

OAKLAND UNIVERSITY
1974 Commencement Program

The motto, **Seguir Virtute E Canoscenza**, has a very distinguished origin, Canto XXVI, 1. 120, of Dante's *Inferno*. These are the final words of Ulysses' great speech to his men urging them to sail on and on in pursuit of knowledge and experience of the world - even beyond the pillars of Hercules, traditionally the frontier and limit of legitimate exploration.

This is the three-line stanza:

Considerate la vostra semenza

Fatti non foste a viver come bruti

Ma per seguir virtute e canoscenza.

Consider your birth

You were not made to live like brutes

But to follow courage and knowledge.
