

Area Boy Slays Parents in California

Murder Trial Slated for Jury Today

Tsermengas Verdict Due

By GEORGE T. TRUMBULL JR.
The second-degree murder trial of Demitrios B. Tsermengas, accused of the fatal shooting of Texas gangster George Kean here 13 months ago was expected to go to the jury today.

Both the prosecution and defense rested late yesterday afternoon, and closing arguments by both were scheduled this morning. Circuit Judge Frank L. Doty then will charge the jury of six men and six women to bring out their verdict.

Tsermengas, 40, of Ecorse, is charged with murdering Kean when Kean became drunk and

angry during a stop-over here en route to a robbery in Northern Michigan. They had come from Fort Worth.

During cross-examination by Assistant Prosecutor Jerome K. Barry Jr. yesterday afternoon, Tsermengas often became angry and companions plotted to kill Kean because "he was too hot to travel with." Kean at the time was on the "most wanted" list in Texas.

Barry charged that while the two held Kean's arms, Tsermengas pumped a .45 caliber slug into his head.

"I did not," Tsermengas answered.

He stuck to his original story that the shooting was accidental as he tried to remove a "veritable arsenal" from the snoozing and drunk Kean.

Tsermengas said Kean had with him 12-gauge, 16-gauge, and double-barreled shotguns, an automatic rifle and two six-shooters. "He was vicious," Tsermengas remarked.

He said the shooting took place at the Commerce Township home of Donald E. Chandler, 1872 Point Dr., after he had just stopped Thomas D. Smith and Lowell E. (Continued on Page 2, Col. 2)

Mikoyan, Dulles Probe Deadlock on Berlin Issue

Discuss German Unity as Hungarian Pickets Gather Outside

WASHINGTON (AP)—Soviet Dep. Premier Anastas I. Mikoyan and Secretary of State John Foster Dulles met today for talks on the East-West deadlock over German unification and the future of disputed Berlin.

Today's session—the second during Mikoyan's two-week visit to this country—was described by diplomats as strictly a probing operation, with each of the veteran antagonists of the cold war seeking to discover possible weaknesses or concessions in the policies of the other.

Mikoyan, No. 2 man in the Soviet Union, arrived at the State Department in a Soviet Embassy limousine with Ambassador Mikhail Menshikov.

A mixture of snow and rain was falling. But on a nearby corner half a dozen Hungarian pickets displayed their nation's flag with a black ribbon of mourning.

The leader of the pickets was Ferenc Nagy, Hungary's last non-Communist prime minister, who has been in exile since 1947. Nagy was holding the Hungarian flag.

As the two men met today, Dulles wanted to know primarily whether the Soviet government is prepared to enter into serious negotiations later this year looking toward an eventual German settlement.

Mikoyan presumably was anxious to find out whether the United States has any counter proposals to make to recent Soviet demands for withdrawal of Western forces from West Berlin and for an early start on writing a German peace treaty.

Mikoyan told a New York news conference Thursday his country still wants a summit conference on world problems. He said the West cannot sidestep one forever.

Defends Cuban Executions

ANGRY AT CRITICISM — Rebel leader Fidel Castro blasts American criticism of his revolutionary government's execution of war criminals.

Castro warned the United States against attempting any interference, but added that he held only friendly feelings toward Americans.

Youth, 20, Was Discharged as Mental Patient

Forced Him to Play Accordion 8-10 Hours a Day, He Says

SACRAMENTO, Calif. (AP)—A young man discharged from a mental hospital 2½ months ago told police he shot and killed his parents "because they made me practice the accordion 8 or 10 hours a day."

Slight, sandy-haired David K. Sandahl, 20, was booked on two counts of suspicion of murder Thursday night.

The family had moved to California last April from their Waterford Township home at 6411 Harriett St.

Sheriff's Capt. Harold Guerin said Sandahl admitted shooting his parents with a .22 revolver. He was discharged Nov. 1 from DeWitt State Hospital, a mental institution. He had entered the hospital in May.

The father, Ewald L. Sandahl, 52, was a production engineer employed at the Aero-Jet rocket plant and had worked on the atomic bomb at Oak Ridge, Tenn. His wife, Elizabeth Mae, was 55. A traffic accident in which the son was involved led to discovery of the bodies Wednesday. Sandahl fled on foot after running his father's car into a ditch.

The highway patrol traced the car to the Sandahl residence, about 18 miles from Sacramento. The small frame cottage was locked but patrolmen saw the body of the father in the living room. They forced their way inside and found the body of Mrs. Sandahl in a bedroom. Each had been shot in the head.

A motorist, William Mabry, who lives near the Sandahl residence, heard a police radio report. Minutes later Mabry noticed David hitchhiking, gave the youth a lift and persuaded him to let him call police.

David waited, drinking coffee and smoking, at Mabry's home, until they arrived.

Asked why he killed, he replied "I just couldn't take any more from them. My father made me practice the accordion 8 or 10 hours a day."

"I couldn't get out of the house, go out with girls, play ball or anything else," Dr. Thomas Harris, a psychiatrist, was asked to talk with the youth, who wears thick-lensed glasses and chewed gum incessantly.

Dr. Harris described him as a "case of extreme adolescent rebellion. He says he's 20 but he acts like 16 or less."

Road Conditions Very Hazardous

Highways Slippery as Salting Crews Combat Continuous Snow

Road conditions throughout the Pontiac area were reported extremely hazardous today as old man winter moved back into Oakland County after an absence of several days.

State Police said all highways were slippery and snow-covered this morning. In some sections, high winds had drifted snow across roads.

Oakland County Road Commission trucks were fighting to keep ahead of a continuous snowfall since midnight with salting operations.

Cold and snow are expected to continue until Sunday. Today's forecast for the Pontiac area calls for mostly cloudy, windy and colder temperatures with a high near 20.

Snow flurries will gradually diminish tonight and Saturday. The low tonight is a predicted 7 in the city and lower in outlying areas. The high tomorrow again will be about 20.

Winds will be northwesterly 20-25 m.p.h. today diminishing somewhat tonight and tomorrow. The outlook for Sunday is for partly cloudy skies and a slow warming trend. The lowest temperature in downtown Pontiac preceding 8 a.m. was 12 degrees. The thermometer read 13 at 1 p.m.

Income Tax Open Evenings, Sat. & E. P.M. 7-11:30 or 7-10:30.

ENTERS COURT — Accused murderer Demitrios B. Tsermengas, with hands handcuffed behind his back, is led into the courthouse by three Oakland County sheriff's deputies. Tsermengas has been guarded by three deputies throughout the four days of his second-degree murder trial because of a record of attempted escapes in the past, a member of the Prosecutor's Office said.

GM Tests New Device to Cut Smog

DETROIT (AP)—A program to develop a smog control device for use on cars and trucks has been launched by General Motors Corp.

GM described the program as "another of the contributions to the joint auto industry attack on the Los Angeles smog problem."

The auto firm said it planned to test "a technically feasible experimental exhaust control system in an attempt to develop a device that will be commercially acceptable for use on cars and trucks."

GM said the system was developed by Dr. Eugene J. Houdry and constructed by Oxy-Catalyst, Inc., of Wayne, Pa.

It said a 34,000 mile driving test of the system demonstrated "that the device promises major reductions in the emission of unburned hydrocarbons, carbon monoxide and oxides of nitrogen."

It added that several manufacturers and engineering problems needed to be solved before a device would be developed that "will do the required job efficiently and at a reasonable cost to the user."

Veterans Plan All-Out War on Trust Fund Diversion

By PETE LOCHBILER

Hotly opposed to Gov. Williams' plan to tap the \$50,000,000 Veterans Trust Fund, Pontiac veterans groups were marshaling today for all-out war.

Plans were afoot to flood the Legislature with letters of protest against what some veterans leaders called "a violation of sacred trust" and what others branded "a grab."

"The veterans have fought long and hard for the benefits they've got," said Marshall F. Charter, commander of Chief Pontiac Post 377, American Legion. "What we've gained over the years, we definitely intend to keep."

"If the state ever gets its fingers on the trust fund, we'll never get it back," said John L. Brown, commander of Pontiac Post 1370, VFW.

Brown urged all veterans, whether members of veterans groups or not, to oppose the plan through a barrage of letters to the Legislature.

James R. Cavalier, Amvets District 3 commander, said the money which voters set aside for veterans in 1944 was "a sacred trust."

NO SOLUTION

"Violating the trust won't do much to help the state out of its financial troubles," he commented.

Gov. Williams made the proposal yesterday as a means to tide the state over a cash shortage which he said might soon total \$135,000,000 by May 15.

He urged the Legislature to borrow the \$50,000,000, then appropriate annually from general funds an amount equal to the yearly \$1,110,000 interest to underwrite continuation of the indigent veterans.

(Continued on Page 2, Col. 3)

Royal Visit Unconfirmed

DETROIT (UPI)—A spokesman for the mayor's office said today he had not heard about reports that Queen Elizabeth will visit Detroit next summer.

Charges Lack of Leadership in Solving Finance Crisis

GOP Jumps on Williams' Plan for Funds

From Our News Wires
LANSING — Republican legislative leaders today jumped on Gov. Williams' plan to tap the 50-million-dollar Veterans Trust Fund and accused him of "lack of leadership" in solving the state's knotty tax problems.

A barrage of Republican criticism followed the Democratic governor's proposal yesterday to bail the state out of an imminent cash crisis by mortgaging the trust fund, set up to assist needy veterans.

Other GOP lawmakers declined to back it or condemn it before careful study and at least one, Rep. George Sallade (R-Ann Arbor), gave it an outright endorsement. Most insisted on ironclad assurance veterans would not be left in the cold if the plan is adopted.

"It should be remembered, however, that this is taxpayers' money, not veterans' money," said House Speaker Don R. Pears (R-Buchanan).

The possibility of asking voters in the April 6 election to approve a one per cent hike in the state

sales tax has been raised by Pears.

Pears said he "might possibly" push for the referendum as an alternative to the proposed tax package that includes an income tax.

"It's very likely the state might have to endure some payless paydays if a solution to the money

woes is not found soon," Pears said.

Significantly, neither Republican nor Democratic leaders in either the House or Senate suggested an alternative proposal to meet a cash shortage. Williams estimated would soar to 135 million dollars by May 15.

They laid an iron hand on all Senate machinery in adopting ground rules for the 1959 legislature.

Frustrated, outnumbered 23 to 12 and some of them hopping mad, Democrats tried to make up in words for votes they lacked. The resulting bitterness was likely to linger.

At one point, the charge "liar" was hurled by Sen. Basil W. Brown (D-Detroit)

"Actually, there isn't any other solution that I can see," said Rep. Rollo G. Conlin (R-Tipton), chairman of the House Taxation Committee.

Williams has invited leaders of eight state veterans organizations, including the American Legion, Amvets, Disabled American Veterans and Veterans of Foreign Wars, to talk over the proposal with him today.

Briefly, he proposed to turn over two-thirds of the securities in the fund to the University of Michigan and Michigan State University, currently in serious financial troubles. The schools would be authorized to put up the bonds as collateral for loans and apply interest from the bonds against borrowings.

He also proposed transfer of 16 million dollars in securities to the Public School Employees Retirement Fund, freeing the same amount for school aid income.

Finally, he recommended an annual \$1,100,000 appropriation from the general fund to continue payments to veterans and gradual return of the mortgaged securities to the trust fund.

Sen. Elmer R. Porter (R-Blissfield), chairman of the Senate Appropriations Committee, branded it a scheme of robbing Peter to pay Paul.

Rep. Allison Green (R-Kingsford), GOP floor leader in the

Castro Must Purge Half of Cuba---Batista

FROM OUR NEWS WIRES

CIUDAD TRUJILLO, D.R.—Ousted ex-president Fulgencio Batista says Fidel Castro will have to kill, or jail or exile more than half of Cuba's 6 million people if he means to carry out his "monstrous" threat to punish all Batista's supporters.

In response to questions, Batista said his regime was supported by political parties which polled 2,800,000 votes in last year's election, labor unions with a membership of 1,600,000 and a "high number" of people from all walks of Cuban life.

Sales Bear Out GM Prediction

Donner, Gordon Believe Car Market May Reach 5½ Million Units

CHICAGO (UPI)—The two top General Motors officials said yesterday retail passenger car sales in recent weeks "have been running at rates which support our outlook for the year."

GM Board Chairman Frederic G. Donner and President John F. Gordon said the auto market should improve this year to 5,500,000 passenger car sales.

"Consumer and business confidence is showing improvement. New car inventories are substantially below those of a year ago. The used car market is in excellent shape. Turnover is better than a year ago and stocks are down," they said.

Donner and Gordon issued a statement in connection with the opening of the 51st Chicago Automobile Show.

Castro warned Thursday against any U.S. intervention to stop executions ordered by military courts for murder and torture during Fulgencio Batista's dictatorship.

"If the United States comes here, we will make trenches in the streets," the rebel leader told the Havana Rotary Club.

"We want good relations with the United States—yes. But submission—no," Castro told the Rotary Club.

Castro Arouses Ire of Congress

But U.S. Intervention to Halt Executions in Cuba Is Out

From Our News Wires

WASHINGTON — Indignation mounted in Congress today against Cuban rebel leader Fidel Castro's mass executions of followers of ousted dictator Fulgencio Batista.

But State Department and congressional scores said flatly the United States would not intervene directly in the island republic to halt the killings.

Angry lawmakers called for a United Nations investigation, a trade embargo against Cuba and a ban on tourist travel to the Caribbean vacation spot.

Sen. John Sparkman (D-Ala.), a member of the Senate Foreign Relations Committee, said the United States should use its "very best offices and offers of friendship" to persuade Castro to end the executions. But he added: "I don't think there is any direct action we should take."

Along this line, Castro said in Havana "200,000 gringos will die" if the United States sent Marines to Cuba to curb the killings.

Congressional pressures mounted for the prompt naming of a new U.S. ambassador to Cuba.

Demands for a new ambassador to replace Earl E. T. Smith who resigned last Saturday, came as the Navy ordered a task group that includes 3,000 Marines diverted from an intended stop at Cuba "to avoid any misunderstanding."

WSU Man to Study Effect of Tax Re-Shuffle on Area

Dr. Wilbur Thompson, a professor of economics at Wayne State University, has been hired to coordinate a study of what effect the proposed tax reorganization plan for Michigan would have on the southeastern six-county metropolitan area.

The announcement was made today by Delos Hamlin, chairman of the Supervisors Inter-County Committee, which has engaged the professor for the study.

Thompson will meet Monday in Detroit with representatives of Oakland, Wayne, Macomb, Monroe, Washtenaw and St. Clair counties, plus an individual representative from Detroit, to launch the study.

Hamlin said, "The Inter-County Committee felt that, because of the tremendous possible effect this plan may have on our area, we should be protected and united in order to protect our financial future."

Representing Oakland County on the eight-member committee will

Ex-Policeman 'Speedy Bandit'

Admits 12 Robberies, Wayne Crime Spree After Surrender

DETROIT (UPI)—A former Detroit policeman who blamed liquor and mounting debts for his troubles admitted today 12 armed robberies including a one-man crime spree Tuesday night.

Donald W. Wood, 23, of Dearborn, surrendered meekly to police early this morning. He led police to \$2,752 in loot hidden in the attic of his home and turned over a revolver used in the holdups.

The blond, handsome Wood, six-foot-two and 210 pounds, was a star athlete in high school. He resigned from the Dearborn Police Department last Dec. 5.

Wood's good looks and his white, late-model convertible led to his capture, officers explained.

After a brush-cut bandit, big as a college fullback, staged a 10-mile holdup spree through western Wayne County this week, officers theorized Wood might be the gunman.

They showed a picture of Wood from the Dearborn police files to the victims of the holdup plan. All identified Wood as the bandit.

Get Their Just Dessert

NEW YORK (AP)—Two bandits got their just dessert Thursday. They grabbed a cardboard box thinking it was a \$3,000 payroll. Instead it contained a custard pie.

ans benefit program, for which the fund was set up.

The mortgaged trust fund securities could be ransomed over a period of years through general fund appropriations, the Governor said.

"This proposal is like borrowing \$10 to pay off a \$50 debt," said Cavalier. "It wouldn't put the state on easy street. It's not a final answer to the financial crisis."

"The trust fund has proven its value over the years and the need for it is expected to increase in the future."

Tsermegas Verdict Is Expected Today

(Continued From Page One)

McComb, the two Texas companions, from killing Kean.

Tsermegas quoted Kean as saying to the men, "I've just about come to a point where I don't need none of you guys."

He also warned Tsermegas about "trying to take charge" of the gang.

The four had stopped off at Chandler's — who Tsermegas had met in prison — en route to Sault Ste. Marie to stage a robbery.

After failing to secure policeman uniforms in Detroit, they moved to Commerce, from where Chandler and Tsermegas went into Pontiac to look for uniforms and a rifle with a scope, as Kean ordered.

They returned to the Chandler home, without rifle or uniforms, Tsermegas said. He gave this account of what happened:

"George was sitting on the sofa with guns on either side of him. I knew he was very angry. I kept watching his eyes. Then I grabbed his elbow and told him he had lost his dignity. I told him let's go and he jumped up and said 'I'll kill all of you.'"

"Then everything happened so fast. I struck at him. It was a big blur. I was in a daze. The gun went off and he fell back on the sofa with a hole in his head."

"I never meant to shoot the man. I only meant to strike him to get him out of the house. I hated this to happen the way it did, but there was nothing I could do about it then. The man was dead."

Tsermegas' attorney, Clarence L. Smith, called Mrs. Tsermegas as the last of three defense witnesses. Tsermegas was on the stand for five hours.

Mrs. Tsermegas, expecting their fourth child and dressed in a black maternity dress, told how at one time she and Kean were at their home hours before the murder, and how he struck her when he discovered she had poured out a second bottle of whisky.

"Jimmy has been very good to his family," the soft-spoken woman said, nervously twisting a handkerchief. A necklace bearing a silver cross was around her neck.

Earlier, Tsermegas tried to dodge Barry's questions about a long criminal record dating back to when he was a juvenile. Several times he raised out of the witness chair. Three armed sheriff deputies have been guarding him closely.

He said Smith and McComb were "deadly scared" of the six-foot, stocky Kean. "You weren't?" inquired Barry. "I've faced fire before," Tsermegas answered.

MSU Directors Take Dim View of Merger Plan

EAST LANSING (UPI)—Unofficially, the governing board of Michigan State University yesterday took a dim view of the proposed merger of governing groups of Wayne State and the University of Michigan.

MSU President John A. Hammah told the State Board of Agriculture that the proposed merger was "not a matter" the board "should become involved in at all," but that it would "take quite a lot of doing to accomplish what they (the proposers of the merger) want to do in the time allowed to do it."

Sen. Edward Hutchinson (R-Fennville), introducer of a bill to have Wayne's governing board appointed by the Governor with Senate consent, said any merger would have to begin legislative action within a week to meet the spring election.

GOP Leaders Attack Williams' Proposal

(Continued From Page One)

House, and Sen. Clyde Goertlings (R-Holland), chairman of the Senate Taxation Committee, depicted it as a "raid" on the fund.

"I don't believe the veterans of Michigan are anxious to sacrifice their fund to bail the Democrat governor out of the fiscal mire into which Michigan has drifted under his administration," Green said.

Green, with other Republicans, charged Williams for "lack of leadership" in facing up to the state's long-range financial problems, including recommendations on new taxes.

"He's had a year to solve the problem and he hasn't met the challenge," said Goertlings.

Williams indicated he would meet the long-range tax problem "head-on" in a later message to the Legislature.

Sens. Edward F. Hutchinson (R-Fennville) and L. Harvey Lodge (R-Drayton Plains) shrugged off the governor's message yesterday as "sugar coating" and "a lot of generalities."

Ejected 150 Feet Off Ground

Jet Pilot Lives to Tell It

OAKLAND, Calif. (AP)—Lt. Cmdr. Ralph Fielding shot himself head first through the canopy of his jet training plane at only 150 feet altitude.

He accidentally had touched the ejection button. He escaped with a broken leg, no headache.

"It was quite a sensation," he said in Oak Knoll Navy Hospital. "They said I landed only six seconds after I touched the button. It's almost impossible to say how I really did feel. I was saved by my nylon elevator."

The chute opened automatically 11½ seconds after Fielding was shot not more than 50 feet above the plane—an altitude of only 200 feet.

REFRESHER FLIGHT

Fielding was taking a refresher instrument flight with Lt. John B. McDaniel. As he turned control over to McDaniel, Fielding accidentally touched the ejection button.

Up and out he shot, his head rest crashing through the 3½ inch plexiglass canopy.

"The next second I was out in the air stream," said Fielding, who is 38. "There was no airplane under me anymore. I took only two oscillations (side swings in the chute) and I hit the ground."

"I think that's when I broke my leg, but the Navy is investigating to see if it was broken in the ejection."

Custody Verdict Called Warning

Regaining Abandoned Children Won't Be Easy After This Ruling

A recent ruling of the State Supreme Court should serve as a warning to parents who abandon or put their children up for adoption, and later try to regain custody, according to W. Cadman Prout, Oakland County Friend of the Court.

The case involves 9½-year-old Priscilla Noone, whose father and mother, formerly of Pontiac, back in 1956 couldn't care for Priscilla and asked a neighbor to care for her.

This neighbor in turn found she couldn't care for the little girl, as they already had several children. Neighbors of theirs, Mr. and Mrs. Bernard Feldhauser, 2188 Wooddale Rd., Auburn Heights, were asked to care for the girl.

The Feldhausers consented and became very fond of Priscilla and two years ago decided to seek legal adoption. But at the same time, Michael Noone Jr., who had divorced Priscilla's mother and remarried, decided he would like Priscilla back.

Feldhauser fought this move and Circuit Judge H. Russell Holland denied a court writ which would have returned the girl to Noone, now living in California.

The Supreme Court this week affirmed Judge Holland's ruling, which said, in effect, he didn't believe the father could provide a proper home for Priscilla.

"This could well be a lesson to other parents who fall in the same predicament," declared Prout.

Geneva Out for Now

WASHINGTON (AP)—The United States agreed with the Soviet Union today that new efforts must be made to reduce the danger of surprise attack in the nuclear age—but it rejected the Soviet's bid for immediate resumption of the Geneva conference which broke down last month.

The Day in Birmingham

Primary Electors Must Register by Monday

BIRMINGHAM — Two deadlines for elections were announced by Birmingham City Clerk Irene Hanley today.

Petitions for city commission candidates must be filed by Feb. 28 and registration for the primary elections must be made before 8 p.m. Monday, she announced.

Three persons now serving on the city commission are circulating petitions for the necessary 25 to 50 registered voters' signatures.

Mayor Carl Ingraham will seek his second three-year term and former mayor Charles Renfrew is seeking his third term; William Burgum, appointed to succeed William Hutchinson who resigned from the commission last summer, is a candidate for the remaining year of the term.

The April 6 election will see the Emery brothers, John C. and Edward B., candidates for re-election as municipal judges.

The Feb. 16 primary, possibly the first ever held in Birmingham, is necessary because of the many people seeking the post of county judge. Four of the 14 would-be candidates must be eliminated prior to the spring election, Miss Hanley explained.

She said the city clerk's office would be open from 9 a.m.

Glass Strike Forces Layoff at Chrysler

DETROIT (AP)—More than 13,000 Chrysler Corp. workers at the Plymouth body and assembly are to be laid off at the end of work today because of a glass shortage from the Pittsburgh Plate Glass Co. strike.

Nearly 2,000 Chrysler workers at a Twinsburg, Ohio, stamping plant and a Detroit parts and equipment plant were furloughed yesterday because of the strike. Some 12,000 United Glass and Ceramic Workers Union members struck the firm Oct. 5.

The company supplied about 90 per cent of the glass used in Chrysler cars before it was struck.

Defers Mail Penalty

WASHINGTON (UPI) — Postmaster General Arthur E. Summerfield has agreed to postpone collection of a five-cent penalty on postage due mail until Congress acts on a bill to abolish the charge.

State Needs Long-Term Action

Michigan's opening Legislative sessions are meeting in what is probably one of the most troubled times since Michigan became a state back in 1837.

The State is short of money. There is an immediate cash shortage which must be dealt with very soon. The over-all financial picture of the State is not good.

Governor Williams has asked the joint session of the Senate-House meeting to mortgage the 50 million dollar Veterans Trust Fund. The money would be used to pay state payrolls which might otherwise be skipped. The bulk of the money, according to the Governor's proposal, would go to the University of Michigan and Michigan State University. Both institutions are in desperate need of funds.

Perhaps this is the only solution for the time being. If it is, we have no choice. But we must face the facts, grim as they may be, and admit that the future state fiscal prospects are not good.

New taxes are inevitable.

We will not attempt to solve the financial plight of the State. But on top of these troubles we continue to harass industry in no uncertain terms.

Being short of money is tough enough without kicking the goose that laid the golden egg. Hard on the heels of the first meeting of the Governor's hand-picked Com-

mittee on Michigan's Economic Future, the State Supreme Court comes out with its ruling on idle pay.

The decision as it stands means that the Michigan unemployment compensation fund now can be used as a strike fund against employers by the unions. The Legislature should really take a good long look at this ruling.

The words of WILLIAM T. GOSSETT, vice president and general counsel of Ford Motor Company, graphically explain our sorry plight when he says, "the January 12 decision of the Michigan Supreme Court in the PARKE case is a matter of deep concern to Ford Motor Company, as it must be to every Michigan employer or to any prospective employer considering locating a plant in Michigan."

The economic climate of Michigan must change. It is up to the elected lawmakers to grasp the situation and call a halt to this foolhardy nonsense that has been allowed to encompass our State.

The State Legislature, the Governor and other state officials face a problem that is not only financial, but will affect the welfare of our entire State.

The Man About Town Keep Them Home

Local Historical Matter to Have Place for Its Display

Michigan: What may have to take on the competition of Texas as a winter sports state.

Hardly a day passes that somebody does not offer some object quite incidental to Oakland County history which they would like to place where it could be exhibited and preserved for posterity.

These good people are urged to keep such things until the

Oakland County Historical Foundation is ready to open to the public the

Moses Wisner Home, which it is hoped they can do quite soon. Do not send them to Lansing, as too many already have done. Keep them where they belong, and it is hoped that this historical shrine (which cannot be matched in the entire state) will be in shape to properly receive them for display.

The best dual purpose suggestion of the winter comes from

L. M. Angleton of 1970 Emily Court. Carry a 5-pound bag of scratch feed (cost about 30c) in your car. When you get stuck, throw a little of it in front of your rear wheels, and the cracked corn and other ingredients in it will give you the best of traction—and the hungry birds will clean it up.

The new president of the Oakland County Law Enforcement Association,

James Parker, is a top man for the job. For several years he has been chief of police at Holly, where he was the prime mover in organizing its Teen Activities Club which has made juvenile delinquency unknown there, and whose system is being copied in many cities and villages throughout the nation.

Word comes from Flint that its

Rock and Gem Club

are to tour our Cranbrook in the near future.

A lively caterpillar was found on his sidewalk Wednesday by

George Earlson of Auburn Heights, after that day's thaw. It was crawling—north.

More pussy willows breaking into bloom are reported by

Mrs. Blanchard Battles of Birmingham, picked from bushes along Rouge Creek.

Verbal Orchids to—

Albert F. Willman of 506 West Iroquois Road; 90th birthday.

W. Walter Smith of 1360 Doris Road; 84th birthday.

Mrs. Grace M. Tucker of Rochester; 92nd birthday.

Mr. and Mrs. William F. Taylor of Davison; golden wedding.

Mrs. Cora Gordon of Highland; 91st birthday.

MORRIS

Moving Target

David Lawrence Says:

Reds Hypocrites About Freedom

WASHINGTON — If anyone were needed to expose the humbug and hypocrisy of the Moscow government, it has been fully demonstrated in the paradox of Soviet Deputy Premier Anastas Mikoyan's tour of this country.

While he openly criticizes the government of the United States and its policies, no American, whether an official or an unofficial visitor, may do likewise inside the so-called "republics" of the Soviet Union.

Already "Tass," the official news agency of the Soviet government, is telling its readers and listeners that the people of the United States do not agree with the American government's policies and that Mikoyan is certainly winning converts to his cause.

Imagine some American official going to Russia and touring that country, making outspoken criticisms of the men in the Kremlin and trying to drive a wedge between the people and their government! This can be only a wild fancy. For nothing like it would be tolerated by the dictatorship which rules the Soviet Union.

The Soviet Union has had some distinguished American visitors, including Senator Hubert Humphrey, one of the leaders of the opposition party in Congress and a high-ranking member of the Senate Foreign Relations Committee. But, though he spent eight hours in conference with Premier Khrushchev at the Kremlin, what the Senator said or later wrote in defense of American policies or in criticism of Soviet policies was suppressed, by order of the government, in all the newspapers of the Soviet Union.

How can there be mutual trust or the beginnings of a "peaceful co-existence" when the rules that apply inside the Soviet Union are so hostile to the concept of free interchange between peoples?

The Columbia Broadcasting System has, for example, been ordered to close its Moscow bureau, and accreditation has been withdrawn for its correspondent by the Soviet government. This was done to express Soviet disapproval of the televising over the CBS network in this country of a show about Stalin of the type found in historical novels. Similarly, a National Broadcasting Company representative in Moscow was denied use of broadcast facilities because of some phrasing in one of his broadcasts which the Soviet government didn't like. The Soviets, moreover, spend millions of dollars each year "jamming" American radio broadcasts to Russia and countries in eastern Europe.

The Country Parson

"The world is always more interested in what a fellow accomplished than in how much he sweat to do it."

Even more hypocritical is the Soviet government's attitude toward foreign newspapers and periodicals. It examines the policies of the publications and denies the admission of permanent correspondents representing any publication whose content the Soviets dislike. Yet the Congress of the United States admits to its press galleries persons from the Soviet Union in the guise of newsmen who are agents or employees of their own government in every sense of the word.

There is, in fact, no such thing today as reciprocity as between the Soviet government and our own government. It is the United States that gives constantly, while the Moscow government repeatedly says "no."

Yet Mr. Mikoyan tells American audiences it is time for America to stop saying "no" to the various proposals relating to the future of Germany and other world problems which have been under incessant discussion between Moscow and Washington these last few years.

THOUGHTS FOR TODAY

God forbid that I should justify you; till I die I will remove mine integrity from me. — Job 27:5.

He that does as well in private between God and his own soul as in public, hath given himself a testimony that his purposes are full of honesty, nobleness, and integrity. — Jeremy Taylor.

Dr. William Brady Says:

Learn Value of Calcium and Stop the Bellyaching

From time to time, I try to teach you poor misguided customers the function of calcium in physiology, functional efficiency, health, vite, longevity and the prevention of disease. I seldom get any thanks for it. I seldom fail to be punished for it.

According to Wright's Applied Physiology calcium is:

- (1) Essential for ossification of bone.
- (2) Regulates excitability of nerve fibres and nerve centers.
- (3) Necessary for adequate contraction of heart muscle.
- (4) Necessary for clotting of blood.
- (5) Diminishes permeability of capillary endothelium (we'll try to explain this one in a talk to follow).

Some persons are more sensitive to pain or discomfort than others. Some can stand pain or are less sensitive to pain or ache than others. The difference is not so much a matter of personality or character as it is a question of nutrition.

The individual whose daily intake of calcium is inadequate to maintain good calcium reserve (bone marrow is the storehouse of calcium) is hypersensitive to ache or pain. The individual who follows a high calcium diet (milk, eggs, cheese, greens, nuts, peanuts) and gets enough sunshine vitamin D daily to insure good assimilation and utilization of calcium, doesn't complain so much about aches, pains or discomforts.

SLOWER—BUT SURE

In a gentle, natural way, calcium, whether in food, food supplement or medicine, is then an analgesic. It relieves ache, pain or other discomfort much the same as aspirin or acetanilide or the thousand and one trade combinations of these pain-killers do, only not so fast, fast, FAST. Before a few doses of calcium can relieve pain you will probably have forgotten just what you had been bellyaching about.

Nevertheless calcium is analgesic if you are not in such an all-fired hurry to stop the pain. Thousands of readers have reported that high calcium diet and/or an adequate daily ration of Ca and D (Vitamin D insures assimilation and utilization of calcium) gradually and steadily relieves neuralgia, headache, backache, joint pain. But the relief comes in weeks rather than in minutes, and the effect lasts indefinitely rather than an hour or less.

High calcium diet and/or calcium feeding not only "regulates excitability of nerves" but produces analgesia adagio. It is slow but safe. Far too slow for the nymphettes who take aspirin, acetanilide, tranquilizer or barbiturate as readily as you or I take tea.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1959)

Peale and Crane Share Problem

Dr. Peale combines the zeal of ancient Elijah with the keen psychological insight of St. Paul. And he is a dynamo of energy as he tries to elevate mankind's spiritual morale. But he is unfairly accused, as the story below will indicate. So re-read this case and give us all a break!

By DR. GEORGE W. CRANE

CASE A-429: Dr. Norman Vincent Peale had lunch with me recently and we compared notes about our mutual psychological activities.

Dr. Peale preaches a powerful POSITIVE religion from the pulpit while I attempt to do the same as an educator and newspaper columnist. "Dr. Peale," I began, "I want to clear up a misunderstanding that I feel is hampering

DR. CRANE

"A Michigan executive recently commented in the hearing of one of my sons, that he asked you if the proceeds from your dandy little GUIDEPOSTS MAGAZINE go to support your famous New York City church."

"And he said you replied, 'Are you kidding?', whereupon he has begun to tell people that you are personally making a fortune out of the magazine."

"Now I happen to know enough about publishing problems to realize that you simply can't be making a profit from a magazine that sells no advertising space and that is promoted for its inspirational value alone."

"So I thought you'd like to spike that rumor, since many

Voice of the People

Woman Explains Reason Negro Votes Democratic

In reply to the editorial in Tuesday's paper and several letters in Voice of the People about why Negroes vote Democratic, neither party professes a great liking for the Negro race, although the Republicans are not so plain spoken as the Democrats.

Negroes vote for the Democratic party because it's supposed to be for the working class people. And that's just what Negroes are. Neither party goes out of its way to help the Negro.

My prayer is that Negroes will learn to read about the candidates and vote for the man and not the party.

Mrs. Mary Edwards

55 Earlewood Blvd.

'Why Not Take All Their Privileges?'

In answer to the suggestion that all persons over 75 be denied the privilege of driving, he failed to go far enough, so I'll add that each county provide a stockade large enough to house such persons so they would be cut off from doing necessary errands, and above all, attending Sunday worship.

It's amazing how many elderly persons attend church now days and to take that privilege away would be terrible. The writer also failed to give his address so these persons could depend on him for transportation.

I love old people and as long as they are with us, by all means grant them all the privileges they deserve. The writer also failed to tell us that most accidents are caused by a great deal lower age bracket. I am 67.

Chester Closser

Millford

'Who Ever Thought of Such an Idea?'

Who ever thought of a nine-foot Oscar for Mike Todd? He would be enraged at the very idea. Hollywood will never, never grow up to adulthood. When we take in Hawaii, let's drop part of Los Angeles and all of Hollywood.

J. Walters

'You'd Be Centuries Ahead in That Case'

In three days I leave for Italy and I want to thank the U. S. and especially Oakland County for a fine time. Twenty years in New Jersey, 20 years in Italy, now 10 months here and I leave—probably for good.

You have more material things than any nation in the world. You have more and better food, clothing, entertainment, sports, houses, schools and travel than anyone on this globe.

You falter in religion, courtesy, lawlessness and stupidity. Your failure to hold inflation and the constant strikes and the demands of labor for more pay guarantees prices will go up and up and up.

You lack a government strong enough to face this openly and courageously and call a halt. If you continue all the plus factors and get rid of the minus, you will outdistance the whole world for centuries.

Now Italian Citizen

'He Took Dog Right Off Porch'

The other day a representative of the dog warden went right up on my neighbor's porch and took their dog to the pound. Last night when they went to get him, he was in a cage with several other dogs that were all practically foaming at the mouth, apparently for want of water, because our neighbor's dog just drank and drank so much when he got home and ate ravenously.

They charged these people \$3.60. Sixty cents was for board. He was picked up about 11:30 a.m. and, as they were away, they couldn't retrieve him until 5:30. If you miss your dog, please look for him there and retrieve your faithful pal.

Give your dog the proper food and shelter in this cold weather.

Mrs. Mary Hould

36 N. Ardmore St.

'We Might as Well Have Showdown'

A top Democrat says Williams should be nominated for the Presidency, and why not?

Let's find out whether the country has actually gone to the dogs and if it has and we elect him, we'll all know where we stand and there won't have to be any more pussy-footing.

If the U. S. wants to have the union leaders run the country behind the scenes, let's face it. Usually responsibility brings a kind of knowledge that you have to be careful and sort of play fair.

Happy New Year

Portraits

By JAMES J. METCALFE

A dime is quite a paltry sum. As money goes today . . . But many dimes together can . . . Go quite a long, long way . . . Especially as soldiers strong . . . That march against the foe . . . That enemy of human life . . . Pernicious polio . . . Those dimes are so important to . . . The cause of human health . . . And far more valuable on earth . . . Than any hoarded wealth . . . At Roosevelt School Bond Issue to Be Explained

WEST BLOOMFIELD TOWN.—The Roosevelt Elementary School PTA has planned a special meeting for the discussion of the proposed \$400,000 West Bloomfield Township school district bond issue.

The meeting will be held at 8 p.m. Tuesday in the school gymnasium.

On hand to answer questions concerning the proposed bond issue will be Dr. Lief Hougen, superintendent of the West Bloomfield School District; Mrs. Gertrude Ealy, principal of Roosevelt School; and members of the board of education.

Questions will be submitted from the floor or on sheets of paper with no signature.

PTA officers have extended an invitation to all persons in the school district to attend whether or not they are PTA members or parents.

The proposed bond issue will go before school district voters in a special election to be held Feb. 2.

A report on problems connected with the boys' safety patrol and the girls' service squad at Roosevelt School will be given by members of the units.

Sponsored by Mrs. Astrid Sherman, the safety patrol will be represented by its captain, Larry Bok, and lieutenants Toby Pitzer, Michael Cady and Eric Foxman.

Sue Faulkner is captain of the service squad with Patti McLennan, John Parry and Susan Penny as lieutenants. Mrs. Iva J. Price is sponsor of the group.

Oak Park Mayor Gets New Post

Richard Marshall Takes
Duties of City Manager
in Madison Heights

MADISON HEIGHTS.—Richard W. Marshall took over duties as Madison Heights city manager yesterday.

Marshall said this morning he will resign as mayor of Oak Park at the regular meeting of the council there Monday night.

The 52-year-old city manager has spent 10 years in public service, eight as mayor and two as a councilman in Oak Park.

As of today he has resigned his position as assistant to the president of the Long Division of Borg-Warner Corp. His salary as city manager has not yet been fixed, but he said that it would not be less than \$10,250 annually which the former city manager, Jack P. Switzer, was getting.

Marshall said that from observations made yesterday, his first day on the job, the needs of the community are terrific and that he knows the city will achieve a measure of growth if everyone will work with him toward that end.

He said that he will move to Madison Heights as soon as he can sell his home on Oak Park boulevard, Oak Park.

Rally to Be Sponsored by Democratic Club

PONTIAC TOWNSHIP.—The Democratic Club here will sponsor a rally for all Democratic candidates in the Feb. 16 primary election at 7:30 p.m., Monday in Fire Hall No. 1 on Auburn road.

The club also will serve coffee and doughnuts to registering voters from 5 p.m. to the 8 p.m. deadline for registration that night in the township hall.

At the rally, candidates will be invited to state their views on local issues when they are introduced. William Vander Zee, publicity chairman, said today.

School System to Be Discussed

Glengary PTA Meeting
at 7:30 Monday to
Evaluate Opinionaires

Members of the Roosevelt School student council will discuss their schoolroom needs and suggest ways in which the school building may be made more serviceable.

Sudent council officers are Jan Paddy, president; Karole Hanes, vice president; Janice Heiron, secretary; and Michael Cady, treasurer.

The seventh grade chorus will appear on the program.

Township Assn. Against Taxing

Delegates at Lansing
on Record as Opposing
State Levy Plan

LANSING (U)—Delegates to the Michigan Townships Assn. convention have gone on record in opposition to the state income tax plan recommended by the Citizens Advisory Tax Committee.

The action came yesterday as some 500 township officials wound up a three-day meeting.

They adopted a resolution holding that the tax plan "eliminates financial support of local (government) units . . . and tends to shift local fiscal responsibility to the state." This, the resolution added, "places local government in the peculiar position of having to recover what it has lost to the state."

In other action, the association: 1. Passed a resolution asking the Legislature to provide that farmers be reimbursed out of conservation funds for damages to sheep by bears.

2. Defeated a resolution that allocation Board members be increased from six to seven to prevent deadlock votes.

3. Tabled a resolution recommending that the current 2 1/2 mill deductible millage in the school aid formula be increased.

Earlier the association elected Francis W. Drake of Crystal Falls as president.

Other new officers include First Vice President Milford Mellon of Grant, Second Vice President Clark F. Most of Alanson, Third Vice President Roy Lindsay of Plymouth, Secretary Zae Robinson of Union City and Treasurer Clark Uldrick of Battle Creek.

Murder Trial Set in Lapeer Feb. 3

LAPEER (UPI)—Adon Roblado, 17, will go on trial Feb. 3 on an open charge of murder in the shotgun death of his stepfather, Juan Altamira, 32, last November.

Roblado had been free on \$5,000 bond since Dec. 5, when he stood mute at his arraignment.

The date for the trial was set yesterday by Circuit Judge Timothy C. Quinn. A jury will decide the degree of murder.

Altamira was shot to death in his three-room farm home eight miles north of Imlay City, as the climax to a family argument.

An uncle of Roblado, Rev. Baltazar Garcia, of the First Mexican Baptist Church of Imlay City has been caring for Mrs. Altamira and her other children since the slaying.

Walther League to Stage Winter Rally Sunday

BROOKLANDS.—The Lakeland Zone Walther League will stage a winter rally at 2:30 p.m. Sunday at Gethsemane Lutheran Church on Auburn road near Dequindre road.

Dinner will be served at 6 p.m. The speaker will be Robert Marquardt, of Walther League of Ulica who spent about a year as a missionary aide in New Guinea.

Race Track Opponents File Suit

SHELBY TOWNSHIP—Suit has been filed in Macomb County Circuit Court by a group of township homeowners charging that township officials acted "illegally" in paving the way for establishment of a major auto race track on the Curtiss-Wright Corp. property here.

The plaintiffs asked the court to issue a writ of mandamus enjoining the township from issuing a permit for construction and operation of the track. Should the permit already have been issued, the complaint requires that the defendants show cause why it should not be rescinded.

The residents opposing the track said the township acted improperly in amending the zoning ordinance to allow construction of the race track.

Macomb County Circuit Court Judge Howard R. Carroll set 1:30 p.m. Feb. 5 as the time for a show cause hearing on the matter.

The declaration of charges offered a list of six reasons why the rezoning action was "illegal." Among them is one stating that the zoning ordinance is "null and void" because the township board passed it at a special meeting instead of at a regular meeting as required by law.

Another reason given was that some interested persons were precluded from voicing their objections to the proposed rezoning at the public hearing last May 27.

The plaintiffs further charge that if the track is established a "nuisance to their property" will result from excessive noise, crowds, traffic, litter, etc., and that "peace and quiet of the area will be lost."

In a township advisory election No. 4 zoning changes were approved by a 2 to 1 majority. With this apparent acceptance by the voters, the zoning and township boards proceeded with the passage of the rezoning amendment.

The 675-acre Curtiss-Wright property in question is located between Mound road and Van Dyke, and 22 and 23-mile roads. It has an existing two-and-a-half-mile track to be used as a nucleus for the development of the race track.

The facility will be used for major sanction national and international races comparable or superior to those staged at the Indianapolis Speedway, company officials said.

As the court case looms closer, township officials continued adamant in their stand that the track would be an asset to the township and "would reflect glory on Macomb County and the entire metropolitan area."

Assumes Post Feb. 1 Community Hospital Board Hires New Administrator

ALMONT—The Community Hospital board has hired a new administrator to take over the duties of Miss Lauretta Paul, whose resignation became effective yesterday.

Thomas K. Richards, board president, announced today.

The new director is James W. Crary, 39, who is currently assistant administrator at Saginaw General Hospital in Saginaw. He is scheduled to start on his new job Feb. 1.

A native of Ogdensburg, N.Y., Crary received his Bachelor of Science degree in 1917 from New York University where he majored in accounting and minored in finance and law. He received his Master of Science degree in hospital management from Northwestern University at Evanston, Ill., last year.

Crary was in the medical department of the U.S. Army, attached to the Air Corps from 1942 to 1945, and was discharged with the rank of master sergeant.

The new administrator intends to take up temporary residence in the locality of the Community Hospital for his first month or two. Then he plans to establish a home in the area with his wife and three small children.

Pythians to Hold
Special Meeting

LAPEER.—District 11, Knights of Pythias will hold a special meeting at 8 p.m. Tuesday in the Legion Hall here.

Guest speaker Russel Bingley of Plymouth will talk on Pythianism. District chairman George James announced today.

The meeting will be hosted by Ruby Temple 51, Pythian Sisters who will serve refreshments. All Knights of Pythias in the district which includes Pontiac 19, Oxford 108, Nepeessine 62 of Lapeer and Fellowship 277 of Waterford are urged to attend, James said.

India's largest industry is the manufacture of cotton textiles. Factories produce 5,100,000,000 yards a year and the handloom industry manufactures another 1,500,000,000.

To Stage Venison Dinner
at Oxbow Lake Hall

OXBOW LAKE.—The Dads of Foreign Service Veterans, Post 153, fourth annual venison dinner will be held Saturday at the VFW Hall, 321 Union Lake Rd.

Serving will begin at 5 p.m. Later, orchestra music will be provided for dancing. The public is invited.

The burglary was discovered yesterday when employee Betty Zale reported for work. She found the safe broken open and called Shelby Township police.

Investigators said the thieves gained entry by crawling into a ventilator and breaking through the ceiling of the drugstore. Owner of the store is Jerry Goldlander of Oak Park.

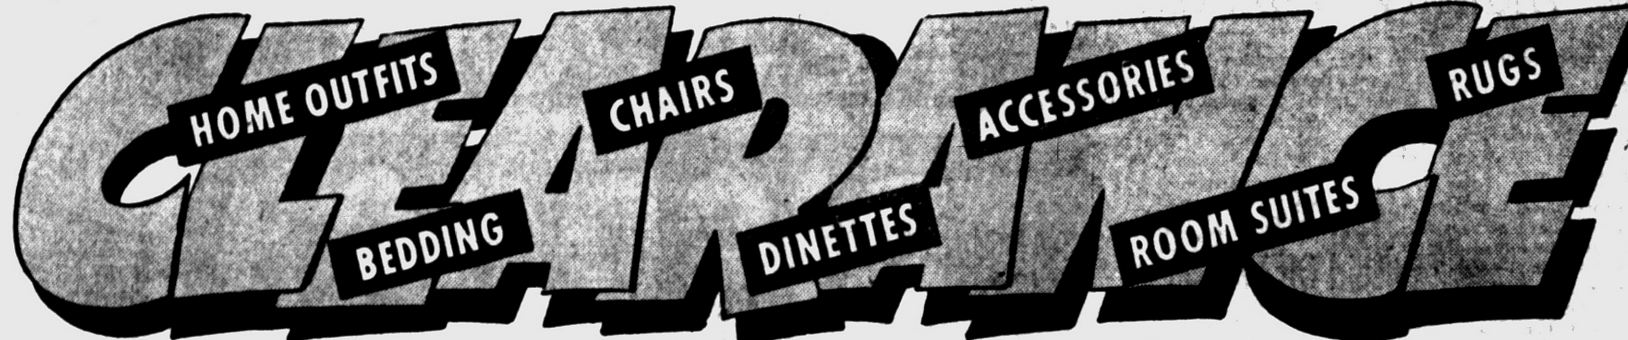

\$2,300 Looted
From Safe in
Area Store

SHELBY TOWNSHIP—Romeo state troopers and township police today are investigating the safe-cracking and theft of \$2,300 in cash from the S & K Drugstore, 48081 Van Dyke, north of Ulica.

The burglar was discovered yesterday when employee Betty Zale reported for work. She found the safe broken open and called Shelby Township police.

Investigators said the thieves gained entry by crawling into a ventilator and breaking through the ceiling of the drugstore. Owner of the store is Jerry Goldlander of Oak Park.

Russian Census Is First Taken in 20 Years

MOSCOW (AP)—The Soviet Union has begun its first census in 20 years. Trud, the trade union newspaper, marked the occasion with a caustic attack on the United States census.

Trud said the purpose of the U. S. census is to assist monopolists in "increasing exploitation and stepping up the robbery of the working people."

The Soviet nose count, it added, is for the purpose of obtaining "important information necessary to achieve the majestic tasks set out by the seven-year plan."

"Of course, such a goal has nothing but the best interests of the workers," it said. Unofficial estimates place the Soviet Union population at about 200 millions. The U. S. population is about 175½ million.

The difference between gossip and news is whether you tell it or hear it . . . Sign in a restaurant: "Use your Fingers. Emily Post Doesn't Eat Here, Anyway" . . . Insect collectors list more than 600,000 species, most of which are collected on windshields. —Earl Wilson.

Disaster Holds Uncanny Spell for Mankind

By PHYLIS BATTLE

NEW YORK—There is a horrid fascination about watching disaster. This is why a highway accident means a road block of spectators, why a squad of policemen must fence off a street when there is a fire, why a murder trial is greedily lapped up by the "zeny."

It must be the masochist in man. He can identify himself with the victims of disaster—even if his greatest tragedy in life has been an abscessed tooth. And, depending on his own state of mind, he either suffers WITH the man on the burning deck, or FOR him.

All this explains why "A Night To Remember"—the newest film about the old disaster of the Titanic—has been named one of the 10 best of the year, and is packing in the palpitating-hearts.

You know the fate of this 45,000-ton hotel, this "marine Ritz," as Joseph Conrad described it; you have seen it in other movies, on TV, in picture books and newspapers—but you just want to see it once more to remember what stark tragedy looks like. It only because, after the spectacle, you

feel alive and lucky, as when emerging from church services on a sunny morning.

SHROUDED IN MYSTERY
Another reason for the immense success of endless revivals of the Titanic disaster is the air of mystery that still surrounds it.

The J. Arthur Rank organization, which made the latest film, uncovered some new, supernatural-type data that we hadn't heard of. For example.

In 1888, 14 years before the April night on which the "unsinkable" Titanic sank, an unknown short story writer named Morgan Robertson wrote a prophetic yarn.

It was called "Futility; or the Wreck of the Titan."

In it, he not only described the future fatal ship of the White Star Line with uncanny accuracy—but he told the dread story almost exactly as it later was to happen.

"Seventy-five" thousand tons—deadweight—rushing through the fog at the rate of 50 feet a second," he wrote, "had hurled herself at an iceberg."

Amid the roar of escaping

steam, and the bee-like buzzing of nearly three thousand human voices, raised in agonized screamings and callings from within the inclosing walls . . . the "Titan" moved slowly backward and launched herself into the sea . . . where she floated a dying monster, groaning with her death wound."

A 'FLOATING CITY'
Describing his fictitious ship as "a floating city," Robertson also detailed the payload, the speed, the weight and the route of the Titanic with prophetic accuracy.

Here are his statistics on his "Titan" (with the statistics on the actual "Titanic" in parentheses):

Number of persons aboard the "Titan," 3,000 ("Titanic," 2,340). Lifeboats, 24 (20). Speed at impact with iceberg, 25 knots (23 knots). Displacement, 70,000 tons (66,000 tons). Length of "Titan," 800 feet ("Titanic," 883.5).

Still another legend of the dramatic sinking revolves around the Titanic's heroic second officer, Charles Herbert Lightoller. He was said to be haunted by the curse of the Ancient Mariner since, in his

early days at sea, he had killed a giant albatross.

Lightoller survived the Titanic sinking, which would seem to discount the myth. But two other ships, the Oceanic and the Falcon sank under him.

It is easy to understand, then, the parting words of his company manager when Lightoller retired from the White Star Line after 20 years.

"Oh, you are leaving us, are you?" he remarked. "Well, good-bye."

Conclusive Evidence

CINCINNATI — A housewife here bought a raffle ticket for 50 cents on an electric clock. Afterwards she noticed the drawing was set for Feb. 29. But that's a leap year date—and over a year away. She called police who arrested three men for investigation of a fake raffle swindle.

Americans Rush Their Sightseeing

By CLAIRE COX

NEW YORK (UPI)—The nation's No. 1 tourist adviser says many Americans work too hard at sightseeing when they travel abroad.

They should relax and enjoy their trips, he said, instead of wearing themselves out trying to see everything on the map. Max B. Allen, the new president of the American Society of Travel Agents (ASTA), learned how to be a traveler the hard way—by traveling.

In his 27 years with the "Ask Mr. Foster" travel service, of which he now is president, he has covered 1,500,000 miles of the world and he is still going strong.

Americans spent \$2,250,000,000 on foreign travel in 1958 and probably will spend even more this year, he said, and he has a few ideas on how they can get the most for their money.

TRY TOO MUCH

"On their first trip abroad," Allen said, "we find that our travelers invariably try to do more than they should. Some people crowd in all they can. That's no vacation. Others plan a leisurely vacation and come back much better for the trip. It should be a vacation."

Allen told United Press International in an interview that there is at least one advantage, however, to covering as much ground as

possible on the first trip abroad. It gives a beginning tourist an idea of which places he would like to see more of on a later trip, he said.

"Being a good traveler is a skill," Allen said. "You have to keep your sense of humor. You have to keep a smile on your face instead of a scowl, even though you are faced with things not to your liking."

Here are some pointers he offered to the hundreds of thousands of Americans who will go abroad this year:

—Don't complain about poor service, bad food and trains that fail to run on time, because the same conditions—or worse—often prevail back home.

—Don't go abroad expecting everything to be a bargain. Travelers get just about what they pay for, in Europe and the U.S. Hotel and meal prices are comparable to those in American cities.

—Investigate a place before going to it to decide if it fits the bill. Read about a country before visiting it to become familiar with the customs.

—Make reservations early. The best hotel accommodations are scarce during the peak of the tourist season.

—Travel light. Take about half as much luggage as you originally planned.

He said that a traveler has every right to complain when he feels service is not up to par, but suggested that tourists not overdo it.

"Actually," Allen said, "the American tourist behaves very well. He has grown up in world travel. The State Department was very upset about what Americans should say or do, but there has been an easing up of that type of thing. The American traveler has given a good account of himself."

The way some shows are being cancelled in mid-season, for some TV stars the good old days might even mean last week . . . Many men have never given their seat to a lady in a streetcar. It's not that they have bad manners—they've just never had a seat.

—Earl Wilson.

Drinks Whisky, Smokes Cigars

At 105, Vows to Reach 106

DETROIT (AP)—William Malwitz finished off his 105th birthday celebration Wednesday with a shot of whisky and a beer and renewed his vow to live until he's at least 106.

And the way the five-foot, 190-pound cigar smoking older acts, he'll make it in a breeze.

Malwitz has no set explanation for his long, hearty life, but he has ideas. For instance, Malwitz doesn't believe in dentists.

His grandson's daughter, Mrs. Emma Malwitz, 38, said:

"He's never been to a hospital or to a dentist. He pulled out all his own teeth with a pair of scissors and a jackknife."

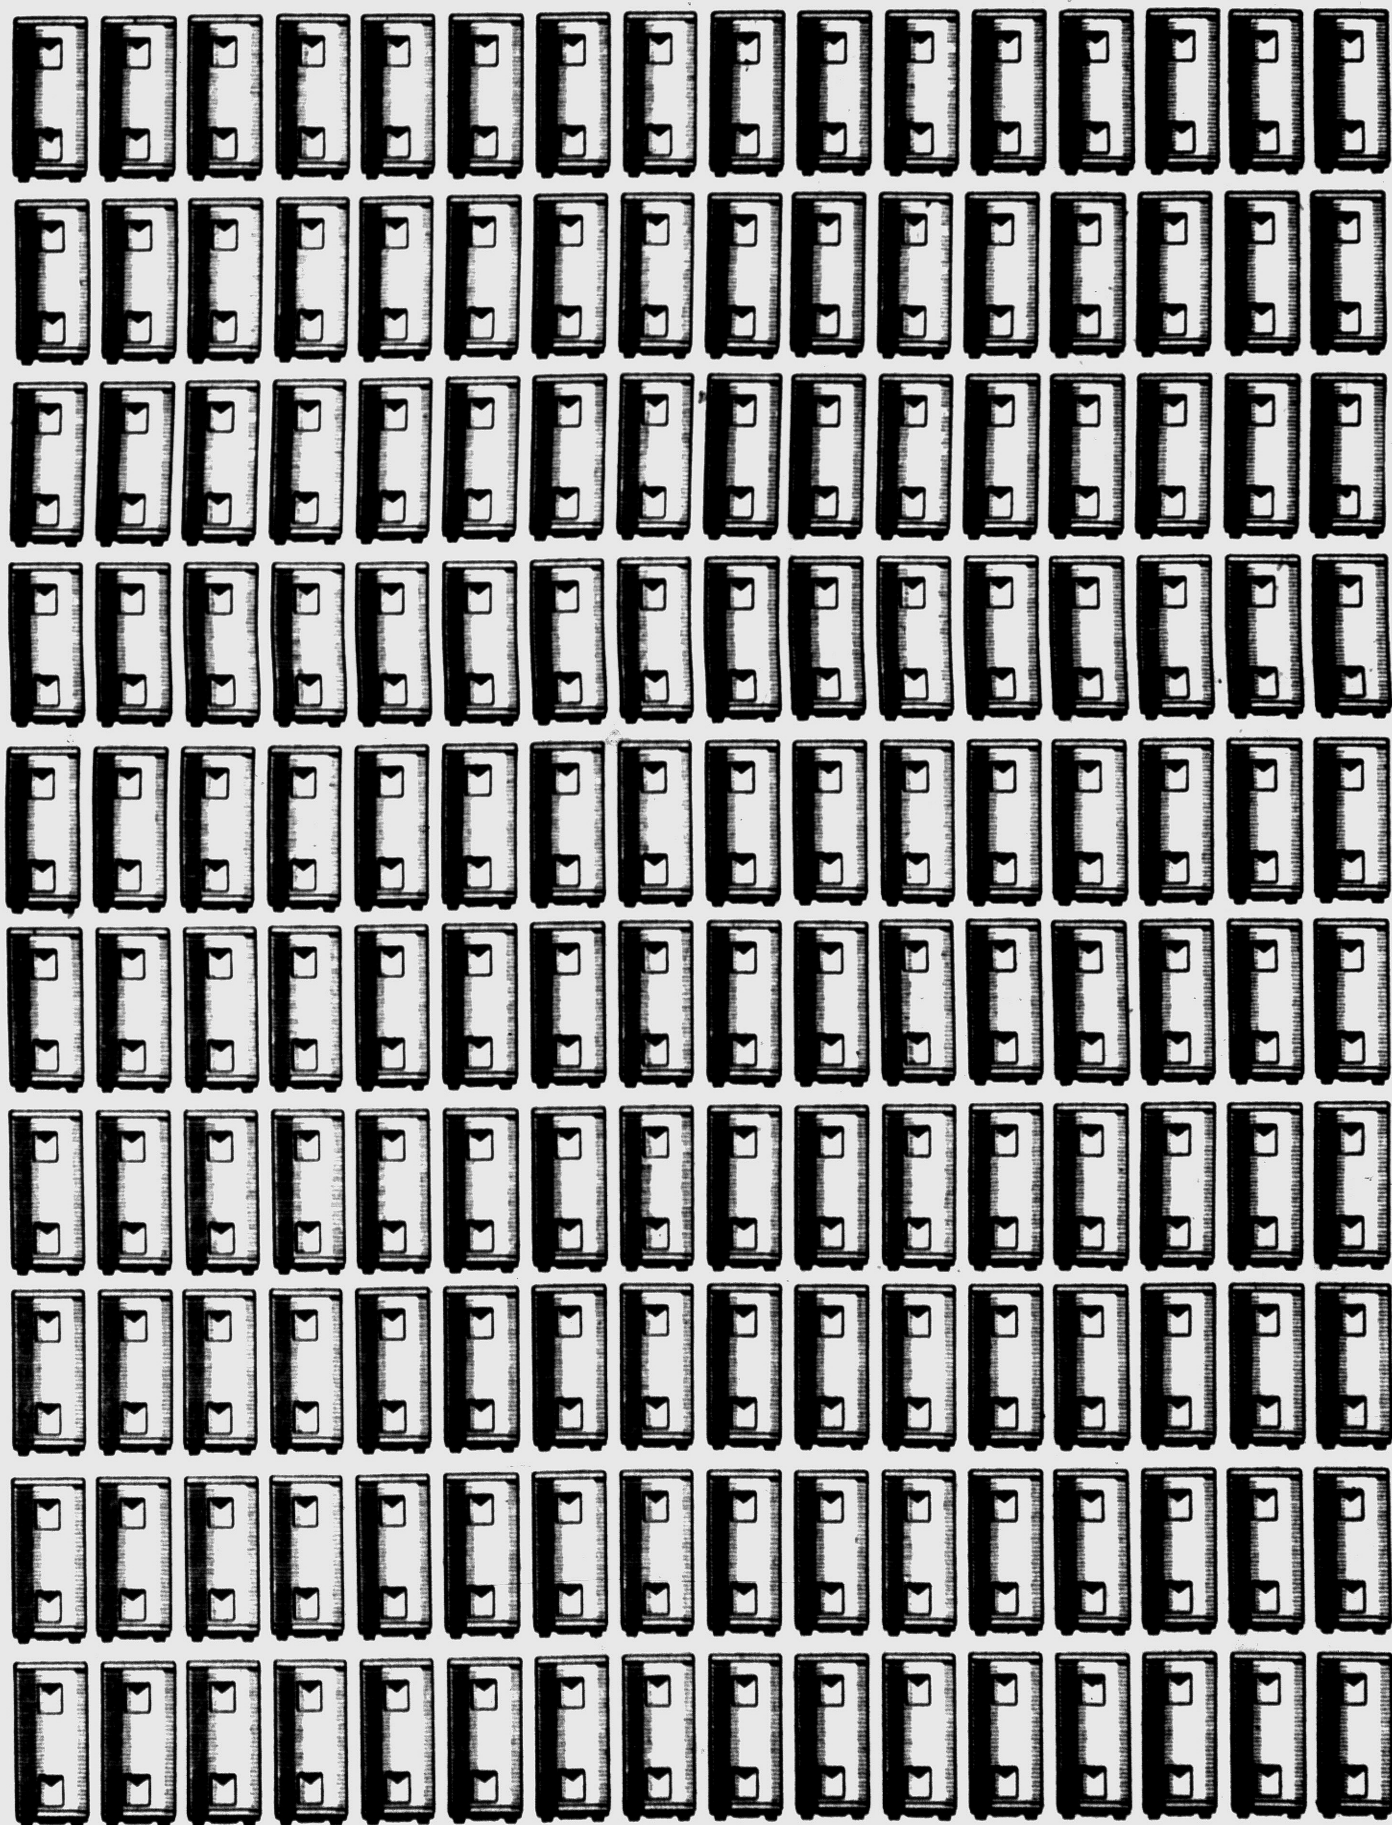

Malwitz also avoids worry and

procrastination. He says "worry makes you feel old. You must do something about it, not worry. Get it done."

Relatives are amazed at Malwitz's sharp memory. He tells stories about going to town with the late Henry Ford—how Ford, as a boy, would sit in the shade of a tree on his farm and read a book on mechanics instead of doing his farm chores.

Malwitz is up on space explorations. He thinks scientists will get to the moon or Mars, but figures they're nuts for trying.

"They'll just want to go farther and farther," he said. "Where then?"

THOUSANDS MORE ELECTRIC WATER HEATERS BOUGHT IN '58

Another good electric water heater year! For the second consecutive year electric water heater purchases in Edison's service area have soared to a record high. And with good reason. After all, the most important single thing a water heater can do is to give you and your family all the hot water you want, all the time. With an electric water heater, you get it hot, you get a lot!

Buy an Electric Water Heater . . . Live Better Electrically

Only Electric Water Heaters Offer All These Advantages:

Efficient—all the heat goes into the water. Install anywhere—the water's heated where it's needed. Automatic, Dependable—all the time. Long life—meets Edison's rigid standards. Fast—new, more efficient heating units. Outer shell—cool to the touch all over. Safe—Clean—Quiet—Modern. Edison maintains electrical parts without charge.

New Bridge Magnet for U.S. Tourists

LANSING (AP) — The Straits of Mackinac Bridge has a drawing power that reaches from coast to coast, the State Highway Department reported Thursday.

Traffic engineers have established that the bridge is a mighty big tourist magnet through a 24-hour origin and destination study.

"The tremendous drawing power of the bridge is probably best illustrated by the fact that cars from 40 of the 48 states crossed the bridge in the 24-hour period," John C. Mackie, state highway commissioner, said.

Mackie said drivers of 91 per cent of the 9,439 vehicles crossing the bridge were interviewed. It was found that 25 per cent of those making the crossing came from outside of Michigan.

Mackie said that by 1962 the department will have completed an expressway from the southern border of Michigan to the bridge. He said he fully expected completion of the expressway to increase traffic in the Straits area by as much as 50 per cent.

Other findings in the study included:

1. 60 per cent of the out-of-state traffic came from Wisconsin, Illinois, Indiana and Ohio.
2. Second largest area represented by out-of-state traffic, some 15 per cent, came from eastern Canada.
3. Two out of three vehicles crossing the bridge from out-of-state came through the Lower Peninsula of Michigan.
4. Every county in Michigan was represented by one or more motorists crossing the bridge. Top counties were Wayne with 1,011 trips, Kent with 327 and Genesee with 143.
5. There were 1,825 trips northbound for Sault Ste. Marie, but only 157 of these were headed into Canada.
6. There were 687 northbound trips planning on traveling the length of the Upper Peninsula into Wisconsin.

UAW-IH Group to Vote on Pact

International Harvester Union Council Will Send Decision to Locals

CHICAGO (AP) — The UAW-International Harvester Co. Council meets today to approve or reject a proposed contract agreement to end a long and costly strike of 37,000 workers against the farm implement firm.

The council's recommendations, in turn, will be presented to each of the Harvester locals for final action.

The council, composed of a delegation of 100 local representatives, meets amid reports of dissension among UAW negotiators concerning the pact, hammered out after weeks of bargaining.

Reversing a previous announcement, the UAW negotiating team Thursday said that after a majority vote by its members it will recommend rejection of the settlement.

It did not amplify the statement. The majority vote is binding.

But Duane (Pat) Greathouse, a UAW vice president and chief negotiator, said he will recommend acceptance of the terms although some of the negotiators were not satisfied.

OLD FASHION?

PERHAPS, BUT O-JIB-WA BITTERS IS STILL THE BEST ALL HERE TONIC UNTIL SOMETHING PROVES ITSELF BETTER. It's true that O-JIB-WA BITTERS has been famous for 43 years, and is still made from GOD'S HERBS. IT STILL CONTAINS NO PAIN-KILLING DOSE, ASPIRIN, ALCOHOL OR SALTS. The herbs for this well known tonic are gathered in many countries of the world and imported fresh for our use. Many authorities are rediscovering the true value of herbs, and several of those contained in our medicine are among them. Ask your druggist for a bottle of genuine O-JIB-WA BITTERS. A really great herb tonic, proven by time and over a million users right here in Michigan alone.

Hospital Room Scene of Trial

87-Year-Old Woman, Crippled in Robbery, Faces Defendant

DETROIT (AP)—Court was held yesterday in the hospital room of 87-year-old Adele Groesbeck, crippled with two broken legs and fractured hip from a robbery assault.

Miss Groesbeck, sister of the late Gov. Alex Groesbeck, has been hospitalized, with her legs in traction, since her injuries Dec. 20. With defendant James C. Gardner, 21, a prison parolee, on the scene, Recorder's Judge W. McKay Skillman held court in Miss Groesbeck's room at Holy Cross Hospital.

Gardner has pleaded guilty. But police insisted on a formal examination in order to get Miss Groesbeck's testimony because her injuries were so severe.

From her bed Miss Groesbeck testified in a firm, strong voice. She was unable to identify Gardner as her assailant, however.

She told of a man tapping on her kitchen window the night of Dec. 20, then entering, throwing her to the floor, and fleeing after stealing \$190 from a table. "He could have got the money if he had reached in his arm," Miss Groesbeck said.

Evangelist to Go Into Seclusion

ROCHESTER, Minn. (AP)—Evangelist Billy Graham, ordinarily surrounded by thousands of people, will spend the next month in seclusion.

Mayo Clinic specialists have ordered a month of rest and medication to treat his ailing left eye. Associates said the 40-year-old Graham probably will rest somewhere enroute to Australia, where he is scheduled to begin a revival tour Feb. 15.

His personal physician, Dr. Ben Gieser, said "it is hoped he will be able to resume his activities on a somewhat reduced schedule" after the month's rest.

Dr. Gieser indicated there will be some permanent damage to Graham's vision, but said it was impossible to estimate how much.

Little Boy Told Remaining Eye May Be Saved

SAN FRANCISCO (UPI)—A San Francisco eye specialist gave little Hugh Thornhill a present of hope on his seventh birthday.

Dr. William Ferguson told the boy from Natchez, Miss., yesterday that his remaining left eye does not have to be removed.

Ferguson also told Hugh he may be able to see well enough in a few months to get around by himself.

The boy now can just distinguish between light and dark.

Hugh is a victim of glaucoma, a disease that destroys sight through pressure inside the eyeball. He lost his right eye four years ago during one of the 10 operations he has undergone since he was an infant.

Lenawee Crash Fatal

ADRIAN (AP)—Edwin Strand, 25, of Tecumseh, was killed last night when his car missed a curve and struck a utility pole on a rural Lenawee County road near here.

Has Built-in Teapot, Razor, TV \$7,000 Bed Shown in London

LONDON (UPI)—Do you lie awake nights? Do you toss and tumble? Worry about your jewels? Have you got \$7,000 for a bed that will end all those problems?

Well, this new model bed put out by a London bed manufacturer may not help you with your insomnia but it will keep you from getting bored.

You can fiddle with separate heating units built into its two separate mattresses or brew a cup of tea in a tea maker. Or finger your jewels in a built-in, velvet-lined jewel drawer. Or use the built-in electric razor or tape recorder.

If that's too strenuous, you can lie quietly and run your fingers over the mink bedspread.

There is a gadget for raising or lowering the mattresses separately for eating, reading or watching television. It also will lie flat in case you want to sleep.

This was such an unusual bed it went on display in an unusual way—at a press conference.

Reporters gathered before a gaudy pink curtain. Slowly it was drawn back, disclosing the bed and two curvaceous occupants.

The girls smiled and ran their fingers over the mink before getting down to the more serious business of making tea and demonstrating a panel of switches controlling the bed, the television set and the bedroom curtains.

J. L. Beecombe, a director of Slumberland, which makes the bed, called it "the beginning of a new era in the bedroom" and said that his company was going all out to encourage people to spend more time in bed.

He quoted the \$7,000 price tag and said the company planned to send a representative to Bahrain in the Middle East next week.

"We think it should interest the sheiks," he said.

Sherman Adams Not Unique; Lincoln Got Coat as Present

By JAMES BARR

WASHINGTON (UPI)—Former Presidential Assistant Sherman Adams wasn't the first Republican in the White House to get a free overcoat. Abe Lincoln was.

A Boston textile manufacturer gave it to him on the eve of the Civil War. Erwin Feldman, a New York labor lawyer and amateur Lincoln scholar, disclosed today he has found an unpublished "Thank You" note written by Lincoln for the coat. The letter was written from Lincoln's home in Springfield, Ill., Jan. 2, 1861 following his election as President.

No far congressional investigators have given no indication that they plan to look into the matter. Not even southern ones with long memories.

Adams resigned last fall after congressional investigators disclosed his relationship with gift-giving Boston textile tycoon Bernard Goldfine. Among other items, Goldfine gave Adams a vicuna overcoat.

Feldman said he has not been able to determine yet whether Lincoln's coat was lamb's wool or something fancier. But he said he is working on it.

The amateur Lincoln scholar, who professes to having both Republican and Democratic friends, said he discovered Lincoln's note while looking through old papers in the University of Chicago library.

Honest Abe, the nation's first Republican President, wrote:

"Dear Sir: Your note of the 1st inst. together with a very substantial and handsome overcoat which accompanied it by express were duly received by me and both would have been acknowledged sooner but for the multifarious demands upon my time and attention. Permit me now to thank you sincerely for your elegant and

Marks 117th Birthday, Last 40 in Hospital

STOCKTON, Calif. (AP)—Charity Davis celebrates her birthday today—and she's entitled to 117 candles on her cake.

She has been a patient at the San Joaquin Valley General Hospital since Sept. 11, 1919. She never married and, so far as known, has no living relatives.

Britain, Egypt Agree on Pact

Financial Settlement of Suez Claims May Lead to Friendly Relations

CAIRO (UPI)—Britain and the United Arab Republic reached a financial agreement today that was expected to lead to resumption of diplomatic relations broken during the 1956 Suez invasion.

World Bank President Eugene Black told a news conference the agreement will be initiated later today and signed formally within a few days.

A half hour before, Black, British delegation leader Sir, Denis Rickett and U.A.R. Economics Minister Abul Moneim Kaissouny met in Kaissouny's office. It was believed Rickett informed the U.A.R. minister of London's approval of the draft agreement then.

Details of the agreement were not announced, but informed sources said Britain would release blocked Egyptian funds in London estimated at about 75 million dollars while Egypt will pay compensation for British businesses seized during the Anglo-French-Israeli invasion of Suez.

British claims for compensation for Britain's Suez Canal Zone military base and Egyptian claims for property damaged in the fighting were believed to have canceled each other out.

Kaissouny said the agreement was a "major step towards normalization of relations" between Britain and his country.

No Post Office Abbreviation for Ala. Is Listed

WASHINGTON (AP)—Take it from the Post Office department, you can't feasibly abbreviate Alaska. So spell it out. The department's official directory of U.S. Post Offices for many years has carried under Alaska the notation: "Do not abbreviate." And officials said there is no plan to depart from this now that the territory has become the 49th state.

Alaska falls into a rather exclusive list of states which are never abbreviated by the Post Office. The others are Idaho, Iowa, Maine, Ohio and Utah.

The National Coal Board, one of Britain's largest employers, provides jobs for nearly 800,000 miners, administrators, technicians, and scientists.

Plane With 56 Aboard Lands Minus 1 Wheel

PHILADELPHIA (UPI)—A TWA Constellation airliner with 56 passengers landed at International Airport yesterday minus a landing wheel, but neither the pilot nor the passengers were aware of it. The plane lost one of its dual wheels shortly after the pilot, Capt. William Barrett of Chicago, lowered the landing gear. The plane landed on the remaining wheels without mishap.

Payrolls, Output Up in December

More Housing Started, but Personal Income Shows Decrease

WASHINGTON (AP)—The government has reported increases in the nation's payrolls, industrial production and housing starts.

Although payrolls climbed last month, the annual rate of personal income—a measure of consumer buying power—fell more than a billion dollars for December. A cut in year-end dividend payments by corporations accounted for most of the drop.

The Commerce Department reported yesterday that December personal income was at a seasonally adjusted annual rate of \$300,300,000,000. November's record level was \$300,400,000,000.

Personal income for all of 1958 was \$353,400,000,000, a record high. The total was up 5½ billion dollars from 1957 and topped by 1½ billion the estimate on which the government based predictions of federal tax revenues.

The Federal Reserve Board said its seasonally adjusted index of industrial output rose one point in December to 142 per cent of the 1947-48 average. The recession low was 128 per cent last April, the record high was 146 per cent in December 1956.

All of the production increase last month was in non-durable goods.

Industrial production for all of 1958 averaged 134 per cent, down from 143 per cent in 1957.

On the housing front, more new units were started last year than in any other year except 1954 and 1955. The 1,197,700 units started last year reversed a two-year housing downturn.

Home construction in 1958 was 15 per cent above that of 1957. The 91,000 units started in December was a seven-year high for that month.

Most of 1958's increase came in the latter half of the year, indicating continued high home building activity this year.

83-Year-Old Pedestrian Killed by Car in Detroit

DETROIT (AP)—Anton Steffler, 83, was injured fatally last night when he was struck by a car at a Detroit intersection.

Chester A. Krawczak, 27, of Lincoln Park, was not held. He said he did not see the pedestrian in time to avoid the accident.

Woman, 48, Strangled

DETROIT (AP)—Ruth Halley, 48, of Detroit, was found strangled in her apartment Thursday. Police said the woman's body was found lying on the living room floor. They said the apartment had been ransacked.

A total of 28,629 flights were flown by airlines of 14 nations across the North Atlantic in 1957.

Franchot Tone Divorced by Wife in Mexico

EL PASO, Tex. (AP)—Franchot Tone, 52, Broadway, film and television star, was divorced in a Mexican civil court Thursday by his wife, Dolores, 23.

Mrs. Tone charged "incompatibility of characters." The petition was filed before Judge Ignacio Martinez Aguayo in neighboring Juarez, Mexico. The couple was married in Quebec, Canada, in 1955.

Duchess Plans Trip

LONDON (UPI)—The Duchess of Kent and her daughter Princess Alexandra fly to Mexico City Feb. 11 to start a tour of Latin America, it was announced at their residence, Kensington Palace.

Charge Husband With Murder

Photo Taken Shortly Before Wife's Death Basis for Warrant

ST. LOUIS (AP)—A first-degree murder warrant has been issued against Charles E. Montague on the basis of a photograph made of his wife at a sorority party the night of Jan. 6.

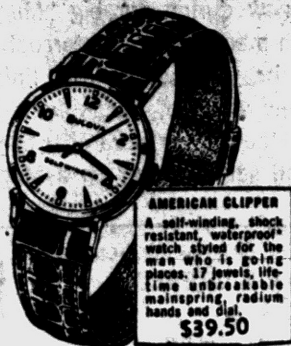

The color photograph snapped by an amateur who was concentrating on another subject, showed a profile of Mrs. Ruth Ann Montague, 32, mother of two. She was wearing a large golden earring.

Thirteen hours after Mrs. Montague left the party, her body was found in her car, parked across the street from the apartment house where the party was held. She had been strangled. Her body had been mutilated. No earrings were found on her body or at the scene.

Montague was arrested Tuesday for further questioning. Officers said they found on him a pair of earrings which match the one shown in the photograph. They said Montague told them he found the earrings in his apartment.

No fewer than 122 vegetable items are now packed in cans. Ten years ago less than half that many canned vegetable items were available.

All Prep Loops in Full Swing Tonight

By BILL CORNWELL

League activity steals the show tonight in a jam-packed schedule on the Oakland County area high school basketball front.

All area conferences will be in action this evening with key games on the docket in several circuits.

Walled Lake's Inter-Lakes battle with Berkley, Clarkson's Wayne-Oakland scrap with Holly, an Oakland B tussle between Lake Orion and Fitzgerald and Rochester's Tri-County fight against Romeo highlight the program.

INTER-LAKES

Walled Lake tries to break a

two-game losing streak and at the same time move into a 1st place tie with Berkley by topping the undefeated Bears tonight at Walled Lake.

Berkley has a 3-0 league record while Walled Lake stands 2-1. Southfield, also 2-1, would create a triple tie for the lead by downing Farmington on the latter's court if the Vikings come through against Berkley. Waterford goes to Van Dyke Lincoln in the remaining I-L contest.

WAYNE-OAKLAND

Holly, Clarkson, West Bloomfield and Clarenceville, all 2-1 in the W-O, hope to survive their league tests tonight while keep-

ing an eye peeled toward Northville where the Mustangs play host to Brighton, unbeaten in three conference starts.

Defending champion Clarkson invades Holly in the feature attraction with victory a "must" for each school. Clarenceville and West Bloomfield meet at Clarenceville facing the same crucial situation while winless Milford visits Bloomfield Hills to round out the slate.

OAKLAND B

Lake Orion is involved in a key game at home against Fitzgerald. The Spartans are tied for 1st place with Troy on a 3-0 record while Orion is 2-1. The Dragons can be-

terains L'Anse Creuse in the other loop outing.

come serious contenders for the Oakland B crown with a win over Fitzgerald.

Avondale, trying desperately to find a winning formula, takes to the road again for a struggle with Madison and Troy goes to Clawson in the other loop games.

TRI-COUNTY

Rochester swings into action for the 1st time since before the holidays when the Falcons open their Tri-County campaign against dangerous Romeo. The Falcons are unbeaten in five starts compared to Romeo's 3-2 mark. Lapeer en-

SOUTH CENTRAL

Oxford faces the unpleasant task of colliding with unbeaten Imlay City, currently ranked Michigan's No. 3 Class C outfit, in the South Central headliner at Imlay. Ortonville completes the loop card at North Branch.

SOUTHERN THUMB

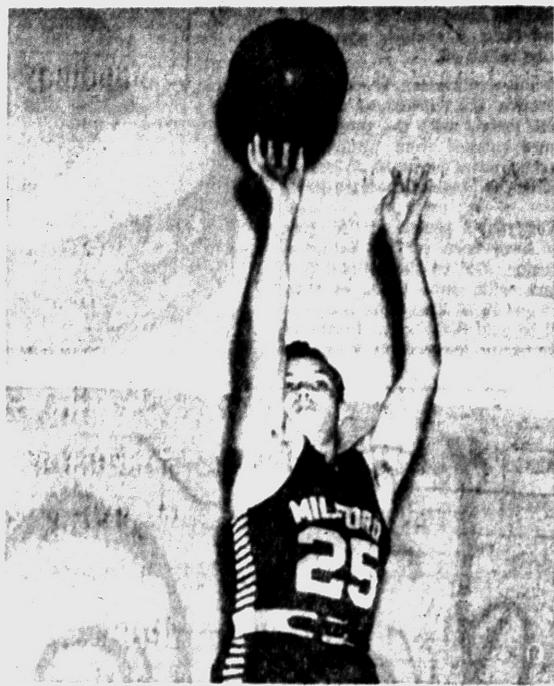

Almont's chances of successfully defending its Southern Thumb title will hinge greatly on the outcome of tonight's battle with undefeated Anchor Bay on the latter's court. Anchor Bay stands 4-0 in the league while Almont is 3-1 after last Friday's surprising loss to Dryden.

Dryden at Capac, New Haven at Armada, and Brown City at Memphis complete the conference schedule.

EASTERN MICHIGAN

Activity in the EML is light. Winless Royal Oak Kimball is a heavy underdog at East Detroit and Port Huron is favored at Mt. Clemens. Birmingham is idle and league-leading Ferndale defeated lowly Hazel Park last night.

Royal Oak Dondoro plays host to Dearborn Fordson in a Border Cities tilt and South Lyon welcomes Dexter for a League of the Lakes contest. Other games are Country Day at Harper Woods, Lamphere at Clintonville and Millington at Frankenmuth.

Pontiac Press Photo

STILL HOPING — Jump shot specialist Terry Hoy and his mates will be still hoping to come up with their 1st win at Bloomfield Hills tonight. He leads the team in scoring with 80 points in seven games.

Holly's McDaniels Moves Up

Gallup Still Leads Scoring

By CHUCK ABRAIR

Birmingham's jump shot artist Merv Gallup appears to get better as he goes along in the Oakland County individual scoring race.

The transfer from Ferndale has totaled 56 points in two games since the last list of leaders was printed to increase his average to 26 for five contests thus far with the Maples.

He has plenty of tough opposition but has shown no sign yet of giving ground to such talented point-getters as Doug Stott of Oxford, big George McDaniels of Holly and Madison sharpshooter Rick Moos.

Stott ranks 2nd averaging 22. McDaniels, who has moved up from 6th, is 3rd at 21.9 followed by Moos' 21.4.

Pontiac Central sparkplug Charley Barge is a close 5th with an even 100 points for five games for a 20 mark but he will be graduating after only two more games.

McDaniels continues to hold the edge in total digits with 175 but has played more games than the majority of his rivals.

Jerry Williams of Cranbrook, Kirk Evans, Walled Lake, West Bloomfield ace John Lucadam, steady Barry Campbell of Waterford, Barge's running mate John Bandy and Chet Wlodkowski of Orchard Lake St. Mary are among the other leaders.

Newcomers to the top 25 in the county are smooth Pontiac Northern forward Mike Fedynik, Bill Smith of Walled Lake and Bob McLaughlin of Royal Oak Shrine. The latter has scored 57 points in his last two outings.

There has been a few changes among the area pacesetters but Don Petroff of East Detroit at 25 and Terry Wills of Armada still head the pack. Brighton star Sean Lavan and Pete Brabb of Imlay City are new in the top 15 in that list.

Ferndale Quint Rallies to Beat Parkers, 63-57

Highly favored Ferndale trailed Hazel Park for three quarters, then rallied behind sharp shooting Roy Palmer to gain a 63-57 victory last night in an Eastern Michigan League basketball game at Hazel Park.

The stubborn Parkers held period leads of 15-8, 28-25 and 46-45 before the Dales seized the lead for keeps early in the 4th quarter. Palmer rifled 27 points for Ferndale while big Bill Jankowski topped the Parkers with 18.

It was the 3rd EML win for the league-leading Dales and evened their overall record at 3-3. Hazel Park now stands 1-3 in the loop and 1-5 altogether.

Cranes Victors, 8-1, Over Benedictine Six

Playing an unofficial contest with Detroit Benedictine puck squad yesterday on home ice, Cranbrook's sextet won easily, 9-1. Cranes are considering membership in the International High School Hockey League, with which the Benedictines are affiliated.

Three Cranes hit for two goals each. They were Jon Plew, Andy Billstedson and Larry DeWitt. Others who scored were John Cudlip, John Waters and Don LeMessurier. Ray DeBrincate got Benedictine's only counter.

Rams Host St. Clement Tonight

6th Straight Win Target for Eaglets

By H. GUY MOATS

While St. Michael takes a respite tonight from Suburban Catholic League basketball competition, the other two Pontiac area pro-dual quintets will be busy on the home floors.

Gene Wright's St. Frederick club with a single blemish on its season's record, will be favored in St. Thomas hall over St. Clement of Orchard Lane.

Orchard Lane St. Mary, coached by former Eaglet star Rev. John Rakoczy, has its sights set on its 6th straight victory. Eaglets' "target for tonight" is the unpredictable, but potentially dangerous St. James club from Ferndale. Orchard Lakers are the league's only undefeated club and were well favored to stay

that way, tonight on their own floor.

In each instance, the home club holds a formidable advantage in individual and all-around effectiveness. Where the Center Line squad has Bob Weber and George Meyer, frequent double-figure shooters, the Rams can point to Tom Dercher, Steve Pocs, Phil Bieri or Joe Keller in the same category.

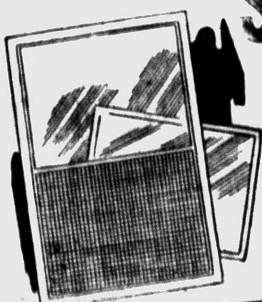

However, the Rams, still smarting from their only loss, will field two new faces tonight. One will be a starter in his first appearance with the varsity. Coach Wright yesterday moved Mike Reed up to the first string and named him a starting guard. Mike is not very big, but an aggressive, fast defender. Ted Dobski, a 6-1 center,

also was moved up, and is sure to see action, Wright said this morning. He will be used down-court. Both boys are sophomores.

Eaglets parade an all-around corps of sharpshooters against the Ferndale club. High scoring Chet Wlodkowski (21 on Tuesday against St. Rita) and Glenn Hass (24 in the same game) lead the Orchard Lakers' point-making contingent. However, almost every other Eaglet is capable of hitting well.

Dick Christie, Ed McGown and Bob Kernan have been St. James mainstays, with Christie the leading man. Larry Yezak's return to action after a long layoff due to an injury, has bolstered the Ferndale club both defensively and offensively. He was one of the St. James big guns a year ago.

CLEARANCE! STORM SASHES

A well-sealed home is a more comfortable home... and you may cut your heating bill as much as half with fine-quality properly installed storm doors and windows.

Fellner Named Medical Chief

Will Replace Fulton as Director of Services at GM in Detroit

Appointment of Dr. William A. Fellner as medical director of General Motors Central Office, effective Feb. 1, was announced today by Louis G. Seaton, GM vice president in charge of Personnel Staff.

Dr. Fellner will be in charge of the staff and facilities which furnish medical service to the employees of the General Motors Central Office and divisions located in the General Motors Building and Argonaut Building in Detroit.

He replaces Dr. William J. Fulton, who is retiring Feb. 1 under the provisions of the General Motors retirement program.

Dr. Fellner has been medical director of the Fisher Body Division plant in Pontiac.

A native of Benton Harbor Dr. Fellner was graduated from the University of Michigan Medical School in 1953.

Dr. Fulton has been with General Motors for 23 years. He became Medical Director of Central Office in 1946.

Prior to joining Continental Profits Off

DETROIT (U-P) — Continental Motors Corp. says the net earnings of it and its Consolidated subsidiaries for the fiscal year ended Oct. 31, 1958, totaled \$3,536,528 on net sales of \$131,415,279. Continental said the figures compared with \$3,583,301 net earnings on \$135,610,890 net sales in the preceding fiscal year.

All 14 Petitions for County Bench Are Ruled Valid

All 14 candidates seeking nomination to five positions on the Oakland County Circuit Court bench have been certified as having submitted sufficient and valid petitions, according to the State Board of Canvassers.

At the same time, Oakland County Clerk-Register Daniel T. Murphy Jr. announced that he has been informed that only the five full six-year judgeships will be on the primary ballot Feb. 16.

The other two contests — two short terms, one to fill out an unexpired term of the late Judge George B. Hartick and the other a preliminary six-months term for the new fifth judgeship — have two or less candidates, thus eliminating the necessity for a run-off.

Purpose of the Feb. 16 primary will be to cut the number of candidates down from 14 to 10, or to two seeking each of the five full judgeships.

Then in the April 6 general election, the 10 will be cut to the five elected judges, those receiving the highest number of votes.

Lodge Calendar

Special communication of Pontiac Lodge No. 21, F&M, Friday, Jan. 16th, 7:30 P.M. Work in P.C. degree. Leslie L. Hotchkiss, W.M. Adv.

News in Brief

Gilbert C. W. Schnake, 21, of 46½ Allison St., pleaded guilty to a reckless driving charge Thursday before Orion Township Justice Helmar G. Stanback and was sentenced to serve five days in the Oakland County Jail.

Rummage sale, 128 W. Pike, Saturday, January 17, 9-1.

State's Miss Junior Miss to Be Selected Tonight

Eight of the 13 high school seniors vying tonight for the title of Miss Junior Miss of Michigan are from the Pontiac area.

The statewide contest, sponsored by the Pontiac Area Junior Chamber of Commerce, will be held at the Rotunda Inn in West Bloomfield Township. Dinner will begin at 7 p.m., preceding the judging.

Beauties from Middleville, Niles and Mt. Pleasant also have entered the contest, according to W. B. Neal, chairman of the event.

The winner of the state contest will receive many prizes, including clothing and jewelry. She will compete in the national contest in Mobile, Ala., March 4-7.

Judging the girls tonight will be Pontiac Mayor Philip E. Rowston; Rep. William S. Bromfield, Mark Beltaire, Detroit Free Press columnist, and Sylvia Cole, Pontiac Press school editor.

ORION TOWNSHIP—One driver was hospitalized with injuries received in a near head-on collision of two cars here yesterday on Clarkston road west of Sunset lane, the Oakland County Sheriff's Dept. reported today.

James S. Williams, 20, of 210 S. Broadway St., Lake Orion, suffered contusions of the forehead, a lacerated nose and an injured right hand.

Williams, who is on leave from the U.S. Navy, is reported to be in "good" condition this morning at Pontiac General Hospital.

Driver of the other car was Michael L. Weply, 19, of 4423 Home-site St., Pontiac. He was unhurt in the mishap.

Sheriff's deputies said Williams' car skidded on a curve into the path of Weply's oncoming car. No tickets were issued.

Johnson & Johnson Buys Philadelphia Lab Firm

NEW BRUNSWICK, N.J. (UPI) — Johnson & Johnson has acquired McNeil Laboratories, Inc., of Philadelphia, Pa., for an undisclosed amount of J & J common stock, it was announced last yesterday.

Gen. Robert Wood Johnson, chairman of the board of the New Brunswick firm, and Robert L. McNeil Jr. and Henry S. McNeil, chairman and president respectively of McNeil Laboratories, made the announcement in a joint statement. Both McNeills will become members of the New Jersey firm.

All Prep Loops in Full Swing Tonight

By BILL CORNWELL

League activity steals the show tonight in a jam-packed schedule on the Oakland County area high school basketball front.

All area conferences will be in action this evening with key games on the docket in several circuits.

Walled Lake's Inter-Lakes battle with Berkley, Clarkson's Wayne-Oakland scrap with Holly, an Oakland B tussle between Lake Orion and Fitzgerald and Rochester's Tri-County fight against Romeo highlight the program.

INTER-LAKES

Walled Lake tries to break a

two-game losing streak and at the same time move into a 1st place tie with Berkley by topping the undefeated Bears tonight at Walled Lake.

Berkley has a 3-0 league record while Walled Lake stands 2-1. Southfield, also 2-1, would create a triple tie for the lead by downing Farmington on the latter's court if the Vikings come through against Berkley. Waterford goes to Van Dyke Lincoln in the remaining I-L contest.

WAYNE-OAKLAND

Holly, Clarkson, West Bloomfield and Clarenceville, all 2-1 in the W.O., hope to survive their league tests tonight while keep-

ing an eye peeled toward Northville where the Mustangs play host to Brighton, unbeaten in three conference starts.

Defending champion Clarkson invades Holly in the feature attraction with victory a "must" for each school. Clarenceville and West Bloomfield meet at Clarenceville facing the same crucial situation while winless Milford visits Bloomfield Hills to round out the slate.

OAKLAND B

Lake Orion is involved in a key game at home against Fitzgerald. The Spartans are tied for 1st place with Troy on a 3-0 record while Orion is 2-1. The Dragons can be-

tertain L'Anse Creuse in the other loop outing.

Avondale, trying desperately to find a winning formula, takes to the road again for a struggle with Madison and Troy goes to Clawson in the other loop games.

TRI-COUNTY

Rochester swings into action for the 1st time since before the holidays when the Falcons open their Tri-County campaign against dangerous Romeo. The Falcons are unbeaten in five starts compared to Romeo's 3-2 mark. Lapeer en-

SOUTH CENTRAL

Oxford faces the unpleasant task of colliding with unbeaten Imlay City, currently ranked Michigan's No. 3 Class C outfit, in the South Central headliner at Imlay. Ortonville completes the loop card at North Branch.

SOUTHERN THUMB

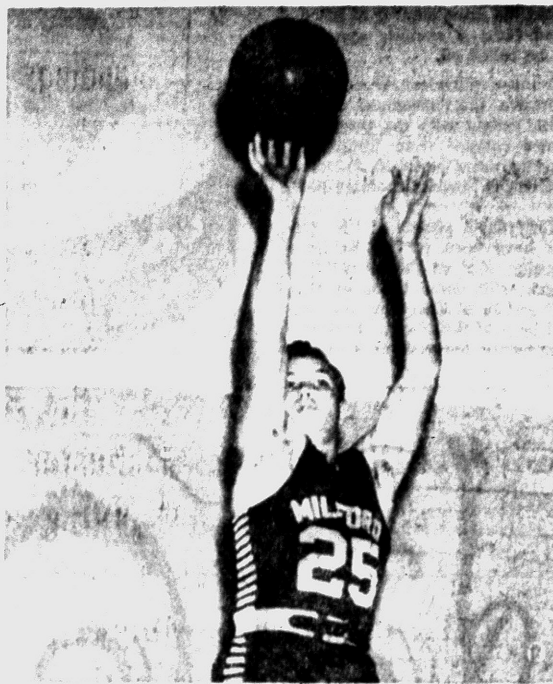

Almont's chances of successfully defending its Southern Thumb title will hinge greatly on the outcome of tonight's battle with undefeated Anchor Bay on the latter's court. Anchor Bay stands 4-0 in the league while Almont is 3-1 after last Friday's surprising loss to Dryden.

Dryden at Capac, New Haven at Armada and Brown City at Memphis complete the conference schedule.

EASTERN MICHIGAN

Activity in the EML is light. Winless Royal Oak Kimball is a heavy underdog at East Detroit and Port Huron is favored at Mt. Clemens. Birmingham is idle and league-leading Ferndale defeated lowly Hazel Park last night.

Royal Oak Dondoro plays host to Dearborn Fordson in a Border Cities tilt and South Lyon welcomes Dexter for a League of the Lakes contest. Other games are Country Day at Harper Woods, Lamphere at Clintonville and Millington at Frankenmuth.

Pontiac Press Photo

STILL HOPING — Jump shot specialist Terry Hoy and his mates will be still hoping to come up with their 1st win at Bloomfield Hills tonight. He leads the team in scoring with 80 points in seven games.

Holly's McDaniels Moves Up

Gallup Still Leads Scoring

By CHUCK ABABRE

Birmingham's jump shot artist Merv Gallup appears to get better as he goes along in the Oakland County individual scoring race.

The transfer from Ferndale has totaled 56 points in two games since the last list of leaders was printed to increase his average to 26 for five contests thus far with the Maples.

He has plenty of tough opposition but has shown no sign yet of giving ground to such talented point-getters as Doug Stott of Oxford, big George McDaniels of Holly and Madison sharpshooter Rick Moos.

Stott ranks 2nd averaging 22. McDaniels, who has moved up from 6th, is 3rd at 21.9 followed by Moos' 21.4.

Pontiac Central sparkplug Charley Barge is a close 5th with an even 100 points for five games for a 20 mark but he will be graduating after only two more games.

McDaniels continues to hold the edge in total digits with 175 but has played more games than the majority of his rivals.

Jerry Williams of Cranbrook, Kirk Evans, Walled Lake, West Bloomfield ace John Lucadam, steady Barry Campbell of Waterford, Barge's running mate John Bandy and Chet Wlodkowski of Orchard Lake St. Mary are among the other leaders.

Newcomers to the top 25 in the county are smooth Pontiac Northern forward Mike Fedynik, Bill Smith of Walled Lake and Bob McLaughlin of Royal Oak Shrine. The latter has scored 57 points in his last two outings.

There has been a few changes among the area pacesetters but Don Petroff of East Detroit at 25 and Terry Wills of Armada still head the pack. Brighton star Sean Lavan and Pete Brabb of Imlay City are new in the top 15 in that list.

Rams Host St. Clement Tonight

6th Straight Win Target for Eaglets

By H. GUY MOATS

While St. Michael takes a respite tonight from Suburban Catholic League basketball competition, the other two Pontiac area pre-club squads will be busy on the home floors.

Gene Wright's St. Frederick club with a single blemish on its season's record, will be favored in St. Thomas hall over St. Clement of Center Line.

Orchard Lake St. Mary, coached by former Eaglet star Rev. John Rakoczy, has its sights set on its 6th straight victory. Eaglets' "target for tonight" is the unpredictable, but potentially dangerous St. James club from Ferndale. Orchard Lakers are the league's only undefeated club and were well favored to stay

that way, tonight on their own floor.

In each instance, the home club holds a formidable advantage in individual and all-around effectiveness. Where the Center Line squad has Bob Weber and George Meyer-nik, frequent double-figure shooters, the Rams can point to Tom Derocher, Steve Pocs, Phil Bieri or Joe Keller in the same category.

However, the Rams, still smarting from their only loss, will field two new faces tonight. One will be a starter in his first appearance with the varsity. Coach Wright yesterday moved Mike Reed up to the first string and named him a starting guard. Mike is not very big, but an aggressive, fast defender. Ted Dolaski, a 6-1 center,

also was moved up, and is sure to see action, Wright said this morning. He will be used down-court. Both boys are sophomores.

Eaglets parade an all-around corps of sharpshooters against the Ferndale club. High scoring Chet Wlodkowski (21 on Tuesday against St. Rita) and Glenn Hass (21 in the same game) lead the Orchard Lakers' point-making contingent. However, almost every other Eaglet is capable of hitting well.

Dick Christie, Ed McGown and Bob Kernan have been St. James mainstays, with Christie the leading man. Larry Yezak's return to action after a long layoff due to an injury, has bolstered the Ferndale club both defensively and offensively. He was one of the St. James big guns a year ago.

Ferndale Quint Rallies to Beat Parkers, 63-57

Highly favored Ferndale trailed Hazel Park for three quarters, then rallied behind sharp shooting Roy Palmer to gain a 63-57 victory last night in an Eastern Michigan League basketball game at Hazel Park.

The stubborn Parkers held period leads of 15-8, 28-25 and 46-45 before the Dales seized the lead for keeps early in the 4th quarter. Palmer rifled 27 points for Ferndale while big Bill Jankowski topped the Parkers with 18.

It was the 3rd EML win for the league-leading Dales and evened their overall record at 3-3. Hazel Park now stands 1-3 in the loop and 1-5 altogether.

Cranes Victors, 8-1, Over Benedictine Six

Playing an unofficial contest with Detroit Benedictine puck squad yesterday on home ice, Cranbrook's sextet won easily, 9-1. Cranes are considering membership in the International High School Hockey League, with which the Benedictines are affiliated.

Three Cranes hit for two goals each. They were Jon Plew, Andy Billedson and Larry DeWitt. Others who scored were John Cudlip, John Waters and Don LeMessurier. Ray DeBrincate got Benedictine's only counter.
