## More Generous Jobless Pay Bill Sought by House

GOP Majority Defies Party Leaders, Starts Work on New Plan

LANSING (AP) — The House Republican majority Monday night scrapped a Senate bill and flew in the face of party leadership to start work on a measure providing more substantial boosts in unemployment compensation.

With enthusiastic backing of the Democrats, the majority breathed life back into a dead House bill and authorized its committees to work these liberalizations into it.

1—A \$3 increase in benefits in lower brackets and \$2 in higher brackets.

2—Increasing the duration of benefits from 20 to 26 weeks.

3—Reducing the contributions of employers with low lay-off rates through a merit rating system of computation.

The benefit increases are much more generous than the Senate-approved Teague Bill provides, and the House majority in caucus also decided to strike out what leaders called "fish hooks" in the Senate version.

Among provisions stricken from the House version are prohibitions against collecting severance pay and bonuses at the same time as unemployment compensation and permitting those thrown out of work by a strike from which they can benefit to collect unemployment compensation.

The House version would permit a maximum compensation payment of \$43 a week, compared with \$41 in the Senate version \$35 at present.

The primary rate for a single worker without dependents would be raised from \$27 to \$30 a week if he earned \$70 or more, the benefit of a worker with a dependent spouse would be raised from \$27 to \$32 and still undetermined increases would be provided for the workers in the \$45 to \$55 wage group with dependent children.

The Senate bill makes no provision for increases in those classes.

The House Republicans, who made these decisions in a secret caucus, said the Ways and Means and Labor Committees had been instructed to meet together to work out the details of the House bill.

Another caucus is planned later in the week to consider the first draft.

## Hemingway in Venice to Rest on Wine, Shrimp

VENICE, Italy (AP)—Author Ernest Hemingway arrived in his beloved Venice today to rest up on "wine and shrimps" from his nearly disastrous hunting trip in Africa.

Hemingway and his wife escaped with minor injuries from two successive airplane crashes in Uganda last January.

## Southern Dem Senators to Back Up Ike's Tax Plan

WASHINGTON (AP)—A southern Democratic senator said today several of his Dixie colleagues are planning to back the Eisenhower administration in its drive to block a further income tax cut this session.

This senator, who asked that his name not be used, said he was surprised at growing sentiment among southern Democrats against the plan to raise personal exemptions and thus cut taxes.

Senate Democratic leaders have been saying they expect to lose not more than one or two votes on the exemption issue.

Republican senators have been conceding the Senate outcome on the exemption battle will be close. But they too expect to hold most of their votes in line.

The Senate lineup includes 48 Democrats to 47 for the GOP plus an independent, Sen. Morse (Ore).

In the House, the Democrats lost their fight for a \$100 boost in exemptions last week by only six votes, 210-204. Such an increase would have meant a \$2,400,000,000 tax cut.

In the Senate, most Democrats are rallying behind a plan of Sen. George (D-Ga.) for a \$200 increase this year. George also proposes a \$400 exemption increase, to \$1,000.

## Operation Iwo Jima Greatest Since World War II

"THE MARINES HAVE LANDED"—Third U. S. Marine division lands on the sands of Iwo Jima, in the largest amphibious training exercise since World War II. This view shows advancing marines shielded by armored amphibious tractors as additional craft approach in background. Area of landing is southwest edge of island, across from the volcanic beach where marines stormed ashore on Feb. 19, 1945, to launch one of the most vicious close-quarter battles in all history.

## Dock Strikers in New Clashes

New York Mayor's Plea to End Port Tieup Fails to Halt Violence

NEW YORK (AP)—Battles broke out again today between members of rival longshoremen's unions in the face of a plea by Mayor Robert F. Wagner that dock workers end their paralyzing 19-day-old port tieup.

The clashes were in Brooklyn, where violence erupted last week and led the mayor to order stiff police reinforcements to guard the piers.

Shortly after operations began at the Hull steamship line piers at 19th and 20th streets, there was a skirmish between striking and non-striking union men.

Police quickly quieted the outbreak, with nobody arrested and no one hurt.

A short while later police reported that a "battle royal" had broken out. Some arrests were reported.

In Manhattan, two workers also were reported arrested. They were accused of attempting to interfere with a picket line.

A plea last night by the mayor for a general return to work was virtually ignored on New York piers, early surveys indicated.

The Manhattan waterfront was all but lifeless, and few were reported on the job along Brooklyn's big dockfront.

## Slams Door So Hard Whole Wall Falls Down

GILLINGHAM, England (AP)—Harry Danson slammed the door to his house behind him last night and the front wall collapsed onto the lawn.

The house was badly shaken by a near-miss bomb during World War II.

## Military Men to Confer

ANKARA, Turkey (AP)—Yugoslav and Greek military missions arrived at Ankara today for consultation with Turkish General Staff officials.

## French Beat Off Commies Besieging Dien Bien Phu

HANOI, Indochina (AP)—The beleaguered French Union defenders of Dien Bien Phu reported today they had beaten back a sharp Vietminh attack on one of their battalions and claimed they killed 175 of the rebels.

The clash yesterday was the hardest fighting reported in a week from the besieged fortress in northwest Indochina.

But it was nowhere near on the scale of the initial all-out onslaught in which the French claimed they killed 3,000 of the Communist-led rebels and wounded another 9,000.

The French army commander here said the rebels attacked on the road linking the heart of the Dien Bien Phu fortifications with the southernmost outpost of the French-held plain.

The Vietminh made a bold effort to wipe out a French Union battalion moving from the center of the fortress to join another battalion coming up from the south.

French tanks and mobile units joined the infantry and artillery to quickly smash the rebel attempt.

Only patrol actions have been reported since the rebels broke off their initial mass assaults — first of the seven-year Indochina war — late last Tuesday. But the Vietminh, dug into the hills ringing the dusty plain of Dien Bien Phu, continued ceaseless artillery bombardment of the fortress.

The French said today, however, the Vietminh shelling had tapered off.

The French air force continued under bright, sunny skies to carry out massive strikes on Vietminh concentrations.

The rebels, meanwhile, stepped up harassing guerrilla attacks on vital French lines of communications in the Red River delta in an obvious effort to divert attention from their feverish preparations for new mass assaults on Dien Bien Phu.

## Partly Cloudy, Rain Forecast for Area

A trace of snow Monday night and a low of 24 crowded the spring-like weather into the background temporarily.

According to the U.S. Weather Bureau, the low tonight will be around 30 to 32 with a high of 38 to 42 on Wednesday.

Partly cloudy skies and rain are due late Wednesday.

Throughout the morning there was a slight variation from the 35 registered at 8 a.m. The mercury rose to 39 at 1 p.m.

A low of 24 and a high of 42 were recorded here yesterday.

## Pro-French Sheik Shot

PORT LYAUTEY, Morocco (AP)—A terrorist today shot and killed Sheik Boulay Ahmed El Bantouri at the door of his home. The sheik was another in a long list of pro-French Moroccan leaders who have fallen victim in the last seven months to the wave of unrest sweeping the French North African protectorate.

## Fire Violations Cited by Pontiac

Owners of 107 Multiple Dwellings Are Warned to Comply With Laws

Owners of 107 multiple dwellings in Pontiac have been warned to comply with state fire laws or face prosecution.

Pontiac Fire Marshal Charles E. Metz said the dwellings violate laws requiring two separate means of entering and leaving.

The violators were turned up in an investigation begun last year by the fire marshal in cooperation with Pontiac Building and Sanitation Departments.

Metz said the investigation will cover more than 1,000 multiple dwellings, but will probably take several years to complete.

Failure to comply within 30 days of notification may result in a \$250 fine and or 10 days in jail for each day the violation continues, Metz warned.

He said owners have been notified and all have expressed willingness to comply.

In warning of the hazards involved, Metz cited recent fires in Detroit and Connecticut which took the lives of several persons and caused damage because the only exit was blocked by flames.

"The biggest life hazard is a man's own home, especially during the night when occupants are asleep and fire is most apt to break out," he said.

The situation here is a result of wartime federal housing programs which did not require two means of entrance and exit, Metz explained.

Dislocation of the programs following the war again placed the units under state law, he noted.

He said the investigation was not pressed before 1953 due to a lack of manpower in the fire department.

## Egypt Ready to Talk on Suez Canal Zone

CAIRO, Egypt (AP)—President Mohamed Naguib said today Egypt is prepared to resume negotiations with Britain on the Suez Canal base "only if Britain admits our rights without question."

The President was commenting to newsmen on British Foreign Secretary Anthony Eden's statement in the House of Commons yesterday.

Eden had said that violence in the Suez Canal area created a difficult atmosphere for the resumption of talks between Britain and Egypt, stalemated since last October. Egypt wants the 80,000-man British garrison withdrawn.

## Twins Born in 2 Places on 2 Different Dates

MEMPHIS, Tenn. (AP)—The twin daughters of Mr. and Mrs. E. L. Yarbrough were born on different days and have birthplaces nearly 100 miles apart.

The first daughter was born late Saturday at the Yarbrough home in Alamo, Tenn. Complications developed and Mrs. Yarbrough was sped to a Memphis hospital where her second daughter arrived yesterday.

## Israel Bars 3 Reds

JERUSALEM, Israel Section (AP)—Israel has refused visas to three Soviet women who planned to visit a Communist-sponsored conference in Haifa, a Foreign Office spokesman said today.

## M'Carthy-Army Hearing Eyed by GOP Chiefs

Group May Back Idea of Having Senator Step Down During Inquiry

WASHINGTON (UP)—Republican leaders applied increasing pressure today to get Sen. Joseph R. McCarthy to step down from his investigating subcommittee during its hearings on his row with the Army.

GOP national chairman, Leonard W. Hall threw his weight into the effort as the subcommittee called a secret meeting to discuss plans for its sensation-packed inquiry.

Hall told newsmen in Philadelphia Monday night that there is the "thread of good American fair play" in the proposal that McCarthy surrender his seat while the subcommittee investigates Army charges that he and his chief counsel, Roy M. Cohn, used pressure to get favored treatment for a drafted McCarthy investigator.

Hall's statement gave support to reports that the White House backed the plan to have McCarthy step down from the subcommittee while the hearings are conducted. However, Hall refused to say if his views were those of the administration.

Sen. Stuart Symington (D-Mo.) said he would insist that McCarthy appoint another Republican to take his place and predicted the two other subcommittee Democrats would back his stand.

But Sen. Charles E. Potter (R-Mich.) said the group could not take away McCarthy's right to keep his seat. McCarthy has refused to say whether he would step aside, although he has agreed not to vote on investigation matters.

The subcommittee meanwhile faced so many other problems as (Continued on Page 2, Col. 4)

## Heads Drive

FRANK S. LYNDALL

## Name Chairman for UF Drive

Frank S. Lyndall to Lead in 1954 Fund Campaign for Pontiac Area

Frank S. Lyndall will be chairman of Pontiac Area United Fund's 1954 campaign this fall, Harold A. Fitzgerald, United Fund president, announced today.

Lyndall, manager of Pontiac's Sears, Roebuck and Co. store, served as commercial division chairman in last year's United Fund drive.

He also was active in community drives in his former city, Grand Rapids, serving one year as Community Chest fund campaign chairman there.

Lyndall is a member of Pontiac Rotary Club and the board of directors of a United Fund agency, Pontiac Boys Club. A veteran of World War II, he has lived in Pontiac for nine years and makes his home at 94 Dwight St.

## Senate Reconsiders House TB Measure

LANSING (UP)—Senate reconsideration of a deadlocked vote over a House-approved bill providing for compulsory confinement of tuberculosis victims is expected today.

The measure failed to win approval Monday night when the upper chamber balloted 13-13 on the issue.

The bill would permit hospitalization and treatment of persons with contagious tuberculosis even against their will following hearings before a probate court.

Mystery Donor Piles Up Gifts to Central College

MT. PLEASANT (AP)—An anonymous person has made three donations to Central Michigan College in the last six weeks. The first donation was \$10, then \$20, then \$30.

There was speculation how high the donor would go under the present ratio before calling a halt.

## Bald Heads Get Break

JAMESTOWN, N. Y. (AP)—A barbershop sign here says: "Haircut \$1; bald heads—50 cents."

## Senate May Vote Today on Chavez Ouster Issue

WASHINGTON (AP)—Scenting victory, Senate Democrats today brushed aside a Republican offer to water down the political effect of a resolution to oust Sen. Chavez (D-NM) from the seat he has held since 1935.

Party lines held firm yesterday as the Senate began debating a resolution to cancel out the 1952 New Mexico senatorial election in which Chavez defeated Republican Patrick J. Hurley, a former secretary of war, by about 5,000 votes.

The issue may come to a vote late today. The resolution is based on the finding of a Republican majority of the Senate elections subcommittee that there were so many voting irregularities in the 1952 election it would be impossible to pick the legal winner.

Sen. Hennings (D-Mo.) the subcommittee's one-man minority, has vigorously dissented from this opinion.

Underlying the Chavez election challenge is a fight for numerical superiority in the Senate, where there now are 48 Democrats—including Chavez—47 Republicans and an independent, Sen. Morse of Oregon.

Should the Senate void the results of the Chavez-Hurley contest, Republican Gov. Edwin L. Mechem of New Mexico would be expected to name a Republican replacement for Chavez. This would then give the Republicans a one-vote edge.

## Sergeant Faces Dismissal From U.S. Air Force

Sgt. William Aulisio's Mother Denies Family Has Subversive Ties

A Pontiac Air Force staff sergeant, who is being discharged tomorrow as a security risk, has appealed for Congressional aid in fighting the charge.

S. Sgt. William Aulisio, 34, wrote a letter to Rep. Thaddeus M. Machrowicz (D-Hamtramck) denying that he was "a member of the Communist Party or closely affiliated" with it in 1940-42.

The Air Force stressed that it did not question Sgt. Aulisio's loyalty, but would recommend his discharge because he was a poor security risk.

Machrowicz said that he has turned the letter over to the Sergeant's congressman, Rep. George A. Dondero (R-Royal Oak).

Dondero, who said he hadn't heard of the case before, told the Pontiac Press today he would have to read the material before taking any action.

"We will make an inquiry with the government and see what their position in the matter is," he stated.

Sgt. Aulisio, who has served 9 1/2 years in the Air Force, said he is accused of signing a petition at Flint in 1940 to have the Communist Party placed on the election ballot. He is also charged with associating with Communists, including his father, Michael, 64, a Pontiac Motor Division diemaker; his mother, Viola, 58, and his brother, Quincy, 42, a Flint factory worker.

Mrs. Aulisio, who first heard of the Air Force action this morning at her home at 715 Second Ave., said that no member of her family ever belonged to any subversive group.

"I, and my family, signed a petition in 1942 but we didn't know the party listed was the Communist Party," she said.

"My son, Quincy, brought the petition home from the factory where he worked."

The woman said that FBI investigators had been questioning members of the family and neighbors since 1942.

About four months ago, she stated, Michigan State Police questioned her husband concerning his acquaintance with suspected Reds in Pontiac. She said her husband knew the persons listed, but not as Communists.

In a recent letter, she said, her son, who was up for promotion, wrote her: "Mother, you know I don't know anything about Communism." (Continued on Page 2, Col. 6)

## Police on Alert for A-Smugglers

FBI Warning Forces to Watch for A-Bombs at Border Crossings

DETROIT (AP)—Detroit Police Commissioner Donald S. Leonard said today all City Police and Civil Defense units will be alerted to the FBI warning that enemy powers may seek to smuggle small atomic weapons into the United States.

The warning came in a letter from FBI Director J. Edgar Hoover to the nation's police forces. The letter, reportedly sent out with the approval of President Eisenhower and the National Security Council, coupled descriptions of the two atomic devices with warnings against amateur attempts to dismantle them.

Leonard said he understood the FBI was working quietly to prevent the possibility of raising national alarm or hysteria and he said "The Detroit Police will work in a similar manner. There is no reason to spread alarm which, after all, may have no basis in fact."

State Police Commissioner Joseph A. Childs said his department has had no official warning from the FBI. He said, however, he had learned of the possibility that atomic bombs could be smuggled into the country piecemeal and then assembled.

"It is the first time I have heard there is any worry over complete bombs," Childs said. "I didn't know they were made small enough." (Earlier story, page 17.)

# Board of Education Boosts Salaries of All Teachers, Cuts Years to Maximum

BIRMINGHAM — A teacher's pay boost of \$350 was approved by the board of education last night, and the number of years to reach the maximum pay was cut from 16 to 12 years.

Included in the \$2,394,330.31 budget for 1954-55 approved was an increase of \$419,031 in salaries over last year.

The school board set the minimum for a teacher with a bachelor's degree at \$3,700, and the maximum at \$5,500, with 12 annual increments of \$150. The present salary schedule is \$3,350-\$4,550, with 16 increments of \$100.

Teachers with a master's degree will receive \$3,900 starting salary under the new schedule, and a maximum of \$5,700. Present is \$3,550-\$4,550.

Supt. of Schools Dwight B. Ireland said the increase would allocate \$5.81 per cent of the budget for all salaries, leaving 14 per cent to run the schools.

Principals receive a comparable increase under the new pay schedule. Teachers has asked the board for a bachelor's degree minimum of \$3,600 and maximum of \$4,100, with 11 annual increments of \$250. The pay sought for a master's degree was \$3,550-\$4,550.

The civil defense program, illustrated with movies, will be the subject of the Torrey School PTA meeting, at 8 tonight in the new gymnasium, Mayor Ralph Main, local director of civil defense, and Louis Jarrett, Oakland County director of civil defense, will be the speakers.

A separate meeting for mothers of pre-school children will also be held. Mrs. Joseph J. Cucchi, a hat designer, will show new spring styles and discuss remodeling old hats.

First Methodist Church young people will attend the sub-district roller skating party from 7-10 tonight at the Clawson rink.

Cranbrook Alumni Exhibition of Textiles, Ceramics and Metalwork, now at the museum of Cranbrook Academy of Art, will close Sunday, Eva L. Gitting, museum curator, has announced. The museum is open to the public from 2-5 p.m.

Birmingham High School Girl Scout Troop 306 took part in the Senior Pow Wow, for all Oakland County senior troops, at Berkley last weekend. The girls attended workshops, lunched and saw the film entitled "Lighted Windows."

A new slate of officers was elected at the last Quarten School PTA meeting, with Mrs. Manley Bailey heading the list as president. Mother, father and teacher vice presidents elected were Mrs. Everett Schafer, William L. Martin and Mrs. B. F. Hutchings, respectively.

Others are Mrs. J. E. Gill, treasurer; Mrs. William Burgham, corresponding secretary; and Mrs. Richard Mansfield, recording secretary.

A workshop meeting for the coming bazaar will be held by the Agnes Ross Guild of First Presbyterian Church tonight. Marion Cannon of Safford road will be hostess for the gathering.

Oakland County Probate Judge Arthur Moore will speak to Lions Club members at a noon luncheon at the Community House tomorrow. He will discuss the new Camp Oakland, near Oxford, which provides a year around home for older boys.

The week's Lenten program for 10 a.m. tomorrow at St. James Episcopal Church, sponsored by the Woman's Auxiliary, will be on "Our Lord Jesus Christ," and will be given by the Rev. Harold Towne, Holy Communion service will be at 11 and nursery care will be provided for pre-school children.

Contrary to its title, the Supper Club of First Presbyterian Church will not include dinner at its meeting at 7:45 tonight. The group will continue its World Adventure series.

## The Weather

Harold E. Teichman

Service for Harold E. Teichman, 45, of 1292 Davis St. will be at 1 p.m. Wednesday at Bell Chapel of the William R. Hamilton Co., with burial in Roseland Park Cemetery. He died Friday at Detroit Osteopathic Hospital, after a brief illness.

Ramsey de Meules

Service for Ramsey de Meules, 37, of 1367 Villa will be at 2 p.m. Wednesday at St. James Episcopal Church, with burial in White Chapel Memorial Cemetery. Arrangements are by Manley Bailey Funeral Home.

Mr. de Meules died in Cleveland, Ohio after a short illness.

Funeral arrangements are pending at the Manley Bailey Funeral Home for Joseph Lindsay Bedard Jr., infant son of Mr. and Mrs. Joseph L. Bedard, of 1470 Hood Rd., Pontiac.

Born March 10 in Highland Park, the baby died suddenly Monday.

Besides his parents he is survived by a sister, Christine, and his grandparents, Mr. and Mrs. William Bedard and Mrs. Mary Hale, all of Birmingham, and William Hale, of Metamora.

Word has been received here of the death of Mrs. David (Isabella) Brown, 95, mother of David L. Brown, former manager of the southeast division of Consumers Power Co. of Michigan.

Mrs. Brown, a pioneer of Sault Ste. Marie, died at her home in Detroit Monday.

Born at Sault Ste. Marie, she was the eldest child of Anthony and Edith Rains Adams. She married the late David Brown in Stratford, Ont. She had been living in Detroit with her daughter since the death of her husband in 1917.

Surviving besides Mr. Brown who resides in Pontiac, are two other sons, Lawrence H. of Spokane, Wash., and James A. of Jackson; three daughters, Mrs. Rosetta Van Every of Detroit, Misses Edna and Ruth Brown, all of Detroit. Also surviving are four grandchildren.

Funeral will be Thursday at 1:30 p.m. from the McCabe Funeral Home at 1870 Grand River Ave. in Detroit. Burial will be in Acacia Park Cemetery in Southfield Township.

According to Birmingham police, Lewis was found near the Quarten Market at 1744 W. Maple Ave., last Thursday when officers checked the building after finding a window broken.

Epley pleaded guilty March 2 to the unarmed robbery of a Birmingham man, on Jan. 2, in a Pontiac tavern.

Bowling Alley Burglars Get 30 Day Jail Sentence

In Oakland County Circuit Court Monday, James A. Robtoy, 18, of Birmingham, and Clement Berger, 17, of Big Beaver, were sentenced to 30 days in jail, placed on 3 years probation and fined \$150 court costs by Judge H. Russell Holland.

The pair had pleaded guilty March 15, to breaking and entering. They admitted a March 8 break-in of a bowling alley in Rochester.

Burglars Loot Clubhouse

HOLLAND — Burglars smashed open a safe in the Moose Lodge clubhouse over the weekend and fled with \$1,100 in cash.

Jury Acquits Driver Accused of Drunkenness

BIRMINGHAM — Thomas Kaiser, 45, of 1335 Humphrey St., was found not guilty on a drunk driving charge Monday in Justice Court by a jury of three men and three women.

Associate Justice of the Peace John Emery Jr. allowed as evidence Intoximeter findings. The Intoximeter is a device which measures the amount of alcohol in the blood by analysis of the breath.

Local Truck Driver in Fatal Accident

JACKSON — A strike against one dairy resulted indirectly today in the traffic death of an official of another dairy.

Henry Sternkopf, 54, president of Former-Lakeside Dairies, was killed when his car and a truck collided. Sternkopf was thrown out and his head struck a curb. His wife, riding with him, suffered minor injuries and shock.

The Sternkopfs were en route across Jackson to confer with A. F. Seelert, president of Lodi & Jackson Dairies, whose firm had just been picked by the Southern Michigan Milk Producers Assn. and organized farmer group.

Howard Manning, 52, of Pontiac, was the driver of the truck. He was unhurt.

# Ex-Road Aides Get New Posts

Five Transferred From Right-of-Way Division to Millard Department

LANSING — Five former employees of the State Highway Department right-of-way division in the Lansing office today were transferred out of the department.

Highway Commissioner Charles M. Ziegler said that James M. Kane, former division director; Edward Kremer, Don Toaz and Donald Goulais, legal aides, and Glen Cline, an abstract examiner, have been transferred to the attorney general's department.

The first four are attorneys and will be employed as assistant attorneys general.

The transfers have been approved by Atty. Gen. Frank G. Millard and the Civil Service Department.

Asst. Atty. Gen. Eugene F. Townsend has been assigned to the Highway Department to have charge of all legal work.

Ziegler said that Deputy Highway Commissioner George M. Foster will continue to have full charge of the division. He was assigned those duties Feb. 25 when Kane was relieved of his duties.

Pending the selection of a new division director under civil service rules, Ziegler has appointed Henry Foster, an employee of the department for 24 years, as acting director to work under Foster.

The shakeup of the division follows disclosures of irregularities in right-of-way purchases in western Michigan. A statewide probe of purchases is under way.

# David Brown Hears of Mother's Death

Word has been received here of the death of Mrs. David (Isabella) Brown, 95, mother of David L. Brown, former manager of the southeast division of Consumers Power Co. of Michigan.

Mrs. Brown, a pioneer of Sault Ste. Marie, died at her home in Detroit Monday.

Born at Sault Ste. Marie, she was the eldest child of Anthony and Edith Rains Adams. She married the late David Brown in Stratford, Ont. She had been living in Detroit with her daughter since the death of her husband in 1917.

Surviving besides Mr. Brown who resides in Pontiac, are two other sons, Lawrence H. of Spokane, Wash., and James A. of Jackson; three daughters, Mrs. Rosetta Van Every of Detroit, Misses Edna and Ruth Brown, all of Detroit. Also surviving are four grandchildren.

Funeral will be Thursday at 1:30 p.m. from the McCabe Funeral Home at 1870 Grand River Ave. in Detroit. Burial will be in Acacia Park Cemetery in Southfield Township.

According to Birmingham police, Lewis was found near the Quarten Market at 1744 W. Maple Ave., last Thursday when officers checked the building after finding a window broken.

Epley pleaded guilty March 2 to the unarmed robbery of a Birmingham man, on Jan. 2, in a Pontiac tavern.

Bowling Alley Burglars Get 30 Day Jail Sentence

In Oakland County Circuit Court Monday, James A. Robtoy, 18, of Birmingham, and Clement Berger, 17, of Big Beaver, were sentenced to 30 days in jail, placed on 3 years probation and fined \$150 court costs by Judge H. Russell Holland.

Howard Manning, 52, of Pontiac, was the driver of the truck. He was unhurt.

Mrs. E. E. Blackstone

# Church Leader Dies in Pontiac Monday

Mrs. Elmer E. (Lottie S.) Blackstone, 80, of 26 Sheridan St., the third oldest member of the First Presbyterian Church, died at her residence at 10:30 p.m. Monday.

She had been ill three weeks. Born on Oxford June 6, 1873, she was the daughter of Lovett and Harriet Stockwell Stanton. She married Mr. Blackstone here Oct. 11, 1911.

She was a member of the June group of the Women's Association and president of the Missionary Society of the church. She also was a member of the Research Club, DAR and OES.

Mrs. Blackstone was very active in church circles until failing health somewhat slowed her activities.

Besides her husband she is survived by two sons, William S., of Williams Lake, and the Rev. Donald B. Blackstone, of Twin Falls, Idaho, and six grandchildren.

The funeral will be held Thursday at 2 p.m. from the Donelson-Johns Funeral Home. Dr. William H. Marbach, her pastor, will officiate. Burial will be in Oak Hill Cemetery.

Mrs. George Journey

Mrs. George (Esoline) Journey, 7, died in Stillwater, Wis. Sunday. Born in Canada June 18, 1876, she was the daughter of Red and Matilda Menard. She married George Journey in Wisconsin in 1912 and came to Pontiac 26 years ago. She returned to Sunset, Wis., nine months ago.

Besides her husband she is survived by a son, Delmar V. Cote, of Drayton Plains; two daughters, Mrs. Rose Schmidt, of Minneapolis, and Mrs. Dora Chandler, of Pontiac.

Also surviving are four sisters and a brother, Herman Menard, of Drayton Plains; two daughters, Mrs. John Bergeron, Mrs. John Laventure, Mrs. John Breault, all of Wisconsin, and Mrs. Lilly Pryor, of Seattle, Wash.

Funeral service will be held Thursday at 1:30 p.m. from the Hutton Funeral Home. The Rev. Arvid Anderson, of Christ Lutheran Church in Waterford, will officiate. Burial will be in Perry Mount Park Cemetery.

John Philip LaBarge

John Philip LaBarge, 41, of 3322 Joslyn Rd. died at his residence Monday at 8 p.m. after an illness of two years.

Born in Pontiac Oct. 31, 1912, he was the son of Mr. and Mrs. Joseph LaBarge. He married Lorraine Myre here Sept. 14, 1943.

Mr. LaBarge was last employed at Fisher Body Division. He was a member of St. Michael Catholic Church and the Knights of Columbus.

Surviving besides his widow and parents are three sons and two daughters, Charles, Ronald, Francis, Kay Ann and Betty Lou, at home.

Also surviving are three brothers and three sisters, Sherwood, Louis, Sybil and Mrs. Virginia Mirovsky of Pontiac, Mrs. Norene Strosky of Clarkston and Mrs. Shirley Dixon of Waterford.

Rosary service will be Wednesday at 9 p.m. in the Kirby Funeral Home. Funeral will be Thursday at 9 a.m. from St. Michael Church with burial in Mt. Hope Cemetery.

Mrs. Evelyn I. Riley

Mrs. Evelyn I. Riley, 72, died suddenly at the home of Mr. and Mrs. Charles Lane, 110 Crescent Rd., with whom she lived.

Born in Farmington Aug. 5, 1881, she had resided in Pontiac 11 years and was last employed in the cafeteria at Pontiac Motor Division.

She is survived by a brother, Harold, of Pontiac. Funeral will be Thursday at 2 p.m. from the Allen Funeral Home in Lake Orion. Burial will be in the Farmington Cemetery.

Mrs. Josephine Thatcher

Mrs. Josephine V. Thatcher, 95, died this morning at 9:05 a.m. in her home at 37 Miller St. She was the mother of Mrs. W. H. Powell.

The body is at the Sparks-Griffin Funeral Home.

Ferndale Man Sentenced

William Lister, 38, of 2147 So. Ferndale, yesterday was placed on two years probation and fined \$200 court costs by Oakland County Circuit Court Judge H. Russell Holland. Lister previously pleaded guilty to entering Lolly's Drive Inn at 2520 Rochester Rd., Troy Township, on March 7.

# Germany Set to Recruit Army

150,000 Volunteers Will Form Cadre to Train EDC Troops

BONN, Germany (AP)—Plans to recruit 150,000 volunteers to form the basis of West Germany's 12-division contribution to the projected European Defense Community army are complete, German officials said today.

These volunteers would be officers, non-commissioned officers and specialists who would train the first conscripts.

The parliamentary security committee has approved a bill providing for recruiting of the cadre, officials said, and it will be presented to Parliament as soon as German ratification of EDC is complete.

The Bonn government hopes that German ratification will be completed this week. President Theodor Heuss is expected to sign the ratification law, as soon as the western Allies have approved changes in the constitution legalizing West German membership of the six-nation army.

Already Bonn's shadow Defense Ministry has the names of 130,000 volunteers.

Local Air Force Man Termed Security Risk

(Continued From Page One)

munists; only what the Air Force teaches me."

It was reported that proceedings against Sgt. Aulizio were started last June 26, and a hearing was held the following month at Hensley Field, Texas.

A preliminary statement starting the proceedings was quoted as saying:

"During 1940-42, and for an unspecified period of time thereafter, at or near Flint, you were a member of the Communist Party, or closely affiliated therewith."

"During 1940, at or near Flint, you signed a petition declaring your intention to organize the Communist Party and requesting the secretary of state to receive the certificate and vignette of the Communist Party, and place the names of the Communist candidates on the ballot at the November, 1940, presidential and state elections."

"You have maintained a close and continuing association with persons, who are reported to have been members of the Communist Party, or closely affiliated therewith, including your father, Michael Aulizio; your mother, Viola Aulizio; and your brother, Quincy Aulizio."

Aulizio was quoted as categorically denying that accusations and saying that he had no knowledge that any of his associates or relatives were Communists. He said he had only infrequent visits with his family.

Aulizio claimed, the report said, that he was given no chance to cross-examine witnesses at the hearing and that he was notified in September his dismissal had been recommended. Nothing had been done since, although he claimed he had been denied normal promotion.

Aulizio was believed to have appealed to Rep. Macrowicz because of the Hamtramck Democrat's intervention in a somewhat similar case recently. After Macrowicz's intervention M. Sgt. Victor Harris was cleared and transferred from manual labor jobs to a chemical assignment for which Macrowicz said his education suited him.

Lt. Milo Radulovich, a Michigan reserve aviator, fought dismissal as a security risk and won. He was accused of associating with his father and a sister, claimed by the Air Force to have Communist sympathies.

Mrs. Aulizio admitted that she and her husband had joined the Progressive Party in 1948, but the membership lasted only about three months.

"A neighbor told me at the time that FBI men had been questioning neighbors, asking whether I was holding meetings in my home, whether I was attending meetings and who my friends were," she stated.

"I know Bill is coming out of the service with a heavy heart — he had planned to make the service his career. Now I don't know whether he will even return home after this," Mrs. Aulizio said.

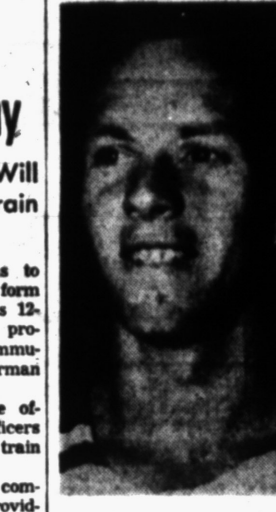

Sgt. Aulizio, who entered service in 1942 and served in the Pacific campaign during World War II, reenlisted in 1946 after discharge in 1945.

His wife, Lucille, 28, who also was questioned during the Air Force probe, and two sons, Michael, 7, and Quincy, 5, are living with Sgt. Aulizio near the Texas Air Force base.

Two Minor Measures Approved by Governor

LANSING — Gov. Williams signed two minor legislative bills into law today.

One permits county boards of supervisors to fix the pay of stenographers and magistrates of municipal courts. The other repeals a local act for the appointment of a court stenographer in Genesee County, placing the position under the general state law.

John D. Young

# 5 AFL Locals Shift Jurisdiction

Move Places Members Under Building Trades Detroit Council

Five AFL locals in Oakland County, including two in Pontiac, will shift to Detroit Building Trades Council (AFL) jurisdiction April 1.

The move will place 4,000 union members under supervision of the Detroit organization.

The Pontiac locals affected are the Bricklayers, Masons and Plasterers Local 26, and the General Drivers and Helpers Local 614. Three other locals affected by the shift are Laborers Local 1076, Painters Local 626, and Carpenters Local 998.

Pontiac Local 614 recently was placed under trusteeship when two of its officers were indicted in a grand jury probe of labor racketeering.

According to Finlay C. Allan, executive secretary of the Detroit Council, the amalgamation, ordered by the AFL Building and Construction Trades Department in Washington, will better serve the membership under one council.

Officials of both the Detroit Council and the Oakland County Building Trades Council had asked the Washington Department to charter an organization for the entire Detroit area.

Two youths were placed on three years probation and fined \$200 court costs each Monday after pleading guilty to breaking into the Pontiac Country Club Feb. 17.

Circuit Judge H. Russell Holland ordered one of the youths, Donald V. Kleier, 18, of Detroit, to spend the first 45 days of his probation in the County Jail.

The other one, Harry A. Brown Jr., 17, of 6990 Beaufort, Walled Lake, was sent to jail for 60 days. A third youth, Bernard F. Roach, 17, of 5656 W. Maple, Birmingham, pleaded guilty and faces sentencing June 14.

The trio and three juveniles were arrested Feb. 14 after police trailed two of them from a shack where golf equipment and clothing were cached. Articles valued at \$1,000 were taken from the country club.

Motorcyclist Injured Trying to Avoid Accident

A Pontiac motorcycle rider was injured Monday night when he swerved his bike off N. Perry street to avoid a car making a sudden left turn in front of him.

The rider, Clyde R. White, 28, of 2300 Shimmers Rd., who received a broken arm, told Pontiac police the car turned left onto Giddings road without a signal. A warrant has been issued for the driver, police said.

Embezzler on Probation

Doyle Mulkey, 21, of Macon, Miss., yesterday in Oakland County Circuit Court was placed on two years probation by Judge H. Russell Holland, fined \$150 court costs and ordered to pay back \$95 he had previously admitted taking from his employers. Mulkey pleaded guilty to embezzlement March 15.

**O-JIB-WA BITTERS**  
**HELPED ME WHEN I**  
**GAVE IT A FAIR TRIAL**

"Four years ago I tried O-JIB-WA for a couple of days and quit. Recently I gave it a fair trial, and am amazed by the good results I received," says Mr. Charles Whipple, 16128 Linwood, Detroit, Michigan.

"It was about ten years ago that I first began to notice the stiffness and soreness of arthritis in my back. It gradually became worse until I was forced to walk all stooped over. Lots of times I couldn't even get up the stairs. Besides this, I suffered a lot with my stomach and couldn't sleep well nights. Then about four years ago I decided to try O-JIB-WA BITTERS. After a couple of doses, I threw the rest away as at that time I lacked confidence in it. I tried many different kinds of medicine after that, but they did not help me at all. I began to feel as though I had tried everything and was about to give up, as I thought nothing would help me. Then I began to

read the true testimonials about O-JIB-WA BITTERS and reasoned that if it helped others so greatly, it should help me. I bought another bottle and resolved that this time I would really give it a chance. After two weeks I wasn't bothered with gas on my stomach and in a month, I knew that O-JIB-WA was helping my arthritis. It helped my back so much that I really get around fine now and stomach trouble and sleepless nights are things of the past. My wife was bothered with gas and sour stomach, and it helped her also. I believe that there is nothing better than O-JIB-WA BITTERS. I am so glad that I gave it a second chance, and that I'm all better now."

**Army Tightens Security Rules**

**New Order Requires Commissioned, Warrant Officers to Sign Oath**

WASHINGTON (U) — The Army has tightened its lines against possible infiltration by subversives. It has issued a new order requiring all commissioned and warrant officers to sign fresh loyalty certificates and setting up machinery designed to prevent delays in handling cases of officers who either refuse to sign these documents or plead protection of the Fifth Amendment in refusing to answer questions it asks.

The new directive, disclosed by the Army yesterday, was issued March 11 under the signature of Gen. Matthew B. Ridgway, Army chief of staff.

It states at one point that Secretary of the Army Stevens "does not consider it consistent" with national security to keep in military service anyone who refuses to say whether he has been a member of the Communist party or any subversive group.

There was no doubt that new order grew out of the case of Maj. Irving Peress, a New York dentist who was promoted and honorably discharged over the protest of Sen. McCarthy (R-Wis.), who said Peress was a "Fifth Amendment Communist" and should be court-martialed. Peress, who refused under oath to testify on alleged Communist connections, later said in a public statement that McCarthy's charges were "nonsense."

Told of the new order, McCarthy commented to newsmen that in general it "sounds like a fine idea," but he said he wants to study it before saying more.

The order bars promotion, decoration, commendation, reassignment, separation or ordering to active duty of any person who does not fill out the prescribed loyalty certificate, pending final action in the case.

The certificate, revised Feb. 1, is much like the one in effect before, but it includes an updated list of organizations on the attorney general's subversive list.

The new order follows a directive Stevens put out a month ago declaring that refusal to sign or complete a loyalty certificate is considered enough of a basis to mark an officer as a security risk.

James A. Garfield was nominated for President on the 36th ballot.

**AGAINST REDS**—Rev. John A. Hutchinson, a Williams College religious professor, tells the House Un-American Activities Committee in Washington that since 1938 he has preached, lectured and spoken out strongly elsewhere against the Communist Party. He was questioned about alleged Communist front activities in Baltimore in the 1930s.

**Police Seek Firebug Near Grand Rapids**

GRAND RAPIDS (U) — The firebug known as "The Torch" struck again Monday, setting a blaze in suburban Godwin Heights, an area with no water supply system.

Deputy sheriffs said the firebug has set 10 fires in the area during the past three weeks. They are investigating arson in the Monday fire.

Volunteer firemen controlled the flames just before a portable water supply gave out, but not before the fire had destroyed a car and caused \$4,000 damages.

Donald Shook, Godwin Heights fire chief, said the fire began in an attached garage and carried into the house. The 10 other fires caused minor damage to homes and business places in the area.

**Sen. Ferguson Proposes National Women's Days**

WASHINGTON (U) — Sen. Ferguson (R-Mich.) proposed that each Aug. 26 be designated "American Women's Day."

Some 1 1/2 million new women voters become eligible at the polls, every year, Ferguson said in a resolution yesterday. The resolution would authorize the President to issue an annual proclamation displaying the flag on all government buildings.

**Boom on at Morley as Drillers Strike Oil**

MORLEY (U) — An oil discovery has made this Mecosta County village a boom town.

Oil operators bidding for leases began jamming the place after a wildcat discovery well drilled in Saturday night on the farm of Alfred Kohn just north of the Mecosta-Montcalm county line.

McClure Oil Co., owner of the well, shut it down Monday noon. Members of the drilling crew said it had been flowing at the rate of 60 barrels an hour. Drilling depth was not disclosed.

Up to last night, leases had been taken for a radius of three miles from the discovery well.

**Little Traverse Hospital to Get \$175,000 Addition**

PETOSKEY (U) — Plans for construction of a \$175,000 addition to Little Traverse Hospital here to be used by doctors and for clinical services were announced Monday.

The site covers land adjoining the hospital given by Dr. and Mrs. Dean C. Burns of Petoskey and the Burns Foundation. The hospital addition, providing 14,400 square feet of floor area; calls for 14 consultation rooms, a waiting room and business office.

**Italy Feels Quake**

## Britain Strikes Jamaican Reds

Police Seize Papers in  
Lightning Raids on 2  
Left-Wing Centers

KINGSTON, Jamaica (U)—Britain cranked up an anti-Red drive in a third Caribbean colony today after seizing documents in lightning raids on two left-wing centers in this West Indies island capital.

Following crackdowns on alleged pro-Communists in British Guiana and British Honduras on the American continental mainland, authorities yesterday swooped down here on the home of Jamaican labor leader Ferdinand Christof Smith, assistant secretary of the Communist-dominated World Federation of Trade Unions, and on the offices of the left-wing People's Educational Organization.

Police said documents they seized in Smith's home identified Communist organizers and fellow travelers in Jamaica. The files and papers taken in the raid on the educational organization were said by police to have been of a type banned by law as undesirable.

Announcements of the raids did not indicate any action had been taken against Smith or the leaders of the educational organization. Smith, president of the Red-tinted Jamaica Federation of Trade Unions (JFTU), was purged in 1948 as a leader in the United States of the CIO National Maritime Union on the grounds of Communist activities.

He was permitted to leave the United States "voluntarily" in 1951 to avoid deportation on charges of subversion and being an undesirable alien.

The police said the documents taken in his home yesterday also contained the names of Iron Curtain organizations having contact with the JFTU.

British measures against Reds in their Western Hemisphere possessions started last year with the ouster of leftist Prime Minister Chedi Jagan and his peoples Progressive party government in British Guiana.

### Police Arrest Students in Small Trieste Riot

ROME (U)—Riot police broke up a student demonstration today demanding the return of Trieste to Italy. About 100 of the youths were marched off to police headquarters.

Reinforcements of riot police gathered around the U.S. Embassy but the demonstrators were scattered before they reached it.

LIFE'S LITTLE TRAILS—Fishing pole upon shoulder, with faithful "Spot" at his side, this young resident of Salford, England had prepared to catch a few tiddlers in Buile Hill Park there. But

Spot has other ideas as a stray cat takes his eye, and the "fisherman" is forced to use every method of persuasion to bring the dog to attention.

## U.S. Sees Red Pressure for 'Normal' World Trade

Editor's Note: The next phase of the cold war between the free and Communist worlds will likely be fought in the field of commerce. Information on the shape that battle might take is slowly coming to light. This is the first of three articles defining the issues involved in the growing problem of East-West trade.

By FRANK O'BRIEN

Washington (U)—An official report being quietly circulated within the Department of Commerce says Soviet Russia can be expected to pressure the West in coming months for "a return to normal trade relations."

Since mid-1953 Russia has been carrying on what apparently is a preliminary effort to soften up Western businessmen with visions of inexhaustible trade with the Communist world's 800 million subjects. In the eyes of many Western merchants those 800 million subjects—underfed, underclothed, underhoused, undereducated and underserved—represent a tempting market.

Ever since the Communist grab of Czechoslovakia in 1948, but increasingly after the start of the

Korean War in 1950, a big and fantastically complicated system has been worked out under U.S. guidance and prodding to keep Russia and her Communist satellites from getting strategic goods.

Strategic goods may include almost anything, if in undue quantity. But emphasis is upon scarce or specifically military materials and products, like atomic materials, explosives, weapons, hardening alloys, planes, etc.

Most Western nations have agreed upon a list of things to be denied Russia. Thousands of items long, this list is kept by the U.S. Department of Commerce. U.S. aid to other Western nations is largely conditioned upon strict observance of the trade bounds set by this list.

Here is an outline, in the Commerce Department report, of what may be expected from Russia if its drive to pry open the doors of East-West trade continues:

1. Offers to buy heavily from industries loaded with surpluses.

This already started in offers—rejected at least on a cash basis—to soak up some of this nation's government-owned surplus butter and cottonseed oil.

2. Offers to buy heavily where purchases might relieve unemployment. The shipbuilding industry might be a target in this country.

3. Increased offers to buy food processing machinery, farm machinery and production machines for consumer goods. This would bolster Russia's backward food and consumer goods industries in line with the new Soviet regime's promise to raise the level of Soviet living.

4. Some offers, at least, to sell "hard goods"—mining machinery, construction steel, automobiles and the like—to back a recent Moscow claim of "willingness to help all countries promote internal economic development."

5. Readiness to pay for Soviet purchases in gold where the bal-

## Nations Decide Fugitive's Fate

Columbia, Peru Agree  
on Dealing With Famed  
Political Refugee

CARACAS, Venezuela (U)—The 10th Inter-American Conference paused in its lengthy discussions of economic problems today to learn the outcome of the five-year dispute over Latin America's most famous political refugee—Victor Raul Haya de la Torre of Peru.

Peru, who would like to try him as a criminal, and Colombia, in whose Lima embassy he has been sheltered since January 1949, agreed on his future yesterday in talks at Bogota. Colombian Foreign Minister Evaristo Sordis planned to announce their decision to the conference today.

Unofficial reports from Bogota said the two nations had agreed to turn Haya de la Torre over to either the Chilean or Uruguayan embassies in Lima and that Peru then would let him leave Lima for exile in one of those countries.

Haya, 59-year-old leader of Peru's outlawed Apra party, took refuge in the Colombia Embassy after an unsuccessful revolution in 1948. The Peruvian government refused to give him safe conduct out of the country, contending he was a common criminal. Colombia refused to give him up, classifying him as a political refugee entitled to the asylum Latin-American countries traditionally extend to those on the outs politically with their home governments. Haya has lived as a virtual prisoner in the embassy ever since.

Because of his case, agreement on conditions of political asylum has become one of the major issues of the current conference. Already the conference has decided that the country extending sanctuary has the right to determine whether the fugitive is entitled to it. This was one of the main points in the dispute between Colombia and Peru.

As usual with Soviet plans, there seem to be several objectives here. Some apparently even conflict, such as offers to buy production equipment while offering to sell production equipment.

But they all fit into an over-all design of expansion abroad while consolidating at home.

### Does Everything Right, but Gets No Soda Pop

ST. LOUIS (U)—Oscar Fowell, thirsting for a cold drink, dropped a nickel into a red box on a wall at City Hospital yesterday, pulled a lever and waited.

No soda pop came out but shortly firemen rushed in with hoses and upraised axes. He was released after explaining his error.

### CIO Holds Up Decision on 'No-Raiding' Pact

NEW YORK (U)—Top leaders of the CIO have decided to hold up final approval of a no-raiding pact with the AFL until more AFL unions promise to go along with the agreement. The decision was announced yesterday by CIO President Walter P. Reuther after a meeting of the CIO Executive Board.

## Douglas Safari to Resume Hike

Justice Trying to Win Fight Against Proposed Parkway

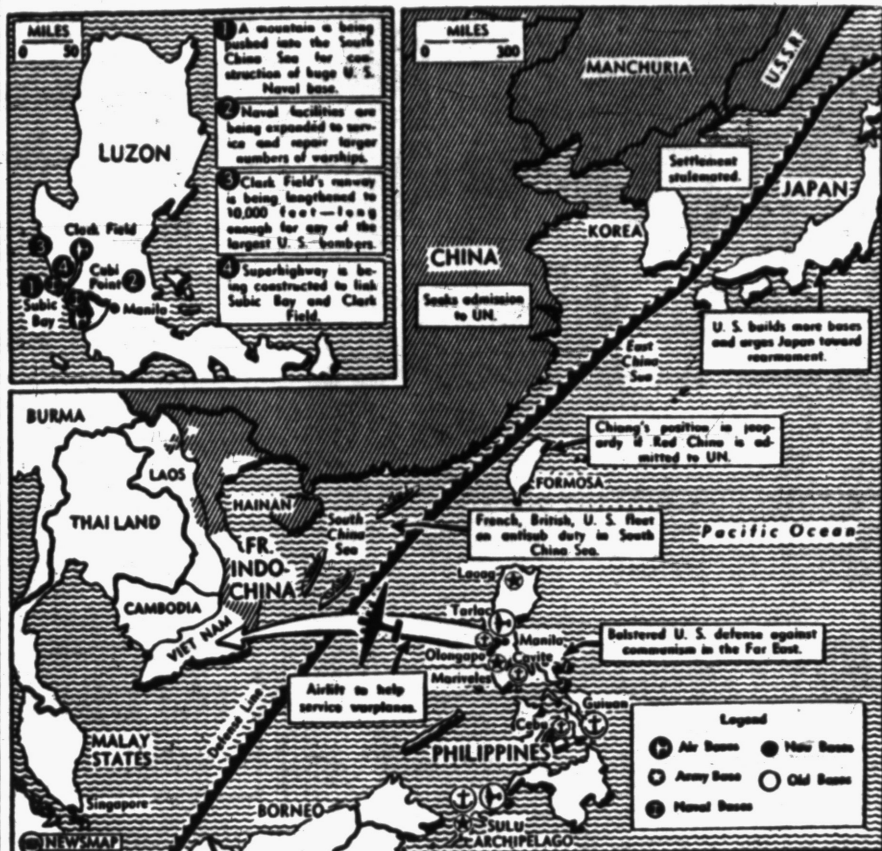

FORT FREDERICK, Md. (U)—After a night of camping in the open, Supreme Court Justice William O. Douglas and 22 companions planned to hit the trail early today on their 184-mile hike along the Chesapeake and Ohio Canal to Washington.

The day's walk of about 26 miles was scheduled to take them as far as the Potomac Fish and Game Club at Falling Waters, W. Va., one of the longest single stretches since they left Cumberland, Md., last Saturday. It will put them within 100 miles of Washington, which they plan to reach by Saturday afternoon.

To keep it on the level, the starting point for today's hike was Ernstville, about four miles northwest of here where the main body stopped walking yesterday at 5 p.m. and rode into camp in the truck accompanying the party.

The reason, said Douglas, was because they got a late start from the Woodmont Rod and Gun Club, where they spent the previous night. They planned to start at 7 a.m., two hours earlier today, riding the truck back to Ernstville and walking from there.

The hike resulted from a challenge by the outdoors-loving justice to two Washington editorial writers who had favored a plan to construct a federal parkway along the route. Douglas contended it would mar the area's natural beauties and invited them to come along with him and see. They accepted.

**PHILIPPINES ANCHOR DEFENSE CHAIN**—Above Newsmag shows strategic situation in the Far East and how the U. S. is planning to use the Philippine Islands to bolster its defense pattern against communism in Asia. Not only are American air and naval facilities growing in the western Pacific defense chain, but a strategic supply center is also being developed for nations

battling Red aggression. Insert map shows portion of the Philippine Islands where facilities are now being rapidly expanded by U. S. military forces. According to military tacticians, if the Communists move farther into southeast Asia, these Philippine bases may be the nearest ones left from which anti-Communist fighters can be supported.

**Actress Ordered to Bed**—HOLLYWOOD (U)—Actress Terry Moore's physician has ordered her

to stay in bed for two weeks for treatment of a virus infection. She collapsed at her home yesterday.

The highest mountain peak in the United States is Mount Whitney in California, 14,495 feet.

## Haymes Deportation Decision to Be Told

LOS ANGELES (U)—Dick Haymes learns today if he is to be deported to Argentina for illegal re-entry into the United States.

The crooner was notified by Herman R. Landon, district director of the U. S. immigration service, that he will be advised of the government's decision.

There are three possible decisions: cancellation of the deportation proceedings, finding Haymes deportable or finding him not deportable. If deportation is ordered Haymes would have 15 days in which to file an appeal with the Immigration Board of Appeals. That procedure would take 60 to 90 days and thereafter, if the decision was still against him he could appeal to the federal courts.

## Prayers Bring Rain to Parched New Mexico

ALBUQUERQUE (U)—A gentle, soaking, blessed rain fell on parched New Mexico yesterday,

starting a short time after prayers for rain were recited in churches throughout the state.

Last Friday, Archbishop Edwin V. Byrne ordered prayers for rain Sunday in all Catholic churches throughout the predominantly Catholic state. The rain began Sunday night in the western portion of the state and reached the east side, hardest hit by the drought, last night.

## Navy to Interview, Test Stenography Applicants

Stenographers seeking civilian positions with the Navy Department in Washington, D. C., will be interviewed and tested in room 419, New Federal Building, Detroit, from 9 to 5 on weekdays and on Saturdays and evenings by appointment. It was announced today by Chief Alan D. Simonsen, head of Navy recruiting in Pontiac.

The positions, under federal civil service, pay \$2,950 to \$3,175 per year and carry an automatic salary increase of \$80 yearly. Room reservations are guaranteed upon arrival in Washington. Applicants must be at least 18 years old at the time they start work.

## Korea Still Undecided About Geneva Parley

SEOUL (U)—Foreign Minister Pyun Yung Tai said today South Korea is "satisfied" with American assurances of a joint walkout from the Geneva conference if it proves fruitless at the end of 90 days. However, South Korea has not yet decided whether it will attend the April 26 conference, Pyun told a news conference. He said his government is studying other assurances given it by the United States.

# Only the Price Tag Tells You Pontiac is a Low Priced Car!

The good news on the price tag is the only evidence you'll find that Pontiac is priced near the very lowest. In length, luxury, appearance and performance, it is deliberately designed to compete with the very finest. And here is the happy result!

You get every pride-promoting quality when you buy a Pontiac. Impressive size, distinguished beauty, luxurious interiors and masterful performance give you the certain knowledge that all eyes approve your choice.

You get all the things that mean so much in extra personal satisfaction, too. Wonderfully roomy comfort, a smooth, road-leveling ride, superb handling ease and instant response give you every pleasure of fine-car ownership.

And you also get this tremendous plus—engineering and manufacturing so fine and sound

that Pontiac is world-famous for dependability. You buy enduring pleasure when you buy a Pontiac—years and years of smooth, quiet and remarkably economical miles. It is the most worry-free car on the road.

Total all that, add the fact of Pontiac's close-to-the-lowest price tag, and this answer comes up: Here's all you've ever wanted for the least you'll ever pay. Come in soon to see and drive the car that challenges both the finest and the lowest-priced!

### Hal Boyle Says:

## Nobody Wants a Remedy to Control Spring Fever

NEW YORK (AP) — Don't know what's wrong with everybody? Could it be spring?

You take the dog for a walk, and he turns around and bites at the leash.

The pigeons start jaywalking in the streets, doing love rumbas with each other and thumbing their wings to their beaks at taxicabs.

A knife-edged wind blows the last clinker of winter in your eye, and while you are grumpily pawing it out a warm sun pats you on the shoulder and says, "there, there. Feel better?"

Everybody seems sleepy and absent minded. At the office the boss tells the hired hand to do something, and the hired hand says, "what did you say?" and the boss nods for a moment and says, "when?"

High in the skyscrapers the swivel chair jockeys muse over what would happen if they threw a spitball at their secretary. They have a secret yearning to open the window and sail paper airplanes down on the heads of strangers.

The cop on the beat plods along and suddenly finds himself dreaming of the days when he used to go barefoot. He looks down at his shoes, as if he had half a mind to pull them off.

In tenement windows winter quilts are hung out to be aired. Housewives lean out and call to each other, "my, is my house a mess? How do you like the weather?"

A querulous treble sounds in the voices of children. They complain of strange pains and are comforted when their elders tell them, "oh, you're just growing pains. You're getting bigger every day." One minute a child stands in a dozy-eyed trance, as though he had a head full of adenoids. The next minute he is racing up the street like a maddened colt, running for no other reason except there is something stirring within him that won't let him keep still.

Little boys get out their beanshooters and set out to ambush the first robin, which annoys the robin as he is busy with housekeeping problems and has no time for little boys. Little girls get out forgotten dolls and begin to croon to them.

Rheumatic twinges slowly free the bones of old folks, and they lose the envy of better-off neighbors who spent the winter in Florida. "Pneumonia weather," they say wisely, when the first rains turn the landscape sodden.

In the suburbs a husband opens his front door to get the morning paper and sees two baby rabbits scampering across the lawn. He grins, steps out to look at the lawn and growls, "oh, no, not crabgrass already!"

In a nearby pond papa frog and mama frog are conducting an amphibious romance. Soon the pond will be full of little tadpoles, all anxious, for some unknown reason, to grow up to be big frogs and boss of the puddle.

In the heart of every tree and bush a whisper grows down to the roots and out to each branch. Suddenly the sleepy buds begin to break open like popcorn, and the brown woods swim in a green mist a deepening surf of leaves.

Everything in nature all at once is busting its buttons, trying to grow as tall as the sun. At night the moon and stars seem nearer and brighter, as if a celestial housewife had newly dipped them in silver polish.

Life has a dreamy quality for the race of man. The bank teller ripples a stack of \$100 bills in his hands and wonders what it is like in Tahiti. The blood is a crying bugle in the veins, and the stern voice of duty is drowned out by a big fat yaw-w-w-w-n.

Work is for horses and tractors. A man feels like peeling off his past and going for a swim in coral seas far away... far, far away... with Miss Jones, the file clerk. Or maybe her grandmother.

Don't know what's wrong with everybody. But if it's spring fever, doc, don't give us any wonder drug to cure it. It's a wonderful disease, this lotus virus, and the best medicine of the year.

## Three Children Die as Blaze Hits Home

WARSAW, Ind. (AP)—Three children of Mr. and Mrs. Ira Hyde were burned to death yesterday when a flash fire ate through their small frame home here while the parents were working. A fourth child tumbled through a window to safety.

Dead were Dorothy, 14; Brenda Bernice, 2; and Robert Lewis, 7 months. Charles, 7, escaped without injury.

An explosion of a bottled gas heating stove apparently started the blaze, firemen said.

## 100 Junior High Students to Visit State Legislature

Some 100 Lincoln Junior High School students will watch Michigan's Legislature in session Wednesday as part of their ninth grade civic studies.

The students will board chartered buses for Lansing at 9:30 a. m. Wednesday and return home about 5:30 p. m. Teachers accompanying the three civic classes are William Mogk, Anthony Piza and Sidney C. Jones.

**EGG WITH A PAST**—Count Eigil Knuth (left) of Denmark, famous Greenland explorer, and Capt. Peter Freuchen, Arctic explorer, sample a 1,000 year-old-egg at the recent 50th anniversary of the Explorers Club celebrated in New York. The menu consisted of 150 dishes, such as wild boar stomachs, Smoky Mountain raccoon, fried termites and alligator eggs. Lowell Thomas was one of the speakers at the dinner.

**Bob Considine Says:**  
**Polar Ice Cools Highballs for Old Explorers' Toast**

NEW YORK (INS)—People . . . places . . . things . . .

Lowell Thomas, no slouch himself at the exploring game, called to the center of the dais (at the Explorers Club anniversary dinner) two great men of the Arctic.

One was spry 88-year-old Matthew Henson, Washington, D. C., Negro who was the only man to go to the North Pole with Peary. The other was big, bearded, one-legged Peter Freuchen, a great Dane.

They toasted each other in Eskimo. As they did so they held the strangest Scotch highballs ever seen. The ice that cooled the drinks was chipped off T-3, the state-sized fresh-water ice cube that is slowly crashing its way through the ice at the top of the world.

The ice had been flown to New York by regular Air Force transport service, and it looked clearer than the domesticated ice cubes in the bucket on our table.

Freuchen once was stoical enough to amputate his own leg when it was bothering him on an Arctic expedition. But the other night he did something that further endeared him to fellow club members. He poked a muscular finger into his scotch and flipped out the hard-won T-3 ice.

"I drink it without ice," said the man who has lived most of his life amidst the stuff.

At the same dinner, Lt. Comdr. Georges Houot and Lt. Pierre-Henri Willm, who set an all-time record Feb. 15 by sending their sub to a depth of 13,284 feet, were asked by toastmaster Thomas to step to the microphone.

Men of science and exploration from all over the country leaned forward to absorb the scientific answer to Lowell's question of "How was it down there?"

The two young French naval of-

**Saucer Story Denied by AF**

**Debunks Report About Recovering Hunks of Outer-Space Material**

WASHINGTON (AP)—A spokesman today termed without basis an assertion that the Air Force has recovered hunks of "flying saucers" and just isn't telling the public about them.

The Air Force position, he said, is that "given enough factual data" every "flying saucer" report over the last six years could be explained in natural, earthly, nonsensational terms.

"We don't think the so-called saucers come from outer space or from a foreign government," the spokesman said.

Bill Nash, a Pan American World Airways pilot, told the Greater Miami Aviation Assn. recently he was convinced that "the Air Force has collected hardware from outer space."

"I do not believe the Air Force cares to make all its findings public so long as the United States is threatened by unfriendly powers," Nash said.

Nash was quoted as having reported sighting unidentified objects while flying from New York to Miami on a date not specified.

He said he and his crew saw six objects, later joined by two others, and the lights from them were "20 times brighter than those of Norfolk and Newport News," Va., near where the alleged sighting was made.

"From their maneuvers, there is no doubt in my mind these objects were controlled by intelligent beings," he said. "When you have

seen them, you realize they were not made on this planet."

The Pentagon officer currently handling "saucer" queries said that to date more than 80 per cent of the sightings — both visual and by radar — have been identified as of known objects. He said from 10 to 15 per cent have been outright hoaxes.

"The others probably could be explained if our knowledge of physics was greater," he said. "There are many things about the sky that science still doesn't understand."

**Chemical Plant Fire Kills 2 Men Monday**

CHICAGO (AP)—Two men were killed yesterday in a fire and a series of explosions which destroyed a chemical manufacturing plant. Damage was estimated at one million dollars.

The explosions sent black smoke and flames billowing 100 feet into the air from the one-story, 500-foot long building housing the Peiron Corp. in suburban Lyons.

One worker, Robert Friedel, 29, perished in the fire while another, Lester Heavrin, 35, died of injuries several hours later.

Cause of the fire was not determined.

**Three in One Family Leave Mark at School**

CHEYBOYGAN (AP)—Mrs. Pearl Dittman's three children have left their mark at Cheyboygan High School. Carleton is now a medical doctor and a first lieutenant in the Army Medical Corps. He was valedictorian in the 1945 class.

His sister, Joyce, was last year's salutatorian and little sister Sharon will be salutatorian this June.

**Law Catches Up With Violator 28 Years Later**

DETROIT (AP)—After 28 years the law caught up with John Cusamano, probation violator.

Cusamano, now 52, was put on probation May 27, 1926, and ordered to pay a \$165 debt to a jeweler. The record showed he never paid it, but neither was anything ever done about it.

Recently he applied for a job in a public building. A routine civil service check turned up his record.

Yesterday Judge Frank G. Schemanske, learning Cusamano had been a good citizen ever since his transgression and the jewelry firm was no longer interested, dismissed the probation violation charge.

But the court insisted on one gesture from Cusamano. He was ordered to contribute \$50 to charity.

**Civil Defense Exercise Set for Whole Nation**

WASHINGTON (AP)—A nationwide civil defense exercise, featuring mock atomic attacks on 42 selected critical target areas, was announced for June 14-15 by the Civil Defense Administration today.

"Operation Alert," designed to disclose weaknesses and improve efficiency of civil defense organizations at all levels, will involve all 48 states, Hawaii, Puerto Rico, Alaska and the 10 provinces of Canada.

WILL YOU ACCEPT A \$100 TRIAL LESSON?

**Greatest Development in Brewing Since Repeal!**

NOW GOEBEL IS

**FROST-FINISHED**

FOR FINER FLAVOR

**FROST-FINISHED for Finer Flavor**

Perfected in Goebel's great research laboratories

For more than 20 years brewers have been striving to brew a light, dry beer that's low in sugar and starch, yet still retains its fine, full flavor. Now this has been accomplished by Goebel's great new Frost-Finishing process!

This important contribution to brewing, the result of years of research by Goebel scientists, reduces sugar and starch content to a minimum while, at the same time, it actually improves the flavor.

Frost-Finishing is two additional brewing steps. Twice, before it is bottled, the temperature of the beer is suddenly plunged to points close to freezing. This sudden reduction in temperature removes excess sugars and starches, and allows the beer to reach its true flavor peak.

Try a glass of today's Goebel, soon—you get finer "frosty dry" flavor because it's Frost-Finished.
