Students should ignore e-mail message titled "Fall semester"

Oakland University students should ignore an e-mail message they may have received Thursday evening via their university accounts stating that the fall semester has been canceled.

This false e-mail was maliciously created to appear as if it had been distributed by university faculty and staff, but was not and has no basis in fact.

Please visit www.oakland.edu for official updates on faculty contract negotiations and the status of classes.

SUMMARY

This is a false e-mail was maliciously created to appear as if it had been distributed by university faculty and staff, but was not and has no basis in fact.
