

Eisenhower Flies to Philippines

Take Fast Tour

AT PHOTOFAX
SEE ALASKA—Lt. Col. John Eisenhower and his wife Barbara pass under a statue of a polar bear at Anchorage, Alaska, today during the President's first stop on his trip to the Far East. The can be seen coming out of a fur shop in the background. They spent half an hour browsing through the store filled with native animal skins.

School Balloting Picks Up in City and Waterford

4 Board Posts Are at
Stake in Township, 1
in Pontiac

The tempo of voting in Pontiac and Waterford Township school elections was on the rise shortly after noon today, a spot check of several polling places disclosed.

Voters this morning braved rain and cold to cast their ballots for Board of Education candidates in both school districts.

Registered voters in the Pontiac School District are choosing between Glenn H. Griffin and Willie S. Downes for the only expiring seat on the Board. The term will be for four years.

In Waterford Township, four openings on the Board have attracted a field of 17 candidates. Polls will be open until 8 p.m.

Griffin, 106 Ogema Rd., is currently president of the Pontiac Board. He has been a member of the school system's governing body 11 years.

Downes, a Pontiac Township industrialist, has studied school problems a number of years. He lives at 1801 Opdyke Rd.

Two new Waterford Board seats for four-year terms were created by recent legislation. Two three-year terms on the Board also are at stake.

Waterford candidates are: Donald W. Fraser, 5790 Hatchery Rd., an insurance agent; (Fraser's name was omitted from Saturday's list of candidates through a mistake)

Weldon A. Trebasia, 5529 Whitefield Dr., a tool and die maker; Vernon G. Goodger, 2559 Kohler St., a field engineer for the Grand Trunk Railroad.

Raymond L. Cole, 3674 Lincolnshire Dr., manager of a retail chain store.

Charles W. Meyka, 3663 Baybrook Dr., a project engineer at Pontiac Motor Division.

Mrs. M. Virginia Ross, 6101 Adamson Rd., former substitute teacher and PTA president.

Dunne M. Lemaux, 488 Shoreview Dr., a general supervisor at Pontiac Motor Division.

Robert E. Field, 3141 Sassafras Ave., an experimental inspector at GMC Truck and Coach Division.

Lester K. Carlson (Incumbent), 4135 Graydon St., a Detroit Edison Co. employee.

George H. Bellairs, 3715 Aquarius Dr., an electronics engineer for the Bell Telephone Co.

Dennis D. Donnelly, 3706 Mariner Dr., a schoolteacher.

Mrs. Walter Baringham, 2656 W. Huron St., a former teacher and PTA president.

Mrs. Donald Adams (Incumbent), former justice of the peace and present member of the Michigan Historical Commission.

Robert E. Field, 3141 Sassafras Rd., holder of a degree in mechanical engineering, employed by GMC Truck and Coach Division and PTA president.

Frank R. Rudloff, 3615 Brookdale St., an accountant at GMC Truck and Coach Division.

Rain Possible Tonight; Should Clear Tuesday

Possible rain tonight and fair and warm temperatures for tomorrow are forecast for the Pontiac area.

Beat Rochester Youth to Death

Charge Flint Trio With Murder

DENNIS R. WEST

Three Flint men today were charged with first-degree murder in the vicious attack that took the life of a Rochester area teen-ager on Flint's tough South Side Saturday night, two days after his high school graduation.

Police obtained orders for the warrants after two of the men admitted hitting the boy, Dennis R. West, 17.

West died of a brain hemorrhage on the way to Flint's Harley Hospital. He had been beaten and kicked in the head.

A popular 6-foot-4, 155-pound youth who played basketball for his church and for the Pontiac Hi-Y team, West was the son of Mr. and Mrs. Ross C. West, 140 Montgomery Rd., Avon Township.

GRADUATED THURSDAY

The father is general administrator of the salaries payroll at the General Motors Corp. Technical Center.

The victim was graduated Thursday night from Rochester High School.

With him Saturday night were three 17-year-old friends, all juniors at the high school.

They are Joseph Szilagyi, 346 Maywood St., Rochester; Harry Warholak, 55 Stark St., Avon Township; and Roger Schell, 401 E. Buell Rd., Oakland Township.

The three told homicide Sgt. George Edwards that they became lost while driving through Flint and stopped at a restaurant to ask directions to the downtown area.

They said they waited in the car while the West boy went into the restaurant — The House of Tacos, a small place specializing in Mexican food.

Edwards said three Negroes followed West out of the restaurant and attacked him on the sidewalk.

A woman patron of the restaurant said the attack occurred so swiftly that she saw sparks flying from West's cigarette the moment he stepped out of the door.

Police, summoned by the restaurant manager, arrived to find West sprawled on the sidewalk, but still breathing.

He died a few minutes later in the ambulance.

Jailed afterwards were Billy Joe Housley, 21, an auto supply company worker; Frederick C. Brown, 20, a grocery clerk; and

Clinton J. Harris, 23, unemployed. All three live in Flint.

Edwards said Housley admitted he was the first one to strike West. Edwards said Brown also admitted striking the victim but Harris denied any part in a fight.

None of the men admitted kicking the victim, Edwards said. But police said that West apparently had been kicked in the head as he lay on the sidewalk.

Edwards quoted Housley as telling West "to get back on your own side of town."

The detective said West's three friends were tempted at first to rush to the victim's aid.

But when a crowd poured out of the restaurant they drove off instead, in search of help. They went to the Genesee County Sheriff's Dept.

The three youths had gone to Flint in a car driven by Schell. Szilagyi, the victim's best friend, told the dead boy's mother that the decision to go to Flint was "on the spur of the moment."

'Aunt Lib' Dies, Age 103; Was Born at Cass Lake

One of Michigan's oldest residents, Mrs. Elizabeth Russell, 103, died at 6 p.m. yesterday at the home of a niece, Mrs. Leon Keith, 7120 Cooley Lake Rd., Waterford Township.

Although she had been blind for the last 13 years, "Aunt Lib," as she was known to her many friends, never complained of her handicap. She once remarked, "By the time I was 90, I'd seen enough anyway."

Born of Irish parents, the tiny woman was one of 13 children who helped her a livelihood from the early Michigan virgin forests. She saw the advance of modern civilization from a rough log cabin.

Aunt Lib lived her entire life in Oakland County. She was born on the shores of Cass Lake and recalled that a trip to Pontiac took "most all day."

At 38, she married Moses Russell, 65. The couple did not have any children, but the big Russell farmhouse on the edge of Cooley Lake was filled with neighborhood

children, friends and many relatives.

During the last few years Aunt Lib lived in the past with her many happy memories of days filled with hard work, square dances, and the fun of being in a large family group. Taffy-pulls, sleigh ride parties and most of all, the square dancing are memories that kept her Irish spirit alive for more than a century.

Besides her niece, Mrs. Russell is survived by a nephew, Eric Simpson, and 14 great-nieces and nephews.

Funeral service will be held at 2:30 p.m. Wednesday at the Donohoe-John Funeral home and burial will be at Oak Hill Cemetery.

MRS. ELIZABETH RUSSELL

Still Determined to Visit Japan Despite Rioting

Gets Warm Reception
During Alaska Stop
to Start Journey

ANCHORAGE, Alaska (AP) — President Eisenhower took off today for a three-day visit to the Philippines — still determined to go on this weekend to riot-plagued Japan.

The President, pleased by a warm reception in Alaska, left Elmendorf AFB aboard his jet airliner. He scheduled a refueling stop at Wake Island 7½ hours later and arrival at Clark Field near Manila at about 2:45 a.m. Tuesday, Pontiac time.

Prospects were for a rousing welcome for Eisenhower in Manila, where he was stationed as an Army officer in 1935-39.

But there was a risk of danger — the possibility of physical harm to the 69-year-old President — on his scheduled arrival in Tokyo.

In the Japanese capital letting mobs, now perhaps controlled by Communists, still are intent on trying to prevent or wreck the projected Eisenhower visit.

The President arrived in sunny Anchorage, biggest city in the new 48th state, Sunday morning after a 3,700-mile nonstop flight from Washington.

He said he had rejected advice that he abandon or postpone his visit to Tokyo.

He is going ahead, he said, because the visit "represents an important phase of a program whose paramount objective is to improve the climate of international understanding."

Alluding then to the hate-propaganda campaign in Tokyo, the President added: "We should not permit unpleasant incidents and sporadic turmoil, inspired by mischievous agents, to dim for us the concrete and gratifying results. They have been to the great good of the entire world."

At Anchorage Eisenhower was met by his press secretary, James C. Hagerty, who last week was besieged by a screaming Tokyo mob from which he narrowly escaped.

"Hello, Jim," the President chuckled as he shook hands.

The press secretary still declined to make public the details (Continued on Page 2, Col. 2)

Tokyo Violence Cooling; 25,000 Police to Guard Ike

TOKYO (AP)—Some leftist groups appeared today to be backing away from massive anti-party demonstrations on the day President Eisenhower arrives in Tokyo. But the hard-core Communist party leadership was reported still threatening violence.

The headquarters of the Red-tinted Sohyo labor federation said most members felt they should not demonstrate at the airport itself.

next Sunday. A decision was expected Tuesday.

Even the Communist wing of the Zengakuren student federation said it would refrain from such acts of violence as it staged against White House press secretary James C. Hagerty last Friday.

Japanese security officials went ahead with plans to mobilize 25,000 police to protect Eisenhower should mob action develop when he arrives June 19.

A Tokyo police official expressed confidence the force would be able to cope with any mob action, but added: "No amount of security can guarantee

there will be no incident from an individual terrorist."

Police announced unprecedented security measures.

EMERGENCY SECURITY
The car that will carry Eisenhower and Emperor Hirohito on the 11-mile trip from the airport to the palace will be accompanied by 13 trucks loaded with 600 policemen, 55 motorcycle police plus 6 sidecar motorcycles, 4 radio cars and patrol cars.

Foot police will be spread all along the route, with orders to take strong action against any attempt at interference. Mobile units also will patrol along the route.

(Continued on Page 2, Col. 4)

Motorists, Take Care! Schools Are Letting Out

There is nothing more tragic to law enforcement officers than a child killed in traffic, or more distasteful than a child molestation case.

Pontiac police, sheriff's deputies and state police are warning parents and motorists that summer vacation is here, giving rise to too many dangers for children.

Last day of classes in Pontiac schools is Wednesday. Waterford schools will close Friday.

Police Chief Herbert W. Straley warned parents to "continue the safety lessons" your children learn at school. Youngsters are forgetful, they must constantly be reminded not to run into the street.

Straley warned drivers that "a youngster forgets, you never will. The tragic experience of striking a child will remain in your memory forever."

Sgt. Lorenz Ahlgren, commander of the Pontiac Post, advised motorists to cut their speed to a minimum when passing playgrounds, beaches and residential areas.

"Drive as if you expect a child to run out from behind every parked car," Ahlgren said.

Sheriff Frank W. Irons urged drivers to "exercise caution whenever you see any children near the road or on bicycles."

"One of the most frequent statements made by drivers, following a pedestrian accident is 'I saw him standing on the lawn and he darted out into my path,'" Irons said.

June, July and August are the peak months for child accidents. Most victims are six to eight years old.

There were two children killed in pedestrian accidents in Oakland County last summer.

State police are currently urging parents to warn their children against talking with strangers in the summer months, in an attempt to cut down the rate of child molestation cases.

"The safest rule for children to follow," said Sgt. Ahlgren, "is to have nothing to do with strangers and to tell their parents immediately if any strangers approach them and offer them candy, or other items if they will go with the stranger."

Leads Michigan Knights
LANSING (UPI)—Dr. Don C. Arner, a Three Rivers dentist, has been installed as grand commander of Knights Templar of Michigan. He was installed Saturday before the organization closed its 104th annual meeting with a two-hour parade.

Election Returns

As a public service, The Pontiac Press will offer returns on school board elections in Pontiac and Waterford Township, beginning at 9 tonight. The Press' telephone number is FE 2-3181.

GREETES IKE — Alaska Gov. William Egan welcomes President Eisenhower shortly after his arrival in Anchorage Sunday. Today the President will head for Manila in the Philippines, where a rousing welcome is expected. Gov. Egan told like that the prayers of the nation accompany him on his 23,000-mile trek.

Polls in Pontiac, Waterford Open Until 8 P.M. Today

Furniture for Embassy Too Costly, Wasteful

WASHINGTON (AP)—Sen. William Proxmire (D-Wis.) said today the State Department improperly and wastefully bought furniture from a firm headed by the son of Secretary of Commerce Frederick C. Mueller.

The furniture, for the American Embassy at Caracas, Venezuela, cost \$60,000 and the department had 50 per cent of it shipped by chartered airline at an additional cost of more than \$30,000, Proxmire said.

The senator summed up the deal as one "without proper legal authorization, without competitive bids—in violation of precedent and practice and at excessive cost to the government."

Out to Become State Senator

Robert Chapin Submits Fee for Spot on Aug. 2 Ballot as Democrat

A 35-year-old Drayton Plains resident is seeking to sell himself as Oakland County's next state senator.

Robert H. Chapin today submitted the \$10 fee to the county clerk, in lieu of nominating petitions, for a spot on the Democratic ballot Aug. 2.

Two years ago Chapin was unsuccessful in his campaign for the Democratic nomination for state representative from the First District.

Last year he won a two-year term on the Waterford Township Board of Review.

A native of Oakland County, Chapin is the father of six boys and one girl.

Besides being a real estate broker, Chapin, of 6781 State Highway, also engages in the building contracting business. He is former assembly line worker at Pontiac Motor and Fisher Body divisions.

A resident of Royal Oak for 13 years, Chapin was graduated from Pontiac Central High School in 1946. He also attended the University of Michigan.

A combat Marine Corps veteran who was wounded on Guadalcanal, Chapin is a relative newcomer to the area. He said he was in the military in Japan and Korea. He's also running for precinct delegate this year.

Describing himself as a "realistic Democrat," the candidate for state senator is a member of the party development committee of the Oakland County Democratic Committee.

Winds and Rain Pound Parts of Southwest

By The Associated Press

Powerful winds and heavy rains raked parts of the Southwest today while showers and thunderstorms extended from the Ohio Valley into the Mississippi Valley and the Western Plains.

Wind gusts of 45 to 60 miles an hour hit parts of Oklahoma and the Texas Panhandle. Accompanying rain accumulated to a depth of 2 inches or more in Oklahoma City in a couple of hours while 1 1/2 inches was recorded in a six-hour period at Texarkana, Ark. and Longview, Tex.

The Weather Bureau reported more than 2 inches of rain had fallen in Shreveport, La., in a two-hour period and local flooding was expected in low-lying areas.

The Weather

Full U.S. Weather Bureau Report for Monday, June 18, 1960. Conditions favorable for a hot, sunny day with showers and thunderstorms in the afternoon. High temperatures in the 80s and 90s. Low temperatures in the 60s and 70s.

Today in Pontiac
Forecast: Partly cloudy with showers and thunderstorms in the afternoon.
High: 85
Low: 65
Wind: S.W. 10-15 mph

Tomorrow in Pontiac
Forecast: Partly cloudy with showers and thunderstorms in the afternoon.
High: 85
Low: 65
Wind: S.W. 10-15 mph

Next Week in Pontiac
Forecast: Partly cloudy with showers and thunderstorms in the afternoon.
High: 85
Low: 65
Wind: S.W. 10-15 mph

CRASH INJURES TWO — The pilot of this plane, John M. Patrick, 35, of 1304 Harwood St., and his passenger, Gale Hampshire, 30, of 1108 E. 12-Mile Rd., both of Royal Oak, are in satisfactory condition at St. Joseph Mercy Hospital today. They were injured when their plane struck a tree and crashed into a field on the 50-acre farm of Herman A. Stackhouse at 405 Stony Creek Rd., Oakland Township, Saturday afternoon. Sheriff's deputies said the plane evidently ran out of gas since the tank was empty. Stackhouse told them the single-engine craft out of a Fraser-airfield sounded like it was in trouble when it swooped over his house just before the crash.

Donald Adams in Judge Race

He Hopes to Qualify for Probate Court Post on November Ballot

Waterford Township Justice of the Peace Donald E. Adams has entered the race for probate judge in Oakland County.

He is seeking the nonpartisan post for the two-year term created by the 1960 State Legislature.

Adams' name will be on the Aug. 1 primary ballots across the county. He is hoping to be one of the top two vote getters in order to qualify for a spot on the November ballot.

Adams, 47, is a familiar name in county judicial circles. The candidate's brother, Clark, is a circuit judge.

Donald Adams has practiced law in Oakland County, with offices in Pontiac and Drayton Plains, since 1936.

He has been a Justice of the Peace in the township of Waterford since 1957, with the exception of the several years spent in the Navy as an officer.

The candidate, former state public administrator for the county, represented Oakland as a commissioner on the State Bar of Michigan.

He is a graduate of Pontiac Central High School. He received his bachelor of arts degree from the University of Michigan in 1934 and two years later received his law degree from the University of Michigan.

Recently he was named by Gov. Williams to the interim position of state attorney general should that attorney be killed in an enemy attack.

He is past president of the Michigan Justices of the Peace Assn.

Adams has served on the township zoning Board of Appeals and the Michigan Township Officers Assn.

Taking an active interest in both highway and water safety, Adams, of 5711 W. Walton Blvd., Drayton Plains, is currently a member of the Michigan Water Safety Commission.

Most Are Illegal, Says Fire Marshal Warns About Fireworks

Pontiac Fire Marshal Charles E. Metz today issued a warning to local merchants against purchasing fireworks which cannot be sold legally in Michigan.

Salesmen have offered such fireworks to local store owners, Metz said.

One of the brand names is "Party Poppers," Metz said. Analysis of its contents by the state fire marshal's office in Lansing shows it contains one-half grain of explosive contents — and its sale in Michigan is illegal.

Metz reminded merchants that the only fireworks which can be sold — regardless of form, size, or shape, — must contain 1/4 grain or less of explosive contents. Sparklers must not exceed 37 inches of burning portion, he added.

All stores must be licensed to sell fireworks, he said.

He urged merchants in doubt about fireworks to consult his office at City Hall.

Caro Woman Dies 10 Days After Crash

A Caro woman died at 3:45 this morning at Pontiac General Hospital where she had been in poor condition since being injured in an auto accident June 4.

Mrs. Thelma Barriger, 49, was one of seven persons injured in a head-on collision on Ormond road near White Lake road in Springfield Township.

The driver of one of the cars, she suffered a fractured arm and internal injuries.

Her husband, Charles, 54, and three other passengers, the other driver and a lone passenger in the other car, were treated at Pontiac General for less serious injuries.

Aerial Picketing Latest Wrinkle

Plane to Tow Banner at Convair on Mondays to Halt 'Copters

SAN DIEGO, Calif. (AP)—An other strike—this one a one-day, one-week walkout—hit the aircraft and missile industry today, and with a new wrinkle: aerial picketing.

The Engineers and Architects Assn. will call its 6,000 members off the job at Convair every Monday from now on until its contract demands are settled.

To discourage reported plans of some contractors to avoid causing picket lines by arriving at work by helicopter, the association said it would have an airplane towing a strike banner above Convair's two plants.

The association seeks a 6 per cent wage boost, improvements in layoff and arbitration procedures and other benefits.

Manufacture, federal mediator E. Marvin Sweeney reported steady progress in negotiations between Convair and the International Assn. of Machinists. This dispute has brought strikes at the nation's Atlas missile bases. Sweeney reported a lot of work remains before agreement is achieved.

In Burbank, Calif., the machinists union announced members had rejected, by a 84 per cent vote, Lockheed's latest offer to machinists employed at its four California missile and space plants. Lockheed builds the Navy's Polaris missile.

The union went ahead with plans to strike at 12:01 a.m. Wednesday. Negotiations were scheduled to be resumed today at San Francisco.

Pleasantly Surprised

ST IGNACE (UPI) — Robert Jewett, 35, of Cheboygan, today drove the three-millionth vehicle across the Mackinac Bridge. Jewett had just passed a truck and thought he was being halted for speeding.

Sheriff's Post Sought by Hight

Oxford Auto Dealer to Seek Democratic Bid in Primary

An Oxford auto dealer who spent 30 years as a plant protection officer at Pontiac Motor Division will seek the Democratic nomination for county sheriff.

Homer Hight, 53, of 97 Deming St., said he would either submit nominating petitions or the \$100 fee before tomorrow's 4 p.m. deadline for candidates.

The candidate served a year as a deputy under former Sheriff Frank Schram.

This is his first try at a county elective office.

Born in Arkansas, Hight spent his early years in his native state and in Oklahoma. He received his high school diploma in Arkansas. Following college, the candidate had a brief stint in minor league baseball in Hutchinson, Kan., as a catcher.

In 1928 Hight came to Michigan and took a job with the Pontiac Motor Division. Twenty years later he left Pontiac Motor and opened a car business in the city, which he maintained until 1959 when he went to Webster City, Iowa, to purchase his first dealership.

Hight returned to Oakland County in 1963 and became a part owner in the auto firm in Oxford which he runs today.

A 32nd degree Mason, Hight is active in Oxford community affairs. He is past president of the Lions Club, a member of the Chamber of Commerce and a supporter of Little League baseball.

He lives with his wife Evelyn and 15-year-old son, who works for his father.

Oliver Powers Gets Passport; Sure to See Son

WASHINGTON (UPI)—The father of captured spy pilot Francis G. Powers obtained a U.S. passport today and said he was going to Russia to see his son in about 60 days.

Oliver Powers, 53, a Norton, Va., cobbler, was asked whether he had assurances that he would see the younger Powers, who was shot down while piloting a U2 spy plane over the Soviet Union last May 1.

"Yes, I do," Powers told reporters.

But he said only "that's my business," when asked who had extended these assurances.

Avon Youth Injured Helping Change Tire

A 17-year-old Avon Township youth was injured seriously when he was struck by a car while helping to change a tire for a friend in Rochester early yesterday morning.

Paul Smith, of 1306 Crooks Rd., was taken to St. Joseph Mercy Hospital, Pontiac, with a fractured pelvis, cuts and bruises. He was listed in fair condition today.

Smith was in front of Mitchell E. Hines' car parked on N. Main street near Maywood street in Rochester when the accident happened, Hines, 18, lives at 1156 Portsmouth Rd., Avon Township.

A car driven by Donald E. Twydel, 32, of Garden City, rammed Hines' car, knocking both Smith and Hines to the pavement.

Hines' injuries were minor, according to Rochester police. Twydel was not held.

The Day in Birmingham City and Bloomfield Hills Vote on School Positions

BIRMINGHAM — Voters in Birmingham and Bloomfield Hills school districts go to the polls today to elect six Board of Education members.

Also appearing on the Birmingham ballot will be a request from the School Board to increase taxes \$1.30 for each \$1,000 of assessed valuation used for increasing teacher salaries.

Two School Board posts will be filled in Birmingham and four in Bloomfield Hills.

Five candidates are vying for the two expiring four-year terms in Birmingham.

BUT IN BLOOMFIELD

They are incumbents Mary Baker and William Spence, Garvin Bearden, E. Ross Hanson and Albert C. Scott.

Nine candidates are running for the four offices in this Bloomfield Hills District. Five are seeking the two expiring three-year terms and four are vying for the two state-created four-year terms.

The three-year terms are sought by William B. Bachman Jr., Dr. Charles L. Bowers, George A. Jones, Hugh T. Carney and Richard T. Phillips.

In the race for the two four-year posts are incumbent Merrill O. Bates and W. Earl Givens, John M. McBride and Robert W. Moore.

The millage increase proposal in Birmingham is the second request for additional operating funds since March, when a request for four mills was defeated by voters.

A recommendation that a \$62,798 contract be awarded to a Royal Oak firm for the concrete paving of Redding road from Woodward to Lakepark will be submitted to the City Commission at tonight's meeting by City Engineer William T. Killen.

The contract includes the Redding road storm sewer from Lakepark to the Rouge River, the Willow Lane pavement and the Fairlane Drive pavement from east of Pleasant to North- have avenues.

Killen has recommended that the Oak Construction Co., 220 E. Seventh St., be awarded the contract on their low bid.

Four construction firms have submitted bids on the project.

Mrs. Robert Fernie

Service for Mrs. Robert (Catherine) Fernie, 612 Woodland Rd., will be at 2 p.m. Wednesday at Manley Bailey Funeral Home. Burial is to be in Acacia Park Cemetery.

Mrs. Fernie died today at William Beaumont Hospital after a long illness.

She is survived by her husband; a daughter, J. Eleanor B. Fernie of Birmingham; a sister, Mrs. Nettie H. Wilson of Madison Heights and a brother, William Harwood of Point Pleasant, New Jersey.

Avondale Band Boosters to Hear Concert Tapes

Stereophonic tape recordings of the high school concert bands of 1956 and 1959 will be played at tomorrow night's meeting of the Avondale Band Boosters at the high school.

All listings for the community birthday calendars should be turned in at this meeting, which is the final session of the current school year. It will start at 8 p.m.

A WINTER NIGHTMARE

Bears and Bulls Always With Us

Wall Street Differs on Fed Interest Drop

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Further easing in interest rates and greater availability of money for lending spelled different things last week to the stock and bond markets.

Many investors apparently felt that Federal Reserve Bank moves in making it easier for business to borrow revealed a resolve to give lagging industry a nudge toward resuming an upward trend—although the Fed denied strongly that this was its purpose.

But this interpretation in Wall Street, plus a stubborn belief that the worsening of the international situation must lead in time to more defense spending helped the bulls to run up stock prices. In the bond market the feeling was just as strong that the Fed was merely recognizing the trend in recent weeks toward lower interest rates—and thus lower yields from investment in bonds—because of slackening demand for loans. This helped send up the price of outstanding bonds.

Some of them, carrying low interest rates, had been markedly depressed in price during the long climb of yields when money was tighter and the money managers seemed determined to keep it that way.

The upward swing in both stock and bond prices could seem contradictory, since they usually move in opposite directions. But many analysts see both movements as corrections of former excesses. That is, some stocks

had been bid down more than they should, and yields of some bonds had gone higher than conditions justified.

But there could be a third interpretation. That is that the general economy is healthier than the timorous have been saying—

Just as it proved less bouncy than the over-zealous predicted. Analysts coming to this conclusion are admittedly bullish for the long run. They hold that the dip in the economy after the big New Year's spurge was good for the country rather than bad. They take comfort in the decision of industry to refrain from risking the over building of inventories, in the absence of panic on the part of consumers over various overseas disturbances. In the spreading practice of top management to make long-range plans for spending on plant and equipment rather than overnight changes in corporate thinking.

The bears won't buy this. For them the easing in money rates is a confirmation of the deflation of the boom, of business pulling in its horns in borrowing as well as in production, of real belt tightening ahead.

The bears see the past week only as a temporary correction of excesses in a trend that has yet to run its course. The bulls see it as getting back to stability, or something approaching it.

But if there's anything sure, it's that there'll always be both bulls and bears.

Sets 'Week' for 1961

LANSING (AP)—Michigan Week in 1961 will be held May 21-27. The dates were set at this time to help groups who plan their activities far in advance, said Dan Gerber, president of Greater Michigan, Inc., which cosponsors the annual celebration.

AP Photos
OLDEST GRADS—Lauren D. Carr of Frankfurt, 100, and Mrs. Gertrude S. Martin, 99, of Sarasota, Fla., are the oldest alumni returning to the University of Michigan this year. They both graduated with the class of 1884 when the school's total enrollment was only 2,639. Today about 24,000 students attend the U. of M.

COME-ON GAME—Her tiara is topped with a reproduction of the Statue of Liberty. That's because Bettianne Misch is Miss New York Summer Festival. She's a traveling salesgirl, touring the country to impress everyone that her home city is a good spot to spend a vacation.

TWA Wins Right to Ax Cincy Route

WASHINGTON (UPI)—Trans World Airlines has won approval of its request to discontinue its service from Cincinnati to Detroit.

The Civil Aeronautics Board awarded the route to Lake Central Airlines after a lengthy investigation of TWA's request to drop the service. The change may take place any time after Aug. 3, the board said.

The cities of Dayton, Columbus and Toledo are served on the Cincinnati-Detroit route.

Abraham Lincoln was rather informal about writing his bank checks. In 1860 he wrote one signed "A. Lincoln." It was for \$3 and was made payable to "Mr. Johns (a sick man)."

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTERITE, an improved powder, spritzed on upper and lower plates, holds them firmly so that they feel most comfortable. No stinging, gritty, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate size" breaks. Get FASTERITE today at drug counters everywhere.

Capital's Latest Wisecrack: Rocky Is Rich Man's Stassen

By LYLE C. WILSON
WASHINGTON (UPI) — The
from Capitol Hill on last week's
Eisenhower - Rockefeller White
House tangle:

—Gov. Nelson A. Rockefeller
did not read to the President the
text of his criticism of Vice Presi-
dent Richard M. Nixon, and of ad-
ministration policy.

—Rockefeller did not give Eisen-
hower a clear idea of what he had
in mind other than that he would
make a political statement.

—The governor took advan-
tage of the President by strategy
which could give the impression
that Eisenhower knew what was
coming, but made no effort to
stop it.

—Rockefeller, not the President,
suggested last week's meeting.

The significance of the meeting—
of the fact that Eisenhower in-
stantly had agreed to see Rocke-
feller—should be understood in re-
lation to this fact: The President
feels obligated to receive any
governor on request.

Most quoted wisecrack of the
week:

"Rockefeller is the richman's
Stassen."

Harold E. Stassen organized a
Stop-Nixon movement before the
1956 Republican National Con-
vention. Like Rockefeller, Stassen
first arranged to confer with Ei-
senhower at the White House.

On leaving the President's office
Stassen fired his salvo at Nixon.
This strategy enraged some Republi-
cans and annoyed others. Rocke-
feller's anti-Nixon plot has had
about the same effect.

There are indications that Ei-
senhower bears some resentment
against Rockefeller; if so, the
President is not alone in that feel-
ing. Among the remarks-of-the-
week which obtained considerable
currency and concurrence was
this, from Sen. Barry Goldwater
(R-Ariz.):

That the senator could discern
no difference between Rocke-
feller's approach to current issues
and the approach of the Demo-
cratic presidential aspirants to
those issues.

Conservative Republicans said
Amen to that. The conservatives
make a mistake, however, in
brushing Rockefeller off as just
another Stassen.

Stassen's political future was be-
hind him in 1956 when he sought
to rally an anti-Nixon crusade.

South's Agriculture Cultivates Johnson

SAN ANTONIO, Tex. (AP)—
Texas' agriculture commissioner
said Sunday that agriculture com-
missioners from 11 Southern
states are backing Sen. Lyndon
Johnson (D-Tex) for the Demo-
cratic presidential nomination.

John C. White told a press con-
ference the commissioners will
work with the National Citizens
for Lyndon Johnson organization
in Washington to win the nomi-
nation for the Senate majority leader.
"Our objective is to create an
agriculture for Johnson organi-
zation in every state, then proceed
to contact every delegate, includ-
ing those who are committed to
Johnson," White said. "Johnson is
the man who can carry the farm
states."

Accuse South Africa of Concealing Deaths

JOHANNESBURG, South Africa
(AP)—Local newspapers have ac-
cused South African authorities of
concealing the full casualty toll
from last week's clash between
police and 400 Negro demonstra-
tors in Pondoland.

The papers claimed police killed
25 Negroes and wounded about
50 in the restive African reserve
bordering Cape Province and Na-
tal. Reporters said they had
trouble getting into the area and
that whites living there had been
told by authorities to keep their
mouths shut.

The Justice Ministry has reported
that six were killed and claimed
police fired in self-defense.

Ingrid, Roberto Win Annulment of Marriage

ROME (AP)—An Italian court
has granted Ingrid Bergman and
Roberto Rossellini an annulment
of their Mexican proxy marriage.

The court's opinion, filed by
Judge Orlando Falco, was made
public today by one of the attor-
neys involved in the case.

The ruling paves the way for the
Italian film director to marry
Sonia Das Gupta, the wife of an
Indian movie man who left her
husband for Rossellini, bore the
Italian a daughter and now is
in Italy with him.

Miss Bergman did not contest

Rossellini's suit for the annulment.
Now 42, she is married to Swedish
impresario Lars Schmidt, and
they live outside Paris.

Still before the Rome courts is
a case to settle final custody of
Miss Bergman's three children by
Rossellini. The actress has tem-
porary custody of them.

Shipbuilders to Get Aid on Ocean Fish Vessels

WASHINGTON (AP)—Build-
ers of oceangoing fishing vessels will
receive federal aid under a new
law signed by President Eisen-
hower. It would provide 24 mil-
lion dollars in federal aid each
year for the next three years.

Since 1944, there has been an
83 per cent decline in the death
rate from acute rheumatic fever.

Annual Flag Day Has Greater Meaning Now

The annual observance of Flag Day on Tuesday has an added meaning this year.

Although on a strictly official status our flag does not assume its fiftieth star until July 4, that being the chosen date for the change, we're all aware of why that change is made.

We went through almost a half century without adding any stars, the longest period in the history of our nation.

Ever since the original 13 states adopted the flag, the additions have followed the colonization of the so-called west.

When New Mexico and Arizona were admitted in 1912, everything in our nation was in staidness, except Alaska.

But since then our west has been extended to Hawaii which now joins Alaska as the first additions in almost five decades, the greatest progress period our country has ever enjoyed.

Man Is Helpless When Dealing With Nature

Undersea earthquakes, generating mighty tidal waves, have taken well over 3,000 lives in Chile recently.

The mighty waves, rolling over the ocean at 400 to 500 miles an hour, have caused considerable destruction and caused a few deaths in Hawaii. They have done some damage on our own West Coast.

Man makes some of his own troubles. We saw only recently in the collapse of the Summit how he goes about that. But man is more or less helpless before the fury of nature.

We can avoid loss of life by detecting and escaping from the paths of earthquakes, tidal waves, hurricanes, tornadoes and floods. We cannot prevent property damage and often heavy loss of life in the face of such manifestations of the fury of nature. Obviously our chances are somewhat better than they were years ago.

Tidal waves alone killed 27,000 persons in Japan in 1896 and probably many more than that in Portugal in 1775. Modern science has made great strides and now predicts the course of these waves and makes moving from their path possible.

But man still does not know just what causes the undersea quakes or how they set tidal waves in motion. Even if we did know we could not prevent them. And we never know when or where they will strike next.

A few years back we never dreamed of traveling to the moon. So let's hope that in a few more years maybe we'll understand about earthquakes and tidal waves.

Citizens of Washington Deserve Home Rule

It seems to us as though home rule for the District of Columbia is long overdue. Eisenhower believes so and has said, "I earnestly hope that the Administration's home rule proposal will be enacted by the Congress at its current session."

For citizens of the District to go along and pay taxes without representation is a travesty of democracy in the center of world leadership of democracy.

There's an old saying that he who dances must pay the piper. Washington taxpayers pay the piper. They just don't get a chance to dance.

The frustrated citizens of

Washington have our complete sympathy. The 550,000 persons living in the District of Columbia must wonder when they think of the Civil Rights bill. They have no voting privileges and no voice in the conduct of their city's affairs.

We can't think of any citizens who would seriously advocate that Harlem in New York City or the South Side of Chicago should be disfranchised.

Common sense seems to indicate to us that the bill to grant home rule to the people of our Capital should be approved without delay.

"There are more cars in the U.S. than toothbrushes," says the president of the Georgia Dental Association. It is no wonder. A person can get much more mileage out of a car.

The country is making a little moral progress in a few respects. For example, there aren't nearly so many horse thieves and train robbers as there used to be.

The Man About Town

Out of Ordinary

Mother Nature Gives Us a Few Surprising Acts

Killing time: Principal occupation of most radio and TV folks.

An iris blossom 17 1/2 inches across is reported by

Mrs. James Peters

of Waterford. It is a deep purple.

Sunflowers in bloom on June 10 is the way

Mrs. Olney Smithson

of Drayton Plains has of beating the gun. They were started inside in March.

In spite of the late spring,

Bradley Orcutt

of Keego Harbor says he has potato vines about ready to blossom.

Both red and white peonies in one clump are reported by

Mrs. Anna Helman

of Rochester, who says it all started from one tuber.

Regarding this shortage of birds,

Andrew Eisman

of Birmingham phones that the robins always seem scarce—until his cherries are ripe.

A phone call just received from

Harrison Houghtaling

of Auburn Heights brings his annual suggestion that an old metal nail stuck in the ground beside corn, tomato or other plants will keep away cut worms.

While not eligible for our verbal orchids until they're 80, those twin sisters,

Mrs. Della Ernest and Mrs. Stella Long

of Detroit, have our congratulations on their coming 75th birthday. They have many relatives among our readers.

Still plugging for the draft horse, a letter over the signature of

"Old Fashioned"

says he never heard of one rolling over on his driver and killing him.

"That's what I call adding insult to injury," writes

Orlando French

of Commerce, who says the crows not only pull his young corn out of the ground, but they roost on his scarecrow.

Wondering why raising gourds has become a lost art is

Mrs. Beverly Topland

of Walled Lake, who says a ten cent package of seeds will produce a variety of sizes and forms that make an interesting study.

Verbal Orchids to—

Mrs. Mae Williamson

of 6 Stout St.; 84th birthday.

Mrs. Margaret Fogelman

of Waterford; 82nd birthday.

Mr. and Mrs. Gerald B. Phene

of Walled Lake; 52nd wedding anniversary.

Mr. and Mrs. Will Sutherland

of Romeo; golden wedding.

Mr. and Mrs. Earl Pettis

of Fenton; golden wedding.

Mr. and Mrs. James Scrimger

of North Branch; golden wedding.

No Way to Enter the Arena

David Lawrence Says:

Study Exposes Independent Voter

WASHINGTON—A myth has been built up that the "independents" constitute the best-informed group in the entire electorate.

This writer has never accepted such a view and has contended just the opposite—namely, that the independents are swayed much more by superficial than critical analysis of the issues.

A book, entitled "The American Voter," has just been published which throws considerable light on the subject. Since it comes from academic sources, it might attract the attention of the many "independents" who have from time to time been unwittingly exaggerating the importance of the "independent" vote.

The book was written by Professors Angus Campbell, Philip Converse, Warren Miller and Donald Stokes—members of the Survey Research Center at the University of Michigan. All of them are in the field of political science and have participated in many surveys and researches on voter attitudes.

Far from confirming the widespread impression that "independents" are thoughtful, well-informed persons who have a profound knowledge of political issues, the Michigan experts contend that the voter who is consistently identified with one or the other of the political parties is likely to know more about the issues than is the independent. Some extracts from the book read as follows:

"The stronger the individual's sense of attachment to one of the parties, the greater his psychological involvement in political affairs."

"The association is easily missed in popular accounts of electoral behavior. The ideal of the independent citizen, attentive to politics, concerned with the course of government, who weighs the rival appeals of a campaign and reaches a judgment that is unswayed by partisan prejudice, has had such a vigorous history in the tradition of political reform—and has such a hold on civic education today—that one could easily suppose that the habitual partisan has the more limited interest and concern with politics."

"But if the usual image of the independent voter is intended as more than a normative ideal, it fits poorly the characteristics of the independents in our samples."

"Far from being more attentive, interested and informed, independents tend as a group to be somewhat less involved in politics."

"They have somewhat poorer knowledge of the issues, their image of the candidates is fainter, their interest in the campaign is less."

Sometimes hospital "authorities" deem to explain that exclusion of the husband from the delivery room is imperative to assure asepsis, freedom from infection. Of course this is not so.

They do not exclude nurse students, medical students, other patients and visiting friends. A patient's husband is no more likely to carry infection into the delivery room than the doctors, interns, nurses or others who attend the delivery.

Hospitals cling to the star chamber mainly because it enables them to get away with murder in neglect or maltreatment. Their

less, their concern over the outcome is relatively slight, and their choice between competing candidates, although it is indeed made later in the campaign, seems much less to spring from discoverable evaluations of the elements of national politics."

Detailed studies and polls show that of these citizens who are strongly identified with one or the other of the parties, 82 per cent "care very much" whereas 18 per cent "do not care very much or don't care at all."

The authors say: "The individual who has a strong and continuing involvement in politics is more likely to develop a commitment to one or the other of the major parties. And the individual who has such a commitment is likely to have his interest and concern with politics sustained at a higher level."

This is but another way of saying that the so-called "independents" are people who have not learned much from lofty speeches or pronouncements and are swayed in each campaign by emotional or economic considerations.

This is the very opposite of the position often expressed by the so-called "liberals," who have tried consistently to foster the idea that the "independent" holds the balance of power and that he must be appealed to on the highest level of highbrowism.

The truth is that the word "independent" is a misnomer. In England, they are far more realistic about it. They call the uncertain voters "switch" voters. (Copyright, 1959)

Dr. William Brady Says:

Delivery Room Secrecy Prompts One to Wonder

Here's a letter from a Kansas reader:

"Dear Dr. Brady: But women who have no idea of what's going on around them cannot be expected to act other than as screaming, shrieking females."

"A busy doctor can't spend an average of 12 hours with each woman in labor and keep up his or her practice."

However, I do think doctors who practice obstetrics should establish classes for expectant mothers to prepare them for childbirth. People will not do this for themselves.

"Hospitals with obstetric service should have trained personnel to stay with the patient in labor, not just nurses' aides to look in at the patient occasionally."

"And in this age of enlightenment, the patient's husband should be allowed to stay, if he wants to see and if she wants him with her, at least until she goes to the delivery room."

(Signed) Mrs. H.S.E."

You do not say, Ma'am, but from the last seven weeks of your letter I gather that the unfortunate woman is having her baby in a prison.

I gather also that her husband is a milk-tooth character easy for the hospital "authorities" to dominate, and so they humiliate him by letting him remain for a while, and then show him out and hustle the patient into the star chamber, regardless of her wish and her husband's wish, to share the miracle of the birth of their baby.

Sometimes hospital "authorities" deem to explain that exclusion of the husband from the delivery room is imperative to assure asepsis, freedom from infection. Of course this is not so.

They do not exclude nurse students, medical students, other patients and visiting friends. A patient's husband is no more likely to carry infection into the delivery room than the doctors, interns, nurses or others who attend the delivery.

Hospitals cling to the star chamber mainly because it enables them to get away with murder in neglect or maltreatment. Their

parties. And the individual who has such a commitment is likely to have his interest and concern with politics sustained at a higher level."

This is but another way of saying that the so-called "independents" are people who have not learned much from lofty speeches or pronouncements and are swayed in each campaign by emotional or economic considerations.

This is the very opposite of the position often expressed by the so-called "liberals," who have tried consistently to foster the idea that the "independent" holds the balance of power and that he must be appealed to on the highest level of highbrowism.

The truth is that the word "independent" is a misnomer. In England, they are far more realistic about it. They call the uncertain voters "switch" voters. (Copyright, 1959)

Case Records of a Psychologist:

Exercise Needed to Develop Heart

Your heart should receive exercise so that it develops into a strong, vigorous motor. Many people are concerned with their child's brain development and chassis, or skeletal growth, that they ignore the motor of the human machine. Notice that better heart development of the small wild rabbits versus the large domesticated variety.

By GEORGE W. CRANE

Case E-85; Ada V., aged 20, is a college senior.

"Dr. Crane, I never was interested in hiking or athletics until the past year," she began.

"Now I notice that I have the endurance of the other girls. I had a medical examination, but everything seemed to be O.K., except my heart wasn't quite as large as normal."

"Dr. Crane, would my smaller heart explain my shortness of breath when I now try to run up a hill or play a set of tennis?"

DIAGNOSIS

When our children were younger, they raised rabbits. They started out with a couple as a pet, but soon the proliferation of this species kept us supplied with a considerable amount of meat.

Nobody else around the house would kill the creatures except me, so I was always elected to do the butchering.

One day I called the attention of our two oldest boys to the size of the hearts in these land rabbits. In contrast to the hearts of the wild rabbits we had shot during the winter hunting season on our farm.

Although our tame rabbits are much bigger than the wild species,

Voice of the People

'How Can We Teach Youth With Examples We Give?'

We all know that many of our public officials don't take their jobs seriously, as shown by the accounts of bribes and other means of bettering themselves while in office. But I have been naive enough to believe that those officers who have the welfare and safety of the public in their hands, would be honest and mature enough to accept their responsibility and perform their duties.

Why complain about the irresponsibility of our youth when these officials that we have been teaching our youth to "look up to" and respect are constantly in need of being "enthused" in order to get them to do an honest day's work?

Let's not stop with the complaints of speeding and loud mufflers but also include the noise of cars turning corners with screeching tires and these "go cars" that race around our residential streets making so much noise that conversation within our homes is impossible.

When our adult population begins to show signs of accepting responsibility perhaps we can expect more of our youth.

'Can Anyone Tell Who Got Best?'

I've got a beef concerning the article about the Kuern for Calovito trade. The article stated it was the worst trade since the Billy Pierce loss.

Don't forget the game when the score was 5 to 0 and Rocky hit a home run. What would Kuern have done?

The season isn't even half over. How can anyone tell who got the best deal?

'Why Can't We Be Taught in School?'

How many times have you seen through a newspaper and read about the reports of sex offenders of all ages? Probably not very many.

Ask yourself why this situation exists. Could it be because the

'Why Bother With Cost of Living?'

On June 8th the G.M. workers received a two cent cost of living increase in wages. Just before this the price of bread went up and gasoline jumped four cents. Brother, Scholle and Company advise a new tax statewide after not being able to get one locally.

How many people know that a lot of those people who are helping these things have expense accounts that are not taxable which helps them out.

It is about time that something is done to help the pensioner and employees who do not have the escalator contract and also to bring tourists into the state instead of drawing them out with high gasoline prices.

Exercise Needed to Develop Heart

the hearts of the wild ones are actually larger:

For the smaller wild rabbits would run over wide areas during their growth, and thus exercise their hearts far more than our tame species, which were confined to a small hut.

EXERCISE YOUR HEART

Most people fail to realize that the heart muscle responds to regular exercise just as does the biceps.

It is thus very for youngsters to obtain a great deal of outdoor exercise, not only for the sunlight and hiking expansion which result, but also because their hearts thereby grow larger.

Some of our famous townie runners have normal pulse rates of 58 to 64 beats per minute, whereas the average adult has a rate of approximately 72.

The trained heart has thus become larger so it can supply adequate blood through the arteries and veins with less beats per minute.

In time of fever or other strain upon the heart, as pneumonia or heart attack, the larger, more muscular heart can thus stand the extra load more easily than the small heart.

LEFT CHILDREN RAMP

Both from the psychological as well as the medical viewpoints, it is thus wise for parents to encourage their children in outdoor play. Get the youngster a tricycle with a dog, so he will run and romp.

When a child sits at a table, playing with toys or dolls, there is much less load on the heart,

the kitchen clock is a bronze arm dial... A thunderstorm is a television symphony... And the rainbow is an arch over the garden gate... Opening to the milky way.

(Copyright 1959)

THOUGHTS FOR TODAY

Blessed is every one who fears the Lord, who walks in His ways! —Psalm 128:1

Never to tire, never to grow cold, to be patient with the tender; to look for the budding flower and the opening heart; to hope always; like God, to love always—this is duty.—Henri Amiel.

so that organ obtains little exercise.

Such a child develops, like our tame rabbits, without the vigorous exercise which increases the growth of the cardiac (heart) muscle.

Remember, too, that the daily presence of other children tends to promote more romping and

wrestling. Do give your child a break in a day's play, preferably within 15 months of his age.

The latter will actually increase the size of your child's heart muscle and thus make him a healthier, more rugged person.

And at the same time their mutual play will drain off excess energy and thus free you parents from undue irritation.

Always write to Dr. George W. Crane at the Pontiac Press, Pontiac, Michigan, enclosing a long stamped, addressed envelope in order to receive your writing card and your name.

Deaths in Pontiac and Nearby Areas

IMOGEN BROWN — Service for Imogen Brown, 32, of 414 Dittmar St., will be held at 2 p.m. Tuesday at Macedonia Baptist Church with burial in Oak Hill Cemetery. His body is at the William F. Davis Funeral Home.

A former truck driver with the American Fidelity & Sackett Co., Mr. Brown died Thursday at Pontiac General Hospital following an illness of one week.

Surviving are his wife, Mary, and a brother, Willie B. Williams.

HARRY E. KING — Harry E. King, 69, of 98 South Shirley St., died Saturday at St. Joseph Hospital following a brief illness.

A member of the Eagles Lodge, he worked for Fisher Body.

Surviving are his wife, Lela; two daughters, Mrs. Virginia Sommer and Mrs. June Leonard, both of Pontiac; one brother, Allan G. of Cheboygan, Wis., and five grandchildren.

Service will be held 2:30 p.m. Tuesday at Sparks-Griffin Chapel with burial at Perry Mount Park Cemetery. The body is at Sparks-Griffin Funeral Home.

EDWIN T. RICHARDSON — Service for Edwin T. Richardson, 89, of 84 Home St., will be held at 1:30 p.m. Tuesday at Huntington Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Mr. Richardson died Saturday at Pontiac General Hospital following a long coronary illness. He was retired from Fisher Body Division.

Surviving are one brother, George H. of Drayton Plains, and two sisters, Mrs. Fannie Kinney of Pontiac and Mrs. Eva A. Kinney of White Lake.

JAMES E. ROBERTS — Service for James E. Roberts, 53, of 194 N. Perry St., will be held at 11 a.m. Wednesday at the Donelson-Johns Funeral Home. Burial will follow in Stiles Cemetery.

Mr. Roberts' body was found at his home Sunday. He died of natural causes Tuesday.

Formerly employed with Pontiac Motor Division, Mr. Roberts is survived by four brothers, Earl K. of Lake Orion, Harvey C. and LeRoy, both of Lapeer and Edwin of Traverse City. Five sisters, Mrs. George L. Dickie and Mrs. John Howard of Portland, Ore., Mrs. Russell Wagner of Mt. Morris, and Mrs. Herbert Bowyer and Mrs. Cassie Cooper of Lapeer also survive.

MRS. CAREY B. ROBINSON — Mrs. Carey B. (Lettie) Robinson, 50, of 333 Oakland Ave., died yesterday at her home.

She was a member of the Central Methodist Church and the Marian Shaw Circle.

She is survived by a son, Ralph D. of Pontiac; seven grandchildren and 17 great-grandchildren.

Service will be held at 1:30 p.m. Tuesday at Donelson-Johns Funeral Home with burial in Riverside Cemetery at Vassar.

DAVID S. ROUSE — Service for David S. Rouse will be held at 2 p.m. Tuesday at the Christian Temple. Burial will follow in Oak Hill Cemetery.

Mr. Rouse, 62, died Friday. His body is at Farmer-Spover Funeral Home.

HARVEY M. WEAVER — Harvey Merton Weaver, 65, of 201 Michigan St., died yesterday at his home following a long illness.

A member of the First Baptist Church, he was a life member of Chapter 16 of the Disabled American Veterans.

Surviving are his wife, Elizabeth; four sisters and three brothers.

Service will be held at 2 p.m. Wednesday at Voorhes-Siple Chapel with burial in Perry Mount Park Cemetery.

MRS. JOHN L. LYTLE — KEEGO HARBOR — Service for Mrs. John L. Lytle, 46, of 1738 Sylvan Glen St., will be held at 10:30 a.m. tomorrow at Donelson-Johns Funeral Home, Pontiac. Burial will be in White Chapel Memorial Cemetery, Troy.

Mrs. Lytle died Saturday of injuries received in an automobile accident.

She was a press operator at American Forging and Sackett Co., Pontiac.

Surviving are her husband; her parents, Mr. and Mrs. John C. Barry of Lapeer; a daughter, Mrs. Melvin Cairns of Carlisle, Ill.; a son, Lawrence D. Carter in the U.S. Air Force; two grandchildren; two brothers and three sisters, Mrs. Harold Baldwin and Mrs. Andrew Pocs, both of Pontiac, and Mrs. Grover Scott of Ingleside, Tex.

J. L. (BOY) MANESS — UTICA — Service for former area businessman J. L. (Boy) Maness, 51, of 729 Farmdale, Ferndale, was held at 11 a.m. today at Spaulding and Son Funeral Home, Ferndale. Burial will be in White Chapel Cemetery.

Mr. Maness died unexpectedly Wednesday in Las Vegas, Nev. He was the owner and operator

DENNIS R. WEST — AVON-TOWNSHIP — Service for Dennis R. West, 17, son of Mr. and Mrs. Ross C. West of 140 Montgomery Rd., will be at 10 a.m. Wednesday at St. Andrew Catholic Church.

Graveside service will be at 10 a.m. Thursday at Mount Calvary Cemetery, Buffalo, N.Y.

West was dead on arrival at Hurley Hospital, Flint, Saturday night after being beaten by an assailant earlier in the evening.

The Rosary will be recited at 8:30 p.m. tomorrow at the William R. Potere Funeral Home, Rochester.

Surviving beside his parents are two sisters, Linda and Sharon, both at home, and his grandfather, Harry R. West of Buffalo, N.Y.

MRS. LYMAN C. WHITEMORE — WEST BLOOMFIELD TOWNSHIP — Service for Mrs. Lyman C. (Nelly E.) Whitemore, 84, will be held at 2 p.m. tomorrow at the Holden Funeral Home, Ovid, with burial in the South Ovid Cemetery.

Mrs. Whitemore died Saturday after a long illness. Prior to her husband's death in 1951, she was a lifelong resident of Ovid and vicinity.

Surviving are a son, James of Ovid; three daughters, Mrs. Harold Haskins of West Bloomfield Township, Mrs. John Trytten of Ann Arbor and Mrs. Albert Seger of Milford; seven grandchildren and seven great-grandchildren.

ALEXANDER NICHOLS — AVON TOWNSHIP — Service for Alexander Nichols, 91, of 300 Wey St., will be held at 1:30 p.m. Wednesday at Voorhes-Siple Funeral Home, Pontiac. Burial will be in Oak Hill Cemetery.

Mr. Nichols died yesterday after a prolonged illness. He was a member of Stone Baptist Church, Auburn Heights.

Surviving are a son, Donald, of Pontiac; a daughter, Mrs. George Barnard also of Pontiac; 13 grandchildren and seven great-grandchildren.

Reserves of lignite, a low grade coal, are located mostly in the states lying west of the Mississippi River.

J. L. Hudson Pioneer, J. B. Weber, Dies at 74 — DETROIT — James B. Weber, one of four brothers who built the modern J. L. Hudson Co. here into one of the nation's biggest department stores, died Saturday at the age of 74.

Weber was actively associated with Hudson's from 1903, when he started as a teen-age helper in the men's clothing department, until 1956 when he retired as a vice president.

He continued as a director of the company.

Funeral service will be Tuesday at Christ Episcopal Church in Grosse Pointe Farms.

Deaths Elsewhere — PASADENA, Calif. (AP)—Armenian opera company tenor, died of a heart seizure Sunday. Tokatyan sang with the Metropolitan 18 seasons, making his last appearance in 1946, and sang many of the roles made famous by the late Enrico Caruso.

COLUMBUS, Ohio (AP)—James Leonard, 59, vice president of the Crosby Broadcasting Corp. and general manager of WLWC television station in Columbus, died Saturday of leukemia. He had served as announcer and producer at University of Florida radio station WRUS.

CHICAGO (AP)—Judge Philip L. Sullivan, former chief judge of the U.S. District Court in Chicago, died Sunday. He stepped down as

chief judge in April 1959 because of poor health but remained on the court bench. Sullivan made headlines in 1945 when he ruled an Army seizure of Montgomery Ward & Co. in a labor dispute was unconstitutional and illegal. His death from a heart attack came at the age of 70.

CLEVELAND, Ohio (AP)—Lawrence Harper Norton, 72, treasurer and a director of Oglesby Norton Co., Cleveland, died Saturday of a heart attack while attending a meeting at Kenyon College in Gambier, Ohio. He was a director of numerous corporations. A Republican, he served three terms as a state representative in the 20s and later was elected to the State Senate.

Writers Resume Work on Films

Accept Terms After 22-Week Strike; Guild Continues TV Rift

HOLLYWOOD (AP)—The clack of typewriters resumes in writers' offices at movie studios today after settlement of a 22-week strike. Screenwriters' members of the Writers Guild of America, West, voted almost unanimously Sunday night to accept the latest offer of major theatrical film producers.

Guild members are still on strike, however, against television film producers.

Guild officials said at least 99 per cent of members polled voted to accept their negotiating committee's recommendations.

Benefits for the 500 screenwriters under the new 42-month contract include:

1. A 10 per cent pay hike for the first two years. Starting pay has been \$350 a week.
2. A health and welfare fund into which producers will pay \$600,000. They also will contribute an amount equal to 5 per cent of a writer's salary, up to a maximum of \$100,000 per picture, toward the writers' first health, welfare and pension plans.

Two per cent of the producers' receipts from exhibition on free television of movies made in the next six years.

TV writers, meanwhile, are demanding a share of profits from foreign sales.

Their guild negotiating committee had another session scheduled today with representatives of the producers.

A guild spokesman said the TV writers and producers are in the "final stages of ironing out their difficulties" and a settlement is expected next week.

Racial Mixing • Crime: Jurist

Arkansas High Court Judge Calls It Worse Than Rape, Murder

LITTLE ROCK, Ark. (AP)—Arkansas Supreme Court Justice Jim Johnson has called racial integration a greater crime than rape and murder and pledged to campaign for a state constitutional amendment to close schools faced with race-mixing.

Johnson, in an Arkansas Gazette interview Sunday, said he will campaign for the proposed amendment despite a request by the Arkansas Bar Assn. that the Supreme Court prevent his doing so.

The bar association last week asked the court to adopt an American Bar Assn. canon which sets out that judges should avoid making political speeches.

Johnson said the canon forbids backing candidates and no code can keep a judge from speaking out on the issues of the day. "I am opposed to rape and murder," he said, "and would speak out against them. And the greatest crime—even beyond those—is integration."

Johnson, an extreme segregationist, has been boosting Arkansas Gov. Orval E. Faubus for president at rallies in California and Louisiana.

Herter Wishes 'Me2' After Poll of Knowledge

WASHINGTON (AP)—Secretary of State Christian A. Herter and a friend were talking about a public opinion poll recently.

The friend told Herter the poll showed that 4 per cent of those questioned never had heard of the U2 spy plane incident.

"I wish I were among that 4 per cent," Herter said.

330 Tourists Greeted Warmly in Leningrad

MOSCOW (AP)—The 20,000-ton U.S. liner Brazil arrived in Leningrad Saturday with 330 American tourists. Tass reported.

The Soviet news agency quoted the ship's captain, Arthur Pierce, as saying: "We have been greatly touched by the warm welcome accorded us by the Leningraders." The Brazil, on a tourist cruise, is owned by Moore-McCormack Lines.

SOUP'S ON—Two ducklings use their boarding-house bills to crowd out (almost) three hungry kittens. But, "You ain't seen nothin' yet!" Also

sharing the same master, Bobby Griffin, 6, of San Bernardino, Calif., are a frog, a caterpillar, a fish, a dog and six more kittens.

Stewardesses Have Hands Full

But They Clamp Ceiling on Drinks

NEWARK, N. J. (AP)—A new rule to limit drinking on airlines is keeping passengers from getting too high in the sky.

Most travelers are accepting the curb on boozing while cruising, a survey at major air terminals showed. But stewardesses say they still have their hands full playing bartender and fighting off air-berce weaves.

The Federal Aviation Agency has begun its first action under the new law against five New Jersey men and two New Yorkers.

They are due to go on trial tomorrow in Canada under other charges there for their actions on a flight to Montreal.

The FAA, announcing its action last week, said the tipy travelers put on an in-flight pillow fight.

The agency charged the men with ignoring safety instructions. Although no liquor was served on the Eastern Air Lines flight from New York, the FAA said the men had their own supply aboard.

MUST-CHECK BOTTLE

The federal rule, which went into effect March 10, requires a stewardess to refuse another drink to anyone who appears intoxicated. Passengers who bring their own bottle must

check it for service by the stewardess.

The new rule is enforceable by civil action, with fines up to \$1,000.

The rule has stirred some controversy in the aviation industry. Airline companies and their crews differ among themselves on whether the rule goes too far or not far enough.

Talks with passengers and flight crews at two airports serving the New York metropolitan area—Newark and Idlewild—reveal that the only one who isn't putting up a squawk is the air customer.

Most travelers who had heard of the plan just shrugged and accepted the idea. The trouble-makers — always a small minority — have been put to new tests of ingenuity to outwit the prohibition.

In the first two months of the new rule, one stewardess said she found it necessary to enforce the regulation about four or five times. All but one passenger accepted the ruling gracefully, and the exception quieted down when she called the captain.

The stewardess, Miss Anne Marie Castonguay, of Woodside, N. Y., also said she had spotted about 8 or 10 flasks on board and asked the passengers to surrender them.

"I told them, 'I'm sorry, government regulation,'" Miss Castonguay said. "They look surprised, but they know about it."

Only one passenger volunteered a flask while walking aboard, she said. The attractive Eastern Air Lines hostess guessed that perhaps 50 might have got on with flasks without her knowing it.

Other stewardesses had tales of passengers' passes being passing out, although they stressed that such incidents were few.

Miss Jo Ann Fiore, of Penna Grove, N. J., a Braniff hostess, said it does no good to tell some passengers there's no more ice, water or mixers.

"They just start drinking it straight," she said.

Although planes go faster and higher, the Federal Aviation Agency has made clear it intends to keep a ceiling on passenger drinking.

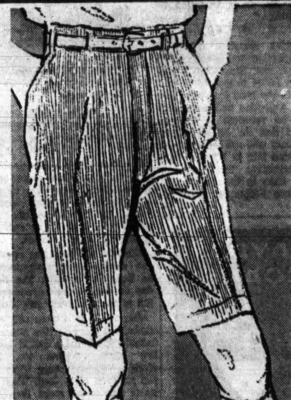

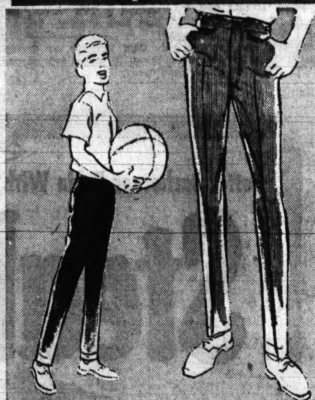

A Long String to Gift

HARTFORD, Conn. (AP)—An anonymous donor has offered Trinity College a half million dollars toward construction of its fine arts center, but with a string attached. The \$500,000 will be given only if Trinity can come up with another million dollars needed for the center.

Rocky Repeats His 'No,' Too

Adlai Still Isn't Candidate, but He'd Give In to a Draft

By The Associated Press

The political spotlight continued to focus today on two men who insist they are not candidates for the presidential nomination.

The men are Adlai Stevenson, the Democratic nominee in 1952 and 1956, and Nelson A. Rockefeller, the Republican governor of New York.

Both clearly stated their positions Sunday as noncandidates. But that did not eliminate them as possibilities. Neither said he would refuse a draft.

Stevenson's position emerged as a result of a public dialogue with Eleanor Roosevelt, who has called for a Democratic ticket of Stevenson for president and Sen. John F. Kennedy of Massachusetts as vice president.

WILL SERVE WHEN CALLED

"I have declined repeatedly to comment on questions about a draft," Stevenson said in a message to Mrs. Roosevelt.

"I think I have made it clear in my public life, however, that I will serve my country and my party whenever called upon."

Mrs. Roosevelt, after receiving the message, commented: "From this statement, I think you will find it clear that Mr. Stevenson is a candidate."

Her interpretation, however, prompted Stevenson to state from Libertyville, Ill.: "I will not seek the nomination for president by the Democratic convention. Therefore, I am not a candidate."

Rockefeller gave his position on a television program (NBC "Meet the Press") when he was asked: "You will not under any circumstances between now and the convention declare yourself as a candidate for the Republican nomination, is that correct?" "That is correct," the governor replied.

STILL ASKS POSITIONS

He said that Vice President Richard M. Nixon would receive the nomination, and then repeated the assertion on a second television program (WNTA "Open End").

But Rockefeller also said that

much more difficult for him to be elected."

Rockefeller said he would support Nixon, if nominated, whether or not he elaborated his views.

Meanwhile, a Democratic candidate, Sen. Lyndon B. Johnson of Texas, accused the Eisenhower administration of following a policy of drift in military and foreign affairs.

Of the nation's families, 45 per cent have annual incomes ranging from \$10,000 to \$15,000.

Texas Delegates Holding for Nixon

SAN ANTONIO, Tex. (AP) — Vice President Richard M. Nixon heard "of a single switch by a delegate who was for Nixon to Tuesday's state GOP convention. But backers of New York Gov. Nelson A. Rockefeller stepped up their campaign to get some delegates."

Hutchison of Houston said recent criticism of Nixon by Rockefeller has "hardened up all of the Nixon delegates and made them more aggressive."

Hutchison said he had not heard "of a single switch by a delegate who was for Nixon to Tuesday's state GOP convention."

Anne Kimberly of San Antonio, chairman of the local Rockefeller backers, said the group's national headquarters is sending campaign material from New York.

JUST A DREAM—All-A student Mary Stucky, 16, was barred from Benton Harbor Lawrence High School graduation exercises because she was too smart. The school ruled that although Mary had garnered enough credits in three years

to graduate, they did not want to encourage other students to do the same. She will receive her diploma privately this summer.

AP Photos

After President's Visit

Rumor: Japan's Kishi to Quit June 24

By PHIL NEWBOM
UPI Foreign Editor

Tokyo reports say it is beginning to look more and more as if Prime Minister Nobusuke Kishi is on the way out.

Kishi's action in running the U.S.-Japan mutual security treaty through Parliament created a political storm, touched off months-long rioting.

Now sources close to Kishi say privately there is a good chance he will resign after the president's visit. The most talked of dates are June 24 or 25.

RED TAPE:

Organizing press coverage for an Eisenhower tour is always a mighty job. But in the Orient, where red tape was invented, the job is even mightier.

Example: Foreign office and U.S. State Department officials were scoring newsmen on a dress rehearsal of the visit the other day.

All went well until the group got to the Imperial Palace. There, the guards wouldn't let them through the gates despite the show of rears of top credentialed.

Then when the party got to Washington Heights—an armed services housing area—the State Department representatives couldn't get the group past the sentries.

HIGH DIPLOMACY: Disregarding Japan's political turmoil, a senior Asian member of the Tokyo diplomatic corps is circulating a petition among the members asking the foreign office to exempt foreign diplomats from paying the 10-yen (2.5 cents) parking meter fees.

A question of diplomacy in a community.

HARRASSING TACTICS: East German Communists are drawing up plans to eliminate

elevated railway traffic in West Berlin.

The Communists control elevated train service for both sectors of the divided city, and, according to reliable reports, now are working on a scheme to bypass West Berlin.

The elevated is the city's principal means of transportation and to halt service to the West would be to close a loophole for escape from the East and reduce East-West contacts.

TRADITION BREAKER:

Some organizers of the World Eucharistic Congress opening in Munich, Germany, on July 31, are hopeful that Pope John XXIII will break another tradition and attend the congress.

One million faithful are expected to attend the meeting and the feeling is that the Pope's presence would give it a tremendous lift. Vatican sources are not saying and it is against tradition for the Pope to go far from the Vatican. In any event, the Pope will make the final decision.

Clio to Lose Insurance

Town Accident-Prone

CLIO (UPI) — The little city of Clio is in the position of a driver who has had one too many accidents.

This community of 2,000 residents is about to have its municipal insurance canceled by the Hartford Co. of Hartford, Conn.

Cancellation of a municipality's insurance is a rare thing. The notice was given in a letter to the City Council from Dave Hicks of Hartford's casualty department who termed this a "poor safety risk."

Hicks cited five accidents over a three-year period which involved Clio police cars. One resulted in the destruction of a scout car and liability damages to a property owner.

Another recent incident in which a Clio city workman was killed in a drainage tunnel cave-in was also given as a cancellation factor.

No city action has been taken on the planned cancellation, but Clio sources say the little city may

have to get its workmen's compensation, employee liability and comprehensive coverage from an assigned risk pool such as that used by accident-prone motorists.

Quakes Still Plague Southern Chile Town

SANTIAGO, Chile (AP) — Earth tremors continued to plague quake-battered Valdivia, in southern Chile, over the weekend.

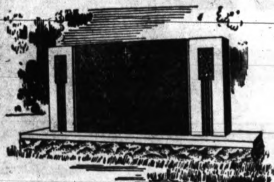

Six earth shocks were reported Sunday. The strongest, late in the afternoon, demolished several houses already damaged by earlier quakes.

Torrential rains and high winds forced suspension of evacuation from Valdivia of women and children, being removed because of the danger of floods.

The National Health Education Committee estimates that there are 3.8 million problem drinkers in the United States.

W.K.C. 108 N. SAGINAW...FE 3-7114

No pavement could be stronger even if carved from solid rock!

US-16 southwest of Portland

Where safety and dependability are vital... Michigan motorists prefer CONCRETE highways!

Why are concrete pavements picked for major expressways? For safety and dependability!

Three out of four Michigan tourists rate concrete safer. They know the safety of concrete's skid-resistant surface... the better light reflectance at night.

And concrete's longer life (double that of asphalt) combined with low construction cost and low upkeep make these highways real tax-savers. Concrete has a proven record of capacity to carry even the heaviest traffic... without frequent resurfacing or patching.

When you drive a new concrete highway, remember—road engineers and competent construction crews have built the finest pavement possible.

New concrete superhighways scheduled to be started in 1960. They will connect weathered sections of concrete highways.

Suit Slated for Circuit Court

Claiming Annual Meetings Illegal

PONTIAC TOWNSHIP — Attorney Robert Hodge was going ahead today with plans to sue the Township Board over the constitutionality of annual township meetings. He learned Friday that his petition to the State Supreme Court seeking a writ of prohibition or mandamus against the annual meetings has been denied.

Hodge said he will now file his suit in Circuit Court, claiming the meetings are a threat to, and in violation of the civil rights of all electors and property owners in the township.

He has pointed out that no provisions are made for casting absentee ballots or limiting voting to qualified electors at annual meetings.

He further contended that the meetings temporarily vacate the offices of elected officials and give their power of decision to minority groups.

"When I asked the Supreme Court for the petition, I knew the odds were 100 to 1 against me," Hodge said. "The Circuit Court suit will be the same, only wrapped up in a different package."

The supreme Court bench told him that they would not exercise their jurisdiction on the matter since the question is of constitutionality and not of fact," he added.

Synthetic rubber production in the United States started in 1942.

 Edward A. Potere, both officers of the Board of Trustees of the Bertha Van Hoesen Hospital Inc., of which the two women also are members. Other officers who were present for the luncheon were President Dr. Edgar J. Geist Jr. and Vice President Robert W. Scripps.

Farewell for 2 From Van Hoesen Board

Luncheon Salutes Hospital Trustees

ROCHESTER—Two members of who achieved international fame in the field of medicine. **WROTE BEST-SELLER**

Dr. Van Hoesen was founder and first president of the Medical Women's National Assn. and the author of the best-seller "Petitcoat Surgeon," in 1947.

Now the permanent Board of Trustees has been organized with a membership of 25, including the original planners, and officers have been named.

Guests of honor were Dr. Sarah Van Hoesen Jones and Miss Alice Serrell, who are sailing tomorrow aboard the Queen Mary for Europe.

Board officers led the pair at Club Rochester. Present were Dr. Edgar J. Geist Jr., Board president; Robert W. Scripps, vice president; Edward A. Potere, secretary; and Thurely E. Allen, treasurer.

Unable to attend because of another commitment was Mrs. George H. Goble, second vice president.

TO TRAVEL IN AUGUST

Dr. Jones and Miss Serrell are planning to visit Spain and Germany and the Passion Play at Oberammergau and return around the third of August.

The hospital board currently is continuing its discussions with other hospital groups in the Detroit area, considering joint plans for a community hospital to serve the Rochester area.

The local unit also is investigating the possibility of building an independent medical facility in or near the village.

Three years ago, a group of local business and professional people met for the first time to discuss acquisition of a hospital to serve Rochester and its environs.

To function as a nonprofit organization, the project was incorporated under the name Bertha Van Hoesen Hospital, Inc., with temporary officers named in lieu of a former hospital board or trusteeship.

The name was chosen to honor one of the area's native daughters.

In addition to officers Dr. Jones and Miss Serrell, other board members are E. Tilton Peabody, Earl Dean, Sidney Q. Ennis, Robert Warren, Dr. Thomas Sanson, Duward B. Varner, Mrs. Walter Reuther, Helen Allen, Hilburn Carpenter, Dr. and Mrs. Oscar J. Sorenson Jr. and Dr. Eve Schlechte.

Also, Mrs. Russell W. Nowels, Mrs. Frank Chapman, James H. Norton, Loy Sutherland, Charles B. Stittler and Dan S. Hoelke.

West Bloomfield Library Under Way Tomorrow

WEST BLOOMFIELD TOWNSHIP would house 50,000 books. Ample parking space has also been provided.

The present township library is in Keego Harbor in the old Community Center. However, the property has been sold, which necessitates moving the library.

A branch library in Westacres subdivision will continue to be used.

Voters approved the construction of the new library in a special election last August.

At that time a request by the Township Library Board for an additional one mill to be spread over a three-year period was passed.

Plans for the new library were recommended by Robert Orr, head of the Grosse Pointe Library, who was called in as a consultant.

15 School Districts Electing Board Members

PLAYFUL PET — A four-year-old red fox named Boots is only one of the many pets on the farm of Marvin Guntzville in Novi. Here the Guntzville's 15-year-old daughter, Lana, gets Boots to stand up on his hind feet while in one of his playful moods. Lana raised the fox from kithood when it was dug out of its den after its mother was killed.

To Select Miss Utica June 20

UTICA — The chairman in charge of the "Miss Utica" contest this year have set June 20 as the date for the annual competition. The event will take place at 8 p.m. at Eppler Junior High School.

Richard Duncan, and Gerald Moll, who are heading the queen's committee, said they should be contacted by girls interested in competing for the crown.

To be eligible, prospective candidates must be between 17½ and 21 years of age, single and residents of the Utica Community School District.

A panel of out-of-town judges will screen the title aspirants on the basis of poise, personality, beauty, general appearance and speaking ability during the contest. The winner and two runners-up will reign over the Utica Lions 14th annual Independence Day celebration.

Utica's traditionally crowned by Gov. G. Mennen Williams during coronation ceremonies held just before parade time on July 4.

Many New Posts Open

Voters to Decide Five Special Issues

Voters will elect new members of the Board of Education today in 15 area school districts and decide five special issues.

Elections are being held in Avondale, Brandon, Clarenceville, Dublin, Farmington, Holly, Huron Valley, Lyon, Novi, Rochester, Romeo, Troy, Utica, Walled Lake and West Bloomfield districts.

Voters in many cases will increase their school boards from five to seven members as the result of recent state legislation making the move mandatory.

Among the special issues to be decided at this time is teacher tenure in the Avondale School District.

If tenure is approved at the polls, it will give Avondale teachers an added recourse in any disputes with the school board where their positions are concerned.

Such matters as teacher dismissal, demotions or disciplining could be appealed by teachers to a tenure commission for further ruling after the Board of Education makes its recommendations.

Tenure supporters in Avondale feel that it would give teachers greater job security and be an added inducement for keeping better-qualified teachers in the district in face of stiff competition for their services from other school districts.

Opponents to the plan believe that the school board is more qualified to decide matters where the teachers are concerned.

TAX HIKE ASKED
Walled Lake district voters are being asked to approve a one-mill tax increase today. The money would be used for improvements within the school system.

Being sought for an eight-year period, the tax hike would bring

is an estimated \$250,000. It would be used to pave school parking areas and construct additional facilities for recreation.

A request to increase the salaries of school board members appears on the ballot in the Farmington district. If approved, their pay will increase from \$150 to \$300 a year.

At Clarenceville, voters will decide a request to pay board members \$360 a year.

Board members have been receiving the sum in the past, but approval is again necessary with the addition of two new members to the board.

A proposal to renew an existing eight-mill operational levy has been placed on the ballot in the Troy district. The present tax is due to expire in December.

There is about one truck for every 16 persons in the United States.

MARY JO MEADS

An Aug. 27 wedding is planned by Mary Jo Meads, daughter of Dr. and Mrs. G. E. Meads, 41 Dominion St., Oxford, and James M. Bullock. He is the son of Mr. and Mrs. F. M. Bullock of Mount Lebanon, Pa.

Electricity was first made from atomic energy at the atomic energy commission's testing station located in Idaho on December 20, 1951.

Lana's 23 Other Pets Out-Foxed by 'Boots'

By JIM LONG

NOVI — Of all the pets on the Marvin Guntzville farm, the one that gets the most attention from the family and visitors is a four-year-old red fox named Boots.

"The novelty of owning and raising a fox just doesn't seem to wear off," said Lana Whittle, the Guntzville's 15-year-old daughter who raised the animal from kithood.

The Guntzville's have two other children, Melvin, 6, and

Voss, 10, both of whom also are very fond of animals and largely responsible for bringing many of the pets home.

The pets on the Guntzville's 40-acre farm at 11-Mile and Taft roads include a domesticated "zoo" who.

Included in the list of pets on the farm are four dogs, two cats, three horses, three ponies, five geese, five ducks and a rabbit.

Just recently acquired and already taking over the house.

While all the "mama" pets are allowed to roam free over the farm, Boots is penned. "Just in case" it reverts back to natural instincts.

The candy- and watermelon-eating fox was dug out of its den by a couple of boys four years ago and bought by the family for \$5, the same amount as the bounty on foxes, Mrs. Guntzville said.

"It's not unusual for a fox to be raised and domesticated but it is unusual to have one for the length of time we've had ours," Mrs. Guntzville said.

Lana, a Northville High School freshman, said she has never been bitten by Boots, "only scratched by its claws when it's in a playful mood."

She said no permit or license was needed to keep the predatory animal.

Lana said she doesn't think she will study animals or become a veterinarian, even though she gets along with her pets so well.

Her ambition, she said, is to become an artist and sketch animals.

An expert rider, Lana also is a member of the South Lyon 4-H Club.

Once a year for the past four years, Lana has attended Alma College for a week to study baten twirling.

She was once a member of the well-known Land-O-Lakes baten twirling group in Oakland County.

Mrs. Guntzville, who is active in the Novi Citizens Committee, runs the farm and does her own plowing, while her husband runs his own business.

He is a taxidermist.

School Board Petitions Filed

In Lake Orion District, 15 Seeking Four Spots Open This Year

Fifteen persons filed nominating petitions for the four spots open this year on the Board of Education of the Lake Orion Community School District by the 4 p.m. deadline Saturday.

In the Oxford Area Community School District, two filed for the single three-year position available and two each for the two newly-created four-year terms.

Nine candidates filed for the two new four-year terms in the Lake Orion District. They are Robert F. Hanzwell of 503 Highland Rd., Charles E. Carpenter of 3550 Jolly Rd., Mary Parker of 105 E. Jackson St., James Basigkow of 788 Portico St., Helen Brown of 61 Silver Bell Rd., and Clara L. Beebe of 348 Lapeer St.

Others are Mrs. Grace Rubel of 130 Highland Rd. and Warren H. Smith of 1062 Beverly Dr.

Running for two three-year vacancies are Robert A. Strehle, 1700 Avalon Lane; Wilson E. Church, 3415 Pasadena St.; Helen Barnes, 45 E. Shadford St.; Mrs. Stuart E. Williams, 210 S. Broadway; Robert Sheardy, 740 Lakeview Rd.; and present Board Treasurer Richard Young.

Two nominees also will appear on the ballot in the July 11 school election in the Lake Orion District. One asks that the two Board members filling the newly-created four-year terms be paid the same \$400 a year either Board members receive.

The Board also is seeking authorization to sell about three acres of Board-owned property on E. Flint St.

In the Oxford district, Mrs. Ruth Erskine, 5555 Metamora Rd., and Ralph R. Curtis, 2020 Noble Rd., filed for the three-year term being vacated this year by Board President Carl Buchler, who did not file for re-election.

Four candidates filed for the two new four-year terms. They are Stewart Langley, 13 Mechanic St.; Mrs. Eloise Smith, 961 Burlingame Rd.; Dr. Rodman C. Jacob, 186 Special Rd.; and James M. Wain of 3010 Noble Rd.

MRS. LEO J. KOKOSINSKI

Pair in Florida After Wedding in Royal Oak

ORCHARD LAKE — Honey-mooning in Florida following their wedding in the Shrine of the Little Flower, Royal Oak, are newlyweds Mr. and Mrs. Leo J. Kokosinski.

The bride is the former Gail Janice Woolley, daughter of Mr. and Mrs. Harry L. Woolley of 7400 Sweetbriar Rd. The bridegroom's parents are Mr. and Mrs. Leo S. Kokosinski of Dearborn.

For her wedding the bride chose an embroidered silk organza over tulle gown with a fitted bodice, bell skirt and bateau neckline.

Her fingertip veil was secured by a satin chemise headpiece. She carried a cascade bouquet of orchids and lily-of-the-valley.

The bride's sister Carol was maid of honor. Bridesmaids were Laurie Hanks of Detroit and Nancy Cope of Birmingham.

Serving as best man was Bernard Kokosinski of Garden City. Ushers were Paul Heavener of Detroit and Al Zaleski of Dearborn.

Immediately following the ceremony, a reception was held at Westlakes Club House.

The couple will live in Ann Arbor.

The civilian labor force of the United States increased 13.9 per cent in the period from 1950 to 1951.

Argentina Quashes Revolt in 6 Hours

BUENOS AIRES, Argentina (AP)—President Arturo Frondizi's government announced today that a vast-powder revolt in western Argentina had collapsed a scant six hours so after it started.

Frondizi told newsmen the bulk of Argentina's armed forces had rallied to his side within a few hours after the small-scale rebellion last night in San Luis.

The President confidently announced he would leave as planned this afternoon on a month-long tour of Europe.

Most of the leading rebels were members of what Argentines have nicknamed the "Gottia" group of officers. They are fervent anti-Peronists who denounced Frondizi for wooing votes from supporters of former dictator Juan D. Peron in the 1958 elections.

Before dawn a spokesman for the Interior Ministry said loyal troops had captured Gen. Mauricio Gomez, commander of the 2nd Argentina Army, who reportedly joined the rebels.

The other rebels fled from the strategic sites they captured a few hours earlier in San Luis, including the local radio station, the spokesman said.

Gen. Rodolfo Larcher, the secretary of war, had warned the rebels to surrender by dawn or to face an assault by loyal troops from the surrounding area. He said the rebel force numbered only 300 to 400 men of an anti-aircraft group.

Gen. Larcher said the military rebels would be tried in military courts, and the civilians brought to trial under the "Cometes" plan adopted last March. This gives military courts the right to try civilians and impose the death penalty for such actions as sabotage and bombings.

World's largest air-freight carrier is the Military Air Transport service which in one year flew many million ton-miles of cargo and mail.

Major Rail Merger Told

Norfolk and Western,
Nickel Plate Would
Create New System

PHILADELPHIA (AP)—The Norfolk and Western Railroad and the New York, Chicago and St. Louis Railroad (Nickel Plate) agreed to merge, it was announced today.

The joint statement by the presidents of the two lines said the merger would be submitted to shareholders of the two companies and the Interstate Commerce Commission.

If merger is approved, it would create a new system having some 5,800 miles of track extending from Virginia through Illinois and into New York State.

Terms of the agreement call for exchanging each share of Nickel Plate common stock for 45 shares of Norfolk and Western common. This would give Nickel Plate stockholders about a fifth of the common stock in the merged company.

The joint announcement, released by N&W after a meeting of its board here, said the proposed merger is contingent upon the acquisition of a connecting link between the two lines.

Stuart T. Saunders of the N&W and F.S. Hales of the Nickel Plate said consideration is being given to connecting the two properties by means of the Pennsylvania Railroad line between Columbus, Ohio and Sandusky, Ohio.

They said negotiations to this end are being held with the Pennsylvania Railroad, which owns a third of the N&W common stock and has four members on the 14-member N&W board. The connection link would be a 111-mile span.

The Nickel Plate-N&W merger would place the new company in the first 10 railroads in the nation.

Haggard Will Attend UF Meet

Fred V. Haggard, vice president of the Pontiac Area United Fund, will be among 400 people attending the 13th annual meeting of the Michigan United Fund tomorrow at the Michigan State University Kellogg Center in East Lansing.

The Michigan UF is an organization whose function is raising money toward the support of 33 state and national health and welfare agencies, through participation in annual united fund and community chest campaigns throughout the state.

United Fund and community chest representatives from all areas of Michigan will pay tribute to the agencies and hold their annual election of Michigan United Fund officers and board members.

The principal speaker at the meeting will be Michigan Supreme Court Justice George C. Edwards, a member of the board of both the Child Welfare League of America and the Lansing Child Guidance Clinic.

His subject will be: "To Open the Door of Hope."

Shirk Protests Sentence

Ex-convict Richard H. Shirk of Detroit, today was sentenced to a life term in Jackson Prison for the murder of Carlo E. Vitale last November.

Shirk, 29, protested to sentencing Circuit Judge Stanton G. Dondore, saying he had been wrongfully convicted, since, he told the judge, Vitale's slaying never even happened in Michigan. It happened in Tennessee, he said.

Judge Dondore reminded Shirk that he took the stand in his own defense and denied any knowledge of the killing.

He was found guilty of first-degree murder May 27 by a jury of 12 women and 2 men. A life sentence is mandatory in Michigan for persons convicted of first-degree murder.

A partner in the shooting of robbery suspect Vitale, Gerald A. Mackay, 33, also of Detroit, received a prison sentence of 15 to 30 years after pleading guilty to second-degree murder.

Vitale's body was found in a grave in Commerce Township in January. The shooting occurred at Mackay was paid \$100, he said, to drive Shirk and Vitale out of town following a Detroit credit union holdup.

Four Drownings Reported 13 Die in State Traffic This Weekend

By The Associated Press

Eighteen persons lost their lives in Michigan accidents over the weekend. Thirteen were killed in traffic; four drowned; and a woman was killed by electric shock after an auto crash.

Three of the victims died in two separate auto-train collisions, one on the executive director of the Detroit Catholic Youth Organization.

The Associated Press tabulation of weekend deaths began at 6 p.m. Friday. It ended at midnight Sunday.

Lawrence E. Mohler, 64, of Wayne, and his wife, Vera, 62, were killed Sunday when their car collided with a B&O passenger train at a Trenton crossing.

The train, en route from Cincinnati to Detroit, was delayed about half an hour. No one on the train was injured. The engineer, George Mulqueen of Detroit, said the car suddenly leaped forward onto the tracks and he was unable to stop it in time.

Earl Gebot, 37, of Chelsea, was killed Sunday night in a two-car collision on a rural Washtenaw County road.

Edward B. Crowe, 37, of Detroit, was killed and his wife Bernice was injured critically Sunday when their car skidded on a rain slicked road and slammed into a freight train at an unguarded crossing about four miles west of Port Huron.

Crowe was executive director of the Detroit Archdiocesan Catholic Youth Organization.

Walter Gadsby, 33, of Wayne, was killed Saturday when his car, in which he was riding, ran out of control and struck a tree in Lincoln Park.

Paul Sytma, 18, of Grandville, was killed Sunday when his car ran out of control and struck a tree just north of Pettis, Ada Township, Kent County.

Cecilia E. Elenbaas, 42, of rural Zeeland, was killed Sunday when his car left M50 and hit a tree. The accident occurred about nine miles south of Grand Haven.

John Nichols, 32, of Ixster, died Sunday at injuries suffered Saturday in a two-car crash at an intersection in Dearborn Township, suburban Detroit.

Mrs. Katherine May Gauthier, 40, of rural Hastings, was killed Saturday night when her car went off a road and hit a tree near Hastings.

Mrs. Bernice Lytle, 48, of Keego

Harbor, was injured fatally Saturday when her car missed a curve and struck a tree in Waterford Township.

Wayne Helgemo, 22, of Grosse Pointe, was killed in a freak accident Saturday near Iron River. He drove his car into a deep hole on a highway road, Mrs. Marie Helgemo from of Caspian drove her car into the cave-in moments later landing atop Helgemo's car.

Mrs. Helgemo, 43, of Grosse Pointe, was killed Friday night in a two-car crash near Kalamazoo.

James Johnson, 12, of Detroit, climbed a fence to go swimming at a closed beach on Belle Isle, jumped off a dock and drowned in 10 feet of water in the Detroit River Saturday.

William Clay, 11, of Grand

Preconvention Politics Halleck Opposing Nixon on Federal School Aid

By JACK BELL

WASHINGTON (AP)—Vice President Richard M. Nixon and House Republican Leader Charles A. Halleck of Indiana appear to be lining up on opposing sides on the school aid bill.

Associates said today that Nixon is urging a compromise on classroom construction measure that will remove the issue from the presidential campaign.

Halleck, who will preside as permanent chairman of the Chicago convention expected to nominate Nixon for president, is represented as determined to kill the bill if he can.

Nixon is understood to have told congressional associates he believes President Eisenhower will sign a compromise bill authorizing federal aid for school construction.

The House passed a measure to set up a four-year, \$1,300,000 program. The Senate passed a two-year, \$1,000,000 bill carrying grants for teachers' salaries as well as for construction.

Eisenhower originally had proposed a three-year, \$2,200,000 program to help pay interest and principal on school construction bonds issued by local districts.

LONDON (AP)—Defense sources say the British and U.S. governments are considering plans for Britain to join the United States in worldwide 24-hour patrols by nuclear strike bomber planes.

There was no comment from Washington.

The informants gave these details: The U.S. Strategic Air Command and the Royal Air Force would cooperate in keeping some H-bomb planes aloft at all times in order to make them immune to missile attack on their bases.

U.S. bases throughout the world would be available to Britain's Vulcan and Victor strategic bombers, now based only in Britain. Warheads would be fired only if orders were given to attack.

Our Flag Will Pass 183rd Birthday Tuesday

WASHINGTON (AP)—Old Glory, which now contains 48 stars, is 183 years old Tuesday, but it is still proper to display your flag even if it has fewer stars.

There are only two firm rules the flag should be in reasonably good condition and without a 50th star.

The 50th star for Hawaii will be added officially July 4. Until then it is improper to display the new flag.

The 48th star for Alaska became official July 4, 1959.

Pravda Defends Khrushchev

Raps 'Leftist' Critics
for Hinting Nikita Is
Straying From Ideals

MOSCOW (AP)—The Soviet public today avidly dissected the Pravda defense of Premier Nikita Khrushchev's policy and his denunciation of his "leftist" critics.

The article by N. Matkovsky in Sunday's issue was called "The Ideological Weapon of Communism." It said that some persons mistakenly considered such things as meetings between Communist and non-Communist chiefs of state — Khrushchev's much discussed policy of summit diplomacy — a departure from Marxism and Leninism.

"Comrade Khrushchev has said on questions of ideology we have firmly stood and will stand like a rock on the foundations of Marxism and Leninism," Matkovsky said.

Publication of the article and discussion of it in the public note that in the world Communist movement there has been some difference of opinion on policy.

State Appoints Dean Acting WMU Prexy

LANSING (AP)—Dr. Gerald Osborn, dean of liberal arts and sciences, today was named acting president of Western Michigan University.

The announcement was made by Stephen S. Niebet, chairman of the State Board of Education which has sought in vain for six months to pick a permanent successor to Paul V. Sangren.

Sangren, 61 and ailing, has announced his retirement effective June 30.

"The State Board will continue its review of candidates for the presidency," Niebet said.

Can a Federal Aid Plan Be Halted? He'll Try

WASHINGTON (AP) — Rep. Frank T. Bow (R-Ohio) is trying to stop a federal aid program for rural libraries. He calls his campaign a test case to find out whether a federal program, once started, ever can be ended.

Sponsors promised the rural library program would be temporary—just five years—when it was set up in 1950. Bow said in a letter to constituents.

Now, he continued, "the librarians tell us that the program has been a great success. They enjoyed the extra cash from Uncle's treasury. They want five more years of it."

"In my opinion, the program has been a complete failure, because the people are not digging down in their jeans to support these things locally."

"The permanence of temporary federal agencies has been a joke for years," Bow said. "To me, it is no laughing matter. Sometime, somehow we have to put an end to things of this kind."

A local restaurant carries this comment on human weaknesses above its dessert menu: "You know you shouldn't—but you will—These days you'd better think twice before promising a girl the moon. Earl Wilson."

But As a Soldier It's His Duty

President Trips Off So Casually

By BOB CONSIDINE

WITH EISENHOWER — When ever anyone—and that includes the President of the United States—sets out on a long and dangerous voyage, as indeed he has, he is comforted by the prospect of a happy landing, days or weeks later, on some strand from which the very memory of care and circumstance has forever departed.

In the case of the President, who deserved better than the miserably tame, vaudevilian one which he is launched, the happy hour will come a few weeks hence when his jet touches down at Hickam Air Force Base, on Oahu, in the great and wondrous state of Hawaii.

He will stay at the Marine Air Base on the other side of the island from the splendid, strand along Waikiki. He'll miss Chick Daniels and the other beachboys on the golden beach in front of the Duke Hawaiian, and the great Duke

Kahanomoku down the sand at Healy Kaiser's place. And Doris Duke and Col. Don Beachcomb's and all the other delights of the area, including Hana-Mani and the breathtaking natural temples of the "big island" of Hawaii—where lava flows remain hot and reeking for months and even years after eruption.

But the President will have his little nine-hole Marine course at Kaneohe, the Marine base at which he is launched, and his fine little cottage hard by the first tee.

He loves that place. Eight years ago, after his trip to Korea as president-elect, he couldn't have been happier to shore up there for a day or two. He punched some golf balls around the tropical paradise, talked shop with an old classmate named Omar Bradley who was then chairman of the Joint Chiefs.

Don Whitehead of the AP, who won one of his Pulitzer Prizes off that trip, and I went over to her's cabin one morning for a cup of coffee.

Looking back on a story he told us, one gains an insight as to why he could be so casual about going off on this current trip—during which there is a calculated risk that he might be hurt or killed.

We had seen him a few days before, talking very quietly to his son, then assigned to an Army camp up near the active Korean very well knock him off.

"I don't mind telling you," the President-elect of the United States

said. "I told him that his mother and I could somehow manage to live if he got killed in action. That's the soldier's life. But I added that if they captured him and held him over my head as a hostage, I couldn't serve as President."

I think he's saying much the same sort of thing, in his own behalf, by making this trip. He regards it as his soldierly duty—as well as his duty as a peace-maker—to go into strange lands where a crazed crackpot might attempt to capture him.

Not to go, not to be a part of a schedule arranged long ago, not to go on with the show—to be a humane throat in a subzero cage of his desk at the White House at a critical hour in history—would be (for him) worse than whatever physical punishment might be visited upon him.

And, so, off he goes. And bless him in this, the farewell of his 45 years of service to his country.

Whopping Crop of Wheat Due

1960 Harvest Could Swell Surplus Bins by 200 Million Bushels

WASHINGTON (UPI) — The 1960 wheat crop is booming to ward a harvest that easily could add more than 200 million bushels to the record surplus of the broad grain already lying unused in storage bins.

The Agriculture Department estimated the 1960 wheat crop at 1,271,000,000 bushels—13 per cent more than the 1959 crop and 16 per cent above average.

This would be made up of 1,019,000,000 bushels of winter wheat—10 per cent more than last year and 10 per cent above average—and 252,000,000 bushels of spring wheat.

The spring wheat crop would be 23 per cent more than last year but 2 per cent below average. If the anticipated total wheat harvest is realized, it would be the fifth largest on record.

Taylor U Decides Not to Move to Florida.

UPLAND, Ind. (UPI) — The Taylor University board of trustees has decided against moving to Florida.

The board has considered as possible sites Clearwater and Fort Myers, Fla.

Dr. B. Joseph Martin, Taylor president, said the school will be moved to some other Indiana city if a suitable site can be found.

It's been said that many birds can sing without opening their bills. I could, too, if I didn't... We're told women first used cosmetics in the Middle Ages. And that's when they still use it most—in the middle ages.—Earl Wilson.

Truman Accuses Big City Newspapers

Says Press Plugs for Weakest Dem

NEW YORK (AP) — Formerly, which candidate he had in mind. His own favorite is fellow Missourian Sen. Stuart Symington.
A student moderator asked Truman on ABC-TV's "College News Conference": "Do you mean that the metropolitan press is making an effort to nominate the Democrats' weakest candidate?"
"That's exactly what they're up to," said Truman.
When moderator Ruth Hagy asked, "Whom do you have in mind?" Truman didn't answer, but the student put in: "Sen. Kennedy."
Truman didn't hold back last April when asked by a newsman: "You know who the Republican papers would like to see nominated, don't you?"
"Kennedy or Stevenson," he answered then.
Truman said the student sit-in movement in the South "appeared to be Communist inspired because that's the way they do business all the time when they go in and close a small business man up."
He added that he does not believe the students involved are Communists. "I say it was pushed on by a Communist program," he declared.
The Student Nonviolent Coordinating Committee, an independent

organization, said today in a statement issued at Atlanta that it deeply regrets "the continuing and unfounded allegations of Communist direction of the sit-in movement made by Truman."
The group said: "The sit-in movement is an attempt to secure for all Americans the rights guaranteed to them in the constitution... Irresponsible charges of Communist influences... incorrectly credit the Communists with movements toward social justice."
The student sit-in movement in the South "appeared to be Communist inspired because that's the way they do business all the time when they go in and close a small business man up."
He added that he does not believe the students involved are Communists. "I say it was pushed on by a Communist program," he declared.

Michigan Gas Local Ratifies Contract

DETROIT (AP) — A new two-year contract with a package increase of 29.2 cents an hour was ratified 1,318 to 177 last night by union employees at Michigan Consolidated Gas Co.
Officials of Gas Workers Local 2177 and the company reached agreement on the contract Friday night.
The pact includes a 10-cent-an-hour first year pay hike and an increase of 3 1/2 cents the second year plus improved fringe benefits.
The old contract expired at midnight Saturday.

Women to Talk of Payola, TV

Federation of Clubs Gathers in Washington for Annual Convention

WASHINGTON (AP) — Payola and children's programs on television and radio will come in for discussion at the week-long 69th annual convention of the General Federation of Women's Clubs opening tonight.
These problems are among 11 resolutions prepared for their sessions.

Announce UF Women Chairmen

Hope to Go Over
1960 Record of
\$27,000

Mrs. Ben Hawkins announced Pontiac area chairmen of the Women's Division of the 1960 Pontiac Area United Fund at a workshop session Friday afternoon at the Community Services Building.

Named were Mrs. Glenn Griffin, Mrs. Richard Fox, Mrs. William Couloos and Mrs. Leonard Buzz.

They will join Mrs. Hawkins and Women's Division Chairman Mrs. Roderick Taylor in mapping the woman's role in the 1960 United Fund Drive.

Hopes are to top last year's record goal of \$27,000.

All women are active in community affairs and raising families.

Mrs. Griffin, mother of four children, is active in PTA and Girl scouting, and has worked with the United Fund for the past six years.

Full of enthusiasm for Friday's orientation workshop were United Fund Women's Division chairmen from left, Mrs. Richard Fox of Pioneer drive, Mrs. Leonard Buzz of Kuha street, Mrs. Glenn

Griffin of Ogema road, Mrs. William Couloos of St. Joseph street, and Mrs. Ben Hawkins of Mohawk street. Their goal is to top last year's \$27,000 raised by the women of the area for United Fund agencies.

Hold Shower for Secretary

Woman's Society of Bethany Baptist Church held its final meeting of the year Thursday at the Silver Lake road home of Mrs. Elizabeth and Sally Peck. Members of the Ruth group led by Mrs. James Mercer assisted the hostesses.

Following a cooperative luncheon for 70 members and guests, a surprise miscellaneous shower was given Mrs. Lillian Hilton, church secretary, who will marry Percy M. Walley Jr. July 9.

Participating in the program were Mrs. Turin McCully, Dr. Joseph L. Chapman, Mrs. George Lang and Mrs. Orville Manns.

Mrs. Dan Veazy, program chairman, announced speakers for the coming year. Mrs. Grace Steves told of house parties to be held on Hilledale College campus for business and professional women June 17-19 and the women's house parties June 19-24.

Women Meet for Breakfast

Rosamond Haebler is the newly installed president of the Pontiac Business and Professional Women's Club.

Assisting her are Mrs. Anne Stapp, first vice president; Mrs. Leo McDonald, second vice president; Mrs. Amy Carlson, recording secretary; Mrs. Glen Rivard, treasurer; Mrs. George Paddock, corresponding secretary; Mary Eleanor Lockman, Mrs. Harry Randall and Mrs. Sanford Craft, directors and Vera Bassett, auditor.

Miss Bassett conducted the installation and gave the invocation for the Sunday morning affair at Rotunda Inn.

Following breakfast, a business session was held with committees announced for the

coming year. Miss Haebler was named delegate and Mrs. Stapp, alternate delegate to the National Convention scheduled July 17-22 at Philadelphia.

Other members attending are Jane Danton, Mrs. Eva Dyer, Miss Bassett and Mrs. Craft.

The emblem ceremony was conducted by Mrs. Harry Randall assisted by Helen Hickey.

Mrs. Hazel MacGill gave the orientation for new members and explained the club's aims and purposes.

Members elected during the year who attended and who received corsages were Mrs. Margaret Denberger, Mrs. Anne Macchiarone, Vera Mae Adams and Bernice Berger.

On display was the club

scrapbook assembled by Mrs. Ella Sheffield and the Daisy Jewett award which was returned to the club. The trophy had been a memorial for Mrs. Jewett, former president of the Pontiac Club and former state president.

Guests for the event were Mrs. August Shier, Mrs. Harry Locke, Mrs. Lois Taylor, Mary Heitsch, Janet Heitsch and Sandra Lemmon, an MSUO student who is recipient of the BFW Club scholarship for the second consecutive year.

Mrs. Stapp served as chairman for the breakfast with Mrs. John Dow, Mrs. George Agnew, Mrs. Wilson Laing, Ruth Rogers and Roberta Rapaport as cohostesses.

Members of the Pilgrim Group of First Congregational Church were Friday luncheon guests of Mrs. James Hutton of Lakewood Lane, Bloomfield township, Mrs. Frank Messer gave devotions.

Guests were Mrs. Milo Cross, Mrs. Leonard E. Sundahl, Mrs. Jack C. Brannack, Mrs. Arthur Carner, Mrs. Fred Sauer and Mrs. William D. Thomas.

Mrs. Don Thomas, Mrs. Harry Lillie and Mrs. John Walls assisted the hostesses.

Eighteen members of the Standish Group attended a co-operative dinner and birthday party Friday at the North Joslyn road home of Mrs. Charles Andrews. Mrs. L. C. Barner was cohostess.

Guests were Mrs. Malcolm Burton, Mrs. Byron Carpenter and Mrs. Ray Meiser.

Colonial Group Holds Meeting

Standish and Pilgrim Units Meet

Guests were Mrs. Malcolm Burton, Mrs. Byron Carpenter and Mrs. Ray Meiser.

Colonial Group Holds Meeting

Mrs. Donald Strauss was hostess at her James K boulevard home for the June meeting of the Colonial Group, First Congregational Church, Friday.

Mrs. Nels Knudsen, chairman of the luncheon committee, was assisted by Mrs. Conrad Church, Mrs. Robert Armstrong, and Mrs. John Greenlee. Mrs. Norman Kujala gave the devotion.

Lighted candles tied with white satin bows marked aisle pews in Grace Lutheran Church Saturday evening when Dolores Jean Lutzkiw pledged vows to Loren Edward Schrub.

The Rev. R. C. Stuckmeyer read the candlelight ceremony before an altar decked with white gladioli, chrysanthemums and carnations.

The bride's parents, Mr. and Mrs. John Lutzkiw of Willard street, were hosts at the buffet dinner and reception in Knights of Columbus Hall.

Pearl and crystal handbeading accented the portrait neckline and Edouard-type bell skirt of the bridal gown of white bouquet taffeta. A hand-beaded crown of imported tulle caught the fingertip veil of French silk illusion.

Cultured pearls set in sterling silver earrings, gift of the bridegroom, were worn by the bride. She held a cascade of white roses, stephanotis and variegated ivy.

White eyelid organza dress for honor matron Mrs. Gerald Stone of Royal Oak featured a bell skirt, French blue satin cummerbund and double ball pounce.

A circle of matching veil held her short circular veil.

Abby Says: Zounds! What a Question!

SHhh! Noise or Sound?

By ABIGAIL VAN BUREN
DEAR ABBY: I have been teaching physics for 38 years and not only was your reply to "Dick's" a pip, but it would have made Prof. Einstein turn over in his grave.

"If a plane crashed in the desert and no living thing heard it, was a sound made?" Dick asked.

To this question, which has baffled philosophers and scientists for generations, you wisely reply, "Yes," without even batting an eyelash.

"Sound" — according to the physiological definition — requires a receiver. Without it, there is no "sound." Truly yours,

"DOC" (Cambridge, Mass.)

DEAR ABBY: I was surprised to read that "Dick" was having trouble with the question of sounds being reproduced by a plane crash in the desert.

I asked this same question in my high school science class 20 years ago, and was soundly squelched by my teacher. This was before anybody would believe that matter and energy were convertible.

Good for Dick for raising the question and good for you for backing him up. I wouldn't have believed this old chestnut was still kicking around.

S.S.F., SAN FRANCISCO

DEAR ABBY: The argument about whether or not there was a "sound" made if no one was around to hear it can easily be solved by using the proper word. What Dick wanted to know was NOT whether a SOUND was made ("sound" needs someone to hear it, in order to be termed "sound").

Dick meant was a "NOISE" made? Yes, you were right. A noise WAS made. So call it a "noise" instead of a "sound" and settle it!

PHYSICS TEACHER, Amarillo, Texas.

DEAR ABBY: May I be the thousandth person to tell you that the question about "sound" has no answer?

If Dick couldn't find the answer in his physics book, written by experts who have spent their lives studying sound, vibrations and transmissions, I don't know why on earth the poor kid thought he could get the answer by writing to you. Why didn't you just say you didn't know?

A. L., Washington, D. C.

DEAR ABBY: You were wrong when you supported the student who said that whether anyone was around to hear a sound or not, it still was a sound. I will not attempt to explain this phenomenon as I barely understand it myself, but I know I am right.

O. F. (Yuma)

DEAR ABBY: I thought everybody knew that sound required three things: (1) An object to give off vibrations, or "noises." (2) A medium to transmit these vibrations. (3) A device capable of receiving or "hearing" these vibrations. By definition, then, a plane crashing in the desert with no living thing around to hear it, does NOT cause "sound."

Women's Section

Pair Wed in Lone Pine Rd. Home

The Bloomfield Hills home of the Earl R. Bramblets on Lone Pine road was the setting for the Saturday marriage of their daughter Bonnie to Phil Robert Scoville.

Dr. Homer Armstrong, pastor of First Baptist Church, Birmingham, officiated at the 6 p.m. ceremony which was followed by reception and dinner.

Julie Beecher of Birmingham, in a bell-shaped dress of Open blue silk organza, with off-shoulder lace, preceded the bride as honor maid.

A Dior box matching organza comprised her headpiece.

COUSINS ATTEND

Ann Bramblett of Smyrna, Ga., and Linda Garrison of Marietta, Ga., attended their cousin as bridesmaids.

Lace cummerbunds accented their dresses of pink imported tulle.

All attendants carried nosegays of miniature pink rosebuds.

The bridal gown of white bouquet taffeta was styled with a bell skirt and portrait neckline. Appliques of Alencon lace accented the full-draped carriage back.

A headpiece of French organza blossoms secured the shoulder veil of imported illusion. The bride held a cascade of white roses.

Gary Scoville was best man for his brother. They are the sons of Mr. and Mrs. Harry E. Scoville of Hilledale. The bride's brother William seated some 70 guests.

PICKS GREEN SHEATH

Green sheath complemented Mrs. Bramblett's sheath of green linen, with a blue and green printed bodice trimmed with sequins.

A sheath of polished cotton in shades of green, blue and

purple was Mrs. Scoville's selection. Both mothers wore cymindium orchids.

The newweds will live in Kalamazoo, where both attend Western Michigan University.

Among out-of-town guests were the Elder C. Bramblets of Smyrna, Ga., the Robert Carrisons of Marietta, Ga., the R. M. Bramblets of Flint, Mich. and aunts of the bride, and her cousin, the Bob Bramblets, also of Flint; Edward A. Kaegi of Syracuse, N. Y., and B. L. Stewart of Anderson, Ind.

Bride-to-Be Honored at Local Fete

Bridal shower at the Dwight Avenue home of Mrs. Lee A. Kremer honored Gail Ann MacLaren who will marry George Franklin Vihola of Jansenville, N. Y., July 16 in the First Congregational Church. Mrs. Theodore Cohassey of Rochester was cohostess.

Daughter of the Robert MacLaren of Delaware drive, the bride-elect has named her sister, Mrs. Karl Akers of Rochester, matron of honor.

Bridesmaids will be Mrs. Cohassey, Mrs. Jay Bates of Pontiac and Annas, Mrs. Eugene Oberly of Akron, Ohio, and Carol Cowgill of Birmingham. Heather Holt of Rochester will be flower girl.

Guests at the Thursday party were Mrs. Robert MacLaren, bride-elect's mother, Mrs. Bates, Miss Cowgill, Mrs. Akers, Mrs. Thomas Freeland, Mrs. William Baroda, Mrs. Robert Long, Mrs. Maurice Finnegan, Mrs. Harold Curtis, Mrs. Lawrence Holt, Mrs. David MacLaren, Mrs. Andrew MacLaren, Jean Kiesel and Mrs. Mary Mowatt.

Mrs. Irene Haren came from Chicago and Mrs. David Zarnke from Waterford Township.

The teachers of Weaver school brought kitchen gadgets to a recent tea honoring Miss MacLaren at the home of Mrs. Zarnke.

Norma Balmer Weds B. Roger Clement

Reception Is Held at First Methodist

Elegant white peau de sole styled with a Venetian drape was chosen by Norma Jane Balmer for her marriage to B. Roger Clement, Saturday evening in First Methodist Church.

The Orville Lee Balmer of Dick Avenue hosted the church reception following their daughter's vows spoken before the Rev. Paul Hart.

Almond lace and silk organza formed the standing shoulder line of the basque bodice and medallions of the lace were applied on the bell puffed skirt which swirled into a chapel train.

An imported crown of crystal and tear-drop pearls held the fingertip veil of pure silk French illusion. White orchids and stephanotis comprised the bride's semicircular bouquet.

Georgia Ann Sword was honor maid with bridesmaids Ann Lowrie, Karen Gullett and Mrs. Larry McNeill. Mauve orchid silk tulle fashioned their ballerina-length dresses which featured fitted midriff and petal bodice.

William Clement of Royal Oak stood as best man for his brother. They are the sons of Mr. William Clement of Clement road, Waterford, and the late Mr. Clement. Guests were seated by Carl

MRS. B. ROGER CLEMENT

Theorin, Thomas McNeive and Larry McNeill.

The bridegroom was graduated from University of Michi-

gan and the new Mrs. Clement attended Michigan State University. After an eastern honeymoon, the couple will live in Royal Oak.

Mrs. Balmer chose dove blue Chantilly lace over silk organza with tulle styling for her daughter's wedding. Mrs. Clement appeared in dusty rose lace over tulle.

Terrace Dinner, Shower Honors Mary Wyers

Smorgasbord dinner on the terrace of Sylvan Glen Country Club was the setting for Thursday evening's miscellaneous shower honoring Mary Catherine Wyers.

Daughter of Mr. and Mrs. Kenneth L. Wyers of Birmingham, Miss Wyers will wed Philip D. Ruschewicz of Grand Rapids and Free Soil, June 18, at Emmanuel Baptist Church.

Dinner guests of the Pontiac Motor Division, engineering girls were Mrs. Wyers, Naomi Savan, Maryann Hank, Mrs. Marie Vidlund, Mrs. Joji Englund, Mrs. Jean Toles, Julia O'Brien, Pat Emerick, Mrs. Glen Noble, Mrs. James Fritz, Janet Wilson and Mrs. Claude Daniels.

Others included Mrs. Sadie Barrett and daughter Sylvia, and Mrs. Richard Carter of Clarkston, Mrs. Wayne Van Dine of Troy, Mrs. Wayne Harless and Lois Tucker of Birmingham.

Other recent shower hostesses were Mrs. Charles Wheelock of Third Avenue, Mrs. James Honey, of Plymouth, aunt of the bride, and Mrs. Robert Dombrowski of Free Soil.

Club Auxiliary Picks Delegates

The Ladies Auxiliary of the Metropolitan Club has named Mrs. Gilbert Brown and Mrs. John Wilton in Mount Clemens in August. Mrs. Paul Nique and Mrs. Harold Wright will be alternates.

Mrs. Frederick Kempf of Birmingham installed the following officers who were unable to attend installation services earlier in the year: Mrs. Merrill Petrie, president; Mrs. Joseph Koren, vice president; Mrs. Clayton McCoy, financial secretary; Mrs. Davey Gilpin, parliamentarian; and Mrs. Victor O. Bodamer, trustee.

Mrs. John DePaauw and Mrs. Koren were hostesses for the recent meeting at Pontiac Federal Savings and Loan Building.

Repeat Winners at Duplicate Club

The Pontiac Bonnevill Duplicate Bridge Club met Saturday evening at the Hotel Waldron with seven tables in play.

Winners were Dr. Charles Patrick and Dr. Carl Bolten; Mrs. Carl Bolten and Mrs. Charles Patrick; Mr. and Mrs. Jack Wright; Mr. and Mrs. John Jarro, Mr. and Mrs. Paul Potter.

Will Rogers PTA Picks Chairmen

Mrs. John Adonitis was elected president of the Will Rogers PTA at the June meeting.

Serving with her will be Mrs. Bernard Giroux vice president; Vernon Hoesack, teacher vice president; Ronald Drake, father vice president; Mrs. Glen Weller, secretary; Mrs. Marie McIntosh, treasurer; Mrs. Robert Schneider, historian.

Council delegates will be Mrs. Donald Canbitt, Mrs. Roger Pomroy and Mrs. Ronald Sablin.

Committee chairmen chosen were Mrs. Wilson Garner, adult education; Mrs. McIntosh, budget and finance; Allen Reamer and Robert Schneider, civil defense; Mrs. Jack McDowell, communications; Mrs. Dennis Butch, good cheer; Mrs. Emory Butler, health; Mr. and Mrs. Donald Knapp, hospitality.

The Bernard Gauthiers will chairmen juvenile recreation and protection.

Mrs. Peter Gardin is legislative chairman; Mrs. Bernard Tostant, mother librarian; Mrs. Paul Calk, magazine chairman; Mrs. Giroux, parliamentarian program.

Membership chairman will be Mrs. Richard Reed; Mrs. Frances Albertson, publications; Mrs. Ronald Kasher, publicity; Mrs. James Severs, room mother; Glen Hartung, safety representative; Mrs. Elton Dexter, scholarship; Mrs. Robert Sheffield, student council; Mrs. Donald Harrison, telephone; Mrs. Allen Resmer, transportation; and Mrs. Glen Hartung, ways and means.

Sorority Meets With Mrs. Wiley

Members of Rho Chapter, Alpha Delta Kappa Sorority, were guests of Mrs. E. Cio Wiley on Other drive, Waterford Township, at a picnic dinner Thursday. Mrs. Evelyn Woodworth was cohostess. Plans were made to attend the ADK state convention in Kalamazoo the weekend of Sept. 21. Twelve chapter members attended the second annual state dinner at McGregor Memorial, Wayne State University.

Charm Chats

By Aleda HEADS FIRST

Hair is of primary importance because people seem to notice it first. It will either add to your appearance or detract from it. Your coiff can be arranged to make you seem taller, shorter or even slimmer. You can see that a becoming hairstyle is essential. It can and will have the lustre it deserves with the proper care. Don't be afraid to wear out your present hairbrush. Chances are that the faster you wear out a hairbrush the more attractive your hair will be. However, if your hair lacks the lustre it should have, it's time for hair conditioning and scalp treatment.

August vows are planned by Yvonne Louise Perrault, daughter of the Rene Brunay Perraults of Westmont, Que., and Jasper Braley Reid Jr., son of Mrs. Jasper Braley Reid of Bloomfield Village and the late Mr. Reid.

YVONNE L. PERRAULT

Announce Engagement

BIRMINGHAM—At a cocktail party Saturday at Montreal's swank Forest and Stream Club, Mr. and Mrs. Rene Brunay Perrault of Westmont, Que., announced the engagement of their daughter Yvonne Louise to Jasper Braley Reid Jr., son of Mrs. Jasper B. Reid and the late Mr. Reid of Glenary road, Bloomfield Village.

The bride-elect was graduated from the Netherwood School in the province of New Brunswick and attended Mount Allison and McGill universities in Montreal. Her fiancé was graduated from Cranbrook School, Bloomfield Hills, and from the University of Michigan where he is now studying for his doctorate. They will be married Aug. 20.

Mothersingers of Past Reunite

Pontiac Mothersingers who were active during the years 1937 to 1949 were guests of Mrs. John Koch of North Saginaw street Friday evening.

Mrs. Milton Reddeman was chosen chairman for next year's reunion of all former and present members. Mrs. Sidney Fellows will be secretary.

Among the 30 members present was the first director, Mrs. Lydia B. Tabor. Mrs. Charles Chapman was chairman for 1960-61.

Others came from Detroit, Farmington, Clarkston, Oxford Lake, Rochester, Holly, Drayton Plains, Lake Orion, Ohio and California.

The condition of your hair—dryness, oiliness can vary from year to year, sometimes from month to month, according to a reference service.

MIRACLES IN PLASTIC...

now you can enjoy a new freedom from glasses;

CONTACT LENSES

are now being worn by millions of Americans at work and play

The miracle of contact lenses is the answer for people who dislike wearing glasses. If you would like to enjoy a becoming natural appearance, free from cumbersome glasses, and the many other advantages of water-thin, minute-sized contact lenses offer, then inquire at Nu-Vision Optical Studios.

- Contact lenses are totally invisible
- Contact lenses can be fitted for the majority of prescriptions if desired
- Contact lenses are minute plastic discs
- Broader, unobscured activities are possible
- Contact lenses give a wider field of vision
- Recommended in many cases where thick glasses are required

Dinner-Reception at Inn Follows Wedding

A dinner-reception at Rotunda Inn, Pine Lake, followed Saturday afternoon nuptials of Janet Kathryn Corbin and Horace Alan Divine of Lansing in First Presbyterian Church, Birmingham.

Blue delphiniums and white gladioli decked the altar where the Rev. W. Glen Harris read the ceremony in the presence of the immediate families.

Parents of the couple are the Thomas Rudolph Corbin of Andersonville road, Waterford, and the Horace McClellan Divines of Poughkeepsie, N.Y.

A short cloud veil of silk illusion, held by a crown of lilies-of-the-valley, complemented the bouffant bridal gown of white silk organza. Chantilly lace fashioned the molded bodice, cap sleeves and skirt panels.

The bride carried a nosegay of white roses, carnation and lilies-of-the-valley.

Honor maid, Gabrielle Willard of Ypsilanti wore ballerina-length blue organza over tulle and short matching veil. Her nosegay included blue carnations and white roses.

Dean Corbin, the bride's brother, performed the duties of best man.

The couple graduated from Michigan State University where the bride is affiliated with Alpha Xi Iota, national honorary radio-TV society. Her husband's fraternity is Alpha Sigma Phi.

MRS. HORACE A. DIVINE

The honeymoon motor trip through the Western States will take the newlyweds to their home in Los Angeles, Calif.

Pinned to Mrs. Corbin's em-broidered beige silk sheath dress worn with hat of beige silk flowers, was a corsage of pink roses and carnations.

Mrs. Divine appeared in peacock silk chiffon with matching hat and champagne accessories. Her flowers were white roses and carnations.

Rebekah Lodge Holds Election

Thirty-eight members of Welcoming Rebekah Lodge No. 246 were present for the election meeting at Malta Temple on Perkins street Thursday evening.

Elected were Mrs. Richard Rohrer, Lodge deputy, Mrs. Woodrow Sutton, one-year representative; Mrs. Rohrer, two-year representative; Mrs. Ferman Huston, two-year alternate; and Mrs. Lester Bell, one-year alternate to the Rebekah Assembly in October.

Memorial services will be held at the Odd Fellows Home in Jackson June 26. On June 23 visitation of District No. 6 will be with the local lodge members.

DOWNTOWN AND DRAYTON PLAINS

Test Blast Set 24 Miles Aloft

Big Balloon Will Carry Dynamite Up in Spring for Defense Explosion

WASHINGTON (AP)—Five hundred pounds of dynamite carried aloft by a huge balloon will be exploded next spring high above southern New Mexico.

The Defense Department will touch off the blast by radio to study the effects of chemical explosions at high altitudes.

1771 Tobacco Shop Restored and Dedicated

WINSTON-SALEM, N. C. (P)—The latest addition to the Old Salem Restoration is a pre-Revolutionary War tobacco shop.

The shop was founded in 1771 by Johann Matthew Milsch, a German immigrant. The recent dedication of the 187-year-old building, fore-runner of today's 1 1/2 million tobacco shops in the United States, was another step in the program to restore the early Moravian village of Old Salem.

The restoration is being undertaken by Old Salem, Inc., a non-profit educational organization established by local citizens in 1950. Chief speaker at the tobacco shop dedication was James P. Richards, president of the Tobacco Institute, Inc.

Harvard was planned in 1636 and founded three years later in 1639, establishing its claim as the oldest university in the United States.

Lights Go On Again but Not All Over Broadway

NEW YORK (AP)—Stage theaters slumbering since the start of the Broadway blackout June 2 spring to life tonight in gala mas reopenings.

Twenty-two shows closed as a result of a contract dispute between actors and producers. The lights will go on again for only 12, however. "Dad of Angels," "Andersonville Trial," and "Pinocchio's Rainbow" closed for good.

Actors Equity and the League of New York Theaters reached agreement Thursday on a pension for actors and higher minimum salaries.

Industry, Education Teamwork Asked

BIG RAPIDS (AP)—A plea for teamwork between industry and education in fighting international misunderstanding was made yesterday by Robert S. Jordan, retired president of Ujophon International Operations, Inc.

Jordan, in a commencement speech at Ferris Institute, said teamwork in sending more college students abroad is essential to be important in combating today's "continuing competition in destruction."

"Give this project a little time to gather momentum," Jordan said, "and its potential as a creator of international good will almost staggers one's imagination."

Jordan was one of five persons presented honorary degrees by Ferris.

The others were Byron J. Murphy, Ferris President Emeritus; Ralph C. Mark, General Motors Corp. controller; Dr. Harry R. Meyring of Mankato (Minn.) State College; and Stephen S. Nickel, retired vice president of Gerber Products Corp. of Fremont.

Missouri has produced 365 million tons of coal since 1880 which represents only about 1 per cent of the state's total known reserves.

Nanette to Wed Within 6 Weeks

Mother Mrs. Vanderbilt Puts 'OK' on Marriage to American Soldier

BITBURG, Germany (AP)—pretty daughter Nanette Wallace, is going to marry the American soldier she eloped to Germany with.

Mrs. Vanderbilt said she had given 19-year-old Nanette permission to wed handsome Wiley M. Lockamy, 23, of Clinton, N.C., but because of Army formalities that must be met, the wedding must not take place for six weeks.

"The wedding will most likely take place in Bitburg, I expect," said Mrs. Vanderbilt.

Nanette left her mother in Cannes, on the French Riviera, two weeks ago and came with Lockamy to Bitburg, where he is stationed. Mrs. Vanderbilt followed them here and finally gave her consent to the marriage. She and her daughter are staying in Luxembourg now.

Mrs. Vanderbilt is the divorced fifth wife of Cornelius Vanderbilt Jr. Nanette is her daughter by a previous marriage.

Jeep Station Wagon Joins Compact Field

TOLEDO, Ohio (U)—Willys Motors entered the low priced station wagon field yesterday with a six-passenger model for family use.

With a dealer suggested price of \$1,995 plus transportation, state and local taxes, the wagon will under sell the two-door Rambler American — currently the least expensive station wagon — by \$25.

The two-door Jeep wagon is just under 15 feet long with a 104 1/2 inch wheelbase. It has conventional rear wheel drive, instead of the four-wheel drive found on many Jeep models, and a four cylinder engine. A six cylinder engine is optional, as is overdrive.

Paced by Sub McCovey's Grand Slam as Pirates Split

Giants Tighten NL Race

By The Associated Press — The first grand slammer of the brief major league career. However, it was his 11th home run of the year. His runs batted in total is 38, not bad for a bench warmer.

Naturally, the Giants went on to win after this fine effort and cisco clanging to a shaky 7-6 victory over Milwaukee.

McCovey slammed a Carl Wil-

burgh Pirates, who divided two for the first grand slammer of the brief major league career. However, it was his 11th home run of the year. His runs batted in total is 38, not bad for a bench warmer.

Naturally, the Giants went on to win after this fine effort and cisco clanging to a shaky 7-6 victory over Milwaukee.

McCovey slammed a Carl Wil-

INFELDERS CRASH — Daryl Spencer and Julian Javier of the Cardinals crash after forcing Roberto Clemente of Pittsburgh at second base in the first game of the doubleheader yesterday. The two went to cover on a throw from pitcher Curt Simmons. Javier held the ball long enough to force Clemente but later dropped it when Spencer jarred him.

Don Demeter's home run off Jay Hook eased the way for Williams at Los Angeles. The only Cincinnati 3-1. Always known as a wild man, Williams walked base and, struck out eight. Rich Ashburn's 10th inning single enabled the Chicago Cubs to shade the last-place Philadelphia Phillies 8-1 in an uphill fight.

The Giants' game was a win affair with a total of 31 hits. They set a National League record and tied the major league mark by playing a nine inning game in 3 hours, 53 minutes. That topped the old National mark by two minutes.

Bob Schmidt had a perfect day

Grosse Pointe Horse Show Set

49th Annual Program Starts Thursday; 450 Entered.

GROSSE POINTE (AP) — The Grosse Pointe Hunt Club Horse Show, second oldest in the United States, holds its 49th annual competition June 16-18.

It will attract some 450 entries in three classes, representing the finest horse display East of the Mississippi.

Hunters, jumpers and fine harness horses will compete for prize money and prestige under the sanction of the American Horse Shows Assn.

The Emerald Farm of Delaware, Ohio, is shipping 10 horses and the Dodge Stables Division of Castle Farms, Lexington, Ky., is sending seven.

Mr. and Mrs. D. R. Motch of Keswick, Va., are sending six horses. The Motch stable is the only one bringing in horses to compete in all divisions. Leading the champion jumper in the recent competition at Devon, Pa., John S. Pettibone of Middleburg, Va., will bring back the defending conformation hunter, The Duke of Paeonian, and the Firestone Stable of Bath, Ohio, also will compete.

Brothers Have Opposite Days at Watkins Lake

The Watkins Lake Yachting Association had a mixed situation for snipes and skippers Sunday.

Fred Brede took first place in the snipe class operating Glenn Frier's Jo-Dee with Mrs. Frier as crew while less fortunate brother, Bruce, joined the Hell Divers Club in R-Buoy owned by Chuck Morris. Dave Green was 2nd and Ray Frenkle 3rd.

In the thistle race, Harmon Gillan again edged Karl Kreitz with Norm Ledman No. 3. Jack Berlein defeated Gus Eldred in a two-boat lightning event.

Gizmo Again Wins PYC Race Sunday

Expertly utilizing 10-15 mile an hour winds, Claude Bennett piloted his Gizmo Lightning to victory in the morning race of the Pontiac Yacht Club yesterday at Cass Lake. His crew members were Ken Willett and Paul Goode in the twice-around course. It was the second straight win for Gizmo.

A close race resulted for second place as Buccaneer, skippered by Chuck Buck and crewmen Bob Jackson and Clem Cleveland, nosed out Clarence Holman's boat. Burt Bouwkamp fouled out when his "Can Do" hit a marker while pulling in the spinmarker during the race.

OCEANPORT, N. J. — Trainer Bernard P. Bond topped the field with 20 winners at the 1960 thoroughbred race meetings at Monmouth Park.

New premium-ingredient, regular-priced gas gives...

UP TO 13% EXTRA POWER

AFTER TWO OR MORE TANKFULS!

REGULAR PRICE New Sunoco Blend 200X

XTRA POWER!
UP TO 13% AFTER TWO OR MORE TANKFULS!

XTRA MILEAGE!
AS MUCH AS 10% MORE MILES PER TANKFUL IN MANY CARS!

XTRA ENGINE PROTECTION!
GUARDS VITAL ENGINE PARTS... REDUCES UPKEEP COSTS!

Blend 200X is the basic fuel in Sunoco's 6-fuel, 6-price Custom-Blending System — the system that delivers "Fuelpower to fit your car's horsepower!" The five higher octane fuels in the system are top-quality premium and therefore already contain premium ingredients. But since they are also the result of precise automatic blending-in Sunoco's "miracle pump" — of 200X and Sunoco Octane Concentrate, they all share in a big performance boost!

Exclusive 3-way engine conditioner in new regular-priced 200X greatly improves power, mileage and economy in test cars.
Proof is in the facts! New regular-priced Sunoco 200X increases horsepower up to 13% in test cars formerly using other regular-priced gasolines. 200X is establishing outstanding mileage and engine life records as well! That's because new 200X contains premium ingredients — a special new multi-additive engine conditioner that protects the carburetor, keeps valves and cylinders free of power-robbing deposits, prevents spark plug fouling! And results improve with each tankful, become noticeable after just the second tankful! Prove it to yourself. Start with your first tankful of Sunoco's new Blend 200X today!

Fuelpower to fit your car's horsepower!

The Baltimore Colts of the National Football League intercepted 41 passes during the 1959 season.

Gohs' 69 Wins Publix Tournay at Bob-O-Link

Lee Gohs was right at home Sunday as he fired a one-under-par 69 at Bob-O-Link to win the Michigan Publix Golf Association's 22nd handicap tournament of the season.

Gohs' 36-hole score was one stroke better than Jay Law, the veteran public links golfer from Harper Woods. Law took 72nd place.

Bob Skowronski, Bert Kageff and Joe Baskley shared 31st spot with 71s.

Fight Receipts May Hit \$3,500,000

NEW YORK (UPI)—When Ingemar Johansson and Floyd Patterson step into the ring at the Polo Grounds a week from tonight, total receipts at the gate and for theater television are expected to approximate \$3,500,000 — making it the richest prize fight in history.

Promoter Jack Fugazy said today the cash advance sale for tickets at the Polo Grounds had passed the \$500,000 mark and indicated a live gate of at least \$800,000. That would mean a crowd of about 30,000.

Irving B. Kahn, president of Teleprompter Corporation, said reports of sales for closed-circuit TV tickets at 200 locations in 115 cities in the United States and Canada were "fabulous."

Mazur's Two-Hit Shutout Leading Softball Feature

A dazzling two-hit shutout by Jake Mazur of Elks No. 810 stole the show Sunday night in a six-game City League softball program at Beauclerk and Northside parks.

Mazur struck out 17 batters, walked only one and yielded singles in the 3rd and 5th innings to highlight the Elks' 5-0 triumph over the Pontiac Police.

The Road Builders trounced Rogers Electric, 10-5; CIO Local 584 defeated Smith Slo, 4-2; "C" Battery clubbed 11 hits while outwitting the Northland Rockets, 12-5; Maurice Stack clubbed a three-run homer to feature Stadium Inn's 4-1 conquest of Sno-Bol, and Nichols home run paced a 10-hit attack as the Pontiac Retailers whipped the 300 Lounge, 9-5.

Ball (center) was runnerup and Kenneth Waters (left) was third among the 25 entries. The derby was held on the half-mile downhill course at Waterford Hills.

Higgins Back, Faces Two-Way Challenge

BOSTON (AP)—Patent Mike Higgins has accepted a two-way challenge in returning to manage the Boston Red Sox.

The heavy-set Texan who was replaced "with regret" last July 4 agreed to come back as field manager Sunday from his Dallas home during a phone conversation with owner Tom Yawkey.

Higgins said he was "mighty happy" and added "if I can help I will be tickled to death to do it. I had been on the field for 30 years and this book work is a little different. I am glad to get back actively with the game."

Higgins, scheduled to join the Red Sox in Detroit tonight, had been retained by the Sox as a "special assistant" operating out of the Southwest, climaxed a series of developments in the Boston front office.

Higgins' successor, Billy Jurges, was given several votes of confidence by General Manager Bucky Harris and Yawkey, the first of which came at the end of a 10-game losing streak. Two more followed, highlighted by the rare appearance of Yawkey in the Fenway Park press box to underscore his mimeographed statement and chastise the press for second-guessing him.

On the afternoon of June 8, the Sox announced Jurges had been given a temporary leave after a doctor's examination. Jurges was under too much pressure and would be relieved of command for an indefinite period with Coach Del Baker becoming interim manager, the statement said.

Two days later Jurges was given his unconditional release. Harris said the Sox would take their time finding the right man.

The "right man" proved to be Higgins, who has the confidence of many of his players and a thorough knowledge of the personnel and farm system.

Training for this return bout, the two principals seem to have swapped styles. Johansson, normally a long-range specialist, is barging into his opponents at close quarters with a flat-footed attack.

Although Johansson floored Patterson seven times in the third round for a technical knockout in winning the crown last June 26, the fight betting today indicates strong doubt that the doped Swede can repeat. Ingemar is favored at only 6-5. Last June Patterson went into the ring favored at 5-1.

Littler Has Eye on Open

OKLAHOMA CITY (AP)—Gene Littler headed for the Nationals Open Tournament today full of confidence after his sensational victory in the \$30,000 Oklahoma City Open Sunday.

The Californian shot the 6,440-yard Twin Hills Country Club course in a final round of 68. It gave him a 72-hole total of 273 and a pay check of \$4,300.

But Littler's victory was hard earned. He had to birdie the final three holes for the triumph, his first since the Milwaukee Open in August 1959. He ran down a 20-foot putt on the 18th hole to sink Art Wall Jr., who finished second at 74.

Littler had a two-stroke lead over Wall going into the final round. Both got on the green in good shape and Wall left himself 2 feet from the hole after his first putt. He ran it down and then watched Littler smooth stroke his final shot to the cup — a right breaker that dropped perfectly after taking a 6-inch turn.

Littler said he felt a more active schedule on the pro tour in recent weeks aided him in the tournament here. He has won

more than \$13,300 in five tournaments and was fairly optimistic about his chances at Denver's Cherry Hills.

"I don't know how I will do, but I feel that I have my game under control," Littler said.

Arnold Palmer, the defending champion was in the running all the way, but finished third at 276 after a final round 67 and a third round 73 which killed his chances.

Palmer will be one of the favorites at the National Open after five tournament victories this year, including the Master championship and a money-winning record of \$52,203.

Business and Finance

Selling Hits Grain Future; Prices Off

CHICAGO (U-P) — Fairly general selling on nearby grain futures prices downward today in early transactions on the Board of Trade.

Most setbacks were in small fractions, ranging to about a half cent in wheat, rye and soybeans. The weakness again was ascribed to liquidation of long positions although it included some selling, which traders said had the earmarks of hedging.

Export business over the weekend was limited to a small amount of soybeans to the United Kingdom.

Grain Prices

CHICAGO GRAIN (U-P) — Opening

Wheat—1.45 1/2 Dec. 1.45 1/2
Rye—1.25 1/2 Dec. 1.25 1/2
Soybeans—1.15 1/2 Dec. 1.15 1/2
Corn—1.10 1/2 Dec. 1.10 1/2
Oats—1.05 1/2 Dec. 1.05 1/2

Fire at Fowler Guts 3 Business Buildings

FWOLVER (U-P) — Fire burned out the interior of three business buildings and for a time threatened the entire downtown business district here last night.

No one was injured.

Many of the 800 residents visiting the scene and helped carry furniture and appliances from the stores. A witness said "the whole main street is filled with refrigerators, couches, chairs and televisions."

Damage was estimated at \$25,000. Cause of the blaze was not immediately determined.

Burned were the interiors of the Huggett Hardware, which occupied two adjoining two-story buildings, and the 2 1/2-story Becker furniture store.

Old Swede's Church, built in 1868 in Wilmington, Del., is reported to have been destroyed by fire.

Space Stocks Flying Higher

NEW YORK (U-P) — The stock market was generally higher in moderate trading early this afternoon, apparently taking a bit of a breather after last week's big advance.

The small margin of gainers over losers increased slightly as trading continued, but changes were minor for the most part.

Big jumps by a few of the space age issues brought this group back into the limelight. The trend in most groups was irregular, stocks, metals, aircraft, old line electronic firms, chemicals, mail orders and tobacco were in the category.

Most utilities, metals and rails moved fractionally higher. Building materials and drugs also were steady. Rubber stocks declined and most oil slipped fractions.

Prominent among the space age group were Translunar, up more than 3 1/2 Texas Instruments, ahead around 6 and Varian, which extended an early advance to more than 2 1/2. Raytheon was off about 1 1/2, while Radio Corp. and Sperry Rand edged ahead.

Ford held a gain of about a point in the motor section, while United Aircraft was up nearly a point as the company declared a 10-cent dividend.

Allied Chemical was up about 2, holding its early edge, while DuPont added to its first advance to go above more than 3. Eastman Kodak was fractionally lower. Woolworth eased fractionally and Liggett & Myers was down better than a point.

Texaco added a fraction, but Standard Oil (New Jersey) eased and Royal Dutch lost a bit. U.S. Rubber was down more than a point and Goodrich nearly a point.

Accused of Disturbing the Peace

Break Up Beatnik Picnic

Dodge State Park No. 4 went into action for a short time Saturday before sheriff's deputies arrived on the scene and broke up a "beatnik" outing.

Deputies held nine "beatniks" on a charge of creating a disturbance after they demonstrated what they called a "smoke dance."

The nine persons held were the owners and operators, the caterers and the cook at the Cave of the Mithra Club in Pontiac, officials said.

The coffeehouse crowd was released by their attorney later Saturday by order of Prosecutor George F. Taylor, who said he would take the case under advisement to see if there are grounds supporting the charge.

Taylor said he planned to meet Wednesday with their attorney, sheriff's deputies and John Weiler, park manager.

Weiler said there were "five or six beatniks playing bongo drums at a 'smoke dance'."

At least 20 persons were attracted to the demonstration which lasted about 45 minutes, the park manager said. The girl was wearing a bathing suit.

Weiler said he had had a little trouble with the same people a week earlier when someone reported to him "there is a bearded man wearing a leopard skin suit sitting up in a tree reading a book."

Weiler said the bearded Tarsan climbed down when told to.

Those held Saturday were identified as:

SAN DIEGO, Calif. (U-P) — That pesky Navy research balloon was further away than ever today.

The huge bag of helium, launched at Brunswick, Ga., eight days ago, drifted about 100 miles further westward during the night.

Its present position was estimated by a tracking error of about 700 miles due west of San Diego, at an elevation of about 50,000 feet.

If it would descend to under 10,000 feet, the Weather Bureau said the prevailing westerly winds would bring it back to shore.

It was supposed to have come down last week in Texas with its instrument records of cosmic rays.

It passed out over the ocean 20 miles south of here Thursday.

Pontiac Fifth in Registrations

Four-Month Figures Show 2,168,260 U. S. Car Sales Listed

The Pontiac car is fifth highest in new car registrations so far this year and was fifth highest in the month of April, according to figures reported today in Automotive News.

There were 2,168,260 registrations of domestic cars during the first four months of the year, compared with 1,918,419 during the same period a year ago, the trade publication said.

Ahead of Pontiac for this year were Chevrolet (including Corvair and Corvair), Ford (including the Falcon and Thunderbird), Plymouth (including Valiant and Rambler).

After Pontiac came Oldsmobile, Dodge, Buick, Mercury, Cadillac, Studebaker, Chrysler, Comet, DeSoto, Lincoln and Mercury.

There were 48,283 imported cars sold in the United States in April, compared with 48,283 in April, 1959. This was the first time this year that foreign sales had dropped below last year.

Area Woman Hurt in Dixie Collision

Mrs. Kenneth J. Jackson, 35, of 4189 Solvay St., Drayton Plms., is in Pontiac General Hospital today in fair condition with possible head injuries after a car crashed into her car while she was stopped at the intersection of Dixie Highway and Farmer street, at 5 a.m. today, according to Waterford Township police.

She was unable to make a statement, police said. Driver of the other car, William Kutogutis, 35, of 3851 Sashabaw Rd., refused to make a statement, officers said.

BIRTHDAY RIDE—Queen Elizabeth II rides side-saddle past a palace guard on her way to the annual trotting of the color in celebration of her official birthday. Her real birthday is April 21 but it is celebrated in June because there is supposed to be less chance the affair will be rained out.

Julie Newmar Hopes to Melt Englishman

By EARL WILSON

NEW YORK — Julie Newmar's beat Broadway's "long intermission" by flying to Hollywood to play love scenes for 10 weeks in the movie, "Marriage-Go-Round," opposite James Mason. (Instead of Charles Boyer, star of the stage show, "I prefer love scene with Englishman," Julie informed us. "The English are so cool... there's more reserve you have to get through... more ice you have to break... I love to break the ice," she added, warmly.

Hugh Downs'll be a Look cover boy... Lucille Ball named Martin Goodman her NY representative... Ohio-born singer Danny Scholl's daffy about Princess Tumanoff and vice versa... Robert Wagner sticks around the set admiring his wife Natalie Wood.

"DON'T PRINT THAT!" The Saturday Evening Post probably doesn't know it — but a future cover picture of a "housewife" practicing golf shots in the kitchen was posed by actress Jeri Archer.

Eddie Fisher and Susan Oliver were shooting a scene for "Butterfield 8" at the Gold Medal Studios and Director Danny Mann decided to close the set to visitors. "If my wife shows up, don't even let her in," Mann commanded. Eddie Fisher barked, "And if my wife shows up, don't let her in, either!" Actually, his Taylor, suffering an upset stomach, didn't report. Eddie's rushes indicate he might prove an exciting film actor.

THE MIDNIGHT EARL... Judy Holiday's going to Atlantic City July 4 (cause boy friend Gerry Mulligan's working a jazz concert there)... Desi Arnaz is reported around with the ex-Mrs. Stanley Doden.

Arlene Francis will do "Amphitruon 38" in summer stock, directed by husband Martin Gabel... Lawrence Harvey's tabernacle was Mrs. Joan Cohen Kar... Jimmie Rodgers got a fat 250 advance to put his name on toy guitars... Castro bought dozen plush limousines here—with money deposited in U.S. banks before shipment... Zero Mostel will spend the summer recuperating from his leg injury before starting the rehearsals... Efram Zimbalist is driving a '56 Packard, but explains: "It's because of sentiment, not salary."

Singer Conway Twitty's real name is Harold Lloyd Jenkins, named for the former comedy actor.

EARL'S PEARLS: Yes, it's a small world, all right—after you've made the long auto trip out to the airport.

TODAY'S BEST LAUGH: The most unfeeling character is the guy who'd marry Brigitte Bardot because it would cost so little to do that.

WISH I'D SAID THAT: Just when you start thinking that all women are so darn smart, you see one buying a dress that has to be buttoned up the back.

A local man describes himself as a two-shift yes-man—he says "Yes sir" and day and "Yes dear" all night... (Copyright, 1960)

Carnegie Hall Saved Estimate which Friday authorized up to five million dollars to buy New York (AP) — Carnegie the historic concert hall from private hands was saved from the fate it deserves that had planned wrecking ball by the Board of trustees.

TV News and Reviews

Sullivan Has Celebrities, but Where's Celebration?

By FRED DANZIG

NEW YORK (UPI) — The Ed Sullivan Show, marking its 12th year of television last night, was crammed with celebrities but devoid of celebration.

No cake. No party air. No festoonery, but lots of routinery.

The CBS-TV hour featured Victor Borge, Louis Prima and Keesee Smith, Jay "Dennis the Menace" North, Wayne and Shuster, heavyweight champ Ingemar Johansson (Floyd Patterson didn't show up), Comedians and a brief scene from the Broadway musical, "Bye, Bye Birdie," which started things off with sparkle and pertinacity by offering "An Ode to Ed Sullivan."

Nothing that followed the "Bye, Bye Birdie" segment tended to make the program a cohesive, party-like occasion.

MATERIAL SHUNS IT

As usual, Sullivan's introductions to each act contained some verbal flourishes that attempted to bring the act into sharp focus as a birthday show treat.

The performers, however, took no notice of the anniversary in their material.

This flair that Sullivan has, for pegging anything to the business at hand, even saw him pointing to his necktie and remarking that it was the sort of tie he wore 12 years ago.

How did he tie Jay North into the show? He pointed out that Jay wasn't even born when Sullivan first went on TV.

So smooth is Ed's technique that I'm sure he could read us the Gettysburg Address and find some reference to his show he was in.

While I was disappointed because this anniversary show had such a slap-dash presentation, I enjoyed a few things in it.

BORGE STILL FUNNY

The aforementioned "Birdie" bit, for one. Also Borge's revival of his phonetic punctuation, still a funny routine.

Wayne and Shuster's take-off on "What's My Line?" was far below their usual standards.

I enjoyed Keely Smith's singing, but I find Keely's old truce act during Louis Prima's anti-in-

pants act to be a waste of time and talent.

A surfeit of humor marred an otherwise interesting premise on last night's NBC-TV "Mystery Show."

Charlotte Armstrong's "Summer Hero" contained the makings of a gripping show as she flitted around the mind of an actor who felt his carefully developed reputation as a hero was about to be shattered by a scheming 17-year-old girl.

The actor constructed each comment by the girl to be a demand for better jobs with his summer stock theatrical troupe. This put him in a sweat.

He came mightily close to murdering the girl in order to escape from what he felt was her black-mail.

GENUINE INNOCENCE

Actually, the girls' innocence was genuine. She worshipped courage and felt the actor typified that quality.

Unfortunately, the script contained too much over-dramatic and cornball dialogue and a number of souped-up actions.

THE CHANNEL SWIM: Rex Harrison will costar with Tammy Grimes in the English comedy-mystery, "The Datchet Diamonds," returns in the fall. Richard Marsh's novel is being adapted by Walter Kerr. Gower Champion will direct the show.

"The Great Gold Mountain," a play about a pretty girl's impact on a small town in 1929, will star Polly Bergen, Ed Begley and Bart Brundage on CBS-TV, "Steel Hour" June 29.

School Asks Lovers Lane Be Rerouted

BRIGHTON, England (UPI) — A path running behind the exclusive Rodean Girls' School will be rerouted at the request of school authorities who wanted to spare the delicate sensibilities of their teenage charges.

Teachers at the school complained that the girls could watch courting couples on the path.

The school's motto is "Honor With Dignity."

THE SILVER SHIELD—Your Guarantee of Heating Comfort!

SILVER SHIELD
 Certified AIR CONDITIONING SYSTEM

Smart Home Buyers Demand Silver Shield Heating

To Silver Shield Story

... Your Indoor Comfort Bureau is made up of leading heating dealer-contractors in this community for your protection.

... As part of a nation-wide program, the Indoor Comfort Bureau is authorized by the National Warm Air Heating and Air Conditioning Association to award the SILVER SHIELD seal of heating or air conditioning comfort to systems that are built according to rigid standards designed to guarantee quality and performance.

... A written SILVER SHIELD contract and an inspection of your finished system by qualified, impartial representatives of leading dealer-contractors are provided to you as part of the SILVER SHIELD program.

... A heating system is built into your home. Its performance depends on the engineering, design, balance and construction of many components into a modern unit and SILVER SHIELD's guarantee protects your comfort.

... Your comfort for the next 20 years or more will depend on the heating system you install. Making the right decision about heating is THE MOST IMPORTANT DECISION you have to make when you build, buy or remodel. By specifying SILVER SHIELD, you can be positive that you have made the right choice... for performance, for modern comfort, for low fuel bills and for lasting satisfaction.

Chronic Illness Survey Going On at Ten Plants

Employees of 10 industries in South Oakland County are undergoing medical tests being offered by the County Health Department to detect chronic illness, County Health Director Dr. Frank J. Condon announced yesterday.

Purpose of the survey, he explained, is to demonstrate the effectiveness of multiple screening tests for finding unrecognized diseases.

"Information gained by the tests can be helpful to physicians in spotting chronic illnesses such as diabetes, heart disease, lung cancer, kidney disease, syphilis and tuberculosis. "Body conditions such as high or low blood pressure, anemia, underweight and obesity can also be checked. "Chronic disease is one of our most pressing health problems," pointed out Dr. Condon. "It is estimated that one million Americans die each year of such diseases, and that more than 25 million suffer them to some degree. The tests include chest x-rays, urinalysis; measuring blood pressure, height and weight, and taking blood specimens."

Williams to Ask Pardons Study

Pecho Case Brings to Light Need for Change in Procedure

LANSING (UP)—A shakeup in Michigan's pardon procedures appeared likely today in the wake of Gov. Williams' decision to pardon Walter A. Pecho of Lansing from a second degree murder conviction.

"This case reveals the need for a thorough study of the facilities and procedures available to the chief executive in cases of this kind," Williams said.

He reported he would ask the state bar and the four Michigan law schools to study the present arrangements with a view of recommending improvements. Williams said that his certainty that Pecho was innocent was the basis for his pardon of the former factory worker who had been in prison since 1954 after conviction of slaying his wife.

But the governor noted that the law requires the investigation of such cases be done by the Parole Board, which is not set up to determine innocence.

The board's primary function, he pointed out, is to determine the degree of reform which has taken place in a criminal prior to parole.

"We have in this type of case an agency concerned with reform being asked to report on guilt or innocence," Williams said.

"In effect, therefore, this is not an appropriate agency, as it is not constituted to advise the chief executive in matters of this kind. "Yet it is the only agency available," the governor added. "A formal study of the possibility of setting up a board for the sole purpose of handling cases of this kind is warranted."

Health Ruling Could Snarl June Weddings

LANSING (UPI)—June weddings might get snagged on red tape unless prospective brides and bridegrooms check carefully to see they have the proper health certificates, the Health Department said.

A revised medical certificate went into effect for marriage license seekers April 1, the department said. County clerks can't issue marriage licenses unless required blood tests were performed by an accredited laboratory, and the forms made out properly.

The department said some doctors were still using the old types of certificate.

77 Star's Next Case: The Separation Caper

LOS ANGELES (U)—Actor Elmer Zimbalist Jr.'s wife has sued for separate maintenance.

Stephanie Zimbalist, 27, said in her suit Friday the handsome actor left her last April 27. She asked for community property and a reasonable allowance for herself and the couple's 3-year-old daughter.

Zimbalist, 36, stars on TV's "77 Sunset Strip."

But . . . Muscles as Well as Eggheads

High School in Texas Very Highbrow

DALLAS, Tex. (AP)—It isn't all coincidence that the top men at both West Point and Annapolis this year are products of the same high school. The school possesses a reputation for developing brilliant students.

Charles P. Ostott was graduated from West Point as top man scholastically and militarily.

At Annapolis, Alton K. Thompson was graduated with the same honors.

Both are products of Highland Park High School, a part of the school system of Highland Park and University Park, incorporated cities surrounded by Dallas proper. The ratio of graduating seniors to National Merit scholars is 1,666 to one. At Highland Park High, it is 183 to one.

They Want to Put Us Into Space

By CYNTHIA LOWRY

NEW YORK (U)—A company that makes kitchen equipment is now experimenting with a refrigerator for "dining in space" according to a company release. Obviously, this is a sneaky step toward recruiting women guinea pigs into space colonies or whatever it is that space passengers will ride into the moon. It is known as the gracious living gambit.

The scientists' line has been aware that women are infinitely better adapted to space than men. We handle monotony better, probably through practice. We also have better cushioning in strategic places. In fact, we have

NO, ONLY COOKING
No, when the ladies' pioneering go, it's to rustle up some vittles for the men folk and keep them out of trouble.

Everybody knows that the human male can go on indefinitely, when left on his own, opening, heating and eating out of cans. One would not be so suspicious

everything except the impulse to if the kitchen equipment company were making refrigerators for "eating" in space. It's that "dining" that blows the plot.

Dining is different from eating. Dining means a-lace tablecloth, lighted candles and fancy food—preferably a casserole dish for which women guests will ask the recipe.

Actually, they probably would get an oversubscription of female volunteers if they also would develop a space dishwashing machine, peek-height wall oven, in matching pastel shades — and if they would line up responsible baby sitters to take care of things back on earth for the duration of the trip.

From 1957 through 1959, the red brick school graduated 1,662. Only 46 did not go on to college.

At Southern Methodist University this year, one-fourth of the initiates into Phi Beta Kappa, the national scholastic honor fraternity, were Highland Park grads.

That's an impressive record. But is it an egghead school without muscles? Hardly.

The school system starts kids playing football, baseball and basketball about the third grade. Highland Park is a consistent power in state schoolboy sports. Two prime examples of the system are Bobby Lane of the Pittsburgh Steelers pro football team and Doak Walker, late of the Detroit Lions.

Hare Files Petitions With 30,000 Names

LANSING (UPI)—Secretary of State James M. Hare, seeking the Democratic gubernatorial nomination, Friday filed 30,163 names on petitions for the Aug. 2 primary.

Hare asked his supporters to concentrate on getting enough signatures to put the constitutional convention proposal on the November ballot.

Hare's petitions, bearing more than two-and-a-half times the required number of signatures, came from all of Michigan's 83 counties.

He asked the 1,000 persons circulating his petitions "to help get the signatures needed to put us on our way to a modern state constitution."

Farm Workers Run 5 Pct. Under 1959

WASHINGTON (UPI)—The Agriculture Department reports about 7,725,000 persons were at work on farms in late May—about 5 per cent less than a year earlier. Family workers totaled 5,758,000 and hired hands 1,967,000. The hired worker total was about 4 per cent smaller than a year ago. The department said the continued slowness of the 1960 crop season in many areas delayed the May upwelling of farm labor and appears to have deepened the decline in number of workers required compared with the very active survey period in May 1959.

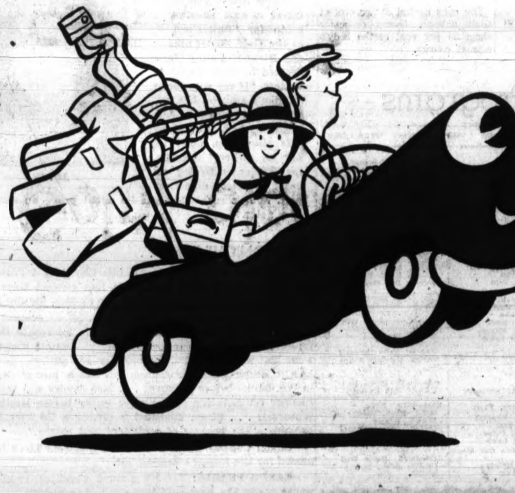

Sorry for Sneezers

LANSING (U)—Gov. Williams has lent moral support to hay fever sufferers, proclaiming the month of June as Ragweed Control Month in Michigan.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In one hemorrhoid case after another "very striking improvement" was reported and verified by doctors' observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or strappings of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in support of or elimination of hemorrhoids. This new form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Going places this weekend?
discover why
cars love SHELL

Discover how far you can go on a gallon
—how smooth your car can run

Service is my business
When you're planning a trip, be sure your car is in good shape. I'm fully trained and equipped to do a thorough job of servicing any make of car. Let me get you off to a safe start.
Your Shell Dealer

Engine running rough lately? Then this weekend would be an excellent time to try a Shell gasoline with TCP*.

We think you'll sense a difference in your engine's smoothness because TCP additive neutralizes harmful combustion deposits that make engines run rough. And you can expect good mileage, too, as the natural result of a smooth-running engine. Your Shell Dealer is the man to see.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U. S. Patent 2869212.

President Wins Toward Philippines

Hold 3 in Rochester Youth's Killing

Beaten to Death in Flint

A Rochester area youth was beaten and kicked to death in a vicious attack on Flint's tough South Side Saturday night, two days after his high school graduation.

The victim, Dennis R. West, 17, died of a brain hemorrhage on the way to Flint's Hurley Hospital.

Flint police said they would ask the Genesee County prosecutor's office today for warrants against three men, two of whom admitted hitting West, they said.

A popular 6-foot-4, 165-pound youth who played basketball for his church and for the Pontiac Hi-Y team, West was the son of Mr. and Mrs. Ross C. West, 140 Montmorency Rd., Avon Township.

GRADUATED THURSDAY

The father is general administrator of the salaried payroll at the General Motors Corp. Technical Center.

The victim was graduated Thursday night from Rochester High School.

With him Saturday night were three 17-year-old friends, all juniors at the high school.

They are Joseph Szilagyi, 346 Maywood St., Rochester; Harry Warholak, 55 Stark St., Avon Twp.; and Roger Schell, 401 E. Buell Rd., Oakland Township.

The three told homicide Sgt. George Edwards that they became lost while driving through Flint and stopped at a restaurant to ask directions to the downtown area.

They said they waited in the car while the West boy went into the restaurant. The House of Tacos, a small place specializing in Mexican food.

3 FOLLOW HIM OUT

Edwards said three Negroes followed West out of the restaurant and attacked him on the sidewalk.

A woman patron of the restaurant said the attack occurred on a street that saw sparks flying from West's cigarette the moment he stepped out of the door.

Police, summoned by the restaurant manager, arrived to find West sprawled on the sidewalk, but still breathing.

Haggard Will Attend UF Meet

Fred V. Haggard, vice president of the Pontiac Area United Fund, will be among 400 people attending the 12th annual meeting of the Michigan United Fund tomorrow at the Michigan State University Kellogg Center in East Lansing.

The Michigan UF is an organization whose function is raising money toward the support of 33 state and national health and welfare agencies, through participation in annual United Fund and community chest campaigns throughout the state.

United Fund and community chest representatives from all areas of Michigan will pay tribute to the agencies and hold their annual election of Michigan United Fund officers and Board members.

The principal speaker at the meeting will be Michigan Supreme Court Justice George C. Edwards, a member of the board of both the Child Welfare League of America and the Lansing Child Guidance Clinic.

His subject will be: "To Open the Door of Hope."

Million-Dollar Storm Ravages Sarnia Area

SARNIA, Ont., (UPI)—A vicious thunderstorm packing 100-mile-an-hour winds knifed through a 30-mile strip of southwestern Ontario Saturday, causing more than \$1,000,000 damage.

At Sarajia Airport, the mile-long runway was hit by a vicious aircraft about like toys, destroying three, damaging one and leaving a newly constructed hangar. Damage was estimated at \$100,000.

DENNIS R. WEST

Rain Possible Tonight; Should Clear Tuesday

Possible rain tonight and fair and warm temperatures for tomorrow are forecast for the Pontiac area.

The low tonight was expected to be about 57, with a high of 75 expected tomorrow.

Tuesday will be mostly fair and a little warmer, the weatherman says.

The precipitation from 10 a.m. Saturday to 10 a.m. today was three-tenths of an inch, with the wind easterly at five m.p.h.

The lowest recording in downtown Pontiac preceding 8 a.m. was 55 degrees. The temperature at 2 p.m. was 67.

Take Fast Tour

SEE ALASKA—Lt. Col. John Eisenhower and his wife Mamie today during the President's first stop on his trip to the Far East. He can be seen coming out of a fur shop in the background. They spent half an hour browsing through the store filled with native animal skins.

Voters Brave Rain to Elect School Officials

Pontiac Fills One Post and Waterford Decides on Four Operings

Voters were braving the rain in Pontiac and Waterford Township early today to cast their ballots for Board of Education candidates.

Registered voters in the Pontiac School District are choosing between Glenn H. Griffin and Willie S. Downes for the only expiring seat on the Board. The term will be for four years.

In Waterford Township, four openings on the Board have attracted a field of 17 candidates.

Polls will be open until 8 p.m.

Griffin, 106 Gernaw Rd., is currently president of the Pontiac Board. He has been a member of the school system's governing body 11 years.

Downes, a Pontiac Township industrialist, has studied school problems a number of years. He lives at 1801 Opdyke Rd.

Two new Waterford Board seats for four-year terms were created by recent legislation. Two three-year terms on the Board also are expected.

Waterford candidates are: Donald W. Fraser, 5700 Hatchery Rd., an insurance agent. (Fraser's name was omitted from Saturday's list of candidates through a mistake.)

Welton A. Crebassa, 3325 Whitfield Dr., a tool and die maker. Vernon G. Goodger, 2359 Kohler St., a field engineer for the Grand Trunk Railroad.

Raymond L. Cole, 3674 Lincolnshire Dr., manager of a retail chain store.

Charles W. Mejick, 3663 Baybrook Dr., a project engineer at Pontiac Motor Division.

Mrs. M. Virginia Ross, 6101 Adamson Rd., former substitute teacher and PTA president.

Duane M. Lemaux, 488 Shoreview Dr., a general supervisor at Pontiac Motor Division.

John D. Boardman, 4113 Forest Dr., Watkins Lake, a sales representative of the American Forging & Socket Co.

Leonard W. Coats, 3141 Sasabaw Rd., a funeral home director.

John W. Osborn, 2573 Kohler Ave., an experimental inspector at GMC Truck and Coach Division.

Lester K. Carlson (incumbent), 4133 Grayson St., a Detroit Edison Co. employee.

George H. Bellairs, 3715 Aquarina Dr., an electronics engineer for the Bell Telephone Co.

Dennis D. Donnelly, 3706 Mariner Dr., a schoolteacher.

Mrs. Walter Barningham, 2856 W. Huron St., a former teacher and PTA president.

Robert E. Field, 117 S. Avery Rd., holder of a degree in mechanical engineering, employed by GMC Truck and Coach Division.

Frank R. Roddick, 3615 Brookdale St., an accountant at GMC Truck and Coach Division.

Lyndon Johnson Wants Hike in Defense Funds

WASHINGTON (UPI)—Senate Democratic Leader Lyndon B. Johnson (Tex.) called for a one-to-two billion dollar hike in defense spending. He also urged increased aid to underdeveloped nations to meet the new Cold War challenge of Russia and Red China.

Johnson said the strengthened programs were necessary to change what he termed the Eisenhower administration's "policy of drift."

Election Returns

As a public service, The Pontiac Press will offer returns on school board elections in Pontiac and Waterford Township beginning at 8 tonight. The Press' telephone number is FEderal 2-4181.

GREETINGS IKE—Alaska Gov. William Egan welcomes President Eisenhower shortly after his arrival in Anchorage Sunday. Today the President will head for Manila in the Philippines, where a rousing welcome is expected. Gov. Egan told Ike that the prayers of the nation accompany him on his 23,000-mile trek.

25,000 Police to Guard Ike

Tokyo Violence Backing Down

TOKYO (AP)—Some leftist groups appeared today to be backing away from massive anti-Eisenhower demonstrations on the day President Eisenhower arrives in Tokyo.

But the hard-core Communist party leadership was reported still threatening violence.

The headquarters of the Red-tinted Sohyo labor federation said most members felt they should not demonstrate at the airport itself next Sunday. A decision was expected Tuesday.

Even the Communist wing of the Zengakuren student federation said it would refrain from such acts of violence as it staged against White House press secretary James C. Hagerty last Friday.

Japanese security officials went ahead with plans to mobilize 25,000 police to protect Eisenhower should mob action develop when he arrives June 19.

A Tokyo police official expressed confidence the force would be able to cope with any mob action, but added: "No amount of security can guarantee the peacefulness of the crowd."

Police announced unprecedented security measures.

IMMENSE SECURITY

The car that will carry Eisenhower and Emperor Hirohito on the 15-mile trip from the airport to the palace will be accompanied by 13 trucks loaded with 600 policemen, 52 motorcycle police plus 6 sidecar motorcycles, 4 radio cars and patrol cars.

Post police will be spread all along the route, with orders to (Continued on Page 2, Col. 5)

MRS. ELIZABETH RUSSELL

Death Takes Aunt Lib, 103

Rites for Mrs. Russell Wednesday in Pontiac; Was County Pioneer

One of Michigan's oldest residents, Mrs. Libby Russell, 103, died at 6 p.m. yesterday at the home of a niece, Mrs. Leon Kelly, 1120 Cooley Lake Rd., Waterford Township.

Although she had been blind for the last 13 years, "Aunt Lib," as she was known to her many friends, never complained of her handicap. She once remarked, "By the time I was 90, I'd seen enough anyway."

Born of Irish parents, the tiny woman was one of 13 children who helped her a livelihood from the early Michigan virgin forests. She saw the advance of modern civilization from a rough log cabin.

Pontiac police, sheriff's deputies and state police are warning parents and motorists that summer vacation is here, giving rise to both dangers for children.

Last day of classes in Pontiac schools is Wednesday. Waterford schools will close Friday.

Police Chief Herbert W. Straley warned parents to "continue the safety lessons your children learn in school. Youngsters are forgetful, they must constantly be reminded not to run into the street."

Straley warned drivers that "if a youngster forgets, you never will be able to get them out of the street. The tragic experience of striking a child will remain in your memory forever."

Sgt. Lorenz Ahlgren, commander of the Pontiac Post, advised motorists to cut their speed to a minimum when passing playgrounds, beaches and residential areas.

"Drive as if you expect a child to run out from behind every parked car," Ahlgren said.

Still Set to See Japan Despite Protesting Riots

Gets Warm Reception During Alaska Stop to Start Journey

ANCHORAGE, Alaska (AP)—President Eisenhower took off today for a three-day visit to the Philippines—still determined to go on this weekend to riot-plagued Japan.

The President, pleased by a warm reception in Alaska, left Elmendorf AFB aboard his jet airliner. He scheduled a refueling stop at Wake Island 7 1/2 hours later and arrival at Clark Field near Manila at about 2:45 a.m. Tuesday, Pontiac time.

Prospects were for a rousing welcome for Eisenhower in Manila, where he was stationed as an Army officer in 1935-39.

But there was a risk of danger—the possibility of physical harm to the 69-year-old President—on his scheduled arrival in Tokyo.

In the Japanese capital left-wing mobs, now perhaps controlled by Communists, still are intent on trying to prevent or wreck the projected Eisenhower visit.

The President arrived in sunny Anchorage, biggest city in the new 49th state, Sunday morning after a 3,700-mile nonstop flight from Washington.

He said he had rejected advice that he abandon or postpone his visit to Tokyo.

It is going ahead, he said, because the visit "represents an important phase of a program whose paramount objective was, and is, to improve the climate of international understanding."

MEETS WITH HAGERTY

Alluding then to the hate-propaganda campaign in Tokyo, the President added: "We should not permit unpleasant incidents and sporadic turmoil, inspired by misled or hostile agents, to dim for us the concrete and gratifying results. They have been to the great good of the entire world."

At Anchorage Eisenhower was met by his press secretary, James C. Hagerty, who last week was besieged by a screaming Tokyo mob from which he narrowly escaped.

"Hello, Jim," the President chuckled as he shook hands.

The press secretary still declined to make public the details (Continued on Page 2, Col. 2)

Motorists, Take Care! Schools Are Letting Out

There is nothing more tragic to law enforcement officers than a child killed in traffic, or more distasteful than a child molestation case.

Pontiac police, sheriff's deputies and state police are warning parents and motorists that summer vacation is here, giving rise to both dangers for children.

Last day of classes in Pontiac schools is Wednesday. Waterford schools will close Friday.

Police Chief Herbert W. Straley warned parents to "continue the safety lessons your children learn in school. Youngsters are forgetful, they must constantly be reminded not to run into the street."

Straley warned drivers that "if a youngster forgets, you never will be able to get them out of the street. The tragic experience of striking a child will remain in your memory forever."

Sgt. Lorenz Ahlgren, commander of the Pontiac Post, advised motorists to cut their speed to a minimum when passing playgrounds, beaches and residential areas.

"Drive as if you expect a child to run out from behind every parked car," Ahlgren said.

Sheriff Frank W. Irons urged drivers to "exercise caution whenever you see any children near the road or on bicycles."

"One of the most frequent statements made by drivers following a pedestrian accident is 'I saw him standing on the lawn and the minute I took my eye off him he darted out into my path,'" Irons said.

June, July and August are the peak months for child accidents. Most victims are six to eight years old.

There were two children killed in pedestrian accidents in Oakland County last summer.

State police are currently urging parents to warn their children against talking with strangers and to tell their parents immediately if any strangers approach them and they offer candy or other items if they will go with the stranger.

Leads Michigan Knights

LANSING (UPI)—Dr. Don C. Arner, a Three Rivers dentist, has been installed as grand commander of Knights Templar of Michigan. He was installed Saturday before the organization closed its 104th annual meeting with a two-hour parade.

Pleasantly Surprised

ST IGNACE (UPI)—Robert Jewett, 38, of Cheboygan, today drove the three-mile vehicle across the Mackinac Bridge. Jewett had just passed a truck and thought he was being halted for speeding.

Shirk Protests Sentence

Vitale Slayer Given Life

Ex-convict Richard H. Shirk of Detroit, today was sentenced to a life term in Jackson Prison for the murder of Carlo E. Vitale last November.

Shirk, 29, protested to sentencing Circuit Judge Stanton G. Dondoro, saying he had been wrongfully convicted, since, he told the judge, Vitale's slaying never even happened in Michigan. It happened in Tennessee, he said.

Judge Dondoro reminded Shirk that he took the stand in his own defense and denied any knowledge of the killing.

He was found guilty of first-degree murder May 27 by a jury of 10 women and 2 men. A life sentence is mandatory in Michigan for persons convicted of first-degree murder.

Out to Become State Senator

Robert Chapin Submits Fee for Spot on Aug. 2 Ballot as Democrat

A 38-year-old Drayton Plains real estate broker is seeking to sell himself as Oakland County's next state senator.

Robert H. Chapin today submitted the \$100 fee to the county clerk, in lieu of nominating petitions, for a spot on the Democratic ballot Aug. 2.

Two years ago Chapin was unsuccessful in his campaign for the Democratic nomination for state representative from the First District.

Last year he won a two-year term on the Waterford Township Board of Review.

A native of Oakland County, the candidate is the father of six boys and one girl.

Besides being a real estate broker, Chapin, of 4701 Dixie Highway, also engages in the building contracting business. He is a former assembly line worker at Pontiac Motor and Fisher Body divisions.

A resident of Royal Oak for 13 years, Chapin was graduated from Pontiac Central High School in 1940. He also attended the University of Michigan.

A combat Marine Corps veteran who was wounded on Guadalcanal, Chapin served in the Pacific during World War II. He is now running for precinct delegate this year.

Describing himself as a "responsible Democrat," the candidate for state senator is a member of the party development committee of the Oakland County Democratic Committee.

Winds and Rain Pound Parts of Southwest

Powerful winds and heavy rains raked parts of the Southwest today with showers and thunderstorms extended from the Ohio Valley into the Mississippi Valley and the Western Plains.

Wind gusts of 45 to 60 miles an hour hit parts of Oklahoma and the Texas Panhandle. Accompanying rain accumulated to a depth of 2 inches or more in Oklahoma City in a couple of hours while 1 1/2 inches was recorded in a six-hour period at Texarkana, Ark., and Longview, Tex.

The Weather Bureau reported more than 2 inches of rain had fallen in Shreveport, La., in a two-hour period and local flooding was expected in low-lying areas.

The Weather

Full U.S. Weather Bureau Report for PONTIAC AND VICINITY. Cloudy with showers likely but warmer. Tuesday, Wednesday and Thursday, Friday. Considerable precipitation to be expected with heavy showers or thunderstorms.

When gold is mixed with 25 per cent of platinum, a pure white metal emerges which is known in the jewelry manufacturing trade as white gold.

Acress Jean Seberg Is Suing for Divorce

MARSHALLTOWN, Iowa (AP)—Jean Seberg, 21, the Iowa actress who found success in the movies but didn't find happiness in marriage, is suing her French husband for divorce.

Miss Seberg charged cruel and inhuman treatment in a petition filed in district court Friday against Francis Moreau, 28. Paris lawyer and movie director, whom she married two years ago.

The word "berserk," which means mad abandon, comes from the Viking warriors who fought with fanatic fury. They wore fur coats (ber serk).

JUST A DREAM—All-A student Mary Stucky, 16, was barred from Benton Harbor Lawrence High School graduation exercises because she was too smart. The school ruled that although Mary had garnered enough credits in three years

to graduate, they did not want to encourage other students to do the same. She will receive her diploma privately this summer.

AP Photo

After President's Visit

Rumor: Japan's Kishi to Quit June 24

By PHIL NEWSOM
UPI Foreign Editor

Tokyo reports say it is beginning to look more and more as if Prime Minister Nobusuke Kishi is on the way out.

Kishi's action in ramming the U.S.-Japan mutual security treaty through Parliament created a political storm, touched off months-long rioting.

Now sources close to Kishi say privately there is a good chance he will resign after the President's visit. The most talked of dates are June 24 or 25.

RED TAPE: Organizing press coverage for an Eisenhower tour is always a mighty job. But in the Orient, where red tape was invented, the job is even mightier.

Example: Foreign office and U.S. State Department officials were escorting newsmen on a dress rehearsal of the visit the other day.

All went well until the group got to the Imperial Palace. There, the guards wouldn't let them through the gates despite the show of reams of top credentials.

Then when the party got to Washington Heights — an armed services housing area — the State Department representatives couldn't get the group past the sentries.

HIGH DIPLOMACY: Disregarding Japan's political turmoil, a senior Asian member of the Tokyo diplomatic corps is circulating a petition among the members asking the foreign office to exempt foreign diplomats from paying the 10-yen (28 cent) parking meter fees.

A question of diplomacy immunity.

HARRASSING TACTICS: East German Communists are drawing up plans to eliminate

elevated railway traffic in West Berlin.

The Communists control elevated train service for both sectors of the divided city, and, according to reliable reports, now are working on a scheme to bypass West Berlin.

The elevated is the city's principal means of transportation and to halt service to the West would be to close a lifeline for escape from the East and reduce East-West contacts.

TRADITION BREAKER:

Clio to Lose Insurance

Town Accident-Prone

CLIO (UPI) — The little city of have to get its workmen's compensation, employee liability and comprehensive coverage from an assigned risk pool such as that used by accident-prone motorists.

This community of 2,000 residents is about to have its municipal insurance canceled by the Hartford Co. of Hartford, Conn.

Cancellation of a municipality's insurance is a rare thing. The notice was given in a letter to the City Council from Dave Hicks of Hartford's casualty department who termed the city "a poor safety risk."

Hicks cited five accidents over a three-year period which involved Clio police cars. One resulted in the destruction of a scout car and liability damages to a property owner.

Another recent incident in which a Clio city workman was killed in a drainage tunnel cave-in was also given as a cancellation factor.

No city action has been taken on the planned cancellation, but are 3.8 million problem drinkers in the United States.

Some organizers of the World Eucharistic Congress opening in Munich, Germany, on July 31, are hopeful that Pope John XXIII will break another tradition and attend the congress.

One million faithful are expected to attend the meeting and the feeling is that the Pope's presence would give it a tremendous lift. Vatican sources are not saying and it is against tradition for the Pope to go far from the Vatican. In any event, the Pope will make the final decision.

STILL ASKS POSITIONS

He said that Vice President Richard M. Nixon would receive the nomination, and then repeated the assertion on a second television program (WNTA — "Open End").

But Rockefeller also said that

Rocky Repeats His 'No, Too

Adlai Still Isn't Candidate, but He'd Give In to a Draft

By The Associated Press

The political spotlight continued to focus today on two men who insist they are not candidates for the presidential nomination.

The men are Adlai Stevenson, the Democratic nominee in 1952 and 1956, and Nelson A. Rockefeller, the Republican governor of New York.

Both clearly stated their positions Sunday as noncandidates. But that did not eliminate them as possibilities. Neither said he would refuse a draft.

Stevenson's position emerged as a result of a public dialogue with Eleanor Roosevelt, who has called for a Democratic ticket of Stevenson for president and Sen. John F. Kennedy of Massachusetts as vice president.

'WILL SERVE WHEN CALLED'

"I have declined repeatedly to comment on questions about a 'draft,'" Stevenson said in a message to Mrs. Roosevelt.

"I think I have made it clear in my public life, however, that I will serve my country and my party whenever called upon."

Mrs. Roosevelt, after receiving the message, commented: "From this statement, I think you will find it clear that Mr. Stevenson is a candidate."

Her interpretation, however, prompted Stevenson to state from Libertyville, Ill.: "I will not seek the nomination for president by the Democratic convention. Therefore, I am not a candidate."

Rockefeller gave his position on a television program (NBC — "Meet the Press") when he was asked: "You will not under any circumstances between now and the convention declare yourself as a candidate for the Republican nomination, is that correct?"

"That is correct," the governor replied.

STILL ASKS POSITIONS

He said that Vice President Richard M. Nixon would receive the nomination, and then repeated the assertion on a second television program (WNTA — "Open End").

But Rockefeller also said that

much more difficult for him to be elected."

Rockefeller said he would support Nixon, if nominated, whether or not he elaborated his views.

Meanwhile, a Democratic candidate, Sen. Lyndon B. Johnson of Texas, accused the Eisenhower administration of following a policy of drift in military and foreign affairs.

Of the nation's families, 6.5 percent have annual incomes ranging from \$10,000 to \$15,000.

Texas Delegates Holding for Nixon

SAN ANTONIO, Tex. (AP) — Vice President Richard M. Nixon is expected to win support of the Texas Republican delegation at Tuesday's state GOP convention. But backers of New York Gov. Nelson A. Rockefeller stepped up their campaign to get some delegates.

State GOP Chairman Thad

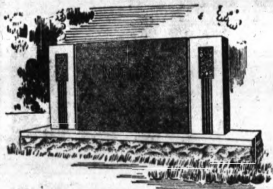

Hutchinson of Houston said recent criticism of Nixon by Rockefeller has "hardened up all of the Nixon delegates and made them more aggressive."

Hutchinson said he had not heard "of a single switch by a delegate who was for Nixon to Rockefeller."

Anne Kimberly of San Antonio, chairman of the local Rockefeller backers, said the group's national headquarters is sending campaign material from New York.

No pavement could be stronger even if carved from solid rock!

US-16 southwest of Portland

Where safety and dependability are vital... Michigan motorists prefer CONCRETE highways!

Why are concrete pavements picked for major expressways? For safety and dependability!

Three out of four Michigan tourists rate concrete safer. They know the safety of concrete's skid-resistant surface ... the better light reflectance at night.

And concrete's longer life (double that of asphalt) combined with low construction cost and low upkeep make these highways real tax-savers. Concrete has a proven record of capacity to carry even the heaviest traffic ... without frequent resurfacing or patching.

When you drive a new concrete highway, remember — road engineers and competent construction crews have built the finest pavement possible.

New concrete expressways scheduled to be started in 1960. They will connect with other sections of concrete highways.

Pray for Ike's Safety, Truman Urges at MSU

EAST LANSING (AP)—Harry S. Truman, interrupting a commencement speech, called on 18,000 listeners to pray for President Eisenhower's safe return from the Far East.

"If he thinks it (the trip) is necessary, it must be," Truman added, breaking away from his prepared speech at Michigan State University's 100th annual commencement yesterday.

Temporary Edict Ruling Turkey

38 Leaders Draw Up Constitution to Provide Supreme Power

ANKARA, Turkey (AP)—A committee of 38 military leaders, who overthrew stringman President Adnan Menderes, has drawn up a provisional constitution giving it supreme power in Turkey.

Gen. Cemal Gursel and his military associates said they would remain in authority until a new National Assembly can be elected. No election date was mentioned. Gursel is now provisional president and premier.

The constitution promised a show trial of Menderes, former President Celal Bayar and other leaders of the ousted government. It said an investigation committee has been named to determine their responsibility "for crimes which may have been committed against the state."

It also provided for a "high justice court" to try Menderes, Bayar, former government members and former members of the Assembly. It said the court would be made up of a president, eight active and six "reserve" members, to be selected by the ruling junta, to civil and military judges proposed by the present Cabinet.

"Sentences handed down by the high court of justice cannot be appealed," the constitution said, "only execution of death sentences is subject to confirmation of the national unity committee."

The remarks were greeted by warm applause for more than 2,150 graduating students in caps and gowns, and thousands of their friends and relatives gathered in Spartan Stadium under threatening skies.

The peppery 72-year-old former president, not always so kind in remarks about his successor, was lecturing on the burdens borne by the occupation of the White House.

"I may not agree with him politically, and I reserve the right to say whether he is doing his work well or badly, but he still has my sympathy," Truman said. Then, looking up, he said off the cuff:

"I hope that every one of you will pray for his safe return from this Eastern trip."

Earlier he had told a news conference that Eisenhower was the only one who could determine necessity and that "if he decides to go, that's the right decision."

Truman, backing Sen. Stuart Symington (D-Mo.) for the Democratic privately about politics with Gov. G. Mennen Williams, who

in addition to being named the Campus Man of the Year. His wife, Patricia, will graduate in pharmacy next June. Bashore is the son of Mr. and Mrs. Noble Bashore, 154 Cadillac St. His wife is the daughter of Mr. and Mrs. Edward Zielke, 3362 Cosburn St.

There was speculation that Truman sought to gain Williams' support for Symington if Kennedy failed to make the grade—or for Symington for the vice presidential nomination. Kennedy succeeded—but confirmation came from neither man.

On the return flight to Independence, Mo., last night, Truman was accompanied on the private plane by National Committee man Thomas H. E. Quimby, pres-

idently Williams' No. 1 liaison man with the Kennedy camp.

The governor arranged the escort.

Through his nine hours in Michigan, Truman refrained from any predictions about the national convention outcome.

"I don't like political prophets any better than pollsters," he cracked, turning aside an enquiring newsmen.

CASTRO DAMN FOOL
To another question about Cuban leader Fidel Castro, came this report:

"If the man had a shave and a haircut and a new suit of clothes he might stop making such a damn fool of himself. So far he has caused himself a lot more trouble than anybody else."

Truman was introduced by MSU President John A. Hannah, former assistant secretary of defense, as a man who discharged with "patriotism, determination and great courage."

Truman wound up his speech by saying he hoped that it pricked the curiosity of his listeners on presidential history and thereby would spur them to better preparation for citizenship.

"I may be talking now to the person who will be the leader of the next generation," he said. "If (the nation) goes to pot it's going to be your fault. Those of us who have gone before have tried to hand things over in good shape. Now it's up to you."

Truman was awarded an honorary doctor of laws degree, as were historian Henry S. Commager and diplomat Charles E. Bohlen. An honorary doctor of agriculture degree went to Clark L. Brody, who retired last year after 38 years on the MSU Board of Trustees.

STONE'S PLACE—Stones who live in glass houses need protection. Mr. and Mrs. Edward D. Stone shielded the new glass front of their tall, thin town house on East 64th Street in Manhattan with a terrazzo grill. Stone is an architect.

ANN ARBOR (AP)—An English educator asserted that increased emphasis on universal education has thrown American higher education out of focus.

Sir Geoffrey Crompton Saturday told 3,714 University of Michigan graduates that colleges don't distinguish between diligence and intelligence. He criticized longer study hours as a test only of the ability to stay awake.

Sir Geoffrey called for study programs that challenge "intellect, understanding, expression and imagination." Continued emphasis on universal education could lead to a condition where the "original mind" revolts against higher education, he said.

He added:

"If the process goes on until every boy and girl is in college, then the average standard of intelligence in the colleges in the country will be an IQ of exactly 100, which is a great deal lower than it has been heretofore."

Sir Geoffrey, managing editor of the famous British newspaper Economist, and chairman of the British Central Advisory Council on Education, received an honorary doctor of laws degree from the University of Michigan.

The university also awarded honorary degrees to Mortimer Graves, retired executive director of the American Council of Learned Societies, Washington, D. C.; James J. Sweney, director of the Solomon R. Guggenheim Museum, New York; Willard L. Thorpe, Amherst College economist; Lt. Gen. Arthur G. Trudeau, Army research and development chief; and James A. Van Allen, State University of Iowa physicist.

First synthetic yarn was spun in the United States in 1910.

SCHOLARS — Gov. G. Mennen Williams, former President Harry S. Truman and Michigan State University President John A. Hannah are seen outside Spartan Stadium in East Lansing where Truman addressed the more than 2,150 graduating students at MSU yesterday. Both Truman and Williams flew in for the ceremonies.

Hitler May Have Delayed Cure Jewish Nazi Fugitive Gains on Cancer

CHICAGO (UPI)—Experts connected with growth is responsible for its occurrence.

Bone marrow, which is red and productive in youth and yellow and flabby in the aged, seemed a likely suspect, he said.

Rosenstein said he injected bone marrow into several cancer patients and found the cancer disappeared.

One Eastern Prussian woman was treated with marrow after cancer of the ovary had spread through her body, he said.

After the injections, Rosenstein said, "Tumors melted like butter in the sun and finally disappeared completely."

The surgeon said bone marrow injections also have shown promising results in persons suffering from leukemia and radiation exposure.

Rosenstein said he began the experiments in 1931 while head of the surgery department at a hospital of the Jewish Congress in Berlin.

He fled to Brazil in 1933 as Hitler rose to power and continued his research there.

Dr. Paul Rosenstein, 81, de Janeiro, wrote of his findings in the journal of the International College of Surgeons.

Rosenstein said that since cancer is a growing substance, it was reasonable to "infer that an organ

GOOD FOR TEETHING — Richard Bashore's mortarboard is the stuff that babies, like his 7-month-old daughter Vikki, like to teeth on. Bashore, 21, of Pontiac, was preparing for Sunday's commencement exercises at Ferris Institute. He was the college's top pharmacy graduate, winning a total of four scholarship awards

in addition to being named the Campus Man of the Year. His wife, Patricia, will graduate in pharmacy next June. Bashore is the son of Mr. and Mrs. Noble Bashore, 154 Cadillac St. His wife is the daughter of Mr. and Mrs. Edward Zielke, 3362 Cosburn St.

Test Blast Set 24 Miles Aloft

Big Balloon Will Carry
Dynamite Up in Spring
for Defense-Explosion

WASHINGTON (AP)—Five hundred pounds of dynamite carried aloft by a huge balloon will be exploded next spring high above southern New Mexico.

The Defense Department will touch off the blast by radio to study the effects of chemical explosions at high altitudes.

The Pentagon said the test—part of Project Bumblebee—also may contribute "knowledge to cope with military problems of the space and missile age."

A balloon as tall as a 20-story building will carry the dynamite cargo to 24 miles above the White Sands missile range.

Nuclear explosions high above the earth have been studied in earlier tests.

1771 Tobacco Shop Restored and Dedicated

WINSTON-SALEM, N. C. (U)—The latest addition to the Old Salem Restoration is a pre-Revolutionary War tobacco shop.

The shop was founded in 1771 by Johann Matthew Milsch, a German immigrant. The recent dedication of the 187-year-old building, fore-runner of today's 1½ million tobacco shops in the United States, was another step in the program to restore the early Moravian village of Old Salem.

The restoration is being undertaken by Old Salem, Inc., a non-profit educational organization established by local citizens in 1950. Chief speaker at the tobacco shop dedication was James P. Richards, president of the Tobacco Institute, Inc.

Harvard was planned in 1636 and founded three years later in 1639, establishing its claim as the oldest university in the United States.

Lights Go On Again but Not All Over Broadway

NEW YORK (AP)—Stage theaters slumbering since the start of the Broadway blackout June 2 spring to life tonight in gala mass reopening.

Twenty-two shows closed as a result of a contract dispute between actors and producers. The lights will go on again for only 18, however. "Duel of Angels," "Andersonville Trial," and "Finian's Rainbow" closed for good.

Actors Equity and the League of New York Theaters reached agreement Thursday on a pension for actors and higher minimum salaries.

Industry, Education Teamwork Asked

BIG RAPIDS (AP)—A plea for teamwork between industry and education in fighting international misunderstanding was made yesterday by Robert S. Jordan, retired president of Upjohn International Operations, Inc.

Jordan, in a commencement speech at Ferris Institute, said teamwork in sending more college students abroad would be important in combating today's "continuing competition in destructiveness."

"Give this project a little time to gather momentum," Jordan said, "and its potential as a creator of international good will almost staggers one's imagination."

Jordan was one of five persons presented honorary degrees by Ferris.

The others were Byron J. Brophy, Ferris President Emeritus; Ralph C. Mark, General Motors Corp. controller; Dr. Harry R. Meyerling of Marquette (Minn.) State College, and Stephen S. Nisbet, retired vice president of Gerber Products Corp. of Fremont.

Missouri has produced 263 million tons of coal since 1906 which represents only about 1 per cent of the state's total known reserves, optional, as is overdrive.

Nanette to Wed Within 6 Weeks

Mother Mrs. Vanderbilt
Puts 'OK' on Marriage
to American Soldier

BITBURG, Germany (AP)—pretty daughter Nanette Wallace, is going to marry the American soldier she eloped to Germany with.

Mrs. Vanderbilt said she had given 19-year-old Nanette permission to wed handsome Wiley M. Lockamy, 23, of Clinton, N.C., but because of Army formalities that must be met, the wedding might not take place for six weeks.

"The wedding will most likely take place in Bitburg, I expect," said Mrs. Vanderbilt.

Nanette left her mother in Cannes, on the French Riviera, two weeks ago and came with Lockamy to Bitburg, where he is stationed. Mrs. Vanderbilt followed them here and finally gave her consent to the marriage. She and her daughter are staying in Luxembourg now.

Mrs. Vanderbilt is the divorced fifth wife of Cornelius Vanderbilt Jr. Nanette is her daughter by a previous marriage.

Jeep Station Wagon Joins Compact Field

TOLEDO, Ohio (U)—Willys Motors entered the low priced station wagon field yesterday with a six-passenger model for family use.

With a dealer suggested price of \$1,995 plus transportation, state and local taxes, the wagon will underbid the two-door Rambler American—currently the least expensive station wagon—by \$23.

The two-door Jeep wagon is just under 13 feet long with a 104½-inch wheelbase. It has conventional rear wheel drive, instead of the four-wheel drive found on many Jeep models, and a four cylinder engine. A six cylinder engine is optional, as is overdrive.

Paced by Sub McCovey's Grand Slam as Pirates Split

Giants Tighten NL Race

By The Associated Press
You have to hand it to Willie McCovey. That boy can rise to the occasion.
Manager Billy Rigley had McCovey riding the bench. In fact, he was hitting only .244 when he came to the plate Sunday with the bases loaded and San Francisco clinging to a shaky 7-6 lead over Milwaukee.

INFIELDERS CRASH — Daryl Spencer and Julian Javier of the Cardinals crash after forcing Roberto Clemente of Pittsburgh at second base in the first game of the doubleheader yesterday. The two went to cover on a throw from pitcher Curt Simmons. Javier held the ball long enough to force Clemente but later dropped it when Spencer jarred him.

McCovey slammed a Carl Wilentz fast ball out of the ball park for the first grand slammer of his brief major league career. However, it was his 11th home run of the year. His runs batted in total is 38, not bad for a bench warmer.

Naturally, the Giants went on to win after this fine effort and whipped Milwaukee 16-7. The victory moved the Giants within a half game of the first-place Pittsburgh Pirates, who divided two at St. Louis. The Pirates bombed the Cards for 23 hits in a 15-1 first game romp but then lost the second 5-2, despite 10 more hits.

Stan Williams, the Los Angeles strong man, won his sixth straight over a two-year span (five this year) with a four-hitter against Cincinnati 3-1. Always known as a wild man, Williams walked but one and struck out eight. Richie Ashburn's 10th inning single enabled the Chicago Cubs to shade the last-place Philadelphia Phillies 8-7 in an uphill fight.

The Giants' game was a wild affair with a total of 31 hits. They set a National League record and tied the major league mark by playing a nine inning game in 3 hours, 32 minutes. That topped the old National mark by two minutes.

Bob Schmidt had a perfect day for the Giants with two doubles.

Grosse Pointe Horse Show Set

49th Annual Program Starts Thursday; 450 Entered

GROSSE POINTE (AP) — The Grosse Pointe Hunt Club Horse Show, second oldest in the United States, holds its 49th annual competition June 16-19.

It will attract some 450 entries in three classes, representing the finest horse display East of the Mississippi.

Hunters, Jumpers and fine harness horses will compete for prize money and prestige under the sanction of the American Horse Shows Assn.

The Emerald Farm of Delaware, Ohio, is shipping 10 horses and the Dodge Stables Division of Castle Farms, Lexington, Ky., is sending seven.

Mr. and Mrs. D. R. Motch of Kenwick, Va., are sending six horses. The Motch stable is the only one bringing in horses to compete in all divisions. Leading the contingent will be Isolda, the champion jumper in the recent competition at Devon, Pa.

John S. Pettibone of Middleburg, Va., will bring back the defending conformation hunter, The Duke of Pavonia, and the Firestone Stable of Bath, Ohio, also will compete.

Gizmo Again Wins PYC Race Sunday

Expertly utilizing 10-15 mile an hour winds, Claude Bennett piloted his Gizmo Lightning to victory in the morning race of the Pontiac Yacht Club yesterday at Cass Lake. His crew members were Ken Willett and Paul Goode in the twice-around course. It was the second straight win for Gizmo.

A close race resulted for second place as Buccaneer, skippered by Chuck Back and crewmen Bob Jackson and Clem Cleveland, nosed out Clarence Holman's boat.

Burt Bouwkamp fouled out when his "Can Do" hit a marker while pulling in the spinnaker during the race.

Roman Colonel Takes Special Match Race

DETROIT — Roman Colonel beat Benedicto in their match race Saturday, but missed the track record at Detroit Race Course by one second.

The four-year-old colt erased Benedicto's slight lead at the top of the stretch and led under the wire by a neck to take the \$12,000 purse for the special match race. Time for the six furlongs was 1:10 and two-fifths.

Shan Pac's 1957 mark stood up despite ideal track conditions for the match race. There was no betting.

OCEANPORT, N. J. — Trainer Bernard P. Bond topped the field with 20 winners at the 1959 thoroughbred race meetings at Monmouth Park.

AFTER TWO OR MORE TANKFULS!

REGULAR PRICE

New Sunoco Blend 200X

XTRA POWER!

UP TO 13% AFTER TWO OR MORE TANKFULS!

XTRA MILEAGE!

AS MUCH AS 19 MORE MILES PER TANKFUL IN MANY CARS!

XTRA ENGINE PROTECTION!

GUARDS VITAL ENGINE PARTS... REDUCES UPKEEP COSTS!

Blend 200X is the basic fuel in Sunoco's 6-fuel, 6-price Custom Blending System — the system that delivers "Fuelpower" to fit your car's horsepower! The five higher-octane fuels in the system are top-quality premiums and therefore already contain premium ingredients. But since they are also the result of precise automatic blending—in Sunoco's "miracle pump"—of 200X and Sunoco Octane Concentrate, they all share in a big performance boost!

Exclusive 3-way engine conditioner in new regular-priced 200X greatly improves power, mileage and economy in test cars. Proof is in the facts! New regular-priced Sunoco 200X increases horsepower up to 13% in test cars formerly using other regular-priced gasolines. 200X is establishing outstanding mileage and engine life records as well! That's because new 200X contains premium ingredients — a special new multi-additive engine conditioner that protects the carburetor, keeps valves and cylinders free of power-robbing deposits, prevents spark plug fouling! And results improve with each tankful, become noticeable after just the second tankful! Prove it to yourself. Start with your first tankful of Sunoco's new Blend 200X today!

DERBY WINNERS — The annual soap box derby of the Sashabaw Cub Scouts Pack 181, of Clarkston was won yesterday by William John Allen (right) on the Waterford Hills course. Larry Ball (center) was runnerup and Kenneth Watters (left) was third among the 25 entries. The derby was held on the half-mile downhill course at Waterford Hills.

Higgins Back, Faces Two-Way Challenge

BOSTON (AP)—Patent Mike Higgins has accepted a double challenge in returning to manage the Boston Red Sox.

The heavy-set Texan who was replaced "with regret" last July 4 agreed to come back as field pilot Sunday for his Dallas home during a phone conversation with owner Tom Yawkey. Higgins said he was "mighty happy" and added "if I can help I will be tickled to death to do it. I had been on the field for 30 years and this book work is a little different. I am glad to get back actively with the game."

The naming of Higgins, who had been retained by the Sox as a "special assistant" operating out of the Southwest, climaxed a series of developments in the Boston front office.

Higgins' successor, Billy Jurges, was given several votes of confidence by General Manager Bucky Harris and Yawkey, the first of which came at the end of a 10-game losing streak. Two more followed, highlighted by the rare appearance of Yawkey in the Fenway Park press box to underscore his micromanaged statement and chastise the press for second-guessing him.

On the afternoon of June 8, the Sox announced Jurges had been given a temporary leave after a doctor's examination. Jurges was under too much pressure and would be relieved of command for an indefinite period with Coach Del Baker becoming interim manager, the statement said.

Two days later Jurges was given his unconditional release. Harris said the Sox would take their time finding the right man. The "right man" proved to be Higgins, who has the confidence of many of his players and a thorough knowledge of the personnel and farm system.

Training for this return bout, the two principals seem to have swapped styles. Johanson, normally a long-range specialist, is barging into his sparring at close quarters with a flat-footed attack.

Interest in this International 15-rounder between champion Johanson of Sweden and Patterson of Rockville Centre, N.Y., "From Bombay to Buffalo they're asking: who will win?" Fugazy said. "And they're coming from Bombay and Buffalo to find out."

Although Johanson floored Patterson seven times in the third round for a technical knockout in winning the crown last June 26, the tight betting today indicates strong doubt that the dimpled Swede can repeat. Ingemar is favored at only 6-5. Last June Patterson went into the ring favored at 5-1.

Training for this return bout, the two principals seem to have swapped styles. Johanson, normally a long-range specialist, is barging into his sparring at close quarters with a flat-footed attack.

Littler Has Eye on Open

OKLAHOMA CITY (AP)—Gene Littler headed for the National Open Tournament today full of confidence after his sensational victory in the \$30,000 Oklahoma City Open Sunday.

The Californian shot the 6,440-yard Twin Hills Country Club course in a final round of 68.11, gave him a 72-hole total of 273 and a pay check of \$42,000.

But Littler's victory was hard earned. He had to birdie the final three holes for the triumph, his first since the Milwaukee Open in August 1959. He ran down a 20-foot putt on the 18th hole to sink Art Wall Jr., who finished second at 274.

Littler had a two-stroke lead over Wall going into the final round. Both got on the green in good shape and Wall left himself 2 feet from the hole after his first putt. He ran it down and then watched Littler smooth stroke his final shot to the cup — a right breaker that dropped perfectly after taking a 6-inch turn.

Littler said he felt a more active schedule on the pro tour in recent weeks aided him in the tournament here. He has won more than \$13,300 in five tournaments and was fairly optimistic about his chances at Denver's Cherry Hills.

"I don't know how I will do, but I feel that I have my game under control," Littler said.

Arnold Palmer, the defending champion was in the running all the way, but finished third at 276 after a final round 67 and a third round 75 which killed his chances.

Palmer will be one of the favorites at the National Open after five tournament victories this year, including the Masters championship and a money-winning record of \$32,203.
