Leader Replies to LBJ Rebuke on China Fight

U.S. Offered Choice of Continuing Aid for 5 to 10 Years

SAIGON, South Viet Nam (AP)—Premier Nguyen Cao Ky gave the United States a choice today of aiding South Viet Nam another five or 10 years or invading North Viet Nam to finish the war.

Citing repeated Communist declarations to fight on as long as 20 years, Ky told a news conference on his regime's progress: "We have the patience but we can say the same thing of our allies."

"Are they ready to help us for five to 10 years? If not, we must destroy the Communists in their lair."

Reacting to the Johnson administration's repudiation of his suggestions for a military confrontation with Red China and a possible invasion of the Communist North, Ky, 35, declared:

"There is no desire on our part to invade North Viet Nam. Our struggle is for our self-defense."

If South Viet Nam becomes strong and a democratic and economically sound example, he continued, "the people of North Viet Nam will have their eyes to the South and will overthrow the Communist regime."

"This second concept requires patience and time. This is the work of five, 10 or 15 years."

Ky spoke amid signs of increased guerrilla harassment in the Saigon area. The Viet Cong shelled the command (Continued on Page 2, Col. 7)

Hint Martin Will Pilot Tigers

CHICAGO (AP)—Billy Martin will be named new manager of the Detroit Tigers before the beginning of the 1967 season, Chicago's American reported today.

Martin, currently a coach for the Minnesota Twins, became the No. 1 choice of Tiger President John Fetzer after Al Lopez declined to succeed the ailing current Tiger pilot, Charlie Dressen, it was reported by the American's baseball writer, Brent Musburger.

Dressen on May 16 suffered his second heart

attack in as many years and Coach Frank Skaff presently directs the team.

Dressen's original replacement, coach Bob Swift, also came ill with lung cancer July 14.

In Detroit, a spokesman for the Tigers declined comment on the story.

"Whether Martin will take over the Tigers before the end of this season is not known," Musburger wrote.

"His one-year contract with the Twins expires this October. It is believed he will also have a one-year pact with the Tigers."

ERECT BRIDGE — Construction crews move the first section of the city's first pedestrian bridge into place on West Huron in front of Webster School. The boxlike span is the first of three

bridges planned in specific spots in the city to safeguard pedestrians. Cost of the bridge was \$17,400.

GM Reports Drop in Profits

DETROIT (AP) — General Motors, the nation's largest manufacturing concern, has reported sharply reduced second-quarter profits. The company said lower unit sales and higher costs were to blame.

Ford Motor Co.'s six-months earnings report was due today and Chrysler Corp. will announce its figures tomorrow.

GM reported a drop of almost \$100 million yesterday for the second quarter as compared with the same period last year but company officials continued to forecast "another good year."

The giant company's earnings for April, May and June were given as \$546,635,382. In the second quarter of 1965 the firm reported a record \$638,469,048 in earnings.

However, sales for the quarter were off only 2.7 per cent from previous second quarter. This year's quarterly sales figure was \$5,501 billion, compared with \$5,657 billion in the same period last year.

GM Chairman Frederic G. Donner and President James M. (Continued on Page 2, Col. 6)

Johnson Blocks Strike at 6th Major Airline

WASHINGTON (AP) — President Johnson blocked a strike threat against a sixth major airline today while Congress studied whether the 20-day walkout against five others has created a national emergency.

Johnson ordered creation of an emergency board to study a dispute between American Airlines and the AFL-CIO Transport Workers Union. The union otherwise would have been free to strike after midnight tonight. Creation of the board automatically delayed the strike threat for 60 days.

The action came shortly before the Senate Labor Committee was to open hearings on the strike by the AFL-CIO International Association of Machinists grounding about 60 per cent of the nation's air traffic.

Sen. Wayne Morse, D-Ore., who is sponsoring legislation to bring a quick end to that strike, revised the bill he had proposed in an apparent effort to ease action. Then he demanded that Congress "park politics outside" and order the strike ended.

As introduced it would have required a finding that the national health and safety were imperiled by the strike.

Showers, Cooler Through Evening

Early morning showers brought much-needed relief from the blistering heat of 97 recorded at 4:50 p.m. yesterday in downtown Pontiac.

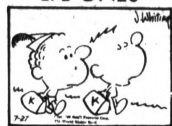

The beneficial rains measured .6 of an inch.

The weathermen forecast showers and thundershowers throughout the day and evening will end tonight with temperatures turning cooler.

The mercury registering lows of 62 to 68 tonight will climb to highs of 78 to 84 tomorrow.

The outlook for Friday is partly cloudy and mild.

L'I L ONES

"If they call something a 'summer experience,' it means you're supposed to learn something."

Federal Income Will Surpass Estimates

WASHINGTON (AP) — The federal government expects its income for the current fiscal year to rocket about \$4.5 billion above original estimates, it was learned today.

The dramatic upswing in the estimated income is based on

current tax rates. Any tax increase would push the total even higher.

If the new estimates materialize, tax receipts in the fiscal year which ends next June 30 would total \$115 billion to \$116 billion.

The administration originally anticipated tax receipts at \$111 billion — \$1.8 billion below estimated federal spending.

Since the original estimates were made, however, there has been increased spending for the Viet Nam war and by Congress. So the expected boost in income still would not be enough to put

President Johnson's budget in the black for the year.

Recent revisions by the Commerce Department of its estimate in personal income for the last 24 years also played a role in the revision.

Election Report

Section B, pages 10-12, of today's Pontiac Press contains a complete roundup of information on next Tuesday's primary election.

Included are biographies of candidates, lists of polling places and maps of political districts.

Teen Cyclist Fatally Injured in Area Crash

An 18-year-old Farmington Township youth died yesterday afternoon in Botsford General Hospital, Farmington, from injuries received in a motorcycle accident late yesterday morning.

Police said Thomas C. Huss, of 33653 Harlow, hit a car turning left, fell off his cycle and was run over by another car.

The accident occurred at Farmington and Longwood, Farmington Township.

Police said Huss struck a car driven by Mrs. Mary Gurgash, 41, of Southfield, as she was making a left turn.

He was thrown into the path of a car driven by Theodore Lindstrom, 19, of Livonia.

The Motorcycle 'Boom'—Fun and Death

(EDITOR'S NOTE: This is the first article in a two-part series on the rapid growth of motorcycling as a sport and the accompanying rise in motorcycle accidents.)

By DAVID J. COOK

With debate on automobile safety factors still hot among legislators and law enforcement officials, public concern in Oakland County is being drawn to another potential road threat.

A sharp upturn in motorcycle

injury accidents and six deaths in little over a month in the Pontiac area are prompting the attention.

By any measurement, motorcycles have descended upon the traffic and recreation scene throughout the county like a summer storm.

One dealer commented that he now sells as many motorcycles in one week as he did in the entire year of 1960.

Registrations at the Pontiac

and Waterford branch offices of the Secretary of State have soared to as high as 65 a day.

HIGH TOTAL

The total recently passed 3,300 for this year, nearly half the 6,888 figure for the entire county in 1965.

"One boy came in and got a license for his new Yamaha," relates Mrs. Lucille Marshall, Pontiac branch manager.

"He was back the next day

transferring his registration — he had run the bike into a concrete abutment and all that was left was the license plate."

* * *

Such persistence and apparent lack of concern undoubtedly lie behind much of the current popularity of the motorcycle.

OUT FOR SPEED

The fact that some cyclists are literally "out for speed" may also explain some of the present alarm over injuries.

"There is no such thing as a 'minor' accident on a motorcycle, especially the small ones," said Dr. Oliver W. Page, emergency room chairman at Pontiac General Hospital.

"Compound fractures, head injuries, severe lacerations, and (Continued on Page 2, Col. 3)

JAMES CLARKSON

Savings-Loan Exec Wins State Award

The Michigan Savings and Loan League's annual Community Service Award has been given to James Clarkson, president of the First Federal Savings and Loan Association of Oakland.

Clarkson received the award for outstanding community service plus contributions to the savings and loan business.

It was presented at the 7th annual Michigan Savings and Loan League convention on Mackinac Island this week.

Clarkson's long list of community activities includes being chairman and member of the Waterford Township Planning Commission, the Zoning Board of Appeals, and the Waterford Township Zoning Commission.

He has also been commissioner for the Huron-Clinton Metropolitan Authority, member of the Waterford Citizens Committee for Community Service and of the Waterford Township Boys' Club, and finance chairman of the Oakland County Study Committee for Junior Community Colleges.

Lake Orion Tot Drowns

A 16-month-old child, Douglas J. Blakely, was reported drowned yesterday in a back yard pool.

According to sketchy police reports, the youngster had drowned in a pool yesterday afternoon in the back yard of his home at 143 Schorn, Lake Orion.

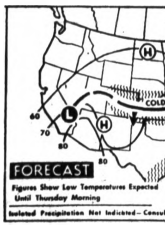

Efforts of the Lake Orion Fire Department to revive him were unsuccessful.

The child is the son of Mr. and Mrs. Conrad W. Blakely.

Senate Raises Warning Signs on Aid, Trade

WASHINGTON (AP) — The Senate turns to the military side of foreign aid today after raising warning signs to the administration and U.S. allies on its feelings about the aid program and the Viet Nam war.

It approved a \$2.06-billion economic assistance program — \$409 million less than the administration requested — by a 68-27 vote Tuesday. This was the largest number of ayes to be cast against foreign aid in four years. It also sent a sharp rebuke to West Germany and by implication to other U.S. allies dealing with Red China or North Viet Nam.

The Senate agreed this year to break with practice and divide the aid program into separate bills covering military and economic assistance. The requested military aid authorization is \$892 million.

Before approving the economic aid measure, the Senate wrote in a denunciation of a West German deal to build a steel mill in Red China, calling it a blow to the safety of American and allied troops in Viet Nam.

In so doing, it brushed aside warnings by Sens. Thomas H. Kuchel, R-Calif., and J. W. Fulbright, D-Ark., that the amendment "pointed a finger" at a friend and ally.

The time has come for America to speak when her toes are being stepped on," replied Sen. John O. Pastore, D-R.I.

With proponents speaking of "so-called allies," the Senate overrode two efforts to bury the amendment but did agree to water it down by eliminating specific reference to the West German government.

Fulbright, chairman of the Senate Foreign Relations Committee, cast his vote for the economic assistance program but only after expressing his "great misgivings."

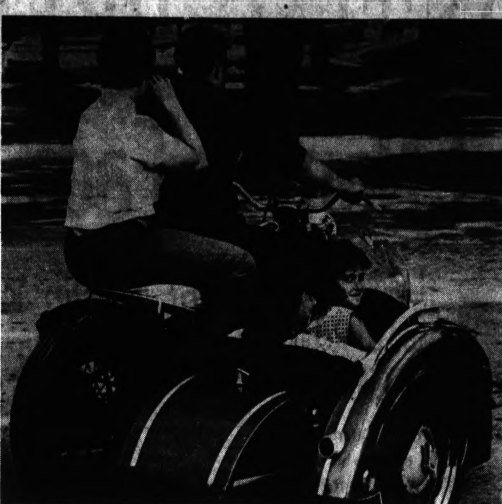

He urged a new concept in foreign aid and declared the program "is becoming a vehicle toward deep American involvement in areas and issues which lie beyond both our vital interests and our competence."

Fulbright pictured aid as one of the first blue chips of American "prestige and money" thrown onto the table in Viet Nam.

Nixon in Paris

PARIS (UPI) — Former Vice President Richard Nixon arrived here from London today for a "strictly private" two or three-day visit.

Nixon, accompanied by his wife and two daughters, told newsmen at Orly airport he would be staying with friends.

Pontiac Press Photos by Edward R. Noble

FAMILY SCRAMBLER — Motorcycling's current boom in sales and registrations so far has not seen many of these old-model three-wheelers. For this Pontiac area family the extra rear seat and sidecar provide sport for four.

Motorcycle: a Booming New 'Toy'

(Continued From Page One)

soft-tissue injuries — this is what we get on motorcycle victims."

Page, who has handled accident cases at Pontiac General for three years, said he has noted a "definite increase" in motorcycle accidents in that time.

HIGH SPEEDS

"Most of them are thrown from bikes at high speeds," he said.

"Without a safety helmet, and sometimes even with one, there's not much you can do about head and neck injuries. "In injury to the brain, they're in for a long period of convalescence."

"We do get less in the way of abdominal and internal injuries compared to automobiles... probably because on a motorcycle you don't have the steering wheel and dashboard effect."

YOUNG HURT

"And they're all so young," Page said. "Rarely do we see anyone over 25."

The youthfulness of the victims is reflected forcefully in the county's motorcycle deaths this year.

Eight persons have died as drivers or passengers. Their average age has been two months under 21.

And, according to accident figures kept by the Oakland County Sheriff's Department and Pontiac police, the surge in injuries is continuing.

21 ACCIDENTS

Sheriff's deputies investigated 21 motorcycle accidents in the month of June, 19 of which involved personal injury.

In the first three weeks of July, 15 mishaps were registered, with all but one resulting in injury requiring medical attention.

In Pontiac, motorcycles are prominent in another area besides accidents — complaints.

Just one day, Pontiac police have responded to 41 calls protesting "noisy" motorcycles at various locations in the city. Twenty-two complaints have been on alleged "speeding" motorcycles.

100 MOTORCYCLES

In one instance, a woman reported "100 motorcycles" had gathered at the site of the proposed Osteopathic College on the city's east side.

In many cases these reports are closed by the notations, "G.O.A." or "Unf.," meaning "issue on arrival" or "unfounded."

Violation tickets, according to Pontiac Police Lt. Clayton A. Randolph, are "frequently" issued.

"The trouble is," he said, "the fines are nothing. Two dollars is the maximum for conviction in Pontiac on excessive noise."

Outside of punitive measures, however, police, dealers, and cycling enthusiasts have expressed a willingness to deal with motorcycle safety on a broader basis.

Pontiac Press Photos by Edward R. Noble

ABUSE OF SPORT? — Helmetless and wearing only a sport shirt, this cyclist is off for fun on a hot summer night. Motorcycling dealers and police alike say helmets and jackets would cut injuries. A newly passed state law will make protective headgear mandatory by next fall.

FBI in Armored Car Case

(Continued From Page One)

Roché explained the drop saying the early part of last year's production and sales increased abnormally as a reaction to strikes.

The officials also said second-quarter earnings were affected by lower unit sales, increased raw material costs, and higher costs for labor, materials, engineering and tooling.

Earnings per share for the second quarter were \$1.90 compared with \$2.23 a share one year ago.

The company reported net income for the first six months of \$1.14 billion against \$1.275 billion for the first six months of 1965. Sales were down \$12 million from the all-time high in the first half last year of \$1.215 billion.

Clues Left in Holdup

BOSTON (AP) — Boston police say they've given the FBI "a substantial amount of physical evidence" in the hunt for three masked men with machine guns who shot two guards and stole \$68,000 from a Brink's Inc. truck at the Mire Corp. in Bedford. The money yesterday was in cash and negotiable checks.

The two guards were not wounded seriously yesterday, but it marked the first time in the series that anyone was injured and the first time shots were fired.

Ex-Guard Chief Plans Appeal of Court Ruling

LANSING (UPI) — Maj. Gen. Ronald D. McDonald still convinced his ouster as adjutant general of the Michigan National Guard was "politically motivated," today began planning for a second court campaign to win back his job.

McDonald, his attorney, and members of the citizens committee that already has spent more than \$30,000 in his defense, planned to meet today to discuss taking an unfavorable Court of Appeals decision to the Michigan Supreme Court.

The appeals court ruled yesterday that Gov. George Romney had the right to remove McDonald from his post.

He replaced him with Maj. Gen. Clarence C. Schimpke in the wake of irregular land dealings and bookkeeping in the Michigan military establishment.

McDonald, however, told United Press International that former Democratic Auditor General Billie S. Farum, now a member of Congress, (D-19th District), "started this thing and the governor was poorly advised and ill-informed."

POLITICAL ISSUE

He also said that Republican State Chairman Ely M. Peterson had told him twice she "didn't think this would have happened if she hadn't been running for the U.S. Senate in 1964."

Mrs. Peterson's husband, Col. Merritt W. Peterson, is U.S. property and fiscal officer for the Michigan National Guard.

The Petersons were among many couples who bought land on the guard's summer training lands near Grayling.

With the money from the sales, the guard then purchased other land more suitable for training purposes.

"It appears the governor thought that would hurt Ely's chances in the Senate campaign," McDonald said. Mrs. Peterson lost to Sen. Philip A. Hart, D-Mich.

Fire Destroys Lake Cottages

Fire which broke out this morning leveled two cottages on Pine Lake and gutted two others. All four cottages were vacant and were being torn down.

The cottages were one-bedroom homes, situated on the southwest corner of the lake at the rear of 3308 E. Long Lake, West Bloomfield Township.

Searched metal furniture and heat-twisted bedding were all that remained among the charred ruins of the two destroyed cottages.

The flames leaked 40-50 feet in the air and left branches high in surrounding trees still smoldering hours after the fire had been extinguished.

West Bloomfield Township firemen spent two hours battling the 10 a.m. blaze. No cause has yet been determined, a spokesman said.

Estimated value of the cottages and sparse furnishings was put at \$4,000.

Sharp Dip in Profits Is Reported by GM

(Continued From Page One)

Roché explained the drop saying the early part of last year's production and sales increased abnormally as a reaction to strikes.

The officials also said second-quarter earnings were affected by lower unit sales, increased raw material costs, and higher costs for labor, materials, engineering and tooling.

Earnings per share for the second quarter were \$1.90 compared with \$2.23 a share one year ago.

The company reported net income for the first six months of \$1.14 billion against \$1.275 billion for the first six months of 1965. Sales were down \$12 million from the all-time high in the first half last year of \$1.215 billion.

NEW CASINGS FOUND

Eight small caliber shell casings were found at the scene and police said they may have come from foreign-made automatic weapons.

Birmingham Area News

Cranbrook Gardener Leaving After 30 Years

BLOOMFIELD HILLS — Alger Munt, superintendent-gardener at Cranbrook is retiring Monday after nearly 30 years of service at the educational and cultural center.

Munt, 71, came to Cranbrook in 1936 as assistant to the head gardener for the George G. Booth estate.

Over most of these years he has become best known for his colorful hand plantings around Cranbrook Academy of Art Galleries, in the formal gardens of Cranbrook House and for his beautiful arrangements for the many events held in Cranbrook House.

A large part of his work has been planting, the seeds for which are nurtured in the Cranbrook greenhouse.

Here 10,000 annuals, including 83 varieties, are raised. Nearly 8,000 of these are hand planted at the proper time but there have been occasions when all 10,000 were used.

GOING TO ENGLAND

On Aug. 9, Munt and his wife, Grace, 68, who until last year had worked for 15 years in the Art Academy dormitories, will leave for England.

Two of the councils, those from north and south Oakland County, sent six representatives each to today's meeting.

However, the commission's nominating committee pointed out that commission guidelines limit the number of representatives from each council to four.

"The north and south councils felt that their major target areas could not be adequately represented by only the four people and, therefore, chose to send six candidates," according to the committee's report.

The commission followed the committee's recommendation in allowing each council to elect four people with voting privileges and additional alternates who could attend meetings but not vote.

NEW MEMBERS

New commissioners approved to represent the Senior Citizens Advisory Council are Donald J. Thomson of Milford; Mrs. Eva Ross of Farmington; Robert D. Edmonds of Royal Oak Township; and Llewellyn Basinger of Royal Oak.

Voting commissioners representing the North Advisory Council will be picked from a list which includes Albert E. Hitchcock, Alfredo Aleman and Rev. B. T. Turner of Pontiac; Armando Remus and Clifford Randall of White Lake Township; and Mrs. Helen Murphy of Highland Township.

Candidates elected by the South Advisory Council are Aubrey Dunn of Royal Oak Township, Calvin Lippert of Oak Park, Darlene Patterson of Hazel Park, Dorothy Fowlkes of Berkeley and Karl Brun and Mrs. Mae Eagon, both of Madison Heights.

The 12 new seats take to 53 the commission's membership.

Iraqi Leader in Russia

MOSCOW (UPI)—Iraqi premier Abdul Rahman al Bazzaz arrived here today for talks expected to boost Soviet influence in the Arab world.

Police Hunt in Vain for Teens' Attacker

NEW BUFFALO (UPI) — Police from two states searched fruitlessly for an unshaven man who beat two teen-age girls in a Lake Michigan beach less than 30 miles from the Indiana Dunes State Park where three other girls disappeared more than three weeks ago.

The man was last spotted near Michigan City Indiana where he tried to force a woman to drive him in her car. A truck driver came to the woman's rescue and forced the stubborn-beat youth from the car.

Susan Jane Sladek, 13, Fossumoor, Ill., and Kimberly Ann Warren, 14, Ann Arbor, Mich., were savagely beaten late Monday night while they camped on a beach near here.

Susan required 43 stitches to close wounds about her head and face and Kimberly, who ran to her aid, needed five stitches. Neither girl remained hospitalized.

The girls, who were vacationing, said a man walked up to them as they sat beside their sleeping bags, talked with them and then walked away. A short distance away, they said, he picked up an object like a bottle or pipe and attacked Miss Sladek.

NO CONNECTION

State Police made no attempt to draw a connection between the beating of the girls and the disappearance of three young Chicago women from the Dunes Park the night of July 2.

Need 'People's Power'—Soapy

2 Dem Rivals View Negro Problems

By TH E ASSOCIATED PRESS

Negroes and civil rights occupied the attention of Michigan's two Democratic contenders for the U.S. senatorial nomination Tuesday.

Former Gov. G. Mennen Williams called for "People's Power" to help Negroes to help themselves in the civil rights struggle.

Williams spoke to a Negro ministers' organization in Detroit. His opponent Jerome C. Cavanagh spoke to the same group last week.

Williams said, "We don't want any spoon-fed groups, but we've got to help them get the job done."

PEOPLE'S POWER

He added, "This is power. It isn't black power or white power—it's people's power."

Williams received "amen" from his audience when he called for better enforcement of civil rights legislation. He suggested specifically more federal voting registrars in the South.

He talked also about housing, education and jobs.

The Council of Baptist pastors, representing 128 churches in Detroit, had previously decided not to endorse either candidate. But the pastors' preference became obvious when the council's president, the Rev.

Marina Goes From Dallas to New Home

GREENVILLE, Tex. (AP)—Away from the "glass house," she wanted to leave in Dallas, the widow of Lee Harvey Oswald was in her new house here today.

It was moving day for the Kenneth Jess Porters, and they were quick to tell Dallas newsmen they were happy to leave the town where, the Warren Commission says, Mrs. Porter's former husband shot and killed President John F. Kennedy and policeman J. D. Tippit.

"How would you like living in a glass house for all the world to see?" Mrs. Marina Oswald Porter asked as she left Dallas. A few hours later, she was in Greenville, population 21,000, about 50 miles northeast of Dallas.

NEW HOME

Marina, her three children—two by Oswald and an infant born July 3—and a woman friend drove up to the modest frame and brick home.

From across the street, Marina could be seen looking carefully over the neighborhood. Finally she left the small, white sedan and started walking toward the house. A news photographer raised his camera.

"Oh, no!" said Mrs. Porter. She ran into the house, leaving her children with her tall, brunette friend.

A few minutes later she sent word to newsmen that she had "nothing to say."

"Just leave me alone," she said.

Czech Officer Dies

WASHINGTON (AP)—Gen. Frantisek Moravec, 71, acting chief of staff of military intelligence for the Czechoslovakian government in exile during World War II and in recent years consultant to the Pentagon, died after a heart attack Tuesday.

Roy Allen, said, "You don't have to worry much about this group."

WARNED DETROITERS

Meanwhile, Detroit Mayor Cavanagh warned Detroiters not to be lulled into complacency just because their city is the only major metropolitan area which hasn't experienced a race riot in recent years.

Cavanagh spoke before a gathering at the Baptist Ministers Conference in Detroit.

He said taking praise for the work done in civil rights without speaking out on the work left undone is "a form of blindness." One area which he said needs more attention is improved police-community relations.

"The old climate of mistrust and suspicion still exists," he said.

FARMERS

Another Democratic candidate, gubernatorial hopeful Zolton Ferency, turned his attention to Michigan's farmers Tuesday.

He said farmers have been ignored and forgotten by conservative Republican legislators in what he called a "30-year economic drought."

Ferency was scheduled to campaign in Grand Rapids today.

Grant for Studies

LANSING (AP)—Michigan has received nearly \$70,000 from the U.S. Office of Education for nine graduate fellowships for advanced study in library science, the State Education Department said Tuesday.

The fellowships will provide for study at the University of Michigan and Western Michigan University.

U. S. Dead in Viet Listed

WASHINGTON (AP) — The Defense Department today identified 10 U. S. Servicemen killed in action in Viet Nam.

It also shifted six names from the missing list to the roster of those killed in action.

Those newly listed as dead from hostile action were:

ARMY

California — CWO 2.C. Ronald J. Kinkead, Tehachapi; Platoon Sgt. Bernard A. Green, Van Nuys.

Hawaii — Sgt. Charles H. Crane, Pukou, Molokai.

South Carolina — Spec. 4 Walter Tate Jr., Greenville.

MARINE CORPS

California — Pfc. Michael A. Gooden, Lakewood; Pfc. Michael R. Smith, Red Bluff.

Connecticut — Pfc. Norman E. Dawson, Waterbury.

Missouri — Lance Cpl. Daniel L. Mort, Kansas City.

Oregon — Lance Cpl. Ronald L. Longenecker, Portland.

Texas — Sgt. Robert H. Butler Jr., Brownsville.

ing to dead from hostile causes were these Army men:

Hawaii — Pfc. John T. Dolke, Honolulu.

Illinois — Spec. 4 Bernard Dilard, Chicago.

Maryland — Pfc. Robert W. Ruhl, Lansdowne.

Minnesota — Spec. 4 Leroy E. Peterson, Coon Rapids.

Oregon — Pfc. Lawrence H. Wilson Jr., Lorane.

Tennessee — Sgt. David W. Holmes, Oak Ridge.

Five Army men were identified as dead from other than hostile action. They were:

California — M. Sgt. Leroy Barnes, Glendora.

Hawaii — Maj. Raymond E.

Johnson, Oahu; 1st Sgt. Yoshitwa Negato, Oahu.

Illinois — Pfc. Patrick Quinn, Chicago.

Virginia — Sgt. John D. Tyler, Charlottesville.

Drug Helps End Blood Clotting in Hip Fractures

By Science Service

BOSTON — To prevent pulmonary embolism, which is the leading cause of death after hip fractures, especially in persons over the age of 75, anticoagulation was used successfully in 83 elderly patients at Massachusetts General Hospital here.

In none of the treated group of men and women did pulmonary embolism develop while an anticoagulant was being given. Warfarin in the form of Coumadin tablets was given in most cases before surgical reduction of the fracture.

Blood clotting was carefully checked to be sure there would be no excessive bleeding.

In the control group of 83 other patients, six had pulmonary embolism, and in 18, thrombophlebitis developed. Even a short period of bed rest can cause a high risk of bloodclotting complications.

Young Reports on Negro in Viet

WASHINGTON (UPI) — Whitney M. Young Jr., director of the National Urban League, told President Johnson yesterday he found "inter-racial teamwork unprecedented in history" among U.S. troops in Viet Nam.

Reporting on a battlefront tour, Young said he did not believe that Negro casualty rates and assignment to dangerous missions were disproportionately higher than among whites, as some Negro leaders have claimed. But he said there were some "serious questions" about officer promotion practices. Young's weekly column appears in The Pontiac Press.

Killed in Traverse City

TRAVERSE CITY (AP) — Perry Beckett, 83, of Traverse City was killed Tuesday when his car collided with a semi-trailer as he left a parking lot in Traverse City.

Housing Project Okay Temporarily Held Up

Plans for the private development of a rent-supplement, multiple housing project in Pontiac were partially disclosed last night, but the City Commission held up its approval of the program pending the full details.

Mayor William H. Taylor said the project being proposed by Raymond O'Neill Realty Co., 3520 Pontiac Lake, Waterford Township, was discussed informally by the commission.

Taylor referred the request for a commission resolution approving rent-supplement housing in Pontiac to the city manager and city attorney for the drafting of a resolution.

The mayor also suggested that O'Neill be on hand at next week's commission meeting to detail his plans.

In a letter to the commission, O'Neill said he proposed 65 units on a three-acre parcel on the south side of Mount Clemens, east of Maynard. Thirteen two-

bedroom and 52 one-bedroom units are planned.

REQUIREMENTS

The commission's approval is one of the requirements laid down by the federal government for rent-supplement housing, al-

though the city is not directly involved.

In other business, the commission approved a five-year lease at \$900 a year for the rental of land at Pontiac Municipal Airport by H & J Hangar Service.

City Affairs

Also last night, public hearings on necessity were set for Aug. 9 on paving Stephen, assessed cost of \$4,216 and the city's share \$6,729 for a total of \$11,000; and sidewalk construction on the east side of Telegraph, Ruth to the Clinton River, at a total cost of \$6,000 with city cost of \$3,500.

Public hearings were also scheduled for Aug. 9 on special assessments for curb and gutter on portions of Broadway, Cedar and Bigham; and sidewalk con-

struction on a portion of Baldwin.

CURB AND GUTTER

A public hearing was held last night on the necessity of curb and gutter for Riker, Garner to Rundell. The special assessment roll is to be presented next week.

Final action was taken last night to amend city ordinances to hike building and plumbing permit fees by 50 per cent, increasing revenue from the fees by about \$21,000 a year.

In still other business, the commission appointed Melvin S. Norberg, 109 E. Brooklyn, an engineer with Michigan Bell Telephone Co., to the City Planning Commission.

Norberg replaces his brother, Robert, who resigned because he is moving out of the city. His term will expire in March, 1968.

There are about 143 million civil defense shelter spaces throughout the nation.

Park Traffic Peaks Pose Problems

Increasing popularity of Dodge State Park No. 4 and an abnormally warm summer have led to periodic traffic congestion about which residents along the Parkway approach have complained.

Regrettably, there seems to be no instant cure for the condition that, however objectionable, occurs on relatively few days of the summer season.

With probably the best public beach in the area, Dodge, smallest (78 acres) of District 14's eight state parks, leads in season's attendance to date with 260,651 patrons. Holly State Park, which ranks first in size with 6,066 acres, trails with 249,058 visitors. On the peak day thus far, June 26, that gave rise to many resident complaints, the park accommodated 17,000 pleasure seekers.

A contributing factor to the in-

convenience caused by the build-up of traffic in the Dodge area is that the park is the only one of the State's 65 that is the terminus of a route winding through a residential section. This obviously creates two separate traffic objectives.

Complicating effective control of traffic into and out of the park that has a capacity of 1,200 cars, are nearby public parking lots and small open spaces into which approximately the same number can be crowded, the occupants entering the park on foot.

Let it be said, however, that concerted and vigorous efforts are being made by Michigan State Police, Waterford Township police and Conservation Department personnel to handle a problem that inevitably becomes vexatious under extreme circumstances.

'Paper' Dragon!

David Lawrence Says:

Antitrust Law on Labor Needed

WASHINGTON — What has become of the "civil rights" of the American people as a whole? Why should they be subjected to financial damage and interference with their travel plans because of a big strike on the nation's airlines? And why should the LAWRENCE Congress discriminate as between big business and big unions, forbidding a monopoly in one and permitting it in the other?

The electorate is entitled to answers to these questions before it is called upon to pass judgement this November on the candidates for Congress in both parties.

The enactment of a law forbidding labor trusts or monopolies is long overdue.

The theory imbedded in existing antitrust laws is that there shall be no price-fixing or cost-fixing by competing companies. Not only is it forbidden for competitors to act in concert in deciding on their prices, but the antitrust division of the Department of Justice has filed suits to block mergers even when as little as 8 or 10 per cent of the volume of business done by grocery chains in a given area would be the total resulting from a consolidation of two or more companies.

Yet, by means of industry-wide bargaining, it is possible for one national labor union to fix the wage costs of competitors within a whole industry.

WEAK SUCCUMB

This means that weaker companies often must pay higher wages than they can afford.

The larger companies soon find it possible to force some competitors out of business or at least to compel them, in effect, to accept a lower and lower margin of profit.

Bills have been proposed which would prohibit industry-wide bargaining. But the political power and financial contributions from labor are enough to prevent the passage of such legislation.

If industry-wide bargaining were banned by law, it would not be possible for a whole industry to be tied up by a strike.

PREFER SETUP

There are employers who prefer industry-wide bargaining, but they would be far better off in the long run if unions were required to bargain separately with each company.

When it is required by law that only the recognized union or group of unions within each plant shall have the

right to deal with the employer, and when one union is forbidden to conspire with any union in other plants, the concept on which the anti-monopoly statutes of the country have been built would at last be fairly applied.

American businesses would then be able to enjoy, as would individual unions, the "equal protection of the laws." That's what "civil rights" for all the people is supposed to mean.

(Copyright, 1946, Publishers Newspaper Syndicate)

Bob Considine Says:

Trial of Captured Yanks Faced by Others in Past

NEW YORK — Nearly a quarter of a century ago, another group of American fliers faced trial and possible execution at the hands of an enemy who was contemptuous of the Geneva Convention.

Eight of Jimmy Doolittle's Tokyo raiders became prisoners of the Japanese after the B25s ran out of fuel and crashed up on the occupied coastline of China, April 18, 1942.

It was not until August, 1942, that the U.S. was able to confirm, through the neutral Swiss, that eight Americans had been held prisoner in Shanghai.

On Oct. 19, 1942, the Japanese announced they had tried the members of two captured Doolittle crews and sentenced all to death. However, the communique added, the sentence had been reduced to life imprisonment "for the larger number of them," but that the death sentence had already been carried out for others.

No names and no other facts were given. Secretary of State Cordell Hull immediately asked the Swiss Minister to Washington to contact Tokyo for full details.

On Feb. 17, the Japanese replied that they intended to put all American POWs on trial, and that a still unspecified number of Doolittle fliers had already been put to death.

FDR GETS TOUGH

President Roosevelt told the world on April 8, 1943, "I am deeply stirred and horrified by the execution of American aviators by the Japanese government."

He further announced that in a message sent to the Japanese, the U.S. had threatened to "retaliate on Japanese prisoners in our hands."

The message to Tokyo also contained this passage: "The American government solemnly warns the Japanese government that for any other violations of its undertakings as regards American prisoners of war or for any other acts of criminal barbarity inflicted upon American prisoners in violation of the rules of warfare, as military operations now in progress draw to their

inexorable and inevitable conclusion, the American government will visit upon the officers of the Japanese government responsible for such uncivilized and inhuman acts the punishment they deserve."

Lt. William G. Farrow, Darlington, S.C.; Lt. Dean Hallmark, Houston, Tex., and Sgt. Harold Spatz, Lebo, Kan., died before a Japanese firing squad, on Oct. 15, 1942.

Lt. Robert J. Meder, Cleveland, died of ber-beri, dysentery and starvation Dec. 1, 1943.

The four others somehow survived atrocious conditions and torture. In sparing the lives of those survivors, the Japanese officer in charge observed, "Special mention must be made of the emperor's leniency."

Stop! Think!

The Knoxville News Sentinel
Any man who thinks he is going to be happy and prosperous by letting the Government take care of him should take a close look at the American Indian.

Hubert 'Bellows'

The Dallas Morning News
With racial violence already flaming up from coast to coast, it remained for our voluble vice president to spread ill on the flames. Hubert Horatio Humphrey has been working hard since 1944 to create a new image as Mr. Responsible. But he is unable to resist an occasional revival of the old H.H. extortional approach — with full revs on the vocal cords and the brain disengaged.

The vice president's most recent contribution to the cause of law and order was to suggest that he might "lead a mighty good reveal" himself if he had to live in a city ghetto.

By naming the activities recently seen in Harlem, Watts, Chicago and Cleveland as "revolt," Mr. Humphrey is playing along indirectly with the black nationalists' line. They, too, claim that the burning of homes and businesses, the

Voice of the People:

Many Citizens Disturbed by High Court Decisions

Opinions of such noteworthy people as Senator Dirksen and Truman Capote, as to many of the questionable decisions rendered by the Supreme Court in recent years, echo the feeling of, a vast number of our citizens. Drawing public attention to some of these unbelievable decisions perhaps will serve to remind these jurists that the welfare of the majority should ever be their prime interest.

One wonders if a justice who is a laughing-stock is capable of rendering a sincere and just opinion.

Impeachment is a harsh expedient and not to be trifled with, but when men entrusted with such serious concerns prove they do not care or do not have the capacity to fulfill their duty in a manner acceptable to the majority of the citizens, they should be removed.

MRS. E. H. STUDEBAKER
CLARKSTON

Disapproves Foreign, Domestic Policies

I, along with millions of others, wonder what our American boys are doing 10,000 miles away in Viet Nam. One doesn't have to go that far to fight Communists. Seems like our Great Society leader and his buddies want to be boss all over.

Our Great Society will be the ruination of our country. Remember that at election time.

GRANDMA

Teaching Concerning Prayer Very Specific

For the most part Jesus shows us the way to lead the Christian life in rather broad, general terms. But about some things He is quite definite. Prayer is one of these. It calls forth from Him specific instructions, which are found in the Gospel according to Saint Matthew.

If we pray as Jesus says we should, do we need help from Senator Dirksen to change the Constitution? Do we need to bother about the Constitution at all?

R. GRINNELL
6717 HATCHERY ROAD

'Make Vandals Rectify Havoc They Create'

Three cheers for the Dowagiac Municipal Court! I note in The Pontiac Press, July 19th, that the judges sentenced the vandals who broke into buses, stole fire extinguishers and flares and smeared eggs throughout the interiors, to the job of cleaning up the mess they created as well as washing and waxing the entire fleet.

I wonder if our municipal judges have ever considered this mode of punishment.

A number of years ago, a Butte, Montana, juvenile problem was out of control and the judges out there had the offenders wash fire equipment as well as the police cars. Needless to say their rate dropped. Maybe it would here.

CONCERNED

Question and Answer

I have noticed in your Sports Section on Friday, you often have an article about nationally known racers who will appear at Motor City Dragway on Saturday night. But there is never anything in the paper Monday about who won. Most of the people who go to Motor City are local people and quite often win. Is there any reason you can't report this?

INTERESTED

REPLY

There are six such tracks in Southeast Michigan. We have an arrangement with them to inform us if a local driver wins. We carry the Waterford Hills sports car results because the track is in the immediate area, and they cooperate by providing the information.

Reviewing Other Editorial Pages

Stop! Think!

The Knoxville News Sentinel
Any man who thinks he is going to be happy and prosperous by letting the Government take care of him should take a close look at the American Indian.

Hubert 'Bellows'

The Dallas Morning News
With racial violence already flaming up from coast to coast, it remained for our voluble vice president to spread ill on the flames. Hubert Horatio Humphrey has been working hard since 1944 to create a new image as Mr. Responsible. But he is unable to resist an occasional revival of the old H.H. extortional approach — with full revs on the vocal cords and the brain disengaged.

The vice president's most recent contribution to the cause of law and order was to suggest that he might "lead a mighty good reveal" himself if he had to live in a city ghetto.

By naming the activities recently seen in Harlem, Watts, Chicago and Cleveland as "revolt," Mr. Humphrey is playing along indirectly with the black nationalists' line. They, too, claim that the burning of homes and businesses, the

senseless race murders and the mob attacks on police constitute revolt against oppression.

A novel idea that — to loot a liquor store or to hurl a rock at a passing motorist to join ranks with Paul Revere and Samuel Adams.

Mr. Humphrey reportedly digressed from his prepared text to identify himself with the "revolt."

Now that he is No. 2, Mr. Humphrey has said, he is to try harder. We wish that in the process he would try harder to find out what types of oppression are triggering the "revolts."

On the same day in Cleveland, where three people were shot, eight fliers were sent and 300 policemen faced sniper fire to restore order. In New York, where shots were fired, three were arrested and mobs hurled bricks and debris at police officers.

The brutal oppression that

sparked these revolts? The vice president might have checked the Associated Press story for the deep grievances that caused the violence.

... the trouble started (in Cleveland) when train patrons tore up a lavatory after they learned they could no longer get free ice water.

And "the outbreak began in Harlem when police sought to disperse a crowd of youths playing bongos drums."

"Free ice water or fight" and "Battle for your bongos" just don't seem to be suitable war cries for an authentic uprising against oppression.

A substantial portion of the urban poor have been led to believe that they can commit any act of violence with impunity, on the grounds that they are somehow not responsible. It's not hard to see where they got the idea.

Batnun ...

The Catholic Digest

An elderly Catholic Sister was having difficulty making her way across a busy intersection when a young boy came to her assistance. After they had safely crossed, the Sister thanked him and he replied, "That's OK, any friend of Batnun is a friend of mine."

Weathermen Provide Tip for Blameless Slip

Would you like to goof with impunity? Then take a cue from the weather forecaster.

"Thirty per cent chance of showers by evening."

So it doesn't rain where you are. So what? Is it the weatherman's fault that you happen to live on the wrong side of the per cent?

Are you going to call up everybody in the county to find out if it DID rain?

See? The gimmick is goof-proof. And think of the possibilities! You want to play a little poker

with the gang. The Little Woman wants to know when you'll be rolling in.

"Fifty per cent chance of arrival by midnight," you predict.

So you miss. O.K. Are you supposed to be better than the U.S. Weather Bureau?

Thank you, meteorologist, for a magnificent contribution to happier homelife.

Only one thing—

There's a 99 per cent chance some wives won't go along with this kind of forecast by the old man.

What's the percentage chance of handing that?

Votes for President Not Equal

By BARRY SCHWEID

WASHINGTON (AP)—Sixty-eight of the 100 men nominated for president and vice president by the Democratic and Republican parties from 1868 through 1944 came from six states—New York, California, Illinois, Indiana, Massachusetts and Ohio.

One state, New York, alone accounted for 24 of the nominations.

Were they the best qualified men? Maybe they were, maybe they weren't.

But the fact that the parties choose candidates from states with plenty of punch in the electoral college was no coincidence.

If a big-state candidate carries his state—and the assumption is that at least a presidential nominee can—he takes a giant step toward election.

BETTER SHAKE

Last week, Delaware, the fifth smallest state in population and one of the 26 whose native sons did not share in the nominations, asked the Supreme Court to give the smaller states a better shake by declaring unconstitutional the "winner take all" system of presidential elections.

The move awakens the nagging fact that in choosing a president, Americans' votes are anything but equal.

The Constitution requires the states to choose presidential electors who in turn "elect" the president and vice president. But neither it nor federal law requires the states to use the unit-vote system whereby the candidate who gets a plurality of the popular votes in the state

wins all of the state's electoral votes.

LAW'S OF STATES

Rather, the system is a result of the laws of the states.

Delaware, in asking the court to hear a suit against the other states, claims the "winner take all" system "denies due process and equal protection of the laws to millions of Democratic and Republican voters throughout the United States who are outvoted at the state level."

In January 1965, President Johnson proposed a constitutional amendment to tighten other weaknesses in the system.

But the "winner take all" arrangement would be left intact.

PROPOSALS

For years, Congress has toyed with other proposals. One would establish a direct popular vote for the presidency.

Another would retain electoral votes but would divide each state's vote in accordance with the popular vote in the state.

A third would divide the states into equally populated districts with one electoral vote each.

While these have failed to gather momentum, the Supreme Court, which set down the "one man, one vote" rule for the makeup of state legislatures and U.S. congressional districts, could take the lead in reform—provided it decides to hear Delaware.

ACCUSED DOCTOR — Dr. Carl Coppolino, 34-year-old anesthesiologist charged with murdering his first wife and a New Jersey neighbor, leaves his guarded Sarasota, Fla., hospital room in a wheelchair for the county jail. Coppolino, declared fit after complaining of chest pains, is to be arraigned today in the death of his physician-wife, Carmela.

Doctor Faces Murder Counts in Deaths of Wife, Neighbor

SARASOTA, Fla. (AP) — Dr. Carl Coppolino, 34, faces arraignment today for the murder of his first wife, also a physician, with a supposedly undetectable drug. It is one of two murder charges against the doctor. Arraignment in the death of

Carmela Coppolino, 34, last August 28, will be before Circuit Judge Lynn Silvertooth. Coppolino also faces a first-degree murder charge in New Jersey in connection with the strangulation death of a former neighbor, retired Army Col. William E. Farber, 52.

Coppolino was taken into custody Saturday on a warrant from New Jersey's Monmouth County grand jury.

He spent the weekend under guard in a hospital after complaining of severe chest pains.

A Florida grand jury indicted him Monday, after it received an autopsy report on the disinterred body of the first Mrs. Coppolino which indicated, according to State Atty. Frank Schaub, the presence of a drug. Schaub said the prosecution "theorized" that Mrs. Coppolino had been killed by a drug which was once thought to be undetectable after death and said the seven-month investigation was "medical pioneering." The drug was not named.

Farber, who died in July 1963, reportedly was killed by a double fracture of a cartilage of the neck, according to Vincent Keuper, Monmouth County prosecutor. But Farber's death certificate, signed by Mrs. Coppolino, gave the cause of his death as a heart attack.

One Blaze Fireman

Didn't Attempt to Halt

LINCOLN, Ill. (AP) — One of the oldest buildings here was destroyed by fire while city firemen watched. The torch was deliberately applied to an old elevator building, according to a sign in its office, was doing business in 1896.

Old-timers say it was a going concern many years before that date. The structure was razed to provide parking space for a nearby transfer firm.

Pattern Is Similar

Break-In Wave 1 Man's Work?

A wave of 23 home break-ins in less than two months on Pontiac's near East side may be the work of a single nighttime prowler, police believe.

"The pattern of entries is so similar," said Detective A.W. Foster Jr., "that we're convinced most, if not all of them, were done by the same man."

Foster said reported offenses in an area bounded by South Paddock, Whittemore, Clifford, and Elm streets include a forcible rape, a score of molestings, and several instances where an unknown prowler entered a residence and then fled.

Four break-ins have been reported on Seward, three each on Goding and Edith, and two on South Paddock, South Anderson and Russell.

"As many as four or five places have been hit in a single night," said Foster. "Within an hour after a rape was reported on Whittemore last Friday, attempts had been made on three other homes."

YOUR CHILD MAY HAVE PIN-WORMS 1 OUT OF 3 DOES

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms, ugly parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W Tablets do... and here's how they do it:

First—each coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredients go right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge—small, easy-to-take tablets—special sizes for children and adults.

Who is STANLEY M. BROWN?

Rain Ends Fire Hazard Prohibitions

LANSING (AP) — After rains dampened the forest fire hazard at least temporarily — in Northern Lower Michigan, Gov. George Romney lifted an emergency fire ban Tuesday.

Acting Gov. William Milliken banned fires and smoking, except in homes and authorized campgrounds, July 6 in the area north of U.S. 10 and east of M 66.

In lifting the ban, Romney warned that rainfall still is below normal and dangerous fire conditions can again develop quickly.

Michigan already has had 1,235 forest fires, burning over 11,230 acres, this year, compared to 580 fires over 2,132 acres by July 25 last year.

REDUCES THREAT

In the fire ban area, 1 to 1½ inches of rain fell Monday night, reducing the forest fire threat for about a week, said Warren Fitzpatrick of the State Conservation Department's forest fire section.

Viet Delta Land Reform Stalls

(EDITOR'S NOTE — The Mekong River Delta of South Viet Nam is one of the most important rice growing areas of South-east Asia. It also is the area of South Viet Nam which gives most support to the Viet Cong. This is the first of two stories on the problem and what is being done about it.)

though some probably will be sent soon.

An estimated 70 per cent of the farmers in the Delta are tenants leasing land at exorbitant rates from absentee landlords in Saigon or from one or two rich men in the village.

Land ownership has proved the most effective Viet Cong propaganda weapon and the Communists lose no opportunity to stress the government's failure to act in this field.

PARCEL OUT LAND

The first thing they do when they move into an area is to parcel out the land to those who are working it. There is never any attempt to communalize land.

However, when government

forces move back into an area they are usually followed by the tax collectors and landlords who not only bleed the peasants for back taxes and rents but remind them that the land is not theirs. And the farmers know that the government still do little or nothing to give them land.

The Viet Cong have a large following among the landless peasants. Some farmers prefer to pay high Viet Cong taxes and feel that the land is theirs than pay high rents to landlords backed by the government and feel they own nothing.

Rents paid to landlords run between 30 and 50 per cent of the crop in most parts of the Delta and if a farmer grows a

second crop the landlord takes that too.

With these problems to contend with it is not surprising that the Vietnamese tenant farmer has often lapsed into apathy, planting no more than he needs to ensure the survival of himself and his family.

He cannot afford improved seed varieties or fertilizer or pesticides most of the time and yields remain very low.

Only when the tenant farmers own land will they be willing to try innovations and new techniques resulting in increased yields and improving his economic condition.

And then the farmers will be more inclined to support the government than the Viet Cong.

American and Vietnamese military specialists admit there are no North Vietnamese army units in the Delta and there are no American combat units there yet, al-

Hare-Civil Service Battle Returns to Ingham Court

LANSING (AP) — The three-year-old battle between Secretary of State James Hare and the State Civil Service Commission was returned to Ingham County Circuit Court Tuesday.

The dispute involves branch secretary of state offices.

The commission decided in 1963 that the 34 largest offices are full-time operations and should be staffed by salaried civil service personnel.

Hare wanted more than 200 branch offices whose operators are paid on a commission-type fee basis for the sale of license plates switched to civil service. He also wanted payment continued on a fee basis.

SOUGHT INJUNCTION

In a suit against Hare, former State Treasurer Sanford Brown, Controller Glenn Allen Jr. and the State Department of Administration, the commission asked Judge Marvin Salmon, Ingham County Circuit Court for an injunction stopping the fee payments.

Hare asked for a dismissal on the grounds that the county court did not have jurisdiction. The injunction and defense motion were denied, but Salmon allowed Hare to appeal.

'LACKS JURISDICTION'

The lower court does have jurisdiction in the case, said Appeals Judge Thomas Kavanagh.

Hare planned to talk strategy with a state attorney today.

Hare wants all the offices to do it this way. We get much more for every dollar we spend from a fee office than from a salaried office.

Detroit Man Killed

DETROIT (AP) — A two-car collision at an intersection in suburban Redford Township yesterday killed Michael Yesoch, 65, of Detroit.

(Political Advertisement)

Who is **STANLEY M. BROWN?**

A fisherman from a nearby pond came across the body of a Negro male believed in his late teens.

A medical examiner said the youth had been dead at least two days.

That Jangling Will Arrive at Quiet Resort

LANSING (AP) — Bois Blanc Island, a Lake Huron retreat for vacationers who want to get away from jangling telephones and other pressures of day-to-day living, will get telephones in 1967.

Year-around residents and conservation department employees who work on the island will welcome the close link with the mainland, said the Michigan Public Service Commission, which gave approval to the phone service.

The island is 10 miles east of Mackinaw City. It has 125 subscribers to electric power, and at least 47 persons are committed to order telephone service, the commission said.

Body Is Found; Autopsy Planned

FLINT (UPI) — Genesee County authorities scheduled an autopsy to determine the cause of death of an unidentified young man whose body was found in a drainage ditch yesterday.

HIS 'BASTILLE' HAS FALLEN — Released on a federal court order after serving 23 years of a 30-year-to-life sentence, Edwip Codarre, 36, places his arm around his mother, Mrs. Irene Bishop, as they drove away from the Green Haven Prison gates yesterday. Codarre, an epileptic, was sentenced when he pleaded guilty to second degree murder in the strangling of a 10-year-old girl. The federal release order stated he was not adequately protected by a state court which should have considered his age and illness and should have recommended mercy.

AP Wirephoto

Advisability of Snow Tires to Be Studied

LANSING (AP) — Atty. Gen. Frank Kelley planned a meeting today to study whether studies on snow tires would be beneficial or harmful to Michigan motorists and highways.

Questions include whether the studs would damage the highways, or fly out and cause other damage, and how much safety value they would have on ice and snow.

Secretary of State James Hare has asked Kelley whether use of tire studs would violate Michigan law.

Out of his meeting, Kelley said, "there may come a better understanding of what the problem is and what steps, if any, should be taken to meet it."

Kelley has invited Hare, legislators, state police, safety specialists, and representatives of the highway department and of the tire, auto and trucking industries.

Army Irked by Eager Gls' Letters

WASHINGTON (AP) — More and more soldiers anxious to serve in South Viet Nam have been writing to President Johnson and congressmen asking for help.

"This annoys the Army. So it has put out the word which says, in effect: 'Go through channels.'"

The Army's irritation shows through in a "personnel letter" distributed this month. It says: "In recent weeks there has been a considerable increase in correspondence from soldiers who claim to have volunteered for Viet Nam."

"Many of these letters are to the President and members of Congress."

VIPS NO HELP
"The tone of most of these letters is 'I have volunteered and haven't heard anything. Please take action to send me there.'"

It appears, the personnel letter said, that "many soldiers do not realize that VIP correspondence will not expedite nor provide preferential action on volunteer applications, and that such correspondence cannot be used in lieu of a formal application submitted through channels."

The Army letter added that "it is rare indeed for a congressman or other person in authority to ask for anything more than an explanation and/or information upon which to base a reply."

Detroit Children to Get Medicare

LANSING (AP)—A \$4.7-million project under the federal Medicare law has begun providing health services for children in Detroit's core area and southern Wayne County.

The State Health Department said Tuesday that neighborhood medical centers will diagnose and treat illnesses, referring children to hospitals if necessary, and provide dental services.

It said the \$4.7 million grant will cover the first year's operation of the program.

Castro Tells Latins Revolt Era Ahead

HAVANA (AP) — Prime Minister Fidel Castro asserted Tuesday night that the decade of 1970-80 will be a "decade of revolution throughout Latin America" and denounced lackadaisical "pseudorevolutionaries" as the "best allies of imperialism."

In a 2 1/2-hour speech commemorating the 13th anniversary of his 26th of July revolutionary movement, Castro called on true Latin American revolutionaries to overthrow existing governments throughout the hemisphere.

Addressing hundreds of thousands of Cubans in Havana's

CASTRO

Revolutionary Plaza, Castro noted that U.S. Secretary of Agriculture Orville L. Freeman said the decade of the 1970s would be a period of hunger throughout the world.

"But he should better have said that it will be the decade of revolution because the peoples of Latin America will not allow themselves to die from hunger," Castro declared.

"The immense majority of Latin-American countries now have a better reason for carrying on a revolution than Cuba ever had. But if this is not done it is because of the lack of conviction of some so-called revolutionaries."

Castro sounded a familiar theme of the Communist bloc with an offer to send volunteer "combat units" to fight U.S. forces in Viet Nam. He claimed thousands of Cubans have already volunteered to fight in Viet Nam.

TROOPS WAITING
"If Viet Nam asks help, entire units will be ready to go," he said.

Castro called President Johnson "that ignorant Texas cowboy" (Political Advertisement)

Bond Sale OK'd

LANSING (AP) — The Wisconsin Michigan Power Co. received state permission Tuesday to issue and sell \$10 million in first mortgage bonds. The company proposes to use the revenue to retire \$2.9 million in short term bank loans and to finance its construction program, the Michigan Public Service Commission reported.

Steel Local, Contractors OK Contract

DETROIT (AP)—Administrators of the Reinforced Steel Workers Local 636 and contractor groups reached agreement on a new contract Tuesday.

The two-year pact provides for wage and fringe benefit increases totaling 99 cents an hour.

The contract was signed with the Detroit and Michigan chapters of the Associated General Contractors and the Michigan Reinforced Steel Contractors Association, Inc.

The steel workers have been on strike since May 30. The international union, however, did not authorize the strike and put the local under a trusteeship.

NEW ELECTION
The local will remain a trustee for six months at which time new local officers will be elected.

The new contract is retroactive to May 20. The net wage is now \$4.92 an hour.

Six hundred union members in 34 eastern Lower Michigan counties are affected by the agreement. About 600 permit holders are also covered.

FRIENDLY RIVALS—R. Peter Henschel, 17, (left) of Wauwatosa, Wis., and Roy A. Swayze, 17, of Houston, Tex., are the rival candidates for 1966 Boys Nation president. The election will be held in College Park, Md. Ninety-eight boys are making a week-long study of federal government operations.

Status Symbol: Dodge Yacht

DETROIT (AP) — Roy A. Swayze says he plans to buy annual cruises. He estimated the yacht, now symbol—a double-decker steam in a Boston drydock, could be yacht that cost \$2 million to operate for about \$1,000 a day.

SPLIT COSTS
Swayze, of Fairfax, Va., said Tuesday he represents a group which holds an option to buy the yacht for \$86,000 from Mrs. Anna Thompson Dodge, widow of auto pioneer Horace Dodge.

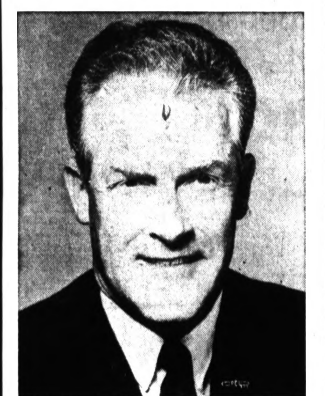

Swayze said his syndicate made up of 32 persons who have invested \$5,000 each to buy and repair the 257-foot yacht, "Delphine," which is billed as the largest steam yacht flying the U. S. flag and one of the 10 largest in the world.

COST \$2 MILLION
He said it cost \$2 million to build the Delphine in 1921 and would cost \$4 million to duplicate today.

"We are studying two alternate plans," Swayze said. "One is to use her as a school ship, taking youngsters of high school age and offering organized classes along with three-month tours."
"The other alternative is to use her as the nucleus for a travel club, with members and

'Ho Ho' Rates Spoiling After Surgery

STOCKBRIDGE (UPI) — She/State University Veterinary Clinic. The other pups were returned home but she was put in a kennel for further examination.

Yet nobody sent her a card. Sound like a dog's life? It is. Her name is "Ho Ho" and she's a yellow Labrador retriever puppy.

Puppy indeed. Fifty pounds of mischief, busily hauling away a photographer's flashbulbs and camera covering.

"She's spoiled," Mrs. V. L. Eggleston apologized as she retrieved the flashbulbs from the retriever.

RATES SPOILING
But Ho Ho rates a little spoiling.

It was discovered that something was wrong with her last March, when a litter of Labrador retriever pups was brought for check-ups to the Michigan

pulmonary artery which leads from the heart. Because the opening coming out of the heart is too small, the blood can't come out of it fast enough, causing a different sound from the ordinary heart beat.

HEART SURGERY
Closed heart surgery was performed by Dr. George Byster, heart specialist at the MSU veterinary clinic.

This was a part of an experimental program he is conducting in the clinic to find corrective techniques which may be used effectively in future heart surgery.

GETS NAME
Another team studied her and came up with a differing opinion, so they scrawled "Ho Ho" on her card.

"Ho Ho" stuck as the little pup's name.

She had a heart murmur and pulmonary stenosis was diagnosed. This is a constriction of the size of the pup, the proper

Junior Editors Quiz on LOCOMOTIVES

QUESTION: What is the history of the locomotive?

ANSWER: The first practical steam engine was patented in 1804.

But it was not until 1804 that Englishman Richard Trevithick successfully operated the "New Castle," which he had designed and which was the first self-propelled steam locomotive (1).

In 1829, another Englishman, George Stephenson, built the much more successful "Rocker."

Also in 1829, the "Stourbridge Lion" (2), built in England, was shipped to and operated in America.

The locomotive then developed rapidly. Pistons were placed on the sides, in front, with heavy connecting rods moving the large driving wheels.

A good example of this arrangement was "The General" (3) of the Civil War period.

Later, steam locomotives, as in (4), exhibited the same principles but had more driving wheels; the whole shape was streamlined to lessen wind resistance. In the late 1800's, electric locomotives began to appear, with power from outside.

Nowadays, locomotives generating their own electric power, using diesel engines, are replacing the other types (5). **FOR YOU TO DO:** Look up "diesel" in an encyclopedia, so as to understand the principle on which such an engine works.

GM Parts Depot Set for Maryland

ANNAPOLIS, Md. (AP)—General Motors, is locating a new plant in a new industrial park off the Baltimore-Washington Parkway.

The 200-acre industrial center is near the parkway's interchange with Maryland 176, within five minutes of Friendship International Airport and near the Baltimore and Ohio Railroad line.

General Motors will operate a parts depot of 200,000 square feet employing 250 persons in its warehouse and about 92 in its offices.

But Rarely Do

Letters People Love to Get

By HAL BOYLE
NEW YORK (AP) — Letters people would like to get but rarely do:

"I assigned my high school chemistry students the task of making an experiment on their own. Your smart aleck son Sam, who was flunking the course, decided he'd grow hair on a hard pillow. Well, to my amazement, he did it. Strictly between us, if his mixture works on people as well as it does on eggs, there may be millions in it as a cure for baldness. I wonder if you and I couldn't get together, form a quiet corporation with Sam, and —"

BOYLE

"We at the Internal Revenue Service were deeply impressed by the clarity and brevity of your 1965 tax return. Would you be interested in helping us create a simpler tax form and also address a series of taxpayers' clinics we plan next spring? There would be a consultant's fee of \$100 a day, plus a flat allowance of —"

"Jim, I'm sure the board would have a hard time deciding which of us to make the new president of the firm when they meet next month. Well, pal, I'm leaving the field wide open for you, I and my secretary, Maude, are tired of the big business rat race, so we are going to run away and start a little chicken ranch out in Nebraska. If my fat bossy wife asks you where I went, tell her Florida or Timbuktu."

TRIP TO FRANCE

"Daddy dear, I guess you won't have to borrow that money from the bank to send me on my educational trip to France when summer camp ends next week. As counselor I had to teach my kids how to make Indian arrowheads. Well, one of my brats hid an arrowhead under the blanket on my cot and I sat down on it and — well, I

guess I'll postpone going to France until next year."

"And as Mabel is going to have our seventh child soon, we won't be able to bring the family for our annual visit. Sure hate to disappoint you, but know you'll understand that under the circumstances. What with the twins, Ned and Nadine, still down with the measles, that it would be better if —"

"So Lyndon and I just picked

your names at random to fill out the guest list. You all be sure and come, now hear?"

Training Session Set

MOUNT PLEASANT (AP)—The Northern Michigan Community Action Program (NORCAP), Inc., will hold its first training conference at the Conservation Training School at Higgins Lake Wednesday and Thursday.

Lake Angelus Families Put Accent on Tennis

Pontiac Press Photos by Edward R. Noble

Lining up for their rewards from tennis coach, Mrs. Jean Hoxie, are several of her young pupils from Lake Angelus. This is the last week of instruction for the 32 children who have met twice a week for the past six weeks. The group meets on the tennis courts of the Robert A. Beebes of Lake Angelus Shores.

Don't Give Explanation of Health

By ELIZABETH L. POST

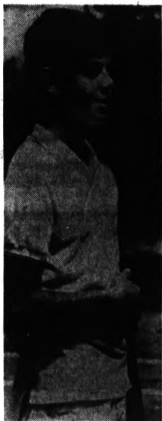

This is the prize-winning letter chosen this week. A copy of Emily Post's "Etiquette," revised by Elizabeth L. Post, has been sent to the writer who asked that her name be withheld.

Dear Mrs. Post: I wish you would write about people who respond to "How are you?" by telling everyone of their aches and pains and how exhausted they are. "How are you?" is really just a form of greeting and shouldn't bring out a flood of troubles that put a damper on any affair.

If one really feels that badly one should stay home and not complain. — Mrs. T. W.

Dear Mrs. T.W.: You are absolutely right. "How are you?" is just a polite form of greeting and isn't intended as an opening to hear the woes and ailments of the other person.

One part of good manners is attempting to make yourself more attractive to others, and to inflict your troubles on anyone who has done no more than greet you is a long way from that goal.

Harry Drake of Lake Angelus Road listens carefully to instructions. He and the others in the Lake Angelus group are the first to have local lessons from Mrs. Hoxie in 10 years.

"Again!" encourages coach Jean Hoxie. Her students are divided into two groups and compete in a series of relays against each other. Some of these children are as young as eight years old, but Mrs. Hoxie is impressed by their enthusiasm and drive to learn the game.

Luci's Mother to Wear Adele Simpson Creation

WASHINGTON (AP) — Mrs. Lyndon B. Johnson will wear a mimosas yellow dress for her daughter Luci's wedding Aug. 6.

The First Lady had some final fittings at the White House Tuesday with designer Adele Simpson of New York.

One thing Mrs. Johnson wanted to make sure was that she had enough room in the dress to raise her arms freely so she can dance at the White House wedding reception.

"I have a tall husband," she reminded the designer.

The fashion trend has been moving toward low-heeled shoes but Mrs. Johnson reportedly is reluctant to discard her high heels.

Nevertheless, she has conceded somewhat and will have new shoes with low heels for the wedding.

The First Lady's two White House aides — Bess Abell, social secretary, and Elizabeth Carpenter, press secretary — also will wear wedding costumes by Miss Simpson, who has been designing clothes for Mrs. Johnson for some time.

ATTENDANTS IN PINK

Luci, who will wear a traditional long white bridal dress, chose floor-length gowns in shades of pink for her bridesmaids.

Temperatures have been hitting the high 90s in Washington and the wedding planners are beginning to worry that mimosas may be quite hot to wear in the National Shrine of the Immaculate Conception.

The big church where the wedding will be held is not air conditioned.

Amid continuing White House preparations, Luci is guest of honor at another bridal luncheon today.

It is being given at the exclusive Washington Club by bridesmaids Kathleen Carter and Charlotte Sizoo, both of nearby Arlington Va.

The final round of parties begins next Monday when Ambassador and Mrs. W. Averell Harriman give a big evening reception to introduce the Washington diplomatic corps to Luci, her fiancé, Patrick J. Nugent, and his parents, Mr. and Mrs. Gerard P. Nugent of Waukegan, Ill.

The elder Nugents are due at the White House Monday. They will remain as presidential houseguests until after the wedding.

The 114-nation diplomatic corps has bought Luci and Nugent a \$2,300 six-piece silver tea service, the most expensive wedding gift reported so far.

"Mommy, I scored another point for our team!" exclaims exuberant Timmy Skillman, eight years old on Thursday. His mother, Mrs. Newton Skillman of Lake Angelus Shores, organized the tennis lessons under Mrs. Hoxie so she and her children could obtain first-rate instruction.

WOMEN'S SECTION

Five-month-old Erica Pear, daughter of the David Pears of Lake Angelus Shores, is carefully guarded by her mother's tennis racket as she rests in her buggy near the courts. Erica is one of several children who accompanies her

mother every Tuesday and Thursday. She is completely nonchalant about the whole thing and just enjoys soaking up the sun and the attention a cute little baby receives.

With her baby's carriage close by, Mrs. David Pear of Lake Angelus Shores does a few practice balls in preparation for Tuesday's tennis lesson. Several women are in the adult group.

Wife Complains Bitterly

By ABIGAIL VAN BUREN

DEAR ABBY: How some husbands can be so nice and polite to other women, but can never see when their own wives need help?

Yesterday when my husband and I were getting into our car to go shopping, my next door neighbor was just getting out of her car. She had quite a few packages so my husband rushed over there to help her carry everything into her house.

When we got home from shopping, I had lots of bundles and packages, but my husband just got out of the car and went into the house, and I was left to carry everything inside myself. If all men are like my husband I would advise girls never to marry the one she loves. Just move next door to him.

ABBY

Well, she finally met a man she thinks is worth marrying. He is 55 (he says) and has never been married (he claims), he travels for some kind of electronics company and all I know about him is he drives a nice car and he has my daughter in a trance.

Here is the blow. My daughter says she doesn't want a wedding, so if she doesn't come home one night I shouldn't worry, because she'll have gone to Las Vegas to get married. How can I talk some sense into this child's head?

HEAVY HEARTED MOTHER

DEAR MOTHER: I'll have to vote with the minister, your family doctor, the relatives, and the neighbors. Your "child" is a big girl now and well able to make her own decisions. Don't take it personally. She's entitled

to have the kind of wedding she wants.

DEAR ABBY: I was married to JOHN JONES and we had two children. We were divorced and I was awarded custody of the children. I later married WILLIAM SMITH. Must I have my ex-husband's permission to change my children's last name to SMITH? Their stepfather supports them.

MRS. WILLIAM SMITH DEAR MRS. SMITH: It doesn't matter who supports them. You may not change your children's names without the consent of their REAL father.

Troubled? Write to Abby, in care of The Pontiac Press. For a personal reply, inclose a stamped, self-addressed envelope.

Congresswoman Griffiths Says 'Sex Equality in Jury Duty'

WASHINGTON (AP) — Rep. Martha Griffiths, D-Mich., said Tuesday the pending civil rights bill won't do much to protect the rights of women to serve on state juries.

Mrs. Griffiths, a former judge, disagreed with Rep. Byron Rogers, D-Colo., over a provision in the bill that bans states from discriminating in jury selection on various grounds including sex.

"We are protecting the women here more than ever before," Rogers contended during debate on the bill.

as jurors, not as women," said Mrs. Griffiths.

The bill, she told the House, still permits states to excuse women from juries at all.

"Isn't that discriminating against men?" asked Rep. Emanuel Celler, D-N.Y., the Judiciary Committee chairman. He said men don't have the right to get off juries at their request.

"But Mrs. Griffiths insisted that permitting women to get out of jury service was as bad as keeping them out."

"You have not really put women on juries at all," she said. "You've found a new way to keep them out."

Newlyweds Are at Home in Warren

Newlywed Mr. and Mrs. Larrie Robert Cox (Virginia Marie Kiddie) are at home in Warren after a honeymoon in Oklahoma and the southwest.

A dinner reception in the St. Clair Country Club followed the recent marriage rite performed by Rev. Dalton Bishop in the Trinity Methodist Church, Algonac.

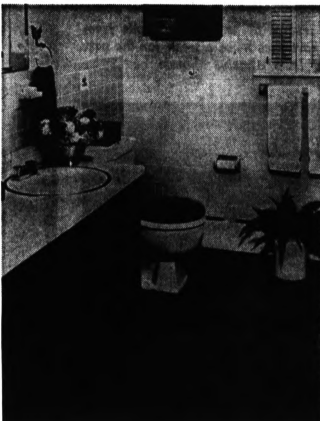

Parents of the couple are the Arthur D. Kiddies of Ferndale and Marline City, Paul Cox of East Gengary Road, Commerce Township and the late Mrs. Cox.

Dry on Bed

When you are crowded for space you can dry sweaters, dollies, that have to lie flat to dry, on the spare bed. First cover the bed with a plastic tablecloth or sheet and no moisture can seep through. Your laundered pieces have a chance to lie flat and dry without the danger of small children or pets walking on them.

The new freedom in the use of pattern enables you to decorate with the many new carpets and fabrics. The good use of two patterns in a small space is illustrated in this dining area photograph. The fabric with its circular pattern goes well with the Acrlan acrylic rug in its herringbone design. There is no visual conflict because the colors in the fabric are related to the carpet. Both patterns are black and the pink background of the fabric blends into the red of the chair's cushions. Carpet is from Cabin Crafts' new Avard collection.

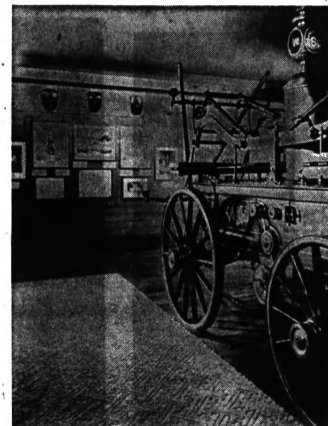

Elegance need sacrifice nothing to durability, as seen in this bathroom carpeted with Thomas Pride Mills' "Arista," a combination of Fortrel and Nylon fibers. Contrasting color tones of soft peach tiling and holiday green carpeting harmonize with the gay floral wallpaper and matching fabric shower curtain. Accessory touches . . . wooden wall storage; fern in butter tub; etc. . . . give Americana flavor.

Today's Carpets Are Colorful and Almost Carefree

The bachelor of the sixties can weave his web in this luxurious lair featuring the latest concept in Pop Art and modern furnishings. To the strains of the "Batman" theme he can slide down the aluminum pole to land on the shaggy wool carpeting covering the floor and wall. The carpet is Aldon's "Windswept" in brilliant blue wool yarns, a striking backdrop for the hot pink furniture of molded foam rubber, upholstered in a stretch knit fabric.

Two achievements in American style and skill, separated by a century, set each other off in a photographic composition. The carpet, "Festive" by Mohawk Carpet Mills, is made of Polycrest olefin yarn, newest American attainment in making more beautiful and more useful carpeting. The fire engine, Americus 6, was considered a technological highlight in its own day, a century ago. With its detailed history set in archives, it is now a museum piece.

Drenched Papers Can Be Salvaged!

COLLEGE STATION, Tex. (UPI)—Books and documents damaged by flood waters can be salvaged by prompt and proper treatment.

Stand them on end with the leaves apart for a short while, with the books piled and pressed to keep the leaves from crumpling. The Texas A&M University research division said the process then should be repeated until the materials are thoroughly dry.

Waterproof Apron Pocket

To make an apron with a built-in waterproof "tote," cut two pieces of plastic exactly the same size as the pocket piece.

Stitch all three layers to the apron in one operation, with the fabric on the outside. Then you will be able to tuck a sudsy sponge or a damp cleaning cloth between the plastic layers without wetting the apron itself.

Can These Folks Live on Fixed Income?

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:

We are a widow and widower — 72 and 74 years old. We have known each other all our lives. Now we would like to get married.

Our problem is: at our ages, can we get along on our incomes?

Our combined Social Security and pension is \$269.50 a month. Public service stocks, \$2,000; combined checking accounts, \$2,000; combined savings accounts, \$10,000.

We both have Medicare, which would cost \$8 a month for the two. And Blue Cross at \$12.50 every three months for one.

We don't want to pay any more than the \$85 to \$90 a month rent for a three-room apartment. Please set up a

budget for us, on a monthly basis.

I am in doubt as to whether we can manage on one income and interest. We both have paid up life insurance.

H.K.R., New Brunswick, N.J.

Dear H.K.R.:

I'm in favor of the marriage. Would either of you do much better financially, by continuing to lead a single life? And aren't there a lot of rewards in sharing what you do have?

You don't mention car expenses, so I'm not figuring that in. But let's look at this set-up, and then you two talk it over:

If you figure that \$269.50 per month plus \$40 a month interest from stocks and savings, you would have \$309.50. This is presuming interest on both stocks and savings at the current estimated rate. Figure it this way:

Housing, \$85; Household operating costs, including utilities, \$30; Food, \$70 (fairly low but adequate); Clothing and upkeep, \$30; Personal allowances (\$5 each a week), \$45; Medical (\$15 for Medicare's Supplementary Plan, plus \$20 for doctor, drugs, etc.), \$35; Miscellaneous \$10.50 (church, gifts, contributions).

Now, this budget doesn't allow

for recreation — and all of us must have some kind of recreation from time to time. The way I see it, there may be some weeks when you don't use up all your \$5 per person allowance, or some months when clothing may not be all used up because some of your wardrobe from other seasons is still good. After all, a good suit certainly lasts from one year to the other as does a winter coat.

Good care of clothes and shoes can prolong their lives for quite a spell. Have as many

Recent vows in Martha-Mary Chapel, Greenfield Village, were exchanged by Lorraine Kissell and George Wayne Yeokum. Their parents are the Alexander Kissells, East Square Lake Road, and the George T. Yeokums of Troy.

Use Sudsy Sponge to Polish Patent

NEW YORK (AP) — The best patent medicine for patent leather or plastic patent is a sudsy sponge, the Cleanliness Bureau reports.

Wiping the surface with thick soap or detergent and removes dust, sticky fingerprints and raindrops from pocketbooks, wallets, belts and shoes. Rinse by wiping with a sponge squeezed almost dry out of clear water. Polish with a lint-free cloth.

Scout Leader Is Muscular

ISLAMORADA, Fla. (AP) — There's nothing unusual about a well-tanned muscular man being a scout leader that is, until he becomes the leader of a Girl Scout Troop.

Roy Bucklew says he's still a boy scout at heart, but 35 senior Girl Scouts have been jokingly calling him "den father" for the past eight months.

Bucklew took the job out of sympathy for his two daughters, who were among a doleful clan of senior scouts after a leader.

He agreed to serve on one condition — "that he wouldn't have to wear a green skirt and a white blouse."

Married in Greenfield Village

Martha-Mary Chapel, Greenfield Village, was the setting for the recent evening vows of Lorraine Kissell and George Wayne Yeokum.

Rev. Herbert Streeter performed the candlelight ceremony for the couple whose parents are the Alexander Kissells of East Square Lake Road, and the George T. Yeokums of Troy.

DAISY MOTIF

Lace in a daisy motif accented the bride's stiffer gown and sweep train of white

linen and formed a crown for her illusion veil. She held white roses, Stephanotis and variegated ivy.

With honor maid, Patricia Maddock, were bridesmaids Mrs. Herbert Snellings and Claudia Hilko. Nancy Kissell was junior bridesmaid.

Dulles of best man were performed by Robert Yeokum. Thomas Green and Patrick Elwell ushered.

Reception in Greenfield Village's Clinton Inn followed the rite. The newlyweds then left for a wedding trip in Nova Scotia.

The bride is an alumna of Oakland University. Her husband attends Lawrence Institute of Technology.

Washing Walls Is New Therapy

Here's a true story. When Mrs. "X" became a victim of bursitis in her shoulder, her physician prescribed "crawling up a wall" with her arm as a therapeutic exercise.

Instead of wasting time, this diligent homemaker now holds a sudsy sponge in her right hand — so all her white woodwork is being washed while she treats her bursitis.

SEW SIMPLE
By Eunice Farmer

Dear Eunice Farmer:

There are so many conflicting ideas on what size pattern to buy that I am always in doubt. When I buy a pattern according to the bust measurement, it is usually way too big. When I buy it according to my ready-made size, it is too small. Help!

Mrs. J. S.

Dear Mrs. J. S.:

I will give you the information we use in our school which has worked beautifully with about 90 per cent of the girls. Usually you should get a pattern that has a bust measurement 2 inches smaller than your actual measurement. If you have a large frame (not fat) you may find you need to get one the same size as your bust measurement.

You will probably find the waist and hip measurement are too small especially if you're over 30. This is a simple adjustment to make.

Measure your chest, just above the fullest part of your bust. This measurement is usually 2 inches smaller than the fullest part of your bust which would correspond to the size I told you to get. If there is more than 2 inches difference between these two measurements, you will have to increase the front only if you have a very large bust and a small back. On the other hand increase the size of the back if you are wide across the back and have a small bust.

These alterations and many more are given in detail in my newest leaflet "Your Pattern and You." You may obtain your copy by sending a self-addressed, stamped envelope with 25 cents to Sew Simple, in care of The Pontiac Press. As long as you are writing me, send me your most frustrating problem. If it's of general interest, I will answer it in a future column. I love hearing from you all!

Health Protected by Clean Hands

Place a square of pliable sheet asbestos between two squares of cloth, and bind all four edges with either contrasting or plain bias tape, to make a pot holder that will really protect your hands from heat and burns.

Your local roofer or furnace dealer should be able to furnish you with this pliable asbestos. Often times you may buy scraps or samples from them for a few cents.

TAILORED TRIX WINNER

Mrs. William Wiskus, Bancroft, Iowa, is this week's winner of a Tailor Trix pressing board for the following suggestion:

"Here's a slick trick that can make homemade, little girls' dresses look ready-made. Make the collar for your small girl's dress out of a pretty handkerchief. Those with border designs make square collars. Those handkerchiefs with a design in the corner make Peter Pan type collars.

"The collar can be made of a single layer of fabric. Use binding at the neckline to cover raw seams. For real tiny girls, use handkerchiefs with applique designs of the fairy tale type!"

The engagement of their daughter, Susan, to Gary Motley, son of Mr. and Mrs. Richard Motley of Milford has been announced by the Everett Tippers, also of Milford. No date has been set for the wedding.

Bride Wears Mother's Veil

M. A. Somervells Wed

Reception in the Dublin Community Center followed the recent marriage of Nancy Jane Thill to Michael Alan Somervell of Milford, in St. Patrick's Catholic Church.

The bride, daughter of the John H. Thills of Lakeside Drive, White Lake Township, designed her gown of white dotted Swiss styled with court train.

She wore her mother's wedding veil of illusion and carried Shasta daisies and lilies of the valley.

Attending their sister at the evening ceremony performed by Rev. Joseph Barnes of Detroit were Mrs. John Silko, honor matron, with Margaret

Ann and Theresa Marie Thill as bridesmaids.

Edward D. Somervell was his brother's best man. They are the sons of the Edward W. Somervells of Holmurd Drive. Ushers were Edward Dowd Jr. of Detroit and the bride's brother Michael J. Thill.

The couple left for a northern honeymoon.

Why Grow Old?
by JOSEPHINE LOWMAN

Diving is universal, yet there are many shy women who still crawl into the water. Everyone who swims should learn to dive for several reasons.

In the first place it is fun. Also it is truly amazing what a boost youth and self-confidence get when we conquer even one small fear. These seemingly small steps toward courage can affect us in larger ways. Then too, knowing how to dive is a safety measure.

Even a good swimmer who has never dived may become hysterical if suddenly dumped into the water because of an overturned boat or some other incident.

HOW TO START

First step in learning to dive: Kneel on one knee on the edge of a pool. Bend far over from the waist. Stretch your arms out in front of you, reaching toward the water. Duck your head down between your arms. Be certain to keep your head down as you FALL into the water.

If you raise your head you will hit flat. The top of your head should break the water before your body hits it.

Second step: This time stand on the edge of the pool. Curl your toes around the edge. Bend far over from the waist, reaching toward the water with your arms, which are stretched out in front of you. Be sure to bend far over. Duck your head between your arms and fall toward the water.

There are two important things to remember — keep your head down and keep your feet on the edge for as long as possible. Try to let your head hit the water before your feet leave the edge.

Third step: Stand on the edge of the pool as you were instructed to do in the second step. Start falling toward the water. The small addition we make today changes your FALL into a DIVE. Keep your toes curled around the edge

and your feet on the edge as long as possible. The addition is slightly bent knees and a little push from the feet.

Just before your feet leave the edge, give a little push with your feet. Don't push at the same time you start your fall, but at the last moment. Don't lift your head.

LEARN SWAN DIVE

There is no more beautiful dive than the swan dive, nor is there any greater free feeling than the sail through the air when you do this dive. I don't have space to give instructions here today but if you dive, learn the swan dive. You will find the necessary directions in my leaflet "Learn To Swim," and lots of other help for the beginner or the more seasoned swimmer and the diver.

If you would like to have this leaflet send a stamped, self-addressed envelope with your request for it. Address Josephine Lowman in care of The Pontiac Press.

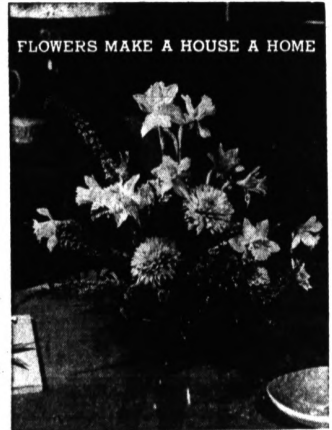

Child's Choice

A bedroom is the one room in the house that doesn't have to please everyone. When decorating even a child's room, why not let the youngster help with the planning of color scheme, furniture arrangement, etc? He'll love it all the more for having had a hand in the decorating.

House GOP Leaders Withholding Support of Open Housing Provision

WASHINGTON (AP) — House Republican leaders are withholding their support of a controversial open housing provision and may end up urging its defeat.

The compromise proposal, part of an omnibus civil rights bill now before the House, would bar discrimination in the sale or

rental of housing but would exempt individual homeowners and agents acting on behalf of individuals.

The house GOP Policy Committee met Tuesday to take a stand on the provision. But it found opinion so divided that it postponed action until it can poll

all Republicans in the House.

Roy Wilkins, executive director of the National Association for the Advancement of Colored People, told a news conference Tuesday night that the compromise would exempt such a large portion of the available housing that "there would be a grave question as to whether

this section on housing would be of much value."

STRIKE COMPROMISE

Wilkins, acting as chairman of the Leadership Conference on Civil Rights, a group of civil rights organizations supporting the bill with certain changes, called upon the House to strike the compromise amendment

and restore the open housing section to the form submitted by President Johnson.

The original bill barred discrimination in the sale or rental of all housing.

Rep. John J. Rhodes, R-Ariz., chairman of the GOP Policy Committee, said a poll of the members should be completed

Thursday, when the committee is scheduled to meet again. Indications were that if a majority of the Republicans oppose the section the leadership will refuse to endorse it.

The Army Veterinary Corps, established June 3, 1916, is observing its 50th anniversary.

Cash Is Key to Pontiac Airport Issue

Money — the amount and source — emerged again yesterday as the key obstacle to agreement between the City of Pontiac and Oakland County as to the future ownership of Pontiac Municipal Airport.

Already of long duration, negotiations resumed yesterday after nearly a year's lapse with money the still unanswered question.

County officials estimate that \$7 million would have to be put into the airport by 1970 to finance expansion.

The most immediate expense would be the county's, although state and federal aid would eventually be available.

Levinson said the cost of operating the airport, if the county takes it over, would probably have to be supported through proceeds from a special millage.

MILL LEVY

He suggested that a quarter-of-a-mill for five years might be sufficient to finance the county expenditures for the immediate expansion of the airport facilities.

Levinson thought that the millage question could be sold to county voters.

Meanwhile, city and county officials must negotiate a means of turning the airport over to the county.

City officials are to put their proposals in writing for the committee's formal consideration.

CITY LACKS FUNDS

City spokesmen indicated yesterday that the city wishes to dispose of the 438-acre airport because the city does not have the funds to expand it.

Federal funds, because of a previous city promise, have been cut off until the city acquires additional property to the east of Airport Road, which, in turn, would permit the installation of an instrument landing system.

Meantime, the county does not have the money either to expand or operate the airport, according to the special six-member committee to study acquisition of the airport.

Of course, money is also the issue blocking agreement on the city merely turning over operation of the Waterford Township field to Oakland County for the token \$1 offered.

SOME RETURN

City officials contend city taxpayers are entitled to some return for the estimated \$2.6 million in local funds that have been expended at the airport.

Acting as city spokesman, City Commissioner Leslie H. Hudson said the city could consider receiving:

- The old county courthouse site, now a parking lot at Huron and Saginaw, and the former Masonic Temple building at 1 Lafayette.
- Both properties, plus \$700,000 cash credit toward the city's share of future airport improvements.
- The old courthouse site and the city retain operation of the airport T-hangers, used to store airplanes.

Or, the city might take the county-owned Allen Airport and the old courthouse site.

WILL NEGOTIATE

Hudson told the county airport committee that the city was prepared to negotiate on the basis of such proposals.

David Levinson, chairman of the county committee, said he felt the committee's opinion was unchanged on its offer of \$1 for the airport.

He described the airport operation as a real liability.

Levinson labeled as "meaningless" a \$1.3-million purchase offer made to the city by an area realtor, reportedly representing a corporation yet to be formed.

REPAY U.S.

He said the city wouldn't end up with anything after repaying the federal government its million-dollar contribution.

Levinson said expansion and development of Pontiac Municipal Airport meant as much to the city as the county.

City Commissioner T. Warren Fowler Sr., who participated in yesterday's session along with City Manager Joseph W. Warren and Acting Airport Manager J. David VanderVeen, countered that it would "behoove the county to maintain industry in Pontiac as much as it would the city."

Said Fowler, "My opinion hasn't changed any. I can't see the city giving the airport away."

To Serve 1,900 Acres Northeast Side Sewer Plans Revealed

Details of how Pontiac will proceed with construction of the Galloway Creek trunk sewer, which would open 1,900 acres of the city's northeast side to development, are to be presented at an early date, it was disclosed last night.

Mayor William H. Taylor Jr. said the City Commission discussed the \$905,000 project at an informal meeting Monday.

As a result of the discussion, a report and staff recommendation are to be prepared.

Planned as a leg of the county's Clinton-Oakland Sewage Disposal System, the Galloway Creek sewer has become a strictly city project because city officials do not want to wait for the county trunk line.

The sewer would parallel the future Clinton-Oakland Interceptor in the northeast corner of the city.

DEADLINE SET

City officials had handed Oakland County a 45-day ultimatum to get Clinton-Oakland contracts approved by the seven other participating communities.

The deadline expired June 30. Three communities — the townships of Avon and Independence, and the City of Orchard Lake — have not yet approved the contract.

The proposed sewer would wrap around the upper northeast corner of Pontiac, beginning at the easterly end of Brooks and proceeding along Galloway Creek to Galloway Lake. A pump station is planned for the southwest corner of the lake.

A force main would extend southward to a point near Mount Clemens where gravity flow would take sewage to the Auburn Treatment Plant.

STATION COST

Cost of the pump station is estimated at \$105,000. Construction costs for the total project are estimated at \$787,000 with an added 15 per cent for engineering for a total of \$905,000.

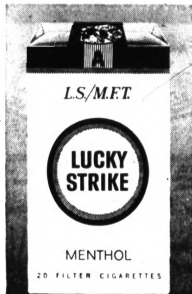

A revenue bond issue is to pay for the trunk sewer. The bonds are to be repaid from and quarterly sewer service charges.

First proposed in 1963, the Galloway Creek sewer was then planned as a city project.

When the county's Interceptor was planned, the city decided to wait and participate in that project.

Because of the time involved, city officials have now elected to "go it alone" and not wait for Clinton-Oakland.

Rails to End Long-Haul Seats

PHILADELPHIA (U) — The board chairman of the Pennsylvania Railroad says the New York Central Railroad's plan to scrap long-haul passenger service will take advantage of more lucrative "highspeed, medium-range service."

Stuart Saunders said the Pennsy also has been studying the problem of "long-range passenger trains which no longer serve the public need" but it has not come to a conclusion.

The New York Central announced Tuesday it plans to drop all long-haul passenger trains by the first of the year and replace them with high-speed shuttle service to compete with short-hop airlines.

The shuttles would link cities about 200 miles apart. The New York Central is experimenting with jet-propelled trains and said that "as technological developments occur we will adapt our service to the best of them."

Last week the line tested an experimental jet-propelled car.

they said hit speeds of 163.85 miles an hour.

FEDERAL SURVEY

At a news conference in New York Tuesday, Wayne Hoffman, the New York Central's executive vice president said a federal survey showed that 77 per cent of all passenger trips made in this country are 200 miles or less and said, "We're going where the action is. It's in the 77 per cent."

The Interstate Commerce Commission would have to ap-

prove the dropping of the long-haul passenger trains, but Hoffman said he expected no problems there.

One casualty would be the Twentieth Century Limited — the Central's luxury train linking New York and Chicago.

Screen Writer Dies

OAKLAND, Calif. (AP) — Francis E. Faragoh, 67, movie script writer who wrote "Little Caesar" in which actor Edward G. Robinson starred, died Monday.

'Talking' Device to Nab Drivers

LANING (AP) — A machine that can read the ordinary printed word and translate it into computer talk will help the state keep track of its nearly 5 million drivers and save taxpayers an estimated \$600,000.

Secretary of State James Hare said the savings over the next three years would result from elimination of manual key punching now needed to feed driver's records into computers.

Speck Faces an Arraignment Monday

CHICAGO (U) — Richard Speck, 24, indicted in the slaying of eight student nurses, faces arraignment Monday.

The Circuit Court's criminal division announced the date yesterday after the grand jury handed down eight indictments charging the former odd-jobs man with murder.

The grand jury spent Monday hearing testimony then handed the indictments to Judge Edward F. Healy. Customarily, defendants are arraigned a week from the day indictments are returned. Judge Healy cautioned, however, that such procedure is subject to change.

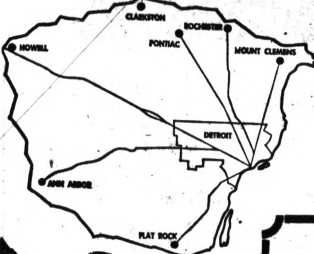

Before the indictments were voted, Speck had been charged with slaying Gloria Jean

Davy, 22, of Dyer, Ind. She is believed to have been the first of the nurses to die in the July 14 massacre.

Speck is reported to be recovering from a chest ailment and self-inflicted cuts.

In another development, Genaro Provido, Philippine consul general, said Tuesday he is delaying court action in regard to his attempts to meet with the lone survivor of the massacre, Miss Corazon Amurao, 23, a Philippine exchange nurse.

Provido said he wants first to confer with Benjamin Romualdez, brother-in-law of the president of the Philippines. Romualdez is coming to Chicago to question Miss Amurao, who is under medical care in South Chicago Community Hospital.

19 Clerks Hurt in Derailment

NORTH HAVEN, Conn. (AP) — Seven cars of a New Haven Railroad combination passenger and mail train derailed here about 3 a.m. today and seven mail clerks were taken to a hospital for treatment.

Apparently none was seriously injured. The rest of the 19 clerks on the train were shaken up.

The nine-car train had a single coach carrying 32 passengers at the end. A railroad official and police said none of the passengers was injured.

Soviets Back U Thant for Another U.N. Term

MOSCOW (AP) — U Thant has been assured the support of the Soviet Union for another term as secretary-general of the United Nations but says he has not made up his mind yet, informed sources reported today.

The sources said Premier Alexei N. Kosygin told that during a long talk Tuesday the Soviet government wants him to accept reelection when his current five-year term expires Nov. 3.

Thant was said to have re-

plied he has not decided whether to be a candidate but would take the Soviet attitude into consideration.

Thant is to announce by early September whether he will seek reelection. Soviet support for another term had been reported from the United Nations as early as last April.

SECOND TERM

Vice President Hubert H. Humphrey announced U.S. support of a second term for Thant last month, and Britain and France also have endorsed a

second term publicly. With this lineup of support there is no doubt Thant can remain in the post if he wants it.

The secretary-general is chosen by the General Assembly on recommendation of the Security Council. The General Assembly's annual session begins Sept. 20.

Thant has urged U.N. members to try to find another candidate. He is known to want to spend more time with his family and to return to his home in Burma, which he has been away

from for 10 years. But he has said he will put the interests of the world organization first.

Thant spent three hours in conference with Kosygin Tuesday, and a U.N. spokesman said afterward they had "a free, frank exchange of views" on Viet Nam, disarmament and European problems.

DEFICIT QUESTION

The spokesman would not say whether the question of the U.N. deficit came up. The deficit stems largely from the refusal

of the Soviet Union and France to pay their share of U.N. peacekeeping costs.

State Man Dies in Viet

WASHINGTON (AP) — The Defense Department has identified a Michigan man as among servicemen killed in Viet Nam. He is Marine Sgt. Ronald E. Hoel, husband of Mrs. Ronald E. Hoel of Warren.

The life span of a crocodile is as long as 300 years.

Discovery Holds Strong Message

SPRINGFIELD, Ill. (AP) — They opened the cornerstone of the Illinois State Capitol expecting to find architectural surveys dated to 1800.

Instead, they discovered a pint bottle of whiskey.

The bottle, decorated in leather and silver, bore this message: "Made for Abraham Lincoln Sept. 20, 1860, and presented to him as an emblem of his administration. It is pure and will grow better as it grows older."

*no matter
who
makes it,
if A&P
sells it,
A&P
guarantees
it!*

For example.

Your A&P may sell as many as six or seven different brands of canned peas—national, regional and A&P's own brands.

It doesn't matter what company cans them...if A&P sells them...A&P guarantees them.

Unusual?

Not for A&P...because WE CARE...about your complete satisfaction.

Is this a good reason for shopping A&P?

It's one of many!

Most Nations Facing 'Automobile Explosion' Stress Driver and Pedestrian Education

LONDON (AP) — A few countries are moving to legislate more safety into the motor car, but in most the accent is on educating the driver and pedestrian.

Grim statistics on highway fatalities are not exclusive to the United States. The automobile explosion in other nations has brought with it an accompanying rise in traffic accidents and growing concern with safety problems.

The U.S. Congress is considering a wide-ranging bill to es-

tablish mandatory safety features in new automobiles, and the government has already set standards, beginning with 1967 models, for cars it will buy.

In other nations, an Associated Press survey shows, the automobile boom is a comparatively recent development and the stress has been more on driver and pedestrian education than on legislation.

CROWDED JAPAN

In Japan, where streets already were crowded with pedestrians and bicyclists, the num-

ber of passenger cars quadrupled during the five-year period from 1960 to 1965. And in a number of European countries, the number of vehicles almost doubled during the same period.

Even though the United States led the world in the total number of traffic fatalities last year, statistically it appears better off than some other nations.

The United States had some 91.3 million vehicles registered last year and about 49,000 highway deaths. West Germany, with only about one tenth of the

number of cars, had 15,710 fatalities.

Japan, with 2.2 million passenger cars in 1965, had a total of 12,475 fatalities. About one

U. P. Traffic Increases

LANSING (AP) — Highway traffic in the Upper Peninsula for the first half of this year increased 10 per cent over the comparable period of 1965, compared to a statewide increase of 8.5 per cent, the State Highway Commission said.

fourth of those were pedestrians and another fourth were motorcyclists.

OTHER NATIONS

Britain, with 13.5 million vehicles registered, had an estimated 8,000 fatalities; Italy, with 10.6 million cars, had nearly 9,000 traffic deaths.

John Tye, controller of the British Safety Council, claims most accidents in Britain are due to lack of driving discipline.

"British drivers are probably the most courteous in the

world," he said, "but apart from in Hong Kong I have never encountered such hazards as on British roads due chiefly to lack of lane discipline."

The British Parliament is studying a bill to make seat belts compulsory on new models.

The Victoria state government in Australia is considering requiring a dual braking system and a recessed dashboard.

In both West Germany and France, legislation has been enacted banning sharp, protruding objects from car bumpers,

wheels or other parts in an effort to cut down injuries to pedestrians and cyclists.

Periodic auto inspections for older vehicles are mandatory in Britain and Japan.

Seat belts are not required in most nations. The belts appeared on the Italian market about four years ago but have been generally ignored, a traffic expert there said.

Grooved edges on coins were originated to prevent people from paring the rims and selling the precious metal.

18th, 19th Districts Will Have Runoffs

Primary runoffs are being held Tuesday in both of Oakland County's U.S. congressional districts.

In the 18th District, the race is between two Democrats, while in the 19th, three Republicans are seeking the nomination.

The incumbents, Congressman William S. Broomfield, R-18th, and Billie S. Farnum, D-

Broomfield Farnum

Broomfield, 44, of Royal Oak is serving his fifth two-year term in the House. Farnum, 50, of Waterford Township is serving his first term.

They will be opposed in the Nov. 8 general election by the victors in the primary. A two-year term is at stake.

Republicans 19th District

RICHARD D. KUHN

The GOP nominee for the 19th congressional post in the 1964 election, Richard D. Kuhn, is a Pontiac attorney and businessman.

Kuhn, 36, of 205 Gateway, Waterford Township, was elected in 1961 as the Representative to the State Constitutional Convention from the old 1st Legislative District.

He served on the convention's education and legislative powers committees, and was chairman of the subcommittee on the Legislature.

In six elections prior to the 1964 campaign, Kuhn was an unsuccessful candidate for the GOP nomination for state senator from Oakland County.

A 1966 graduate of the Detroit College of Law, Kuhn's interest in politics dates back to 1943 when he served as a Capitol pageboy in Washington for three years.

A DELEGATE

He has been a delegate to Republican county and state conventions.

In 1952 he attended the National Republican convention as an appointee of Arthur Summerfield.

Kuhn, a former chairman of the Central Oakland Planning Council for the National Foundation for Infantile Paralysis, is a member of the Pontiac Kiwanis and Optimist clubs, the Chamber of Commerce, Sigma Nu Phi Fraternity and the Michigan State University Club.

JACK H. McDONALD

The supervisor of Redford Township, Jack H. McDonald is the immediate past chairman of the Wayne County Board of Supervisors, the youngest man ever to hold the office.

McDonald, 34, of 15862 Denby, is currently chairman of the board's Ways and Means Committee.

He is serving his third term as supervisor in Redford, the most populated township in the state.

In January, McDonald was named "Young Man of the Year" by the Detroit Junior Board of Commerce. A year earlier he had received the same honor from the Redford Jaycees.

He is a director of the Michigan Townships Association and the National Parks and Recreation Association.

McDonald is a Trustee of the Metropolitan Fund, a member of Gov. Romney's Advisory Committee on Local Government and the National Association of County Officials, and a former president of the Supervisors' Out-County Association.

He and his wife Joyce have two children. A graduate of Redford High School, McDonald attended Wayne University for one year.

He started his career as supervisor of the census for Wayne County in 1959-60, working for the U.S. Department of Commerce.

LARRY D. VANDERMOLLEN

A political science instructor at Schoolcraft College in Livonia, Larry D. Vandermolen majored in international relations at Western Michigan University, where he received a bachelor's degree in social studies and a master's degree in political science.

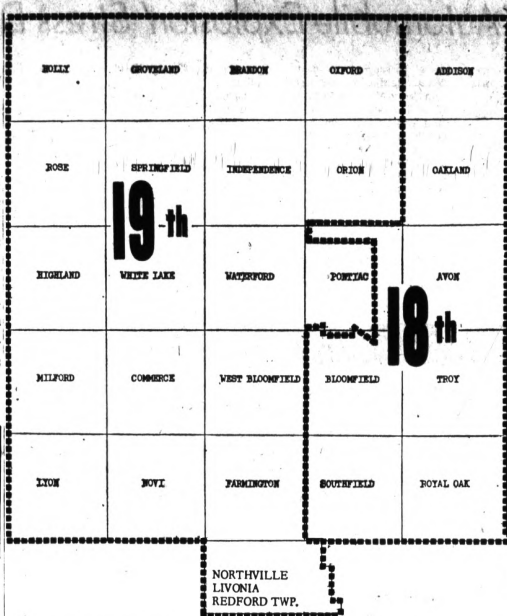

Vandermolen, 26, of 31675 Shiawase, Farmington, is currently studying for his doctorate at Michigan State University.

From 1961 to 1963, Vandermolen was chairman of the social science department at Orchard View High School in Muskegon where he taught American History.

He has also been a teaching graduate assistant in political science at Western Michigan University.

Elected in 1960 to Pi Gamma Mu, the National social science honor society, Vandermolen has been an active participant in the Michigan Center for Education in Politics.

He has specialized in Asian studies and was honored by the Institute of Regional Studies at Western Michigan University for excellence in writing an essay, "The Political Role of the Burmese Military."

U.S. HOUSE DISTRICTS — Oakland County is divided into two congressional areas. The 18th includes the cities of Southfield, Birmingham, Bloomfield Hills, Royal Oak, Berkley, Oak Park, Pleasant Ridge, Ferndale, Hazel Park, Madison Heights, Clawson and Troy. The 19th District takes in the remainder of the county, including the city of Pontiac, plus Northville, Livonia and Redford Township in Wayne County.

Pontiac Proposals

City residents will find one proposition on their primary ballots Tuesday.

The proposal asks voter approval to amend the city charter to permit all full-time elected officials to join the city's general employee pension plan.

At the present time the city has only two full-time elected officials. These are the two Municipal Court judges. They initiated the present ballot proposal.

City voters will be asked to vote "for" or "against" the charter amendment, which also would permit retroactive pension service credit to Dec. 31, 1945, if the judges make up their contributions.

Tuesday's primary election will be different from most city elections for a few Pontiac elections. (See map below).

TWO DISTRICTS

Pontiac is divided into two state legislative districts, 62 and 63. District 62 takes in most of the city.

However, precincts 24, 25, 28 and 33 are in District 63 and voters will select candidates seeking the District 63 nomination.

Portions of precincts 2, 26, 27, and 29 are split between the two legislative districts.

City Clerk Mrs. Olga Barkeley said very few voters, probably less than 50, will be voting Tuesday at a location different from their normal polling place.

The clerk said all registered voters in parts of those four precincts, who must vote at a different location, have been notified of the change by mail.

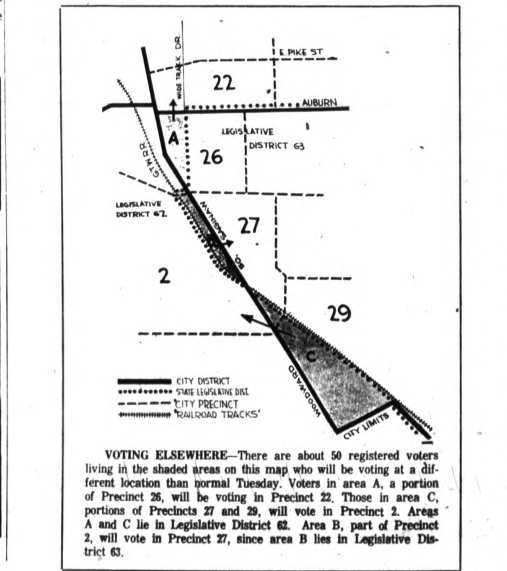

VOTE REQUIRED

Precinct boundaries can't be changed without altering city district boundaries, and district lines can be changed only by a vote of the public.

Tuesday's election differs in one other respect from the last city election. Precinct 33, formerly at the U.S. Naval Training Center, has been moved to Frost Elementary School.

List of Pontiac Precincts

- | Precinct | Precinct | Precinct |
|-----------------------------------|-------------------------------|-------------------------------|
| 1—Jefferson Junior High School | 16—LeBaron School | 30—Pontiac General Hospital |

| 14—Lincoln Junior High School | 29—Wilson School | 43—Malkin School |
| 15—Owen School | | |

VOTING ELSEWHERE—There are about 50 registered voters living in the shaded areas on this map who will be voting at a different location than normal Tuesday. Voters in area A, a portion of Precinct 26, will be voting in Precinct 22. Those in area C, portions of precincts 27 and 29, will vote in Precinct 2. Areas A and C lie in Legislative District 62. Area B, part of Precinct 2, will vote in Precinct 27, since area B lies in Legislative District 63.

2 Dem Giants Seek Griffin's Seat in Senate

By JIM LONG

The race for the Democratic nomination for U.S. Senator from Michigan has pitted together two political giants, Detroit Mayor Jerome P. Cavanagh and former Gov. C. Mennen Williams.

Williams served an unprecedented six terms as head of the state before stepping down to become the undersecretary of state for African affairs in 1961.

In that same year, Cavanagh moved into the spotlight as he scored an upset in his first bid for public office, defeating incumbent Detroit Mayor Louis C. Miriani by more than 40,000 votes.

The winner in the Aug. 2 primary will oppose the Republican incumbent, Robert Griffin, in the November general election.

Both Williams and Cavanagh began their careers as attorneys.

Cavanagh, 38, graduated from Detroit's St. Cecilia High School in 1946, received his bachelor of philosophy degree in political science from the University of Detroit in 1950, and gained his law degree from there four years later.

In 1952, Cavanagh was selected by the Detroit Junior Board of Commerce as the "outstanding young man of the year."

This was followed by his selection by the State Junior Chamber of Commerce as one of the five leading young men in Michigan.

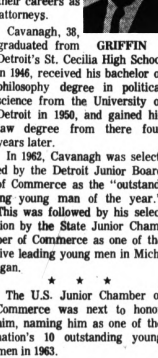

GRiffin

Griffin, 42, of Traverse City was named to fill the vacancy created by the recent death of Democratic Sen. Patrick V. McNamara.

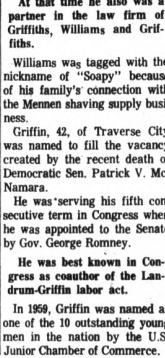

He was serving his fifth consecutive term in Congress when he was appointed to the Senate by Gov. George Romney.

He was best known in Congress as coauthor of the Landrum-Griffin labor act.

In 1959, Griffin was named as one of the 10 outstanding young men in the nation by the U.S. Junior Chamber of Commerce.

JEROME P. CAVANAGH

G. MENNEN WILLIAMS

Machine Vote in Waterford

Waterford Township electors will vote by machine from 7 a.m. to 8 p.m. Tuesday at 23 polling places.

Precincts and their locations are as follows:

Precinct 1—Jayno Adams School, 3810 Clintonville.

Precinct 2—Fire Station No. 2, 4596 W. Walton.

Precinct 3—Waterford Village School, 4241 Stefens.

Precinct 4—Williams Lake School, 2525 Airport.

Precinct 5—Fire Station No. 3, 3435 Elizabeth Lake.

Precinct 6—Covert School, 1150 Scott Lake.

Precinct 7—Donelson School, 1200 W. Huron.

Precinct 8—Stringham School, 4350 Elizabeth Lake.

Precinct 9—Beaumont School, 6532 Elizabeth Lake.

Precinct 10—Lambert School, 3576 Cass-Elizabeth.

Precinct 11—Donelson School, 1200 W. Huron.

Precinct 12—Schoolcraft School, 6400 Maceday Drive.

Precinct 13—Pontiac Lake School, 2515 Williams Lake.

Precinct 14—Drayton Plains School, 3000 Sashabaw.

Precinct 15—Monteith School, 2303 Crescent Lake.

Precinct 16—Leggett School, 3621 Pontiac Lake.

Precinct 17—Burt School, 581 S. Winding.

Precinct 18—Waterford Central School, 1021 Airport.

Precinct 19—Grayson School, 3800 W. Walton.

Precinct 20—Lotus Lake School, 6455 Harper.

Precinct 21—Cooley School, 1950 Inwood.

Precinct 22—Sandburg School, 1355 Mertry.

Precinct 23—Della Lutes School, 5195 Pontiac Lake.

9 Dems, 10 in GOP Vie for State Senate

14th District

EARL J. DEMEL

Active in politics since 1930, Earl J. Demel is an attorney and, for 27 years, served as legal counsel for Plymouth Township in Wayne County.

Demel, 58, of 1380 Beck, Plymouth, was the first village president of Center Line, and served as a justice of the peace in Warren for four years.

A 1931 graduate of the University of Detroit Law School, Demel is vice chairman of the University of Detroit Titan Club and on the board of trustees of Madonna College, Livonia.

A member of the 2nd Congressional District Finance Committee, he was active in area fund-raising campaigns for Presidents Roosevelt, Truman and Kennedy.

PAUL F. LIVINGSTON

A Detroit business executive, Paul F. Livingston is president

of the Wayne County Probate Court.

Before that, Kavanagh, 66, of 1711 Lloyd was a tax auditor with the revenue department of the state of Michigan for 16 years.

Kavanagh, who attended the Detroit College of Law for two years, is a member and past Sir Knight of the Knights of Equity, Court No. 5, Detroit.

He is also a member of Local 116-595, AFL-CIO, and the Shrine of the Little Flower Church, Royal Oak. He is married.

EILEEN MARZ

Active in Democratic politics since her graduation from Michigan State University, Eileen Marz has been a member of League of Women Voters' study groups on human resources, county home rule, state elections and apportionment of state

This Map Shows Oakland County's Four State Senate Districts

Five candidates are bidding for the nominations for the newly created eight-year term on the Oakland County Probate bench. The two receiving the highest number of votes in the primary will oppose one another in the November election for the third probate judge post.

Probate Judge Donald E. Adams, 33, of 2711 W. Walton, Waterford Township, is upposed for reelection to a six-year term.

Adams has been a probate judge since 1960, first serving a two-year term and then a four-year term.

The State Legislature authorized the addition of a third probate judge, and then in

December the position was approved by the Oakland County Board of Supervisors.

INCREASING LOAD
Adams and Judge Norman R. Barnard appealed for assistance because of the increasing case load in Probate Court.

Barnard's term does not expire until 1970.

The duties of a probate judge include the handling of estates, juvenile cases, and mental health hearings.

Those seeking the \$24,500 a year post are Barry M. Grant, Eugene A. Moore, Burton R. Shifman, Lincoln Welton and Hayward Whitlock.

Barry M. Grant is the treasurer of the Southfield Board of Education, Barry M. Grant, was an assistant Oakland County prosecutor from July 1961 through December 1964 before entering private law practice.

Grant, 39, of 20975 Potomac, Southfield, was clerk for the Probate Court and its legal investigator in the mental health division before joining the prosecutor's staff.

Recently, he was named to the board of directors of the Oakland County Chapter of the Michigan Society for Mental Health.

A graduate of Michigan State University, Grant obtained his law degree from Wayne State University. Postgraduate work was taken at Northwestern University in the field of criminal jurisprudence.

He is a designate on the Oakland County Board of Education.

EUGENE A. MOORE
Associated with the Pontiac law firm of Howlett, Hartman and Beier, Eugene A. Moore has been a practicing attorney for over five years.

Moore, 30, of 1825 Pine, Birmingham, is chairman of an Oakland County Bar Association committee studying a county-wide court system that will replace justices of the peace.

Following his graduation from the University of Michigan Law School, Moore served

14th District

GEORGE W. KUHN

Former Berkley Mayor George W. Kuhn has been active in Oakland County Republican affairs for the last decade, serving as a delegate to county and state conventions six times.

On the vice president's staff at Ford Motor Co., Kuhn, 41, of 7222 Cottonwood, West Bloomfield Township, is a 1947 graduate of Central Michigan University, majoring in political science, business administration and economics.

Since 1962 Kuhn has led the opposition on city income tax throughout the state as chairman of the Vigilance Tax Committee of Michigan.

He resigned as mayor in Berkley three months ago after being elected to the post four times. He served as councilman for two years before being elected mayor for the first time in 1969.

JOHN A. MAC LELLAN

An attorney, John A. MacLellan is in private practice, specializing in legislative matters.

MacLellan, 58, of 6939 Dandison, West Bloomfield Township, attended the University of Detroit for two years and completed his undergraduate work at the University of Michigan in 1931.

He graduated from the Detroit College of Law in 1948 and served as an attorney for the Legal Aid Bureau of Detroit for 10 years.

In that capacity, MacLellan was assigned to legislative and governmental cases. He is a native of Calumet and is married.

CARL D. PURSELL

The president of an office equipment firm in Plymouth, Carl D. Pursell is Republican chairman of the 2nd Congressional District in Wayne County.

A former teacher, Pursell, 33, in 1965 was campaign manager for Farrell E. Roberts when he made his successful bid for state senator from the 14th District.

He is president of the Plymouth Community Chamber of Commerce and a member of Gov. Romney's Task Force on Political Organization.

Pursell has a master's degree in administration from Eastern Michigan University.

15th District

MARY G. RICE

A cofounder with Gen. James Doolittle of the Air Force Association, a veteran group, Mrs. Mary G. Rice of Southfield is presently program chairman for the Republican Women's Organization of Farmington Hills.

A WAC during World War II, Mrs. Rice served as national director of the AFA for six years, the only woman to hold the office.

From January 1960 through May 1961, Mrs. Rice, 21091 Mahon, was administrative assistant to the executive director of Romney's Citizens for Michigan.

She organized Gals for Goldwater in 1963, and a year later managed the state Goldwater-Miller headquarters.

Before moving to Southfield, she was area vice chairman of the Van Buren County Republican Committee.

THOMAS C. ROWLEY

A city councilman in Southfield since 1961, Thomas C. Rowley is a marketing consultant with the Michigan Bell Telephone Co.

He was an unsuccessful candidate for the State House of

Representatives in the September 1964 primary election.

Rowley, 40, of 28070 Stuart, a former Southfield Township justice of the peace, Stanley M. Brown is president of the Brown Industrial Sales Co. in Birmingham.

Brown, 45, of 5379 Highland, Waterford Township, was a candidate for the State Senate in 1956, and for 14 years has served as a precinct worker.

He was a squadron commander during World War II, was decorated with two distinguished Flying Crosses and six Air Medals.

A member of Kirk-In-The-Hills Church and community and business groups, Brown has served as chairman of several Goodwill Drives.

14th District

GEORGE W. KUHN

Former Berkley Mayor George W. Kuhn has been active in Oakland County Republican affairs for the last decade, serving as a delegate to county and state conventions six times.

On the vice president's staff at Ford Motor Co., Kuhn, 41, of 7222 Cottonwood, West Bloomfield Township, is a 1947 graduate of Central Michigan University, majoring in political science, business administration and economics.

Since 1962 Kuhn has led the opposition on city income tax throughout the state as chairman of the Vigilance Tax Committee of Michigan.

He resigned as mayor in Berkley three months ago after being elected to the post four times. He served as councilman for two years before being elected mayor for the first time in 1969.

JOHN A. MAC LELLAN

An attorney, John A. MacLellan is in private practice, specializing in legislative matters.

MacLellan, 58, of 6939 Dandison, West Bloomfield Township, attended the University of Detroit for two years and completed his undergraduate work at the University of Michigan in 1931.

He graduated from the Detroit College of Law in 1948 and served as an attorney for the Legal Aid Bureau of Detroit for 10 years.

In that capacity, MacLellan was assigned to legislative and governmental cases. He is a native of Calumet and is married.

CARL D. PURSELL

The president of an office equipment firm in Plymouth, Carl D. Pursell is Republican chairman of the 2nd Congressional District in Wayne County.

A former teacher, Pursell, 33, in 1965 was campaign manager for Farrell E. Roberts when he made his successful bid for state senator from the 14th District.

He is president of the Plymouth Community Chamber of Commerce and a member of Gov. Romney's Task Force on Political Organization.

Pursell has a master's degree in administration from Eastern Michigan University.

15th District

MARY G. RICE

A cofounder with Gen. James Doolittle of the Air Force Association, a veteran group, Mrs. Mary G. Rice of Southfield is presently program chairman for the Republican Women's Organization of Farmington Hills.

A WAC during World War II, Mrs. Rice served as national director of the AFA for six years, the only woman to hold the office.

From January 1960 through May 1961, Mrs. Rice, 21091 Mahon, was administrative assistant to the executive director of Romney's Citizens for Michigan.

She organized Gals for Goldwater in 1963, and a year later managed the state Goldwater-Miller headquarters.

Before moving to Southfield, she was area vice chairman of the Van Buren County Republican Committee.

THOMAS C. ROWLEY

A city councilman in Southfield since 1961, Thomas C. Rowley is a marketing consultant with the Michigan Bell Telephone Co.

He was an unsuccessful candidate for the State House of

Representatives in the September 1964 primary election.

Rowley, 40, of 28070 Stuart, a former Southfield Township justice of the peace, Stanley M. Brown is president of the Brown Industrial Sales Co. in Birmingham.

Brown, 45, of 5379 Highland, Waterford Township, was a candidate for the State Senate in 1956, and for 14 years has served as a precinct worker.

He was a squadron commander during World War II, was decorated with two distinguished Flying Crosses and six Air Medals.

A member of Kirk-In-The-Hills Church and community and business groups, Brown has served as chairman of several Goodwill Drives.

17th District

STANLEY M. BROWN

A former Southfield Township justice of the peace, Stanley M. Brown is president of the Brown Industrial Sales Co. in Birmingham.

Brown, 45, of 5379 Highland, Waterford Township, was a candidate for the State Senate in 1956, and for 14 years has served as a precinct worker.

He was a squadron commander during World War II, was decorated with two distinguished Flying Crosses and six Air Medals.

A member of Kirk-In-The-Hills Church and community and business groups, Brown has served as chairman of several Goodwill Drives.

JAMES N. HARSEN

An Attica Township dairy farmer, James N. Harsen is chairman of the Lapeer County Welfare Board and heard the county Economic Opportunity Action Committee in the war on poverty.

Active in Republican party affairs for 25 years, Harsen, 46, of 5073 Attica, is president and board chairman of the Lapeer County Sportsmen's Club, a member of the State Republican Agricultural Advisory Committee and of the Lapeer County Boy Scout Council.

In the past Harsen has served as Attica Township zoning administrator, on the township board of review and as a member of the Attica Board of Education for three terms. He and his wife, Kathleen, have three sons.

L. HARVEY LODGE

A Pontiac attorney, L. Harvey Lodge was formerly a senator from the old 12th District which comprised all of Oakland County.

After serving two terms in the Senate, Lodge, 63, of 6610 Longwood, Waterford Township, resigned in 1960 to make a bid for Oakland County Probate Court.

A former state representative and Oakland County Prosecutor, Lodge served as director of the Michigan Children's Aid Society for 22 years and has been a member of the State Government Committee for the American Bar and the Pontiac Housing Commission.

He lost the nomination for the 17th District Senate post in 1964.

Don't Forget
to
VOTE
Tues., Aug. 2

The largest number of candidates ever in an Oakland County Circuit Court race are vying for three 6-year terms.

Of the 22 candidates, the six receiving the most votes in the Aug. 2 primary will be the nominees whose names will appear on the ballot in the November general election.

Legislative acts last year created two of the three

WILLIAM R. BEASLEY
An organizer of the Oakland County Legal Aid Society, William R. Beasley is the attorney for the city of Huntington Woods.

Beasley, 47, of 330 W. Drayton, Ferndale, is also legal counsel for the Birmingham and Ferndale school districts.

He was president of the Oakland County Bar Association in 1957-58, after previous service as a director.

Beasley, a graduate of the University of Michigan Law School, has been in partnership with Oak Park city attorney Carl W. Forsythe for more than 18 years.

A Ferndale city commissioner from 1961 to 1965, Beasley is presently a member of the South Oakland Hospital Authority and the Ferndale Rotary Club.

Beasley Bronson

S. JEROME BRONSON
Oakland County prosecutor since January 1965, S. Jerome Bronson, is the first Democrat to hold the office in more than 30 years.

He was the Democratic nominee for the post in 1962, and in 1960 was the candidate for the State Senate.

An attorney for 11 years, Bronson, 27, of 2456 Seneca, Oak Park, obtained his law degree from Wayne State University.

He had previously attended the University of Michigan where he majored in history, government and economics.

He is a member of the law firm of Bronson and Kutinsky in Madison Heights.

JOHN H. BURKE
An attorney with offices in Farmington, John H. Burke has been practicing law since receiving his degree from the Detroit College of Law 14 years ago.

In September 1964, he was an unsuccessful candidate for the Democratic nomination for U.S. congressman from the 19th District.

Prior to forming his present law partnership, Burke, 44, of 31811 S. a man, Farmington Township, was associated with T. John Lesinski, now chief judge of the Michigan Court of Appeals.

Following law school, Burke joined the U.S. government as a patent adviser, and later entered private industry with West Point Mfg. Co. as general counsel and then as general manager.

Burke Cunningham

ROBERT E. CUNNINGHAM
A Pontiac attorney, Robert E. Cunningham is a member of the three-man committee of the Michigan Veterans Trust Fund in Oakland County.

Cunningham, 38, of 501 W.

Forsythe, obtained his degree from the Detroit College of Law and has been in practice since December 1964.

He received his bachelor's degree in political science from Wayne State University in 1961.

Before entering Wayne, Cunningham was a new and used car salesman in the Pontiac area for six years.

Between 1946 and 1960, he served in the U.S. Air Force as a radar observer in an air-sea rescue unit in Japan and Korea.

Cunningham is a member of the Chief Pontiac American Legion Post.

VERNON M. FITCH
A past trustee and treasurer of the Oakland Community College, Vernon M. Fitch is an attorney and trust officer with Manufacturers National Bank.

A lawyer for 17 years, Fitch, 2950 Middlebury, Bloomfield Township, headed the general legal division of the Detroit Ordinance District shortly after receiving his law degree from the University of Michigan.

In 1963, he served as legal counsel for the Pro-Constitution Recount Challenge Team, and is now a member of Gov. Romney's Greater Michigan Foundation.

Fitch has been active in Junior Achievement, United Foundation, Children's Hospital Fund campaign and the Oakland County Citizens League.

Fitch Mrs. Gilbert

ALICE L. GILBERT
A justice of the peace in Bloomfield Township for five years, Alice L. Gilbert has been a practicing attorney for nine years.

A graduate of Wellesley College, Mrs. Gilbert received her law degree from Northwestern University. She has taken additional legal courses at the University of Detroit and Wayne State law schools.

Mrs. Gilbert, 33, of 7150 Fairhill, Bloomfield Township, is chairman of the Committee on Judicial Administration of the National Association of Women Lawyers and has served as Legislative Committee chairman of the Oakland County Judicial Association.

From 1963 to 1965 she was acting justice of the peace for the city of Bloomfield Hills.

JACK HANNA
Assistant city attorney for Clawson, Jack Hanna of Bloomfield Township is a former assistant Oakland County prosecutor.

Two years ago, Hanna, 42, of 2840 Rosemoor, was an unsuccessful candidate for the Michigan Court of Appeals.

A 1961 graduate of the University of Tennessee, he received his law degree from Cumberland University.

He was president of the Clawson Chamber of Commerce in 1956, the year it was organized.

He is a member of the Delta Theta Phi law fraternity, the Michigan, Oakland County and the South Oakland bar associations.

During World War II he served in the U.S. Air Force.

positions to be filled. The third resulted from the death of a judge.

Four incumbent judges are unopposed for reelection. Their names will not be on the Aug. 2 primary ballot. They are Clark J. Adams, Arthur E. Moore, William J. Beer and Frederick C. Ziem.

When the new judges take office the first of the year, Oakland County will have nine members on the Circuit Court bench.

Hanna Ingle

ALLEN C. INGLE
A former justice of the peace in Farmington and Farmington Township, Allen C. Ingle is a past president of the Michigan Justices of the Peace Association and the Oakland County Judicial Association.

Last year he was defeated in a bid for the Republican nomination for state senator from the 14th District.

Ingle, 45, of 21934 Tulane, Farmington, entered private law practice in 1950 after receiving his degree from the Detroit College of Law.

In World War II he was assigned to the O.S.S., the Army secret intelligence branch, and served in the China-Burma, India Theater.

His prelaw studies were taken at the Detroit Institute of Technology, where he received degrees in accounting and auditing.

CARL F. INGRAHAM
Chairman of Oakland County's War on Poverty, Carl F. Ingraham has been a Birmingham city commissioner for 12 years and was mayor in 1958.

Ingraham, 54, of 940 Harmon, has been one of the city's representatives on the Oakland County Board of Supervisors for eight years and since 1963 has been chairman of the board's legislative committee.

A past president and director of Family Service of Oakland County, Ingraham is a member of the board of directors of the Family Service Association of America.

An attorney since 1961 when he graduated from Wayne State University Law School, Ingraham received his bachelor degree from the University of Maine, where he majored in chemistry.

Ingraham Johnson

RALPH T. JOHNSON
A former deputy commissioner of the Michigan Corporation & Securities Commission, Ralph T. Johnson has his own law practice in Oakland and Macomb counties, with offices in Madison Heights and Utica.

In 1960, Johnson, 43, of 13311 Woodvale, Oak Park, was a Democratic candidate for the 18th District Congressional seat, placing second in a field of six.

He served as staff attorney for the Veterans Administration in Oakland County until the position was discontinued.

His community activities include being a member of the PTA, the Oak Park Kiwanis, and an active lawyer in his church.

Johnson received his law degree from the University of Detroit.

BERNARD S. KAHN
An attorney with 18 years experience, Bernard S. Kahn of Farmington Township is presently a special assistant attorney general and handles civil

litigation for the state of Michigan.

He attended Sorbonne University in France, University of Birmingham in England, University of Missouri and Wayne State University, where he received his graduate degrees.

A former political science instructor and liberal arts advisor at Wayne State, Kahn, 45, 29545 Sugar Spring, is a member of the university's Law School Alumni Board of Governors.

During World War II he served in the Infantry and was decorated by the French and American governments for his work with the French partisans while in military intelligence.

CECIL B. MCCALLUM
A Pontiac Municipal Court judge since 1964, Cecil B. McCallum attended the University of Michigan and received his law degree from the Detroit College of Law.

Following graduation in 1933, McCallum, 65, of 266 Cherokee, was in private practice for 21 years before being elected to the bench.

He has served on the Governor's Safety Panel, as president of the Washington Junior High School Parent-Teacher Association and board member of the Clinton Valley Boy Scout Council.

As a judge, he was instrumental in establishing a nonstop plan which provides payments to families through a check-off system operated by the court, and in setting up the county's first traffic school for traffic offenders.

JOHN E. MCGRATH
A former Waterford Township justice of the peace, John E. McGrath has been a practicing attorney since 1953 and is presently a partner in the Pontiac law firm of Hempstead, Houston, McGrath & Cook.

McGrath, 41, of 1311 Edgemoor, Waterford Township, is presently serving on the justice court subcommittee of the Court Administration Committee of the State Bar Association.

A 1943 graduate of Pontiac Central High School, his prelaw studies were taken at Michigan State University.

McGrath received his law degree from the University of Denver Law School. His community activities include being the first president of the Highland Homes Improvement Association and a charter member and president of the Optimist Club of Lake-Land, Waterford Township.

MAURICE A. MERRITT
An attorney for 20 years, Maurice A. Merritt is a past officer and director of the Oakland County Bar Association.

In 1959, he was an unsuccessful candidate for the Oakland County Circuit Court bench.

Merritt, 51, of 1721 Bonnie View, Royal Oak, has offices at 950 E. Maple, Birmingham.

He is a graduate of the Detroit Institute of Technology and the Detroit College of Law and a member of the Oakland County Citizens League and the American Trial Lawyers Association.

JOHN N. O'BRIEN
Royal Oak attorney John N. O'Brien is a former assistant prosecutor and staff member of the Oakland County Probate Court.

O'Brien, 36, of 1716 Rosemont, Berkley, received his law degree from the University of Detroit, where he had earlier graduated from the College of Commerce and Finance.

Advanced law courses in criminal defense were later taken by O'Brien at Northwestern University.

Since resigning from the

prosecutor's staff several years ago, O'Brien has been associated in private practice with Jack W. Hutson, with offices at 530 Washington Square Plaza, Royal Oak.

He is legislative committee chairman of the Berkley Elementary PTA and a member of the county Law Enforcement Association, the Exchange and Lions clubs in Royal Oak.

W. CADMAN PROUT
Oakland County Friend of the Court W. Cadman Prout was admitted to the State Bar of Michigan in 1947 and has served on numerous state committees in connection with domestic relations work of the Circuit Court.

Prout, of 1200 Williams Lake, White Lake Township, joined the Friend of the Court's office in 1949, and five years later was appointed to his present position by the governor.

The holder of a life teacher's certificate from Adrian College, Prout, 52, also is an ordained Methodist minister.

He received a master's degree in educational psychology from the University of Michigan and his Bachelor of Divinity degree from Garrett Theological School on the campus of Northwestern University.

CLARENCE A. REID JR.
For the past eight years, Clarence A. Reid Jr. has been municipal judge for the city of Southfield.

Reid, 39, of 21641 Fairway is a native of Detroit where he attended public schools, and a graduate of Tri-State College, where he majored in business administration, and the Detroit College of Law.

He was justice of the peace one year before its incorporation in 1958.

Active in community affairs, he has served as president of the Southfield Bar Association and Kiwanis Club, and as chairman of the congregation of the Southfield United Presbyterian Church.

Presently he is corresponding secretary of the Southfield Goodfellow. He is married and has three children.

FARELL E. ROBERTS
A veteran state legislator, Farrell E. Roberts is presently serving as senator from the Oakland-Wayne 14th District.

Roberts, 43, of 2486 LaFay, West Bloomfield Township, left the senate in 1964 after two terms to make an unsuccessful bid for the Michigan Court of Appeals, and then was reelected in a special election to fill a vacancy.

Before running for the senate, Roberts, a former assistant prosecutor, served two terms in the Michigan House of Representatives.

A graduate of the University of Michigan Law School, he is a partner in the firm of Dietter, Roberts and Mann.

A commander in the U.S. Naval Reserve, Roberts served in both World War II and the Korean conflict. He is an Ann Arbor graduate.

PHILIP E. ROWSTON
A former mayor of Pontiac, Philip E. Rowston is now the city's legal counsel and one of its representatives on the Oakland County Board of Supervisors.

Rowston, 44, of 64 Spokane, has been an attorney for 13 years. He received his degree from the Detroit College of Law.

Currently he is president of the Oakland County Chapter of the American Trial Lawyers Association, and is past chairman of the two committees of the county Bar Association continuing legal education and domestic relations.

In 1964 he was president of

the Pontiac Board of Realtors and served as director of the organization for seven years.

He was mayor for two terms, from 1958 to 1962, and for three years before that was a city commissioner.

WALTER D. SCHMIER
A former assistant prosecutor in Oakland and Wayne counties, Walter D. Schmier has been an attorney for 32 years, receiving his law degree from Wayne State University.

From 1949 to 1964, Schmier, 58, of 8577 Hendrie, Huntington Woods, was president of the National Mortgage Corp. in Detroit.

For three years before entering the business field, Schmier was the principal felony trial lawyer in the Wayne County Prosecutor's Office. He was with the Oakland County prosecutor's staff from January 1965 to this past March.

He is founding president of Temple Emanu-El in Oak Park and a member of the B'nai B'rith and several Masonic orders.

ROBERT L. TEMPLIN
Birmingham attorney Robert L. Templin is a former senior assistant prosecutor and was the Republican candidate for county prosecuting attorney in 1964.

Templin, 44, of 3199 Pebble Lake, Bloomfield Township, is a member of the law firm of Wilson, Templin, Basso & Basso.

He has served as president of the Lincoln Republican executive and county committees and the county Government Study Committee.

A graduate of the University

The only contest in Waterford Township's primary election Tuesday is the race for the Democratic nomination for supervisor.

Unopposed are clerk candidates Elmer E. Fangbner (D), 59, of 3327 Meinrad, the incumbent, and Arthur J. Salley (R), 40, of 3149 Shawnee; treasurer candidates James F. Schell (D), 39, of 2866 Beacham, the incumbent, and Mrs. L. Catherine Wolters (R), 45, of 4248 Woodstock; and supervisor candidate Elmer R. Johnson (R), 62, of 3320 Seabald.

Also unopposed are trustee aspirants William J. Dean Jr. (D), 33, of 4355 Forest and Rudy Mansfield (D), 36, of 3426 Pontiac Lake, the incumbents; Herbert C. Cooley (R), 40, of 995 N. Cass Lake, and Ted McCullough Jr. (R), 33, of 3596 Brookdale.

GERALD R. McLEOD
Also eying the Democratic nomination for supervisor is Gerald R. McLeod, a sixth grade teacher at Riverside Elementary School in Waterford Township.

McLeod, 38, of 1400 Merry is making his first bid for public office.

A 25-year resident of Waterford Township, he has taught at five different elementary schools in the Waterford Township School District the past eight years.

In addition to being a teacher, McLeod is co-owner of the Towne Tub Laundromat in Farmington which was opened this spring.

The father of a 12-year-old

McLeod Mrs. Olson

daughter, McLeod is a graduate of Pontiac High School, the Detroit Institute of Technology and Wayne State University.

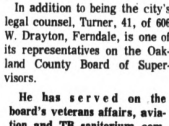

DOROTHY W. OLSON
The incumbent, Mrs. Dorothy W. Olson, was appointed supervisor by the township board last Nov. 5, replacing James E. Seelerin who resigned to become Oakland County treasurer.

Mrs. Olson, 55, of 3599 Shoals is a veteran in township government, having served as treasurer from 1967 until being named supervisor.

A delegate to every state Democratic convention since 1955, Mrs. Olson is married and the mother of a son.

In 1964, she was one of the four Oakland County delegates to the National Democratic Convention in Atlantic City, N.J.

Mrs. Olson, a native of Detroit and graduate of Northwestern High School, is active in several organizations including the Michigan Democratic State Central Committee, Waterford Eagles Auxiliary and Waterford Democratic Women of which she is president.

Incumbent State Rep. Albert A. Kramer, 42, of 23651 Radcliff, Oak Park, is unopposed in the primary.

68th District

WALLACE J. REYNOLDS

Active in partisan and non-partisan government affairs for 21 years, Wallace J. Reynolds of Royal Oak is former chairman of the steering committee and present corresponding secretary for the South Oakland Citizens Advisory Council for the Office of Economic Opportunity.

He is employed with the Ford Motor Co. as a special vehicle coordinator, receiving the company's Good Citizen Award in 1959 and its Community Service Citation in 1963.

A Royal Oak City Commission candidate in 1959, 1961, 1963 and 1965, Reynolds is a member of the Citizens Legislative Study Group on education and the Citizens Legislative Study Group on education and the Citizens Committee to Beautify Royal Oak.

WILLIAM M. RICHARDS

The owner of a carpet installation firm, William M. Richards has twice been a candidate for a seat on the Royal Oak City Commission, 1963 and 1965. A lifetime resident of Oakland County, Richards, 35, of 1533 S. Wilson has lived in Royal Oak for 12 years.

He is a trustee of the South Royal Oak Homeowners Association, Inc., organized earlier this year to oppose city commission plans for redevelopment in the south section of the city. Richards is the father of seven children.

69th District

DANIEL S. COOPER

Incumbent State Rep. Daniel S. Cooper, an attorney, is serving his first term.

Practicing law since 1957, Cooper, 36, of 13150 Dartmouth, Oak Park, received his degree from Wayne State University.

He served in the Army from 1948 to 1955, rising from an enlisted man to lieutenant.

Cooper is a member of the Detroit Bar Association, American Civil Liberties Union, B'nai B'rith, and the Oak Park Youth Guidance Board.

WILLIAM S. DAHLERUP

A constable for the city of Ferndale for 14 years, William S. Dahlerup is making his second bid for the 69th District representative nomination.

A 1953 Wayne State University graduate, Dahlerup, 47, of 2372 Brickley, Ferndale, was a candidate for county sheriff in 1956 and 1958.

A combat veteran in World War II, Dahlerup served with the 28th Infantry Division in France, Germany, Holland and Belgium.

He has been president of the Ferndale Labor Club, vice president of the Ferndale Northside Improvement Association, and is a member of the Hanes Park Masonic Lodge and the Metropolitan Club.

New Onion Dressing Flavors Salad Layer

Here's a cool dish, perfect for patio parties, afternoon or night: a sparkling molded salad in two layers — one crystal clear with crisp cut-up vegetables, the other, rich and creamy with chicken and ham — satisfying yet light, simple to make.

A new bottled creamy onion dressing — so convenient because it has bits of sweet onion and a marvelous touch of dill blended in with other flavorful seasonings — gives the salad a tangy, lively taste.

Unmold the salad onto a platter that's been chilled. Garnish with greens and, if you wish, surround it with

carrot "mortigables" and turnip "lilies."

They're fun to make, with a few quick strokes of the vegetable parer and kitchen shears, a colorful garden is bloom on your table.

Crystal Garden Salad Mold
2 envelopes gelatin salad mix
2 cups boiling water
2 tablespoons vinegar
¼ cup cold water

¼ cup bottled creamy onion dressing
¼ cup shredded carrot
¼ cup thinly sliced radishes
¼ cup diced seeded green pepper

¼ cup thinly sliced celery
1 cup peeled diced cucumber
2 teaspoons parsley flakes
2 cups finely chopped cooked chicken, or 2 cans (5½

ounces each) boned chicken, diced
1 cup finely chopped baked or boiled ham
1 teaspoon bottled horseradish

Empty one envelope gelatin mix in each of two large bowls. Dissolve each in 1 cup boiling water. Add 1 tablespoon vinegar to each bowl. To one add the cold water. To the other add the creamy onion dressing. Stir to blend well.

Chill clear mixture until syrupy. To it add carrot, radishes, green pepper, celery. Pour into a 9x13-inch loaf pan or a 6-cup mold. Chill until layer is firm.

Blend cucumber, parsley, chicken, ham and horseradish into gelatin with creamy onion dressing. Pour over firm

layer in pan. Chill until firm (at least 6 hours). Unmold onto chilled serving plate. Makes 8 to 10 servings.

If desired, garnish with greens and vegetable flowers.

To Make Carrot Mortigables: Shave this long-thin strips from scraped carrot, using a vegetable parer. With kitchen shears make ¼-inch wide slits halfway through carrot slice along one long edge, (making a strip resembling a comb). Place strips in ice water for 1 hour. Curl strips around finger and secure with toothpicks.

To Make Turnip Lilies: Cut a pared small turnip in very thin slices. Roll slices up cornucopia fashion. Insert a thin strip of carrot in each. Fasten securely with toothpicks.

A COOL APPROACH—A cool molded salad in two sparkling layers has a refreshing taste that comes from a creamy onion dressing, conveniently bottled, perfectly seasoned. Dress up this easy-to-make summertime salad with colorful vegetable flowers and serve with a cold drink quickly made from a flavored iced tea mix.

SUMMER COFFEE BREAK—Glasses of iced coffee and a plate of vanilla wafer sandwiches offer relaxation on a hot day. Coffee cubes will keep the flavor of the beverage just right. Cool and pour your everyday coffee into ice cube trays and freeze. Put packaged vanilla wafers together with Mocha Butter Creme filling. Cream 3 tablespoons butter or margarine to consistency of mayonnaise. Add ½ cup confectioners' sugar while continuing to cream. Blend in 1 envelope (1 oz.) no-melt unsweetened chocolate (or 1 square unsweetened chocolate, melted). Add 1 cup confectioners' sugar alternately with enough strong cold coffee to make a good spreading consistency (about 2 tablespoons), while continuing to cream. Add ½ teaspoon rum or brandy flavoring.

Grill Chicken in Foil Pack

Here's a brand new way to prepare chicken on the outdoor grill, suggests the National Broiler Council.

For each serving, use an 18-12-inch piece of heavy duty aluminum foil. Just off center place a quarter of a chicken; add sliced onion, potato slice, green pepper rings. Sprinkle with salt, pepper, and tarragon.

Dot with butter, wrap securely, and grill for 45 minutes to 1 hour, turning every 20 minutes. It's a marvelous chicken meal-in-a-bag.

Camp Cooking Uses Canned Food

By JANET ODELL
Pontiac Press Food Editor

When the family goes camping, mother still has to cook. If she's wise, she'll make it as easy a job as possible.

This is the time to use canned foods, mixes and every short-cut in the book. After all, it's supposed to be a vacation.

Breakfasts present no problems, for you can eat about the same menu you do at home. Soup, sandwiches, fruit and cookies should take care of lunch.

So we'll concentrate on dinner dishes. Look over the following recipes and plan to stock the ingredients when you buy food for your family camping trip.

Dinner-in-a-Pot makes full

use of canned foods and biscuit mix. Nothing needs refrigeration ahead of time.

CAMPERS' DINNER-IN-A-POT
2 cans (1½ pounds each) beef stew
1 can (1 pound) mixed vegetables, drained
1 can (8 ounces) tomato sauce
½ cup coarsely chopped onion or
2 tablespoons instant minced onion
1 teaspoon chili powder
2 cups prepared biscuit mix
¾ cup milk

Combine beef stew, vegetables, tomato sauce, onion and chili powder in large Dutch oven with a close-fitting cover; mix. Cover and allow to heat until bubbling gently, stirring frequently.

While stew is heating, combine biscuit mix and milk, and stir with a fork until ingredients are moistened. Spoon 8 equal portions of dough into hot stew. Cover; steam dumplings until done, about 15 minutes. Yield: 8 servings.

Use fresh, reconstituted non-fat dry milk solids or diluted evaporated milk as desired.

Even the smallest camp store usually carries frankfurters. To make them more of a dinner

meal, serve them with Picnic Baked Beans somewhat in the style of Coney Island hot dogs.

PICNIC BAKED BEANS

½ cup chopped onion

HOT PICNIC BONANZA

2 tablespoons butter
1½ tablespoons flour
2 to 3 tablespoons chili powder
¼ teaspoon salt
¼ teaspoon pepper
¾ cup (small can) undiluted velvitized evaporated milk
1 can (8 ounces) tomato sauce
½ cup grated process American cheese
1 can (1 pound, 12 ounces) baked beans, drained

Saute onion in butter until crisp-tender. Quickly stir in flour and seasonings. Gradually stir in evaporated milk and tomato sauce.

Cook, stirring, until mixture boils 1 minute. Add cheese and beans, cook, stirring until heated to serving temperature and cheese melts.

Serve over frankfurter in roll with mustard and pickle relish. Blend in soup, milk, and pep-

per. Add eggs. Heat; stir now and then. Serve on toast. Makes 4 servings.

Dill Dressing

Save the liquid from dill pickles to make salad dressing for cole slaw or ham salad. Beat 2 egg yolks with ¼ cup of dill pickle liquid. Mix together 1 teaspoon of dry mustard, ¼ teaspoon of salt, and a dash of cayenne, and stir it into yolk mixture. Gradually beat in 1 cup of salad oil. Makes about 1½ cups.

Always dissolve active dry yeast in water, rather than in milk.

Tea Consoles Dieters and Gives Lift

If you're one of the 40 million Americans who has a weight problem, you'll be interested in a recently published book entitled "The Thin Book" by a Formerly Fat Psychiatrist" (Fortress Press).

Dr. Rubin's book deals with the emotional aspects of dieting, and in its tall, skinny pages you'll find helpful advice from one who has been through the ordeal of losing weight himself.

One short and sweet chapter (it's all easy reading) deals with what Dr. Rubin calls "comfort foods." He states, "It is important (for dieters) to have a comforting food on hand that can be quickly prepared — fat people are most receptive to comfort."

At the top of his list of comfort foods is tea. He recommends it to dieters because it's calorie-free . . . because it keeps the mouth going (an important fact for fat people) . . . because it can be drunk hot or cold, providing warm comfort in winter or cool refreshment in summer . . . because it gives a little lift . . . and because it's easily and quickly prepared.

A practicing psychiatrist who has written several novels (among them "David and Lisa"), Dr. Rubin says, "I find it comforting to drink tea, especially during periods of fatigue and the pressure and vicissitudes of dieting." So, if you're trying to lose weight, take tea and see if it doesn't help you stick to your diet.

Fresh Fruit, Rum Top Ice Cream

A famous New York chef's way of serving ice cream is interesting.

Coupe New York

1 cup peeled sliced peaches
Membrane-free sections from 2 medium oranges
2 tablespoons sugar
2 tablespoons light rum
1 banana
1 pint vanilla ice cream
6 pitted sweet red cherries

Gently mix together the peaches, orange sections, sugar and rum; chill. Just before serving, flute the banana and slice thin; mix gently with the other fruit.

Divide fruit mixture among 6 sherbet glasses; top each with a scoop of ice cream. Garnish with cherries. Makes 6 servings.

PICNIC BAKED BEANS

Start With Tuna

Salad Is Main Course

Complete protein is required to maintain the body and to rebuild tissues, muscles and cells. It's an absolute must in our meals.

Don't just grumble that meat prices are putting protein a bit out of reach. Reach for the tuna in those compact cans and you're in business again for fine protein at your table.

Tuna's mild flavor means that you can serve it often in main dishes. The family won't tire of it. And tuna blends beautifully with a host of other foods you like to make interesting main dishes.

Have you ever blended tuna into a Chinese-type "stir and fry" dish? It's delicious.

Have you tried cremated tuna with pimiento and green pepper served in patty shells? Use the quick-frozen patty shells for quickness and convenience.

Don't forget the great tuna classic made with noodles, cream and a crisp topping.

In summer, a hearty main dish salad is a wonderful main dish. Here's one for you try.

Hearty Tuna Salad

1 quart fresh tender spinach leaves, washed and torn
2 cups shredded cabbage
2 cans (6½ or 7 ounces each) tuna in vegetable oil
2 tablespoons grated Parmesan cheese
¼ teaspoon salt
¼ teaspoon each dry mustard and celery seed
3 tablespoons vinegar
Salad oil

2 hard-cooked eggs, sliced
6 to 8 black olives
2 tomatoes, quartered
Combine spinach, cabbage and quartered scallions in salad bowl. Sprinkle with Parmesan cheese.

Combine salt, dry mustard and celery seed with vinegar. Measure oil from tuna and add salad oil to make ½ cup. Blend into vinegar mixture.

Add tuna to salad bowl. Drizzle dressing over salad; toss lightly. Garnish with hard-cooked egg slices, olives and tomato wedges. Yield: 4 servings.

Try Canadian Bacon

The recipe for Eggs Benedict usually calls for toasted English muffins topped with sautéed slices of cooked ham, poached eggs and Hollandaise Sauce. Instead of using the ham, you can substitute slices of Canadian bacon.

To insure uniform cooking of sweet potatoes, select those similar in color and shape.

ELECT A WELL-ROUNDED MAN TO GET A WELL-RUN COURT

BLOOMFIELD MIRACLE MILE SHOPPING CENTER

Cauliflower Is Easy Vegetable to Pickle

A quickly-made pickle that adds zest to meat or fish.

Pickled Cauliflower
1 large head cauliflower
1 cup boiling water
1 1/2 teaspoon salt
1 cup each sugar and distilled vinegar
1 bay leaf
12 cloves and 12 allspice

Separate flowerets from cauliflower and wash in cold water; use any small green leaves.

In a 10-inch covered skillet in the boiling water with 1/2 teaspoon of the salt, boil the cauliflower until tender; drain; turn into a shallow container.

In the clean skillet over low heat stir together the remaining 1 teaspoon salt, sugar and vinegar until sugar dissolves. The spices in a double-thickness of cheesecloth and add; bring to a boil and simmer 5 minutes.

Pour over cooked cauliflower; add spice bag; cool; cover and chill. Remove from marinade before serving.

Onions and Sour Cream Top Thin Slices of Flank Steak

Flank steak becomes a sandwich ingredient when it is marinated in a lusty mixture of beer, oil and garlic. Oil coats the oval-shaped, lean, boneless cut of meat to prevent drying out in the cooking process.

The meat is scored, broiled and carved diagonally into thin slices, across the grain. Four slices or strips are placed on toast for each sandwich.

Panfried onions, given a golden rosy glow by cooking with paprika, and dairy sour cream crown the steak sandwich for serving.

Open Steak Sandwich Stroganoff

1/2 cup beer
1/2 cup salad oil
1 1/2 teaspoon salt
1/2 teaspoon garlic powder
1/2 teaspoon pepper
1 beef flank steak (about 1 1/2 lb.), scored
12 slices enriched bread, toasted
2 tablespoons butter
4 cups sliced onions (5 medium onions)
1/2 teaspoon paprika

1 cup dairy sour cream
Paprika
Watercress

On day before serving, in deep glass dish combine beer, oil, salt, garlic powder and pepper. Place meat in mixture; marinate overnight.

When ready to prepare sandwiches, set out broiler pan and preheat broiler. Trim crusts from 6 toast slices and place on serving plates. Cut remaining toast diagonally in half and place 1 triangle at each side of trimmed slice.

Place meat on broiler pan. Broil 3 inches from heat, 7 minutes on each side, or until well browned.

Meanwhile, in saucepan melt butter. Sauté onions with 1/2 teaspoon paprika until onions are transparent. Cut meat diagonally across grain into 24 thin slices.

Place 4 slices on each sandwich and cover with 1/2 cup onions. Top with about 2 1/2 tablespoons sour cream. Sprinkle lightly with paprika. Serve hot, with watercress.

STEAK SANDWICH STROGANOFF — topped with sour cream for an open-faced. Broiled flank steak and sautéed onions are sandwich that is different.

Ever shape cookie dough? Add the grated rind of an around maraschino cherries or orange to a pastry recipe for a dates and bake? nine-inch double-crust pie.

SPICED APPLESAUCE TOAST — Here's a tempting looking platter to offer at breakfast or brunch time. Little sausages flank

pieces of hot toast. Spicy applesauce provides an interesting topping for the latter.

Morning Treat Is Meat, Toast

Refreshing Beverage Has Spanish Origin

In only 3 minutes a nutritious, elegant breakfast can be on the table every day of the week when the homemaker discovers quick, fully-cooked brown 'n' serve sausage links.

With a little organization the spiced applesauce toast can be prepared while the links are sizzling in the skillet.

Once the tempting aroma of the sausage and the sweet, buttery smell of the toast mingle and wait through the house, the homemaker will discover she'll have no stragglers to the breakfast table.

Both adults and children will acclaim the homemaker when a hot platter of spiced applesauce toast is presented to them with the links. Little time or effort is necessary for preparation.

A sweet, cinnamon-sugar mixture is sprinkled generously over the hot, buttered toast, followed with an ample topping of applesauce, hot or cold, as preferred. The flavors and aromas of meat and toast complement one another — and the home chef.

Spiced Applesauce Toast
1 pound brown 'n' serve sausage links
1/2 cup sugar
2 teaspoons cinnamon
6 slices buttered toast
1 cup applesauce

Cook sausage according to package directions. Sprinkle mixture over each slice of hot buttered toast and top with approximately 2 tablespoons hot or cold applesauce. Serve hot with brown 'n' serve sausage links. Makes 6 servings.

Different Salad

Dip sliced salted cucumber or zucchini in seasoned beaten egg; saute in corn oil. Overlap across the center of a salad bowl filled with shredded western iceberg lettuce and sliced avocado in oil and vinegar dressing.

A slice of dry bread placed on cooked and drained rice will leave the rice dry and fluffy.

Cleanse Quickly, Thoroughly, Safely... WITHOUT WATER

GREEN BEANS — Pick a peck of fresh green beans, and try these three different ways of enjoying them, all spiced with Tabasco. Shown are Spring Stir Fry cooked in a skillet, Green Bean Casserole, and a crisp Duo Bean Salad.

Fresh Green Beans Unequaled

What's better than one good recipe for fresh green beans? Three recipes for fresh green beans!

The more you eat the more you want, and whether you grow your own wonderful garden variety of beans or do all your vegetable shopping at the local market, you know there's nothing quite so irresistible as fresh sweet, crisp beans.

Tabasco liquid red pepper seasoning adds piquant, aromatic spiciness to these recipes.

Duo Bean Salad

- 1/2 cup commercial sour cream
- 2 tablespoons wine vinegar
- 1 teaspoon prepared mustard
- 1/4 teaspoon Tabasco
- 1/4 teaspoon salt
- 2 tablespoons chopped green pepper
- 1 onion, thinly sliced
- 2 cups cooked green beans, cut up*
- 1 can (1 pound) kidney beans, drained

In medium size bowl, blend sour cream, vinegar, mustard, Tabasco and salt. Stir in green pepper and onion; add green beans and kidney beans.

Refrigerate at least 1 hour before serving to let flavors blend. Yield: 4 to 6 servings.

*If green beans are garden picked or very tender, cooking is not necessary.

Green Bean Casserole

- 3 cups young green beans
- 3 tablespoons butter or margarine

- 1 clove garlic, minced
- 1 medium onion, minced
- 1 small green pepper, chopped
- 1/4 cup pimientos, chopped
- 1 can (8 ounces) tomato sauce

Pineapple Gelatin Is Full of Fruit

This fruit mold is refreshing because it's not too sweet.

Fruit Mold Francess

- 1 envelope unflavored gelatin
- 1/4 cup cold water
- 1 1/4 cups canned unsweetened pineapple juice
- 3 tablespoons fresh lemon juice
- 1/4 cup sugar
- 1/4 teaspoon salt
- 1 1/2 cups fresh cantaloupe balls (use large end of melon cutter)
- 4 small peaches, peeled and sliced

Sprinkle gelatin over cold water to soften. Heat 1 cup of the pineapple juice to boiling; pour over softened gelatin; stir until dissolved. Add remaining 1/4 cup pineapple juice, lemon juice, sugar and salt; stir to dissolve sugar.

Chill until slightly set. Fold in cantaloupe and peaches. Turn into a 1-quart mold. Chill until set. Unmold. Serve with cottage cheese. Makes 6 servings.

- 1 teaspoon Tabasco
 - 1 cup shredded Cheddar cheese
- Remove string ends from beans; slice beans in half, if desired. Cook beans in a small amount of water until barely tender. Drain.

Melt butter in 1-quart casserole or pot; add garlic, onion, pepper and pimiento. Sauté about 5 minutes. Stir in tomato sauce and Tabasco. Add beans, folding into sauce.

Pour into 1-quart casserole; sprinkle with cheese. Bake at 350 degree oven for about 25 minutes. Yield: about 4 servings.

Spring Stir Fry

- 1 pound round steak
- 2 tablespoons salad oil
- 2 cups green beans, cut diagonally
- 4 scallions, sliced
- 1 teaspoon salt
- 1/4 teaspoon Tabasco
- 2 medium tomatoes, cut into wedges*
- 2 tablespoons soy sauce

Cut meat cross grain into paper-thin slices. Heat oil in heavy skillet; add beans and scallions, sprinkle with salt. Stir or shake skillet to sauté beans on all sides.

Add meat, stirring to sauté quickly. Sprinkle Tabasco over all. Add tomatoes and soy sauce; stir. Cover and cook 3 minutes. Serve. Yield: 4 servings.

*If desired, 1 cup sliced cherry tomatoes may be substituted for tomato wedges.

Surround This Salad With Fresh Fruit

Chicken salad and fresh fruit are a great seasonal duo. For the salad, the National Broiler Council suggests combining 6 cups diced cooked chicken, 1 cup chopped celery, and 1/2 cup chopped nuts with a dressing of 1 cup mayonnaise, 1/4 cup lemon juice, 2 tablespoons honey, and 1 teaspoon curry powder.

Serve this superb salad on a platter bordered with cantaloupe wedges, pineapple slices, grapes, apricots, or peach halves. Yield: 12 servings.

As a rule, it's best to trim away the crust from the bread when you are making soft bread crumbs.

Add Frozen Berries to Pink Punch

Guests will flock to the punch bowl!

Pink Punch

- 1 bottle (1 quart) sauterne
- 1 bottle (4 1/2 pint) rose wine
- 1/2 cup cognac
- 1 package (10 ounces) frozen sliced strawberries
- Ice ring

Chill the sauterne and rose. Shortly before serving, pour the wines into a punch bowl with the cognac. Add the strawberries and allow the berries to start thawing; stir well. Add the ice ring and serve. Makes 12 servings.

Note: To make ice ring, pour cold water into a 3-cup ring-shape or other mold; freeze until firm.

Cereal Gives It Nutrition

This is a refreshing, nutritious dessert for summer's active children.

Farina Lemon Snow

- 1/2 cup farina
- 1/2 cup sugar
- 1/2 teaspoon salt
- 2 cups boiling water
- 2 tablespoons butter or margarine
- 1 tablespoon grated lemon rind
- 1/4 cup lemon juice
- 2 egg whites

Stir together the farina, 1/4 cup of the sugar and the salt. Slowly sprinkle into boiling water in a saucepan.

Cook and stir constantly over medium heat until thickened and smooth. Stir in butter, lemon rind and juice.

Beat egg whites until they

hold stiff straight peaks; gradually beat in remaining 1/4 cup sugar; continue to beat, if necessary, until extremely stiff; fold into farina mixture.

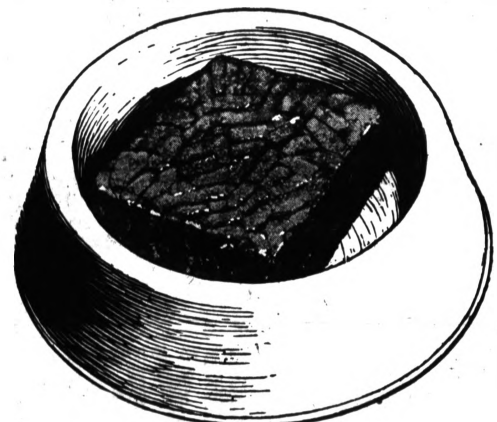

Pour into individual molds rinsed with cold water. Chill. Makes 4 to 6 servings.

Cloudy Tea Too Cold

Cloudiness in ice tea is caused when iced tea reaches a certain degree of coldness. Do not refrigerate tea. Instead, after making it, keep it at room temperature and pour over ice cubes when you serve.

Clam juice can sometimes be substituted for fish stock in recipes, so keep the handy bottled clam product on hand.

your dog deserves a square meal.

New Vets' Burger

doesn't cut corners bringing it to him

We've fit a square meal into a meaty, square patty to give your dog the nutrition he needs, the convenience and

economy you want. New Vets' Burger is concentrated nutrition. Protein-rich meat. Body-building cereals full of essential vitamins and minerals.

We've made Vets' Burger easy to feed.

No cans to open. No refrigeration needed. Each cellophane-wrapped Twin-Pak (2 patties) replaces a can of regular dog food or two cups of dry dog food.

New Vets' Burger costs less, too. Compare its price per feeding with regular canned dog food or other burger-type foods. A square meal for your dog. A square deal for you. Save 10¢...redeem this coupon today!

Here. The frosty taste of Fresca. It's a blizzard.

Fresca is the new cold drink with the frosty, cold taste. And of course, it's sugar-free.

Just how refreshing is Fresca? This refreshing: Icy, biting, bold, cold, frosty, wintry, breezy, shivering, shimmering, shuddering, stinging, springy, sparkling, splashing, nipping, chilling, lively, light, bright, brisk, bouncing, bubbling, piercing, nearly freezing, and almost shocking.

There's never been a taste so refreshing. It's a blizzard.

erat will be a major factor in getting the nomination, called the exchange of charges "quite serious" and said there was a distinct possibility he might not endorse anyone.

★ ★ ★

The fight between Roosevelt and O'Connor erupted this week after Roosevelt said O'Connor

had engineered a deal with two party leaders in New York City for their support.

TRADE PROMISES

Another party faction promptly accused Roosevelt of trying to trade promises of backing with former Mayor Robert F. Wagner in 1925.

At a Washington news conference Tuesday, Kennedy expressed his displeasure with the situation and said it could be "very harmful to those mentioned and to the Democratic party."

He said he had originally

whether he would endorse a candidate, but that "the charges and countercharges have thrown the contest for governor into some confusion and made the situation more difficult."

Segregationist, 'Faubus Candidate' Heading for a Runoff

LITTLE ROCK, Ark. (AP) — Segregationist spokesman Jim Johnson, a critic of Gov. Orval Faubus and President Johnson, held a steady lead over six opponents today as returns trickled in from the Arkansas Democratic gubernatorial primary.

If a trend established Tuesday night holds, Johnson will meet

Frank Holt, tagged by all his opponents as a Faubus administration candidate, in a runoff primary Aug. 9.

The runoff winner will not be assured of election as he once was in this traditionally Democratic state. Waiting for him in the general election will be Win-

throp Rockefeller, who easily defeated his Republican primary opponent Tuesday.

Johnson attacked President Johnson and the "Great Society" at every stop. He said his vote indicated that the people of Arkansas still believe in state's rights, constitutional govern-

ment and the right of private property.

Race was not really an issue in the campaign because other candidates did not discuss it. But Johnson reminded his audiences of his segregationist background and he ran strong-

est in south and east Arkansas where racial feeling has always been highest.

Holt and Johnson, colleagues on the Arkansas Supreme Court before they filed for governor in April, ran well ahead of the Democratic field which listed former Reps. Brooks Hays and Dale Alford, Sam Boyce, a pros-

ecutor, Raymond Rebsamen, a businessman, and Kenneth Sulzer, a state legislator.

The Democratic vote, with 2-062 of 2,693 precincts reported was: Johnson 74,336, Holt 61,767, Hays 40,943, Alford 33,329, Boyce 33,126, Rebsamen 20,825, and Sulzer 11,894.

Rockefeller defeated Gus McMillan of Sheridan who got only a token vote. Rockefeller said McMillan, who ran for governor as a Democrat in 1964, was put into the race by Democrats for harassment.

The average automobile repair bill last year was \$24.63.

Debbie and Van

Type-Cast Victims Complain

BY BOB THOMAS
AP Movies-TV Writer
HOLLYWOOD (AP) — "You and I have the same trouble — type-casting," said Debbie Reynolds to Van Johnson.

The setting was Miss Reynolds' sumptuous trailer outside the set of "Marriage American Style," in which both are appearing. It was a pleasant reunion for the graduates of the Louis B. Mayer academy. Both started at MGM, although they never

THOMAS

made a film together there. The two performers, Elizabeth Taylor and Debbie Reynolds, both of whom have been type-cast as Debbie served up chef's salad. Johnson, who was ravenous because he had given up smoking, had three helpings. "That's the true about type-casting," he said as he finished off Debbie's plate as well. "This kisser of mine, it's like a baby's. Always has been. So they could never see me in any kind of a mature role."

LET ME GROW UP

"Same here," said Debbie. "Would they let me grow up with this face of mine? Never." "Not until I went off to London and did 'Music Man' did I convince anyone I could do something beside the boy-next-door," she said.

"It was 'The West Was Won' and 'Molly Brown' that did it for me," said she. "But I want to tell you something. It's not too bad to be type-cast young. Because after you've had all that experience, you can handle the challenging roles and still look young doing them." "I still have trouble with this baby-face of mine," said Johnson, who will be 50 next month and looks 35. "You know I've never been able to play a villain." Until now, I'm going to play a character called Minstrel on "Batman." My agent had a dickens of a time convincing them I could play a villain."

their days at MGM and, perhaps inevitably the name of Elizabeth Taylor came up.

"I remember that book she wrote, 'Nipples and Me.' All about her chipmunk," recalled Johnson. "She used to come in my dressing room with the animal on her shoulder and I'd tell her, 'Will you take that damned thing and get out of here?'"

He mused: "I wonder if I'd do that now."

"Oh, I remember Elizabeth in the MGM school," added Debbie. "She hated school."

Negro to Stay in Rich Suburb

Grosse Pointe Woods
Hostility Shocks Him

Associated Press Writer
DETROIT (AP) — The first Negro resident of the Detroit area's most exclusive section is "surprised and shocked" at the hostility that greeted him. Despite it, he says, "I'm there to stay."

A. Gordon Wright, 46, midwest regional director of the U.S. Commerce Department's Economic Development Administration, Tuesday completed his first week as a citizen of suburban Grosse Pointe Woods. It has not, he said, been a pleasant week.

"There have been cranks going up and down the street — walking, driving shouting 'nigger get out.' You name it and they've done it," Wright said in an interview today. "I just couldn't conceive of running into this sort of thing in 1966."

Grosse Pointe Woods is one of several wealthy communities on Lake St. Clair north of Detroit. The attractive, tree-shaded area is home to much of southeast Michigan's business and automotive elite. Most homes start at \$300,000-\$35,000.

ELITE RESIDENTS
The communities include as residents Henry Ford II, Mrs. Horace Dodge, and other members of influential and wealthy automotive families.

Three years ago this week, the area was the scene of a mile-long "antidiscrimination" march by about 500 persons and joined by Gov. George Romney.

"There is an excessive amount of discrimination in housing," Romney told a rally then. "Some practices in this particular part of the state have been reprehensible."

Army Team Helps Stamp Out Plague

SANTA FE, N.M. (AP) — An Army special forces team has moved into the field in northern New Mexico in a campaign to stamp out Bubonic plague.

The 14 men, operating out of Walter Reed Army Hospital in Washington, D.C., will help health officials do dusting work to kill fleas, believed to be a carrier of the plague.

Bubonic plague-carrying fleas have been found on small animals the past two summers in northern New Mexico, and portions of Utah and Arizona. There have been several human cases of the disease.

BIRDS OF A FEATHER—These three geese, out for a stroll in a Springfield, Mass., park, appear fascinated by another shiny "bird" that blocks their path. One bird nibbles on the tire valve of a Thunderbird automobile while another, apparently more concerned with his image, studies his reflection in the car's surface.

Sewer Pond Idea Urged for Oxford

OXFORD—A lagoon system of sewage treatment with disposal of treated sewage through spray irrigation was recommended to the Village Council last night as a substitute for sanitary sewers.

Consulting engineers Johnson and Aderson, Inc., of Waterford Township have been studying various means of disposal since last March when the village was ordered by the Oakland County Health Department to find a method more acceptable than the present septic tanks.

The preliminary report notes that the ultimate solution to sewage disposal for the village is connection to the proposed Paint Creek arm of the Clinton-Oakland Trunk sewer. It also points out that this solution is 15 to 20 years away.

In the meantime, raw sewage lagoons, built in a series of ponds, appears to be the solution, according to the report.

If the plan proves acceptable, the lagoons would be located on 145 acres northwest of the village around Granger and Dunlap roads.

LATERAL SEWERS

The sewage would be collected by a lateral sewer system and pumped through a force main to the lagoons.

After the sewage has undergone a high degree of treatment, it would be disposed of through spray irrigation. The effluent is then disposed of through percolation into the soil, evaporation and transpiration by plants.

This method is recommended, according to the report, "because of reduced maintenance, ease in expansion if necessary at a later date, and because construction and operating costs are comparable with other methods."

After accepting the report last

night, the council agreed to negotiate with American Aggregates Corp., owners of the land for either purchase or lease of the acreage.

SOIL BORINGS

Once that is accomplished, soil borings must be taken. The State Health Department must then approve the plan.

Troy Paving Is Authorized

Foot Paths Will Give Children Safe Routes

TROY—The construction of asphalt pavements leading to several schools on major roads was approved last night by the Troy Board of Education.

The Troy City Commission authorized the installation of the temporary walkways at its meeting Monday.

The three-foot wide paths were proposed a year ago by the school board as a means

of providing children with safer routes to school.

The estimated \$16,000 project will be paid for entirely by the school district, but will be supervised by the city, which will advertise for bids.

School Supt. Rex B. Smith said that the sidewalks will eliminate the need of busing children along the routes.

It is expected to take a year, and a half from the time of approval to the actual operation.

Councilmen last night questioned the possibility of odors from the lagoon but were assured by Village Manager Robert Smalley and representatives of Johnson and Aderson that there would be no smell.

Dr. Hugh Wilson of the Oakland County Health Department suggested that the Dominican Academy on Draher Road and proposed new subdivisions in Oxford Township also tie in with the lagoon system.

He said health is the primary consideration but that costs might also be reduced in this manner.

3 Flint Men Apprehended

Three Flint men apprehended

early today by Pontiac and State Police face arraignment on charges of breaking and entering.

Held at the Oakland County Jail are J. D. Jones, 21; Boles Jackson, 20; and Lewis Turner, 20.

Turner was arrested by troopers Kenneth Duskey and David Samuels outside the Marindone One-Stop cleaners, 2201 Dixie, Waterford Township.

Jones and Jackson, who fled the scene on foot, were picked up by Pontiac police at 1 a.m. at the intersection of Dixie and Telegraph.

Witnesses told police the three suspects had driven around the cleaning firm several times before entering the building through a rear window.

PROPOSED DEVELOPMENT—Nearly 1,000 of these apartments are planned for an \$18-million development on South Boulevard between I-75 and Squirrel Road in Pontiac Township. The complex, to be known as

South Boulevard Apartments, is being developed by the Biltmore Development Co. The first phase of the new development will include 272 units of one- and two-bedroom apartments.

Troy Apartment Plan Hearing Slated

TROY—A public hearing has been scheduled by the City Commission for Aug. 22 on a proposal to rezone 51 acres adjacent to Big Beaver Airport to allow an apartment development.

The rezoning from residential to multiple high rise has been requested by Dr. Edward F. Swickie of Clawson.

The property is located at the end of Wendland, between Big Beaver and the I-75 expressway.

Swickie is asking for a reclassification of the property that would permit him to build apartments more than two stories high.

Singers to Meet

ROCHESTER—The Rochester-Utica Sweet Adelines will hold their July and August meetings at the Avon Township Library, Pine and West University.

The meetings are held the second and fourth Mondays at 8 p.m.

450 at Hearing

An estimated 450 residents of the Union Lake area turned out last night at a public hearing held to determine whether dock operators on the lake have been infringing on the water rights of lakeside property owners.

George Taack, a representative of the state conservation department, presided over the hearing at Keith School, Walled Lake.

He stated at the outset that the purpose of the meeting was not to reach any final decision but to air the problem for the benefit of all concerned.

The Union Lake Shores Association, headed by Milton Dolan, has led the opposition to an expansion of dock facilities at the Union Lake Beach and Boat Club.

Dolan said that the dock operators have violated the water rights of lake property owners by building excessively long docks out into the lake's south west bay.

He maintained that the docks have shut off normal boat traffic in the area.

Garbage, oil slicks, cans and other refuse have accumulated on nearby shorelines as a result of the marina facilities, he charged.

The residents have no desire to drive the facility from the lake but are concerned about what appears to be an unlimited expansion of a marina that already absorbs 20 to 25 per cent of the bay area, said Dolan.

Under the provisions of the Inland Streams and Lake Act of 1965 the owner of the dock facility, must obtain a permit from the state conservation department in order to expand the marina any further.

LENGTH SHORTENED

One owner noted that she had actually shortened the length of her dock since last year.

Taack said that he will study the evidence presented by both sides and contact the attorneys to arrange another hearing.

Rain Gauges Shape Progress

Chances are that if there is a big ugly-looking can in your neighbor's back yard it's either one of his wife's antiques, a garbage can or a rain gauge.

If the latter is the case that strange-looking device is performing a service much more valuable than most of us realize.

The shape of a community's new sewer or water system, or the location of a bridge may depend on the results charted by that rain gauge.

Pontiac Press Photo

VITAL 'OLD CAN'—Oakland County Drain Commissioner Daniel W. Barry inspects one of the county's 21 rain-gauges. The chart, on the rotating drum, records rain measurements for use in planning drainage and water control facilities and weather forecasting.

Oxford Twp. Lakes Issue Eyed

OXFORD TOWNSHIP—Township Supervisor Lee B. Valentine is attempting to shift control of lake levels in his township to the Oakland County Drain Commission office.

Levels of the Tan, Davis Park, Clear, Long and Squaw lakes are on property now in the estate of J. H. O'Brien and are subject to the control of the administration of that estate, according to Valentine.

He said the levels are controlled by a 100-year-old dam on the property which he claims is unsatisfactory.

In order to "protect the rights, health and safety of the public," he is taking action to have all lake levels established by law and under the supervision of the Drain Commissioner.

The action is permitted, he said, under the Lake Levels Act, No. 194 of the Public Acts of 1939.

Valentine said a special assessment will be made against the land owners concerned at no expense to the township at large.

Egypt, Syria Deal Mortal Blow to Arab Summit

RABAT, Morocco (AP) — [sic] they will not attend the Arab League, scheduled in Algeria, Egypt and Syria have given no fourth summit meeting of the league in September.

PRIMARY ELECTION TUESDAY, AUGUST 2nd

This seems to "cancel" the meeting. It is also a setback to the prestige of the Algerian military regime of Col. Houari Boumedienne.

The sources said Egypt and Syria demanded the indefinite postponement of the September summit, presumably because of tension among the Arab states might threaten to break up the Arab League.

In a speech in Cairo last week, President Gamal Abdel Nasser said he refused to sit beside representatives of "reactionary Arab states." This presumably referred to Saudi Arabia and Jordan, two Arab monarchies which have been promoting the idea of an Islamic pact. The idea is vigorously opposed by the "revolutionary" group — Egypt, Syria and Algeria — who denounced it as a plot to revive Western influence in the Middle East.

Morocco's King Hassan II has kept aloof from the argument over the Islamic pact, but he was known to be lukewarm toward the Algerians meeting. President Habib Bourguiba of Tunisia long ago gave notice that he would boycott the Algerian meeting in any case, as he did the third Arab summit held in Casablanca, Morocco, last September.

Officials in Algiers refused comment. The state-controlled press and radio briefly reported that Nasser had demanded postponement of the summit but did not elaborate.

This is the third big conference scheduled in Algiers to collapse since Boumedienne ousted ex-President Ahmed Ben Bella in June 1965. The \$30-million conference hall built on the outskirts of Algiers for the twice-canceled Afro-Asian summit meeting was to have received the Arab summit as a kind of consolation to Algeria's prestige. It has never been fully used.

At the Arab League's Casablanca summit meeting last year, the Arab chiefs of state adopted a series of resolutions on coordinating their struggle against Israel and refraining from public attacks on each other.

Curtain of Air Shields Drugs

By Science Service
WASHINGTON — An invisible curtain of air designed to keep spacecraft parts dust-free during assembly is now helping the Food and Drug Administration test antibiotics.

The moving air actually insulates a work bench from the person using it.

When new antibiotics are being evaluated, microorganisms riding on the thinnest of dust particles can ruin test results.

The human testers, therefore, must handle samples by reaching through an air curtain that blows away and filters out dust particles as small as .0000117 of an inch.

The air comes down from a filtering hood, through thousands of tiny holes in the work surface, around the filter, and down again.

Flanagan Made It With Lions

Rookie Starters Scarce in Pro Ranks

By BRUNO L. KEARNS

Sports Editor, Pontiac Press
The occasion is rare when a rookie, especially a lineman, can crack a pro football lineup and be considered a regular.

The Detroit Lions have had a few first string rookies in the past but such "finds" seem to be getting scarce.

Gail Cogdell at spread end and Darryl Sanders at offensive tackle were more recent first string starters. Last year, Ed Flanagan, center from Purdue, took over the opening game from the ailing Bob Whitlow and quickly earned his "varsity" letter.

A 6-4 and 250-pounder, Flanagan's choice at center was more than chance and injury to Whitlow.

Lions' coaches were impressed with the native Pennsylvanian from the start of rookie camp in 1965 and put a "future star" label on the big blond immediately.

In the final analysis, Flana-

gan went on to accumulate more playing time than any other rookie last year, having tallied 397 minutes.

The iron-man role is nothing new for Flanagan. He captained the Purdue team in 1964 and likewise led all players in total minutes played.

So certain are the Lions of his physical sturdiness and the idea that he will develop into one of the best in the league, there are no plans about to find a full time second string center.

Rookie Bill Cottrell is listed

as center and tackle, and the Lions feel if a need should arise for a spot reliever, all-purpose lineman John Gonzaga or Roger Shinnis could fill the bill.

Which are the rookies who could crack the roster when training camp ends? And what positions will the Lions be looking for help?

The Lions are after a defensive end and an offensive tackle and trade talks have been reported going on with

Washington, Baltimore and Cleveland.

Veteran Darris McDord and Larry Hand, a soph, are figured set for the defensive end slots. Michigan State's Don Westphalen, a free agent, has impeded the Lions, but the demand is still for experience at the post.

McCord and Ron Kramer signed contracts yesterday.

With Ted Karris still unsigned, rookies Doug Van Horn from Ohio State and Bob Ko-

walski have been receiving the acid test at guard from defensive tackles Alex Karras and Roger Brown.

Gonzaga and John Gordy are most likely holders of the position leaving the Lions a difficult choice for the backup man.

Sanders, Shooks and Jerry Rush, moved from defense, are the players holding the offensive tackle positions. Rush evidently has not come up to expectations at his new job and the Lions realize this is one position where they must gain an experienced hand.

Personnel director Russ Thomas admitted there have been talks with other clubs but nothing as yet has been done in the way of trades.

Baltimore is looking for a punter and Pat Studstill holds the Colts' interest; Washington would likewise deal for Studstill, who walked out of camp in a contract dispute, but coach Otto Graham may have his sights on Joe Don Looney.

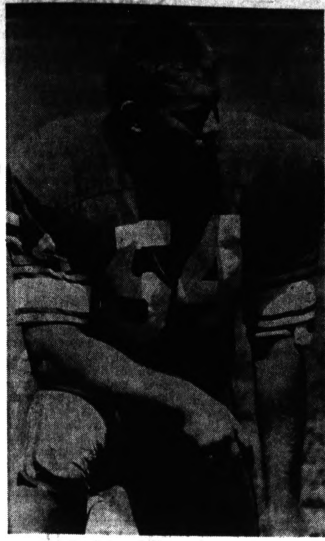

Cleveland has a dire need of defensive backs, having lost two to Atlanta in the franchise picks, and it would come as no surprise if the Browns made a strong overture for Bruce Maber.

The Lions have the largest abundance at these positions, but the question is can these teams supply the Lions' needs? There's always the possibility Cleveland would return Bill Glass to the Lions and the original Fourstars Fourstars would again be intact with Glass and McCord, Karras and Brown.

There are 16 over the limit on the Lions' roster which will be down to 40 for the regular season.

All hands are expected to be ready for the full dress scrimmage at Wiser Stadium Saturday night.

Tickets are available at all Community Bank Branches and various locations in Pontiac.

CHICAGO (AP) — Absence, they say, makes the heart grow fonder. And the Detroit Tigers should appreciate the return to the lineup of Al Kaline, absent since July 19, and Willie Horton, absent since July 24.

The two Tiger outfielders were back in the lineup Tuesday and collected seven of the Tigers' nine hits as Detroit beat Chicago 3-1 in the first game of a scheduled two-night doubleheader.

The second game was called because of rain in the last of the third inning after the Tigers had taken a 1-0 lead.

However, the Tigers gained on the Baltimore Orioles, who

dropped a 7-4 game at the hands of the Cleveland Indians.

The win moved the Tigers back to within 11 games of the Orioles, although the Indians win kept them within a game of the second-place Tigers.

In the first game Horton batted four hits in as many at bats and drove in all three Tiger runs.

FIRST RUN
Kaline went three for four in his first full game since being sidelined with a hip injury.

The White Sox opened the scoring with a run in the third on a bases loaded walk issued

by Mickey Lolich. But Lolich and Dave Wickersham stopped the Sox on their hits for the rest of the game.

The Tigers scored in the fourth when Norm Cash walked and Horton slammed a double to left-center, then again in the sixth when Kaline singled and went to second as Cash grounded out. Horton followed with a single to right, scoring Kaline.

In the eighth Kaline doubled and came in with the final run of the game on Horton's single to center.

Kaline also scored the only

run in the washed-out second game when he singled in the second, went all the way to third on a wild pitch and scored on Cash's sacrifice fly.

Lolich threw 100 pitches in five innings work but gained his ninth victory in 16 decisions. Wickersham stopped the White Sox on one hit and a walk in the final four innings.

It was not announced when the second game of the doubleheader will be made up. Earl Wilson is scheduled to pitch tonight and Denny McLain Thursday for the Tigers.

Senators' Saverine Outhits Bat Stars

By The Associated Press

Tony Oliva is leading the league in batting and Frank Robinson has hit seven homers in the last eight games.

So who's the hottest hitter in the American League? Would you believe Bob Saverine?

Oliva rapped two hits and Robinson tagged his 29th homer but Saverine continued to set the fastest pace with three hits giving him 10 safeties in his last 16 swings.

Oliva drove in two runs with his 19th homer and raised his average to .331 as Minnesota defeated New York 6-3.

Robinson's homer couldn't save Baltimore from a 7-4 defeat by Cleveland. Saverine helped Washington dump California 5-2. Boston rapped Kansas City 5-5 in the other AL game Tuesday night.

THREE SINGLES
Frank Howard and Ken McMullen drove in two runs apiece for the Senators and Saverine

contributed three singles and scored twice.

Howard, batting for Willie Kirkland, delivered a two-run single in the third and McMullen tripled following hits by Ed Brinkman and Saverine in the sixth.

His 10-for-16 swing has raised Saverine's average 30 points from .286 to .296.

Oliva, chasing a third straight hitting title, grabbed the batting lead with two hits against the Yankees. He ripped a two-run homer in the first and doubled in front of Don Mincher's run-scoring single in the seventh.

The hits lifted the Minnesota slugger's average to .331, six points better than Baltimore's Russ Snyder.

The Orioles came out on the short end of a long ball duel with the Indians. Cleveland walloped five home runs—two each by Rocky Colavito and Leon Wagner and one by Fred Whitfield—to outmuscle Baltimore.

Robinson and Luis Aparicio homered for the Orioles, who still lead Detroit by a fat 11 games.

Police Squad Runs Victory String to 8

The Police Officials' Association Class D city junior baseball entry extended its winning streak but another success streak was broken in Class E play Tuesday.

Bob Fulks' run-scoring double capped a four-run first inning and once-beaten POA squad posted a 10-0 victory over the Eagles for its eighth straight win. The "D" leaders now are 9-1 for the summer.

In the "E" games, the House of Barbers Yankees tasted defeat after eight unbeaten games when the Auburn Heights Boys' Club Preps used a seven-run inning for a 12-4 triumph.

Jeff Sowald cracked a grand slam home in the Boys' Club seven-run second and gained the victory in relief. Steve Gracely had four rbi's for the Yankees, rapping a three-run circuit foul and a triple.

Ex-Harvard Grid Star Cough Dies at 72

BOSTON (AP) — Edward L. (Eddie) Casey, former two-time All-American football player from Harvard and later Harvard football coach, died Tuesday. He was 72.

Casey was raised as a great broken-field ball carrier. He first was selected All-American as a Harvard sophomore in 1917 — a rarity — while playing for the Charleston Navy Yard service team.

Florida Deer Crisis Near 'Flood' Stage

Conservationists Are Threatening 'to Shut' Reservoir Gates

ANDYTOWN, Fla. (AP)—A gigantic man-made flood is threatening the last wilderness herd of Everglades deer. Alarmed conservationists are threatening to take the problem into their own hands if they can't get official action.

"If they don't shut down those gates in a week," said Freddie Fiskelli of the Dade County Halftrack Conservation Club, "they're going to be shut anyway."

"We've got about 50 men ready to go," he said, "and we don't care what they do."

Millions of gallons of water a minute are pouring into a 900-square-mile wildlife management area west of Miami, swelling dry land and isolating islands left by the deer.

LEAVES STRIPPED

On most of these, the leaves have been stripped from bushes and the grass torn up by the roots. In the fields where the deer normally graze water stands two to six feet deep.

The entire fawn crop has already been wiped out, the conservationists say, and now the 4,000 to 6,000 bucks and does are starving to death or dying of disease.

The water is being pumped into the wilderness from rich farmlands to the north and is flowing through open gates from huge reservoirs to the east.

The authority to stop it seems buried deep in overlapping state and federal agencies.

But Fiskelli and others who roam the Everglades north of the national park blame the Central and Southern Florida Flood Control District. They want it to stop the pumping and shut the gates.

HIGH LEVELS

The district says it cannot stop pumping the farmlands because a heavy rain would flood out valuable crops. In the reservoirs, the district says, heavy summer rains have created water levels so high that the decision to close the gates is now in the hands of the U.S. Corps of Engineers.

The corps says the gates cannot be closed because water would stack up behind them so high that the levees might be threatened. That in turn would threaten the thickly populated East Coast should a hurricane sweep in, the corps says.

The State Game and Fish Commission erected dozens of feeders last week trying to provide food for the deer. But since the deer are accustomed to the soft grasses of the open fields they would not touch the corn in the feeders.

The flood control district says that attempts to get water to the once-parched Everglades National Park—which is south of the open wilderness—and of the water levels to be too high when the rainy season began.

Over 223 Acres Burned by Fires Near Newberry

LANSING (AP)—Forest fires burned over 223 acres in the Newberry area in the last week as Michigan's northland continued under dry, the Conservation Department said today in a weekly report.

The area had 14 fires, including one which burned over 215 acres.

In the Gladwin district, 21 fires burned over 113 acres, bringing the total burned acreage for the year to 5,570.

The Escanaba district had 16 fires, burning 35 acres, bringing the year's total to 1,513.

Pontiac Press Photo

HANDFUL OF TROUT—Frank Kimmel, 759 Crescent Lake, Waterford Township, displays the 44-pound rainbow he caught Saturday night while fishing Deer Lake. He took the 24-inch prize on a nightcrawler and used a long-handled landing net to boat the fish after it tangled the line around the anchor rope.

Derby Still On

Fish Slump Continues

Fishing has moved into its annual mid-summer slump with only the dedicated anglers on the lakes.

Bluegill fishing in deep water

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Day	A.M.	P.M.
Today	1:00 7:15	4:00 7:40
Monday	1:30 8:05	5:10 8:30
Tuesday	2:10 8:55	4:00 9:20
Wednesday	2:55 9:45	4:40 10:10
Thursday	3:30 10:30	7:20 10:55
Friday	4:45 11:20	8:00 11:45
Saturday	5:30	8:30 12:10
Sunday	6:10 12:35	9:00 12:55

with crickets remains good on inland lakes, but bass are slow and pike practically non-existent. Walleye activity on Lake St. Clair and the St. Clair River is spotty.

The Pontiac Press Big Fish Derby runs until Sept. 5 with \$50 U.S. Savings Bonds being awarded to the fishermen entering the heaviest pike and bass in the Derby.

The leaders are a 6½-pound black bass and a 11½-pound pike.

Only residents of Oakland County are eligible and the fish must be caught in the county and brought to The Press Sports department for weighing Monday through Saturday from 7 a.m. to 2 p.m.

Vern Nottoli of Mt. Clemens picked up a 6-pound, 2-ounce largemouth bass yesterday at Ploeg Lake near Oxford.

Feeding Bears Dangerous Pastime, Says Expert

Tourists who treat bears like big overgrown pets at garbage dumps and other Northern Michigan feeding places are asking for trouble.

This is the view of El Harger, Conservation Department game biologist who has been working on a special bear project for a number of years.

He is concerned, worried and a little put out by the antics that some people display at these areas.

Here, in his words, are some of the things that he's seen at garbage dumps:

"When a bear appears, all of the sightseers jump out of their cars, cameras in hand, and

Dorais Curry Steps Down; Goes to U.P.

Dorais J. Curry will leave his position as Conservation Department deputy director in charge of field operations to resume his former post as regional manager for the Upper Peninsula, Conservation Director Ralph A. MacMullan announced today.

MacMullan said Curry had asked to make the job change for health reasons. It will be effective Aug. 8. No successor to Curry as field deputy has yet been appointed.

Curry, 59, has been a deputy director since Dec. 31, 1963. Previous to that he had been regional chief for the Upper Peninsula for 15 years.

His career with the Conservation Department spans more than 41 years beginning as a fire towerman in 1925.

A native of Trout Creek, Curry had lived and worked his entire life in the Upper Peninsula before coming to Lansing. His new assignment will place him in charge of all the department's Upper Peninsula field operations, with headquarters at Marquette.

State Shooters Score

EAST LANSING (AP)—In a warmup for the annual national tournament at Camp Perry, Ohio, the Michigan State Police pistol team won all four matches in the police team competition at South Bend, Ind., July 22-25.

Area Lake New Home for Muskies

Fifteen-thousand hybrid muskie fingerlings have been planted in a southern Lapeer County lake.

The 1.3-inch fish were placed in Lake Nepeusing. A year ago the lake was poisoned because of excessive carp and rainbows planted as a temporary measure until the muskies became available.

Seven other state lakes received the hybrid (cross between muskies and northern pike) and purebred muskies.

Plantings of hybrids were in Campau Lake, Kent County (1775); Tamarack Lake, Montcalm County (425); Budd Lake, Clare County (2,000); and George Lake, Clare County (2,000). These fish were 5 to 6 inches long.

Gulliver Lake, Schoolcraft County, received 260 seven-lach hybrids.

The hybrids are sometimes referred to as Wisconsin tiger muskies. They are fast growers, but do not reproduce and must be replanted periodically. They have not been planted before in Michigan waters.

Plantings of the purebreds were in Mooshead (1,400) and Moraine (1,375) lakes in Gogebic County. More purebreds will be planted in lakes yet to be announced.

Proud Lake Assistant

Going to Higgins Lake

Clare Chambers, assistant manager of the Proud Lake Recreation area, has been promoted to assistant manager of the Higgins Lake South State Park.

Robert Palowada, a ranger at Island Lake, moves to Proud Lake as assistant manager. Conservation officer Hugh Webb of Caseville will head a newly created forest fire district with headquarters at Rose Lake.

Consider Dunes Bill

WASHINGTON (AP)—The House Interior Committee considered but took no action yesterday on a senate-passed bill to establish the Sleeping Bear Dunes National Lakeshore in western Michigan and one to create a Pictured Rocks National Lakeshore in Michigan's Upper Peninsula.

When the Sleeping Bear Dunes bill was called up, Rep. Charlotte Reid, R-Ill., moved that it be passed over without prejudice to consideration at a later date and the committee agreed.

Later, the committee discussed the Pictured Rocks measure at some length but adjourned without acting on it.

Rep. L. W. O'Brien, D-N.Y., acting chairman, told newsmen that neither bill would be considered further by the committee this week.

Asked why she requested passing over of the Sleeping Bear Dunes bill, Mrs. Reid said she is opposed to it.

Plenty of Permits for Teal Available

The Conservation Department has 15,000 permits available for the special Sept. 12-20 teal hunting season, but it looks like about half will go begging — the same as last year.

By the end of last week, the department had received a little over 5,000 applications for the permits. The deadline for applying is July 31.

To obtain one of the permits, print your name, address and county of residence on the back of a post card; sign the card; and mail to Blue-Winged Teal, Michigan Department of Conservation, 48926.

By the end of last week, the department had received a little over 5,000 applications for the permits. The deadline for applying is July 31.

Suspected Spy Is Hospitalized

WASHINGTON (UPI) — William H. Whalen, former Pentagon officer charged with conspiring to sell military secrets to the Russians, today was taken to a hospital for chest pains at Ft. Belvoir, Va. Army hospital.

Whalen, a retired lieutenant colonel, was taken on a stretcher from his home near suburban Alexandria, Va., yesterday and transported by a private ambulance service to the hospital.

A spokesman for the hospital said Whalen was brought to the emergency treatment room and told a doctor he had chest pains. He said preliminary tests were made but there would be no report on his condition or a diagnosis revealed until today.

"We are treating him as any other patient," the spokesman said. "He may be here for one or two days. We will check him out."

Whalen has a history of heart trouble, and reportedly has had several heart attacks. He was retired from the Army on disability, after serving with the Joint Chiefs of Staff in the Pentagon.

In Waterford Township

Planners Oppose Rezoning for Project

A rezoning request for a proposed 124-unit apartment development was unanimously recommended for denial last night by the Waterford Township Planning Commission.

P. A. Secord's request to change the zoning classification of property on M59 near Elizabeth Lake Road from exclusive business (C-4) and single family residential (R-1A) to multiple dwelling residential (R-2) will next be considered by the Oakland County Coordinating Zoning and Planning Commission.

The township board, however, stated that they recognized the existence of an extreme case of hardship and suggested that the township board consider some legal solution to the problem.

Recommended for approval

The planners, however, stated that they recognized the existence of an extreme case of hardship and suggested that the township board consider some legal solution to the problem.

Police Arrest Three Youths at Warehouse

Pontiac police responding last night to a burglar alarm at a sales warehouse at 40 W. Pike arrested three youths who allegedly fled from inside the building.

Held at the Oakland County Jail on charges of breaking and entering are Ronald Newcomb, 20, of 372 Prospect and Clifford Martin, 19, of 623 Going.

The third suspect is a 16-year-old juvenile.

Patrolmen Michael D. Bates, Edward A. Johnson, and Gary F. Root surrounded the Goodyear Tire Co. store just after 7 p.m. when the building's alarm sounded.

The three youths, who police said were leaving the rear of the building carrying guns, radios, and television sets, started to run.

WARNING SHOTS

Warning shots fired over their heads brought the trio to a halt, police said.

Newcomb and Martin face arraignment in Municipal Court while the third boy has been turned over to juvenile authorities.

Service will be 2 p.m. Friday at the Bell Chapel of the William R. Hamilton Co., Birmingham. Burial will be in White Chapel Memorial Cemetery, Troy.

Surviving besides her husband are a daughter, Mrs. Donald B. Shier of St. Clair Shores; a sister, Mrs. Wilfred E. Shaw of Marshall, Ill.; her mother, Mrs. Elmer Paul of Champagne, Ill.; and two grandchildren.

"I left with the knowledge that I might not return, but I also knew that it was a flight that might possibly save you from enduring the hardships of a war or the oppressive hell of a cruel Godless, Communist regime.

"Mine was not a thankless sacrifice for I have done this for you, mother and our country."

"These words sound empty and hollow to me tonight and to you also, probably, but in time you will understand... now you must be happy for you have your lives ahead of you."

Delano died only one month before his second tour of duty in Viet Nam would have been completed. He had been in the Army for 18 years.

He left the letter to be read only in case he was killed. He told his wife to read it to the children.

Last week, Delano, a native of Abilene, Tex., died in the wreckage of his light single-engine artillery observation plane. It was shot down by the Viet Cong.

"MIGHT NOT RETURN"

Mrs. Delano read the letter to Jackie, 13, Rebecca, 12, Charles, 11, and Henry, 4.

"(They (the Vietnamese) do not really know what it is like in a free country like America," the letter continued. "I am a professional soldier and our country needs its best to help stem the tide of communism; therefore I have been selected to go.

"I left with the knowledge that I might not return, but I also knew that it was a flight that might possibly save you from enduring the hardships of a war or the oppressive hell of a cruel Godless, Communist regime.

"These words sound empty and hollow to me tonight and to you also, probably, but in time you will understand... now you must be happy for you have your lives ahead of you."

House Fire Causes \$5,000 Damage

Fire which broke out at the rear of a Pontiac house early today had an estimated \$5,000 damage to the building and \$1,500 damage to contents.

Three engines and a ladder truck responded to the alarm, sounded about 3:15 a.m. when flames were discovered in a two-story frame home at 99 Gladstone.

Asst. Fire Chief J. Lee Nye said three occupants of the house escaped unharmed from the blaze, which moved up the back of the home and into the attic.

Nye said cause of the fire was as yet undetermined. The R-1B to C-1 parcel at Tilden and Boston to make a beauty

Area Deaths

Rev. Harry Markley

Service for former Pontiac resident Harry M. Markley, 92, of Rapid City will be Saturday morning in the Presbyterian Church in Elk Rapids with burial there in the Elk Rapids Cemetery.

His body was taken to the Wilhelm Funeral Home in Elk Rapids, Minn., by the Donelson-Johns Funeral Home.

The Rev. Mr. Markley, a retired minister, died this morning after a long illness. He was a member of the Presbyterian Church, Elk Rapids, and the Masonic Lodge.

Surviving are a daughter, Mrs. Margery E. Schoelkopf of New York City, two sons, Dr. John M. Markley of Bloomfield Township and Clifford H. of Bartlesville, and two grandchildren.

Mrs. Robert DeHette

ROCHESTER — Mrs. Robert (Nell) DeHette, 75, of 240 First died today after a long illness.

Her body is at the William R. Potere Funeral Home.

James J. Hogan

MILFORD — Military service for James J. Hogan, 59, of 906 E. Commerce will be 1 p.m. Saturday at the Richardson-Bird Funeral Home by the American Legion Post No. 216 and the VFW Post No. 9422. Burial will be in Oakgrove Cemetery.

Mr. Hogan died today. He was the owner of a collision shop.

Surviving are his wife, Katherine and one sister.

'Tattoo Man,'

Escapade Pal

Are Hunted

IONIA (UPI) — Police today were searching for the "tattoo man" and a fellow inmate who walked away from their custody at the Ionia State Hospital for the Criminally Insane.

Authorities said Henry Denner, 35, of White Pine, Tenn., has the nickname "tattoo man" because he is tattooed on each arm and leg.

The most prominent tattoo, on his right arm, bears the words "Locked In Now and Forever" — rather in appropriate to his escape.

He escaped yesterday with Werlin Carson, 36, Center Line.

Devitt was transferred to Ionia April 25 from Jackson Prison for mental treatment after being committed to prison by the Kalamazoo Circuit Court on sentences for breaking and entering and larceny.

Carson was committed to Ionia by Detroit Recorder's Court May 12, 1960, after being arrested for auto theft.

The first subway in the United States opened in Boston in 1897.

U.N. Unit 'Ella' Heading Working on for West Indies Space Pact

GENEVA (UPI) — A United Nations legal subcommittee reached broad agreement here today to place space outside the bounds of any national sovereignty and to ban all weapons from its reaches.

The 28 member nations of the U.N. Legal Subcommittee for Outer Space completed a first reading of draft treaties presented by the United States and the Soviet Union and moved toward the drafting of a final text.

Both powers have advocated approval of a treaty to internationalize celestial bodies and to forbid the stationing or testing of weapons in space.

The rapid progress of the negotiations that began here July 12 made it possible for the committee, which hopes to present a draft treaty to the U.N. General Assembly this fall, to begin work on the final text.

Accord was also reached on safe-conduct for returning astronauts, international liability for damages caused by space ventures, prevention of contamination of space or earth leading to changes in the local environment, and mutual assistance for "the envoys of mankind" in space.

SOME SNAGS

Some snags remained, however, as the negotiators got down to drafting the treaty text.

The United States version insists all space stations and vehicles be "open at all times" to inspection.

The Russian amendment on this article asks that such controls be "subject to agreement between the parties with regard to time."

Other trouble points are the extent of military research in space, freedom of information on space ventures and whether the treaty should extend to outer space or just celestial bodies.

OPERATION HINGES

The operation, however, hinges on whether the township board issues a junk yard permit.

The planners listed three stipulations prohibiting burning on the property, requiring a fence to be built around it and limiting the number of cars to 50 at any one time.

Special approval also was granted for a proposal to allow two horses to be housed at 760 Scott Lake.

However, no stable can be located closer than 200 feet to any residence. Two horses was set as the maximum. The special approval is for a period not to exceed two years.

Youth Is Injured

John Maccomb, 19, of 310 LeGrand, Holly, is listed in good condition in Pontiac General Hospital today with back injuries received in an auto accident early Friday morning.

It was erroneously reported yesterday that he had received minor injuries and had been treated and released.

He claimed that the top-rated candidate, Eugene A. Moore, had an edge because his brother-in-law, Birmingham attorney Walter Denison, was a member of the committee that interviewed candidates on their qualifications.

"We do not feel that another interview is necessary or advisable," said Wallace.

"We also differ with Shifman that one man's presence would prejudice the rating."

NOT PRESENT

Denison had not been present when the committee interviewed Shifman, but Shifman claimed that the mere fact that Denison was a member cast a shadow of the ratings.

"Denison told me that he did not rate Shifman and Moore," said Wallace.

Parolee Killed by Police After Detroit Holdup

DETROIT (UPI) — Melvin Blake, 33, an ex-convict on parole, was shot to death by police last night after a two-block chase from a store where he allegedly pulled a \$2,500 holdup.

The man was killed by a bullet wound in the head, one of two shot fired by Patrolman Walter J. Penda after the holdup of the Packer's Supermarket.

The money and a loaded revolver were found on the dead man's body.

Store officials said an armed man robbed them of \$2,500.

They identified the body as that of the holdup man.

'Ella' Heading Working on for West Indies Space Pact

MIAMI, Fla. (AP) — Ella, the season's fifth tropical storm, plodded on today in the general direction of Puerto Rico with a likelihood she will brush the northern Leeward and Virgin Islands.

The U.S. Weather Bureau in San Juan, Puerto Rico, located, Ella at 5 p.m. EST about 200 miles east-northeast of San Juan. The storm, with peak winds of 50 miles an hour in equals near the center, was moving west to west-northwest at 10 miles an hour. No change was expected for 12 hours.

Heavy swells and occasional thundershowers were forecast for the northern Leewards and Virgin Islands, and residents were cautioned to listen for latest advisories.

Ella's gales extended 200 miles northeast of center and 100 miles southwest.

DOROTHY

Hurricane Dorothy was centered about 500 miles west of the western Azores, moving northeastward. The Washington, D.C., Weather Bureau said highest winds were 75 miles near the center but were expected to diminish during the next 24 hours. Dorothy poses no threat to the mainland for the next two days, forecasters said.

ROCKMAN, JULY 26, 1966. Ethel, age 41; dear mother of Mrs. Mary Anne Anderson, died at 1:30 p.m. Monday, July 25, 1966. Burial at 1:30 p.m. Tuesday, July 26, at the Hutton Funeral Home. Friends may call at the home of the deceased, Mrs. Brockman, 1000 E. 12th St., from 2 to 4 p.m. Tuesday, July 26. Burial at 1:30 p.m. Wednesday, July 27, at the Hutton Funeral Home. Farm Gal's Vocal Lessons  
Prove a Sound Investment

By EARL WILSON

New York — A little blonde farm gal from Mountain View, Okla., named Paula Wayne, who used to wash milk bottles to pay for singing lessons, has made it to the Big Time alongside Judy Garland and Peggy Lee.

Paula's been a friend of mine since she opened at Sammy Davis' leading lady in "Golden Boy" Oct. 20, 1964.

But I never expected her to be as good as she is at the Copacabana. She has a unique dramatic style. She quite believably acts out songs. And she beautifully handles the nostalgic oldies that are often twice as old as she is. Her success at the Copacabana will bring a nice feeling to the old friends back in Mountain View who pooled contributions to send her to Oklahoma State College for Women to study music.

WILSON

Comedian Mal Lawrence referred to Supreme Court Justice Douglas and his bride of 23 "The Odd Couple," and added, "I can't wait to get old."

Frank Sinatra visited Billy Reed's Coney Island Pub a few hours before he took off for Las Vegas to marry Mia Farrow. Billy has now taken the chair Frank sat in and suspended it from the ceiling with a sign saying, "This is the chair Frank Sinatra sat in having his last supper as a bachelor."

Sinatra will do a recording session here today (July 27) then he and Mia will fly to London where he has a flat in Grosvenor Square.

## THE MIDNIGHT EARL . . .

Bob Hope applauded Charlotte Rae, and the cast in Julian Monk's Plaza 9 show . . . Mayne Lindsay was summoned from the dinner table at L'Etoile for a meeting, so the restaurant prepared a hamburger-en-broche-to-go as he sped down Park Ave. . . The storm cloud rumors are surrounding Vanessa Redgrave and her husband, director Tony Richardson. He's taken a villa in the south of France while she films "The Blow-Up" in London.

Jean Pierre Aumont and Marisa Pavan dropped the "Tribute to French Performers" number from their Persian Rari act because Maurice Chevalier was in the audience. "He eez zee master," said Aumont . . . Dinah Shore's getting a new huge closet installed for her latest Taboo engagement.

WISH I'D SAID THAT: "When a fellow gets old it's no problem to resist temptation, the problem is to find some." —Scandal Sheet

REMEMBERED QUOTE: "When you see a married couple coming down the street, the one who is two or three steps ahead is the one that's mad." —Quote.

EARL'S PEARLS: A lady at the Wayfayers Club, planning a trip to Europe, asked the clerk: "Which country has the cheapest post cards?"

Hugh O'Brian was asked by his fan club if he kissed the Blarney Stone when he visited Ireland. Said Hugh: "Her last name was Stone, but her first name wasn't Blarney." . . . That's earl, brother.

Rain Douses  
Parched AreasCentral Part of U. S.  
Gets Welcome Water

By The Associated Press  
Thunderstorms poured down a most welcome rain over wide un-parched sections of the country today.

The rain covered sections between South Dakota on the west and northern Ohio on the east, along the Gulf Coast and over the central and southern Rockies.

In the Far West, the Northwest, and from the Ohio Valley to the interior Gulf states, skies were generally clear.

The early morning rain was largely a continuation of precipitation that had started Tuesday.

## HEAVY RAIN

Heavy rain fell mostly in Kansas, Nebraska, northern Illinois and northern Indiana.

An unofficial report from the Weather Bureau had a 4-inch rain at Vermillion, Kans., 3.30 inches at Pender, Neb., and 3.56 inches at Fairbury, Neb.

Between 2 and 3 inches of rain fell at Rokeby, Waco and Blue Hill, all in Nebraska.  
At Moline, Ill., 3 inches of rain fell in six hours and 2 1/2 inches of it fell in 90 minutes.

## DROUGHT ENDS

Northwest of Chicago, the town of Buffalo Grove was doused Tuesday night with nearly 2 inches of rain. This was more than the area had received in the last 49 days.  
Lightning in central Wisconsin Tuesday killed a golfer and his caddy on a golf course near Fond Du Lac. Two other persons were injured.

Among Tuesday's highest readings, was 100 degrees at Harrisburg, Pa., which equaled the record for the date set in 1940.

High winds and heavy rains struck the El Paso, Tex., area Tuesday night. Heavy wind damage was reported. Power lines were downed and debris lay over flooded roads. Power was cut as far north as Las Cruces, N.M.

List Armed Forces  
at 3,093,356 Men

WASHINGTON (UPI)—A Defense Department report showed yesterday that the armed forces reached a combined strength of 3,093,356 men on July 1.

This was an increase of 37,516 compared to June 1.

The Army increase was from 1,184,323 to 1,199,784; the Navy, from 741,568 to 744,626; the Marine Corps from 255,097 to 261,659 and the Air Force from 874,652 to 887,307.

With the draft set at 28,500 for July, 38,000 for August and 31,300 for September, strength increases are expected to continue at about the same rate.

He Learns  
Clipper's No  
Noah's Ark

MUSKEGON (UPI) — He said he has camped in New York's Times Square and weathered 35 degrees below zero temperatures in his 100-year-old covered wagon, but Pioneer Jim Williams apparently has met his match in the Milwaukee Clipper.

And the Clipper, a ferry service across Lake Michigan, apparently has the backing of an old federal law which prohibits the transport of animals on passenger ships, except those which can be carried in the car or stateroom.

Williams has four pets he wants to take across, but only one could fit in a car or stateroom. He is a wolf dog named Friendly.

The other three are two Zebrabra-striped mules, Patience and Tribulation, and an appaloosa horse called Faithful.

Patience and Tribulation have pulled Williams' wagon more than 12,000 miles since he left Texas over three years ago on a trip sponsored by the National Pioneer Trails, which he serves as president.

Williams' avowed purpose in making the trip is to win 100 million friends and then write a book describing his adventures.

But to date no friends have stepped forward to help him in his desire to take a "short cut" across the lake from Michigan to Wisconsin.

## Sea Hunt Widens

SAN FRANCISCO (AP) — Coast Guard and Navy ships and planes extended today their intensive search over the Pacific for Brig. Gen. Joseph W. Stilwell Jr. and two companions.

They disappeared early Sunday flying a DC3 from San Francisco toward Hawaii.

Stillwell is commander of the Army's Green Beret Training Center at Ft. Bragg, N.C. He was copilot of the missing plane to increase his instrument rating.

Gown Gone,  
So Wedding  
Must Wait

LOUISVILLE, Ky. (AP) — Shorts and a sweat shirt don't a wedding gown make, so Judy Whitteb made to postpone her wedding.

The gown that she had received from her fiancé, Spec. 4 Richard Hagen of Sacramento, Calif., and clothes she had worked as a waitress for a year to buy were stolen from the couple's car.

But the thief missed the shorts and sweat shirt because Judy was wearing them and overlooked the glove compartment where her wedding ring was kept.

Actor Involved  
in Fatal Crash

PISA, Italy (AP) — A car driven by American actor William Holden crashed into the rear of another car Tuesday night and the driver of the other car was killed, Pisa police reported today.

Holden and a passenger in his car were not hurt, the police said.

The accident happened at 10:15 p.m., near Pisa on a superhighway from Florence to the Ligurian Sea.

The police report said a Ferrari 3000 driven by Holden struck a tiny Fiat 500 in the rear as both were heading toward Pisa. The Fiat hurtled into another lane and overturned.

The sole occupant of the Fiat, Giorgio Valerio, 42, of Prato, Italy, died en route to a hospital.

Police said Holden, 48, was accompanied by Sara Salisbury West, 23, of New York.

The dollar sign comes from that of the old Spanish piece of eight, a figure 8 crossed by two lines which stood for the Pillars of Hercules.

## OK Territory Extension

WASHINGTON (UPI) — A House Merchant Marine subcommittee approved a bill yesterday to extend — for fishing purposes only — the territorial waters of the United States from 3 to 12 miles out. The Senate has passed a similar measure.

# Invade North and Finish War—Ky

## Clues Left in Armored Car Holdup

BOSTON (AP) — Boston police say they've given the FBI "a substantial amount of physical evidence" in the hunt for three masked men with machine guns who shot two guards and stole \$68,000 from an armored car.

The noon holdup yesterday at a Veterans' Administration hospital was the fourth armored vehicle robbery in Greater Boston since Jan. 1, with loot totaling \$343,000. None has been solved.

Last Friday, four masked men, again armed with machine guns, took \$147,000 in cash from a Brink's Inc., truck at the Mire Corp. in

Bedford. The money yesterday was in cash and negotiable checks.

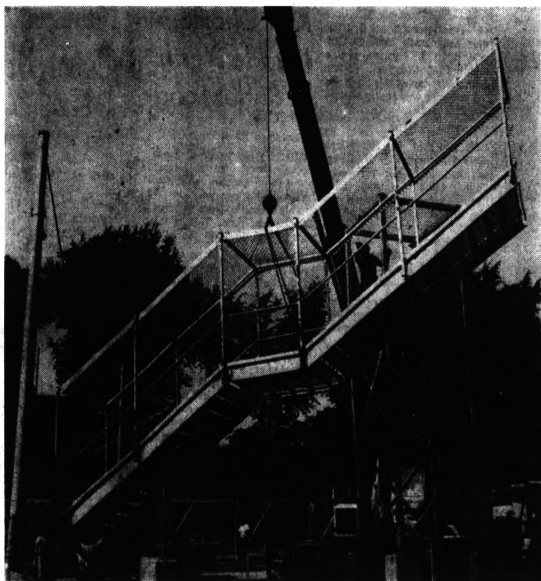

The two guards were not wounded seriously yesterday, but it marked the first time in the series that anyone was injured and the first time shots were fired.

The FBI entered the most recent case because the holdup occurred on government property.

### SHELL CASINGS FOUND

Eight small caliber shell casings were found at the scene and police said they may have come from foreign-made automatic weapons.

(Continued on Page 2, Col. 4)

**ERECT BRIDGE** — Construction crews move the first section of the city's first pedestrian bridge into place on West Huron in front of Webster School. The boxlike span is the first of three

bridges planned in specific spots in the city to safeguard pedestrians. Cost of the bridge was \$17,400.

## Federal Income Will Surpass Estimates

WASHINGTON (AP) — The federal government expects its income for the current fiscal year to rocket about \$4.5 billion above original estimates, it was learned today.

The dramatic upswing in the estimated income is based on current tax rates. Any tax increase would push the total even higher.

If the new estimates materialize, tax receipts in the fiscal year which ends next June 30 would total \$115 billion to \$116 billion.

The administration originally anticipated tax receipts at \$111 billion — \$1.8 billion below estimated federal spending.

Since the original estimates were made, however, there has been increased spending for the Viet Nam war and by Congress. So the expected boost in income still would not be enough to put

President Johnson's budget in the black for the year.

Recent revisions by the Commerce Department of its estimate in personal income for the last 2½ years also played a role in the revision.

## 'Alternative Is 5-10 Years More of Aid'

Viet Premier Replies to U.S. Reluctance on China Confrontation

SAIGON, South Viet Nam (AP)—Premier Nguyen Cao Ky gave the United States a choice to-day of aiding South Viet Nam another five or 10 years or invading North Viet Nam to finish the war.

Citing repeated Communist declarations to fight on as long as 20 years, Ky told a news conference on his regime's progress: "We have the patience but can we have the same thing of our allies?"

"Are they ready to help us for five to 10 years? If not, we must destroy the Communists in their lair."

Reacting to the Johnson administration's repudiation of his suggestions for a military confrontation with Red China and a possible invasion of the Communist North, Ky, 35, declared: "There is no desire on our part to invade North Viet Nam. Our struggle is for our self-defense."

If South Viet Nam becomes strong and a democratic and economically sound example, he

## Election Report

Section B, pages 10-12, of today's Pontiac Press contains a complete roundup of information on next Tuesday's primary election.

Included are biographies of candidates, lists of polling places and maps of political districts.

## L'I'L ONES

"If they call something a 'summer experience,' it means you're supposed to learn something."

**PLAN NEW APARTMENTS** — Pontiac Township officials and representatives of the Biltmore Development Co. discuss a proposed \$18-million apartment complex planned for South Boulevard between I-75 and Squirrel Road, Pontiac Township. They are (from left) Township Supervisor Leonard

F. Terry, Township Treasurer Mrs. Goldie B. Mallah and Abraham Ran and Aaron Ginsberg, construction superintendent for the development company. The developers applied for a building permit yesterday.

## Congress Considering Scope of Air Strike

WASHINGTON (AP) — Congress starts considering today whether the 30-day airlines strike is a national emergency

or just a multimillion dollar nuisance.

Witnesses for the five grounded airlines, the striking machinists' union and the Defense, Labor and Post Office Departments open a Senate hearing on special legislation to halt the strike.

## Showers, Cooler Through Evening

Early morning showers brought much-needed relief from the blistering high of 97 recorded at 4:50 p.m. yesterday in downtown Pontiac.

The beneficial rains measured .6 of an inch.

The weatherman forecasts showers and thundershowers throughout the day and evening will end tonight with temperatures turning cooler.

The mercury registering lows of 62 to 68 tonight will climb to highs of 78 to 84 tomorrow.

The outlook for Friday is partly cloudy and mild.

A muggy 69 was the low recording prior to 8 a.m. The thermometer reading at 1 p.m. was 75.

## GM Reports Drop in Profits

2nd-Quarter Figures Sharply Reduced

DETROIT (AP) — General Motors, the nation's largest manufacturing concern, has reported sharply reduced second-quarter profits. The company said lower unit sales and higher costs were to blame.

Ford Motor Co.'s six-months earnings report was due today and Chrysler Corp. will announce its figures tomorrow.

GM reported a drop of almost \$100 million yesterday for the second quarter as compared with the same period last year but company officials continued to forecast "another good year."

The giant company's earnings for April, May and June were given as \$46,035,382. In the second quarter of 1965 the firm reported a record \$638,460,946 in earnings.

However, sales for the quarter were off only 2.7 per cent from previous second quarter. This year's quarterly sales figure was \$5.501 billion, compared with \$5.671 billion in the same period last year.

### EXPLAIN DROP

GM Chairman Frederic G. Donner and President James M. Roche explained the drop saying the early part of last year's production and sales increased abnormally as a reaction to strikes.

The officials also said second-quarter earnings were affected. (Continued on Page 2, Col. 6)

## Teen Cyclist Fatally Injured in Area Crash

An 18-year-old Farmington Township youth died yesterday afternoon in Botsford General Hospital, Farmington, from injuries received in a motorcycle accident last yesterday morning.

Police said Thomas C. Huss, of 33653 Harlow, hit a car turning left, fell off his cycle and was run over by another car.

The accident occurred at Farmington and Longwood, Farmington Township.

Police said Huss struck a car driven by Mrs. Mary Gurgash, 41, of Southfield, as she was making a left turn. He was thrown into the path of a car driven by Theodore Lindstrom, 19, of Livonia.

ELBERT HARVEY LINDSTROM  
State Senator — Political Ad.

## The Motorcycle 'Boom'—Fun and Death

(EDITOR'S NOTE: This is the first article in a two-part series on the rapid growth of motorcycling as a sport and the accompanying rise in motorcycle accidents.)

By DAVID J. COOK  
With debate on automobile safety factors still hot among legislators and law enforcement officials, public concern in Oakland County is being drawn to another potential road threat.

A sharp upturn in motorcycle injury accidents and six deaths in little over a month in the Pontiac area are prompting the attention.

By any measurement, motorcycles have descended upon the traffic and recreational scene throughout the county like a summer storm.

One dealer commented that he now sells as many motorcycles in one week as he did in the entire year of 1960.

Registrations at the Pontiac

and Waterford branch offices of the Secretary of State have soared to as high as 65 a day.

### HIGH TOTAL

The total recently passed 3,300 for this year, nearly half the 6,800 figure for the entire county in 1965.

"One boy came in and got plates for his new Yamaha," relates Mrs. Lucille Marshall, Pontiac branch manager.

"He was back the next day

transferring his registration — he had run the bike into a concrete abutment and all that was left was the license plate."

Such persistence and apparent lack of concern undoubtedly lie behind much of the current popularity of the motorcycle.

### OUT FOR SPEED

The fact that some cyclists are literally "out for speed" may also explain some of the present alarm over injuries.

"There is no such thing as a 'minor' accident on a motorcycle, especially the small ones," said Dr. Oliver W. Page, emergency room chairman at Pontiac General Hospital.

"Compound fractures, head injuries, severe lacerations, and

(Continued on Page 2, Col. 3)

## To Arraign Pair in Robbery of Michigan Bank

PORTLAND, Ore. (AP)—Two Reed City, Mich., men faced arraignment Tuesday in connection with a \$53,648 bank robbery in Bark River, a community in Michigan's Upper Peninsula.

Roy Edwin Walde and Clarence Elmon Walde were to appear before U. S. Commissioner Claire Mundoff for arraignment. They are charged with robbing the Bark River State Bank June 27.

They were arrested at a downtown bus station here Tuesday. A third man, Robert D. Ross, was arrested and jailed in Superior, Wis., June 28 in connection with the robbery. Ross escaped from jail July 7 and has not yet been apprehended.

The longest bridge game on record was played by four British students in 1964, who played continuously for 114 hours.

## 18th, 19th Districts Will Have Runoffs

Primary runoffs are being held Tuesday in both of Oakland County's U.S. congressional districts.

In the 18th District, the race is between two Democrats, while in the 19th, three Republicans are seeking the nomination.

The incumbents, Congressman William S. Broomfield, R-18th, and Billie S. Farnum, D-

19th, are unopposed in the primary.

Broomfield Farnum

Broomfield, 44, of Royal Oak is serving his fifth two-year term in the House. Farnum, 50, of Waterford Township is serving his first term.

They will be opposed in the Nov. 8 general election by the victors in the primary. A two-year term is at stake.

## Republicans 19th District

RICHARD D. KUHN

The GOP nominee for the 19th congressional post in the 1964 election, Richard D. Kuhn, is a Pontiac attorney and business man.

Kuhn, 36, of 205 Gateway Waterford Township, was elected in 1961 as the Representative to the State Constitutional Convention from the old 1st Legislative District.

He served on the convention's education and legislative powers committees, and was chairman of the subcommittee on the Legislature.

In six elections prior to the 1964 campaign, Kuhn was an unsuccessful candidate for the GOP nomination for state senator from Oakland County.

A 1956 graduate of the Detroit College of Law, Kuhn's interest in politics dates back to 1943 when he served as a Capitol pageboy in Washington for three years.

He has been a delegate to Republican county and state conventions.

In 1952 he attended the National Republican Convention as an appointee of Arthur Summerfield.

Kuhn, a former chairman of the Central Oakland Planning Council for the National Foundation for Infantile Paralysis, is a member of the Pontiac Kiwanis and Optimist clubs, the Michigan State University Club

JACK H. McDONALD

The supervisor of Redford Township, Jack H. McDonald is the immediate past chairman of the Wayne County Board of Supervisors, the youngest man ever to hold the office.

McDonald, 34, of 15662 Denby, is currently chairman of the board's Ways and Means Committee.

He is serving his third term as supervisor in Redford, the most populated township in the state.

In January, McDonald was named "Young Man of the Year" by the Detroit Junior Board of Commerce. A year earlier he had received the same honor from the Redford Jaycees.

He is a director of the Michigan Townships Association and the National Parks and Recreation Association.

McDonald is a Trustee of the Metropolitan Fund, a member of Gov. Romney's Advisory Committee on Local Government and the National Association of County Officials, and a former president of the Supervisors' Out-County Association.

He and his wife Joyce have two children. A graduate of Redford High School, McDonald attended Wayne University for one year.

He started his career as a salesman and the census for Chamber of Commerce, Sigma Nu Phi fraternity and the Michigan for the U.S. Department of Commerce.

LARRY D. VANDERMOLEN

A political science instructor at Schoolcraft College in Livonia, Larry D. VanderMolen majored in international relations at Western Michigan University, where he received a bachelor's degree in social studies and a master's degree in political science.

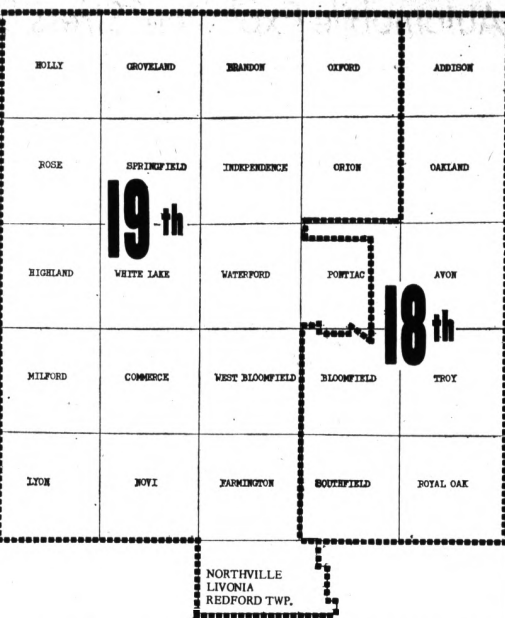

VanderMolen, 26, of 31675 Shawnee, Farmington, is currently studying for his doctorate at Michigan State University.

From 1961 to 1963, VanderMolen was chairman of the social science department at Orchard View High School in Muskegon where he taught American History.

He has also been a teaching graduate assistant in political science at Western Michigan University.

Elected in 1960 to Pi Gamma Mu, the National social science honor society, VanderMolen has been an active participant in the Michigan Center for Education in Politics.

He has specialized in Asian studies and was honored by the Institute of Regional Studies at Western Michigan University for excellence in writing an essay, "The Political Role of the Burmese Military."

U.S. HOUSE DISTRICTS — Oakland County is divided into two congressional areas. The 18th includes the cities of Southfield, Birmingham, Bloomfield Hills, Royal Oak, Berkley, Oak Park, Pleasant Ridge, Ferndale, Hazel Park, Madison Heights, Clawson and Troy. The 19th District takes in the remainder of the county, including the city of Pontiac, plus Northville, Livonia and Redford Township in Wayne County.

## Pontiac Proposal

City residents will find one proposition on their primary ballots Tuesday. The proposal asks voter approval to amend the city charter to permit all full-time elected officials to join the city's general employee pension plan.

At the present time the city has only two full-time elected officials. These are the two Municipal Court judges. They initiated the present ballot proposal.

City voters will be asked to vote "for" or "against" the charter amendment, which also would permit retroactive pension service credit to Dec. 31, 1945, if the judges make up their contributions.

Tuesday's primary election will be different from most city elections for a few Pontiac electors. (See map below).

TWO DISTRICTS Pontiac is divided into two state legislative districts, 62 and 63. District 62 takes in most of the city. However, precincts 24, 25, 28 and 33 are

in District 63 and voters will select candidates seeking the District 63 nomination. Portions of precincts 2, 26, 27, and 29 are split between the two legislative districts.

City Clerk Mrs. Olga Barkeley said very few voters, probably less than 50, will be voting Tuesday at a location different from their normal polling place.

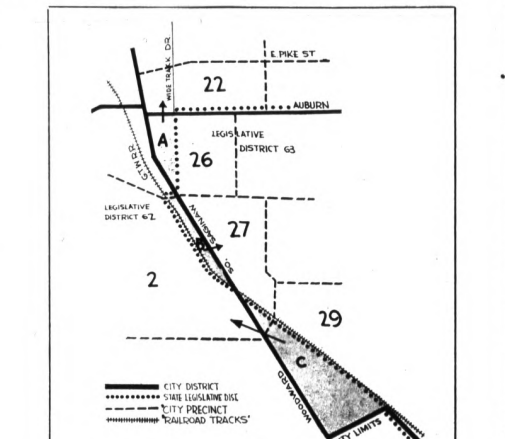

The clerk said all registered voters in parts of those four precincts, who must vote at a different location, have been notified of the change by mail.

PRECINCT REQUIRED Precinct boundaries can't be changed without altering city district boundaries, and district lines can be changed only by a vote of the public.

Tuesday's election differs in one other respect from the last city election. Precinct 33, formerly at the U.S. Naval Training Center, has been moved to Frost Elementary School.

## List of Pontiac Precincts

- | Precinct                          | Precinct                      | Precinct                      |

| 8—Pontiac Central High School     | 23—Eastern Junior High School | 37—Jefferson Jr. High School  |
| 9—Crofoot School                  | 24—Longfellow School          | 38—Mark Twain School          |
| 10—Frost School                   | 25—McConnell School           | 39—Washington Jr. High School |
| 11—Fire Station No. 3 (Close St.) | 26—McConnell School           | 40—Washington Jr. High School |
| 12—Wiser School                   | 27—Wilson School              | 41—Webster School             |
| 13—Lincoln Junior High School     | 28—Wilson School              | 42—Owen School                |
| 14—Lincoln Junior High School     | 29—Wilson School              | 43—Malkin School              |
| 15—Owen School                    |                               |                               |

VOTING ELSEWHERE—There are about 50 registered voters living in the shaded areas on this map who will be voting at a different location than normal Tuesday. Voters in area A, a portion of Precinct 26, will be voting in Precinct 22. Those in area C, portions of Precincts 27 and 29, will vote in Precinct 2. Areas A and C lie in Legislative District 62. Area B, part of Precinct 2, will vote in Precinct 27, since area B lies in Legislative District 63.

## 2 Dem Giants Seek Griffin's Seat in Senate

By JIM LONG The race for the Democratic nomination for U.S. Senator from Michigan has pitted together two political giants, Detroit Mayor Jerome F. Cavanagh and former Gov. G. Mennen Williams.

Williams served an unprecedented six terms as head of the state before stepping down to become the undersecretary of state for African affairs in 1961.

In that same year, Cavanagh moved into the spotlight as he scored an upset in his first bid for public office, defeating incumbent Detroit Mayor Louis C. Mirani by more than 40,000 votes.

The winner in the Aug. 2 primary will oppose the Republican incumbent, Robert Griffin, in the November general election.

Both Williams and Cavanagh began their careers as attorneys.

Cavanagh, 38, graduated from Detroit's St. Cecilia High School in 1946, received his bachelor of philosophy degree in political science from the University of Detroit in 1950, and gained his law degree from there four years later.

In 1962, Cavanagh was selected by the Detroit Junior Board of Commerce as the "outstanding young man of the year."

This was followed by his selection by the State Junior Chamber of Commerce as one of the five leading young men in Michigan.

The U.S. Junior Chamber of Commerce was next to honor him, naming him as one of the nation's 10 outstanding young men in 1963.

He was best known in Congress as coauthor of the Landrum-Griffin labor act.

In 1959, Griffin was named as one of the 10 outstanding young men in the nation by the U.S. Junior Chamber of Commerce.

JEROME P. CAVANAGH

G. MENNEN WILLIAMS

## Machine Vote in Waterford

Waterford Township electors will vote by machine from 7 a.m. to 8 p.m. Tuesday at 23 polling places.

Precincts and their locations are as follows:

- Precinct 1—Jayno Adams School, 3810 Clintonville.
- Precinct 2—Fire Station No. 2, 496 W. Walton.
- Precinct 3—Waterford Village School, 4241 Stefens.
- Precinct 4—Williams Lake School, 2525 Airport.
- Precinct 5—Fire Station No. 3, 3435 Elizabeth Lake.
- Precinct 6—Covert School, 1150 Scott Lake.
- Precinct 7—Donelson School, 1200 W. Huron.
- Precinct 8—Stringham School, 4350 Elizabeth Lake.
- Precinct 9—Beaumont School, 6532 Elizabeth Lake.
- Precinct 10—Lambert School, 3576 Cass-Elizabeth.
- Precinct 11—Donelson School, 1200 W. Huron.
- Precinct 12—Schoolcraft School, 6400 Maceday Drive.
- Precinct 13—Pontiac Lake School, 2515 Williams Lake.
- Precinct 14—Drayton Plains School, 3000 Sashabaw.
- Precinct 15—Monteth School, 2303 Crescent Lake.
- Precinct 16—Leggett School, 3621 Pontiac Lake.
- Precinct 17—Burt School, 581 S. Winding.
- Precinct 18—Waterford Center School, 1021 Airport.
- Precinct 19—Grayson School, 3800 W. Walton.
- Precinct 20—Lotus Lake School, 6455 Harper.
- Precinct 21—Cooley School, 1950 Inwood.
- Precinct 22—Sandburg School, 1355 Merry.
- Precinct 23—Della Lutes School, 5195 Pontiac Lake.

## Democrats 18th District

THEODORE N. KRATZET A real estate salesman, Theodore N. Kratzet of Royal Oak is employed with the Kenneth Carter Co., Grosse Pointe.

Kratzet, 37, of 526 N. Washington formerly was a stock broker with the Baker Simond Co.

He attended Trinity College for three years.

He received a bachelor of Arts degree from Dartmouth College in 1947, majoring in political science. He served in the Army Air Force from 1943 to 1946.

Merrill obtained his law degree from Yale in 1950. During 1957-58, he was a member of the Birmingham Planning Board.

His resignation as chief assistant attorney was necessary because federal law prevents a person from running for a party, then attorney general.

During the five years he held

the post, Merrill was responsible for prosecuting major federal cases involving organized crime, income taxes and mail fraud.

A long-time resident of Oakland County, Merrill graduated from Birmingham High School in 1941.

He started his career as a salesman and the census for Chamber of Commerce, Sigma Nu Phi fraternity and the Michigan for the U.S. Department of Commerce.

WILLIAM H. MERRILL

## New Onion Dressing Flavors Salad Layer

Here's a cool dish, perfect for patio parties, afternoon or night: a sparkling molded salad in two layers — one crystal clear with crisp cut-up vegetables, the other, rich and creamy with chicken and ham — satisfying yet light, simple to make.

A new bottled creamy onion dressing — so convenient because it has bits of sweet onion and a marvelous touch of dill blended in with other flavorful seasonings — gives the salad a tangy, lively taste.

Unmold the salad onto a platter that's been chilled. Garnish with greens and, if you wish, surround it with

carrot "marigolds" and turnip "lilies."

They're fun to make, with a few quick strokes of the vegetable peeler and kitchen shears. A colorful garden is a bloom on your table.

**Crystal Garden Salad Mold**  
2 envelopes gelatin salad mix  
2 cups boiling water  
2 tablespoons vinegar  
¾ cup cold water  
¾ cup bottled creamy onion dressing

½ cup shredded carrot  
½ cup thinly sliced radishes  
½ cup diced seeded green pepper  
½ cup thinly sliced celery  
1 cup peeled diced cucumber  
2 teaspoons parsley flakes  
2 cups finely chopped cooked chicken, or 2 cans (5½

ounces each) boned chicken, diced  
1 cup finely chopped baked or boiled ham  
1 teaspoon bottled horseradish

Empty one envelope gelatin mix in each of two large bowls. Dissolve each in 1 cup boiling water. Add 1 tablespoon vinegar to each bowl. To one add the cold water. To the other add the creamy onion dressing. Stir to blend well.

Chill clear mixture until syrupy. To it add carrot, radishes, green pepper, celery. Pour into a 9x5x3-inch loaf pan or a 6-cup mold. Chill until layer is firm.

Blend cucumber, parsley, chicken, ham and horseradish into gelatin with creamy onion dressing. Pour over firm

layer in pan. Chill until firm (at least 6 hours). Unmold onto chilled serving plate. Makes 8 to 10 servings.

If desired, garnish with greens and vegetable flowers.

**To Make Carrot Marigolds:** Slice thin, lengthwise strips from scraped carrot, using a vegetable peeler. With kitchen shears make ¼-inch wide slits halfway through carrot slice along one long edge, (making a strip resembling a comb). Place strips in ice water for 1 hour. Curl strips around finger and secure with toothpicks.

**To Make Turnip Lilies:** Cut a pared small turnip in very thin slices. Roll slices up cornucopia fashion. Insert a thin strip of carrot in each. Fasten securely with toothpicks.

A COOL APPROACH—A cool molded salad in two sparkling layers has a refreshing taste that comes from a creamy onion dressing, conveniently bottled, perfectly seasoned. Dress up this easy-to-make summertime salad with colorful vegetable flowers and serve with a cold drink quickly made from a flavored iced tea mix.

### Grill Chicken in Foil Pack

**SUMMER COFFEE BREAK**—Glasses of iced coffee and a plate of vanilla wafer sandwiches offer relaxation on a hot day. Coffee cubes will keep the flavor of the beverage just right. Cool and pour your everyday coffee into ice cube trays and freeze. Put packaged vanilla wafers together with Mocha Butter Creme filling: Cream 3 tablespoons butter or margarine to consistency of mayonnaise. Add ½ cup confectioners' sugar while continuing to cream. Blend in 1 envelope (1 oz.) no-melt unsweetened chocolate (or 1 square unsweetened chocolate, melted). Add 1 cup confectioners' sugar alternately with enough strong cold coffee to make a good spreading consistency (about 2 tablespoons), while continuing to cream. Add ½ teaspoon rum or brandy flavoring.

Here's a brand new way to prepare chicken on the outdoor grill, suggests the National Broiler Council.

For each serving, use an 18x12-inch piece of heavy duty aluminum foil. Just off center place a quarter of a chicken; add sliced onion, potato slice, green pepper rings. Sprinkle with salt, pepper, and tarragon.

Dot with butter, wrap securely, and grill for 45 minutes to 1 hour, turning every 20 minutes. It's a marvelous chicken meal-in-a-bag.

## NOW IN PONTIAC

# Egypt, Syria Deal Mortal Blow to Arab Summit

RABAT, Morocco (AP) — (tice they will not attend the Arab League, scheduled in Al- Egypt and Syria have given no fourth summit meeting of the giers in September.

(Political Advertisement)

You'll Be Ahead With

## ROY WAHL

DEMOCRATIC CANDIDATE FOR

### Pontiac Township SUPERVISOR

ROY WAHL KNOWS HIS COMMUNITY

- ★ Roy Wahl is Chairman of the Pontiac Township Zoning Board
- ★ Roy Wahl is Chairman of the Pontiac Township Board of Appeals
- ★ Roy Wahl is a 35 year resident of Pontiac Township
- ★ Roy Wahl is a Pontiac Township Businessman
- ★ Roy Wahl is Active in Civic and Local Programs

PRIMARY ELECTION TUESDAY, AUGUST 2nd

This seems to cancel the summit. It is also a setback to the prestige of the Algerian military regime of Col. Houari Boumedienne. The sources said Egypt and Syria demanded the indefinite postponement of the September summit, presumably because tension among the Arab states might threaten to break up the Arab League. In a speech in Cairo last week, President Gamal Abdel Nasser said he refused to sit beside representatives of "reactionary Arab states." This presumably referred to Saudi Arabia and Jordan, two Arab monarchies which have been promoting the idea of an Islamic pact. The idea is vigorously opposed by the "revolutionary" group — Egypt, Syria and Algeria — who denounced it as a plot to revive Western influence in the Middle East. Morocco's King Hassan II has kept aloof from the argument over the Islamic pact, but he was known to be lukewarm toward the Algiers meeting. President Habib Bourguiba of Tunisia long ago gave notice that he would boycott the Algiers meeting. In any case, as he did the third Arab summit held in Casablanca, Morocco, last September. Officials in Algiers refused comment. The state-controlled press and radio briefly reported that Nasser had demanded postponement of the summit but did not elaborate. This is the third big conference scheduled in Algiers to collapse since Boumedienne ousted ex-President Ahmed Ben Bella in June 1965. The \$30-million conference hall built on the outskirts of Algiers for the twice-cancelled Afro-Asian summit meeting was to have received the Arab summit as a kind of consolation to Algeria's prestige. It has never been fully used. At the Arab League's Casablanca summit meeting last year, the Arab chiefs of state adopted a series of resolutions on coordinating their struggle against Israel and refraining from public attacks on each other.

## Curtain of Air Shields Drugs

By Science Service  
WASHINGTON — An invisible curtain of air designed to keep spacecraft parts dust-free during assembly is now helping the Food and Drug Administration test antibiotics.

The moving air actually insulates a work bench from the person using it.

When new antibiotics are being evaluated, microorganisms riding on the dust of dust particles can ruin test results.

The human testers, therefore, must handle samples by reaching through an air curtain that blows away and filters out dust particles as small as .000117 of an inch.

The air comes down from a filtering hood, through thousands of tiny holes in the work surface, around to the filter, and down again.

**STOCK MARKET DISPLAYS RALLY**

Trading Fairly Active

NEW YORK (AP)—The stock market rallied in fairly active trading early today.

Stocks were rising from their lows of the year as they followed through on a recovery move which was under way late in Tuesday's losing session.

General Motors managed to hold steady despite a substantial decline in earnings reported for the second quarter. U.S. Steel was ahead a fraction even though earnings were down from a year ago.

Standard Oil (New Jersey) rose more than a point following news of records for earnings and revenues on the first half.

BAD NEWS

The ability of GM and U.S. Steel to withstand effects of the bad news, seemed an encouraging sign to some analysts.

Gains of a point or so were made by General Electric, Zenith, Raytheon, United Aircraft, United Air Lines, Schering, U.S. Gypsum and Du Pont.

IBM and New York Central rose more than 2 points each.

Benguet was unchanged at 3 on a block of 10,000 shares.

Opening blocks included:

Sperry Rand, up 1/4 at 99 1/2 on 19,900 shares; Great Western Financial, unchanged at 7 1/2 on 10,000; American Telephone, up 1/4 at 54 1/4 on 3,300; and Boeing, up at 84 1/4 on 4,500.

Prices were generally higher on the American Stock Exchange. Fractional gainers included: Colby, Colman, General Electric, General Motors, IBM, International Paper, Johnson & Johnson, Kodak, L. B. Owens, Raytheon, Schering, U.S. Gypsum, United Aircraft, United Air Lines, Zenith.

Losers included: American International, American Telephone, Boeing, Colby, Colman, General Electric, General Motors, IBM, International Paper, Johnson & Johnson, Kodak, L. B. Owens, Raytheon, Schering, U.S. Gypsum, United Aircraft, United Air Lines, Zenith.

Unchanged: American International, American Telephone, Boeing, Colby, Colman, General Electric, General Motors, IBM, International Paper, Johnson & Johnson, Kodak, L. B. Owens, Raytheon, Schering, U.S. Gypsum, United Aircraft, United Air Lines, Zenith.

Volume: 1,200,000 shares.

NYSE: 1,200,000 shares.

NASDAQ: 1,200,000 shares.

AMEX: 1,200,000 shares.

OTC: 1,200,000 shares.
