Police, Negroes Clash

New California Riot Flares

LOS ANGELES (AP) — Police Chief William H. Parker asked the office of Gov. Edmund G. Brown today to call out the National Guard to end two days of rioting, looting and shooting in Los Angeles' Negro district.

LOS ANGELES (AP)—Rioting and looting broke out again today as tempers and temperatures soared in the crowded southeast side district where police had battled more than 7,000 Negroes until dawn.

★ ★ ★

Two white salesmen were injured by rocks and bottles which broke the windows of their cars as they attempted to call on customers in the predominantly Negro Watts area.

Police received numerous calls of looting during midmorning and rushed reinforcements back into the barricaded district.

"They're throwing things at all white people and even light skinned Negroes," one of the injured salesmen, who refused to give his name, told newsmen.

★ ★

Police said they had shot one Negro, a looter who refused to halt when ordered, but were not firing into the rioting crowds. They said there had been no need so far to use tear gas.

81 BUILDINGS LOOTED

So far 81 small business buildings have been looted, eight gutted by fire and 15 automobiles overturned and burned.

Officers jailed 80 rioters in the second straight night of violence.

An army of 700 peace officers enforced a brief calm at midnight in the barricaded area.

★ ★ ★

Then, before dawn, mobs filled the streets again in an outbreak of burning, shooting and looting.

Toward daylight the mobs began to drift away but police warned all Caucasians to stay out of the city's Negro district.

As temperatures rose toward a predicted sultry high of 95 — the sixth day of a heat wave — police laid plans for a wildly rumored renewal of violence in several sections of the city tonight.

Nineteen policemen and more than 100 civilians were injured during the night. The National Guard was alerted but not called out.

★ ★ ★

Gregory, a Negro, was shot just after he had urged a throng of 500 Negroes to return to their homes.

HIT IN LEG

"I stepped behind a barricade of police cars and the shots started. I felt a pain in my leg. I didn't fall," Gregory said.

"I walked out past the barricade to a man standing there with a rifle in his hands. I told him: 'You shot me once. Now get off the street'.

"The crowd dispersed. There was no more shooting."

Outbreaks of violence continued elsewhere in the area. Police warned motorists, particularly Caucasians, to stay out of the section today.

Gregory said the shooting was directed at the police, not at him. Doctors termed his injury minor.

Police said rioters set a liquor store, a drive-in restaurant, and a small clinic afire at the corner of Central Avenue and Imperial Highway, then turned back firemen with a barrage of rocks when they sought to fight the fires, then watched the structures burn to the ground.

Later a lumber yard nearby was set afire.

"There wasn't a street light left," Gregory told a newsman later at the hospital.

BROKEN GLASS

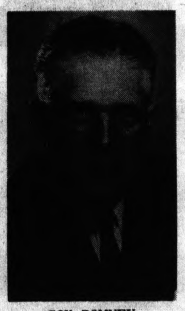

"The ground was covered with broken glass and bottles. The

SHOT IN RIOTING—Comedian Dick Gregory lies on a cot at a Los Angeles emergency hospital today after being shot in the left leg as he stood in a riot-torn area of a Los Angeles Negro neighborhood. Police said the wound was not serious. The shot was fired by a rioter. With Gergory is Don Smith, a CORE official.

GOV. ROMNEY

Agree Fall Tax Action Is Needed

MACKINAC ISLAND (AP) — Gov. George Romney and tax-studying legislators worked today on a hoped-for bipartisan fiscal reform program. They have agreed that fiscal action is needed this fall.

Romney and the 20 legislators participating in the consultations came to the agreement Thursday as tax experts produced six alternative programs.

The set of programs were examined for their affect on different classes of taxpayers. Romney hoped that the six could be reduced to one program today.

Although there was no dissent to the agreement that tax action should come when the legislature returns in September, Romney admitted and Democrats emphasized that the 20 legislators spoke for no one beyond themselves — that a decision on tax action would rest with party caucuses.

★ ★ ★

Romney has said repeatedly that it would take "a political miracle" to get fiscal reform this year.

SENTIMENT

Rep. George Montgomery, D-Detroit, chairman of the House Taxation Committee said that "sentiment of those here would not reflect the sentiment of the membership." But Montgomery, a tax reform advocate, said minds could be changed and that some converts to immediate action have been won.

Senate majority leader Raymond Dzendzel, D-Detroit, would not commit himself to tax action in the Fall because, he said, "I'm here to get information for the caucus, not committed."

Montgomery said he thought Romney was optimistic to expect agreement today on a program.

"There's no proposal here that suits me and that I feel could obtain support of the Democratic caucus," he said.

SPOKE WITH NEWSMEN

The three all spoke with newsmen following their four-hour closed door session.

The Republican governor, 11 Democrats and nine Republicans heard the experts say that on balance the alternative programs would help business, help or at least not hinder lower income families, and increase the tax share of better-off families.

Five of the alternatives include an income tax. The sixth would extend the sales tax to services. All seek to raise $200 million more revenue in the next two years.

'War Is Terrible'

Epitaph for a Guerrilla

PLEIKU, South Viet Nam (AP) — "It is terrible and miserable," wrote Nguyen Chanh Ngoc.

"Enemy mortars shell us day and night. Airplanes bomb and strafe and we can do nothing about it. The fighting is tough, too serious and difficult."

Ngoc was a political officer with a Viet Cong company operating near the Special Forces camp at Duc Co. He had heard his battalion was coming to join him and was writing to his "comrades" Lam, Trung and Dinh.

"We have been taught to win, to meet every difficulty and emergency in waging warfare," he wrote. "We are ready to continue the fight, but we are all a little low in spirit because of the difficulties and the terrible conditions of hunger.

★ ★ ★

"Half of our strength is sick, some of them with bad illnesses. Sometimes we can muster only one platoon for military operations.

WEEKS WITHOUT FOOD

"I am sick almost every day with stomach pains and go for weeks without food. Yet I still have to move back and forth from the front every day because we have dead and wounded and other problems, and I need to deal with other friendly units in the area.

"Drugs are low. We are so far away that if a comrade gets sick and lapses into unconsciousness, we have no pill to refresh him and we cannot move him.

"Three of our four duty attendants are sick. Our comrades groaned at them and said to them that as cooks they had less right to be sick than the soldiers.

★ ★ ★

"Our activities continue, and we work without sleeping or washing our hands and faces or taking a bath because there is no water on the ground. Our soldiers operate around the clock. They fight in daytime and at night. They destroy the roads by digging into them. We just sleep four or five hours a night.

Young Patients Win at 4-H Fair

Youngsters from Pontiac State Hospital batted nearly 1,000 on their vegetable entries in the Oakland County 4-H Fair this week.

Of the 56 young patients who entered produce in the competition, 55 were awarded blue ribbons and the other won a second place citation.

Kathleen Harty, who directs the children's program in the hospital's occupational therapy department, said the youngsters were elated by their showing.

"They were just thrilled," Miss Harty said. "I think this will make the children more enthusiastic than ever over the gardening program."

Miss Harty explained that each of the 56 children presently in the gardening program at the hospital has a 16 by 16 foot garden to maintain.

★ ★ ★

"The youngsters all grow five rows of different vegetables and they have a one-hour period twice weekly to work on their plots."

SUPERVISE GARDENING

Sam Bridges, horticultural therapist at the hospital and Miss Harty supervise the gardening but the youngsters, 7 to 17, actually do the work.

Also aiding in supervision of the young gardeners are Barbara Slminick and James Phelps of the occupational therapy department as well as some of the instructors at Fairlawn School.

The ungraded school is located on the hospital grounds and provides special education programs for the children.

★ ★ ★

Interest in the hospital's gardening program grows each year, according to Miss Harty.

It began in 1953 with eight young gardeners and has expanded steadily since.

A total of 36 youngsters en-

GRIM REMINDER—To keep motorists enlightened on the traffic toll, Bloomfield Township traffic safety patrolman Ronald Garwood (right) devised and built this sign which was installed yesterday at the hazardous Maple-Telegraph intersection. Police Chief Norman Dehnke (left) inspected and praised Garwood's idea. The patrolman said he hoped the sign, which cost him nearly a week's salary in materials and time, would be worth it. Figures are for first half of 1965.

250 Cong Killed in Battle---S. Viets

SAIGON, South Viet Nam (AP)—Vietnamese government forces today claimed a toll of about 250 Viet Cong after pinning down a Viet Cong concentration in the Mekong Delta 90 miles southwest of Saigon.

Vietnamese reports said 156 Viet Cong were killed in heavy ground fighting and another 100 were estimated killed by air strikes. Government casualties were reported light.

U. S. military sources said they considered the Vietnamese figures "pretty good" estimates, although there apparently was no complete body count.

The major fighting came yesterday afternoon during a government operation 15 miles southwest of Can Tho.

U. S. spokesmen said the force pinned the Viet Cong down on a wide front. Helicopters lifted in ranger units to cut off the guerrillas.

★ ★ ★

U. S. and Vietnamese air force planes flew 38 sorties against the Viet Cong, spokesmen said, and forward air controllers estimated 70 buildings were destroyed and about 40 others damaged.

A U. S. military spokesman said no further action had been reported in the Duc Co-Pleiku area in the central Viet Nam highlands since the Viet Cong hit the Special Forces camp at Duc Co with 10 rounds of mortar fire during the night.

He said there were no casualties reported from the mortar fire.

Steren Defense Seeking Probe

Asks Investigation of Pretrial Publicity

The attorney for 20 defendants convicted in the Steren Assembly Club gambling trial today urged the governor to investigate pretrial publicity the case received.

★ ★ ★

Carlton Roeser of Pontiac, in a telegram to Gov. Romney, requested that the matter be included in his investigation of

See Earlier Stories, Page D-2

the alleged intimidation of the star prosecution witness, Margaret Allen.

He asked that the governor determine "how 20 of our citizens were convicted and adjudged guilty of their alleged wrongdoings before — rcpeat before—they even appeared or commenced their trial before a jury."

"I call to your attention the fact that the continuous sensational, notorious and prejudicial publicity releases that these defendants endured during the 21 months preceding their trial and during their trial originated from law enforcement personnel," said Roeser.

★ ★ ★

Listed in the telegram were a number of headlines and

(Continued on Page 2, Col. 6)

To Pull Envoys in Brazzaville

WASHINGTON (UPI) — The United States announced today that it is withdrawing all its diplomatic and consular representatives from Brazzaville, capital of the former French Congo.

★ ★ ★

A State Department spokesman said the decision was made because of "mistreatment" of American officials.

The department said it would be willing to consider resuming diplomatic representation if the Congo government gave assurance of effective steps to protect U. S. official rights.

The department said there had been three cases of "serious mistreatment" of American personnel by Congolese authorities in the past nine months.

★ ★ ★

U. S. requests for an explanation and for remedial action brought no response, officials said.

NOT FULL BREAK

U. S. withdrawal of officials does not constitute a full break in diplomatic relations. The Brazzaville government is not required to close its embassy in Washington.

10-Day Sales Mark Topped by Pontiac

Pontiac Motor Division reported today that its sales during the first 10 days of August were the highest for this period in the history of the division.

E. R. Pettengill, Pontiac general sales manager, said sales for the period totaled 20,637 units.

This marks a 23 per cent increase over the 16,723 Pontiacs and Tempests sold during the same period last year.

Pettengill also pointed out that this was the 26th time Pontiac has established a new 10-day sales record since the introduction of the 1965 models.

Former PCH Student U. S. Diving Champion

Former Pontiac Central student Micki King today wears the crown of the U.S. women's 3-meter diving championship, won in AAU national competition yesterday in Toledo.

★ ★ ★

Miss King, 21, a student at the University of Michigan, won the championship with an impressive final dive, finishing ahead of 1-meter board champion Mrs. Joel O'Connell of Santa Clara, Calif. (See sports page C-2 for details.)

Pontiac Area Will Swelter

Another hot day with sizzling temperatures is on the agenda for the Pontiac area tomorrow.

The U.S. Weather Bureau predicts highs of 88 to 96 and Sunday's forecast is continued hot. Tonight's low will be a warm 66 to 72.

Southwesterly morning winds at 10 to 20 miles per hour will continue through tomorrow.

Seventy-one was the low reading in downtown Pontiac prior to 8 a.m. The mercury registered a sweltering 89 at 2 p.m.

Ex-Ambassador Dies

MOSCOW (AP) — Vladimir Ivanovich Bazykin, 57, Soviet ambassador to Mexico from 1957 to 1962, died Wednesday.

Car Exec Says Tires Are Safe

Auto Industry Denies Sen. Nelson Charges

WASHINGTON (AP) —The automobile industry denied today charges by Sen. Gaylord Nelson that it puts unsafe tires on new cars.

★ ★ ★

"These allegations are not true," Harry F. Barr, spokesman for both the Automobile Manufacturers Association and General Motors Corp., told the Senate Commerce Committee in prepared testimony.

He aimed the statement at Nelson, a Wisconsin Democrat, without mentioning him by name, but pointing to charges Nelson had published in the Congressional Record last July 13.

Nelson had called it "Scandalous to equip new automobiles with tires that are unsafe when the car is fully loaded" and charged this is what the industry is doing.

★ ★ ★

Nelson and other senators have introduced legislation for minimum tire safety standards and a uniform grading and labeling system.

★ ★ ★

Barr, engineering vice president for General Motors and head of AMA's engineering advisory committee, told the committee the bill "would serve no useful purpose" of promoting safety. He criticized it on many counts.

Racing To The Finish Just Like In Ancient Roman Games Are These Charioteers. The Winner? See Page B-1

Dr. King Considering Viet Peace Move

BIRMINGHAM, Ala. (AP) — Dr. Martin Luther King Jr., 1964 Nobel Peace Prize winner, said today that he is contemplating writing to the opposing sides in the Viet Nam conflict to negotiate and end the struggle's "cycle of mistrust, violence and war."

And, King said, if this violates a federal regulation called the Logan Act, "it's very unfortunate."

* * *

The Logan Act forbids private citizens — without White House permission — from negotiating directly with heads of foreign governments.

King said he is aware of the law, but that his letters to the government heads, which could be sent in two or three weeks, would not constitute negotiation but attempts "to get those involved to negotiate."

If this involves violating the law, King said, it's "very unfortunate because thousands of people would be affected by the Logan Act because they are writing to newspapers every day and urging the heads to end the war."

King said word of his plans leaked out when he wrote to the United Nations recently for addresses of the government heads he intends to communicate with — North Viet Nam, the Soviet Union and South Viet Nam. He also would write President Johnson.

* * *

King, in one of his first major statements on international affairs, told his Southern Christian Leadership Conference convention last night that each side must take "a small first step" to show good faith.

He urged the United States to seriously consider cessation of bombings of North Viet Nam and said, "The employment of some of our forces in rebuilding some of the villages which have been destroyed immediately would be a solid indication to the people of Viet Nam that our interest is in the development of Viet Nam and not its destruction."

'GREATLY PAINED'

The civil rights leader, speaking to some 4,000 whites and Negroes in the city's huge Municipal Auditorium, stated that as a minister of the Gospel and advocate of nonviolence, the Viet Nam war has pained him greatly.

A King aide, Rev. James Bevel, today suggested a peace team of King, the Pope, Mrs. John F. Kennedy and Mrs. Nikita Khrushchev to go to Viet Nam to appeal for the end to the conflict there.

AP Photofax

LISTENS TO PLEAS—A U.S. paratrooper keeps his finger on the trigger of his automatic rifle and looks into the thicket ahead of him as he is approached by pleading villagers in the Montagnard hamlet of Plei Ya Ho during a reconnaissance in the central highlands yesterday. The patrol was searching for snipers and machine gunners that had fired on it from the village. The villagers were later evacuated to a nearby district post.

Cars Injure Two Boys in County

A young fisherman running home with his catch and a boy out bicycling had their summer vacations shattered yesterday.

Eight-year-old Robert Bowden and Edward Grinnan, 11, were struck down by automobiles in separate Bloomfield Township accidents.

Both knocked unconscious, Robert woke up with a broken leg and ribs and Edward with a broken pelvis.

Robert, son of Mr. and Mrs. Robert L. Bowden, 2778 Avonhurst, Troy, also is under observation at Royal Oak's William Beaumont Hospital for possible internal injuries. He was in fair condition today.

Edward, whose parents are Mr. and Mrs. Joseph Grinnan, 5515 Pebbleshire, was listed in satisfactory condition at St. Joseph Mercy Hospital.

HIT BY CAR

Bloomfield Township police said Robert was hit by a car driven by Mrs. Ruth L. Dawson, 67, of 2730 Hylane, Birmingham, on Adams just south of Wattles.

Mrs. Dawson told police that when she veered to the left to avoid the youngster, he backed into the path of the vehicle.

* * *

The Grinnan youth was injured when his bike started wobbling and swerved into the path of a car driven by Mrs. Beatrice McGruther, 47, of 5690 Raven, according to witnesses.

The accident occurred at Quarton and Priory.

Guerrilla's Epitaph: 'War Is Miserable'

(Continued From Page One)

"All our clothes, blankets and hammocks are the same color as the red ground. We cannot evade the red earth because we are constantly digging our foxholes and trenches.

"The rice we are being supplied is so bad that it gets sour after it is brought to us. We eat just salt.

"We would like the battalion commander to handle this problem to relieve us so that we would have some time to reorganize and return to the front after that? That would be the most realistic thing to do."

Ngoc never sent his letter. It day by government troops searching outside the Duc Co. camp.

Vietnamese and U.S. military authorities said they were convinced the letter was authentic.

Police Clash With Rioters in California

(Continued From Page One)

only light was from the burning buildings. The police had their cars across the street for a barricade, and were crouching behind them. It was a real no man's land."

Gregory and Don Smith, chairman of the Los Angeles chapter of the Congress of Racial Equality, had spent the night trying to get rioters to go back to their homes.

Smith said 20 shots were fired in the burst in which Gregory was hit.

The scene of the rioting is a normally quiet area deep in the heart of what civil rights leaders have referred to as the "black ghetto."

An outburst Wednesday night, when a white officer arrested a Negro on a drunken driving charge, touched off an eight-hour demonstration with heavy damage and more than a score of injuries.

After daylong calm yesterday knots of youths and young men formed at sundown along Avalon Boulevard in suburban Watts.

Two shoeshine boys, in pale mimicry of the previous night's brick tossing and board swinging, began chucking pebbles at passing cars.

Crowds that were virtually 100 per cent Negro poured out of homes, apartments and shops and were joined by others from outside the area. They jammed sidewalks and overflowed into the street, blocking traffic.

With darkness, the lid blew off.

House OKs $3-Billion Bill to Aid Depressed Areas

WASHINGTON (AP) — The House has passed a $3.25-billion public works and economic development bill after hearing proponents call it a boon and opponents call it a boondoggle.

The measure, designed to give a boost to areas whose economy is depressed, goes to the Senate, which has passed a slightly different version.

* * *

A continuation and enlargement of the expiring area redevelopment and public works acceleration programs, the bill carries a price tag $750 million higher than the one President Johnson tied to his original request.

During two days of debate preceding House passage Thursday night by roll-call vote of 246 to 138, sponsors said it would be a boon to areas of above-average unemployment and below-average income in every state.

It would do this, they contended, by providing $2 billion for federal grants and $850 million for long-term loans to public bodies and private business to build public facilities, streets and roads, parks, vocational schools and airports and to encourage industrial expansion that would provide long-term jobs.

The rest of the money would be used for technical aid and multicounty programs.

* * *

Most of the money, if Congress actually appropriates it in a separate bill, would be spent over a five-year period.

Republican opponents labeled the measure a boondoggle that would not accomplish the stated objective but would only run the federal government farther into debt.

To back this claim they cited overwhelming voice-vote approval of an amendment to guarantee that every state would share in the money if it wanted to. As presented to the House, the bill had in it nothing for Hawaii, New Hampshire, Vermont and Delaware because those states could not qualify as having economically depressed areas.

Senate backers of the bill which passed that body overwhelmingly June 1 indicated they would go along with most of the House changes except for one providing for a speed-up of the program and making more areas eligible to participate.

Congress OK Asked on Drought Measure

JOHNSON CITY, Tex. (AP) —President Johnson today asked Congress for $1,311,000 for planning and construction of reservoirs which will provide water storage for the drought-stricken northeastern states.

The request came in an amendment to the 1966 budget for the Army Corps of Engineers. Johnson earlier had indicated he would ask the additional funds. (See story, page A-8.)

OCC Winning Building Race

Oakland Community College is winning its race to have buildings ready for the Sept. 7 start of classes but parking remains a problem.

Reporting last night to the college's board of trustees on the status of construction work, James Hobson, vice president for business at the college, said progress has been favorable.

He said that the main building and technical building on the Highland Lakes Campus will be ready for occupancy Aug. 27.

The instructional building on the same campus is substantially complete now, Hobson said, but some minor work may extend beyond Sept. 7.

Buildings on the Auburn Hills Campus will be substantially completed Aug. 27, with electrical work expected to be done by Sept. 7.

Hobson said that a pumping system for a well in one of the five Auburn Hills buildings must be rebuilt and that the plumbing system still must be put in operation in another.

He was hopeful that both projects would be completed prior to the start of classes.

The 3,000-plus students at the college's two campuses will face a temporary parking problem.

Bids for parking lot construction for the two campuses were approved last night.

READY IN FALL

Completion of the $219,740 Highland Lakes project is slated for November and the $75,024 Auburn Hills area will be ready in October.

Students will use vacant fields on the two campuses for temporary parking until the projects are completed.

Asks State Probe of Pretrial Publicity

(Continued From Page One)

phrases taken from newspaper stories.

"Over 217 such separate news articles appeared before trial," said Roeser, "in addition to TV, radio and commentator coverage."

Roeser noted that the legislative intimidation charge was made by the Michigan State Police undercover agent before the jury started its deliberation.

"You sir," Roeser wired Romney, "now have the opportunity to expose this real danger to a free society or to condone the conduct of a police state."

* * *

"This request is not — repeat is not — sour grapes, regarding the recent verdict," said Roeser.

Birmingham Area News

City's New Parking Lot Will Be Surface Level

BIRMINGHAM — The city's newest parking lot immediately south of Shain Park will remain a surface facility rather than being below ground level.

The decision was made by the City Commission this week after reviewing preliminary plans on two alternate proposals for the final development of the lot.

In rejecting the other plan, the commission directed the administration to return with further drawings showing how the lot could be expanded to include Merrill Street.

If this was done the lot would adjoin Shain Park.

* * *

City Engineer William T. Killeen reported to the commission that it will cost an estimated $47,500 to complete the development of the parking lot within its present boundaries.

GROUND LEVEL

Another $34,500 would have been required if the lot was below ground level.

To date, land acquisition and temporary development of the lot has cost $270,686.

Mayor Robert W. Page said he saw no point in spending additional funds now to depress the lot.

* * *

"I do not want to rule out the possibility or probability of an underground lot at that location in the future," he said.

BLOOMFIELD HILLS — A former Fulbright exchange teacher, Eleanor Fass, has been named to the newly created post of administrative assistant to Marion E. Goodale, Kingswood School Cranbrook headmistress.

Miss Fass came to Cranbrook from Saint Mary's Hall, Faribault, Minn., where she was assistant headmistress.

FULBRIGHT

Her Fulbright took her to Roedean School in Brighton, England, where she taught geography to girls 10 to 18 years old.

State Hospital Patients Win

(Continued From Page One)

tered last year's 4-H Fair competition and 30 won blue ribbons.

Boys have displayed more interest to date in gardening, according to Miss Harty.

This year's group of 56 included 42 boys and 14 girls.

The gardeners activities are not confined to the summer season. During the winter they maintain their green thumbs in the hospital's greenhouse.

TAKEN TO FAIR

All the gardeners were taken to the fair Wednesday night by hospital staffers to view the many exhibits and enjoy the rides.

NATIONAL WEATHER — Showers and thundershowers are forecast for tonight over parts of the Pacific Northwest, the northern plateau and the southern Plains. It will be cooler from the northern Plateau into the Great Basin while the remainder of the nation will have little change in temperature.

Foster Asks for a New Trial

Convicted wife-killer Carl F. Foster has asked for a new trial.

He was sentenced to life imprisonment last month for the slaying of his first wife Angela. He had been found guilty by Circuit Judge Frederick C. Ziem.

Foster's court-appointed attorney Joseph L. Hardig claims in his petition for a new trial that Ziem made several errors in his findings that led him to his verdict.

A hearing on the request will probably be held in two weeks when Ziem returns from vacation.

Foster, a 29-year-old former Pontiac factory worker, was already serving a 10- to 15-year prison term for manslaughter in another killing when he was charged with the murder of his wife.

FOUND HANGING

The 25-year-old mother of three was originally ruled a suicide victim on Feb. 28, 1964 after she was found hanging from a rope in the basement of her home.

The case was reopened 14 months later by Pontiac police when they received new information.

An autopsy revealed that she had been manually strangled before the rope was placed around her neck.

By Jove, My Lord's a Lady

LONDON (AP) — Elizabeth Lane, a jurist with a record of firsts, will become Mr. Justice Lane when she dons her wig as the first woman on Britain's high court.

"There simply isn't any precedent for calling a woman anything different," said a spokesman for the Lord Chancellor, the head of the British judiciary. "We've taken what seems to be the least absurd decision."

AP Photofax

CALL HER MISTER—British tradition dies slowly. Consequently, Mrs. Elizabeth Lane will be addressed as "Mr. Justice" and "My Lord" when she dons the white wig of office in October as the first woman to sit on the High Court. She was named to Britain's second highest court last night.

Buckingham Palace named Mrs. Lane to the nation's second highest tribunal Thursday night, one week after her 60th birthday. The appointment ends a 25-year legal career which began after the death of her only son.

* * *

Lawyers appearing before Mrs. Lane will have to address her as "My Lord" when she takes her seat in October in the high court's admiralty division. It deals mainly with divorce cases.

But that will be no novelty. She handled such cases as Britain's first woman divorce court commission, an acting judgeship that also required attorneys to address her as "his lordship."

In the high court, Mrs. Lane will wear a wig like the other jurists. Most British judges wear black jacket and striped pants, but Mrs Lane favors dark gray suits.

* * *

Normally a knighthood goes with the $28,000-a-year high court post. But it is believed Queen Elizabeth will make a concession to womanhood and grant Mrs Lane the equivalent title of dame.

Mrs. Lane's appointment, with that of four men judges, brings the high court's strength to 61 judges.

LIKES COOKING

Mrs. Lane likes cooking and needlework in her spare time.

In 1946, she was the first woman lawyer to argue a murder appeal before the House of Lords, the nation's top tribunal. Three years ago she became the first woman judge of county courts.

Mrs. Lane is married to Henry Randall Lane, a legal adviser to the British Council, a government-sponsored cultural organization. She was educated at Malvern Girls' College in the English Midlands and by private tutors.

She is an above average tennis player.

Dominican Rebel Edginess Mounting

SANTO DOMINGO, Dominican Republic (AP) — Restlessness appears to be mounting in the rebel sector of Santo Domingo as negotiations to end the crisis drag on with no agreement in sight.

Two members of the Organization of American States peace committee — Ellsworth Bunker of the United States and Ramon de Clarimont of El Salvador — were booed when they arrived at the rebel headquarters Thursday to meet with Col. Francisco Caamano Deno, the insurgent chief.

* * *

The day before shouting demonstrators prevented the OAS committee from leaving the rebel quarter until Caamano intervened.

Shortly after Bunker and De Clairmont left Caamano Thursday, three shots rang out in front of rebel headquarters. Bystanders said rebel soldiers were disarming a guard who was drunk and the guard's gun went off.

REBEL KILLED

A rebel soldier was killed Wednesday night, setting off reports that a quarrel had broken out in the rebel camp. Col. Manuel Ramon Montes Arache, chief of the rebel armed forces, said the soldier was killed while trying to arrest a chicken thief.

The incidents are considered signs of increasing unrest in the rebel sector, where extreme leftwingers are known to oppose the course negotiations with the OAS peace committee have taken.

* * *

A more moderate element, which constitutes the majority, has shown more willingness to negotiate.

The negotiations on the peace formula proposed this week by the OAS are bogged down over the future status of military officers. Both the junta and the rebels oppose the provision that all military personnel be returned to their units.

6 OFFICERS

The rebels are demanding that at least six high-ranking officers on the junta side be removed before the provisional government proposed by the OAS takes over under lawyer-diplomat Hector Garcia Godoy.

Among those the rebels want removed are Gen. Elias Wessin y Wessin, commander of the armed forces training center, and Gen. Juan de Los Santos Cespedes, air force chief of staff. The rebels blame them for the bombing of Santo Domingo when the revolution erupted last April.

The junta opposes restoration to active duty of any military officers who went over to the rebel side.

The OAS committee is reported to feel that such questions should be decided by the provisional president after he is installed.

FOREIGN MINISTER

Jotin Coury, rebel foreign minister, cabled the United Nations asking for an urgent meeting of the Security Council to halt what he called an OAS attempt to impose a political solution on the Dominican Republic.

In cables to Secretary-General U Thant and Britain's Sir Roger Jackling, president of the council for August, Coury said the OAS was insisting that Wessin and other military officers in the junta be given posts in the provisional government.

Ghana Chief Sends Second Letter to LBJ

WASHINGTON (AP) — President Kwame Nkrumah of Ghana has renewed his correspondence with President Johnson, but the content of the latest message has not been disclosed.

Officials confirmed Thursday that a second letter from the Ghana executive had been received.

* * *

In an earlier message, delivered last week, Nkrumah asked for U.S. assurances that Hanoi would not be bombed should he decide to visit the North Vietnamese capital. Johnson replied that the United States has not bombed Hanoi so far and has no immediate intention to do so.

Nkrumah is one of the Commonwealth peace envoys whose mission was stalemated by North Viet Nam's refusal to see them as a group. But Krumah has been in touch with the North Vietnamese president, Ho Chi Minh, through a special representative.

Time Still a Question in North Dakota Town

MANDAN, N.D. (AP) — Mandan observes Central Standard Time to conform to Bismarck, across the Missouri River. But businessmen started circulating petitions last week for an election to put Mandan on Mountain Standard Time with the rest of surrounding Morton County.

Now another group of businessmen is circulating petitions for "Mandan Standard Time" — a half hour between the two. The group, who asked anonymity, said their idea was not intended as a joke.

The first shipment of Virginia tobacco was sent by the Colonists to England in 1609.

Simms Bros.—98 N. Saginaw St.—Downtown Pontiac

WINNING COMBINATION — For two successive years, Lyle Barger of the Northwest Oakland 4-H Club has brought the grand champion in the beef cattle class to the Oakland County 4-H Fair. The Pontiac Optimist Club bought the winner last year. Sure enough, when the bidding was over last night, there was Optimist President Glenn Whitcroft to congratulate Lyle and examine the club's purchase.

Optimists Buy Top 4-H Steer

Lyle Barger and the Pontiac Optimist Club have a two-year winning streak going for them.

Showing the grand champion steer at the Oakland County 4-H Fair last year, Lyle duplicated the feat this year and added to his honors the reserve championship in the beef cattle class.

In another repeat performance, the Pontiac Optimist Club was the high bidder for the grand champion at the livestock auction last night.

Their bid of 72 cents a pound bought them the 890-pound steer which will be featured at an ox roast.

* * *

The Optimists last year set a fair record by paying 77 cents a pound for the grand champion.

RESERVE CHAMPION

Lyle's reserve champion went to the Oakland County Sheriff's Posse for 45 cents a pound.

A member of the Northwest Oakland Club, Lyle said he would add the money to his college funds.

The fair's grand champion lamb, owned by Jayne Marsh of the Hi-Lo Club, was sold to the Ridley Commission Co. of Detroit for 65 cents a pound.

Tom's Meat Market of Pontiac bought the reserve champion lamb from Karen Rose of the East Orion Club. The high bid was 37 cents a pound.

HIGH BIDDER

The Pontiac firm also purchased the grand champion hog. Owned by Ronald Hess of the Ro-Hi Club, the hog went for 30 cents a pound.

Food Town Super Markets of Pontiac was high bidder for the champion hereford steer of Tim Walls of the Ro-Hi Club.

Other successful bids made by Tom's Meat Market were for the reserve champion pen of swine of Carol Wright, Seymour Lake Club; the reserve champion lamb of Karen Rose, East Orion Club; and the reserve champion pen of lambs of Nancy Patterson, Lucky Leaf Club.

* * *

A dog obedience demonstration preceded the auction at last night's program.

The following top winners in poultry, sheep, goats, dog obedience and halter classes were announced yesterday by the 4-H office:

Horse Events to Close Fair

Tomorrow's Last Day of 4-H Annual Affair

Week-long activities of the Oakland County 4-H Fair will come to a close tomorrow with horse action classes in the morning and horse club contest events in the evening.

* * *

The more than 2,000 youngsters who took part in the fair will pack up and head for home — the winners taking with them their coveted trophies, ribbons or prize money.

Those not so lucky can look forward to next year.

Fair weather favored the 4-H'ers all week, boosting attendance figures above those of the last few years.

* * *

Final figures have not been tabulated but fair officials say they far surpass recent years.

OPEN AT 9 A.M.

The fairgrounds at Perry and Walton will open at 9 a.m. tomorrow following a flag raising and breakfast for 4-H personnel at 7:30 a.m.

Today's program will feature a dress review at 6 p.m. About 125 4-H girls will model clothes they made during the year.

First on today's agenda was a dairy judging contest followed by trail class riding competition.

* * *

The dress review this evening will be followed by a musical interlude at 7 p.m.

DAIRY CONTEST

A senior dairy showmanship contest will begin at 7:30 p.m.

Junior and senior showmanship winners will receive cash awards and trophies from the Oakland Farm Bureau.

* * *

An octette from Sweet Adelines, Inc., will entertain during the evening program.

11 Will Vie for Peach Queen Title

ROMEO — Eleven young hopefuls will vie for the title of Peach Queen in a contest to be held Monday at 8:30 p.m. in Romeo Junior High School.

In the contest, the girls will be identified only by the names of peaches to avoid partiality.

The winner will be crowned Sept. 4 at 8 p.m. in Memorial Stadium and will reign over the Peach Festival on Labor Day weekend.

In addition, she will preside over numerous activities the week preceding the festival. She will also visit Washington, D.C., and will be entered in the Miss Michigan State Fair Contest.

* * *

All of the participants have already won previous beauty contests in their own communities.

* * *

The girls are Miss Algonac, Miss St. Clair Shores, Miss Roseville, Miss East Detroit, Miss Utica, Miss Armada, Miss Oxford, Miss Rochester, Miss Romeo, Miss Warren and Miss Cinerama.

Pontiac Press Photo

MM-M-M, GOOD!—Jack Worthington, Oakland County 4-H agent, samples the culinary artistry of Wilma Schwartz (left) of 664 Lookout and Mrs. Stanley Kipp of 1123 Doris, Pontiac Township. The cooks and their helpers have been preparing meals for some 200 4-H youngsters this week during the annual 4-H fair, which closes tomorrow night. Most of the club members who have animals in the fair spend the week at the fairgrounds, Perry and Walton.

19 to Pronounce Catholic Vows at Colombiere

CLARKSTON — Nineteen Colombiere College students Sunday will pronounce their vows of poverty, chastity and obedience in the Society of Jesus. Father Marshall L. Lochbiler, rector of the school, will preside at the ceremony.

* * *

Each of the students has completed a two-year period of novitiate at the college and will continue in courses of studies leading to the priesthood. All are from Ohio, the Detroit area or Saginaw.

* * *

The Society of Jesus is involved in all the works of the Roman Catholic Church throughout the world, but is chiefly concerned in this country with education, operating many high schools, colleges and universities, including the University of Detroit.

Veterans will be admitted free to the Michigan State Fair until 3 p.m. Veterans' Day Aug. 28.

Troy Board Purchases Land for Future School

TROY — The board of education has purchased 12.94 acres of land for a future elementary school.

* * *

Schools Supt. Rex B. Smith said the site cost $3,200 per acre. It is bounded by Wattles and Long Lake and John R and Dequindre.

Ex-Berkley Educator

Principal Assumes Duties in Milford

MILFORD — Berkley educator James G. Drue has been hired as principal of Milford High School.

Drue began his administrative duties here yesterday after his appointment had been approved by the board of education Wednesday.

Still being sought by Schools Supt. Dr. Truman Owens is a principal for Bertha Baker Elementary School.

Drue, 32, was assistant principal of Berkley's Norup Junior High School.

Connected with the Berkley School System since 1957, Drue had taught elementary mathematics and science and secondary science.

He holds a bachelor's degree from Eastern Michigan University and master's and education-

AREA NEWS

al specialist degrees from Wayne State University.

Drue, who served as director of Berkley's adult education program, also taught continuing education classes at Oakland University.

He was educational consultant to the Ceco Publishing Co., which publishes the American Youth Magazine sponsored by General Motors Corp.

* * *

Drue replaces Jack Minzey, who resigned in June to accept a position with the Michigan State University extension service.

ABSENCE LEAVE

During the 1964-65 school year, Minzey was on a leave of absence and his assistant, Dennis Boyle, served as acting high school principal.

Boyle also has left the school system this summer.

Owens said the high school would operate without an assistant principal for Drue's first year here.

Walled Lake District

Report Aims at New Classroom Need

WALLED LAKE — Between 70 and 150 new classrooms will be needed in the Walled Lake District within the next five to seven years.

This was one of the conclusions drawn from comprehensive enrollment projections recently prepared by Schools Supt. George Garver.

"We will have not less than 9,583 students and not more than 12,000 in five to seven years," the superintendent predicted.

One building which will help fill the classroom gap now is beyond the planning stages.

The board of education will open construction bids Aug. 24 on a 20-room unit to be built on Oakley Park Road. The district's ninth elementary school is to be completed by the fall of 1966.

MINIMUM NEED

That will leave a minimum need of 50 classrooms.

Also being considered are plans for the district's second high school. As a potential site for the building, the board is holding option on 60 acres of property at the northwest corner of Haggerty and 14 Mile.

School trustees this week gave Garver authority to take option on a junior high school site in the Wixom area.

* * *

Wixom is one of two sections expected to produce the greatest enrollment growth.

SEWERS COMING

"The reason is that, within 24 months, they expect to have sewers in the city," Garver said.

The same cause was cited for expected growth in another area — that portion of the district which lies within West Bloomfield Township.

"There also will be a continued increase in Commerce Township, which has had steady past growth with no sewers to influence it," Garver said.

* * *

As an example, he noted that more than 100 homes have been built in Wolverine Lake alone during the last year.

ENROLLMENT HIKE

A resident enrollment of 6,731 is expected for this fall, marking a summer jump of some 400.

Garver's figures do not include Dublin School District, which sends some 300 of its 1,100 students to Walled Lake High School on a tuition basis.

The superintendent compiled his projections by comparing those of the Oakland County Planning Commission, the Detroit Metropolitan Area Regional Planning Commission and planning consultants serving affected areas.

In addition, he interviewed officials of municipalities in the district.

Dr. Wayne G. Brandstadt Says:

Simple Precautions Aid in Resisting TB

Q — A member of my family has an arrested case of tuberculosis. What precautions should the rest of the family take not to get it?

BRANDSTADT

A—If you are dealing with a truly arrested case in a person who has periodic check-ups for this disease, you are safe so long as this person does not have a cough in which sputum is brought up or does not have an afternoon rise in temperature above 99.6 degrees F.

The ability of any member of your family to resist tuberculosis in the face of moderate exposure depends on a combination of factors.

These include living quarters with adequate sunlight and ventilation and not more than two persons to a bedroom.

Each member of the household should observe such rules of hygiene as frequent washing of the hands with soap and water, a well-balanced diet and adequate rest.

LOSS OF WEIGHT

Any unexplained loss of weight should be investigated by your doctor and all members of the family should have an annual chest X ray.

Q — You recently stated that polarizing glasses for glare are available in bifocals.

My supplier says these were discontinued about five years ago. Does any company still make them?

* * *

A — I have checked with several optical companies, including the one you mentioned.

They will still make these glasses to your prescription, provided you do not require too great a correction.

Q — If a man has had his cords cut to prevent fathering a child, can they be patched up later so he can have children again?

A — Attempts at restoring the spermatic cords to their original function have been discouraging and have been abandoned by most surgeons.

Q—I have four lovely children but do not want any more. I have tried birth control pills but couldn't stand the side effects. Would an operation — tying the uterine tubes — be the best procedure?

A — In addition to tying the tubes and taking the pills, a simple new contraceptive device is gaining wide usage.

* * *

It consists of a plastic spiral strip that can be placed in the uterus painlessly, under sterile precautions, in your doctor's office.

Q — An employer of our city water plant says chlorine kills germs in the water but that it is bad for the heart and kidneys. Is that true?

* * *

A — Although one still hears wild claims about the harm caused by fluoridation, I haven't heard any such claims about chlorination for over 20 years.

Both processes, as practiced in city water purification plants, are safe.

(Written for Newspaper Enterprise Assn.)

LBJ in Texas for Weekend

JOHNSON CITY, Tex. (AP) — President Johnson settled down today on his ranch near here for a weekend of relaxation mixed with work.

Johnson, accompanied by his wife, reached home Thursday night after using two different jets for his trip from Washington.

* * *

His big transport set down at Bergstrom Air Force Base near Austin and from there he used a smaller jet for the remainder of the trip to the ranch.

Johnson planned to work on some appointments, get in some boating on Lake Lyndon B. Johnson, look over his blooded Herefords and other livestock and get in some neighborly visiting.

24TH VISIT

This is Johnson's 24th visit to Texas since he became President Nov. 22, 1963.

Before leaving Washington, Johnson spent about 3½ hours cruising the Potomac River aboard the yacht Sequoia with about 40 ambassadors as his guests.

20 Utilities Pledged for Study by MSU

EAST LANSING (AP)—Twenty utilities across the nation have pledged grants totaling $60,000 a year for five years for a study at Michigan State University of problems facing the nation's utilities. Among topics will be the effects of government regulations and the impact of technological change.

Surrender of Japanese Now Two Decades Old

On Aug. 14, 1945, President HARRY S. TRUMAN announced that Japan had surrendered unconditionally. World War II had ended with a bang, not a whimper.

The first atomic bomb ever used in war was dropped on Hiroshima on Aug. 6, 1945. The second exploded over Nagasaki three days later. Soviet Russia had declared war on Japan on Aug. 8, effective the next day. On Aug. 10, the State Department in Washington acknowledged receipt through the Swiss government of a Japanese surrender offer which made the proviso that Emperor HIROHITO remain in power. The Allies accepted on Aug. 11.

★ ★ ★

On Aug. 14, at 7 p.m., President Truman announced a Japanese surrender that was unconditional. From 2 o'clock on that morning, people around the world had been celebrating the end of World War II on the basis of a Japanese broadcast saying Japan had accepted the Allies' terms.

The first American soldiers landed in Japan on Aug. 28, a small Air Force advance party. Finally, Gen. DOUGLAS MACARTHUR, as supreme commander of the Allies, took the formal Japanese surrender in a 20-minute ceremony aboard the U.S. battleship Missouri in Tokyo Bay on Sept. 2. President TRUMAN proclaimed Sept. 2 V-J Day. "This," the President said, "is a victory of more than arms alone . . . This is a victory of liberty over tyranny."

★ ★ ★

Twenty years after World War II hostilities ended, the United States finds itself again at war in everything but declaration. The fighting in Viet Nam — like the fighting in Korea only five years after World War II ended — stems more or less directly from the untidy, unfinished World War II peacemaking.

★ ★ ★

When Japan surrendered, 20 years ago, the foremost thought of President Truman, as he tells it in his memoirs, was that now, "maybe the teachings of the Sermon on the Mount could be put into effect."

The two decades that have followed have given little life to the President's aspirations.

Coverage Is Expanding Under Social Security

It is just about 30 years ago that President FRANKLIN D. ROOSEVELT signed the Social Security Act. The bill was described at the time as more complex than any other ever considered by Congress and as the most comprehensive single piece of social legislation ever enacted by the legislature of any country.

At the time, coverage was provided for only 25 million workers, but eventual universal coverage was contemplated. As of today, 76 million citizens are covered and about 20 million are receiving benefits up to $135.90 a month for the retired worker alone. (Average benefit for the retired worker alone is $80.00.) Next year the maximum monthly payment goes to $149.90, and the maximum rises to $167.90 in 1971.

★ ★ ★

The Social Security bill of 30 years ago was introduced by Thomas H. Elliot, now chancellor of Washington University in St. Louis. At the time, there was a general uncertainty as to the Supreme Court's view as to the constitutionality of New Deal legislation in general.

★ ★ ★

The act's status remained in doubt almost two years. The Supreme Court decision upholding the Social Security Act was handed down in May 1937. The bill was introduced on Jan. 17, 1935, though its author later recalled that it was not ready for introduction. The President's Committee on Economic Security, headed by Secretary of Labor FRANCES PERKINS, helped to plan the original system.

The Act of 1935 had as its ultimate goal the provision of retirement income, as a matter of right, for all the Nation's aged.

★ ★ ★

In the next three decades, coverage has been expanded regularly, and benefits have increased considerably. Social Security sweeteners have been enacted in each of the past seven general elections. The bill which President JOHNSON signed on July 30 ended a fight of more than two decades for a Social Security medical care program.

U. N. Solution Sought by LBJ

By JAMES MARLOW
AP News Analyst

WASHINGTON — President Johnson is on the spot.

MARLOW

By Monday, he must find a solution that will keep Republican critics quiet, save face for the United States, and get the United States, Russia and the United Nations off the hook.

This is the hook:

The Soviet Union, France, Belgium, South Africa, Yemen and eight Communist countries owe $108 million to the United Nations as their share of the cost of keeping the peace in the Middle East and the Congo.

Russia's share is $62.2 million. Russia refuses to pay, arguing that the way the U.N. decision to send peace-keeping forces into the Middle East, and the Congo was made was illegal. France takes a similar position.

★ ★ ★

But the United States has been making Russia its main target and insisted the Soviets must pay up or lose their vote in the U. N. General Assembly.

LENGTHY ARGUMENT

If that happened, and Russia and her satellites quit the world organization, only a shell would be left. This argument for months has made a mess of the United Nations. The United States has been softening its stand.

An American backdown, particularly at this time when the United States doesn't want Russia to get involved in the Vietnamese war, seems certain. Johnson's problem is how to do it gracefully.

Originally, the U. N. Security Council —where the United States, Russia, Britain, France and Nationalist China all have a veto that can kill any action—had the right to use U. N. forces to stop aggression.

★ ★ ★

But at the time of the Korean War, the United Nations was able to intervene only because, when the Security Council made the decision, Russia was absent. The United States didn't want to get caught in a narrow squeak like that again.

So the General Assembly was asked to okay the Middle East and Congo peacekeeping forces, which it did. The Russians say this was illegal because only the Security Council has the power to make such decisions.

FAILS TO PAY SHARE

Article 19 of the U. N. Charter says if a member falls behind for two years in what it owes toward U. N. expenses, it shall have no vote in the assembly. The United States demanded Russia pay up or lose its vote.

That was the American position under Johnson last year. Nevertheless, the United States didn't force an all-or-nothing showdown and, this year, its position seemed to soften.

This is why it seems inevitable Johnson by Monday will have to work out some formula with which Russia can agree.

The 33-nation U. N. committee considering the dues problem meets Monday.

Hasn't Struck Out Yet

David Lawrence Says:

Trade With Reds Felt in S. Viet

WASHINGTON — Which is more important — to make money for oneself in trading with an enemy or to help save human lives?

LAWRENCE

Everybody would say at once that it is obviously better to avert bloodshed and end any war that's going on.

But when this is applied in practice, it turns out that many individuals in various countries, hitherto allied with us, have a greater passion for dollars or pounds or francs or marks or pesos.

There wouldn't be a war in Viet Nam today and American boys wouldn't be fighting and dying in a far-off land if the nations of the world whom the United States has befriended and to whom it continues year after year to send billions of dollars of aid took a stand in support of the American position in Viet Nam.

There would be a different story to tell if trade with Red China were cut off by the free world, and if the Soviets saw that the same thing would happen to them should they keep on aiding with North Viet Nam by building missile sites there and sending weapons to be used to kill American soldiers and airmen.

★ ★ ★

Perhaps the Johnson administration has failed to be realistic about the situation.

The President has said that he has ample authority to send American armed forces to Southeast Asia under the resolution passed by both houses of Congress on Aug. 10, 1964.

But, while this is true, Congress has not formally declared "a state of war," which is recognized in international law as requiring all nations to refrain from sending contraband goods to the belligerents under penalty of seizure or confiscation of shipments of such commodities.

★ ★ ★

Red China is in every sense a cobelligerent with North Viet Nam. The Viet Cong couldn't last a month if forces and weapons were not supplied directly or indirectly by the Communist regime in Peking.

TRADE NEWS

But what is the news that the American people read in the headlines this week?

Canada has announced that it has just completed a deal to sell $450 million worth of wheat to the Soviet government.

It has been argued that more trade will produce better relations with the Communist regimes, and a new scheme now is being pushed here to sell vast quantities of U.S. wheat to Communist countries, especially in Eastern Europe.

Much of the American grain which would be shipped to the Communists in Eastern Europe or elsewhere has been bought and paid for by United States taxpayers through the farm-subsidy program.

It comes back to the same old question: Which is more important — to make money for oneself or to help save human lives, especially American lives?

(Copyright, 1965, New York Herald Tribune Syndicate, Inc.)

Bob Considine Says:

Marine Reservists Getting Ominous-Sounding Letter

NEW YORK — If you are a Reservist in the U.S. Marine Corps today, you would be in receipt of a thought-provoking letter from headquarters. It doesn't start out with "greetings" but it sounds ominously like one of those classic summonses. Reads like this:

CONSIDINE

"General. A rapid mobilization by the Reserves is absolutely essential if the Marine Corps is to fulfill its traditional role as the nation's force in readiness in any future war. This "letter of intent" is merely one step in the Marine Corps' peacetime policy of preparedness.

"Prior Arrangements: You are urged to make all practicable advance arrangements to prepare yourself and your family for the receipt of mobilization orders in the event a mobilization is required in the future. Do not under any circumstances plan on taking your dependents to an active duty station.

"Uniforms and Comments: In the event you are mobilized in the future you will report as directed with all uniform clothing in your possession.

"In addition, you should bring the following: reserve ID card, ID tags (dog tags), copies of your marriage certificate and birth certificates of your dependent children, and your Social Security account number card."

IN SAFE PLACE

The alert urges that the Reservists put in some safe place or sure hands a last will and testament, birth certificate, "parents' names and marriage records," list of schools attended, union affiliation, hospitalization and pension plans, life insurance contacts, titles to home and car, income tax returns for the past six years, and "certified copies of death certificates and decrees of divorce and annulment evidencing the dissolution of all prior marriages of the Reservist and his spouse."

It also suggests, "See your attorney about the preparation or revision of your will. Consider making your bank account a joint account with your wife or parents. Rent a safe deposit box and place all important documents therein. Arrange to give your wife or attorney the right to open the box.

"See that the county assessor has the correct address where you wish your tax bill sent and that property taxes are paid to date. Also see that other taxing authorities (Internal Revenue Service, state income tax, etc.) have been notified of this address.

"If you are employed, arrange with your employer for your return to employment when military service is finished.

SECURITIES

"Consider the possibility of depositing your securities in a custodian account with a trust company for the purpose of collecting interest and dividends and depositing same in your bank account during your absence.

"Arrange for absentee ballots to be sent to you. Arrange for suspension or adjustment of club, lodge or union dues.

"Consider transferring to wife property now held in joint tenancy. Note that joint ownership does not avoid death taxes and may have some risks and disadvantages."

Happy motoring!

Voice of the People:

Reader Commends Press for Outstanding Articles

Pontiac Press stories are always interesting and enjoyable, but two recent series were especially good. The articles on self-protection in case of assault were outstanding and pointed out many things most of us would never think about. I hope every girl and woman in this area read all the articles very carefully.

★ ★ ★

On the brighter side, Margaret Brown's stories about Pontiac war brides were terrific. I'd like to see lots more feature stories like those.

VACATIONER WHO HAD
PAPER SENT ALONG

'White Lake Resident Should Get the Facts'

To the disturbed White Lake resident who was misled to believe that White Lake Township drilled three holes for water at a cost of $53,000, I suggest he contact any member of the White Lake Township Board or the Waterford Township Board to get the true facts on this matter before jumping to any conclusions.

EDWARD CHEYZ
WHITE LAKE TOWNSHIP SUPERVISOR

Views on Sending Delinquents to Viet Nam

Letters from V. L. Bridges and H. Dean take C. L. G. to task for a suggestion of sending delinquents to Viet Nam, because they object to delinquents going through the things they did, or because the delinquents are the sons of someone who loves them.

★ ★ ★

A doctor's family in Waterford grieves because their son was stabbed to death. Is their grief any less because the parents of the lad who did it are upset? A young woman was dragged from her car and attacked by seven or eight hoodlums. Is this woman's injury and emotional shock any less because a few "harmless" well-loved boys were out looking for kicks?

★ ★ ★

Parents are expected to instill a sense of decency, honesty and love of God into their offspring. We need judges who will deal fairly and severely with both delinquents and parents. Those who can criticize should also be able to offer a constructive idea of what to do.

ELEANOR MARTIN
ROCHESTER

Counselor Comments on Current Record

In my opinion, the record "Eve of Destruction" should not be played for public entertainment.

★ ★ ★

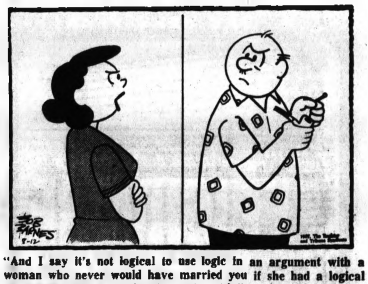

I am a 22-year-old ex-service man and am now a counselor at a boys' youth camp, working with youth just starting life — youth who look toward the adult world for guidance. When these thinking youth hear "Eve of Destruction," they ask "Could it be right?"

★ ★ ★

It would be a pitiful state of affairs if this record became Number One, wouldn't it?

JERRY OLAGUE

The Better Half

"And I say it's not logical to use logic in an argument with a woman who never would have married you if she had a logical mind to begin with."

Reviewing Other Editorial Pages

Thinking Ahead

L. & N. Magazine

Two small boys at a modern art exhibit stared at a wildly abstract painting. One of the youngsters muttered to the other, "Let's get out of here before they say we did it."

Responsibility Needed

The San Diego Union

A citizen concerned with the deficit spending fiscal policies of the federal government wrote the President asking for a "real honest answer" to the possibility of the nation going bankrupt.

His answer from J. A. Stockfish, deputy assistant secretary of the treasury, was perhaps a little more honest than the citizen bargained for. It added to his worry.

Mr. Stockfish replied in essence that the federal government, unlike business, could not go broke if it continued to spend more than it takes in year after year.

"If by the term bankrupt you mean that the federal government would be unable to pay its bills and meet its outstanding obligations, then such a situation need never arise because the federal government has the power to coin money and could thus create whatever amount of money is necessary to meet these obligations," Mr. Stockfish wrote.

He failed to add, however, that under these circumstances the newly printed money might not be worth very much in terms of purchasing power.

It is hard to understand why the increasing federal debt fails to worry Washington economists. On the contrary, a congressional committee recently heard an administration spokesman "worry" that the federal government would collect $50 billion extra in the next five years if present revenues continued. Unless it is spent, he added, the economic growth might slow down.

★ ★ ★

His statements came at a time when officials announced a $3.5 billion deficit last year — the 30th deficit in 35 years. Increased new welfare programs approved this year is almost a certainty in the immediate period ahead.

No nation has ever consistently spent more than its revenues without being driven into an inflation that robs every citizen of the purchasing power of his money. Perpetual prosperity cannot be achieved through perpetual borrowing.

★ ★ ★

If the present deficit spending continues, the time may well come when the government has to start printing paper money to meet its outstanding obligations. And should that day ever come, the economic upheaval would make the "economic slowdown" concerning administration spokesmen today sound like a pindrop during a sonic boom.

We suggest if the government has $50 billion in extra revenue during the next five years it apply the sum to the $328 billion national debt. A sound alternative would be to use some of the income to balance the budgets.

It would hasten the day when Washington returns to fiscal sanity.

Bad to Worse . . .

The Regina (Sask.) Commonwealth

Two drunks were walking down the railroad track. Said one: "These are the longest stairs I ever saw."

The second one said: "Yeah, but what gets me are these low handrails."

Death Takes Solon Under Indictment

NORWOOD, Mass. (AP) — John F. Thompson, former Massachusetts House Speaker, under indictment on charges of bribery and conspiracy while in office, died Thursday night, Norwood Hospital said early today.

Hospital authorities said he was brought from a private home and was pronounced dead on arrival at 10:50 p.m.

He was said to have died of natural causes. However, an autopsy was scheduled later today.

Thompson, who won reelection to the House last November despite the indictments, was accused May 8, 1964, of accepting and requesting bribes in 29 indictments containing 58 counts.

He was charged on the basis of evidence gathered by the Massachusetts Crime Commission, which investigated corruption in state government.

The commission's investigation has led to indictments against more than 50 state officials, state employes and private individuals and corporations doing business with the state.

A NEW METHOD FOR RELIEVING PAINFUL CORNS OR CALLOUSES

A scientific new formula in an easy-to-apply liquid is available to those who suffer with corns, callouses, bunions, tired-aching feet or athletes foot. Bunex is a liquid that promises relief from foot troubles or your money back.

For corns, callouses or bunions, a little Bunex is placed on and around the infected area and massaged in well twice daily using fingers. For tired and aching feet, Bunex is applied like a hand lotion and rubbed in well.

For athletes foot, Bunex is applied and massaged into infected area each night for about two weeks. The condition will clear up in a very few days, but keep using wonderful Bunex for two weeks to insure removal of all fungi.

Bunex is absolutely safe to use even for children. Its continued use can prevent return of corns, callouses or Athletes foot.

BUNEX is sold on a money back guarantee at PERRY PHARMACY, Pontiac and Birmingham; THRIFTY DRUG STORE, Pontiac and Drayton Plains; PATTERSON PHCY., Oxford; or your favorite drug store; or send $1.50 to Wilbrin Lab., P.O. Box 143, Lathrup Village, Mich.

Hawaii Land of High Cost?

Solons in Annual Recap of Expenses

WASHINGTON (UPI) — Hawaii's senators and congressmen, much to the chagrin of the chamber of commerce, are shouting from the rooftops once again that it costs more to live in Hawaii than any other state except Alaska.

* * *

All four lawmakers paraded before a congressional subcommittee yesterday proclaiming that prices in Hawaii are higher on everything from hamburger to houses.

"The average price of owner-occupied housing units in Hawaii is the highest of any state in the nation," said Sen. Hiram L. Fong.

"A head of lettuce costs 40 cents in Honolulu, in comparison to only 20.5 cents in Los Angeles and 21.9 cents in San Francisco," cried Sen. Daniel K. Inouye.

* * *

"From June of 1953 to June of 1963, the consumer price index in Honolulu rose about 26 per cent," said Rep. Patsy T. Mink.

LIVING COSTS

"The latest Bureau of Labor Standards cost-of-living survey shows that living costs are still about 15 per cent higher in Hawaii than in Washington D.C.," Rep. Spark M. Matsuna declared.

The delegation's perennial attempt to convince Congress, not of the glories of island living and vacationing, but of the expense, makes chamber officials and representatives of the state's multi-million-dollar tourist industry shudder.

The reason for their candor is a bill being vigorously pressed by the Civil Service Commission to abolish tax-free, 15 per cent cost-of-living allowances to 11,000 government employes in the islands.

* * *

If the allowances are eliminated, about $12 million will be jerked out of Hawaii's economy.

Nonetheless, Hawaii's representatives have had second thoughts about advertising their state's shortcoming.

* * *

Chamber officials and tourist industry representatives have urged them to pursue the line a little less enthusiastically.

Lady Bird Views 'Head Start'

NEWARK, N.J. (AP) — The footprints have been wiped off the piano but the 18 children in Mildred Hill's preschool class haven't forgotten Mrs. Lyndon B. Johnson's visit.

Mrs. Johnson and more than 60 officials, newsmen and anti-poverty workers visited two basement classrooms at Cleveland School in a predominantly Negro neighborhood of Newark Thursday. She visited a similar project at a Mennonite Church in rural Lamberiville.

* * *

Footprints on the piano — and on a stove, sink, bookcases and tables in their classroom — made more of an impression on Mrs. Hill's pupils than did the visiting dignitaries.

The First Lady sat in a kindergarten-sized chair with the students sitting around the floor at her feet, answering questions about their activities.

TELL OF VISITS

As they told of visits to the airport and a zoo, one boy said, "Look at that man standing there," pointing in wonder at a photographer standing on a snowy white stove. Mrs. Hill, who has been teaching the children how to behave, wiped off the footprints after the visitors left.

News that Mrs. Johnson was coming didn't mean much to most of the children, Mrs. Hill said. One little girl thought her aunt, Mrs. Johnson, was going to visit.

* * *

Many of the children recognized Mrs. Johnson's face but didn't really know or care whether she was a movie star, cowboy's wife, or the President's wife.

Two 5-year-olds selected as Mrs. Johnson's guides, Dawn Rudd and William Purdie, were awed by the First Lady's arrival amid flashing police lights and the cheers of more than 1,000 neighbors. They were almost crushed by the surging crowd around Mrs. Johnson.

'MAY SPURN INTEREST'

"There are a lot of people who say they are not going to be bothered. After they see this maybe they will take an interest in the project," said William's mother, Lillian Purdie.

Mrs. Johnson visited Mrs. Purdie and Ozella Rudd on the stoop of their home a half block from the school.

Mrs. Purdie, who has seven other children and one grandchild, told Mrs. Johnson that William "dresses himself better than he used to, plays with the other children at home and has taken a new interest in food."

"We had better than this for lunch," he frequently tells his mother, she said. The children receive a hot meal each day.

The first lady didn't have a chance to talk much with the mothers because the crowd was making too much noise.

"None of us asked her to come in — we were all too excited," Mrs. Purdie said.

HEAD START—Seated in a kindergarten-size chair with Head Start children at her feet, Mrs. Lyndon B. Johnson listens attentively yesterday while young John Robinson recites about his visits to the airport and zoo under the Neward Head Start program. His teachers, Dorothy Hill (left) and Eva Pavillo (beside Mrs. Johnson), beam proudly. New Jersey Gov. Richard Hughes sits beside Mrs. Johnson in the basement classroom of the Cleveland Elementary School.

Big City 'Collision' Forecast Over Water Problems

NEWARK, N.J. (AP) — President Johnson's water crisis team moves into this drought-stricken city today after warning that Philadelphia and New York are on a collision course in solving their water needs.

Secretary of the Interior Stewart L. Udall, who heads the 16-man federal task force, terms Newark, New Jersey's largest city, the most critical area in the parched Northeast.

★ ★ ★

Another water conserving regulation has gone into effect in New York City — reduction in use of air conditioning. The new order limits the hours which water-cooled air conditioning may be in use.

Udall said Thursday in Philadelphia, first stop on the team's four-city trip, the collision "is probably only 30 days off."

"We are there to seek means of preventing a serious dispute between these two great cities," he said. "This is an immediate problem. We will not find immediate relief in engineering projects which will take months to complete."

The water-crisis team is part of the machinery ordered by President Johnson Wednesday after meeting with governors, mayors, congressmen and other officials from the four affected states — New York, Pennsylvania, New Jersey and Delaware.

★ ★ ★

The Delaware River Basin Commission declared a state of emergency last month and ordered New York to release 200 million gallons of water daily into the Delaware from its reservoirs. New York has asked to be released from its commitment.

Without the New York releases, the salty tidewater from the Delaware Bay would move into Philadelphia and render its water undrinkable.

COLLISION COMING

The collision could come Sept. 10, Udall said, when the emergency restrictions expire.

Gov. William W. Scranton of Pennsylvania has threatened court action if New York's contribution is discontinued.

The team's second stop Thursday was in Camden, N.J., across the Delaware from Philadelphia. Udall praised the water system serving Camden and southern New Jersey "as one of the best in the country."

5 States Vow Erie Cleanup

Promise Detailed Plan to End Lake Pollution

BUFFALO, N. Y. (AP)—The five states bordering Lake Erie have promised to develop, within six months, detailed programs for ending lake pollution.

Representatives of New York, Pennsylvania, Ohio, Indiana and Michigan agreed Thursday to the multi - billion - dollar venture at the close of a U. S. Public Health Service pollution control conference.

More than 10 million persons in the Lake Erie basin would be affected.

FINAL SUGGESTIONS

Final recommendations unanimously approved by the conferees included a suggested timetable which called on municipalities and industries to complete construction of new sewage treatment of wastes and industries were asked to reduce pollutants according to a schedule recommended in the report. Many communities have only primary treatment facilities.

The final recommendations also included provisions for:

—A federal study aimed at developing new methods of controlling combined storm and sanitary sewers and removal of phosphates from wastes.

—Encouragement of regional anti - pollution planning by the five states and the U.S. Public Health Service.

3 Negroes Are Fined for Actions at Blaze

DALLAS, Tex. (AP) — A Corporate Court judge Thursday fined three Negroes in connection with attempts to incite a crowd against police at an apartment house fire July 29 in which a Negro child died.

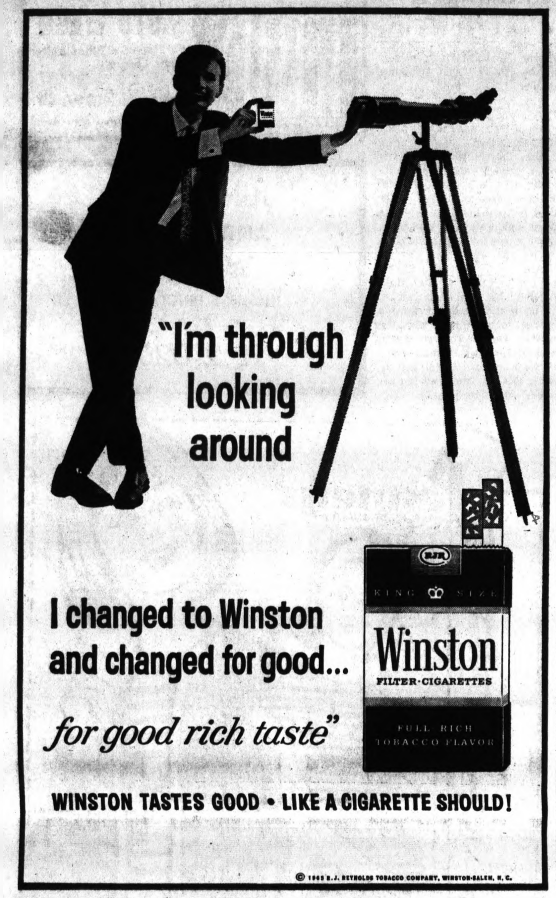

The crowd, estimated at more than 400, hampered firemen battling the blaze.

Draft Card Damage Senate Unit Topic

WASHINGTON (AP) — Criminal penalties for willful destruction, burning or mutilation of a draft card would be provided by legislation approved by the Senate Armed Services Committee.

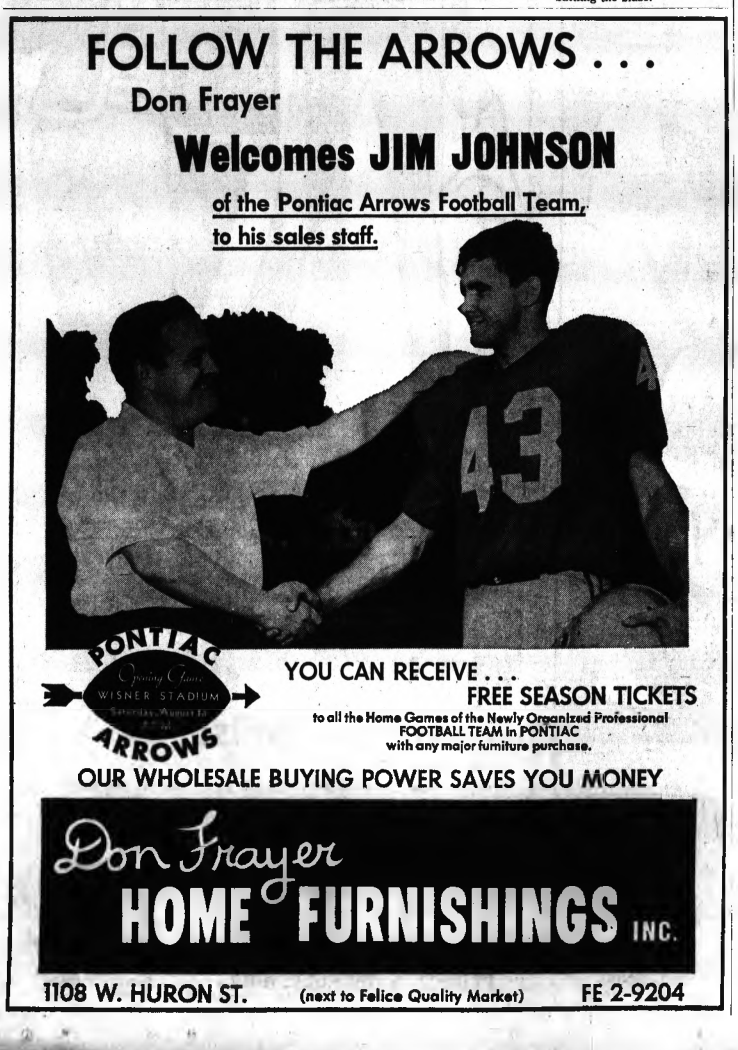

The bill, carrying penalties up to five years in prison and $10,000 fine, was inspired by threats by some demonstrators to burn their draft cards to protest Viet Nam policies. Committee action Thursday sent it to the Senate. The House has passed similar legislation.

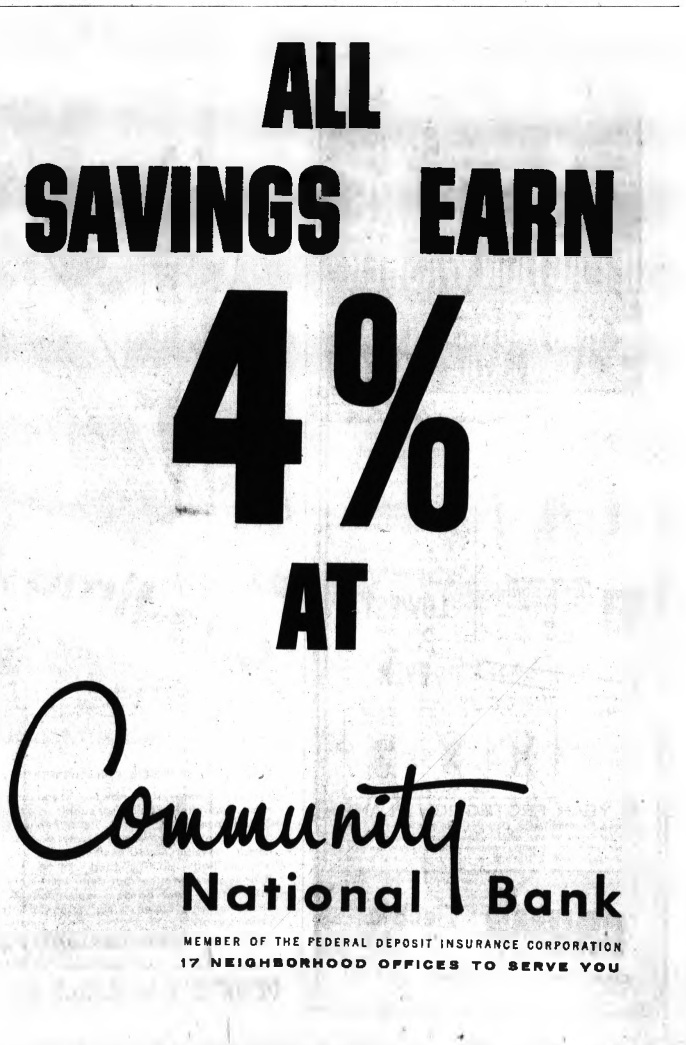

The St. Lawrence River is the only natural outlet of the Great Lakes.

Fun Day 'Bubbles' Over With Excitement

Smacks and pops took turns with chump, chump, chumps as thousands of city youngsters made the song, "I'm Forever Blowing Bubbles," come true this week at Oakland Park.

The occasion was the annual Parks and Recreation Department's Playground Fun Day, and the prizes for the booths were squares of bubble gum.

Boxes of the tasty, pink stuff were awarded just to prove that prizes aren't as important as having fun, and they did have fun.

Anyone who dropped in on the carnival-like affair or passed by couldn't miss hearing the laughter, giggles, and happy sounds echoing through the tall, shady oak trees.

★ ★ ★

Nineteen school playground units and the Hayes Jones Community Center unit sponsored booths for the event, which is the finale to the seven-week fun program ending today.

GIVEN IDEAS

Work for the Fun Day begins at the beginning of the summer program. Each unit was given ideas from the central office. They were welcome to use these or develop their own.

When they finally chose a theme, their entire summer fun program became centered around it. Some units even wrote lyrics to the tune of old songs that have a connection with their theme.

They also picked a mascot to go along with their theme such as a lion which the LeBaron school unit chose. This group used their mascot called "Fifi" for a Fun Day contest.

★ ★ ★

David Miller and Jackie Grandison guessed the mascot's correct weight right on the nose — 21 pounds. For their expert evaluations, they won assorted candy.

DESIGN FLAG

In addition to a mascot, the units designed a flag. These were proudly displayed outside their booths.

The brightly colored booths were imaginatively decorated and set up.

There was a wet sponge throw, which was fun for the one doing the throwing, but rather wet for the generous soul behind the oilcloth target.

★ ★ ★

Other booths included a ping pong washer, and ring toss; dart, football, overhead, and bean bag throw; clothespin drop, bottle setup, mystery booth, fish pond, miniature golf, swinging ball, balance beam or broad jump, candle shoot, obstacle course, wheel of fortune, and nail drive.

JUDGES

The Fun Day had as judges for the booths, Mrs. Martha Wheeler, special education teacher in Waterford Township; Mrs. Sanford McLean, an artist; Mrs. M. J. Root, art teacher at a Waterford Township junior high school; and Fred M. Carter, arts and crafts supervisor for the playground program.

Besides fun at the booths, the youngsters could compete for other prizes such as model cars in special events including the raw-egg toss, three-legged race, slow bike race and chariot race.

The latter was a colorful sight, composed of horse (an older boy) and rider (a younger one), the latter being pulled without wheels in a cardboard and wooden cart across the baseball field to the finish line.

The charioteers exhibited the strength of Roman athletes as they kicked up dust racing to the finish.

GAY COLORS

The chariots were works of art, painted with gay colors and insignias.

Richard Cain, recreation supervisor, estimated the total enrollment up to Wednesday in the program to be about 65,000, which is higher than last year.

For each unit there is one adult leader, who is usually a teacher, and a college student as assistant leader. The recreation department tries to get a male and female leader working on each playground.

★ ★ ★

In addition to the Fun Day, units had various picnics and cookouts during the summer.

They held auctions of old toys and gathered pop bottles to raise money for group activities.

BEWITCHED — Susan Hobban, 8, of 53 Neome gives a bewitching smile to show how she acted her part in the Webster School playground program, "The Wizard of Oz." Each school unit has one special event during the summer. Susan's group decided to put on a play, complete with costumes.

Pontiac Press Photos by Edward R. Noble

WHAM! — The bean bag zoomed at the target when Pierre Ricks, 9, of 346 Howard McNeil was pitching. Even his bubble gum didn't interfere.

SHARPSHOOTER—Ingrid Smit, 8, of 224 W. Beverly tries her hand at putting out the candle with a squirt gun. Booth operators (from left) are John Teets, 10, of 91 Seminole and Henry Leopold, 10, of 86 E. Iroquois.

OOPS!—Walking a plank is hard enough, but blindfolded? . . . pretty tricky! It's understandable why Susan Summers, 9, of 494 N. Saginaw is having trouble.

LOVES BEAN BAGS—Macon Fed, 17, of 478 Branch was the bean bag eater at the Fun Day carnival. He poked his head out of the holes in his booth long enough to tease a participant, but pulled it back fast enough to avoid being hit.

BAREFOOTED—Pretty Debbie Teets, 9, of 91 Seminole looked like a princess walking through the forest, even though she preferred to be barefooted. Debbie was in the Webster School unit program, "The Wizard of Oz."

'WHEW! THAT SMARTS'—Splashed with a cold, wet sponge is volunteer Tim Brady, 10, of 187 W. Cornell. He probably hopes the next thrower won't be so proficient.

ROMAN CHARIOTEERS — Victors in the chariot race proudly display the model cars they won. The rider, Scott Brady, 6, of 187 W. Cornell blows a big bubble for his "horse," 14-year-old, Jon Costello of 12 LeGrande.

Scholar Hunt Planned by U.S. Naval Academy

ANNAPOLIS, Md. (AP) — The U.S. Naval Academy will use its athletic recruiting techniques and organization in a new campaign to attract top students from high schools around the country.

Plans for the academic talent search were announced today by Rear Adm. Draper L. Kauffman, academy superintendent.

★ ★ ★

He said a similar drive will be launched later this year to recruit high school students with outstanding leadership ability, such as class officers, who might not come to the academy's attention as readily as an athlete or scholar.

The program will have "our very highest priority," he said.

"We have a great thing going for us in our athletic recruiting system," said Kauffman, who became superintendent two months ago. "It has produced good student athletes with outstanding officer potential.

"Now we're going after those who can still fit our concept of the 'whole man' but whose abilities may be more pronounced in scholarship or leadership than in athletics."

★ ★ ★

The first to be contacted will be 189 National Merit Scholar semi-finalists and other commended students who recently indicated an interest in attending the naval academy on their examination forms. These students rank among the top 2 per cent in high schools throughout the country.

★ ★ ★

Kauffman said hundreds of others with similar high standing, who expressed a preference for some other college or university, also will come within the scope of the campaign "if they are the type of individual we are looking for."

LOOK FOR SCHOLARS

"We will compete for scholars in the same manner as we do for the athlete who is also a good student," he said. "But we don't want the physically inept or the boy who has no leadership capabilities."

The superintendent last weekend sent a personal letter and package of information to each of the merit scholarship semi-finalists who expressed an interest in the academy.

★ ★ ★

A personal visit from a naval academy representative is to follow.

Utilized in the program will be an organization of some 300 "Bird Dogs" — volunteer talent scouts who make up Navy's nationwide athletic recruiting system — and some 250 "Blue and Gold" officers, trained Naval Reservists who serve as academy information officers in their home naval districts.

State Jews to Discuss Legislation

LANSING (AP) — Michigan Jewish leaders will meet here Aug. 22 to discuss state and federal legislation which some assert is "affecting or striking at our traditional and constitutional separation of church and state."

The conference is to be sponsored by the Anti-Defamation League of B'Nai B'rith, the American Jewish Committee, the American Jewish Congress and the Jewish Labor Committee.

★ ★ ★

The scheduled conference "grew out of a widespread concern over the growing trend," said Mrs. Charles Solovich, a Detroit attorney and chairman of the Michigan regional advisory board of the Anti-Defamation League.

A tentative agenda listed as speakers Dr. Norman Drachler, assistant superintendent of Detroit Public Schools, and Hubert Rubenstein, associate director of the Michigan Welfare League.

MODERATOR

Detroit Common Pleas Judge Joseph Pernick was scheduled to moderate a panel discussion. The panel is to include Meyer Warshawsky, a South Haven attorney and Republican candidate for attorney general last November.

Legislation mentioned for possible consideration includes:

—Two bills passed by the legislature and signed into law by Gov. George Romney, providing health services and other nonclassroom services, such as special counselors, visiting teachers, aid to the handicapped, retarded and emotionally disturbed, on an equal basis to public and nonpublic schools.

—A House bill that would have granted a tax rebate to the parents of parochial grade and high school children equal to the amount they pay in tuition up to, but not more than, the amount paid in taxes. It was shelved in the House Taxation Committee.

—A Senate bill establishing a commission to enforce kosher food laws. It passed the Senate but was not reported out of the House Judiciary Committee.

—A House resolution of tribute to the Salvation Army.

★ ★ ★

The meeting, Mrs. Solovich said, also will concern itself with the busing of parochial school children, released time and cooperative programs in which parochial students attend some classes in public schools.

It will go into the church-state aspects of federal aid to education and the antipoverty program.

★ ★ ★

Purposes of the meeting, she said, "are to find solutions to the problems — if they exist— to discuss legislation needed, to take a group position on this. . . and to determine whether a permanent organization should be set up."

AP Photofax

SUMMER FUN — Nancy Redington, 4, chases a balloon with typical childish glee as her parents and others participated in the Festival of St. Louis, Mo., yesterday.

U.S. Film on Texas Won't Star LBJ

WASHINGTON (UPI)—There may be some scenes of the Pedernales River country and some shots at the LBJ Ranch, but films the U.S. Information Agency (USIA) is making isn't really about President Johnson.

Instead, it shows "how through education, hard work and a democratic society, the people of that area of the southwest were able to transfer a very lean countryside into an economically developed area."

That description of the movie, which will be titled "A President's County," was offered by the USIA after Sen. John J. Williams, R-Del., told the Senate yesterday the agency was filming Johnson's life story.

Williams revealed the project after offering an amendment to a $2.05-billion appropriations bill for the Departments of State, Justice and Commerce. It would have forbidden the USIA from producing movies in this country with an American public official as the principal character.

★ ★ ★

The senator did not mention the film when he offered the amendment. But under prodding from Sen. John O. Pastore, D-R.I., he said his proposal involved the "Texas Story" about the life and contributions of a certain family.

CERTAIN FAMILY

After further prodding from Pastore, Williams allowed as how the certain family was the Johnson family. He said the film would set a precedent, and that Congress should vote funds specifically for such a movie.

Williams' amendment was shouted down on a voice vote before the appropriations bill was passed and sent to a conference committee for compromise with the House version.

A spokesman for the USIA, Edward Savage, said the half-hour film, which had carried the designation "Texas Story" as an early working title, was not about President Johnson's "life story" as such.

★ ★ ★

He said it mainly tells the story of the economic development of the arid Texas hill country from which the President comes.

Savage said the movie, like many USIA films, was designed to be shown only to overseas audiences.

He said the USIA did not consider the film a precedent and noted it had made one on former President Dwight D. Eisenhower's travels as well as a memorial film on the life of the late President John F. Kennedy.

Vote in NLRB Election

STURGIS (AP)—Workers at Transogram Co. Inc., a toy and games manufacturing concern here, have voted in a National Labor Relations Board election for representation by the United Auto Workers Union.

Budgeteers Pick Head

MACKINAC ISLAND (AP)—The National Association of State Budget Officers elected Paul Wileden of Lansing, Mich., Thursday as its president for 1965-66 and chose Honolulu for its 1966 meeting. T. N. Hurd of Albany, N. Y., was elected vice president.

More than 38 million persons will be injured or killed in traffic accidents in the nation in the next 10 years, an insurance company study has forecast. Damages from the mishaps will exceed $100 billion.

Two State Counties Added to Aid Plan

WASHINGTON (AP) — Two Michigan counties which ordinarily might not meet the specifications for aid to depressed areas were added in an amendment to the $3.25 billion public works development bill Thursday.

★ ★ ★

Mason and Newaygo counties plus nearly 100 others outside Michigan were added in the amendment by Rep. Bernard F. Sisk, D-Calif.

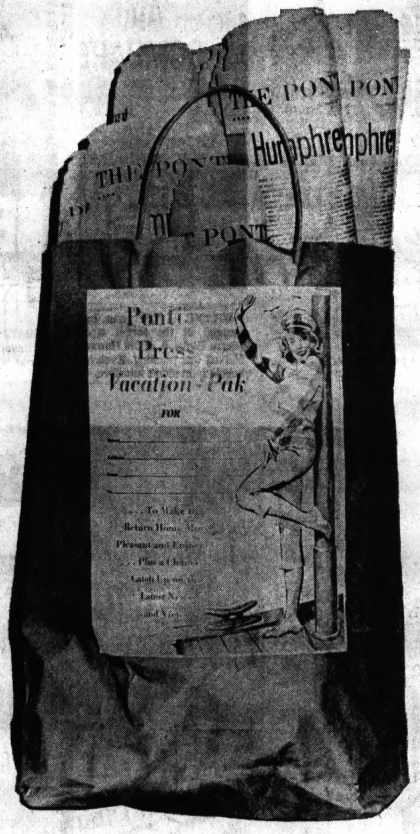

★ ★ ★

The amendment was adopted and the bill later was passed by the House. The bill has been labeled by its sponsors as a step toward wiping out pockets of unemployment and subnormal income. The measure authorizes the program but does not appropriate money to finance it.

A VACATION, WHAT?

A VACATION-PAK!

That's the name our Circulation Department has given to their special service to subscribers who are on vacation and unable to have The Press sent to them while they're away.

THE VACATION-PAK works this way. You tell your Pontiac Press Carrier when you are leaving and how long you'll be gone or, if it's easier, you can call The Pontiac Press Circulation Department.

The result is the same. Your carrier will save a paper for you each day you're gone, placing them neatly in a special package. When you return from your vacation, he will deliver the Vacation-Pak to you and, at your leisure, you can go through the newspapers you missed and catch up-to-date on all the Local, National and International News, the Comics, and even the Crossword Puzzle.

NOT A BAD IDEA, THE VACATION-PAK

Before You Leave On Vacation, Ask Your Carrier to Start A Vacation-Pak For You!

Or Call

Today Should Be Lucky for Family if Pattern on 13s Holds True

MAYSVILLE, Ky. (AP) — It's Friday the 13th, a lucky date for Mr. and Mrs. Frank Bisotti. They were married Aug. 13, 1913, had 13 children and 13 grandchildren.

Although Mrs. Bisotti says they have "nothing special planned," they celebrate their 52nd wedding anniversary today.

* * *

Things started coming up in 13s for the childhood sweethearts when they were married in La Follette, Tenn.

"I must have been about five at the time my family came from northern Italy to America," recalls Mrs. Bisotti, 65.

Bisotti, 69, came from Italy in his early teens and worked in Kentucky coal mines.

On their wedding day, Mrs. Bisotti said she thought she was 18. But a birth certificate obtained from Italy many years later showed she was 13.

13 CHILDREN

They had nine sons and four daughters, and 13 grandchildren.

The Bisottis moved to Kenosha, Wis., and lived there 15 years, before returning to Kentucky, on Feb. 13, this year when four sons bought a restaurant in Aberdeen, Ohio, across the Ohio River from Maysville.

Geno, 39; Valentino, 37; Deno, 33, and Albert, 31, own the restaurant. Vasillo, 49, Della, 25, and Virgil, 19, also work there. John, 47, works in Cincinnati, 65 miles northwest of Maysville.

Three Bisottis — Reatha, 51; Frank, 35, and Catherine, 26 — live in the Kenosha, Wis., area. Louis and Mary are dead.

The Bisottis said they returned to Kentucky because they wanted to be near their children. Now that he has retired, Bisotti says he enjoys catching up on his reading. Mrs. Bisotti likes to crochet and grow flowers.

They said they never have been superstitious about the number 13.

* * *

"Perhaps that's why we've had nothing but good luck with it," Mrs. Bisotti said.

Car-Train Crash Fatal

TRENTON (AP)—Mrs. Harold Watson, 38, of Trenton, mother of five children, and her son Bruce, 15, were killed Thursday when their car collided with a freight train at a crossing in Trenton.

Swim Fatal for Girl

ST. JOSEPH (AP) — Gail Ashley, about 12, drowned Thursday in Lake Michigan where she had been swimming with her family. She was the daughter of Mr. and Mrs. Thomas Ashley of Dowagiac.

Man Injured Fatally

DETROIT (AP) — Alfred L. Anderson, 22 of Wayne was killed Thursday when his car struck a utility pole on the western outskirts of Detroit.

DROUGHT INSPECTORS — As a U.S. Agriculture Department representative inspected mid-Michigan's drought area yesterday, state officials stopped near Stanton for a look at some stunted corn, which ordinarily should be over their heads. From left are Frank Switzer of the Agricultural Stablization and Conservation State Committee; Clayton Reid, Montcalm County ASC office manager; farmer Hugh Thomsen and his son Martin, 20.

U.S. Aide Tours State

Corn Crop Slashed by Drought

EAST LANSING (AP) — Drought has cut mid-Michigan's corn crop about in half—too much for the farmer to stand with his low profit margin, says a federal consultant who will report to the secretary of agriculture today.

"There very definitely is a shortage of hay and pasture," added Stuart Simpson, who set a fast pace in trying to see as much as possible of 22 counties which have asked for drought emergency relief.

★ ★ ★

After passing through parts of Ingham, Shiawassee, Genesee, Saginaw, Gratiot and Montcalm counties Thursday, Simpson commented he had seen only one corn crop that appeared full.

Bean crops also appeared hurt, he said.

He pointed out the short height of corn stalks — which ranged from 2 to 6 feet in height when they normally would grow to 8 or 9 feet—and the brown coloring at the bottoms of parched plants.

DISASTER GROUP

Frank Light, chairman of the State Disaster Committee, and Nyle Katz, state director of the Farmers Home Administration, accompanied Simpson.

Simpson said Agriculture Secretary Orville Freeman "is very cognizant of the drought situation in the north and east and is very anxious to do whatever he can to relieve the situation.

"He will be fully informed of existing conditions in Michigan drought counties," Simpson added.

He described those conditions as "very bad."

RECORD DROUGHT

The U.S. Weather Bureau has reported that in Montcalm, Gratiot, Bay, Saginaw, Midland and Isabella counties, the June 3-July 31 period was the driest on record, breaking marks set in 1936.

In forwarding emergency program requests to Freeman, Gov. George Romney told him if relief is not granted immediately, "farmers will be forced to reduce their herds because of a shortage of hay and pasture."

★ ★ ★

Programs which Freeman could approve include allowing farmers to use soil bank land or diverted acres for haying and grazing and—later in the season — allowing them to purchase feed grains from government storage at 75 per cent of the support price.

Counties awaiting word from Freeman are Clare, Clinton, Gratiot, Ingham, Ionia, Isabella, Livingston, Mecosta, Menominee, Midland, Montcalm, Oakland, Saginaw, Shiawassee, Alcona, Alpena, Arenac, Bay, Genesee, Iosco, Montmorency and Ogemaw.

Country Ham Is Well-Wined

LOUISVILLE, Ky. (AP)—One store which sells country ham offers this recipe:

Place ham in large pot, soak for one day in good Kentucky bourbon and cook for two hours. The second day, add a bottle of port wine and cook for two hours. The third day, add another bottle of bourbon and cook for two hours.

"The ham may not be to your taste but the gravy is wonderful."

University Press Club Will Talk on Pollution

EAST TAWAS (AP)—Discussion of water polution will highlight the 48th annual meeting of the University Press Club in Ann Arbor Sept. 24-25.

Speakers are to include Sen. Philip A. Hart, D-Mich., and L. W. Weinberger of the water pollution control division of the U.S. Public Health Service.

Dems Fear New Wheat Proposal Is in Trouble, Hunt Compromise

WASHINGTON (UPI) — Some top Democratic strategists fear the administration's controversial new wheat program is in trouble in the House and are looking for possible compromises, informed sources said today.

And they also are planning moves designed to mollify Southeastern lawmakers who object to some major provisions of new administration-backed cotton legislation.

Both the wheat and cotton programs are included in an omnibus farm bill due to be called up in the House next week.

The wheat price support plan is designed to raise farm income and reduce government spending by boosting the cost of wheat to domestic food users.

★ ★ ★

Price supports for wheat used as food in the U.S. would be raised 50 cents per bushel (to $2.50 with the increase coming from processors, who presumably would pass it on to consumers. At the same time, price supports for export wheat would be reduced 30 cents per bushel (to $1.25), thus cutting federal spending on wheat export subsidies. Net average supports to farmers who comply with production controls would go from $1.69 to $1.81 a bushel.

CRITICS

Critics of the wheat plan charge the method proposed for raising farm returns on domestic grain amounts to a "bread tax" on consumers. Backers of the plan defend it as a fair effort to help farmers whose share of the cost of bread has not increased in 15 years despite continuing increases in retail prices.

Administration officials so far have been hopeful the House would approve the wheat plan despite the "bread tax" charges. But several house farm leaders are privately talking about compromise.

DAMAGE HIGH — Fire raged out of control for four hours in an industrial section of Brooklyn, N.Y., yesterday, destroying or damaging 20 buildings in a four-block area. Firemen are shown battling a fire on the ruins of a lumberyard which touched off the 11-alarm fire. The flames also destroyed a pickle plant, a tinsmith company and a rubber products plant. Damage was estimated at more than $5 million.

More Dixie States Vow Vote Law Tests

By The Associated Press

Two Deep South states have joined Louisiana in vowing court tests of the new federal voting rights law, and Mississippi's attorney general says he will defend that state's right to establish voter qualifications.

The governors of Alabama and South Carolina said Thursday their states would challenge the constitutionality of the law President Johnson signed Aug. 6 to enable more Negroes to vote.

* * *

But in Georgia, Gov. Carl E. Sanders said he was proud the federal government recognized the voting progress made on the state level "and could find no rason to send registrars into the state."

"I hope that none will be sent in," said Sanders. "Our principal enemy with regard to the number of those registered has been apathy, not prejudice."

DENOUNCES LAW

At Montgomery, Ala., Gov. George C. Wallace denounced the voting rights law as "punitive, unreasonable and destructive of constitutionally guaranteed freedoms. It is as bitter as anything enacted by the Reconstruction Congress" — in the years following the Civil War.

The new law prohibits use of literacy tests in states where less than 50 per cent of the voting-age population was registered or voted in the 1965 presidential election.

* * *

Wallace said, "the armed services of our country will not accept an individual unless he can read and write. I say if a person is literate enough to vote, he is literate enough to fight for our country."

The Alabama governor also told newsmen the state would file suits in federal court to stop or limit racial demonstrations and to defend the poll tax.

'DISCRIMINATORY'

Gov. Robert E. McNair of South Carolina said the voting rights law was obviously discriminatory and the state would challenge its constitutionality.

"The law is discriminatory in itself," he said at a news conference in Columbia, S.C. "We take the position it is discrimination when an illiterate cannot vote in New York but can in South Carolina. It is discriminatory not only to those in the South but to those in the North as well."

* * *

The governor said the state's legal staff soon would be ready to go to court on its own or in concert with other Southern states whose literacy requirements for voting have been nullified by the federal law.

Atty. Gen. Joe Patterson of Mississippi said at Jackson, the state capital: "I wish to assure the people of Mississippi that at the proper time positive and forceful action will be taken by this office in defense of the right of the State of Mississippi to require reasonable qualifications to become a qualified voter."

WOULD DEFEND

He also said his office would defend a government suit filed Aug. 7 to outlaw the poll tax.

The first legal challenge of the entire voting rights law was made Wednesday in U.S. District Court at New Orleans, La.

* * *

An Orleans Parish voting registrar, A.P. Gallinghouse, filed the suit seeking a court order barring enforcement.

People in the News

By the Associated Press

Actress Kim Novak returned to London last night and with a big kiss for husband Richard Johnson ended rumors that their 6-month-old marriage was breaking up.

A separation caused by their current movies started the rumors, Johnson said.

Bergen Daughter May Get $75,000 for Film

Candice Bergen, daughter of ventriloquist Edgar Bergen, eventually could receive up to $75,000 for one motion picture under a contract approved by a court yesterday.

Miss Bergen will make one picture a year for Columbia Pictures Corp., starting at $12,500, and, if all options are picked up, work her way up to $75,000 for the last film.

Thirty per cent of the earnings will go into savings bonds at the request of Miss Bergen, a junior at the University of Pennsylvania.

French Official Tells of China Talks

Andre Malraux, French cultural affairs minister, says he discussed with Red Chinese leaders "how best to reorganize the world from its present dangerous position."

Malraux returned to Paris today after a three-week visit to the Far East.

Turkish Premier Is Touring Russia

Turkish Premier Suat Hayri Urguplu left today for a tour after days of red carpet treatment by Soviet authorities in Moscow.

He has been told by Soviet leaders that they have no designs on Turkey other than friendship and peaceful coexistence.

The Turkish premier will visit Kiev first, then leave for the Black Sea for a three-day tour and rest. He is to return to Ankara Tuesday.

'Artificial Frost' Raises Profits

Helping natue along by creating an "early frost" in the potato fields is paying dividends to spud growers.

Killing potato vines with herbicides before harvest is a practice continuing to grow in popularity with growers in all the major potato areas.

This method of "artificial frost" is proving to be profitable, improving potato quality and making harvest operations easier and more convenient.

Killing vines before frost causes the potatoes to mature early, giving the grower a better chance at the early markets.

The early maturity also controls size of the potatoes, helping to produce a uniform crop.

Tests have shown that potatoes from fields that have been killed are less susceptable to skinning and other profit stealing mechanical injuries.

Lawn, Garden News

Scientists at The Dow Chemical Company say that modern di-nitro herbicides are especially well suited for potato vine killing operations. They are easily applied by ground or aerial equipment and the low volume required make the materials easy to handle.

The di-nitro materials do not leave a residue that can build up in the soil. Any crop can be planted in the spring following use of the materials without danger of damage.

Improved practices and the increased availability of effective insecticides and fungicides have given growers potatoes that grow actively throughout a long growing season.

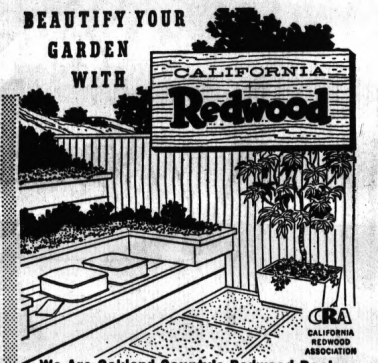

Vine killing, bringing on early and uniform maturity, gives the grower the opportunity to take advantage of high growth rates while still being able to get harvest completed in time to avoid costly frost damage.

CITY GARDEN — The most pleasant way to enjoy city living during summer months is to do it right from your own terrace. And the formula is very simple. Take one terrace — it helps, of course, to have an impressive skyline in the background — and start with a floor covering that doesn't have to be mowed. It's not grass, but a weather-resistant vinyl treated fibre rug. Add helpings of gay summer furniture and make sure your upholstery and extra seating cushions are vinyl covered latex foam rubber. It's comfortable and durable, too, and made to withstand sudden showers and outdoor conditions. The last but most important ingredient for a successful terrace is, naturally, plants, and here is container gardening brought to perfection. Large clay pots and saucers contain a variety of foliage and flowering plants including geraniums and petunias for bright color.

Bankrupt Agriculture Lands

Natural Resources in Grave Danger

The nation must recognize emerging problems in the use of its natural resources, according to a prominent economist and U.S. Department of Interior official.

"Man must avoid both hysteria of starving and false visions of unlimited plenty," said Rolland R. Renne, director of the Office of Water Resources Research of the Department of Interior.

Renne, former assistant secretary of agriculture and a former president of Montana State College, recently spoke at a workshop in community resource development at Michigan State University.

If present trends were to continue, Renne commented, the combined effects of soil erosion and encroachment of urban uses would bankrupt the nation's agriculture land supply within a century.

* * *

"Many of our forest areas have been depleted," he continued, "but the situation is improving because highly developed commercial forest interests are practicing sustained yield operations and related sound land-use practices.

GRASSLAND DEPLETION

"Depletion of our grasslands is less evident but more serious than that of our forests because our grasslands are harder to replace."

One of the most critical resource problems, Renne commented, is water use.

"Our urban areas create more demand for water, but at the same time cause it to move faster by providing more waterproof surfaces like streets and roofs.

* * *

"Pollution of water by waste and silt impairs use of water even as a habitat for fish, and the dredging of harbors and lakes are hidden costs of man-made changes," he asserted.

The United States, with one-tenth of the world's population, consumes more than 50 per cent of world mineral production, according to Renne. He added that more than one-half of the minerals consumed in the United States are imported and 21 minerals have been placed on the critical list.

Every river basin in the nation, except those in the Pacific Northwest, will be facing serious problems of water quantity and/or quality within 35 years, he forecasts.

* * *

Renne said the nation need not accept the inevitability of natural resource shortages nor the risk of blind dependence on technology outracing population.

He said there is an alternative of wise planning and management of natural resource use, including investments in research and new technology.

* * *

This approach may call for allocating more water to industrial and recreational uses instead of irrigated agriculture in the West, he said.

Hitchhiker Objective of Long War

A pesky little hitchhiker with the appetite of a starved billy-goat has been the objective in a thirty-year guerrilla war carried on by the Michigan Department of Agriculture's Plant Industry Division.

★ ★ ★

The battle is being waged against the Japanese beetle, first found in Michigan in 1932.

The Japanese beetle feeds voraciously on almost anything that grows, and causes more than $10 million in crop damage each year in the United States.

In Michigan, though, Jap beetle damage is scattered and hard to find, mainly due to the Department of Agriculture's unrelenting war.

★ ★ ★

"Right now, we have more than 20,000 Japanese beetle traps spotted," said C. A. "Cy" Boyer, veteran department plant industry chief.

★ ★ ★

"But the traps don't control the beetle, they only indicate possible trouble spots. Trapping studies guide our fall control programs."

HITCHHIKER

Boyer calls the Jap beetle a hitchhiker because of its habit of clinging to anything and dropping off anywhere.

Coast to coast freight trains, for example, may unknowingly carry beetles which drop off at random and start new infestations. Seaway cargo arriving from foreign ports may carry beetles, even in such unlikely places as coils of barbed wire.

By late August, results from the 1965 trapping program will be tabulated and the Plant Industry Division will formulate plans for beetle control.

★ ★ ★

Generally this is accomplished through careful application of a chemical pesticide called dieldrin.

Geese Weed Field at Cotton Ranch

Rancher Jerry Buch has found a replacement for human laborers in weeding his cotton and sugar beet fields — geese.

Bunch uses ditches of water at various edges of the field to lure a flock of geese back and forth across it.

★ ★ ★

He said they eat about two-thirds of the weeds while scarcely touching the cotton and beet plants — at about one third the cost of human laborers.

Outdoor Carpeting Simulates Grass

The days of the lawn mower may be numbered.

★ ★ ★

A national building magazine reports that outdoor carpeting which simulates grass is being used on balconies, patios and around swimming pools.

Garden Mice Multiply

A pair of meadow mice may have as many as 17 litters a year, with an average of five to each litter, says the Massachusetts Audubon Society.

The sleeping hibiscus never opens its blossoms.

The almond nut is the pit or stone of a peach-like fruit.

GARDEN BENCH — A simple garden bench was the glue that pulled this garden together visually. Placed at the rear property line where it jogs around a handsome tree, it makes a crisp boundary. Bench is Douglas fir dimension lumber, serves as a favorite party center with firepit and graveled area in front.

Bench Serves as Boundary Divider

Livability in the back yard, means different things to different people.

For some, nothing will do short of a full-scale summerhouse with built-in telephone and TV jacks and indoor quality furniture.

For others, a deck or patio with sunshade, wind controls, and a couple of chaise longues is just the ticket.

Still others are delighted with a garden bench set under a big shade tree — and this can be as fully useable as the more complex installation.

★ ★ ★

For example, if there is a good shade tree in the back yard as well as thick shrubbery or a screening fence for privacy along the lot line, a simple garden bench jogged around the tree trunk and down the property line can form the nucleus for a very practical and attractive outdoor living area.

CRUSHED ROCK

Probably only two additional ingredients would be needed. One would be a floor of some type to avoid the damp grass problem for evening use. Crushed rock is one favorite choice. It gives a tailored look and also works in well with lawn and planting beds.

Another idea, gleaned from children's playgrounds, is the use of wood chips. The advantage of using wood chips is that they create a soft, carpet-like feeling and give safe footing — no turned ankles from stepping on a pebble the wrong way.

Children can rough-and-tumble on it without fearing skinned elbows and knees. No splinters, either, from wood chips, which endears the material to school personnel. And, of course, if a chip lands in the lawn, it won't break mower blades.

A firepit is the other ingredient that's mighty nice to have for this casual living and entertaining area. They're especially good for evening gatherings, when light and warmth are welcome. And, what's more fun for both adults and kids than an old-fashioned wiener and marshmallow roast? That can beat barbecue any day.

Back to that most essential ingredient — the bench. It's best when built of pressure treated western lumber. Pressure treated lumber will last practically forever and retains its good looks just as long.

For solid comfort, build the bench slightly lower than a standard chair seat and wider—twelve to fourteen inches high by eighteen or more wide.

Douglas fir 2x3s set on edge and spaced an eighteenth of an inch apart (for rain runoff) are good for the seat.

The base can be built of 4x4 inch fence posts — and it should be recessed so heels can be tucked under comfortably. For appearance, use a 2x6 as a facing skirt board at the front of the bench.

One other tip — zigzag the bench is possible, so that people can sit in conversation groups rather than in a straight line.

And don't use stain to finish the bench — it may come off on clothing. Just let the wood weather, or paint it if desired.

Swap your HOPELESS lawn for a real lawn
a real Scotts Lawn!

Until now, there wasn't much you could do with a "mostly weeds" lawn except dig it up and start over. But today you can wipe it out — crabgrass, weeds, grass — with a simple spreader application of ERASE.

Just one week later, without digging up and without the expense of bringing in topsoil, you can sow all-perennial, weed-free Scotts seed for the new lawn you want.

The dead stubble of your old lawn makes a perfect seed bed — and with protein-building TURF BUILDER you grow a good lawn on any soil — even subsoil!

Here's all you need for 2500 sq. ft.

for sink

or swim

with an electric water heater
you get all the hot water you need
[or you get your money back]

SATISFACTION GUARANTEED BY DETROIT EDISON

You're completely satisfied . . . or you're completely reimbursed by Edison. Any installation cost included. And it doesn't matter where you buy your electric water heater; if it's Edison-approved, the Edison guarantee applies. No strings attached.

What size heater will you need? Give us a call. We'll send out a specialist who can point out the proper heater size and the best location for it. He can also tell you about its economical operating cost. As little as $3.88 a month, for example, for a big 50-gallon electric water heater.

Get all the hot water you need—guaranteed. Call your Edison Office or see the Qualified Retailer who displays the Edison Satisfaction Guaranteed sign.

2 Blocks West of Wide Track Drive

Chancellor and Mrs. Durward B. Varner of Oakland University (at left) honored Mrs. Sixten Ehrling, Thursday, at a reception in their home on South Adams Road preceding a dinner in the Oakland Center and attendance at the Meadow Brook Music Festival.

Conductor's Wife Feted by Varners

By SIGNE KARLSTROM

Mrs. Sixten Ehrling who arrived earlier this week from Stockholm, Sweden was honored last evening by Oakland University Chancellor and Mrs. Durward B. Varner at a reception in their home and a dinner in the court yard in front of the Oakland Center.

It was a perfect evening and a thrilling experience for Mrs. Ehrling to meet the many friends of the Meadow Brook Festival in this atmosphere.

Following the dinner the guests proceeded to the Baldwin Pavilion and were promptly in their seats when Maestro Ehrling led the orchestra in Mozart's Overture to "The Marriage of Figaro."

* * *

During intermission, Mr. Varner escorted Mrs. Ehrling around the grounds where she could better see the huge crowd. She said she wished the youth in Sweden could take part in such a festival—she hoped everyone realized how important it is that people join together and build for themselves, for the future generation a place where the performing arts can be enjoyed in such a beautiful and simple setting.

LIFE IN THE STATES

Mrs. Ehrling, the former Gunnel Lindgren, well-known in Europe as the ballerina of the Royal Opera House in Stockholm, is now looking forward to her new life in America.

"It will be somewhat different," she says, "but I am anxious to get our children settled in school here and in our home so that my husband can enjoy having us all together again. It has been a strenous time for him to be continously on the move."

* * *

While here this week (she and Maestro Ehrling return to Stockholm on Monday) every moment is occupied trying to settle as much as possible for their new home in Grosse Pointe. She says that she is fortunate to have the assistance of Bengt Swenson, architect and interior decorator, who in their conversations, transfers for her in seconds the metric measurement system to the American and who so well understands the big problem confronting Mrs. Ehrling.

WOODEN SHOES

Last night, people were noticing the Swedish "tratofflor" Mrs. Ehrling was wearing. You may call it her garden shoes although all over in Sweden you will find people wearing this wooden shoe which gives great comfort in their daily walks especially in the country. They come in various colors. Mrs. Ehrling had them in white last night with her white cotton coat.

She said, "The last thing I did before leaving Stockholm, was ordered enough shoes for myself and the children because I know we will have good use for them in our garden."

* * *

Among the guests last evening were, the Alfred C. Girards, Mr. and Mrs. Ben D. Mills, Mr. and Mrs. R. Jamison Williams, the George Trumbulls, Dr. and Mrs. Warren B. Cooksey, Harold A. Fitzgerald, the Charles Himelhochs, Rinehart Bright, the Marvin L. Katkes, Mr. and Mrs. Don E. Ahrens, the Henry C. Johnsons, the James Zedlers, Mrs. Alfred G. Wilson, Dr. and Mrs. Bruce Kresge.

* * *

Others were Mr. and Mrs. Theodore Yntema, the Harry M. Pryales, the Warren Huffs, the Lynn Townsends, the E.N. Coles, the Martin S. Haydens, the Roy Abernethys, the Amos F. Gregorys, the Frank W. Donovans, the C. Allen Harlans, Mr. and Mrs. Charles F. Adams, Mr. and Mrs. Earl Haas and the Robert Halls.

* * *

The list concludes with Mrs. Andrew Malott, Mr. and Mrs. Hugh Harness, Dr. and Mrs. Howard Barker, Dr. and Mrs. Cecil Akroyd and Robert Semple.

Festival Audience Enraptured

By BERNICE ROSENTHAL

The tall, handsome man walked to the center of the platform and grinned at the sea of faces which extended as far as the eye could see. You had the feeling that whether there were seven listeners in the audience in someone's living room, or seven thousand as there probably were last night at Meadow Brook, Jerome Hines was singing just for you.

* * *

The three Mozart arias which he sang with the rare breadth of humor and delicacy which should always be accorded these fine examples of the Opera Buffa brought him even closer to his audience.

* * *

His bass voice has power, enormous range, impeccable control and an evenness which extends from the lowest bass tones to the high lyric baritone notes, all of which he sings with equal ease. In "Non piu Andral," he sings of the glories of fighting for one's country with the humor of an older man who is getting rid of a younger rival by seeing him off to war.

* * *

The delicate exaggeration, the fine vocal line, the immaculate phrasing which makes Mozart so difficult to sing and so easy to listen to, all were sung with an ease and vitality which makes Jerome Hines a great singer.

MOVING CONTRAST

"Within These Hallowed Portals" from the "Magic Flute" presented a slow and moving contrast with the first selection. A gentle expression of faith and love of mankind which taxes the extremes of the bass voice, was sung with calm understanding and true religiosity.

* * *

In the rapid-fire "Catalogue Aria" from "Don Giovanni," Leporello delights in telling of his master's amorous conquests all over Europe, including 1003 affairs in Spain alone. Here the biting wit, the slight exaggeration and dramatic emphasis were projected with force and irony.

* * *

But, later in the program, when he sang the two arias in Russian from "Boris Godunov," Mr. Hines did not grin. His voice achieved depth of dramatic and vocal expression. Mr. Hines is a singer of great stature, one of the greatest of this generation, and it is a rare privilege to hear him.

* * *

The orchestral accompaniment, while a trifle heavy in the Mozart arias, was forcefully supportive and dynamic in the "Boris Godunov" scenes.

* * *

For this closing week in the Meadow Brook series, Mr. Ehrling has chosen a varied program which takes the orchestra to its greatest achievements this season. In Mozart's "Overture to the Marriage of Figaro" the orchestra was scaled down to accommodate the sparkling work which was played with charm, directness, clean accents and phrasing.

* * *

"Contrasts for Orchestra," a work new to Detroit audiences, is an abbreviated contemporary symphony by Minneapolis composer Paul Fetler. As contemporary music it combines a full use of orchestral instruments with accent on the percussion section, contemporary rhythms, interesting melodic treatments and esoteric moods with a slight, but not glaring, atonality.

ATMOSPHERIC QUALITY

Particularly moving is the slow second movement with its atmospheric quality almost like the stillness of the jungle at night, disturbed by the raucous sound of a bird, the interesting use of woodwinds and shimmering strings against the piano, xylophone and celesta, and the contrast of the sustained, organ-like chords in the brass choir.

* * *

Equally compelling was the busy third movement, which had the animated quality of Times Square during the theater hour, and the fourth movement, which had the intensity and suspense of a James Bond sound track.

* * *

Balakirev's "Overture on Three Russian Themes" was delightful and pleasant music, particularly charming in the composer's treatment of a simple folk theme and two others later used by Tchaikovsky and Stravinsky in a far different manner. Mr. Ehrling's fresh and young approach to Rimsky-Korsakov's "Capriccio Espagnole" brought this well known composition to new climaxes in performance and brought the Meadow Brook Festival's Thursday night concerts to a rewarding and successful conclusion. Mischa Mischakoff, as always, played the violin solos with fine tone, dignity, and obvious enjoyment.

REPEATED TONIGHT

The program will be repeated this evening. The final Saturday night's concert will include Mr. Hines' singing of Handel's "Largo," Schumann's "Two Grenadiers" and "Wotan's Farewell" from Wagner's "Die Walkure." The orchestra will be heard in Bartok's "Concerto for Orchestra" and Brahms' "Variations on a Theme by Haydn."

Bride-Elect Is Honored

A recent linen shower in the home of Mrs. Earl Linn on Poplar Street honored Nancy Kaye Gaddes who will exchange vows with James Hiscock on Aug. 29. Mrs. George Hollis was cohostess.

* * *

Parents of the couple are Mr. and Mrs. William R. Gaddes of Baldwin Avenue and Mr. and Mrs. Wilbert T. Hiscock Jr. of North Lake Drive.

Nursery Shower Fetes Mrs. Rice

A nursery shower on Wednesday in the home of Mrs. Trueman Lamphere on Ross Drive honored Mrs. William Rice of Tubbs Road.

* * *

Among some 20 guests were the honoree's mother Mrs. Raymond Franklin, and mother-in-law Mrs. Opal Rice, both of Pontiac; also Mrs. Joseph Trehay and Patricia Riley of Detroit.

Kansas City, Mo. — Four-year-old Nancy McDonald is shown wearing the dress made by her mother, Mrs. Lynn McDonald, which has recently won first prize in the National Grange Sewing Contest. This original design features a dachshund which is embroidered into the kick pleat of the skirt so that the dog looks longer as Nancy moves. The dress underneath the jumper has a smocked bodice, puffed sleeves and is made of orange and white striped cotton.

Daisy Circlet Held Her Veil

St. Paul's Catholic Church in Owosso was the setting for the recent nuptials of Patricia Joan O'Malley and Seth R. Lampe.

* * *

Parents of the Owosso couple are Mr. and Mrs. Kevin J. Tighe of Monrovia, Calif. and Mrs. and Mrs. William S. Lampe of Troy.

For the ceremony performed by Rev. James R. Sullivan, the bride chose white Swiss cotton styled with bell skirt and train. A circlet of small fresh daisies capped her illusion veil.

* * *

She held cascading white roses, shattered carnations and miniature daisies.

Mrs. L. W. Russell of Swartz Creek and Adrien Adelman Jr. of Meadville, Pa. attended the couple.

The reception was in the Pines Restaurant.

Edward Hodges Visiting Daughter

Edward B. Hodges of San Benito, Texas, is arriving today for a month's visit with his daughter, Mrs. Marion Hodges Benter and his grandsons Roger and Bruce of East Iroquois Road.

* * *

Bruce has just returned from Munich, Germany after several weeks' travel in Germany, Italy and Switzerland with his sister and brother-in-law, Spec. 4 and Mrs. Robert H. Nissley of Munich.

Attended Confab

Mrs. Ray C. Jewell of Rockcroft Street, State Department Commander of the Disabled American Veterans Auxiliary and past-commander of Pontiac Auxiliary No. 16, attended the recent national convention in New Orleans, La.

* * *

Many citations and trophies were brought back for the State Department and auxiliaries throughout the state.

Will View Film

Mrs. Alfred Marcora of the Michigan Bell Telephone Company will show the film "Color Comes Calling" before the Fashionette Club, at 7 p.m., Tuesday, in the Adah Shelly Library.

* * *

Any weight-conscious woman may attend these weekly meetings.

WOMEN'S SECTION

He Might Even Have an Explanation

Tell the Facts Ma'm

By ABIGAIL VAN BUREN

DEAR ABBY: I have a neighbor who I thought was very devoted to her husband. I also thought I had a husband who was very devoted to me.

ABBY

This neighbor's husband has a job that keeps him away from home a good bit of the time.

The other night, while looking for my children, I saw something that left me speechless! I hadn't meant deliberately to look into anyone's window, but this neighbor lady never draws her blinds.

My husband was supposed to be having a meeting with his boss that night. Well, he was having a "meeting" all right, but his "boss" was nowhere in sight.

My problem: How should this be handled? Should I tell my neighbor what I know? Or should I wait until her husband comes back and tell HIM?

Should I tell my husband first? Please answer this in your column as my husband opens all the mail. But DO NOT mention the name of the city.

GOT A SECRET

DEAR GOT: You've got more than a "secret"—you've got a secret weapon. The facts!

Tell your husband what you saw. Truth is stranger than fiction, but give him a chance to explain anyway.

* * *

DEAR ABBY: This may stump you, but I sure hope not because do I ever need an answer!

I am 24 and the mother of two small boys. I love my husband and children very much, although I have a very poor way of showing it, which brings me to my problem.

I am a lousy housekeeper.

For years I have tried to buckle down and run an efficient household, but I have failed.

And I hate myself for it.

I can't offer any excuses. I am just plain lazy. My house is always a mess and I don't know where to begin. If you have any suggestions on how I can improve, please rush them to me.

My husband complains constantly about my untidiness and I can't blame him. I want so desperately to be the efficient housekeeper and well-groomed wife my husband deserves.

LAZY, ASHAMED, AND DESPERATE

DEAR L. A. AND D.: The longest march in the world begins with one step. Start with one room at a time.

The secret of good housekeeping is "A place for everything and everything in its place."

Don't clutter up your house with things that are useless. If something is broken, repair it, give it away, or throw it out.

Don't set something down for "just a minute," PUT IT WHERE IT BELONGS. Set up a work schedule for washing, ironing, thorough kitchen cleaning, bedrooms and living area.

Plan your work and work your plan. Most important, DON'T WASTE TIME. The organized housekeeper doesn't gab on the phone, coffee klatch with the neighbors or watch TV until her work is done.

And the hour before your husband comes home, freshen up, look pretty and humor the kiddies so you and home will be nice to come home to.

* * *

DEAR ABBY: When I was a little girl I used to blush a lot. Blushing has always embarrassed me terribly because I am naturally very fair and when I blush my face looks like a sunset.

But I outgrew it for the most part. Now, suddenly at age 33 I have started to blush again. But this time it's more than just blushing, it's as though waves of intense heat come over me and I get wringing wet.

This seems to happen for no reason at all. It's gotten so that I hate to go anywhere for fear I'll blush. I get panicky just worrying about it. A friend said I was probably having "hot flashes," but it can't be that because I'm too young.

I know I can't stop blushing, but how can I get over this awful fear that I might?

BLUSHING

DEAR BLUSHING: Go to a doctor for a thorough check-up and describe your symptoms.

The friend who suggested that you could be having a "hot flash" could have been giving you a "hot tip."

* * *

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, in care of The Pontiac Press.

* * *

Troubled? Write to ABBY, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

Bad Taste to Apply Make-Up

By The Emily Post Institute

A question frequently asked is whether it is in good taste for a woman to apply make-up at a restaurant table.

In answer: A well-bred woman always avoids making up in public; cosmetics and food do not go together.

* * *

At the end of a meal, a woman may quickly powder her nose and put on a little lipstick, but to sit and daub at her face in a little mirror for any length of time is not in good taste.

* * *

The one never-to-be-broken rule is: Don't ever use a comb anywhere outside a dressing room.

Don't even slightly rearrange or put fingers to your hair in any place where food is served.

VISITING NEWCOMERS

Q: I would like to visit newcomers to our community. Is there a prescribed length of time one should stay?

A: From 10 to 15 minutes is the time allotted for a formal visit.

* * *

This is not a strict rule, but it is well to keep within this time unless you have much to talk about, and unless your hostess says, "Oh, do stay a little longer," or "Oh, don't go so soon," in which case you stay for a few minutes longer or say, "I'm sorry! I'd love to, but I can't today. Do come and see me soon!"

USE OF FIRST NAMES

Q: At a party at a friend's house, when introduced to strangers, is it proper to call them by first name?

A: At an informal party in the house of friends, it is customary in the present day to use first names after having responded correctly to the introduction.

* * *

Not to do so would be thought stiff and unfriendly.

Who pays for what at the wedding? The Emily Post Institute booklet entitled "Wedding Expenses" answers this question in detail.

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to Emily Post Institute, in care of The Pontiac Press.

* * *

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Mr. and Mrs. John Krajenka of Whittier Street announce the engagement of their daughter, Kathleen to Alfred Gulda Jr., son of the senior Mr. and Mrs. Gulda of Elizabeth Lake Road.

The Robert Wiegands of Gateway Drive announce the engagement of their daughter, Sharyn Marie to Roger James Cook, son of the Harry B. Cooks of North Perry Street.

Junior Council Will Sponsor a Dinner Dance

Although invitations are "under cover" until the official mailing date of Aug. 30, the Junior Council of the Founders Society Detroit Institute of Arts does want its many members to reserve Sept. 25 for the gala social event of the Council's first year — a formal dinner dance to the music of New York's Lester Lanin in the atmospheric setting of The Detroit Institute of Arts.

* * *

General chairman of the invitational dinner dance is Mrs. Harry L. Winston Jr. of Birmingham. Assisting her are invitation chairmen Mrs. Barbara Macartney of Bloomfield Hills and Mrs. Walter Denison of Birmingham.

* * *

Area chairmen for invitations are: East Side, Mrs. Robert Scherer Jr. of Grosse Pointe; West side, Mrs. Arthur Tomson of Novi; Detroit, Mrs. Thomas Klein.

The Junior Council of the Founders Society was organized early this year, and has already sponsored several events at The Detroit Institute of Arts; a dinner followed by an art treasure hunt, a tour of the exhibition "40 Key Artists of the Mid-20th Century" and a Museum Walk, which was attended by approximately 500 persons.

* * *

Membership in the Junior Council is open to young married and single individuals (21-40 years) who would like to participate in a variety of activities as a means of increasing their familiarity with the museum. The only requisite is membership in the Founders Society of The Detroit Institute of Arts.

Integrate the Deprived Pre-Schooler

By MURIEL LAWRENCE

She's the child of Italian-born parents. The narrow halls of her tenement apartment house reek with the stenches of poverty.

Her bed is a pallet behind the kitchen stove which she shares with a 79-year-old grandmother.

Although 14, she has been finding the demands of her sixth grade assignments too much for her and has been cutting classes.

* * *

Because she is basically so bright, I was dismayed to hear of these truancies and said, "You're too intelligent a girl to lose school like this.

"If you were a Simple Simon, it would be different. But you're no Simple Simon, Maria and . . ."

"Who's he?" she said.

Her question is my partial answer to a reader who writes:

"You have never stated your opinion on school integration. Why are you ducking, Mrs. Lawrence?

* * *

"Are you one of these 'progressives' who thinks it's all right to wreck the educational standards of white children's schools by filling them with ignorant Negro children?"

Or with ignorant white ones?

Oh yes, my Maria — that ignorant white child — is also quite a threat to the "educational standards" of our nice, middle-class school systems.

If she'd spent her whole life on the moon she couldn't know less than she does about Simple Simon and all he represents.

She knows nothing about Mother Goose rhymes, engraved silver mugs on birthdays, pressure-cooked vegetables, or toothbrushes.

Like an underprivileged Negro child who was also denied these middle-class advantages, my white Maria was unable to bring to school that preschool learning which would have made it possible to use what school had to offer.

* * *

That's why she's still in the sixth grade. Like underprivileged Negro children who never heard of Simple Simon, she started school so far behind the privileged kids who DID know about him that she'll never catch up.

* * *

It won't be just ignorant Negro children who will wreck the "educational standards" of our nice, middle-class schools. If there's wrecking ahead, it will be preschool deprivation that does it, whatever its color.

* * *

You want my opinion?; I'm for public nursery schools. I am for filling the learning vacuum of early childhoods of our Marias, black and white, so that they can become assets to our public school systems instead of the burdens they now are. I'm for the integration of deprived children.

For going everywhere . . . the costume that is tailored to perfection. The jacket is hip length, boldly buttoned and pocketed. A marvelous dress can lead a very busy life without its companion. Dramatic white margins the dress and jacket. Shown in pearl grey. Also in sky blue and brown. Sizes 12 to 20. About $30. In a new nonwool of 50% arnel, 50% rayon. By R&K. On order locally.

Sandra Lea Shapiro Wed

Recent marriage vows were spoken by Sandra Lea Shapiro, daughter of the Marvin Shapiros of Ringwood Drive, Commerce Township, and Robert W. Walker, son of the William B. Walkers of Berkley Avenue.

Attending the couple were Jane Bigler and Michael Landers.

A wedding dinner for the couple was given at the home of Mr. and Mrs. Jack Landers of Fourth Street.

RESIDE HERE

The newlyweds are at home in the Bel Air Apartments in Pontiac.

For Roller Skates

To store your youngster's roller skates, wrap them in aluminum foil.

Spadea Designer Pattern

Ceil Chapman

Ceil Chapman originally made this design in royal blue crepe. She is famous for her superbly draped creations that slenderize and flatter the figure.

The bodice is cleverly cut so that the curved V shape of the neckline falls on the bias. The deep folds on the bodice front drape into a lovely shape.

* * *

The simple straight skirt is gently pleated in at the waist. Narrow cording circles the waistline. The zipper is set in the left side seam.

Spadea's exclusive ready-to-wear sizes produce a better fit. See chart for size best for you.

Sizes*	Bust	Waist	Hips	*Length
10	34	24	35	16½"
12	35	25	36	16½"
14	36½	26½	37½	17"
16	38	28	39	17¼"
18	40	30	41	17½"

*From Nape of Neck to Waist

Misses Size 12 requires 2¼ yards of 42" fabric with or without nap for Dress. To order Pattern No. N-1070, state size; send $1.25. Address SPADEA, Box 535, G.P.O. Dept. P6, New York, N.Y., 10001

Baby Chairs Are Sturdy

Baby chairs made of light weight polypropylene plastic are sturdy and highly resistant to stains, scratches, and weather.

One-piece seats fitted over tubular chrome frames leave no crevices where food, dust, or dirt can lodge.

This type of high chair, rocker, or car seat can be kept clean and sanitary for baby by sponging with hot soap or detergent suds.

Weren't Available

Three-fourths of the pharmaceutical prescriptions offered today are for drugs that were not available in 1950.

Term Means 'Hand Wash'

According to the National Institute of Drycleaning, the term "wetclean" means essentially the same as "hand wash."

When anything is "wetcleaned," it is washed by hand with soap or detergent in tepid water.

It is usually dried by air and hand-pressed according to the fiber content of the fabric.

Growth for Fabric

The bonded fabric industry, where the outer fabric and its lining are combined, has grown from less than 10 million yards in 1963 to a planned production of more than 250 million yards this year.

It's No Wonder

LINCOLN, Ill. (AP) — Mrs. Abraham Wilensky decided her piano didn't sound just right. Investigating, she found it had become a harbor for 25 marbles and two turtles — placed in the instrument by one of her small sons.

Smallpox Vaccine

Dr. Edward Jenner did 18 years of continuous research on cowpox before developing the vaccine that stamped out smallpox.

Predicts Styles for a World That's Changing

A fashion designer is only as good as the fabric with which he or she works, says Adele Simpson.

Mrs. Simpson, New York designer-manufacturer, made the comment in connection with predictions of styles for the next five years. "We're in a great changing world," said Mrs. Simpson, "an era of the scientific. The minute we hit the moon I felt all our clothes were old-fashioned."

But she added, she does see continuation of the almost-clothes, or bare look to fashion because of "the cult of the body.

"Women no longer just get a permanent or shampoo and set. They spend the day on beauty, with massage, facial, exercises. It's no longer just the face that counts," said Mrs. Simpson.

Fabric Shades Made to Match

Decorator articles are filled with fabric shades to match or contrast wall paper, or other decor. Such fabric is beautiful for window shades and your shades will cost a small fraction of what they would cost custom made.

Be sure the shades are made on the perfect grain of the fabric or they won't hang properly. Hem them after completing construction and attach them to the rollers.

Hang the rollers between poles or frames of wood in the garage (or outside. Spray the fabric with the new plastic.

This spray gives body to the fabric and also makes the fabric more resistant to dirt and humidity.

MRS. NORMAN HOVIS

Crises and Excitement Are Part of Her Job

Sometimes a job can lead to some pretty exciting developments. At least this is true of Mrs. Norman Hovis' job as a long distance operator with the Michigan Bell Telephone Company.

* * *

Twice this woman has been on the scene during times of crisis. An elderly blind woman who lived alone at the time, always dialed the operator to place a local call. After the call had been connected, she never failed to thank the operator nicely for her assistance.

Knowing this (and having before placed calls for the woman) Mrs. Hovis became alarmed when one day there was no polite "thank you" but instead the sound of a receiver being knocked against something.

The alert operator was able to trace the woman's address through the telephone number and called police.

HELP ARRIVES

When help arrived, they found the telephone off the hook and the woman suffering a heart attack. Due to the presence of mind and her awareness of customer needs the blind woman's life was saved by Mrs. Hovis.

* * *

On another occassion, this operator was summoned on the phone by a 14 year-old hysterical boy. The boy and his friend were alone in the house and had been fooling around with a gun. It went off and the friend was shot.

The boy refused to give the operator his address, so she did what she could to keep him on the line so that his number and address could be located.

FAST THINKING

The boy was in a near panic and his friend was in a very serious condition but through this woman's efforts the police soon arrived and carried the injured boy to the hospital. It was a very close call, but the youngster did survive.

Mrs. Roy Mitchell, chief operator of long distance and supervisor to Mrs. Hovis says "it won't be the same around here when Anna retires Friday after 25 years of service to the company."

On cooperative dinner night, which happen frequently around here, she says, the girls will miss Anna's casserole and assorted goodies. She's quite a cook.

The mother of two sons and a daughter, Mrs. Hovis has found time in the last 25 years to also spend many hours as an active worker for the McConnell, Eastern, and Pontiac Central PTA's.

Clean Gold Borders on Crystal, China

Take care in cleaning those gold borders on your fine crystal and china.

One way to do it is to sprinkle with bicarbonate of soda and scrub lightly with an old tooth brush.

They Need Oiling

Household appliances need oiling from time to time—but only sparingly. Use the right oil for the job.

Newlyweds Honeymoon in Jamaica

Honeymooning in Jamaica are the George Clarence Prells (Marilyn Andrea Lang) who were wed recently in the All Saints Evangelical Lutheran Church before Rev. Robert F. Heskel.

Their parents are Mrs. Harry Tolley, East Detroit, the late W. G. Lang, and the Clarence R. Prells of Whitfield Street.

* * *

White peau de soie fashioned the bride's sheath gown and court train, also a floral headpiece for her butterfly illusion veil. She carried white Cymbidium orchids and Stephanotis on imported tropical leaves.

* * *

With honor maid Mariann Hybels of Kalamazoo, were bridesmaids Ann Lynn, Midland; Carol Prell, Walled Lake; and Virginia Kmiec, East Detroit.

ATTENDANTS

Attending their brother as best man and usher, respectively, were Leonard and Donald Prell along with ushers Roderick Dapkins, Grosse Pointe, and Michael J. Andress.

The couple who greeted guests at a dinner in Clinton Gables Inn, Mt. Clemens, will reside in Warren.

Maroon Tone of Mahogany Hid Its Beauty

Mahogany, some years ago, ceased to be stained the dark maroon tone its beauty had hidden under since the 18th Century.

* * *

Its natural medium brown-gold color was an immediate hit. Other beautiful hardwoods like cherry, pecan and walnut also began to be finished without heavy disguising stain.

Most furniture finishes today change the natural wood color only about as much as would occur from a thorough water wetting of the dry wood.

* * *

Along with softer more gentle lines of wood furniture has come a greater appreciation for the natural figure pattern characteristic of most hardwoods.

* * *

The swirls of mahogany, the rippled ovals of cherry, the wavy black lines on amber teak, the vigorous markings of rosewood and many more wood beauties add elegance to even the simplest modern styles and embellish antique adaptations.

AP Wirephoto

Here's an ensemble from the collection of Pertegaz of Spain. The headpiece is made of poppy-red organza petals and tops a short cocktail dress of the same material with petaled skirt to match. Highlighting the ensemble is a 30-carat diamond pendant set in diamonds and rubies from Sanz.

Fills Gap in Understanding

Judge Finds Youth Jury 'Tunes In' on Teen Offender

(EDITOR'S NOTE: Judge Alec W. Brown, author of the following article, is the judicial district judge — the equivalent of magistrate — in Madera, Calif. He has been on the bench for six and one-half years.)

By JUDGE ALEC W. BROWN
Written for Associated Press

MADERA, Calif.—As the handsome 18-year-old high school senior turned away from my bench to begin five days in jail, he was biting his lips to fight back tears. But how could this be, I asked myself, when only a few hours earlier this same boy has "bravely" risked his life in his speeding automobile, with no thought for his personal safety.

How can a judge analyze these too-common situations?

* * *

The young man was not new to my court, having once lost his driver's license for drag racing and running stop signs. However, this time he had really "tied one on" — loading up to a warm glow on illegally obtained beer, running three stop signs and attempting to outrace a highway patrol car at up to 110 miles per hour.

Such conduct indicated this teen-ager suffered from some degree of antisociety rebellion, resulting in a refusal to recognize the responsibilities our system requires. But why does the modern, often highly intelligent

AP SPECIAL REPORT

young man or woman commit these stupid acts — stupid because they jeopardize everything the teen-ager hopes to achieve in his lifetime?

How can a judge understand a thought process which temporarily rejects or stifles the normal human instincts to protect oneself from bodily harm, shame and loss of liberty or career?

In short — how does a magistrate "tune" his own mind to the mental wave length of the delinquent juvenile?

It was with these questions in mind that I began noting the apparent success of a youth jury program in Duval County, Florida.

I discussed the plan with student leaders at Madera High School — where I was graduated 27 years before — and the response was overwhelming.

* * *

On my own youth jury, as it developed, student volunteers register potential jurors, who are then selected by lot. The only requirement is that the student have a valid driver's license. So far, jurors range in age from 16 to 19, but jurors who are graduated remain on the list and slowly the average age will increase.

* * *

The juries consist of six persons. I use two juries for each court session, one hears a case while the other deliberates in private.

The juries — which have an advisory function — handle misdemeanor crimes involving persons under 19.

VERY SUCCESSFUL

After four months, the program has been a very successful experiment. The juries have expressed consistently good recommendations for punishment, and three-fourths of the time I have followed the recommendations almost to the letter.

* * *

They seem to sense whether an excuse is phony and the young con artist has less success with them than he does with me. Sometimes the jury recommends unusual leniency and at other times unusual punishments, especially in jail time.

* * *

One off-beat penalty was to sentence a 16-year-old motorist to washing and polishing 30 stop signs. The offender, while carrying out the sentence, wore signs on his chest and back that said: "I run stop signs."

Surprisingly, even after stiff sentences, violators display less resentment toward the youth jury than they normally would direct to the judge.

* * *

The immediate success of my youth jury has convinced me of its tremendous potential as a means of creating respect and improving the channels of communication between young people and the judicial and law enforcement agencies.

* * *

Most of all, it can help the overworked and exasperated judge understand how the wheels go around between juvenile ears.

Bitten by a Rattler, Boy May Lose Leg

BATH, N.Y. (AP)—A rattle snake bite on the ankle may cost an 11-year-old boy his lower right leg, say doctors at Ira Davenport Hospital here.

Physicians continued efforts today to save the lower part of the limb of Richard Loucks Jr. He was reported in serious condition.

* * *

The leg is swollen from the snake bite inflicted Aug. 2 while he was walking in high grass near his home in Cameron Hills, 12 miles northwest of Corning.

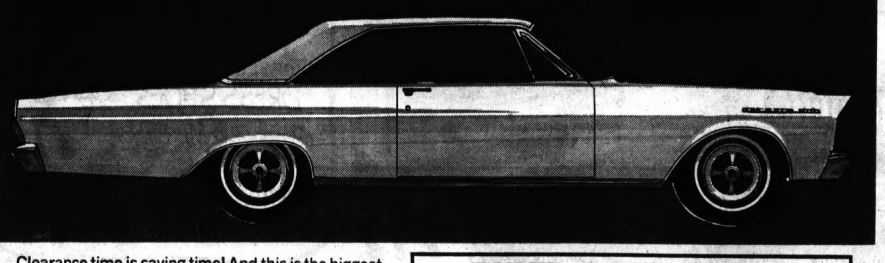

Beauties Must Be 40

NAPLES, Fla. (AP) — This city on Florida's lower west coast is celebrating its 40th anniversary and will stage a beauty contest in which all entries must be 40 years old — no more, no less. The winner will receive a ruby ring symbolic of a 40th wedding anniversary.

National 3-Meter Diving Crown for Pontiac's Micki King

Former PCH Student Gets Close to Goal

'68 Olympics Is Aim After Two Trials in '60 and '64

AP Photofax

CHAMP — Pontiac's Micki King is the National Women's 3-Meter diving champion today after winning the title yesterday in the AAU championships in Toledo.

Special to the Pontiac Press

TOLEDO — The goal set as a 16-year old, is closer to reality for Micki King, former Pontiac Central student, who yesterday won her 2nd national diving championship.

She reigns today as the National AAU Women's 3-meter board champ, after finishing a close second two days ago in the 1-meter event.

Miss King, a University of Michigan' senior, who won the national platform championship of the Women's Diving Championships in California in April, said she is working toward the 1968 Olympics.

* * *

As a 16-year old she competed in the Olympic diving trials of 1960 in Detroit and finished near the bottom of the 30-entry field. She tried again in the 1964 trials and finished 5th.

Only two women divers made the Olympics in 1960 and three in 1964.

Yesterday, Micki won the AAU title by picking up 69.80 points on her last dive, a 1½ somersault and a 1½ twist.

Before the final dive she was in 4th place, with Sue Gossick of Los Angeles holding the lead. Miss Gossick tried the same dive but missed and finished third with 1-meter champion Mrs. Joel O'Connell taking second.

Micki totaled 463.05 points, Mrs. O'Connell 455.50 and Miss Gossick 454.50.

NO SURPRISE

"She didn't surprise me," said Dick Kimball, University of Michigan diving coach who has tutored her through diving competition since attending U. of M.

"It makes me very happy," he added "This is her best dive and she saved it for last with the idea it could win for her. That's the way it turned out."

Miss King is representing the Ann Arbor Swim Club in the meet and she said she will continue practicing under Kimball, U.S. Men's Olympic diving coach last year.

In the men's diving division, Bernie Wrightson of Phoenix, Ariz., won his second straight title in as many days by adding the men's 1-meter event to the 3-meter title he won Wednesday.

This is the second straight year he has won both titles. He held off the challenge by Olympic champion Ken Sitzberger, an Indiana University freshman.

* * *

Sitzberger scored 117.90 points on his last two dives, but Wrightson tallied 121.50 to end with 494.50 to Sitzberger's 478.90.

In the start of swimming competition, a 14 year old little teenager from Commerce, Calif., owned a big world record today.

She's Patty Caretto, 14, a solid 110 pounds of swimming stamina on a 5-foot-1 inch frame. She won the women's 1,500-meter freestyle Thursday over Olympic swimmer Sharon Finneran of Santa Clara, Calif. as both shattered the world record of 18:30.5 minutes.

Miss Caretto set it at the women's meet on July 30, 1964 and yesterday she did it in 18:23.7 while Miss Finneran was timed in 18:29.2.

Among other local entries in the AAU championships, Bruce Brown a former Rochester diver also competing for the Ann Arbor Swim Club placed fifth in the men's one-meter diving division.

* * *

Men's one-meter diving—1, Bernie Wrightson, Dick Smith Swim Gym, Phoenix, Ariz., 494.50; 2, Ken Sitzberger, Indiana Aquatic Club, Bloomington, 478.90; 3, Rick Gilbert, Indiana AC, 458.85; 4, Tom Gomez, Dick Smith Swim Gym, 435.55; 5, Bruce Brown, Ann Arbor, Mich., 431.30; 6, Jim Henry, Dallas, Tex., 421.80; 7, Win Young, Bloomington, Ind., 414.70; 8, Randy Larson, Columbus, Ohio, 407.45.

Women's three-meter diving—1, Micki King, Ann Arbor, Mich., Swim Club 463.05; 2, Joel O'Connell, Santa Clara, Calif., Swim Club, 455.50; 3, Sue Gossick, Los Angeles, 454.50; 4, Lesley Bush, Princeton, N.J., 444.70; 5, Barbara McCarthy, Shamrock Hilton Swim Club, Houston, Tex., 430.70; 6, Patsy Dick Smith Swim Gym, 426.35; 7, Patty Simms, Jack Kramer Swim Club, Los Angeles, 417.70; 8, Shirley Teeples, City of Commerce, Calif., Swim Club, 401.40.

State Pony Team Out

INDIANAPOLIS (AP) — St. Clair Shores, the Michigan entry in the Pony League Regional baseball tournament, was knocked out of competition Thursday 7-5 by Paducah, Ky.

SPORTS

Arrows Meet Flint at Wisner

Pontiac Pro Football Debut Saturday Night

By FLETCHER SPEARS

An abundance of speed and power in the backfield makes the Pontiac Arrows a solid favorite to knock off the invading Flint Blue Devils tomorrow night in the debut of Pontiac pro football at Wisner Stadium.

* * *

The kickoff is 8 p.m. and the game signals the opening of the 1965 Midwest Football League non-conference action.

The same Flint team will help Pontiac open the league campaign Sept. 4 at Wisner.

Among the heavyweights in the backfield are fullbacks Willie Jones, a 6-0, 225-pounder, and Mike Schott, a 6-0, 230-pounder.

* * *

Jones, who starred as a regular four years at Hillsdale, combines speed with power and coach Lyle Wells calls him "one of the best blockers on the team."

Schott, who played at Adams State Teachers College in Colorado, is a bruising runner and is hard to bring down. He injured an ankle a week ago and missed practice last Sunday, but Wells said the big guy would be ready for Flint.

On the speedy side, Wells has halfbacks Bob Hill, a 165-pounder from Alma College, and Art Avecilla, a 5-8, 180-pounder from Southeastern High School in Detroit.

Hill, flashy runner, led the team in scoring in 1963 with 112 points. He suffered a broken wrist last year and sat out much of the season.

Another back with a lot of speed is flanker Jim Johnson of Tecumseh, a good runner and one of the club's best receivers.

Directing the Arrows will be quarterback Mike Brown, a 6-3, 212-pounder from Oak Park, who earned All-State honors during high school at Ferndale.

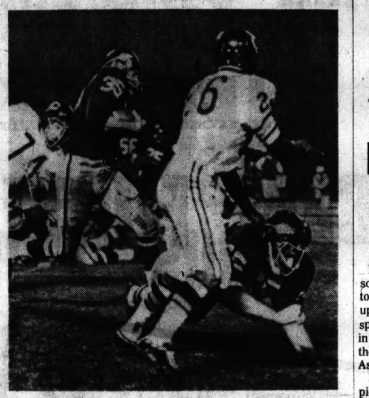

THROWS 'BOMB'

Brown likes the short passes but he tosses the 'bomb.' From the option play, Brown will occasionally run with the ball.

One of Brown's favorite receivers is his brother, Pat, a 6-4, 235-pounder who holds down the tight end position.

At the other end is Mike Pryor, a 180-pound speedster who is expected to give the Flint defenders some problems in the backfield.

Tickets, $2 each are on sale in downtown Pontiac at Osmun's Men Store, Griff's Grill and Bob & Ken's Bar. Student tickets — 50 cents each — are on sale at Kresge Store, in Miracle Mile. Tickets will also be available at the gate.

AP Photofax

DAYLIGHT AHEAD—Fullback Rick Casares of the Washington Redskins finds running room with the help of a block from Vince Promuto on Chicago Bears' Bennie McRae in last night's exhibition game. Bob Kilcullen of the Bears (left) chases Casares. Chicago won, 31-30.

Bengals Rout A's, 11-1

Aguirre Gets Tigers' Bat Support

DETROIT (AP)—Hank Aguirre's prediction that the Tigers are a power-laden team and would start hitting for him came true Thursday, thanks to Don Demeter.

But Demeter, while happy with his seven runs batted in during the 11-1 conquest of Kansas City, says he'd rather get one a game and have it mean something.

"The seven RBIs look good when added to my season's record," Demeter said. "But the grand slam homer was wasted in a way because we already had them 7-1 and they weren't having too much luck against Aguirre."

* * *

Demeter's grand slam homer was the fourth of his career. It capped a six-run Detroit sixth inning as the Tigers completed a sweep of the four game series with the A's.

He singled home one of two runs in the first inning and hit a two-run triple in the fifth.

Demeter's RBI production may well be a Detroit record. But he's done it before in the National League—twice, in fact. Each time he hit three home runs in the game.

Tiger officials said a spot check of available records showed many six RBI days for Detroit players but none higher.

The only run off Aguirre came in the fifth inning when Rene Lachemann hit a solo homer. Bill Freehan also homered for the Tigers.

The first two Detroit runs came on two walks and a pair of infield hits.

Their two runs in the fifth were unearned as Demeter delivered his triple following an error by Wayne Causey and a walk to Gates Brown.

No 'Panic Button' for Lion Rookies

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Detroit Lions' coach Harry Gilmer doesn't plan on pushing the panic button if rookies or the new faces in starting positions goof on their assignments in the opening exhibition game against the Eagles in Philadelphia Sunday afternoon.

"We will start Larry Hand at defensive end, Wally Hilgenberg at middle linebacker and Wayne Rasmussen at safety, and we're not going to panic at the first mistake they make and pull them for any such reason," said Gilmer.

Gilmer plans on going into the first exhibition encounter with mostly a veteran lineup, except where he does not feel he should use any of the recuperating hospital cases of the past winter.

Hand, a rookie from Appalachian State who stands 6-4 and goes 245 pounds, will play in Sam Williams' position, while newly acquired Ron Kramer backs Darris McCord at the other defensive end slot.

Hilgenberg, a second year man from Iowa, played mostly on the specialty teams last year. He will be in all-pro linebacker Joe Schmidt's position.

Rasmussen moves into the safety spot vacated by Yale Lary who announced his retirement from pro football several weeks ago.

The Eagles, who lost 37-0 to the Redskins in their first preseason game last week when coach Joe Kuharich decided to utilize a large number of rookies, will start quarterback King Hill against the Lions.

The Eagles also announced today that veteran end Pete Retzlaff suffered a leg injury in practice yesterday and he would miss the game against the Lions.

Retzlaff was with the Lions before going to the Eagles in 1956.

First Round Leaders Falter in PGA

1964 Champion Has Troubles

Rudolph Loses Share of Tourney Lead

LIGONIER, Pa. (AP) — Mason Rudolph lost his steady touch with a double bogey blowup on his sixth hole today and spun out of a share of first place in early second-round play of the 47th Professional Golfers' Association Championship.

Meanwhile, defending champion Bobby Nichols virtually killed his chance for a second PGA title with a two-over-par 38 on the Laurel Valley club's front nine and two stars among the opening day front-runners—Gardner Dickinson and Australian Bruce Devlin —were having trouble.

* * *

Rudolph, the stolid Tennesseean who started the day one stroke behind pacesetting Tommy Aaron, tied for first with a birdie on his third hole that put him five under par for the tournament. But on the 15th—he started his round on the 10th tee —he came out of a trap within 15 feet of the pin, then threeputted for a 6. He took a bogey on No. 18, leaving him two-under over-all and even with Dickinson.

Dickinson, tied at 67 with Rudolph when the second round began, got three bogeys on his nine and was two over at 37.

LATE STARTERS

Aaron, Snead, Floyd and tournament favorite Jack Nicklaus, who carded a first-round 69, all were afternoon starters. So was Arnold Palmer, Laurel Valley's host pro and overwhelming choice of the big crowds here.

The handsome Pennsylvanian was slated to play in the last threesome, teeing off at 2:15 p.m., EST. He took a 72 Thursday after being penalized two strokes on the first hole.

His second shot on the first hole wound up near a bridge, and a railing prevented a followthrough of his swing. He called for an official ruling, but before it came two marshals tore off the railing and Palmer played on.

* * *

After a par on one, a Birdie on No. 2, and three more pars Palmer was notified on the sixth tee of the penalty. He finished the day one over at 72.

TAKES BLAME

"It was my responsibility. Under the rules it was up to me to keep them from taking down that railing. But I didn't," Palmer explained. Admitting the penalty had its morale-shaking effect, he continued:

"It made a difference in how

(Continued on Page C-4, Col. 4)

AP Photofax

GRINS AT PROBLEM — This problem shot brought a grin to Arnold Palmer's face at Laurel Valley in Ligoiner, Pa., where the 47th PGA Championship is being held. Marshals tear down a barricade to allow Palmer to chip to the green, after his blast overshot the green. Palmer fired a 72 in the first round of the tournament.

Golfer Draper Beats 2 Foes

WINNIPEG (AP)—Tom Draper of Royal Oak, Mich., won his second and third round matches in the Canadian Amateur Golf Championship Thursday and reached the quarterfinals.

* * *

Draper defeated fellow-Michigander Pete Passink of Battle Creek, 5 and 3, in the second round and won from Ken Wasslen of Calgary, 2 and 1, in the third round.

AP Photofax

EARLY LEADER — Tommy Aaron of Gainesville, Ga., had the first round lead in the PGA Championship at Laurel Valley in Ligonier, Pa., when he fired a 5-under par 66 yesterday.

State Netter in Finals

HOUSTON (AP) — Susan Dykes of Warren faced top-ranked Marie Sidone of Pebble Beach, Calif., today in the 18-and-under girls tennis finals of the National Jaycee Sports Spectacular. Miss Dykes beat Pamela Teeguarden of Los Angeles, 6-3, 6-1 Thursday, while Ron Hainline of Detroit and Emily Fisher of Bloomfield Hills were defeated in other matches.

Stars to Play in U. S.

NEW YORK (AP) — Australia's Roy Emerson and Brazil's Maria Bueno will be out to defend their singles titles in the U.S. National Tennis Championships at Forest Hills, Sept. 3-12. They will head a field of more than 300, the U.S. Lawn Tennis Association said today.

TEEING OFF

By FLETCHER SPEARS

Lack of interest may bring about the death of one of Pontiac's few golf tournaments.

A slow death, to be sure, but a sure one, nevertheless.

The event is the Women's Medal Play, an 18-hole outing held annually at Pontiac Municipal Golf Course.

To be successful, the event needs the presence of the local women golfers, but they are apparently losing interest in the tournament.

If the trend established during the past three years continues, there'll be about five or six on hand next summer to battle for the trophy.

Two years ago, there were 30 entrants in the tourney. The figure dipped to 22 last year.

* * *

This year, 17 were on hand.

"I thought for awhile about calling it off," said L. C. Barner, manager of the course.

Barner didn't say so, but chances are that he'll accept entries now for the '66 tourney.

AGE SHOWS 'EM

Chalk up another blow for old age and give the credit to 72-year-old Bill Fleischauer of Pontiac.

* * *

Bill found himself in a match recently with three 'youngsters' at Pontiac Country Club.

The three were Bob Isgrigg, 48, Chester Reynolds, 55, and Reynolds' son, Jack, 27.

All four were looking for a friendly game and the three 'youngsters' were wondering who would get stuck with Fleischauer.

* * *

Isgrigg did.

They paired off and the 'old man' proceeded to give the others a lesson over the 6,305-yard course.

Bill turned in a two-under-par 34 on the front side and matched par on the back nine (36) for a 70. His partner, Bob, was four strokes back at 74 along with Jack. Chet had a 76.

* * *

"It was a little embarrassing," said Chet.

Adrian 9 Is Loser in AAU Tournament

NEW YORK (AP) — Adrian, Mich., lost its opener Thursday in regional play of the AAU National Baseball Tournament, bowing to New York City, 6-1.

Adrian plays Altoona, Pa., Friday in the double elimination tournament.

Groom, Agent Twin Dealers

DETROIT (AP) — A jockey's agent and a groom were suspended by the Detroit Race Course Thursday for reportedly trafficiking in twin double bet tickets. Both were barred from the track.

* * *

Atty. Gen. Frank Kelley, who has been investigating twin double betting, said at Lansing he would confer today with track officials.

The track's disciplinary action was against agent James R. Garroute and Neil D. Steinberg, a groom. Officials said they bought twin tickets in violation of track rules.

Decide Title in Waterford

The Class B playoff was decided in Waterford Township softball action last night and Richardson's Dairy will be the representative in next week's state play.

Richardson defeated Lakeland Pharmacy, 4-3, with pitcher Jerry Thomas winning for the second straight night.

A two-base error accounted for the winning run in the fourth inning, although Bob Thatcher had a two-run homer for the losers.

Tonight in Class D, another win for Midget Bar over Howe's Lanes would give that team the playoff title.

Racing Museum Group Reelects Top Leaders

SARATOGA SPRINGS, N.Y. (AP) — The National Museum of Racing has reelected its officers and named their additional trustees.

The board held its annual meeting Thursday.

* * *

George D. Widener, president of the Museum, said Joseph A. Gimma, recently named chairman of the New York Racing Commission, has joined the board. The other trustees are Frank E. (Jimmy) Kilroe of California and John A. Morris of New York.

Women's Golf Tournament in Semifinals

COLORADO SPRINGS, Colo. (AP) — The semifinal round of the Broadmoor Women's Invitational Golf Tournament pitted favorite Barbara McIntire of Colorado Springs, against Nancy Roth Syms, of Hollywood, Fla., in today's first match.

* * *

Miss McIntire defeated Harriet Glanville of Long Beach, Calif., 4 and 3 Thursday, while Mrs. Syms beat Sharon Miller, Battle Creek, Mich., 2 and 1 in the quarter-finals.

* * *

Judy Rand of Aurora, Ohio, surprise winner over defending champion Barbara Faye White of Shreveport, La., Thursday, faces Susan Lance, of Woodland Hills, Calif., in the other semifinal match.

Miss Lance defeated Jean Ashley of Colorado Springs 1-up on 20 holes in the quarter-finals.

Big Field of Keglers in PBA Brockton Meet

BROCKTON, Mass. (AP) — A field of 150, headed by 17 of the 20 top money winners on the Professional Bowlers Association tour, was entered today for the start of the $28,500 Brockton Open at Westgate Lanes.

Twelve games were set for today and another 12 Saturday to determine 16 qualifiers for match play finals on Sunday.

Here's Over 50 Years of Solid Pontiac-Rambler Know-How At Your Service

Bob Eastman, Service Mgr. — Bob Herron, Mechanic — Bob Herold, Mechanic — Wayne Isbell, Mechanic

These four men make up Russ Johnson's crack service team. It is the result of a long, hard search by Russ to find four of the very best men in the business. It wasn't easy. Men with the skills and experience of these four are hard to find.

When Russ first took over this dealership, he soon realized that any Pontiac or Rambler dealer had the same cars to sell that he had.

To make a success of his business he knew that he had to find a big plus to offer.

Further research made it clear that the finest service was the most important plus he could offer. He was right. And soon, as the good word got around, his service business grew rapidly. But the big payoff came when many of his satisfied service customers came back to buy their next cars, new or used, where they knew they would get the very best service workmanship and materials.

So, the next time your car needs service, put it in the hands of this "First Team." You'll be glad you did.

Girls' Track Meet to End '65 U.S. Tour

MUNICH, Germany (AP) — America's youthful resurgent track and field team takes on the West Germans here tonight and brings an end to the 1965 odyssey dedicated to international good will.

Tonight the U.S. girls seek to repeat their unprecedented triumph of last week over the Poles and stay even with the men.

★ ★ ★

The U.S. men completed a 142 to 91 rout of the Germans Thursday night in Augsburg, a picturesque Bavarian city. The Americans finishing on a high note, won 16 of 21 events and redemmed their showing against Russia and Poland.

The final evening's show was highlighted by a brilliant 10,000-meter run by Olympic champion Bill's Mills of Oceanside, Calif., and a blistering 1600-meter relay effort.

Mills, the part-Indian Marine, ran away from Germany's highly rated Lutz Philipp in winning in 28 minutes, 17.6 seconds. This was 6.8 seconds faster than his winning time at Tokyo and almost as good as the 27:10.6 he recorded for six miles in the championships at San Diego.

Class A Series Even

Hurler Gets Big Hit

The outstanding hurling in the city's Class A baseball playoffs continued last night, but it was a pitcher's bat that kept the R. T. Clippers alive at Jaycee Park.

Ace moundsman John Billesdon singled with two out in the second inning for both runs in a 2-0 victory that evened the best-of-three semifinal series with Pontiac Business Institute.

★ ★ ★

PBI had won the series opener Tuesday, 1-0.

Both Billesdon and opposing pitcher Larry Frye were touched for only two hits; each only experienced one serious threat.

Billesdon's safety followed a one-out walk to Dave Diehm and single by Vince Deni. A ground out moved the runners up and Billesdon brought them both in. After that Frye retired 13 of the final 14 Clipper batters.

PBI had two walks and a single in a row during a fourth-inning bid to score, but bad base running saw two of the three runners tagged out by second baseman Diehm.

Then Billesdon got 9 of the last 10 PBI batters to preserve the shutout. He had eight strikeouts. Each team left only three runners on base.

Tonight at 8 o'clock, Huron-Airway (a 1-0 winner Wednesday) will attempt to clinch its playoff with Cranbrook.

★

The final PBI-Clipper game will be played either tomorrow or Sunday night, depending on whether another Cranbrook-H-A tilt is needed. The finals will begin Monday night under the Jaycee Park lights.

Bears Nudge Skins, 31-30 With Bukich

By The Associated Press

Rudy Bukich of the Chicago Bears isn't 39 yet but it seems like he's been playing second fiddle as long as Jack Benny.

Now, however, he may finally be ready to lead the band.

★ ★ ★

Bukich led the Bears Thursday night in their National Football League exhibition opener, making an impressive debut in his battle with Billy Wade for the No. 1 quarterbacking post by completing 13 of 19 passes for 206 yards and three touchdowns in a 31-30 victory over Washington.

★ ★ ★

The game, which attracted a sellout crowd of 45,142 into Washington's D.C. Stadium, began a four-day schedule of exhibition play in which all 22 teams in the NFL and rival American League will see action.

BENCH RIDER

Bukich, a 10-year veteran, was the back-up man last season just as he has been in previous years with Los Angeles, Washington, Pittsburgh and a previous term with the Bears.

★ ★ ★

Chicago	14	3	7	7—31

Attendance—45,142.

Aaron Posts 66 to Lead in PGA

(Continued from Page C-2)

I played from then on, there's no doubt about that."

★ ★ ★

A heavy morning fog delayed the first tee-offs for two hours, and forced the starting field of 167 to split — half beginning on the first hole and the others on No. 10. But a bright sun then warmed the course and the pros did much better with par than expected. Twelve bettered it, six more matched it.

★ ★ ★

Defending PGA champion Bobby Nichols and U.S. Open champion Gary Player both were well back at 74.

The field will be cut to the low 70 and ties after today's round, with the survivors eligible for the concluding 18-hole tests Saturday and Sunday.

MI 6-3900

Frustration Reason for Resignation

YPSILANTI (UPI) — Eastern Michigan University football coach Fred Trosko blamed frustrating experiences within the athletic department for his resignation Thursday.

"During the last two years under the new administration of the Department of Health, Physical Education, Recreation and Athletics, there was established a minimum of communication; vague, evasive and purposely designed to create uncertainty and frustration.

* * *

"As head football coach this became increasingly intolerable, hence my resignation, Trosko said.

Trosko, who was head football coach for the past 13 years, will take on a teaching position at the university.

He was immediately replaced by Jerry Raymond, 37, freshman coach last year.

Raymond, a former quarterback at Eastern from 1946 through 1949, coached football 10 years at Highland Park High School before joining the Huron coaching staff.

Trosko, a teammate of Tom Harmon and Forest Evashevski on the University of Michigan teams of the late 1930's, compiled a 50-56-4 record. He had a 4-3 mark last season.

LEAVING LOOP

Eastern President Harold Sponberg said he accepted Trosko's resignation with "regret."

Sponberg recently said Eastern planned to upgrade its sporting interest.

The Hurons will leave the President's Athletic Conference this year and seek a new alignment next season, probably with the Interstate Intercollegiate Athletic Conference.

MR-A 'Demonstration' Is Visited by Musial

MACKINAC ISLAND (AP) — Stan Musial, chief of President Johnson's physical fitness program and a former baseball star with the St. Louis Cardinals, arrived Thursday for a three-day visit at Moral Re-Armament's "Demonstration for Modernizing America."

* * *

Musial was welcomed by 1,000 cheering youths enrolled for one of a series of three-week schools being conducted by MR-A, an organization advocating an ideology of absolute honesty, purity, unselfishness and love.

* * *

Musial witnessed an afternoon calisthenics program which is compulsory for all youths attending the demonstrations.

* * *

The former Cardinals star arrived with steel executive Arthur V. Coates of St. Louis in the latter's private plane.

Lightning Hits Golfer

MONTREAL (AP) — Gordie Brydson, 58-year-old veteran from Toronto, had an umbrella knocked from his hand by a lightning bolt during a thunderstorm on the 18th fairway Thursday, but finished out his round and tied for the first round lead in the Canadian PGA Championship with a par 70.

Beverly Hills Swimmers Beaten by Forest Hills

The Beverly Hills Aquatic Club completed its dual meet Northwest Suburban Swim League schedule last night by dropping its first decision of the season.

* * *

Forest Hills Swim Club — one of the top upper division teams — handily defeated the lower division leader, 235-157; but the latter was spurred to numerous team and individual records by the tougher competition.

* * *

Five of the winning Birmingham club's entries posted double victories. Five Beverly Hills swimmers set team records, but only Larry Marchetti (in the 11-breaststroke) finished first.

Don Lindsay of Beverly Hills was runner-up, .1-second behind state champion AAU Rick Phillips in the 11-12-year-olds' 25-meter freestyle.

11-year-old Katie Boyd of Beverly Hills AC set her sixth individual team record with a :17.2 25-meter butterfly race among the 11-12-year-old girls.

Four combined-age relay team marks were set by the losers, although they won only two of the races.

* * *

The league meets 12-team preliminaries will be next Thursday and Friday at 6 p.m. in the Birmingham Groves High School pool. The finals will be Saturday afternoon.

* * *

The results last night

Netter Overcomes Blisters, 3 Foes

TORONTO (AP) — Bill Lenoir of Tucson, Ariz., led the favorites in the Canadian Tennis Championships Thursday, winning twice despite blistered feet.

Lenoir defeated unseeded Jack Jackson of Knoxville, Tenn., 7-5, 6-1, 4-6, 8-6 in a second-round men's singles match in which he limped.

* * *

He said he was too tired in the fourth set to worry about losing, but mustered enough energy to team with Willie Hernandez of the Philippines for a 6-4, 6-0 second-round men's doubles victory over Fred Berli of Switzerland and Gary Kesl of Evansville, Ind.

* * *

Top-seeded Julie Heldman, 19, of New York City won her third-round women's singles match 6-3, 6-0 over Vivienne Strong of Toronto, and second-seeded Pat Cody of Los Angeles defeated Louise Brown of Toronto by the same scores in their third-round battle.

Highly Scented Crash

TUCSON, Ariz. (AP)— Henry Dudley's car crashed into a plate glass window of a drug store here and smacked into a display of colognes and toilet items.

★ ★ ★

For a while Dudley had the best-smelling car in town.

AP Photofax

PUBLISHER AT WORK—Publisher Tichi Wilkerson prepares to type away in her Hollywood office where she publishes the "Hollywood Reporter," one of the town's two daily trade papers. She inherited the paper in 1962 from her husband, Billy, who founded the publication in 1930.

Knowing Her Stars Proves Worthwhile

By DORIS KLEIN

HOLLYWOOD (AP) — Her name is Tichi and she's a power in Hollywood. But you'd never know it by looking at her.

Slim, brunette, beautiful Tichi Wilkerson appears more fragile than most of the movie stars she encounters, and she wields her power with a delicate air.

★ ★ ★

She publishes the Hollywood Reporter, one of the town's two daily trade papers.

While many such journals are dull recitals of the nuts and bolts of an industry, Hollywood's pair are lively "must" reading in the movie industry.

DAILY CHECKS

Movie stars check the Reporter and its rival, Daily Variety, for news of upcoming films — and phone their agents to go after a leading role. Producers scan them for box office grosses.

To appear in the know, the uninformed or the uninvited quote tidbits from Reporter columnist Mike Connolly.

★ ★ ★

"I suppose we're an influence," says Tichi, curled on a comfortable leather couch in her paneled, fireplace-equipped office. "But it's more because of the enormous volume of news there is to print. There's so much happening all the time."

★ ★ ★

Tichi inherited the paper in 1962 from her husband, Billy Wilkerson, Hollywood bon vivant and restaurateur, who founded it in 1930.

EMPHYSEMA VICTIM

"He suffered from emphysema for several years and knew his time was limited," says Tichi. "So he brought me into the business, taught it to me from the ground up."

Still in her early 30s, Tichi also found herself left with the responsibilities of a little boy and girl and a French colonial mansion in Bel-Air.

★ ★ ★

"There weren't all the pressures you'd expect," says Tichi. "Everyone in the industry tried to help me."

Tichi started quickly to inject her own ideas. Wilkerson had avoided printing much news of the television industry.

SAW IMPORTANCE

"But I could see how important television was and would become," she says. "Now we devote almost half the Reporter to television."

Tichi streamlined business operations and hired correspondents in Europe, Asia, New York, Las Vegas and San Francisco. Circulation increased 10 per cent in the first six months of her regime.

"I love motion pictures," she admits. "And I love my job. I've had a lot of offers to sell, but then what would I do?"

Tichi spends the morning conferring with the editor and business department officials in the Reporter's Sunset Boulevard building.

Photographers, Police Clash

Wild Send-Off for Beatles

LONDON (UPI)—The Beatles almost screamed for help today when police and press photographers brawled before the eyes of 300 screaming teen-age fans who watched their departure for New York on a coast to coast American tour.

Stunned groups of adults gathered to watch the scene.

The Beatles left for New York by plane.

The brawl broke out when 40 photographers scrambled to snap the Beatles as the music group posed and waved to the shouting teen-agers gathered on the roof of the London Airport spectators building.

★ ★ ★

A plainclothes police superintendent tried to push the photographers back and a uniformed police sergeant and constable charged into the newsmen and scattered them, cameras flying.

HIT ON CHIN

"I was punched on the chin," one photographer claimed.

"We did not know who the plainclothes man was when he started pushing us," he said. "The uniformed men suddenly charged into us, knocking several photographers over. I was punched on the chin."

Later the photographers presented a formal complaint.

★ ★ ★

"We shall have to get both sides, the press and the police side of the story," an aviation ministry spokesman said. "At the moment we do not know the facts and can not comment."

FANS ON ROOF

As police and pressmen clashed, fans on the rooftop—many of them just barely in their teens—flapped flags and unfolded a banner which said:

"Come back soon boys and take care. Remember us here in London. Babs, Vera and all the others are at the airport."

The scene grew more hectic as departure time neared.

Shouts from fans even drowned out the shriek of jet engines warming up.

FIRST LOOK — Singer Vic Damone and his wife, actress Judy Rawlins, watch the happy reaction of Damone's 10-year-old son, Perry, as he gets his first look today at his four-day old sister, Victoria Katherine Esther. Perry, Damone's son by his first wife, was on hand when the baby was taken home from Cedars of Lebanon hospital in Hollywood where she was born Sunday.

Hits 'Radical Fringe'

MIAMI BEACH, Fla. (AP) — Gov. William W. Scranton of Pennsylvania, who made an 11th-hour attempt in 1964 to take the Republican presidential nomination from Barry Goldwater, told the American Bar Association that the GOP must exclude extremists.

Scranton said Republicans must stop trying to accommodate "a radical fringe which should never find a spiritual home in either of America's two great political parties."

* * *

Addressing the association's annual dinner Thursday night, Scranton said without mentioning names: "The Republican tent should not be open to the radical, the racist and their brethren."

Scranton accused the Johnson administration of creating "a hodge-podge of confusing areas of responsibility."

* * *

Such confusion, the governor said, leads to "overabundance of power in national government."

Frank, Mia Go Separate Ways

NEW YORK (AP) — Frank Sinatra's salt water odyssey appeared at an end today, leaving unanswered where he would take his romance with teen-aged television star Mia Farrow.

The singer and Miss Farrow left his chartered yacht Thursday apparently for opposite shores of the Hudson River.

* * *

Sinatra, 49, reportedly took a launch from the Southern Breeze and headed for New Jersey. It was speculated he was going to visit his parents, Mr. and Mrs. Martin Sinatra, who live at Fort Lee, N.J.

Miss Farrow, 19, came to Manhattan, where she met her mother, actress Maureen O'Sullivan, and her sister, Tisa, 14.

DOWN EAST RIVER

With its passengers scattered ashore, the Southern Breeze slipped down the Hudson Thursday night to the East River and returned to her berth at the World's Fair Marina.

The cruise had started as a meandering pleasure trip along the East Coast. But at every stop there were rumors that Sinatra and Miss Farrow had married. The rumors were, at times, denied or ignored.

* * *

Then a third mate aboard the yacht, Robert A. Goldfarb, drowned Tuesday at Vineyard Harbor, Mass., when a small boat capsized.

The cruise also was marked by an erroneous report that Mrs. John F. Kennedy, widow of the president, had boarded the yacht off Hyannis Port for a visit.

In Hollywood Thursday, Rosalind Russell said a photograph of a woman boarding the yacht actually was Mrs. Peter Lawford, wife of the actor and a sister of the former president.

"That's Pat Lawford," said Miss Russell without hesitation as she looked at a picture. "Jackie was never aboard."

Miss Russell and her husband were Sinatra's guests for part of the voyage.

Four thousand American banks suspended operations during the depression year of 1933. This exceeded the previous high of 2,283 in 1931, also during the depression.

Saudi Arabia, birthplace of Islam, is regarded as the spiritual homeland of all Moslems. Most members of the faith consider a pilgrimage to Mecca a supreme obligation.

A new law permits holders of FHA mortgages to skip several payments when serious illness or other misfortune occurs. Use of the provision extends the life of the mortgage.

Investigative Report

Escape Blocked in Missile Silo Blast?

WASHINGTON (AP — Air Force Secretary Eugene M. Zuckert says two men trying desperately to escape in Monday's missile silo explosion at Searcy, Ark., may have blocked a narrow opening and prevented some of the 53 victims from getting out.

In a report to President Johnson, made public Thursday by the White House, Zuckert said: "A number of men had attempted to escape by the emergency ladder which apparently was blocked by two men who became jammed together in trying to pass simultaneously through a restricted area on the ladder, thus denying access to those on the ladder below them."

* * *

But the secretary, just back from a personal inspection of the Titan II missile complex at Searcy, emphasized that investigation of the disaster "is still in the preliminary stage."

"Cause of death was almost exclusively asphyxiation," he said.

The explosion occurred while a civilian labor force — much larger than that required for normal maintenance of the long-range missile site — was doing major underground modification work on the silo.

TWO ESCAPE

Two of the workmen escaped.

"It was apparent to all of us visiting the silo that this is an inherently difficult situation for a large-scale maintenance or modification project," Zuckert said. "There are difficulties involved in a project of this type where a large number of men with their necessary construction equipment are required to work on various levels of the missile silo in a confined and congested space already densely packed with the equipment."

* * *

Although the same contractor had modified 21 identical silos previously without time lost for injuries, Zuckert said that "the modification of the remaining 33 Titan sites has been suspended until the report of the investigating team is complete and the corrective action indicated by the investigators has been taken."

Zuckert said that they "must examine the adequacy of the escape system and emergency equipment, the training and discipline of contractor personnel, and the emergency lighting and escape equipment during periods of unusually heavy maintenance or modification."

In Little Rock, Arkansas Gov. Orval E. Faubus said that the Air Force — as is normal in such cases — is investigating the possibility of sabotage.

"Of course, the Air Force has no evidence of this," Faubus said.

Col. Charles Strang, vice president of the Air Force Accident Investigation Board, said that "the possibility of sabotage in any major accident in the Air Force is never ruled out.

"Accordingly," he added, "we will coordinate with the Federal Bureau of Investigation (FBI) and the Air Force Office of Special Investigation (OSI) on any aspect possibly involving human reliability or sabotage."

Tourist Unit Is Praised for Equal Rights

TRAVERSE CITY (AP)—The Michigan Civil Rights Commission commended the Michigan Tourist Council Thursday for its support of programs to insure equal rights at public accommodations.

The Rev. A. A. Banks, commission member, attended the opening session of the tourist council's three-day meeting. He said the council's efforts in equal rights were "personally heartwarming and encouraging."

In a formal resolution presented to the council, the rights commission also commended the council for "genuine leadership" in advancing the cause of tourism among minority groups.

Council Chairman Wesley Tebeau of Muskegon announced at the session that the Michigan Accommodations Guide, to be published by the council next fall, will contain a paragraph stating:

"The attractions and accommodations listed in this directory subscribe to both the letter and the intent of the Michigan Constitution and state law which provide that all public places are open to everyone on a full and equal basis."

30 Cuban Refugees Flee to U. S. on Boat

MIAMI, Fla. (AP) — Thirty Cuban refugees, three of them Chinese-born, arrived in Miami Thursday in a 24-foot motor boat they said had been stolen from the Cuban fishing cooperative.

The group included 11 children, one of them 4 months old. They said they had left Cuba from the luxurious Varadero Beach in northern Matanzas Province. The area was the No. 1 tourist center in Cuba before Fidel Castro.

...as of Oakland County's ...should be refilled to their ...by next summer, County ...Commissioner Daniel W. ...announced today.

* * *

...welcomed yesterday's de... by the County Board of ...lakers to advance $25,000 so ...e lake levels can be ade... controlled.

Affected will be several thous... and lake-front-property owners in Waterford and Independence townships.

At Barry's request, the board of supervisors authorized him to ask the courts to establish proper lake levels and allow the drain commission to maintain them.

* * *

The $25,000, plus $5,000 pledged by the Waterford Township Board, is needed to cover court costs and the necessary filing of notices, said Barry.

* * *

The ultimate cost of maintaining the water levels then will be determined by subsequent engineering studies, he added.

Barry said that installing the water leve... been proven economically feasible by his commission.

He said this can be done by damming peak flows in the Clinton River at two separate locations each spring.

* * *

Lakes that would benefit as the result, he said, are Van Norman, Losier, Williams, Maceday, Lotus, Greens, Dollar, Cemetery, Mohawk, Wormer, Schoolhouse, Upper Silver, Silver, Loon and Lake Angelus.

* * *

He also assured the board that the cost of maintaining the levels of these lakes will be borne by the benefiting property owners in the form of special assessments.

The dams which Barry proposes ... action in Circuit Court ... by Barry ... proceed.

...the county acquire, maintain and completed in time for the com... improve in order to rectify the mission to begin operating the situation all le within Waterford Township.

They are situated at the former state fish hatchery and near where the Clinton flows under Dixie Highway at the Cascades Motel.

Barry expects the necessary ...erty owners before authorizing

He said he expects to acquire both dam sites for the nominal fee of $1 each.

Normally the board of supervisors would have required petitions signed by benefiting property owners before authorizing

This would have taken an indefinite amount of time because of the great number of land owners in this instance, according to Barry.

* * *

He successfully had asked the board to waive the petitions "in the interests of public health and necessity."

Motors, Rails Strong

Market in 3rd Day of Gain

NEW YORK (AP) — The stock market rolled to a good gain early this afternoon.

It was the third consecutive day of advance.

* * *

Trading was fairly active.

The market was ahead from the start and increased its gain as the session wore on.

Motors, rubbers, aircrafts, rails and tobaccos were strong.

Coppers continued weak after a move was made in the Chilean Senate to nationalize the copper industry in Chile. Kennecott, a big operator there, slumped 3 points.

* * *

Reports of record car sales in the first 10 days of August brought strength to the motors. Chrysler advanced a point and General Motors and Ford were up half a point.

The Associated Press 60-stock average at noon had advanced .6 to 330.3 with industrials up .7, rails up .8 and utilities unchanged.

Douglas and United Aircraft topped the aircrafts with an advance of more than a point. Boeing was up a small fraction.

Prices advanced in moderate trading on the American Stock Exchange. Atlantic Coast Line, Conductron, Data Control and Pyle National gained a point or so. Savoy Industries lost more than 2 points and O'Okiep Copper was off a point.

* * *

Corporate and Treasury bonds were mostly unchanged.

Teen Must Learn to Discipline Himself

By LESLIE J. NASON, ED. D.

Dear Dr. Nason: Our son will be 16 years of age soon. His mind dwells so intensely on scientific and mechanical things that he simply cannot make himself concentrate on such studies as Latin, mathematics or even English literature.

This problem has been with him since the fourth grade. He excels in scientific things and recently won third place in the state science fair after winning first place in the county.

He wants to overcome his lack of success in other school subjects so much that he sits "glued" to his desk all afternoon and evening trying to catch up with Latin, etc. He wants to accomplish the things expected of him in order to reach college.

What can you suggest to help him keep his mind on his studies?

R. D., Dade City, Fla.

* * *

To develop an interest in subjects other than science, your son must discipline himself to work hard and build up a larger body of knowledge in each. The more he learns about each subject, the easier it will be to put in the necessary time studying it. With an overdeveloped interest center in science, it is natural that his mind wanders toward science when he should be holding his attention on Latin. Competing interest centers will require time and effort for their development.

Dear Dr. Nason: My brother, Joe, in the 10th grade, studies with an 11th-grade A-plus boy friend. Joe says he forgets everything he has learned when the teacher gives them a test. His friend helps him prepare for his test and says he cannot understand how he fails the test after he has learned the information so well.

* * *

On Joe's last English test before the summer vacation, he studied extra hard. His friend said Joe knew everything on the study forms, but when he started to take the test, knowing he had to make good, he forgot all the answers.

B. B., Jackson, Miss.

Often when two students study together, the better student takes the lead and formulates both questions and answers. The other student understands the answers and feels that he is thereby prepared for the test when, in reality, he has had no practice in formulating answers on his own. Consequently, he is at a loss to answer questions worded differently on a test.

Your brother should first do his own reviewing for a test, formulating his own questions and answers. This could be followed by a review session with his friend -- in which they take turns asking questions while the other answers without the aid of the book. Thus both in his own review and in the practice session, your brother can be sharpening the answer-formulating skills needed in test-taking.

(You can write to Prof. Nason in care of The Pontiac Press. Questions of widest interest will be answered in his column.)

Installed value of big-system air-conditioning of large buildings and factories in the U.S. reached $962 million in 1964.

5 ♣	5 ♠	Pass	Pass
6 ♣	Pass	Pass	Pass

Opening lead—♠ K.

By JACOBY AND SON

We are indebted to Laura and Edward L. Gordy of West Palm Beach, Fla., for today's hand. The Gordys are bridge teachers par excellence and seem to have a lot of fun with their teaching. The hand shows a rather unusual way for an East-West pair to be fixed.

JACOBY

South ruffed the opening spade lead in dummy and, without bothering to think the play out completely, just played a trump to his queen. This is a normal safety play to guard against four trumps in either opponent's hand. This time it turned out to be an unsafety play because when West showed out there was no way for South to recover. He could not ruff his last spade and pick up trumps and had to go down one.

If South had taken time to think the hand out he would have realized that if anyone was going to be void of clubs it would be West and that the safety play would be to lead out the ace of clubs.

Then after West did show out South could finesse once against East's jack, ruff his last spade in dummy, return to his hand with a heart, pull East's last two trumps and concede a trick to the ace of diamonds.

What was the unusual manner in which East and West were fixed? Normally you should be close to a top score when you defeat a slam that should be made.

The answer is that at most tables West was allowed to play in four spades. All he had to lose were two hearts and one diamond and it is far more profitable to make a spade game than to set your opponents one trick.

CARD Sense

Q—The bidding has been:

West	North	East	South
1 ♣	Pass	Pass	2 ♠
Pass	3 ♣	Pass	3 ♠
Pass	3 N.T.	Pass	?

You, South, hold:
♠ A Q 8 7 6 5 ♥ K 3 ♦ Q 8 6 ♣ 3 2

What do you do?

A—Pass. Your partner has heard you bid two and three spades. Your king of hearts and queen of diamonds will help him in three no-trump.

TODAY'S QUESTION

Instead of bidding three no-trump your partner has raised you from three spades to four. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR
For Saturday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): If you have neglected work or details in past, you must clear the decks. Attend to basic chores before relaxing later. Cooperation, aid from family members could make task easier.

TAURUS (Apr. 20 to May 20): Respond to appeal from children, loved ones. Don't bury head in sand where problems are concerned. Important you face them . . . then solution will be found. Avoid extravagance. Be aware of budget.

GEMINI (May 21 to June 20): Protect reputation. Get where you're going without hurting others. Remember past promises, resolutions. Take new, fresh view. Welcome suggestions. Maintain highest principles.

CANCER (June 21 to July 22): Avoid unnecessary confusion, travel. Settle down to basic issues. Be tactful in dealing with friends, neighbors. One close to you may appear irritable. Realize this is but a temporary condition.

LEO (July 23 to Aug. 22): Obtain hint from TAURUS message. Tighten purse strings. Be aware of situation as it actually exists. Maintain steady pace. Avoid jumping to conclusions. Check accounts, policies.

VIRGO (Aug. 23 to Sept. 22): Best to resist tendency to "give in" to outside influences. Your judgment proves correct. Temptation is to modify views. Go slow. Time on your side. Be gracious but firm.

LIBRA (Sept. 23 to Oct. 22): Now you can break from routine. Examine new methods, meet people. Listen to theories, ideas. Be especially courteous to neighbors, associates. Adhere to advice offered by specialist.

SCORPIO (Oct. 23 to Nov. 21): Avoid actions based on impulse. You may be apt to say something that offends. Realize this and exercise special care. Romantic pursuits could create problem. Go slow . . . wait for more favorable time.

SAGITTARIUS (Nov. 22 to Dec. 21): Domestic situation actually may be magnified out of proportion. Wait for all of the facts. Avoid hurling accusations. Best to relax — and give others benefit of doubt.

CAPRICORN (Dec. 22 to Jan. 19): Confusion may appear to be order of the day. Avoid unnecessary travel. Finish one thing at a time. Hold off on final decisions. Obtain hint from CANCER message. Don't scatter forces.

AQUARIUS (Jan. 20 to Feb. 18): Put finishing touches on project. Don't be lured into spending more than is necessary. Check possessions. Avoid carelessness. Tendency now exists to "lose things."

PISCES (Feb. 19 to Mar. 20): Expect some opposition now. Have facts at hand. Would be mistake to compromise. Avoid arguments with mate or partner. Be independent but avoid arrogance. Step lightly!

* * *

IF SATURDAY IS YOUR BIRTHDAY . . . you have immense appeal for the public—could excel as promoter, public relations specialist.

* * *

GENERAL TENDENCIES: News breaks concerning large organizations, institutions. Unusual financial transactions due to make headlines.

Deaths in Pontiac, Neighboring Areas

MRS. PORFIRIO ACOSTA

Requiem Mass for (Victoria) Acosta, 55, of 307 Perry will be 10 a.m. tomorrow in St. Vincent de Paul Catholic Church with burial in Mount Hope Cemetery.

The Rosary will be recited at 8 p.m. today at the Melvin A. Schutt Funeral Home.

Mrs. Acosta, a member of St. Vincent de Paul Church, died Saturday in Los Angeles, Calif.

Surviving besides her husband are eight children, Max and Francisco, both of Los Angeles, and Joseph, Ben, Jessie, Robert, Mary H. and Porfirio Jr., all of Pontiac; and a brother.

BRICE H. ALLEN JR.

Prayers for Brice H. Allen Jr., infant son of Mr. and Mrs. Bride H. Allen of 87 Wall, were to have been offered this afternoon at the William R. Davis Funeral Home with burial in Oak Hill Cemetery.

The 16-hour-old baby died yesterday.

Surviving are the parents; and nine sisters and brothers, Ronald, Gerald, Diane, Margie, Arlette, Twyla, Sandra, Betty and Tamara, all of Pontiac.

MRS. WALTER GARBACZ

Service for former Pontiac resident Mrs. Walter (Mary) Garbacz of Detroit will be at 9 a.m. tomorrow in the Leonard Turowski Funeral Home, Detroit, with burial in Holy Sepulchre Cemetery.

Mrs. Garbacz died Wednesday after an illness of five weeks.

Surviving, besides her husband, are three children, Robert, Michael and Barbara, all at home; a sister, Mrs. John Godoshian of Pontiac; and a brother, Jack Negoshian, Pontiac.

JANE MARIS BEARDSLEY

SPRINGFIELD TOWNSHIP — Service for Jane Maris Beardsley, seven-week-old daughter of Mr. and Mrs. Melvin Beardsley, 9418 Dixie, will be 3 p.m. tomorrow at the Coats Funeral Home, Waterford Township.

The infant died yesterday.

Surviving besides her parents are a brother, Melvin, at home; and grandparents Mr. and Mrs. Henry Stein of Drayton Plains, Mrs. Donald Reid of Pontiac and Ronald Beardsley of Holly.

ARTHUR W. BLISS

SPRINGFIELD TOWNSHIP — Service for Arthur W. Bliss, 47, of 9370 Dixie will be 2 p.m. Monday at the Dixie Baptist Church. Burial will be in Andersonville Cemetery by the Sharpe-Goyette Funeral Home, Clarkston.

Mr. Bliss died yesterday after a long illness. He was a tool grinder at GMC Truck & Coach Division.

Surviving are his wife, Caroline; one daughter, Cheryl at home; one brother, Charles of Pontiac; and two sisters, Lena Lowe of Oxford and Mrs. Verna Nye of Buffalo, N.Y.

WILLIAM DEARBORN-PRATT

BIRMINGHAM — Service for William Dearborn-Pratt, 55, of 3961 Lincoln will be 11 a.m. Saturday at the Bell Chapel of the William R. Hamilton Co. Burial will be in Elmlawn Cemetery, Bay City.

Mr. Dearborn-Pratt died yesterday after a long illness. He was an employe of the Export Division of Chrysler Corp.

Surviving is his mother, Mrs. Maud Dearborn-Pratt of Birmingham.

BABY BOY RASMUSSEN

WEST BLOOMFIELD TOWNSHIP — Service for Baby Boy Rasmussen, son of Mr. and Mrs. Bruce A. Rasmussen of 6860 Drake, was to be 1 p.m. today at the Richardson-Bird Funeral Home, Walled Lake with burial in Holy Sepulchre Cemetery, Southfield.

The baby died at birth yesterday.

Surviving besides the parents are one brother, Bruce Jr., at home; two sisters, Debra and Lori, both at home; and grandparents, Mr. and Mrs. Frank H. Grover of Livonia and Mr and Mrs. Carl S. Rasmussen of Detroit.

FRANK RUBIO

AVON TOWNSHIP — Frank Rubio, 62, of 3934 Auburn died yesterday after a brief illness. His body is at the Harold R. Davis Funeral Home, Auburn Heights.

Mr. Rubio owned Frank's Auto Sales, Auburn Heights.

Surviving are his wife, Iva; two stepsons, Raymond Arft of Pontiac and Leonard Arft of Montague; and six grandchildren.

MRS. LOUIS C. SCHRODER

KEEGO HARBOR — Service for Mrs. Louis C. (Eva) Schroder, 78, 3070 Grove, will be 2 p.m. Monday at Trinity Methodist Church. Burial will be in Oak Hill Cemetery by C. J. Godhardt Funeral Home.

Mrs. Schroder died yesterday after a long illness. She was a life member of the Eastern Star and a charter member of Woman's Society of Christian Service.

She is survived by her husband.

MRS. KENNETH SHIPPEY

ROCHESTER — Service for Mrs. Kenneth (Helen A.) Shippey, 51, of 1439 Courtland will be 11 a.m. Monday at Pixley Memorial Chapel. Burial will follow in Paint Creek Cemetery, Goodison.

Mrs. Shippey died yesterday after a long illness.

Surviving are a son, Donald E. of Lake Orion; a daughter, Mrs. Claude Bullard of Rochester; five brothers, Theodore and Charles Hopp of Dryden, Harmon Hopp of Troy, Fred Hopp of Auburn Heights and Russell Hopp of Kingston; three sisters, Mrs. Bud Joy, Mrs. Frank Jones and Mrs. Theodore Fuller, all of Pontiac; and two grandchildren.

MRS. JOHN R. SMALL

NOVI — Service for Mrs. John R. (Mary L.) Small, 66, of 1452 Shawood will be 10 a.m. Monday at St. Williams Catholic Church, Walled Lake. Burial will be in Holy Sepulchre Cemetery, Southfield, by the Richardson-Bird Funeral Home of Walled Lake.

Mrs. Small died yesterday after a long illness. She was a member of St. William's Catholic Church and the Altar Society.

Surviving besides her husband are two sons, John R. Jr. of Livonia and Robert O. of Grand Haven; two daughters, Mrs. Jean Davidson of Pasadena, Calif., and Miss Jean Tolman of Fort Lauderdale, Fla.; eight grandchildren; and one brother.

EDWIN D. TURNER

WHITE LAKE TOWNSHIP — Service for Edwin D. Turner, 82, of 9599 Juniper will be 10 a.m. tomorrow at the Elton Black Funeral Home, Union Lake. Burial will be in Davisburg Cemetery.

Mr. Turner died Monday. He was a retired carpenter.

Surviving is one brother.

MRS. F. J. WILLIAMS

AVON TOWNSHIP — Service for Mrs. Frederick J. (Lucille) Williams, 43, of 3325 Willett will be 1:30 p.m. tomorrow at Harold R. Davis Funeral Home, Auburn Heights. Burial will be in Ottawa Park Cemetery.

Mrs. Williams died yesterday after a short illness.

Trio Arrested in Break-Ins

Three persons were arrested by Pontiac police yesterday following an early morning spree in which at least four automobiles and a laundromat were looted.

Arrested were Claude T. Burnette, 21, of 305 Osmun; James A. Wolfe, 21, of 285 Branch and Lewis Freeman, 17, of 289 Osmun.

They were captured after allegedly breaking into machines at Quick Service Laundry, 371 Auburn.

According to police, Freeman admitted breaking into three or four cars at the Auburn Hotel parking lot and another vehicle in front of 464 Auburn, owned by Francis A. O'Hare.

★ ★ ★

Police said Freeman had in his possession wrenches, screwdrives, a compass, opera binoculars, a kitchen knife and change.

A radio, clock, jacket and $5 in cash reportedly were taken from OHare's car.

Pontiac Press Photo

WELCOME ABOARD—A dinner was held last night at Airway Lanes, 4825 Huron, for new administrators of Waterford Township Schools and Mrs. Jack Ross (left), 6101 Adamson, Waterford Township, new board of education member elected in June. With Mrs. Ross are Howard Bennetts, 24 Haddrill; Arthur Pierre, 1049 Orchard, Waterford Township; and Gene Megiveron, new principal of Waterford Township High School.

Riot Staged After Mishap

CHICAGO (AP) — A jeering, rock-throwing crowd of several hundred persons staged a noisy demonstration in front of a fire station in a West Side Negro neighborhood Thursday night and early today.

★ ★ ★

The crowd gathered shortly after an unidentified Negro woman who was standing on a street corner was killed in an accident involving a fire truck.

★ ★ ★

More than 100 policemen were sent into the area of Wilcox St. and Pulaski Road. Rocks and bottles were hurled at passing cars and at the front of the fire station.

Scores of youths were in the crowd and many had thrown themselves in front of cars. Police, after a couple of hours, managed to disperse most of the crowd and arrested 16 persons on charges of disorderly conduct.

One policeman suffered minor injuries when he was hit by a flying object. He was treated at a hospital and released. A motorist suffered facial cuts after a rock was hurled through a window of his car.

Police Probe City Robbery

A Milford man was robbed at knifepoint early this morning on Auburn near Center.

Donald W. Field, 2880 Ford, told Pontiac police he was flagged down by a man after turning left from Wide Track onto Auburn.

The man pulled out a knife and took a watch, two cameras and $45 in cash, according to Field.

Arson Is Suspected in Vacant Home Fire

Arson is suspected in a fire at 561 Highland yesterday morning that gutted a vacant home owned by Kenneth Pease, 974 Emerson, according to Pontiac Fire Marshall Charles Melz.

Pontiac firemen estimated damage to the two-floor frame dwelling at between $4,000 and $5,000.

Photographer Dies

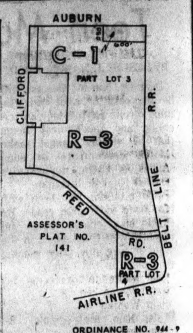

LA JOLLA, Calif. (AP) — William Mortensen, 68, noted photographer, died Thursday of leukemia.

ORDINANCE NO. 944-9
Adopted August 10, 1965
Effective August 20, 1965

AN ORDINANCE TO AMEND THE ELIZABETH LAKE ROAD ZONE MAP OF ORDINANCE NO. 544, KNOWN AS "THE BUILDING ZONE ORDINANCE"

The City of Pontiac Ordains:

Section 1:
The Building Zone Map of the Building Zone Ordinance is hereby amended to provide that the land in the description hereinafter set forth be classified as Commercial 1 and Residential 3

Commercial 1. (Shopping center)
The north 250 feet of the East 400 feet of Lot 3, Assessor's Plat No. 141.

Residential 3. (Multiple Housing)
Lot 3 of Assessor's Plat No. 141, except that part described as: Beginning at the Northeast corner of Lot 309 of East Side Park Subdivision; thence No. 87° 47' 10" East 75 feet; thence No. 01° 59' 55" West 50 feet; thence No. 87° 47' 10" East along the Northerly line of Cottage Street extended Easterly 547.30 feet; thence No. 01° 59' 55" West 700 feet to a point in the Southerly line of Whittemore Avenue extended Easterly; thence So. 87° 47' 10" West along the said Southerly line 547.30 feet; thence No. 01° 59' 55" West 50 feet; thence So. 87° 47' 10" West along the Northerly line of Whittemore Street extended Easterly 75 feet to the Southeast corner of Lot 294 of East Side Park Subdivision; thence So. 01° 59' 55" East along East line of said Subdivision 800 feet to a point of beginning. Also, except the North 250 feet of the East 400 feet of Lot 3, Assessor's Plat No. 141. Also, that part of Lot 4 of Assessor's Plat No. 141 lying Easterly of a line 293 feet West of and parallel to the North and South ¼ Section line of Section 34.

Section 2:
The change in the Building Zone Map in the above area to Commercial 1 and Residential 3 is made pursuant to the recommendation of the City Plan Commission and said Commission is hereby appointed to make a final report upon this amendment to this Commission previous to the public hearing to be held before this amendment is adopted, pursuant to Section 4 of Act No. 207 of the Public Acts of 1921, as amended.

Section 3:
That not less than fifteen (15) days notice of the time and place of the public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in this city; that such public hearing is hereby fixed at June 8, 1965.

Section 4:
This ordinance shall take effect ten (10) days from and after the date of its passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, this 10th day of August, A.D. 1965.

Dated: August 11, 1965

Report Kathy's Condition Is About as Expected

Kathy Leach, who was operated on Tuesday for a rare liver condition, had a slight temperature yesterday, according to her grandmother, but otherwise was "about what doctors expected her to be at this point."

Kathy's maternal grandparents, Mr. and Mrs. Grant Carlson, of 2712 Voorheis, Waterford Township, are taking care of Kathy's three-year-old sister, Carol, while her parents are in Minneapolis.

Kathy, the two - year -old daughter of Mr. and Mrs. James Leach, 12 Indianside, Lake Orion, has been at the University of Minnesota Hospital since April awaiting the transplant surgery.

The liver was taken from a child that had just died.

★ ★ ★

The Leaches have been able to visit their daughter since her operation but must scrub down and wear isolation gowns to enter her room.

INFECTION DANGER

Hospital authorities say infection is the greatest danger at this point.

Mrs. Leach said Kathy seems to recognize them and talks a little as her parents take turns holding her hand.

★ ★ ★

She said she has no idea how long they will stay in Minneapolis but expects it to be quite a while.

Science Quiz

By BOB BROWN

PROBLEM: Candle flame chemistry.

NEEDED: A burning candle and a medicine dropper, some matches.

DO THIS: Remove the rubber from the dropper, and hold the large end of the glass in the candle flame. You'll soon discover a way to hold it so that gases coming through the dropper may be lighted at the little end.

HERE'S WHY: The liquid paraffin climbs up the wick by capillary action, and is heated there and turned into gases.

Ordinarily these gases would be burned in the outer portions of the flame, but they may go up the cool glass tube and be lighted at the upper end.

Much complicated chemistry goes on in the burning candle. Some of the substances found there are vaporized paraffin, ethylene, carbon dioxide, carbon monoxide, water vapor, hydrogen, oxygen, and nitrogen (from the air). The end products of the burning are mostly carbon dioxide and water.

Note: When writing to the author, please include your complete return address for a personal reply.

Motorist Stands Mute at Hearing

Philip Stromberg, 40, of 5041 Clarkston, Independence Township, stood mute yesterday at his arraignment on a charge of negligent homicide.

Stromberg was charged in connection with an auto accident Saturday which took the life of George Beauchamp, 39, of 427 Kuhn.

★ ★ ★

The accident occurred on I-75 in Pontiac Township.

Stromberg was released on $1,500 bond by Justice R. Grant Graham.

Key Selections Complete

OCC Accounting Director Is Hired

Hiring last night of a director of accounting by the Oakland Community College Board of Trustees completed the selection of major business department heads.

Named to the $15,000-a-year post was John Mitchell, who has been on the faculty of Wayne State University the past 24 years. His contract becomes effective Sept. 1.

The board also approved contracts for 18 additional administrative and instructional staff members.

In other business last night, the board approved the low bid of $59,350 for a new boiler for the Highland Lakes Campus.

★ ★ ★

It also accepted respective low bids of $5,114 and $2,338 for the purchase of microscopes and a car. The automobile will be assigned to the dean of the Auburn Hills Campus.

LEASE 4 BUSES

Board members also authorized leasing four used buses at $2,000 per year each for transportation of students in outlying areas.

The lease may be canceled at any time if the board finds that some or all of the buses no longer are needed.

Also authorized for lease at $2,000 per year was a portable 800-square-foot building which will provide office space for some 20 faculty members at Auburn Hills Campus.

★ ★ ★

Dr. Joseph Davenport, dean of the Highland Lakes Campus, told board members that 3,147 students had been admitted to date to the college's two campuses.

INCLUDED ON LIST

This figure represents 549 part-time students, according to Davenport, who said that applications are still being taken.

The present college facilities are designed for 3,000 full-time students but a total enrollment of 3,500, including part-time students, can be handled, the dean said.

Board members are expected to decide at their meeting next week whether to allow a New York bonding attorney firm to continue work on a proposed $7 million bond issue for a future campus.

★ ★ ★

Several months ago, the board bypassed the only two authorized bonding firms in Michigan to allow the outstate firm to work on the bonding application for the Orchard Ridge Campus in Farmington.

CITES BYPASSING

Trustee Vernon M. Fitch, who also is treasurer of the board, said he feared the board's bypassing of the local firms may raise questions with bond buyers.

Board Chairman George Mosher and trustee Earl M. Anderson both questioned why Fitch had withheld his concern until this late date.

John E. Tirrell, president of the college, said he favored allowing the New York firm to complete its work and said a resolution to this effect will be presented to the board next week.

City Entries Get Top Scores in Bridge Play

Henry Georgia of 2443 Garland earned high score in two championship events yesterday at the American Contract Bridge League's Summer National Tournament in Chicago.

Paired with Melvin Small of 167 Oneida, the two men chalked up two scores in the Betty King Pairs.

They competed against a field of 1,400 players in the one-session event.

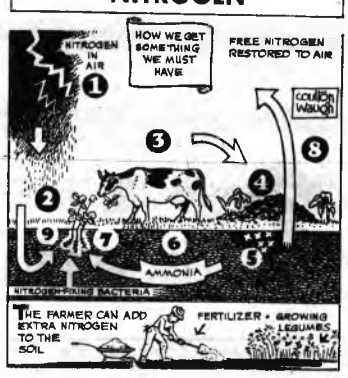

Georgia joined Ernest Guy of 3718 Brookdale to win scores in the Phil Slavin Pairs, a one-session event with a field of 1,212 players.

The tournament, which has attracted bridge players from all parts of the country, will end Sunday.

Labor Agitator Dies

PAISLEY, Scotland (AP) — William Gallacher, 83, first Communist to sit in Britain's House of Commons, died Thursday. Gallacher, long a labor agitator, served in the House from 19935 to 1950.

Junior Editors Quiz on NITROGEN

QUESTION: What are "nitrogen-fixing" bacteria?

★ ★ ★

ANSWER: Nitrogen is the chief gas in the air. It is a substance necessary to life because it helps make up the protoplasm which is the living material inside the cells of our bodies.

We must take in nitrogen all the time to renew these cells and build more. We breathe in nitrogen, but do not absorb it that way, so we must get it by eating plants, or animals which have eaten plants.

The plants, in turn, get nitrogen from the soil, and soil gets it in a number of ways. One of these is through the nitrogen-fixing bacteria.

Bacteria are exteremely minute living organisms usually classified as plants. Some are harmful; many are very useful, even necessary to our lives.

The nitrogen-fixing group of bacteria live on the roots of a family of plants called legumes, such as peas, beans and clover.

These bacteria have the ability to take nitrogen out of the air which works down through the soil.

After using this for their own living, they die and leave the nitrogen, which is called "fixing" it. Certain crops, such as corn, take a great deal of nitrogen out of the soil. The farmers often raise legume crops to improve the soil. Legumes are frequently plowed under for this reason.

★ ★ ★

FOR YOU TO DO: Check the numbers in the picture to see how nitrogen is continually being passed around — from air and rain to soil, to plants and animals, back to the soil again. This rotation is called the nitrogen cycle.

In Memoriam 2

IN MEMORY OF MARY ZARZORIAN who passed away August 13, 1953.
Peaceful be thy rest, dear Mother
It is sweet to breathe thy name
In life we loved you dearly
In death we do the same.
Sadly missed by daughter, Daisy Johnson.

Killer Whale in Good Voice

SEATTLE, Wash. (AP) — A scientist who has been making records of Namu reports that the four-ton killer whale is in excellent voice and spirits after nearly seven weeks in captivity.

"He talked very nicely," Dr. Thomas C. Poulter said. "If he were frustrated by captivity, he would have been dead long before now. Few animals like restraint less than killer whales."

* * *

Namu was captured in a fisherman's net at Namu, B.C., June 23 and towed to Seattle in a makeshift pen, in which he is on display at a waterfront aquarium.

Dr. Poulter, director of the biological sonar laboratory at Stanford Research Institute, Menlo Park, Calif., is studying how sounds are used for direction guidance by animals and humans.

* * *

"Seals, whales and other animals have been using sonar for 50 million years and they're experts," he said Thursday. "Man has only been at it for a few years."

Pet Gets New Name

LOUISVILLE, Ky. (AP) — When the new kitten arrived at Harry Moldovan's house, the youngsters named it "Cleopatra." But they guessed wrong and the name has been altered to "Cleopatrick."

FREE TO THE DEAF $1 TO ANYONE ELSE

A Hearing Aid Model That Is Actually a Pen!

We are very proud of our hearing aids that look like fashionable eyeglasses! In order that any hard-of-hearing person who does not know about how amazing they are, we have had Qualitone make up models of their latest ones as ball point pens.

These pen models are actual-size replicas of the "Hi-Fashioned" — Qualitone's finest, most attractive and smallest eyeglass hearing aid. We will give one absolutely FREE to any hard - of - hearing person (including those who already have a hearing aid) sending in this ad — or for whom it is sent in by a friend or relative.

See for yourself, in the privacy of your own home, how inconspicuously it might be worn as part of your eyeglasses, especially when you select the color to match your eyeglasses. Enjoy writing with it! It's yours to keep, FREE.

(If you are not hard-of-hearing and would like one of these attractive pen/models — that look like our Qualitone "Hi-Fashioned" hearing aids— please enclose $1 with the ad.)

These pen/models are available while the limited supply lasts, so we suggest you send for yours now. No obligation. Tear out this ad and send it in today with your name and address.

Luxurious West Coast Spa Designed to Be the 'Innest'

By EARL WILSON

CARLSBAD, Calif.—"Every place that's got a guy that can give massages hangs out a sign claiming it's a 'spa'," said a fellow here at the new $3,000,000 La Costa Country Club 25 miles from San Diego.

WILSON

"A spa is really a place where you diet under medical supervision," the man went on, "and there are only a few in the United States."

And of course, the health spa here is alleged by Dr. Phil Smith to be one of those few.

I don't want to get into any spa-ing contests with any spas. I know that this one in this unexpected location, not far from Tijuana, outluxuriates some of those in Europe. Men here can get pedicures. I did, and no doubt I now have the prettiest toenails on Broadway.

* * *

We men get facials here—from women beauticians — the pedicures are from women, too—and we get "herbal wraps"—towels steaming with herbs—and there's a grooming room—and at the dinner table where you watch your weight, they feed you chocolate mousse with only 35 calories.

It's one of those desserts made without sugar that are so delicious you feel guilty eating them.

Merv Adelson of Las Vegas and some partners carved this new wonderland out of the desert and, besides their perspiration, have invested something like $300,000,000 believing they can make it an "in" resort that will be inner than the French Riviera or Switzerland or Palm Springs or even Sybil Burton's Arthur on 54th St. in New York.

Dean Martin has been one of the frequent visitors—he's a neighboring landowner—and Desi Arnaz, Jimmy Durante, Bob Hope and Phil Harris have popped in from Delmar race track which isn't far.

THE MIDNIGHT EARL . . .

The "mystery woman" on **Sinatra's** yacht—first thought to be **Jackie Kennedy**—was really **Mrs. Peter Lawford**, intimates claim. After Frank gets off the vessel with **Mia Farrow**, he'll board the Queen Mary for his next movie where he plays an adventurer who, with **Virna Lisi**, tries to hijack the ship in mid-ocean. Maybe Frank's just been doing research all the time.

* * *

Ginger Rogers, taking over in "Hello, Dolly!", delivered a super-charged emotional curtain speech after getting a standing ovation on her first night. "And I thought getting an Academy Award was something!" she said. Backstage, producer **David Merrick** said, "I thought she was absolutely delightful. By the end of the week she'll be great."

TODAY'S BEST LAUGH: Safety belts in foreign sports cars can be a problem, notes Al Cooper. The other night he absentmindedly walked out of the garage carrying the car with him.

REMEMBERED QUOTE: "The problem is not so much what man descended from as what he descends to."—Arnold Glasow.

EARL'S PEARLS: John Forsythe, emceeing the Int'l Beauty Pageant from Long Beach, said: "My wife's accompanying me by popular demand—HERS!" . . . **That's earl, brother.**

(The Hall Syndicate, Inc.)

OIL EATER — Weighing 7½ tons, this mighty monster is the world's largest pipeline valve. It was installed in Libya to serve a 48-inch pipeline section. The line runs from an oil tank area to a tanker loading facility on the Mediterranean.

Russian Duo Asks for Asylum

ANCHORAGE, Alaska (AP) — Two Russian men, who say they drifted to America by mistake after starting out to look for mushrooms, have told Coast Guard authorities they want to stay.

The two, who gave the names Peter Kalishenko, 35, and Gregory Sarapushkin, 29, landed near the Eskimo village of Wales last Saturday in a walrus skin boat. At that time, authorities quoted them as saying they wanted to return to the Soviet Union.

Yesterday, Adm. George Synon, commander of the 17th Coast Guard District, said the men had changed their minds.

The Coast Guard in Washington confirmed that the men had asked for asylum but had no other comment.

The men were aboard the cutter Balsam at Port Clarence, about 70 miles southeast of Wales, which is on the westernmost tip of Alaska.

TRIP SHORTLY

Synon said they would be brought to Anchorage as soon as transportation was available.

The admiral said the men would be interviewed by Russian diplomatic authorities. He said the state department would handle further arrangements if the men still wanted to remain in the United States.

In Washington, the state department declined to comment.

The two men said they were smelter workers from Laurentia, on the Siberian coast about 70 miles from Wales. They said they had drifted for two days in the Bering Strait after becoming lost in the fog while on a mushroom picking trip in their 17-foot boat.

TWO MOTORS

The boat was powered by two outboard motors. Investigators said the pair had several days supply of gasoline and food, a single-shot shotgun and a box of shells.

They said some of the supplies had come from North Viet Nam.

Sarapushkin said he was married and the father of a 5-year-old child. Kalichenko said he was single.

Entire Family Joins American Legion

OCEANSIDE, N. Y. (AP) — The American Legion plays an important part in the life of the Harvey Husser family. Its nine members and two close relatives are all active in the organization.

Husser is commander of the Oceanside Memorial Post and his wife, Vivian, is recording secretary and county representative of the American Legion Auxiliary.

His four boys are members of Squadron 1246, Sons of the American Legion, with the oldest son, 15-year-old John, serving as squadron captain. Husser's three girls belong to the Junior Auxiliary. And to make things unanimous, his sister is president of the American Legion and his mother is county representative in the organization.

Dedication at College

HILLSDALE (AP) — Dedication of the $725,000 Fred A. Knorr Memorial Student Center at Hillsdale College has been set for Oct. 12.

Knorr was a 1937 graduate of Hillsdale College who formed a network of broadcasting stations and held part ownership of the Detroit Tigers before his death in Florida Dec. 26, 1960.

Social Security Office Names Petoskey Site

WASHINGTON (AP)—Petoskey, Mich., has been chosen as the site for a new branch office of the Social Security Administration, Commissioner Robert M. Ball said Thursday.

The office, one of 71 to be opened by the administration, will help people apply for Social Security benefits and establish their eligibility for health insurance under the Medicare legislation.

'Pussycat' Nips 'Henry VIII'

New Battle Breaks Out in Kashmir

NEW DELHI, India (AP) — New fighting broke out in Kashmir's capital early today.

The Indian government radio said infiltrators from Pakistan attacked the police barracks in Srinagar, the Kashmiri capital, at 1:30 a.m., and that firing in the city's outskirts was still continuing at 8 a.m.

But "the situation is in hand," the broadcast added.

A government spokesman said 109 "infiltrators" and 41 Indian troops have been killed since fighting started Aug. 5.

CROSS LINE

New Delhi claims 1,000 to 1,500 Pakistanis on that date crossed the cease-fire line separating the Indian and Pakistan armies since their 1947-48 war over Kashmir. But Kashmiris were being arrested as accomplices of the infiltrators, and a large cache of weapons and ammunition was reported found in a Srinagar mosque.

Most of the Kashmiris, like the Pakistanis, are Moslems, while the vast majority of the Indians are Hindus.

The guerrilas apparently were trying to cut off Srinagar, reachable from India only by air and one difficult mountain road. Secondary roads leading to Srinagar from other areas were attacked and convoys ambushed.

South along the cease-fire line, heavy fighting was reported in the Chamb sector, about 30 miles northwest of the city of Jammu. Indian forces reported they had surrounded about 220 guerrillas and were attacking for the second day.

The government radio said two battalions, about 800 men, were engaged in one "mopping up" campaign.

The government claimed its forces have captured 33 guerrillas and learned from them that Pakistan had trained and equipped the infiltrators.

Pakistan denied this, contending that the fighting was an uprising of oppressed Kashmiris.

World News Roundup

Israel, Syria Dispute Fight Toll

TEL AVIV, Israel (AP) — An Israeli army spokesmen claimed Syrian guns killed three Arab girls, an Arab woman and an Israeli soldier during a three-hour tank and artillery duel across the Syrian-Israeli border Thursday.

★ ★ ★

The spokesman said the shells landed in a Bedouin camp and also wounded an Arab girl, a baby and an Israeli soldier...Israeli fire set three Syrian tanks ablaze and caused "severe" losses, he reported.

★ ★ ★

A spokesman in Damascus countered with claims that Syria inflicted "heavy losses" on Israeli positions and set a tank on fire. He said four Syrian soldiers and two civilians were wounded.

Each side accused the other of starting the firing, which did not stop until U.N. truce supervisors issued three cease-fire appeals.

★ ★ ★

The clash occurred at a site where Syria is doing work to divert headwaters of the River Jordan.

BEIRUT, Lebanon (AP) — The Lebanese parliament approved the government of Premier Rashid Karami Thursday night in a vote of confidence.

★ ★ ★

Karami formed the government July 26 after the resignation of Premier Hussein Oweini and his Cabinet.

MANCHESTER, England (AP) — Two scientists at Manchester University have been granted $140,000 for basic research toward development of a birth control pill for men.

The Welcome Trust and the Ford Foundation allotted the funds to Prof. Harold Schnieden and Dr. Harold Jackson.

★ ★ ★

Schnieden said that some of the alkylating drugs used to inhibit cancers caused temporary sterility in males.

He said work on male animals has shown the drugs impede the production of sperm for a temporary period. Why this happens is not known.

GLAMIS, Scotland (AP) — Two cousins of Queen Elizabeth II are opening a pub near Glamis.

They are Timothy Patrick Bowes-Lyon, 47, 16th earl of Strathmore and Kinghorne, and John Alexander Elphinstone, 51, 17th Baron Elphinstone.

★ ★ ★

The two peers have formed a partnership to convert the vacant Glamis Hotel on the earl's estate into a beer and darts tavern.

BANGKOK, Thailand (AP) — Thailand's Constituent Assembly approved a record budget of $722 million today with the emphasis on economic development, education and defense expenditures.

★ ★ ★

The budget was $101 million more than the budget for the fiscal year ending Oct. 1. It also was a record.

U-M Student Donation to Viet Nam Reported

ALGIERS (AP) — A delegate of the Communist-dominated South Vietnamese National Liberation Front said Thursday he had received $100 from students at the University of Michigan. The students were not named.

Huyn Van Tam, who maintains a diplomatic mission in Algiers, said the gift was marked "for the purchase of medicines for the people of South Viet Nam."

Woman Driver Dies

OWOSSO (AP)—Mrs. Maud B. Arnett, 75, of Owosso was killed Thursday when her panel truck ran into a ditch on M21 five miles south of Owosso.

GRIM REMINDER—To keep motorists enlightened on the traffic toll, Bloomfield Township traffic safety patrolman Ronald Garwood (right) devised and built this sign which was installed yesterday at the hazardous Maple-Telegraph intersection. Police Chief Norman Dehnke (left) inspected and praised Garwood's idea. The patrolman said he hoped the sign, which cost him nearly a week's salary in materials and time, would be worth it. Figures are for first half of 1965.

Agree on Need for Fast Fiscal Reform Action

Romney, Legislators View Six Tax Plans at Mackinac Island

MACKINAC ISLAND (AP) —Gov. George Romney and tax-studying legislators worked today on a hoped-for bipartisan fiscal reform program. They have agreed that fiscal action is needed this fall.

Romney and the 20 legislators participating in the consultations came to the agreement Thursday as tax experts produced six alternative programs.

The set of programs were examined for their affect on different classes of taxpayers. Romney hoped that the six could be reduced to one program today.

Although there was no dissent to the agreement that tax action should come when the legislature returns in September, ber, Romney admitted and Democrats emphasized that the 20 legislators spoke for no one beyond themselves — that a decision on tax action would rest with party caucuses.

★ ★ ★

Romney has said repeatedly that it would take "a political miracle" to get fiscal reform this year.

SENTIMENT

Rep. George Montgomery, D-Detroit, chairman of the House Taxation Committee said that "sentiment of those here would not reflect the sentiment of the membership." But Montgomery, a tax reform advocate, said minds could be changed and that some converts to immediate action have been won.

Senate majority leader Raymond Dzendzel, D-Detroit, would not commit himself to tax action in the Fall because, he said, "I'm here to get information for the caucus, not committed."

Montgomery said he thought Romney was optimistic to expect agreement today on a program.

"There's no proposal here that suits me and that I feel could obtain support of the Democratic caucus," he said.

SPOKE WITH NEWSMEN

The three all spoke with newsmen following their four-hour closed door session.

The Republican governor, 11 Democrats and nine Republicans heard the experts say that on balance the alternative programs would help business, help or at least not hinder lower income families, and increase the tax share of better-off families.

Five of the alternatives include an income tax. The sixth would extend the sales tax to services. All seek to raise $200 million more revenue in the next two years.

120 Hurt on Coast

Rioting Erupts Again

250 Cong Killed in Battle---S. Viets

SAIGON, South Viet Nam (AP)—Vietnamese government forces today claimed a toll of about 250 Viet Cong after pinning down a Viet Cong concentration in the Mekong Delta 90 miles southwest of Saigon.

Vietnamese reports said 156 Viet Cong were killed in heavy ground fighting and another 100 were estimated killed by air strikes. Government casualties were reported light.

U. S. military sources said they considered the Vietnamese figures "pretty good" estimates, although there apparently was no complete body count.

The major fighting came yesterday afternoon during a government operation 15 miles southwest of Can Tho.

Taking part in the sweep through the canal - laced, rice paddy area were army ranger, armored and regional force personnel accompanied by U. S. advisers.

★ ★ ★

U. S. spokesmen said the force pinned the Viet Cong down on a wide front. Helicopters lifted in ranger units to cut off the guerrillas.

38 SORTIES

U. S. and Vietnamese air force planes flew 38 sorties against the Viet Cong, spokesmen said, and forward air controllers estimated 70 buildings were destroyed and about 40 others damaged.

A U. S. military spokesman said no further action had been reported in the Duc Co-Pleiku area in the central Viet Nam highlands since the Viet Cong hit the Special Forces camp at Duc Co with 10 rounds of mortar fire during the night.

He said there were no casualties reported from the mortar fire.

★ ★ ★

Vietnamese elements were reported moving along route 19 between Pleiku and Duc Co without making contact with the Communists.

YANK TROOPS

American troops, flown in Tuesday and Wednesday as reinforcements, were said to be in operational positions but there had been no major contact reported with the Viet Cong.

★ ★ ★

U. S. paratroopers searching a village encountered light fire yesterday but no casualties were reported.

AP Photofax

SHOT IN RIOTING—Comedian Dick Gregory lies on a cot at a Los Angeles emergency hospital today after being shot in the left leg as he stood in a riot-torn area of a Los Angeles Negro neighborhood. Police said the wound was not serious. The shot was fired by a rioter. With Gergory is Don Smith, a CORE official.

Police, 7,000 Negroes Clash in Outbreak

80 Are Arrested in Los Angeles; Bullet Hits Dick Gregory

LOS ANGELES (AP) — Police fought more than 7,000 Negroes for several hours last night and today during wild rioting in which more than 120 persons were hurt, including comedian Dick Gregory.

Gregory, hit in the left leg by a bullet fired by someone in the rioting mob, was treated at a hospital and returned to the scene on Los Angeles' southeast side.

Officers jailed 80 rioters in the second straight night of violence.

An army of 700 peace officers enforced a brief calm at midnight in the barricaded area.

★ ★ ★

Then, before dawn, mobs filled the streets again in an outbreak of burning, shooting and looting.

DRIFT AWAY

Toward daylight the mobs began to drift away but police warned all Caucasians to stay out of the city's Negro district.

As temperatures rose toward a predicted sultry high of 95 — the sixth day of a heat wave — police laid plans for a wildly rumored renewal of violence in several sections of the city tonight.

Nineteen policemen and more than 100 civilians were injured during the night. The National Guard was alerted but not called out.

★ ★ ★

Gregory, a Negro, was shot just after he had urged a throng of 500 Negroes to return to their homes.

HIT IN LEG

"I stepped behind a barricade of police cars and the shots started. I felt a pain in my leg. I didn't fail," Gregory said.

"I walked out past the barricade to a man standing there with a rifle in his hands. I told him: 'You shot me once. Now get off the street'.

"The crowd dispersed. There was no more shooting."

★ ★ ★

Outbreaks of violence continued elsewhere in the area. Police warned motorists, particularly Caucasians, to stay out of the section today.

Gregory said the shooting was directed at the police, not at him. Doctors termed his injury minor.

Police said rioters set a liquor store, a drive-in restaurant, and a small clinic afire at the corner of Central Avenue and Imperial Highway, then turned back firemen with a barrage of rocks when they sought to fight the fires, then

(Continued on Page 2, Col. 3)

Car Exec Says Tires Are Safe

Auto Industry Denies Sen. Nelson Charges

WASHINGTON (AP) —The automobile industry denied today charges by Sen. Gaylord Nelson that it puts unsafe tires on new cars.

"These allegations are not true," Harry F. Barr, spokesman for both the Automobile Manufacturers Association and General Motors Corp., told the Senate Commerce Committee in prepared testimony.

He aimed the statement at Nelson, a Wisconsin Democrat, without mentioning him by name, but pointing to charges Nelson had published in the Congressional Record last July 13.

Nelson had called it "Scandalous to equip new automobiles with tires that are unsafe when the car is fully loaded" and charged this is what the industry is doing.

Nelson and other senators have introduced legislation for minimum tire safety standards and a uniform grading and labeling system.

Barr, engineering vice president for General Motors and head of AMA's engineering advisory committee, told the committee the bill "would serve no useful purpose" of promoting safety. He criticized it on many counts.

His statement made no mention of Chairman Paul Rand Dixon of the Federal Trade Commission, who has testified that FTC hearings also showed the tires with which new station wagons and other heavy new cars are equipped are not designed to carry full passenger loads with luggage at high speeds, unless the tires are — in Dixon's words — "over inflated."

He called over inflation dangerous, a practice inviting blowouts.

'War Miserable'

Guerrilla Epitaph

PLEIKU, South Viet Nam (AP) — "It is terrible and miserable," wrote Nguyen Chanh Ngoc.

"Enemy mortars shell us day and night. Airplanes bomb and strafe and we can do nothing about it. The fighting is tough, too serious and difficult."

Ngoc was a political officer with a Viet Cong company operating near the Special Forces camp at Duc Co. He had heard his battalion was coming to join him and was writing to his "comrades" Lam, Trung and Dinh.

"We have been taught to win, to meet every difficulty and emergency in waging warfare," he wrote. "We are ready to continue the fight, but we are all a little low in spirit because of the difficulties and the terrible conditions of hunger.

★ ★ ★

"Half of our strength is sick, some of them with bad illnesses. Sometimes we can muster only one platoon for military operations.

WEEKS WITHOUT FOOD

"I am sick almost every day with stomach pains and go for weeks without food. Yet I still have to move back and forth from the front every day because we have dead and wounded and other problems, and I need to deal with other friendly units in the area.

"Drugs are low. We are so far away that if a comrade gets sick and lapses into unconsciousness, we have no pill to refresh him and we cannot move him.

"Three of our four duty attendants are sick. Our comrades groaned at them and said to them that as cooks they had less right to be sick than the soldiers.

★ ★ ★

"Our activities continue, and we work without sleeping or washing our hands and faces or taking a bath because there is no water on the ground. Our soldiers operate around the clock. They fight in daytime and at night. They destroy the roads by digging into them. We just sleep four or five hours a night.

Young Patients Win at 4-H Fair

Youngsters from Pontiac State Hospital batted nearly 1.000 on their vegetable entries in the Oakland County 4-H Fair this week.

Of the 56 young patients who entered produce in the competition, 55 were awarded blue ribbons and the other won a second place citation.

Kathleen Harty, who directs the children's program in the hospital's occupational therapy department, said the youngsters were elated by their showing.

"They were just thrilled," Miss Harty said. "I think this will make the children more enthusiastic than ever over the gardening program."

Mis Harty explained that each of the 56 children presently in the gardening program at the hospital has a 16 by 16 foot garden to maintain.

★ ★ ★

"The youngsters all grow five rows of different vegetables and they have a one-hour period twice weekly to work on their plots."

SUPERVISE GARDENING

Sam Bridges, horticultural therapist at the hospital and Miss Harty, supervise the gardening but the youngsters, 7 to 17, actually do the work.

Also aiding in supervision of the young gardeners are Barbara Simnick and James Phelps of the occupational therapy department as well as some of the instructors at Fairlawn School.

The ungraded school is located on the hospital grounds and provides special education programs for the children.

★ ★ ★

Interest in the hospital's gardening program grows each year, according to Miss Harty.

It began in 1953 with eight young gardeners and has expanded steadily since.

A total of 36 youngsters en-

Pontiac Shatters Sales Record for August Period

Pontiac Motor Division reported today that its sales during the first 10 days of August were the highest for this period in the history of the division.

E. R. Pettengill, Pontiac general sales manager, said sales for the period totaled 20,637 units.

★ ★ ★

This marks a 23 per cent increase over the 16,723 Pontiacs and Tempests sold during the same period last year.

Pettengill also pointed out that this was the 26th time Pontiac has established a new 10-day sales record since the introduction of the 1965 models.

Former PCH Student U. S. Diving Champion

Former Pontiac Central student Micki King today wears the crown of the U.S. women's 3-meter diving championship, won in AAU national competition yesterday in Toledo.

Miss King, 21, a student at the University of Michigan, won the championship with an impressive final dive, finishing ahead of 1-meter board champion Mrs. Joel O'Connell of Santa Clara, Calif. **(See sports page C-2 for details.)**

PROTESTS—Anti-Viet Nam war demonstrators leap aboard and hang on to a moving troop train in Berkeley, Calif., yesterday. Two persons were arrested and four others slightly injured. Police and troops removed the demonstrators.

AP Photos

CHEERS—These people were among 200 persons, supporting U.S. actions in Viet Nam, who cheered the troop train in Berkeley and heckled chanting demonstrators. The train, carrying troops apparently bound for South Viet Nam, stopped briefly as the pacifists were removed.

More Sweltering Scheduled for Pontiac Area

Another hot day with sizzling temperatures is on the agenda for the Pontiac area tomorrow.

The U.S. Weather Bureau predicts highs of 88 to 96 and Sunday's forecast is continued hot. Tonight's low will be a warm 66 to 72.

★ ★

Southwesterly morning winds at 10 to 20 miles per hour will continue through tomorrow.

Seventy-one was the low reading in downtown Pontiac prior to 8 a.m. The mercury registered a sweltering 89 at 1 p.m.

Fun Day 'Bubbles' Over With Excitement

Smacks and pops took turns with chump, chump, chumps as thousands of city youngsters made the song, "I'm Forever Blowing Bubbles," come true this week at Oakland Park. The occasion was the annual Parks and Recreation Department's Playground Fun Day, and the prizes for the booths were squares of bubble gum.

Boxes of the tasty, pink stuff were awarded just to prove that prizes aren't as important as having fun, and they did have fun.

Anyone who dropped in on the carnival-like affair or passed by couldn't miss hearing the laughter, giggles, and happy sounds echoing through the tall, shady oak trees.

★ ★ ★

Nineteen school playground units and the Hayes Jones Community Center unit sponsored booths for the event, which is the finale to the seven-week fun program ending today.

GIVEN IDEAS

Work for the Fun Day begins at the beginning of the summer program. Each unit was given ideas from the central office. They were welcome to use these or develop their own.

When they finally chose a theme, their entire summer fun program became centered around it. Some units even wrote lyrics to the tune of old songs that have a connection with their theme.

They also picked a mascot to go along with their theme such as a lion which the LeBaron school unit chose. This group used their mascot called "Fifi" for a Fun Day contest.

★ ★ ★

David Miller and Jackie Grandison guessed the mascot's correct weight right on the nose — 21 pounds. For their expert evaluations, they won assorted candy.

DESIGN FLAG

In addition to a mascot, the units designed a flag. These were proudly displayed outside their booths.

The brightly colored booths were imaginatively decorated and set up.

There was a wet sponge throw, which was fun for the one doing the throwing, but rather wet for the generous soul behind the oilcloth target.

★ ★ ★

Other booths included a ping pong washer, and ring toss; dart, football, overhead, and bean bag throw; clothespin drop, bottle setup, mystery booth, fish pond, miniature golf, swinging ball, balance beam or broad jump, candle shoot, obstacle course, wheel of fortune, and nail drive.

JUDGES

The Fun Day had as judges for the booths, Mrs. Martha Wheeler, special education teacher in Waterford Township; Mrs. Sanford McLean, an artist; Mrs. M. J. Root, art teacher at a Waterford Township junior high school; and Fred M. Carter, arts and crafts supervisor for the playground program.

Besides fun at the booths, the youngsters could compete for other prizes such as model cars in special events including the raw-egg toss, three-legged race, slow bike race and chariot race.

The latter was a colorful sight, composed of horse (an older boy) and rider (a younger one), the latter being pulled without wheels in a cardboard and wooden cart across the baseball field to the finish line.

The charioteers exhibited the strength of Roman athletes as they kicked up dust racing to the finish.

GAY COLORS

The chariots were works of art, painted with gay colors and insignias.

Richard Cain, recreation supervisor, estimated the total enrollment up to Wednesday in the program to be about 65,000, which is higher than last year.

For each unit there is one adult leader, who is usually a teacher, and a college student as assistant leader. The recreation department tries to get a male and female leader working on each playground.

★ ★ ★

In addition to the Fun Day, units had various picnics and cookouts during the summer.

They held auctions of old toys and gathered pop bottles to raise money for group activities.

BEWITCHED — Susan Hobban, 8, of 53 Neome gives a bewitching smile to show how she acted her part in the Webster School playground program, "The Wizard of Oz." Each school unit has one special event during the summer. Susan's group decided to put on a play, complete with costumes.

Pontiac Press Photos by Edward R. Noble

WHAM! — The bean bag zoomed at the target when Pierre Ricks, 9, of 346 Howard McNeil was pitching. Even his bubble gum didn't interfere.

SHARPSHOOTER—Ingrid Smit, 8, of 224 W. Beverly tries her hand at putting out the candle with a squirt gun. Booth operators (from left) are John Teets, 10, of 91 Seminole and Henry Leopold, 10, of 86 E. Iroquois.

OOPS!—Walking a plank is hard enough, but blindfolded? . . . pretty tricky! It's understandable why Susan Summers, 9, of 494 N. Saginaw is having trouble.

LOVES BEAN BAGS—Macon Fed, 17, of 478 Branch was the bean bag eater at the Fun Day carnival. He poked his head out of the holes in his booth long enough to tease a participant, but pulled it back fast enough to avoid being hit.

BAREFOOTED—Pretty Debbie Teets, 9, of 91 Seminole looked like a princess walking through the forest, even though she preferred to be barefooted. Debbie was in the Webster School unit program, "The Wizard of Oz."

'WHEW! THAT SMARTS'—Splashed with a cold, wet sponge is volunteer Tim Brady, 10, of 187 W. Cornell. He probably hopes the next thrower won't be so proficient.

ROMAN CHARIOTEERS — Victors in the chariot race proudly display the model cars they won. The rider, Scott Brady, 6, of 187 W. Cornell blows a big bubble for his "horse," 14-year-old, Jon Costello of 12 LeGrande.

Scholar Hunt Picked by U.S. Naval Academy

ANNAPOLIS, Md. (AP) — The U.S. Naval Academy will use its athletic recruiting techniques and organization in a new campaign to attract top students from high schools around the country.

Plans for the academic talent search were announced today by Rear Adm. Draper L. Kauffman, academy superintendent.

* * *

He said a similar drive will be launched later this year to recruit high school students with outstanding leadership ability, such as class officers, who might not come to the academy's attention as readily as an athlete or scholar.

The program will have "our very highest priority," he said.

"We have a great thing going for us in our athletic recruiting system," said Kaffuman, who became superintendent two months ago. "It has produced good student athletes with outstanding officer potential.

"Now we're going after those who can still fit our concept of the 'whole man' but whose abilities may be more pronounced in scholarship or leadership than in athletics."

* * *

The first to be contacted will be 189 National Merit Scholar semi-finalists and other commended students who recently indicated an interest in attending the naval academy on their examination forms. These students rank among the top 2 per cent in high schools throughout the country.

* * *

Kauffman said hundreds of others with similar high standing, who expressed a preference for some other college or university, also will come within the scope of the campaign "if they are the type of individual we are looking for."

LOOK FOR SCHOLARS

"We will compete for scholars in the same manner as we do for the athlete who is also a good student," he said. "But we don't want the physically inept or the boy who has no leadership capabilities."

The superintendent last weekend sent a personal letter and package of information to each of the merit scholarship semi-finalists who expressed an interest in the academy.

* * *

A personal visit from a naval academy representative is to follow.

Utilized in the program will be an organization of some 300 "Bird Dogs" — volunteer talent scouts who make up Navy's nationwide athletic recruiting system — and some 250 "Blue and Gold" officers, trained Naval Reservists who serve as academy information officers in their home naval districts.

State Jews to Discuss Legislation

LANSING (AP) — Michigan Jewish leaders will meet here Aug. 22 to discuss state and federal legislation which some assert is "affecting or striking at our traditional and constitutional separation of church and state."

The conference is to be sponsored by the Anti-Defamation League of B'Nai B'rith, the American Jewish Committee, the American Jewish Congress and the Jewish Labor Committee.

* * *

The scheduled conference "grew out of a widespread concern over the growing trend," said Mrs. Charles Solovich, a Detroit attorney and chairman of the Michigan regional advisory board of the Anti-Defamation League.

A tentative agenda listed as speakers Dr. Norman Drachler, assistant superintendent of Detroit Public Schools, and Hubert Rubenstein, associate director of the Michigan Welfare League.

MODERATOR

Detroit Common Pleas Judge Joseph Pernick was scheduled to moderate a panel discussion. The panel is to include Meyer Warshawsky, a South Haven attorney and Republican candidate for attorney general last November.

Legislation mentioned for possible consideration includes:

—Two bills passed by the legislature and signed into law by Gov. George Romney, providing health services and other non-classroom services, such as special counselors, visiting teachers, aid to the handicapped, retarded and emotionally disturbed, on an equal basis to public and nonpublic schools.

—A House bill that would have granted a tax rebate to the parents of parochial grade and high school children equal to the amount they pay in tuition up to, but not more than, the amount paid in taxes. It was shelved in the House Taxation Committee.

—A Senate bill establishing a commission to enforce kosher food laws. It passed the Senate but was not reported out of the House Judiciary Committee.

—A House resolution of tribute to the Salvation Army.

* * *

The meeting, Mrs. Solovich said, also will concern itself with the busing of parochial school children, released time and cooperative programs in which parochial students attend some classes in public schools.

It will go into the church-state aspects of federal aid to education and the antipoverty program.

* * *

Purposes of the meeting, she said, "are to find solutions to the problems — if they exist — to discuss legislation needed, to take a group position on this... and to determine whether a permanent organization should be set up."

AP Photofax

SUMMER FUN — Nancy Redington, 4, chases a balloon with typical childish glee as her parents and others participated in the Festival of St. Louis, Mo., yesterday.

U.S. Film on Texas Won't Star LBJ

WASHINGTON (UPI)—There may be some scenes of the Pedernales River country and some shots at the LBJ Ranch, but film the U.S. Information Agency (USIA) is making isn't really about President Johnson.

Instead, it shows "how through education, hard work and a democratic society, the people of that area of the southwest were able to transfer a very lean countryside into an economically developed area."

That description of the movie, which will be titled "A President's County," was offered by the USIA after Sen. John J. Williams, R-Del., told the Senate yesterday the agency was filming Johnson's life story.

Williams revealed the project after offering an amendment to a $2.05-billion appropriations bill for the Departments of State, Justice and Commerce. It would have forbidden the USIA from producing movies in this country with an American public official as the principal character.

* * *

The senator did not mention the film when he offered the amendment. But under prodding from Sen. John O. Pastore, D-R.I., he said his proposal involved the "Texas Story" about the life and contributions of a certain family.

CERTAIN FAMILY

After further prodding from Pastore, Williams allowed as how the certain family was the Johnson family. He said the film would set a precedent, and that Congress should vote funds specifically for such a movie.

Williams' amendment was shouted down on a voice vote before the appropriations bill was passed and sent to a conference committee for compromise with the House version.

A spokesman for the USIA, Edward Savage, said the half-hour film, which had carried the designation "Texas Story" as an early working title, was not about President Johnson's "life story" as such.

* * *

He said it mainly tells the story of the economic development of the arid Texas hill country from which the President comes.

Savage said the movie, like many USIA films, was designed to be shown only to overseas audiences.

He said the USIA did not consider the film a precedent and noted it had made one on former President Dwight D. Eisenhower's travels as well as a memorial film on the life of the late President John F. Kennedy.

Vote in NLRB Election

STURGIS (AP)—Workers at Transogram Co. Inc., a toy and games manufacturing concern here, have voted in a National Labor Relations Board election for representation by the United Auto Workers Union.

Budgeteers Pick Head

MACKINAC ISLAND (AP)—The National Association of State Budget Officers elected Paul Wileden of Lansing, Mich., Thursday as its president for 1965-66 and chose Honolulu for its 1966 meeting. T. N. Hurd of Albany, N. Y., was elected vice president.

More than 38 million persons will be injured or killed in traffic accidents in the nation in the next 10 years, an insurance company study has forecast. Damages from the mishaps will exceed $100 billion.

Two State Counties Added to Aid Plan

WASHINGTON (AP) — Two Michigan counties which ordinarily might not meet the specifications for aid to depressed areas were added in an amendment to the $3.25 billion public works development bill Thursday.

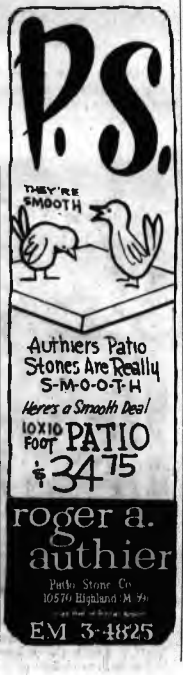

* * *

Mason and Newaygo counties plus nearly 100 others outside Michigan were added in the amendment by Rep. Bernard F. Sisk, D-Calif.

* * *

The amendment was adopted and the bill later was passed by the House. The bill has been labeled by its sponsors as a step toward wiping out pockets of unemployment and subnormal income. The measure authorizes the program but does not appropriate money to finance it.

MRS. NORMAN HOVIS

Crises and Excitement Are Part of Her Job

By JEANNE NELSON

Sometimes a job can lead to some pretty exciting developments. At least this is true of Mrs. Norman Hovis' job as a long distance operator with the Michigan Bell Telephone Company.

* * *

Twice this woman has been on the scene during times of crisis. An elderly blind woman who lived alone at the time, always dialed the operator to place a local call. After the call had been connected, she never failed to thank the operator nicely for her assistance.

Knowing this (and having, before placed calls for the woman) Mrs. Hovis became alarmed when one day there was no polite "thank you" but instead the sound of a receiver being knocked against something.

The alert operator was able to trace the woman's address through the telephone number and called police.

HELP ARRIVES

When help arrived, they found the telephone off the hook and the woman suffering a heart attack. Due to the presence of mind and her awareness of customer needs the blind woman's life was saved by Mrs. Hovis.

* * *

On another occassion, this operator was summoned on the phone by a 14 year-old hysterical boy. The boy and his friend were alone in the house and had been fooling around with a gun. It went off and the friend was shot.

The boy refused to give the operator his address, so she did what she could to keep him on the line so that his number and address could be located.

FAST THINKING

The boy was in a near panic and his friend was in a very serious condition but through this woman's efforts the police soon arrived and carried the injured boy to the hospital. It was a very close call, but the youngster did survive.

Mrs. Roy Mitchell, chief operator of long distance and supervisor to Mrs. Hovis says "it won't be the same around here when Anna retires Friday after 25 years of service to the company."

On cooperative dinner night, which happen frequently around here, she says, the girls will miss Anna's casserole and assorted goodies. She's quite a cook.

The mother of two sons and a daughter, Mrs. Hovis has found time in the last 25 years to also spend many hours as an active worker for the McConnell, Eastern, and Pontiac Central PTA's.

Clean Gold Borders on Crystal, China

Take care in cleaning those gold borders on your fine crystal and china.

One way to do it is to sprinkle with bicarbonate of soda and scrub lightly with an old tooth brush.

They Need Oiling

Household appliances need oiling from time to time—but only sparingly. Use the right oil for the job.

Newlyweds Honeymoon in Jamaica

Honeymooning in Jamaica are the George Clarence Prells (Marilyn Andrea Lang) who were wed recently in the All Saints Evangelical Lutheran Church before Rev. Robert F. Haskel.

Their parents are Mrs. Harry Tolley, East Detroit, the late W. G. Lang, and the Clarence R. Prells of Whitfield Street.

* * *

White peau de soie fashioned the bride's sheath gown and court train, also a floral headpiece for her butterfly illusion veil. She carried white Cymbidium orchids and Stephanotis on imported tropical leaves.

* * *

With honor maid Mariann Hybels of Kalamazoo, were bridesmaids Ann Lynn, Midland; Carol Prell, Walled Lake; and Virginia Kmiec, East Detroit.

ATTENDANTS

Attending their brother as best man and usher, respectively, were Leonard and Donald Prell along with ushers Roderick Dapkins, Grosse Pointe, and Michael J. Andress.

The couple who greeted guests at a dinner in Clinton Gables Inn, Mt. Clemens, will reside in Warren.

Maroon Tone of Mahogany Hid Its Beauty

Mahogany, some years ago, ceased to be stained the dark maroon tone its beauty had hidden under since the 18th Century.

* * *

Its natural medium brown-gold color was an immediate hit. Other beautiful hardwoods like cherry, pecan and walnut also began to be finished without heavy disguising stain.

Most furniture finishes today change the natural wood color only about as much as would occur from a thorough water wetting of the dry wood.

* * *

Along with softer more gentle lines of wood furniture has come a greater appreciation for the natural figure pattern characteristic of most hardwoods.

* *

The swirls of mahogany, the rippled ovals of cherry, the wavy black lines on amber teak, the vigorous markings of rosewood and many more wood beauties add elegance to even the simplest modern styles and embellish antique adaptations.

AP Wirephoto

Here's an ensemble from the collection of Pertegaz of Spain. The headpiece is made of poppy-red organza petals and tops a short cocktail dress of the same material with petaled skirt to match. Highlighting the ensemble is a 30-carat diamond pendant set in diamonds and rubies from Sanz.

Fills Gap in Understanding

Judge Finds Youth Jury 'Tunes In' on Teen Offender

(EDITOR'S NOTE: Judge Alec W. Brown, author of the following article, is the judicial district judge — the equivalent of magistrate — in Madera, Calif. He has been on the bench for six and one-half years.)

By JUDGE ALEC W. BROWN
Written for Associated Press

MADERA, Calif.—As the handsome 18-year-old high school senior turned away from my bench to begin five days in jail, he was biting his lips to fight back tears. But how could this be, I asked myself, when only a few hours earlier this same boy has "bravely" risked his life in his speeding automobile, with no thought for his personal safety.

How can a judge analyze these too-common situations?

* * *

The young man was not new to my court, having once lost his driver's license for drag racing and running stop signs. However, this time he had really "tied one on" — loading up to a warm glow on illegally obtained beer, running three stop signs and attempting to outrace a highway patrol car at up to 110 miles per hour.

Such conduct indicated this teen-ager suffered from some degree of antisociety rebellion, resulting in a refusal to recognize the responsibilities our system requires. But why does the modern, often highly intelligent young man or woman commit these stupid acts — stupid because they jeopardize everything the teen-ager hopes to achieve in his lifetime?

AP SPECIAL REPORT

How can a judge understand a thought process which temporarily rejects or stifles the normal human instincts to protect oneself from bodily harm, shame and loss of liberty or career?

In short — how does a magistrate "tune" his own mind to the mental wave length of the delinquent juvenile?

It was with these questions in mind that I began noting the apparent success of a youth jury program in Duval County, Florida.

I discussed the plan with student leaders at Madera High School — where I was graduated 27 years before — and the response was overwhelming.

* * *

On my own youth jury, as it developed, student volunteers register potential jurors, who are then selected by lot. The only requirement is that the student have a valid driver's license. So far, jurors range in age from 16 to 19, but jurors who are graduated remain on the list and slowly the average age will increase.

* * *

The juries consist of six persons. I use two juries for each court session, one hears a case while the other deliberates in private.

The juries — which have an advisory function — handle misdemeanor crimes involving persons under 19.

VERY SUCCESSFUL

After four months, the program has been a very successful experiment. The juries have expressed consistently good recommendations for punishment, and three-fourths of the time I have followed the recommendations almost to the letter.

* * *

They seem to sense whether an excuse is phony and the young con artist has less success with them than he does with me. Sometimes the jury recommends unusual leniency and at other times unusual punishments, especially in jail time.

* * *

One off-beat penalty was to sentence a 16-year-old motorist to washing and polishing 30 stop signs. The offender, while carrying out the sentence, wore signs on his chest and back that said: "I run stop signs."

Surprisingly, even after stiff sentences, violators display less resentment toward the youth jury than they normally would direct to the judge.

* * *

The immediate success of my youth jury has convinced me of its tremendous potential as a means of creating respect and improving the channels of communication between young people and the judicial and law enforcement agencies.

* * *

Most of all, it can help the overworked and exasperated judge understand how the wheels go around between juvenile ears.

Bitten by a Rattler, Boy May Lose Leg

BATH, N.Y. (AP) — A rattle snake bite on the ankle may cost an 11-year-old boy his lower right leg, say doctors at Ira Davenport Hospital here.

Physicians continued efforts today to save the lower part of the limb of Richard Loucks Jr. He was reported in serious condition.

* * *

The leg is swollen from the snake bite inflicted Aug. 2 while he was walking in high grass near his home in Cameron Hills, 12 miles northwest of Corning.

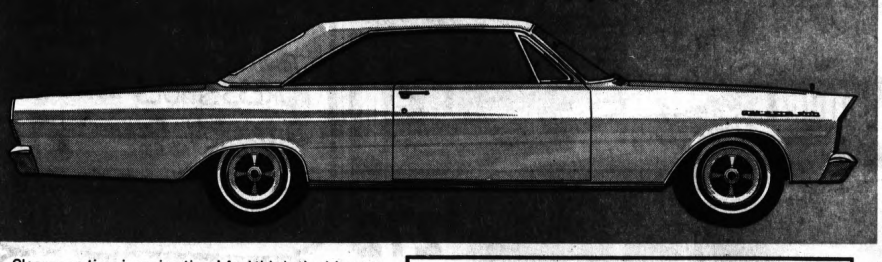

Beauties Must Be 40

NAPLES, Fla. (AP) — This city on Florida's lower west coast is celebrating its 40th anniversary and will stage a beauty contest in which all entries must be 40 years old — no more, no less. The winner will receive a ruby ring symbolic of a 40th wedding anniversary.

National 3-Meter Diving Crown for Pontiac's Micki King

Former PCH Student Gets Close to Goal

'68 Olympics Is Aim After Two Trials in '60 and '64

AP Photofax

CHAMP — Pontiac's Micki King is the National Women's 3-Meter diving champion today after winning the title yesterday in the AAU championships in Toledo.

Special to the Pontiac Press

TOLEDO — The goal set as a 16-year old, is closer to reality for Micki King, former Pontiac Central student, who yesterday won her 2nd national diving championship.

She reigns today as the National AAU Women's 3-meter board champ, after finishing a close second two days ago in the 1-meter event.

Miss King, a University of Michigan' senior, who won the national platform championship of the Women's Diving Championships in California in April, said she is working toward the 1968 Olympics.

* * *

As a 16-year old she competed in the Olympic diving trials of 1960 in Detroit and finished near the bottom of the 30-entry field. She tried again in the 1964 trials and finished 5th.

Only two women divers made the Olympics in 1960 and three in 1964.

Yesterday, Micki won the AAU title by picking up 69.80 points on her last dive, a 1½ somersault and a 1½ twist.

Before the final dive she was in 4th place, with Sue Gossick of Los Angeles holding the lead. Miss Gossick tried the same dive but missed and finished third with 1-meter champion Mrs. Joel O'Connell taking second.

Micki totaled 463.05 points, Mrs. O'Connell 455.50 and Miss Gossick 454.50.

NO SURPRISE

"She didn't surprise me," said Dick Kimball, University of Michigan diving coach who has tutored her through diving competition since attending U. of M.

"It makes me very happy," he added "This is her best dive and she saved it for last with the idea it could win for her. That's the way it turned out."

Miss King is representing the Ann Arbor Swim Club in the meet and she said she will continue practicing under Kimball, U.S. Men's Olympic diving coach last year.

In the men's diving division, Bernie Wrightson of Phoenix, Arix., won his second straight title in as many days by adding the men's 1-meter event to the 3-meter title he won Wednesday.

This is the second straight year he has won both titles. He held off the challenge by Olympic champion Ken Sitzberger, an Indiana University freshman.

* * *

Sitzberger scored 117.90 points on his last two dives, but Wrightson tallied 121.50 to end with 494.50 to Sitzberger's 478.90.

In the start of swimming competition, a 14 year old little teenager from Commerce, Calif., owned a big world record today.

She's Patty Caretto, 14, a solid 110 pounds of swimming stamina on a 5-foot-1 inch frame. She won the women's 1,500-meter freestyle Thursday over Olympic swimmer Sharon Finneran of Santa Clara, Calif. as both bettered the world record of 18:30.5 minutes.

Miss Caretto set it at the women's meet on July 30, 1964 and yesterday she did it in 18:23.7 while Miss Finneran was timed in 18:29.2.

Among other local entries in the AAU championships, Bruce Brown a former Rochester diver also competing for the Ann Arbor Swim Club placed fifth in the men's one-meter diving division.

* * *

Men's one-meter diving—1, Bernie Wrightson, Dick Smith Swim Gym, Phoenix, Ariz., 494.50; 2, Ken Sitzberger, Indiana Aquatic Club, Bloomington, 478.90; 3, Rick Gilbert, Indiana AC, 458.55; 4, Tom Gompf, Dick Smith Swim Gym, 435.55; 5, Bruce Brown, Ann Arbor, Mich., 430.30; 6, Jim Henry, Dallas, Tex., 427.80; 7, Win Young, Bloomington, Ind., 414.70; 8, Randy Larson, Columbus, Ohio, 407.60.

Women's three-meter diving—1, Micki King, Ann Arbor, Mich., Swim Club 463.05; 2, Joel O'Connell, Santa Clara, Calif., Swim Club, 455.50; 3, Sue Gossick, Los Angeles, 451.50; 4, Lesley Bush, Princeton, N.J., 444.70; 5, Barbara McCarthy, Shamrock Hilton Swim Club, Houston, Tex., 438.55; 6, Patsy Dick Smith Swim Gym, 426.35; 7, Patty Simms, Jack Kramer Swim Club, Los Angeles, 407.70; 8, Shirley Teeples, City of Commerce, Calif., Swim Club, 401.40.

State Pony Team Out

INDIANAPOLIS (AP) — St. Clair Shores, the Michigan entry in the Pony League Regional baseball tournament, was knocked out of competition Thursday 7-5 by Paducah, Ky.

Arrows Meet Flint at Wisner

Pontiac Pro Football Debut Saturday Night

By FLETCHER SPEARS

An abundance of speed and power in the backfield makes the Pontiac Arrows a solid favorite to knock off the invading Flint Blue Devils tomorrow night in the debut of Pontiac pro football at Wisner Stadium.

* * *

The kickoff is 8 p.m. and the game signals the opening of the 1965 Midwest Football League non-conference action.

The same Flint team will help Pontiac open the league campaign Sept. 4 at Wisner.

Among the heavy weights in the backfield are fullbacks Willie Jones, a 6-0, 225-pounder, and Mike Schott, a 6-0, 230-pounder.

* * *

Jones, who starred as a regular four years at Hillsdale, combines speed with power and coach Lyle Wells calls him "one of the best blockers on the team."

Schott, who played at Adams State Teachers College in Colorado, is a bruising runner and is hard to bring down. He injured an ankle a week ago and missed practice last Sunday, but Wells said the big guy would be ready for Flint.

On the speedy side, Wells and Art Avecilla, a 5-8, 180-pounder from Alma College, has halfbacks Bob Hill, a 165-pounder from Southeastern High School in Detroit.

Hill, flashy runner, led the team in scoring in 1963 with 112 points. He suffered a broken wrist last year and sat out much of the season.

Another back with a lot of speed is flanker Jim Johnson of Tecumseh, a good runner and one of the club's best receivers.

Directing the Arrows will be quarterback Mike Brown, a 6-3, 213-pounder from Oak Park, who earned All-State honors during high school at Ferndale.

THROWS 'BOMB'

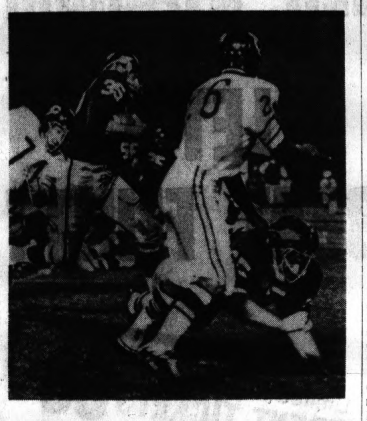

Brown likes the short passes but he tosses the 'bomb.' From the option play, Brown will occasionally run with the ball.

One of Brown's favorite receivers is his brother, Pat, a down the tight end position.

At the other end is Mike Pryor, a 180-pound speedster who is expected to give the Flint defenders some problems in the backfield.

* * *

Tickets, $2 each are on sale in downtown Pontiac at Osmun's Men Store, Griff's Grill and Bob & Ken's Bar. Student tickets — 50 cents each — are on sale at Kresge Store, in Miracle Mile. Tickets will also be available at the gate.

AP Photofax

DAYLIGHT AHEAD—Fullback Rick Casares of the Washington Redskins finds running room with the help of a block from Vince Promuto on Chicago Bears' Bennie McRae in last night's exhibition game. Bob Kilcullen of the Bears (left) chases Casares. Chicago won, 31-30.

Rebels Cheer, Palmer Moans in PGA

First Round Lead to Aaron

Delayed Penalty Call Hurts Arnie's Bid

LIGONIER, Pa. (AP) — Tommy Aaron led the rebel charge as today's second round of the Professional Golfers' Association Championship in these western Pennsylvania highlands held a distinct Dixie flavor.

But even with the drawling Georgian and fellow Southerners Mason Rudolph, Gardner Dickinson, Sam Snead and Ray Floyd spearheading the invasion, a large measure of attention focused on the controversial mishap that stunned the ill-starred idol of Laurel Valley, Arnold Palmer.

* * *

The 28-year-old Aaron scrambled over the Laurel Valley Club's rolling 7,090 yards in 66 Thursday, a five-under-par opening round that consisted of eight birdies, three bogeys and only seven pars.

Rudolph, the steady-shooting Tennesseean, and Dickinson, rapier-thin Alabaman who is a protege of legendary Ben Hogan, stormed in among the late finishers one stroke off the pace at 67.

THREE TITLES

Right behind at 68 stood Snead, 54-year-old Virginian who has won three PGA titles; Floyd, 22, a member of a golfing family from North Carolina, and Bruce Devlin of Australia, only non-Dixie member of the pacesetting contingent.

Solidly favored Jack Nicklaus recovered from an over-par front nine and fired into good position with a 37-31—69.

* * *

Meanwhile, Palmer's promising chance at a fine round was shot down by a belated ruling that cost the slumping Pennsylvania strongboy a two-stroke penalty. His second shot on the first hole wound up near a bridge, and a railing prevented a follow-through of his swing. He called for an official ruling, but before it came two marshals tore off the railing and Palmer played on.

* * *

After a par on one, a Birdie on No. 2, and three more pars Palmer was notified on the sixth tee of the penalty. He finished the day one over at 72.

TAKES BLAME

"It was my responsibility. Under the rules it was up to me to keep them from taking down that railing. But I didn't," Palmer explained. Admitting the penalty had its morale-shaking effect, he continued:

"It made a difference in how

GRINS AT PROBLEM — This problem shot brought a grin to Arnold Palmer's face at Laurel Valley in Ligoiner, Pa., where the 47th PGA Championship is being held. Marshals tear down a barricade to allow Palmer to chip to the green, after his blast overshot the green. Palmer fired a 72 in the first round of the tournament.

Aguirre Gets Tigers' Bat Support

DETROIT (AP)—Hank Aguirre's prediction that the Tigers are a power-laden team and would start hitting for him came true Thursday, thanks to Don Demeter.

But Demeter, while happy with his seven runs batted in during the 11-1 conquest of Kansas City, says he'd rather get one a game and have it mean something.

"The seven RBIs look good when added to my season's record," Demeter said. "But the grand slam homer was wasted in a way because we already had them 7-1 and they weren't having too much luck against Aguirre."

* * *

Demeter's grand slam homer was the fourth of his career. It capped a six-run Detroit sixth inning as the Tigers completed a sweep of the four game series with the A's.

He singled home one of two runs in the first inning and hit a two-run triple in the fifth.

Demeter's RBI production may well be a Detroit record. But he's done it before in the National League—twice, in fact. Each time he hit three home runs in the game.

Tiger officials said a spot check of available records showed many six RBI days for Detroit players but none higher.

The only run off Aguirre came in the fifth inning when Rene Lachemann hit a solo homer. Bill Freehan also homered for the Tigers.

The first two Detroit runs came on two walks and a pair of infield hits.

Their two runs in the fifth were unearned as Demeter delivered his triple following an error by Wayne Causey and a walk to Gates Brown.

No 'Panic Button' for Lion Rookies

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Detroit Lions' coach Harry Gilmer doesn't plan on pushing the panic button if rookies or the new faces in starting positions goof on their assignments in the opening exhibition game against the Eagles in Philadelphia Sunday afternoon.

"We will start Larry Hand at defensive end, Wally Hilgenberg at middle linebacker and Wayne Rasmussen at safety, and we're not going to panic at the first mistake they make and pull them for any such reason," said Gilmer.

Gilmer plans on going into the first exhibition encounter with mostly a veteran lineup, except where he does not feel he should use any of the recuperating hospital cases of the past winter.

Hand, a rookie from Appalachian State who stands 6-4 and goes 245 pounds, will play in Sam Williams' position, while newly acquired Ron Kramer backs Darris McCord at the other defensive end slot.

Hilgenberg, a second year man from Iowa, played mostly on the specialty teams last year. He will be in all-pro linebacker Joe Schmidt's position.

Rasmussen moves into the safety spot vacated by Yale Lary who announced his retirement from pro football several weeks ago.

The Eagles, who lost 37-0 to the Redskins in their first preseason game last week when coach Joe Kuharich decided to utilize a large number of rookies, will start quarterback King Hill against the Lions.

The Eagles also announced today that veteran end Pete Retzlaff suffered a leg injury in practice yesterday and he would miss the game against the Lions.

Retzlaff was with the Lions before going to the Eagles in 1956.

Golfer Draper Beats 2 Foes

WINNIPEG (AP)—Tom Draper of Royal Oak, Mich., won his second and third round matches in the Canadian Amateur Golf Championship Thursday and reached the quarterfinals.

* * *

Draper defeated fellow-Michigander Pete Passink of Battle Creek, 5 and 3, in the second round and won from Ken Waslen of Calgary, 2 and 1, in the third round.

Twins Buy Contract of Former Bengal

NEW YORK (AP) — The American League-leading Minnesota Twins purchased 23-year old outfielder Andy Kosko from their Denver farm club of the Pacific Coast League Thursday night. To make room for him on the roster, Minnesota optioned right-handed pitcher Dwight Siebler to the same team.

* *

Kosko had a .327 batting average with 27 homers and 116 runs batted in for Denver. He received a $30,000 bonus to sign with the Detroit Tigers in 1959 but they released him last year and Minnesota signed him as a free agent for nothing.

Canadiens Sign Goalie

MONTREAL (AP) — The Montreal Canadiens of the National Hockey League announced Thursday the signing of goalie Gerard Desjardins.

AP Photofax

EARLY LEADER — Tommy Aaron of Gainesville, Ga., had the first round lead in the PGA Championship at Laurel Valley in Ligonier, Pa., when he fired a 5-under par 66 yesterday.

State Netter in Finals

HOUSTON (AP) — Susan Dykes of Warren faced top-ranked Marie Sidone of Pebble Beach, Calif., today in the 18-and-under girls tennis finals of the National Jaycee Sports Spectacular. Miss Dykes beat Pamela Teeguarden of Los Angeles, 6-3, 6-1 Thursday, while Ron Hainline of Detroit and Emily Fisher of Bloomfield Hills were defeated in other matches.

WATERFORD JUNIOR BASEBALL

14-and-Under
Optimist 11, Boys' Club 4

an of Oakland County's should be refined to their by next summer, County Commissioner Daniel W. announced today.

* * *

welcomed yesterday's de- by the County Board of isors to advance $25,000 so e lake levels can be ade- controlled.

Affected will be several thous- and lake-front-property owners in Waterford and Independence townships.

At Barry's request, the board of supervisors authorized him to ask the courts to establish proper lake levels and allow the drain commission to maintain them.

* * *

The $25,000, plus $5,000 pledged by the Waterford Township Board, is needed to cover court costs and the necessary filing of notices, said Barry.

* * *

The ultimate cost of maintaining the water levels then will be determined by subsequent engineering studies, he added.

Barry said that [illegible] the water leve[illegible] been proven economically feasible by his commission.

He said this can be done by damming peak flows in the Clinton River at two separate locations each spring.

* * *

Lakes that would benefit as the result, he said, are Van Norman, Lester, Williams, Maceday, Lotus, Greens, Dollar, Cemetery, Mohawk, Wormer, Schoolhouse, Upper Silver, Silver, Loon and Lake Angelus.

* * *

He also assured the board that the cost of maintaining the levels of these lakes will be borne by the benefiting property owners in the form of special assessments.

The dams which Barry proposes the county acquire, maintain and completed in time for the com- improve in order to rectify the mission to begin operating the situation all lo within Waterford Township.

They are situated at the former state fish hatchery and near where the Clinton flows under Dixie Highway at the Cascades Motel.

Barry expects the necessary action in Circuit Court to be erty owners before authorizing dams next spring.

He said he expects to acquire both dam sites for the nominal fee of $1 each.

Normally the board of supervisors would have required petitions signed by benefiting prop- to proceed.

This would have taken an indefinite amount of time because of the great number of land owners in this instance, according to Barry.

* * *

He successfully had asked the board to waive the petitions "in the interests of public health and necessity."

Car Sales Reports Provide Impetus

Motors Lead Market Advance

NEW YORK (AP) — Motors led the stock market into its third straight advancing session today.

Trading was moderate.

★ ★ ★

Support for the motors followed reports of record car sales in the first 10 days of August. Ford and Chrysler advanced about half a point and General Motors was up a lesser fraction.

Changes of most key issues were fractional with a few ranging to a point or so.

RAILS STRONG

The rails were strong with Pennsylvania Railroad up nearly 2 points and New York Central up about half a point. Pennsylvania opened on a block of 12,000 shares.

Kennecott continued its weakness in the wake of a move to nationalize the copper industry in Chile. It lost more than a point. Anaconda, also a big operator in Chile, recovered about half a point.

Opening blocks included Chrysler, up ½ at 46⅝ on 5,600 shares; Sperry Rand, unchanged at 13¼; Ford Motor, up ⅜ at 53⅞ on 4,600, and Anaconda, up ¼ at 62⅝ on 2,900.

Prices advanced on the American Stock Exchange. Fractional gains were made by Brown, Data Control, Louisiana Land and Syntex.
