2,300 U.S.-Funded Homes for Indians Found Useless

WASHINGTON (AP) — Congress has been told more than 2,300 federally financed homes for impoverished Indians will be unsuitable for occupancy when finished because they lack water and sanitation facilities. Federal officials said the total of completed but useless homes may reach 6,000 or more by the end of fiscal 1969 because of what one senator called a "monument of bad planning."

"If anyone gets their teeth into this they will blow things sky high," Sen. John O. Pastore, D-R.I., told the Senate Appropriations Committee after the officials testified.

Sen. Karl Mundt, R-S.D., told the committee that 400 homes intended for Indians on the Rosebud Reservation for Sioux Indians in South Dakota could not be occupied because they lacked proper sanitation and water facilities. The committee then ordered the government departments in charge of the program to furnish at once complete reports of the situation.

Testimony from the recent hearing was made available yesterday.

"It seems to me almost unbelievable," Mundt said, "but from my contacts downtown it keeps flowing back to me that we are building houses as fast as we can build them, but we are not hooking up sanitation or sewer facilities."

★ ★ ★

Dr. Edwin S. Babeau, director of the Public Health Service's Division of Indian Health, said "There are 50 different projects in which 2,330 homes are being constructed . . . where there are not water and waste disposal systems provided."

★ ★ ★

He said government regulations will not permit the homes to be occupied unless they contain built-in sanitation and water facilities.

Rabeau and other federal officials said there are two major reasons why homes are being built that cannot be used by the Indians for whom they were intended:

● Several federal departments and agencies were responsible for the home-building project, and there was little coordination between them.

● The agencies responsible for the actual homebuilding exceeded goals, outstripping the funding available to the department that was responsible for putting in the plumbing.

COST OF FACILITIES

Rabeau said it would cost $4.17 million to construct water and sanitation facilities for houses already built or under way as part of the 1968 building program, plus $624,000 to pay for staff supervision. He said this would be an average cost of about $1,800 a home.

But he and other officials said that because not enough funds have been requested from the Bureau of the Budget, the possibility exists that without emergency supplemental funding by Congress, more than 6,000 homes may be built next year that cannot be used because they also will lack required plumbing.

Spock Is Convicted of Draft Conspiracy

BOSTON (AP) — Baby doctor Benjamin Spock, Yale University Chaplain William Sloane Coffin Jr. and two others have been convicted of conspiracy to counsel young men to evade the draft. A fifth defendant was acquitted.

"My main defense," Spock said, "was that I believed a citizen must work against a war he feels is contrary to international law. The court has decided to feel differently."

★ ★ ★

After the conviction last night by an all-male federal jury, Spock's counsel, Leonard Boudin, and defense attorneys for the other three said there would be an appeal to the U.S. Circuit Court of Appeals. The four men were expected to carry their appeal to the U.S. Supreme Court, if necessary, as part of their opposition to the Vietnam war.

Convicted with Coffin and the 65-year-old pediatrician were Michael Ferber, 23, a Harvard graduate student, and Mitchell Goodman, 44, a writer and teacher from Temple, Maine.

FOUND INNOCENT

Marcus Raskin, 34, a Washington research director, was found innocent.

Raskin's lawyer, Calvin Bartlett, maintained during the trial that Raskin was not part of any conspiracy and barely knew his codefendants.

U.S. District Judge Francis J. W. Ford ordered Spock and the other three freed in personal recognizance until sentencing on July 10. They face maximum sentences of five-year prison terms and $10,000 fines.

The jury, in a list of findings on specific charges made in the indictment, found that Spock and the other three conspired to counsel, aid and abet Selective Service registrants to refuse or evade duties under the Selective Service Act.

"My belief has always been," Coffin said, "that the issues we wanted to bring before the court were never argued. That's the legality and constitutionality of the war and the draft. Perhaps the appeals level is the place to do it."

'Social Workers Fear the Ghetto'

A public inquiry by the Michigan Civil Rights Commission continued here yesterday with witnesses testifying about problems in the Pontiac area regarding the field of social services.

In a report on social services, it was alleged that county social workers have become afraid of visiting ghetto areas and consequently welfare cases there were not being serviced properly.

Delivering the report at yesterday's evening session was Vivian Pope, regional director of the Detroit Western Office of the Civil Rights Commission. She and two others had made an investigation of the various county programs.

★ ★ ★

She stated the workers express fear of making home calls in the Negro area and that white female caseworkers were being systematically removed and men taking their places.

Aid to Dependent Children (ADC) cases are supposed to be reevaluated every six months and welfare cases every year, she reported.

In a check of private social service agencies, the investigative team reported it uncovered a lack of participation by Negroes and Latin Americans. Some agencies have been seeking minority group staff members, but have been unable to recruit them, it was stated.

The report also pointed out there was no public transportation to the county social services office at Telegraph and Pontiac Lake roads.

HISTORIC CONCERT—The Preservation Hall Jazz Band from New Orleans performs before an enthusiastic crowd of about 3,000 last night at Oakland University's Howard C. Baldwin Memorial Pavilion. It was the first jazz concert to be staged at the pavilion. The occasion was the Meadow Brook Fair, which continues tonight with Count Basie in concert and a folk music festival tomorrow.

Sen. Kuhn Calls for Enactment of Stop-Frisk Law

State Sen. George W. Kuhn of West Bloomfield Township, a chief proponent of anticrime laws, yesterday urged Gov. Romney and legislative leaders to push for enactment of a stop and frisk law this session.

In a letter to the governor, Kuhn, a Republican, said, "Now that we have enacted all the social legislation demanded of us, the least we can do is to give the general public the laws necessary to provide them with some assurance of safety in their homes and protection on the streets."

KUHN

He said that Michigan, and Detroit in particular, "is known as the 'crime capital' of the nation."

He said the House and Senate judiciary committee previously had been "reluctant" to push for stop and frisk legislation because of doubts as to its constitutionality.

Referring to last week's U.S. Supreme Court decision upholding convictions under a New York stop and frisk law, Kuhn said, "Now that the decision has been made that the laws . . . are considered constitutional, I believe Michigan, too, should adopt one."

He also urged consideration this session of a bill to set up a state internal security council to keep tabs on criminal and subversive activities.

Poor Camp Permit Extended a Week

WASHINGTON (AP) — The Poor People's Campaign has been given an additional week to remain in its shantytown near the Lincoln Memorial. But a campaign leader says the demonstration will continue until demands are met.

And, says the Rev. Ralph David Abernathy, the main demand is for "M-O-R-E."

★ ★ ★

Abernathy, head of the Southern Christian Leadership Conference which is sponsoring the campaign, spoke at the National Press Club as his followers protested at the Departments of Agriculture, State and Health, Education and Welfare.

Meanwhile, Frank Espada, chairman of a Poor People's Campaign Puerto Rican March, said in New York some 5,000 persons would converge on Washington today from across the nation.

He said the Puerto Ricans would present their demands at a rally at the Lincoln Memorial.

The Interior Department issued yesterday a one-week extension of a permit, originally due to expire tomorrow, which allows the Poor People's Campaign to occupy Resurrection City on 15 acres of federal property between the Lincoln Memorial and the Washington Monument.

★ ★ ★

The campaign asked the department for a month's extension.

Answering questions at the Press Club, Abernathy said again the people of his campaign plan to stay until they're ready to go home.

Abernathy said he had been asked many times by reporters to tell them what the poor people of the nation are seeking.

"We want "M-O-R-E," he said.

★ ★ ★

In a related development yesterday, the Agriculture Department said it plans "systematic audits of federal extension service programs in all states to determine if there is any evidence of racial discrimination."

Showers to Depart Over Weekend

Showers will come and go over the weekend leaving skies mostly cloudy through Monday.

The U.S. Weather Bureau offers the following day-by-day official forecast:

In downtown Pontiac the low was 55 prior to 8 a.m. The thermometer recorded 61 at 2 p.m.

Stalemated Peace Talks Recess Until Wednesday

PARIS (AP) — At the end of five weeks, the peace talks between the United States and North Vietnam rested on dead center today. Neither side showed any sign of making a concession that could break the stalemate.

The next meeting between Ambassadors W. Averell Harriman of the United States and Xuan Thuy of North Vietnam is scheduled for Wednesday following a week-long recess.

During the recess Harriman will consult with his advisers here and keep in touch with policy-makers in Washington.

Since last Wednesday's meeting, which produced another round of argument over how to de-escalate the war, Thuy and his delegation have been silent, but claims of military victory and eventual triumph for the North Vietnamese cause continue to be heard from Hanoi.

The latest came yesterday from Defense Minister Vo Nguyen Giap in an interview with the Algerian newspaper El Moudjahid. Giap was quoted as saying the battles now going on in South Vietnam are comparable to the battle of Dien Bien Phu in 1954 in which his forces defeated the French.

U.S. officials believe the stream of victory claims coming out of Hanoi in recent weeks may be designed in part to boost the fighting spirit of the Communist forces in the South. They also believe the verbal barrage is aimed at convincing world opinion that the United States and its allies are losing the war and should therefore negotiate a surrender in Paris.

Ann Arbor Realtors Switch

Fair Housing Change Noted

(EDITOR'S NOTE — This is the last of a five-part series originally published by the Flint Journal. The series is being reprinted by The Pontiac Press as a public service to Pontiac voters prior to the special election on an open housing ordinance here June 24.

By ALLAN R. WILHELM
Flint Journal Staff Writer

ANN ARBOR—Almost two years have passed since the Ann Arbor Board of Realtors publicly termed the city's open housing ordinance "generally acceptable."

Nothing has happened since then to cause the board to revise its attitude regarding the city's effort to help create a housing market free from racial discrimination.

Albert Samborn, the board's executive vice president, says, "Speaking from our experience, we have found it (the ordinance) actually makes our chore easier. We are not thrown into the middle."

The Ann Arbor board's position represents a significant change.

"VEHEMENTLY AGAINST"

Samborn recalls that when open occupancy legislation was first proposed to the city council in 1963, real estate dealers were "vehemently against" such an ordinance.

"The greatest concern then was that there would be a flood of unverified complaints (if the ordinance were adopted)," he said. "But it just did not happen."

The ordinance first adopted by the city had substantial loopholes. Most were closed in late 1965 "with hardly a ripple," a city official recalled.

Samborn says the exemptions in the first ordinance "made it worse for realtors."

PUBLIC THUMPING

It was about that time that the board of realtors was taking a public thumping.

"We were condemned repeatedly by anyone who had a mad on for anyone," Samborn says.

It was a desire to "mirror what the board really was and what it was do-

Commerce Girl Killed by Auto

A 6-year-old Commerce Township girl was killed yesterday when she darted from behind a parked milk truck and into the path of a car.

The youngster was identified by the Oakland County Sheriff's Department as Julie Marie Bohez, daughter of Mr. and Mrs. Robert Bohez, of 8780 Wise.

She had just been given a piece of ice by the driver of the truck, Richard Leep of Berkley, when she ran into the roadway, according to deputies.

The driver of the car, James I. Fligger, 31, of 903 Birdsong, Milford, was not held.

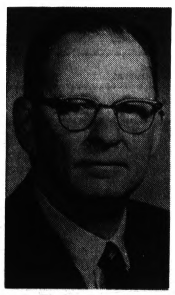
6 Senators Alter Gun-Curb Stand

WASHINGTON (AP) — Six senators who opposed a ban on mail-order sales of rifles and shotguns only a month ago now favor it, one saying "violence and terror' changed his mind.

The switch in position by the six became known yesterday when the administration bill introduced Wednesday was printed and with it the names of 29 Senate sponsors.



EARL A. MAXWELL

The list included Sens. Warren G. Magnuson, D-Wash., Hugh Scott, R-Pa., William Proxmire, D-Wis., Gaylord Nelson, D-Wis., Edmund S. Muskie, D-Maine, and A. S. Mike Monroney, D-Okla. — all of whom voted in May against an amendment to ban sale of long guns through the mail.

That amendment failed and the gun-control legislation that was finally adopted — as part of the omnibus anticrime bill — governs only mail-order sales of pistols and revolvers.

OTHER BANS

The new administration bill represents another attempt to bring rifles and shotguns under the same regulation. It also would prohibit over-the-counter sales of such weapons to persons under 18 or to nonresidents of the state in which the seller does business.

Magnuson's change of heart holds special significance for the new measure since he is chairman of the Senate Commerce Committee, one of two Senate committees to which the bill has been referred.

★ ★ ★

It was not the assassination of Sen. Robert F. Kennedy that prompted his turnabout so much as "the violence and terror surging through the streets of every city and every state," Magnuson told the Senate.

"This has become a matter of deep conscience," he said.

COMPULSORY REGISTRATION

Magnuson said he is even ready to back compulsory registration and licensing of all firearms. If state and local jurisdictions won't take the responsibility, federal action is called for, he said.

Magnuson said he will do all in his power to get the bill out of his committee without delay.

★ ★ ★

But the measure also must pass through the Senate Judiciary Committee, where its chances are not as bright. Sen. James O. Eastland, D-Miss., the chairman, has been an opponent of attempts to stop mail-order sales of rifles and shotguns.

Bulking large among other opponents to the bill is the National Rifle Association, which through its monthly magazine triggers a mountain of anti-control mail to members of Congress.

TAX EXEMPTION

A spokesman for the Internal Revenue Service said yesterday the NRA's lobbying activities do not disqualify it for its tax-exempt status.

There are 17 classifications of tax-exempt organizations and 16 of these are free to attempt to influence legislation, including the group to which the NRA belongs, the Internal Revenue Service spokesman said.

UF Picks Head for GM Division

Earl A. Maxwell, personnel director of GMC Truck & Coach Division, will head the General Motors Industrial Division of this year's Pontiac Area United Fund campaign. The appointment was announced today by Alger V. Conner, general campaign chairman of the 1968 PAUF campaign.

Maxwell of 5605 Lahser, Bloomfield Township, was the PAUF industrial chairman in 1963 and a member of the industrial executive committee.

★ ★ ★

The GM Industrial Division of PAUF includes employe solicitation of Pontiac Motor, General Motors Truck & Coach, Fisher Body and the Buick Warehouse.

Last year, under the charimanship of Theodore B. Bloom, the Industrial Division's total employe and GM corporate gift reached $673,314, which was 11.3 per cent short of their $758,409 goal. An estimated 4,000 GM volunteers assist with the in-plant solicitations.

LOOKS FAVORABLE

According to Maxwell, "Conditions for a successful campaign look very favorable this year. We at GM hope to do all we possibly can to maintain the services being given the people in our area by the 55 PAUF agencies."

Active in civic affairs, Maxwell is a member of the board of directors of the Pontiac Area Urban League, the Pontiac Area Chamber of Commerce, the executive committee of the Pontiac Housing Committee, past president and member of the board of Pontiac YMCA and past member of the Rotary Club.

Levin Asks Gun Curbs

DETROIT (AP) — State Democratic Chairman Sander Levin called yesterday for stricter gun control laws as "an immediately achievable means of reversing the trend towards violence in this country."

GOP Governors Ask Party to Heed Advice on Issues

TULSA, Okla. (AP) — Republican governors have adopted a resolution urging their party to heed their advice on campaign issues — and today they are trying to agree on what that advice should be.

While they sought agreement on items they would like included in the GOP platform, the governors were not making any suggestons on a candidate to run on it.

The platform — not the candidates — was the announced business of the Republican Governors Association conference which brought 20 of the 26 GOP state leaders to Tulsa.

They met on platform questions yesterday but did not reach agreement on any specific positions. They adopted a resolution urging the platform committee of the GOP national convention "to draw heavily upon the material deveolped" by the governors.

RIGHTS MEASURES

The material is a 5½-inch-thick stack of working papers, including a series of suggested solutions to domestic problems which stir disagreement.

★ ★ ★

Among these suggestions was a series of new civil rights measures dealing with open housing, racial balance in the schools and fair employment. In addition, the document compiled by the governors' association suggests an income maintenance program for Americans unable to work, and guaranteed employment, by the government if necessary, for those who can.

★ ★ ★

Gov. Tim Babcock of Montana said the suggestions were not endorsed by the governors, only accepted as a starting point.

The document grew out of staff studies and a series of platform hearings held by the GOP governors.

There was discord on the question of gun control legislation.

DISAGREEMENT

Pennsylvania Gov. Raymond P. Shafer, chairman of the governor's policy committee, advocated strict gun registration; Babcock disagreed.

So did California Gov. Ronald Reagan. He told a news conference he favors measures to keep guns out of the hands of criminals and mentally disturbed, but opposes universal registration.

To Counter E. Germans

Bonn Plots Soviet Pressure

BERLIN (AP) — With new threats rumbling out of East Germany, Bonn authorities today planned ways to pressure the Soviet Union into stopping East Germany's slowdown of traffic to West Berlin.

Mention of "new and unpleasant surprises" from East Berlin spurred the West German government into seeking talks with allied governments on ways to ease the newly imposed travel restrictions — including the possibility of threatening to refuse to sign the U.N. treaty to check the spread of nuclear weapons.

The treaty, passed Wednesday by the U.N. General Assembly, was drafted jointly by the United States and the Soviet Union.

Observers believe a threat to not sign it would push the Soviets into action with its East German ally because Moscow has voiced strong objections to a nuclear armed West Germany.

Refusing to sign would leave the door open for the West Germans to arm themselves at any time.

Traffic out of Communist surrounded West Berlein was slowed again today by the new visa restrictions imposed by the East German regime Thursday. Police said the traffic jam started before dawn and cars were lined up for up to four miles on the West Berlin side of the East German border waiting to be processed through an autobahn crossing point.

At the Helmstedt West German crossing point at the other end of the 110-mile autobahn connecting link, a spokesman said traffic to Berlin was light and was going through East German control points without delay.

Supervisors Candidate Announces

BIRMINGHAM—Mrs. Garvin Bawden Jr., 40, of 1290 Lakeside has announced her candidacy for the reapportioned Oakland County Board of Supervisors.

She will seek the Republican Party nomination in the Aug. 6 primary. Mrs. Bawden seeks to represent District 4, encompassing the city of Birmingham, on the new board.

★ ★ ★

For the Republican party, Mrs. Bawden has been a precinct captain and delegate. During the Eisenhower campaign she managed an issues file for GOP candidates.

She was president of the Birmingham-Bloomfield League of Women Voters (1963-65); county chairman of the United Foundation residential campaign (1965-66); and member of the UF speakers' bureau and New Detroit Committee's speakers' bureau.

CHURCH SCHOOL

She and her husband, a manufacturers' representative, taught church school for 12 years and conducted experimental classes for the National Council, Protestant Episcopal Church.

Mrs. Garvin stated, "I am delighted the board of supervisors must undergo reorganization. County government has been too long removed from the public scene.

★ ★ ★

"The County budget is large and complete and deserves the attention of the entire board. County services must be evaluated in terms of equitability to the taxpayer.

Ann Arbor Realtors Find Fears Unfounded

(Continued From Page One)

ing" that, in part, was responsible for the board's June 1966 statement.

In part it says:

"In an effort to seek a reasonable, workable solution to the great problem of human relations, and in an effort to safeguard the principles upon which this democracy was founded, the city of Ann Arbor enacted a Fair Housing Ordinance.

'TASK EASIER'

"The Ann Arbor Board of Realtors has worked under this legislation and to date, has found it generally acceptable, and in fact, actually making the realtors' task much easier, in regard to equal housing opportunity.

"While not denying a lack of leadership in working for local legislation to guarantee equal opportunity in housing, the Ann Arbor Board of Realtors never questioned an individual's right to live where he wanted and could afford to live. We now wish to affirm that conviction."

★ ★ ★

The statement pointed out that the board had officially agreed to undertake a "positive action" program that included urging boards elsewhere to "accept the challenge of responsible leadership in housing laws similar to that now guaranteeing equal housing opportunity in Ann Arbor."

Samborn makes no claim of complete and unqualified support by the real estate profession. But he says that those who might not want to sell to Negroes "haven't been vocal about it."

NOT CURE-ALL

His experience has shown open housing legislation not to be a cure-all, but "it has recognized the Negro as a human being and has given Negroes an indication that we recognize a wrong and are willing to help right it."

There has not been a complaint filed against a member of the board under the ordinance since its inception, he observed.

★ ★ ★

Ann Arbor is achieving integration to some degree.

"There is almost no place I can think of that Negroes do not live," Samborn said. Others say the same thing.

★ ★ ★

How much credit can be given the ordinance is really an unanswerable question. But heard repeatedly is the contention that the ordinance gets both real estate agents and home owners "off the hook" and thus has helped create a more favorable climate.

ONLY TWO CASES

Since Ann Arbor's adoption of its original ordinance, only two cases have gone to court.

Last year, between January and September, nine housing complaints were filed with the city's human relations commission. None was submitted during the last three months of the year. Some were posted last month, however.

★ ★ ★

One answer given to the obvious question — why so few complaints — is that there is substantial compliance and, as one person put it, "It is not a hard law to live with."

Robert Brown, the executive director of the city human relations commission, is convinced, however, that there remains "subtle discrimination" in both sales and rentals in Ann Arbor.

'A LOOK'

Because of the interest of the board of realtors, he intends to go to it with "more subtle cases" and ask the board to "take a look at them."

Brown maintained that while Negroes live in many parts of Ann Arbor they are "spread thinly — by and large they are still ghettoized."

★ ★ ★

Part of Ann Arbor's problem clearly stems from a serious housing shortage. The city has undergone tremendous growth. The demand for housing has increased accordingly and so have prices.

★ ★ ★

"A real problem here is finding a house of any kind," Samborn declared. The Negro, he explained, is not going to have any more of a problem than the white who can afford to be selective.

In Kennedy Case

Mystery Girl Hunted

LOS ANGELES (UPI) — A frumpy, well-built girl in a polka dot dress remained the major mystery in the assassination of Sen. Robert F. Kennedy.

An all-points bulletin for the mystery girl, issued shortly after the shooting of Kennedy June 5. still was in effect. At least three people claim to have seen her with Kennedy's accused killer, Sirhan Sirhan, 24, at the Ambassador Hotel the night of the fatal shooting.

As for Sirhan, who remains in county jail, a new facet of his odd religious life came to light Friday when it was revealed he was briefly a member of the mystical Rosicrucian Order.

Arthur Peipenbrink, supreme secretary of the Order with headquarters in San Jose, Calif., confirmed that Sirhan, a Christian Jordanian immigrant, applied for membership several months ago. He was accepted and paid one months' dues.

One question on the membership application — which Sirhan answered "yes" was: "Do you practice good citizenship and obey the laws of the country in which you live?" Piepenbrink said any other answer would have resulted in automatic rejection.

Junior Editors Quiz on POLITICAL PARTIES

QUESTION: How did we get two major political parties — Democratic and Republican?

★ ★ ★

ANSWER: At first we had two parties, Federalists and Anti-Federalists. The Federalists worked for a strong central government. The Anti-Federalists supported states' rights.

Such Federalists as George Washington, Alexander Hamilton and James Madison succeeded in establishing a powerful constitution, and the Federalist party was in control until 1801, when Thomas Jefferson emerged as leader of an opposition party. This stressed states' rights and a program of democratic progress.

Dominating the government from 1801 to 1861, this was, from 1829, called the Democratic party, which split into two factions, north and south, over the issue of slavery.

Meanwhile, the Federalist party came to be known as the National Republican party and then the Whig party. An issue arose as to whether slavery should be extended into the new territories of Kansas and Nebraska.

In 1854, some of the Whigs violently opposed the idea of more slavery and succeeded in forming a new party based on this objection. This was the beginning of the Republican party which in 1860 had its candidate, Abraham Lincoln, elected as president.

Halt Ordered to Federal Job Bias in Alabama

WASHINGTON (AP) — The U.S. Civil Rights Commission has told federal agencies operating in Alabama to stop job discrimination against Negroes who "remain dependent upon their old masters — the plantation owner . . . the boss man."

It marks the second time in a week the federal government has announced moves to halt job discrimination in the state.

★ ★ ★

The Justice Department filed a suit Wednesday against eight Alabama state agencies, charging that whites are regularly appointed to jobs ahead of Negroes with higher eligibility ratings.

William L. Taylor, staff director of the Civil Rights Commission, made public yesterday 15 letters to federal agencies in Alabama concerning alleged violations found during a probe in 16 counties and at a hearing last month in Montgomery.

NO CORRECTIVE ACTION

Taylor said no corrective action has been reported since the letters first went out five weeks ago but added the agencies have said they would look into the cases.

★ ★ ★

"Federal laws and regulations prohibiting racial discrimination in employment are barely implemented, and there is widespread noncompliance among companies holding millions of dollars in federal contracts," Taylor said.

★ ★ ★

American Can Co., a major Administration contractor, was alleged to be operating a totally segregated company town in Bellamy, Ala. Other contractors in the state maintain racially segregated facilities, Taylor said.

Alabama Power Co., which receives about $2.5 million annually under a GSA contract, employs 6,395 persons, of whom 472 are Negroes and three-fourths of the Negroes are in unskilled positions, he said.

★ ★ ★

Taylors' letters were sent to the Justice Department's civil rights division, GSA, the Labor Department's Office of Federal Contract Compliance, the Government Printing Office, the secretary of Agriculture, the Small Business Administration and the postmaster general.

Let's Hear It for Father Tomorrow

Tomorrow is Father's Day. Originated by, of all things, a woman, the Day was first observed in Spokane, Wash., in 1910. Subsequently, the observance spread throughout the Country, and in 1936 was established nationally.

A New York City-based Father's Day Committee annually elects the Father of the Year. Such distinguished fathers as DOUGLAS MACARTHUR, RALPH J. BUNCHE, DWIGHT D. EISENHOWER and HARRY S. TRUMAN have been thus honored.

But to Mom and the kids, a father is a pretty distinguished person, though they may be prone to conceal the fact from him. Can't let the Old Man get too complacent, you know.

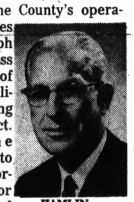
However, giving him a well-earned pat on the back once a year can't ruin him, and families across the land will put their heads together to let him know what a super being they think he is.

Pop will probably feign complete indifference to the big deal — but don't let him kid you. He'll be as tickled as a kid at his first circus with the collection of ties, cigars, cards, et cetera — symbolizing the affection of his loved ones — that will descend upon him this June 16.

The Press wishes fathers everywhere a happy Day. It couldn't happen to nicer people.

Hamlin Tosses Hat in Ring for Supervisor

Oakland County has over the years been blessed with good government. Its strong fiscal position, continuous development of the County's operational and resources center on Telegraph Road and progress toward expansion of area airport facilities are convincing evidence of the fact.



HAMLIN

Although he would be the first to disclaim disproportionate credit for the high caliber of County administration, DELOS HAMLIN rates special commendation for the flourishing state of Michigan's second largest county—both in area and population.

Hamlin, now in his 16th year as a member and 13th as chairman of the Oakland County Board of Supervisors has announced his candidacy as a Republican for election as supervisor in the Aug. 6 election.

Originally appointed to the board of supervisors by his home city of Farmington, he has held continuous office on such year-to-year appointment. Under the reapportionment of the County's supervisor system, however, he will be running from its 17th District — a District that embraces not only Farmington but adjacent villages and most of the southern part of Farmington Township.

★ ★ ★

The PRESS heartily endorses the candidacy of DELOS HAMLIN for another term as supervisor, and urges his support by all citizens concerned with good local government.

Voters Give School Districts Fiscal Relief

Friends of education, and they should include all good citizens, will find reassurance in the impressive millage- and bond-issue victories scored in 11 of 14 School District elections.

They convincingly reversed a voter trend that had been consistently thumbing down tax-increase proposals to meet rising educational budgets.

Although some of the winning margins were squeakers, they nonetheless spelled new funds for many money-tight school systems. Significantly, Bloomfield Hills approved a millage hike after rejecting one of larger size in April, and the Troy District voted favorably on a tax boost following defeat of three previous efforts to increase school millage.

Regrettably, Avondale District voters nixed by a slim edge a second try for additional millage (smaller than the first) while similar issues were defeated in the Huron Valley and Lake Orion Districts.

It is undeniably true that no one welcomes a tax increase, but the overriding importance of education and the financial stringency under which many School Districts were operating made additional operating funds imperative.

★ ★ ★

That so many voters saw the situation realistically and voted accordingly is a matter for self-congratulation, while lending encouragement to school administrators alternatively facing drastic curtailment of scholastic programs.

The Heart of Our Nation Is Right

By EVERETT DIRKSEN

DIRKSEN

These are times when, blinded by tragic and terrible events, we tend to turn to each other and say — "Wherever we look, something's wrong."

We find support for this idea by pointing to the Vietnam war, the weakening dollar, the problem of the cities, the rising crime rate, the polluted air, fiscal mismanagement and other sorry matters.

To be sure, there are many things wrong in our land, but there are many more things that are right. The most important thing — the heart of America — is right.

★ ★ ★

Despite the heavy burden on our many resources, the United States of America still manages to serve as banker and teacher, arsenal and granary, technician and developer to much of the world.

It can be argued that the U.S. is overcommitted abroad. The point, however, is that wherever flood and tidal wave, fire or earthquake, hunger and famine strike, America and Americans are always first to cure the effects of the disaster.

These 200 millions who live in a land that has been said — over and over again in recent days — to be a land of violence, are people of compassion.

★ ★ ★

America is the land that abounds in opportunity. There is here the will to embrace opportunity. There is also freedom of choice and the moral climate in which to grow, expand and succeed. That is right with America.

America has been ever willing to assume the responsibility of leadership when the need arises. When the then secretary of state, George C. Marshall, declared more than 20 years ago that Europe would collapse unless the United States assumed the role of leadership and extended a helping hand with money and goods, what other nation in this entire world could have taken on the responsibility and then done the job? The answer is clear. None!

★ ★ ★

The spirit of charity is in us — still in us — and as Paul wrote to the people of Corinth: "The virtue of charity is greater than faith and hope." That, too, is right with America for America is a land of great virtue.

Basically, America is not a land of violence. To be sure, there is violence. You need but call the roll of communities — Detroit, Chicago, Louisville, New Haven, Newark, Plainfield, Cambridge, Washington and others.

But those communities are not the fundamental America. Go into most of America and you will find taxpaying, praying, law-abiding citizens, orderly students, law enforcement and serene atmosphere.

★ ★ ★

You will find frugal, thrifty people interested in owning their own homes, raising and educating their families. You will find city councils and county boards that struggle and plan for the future of their communities.

Perhaps we should remember that a willful minority in Detroit, Newark, Washington, Watts and other areas are not exactly America. They are what we know them to be — militant minorities that don't recognize authority, that challenge authority with the burning of draft cards or the hurling of Molotov cocktails through store windows.

★ ★ ★

It is with such that we must deal and it must be done firmly, completely and immediately. They are but a small, evil segment of our society and alien to the whole American tradition.

They are not America, for this is at heart a land of law-abiding, peaceful, nonviolent people.

The POWER of FAITH

By WOODI ISHMAEL

Micah, the farmer prophet whose book is sixth among the minor prophets, had a great love for the humble people of the soil. He had an intense antipathy toward the corrupt city life in Israel and regarded the abuses of the national leaders as sins against the covenant of God.

Yet he was an optimist and said, "And many nations shall come, and say, come, and let us go up to the mountain of the Lord, and to the house of the God of Jacob; and He will teach us of His ways, and we will walk in His paths: for the law shall go forth of Zion, and the word of the Lord from Jerusalem.

"And He shall judge among many people, and rebuke strong nations afar off; and they shall beat their swords into plowshares and their spears into pruning-hooks: nation shall not lift up a sword against nation, neither shall they learn war any more."

Confident Living:

Learn Secret of Self-Confidence

By NORMAN VINCENT PEALE

I was shaking hands with a lot of people on the stage of a civic auditorium where I had just concluded a speech. This one man just stood to one side waiting. Not until everybody else had gone did he approach me. "Can I talk with you for a minute?" he asked.

DR. PEALE

"Sure," I said. And as there were no chairs we walked backstage and sat down on a pile of lumber.

★ ★ ★

"I don't belong to the convention," the man explained. "I just happened to learn you were to talk on how to think positively so I crashed the meeting. I'm embarrassed to be taking your time but frankly I'm desperate. You see I am in this city for the biggest deal of my life coming up tomorrow morning. If I fail, that's the end of the road for me."

★ ★ ★

"Now look, my friend," I said, "don't be so dramatic. Let's hope you do carry this business deal off, but if you don't — then tomorrow is always another day."

"Oh, but this is my one big opportunity!" he insisted. "You mustn't take it so lightly."

★ ★ ★

"You are too tense, too rigid," I continued. "In such a state you cannot be in full possession of your facilities for business negotiations. Cool the anxiety. Relax. The world is not going to end if you don't put the deal over. Don't get so worked up."

★ ★ ★

He heaved a deep sigh and said, "One thing I sure would like to know is why I always feel so inadequate. I've been this way all my life. How can I have more confidence?"

★ ★ ★

"As I see it," I replied, "you should have two kinds of help. You should have counseling to help you learn more about how your inferiority feelings first developed. Once you get a better understanding of that they won't bother you so much.

★ ★ ★

"By spiritual thought-conditioning you can eventually overcome them together. But that is for long-term action. You also need some first-aid spiritual treatment to supply confidence for the present emergency — your business deal tomorrow morning.

★ ★ ★

"So here is the first-aid treatment right now. Let's stand up, because a slumped body interferes with spiritual thinking. Now," I said, "repeat after me these words: 'If God be for us, who can be against us?'" He repeated them. "Have you heard that before?" I asked. "It's from the Bible." No, he never had. "Don't you read the Bible?" He shook his head. "Well, do these words make sense to you?"

"Yes, they do."

"All right. Now take out the 'us' and substitute 'me.' Say, 'If God be for me, who can be against me?'"

★ ★ ★

I got him to repeat it several times. I wrote it out for him on a card. I told him, "Now keep thinking that great thought. Think it on your way from here to your hotel. Think it as you lie down to sleep. And when you get up tomorrow morning, again affirm: 'If God be for me, who can be against me?' Then go to your appointment with your mind relaxed and tell your prospect honestly why you think what you have to offer is something he needs."

★ ★ ★

I noticed he was standing erect. His face had brightened up. He drew a deep breath and said, "Okay, doctor, okay." Then I felt sure he was in good enough shape for the next day. And the outcome proved that he was.

★ ★ ★

Later he did get counseling and through it came further relief from his old inadequacy feelings. And in time he completely changed his thinking, thereby becoming a confident and dynamic person.

★ ★ ★

In overcoming deeply ingrained inadequacy feelings counseling can be important in removing psychological barriers. But basically the secret of self-confidence is to attain a spiritually oriented mental attitude.

★ ★ ★

To really feel confident always and in all circumstances hold the thought that through God's help and guidance you can handle things. You can become a confident person.

Voice of the People:

Reader Submits Views on Problems of America

I hear and read much about a sick America. The younger generation doesn't know what its mothers and fathers went through during World War II. Women took men's places in shops, stores and factories while our men were called to service. We used stamps to get shoes, meat, butter, sugar and numerous things. We respected every fighting man and realized they were fighting for our safety and the safety of our country.

These people that defy our President and his policy in Vietnam are the root of much of this trouble in our country today. Everyone should respect a President and his policies. Until we do, we can expect nothing but trouble. When we lose respect for our leader and law and order, we are lost forever.

Wonders About President's Prayer Request

One wonders what kind of God LBJ thinks we have. While Senator Kennedy hovered between life and eternity, LBJ, leader of a nation that does not allow the Bible and prayers in our schools, appealed to all to pray for Senator Kennedy. He must have meant "everybody but youngsters in our schools." Will God bless a nation that takes care of its youngsters in such a manner — a nation that is practically the sole support for the U.N. that does not recognize God?

Comments on Need for Stricter Gun Laws

This country will come to a violent end from within if something is not done to curb the trend of violence raging across the Nation. I urge everyone interested in our Nation's future to flood the State and Federal legislative offices with letters demanding effective laws concerning the purchase, ownership and registration of all firearms. Such letters and legislation would be a great tribute to the memory of Senator Robert Kennedy.

DAVE JANKA
79 SPOKANE

Are there really people so gullible to believe that a ban on guns is the answer to stopping violence? It is easier to blame things on guns than to put the blame where it belongs —on people. The ban would not stop the element that wants guns to do harm, it would only deprive those who enjoy and respect guns. In Senator Kennedy's assassination the range was such that it could have been a knife or even a baseball bat. Would we then put a ban on those items? Violence is the hand that holds the weapon.

PAT TINSON
524 N. EAST BOULEVARD

Harsh and unnecessary gun laws will not solve crime nor prevent assassinations. Those who wish to deprive Americans of their constitutional right to keep and bear arms are playing into the hands of hysterical persons who have contributed to the uproar over the assassinations. Men of reason and justice do not blame thousands of sportsmen and gun owners for the acts of insane men.

Registration of all guns won't prevent them from being stolen by criminals. A criminal is less likely to hesitate to rob, kill and rape if he knows people have no guns for home protection. Criminals and psychopaths will make or find other means to obtain guns.

★ ★ ★

Eliminating guns because of deaths caused by them does not solve killing with bombs, cars, knives, etc. As good Americans it is our job to see that crime is punished and prevented by locking up criminals and insane people, not by punishing innocent people.

EDWARD KEEHN
183 PINGREE

To answer letters asking that all guns be turned in, where would our country be if the minutemen had not had their rifles? As a lover of my country, I believe in a form of gun control but not to be at the mercy of a dictator or communism if they caught us without defense. This is in our Constitution.

GUIDO RIZZUTO
5470 HEATH, CLARKSTON

Many ask why such deaths. Others are sick of the wanton destruction of human life and breakdown of the Nation's values. Although I am for stronger legislation on firearms, this will not solve the problem completely. Death does not completely tear down our values. It should build stronger the principles and values that we strive for. It should draw us closer together as a nation. Only after people realize this and evaluate their lives can the problem be settled.

STEVEN R. DOBSON

Support VanDyke's Stand Against Violence

As one not enchanted by the possibility of any real improvement in society via stringent gun controls, I am in strong sympathy with the stand of Dick VanDyke who pledged himself and urged others to refuse to lend their talents to entertainment that "celebrates senseless brutality, aimless cruelty, pointless and violent death . . ." Such refusal to tolerate or glorify violence may not please "liberals" but it does reflect the attitude of responsible self-restraint that holds a better chance of developing a less violent future.

How much easier to influence a peaceful society by not teaching violence than to feed it to children under the guise of permissiveness and then try to control access to guns, knives, etc., as they later react in reflection of their earlier education.

Let me be kinder, and blinder to the faults of those about me. Let me praise a little more; when I am weary, be more cheery. Let me better serve those that I am striving for and be braver when temptations bid me waver. Let me strive harder to be all that I should be and let me be meek with the brother that is weak. Let me think more of my neighbor and less of me.

Two More Letters Comment on Gun Laws

We have laws against murder but they did not save the lives of President Kennedy, Martin Luther King Jr., Senator Kennedy, or other honorable citizens who have been slain with guns, knives and bombs. The proposed laws to ban the sale of guns are worse than useless. Communists, anarchits, professional and amateur thieves, robbers and killers would not be deterred because they have no regard for American laws. If they could feel sure that occupants of stores and homes had no guns with which to defend themselves, wouldn't they be happy.

★ ★ ★

In our land where the Bible is barred from our schools lest it offend some of the ungodly and where judges care more about protecting the civil rights of criminals than protecting innocent victims, the only thing that will deter the criminals is to find out quickly and positively that crime does not pay.

M. W. KESSELRING
96 RUTH

Gun legislation will not halt crime, just as drug legislation has not stopped drug abuse, "blue laws" have not stopped alcoholism, traffic laws have not halted highway slaughter, and threatened life imprisonment has not eliminated murder. Senator Kennedy's assassin violated three gun laws—possession of a hidden weapon, the weapon was loaded, and the gun was not registered. Legislation on top of legislation, most of it not practically enforceable, will only breed more contempt for the law.

★ ★ ★

Finding the reason for man's propensity for murder should be the goal of concerned people, not more government restriction on constitutional rights. Those of us who enjoy the recreational aspects of guns ask that pleas for restrictive gun legislation be disregarded in favor of constructive effort toward solving the real problem.

'Our Country Owes Much to the Kennedys'

As we watched the Kennedy funeral we thought about what we would do if we were Ethel Kennedy, and don't think we'd have taken it with half the dignity she did. Her children also took it very gracefully. This country owes the Kennedys a lot for all they've done for the country. You'd think the death of John F. Kennedy would be enough, but some prejudiced warmonger who hates people with money had to shoot Robert F. Kennedy. The people of this country should pray for the forgiveness of this fine family.

'Youngster's Questions Difficult to Answer'

Some time ago our six-year-old daughter asked, "Daddy, why do men shoot animals?" "Well, dear, many men like to hunt. They enjoy it as a sport and like to get out in the open." "But, daddy, why do they like to kill the animals that God has made?" "It's recreation and fun to try and be a good enough marksman to bring home some game." "But, daddy, why is it fun to kill?" "Well-uh-hmm."

Gives Views on Candidates for Presidency

Money cannot buy happiness, nor can it buy the presidency. The man who shot Robert Kennedy is no more guilty than the hundreds on his staff (not because they thought him an able man to lead his country) feeding his ego and using his millions to promote them. Will they now try to get on the bandwagon with Teddy? Just because a man has had two brothers assassinated in service to their country does not make him a man qualified to be president. There are many in this country who have lost loved ones in its service. Why not elect one of them?

Antiviolence Reaction Spreads in Wake of RFK Slaying

NEW YORK (AP) — A cowboy actor hung up his guns. A newspaper discontinued two comic strips with a high biff-guns and violence in the wake of a gangster massacre was canceled.

These were some of the reactions this week against guns and violfnce in the wake of the assassination of Sen. Robert F. Kennedy.

Rex Allen, a 17-year Hollywood and rodeo star, told an audience in Springfield, Ill., he was convinced Western movie and television performers had given guns too good an image.

Removing his own, Allen declared: "I will never put them on again in my life."

COMICS CANCELED

The Greensboro, N.C., Daily News notified its readers it would no longer publish Dick Tracy and Little Orphan Annie because of the "constant exploitation and advocacy of violence" in the two strips.

The reenactment of the 1929 St. Valentine's Day gangster massacre, scheduled in Burnaby, B.C., was called off. Promoter George Patey said he bowed to phoned objections by citizens who felt it would glamorize violence.

A Western store chain, with outlets in seven states, put its toy guns under the counter and said make-believe weapons henceforth would be produced only upon parental request.

Two of the biggest department stores in Minneapolis reported they had quit selling toys keyed to violence. The other two said they planned to follow suit.

In Richland, Wash., Donnie Einan, 7, suggested to his father, Duane, that both turn in their guns to the police. The elder Einan gave up a 32-caliber revolver. Donnie parted with an air gun and four toy pistols.

Law enforcement officers at Tampa, Fla., destroyed 300 guns seized in various criminal investigations by dropping them into a vat of acid. Previous practice was to sell such weapons at public auction, but Sheriff Malcolm Beard said, "There are already enough guns out there."

★ ★ ★

A California student group which had campaigned for Sen. Kennedy disbanded, reformed as the Kennedy Action Crops and began a door-to-door petition drive calling for stiffer gun control laws.

Two store chains with headquarters in Boston — Jordan Marsh and Raymond's — have discontinued sales of guns and ammunition.

★ ★ ★

In Honolulu, Assistant Police Chief Fred Paoa issued a plea eight days ago for residents to turn in unwanted guns. Since then, 105 handguns and 34 rifles, along with thousands of rounds of ammunition, have been turned in.

The board will meet at 7:30 p.m. in the cafeteria of Waterford Township High School.

Navy Mum on Report of Fix on Scorpion Area

WASHINGTON (UPI) — The Navy today refused comment on a report by a California Congressman that a "small area" has been pinpointed in the Atlantic where the nuclear submarine Scorpion sank.

Alantic Fleet headquarters in Norfolk, Va., said the Navy "has no comment — and will have no comment" on the report by Rep. Craig Hosmer, R-Calif.

Hosmer, a member of the joint House-Senate Atomic Energy Committee, said secret means were used to fix the "small area" where the sub was believed to be.

* * *

The Scorpion with a crew of 99, has been missing since May 21 when it was scheduled to complete a transatlantic voyage.

SEARCHING AREA

Hosmer said a search was under way in the area but declined to speculate on where it was.

* * *

"They have an area of the ocean — a small area — where they think it is quite likely the Scorpion may have gone down," Hosmer said. "It was determined by classified means."

* * *

In addition to the Navy's refusal to comment on Hosmer's report, Rep. L. Mendel Rivers, one of Congress' most powerful and informed military authorities, and John T. Conway, executive director of the Joint Atomic Energy Committee, said they had received no word the Scorpion search had turned up anything.

Fun Days Aren't Limited to Age When Visiting Meadow Brook Fair

Mom might want to leave, but James P. Newell, 2½, is content to wander around the Meadow Brook Fair at Oakland University, chawing on a licorice whip. Candy for kids of all ages is one of the attractions. Jimmy's parents are the Thomas Newells of Troy.

Mrs. William Mitchell, general chairman of the fair on the grounds of the Meadow Brook Music Festival, displays the theme of the fair — daisies — on the hill above Trumbull Terrace. All booths and eating places are snugly tucked under tents. Hours today are noon to 11:30 p.m.; Sunday, noon to 9 p.m.

Come, buy our cheeses and salami — and all the other gourmet foods at this "country store" on Trumbull Terrace. From the left are Mesdames: Edward Thomson, Richard Huttenlocher and James Huttenlocher, all of Clarkston. Nearly 1000 volunteers are working at the fair to raise money for the performing arts at Oakland University.

THE PONTIAC PRESS, SATURDAY, JUNE 15, 1968 A—12

As The Pontiac Press photographer wandered around the Meadow Brook Fair Friday afternoon, he snapped this unidentified trio intent on jewelry in the Trinkets and Treasures booth. Business was brisk, sort of like a madhouse, from the time the gates opened. Everyone loves a bargain.

School's out and what's more fun than going to a fair? Stacks of bagels intrigue John Mack, 13, (left) of Reitman Court and Joe Nissley, 14, Bellarmine Street, both Avon Township.

Dean Coffin, the young son of Mr. and Mrs. Howard A. Coffin II who are house parents in Oakland University's Hill House, gets a ride on a train in the amusement area. Friday, the power went off for a time and volunteers at the concession area were riding these rides by hand.

Tired Traveling Husband Must Be Wife's Chauffeur

By ABIGAIL VAN BUREN

DEAR ABBY: Beth and I have been married about 10 years and have a very good marriage and two adorable children.

I have been traveling quite a bit lately in my business and it has created a slight problem. Yesterday when I came off the road, after having driven from 7 a.m. until 6 p.m. Beth says, "It's a lovely evening, let's go for a little ride."

ABBY

When I am out of town I eat in restaurants all the time, which gets pretty tiresome, so when I come home I look forward to a good, home-cooked meal. Well, Beth greets me at the door with, "I've been cooped up in the house all week, let's eat out."

Tell me, Dear Abby, what is the penalty for wife beating in the state of Nebraska? RON

DEAR RON: I don't know, but I would guess that you'd be ahead to "take a little ride" and eat out occasionally.

★ ★ ★

DEAR ABBY: I am a maiden lady, 70 years of age. I retired 10 years ago and am making my home with my sister, 74, and her husband, 76.

My brother-in-law is a kind man and a good Christian. We have had a happy home together because we all like to do the same things.

★ ★ ★

Of course, at our age, any one of us might pass away at any time, which raises this question: If my sister should go first, her husband would be utterly helpless to cook and keep house for himself, so since it is "my" house, too, I know my sister would want me to stay on and look after him. But how would this look to other people?

My brother-in-law has no other relatives. Your advice please? NAMELESS

DEAR NAMELESS: The LAST thing I would worry about is how it would "look" to other people. Why not wait until the problem presents itself before worrying about how to solve it?

Picnic Set Monday

Mrs. Clarence Myers of Shimmons Road will open her home for Monday's annual picnic of the Pontiac Woman's Club. Members will begin gathering at noon.

Camp Fire Girls to Receive Ranks, Awards Sunday

Camp Fire Girls will gather at Camp Oweki Sunday afternoon for the presentation of ranks and awards by the Pontiac Association of the Pontiac Area Council of Camp Fire Girls.

Mrs. Thomas Fitzpatrick, chairman of the association, and Mrs. Albert Krueger will make the presentation to some 300 girls. Assisting will be Mesdames: Napoleon Jones, William Van der Zee, William French and John Frazer.

Edward Sharpe, president of the Pontiac Area Council, will give the welcoming address begining at 3 p.m

The occasion will also mark the presentation of a bell to the Camp by Tom Toteff of the West Pontiac Kiwanis Club.

Cocktail Hour Precedes Annual Presidents' Ball

The Forest Lake Country Club will be the setting June 22 for the annual Presidents' Ball. A 7 p.m. cocktail hour will precede dinner and dancing.

Chairing the affair are Mr. and Mrs. Clifford Leestma with the assistance of Dr. and Mrs. Richard M. Berg.

The formal evening, which will honor all past presidents and their wives, will be set to music with the Herbie Ross band playing.

Food is always a great attraction at any event. Luncheon and dinner are served each day of the fair on Trumbull Terrace, with snacks available in the amusement area on top of the hill. Friday, this trio of workers took time out to eat. From the left are Mrs. Richard Wallace, Bloomfield Hills; Mrs. Clement Jensen and Mrs. W. A. Taylor, both of Birmingham.

Cover Hem Mark

When lengthening blue jeans for fast growing boys, a white line is often left on the fabric. To get rid of this line, rub it with a blue crayon and press with a warm iron to set the color in the fabric. This makes it invisible.

Clubs Note Activities, Recent Installations

The Fairway Golf League held its first meeting and luncheon Thursday at Pontiac Country Club.

Named as chairmen for the season by president Mrs. Lloyd Syron were Mesdames: Glenn Hickson, John Steinhelper, Jack Detmar and George Watters.

★ ★ ★

Mesdames: James Greig, Filon Simpson, Jerry Wood and E. V. Geizer were introduced as new members.

Cochairmen for the event were Mrs. John Heitsch, Mrs. Burton Clark and Mrs. Gordon Wigner.

WRITERS

Area members of the Detroit Women Writers met for a prose and poetry workshop recently in the Wedgewood Drive home of Mrs. George Lyman.

Assisting Mrs. Lyman in her second term as president of the study group will be Mrs. Michael Jones, vice president; Mrs. James F. Scharfenberg and Mrs. Edward Wunsch, secretaries and Mrs. Charles J. Cannon, treasurer.

BETA THETA PHI

Mrs. Douglas Koppela was installed as president of Epsilon chapter, Beta Theta Phi sorority at the annual banquet held in her home in Orchard Lake, Thursday.

Assisting her during the coming year will be Mrs. A. G. Zehnder, vice president; Mrs. Neil Williams, secretary and Mrs. Walter Steward, treasurer.

★ ★ ★

Others holding office are Mrs. Robert Perry and Mrs. Charles Hendricks.

Plans were made to make and send clothing and toys to the newly-sponsored ward of the group, a Korean three-year-old girl, Junghwa Song.

Americans in 1967 earned $22.8 billion in stock dividends (15.2 per cent more than in 1965), and $22.4 billion in interest on their savings (25.1 per cent more than in 1965.)

MARSH-KAPELUCH

A reception at the Italian American Hall followed the wedding today of Barbara Jean Kapeluch and James Robert Marsh. Attendants for vows in St. Michael's Catholic Church were Pauline Kapeluch and Kenneth Marsh with Anne Marsh, Gloria Cerney, Mrs. Duane Miller, David Houck, Neal Sage and Richard Fox assisting. Attired in silk organza, the bride held a bouquet of white roses. A crown of seed pearls capped her veil. The pair departed for a Florida honeymoon following the reception. She is the daughter of Mr. and Mrs. Stanley L. Kapeluch of West Strathmore street. His parents are Mr. and Mrs. Robert G. Marsh of Oxford.

HICKSON-MARKLE

Carrying a cascade of Calla lilies and lily of the valley, Janice Marie Markle spoke vows with Russell Leonard Hickson Friday evening in St. Sylvester's Catholic Church, Warren. A reception at Vintage House followed the ceremony for the daughter of the Arthur L. Markles of Warren and son of the Russell L. Hicksons of Mary Day Street. Attended by Susan VanThomme, the bride wore a satin gown with English net. A wreath of lily of the valley crowned her veil. Sandra Paraskevin, Carmen Boehmer, Cynthia Piotrowski, Patrick Markle, James Rutledge and James Stuckmeyer comprised the bridal party with James Hardy as best man.

Miss Brannack Feted Guest

Bride elect Barbara Brannack is being honored with additional showers before her wedding on June 22. Daughter of the Jack C. Brannacks of Lakeward Lane, she will wed John Charles Stewart of Detroit in All Saints Episcopal Church.

Mrs. Collis A. Scott entertained at a luncheon and linen shower recently in her home on Cherokee Road.

A miscellaneous shower and luncheon is being hosted by Mrs. Fred Zittel of Lakeward Lane today.

Leather Backing

You will find that the buttons on children's or men's jackets or coats will stay on longer if the strain on the button is eased by sewing a small piece of old kid glove (a bit of chamois skin will do if you don't have the glove) under the material where each button is sewed.

Meadow Brook Festival in Fifth Season

That musical star of our summer nights, the Meadow Brook Festival, will open its fifth season June 27, at 8:30 p.m., in its lovely setting on the campus of Oakland University.

The evening will launch the Festival's most ambitious program to date, an eight week schedule of 34 major events featuring the full Detroit Symphony Orchestra and an awesome wealth of instrumental, vocal and ballet talent.

SOLOIST

The soloist under Sixten Ehrling's direction opening week will be violinist Camilla Wicks. She will play the Prokofieff Concerto No. 2 Thursday and Friday in a program which will include Mahler's Symphony No. 1 in D Major.

Saturday at 8:30 and Sunday at 7:30 p.m., Miss Wicks will play both the Ravel "Tzigane" and the Bruch Concerto No. 1 in G minor. The program will include Dvorak's Concert Overture "In Nature's Realm," Beethoven's Symphony No. 2 in D Major, and "The Strait," by Detroit Symphony violinist Harold Laudenslager.

The Festival grounds will be opened two hours before concert time for picnics and buffet supper service. Tickets will be available this year at the Festival box-office at OU, at Hudson's and Grinnell's.

Student Parley Irks Legislator

EAST LANSING (AP) — If Michigan State University President John A. Hannah knew the Students for a Democratic Society (SDS) had been allowed to meet on the campus he should be asked to resign, a state legislator said Friday.

Rep. Harold Clark, D-Warren, made the statement following a hectic, surprise visit to the SDS national convention at the MSU Student Union.

Clark and Sen. John Bowman, D-Roseville, later attempted to see Hannah at his home across the street from the union. They were told the president had "other appointments and can't see us," the senator said.

★ ★ ★

Earlier, the legislators had walked into the lobby of the convention area, followed by a television crew and a female reporter from the Lansing State Journal, which has been barred from covering convention activities at the request of the MSU chapter.

Local members contended the Journal had "distorted" stories about disorders at the University last week.

Delegates immediately protested the use of cameras, also barred from the convention, and the presence of the Journal reporter.

Bowman and Clark, meanwhile, leisurely browsed through the literature and spent nearly an hour talking with delegates.

"We just came in to look," Bowman explained. "We had heard SDS was having a convention and just drove up (from the Detroit area) to see for ourselves."

"I was a little shocked to say the least," Bowman said outside the building. "I never thought I'd see something like this at a state-supported university."

The two cited Marxist-Leninist literature they had seen and talk of revolution voiced by delegates.

NICE KITTY — Little girls who would screech at the sight of a tiny spider and run in terror from a mouse or garter snake find the strangest objects for their affections. Cheri and Teresa Whitaker's pleas of "Can't we keep him?" fell on deaf ears, however, when daddy, Elbert Whitaker of 1750 Airport, Waterford Township, was told the lion cub would put on nearly 300 pounds before school resumes in September.

Leads Trevino by 2

Yancey Retains Margin

ROCHESTER, N.Y. (UPI) — Bert Yancey is halfway home in the U.S. open but isn't jumping to any conclusions as long as that Mexican jumping bean is around.

By all rights, Yancey shold be off by himself after the way he has played 36 holes here at the Oak Hill Country Club course.

* * *

He would be, too, except for one man — Lee Trevino, that popular little Mexican jumping bean from El Paso, Tex.

'BEST GOLF'

Playing the "best golf of my life," the 29-year-old Yancey equalled the U.S. Open record for 36 holes Friday with his two-day total of 135 following his second round two-under-par 68.

* * *

Yancey's nifty round shook off all possible pursuers except the swarthy, 28-year-old Trevino, who said he "hit the tee ball bad" but still wound up with a 68 and a total of 137.

Yancey goes into today's third round five strokes ahead of Australian Bruce Devlin, Charles Coody, Don Bies and Jerry Pittman, and the next nearest "big guns" to him are Jack Nicklaus, Julius Boros, Gay Brewer, Dave Marr and Dan Sikes, but they're all seven strokes off at 142.

AWARE OF PRESSURE

Yancey knows he isn't home yet. He knows Trevino is playing him head-to-head today, is breathing down his neck and could pass him any minute. So concefvably could Billy Casper although he's back with three others at 143.

* * *

"It wasn't so long ago I was seven strokes back with nine holes to go," said Casper referring to the 1966 U.S. Open in which he swept past a fading Arnold Palmer, "so we have plenty of time left."

Palmer isn't exactly covering himself with glory in this one, either. He tried everything but standing on his head and still came in with a 74 which put him in at 147.

'EXPERIMENTAL' ROUND

Palmer said he was "experimenting" on the course. "I tried it like I didn't give a damn . . . I changed my stance, my grip and what not. It was — pure and simple — a matter of atrocious playing."

Yancey's performance, of course, was completely the opposite. He had four birdies and two bogeys and said he played 6, 7, 8 and 9 "as good as any holes I ever played in my life."

HAPPY AT HALFWAY POINT—Bert Yancey (left) and Lee Trevino are from widely separated locales—Florida and Texas, respectively—but they are able to share a humorous minute Friday after completing their second rounds at the U.S. Open Golf Championship on the Oak Hill Country Club course at Rochester, N.Y. Yancey kept his two-stroke lead over Trevino as both shot 68s yesterday. Yancey's 36-hole total of 135 equals the U.S. Open record.

State's Peaches Under Pressure in Net Tourney

LONDON (AP) — Peaches Bartkowicz, 19-year-old tennis star from Hamtramck, Mich., faced the toughest assignment of her career today in striving to stave off a British victory in the Wightman Cup.

With the British leading 2-1, dark-haired Miss Bartkowicz — No. 3 singles player on the United States team—ran up against Scottish girl Winnie Shaw in the opening match of the second day.

FIRST CUP CHANCE

It is the American girl's first Wightman Cup, but the ordeal is not likely to worry her.

Mrs. Betty Pratt, non-playing captain of the U.S. team, said, "Peaches is one of the coolest and most competent players of her age I have ever seen.

* * *

"She never lost a match in a junior tournament. She has a gift for rising to the occasion."

Defeat for Miss Bartkowicz would leave Britain needing only one more victory to win the cup for the first time since 1960.

STARTED IN '23

Britain and America have competed for the trophy since 1923 with the United States wining 33 times, the British only six.

* * *

Doris Hart, coach of the American team, said: "Winnie was great in Friday's doubles. She will be hard to beat but we have great confidence in our Peaches."

SINGLES TODAY

Two more singles were scheduled for today — Mary Ann Eisel of St. Louis against Mrs. Christine Janes and Nancy Richey of San Angelo, Tex., against Virginia Wade.

Finally, Stephanie de Fina of Hollywood, Fla., and Kathy Harter of Seal Beach, Calif., were paired against Mrs. Christine Truman Jones and her sister Nell in the concluding doubles.

Putting Touch Gone, Palmer's Game Slipping

ROCHESTER, N.Y. (AP) — Arnold Palmer sat there, his shoulders slumped, his game in tatters and his comments strangely reminiscent of Ben Hogan's when he began the long slide from the top of the golfing hill.

"I just can't putt," Palmer said Friday after shooting a four-over-par 74 for 147 at the halfway point of the United States Open Golf Championship, far, far back in the pack.

RARE MOMENTS

"I had some few, rare moments of reasonable play," the game's all-time leading money winner said, "but my putting was atrocious.

"I don't know what's wrong. If I knew, I'd correct it.

"It's getting frustrating. I am frustrated.

"I've tried everything, everything short of standing on my head.

Hogan, called by many as golf's all-time greatest, began his slide when his putting game failed him.

Palmer didn't have a birdie in his second round over the tree-studded, par 70, 6,962-yard Oak Hill Country Club course.

"I only made one putt all day — and that one saved a bogey," he said.

"That was on he second hole. I was in a trap, and I left it in the trap. I finally blasted out about 10 feet away and made the putt."

FINAL HURDLE EDGE—Detroit Lions' draftee Earl McCullouch (left) gains a slight edge on Villanova's Erv Hall at the final barrier in the 110-meter hurdle race yesterday during the NCAA championships at Berkeley, Calif. The margin was just enough to let McCullouch retain his hurdles title. Both men were timed in :13.4 seconds on the University of California track.

Homer by Wert Wins in 14th; Brown Injured

CHICAGO (AP) — The way the Detroit Tigers are going it seems they are trying to clinch the American League pennant before they run out of ball players.

The Tigers opened a 6½-game lead Friday night when they leveled the Chicago White Sox 6-5 in 14 innings on Don Wert's homer, but they possibly lost the services of still another player.

Pinch-batting star Gates Brown, without swinging a bat, injured his left thigh in the 13th inning when he merely attempted to take a wide pitch.

"I don't know how long we can go on," said manager Mayo Smith even though the Tigers made it five straight and 10 out of their last 11 games.

HURTING, GAINING

With Al Kaline and Eddie Mathews on the disabled list, the Tigers are treading a tight line but keep gaining in their drive for the pennant.

On the brighter side, Earl Wilson came off the injured list and his hitting and pitching kept the Tigers rolling in one of the strongest starts in the American League this decade.

* * *

A quick check back to 1960 shows no American League team has had better than a two-game lead going into June 15. The Tigers not only hold a 6½-game edge over second-place Baltimore but they are 7½ ahead of Cleveland. No other team in the league is playing at a break-even level while the Tigers are rolling with a 40-20 mark.

EARLY TROUBLE

Wilson, who missed his last six pitching turns with a heel bruise, was touched for four runs in his first two innings including a three-run homer by Tommy McCraw in the first inning.

* * *

The big right-hander settled down and then capped a four-run rally with a three-run homer in the fifth to set the stage for the 4-hour, 12-minute marathon.

Wilson departed in the eighth in favor of Pat Dobson who kept the Sox in check until he left in the 13th for pinch batter Brown. Bill Freehan's run-scoring single put Detroit ahead but the Sox tied it in the bottom of the 13th when Luis Aparicio singled, stole second, took third on a sacrifice and scored on Pete Ward's ground out.

Smith will use Joe Sparma (5-5) against Tommy John (4-0) today and it'll be Mickey Lolich and Dennis McLain Sunday. McLain will work with only two days rest since Dobson was to have pitched Sunday.

WORRY WERT — Third baseman Don Wert eased the Tigers' worries and created insurmountable problems for the Chicago White Sox early this morning by ripping the first pitch in the top of the 14th inning into the left field lower deck for the deciding run in a 6-5 Detroit win.

Holding Ninth Place

PORTLANT, Ore. (AP) — Keith Wiltsie, of Vicksburg, Mich., was in ninth place going into today's final round of the Professional Bowlers Association $30,000 Portland Open.

Wiltse rolled 3797 for 18 games. The winner of the tournament will take home $3,000.

Ace Hurler Boosts California Squad

OMAHA, Neb. (AP) — Southern California takes a perfect tourney record against Southern Illinois in the College World Series finals tonight because Bob Vaughn, the team's forgotten ace, came off the injury list with a shutout.

If USC goes on to its fifth NCAA baseball crown, Vaughn's 2-0 six-hitter over North Carolina State Friday night will be the key to the title.

It enabled Coach Rod Dedeaux to come back with a rested pitching rotation, starting with left-hander Bill Lee, the ace of the staff the past month with a 6-0 record and 1.40 earned run mark.

STARTER SET

Southern Illinois also is ready with a rested rotation, starting with Jerry Petzhold, sophomore lefty who beat Harvard 2-1 in 12 innings Tuesday. But SIU must win tonight and again Monday to claim the championship. If USC wins tonight, it's all over.

In the hotel lobby Friday afternoon, Dedeaux told a newsman, "Vaughn can't pitch—he's had a lot of arm trouble."

Actually, much of Vaughn's soreness left him in batting practice Thursday and the coach was hoping he could start, but hadn't told him.

Ex-Piston's Condition Reported Satisfactory

DETROIT (AP) — Former Detroit Pistons basketball player Reggie Harding was reported in satisfactory condition Friday in Detroit General Hospital.

Harding, a 26-year-old seven-footer, was shot in the leg Thursday.

Police said Harding was shot after he went to the Detroit home of Morris Williams, 25. When Harding, who police said was armed with a gun, knocked on the door, Williams saw him and opened fire.

Police said four guns and some narcotics were confiscated at Brown's home.

Southern Cal Trojans Risk NCAA Track Title Today

BERKELEY, Calif. (AP)—This is the day Southern California hopes to defend successfully its National Collegiate Athletic Association track and field championship.

This will have to be the day, in fact, because what the Trojans have been involved in during the first two days of this three-day affair looks suspiciously like a battle and not the expected runaway.

This is not to say that most of the Southern California performers haven't done what was expected — Earl McCullouch defended his 110-meter high hurdles title Friday and Lennox Miller won the 100-meter dash — but a couple of likely prospects have fallen by the wayside and some other teams are showing strength.

* * *

McCullouch caught Villanova's Erv Hall at the final hurdle to win in 13.4 seconds and Miller won the dash in 10.1, both tying meet records.

OTHER WINNERS

Other winners of final events Friday —13 finals will be held today — were Bob Narcessian of Rhode Island with a 202-foot, 1-inch hammer throw, Pertti Pouci of Brigham Young via Finland with a 26-3½ long jump, Steve Marcis of UCLA with a 61-7¾ shot put and Kerry Pearce of Texas-El Paso and Australia in the 3,000-meter steeplechase in 8:50.8.

* * *

After seven events—the 10,000 meters was run Thursday—Southern Cal is the leader with 20 points. But right behind are UCLA and Washington State with 18 each, Brigham Young with 16 and Villanova with 12.

Britain Nips U.S. in Golf Cup Play

NEWCASTLE, Northern Ireland (AP) — England's Margaret Pickard beat Kansan Jean Ashley in the final match of the day to lead Britain's women golfers to a narrow 5-4 edge over the United States in the Curtis Cup matches Friday.

The 30-year-old Briton won the two last holes to top the 29-year-old former U. S. Amateur champion from Chanute, Kan., 2 up.

This climaxed a series of tightly waged matches over the 6,535-yard, par 38-38—76 Royal County Downs links on the edge of the Irish Sea.

The British team, losers the last four times in this biennial competition, captured a 2-1 advantage in the morning's three foursomes and then split the six singles contests. Each won twice and halved two other matches.

Spartan on 2nd Team

OMAHA, Neb. (AP) — Michigan State third basement Steve Garvey Friday was named to the second team of the Coaches' College Baseball All-America Team announced in Omaha.

Grid Coach Resigns

GRAND RAPIDS (UPI) — Rip Collins, head football coach at Ottawa Hills High School here for the past 12 years, is vacating his post because of the press of administrative duties.

Cougars Falter, 3-2

DETROIT (AP) — John Kewalik kicked his 16th goal of the season Friday night as the Chicago Mustangs scored a 3-2 North American Soccer League victory over the Detroit Cougars.

1968 Prep Baseball All-County Rosters

Juniors Dominate First Team Spots

While professional scouts may have found their high regard for Oakland County high school baseball cooled somewhat by the slow development of this year's senior prospects, 1969 should be a banner year based on The Press' All-County choices this spring.

Guided by the recommendations of the coaches, scouts, umpires and personal observation in pressure games, The Press' selections reflect a bright crop of young talent.

★ ★ ★

Of the 11 first-team players chosen, seven are juniors. Three more underclassmen earned berths on the second unit. Several others not honored this season have the potential to win first-team slots next year.

Last year's choices were nearly all seniors. The only junior, pitcher Jim Chiesa of Royal Oak Shrine, repeated on the second team this season.

The only seniors this spring taken on the top squad were hurler Rod Kennedy, Waterford's consistent right-hander, and infielders Bill Ball, Madison speedy shortstop, and Don Hayward, Pontiac Northern's slugging field leader.

FIRST SACKER

Hayward was elected to the first base slot by the coaches' Inter-Lakes League vote. However, he gained All-County recognition at the opposite corner where he performed impressively during PNH's Pontiac Invitational Tournament championship drive.

Hayward, All-County first-team pick Stan Babiuk of Rochester, Southfield's Jack (Rocky) Roe (second team) and Jay Hazelroth of North Farmington all had credentials worthy of the No. 1 berth.

Babiuk, a 6-2, 190-pounder, gained the nod with his impressive clutch hitting in a league noted for its stingy pitching. His 24 hits included eight for extra bases (four home runs) and 16 runs batted in for 18 games.

The closest race in the balloting was at second base where opinions were practically equally divided on the merits of Pontiac Central's Clyde Duncan and Waterford's Larry Hemmerly.

Duncan drew the edge because of his batting power as PCH's best lead-off hitter in several seasons. He hit .313 to rank second among the Chiefs. Hemmerly had only three errors in 25 games and was the pivotman on eight double plays.

On the left side of the infield are Madison's Ball, a good hitter who possesses a strong arm and fine range in the field, and Hayward, the rangy versatile Huskie who included six homers in his .400-plus batting average.

★ ★ ★

Anchoring the infield behind the plate is hustling, rugged Wally Williams, Walled Lake's junior receiver. Another .400 hitter who had 7 extra-base-hits among his 22 safeties, Williams has all the attributes of a top prospect except for speed afoot.

CLOSE RIVAL

He has led the Vikings' usually potent plate attack for two seasons. Pushing Williams for the top job was PCH's Larry Tremper, a senior who led the Chiefs in hitting (.328), in walks (18) and had eight extra-base-hits.

★ ★ ★

The first-team outfield is an all-junior edition led by the honor team's hitter, Milford's fleet Mark Giegler who set school records with a .492 average, 31 hits, 22 rbi's and four home runs.

Seaholm's George Metcalf compiled a .396 average with 17 rbi's, eight extra-base-hits and no errors in right field. The left field territory is well covered by Oak Park's Ron Ekelman.

Blessed with speed, good wrists and a strong arm, he led the Northwest Suburban League in rbi's (22) and clouted four round trippers. He topped the Redskins with a .387 average.

PITCHERS

The heart of any baseball team is its pitching and three strong-armed right-handers made the most of their opportunities this season.

In compiling a 6-3 mark, WTHS's Kennedy allowed only three earned runs in 78 innings. He struck out 89 while yielding 37 hits and 14 walks. He allowed no earned runs in his final 40 innings.

Clawson's Dave Frezza rarely had breathing room in amassing an 8-3 mark. The Trojans' games were rarely decided by more than two runs and Frezza's 0.60 ERA attests to his effectiveness under fire. He whiffed almost 100 in nearly 70 innings.

★ ★ ★

PCH's success was centered around the workhorse ability of Victor Quince. He finished with an 11-5 mark, tops in the county for victories, and frequently pitched relief in the night-cap after hurling the route in the opener of the Chiefs' twinbills.

He lost two games, 1-0 (one to Frezza), had a .302 batting average and committed only two errors on the mound.

Hortons Oust Legion Leader

Walled Lake turned the Hortons loose on Waterford's entry in the District 18 American Legion baseball program Friday night and as a result the township team no longer shares first place in the early going.

Dave Horton tossed a three-hitter and struck out six, while Jack Horton went two-for-two and drove in a pair of runs in the 3-1 victory by Walled Lake that left it tied for third, one game out of second.

★ ★ ★

Taking over sole possession of the lead was Southfield. The 1966 league champions trimmed host Troy, 8-4, under the lights at the loser's diamond. Southfield remains unbeaten in four starts.

SHARE THIRD

Clarkston and Berkley continued to share third place, also, by recording conquests. Jim Henley blanked Farmington on three hits and seven strikeouts, 4-0, for Berkley's improving squad.

Teammate John Parker's circuit clout with two mates on was a big factor in the outcome.

★ ★ ★

Clarkston, meanwhile, kept an old jinx going in decisioning Milford, 5-4, in 10 innings. Bob Paladino cracked a two-run double in the last of the 10th to pull out the verdict.

This marked the fourth time in a row (over the past two seasons) that Clarkston has pulled out an overtime victory at Milford's expense.

STARTER HURT

Paladino relieved injured starting hurler Gerry Ostrom in the second inning and held off Milford by striking out 10.

★ ★ ★

Sunday's full slate of doubleheaders features Clarkston entertaining Waterford with second place at stake. Walled Lake will visit Berkley in an effort to dissolve their deadlock. All will be hoping for Milford to slow Southfield's fast start.

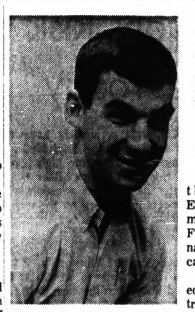
An adult tennis program is scheduled for Boulan Park by the Troy Parks and Recreation Department and will begin June 24.

The program registration fee is $6 per person and covers a six-week session from 6:30-8 p.m. each Monday. All those participating must provide their own shoes, racket and tennis balls.

Registration is being accepted at the Troy City Hall recreation office.

Argos Sign Gopher

TORONTO (AP) — The Toronto Argonauts of the Canadian Football League signed 22-year-old Curtis Wilson, a quarterback from the University of Minnesota Thursday.



STEVE EVANS

Redleg Manager Returning Home for Brief Rest

CINCINNATI (AP) — Cincinnati Reds Manager Dave Bristol was discharged Friday from Christ Hospital here and, on advice from team physician Dr. George Ballou, left for his home in Andrews, N.C., to rest for a few days.

★ ★ ★

He plans to rejoin the Reds at Atlanta on Monday.

The 34-year-old Bristol went in the hospital earlier this week to undergo a series of tests. He had been botherd by a cough.

Pirates Land Pitcher

PITTSBURGH (AP) — The Pittsburgh Pirates announced the signing Friday of pitcher Ed Northrop of Alexandria, Va., their No. 1 choice in the secondary phase of the free agent draft.

Northville's Evans Inks Pro Pact

Ex-Northville High school three-sport standout Steve Evans will depart tomorrow morning for St. Petersburg, Fla., and the St. Louis Cardinals second spring training camp.

The 200-pound, 6-4 right-handed pitcher signed a bonus contract this week for Cardinal territorial scouting supervisor "Mo" Mozzali after completing his sophomore year at the University of Michigan.

★ ★ ★

Evans, who was voted a first-team pitching berth on The Press' 1966 All-County prep squad, had a 4-4 record and a 2.70 earned run average for the Wolverines' varsity this spring.

He struck out 58 batters in 61 innings. He had a 1.30 ERA in his Big Ten League outings.

BIG ROLE

At Northville, Evans was a big factor in the Wayne-Oakland League success of the Mustangs' football, basketball and baseball squads.

The 20-year-old lanky hurler will spend 14 days learning the fundamentals of the St. Louis system, and then be reassigned.

Due to his Big Ten experience, Evans may be advanced beyond the rookie league level and onto the Cardinals' Class A Modesto (Calif.) squad where he would be teamed with former Southfield prep catching star Ted Simmons.

As in Simmons' case, Evans' bonus includes full coverage of his remaining class time at the University of Michigan. Both are permitted to arrive late at spring training until they're out of school.

City Leagues to Begin Junior Baseball Set

League action will commence Monday afternoon for the Pontiac Parks and Recreation Department's Class E baseball teams.

The city recreation junior diamond program also will have practice games Monday morning for the Widget and Class F. Players, while T-Ball practice games will start Tuesday morning.

The oldest boys, Class D, will have practice tilts Monday and Tuesday, and begin league play Wednesday.

★ ★ ★

The Class D, Widget and T-Ball games are played on the four diamonds at Jaycee Park. Class E and F will use the Aaron-Perry Park facilities.

Pontiac Northern High School's field, too, will be utilized for the Class D and E contests, and "D" clashes are planned, also, for Wisner Field.

The city junior baseball champions compete later in the Michigan Recreation Association's Class D-E-F playoffs for state titles.

Top Slugger Signs Bengals' Contract

BELOIT, Wis. (AP) — Howie Johnson, 20-year-old Milton College shortstop who led the nation's collegiate sluggers with 36 runs batted in this season, was signed to a Detroit Tigers contract Friday.

Tiger scout Johnny Klippstein said Johnson will leave Saturday for Lakeland, Fla., where he will spend two weeks at the club's rookie camp, then will be assigned to the Rocky Mount, N.C., team of the Class A Carolina League.

Ken Harrelson Overpowers Cleveland

By the Associated Press

Ken Harrelson turned on the power and short-circuited Cleveland last night.

Harrelson held off until only the fifth inning before beginning a barrage of three consecutive homers that drove in seven runs and surged the Boston Red Sox by the Indians 7-2.

SILENT NIGHT

The rest of the league's hitters remained mostly grounded as Minnesota trimmed Baltimore 2-1 on infield hits, infield outs and a wild pitch, while errors helped California past Washington 2-0 and the New Yrok Yankees by Oakland 5-4 in 10 innings.

★ ★ ★

Harrelson, a 6-2, 190-pounder who hit 12 homers in part-time duty last season, has really turned on the voltage this year by blasting 13 homers with 37 runs batted in.

He struck out and grounded out his first two times at bat against Cleveland as Boston fell behind 1-0, but then he ignited, blasting two-and three-run homers in the fifth and sixth innings off Luis Tiant, 9-5.

THIRD HOMER

He belted another with a man on in the eighth off Eddie Fisher in his last time at bat, making it easy for Dick Ellsworth, 5-4, who coasted with a five-hitter.

★ ★ ★

Minnesota ended a six-game losing streak, although the Orioles' Tom Phoebus, 5-6, allowed only two infield hits in his six innings. Cesar Tovar beat out one of them in the first inning, stole second, took third on a grounder and scored on a wild pitch. Tony Oliva walked in the fourth, reached third as Ted Uhlaender's line drive hit Phoebus and scored on a force play.

GAINS VICTORY

Jim Roland, making his first start in nearly four years, gave one hit in 5 innings and got the victory with relief from Al Worthington and Ron Perranoski.

★ ★ ★

George Brunet, 6-6, fashioned a six-hitter for California and the Angels converted eighth-inning errors by Mike Epstein and Bernie Allen into runs off loser Joe Coleman, 4-6.

The Yankees helped Oakland to a 3-0 lead on errors by Jake Gibbs and Mickey Mantle, but ruined the A's try for a fourth straight shutout with an unearned run of their own. Joe Pepitone tied the score with a two-run homer.

★ ★ ★

But the Yankees needed more help in the eighth when Mantle walked, stole second and right fielder Reggie Jackson dropped Pepitone's pop fly to let in Mantle with the tying run. Then Mantle won the game in the 10th with a run-scoring single.

Pappas' Rumor No Lie

ATLANTA (AP) — Milt Pappas is one ball player who believes in rumors, even If he starts them himself.

He told Atlanta Journal baseball writer Wilt Browning he started the speculation in Cincinnati last week that he would be traded to Atlanta for Tony Cloninger. And that's exactly what happened, except a few other players also were involved in the transaction.

★ ★ ★

"Tony was the first player on the field and I just said to him when he walked by, 'don't get hurt because you and I are going to be traded.' "

Pappas said he didn't know why he made the remark. "It's just something I decided to say instead of 'hello' I guess."

Record 135 by Yancey Challenges Open Foes

(Continued from B-1)

Decked out in his customary white eye-shade, lime green shirt and slacks to match, the unemotional, blond Yancey played as coolly as he looked. He admitted though, his adrenalin began working when he started thinking about all the tradition built into the U.S. Open.

"Some players say this is like any other tournament," said Yancey. "Maybe it helps them if they think that way, but they are only kidding themselves. There's a tournament every week but there's only one U.S. Open."

Yank Netter Loses Battle With Temper

BRISTOL, England (AP) — Hot-headed Cliff Richey blasted a ball out of the court again in another temper tantrum Friday and was disqualified in his semifinal match with Davis Cup teammate, Arthur Ashe.

In the other semifinal of the West of England Tennis Championships, Clark Graebner of New York beat Jim McManus of Berkeley, Calif., 6-3, 6-3.

Kerry Melville won the women's title by defeating Karen Krantzcke 6-0, 6-1 in an all-Australian final.

ORDERED OFF

Richey was ordered off the court after a heated exchange of words with Col. Harry Evans, the umpire. The No. 3 ranking American from San Angelo, Tex., had arguments with umpires twice before in the tournament.

★ ★ ★

On Thursday, he had been warned when he hit the ball out of the court in his match with Nikki Spear of Yugoslavia.

Four Entering USWGA Open

Four Michigan players — one amateur and three pros — are among a field of 112 who'll be on hand for the 16th U.S. Women's Golf Championship set for July 4-7 at Fleetwood, Pa.

★ ★ ★

The amateur is former Michigan champion Joyce Kazmierski of Grosse Ile.

State pros in action will be Sherry Wilder of Grand Rapids, Linda Sue Galloway of Parma and Sharon Kay Miller of Battle Creek.

State Activity for Seniors Golf Starts Tuesday

The state's senior golfers will move onto a couple of Lansing area courses next week for two days of championship play.

The Michigan Senior Golf Association tourney is slated Tuesday and Wednesday at Walnut Hills Country Club and the Country Club of Lansing.

★ ★ ★

A field of 318 is expected to be on hand for the 36-hole event. Among the entrants are defending champion John O'Brien of Red Run in Royal Oak and the '67 runner-up Joel Sheppard of Kalamazoo. O'Brien won the title last year with a 75-77—152.

Italian in Cycle Win

DOUGLAS, Isle of Man (AP) —Giacomo Agostini of Italy, world champion, won the 500 c. c. blue ribbon event of the Isle of Man motor cycle tourist trophy series on MV-Agusta Friday for the second all Italian triumph of the week.

Toledo Drops 6-1 Decision

By the Associated Press

Columbus extended its International League lead to 1½ games Friday night by edging Buffalo 3-2 while Toledo's second-place Mud Hens dropped a game to Louisville 6-1.

★ ★ ★

Columbus' Dock Ellis, the league's top relief pitcher with eight saves in 19 appearances, scored his own winning run in the eighth inning on a single by George Spriggs.

The Bisons' Bob Chance hit an estimated 475-foot homer in the second inning. It was his 15th this year.

MUD HENS ERR

Louisville's Galen Cisco scattered seven hits and Toledo committed three errors to help the Colonels to their victory. Catcher Gerry Moses' two-run double in the second inning put Louisville ahead for good.

★ ★ ★

Richmond scored a 3-2 win over Rochester. A single by Chuck Harrison in the fifth inning broke a 2-2 tie.

The Syracuse Chiefs took an early 2-0 lead in the first inning and defeated Jacksonville 4-2.

ROUND TRIP TRIPLE — Los Angeles' infielder Paul Popovich (left) slides home as Philadelphia catcher Clay Dalrymple has the baseball bounce away from him on the relay from shortstop Roberto Pena. Popovich tripled off the centerfield scoreboard at Connie Mack Stadium and continued home when Pena fumbled the throw from outfield. The action came in the second inning of last night's twinight twinbill opener which the Dodgers won, 6-0. The Phillies won the nightcap, 2-1.

Ex-Cardinal Fischer Signs With Redskins

WASHINGTON (AP) — The Washington Redskins bolstered their defensive unit Friday by signing free agent Pat Fischer, an unhappy cornerback with St. Louis and strengthened their offense by acquiring quarterback Gary Beban.

Beban, the 1967 Heisman Trophy winner, was unable to come to terms with Los Angeles.

SURPRISE MOVE

The Beban announcement came as a surprise because the Redskins already have veterans Sonny Jurgensen and Jim Ninowski and rookies Harry Theofiledes and Danny Talbott at quarterback.

* * *

"We have to look to the future," Coach Otto Graham said. "Sonny and Jim are two of the finest quarterbacks in the league and we hope they're around for a few more years but they're not youngsters."

Jurgensen is 33; Ninowski 31.

"It takes two or three years for a pro quarterback to develop so this will give us some flexibility," he said, adding that the team could carry three quarterbacks.

TERMS OKAYED

Club President Edward Bennett Williams said contract terms between the Redskins and Beban, through his attorney, had been agreed to and Beban would be in Washington to sign on Monday.

He said the former UCLA ace would have been at the news conference but "he has another important matter on his schedule today . . . he's getting married." Beban married the former Kathy Hanson in Alhambra, Calif.

* * *

Williams said the acquisition of Fischer, a 5-foot-9, 170-pound seven-year veteran, "will strengthen the Redskins in an area where we've had problems."

"We think we have a good deal regardless of who we have to give up," said Graham, referring to Fischer.

The Redskins must give St. Louis a player for Fischer even though he became a free agent when he let his contract expire April 30.

Football Commissioner, Pete Rozelle, will decide what player will be dealt to St. Louis after hearing arguments on both sides.

Golfers After Publinx Spots

Ballets Among 107
Battling at Brighton

Pontiac city golf champion Tom Balliet will be among a field of 107 bidding for 11 spots in U.S.G.A. public links sectional qualifying Monday at Burroughs Farms near Brighton.

The 11 low scorers qualify for a trip to Dallas for the national tournament slated July 10-13 at Tenison Memorial Golf Club.

The large field will play 36 holes over the tree-lined, 6,240-yard, par-71 layout.

Another Balliet will also be on hand for the event, Tom's son, Gary, a 1968 graduate of Avondale High School.

The younger Balliet is paired with Timo Kilpelainen, who led the 1967 publinx qualifers, Bill Curtis of Farmington and Fred King of Detroit.

Another top player in the field is Pontiac's Terry Hoy, defending state publinx champion.

Pirate Hurler Blanks Astros on Two-Hitter

Mets Drub Giants; Cardinals Routed by Reds' Outburst

By the Associated Press

Bob Moose of Pittsburgh kept alive a short-running jinx—that of beating Houston. But he couldn't overcome a long-lived whammy—the one that prohibits a no-hitter in the Pirates' Forbes Field.

The rookie right-hander ran his record to 3-0 against Houston Friday night as the Pirates beat the Astros 3-0, and he made a serious bid for the first no-hitter ever in Forbes Field, which opened June 30, 1909.

HEX ENDS

But the whammy caught up with him after 7⅔ innings when Julio Gotay blooped a single to right. Ron Davis singled in the ninth and Moose finished with a two-hitter.

* * *

The longest previous hitless string at Forbes Field was 7⅓ innings by Al Jackson of the New York Mets on July 21, 1965.

Elsewhere in the National League Friday night, the Mets beat San Francisco 7-3, Cincinnati blanked St. Louis 7-0, Los Angeles beat Philadelphia 6-0 and then lost to the Phillies 2-1 and the Chicago Cubs nipped Atlanta 2-1.

* * *

Moose walked Rusty Staub with two out in the first and then retired 21 in a row before Gotay got his single. The victory ran his record to 2-4, with both victories coming in starting roles against Houston. His other victory over the Astros came in a brief fling with the Pirates last year.

FIRST HIT

The Pirates scored in the second inning when Fred Patek beat out a bunt for his first major-league hit, stole second and went to third on catcher John Bateman's throwing error and came home on Jerry May's single. They scored again in the sixth on Donn Clendenon's homer and got their final run in the eighth.

* * *

Rookie Jerry Koosman got roughed up in the ninth when he yielded two runs but had enough to win his 10th game against two losses in the Mets' victory over San Francisco.

FOURTH STRAIGHT

New York, winning its fourth straight, scored once in the first and then wrapped it up with four runs in the third on Don Bosch's solo homer and Jerry Buchek's three-run shot. It was Bosch's first homer in the majors.

Cincinnati broke open its scoreless duel with St. Louis by scoring four runs in the seventh with the aid of five straight singles.

* * *

Lee May started the rally with one out and then Johnny Bench, Leo Cardenas, Mack Jones and Pete Rose followed with hits. Jones scored the inning's final run when he attempted to steal home and catcher Tim McCarver dropped the ball.

Billy McCool and Ted Abernathy limited the Cardinals to three hits.

* * *

Bill Singer raised his record to 6-5 by pitching a seven-hitter for his fourth straight victory in Los Angele's opening game triumph over Philadelphia that snapped a three-game losing streak. The Dodgers clinched it with a two-run second and a three-run third.

Former Women Champs Entered in Golf Tourney

SPRING LAKE (AP)—Three former champions—but not the 1967 champion—are among the 55 entries expected at the qualifying round Monday in the 47th running of the Spring Lake Women's Open Golf Tournament.

Mrs. Bill (Patti Shook) Boice of Saginaw, who captured last year's tourney, will not be in the lineup because of illness. The 1967 runnerup, Mrs. William Windatt of Muskegon, also has been sidelined, suffering from a back ailment.

The three former champions expected on the scene are Mrs. Jack Scripsema, Grand Rapids, 1958 winner; Mrs. Edgar Reynolds, Lansing, three-time winner 1952-1955-1962, and Cynthia Claus, Grand Rapids, 1963 titleholder.

Play in the qualifying round opens Monday, with match play Tuesday and Wednesday and finals on Thursday.

Lamar Tech Takes NCAA Golf Crown

BEAUMONT, Tex. (AP) — Setting two tournament records, Lamar Tech captured the sixth NCAA College Division Golf Tournament Friday with a four-man team score of 1,151.

The Cardinals finished 41 strokes ahead of Middle Tennessee State, which posted a 1,192. In third place was Austin Peay with 1,196.

* * *

Lamar Tech's Mike Nugent shot a two-over-par 74 in Friday's round to win medalist honors with a 72-hole score of 280, eight under par.

* * *

Jimmy Smith of Austin Peay shot a two-under-par 70 the final day to ease into second place with 287. Mike Allen of Lamar Tech shot a 72 Friday for 288.

Burklow Relieves Teamsters' Slump

Teamsters-614 handed Local-653 its first Class A baseball loss of the season and cracked the win column behind the strong relief pitching of Mike Burklow in an 8-1 victory last night.

Spencer Streak Now 10 in Row on One-Hitter

Floyd Hicks matched teammate Doug Hall's 5-0 mound record Friday night and extended Spencer Floor Covering's unbeaten string to 10 straight with one-hit 13-0 triumph over Huron Bowl in the Waterford Men's Softball League.

The whitewashing upped Spencer's unscored-upon streak to 32 consecutive innings. Don Willen's lead-off single in the third marred Hicks' bid for a no-hitter.

Jim Long cracked a double and two singles to produce six of the winners' runs. John Studt opened their four-run seventh inning with a solo homer.

Jerry Thomas struck out 11 and scattered four hits as Day's Sanitary downed error-prone Ward Body, 4-1. The victors plated unearned runs in the third, fourth and fifth innings.

THURSDAY—Ward Bodies vs. Clarkston Appliance; Huron Bowl vs. Midget Bar.
FRIDAY—Spencer Floor vs. Lighthouse Lanes; Day's Sanitary vs. Ward Bodies.
SUNDAY (June 23)—Midget Bar vs. Huron Bowl; Clarkston Appliance vs. Ward Bodies.

The city men's recreation makeup contest at Jaycee Park saw the winners fall behind when starter Tom Zink walked the first four UAW batters to force in a run.

Burklow took over to fan the side, then added eight more whiffs in the final six innings while allowing only two hits.

* * *

The Teamsters knotted the score in the second on a wild pitch, then took the lead for good when Larry Hemmerly cracked a two-run homer in the third. The young second sacker drove in another run with a seventh-inning single.

Burklow retired the final six batters and 17 of the last 19 he faced in evening his record at 1-1.

Al Schupbach Collects $1900

The $1,600 first prize and trophy in the Howell Bowlerdrome Singles Bowling Classic was won by Al Schupbach of Waterford Township.

Schupbach's 709 total also earned him $300 for the top actual pinfall, while Pontica's Bill Johns had 671 to add $200 for second place actual to his $20 for 34th place over-all.

* * *

Joe Morys of Union Lake was third in the actual count with a 665 total worth $100 in addition to his $20 payoff for tying for 42nd over-all.

Placing 15th and winning $50 was Milford's Tom Cotner, while Bill Denny of Walled Lake won $25 in tying for the 28th spot. The tournament paid out more than $16,000 to 280 bowlers.

Milbur Overpowers Union Lake Rival

Milbur Industries rode the one-hit pitching of Nick Halsema and some potent power hitting to a 4-0 conquest of the Union Lake Merchants last night in city men's softball makeup tilt.

J. A. Fredman surprised Timberlanes Lounge, 4-3, as Larry Hanson scattered five safeties in the other Northside game.

*

Milbur's hitters clouted two triples and two doubles among their nine safeties. Fredman's utilized singles and walks in its eight-hit attack.

Milbur is now 5-4, a half game out of third place.

Laver Moves Ahead

BROOKLINE, Mass. (AP) — Former Davis Cup stars from Australia and the United States, led by Aussie Rod Laver, advanced as expected Friday as the rain-delayed $32,250 U.S. Pro Tennis Championships began on Longwood's soggy grass courts.

Shortstop Signs Detroit Contract

BELOIT, Wis. (AP)—Howie Johnson, 20-year-old Milton College shortstop who led the nation's collegiate sluggers with 36 runs batted in this season, was signed to a Detroit Tigers contract Friday.

Tiger Scout Johnny Klippstein said Johnson will leave Saturday for Lakeland, Fla., where he will spend two weeks at the club's rookie camp, then will be assigned to the Rocky Mountain,

Commission Approves Leases

Fishermen Gain More River Frontage

The Conservation Commission approved lease agreements with Consumers Power Co. yesterday to make 21,000 feet of fish stream frontage available for public use.

The company, which owns vast tracts of land in northern Michigan, has made eight parcels available to the Conservation Department on the Au Sable and Manistee Rivers and their tributaries.

* * *

The token charge to the state will be $1 per year for each parcel, plus assumption of tax responsibilities on the land for the remainder of this year.

The lands total 237 acres in Oscoda, Kalkaska, Manistee, Wexford and Crawford counties. The land will be used for public fishing sites and state forest campgrounds.

PARK DEDICATED

The commission, meeting at Haven Hill Lodge, also dedicated a square-mile area in the new Sleepy Hollow Recreation area in Clinton County as a field trial area for hunting dogs.

As an experiment, the department had planned to run a new field trial area on a year-round basis to see what effects the dogs will have on nesting birds and animals, but the commission excluded May and June.

* * *

Currently, field trials are banned from April 15 through July 15 during the nesting season.

The new area will be used for field trials only temporarily until the department acquires remaining land for full development of a Central Michigan spot for other recreational use.

All but 120 acres of the 640-acre site will be made available for field trials this summer. A former owner has reserved the use of the rest until Nov. 1.

Gleaming In The Athens Sunlight Is The Majestic White Palace

(EDITOR'S NOTE—This is the fifth in a series of articles of a tour of Europe and Bible Lands with Dr. and Mrs. Tom Malone by Mary Anglemier, church editor of The Pontiac Press. The fifth stop with the group of 25 was Athens and West Berlin).

By MARY ANGLEMIER
Church Editor

Small children laughed and jumped up and down around their mother as she sat on the floor near the entrance steps at the airport in Athens.

She may have been Turkish judging by the clothes she wore or she may have been a resident of an Arab country. I admired her.

* * *

As we filled out cards necessary for entering a different country, we noticed the children were not afraid of people. When they strayed about five feet away, the mother called and they returned to her side.

Not once did they run away, scream or shout.

ATHENS

I had always pictured Athens as an old-looking city but it surprised me. There are really two cities in one.

The new Athens is a fast growing city with suburbs spreading out onto the slopes of the surrounding mountains.

Signs of modern progress may be seen in the glass-fronted office buildings, new hotels and many storied apartment houses.

* * *

The old Athens is just a step away among the narrow streets where there is a flavor of the East in the open-air markets, blacksmiths and craftsmen.

Byzantine churches still stand as they have for some eight hundred years.

The personality of Athens may be changing but the heart of the city is always the same —the steep rock of the Acropolis in the midst of the city bearing aloft the perfection of the Parthenon.

* * *

Yellow pansies greeted us as we arrived at the Athens-Hilton Hotel, and here, I just couldn't get the count of drachmas in American money.

A four-lane highway took us to Corinth where we visited excavations of the old Corinth destroyed by earthquake. We were amazed at the statues, pillars, dishes, jewel boxes, silver, small pieces of furniture uncovered by an American group of archeologists.

Excavations were begun in 1893.

* * *

As our plane climbed above the clouds headed for West Berlin we looked down on snow capped mountains of the Alps.

WEST BERLIN

I've read about the red carpet being rolled out for dignataries. Well here we are at the Hotel Schweizerhof being ushered in on a red carpet, right up to the registering desk.

Flowers are everywhere in West Berlin.

With so many apartments there isn't much room for individual gardens so residents volunteer to work gardens of cemeteries and public parks just because they love gardens.

We toured the city with our guide seeing Charlottenburg Castle, sidewalk cafes and Kufurstendamm, the famous main boulevard.

Before boarding the bus for East Berlin we signed a statement as to how much money we carried into the country. As we arrived at the border an East Berlin soldier hopped on the bus and looked at our passports.

SEARCH BUS

After a brief tour we again showed our passports before leaving the country.

Another soldier holding a long handled mirror looked entirely under the bus and even entered the lavatory on the bus to see if anyone was escaping.

The Rusians mean what they say when it comes to their people leaving the country.

While we were in West Berlin, Mrs. Luther Clyburn flew to Munich to visit her husband's brother stationed there with the Air Force. She met us again in London.

And everyone took turns carrying Bettina, the Italian doll she had bought in Rome for daughter, Lisa.

Bible Study, Crafts Scheduled

Vacation Schools to Open

Thousands of children in the Oakland County area are looking forward to the opening of Vacation Bible Schools next week and throughout the summer.

Morning classes are for boys and girls. Evening sessions are usually scheduled for the whole family.

Here are a few beginning Monday:

PILGRIM HOLINESS

Among the many Vacation Bible Schools opening this month in the Pontiac area is the school at Pilgrim Holiness Church, Baldwin and Fairmont.

Classes scheduled Monday through Friday will be from 9:30 to 11:30 a.m. each day. The theme of VBS is "God's Word, Today's Hope."

Boys and girls from two years of age through the 12th grade are welcome. There will be Bible study, stories, crafts and recreation.

The children of Vacation Bible School and Sunday School will join in the picnic at Hawthorne Park on June 22. Everyone will gather in the park at noon. The cooperative supper is slated for 5 p.m.

★ ★ ★

The Vacation Bible School program is planned for 7 p.m. on June 23. Work of the children will be on display.

Mrs. Ova Lyons and Mrs. Agnes Johnson are codirectors. Craft instructors are Mrs. Myrtle Deaver and Mrs. Helen Mick.

CRESCENT HILLS

"God's Son for Our World" will be the theme of the Daily Vacation Bible School Monday through June 28 at Crescent Hills Baptist Church, 2274 Crescent Lake, Waterford Township.

Classes are from 9:30 a.m. until noon. Children of the community are welcome. The program is arranged for boys and girls four years of age through junior high school.

ASCENSION

Children and young people four years of age through those in junior high school are invited to attend Vacation Church School at the Lutheran Church of the Ascension, Waterford Township.

★ ★ ★

The school beginning Monday will continue through June 28 with the theme, "God and His World." Staff members will be installed during morning worship tomorrow.

Guest pastor tomorrow will be Capt. Richard G. Eisemann, one of the Lutheran clergymen serving as chaplains with the Air Force.

★ ★ ★

With his wife, the former Nadine Hehl of Keego Harbor, and children Chris, Jim, Lynn, R. Gregory and Jeffrey, Chaplain Eiseman is en route from Laredo, Tex. to Birkenfeld, Germany.

BLOOMFIELD HILLS

A Community-Family Bible School will be held at Way Elementary School, just east of Telegraph on Long Lake, Bloomfield Township.

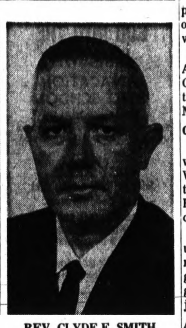
DR. MILTON H. BANK



REV. CLYDE E. SMITH

Methodist Ministers' Appointments Listed

The Detroit Methodist Conference announced several key pastoral appointments this week during its annual convention in Adrian.

CENTRAL

Dr. Milton H. Bank, minister of Central Methodist Church for the past 19 years, will leave soon for Ann Arbor where he will take up his duties at West Side Methodist Church.

A reception honoring Dr. Bank and his family will be held from 3 to 5 p.m. tomorrow at the church, 3883 Highland, Waterford Township.

★ ★ ★

Mrs. W. Cadman Prout is tea chairman.

The Rev. Carl E. Price of St. Mark's Methodist Church, Detroit will come to Central.

Dr. Bank came to Pontiac in June 1949.

VOTE TO SELL

It was while he was minister, the congregation voted to sell the church then located where the Pontiac Osteopathic Hospital is now located and purchase the 38 rolling acres on Highland Road.

★ ★ ★

Under his leadership the new Central Methodist Church was constructed. It was consecrated on Dec. 9, 1962.

★ ★ ★

Dr. Bank received his B.A. degree from Baldwin - Wallace College in Berea, Ohio in 1932, his master's degree from Boston University's School of Theology in 1934, and his theology degree in 1935 from the university.

★ ★ ★

He received his doctor of divinity degree from Baldwin-Wallace College in 1951.

Dr. Bank has been active in community affairs serving as president of Pontiac Area Council of Church in 1965.

The Rev. James McLaurin, associate minister of Central Methodist Church, will serve the West Mound Methodist Church in Taylor.

The reception tomorrow for Dr. and Mrs. Bank will also honor the McLaurins.

★ ★ ★

A graduate of Central Michigan University, the Rev. Mr. McLaurin received his theological training at Garrett Seminary. Before entering the ministry he was a teacher in the Flint Public School System.

During his two-year service at Central Church he has worked mostly with the young people.

TRINITY METHODIST

Father's Day will be observed during the 10:30 morning service tomorrow in Trinity Methodist Church, 6440 Maceday, Waterford Township.

The Rev. Timothy Hickey, minister, was reappointed pastor of Trinity Church this week at the Detroit Annual Conference held in Adrian.

FIRST METHODIST

The Rev. Clyde E. Smith, pastor of First Methodist Church, Saginaw at Judson, and his wife will be honored at a farewell open house at 3 p.m. tomorrow in Fellowship Hall.

Pastor Smith will preach on "And In Conclusion" tomorrow morning.

GOES TO CLAWSON

The Rev. Mr. Smith was appointed pastor of First Methodist Church in Clawson at the annual Methodist Conference in Adrian this week.

Pastor Smith grew up in Grand Blanc then entered Redland University in California. Following graduation he continued his education with seminary training at Garrett School of Rheology.

In 1950 Pastor Smith entered the chaplaincy of the U.S. Army after serving as pastor of several churches.

He was at Fort Knox, Ky. for six years then was assigned to the United States Security Agency in Asmurara, Ethiopia.

He has the reserve rank of major.

WALLED LAKE

A farewell reception will honor the Rev. and Mrs. Ellis Hart following the morning worship service at Walled Lake United Methodist Church, Walled Lake.

The Rev. Mr. Hart, minister of the Walled Lake church for the past five years, will become pastor of the United Methodist Church in Mt. Morris.

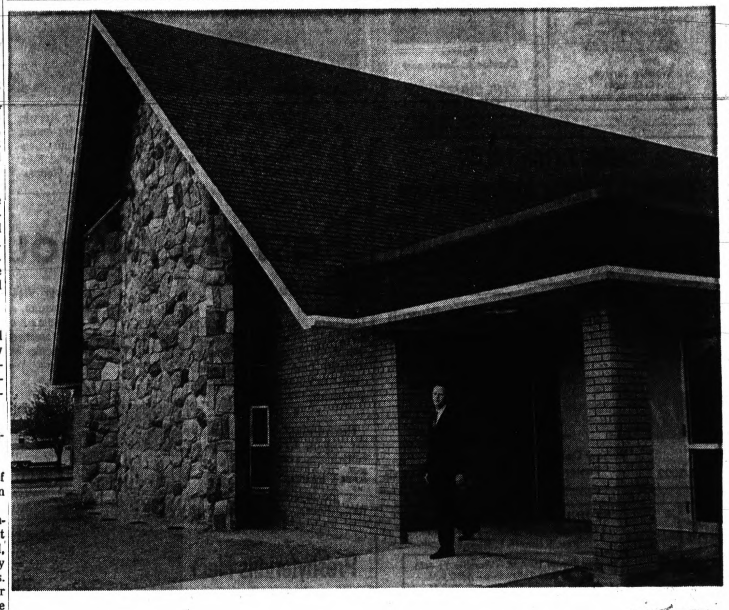
DECORATE FOR PARADE—Linda S. Huggins of 3461 Baldwin and Billy Caskey of 3640 Gregory, both in Orion Township are decorating their bikes for the Vacation Bible School Parade at Gingellville Baptist Church, 3920 Baldwin at 1 p.m. Tuesday. The vacation school starting Wednesday morning will continue through June 28. Morning classes for children are from 9 a.m. until noon. Evening sessions for adults and young people are from 7 to 8:30 p.m.



Pontiac Press Photo

NEW SANCTUARY—The new sanctuary of Crossroads United Presbyterian Church, Walled Lake, built of stone and brick, will be dedicated at 3 p.m. tomorrow. Decorated in wood tones, the sanctuary will seat about 200 persons. The original unit now converted into Fellowship Hall will seat 175. Windows are of amber shade of glass. The building was designed by the firm of Merritt, Cole and McCallum of Farmington. Ray Misch of Bloomfield Township was the builder.

Dream Comes True

Crossroads Church to Be Dedicated

The Crossroads United Presbyterian Church, 1445 Welch, Walled Lake, will dedicate a new sanctuary at 3 p.m. tomorrow with Dr. Robert H. Yolton, executive of Presbytery of Detroit, the principal speaker.

"What About the Church?" will be his subject.

★ ★ ★

Other guests participating in the service include Dr. Thomas A. Bailey, moderator of Detroit Presbytery and pastor of the Dearborn Woods Presbyterian Church; and Ted Koella, an elder in First Presbyterian Church, Pontiac. The Rev. J. Albert McCrory is pastor.

★ ★ ★

Special music will include anthems by the Chancel and Junior choirs; a duet "I Waited for the Lord" and solo number, "Bless This House," by Mrs. L. W. Ridley.

Mrs. James Boardman and Mrs. David Smith will be in charge of the tea which follows.

STARTS IN DOG KENNEL

The new sancutary marks the completion of a dream which had its humble beginnings in a small white chapel which was converted from a dog kennel.

Fifteen families gathered there for the first service in October 1956.

★ ★ ★

A year later with the assistance of the First Presbyterian Church of Birmingham, a mission unit was constructed. It was dedicated in December 1957.

★ ★ ★

The church designed by Merritt, Cole and McCallum of Farmington, was constructed by Ray Misch of Bloomfield Township.

SEATS 200

The new sanctuary will seat some 200 persons. The original unit was remodeled to include a larger kitchen, church office, and six additional class rooms. The original sanctuary is now Fellowship Hall.

★ ★ ★

The building committee consists of G. L. McArthur, William Lang, Douglas Snow, Wilfred Weikel, James Harrison, James Boardman, Mrs. Lottie Chambers, Mrs. N. O. Tiffany, Dr. W. R. Rech, and Mrs. G. E. Gaines.

Missionaries to Speak on Father's Day

The Rev. and Mrs. Jack McKillop of Montego Bay, Jamaica, will speak at all services on Father's Day tomorrow in Silvercrest Baptist Church, 2662 Dixie Highway.

★ ★ ★

The McKillops are working in the Caribbean Island under the Baptist Mission Society.

For several years it has been the direct work of the missionaires to open up new fields in the Caribbean in order to establish New Testament Baptist churches.

Dr. John Hunter, Silvercrest pastor and his wife visited the McKillops two years ago visiting Mission Stations throughout the Island.

★ ★ ★

The missionaries will return to Montego Bay for another five-year stay at the close of the one-year furlough.

Members to Meet for Groundbreaking

The congregation of Central Christian Church will break ground tomorrow for the new church building located on M24 just south of the I-75 overpass at the Bald Mountain and Shimmon road turnoff. The time is 2 p.m.

Those taking part in the service include members of the building committee, finance committee, Bible School, Dorcas Guild, Youth Fellowship elders, deacons and charter members of the congregation.

A fellowship dinner will follow morning worship then everyone will attend the ceremony at the new church site.

Friendship Project at 2 Churches

Pontiac Press Photo

Out of a concern for ghettos both white and black the Newman AME Church, Pontiac and Birmingham Unitarian Church are providing opportunity for interracial experience.

The two churches are sponsoring a program this summer for children, between the ages of eight and 10.

* * *

Sessions start July 22 and Aug. 5. Each course lasts for two weeks.

Known as Project Friendship the program will alternate between the two churches.

Thirty-five youngsters will be involved in recreation, projects, field trips and fun. Mrs. Anne Chandler, a fourth-grade teacher in the Pontiac Public School System, has accepted the position of head teacher.

* * *

The program will explore relationships in a number of levels. Parents will attend two workshops before the sessions start. Teen-agers will work along with adult counselors.

Project Friendship will close with an all-family picnic.

FLOWERS FOR PARTY — The congregation of North Oakland Christian Church honored couples married by Pastor Jack H. C. Clark with a tea Sunday at the pastor's home, 497 W. Iroquois. The afternoon affair was a surprise on Mrs. Clark as she was celebrating her 15th wedding anniversary. Shown arranging flowers are (from left) Mrs. Richard J. Archbishop Announces Assignments

Archbishop John F. Dearden announced transfers, assignments and resignations effecting priests in the eight-county Archdiocese of Detroit this week.

Transfers take place each year in June.

* * *

The Rev. Arthur F. Oldani, pastor of St. Vincent de Paul Catholic Church, will become pastor of St. Joan of Arc Catholic Church in St. Clair Shores.

Coming to the Pontiac parish is the Rev. Mario DiGiulio.

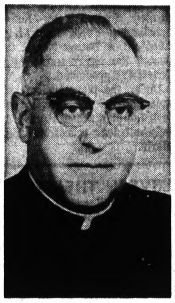
ORCHARD LAKE

Rev. Stanley E. Milewski has been appointed the vice-rector of Saints Cyril and Methodius Seminary, St. Mary's College, and St. Mary's Preparatory.

Father Milewski succeeds Rt. Rev. Msgr. Joseph R. Rybinski. The newly appointed administrator has taught at the schools since 1957 and is the procurator-treasurer of the institution.

* * *

He is an alumnus of the preparatory school and the college, and studied theology at St. John's Provincial Seminary in Plymouth, Mich.



REV. ARTHUR F. OLDANI

St. James Speaker, Pastor From India

The Rev. Eric A. Mitchell, district superintendent of the Bombay Conference and pastor of Taylor Memorial Methodist Church in India, will speak at St. James United Methodist Church, 451 W. Kennett Tuesday evening.

The time is 7:30 p.m.

The guest speaker was a ministerial delegate to the General Conference of the Methodist Church in Dallas, Tex. in April.

Before returning to his home in India, he will stop in Uppsala, Sweden. The Rev. Mr. Mitchell is a Methodist representative to the World Council of Churches meeting in Uppsala in July.

Pastor Honored With Smorgasbord

The congregation of St. Mark's Lutheran Church, Union Lake, surprised the Rev. William Grafe on his 15th year as pastor of the church with a smorgasbord dinner at Westacres Clubhouse Sunday.

* * *

Guests included ministers and their families, friends from former parishes, relatives and local friends.

More than 300 persons attended the celebration.

Guest Speaker

The Rev. Charles B. Ransom, pastor of Bible Way Temple in Detroit, will be guest speaker for the 4 p.m. program at Mt. Olive Baptist Church, 458 Central, tomorrow.

At 3 P.M.

Dedicate Building

The congregation of St. Stephen Baptist Church has completed the purchase of the former Friendly General Baptist Church, 69 S. Aster.

* * *

Members will dedicate the church at the 3 p.m. service tomorrow with the Rev. Vernon Wicklyffe conducting the service.

* * *

A reception will follow the dedication. The public is invited.

The St. Stephen Baptist Church was constituted in September 1967 with the Rev. Clay Polk of Columbia Avenue Baptist Church officiating. There were 89 charter members.

* * *

The congregation worshiped in Franklin Elementary School through May 19. The first worship service in the new location was held on May 26.

The church is affiliated with the Oakland County Baptist Association, Baptist State Convention of Michigan, and the Southern Baptist Convention.

CALL PASTOR

The Rev. Ezekiel Wright was called as the first minister.

A graduate of Wiley College, he took graduate work at Michigan State University. Currently he teaches at the Franklin School.

* * *

Pastor Wright received his ministerial license from the New Jerusalem Baptist Church in Marshall, Tex. He was ordained by the Rev. Joseph W. Moore, former pastor of Trinity Baptist Church.

Choose Father

The Rev. Roy C. Cummings of Messiah Baptist Church announces the Father of the Year will be chosen at the 5:30 p.m. appreciation service tomorrow. The church is at 575 E. Pike. Morning worship is at 11 a.m. and Sunday School at 9:45 a.m.

MISUNDERSTOOD

1 Cor. 2-8, "Which none of the princes of this world knew: for had they known it, they would not have crucified the Lord of glory." So Jesus was misunderstood, even before His birth—and Satan as wise as he was, misunderstood Jesus; he knew that Jesus was God in the flesh. He also knew flesh is weak, for he found that out in the first woman that God made. But after Jesus had said, it is written, three times, then Satan knew that he had misunderstood the Lord of glory. You try what Jesus used on Satan, if anyone tells you that you don't have to be baptised in the Name of Jesus Christ for the remission of sins. Just take them to acts 2-38 and put your finger on it and say, "it is written." If they misunderstand you, say it three times. Acts 2-38, Acts 8-12 and acts 19-5. The Lord of glory come unto His own and His own misunderstood Him. His work and He sent His disciples out to preach the gospel of the Kingdom of God. They, too, were misunderstood. They were beaten, put into prison and killed. Stephen was stoned to death. Saul, who became Paul, was on the side of those who stoned Stephen. Later Paul started to preach in the name of Jesus, then his own people misunderstood him and put him into prison. The Jews were filled with envy and spake against what Paul said contradicting and blaspheming. Paul and Barnabus said it was necessary that the word of God should first be spoken to you. But seeing ye put it from you and Judge yourselves unworthy of everlasting life. We turn to the gentiles, so all one has to do to contradict Paul, is to say I wouldn't be baptised in the Name of the Lord Jesus.

In Acts 18, one of the greatest Baptist Preachers was shown the way of God more perfectly. Acts 19, twelve good Baptist men were baptised in the name of the Lord Jesus and received the Holy Ghost and spoke in tongues.

So don't stop at anything, if it is the word of God, believe it. Only Satin will try to keep you out of the Kingdom of God. The twelve disciples of John the Baptist could have rejected Paul because they had already been baptised by John the Baptist. Good reason, some may say. Where do you think you fit in this picture? You may ask, "if you don't have a church, why put this in the paper?". Well, one has to suffer reproach for preaching the Apostles doctrine, and some don't like to do that, even tho they themselves have been converted. But I take it upon myself because I feel that I can give you a good place to be baptised. A place that will help you to the Holy Ghost. They you will understand, tho you may then be misunderstood by your friends. Just as Paul and most others were, so to prove it, I tried it and am misunderstood. As so it is the same for us, as it was for them. As Paul said in acts 18, "your blood be upon your heads, I am clean."

Negro Woes Stress Education Inadequacies

By GENE SCHROEDER

LANSING (AP) — "Our kids are graduating every year like ignorant."

In these eight words, a black militant summed up for Gov. George Romney recently all the bitterness of Negroes who feel they are the victims of a lopsided educational system.

* * *

Negro spokesmen in Michigan contend — and may white educators agree — that the state's schools are not providing an adequate and equal education for children of the slums.

The problem, however, is not one that affects just Negroes and other racial minorities.

INEQUITIES SHARED

"It is important to note that white students in our lower-class communities share educational inequities with the great proportion of our Negro students," say Rita Scott, educational specialist for Michigan's Civil Rights Commission.

The need for action generally is acknowledged by most educators. The means is open to debate.

* * *

Interwoven and interdependent, educators say, are education, jobs and housing — the traditional civil rights Big Three. For many ghetto-dwellers they form a vicious triangle.

With inadequate schooling, a man faces limited employment opportunities, they point out. With an inadequate wage, he can't afford to move out of the slums, open housing laws or not. And forced to live in a ghetto, the children of the poor often are the victims of an inferior quality of education in segregated schools.

PRIORITY QUESTION

The debate among educators centers around the question of whether priority should be given to desegregation efforts or to improving the quality of teaching and school facilities in the slums.

In Michigan, both approaches are being attempted.

* * *

And both have met with resistance.

In Lansing, a controversial school cross busing system was challenged in court by a group of white parents.

BUSING INCLUDED

The plan, aimed at relieving overcrowded conditions and creating racial balance in city high schools, would have involved busing some 150 Negroe and white students.

A three-judge panel of the Ingham County Circuit Court recently upheld an injunction restraining the Lansing Board of Education from compelling students to transfer from one high school to another on the basis of race.

* * *

"Discrimination cannot be used either for or against a person," said the court. "It is not permitted in either direction."

The court added, however, that students could be transferred on the basis of geography and not race.

OTHER CITIES TALK

Busing of children from predominantly Negro areas to schools in other parts of the city also is under discussion in Grand Rapids and other Michigan communities.

Under one Grand Rapids proposal, costing an estimated $280,000, busing would be on the basis of availability of classrooms and would integrate nearly all schools from the third grade up.

* * *

The plan has the support of some civil rights leaders, but not all Negroes support the idea of integration.

Gerald Brown, a Black Power advocate, contends that Grand Rapids should forget about integrated schooling as the solution to unequal educational opportunities.

MILITANT VIEW

"Let's have all-black schools, with all-black administrators, with all-black teachers, coaches and counselors," he says. "Let's also have the best possible compensatory education programs available."

Such black nationalist views are held by only a small minority of the Negro community, according to leaders of long-established civil rights organizations.

* * *

But many educators, black and white, agree that schools in the center of the state's larger cities where Negroes are concentrated frequently fail to produce graduates as literate as their counterparts in other city schools.

"Many, if not most, Negro students attend inferior schools," says Burton Gordin, executive director of the Michigan Civil Rights Commission.

INFERIOR OVER-ALL

"They are inferior in terms of the buildings, which are usually older and inadequately equipped," he says. "They are inferior in terms of the teaching staff, which oftentimes has a higher proportion of inexperienced or substitute teachers who are educationally unequipped to do the job that needs to be done."

Gordin says the curriculum of the inner-city school frequently does not meet the requirement of children whose needs are greater than those of children of middle-class suburban white cummunities.

* * *

"In short," he adds, "in too many cases the kids who need the most are getting the least."

The New Detroit Committee, set up after last July's riot to coordinate programs aimed at eliminating racial tensions, has come out in favor of the principle of unequal educational opportunity — but in a different sense.

HELP BY DEGREES

The committee defines this approach as one which will provide students with differing degrees of educational help, with the most help going to those who have the greatest need.

"There are many students who suffer the handicaps of sustained deprivation and neglect," the committee explains, adding:

"These must certainly be assured unequal educational programs if they are to be recipients of the American ideal of equal opportunity in all other matters."

NEW PROGRAM

The Legislature approved and Gov. Romney has signed into law a new school aid program which, in effect, underwrites the idea.

Dubbed a "middle cities program," the new law shifts the emphasis of state aid more directly to classroom instruction support as opposed to extra-educational activities.

* * *

It is aimed at providing increased aid to the inner-city problems of the state's medium-sized cities as well as those of the Detroit metropolitan area.

The program calls for a two per cent increase in basic grants for districts with a high state equalized valuation and a 14 per cent increase for districts at the other end of the scale.

Some Michigan cities are literally going thousands of miles out of their way to meet demands for more racially balanced classrooms.

Jackson, which has had some racial flare-ups in its schools, recently sent two educators on a trip to Atlanta to try to recruit prospective teachers from five Negro institutions — Atlanta University, Clark College, Morehouse College, Morris Brown College and Spelman College.

* * *

Three Jackson School District officials have penetrated the Deep South in a quest for teachers. And of 161 teacher colleges approached by Jackson, 33 are all-Negro schools.

One of the recommendations of the National Advisory Commission on Civil Disorders was the improvement of community-school relations.

LINKS NEEDED

"New links must be built between the schools and the communities they serve," the commission said.

Benton Harbor, Grand Rapids, Bay City and other Michigan communities have adopted the concept of using schools as neighborhood centers for both youngsters and adults.

* * *

The Mott Foundation of Flint claims to have pioneered the idea of community school programming many years ago, setting the pattern for similar programs across the nation.

In defining the concept, the foundation says:

"Where does school end and outside life begin✓ There is no distinction between them. A community school is a used place, a place used freely and informally for all the needs of living and learning. It is in effect, the place where living and learning converge."

A unique school program featuring cooperation between parochial and public schools was launched recently in Bay City, where Negroes number less than two per cent of the population but some racial tensions exist.

Under the plan, upperclassmen at St. Joseph High School started tutoring third, fourth and fifth graders from Dolsen School, which has a heavy Negro enrollment.

"Many of our people are hungry for some education to better themselves," says Dolsen principal Raymond Duch. "They're not poor because they want to be, and education is needed to pull themselves up."

A feature of the program is a monthly luncheon at which community leaders usually speak to the fifth-grade pupils. Speakers have included businessmen, lawyers, school board members and newsmen.

RECEIVE HOPE

"The kids ask questions on how they got that way, how much education it took," said Duch. "Suddenly they know it could happen to them."

The assassination of Dr. Martin Luther King Jr. has stirred others to launch programs they hope will help ghetto students in their education.

* * *

On the Central Michigan University campus in Mount Pleasant a group of students has started a fund-raising drive to underwrite a program that will offer educational assistance to average inner-city high school youngsters who have good academic potential.

"We won't be seeking A and B students because they don't need us," says Tom Jones, initial chairman of the newly formed Student Inter-Action Scholarship Fund. Cynthia Langford, a Detroit Negro, assumed the chairmanship after Jones was graduated.

Under the plan, student volunteers from the campus will visit the high school recruits to help with their school work regularly.

Infant Will Get Blood Despite Parent's Protest

NEW ORLEANS, La. (AP) — A judge has ruled that, despite the parents religious objections, 8-month-old Tammy Labella should receive blood transfusions as necessary when she undergoes surgery.

Juvenile Court Judge Leon Blessing made the ruling yesterday at the request of the child's physicians. Tammy requires surgery for a punctured esophagus.

The parents, Mr. and Mrs. Anthony J. Labella, are members of Jhovah's Witnesses and objected to the possibility of blood transfusions being involved in the operation.

Judge Blessing cited U.S. Supreme Court decisions in ruling that where the welfare of a child conflicts with the rights of the parents, the court has the power to overrule the parents in matters of life or death.

He's Dedicated to E-Fish-ency

By DICK WEST

WASHINGTON (UPI) — Anyone who is dedicated to his profession (which means he can't find a better job) will endure all sorts of hardships to carry out his duties.

WEST

On Thursday morning I arose two hours earlier than usual, skipped breakfast and drove 10 miles in rush period traffic with a hangover in order to reach the Smithsonian Institution in time to see Sen. Warren G. Magnuson enshrine a halibut.

* * *

More dedicated than that you can hardly get.

The ceremony I witnessed came about because an employe of the Senate Commerce Committee happened to notice that the only halibut enshrined at the Smithsonian was a Greenland halibut.

PATRIOTIC MOVE

A feeling developed within the committee that a museum operated by the U.S. government ought to be displaying a red-blooded, 100 per cent American halibut.

So arrangements were made to have Magnuson, the committee chairman, present the Smithsonian with a West Coast specimen.

* * *

By an odd coincidence, it is the same halibut that was exhibited at the Seattle World's Fair in Magnuson's home state.

I'm sure the Smithsonian is delighted with the acquisition, although its delight may have been intensified by the fact that Magnuson is an influential figure in Congress.

HEAVY TRAFFIC

There is, I have heard, a fairly heavy traffic in stuffed fish, fowls and mammals around the capital. When a denizen of the deep or wild is given to the government, it may be displayed in accordance with the prominence of the donor.

Should the donor later become less prominent, his gift may be moved to more obscure surroundings. I personally know of a moose head that was transferred from a museum to a private club.

* * *

At any rate, the halibut was given a place of honor near the Smithsonian's blue whale. Which in my opinion it richly deserved.

I doubt there is any danger it will be moved to, say, the renegotiation board after Magnuson retires. For the halbut is an extremely interesting fish.

HIS EYE MIGRATES

A baby halibut starts out like any other baby fish, but at some point his left eye migrates over to the right side of his head. Thus he winds up with both eyes on the same side, like the women in Picasso's paintings.

You know how to determine the age of a halibut: You count the rings on his ear bone.

* * *

I don't run across fascinating information like this every day. Which proves that some days it pays to be dedicated.

LBJ's Surtax Plan Gets Boost as Economy Heats Up in May

WASHINGTON (AP) — The nation's economy heated up again in May with a net effect of sustaining the administration's case for its anti-inflationary 10 per cent income surtax.

The surtax, linked to a $6-billion spending cut for fiscal 1969, is expected to reach a vote in the House next week.

★ ★ ★

The Federal Reserve Board reported yesterday that after an April dip, production of factories, mines and refineries last month reached a record 163.7 per cent of the 1957-59 average.

This was a 5 per cent jump over last year.

RETAIL SALES

Retail sales increased 1 per cent after an April dip caused by big-city riots that followed the assassination of Dr. Martin Luther King Jr.

The retail volume was still below the March record, but 8 per cent above the previous year.

The board noted that the rate of unemployment — another major indicator of a taut economy — remained at the April level of 3.5 per cent, lowest since 1953.

The peak in industrial activity was attained largely because of greater output of consumer goods, including automobiles, and of industrial materials.

AUTO ASSEMBLIES UP

Auto assemblies rose 10 per cent from the April level and were at an annual rate of 9.4 million vehicles.

Output of most other consumer durable goods remained unchanged from the April figures.

The wholesale price index rose slightly further than the retail index, with higher prices for farm products and foods offsetting an estimated 0.2 per cent decline in industrial commodities.

The Commerce Department also reported a sharp increase in business inventories in April. They rose $1.3 billion, about 3½ times the monthly average increase in the first quarter of this year.

New orders to manufacturers declined about 1.5 per cent.

★

The inflow of new orders, however, continued to exceed shipments with unfilled orders on factory books rising $600 million in April. By May 1, the Commerce Department said, the backlog of unfilled orders was $84.1 billion, up $7 billion from the year earlier.

★ ★ ★

The net effect of the rise in the thermometers of business activity has been to bolster warnings issued by the administration and Reserve Board members that inflationary pressures will intensify to the point of portending financial crisis unless Congress cools off demand by enacting the tax-spending package quickly.

Ex-Tammany Head to Testify

Subpoenaed in N.Y. Bribe-Conspiracy Trial

NEW YORK (AP) — Former Tammany Hall leader Carmine DeSapio has been subpoenaed to testify in the bribe-conspiracy trial involving James L. Marcus, removed as city water commissioner.

In U.S. District Court yesterday Judge Edward Weinfeld ordered the 59-year-old DeSapio to appear Monday and answer testimony that he was a go-between in a $12,500 shakedown by Marcus.

★ ★ ★

The request to subpoena DeSapio was made by attorney Jacob Kossman, who represents Antonio (Tony Ducks) Corallo, reputed Cosa Nostra figure and one of the defendants on trial.

DeSapio was not available for comment.

OTHER DEFENDANTS

The other defendants are Henry Fried, 68, owner of the S. T. Grand construction company; Daniel J. Motto, 57, head of a bakery union; Charles Rappaport, 30, a lawyer; and the S. T. Grand firm.

Marcus, 37, has pleaded guilty to accepting money in awarding an $840,000 contract to S. T. Grand to clean the Jerome Park reservoir. He faces a maximum of five years in prison and a $10,000 fine.

★ ★ ★

Labor lawyer Herbert Itkin, 41, a sometime business partner of Marcus, also was named in the original indictment, but his trial has been postponed.

Itkin, who has said he was an unpaid informer for the FBI, has testified that he received a $12,500 payoff from DeSapio last fall. Itkin said he split the money with Marcus, who he said delayed issuing a permit to Consolidated Edison while DeSapio arranged the payoff deal.

'ON MY PAYROLL'

Itkin also testified that DeSapio and Vincent Albano, New Yrok County Republican chairman, had been described by Fried as being "on my payroll."

In his testimony, Marcus, appearing for the prosecution, said Albano asked him as a political favor to give the reservoir contract to S. T. Grand.

★ ★ ★

When he was introduced to DeSapio, Itkin testified, he was told "DeSapio from now on will handle all other deals."

DeSapio became leader of Tammany Hall in 1949, and later served as New York secretary of State and Democratic national committeeman. His power took a sharp decline when, in 1961, he opposed Mayor Robert F. Wagner, who won reelection for a third term.

★ ★ ★

In 1957, a taxi driver found $11,200 in cash in the back seat of his cab shortly after DeSapio was his passenger. DeSapio said the money was not his and, eventually, the cash went to the cabbie.

The trial before an all-male jury was recessed until Monday.

Young Singing Star Says Stage Career Was Her 'Fate'

By EARL WILSON

NEW YORK—The girl Gloria Loring came into the Sign of the Dove restaurant on a rainy afternoon, blonde, beautiful, blue-eyed—and a little wet—and promptly revealed why everybody's talking about her.

At 22, she has made 27 appearances on the Merv Griffin TV show besides doing her own special—and is at the stage where youngsters ask her whether they should go into show business.

WILSON

"I tell them what a lady named Gretchen Wyler once told me," Gloria said. "Gretchen told me she tells them, 'If you have to ask, the answer is no, because if you don't have confidence in yourself you don't belong in it.'" Gloria added, "I never had any doubts."

★ ★ ★

"When did you make it as a singer?" the interviewer asked.

"I haven't made it as a singer yet," she said, with a modesty that seemed believable. Born a New Yorker, she went with her family to Minneapolis, then to glamorous Miami Beach High, and then she worked the tough Saloon Circuit getting a little toughened, but never tough, from all the jolts.

"I've had many opportunities slip by me," she mentioned.

★ ★ ★

"I met you once," she recalled, "at the reopening of the Balinese Room in Galveston. Art Linkletter was there.

"I thought I had it made. He was going to discover me on the spot and I was going to get national publicity from you.

"But the program went on so late that by the time I got on, you had both left.

"I cried . . .

"But now I know I was lucky. I wasn't ready, and if you'd have heard me that night you wouldn't have been impressed."

THE WEEKEND WINDUP . . .

Author-Director **Mel Brooks** told gen'l mgr. **Allan Ehrlich** at Kippy's his film "The Producers" is doing so well that "I may do a sequel, and call it 'The Producers' Relative.'"

Lee Marvin's double luck in "Monte Walsh": He'll get $1,000,000, and maybe **Sophia Loren** as co-star . . . **Jack Carter,** on the "Personality" TV show: "There's no excuse for rudeness. And I know—I'm often guilty of it."

★ ★ ★

TODAY'S BEST LAUGH: A guest at the Electric Circus ordered a highball and was told the place didn't serve hard drinks. "OK," he said, "give me something soft—like Three Feathers."

REMEMBERED QUOTE: "Genius is one per cent inspiration and 99 per cent perspiration."—Thomas A. Edison.

★ ★ ★

EARL'S PEARLS: A henpecked fellow wanted to try the new fad of jogging a mile a day. "Good," his wife said, "—but don't leave the house."

A TV actor complained that the neighbor in his two-family house listened to everything he says: "I think I'll move into an apartment house, and go network." . . . **That's earl, brother.**

Weather Outfoxes GOP Governors

TULSA, Okla. (AP) — Gov. Dewey Bartlett had planned an excursion on Grand Lake Friday for the 19 Republican governors at their national conference.

Skies were sunny and the weather warm at Tulsa but the Weather Bureau said a threat of thundershowers had developed at Grand Lake, some 60 miles away.

★ ★ ★

So Bartlett reluctantly canceled the trip. And, sure enough, once all plans were scrapped, the Weather Bureau issued an all-clear bulletin.

To Catch a Thief?

ALBANY, N. Y. (AP) — Thieves stole $800 Friday from a safe in a nearby drive-in movie theater. Playing that night was "A Fistful of Dollars."

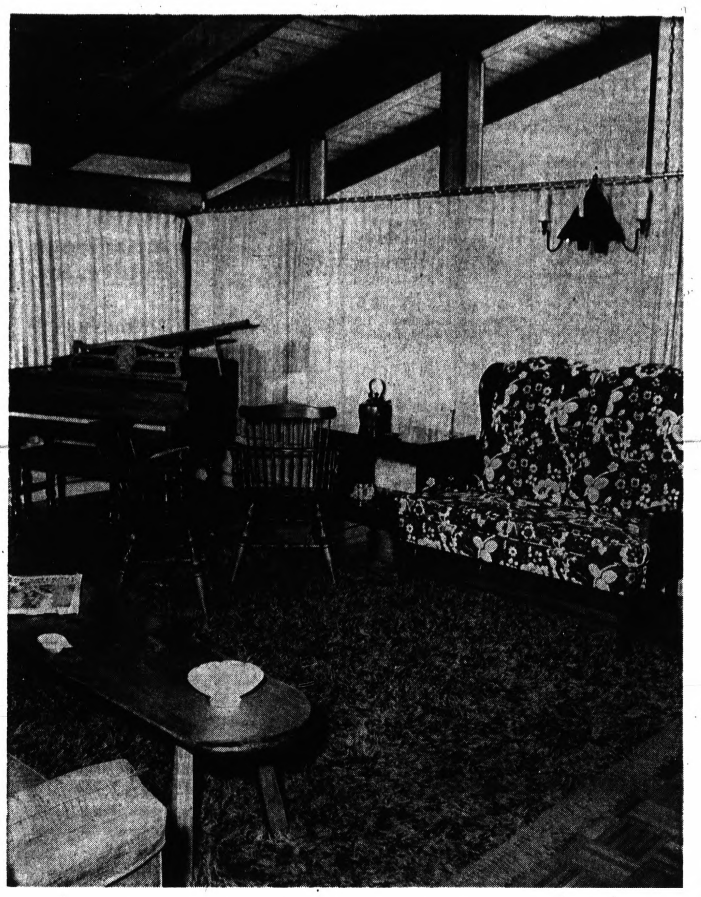
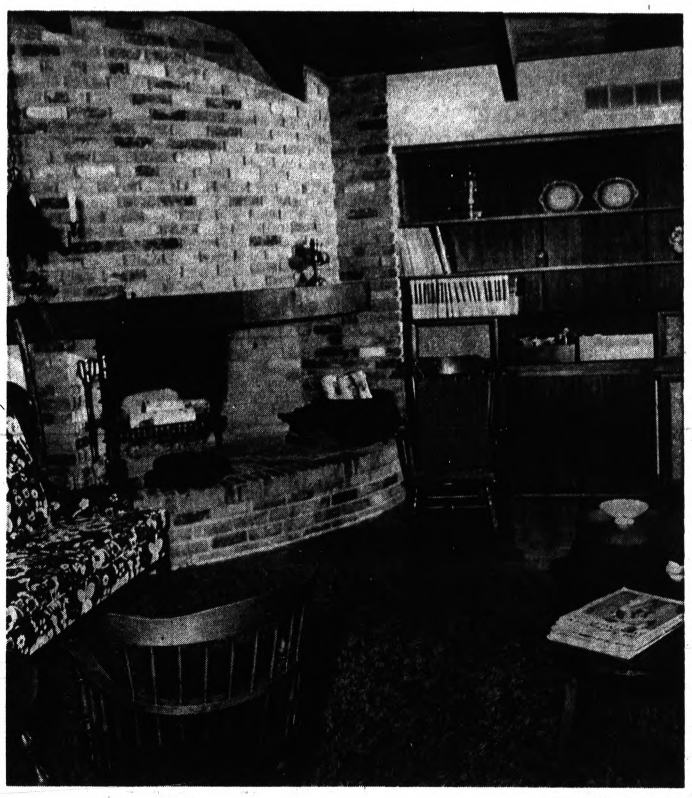
MODERNIZATION



Early American Furnishings Complement Contemporary Ceiling Treatment



Pontiac Press Photos by Rolf Winter

Living Room's Solid Mantel Beam Follows Curve Of Used-Brick Fireplace

Home Reflects Swiss Chalet Influence

By JODY HEADLEE
Home Editor, The Pontiac Press

Designed by architect Melvin H. Sachs of West Bloomfield Township, the tri-roof home of Mr. and Mrs. Merle W. Rosin presents a chalet-influenced exterior as a background for the couple's Early American furnishings while incorporating contemporary convenience and lines on the interior.

Located in West Bloomfield Township, the home follows the contours of its sloped site.

* * *

Massive fir beams support the hemlock ceiling in the living room found at the back of the floor plan. Highlighting the rich oak parquet is an area shag of bright blue.

A curved reclaimed-brick fireplace with a raised hearth dominates one corner of the comfortable room.

IRON FIXTURE

Lighting the high-back pine settee beside the fireplace is a black iron fixture with white candles. The settee's linen floral emphasizes the rug's blue while introducing white and brown tones on a sumac red background.

* * *

One wall is devoted to the recreation center including the stereo unit and book shelves. Family and collected antiques are displayed on the shelves. Serving as a rare bookend is an authentic Chinese cloisonne vase of rose, green and brown on white.

* * *

The antique platters from Ireland were a wedding gift to the Rosins. The platters are flanked by a ship's clock and a B-and-H Railroad lantern dating back to 1889.

A red velvet throw pillow sparks color interest on the room's blue with black thread detail sofa. Before the sofa is a pine board coffee table displaying early-1900 issues of the Saturday Evening Post and Country Gentlemen.

CONTEMPORARY RANCH—Clean lines mark exterior of three-bedroom ranch, with bedroom wing on the left and most rooms to the rear of the front entry. Area behind the large-windowed living room is utilized for an outdoor terrace accessible from three rooms.

Luxury Is Available in Small Package

Ask three persons what constitutes a small house and you're likely to get three different answers.

Each person's opinion will be shaped by his own experience, the size of his family and the weight of his pocketbook.

To some, a small house has only one or two bedrooms. To others, a house that appears small IS small.

* * *

And to still others, the only important factor is the number of square feet of livable area, regardless of how many bedrooms there are or how large or small the house seems to be when viewed from the outside.

When a house has about 1700 square feet of habitable space, as this one has, it will be considered small by some standards, large by others.

* * *

Actually, it is in what might be called the moderate luxury class and can have features built in to enhance living or resale value.

Architect Fenick Vogel has provided livability extras in Design Z-45 with a somewhat different floor plan that places special emphasis on good zoning.

* * *

Home owners ask for well-divided areas in expensive houses, and the better developers provide as much of this as possible in popular-priced homes.

* * *

An excellent example of the unusual but good division in this ranch is how the formal living room and the informal family room are properly separated yet linked via an outdoor terrace.

SLIDING GLASS

Both rooms, as well as the dining room, have sliding glass doors leading directly to the terrace. This outdoor area, guarded on two sides by these three rooms, thus has an extra measure of privacy and accessibility.

* * *

There might be larger or grander homes, but this feature alone gives this one a special touch of comfort and individuality.

The living room is dropped and has a full cross exposure, with the front windows overlooking the planted area, and the glass doors at the back offering a terrace view.

A fireplace at the far end and a planter to one side of the wide entry steps are highlights.

Z-45 STATISTICS

Design Z-45 has a living room, dining room, family room, foyer, kitchen, laundry, three bedrooms and two baths, with a total habitable area of 1730 square feet. A two-car garage, with a front entrance, has an exit door to the rear terrace. The overa-ll dimensions of 82' 10" by 46' 6" include the garage and the terrace.

A pierced screen and a planter accent the entry to the dining room from the flagstoned foyer.

KITCHEN COMPLEX

Adjoining the family room, the kitchen complex is almost 20' long, incorporating the appliance center, a breakfast nook and a laundry.

Windows over the sink and the breakfast section brighten the work area. While the family room is completely open to the rear portion of the kitchen, a part or full divider could be used if separation is preferable.

* * *

In any case, activities readily flow through this L-shaped area.

There are three bedrooms at the left side of the house. The master bedroom has a walk-in closet and a private bath with stall shower.

* * *

Another bathroom has a tub. A basement stairway is located off the bedroom wing and close to the laundry.

Stone and vertical siding are combined on the outside in contemporary styling.

The crisp exterior is matched by the well-zoned interior.

FLOOR PLANS—A bit out of the ordinary, this layout features a sunken living room with an attractive fireplace and overhead planter. Note that the living room is at the front of the house, yet its sliding glass doors lead to a rear outdoor terrace.

We Sold Your Neighbor's House — We Can Sell Yours!

A HOME

IS STILL THE BEST INVESTMENT a Family Can Make

THE TIME TO BUY IS NOW –

HERE ARE 8 GOOD REASONS WHY

1 The price of land is going up . . . up . . . up. Just the other day a group of distinguished economists predicted real estate will go up 20% in the next three years.

2 The steady rise in population, in virtually every section of the nation, exerts a steady upward pressure on land prices.

3 Today, right now, you can find real bargains in new homes. See Kampsen Rlty. and you'll find the selection was never better.

4 Interest rates may go even higher. The actual difference between present and past interest rates is only a small factor in the cost of your home. For example: A one-half percent increase in interest rates is only $6 per month on a 25-year, $20,000 loan. Remember, your interest is deductible on your income tax.

5 Real estate is your best hedge against inflation. "No investment on earth is so safe, so sure, so certain to enrich its owner as real estate."

6 If you shop at Kampsen's, you'll find architects and builders are now figuring with sharper pencils, because of the momentary lull in demand. You can save important money by acting now.

7 The family who buys now will be ahead of the family that continues to collect rent receipts. Each monthly payment builds equity. At the same time, the home can be increasing in value.

8 The best security in the whole world, for you, your wife and children, is the security of owning land.

Give Bedroom Attention It Deserves

Bedrooms are named for their most obvious ingredient, and too often that is just where the decorating ends too. Unpampered like the living room or the den, many a bedroom gets short-changed and has to be content with being furnished rather than decorated.

Yet considered as the room most likely to affect your night's sleep, your waking mood and thus your whole day, it is easy to see why it is important to give it the attention it deserves.

Family, friends and neighbors all help influence the rest of the house, but the master bedroom is as expressive of its inhabitant's personality as any clothes she may wear. Colors, styles and furnishings should all fit in with preferences and interests.

Of course, if you share the room remember that a lot of silks and satins are not to a man's taste. Nor are fussy canopies and testers. But turning the master bedroom into an informal room for the adults when children overflow the rest of the house involves importing ideas from a comfortable living area, such as armchairs, recliners, attractive accessories and good lighting.

* * *

You can find almost everything in bedrooms today, from reducing machines and mechanized beds to modern paintings and built-in bars, but the secret ingredients should always be serenity, quiet, comfort and individuality.

BALANCED SCHEME

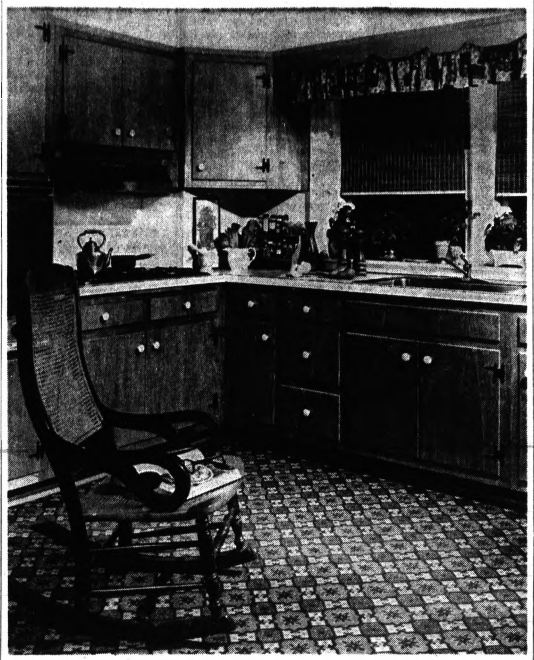
Serenity comes from color used in a balanced scheme and distributed carefully with the most neutral shade for the largest expanses. Lighting helps too, with soft diffused background illumination. Careful attention, of course, must be given to the specific light needed for reading and grooming. Carpet or rugs, heavier fabrics for drapery and spread, and additional fabric hung on walls will absorb sound within and keep outside noise to a minimum.

Physical comfort comes first and foremost from a good bed, but for a room that is used by day and during the evenings as well, include a chaise, a chair and ottoman, or whatever you find best for reading or writing. And because of the extra seating, try not to crowd the room with chests and dressers so that is is difficult to move about comfortably.

There is no real need to have a matched 'suite' with pieces that tend to take up a great deal of wall space. Rather get vertical storage such as the useful armoire which has hanging space as wel as drawers, or the so-called "bachelor" chests which are space-hoarding marvels for either men or women.

* *

Then, all the bedroom needs to complete it is the stamp of individuality. Be it light, bright, cheerful and extroverted, or a dim, cave-like retreat, make it very much your own.



KITCHEN CARPET — A fool-proof recipe for preparing old-time favorites as well as spur-of-the-moment treats in colorful style, is "American Brick," a gaily patterned carpet of 100 per cent Du Pont nylon from Barwick's new "Kitchen Classics" collection. Giving performance such as grandma would never have dreamed possible, the carpet takes kitchen activities right in its stride. And, when used wall-to-wall, this carpet—a hefty loop pile backed with high density foam—helps muffle kitchen clatter while it acts as a comfortible and resilient walking surface.

Epoxy Glue Is Big Help

Installing shelf brackets or towel racks in a tile bathroom is a tricky problem. Instead of trying to put a hole in the tile, the fixture can be attached with a super-strength epoxy glue.

Apply the epoxy as directed and tape the fixture to the wall. Two hours later, remove the tape and you have a bracket so strong that hubby can chin himself on it.

Be Protected, Know Facts

Buy a home? You will want to look carefully into any limitations on the use of your home, as well as the extent and amount of outstanding or anticipated property taxes, assessments or levies against it.

* * *

While you may be willing to assume the obligation of paying an existing mortgage or deed of trust, as well as known outstanding taxes or assessments, you certainly will want to guard against discovering — after you have moved into your home — that there are other obligations owing on the property.

Your lawyer's assistance will be valuable.

Looking for a vacation home with distinctive styling, convenience, and economy? A second home designed for pleasure? Then we invite you to enter a whole new concept of carefree, leisure living. For many enjoyable stages of dreaming is as far as it goes.

Cooking Drudgery Greatly Eased

Modern appliances and products—self-cleaning ovens, electric mixers, freezers, automatic coffee makers, dishwashers, disposal units and easy-to-clean surfacing materials like ceramic tile—have greatly eased cooking drudgery.

* * *

Sometimes, though, the persistent mischief of tiny cook-hating gremlins can still turn all to gall and wormwood.

* * *

If at critical moments of your life, rolls of waxed paper, foil or plastic wrap always get into unhandy positions — in other words, if you have a wrap-up hang-up—a battery-operated dispenser may be just the gremlin-dispatcher you need.

The dispenser, which can be mounted on the wall, under a cabinet or set upon a counter, unrolls wrap readily at press of a lever.

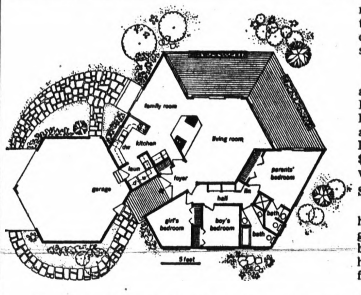
Vacation Homes Reflect Yen for Leisure, Pace Change



SECOND HOME—Rustic living has given way to luxury in new vacation houses like this hexagon-shaped "home for all seasons." It takes full advantage of the natural outdoor setting with wide-view windows and gliding doors as seen in the spacious living room.

Ramshackle vacation houses with hand-me-down furnishings are as obsolete as an outdoor pump. Modern second homes are based on a new concept: quality construction in planned communities that offer year-round recreation facilities.

Builders engaged in the burgeoning new market say it appeals to homeowners who like the rustic life but would rather not "rough it".

Vacation communities offer them: a change of pace (houses tend toward unusual, even exotic, designs); a comfortable escape to nature; extensive grounds that are community-maintained; on-site seasonal sports, and an eventual retirement home in the country.

For those who remember one-room sheds without plumbing, the new vacation homes and community sites may come as a surprise.

★ ★ ★

One example is a "home for all seasons" sponsored by Parents' Magazine at Hemlock Farms Estates in Hawley, Pa., a 4200-acre vacationland in the Pocono Mountains, where $16,000 is the minimal investment for land and a house.

STANDARDS

The community specifies house standards, cares for the grounds, has swimming, boating, horseback riding and hunting facilities and is close by famous Camelback ski resort.

The unusual hexagon-shaped house has three bedrooms, two baths, a family room, living room, laundry room and kitchen.

Wide windows and glass patio doors give the house a six-sided view of the outdoors and allow outside access from most rooms.

★ ★ ★

The house shape also provides extraordinary spaciousness. For instance, two walls of the living room open onto a wide sheltered deck through gliding doors to form a huge indoor-outdoor entertainment area.

Andersen windows and gliding doors permit maximum enjoyment of the rustic setting and provide year-round beauty and comfort.

For dramatic effect, the living room is capped with six dormers that repeat the house shape.

All rooms except the baths have wood ceiling beams.

Full insulation and electric heat provide maximum comfort in a home that will be used all seasons of the year.

More Mobility for Convention Reporters

New lightweight wireless microphone-receivers will be used by television floor reporters for the first time during the 1968 Republican and Democratic national conventions, it was announced today by William H. Trevarthen, Vice President, NBC Operations and Engineering.

In addition to their compactness and improved performance qualities, the new units will provide greater mobility in covering news developments in and around the convention halls.

They also will enable reporters to be in constant communication with the control room while simultaneously transmitting from the floor.

The fully transistorized units that will be carried by the floor reporters consist of a receiver, weighing just over a pound and a half, and a transmitter, weighing slightly less. These weights include small rechargeable nickel-cadmium batteries in each set.

Each transmitter and receiver measures approximately seven inches by three inches by one inch. Because of this small size, they will be worn on a belt under the reporters' jackets where they will be unnoticed.

Total weight of the new gear is a fraction of the weight of the older units used during previous conventions and which were carried on the reporters' backs.

Connected to these units is a small microphone and a pair of lightweight earphones. In one earphone the reporter will hear what his microphone is transmitting.

TV Regular Can't Tell Charities 'No'

When Monty Hall isn't acting he's active in community service.

"I'm a do-gooder," he said candidly. "I'm on everybody's list. I try to help all good causes. I never say 'no'."

* * *

Hall, the star-host of "Let's Make a Deal" Mondays through Fridays on NBC is dedicated to community service as a matter of strong personal conviction.

* * *

"I don't belong to many groups," he added. "I'm not a belonger, but I make myself available to everybody — Catholics, Protestants, Jews, service clubs, charities, Hall continued.

GOODYEAR SERVICE STORES

BRAKE RELINE

PICK YOUR PRICE FROM 3 GREAT SAFETY BUYS!

GOOD only $14 Installed, exchange. Econo-Lining will last 1 year or 10,000 miles.

BETTER only $19 Installed, exchange. O.E. Quality Lining will last 2 years or 20,000 miles.

BEST only $24 Installed, exchange. Premium Master-Balanced Quality will last 3 years or 30,000 miles.

PRICES FOR CHEVROLET, PLYMOUTH, FORD, DODGE, AND ALL U.S. COMPACTS. OTHERS SLIGHTLY HIGHER.

Here's what you get!
- Rugged lining that meets G.S.A. minimum brake lining standards.
- All new lining, and new or completely reconditioned brake shoes installed by trained brake specialists.
- Free brake adjustment at 1500 and 5000 miles.

IT MUST BE RIGHT OR WE MAKE IT RIGHT
Goodyear-installed brake lining is available in three grades—good, better and best. If the Goodyear-installed brake lining should wear out before the time or mileage (whichever comes first) as listed above for the grade you purchase (and upon surrender of the original invoice) we will supply new linings of the same grade at no charge. You pay only for the cost of installation.
GOODYEAR APPRECIATES CUSTOMERS

Here's what we do!
- REPLACE all old linings on both front and rear wheels.
- CLEAN and INSPECT brake drums for perfect roundness.
- Inspect entire hydraulic system (cylinders, lines and hoses) for possible leaks and cracks.
- Inspect front wheel grease retainers for leaks, clean, inspect and repack front wheel bearings.
- Inspect brake shoe return springs for tension and balance.
- Add heavy duty brake fluid and road test.
- Adjust brakes on all four wheels for full even contact with brake drums.

Renovation, Financing

Survey Reveals CPM Woes

Renovation of existing rental properties to meet completition from new structures, and obtaining acceptable financing for new construction will be major problems facing property owners and managers during 1968, a survey of Certified Property Managers (CPM) indicates.

In discussing renovation, Melvin H. Yager, CPM, Cincinnati Chapter, pointed out that "there are older, well-constructed buildings which could stand renovating . . . If some owners would realize the money lost through vacancies, I'm sure the capital invested to renovate would more than justify itself."

★ ★ ★

Hugh E. Wrigglesworth, CPM, Indianapolis Chapter, adds that "some office buildings in this area are well over 20 years old and require extensive remodeling in order to stay competitive in today's market."

"Our most urgent problem for 1968," Robert J. Deeter, CPM, Miami, South Florida Chapter, pointed out, "will be that of safeguarding the owner's investment in older properties. The upswing of new construction and the continuing rise in cost of operations and supplies is eating away at the owner's return on his investment. . . We must remodel and modernize in order to hold those tenants we have and to attract new tenants."

★ ★ ★

Obtaining financing for construction was the subject of many predictions. W. Preston Gray, CPM, Charlotte (N.C.) Chapter, reported that "one of our greatest problems for the next few months is going to be acceptable financing for new apartment construction, and also the availability of desirable land for apartment development."

COST UP

This view was echoed by Robert J. Howe, CPM, Denver, Northern Colorado Chapter, who explained that "the cost of new construction has increased one-half of 1 per cent per month for the past 18 months. Interest rates are creeping up, also, and, because of this, there will be a decline of new construction on a unit basis but not on a dollar basis."

Rising maintenance costs will also plague owners and managers this year. Vance C. Miller, CPM, Dallas-Fort Worth Chapter, stated, "With the booming economy in (our) area, our major management problems will center on rising maintenance costs, particularly in the cost of labor."

Another problem facing the industry is the rapid increase in incidents of vandalism. Charles Kahn Jr., CPM, Philadelphia Chapter, declared that "as property managers, we have the continuing responsibility for the maintenance and protection of real estate . . .

★ ★ ★

Dishonesty, vandalism . . . should not be tolerated. It is also necessary for management offices to plan together with key employees to establish procedures to protect property that is under their care and supervision. This, of course, should be discussed with the owner, but the best cure for urban ills is thoughfully prevention in advance."

Among other problems discussed in the survey are rising taxes, inflation, and efficiency of operation.

Room at Top Yields Space

All across the country, families who own older homes are discovering the attic as potential living space. Even though small, it can make a perfect guest room, a hideaway for adults, or a teen-agers' study center.

Decorating -wise, it's exciting to retain the natural lines of the attic, emphasizing its steeply pitched ceiling and low knee walls.

To make the most of the ceiling, panel it with bevel siding boards using any of the western woods like cedar, pine, fir or hemlock. Knotty grades are least expensive and can be dramatic finished with a dark stain.

Use space along the knee walls for built-in drawers and cupboards. Match the wood to the ceiling for the best effect, or use this area to introduce a brightly painted surface.

★ ★ ★

Carpet the floor to minimize sound transmission to bedroom below and build in a couch-bed for everyday sitting space and guest sleeping space.

First Step . . . Dust Walls

When you dust walls prior to painting use a clean, dry mop or cloth.

Do not use an oil mop or a treated cloth.

The oil or other substance may leave a thin film on the wall which will prevent the new paint from adhering properly.

In Your Swimming Pool

Observe Safety and Maintenance Tips

With the arrival of warm weather swimming pool owners will do well to plan for a safer summer with a minumum of maintenance problems. A bit of advance planning on proper safety and maintenace procedures for the home pool will assure a pleasant, trouble-free summer of swimming in clear, sparkling water.

★ ★ ★

First remove any protective winter covers from pool and equipment. If pool was drained, sweep inside and surrounding areas clean of debris and dirt.

Then inspect exposed surfaces to determine if cracking of walls or floor has occurred or if painting or refinishing is needed. Examine all values, controls, and pipes for obvious deterioration.

★ ★ ★

If all seems proper, turn on water to fill empty pool. Again examine all exposed valves, controls, and pipes for leakage. Dried packings and gaskets may cause minor seepages that will stop by themselves as they absorb water and expand.

If not, tightening with a wrench or replacing packing will be necessary. If any major leaks are observed, turn off the water and call for professional help.

FILLING

While pool is filling, check filtration equipment for operational readiness. Follow the manufacturer's recommendations for oiling and cleaning necessary prior to putting your pool filter into operation, which can be done as soon as water reaches the filter intake pipe. Start up filter in accordance with manufacturer's recommendations.

According to Johns-Manville, manufacturer of Celite filter aids, most modern filters are of the diatomite type and proper recoating of filter elements with filter aid assures efficient operation and crystal clear water.

This is accomplished by circulating a slurry, or mixture, of diatomite and water into the filter to provide a coating about one-sixteenth of an inch thick on the elements.

★ ★ ★

A supply of diatomite should be placed into the body feed apparatus of the filter, if one is used. The body feed is a means of adding small amounts of diatomite at frequent intervals or continuously during the filtration cycle to separate slimes, and other dirt from clogging the precoat layer.

When a filter goes into operation in a newly-filled pool, the advantages of proper filtration can be observed in a spectacular fashion. The water though perfectly fit for drinking, may at first be cloudy and uninviting. Because of his, the first few filter cycles may be shorter than usual.

IMPROVEMENTS

As filtration progresses, the improvements in clarity and sparkle will be amazing. Complete filtration of the pool's contents may take up to 18 to 24 hours, depending on its size and the filter capacity. Chlorination of the pool water, and the addition of other chemicals or algaecides should be accomplished before the pool is used.

When you have completed these activities, it would be wise to get the family together for a "safety briefing" before the first dip. Review what went on at poolside during the past year, and discuss activities by children and adults that were actually or potentially dangerous.

Then make up a list of safety rules, to be posted conspicuously near the entrance to your pool. Some pool owners ask all visitors to sign a visitor's register, acknowledging that they have read the rules and will abide by them.

★ ★ ★

Giving your children the responsibility of helping to formulate the poolside safety rules will often assure that they themselves will not only abide by them, but also enforce them upon their friends. Most rules are merely common sense practices and are obvious to anyone who has swum in a home or public pool.

For example:

Arrange that an adult be present whenever children are in for a swim. In case of neighborhood kids, make certain that no small children will be allowed unless accompanied by an adult.

WAIT AN HOUR

Be sure that swimmers stay out of the pool for at least an hour after meals.

Have a life preserver handy — even an inflated inner tube is fine.

A high fence around the pool will protect wandering tots — and possibly save you from negligence charges. Keep the gate closed whenever the pool is not in use.

★ ★ ★

Electric lights in the pool area make night swimming safer, help prevent falls into the pool.

Discourage roughhouse activities, as well as any play that does not belong in an area with slippery conditions underfoot or water nearby. This could include ball playing, other than water polo, and the like.

MARK DEPTH

Make certain that your pool is marked as to water depth in prominent places. And then take steps to make each user, especially small ones, aware of how deep he may go before the water level becomes of concern.

The simple step of taking a six-foot length of wood and marking off on it the heights indicating the same marking on water depth will help individual children determine how deep they can go. It is surprising how often even older children are not aware that water four feet high will come to their chins.

Now for the first dip . . . if the weather is warm enough.

★ ★ ★

Depending upon the frequency with which the pool is used, the temperature, and the efficiency of chlorination and ph control, most pool filters will require cleaning at three to ten day intervals.

Filter cycles can be extended by proper care of pool.

Frequent hand skimming, if an automatic skimmer in not installed, and vacuuming will ease filter load, and careful control of algae by chemical treatment will cut operating expenses.

Filter should be run so that the pool water is completely filtered every 18 to 24 hours.

Good Night's Sleep the Best Medicine

Did you know that when you go to sleep at night or cat-nap during the day, you're actually engaging in a form of psychotherapy?

Most people don't think of sleep as a medicine, but the mind requires an adequate dosage of it to operate properly.

Recent research has proven that frequent interruption of sleep or prolonged lack of it can cause mental confusion or even hallucinations.

Scientists who have conducted experiments in which subjects are kept awake for long periods of time conclude that total deprivation of sleep for a prolonged period can be fatal.

★ ★ ★

Even with the extensive research now being conducted, scientists still don't know exactly how sleep restores the mind and body, but they do know that it works as a treatment for a number of mental and physical ills.

SYMPTOMS

Luckily few people experience the severe symptoms induced in the subjects of experiments. But if you awake in the morning without the feeling of well-being and mental alertness that should result from a good night's sleep, it's possible that you're not getting the proper rest.

It is not only how long you sleep, but how well you sleep that makes a difference in how you feel.

If you're not sleeping long enough or well enough, there may be something amiss in your sleep environment. It might be well to check your bedroom to see if some small improvements could possibly help you to sleep better.

Here are some suggestions:

Does noise, either inside or outside the home, interrupt your sleep? Even the loud clicking on and off of a furnace can disturb a very light sleeper or keep a person who is extremely sensitive to noise from going to sleep. Such mechanically produced noises are usually easily corrected.

If traffic noise is a problem, heavy draperies can help to muffle the sound.

In an apartment building, thick, well-padded carpeting and the use of wall hanging will minimize the noise.

● Is too much light a problem? Street lights shining in a window or early morning sunlight can be disturbing. Often, just moving the bed to another part of the room is the solution. If this is not possible and opaque draperies aren't practical, attractive window shades that effectively cut out light are available.

● Is the room temperature at a comfortable level? Extreme changes in temperature can disrupt sleep. If you're one of those who like open windows, even when the temperature is zero, choose several light coverings rather than one or two heavy ones. Heavy blankets and quilts can be tiring.

Covers should be loose, because the average person changes position many times each night. "Fighting" bedclothes can tire the sleeper.

● Are your mattress and pillows in good condition? If your mattress is more than 10 years old or shows signs of wear, it may need replacing and should be checked for lumps and bumps.

Plain Talk on The Building Strike

NORTH OAKLAND COUNTY BUILDERS ASSOCIATION
Post Office Box 175 Pontiac, Michigan 48056

We, of the North Oakland County Builders Association, due to the strike, imposed on us by the Building Trades Union, feel it is time to make a public announcement of our stand against THE INFLATIONARY DEMANDS OF TRADES UNIONS.

In the past, we have supported the demands of the Building Trades Unions for security and increases in money benefits. Usually, they have been in the Public Interest as well as in the interest of the workers. However, the new demands of the Building Trades unions are not in the Public Interest. They have launched a direct inflationary attack on our efforts to bring decent housing within the reach of middle and lower income families. If the demands of just the Carpenters are met, the cost of a 1500 square foot brick house with basement and two-car garage will be increased in excess of $1,100^{00}$ and if the demands of the remaining trades are met, the cost of the same house will increase well over $4,000^{00}$.

We shudder to think of the profound effect this would have on the Building Industry in this country and in short order the inflationary effect on the entire economy. But, united as we are NOW, we hope to keep the Housing Industry in pace with the rest of the economy.

WE CAN USE YOUR HELP. If you are a Builder in the Oakland County Area and would like to join our Association, please contact one of our Board Members listed below. If you are having a house built, please be patient. You can cooperate in the fight against inflation by stopping all work until this strike is settled.

Thank you,

North Oakland County Builders Association

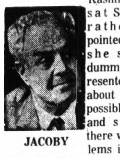
By OSWALD and JAMES JACOBY

Today's hand was played in a rubber bridge game at New York's Cavendish Club. Barbara Kashmar, who sat South, was rather disappointed when she saw the dummy. It represented just about the worst possible raise, and she noted there were problems in each of the four suits.



JACOBY

There was an automatic correct spade play and Barbara made it by playing dummy's nine. When East won with the king, one hurdle appeared to have been taken care of. It looked as if she could finesse the spade jack later on and get rid of one of her minor suit losers on the ace.

East returned the three of hearts and a lot of players would have gone wrong at this point in the proceedings by playing the eight, but Barbara played the queen. West won with the king and led a trump back. Barbara won in her hand with an honor so as to retain the nine as an entry to dummy.

She cashed her ace and king of clubs next and led a spade to dummy's jack. If East had produced the queen, Barbara would have been down at least two tricks, but the jack held. Now Barbara was able to discard her three of clubs on the ace of spades.

Then she led a club from dummy and ruffed high. This dropped East's queen. The eight of hearts was led next to put dummy in with the nine, and two of her three diamonds went on the last two clubs.

★ ★ ★

Sort of a humdrum hand, but look at all the chances Barbara had to go wrong. We will concede that the nine of spades at trick one was automatic and the play of heart honors in order to make the nine spot an eventual entry to dummy was also automatic, but we wonder if many players would have remembered to cash the ace and king of clubs before taking the spade finesse.

What do you do now?

A—Bid four no-trump. This is Blackwood and you plan to pass if he bids five diamonds to show one ace, to bid six diamonds if he shows two aces and to bid five no-trump if he shows three aces.

TODAY'S QUESTION

Instead of rebidding two no-trump, your partner has bid one spade over your one heart. What do you do now?

Astrological Forecast

By SYDNEY OMARR for Sunday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (March 21-April 19): Day to quietly consult with one who can aid you in spiritual sense. Collect facts. Apply knowledge. Utilize mature approach. Avoid sensationalism. Say no to eccentric scheme.

TAURUS (April 20-May 20): Gentle hint from friend could provide incentive for real progress. Maintain open mind. Don't be fixed in views, attitude. Social affairs prove satisfying — could lead to ultimate profit.

GEMINI (May 21-June 20): Settle within yourself key goals. Outline details —take notes. Impress upon yourself what it is you want to attain. Fine for entertaining those in authority. Be confident about abilities.

CANCER (June 21-July 22): Investigate — obtain answers to questions. Find out the why of events. Today's fine for dispatching letters, making key calls. People at a distance could play significant role.

LEO (July 23-Aug. 22): Check with authority concerning legacy, other people's money, possible investment. You are called upon to handle valuables. Could be connected with church-social affair.

VIRGO (Aug. 23-Sept. 22): Accent on how you handle changing conditions. Find out what people are thinking, how they react. Key is to put aside personal feelings, opinions. Get at the facts. Then progress occurs.

LIBRA (Sept. 23-Oct. 22): Attention centers on basic job, service, essential chores. Be strong. Set examples. If you concentrate you can accomplish important mission. Know this and reject foolish notions.

SCORPIO (Oct. 23-Nov. 21): Finish project with burst of creative energy. You cannot do things halfway today. Apply yourself. Attention centers around children, creative endeavors. Keynote is change.

SAGITTARIUS (Nov. 22-Dec. 21): Your sense of security can be enhanced. Stress originality. Bring forth creative resources. Ask questions — insist on satisfactory answers. Loved one requires reassurance. Give it.

CAPRICORN (Dec. 22-Jan. 19): Organize information, facts. There is so much superfluous activity today it is essential for you to have some solid idea of goal. Know this and apply self-discipline.

AQUARIUS (Jan. 20-Feb. 18): Don't be blocked in by imaginary restrictions. You get what you go after today. The only obstacle is yourself. Accent on income potential: Think, analyze — find out what you really need.

PISCES (Feb. 19-March 20): Cycle is high; take initiative. There are details which may have been overlooked. Today get busy and obtain facts. Follow routine procedure but do so with verve. Means make people aware.

★ ★ ★

IF SUNDAY IS YOUR BIRTHDAY you are on a new cycle; your tendency to be introspective will be subject to revision. Means you make more personal assertions; appearances than in past. Be positive and definite.

★ ★ ★

GENERAL TENDENCIES: Cycle high for PISCES, ARIES, TAURUS. Special word for SAGITTARIUS: excellent for original approach — try it.

for Monday

ARIES (March 21-April 19): During late afternoon hours and early evening you can initiate important program. Be versatile. Realize past experience has value, but also be willing to learn new methods.

TAURUS (April 20-May 20): Tonight fine for resting, catching up on projects recently neglected. Avoid rush, crowds. Fulfill obligations, promises to none who may be confined to home or hospital.

GEMINI (May 21-June 20): Changes indicated for the better. Relief of tension shown tonight. Friends prove helpful. Exchange ideas, opinions. Accent atmosphere of good will. One romantically inclined speaks the truth.

CANCER (June 21-July 22): Money matters connected with travel come into spotlight. Could have much to do with vacation, pleasure journey. Family members should be consulted. Strive for harmony at home. Come to agreement.

LEO (July 23-Aug. 22): Avoid deception. Stick to issues. Individuals today are inclined to tell you tall tales. Inside on being able to personally check facts. Get busy on correspondence. Find out for yourself.

VIRGO (Aug. 23-Sept. 22): Reward received if you handle added assignment responsibility. You appear slightly concerned about finances of mate or partner. Other people's money burdens are confided to you. Be fair but firm.

LIBRA (Sept. 23-Oct. 22): During evening hours you come to agreement with one who previously opposed ideas. Means a reconciliation is in order — applies to mate, partner, let others have spotlight. Be diplomatic.

SCORPIO (Oct. 23-Nov. 21): Stress the new, the original — be independent in thought, action. Late in day, emphasis is on basic issues. Relative who is traveling makes contact. Additional facts are made known.

SAGITTARIUS (Nov. 22-Dec. 21): Find out the why of events. Discard superficial answers, proposals. Tonight is wonderful for vacation planning, family romance. A child could command much of your attention.

CAPRICORN (Dec. 22-Jan. 19): Following flurry of early activity, conditions settle. You are able to better communicate. You have a more valid idea of values, including property. Check rentals. Accent home comforts.

AQUARIUS (Jan. 20-Feb. 18): Money pressure lifts. You get more for your dollar. Your charm, sense of humor aid in this area. Visit from relative could highlight day. Don't try to do too much at once.

PISCES (Feb. 19-Mary 20): Cycle high where possessions, money are concerned. News received which makes you feel more financially secure. To make most of day, be willing to effect some basic changes.

★ ★ ★

IF MONDAY IS YOUR BIRTHDAY your methods are often unorthodox, but when chips are down you handle responsibilities. Current cycle is favorable for collecting, filing, preparing. Later in year you can make move forward expansion.

GENERAL TENDENCIES: Cycle high for ARIES. Special word to CAPRICORN: greater opportunity for social contacts is in offing.

B52s Hit Paths Around Saigon

SAIGON (AP) — American B52 bombers pounded Vietcong infiltration routes around Saigon with 150 tons of bombs today, as the enemy shelled several cities and allied positions and ground forces engaged in sharp clashes.

The rolling thunder of the 500-pound bombs was clearly heard in the capital as the bombers made two strikes about 20 miles northwest of the city.

Twenty enemy mortar rounds hit the southern fringe of Saigon, wounding two policemen and six South Vietnamese civilians. About 60 Chinese-made 107 mm rockets struck the Bien Hoa airbase 15 miles north of Saigon, but U.S. spokesmen said they inflicted no casualties or damage.

Associated Press photographer Dang Van Phuoc reported sharp fighting in suburban Gia Dinh, where South Vietnamese troops tried to root out guerrillas in bunkers. He said the irregulars failed to dislodge the enemy. A South Vietnamese lieutenant was killed and two American advisers were among 17 wounded.

30 CONG KILLED

A government spokesman said South Vietnamese paratroopers killed 30 Vietcong and suffered three wounded in an engagement through a string of hamlets five miles northeast of Saigon.

Forty-eight North Vietnamese regulars were killed in two actions near the demilitarized zone.

* * *

Marines of the U.S. 26th Regimental Landing Team counted 21 bodies after repulsing an enemy charge on their night position southwest of Da Nang. Three marines were wounded.

Near the South China Sea, other U.S. Marines pinned down a band of North Vietnamese and the cruiser USS Boston was called in to shell the enemy position. A U.S. spokesman said 27 enemy soldiers were killed.

ZERO IN

While allied troops fanned out within the enemy's seven-mile rocket range of Saigon looking for firing sites, enemy gunners zeroed in on supply points, training camps and civilian targets.

The U.S. Marine command reported that 22 of the enemy's 122 mm rockets hit the supply base northwest of Da Nang, inflicting light to moderate damage. Fifty artillery rounds inflicted light damage on the Cua Viet supply point six miles below the demilitarized zone.

* * *

Infantry training centers at Quang Ngai and Chau Doc were mortared and light casualties were reported. Mortar rounds also slammed into the Quang Ngai City airport, killing one civilian and wounding 20 others.

At Can Tho guerrillas fired four mortar rounds into a rice mill, killing four civilians and wounding four others.

60 ABDUCTED

A Vietcong party raided the Vinh Tho refugee camp 15 miles south of Da Nang and abducted 60 persons after setting fire to 20 tents. A U.S. spokesman said the civilians presumably would be used as a labor force.

* * *

North Vietnamese shore batteries fired on the Australian destroyer Hobart and the American destroyer Chandler when the two warships shelled a highway bridge 11 miles southeast of Dong Hoi. Neither vessel was hit.

* * *

U.S. officials said allied soldiers searching for rocket sites searching for rocket sites around Saigon have found more rockets than have been fired at the city. Since Jan. 29, they said, about 267 rockets have hit the city, and in the same period allied forces have found 304 of the six-foot rockets in enemy ammunition caches.

THINK ABOUT IT!
GUESS WHO?
How and when can one label a person a success—or failure? For example, do you remember who said, "I do the very best I know how, the very best I can, and I mean to keep doing so"..?
The man who said that had many heartbreaking reverses. In his time, many people classed him as a failure. His record showed a business failure in '21 . . . defeated for Legislature in '32 . . . another business failure in '33 . . . elected to Legislature in '34 . . . his sweetheart died in '35 . . . he had a nervous breakdown in '36 . . . defeated for Speaker in '38 . . . defeated for Elector in '40 . . . again defeated for Congress in '43 . . . finally elected to Congress in '48 but then defeated for the Senate in '55. Finally, in '60 he was elected President!
A failure? NO! A success? Certainly. Who was the man who lived through the frustrations, the despair of so many defeats? Who was the man who proved there is no such thing as lasting defeat for one who strives to succeed? The immortal Abraham Lincoln! HUNTOON FUNERAL HOME, 79 Oakland Avenue, Pontiac. Reflections
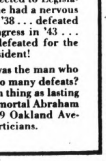
FUNERAL PRICES


Many people have asked us, "Why don't you advertise the price of your funerals in the newspaper?" To be quite frank, the very thought of this, to us, is repulsive.
We do not decline this to hide or keep secret for all prices are very plainly marked in our selection room. If we were in any other line, we too, would be using large ads with special prices. To us, advertising funeral prices would be like the medical profession advertising the price of appendix or other surgery. It is far beneath the dignity of our profession.
It is our policy to give the best service possible at a fair and reasonable price.

John Paul Habiger, 62, and his two sons were ordained yesterday as priests of the Roman Catholic Benedictine Order by Archbishop Edward Hunkeler at St. Benedict's Abbey in Atchison, Kan.

Habiger, a widower from Salina, Kan., and his sons, John Jr., 30, and Henry, 26, all graduates of St. Benedict's College, completed their studies for the priesthood at Belmont Abbey in North Carolina.

"My wife and I had an understanding that the survivor of our marriage would give his or her life to the Lord," Habiger said in explaining his choice of a new vocation.

Their sons already were studying for the priesthood when Mrs. Habiger died in 1963.

As one of his first duties as a priest, the elder Habiger planned to baptize his second grandchild, Maria Therese Andrade, in Wichita today. The child was born May 29 to his daughter, Mrs. Luis Andrade.

UAW Exec, Shot With RFK, Out of Hospital

Paul Schrade, one of five persons wounded during the fatal shooting of Sen. Robert F. Kennedy, was released yesterday from Kaiser Foundation Hospital in Los Angeles.

Schrade, western regional director of the United Auto Workers, suffered a bullet wound in the head during the gunfire at the Ambassador Hotel June 5.

A two-hour operation was necessary to remove bullet fragments from Schrade's head.

His condition was described as good, but a long rest was prescribed before his return to work.

Goldberg to Take Rocker in U.N. Departure

GOLDBERG

Arthur Goldberg is taking his rocking chair with him when he leaves his post next week as U.S. ambassador to the United Nations.

The rocking chair, similar to the one favored by the late President John F. Kennedy, was among gifts presented to Goldberg yesterday by members of the U.S. Mission. He also received the gavel he used in presiding over Security Council sessions, and his flag of office.

CORE Director Asks to Be Relieved

Floyd B. McKissick said yesterday in New York he has asked to be relieved as national director of the Congress of Racial Equality.

McKissick said his resignation was rejected May 30 by the National Action Council, CORE's board of directors.

Another source said that McKissick "quite possibly" will take an indefinite leave of absence after the CORE convention July 3-7 in Columbus, Ohio, to undergo treatment for a slipped disc in his back.

McKissick confirmed that his back was bothering him. He also said he was writing a book and seeking admission to the New York bar.

McKissick practiced law in his native North Carolina before taking over the CORE post.

Rejects Army Reinstatement Offer

Ousted Woman Won't Return

WASHINGTON (AP) — A young woman who said she was asked by the Army Map Service to resign because, she says, the government considered her immoral, has rejected a reinstatement offer.

Carolyn Lea Tattnall, 22, a Philadelphia native, said yesterday she turned down the offer from the Map Service on principle. She said she is earning less money in her current job with an oil company.

* * *

"I feel that, by their offering to reinstate me, my moral character was vindicated and that's what matters to me," she said. The American Civil Liberties Union and Sen. Sam J. Ervin, D-N.C., had taken up the case in Miss Tattnall's behalf.

LEGISLATION READIED

Ervin is preparing legislation to prevent unnecessary government prying into the lives of government workers.

His office reported receiving hundreds of complaints similar to Miss Tattnall's.

* * *

Miss Tattnall said that prior to a scheduled promotion, the Map Service asked her to go to the Pentagon for questioning as preliminary to a lie-detector test.

She said she was questioned for 2½ hours about birth-control pills, her feeling about the use of narcotics, whether she had ever had an abortion, if she was a homosexual, whether she had loud parties and if anyone had a key to her apartment.

EXPLAINED

She said she told the questioner her boyfriend had a key to her apartment. She said she explained that she depended on him to feed her tropical fish and cat while she visited Philadelphia.

After this interview and questioning session, she said the service asked her to resign, on grounds she lacked the proper moral character for her proposed new position.

* * *

Her new classification would have involved working with some classified materials as a photographic technician.

Miss Tattnall said she learned that government investigators had asked her neighbors about her moral character. She said they talked to seven residents of her apartment building whom she did not know.

OUTRAGEOUS CASE

"They were ridiculous about the whole thing," she said.

"It's an outrageous case," said Lawrence Speiser, director of the ACLU's Washington office. "This woman was coerced into resigning."

* * *

After her case came to light, Harold P. Dunning, personnel chief of the Army Map Service, confirmed that there had been a "routine background investigation" of Miss Tattnall.

He said that "after reviewing her case, it was decided we probably would institute removal procedures."

NOT PROMISCUOUS

She said she had been informed April 2 that her security clearance had been revoked on the basis of seven reports from persons in her apartment building.

"I'm not promiscuous," Miss Tattnall said, "and I don't even know seven persons who would say I was promiscuous."

Waterford Girl Struck by Car

A 4-year-old Waterford Township girl is in fair condition in Pontiac General Hospital today with injuries suffered in a traffic accident yesterday.

* * *

Waterford Township police said Deseri Reinhardt, daughter of Carol J. Scanland of 3985 Motorway, was hurt when she walked into the path of a car driven by Donald E. Miller, 16, of 3626 Lincolnshire, Waterford Township.

* * *

According to police, the accident occurred at about 12:50 p.m. on Motorway just east of the Dover intersection in Waterford Township.

Miller was heading east on Motorway and the child was walking across the road from north to south, Police said.

UAW Will Join March for Poor

DETROIT (AP) — United Auto Workers President Walter P. Reuther said Friday that several thousand UAW members will give up a day's wages to join the Solidarity Day march Wednesday at Washington in support of the Poor People's Campaign.

Reuther said he plans to lead the UAW contingent.

Army Honors Man for 50 Years Service

FT. RILEY, Kan. (AP) — Cornelio Pasquil Sr. of Junction City has completed 50 years service as a solider and civilian employe of the Army, so a special pin was made in his honor.

*

"We know of no other man who has qualified for this prized emblem," said Maj. Gen. Roderick Wetherill, Ft. Riley's commanding general, in presenting the pin to Pasquil.

* *

Born in the Philippines, Pasquil joined the Army in 1913 when he was 15. He retired 30 years later as a staff sergeant. Now he has completed 20 years on the hospital staff at Ft. Riley. He will retire again in September, when he will be 70.

Youth Hurt as Car Runs off Road in W. Bloomfield

A Bloomfield Township youth was injured early this morning when his car ran off the road in West Bloomfield Township.

* * *

In St. Joseph Mercy Hospital today in fair condition is Thomas W. Danforth, 20, of 3745 Burning Tree.

* * *

West Bloomfield Township police said he was heading west on Quarton at about 1:30 a.m. when the accident occurred. He failed to stop, police said, at the intersection of Quarton and Inkster, where Quarton dead ends. He continued east across Inkster and ran into a house located approximately 85 feet off the roadway, police said.

* * *

The house, located at 5544 Inkster, belongs to Henry C. Hall.

Ex-City Resident Elected to Head State Press Unit

GAYLORD (AP) — A former Pontiac resident, David T. Hayhow, 37, publisher of the Dowagiac Daily News, Friday was elected president of the Michigan Associated Press Editorial Association, a post his father held four years ago.

Herb Spendlove, editor of the Jackson Citizen-Patriot, was elected to succeed Hayhow as vice president of the MAPEA.

Hayhow is the son of Ted Hayhow, publisher of the Hillsdale Daily News since 1946. The elder Hayhow served as president of the MAPEA in 1964-65. It is the first time in the 25-year history of the MAPEA that a father and son have both served as president.

The younger Hayhow a native of Pontiac entered the newspaper business by working for his father while a student at Hillsdale High School. He is a graduate of Michigan State University and a veteran of the Korean war.

Arkansas Governor Cashes His Pay

LITTLE ROCK, Ark. (AP) — Gov. Winthrop Rockefeller has cashed his state salary warrants for the first time since he took office in January 1967, state treasurer's records showed Friday.

The 33 warrants totaled $10,544.75, were signed by a member of his business staff, and were deposited in a Little Rock bank. A Rockefeller aide said the warrants had to be cashed to avoid routine cancellaion by the state.

* * *

Rockefeller said when he took office he intended to give his salary to the state mental hospital for construction of a chapel, but he later said he was having difficulty giving the money to the institution without paying income tax on it.

2,300 U.S. Funded Homes for Indians Found Useless

WASHINGTON (AP) — Congress has been told more than 2,300 federally financed homes for impoverished Indians will be unsuitable for occupancy when finished because they lack water and sanitation facilities. Federal officials said the total of completed but useless homes may reach 6,000 or more by the end of fiscal 1969 because of what one senator called a "monument of bad planning."

"If anyone gets their teeth into this they will blow things sky high," Sen. John O. Pastore, D-R.I., told the Senate Appropriations Committee after the officials testified.

Sen. Karl Mundt, R-S.D., told the committee that 400 homes intended for Indians on the Rosebud Reservation for Sioux Indians in South Dakota could not be occupied because they lacked proper sanitation and water facilities. The committee then ordered the government departments in charge of the program to furnish at once complete reports of the situation.

Testimony from the recent hearing was made available yesterday.

"It seems to me almost unbelievable," Mundt said, "but from my contacts downtown it keeps flowing back to me that we are building houses as fast as we can build them, but we are not hooking up sanitation or sewer facilities."

★ ★ ★

Dr. Edwin S. Babeau, director of the Public Health Service's Division of Indian Health, said "There are 50 different projects in which 2,330 homes are being constructed . . . where there are not water and waste disposal systems provided."

★ ★ ★

He said government regulations will not permit the homes to be occupied unless they contain built-in sanitation and water facilities.

Rabeau and other federal officials said there are two major reasons why homes are being built that cannot be used by the Indians for whom they were intended:

MAKE MORE PAPER

● Several federal departments and agencies were responsible for the homebuilding project, and there was little coordination between them.

● The agencies responsible for the actual homebuilding exceeded goals, outstripping the funding available to the department that was responsible for putting in the plumbing.

COST OF FACILITIES

Rabeau said it would cost $4.17 million to construct water and sanitation facilities for houses already built or under way as part of the 1968 building program, plus $624,000 to pay for staff supervision. He said this would be an average cost of about $1,800 a home.

But he and other officials said that because not enough funds have been requested from the Bureau of the Budget, the possibility exists that without emergency supplemental funding by Congress, more than 6,000 homes may be built next year that cannot be used because they also will lack required plumbing.

Spock Is Convicted of Draft Conspiracy

BOSTON (AP) — Baby doctor Benjamin Spock, Yale University Chaplain William Sloane Coffin Jr. and two others have been convicted of conspiracy to counsel young men to evade the draft. A fifth defendant was acquitted.

"My main defense," Spock said, "was that I believed a citizen must work against a war he feels is contrary to international law. The court has decided to feel differently."

★ ★ ★

After the conviction last night by an all-male federal jury, Spock's counsel, Leonard Boudin, and defense attorneys for the other three said there would be an appeal to the U.S. Circuit Court of Appeals. The four men were expected to carry their appeal to the U.S. Supreme Court, if necessary, as part of their opposition to the Vietnam war.

Convicted with Coffin and the 65-year-old pediatrician were Michael Ferber, 23, a Harvard graduate student, and Mitchell Goodman, 44, a writer and teacher from Temple, Maine.

FOUND INNOCENT

Marcus Raskin, 34, a Washington research director, was found innocent.

Raskin's lawyer, Calvin Bartlett, maintained during the trial that Raskin was not part of any conspiracy and barely knew his codefendants.

U.S. District Judge Francis J. W. Ford ordered Spock and the other three freed in personal recognizance until sentencing on July 10. They face maximum sentences of five-year prison terms and $10,000 fines.

The jury, in a list of findings on specific charges made in the indictment, found that Spock and the other three conspired to counsel, aid and abet Selective Service registrants to refuse or evade duties under the Selective Service Act.

"My belief has always been," Coffin said, "that the issues we wanted to bring before the court were never argued. That's the legality and constitutionality of the war and the draft. Perhaps the appeals level is the place to do it."

FOUR WILL APPEAL—Baby doctor Benjamin Spock (left center) talks with newsmen outside Federal District Court in Boston yesterday after he was convicted with three others of conspiracy to counsel young men to avoid draft. Others convicted were Mitchell Goodman (left), 44, New York; Dr. William Sloane Coffin Jr. (right), 43, Yale chaplain; and Michael Ferber, 23, Harvard graduate student.

'Social Workers Fear the Ghetto'

A public inquiry by the Michigan Civil Rights Commission continued here yesterday with witnesses testifying about problems in the Pontiac area regarding the field of social services.

In a report on social services, it was alleged that county social workers have become afraid of visiting ghetto areas and consequently welfare cases there were not being serviced properly.

Delivering the report at yesterday's evening session was Vivian Pope, regional director of the Detroit Western Office of the Civil Rights Commission. She and two others had made an investigation of the various county programs.

★ ★ ★

She stated the workers express fear of making home calls in the Negro area and that white female caseworkers were being systematically removed and men taking their places.

Aid to Dependent Children (ADC) cases are supposed to be reevaluated every six months and welfare cases every year, she reported.

In a check of private social service agencies, the investigative team reported it uncovered a lack of participation by Negroes and Latin Americans. Some agencies have been seeking minority group staff members, but have been unable to recruit them, it was stated.

The report also pointed out there was no public transportation to the county social services office at Telegraph and Pontiac Lake roads.

HISTORIC CONCERT—The Presbyterian Hall Jazz Band from New Orleans performs before an enthusiastic crowd of about 3,000 last night at Oakland University's Howard C. Baldwin Memorial Pavilion. It was the first jazz concert to be staged at the pavilion. The occasion was the Meadow Brook Fair, which continues tonight with Count Basie in concert and a folk music festival tomorrow.

Sen. Kuhn Calls for Enactment of Stop-Frisk Law

State Sen. George W. Kuhn of West Bloomfield Township, a chief proponent of anticrime laws, yesterday urged Gov. Romney and legislative leaders to push for enactment of a stop and frisk law this session.

In a letter to the governor, Kuhn, a Republican, said, "Now that we have enacted all the social legislation demanded of us, the least we can do is to give the general public the laws necessary to provide them with some assurance of safety in their homes and protection on the streets."

KUHN

He said that Michigan, and Detroit in particular, "is known as the 'crime capital' of the nation."

tant" to push for stop and frisk legislacommittee previously had been "reluc-andt" to push for stop and frisk legislation because of doubts as to its constitutionality.

Referring to last week's U.S. Supreme Court decision upholding convictions under a New York stop and frisk law. Kuhn said, "Now that the decision has been made that the laws . . . are considered constitutional, I believe Michigan, too, should adopt one."

He also urged consideration this session of a bill to set up a state internal security council to keep tabs on criminal and subversive activities.

Poor Camp Permit Extended a Week

WASHINGTON (AP) — The Poor People's Campaign has been given an additional week to remain in its shantytown near the Lincoln Memorial. But a campaign leader says the demonstration will continue until demands are met.

And, says the Rev. Ralph David Abernathy, the main demand is for "M-O-R-E."

★ ★ ★

Abernathy, head of the Southern Christian Leadership Conference which is sponsoring the campaign, spoke at the National Press Club as his followers protested at the Departments of Agriculture, State and Health, Education and Welfare.

Meanwhile, Frank Espada, chairman of a Poor People's Campaign Puerto Rican March, said in New York some 5,000 persons would converge on Washington today from across the nation.

He said the Puerto Ricans would present their demands at a rally at the Lincoln Memorial.

The Interior Department issued yesterday a one-week extension of a permit, originally due to expire tomorrow, which allows the Poor People's Campaign to occupy Resurrection City on 15 acres of federal property between the Lincoln Memorial and the Washington Monument.

★ ★ ★

The campaign asked the department for a month's extension.

Answering questions at the Press Club, Abernathy said again the people of his campaign plan to stay until they're ready to go home.

Abernathy said he had been asked many times by reporters to tell them what the poor people of the nation are seeking.

"We want "M-O-R-E," he said.

★ ★ ★

In a related development yesterday, the Agriculture Department said it plans "systematic audits of federal extension service programs in all states to determine if there is any evidence of racial discrimination."

Showers to Depart Over Weekend

Showers will come and go over the weekend leaving skies mostly cloudy through Monday.

The U.S. Weather Bureau offers the following day-by-day official forecast:

TODAY — High 65 to 73. Mostly fair and cooler tonight. Low 46 to 52.

TOMORROW — Increasing cloudiness and cool with occasional showers or thundershowers likely by afternoon.

MONDAY — Partly cloudy and cool.

Precipitation probabilities in per cent are: Today 50, tonight 20, tomorrow 40.

In downtown Pontiac the low was 55 prior to 8 a.m. The thermometer recorded 58 at 12:30 p.m.

Stalemated Peace Talks Recess Until Wednesday

PARIS (AP) — At the end of five weeks, the peace talks between the United States and North Vietnam rested on dead center today. Neither side showed any sign of making a concession that could break the stalemate.

The next meeting between Ambassadors W. Averell Harriman of the United States and Xuan Thuy of North Vietnam is scheduled for Wednesday following a week-long recess.

During the recess Harriman will consult with his advisers here and keep in touch with policy-makers in Washington.

Since last Wednesday's meeting, which produced another round of argument over how to de-escalate the war, Thuy and his delegation have been silent, but claims of military victory and eventual triumph for the North Vietnamese cause continue to be heard from Hanoi.

The latest came yesterday from Defense Minister Vo Nguyen Giap in an interview with the Algerian newspaper El Moudjahid. Giap was quoted as saying the battles now going on in South Vietnam are comparable to the battle of Dien Bien Phu in 1954 in which his forces defeated the French.

U.S. officials believe the stream of victory claims coming out of Hanoi in recent weeks may be designed in part to boost the fighting spirit of the Communist forces in the South. They also believe the verbal barrage is aimed at convincing world opinion that the United States and its allies are losing the war and should therfore negotiate a surrender in Paris.

Ann Arbor Realtors Switch

Fair Housing Change Noted

(EDITOR'S NOTE — This is the last of a five-part series originally published by the Flint Journal. The series is being reprinted by The Pontiac Press as a public service to Pontiac voters prior to the special election on an open housing ordinance here June 24.

By ALLAN R. WILHELM
Flint Journal Staff Writer

ANN ARBOR—Almost two years have passed since the Ann Arbor Board of Realtors publicly termed the city's open housing ordinance "generally acceptable."

Nothing has happened since then to cause the board to revise its attitude regarding the city's effort to help create a housing market free from racial discrimination.

Albert Samborn, the board's executive vice president, says, "Speaking from our experience, we have found it (the ordinance) actually makes our chore easier. We are not thrown into the middle."

The Ann Arbor board's position represents a significant change.

"VEHEMENTLY AGAINST"

Samborn recalls that when open occupancy legislation was first proposed to the city council in 1963, real estate dealers were "vehemently against" such an ordinance.

"The greatest concern then was that there would be a flood of unverified complaints (if the ordinance were adopted)," he said. "But it just did not happen."

The ordinance first adopted by the city had substantial loopholes. Most were closed in late 1965 "with hardly a ripple," a city official recalled.

Samborn says the exemptions in the first ordinance "made it worse for realtors."

PUBLIC THUMPING

It was about that time that the board of realtors was taking a public thumping.

"We were condemned repeatedly by anyone who had a mad on for anyone," Samborn says.

Commerce Girl Killed by Auto

A 6-year-old Commerce Township girl was killed yesterday when she darted from behind a parked milk truck and into the path of a car.

The youngster was identified by the Oakland County Sheriff's Department as Julie Marie Bohez, daughter of Mr. and Mrs. Robert Bohez, of 8780 Wise.

She had just been given a piece of ice by the driver of the truck, Richard Leep of Berkley, when she ran into the roadway, according to deputies.

The driver of the car, James I. Fliger, 31, of 903 Birdsong, Milford, was not held.

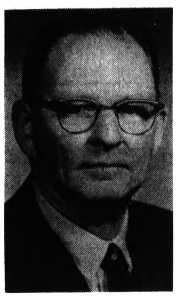
The accident happened about 12:30 p.m. on Wise near Canal.

6 Senators Alter Gun-Curb Stand

WASHINGTON (AP) — Six senators who opposed a ban on mail-order sales of rifles and shotguns only a month ago now favor it, one saying "violence and terror' changed his mind.

The switch in position by the six became known yesterday when the administration bill introduced Wednesday was printed and with it the names of 29 Senate sponsors.



EARL A. MAXWELL

The list included Sens. Warren G. Magnuson, D-Wash., Hugh Scott, R-Pa., William Proxmire, D-Wis., Gaylord Nelson, D-Wis., Edmund S. Muskie, D-Maine, and A. S. Mike Monroney, D-Okla. — all of whom voted in May against an amendment to ban sale of long guns through the mail.

That amendment failed and the gun-control legislation that was finally adopted — as part of the omnibus anticrime bill — governs only mail-order sales of pistols and revolvers.

OTHER BANS

The new administration bill represents another attempt to bring rifles and shotguns under the same regulation. It also would prohibit over-the-counter sales of such weapons to persons under 18 or to nonresidents of the state in which the seller does business.

Magnuson's change of heart holds special significance for the new measure since he is chairman of the Senate Commerce Committee, one of two Senate committees to which the bill has been referred.

★ ★ ★

It was not the assassination of Sen. Robert F. Kennedy that prompted his turnabout so much as "the violence and terror surging through the streets of every city and every state," Magnuson told the Senate.

"This has become a matter of deep conscience," he said.

COMPULSORY REGISTRATION

Magnuson said he is even ready to back compulsory registration and licensing of all firearms. If state and local jurisdictions won't take the responsibility, federal action is called for, he said.

Magnuson said he will do all in his power to get the bill out of his committee without delay.

★ ★ ★

But the measure also must pass through the Senate Judiciary Committee, where its chances are not as bright. Sen. James O. Eastland, D-Miss., the chairman, has been an opponent of attempts to stop mail-order sales of rifles and shotguns.

Bulking large among other opponents to the bill is the National Rifle Association, which through its monthly magazine triggers a mountain of anti-control mail to members of Congress.

TAX EXEMPTION

A spokesman for the Internal Revenue Service said yesterday the NRA's lobbying activities do not disqualify it for its tax-exempt status.

There are 17 classifications of tax-exempt organizations and 16 of these are free to attempt to influence legislation, including the group to which the NRA belongs the Internal Revenue Service spokesman said.

Levin Asks Gun Curbs

DETROIT (AP) — State Democratic Chairman Sander Levin called yesterday for stricter gun control laws as "an immediately achievable means of reversing the trend towards violence in this country."

UF Picks Head for GM Division

Earl A. Maxwell, personnel director of GMC Truck & Coach Division, will head the General Motors Industrial Division of this year's Pontiac Area Untied Fund campaign. The appointment was announced today by Alger V. Conner, general campaign chairman of the 1968 PAUF campaign.

Maxwell of 5606 Lahser, Bloomfield Township, was the PAUF industrial chairman in 1963 and a member of the industrial executive committee.

★ ★ ★

The GM Industrial Division of PAUF includes employe solicitation of Pontiac Motor, General Motors Truck & Coach, Fisher Body and the Buick Warehouse.

Last year, under the charimanship of Theodore B. Bloom, the Industrial Division's total employe and GM corporate gift reached $673,314, which was 11.3 per cent short of their $758,409 goal. An estimated 4,000 GM volunteers assist with the in-plant solicitations.

LOOKS FAVORABLE

According to Maxwell, "Conditions for a successful campaign look very favorable this year. We at GM hope to do all we possibly can to maintain the services being given the people in our area by the 55 PAUF agencies."

Active in civic affairs, Maxwell is a member of the board of directors of the Pontiac Area Urban League, the Pontiac Area Chamber of Commerce, the executive committee of the Pontiac Housing Committee, past president and member of the board of Pontiac YMCA and past member of the Rotary Club.

Boy, 11, Drowns in Kent Lake

A Detroit boy on a school outing at Kensington Park in Milford Township drowned yesterday in Kent Lake.

The body of Oscar Buttler, 11, was recovered from the water by Oakland County Sheriff's Department skin-divers Medward Tessier and Fred Scholz shortly before 1 p.m.

Two teachers, Bernice Henderson and Herbert Williams, told deputies that they had warned the children to stay away from the water.

Infant Is Critical, but Loses Bullet

NEW YORK (AP) — The condition of a 2-day-old girl remained critical today after the infant eliminated naturally a bullet lodged in her intestine.

Although the 5-pound, 1½-ounce infant continued to suffer from a severe intestinal ailment, doctors said last night she had a better chance of survival because the bullet will hot have to be removed by surgery.

★ ★ ★

The baby was born at the Brooklyn hospital Monday after her mother, Mrs. Lucy Ortiz, 20, had been shot in the abdomen.

The hospita lsaid that the woman's husband, Carlos, brought her there and said she had been shot. Surgeons performed a Caesarian section delivery and X-rays showed the bullet lodged in the baby's intestines.

Police were investigating the circumstances of the shooting.

GOP Governors Ask Party to Heed Advice on Issues

TULSA, Okla. (AP) — Republican governors have adopted a resolution urging their party to heed their advice on campaign issues — and today they are trying to agree on what that advice should be.

While they sought agreement on items they would like included in the GOP platform, the governors were not making any suggestons on a candidate to run on it.

The platform — not the candidates — was the announced business of the Republican Governors Association conference which brought 20 of the 26 GOP state leaders to Tulsa.

They met on platform questions yesterday but did not reach agreement on any specific positions. They adopted a resolution urging the platform committee of the GOP national convention "to draw heavily upon the material deveolped" by the governors.

RIGHTS MEASURES

The material is a 5½-inch-thick stack of working papers, including a series of suggested solutions to domestic problems which stir disagreement.

★ ★ ★

Among these suggestions was a series of new civil rights measures dealing with open housing, racial balance in the schools and fair employment. In addition, the document compiled by the governors' association suggestes an income maintenance program for Americans unable to work, and guaranteed employment, by the government if necessary, for those who can.

★ ★ ★

Gov. Tim Babcock of Montana said the suggestions were not endorsed by the governors, only accepted as a starting point.

The document grew out of staff studies and a series of platform hearings held by the GOP governors.

There was discord on the question of gun control legislation.

DISAGREEMENT

Pennsylvania Gov. Raymond P. Shafer, chairman of the governor's policy committee, advocated strict gun registration; Babcock disagreed.

So did California Gov. Ronald Reagan. He told a news conference he favors measures to keep guns out of the hands of criminals and mentally disturbed, but opposes universal registration.

JCs Honored at Installation

A Waterford Township man, William Landis of 74 Preston, received an Outstanding Spoke award at the Pontiac Jaycees annual installation banquet at Fortino's last night The award was for his activities as a first-year Jaycee. He was also installed as secretary of the group.

Jaycee of the Year award went to C. David Ogg of 656 Lynndale, Avon Township, who recently recieved a Key Man of the Year award.

★ ★ ★

The Outstanding Sparkplug award, annually given to an active Jaycee of more than a year's membership, went to James LaVerhne of 277 E. Pike.

The outstanding committee to be cited was the one working on the Cleanup Pontiac campaign last month.

★ ★ ★

Officers installed besides Landis included President James Peterson of 5022 Shoreline, Waterford Township; Internal Vice President Richard Eldred of 330 W. Iroquois; External Vice President Charles Tobyo of 2384 St. Joseph, West Bloomfield Township; and Secretary Myron Cirka of 2752 Walnut, Pontiac Township.

New directors were also installed. James H. Gallagher, outgoing president, received a past president's plaque.

2 Convicted in Plot to Kill Rights Pair

NEW YORK (AP) — Herman B. Ferguson and Arthur Harris, both Negroes, were convicted today of conspiring to murder moderate civil rights leaders Roy Wilkins and Whitney Young Jr.

An all-male jury returned a guilty verdict after deliberating for more than 10 hours.

★ ★ ★

The trial in Queens Supreme Court ended yesterday after eight days of testimony.

Each man faces up to seven years in prison. No date for sentencing was set immediately.

★ ★ ★

Ferguson, 46, who was suspended as assistant principal of a Queens public school following his arrest a year ago, and Harris, 22, were among 16 persons rounded up and accused in connection with the plot.

Wilkins is executive director of the National Association for the Advancement of Colored People, and Young is executive director of the National Urban League.

To Counter E. Germans

Bonn Plots Soviet Pressure

BERLIN (AP) — With new threats rumbling out of East Germany, Bonn authorities today planned ways to pressure the Soviet Union into stopping East Germany's slowdown of traffic to West Berlin.

Mention of "new and unpleasant surprises" from East Berlin spurred the West German government into seeking talks with allied governments on ways to ease the newly imposed travel restrictions — including the possibility of threatening to refuse to sign the U.N. treaty to check the spread of nuclear weapons.

The treaty, passed Wednesday by the U.N. General Assembly, was drafted jointly by the United States and the Soviet Union.

Observers believe a threat to not sign it would push the Soviets into action with its East German ally because Moscow has voiced strong objections to a nuclear armed West Germany.

Refusing to sign would leave the door open for the West Germans to arm themselves at any time.

Traffic out of Communist surrounded West Berlein was slowed again today by the new visa restrictions imposed by the East German regime Thursday. Police said the traffic jam started before dawn and cars were lined up for up to four miles on the West Berlin side of the East German border waiting to be processed through an autobahn crossing point.

At the Helmstedt West German crossing point at the other end of the 110-mile autobahn connecting link, a spokesman said traffic to Berlin was light and was going through East German control points without delay.

Supervisors Candidate Announces

BIRMINGHAM—Mrs. Garvin Bawden Jr., 40, of 1290 Lakeside has announced her candidacy for the reapportioned Oakland County Board of Supervisors.

She will seek the Republican Party nomination in the Aug. 6 primary. Mrs. Bawden seeks to represent District 4, encompassing the city of Birmingham, on the new board.

★ ★ ★

For the Republican party, Mrs. Bawden has been a precinct captain and delegate. During the Eisenhower campaign she managed an issues file for GOP candidates.

She was president of the Birmingham-Bloomfield League of Women Voters (1963-65); county chairman of the United Foundation residential campaign (1965-66); and member of the UF speakers' bureau and New Detroit Committee's speakers' bureau.

CHURCH SCHOOL

She and her husband, a manufacturers' representative, taught church school for 12 years and conducted experimental classes for the National Council, Protestant Episcopal Church.

Mrs. Garvin stated, "I am delighted the board of supervisors must undergo reorganization. County government has been too long removed from the public scene.

★ ★ ★

"The County budget is large and complete and deserves the attention of the entire board. County services must be evaluated in terms of equitability to the taxpayer.

"I would give all the time necessary to this position and at the same time keep in close touch with Birmingham residents," she stated.

MRS. GARVIN BAWDEN JR.

Total loss to fires in this city during the month of May amounted to $500, according to the monthly fire department activity report, submitted by Fire Chief C. G. Nunnelley.

The amount was split into $300 damage to buildings and $200 to contents. Value of buildings and contents endangered by fires was estimated by the report at $746,500.

★ ★ ★

Total time in fire prevention was placed at 246 hours, 191 in the field and 54 in office work. Of 132 inspections made during the month, six were unsatisfactory, the report said.

Steven E. Civiletto, recently graduated from Seaholm High School, has been named to receive a $1,000 college scholarship award by the LTV Aerospace Corp's missiles and space division — Michigan facility.

The award was one of four made nationally to high school seniors with parents employed by LTV, a subsidiary of Ling-Temco-Vought Inc.

★ ★ ★

Civiletto, who ranked third in a graduating class of 649, had a grade average of 4.29, with extra points earned for completion of honor courses in science, math and English.

His high school honors included the Bausch and Lomb Honorary Science Award and a certificate of merit in the Michigan Mathematics Prize competition. He was president of Ascientia, the school's physical science club, and a member of the National Honor Society.

★ ★ ★

He is the son of Mr. and Mrs. Victor E. Civiletto, 704 Robinhood, Bloomfield Township.

Snarls Seens on Ray

LONDON (UPI) — Efforts to return James Earl Ray to the United States for trial in the slaying of Dr. Martin Luther King Jr. may run into a sea of delay and difficulty because of Britain's complex extradition laws, legal sources said today.

★ ★ ★

The language of the 1870 law is vague on the subject of political assassination, the sources said, and it will require U.S. authorities to present strong evidence that Ray is responsible for the civil rights leader's death.

Navy Mum on Report of Fix on Scorpion Area

WASHINGTON (UPI) — The Navy today refused comment on a report by a California Congressman that a "small area" has been pinpointed in the Atlantic where the nuclear submarine Scorpion sank.

Alantic Fleet headquarters in Norfolk, Va., said the Navy "has no comment — and will have no comment" on the report by Rep. Craig Hosmer, R-Calif.

Hosmer, a member of the Joint House-Senate Atomic Energy Committee, said secret means were used to fix the "small area" where the sub was believed to be.

* * *

The Scorpion with a crew of 99, has been missing since May 21 when it was scheduled to complete a transatlantic voyage.

SEARCHING AREA

Hosmer said a search was under way in the area but declined to speculate on where it was.

* * *

"They have an area of the ocean — a small area — where they think it is quite likely the Scorpion may have gone down," Hosmer said. "It was determined by classified means."

* * *

In addition to the Navy's refusal to comment on Hosmer's report, Rep. L. Mendel Rivers, one of Congress' most powerful and informed military authorities, and John T. Conway, executive director of the Joint Atomic Energy Committee, said they had received no word the Scorpion search had turned up anything.
