are sold in four foot modules. The pieces are pre-cut and pre-constructed in Detroit after the lumber is shipped from the company mill in Oregon.

Once the parts are bought, the buyer may decide on any of a number of ways to build the home.

The company only sells parts for the shell of the home; the inside work is left entirely to the buyer who may purchase the lumber for the home from Component Houses. A model house is open for the public's inspection on Sunset Rd., just north of Clarkston Road.

Representatives of the company, in announcing the granting of the franchise to Peterson, stated that their product is aimed at the almost 80 per cent of the population which makes $6,000 a year or less.

They pointed out that most 30 year term homes are not paid for. The company has its own finance system, and will finance anywhere. Under their system, a house can be fully paid for in seven years.

Lighter Paint Colors Can Save on Light Bills

Your choice of paint color can affect your electric bills because certain colors absorb most of the light that falls on them. Dark green, for example, absorbs 80 per cent of the light, olive 90 per cent as does purple. So if you use such colors on your walls, you may find that you will have to use bulbs of larger wattage or more lamps in order to obtain sufficient light.

* * *

On the other hand, white paint reflects 70 to 90 per cent of the light that falls on it, ivory and cream 55 to 78 per cent, and yellow 65 to 75 per cent.

NEW INSULATION — Fiberglas Sill Sealer insulation applied during construction between the foundation and sill plate of homes, compresses to 1/32 of an inch, plugs air spaces, and saves enough, in both installation and heating costs to pay for itself in one year in most climates.

Exciting New Products Make Living Nicer

Families shopping for new homes in 1961 will discover dozens of new product features to make their way of life more efficient and gracious.

For example, hi-fi intercom systems, will be featured in many new houses, so family members can talk to each other from room to room. Nor will these be the "squawk-boxes" used in offices and stores. A system offered by Emerson Electric will make the lady of the house sound like Ella Fitzgerald — and make Ella Fitzgerald sound better than ever when the family's AM-FM radio or phonograph is connected to the intercom.

Adjusting both hot and cold water taps everytime to get the right water temperature will be eliminated in many new homes. A Moen Faucet dials the desired temperature once, and so the faucet simply has to be turned on or off. It is easy as turning the dial to make the water hotter or colder when the occasion demands.

As any housewife knows, half the art of cooking is good timing. To make everything come out on schedule — hot and fresh— will now be far easier, thanks to Thermador food warming drawers, featured in many 1961 homes. Now the most complicated menu can be prepared — and late husbands or one more round of cocktails won't make a good meal go cold and "flat."

Still another convenience featured is the Briggs circular lavatory bowl in a choice of six decorator colors — especially designed for new vanity counters. Ladies will be able to sit down when they make up, and have plenty of counter space for cosmetics and fashion accessories.

Other features of 1961 houses will be closets with floor-to-ceiling "floating doors" that turn entire walls into closet units. The unit by Float-Away Door Company operates quietly and securely on nylon pivot bearings. New kitchens will be furniture-styled — and rich, luxurious units designed by Mengel can be expected to be seen in many 1961 model homes.

Home Guide Offers Tests

One of the first, and most essential things to look for when you build or buy a house is a good floor plan and room layout, according to A. M. Watkins, author of a comprehensive new guide on judging house quality.

In the guide, Watkins gives five basic tests for a good plan. A house that passes these tests, he says, is likely to be of top design in other crucial areas, too. Well-planned houses by top architects automatically pass these tests.

* * *

1. Is the family entrance, usually through kitchen, properly located? It should be near the garage and driveway for speedy grocery unloading and convenient in-and-out travel for the family at all times.

2. Is the kitchen centrally located? From the kitchen a woman should have control over the entire house, be near the front door, be able to watch children playing outside, and be near dining and living rooms. The kitchen "should be a command post, not a foxhole," says Watkins whose guide is called "How to Judge a House."

3. Is the main (front) entrance well planned? Guests enter here. It should be near the driveway and street, and have a foyer and coat closet.

4. Is there good room-to-room circulation (occupants' travel routes within the house)? Can you go from any room to any other room (except dining room) without passing through a third room? From any entrance to any room without walking through a third room? The living room in particular should be free of cross-traffic.

5. Is there a good indoor-outdoor relationship? Is it easy to reach the patio, terrace or outdoor play area from the house?

The new guide can be had for $1 from All About Houses, Inc., Box 26, Piermont, N.Y. It also gives tips on such things as getting sound construction, avoiding the five biggest causes of high upkeep expenses in houses, plus a 120-point check list for judging houses.

Gives Flexibility

If truss rafters are used in the design of a home, builders suggest that partitions can be placed any spot desired in the home. Use of truss rafters is expecially desirable in open area homes where partitions are not used.

Southern Exposure Best for Kitchen

The all-important kitchen may be loaded with new appliances and equipment but it can still be a highly uncomfortable or gloomy place because of the wrong exposure, according to A. M. Watkins, author of a comprehensive guide for families planning to build or buy a house.

"Ideal exposure for kitchen and dining area is generally on the southeast side of a house. This will give you bright morning sunshine for breakfast all year around," Watkins says, coupled with a minimun of hot, late afternoon and early evening sunshine in summer when you don't want it.

A south-facing kitchen gets less morning sun, especially in summer, but more afternoon sun. A kitchen facing north gets practically no morning sun except for a little in summer and is exposed to cold winds in winter.

Watkins, whose home guide is called "How to Judge a House", says that a kitchen on the west or southwest is generally worst of all. It gets the most sun heat in late afternoon which can make it unsufferably hot in summer.

Takes Figuring

To figure out how much wallpaper you need for a room, multiply the distance round the room by the height of the room (in feet) and divide by 30. Deduct two rolls for every four ordinary sized openings (windows and doors) and what's left is the number of rolls you should order. This allows for matching pattern, too.

Northern hard maple flooring can be laid to advantage over wood joists or over concrete slab construction. Both methods are used in modern home design.

To prevent sweating pipes, you can cover the cold water lines with a special type of covering that is available.

Booklet Available on Door Operators

The Door Operator & Remote Controls Manufacturers Association announces the publication of a new 8-page booklet telling home owners the answers to four common questions about door operators:

★ ★ ★

1. What is a garage door operator?
2. How will I benefit?
3. What does it cost to own—operate?
4. What brands can I rely upon?

This 8½x11 booklet is attractive green, black and white is profusely illustrated in intriguing cartoon effect. It also illustrates the new DORCMA member seal. Look for this seal when purchasing your garage door operator.

If you are planning on equipping your garage with an automatic garage door operator or building a new home, be sure to write DORCMA, 110 N. Wacker Dr., Chicago 6, Illinois, for this booklet. It will tell you what you need to know, plus the names of reliable manufacturers from whom to buy your door operator.

IN OXFORD TOWNSHIP—Shown is the largest model in the Red Barn Subdivision, between Lake Orion and Oxford. This all brick ranch home has 4 bedrooms and 1½ baths, plus a full basement. There are 3 other models in the subdivision with prices starting at $12,290, plus costs. Carlisle Building Company of Oxford is developing the area. Open hours are 11 to 8 daily. The models are just north of Alban's Country Cousin.

Paint on Dry Lumber Is Long Lasting

Paint on wood is a prime source of the "modern look." With a fresh coat, many of our older homes may appear almost as new as their younger contemporaries.

Tests by the U.S. Forest Products Laboratory at Madison, Wisconsin, have proven that paint lasts longer when lumber is dry. Therefore, the surface siding should be properly seasoned as well as framing lumber and wood sheathing.

Ends of siding should be cut square and adjoining boards butted tightly together. Joints where siding fits against corner board should be tight. A sealer coat should be applied at ends to seal walls against rain.

A wide roof overhang is an attractive architectural feature. It's also an excellent device for protecting paint against sun and rain. Where the overhang is less than 12" for a one story house, or 24" for a two story, roof gutters should be provided, with adequate downspouts.

Where such precautions are observed, a good quality dark colored paint should last at least 6 to 8 years on Southern Pine siding, probably longer. For light colored paints, the average life expectancy would be somewhat less.

Hot and Cold System Studied

It's a topsy turvy world.

Engineers at the University of Illinois are studying a heating and cooling system which operates with a baseboard installed not at the floor level but under the ceiling.

In the winter, hot water from a boiler is circulated through the baseboard for heating.

In the summer, chilled water from a water chiller is circulated. There is a trough under the baseboard to catch the condensation which is directed to the plumbing system or to the outdoors. The system is known as the "valance heating and cooling system."

The research work is being carried on at the new Hydronic Research House just off the campus of the University of Illinois. The house was built by members of hydronic heating and cooling systems.

The house is equipped with every known device for measuring temperature, radiation, air movement, and other factors which determine comfort in an indoor environment.

Warm Up Cottage

Your summer cottage needn't be a "short-season" affair. Use it from very early spring on by installing one of the many new prefabricated fireplaces and chimneys now on the market. Before installing, however, be sure to inquire about local building codes. Some codes will require fireproof materials, such as ceramic tile, for floors and walls near fireplaces.

Choose From Four Models in Red Barn Subdivision

One hundred and fifty new homes are planned for the subdivision between Lake Orion and Oxford. The Red Barn Subdivision. Carlisle Building Company of Oxford Township is developing the area.

Lots average 85 to 100 feet. The builder is putting in sidewalks and paved streets. There is community water. Each home has a septic tank.

Four models are finished and furnished. The smallest one, selling for $12,290 (plus costs) is a ranch house on a slab with attached garage. The next model is a 3-bedroom ranch with full basement.

Number three is a tri-level, while the largest home is again a ranch style with four bedrooms and 1½ baths, plus a full basement. This one is al brick, but the others are brick-faced.

All are heated with gas. All have birch cabinets in the kitchens with Formica counter tops. Built-in kitchen equipment is optional as are garages with the three larger homes.

There is a fireplace in the finished family room of the tri-level. This model sells for $13,390 plus mortgage costs.

Any one of the homes may be had with no down payment. The four-bedroom model is priced at $14,490 plus costs.

All the models are open from 11 to 8 daily. Go out M-24 through Lake Orion, past the Country Cousin and turn left off the highway.

Caulking Compound Will Prevent Water Seepage

Whenever two building materials meet, the point of contact should be sealed with caulking compound to prevent water from entering the wood and damaging the paint as it escaped through the surface. Examples are the juncture of siding and window frames, siding and masonry, balustrades and flooring.

Right angle joints of wood should be caulked, too, such as butt joint of siding and corner boards, porch floors and siding. And don't overlook gaps between two pieces of siding.

Pictures in Bath Spark up Room

Colorful pictures on the wall can snap a dull bathroom out of the doldrums. They and a few kindred accessories can set a theme in what is too often a rather dull, small room.

★ ★ ★

Consider adding striped, plaid or solid color mats to tie in with or match curtains, walls or tile color. Paint the frames for a touch of contrasting color. Be imaginative for this small spark may light the way to personality touches important rooms of the house.

Wood Holds Up

Many home owners report that wood paneled walls never need retouching or refinishing after years of service, while plaster walls need continuous retouching. Woods like west coast hemlock finished naturally wear just like a fine piece of furniture.

Push One Sliding Door and Other One Follows

A recent hardware innovation enables homeowners to have the classic bi-parting, between room doors that were so popular for so many years—with a major difference. Today, according to Space Saving Institute, Mrs. Homeowner need simply push one door aside and its twin member slides automatically along with it — in the opposite direction.

Automatic biparting hardware is proving to be of great interest as the master opening to the living or family room.

Termite-Free Building Subject of Booklet

Of special interest to the builder of residential and commercial structures, the booklet "How to Build Termites Out," is available on request. It details simple precautions that can be followed during construction to minimize the dangers of termite destruction.

★ ★ ★

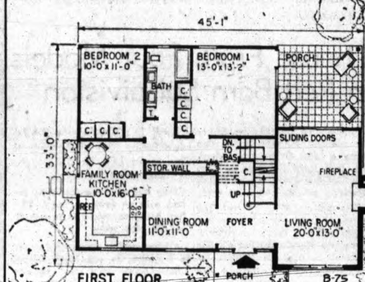
Please address requests for this valuable information to Editor, Bruce Magazine, E. L. Bruce Co., Memphis 1, Tenn.

ROOM TO SPARE—This attractive story-and-a-half model has two bedrooms on the first floor with an upstairs expansion plan that would add two more large bedrooms, a full bath, and a studio or study—more than doubling the sleeping quarters. The exterior features shingles, stone veneer and a brick and stone chimney.

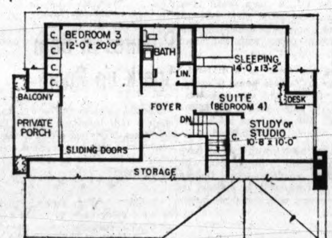
B-75 STATISTICS

A 1½ story house containing two bedrooms and one bath in 1,232 square feet of living area on the first floor, plus upstairs expansion plan for two additional bedrooms, bath, and studio or study in 720 square feet additional living space.

Dimensions are 33' deep by 45'1" wide. Downstairs bedrooms are 10' by 11' and 13' by 13'2"; upstairs bedrooms are 12' by 20' and 14' by 13'2' with 10'8" by 10' study adjoining smaller bedroom.



FIRST FLOOR



SECOND FLOOR EXPANSION

FLOOR PLANS—The second floor expansion would add 720 square feet additional living area to the 1,232 square feet on the downstairs level. Plans for the basement are not shown. Note the abundance of closets in B-75, in addition to the storage wall in the downstairs hall and the upstairs storage area. Note also the excellent circulation, with all through-room traffic eliminated.

Louver Doors Shelter Patio

"Rain checks" for patio parties are on the way out as the movement grows to convert patios into outdoor living rooms protected by roofs, screens, and windbreaks.

The right place for a windbreak, of course, is on the side where the strongest breezes strike. Louver doors of ponderosa pine, either nailed together or hinged for easy adjustment if the wind is shifty, make an attractive wind screen. Louver doors are available at building material dealers, pretreated to withstand weather and ready to be painted or stained.

Screening around the open sides of a patio is easily installed and economical if it consists of ponderosa pine screen doors nailed together or to a frame.

To make a patio completely weatherproof and usable in winter too, use combination storm and screen doors of ponderosa pine. The glass inserts go in place quickly and easily when it's time to take out the screens.

To add spaciousness to a living-room that adjoins a patio, install walls of windows and a connecting door between the two areas. Like louver doors, ponderosa pine doors and windows in many sizes and styles can be purchased from local building material dealers.

Free-Standing Fireplace

A popular fireplace idea is a free-standing unit in the center of the living room. It can be a prefab Franklin-stove type, or a circle of bricks with a hood overhead. As a finishing touch for either, use ceramic tile for the hearth. It is completely fireproof, easy to maintain, and comes in a variety of colors and patterns.

Modernization of Homes Stressed by New Group

Greater Detroit home owners will benefit from a new organization formed July 10 at a meeting held at Showcase, Inc., 136 Brownell, Birmingham, Michigan.

The meeting, attended by Builders and Modernizers, Educators and City Planning officials, Realtors and Home owners, Manufacturers and Supplier, Financial Institutions and Credit Bureaus, resulted in the establishment of a Metropolitan Detroit Chapter of the Home Improvement Council, a non profit organization.

★ ★ ★

Mr. Edgar Hall, Executive Director of the National Home Improvement Council, New York City addressed the group, pointing out the need for an upgrading of the modernization segment of the building industry, and the need for greater public confidence in and acceptance of modernization.

He stated, "Our goals are the promotion of ethical advertising, acceptable workmanship and responsible contractors. We must educate the public and the industry as to the benefits to be derived from modernization, and as to reputable sources of plans, designs, materials, contractors and financing."

The following officers were elected:

President, Morris Litvin, Mt. Clemens Lumber Co.; vice president, Nick Wurmer, Radio Distributing Co.; vice president, Dick Forbush, Kimball Russell, Inc.; treasurer, Don Goldman, Glidorama Division, Whizzer Industries; secretary, C. G. Bunting, Consultant.

★ ★ ★

In outlining the objectives of this association, Mr. Litvin said:

"The first think we must do is convince the public of the advantages of sound modernization. Many people are well satisfied with their neighborhoods, with its well known shops, schools and transportation, but their homes have gradually become obsolete, according to modern standards, or too small. The second thing we must do is introduce more integrity in the modernization industry, and instill confidence in the minds of the home owner."

Ancient Indians Utilize Modern Plastic Piping

Navajo Indians find plastic pipes solve more problems than peace pipes. The nation's largest tribe, faced with a critical water shortage on its Window Rock, Arizona, reservation, is solving the problem by installing high density polyethylene pipe systems to carry water to its homes and stockyards.

Orangeburg Manufacturing Company estimates that 100,000 feet of pipe is being added annually on the reservation that extends over three states in one of the driest areas of the U.S.

Two Story Plan Joins Best of Past and Present

By JULES LOH

A built-in expansion plan which more than doubles the area of sleeping quarters makes this House of the Week design ideal for the house hunter with a growing family.

★ ★ ★

"The upstairs can be left unfinished until the expansion is needed," said architect Rudolph A. Matern, who designed B-75. "And if you're handy with tools you can do the work yourself, a part at a time, for a fraction of the professional cost."

The house is an attractive story-and-a-half model with a modest 1,232 square feet of living area on the first floor, which contains two bedrooms.

The upstairs expansion would add 720 square feet additional — a huge 12' by 20' bedroom, extra large bath, and a suite including another large bedroom with a studio or study.

Another striking feature of B-75, in tune with today's needs, is a 9' long bank of storage cabinets in the downstairs hall.

STORAGE WALL

The storage wall, a foot and a half deep, provides more than 94 cubic feet of utility space. It's excellent location makes it convenient not only to both bedrooms and the bathroom (for towels and blankets and such) but also handy to the kitchen, a perfect place for the ironing board and other gear that frequently gets shoved into some inaccessible corner.

Probably one of the most used rooms in the house would be the 160 square foot private rear porch on the ground floor which is entered from both the living room, through sliding glass doors, and the bedroom.

The kitchen is especially well designed — a full 10' width, but with a U-shaped service area which means fewer steps. It's a real family kitchen, too, with plenty of room for breakfast space; and has a convenient side entrance service door.

★ ★ ★

The house is 45'1" wide and 33' deep, leaving plenty of room on a moderate sized lot for a detached garage.

This house has an unusual amount of storage space, in addition to the downstairs storage wall. Note the abundance of closets in each of the four bedrooms, plus the coat closet in the foyer and the large linen closet in the upstairs bathroom. Lined up side to side, they would require a clothes pole 42' long — just three feet less than the width of the house.

The upstairs expansion also leaves room for a walkin storage area, entered through 6' wide doors; and there are unlimited storage opportunities in the basement.

BALCONY

A dramatic feature of the upstairs is the private balcony porch off the large bedroom — an attraction rivaling the studio facilities adjoining the other upstairs bedroom.

Downstairs, the front foyer provides good circulation by eliminating through-room traffic. Thus the living room remains isolated, a formal 20' by 13' entertaining area featuring a large attention-getting fireplace.

Another eye-catcher is the foyer arrangement of a planter at the end of the storage wall, with exposed beams above. The design also provides an opportunity for dramatic lighting effects.

★ ★ ★

The exterior of B-75 is an appealing combination of shingles, stone veneer and a brick and stone chimney. The large picture window in the living room is attractive from both indoors and out, and the long flower box beneath the kitchen and dining room windows adds to the horizontal lines of the house. The covered front porch is another exterior attraction.

★ ★ ★

The service-entrance side of the house is made attractive with the balcony above and large family room windows overlooking a planter box.

Half will be stored at Detroit Metropolitan Airport and the rest at state police headquarters here, ready for relay to needed points in the event of an airliner crash, a fire, flood or other natural disaster.

ORDINANCE NO. 46
TOWNSHIP OF WHITE LAKE, OAKLAND COUNTY, MICHIGAN

An ordinance for safe-guarding life and property by regulating and providing for the inspection of the installation and maintenance of electric wiring, electric devices and electric material; to provide for the licensing and registration of Electrical Contractors and the licensing of Journeymen electricians in the Township of White Lake; to provide a reciprocal arrangement for the recognition of examinations and licenses issued by other municipalities in the State of Michigan voluntarily co-operating in the enforcement of this ordinance; to provide a penalty for violations thereof and to repeal all other ordinances and sections of ordinances in conflict therewith of the Township of White Lake, Michigan.

SECTION 1
Electrical Inspection

A. The Electrical Board hereinafter called the Inspection Authority shall have and hereby is given jurisdiction, subject to review as hereinafter provided, over the inspection of all electrical installations, including changes, repairs, and additions thereto within the Township of White Lake. The Township Board shall appoint an Electrical Inspector who shall inspect all electrical installations and report to the Inspection Authority. This jurisdiction shall apply to the installation of wiring devices, apparatus and equipment for connection to electricity supply systems having voltages over 30 volts, except as provided in Section 4.

SECTION 2
Fees for Inspection

A. When an application is made for a permit required under the terms of this ordinance, a fee shall be paid in an amount as prescribed by the Township Board of White Lake.

SECTION 3
Right of Access to Buildings

A. The Electrical Inspector and/or his deputy shall have the right during reasonable hours to enter any building in the discharge of his official duties or for the purpose of making any inspection or test of the installation of electric wiring, electric devices and/or electric material contained therein and shall have the authority to cause the turning off of all electric supply and cut or disconnect, in cases of emergency, any wire where such electrical currents are dangerous to life or property or may interfere with the work of the Fire Department.

SECTION 4
Permits

A. No alterations or additions shall be made in the existing wiring of any building, nor shall any building be wired for the placing of any electric lights, motors, heating devices, or any apparatus requiring the use of electrical current at a potential over 30 volts, nor shall any alterations be made in the wiring in any building after inspection, without first notifying the Inspector and securing a permit therefor. Applications for such permit, describing such work, shall be made by the person, firm, or corporation installing same and permit when issued shall be to such applicant.

B. Permits shall be issued only to:

1. Licensed electrical contractors.
2. A bona fide owner of a single-family residence which is, or will be on completion, his own place of residence, and no part of which is used for rental or commercial purposes nor is now contemplated for such purpose, provided that the owner applies for and secures a permit, pays the fee, does the work himself in accordance with the provisions hereof, applies for inspections and receives approval thereof, by the Electrical Inspection Authority. Failure to comply with these requirements will subject the owner's permit to cancellation.

C. This section shall not apply to maintenance and repairs on the premises of a person, firm or corporation regularly employing qualified electricians for that purpose, nor such minor repair work as repairing flush and snap switches, replacing fuses, changing lamp sockets and receptacles, taping bare joints or repairing drop cords.

SECTION 5
Inspection

A. Upon the completion of the wiring of any building, it shall be the duty of the person, firm or corporation installing the same to notify the Inspector, who shall inspect the installation as soon as possible, and if it is found to be fully in compliance with this Ordinance and does not constitute a hazard to life and property, he shall issue to such person, firm, or corporation for delivery to the owner a certificate of inspection authorizing connection to the electrical service and the turning on of the current. All wires which are to be hidden from view shall be inspected before concealment and any person, firm, or corporation installing such wires shall notify the Inspector giving sufficient time in which to make the required inspection before such wires are concealed.

SECTION 6
Re-Inspection

A. The Electrical Inspector may make periodically a thorough re-inspection of the installation in buildings of all electric wiring, electric devices and electric material now installed or that may hereafter be installed, within the Township of White Lake and when the installation of any such wiring, devices; and/or material is found to be in a dangerous or unsafe condition, the person, firm or corporation owning, using, or operating the same shall be notified and shall make the necessary repairs or changes required to place such wiring, devices and material in a safe condition and have such work completed within fifteen days, or any longer period specified by the electrical inspector in said notice. The Electrical Inspector is hereby empowered to disconnect or order the discontinuance of electrical service to such wiring, devices, and/or material so found to be defectively installed, until the installation of such wiring, devices and material has been made safe as directed by the Electrical Inspector.

SECTION 7
Construction Requirements

A. No certificate of inspection shall be issued unless the electrical installation is in strict conformity with the provisions of this ordinance, the statutes of the State of Michigan, including Act 217 of the Public Acts of 1956, the rules and regulations issued by the Michigan Public Utilities Commission under the authority of the State statutes, and unless they are in conformity with approved methods of construction for safety to persons and property. The regulations as laid down in the National Electrical Code, as approved by the American Standards Association and in the National Electrical Safety Code, as approved by the American Standards Association, and in the Township of White Lake rules and regulations established as hereinafter provided (Section 10, par. D) shall be prima facie evidence of such approved methods.

B. Pursuant to the provisions of Act 185 of the Public Acts of 1943 of the State of Michigan, as amended, the National Electric Code, 1959 Edition, as promulgated and published by the National Board of Fire Underwriters, New York City, New York, and such other local rules as deemed necessary by the Township Board are hereby adopted by reference by the Township Board of White Lake as in this Chapter modified for the purpose of regulating the installation, alteration, repair, conversion, use and maintenance of all new electric wiring for light, heat and power service equipment, for radio and television systems in buildings and structures. Complete copies of the National Electric Code, herein adopted, are available for public use and inspection at the office of the Building Official.

SECTION 8
Approved Materials

A. It shall be unlawful to install or use any electrical device, apparatus, or equipment designed for attachment to, or installation on any electrical circuit or system for heat, light or power that is not of good design and construction and safe and adequate for its intended use. The Electrical Inspector shall have power to disapprove the use or installation of devices not fulfilling these requirements. Devices, apparatus and equipment approved by such generally recognized authorities as United States Bureau of Standards, Electrical Testing Laboratories of New York, or Underwriters Laboratories shall be held to have the approval of the Electrical Inspector unless explicitly disapproved by said authority for reasons of faulty design and poor construction involving danger to persons and/or property.

B. It shall be the duty of the Electrical Inspector from time to time to inspect devices, apparatus and equipment offered to the public for use in installation to see that such items conform to the above requirements.

SECTION 9
Record and Review

A. The Inspector shall keep complete records of all permits issued and inspections made and other official work performed under the provisions of this ordinance.

B. When the Electrical Inspector condemns all or part of any electrical installation, the owner or contractor may within seven days after receiving written notice from the Electrical Inspector, file a petition in writing for review of said action of the Electrical Inspector with the Board of Examiners upon receipt of which the said Board of Examiners shall at once proceed to determine whether said electrical installation complies with this ordinance, and within five days shall make a decision in accordance with its findings.

SECTION 10
License for Electrical Work

A. It shall be unlawful for any person, firm or corporation to engage as an independent contractor in the installation, alteration, maintenance or repair of electrical wiring, equipment, apparatus or fixtures for light, heat or power purposes where the electromotive force exceeds 30 volts in or about buildings and/or structures located within the Township of White Lake without first having procured a license.

Persons making application must be 21 years of age, shall have held a license as a Journeyman electrician for a period of at least 2 years, and shall have passed a suitable examination for Contractor's License, must have at least one member of the firm with the above qualifications and experience.

A Board of Examiners is hereby constituted consisting of the Electrical Inspector of the Township of White Lake, who may serve as chairman of the board, a representative of an Electrical Utility Company, a licensed Electrical Contractor and a licensed Journeyman Electrician, and the said Electrical Contractor and Journeyman Electrician shall have at least 10 years' experience in electrical work. The members of said Board of Examiners shall be appointed by the Township Board for such terms as shall be designated at the time of appointment. The Board of Examiners shall examine all applicants for either Contractor's or Journeyman electrician's licenses. Applicants failing to pass will not be eligible for re-examination in any reciprocating Municipality for a period of Thirty days. All applicants for licenses shall designate their legal address as the location of their residence in the case of Journeyman electricians, and their legal address as the principal place of business in the case of electrical contractors. All electrical contractors and journeyman electricians having their legal address within the corporate limits of the Township of White Lake shall secure their licenses from the said Inspector.

The Board shall prepare the application blanks, prescribe the examination and meet at least once a month or on call of the Inspector to hold examinations. Due notice shall be given applicants of the date of examination.

B. It shall be unlawful for any person to engage in the occupation or trade of Journeyman electrician in the installation, alteration, maintenance or repair of electrical wiring equipment, apparatus or fixtures for light, heat, power or medical purposes where the electromotive force exceeds 30 volts in or about buildings and/or structures within the Township of White Lake without having first taken the examination and obtained a license as herein provided. This provision shall not apply to helpers, and apprentices, provided such work as they may do is performed under the direction and supervision of licensed Journeyman electricians who shall be on the premises at all times when such helpers or apprentices are performing such work on the premises.

All applications for said examination shall be in writing. The examination shall consist of an oral or written examination as the Examining Board shall determine, and such other practical tests in examination at the discretion of the Examining Board. Stenographic notes shall be taken of all oral examinations.

Minimum qualifications for examination for Journeyman electricians shall be four years of practical experience. Time spent in trade school attendance shall be credited as apprentice experience. Four years in technical school and one year practical experience shall also qualify for examination.

C. The fee for an Electrical Contractors license shall be $25.00 per year. The fee for a Journeyman Electrician's license shall be $5.00 per year. Licenses shall expire on December 31st of each year, and shall be renewed upon application by the licensee, together with the payment of the required fee. After March 1st all licenses not renewed shall be considered cancelled and may not be renewed except upon approval by the Examining Board. Electrical Contractor's licenses and Journeyman electrician's licenses shall be issued by the Inspector upon recommendation of the Examining Board. Licenses issued under this ordinance shall be nontransferrable and shall be displayed when requested. Electrical Contractors licensed under the terms of this ordinance shall not secure permits for work to be done by any person not employed by said electrical contractor, and license may be revoked for violation of this rule.

No license shall be recognized by the Inspector unless such licenses are issued by a cooperating Municipality having an Examining Board.

The Inspector shall permit Electrical Contractors lawfully licensed by other municipalities of the State of Michigan to install, alter or repair electrical wiring, equipment, apparatus of fixtures for light, heat or power purposes within the corporate limits of the Township of White Lake, upon payment of a Five Dollar registration fee, provided that such municipalities reciprocate in recognizing Electrical Contractors who are duly licensed under the provisions of this ordinance by granting them the same privilege and charging the same uniform license and registration fees. Provided further, that the licensing ordinances are substantially equal to the requirements of this ordinance. Journeyman electricians duly licensed by any municipality cooperating in the reciprocal arrangement shall be permitted to work in the Township of White Lake without the payment of a registration fee: provided, however, that any Journeyman electrician doing work within the Township of White Lake and holding a license from a cooperating municipality, shall register with the Electrical Inspector.

No Electrical Contractors' licenses shall be recognized, for the purpose of registration, by the Inspector of applicants who maintain their principal place of business in a municipality which fails to approve, by affirmative action of its Legislative Body, the reciprocal and mutually interchangeable licensing arrangements covered by this ordinance.

Corporations applying for Electrical Contractors' licenses, whose principal place of business is not in the State of Michigan, may obtain such license from the Inspector upon approval by the Examining Board and the payment of the prescribed fee. Provided, that the applicant shall file a duly executed bond in the penal sum of $1,000.00 running to the Township of White Lake conditioned for the faithful performance and observance of the ordinance and rules and regulations made and approved as hereinafter provided controlling the installation of electrical wiring and equipment. Such bond shall be a surety bond from a recognized and approved Surety Company authorized to transact business in the State of Michigan.

Any Electrical Contractor's or Journeyman electrician's license may, after a hearing, be suspended or revoked by the Examining Board having issued such license upon evidence presented that false statements have been made upon application for license or upon evidence presented that the person, firm, or corporation holding such license wilfully or by reason of incompetence repeatedly violates any rules and regulations relating to the inspection, maintenance, alteration or repair of electrical wiring, devices, appliances, or equipment.

D. The Board of Examiners is hereby empowered and it shall be their duty to make such rules and regulations concerning electrical work in the Township of White Lake as may be required to properly provide for the situation therein. The rules and regulations so made shall be effective upon approval by the Township Board, and shall take precedence over plans, specifications and National Electric Code Rules.

SECTION 11
Exemptions

The provisions of this ordinance shall not apply to the following:

A. The installing of radio receiving sets and equipment. (The installation of convenience outlets for power supply to a radio set shall be subject to such rules and regulations.)

B. This ordinance and its provisions shall not apply to apparatus and equipment installed by or for any public utility operating under jurisdiction of the Michigan Public Service Commission and used primarily for the generation or distribution of electric current or for signal or communication purposes.

SECTION 12
Penalty

A. Any person, firm or corporation who shall fail to comply with any of the provisions hereof, shall upon conviction thereof, be subject to a fine of not more than $100.00 or imprisonment in the County Jail or any other place of confinement provided by the County for such purpose in the discretion of the Court for a period not to exceed ninety (90) days, or by both such fine and imprisonment in the discretion of the Court unless otherwise provided in the Ordinance.

SECTION 13
Repeal of Conflicting Ordinances

All Ordinances or parts of ordinances conflicting with the provisions of this Ordinance are hereby repealed.

Should any section, subdivision, sentence, clause or phrase of this Ordinance be declared by the Courts to be invalid the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so invalidated.

SECTION 14
Liability

A. This ordinance shall not be construed to relieve from or lessen the responsibility or liability of any party owning, operating, controlling or installing any electric wiring, electric devices and/or electric material for damages or person or property caused by any defect therein nor shall the Township of White Lake be held as assuming any such liability by reason of the inspection authorized herein, or certificate of inspection issued as herein provided.

This Ordinance shall take effect thirty (30) days from the publication thereof, as required by law.

Made, passed and adopted by the Township Board of the Township of White Lake, Michigan, this 6th day of July, A.D., 1961.

FERDINAND C. VETTER,
Township Clerk
July 15, 1961.

Cupit Brothers Ahead With 18 Holes to Go; Jacky Has 199

WINNIPEG (AP)—The $30,000 Canadian Open Golf Championship will be won and lost today, with a pair of brothers from Texas standing an excellent chance of finishing one-two after an amazing display of par-shattering play in Friday's rain-soaked third round.

Jacky Cupit, 23-year-old sensation from Longview, Tex., shot a 6-under-par 64 for a leading 54-hole total of 199. His big brother, 34-year-old Buster, who now plays out of Fort Smith, Ark., was seven under with a blistering 63 over the Niakwa Country Club course for a 200 total.

* * *

George Knudson, of Toronto, shot a 5-under 65 to take third with a total of 205.

Another hot round was recorded by veteran Billy Casper of Apple Valley, Calif. He carded a 64—his best round of the tournament—for a 208.

Jacky Cupit	66-69-64—199
Buster Cupit	70-67-63—200
George Knudson	68-72-65—205
Mac Main	68-69-69—206
Bobby Nichols	69-70-67—206
Dave Hill	67-69-70—206
Tony Lema	65-70-72—207
Bill Casper	71-73-64—208
Charles Sifford	73-68-67—208
Dow Finsterwald	72-68-68—208
Phil Rodgers	71-69-68—208

Molenda Faces Sikes in U.S. Publinx Finals at Rackham

Collegians Battle for Title

By BILL CORNWELL

A stocky Detroiter and a slender Arkansan, both from the collegiate ranks, fought each other for the U.S. Amateur Public Links Golf Championship today at Rackham Municipal course in Royal Oak.

John Molenda, 22-year-old Detroit Tech junior, and Dick Sikes, 21-year-old junior at the University of Arkansas, squared off this morning in a 36-hole match play showdown for the 36th national publinx crown.

Molenda, who packs a solid 191 pounds into a 5-foot-11 frame, and Sikes, just a shade under 6 feet tall and scaling only 138, earned their right to struggle for the title with hard-earned victories Friday.

Sikes, who won medal honors in the 36-hole qualifiers, scored a 2-1 triumph over John Schlee of Memphis, another collegian, in their scheduled 36-hole semifinal match yesterday over Rackham's 6,538 yards.

Molenda was forced to go the full 36-hole route to eliminate Lou Gifford, 1 up, in their semifinal duel. It was Gifford who ousted Mike Andonian of Pontiac, 1 up, in Thursday's quarter-finals.

Sikes is attempting to become only the 3rd qualifying medalist in the history of the USGA-sponsored tournament to go on and win the event.

The late Carl Kauffman turned the trick in 1929 and Wilfred Crossley did it in 1947.

Molenda hopes to bring Michigan its first national publinx champion since 1955 when Sam Kocsis won the crown at Indianapolis, Ind.

It also marks the 2nd straight year that this state has put a player in the finals of the national tourney. East Lansing's Ty Caplin went to the final round last year at Honolulu and lost to Verne Callison, 7-6.

Both golfers entered the U.S. Public Links championship this year for the first time in their careers.

Molenda, former Lakepointe Country Club champion who severed his private club affiliation this year to become a full-fledged publinxer, had to work hard to dispose of Gifford, the 40-year-old Navy Lt. Commander from Jacksonville, Fla.

The DIT golfer was 1 down at the end of the morning 18 and still 1 down after 27 holes. He finally won the match by winning two of the last four holes.

Molenda squared matters in the afternoon at No. 11 with a par four after exploding from a bunker within six feet of the cup and dropping the putt. Gifford was short of the green, chipped poorly and putted twice.

* * *

A par four on the 15th gave Molenda the lead for the first time in an 18-hole stretch as Gifford missed a four-foot putt to take a bogey.

Molenda also won the 16th with a par three to go 2 up as Gifford again missed the green and putted twice. Gifford fought back to win the 17th with a birdie three, but the match ended at No. 18 with a half. Molenda was four over par for the match.

Sikes was two under par in his conquest of Schlee, a 22-year-old Memphis State junior who hails from Seaside, Ore.

Sikes was 2 up after the first 18 holes; 3 up after 27 and 4 up after 29.

Schlee rallied to win the 31st hole and then cut Sikes' lead to 2 with a seven-foot birdie putt on the 34th hole. But Sikes was not to be denied and the contest ended with a half on the 17th green.

So a war of youth rages at Rackham today as Molenda and Sikes bid for the national public links title.

PUBLINX FINALISTS—Dick Sikes (left), University of Arkansas student, and Detroit's John Molenda, a Detroit Tech pupil, met today at Royal Oak's Rackham Municipal course in a 36-hole match play showdown for the championship of the 36th U.S. Amateur Public Links golf tourney. Both golfers are playing in their first national publinx tournament.

Injury-Riddled Bengals Stung by Kralick, 5-2

Minnesota Win Keeps Detroit From Moving Back Into Lead

DETROIT (UPI) — The Detroit Tigers, with a patched up infield and a bench full of injured power hitters, sent Jim Bunning against the Minnesota Twins today in an effort to stay in the race with the New York Yankees.

Manager Bob Scheffing and his wounded Tigers will need more than Bunning and his 9-6 record, however, to stop the rising Twins who are expected to start Camilo Pascual (7-11) in the afternoon contest.

The Twins made it two in a row since the All-Star break last night by downing the Tigers 5-2. Thursday they clipped the once-proud Cleveland Indians while the Tigers were idle.

The Chicago White Sox helped the Tigers last night by downing New York 6-1, but the Yankees held their 3-percentage-point lead over the Tigers in the two-team race for American League honors.

* * *

Chico Fernandez, sometime shortstop who had his tonsils out last Monday, was at third base for the Tigers in place of the injured Steve Boros. Boros is expected to return to action today or tomorrow.

Bobo Osborne played first for Norm Cash who joined the injured list with a foot infection which threatened to bench him for a week.

Frank Lary pitched seven innings but took the loss to leave his record at 13-5. The Twins jumped on Lary early and often, picking up one in the first, another in the third, another in the fourth and another in the sixth before he gave way to a pinch batter.

Southpaw Jack Kralick baffled the Tigers on the way to picking up his ninth win against five losses, striking out eight and walking only one.

Al Kaline, Dick McAuliffe, Dick Brown and Fernandez all collected doubles but the big blow went to the Twins' Bob Allison who hammered his 17th homer of the season.

Lennie Green, who opened the game with a single and then scored for the Twins, provided the speed Minnesota needed, and also a good deal of the hitting.

He was three-for-five, including a double. He stole second to set up the first run, took third on a wild toss to second and then capped the performance by coming home on a wild pitch.

Brown, who has been on the injured list with a bad hand, got a pinch hit double in the ninth as the Tigers attempted to rally. His replacement behind the plate, Mike Roarke, contributed three for four, scoring one of the two Tiger runs and driving in the other.

Still Maintain Five-Game Lead

Cubs Have Cincinnati's Number

By The Associated Press

The Cincinnati Reds may treat the Philadelphia Phillies like poor relations, but they're first class kissin' cousins at the moment.

The Reds, 12-0 against Philadelphia this season, were spilled again by the Chicago Cubs, 8-7 in 10 innings, Friday night despite Frank Robinson's hot bat and relief ace Jim Brosnan. But Cincinnati retained a five-game bulge in the National League race when the last place Phils, after losing 11 in a row to Los Angeles, came from four runs behind and belted the second-place Dodgers 7-5 in 10 innings.

It was the ninth victory in 13 games against the Reds for the seventh place Cubs, while the Phils had won just one of 13 from the Dodgers.

Pittsburgh hung on to third place by beating fourth place San Francisco 6-4 on an eighth-inning bases-loaded home run by Roberto Clemente. St. Louis defeated Milwaukee 2-1.

In the American League, the New York Yankees lost 6-1 at Chicago, but kept a percentage point edge over Detroit when Minnesota beat the Tigers 5-2. Baltimore defeated Boston 7-6, Cleveland rapped the Los Angeles Angels 7-5 and Kansas City took two at Washington, 8-3 and 9-7, in 10 innings.

A pinch single by Dick Bertell won it for the Cubs after George Altman, who also had an RBI triple, tied it 7-7 with a two-run homer in the ninth off loser Brosnan (5-3). It was only the fourth home run allowed by Brosnan in 42 innings this season.

Robinson, batting .460 with 33 RBI in his last 28 games and riding a nine-game hitting streak, was 3-for-4 and gave the Reds a 7-5 lead with a solo home run, his 25th, in the eighth. Billy Williams smacked two homers for the Cubs, who out-hit the Reds 17-12. Barney Schultz (3-1) won it in relief.

The Phils, shaking an eight-game losing string, chased Los Angeles southpaw Johnny Podres in a three-run eighth inning, tied it 5-all on Tony Gonzalez' home run in the ninth and then beat reliever Roger Craig (3-6) on a single by ex-Dodger Don Demeter in the 10th.

Lee Walls drove in two runs with a pinch triple in the eighth and opened the winning rally with another three-bagger. Jack Baldschun (2-1), who has worked in each of the Phils' last eight games, was the winner with three hitless innings of relief.

Clemente's 13th home run was the first Pittsburgh slam of the year—and the sixth the Giants' pitching staff has given up this season. Rookie Dick LeMay (1-2), the loser in relief, was the victim this time. Reliever Clem Labine (2-0) won it, with a save by Elroy Face, after giving up a seventh-inning home run by Orlando Cepeda that built a 4-1 edge for the Giants. It was Cepeda's 25th, giving him a tie with Robinson for the NL lead.

Carl Sawatski drove in both runs for the Cards, breaking a tie with a ninth-inning home run off Bob Buhl (5-8). Larry Jackson and winning reliever Lindy McDaniel (6-3) held the Braves to four hits. Stan Musial had two doubles — giving him a career total of 1,300 extra base hits that is second only to Babe Ruth's 1,356—and scored the first run as Sawatski grounded out in the second inning. Joe Adcock's homer tied it for Milwaukee in the fifth.

Former Winner Favorite in Mackinac Yacht Race

CHICAGO (UPI) — Clayton Ewing's Dyna, twice a winner of the Mackinac Island Yacht Race, was favored today to add a third title in the 54th annual event stretching 333 miles from Chicago northward and across Lake Michigan.

* * *

The field of 96 boats, second largest entry list in history, was to start from the Chicago loop harbor in five classes, beginning at 1 p.m. (CDT) and ending at 1:45 p.m., with 15 minute intervals between four groups.

Dyna, winner of the race in 1957 and 1958, has just returned from an 18,000-mile cruise, part of it covering a victory in Class A in last year's Bermuda Race. It also competed in the Trans-Atlantic Race from Bermuda to Sweden.

Dyna has the fifth lowest handicap, 3 hours, 24 minutes, 31 seconds, in the field. Major competition was expected from three other Class A boats—Gypse, owned by Charles Kotovic, Milwaukee, the 1953 winner; Blitzen, cruising division victor in 1946, owned by Tom Schoendorf, Chicago; and Hother, a cutter, owned by P. Leboutillier Jr., of Toledo, Ohio.

* * *

The race was expected to end sometime Monday afternoon, about 49 hours after the start. The record for the event is 31 hours, 14½ minutes, by the Amorita in 1911. However, winners are decided by elapsed time minus the pre-determined handicap and victors in each division may not be known until Tuesday.

Mrs. Castleberry Wins

Mrs. Madeline Castlebury shot 36 to win low net honors in this week's competition in the Women's Silver Lake Golf League. Mrs. Audrey Stimpert, Mrs. Hope Campbell and Mrs. Louise Wright tied for 2nd at 37. Mrs. Viola Dalton and Mrs. Ted Dorman were low putt winners with 15 each. Mrs. Carol Wolverton won the "blind hole" event with a par five at No. 1.

Busy Golf Slate on the Calendar

Nine Tourneys Carded in Oakland County Area Next Week

Next week will be a busy one on the golf front in Oakland County and vicinity with nine tournaments on the docket.

Heading the program will be the annual Women's City Medal Play Championship July 22 at Pontiac Municipal golf course. The defending champion is Mrs. W. D. (Edith) Wright, who has won the title three times.

After a year's absence, the Birmingham Invitational resumes July 20-23. The tourney was not held last year because of repair work to a couple of greens and the building of two new holes.

A PGA-sponsored Pro-Am is slated Monday at Barton Hills, Pine Lake and Forest Lake play host to the annual Father-and-Son event Tuesday, the weekly Women's District event is scheduled Tuesday at Lakepointe and the Women's Metropolitan organization holds its weekly tourney Wednesday at Rochester.

The Michigan Publinx Golf Association's 54-hole medal play tournament is carded July 22-23 at Morey's C. C.

Monday at Detroit Golf Club a total of 141 teen-age golfers will contest for nine berths in 18-hole qualifying rounds for the USGA National Junior Amateur tourney. A Junior District event will be run concurrently with the trials.

Tiger Tickets in Big Demand at City Agency

Many inquiries have been made to the Press sports department about obtaining tickets for Detroit Tiger baseball games.

The Tiger ticket agency in Pontiac is Osmun's Men's clothing store downtown.

* * *

Min Osmun reports the agency is having its greatest volume of ticket sales and is one of the Tigers' leading locations for ticket sales among the 13 in Michigan.

Baseball fans desiring tickets should place their order as far in advance as possible.

Osmun's has tickets available for the night games next week, July 18-19 with the Baltimore Orioles.

An Ace for Newhouser

Hal Newhouser, who was never able to gain a no-hitter during his pitching days in the Majors, scored an ace Thursday at Pontiac Country Club.

Playing with John McAuliffe, Min Osmun and Bill Winters, the former Tiger hurler aced the 165-yard 17th hole, using a 5-iron. It was the first hole-in-one for him. He finished with 73 for the round.

Lions' Scrimmage Tickets to Go on Sale Next Week

Tickets for the Detroit Lions' full-scale scrimmage to be held at Wisner Stadium, Saturday night, August 5th, will go on sale at various locations next week.

Monday, the tickets, all priced $1.00 can be obtained at Osmun's, Griff's and Triple-X, downtown. Other locations will be announced shortly.

Those desiring mail orders should send self-addressed envelope with $1.00 for each ticket to Lions' Tickets, care of Pontiac Press.

The game, being sponsored by the Pontiac Jaycees, with financial backing by the Community National Bank, will be a battle of the defensive and offensive platoons.

The scrimmage, in full-dress, will be the final head-bumping session before the Lions open their exhibition schedule against the Cleveland Brown, August 11th at Tiger Stadium.

* * *

Last year, despite efforts to keep the scrimmage out of public focus, more than 6,000 jammed Cranbrook's practice field to watch the session. A downpour scattered the large crowd and cut short the scrimmage.

The Wisner scrimmage will give football fans to see the Lions and still contribute to the youth activities of the Jaycees.

The Lions were the hottest team in pro football in the final half of the season last year, having won seven of the last eight games.

It is usually following this scrimmage each year that the first big cut is made of the rookies on the roster. After the scrimmage, most of the rookies who are still on the squad usually stay with the team for most of the exhibition season.

Pizzaro Pitches Chisox Past Yankees

Left-Handers Shackle Leading Teams

By the Associated Press

Juan Pizarro and Jack Kralick may not be the best left-handed pitchers in the business, but they looked it against the New York Yankees and Detroit Tigers—a pair of clubs that have put the slug on southpaws in their scrap for the American League lead.

The Yanks had been .667 (14-7) against lefties, and the Tigers .647 (11-6). But that was before Pizarro and Kralick went to work Friday night. Each struck out eight and left nine runners stranded for victories that left New York with a three percentage point edge over injury-weakened Detroit.

Pizarro, a usually wild fireballer, gave up seven hits — six singles and Mickey Mantle's 31st home run—while pitching the Chicago White Sox to a 6-1 victory over the Yanks. He walked six, but held Roger Maris hitless while becoming only the second left-hander to go all the way against New York this season. The other is Kansas City's Jim Archer, who has done it twice.

While the Yankees stayed ahead of the Tigers by .003 percentage points, third place Baltimore moved within 6½ games of the top by beating Boston 7-6. Cleveland defeated the Los Angeles Angels 7-5 and last place Kansas City won two in a row for the first time in more than a month by sweeping a twi-night doubleheader from Washington 8-3 and 9-7, in 10 innings.

Pizarro (5-3), who had lost three in a row, also doubled twice and drove in two runs for the White Sox. They had 10 hits off loser Roland Sheldon (6-3) and two relievers. Sheldon, after winning five straight and pitching two consecutive shutouts, gave up three runs in the third inning on two singles, a hit batsman and three wild pitches. That ended his shutout string at 21 2-3 innings.

The Orioles twice blew leads at Boston, finally nailing it by coming from behind on Dick Williams' three-run homer in the ninth off Red Sox relief ace Mike Fornieles (5-5). Wes Stock (4-0) was the winner in relief.

Cleveland also had to come from behind, after scoring a pair of unearned runs in the first inning. Don Dillard's single broke a 5-5 tie in a two-run eighth inning that wrapped it up. Willie Kirkland's fifth homer in three games triggered a three-run seventh that gave the Indians a 5-4 lead, but Joe Knoppe's first AL home run knotted it for the Angels in their eighth. Bobby Locke (2-0) was the winner and Jim Donohue (3-3) the loser, both in relief.

Manager Hank Bauer lined a pinch sacrifice fly for the clincher in the 10th that gave the last place A's two consecutive victories for the first time since June 3-4 (when, incidentally, they also beat Washington twice). A four-run third inning, with Norm Siebern's double the big hit, put away the opener. Ed Rakow (2-4) took the first game, pitching his first complete game in the majors, and reliever Bill Kunkel (2-1) won the nightcap. Joe McClain (7-8) and reliever Dave Sisler (1-4) were the losing pitchers.

Emergency Squads Ready for Golfers

Buckets in Use for Last Round of British Open

Palmer Trails by One as Play Gets Started After Forced Rest

BIRKDALE, England (AP)—Arnold Palmer, former United States open champion, fired a 69 over the par 36-36—72 Birkdale golf course today and took over the lead in the British open by a single stroke with only this afternoon's 18-hole final round remaining. His 54-hole total was 212.

BIRKDALE, England (AP) — Emergency squads of workmen with buckets and blankets stood by each green today as the first pair teed off in the final two rounds of the rain-soaked British Open Golf Championship.

Friday's play was washed out in a torrential downpour that flooded fairways and greens and the organizing committee announced that unless final rounds could be completed today the championship would be declared void.

★ ★ ★

Skies were overcast after a night of intermittent showers and greenkeepers were up at daylight to dry the putting surfaces.

The greens were squashy but none of them had pools of water.

Major Tom Harvey, chairman of the championship committee said. "We're going to play on even if the golfers have to putt with irons."

Among those most anxious to get the tourney finished was Pennsylvanian Arnold Palmer, just one stroke behind the leaders.

Palmer, a man on a mission, got up today wondering if he would be on a plane home tonight without even hitting the shots that really count.

★ ★ ★

The hazards of an English summer—tremendous rains and winds—could rob the entire field of 48 golfers of even seeing it all end with a champion.

Brig. Eric Brickman, secretary of the Royal and Ancient club, said one of the main factors in the decision that final rounds must be completed today was that many players had other commitments.

Palmer relaxed over a game of bridge while arguments raged around the Birkdale links about the official decision Friday. The Latrobe, Pa., professional said he thought it would be a "very poor thing" for such a world famous championship as the British Open to be played to "no decision."

Palmer and Kel Nagle, the Aussie who beat him by one stroke for the title at St. Andrews last year, were at 143 after the first two rounds.

Dai Rees of Wales and Harold Henning of South Africa led the field of 142.

Amid all the fuss over the way the championship might end, Palmer puffed a cigarette and concentrated on his bridge game.

"I don't believe thinking or talking too much about golf when I'm off the course," he said.

Paul Runyon, 52, world senior champion from La Jolla, Calif., was the only other American in the field before the final round.

Runyon was at 152—10 strokes behind the leaders.

Gary Player was forced to withdraw today after five holes because of an upset stomach. Player said he had been ill all night, suffered no fewer than 13 attacks and had the doctor several times.

Harmsworth Challenge Boat Is Miss Detroit

DETROIT (UPI) — Charles Thompson's "Miss Detroit" has been selected by the Yachtsmen's Association of America Race Committee to represent the United States in the 1961 Harmsworth Race for unliminted powerboats at Picton, Ont., next month, it was announced today.

Miss Detroit is powered by an Allison engine but the committee said its lower horsepower would not be as much of a handicap as usual because the race this year will be run on a three-mile, instead of a five-mile, course and thus the straightaways will be shorter.

Thompson, of Detroit, is expected to drive the U.S. entry.

The Canadian defender of the Harmsworth Cup is Miss Supertest III of London, Ont., which is powered by a Rolls Royce engine.

A Demon Trotter

DETROIT (AP) — Lloyd's Demon rolled to his fourth straight victory in the $3,000 Open Trot at Northville Downs last night.

He toured the track in 2:02.3 for a $3 payoff.

The four-year-old son of Demon Hanover is entered in next week's $13,300 HTA Trot.

FRIDAY'S FIGHTS

MADRID — Luis Folledo, 145¾, Spain, outpointed Fred Galiana, 145½, Spain, 12. (Folledo retained Spanish weltrewight title).

Sally Step Away From 2nd 'Triple'

By BILL CORNWELL

Sally Sharp of Forest Lake is one step away from her second "triple crown" in four years.

In 1958 Sally scored her first "triple" by winning the State Amateur title and the Women's District medal and match events.

Two weeks ago the 24-year-old Birmingham shotmaker overcame Mrs. John Hume's five-stroke lead on the last round to win the WDGA 54-hole medal play crown at Detroit Golf Club.

Friday was mother profitable day for Sally as she forged the second link of a second "triple" by defeating Mrs. H. G. Marquardt of Gowanie, 4-2, in their scheduled 36-hole match play final of the 45th Women's Michigan Amateur Closed Golf Championship at Knollwood Country Club.

Sally will try to complete her second sweep Aug. 21-25 when she competes in the WDGE match play tournament at Orchard Lake C.C. If history repeats itself, Sally has an excellent chance of making another sweep because her victim in the finals of the State Amateur three years ago was also Mrs. Marquardt.

Mrs. Marquardt lost a 3-2 decision to Sally in 1958 at Plum Hollow and she had to wait until yesterday to get a chance for revenge and win a Michigan Amateur crown.

But Sally was not to be denied at Knollwood yesterday as she beat Mrs. Marquardt again to annex her third state championship.

Sally won her first state crown in 1956 and took runnerup honors in '55. Mrs. Marquardt was state champion in 1953 and runnerup in '51 prior to her two "bridesmaid" finishes against Sally.

Miss Sharp, who will become Mrs. Ted Werner a week from today at St. James Episcopal Church in Birmingham, set the pace all the way Friday and enjoyed a 5-up lead at the end of the first 18 holes.

Mrs. Marquardt fought back gamely on the afternoon round, but Sally never let her come closer than two holes. Sally three-putted the 10th and 11th greens on the 2nd round and her lead was cut to 2 up.

★ ★ ★

Sally knocked all the sharpness off Mrs. Marquardt's belated rally by holing a 15-foot putt for a birdie four at No. 14 for a dormy after going 3-up at No. 12 with a par as Mrs. Marquardt three-putted.

Both golfers were trapped on the 15th, but Mrs. Marquardt won the hole with a bogey following a good chip shot and a three-foot putt. Needing only a half to conclude the match, Sally became champ once more by sinking a 15-footer for a birdie four to win No. 16 and Mrs. Marquardt came out 2nd best for the 3rd time. Sally was 9 over par for 34 holes.

FRIDAY'S RESULTS
Championship Flight
Sally Sharp, Forest Lake, def. Mrs. H. G. Marquardt, Gowanie, 4-2.
Consolation
Sharon Miller, Battle Creek, def. Sharon Wilder, Grand Rapids, 5-4.
1st Flight
Mrs. E. O. Reynolds, Lansing, def. Mrs. W. R. Rodgers, WMGA, 6-4.
Consolation
Mrs. Robert Gamble, Lochmoor, def. Marilyn Martin, Mt. Pleasant, 3-1.
2nd Flight
Mrs. C. F. Fox, WMGA, def. Mrs. C. J. Miller, WMGA, 3-2.
Consolation
Mrs. C. P. Mehas, Pine Lake, def. Mrs M. F. Diaz, Birmingham, 3-2.
3rd Flight
Barbara Rohn, Ludington, def. Judy Reynolds, Lansing, 1 up.
Consolation
Mrs. L. C. Laundry, Birmingham, def. Mrs. William Daley, Detroit G. C., 3-2.
4th Flight
Jackie Julien, Washtenaw, def. Mrs. Robert McKee, C. C. of Detroit, 4-3.
Consolation
Linda Ellstrom, Dearborn, def. Mrs. Barney Schwartz, Knollwood, 1 up, 19 holes.
5th Flight
Cynthia Liddell, Washtenaw, def. Mrs. R. R. Hippler, Dearborn, 7-5.
Consolation
Helen Hanley, Oakland Hills, def. Mrs. C. P. McLain, Washtenaw, 3-2.
6th Flight
Mrs. Edward Muldoon, Lochmoor, def. Arlene Alton, Grosse Ile, 2-1.
Consolation
Mrs. Tom Rex, Plum Hollow, def. Mrs. Neil Kitchen, Western, 1 up.

WEST POINT WEDDING — Pete Dawkins of Royal Oak, former All-America football star and tops in just about everything else in the 1959 class at West Point, is pictured here with his fiancee, Judi Wright, of Oxon Hill, Md. They will be married in a military wedding July 29 at West Point. Miss Wright is a house guest at Dawkins' home in Royal Oak. Pete just returned from a two-year stay at Oxford University in England where he studied under a Rhodes scholarship.

United States Favored in Russian Track Meet

MOSCOW (AP) — The United States goes up against Russia today in an Olympic-style track meet and while the Americans are rated the favorites, there are imponderables on both sides.

This is the third meeting between the world's two greatest track powers and the Soviets are hoping to improve on their two past performances when the Americans won 14 events to eight both in 1958 here and 1959 in Philadelphia. They probably will. The guess is that the United States will come out on top 13-9.

In the companion women's meet—which the Russians have promised to score separately—the Soviet girls should win, 9 to 1. Only Wilma Rudolph, the triple Olympic gold medal winner from Tennessee State, appears to be a certain winner for Coach Marian Perkins. Wilma is heavily favored in the 100-meter dash.

In the men's competition, the United States is favored in the 100 meters, 200 meters, 400 meters, 800 meters, 1500 meters, 110 meter hurdles 400 meter hurdles, broad jump, pole vault, shot put, 400 meter relay and 1,600 meter relay. The Russians should win the 5,000 meters, 10,000 meters, 3,000 meter steeplechase, 20 kilometer walk, hop, step and jump, hammer throw, high jump, javelin throw and decathlon.

The first event was scheduled for 9:20 a.m., EST. As for the imponderables: There is not much doubt in the 100, 200 and 400 meters with Frank Budd, Paul Drayton, Ulis Williams and Adolph Plummer. But in the 800 meters, Jim Dupree has not looked good in two races in Europe in the past two weeks.

"Don't worry," he said. "I can run when I have to."

In the 1,500 schedued for Sunday Dyrol Burelson, Coach Jumbo Jim Elliott's top entry, is ill with an upset stomach. If he is not recovered, Jim Grelle will take his place. However, Jim Beatty still gives the Americans a sure first place.

Hayes Jones is a sure bet in the 100 meter hurles and Cliff Cushman and Dixon Farmer should dominate the 400-meter hurdles.

Ralph Boston, who has broad jumped further than anyone ever —27 feet, ½ inch, can't afford to relax against Igor Terovaneysan, who has come close to 27 feet.

The Russians have a couple of 15-foot pole vaulters so John Uelfses and Henry Wadsworth can't afford to take it easy. Army Lt. Jay Silvester is the top choice in the discus and could win the shot put from Gary Gubner.

The Americans also are rated shoo-ins in the relays at 400 meter and 1600 meters. Hayes Jones, Budd, Chuck Frazier and Drayton will handle the baton in the 400, while Plummer, Frazier, Earl Young and Williams are scheduled for the 1600.

John Thomas, despite having a tooth pulled Friday, could give Valery Brumel a run for his money in the high jump. John Fromm won this year's AAU javelin championship with 249-11½. The Russians haven't been doing much better.

Pitches One-Hitter in Waterford Play

Jerry Caldwell of A & W pitched a one-hitter last night in Waterford softball as his team topped Pontiac Rockcote 6-0 to stay tied for the National lead.

Hobby Painting stayed even with A & W by edging Lakeland Pharmacy 1-0 in nine innings.

The only hit off Caldwell was a first inning single by Rockcote's Larry Chapel with one out.

Hobby scored its winning run in the top of the ninth when Mike Patterson singled, went to second on a wild pitch and moved home on two infield outs.

Larry Hagon was the winning hurler, yielding four hits. Al Servoss pitched a three-hitter for the losers.

★ ★ ★

Three games are scheduled Sunday at Drayton Field. Drayton Drug meets Five Spot at 5 p.m. in the American League and Lakeland clashes with Rockcote at 6:30. An 8 p.m. exhibition will send Lakeland against the Romeo All-Stars.

Pitchers Take Spotlight

The pitchers had their day in Pontiac boys baseball Friday.

There was a one-hit game in Class E and a pair of two-hitters pitched in Class D. The lower class also had a two-hit contest.

★ ★ ★

Tim Carey of the Dixie Dairy Dodgers allowed but one hit as his team rolled past Boys Club 12-0 in five innings. The only blow was a two-out single in the fifth by Dick Millimind.

Carey walked five batters in the first two innings but escaped without a run scoring. Dan Hill blasted a two-run homer for the Dodgers.

Great Lakes Giants got only two hits off Old Timers' Larry Deane but used walks and errors to post a 6-3 Class E triumph. Mike Kerr had three hits for the losers who collected nine off Great Lakes' Charles Bosworth.

Gary Kraft of Auburn Heights Boys Club allowed but two hits as his team posted a 7-0 Class D win over Cranbrook. Bruce Norton got three hits for the winners.

★ ★ ★

The other two-hitter in Class D was posted by Northside Dodgers' Windy Banks in a 3-1 win over Bulman's Hardware. The winners scored all their runs in the fourth inning on singles by Mike Burrill, Parky Johnson, Doug Sheffield and Banks and an error.

In other "D" action, Our Lady of Refuge downed Lakewood Lanes 6-2, and West Suburban Boys Club topped Pontiac Northern 5-0 on a five-hitter by Pat Burreck.

★ ★ ★

McDonald's Drive-In lost to St. Mikes 13-2, and Aztecas forfeited to Felice Market in Class E. Giants won a forfeit over Three Sisters Market in Widgets and Yankees outlasted Baldwin 11-8.

Six Games Scheduled

Six city league softball games are scheduled Sunday at two locations.

Sarke Investment meets Stadium at 5 p.m. at Beaudette Park. On the same diamond at 7:00, Adams takes on Griff's and at 8:30, First Presbyterian battles 300 Lounge.

★ ★ ★

At Northside Park at 3 p.m., St. Paul Lutheran plays Big Bear. State Hospital tangles with Motorcar Transport at 7:00 and Dixie Bar meets Langdon's Boat Livery at 8:30.

2nd Ace at Silver Lake

Silver Lake Golf Club had its second ace of the season when Byron Murphy of Pontiac fired a hole-in-one on the 120-yard 8th hole using a wedge. He finished with 44 for the nine. Playing in his three some were W. J. Guzman and G. W. Barnhart.

10 Ways to Save Money

1. Deal only with firms whose dependability can be established by intelligent inquiry.
2. Be sure the salesman represents the company he claims to represent.
3. Don't sign papers before you understand the terms and conditions of the sale.
4. Before you sign, be sure that the name and address of the firm is printed on the contract.
5. If promises are made verbally, be sure that they are represented in substance in the contract.
6. Retain a copy of the contract.
7. When you are satisfied that the job is completed, only then should you sign a completion certificate.
8. Pay your bill by check or money order made out to firm. Don't pay cash to a salesman unless you get a bonafide receipt bearing the name of the company he represents.
9. Compare price quotations with those of other firms.
10. Beware of inferences that because a loan is insured by a Government agency the agency guarantees material and workmanship.

Pontiac, Nearby Area Deaths

MRS. VERTIE I. J. CAMPBELL

Service for Mrs. Vertie I. J. Campbell, 68, of 93 E. Huron St., will be at 2 p.m. Monday at Schutt Funeral Home, with burial in Ottawa Park Cemetery.

Mrs. Campbell died Friday in Pontiac Osteopathic Hospital after a two-week illness.

Mrs. Campbell is survived by six daughters, Mrs. Francis White of Fisk, Mo., Mrs. Margaret Sawyer of Lake Orion, Mrs. Alice Chiapelli of Pontiac, Mrs. Joan Rhue of Waterford Township, Mrs. Jean Covarrubias of Clarkston, and Mrs. Louise Kidd of Detroit; six sons, Orville Hubbuck, Levi Campbell, William Campbell, all of Pontiac. Lerue Campbell of Milford, Richard Campbell of Clarkston, Frank Campbell of Detroit; 56 grandchildren and 33 great-grandchildren.

MRS. EFFIE M. COE

Service for Mrs. Effie M. Coe, 79, of 3262 Brookneal St., Union Lake, will be at 2 p.m. Monday at the Walled Lake Baptist Church, with burial in Walled Lake Cemetery.

Mrs. Coe died yesterday at her home after an illness of two months.

A member of the Baptist church in Commerce Township, she is survived by a son, Orson E. Coe of Memphis, Tenn; and two daughters, Mrs. Clare S. Carpenter of Commerce Township and Mrs. Luella Krug of Pontiac, four grandchildren and one great-grandchild.

CHARLES DeNAPOLI

Charles DeNapoli, 68, of 6744 Highland Rd., died Friday at St. Joseph Mercy Hospital following an illness of several months.

Mr. DeNapoli was formerly a grocer, and member of St. Benedict's Catholic Church.

Surviving are his wife, Anna, a son Phillip at home; two daughters, Mrs. Paul Felice of Pontiac and Victoria, at home. Two brothers and a sister in Italy also survive.

A Rosary will be recited for Mr. DeNapoli at 8:30 p.m. Sunday.

Service will be at 10 a.m. Monday at St. Benedict's Catholic Church with burial at Mt. Hope Cemetery. Arrangements are by Sparks-Griffin Funeral Home.

MRS. CARL A. GANJE

A rosary will be recited for Mrs. Carl A. (Eleanor) Ganje, 50, of 4089 Cambrook, Waterford, at 8 p.m. Monday at Donelson-Johns Funeral Home. Service will be at 10 a.m. Tuesday at Our Lady of the Lakes Church in Waterford with burial at Lakeview Cemetery, Clarkston.

Mrs. Ganje died Friday at St. Joseph Mercy Hospital after an illness of six months.

Mrs. Ganje and her husband were former owners and operators of Ganje Variety Store in Pontiac. A former teacher in the public schools here she was a member of the Altar Society and Our Lady of the Lake Church.

Surviving besides her husband, are her parents Mr. and Mrs. Michael Schall of Rugby, N.D. two sons Carl M. at home and Harold G. of Pontiac, and twin daughters Jane Ann and Jeanette Marie, both at home.

Four brothers and three sisters and a grandchild also survive.

MRS. MILTON LEITNER

Service for Mrs. Milton (Jennie) Leitner, 74, of 138 Elm St., will be held at 2:30 p.m. Monday at Arthur Center Church of God, with burial in Arthur Center Cemetery, in Arthur Center.

She died Friday. Mrs. Leitner was a member of the First Baptist Church.

Surviving beside her husband are three sons, Rex of Vassar, John of Rochester and Walter of Pontiac; three daughters, Vereah Leitner and Mrs. Donna Weiberg, both of Pontiac, and Mrs. Grace Myers of Clarkston; four brothers, four sisters, 15 grandchildren and two great-grandchildren.

Prayer service will be held at 8:30 p.m. Sunday at Pursley Funeral Home.

ROBERT SPANGLER JR.

Robert Spangler Jr., 1-day-old son of Mr. and Mrs. Robert Spangler of 391 Fourth St., died Friday at St. Joseph Mercy Hospital.

Surviving besides his parents are his grandparents Mr. and Mrs. Milo Nichol and Mr. and Mrs. Ulysses Spangler, all of Brown City, and a brother Jeffery.

Service was held at 1 p.m. today at Huntoon Funeral Home with burial at Perry Mount Park Cemetery.

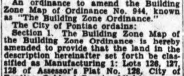
OLGA BARKELEY
Deputy City Clerk
July 13 and 15, 1961



ORDINANCE No. 1426

Adopted July 11, 1961.
Effective July 21, 1961.

An ordinance to amend the Building Zone Map of Ordinance No. 944, known as "The Building Zone Ordinance."

The City of Pontiac ordains:

Section 1. The Building Zone Map of the Building Zone Ordinance is hereby amended to provide that the land in the description hereinafter set forth be classified as Manufacturing 1: Lots 126, 127, 128 of Assessor's Plat No. 126, City of Pontiac, Oakland County, Michigan.

Section 2. The change in the Building Zone Map in the above area to Manufacturing 1 is made pursuant to the recommendation of the City Plan Commission and said Commission is hereby appointed to make a final report upon this amendment to this Commission previous to the public hearing to be held before this amendment is adopted, pursuant to Section 4 of Act No. 207 of the Public Acts of 1921, as amended.

Section 3. That not less than fifteen (15) days notice of the time and place of the public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in this city; that such public hearing is hereby fixed at July 11, 1961.

Section 4. This ordinance shall take effect ten (10) days from and after the date of its passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, this 11th day of July, A.D. 1961.

PHILIP E. ROWSTON
Mayor
OLGA BARKELEY
Deputy City Clerk
July 15, 1961

HOPE

As long as man clings to a life-force HOPE starts him on his way to the Star of his desires. A boy with a bent pin, piece of string HOPES to catch a whale — at least. Young men HOPE their feet will be first to touch the moon; teachers HOPE their students will achieve honor and glory; parents HOPE their children will claim fame and fortune. Hope is everlasting, even grandpa smiles at a pretty maid.

J. L. VOORHEES

Our mail carrier is HOPE personified; he brings happy news from family and friends.

M. E. SIPLE

A ringing telephone is a harbinger; daughter HOPES it is a call from that one boy, we HOPE we will hear the voice of a friend, dad HOPES it is a confirmation of a business proposal.

Nations HOPE their differences will be resolved and peace will ensue — we hope so too. We HOPE for better health, for peace of mind, understanding, wisdom — HOPE, if you will, but WORK to bring reality to that nebulous abstraction. Hope is the impulse; work is the catalyst.

BRIEFED ON TOUR—Lt. Cmdr. William C. Remick, head of the Pontiac Naval Reserve Training Center, maps out the path of a naval transport ship on which these two Pontiac youths will be aboard for a Mediterranean cruise later this summer. They earned the tour by placing high in examinations of the Navy League Sea Cadet program. The boys are Timothy Daily (left), 15, of 1099 Berkley Ave., and Joseph E. Dumas Jr., 15, of 644 Benson St.

From Navy League Squadron

3 Pontiac Area Cadets Taking Cruises

Three Navy League sea cadets from the Pontiac area have been selected for cruises in the Mediterranean this summer aboard U.S Navy supply ships.

Joseph E. Dumas Jr., 15, of 644 Benson St., and Timothy J. Daily, 15, of 1099 Berkley Ave., will sail aboard the USS Upshur on Aug. 15.

Already on a cruise is Robert W. Sisung, 16, of 7122 Buckthorne St., West Bloomfield Township, who is on the USS Rose which left New York Wednesday.

During the three-week cruises the boys will visit Spain, Italy and other ports of call.

Selected on the basis of scores made on regular Navy qualification tests, the cadets were among 32 members of the Pontiac sea cadet squadron tested. The squadron, sponsored by the Southeastern Michigan Council of the Navy League, is the first formed in Michigan.

The unit meets 7-9 p.m. every Monday at the U.S. Naval Reserve Training Center, 469 S. East Blvd.

A special "enrollment night" for those interested in joining is slated for Monday.

All area boys, ages 14-17, are eligible for membership provided they can meet Navy physical requirements and maintain satisfactory school grades.

Friends and fathers of the boys are given commissions in the program, and act as officers for administration and instruction.

Commanding officer of the Pontiac unit is Albert F. Lusk, 7686 Barnsbury St., West Bloomfield Township, a retired naval officer.

Members wear uniforms similar to regular naval uniforms and the full facilities of the training center are available for such subjects as seamanship, communications, signaling and military drill.

"Membership in the sea cadet program does not commit the cadet to become a member of the naval forces at a later date", Lusk said. "However, if he does decide to enter one of the varied US Naval educational programs, the training received as a cadet will greatly enhance his eligibility and progress."

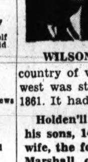
The cruises scheduled in the Mediterranean are annual events sponsored by the Navy in its "Shipmate" program. Squadrons are given the name of a commissioned naval vessel, and the newly-formed Pontiac unit will be named the Franklin D. Roosevelt ship. The unit will receive a plaque from the ship and regular reports of the ship's activities.

The Southeastern Michigan Council of the Navy League was recently formed in order to extend the activity of the Navy League in the Southeastern Michigan area outside of Detroit. Dr. Sidney E. Chapin of Dearborn is president. Commander Norman Williams, (USN, Ret.) of Detroit is chairman of the sea cadet program.

Movieland Calls Holden 'Mr. Nice Guy'

By EARL WILSON

STOCKHOLM — Still lean and handsome and only 43, Bill Holden, a self-made millionaire, today is "Mr. Nice Guy" of the movies — a chauffeured Chrysler Imperial takes him to the set but he rides in front beside the driver.

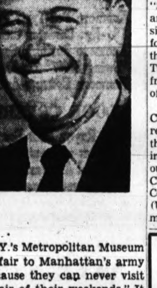


WILSON

Yes, Bill Beedle from O'Fallon, Ill., has it made on a couple of continents and is now trying it on a third. Sitting in the Apollonia Hotel here one recent rainy afternoon, he spoke of his longing to return to Africa where he has an interest in the Mount Kenya Safari Club in Nanyuki, Kenya, East Africa.

"It's like a disease with me, I keep wanting to go back," he said.

"Africa's terribly primitive. It's still a country of violence. It's like our west was 100 years ago. Our west was still pretty rough in 1861. It had to grow up."



Holden'll soon be taking his sons, 14 and 17, and his wife, the former star Brenda Marshall, on another safari.

"Any kind of a trip there is a safari," he explained. "I'm not interested in shooting any more. I've done that . . ."

The Holdens are celebrating a 21st wedding anniversary. They had a spectacular Nevada honeymoon. Each has to have an appendectomy.

"It was two and a half months before we had our health," smiled Bill, remembering that July 1940. "I thought, what else could happen?

"The war!" he said.

THE WEEKEND WINDUP . . .

The London Times growls that N.Y.'s Metropolitan Museum of Art, with its 25 Rembrandts, is unfair to Manhattan's army of workers with its 5 p.m. closing because they can never visit it without giving up the "rare fresh air of their weekends." It suggests JFK do something . . .

Spencer Tracy, who went to Germany to make "Judgment at Nuremberg," was asked by a British company to play Benjamin Franklin . . . **Faye Emerson** asked hairdresser Ernest Adler to fly to Cape Cod and set her hair . . .

★ ★ ★

EARL'S PEARLS: One bachelor put it this way to Tony Petito: "I'd rather have people asking me why I never married, than why I did."

This is the time of year when tourists learn that most of the country's roads fall into two categories—"Inadequate" and "Under Construction." . . . That's earl, brother.

4-H Honors Chiang

TAIPEI, Formosa (AP) — President Chiang Kai-shek of Nationalist China accepted Friday the post of Honorary chairman of the National 4-H association of Formosa, a rural youth organization offering instruction in scientific agriculture and home economics. It has 70,000 members here.

Remembers Satellites

LANSING (AP) — Gov. Swainson Friday proclaimed the week of July 16-22 as Captive Nations Week in Michigan and called on citizens to offer prayers for people of nations subjugated to rule by Russia.

About 600,000 matches are struck every minute of the day in the U.S.

Gerber Executive Dies in Hospital After Crash

FREMONT (UPI)—Lester Janes, 60, a director and vice president of Gerber Products, died at Gerber Memorial Hospital Friday, two days after he suffered what were believed to be minor injuries in an auto accident.

A native of Ontario and a former Grand Rapids resident, James joined Gerber in 1935 and was named a vice president in 1950.

The American Legion's charter was granted by Congress in 1919.

High-Flying Teachers Commute to Campus

LIMA, Ohio (AP)—An airlift helps provide instructors for Ohio State University's branch campus at Lima.

Four members of the faculty make a half-hour flight each Monday and Wednesday evening from the university's main campus at Columbus.

★ ★ ★

Their pilot usually is Courtney Chapman, chief flight instructor for the university's airport in Columbus.

Warns Khrushchev to Avoid Hitler's Mistake

Four Friendly Competitors

AP Photofax

SEMIFINALISTS—Four happy Miss Universe semifinalists hold hands Friday night as they wish each other luck in tonight's final judging. Reading from left are Wang Li-ling, Miss Republic of China; Arlette Dobson, Miss England; Marlene Schmidt, Miss Germany; and Liliane Burnier, Miss Switzerland. Many of the candidates spent practically all of Friday preparing for the semifinal competition.

Final Judging Is Tonight

15 to Vie for Miss Universe

AP Photofax

BEAUTIES BEAUTIFYING—Looking little like contestants in the Miss Universe pageant are Arlette Dobson, Miss England (left) and Susan Jones, Miss Scotland (right). Needless to say, both girls shed their nets and rollers for more attractive apparel in the Miss Universe semifinals held Friday night.

MIAMI BEACH, Fla. (AP) — Fifteen girls from China to Iceland go nervously into the finals of the Miss Univere Beauty Pageant tonight wondering what the judges see in them.

★ ★ ★

"I think it was my figure, but I'm not sure," said Marlene Schmidt, of Stuttgart, Germany, a 5-foot, 8-inch blonde with a beehive hairdo which adds nearly a foot to her height. "I wanted them to think I looked kind and happy. That's the impression I wanted them to judge me on."

Her dimensions are 36½-23-35½.

"I believe my shipoan dress got me into the semifinals," said Wang Li-ling of Taipei, representing the Republic of China.

Through her interpreter she explained that a zhipoan dress is a Chinese dress with slits in the skirt.

★ ★ ★

"My figure was my best point," said Susan Jones of Aberdeen, Scotland, a 37-23½-35½ redhead. "But that's only my opinion. Maybe the judges saw something else. Who knows what ideas they have of women."

Several of the other girls agreed.

48 IN 1ST ROUND

Forty-eight beauties competed in the opening round. They paraded along the ramp in native costumes, then donned elegantly styled evening gowns and finally bathing suits.

★ ★ ★

They changed back to evening gowns before the 15 semifinalists were annouced.

At the height of the applause for the winners, Miss Greece—18-year-old Eleatheria Delutsi of Athens, one of those who didn't make it—fainted. The curtain was brought down fast and she was carried off. Pageant officials said she had fainted earlier this week, after a parade. They said she was high-strung.

The 15 girls range in age from just-turned 18 to 24, the youngest being Rosemarie Frankland of Wales. The eldest is Miss Germany, an electronics engineer who fled from East Germany a year ago with her family.

★ ★ ★

She and Miss Chile, Gloria Silva of Santiago, are the tallies at 5-foot-8.

Suh Yang-hi of Seoul, Korea, is the shortest—5-foot-4. But she is also the most liberally endowed, 37-22½-37. That gives her five inches on Atida Pisanti of Haifa, Israel, the slimmest of the lot at 33-21-32.

SIMILAR ANSWERS

For publication, at least, all of the girls gave a variation of Miss Sweden's answer when she was asked what she thought of her chances of winning the Miss Universe crown.

★ ★ ★

"I'm very surprised I got this far; I didn't think I would," said Gunilla Knutsson of Ystad, Sweden. "I'm nothing special."

★ ★ ★

"We have our own private ideas on the subject," added Arlette Dobson of Weybridge, England.

Union Completes Presentation at GM

DETROIT (AP)—The United Auto Workers Union has completed presentation of its new contract demands at General Motors and plans to wind up arguments for wage and benefit improvements at Ford and Chrysler next week.

Then it will be the turn of the union bargaining teams to listen to any counterproposals the companies may have in mind. So far they've offered nothing.

After bargaining talks were recessed for the weekend Friday, GM Vice President Louis G. Seaton told newsmen the union's demands could be described in one word — "more."

Seaton said the demands "make up the most expensive package submitted to us in the 25 years of our bargaining relations with the UAW."

UAW Vice President Leonard Woodcock replied, "Absolutely untrue." He said there was no mechanical way of figuring the cost of UAW demands at this stage of negotiations. The talks started two and one-half weeks ago.

Woodcock declared union proposals for a wage increase based on economic growth, expansion of supplemental unemployment compensation and improvements in the pension plan would cost the companies only a few more pennies per hour.

Clouds, Showers Likely to Remain Through Sunday

Variable cloudiness with scattered showers is the forecast for the Pontiac area through Sunday. Not much change in temperature is expected according to the weatherman.

★ ★

The low tonight is predicted to be 65. Tomorrow the mercury will climb to a pleasant 80 degrees, but a cooler trend is expected during the next four days.

Occassional showers are forecast for Monday and Tuesday with precipitation totaling .3 to .7 of an inch. Southwest winds 3 to 5 miles per hour this morning will become variable and remain under 15 m.p.h. later today.

The lowest temperature preceding 8 a.m. was 66. At 1 p.m. the reading was 82.

Refugees Pour Into W. Berlin

Flee From Commies at Rate Mindful of Year Satellites Revolted

From Our News Wires

BONN, Germany — Communist pressures sent the westward exodus of East German refugees surging today at the rate of 1956 — the year the Soviet satellites exploded.

★ ★ ★

West German officials said the refugees are streaming into West Berlin at the rate of nearly 1,000 per day.

They said the total for the week ending last night was 6,737, almost 2,000 more than for the previous week.

Scenes at the refugee camps resembled the days which preceded the 1956 uprisings in Budapest and Poznan, Poland.

★ ★ ★

During that period of unrest in the satellites the flow of East German refugees to the West averaged 27,000 a month.

MAY RILE NIKITA

At Hyannis Port, Mass., President Kennedy, faced with a crisis over West Berlin, emphasized his concern for all countries behind the Iron Curtain by proclaiming a "Captive Nations Week" starting Sunday.

Former President Eisenhower issued a similar proclamation two years ago which angered Soviet Premier Nikita Khrushchev.

Kennedy's plans to meet the Russian threat to Berlin will begin taking visible shape next week.

★ ★ ★

After sending Khrushchev a note rejecting the Russian premier's German demands Tuesday, Kennedy will go before reporters Wednesday to answer questions on the communique.

Also sometime next week, the Pentagon is expected to complete its review of U.S. defense spending. Kennedy ordered the review after Khrushchev announced he was increasing Russian military spending.

White House Press Secretary Pierre Salinger said there was also a good chance that Kennedy might send Congress a special message next week asking for expansion of the national civil defense program.

ASK FULL BRIEFINGS

Two liberal Republican senators have called for full congressional briefings on U.S. military readiness to meet the Berlin crisis.

BULLETIN

MOSCOW (AP) — The United States 400 meter relay team of Pontiac's Hayes Jones as well as Frank Budd, Charles Frazier and Paul Drayton, smashed the world record with a fantastic 39.1 seconds time today in the American-Soviet Track Meet.

The crowd gasped in astonishment when the time was announced, then broke into wild cheers.

★ ★ ★

Russian crowds appreciate top performances no matter who makes them.

All four of the runners had a part in the record. When anchor man Drayton got the baton he merely had to hang on to his two-yard lead. He pulled another yard ahead at the finish.

★ ★ ★

The Russian team also broke the listed record by finishing in :39.4. The 39.5 record was held by a U.S. national team and three German national teams.

Robert Kennedy Notes Limit to U.S. Patience

Cautious Kremlin Boss About Underestimating American People

NEWPORT NEWS, Va. (UPI) — Atty. Gen. Robert F. Kennedy warned Soviet Premier Nikita Khrushchev today not to make the same mistake Adolf Hitler did—"underestimating the American people."

Speaking at the christening of the Polaris submarine USS John Marshall, Kennedy declared that the United States "can be pushed too far."

He said this country is "not looking for a battle nor searching for a fight."

But he added that Americans are "a tough, viable, industrious people" who will meet their responsibilities "in this climactical time in world affairs."

The attorney general said that when his brother met Khrushchev at Vienna he was aware that "the great danger to the world was that the Soviet leaders, not understanding our system of government nor our determination and will, would underestimate and misconstrue the American people and its government.

★ ★ ★

"Hitler made the same mistake in 1939 about a free society," he said, "and the result was an incalculable cost and the death of over 40 million people."

The President's brother said that while "Khrushchev is not Hitler" he has described this country as "a dying, stumbling horse which would destroy itself."

"If this is what Khrushchev really believes," he said, "he also makes a most dangerous mistake in underestimating the American people."

Recalling the life of the Supreme Court justice after whom the submarine launched today was named, Kennedy said, "The idea that government and government officials are subject to the law has no place in the Communists' system.

Says Satellite Destroyed

LONDON (AP) — A leading Soviet scientist said Friday night Russia's Venus probe launched five months ago probably has been destroyed in a collision with a meteorite.

Bob Crosby's Daughter Stood Up by Bridegroom

SAN FRANCISCO (AP) — Bandleader Bob Crosby's daughter, Elizabeth Ann, 27, was still a miss today and she appeared to be as much in the dark as anyone about what happened to her bridegroom.

Friday afternoon the pretty brunette, wearing a navy blue suit, a little flower wreath hat and a diamond engagement ring, arrived at City Hall to meet H. Frank Jones, 30, a San Francisco writer. They were to be married in a civil ceremony.

She waited with her mother and stepfather, Mr. and Mrs. Ernest Van Hook. The appointed hour of 3 p.m. arrived but Jones did not. She had called Jones at 2:20 p.m.

"He said that he was just through with his shower and that he would take a cab over," she said.

Time passed and Miss Crosby called H. Frank's flat. No answer. She called a few friends too. But no one was able to locate Jones.

LEAVE CITY HALL

Finally at 4:25 p.m. her stepfather suggested the wedding party leave city hall.

As they walked to the car Van Hook said to a reporter, "she's such a sweet, swell girl. What are you going to do with a guy like that?"

The romance has a turbulent history. Their original engagement broke off last February after what he had termed a spat with his fiance's family. That 'same day Jones was found unconscious by police after he reportedly took an overdose of sleeping pills.

ELIZABETH CROSBY

Denies Vickers Petition

DETROIT (UPI) — U.S. District Judge Fred W. Kaess has denied a petition for a temporary injunction to prevent Vickers, Inc., a subdivision of Sperry Rand, from moving operations to a plant outside Michigan.

Controlling Plane Traffic

Pontiac Press Photo

"COME ON IN"—This is the message given over the radio to an inbound plane from the new air traffic control tower at Pontiac Municipal Airport. Controlmen John Churan (left) and Henry Capron are in touch with planes in the air and on the taxiways, saying all's clear after the small plane (above left) has pulled off the runway and into the ramp in front of the terminal building. The plane is passing through a water puddle.

2 Stand Mute on Boat Charges

Operator, Owner Face July 26 Hearing Over Mishap Fatal to Pair

Charged with negligence in a boating accident that claimed the lives of two Pontiac women in Cass Lake Monday night, both the boat operator and the boat owner stood mute when arraigned in Waterford Township Justice Court yesterday.

Trial for William R. Hatley, 28, of 190 Mill St., the operator, and Richard Schaeffer, 23, of 414 Tilmor Drive was scheduled for 2 p. m. July 26 by Justice of the Peace Patrick K. Daley.

The pair is charged with negligent operation of a motorboat.

Hatley was released on $100 bond and Schaeffer on $100 personal bond pending their appearance for trial.

Drowned when Schaeffer's small boat sank 150 feet offshore were Mrs. Leona Lampson, 48, of 850 Robinwood Ave., and Mrs. William Gray, 38, of 231 Chamberlain

Traffic 'Cops' of Sky Keep Airways Safe

By PETE LOCHBILER

The Federal Aviation Agency (FAA) had almost completed its first month operating the control tower at Pontiac Municipal Airport when the first unusual air incident occured.

A small private plane, flying up from Detroit Metropolitan Airport, got lost and it took the combined efforts of FAA experts here and at Metro to find him.

"The incident wasn't very serious, reported Frank Gineman, tower chief in Pontiac. "The pilot had lots of gas and sufficient altitude. But it shows how we can help prevent more serious incidents from developing."

Friday morning, Albert Gampp of Detroit was winging towards Pontiac Municipal Airport when the tower warned him off because the big North Central Airlines Convair was about to take off for points north.

When, ten minutes later, it was okay for the small craft to come in, the pilot reported he didn't know where he was or which direction to head, Gineman related.

★ ★ ★

"We tried first to find him by having him describe on the radio the groundmarks he was flying over. But that didn't work — the groundmarks sounded like they could have been anywhere in North Oakland County.

SPOTTED ON RADAR

"Then we tried to tell him how to tune in on the VORTAC directional beam, but he couldn't figure that out.

"Finally we called Metro and they were able to spot him on their radar, relaying directions to us to pass on to him about which way to go to find us."

From then on if was simple. Gineman reported. The pilot had been about 10 miles northeast of the field, but he soon came in and landed, heading afterwards for a radio shop on the field to learn how to beam in on VORTAC.

Not too much to the episode, but this is the purpose of the FAA—to handle and direct air traffic in and out of the airfield in a safe, expeditious flow, without any undue incidents to mar the record.

★ ★ ★

Handling 325 to 250 operations in and out every day, seven days a week, the tower crew of Gineman and three, two-man radio teams were happy to report nothing more than the "lost plane" case.

On one really busy day, a couple Sundays ago, the tower handled 600 operations, or about one every

(Continued on Page 2, Col. 4)

Race Violence Rocks Chicago

Negro Youths Attack White Man, Girls With Ax Handles, Explosives

From Our News Wires

CHICAGO (AP) — Negro youth gangs attacked a white man with ax handles and hurled explosives at two young white girls as racial violence erupted for the third successive day in a tense, mixed neighborhood on the Southwest Side.

★ ★ ★

Beefed-up police patrols cruised the streets as the toll of white persons injured by roving gangs of young Negroes rose to 18.

(Teen-agers also staged a "hot weather" riot for more than an hour Friday night in normally quiet Morton, Ill.

About a dozen youngsters started the riot, which attracted 200 persons, police said. One youth was hospitalized and two policemen were hurt.)

An Elgin man, Fred Vaughn Jr., told Chicago police four Negroes belabored him with ax handles early today as he returned from a cigar store to his mother's home. He was hospitalized with head cuts and bruises.

The girls, Linda Rivers, 14, and Alice Ramos, 12, told officers they were sitting on the Ramos front porch when four or five young Negroes stopped on the sidewalk, hurled a few remarks and then a home-made bomb containing steel pellets. Both girls were hospitalized with cuts.

Sixty-four Negroes were rounded up by police Friday as tension mounted in the area.

News Flashes

UNITED NATIONS, N.Y. (AP) —The United States and Britain tossed to the U.N. General Assembly today the issue of a treaty on banning tests of nuclear weapons.

MOSCOW (AP) — Wilma Rudolph, the triple Olympic gold medal winner from Tennessee A and I., tied her own world 100-meter record of 11.3 seconds today in the first final of the United States-Russia track meet.

MIAMI, Fla. (AP) — A 59-year-old veteran of three decades of Cuban political upheaval has been chosen as the new coordinating general in exile of the anti-Castro underground.

Zero Hour Close

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP) —Steak and baby food, medical checks, star gazing, make-believe space rides—that's what an astronaut's day is made of.

★ ★ ★

Virgil I. Grissom and John H. Glenn Jr., had these items on schedule today as they entered the final phase of preparation for America's second manned space flight, scheduled Tuesday morning.

Grissom, 35, an Air Force captain, is reliably reported to be the No. 1 choice for the flight,

NEW YORK (AP) — The nation's three television networks said Friday they plan to televise the scheduled space flight next week of an American astronaut. The shot is expected to be made shortly after dawn Tuesday but weather or technical problems could delay it.

with Glenn, 39, a Marine lieutenant colonel, standing by as backup pilot as he did on the Alan B. Shepard flight.

REVEALS NAME MONDAY

The National Aeronautics and Space Administration will reveal the name of the chosen astronaut Monday, 24 hours before launch.

The flight will be a near-duplicate of Shepard's trip May 5. A Redstone rocket is to boost the manned capsule 115 miles high and 300 miles down range in a test designed to train another space pilot and build experience and confidence for future orbit missions.

★ ★ ★

Grissom and Glenn today began a low-residue, high energy diet to reduce possibility of excretion and provide quick-burning reserve strength during flight. They were served in a special ready room at the Cape. An official outlined this typical one-day menu:

Breakfast—Orange juice, hot cereal, Canadian bacon, two boiled eggs, toast, jelly and coffee. Lunch—Broiled chicken, baby food-type peas, bread without crust, cottage cheese salad, iced tea and sugar cookies. Dinner—broiled potato without skin, baby food vegetable, sherbet and coffee.

Both astronauts were to don silver space suits and run through practice missions while seated in the actual space capsule atop the Redstone. They also studied charts of the heavens and the earth beneath the planned capsule path so certain features will be recognizable.

SERIES OF EXAMS

Medical men gave the pair a series of physical and psychological examinations before and after each simulated flight.

Shepard is providing valuable advice to Glenn and Grissom as they enter the home stretch in their training. During the flight, Shepard will be at the vital capsule communicator post in the control center—maintaining constant voice contact with the pilot.

★ ★ ★

The astronauts have picked the name Liberty Bell 7 for the spacecraft. Shepard's vehicle was Freedom 7. The number represents the total membership of the Mercury astronaut team.

Liberty Bell 7 contains several modifications, including a large observation window, improved manual controls and a new escape hatch designed for quicker exit in case of emergency.

The World at a Glance

From Our News Wires

A man in a rubberized watertight ball successfully rode over the 161-foot Horseshoe Falls today. The man, who refused to reveal his identity, became the fifth person in history to make the drop without injury. Canadian officials immediately took him into custody on a charge of illegal entry.

The Republic of South Africa does not want a visit by Assistant Secretary of State G. Mennen Williams at this time. The State Department disclosed this Friday in announcing that Williams will travel to nine African lands during July and August, the second of three African trips planned this year by the former Michigan governor.

At Camp Grayling Maj. Gen. Cecil J. Kennedy, commander of the National Guard in Michigan, bade farewell today to the organization in which he began as a private 40 years ago. He will retire at 62 in February.

In Moscow, Elizabeth Taylor and Eddie Fisher today paid a courtesy call on the woman considered the Soviet Union's most prominent female—Minister of Culture Ekaterina Furtseva.

At Grand Rapids, J. Otto Peebles testifying in his own defense, told Friday of entering the room where his wife was with another man but said he could not remember firing the shots which killed her.

At Mackinaw City, archaeologists working at Ft. Michilimackinac, now undergoing restoration, say they have found evidence of a row of French houses dating from the 1730s.

Pete Ribicoff, son of the U.S. secretary of health, education and welfare, will be wed to an exchange student from Casablanca, Morocco Sunday. Ribicoff, a 23-year-old teacher from Berkeley, Calif, will marry Mercedes Haziot.

Former Lt. Gen. Helmuth Von Grolman unexpectedly resigned his post as West Germany's defense commissioner Friday.

The Alabama House of Representatives voted Friday to set up a seven-menber "Un-Alabama Activities Committee. It would investigate "all persons or groups of persons and organizations who seek illegally the overthrow or destruction of the government of the state of Alabama."

In London, a cheering crowd gave Maj. Yuri Gagarin a happy sendoff to Moscow today.

Indict 26 People, 7 Corporations in Alleged Fraud

NEW YORK (AP)—Seven corporations and 26 individuals, including a St. Clair, Mich., man, were indicted Friday in an alleged conspiracy which U.S. Atty. Robert M. Morgenthau said defrauded the public of $5 million.

★ ★ ★

A federal grand jury returned the indictments on charges of conspiracy to violate the securities exchange laws through the sale of more than 500,000 shares of United Dye and Chemical Corp. stock.

Among the defendants is Samuel S. Garfield of St. Clair, Mich.

Morgenthau said the stock was sold without being registered with the Securities and Exchange Commission. He said the conspiracy started in 1955 and has continued since that time.

United Dye and Chemical now is known as Chemoil Industries, Inc., New York, and is headed by Virgil D. Dardi, Morgenthau said Dardi is a leading defendant in the case.

Ty Cobb Reported in Poor Condition

ATLANTA (AP) — Ty Cobb, 74-year-old former Detroit Tiger baseball star, was reported in poor condition today in Emory University Hospital.

Cobb is suffering from Diabetes and other ailments that have put him in the hospital on several occasions in recent years. He entered the hospital again last month and had been reported in fair condition until today.

He is unconscious at times and the hospital reported he had an uncomfortable night.

Cement Firm Given Building Permit

A commercial building permit was issued from the Waterford Township hall yesterday for a $150,000 cement distribution center to be operated by the Dundee Cement Co. on Williams Lake Road near Airport Road.

Cement will be manufactured in Dundee, 60 miles southwest of Detroit, then shipped by rail to the Waterford Township center for distribution by trucks to various purchasers.

According to project manager George Collins of Avon Township, four new railroad spurs will be installed from the Grand Trunk line that runs adjacent to the 20-acre building site.

Collins represents the general contracting firm of Darin & Armstrong, Inc., and said all labor has been hired from the Pontiac area.

★ ★ ★

Schultz Electric company will do the wiring, R. M. Haney the well-drilling and Marve Skelton was awarded the sanitation contract.

Future plans call for an office building in an anticipated expansion program next year, Collins said, and added that the distribution plan will be in full operation Aug. 15.

Gas Stove Explodes, Home Damage $3,500

Damage caused by a fire in the one-story frame home of Charles Garrett, 24 S. Tasmania St., was estimated at $3,500 by Pontiac firemen.

The fire yesterday afternoon was caused by a gas stove explosion, firemen reported. There were no injuries.

Invite Con-Con Hopefuls to Talk at Public Meeting

Constitutional convention candidates from the 1st District have been invited to speak at a public meeting Monday at 8 p.m. in the Pontiac Township Hall, 2060 Opdyke Road.

The meeting will be devoted to statements from each candidate, followed by questions from the audience.

Pontiac Press Photo

EMERGENCY BLINKER SYSTEM—If the radio fails in an inbound airplane, traffic controlmen turn to a blinker system to give the pilots landing instructions. Controlman John Churan shows how it works: Red, white and green lights mean just about the same things that traffic lights on the ground mean to auto drivers.

FAA Keeps Airways Safe

(Continued From Page One)

two minutes during the 16-hour period, 6 a.m. to 10 p.m., the tower is operating.

EFFICIENT ATMOSPHERE

Perched high above the terminal building with a broad view of the airfield and the Waterford Township countryside, the tower is a cool, air-conditioned place with tinted glass windows all the way around, letting in the sunlight but not the glare.

Although the radio men are almost constantly on the airwaves, talking to pilots over one or several of the six radio frequencies available, there is little in the way of extraneous noise or wasted motion to interrupt the crisp, efficient atmosphere.

Some $200,000 worth of electronic equipment is installed in the tower by the FAA for the benefit of Pontiac area flyers. Another $150,000 or so was spent installing the 24-hour-a-day VORTAC 6 miles northwest of the field in White Lake Township. Steady radio beams from this indicate to pilots just where they are and which way to go to keep on route.

There's space for a radar unit in the Pontiac tower, but this is something for the future.

Even without radar, the tower can handle instrument landings, day or night, when the visibility's good, Ginoman said.

★ ★ ★

During normal weather, aircraft coming in are spaced laterally by distance as they wait to land, Ginoman said. During bad weather, when instruments are used, they're spaced vertically as well, in formations known as "stacks" in air jargon.

The tower operates independently in the immediate area but cooperates with the Detroit Air Route Traffic Control Center at Metro Airport. Metro controls the air routes between airports in southeastern Michigan.

"We're sort of the local police on the local roads and Metro the state police on the state highways," Ginoman explained.

Tower operations began June 15 after a big meeting at which local pilots were briefed on the procedure.

"Since then, everything's been smooth here," Ginoman reported. "The pilots got the knack of it right away. The facilities provided by the city are very, very good. The airport management is helpful in every way."

To make sure all continues to work well, more briefing sessions are planned with pilots, the next one on July 26.

Beast Blamed for Break-Up of Beauty, Brain

DETROIT (UPI) — Stripper 'Irma the Body' says her beauty and brain marriage to a professor broke up because of a beast.

★ ★ ★

Irma explained Friday her marriage crumbled because her husband objected to her dachshund sleeping at the foot of the bed.

Irma's name is Mrs. James Taren. Unmarried it is Mary Elizabeth Goodneighbor.

She obtained a divorce from Taren, an assistant professor of neurosugery at the University of Michigan Thursday.

Irma, her mind firmly fixed on the dog, went on to say that she tried being a housewife but it was no job for a girl who never came closer to cooking that opening a can of dog food for that dachshund.

★ ★ ★

Blonde Irma, five-foot ten inches in her presumably bare feet, said she is off to start a new life and may begin it by visiting her mother in Prospect Park, N. J.—presumably with the dachshund.

Taren declined comment.

Ban Liquor Voting Day

LANSING (AP) — No liquor sales will be permitted July 25 while polls are open for primary election of candidates for the constitutional convention next fall. The Liquor Control Commission said Friday that the ban will be enforced from 7 a.m. to 8 p.m.

Steel Employes Hurt by 2 Blasts

10 Injured at Trenton as Explosions Occur 90 Minutes Apart

DETROIT (AP) — Two explosions caused burns and injuries to 10 employes of McLouth Steel Corp. in the downriver plant at Trenton early today.

None of the injured was reported seriously hurt. All received hospital treatment.

The blasts, coming about 90 minutes apart, reportedly awakened residents in their homes a half mile from the plant.

The company made no immediate statement on the explosions.

★ ★ ★

One took place at 1:05 a.m., the other at 2:38 a.m.

The first was reportedly caused when an overheated steel ingot burst in a flast furnace.

Two workmen, Robert Taylor, 43, of Wyandotte and Clarence Mulekay, 33, of Newport, were burned on the face, back and arms.

The second was an explosion of chemicals in an oxygen processing room. Eight men were hurt.

★ ★ ★

In the latter blast Robert Coleman, 30, of Wyandotte and Glen Maline, 29, of Trenton were cut by fragments of steel and also inhaled an alkaline dust.

Troy Police Nab 2 on Weapons Charge

Troy police arrested two Warren men last night after the pair tried unsuccessfully to sell a pistol and are holding them for allegedly carrying a concealed weapon.

★ ★ ★

Police apprehended the pair when their car stalled on Dequindre Road. They had received three reports from area residents that they were offering a pistol for sale.

★ ★ ★

The pistol was found in the men's car, according to police. Held are William Atken, 20, and Thomas Johnson, 21. They were to be arraigned in Municipal Court later today.

The Macomb County Sheriff's Department also wants to question them regarding an unsuccessful armed robbery last night.

Stevenson's Ex-Wife May Lose Her Sight

CHICAGO (AP) — Ellen Borden Stevenson, former wife of U.N. Ambassador Adlai Stevenson, was taken to Passavant Hospital Friday with a serious eye condition.

★ ★ ★

Mrs. Stevenson injured the eye Thursday while working out on an exercise bar. The bar, attached to a bathroom door frame, came loose and struck her left eye.

It was believed at first that she would lose the sight of her eye, but hospital authorities now say she has a 50-50 chance of retaining sight.

2 Auto Crashes Injure 7 Teens

3 Cars Come Together in Commerce Twp.; 2 Collide in Springfield

Seven teen-agers were hospitalized as the result of two traffic accidents in Oakland County yesterday.

★ ★ ★

Injured in a collision involving three cars in Commerce Township last night were:

Barbara J. Aho, 18, of 4851 Auburn Road, Shelby Township, with a head injury, and Katherine Lee, 16, of 265 Grey Road, Auburn Heights, with a mouth injury.

Both were reported in serious condition today at Pontiac General Hospital.

★ ★ ★

Also Karen Drumond, 16, of 6457 Lotus Court, Waterford Township, suffered a fractured cheekbone; James W. Lynch, 19, of 2401 S. Telegraph Road, Bloomfield Township, a fractured left knee and cuts; and Jerre Lou Baker, 18., of 47401 Elden Road, Shelby Township, a fractured ankle and face cuts.

They are in fair condition at the hospital.

TWO CARS CRASH

Hurt in a two-car crash on Ormond Road in Springfield Township were passengers in both vehicles.

Shirley Justice, 17, of 401 Riggs Road, Fenton, injured her left ankle as a passenger in a car driven by Mrs. Daniel L. Dumas, 30, of the same address.

Joyce Brendel, 16, of 6015 Brendel Road, Davisburg, sustained severe contusions over most of her body as a passenger in the other car, driven by Fay L. Brendel, 22, of 6835 Brendel Road.

★ ★ ★

Both girls were listed as satisfactory today at St. Joseph Mercy Hospital.

Lynch, who was driving the car on Commerce Road in Commerce Township in which Misses Drumond and Lee were seriously hurt, refused to make any statement, according to sheriff's deputies.

His car apparently sideswipped an oncoming car driven by David R. Long, 16, of 2050 Ford Road, according to the sheriff's report, and crashed headlong into the side of a second car, driven by Miss Baker.

NONE INJURED

Miss Aho was a passenger in Miss Baker's car. Neither Long nor his three passengers in the first car were injured.

The accident on Ormond Road happened when Mrs. Dumas lost control of her car on a curve after the brakes failed, according to her statement to deputies.

Her car slammed into the side of the oncoming Brendel car.

Miss Brendel and three other passengers in her car were unhurt. A fourth passenger, Jean Nichols, 16, of 4501 White Lake Road, was treated for minor injuries and released.

50,000 Homeless in India

BOMBAY, India (AP) — Fifty thousand persons were homeless today in Poona, 75 miles southeast of Bombay, as a result of floods earlier in the week that claimed 59 lives after the rain-swollen Mutha River burst a dam.

The Day in Birmingham

Three Named to Positions on Franklin Planning Unit

BIRMINGHAM — Three new members have been named to the Franklin Planning Commission to fill vacancies created by resignations.

Those appointed by the Village Council are Donald Hacker, Kenneth Bailey and David Goodnough. Each of the men will serve three-year terms.

They succeed Walter Dreyer, Frederick Geib and Fred Worden.

"Our planning commission now has members representing every section of the village," said Village President Calvin Thomas. "This should be beneficial to the council in developing future action."

An organization meeting is scheduled for 2 p.m. Monday to formulate plans for a Newcomers Club that would serve Bloomfield Hills and the lakes area of Bloomfield Township.

The meeting will be held at the home of Mrs. F. Rex Mackercer, 3500 Wards Pointe Drive, Orchard Lake.

The club will be a social organization with monthly meetings at the homes of members.

Persons interested in such an organization may contact Mrs. Mackercer.

The Rev. Robert S. Graham, assistant minister of the First Presbyterian Church, has been named pastor of the First Presbyterian Church in Ardmore, Okla.

Rev. Graham, who has been assistant minister here for seven years and minister to youth for four years, will assume his new duties in Ardmore in August.

A farewell party will be given for the Graham family by church members July 30.

Prior to coming to Birmingham, Rev. Graham was pastor of the First Presbyterian Church in Long Branch, N.J.

Con-Con candidate Jean Kerr Ketchum will be the guest speaker Monday at the 3 p.m. meeting of the Bloomfield-Birmingham Republican Women's Club at the home of Mrs. Richard G. English, Cranbrook and Dunstan Roads, Bloomfield Hills.

Ike Is Visited by Ayub Khan

Pakistan Leader Says JFK to Be Limited in Kashmir Solution

NEW YORK (UPI) — President Mohammed Ayub Khan of Pakistan flew to Gettysburg, Pa., today for a visit with former President Dwight D. Eisenhower.

Ayub came to New York Friday from Washington, and was feted by the city, including a traditional "ticker-tape parade" up lower Broadway.

Before departing today, the Pakistan president said he felt after meeting with President Kennedy that there are "limitations" to what the U.S. President can do in solving the Kashmir problem.

Published reports from Washington had said Kennedy declined to take an active role in settling the Kashmir issue between Pakistan and India.

★ ★ ★

"He (Kennedy) recognizes the necessity of resolving this problem. It is as much in the interest of the United States as of Pakistan to resolve it," Ayub said.

After Ayub meets with Eisenhower, he plans to fly to Texas for a visit with Vice President Johnson.

Death Notices

JOHN BAGLEY

LAKE ORION — Funeral arrangements are pending from Allen's Funeral Home for John Bagley of Ypsilanti, formerly of Bagley Drive, Lake Orion. Mr. Bagley died Friday night in Ypsilanti.

DANIEL D. McGINZIE JR.

KEEGO HARBOR — Service for Daniel D. McGinzie Jr., 11, son of Mr. and Mrs. Robert Berry of 3219 Rycroft St., will be at 11 a.m. Monday at C. J. Godhardt Funeral Home. Burial will follow at Ottawa Park Cemetery.

A little leaguer of West Suburban Boys Club, Safety Patrol leader, and member of the Boy Scouts, Daniel died Thursday at Pontiac General Hospital following a head injury received in a golfing accident Wednesday afternoon at his home.

Surviving besides his parents are his grandparents, Mrs. Florence McGinzie and Mr. and Mrs. John Lock all of Keego Harbor, Mrs. Edwards of Chicago, Ill., Robert Pippin of Munsy, Ind.; two brothers, Robert Lee McGinzie, John W. Berry, and Charles Randall, a step brother, and two sisters Mary Elizabeth and Priscilla Sue.

500-Year Trusts Upheld in Court

FROM OUR NEWS WIRES

NEW YORK — The legality of two 500-year trusts established by an upstate attorney in what the government claims is a move to wreck the nation's financial structure was upheld Friday by the U.S. Court of Appeals.

Earlier, the courts had declared invalid five other trusts set up by 80-year-old Jonathan Holdeen of Pine Plains, N.Y., on the ground that they conflicted with income tax laws.

The Commonwealth of Pennsylvania is the ultimate beneficiary of the two valid trusts in the year 2444.

The government argued that Holdeen set up the trusts to prove the economic theories about vast accumulations of money through compound interest payments. Such a vast fortune would be accumulated, the government said, that the tax base of the nation would be destroyed.

★ ★ ★

Also, the government claimed that another of Holdeen's purposes was "abolishing the present economic system of this country."

AUTHORS BOOKS

No one, not even Holdeen's attorneys, has estimated the possible value of the trusts if all seven were to continue to maturity. One fiscal expert testified in a lower court that the five 1,000-year trusts would be worth about $9,988,380,000,000,000 (nine quadrillion, nine hundred and eighty-eight trillion, three hundred and eighty billion dollars).

★ ★ ★

Holdeen, author of several books on his financial thinking, said he set up the trusts "to teach a lesson in saving — as Benjamin Franklin had attempted to do."

Franklin, taking advantage of compound interest payments on such investments, set up 200-year charitable trusts of $5,000 each for the cities of Boston and Philadelphia. No figure was given for the original Holdeen investments.

Rappleyea said today that the funds, valued at several million dollars, may have backfired on Holdeen because a court has ruled he must pay the income tax on the funds from his own pocket.

Holdeen already had paid under protest $800,000 in income tax for the years 1945-50 for the five trusts. He lost one court case recently for the 1945 tax involving more than $111,000 but is appealing the decision.

Glynis Johns in Hospital

HOLLYWOOD (AP) — British actress Glynis Johns is reported in satisfactory condition after undergoing minor surgery at Cedars of Lebanon Hospital.

The nature of Friday's operation was not disclosed.

Illinois Farmers Don't Agree

5 Can't Afford Cadillac With Federal Money Like New Yorker

WASHINGTON (AP)—Five Illinois farmers are unhappy about a colleague who grandly wheeled into town in a Cadillac to thumb his nose at farm support programs.

And they have arrived to file a protest, in a 1959 Chevrolet bearing a sign that says: "We're five Illinois farmers who could not afford a Cadillac with our federal grain program production payments. However, this paid some current expenses."

★ ★ ★

"We've been mad ever since we saw that man's picture in the paper," said Paul Miller of Harmon, Ill., speaking for the group.

"That man" Miller referred to is William T. Smith, a Big Flats, N.Y., farmer who boasted he made the down payment on a $6,100 Cadillac with money he got from the government for not planting 104 acres with corn. And he promised he would pay off the car with money he expected to get in the fall for not planting grain.

SNAP DECISION

The five indignant Midwesterners—Miller, Russell Miller (no relation) of Walnut, Pete McCune of Rock Falls and Harold Deitz and Patrick Henry, both of Harmon—said Friday they decided "on the spur of the moment to drive to Washington."

They got a sympathetic reception from Sen. Paul H. Douglas, D-Ill., and Secretary of Agriculture Orville L. Freeman.

The Illinois group expressed doubt that Smith was a "real farmer" and some astonishment at the size of Smith's subsidy. They said their subsidies were much smaller. Smith has more than 1,000 acres.

Douglas said the average farm income in Illinois—whose farmers, he said, are as efficient as farmers of any other state—amounts to $3,249 a farm. Only about $2,300 of this is in cash, Douglas added.

The Illinois men also told Freeman they resented Smith's actions. Freeman told them he "appreciated what you men are doing to try to set the facts right about the feed grain program."

Utica Truck Driver Won't Face Charges

DETROIT (AP) — Melvin Angel, 36, an unemployed Utica truck driver, will not face formal assault charges as a result of his running fued with the Teamsters Union.

Samuel Brezner, chief assistant Wayne County prosecutor, ruled Friday that there was insufficient evidence to support the charge, which was sought by Roland McMasters, 47, business agent for Teamster Local 299.

Local 299 is the home local of Teamsters President James R. Hoffa.

Angel attracted national attention when he went to the recent union convention at Miami Beach, Fla., to oppose re-election of Hoffa. He was barred from the convention because he lacked delegate credentials.

Shaw Replies to Criticism

Says Attack on His Tax Stand by GOP Official 'Made in Haste'

Constitutional convention candidate Carl P. Shaw said criticism of his tax-stand by Republican County Chairman Arthur G. Elliott Jr. "was obviously made in haste without fully investigating either the philosophy of the single tax or the number of Republican politicians who have worked for its adoption."

Elliott, a con-con candidate himself, yesterday disavowed Shaw's "community property" platform plank as being in "direct conflict" with the GOP viewpoint. Shaw is also a Republican.

The county chairman said Shaw, a Pontiac Central High School teacher from Waterford Township, has been advocating that land be "recognized as common property where the user pays land rent to the community."

"If raising the tax on land values and lowering taxes on production is not to be made a part of the forthcoming new Constitution where and when should this reform be instituted? Shaw, 31, asked in rebuttal of Elliott's censoring of him.

'Christ' Rally Ends Over 6,000 Present

More than 6,000 persons attended the "Come to Christ" crusade conducted by the Church of Christ under a tent at Hughes and Franklin roads which concluded Friday evening with the regular 7:45 service.

★ ★ ★

During the past three weeks Evangelist G. P. Holt presented Christ as the Savior of all men and the Christian system as adequate for all who obey the Lord.

★ ★ ★

The church believes this effort has proved to be the most successful attempt yet undertaken.

Carnival Runs Through July 22 at Elks Temple

A carnival being staged at the Pontiac Elks Temple to raise funds for the rehabilitation of crippled children will continue through July 22, Wylie McClellan, the club's exhalted ruler, announced today.

★ ★ ★

The public can show youngsters a good time at the carnival and at the same time help less fortunate children, said McClellan.

The amusement rides are set up outside on the club grounds at 114 Orchard Lake Ave. They are open daily and in the evenings.

The Pontiac Elks have set a $4,000 goal, hoping to achieve it through the carnival and other sources.

Wednesday, members will bring crippled children from the Pontiac area to enjoy the carnival.

Aspirants to Answer Con-Con Questions

Constitutional convention candidates from Districts 1 and 2 will be asked what they believe is the most important issue of the forthcoming convention at a rally Thursday at Pontiac Central High School.

★ ★ ★

Democratic and Republican candidates have been invited to the 7:30 p.m. public meeting, sponsored by the Pontiac League of Women Voters.

All eight Pontiac candidates and the 15 from District 1 are expected to attend the meeting, which is five days prior to the con-con primary election.

Cash Travels From Here to There

Couple's Money Teeters Between 'Em

By HAL BOYLE

NEW YORK (AP)—Should a man with a round wife put her on a flat salary?

The answer is a resounding yes except for one problem—what will you do with all the money she makes? Hide it in the corners? There are other problems, too.

★ ★ ★

BOYLE

Often housewives sigh and say they would like to be on a pay-as-you-do basis.

Often many a husband would also like to fine those same girls on a pay-if-you-don't basis.

Would it work out any better, for instance:

You start by giving your wife a fair salary for running a neat house—cooking, cleaning, et cetera, at 75 cents an hour, four hours a day. That would be $3 a day or $21 a week.

Then, naturally, there would be a surcharge for the time she spent listening to her lord and master brag about his troubles in bringing home her and his bacon.

At the same rate of 75 cents an hour, it might break down to this:

★ ★ ★

Three hours a day listening to husband praise himself seven days a week—$15.75.

Five hours a day listening to husband criticize his boss and pointing out the errors of that man's ways: At 75 cents an hour, $26.25.

★ ★ ★

Now if you add these reasonable recognitions of a wife's endeavor you get this summary financial picture:

$63 PER WEEK

For taking care of your household, listening to your self-praise and your denunciations of your employer, the dear girl has earned a welcome weekly total of $63.

This isn't bad money for a girl who naturally has no problem but your own welfare on her hands.

Here the other side of the story enters. You have to fine her for what she doesn't do.

MAJOR CITATIONS:

Debit: Looking at her at 5 cents a glance every morning when she shows up frizzled and without makeup—35 cents a week.

Debit: Time lost from cleaning fingernails while listening to her explain your loss of character: Her expenditure, 77 hours, your expenditure, one yawn. Price of your time: 12 cents.

★ ★ ★

Debit: Time spent explaining to her why you'd rather spend the evening at home than squire her on the town: Two hours a night, 14 hours weekly. Total waste of breath, figuring any attempt at wife-explaining at $5 an hour, $70.

★ ★ ★

Debit: Luncheon money demands and borrowings based on the idea that a wife with eyes that close together can't be financially trusted anyway: $3.50 weekly.

★ ★ ★

Well, now, there you are. You put a round wife on a flat salary of $63 a week and the first thing you find is, she is living at a $73.97 scale.

What do women do with money anyway? Why is it they can't make it go from here to there?

At Stake Is Home Rule Principle

Eastern Town Cracks Down on Welfare

NEWBURGH, N.Y. (AP)—Beneath the spotlight of national attention, this Hudson River community embarks Saturday on a stiff crackdown on welfare recipients, those of its resident who live on public dole.

★ ★ ★

The expressed idea behind a new code for welfare cases is to sweep mounting relief rolls clear of chiselers. But critics of the plan fear that many an innocent person may suffer.

At stake is a principle of great importance to nearly every city in the land—the right of a municipality to regulate its own affairs, even though it accepts federal and state funds in support of some of its programs. The principle is one of home rule.

Behind the furor over welfare in Newburgh stands Joseph Mitchell, who became city manager here last October. Here is what he found in this city of 31,000 population:

Welfare costs have increased every year in the past decade, although the city lost population and taxpayers during the period.

★ ★ ★

The city's welfare expenses had grown to $893,085 annually—larger than the combined cost of police and fire protection—out of a total budget of $3 million a year. One of every 20 residents of Newburgh was receiving city welfare aid of some sort.

In 1950, almost two-thirds of the relief clients were white. Last year, more than two-thirds were Negro. The white population of Newburgh during the decade declined by 13.6 per cent, while the number of nonwhites increased 151.4 per cent.

A citizens committee appointed by the city council said the increasing Negro population resulted from an influx of migratory workers, with their families and relatives, mostly from the South. The committee said New York State, if not Newburgh itself, has gained a reputation in the South as a welfare haven for emigrants.

With this data before him, Mitchell set out to do something about the situation. As he saw it, he had two alternatives—increase taxes or decrease welfare expenditures. The city manager chose the latter course.

Last May 1, Mitchell ordered relievers, except the aged and infirm, to pick up their welfare checks at police headquarters. The city manager said he wanted to verify that the persons on relief rolls actually existed and were qualified for welfare aid. As a result of the relief muster, five families were stricken from the rolls.

Local ministers and the state welfare department condemned the muster order, but their criticism was but a murmur of what was to come.

TO WORK 40 HOURS

On June 20, Mitchell, with the backing of the Republican-controlled city council, announced the program for welfare cases effective July 15. Among other things, it cuts unwed mothers off relief if they continue to bear illegitimate children, and if requires able-bodied men on relief to work for the city 40 hours a week.

This time Mitchell brought a real storm down around his head.

In the city itself, Democratic Mayor William Ryan and Orange County Democratic Chairman Sears Hunter fought the program. So did City Welfare Commissioner John O'Donnell—who resigned Monday in protest.

On the state level, the State Welfare Board said the new regulations violated state and federal law and could jeopardize payment of federal welfare funds to every community in the state—a total of about $150 million a year.

The Newburgh branch of the National Association for the Advancement of Colored People demanded a federal and state investigation, suggesting racial bias.

The gist of the arguments against the code was that it constitutes heartless discrimination against the helpless.

GOLDWATER IN FAVOR

Mitchell was not without supporters, however. Among them was Sen. Barry Goldwater, R-Ariz., who wrote to the city manager:

"The abuses in the welfare field are mounting, and the only way to curtail them are the steps which you have already taken . . . more power to you."

In the gathering force of the storm, Mitchell and the city council stood firm. In answer to charges of racial discrimination, the city manager said:

"We have reached the saturation point here for unskilled workers, whether they're Irish, Catholic or Negro."

★ ★ ★

To the state, Mitchell said in a statement:

"Newcomers have no right to wreck our city. They have no right to prejudice the interests of our citizens . . . we do not think it is moral to appropriate public funds to finance crime, illegitimacy, disease and other social evils."

The state social welfare commissioner Wednesday night ordered Newburgh to void its proposals. Mitchell refused, and a court action by the state against the city appeared likely.

AP Photofax

IN WELFARE CONTROVERSY—This is one of the streets in Newburgh, N.Y., where a large part of the Negro population is centered. National attention has been focused on this town because of its stiff crackdown on welfare recipients. City officials say that increasing welfare costs are largely due to a 151.4 per cent rise in the city's nonwhite population over the past decade.

Celebrates Dedication Sunday

Orchard Lake Community Church, Presbyterian, will commemorate the dedication of the original Orchard Lake Chapel in worship services tomorrow morning.

A class of new members will be received at the services. Rev. Edward D. Auchard will preach on the subject, "His Father's Wells."

Dedicated on July 18, 1874, the chapel is now a part of the sanctuary of the church. The building committees of the church that planned for the expansion tried to conserve the atmosphere of the roadside country church.

When the chapel was completed in the summer of 1874 it was the first house of worship in West Bloomfield Township. The U. S. flag on display in the sanctuary as of recent months has also flown over the Capitol Building in Washington, D. C. It was a gift to the Rev. Mr. and Mrs. Edward D. Auchard from Congressman and Mrs. William Broomfield.

Year-round services befan at the Orchard Lake Chapel in 1939 when a Sunday School organized in the Westacres community began to use the Chapel. The group hopefully took the name, "Orchard Lake Community Church."

REORGANIZE CHURCH

In 1943 the church reorganized as the Orchard Lake Community Church, Presbyterian. Original board of trustee members included C. E. Summers, engineer for the Pontiac Motor Division and former president of the Pontiac Chamber of Commerce, R. D. Baker, president of the R. D. Baker Construction Company of Detroit, and Al Booth, with the same corporation. Three of the original five elders are currently on the Session of the church: John Emmert, Charles Wright and Harold L. Welch.

The Presbyterian congregation that began with 50 charter members has increased to 880. The church school has over 600 pupils. The church actually serves more than its congregation — over 500 families and over 2,000 persons. Over $85,000 has been invested in its ministry to the community and in the world mission of the church in 1960.

A series of building projects was climaxed in February 1959 when Rev. Henry D. Jones returned to dedicate the education wing. In 1960 the church obtained the property east of the church for a manse.

CULTIVATE INTEREST

The church has cultivated an expanding interest in its general mission. Besides general benevolences, special gifts have been given in recent years to Alma College, Presbyterian Village, a Presbyterian home for senior citizens, a headquarters for the "Youth for Understanding," the student exchange program of the Michigan Council of Churches, and to church extension in the Detroit area.

Grieta Van Coevering, a member, is serving on the Ganado Mission staff in the Navajo country of Arizona. Dr. and Mrs. Bruce Hantwork, medical missionaries in Iran, are of special interest of the church.

Rev. and Mrs. Henry D. Jones are at present in Latin America working with the World Council of Churches preparing for a conference to be held in Lima, Peru, on the ministry of the church in areas of rapid change.

* * *

Trustees of the church will meet Monday evening under the leadership of Axel Kjolhede, president. The Session will meet Tuesday evening. Other leaders of the congregation are invited to this meeting where the total program of the church will be evaluated under the direction of a committee headed by Rev. Francis Dickson of Outer Drive United Presbyterian Church appointed by the Presbytery of Detroit.

Mothers' arms are made of tenderness, and sweet sleep blesses the child who lies therein.
—Victor Hugo

Church of God Envoys Plan Woman's Day

Senior Missionaries of the Church of God are planning a special Woman's Day program at 3:30 p. m. tomorrow at the church, 296 South Boulevard. Local and out-of-town church groups will present music and singing.

* * *

Elizabeth Ross will serve as guest speaker for the occasion. A graduate of Tennessee State University, Miss Ross is currently employed as a dietician at one of the local hospitals.

* * *

A social hour will follow in the church parlors. Mrs. Bettie Hutchons is mistress of ceremonies. The event is open to the public, Elder M. J. Watkins, pastor, announced.

Shut Up and Lay Eggs, You Dumb Clucks—

VIENNA, Austria (AP) — A Czechoslovak veterinarian claims he has discovered a new way to make a hen lay more eggs—"break her of the habit of clucking."

* * *

Dr. J. Finc wrote in the Communist party newspaper, Rude Pravo that a clucking hen lays fewer eggs and he has found a synthetic hormone to silence the chicken. He predicted his discovery will increase Czechoslovakia's egg production by millions in the next few years.

First night airmail flight was made in 1921.

Back on Chicago Stage After 10 Years

Mae West Is Still Something at 70

By JOYCE SCHULLER

CHICAGO (UPI) — When it comes to sex on stage, Mae West is still something at 70.

It's 33 years since she shimmied on stage in "Diamond Lil," and murmured her classic invitation, "Come up 'n see me sometime."

But she still has the equipment that put the bosom on the map. Blonde, brassy and breathless, she's back on stage in Chicago after a 10-year absence in a play called "Sextette." The title is reminiscent of the first Broadway play she starred in, "Sex."

In "Sextette," as in all her earlier displays, the 70-year-old Miss West comes through with what essayist Harry Golden has described as "old fashioned sex."

* * *

"There's a wholesomeness about Mae West's sex," he wrote in his book, "For 2 Cents Plain." "It suggests the loud laughter at a Verein picnic in Schutzen Park, or on the annual excursion of the Steamfitters' Union, Local No. 11."

'NOT SO OLD'

Mae West never considered playing anything but a sexy-looking female, even at 70, "because that's not so old," she said.

"They say the life span should be 140 years," she added in a dressing room interview.

The trick to not showing your age is "all in knowing how to live and what to do," said the lady who called her autobiography, "Goodness had nothing to do with it."

Onstage, she still looks something like Jayne Mansfield, or, as Mae puts it: "Jayne looks like me. I always looked like that."

Mae takes it as a compliment that a whole generation of starlets has copied her style of exuding sex on stage.

* * *

"But they don't really know how to imitate me," she said. "They don't see the comic side of sex."

She's always poked fun at sex by playing it bigger than life.

"That's why even plain women like me," she said, "Women have always been among my fans."

She prefers not to discuss the trade secrets for keeping in condition at 70. But it is said that Mae eats a big meal only once a week, relaxes head down and feet up, and occasionally stands on her head.

Fifty-two of the 100 leading national newspaper advertisers of 1960 increased their investments over 1959, with 10 of them registering increases of more than 100 per cent.

Pick New Unit to Suit Needs

Which electric room air conditioner will best suit the needs of your home and family?

First, it's important to decide the size, style and type of room air conditioner you need. There are four basic types:

1. Window units. These are attractive and trim and designed for easy installation by home owners.

2. Through-the-wall. Similar to window units, but designed to fit into a metal sleeve installed through an exterior wall.

3. Mobile. Modern portable units pack high cooling capacity into a lightweight, compact package. Some can be carried and others wheeled to where they are needed most.

All three types are available in a variety of models and in a wide range of cooling capacities. Some models are reverse-cycle or "heat pump" units. They cool, dehumidify, and filter the air in summer, and provide heat in cool weather.

To find out what capacity unit you need, tell your appliance dealer the size and use of the room, where it's located, number of windows and which direction they face, and whether circuits are 115, 208 or 230 volts.

With this information, your dealer can prescribe the Btu capacity needed. Btu's, a more accurate method of determining amount of cooling required, have replaced old "horsepower" or "ton" designations.

In accordance with standards of the National Electrical Manufacturers Association, room air conditioner manufacturers imprint BTU capacities on the data plates of all units.

If Mom Is a Fix-It Give Her the Tools

Since Mother in many homes is more than a "kitchen mechanic" and does all kinds of simple plumbing and fix-up repairs, she should have a portable toolboard for her own hammer, pliers, screwdrivers and wrenches.

In the form of a square or rectangular panel of perforated hardboard (Peg-Board), with a handhold at the top, this portable tool carrier can be hung in a hallway ready for instant use.

New metal fixtures especially for holding tools securely have been manufactured for perforated hardboard by Masonite Corporation and are available at lumber yards. The paneling can be obtained there, too. After being sawed to size, the toolboard's corners should be rounded with a file and the edges lightly beveled before it is primed, painted and put to work.

GOLF MANOR—Five new models . . . a Cape Cod, two tri-levels, a bi-level and a ranch . . . are open for inspection at Golf Manor, Commerce at Union Lake Roads in Commerce. Priced from $14,290 including minimum 80 foot lots, the Cape Cod, tri-level and bi-level elevations feature 3 and four bedrooms, built-in ovens and ranges, 1½ and 2 full baths, paneled dining areas and family rooms, sliding glass DorWals, fireplaces and garages. Models are open daily and Sunday from 12:00 noon to 8 p.m. (Closed Wednesdays).

Five Models Open at Golf Manor

Keeping pace with today's demands for an even bigger selection of new home models to choose from, Charles B. O'Neil, vice president of Bert L. Smokler and Company, announced the official opening July 8 of five completely new models in the company's Golf Manor community in Commerce.

These new models join a community that opened some months ago. Overlooking Edgewood Golf and Country Club . . . adjacent to Morey's 27-hole course . . . literally surrounded by recreational areas such as Kensington Park, Dodge State Park, Proud Lake, Island Lake, Walled Lake, Orchard, Cass and Union lakes—the Golf Manor community offers residents a wide choice of year-'round sports pursuits.

Already, some 125 families have located in the new subdivision and homes are going up at a rapid rate each month. When completed, Golf Manor will boast 218 homes, with a total value of over $3,750,000.

Of the five new models, the Cantabury is perhaps the most noteworthy, inasmuch as it represents the first Cape Cod style architecture to become available in Golf Manor. Available in buyer's choice of either 3 or 4 bedrooms, the Cantabury features over 1,660 square feet of living area and includes an attached two-car garage in the purchase price.

Visitors will be impressed by a number of custom-type appointments included in the 1½-bath Cantabury . . . from the vestibule closet with window, and the mammoth storage closets on the upper floor that make a grand total of nine big closets in the home . . . to the full basement that affords plenty of space for recreation areas.

The wooden decorator-designed kitchen-dining room divider assures private dining space, while the kitchen features a traffic-free breakfast area. Included are a built-in Hotpoint range and oven, vent fan and hood, and double sink.

The paneled family room is another custom feature, with its wood parquet flooring, its sliding glass door which opens onto the patio area, and the optional fireplace wall.

All the bedrooms of the Cantabury include large closets with folding birch doors. The Cantabury is priced from $19,290.

MEADOWBROOK

In the Meadowbrook, visitors will find a dramatic bi-level floor plan that provides over 1,400 square feet of living area and is priced from $14,920.

The tri-level Foursome incorporates 4 bedrooms and 2 full baths into over 1,600 square feet of living area designed to provide convenience, privacy and comfort for all members of the family.

For families who prefer a ranch-style home, Golf Manor offers the new Greenview, a 3-bedroom all-brick home with an attached garage included in the purchase price from $15,800. One of the Greenview features especially popular with visitors is the covered rear terrace that invites you to enjoy every pleasant breeze of the outdoor season.

Certain to be a popular model with large families is the Woodside, a 3-level face brick home offering a choice of either 3 or 4 bedrooms, 2 full baths, over 1,800 square feet of living area, and an attached garage included in the purchase price of from $18,040.

Located at Union Lake Road and Commerce Road, Golf Manor offers residents city sidewalks, paved streets, storm sewers and city water.

All models are open daily and Sunday from 12 noon to 8 p.m., on Saturday from 12 noon to 6 p.m. and closed on Wednesdays. Sales for Golf Manor are being handled exclusively by Proper Realty.

Franchise Granted Firm for Component Housing

Peterson Real Estate of Lake Orion has been given exclusive franchise rights in Oakland County by Component Houses of Detroit for the building and selling of new type homes which can be purchased for as little as $1,990.

The homes, which are bought on a do-it-yourself basis, are not prefabricated even though the pieces are sold in four foot modules. The pieces are pre-cut and pre-constructed in Detroit after the lumber is shipped from the company mill in Oregon.

Once the parts are bought, the buyer may decide on any of a number of ways to build the home.

The company only sells parts for the shell of the home; the inside work is left entirely to the buyer who may purchase the lumber for the home from Component Houses. A model house is open for the public's inspection on Sunset Rd., just north of Clarkston Road.

Representatives of the company, in announcing the granting of the franchise to Peterson, stated that their product is aimed at the almost 80 per cent of the population which makes $6,000 a year or less.

They pointed out that most 30 year term homes are not paid for. The company has its own finance system, and will finance anywhere. Under their system, a house can be fully paid for in seven years.

Lighter Paint Colors Can Save on Light Bills

Your choice of paint color can affect your electric bills because certain colors absorb most of the light that falls on them. Dark green, for example, absorbs 80 per cent of the light, olive 90 per cent as does purple. So if you use such colors on your walls, you may find that you will have to use bulbs of larger wattage or more lamps in order to obtain sufficient light.

★ ★ ★

On the other hand, white paint reflects 70 to 90 per cent of the light that falls on it, ivory and cream 55 to 78 per cent, and yellow 65 to 75 per cent.

Exciting New Products Make Living Nicer

Families shopping for new homes in 1961 will discover dozens of new product features to make their way of life more efficient and gracious.

For example, hi-fi intercom systems, will be featured in many new houses, so family members can talk to each other from room to room. Nor will these be the "squawk-boxes" used in offices and stores. A system offered by Emerson Electric will make the lady of the house sound like Ella Fitzgerald — and make Ella Fitzgerald sound better than ever when the family's AM-FM radio or phonograph is connected to the intercom.

Adjusting both hot and cold water taps everytime to get the right water temperature will be eliminated in many new homes. A Moen Faucet dials the desired temperature once, and so the faucet simply has to be turned on or off. It is easy as turning the dial to make the water hotter or colder when the occasion demands.

As any housewife knows, half the art of cooking is good timing. To make everything come out on schedule — hot and fresh— will now be far easier, thanks to Thermador food warming drawers featured in many 1961 homes. Now the most complicated menu can be prepared — and late husbands or one more round of cocktails won't make a good meal go cold and "flat."

Still another convenience featured is the Briggs circular lavatory bowl in a choice of six decorator colors — especially designed for new vanity counters. Ladies will be able to sit down when they make up, and have plenty of counter space for cosmetics and fashion accessories.

Other features of 1961 houses will be closets with floor-to-ceiling "floating doors" that turn entire walls into closet units. The unit by Float-Away Door Company operates quietly and securely on nylon pivot bearings. New kitchens will be furniture-styled — and rich, luxurious units designed by Mengel can be expected to be seen in many 1961 model homes.

Home Guide Offers Tests

One of the first, and most essential things to look for when you build or buy a house is a good floor plan and room layout, according to A. M. Watkins, author of a comprehensive new guide on judging house quality.

In the guide, Watkins gives five basic tests for a good plan. A house that passes these tests, he says, is likely to be of top design in other crucial areas, too. Well-planned houses by top architects automatically pass these tests.

★ ★ ★

1. Is the family entrance, usually through kitchen, properly located? It should be near the garage and driveway for speedy grocery unloading and convenient in-and-out travel for the family at all times.

2. Is the kitchen centrally located? From the kitchen a woman should have control over the entire house, be near the front door, be able to watch children playing outside, and be near dining and living rooms. The kitchen "should be a command post, not a foxhole," says Watkins whose guide is called "How to Judge a House."

3. Is the main (front) entrance well planned? Guests enter here. It should be near the driveway and street, and have a foyer and coat closet.

4. Is there good room-to-room circulation (occupants' travel routes within the house)? Can you go from any room to any other room (except dining room) without passing through a third room? From any entrance to any room without walking through a third room? The living room in particular should be free of cross-traffic.

5. Is there a good indoor-outdoor relationship? Is it easy to reach the patio, terrace or outdoor play area from the house?

The new guide can be had for $1 from All About Houses, Inc., Box 26, Piermont, N.Y. It also gives tips on such things as getting sound construction, avoiding the five biggest causes of high upkeep expenses in houses, plus a 120-point check list for judging houses.

Gives Flexibility

If truss rafters are used in the design of a home, builders suggest that partitions can be placed any spot desired in the home. Use of truss rafters is expecially desirable in open area homes where partitions are not used.

Southern Exposure Best for Kitchen

The all-important kitchen may be loaded with new appliances and equipment but it can still be a highly uncomfortable or gloomy place because of the wrong exposure, according to A. M. Watkins, author of a comprehensive guide for families planning to build or buy a house.

"Ideal exposure for kitchen and dining area is generally on the southeast side of a house. This will give you bright morning sunshine for breakfast all year around," Watkins says, coupled with a minimun of hot, late afternoon and early evening sunshine in summer when you don't want it.

A south-facing kitchen gets less morning sun, especially in summer, but more afternoon sun. A kitchen facing north gets practically no morning sun except for a little in summer and is exposed to cold winds in winter.

Watkins, whose home guide is called "How to Judge a House", says that a kitchen on the west or southwest is generally worst of all. It gets the most sun heat in late afternoon which can make it unsufferably hot in summer.

Takes Figuring

To figure out how much wallpaper you need for a room, multiply the distance round the room by the height of the room (in feet) and divide by 30. Deduct two rolls for every four ordinary sized openings (windows and doors) and what's left is the number of rolls you should order. This allows for matching pattern, too.

Northern hard maple flooring can be laid to advantage over wood joists or over concrete slab construction. Both methods are used in modern home design.

NEW INSULATION — Fiberglas Sill Sealer insulation applied during construction between the foundation and sill plate of homes, compresses to 1/32 of an inch, plugs air spaces, and saves enough in both installation and heating costs to pay for itself in one year in most climates.

Booklet Available on Door Operators

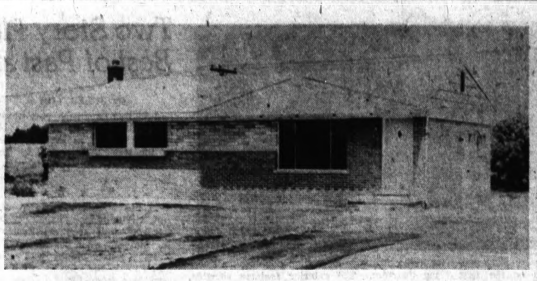
The Door Operator & Remote Controls Manufacturers Association announces the publication of a new 8-page booklet telling home owners the answers to four common questions about door operators:

★ ★ ★

1. What is a garage door operator?
2. How will I benefit?
3. What does it cost to own—operate?
4. What brands can I rely upon?

This 8½x11 booklet is attractive green, black and white is profusely illustrated in intriguing cartoon effect. It also illustrates the new DORCMA member seal. Look for this seal when purchasing your garage door operator.

If you are planning on equipping your garage with an automatic garage door operator or building a new home, be sure to write DORCMA, 110 N. Wacker Dr., Chicago 6, Illinois, for this booklet. It will tell you what you need to know, plus the names of reliable manufacturers from whom to buy your door operator.



IN OXFORD TOWNSHIP—Shown is the largest model in the Red Barn Subdivision, between Lake Orion and Oxford. This all brick ranch home has 4 bedrooms and 1½ baths, plus a full basement. There are 3 other models in the subdivision with prices starting at $12,290, plus costs. Carlisle Building Company of Oxford is developing the area. Open hours are 11 to 8 daily. The models are just north of Alban's Country Cousin.

Wood Holds Up

Many home owners report that wood paneled walls never need retouching or refinishing after years of service, while plaster walls need continuous retouching. Woods like west coast hemlock finished naturally wear just like a fine piece of furniture.

Push One Sliding Door and Other One Follows

A recent hardware innovation enables homeowners to have the classic bi-parting, between room doors that were so popular for so many years—with a major difference. Today, according to Space Saving Institute, Mrs. Homeowner need simply push one door aside

MAKE-OVER PAGES

Automatic bi-parting doors proving to be of great interest to the master opening to the living or family room.

Malpeque Bay, famous for its oysters, is on the northwest shore of Prince Edward Island, Canada.

Paint on Dry Lumber Is Long Lasting

Paint on wood is a prime source of the "modern look." With a fresh coat, many of our older homes may appear almost as new as their younger contemporaries.

Tests by the U.S. Forest Products Laboratory at Madison, Wisconsin, have proven that paint lasts longer when lumber is dry. Therefore, the surface siding should be properly seasoned as well as framing lumber and wood sheathing.

Ends of siding should be cut square and adjoining boards butted tightly together. Joints where siding fits against corner board should be tight. A sealer coat should be applied at ends to seal walls against rain.

A wide roof overhang is an attractive architectural feature. It's also an excellent device for protecting paint against sun and rain. Where the overhang is less than 12" for a one story house, or 24" for a two story, roof gutters should be provided, with adequate downspouts.

Where such precautions are observed, a good quality dark colored paint should last at least 6 to 8 years on Southern Pine siding, probably longer. For light colored paints, the average life expectancy would be somewhat less.

Hot and Cold System Studied

It's a topsy turvy world.

Engineers at the University of Illinois are studying a heating and cooling system which operates with a baseboard installed not at the floor level but under the ceiling. In the winter, hot water from a boiler is circulated through the baseboard for heating.

In the summer, chilled water from a water chiller is circulated. There is a trough under the baseboard to catch the condensation which is directed to the plumbing system or to the outdoors. The system is known as the "valance heating and cooling system."

The research work is being carried on at the new Hydronic Research House just off the campus of the University of Illinois. The house was built by members of hydronic heating and cooling systems.

The house is equipped with every known device for measuring temperature, radiation, air movement, and other factors which determine comfort in an indoor environment.

Warm Up Cottage

Your summer cottage needn't be a "short-season" affair. Use it from very early spring on by installing one of the many new prefabricated fireplaces and chimneys now on the market. Before installing, however, be sure to inquire about local building codes. Some codes will require fireproof materials, such as ceramic tile, for floors and walls near fireplaces.

Choose From Four Models in Red Barn Subdivision

One hundred and fifty new homes are planned for the subdivision between Lake Orion and Oxford. The Red Barn Subdivision. Carlisle Building Company of Oxford Township is developing the area.

Lots average 85 to 100 feet. The builder is putting in sidewalks and paved streets. There is community water. Each home has a septic tank.

Four models are finished and furnished. The smallest one, selling for $12,290 (plus costs) is a ranch house on a slab with attached garage. The next model is a 3-bedroom ranch with full basement.

Number three is a tri-level, while the largest home is again a ranch style with four bedrooms and 1½ baths, plus a full basement. This one is al brick, but the others are brick-faced.

All are heated with gas. All have birch cabinets in the kitchens with Formica counter tops. Built-in kitchen equipment is optional as are garages with the three larger homes.

There is a fireplace in the finished family room of the tri-level. This model sells for $13,390 plus mortgage costs.

Any one of the homes may be had with no down payment. The four-bedroom model is priced at $14,490 plus costs.

All the models are open from 11 to 8 daily. Go out M-24 through Lake Orion, past the Country Cousin and turn left off the highway.

Caulking Compound Will Prevent Water Seepage

Whenever two building materials meet, the point of contact should be sealed with caulking compound to prevent water from entering the wood and damaging the paint as it escaped through the surface. Examples are the juncture of siding and window frames, siding and masonry, balustrades and flooring.

Right angle joints of wood should be caulked, too, such as butt joint of siding and corner boards, porch floors and siding. And don't overlook gaps between two pieces of siding.

Pictures in Bath Spark up Room

Colorful pictures on the wall can snap a dull bathroom out of the doldrums. They and a few kindred accessories can set a theme in what is too often a rather dull, small room.

★ ★ ★

Consider adding striped, plaid or solid color mats to tie in with or match curtains, walls or tile color. Paint the frames for a touch of contrasting color. Be imaginative for this small spark may light the way to personality touches important rooms of the house.

Pontiac, Nearby Area Deaths

MRS. VERTIE I. J. CAMPBELL

Service for Mrs. Vertie I. J. Campbell, 68, of 93 E. Huron St., will be at 2 p.m. Monday at Schutt Funeral Home, with burial in Ottawa Park Cemetery.

Mrs. Campbell died Friday in Pontiac Osteopathic Hospital after a two-week illness.

Mrs. Campbell is survived by six daughters, Mrs. Francis White of Fisk, Mo., Mrs. Margaret Sawyer of Lake Orion, Mrs. Alice Chiapelli of Pontiac, Mrs. Joan Rhue of Waterford Township, Mrs. Jean Covarrubias of Clarkston, and Mrs. Louise Kidd of Detroit; six sons, Orville Hubbuck, Levi Campbell, William Campbell, all of Pontiac. Lerue Campbell of Milford, Richard Campbell of Clarkston, Frank Campbell of Detroit; 56 grandchildren and 33 great-grandchildren.

MRS. EFFIE M. COE

Service for Mrs. Effie M. Coe, 79, of 3262 Brookneal St., Union Lake, will be at 2 p.m. Monday at the Walled Lake Baptist Church, with burial in Walled Lake Cemetery.

Mrs. Coe died yesterday at her home after an illness of two months.

A member of the Baptist church in Commerce Township, she is survived by a son, Orson E. Coe of Memphis, Tenn; and two daughters, Mrs. Clare S. Carpenter of Commerce Township and Mrs. Luella Krug of Pontiac, four grandchildren and one great-grandchild.

CHARLES DeNAPOLI

Charles DeNapoli, 68, of 6744 Highland Rd., died Friday at St. Joseph Mercy Hospital following an illness of several months.

Mr. DeNapoli was formerly a grocer, and member of St. Benedict's Catholic Church.

Surviving are his wife, Anna, a son Phillip at home; two daughters, Mrs. Paul Felice of Pontiac and Victoria, at home. Two brothers and a sister in Italy also survive.

A Rosary will be recited for Mr. DeNapoli at 8:30 p.m. Sunday.

Service will be at 10 a.m. Monday at St. Benedict's Catholic Church with burial at Mt. Hope Cemetery. Arrangements are by Sparks-Griffin Funeral Home.

MRS. CARL A. GANJE

A rosary will be recited for Mrs. Carl A. (Eleanor) Ganje, 50, of 4089 Cambrook, Waterford, at 8 p.m. Monday at Donelson-Johns Funeral Home. Service will be at 10 a.m. Tuesday at Our Lady of the Lakes Church in Waterford with burial at Lakeview Cemetery, Clarkston.

Mrs. Ganje died Friday at St. Joseph Mercy Hospital after an illness of six months.

Mrs. Ganje and her husband were former owners and operators of Ganje Variety Store in Pontiac. A former teacher in the public schools here she was a member of the Altar Society and Our Lady of the Lake Church.

Surviving besides her husband, are her parents Mr. and Mrs. Michael Schall of Rugby, N.D. two sons Carl M. at home and Harold G. of Pontiac, and twin daughters Jane Ann and Jeanette Marie, both at home.

Four brothers and three sisters and a grandchild also survive.

MRS. MILTON LEITNER

Service for Mrs. Milton (Jennie) Leitner, 74, of 138 Elm St., will be held at 2:30 p.m. Monday at the Pursley Funeral Home, with burial in Arthur Center Cemetery.

She died Friday. Mrs. Leitner was a member of the First Baptist Church.

Surviving beside her husband are three sons, Rex of Vassar, John of Rochester and Walter of Pontiac; three daughters, Vereah Leitner and Mrs. Donna Weiberg, both of Pontiac, and Mrs. Grace Myers of Clarkston; four brothers, four sisters, 15 grandchildren and two great-grandchildren.

Prayer service will be held at 8:30 p.m. Sunday at the funeral home.

ROBERT SPANGLER JR.

Robert Spangler Jr., 1-day-old son of Mr. and Mrs. Robert Spangler of 391 Fourth St., died Friday at St. Joseph Mercy Hospital.

Surviving besides his parents are his grandparents Mr. and Mrs. Milo Nichol and Mr. and Mrs. Ulysses Spangler, all of Brown City, and a brother Jeffery.

Service was held at 1 p.m. today at Huntoon Funeral Home with burial at Perry Mount Park Cemetery.

News in Brief

Burglars took $17 in change from Ray's Billiards, 352 Franklin Rd., it was reported to Pontiac police yesterday.

Howard Henderson, 457 Montana Ave., reported to Pontiac police yesterday that a record player valued at $70 was stolen from his car.

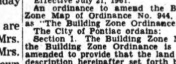
OLGA BARKELEY
Deputy City Clerk
July 13 and 15, 1961



ORDINANCE No. 1426

Adopted July 11, 1961.
Effective July 21, 1961.

An ordinance to amend the Building Zone Map of Ordinance No. 944, known as "The Building Zone Ordinance."

The City of Pontiac ordains:

Section 1. The Building Zone Map of the Building Zone Ordinance is hereby amended to provide that the land in the description hereinafter set forth be classified as Manufacturing 1: Lots 126, 127, 128 of Assessor's Plat No. 128, City of Pontiac, Oakland County, Michigan.

Section 2. The change in the Building Zone Map in the above area to Manufacturing 1 is made pursuant to the recommendation of the City Plan Commission and said Commission is hereby appointed to make a final report upon this amendment to this Commission previous to the public hearing to be held before this amendment is adopted, pursuant to Section 4 of Act No. 207 of the Public Acts of 1921, as amended.

Section 3. That not less than fifteen (15) days notice of the time and place of the public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in this city; that such public hearing is hereby fixed at July 11, 1961.

Section 4. This ordinance shall take effect ten (10) days from and after the date of its passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, this 11th day of July, A.D. 1961.

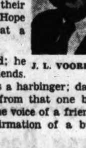
HOPE



J. L. VOORHEES

As long as man clings to a life-force HOPE starts him on his way to the Star of his desires. A boy with a bent pin, piece of string HOPES to catch a whale — at least. Young men HOPE their feet will be first to touch the moon; teachers HOPE their students will achieve honor and glory; parents HOPE their children will claim fame and fortune. Hope is everlasting, even grandpa smiles at a pretty maid.

Our mail carrier is HOPE personified; he brings happy news from family and friends. A ringing telephone is a harbinger; daughter HOPES it is a call from that one boy, we HOPE we will hear the voice of a friend, dad HOPES it is a confirmation of a business proposal.

M. E. SIPLE

Nations HOPE their differences will be resolved and peace will ensue — we hope so too. We HOPE for better health, for peace of mind, understanding, wisdom — HOPE, if you will, but WORK to bring reality to that nebulous abstraction. Hope is the impulse; work is the catalyst.

4-H Honors Chiang

TAIPEI, Formosa (AP) — President Chiang Kai-shek of Nationalist China accepted Friday the post of Honorary chairman of the National 4-H association of Formosa, a rural youth organization offering instruction in scientific agriculture and home economics. It has 70,000 members here.

Remembers Satellites

LANSING (AP) — Gov. Swainson Friday proclaimed the week of July 16-22 as Captive Nations Week in Michigan and called on citizens to offer prayers for people of nations subjugated to rule by Russia.

About 600,000 matches are struck every minute of the day in the U.S.

Gerber Executive Dies in Hospital After Crash

FREMONT (UPI)—Lester Janes, 60, a director and vice president of Gerber Products, died at Gerber Memorial Hospital Friday, two days after he suffered what were believed to be minor injuries in an auto accident.

A native of Ontario and a former Grand Rapids resident, James joined Gerber in 1935 and was named a vice president in 1950.

The American Legion's charter was granted by Congress in 1919.

High-Flying Teachers Commute to Campus

LIMA, Ohio (AP)—An airlift helps provide instructors for Ohio State University's branch campus at Lima.

Four members of the faculty make a half-hour flight each Monday and Wednesday evening from the university's main campus at Columbus.

* * *

Their pilot usually is Courtney Chapman, chief flight instructor for the university's airport in Columbus.
