Collisions Kill 3 From Waterford

Citizens Hear of Plans for New Highway

Pontiac Press Photo

PUBLIC HEARING ON ROAD — This is part of the crowd that gathered at the Lincoln Junior High School auditorium yesterday to hear about the proposed northern section of the Pontiac-Oakland expressway. The State Highway Department conducted the two-hour hearing.

★ ★ ★

Springfield Asks X-Way Change

Urges State Straighten Part of Proposed Route Through Township

Springfield Township is unopposed to the planned Pontiac-Oakland expressway, but officials would like the State Highway Department to "straighten it out" through the township.

Officials of the department, holding a public hearing in Pontiac yesterday to air questions on the northern leg of the proposed highway, heard this request from the township, and said it would be considered.

★ ★ ★

"We urge you in the spirit of public welfare to reconsider straightening out, as far as the terrain will permit, the portion of the route from M15 to the present junction of M87 and U.S. 10," the request read.

Aside from many wanting to know whether the $60,000,000 expressway will cut through their property, the request from Springfield Township was the only protest to the proposed route of the 25-mile section of the road.

Most at the hearing, held at Lincoln Junior High School, spoke in favor of the route. This included Pontiac City Manager Walter K. Willman and Sol D. Lomerson, chairman of the Oakland County Road Commission.

★ ★ ★

Shown on a large map on the auditorium stage was an outline of the divided, limited access, four-lane highway beginning at the northeast tip of Pontiac and running northwesterly to the Oakland-Genesee line.

Joseph E. Wilbur, hearings engineer for the department, reported a survey estimate that by 1975 some 70,000 vehicles a day would use the proposed in-

County Supervisors OK Clerk-Register Merger

By GEORGE T. TRUMBULL JR.

Supervisors of Oakland County began their streamlining of the county government today when they approved the merger of the offices of clerk and register of deeds.

The merger proposal, which has been considered for several months by a study committee, narrowly squeaked by with a one-vote majority of the board members. The final vote was 42 to 28.

The proposal, fostered by the Special County Government Study Committee will, in essence, abolish the separate office of Register of Deeds. Work handled in this office will be placed under a deputy clerk in the new merged position.

The vote came after a half-hour discussion which was climaxed when a request for a secret ballot to settle the questions was voted down, 67 to 3.

Present Register of Deeds Daniel T. Murphy Jr. supported the merger. "It's a big challenge," Murphy said. "I think that it can work in Oakland County."

Main objector to the proposal, Harry W. Horton, of Royal Oak, declared he didn't think it would work in such a large county as Oakland.

"It would take us back to the horse-and-buggy days," Horton declared.

After hearing the final tally of votes, Horton changed his previous vote to "yes."

★ ★ ★

John L. Carey, Springfield Township supervisor who heads the nine-month-old committee, said the move was being taken "in the interest of efficiency as well as economy."

He said over the years the county might be saving roughly $16,000 annually by combining the two posts.

The new office, which Carey said will remain as the county clerk's office, will come into existence Jan. 1, 1959. The man or woman to head it will be elected at the Nov. 4 election this year.

Those candidates which, have

Senate May End Debate Tonight

Labor Bill Being Amended

WASHINGTON (AP)—Amid partisan disputes over the value of changes already made, the Senate moved on today to more controversial amendments to a bill designed to curb labor union abuses.

With a 12-hour session behind them, some senators predicted the bill could be disposed of by late tonight. Others said the debate would go into next week.

Eleven amendments were voted on yesterday in a long day and night of political jockeying. Nine were offered by Republicans.

Ten of the amendments were adopted, most of them without any dispute. Several cleaned up points in the bill objected to by the Eisenhower administration.

★ ★ ★

Republicans proposed themselves well satisfied with the first day's results, contending that acceptance of the amendments showed the bill had many holes.

Democrats replied that many of the amendments were trivial, and were offered in an effort to give backing to GOP charges that the original version was soft on labor.

The amendments adopted yesterday did not change the essentials of major provisions of the bill as it came to the floor.

Issues Its Report Defending Expansion

St. Joseph Scores Hospital Study

St. Joseph Mercy Hospital today made public a 14-point refutation of the Detroit Area Hospital Council's conclusion that further hospital expansion here now is unnecessary.

★ ★ ★

A report from the hospital said, in effect, that the council's definition of the Pontiac trade area was arbitrary; that its estimation of the hospital bed demand here was "not realistic," and that it did not take the whole picture into consideration.

The report was prepared by J. L. Jacobs & Co., a Chicago firm which made the 1956 study upon which the hospital based its plans to build a 200-bed addition to supplement its present 330-bed plant.

Sister Mary William, hospital administrator, said that the new report backs up the conclusions of the old one and that the hospital "definitely intends" to proceed with its building plans.

★ ★ ★

The hospital council, in a survey last month of the metropolitan area's hospital bed needs, said that the present crowded conditions in Pontiac hospitals represented, in reality, "an artificial demand."

It concluded that patients from south Oakland and Macomb counties are forced to come to Pontiac for treatment because they haven't enough hospital beds nearer home. New hospital construction should take place in areas that need more beds, a report on the survey said, not in Pontiac.

The main point in the St. Joseph rebuttal was that the council has arbitrarily set Pontiac city limits as the southern limits to its trade area.

★ ★ ★

The Jacobs report stated that about 20 per cent of the St. Joseph patients last year lived south of that line.

It figured that the contributing population to the Pontiac area hospitals was 340,000, and that the council's equivalent figure of 261,000 was "not realistic."

Saying that its population estimate was based on "actual usage," the Jacobs report said there would be a need for 1,206 hospital beds here in 1960, although the council had estimated this need at 777 beds.

★ ★ ★

Taking completion of the Pontiac General Hospital expansion into account, the Jacobs report estimated there would be only 872 acceptable general care beds in the Pontiac area at the end of the year.

"The additional number of beds which will have to be provided is 334 added beds, to meet the 1960 needs adequately," the report concluded.

The hospital report stated that it figured the 1960 bed need according to the state formula of 1,100 hospitalization days annually for every 1,000 population, assuming that the average hospital occupancy would be "about 85 per cent" of available bed space.

The report suggested that there were other, less tangible factors, which the council did not take into consideration.

★ ★ ★

It cited the "highly industrial character" of the Pontiac area, necessitating more hospital care than in the average community; "the movement" to construct new hospitals further out in metropolitan areas; the "personal preference" patients have for St. Joseph; and the need for more space here for long-term and psychiatric care.

Deputies Solve Radio Mystery in Township

Oakland County Sheriff's Deputies put an end to mysterious radio "broadcasting" in the West Bloomfield Township area yesterday.

Deputy Neil Blackmar found a suspicious car and its driver, a West Bloomfield Township teenager, at Reale's Pizzeria, 8175 Commerce Rd. The driver and several friends had rigged up a radio system consisting of a regular car radio, a hand microphone, and an auxiliary speaker mounted in the grille of the car.

Their "broadcasts" were reportedly interfering with traffic. The boys were using the police radio code terminolgy. Deputy Blackmer confiscated the microphone but no charges were pressed.

Two Die as Cars Crash Head-On South of Lapeer

Haulaway Truck Driver Burned to Death After Toledo X-Way Crackup

Three Waterford Township residents died in auto collisions outside Oakland County yesterday.

The dead are: Hillaire Frechette, 66, of 4000 Elmhurst Dr.; his wife Mary Frances, 64; and Donald O. Caldwell, 33, of 2310 Maplecrest Dr.

Mr. and Mrs. Frechette were killed in a two-car head-on crash on M24 about four miles south of Lapeer, at Mirror Lake Rd.

The driver of the other car, Joseph Arbaugh, 35, of Piqua, Ohio, was also killed in the smashup. Arbaugh was traveling to Lapeer to see his stepson Edwin Connor graduate from Lapeer High School.

The Frechettes were returning from picking up their nephew Lawrence Mousseau, 35, from the Lapeer State Home and Training School where he is a patient.

Mousseau was taken to the hospital at the training school where his injuries were reported as "serious but not critical."

Caldwell, the driver of a haulaway truck, was burned to death after his truck collided with a car making a U-turn on the Detroit-Toledo Expressway, six miles north of Monroe, according to Monroe County Sheriff's Deputies.

His body was taken to the Sparks-Griffin Funeral Home in Pontiac.

Barbara Potts, 18, of Lincoln Park, driver of the car, was attempting to reverse her direction after turning the wrong way into the expressway at the Nadeau road overpass, said deputies.

Miss Potts, her sister Anita, cousin Sue Wynick, of Nashville, Tenn. and Carol Perry, of Lincoln Park, all 15 years old, received minor injuries.

'All but Broke' —Sullenberger

Doctor Says He Can't Afford to Pay Lawyer, Is $25,000 in Debt

Dr. Neil H. Sullenberger said he informed Pontiac General Hospital today that he is all but broke and can't afford an attorney for a hearing to decide whether he gets back on the medical staff or not.

The ousted staff surgeon said, however, that he is "ready and willing" to defend himself "alone and without counsel" against charges brought by the medical staff to make his temporary suspension last Nov. 13 permanent.

Dr. Sullenberger, who has performed almost no surgery in the past eight months, said he has gone $25,000 in debt in that time.

He blamed legal fees and expenses plus the fact that he has had to support his wife and three children while not working.

The surgeon said he informed the Board of Trustees of his intention by letter, and also would make his plans known today to his attorney, Harry N. Dell, who represented him in his suit for $250,000 damages and reinstatement, tossed out of Circuit Court after only a few hours of open trial two months ago.

★ ★ ★

Dr. Sullenberger said he had been urged by hospital attorney Glenn C. Gillespie to retain counsel for the hearing, scheduled to take place within the next three weeks.

"But what with my present debts, I just can't afford more legal fees," the doctor said. "When this all started eight months ago, I didn't owe anyone a penny."

The hearing was called by the Board of Trustees at Dr. Sullenberger's request after his suit was dismissed on grounds he had not appealed his case to the board.

Twins Win Diplomas

Pontiac Press Photo

DOUBLE CHECK — Identical twins Donald Lucas (left) and Douglas (right) wanted to make sure last night that they received their own diplomas at the Pontiac Central High School commencement exercises. Winners of University of Michigan Regents-Alumni scholarships, both will go to Ann Arbor next fall to study engineering and confuse some more teachers because they look so much alike. They are the sons of Mr. and Mrs. Charles Lucas, 28 N. Marshall St.

407 Students Leave Pontiac Central Halls

"We all need props" and the most important ones which the 407 graduates of Pontiac Central High School should seek and keep are "education, their family, friendship and spouse."

This was the message which a Pontiac High School graduate of 30 years ago, now vice president of Hillsdale College, delivered last night at his alma mater's commencement exercise. He was Laurence J. Taylor.

Taylor welcomed the graduates to join the other adults of the world in a time of "political turmoil, economic uncertainty, social upheaval and ideological warfare."

The "whole mess challenges us—especially when one thinks of that awful and frightening process called maturity" which all must obtain, he added.

The point at which one reaches maturity is when one realizes that he is "neither as wonderful nor as terrible as he thought he was," Taylor claimed.

A mature person is one who "can handle" love, appetites, money, emotion and values, among others, he said.

He invited the graduates, who gathered with their families and friends at Wisner Memorial Stadium, to "go with us and never walk alone . . . be smart enough to use the props of life to your advantage and the advantage of others."

Tornado Warnings Up in Southern Michigan

EAST LANSING (AP)—A tornado warning for extreme Southern Michigan was issued by the U.S. Weather Bureau station here at noon today.

The bulletin warned of "several tornadoes, scattered damaging windstorms and large hail" south of a line running from Monroe to South Haven.

The warning period runs from 1 to 10 p.m. (EST).

Michigan was on the extreme north edge of the tornado forecast area, which the Weather Bureau issued for parts of Illinois, Indiana and Ohio.

Weather Again Plagues Golfers

Fleck in Trouble After 38 Today; Hogan Pars First 5 Holes

TULSA, Okla. (AP)—The sun and wind again plagued golfers in the 58th National Open Championship as play began in the second round today.

The gusty breezes which sent scores soaring on the first round over the rugged 6,907-yard par 35-35—70 Southern Hills course were not quite as strong as yesterday.

But there were gusts up to 25 m.p.h. which made it hard to judge approach shots to the rolling greens.

Three players who tied for the first round lead with one-over-par 71s, Tommy Bolt, Julius Boros and Dick Metz, all were scheduled for late starts.

The first group of "name" players, starting at 9:36 a.m. (CST) included Ben Hogan, the four-time Open champion, Gary Player, young South African shotmaker who has made a fine record on the U. S. pro tour, and Charlie Coe, former National Amateur champion from Oklahoma City.

Jack Fleck of Rochester, Mich., 1955 Open champion, put a 38 on the front side on top of an opening 77 and appeared on the ragged edge of failing to qualify.

Hogan, who lost to Fleck in the playoff that cost him his fifth Open title, started off today with pars on the first five holes.

Legislature Calls for U.S. Loan of $30 Million

MESC Holding Special Meeting on Mechanics of Making Payments

LANSING (AP) — A bill for adoption of the federal emergency jobless pay plan zipped through the Michigan Legislature last night after opposition of Republican senators collapsed.

The bill was hustled to the printer. Gov. Williams was expected to sign it today. In any event, the underlying federal act doesn't become effective until next Wednesday.

The legislative action signaled 30 million dollars in borrowing from the government to finance extended unemployment payments to an estimated 115,000 laid-off Michigan workers.

The Michigan Employment Security Commission called an emergency meeting of its operating staff in Detroit today to work out mechanics of when and how the extended payments will be made. A spokesman said details probably will be announced this afternoon.

The eligibles will be idled men and women whose regualr jobless pay checks have run out since last July 1, or which will be exhausted between now and next March 31.

Checks can be drawn for a maximum of 13 extra weeks, and up to a maximum amount of $55 a week. However, the average added duration and check size have been estimated at 7.33 weeks and $36.06.

Under present state law, benefits range from $34 to $55, depending on an eligible's number of dependents and pay level. No change is provided. The duration of benefits depends on length of employment.

When lawmakers returned yesterday after 30 days at home, the vehicle for the enabling act was in a Senate Appropriations Committee pigeon-hole. The key to action thus was in the hands of majority GOP senators.

Off and on through the day and after supper, they haggled over what to do, with some hold-

(Continued on Page 2, Col. 3)

Keep Your Raincoat, Wet Days to Stay

Mostly cloudy and mild with occasional showers or scattered thunderstorms are predicted again for the Pontiac area. Rain is forecast for tonight and tomorrow by the weatherman with tonight's low 64-68.

★ ★ ★

The high tomorrow will be 76-80 with the temperature turning cooler late tomorrow. Showers will end tomorrow night with a low of around 52.

For the next five days temperatures will average near the normal high of 79 and the normal low of 58. Late Saturday will be cooler followed by minor day-to-day changes. Precipitation will measure an inch or more in showers tomorrow and again Tuesday and Wednesday.

In downtown Pontiac the lowest recording preceding 8 a.m. was 60 degrees. The reading was 70 at 2 p.m.

Where 3 Children Perished

AP Wirephoto

NEAR MT. PLEASANT — Three Isabella County children lost their lives in this flaming home 12 miles northwest of Mt. Pleasant. Three other persons suffered burns and two are in serious condition in a Mt. Pleasant hospital. A faulty furnace is believed to have exploded and started the fire. (Story on page 21.)

Believes Adams Should Be Fired

Illinois Congressman Mack Calls for Ike to Fulfill Pledges

WASHINGTON (AP) — Rep. Peter F. Mack Jr. (D-Ill) said today President Eisenhower should fire Sherman Adams. Mack said this would be in keeping with Eisenhower campaign pledges for a government "clean as a hound's tooth."

Three other Democrats on the House subcommittee checking federal regulatory agencies said it is up to Eisenhower to decide whether to discharge Adams, his top aide, because of Adams' dealings with wealthy Boston industrialist Bernard Goldfine.

★ ★ ★

Adams yesterday acknowledged being a hotel guest of Goldfine, whom he described as an old friend. Adams also said he contacted federal agencies on cases involving Goldfine, but he denied bringing any pressure on Goldfine's behalf. He called such charges "unwarranted and unfair."

White House press secretary James C. Hagerty said Eisenhower agrees Adams' relations with Goldfine were not improper and that the President feels Adams' usefulness has not been jeopardized.

★ ★ ★

Rep. Morgan Moulder (D-Mo) said there was evidence of Goldfine having picked up a $1,300 tab following a three-day stay by Adams at Plymouth, Mass.

Adams said yesterday the subcommittee could have disclosed that he and his wife were guests of Goldfine at the Mayflower Hotel in Plymouth last year. He named no figure. Earlier the subcommittee developed evidence of $2,000 worth of Boston hotel bills that Goldfine paid for Adams in the past four years.

Adams' statement, in a letter to subcommittee Chairman Oren Harris (D-Ark), was put out by the White House after subcommittee investigators reported allegations that Adams got the Securities and Exchange Commission and Federal Trade Commission to soften action against Goldfine.

"I categorically deny such insinuations," Adams said.

Adams is a former Republican governor of New Hampshire where Goldfine has business interests.

Harris said that, regardless of the Adams letter, he will go ahead with subcommittee plans to develop its case starting Monday with testimony from the SEC and FTC. The inquiry at this stage deals mainly with Goldfine companies.

Thor Missile Launched

CAPE CANAVERAL, Fla. (AP)—An Air Force Thor intermediate range ballistic missile roared high into the sky today in a fiery display of power. The launching was the latest test in a stepped-up development program aimed at readying the 65-foot Douglas missile for service with the NATO defense arm before the end of the year.

750 Die Due to Trash

NEW YORK — More than 750 persons a year are killed as a result of cars' striking or swerving to avoid trash and other objects thrown on the nation's highways.

Pontiac Press Photo

ROTARIANS AID PROJECTS — Pontiac Rotary club yesterday donated $650 for further improvement of Rotary Park, on Wessen street, and $450 to the YMCA Learn-to-Swim campaign. Mac T. Whitfield (second from left) presents a check to City Manager Walter K. Willman for the park project, and Ted Slosson (second from right), YMCA director receives a check from Herbert W. Straley to aid the water safety program.

City May Grant Washday Break to Housewives

City Commissioners may give Pontiac housewives a washday break.

They're scheduled to vote Tuesday on whether to pass a new ordinance outlawing trash fires during the morning and midafternoon every day.

Commissioners favorably heard Fire Marshal Charles E. Metz suggest such a change last night. Metz said that almost all of the complaints about trash fires came from housewives whose wash was being hit by smoke while hanging on the line to dry.

Springfield Asks X-Way Changes

(Continued From Page One)

terchange at Baldwin road. This would be one of nine interchanges to get motorists on and off the highway.

This estimate cheered L. Merlin, dairy farmer living at 4180 Baldwin Rd., Pontiac Township.

"I'll sell my cows and buy a Good Humor truck," he said. "I'm in complete approval."

Merlin was among the 150 that flocked to the school auditorium to view maps and aerial photographs of the route during a two-hour hearing.

The State Highway Dept. is required by law to conduct such a hearing prior to construction of a new route.

Pontiac City Engineer Lewis M. Wrenn learned from Wilbur that certain portions of the existing U.S. 10 (Woodward avenue) would "be left intact" as a city connection with the new road, while other sections would revert to the county road system.

The new north-south expressway will eventually connect with the Walter P. Chrysler expressway on the south, going to the Detroit River, and the Fenton-Clio expressway on the north.

It is a proposed re-location of the existing Woodward avenue. Contracts are expected to be let for this first section during the second quarter of 1960, Wilbur said.

Clerk-Register Merger Approved

(Continued From Page One)

filed nominating petitions for the posts of clerk and register of deeds must now refile, if they desire, by next Tuesday for the new office, Corporation Counsel Harry J. Merritt ruled.

There have been three candidates for clerk who have filed, and two for register including Murphy. Murphy indicated immediately he would try for the new post.

The office of clerk became vacant May 31 following the death of Lynn D. Allen, county clerk for the past 25 years.

The four Circuit Court judges are now expected to name a temporary clerk to hold office until the first of the year. Presently it is being filled by Wilfred S. Cooney Jr., deputy clerk under Allen for 10 years.

During today's discussion on the recommendation, Horton further objecting saying that the two offices could not function efficiently under two roofs. The clerk's office is presently situated in the courthouse while the register is located in the County Office Building, 1 Lafayette St.

"It might possibly be feasible when we get the new courthouse," said Horton.

Paul W. McGovern voiced an opposite opinion. "This is the first of many forward moving steps for our government," declared the Oak Park supervisor.

This opinion was shared by Carey following adjournment of the board. "We're not going to quit with one. More recommendations will come from time to time," he said.

The committee consists of nine members including Carey. There are three at-large members, four supervisors, and Merritt and John C. Austin, vice chairman of the Board of Auditors.

It was appointed Oct. 7, 1957, to look into the possibilities of streamlining Oakland County government with the purpose in mind of economy and efficiency.

Department heads have been requested to submit recommendations toward this end. The proposed merger, however, did not come from one of these reports, Carey said.

Legislature Approves Extending Idle Pay

(Continued From Page One)

ing out for a more restrictive, less costly program to be wholly managed by the state.

But the pressure was heavy on the dissenters.

When the bill reached the floor just before 9 p.m., it whistled through the upper chamber 27 to 5. An hour later the House whooped the bill through 94 to 6.

All negative votes were cast by Republicans.

GOVERNOR BEAMS

The Democratic Governor, beaming in the rear of the chamber while the House voted, promptly hailed the bill's approval as a victory for the people and an antirecession stroke.

Republican and Democratic legislators vied for credit in brief floor debate.

★ ★ ★

Rep. Allison Green of Kingston, Republican House Leader, said Michigan's Republican legislature was leading the way again in unemployment compensation as it has led in the nation for years.

CITES COMPULSION

In the Senate, Sen. Philip Rahoi (D-Iron Mountain) told GOP senators "You are only passing this bill because you're compelled to" and didn't dare go home without doing it.

Many Michigan mayors have indicated they would welcome the program as a means of stemming the tide of skyrocketing welfare costs, largely for direct relief to families of the jobless.

Sen. Robert E. Faulkner (R-Coloma), an advocate of a cheaper plan, warned that the measure only was postponing a day of reckoning unless the economy picked up.

Oakland Park Site of Movies to Be Shown

Tuesday night movies for children will be shown this summer at Oakland Park, not Murphy Park, the Department of Parks & Recreation said today.

The Pontiac Press incorrectly said yesterday that the site for the 10-week free presentations would be Murphy.

Leonard Buzz, recreation supervisor, said that the showings would be at Oakland Park, beginning this coming Tuesday after it is dark.

Carpenters' Strike in 3 Counties Ends

Local construction was expected to return to normal following today's settlement of the strike of 6,000 carpenters in Oakland, Wayne and Macomb counties.

The strike ended at 4 a.m. when negotiators reached agreement between the Carpenters District Council and the Detroit branch of the Associated General Contractors, the Carpenter Contractors Assn. and the Builders Assn.

Full details of the settlement were not announced, but it reportedly called for a two-year contract with an immediate 15 cent hourly wage boost, and an identical boost next year.

The pay raise will bring the carpenters' average Detroit area wage to $3.40 an hour. The district council originally asked for a 20 cent increase this year when it called the strike May 8.

West Michigan Fans Irked at Tighe's Firing

MUSKEGON (AP)—West Michigan money may become scarce at the Detroit Tigers' ticket offices this year because of the ouster of Jack Tighe as Tiger manager.

Tighe is a resident of nearby Spring Lake.

The following advertisement appeared today on the sports pages of the Muskegon Chronicle:

"Attention baseball fans! The Muskegon Eagles' annual baseball excursion scheduled June 21 for the Detroit Tigers vs. New York Yankees game has been canceled due to lack of ticket sales."

Eagles' spokesmen said Tighe's firing was followed by a flood of requests for refunds from those who had purchased excursion tickets.

County Wants Loans Repaid

Serves Notice to Areas Which Borrowed for Incorporation Vote

Oakland County gave notice today that it wants to be paid back for loans to areas who receive financial assistance for incorporation election expenses.

Supervisors, over the protest of supervisors from Southfield and two others, adopted a resolution instructing the corporation counsel to file suit within 30 days if such loans are not repaid.

Feeling the effect of the new rule immediately will be Southfield, which, the county says, owes $26,868 for two past unsuccessful incorporation elections.

Voting against the resolution, put before the board by its Ways and Means Committee, were Southfield Supervisors C. Hugh Dohany, Emanuel Christensen, Donald L. Swanson, and Paul W. McGovern, of Oak Park, and Mrs. Harriett Phillips, Huntington Woods supervisor.

The vote on the resolution was 64 to 5.

Swanson, mayor of the new City of Southfield, protested the action. He said in the case of the $26,868, some areas not involved might be assuming the costs of others.

Corporation Counsel Harry J. Merritt had cited from a state law requiring that the money owed be "paid by the locality where the election was held." "It's my interpretation," Merritt told the supervisors, "that this means the township in this case."

The committee's resolution calls for an audit by the Board of Auditors to see what such money is owed the county, then requesting the payment, and finally, if payment is not made in a month, Merrritt should file court action.

Supervisors today also approved a $5,000 appropriation from the contingency fund for operating expenses for the new lake safety patrol being conducted by the sheriff's department.

An objection by Royal Oak Township Supervisor Elwood Dickens failed to stop the move. It passed 69 to 2. Objecting with Dickens was Roy L. Duncan, Troy supervisor.

Dickens said the $5,000 was not budgeted, and that his township was assuming some costs of driver license examinations which it believed should be borne by the sheriff's budget.

Final action this morning saw supervisors changing the county's death benefit plan to permit payments to be paid to widows or designated beneficiaries of employes after 25 years of service.

Previous payment came only after an employe reached 60 years of age and 10 years of service.

Police Bandit Held on $50,000 Bond

DETROIT (AP) — Marmion S. Pollard Jr., a policeman for six years, was held on $50,000 bond today after pleading guilty to a series of holdups, including three attempted bank holdups, which netted him $1,214.

Pollard, 29, pleaded guilty yesterday in U.S. District Court before Judge Thomas P. Thornton.

Police arrested Pollard Wednesday following his attempted holdup of a grocery store. Pollard admitted 14 holdups, or attempted holdups, including the three bank branches.

The Day in Birmingham

Summer Play Program to Include Leather Craft

BIRMINGHAM — An arts and craft teacher has been added to Birmingham's summer recreation staff for the first time.

Fred Schubel, manual arts teacher at Derby Junior High School, will introduce another first in the form of leather work. Material will be free, having been donated by an automobile manufacturing company.

The playground program will open June 5 at Adams, Pembroke, Pierce and Quarton Schools, and Eton and Springdale Parks. A two-day workshop for directors will precede the opening.

Springdale, scene of day camp activities, has the only program requiring registration. Facilities can accommodate only 35 children. They will be taken from playgrounds to the park by bus.

OUTDOOR PROGRAM

Programs at Springdale for the 8 to 14 year old group will include woodcraft, hiking on Indian trails, games, cookouts and other activities. A cabin will be available for rainy days.

Children will be required to bring their lunches and pay 25 cents bus fare.

★ ★ ★

School playgrounds will offer programs of games, crafts and sports, as well as the regular playground equipment, during the six-week schedule.

City and Country School in Bloomfield Hills Sunday will be the scene of a Western Jamboree, complete with shootin', dancing girls, prospecting and all the elements of the Wild West.

The event is being sponsored by the school to raise money for scholarships given each year to gifted children in the area in and around Detroit. It will begin at 1 p.m. and last until 6 p.m.

Lending a pretty near authentic atmosphere to the Jamboree will be an Indian war dance by members of White Lake Boy Scout Troop 42.

Games will be played and western paraphernalia will be sold at the "Trading Post." An open pit barbecue dinner will be served.

A daylight robbery yesterday cost Mr. and Mrs. Cyril Guymann of 1816 Northlawn Ave. $900.

Mrs. Guymann told Birmingham Police there was no one home from about 11 a.m. to 3 p.m. When she returned she noticed two screens had been cut and a door forced open.

"No one could have known this much money was in the house," Mrs. Guymann said.

Registration of donors for the Community Blood Bank, to be held from 2:45 to 8:45 p.m. Tuesday at Congregational Church of Birmingham, is lagging, according to Mrs. Beatrice Davis, in charge of registration. She said unless more people sign up, it is likely the drive will fall short of its goal of 250 donors.

Lawrence L. Benn

Service for Lawrence L. Benn, 65, of 1319 Smith St., Birmingham, will be held at 1 p.m. Monday at Manley Bailey Funeral Home. Burial will be in Roseland Park Cemetery, Royal Oak.

Mr. Benn died yesterday at St. Joseph Mercy Hospital, Pontiac, after a long illness. He was a painter for the Great Lakes Greyhound Corp.

Surviving are his wife, Mabel; three daughters, Mrs. Lee Brand of Pontiac, Mrs. Richard Baldwin of Birmingham, Mrs. Joseph Milligan of Hazel Park; a son, Lee of Birmingham; a brother, six grandchildren and one great-grandchild.

Hunt of Flint Early Public Links Leader

A field of 135 golfers teed off this morning in the State Public Links Golf Tournament at Pontiac Country Club, and there was a scarcity of sub-par rounds among the earlier finishers.

★ ★ ★

Gene Hunt of Flint held an early lead with a 34-37—71 on the par 74 layout.

★ ★ ★

At Pine Lake, Tony and Tommy Skover, the father and son team from Meadowbrook Country Club, scored a 4 an 3 victory over brothers Harry and Leonard Lates today in the 1st round of match play in the Pine Lake Invitational tourney. The Skovers were medalists in yesterday's qualifying championship flight.

Early round Public Links scores:

Gene Hunt, Flint	34-37—71
Lloyd Syron, Pontiac	36-37—73
Jim Bradford, Pontiac	38-35—73
John Lock, Dearborn	36-37—73

Bob Pontneau, Detroit	43-42—85
Bob Ledford, Dearborn	45-40—85

Just as Rivers Began Receding

Fresh Rains Strike Indiana

INDIANAPOLIS (UPI)—A fresh wave of heavy rains swept across Illinois into flood-stricken Indiana early today, barely hours after swollen rivers had begun to recede.

The new downpours triggered increased anxiety in North Central Indiana where 5,000 persons had been left homeless in the last week's series of violent storms.

Waters began falling back to their river beds late yesterday upon reaching their highest crests in 15 years.

Southern Indiana, as yet untouched by the weather rampage, faced the onslaught of raging rivers expected to crest this weekend.

Additionally, the new rains were expected to worsen, or at best delay; the work of recovery in the stricken region stretching 100 miles north from Indianapolis and to the neighboring states of Illinois and Ohio.

Indiana officials predicted that an inch or two of new rains would be disastrous since many rivers were on the verge of causing serious damage.

At Peru, where a state of emergency existed, another 1,000 were unable to return to their homes. Five-foot flood waters were drained from homes and businesses by blasting a hole in the dike bracing the Wabash River.

While National Guardsmen, police, volunteers and airmen from Bunker Hill Air Force Base worked hand in hand to fortify levees against the rising rivers, officials turned to a secondary flood hazard—restless children.

A DC3 airliner ferried toys 65 miles from Indianapolis to Marion where about 100 children were housed in a school building following evacuation from their homes.

American Youth 'Almost Sissies' —Billy Graham

SAN FRANCISCO (UPI)—Billy Graham says American youngsters are "almost sissies" — compared with youth in the Communist world.

"The Communists are going to sweep the world unless American youths are willing to dedicate themselves to Christ and march in His army," Graham told an audience of 18,500 in the Cow Palace last night.

★ ★ ★

Another 2,000 persons stood outside.

Life in America, he said, has become one of "softness, ease and comfort."

"The Communists are outdedicating us," he said. "They have been teaching Christian lessons in discipline.

"These people in Russia aren't slaves. Millions of them are dedicated. They're out to change the world.

"Are you willing to change the world for Christ?"

At one point in his sermon, Graham asked all those under 25 years of age to stand up.

Most of those in the audience rose. Thursday night is young people's night in Graham's crusade.

Graham predicted the Communists might take over the world for a short time. But, he added, "The King of Kings will come back."

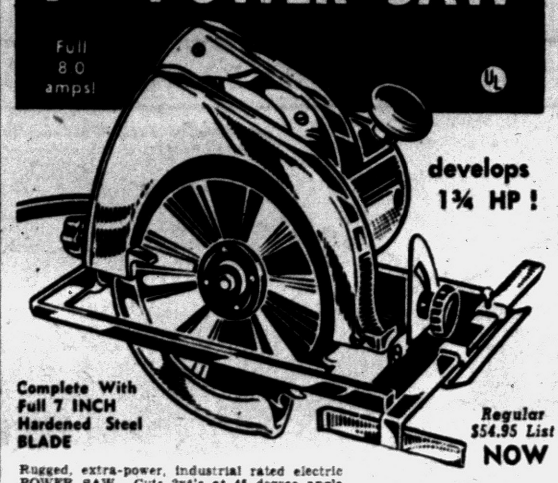

Girl Finds Gun in Car, Shoots Tot by Accident

DALLAS (AP)—Lulia Worley, 2, found a .32 caliber pistol under the seat of an auto her mother, Mrs. Pearl Worley, had borrowed. It went off as she played with it and the slug pinked her sister, Katrinka, 10 months, in the shoulder.

Katrinka shed a few tears at first, but by the time she reached a hospital was giving off big toothy grins. Doctors said the wound was minor.

Congress Lays Down the Law: Don't Put Banana Peels in Front of Lawmakers

By FRANK ELEAZER

WASHINGTON (UPI)—The lighter side of Congress:

Taxpayers no doubt will continue to be welcome on Capitol Hill, especially payers of poll taxes and other such obviously qualified voters. Starting Sunday, however, we will all have to be a little more careful.

Congress has just spent $1,800 to publish in The Washington Star 14 columns of new rules, in fine print, for our conduct while on the Capitol grounds. Violators, it is pointed out, may be fined $300 or sentenced to three months in jail.

Take the matter of running boards on automobiles. The lawmakers do not say where, or how recently, they have spotted any of these. They do say, though, that we can't ride on them anymore and get along with the congressional cops.

★ ★ ★

Under the new rules throwing a banana peel in front of a congressman, en route to answer a roll call, will be cause for fine or imprisonment. So will dropping tacks in the streets. Bicycle riders must quit speeding; no-hands bike riding, around Congress, hereafter is out.

It will still be all right to arrive in Capitol Plaza by motorcycle; but keep your wife off the handlebars. Confine her to the buddy seat, the new law prescribes, or leave her at home. Unless your horse is tied, don't leave your cart unattended.

It may be better all around if congressional visitors hereafter plan on arriving by car. Roller skates on Capitol Hill will now be verboten. Debarking travelers via scooter, kiddie car, velocipede or tricycle, the rules say, will be haled into court. Sledding also is now to be banned.

★ ★ ★

Zeake W. Johnson Jr., sergeant at arms of the House and a member of the three-man Capitol Police Board which acted for Congress in this matter, said the new regulations were imposed to modernize old ones. Much of the small type, therefore, has to do with automobiles.

It will be illegal hereafter to cruise the congressional driveways in a car equipped with TV, or one not equipped with the kind of muffler installed by the factory. Four headlights, as on the '58 models, are fine; but keep them adjusted.

If you drive on Capitol Hill your car's cowl lights, effective Sunday, must be amber or white; and if they glare, that's illegal.

The cowl lights we recall could not possibly glare; after a quarter of a century they probably won't even burn. Could it be Zeake and his friends have had a peek at the '59 models?

As you can see, there is never an end to the problems of Congress. This week's headaches included what to do about the Washington zoo. The zoo's main complaint was unwanted guests. Termites have invaded the zoo office. Building a new one, our lawmakers learned, will cost $452,000.

There was also the matter of tranquilizer pills for the bulls. These haven't been working so well. What the zoo wants us to buy is a bull-squeezer, at $900. This is a kind of trap whose sides close in on the bull, holding him still so the medics can treat him.

The lawmakers also were told we need a new house for the antelopes. These critters are tall. Their new house therefore will be high. Ditto the cost. Specifically, $712,000.

Congress also acts as mayor and council for the voteless city of Washington.

In performance of this onerous chore this week, Rep. D. R. (Billy) Matthews (D-Fla), was perusing songbooks in use by the local schools. He was saddened to find they had censored some of his favorite music: Namely, the folk songs of Stephen Foster.

Matthews says when Foster wrote about Mammies, Massas and Darkies, he wrote out of love and affection, not malice. He wants radio and TV networks, as well as the Washington schools, to quit rewriting these terms to read friends, brothers, and young folks.

Sometimes Matthews must think the fight is in vain. Last year he got a letter from the Trenton, Fla., Rotary Club, egging him on. The Trenton Rotarians, the letter said, liked Stephen Foster as written, pure and unadulterated.

More recently Matthews visited his Rotarian backers at Trenton. They asked him to lunch. They brought out their song books and asked him to join the singing.

There was Stephen Foster, all right. But in the original form? Not at all. Rejiggered, just like on radio, TV and in the Washington schools.

Alas for Matthews, the Rotarians hadn't noticed.

When a normal individual is resting, his heart contracts at a rate of about 70 times a minute.

Millions Spend on Recreation

Slump Woes Drowned in Swimming Pools, European Vacations

WASHINGTON (UPI) — Lo, the recession-ridden American. He is drowning his sorrow in a new wimming pool or flying to Europe to forget it all.

Naturally, the man who is out of work due to the business slump is not among the swimming pool customers nor is he taking his family aborad.

★ ★ ★

But millions of his more fortunate countrymen are planning to spend more on recreation this year than in 1957.

Pan American Airways reports that on the basis of current reservations more Americans will travel abroad this summer than ever before.

The airline people say new economy flights and pay-later plans are partly responsible for the increase. But even on the cheapest flights it costs a couple more than $800 to fly to Europe and back.

★ ★ ★

The Swimming Pool Institute reports that more private pools will be built this year than ever before. Sporting goods manufacturers also forecast that 1958 will break all existing sales records.

Retail sales of sporting goods in April jumped 21 per cent over March. May figures were expected to be even more flourishing. Florists, liquor retailers, and camera stores also report booming sales.

The American Automobile Association has estimated that domestic travel this summer should be appreciably higher than last year. For the entire year, it was expected to jump at least 10 per cent over 1957.

★ ★ ★

While this is going on, why are sales of automobiles, stoves, refrigerators and other durables suffering?

One answer came from a close economic adviser to the Eisenhower administration:

"We undoubtedly have many instances where a household is reluctant to commit itself to purchase of an expensive durable such as an automobile, but has the cash in hand to go on a vacation. A vacation, in most cases, represents current spending and not a commitment to installment payments extending over a great period of time."

Confidence Up About Economy

Feel Basic Soundness Winning Fight Against Recession Forces

By SAM DAWSON

NEW YORK (AP)—Confidence is rising today that the basic soundness of the economy is winning the fight against the forces of recession.

Upturns in some industries this month and the official figures on May showing gains in many sectors of the economy are helping to dispel the gloom.

★ ★ ★

At the same time, more soothsayers are stretching out their time tables when guessing the date of a general upturn. What they see just ahead is a long stalemate.

With employment and personal incomes gaining in May over April, with 64 million Americans having jobs and total wages and salaries increasing for the first time since the slump began, with retail sales rising from their March lows, some are asking now: "Where is the recession? How can anyone say there is one?"

★ ★ ★

The same official figures give the answer. Total employment went up in May. But employment in manufacturing plants continued to slide off 67,000 from April. Total wages and salaries rose by 700 million dollars at an annual rate. But in the manufacturing sector of the economy the long downturn continued, off 100 million dollars at an annual rate.

That is where the recession is.

Manufacturing, especially the making of durable goods for consumers and capital goods for industry, is where the recession has concentrated.

★ ★ ★

If you don't work in a factory affected by the slump, if you don't live in a community where factory payrolls are the major item in the area's economic life, then you may well say, "We see no recession."

But the over-all picture is a bit brighter today. The May and June figures are allaying the fears of many. The usual summer slump in industry may dampen some of this new enthusiasm.

South African Cyclist Spanked for His Mischief

JOHANNESBURG—A little boy fell from his bicycle after the truck he had been holding on to, in Johannesburg, South Africa, took a sharp turn.

★ ★ ★

As he got to his feet, a passing motorist ran up, took him across his knee and soundly spanked him. "You know why I did that? Because I love you!" the motorist said.

And the little cyclist, forcing back his tears, stammered: "Uncle Eric!" For the self-appointed champion of road safety was Eric Egan, who for five years has been hammering home the message of road safety to his listeners.

Buck Rogers' Space Ship Will Become a Reality

LOS ANGELES (UPI)—The fictional space ship that carried Buck Rogers into his comic strip universe is now on the draftsman's drawing boards in preparation for actual production, it was reported yesterday.

Kraft Ehricke, rocket expert of the Convair Division of General Dynamics Corp., said the government was interested in the proposed space ship his company has begun designing.

★ ★ ★

Ehricke refused to elaborate on plans for the ship in a speech to the American Rocket Society.

But he predicted that with nuclear power the United States could set up a research instrument station on the moon "within 10 to 15 years."

He said heh ad developed a system to land instruments on the moon by enclosing them in inflatable rubber containers which could be dropped on any part of the moon surface like a "bouncing rubber ball."

★ ★ ★

Landing units would be carried aloft in a lunar satellite, inflated and dropped toward the moon's surface. Reverse rocket thrusts would bring the gas inflated containers down "softly."

Rear Admiral John E. Clark, deputy director of the Advanced Research Project Agency, predicted a manned satellite would be fired into orbit by the United States in two or three years.

Reasoning power of a human crew is necessary to maneuver where the government wants the satellite to go, the admiral said.

★ ★ ★

"We must let the automatic instrumentation d owhat it can do better, and let man do that for which he is best qualified," Clark said.

Chinese First Taught Music in 2852 B. C.

HONG KONG—From the first recorded times, Chinese have regarded music as one of the greatest civilizing influences. It is repeatedly named in early Chinese history as the key to good government.

Legend has it that music was first taught to the Chinese people about 2852 B.C. by Fu-hsi, who is popularly regarded as the founder of China's civilization.

Glue Markers to Roads

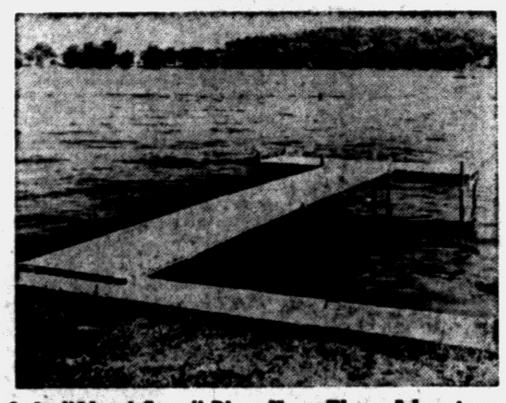

HANAU, Germany — A Hanau firm has developed a plastic material for marking roads. The maker says it can be glued to the street surface, needs no time to dry, does not fade or rub off, and is automatically cleaned by rain.

1936 Soap Box Derby Winner in for Surprise

ROCKFORD, Ill. (AP) — Anyone with information on the 1936 soapbox derby winner in Rockford is asked to get in touch with Attorney John F. McCanna who made a movie of the affair.

The winner is the star and McCanna wants to locate him so he can present him with the film. "He may have children by this time," says McCanna. "I am sure they would be very pleased to have this film."

Alaska May Become 49th State of Union

Last week's favorable House vote on statehood for Alaska has turned attention to this vast and largely unknown area of 586,400 square miles.

Extending for over 3,000 miles from Ketchikan on the southeast, bordering British Columbia, to Attu Island on the west, only a few miles from Siberia, and north above the Arctic Circle, the Territory has a small population of 213,000 and a varied climate.

★ ★ ★

The panhandle area down the coast west of British Columbia has a moderate temperature comparable to Philadelphia. West coast climate is much like that of Maine and the weather of the interior is similar to our northern middle west states. The northern two-thirds is semi-Arctic and Arctic.

Alaska's vast forests, comprising 21 million acres, are national reserves. A new pulp mill is operating in Ketchikan and it is estimated that this section has enough timber to produce a million tons of newsprint annually. This would supply about 15 per cent of U.S. consumption. The largest income at present is from fisheries.

★ ★ ★

What perhaps is not generally known is that the only tin mines in North America are in the Territory. Other minerals of strategic importance are to be found in great quantities as well as hard and soft coal. Three million acres are held under oil leases and there is every indication of an oil boom. Many water power sites await development.

★ ★ ★

Development of air transportation has played an important part in drawing attention to the wealth of Alaska. Eleven scheduled air carriers serve the area. Heretofore the main commerce artery has been by boat from Seattle. The Alaska Highway gave the country its first direct land route to the United States and a 3,500 mile highway system links its principal towns.

About $350 million of Alaska's $500 million income comes from U.S. Government spending on this western outpost on the Pacific. That, of course, would continue as part of our vital northern defense. Products which have come out of Alaska since its purchase from Russia in 1867 for $7 million, amount to more than 400 times the purchase price.

Able U.S. Delegation to Attend ILO Meet

A United States team representing labor and management and including 16 Government technicians is attending the International Labor Organization (ILO) conference in Geneva. The delegation includes seven employer and seven labor union members headed by Secretary of Labor MITCHELL and Assistant Secretary of State WILCOX.

★ ★ ★

Secretary MITCHELL made the opening address. COLA G. PARKER of the Kimberly-Clark Corp. again heads the employer group and RUDOLPH FAUPL of the machinists' union represents labor. Last year's efforts by the U.S. Chamber of Commerce, the National Association of Manufacturers and others to have the U.S. withdraw from the ILO have been abandoned.

★ ★ ★

One reason may be that Soviet Russia will be at the conference after a long absence. Communists no doubt will use this world forum as a sounding board for propaganda. The U.S. has no specific program to bring up in ILO because we already have standards of living and labor higher than in other parts of the world.

★ ★ ★

To counteract Communist propaganda, it is important that the U.S. makes its position clear on such subjects as racial discrimination and the economic recession and Secy. Mitchell has done so. We can point out, for instance that there are over 63 million employed and that our unemployed compensation pays the highest benefits.

★ ★ ★

It should be borne in mind that ILO recommendations are not binding on any government unless ratified by its Congress or Parliament. There is no commitment for any federal-state form of government to approve them.

THE American taxpayer, who is having to carry a considerable portion of it around on his shoulders, doesn't think it's a small world.

The Man About Town

Our Lakes, Hills

Force Road Planners to Do Some Artful Dodging

Friday the thirteenth: What happens only once in 1958, so you cannot use it again this year for an excuse.

Oakland County's numerous lakes and hills were a big problem for the survey for the new state limited access highway that is to cross it in a diagonal way. While largely parallel to the Dixie Highway, it is to go east of Pontiac, then swing westerly and cross the Dixie just northwest of Clarkston.

It will have few straight stretches of any length, on account of dodging the lakes and swings further away from the Dixie to dodge Mount Holly, which it will pass on the west side, the Dixie being on the east of that elevation.

It will traverse eight of our county's 25 townships: Royal Oak, Bloomfield, Pontiac, Waterford, Independence, Springfield, Groveland and Holly.

After a great amount of preliminary work, including some aerial surveys and photography, the route as definitely established is in accordance with the map recently published in these columns. It already has had a strong effect on real estate values along its route.

Another area resident,

Floyd Carleton

of Oxford, was born in a log cabin.

If you're interested in scouting, hiking or just the great outdoors, you should attend the dedication of

Chief Pontiac Trail

Saturday morning at nine o'clock at its start at the monument on Commerce Road on the northeast shore of Orchard Lake. In charge of the ceremonies,

Dan Murphy,

is chairman of Clinton Valley Council's committee, who have laid out the trail.

A shepherd dog, for many years a family pet at the home of

Mr. and Mrs. Eber Ashman

of Drayton Plains, brought up a live rattlesnake the other day, holding it by the neck, so it couldn't bite him. It had 10 rattles. He usually shakes snakes to death right where he finds them.

And Even if His Credit Rating Were Good—

David Lawrence Says:

Red Censorship Stymies Peace

WASHINGTON — Prime Minister Harold Macmillan of Great Britain has just stated the biggest single truth that can make the difference between world peace and another world war. He puts his emphasis on the word "trust" and declares it cannot be achieved between the West and the East until the Soviet government abandons its censorship of communications.

LAWRENCE

Here are Prime Minister Macmillan's exact words in his speech on Wednesday:

"I think there can be no real understanding and friendship between these two great divisions of the world until the Soviet Union has achieved sufficient self-confidence to abandon the control and censorship of communications.

"It is rather depressing to me that even now the Soviet government should think it necessary to spend so much time, effort, ingenuity and money on jamming the broadcasts from the Western countries. And as long as this kind of negative thinking prevails, there can be no great optimism about the prospects for a wide, more comprehensive settlement."

This, of course, is the root of the trouble — it's the perennial cause of misunderstanding and mistrust.

★ ★ ★

Since the news of what is happening inside the Soviet Union is censored and the people of that country are not permitted to read what is happening in their own government or in the governments abroad, there can be no solid basis for a peaceful relationship. Inevitably distortions will lead to the misunderstandings and miscalculation which so often in the past have brought on war.

Throughout the whole world today there is a demand by public opinion that every step humanly possible shall be taken to avert a war. Many persons have gone to lengths almost of fanaticism in arguing, for instance, that suspension of nuclear tests is a start toward avoidance of war. But this is a delusion.

The Soviet Union may prate about a desire to stop testing, but there are enough H-bombs already in its stockpile to destroy hundreds of millions of human beings if war does break out.

★ ★ ★

The misguided theory that suspension of the tests would be an effective beginning overlooks the adamant attitude of the Soviets toward any restriction or control by inspection that would ban the actual production of the destructive bombs.

Yet in America there are factions, some of them partisans, which have sought to make it appear that the United States is blocking peace because it doesn't want to agree to suspend nuclear tests without some controls on the production and use of H-bombs.

Many prominent Democrats have put themselves in the position of aiding the Soviet side of the debate by insisting that a suspension of nuclear tests alone is desirable, no matter whether any other agreements are reached.

Prime Minister Macmillan, however, who has to face in his own country the same kind of misuse of international issues for partisan purposes, takes the flat position that suspension of nuclear tests cannot be agreed to by Great Britain until it has full knowledge of atomic matters that now are withheld by the United States through an Act of Congress.

The Country Parson

"We'd never make farming pay if we lost the harvested grain along the way as freely as we do church members."

Dr. William Brady Says:

Give Thought to Dangers of Radical Tonsillectomy

In 1954, nearly a quarter of a million persons in England underwent the dangerous, usually unnecessary major operation, tonsillectomy. The record show that in a period of five years 190 children died from this atrocity.

DR. BRADY

I say atrocity is the right name for tonsillectomy.

In England this unnecessary major operation takes the lives of 40 children a year.

In Yankeeland probably many more children die from tonsillectomy — but here the ever-ready operators readily blame fatalities on incidental factors or unforeseen complications and so keep the unenlightened public from realizing that in any circumstance and in any hands dissection of a child's throat in the attempt to "get" every bit of tonsil tissue is indeed an atrocity.

HAVE THEM CLIPPED

For the children's sake I hope no ninnyhammer will infer from these remarks that I do not believe in any form of tonsil surgery. Surgery is the only adequate treatment for the child whose breathing or hearing or speech is obviously impaired by enlargement (hypertrophy) of the tonsils, in my opinion. By surgery I mean, of course, tonsillotomy—NOT tonsillectomy.

Tonsillotomy is a minor operation, as instantaneous as extraction of a tooth and just as safe. No more anesthetic is required than would be required for extraction of a tooth. It consists of clipping or slicing off the obstructing portion of tonsil, with the instrument known as the tonsillotome, guillotine or snickersnee.

Tonsillotomy was formerly the standard method of treating enlarged tonsils.

★ ★ ★

Here I'd like to remind parents of children with enlarged tonsils of the observation made by Dr. Wm. E. Barron of Addison, N. Y. As school physician he found many children with very large tonsils in the spring.

He recommended removal of the tonsils in several instances. The parents didn't do anything about it. In the autumn the doctor examined the same children again and was astonished to find that the enlarged tonsils had shrunk to normal size during summer vacation—when the children got enough sunshine on naked skin.

Don't mind my preachments, folks. But just for curiosity if you are concerned about your own tonsils or your children's please send me a stamped, self-addressed envelope for the pamphlet Tonsils Are Not All Bad.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1958)

Case Records of a Psychologist:

Crane Discusses His Frankness

Mark is a college professor who uses the latest aids for making his courses helpful. You readers may not realize that thousands of high schools, colleges and medical schools assign this column as collateral reading. And physicians from coast to coast use their office prescription blanks to prescribe various booklets offered herewith. Newspapers are thus blazing new trails in education!

By DR. GEORGE W. CRANE

Case Y-335: Mark T., aged 37, teaches Applied Psychology.

"Dr. Crane," he began, "I assign your daily column as collateral reading in my course in Applied Psychology.

★ ★ ★

"We use your textbook, too, but the newspaper column contains a great many clinical cases not found in your textbook.

DR. CRANE

"The students relish this combination, for they often learn how to diagnose problems in their own parents that formerly caused friction.

"But I want to compliment you, too, on the frank way in which you offer essential advice to teenagers, as well as to older married couples.

"My mother spent last winter with us and she said she wished your column had been available when she was a high school girl.

"Do you ever receive any criticism on what you say?"

WILLIAM WRIGLEY'S REMARK

Yes, I occasionally receive some caustic criticism, but not one per cent of the letters are of this nature.

★ ★ ★

However, that one per cent has caused an occasional old-fashioned publisher to cancel my column.

For example, a year ago an elderly publisher ordered this column dropped because I included the following single sentence in one of my marriage cases:

"Most divorces start in the bedroom, not the kitchen."

That is such an axiom among marriage counselors that you would wonder why anybody would complain.

★ ★ ★

But an elderly clergyman threatened to boycott the paper "unless that awful Dr. Crane's column was canceled at once."

This publisher happened to be a member of this church, so he dropped my column at once.

"Whenever two men in a business always agree," said the late William Wrigley Jr., "then one of them is unnecessary."

I deliberately try to stimulate readers to THINK. If they can marshal logical reasons to oppose what I say, well and good.

For a newspaper is a great "University in Print." It is supposed to stimulate progress and eliminate ignorance, as well as bias and false notions inherited from the past.

Before I launched this column, I was teaching psychology on our Evanston campus of Northwestern University.

I had a Ph.D. and was author of a widely used college textbook. But I decided the future "advice" columnists were going to need extra scientific preparation, so I arranged my teaching so I could handle night classes on our Chicago Campus, while I attended medical school all day.

★ ★ ★

In that manner I acquired my M.D. degree to supplement my Ph.D. in psychology. No other advice column combines medicine and psychology.

Thus, I can offer you readers the essential medico-psychological facts for preventing juvenile delinquency, divorce and even insanity.

Yesterday, for example, I gave you Martha's case of the irritable bladder, which is a common problem among American young people. It should help thousands of teenagers.

If this progressive newspaper did not release such scientific aids

to the more abundant life, most people would never learn these helpful facts.

The diversified "menu" which I offer in this column naturally wins the highest readership of any advice columns.

★ ★ ★

Leon Parkinson, editor of the Muncie Press, said his recent survey showed 91 per cent of women and 86 per cent of men followed this column faithfully.

That's a tremendous compliment to the cultural interests of readers, as well as a sterling argument to show the vast educational value of modern American newspapers.

No punches are pulled in this column. I don't give you the "runaround." This is a clinical column on helpful medico-psychological problems as valuable to college students as to their parents at home.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1958)

Voice of the People

Warns Motorists to Keep Car Lights Working Well

People buying new cars should check the lighting systems. It's amazing to see so many new cars with wiring errors that can be very dangerous. Most commonly seen is no tail or brake lights.

★ ★ ★

People who don't check such things not only risk their lives, but others. One headlight is of great concern because oncoming cars can't tell if it's on the right side of the road.

★ ★ ★

Police give tickets for such defects, but they can't spot them all. It's up to you, the motorist, to keep your lights in good condition. See that lights work properly before leaving a new car dealer's garage, and if you're not buying a new car, check your lights at home at least once a week. If they don't work properly, fix 'em.

Well Lighted Driver

'Trend Is Again to Big Family'

Teddy Roosevelt was one of the first big advocates of the large family. There's a move again in that direction. A physician recently stated every woman could well bear six children. That's more than the current average but the tendency is in that direction and away from the one and two children families which prevailed for a time. It's a healthy sign for the future. Who says six is too many?

Have Three Now

'Driving's Terrible Near Grade School'

I'm one of many Murphy Street residents who are petrified every time I see how cars are driven on this street. Besides the many children living on the street, it borders Webster School, and many children walk here on the way home, so it's of great concern to many people.

★ ★ ★

When children cross the street they should be able to do so in safety. The stop sign at Liberty Street is ignored so often that some day an innocent child will be killed. One night I counted 38 cars that didn't even slow down for this sign.

★ ★ ★

Does a child have to be killed before some of the idiots behind steering wheels obey traffic laws?

Furious Resident

'Execute Him Even Before Christmas'

The jury that condemned Starkweather did the only right and just thing. He doesn't deserve the privilege of life. In cold blooded massacre, he snuffed out lives of 11 innocent people. Is there any other logical punishment for this maniac besides death?

★ ★ ★

The blindness factor has no bearing on the case. Thousands of people are blind and won't see loved ones. They conduct themselves normally and sanely.

★ ★ ★

Citizens of this great country don't owe Starkweather a thing. He broke the law and the hearts of many, many families. He's certainly earned his punishment and citizens deserve rights of protection against a reoccurrence. He doesn't deserve to live until the week before Christmas. I say rid this nation of such a mad man immediately.

Press Reader

Reader Signs Off on Tree Issue

Well HHH, an amateur can second guess professionals because answers they come up with are sometimes less than brilliant. Go to the vicinity of Perry and downtown and you'll find it much less congested than a week ago, because masterminds are routing traffic by way of Mt. Clemens—the street they should have used instead of Perry.

★ ★ ★

Now if they'd cut a street through Mill street to Perry to Saginaw to Oakland, they could route traffic away from congested areas and still get them to parking lots on both sides of the city. Milton Cooney suggested that plan years ago.

★ ★ ★

All this started because I stated I hate to see Perry trees destroyed. Since reading the postscript of HHH's latest, I realize the tremendous responsibilities an editor has and withdraw all I said about tendencies to edit. Thank you for saving me from being torn to bits and I promise I won't bother you any more on this subject. You have a fine paper and I like it and I like Pontiac. There are some things called progress that I don't like. Thank you for allowing me space.

Glad I Live in Pontiac

'Was the Strain Just Too Much?'

I was at the graduation in East Lansing when Stevenson made his speech. I'll have to admit it was interesting, but couldn't he have refrained just that once from making snide digs at the present administration? After all, he hasn't even announced his intent to run yet.

Republican

(Editor's Note: The Press cannot publish letters of a personal nature or poems in Voice of the People.

(This includes letters of thanks to individuals for services rendered to the writers. We would like to thank all those fine persons who return purses or who give especially good care to hospital patients, but because of space limitations, we cannot do that. This should be done personally instead of as a public message.

(This also applies to letters commending business firms for special courtesy or service and to letters making complaints about trivial, personal experiences. Such matters are best taken up directly.)

Deaths in Pontiac and Nearby Areas

VIRGIL V. BARNES

Virgil Victor Barnes, 64, of 146 W. Rundell St. died suddenly yesterday in his home.

He was an employe of Baldwin rubber Co.

Surviving are his wife, Opal; a daughter, Mrs. Kathleen Hallman of Utica; three sons, James Irwin of Colorado Springs, Colo., George and Bill Irwin of Pontiac; eight grandchildren; five great-grandchildren; a brother and a sister.

Service will be at 2 p.m. Saturday from the Pursley Funeral Home with burial in White Chapel Memorial Cemetery.

GERALD T. JOHNSON

Prayer service for Gerald T. Johnson, 15 month-old-son of Gerald T. and Patricia Johnson of California was held at 2:30 this afternoon in the Melvin A. Schutt Funeral Home. Burial followed in Mt. Hope Cemetery.

Gerald died Monday at his home in California. His body was brought here yesterday.

MRS. BESSIE COUTTS

LAPEER — Service for Mrs. Bessie Coutts, 78, who died Thursday at Suncrest Convalescent Hospital, will be held at 2 p.m. tomorrow at Muir Brothers Funeral Home. Burial will be in Stiles Cemetery.

JOSEPH M. ARBAUGH

LAPEER — Service for Joseph M. Arbaugh, 35, of Piqua, Ohio, who was killed yesterday in an auto collision near Lapeer, will be held at 2 p.m. Sunday at Baird Funeral Home. Burial will be in Mt. Hope Cemetery.

A former Lapeer resident, Mr. Arbaugh was a member of Lapeer Lodge 54, F & AM; Lapeer Lodge, Royal Arch Masons; the Lapeer Lodge 146, OES, Bay City Consistory; and the Green Street Methodist Church, Lions Club and Toastmasters Club, all of Piqua.

Surviving are his wife, Eileen; stepson, Edwin Connor, and his parents, Mr. and Mrs. E. M. Arbaugh, Lapeer.

★ ★ ★

Also surviving are six brothers, including his triplets, James of Lapeer and John of Detroit; Donald and Clyde, also of Lapeer; Floyd of Mio; Merle of Detroit; four sisters, Mrs. James McMullen, Mrs. Wesley Kries and Mrs. Laurel Carlson, all of Lapeer; and Mrs. Raymond Pratt of Dearborn.

REV. U. G. OSTRANDER

DAVISBURG — Service for the Rev. U. G. Ostrander, 88, of Juddville, a former Davisburg resident, will be held at the Juddville Methodist Church Saturday at 2 p.m. Burial will be at the Linden Cemetery.

The Rev. Ostrander died Wednesday in Maclaren Hospital, Flint, after an illness of several weeks.

He had served as minister of the Davisburg Methodist Church before retiring. Surviving are his wife, Anna; two daughters, Mrs. Zada Lobb of Linden and Mrs. Leone Shelley of Flint; seven grandchildren and 13 great-grandchildren.

JOHN A. SKWIRSK

NORTH BRANCH — Service for John A. Skwirsk, 62, a former resident of North Branch Township who died Wednesday in the Lapeer County General Hospital, will be held at 10 a.m. tomorrow at St. Peter and Paul Catholic Church in North Branch. Burial will be in St. Peter and Paul Cemetery.

A retired farmer, Mr. Skwirsk had made his home with his son, Gerald, in Lapeer for the past six months.

Also surviving are eight other sons: John and Stanley of Wayne, Harold, James, Francis and Joseph, all of Lapeer, William of Imlay City and Carl with the U. S. Army in Germany; seven daughters: Mrs. Kathryn Byrd, Mrs. Lillian Chandler and Mrs. Marian Scrimger, all of Wayne, Mrs. Dorothy Newman of Warren, Mrs. Charlotte Wilhelm of Eureka, Ark., Miss Margaret of Flint and Miss Elizabeth of Lapeer.

He also leaves his mother, Mrs. Mary Miller of Dearborn; three sisters, one brother and 17 grandchildren.

LESLIE J. WALKER

MARLETTE — Service was held yesterday at Blanchard Methodist Church for Leslie J. Walker, 58, of Marlette. Burial was in Decker Cemetery.

Mr. Walker died unexpectedly Monday.

Surviving are his wife, Nettie; two sons, Erwin L. of Grand Rapids, Earl H. of Spokane, Wash., and one brother.

Deaths Elsewhere

By THE ASSOCIATED PRESS

FREEPORT, Maine (AP) — John T. Godfrey, 36, who claimed to be the nation's second ranking World War II flying ace, died Thursday. He was stricken with amtotrophic lateral sclerosis, a fatal disease, in 1956. Godfrey claimed 36 kills but the Air Force credited him with 29. The late Major Richard I. Bong held the record with 40 kills. Godfrey was born in Rhode Island.

★ ★ ★

NEW MILFORD, Conn. (AP)—Dr. Margaret Stanley-Brown, 64, a surgeon and a granddaughter of President James A. Garfield, died Thursday. Her mother, the late Mrs. Mary Garfield Stanley-Brown, was the daughter of President Garfield.

★ ★ ★

HUDSON, N. Y. (AP)—Dr. Alfred Einar Sherndal, 72, chemist credited with developing atebrine, died Thursday. Atebrine, a synthetic substitute for quinine, which is used in the treatment of malaria, was of prime importance during World War II for protecting U. S. troops fighting in the tropics.

★ ★ ★

WASHINGTON (AP)—Dr. Edward J. Stieglitz, 58, an authority in the study of aging, died Thursday of a heart attack. He was born in Chicago and had been practicing in Washington since the late 1930s.

★ ★ ★

MIAMI, Fla. (AP)—Eugene H. Hinton, 59, executive sports editor of the Miami News, died Thursday of an apparent heart attack.

★ ★ ★

BUFFALO, N. Y. (AP)—Anton William (Tony) Wurzer, 53, veteran sports reporter for the Buffalo Evening News, died Thursday of a heart attack.

★ ★ ★

OBERLIN, Ohio (AP) — Dr. George D. Hubbard, 87, head of Oberlin College department of geology and geography for 26 years, died Wednesday. After retirement from Oberlin in 1937, he taught at Harvard, Kentucky and the University of Missouri.

★ ★ ★

SALT LAKE CITY (AP)—Frances Elliott Clark, 98, pioneer in music and education, died Thursday. She was credited with first developing recorded music in music education in the Milwaukee public schools in the early 1900s. Mrs. Clark, one of the organizers of the National Federation of Music Clubs, was born near Angola, Ind.

Hold Service Today for Clyde Hacker

LAKE ORION—Service for Clyde W. Hacker, 70, 122 Shadbolt St., will be held Monday at 11 a.m. at the Flumerfelt Funeral Home. Burial will be at Evergreen Cemetery.

Mr. Hacker, founder and owner of the Hacker Shoe Store, died Thursday at his home after a six months illness.

He was a charter member of the Lake Orion Rotary Club, former treasurer and secretary of the Lake Orion Merchants Softball League and former ABC and state tournament match bowler.

★ ★ ★

Surviving are three sons, Harry and Robert L., both of Lake Orion and Clarence of Oxford; a daughter, Mrs. June Herb of Pontiac; a brother, Carl of Detroit; three sisters, Mrs. Ruby Schalter, Mrs. Edna Yancey and Mrs. Edith Mathey, all of Detroit, and five grandchildren.

10 Pct. More Tourists Visit Utah on Vacation

SALT LAKE CITY — Utah's tourist and Publicity Council reports that there was an increase of 10 per cent in the number of tourists visiting the state during 1957, but a gain of only 5 per cent in spending.

Tourists apparently did more camping out and sleeping in cars, the council said.

Fleet of U. S. Tankers Drops by 13 Vessels

WASHINGTON—According to the American Merchant Marine Institute, the United States tanker fleet totaled 328 vessels of 5,782,113 tons at the start of 1958 compared with 341 vessels of 5,848,491 tons at the beginning of 1957.

This represents a net reduction of 13 vessels and 66,000 tons during the year.

30,000 Trucks Get Mail

WASHINGTON — About 30,000 truck are used daily to collect letters from the more than 400,000 mailboxes on street corners all over the United States.

Dog Has Right of Way

ALBANY, N. Y. — A New York State law requires that the right of way be given to a pedestrian with a guide dog, regardless of traffic signals.

Women Know They're OK, Like to Hear It

By HAL BOYLE

NEW YORK (AP)—It has come to my attention lately that some men are having trouble with women—and don't know why.

★ ★ ★

In my lifetime, taking it as it goes, it has appeared to me that there are only two ways to deal with women, girls and widows:

1. Go outdoors adpoint out the stars to them.

2. Stay indoors and tell them about the stars.

★ ★ ★

Women have a strange sense of truth.

They can be sharp as a tack in a business operation, but they are eternally vulnerable to flattery. They will even consciously pay for it to bolster their ego.

An honest man can look at himself in the mirror and know that he isn't desirable. It is the rare, rare woman who can do this. No woman, though her face could startle a nervous rooster into laying an egg, is without a conviction of personal beauty.

★ ★ ★

A man hesitates to be handsome. A woman demands to be pretty. And in a way she can. By being desirable and thinking of herself as desirable, she can enforce this concept of at least partial loveliness.

The ugliest woman has a passion to be admired and desired, not for her character but for her physical charm.

★ ★ ★

The whole art of dealing with women is one of perpetual adoration, emphasized by departure.

Put your best girl on a pedestal, then walk away from her. The rest of her life she will gratefully pursue you with both of her clay feet.

Never turn back.

New Zealand's place in the world economic setup is largely supported by the cow and sheep industry.

Old Rome Colosseum Ruled Out for Olympics

ROME (INS) — Rome's ancient Colosseum has been ruled out for use during the 1960 Olympics.

The Superintendent for Monuments has vetoed use of the arena for the holding of wrestling events during the Olympics. Reason: conversion of the Colosseum into a sports arena would be esthetically offensive.

More Come to Prison

WETHERSFIELD, Conn. (UPI) —Deputy Warden Alvin C. Gillette said the population of the State Prison here reached a record-high of 915.

Rubber Substitute in '26

NEW YORK — Thiokol, the first United States commercial rubber substitute, was introduced in 1926.

Seeks Answer to Mosquitoes Biting Humans

OTTAWA (AP) — The Canadian Defense Research Board is now in the second year of a five-year program to find the answer to the itchy question of what makes a human being so palatable to mosquitoes.

"It's too early to say whether we'll have any luck," says entomologist Ian Lindsay, chief of the board's environmental protection section.

★ ★ ★

The work is being carried on with government grants at Canadian universities.

The problem is far more than just a nuisance to the armed forces. It has been shown, for instance, that an aircraft maintenance job in the open can take twice as long as normal when swarms of mosquitoes or black, horse or deer flies are present.

Lindsay says the armed forces now have a repellant of some four hours' duration but the services are looking for a repellant of much longer duration.

★ ★ ★

Mosquitoes appear to be attracted to humans by body odors. They seem to prefer whites to darker-skinned humans. Eskimos and Indians are largely immune to the mosquito.

Light-colored clothing is better than dark, but it must be heavy or loose enough to prevent the mosquito biting through it.

In Atami, Japan, is a circular hotel which slowly turns on a central axis so that you get a different view everytime you look out your window.

'Yaking' Ladies All Talked Out; Champ Crowned

FAYETTEVILLE, N. C. (AP)—Somewhere the sun is shining, and somewhere children shout;

But all is quiet in Fayetteville, for the ladies are all talked out.

Once there were seven of them. That was June 2, when a home appliance store promoted a contest to crown the talkiest woman. The prizes were $1,500 in appliances.

One at a time, they've all had their say. Originally the record was 26½ hours of nonstop talking. Each contestant upped it.

Mrs. Frank Williams, the last regular contestant, won $1,000 worth of first prizes with a monologue of 38 hours, 41 minutes and 50 seconds.

That brought on Fayetteville TV personality Ernie Eye, mother of four who is hostess for a teenagers' show. She beat the record and kept going—for as long as she could, she said, or as long as donations kept coming toward a teen town for her TV fans.

Like the other contestants, Ernie had a 2½-minute break each hour, plenty to eat and could go anywhere the 60-foot microphone cord would permit. Her husband, Army Col. Thomas P. Iuliucci is stationed in Korea.

Ernie, an attractive blonde, croaked to a halt last night after 53 hours, one minute and 40 seconds. "I'm pooped," she observed.

The amount of the donations had not been determined.

Weigh Cutting Trooper Force

State Senate, House Deadlocked Over Bill to Provide Funds

LANSING (AP) — With the jobless pay issue out of the way, the knotty problem still facing the legislature today was whether to risk a cutback in the State Police force.

Involved in a deadlock over the same appropriation bill for 1958-59 operations was a decision on wiping out the State Safety Commission by cutting off its funds.

Senate-House conferees on the issue, nominally $516,000 apart on police spending have been at loggerheads for two months.

Rep. Harry J. Phillips (R-Port Huron), captain of the House bargaining team, vowed last night he wouldn't yield a "single dollar" from the House position for leaving the police force intact.

GOP majority senators, who have methodically cut other agencies in their austerity budgeting, indicated some willingness to retreat, but not all the way.

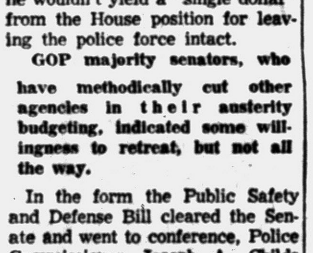

In the form the Public Safety and Defense Bill cleared the Senate and went to conference, Police Commissioner Joseph A. Childs said it would force him to lay off 100 troopers, and provided nothing at all for the safety agency, which received $25,000 for the current year.

Brazil Ranks Seventh

RIO DE JANEIRO — Brazil is the seventh most populous country in the world. The first six are China, India, the Soviet Union, the United States, Japan, and Indonesia.

Americans Receive Hostile Treatment in Caracas

By LARRY ALLEN

BOGOTA, Colombia (AP)— It's only 781 air miles between this capital city of Colombia and Caracas, Venezuela, but they are worlds apart in the treatment accorded U.S. citizens.

Here there is warmth, sympathy and friendliness. In Caracas there is coolness that borders upon open hostility.

★ ★ ★

A passenger alighting here walks through two lines of smiling, blue-uniformed customs guards into the airport administration building. Passengers are informed over a loudspeaker: "You will pass through in just a moment, please, after immigration and customs formalities. While you are waiting, this is to welcome you to Colombia. Please have a cup of our fine coffee."

A white-jacketed boy immediately starts serving coffee—backbone of this nation's economy.

★ ★ ★

There's a quick look at passports and health cards and the passenger is ushered into the baggage reception room. Each passenger opens his suitcase but rarely does a customs official touch any of the contents. There's merely a glance and a smile, the traveler is on his way.

The whole process averages from 5 to 10 minutes, a far cry from what happens to the passenger—particularly a North American—who lands at Maiquetia, the airport for Venezuela's capital city of Caracas.

Soldiers and national guardsmen, wearing steel helmets, carrying rifles, pistols, or even submachineguns, are on guard at Maiquetia. They bunch all passengers together and lead them to the airport administration building.

Then comes the long wait—45 minutes to two hours or more—before a traveler is called to present his passport and health card.

★ ★ ★

Every passport and health card is rigidly inspected. At another desk a Venezuelan, with a soldier looking on, flips through the cards in a filing cabinet, just to make sure no enemy of the state is trying to enter. After that, there's a rush by passengers for another room where 6 to 10 Venezuelans are typing out entry index cards. Here the wait can easily run into an hour.

Then, if a passenger doesn't have any Venezuelan money, he has to stand in line to wait unless he gets some.

★ ★ ★

Finally, he pushes through soldier-guarded doors into the baggage room where Venezuelans take their time about locating and delivering baggage. Once suitcases are opened, the customs employes usually rummage thoroughly through contents. When this is over, a customs employe slaps a stamp on baggage but it gets another scrutiny by an armed soldier who finally clears luggage to be taken out to a taxi, or private car.

The traveler then gets his first introduction to prices in Venezuela—the highest anywhere in Latin America, and topping peak prices in the United States.

Taxi drivers take passengers into Caracas—12 miles away—for the equivalent of 10 or 12 U. S. dollars. But if the driver believes you are a North American the price shoots up to $15.

Rarely does any Venezuelan give an American a smile, or say "thank you" when he is tipped. The American usually receives hostile stares or studied indifference.

Americans, other foreigners, and Venezuelans not only have to get exit visas to leave, but they don't owe any income taxes or any debts.

All this is in marked contrast to what happens in Colombia. Whenever you want to leave this country, all you have to do is to buy a plane or ship ticket, and have a visa for wherever you are going.

Here there's a smile from hotel employes, Colombians on the street, and an eagerness to be helpful and understanding. And Colombians say "thank you."

Venezuelans joined Communist-inspired mobs which spat upon and stoned U. S. Vice President Richard M. Nixon and his wife during their good will visit in Caracas May 13.

Venezuelans feel, too, that their lush prosperity, born out of U. S. and British-Dutch firms developing the gigantic oil deposits, should not be impaired because the United States has restricted imports of oil from Venezuela.

There were minor anti-American demonstrations in Bogota, too, when the Nixons came, but here was no stone throwing or spitting upon the nation's guests.

Test Educational TV

AUGUSTA, Me. (UPI)—The education department of the State of Maine will experiment with educational television in the next academic year. Three commercial television stations have agreed to carry a weekly music instruction course during school hours starting in September. Television sets will be installed in classrooms in towns whose schools have no regular music teacher.

New Decision Favors Buyer

State Supreme Court Throws Out Old Rule of 'Consumer Beware'

LANSING (UPI)—A 116-year-old rule of law was ended in Michigan today by a split Supreme Court decision which makes manufacturers liable to consumers for their products.

The high court, in a 5-3 split, yesterday shattered a "general rule" which goes back in legal history to an English court in 1842 to add another new principle to the court's growing list of precedents.

In the past a consumer could sue a manufacturer for a faulty or dangerous product only if the product was purchased directly from the manufacturer.

If the product was purchased at retail, the consumer could only sue the retailer and the retailer in turn, sue the manufacturer.

But a case brought by a Three Rivers woman upset all that.

Through the years the principle had been whittled down by a host of judicial exceptions which have been made to it, particularly in fields where the products could cause physical harm to the consumer.

"The exceptions were, in truth, much like the boa constrictor swallowing itself until the exceptions devoured the rule," said Supreme Court Justice John D. Voelker in the majority opinion.

Court officials said they believed Michigan was taking the lead in upsetting the rule in its entirety instead of just amending it to suit the particular case.

Business Advice: 'More Hard Work'

NEW ORLEANS (AP)—Dr. Kenneth McFarland, educational consultant for General Motors, says U. S. business needs less outside help and more hard work and salesmanship.

In a speech at the annual meeting of the American Assn. of Petroleum Laudmen, McFarland said yesterday Russia got the jump on the United States by using our system of free enterprise.

★ ★ ★

He said the Russians have their advances by using incentives, awards and other democratic achievement boosters.

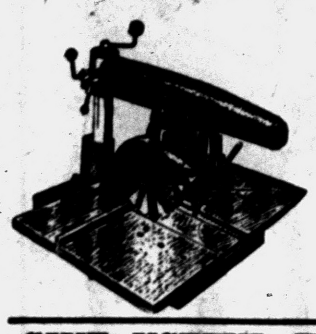

The generation of Americans that grew up in the 40s are used to having the "potatoes dig themselves" and they need to be convinced that "you have got to get out and sell" to make business work.

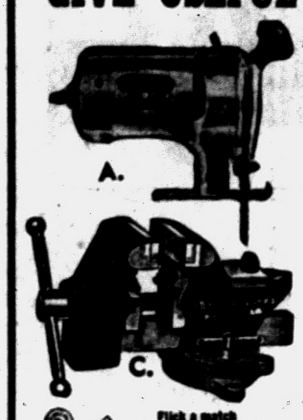

★ ★ ★

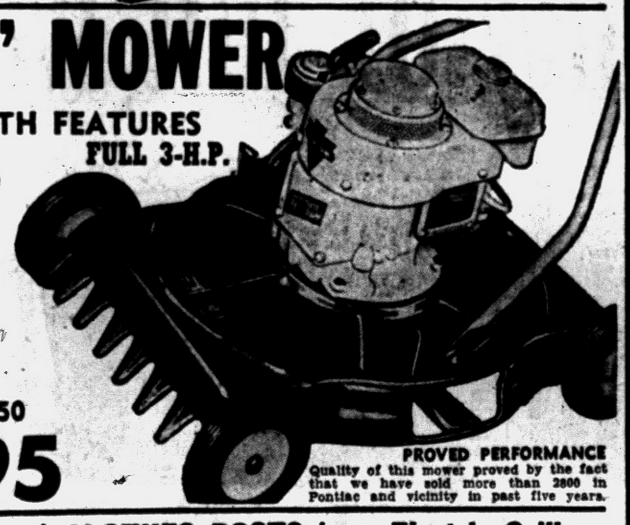

However, he said, the younger generation has not only shown the ability to sell, but would welcome the opportunity if it was only shown that this is the American way.

In 1952 the U.S. National Park Service sent 40 cuttings from the cherry trees in Washington, D.C., back to Japan because so many Tokyo trees had been cut for firewood during the war.

CAR IN AN ATTIC — Evidence of a storm's fury is this unrecognizable mass of steel, cloth and glass which once was an automobile. It was hurled for over a block and plunged through the roof of a house at El Dorado, Kan., by a tornado which roared through the town Tuesday.

Union Buys Buildings to Help Hat-Makers

NEW YORK (AP)—A labor union has bought a 1½-million-dollar building and taken a two-million-dollar mortgage on another to try to keep hat-makers from leaving New York City.

★ ★ ★

A spokesman for the United Hatters, Cap and Millinery Workers, said yesterday the money for the buildings came from the $12,891,000 reserve in the union's insurance and retirement funds.

Marx Lewis, union secretary-treasurer, said the organization feared the buildings would be converted to other uses, forcing millinery manufacturers to scatter their operations.

★ ★ ★

He said the two buildings house manufacturers producing more than 30 per cent of the nation's output of women's hats.

Nevada has about 400 acres for each inhabitant.

Stranger Among Friends —Haircut Too Much?

KANSAS CITY (AP)—A Kansas City family took their nine-year-old cocker spaniel, Tar Baby, to the veterinarian for a summer haircut.

★ ★ ★

When the head of the house brought the shaved black dog home, she didn't act right at all. She failed to greet the two cats and she wasn't interested in her favorite bed on the drapes. The family decided the shock of the shaving had been too much for her.

★ ★ ★

But when the veterinarian called a couple of hours later, they found another reason. They had the wrong dog.

Forests Cost Plenty

WASHINGTON — It cost American taxpayers some $3,000,000 to clean up the National forests in 1957.

Voltage Induces Sleep

NEW YORK — A Moscow clinic is using low-voltage doses of electricity to put patients to sleep, according to the publication, Electrical World. By means of a new instrument, electrodes are put on the patient's eyes (negative pole) and neck (positive pole) and low voltage passes through, inducing sleep.

The average American rail tank car holds 8,000 gallons.

Summer Classes Start June 23

MSU Offers Courses in Area

Pontiac area residents will be able to enroll in courses this summer offered by Michigan State University.

Class will be offered in Pontiac at the Webster Elementary School, at Camp Oakland, near Oxford and Cranbrook Institute of Science, Bloomfield Hills.

★ ★ ★

In the first session, June 23-July 3, two courses will be held at Webster. They are: TE 305, Elementary School Curriculum, and TE 444, Special Methods and Material of Teaching Science, both Monday through Friday from 8 to 11:30 a.m.

During the same period, TE 499, a workshop in using Museum Resources in Teaching will be held at the Cranbrook Institute of Science, from 8-11:30 a.m., Monday through Friday.

The following is a list of the other courses to be offered at Webster. All are three credit courses and can be taken as graduate work.

June 24-July 29:

AES 464—The Teacher and Administrative Leadership, 7-10 p.m., Tuesday and Thursday.

FE 404b — Individual Measurement and Appraisal, 7-10 p.m., Tuesday and Thursday.

Soc 437 Culture and Personality, 7-10 p.m., Monday and Wednesday.

★ ★ ★

July 7-18:

TE 309 — Diagnosis of Reading Difficulties, 8-11:30 a.m., Monday through Friday.

TE 499—Workshop in Elementary Science Education, 8-11:30 a.m., Monday through Friday.

★ ★ ★

July 21-August 1:

TE 499—Workshop in Reading Methods, 8-11:30 a.m., Monday through Friday.

★ ★ ★

Interested residents may register for all of the above courses at the first or second class sessions.

Another course, to be taught at Webster will be TE 499, a Workshop in Children's Experience in Creative Learning.

Dr. Edith Roach Snyder, principal, will teach the six credit course July 7 through August 1 from 8-11:30 a.m., Monday through Friday.

Because this class will be limited to 25 persons, registration must be made in advance to Dr. Ted Ward, MSC-Pontiac, 40 Patterson St., Pontiac. The tuition is $54.

★ ★ ★

Application to the courses to be offered at Camp Oakland must be mailed to the Dean, College of Education, MSC, East Lansing.

The courses to be offered there are from June 23 through August 23. They are:

AES 424—Problems in Education, Guidance, six credits, meetings to be arranged.

AES 453—Counseling Tools and Techniques, three credits, 9-10 a.m., Monday through Friday.

AES 499—Workshop in Guidance, three credits, meetings to be arranged.

FE 419 — Mental Hygiene of School Children 8-9 a.m., Monday through Friday.

See Senate OK Defense Plan

Solons Predict Passing of Ike's Bill Today in Watered-Down Form

WASHINGTON (AP)—Two influential leaders predicted today that the Senate will approve a defense reorganization plan in about the form it passed the House yesterday by a 402-1 vote.

★ ★ ★

"I think, we'll give President Eisenhower all the powers that a president should have to act as our commander in chief," Sen. Richard B. Russell (D-Ga) said in an interview. He is chairman of the Senate Armed Services Committee.

★ ★ ★

Sen. Styles Bridges (R-NH), senior GOP member of the Armed Services Committee, agreed in a separate interview, saying:

"We will not accomplish everything the President wants but I think we can reach a common ground that will be acceptable."

★ ★ ★

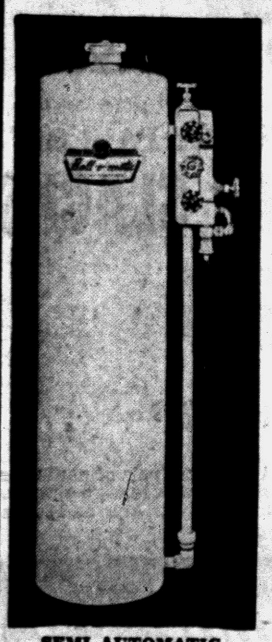

As passed by the House, the bill would give the secretary of defense greater authority over unified combat commands. It also would strengthen the Joint Chiefs of Staff and centralize weapons research and development under a single director.

★ ★ ★

While saying the bill generally is acceptable to him, Eisenhower urged changes in three sections that he said would hamper streamlining operations or permit "legalized insubordination."

But House Democrats, joined by a few Republicans, dealt Eisenhower a stinging defeat yesterday in rejecting four moves to bring the reorganization bill closer in line with his wishes.

pail after pail after pail . . .

there's always plenty of hot water

the new electric water heater way

House cleaning is so much easier, so much faster when there's plenty of hot water.

You can be confident that an electric water heater, plus Edison's Super Supply Plan, will provide round-the-clock hot water for cleaning and all the rest of the family's needs, too.

Here's the most convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as $3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Fast—new, more efficient heating units
- ☒ Install anywhere—need not be near a chimney
- ☒ Outer shell—cool to the touch all over
- ☒ Automatic—all the time
- ☒ Safe—clean—quiet—modern
- ☒ Long life—meet Edison's rigid standards
- ☒ Edison maintains electrical parts without charge

SERVES SOUTHEASTERN MICHIGAN

UPI Photo

PRODUCTION LINE — Six Chesapeake Bay retriever pups found themselves in dire circumstances in Azusa, Calif., when their mother died during their birth. Mr. and Mrs. W. J. Goldston, their owners, constructed the feeding device shown above. Suzy, Duke, Pat, Mike, Radar and Queenie find it an acceptable substitute for the real thing at meal time.

Grand Haven Remodels Main Street Into Mall

GRAND HAVEN (AP) — Long a mecca for beach visitors, Grand Haven has turned its main street into a greenery-planted mall for the benefit of downtown shoppers.

The 10-day experiment starting today bans autos, horses, bicycles, roller skates or any type of vehicular traffic from a two-block stretch of Washington Street.

Leisurely shopping is the goal of "Projection 60," so named because its sponsors hope to make it a permanent fixture by the 1960s.

The $5,000 cost of decorating the mall with 200 shrubs and trees, 1,469 flowering plants, play areas for children and installation of recorded background music was borne by 59 merchants representing 37 business places.

It follows a similar project tried last fall in Springfield, Ore.

Off-street parking has been provided at lots behind nearby stores.

Motor traffic is routed around the shopping mall by a system of one-way streets. The detour is an innovation for most out-of-town visitors who usually travel Washington Street before reaching the beach area.

Fifth Set of Twins Greets Family, Now 10

ERIE, Pa. (AP)—Twins average only once in every 87 births but Mr. and Mrs. H. L. Scully of Erie make the odds look bad.

They had their fifth set of twins June 5.

Scully, 41, branch manager for Bearing Inc. in Erie, and his wife, Betty, celebrated their 12th wedding anniversary Sunday. They have 10 children with the new set of twin boys.

Boy Shoots Father Following Quarrel

PITTSBURGH (AP)—A suburban Bethel Borough man was shot to death early today by his 13-year-old son who told police the father had beat him and lighted matches under his fingers.

★ ★ ★

John Kohle Sr. 40, a crane operator in a Pittsburgh plant, was killed by four bullets fired into his back from a .32 caliber revolver.

Bethel Police Chief John Miskunas quoted John Kohle Jr., as saying he shot his father following an argument over some missing shotgun shells when the boy returned home late from his paper route. The father went out, but continued the argument in the boy's bedroom on his return.

★ ★ ★

"The boy said his mother made the father stop beating him," the chief said, "but he told me that his father came back to his room a short time later and held lighted matches under his fingers, trying to make him confess to stealing the shotgun shells."

Miskunas said the boy then reached under his pillow for the gun and fired.

Detectives said the boy would be turned over to juvenile authorities.

Nagoya China Famous

NAGOYA, Japan — The home of Japan's cloisonne and porcelain industry is Nagoya, Japan's fourth largest city. It produces about 70 per cent of the country's chinaware and also manufactures 85 per cent of Japan's woolen goods. Among its other specialties are lacquerware, clocks, toys, and fans.

Test Your Emotional Stability:

Can You Change, Take Frustrations?

ROCHELLE PARK, N.J. (AP)—If you want to find out how grown-up you are emotionally, here's a test.

Following are seven qualities listed by Dr. William C. Menninger of Topeka, Kan., a noted psychiatrist, as criteria of emotional maturity.

★ ★ ★

1. Can you change? Which implies the abandonment of solutions learned in childhood.

2. Can you accept frustration for future gain? Compromising rather than running away or fighting.

★ ★ ★

3. Can you find more satisfaction in giving than getting? A reversal of the infant role, which has only demands.

4. Can you meet stress without disabling symptoms?

5. Can you direct your anger into conservative outlets?

6. Do you have the capacity to love? Which the doctor says is the only neutralizer of hate.

7. Can you relate to people in a consistent manner? Or do you switch from friendliness today to hostility tomorrow?

★ ★ ★

Menninger, general secretary of the Menninger Foundation in Topeka, advanced the list in a speech before the Bergen County Mental Health Center.

AF Mechanic Steals Bomber

Crashes to His Death in England After Taking Off on Mystery Flight

HUNTINGTON, England (AP)—A U. S. Air Force mechanic stole a bomber plane early this morning and zoomed off alone on a mystery flight. He crashed to his death a few miles away in the kind of mishap that gives the British the jitters.

Left-wing leaders here insist that the presence of American bombers armed with nuclear weapons adds to the island's dangers—that someone might go berserk or accidentally drop one of the atomic bombs on Britain.

★ ★ ★

The plane that crashed this morning carried no bomb of any sort. A hurried announcement from the headquarters of the 3rd U. S. Air Force assured Britons that the plane was not combat-ready.

The Air Force said it was an obsolete Tornado light bomber, one of the last two in use at the U. S. air base at nearby Alconbury.

Just what prompted the runaway flight was not known. The Air Force said the plane was piloted by an airman who had no instruction in flying.

The plane sped off the runway at Alconbury shortly after midnight. It gained altitude, banked to the right and crashed almost immediately into a railway line.

The crash cut the tracks used for the overnight express between London and Scotland, delaying service four hours.

★ ★ ★

The runaway crash came only 10 minutes after another accident involving another U. S. Air Force plane from Alconbury—a collision in flight between an American jet trainer and a Royal Air Force Canberra bomber. Two Americans and two Britons died in that crash.

Names of all three dead American airmen were withheld until their families could be notified.

Marine Hat Emblem Returned to Colonel

CAMP PENDLETON, Calif. (AP)—A Marine Corps hat emblem has been returned to Col. Charles S. Todd 16 years after he lost it when he was taken prisoner by the Japanese on Guam in 1941.

The emblem was found by Maj. R. G. Gilmore, then a platoon leader, when the island was retaken by U. S. forces in 1944. He learned at a social gathering here late in 1947 that the emblem had been lost by Todd and returned it to him.

They Remarry at the Bedside of Sick Son

GLENDALE, Calif. (AP)—Donald Rose and Virginia Rose stood by the bed of their 5-year-old son, Donny, as a minister reunited them in marriage.

But it was Donny who reunited them in spirit.

★ ★ ★

His father was working in Fort Wayne, Ind., when he learned Donny had been struck in the left eye by a shard of pottery and might lose sight in the eye. He flew to Los Angeles.

Donald and Virginia had been divorced two years. But as they prayed together at Donny's bedside they realized they belonged together.

★ ★ ★

The boy won a 1,000-to-1 chance—an operation was successful and the eye was saved. Last night, in his room at Glendale Memorial Hospital, Donny won something else: a father.

Mrs. Rose, 37, sniffled as Dr. L. W. Faulstick, her Lutheran pastor in nearby Highland Park, performed the ceremony.

Donny's physician, Dr. Orrie Ghrist, was best man.

★ ★ ★

For Donald Rose Sr., 32, the ceremony ended two long, lonely years. He's going back to Fort Wayne for his things. Then he'll move here to rebuild his family life.

"Before, it seemed we were incompatible," he said. "There wasn't any one big reason for our divorce. I guess it was a case of nerves and misunderstanding."

★ ★ ★

What about the future?

"We have to stay together," he said. "If anything else comes up, we'll just straighten it out, that's all."

Donny's sister, Melodie, 7, watched as her parents were rewed. Mrs. Rose's daughter by a previous marriage, LaVonne Armstrong, 18, was maid-of-honor.

★ ★ ★

Donny's injured eye was unbandaged last Monday and he exclaimed: "Mommy, I can see." But the doctors ordered the bandage replaced, at least for a few days to avoid chance of infection.

After all the excitement Donny wanted a nap. He touched his bandaged eye.

"The sandman put too much sand in my eye," he said.

Links Pakistan, U.S.

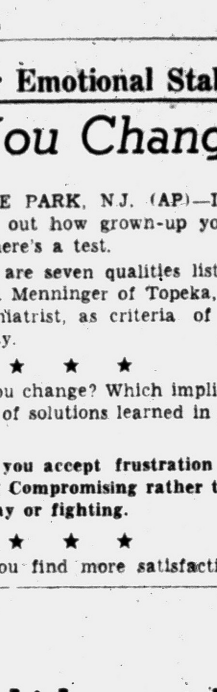

DACCA, East Pakistan — A direct radiotelegraph link has been established between Dacca and the United States via Manila.

Making rain is a difficult problem in drought stricken regions. Norway has the opposite problem. Norwegians, whose farmlands are frequently damaged by tremendous rains, sometimes have to spray the clouds with silver iodide so the clouds are blown away without turning into rain.

Won't Discuss Release of GIs

Russians Tell U.S. to Deal Directly With East Germany

BONN, Germany (AP) — The Russians made it official today that the United States will have to deal directly with Communist East Germany to get back nine American Army men and their helicopter who strayed into the Red satellite.

★ ★ ★

The Russians delivered a letter to the U. S. Embassy in Bonn declaring that return of the Americans was "not within the competence of the Soviet forces."

The letter referred the U. S. authorities to the East German government. Presumably the United States now will make some sort of approach to the satellite officials, since Secretary of State Dulles said earlier this week that negotiations with them to secure the return of the eight officers and one sergeant would not imply diplomatic recognition of the Red German government.

The United States and its allies do not recognize the East German government on the ground that it is an illegal regime imposed by the Soviet army. The Americans had asked the Russians as the postwar occupation authority in East Germany to return the men.

★ ★ ★

The helicopter got lost in a thunderstorm Saturday. The Communists charged it with violation of East German air space. East Berlin newspapers, which are under tight government control, have accepted Dulles' contention that negotiations would not imply recognition of the eastern government.

News of Service Personnel

M. Sgt. Arden J. Butler of 2635 Pontiac Rd. has been presented the Commendation Ribbon for meritorious service while performing the duties of a noncommissioned officer-in-charge of the training and field advisory branch and utilization and training branch of personnel at the United States Air Force in Europe headquarters, Wiesbaden, Germany.

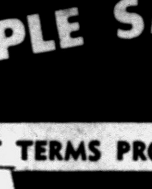

BUTLER

Sgt. Butler, his wife and two sons have been visiting in Pontiac and left Thursday for Tempe, Ariz., where he will assume duties with Detachment 25, AFROTC, at Arizona State College.

★ ★ ★

Loren B. Palen Jr., YNTSN, son of Mr. and Mrs. Loren B. Palen of 185 S. Shirley Ave., is stationed at Sasebo, Japan, where he will serve for two years. A Pontiac Central High School graduate, he enlisted in the Navy April 14 after serving in the Naval Reserves. He may be written: Loren B. Palen Jr., YNTSN 437-69-77, Comservron 3, C/O FPO, San Francisco, Calif.

PALEN

Ulman served with the Civil Air Patrol for five years and won a scholarship for flying lessons. He also spent two years with the Ground Observer Corps. Dooley also has received flying lessons. Both are 1956 graduates of Pontiac Central High School.

They may be written: A. B. Neil H. Ulman, AF 16602791, Flight 390, Box 1501, Lackland AFB, Tex., and A. B. Lynual C. Dooley, AF 16602777, Box 1501, Flight 390, Lackland AFB, Tex.

Whisky Prices Soar in Mexico

Quality Scotch Selling High as $25 a Fifth, Highballs Cost $2

MEXICO CITY (UPI) — Whisky drinkers in Mexico are getting a hard sock in the billfold.

Trying to keep dollars in Mexico, the government has slapped new high duties on many imported articles.

Scotch and bourbon whiskies suffered tax hikes of up to 80 per cent and the increases have brought sharp cries of pain among the foreign colonies and the tourist travel industry.

Result is that some brands of Scotch shot up to $25 a fifth in stores, with lowest known-name quotations around $10 or $12. In better bars, a highball now costs $2.

Since tourists are among the main consumers of whisky in Mexico, the government step may be something of a boomerang. One of the government's prime goals is to keep tourists coming to Mexico, for they bring in lots of dollars.

A big gimmick in tourist advertising is the favorable exchange rate of 12.50 pesos per dollar. Now, some are wondering whether Mexico will lose tourist dollars by taking away the cheap drink and food appeal.

But Mexico is counting on price appeal to convert foreign whisky drinkers to local alcoholic products.

Mexican rum and gin sell at from one to two dollars a fifth. Tequila is even cheaper—around 60 cents a fifth. With whisky prices skyrocketing, there's strong inducement for palate re-training. And the alcoholic content is the same.

Governor Files Petitions

LANSING (AP) — Gov. Williams has made official his candidacy for a sixth straight term. The Governor filed nominating petitions for the Aug. 5 primary election yesterday, lugging them from his second floor office in the Capitol down to the office of Secy. of State James M. Hare.

Engine Rumble Slows Progress

GM Uses Special Fuel Blends Seeking to Up Compression Ratio

ATLANTIC CITY, N. J. — Further rises in automotive engine compression ratios are likely to be limited by "rumble," unless changes are made in the chemical composition of fuels, according to Warren M. Wiese of General Motors research staff.

★ ★ ★

In a report to the Society of Automotive Engineers' summer meeting here today, Wiese defined "rumble" as a "low-pitched thudding noise (in the engine) which is different from knock but is associated with combustion."

Anticipating this problem, he said, members of GM research staff's fuels and lubricants department had run tests covering 300,000 miles of "suburban" type driving with eight experimental engines using specially blended fuels.

If engine compression ratios are increased above their present 9½-to-1 average, several factors of fuel composition must be controlled to alleviate the "rumble" problem.

★ ★ ★

Wiese suggested changes in the aromatic (benzene) content of fuels and the use of certain phosphorous additives. The additives help control the ignition of the air-fuel mixture in engine combustion chambers, apparently by modifying combustion chamber deposits that accumulate when a car has been used for suburban driving.

The additives also could benefit the customer by allowing higher engine efficiencies to be attained through higher engine compression ratios.

In a sense, Wiese said, "rumble" supplants the former problem of engine knock as a limiting factor in high compression engine development.

★ ★ ★

Obviously, he added, chemical composition of fuels will become increasingly important in the development and design of future engines.

Mayor to Start Forest in Israel Named for City

Mayor William W. Donaldson hopes to plant the first tree of a "Pontiac, Michigan, U. S. A. Forest" in Israel this summer.

He's undertaken to promote locally a campaign by the Jewish National Fund to raise money for reforesting the little nation to reclaim land and curb erosion.

★ ★ ★

Donaldson has raised close to $400 for trees. It's estimated that trees can be planted for about $2 apiece, so the mayor figures the Pontiac forest already has nearly 200 trees promised it.

The Jewish Fund is hoping to plant 200 million trees. "How many of these will bear Pontiac's name I don't know," said Donaldson. "But I'm hoping to raise as much money as possible."

The mayor expects to deliver the Pontiac contribution to Israeli officials when he visits the nation this summer under the auspices of the Pontiac chapter, B'nai Brith.

"That's when I hope to make arrangements to have our trees grouped in a Pontiac forest, and plant the first one as a representative of our city," Donaldson said.

Saves Drowning Boy Where Her Son Died

WARWICK, R. I. (AP)—Mrs. Arlene Serafine, 39, yesterday rescued a boy from Warwick Cove near where her own 5-year-old son drowned less than four years ago.

Mrs. Serafine was with 30 Girl Scouts when she spotted Richard Todd, 8, in trouble in the water.

She plunged in fully clothed and swam about 25 feet to him. On shore she applied artificial respiration and revived the youngster.

Pontiac Press Photos

Pontiac High School Class of 1928 is all set for its 30th anniversary Saturday. The reunion will begin with a reception at 6 p.m. in the high school. Two of the class members, Mrs. Rolfe Smith and Harcourt Patterson, discuss school days with S. M. Dudley (right) one of their high school instructors who will be attending the affair. Mr. Patterson will be master of ceremonies for the event.

'28 Class Set for Reunion

Saturday evening will mark the second reunion of the Class of 1928 of Pontiac High School. General chairman of the event, to be held at the high school beginning at 6 p.m. is Joe R. Hiltz. Cochairman is Mrs. Carl Donelson.

Others assisting with the 30th anniversary are Mrs. Stewart Houghton, Ward Richards, Mrs. Arthur Harrington, Mrs. Sanford Craft, Harcourt Patterson, Forrest Glennie, Phyllis Stock, Lewis Loch, Mrs. Rolph Smith and Mrs. Andrew Vitt.

The invocation will be given by Floyd Miles. Special remarks will be made by Frank J. Du Frain, former superintendent of schools.

S. M. Dudley will recall many events for the class. He will be remembered as a former principal of the high school and originator of the Pontiac High School band. Organized in 1912, the band took the first state award in 1916.

Tribute will be paid to the 11 deceased members of the 238 graduates. Mr. Patterson is master of ceremonies.

Personal News of Interest

Four Will Fly to Europe

Flying to Europe next week will be Mary Virginia Luther, Margaret Luther and Mrs. Howard Luther, all of Lincoln avenue, and Adeline Hook of Washington street.

This afternoon Mrs. Earl Martin of Mohawk road entertained 17 Baldwin School teachers at a bon voyage luncheon honoring Mary Luther, who teaches there. A replica of the Queen Mary, upon which the four will return, adorned the table.

Margaret Luther, who teaches at Daniel Whitfield School, was honored by teachers from her school at a farewell luncheon at Devon Gables Thursday. A bon voyage motif, with a replica of the SS United States and small suitcases as place cards were featured at the affair.

★ ★ ★

Adah Shelly of Washington street left today for Bay View, where she will be librarian for the summer months. Her associate in the library will be Elinor Squire of Minnesota, a former Pontiac resident.

★ ★ ★

Also journeying to Bay View for the summer are Mrs. Maxwell H. Doerr and her family, of Ottawa drive, who will leave Saturday. Mr. Doerr will join them later.

★ ★ ★

Visiting Mr. and Mrs. J. C. Jaeckel of Osmun street for the next two weeks is Mrs. Jaeckel's sister, Mrs. Hulda Winkler of Hamilton, Tex.

★ ★ ★

James Brian, son of Howard E. Brian of Scott Lake road, and Jerry Sigler, son of Mr. and Mrs. Ray Sigler of South Jessie street, have enrolled in the eight-week summer session at Olivet Nazarene College, Kankakee, Ill.

★ ★ ★

Richard Emmett Thalacker, son of Mr. and Mrs. Arbie O. Thalacker of Bloomfield Hills, has been granted a bachelor of science degree in mechanical engineering from University of Rochester, Rochester, N.Y. A member of Sigma Chi fraternity, he is one of 35 seniors awarded a Golden "R" for outstanding participation in and contribution to campus activities.

★ ★ ★

A BA degree in business administration from Michigan State University has been granted Roger Hoyt, son of Mr. and Mrs. Ernest Hoyt of Silver Circle drive. He is a member of Alpha Kappa Psi fraternity. Mr. and Mrs. Hoyt and Roger's wife, Sharleen, attended commencement exercises at East Lansing Sunday.

★ ★ ★

Mr. and Mrs. Robert McAtee (nee Mary Evelyn McKerrow) of Third avenue are receiving congratulations on the birth of twin daughters, Kathleen Mary and Carolyn Sue, June 2 at Pontiac General Hospital.

Maternal grandparents are Mr. and Mrs. J. E. McKerrow of Third avenue. Paternal grandparents are Mr. and Mrs. Robert McAtee of Toledo, Ohio.

★ ★ ★

The birth of a daughter, Michele Ann, June 10 at St. Joseph Mercy Hospital, is announced by Mr. and Mrs. Louis R. Karns of Dover road.

Maternal grandparents are Mr. and Mrs. J. E. Barton of Middlebelt road. Mr. and Mrs. C. L. Karns of Crescent road are paternal grandparents.

Printed Card Is Proper

"Dear Mrs. Post: When visiting friends in the evening, is it ever permissible to ask the host (or hostess) to turn on the television set in order to watch a special program that is being televised on the particular night?"

Answer: One might ask the hostess if they like the so-and-so hour, and if they say "yes" with any enthusiasm it will be permissible to ask if they would like to turn it on.

"Dear Mrs. Post: My daughter was to have been married in March. Shortly after the invitations were sent out the bridegroom-to-be, who is in the Navy, had his leave cancelled very unexpectedly because of a special assignment. A notice was sent to all wedding guests cancelling the invitations.

"They now plan to be married in July. I would like to know if it is necessary to order new invitations, or just what is the procedure in notifying them that the wedding will now take place."

Answer: A printed card, worded as follows, could be sent to notify the guests of a new wedding date:

The previously postponed wedding
of
Miss Mary Jones
and
Mr. Henry Brown
will take place
on Saturday, the twelfth of July
at four o'clock
St. Mary's Church

"Dear Mrs. Post: I would like to know whether or not it is proper to eat the skin of a baked potato. If so, may it be taken up and eaten in the fingers?"

Answer: It is entirely correct to eat it if you like it. Most properly you would cut potato and skin together into pieces with your knife and fork and then put a little butter on each one as you eat it with the fork, not in the fingers.

General chairman Joe Hiltz promises a good time for all attending the anniversary dinner. To insure its success, every detail is checked with Mrs. Stewart Houghton, reunion secretary.

Chorus Officers Elected

Mrs. Rutherford Thomas is the new president of the Pontiac Women's Chorus.

★ ★ ★

Other new officers are: Mrs. John Lupear, vice president; Mrs. George Tallerday, secretary; Mrs. Edward Cornell, treasurer; Mrs. Leslie Howey, librarian; and Jean Partin, historian.

★ ★ ★

Newly elected chairmen are Mrs. Edwin Amidon, publicity; Mrs. Dodge Melkonian, social; Mrs. Walter Whittkopf, courtesy; and Mrs. James Absure, telephone.

Longfellow PTA Honors Officers

Longfellow PTA held a cooperative luncheon Thursday to honor teachers and outgoing officers and to welcome new officers. All teachers received corsages.

On the luncheon committee were Mrs. Paul Chancey, Mrs. Clifford Hickmott, Mrs. Harley Braner, Mrs. Lee Baker, and Mrs. Olin Simmonds.

Tentatively OK Camp Oakland Project

County Committees Back Proposed Girls Ranch

Continued expansion of Oakland County's juvenile program received favorable reaction from two committees of the Board of Supervisors yesterday.

Members of Ways and Means and Juvenile Committees tentatively approved creation of a Girls Ranch at Camp Oakland, near Oxford.

They heard Probate Judge Arthur E. Moore report that some 50 women's organizations throughout the county are hoping to raise around $90,000 to construct a Girls Ranch building to house 16 girls at the camp.

It will be similar to the present Boys Ranch, which is part of the county's program to house the youngsters.

The two committees recommended that the full Board of Supervisors hear about the proposal at its June 23 meeting.

Cost to the county, officials pointed out, would be the same as if the juvenile girl were housed in the Children's Home or Youth Home, or other branches of the juvenile program.

JANET E. BOLTON

Mr. and Mrs. Norman R. Bolton of West Hopkins street announce the engagement of their daughter, Janet Elaine, to Army specialist Eugene R. Payne, son of Mr. and Mrs. Russell Payne of Winton drive. No wedding date has been set.

ANN H. WILLETT

Rebekah Lodge Holds Meeting

Mrs. Woodrow Sutton, noble grand, presided at a meeting of Welcome Rebekah Lodge No. 246, held Thursday evening at Malta Temple.

A memorial service was held for Mrs. Florence Rice, and the annual memorial was under the direction of Mrs. Eva Mathews.

Mrs. Lavina Barrows from the Odd Fellow and Rebekah Home in Jackson was a guest.

Wever PTA Honors Staff

The PTA of Wever School held a picnic at Hawthorne Park Thursday afternoon for the school staff. New board members were introduced and notebooks passed on to them from outgoing board members.

Mrs. William Anderson, new council president was guest. On the social committee were Mrs. Charles Norman, Mrs. James Brown, Mrs. William Lawrence and Mrs. Earl Franklin.

Final Meeting Held by Unit

The Cancer Sewing Unit of St. Michael Church held its final meeting and luncheon Thursday in the Parish Hall.

Members recorded 2028 articles have been made for the American Cancer Society since Jan. 1 and the group has packed and mailed 31 pounds of material for dressings to the Catholic Medical Mission Board for use in Medical centers in Asia and Africa. Mrs. R. A. Lamb was luncheon chairman.

Jolt Him or Jilt Him—Abby

Marriage-Shy Bachelor in 'Steady' Rut

By ABIGAIL VAN BUREN

"DEAR ABBY: I am a divorced woman with two sons, ages 11 and 9. I have been going steady with a bachelor for eight years. We have been enjoying all the rights and privileges of engaged couples all during this time. Every time I mention marriage he gives me another excuse why he can't marry me.

ABBY

"He has nobody else to support and lives alone and has money in the bank. He never bought me one thing that cost over 10 dollars and I am the one who has him to my house for dinner without demanding that he take me out. Now will you please tell me why he doesn't marry me?"

WAITING

DEAR WAITING: Will YOU please tell me why he should? He never had it so good.

★ ★ ★

"DEAR ABBY: I am a young man of 20 and my parents are always trying to make me get a date. The fact is that I have asked lots of girls for dates and have been turned down because I am so homely.

"I don't want to get hurt any more so I have given up asking. What can I do to get my parents off my neck? Aren't boys supposed to have feelings . . . or is that just for girls?"

A HOMELY BOY

DEAR YOUNG MAN: Handsome is as handsome does — and if you think only handsome boys get dates with girls, you had better look around. Keep asking!

★ ★ ★

"DEAR ABBY: I have a friend who admired a hand-knit sweater on me. I told her I would be glad to knit one for her if she would pay for the yarn and buttons. She agreed, but asked me if I'd do the shopping for her. I knit her the sweater and gave it to her. She has worn it for almost two years and never once mentioned paying for the yarn and buttons. How can I get my money?"

KNITTER

DEAR KNITTER: Don't be a knit-wit. Ask her!

★ ★ ★

"DEAR ABBY: I have been looking in your column to find an answer to my problem but so far haven't found anyone with the same problem I have. It is my husband and what to cook for him. He is the fussiest eater I ever met.

"Here is a list of things he will not touch: Turkey, chicken, roast beef, pork, lamb, hot dogs, hamburger, vegetables, lemon pie or cake with frosting. I am a good cook but I am at my wits' end trying to find something he will eat. Will you please tell me what I can fix for him?"

AT WITS' END

DEAR AT: About the only things left are livers, kidneys, brains, fish, fruit, pumpkin pie and cake without frosting. Good luck!

★ ★ ★

"DEAR ABBY: What do you do with a guy who is loaded with dough but tells you he is saving it for a rainy day?"

IMPATIENT

DEAR IMPATIENT: Freeze him out and give him hail.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

DUNCAN E. MC VEAN

Candidate for a BS degree in pharmacy at the University of Michigan's commencement exercises Saturday is Duncan E. McVean, son of Mr. and Mrs. Duncan McVean of the Pontiac State Hospital grounds. At ceremonies preceding commencement, he will be commissioned a second lieutenant in the U. S. Air Force. In the fall he will enter the Horace H. Rackham School of Graduate Studies at the university, prior to entering the service.

Install Officers

Sylvan Gardeners Meet

The final meeting of the season of Sylvan Lake Branch of Woman's National Farm and Garden Association was held Thursday at the homes of Mrs. Albert E. Kohn and Mrs. Robert D. Waugh whose lawns adjoin on Sylvan Lake.

Other hostesses for the event were Mrs. R. D. Aumaugher, Mrs. Raymond Dombrowski and Mrs. William Harris.

OFFICERS INSTALLED

Mrs. William McCallum, national extension chairman of the association, presided at the installation of officers for 1959. Mrs. Aumaugher became president.

Others taking office were Mrs. Frank D. Webster, vice president; Mrs. Kenneth Ollis, second vice president; Mrs. Wayne Smith, recording secretary; Mrs. W. J. Sanderson, corresponding secretary; and Mrs. Eugene L. Johnson, treasurer.

★ ★ ★

As a gift of appreciation for use of the Oakland County Boat Club, it was voted to plant shrubs and flowers around the club. The group also voted to present a bicycle rack to the City of Sylvan Lake for use at the beach.

Mrs. Harry Wood was welcomed as a new member, and Mrs. Oren Blink and Mrs. Mae Williams were guests.

HAROLD A. GOYETTE

Graduating from Wayne State University School of Mortuary Science is Harold A. Goyette. He is the son of Mr. and Mrs. Arthur J. Goyette of West Rundell street. The graduate is with Voorhees-Siple Funeral Home.

CAROL A. SAPP

Graduating from University of Michigan with a BA degree is Carol Ann Sapp, daughter of Mr. and Mrs. Clifford Sapp of East Walton boulevard. She majored in speech and education and is a member of Zeta Phi Eta.

JEROME B. LIBBY

Receiving a bachelor of music degree from University of Michigan is Jerome B. Libby of Mt. Clemens street. He plans to teach at Washington Junior High School.

JOAN L. STRELING

Mr. and Mrs. A. L. Streling of Adelaide court announce the engagement of their daughter, Joan Lorraine, to Claude Lee Walter, son of Mr. and Mrs. Claude Walter of Elkhart, Ind. Both are June graduates of Graceland College, Lamoni, Iowa. No wedding date has been set.

NEIL MULLINS

Receiving a BA degree from Emmanuel Missionary College, Berrien Springs, is Neil Mullins, son of Mr. and Mrs. Clinton Mullins of Birmingham. A religion major, he was listed in Who's Who among Students in American Universities and Colleges for 1958. He has accepted a position as principal of Hylandale Academy, Rockland, Wis.

Feed Child Alone if Manners Unreliable

By MURIEL LAWRENCE

"Last Sunday my husband's family was here for dinner," writes Mrs. E.

"Our 3-year-old boy ate with us. As he dislikes using a spoon, he fed himself with his fingers. Later my in-laws criticized his table manners to my husband and I blew up when they left. Should a child of Tommy's age be expected to have good table manners?"

I shouldn't expect him to.

Why doesn't Mrs. E. try feeding Tommy ahead of time when guests are coming to dinner?.

There was much sense in the old British custom of feeding children and guests separately. It squarely faced the fact that our youngsters and guests often find each other's table manners and conversation mutually boring.

So Monty and Sybil ate their suppers in a nursery under the supervision of a Nanny whose work it was to train them in the dining rituals of their parents' social group.

This arrangement worked out two good things. First, it protected Monty and Sybil against the fishy glares of outraged visitors. And second, it kept their parents aware of their need for time to develop acceptable eating skills.

Lacking nurseries and Nannies, we can gain these two good ends for ourselves by feeding little boys and girls before we feed our guests.

Though I've said I don't expect good table manners from little children, I recently discovered my tolerance has limitations.

I found myself sitting across a table from an enchanting little girl of two. She, like Tommy, ate with her fingers. So long as she was hungry, the joy with which she stuffed roast beef into her mouth made endurable the sight of mashed potato and gravy oozing through her fingers.

But later I found her play with the salad pretty hard to take. As she started squeezing mayonnaise out of a slice of tomato, I found myself thinking, "Maybe these young parents are just asking too much of everybody."

Children's muscular skill and mental interests are different from ours. Just as they can't manage silverware with our ease, they can't manage interest in our feelings about Mr. Khrushchev. When we have guests, it seems sensible to plan for the difference.

No Boy So Popular He Can Break Dates!

By RUTH MILLETT

A teenage girl writes: "I've had several dates with one of the most popular boys at our high school. Now my Dad says he doesn't want me to go with him anymore. His reason is that this boy has broken a date with me a couple of times when he had a chance to do something he thought would be more fun.

"I'll admit it hurt me and made me mad when he broke the dates. But what I can't make my Dad understand is that this boy is so popular he can get away with that kind of thing."

Look, Sis. Your Dad is absolutely right. He hates to see you let a boy get away with treating you shabbily—no matter how much of a big shot he is among the teenage crowd.

The reason your Dad hates to see you humble yourself to that extent is that, being a man, he knows it never pays a woman to make excuses for a man's lack of respect for her. With every excuse she is asking for more shabby treatment. And that is just what she will get.

You say you are 16. Well, that isn't too young to learn that it is a mistake for a girl to date a boy who feels he is doing her a favor to take her out.

Accept a date on those terms and you give up a little of your self-respect. Furthermore, you can't give up any of your self-respect and expect a boy to show you much respect in return.

So cross this date-breaking big shot off your list. And look around for a boy who likes you well enough to feel so proud of having a date with you he wouldn't think of breaking it.

The sooner a girl learns that much about men the better. Some women don't learn it until after they're hooked to the kind of man who thinks he did his wife a favor to marry her.

And that's a little late.

DONALD M. TRAXLER

Receiving a BA degree in accounting from Michigan State University is Donald M. Traxler. He is the son of Mr. and Mrs. Max Traxler of Elizabeth Lake road.

by Anne Adams

Doubly wonderful! Airy, slimming dress turns into a travel suit when you don the fitted jacket. Printed Pattern—proportioned to fit half-sizers across shoulders, waist and in length.

Printed Pattern 4746: Half sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ takes 3⅞ yards 35-inch; jacket 2¼ yards.

Printed directions on each pattern part. Easier, accurate.

Temperance Union Sees Traffic Films

State Trooper Harold Wade spoke and showed films to the Frances Willard Women's Temperance Union on the problem of traffic conditions when the group met Wednesday evening at the Church of the Brethren.

Others participating in the evening's program were Peter Niemi; Mrs. Mable Wisner, Lois Bradley, Mrs. Bertha Locke, and Mrs. Anna Measell.

Hairdressers Unit Names 3 Delegates

The Pontiac National Hairdressers Unit 168 named delegates to the National Hairdressers and Cosmetologists Association Convention, to be held in July at New Orleans, La., when the group met Tuesday evening at Greenfield Restaurant.

Delegates will be Mrs. Albert Wilson, Mrs. Harry Randall and Mrs. Ernest Thayer.

Extension Club Elects Officers for Fall Term

New officers for the fall term were elected at the Professional Homemakers Extension Club meeting, held Tuesday in the Orchid street home of Mrs. Thomas Skaggs.

Mrs. Marcus Bowers Jr. was elected chairman; Mrs. Walter Wittkopf, vice chairman; Mrs. H. James Elliott, secretary; Mrs. Thomas Skaggs, treasurer; Mrs. Roland Hudson, community chairman; Mrs. Donald Montney, project chairman; Mrs. James Skaggs, recreation chairman, and Mrs. William Bergemann, reporter.

Outdoor cooking was demonstrated at the meeting. Leaders were Mrs. Elliott, Mrs. James Skaggs, Mrs. Bergemann and Mrs. Thomas Skaggs.

The U. S. government owns about 99 per cent of the Territory of Alaska.

Fete Nancy Lewellen at Dinner-Shower

Bride-elect Nancy Lewellen and her fiance, Carl W. Ziobro, were honored at a dinner party and miscellaneous shower Wednesday evening. Some 170 guests attended the affair, held at Gay Haven Hall, Detroit. Arrangements of red roses centered the dinner tables.

Nancy is the daughter of Mr. and Mrs. A. R. Lewellen of Devonshire road. Her fiance's parents are Mr. and Mrs. Walter Ziobro of Detroit. The couple will exchange wedding vows Sept. 6 at St. Hugo of the Hills Church.

White Shrine Marks 46th Anniversary

Three hundred members and guests attended the 46th birthday dinner and ceremonial of Pontiac White Shrine No. 22, held at Roosevelt Masonic Temple.

Ann Eastman, of Milwaukee supreme worthy high priestess, was honored at the Wednesday meeting. Charlott Ruth Myers and Cecil Diehl recieved the degree of the order. Dinner arrangements were by Mrs. Earle Hoskins and Mrs. Harley Bowers. Mary McCurdy, worthy high priestess, announced that a special meeting of the shrine will be held June 25.

Doris Nelson Feted at Shower

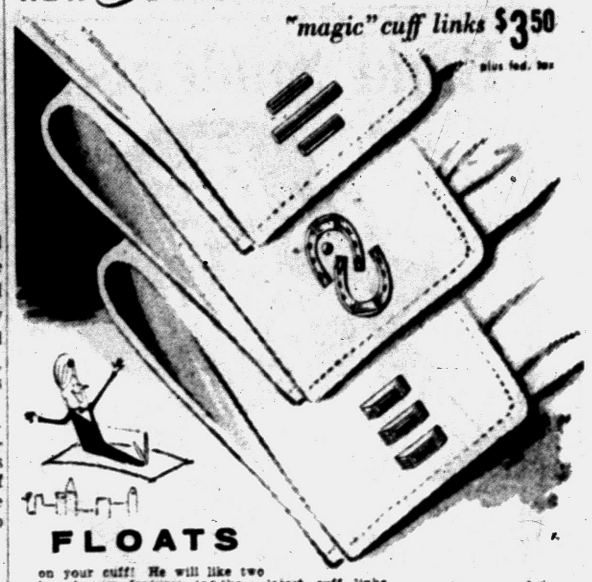

The Bible Degree Team of Areme Chapter, OES, honored Doris Nelson at a bridal shower.

Hostess at the Tuesday affair was Mary Trask of Hudson street. Attending were Mrs. Alberta Trask, Lois Eaton, Jean Edward, Roseline Hickman, and Geraldine Gammage.

North Carolina's national forests cover 1,118,063 acres.

Fat Folks! Your Dream Has Come True!

Now THRIFTY DRUG Can Offer You THE MOST POWERFUL AID FOR QUICK REDUCING EVER RELEASED FOR PUBLIC USE!

Federal health authorities approve P.P.A.® as safe without prescription. This remarkable drug for reducing is so incredibly effective it limits the ability of your body to produce sensations of hunger! Helps you lose weight fast without special diets, "plans" exercise or feeling of self-denial because it appeases your appetite at the same time!

It's now, entirely different, revolutionary! Not a bulk-filler, reducing candy or wafer. HUNGREX WITH P.P.A. is the first and only type of non-prescription product that includes these words on the label: IN THE TREATMENT OF OBESITY

So effective that it helps satisfy your appetite within minutes after you take it. So effective that once it starts to work in your body, you are as virtually protected against gnawing hunger sensations and a "runaway appetite" as it is reasonably possible to be. Thus *for the first time you can really lose excess weight fast without special diets of any kind whatsoever!*

Thousands Now Lose Weight Who Never Thought They Could

Imagine the thrill of overweight men and women who write day after day, some reporting remarkable weight losses up to 5 lbs. the very first week . . . 9½ pounds in 2 weeks . . . up to 18½ lbs. the very first month with P.P.A. . . . *and even recording weight losses of 45 to 47 lbs. without doing anything difficult, dangerous or unpleasant!*

Control Of Your Hunger And Appetite Is Automatic—So You Don't Even Have To Count Up Your Calorie Intake With A Pencil

Best of all, you'll still enjoy your food, still eat luscious steaks, chops, roasts, stews and other favorites, and still your weight will come down. Because P.P.A. drastically cuts down your craving for food without affecting your enjoyment of food. And when this happens, when you cut down your calorie intake, off comes your excess fat. It's simply burned up by your body in the form of a glorious, new release of energy for you . . . while you grow slimmer and more attractive-looking each day!

Nothing Like It Ever Available Before For Quick Reducing Without a Prescription!

As plainly as we can state it, so that there is no possibility of confusion in your mind between Hungrex and any other product: *You will not find a "plan" or diet of any kind when you open your Hungrex package, as you're used to finding in other types of non-prescription reducing products!* Because only Hungrex with approved-strength P.P.A. has shown it is powerful enough to help overcome the most powerful craving a human being can long endure—HUNGER! *And Hungrex with P.P.A. is the only such powerful type of reducing aid that your government has ever released as safe without prescription! No other kind of reducing product can make this statement to you.*

Hungrex With P.P.A.® Works As We Say —Or Your Money Back

Naturally, individuals vary. So we say try Hungrex for 1 day, 5 days, 10 days—the full 21 days if you like. Check your weight losses as you go along. See the wonderful change in your body that takes place almost daily. Then either we've fulfilled our promise to you—either you're delighted with the way you've lost weight—either you look and feel better—you've found the secret to a *safe*, pleasant way to get your weight down and help keep it that way—or merely return unused portion for your money back.

HUNGREX LETS YOU ENJOY WHAT YOU EAT—YOU SIMPLY WANT TO EAT LESS!

©1958, Allegheny Pharmacal Corp., N. Y.

you lose weight fast, you lose weight safely or your money back!

Bride-to-Be Entertained at Shower

Marlynn Keasey, bride-elect of Barrie Fell, was feted at a miscellaneous shower Wednesday afternoon. Hostesses were Mrs. Charles Matson of Drayton Plains and her daughter, Janet Matson of Evanston, Ill.

Guests were Mrs. J. W. Keasey, Mrs. M. K. Fell, Mrs. C. W. Buck, Mrs. H. W. Chapman, Mrs. J. E. Henderson, Mrs. V. M. Lindquist, Mrs. Clark Morgan, Mrs. Carmi Odell, Mrs. L. V. Ostrander, Mrs. H. M. O'Toole and Mrs. George Putnam.

Others included Mrs. L. G. Rowley, Mrs. W. H. Sink, Elda Sutter, Mrs. A. F. Tull, Mrs. M. J. Wager, Mrs. J. F. Williams, Charlotte Baird and Mrs. A. A. Dodd.

The couple will be married June 28 at the Presbyterian Church, Holly.

Shower Honors Miss Sheppard at McLeod Home

Bride-elect Barbara Sheppard of Birmingham was honored at a shower in the Old Orchard drive home of Mrs. Gordon McLeod, with Mrs. Raymond Swaney as co-hostess.

Guests invited to the Tuesday shower included Mrs. Bernice Sheppard, Mrs. Ralph Ensworth, Mrs. Jeannine Everett, Mrs. Denzel Sheppard Jr., Mrs. Ivan Royal, Mrs. Robert Alspaugh, Mrs. Manley Young, Mrs. John Blamy, Mrs. Jack Marek and Mrs. Clarke Kimball.

Others were Mrs. LaVerne Selmes, Mrs. Margaret Archer, Mrs. William Beattie, Fern Ensworth, Mrs. Robert Ensworth, Mrs. Aaron Fox, Mrs. Albert Games, Mrs. Grant Helwig, Mrs. Howard Upham, Mrs. Leon Forsyth, and Mrs. Harold B. Boyer.

Barbara will exchange vows with Richard Ensworth July 12 at Kirk in the Hills.

Graduates Feted by Fifth Grade

The LeBaron School fifth grade class was host to the sixth grade graduation class at a dinner held in the school's multi-purpose room.

Participating in the Tuesday program were Carole Gorkie, Sandra Langford, Carolyn McBride, Carol McDermid, William Deacon, Elwyn Tatu, and Ronald Troy. The sixth grade chorus sang under the direction of Rosamond Haeberle. A welcome to sixth graders was given by Lois Snyder, counselor of Madison Junior High School.

Mrs. Barker Feted at Birthday Luncheon

Mrs. Donald Barker of Menominee road was honored on her birthday at a luncheon and card party Wednesday at the home of Mrs. Henry Mackel on Shelby road.

Among guests present were Mrs. Loren T. Flynn, Mrs. Donald Porter, Mrs. S. W. Barnes, Mrs. Jack Stanton, Terry Barker and Mrs. Daniel Gullen.

Officers Installed

New officers of the Christian Women's Fellowship of First Christian installed at a dinner meeting at the church Tuesday evening were Mrs. J. D. Flowers, president; Mrs. James Vaughn, vice president; Mrs. John Appleton, secretary; Mrs. James Boaz, treasurer and Mrs. Allan Hersee, worship director.

Never Too Late

Measurements Can Be Changed

You can increase your bust measurement by developing your chest muscles—even at the "advanced" age of 30. Making large circles with your arms will develop your chest muscles.

By JOSEPHINE LOWMAN

Q. "I am 30 years old. Is it too late to develop my bust?"

A. Thirty does not seem to me to be too late for anything. You can increase your bust measurement by developing your chest muscles. If any of my readers wish to have these exercises send a stamped, self-addressed envelope with your request for leaflet No. 7 to me in care of this newspaper.

Q. "I am 14 years old, 5 feet 5 inches tall and weigh 122 pounds. Is this too much weight? I feel fat."

A. You are just exactly the right weight.

Q. "I have a daughter who is very much overweight. She is most unhappy about this, but since she is only 13, I feel that it is foolish to bother with reducing now."

A. I disagree strongly with you. This is an extremely self-conscious age anyway. Add to this your daughter's feeling about her overweight and the kidding she no doubt gets at school, and I feel that her adjustment to more adult life may be seriously damaged.

The extra pounds may make her shy and retiring and lead to lack of popularity. It is most important for her to feel that she belongs to the gang and is liked by them. Since she has a lot of weight to lose I suggest that you ask the help of your family physician. I am sure your daughter will be most cooperative.

Q. "I am 15, 5 feet 5 inches tall and weigh 125 pounds. My bust measures 34, waist 28 and hips 34 inches: I am so embarrassed about my waist. It seems huge and makes me self-conscious. Am I terribly overweight or just built wrong?"

A. Neither one. As you see from the preceding question and answer your weight is O.K. Your waistline is a little large for your other measurements but not enough to be unhappy about. This probably will decrease naturally during the next year or so but you might help Nature along by taking some waist-slimming exercises. Also remember posture. Hold your abdomen in.

Q. "Why do some girls have long, silky lashes and others thin, short lashes, like mine?"

A. This is an inherited characteristic like the shape of your nose or mouth. You can enhance them later on by using mascara.

Tomorrow: "Modern Skin Care Answer to Complexion Problems."

Jo Ann Jones Wed to Norman DeVault

Mr. and Mrs. Denver Jones of Meadow avenue announce the marriage of their daughter, Jo Ann, to Norman Ray DeVault, son of Mr. and Mrs. James DeVault of South Jessie street.

The couple was married at the First Church of the Brethren May 28. The newlyweds are living in Auburn Heights.

Have You Tried This?

Heap Scarlet Berries on Biscuit Shortcake

By JANET ODELL
Pontiac Press Home Editor

Yummy! It's strawberry shortcake time again! This is a dish you can serve at any meal. At our house we eat it for breakfast. And we insist on biscuit-type shortcake.

Mrs. L. M. Philp of Walled Lake shares her favorite shortcake recipe. Mrs. Philp has a part-time job; she is most active in civic affairs; and she has long been an enthusiastic worker in Girl Scouting. At home she is a devoted grandmother.

Shortcake For Company
By Mrs. L. M. Philp

Cream together:
½ cup shortening
1 egg
¾ cup sugar
Add:
¾ cup milk
Put in sifter:
3 cups unsifted flour
3 teaspoons baking powder
½ teaspoon salt

Sift last three ingredients into bowl and blend with milk and first three items. Spread in 9x13 pan and bake in 425-degree oven until light brown, 15 to 20 minutes.

Star Dust

Stardust . . . . .

Sparkling white blossoms, gracefully placed on a soft blue background, suggest a clear, cool summer night, and lend a fresh appeal to the already popular Skytone. To complete the effect, white handles and platinum trim lines furnish just the right accent.

Southfield Residents Told to Get Water From Detroit

SOUTHFIELD—Residents of the city of Southfield, who now secure their water from the Southfield Woods Water Co. will have to switch to the Detroit water supply.

This change grew out of a decision by the Michigan Supreme Court made yesterday.

★ ★ ★

The high court refused to mandamus State Health Commissioner Dr. Albert E. Heustis to approve an extension of the contract under which the company supplies water to the residents.

Dr. Heustis had vetoed the arrangement upon the expiration of a three-year contract. He had told the residents they must get their water from Detroit mains which run through the city rather than from the private firm which depends on wells for its source of water.

The company had tried to get the courts to order Dr. Heustis to approve a two-year extension of this arrangement, but he refused and the court backed him up.

★ ★ ★

State attorneys say the court's decision clears up any doubt that the State Health Dept. can control local water supply systems.

Affected by the decision immediately are the 313 homes in the Southfield Woods Subdivision. The contract with the water company expired last year, but residents have refused to hook up the Detroit system.

State officials now say that they will be given ample time to make the new connections with Detroit mains before the old system is closed off.

Student Wins Essay Contest

To Receive $50 Bond at Orion Community Program Next Week

LAKE ORION — Walter Cudnohufsky, who graduated last week from Lake Orion Community High School, was named grand winner of the Lake Orion Chamber of Commerce essay contest on "Lake Orion, the Ideal Community of Tomorrow."

He will receive a $50 U. S. Savings Bond from the chamber at a community program at 9 p.m. June 20 at the Bandshell. The contest, sponsored with the high school English Department, was open to all students in the high school.

CUDNOHUFSKY

The Chamber will award a $10 merchandise certificate to the winner in each class and to the 12th grade student submitting the essay judged second best in his class.

Walter, 17, is the son of Mr. and Mrs. Walter W. Cudnohufsky of 1940 S. Lapeer Rd., Orion Township. A member of the varsity football squad, he was awarded a 4-H scholarship to Michigan State University where he will enroll in the fall.

Runnerup senior was Eleanore Hatfield of 220 S. Bellevue. Other winners were junior Jeannine Deablar of 79 Smith Court; sophomore Patty Beraud of 2500 Orion Rd., and freshman Joan Falkenbury of 446 Indianwood Rd.

★ ★ ★

The essays were judged by James Sherman, publisher of the Oxford Leader; Charles Seed, editor of the Rochester Clarion, and Joel Rippa, Pontiac Press suburban news editor.

230 Get Diplomas at Walled Lake High

WALLED LAKE — Two-hundred and thirty seniors received their diplomas at commencement exercises last night at Walled Lake High School.

Dr. William E. Stirton, vice president of the University of Michigan, delivered the main address. He was introduced by Superintendent Clifford H. Smart.

The valedictory address was given by Peggy Emmert, an all-A student. Salutatorian was Gladysann Wenz.

E. V. Ayres, principal, presented the class for its diplomas, Assistant Principal Oliver Rose called the roll and Joseph Long, president of the Board of Education, handed them to the seniors.

Music was provided by the high school band and the invocation and benediction were given by the Rev. Perry Thomas of the Commerce Methodist Church.

Chicks From Britain Thriving in Ghana

ACCRA, Ghana — Thousands of day-old chicks hatched in Britain now are thriving on big farms in Ghana.

The new country's department of agriculture established a poultry project five years ago with the idea of raising fine stock from British birds.

Chicks flown from Britain are reared at Pokoase, near Accra. This station has sold 13,000 birds, to date, and 18,000 hatching eggs to farmers in all parts of Ghana.

It hopes to produce 30,000 eggs a year for incubation. There is also a training course in poultry at Pokoase and technicians are being trained in England.

Where Did I Come From to the Hospital; Mom?

NORTH LITTLE ROCK, Ark. (AP) —Four-year-old Mark Andrews caused an awkward silence when he asked his parents before some dinner guests:

"Where did I come from to the hospital?"

Getting no answer, he said, "Oh, well, we'll look it up in the Book of Knowledge."

At Brandon Field Tomorrow

Slate Scout Jamboree

ORTONVILLE — A Junior Scout Jamboree, the first to be held in Ortonville, will take place at 3 p.m. tomorrow at the Brandon Athletic Field.

More than 200 youngsters, from all local scout units, are expected to participate in the event, according to Scout Leader Norman Williams. Others in charge of the program are Gerald Shaver, Cub Scout leader, and Mrs. Howard Grovensteen, Girl Scout neighborhood chairman.

The Jamboree will be preceded by a parade, which will form at 2:30 p.m. at the Town Hall. From there, it will proceed to the field where each group will set up headquarters in a tent, displaying the work they've accomplished during the year.

Highlight of the program will be the Court of Awards at which scouts will receive honors.

The scouts will cook their own suppers and in the evening will gather around a camp fire.

There will be a first aid station in the hall of Brandon High School.

Fete PTA Members at School Luncheon

COMMERCE TOWNSHIP — Six members of the Glengary Elementary School PTA were guests at a luncheon given yesterday by the school faculty.

The group was honored for rendering volunteer service in the school library throughout the 1957-58 school year. PTA guests were Mrs. John Dickinson, Mrs. Warren LaQue, Mrs. Emil Savich, Mrs. Mac Canaday, Mrs. Herbert Zinnsmeister and Mrs. George Phillips.

Glengary teachers also presented gifts to four teachers who are leaving the staff.

They are Mrs. Hazel Underhill, who will teach at Wixom Elementary School during the next school year; Ouida Ott, who is moving to South Carolina; Caroline Schmidt, who will teach at Commerce Elementary School during the next term and Elverna Skelton, who will teach at Twin Beach school during the next school term.

County's 4-H Agent at Colorado Confab

Oakland County 4-H Agent Jack Worthington is at Colorado State College attending a three-week session for extension agents.

Worthington was one of seven in Michigan to receive the scholarship given by the Horace A. Moses Foundation, Inc.

Waterford Girl to Wed

WATERFORD TOWNSHIP—Mr. and Mrs. Victor F. Sebroski of Airport road, Waterford Township, have announced the engagement of their daughter, Patricia Ann, to Leonard Roebke, son of Leonard A. Roebke of Sandy Beach drive, Waterford Township. An August wedding is being planned.

Largest Class Will Graduate

148 Receiving Diplomas at Rochester Sunday; to Be Most to Date

ROCHESTER — At its 75th annual commencement exercises at 4 p.m. Sunday, Rochester High School will graduate its largest class ever — 148 seniors. The program will be held in the high school auditorium.

The graduates will be presented by Harlan Johnson, high school principal, and the diplomas will be handed out by Henry L. Purdy, secretary of the Board of Education. The Rev. Walter C. Gerken of St. John's Lutheran Church will give the invocation.

Music will be provided by the Varsity Band and the Senior High Choir, directed by Frank Irish.

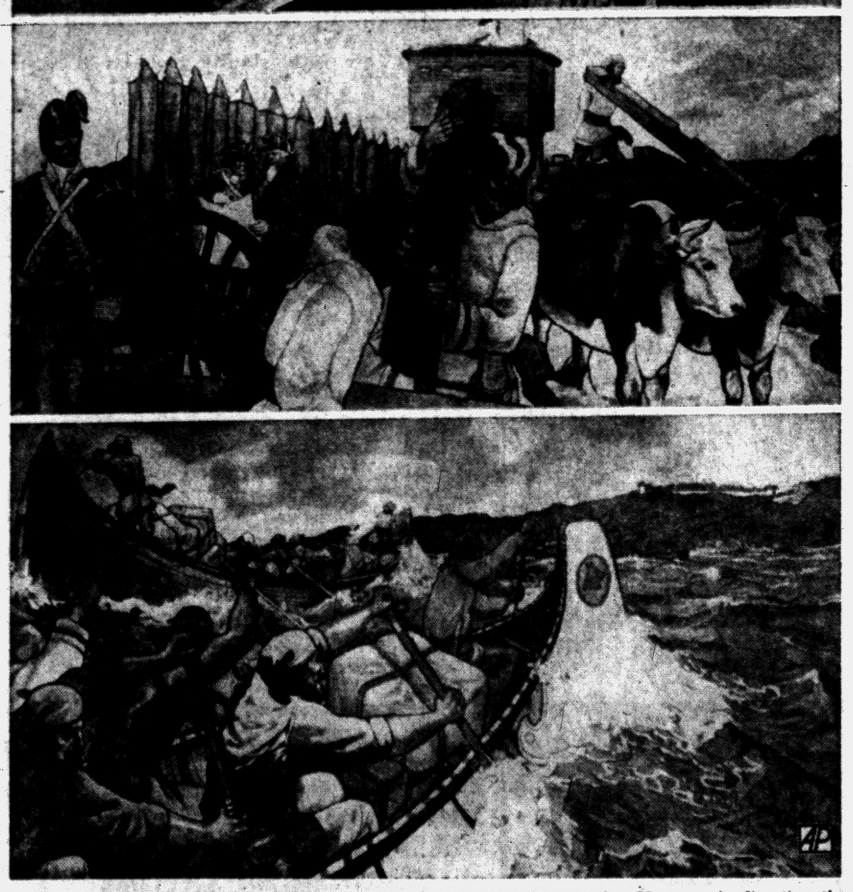

★ ★ ★

Jon Applegate, president of the 1958 class, will be the main speaker, and the valedictory address will be delivered by Daniel Allan.

★ ★ ★

Receiving the Danforth Foundation Awards for scholastic achievements at the Honors Convocation Tuesday were Bonnie Mitchell, outstanding senior girl; Gary Lampinen, honor boy; Monte Clute, Student Council president, and Doris Peltier. They were inducted into the National Honor Society along with 14 classmates.

MURALS FOR RESTORED FORT — A team of artists and technicians is working almost as hard on the restoration of Fort Mackinac as the pioneers who built it in the late 1700s. As a result there will be a Fort Mackinac this summer closely resembling the one known by the early fur traders and Indians. A bond issue of $50,000 was sold recently to finance the restoration. At top, Dr. Eugene T. Petersen, left, of the State Historical Commission Museum, is directing the work on a mural painted by artist Dirk Gringhuis. It depicts the ambush of American forces on Mackinac Island in 1814. The center mural depicts the building of the fort. Bottom photo shows a canoe race on the lake with Fort Mackinac in the background. Murals will be placed in the restored fort.

AUDREY JOAN BARTOLD

Announcement has been made of the engagement of Alma College students Audrey Joan Bartold and William L. King. Daughter of Mr. and Mrs. Arthur R. Bartold, the bride-elect is affiliated with Alpha Theta sorority. Her fiance is the son of Mr. and Mrs. Harold G. King of Edgewood drive, Walled Lake. He is a member of Delta Gamma Tau fraternity.

Boyd, Drums; Bracker, Rumpus; The Remarkable Kitten; Meigs, Wild Geese Flying; Reeves, Curious Doings at the Mouse House.

Angry Worker Wins

HARTFORD, Conn. (UPI) — A worker who quit in a huff and tried without success to be rehired after he had cooled off 15 minutes later was granted unemployment compensation by Commissioner Harold Strauch who said, "To deny this opportunity of expression would be to hold that he had to restrain his emotions within inhumanly rigid bounds."

1st Satellite in 1865

LONDON — Author Jules Verne in 1885 wrote a story about a satellite fired to the moon, carrying three men and two dogs.

Civic Groups Express Desire to Cooperate

Walled Lake Library Offered Support

By STAN BOK
Press Correspondent

WALLED LAKE—A strong faith in the community is paying off for the Walled Lake Community Library Board.

★ ★ ★

The board received its biggest boost from the Walled Lake city area Wednesday evening when representatives from the City Council, Chamber of Commerce and Junior Chamber of Commerce expressed a desire to cooperate with the library. Occasion was the annual board meeting held at Stonecreast in Walled Lake.

★ ★ ★

Main speaker was Betty McKinley, public library consultant from the Michigan State Library, who showed a film entitled "Public Library Service—What Is It?"

Miss McKinley praised the volunteer library workers for their accomplishments. She cited the need for support from residents and local government as being necessary for adequate library service.

Mrs. Margaret Hughes, board president, presided at the meeting.

★ ★ ★

The library, which opened for the first time in August, 1956, served 9,000 persons during the year ending June 1, according to Mrs. Dorothy Meagley, in charge of community relations.

The figure represents a day-by-day count of visitors, not the number of persons who borrowed books during the 12-month period.

Mrs. Meagley said the library has progresed in several ways in its short existence.

Located on the second floor of the Ramsey Dry Goods Building in downtown Walled Lake, the library has operated with volunteer help only. A proposal that the library be city-supported was defeated by a small margin at an election last year.

RENNA A. GOSCHKE

Mr. and Mrs. Leslie H. Goschke of Cooley Lake road, Waterford Township, have announced **the engagement of their daughter, Renna, to James W. Pratt,** son of Mr. and Mrs. Edward W. Pratt of Detroit. The bride-elect is a student at Henry Ford Hospital School of Nursing. Her fiance was graduated from Michigan State University. They are planning a spring wedding.

Bible School Begins Monday in Ortonville

ORTONVILLE—The Daily Vacation Bible School will begin Monday in the Ortonville Baptist Church, the Rev. Roy Botruff announced.

The hours will be 9:30 a.m. to 12:30 p.m.

★ ★ ★

Classes will be open to all children in the kindergarten through the 12th grade. Directing the school will be Miss Eileen Dahlgleish and Miss Lila Hollenbeck of Delbarton, W. Va. They'll be assisted by Mrs. Robert Kowalsky.

★ ★ ★

The session will conclude next Friday with a program at 7:45 p.m. Parents and friends are invited.

Almost 90 per cent of all household goods is transported by motor truck.

No Decision Before September

State Board Will Inspect Porcupine Mining Area

HIGGINS LAKE (AP)—State conservation commissioners said today they would make an on-the-spot survey before taking action on a controversial plan to open one of Michigan's last wilderness areas to copper mining.

The commission yesterday moderated the first skirmish in a battle over proposed mining operations in Porcupine Mountains State Park in the Upper Peninsula.

★ ★ ★

On one side are Ontonagon County business and civic leaders, the Bear Creek Mining Co. and American Metals-Climax, Inc.

On the other are such conservationists groups as the Michigan United Conservation Clubs, the Michigan Audubon Society and the Detroit Sportsmen's Congress.

Appearing before the commission at its monthly meeting, Dr. Alexander H. Smith, president of the Michigan Botanical Club, said:

"Mining and wilderness are not compatible. You can have one or the other."

Smith urged the commission to reject Bear Creek Mining's plan to launch a multi-million-dollar mining operation in the west end of the 58,000 park, situated on Lake Superior 20 miles west of Ontonagon.

The two mining firms already control mineral rights on 69 per cent of the park and have taken up their leases. They asked the commission for authority to mine ore on the remaining 31 per cent.

★ ★ ★

Most of the ore would be extracted from deposits underlying Lake Superior. Ernest K. Layman, Bear Creek representative from Minneapolis, said the exploration work could be done without building a road to despoil the area's scenic beauty. Equipment could be flown in by helicopter, he said.

James Rouman, executive secretary of the MUCC, complained that mining operations eventually would require buildings, telephone lines, and other facilities which would blot the landscape.

"We recognize the importance of the tourist business to our area," said Lawrence P. Walsh, Ontonagon attorney. "But I don't see why controlled development of mining would injure the tourist business or destroy the beauty of the park."

★ ★ ★

The commission agreed to make a first-hand survey of the park and postpone a decision until September.

Others who testified in support of the proposal included Gerald G. Warrener, member of the Ontonagon Village council; Oscar F. Johnson, Ontonagon County clerk; Robert W. Bridgman of the Bear Creek firm and Edward J. Langey of American Metals-Climax.

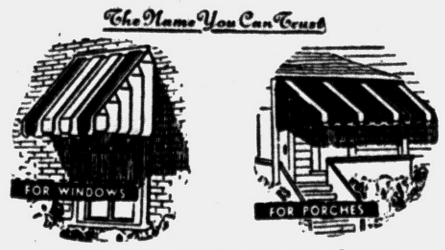

Mr. and Mrs. John A. Benson of the Detroit Audubon Club and half a dozen others appeared in opposition.

PRISCILLA L. HAMILTON

The engagement of Priscilla L. Hamilton to Bard A. Miles has been announced by her parents, Mr. and Mrs. William Hamilton of Church street, Clarkston. The prospective bridegroom is the son of Mr. and Mrs. Walker Miles of Charlevoix. A July 5 wedding is planned.

MINE PROTECTION — A mine-exploding roller which clears pressure-activated mines before tanks reach the danger point has been developed by U. S. Army engineers. Eliminating the time needed for search and removal of mines will help keep armored units on the move during a campaign. The roller, made of high strength steel, is shown above during a recent test.

Gromyko Calls Western Envoys for Conferences

With Washn letter ta2

MOSCOW (AP)—Foreign Minister Andrei Gromyko summoned the U. S., British and French ambassadors to resume separate talks today on a summit conference after Premier Khrushchev wrote President Eisenhower on the subject.

★ ★ ★

The envoys presumably were filled in on a 38-page letter delivered in Washington yesterday. Its contents have not been disclosed.

Diplomatic sources in Washington expressed surprise that Khrushchev had gone over the heads of the ambassadors, who have been discussing a summit meeting with Gromyko for weeks.

★ ★ ★

U. S. Ambassador Llewellyn Thompson talked with Gromyko first, and 30 minutes later Britain's Sir Patrick Reilly entered the Foreign Office. The French Embassy said Ambassador Maurice DeJean was to call later.

Mosoow morning newspapers did not mention Khrushchev's new letter to Eisenhower.

George Washington, when a 22-year-old surveyor, began the idea that resulted in the Chesapeake and Ohio Canal.

Trucks May Double

DETROIT — Some sources indicate that by 1975 there will be 20,000,000 trucks on United States roads — about double the number now in use.

Vow to Prolong Lebanon Strife

Rebels Say Intervention by U.N. Won't Stop Chamoun Opposition

BEIRUT, Lebanon (AP)—Lebanese rebel leaders vow they will fight on against pro-Western President Camille Chamoun despite the intervention of the U.N. Security Council.

★ ★ ★

The vanguard of a U. N. observation group made plans today to carry out a Security Council directive to watch for the arms and men the Lebanese government accuses President Nasser's United Arab Republic of sending from the neighboring Syrian province to help the rebels.

After a lengthy meeting last night, rebel leaders said if the council really wants to end the five-week crisis it should bar arms for the government from the United States, Britain, France Turkey, Iraq and Jordan.

★ ★ ★

"It is these arms which constituted the primary cause of the tragic turn of events in Lebanon," a rebel statement said.

The United States and Britain have made no secret of their arms shipments to the Lebanese government, a legal regime and an ally. But there has been no evidence of shipments from the other nations the rebels named, and the idea appeared to be to incite pro-Nasser elements against favorite targets of U. A. R. propaganda.

★ ★ ★

The rebel statement said attempts to cut off arms supplies from Syria "will not affect our movement or deflect it from its declared objective" of overthrowing Chamoun. The U. A. R. has denied aiding the rebels.

The Syrian border is 150 mountainous miles, and military men estimate that at least 5,000 men with reconnaissance planes would be needed to close the border to infiltrators. But the Council's hope was that the presence of its representatives would deter help to the rebels from the U. A. R. government.

OKs Selfridge Housing

WASHINGTON (AP) — The Air Force has approved building 580 housing units at Selfridge Air Force Base near Mount Clemens. Rep. Robert J. McIntosh (R-Mich) in reporting this said construction probably will start in March.

Hollywood Headlines

Superman Has Problem: He Can't Get Acting Job

By BOB THOMAS

HOLLYWOOD (AP)—"It's like Hopalong Cassidy trying to get an acting job in white tie and tails."

This was George Reeves' lament. He's an actor and a good one. He ought to be, after 26 years at it. He has been 21 years in the movies.

So why isn't he working?

He's Superman, that's why.

"The producers wouldn't give me a job," he said. "They take one look at me and say it was impossible."

★ ★ ★

This freeze on his acting career has driven him behind the camera. That may be the best thing that ever happened to him.

"I took over as director on the last 13 Superman segments we made last fall," he remarked. "I did it as sort of a chance, but I was surprised to find out how much I knew. I suppose you ought to absorb some knowledge after being in the business as long as I have.

"Now I'm enthused about doing more. I'm forming a production company and we plan to make a couple of science fiction features back-to-back. The trick stuff should come easy. We've done everything imaginable in the Superman series."

★ ★ ★

George certainly must have known that Superman would blight his outside acting career. I asked him why he undertook it.

"I was hungry," he explained simply.

It's not quite as simple as that. A reliable performer, George has done well over the years, although not always spectacularly.

But when he returned from the war, he was just another in the small army of actors trying to rebuild their careers. He had a contract at Paramount but got lost there.

★ ★ ★

He went to New York in the late '40s and prospered in live TV. But when Superman came along eight years ago, he succumbed.

His fate isn't as black as it seems. He gets "perpetual residuals," which means that he is paid every time the series is played. And it is being played all the time. He boasted that it is the No. 2 daytime show in audience ratings here, and is appearing in seven foreign countries.

END ADV FOR PMs FRI June 13.

Finally Outgrows Belt

OXFORD, Miss. (UPI)—Dr. H. B. Howerton, political science professor at the University of Mississippi, has traded in his old Army belt for a new one. Howerton, a reserve officer, had been using a belt issued to him in 1918 when he reported for duty in World War I.

Catches Large Trout

RAYMOND, Me. (UPI)—James Heath, a guide, caught the largest brown trout to be taken at Sebago Lake. He used a lead core line and Mooselook Wobbler spoon as a lure to land the 17½-pounder from Jordan's Bay after an hour's battle.

Hard Facts of Our Pocketbooks

Can You Afford to Let the Wife Work?

By FAYE HENLE

You are employed; does it pay your wife to work? Or, should we phrase the question thus: Can you afford a working wife?

★ ★ ★

You should have the answer at your fingertips because you have just paid last year's income tax.

But, don't be too hasty with your answer. There are two sides to this coin and in this intsance we value happiness above dollars.

If your wife is happy at work there is a pretty good chance that she is performing a valuable service and that her happiness is reflected at home. This should be more important than what she earns or what both of you might have to give up so she can work.

Unfortunately, the dollars and cents side is seldom as bright. Even when a wife works — unless her income far surpasses her husband's — it is better to file a joint return.

TAXES HIGHER

Frequently this pushes both of you into a higher tax bracket. It hits the second salary harder than the first because although she may earn less than you do, her tax rate is based on your combined incomes. There are other expenses too. Figure this, to see what a working wife costs:

Say your income is somewhere in the $4,001 to $8,000 a year bracket. Her federal tax will take at least 22 per cent of her salary. It could take 26 per cent if she pushes your combined incomes into the $8,000 to $12,000 a year class. (Figure still more tax money the more both of you earn.)

The fact that you have children, or other dependents, allows you a $600 deduction per dependent, but probably will not change your income bracket or increase your wife's take-home pay.

★ ★ ★

If your wife earns $3,000 a year and your combined incomes remain below $8,000, then $660 of her salary goes for federal taxes, another 2½ per cent is lopped off for social security deductions. Out of the $250 she earns each month, somewhere between $62 and $67 goes for these items alone.

Besides, the State Department of Labor estimates she needs upwards of $25 a month for such items as car-fare and lunch money. Chances are she'll buy more reading matter as she travels back and forth to work, enjoy more expensive coffee breaks, perhaps smoke more, certainly chip in for office gifts and parties.

By this time at least $95 of her $250 is gone. Of the $155 that remains, how much does she keep—or spend so that she can enjoy the satisfaction of work?

★ ★ ★

The answer to this depends upon two important factors: what sort of clothes she needs for her job and, more important—and expensive—has she small children who will have to be cared for during working hours and how much will this cost?

These, then, are the facts that determine whether you can afford a working wife.

Ex-Canada Speaker, Bride Live in Vegas

LAS VEGAS, Nev. (AP)—Louis Rene Beaudoin, former Speaker of the Canadian House of Commons, says he and his new bride plan to live in this desert gambling resort.

Beaudoin, 46, and Miss Alice Outram, 23, were married yesterday in a simple ceremony at the Las Vegas Presbyterian church.

Beaudoin was divorced last Tuesday in Reno from Margaret Wespiser Beaudoin. He obtained the divorce on routine Nevada grounds of mental cruelty. The couple, married in 1937 in Quebec, have two sons, Pierre Louis, 19, and Michael, 17.

He met the new Mrs. Beaudoin, formerly of Ottawa, seven years ago when she was working as a public information officer for the Royal Canadian Air Force.

Beaudoin said he hopes to practice law in Las Vegas.

A crop destroying locust in Saudi Arabia and East Africa eats two to three times its own weight each day.

Special Plasma Saves Boy Undergoing Surgery

LOS ANGELES (AP) — A 12-year-old boy bleeder was reported in good condition today after an emergency appendectomy. Billy Whitley is a victim of hemophilia, a hereditary tendency to excessive and uncontrolled bleeding.

The youngster, stricken with acute appendicitis Wednesday, was rushed to a hospital here from his home in El Cajon. He was given a special plasma which causes blood to clot during an operation.

Billy is the son of Mr. and Mrs. Bluford Whitley.

Michigan and New York lead the United States in the production of salt.

Youth, 17, Pleads Guilty in Murder of Mother

NEW YORK (AP)—A 17-year-old boy pleaded guilty yesterday to second degree murder in the shooting of his mother.

★ ★ ★

By entering the plea, John E. Jessup of Boroklyn, escaped the possibility of the electri cchair.

No date was set for the sentencing: 20 years to life in prison.

Jessup argued with his mother, Gladys, 38, over his using the telephone to call a girl friend last Sept. 27. Later he shot his mother in the back of the head as she passed along a hallway outside the bedroom where he and a chum were examining his collection of hunting rifles.

One of the greatest forest preserves in the Far East is Taiwan's Ta-Hsueh-Shan area on the Big Snow Mountain. It will produce 28 million board feet of lumber yearly.

Furnace Explodes, Three Children Die

MOUNT PLEASANT, Mich. (AP) — Three small children were burned to death last night when the house in which they were sleeping in rural Mount Pleasant was set afire by a gas furnace explosion.

★ ★ ★

Glenn McQueen, 7, his sister, Sharon, 5, and their brother, Charles, 3, died in the fire-explosion.

Hospitalized with serious burns were Mrs. Arthur McQueen, 27, her four-month-old daughter, Susie, and her brother, Roger Falaugher, 16.

Police said all of the victims were asleep when the furnace exploded.

A neighbor, Earl Busong, broke a window in the blazing house and carried Susie to safety.

Mrs. McQueen and her children were at the Falaugher house to spend the evening with her brother whose mother, Mrs. Audrey Falaugher, was at work. Mrs. McQueen's husband was at the family home in Mount Pleasant.

20,000 Have Key Role for Contract Demands

Minor UAW Officials Vital in Talks

DETROIT (AP)—An army of 20,000 minor union officials has become a vital factor in the United Auto Workers' fight to win new contract demands from the automotive Big Three.

They are the union shop stewards and plant committeemen now working under unusual conditions to handle the problems of nearly half a million General Motors, Chrysler and Ford UAW workers during their current no-contract period.

★ ★ ★

The stewards and committeemen figured prominently in the UAW strategy when the union's contracts with the Big Three ran out about two weeks ago. Since then, for the first time in over 17 years, the auto plants have been operating without a contract.

GM, Chrysler, Ford and the union all said when the contracts expired that they would do their best to keep the plants operating normally while negotiators tried to agree on a new pact.

It's nearly impossible to find anyone who sees chance of agreement before August. The UAW yesterday set in motion the machinery to take strike votes among GM, Ford and Chrysler workers but emphasized there was no plan for an immediate strike.

The auto companies' no-contract operations brought up new problems daily for workers and management alike.

Typical of the union stewards is Lamon Good of UAW local 7 which represents 4,000 UAW workers at Chrysler's Kercheval-Jefferson plant.

★ ★ ★

Under the recently expired contract, Good devoted practically all his work time to handling complaints and grievances.

Chrysler, like the other auto companies, pays the stewards and committeemen the rates they would get if working on their regular jobs in the auto plants.

In the no-contract period, Chrysler and the other companies have tightened up. At Chrysler, a union steward now has to report to his regular job for the first hour of his work day. He also has to work it the first hour after lunch and the last hour of the day.

★ ★ ★

Norman Matthews, director of the UAW's Chrysler department, charged the new company policy was an attempt to intimidate other unionists. Chrysler denied the charge saying that without a contract, it was not bound to have union representatives in the plants but would do so under tightened rules.

UAW officials said if the companies succeeded in cracking down on the stewards, the average plant worker might become intimidated and accept possible unreasonable work standards.

★ ★ ★

Good expressed disappointment at Chrysler's attitude. "If they only realized it, the chief stewards and committeemen are very valuable to Chrysler and the other companies," he said.

He explained that on a typical day he might handle a variety of complaints from workers, ranging from protests that it was too hot in the plant to charges that the company had stepped up the speed of its production lines.

★ ★ ★

"The chief stewards have to be everything from a chaplain to a lawyer, from a nurse to a counselor for the several hundred workers they represent," he said.

Good and thousands of other chief stewards and committeemen are back at work at regular jobs in the plants now for the first time in years.

★ ★ ★

"It was rough on us the first couple of days, but we are getting back into the swing of things now," he explained. Many of the stewards had not worked a full day in the plant for over 10 years.

Two Oldsters Enjoy Hopping on Motorcycle

BOGATA, Tex. (AP) — Age means nothing to the Davis brothers, who cranked up their motorcycle and had a joyride through this north Texas town.

Charlie Davis is 73. Albert Davis of Deport is 82. Their motorcycle, with sidecar, is 42 years old.

Charlie was a motorcycle racer and was a racing promoter from 1912 to 1917 at Iowa Park. He has kept his 1916 vehicle in perfect repair since he moved to Bogata 20 years ago.

In September, Charlie hauled his motorcycle to the Labor Day races in Dodge City, Kan., and won two first place trophies. One was for being the oldest rider, the other for the economy run in which he averaged 60.62 miles to a gallon of gasoline.

Earliest recorded mention of Indian summer is 1794.

The Department of State publishes pamphlets, leaflets, and periodicals and furnishes official speakers to help inform the American people about the conduct of our foreign affairs.

Paratroopers Sent to Cyprus

Britain Hopes to End Fights Between Greek, Turkish Cypriots

NICOSIA, Cyprus (AP)—Britain is flying paratroopers to this Mediterranean island colony to strengthen forces trying to end continuing clashes between Greek and Turkish Cypriots. Eleven Cypriots have been killed since Saturday.

★ ★ ★

British plans for the future of Cyprus—to be announced Tuesday—are expected to intensify the violence by failing fully to satisfy either the 400,000 Cypriots of Greek descent or the 100,000 Turks.

The Greeks want the island annexed to Greece. The Turks want Cyprus partitioned if the British leave.

★ ★ ★

The situation approached civil war yesterday with the bloodiest battle yet. A gang of 30 Greek Cypriots tried to raid a Turkish village near Nicosia and was met with gunfire. Three Greeks were killed and nine wounded.

British troops headed off part of the Greek mob, arresting 30 and disarming the rest, but one group set fire to crops and was attacked by hidden Turks. Seventeen Turks were arrested.

★ ★ ★

In another clash, club-swinging British troops broke up a Turkish mob trying to storm a Nicosia police station. Authorities clamped an earlier curfew on the Turkish section of town.

Off and on for several years Greek Cypriots have attacked British troops in a terror campaign for independence and a chance to join Greece. Now the British find themselves in the middle as the Turks strike at their Greek neighbors in opposition to the campaign.

His 'Holliday' Just Too Much for the Missus

FORT WORTH, Tex. (UPI)—Some men are satisfied with one wife. Others like to hunt around a bit after marriage. But when a man brings a girl friend home to live with him and his wife, well . . . Mrs. Ruthie Bird thinks that's just too much.

★ ★ ★

Mrs. Bird, 37, complained in a Fort Worth divorce hearing yesterday that her truck driver husband returned home Oct. 15 with a girl friend.

"Frances is going to live in the house with us," she said he told her. "You can either stay or get out."

Mrs. Bird said she got out and left her husband Lloyd with his girl friend who she identified as Frances Holliday.

Swiss Parliament OKs Female Vote

BERN, Switzerland (AP)—The Swiss Parliament approved a constitutional amendment proposed today to grant voting rights to women for the first time in Swiss history.

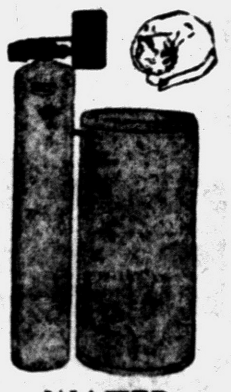

Switzerland is the only nation in Europe which denies women the vote. Even some women don't want the vote—a Lucerne woman's club organized a protest movement.

To become effective, the measure requires approval in an October referendum by an over-all majority of the nation's male electorate plus approval in a majority of the 22 cantons (states).

The men have turned down similar proposals in the past.

National Open Site Is Ogre for Par-Busting

Not One Player Able to Crack Tulsa Layout

Three Leaders Settle for 71 for 1st Round Deadlock

TULSA, Okla. (UPI)—The toughest and one of the most criticized U.S. Open championships of them all saw three veterans of the golfing wars — Julius Boros, Tommy Bolt and Dick Metz—lead the field into the second round today with the Southern Hills course's tough par 70 proving more than the nation's best golfers could crack.

★ ★ ★

Boros, who won the Open in 1952 and who is 38; Bolt, who is 39 and Metz, who is 50, carded one over par 71's in the first round—the first time since the Open was held at scorned Oakland Hills at Birmingham, Mich., in 1951, that the field hasn't been able to break par.

Back then, Sam Snead, the 9-1 favorite to win this one, shot a 71. Yesterday, Snead, whose driver went sour on him, carded a 75.

The 95-degree heat, the clutching rough, the 25-mile an hour winds, the powdery fine sand traps, the mud in the watered fairways, the pin placements and spike marks on the green had most of the 162 players in the field groaning. Two of them—Errie Ball and Johnny Bulla—gave up the ghost and withdrew without completing the first round.

★ ★ ★

Not since Oakland Hills, has a course caused so much complaining. But there was a big difference—at Oakland Hills the players thought the course was tricked up too much, with bunkers catching 250 and 260 yard drives straight down the middle. Here, they think the course is tough, but fair.

They blame the conditions here, except for the heat and wind, on the U.S. Golf Association.

The scores bore out their crying that conditions were far from satisfactory when 81 players—exactly half the field—failed to break 80, which is 10 over par, and five were in the 90's. Never has an Open seen such high scores.

The pin placements came in for the most criticism.

"What are they trying to do, drive all the young golfers out of business," asked the 56-year-old Gene Sarazen, competing in his 28th Open. "The officials of the U.S.G.A. who figured out those placements should be hanged."

★ ★ ★

"They are a joke," Bob Rosburg of San Francisco added. "And I suppose they will be even worse for the second round today."

The rough was cut to a uniform four inches, but it still was more than most of the golfers could handle. For the most part, they simply had to wedge out back onto the fairway.

Ben Hogan, shooting for an unprecedented fifth Open crown, said the spike marks on the greens late in the afternoon made it "impossible to get a true line on a putt."

Ed Furgol, the 1954 Open champion, who was grouped with Hogan, Snead, Cary Middlecoff and a host of others at 75, said the U.S.G.A. was to blame for the slow play—it took his foursome nearly five hours to play the course.

★ ★ ★

"You have to stand on the fairway as long as 10 minutes waiting to make your approach shots while they are raking the sand traps," he pointed out. "It isn't the players who are to blame for the slow play."

The U.S.G.A. got into the act on the slowness of play when it had a committee go out to direct 22-year-old Bruce Crampton of Sydney, Australia, one of the five foreign players in the field, to speed up play because three three-somes were stacked up behind his group.

★ ★ ★

Under the conditions, those one over par 71's by Boros, Bolt and Metz were remarkable. For this is supposed to be a young man's course—yet the average age of the 11 leaders was 39.

A stroke off the pace of the leaders was 43-year-old Lloyd Mangrum, who won this one back in 1946 and 35-year-old Frank Stranahan. At 73, two strokes behind the front running trio, were Crampton and grandpaw Jimmy Demaret, who is 47.

Two-time U.S. amateur champion Harvie Ward, 33; 27-year-old Gene Littler; Smiley Quick, who is 48; and 50-year-old Labron Harris, a teaching pro from Stillwater, Okla., were at 74.

There were 20 at 75. Beside, Hogan, Snead, Middlecoff and Harbert, they included Pat Schwab, the young bridegroom from Dayton, O.; Mike Souchak, former PGA king Walter Burkemo, Masters champion and leading money winner Arnold Palmer, the veteran Freddie Haas and Rosburg.

★ ★ ★

Sarazen, who won this one for the first time back in 1921 and then repeated in 1931, carded an 84.

UPI Photos

SNEAD TOSSES — Sammy Snead went on a club tossing spree at the National Open in Tulsa yesterday. Snead, playing in his 18th Open tournament, throws his driver into the air after his tee-shot from the 3rd tee landed behind a tree. In the bottom photo he bounces the club to his caddy. Snead shot 5-over par 37-38—75 on the rough Southern Hills course.

Picket Seeking Paige for Frisco

SAN FRANCISCO (AP)—A lone picket marched in front of Seals Stadium Thursday with a sign reading:—

★ ★ ★

"Stoneham—Save Our Giants. Get Satchel Paige From Miami, Please."

★ ★ ★

The picket identified himself as Wayne Nelson and said he hoped something would be done by Horace Stoneham, owner of the National League baseball club, to pull the Giants out of their losing streak.

★ ★ ★

Paige is the ageless Negro pitcher.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Poor Starts.

DIAGNOSIS: Starting Out Cold.

Treatment: Baseball players do it, football players do it, basketball players do it—and you should do it too, fellow golfer. Warm up before you start a round. I mean.

To start a round of golf with the muscles stiff and the mind not attuned to the game is to cost yourself from two or three to several strokes. Moreover, if you play the first few holes badly, you're apt to get in a rut mentally and play the whole round badly.

6-13

So make a special effort to hit out 20 to 40 shots on the practice tee before getting on the first tee. Start with the short irons and work up through the woods, swinging easy at first so that you get your timing right.

If lack of time or a crowded course makes it impossible for you to hit these practice shots before starting, at least take a dozen or so practice swings. And, while you're at it, take a few practice putts.

(Copyright 1958, John F. Dille Co.)

No Black Cats, Just Bogeys—Double Bogeys

13th Was Yesterday at Tulsa

TULSA, Okla. (UPI) — The Calendar says this is Friday the 13th but you can't tell that to the goggle-eyed guys playing in the second round of the U. S. Open golf championship.

They figured it had to be Friday the 13th yesterday — complete with black cats on every fairway, busted mirrors on every drive and step ladders poised over the entrance to the Southern Hills Country Club locker room.

How else, they asked in the dazed manner of men coming out of deep shock, could you explain what happened in that sun-scorched, wind-swept first round when:

—Eighty-one players, or exactly half of the 162-man field, chopped out scores in the 80's, or worse.

— Five players who are pretty good staggered home with 90's.

—Joe Boccisano, the New York publinx champion, wished he was back in the Bronx as he staggered to an eye-glazing 49-45—94.

— Tommy Bolt, Julius Boros and Dick Metz were glad to settle for 71's, a one over par figure which hasn't been worth the lead since Sam Snead's similar figure paced the pack at Oakland Hills' house of horrors in 1951.

Oakland Hills has been the place where golf pros always told their errant children, the boogey man would take them if they didn't behave. The bogey man and his uncle, the double bogey man, finally got to the parents yesterday. He took every man over the hurdles at Southern Hills.

There will be much discussion as to whether Southern Hills, a really good golf course, is that tough. It is — particularly in view of the fact that the fairways were narrowed, the traps were filled with ladies bath salts, the rough has a grip like iron man McGinnity and the cups were hidden away like a bride's "mad money."

It can be said without fear of being taken to the supreme court — although a trip before the local magistrate is possible — that while Oakland Hills was an architectural monstrosity, this one is the net product of perfidious and sadistic planning.

There was some pretty fair country talent out on the sun-bleached fields where the creek Indians once massacred the whites but this time there was no cavalry to ride to the rescue. Roberto De Vicenzo, the erstwhile gaucho, was glad his folks never shot their way across the Arkansas River and set up homesteading in these parts. He had an 80 along with "professionals" Skee Riegel, Henry Ransom, Harold Williams, J. C. Goosie and Johnny McMullin as well as Dick Chapman who was good enough to win the U. S. and British amateurs.

Joe Brooks, a Cushing, Okla., amateur of some deserved repute, is from a furniture store family. He was being "covered" by Jake Wieland of the Cushing Daily Citizen, his home town newspaper. Brooks, finishing with a 90, walked up to Wieland with fire in his eyes and blazed:

"Print that and your paper never gets another nickel's worth of advertising from us."

As you can see, yesterday had to be Friday the 13th.

Skovers Earn Medal at Pine Lake

By BILL CORNWELL

A father-and-son tandem from Meadowbrook walked off with the qualifying medal yesterday in the 9th annual Pine Lake Invitational golf tournament at Pine Lake Country Club.

Tony Skover, president of Meadowbrook CC, and 20-year-old Tommy, a Notre Dame student, fired a two-under-par 70 to pace 15 other two-man teams which qualified for match play eliminations in the championship flight.

Match play was scheduled to begin in all seven flights this morning with all competition on an 18-hole basis. The Pine Lake tourney is a selective drive-alternate shot event, the only one of its kind in the area.

The Skover team combined for two bogies, four birdies and 30 putts to post a scorecard of 35-35—70 against Pine Lake's par 36-36—72.

★ ★ ★

One stroke behind the medalists at 71 was Blaine Eynon of Forest Lake and Tommy Shannon Jr., son of Orchard Lake's head pro. Eynon and Shannon shot 36-35.

Jim Funston of Plum Hollow and Bill Krail of Edgewood, who rifled a 37-35—72 for 3rd place, muffed a golden chance to be co-medalists on the 18th green by three-putting from eight feet for a bogey.

Red Run's Perry Byard, who teamed up with Ralph Ellstrom from Dearborn to win last year's title, and veteran Randall Ahern of Red Run and Meadowbrook, Byard's new partner, shared 4th spot with two other teams at 73.

★ ★ ★

Also shooting 73 were Bob Babbish of Detroit Golf Club and Bill O'Brien of Oakland Hills and a Lansing Country Club team—Joe Watson and Emil Gallas.

Bill Pettibone of Red Run and Plum Hollow's Bill Nettle, runners-up for the Pine Lake crown the last two years, barely managed to qualify for the championship flight after tying four other teams at 78 with only one berth open.

Pettibone and Nettle slipped into the top flight by winning a sudden-death playoff on the 2nd extra hole.

The four unlucky tandems pushed into the 1st flight by the Pettibone-Nettle victory were Ben Smith and Harold Randolph, Joe Grace Jr. and Phil Conway, Paul Keller and Jack Boonstra, and Ernie Cole and Jack Matson. Smith, former state amateur champion, was the top casualty in yesterday's 18-hole qualifiers.

Champions will be crowned in all flights on Sunday to climax the four-day tournament.

CHAMPIONSHIP FLIGHT
Qualifying Scores

Tony Skover-Tommy Skover	35-37—70
Blaine Eynon-Tom Shannon Jr.	36-35—71
Jim Funston-Bill Krall	37-35—72

Hoeft Will Hurl Series Opener Against Shantz

Tigers Still in Seventh After Losing Boston Final 4-2

NEW YORK (AP) — Bill Norman makes his managerial debut in Yankee Stadium tonight when the Detroit Tigers open a four-game series with the high-flying Bronx Bombers.

Norman dropped his first game as Tiger manager yesterday in Boston when the Red Sox tagged Detroit with a 4-2 loss.

Despite the loss, the Tigers remained in seventh place a game in front of the cellar-dwelling Chicago White Sox.

After winning two straight games for Norman, the Tigers suffered a relapse yesterday as Jackie Jensen hit his 15th home run and Sam White connected four straight times and gave the Red Sox a split in the four game series.

Ossie Virgil hit his first American League home run in the sixth inning when Detroit chased Red Sox starter Dave Sisler with a two-run uprising.

However, Ike Delock took over and held the Tigers in check the rest of the way. Sisler was credited with his sixth victory in eight decisions.

Boston rapped Tiger starter Paul Foytack for seven hits in the 3 1-3 innings he worked. It was the third straight time Foytack was knocked out early in the game.

The Tigers collected seven hits off Sisler and Delock including two by Al Kaline and Virgil.

Don Buddin hit a blooper single in the first, Ted Williams followed with a double and Frank Malzone singled to account for the first two Boston tallies.

White singled again the fourth and scored on a bloop-blow by Sisler after Jimmy Piersall's sacrifice.

Following Virgil's homer, Detroit added its second run in the sixth on a double by Kaline, a balk, and an infield out.

Norman nominated Billy Hoeft to start against New York tonight. Hoeft has a 4-5 record. He will be opposed by Bobby Shantz who will be seeking his fifth victory as against two defeats.

NOT QUITE, MR. WHITE — Sammy White of the Boston Red Sox is caught by Ossie Virgil of the Tigers trying to slide into third base. White was trying for third on a grounder. The umpire is Larry Napp. Boston won the game, 4-2.

Dickson Bows in 12th to Yankee 'Youngsters'

By THE ASSOCIATED PRESS

This is a story about a loser, game little Murry Dickson of the Kansas City Athletics.

At almost 42, the knuckleballing right-hander went all the way only to lose in 12 innings last night, 3-2 to the American League leading New York Yankees. Most of them weren't old enough to be boy scouts when Murry pitched his first major league game.

The kids who beat the old man, a rookie in the AL, were Andy Carey and Elston Howard. Carey, who singled and went to third when his theft of second drew a wild throw, was 8 years old when Dickson broke in with the St. Louis Cardinals in 1939. Howard, who singled Carey home, was 9.

Starter Whitey Ford and winning reliever Ryne Duren were 10 when Murry stepped into the majors from Houston. Bill Skowron, whose sixth home run tied it 2-all in the fifth, was 8 when the 5-10½ Missourian made his debut. Tony Kubek, who got the first of 12 Yankee hits, was 3.

★ ★ ★

The A's, who won the opener of the day-night pair 4-1, fell to third with the defeat as Boston, a 4-2 winner over Detroit, took second place, nine games behind New York. Fourth place Washington defeated the Chicago White Sox 6-5; and Baltimore jumped past Cleveland into fifth by beating the Indians 7-5.

Dickson, now 4-2 in his 17th major league season, left 17 Yankees on base. He stranded seven in the 9th, 10th and 11th—fanning Skowron with the bases loaded for the final out in the ninth.

It was Murry's longest job since Sept. 26, 1956, when he was a sprout of 40 with the Cards. He went 12 2-3 innings that time against the Cubs—and lost by the same score, 3-2.

Duren, warned by plate umpire Joe Paparella to wipe the sweat from his hands after sending two batters to the dirt, gained a 3-1 record after relieving Ford with two on, one out in the 11th. He fanned four of the five he faced, striking out the side in the 12th. The rookie right-hander has whiffed 40 in 25 2-3 innings.

Gus Triandos and Jim Marshall hit two-run homers for the Orioles, who blew a 4-1 lead, then won with Marshall's single driving home the winner in a three-run fifth against losing reliever Don Mossi (4-6).

Neil Chrisley's third hit, a triple, and second RBI bagged it for Washington in the eighth against losing reliever Early Wynn (5-5). Al Smith counted three runs with two homers for the last place White Sox. Dick Hyde won it in relief.

Marlene Hagge Back on Beam

MARBLEHEAD, Mass. (AP) — Marlene Hagge, unhappy with her game a week ago because she was "steering" the ball, today is the leader entering the second round of the $12,000 Round Robin Women's Invitation golf tournament.

Mrs. Hagge had plus 23 points on a three-under-par round of 70 yesterday — 10 points ahead of runnerup Betty Dodd who had tied her for 17th in the LPGA.

The tournament, at the 6,174-yard Tedesco Country Club course consists of 16 top pros playing in changing foursomes for five rounds through Sunday. A plus point is awarded for every stroke a player has under her three rivals and a minus point for every stroke over them.

The scores:

Marlene Hagge	35-35—70, plus 23
Betty Dodd	35-38—73, plus 13
Louise Suggs	36-35—71, plus 6
Patty Berg	37-37—74, plus 1
Kathy Cornelius	35-37—72, plus 2
Alice Bauer	36-36—72, plus 2
Mary Lena Faulk	37-38—75, plus 2
Betty Jameson	37-39—76, minus 2
Jackie Pung	37-40—77, minus 3
Wiffi Smith	37-40—77, minus 4
Marilynn Smith	38-40—78, minus 7
Bonnie Randolph	36-42—78, minus 9
Fay Crocker	35-43—78, minus 9
Mickey Wright	36-39—75, minus 10
Beverly Hanson	37-42—79, minus 11

CIO Gains 4-2 Win Over Jets

CIO Local 594 tallied three times in the 2nd inning and then relied on the trusty arm of pitcher Jim Addis to gain a 4-2 victory over Our Jets in City League baseball activity yesterday at Wisner Field.

Al Hayward's lead-off triple, a single by Roger Johnson, a pair of costly errors and a sacrifice fly gave the CIO an early 3-0 working margin and one insurance run was added in the 3rd frame.

Addis spaced six hits, fanned two and walked one while giving up single runs in the 2nd and 4th stanzas. Jim Coperonie hurled the distance for the Jets and also yielded six safe blows.

Tigers Sign College Whiz and Two Others

DETROIT (AP)—Art Cleassuras a 19-year-old outfielder from the University of Maryland, has signed a Triple-A contract with the Detroit Tigers.

Cleassuras hit .481 as a freshman at Maryland and batted .345 this spring.

The Tigers also announced the signing of outfielders Danny Blevins of Van Lear, Ky., and Jerold Cross of Ponca City, Okla.

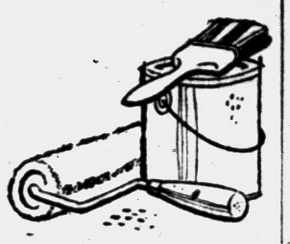

Both signed Class D. contracts.

Goodman Still Critical

LONG BEACH, Calif. (AP) — Ex-golf champion Johnny Goodman, ill with a liver ailment, was on the critical list at the Long Beach Veterans Hospital Thursday.

HOME RUN GLEAM — This is a closeup of Bob Cerv, Kansas City Athletic slugger who leads the American League in homers with 15 and runs batted in with 45. He has been playing with his upper and lower jaws, wired together after suffering a broken jaw which kept him out of action for some time.

Miss Thriftway Is Favored in Saturday Race

Bill Hickson to Try to Qualify Bill-Der Again Today

DETROIT (UPI) — It was supposed to be just a fine gathering of midwest boats—mostly from Detroit—and the trophy was almost sure to stay in the Motor City. That is, until Miss Thriftway showed her hull.

Tomorrow's Memorial Cup race for unlimited hydroplanes on the Detroit River attracted the old standbys—Gale V, Short Circuit, Miss U. S. I, Wildroot Charlie — from Buffalo and the Canadian entry, Miss Supertest.

Then Willard Rhodes of Seattle, owner of Thriftway the Gold Cup winner the past two years, announced he would send his craft as a friendly gesture since George Simon shipped U. S. I out to Lake Chalon last month to compete against the West Coast fleet.

It won't be the same Thriftway of last season but Bill Muncey, displaced Detroiter now living in Seattle, will be at the helm. The Thriftway familiar to Detroit racing fans disintegrated in the Governor's Cup Race at Madison, Ind., late last season.

★ ★ ★

Two more Michigan boats today hope to join the seven other entries already qualified for the race.

Mechanical troubles prevented Jack Schaffer's Such Crust III and Bill Hickson's Bill-Der from joining the qualifiers yesterday. Such Crust III stopped short of two qualifying laps when its oil seals broke, Bill-Der remained in the pits throughout the qualifying session.

Gale V, driven by Bill Cantrell, became the seventh qualifier yesterday with an average speed of 100.790. She joins Short Circuit, Miss U. S. I, Gale VI, Wildroot Charlie, Canada's Miss Supertest and Seattle's Miss Thriftway in the starting lineup for the first big power boat race of the year here.

★ ★ ★

The Memorial will start at noon tomorrow with the final 30-lap mile heat scheduled for 5 p.m.

Teeing Off

By BILL CORNWELL

The game of golf has made one of the most amazing growths in sports history. Once upon a time a sport which only the rich man could enjoy, golf has now reached the point where anyone with an interest in the game can play it.

If any person wants proof of this fact, he need look no further than the ranks of the public links where factory workers, housewives, truck-drivers and the private secretary play golf at least once a week and usually more than that.

It has now advanced to the stage where public links organizations have been formed in virtually every state in the union under the jurisdiction and guidance of the United States Golf Association.

State publinx tournaments like the one now taking place at Pontiac Country Club are common throughout the country and the annual national tournament has become an immensely popular drawing card.

★ ★ ★

For example, a grand total of 2,002 golfers are currently attempting to qualify for the national public links tourney, which is scheduled July 7-12 at Orland Park, Ill.

It's strictly a "cut-throat" proposition, too. Qualifiers are being held at 39 different sites and only 148 of the 2,002 players will make the grade.

★ ★ ★

Michigan's sectional qualifiers will be run off next Monday at nearby Oakland Hills and Knollwood and a "dog eat dog" struggle is in the offing.

An all-time record entry — 255 publinxers — will start 36-hole qualifying rounds at 6 o'clock in the morning in quest of berths in the national tourney. How many will make it? Only a dozen.

The giant field will be divided into two groups and they will tour the two layouts concurrently. After 18 holes, the two groups will swap courses and conduct another 18-hole round.

★ ★ ★

The Michigan Publinx Golf Association operates the state sectional trials under USGA rules and regulations.

Public links golfers present the most convincing example of the game's startling growth and popularity. Equipment is easy to obtain and for the most part, it can be purchased at moderate cost.

A vast majority of today's golfing public involves people in the middle and lower income brackets. Golf is no longer just a wealthy man's sport. It has been placed in the hands of everybody.

SHORT PUTTS

The Flint Open, slated June 19-22 at Warwick Hills Golf and Country Club near Grand Blanc, may raise its jackpot to $100,000 next year if the first tournament is a success.

★ ★ ★

This would serve as a replacement for the lucrative All-American and World tourneys at Tam O'Shanter which George S. May suddenly cancelled this spring after a squabble with the PGA over entry fees.

The Flint Open is presently the No. 1 financial plum on the professional circuit. There is a total purse of $52,000 with a $9,000 reward for the winner. As Jay Hebert said, "That $9,000 will buy a lot of groceries."

Church League Lead Shared by 2 Teams

Wally Johnson spun a four-hitter and Al Olson batted in two of the runs as First Presbyterian moved into a 1st place tie with First Baptist by beating that team 3-1 in the Church League softball feature last night. Both have 8-2 records.

★ ★ ★

Trinity Baptist staged the batting show of the night as Bill Spain, George Williams and Jess Johnson socked homers in an 8-1 conquest of First General Baptist. All other games were close.

★ ★ ★

Columbia Avenue Baptist nipped Salvation Army 3-2 on a 5-hitter by Rusty Lund, Christian Missionary Alliance downed Liberty Baptist 5-4 and St. Luke's Methodist and Oakland Avenue United Presbyterian fought to a 3-3 tie.

Another Pitcher Just Misses
Two No-Hitters in Softball

Two magnificent no-hit pitching performances and a near no-hitter stole all the thunder in City League softball action last night at Beaudette and North Side parks. The two heroes were Ken Spears of American Legion Post 20 and Jake Mazur of Shaw's Jewelers.

Spears pitched to only 22 batters and struck out 15 of them as the Legion blanked Spence Rambler, 4-0. A hit batsman leading off the 4th inning gave Rambler its lone base-runner and robbed Spears of a perfect game.

Mazur also just missed hurling a perfect contest as Shaw's chelked up a 4-0 triumph over CIO Local 594. Twirling his 2nd game in as many nights, Mazur faced the regulation 21 men but a base on balls in the 2nd stanza blocked the attempt.

The Union's sole base-runner was thrown out attempting to steal 2nd. Mazur, who fanned 19 hitters in eight innings on Wednesday night, whiffed 10 yesterday.

Chuck Long, who pitched the 1st no-hitter of the season, gave up only two safeties yesterday to lead Deni's Corner to a 4-1 conquest of the Pontiac Police.

Long tossed a perfect game until two men were out in the final inning. Then a single and a triple ruined the effort plus the shutout.

In women's softball activity last night, Gerry Bender, hurled a four-hit shutout as Northside Auto Supply dumped Commerce Drive-In, 6-0.

Howe Selected Wing Captain

Succeeds Newly-Signed Red Kelly as Team Leader

DETROIT (UPI)—Gordie Howe, handyman of the Detroit Red Wings and the National Hockey League's most valuable player, has picked up another job—that of captain.

General Manager Jack Adams, in announcing the contract signing of defenseman Red Kelly yesterday, said Howe has been moved into the captaincy, succeeding Kelly who had the job for one season.

★ ★ ★

Howe is the third and final member of hockey's famed production line to wear the "C" on his jersey. Sid Abel, now coach of the Wings, was captain and Ted Lindsay held the post several seasons.

Kelly followed Norm Ullman and Forbes Kennedy into the fold yesterday. Both Ullman and Kennedy signed at the close of the season. Kelly is the highest scoring defenseman in NHL history, firing 148 goals in his 11 years as a Red Wing.

Over 100 Yachts in Ocean Race

NEWPORT, R.I. (AP) — The docks and coves of Newport were a beehive of activity today as more than 70 of the yachts due to start in the biennial blue water classic — the Newport-Bermuda race — were given the spit-and-polish treatment.

More than 100 of the sleek craft are expected to sail past Brenton Lightship for the 635-mile ocean jaunt, which starts at 1 p.m. EDT Saturday.

The original list of 124 boats, by far the largest in the history of this Kentucky Derby of yachting, will be sliced somewhat by scratches, but such a reduction usually is well below 10 per cent.

Each Stars in Final
Hunter, Chico Change Suits

NEW YORK (AP)—Billy Hunter and Chico Carrasquel, a pair of 30-year-old infielders, went to work for new bosses today with ex-teammates still talking of their hit punctuated farewells.

Hunter, a good field, no hit utility infielder, was traded yesterday by the Kansas City Athletics to the Cleveland Indians for Chico Carresquel, himself no Mickey Mantle at the plate.

★ ★ ★

Off their last appearances at the plate yesterday, there's little to choose between the pair. But General Manager Frank Lane of Cleveland is hopeful the slick fielding Hunter will pull the Indians' weak infield defense together.

Indian Manager Bobby Bragan called the swap a step in the right direction but admitted he doesn't expect to solve all the club's problems. He said he was counting on Hunter, whom he had managed in the minors, to help plug the leaky Cleveland defense and pep up the club.

★ ★ ★

"He's a 'holler guy,'" said Bragan. "And as far as his attitude is concerned, I'd like to have nine players like him."

Carrasquel has always been a better hitter than Hunter, the Indian manager acknowledged, but Billy has a wider range in fielding than Chico.

In their farewells Hunter slammed out a triple and a double and drove in two runs as the Athletics defeated New York 4-1 in the afternoon half of a day-night doubleheader. He then packed his duds and left to join his new teammates in Baltimore.

★ ★ ★

Carrasquel, who wasn't advised that he had been dealt to the Athletics until after the night game at Baltimore, said goodbye with three hits and two RBIs but Cleveland dropped a 7-5 decision to Baltimore.

Hunter raised his batting average to .155. Carrasquel boosted his to .256. Each has hit two home runs. Carrasquel has 21 runs batted in and Hunter 11.

Arrows Win, 16-10, With 4-Run Rallies

The Arrows scored four-run braces in the 6th and 7th innings for a 16-10 triumph over the Pontiac Lake Merchants in a wild Waterford National League softball game last night at Drayton Plains.

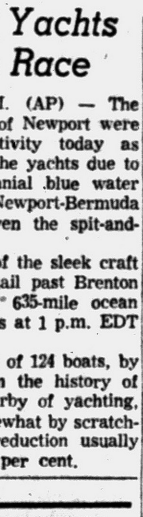

Hoot Gibson, the Arrows' hard-hitting utility player, sparked the comeback victory with two doubles and two singles in four tries. The Merchants held a 9-8 lead going into the 6th stanza.

In an exhibition contest yesterday, Don Dubats made three hits in four trips to the plate to pace Blue Star Drive-In's 8-4 conquest of Lakeland Pharmacy.

THURSDAY'S FIGHTS

PHILADELPHIA — Sugar Hart, 145½, Philadelphia and Oil Turner, 150, Philadelphia, drew 10.

Braves Win to Lead by 1½

Pirate Rookie Beats Giants

By THE ASSOCIATED PRESS

The day after Christmas, 1953, the Pittsburgh Pirates traded second baseman Danny O'Connell to Milwaukee for three guys named Max, Sid and Sam, three kid pitchers and $75,000.

One of the pitchers was termed a "sleeper" by the Bucs, who brought him along in the minors. Yesterday, big right-hander Curt Raydon threw an eye-opening two-hitter for his first victory and complete game in the majors, a 2-1 job over San Francisco that gave the Pirates a three-game sweep.

★ ★ ★

By losing their fifth in a row the second place Giants tumbled 1½ games behind the Milwaukee Braves, who beat the Chicago Cubs 5-4. Cincinnati defeated St. Louis 5-0 on Brooks Lawrence's six-hit pitching. Philadelphia beat Los Angeles 4-3.

Raydon, 24, who lost his first two decision in the majors, walked six and struck out five, giving up singles to Daryl Spencer and Orlando Cepeda. The Giants scored in the fourth on Cepeda's infield hit, two walks and a wild pitch. The Pirates, getting only four hits with both runs unearned, scored the clincher in the sixth when rookie Paul Giel (0-1) forced a run home by walking Roberto Clemente on four pitches—after a hit-batsman, a walk and error had filled the bases.

★ ★ ★

That 1953 deal, incidentally, gave the Pirates Max Surkont, Sid Gordon, Sam Jethroe, Larry Lassale and Fred Waters in addition to Raydon. O'Connell, now is with the Giants, but sidelined by injury at the moment.

The Braves overhauled a 4-1 Cub lead with Del Crandall's single driving in the winning run in the eighth. Ed Mathews' 13th home run had tied it 4-all in the seventh against loser Moe Drabowsky (4-6), who beat the Pirates 4-0 with a one-hitter Sunday. Humberto Robinson (1-2) won it in relief. Starter Lew Burdette bowed out after a two-run Chicago fourth, giving up Bobby Thomson's seventh homer.

★ ★ ★

Lawrence, once "the bull" of the Cardinal staff, didn't walk a man while fanning five of his old mates. The big right-hander (4-3) now has three consecutve complete game victories—after going without a complete game in 10 starts since last September 18. Wilmer Mizell lost his sixth. He had a four-hit shutout until the Reds, now third, 3½ games behind Milwaukee, scored two in the sixth on a walk and singles by Frank Robinson, Don Hoak and Gus Bell. Ed Bailey and Robinson homered for the other runs.

★ ★ ★

Harry Anderson drove in three runs for the Phils, cracking a 3-3 tie with a ninth-inning single. Loser Stan Wiliams (1-1), who beat the Cubs with a two-hit shutout for his first major league victory, extended his scoreless inning string to 14 before Anderson's two-run double in the fifth. Dick Farrell (3-2) won it in relief.

NCAA Track Finals Start Today With 356 Entered

BERKELEY, Calif. (AP) — The 37th annual NCAA Track and Field Championships open today at the University of California's Edwards Field wth four meet record holders in the bulky field of 356.

★ ★ ★

This big group lists five Olympic champions and seven of last year's individual winners. Naturally some of the names fall into more than one of these categories.

Broad jumper Greg Bell of Indiana won the Olympic championship in 1956 with a leap of 25-8¼. Last year at Austin, Tex., he won with an NCAA record jump of 26-7 and seeks Jesse Owens' 23-year-old world record of 26-8¼.

The other NCAA record setters of last year are Iowa's Charley "Deacon" Jones with 8:57.6 in the two-mile, Pacific Lutheran's John Fromm with a 248-foot 1-inch, javelin throw and California's Don Bowden, who took the 880 in 1:47.2.

★ ★ ★

Bowden concentrates this time on the mile where he'll duel the Olympics' 1,500-meter champion Ron Delany of the defending champion Villanova Wildcats.

In addition to Bell and Delany, the Olympic champs competing are discus thrower Al Oerter of Kansas, Southern California's high jumper Charlie Dumas and Ohio State's Glenn Davis who captured the 400-meter hurdles. Here Davis runs the 440-yard dash for which he has equalled the world record of 45.8.

★ ★ ★

Other defending champs are Bob McMurray of Morgan State, who faces the challenge of Davis and Eddie Southern of the University of Texas in the 440, and high jumper Don Stewart of Southern Methodist who must meet the challenge of Dumas.

Southern California's Trojan track and field squad, ineligible last season because of penalties imposed duel to illegal aid to football players, returns this spring as slight favorites to dethrone Villanova, which won the IC-A championship this season.

Today's program, starting at 6 p.m. EDT, includes preliminaries in the shot put, javelin, broad jump, discus, 100, 220, 440, 880 and the high and low hurdles. Finals are slated in all 14 NCAA events tomorrow with the action starting at 1:30 p.m.

★ ★ ★

Top choices in the 100 are Ray Norton of San Jose State who has equalled the world record of 9.3 seconds, Willie White of California, Ed Collymore of Villanova, Western vs Missouri Tonight

NCAA Series Set to Open

OMAHA (AP) — Missouri, hoping for continued hard hitting, and Western Michigan, plugging for continued good pitching, open the NCAA College Baseball World Series tonight.

Warren Giles, president of the National League, is scheduled to throw out the first ball as the annual series gets started at 9 p.m. EST.

Missouri carries a team batting average of .324 into the game against Western Michigan.

Jack Rumohr, the Western Michigan pitching choice who posted a 9-1 record this year, holds a 1.71 earned runs average per game.

Only one game is scheduled for tonight.

The other six clubs go into action Saturday when Lafayette meets Colorado State at 3 p.m. EST, favorite Southern California plays Holy Cross at 7 p.m. EST, and Arizona plays Clemson at 9 p.m. EST.

Milford Legion Ties Southfield

Milford and Southfield failed to settle anything in their Jr. Legion baseball opener last night. They battled to a 1-1 deadlock before darkness halted play.

Southfield started the scoring in the 2nd when Bob Utley doubled, stole 3rd and tallied on a sacrifice fly by Neil Stevenson.

Two errors and a wild pitch enabled Milford to get even in the 5th. Schoett scored the run on an error by pitcher Bob Filar.

Schoett had reached 1st on an error, advanced on a ground out and stole 3rd. He dashed for home when Filar uncorked a wild pitch but catcher Dick Jusino relayed the ball to Filar who made the tag in time only to drop the ball.

Tom Ridley had two of Southfield's five hits while Terry Anderson had two of three for Milford. The game will be made up at a later date.

Waterford opens at Berkley tonight in a postponed contest and all the teams resume play Sunday afternoon.

Olympic Bids Open

CHICAGO (AP) — The U. S. Olympic Committee has filed notice that all United States cities desiring to play host to the 1964 Olympic Games must file bids with the committee before Sept. 1. The host city will be picked at the International Olympic Committee's meeting in Munich, Germany, next May.

Detroit, Chicago, Minneapolis, Los Angeles and Philadelphia are expected to seek the 1964 games.

Boys Club Wins Behind Goldsworthy's Pitching

Dick Goldsworthy mowed down 18 batters on srikes and hurled a sparkling two-hit shutout as the Pontiac Boys' Club defeated Varden's, 2-0, in a Class B City League baseball game Thursday at Jaycee Park.

Greg Meadows pitched a nifty five-hitter for Varden's and blanked the Boys' Club until the 6th inning when the BC nine borke through for the two all-important runs. Denny Martin made two hits for the winners.

Forester Relates Tree Planting and Handling Methods

By DONALD E. NAGEL
City Forester

About this time of the year, a newly planted tree may look pretty sick. The buds are brown and dry and most of the leaves have dried up.

There are three reasons for this condition:

1. Improper planting and handling procedure.
2. Poor stock.
3. A combination of the two.

Success will be greater if nursery grown trees are planted. This is because the root system is more fibrous and is balanced with the amount of tree top. Usually not enough root is dug with a woods tree and the result is a failure. Here are 10 cardinal rules for the fall planting attempt.

1. Mark out a circle in the sod twice as large as the tree roots. Keep the roots covered and moist.
2. Separate the good soil from the bad.
3. Dig the hole so that the tree will sit a little lower than it did in the nursery.
4. Hold the tree in place and gradually replace the good soil around the roots.
5. Tramp the soil around the roots as it is added.
6. When the hole is ¾ full, add water to wash the soil into the air spaces.
7. Continue to add soil, leaving it loose on top.
8. Make a ridge or ditch around the tree to catch and hold water.
9. Trim the tree back 2-3 to offset the transplanting shock. Do not cut out the leader.
10. Wrap the trunk to the first branch with burlap or commercial tree wrap to prevent drying out of the bark, sun scald and the entrance of borers.

EVERGREEN CARE

In the case of evergreens that are balled and burlaped, just cut the twine on the ball, and tuck the burlap into the hole. Don't attempt to remove it. Set it as deep as it grew in the nursery. Spray the foliage of the newly transplanted evergreens every day and water well once a week.

Holes and streaks in the leaves are usually insect damage. Holes in the trunk is an insect borer and general stripping of the leaves is the result of insects feeding. Some insects to look for are:

1. Woolly aphid—the branches and leaves will be covered with masses of white cotton material.
2. Elm leaf aphid—a light green insect with lacey banded wings. This is the one that produces the honey-dew that drips on automobiles.
3. Sycamore aphid—a common large, green-reddish aphid found quite commonly on maples and sycamores.

★ ★ ★

Control for aphid is a dormant spray oil in early spring. Use a foliar spray consisting of nicotine sulphate, lindane, TEPP and malathion. Spray according to directions.

The larvae, caterpillar or canker worm, tent caterpillar, gypsy and tussic moth are the most common and destructive. They are leaf eaters. These caterpillars are green or may be brightly colored as is the case of the gypsy moth or the tent caterpillar. Control of these leaf eaters is DDT or lead arsenic.

The leaf miner of elm, birch and locust is quite common. The mines can be seen easily by holding a leaf up to the light or by the brown trail in the leaf. Control for this kind of insect is lindane.

The sucking type of insect includes the mites and red spiders. The damage will show as a browning on the needles and leaves. Control for this type of insect is aramite, malathion or TEPP.

You will be rewarded with a living tree if you use good planting stock and use the proper planting methods and give the new plant reasonable care.

Farm and Garden News

Frost, Drought Damage State Fruit, Vegetables

GRAND RAPIDS (UPI) — Frost and drought has damaged west Michigan fruit and vegetable crops, but horticulturists are cautious in extimating the exact extent of the damage.

Red tart cherry yields in northwest and southwest Michigan may be down about 50 per cent from last year's yield.

Three west Michigan horticulturists estimated Michigan this year will produce from 70 to 80 million pounds of tart cherries. Last year's crop was 173 million pounds and all but two million pounds were grown in west Michigan.

Clarence Mullett of Traverse City district agricultural agent for counties north from Manistee, said growers in his area estimated their red tart cherry yield this year will be about 35 million pounds.

★ ★ ★

Northwest Michigan growers last year harvested a 70 million pound crop. Mullet said 100 million pounds is considered a "good crop."

Mullett said the cherry crops in the important producing areas of the Leelanau and Old Mission Peninsulas fared well during the frosts. "Inland orchards were hardest hit," he said. "Anything about a mile or a mile and a half from Lake Michigan should have a good crop."

He predicted apple yields in his district would be "good" and pears "very good."

25 PER CENT LESS

Lyle Tompkins of Hart, district agent for counties from Manistee to Ottawa, reported the tart cherry crop in West-Central Michigan will be about 25 per cent less than the 44 million pounds of 1957 due to frost damage to budding trees.

Jerry Mandigo of Paw Paw, from Ottawa to the Indiana Line, estimated red tart cherry yields in his region would between 50 and 60 per cent of the 1957 bumper crop of 57 million pounds.

Mandigo said southwest Michigan crops suffered little frost damage.

"We lost some tart cherries from poor pollination," he said. "We have had no appreciable frost damage to other fruits."

The agricultural agents agreed apples, peaches, pears, plums and sweet cherries have not been as extensively damaged as red tart cherries.

They said drought in the area will limit yields of asparagus, cauliflower, cabbage, tomatoes, cucumbers, egg plants, peppers and cantaloupes.

Be Good Mixer, Control Insects

Measure Sprays When Preparing Them—Don't Trust Your Memory

Being a good mixer is a must for being a good gardener.

The good mixing has nothing to do with social activities. It applies specifically to the chemicals used for keeping the landscaping free of insects and controllable maladies.

Garden enthusiasts frequently by-pass the tedious task of measuring small quantities when preparing sprays and other chemicals. Unfortunately, the tendency is to toss in extra dosages in the mistaken belief the formula will be even more effective.

A stronger solution is more potent and probably will kill the insect faster. But it may also damage the woody patient. Even if you have had experience mixing proper formulations, read the labels every time you mix spray materials.

Not that you can't trust your memory! Manufacturers are constantly improving their chemicals and dosages or other mixing instructions may be different from those of even the recent past.

BRING YOUR LAWN TO LIFE
Nurish
WATER SOLUBLE PLANT FOOD
Makes Plants Flourish
The amazing soluble lawn food that has been proved by use
Backed by the 100-year Reputation of One of America's Leading Plant Food Manufacturers
Ordinary Lawn Grass photographed before Nurish was applied. Nurish used on half the plot only.
2 Days after application. Note the deeper, darker beauty of the grass receiving Nurish. Note also the healthier, thicker stand of grass.
YOU SEE RESULTS IN A DAY OR TWO
Your lawn needs feeding *now* . . . to keep it strong, vigorous and healthy. Feed it with Nurish . . . the easy to apply, soluble lawn food. Double-acting . . . feeds thru leaves and roots, too. It's the fastest and easiest way to provide the *full* supply of nourishment your lawn and garden needs.
Nurish is not "just another miracle food." Nurish is the result of years of testing and use by professional gardeners . . . it is the practical application of scientific facts to your lawn problems. Apply Nurish now, keep your lawn growing during the hot Summer months.
EASY TO APPLY . . . Nurish dissolves instantly, can be applied with ordinary hand sprinkler or hose attachment. Equally effective for lawns, roses, vegetable gardens, fruits, flowers or shrubs.
INSIST ON NURISH Look for the polyethylene moisture-proof bag. 3 lbs. cover 1425 sq. ft. . . . only $3.00. Also available in 1 lb. bags, $1.25.

What Kind of Pantry Do You Keep for Plants?

Plants are like people . . . they need food to live. Their pantry is the soil and it's the gardener's job to see that it doesn't go bare. Thanks to modern science, there's no guesswork in providing plants with a balanced diet.

Complete plant foods are packaged ready for you to use. They supply three basic chemicals . . . nitrogen, phosphorus and potassium, plus small quantities of the ten or fifteen other chemical elements that are needed.

On each package of fertilizer you'll see three numerals separated by hyphens. The first indicates the percentage of nitrogen contained in the fertilizers, the second the amount of phosphorus and the third, potassium.

There are many combinations designed for special purposes, but a ratio such as 6-10-4 or 5-10-5 is excellent for most of the garden flowers you will grow.

DON'T USE MUCH

In spring, before seeding and planting, fertilizer is mixed with the soil. When you water, the chemicals dissolve, releasing food to the plants for a period up to six months.

Make sure that you don't over fertilize, for too much food may kill the leaves and even cause the death of a plant. Play it safe and follow package instructions. A little may be good, but a lot is not always better!

* * *

To spur growth during the growing season, additional fertilizer may be applied. Don't allow it to fall on the leaves and remember that a plant's feeding roots are well out from the main stem so that a ring of food close to the stem can do the plant little good. Work the fertilizer into the soil carefully so as not to disturb the roots and then water well.

Trees in Danger in Yard Fallout

Excessive Falling Twigs Unhealthy Symptoms, Expert Claims

Backyard fallout can be a danger sign for your trees.

This fallout has nothing to do with radiation levels. It is the amount of dead twigs on the lawn after a summer rain or windstorm has passed.

And merely letting the chips fall where they may can sound the death knell for woody sentinels. So warns L. F. Irvine, field representative of the Davey Tree Expert Co., who points out excessive twig fall is a symptom of declining arboreal health.

If your back yard is chronically twig-littered, chances are pet trees need victuals badly along with strategic pruning. Careful thinning alone is a temporary expedient. Providing blue-plate specials of tree food high in nitrogen content is a better answer.

* * *

Fed at this stage of the growing season, tree friends may show tangible results of restored vigor in a few weeks, with lusher foliage and lesser twig fallout. However, all feeding is most effective when done on an annual basis.

Feeding trees is a painstaking operation. It is best done by the punchbar or drill method. This means the making of many small holes no more than 18 inches apart. These should be filled with small amounts of the high-nitrogen food.

For clay soils, peat moss rather than top soil should be used to fill the holes after food is applied. This retains water and is a big help in root aeration. Deep watering is a major factor in feeding. Be sure that your trees get adequate drinks in hot weather.

Plan, Then Plant for Best Results

Plan before you plant.

Some new homeowners, eager to landscape their home surroundings, don't give sufficient thought to the use requirements of their yard areas. Hasty landscaping results in an inconvenient yard area and the need for extensive changes later on.

Here are some major points to consider when you plan your landscaping:

1. Allow for a specific outdoor living area. It should be easily accessible from the house, surfaced with a weatherproof material such as ceramic or quarry tile, and secluded for privacy.

2. If there are youngsters in the family, be sure there is an area set aside for their play. While this area can be combined in part with the outdoor living area, it should not be adjacent to flower beds or delicate shrubbery.

3. If yours is a family that enjoys gardening, extensive flower beds can provide many hours of enjoyment. In planning them, remember that they should be easy to maintain. Unless you are a professional gardener, it is best to develop your garden beds over a period of time, adding new varieties each year.

4. **Keep in mind your home servicing requirements. If storms and screens are necessary, don't plant delicate shrubs or flowers under or in front of windows. The same applies if there is an oil tank filler pipe.**

5. If you have a breezeway, it's a good idea to make it serve a double purpose. It can serve as an outdoor living area during warm weather and as a storage place in winter. A floor surfaced with durable ceramic or quarry tile is essential in this area, too.

6. The latest feeding method consists of spraying special quick-dissolving foliar fertilizers on the leaves of your plants. Needed food is absorbed in a matter of minutes. Follow the instructions and it's a safe and easy way to see that your flowers get the food they need throughout the summer.

This method is especially beneficial in helping young seedlings recover from the shock of transplanting. They get food immediately without waiting for new roots to develop.

As you shop for a complete plant food, beware of those which are mixed with weedkillers. They are fatal to flowers although excellent for lawns.

Don't be misled by the term "soil conditioners." They have no food value and are primarily used to granulate heavy clay soils so that air and moisture can penetrate to the root zone of plants.

PEAT IS GOOD

Peat moss is always a good buy, for while not a plant food, it holds moisture and stores up the chemicals you apply to the soil until the plants are ready to use them.

For acid soil, as an alkalizer for your flowers, use agricultural limestone. It sweetens sour or acid soils and helps to improve soil texture. Most garden flowers require a neutral or slightly alkaline soil, but before applying lime, you should have your soil tested to find out exactly how much lime to use. Inexpensive soil testing kits are available for this purpose.

Outdoor Grills May Make Tree Too Well Done

Outdoor living is fine and fun, but certain suburbanites are taking a burn.

These are the trees and shrubs that get a scorching from outdoor grills, along with the steaks, hamburgers and hotdogs. Portable grills dragged near growing things can give shade or ornamental trees a figurative hot foot. And permanent outdoors fireplaces for informal dining will do the same, unless located a safe distance from woody pets.

Depending on the nearness, size and severity of any fire, in the grill or otherwise, heat can kill or injure the landscaping by cooking growing tissue.

Of course, a major fire on the home grounds such as a burning house or garage is one of the wost catastrophes. They actually may boil the sap within a tree and the cambium layer may cook and die. Damage otherwise may be confined to the side of the tree nearest the fire.

Frequently, fire damage to trees is more extensive than early examination indicates. Patience is virtue that pays off for tree friends thus affected. Where damage is severe, complete corrective care is best delayed for several months or even a full year.

Only then will the extent of injury be fully apparent so that all dead bark and other injured parts can be cut away and waterproofed. Generous feeding plus watering in dry seasons are a standard part of the treatment. And the sooner done the better.

New Power Mower

Toro Manufacturing Corp., Minneapolis, announces its biggest power lawn mower that cuts a 15-foot swath. It's equipped with seven gang mowers with hydraulic controls permitting the mowers to "override" tree-trunks, sand traps and other obstacles.

Grass Needs Medicine

Fungus disease can harm grass greatly. Use a protective program. Apply Scutl as simple spreader treatment, usually at 2-3 week intervals.

EASIER JOB — Mowing your lawn this year with a power mower such as the one this miss has makes the job a pleasure instead of an exhausting grind. This year's models offer many new features for easier control, better cutting and trouble-free operation. One year guarantees are sometimes included.

Family Members Will Fight to Use '58 Power Mowers

The whole family will be fighting for the privilege of cutting the grass when they see the host of new features which have been designed to make mowing the lawn as easy as taking a walk.

The mowers now being introduced incorporate many new developments to make for easier, safer, and trouble-free mowing.

Maintenance worries can be ended if the mower has a 1-year guarantee, covering parts and labor, which is now included with some mowers. This guarantee covers one year of free service on both the engine and all mower parts.

* * *

Another new feature of new power mowers includes a quick-change wheel adjustment which enables the homeowner to raise or lower the cutting height in a matter of seconds and without using any tools.

A new finger-tip engine control gives just the right fuel mixture for starting, idling, and, in some mowers, offers variable blade speeds for heavy and light cutting.

Designed to eliminate jarring shocks and to protect the engine from sudden strain, is the belt-drive featured on some models. Should the mower strike a stake, rock or other foreign obstacle, this belt-drive absorbs most of the shock, protecting the engine shaft from possible damage.

* * *

Exclusive on some models this season is a safety clutch. With this foot controlled clutch, the engine may be started, even in deep grass, since the blade will not revolve until the clutch is engaged.

ELECTRIC STARTERS

Electric starting is now available on some lawnmowers. In some: One plugs into any 110-volt outlet and the other operates from its own self-generating battery.

* * *

A larger more efficient soft-tone muffler and a new self-cleaning dry air filter are among the other exclusive features on deluxe mowers, in a wide variety of cutting widths and engine sizes.

Apple Supply Ample

YAKIMA, Wash. — Stocks of apples in cold storage in the United States January 1 were 25 per cent higher than the year before and canned-apple supplies were 22 per cent higher.

ORDINANCE NO. 96

An Ordinance to regulate the operation of watercraft, to control waterskiing, surf-boarding or the use of similar contrivances.

The Village of Orchard Lake Ordains:

Section 1. No person shall operate any watercraft upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake which has not complied with the registration requirements contained in and which does not display the registration numbers provided for in Act No. 310 of the Public Acts of Michigan of 1957 as amended.

Section 2. As used in this ordinance:

(a) "Watercraft" means any contrivance used or designed for navigation on water including, but not limited to any vessel, ship, boat, motor vessel, steam vessel, vessel operated by machinery either permanently or temporarily affixed, scow, tugboat and rowboat.

(b) "Person" includes any individual firm, partnership, corporation, company, association, joint stock association, or body politic, except the United States and the state of Michigan, and includes any agent, trustee, receiver, assignee, or other similar representative thereof.

Section 3. It shall be unlawful for any person who is under the influence of intoxicating liquor or narcotic drugs, barbital or any derivation of barbital, or any person who is an habitual user of narcotic drugs, barbital or any derivative of barbital, to operate, propel, or be in actual physical control of any watercraft upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake. It shall be unlawful for the owner of any watercraft or any person having such in charge or in control thereof, to authorize or knowingly permit the same to be propelled or operated by any person who is under the influence of any intoxicating liquor or narcotic drugs, barbital or any derivative of barbital, or any person who is an habitual user of narcotic drugs, barbital or any derivative of barbital.

Section 4. Any person operating or propelling a watercraft upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake shall operate the same in a careful and prudent manner, and at such rate of speed so as not to endanger the life or property of any person. No person shall operate any watercraft at a rate of speed greater than will permit him, in the exercise of reasonable care, to bring the watercraft to a stop within the assured clear distance ahead. No person shall operate a watercraft in a manner so as to unreasonably interfere with the lawful use by others upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake.

Section 5. Any person who operates any watercraft, or who navigates, steers or controls himself while being towed on water skis, water sled, surfboards or similar contrivances, upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake carelessly and heedlessly in disregard of the rights or safety of others, or without due caution and circumspection and at a speed or in a manner so as to endanger or be likely to endanger any person or property, shall be guilty of reckless operation of a watercraft and upon conviction shall be punished as provided in Section 16 of this ordinance.

Section 6. The operator of any watercraft involved in any accident resulting in injury or death to any person or damage to property shall stop his watercraft and give his name, address and the registration number of his watercraft (as provided for under P.A. No. 310 of the Public Acts of Michigan, 1957, as amended), to the person struck or the operator or occupants of any watercraft collided with and render to any person injured in the accident reasonable assistance, including the transporting of the persons to a physician or surgeon for medical or surgical treatment if it is apparent that treatment is necessary or requested by the injued person.

Section 7. No operator of any watercraft shall have in tow or shall otherwise be assisting in the propulsion of a person on water skis, water sled, surfboard, or other similar contrivance during the period 1 hour after sunset to 1 hour prior to sunrise. Any person permitting himself to be towed on water skis, water sleds, surfboards or similar contrivances in violation of any of the provisions of this ordinance shall be guilty of a misdemeanor.

Section 8. The owner of a watercraft shall be liable for any injury occasioned by the negligent operation of such watercraft, whether the negligence consists of a violation of the provisions of this ordinance, the statutes of the State of Michigan, or in the failure to observe such ordinary care in such operation as the rules of common, ordinary law require. The owner shall not be liable unless the watercraft is being used with his express or implied consent. It shall be presumed that the watercraft is being operated with the knowledge and consent of the owner if it is driven at the time of the injury by his son or daughter.

Section 9. The owner of any watercraft operated upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake shall be personally responsible for any damage to life or property resulting from a wake or swell created by the negligent operation or propulsion of such watercraft, where the watercraft is being operated with his consent.

Section 10. Every watercraft being operated upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake and being propelled by a permanently or temporarily attached motor shall be provided and equipped with a stock factory muffler, underwater exhaust, or other modern device capable of adequately muffling the sound of the exhaust of the engine of such motorboat. The mufflers shall be kept closed, and the exhaust or device kept in proper working order by any person operating or in charge of the watercraft at all times when the engine is in operation. The term "capable of adequately muffling the sound of the exhaust of the engine" means the motor's exhaust at all times shall be so muffled or suppressed as not to create excessive or unusual noise.

Section 11. Every watercraft operated upon the waters within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake during the hours from 1 hour after sunset to 1 hour before sunrise shall be equipped with a light on the bow which can be plainly distinguished at a distance of 500 feet.

Section 12. No person as an operator of or as a passenger in any watercraft upon the water within the territorial limits or bordering upon the territorial limits of the Village of Orchard Lake shall throw or deposit any glass bottles, tin cans, crockery, cardboard containers, or any other type of debris upon or into said waters or upon the shores thereof.

Section 13. It shall be the duty of every person operating a motor driven boat to give watercraft propelled by sail or other watercraft not propelled by mechanical means every advantage and keep out of their way.

Section 14. No person or persons shall engage in any motor boat race or speed trial without first obtaining permission from the Village Commission and then only on such terms and conditions and under such police supervision as said Commission may prescribe.

Section 15. Every motor boat, launch or other watercraft carrying passengers for hire shall carry one life preserver of the sort prescribed by the United States Bureau of Marine Inspection and Navigation for every person carried.

Section 16. Any person who shall by his own act or omission or by those of his agent or employe violate any of the provisions hereof shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not exceeding one hundred (100) dollars or by imprisonment in the Oakland County Jail for a period of not exceeding ninety (90) days, or by both such fine and imprisonment in the discretion of the court, together with costs of prosecution.

Section 17. Sections of this ordinance shall be deemed to be severable, and should any action or provision of this ordinance be declared by the Court to be unconstitutional or invalid, the same shall not effect the part not declared to be unconstitutional or invalid.

Section 18. Ordinance No. 63 entitled "An Ordinance to regulate the operation of motorboats and other watercraft" and Ordinance No. 90 entitled "An Ordinance Pursuant to Act 66 of the Michigan Public Acts of 1952 to authorize the policing of the waters of Cass Lake bordering upon the limits of the Village of Orchard Lake, to prohibit the reckless operation of motor boats and watercraft on Cass Lake within the above area, to prohibit the operation of unmuffled engines of watercraft on Cass Lake bordering upon the limits of the Village of Orchard Lake" are hereby repealed. All other ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 19. This ordinance is declared to be immediately necessary for the preservation of the peace, health and safety of the public and is hereby given immediate effect.

Made and passed by the Commission of the Village of Orchard Lake this 9th day of June, 1958 A.D.

FRED J. WALLS, President
LUCILLE M. SMITH, Clerk
Village of Orchard Lake
Orchard Lake, Michigan
June 13, '58.

Market Boosted in Active Trade

NEW YORK (AP)—The stock market rose in fairly active trading early today.

Leading issues were up from fractions to about a point. There were a few losers.

Oils resumed their advance of yesterday, but more modestly. Oil equipment stocks, some chemicals, rails, tobaccos, coppers and rubbers also were higher.

The market was moving further into new high ground for the year after establishing a new 1958 high yesterday.

Prices were generally higher at the opening. As trading slackened a bit the price level improved moderately.

Lorillard, Goodrich, U. S. Tobacco and Caterpillar added about a point each.

Smaller gains were posted for Bethlehem, Chrysler, Douglas Aircraft, Anaconda, Kennecott, Union Carbide, Southern Pacific, Baltimore & Ohio.

No Happiness in Word

NEW HAVEN, Conn. (UPI) — The word "felicitous" means happy, but not for John Leary. Because of it, he lost the final round in a spelling match.

Wheat Spurts, Then Eases

CHICAGO (AP)—An active demand for wheat futures in early Board of Trade dealings sent prices as much as a cent a bushel higher for a few minutes until profit-taking took over.

★ ★ ★

Other grain prices were within a steady range, both above and below previous closes.

The wheat selling wiped out small advances in some contracts for awhile and trimmed others.

★ ★ ★

Near the end of the first hour, trading was slow and wheat unchanged to ⅝ cent a bushel higher, July $1.86⅛; corn lower to ⅛ higher, July $1.31⅜; oats ⅛ lower to ¼ higher, July 61⅝; rye ½ higher to ¼ lower, July $1.29; soybeans ⅝ lower to ⅛ higher, July $2.27¼; lard 2 to 5 cents a hundred pounds lower, July $12.10.

Grain Prices

CHICAGO GRAIN

CHICAGO, June 13 (AP)—Opening grains:

Wheat		Oats

Higher Car Output Seen This Week

DETROIT (AP) — Passenger car output in U.S. factories this week should total 80,550 units, Automotive News said today. Last week 73,666 cars were built. In the like 1957 week 124,946 were made.

Truck production is expected to total 10,045 vehicles this week compared with 16,110 last week. In the comparable 1957 week 22,692 trucks were built.

The trade paper said increased production schedules at Ford, General Motors and Chrysler would bring the higher car output this week.

Chrysler Given Huge Army Defense Project

WASHINGTON (UPI) — The Army announces the awarding of defense contracts totaling $2,414,540 to Chrysler Corp.

★ ★ ★

A $1,900,000 contract was awarded to Chrysler for the manufacturing of Jupiter missile parts at the company's Sterling Township Plant. Chrysler also received a $514,540 contract for M48 tank turret training equipment to be made at the Center Line plant.

News in Brief

Cleveland G. Tademy, 34, of 268 W. Wilson Ave., pleaded guilty to reckless driving and was sentenced today by Municipal Judge Cecil B. McCallum. He was fined $85 and placed on probation for three months.

Ten truck tires, tubes and rims, valued at $1,200 were stolen from the GMC Retail Branch, 675 Oakland Ave., it was reported yesterday to Pontiac Police. They were taken from trucks parked at the rear of the building.

John Jackson, 43, of 515 Highland St., was sentenced today by Municipal Judge Cecil B. McCallum for reckless driving. He was given three months probation.

Business Notes

NEWMAN

Paul Newman has joined MacManus, John & Adams, Inc., as a senior vice presiden and director of creative services, Ernest A. Jones, president, announced today.

Newman was formerly executive vice president and executive art director of a New York agency.

He will function on all MJA accounts, Jones said, dividing his time between the agency's Bloomfield Hills headquarters and its various branches.

Charles F. Craig, owner of Ohmar, Inc., 85 E. Fairmount Ave., has become a member of the National Institute of Drycleaning, Silver Springs, Md., the trade association announced.

CRITCHFIELD

Elected treasurer of The Engineering Society of Detroit this week was Robert M. Critchfield, of Lake Angelus, and vice president of the Process Development Staff for General Motors Corp.

Critchfield, of 901 N. Lake Angelus Rd., will serve a three year term beginning July 1 along with other newly-elected officers.

Detroit television personality Captain Jolly will be at the Shoe Box store at the Tel-Huron Shopping Center tomorrow, from 10 a.m. until noon, to greet children.

Turkey Ups Oil Output

ANKARA — Turkey's oil production averaged 6,100 barrels a day in 1957, a gain of 8.9 per cent over 1956.

Harness Buried Steam

AUCKLAND — Natural underground steam present in New Zealand is being harnessed as a source of energy rivaling the atom.

Livestock

DETROIT LIVESTOCK

DETROIT, June 13 (AP) — Hogs — 100 market not established.

Cattle — 250. Bulk utility standard and good grades in less than load lots. Trade a cleanup affair. Prices unchanged on slaughter classes. Scattering good to choice steers 25 to 27.00; utility and standard mixed offerings 21.00-25.00; utility cows 19.00-21.00; canners and cutters 14.50-19.00.

Compared with last week choice steers 25 to 50 cents lower; lower grade steers along with heifers uneven, steady to 50 cents lower; cows steady to strong; bulls fully steady; most good to low choice steers 25.00-27.00; bulk choice steers 1000 to 1150 pounds 27.00-28.00; choice steers 1150 to 1250 pounds 27.00-27.50; a moderate showing of average to high choice 1030 to 1172 pound steers 28.25-28.50; standard grade steers 23.50-25.00; utility steers 21.50-23.50; most good and choice 700 to 900 pound heifers 25.00-27.50; utility and standard heifers 21.00-24.50; utility cows 19.00-21.00; canners and cutters 14.50 to 19.00; utility bulls 22.00-24.50; cutters bulls 19.00-22.00.

Vealers — 25. Market not established. Compared with last week prices fully 1.00 lower; choice and prime vealers 30.00-34.00; standard and good grades 24.00-30.00; cull and utility grade 14.00-24.00.

Sheep and lambs — 50. Market not established.

Installed as Head of Nurses Group

Mrs. Edna Fox, of Orchard Lake, was installed as president of the Oakland County Practical Nurse Association at the group's annual banquet.

Other officers installed by Helen Harper, registered nurse at Pontiac General Hospital were: Mrs. Beulah Wilson of Pontiac, first vice president; Mrs. Dorothy O'Dell, of Pontiac, second vice president; Mrs. Vernice Stratton of Pontiac, recording secretary; Mrs. Virginia Hannaford of Birmingham, corresponding secretary; Mrs. Thersa LeRoy of Pontiac, treasurer and Mrs. Ruth Cross of Birmingham, board member.

Dr. Juho Hsu, who is on the staff of Pontiac State Hospital was guest speaker at the event, held at Aunt Fanny's Restaurant, Royal Oak.

BIDS WANTED

The City of Keego Harbor is accepting bids for a new police car. Bids will be opened at the next regular meeting of the City Council, June 17, 1958 at the City Hall, 2965 Orchard Lake Road, Keego Harbor, Michigan.

Police Car specifications:

1958 model V-8, 2 Dr. deluxe model. Heavy duty heater, defroster, electric clock, windshield wipers, two visors, two arm rests, turn signals, automatic transmission, spot light, two tone paint, heavy duty generator, battery and regulator, tubeless tires.

The City reserves the right to reject any or all bids.

EILEEN B. VAN HORN, Clerk
June 13, 14, '58.

Willys Views Pact With English Firm

TOLEDO, Ohio (AP) — Willys Motors, Inc., confirmed that discussion is under way with Rover Car Co. of England to determine whether there would be mutual advantages in the production and marketing fields.

★ ★ ★

Edgar F. Kaiser, Willys president, said no definite conclusion has been made so far.

Kaiser said Willys also has been in discussions with firms other than Rover concerning a possible mutual cooperation pact with a foreign manufacturer of motor vehicles.

★ ★ ★

As an example of existing mutual cooperation betwen American and foreign automotive firms, he cited the Mercedes-Benz-Packard-Studebaker arrangement under which Packard-Studebaker sells the Mercedes-Benz line in this country.

Rover manufactures jeep-like utility vehicles and a line of expensive luxury cars.

NOTICE OF HEARING ON SPECIAL Assessment Street Black Topping Improvement.

Notice is Hereby Given:

1. That the Township Board of the Township of Waterford, Oakland County, Michigan has tentatively declared its intentions to resurface and improve Oak Beach St. from Rowley St. north to Williams Lake Rd. Clayton St. from Rowley St. north to Williams Lake Road, Norris St. from Rowley St. north to Williams Lake Road, Ardeth St. from Rowley St. north to Williams Lake Road, Cutler St. from Rowley St., north to Williams Lake Road, and Rowley St. from Airport Rd. east to the easterly line of Judson Bradways Huntoon Lake Subdivision, by grading, draining and black topping with 2" bituminous aggregate.

2. That plans showing the aforesaid improvement and the location thereof and estimates of the cost thereof are on file with the Township Clerk for public examination.

3. That the Township Board has tentatively designated the following special assessment district against which cost of said improvement is to be assessed to wit:

Judson Bradways Huntoon Lake Subdivision, Lots 1 thru 40 incl., Lot 41, Lots 65 thru 79 incl., Lots 80 thru 84 incl., Lots 109 thru 127 incl., Lots 128 thru 159 incl., Lots 196 thru 192 incl., Lots 197 thru 221 incl.

4. That the Waterford Township Board will meet in the Township Hall, 4640 W. Huron St. (M-59) on the 16th day of June, 1958 at 7:30 p.m. Eastern Standard Time to hear and consider any objections to the said improvement, to the petition therefor, and to the said special assessment district.

This notice is given by order of the Waterford Township Board.

JAMES K. SETTERLIN, Waterford Township Clerk

Dated June 2, 1958.

Director of Tornado Warning Center Says '58 Twisters Develop Too Fast

By LYLE SCHWILLING

KANSAS CITY, Mo. (UPI) — The man charged with keeping you from getting killed by a tornado complained today that the 1958 brand of weather is moving too fast.

Don House, chief of the U. S. Weather Bureau's severe weather center, said "We are averaging only about an hour in getting our warnings out before the danger times. A year ago we averaged about two to three hours."

LIVES SAVED

House's crew doesn't know how many lives have been saved since their department was organized. "We probably saved 50 to 60 lives in Wisconsin last week," he said. "But then we lost a dozen or more at El Dorado, Kan., Tuesday."

He cited the El Dorado storm as typical of the type that plagues the weather warning service.

Tuesday afternoon the radar reports showed only small storms in western Kansas. By 5 p. m., the radar showed moderate to strong storms. "There was nothing to recognize in the form of tornadoes," House said, "but twenty minutes later El Dorado was hit."

MEN ON ALERT

At the same time the Kansas storm was building up there was thunderstorm activity in large areas below the Great Lakes keeping House's men on the alert. "It was one of those days," House said. "If we had had 10 men on the job we couldn't have kept up. As it was we had three men — our normal maximum effort."

House blamed the situation on warm, moist air seeping northward from the Gulf of Mexico. This year has been rather mild for tornadoes, he said, but from the standpoint of warnings it has been one of the most dangerous.

So far this year there have been about 200 tornadoes reported across the country. This time last year there were about 600. Through all 1957 there were about 1,000 tornadoes. They killed about 200 people.

★ ★ ★

Thirteen of these 1957 tornadoes struck the Kansas City and Dallas areas. In "Tornado Alley," a broad strip stretching from the Gulf Coast to Michigan, 90 per cent of all U. S. tornadoes develop, but no section is exempt.

Forecasting of tornadoes began about 11 years ago, you might say without planning. In 1947 a tornado struck Tinker Air Force Base in Oklahoma. A week later meteorologists at the base noticed that weather conditions were similar to those of the day of the tornado.

They warned that another tornado might strike. One did. It was almost identical to the first, but casualties were minimized. The Air Force began a regular system of weather warning. Some of the alerts reached communities close to the bases and a demand began for civilian tornado forecasting.

★ ★ ★

In 1950 the U. S. Weather Bureau began issuing its own tornado forecasts. Four years later, with the growth of a radar network, the Kansas City operation was started. Three teletype systems feed radar reports into House's office. They are studied and, when tornado situations seem to be building up, alerts are issued.

This year's different type of upper air flow is putting considerable pressure on the warning service, House said. "Last year the situations were clear cut. This year there isn't any pattern. One minute everything looks okay, then you pick up a radar report and the next thing you know the tornado has hit."

The average life of a tornado, House said, is 12 minutes. "Sometimes it takes us that long — and occasionally far longer — to get reports of strong storms from outlying areas."

"We have," House said, "been cussed." He paused. "And a lot of bouquets have been thrown our way. A year ago we received high praise for our forecasting the tornado that hit Ruskin Heights (a Kansas City suburb). Forty persons were killed but many more probably would have died."

The warning system's effectiveness, he said, is based on two things — the ability of local weather bureaus throughout the country to use the information House supplies, and the ability of citizens to react to the forecasts. "And of course," House added, "we have the cooperation of the press, radio and TV. I'm amazed at how they have cooperated."

House said his staff is severely undermanned in times of extreme tornado activity. He reflected: "Say we saved 50 lives in Wisconsin. Maybe each life is worth $10,000. Well we pay for ourselves. We could do a better job if we had more men. But that's up to Congress."

Liner's Sailing Delayed by Engineers' Strike

NEW YORK (AP)—A strike by 46 engineers held up the liner United States eight hours yesterday.

The liner, America's largest and carrying 1,776 Europe-bound passengers, was scheduled to sail at noon but the engineers refused to sign on until a list of grievances was settled.

Grievances involved shift assignments in port that cut down their time ashore with their families, arbitrary transfers to other ships, and discrimination in promotions.

The U. S. Lines, owners of the ship, estimated the delay cost $2,000 an hour.

Death Notices

BARNES, JUNE 12, 1958, VIRGIL Victor, 146 W. Rundell St., age 64; beloved husband of Mrs. Opal S. Barnes; dear father of George, James and Bill Irwin and Mrs. M. C. (Kathleen) Hallman; dear brother of Hosie Barnes and Mrs. Julia Millin; eight grandchildren and 5 great-grandchildren also survive. Funeral service will be Saturday, June 14 at 2 p.m. from the Pursley Funeral Home with Rev. M. F. Boyd officiating. Interment in White Chapel. Mr. Barnes will lie in state at the Pursley Funeral Home.

BENN, LAWRENCE LEE, 1319 Smith, Birmingham; husband of Mabel (nee Hall); father of Mrs. Lee Brand, Mrs. Richard Baldwin, Mrs. Joseph Melligan and Lee Benn; brother of George Benn. Service Monday, 1 p.m. at Manley Bailey Funeral Home, 183 Oakland, Birmingham. Interment Roseland Park.

CALDWELL, JUNE 12, 1958, DONald O., 2310 Maplecrest. Mr. Caldwell is at the Sparks-Griffin Funeral Home where arrangements will be announced later.

SANDERS, JUNE 12, 1958, LUCY C., Pontiac; age 81; dear mother of Albert and Edwin Sanders; dear sister of Otis Elder and Mrs. Ella Reed. Funeral service will be held Saturday, June 14, at 1:30 p.m. from Sparks-Griffin Chapel with interment in Commerce Cemetery. Mrs. Sanders will lie in state at Sparks-Griffin Funeral Home.

Card of Thanks 1

WE WISH TO EXPRESS OUR deepest appreciation and thanks to the many friends for their acts of kindness, messages of sympathy and lovely floral offerings in the sudden death of Arthur John Jepson, beloved husband and father. Special thanks to the Rev. Arvid Anderson and the Coats Funeral Home.

Helen Jepson & Family

WE WISH TO EXPRESS OUR deepest thanks and appreciation for the acts of kindness and messages of sympathy and beautiful floral offerings received from our kind friends and neighbors during the recent bereavement in the loss of our dear mother and grandmother, Gertrude Thompson. Our special thanks to Rev. Marion F. Boyd and Sparks-Griffith Funeral Home and ladies of the Columbia Ave. Baptist Church. Mr. and Mrs. Louie Thompson and Family.

WE WISH TO EXPRESS OUR sincere thanks to our many relatives, friends, and neighbors for their kindness, sympathy, and floral offerings, during the recent bereavement of our beloved baby son Donald S. Knoop. A special thanks to Rev. Botroff and to Coats Funeral Hoome. Mr. and Mrs. Robert D. Knoop.

In Memoriam 2

IN LONELINESS WITH LONGING, heartache and sorrowful memory of my kind, loving and generous husband, Roy, who died one year ago June 13th.

That day, Roy, I lost everything when I lost you.

I need you so much. You too, lost out on everything—even your life.

But there will be love always. From your wife, Belle.

High Burial Costs Viewed by Mortician

LOUISVILLE, Ky. (AP)—M. E. Pruitt, a mortician for 54 years, says it takes nearly five times as much to be buried now as it did when he started in the business.

"A $90 funeral, back when I went into business, was considered a high-priced funeral," Pruitt said.

Now the average is $428, he added, and a mortician's work isn't nearly as exhausting.

A funeral director often had to make his own caskets, help dig graves and if a clergyman wasn't handy, deliver the sermon, Pruitt said.

Pruitt, 87, of Millersburg, Ky., was honored for his long service at a meeting of the Kentucky Funeral Directors Assn.

Gets Powerful Jolt

DETROIT (AP)—Ernest Dees, 40, of Detroit, took a 4,500 volt jolt and lived. Dees, a construction worker, was guiding a steel beam into position when the beam touched a power line. Dees suffered only minor hand and foot burns.

Wonder of Wonders — Parisians in Paris

By EARL WILSON

PARIS — There was vast excitement at a French hotel last Monday — a Frenchman walked in.

Yes, it's now possible to see Parisians in Paris. The recession has cut American travel a little. Even Georgie Jessel, Johnny Meyer and John Ringling North don't seem to have been here. And that's a strange, errie experience — to be in Paris and not see George Jessel.

WILSON

But there are plenty of others around, from Phil Silvers' gag writer, Coleman Jacoby, a Pittsburgh boy, to Harry Truman. Mrs. Lillian Kramer, owner of the Hotel Edison, has just departed after quite a disturbing shopping experience.

★ ★ ★

Mrs. Kramer, who lost her jewelry in her hotel recently, just bought a new and most luxurious Shetland wool coat made by the hot new coutourier, Pierre Cardin.

Well, Mrs. Kramer's maid hung it in the bathroom thinking it was a bathrobe.

Harry Truman got a little annoyed at Cannes when one American interviewer kept asking him all the questions at a press conference. He was under the impression that he was in France.

"Young lady," he said, "let somebody else ask some questions."

"But Mr. Truman, the Frenchmen have appointed me to ask the questions for them because I speak English," replied the young lady—Monitor broadcaster Shirley Eder, known in private life (of which she doesn't have too much) as Mrs. Edward Slotkin of New York and Detroit.

THE MIDNIGHT EARL IN NEW YORK . . .

JOY HARMON

John Wayne turned down $12,000 for a TV guest shot, but did the Wide, Wide World TV'er (about westerns) for nothing . . . Comedy writer **Goodman Ace**, who lives in mid-Manhattan, was asked where he'll vacation. "Up north," he said, "—at Yankee Stadium."

Peter Lind Hayes and **Mary Healy** will get their own TV variety show in the fall . . . **Pinky Lee** sold his Beverly Hills home, will move to Arizona . . . The Russian ballet will take over 50 minutes of the Ed Sullivan show June 29 . . . **Gary Crosby** visited the local cafes with his Uncle Bob . . . Columbia Pictures wants to sign busty **Joy Harmon**; she says she'll "play down" the cheesecake.

Johnnie Ray was asked to make a movie in London; he'd play a priest . . . **Grace Kelly** still does much of her shopping here — by mail, wholesale . . . **Broderick Crawford** told Mrs. George Schrafft, "I like your perfume—what is it?" She answered, "Cleaning fluid — I just removed a spot" . . . Actor **Darren McGavin**, who bought a farm in upstate N.Y., was asked what he'll grow there. "Just one thing," he said, "—older."

EARL'S PEARLS — Who says American youth lacks stamina? Where else could you find people who can listen to rock 'n' roll records hour after hour without flinching?

WISH I'D SAID THAT: Perhaps the reason that life on other planets is extinct is that their scientists were a little more advanced than ours.—Quote.

TODAY'S BEST LAUGH: "You can get quite a lot of fruit and vegetables out of a backyard garden—if you cultivate the owner."—Ken Kraft. . . . **That's earl, brother.**

(Copyright, 1958)

Disc Data and Chatter
Music in the Round
by Dick Saunders

Dorsey fans can hear the last recordings of the Tommy Dorsey Orchestra with brother Jimmy on a recent release. "The Fabulous Dorsey's In Hi-Fi" (Columbia C2L-8).

It's a package of two 12-inch LPs originally made and paid for by TD himself. A notoriously impatient man, Dorsey couldn't wait for recording schedules and such when new ideas came to him.

His private recording of these ideas was both fortunate and tragic, since shortly after he died. This volume is truly the final chapter of a recording career which spanned three decades.

JAZZ TAPES: The Cook people are doing great things for jazz fans with stereo-tape recorders. Who could imagine being surrounded by Lizzie Miles, queen mother of old Bourbon Street.

★ ★ ★

You can hear Lizzie shout the blues from every direction with her tapes "Hot Songs My Mother Taught Me" Vol. 1 & 2 (Cook 1183st & 11830st).

With Tony Almerico's Barrelhouse Band giving her apt accompanyment, you'll have the best of New Orleans in your living room. They're also available on LPs.

Some highly stylized jazz is to be had on a Red Camp tape, "Red Camp Horizontal" (Cook 1089st).

★ ★ ★

FIVE ACES: This week's upper crust is almost identical to last week's. Still tops in sales around Pontiac is "Purple People Eater" by Sheb Wooley.

As was the case seven days ago, "Do You Want To Dance" by Bobby Freeman is a close second. In third this week is "Secretly" by Jimmy Rodgers. Jumping to fourth is "Yackety Yack" by The Coasters. "Jennie Lee" by Jan & Arnie has dropped to fifth.

Also selling well are "High School Confidential" by Jerry Lee Lewis; "Don't Go Home" by The Playmates; and "Big Man" by The Four Preps. After that sudden second wind surge to third place last week, "Dream" by The Everly Brothers has fallen out of the picture.

Gov. Knight Spurns Knowland's Support

SACRAMENTO, Calif. (AP) — Gov. Goodwin Knight, rejecting an indirect truce offer by Sen. William F. Knowland, says he is going it alone in California's November election campaign.

★ ★ ★

Knowland, who displaced Knight as the Republican candidate for governor, made his gesture at a news conference in Washington yesterday. He said it's important for Republicans to close ranks, and that he intends to give "wholehearted and loyal support" to the entire Republican ticket.

Knight, citing their difference on the controversial right-to-work issue, replied "I propose to conduct my own separate campaign" for the U. S. Senate. He said nothing about supporting Knowland.

Tiny Lamps Powerful

CHICAGO — For night aerial photography, 12 tiny lamps, each smaller than a king-size cigarette, have been developed to emit light equal to 36,000,000 candlepower. Housed in special reflectors, the lamps, tested in a patrol bomber flying at 20,000 feet, gave enough light at night to cover 16 miles and enabled people on the ground to read a newspaper.

BROTHERLY LOVE — Although they enjoy ribbing each other, there's no feud nor real rivalry between Jack Kelly (left) and James Garner who play the Maverick brothers, Bart and Bret, in the ABC-TV Western, "Maverick." Their horseplay, on and off the set, has become Hollywood's best running gag. "Maverick" is telecast Sundays at 7:30 p. m.

But 'Brothers' Rib Each Other

Maverick Boys Like to Exchange Jibes On and Off the Set

By ERSKINE JOHNSON

HOLLYWOOD (NEA) — Those Maverick brothers — Bret and Bart — seem to be able to handle any situation, dangerous, romantic or comical, tossed at them by the writers of their highflying Sunday night Warner studio TV hour.

And they also can handle a ticklish situation tossed at them by Hollywood and TV fans.

The word is out, from where no one knows, that James Garner, who is Bret, and Jack Kelly, who is Bart, can get along without each other very well.

But take it from me — and I took it straight from Garner and Kelly — there is no feud and no "Anything You Can Do, I Can Do Better" rivalry. Except in the ribbing department, which may have been responsible for the reports.

Their horseplay, on and off the set, is the best running gag in Hollywood these days but, they insist, it's just the fun of success for both of them.

THE OLD PRO

To understand the ribbing is to know Jack Kelly, the newcomer to the series, but, at 31, the "old pro" of the team. Garner is an acting Johnny-come-lately, but Kelly was a kid star on Broadway at the age of 6 and has been in and out of greasepaint all of his life.

I was lunching with Jack when Garner came into the Warner studio cafe and stopped at our table.

"Hi, brother Bret," grinned Jack. "Did you hear the bad news? John Wayne is going to make a movie on the lot. Next to him, you'll look like Mickey Rooney."

Wayne and Garner are the same height but Jack knows he can get a rise out of Garner with his "Wayne is bigger and braver than you" needle.

Garner's answer came in a needle too. "I saw your show (the lads alternate as Maverick stars) last night and I'm sure glad they don't give me stories like that."

To which Jack replied, "That was the story they decided was too good for you."

NANCY'S BROTHER

So it goes, with show business-wise Kelly usually outpointing Garner in the ribbing. Not afraid, either, is Kelly to grin: "What a life I've had. For 31 years I've been known as Nancy Kelly's brother. Now I gotta be James Garner's brother."

Along with Nancy, who became a Broadway star at 16, Jack was a kid stage and radio actor between the ages of 6 and 12.

While sister Nancy was a movie star, Jack, then 11, went to school in Hollywood, worked at odd jobs in his spare time, and had decided to be a lawyer when World War II put him in Alaska as an Air Force weather observer.

At war's end he did little-theater acting, then New York TV, movies and starred in Warner's ill-fated "Kings Row" TV series.

Mother Found Guilty of Race Bookmaking

REDWOOD CITY, Calif. (AP)—A 32-year-old mother was convicted of horse race bookmaking while her 6-year-old daughter was attending school.

Superior Judge Frank B. Blum found Mrs. Evelyn Carroll guilty and set June 25 for sentencing. Police testified Mrs. Carroll did a $250 a day bookie business over the telephone in her apartment.

Leads in Fur-Felt Hats

ROME — Italy is the leading exporter of fur-felt hats to the United States, accounting for more than 50 per cent of such hats that enter the United States.

With the cost of living zooming, Ken Jumper of Rapid City, S.D. claims that the dime is becoming merely a place to turn on . . . H. G. Hutcheson recalls the tale of the little girl who was asked to spell "Mississippi," and retorted, "Which one — the state or the river?" —Earl Wilson.

HOW BALLERINAS GET THEIR START — Starting a course of rigorous training that may make some of them ballet stars of the future, these youngsters put plenty of energy into the job of acting out a nursery rhyme at the Rambert School of Dancing in London. The school is called the "cradle" of British ballet, since many dance stars learned their artistry there, in an intensive training regimen lasting from ten to fourteen years. UPI Photo

Officer Backs Hoffa's Alibi

Says Teamster Boss in Seattle Instead of Learning to Tap Wires

NEW YORK (UPI) — A police inspector bolstered the alibi of James R. Hoffa yesterday that the Teamster president was in Seattle, Wash., at the time the government contends he was in Detroit receiving instruction on the use of illegal wire tap equipment.

Detective Inspector Stewart Hamilton Smythe testified as a defense witness at the wiretap conspiracy retrial of Hoffa, Owen Brennan, a Detroit Teamster official and Bernard Spindel, a professional wiretapper.

★ ★ ★

Smythe testified he visited Hoffa's home on July 11, 1953 to investigate an attempted burglary and that the union leader told him he had just returned from Seattle.

The government has charged that Hoffa was in Detroit on July 9th or 10th of that year to receive a demonstration on the use of wiretap equipment Hoffa ordered installed in the union's headquarters to enable him to eavesdrop on his subordinates.

Hoffa claims he was in Seattle from July 5 through July 10 attending a regional Teamsters' convention.

★ ★ ★

Another defense witness, photographer Frank Alexander, of Alexandria, Va., testified that he photographed Hoffa in Seattle on July 9, 1953. Copies of the photographs were submitted as evidence.

The first trial of Hoffa and his co-defendants on the same charges ended in a hung jury last December when they failed to reach a decision.

The government concluded presentation of its case earlier this week. The trial continues today.

Independence, Mo., home town of former President Harry S. Truman, was the starting point of both the Santa Fe Trail in 1831 and the Old Oregon Trail in 1843.

Lovesick Airman Threatening to Crash Plane

ALEXANDRIA, La. (AP) — A lovesick airman who threatened a suicide crash in his rented plane was sought in northern Louisiana and northeastern Texas today.

Airman 3-C Donald Keeton, 19, of Dallas, Tex., who was stationed at Keesler AFB, Biloxi, Miss., flew about 250 miles yesterday before pursuers lost track of him in northern Louisiana near Monroe. He was flying a two-seater Cessna 120, painted yellow with black trimmings, which he had rented at Gulfport, Miss., about 20 miles from Biloxi. Keeton had less than two hours fuel when he left this central Louisiana city.

When he disappeared he had covered about half the distance from Gulfport to Dallas. He had been under way about four hours.

In Dallas 17-year-old Lynn Bowling sobbed "He's the most wonderful person in the world. I wanted to get married, but called it off because I thought I was too young."

Ground searching parties in Bienville and Red River parishes (counties), 30-50 miles southeast of Shreveport, failed to find any trace of a landed or crashed plane.

First Time in History

Social Security Payments Exceed Income This Year

WASHINGTON (AP)—For the first time in its history, the social security system is paying out more in benefits this year than it is taking in from taxes and interest.

★ ★ ★

Its trustees reported to Congress today that the Old Age and Survivors Insurance trust fund will drop about 428 million dollars in the fiscal year ending June 30, and may show a total decline of three to four billion dollars for the five-year period ending June 30, 1962.

But they emphasized that for the long-range future the system remains in balance for all practical purposes. They said the trust fund total should start another long-term rise in 1965.

★ ★ ★

The trust fund reached a peak of 23 billion dollars last June 30. The estimated five-year drop still would leave 19 to 20 billion dollars in the trust fund, which was set up specifically to meet such fluctuations.

Increases in several classes of benefit payments were cited by the trustees in making their revised estimates. They included:

★ ★ ★

1. More claims than expected were filed by persons first brought under the law in 1954 or 1956, especially farmers. Many of these people were already past retirement age and large numbers could qualify for benefits in a short period. This situation cannot be repeated because more than 9 out of 10 workers are now covered and no large groups remain to be covered in the future.

2. More women than expected have chosen to take a reduced benefit at age 62 instead of a full benefit at age 65. The report said this has no significant effect on the long-term cost. On the average, it said, the women will receive the same total amount of money regardless of which choice they make.

3. Because of the economic recession some older workers find it more difficult to keep or find a job, thus more than had been expected retired and applied for benefits.

It was noted that the recession also tends to reduce tax contributions to the system below previous estimates.

Estimates are revised each year, each time for a five-year period. Last year the trustees forecast declines in the trust fund this year and next, but said a tax rise in 1960 should offset the higher costs for the several following years.

The tax rate is now 2¼ per cent each on employes and employers on the first $4,200 of a worker's yearly earnings. It is to go up one-half per cent on each in 1960, 1965, 1970 and 1975. The rate for self-employed persons is half again as high.
