Million and Half More at Work in Past Month

Government Says Total Up in May With Idle Lowest This Year

WASHINGTON (AP) — The government reported today an improved employment situation in May. There was a substantial rise among those employed and a decline in the number of idle workers.

A joint report by the Commerce and Labor Departments put May employment at 64,061,000, up 1,154,000 from April.

Unemployment declined by 216,000 to 4,904,000—lowest idle figure since January.

The job gain was attributed to seasonal expansion in agriculture and service employment plus a bigger than usual gain in construction. The report said a sharp pickup in outdoor work represented in part recovery from delay caused by especially bad weather earlier in the year.

The employment rise in May was much greater than the drop in unemployment primarily because most of those joining the farm labor force were housewives and students who had been outside the labor force in April.

The report said sizable reductions in unemployment among previously jobless workers were partially offset by an increasing number of students seeking summer jobs. This student influx into the labor force is expected to push the unemployment total well over the five million mark in June or July.

★ ★ ★

Employment in manufacturing—where recession effects have been most severe—declined by 67,000 to 15 million, but this was described as only slightly more than the seasonal trend for the month.

★ ★ ★

Employment in steel mills and auto plants in mid-May held close to April levels in contrast to large declines in previous months.

The May drop of 216,000 in unemployment was a bit better than usual for this time of year.

Senators Weigh Tax Cuts After House Votes Denial

WASHINGTON (AP) — House passage of a bill to extend corporation income and excise tax rates opened the way today for a Senate floor battle over cuts in these and other levies.

Amendments were barred as the House voted yesterday to continue the taxes for another year at their wartime rates, thus avoiding a $2,600,000,000 drop in revenue.

That move failed, and the bill was passed by voice vote.

Revenue measures must originate in the House. The Senate can not start a tax bill, but can amend one.

Little or no Senate change is expected, but the one considered most likely is repeal of wartime transportation taxes.

A number of leading businessmen have given qualified backing to tax cutting as an anti-recession measure.

But even as their views were made public yesterday, the House voted to continue present tax rates on corporation income and certain items such as automobiles, cigarettes, whisky, beer and wine.

IKE SWINGS HOUSE

Although many House members would like to cut taxes this election year, they went along with the decision of their leaders and the Eisenhower administration against any reduction at this session. The main reason: prospective big budget deficits.

Sen. George A. Smathers (D-Fla) who will sponsor any Senate amendment, told a reporter today he was optimistic about its chances.

Chairman Harry F. Byrd (D-Va.) of the Finance Committee conceded that the transportation tax amendment would give him the most trouble. He said he would appeal to the Senate to pass the House bill without change.

Sen. Paul H. Douglas (D-Ill), said he would seek broad personal income and excise tax cuts as an amendment to the bill.

As to the excise taxes, Chairman Wilbur D. Mills (D-Ark) of the Ways and Means Committee said it would be "impossible to satisfy the demands throughout the country" without running up a big revenue loss. He said excises could not be reduced for one industry and not for others.

★ ★ ★

Rep. Daniel A. Reed of New York, Senior Ways and Means Committee Republican, told the House:

"I'll tell you how to cut taxes. The only way is to reduce expenditures. The reason we have high taxes is because we here in Congress spend the money. The responsibility rests right here in this Congress."

Charges in Sullenberger Case Ready for Filing

The Pontiac General Hospital medical staff had not filed charges against Dr. Neil H. Sullenberger by this afternoon but it was understood on good authority that the charges are ready for filing and will be filed later today.

Over the staff's objections, the Board of Trustees on May 26 ordered charges brought within 10 days for a hearing at which the ousted staff-surgeon's Nov. 13 suspension would either be reversed or made permanent.

No charges have been filed as yet, said Harold B. Euler trustee temporarily coordinating the hospital's administration.

Charges are being developed, but what their immediate future will be is not definite, according to an attorney for the medical staff.

Euler said a special board meeting may be called Monday night. Board Chairman Willis M. Brewer, out of town until Sunday afternoon, was not available for comment.

Dean G. Beier, attorney for the medical staff, said that when his firm has finished legal preparation of the charges, they will be returned to the staff "to do with as they see fit."

Dr. Sullenberger will be served with the charges one day after the board accepts them, Euler said. "But the board may not necessarily accept them the same day they are received," he advised.

Dr. Sullenberger requested the hearing after his suit for $250,000 damages and reinstatement on the staff was tossed out of Circuit Court. He has also filed a claim to appeal dismissal of the suit to the State Supreme Court this fall.

The staff has gone on record opposing a board hearing until the high court appeal is finished.

In spite of that, the board passed a resolution that the charges be filed "within a period of 10 days," that a copy "be served upon Dr. Sullenberger within 24 hours thereafter"; and that "a date not later than 10 days thereafter be fixed by this board for a hearing."

2,700 Affected as Corporation Cracks Down

Firm Suspends Union Stewards for Refusing to Comply With Rules

DETROIT (UPI) — Two Chrysler Corp. plants employing 2,700 persons shut down today after company-wide disciplinary action against 200 to 250 union committeemen and stewards.

It was the second straight day of labor troubles since a half-million General Motors, Ford and Chrysler workers began working without contracts last Monday. The United Auto Workers contracts with the big three auto firms expired May 29-June 1.

Chrysler yesterday handed one-day suspensions to union committeemen in Detroit area and Los Angeles plants who refused to comply with new company rules concerning time spent on plant jobs.

Chrysler has ordered union representatives during the no-contract period to work at plant jobs the first, fifth and eighth hours of their shifts, and to negotiate worker grievances only at other hours.

Today the union committeemen and stewards again refused to comply with the new company rules in many cases and the company handed them three-day suspensions.

LEADS TO WALKOUT

This led to a walkout of 100 employes in the Plymouth body plant trim department. The company closed down this plant, employing 1,500 then closed its Plymouth assembly plant, employing 1,200.

Chrysler said two UAW stewards, "who refused to go to work at their assigned jobs" told the trim department employes to walk out.

Plans to Steer Clear of Pontiac From Now On

Ashton S. Johnston, of Royal Oak plans to give Pontiac a wide berth on future trips north.

Yesterday Johnston found it a little difficult to get out of Pontiac and he doesn't want that experience again.

Johnston, was driving north on Saginaw street when he noticed a police car following him as he crossed Lawrence street through a yellow light.

At Huron street, he again went through a yellow light and was stopped by the officer who wrote a ticket for running a red light.

Johnston vehemently protested the ticket. The officer then wrote him another for the Huron crossing.

The irate motorist rushed off to municipal court and told his tale to Judge Maurice E. Finnegan who fined him $5 on one ticket and dismissed the other.

Two minutes after he left the court, Johnston was back red in the face and bellowing. He had received a parking ticket in the city hall lot from the same officer.

Judge Finnegan dismissed the third ticket, but Johnston was loath to leave. "Your honor, I want a police escort out of Pontiac," he said. "That guy might arrest me next time."

American Eliminated

ST. ANDREWS, Scotland (AP) — Alan Thirlwell of England defeated Tim Holland of Rockville Centre, N.Y., the last surviving American in the tournament, 4 and 3, today in their 36-hole semifinal match in the British Amateur Golf championship.

Thirlwell took the lead with a par four at the 20th hole and went two up when Holland missed a two foot putt. On the 25th, Holland lost his ball in the gorse. He picked up and conceded the hole to Thirlwell.

Clerk-Register Merger Would Write History

By GEORGE T. TRUMBULL JR.

Oakland County's four circuit judges might be making a historical move this month when they appoint a successor to Lynn D. Allen, county clerk before his death May 31.

It will be historical if the Board of Supervisors one week from today approves a recommended merger of the clerk's office with the register of deeds position.

If they do, in all probability the judges will be naming a person to direct both offices.

Supervisors yesterday, meeting as a committee-of-the-whole in Detroit, heard the Special County Government Study Committee propose the merger "in the interests of efficiency as well as economy."

★ ★ ★

Although there was no open discussion on the proposal it stirred comment among the Oakland supervisors gathered at the Veteran's Memorial Building.

"It undoubtedly will have opposition from both parties," declared Delos Hamlin, chairman of the board.

Supervisors have scheduled a June 13 special meeting to discuss and probably vote on the move.

John L. Carey, chairman of the study committee created last October, said the two county posts are interrelated. "Combining them will mean a saving between $11,000 and $14,000 a year," Carey told his fellow supervisors.

This was the first major step taken by the committee since it was named to see how Oakland County government might be given a "new look" in operational efficiency.

★ ★ ★

Carey and Hamlin met briefly this morning with Judges H. Russel Holland, Frank L. Doty and Clark J. Adams to explain the new proposition. Judge George G. Hartrick is on a Texas vacation and is not expected to return until June 16.

The three judges agreed this morning not to name Allen's successor until after next Friday's Supervisors' meeting.

"Then we will make an appointment according to their action," said Judge Holland, presiding this term.

Corporation Counsel Harry J. Merritt was asked by the judges to check the law as to when the

Reschedule Road Projects to Aid City Traffic Flow

The State Highway Department has slightly rescheduled state trunkline improvements in Pontiac this summer for the convenience of local traffic.

Rescheduled are projects on Opdyke road (M24) on the eastern city limits and Telegraph road (M58) on the western.

The highway department hopes to coordinate these two projects while the city's major trunkline improvement, the widening and repaving of Perry street (M24-business), is under way, said Samuel J. Levine, metropolitan traffic engineer.

"The idea is to keep the trunklines as open as possible during this summer's construction," Levine said.

PERRY STREET CLOSED

Perry street will be closed to through traffic until late fall, when the highway department expects to open it as a four-lane divided highway from downtown Pontiac to the northeastern city limits.

In the meantime, the major northeast detour is Auburn avenue (M59) and that portion of Opdyke road between Auburn on the south and Walton boulevard on the north.

This section of Opdyke, however, is part of a widening and repaving project that extends from Walton to Square Lake road.

★ ★ ★

"We have asked the contractors to concentrate on first completing the section from Auburn to Walton, so that detour traffic will be affected by the construction for as short a period as possible," said Levine.

He said, too, that the Opdyke work would be handled so as to keep two lanes open to moving traffic.

The Telegraph project, calling for repaving from W. Huron street (M59) to James K. boulevard, will not be undertaken until after the Aug. 1 completion date of the Opdyke job, Levine said.

NO DOUBLE TIEUP

"That will mean that traffic won't be tied up on both sides of the city at the same time," he pointed out.

Letting of the Telegraph contract, originally scheduled for this week, has been postponed to next month, Levine said.

In the meantime, plans are being revised to add an additional southbound lane north of Huron on the Waterford Township side of the road.

"This will give us four lanes there, one for right turns, another for left turns and two for through traffic," Levine said.

729-FOOT GIANT — The longest and largest ship ever built on the Great Lakes will be launched tomorrow in River Rouge. It is the ore carrier S. S. Edmund Fitzgerald, 729 feet long, 75 feet wide and weighing 7,500 tons. It is longer than Detroit's 47-story Penobscot Building is tall. The eight million dollar ship is 13 feet longer than any other now operating on the Great Lakes and within a foot of the maximum length which Army engineers will permit to pass through the Soo locks. The ship, built for the Northwestern Mutual Life Insurance Co., will be operated on lease by Oglebay Norton Co., of Cleveland.

McCone Nominated to Replace Strauss Who Decides to Quit

WASHINGTON (AP) — John A. McCone, Los Angeles businessman was nominated by President Eisenhower today to succeed Lewis L. Strauss as a member of the Atomic Energy Commission.

Lewis L. Strauss, chairman of the Atomic Energy Commission, has decided to leave the post which has embroiled him in a series of controversies.

★ ★ ★

Strauss' decision was announced by the White House yesterday. He leaves June 30 when his five-year term ends.

Strauss gave no specific reason for his decision. But he said in a letter to President Eisenhower that he believed "circumstances beyond the control of either of us make a change in the chairmanship of the commission advisable."

In announcing the nomination, the White House press office said it had no information as to whether the President intends to designate McCone, or some present member

LEWIS L. STRAUSS

of the commission, to serve as the new chairman.

The nomination is subject to Senate confirmation.

The White House listed McCone as a Republican. He represented Eisenhower in Rome last year in connection with installation anniversary and birthday observance of Pope Pius XII.

BRIEFING NEW LAKE DEPUTIES—Oakland County Sheriff Frank W. Irons and Oakland County Assistant Prosecutor Robert Long (standing l-r) explain the new boating laws to two men who will be deputized to patrol Oakland County lakes. John Crane, who will patrol Pine Lake, and Eugene Nowak, handling White Lake, were two of 25 men who volunteered to enforce the new boat registration and operation laws. At a meeting last night at the Sheriff's Department, officials briefed the men on their duties and responsibilities as uniformed deputies.

Special Boat Patrol Deputies on Area Lakes Get Training

Some two dozen men interested in bringing safer operation of motorboats to area lakes, met last night at the Oakland County Sheriff's Department to undergo a training period prior to their becoming special sheriff's deputies Saturday morning.

★ ★ ★

Oakland County Sheriff Frank W. Irons and Robert Long, of the Oakland County Prosecutor's office, explained major points in the new state law requiring registration number for watercraft on inland lakes.

Also covered were the various violations listed in the law, such as "reckless operation" operating a boat while under the influence of intoxicating liquor, and the regulations covering water skiing.

One question asked most frequently concerned what the boat owner would be held responsible for if his boat was ticketed while being operated by a friend or relative.

The operator is the only person who can be lawfully charged and tried for committing a violation officials said. However, if personal injury or property damage to another party results from a reckless act, the owner of the boat at fault can be held financially responsible.

★ ★ ★

The new volunteers were briefed on duties and responsibilities as deputies by Deputy Donald Kratt and James H. Rohm, of the Identification Bureau.

The entire group is scheduled to be sworn in at the sheriff's department at 10 a.m. Saturday. They will work primarily on weekends.

The new deputies will be uniformed and use their own boats which will be marked as police boats for patrolling the various lakes.

Chrysler Shuts Two Plants

(Continued From Page One)

in a workers' "protest" yesterday but began operating again at 11 p.m. last night as union pickets withdrew.

★ ★ ★

At the Dodge Main plant in Hamtramck here, where the trouble started in Chrysler yesterday, 32 union stewards and 7 plant commiteemen of UAW Local 3 again were disciplined by the company.

REFUSE TO COMPLY

The union representative again refused to comply with the new company rules requiring them to work during the first, fifth and eighth hours of their shifts. This time the company handed them suspension of three working days instead of the one-day suspensions handed out yesterday.

President John McCarroll of UAW Local 544 at the West Mifflin Fisher Body plant charged the company had doubled the work of the men on the shipping dock since the GM contract expired last Thursday.

McCarroll and other Local 544 leaders called a one-day "protest" and 2,400 workers walked out. McCarroll ordered the workers back at the 11 p.m. shift last night.

★ ★ ★

The Chrysler trouble ran deeper. Even before the expiration of Ford and Chrysler contracts last Sunday, Chrysler had been demanding the union cut the number of union plant committeemen and stewards and the company-paid time of these union representatives.

CHRYSLER GRIEVANCE

Chrysler claimed it had paid more union representatives and given them more for their time settling worker grievances than either General Motors of Ford.

When the three companies agreed to keep the plants working without contracts, they all cut the amount of paid time union committeemen could spend off their jobs adjusting worker grievances.

Chrysler slashes were considered more severe based on the previous practice under the contract. Chrysler ruled that committeemen now could spend only 10 hours in labor negotiations each week, at the rate of no more than two hours a day, and that the union representatives must be on their regular jobs during the first hour of their shift, the fifth hour and the eighth hour.

★ ★ ★

The union committeemen and stewards declared this would make the settlement of worker grievances impossible because grievances must be settled when they occur and some take longer to settle than others. They put the new company procedure to a test and yesterday the company took action.

★ ★ ★

Chrysler suspended a union-estimated 250 union plant committeemen and stewards for "disciplinary" reasons. Most of the suspensions were for one day and most were in the Detroit area and at the Los Angeles assembly plant.

★ ★ ★

The UAW reports the great majority of its members solidly behind its policy of giving the companies no opportunity to close down the plants—while selling off a surplus of cars—and avoiding the payment of supplemental unemployment benefits and unemployment compensation.

★ ★ ★

The UAW held contract negotiations yesterday with GM, Ford, Chrysler and American Motors. The meetings were short and no progress was reported. The UAW scheduled more meetings today at GM and Ford. Chrysler adjourned negotiations until Monday.

Pray for Rain and It'll Come Soon in State

ANN ARBOR (AP) — Pray for rain in Michigan and it usually comes before long.

That has been the history of most periods of drought, say University of Michigan climatologists.

★ ★ ★

They claim this year's drought is the driest since 1880. Their records don't go back any further.

From January through May only 4.90 inches of rain were recorded in this area. That's not enough to make a good puddle.

Only five times in the 78 years since the records have been kept were there less than eight inches during the first five months. Never has there been at least 6.69 inches, second low registered in 1884.

★ ★ ★

Say the climatologists, however, four of the five previous driest years were followed by rainfall aplenty in June.

At least three inches, they say. The flow of rain generally keeps up throughout the summer.

The U-M meteorologists point out that the drought could have been worse. A better than average rainfall last fall was a boon to worried springtime farmers, they say.

Test CD-Tornado Siren

Pontiac's civil defense-tornado siren will be tested at 1 p.m. tomorrow, and on the first Saturday of every month. When you hear the wailing, three-minute signal at any other time, you'll know a tornado is headed here and it's time to take immediate cover.

If you are home when the siren sounds, this is what the Michigan Office of Civil Defense says you should do: Open doors and windows on the north and east sides of the house and then seek safety in the southwest corner, preferably in the basement. Civil defense officials recommend listening for tornado details on radio.

The Day in Birmingham

Annual Road-E-O Slated by Jaycees Tomorrow

BIRMINGHAM — What Birmingham teenagers know about handling a car, traffic laws and safety rules will be revealed tomorrow at the annual Road-E-O, sponsored by the Junior Chamber of Commerce.

Written tests will be given in the Birmingham High School Fieldhouse lobby at 8 p.m.

Mauri Rose, triple winner at the Indianapolis Speedway, and Bill Cantrell, noted speedboat racer, will judge performances of young drivers on an obstacle course in the high school parking lot.

A plaque will be presented to the winner. He will then be eligible to compete in the state finals in Detroit.

The Road-E-O will be held against a background of old cars and cars of the future, depicting automotive progress.

At a special program Sunday evening, 16 area high school seniors will be honored by the Senior and Junior Pilgrim Fellowship groups of the Congregational Church in Birmingham.

Parents have been invited to the program and the potluck supper at 6:30 p.m. Several skits, presentations of gifts and a worship service will complete the evening.

The annual meeting of the Cranbrook Music Guild will be held at Cranbrook House Monday. Prior to the meeting, Mr. and Mrs. Frederick G. Weed will entertain members of the board of trustees at a dinner at their Orchard Lake home.

The second annual business meeting of the Village Woman's Club has been scheduled for 10:30 a.m. Wednesday at Oakland Hills Country Club. A luncheon will be served after which a satirical skit on club activities will be presented.

Mrs. Elise Boulding will be the speaker at 3:30 p.m. Sunday at the Community House for the last in a series of spring talks sponsored by the Birmingham Friends Meeting, a Quaker group.

Former clerk of the Ann Arbor Friends Meeting, Mrs. Boulding will talk on "Beliefs and Practices of the Society of Friends."

James R. Gillen of 26805 Wellington Dr., Franklin, was one of 48 undergraduates at Harvard College to be awarded a John Harvard Scholarship. A graduate of Birmingham High School, James is completing his junior year at Harvard.

Mrs. Pat Carnahan of 26475 W. 14-Mile Rd., Franklin, will be hostess to the Birmingham Gamma Phi Beta sorority at a picnic meeting at 4:30 p.m. Sunday. She will be assisted by Mrs. W. D. Bell and Mrs. Daid Dobson.

appointment could be made. Merritt was not available for comment.

The State Constitution gives Boards of Supervisors power to "unite" the offices of clerk and register, and to "separate the same at pleasure."

The position of register, which is responsible for recording business transactions in the county, pays $9,750. It is now held by Daniel T. Murphy Jr., who was appointed in 1956 following the death of Orrin McQuaid.

The position of clerk, which Allen held 25 years, pays $10,250.

After supervisors met together for a brief time Thursday, they joined with supervisors from Wayne, Monroe, Macomb, Washtenaw and St. Clair Counties.

It was the first meeting of its kind arranged by the Supervisors Inter-County Committee of which Hamlin is also chairman.

Among the 12 speakers was Sen. L. Harvey Lodge (R-Oakland County) who called for "constitutional improvement" which would give "greater powers" to counties.

Preceding Senator Lodge on the speakers stand was State Highway Commissioner John C. Mackie. Squabbling amongst counties and cities on proposed expressway routes will cause a delay in his five-year construction program, he said.

Paul M. Reid, director of the Detroit Regional Planning Commission, cited statistics showing the growth of the six-county southeastern Michigan area. Helping to unite the communities to solve their different problems has been the Inter-County Committee, Reid said.

Theodore Roosevelt, while assistant secretary of the Navy in 1898, was the first to recommend that we needed "flying machines" as part of the nation's armed forces.

Jobless Rate Rises Among Married Men

WASHINGTON — The Labor Department reports that the unemployment rate for married men, relatively stable for about two years, climbed toward the end of 1957.

By December it reached almost 4 per cent—one percentage point above the rate of a year before—and was almost as high as the rate for married women, which changed very little over the year.

Slate Detroit Hearings

DETROIT (AP)—Two subcommittees of the Republican State Preconvention Resolutions Committee will hold hearings in Detroit to obtain voter views on platform issues. A subcommittee on health, welfare and veterans affairs will meet June 17 and the Labor and Civil Rights Subcommittee will hold a hearing June 19.

Policeman Sees Into Future Better Than Teller

Gypsy Rosie Stanley is not sure she got a fair exchange from Sgt. John De Pauw of the Pontiac police vice squad.

★ ★ ★

She told the sergeant's fortune yesterday for $3, after which he told hers for free, he said.

According to Sgt. DePauw, Miss Stanley offered him a "character analysis" for $3, and palm reading for $5. DePauw took the cheaper route.

When she was done he said, "And now I'll tell you your fortune. I see you in the police station in the next 10 minutes."

She pleaded not guilty in municipal court to a charge of fortune telling and was released on bond pending trial Thursday.

Town Adopts Italian Girl

HARRISVILLE (AP)—Residents of this Alcona County community have adopted Concettina Cantinello, a 7-year-old Italian girl. The idea for the financial adoption of the girl was sponsored by Mrs. R. K. Jimison who collected the $180 necessary to support Concettina for a year through Foster Parents' Plan, an international relief organization.

The only Gaelic college in the Western Hemisphere is in St. Ann's, Nova Scotia.

Ferris to Graduate 398

BIG RAPIDS (AP)—Ferris Institute will graduate 398 students June 15. Dr. John R. Emens, president of Ball State Teachers College, Muncie, Ind., will be the commencement speaker. Dr. Robert D. Swanson, president of Alma College, will deliver the baccalaureate address earlier the same day.

I'M RID OF AWFUL ARTHRITIS PAINS

Mrs. Carey

Mrs. Lucille Carey, 215 Lathers St., Garden City, says: "I suffered 12 long years with arthritis and rheumatism so bad I couldn't close my hands, raise my arms, turn my head or even walk. Why my ankles were swollen to about three times their normal size. I even spent 11 weeks in Hot Springs, Arkansas, without much help. I finally learned about O-JIB-WA BITTERS and after taking several bottles, the terrible pains are gone and I feel like a new person. I strongly urge all who suffer to try all-herb O-JIB-WA BITTERS."

Their Dollars Build Skyscrapers

Life Insurance Groups Giving Cities 'New Look'

NEW YORK (AP) — A new chapter in the history of many American cities is being written in concrete and steel.

Mighty skyscrapers, glistening new hotels, underground garages and park-like downtown centers are taking form in an economic rennaissance.

FACE LIFTED

In many cases, big cities are being face lifted with the help of small streams of capital — the premiums of 110 million individual policy holders of this country's 1,300 life insurance companies.

Frederic W. Ecker, president of Metropolitan Life Insurance Co., says, "These streams of $10 a month or even 50 cents a week when taken by themselves couldn't accomplish much in the way of investment. But channel them together, as we do, and you have an important contribution to the economy."

Life insurance dollars are financing pastel-colored skyscrapers going up in Dallas, Newark, New York, Boston and other key cities.

★ ★ ★

In recent years, they have gone into the great changeover in Pittsburgh's "Golden Triangle," the Penn Center Development in Philadelphia, and such giant structures as Prudential's 41-story midwest headquarters constructed on "air rights" over the Illinois Central railroad tracks in Chicago.

Sheraton Corp. of America will have a new hotel in Dallas built by Southland Life Insurance Co., which is throwing up that city's tallest office building in the same project.

Sheraton figured in Philadelphia's Penn Center Development, with a new hotel financed largely by Massachusetts Mutual Life Insurance Co., Springfield, Mass.

★ ★ ★

Prudential plans a 52-story office building in Boston. In recent years, the company erected big regional offices in Jacksonville, Houston, Minneapolis and Los Angeles.

While spending millions in other cities, Prudential is keeping some cash in Newark, where it is putting up a 20-million dollar headquarters.

Perhaps no insurance company has been so identified with a city's resurgence as Equitable Life Assurance Society with the rebuilt business district of Pittsburgh. Equitable poured many millions into mammoth office buildings in the famed gateway center and is continuing its link through the Pittsburgh-Hilton, now under construction.

★ ★ ★

Metropolitan Life Insurance Co., the industry's giant, has money invested in Lever House in New York, Chicago's Drake Hotel, the Roosevelt in New Orleans, El Paso Natural Gas Co.'s streamlined headquarters in El Paso, Tex., and many other important structures.

Metropolitan takes particular pride in pioneering of the New York housing projects of Parkchester, Peter Cooper Village and Stuyvesant Town, as well as others in Alexandria, Va., Los Angeles and San Francisco.

Colt Called Similar to Primitive Horses

CHICAGO (AP) — A colt described as similar to primitive horses which roamed Eurasia thousands of years ago was born in the Brookfield Zoo.

Director Robert Bean said the tawny animal, named Louis, is three feet tall and is in the range animal section with its mother, Gerta. Bean said the colt is spirited and kicks at its sire, Charlemagne.

★ ★ ★

Louis is of a breed termed "Forest horses", created by cross breeding of horses in Germany for 30 years. The purpose was to obtain a type as close as possible to the primitive horses from which all breeds came.

There are five languages in official use at the United Nations conferences — English, French, Spanish, Russian and Chinese.

To Sentence Daughter of Bob Burns as Addict

LOS ANGELES (AP)—Barbara Ann Burns, 19-year-old daughter of the late comedian Bob Burns, will be sentenced Monday for addiction.

A jury convicted her yesterday after a two-day trial. The charge carries a sentence of 90 days to a year in jail.

Miss Burns testified that officers kept her from contacting friends until she gave a statement implicating her husband David Mack, 26, as the source of her narcotics.

Mack was also found guilty and is awaiting sentencing.

His Wife Well Aware That Robbery Pulled

LOUISVILLE, Ky. (AP)—Paul Salee heard a police broadcast by short-wave radio that his daughter, Mrs. Marie Coleman, had been robbed. He rushed to telephone his wife the news.

Mrs. Salee already knew. She and her daughter were talking on the telephone when a man entered the loan office where Mrs. Coleman works and demanded the money.

School Election Monday—Vote

Monday is election day for the Pontiac Board of Education. This is your chance to have a voice in selecting the people who hold the purse strings on our City schools.

★ ★ ★

With today's high cost of education our school board must be composed of highly responsible and competent citizens. Running our schools is no small business.

★ ★ ★

Currently we are spending $8,700,000 a year. With our constantly growing population, the need for new schools is imminent. This condition will continue for some little time.

The judgment our school board exercises is more important today than ever before. Financing our current program, plus building new schools, is big business.

★ ★ ★

This takes sound thinking. Prudence in handling of the taxpayers' dollars is of utmost importance and could well mean the difference between first class schools and an antiquated system.

Monday is your opportunity as a citizen and taxpayer to vote. In order that our excellent school program continue, each and every citizen in Pontiac has a moral obligation to get out and VOTE.

★ ★ ★

Our schools are the life line to the future. Let's not let our children down.

THE system of rotating TV program leaders as guest artists on other programs seems to be the most efficient method of log-rolling ever devised.

SOME doubt that we can lift ourselves out of the recession by our inflation bootstraps.

Many Small Donations Urged for Campaigns

With full co-operation of both national political parties, the American Heritage Foundation and the Advertising Council, a campaign has been launched to make every citizen aware of a fundamental civic responsibility.

The goal is to raise funds for the 1958 political campaigns by small contributions from a vast number of Americans and thus draw them into active participation in our democratic processes. Campaigns would be financed by the rank and file instead of by a few wealthy party members, corporations and unions who then would be in a position to demand favors.

★ ★ ★

Brig. Gen. DAVID SARNOFF, board chairman of the American Heritage Foundation, points out that only two per cent of Americans contribute financially to a political party. If funds can be raised from a broad popular base candidates would feel that a large part of their support came from the rank and file and would be more responsive to the popular will.

★ ★ ★

Sponsors of the campaign see in the movement an investment in clean politics and a means to induce men of stature and intellect to seek nominations. By contributing a dollar or so to their favorite candidates many Americans who in the past have been cynically indifferent, may be induced to take an interest in politics. This financial support also would relieve candidates of pressures to accept campaign funds from questionable sources.

★ ★ ★

In this connection it is interesting to note that Senator GORE, who investigated 1956 campaign expenditures, has warned that a multimillion dollar slush fund will be used in this year's campaign unless Congress prevents it. He reminded the Senators that 85 of the 96 members had joined him as co-sponsors of a campaign reform bill after his investigation disclosures, but they refused to act on it. As it is now, unions contribute millions while firm are barred.

The measure was a reasonable one which increased campaign fund ceilings in keeping with rising costs. It also would have closed the worst loopholes by which politicians conceal the nature and amount of support.

★ ★ ★

The campaign to get everyone to contribute a small amount is not a complete safeguard against corruption. But the splendid response of both political parties to the suggestion should induce Congress to pass a clean elections bill and that would be a step toward this ideal.

Memorial to Lynn

Display of Flag Is Urged; 'Twas His Favorite Project

Human: Who learns to talk in two years and spends 60 learning not to.

In my last conversation with
Lynn D. Allen
he expressed great disappointment at the present meager display of the American flag in Pontiac. As the teaching of patriotism was his favorite project, he wanted our people to hang out the colors more liberally.

For over a quarter of a century he had been in intimate contact with the many thousands who became U.S. citizens through his office. He made every effort to instill love of the flag in them.

He recently completed a survey of Pontiac homes to determine candidates for consideration in a contest in which the Pontiac Elks Lodge each year gives a prize for the best display of the flag. He could find mighty few homes where it is being shown, and expressed real sorrow for such a situation.

So, as a memorial to Lynn, let's all put up the flag, especially during the coming week, which ends in the annual Flag Day on Saturday, June 14.

Wondering if he isn't the first Oakland County farmer to make the first 1958 cutting of alfalfa hay is
Perry Ousnamer
of Rochester, who commenced the harvest Thursday.

Writing me from his home in Detroit,
Gilman Haggerty
says, "Those flower boxes on its lawn constitute the biggest improvement around your courthouse in many years."

Advices from my long time good friend,
Mayor George Algoe
of Flint, state that a planning commission, after making an exhaustive study of our neighboring city's growing pains, recommend an extension of its south city limits to the Oakland County line. This would include all of Grand Blanc Township, which borders on Holly Township in our county.

Reports of a number of cases of trouble with poison ivy in the Pontiac area prompts a repetition of
"If leaves three, let it be,"
a warning that should be observed in touching any foliage of the ivy nature.

Surely with a name that indicates everything good,
Pontiac Resort,
at the northernmost point in Michigan's upper peninsula, claims to be Copper Harbor's oldest and friendliest resort.

David Lawrence Says:

Must Join Red Union or Lose Job

WASHINGTON — Larue I. Berfield works in a factory of the Sylvania Electric Corp. at Emporium, Pennsylvania.

He has worked for the same company for 19 years, but is about to lose his job through no fault of his own and through no desire of his employer to fire him.

He spent four years in the armed forces — first with the Fifth Air Force overseas, and then 28 months in the southwest Pacific. But Berfield is LAWRENCE in serious trouble. He has the "misfortune" of being a white citizen and not a Communist sympathizer.

If he were either a Negro or a member of some Communist front organization he and his children would be getting the protection of several of the so-called "civil liberties" organizations which usually raise defense funds or appear in court in behalf of persons in "civil rights" cases or those who plead the fifth amendment or the right of free speech under the first amendment.

★ ★ ★

Berfield, exercising his right of petition, came to Congress to tell his story. The reason he is about to be deprived of his job is because he doesn't believe in communism and is unwilling to join those who he believes are its exponents in this country.

The plant where he works is engaged in defense work and makes certain articles that are "classified," though it appears they have something to do with making improved radar equipment for the ballistic missile's early warning system.

After an election among the employes, Berfield told the Senate subcommittee on internal security the other day, a union was certified on May 16 as bargaining agent for all employes.

★ ★ ★

It is known as the United Electrical, Radio and Machine Workers of America and was expelled by the CIO from its organization eight years ago on the ground of "Communist domination."

Now since the union has obtained from the employer a contract providing for what is termed the "union shop" under existing Federal law, the employer is required to dismiss anyone who after 30 days does not become a member of the union.

Berfield, therefore, has until June 16 next to make up his mind whether to join the union or lose his employment.

★ ★ ★

He doesn't want to give up his job, but if he doesn't, he will have to stultify himself by disavowing, in effect, the two loyalty oaths he has taken — one to a civil defense organization and one to a local school board.

He has pledged that he is not identified with any Communist organization.

Berfield told the committee that he could not in good conscience join the union because he would not be upholding his loyalty oaths to the fullest extent.

★ ★ ★

He wrote a letter to the Senate subcommittee which said, in part:

"From reports of investigations by the U.S. Government, it has been found that the U.E. is Communist dominated and controlled. I would like to know if a person can be forced to join such an organization in order to keep their employment?"

The Berfield case points up the tyrannical power of the so-called "union shop," which is a synonym for labor union monopoly.

Even the American Civil Liberties Union, which is active in protecting a Negro worker who has been discriminated against by a railway labor union, speaks of the exclusive bargaining rights of unions nowadays as "comparable in scope to certain types of common law monopolies" and, approvingly, describes the power of a labor union today as "clearly that of an economic legislature endowed by the Government."

Dr. William Brady Says:

Boy Put Up Real Scrap; Showed Good Sense, Too

From far and wide the last of March readers sent me newspaper clippings telling the story of Claude, freckled, red-headed, 10 years old, who disapproved of tonsillectomy as much as I do.

He fought off four nurses and a doctor when they tried to anesthetize him for tonsillectomy. They finally allowed him to return to his room with tonsils intact. A little later the boy made a break for freedom, running outdoors pursued by a doctor. With hospital nightgown flying in the wind, Claude vaulted a fence and fled to grandma's, three miles away.

DR. BRADY

Grandma, of course, was happy to welcome him, but she said they must let his parents know he was all right. While grandma telephoned Claude said he was tired and wanted to lie down. But when grandma presently came to tuck him in and get him warm, no Claude. All hands were warned and the search was on again.

Late that night Claude came out of the closet where he had been napping and asked for something to eat. He said he didn't like ether, but he'd go quietly when he felt really sick.

I found it hard to resist the impulse to telegraph Claude. I wanted to congratulate him for putting up such a good fight and urge him to keep fighting, at any rate until summer vacation, when, if his parents and grandma are hep to the ways of health, he can revert to the primitive—a pair of pants or shorts and nothing much else in the way of attire.

LET SUNSHINE WORK

Enough sunshine or skyshine (diffuse daylight) on naked skin, of course short of sunburn, will shrink those tonsils to normal in the course of the summer.

I do hope no doctor persuaded Claude's folks by using the familiar "The child will keep having one 'cold' or sore throat after another until you have those bad tonsils out." That's strictly for the birds. With few exceptions, children 3 to 10 years of age continue to have as many such indispositions or illnesses after tonsillectomy as they had before.

Send 35c and stamped, self-addressed envelope for booklet, "Call it Chi," from which you may learn how to keep the occurrence of acute respiratory illnesses to a minimum in your home. At the same time ask for the pamphlet "Tonsils Are Not All Bad."

★ ★ ★

Instead of the major and too often fatal operation—tonsillectomy—for enlarged (hypertrophic) tonsils, I recommend the minor, instantaneous operation, tonsillotomy, which is no more dangerous and no more painful, with or without local or general anesthesia, than extraction of a tooth.

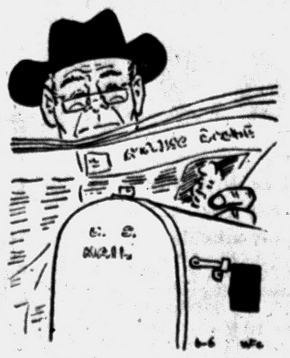

If the trick specialist tells you the tonsillotomy doesn't get every bit of tonsil, tell him, if his blood pressure isn't too high, that I say tonsillectomy doesn't either, as a rule, but the unwarranted attempt to dissect out every bit of tonsil is one reason why so many tonsillectomies are fatal.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

The Country Parson

"I've noticed that men seem to be able to get along better without a lot of money than with it."

Case Records of a Psychologist:

Condition Child to Want Education

Jimmy will like school and want to go to college if he is taught to be a swift reader! And good reading can start on Grandma's lap when a youngster is still too young for kindergarten. For you can "condition" a child to LIKE reading which is the first step in a good education. Bravo, grandparents!

By DR. GEORGE W. CRANE

Case Y-329: Jimmy K., aged 4, is a brilliant child (I.Q. of 130).

★ ★ ★

"Dr. Crane, he has a birthday next week," his grandmother told me.

"I'd like to get him a distinctive gift that would help him all through life, so what would you suggest?

"He already has oodles of toys."

DR. CRANE

BRAVO, GRANDPARENTS

You grandparents often exert a powerful influence over your grandchildren by tutoring them in religion.

And you can likewise predispose them to high grades in school and even a college education. How?

By helping them become fluent readers!

Many Americans are moaning about our lack of scientists to keep pace with Russia.

★ ★ ★

Well, you can't become a great scientist until you first are a fast reader. And you can't be a fluent reader without MUCH practice.

"Grandma, tell me a story," Jimmy often asks, to which grandparents should routinely reply, "Let's READ a good story from a book."

Take the youngster on your lap. Even if he is too young to know printed words, he will begin to admire books and wish to read them himself, if you beloved mothers and grandmothers teach him that books are the treasure houses of fascinating ideas and dramatic tales.

"But, Dr. Crane, aren't mechanical toys good for children?" you may ask.

★ ★ ★

"Yes, they are very stimulating. But the men folks in your family will stress mechanical gadgets, so why don't you ladies stick more to the cultural gifts, of which books are ideal?

EDUCATIONAL GIFTS

Grade and high school pupils relish appropriate books. In the early years, pick books in large print with vocabulary adapted to the child's level.

And by all means see that the books teach a lofty moral. One of the current $2.95 children's books I saw recently in a big department store book section, isn't fit for children.

It deals with a hen and rooster, which poached on a duck's territory; then assaulted the duck and forced him into servitude.

They then coaxed a hotel manager to rent them a room, promising to pay him the hen's egg next morning for lodging and food.

★ ★ ★

But next morning they arose early and ate the egg themselves, thus defrauding the inn-keeper and violating their soimen pledge.

If that wasn't enough badness to leave in a child's mind, they then indulged in actual sadism, for they stuck a pin in his towel and a needle in the cushion of his chair.

He later scratched his face and sat on the needle. That's how the story ended!) Wonderfully moralizing for toddlers, don't you think!

Yet publishers are marketing that drivel as high class.

So when you buy books, be sure you know what they contain! See

if the book is properly endorsed by leading moralists and educators who have "horse sense."

★ ★ ★

And surround your children with a good book of Bible stories, plus a dictionary and a good encyclopedia.

Get the youngster a typewriter, for you can buy second-hand ones for as little as $25. Yet these machines will help teach spelling and make the child more inclined to become a fluent reader.

For further advice, send for my booklet "How to Tutor Your Child at Home," enclosing a stamped return envelope, plus 20c (non-profit).

★ ★ ★

Only 15 minutes per day for a few weeks can bring the usual poor speller, reader or arithmetic pupil, back up to the average of his class!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Don't Exempt Unmarrieds From Jobless Benefits'

It really got me to read about added jobless benefits being up in the air, especially the part about asking state unemployment compensation experts if they could exempt single men and married women.

★ ★ ★

How can they be so cruel and heartless? Just how are single people to exist? They must eat, sleep and wear clothing, and must have medical care. These same people served and fought for the country. We paid our taxes the same as married people.

★ ★ ★

Are we supposed to rob to live? A starving person will do anything and if single persons are exempted, prisons will be loaded and you'll have more killers than you bargained for. It's happening already. We're always so ready to help people in other countries. Why not us? We're Americans, so help us now.

'It's Nice to Know More Than They'

Still Glad I Don't Live There says he—or she—or it—"knows other ways to bring business to town than to widen Perry Street." The combined highway officials study the problem and come up with an answer and now an amateur in the centerfield bleachers is going to second guess the whole lot of them. Isn't that wonderful?

What would have happened to the greatest nation on earth if we'd "spared the tree" and left the Indians in control of the forest primeval? Every city in the U. S. —every single one—has been built by slashing, cutting, ripping, blasting and dynamiting trees. Let the Lord's great work and mankind's progress continue.

Harder Hearted Hand

And Editor, in my first letter why did you cut out the parts where I really ripped that writer into little tiny shreds?

(Editor's Note: Sorry. And we had to do it again this time.)

'Telegraph Exit Needs Changes'

Certain improvements should be made in connection with the resurfacing of Telegraph Road north of the new Orchard Lake construction. It very abruptly narrows to two lanes from three lanes and then widens again at the exit onto old Telegraph.

★ ★ ★

This causes trouble and three lanes should be provided the entire distance so exits don't force drivers to crowd into another lane. Also, a "left turn only" sign should be placed in the left lane so center lane traffic can proceed safely.

★ ★ ★

Also, after cars which exit stop for northbound traffic they're required to stop again before entering old Telegraph, even though there's no longer any traffic on that side of the road. If more than three cars line up, the fourth is stopped in the northbound traffic lane. A "yield" sign should be substituted if any is needed there.

Seconds Letter Protesting Story

After reading comments regarding the Memorial Day feature draped in black and listing the deceased, I saw only one protest, and I'd like to second the motion that it was in bad taste, since two of the men weren't even buried yet. The picture would have been enough as the names meant nothing to the public, only to their families and friends.

Daily Reader

'Are You Pleading for Recognition?'

Mrs. Rochesterite, you do plead for recognition, don't you? As well you know your $16.80 for feeding your family is smaller than most. If you have compared that with friends, if indeed you have any left.

★ ★ ★

I'll always thank a little neighbor of mine for saying, "I know you get by on much less than I, but please don't keep saying so in front of friend husband as his food demands higher grocery costs."

★ ★ ★

I hate to burst your little jet, but I too seldom have more than $20 for groceries per week, but we could both use more, couldn't we? It would sure save me a weekly headache. And as children grow older, they eat more.

'Let Officials Drive It—They'll Realize'

Building the Northwestern extension is getting to be a ridiculous subject.

★ ★ ★

If some of our officials would drive from West Pontiac and Highland area to Detroit every morning, or even occasionally, maybe they'd realize the importance of going ahead on this project. I know many people who purchased land here because of the proposed extension. And have you ever seen cars lined up bumper to bumper on Sunday evening headed back into Detroit? These people must spend miserable hours in slow moving traffic to spend a few hours in the country.

★ ★ ★

What would happen if Detroit had to be evacuated, when things get so bottled up with just our transient traffic?

Office Prowlers Routed by Two Strong Cigars

HARRISBURG, Pa. (AP)—The crime: ransacking an office.

★ ★ ★

The evidence: Two partly smoked cigars. Nothing of value missing.

★ ★ ★

Detective Lt. Norman Stump's conclusion: "I'd say they are small boys, about 10 years old. And they found the cigars too strong."

Charge Father Beat His Son, 3, to Death

ATLANTA (AP)—Police held an unemployed father of five young children today for the vicious fatal beating of a 3-year-old son.

Officers quoted Harold C. Summers, 30, as saying he whipped the child, Danny, with a belt yesterday after the boy soiled his pants.

★ ★ ★

Lt. W. Bailey Cawthon of the suburban East Point Police Department said he would file murder charges against Summers. The man was held on an open charge.

The child died at a doctor's clinic a few hours after the beating. The doctor said the boy's legs, thighs, stomach and head were black and blue.

★ ★ ★

Mrs. Helen Summers, 27, told police she returned home from a shopping trip in Atlanta and found Danny unconscious on the floor of the house. The father was watching television in another room, she said.

Enrico Caruso Gives Johnny Mathis Battle

PALO ALTO, Calif. (AP) — Guess who's running a close second to rock 'n' roll singer Johnny Mathis in a vote to determine whose records will be played for four hours over radio station KGO San Francisco, on June 14?

Enrico Caruso!

★ ★ ★

There's a reason: Stanford students decided to prove there's a cultural streak in the young generation. So they mailed 2,000 cards voting for Caruso.

Dog Winning Private Battle With Jaybirds

DUNN, N.C. (UPI) — The score in Dunn's private little war between a small, black dog and an army of bluejays is three dead jaybirds but neither side is making much headway.

★ ★ ★

The whole thing started Sunday afternoon when the dog, Trixie, managed to catch one of the younger jays.

★ ★ ★

Immediately, dozens of jays swooped down on Trixie from the trees, pecking her and then darting back to the safety of the leafy branches. Since then, wherever Trixie goes the jays follow her.

The dog's owners, Mr. and Mrs. Bob Dickey, have tried to stop the battle by keeping Trixie shut up in the house but she gets out every now and then and it starts all over again.

The raucous cry of the jays can be heard for several blocks during the battle. Silently, Trixie attacks the jays and noisily the call to battle comes from the trees.

★ ★ ★

The vendetta has gone from yard to yard on the avenue with the jays flitting from tree to tree after Trixie and, at times, Trixie follows the jays from tree to tree.

With three jays to her credit, Trixie has been the winner from a casualty standpoint. Her only wounds have been to her pride from the constant pecking.

★ ★ ★

Trixie seems none the worse for wear and tear but there are plenty of irate jays left.

Man Facing Arrest Attempts Suicide

GUYMON, Okla. (AP)— "What are you going to do now," asked Claude Heaton of Adrian, Tex., pointing a .32-caliber pistol at his own chin yesterday.

★ ★ ★

"That's up to you," replied Highway Trooper Bill Hensley.

Heaton pulled the trigger, sending a bullet into his jaw. It passed through his mouth, lodging at the spine.

The 64-year-old man had been stopped at the west outskirts of Guymon by policeman John Labrier, checking a drunk driving complaint. Labrier said Heaton threatened suicide so he called on Hensley for help.

They quoted Heaton as saying he had no home or relatives or reason for living.

Heaton was reported in satisfactory condition at a hospital.

Montana Vote Results Unknown After 3 Days

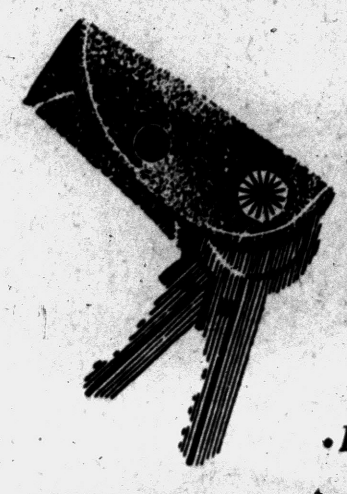

HELENA, Mont. (AP) — The primary election was three days ago, but Republicans still haven't decided their nominee for the U.S. Senate race against Democrat Mike Mansfield.

★ ★ ★

Unofficial returns from all but one of the state's 1,101 precincts today gave Louis W. Welch, 31, a smelter worker, 19,723 votes to 19,644 for Mrs. Blanche S. Anderson, 62, a Helena widow.

★ ★ ★

Election officials said they had no indication when returns would be available from the remaining precinct, in a remote section.

Aid Bill Loses Special Powers

'Double Cross' Cried by Humphrey in One-Vote Defeat in Senate

WASHINGTON (AP)—The Senate heeded President Eisenhower's advice last night and stripped its foreign aid bill of a provision which would have given him discretionary power to extend U.S. aid to Communist nations.

Sen. Hubert H. Humphrey (D-Minn) today attributed to a State Department "double cross" the one-vote defeat of a foreign aid proposal to permit use of funds for Red satellite nations.

★ ★ ★

He contended the department endorsed and helped to write the proposal as part of the foreign aid bill, but backed down when President Eisenhower decided to ask the authority under separate legislation.

The Senate, after stormy debate voted 43-42 last night to remove the proposed new authority from the $3,712,900,000 foreign aid bill. It hopes to complete action on the measure by tonight.

The proposal would specifically have authorized the President to provide economic or financial assistance to any country except the Soviet Union, Red China and Communist North Korea, if he found such assistance to be in the national interest.

It was designed to help Communist satellites relax the control of Moscow.

Clear and Cool East of Rockies, Wet Near Gulf

By THE ASSOCIATED PRESS

It was clear and cool across northern areas from the Rockies to New England today while wet and humid weather dominated sections from Texas into the Gulf states.

The cold Canadian air, moving southward from east of the Rockies, extended from the Ohio River westward to northern Oklahoma. The eastern boundary of the cool air mass was the Alleghenies. Chilly weather continued in New England.

Showers sprinkled areas along the southern edge of the cold air extending from southern Missouri and northern Arkansas eastward along the Ohio River Valley.

Expect Jobless Total Below Five Million

WASHINGTON (UPI)—The government was expected to report today that unemployment in May fell below the five million mark for the first time in four months.

★ ★ ★

But administration economists looked for little improvement in the depressed heavy manufacturing industries which have been the sore spot of the recession.

A long-range forecast by congressional economists predicted there may still be five million unemployed in early 1959 even if there is a good recovery by busines in the meantime.

The staff of the joint Congressional Economic Committee said "less rapid recovery could be accompanied by as many as seven million unemployed — or over 10 per cent of the civilian labor force" in the first three months of next year.

★ ★ ★

The report, made public by Committee Chairman Wright Patman (D-Tex), said economic activity has "continued to decline and there are as yet few signs of an early upturn."

Flag Day Dinner to Pay Tribute to Lynn D. Allen

Missing from this year's Flag Day service at Pontiac Elks Lodge 810 will be the man that for many years inspired similar programs—Lynn D. Allen.

"But the program will go on as scheduled," a spokesman for the lodge said today.

Members have named Mrs. Lynn D. Allen honorary chairman for the 1958 service to be held June 11 at 6:30 at the lodge, 114 Orchard Lake Ave.

★ ★ ★

Some 300 persons, including 85 or more recently naturalized citizens from Oakland County, are expected to attend the evening dinner and program. Dr. William H. Marbach will deliver the principal address at the 15th consecutive program put on by the Americanism Committee of the lodge.

A eulogy on Allen, for many years chairman of this committee, will be part of the service. Allen, a life member of the lodge and county clerk for the past 25 years, died May 31.

Auto Rate Still 10 Per Cent

Excise Tax Cut Bid Fails for 2 State Congressmen

WASHINGTON (AP)—Reps. Charles E. Chamberlain (R-Mich) and Thaddeus M. Machrowicz (D-Mich) failed in a last-minute bid yesterday to prevent House passage of bill retaining the 10 per cent auto excise tax.

The Michigan congressmen pleaded with the House to permit the excise tax to drop from 10 per cent to seven per cent. But the House passed a bill continuing the current rate.

★ ★ ★

Machrowicz, a member of the tax-writing Ways and Means Committe, and Chamberlain have led an intensive five-month fight by Michigan congressmen of both parties for a tax cut.

Chamberlain said the "tall tale" that the automotive industry belongs to Michigan is "a monster gripping the whole economy of the United States by the throat and strangling it."

He contended, "The automobile industry does not belong to the State of Michigan. It belongs to practically every state in the union. And what happens to the automobile industry influences the economy of every part of the United States."

★ ★ ★

He attacked what he termed opposition by influential Texans to auto tax relief. President Eisenhower, Secretary of the Treasury Anderson, Senate Democratic leader Lyndon B. Johnson and House Speaker Sam Rayburn—all Texans—have opposed a reduction.

"These Texans had better realize right now that their cows are in on this too," said Chamberlain.

"The automobile industry consumes 72 per cent of the leather in the United States and the hides of their cows are riding in every back and front seat of every tail-finned automobile . . ."

★ ★ ★

Machrowicz told the House today's vote would mark "your last opportunity to vote for tax relief in this bdy unless the Senate takes jurisdiction and we shirk our responsibility."

Machrowicz pointed to 15 per cent unemployment in Michigan at the end of March in arguing for a tax cut.

Tax Form Aid Costs $4 Million Lower

SEATTLE (AP) — Uncle Sam figures he has lopped nearly four million dollars off the amount he spends each year helping taxpayers prepare their income tax returns.

O. Gordon Delk, deputy commissioner of internal revenue, said today the saving has been made possible through a program of taxpayer education.

In a speech prepared for the Western Regional Conference of the Controllers Institute of America, Delk said: "In the 1955 filing period, 14,600,000 individuals sought Internal Revenue Service help in making out their returns. For the 1958 period, the figure dropped to 11 million."

Three years ago, he added, the service spent an estimated $6,800,000 in assigning 12,000 employes to help taxpayers. This year, he said, only 7,300 employes were needed for the job and costs fell to less than three million dollars.

The educational program has included books, pamphlets, publicity and the assistance of lawyers and accountants in telling in simple language how to file tax returns.

Car Goes Berserk, Runs Over Cliff; Woman Safe

ROLLING HILLS, Calif (AP)—The gas pedal of Mrs. Sarah Van Renterghen's car stuck when she started the sedan in a garage.

The car crashed through the end of the garage, knocked over a tree and plunged over a 400-foot cliff.

Neighbors found Mrs. Renterghen, 63, climbing up the cliff. She was treated for bruises and scratches. The car was demolished.

Pullman Fares Cut by Kansas Railroad

KANSAS CITY (AP)—The Kansas City Southern Railroad is cutting fares again—this time for the Benefit of Pullman passengers.

★ ★ ★

Most other railroads have given up on passenger business. They have discontinued and combined trains or abandoned service on most branches and even on main lines. Buses and airplanes have taken much of the business.

"Our passenger operations are important to us," said W. N. Deramus, the peppery 70-year-old who has been head of the Kansas City Southern since 1940. He once said he hoped to get coach fares down to a cent a mile.

★ ★ ★

The new fare deal will permit passengers to use Pullmans on regular coach tickets. Estimated saving: 29 per cent.

DISASTER DIRECTOR—William E. Crockett, above, is the new director of the Natural Disaster Office, of the Federal Defense Administration. Crockett, former deputy administrator of the CD office in Denton, Tex., succeeds Maj Gen. Holmes E. Dager (Ret.). Dager has been reassigned as the agency's military liaison officer.

Woman Gives Treasured Flag to School, Dies

SAN FRANCISCO (AP)—Lucy Downey's most cherished possession was the American flag which draped her husband's casket during his military funeral.

Bill Downey had been a veteran of the Spanish-American War. The flag from his casket had been her link to him.

★ ★ ★

But after she reached 85, Mrs. Downey decided the colors should be an inspiration to American youth. Tyrell Junior High School, across San Francisco Bay in Hayward, advised her it would be proud to have Bill's flag.

She presented them to little Bobby Hale before the student body with these words: "My husband was a solider. He was not a hero. But he was a good soldier. And that is what counts. To be a good soldier . . . to love America . . . and this flag. . . ."

★ ★ ★

She wiped tears from her eyes and handed the flag to Bobby. Then the wide-eyed youngsters saw her collapse. It was not until later that they learned that Mrs. Downey died in a San Francisco hospital of a heart attack.

Bobby came to school earlier than the others yesterday and raised the flag.

Today, Mrs. Downey is being buried in Presidio National Cemetery beside her soldier husband.

Americans, bound for foreign ports, should apply for their passports at least three weeks before departure date.

She Enjoys Life by Giving It the Needle

By PHYLLIS BATTELLE

NEW YORK — Forty million women in America will be mystified to learn that Mrs. Earl R. Waddell Jr. of Ft. Worth, Texas, is a gusset lover. It had generally been believed, among the 40 million home seamstresses, that only a gusset could love another gusset.

"Ah think that's plain silly," says Mrs. Waddell demurely, "having a fright of a gusset. They're fun and a challenge — like zippers, say, and shirring?"

★ ★ ★

The lady from Texas had walked into the office looking svelte and chic in a homemade creation that even Stanley Marcus would have approved. She sat down firmly, as a Texan will, and said she wss one of the 35 finalists in Singer Sewing Machine's National $125,000 "Sewoff" Contest.

"Ah think that there would be less delinquency if more little gals were taught to make clothes when they're young," she smiled. "Now, like I learned to love sewin' when I was less than 14 — Mama taught me.

"It's as vivid as today, that first dress with the pink and white dotted Swiss top. I cut the pattern from the newspapah, and it was elegant, you know?"

★ ★ ★

As a result of her enterprise and elegance, she grew up to marry the "best ketch" in town, Mr. Earl Waddell. She now has three children, is president of the local PTA, an active church and clubwoman and a living testimonial to the fact that life can be beautiful if you give it the needle.

"I've been needlin' my daughter Jan to take up sewing too, and she loves it," says Mrs. W.

"I find that if mama thinks sewin's fun, then daughter will too.

★ ★ ★

"Course, it spoils the fun for the child if you're too meticulous and expert all the time so I throw things together, as if it were a breeze, so she won't get discouraged. That's what makes her stick with it."

As one of the potential money-winning seamstresses in Singer's contest, Mrs. Waddell considers herself a bit lucky.

"Imagine making money from doing something you just love. This dress I'm wearin' now is the one that got me in the contest. It took about 40 hours to make — usually I don't spend half that much time. But I loved every minute of the so-called work that went into it.

"Honestly, ah tell you I get irritated at my other duties at the house, cause they keep me away from sewing. Often I have to wake up at 5 o'clock in the mornin' to get my work done, but it's worth it."

Does Mrs. Waddell consider herself a "typical home seamstress"?

"Ah guess so," she says thoughtfully. "All of us, we do it as a creative outlet, more than to save the money. Why, even if my husband had an oil well, I'd go right on sewin' — sure would."

For some people, the gusher will never replace the old-fashioned gusset.

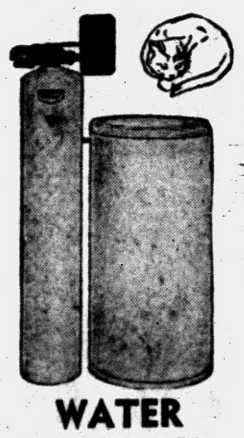

California is the only state in the U.S. so far to successfully raise almonds in commercial quantities.

Hal Boyle Says:

Nothing Can Improve Lot of Dog-faced GIs

NEW YORK (AP)—The scene is a future war. The American infantry is attacking.

Suddenly one platoon breaks away from the advancing line and zooms rapidly forward like a swarm of angry bees.

They take one hill, two hills, three hills—as the startled enemy panics and flees.

Later the whole platoon is called before the beaming general who says: "There has never been an exploit to match this in the entire annals of warfare. It's fantastic. I am proud of you men, and I'm recommending every one of you for the Medal of Honor."

The members of the platoon look uneasily at one another.

Finally an honest private blurts out: "Aw, hell, general we ain't no heroes. We just set our rear rocket motors too high—and could not stop. If we hadn't run out of fuel, we'd still be going."

★ ★ ★

This little fantasy could come true if a new portable rocket developed by an ex-Army technical sergeant works out. Strapped to the rear of a Doughboy it holds promise of turning him into a combination racehorse and antelope.

"He can run faster, can jump across rivers, scale walls and cliffs, jump extraordinary heights — and not be tired when he gets there," said Alexander H. Bohr, the inventor.

The rocket, details of which are still secret, doesn't quite enable a soldier to fly, apparently, but does give him the exhilerating feeling he's a human cricket.

Several infantry veterans I discussed the rocket with were on the skeptical side.

★ ★ ★

"They're always thinking up ways to get a dogface into battle faster," said one. "What the dogface himself wants is a way to get him out of battle altogether—and for this, there's no better gadget than a general peace."

"If this rocket thing really makes it easier to get about," said a second, "it'll take it at least two generations to filter up to the front lines. And even then the rear area boys will keep all the latest models for their own conveniences."

"One thing you do have to admit," remarked a third. "It sure is a hell of a handy instrument for going AWOL in a hurry."

A fifth veteran observed:

"Well, the fly-boys have engineers to go along with them. This rocket idea might not be so bad if they assign a technician to every dogface—to carry his pack and fix his motor. Lots of times in the last war I could have used a valet."

The Army, of course, is testing dozens of ideas to make it easier for the dogface to do his task in battle.

But no old infantryman ever believes anyone will ever make his job comfortable. Throughout history he knows the problem of the dogface has always been the same.

The picture is always the same—a scattered group of men with a thousand-yard stare in their tired eyes stumbling up a forlorn hill to root out a dug-in enemy.

So it was on Normandy 14 years ago today—behind the beach stood the first of a thousand hills. And so, the oldtimers believe, it always will be for the infantry as long as there are wars.

Test Guided Missile Over Inland Route

POINT MUGU, Calif (AP)—A Regulus II guided missile has been tested for th efirst time over a new inland route to eastern Nevada.

★ ★ ★

The swept-wing supersonic missile was launched seaward yesterday from the U.S. Naval Test Center here. Then, guided by two jet chase planes, the Regulus turned and flew more than 450 miles to Antelope Dry Lake near the Utah border.

★ ★ ★

The needle-nose missle, capable of carrying a nuclear warhead, is intended for use from submarines and cruisers.

Negro Professor Held After Trying to Enter Mississippi University

(Editor's Note — Associated Press staffer Douglas Starr and two staff members of the Jackson (Miss) Daily News were the only newsmen to contact Negro Prof. Clennon King after he was jailed for trying to enter the all-white University of Mississippi. They managed to enter the building undetected and taped an interview. Shortly afterwards, state police barred anyone from seeing King, who tried to become the first Negro to enter a white school in Mississippi.)

By DOUGLAS STARR

JACKSON, Miss (AP) — Negro Prof. Clennon King earned an isolated jail cell today for his efforts to cross the state's rigid racial lines. He said his attempt to enter the University of Mississippi is ended.

The 37-year-old former faculty member at the all-Negro Alcorn A&M (Miss.) College was whisked away by state highway patrolmen yesterday when he tried to enter the summer session at the university.

★ ★ ★

His whereabouts were top secret until late last night. The Associated Press learned he was being held in a tiny cell on the top floor of the state highway patrol headquarters here and held an exclusive tape-recorded interview.

The interview came only an hour before the highway patrol threw a cordon of troopers around the building and refused anyone access to the tall, Georgia-born King.

"I just want to get out of here," King said in the interview tape recorded by Norman Bergsma of the Jackson Daily News.

"I don't know what they're going to do," King told his interviewers. "I would like to get out. I wouldn't bother it any more. I would leave it alone."

But state authorities may not leave King alone. They indicated he would be examined by physicians. Chancery Clerk J.B. Howell of Oxford, who filed a lunacy warrant against King, said, "If they conclude his mind is a little off, they will send him to Whitfield (state hospital) for psychiatric examination."

★ ★ ★

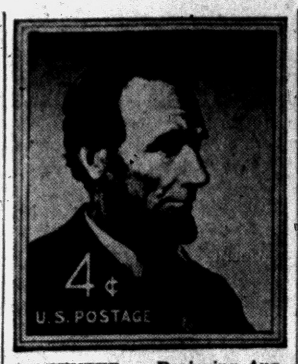

King was taken from a line of students waiting to register for summer school at the University at Oxford and was told "that if I came back on the campus I would be arrested."

King said university registrar Robert Ellis told him the situation on registering was "just about hopeless." He said he asked that his application forms be returned, but was refused, and said he wanted to return to the waiting line.

★ ★ ★

"When I sought to leave the room they forced me out another entrance," King continued. He said he was carried to a waiting car.

King said he was not mistreated and Gov. J.P. Coleman, who ordered troopers to the campus to preserve the peace, said, "All of his legal rights will be fully preserved."

4-CENTER — Beginning Aug. 1, 1958, the most widely used stamp in America will be this lavender-colored 4-cent Lincoln stamp to be used for first-class letter mail. The Lincoln stamp, first issued on Nov. 19, 1954, will replace the one most Americans see most often—the 3-cent purple stamp which depicts the Statue of Liberty.

Traveler Visits 'Stars' Without Leaving Earth

MIAMI, Fla. (AP)—A Pennsylvania hitchhiker with an "interplanetary" itinerary has arrived here on his way to Jupiter. In Florida, that is.

★ ★ ★

Devon Smith, 32-year-old auto assembly worker from Elwood, Pa., said he already has visited Star, Miss., Mercury, Tex., and Sun, La.

★ ★ ★

"I want to be the first person to visit all these stars without leaving earth," Smith said. He spent two weeks poring over the U. S. postal guide and reference books to map out his route.

His last scheduled stop—Earth, Tex.

Search Plane for Bomb at Willow Run Airport

DETROIT (UPI) — A Capital Airlines four enjinge Viscout scheduled for a flight to New York was delayed for an hour and a half last night by a bomb scare.

State Police, FBI agents, postal authorities and airlines employes evacuated the passengers and searched the mail and luggage after someone called the Capital reservations desk at Willow Run Airport and said "There's a 'rock' on flight 228."

The plane was due to take off at 7:30 p.m. (EST) but wasn't cleared to leave until 9:10 p.m. Authorities said there was no way to check on the unidentified hoaxer who made the call.

New Mexico's first civilian territorial governor, Charles Bent, was scalped and murdered in his home in Taos during a brief Indian uprising in 1847.

Harrisville Aids Italian Waif

Community Adopts Girl, 7

HARRISVILLE (UPI) — The Northeastern Michigan community of Harrisville has adopted a seven-year-old Italian girl under the foster parents' plan.

★ ★ ★

The financial "adoption" of Concettina Catinello was the idea of Mrs. R. K. Jimison of Harrisville, who collected the $180 needed to support the child for a year.

The money came from individuals, church groups and clubs in the town.

Concettina lives in Siracusa, a small village on the Island of Sicily—roughly 5,000 miles from Harrisville.

★ ★ ★

She, her widowed mother, her brother and two sisters live in a room and kitchen of a housing project. Their only furnishings are beds, a chest, a table and some chairs.

Stevenson to Speak at MSU Graduation

EAST LANSING (AP)—Adlai E. Stevenson and Prentiss M. Brown will be among five recipients of honorary degrees at the Michigan State University Commencement Sunday.

★ ★ ★

Stevenson is booked as commencement speaker. He was Democratic nominee for president in 1952 and 1956 and is a former Illinois governor.

Brown, a former U. S. senator, is chairman of the Mackinac Bridge Authority. Both will be awarded honorary doctor of laws degrees.

Similar honors will go to Walter E. Heston, genetics researcher for the National Cancer Institute, and to Forest H. Akers, a former member of the State Board of Agriculture, MSU governing body.

★ ★ ★

It was announced yesterday that William F. Uhl, board chairman and managing partner in two Boston engineering firms, will receive an honorary doctor of engineering degree.

MARILYN McKENZIE

Past worthy adviser of Lake Orion Assembly No. 51, Marilyn McKenzie of Lake Orion has been appointed to the State Junior Executive Committee of the Order of Rainbow Girls in Michigan. Daughter of Mr. and Mrs. Gordon J. McKenzie, 526 Bagley Dr., she received her appointment during a three-day 30th Grand Assembly session at the Masonic Temple in Detroit.

Confessions Bare 'Classified Ad' Killing

AARAU, Switzerland — Police in Aarau said that a plasterer and his 21-year-old girl friend had confessed to a "classified advertisement" murder. The couple, Max Maerki, a building worker, and Ragnald Flater, a kitchen maid, are said to have advertised for a used car, with the intention of selecting a victim from among those who replied to the box number. They were charged with killing 30-year-old Peter Stadelmann with a heavy tool and throwing his body into a river.

Stadelmann, who had about $1000 with him, has never been seen again.

Police said Maerki, 26, was "driven by remorse" to give himself up. They said he was "greatly encouraged" by the girl to commit the crime.

Will Initiate Sonata

ANN ARBOR (AP) — Two movements from an 18th Century trio sonata will get their first modern performance Monday by a University of Michigan ensemble. Written by Jean-Marie LeClair, French violin virtuoso, the sonata is one of many compositions acquired by the university with a $100,000 grant.

Plastic Tubes Replace Arteries

Ford Hospital Surgeon Reports Successful Use in About 100 Cases

CINCINNATI, Ohio (UPI) — A Detroit surgeon revealed yesterday that plastic tubes, ten times stronger than human arteries, have been used very successfully in the regrowth of hardened arteries.

Dr. Emerick Szilagyi, associate surgeon in the division of general surgery at Henry Ford Hospital, reported on about 100 successful plastic artery operations to the Ohio State Surgical Assn. meeting here.

★ ★ ★

He said the plastic causes no body reactions and permits an entirely new artery to grow though it, something transplanted human arteries cannot do.

Szilagyi said transplanted human arteries tend to clot and break down more easily than the plastic.

"The problems with transplanting human arteries to another person are the same encountered in transplanting skin or other organs," he said.

★ ★ ★

"Skin, unless taken from your own body, will react as a foreign substance in your body—the same sort of thing can occur in transplanting arteries."

He said that plastic, despite being a foreign substance, "is very inert and doesn't irritate the tissue. The body . . . seems to accept it and get along with it."

Chihuahua Dog Stormy Issue in Divorce Suit

CINCINNATI (AP)—When Kermit Boothby, 50, and his wife, Irene, also 50, appeared in Domestic Relations Court here the principal issue in their divorce case was who would retain custody of their dog Bimbo, a 3½ pound Chihauhau.

★ ★ ★

Boothby and his wife both wept. Boothby claimed his wife didn't love Bimbo. Mrs. Boothby claimed she once nursed Bimbo back to health when he was sick.

Judge Carl Rich suggested that since Boothby bought the dog he be allowed to keep it but buy another for Mrs. Boothby.

★ ★ ★

Boothby rushed out and purchased a half-brother to Bimbo from a pet shop.

Judge Rich then granted Mrs. Boothby her divorce. She had charged neglect.

Island to Keep Doctor in Spite of Age—He's 70

LANSING (AP) — Remote Beaver Island has escaped threatened loss of its only physician with waiver of retirement for Dr. Frank Luton, who has passed age 70.

Dr. Luton, who gets part of his income from state subsidy, was granted a one year extension of serivce yesterday by the State Employes' Retirement Board.

★ ★ ★

His request was supported by Dr. Albert E. Heustis, state health director, because of the difficulty of finding a replacement.

Beaver Island lies about 35 miles in Lake Michigan northwest of Charlevoix.

Democrat Convention Set at Grand Rapids

LANSING (AP)—The official call is out for the Democratc Party state convention Aug. 23 in Grand Rapids.

Neil Staebler, state party chairman, issued notification yesterday to the 83 Democratic county chairmen.

★ ★ ★

Each county will get one delegate seat for each 1,000 votes cast for the Democratic candidate for secretary of state in 1956, for a convention total of 1,545. The apportionment will be the same as for the 1957 spring convention, he said.

Staebler said county and congressional district conventions in Wayne County will be held at 8 p.m. Aug. 14. These meetings will choose state convention delegates.

On the state convention agenda will be adoption of a party platform for the Nov. 4 general election campaign and nomination of candidates for state treasurer, attorney general, auditor general and secretary of state.

★ ★ ★

Governor and lieutenant governor nominees will be chosen in the Aug. 5 primary.

Mark of Zorro Defeats Speed Check—for Awhile

GOLDSBORO, N.C. (UPI) — Puzzled why their radar check wasn't netting any speeders, police investigated and found a sign a block away reading:

"Whammy one block ahead. Look Out! Zorro."

When the sign came down, police soon nabbed 17 speeders.

Car Registration Fee at MSU May Be Out

EAST LANSING (AP)—A controversial $15 annual car registration fee for Michigan State University students may be on the way out.

The student-faculty motor vehicle committee has recommended that it be reduced to a nominal amount, say $2 a year, with substitution of a pay-as-you-park system in premium student parking lots on the campus.

Under the committee recommendation, the nominal fee would cover just the cost of administering the auto registration program.

Lot facilities, including construction and maintenance, would be paid for by direct parking charges, including use of toll gates at lot entrances.

The university administration and governing board will have to give final approval to any change.

Increase Number of Storm Spotters

WASHINGTON (UPI) — The Weather Buerau's 40 regular hurricane spotting stations on the Atlantic and Gulf coasts will be augmented by extra observers at 100 points during the hurricane season, the bureau announced today.

Unpaid volunteers will man the "cooperative substations" from Easport, Me., to Brownsville, Tex., from June 15 to Nov. 15, the time of greatest hurricane activity.

These observers will report by telephone to a weather bureau office at least once a day but more often when one of the big storms is sighted. The substations will be equipped with instruments to measure wind speed and direction, barometers and rain gauges.

Worm-Eating Platypuses Arrive From Australia

HONOLULU (AP)—Three worm eating immigrants, lately of Australia and soon to become the only representatives of their race in the United States, leave here today bound for the Bronx Zoo.

Paul, Pamela and Patty Platypus had their first taste of American food — genuine Florida earthworms when they arrived here yesterday. Worms—and Australian soil—is about all they will eat.

They are due in New York tomorrow.

It's Anchors Aweigh as C. of C. Starts on Cruise

Chamber of Commerce members and their guests who left Thursday afternoon for a cruise to Sault Sainte Marie and Mackinac Island were given a bon voyage party by friends aboard the S.S. South American at the Detroit River. Here (left to right) Harold W. Dudley, Mrs. Gerrie O. Sloan, Henry D. Price, Mrs. Price and Mrs. Duncan Seaman are snapped as they gather in one of the ship's cabins for a farewell chat.

Pontiac Press Photos

"Anchors Aweigh" — well, almost anyway. Just before the big luxury liner sailed for the weekend cruise, Mrs. L. Campbell Wernet (left) and Mrs. Edward Maier joined Mr. Wernet (left) and Mr. Maier on the deck for a bon voyage photo. The group will return Sunday afternoon.

The S.S. South American looms in the background as (left to right) Roland Smith, Mr. and Mrs. Marvin Barnett, and John W. Hirlinger meet on the dock to get a better view of the vessel and other boats sailing on the river.

Jaycee Unit Has Barbecue

Members of the Junior Chamber of Commerce Auxiliary met at the home of Mrs. John Cowe on North Hammond Lake road as the guests of Mrs. John Napley.

A barbecue preceded the Wednesday meeting. Mrs. Napley reported on plans for an "Around the World" dance which the group is sponsoring in cooperation with the Jaycees, to be held June 21 at Westacres Community House. Melvin Eller and Mrs. Napley are chairmen of the dance.

★ ★ ★

Mrs. Ozzie Watchpocket was appointed to assist the Jaycees at the water follies to be held in July. Appointed chairman of the "get-out-and-vote" campaign for school board elections was Mrs. Irving Merkovitz.

2 DIRECTORS NAMED

Mrs. Leslie Langford reported on Girls Ranch at Camp Oakland, and Mrs. James Wilkinson and Mrs. Norman O'Brien were elected to fill vacancies on the board of directors.

★ ★ ★

New members present were Mrs. Robert Compton, Mrs. Richard Jorgenson, and Mrs. William Belaney. They were presented plants by Mrs. Ben Hawkins.

Guests included Mrs. Elmer Johnson, Mrs. Richard Hansen, Mrs. Brent Jett, Mrs. Wayne Wilson, and Mrs. Henry McCandless who is visiting from Albuquerque, N. M.

Follow in His Footsteps — Abby

Job Spurs Husband to Romance

By ABIGAIL VAN BUREN

"DEAR ABBY: My husband operates the movie projector in a large movie house and it has created a big problem for me. From his booth he sees all those love scenes and he also gets a good view of all the lovers romancing in the balcony.

ABBY

He comes home full of ideas and expects me to be in a romantic mood also. To tell you the truth, we've been married 27 years and the honeymoon has been over a long time for me. What should I do?"

NOT ROMANTIC

DEAR NOT: Maybe you should sit up in the booth with him!

★ ★ ★

"DEAR ABBY: I am a normal single male in better than moderate circumstances. Naturally I enjoy the company of an occasional female, but I do not want to get married. I know myself well enough to know that I would make a poor husband and a miserable father. In other words, I am NOT GEARED for marriage.

"Every attractive female I have ever romanced wants to get married. Should I keep my marriageless intentions to myself or lose my lady friends by declaring honestly that I am not geared for marriage?"

NOT GEARED FOR MARRIAGE

DEAR NOT: It is grand larceny to take the best years of a girl's life under false pretense. Either tell them from the start that you're not "geared for marriage"—or shift gears.

★ ★ ★

"DEAR ABBY: Please print this as a favor to me and several of my friends with the same problem: Some of the girls we know wear entirely too much lipstick and eye junk. It gets on our shirts. How do you explain this to your mother?"

STUCK FOR WORDS

DEAR STUCK: I don't think you'll have to "explain" anything to your mother but I suggest you tip off the girls who are "laying it on too thick."

★ ★ ★

"DEAR ABBY: I had a husband who was good for nothing and I mean absolutely good for nothing. If I told you what all he was charged with you'd never put it in your paper. Anyway, we had three children and he was sent to prison and locked up and he is still there.

"I told the kids their father is dead because by the time he gets out the kids will be grown up and it won't make any difference to them. Was that all right?"

WHITE LIE

DEAR MOTHER: This was NOT all right. The truth about your husband is sure to leak out. When a relative is imprisoned, the best explanation is the truth.

★ ★ ★

"DEAR ABBY: I've been married three months to a man who was married once and divorced. I am 19 and never cooked before. He made me quit my job because he wants me to stay home and be a housewife.

"My problem is I can't cook to please him so he wants me to call up his ex-wife and ask for her recipes and have her explain how to cook certain things the way he likes them. I've never met her and I don't want to call her, but I don't want to lose my husband. Do you think I'm being foolish?"

NO COOK

DEAR NO: If cooking were so important, your husband would still be married to his ex-wife. Take a cooking course and do the best you can.

OES Group Meets With Mrs. Reynolds

Griffin Proficiency Club, OES No. 228, met Thursday evening at the North Roselawn drive home of Mrs. Mabel Reynolds.

Taking part in the event were Mrs. Meta McIlroy, president, and Mrs. E. Verne McCall who showed pictures of her recent South American trip.

Refreshments were served by Mrs. William Cousins, Mrs. William Sherwood and Mrs. McIlroy.

Symphony Auxiliary at Work

Serving on the committees for the coming year are: Membership, Mrs. A. F. Blakeslee and Mrs. Cecil McCallum; program, Mrs. James K. Rosenthal and Mrs. R. E. Gegoux; publicity, Mrs. Leland Clemence and Mrs. J. L. Bennett; telephone, Mrs. L. R. Sampson and Mrs. N. E. Durocher; house, Mrs. C. H. Purdy; and ways and means, Mrs. Charles G. Uliglan and Mrs. Ivah Baker.

★ ★ ★

Other committees are: Constitution, Mrs. Dora S. Dawson and Mrs. Paul A. Kern; yearbook, Mrs. L. H. Schimmel and Mrs. Eugene D. Foley, and hospitality, Mrs. H. C. Hall and Mrs. James Youngblood.

★ ★ ★

Six meetings will be held during the coming season. Dates are Oct. 6, Nov. 24, Jan. 26, March 2, April 13, and May 4.

Membership is open to all women in the Pontiac area who are interested in the orchestra. For further information call Mrs. Blakeslee or Mrs. McCallum.

Pi Beta Phi Group Set to Hold Picnic

Mrs. James Grissom of Wing Lake will entertain the Bloomfield Hills Alumnae Club of Pi Beta Phi at a picnic to be held Tuesday at 12:45. This will be the last meeting of the season.

Assisting Mrs. Grissom will be Mrs. Richard Weir, Mrs. Leslie Fleming, Mrs. Douglas Sankey and Mrs. William Kramer.

JUDITH WILLIAMS

Announcement of the engagement of Judith Williams to William Fizzard Jr. is made by her mother, Mrs. Ruby Williams of East Huron street. He is the son of Mr. and Mrs. William Fizzard of Lowell street. An October wedding is planned.

At Bosses Day Thursday

Zontians See Movie of Big Game Hunting

Zonta Club of Pontiac held Bosses Day Thursday at Kingsley Inn.

The program was a movie in color and sound, "Hunting of the Cassiar," presented by Howard H. Fitzgerald II. The movies were taken on a recent hunting expedition in British Columbia. Members of the hunting party were Mr. Fitzgerald, C. E. Wilson Jr., Henry M. Dahlquist Jr. and Harry J. Klingler Jr.

★ ★ ★

Nine hundred miles from Vancouver the group began the expedition by pack train from Coldfish Lake where they landed. From their camp they traveled 18 miles on horseback the first day. The second day the group traveled 10 miles.

The pictures showed a herd of rams on the mountainside and the 200-pound Stone sheep taken by the hunters. A close-up showed how nature had protected the animal through its coloring.

An especially colorful sight was the white mountain goat framed by the green of the mountainside. Later the audience was shown one of the goats being skinned.

The fast moving caribou was photographed as well as moose, before being brought down by the hunters.

The sure footedness of the ram was seen as a herd was photographed on an icy slope.

Before the 4-week trip ended the foursome had taken two grizzly bears, four sheep, two moose, four caribou and eight goats. Also included was some fishing of rainbow and Dolly Varden trout before the group returned from the wild country by plane.

Welcoming the 70 members and guest was Zonta President Mrs. Chadd Mellinger.

Pontiac Press Photo

Zonta president Mrs. Chadd Mellinger was photographed with two of the guests of the annual Bosses Day program held by Zonta Club of Pontiac Thursday. They are Howard V. Heldenbrand (left) and Howard H. Fitzgerald II. Mr. Fitzgerald showed movies, in color and sound, of a recent hunting expedition, at the luncheon held at Kingsley Inn.

Three Weddings Planned

Showers for Brides-to-Be Spark Birmingham Scene

BIRMINGHAM—At a beautifully appointed tea in East Lansing Saturday, Heather Ann Hutchins' engagement to William John Whitcroft was announced.

Heather is the daughter of Dr. and Mrs. Clare E. Hutchins of East Lansing. She was graduated from Branksome Hall, Toronto, Ont., and from the University of Michigan where she was a member of collegiate Sorosis.

Her fiance was graduated from Purdue University where he also received a B. S. degree in engineering. He is the son of Mrs. Clarence E. Whitcroft of Graefield road, Birmingham, and the late Mr. Whitcroft.

Elizabeth Ann Kirk, daughter of Mrs. A. Dale Kirk, who will be married June 21 to Ensign John W. Cramer Jr. of North Tonawanda, N. Y., was honored at an evening shower Thursday. Hostesses were Mrs. Vincent B. Watkins and Mrs.. Earl Bartholomew. The shower was given in the Watkins' home on Henley drive.

Mrs. George Jacobi and Mrs. Howard B. Steggall will give the next party for Elizabeth June 17, a luncheon at Orchard Lake Country Club.

SHOWERS PLANNED

Patricia Jackson, a 1958 graduate of Vassar College, has a busy schedule before her marriage June 21 to Lt. Richard N. George of Watertown, N. Y.

She will be honored next Thursday at a dessert luncheon and shower with Mrs. Donald B. Howarth as hostess, and again on June 16 when Mrs. Genaro A. Florez and her daughter, Jean, will give a luncheon and kitchen shower.

Mrs. George Schatz of Newport, R. I., who will come to be matron of honor, will give the spinster dinner June 19. She will visit her mother, Mrs. Andrew Klein, over that weekend.

The bridegroom-elect's parents, Dr. and Mrs. Wendell D. George of Watertown, N. Y., will give the rehearsal dinner the evening before the wedding at Rotunda Inn.

The bride-elect is the daughter of Mr. and Mrs. William H. Jackson of Oakland avenue.

Up to now, G-E Keyboard Cooking has been available only on the highest priced G-E Ranges.

But with today's introduction of this new Spacemaker, you get the convenience of true Keyboard Cooking at a price you'd ordinarily pay for an "economy model."

It's not a "last year's" model . . . not a stripped down range . . . not a "loss leader." It's a brand new model never before shown at any G-E dealer's. When you visit your nearest G-E dealer you'll see all the "top-of-the-line" features you get in this new model G-E Spacemaker.

5 KEYBOARD CONTROLS for EACH SURFACE UNIT
Touch a key to switch units on for any degree of heat. Keyboard is up top . . . away from little fingers . . . easy to reach and use when hands are full. Indicator light tells when units are on.

OVEN DOOR LIFTS OFF for EASY OVEN CLEANING
The whole door lifts clear off so you can reach into the oven easily. All corners are rounded so soil can't hide in crevices. Flood light flashes on when you open the door.

FOCUSED HEAT BROILER COOKS LIKE CHARCOAL
Bright curved reflector concentrates broiler heat on the food with searchlight intensity . . . sears meat quickly to seal juices in. Broiler rack is easy-to-clean chrome.

BEAUTIFUL LIGHTED CONTROL PANEL
Glass and porcelain enamel panel conceals glare-free fluorescent floodlight. Has oven switches and timer clock . . . two appliance outlets, one of which has timer control . . . like the more expensive ranges.

AUTOMATIC OVEN . . . JUST SET AND FORGET
Three simple settings control oven heat and time automatically. Control dial even resets itself automatically. Set it for Broil, Bake or Time Bake.

NO DRIP TOP AND REMOVABLE SURFACE PANS
The raised edge all around the cooking surface keeps drips and spills from running down. Each surface unit is hinged and the reflector pans lift out for washing just like a dish.

Today, as before, you get LESS TARS AND NICOTINE IN KENT, THAN IN ANY OTHER LEADING FILTER CIGARETTE IN AMERICA!

It's the smoke which comes through the filter that counts!

SCIENCE MEASURES EFFECTIVE FILTRATION BY THE TARS AND NICOTINE WHICH COME THROUGH THE FILTER!

1. Smoking machines are used to smoke each filter brand down to equal lengths.

2. The "inhaled" smoke is captured by the machine and *tested for tars and nicotine,* measured in milligrams.

3. Top rating is given to the cigarette which delivers the least tars and nicotine *in the smoke.*

Repeated tests, month after month, by the accepted method have reaffirmed that: Kent gives you less tars and nicotine in the smoke than any other leading filter cigarette in America.

Disc Data and Chatter

Music in the Round

by Dick Saunders

A hot disc to watch for is "Spellbound" by The Dappers, on the Star-X label. It is being released to local record shops this week and looks like a natural for best seller lists.

The ballad was written by a local resident Stu Navarre, of 111 Rosetta Ct., Auburn Heights, who has been writing songs, writing books, painting and being a general contractor for nearly 18 years.

This is the first of his many songs to be recorded commercially and issued nationally. To promote the record and meet Pontiac record fans, the Dappers are scheduled to put in a personal appearance at Gallagher's Music, 18 E. Huron St., tomorrow afternoon from 1 to 3.

★ ★ ★

THE JAZZ NEST: Dixie fans—prepare for a poll!! Are you a tuba or a string bass enthusiast? Dixie is good with either, but most fans usually prefer one bass instrument (We'll include the bass sax for those entrenched in "Chicago Style").

In the Dixie vein, try "Jazz From the San Francisco Waterfront" (ABC Paramount-181). Burt Bales (a fine ragtime piano man) does a top notch job with Marty Marsala's band.

A good comparison for Condon fans is to be had at local record shops. The usual crew does "The Roaring Twenties" (Columbia CL-1089), and a newly released LP "Eddie Condon is Uptown Now" (MGM E-3651) tosses around some good tunes with a slightly different personnel.

This is possibly a bit more arranged, but the real hole is left by the absence of the wild man, old rubber-lips Bill Davison.

★ ★ ★

FIVE ACES: This is the way they sell in the Pontiac area this week. The man with the cannibalistic taste, Sheb Wooley, is back on top with "Purple People Eater."

Second place is inhabited by Bobby Freeman with "Do You Want to Dance?" (first last week). In third is "Dream" by the Everly Brothers (which has gotten its second wind after falling to fifth.)

Fourth spot goes to "Jennie Lee" by Jan & Arnie, and fifth is "Secretly" by Jimmy Rodgers.

JULIE SLOWIK

FRED METZ

Julie Slowik, Fred Metz Top St. Fred Scholars

By PATRICIA FOSTER

Julie Ann Slowik and Fred Metz have received the top honors of the St. Frederick High School 1958 graduating class. They are valedictorian and salutatorian respectively.

A dance and reception followed the commencement exercises last night when 66 seniors received their diplomas.

Bob Morrow's singing group "The Hi-Tones" spotlighted the event which was attended by the graduates, their parents and friends.

The Reverend Thompson Marcero blessed the seniors' class rings this week. The graduates wore their caps and gowns yesterday during the annual honors day convocation.

Cardinal Edward Mooney addressed the group attending the annual senior day Sunday at the University of Detroit stadium. Students from Catholic school throughout the diocese were present including the St. Fred graduates.

★ ★ ★

Sunday morning the graduates attended the Baccalaureate Mass in cap and gown and then the Senior-Sophomore breakfast.

★ ★ ★

Exotic Japanese decorations surrounded the school hall at the Junior-Senior Prom last week. Music was played by the Men of Note and the theme of the dance was Sayonara which means goodbye in Japanese. The junior-senior banquet preceded the affair. affair.

Tells Elm Disease History, Control

By WAYNE B. SIEFERT
County Horticultural Agent

Dutch elm disease was first imported to the United States in 1930 when a shipment of elm logs for veneer was unloaded in New York City.

In spite of a federal quarantine around the city area and expending millions of dollars in money and man hours, the disease escaped and gradually spread throughout the East and mid-West.

In Michigan it was first noted in Detroit in 1950. Since that time it has spread in all directions throughout lower Michigan.

In all cases where trees are known to be infected, they rarely survive. Known survivors seem to die back some each year giving a continuous dying or nondescript appearance.

In the Eastern states there are many elm trees still present. Studies of this situation show they have escaped infection. Where mixed forests of maple, oak, pine and elm exist, most elms escape. Where elm forests existed, all are usually destroyed.

STATE, COUNTY CONTROL

Both the state and county are doing what they can to control this disease, but each is using a different method and both are dependent on cooperation from local citizens.

The State of Michigan has provided a laboratory for testing suspected trees. Samples of trees are processed and if the fungus is found in the sample, this is proof of a diseased tree. The state has also hired professional inspectors who inspect trees in cities, towns and subdivisions. In these control areas every elm tree is surveyed and every suspicious tree sampled. These are the samples processed in the laboratory.

If the laboratory proves the tree is infected, the county prosecutor is notified and his office enforces removal of these trees within 10 days of receipt of notice. No property owner is immune, whether they be the state, county, city or private property owner. This removal means cutting down the tree, burning the branches and burning or peeling the trunk and stump.

At present this inspection and tree removal program is located only in cities, towns and subdivisions. In every case, the city, town or subdivision has had to ask for this service. In situations like this, a single elm tree is of considerable value for shade and beauty, and well worth the cost of spraying and inspecting. In rural areas where the trees are grown for lumber, they are practically worthless or at least not worth the cost of spraying and inspecting.

★ ★ ★

In 95 per cent of the cases, spraying has prevented infection. In large city areas like Pontiac, where spraying and inspection has been carried on for several years, they have about two per cent loss. Many home owners outside of control areas regularly spray their trees and have been surprisingly successful in saving their trees.

Where one owner sprays while his neighbors do not, two sprays are necessary. This should consist of a dormant spray applied in the winter or spring and a second spray in July. DDT emulsion is exclusively used in the Detroit metropolitan area.

Because the beetles which spread the disease feed only on small twigs in the tops of trees, this is where the disease first appears. For this reason, every spraying effort should be directed toward these upper limbs and branches.

★ ★ ★

In Oakland County, infected trees begin to show up in early July. The first symptoms are a small cluster of yellow leaves in the top of the tree. This rapidly develops and enlarges, and the tree soon wilts and dies. The elm bark beetle which spreads this disease begin to leave dead trees in early June. Symptoms appear about 3 weeks after attacked by the beetle.

Plastic Lawn Hose Shows What's Up

Gardeners can save time and muffled curses with a hose-type, three-tube vinyl plastic lawn sprinkler which shows clearly which side is up. It has a single white stripe on the side of the sprinkle holes. Called "spray guide," the sprinkler is introduced by Gering Products Inc., Kenilworth, N. J.

RECOVERY MEDICINE — Raising African violets was a way to pass the time quickly for Robert Fowler, 2831 Potter Rd., Wixom, while he was recovering from a serious heart operation for five months last year. Now this pastime has become an active hobby since he has more than 50 plants. This one, which measures 13¼ inches across, has 114 blooms and that doesn't include the buds!

Begin Campaign Against Weeds This Weekend

Warm weather spurs weed growth in lawns and gardens, so spring is the time to begin your annual fight to kill them before they toughen up.

The first step is to buy the right week killer for the right weeds. Read the label before you buy. Labels tell you the names of the weeds controlled.

Read the label after you buy, too. The manufacturer will tell you how to apply his particular product so it will be most effective, how much of it to use, and how often to apply it.

MOWN FIRST

Mow the lawn before you apply week killers. With shorter grass, more weed killer hits the weeds. Then, give your lawn an extra feeding after the weeding, to help grass fill in the bare spots left by weeds. Overseed thin areas in August to crowd out weeds next year.

★ ★ ★

Spray carefully to prevent damage to plants and shrubs. Even a slight breeze can carry small spray droplets long distances. Fortunately, shrubs usually outgrow this sort of damage, but annuals and young perennials may be killed.

Helps Control Insects

Delnav, an exciting new insecticide, promises to help gardeners control some of their most difficult insects. It has proved effective as a control for aphids, leaf hoppers, flea beetles, and similar pests. But, most important, it controls eight kinds of redspider-mites.

UM Expert Lists Garden Tips

"Making your garden is essentially a problem in the treatment of open space," says Harlow O. Whittemore, chairman of the Department of Landscape Architecture at the University of Michigan.

"It goes without saying that the relationship between the size of this open space and the size of the trees is very important," he says.

"In addition, remember that the trees in your garden can be used to provide a frame for the view of the garden, either from the house or from the rear of the property. They can provide a background for the garden as a mass of foliage of proper density and color. The shadows cast by the trees can be employed by the artful gardener as a most effective background for color.

"One of the most important uses of trees is to provide a contrast of light and shadow. The open sunny areas where flowers can be grown should be balanced against and contrasted with the shaded areas under the trees, as well as under arbors. The beauty of the Italian gardens, famous as they are, is due mainly to this ingenious balance of light and shadow.

PROVIDE SHADY NOOKS

"Trees in the garden can be also used to provide shady nooks, usually at one side, or at one end. This shaded nook, usually paved with flag stones if grass will not grow, can serve as your outdoor sitting room or dining room, or simply as a place to which you can retire to be out of sight of the house. One large tree might serve this purpose or a group of three or four small trees.

"In a small garden the open space might extend almost to the rear of the property and the shade be provided by one tree at a right angle to the garden at the far end, giving an added sense of extra space as well as mystery to the design.

"Flowering trees add color to the garden. You can make your garden a composition of flowers and flowering trees, with the bloom of the trees fitting into the color scheme along with perennials and bulbs.

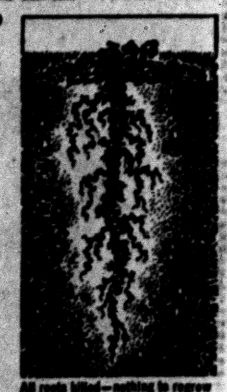

"One of the best effects can be had by a row of flowering fruit trees, such as pears, back of the sunny border and back of that a hedge or wall, also shaded by the trees. The background of shadow thus secured is by far the finest you can contrive for your flowering herbs," Professor Whittemore says.

Cut Lilac Heads

Cut old flower heads from choice lilac shrubs to increase strength for next spring's flowers. Make the cut just below the seed heads.

Here's what happens when you PULL weeds
You don't get the whole weed—because you don't get *all* the roots! You may hope you do, but tiny roots always remain to grow again. So you've got the job to do over—and sooner than you think. Yanking weeds is just not *effective* . . . not thorough . . . not lasting.

Rochester Seniors Tour New York City

Ninety Rochester High School seniors are touring New York City today on their senior trip.

The group, under the sponsorship of Mr. and Mrs. Ray Lawson and Patricia Higgins, instructors, will return Sunday.

Paul Lennon and his orchestra provided dinner music for the annual event given to the seniors by the juniors.

The dinner was held at the Rochester Student Center this week.

Ballot Counting System in California Scored

SACRAMENTO, Calif. (AP) — California's ballot counting system is archaic and should be overhauled, says Secretary of State Frank M. Jordan.

★ ★ ★

"It is pitiful that in a mechanized age, days must go by before the public knows the outcome of an election," said Jordan.

★ ★ ★

He singled out Los Angeles County, where only half the ballots had been counted 36 hours after the polls closed. Voters there and in most of California, hand mark their ballots.

Depicts How Michigan Lives

Lake Orion Art Students Design Mural

Twenty-four Lake Orion Community High School art students of Thomas Dodd's class are busy this week putting the finishing touches on a 20 by 5 foot mural on masonite depicting "How Michigan Lives."

The mural, to be transported throughout the township schools next fall, will eventually be located in the township library.

Centered around the Mackinac Bridge, the mural contains oil wells, boats, deer, bear, the Capitol in Lansing, vegetable gardens, large and small boats.

Class Night was held Tuesday for the seniors. Robert Lay was master of ceremonies: Chairman of the event included: Jerry Exline, processional; Karen Kennedy, invocation; Donald Moran and Mary Lou Liebbart, giftatory and prophecy; Jackie Sibley, class will and Diane Sanford, history.

★ ★ ★

John Wiltse was chairman of the senior dance. Other committees included: Faye Ford and Sharon Stone, refreshments; Eleanore Sutton and Kathleen Abbey, entertainment.

Decorations for Baccaulaureate class night and commencement were prepared by Eleanore Hatfield, chairman; Wanda Stone, Karen Zurnich, Margaret Braid and Judy Terrien.

Capt. Wilson Brown was naval aide to President Calvin Coolidge in 1926-29; also as Vice Admiral, naval aide to President Roosevelt in 1943-45.

Fate played an unfortunate part in what could have been a shining football career of the late Lynn D. Allen.

Back in 1917 as only a freshman at the University of Detroit, Allen made his mark and some of his records still stand.

A teammate of Allen was tackle Tillie Voss, who is still given recognition by many as the first All-American at U. of D.

"In my mind, Lynn had the greatest potential I ever saw. He was a great open field runner, fast and elusive and had he been able to finish his football career, he would have been a sure choice for national honors," said Voss.

That year, Allen went to the Titan campus from Detroit Central High School. He was a regular on a team which still is considered the highest scoring unit in history of the school.

★ ★ ★

Allen got into the scoring three times as U. of D. started the season with a 145-0 victory over Toledo. In the next game against Michigan, Allen had one of his bad days.

"I remember he wanted very much to play his best, but nothing went right for him," said Voss.

"We were within the Michigan 10-yard line about six times and fumbled each time. Lynn lost the ball once trying to go in from the two yard line, and he fumbled a couple other times in the game. No one took it harder than he did, but even with a 14-3 defeat, we felt we had done our best."

★ ★ ★

The lone three points came on a field goal by Allen. When the season ended he had 74 points, including eight touchdowns and 22 points and a field goal in nine games. This was a record until 1928 when Tom O'Connell broke it.

The 1917 team racked up a total of 394 points while holding the opposition to only 34, under coach Jimmy Duffy of Colgate fame.

Against Michigan State that year, Allen ran back a kickoff 90 yards and against Northwestern he went 90 yards with an intercepted pass. The latter still stands as a school record.

★ ★ ★

But in 1918, Allen, Voss, Dutch Lauer and most of the entire squad entered the Armed Forces.

"We looked forward to the whole team coming back after the war, and most of them did," said Voss, but when Lynn lost his arm in a hunting accident, it sure was a blow."

During his stay at U. of D., one might say Allen stayed in pretty good company judging from the prominent names in Michigan today who were with him on the team and in the class room.

★ ★ ★

The era from 1917 through 1923 is today sometimes called the era of the "gridiron judges."

Circuit court judge Francis Fitzgerald, Common Pleas Judge Thomas Kenney, Judge Gillis and the late judge Thomas Maher were all of that era.

According to Voss, Allen would like to jest about the two tackles on the team. "I guess I would never have been able to get down that field except for those tackles", Allen once told him. "One was Voss, and the other—now, what was his name? Oh, yes I think it was Celestin."

Of course he was referring to Rev. Celestin J. Steiner, S.J., who today is the President of the University of Detroit.

"Even after the accident, he never lost his sense of humor," said Voss, "he was a great loss to you people in Oakland County."

Police Wins With Burgess

Elmo (Smokey) Burgess hurled a two-hit shutout last night as the Pontiac Police defeated the American Legion, 4-0, in City League softball play at North Side Park. Burgess struck out 10 batters.

John Stewart, Cruthers and Jimmy Gardner homered for the Lakeside Royals during an 18-1 rout of State Hospital. The Royals scored 10 runs in the 6th inning.

The Sports Shop tallied twice in the bottom of the 6th stanza for a 7-6 victory over International Autos in the top attraction at Beaudette Park. John Parks belted his 2nd home run in as many nights for the losers.

Bill LaRose and Tom McMahon slammed homers in defeat as Franklin Products drubbed Griff's Grill, 15-5.

Pitt Track Coach Retiring Feb. 1

PITTSBURGH (AP)—Carl Olson, track coach at the University of Pittsburgh since 1932, is hanging up his spikes come next Feb. 1. He's retiring.

★ ★ ★

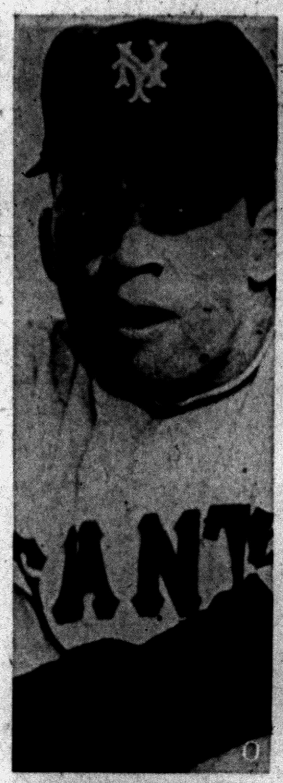

Olson's career at Pitt is studded with great teams and great stars. His Panthers hit their greatest track and field days in the late 30s and early 40s.

During these years the Panthers completed three undefeated seasons, won 15 consecutive meets, won two ICA titles and captured 10 Penn Relays titles. His overall dual meet record is 67 wins against 29 losses.

★ ★ ★

Three Pitt runners have made the Olympic teams during Olson's tenure. They are Johny Woodruff who won the 800 meters in Berlin as a freshman; Herb Douglas, who placed in the broad jump in 1948 at London; and Arnie Sowell who was one of the 800 meters place winners at Melbourne in 1956.

MAKES HISTORY—Ossie Virgil made baseball history in Detroit yesterday when he was promoted to the Tigers from their Charleston farm club. He will be the 1st Negro to wear a Tiger uniform when he starts at 3rd base against Washington tonight.

Believe It or Not! Tigers Beat Orioles

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Virgil Will Start at 3rd Tonight

Tigers Bring Up 1st Negro

WASHINGTON (UPI) — The first negro ever to wear a Detroit Tiger uniform will trot out onto the field in Washington tonight for the Tigers' game against the Senators.

★ ★ ★

Osvaldo (Ossie) Virgil, a 25-year-old third baseman, was called up from the Tigers' top farm club at Charleston yesterday. Virgil was batting .292 and leading the American Association with 34 runs batted in when the summons came.

Born in the Dominican Republic but educated in New York, Virgil batted a meager .235 for the Giants when they were in New York last year but he hopes he can do better for Detroit.

"I know my average with the Giants wasn't too hot. But that was last year," he said.

★ ★ ★

The arrival of Virgil, who will replace the slumping Reno Bertoia at third base tonight, makes the Boston Red Sox the only major league ball club without at least one negro on its roster.

The Tigers have 18 other negro ball players on minor league farm clubs and General Manager Johnny McHale denied pressure by local negro groups had anything to do with calling Virgil up. "We're in seventh place. We need help at third. Virgil is the best third baseman in our system. It's as simple as that," McHale said.

McHale also brought 20-year-old righthander Herb Moford up from Charleston, where he has won six and lost none and put together an earned run average of only 0.98 per game.

★ ★ ★

Third baseman-outfielder Lou Skizas and pitcher Bob Shaw were sent to Charleston to make room for the new arrivals.

Detroit got Virgil and first baseman Gail Harris from the Giants last winter in exchange for infielder Jim Finigan and cash.

Virgil, married and the father of two, had his best baseball season in 1955 with Dallas in the Texas League, leading the league in fielding and batting .295.

★ ★ ★

In Charleston, manager Bill Norman lamented losing the infielder. Norman said Virgil won two games for Charleston this week with a 10th inning homer — his sixth of the year — and a two-run triple. "He's a great fellow and a fine team man," said Norman.

In Chicago Thursday night en route by plane to join the team in Washington, Virgil told The Associated Press:

"I never expected to play in the major leagues this year. I had resigned myself to another year in the minors. Frankly, I'm completely surprised.

"But this is my second chance to make good. My hitting bothered me when I was a sub last year for the Giants. But I think I can make good. I've been hitting well at Charleston, just under .300 all year. I won't get those home runs but expect to get my share of singles and doubles."

Boone, Aguirre Pace First Win Over Baltimore

Ray Belts Grand Slam, Hank Shines in Relief for 6-3 Victory

WASHINGTON (AP) — Tight relief pitching by Hank Aguirre and a grand-slam home run by Ray Boone has given the Detroit Tigers their first victory of the season over Baltimore and lifted them out of last place.

Aguirre replaced starter Paul Foytack in the first inning last night after Baltimore jumped to a three run lead in two walks, a single and a double. Aguirre blanked the Orioles the rest of the way with just two hits as the Tigers took a 6-3 decision before 6,353 fans.

Detroit cut Baltimore's lead to one run with single tallies in the third and fourth.

Oriole starter Billy O'Dell lost the game in the seventh when he walked Al Kaline intentionally to get at Boone after giving up singles to Billy Martin and Gus Zernial.

★ ★ ★

Boone, idle since Memorial Day, belted his grand-slam homer over the left-center fence and wrapped up Aguirre's second triumph against one defeat. It was the eighth grand-slam homer of Boone's career and his first home run in Baltimore's Memorial Stadium.

Aguirre struck out five and walked two in his relief stint. He limited Baltimore to a third inning double by Al Pilarcik and a fifth inning single by Gene Woodling.

The lanky lefthander's one threat came in the third when the Orioles loaded the bases after Pilarcik's double but failed to score.

★ ★ ★

Wildness resulted in Foytack's early departure.

After getting the first batter out, Foytack walked Pilarcik and Woodling. With two out, Brooks Robinson singled for one run and Jim Marshall doubled to bring in two more runs.

Detroit collected 11 hits off O'Dell and reliefer Charley Beamon. Zernial, Martin, Boone and Al Kaline each got two.

The Tigers open a three-game series with Washington tonight with Billy Hoeft slated to take the mound in search of his fourth victory against five defeats.

Johnny Groth, subbing for the injured Harvey Kuenn in centerfield, went hitless in two trips to the plate but scored a run when he walked in the fourth, took second on a wild pitch and came home on a single by Aguirre.

In Baltimore, Dr. Erwin Mayer, team physician for the Orioles, said Kuenn will be out of the Tiger lineup for a week or more.

Terry Flips 13-Inning Shutout

Yanks, Chisox Divide

By THE ASSOCIATED PRESS

Ralph Terry was a long time shaking his slump, but when he finally put it away he won big, pitching a seven-hit, 13-inning shutout.

★ ★ ★

The Kansas City right-hander who had lost five straight won his third 2-0 last night at Washington as Woody Held's two-run homer scrapped a duel with Camilo Pascual. It was the first victory since April 26 for Terry, who won his first two decisions and had lost his fifth only Tuesday night—when he failed to finish the first inning against the Senators.

The decision pushed the second place A's within seven games of the American League leading New York Yankees, who split a doubleheader with Chicago. The White Sox won the second game 3-2 after losing 12-5.

★ ★ ★

Boston defeated Cleveland 5-3, and Detroit defeated Baltimore 6-3.

Terry, who suffered a hip fracture in a winter auto crash, had given up four runs on five hits in two-thirds of an inning against the Nats Tuesday. But last night, the 22-year-old ex-Yankee poured it on, walking three and fanning seven. He gave up a lead-off triple to Pascual in the 10th, then walked a pair intentionally to load the bases and got slugger Roy Sievers to hit into a line-drive doubleplay.

That put Terry over the hump. He didn't allow another hit.

★ ★ ★

Pascual (3-4) walked one and fanned 10 and had a six-hit shutout for 12. But Vic Power singled for his third hit in the 13th and then came the homer by Held, who entered the game in the fifth when Mike Baxes sprained an ankle. It was Held's third homer.

★ ★ ★

The White Sox won as Sherm Lollar's first inning homer off loser Bobby Shantz (4-2) and ninth inning single off Sal Maglie drove in all their runs. Ray Moore (2-1) had a four-hit shutout for eight innings in his first complete game in six starts since last September 5. Don Larsen (4-0) won his eighth in a row since last August 5 and drove in four runs, but couldn't hold a 10-3 lead in the opener. Ryne Duren, made his ninth save with 2 2-3 innings of two-hit shutout relief. Early Wynn was the loser for a 5-4 record, giving up Mickey Mantle's eighth homer, fourth in four days.

★ ★ ★

Gene Stephens slid home with the winning run on Jackie Jensen's fly ball in a two-run Red Sox eighth that broke a 3-3 tie at Boston. Jensen drove in three runs, hitting his 11th homer with a man on, and Dick Gernert cracked his 10th homer for the Sox. Dick Brown hit a three-run homer for the Injuns. Mike Fornieles won his third in relief. Hoyt Wilhelm lost his second, relieving Gary Bell, after 5 1-3 innings in his first major league start.

YANKEE HURT — Yankee 3rd baseman Jerry Lumpe gets treatment from trainer Gus Mauch near home plate after he was struck in the head by a pitch from Chicago White Sox pitcher Early Wynn in the 2nd inning of the opener of a doubleheader at New York yesterday. His protective helmet sailed five feet away after the impact. Lumpe left the field under his own power. The teams split.

Pitchers Likely Target at Major League Meeting

CHICAGO (AP) — A new baseball regulation, aimed at pitchers deliberately throwing at batters, appeared likely today at a meeting of the major league officials.

Presidents Warren Giles of the National League and Will Harridge of the American League called the meeting yesterday.

The heads of both circuits said they planned to work on a "joint regulation," effective immediately directed against pitchers who deliberately "dust-off" batters.

Florida Kegler Rolls 1,881 in All-Events

SYRACUSE, N.Y. (AP) — Dave Metzger of Miami, Fla., turned in one of the best southpaw performances in the 55th American Bowling Congress tournament Thursday when he compiled an 1,881 aggregate in the All-Events.

★ ★ ★

Although the 29-year-old credit inspector fell short of gaining the top 10 standings in the nine-game category, he will still earn a hefty slice of the ABC's $355,000 prize pie.

There were no changes in the minor events Thursday.

Thrillers Mark Play at Drayton

Lakeland Pharmacy and the Pontiac Lake Merchant s won thrillers last night in Waterford League softball games at Drayton Plains.

Lakeland and Sno-Bol battled eight innings before the Pharmacy could break through for a 4-3 triumph to end a pitching duel between Sno-Bol's Wimpy Johnson and Norm Jennings.

Dick Cooper doubled, took 3rd on an infield out and scored the winning run on Johnson's wild pitch. Hugh Remley accounted for the loser's three runs with an inside-the-park homer with two aboard.

Gary Petty hurler the distance and singled to set up the decisive run as the Merchants nosed out Jim Wall's Service, 12-11. Petty's hit in the 7th sent Ken Chaffin to 3rd from where he came home on an error to climax a victorious three-run rally.

Defending Champ Wins

GASTONIA, N. C. (AP)—Defending champion Florida State defeated George Washington 3-1 and Florida outlasted Clemson 8-6, last night opening the NCAA District 3 baseball playoffs.

Lions Boast Another Season Ticket Record

DETROIT (AP) — **The Detroit Lions, for the fourth straight year, have established a National Football League record for season ticket sales.**

★ ★ ★

General Manager Nick Kerbawy said Thursday sales now total 39,968, compared with 39,844 in 1957 when the team broke its own record. The Lions hope to reach the 42,000 mark this season.

Holland Tied in Semifinals

ST. ANDREWS, Scotland (AP)—Tim Holland of Rockville Centre, N. Y., and Alan Thirlwell of England were all square today after the first 18 holes of their 36-hole semifinal match in the British Amateur Golf Championship.

Holland won three of the first four holes, then let the lead slip away as he limped around the old course of St. Andrews. He was only one up at the nine hole turn and Thirlwell drew even at the 14th.

Thirlwell had a score of 37-36—73, one over par, and Holland 36-38—74.

The tall, lean American has been bothered all week by a pulled muscle or tendon in his leg but it apparently didn't interfere with his golf today. He limped considerably during his stormy quarter final clash with Scotland's Douglas Alexander, when he clashed openly with the gallery.

★ ★ ★

The crowd was small and the weather was cold and misty when the semifinalists teed off today on the rugged 6,936-yard Old Course of St. Andrews. The temperature was just above 40, low clouds hung over the course and a light mist dampened the air.

In the other semi-final, former champion Joe Carr of Ireland rallied to take a 2 up lead over young Mike Bonnellack of England on the morning round.

Carr had the day's best medal score, a two-under par 35-36—71 against Bonellack's 33-41—74.

Maple Leaf Baseball Park Swept by Fire

TORONTO (AP) — Fire swept across the roof of Maple Leaf Stadium Thursday night, causing $10,000 damage to the home of the Toronto International League baseball team.

★ ★ ★

Fire Chief L. Leigh said the arson squad will be asked to investigate the fire started among stacked furniture and refrigerators at the western pass gate of the park.

Giants Offered Yankee Stadium, Topping Claims

NEW YORK (AP) — Dan Topping, president of the New York Yankees, said Thursday he had offered the Giants the use of Yankee Stadium but was rejected before the National League team quit the city for San Francisco last year.

★ ★ ★

In a press conference held before Thursday's doubleheader with the Chicago White Sox, topping vehemently denied charges the Yankees had chased the Giants out of New York.

★ ★ ★

"W offered Horace Stoneham (Giants' owner) the use of Yankee Stadium at his own terms for two years," the Yankee boss said. "Longer if he needed it while a stadium was being built here in New York City for his team."

Softballer Belts 4 Homers in Contest

The dropping of a team from the unbeaten ranks and a no-hitter featured last night's Church League softball slate.

First Presbyterian, with Gene McCury batting in 10 runs, handed Church of the Brethren its first lost 20-13. McCury had four homers, one with the bases loaded. Walt Saddler of St. John's Lutheran pitched the loop's 2nd no-hitter blanking General Baptist 11-0.

Other scores: Christian Missionary Alliance 18, Oakland Avenue United Presbyterian 16; First Baptist 13, Salvation Army 3; Columbia Ave. Baptist 10, St. Luke's 6; Liberty Baptist 13, Central Christian 2.

THURSDAY'S FIGHTS
LOS ANGELES — Alvaro Gutierrez, 147½, Mexico, stopped Karl Guder, 148, Germany, 6.
STOCKTON, Calif.—Ross Padilla, 131¼, Stockton, outpointed Joey Augustin, 130½, Los Angeles, 10.

Mays and Musial Waging Hit War

The Associated Press

It's a bit early to start talking about batting champs, but junk the calendar and take a look at that battle between Stan Musial and Willie Mays in the National League. It's a .420-plus pip.

Stan The Man at 37 the "old guard" who has won four of his seven hitting titles in the last 8 seasons, is a slumpin' .426. And Willie, the Say Hey kid who is Musial's junior by 10 years, has picked up 17 points in three days for a .424 average.

★ ★ ★

Mays was 4-for-5 yesterday as his San Francisco Giants salvaged the finale of a three-game set with Milwaukee with a 5-4 victory in 12 innings that brought them within .010 percentage points of the first place Braves.

Musial was 0-for-4 against Pittsburgh, but the St. Louis Cardinals swept the three-game set with a 4-3 decision as they reached .500 for the first time and leapfrogged the Pirates for third place.

★ ★ ★

In the other NL games, Cincinnati smacked Los Angeles 8-4 and Philadelphia finally stopped the Chicago Cubs 7-6.

The Giants took the third one-run decision in the Milwaukee series on Jim Finigan's double and a single by rookie Orlando Cepeda off losing reliever Gene Conley now 0-4. Mays had opened the 12th with his fourth single, but was nailed at the plate by Hank Aaron's peg as he tried to score on Finigan's hit to center.

★ ★ ★

The Cards scored two unearned runs in the third and bagged it with two in the fourth as Gene Green hit an RBI double and scored on Curt Flood's single. Bob Friend, who has won eight, lost his fourth. Wilmer Mizell won his third, although walking five and going up nine hits, one R. C. Stevens' sixth home run.

★ ★ ★

Once-beaten Bob Purkey won his seventh and hit his second major league homer for the Reds, who had 13 hits. Don Hoak homered and Frank Robinson had four hits as Carl Erskine lost his third. Purkey gave up five of the Dodgers' eight hits and three runs in the first three frames. Gil Hodges hit his eighth homer in the ninth.

Harry Anderson's three-run double and Stan Lopata's follow-up sixth homer gave the Phils five in the seventh against losing reliever Don Elston (6-3). Ray Semproch (5-4) won it in relief, coming on in the fifth when the Cubs, who had peppered the Phils for 23 runs in two days, scored six for a 6-2 lead.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Can't Slice to Order.

DIAGNOSIS: You Can After You Read This.

Treatment: The slice is a curse when you don't need it. But it can be most helpful when you do as sometimes happens when a tree or other obstacle blocks the course of a straight shot.

The left-to-right curve is brought about by causing the ball to spin clockwise in flight. This is done by bringing the club face across the ball from right to left — the same old cut across that causes the unwanted slices.

The first step is to change the grip. Turn the left hand more under the shaft. Turn the right hand more over the shaft. A good check here is that, looking down from the address position, you'll be able to see one knuckle on the left hand and two on the right.

Then just make sure that you bring the club head across the ball from the outside in on the downswing. You can practically insure this type of action at the start of the backswing by taking the clubhead back a little outside the line, instead of straight.

For extra insurance, open the clubface a little at address.

MILWAUKEE (AP) — A glittering field of 300 athletes, including three Olympic gold medal winners will compete in the 33rd running of the Central Collegiate Conference track meet in Marquette University Stadium tomorrow.

Kansas, the defending team champion, will seek its third straight title under the leadership of Olympic discus titlist Al Oerter.

Other Olympic titlists are Greg Bell, broad jumping ace from Indiana, and sprinter Ira Murchison of Western Michigan.

Six individual defending champions are returning for the meet. They are, in addition to Oerter, Jerry McNeal, Kansas two-miler; Jesse Nixon in the quarter-mile and Sam Mylin in the high jump; both of Wisconsin; Western Michigan's 440 relay team and the Kansas mile relay team.

★ ★ ★

More than 30 schools are entered in the meet. The strongest competition for the Knute Rockne Trophy is expected to shape up in a four-way contest between Kansas, Western Michigan, Notre Dame and Indiana.

★ ★ ★

Three of the top pole vaulters in the nation will be trying for a new meet mark. The present CCC top is 14 feet 3¾ inches, set by Don Laz of Illinois. Marquette's Ed Hoyle is rated a slight favorite over Big Ten co-champion Billy Jones of Purdue and Big Eight titlist Bob Davie of Missouri. All three have bettered Laz' mark this spring.

There is a chance that Bell could be the meet's outstanding performer on the basis of his earlier showings this year. He has cleared 26 feet 7 inches. The meet mark is 25 feet 8½ inches.

Teeing Off

By BILL CORNWELL

To paraphrase an old adage, "every duffer has his day" and all of us scramblers will have ours Saturday on the annual observance of National Golf Day.

Tomorrow at Southern Hills Country Club in Tulsa, Okla., site of next week's U.S. Open tournament, defending champion Dick Mayer and PGA champ Lionel Hebert will stroll to the first tee.

Then they will conduct an 18-hole medal play duel with the winner stacking his score against the challenge of hashers like you and me from coast to coast.

We're going to get a little help though, men, so chins up. Mayer and Hebert are scratch players, you see, and they don't need any support. But you and I — lucky devils! — can use our handicaps.

With the assistance of the "great equalizer," everybody stands a good chance of matching or bettering the winner's card. If anyone does, he can proudly throw out his chest and have a medal pinned on it.

An estimated 100,000 handicap golfers throughout the state will toss their clubs into the car and head for their favorite links in an effort to beat the victor of the Mayer-Hebert match.

All players may use their regular handicaps at any course they choose to issue their challenge. The Callaway System will be employed for golfers without established handicaps.

The entry fee is only a dollar and the money goes to such worthy causes as the caddie scholarship fund, veterans' hospital golf programs, amputee and blind golf operations and national Jaycee tourneys.

It's an enjoyable, inexpensive way to spend the day and everyone has a golden opportunity to become a golf champion — in two ways.

SHORT PUTTS

Two attractive golf tournaments will be held here next week. The Michigan Publinx tourney opens a double weekend stand June 13 at Pontiac Country Club and the Pine Lake Invitational begins its four-day run on June 12.

The fourth PGA-sponsored Pro-Am Metropolitan Best-Ball event is scheduled Monday at Forest Lake. On the same day a press, radio and TV luncheon will take place at Warwick Hills, scene of the $50,000 Buick Open June 19-22.

State amateur champ Lloyd Syron was graduated from Notre Dame last Sunday with a Bachelor of Arts degree. Lloyd is the son of Mr. and Mrs. Frank Syron of Pontiac CC.

Dick DeWitt and Dick Robertson, both from Pontiac, finished a close second in the recent Rolling Green Best-Ball tournament at Saginaw. The DeWitt-Robertson team was eight under par with a 36-hole total of 69-67—136.

Jewelers Snap Losing String

3 Home Runs Highlight Class A Baseball Game as Jets Bow, 6-3

Shaw's Jewelers, defending Class A City League baseball champions, snapped out of their slump Thursday with a 7-4 victory over Our Jets at Wisner Field.

★ ★ ★

Home runs by Ken Stanick of Shaw's and Joe Sotto and Gene Cox of the Jets featured the offensive barrage as the Jewelers broke a four-game losing skein for their second win of the year.

It was the 3rd loss of the season for the Jets and dumped them into 2nd place, half a game behind the CIO.

Stanick's circuit clout opened the bottom of the 2nd inning when Shaw's scored two runs. Sotto and Cox hit back-to-back homers in the 3rd, Sotto's blast coming with a mate aboard.

Jim Jones, who relieved starter Dave Gaddis in the 3rd stanza, received credit for the win. John Bronson was charged with the defeat.

Varden's Win Wild Game

Varden's handed Talbott Lumber a 14-5 drubbing at Jaycee Park yesterday in a wild Class B City League baseball game which was filled with 22 walks, eight errors and only seven hits. Greg Meadows was the winning pitcher while Don Talbott absorbed the loss. Meadows aided his own cause with two hits.

Tim Tam Seeks Racing Grand Slam

NEW YORK (AP)—Unless some surprise pops up, the names of seven 3-year-old colts were to be dropped into the entry box today for the 90th runing of the $100,000 added Belmont Stakes. Six of them are out to put the skids under Tim Tam's rush towards a Triple Crown grand slam.

★ ★ ★

Tim Tam, from the Calumet Farm of Mrs. Gene Markey, rules an odds-on choice to capture the mile and one half classic tomorrow afternoon at Belmont Park.

Others due to make the big try were Joseph E. O'Connell's Cavan the Wheatley Stable's Nasco, C. V. Whitney's Flamingo, George E. Lewis' Marting Rullah, Mrs. Anna Cannuli's Chance It Tony, and Mrs. Charles Silvers' Page Seven.

With seven starters, the Triple Crown finale would have a gross value of $113,600, the winner netting $72,790.

★ ★ ★

If Tim Tam wins, completing the Kentucky Derby-Preakness-Belmont triple, he would become the ninth horse in history to gain such honors. He'd pass the half million mark in earnings. The rugged son of Tom Fool-Two Lea already has dumped $444,280 into the Calumet coffers this year, making him the top money winner for 1958.

The loot is a considerable increase from that spring day in 1867 at Jerome Park in the Bronx when Francis Morris' bay filly, Ruthless, won the first Belmont and collected $1,850.

★ ★ ★

Oddsmakers have been quoting Tim Tam at a prohibitive 1 to 10, but it's difficult to believe the customers would go heavily in the parimutuels for such a standout. Citation, the great Calumet Triple Crown winner of 1948, was sent away at 1 to 5, which is more like it.

Cavan, who made like a Sikiky Sullivan and came from 15 lengths back to win the Peter Pan at Belmont last week, is the probable second choice. There are many who think his price might be as attractive 6 to 1, or thereabouts.

★ ★ ★

Anything can happen the first time 3-year-olds run the mile and one half distance. A year ago Bold Ruler, Preakness winner, ran the first mile and one quarter of the Belmont in 2:01 2-5, but folded in the final quarter. Gallant Man, an Irishman like Cavan, poured it on in the stretch, winning by eight lengths in 2:26 3-5, an American record.

★ ★ ★

Flamingo, out of the money in the Derby, finished second in the Peter Pan. He is a son of Phalanx who won the Belmont for Whitney in 1947.

Nasco is given a slim chance, but he's got some Belmont veterans working on his side. Sunny Jim Fitzsimmons, his trainer, and Jockey Eddie Arcaro who rides Bold Ruler's little brother, each have accounted for six Belmonts.

RIDES TIM TAM — Jockey Ismael Valenzuela, who won the Kentucky Derby and the Preakness aboard Calumet's Tim Tam, shoots for the triple victory Saturday in the Belmont Stakes. He aims to become the 8th jockey to win the triple crown of horse racing.

Capt. Schmidt, Attention!

FORT KNOX, Ky. (AP) — The captain has been saluting the lieutenant on the army post here.

The captain is Joe Schmidt, field leader of the world champion Detroit Lions. The lieutenant is Terry Barr, who played on the same defensive unit as Schmidt when the Lions swept to the title last season.

Both are here under the army's six-month training program. They are scheduled to be released in time to report to the Lions' training camp next month. Then Barr has to start saluting Schmidt again.

Barr, a former Michigan standout, wears the gold bars of a second lieutenant on his army uniform. Schmidt wears nothing on his. The Lion captain is a private.

Mickey Wright Leads in LPGA

PITTSBURGH (AP) — Professional golfers are finely tuned athletes who generally dislike layoffs from tournament competition. But Mickey Wright, 23-year-old lady swinger from San Diego, Calif. doesn't seem to mind.

★ ★ ★

The long-hitting Mickey, out of competition in the last two women pro events, returned to action yesterday with a one-under par 69 over Churchill Valley Country Club's sun-baked hills to take a two-stroke lead in the fourth annual four-day Ladies PGA tournament.

★ ★ ★

Two strokes off the pace going into today's second round of the 72-hole medal event were Marilynn Smith of Wichita, Kan., and Kathy Cornelius of Lakeland, Fla. with 71s.

Wildcat Goes to Yanks

EVANSTON, Ill (AP) — One of the Big Ten's top pitchers, Northwestern's Tom Scheuerman, Thursday disclosed he has signed a bonus contract with the New York Yankees.

Although Scheuerman, a senior southpaw, declined to discuss the money involved, it was reported the Yanks signed him for more than $20,000.

U.S. Seeks Boat for Cup Defense

STAMFORD, Con. (AP)— The Weatherly, an azure blue lady with racy lines of a flapper, is having her fingernails polished for a coming out party next Thursday—the third of four 12-meter yachts readied for summer defense of the famed America's Cup.

★ ★ ★

In the first challenge of the trophy in 21 years, a selected American yacht will race against Great Britain's proud but mysterious Sceptre off Newport, R. I., Sept. 20. The U.S. representative will be picked by a series of advance eliminations.

Star Milers Clash on Coast Tonight

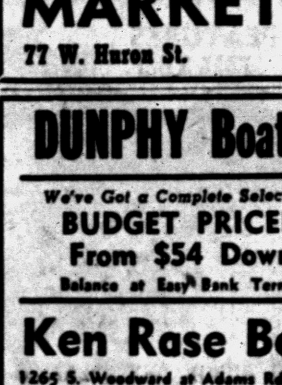

COMPTON, Calif. (AP)—Two of the greatest mile runners in the world, Herb Elliott of Australia and Ron Delany of Ireland, match strides for the first time tonight in the feature of the Compton Invitational Track and Field Meet.

★ ★ ★

Four other runners are entered and meet officials promised that none may be regarded as a "rabbit," or pace-setter in a race that could bring a new world record.

★ ★ ★

The recognized world mark is 3:58, set by the now retired John Landy of Australia in Finland in 1954.

May Be Fireworks at Title Fight

ST. LOUIS (UPI) — Fiery Bill Daly threatens to jump into the ring tonight and stop the welterweight title fight between Vince Martinez and Virgil Akins if Virgil uses rabbit and kidney punches.

★ ★ ★

Daly, manager of underdog Martinez, declared today, "you'll see a real rhubarb there tonight if Akins uses those illegal punches. I'll stop the fight, even though it's on television. And you know I'm a man of my word."

Martinez of Paterson, N. J., and Akins of St. Louis are scheduled to fight 15 rounds at the Arena for the vacant welterweight crown. A crowd of 10,000 and a gate of $65,000 are expected.

Akins, an aggressive negro boxer-puncher, is favored at 2-1 over the handsome, black-haired but somewhat timid boxer-puncher from the East.

★ ★ ★

They are the survivors of a six-man tournament announced last November to produce a successor to Carmen Basilio. Carmen automatically relinquished the 147-pound title when he won the middleweight championship from Sugar Ray Robinson in September

"I've warned (boxing commissioner) Charley Pian what will happen tonight," Daly disclosed. "And I've demanded that I have a conference before the fight with the three ring officials he chooses for the bout. It's up to him—a clean fight or real trouble."

★ ★ ★

The two illegal blows are usually delivered in clinches — rabbit punches to the back of the neck and kidney punches clubbed to the sides. Each can cause permanent injury.

★ ★ ★

Daly of Englewood, N. J.—the most fearless firebrand among current managers—explained heatedly he had warned Akins and his handlers about the illegal tactics at last Monday's physical examination, but scornfully Akins told him, "I'll fight my usual fight."

Virgil, cockily confident of becoming the first St. Louis-born world champion in boxing history, has predicted a knockout over Martinez "within three rounds."

New Jersey Vince restricted his forecast to a win "by decision or by a knockout if the opportunity occurs."

★ ★ ★

Aside from kidney and rabbit punches, the big question of the fight is whether Martinez will change his style and become aggressive tonight—inspired by the title chance.

In many previous bouts, Vince has given disappointing performances with his back-pedaling, side-to-side dancing and refusal to do anything but counterpunch.

Although tonight's figures will be less than those of '52, each fighter has been guaranteed $30,000. Half of those guarantees are from TV-radio. The bout will be televised and broadcast nationally by NBC at 10 p.m. (EDT).

McMullin Dallas Leader

DALLAS (AP)—In 24 golf tournaments this year only one player of 44 who led or tied for the lead in the first round came through with the championship.

★ ★ ★

This jittery John McMullin, the hungry-looking fellow from Fair Oaks, Calif., who has won much less than expenses on the tour, faces some great odds as he sets out today ahead of the pack in the $25,000 Dallas Open.

★ ★ ★

McMullin, 23, laid down a 6-under-par 64 yesterday to take the first round lead. It gave him 2-stroke bulge over five shotmakers—Tony Lema of Napa, Calif.; Marty Furgol of Lemont, Ill.; Wesley Ellis Jr., Ridgewood, N. J.; Doug Sanders, Miami, Fla., and Gary Player of Johannesburg, South Africa.

★ ★ ★

At 67 were two of the pre-tournament favorites, Sam Snead of White Sulphur Springs, W. Va., the defending champion, and Billy Maxwell, the hot shooter from Odessa, Tex. Mike Souchak of Grossinger, N. Y., and Julius Boros of Mid Pines, N. C., also had 67's while another of the big favorites, Ken Venturi of San Francisco wound up with a 68.

Rhode Island Golfer Best Bet in Seniors

RYE, N.Y. (AP)—Bradford Oxnard, a 56-year-old investment banker from Providence, R.I., ted off today knowing he'd have to shave two strokes off par to win the U.S. Seniors' golf championship at Apawamis Club.

★ ★ ★

Oxnard appeared to be the only player in the second section who had any chance of matching John Dawson's 143. Dawson was in the first section and shot his 36 holes Tuesday and Wednesday.

Bob Shaw, Detroit Tiger pitcher, won 14 and lost 5 games in the Cuban Winter League in 1957-58, and was voted the league's Most Valuable Player. He had a 1.43 earned run average.

Phillies Sign NCAA Standout

PHILADELPHIA (AP) — Left-handed pitcher-first baseman Cal Emery of Penn State, most valuable player in the 1957 NCAA World Series, signed a bonus contract in the farm system of the Philadelphia Phillies Thursday.

★ ★ ★

Emery, 20, of Centre Hall, Pa., signed with the Tulsa team of the Class AA Texas League. He probably will be assigned to Bakersfield, Calif., of the Class C. California League, the Phillies said. He will play first base. Both teams are Phils' farms.

Emery, who completed his junior year at Penn State, won 18 games and lost two in two years of college pitching. He hit .300 this year, wining eight games and losing one.

★ ★ ★

The Phillies also signed the captain of the 1958 Duke baseball team and a high school standout from San Antonio.

Sonja Henie Refusing to Hang Up Her Skates

By BOB THOMAS

HOLLYWOOD (AP) — You'd think that Sonja Henie would want to hang up her skates forever.

Yet she's on the ice again. In fact, she has been up at 6 in the morning to skim over the rink at the Pan Pacific Auditorium for three hours.

★ ★ ★

"It was the only time I could get the ice," she explained. The auditorium was on a 24-hour schedule, with one ice show appearing at the World's Fair. She'll rehearse the musical numbers there, then transport the company to London to film them. Afterwards, the story part of the spec will be shot around London.

"If the show is a success, we'll do others in various other big cities of the world," she said. "The films will be made in color, so there is the possibility of showing them in theaters too."

★ ★ ★

When I marveled at her early-morning practice sessions, she replied that they're not unusual with her.

"I always take at least two months to get into shape for an appearance," she said. "I would not appear if I wasn't in top condition. The public expects to see you at your best, and I won't disappoint them."

Tarzan Taking to Wide Screen in Next Film

HOLLYWOOD (AP)—"Me Tarzan, you Jane."

Almost 40 years ago those words launched one of Hollywood's classic love affairs. And if you don't think treetop living is here to stay, check Mr. Ape Man's next epic: it's going to be in Cinemascope.

It will be No. 32, coming in the 40th anniversary year of the series, and the first chance for Tarzan to swing branch to branch around a wide screen.

★ ★ ★

Since 1918, the experts say, the film versions of Edgar Rice Burroughs' famous characters have grossed more than half a billion dollars.

Bootlegged Hollywood Tarzan films are favorites with the Soviets. And just as Westerns are popular in the American West, Hollywood's jungle films rate high with African movie-goers.

In all there have been 11 Tarzans, 19 Janes and numerous Boys (their son). Like Little Orphan Annie, the characters never age.

Record - holders as a Tarzan team were Johnny Weissmuller and Maureen O'Sullivan — six films from 1932 to 1942. Weissmuller did half a dozen more episodes with three other Janes — Nancy Kelly, Frances Gifford and Brenda Joyce.

★ ★ ★

The present ape man is Gordon Scott. Eve Brent is Mrs. Tarzan in Sol Lesser Productions' next film, the wide-screen job. The title suggests it'll be a close thing—it's "Tarzan's Fight for Life."

But chances are he'll make it. pearing there and two others rehearsing.

Why all this activity on Sonja's part? She's leaving for Europe to film a 90-minute TV spectacular that might be the start of a series.

"We planned to make the first one in Paris," she said. "But the political situation is so upset that we changed it to London. I think it's better location anyway. Bob Hope just made a picture about Paris and there have been many others."

★ ★ ★

Sonja's plan is to go to Brussells, where she has an ice show appearing at the World's Fair. She'll rehearse the musical numbers there, then transport the company to London to film them. Afterwards, the story part of the spec will be shot around London.

New Labor Bill Chances Better

Try for McClellan's Support by Revising Measure for Congress

WASHINGTON (AP)— Chances of shaping a labor bill that can win the support of Sen. John L. McClellan (D-Ark) appeared improved today.

The full Senate Labor Committee goes back to work on the bill again with a Saturday session planned if necessary to finish the measure.

★ ★ ★

Sponsors of a middle-of-the-road bill consider McClellan's support important because he is chairman of the Senate Rackets Committee.

The findings of that group have stirred up much of the support for labor control legislation at this session of Congress. McClellan himself has proposed stiffer federal regulation of labor unions than that provided in the pending bill of Sen. John F. Kennedy (D-Mass).

★ ★ ★

McClellan's support of a compromise bill could be expected to influence some senators who otherwise might demand stricter regulations and penalties.

McClellan was reported to have told Kennedy he could support the bill if some additional changes were made.

★ ★ ★

The bill among other things would require secret election of union officers and limit the length of their terms. It also would require full public reporting of union affairs. On the other hand, it would repeal or modify some Taft Hartley provisions opposed by labor leaders.

The committee, in its only vote during the first day of consideration of the bill, defeated 8-5 an amendment by Sen. William A. Purtell (R-Conn) to require a vote by a union's membership before striking.

Want a Good Excuse for Not Mowing Grass?

EAST LANSING (UP) — Turf specialists at Michigan State University have welcome advice for old-fashioned householders who still push their own lawnmowers:

Put the contraption away come June 15, and it'll be the better for the grass. Take it out again only when summer conditions become so favorable as to make the lawn ragged and unsightly, they said.

★ ★ ★

The experts blame too frequent and too close mowing for ruining many lawns, especially after midsummer heat sets in.

De Gaulle Tells Rebels:

'Your Power Must End'

ORAN, Algeria (UP)— Premier de Gaulle told representatives of the All-Algeria Public Safety Committee today its insurgent authority must come to an end. He said he will run Algeria.

He named Gen. Raoul Salan, military commader of the junta, as his own delegate-general in Algiers—a new post.

★ ★ ★

But De Gaulle will personally assume control of Algerian affairs, acting as his own Cabinet minister for the strife-torn territory.

French diplomatic sources reported today that Premier de-Gaulle is expected to put Jacques Soustelle on the shelf by naming him France's ambassador to the United States.

Sending the 46-year-old firebrand Gaullist deputy to Washington would please the moderates and leftists whose support De Gaulle needs in France.

But it would infuriate the extreme rightists in France and Algeria who have been demanding he take a position of power in De Gaulle's government.

After the French revolt in Algiers May 13 against Premier Pierre Pflimlin, the government put a police guard on Soustelle.

He eluded the guard, flew to Algiers and took the leading civilian role in the insurgency which brought De Gaulle back to power.

During De Gaulle's current tour of Algeria, Soustelle has joined the premier in all his public appearances. Repeated shouts of "Vive Soustelle" — often as strong as the vives for De Gaulle — have underlined that he is the hope of the French colonists.

Crowds of more than 100,000 persons hailed the former Free French general at the modernistic port city of Oran where once again he urged liberty, equality and fraternity for Moslem and French settler alike in defiance of the rebel high command and right-wing French dissidents.

Informed sources said De Gaulle already was planning to strike back at the revolutionary Committee of Public Safety and would soon order all military members to resign from the committees whose rebellion against authority finally swept him to power.

Graham Plans Outdoor Meeting at San Francisco

SAN FRANCISCO (UP)—Evangelist Billy Graham will end his Cow Palace crusade June 15, but will return to San Francisco June 22 for a meeting at Seals Stadium.

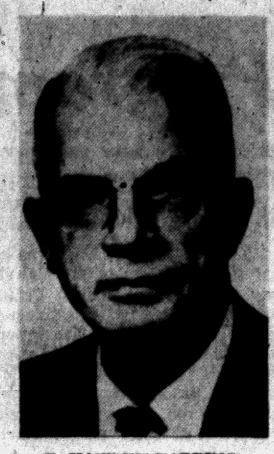

From here, Graham will go to Sacramento for eight days, beginning June 29, and thereafter tour California.

★ ★ ★

The preacher was greeted by a capacity crowd of 16,500 last night, bringing total attendance to 541,600.

In his "youth night" sermon Graham told young lovers their romace should not be based on physical attraction alone, but also on admiration, respect and a desire for God's will.

Going steady can be good, he said, because it may supply a love lacking at home. But it can also be bad, Graham warned, because of possessive feelings that bring danger of intimacy.

T. HAWLEY TAPPING

ENDING LONG SERVICE—After 35 years of service, T. Hawley Tapping will retire at the end of August as general secretary of the Alumni Association of the University of Michigan. He won't be idle long, however, as he and Mrs. Tapping will sail Sept. 1 from San Francisco for the Philippines where he will be consultant in public relations for Silliman University, 400 miles south of Manila.

Search for Dead in Wisconsin

State Licks Wounds in Wake of Twister; Six More Missing

MENOMONIE, Wis. (AP) — While the search for additional dead continued, the first steps toward recovery have been taken in this tornado-ravaged section of northwest Wisconsin.

State, federal and private agencies offered assistance from headquarters set up in the four-county area. At least 30 persons died when three twisters ripped a 90-mile path Wednesday night. Six persons were reported missing.

More than 350 were injured, 119 of them requiring hospital attention. At least 20 of the injured were in grave condition.

★ ★ ★

Damage will be in the millions, according to Gov. Vernon Thomson, who inspected the area by plane and car yesterday. The Red Cross said that 615 families were affected. More than 100 homes were destroyed, another 165 damaged extensively and 340 less seriously. Some 1,000 head of cattle were killed.

Thomson called the devastation an unbelievable holocaust, but said local authorities have the situation well in hand.

He appealed to President Eisenhower for federal emergency help in three of the damaged counties—Dunn, Chippewa and St. Croix. Damage in Eau Claire County was less severe.

Hoffa Motion Denied by Judge

Teamster Boss Fails to Separate His Trial From That of 2 Others

NEW YORK (UP) — Teamster President James Hoffa sought in vain yesterday to separate his trial for wiretap conspiracy from that of his two co-defendants — a Detroit Teamster boss and a professional wiretapper.

★ ★ ★

Hoffa's attorney, Henry G. Singer, argued that for the federal court jury to hear the grand jury testimony of Owen Brennan, the Detroit Teamster head, would be prejudicial to Hoffa's case. Singer claimed the trial jurors would not be able to disassociate the statements of Brennan when they weighed the evidence against Hoffa.

Judge Thomas F. Murphy denied the severance plea, but cautioned the jury that Brennan's testimony before the grand jury that indicted the three men was binding only on Brennan.

Brennan is president of the Teamsters' Detroit Local 337. The other defendant, Bernard Spindel, is a professional wiretapper. All three are accused of conspiring in New York to listen to conversations at the Teamsters offices in Detroit, where Hoffa made his headquarters.

This is the second trial for Hoffa and his co-defendants. The first ended in a hung jury.

Earlier in the day, Singer completed reading portions of Hoffa's testimony before the grand jury that indicted him. The testimony disclosed that Hoffa had repeatedly denied that he ever had authorized Spindel or anyone else to tap telephones in the Detroit office.

Hoffa has contended that he hired Spindel in 1953 to clear the Teamsters' wires of taps and prevent any further tapping of the Teamsters' wires. He also has said he wanted Spindel to set up a microphone system so he could check on room conversations of various subordinates.

Racer Amick Scared of Sunday Drivers

GRAND RAPIDS (UPI) — George Amick, who flinished second in the 1948 Memorial Day Indianapolis race, says Sunday drivers "scare me to death."

"And that Hollywood freeway where they drive six abreast about 60 miles an hour, weaving back and forth — well, it's something that makes you think of giving up driving altogether," he said.

To Manage Iron River

IRON RIVER (UP) — Robert B. Zill, city manager of Crystal Falls since last August and former assistant city manager at Marinette, Wis., has been appointed city manager of Iron River. He will take the new post Aug. 15 at a $7,000 yearly salary. Zill, 32, will replace Julius S. Metros.

Told to Open Wallet

SHEFFIELD, England (UPI) — Juvenile Court Judge D. J. O'Neill yesterday ordered the father of a boy charged with stealing 500 pounds ($1,400) of the father's savings to increase his son's allowance from sixpence (7 cents) a week.

Week's News on International Balance Sheet

Foes Battle De Gaulle's Program

By CHARLES M. McCANN
UPI Foreign News Analyst

The week's good and bad news on the international balance sheet:

★ ★ ★

France, facing political chaos, called Gen. Charles de Gaulle back to its leadership as premier this week.

A reluctant Parliament gave the wartime leader of Free France nearly dictatorial power to rule by decree for six months.

During that time, with Parliament in recess, De Gaulle will try to end the rebellion in Algeria, strengthen the shaky governmental financial situation and restore France's prestige as a world power.

Above all, he will draft and submit to a national referendum a drastically revised constitution, to provide a stronger goverment and make it impossible for squabbling politicians to upset cabinet after cabinet as they have done for 12 years.

To the bitter chagrin of the extremists, De Gaulle appointed an all-star cabinet comprising left-wing, middle-of-the-road and moderate right-wing leaders.

De Gaulle then flew off to Algeria where a revolt by professional army men and extremists against any attempt to end the nationalist rebellion by compromise led to a threat of civil war and to De Gaulle's recall.

Already angry over De Gaulle's choice of a cabinet of moderates, the extremists were shocked when he announced that Algeria's 9 million Moslems would have equal rights with the one million French colonists in future voting as part of France itself.

De Gaulle's situation at the moment was that French Communists may start trouble, that the right-wing extremists and army men whose revolt led to his call to office are bitter over his moderation, that the Algerian rebels still demand complete independence and that froeign governments are anxiously waiting for pronouncement on his foreign policy.

The French crisis completely overshadowed other foreign news. But there were two important developments in the cold war.

First, Soviet Premier Nikita S. Khrushchev agreed to President Eisenhower's proposal that experts representing the western allies and the Soviet bloc of Communist-ruled countries start technical talks on the possibility of ending nuclear weapons tests through a control agreement which would prevent cheating.

Secondly, Khrushchev in another letter to Eisenhower proposed an immense expansion of Russian-American trade and asked for credits to finance Russian purchases. Khrushchev said that if the United States desired, trade between the two countries could reach a volume of several billion dollars within a few years.

The State Department announced the indefinite postponement of the departure of Dr. Milton Eisenhower, the President's brother, on a fact-finding tour of six Central American countries in his behalf.

The State Department said the postponement was due to delay in arranging mutually satisfactory dates for Dr. Eisenhower's visit to the countries concerned.

Actually, it appeared to be the result of the anti-American riots during Vice President Richard M. Nixon's recent "good will" tour of Latin America. Dr. Eisenhower probably will leave in July, when students, who led the riots against Nixon, will be home on summer vacation.

U. of M. to Honor 5

ANN ARBOR (AP) — Five prominent staff members of the University of Michigan Medical Center will be honored at a testimonial dinner here June 10. The group, who have given a total of 156 years of service to medicine at U. of M., are Drs. Bradley M. Patten, Ruth C. Wanstrom, Cyrus C. Sturgis, Frederick A. Collar and Elizabeth C. Crosby.

The narrow Naruto Channel connects Japan's Inland Sea with the Pacific Ocean. It has numerous whirlpools caused by a 13-knot riptide.

Macmillan Leaving for Western Talks

LONDON (AP) — Prime Minister Macmillan flies west tonight for talks with President Eisenhower in Washington and Prime Minister Diefenbaker in Ottawa.

★ ★ ★

During his seven-day visit in the United States and Canada, Macmillan also will make commencement speeches and receive honorary degrees at two American universities.

★ ★ ★

There is no agenda for the talks with Eisenhower. But discussions are certain to include relations with the Soviets; disarmament; a summit conference; France; the Middle East, and economic problems.

★ ★ ★

Macmillan arrives in Washington tomorrow for preliminary discussions. Sunday he flies to Greencastle, Ind., to address De Pauw University graduates on interdependence in defense, economic and political spheres. He returns to Washington the next day.

★ ★ ★

Wednesday he leaves Washington for Ottawa, and from there, after a two-day conference, flies home.

Ziem Says JP Violated Law

Should Have Turned In $70 in Traffic Fines, Prosecutor Declares

Walled Lake Justice of the Peace Herman A. Roth committed "a technical violation" in not turning in some $70 in traffic fines as soon as required by law, according to Oakland County Prosecutor Frederick C. Ziem.

★ ★ ★

Ziem said he would decide Monday whether there was cause for a misdemeanor warrant carrying a $100 fine to be issued against the 45-year-old Roth.

★ ★ ★

Roth, who has been justice since 1956, met yesterday for two hours in Ziem's office with Gerald A. Terrien, justice court co-ordinator for the county, Walled Lake Mayor William G. Nixon, City Attorney Albert P. Herzog, Police Chief James A. Decker and several attorneys.

The meeting stemmed from a request of Frank S. Szymanski, Michigan auditor general, that Ziem "take appropriate action to insure proper deposit" of traffic fines collected by Roth.

Szymanski's report listed four cases totaling $120 which, the report said, had not been deposited with the Oakland County treasurer.

★ ★ ★

"Justice Roth was guilty of a technical violation in that he did not turn in this money pursuant to the statute requiring that the money be submitted within 30 days of collection," Ziem said.

★ ★ ★

Terrien ruled that a $50 fine among the four cases cited was not a state law case but a city ordinance violation. Ziem said: "These city ordinance cases, which total more than $1,000, are a city problem which I won't get into."

Roth said he was negligent in not depositing the state law case money on time, according to Ziem.

★ ★ ★

Terrien's report to the prosecutor said that "other than being late in reporting, Justice Roth's docket and report seem to be in order and up to date."

Alumni Banquet Set by Brandon High

ORTONVILLE—The 67th alumni banquet will be held at Brandon High School auditorium at 6:30 p.m. Saturday. The seniors of Brandon High will be guests. Invocations will be given by Howard T. Burt, elementary school principal.

★ ★ ★

Ronald Sutton will be toastmaster and Merrill Petoskey of Lansing, a former student here, will be the speaker.

Roll call will be by Mrs. Mary Lou Sutton. Mrs. Neal Storum and Mrs. Eva Barron will be memorialists, and Sharon Beckett of Pontiac will present a vocal solo.

The welcoming address to the seniors will be delivered by Barbara Kennaday, and the response will be given by Wayne Dickason.

Timken Roller Bearing Will Spend $51 Million

CANTON, Ohio (UP) — Timken Roller Bearing Co. announced today it is investing 51 million dollars over a five-year period, including this year, to expand facilities and install new equipment.

A major item will be 12½ million dollars for modernization of its steel and tube division here, including installation of new equipment.

Another 12½ million will be spent on plants in Australia, Canada and France.

Congress Gives Heuss Ovation After Speech

WASHINGTON (UPI) —Thirteen years ago this month the wrath of the allied nations had swept across Central Europe and the war drums were silent. Germany — its Nazi banners burned and bloody — lay smashed in the ruins.

★ ★ ★

An old German with snowy hair and a round friendly face recalled it yesterday in a deep guttural accent.

★ ★ ★

He was Theodor Heuss, president of the Federal Republic of Germany. He stood on the rostrum in the House of Representatives before a joint session of Congress.

They waited for him.

First came the members of the House. Then the Senate. Then the Joint Chiefs of Staff and the Cabinet and the diplomatic corps.

The old German walked down the center aisle and they stood and applauded so that the sound came in waves that broke over him.

He stood before them in the bright flood lights. It was the same place where President Roosevelt once stood and led the United States into war to destroy Germany and the Axis powers.

★ ★ ★

Heuss spoke earnestly and mostly in German. There was no translater.

He told the crowded chamber that Hitler forced the United States into the war. He recalled the black days of Germany's defeat.

For a moment all the horror and fury of that war was there again. But only for a moment.

"Behind us lie the bad times," the old German said.

★ ★ ★

"The peoples of the free world possess the moral strength to maintain their position and uphold their ideals. All that is required is to set in motion some of the all pervasive forces inherent in human nature — reason, a sense of proportion and perhaps a little love."

★ ★ ★

Few understood until theyr read the speech later. But the last words were in English. The applause followed the old man from the chamber.

Mayor to Meet With Governor

Invitation to Conference on Jobless Pay Plan to Be Forthcoming

Pontiac's Mayor William Donaldson will be invited to the conference of mayors meeting with Gov. G. Mennen Williams Monday to discuss an unemployment compensation program for Michigan.

★ ★ ★

Paul Weber, the Governor's press secretary, said today that Pontiac was omitted from the list of those invited, along with Monroe, Dearborn and other large cities becaus ethey are included in the Detroit labor market on the Michigan Employment Securities Commission list of the labor market cities.

★ ★ ★

Weber said mayors of the top 13 were chosen plus Mayor David R. Calhoun, of Huntington Woods, because he is president of the Michigan Municipal League.

"An invitation will be sent immediately to Mayor Donaldson," Weber said, "and Mayor Calhoun who is meeting with the municipal league today will be asked to supply a list of other cities that should be invited."

★ ★ ★

The Governor invited the mayors to meet with him to win support for his plan to participate in the federal program which would loan money to the states to pay benefits to unemployed workers who have exhausted their regular state benefits.

Car Sales Reported Far Ahead of Output

DETROIT (UPI) — Automotive News said U. S. auto manufacturers will build their two-millionth car of 1958 next Tuesday, only six days after the sale of the two-millionth car in 1958.

★ ★ ★

Automotive News said since World War II sales have never run so far ahead of production in any year. It is occurring this year because factories have drastically slashed production to cut their stocks of unsold cars, the trade paper said.

Last year, the two-millionth car was produced 21 days before it was sold and in 1956 it was built 18 days before the sale.

★ ★ ★

Production in U. S. plants this week was estimated at 74,492 cars and 16,310 trucks, up only slightly from last week's holiday-shortened total of 66,574 cars and 14,940 trucks.

Wheats Show Weaker Tone

CHICAGO (UP) — Wheat futures showed some tendency toward weakness today in early dealings on the Board of Trade while corn and soybean prices were steady to firm.

★ ★ ★

Price shifts were mostly in minor fractions, but some corn contracts had initial gains near a cent a bushel.

After about an hour, wheat was unchanged to ⅛ cent a bushel lower, July $1.84⅜; corn unchanged to ¾ higher, July $1.30; oats unchanged to ⅛ higher, July 62; rye unchanged to 1 cent higher, July $1.26¼; soybeans ⅜ to ⅞ higher, July $2.27⅛; lard 7 to 8 cents a hundred pounds lower, July $12.20.

The Department of Agriculture reported it has accepted subsidy bids of 20 cents a bushel on 1,819,450 bushels of corn for export on which shipments will be completed by the end of September.

★ ★ ★

One grain firm noted today that if the 1958 winter and spring wheat yields do exceed a billion bushels, as now seems certain, it will be the 10th time since 1944 that the nation's harvest has gone above that figure.

Prior to 1944 there was only one year when the spring and winter crops reached that figure.

Car, Truck Output Increases for Week

DETROIT (UP) — Passenger car output in U. S. factories this week will total 74,022 units against 66,547 last week and 129,517 in the comparable 1957 week, Ward's Automotive Reports said today.

★ ★ ★

Truck assemblies this week totaled 16,640 units against 15,038 last week and 23,370 in the like 1957 week.

★ ★ ★

Ward's counted retail sales in May at 394,500 units compared with 363,700 in April. If sustained by official tabulations, the May figure would top the January total of 380,000 units, top month's volume of the year to date.

★ ★ ★

The statistical agency estimates new car inventories now at 755,000.

Waite's, Union OK 2-Year Agreement

Waite's Department Store and Amalgamated Clothing Workers Local 364 (UAW-CIO) have announced a new, two-year agreement after several weeks of negotiation.

★ ★ ★

Under it, full-time employes can participate in the Central States Joint Board ACW insurance fund and part-time employes get an hourly wage increase.

★ ★ ★

The agreement can be reopened as far as wages are concerned, next year.

★ ★ ★

The announcement was made by Helmut O. Wolff, company personnel director, and Mrs. Evelyn Fishwild, local president.

Hazel Park Woman Dies After Accident

HAZEL PARK — Injuries suffered when she was struck by a car Monday evening proved fatal yesterday to Mrs. Sally Smith, 65, of 1010 Bernard St., Hazel Park. She died at Holy Cross Hospital in Detroit.

★ ★ ★

Mrs. Smith was hit by a car while crossing E. Eight Mile road just north of Greeley in Detroit. The driver, George R. Patrick, 20, of Allen Park, was not held.

Plastics Plant Opens

CANBERRA — A new polyethylene plastics plant built at Botany in New South Wales at a cost of $5,062,500 has begun production of a wide variety of products, ranging from unbreakable toys to electronic equipment and building materials.

Market Eases to Slight Rise

NEW YORK (UP) — The stock market moved upward slightly in moderate early trading today.

Leading issues were up from fractions to about a point, but most changes were small. A scattering of key stocks was unchanged or showed small losses.

★ ★ ★

The opening was active and an assortment of rail issues was traded on sizeable blocks, somme continuing yesterday's rally. There was little follow-through to the initial rise.

Some steels, oils and chemicals improved. American Motors and Studebaker-Packard were in active demand. Selected issues were traded in big blocks.

Auto assemblies were estimated at a higher rate, but the House-Senate Economic Committee reported that the nation's economy might not get back on its feet until late 1960.

★ ★ ★

Baltimore & Ohio, Pennsylvaia Railroad and Union Pacific all rose by small fractions on opening blocks.

Goodrich was up about a point. U.S. Steel, Du Pont and Lorillard gained major fractions.

Chesapeake & Ohio and Westinghouse Electric dropped fractions. General Motors, Allied Chemical and American Telephone were about unchanged.

Some Like Sneezum While Others Don't

IPSWICH, England — The Sneezum family of Ipswich has changed its name to Betts in the hope of escaping forever the grins which their old name evoked. But they are getting no support from the other Sneezums of Britain, London learns.

Ten of them have affirmed their decision to stick to the "good old name." Sneezum, it appears, is derived from the Norfolk village of Snettisham, which goes back to the time of the Conqueror and used to be pronounced that way.

Equally ancient are such names as Greedy (from Gredhay), Bugg (from the Anglo-Saxon Boga), and Death. But holders seem in no hurry to change them.

Retired Judge to Speak

ANN ARBOR (AP)—Stanley Reed, retired U. S. Supreme Court justice, will address the 19th annual conference of federal judges of the 6th Judicial Circuit Thursday. About 100 circuit judges, U. S. district judges and attorneys from Michigan, Ohio, Kentucky and Tennessee are expected to attend the two-day event.

In some large U. S. forest industry plants, 75 per cent of the entire tree is used.

Night Owls Say Rome Is Theirs

Eternal City Shines Brightly Indoors After Sun Goes Down

ROME — Night owls claim Rome as their city. That the town is "crazy, man, crazy" when the evening sun goes down is the verdict of most stay-up-lates in the international set.

★ ★ ★

Since the glory of Rome shines so brightly indoors at night tourists have no trouble finding places to go, reports an airways line. Whether it's a bistro in the old quarter or a smart club in the heart of the city, there's something for just about every taste and budget.

Headquarters for Americans nostalgic for the Jazz Age madness of the Twenties is Bricktop's on the Via Bissolatti. Brick, a throaty chanteuse from Chicago, dates back to the Fitzgerald era in Paris, where she reigned atop Montmartre. Nowadays, Brick still belts out sophisticated lyrics like Cole Porter's "Get Out of Town" with great eclat.

Standing in the haze with a feather boa slung around her shoulders and a piano tinkling in the background, Brick has a way of blanketing the place with great waves of misty sentiment. She has a way, too, of shimmying from table to table and chatting with the customers. Back in the good old days, says Brick, she taught the Duke of Windsor to Charleston and held court for Hemingway.

★ ★ ★

Another nitery, a hit with the late crowd, is the Hostaria dell 'Orso, or simply The Bear, as it is known among the cognoscenti. Tucked into a corner of old Rome near the Tiber, the Hostaria is candlelit and continental. There is a plush, blue and gold piano bar on the main floor, a swanky nook called La Cabala on the top and a superb restaurant sandwiched in the middle.

This triple-tiered playground once housed St. Francis of Assisi. Dante, too, is reputed to have come to brood beneath the 14th Century beams. The current clientele is equally famous but less austere.

Gina Lollobrigida, Errol Flynn and Ava Gardner are regulars on the dance floor. Though there are celebrities galore, there is no snobbism when it comes to assigning tables. Diners, however, should reserve in advance, and count on spending $25 on an evening for two.

★ ★ ★

Not far from the Hostaria is Rome's newest night spot, The Scheherazade, an exotic but low-cost establishment with a zany floor-show and danceable music. The Scheherazade has endeared itself to Romans with a policy of "nessuna sorpresa," an Italian way of saying "no surprises on the bill." Items on the menu include cover charge, tax and service in the list price. A dinner with all the trimmings adds up to around $5.

Do-It-Yourself Kits Said Bad for Tots

JOHANNESBURG, S.A. — South African educators are bemoaning the effects of "do-it-yourself" toy kits which are now flooding the market there, Johannesburg reports.

Teachers say they destroy a child's imaginative and creative powers. One who has taught kindergarten for 20 years said that children should be encouraged to fashion plasticine figures and draw pictures themselves. "They create something then and are proud of it, no matter how ugly their efforts may be," she said.

Typical of the new toy outfits are rubber moulds of animals and story-book characters. Plaster of paris is poured into the mold. All the child has to do is to paint the figure with water colors supplied by the kit.

Another Horsecar Retires to Museum

BELFAST, Ireland — While trying to find suitable modern means of transport, Northern Ireland is building up Britain's greatest collection of outmoded "trams," Belfast reports.

Latest to be added to the transport museum is the Fintona horse-drawn streetcar, recently withdrawn after 50 years' service in the town. Sir John Harcourt, who accepted it for the museum, said the place is now overstocked and needs larger premises.

The Fintona car was built in 1877 but first came into service in 1833. All its horses were named "Dick." The tram had covered a distance equivalent to 10 times the earth's circumference at the Equator.

Ocean Voyage Proves a Gourmet's Paradise

By EARL WILSON

AT SEA—Having been at sea most of my life, I guess there was no difference this time except that I was on a ship . . . a French ship . . . when there was some kind of a revolution.

WILSON

We didn't ask for any revolution but the French threw that in, figuring that if Cuba's using revolutions nowadays to get tourists, France has got to meet the competition.

So there we were on the beautiful French liner Liberte—she used to be the German liner Europa—in suite 128, Main deck, which is such a big suite we got more than a dozen people into our bon voyage party. There's even a phone on the dressing table but either it isn't working or our French isn't.

But that made it ideal because we didn't want to talk to anybody anyhow. All we wanted to interview was a desk chair.

★ ★ ★

"What is the purpose of your trip?" they said. (It's always a good thing to have a purpose.)

We said we wanted to study French political parties. So they said what did we wish to know about them. Well, we said we wanted to find out if we knew enough mathematics to be able to count 'em or did we have to work it out in geometry.

We had dates to meet Bill Holden, Sophia Loren and others but we actually wanted to study the Liberte's cuisine — "the best French food afloat," according to Holiday, which says the Liberte's one of the world's greatest restaurants.

"Chief Andre Papion promises he can serve you dinner from anywhere in the world." You order dinner 24 hours ahead and ask for things like boeuf a la Facelle—a rump steak hung into a rich stock on a string and poached exactly 16 minutes for each pound.

While the Stewards stood around clucking "Oooo, la la" about the revolution, the wife won a goodly bingo pot the first night. Next day she wanted to take a chance on the ships pool but her favorite number—6—had been taken. Only zero was left so she bought a chance on that. The winning number's the last digit in the number of miles traveled in 24 hours. The number traveled that day was 550—so she clipped them again.

"We should go straight to Monte Carlo," she said. Imagine the gall of her—I was about to say the de Gaulle of her—an American taking money from Frenchmen!

THE MIDNIGHT EARL IN NEW YORK . . .

HEGER

Steve Allen explains his one-week jazz-piano job at a local cafe: "The boys and I used to do this just for fun. Now I figure if we have to do it for a week, we'll get it out of our systems" . . . The sponsor's cost of the **Perry Como** TV'er went up $6,000 to $120,000 a week . . . Organ-Grinders Vanishing From London Streets

LONDON — Phonograph, radio and TV music have almost banished the hurdy gurdy from the streets of London. Barrel organs, with or without a monkey escort, are becoming rarer by the year.

A reporter who scoured the streets found only two. There used to be one or two in every busy street.

Nowadays the few surviving "grinders" work a three or four-day week, finishing when the "pubs" close.

They say that a rainy day is a dead loss. Britain's earliest organ grinders were foreigners, including many Italians. It is said that Queen Victoria loved to hear a barrel organ.

Airport to Combine Rail, Air, Roadways

LONDON—Gatwick Airport, the $19,600,000 project nearing completion 20 miles from London, will be the first modern air terminal in the world to combine air, road and rail transport in a single unit.

Passengers will be able to go from the center of London in fast electric trains and within two or three minutes after stepping out at Gatwick be in the heart of the new terminal building.

A main highway has been diverted to pass beneath the terminal building; ramps lead to an elevated forecourt where automobiles can load and unload passengers and baggage.

Group Name Game Can Liven Parties

CHICAGO (AP) — Hostesses hunting a new way to liven up a party may find a solution in a new word game devised by Herb Daniels.

★ ★ ★

He calls it "herd." It results from picturesque words used to designate groups — like herd of cattle, pack of wolves, a sulk of foxes, a muster of peacocks, a gaggle of geese or a crowd of people.

Guests think of new twists such as a fix of politicians, a petty of bureaucrats, a giggle of girls, a wrangle of wives or a stumble of drunks. The rush hour suggests a frustrate of drivers or a helter of pedestrains.

★ ★ ★

For girl watchers on warm wind days, there's a wow of girls.

Sells More Computers

DETROIT (AP) — Burroughs Corp. today anounced its Electrodata division sold a record 8½ million dollars worth of electronic computers last month. R. G. Dee, division sales manager, said sales "reflect confidence on management's part that the national economy has begun a long-term upswing."

Women, when your husbands describe you as angels, it may indicate merely that you're always up in the air, that you have very few clothes, and that you are constantly harping on something. —Earl Wilson.

Como Works Hard on TV Shows Despite His Relaxed Attitude

By JACK O'BRIAN

NEW YORK (UPI)—Perry Como is a Dody Goodman fan. "She's funny! Funny!" Perry said, laughing while he commented.

★ ★ ★

Still, before Dody takes this as a written recommendation to get her back on the Paar program, she should know Como likes almost every comedian. He's the perfect audience for a comic.

Martha Raye just walked into rehearsal one day, late, howled, "Hi, Ber!" and Perry collapsed in laughter.

It is doubtful that any performer has bigger bills with Western Union for congratulatory messages than Perry, who always wires after he witnesses a show he especially enjoys.

★ ★ ★

There, too, no great insight into special preferences can be analyzed. Perry likes almost everything, except possibly hurrying up. He loves the theater.

HE'S IMPRESSED

Perry also likes Rocky Marciano and Rocky's home in Coral Gables, Fla., impresses Perry: "How about that Rocky!" Como exclaimed. "Steps right out of any bedroom and into the pool. Pretty wonderful, eh, for a nice guy out of Brocton?"

★ ★ ★

Of course, for a nice gent out of Canonsburg, Pa., equipped with swimming pools in Sands Point, L. I., and Jupiter, Fla., Perry also is doing all right.

Perry's relaxed attitude toward TV is legendary, but the unfrantic demeanor doesn't mean apathy. He will do at least 36 shows next season, and he works hard, if calmly, on all of them.

"Six days of long rehearsals for one hour of show sometimes must seem a grind, but one minute before air time you know it's too late to be tired," Perry shrugged.

★ ★ ★

"Before you know it the show is over, you've had a lot of fun and maybe the audience had, too. Our mail and ratings seem to say so."

Perry doesn't mind how hard he works on a show if it "feels comfortable." It sometimes takes a powerful lot of work on Como's part to make him "feel comfortable."

It also takes taste, simplicity and talent. And decency.

Arrest 2,000 Indians Over Constitution

MADRAS, India — Over 2,000 persons, some of them women, were arrested in Madras as members of the Dravida Kazhagam, an organization opposing the present government.

The arrests were in connection with the Kazhagam's campaign to burn copies of the Constitution. In the Tiruchy district 400 persons were arrested for actually burning copies of the Constitution. The rest were arrested for attempting to burn such copies.

The Kazhagam organized the Constitution-burning campaign to express its disapproval of the provisions of the Constitution which, it claims, was framed by a majority of Brahmins.

Coffee, chocolate and tea were among the first foods advertised in newspapers.

Governments' Spending Doubles 1949 Figure

CHICAGO—The combined expenditures of state and local governments are running at a record annual rate of nearly 37 billion dollars, the equivalent of about 8½ per cent of the total national output, according to the Federal Reserve Bank of Chicago.

The outlays are about 45 per cent above 1953 and double the 1949 tota?.

Both to Campaign in California

Adlai, Nixon to Provide Preview of 1960?

By JACK BELL

WASHINGTON (AP) — Vice President Nixon and Adlai E. Stevenson may preview some 1960 presidential issues in California campaigns this fall.

Nixon, a Californian with high political stakes there, is expected to campaign for Sen. William F. Knowland, the party's nominee for governor; and Gov. Goodwin J. Knight, who won the GOP senatorial nomination.

Stevenson, twice the Democratic presidential nominee, has accepted tentatively an invitation to campaign in California for the Democratic gubernatorial nominee, State Atty. Gen. Edmund G. (Pat) Brown and Rep. Clair Engle, the party's senatorial nominee.

Brown topped Knowland by a 3-2 margin in total vote on both major party ballots. Each won his own party's nomination.

Stevenson has said he is not a candidate for the 1960 Democratic presidential nomination. But there have been some recent signs that close associates believe he would be available again.

If Brown beats Knowland in November, he will be regarded as a presidential possibility himself. But the Californian is not widely known in other areas of the country and there is some belief that he might be willing to support Stevenson.

Nixon has made no definite plans for this fall but is expected to make campaign speeches in several states, in addition to California, in the GOP effort to wrest control of Congress from the Democrats.

For Nixon the significance is that if Knowland should lose, delegates to the 1960 Republican convention might conclude that the vice president's ability to carry the state as a presidential candidate also was in doubt.

GOP National Chairman Meade Alcorn said in a statement that Knowland's Senate duties kept him from much campaigning in advance of the primary and expressed confidence California will remain a Republican state.

But Democratic National Chairman Paul M. Butler said the returns indicate the Democrats can win in November unless they get overconfident.

Charge Airman Used Watchdog in Thefts

WESTHAMPTON BEACH, N.Y. (AP)—A young airman has been accused of using his German shepherd dog as a lookout while he committed a series of burglaries and a holdup.

Charged yesterday with first-degree robbery was Airman 1.C. Richard Weinert, 25, attached to the Suffolk County Air Force Base here.

Weinert was one of a dozen man-dog teams which patrol the base. About three weeks ago, he reported that he and his dog chased a safe cracker. Authorities became suspicious and began questioning Weinert.

They said he admitted burglarizing quarters at the base and holding up a gas station at nearby Calverton. Total loot was put at about $1,200.

Weinert assertedly taught his dog to maintain watch while he went to work.

Weinert was held in $2,500 bail for grand jury action. He has a wife, Joyce, and a small daughter in Carnegie, Okla.

Wouldn't Accept Auto, but He'll Fly at 80

YORK SPRINGS, Pa. (AP) — George M. Myers, a blacksmith whose pride would not permit him to accept the automobile, has finally bowed to the space age.

★ ★ ★

He plans to visit New York next week, traveling by plane.

The trip grew out of a taunt that he had never traveled far from his central Pennsylvania home.

"Why don't you pick yourself up and go on a plane trip?" one of his daughters asked.

★ ★ ★

"Not until I'm 80," Myers retorted. That will be next Friday and his family is holding him to his promise. He has a son, Arthur, in New York City.

D. H. Davis, a Chicago manufacturer who became an aviator for "relaxation," has quadrupled his business in five years. He says he can teach his customers to solo fly in eight hours of instruction.
