Deaths Pile Up in Multiples on Nation's Roads

Multiple-dead traffic accidents littered highways and streets with an alarming number of dead and injured during the second full weekend of spring.

A total of 61 died in 16 accidents, most of them teenagers and young college students.

Syrian Officers Proclaim Revolt

Rebel Army Men Claim Control Northern Part of Arab Nation

CARRO (U) — Army officers in northern Syria proclaimed a rebellion today against the Syrian Military Junta and demanded re-united with President Nasser's United Arab Republic.

A broadcast from the pro-Nasser hub of Aleppo, Syria's second largest city, indicated the rebels claimed control in the northern and eastern reaches of Syria.

There were no reports of renewed fighting after clashes yesterday in various parts of the nation.

The Aleppo claims were ignored in Damascus broadcasts by the junta, which broke with the U.A.R. in an uprising last September and then last week toppled the civilian government it had created.

ASSERTS UNANIMITY

The junta asserted the army is "united in all parts of Syria" and warned "plotters and exploiters and trouble makers that the general command will take very severe punitive measures against them."

"The present circumstances through which Syria is passing requires all persons to put aside differences and stand with the army against imperialist plots," the army said.

In booting out the civilian government, the junta had accused civilian leaders of milking land reforms and other measures. It called for a brand of "Arab socialism" but no reunion with the U.A.R.

But some Damascus news press said the uprising in the north, the junta in repeated broadcasts failed victory of unity with all Arab countries, including Nasser's U.A.R. It seemed to call for some sort of federation, rather than a return to the one-party "unity" under which Syria joined Egypt in the U.A.R. in 1958.

Reports reached Beirut, Lebanon, of demonstrations against the junta in Aleppo, Hama, Tartous and Deir ez Zor.

At least five soldiers were reported killed in a clash Sunday at Hama, 100 miles north of Damascus, between pro-Nasser civilians and government troops.

The rebellious officers denounced the junta as an "erring and exploitive group" and accused it of selling power again last week to "satisfy individual ambitions disregarding the future and security of the country."

Pontiac General Report Included in Press Today

The annual report of Pontiac General Motors is included in editions of The Pontiac Press.

The 15-page report is intended to acquaint Pontiac area residents with the activities and growth of the hospital in 1961. It also contains the hospital budget.

Estes Reports 50,251 Autos Built in Month

Production at Highest Peak Since November of 1955

Pontiac Motor Division reported today that March was its highest production month in 6 1/2 years.

A total of 50,251 cars was produced, including 37,274 Pontiacs and 12,977 Tempests. The combined figure was the highest since November, 1955 when Pontiac Division assembled 56,644 units.

E. M. (Pete) Estes, Pontiac general manager, said production for the first three months of 1962 is 143,358 units, nearly 64 per cent higher than the same period a year ago.

Estes said "economic signposts" indicate good sales in the remainder of 1962, which in turn would signal continued high production.

"The 1962 Pontiac line has had the most enthusiastic reception of any new car ever produced by our division," Estes said.

"With the new regular size Pontiac, we have strengthened our position of leadership, while demand for the new Tempest models has never been greater. Pontiac has led the medium-price field for the past three years and ranks No. 2 in General Motors' car sales."

Last year Pontiac finished third behind Chevrolet and Ford in the nationwide list of top sellers.

With several months of 1962 production remaining, Estes pointed out that Pontiac is on the verge of surpassing its 1961-model production total.

Altogether, 365,233 Pontiacs and Tempests have been assembled since the 1962 models went into production last fall. The division's total for the entire 1961-model year was 340,635.

ORLANDO, Fla. (AP) — The Minnesota Twins today traded pitcher Pedro Ramos to the Cleveland Indians for first baseman Vic Power and Pitcher Dick Sigman.

No cash was involved in the straight player deal, which was announced by Cal Griffith, president of the Twins.

NEW YORK (AP) — Benny (Kid) Paret, who suffered severe brain injuries in losing his heavyweight title to Emile Griffith, now has developed pneumonia.

A bulletin from Roosevelt Hospital today announced the worsening in his condition and said the fighter is still in a coma.

THE UNION CHIEF, opening his union's DRIVE movement last night, let go with a salvo on Michigan state and national politics before an audience of more than 2,000 union members.

Hoffa said the official decision by DRIVE on whether it will support Romney or Swanson will be made known within 60 days. In his speech and at a prior news conference, he hammered at Romney and praised Swanson.

Swanson, who is campaigning in the Upper Peninsula, said in a statement issued through his Lansing office today:

"I have not sought, nor do I seek Mr. Hoffa's endorsement. If it is offered I shall reject it."

The governor said Hoffa had opposed him in earlier campaigns.

He added that Hoffa's announcement "comes as somewhat of a surprise because of Mr. Hoffa's close association with the Republican party and his long history of active support of Republican candidates."

Swanson, while rejecting any personal support from Hoffa, said he would welcome the support of members of the Teamsters Union and their families.

HOFFA HITS JFK
Hoffa had accused the Kennedy administration of "interfering" in the steel negotiations in what he called a political maneuver.

The union chief, opening his union's DRIVE movement last night, let go with a salvo on Michigan state and national politics before an audience of more than 2,000 union members.

Hoffa said the official decision by DRIVE on whether it will support Romney or Swanson will be made known within 60 days. In his speech and at a prior news conference, he hammered at Romney and praised Swanson.

VOLUNTEER WORKERS — Pontiac area firms and residents from all walks of life are donating their time to help complete the Northside Boys Club on East Columbia Avenue near Baldwin Avenue. Members of Pontiac Local 23 of Bricklayers, Masons and Plasterers International Union worked over the weekend to build a basement and foundation for the clubhouse, an old home donated to the boys' group. Carpenters and plumbers are next.

Swanson Says He's Surprised

Rejects Hoffa's Backing

DETROIT (U) — Teamsters Union President James H. Hoffa last night informally endorsed Democratic Gov. George Romney for re-election, but Swanson said today he did not want Hoffa's support and would reject it.

Hoffa's Michigan political dinner included a blast at George Romney and the Kennedy administration and a good word for Nelson A. Rockefeller.

Swanson, who is campaigning in the Upper Peninsula, said in a statement issued through his Lansing office today:

"I have not sought, nor do I seek Mr. Hoffa's endorsement. If it is offered I shall reject it."

The governor said Hoffa had opposed him in earlier campaigns.

He added that Hoffa's announcement "comes as somewhat of a surprise because of Mr. Hoffa's close association with the Republican party and his long history of active support of Republican candidates."

5 Cons Escape at San Quentin

Fugitives Use Ladder, Ropes to Scale 40-Foot Wall to Freedom

San Quentin, Calif. (U) — Five convicts broke out of San Quentin prison early today with a ladder and rope in a daring escape believed to be the first of its kind in at least 75 years.

The fugitives used ladders to scale the 40-foot wall around the prison's cotton textile mill and they descended the outer wall on ropes, Associate Warden Dale Frady said.

None of the escaped men was considered dangerous. They were believed to be unarmed. Frady said all were minimum custody men.

Dispatcher J. R. O'Brien said the convicts, serving sentences ranging up to life, apparently left the prison grounds on foot but were still at large with no clues to their whereabouts hours later.

Warden Fred Dickson launched an immediate investigation.

GUARDED BY PAIR

The break occurred behind the inner walls in an industrial area near a cotton textile mill. The convicts had been working in the mill with 45 other inmates who were guarded by two civil service foremen.

O'Brien said the men used the ladder to get over the inner wall and the rope to scale the outer wall. He said some of the men were up for parole and they were not considered maximum risks.

There was no explanation how the prisoners managed to go over the wall without being sighted.

Two screw drivers were reported missing three hours after the break.

'No Inspectors' Ruling Blamed on U. S. Testing

Zorin at Geneva Says Kremlin Changes Mind, Will Build Up Arms

GENEVA (U) — Soviet delegate Valerian A. Zorin said today the Kremlin has changed its mind about allowing nuclear test ban inspectors on Russian soil because of new military measures taken by the Soviet Union.

These measures, Zorin told the 17-nation disarmament conference, were prompted by the Berlin situation and "the Western military buildup."

He said that was why the Russians backed away from their former agreement in principle for international control posts to be stationed on Soviet territory to supervise a nuclear test ban treaty.

Now that the Soviet Union has taken these measures to strengthen its defenses, Zorin said, the U.S.S.R. "could not have foregone on its territory."

Zorin spoke after U.S. delegate Arthur H. Dean said the Soviet Union had astounded the world by rejecting the controls it once had agreed were necessary. Dean called on the Russians for a reversal of this "totally unreasonable stand."

Western sources said Zorin's speech took on more of a Cold War tone than his previous utterances at the conference.

TURN ABOUT

The Soviet deputy foreign minister reiterated that if the United States carried out nuclear tests in the atmosphere, the Soviet Union will be compelled to carry out more tests in turn.

Senator Evasive on Park Bill's Details

Hart Hopes for Support From Dunes Area

WASHINGTON (AP) — Sen. Philip A. Hart, D-Mich., apparently is hoping for some solid, organizational support from the Sleeping Bear Dunes area for his proposal to make it a 77,000-acre national playground.

So intent is Hart on getting additional backing that more than two uneventful months have passed since he disclosed plans to introduce a revised Sleeping Bear bill, designed to quell the fears of reluctant property owners.

He won't say when the revised bill will be introduced.

He will say he has had more suggestions on how to make it more appealing to local objectors.

WON'T DISCUSS REVISIONS

He won't say how the bill is going to be revised beyond the 10 points he outlined to the Michigan Bear Hunters Association in January.

No Senate hearings have been scheduled on the bill since a one-day session before a part of the public land subcommittee in Traverse City last November.

Hart is believed to be reluctant to go ahead with hearings when local objections continue to be so vehement, local support so slight.

This despite the support he's received in President Kennedy's conservation message and the backing of Gov. John B. Swainson and the State Conservation Commission.

Hart told a news conference last week he will reintroduce the bill in the 88th Congress if — and some sources believe this likely — no decisive action comes out of Congress this year.

The bill has yet to go through the Senate Interior Committee, clear the Senate floor, be acted upon by the House Interior Committee and gain approval by the House, where Republican Robert P. Griffin, Dines area representative, has promised to fight it.

Asked last week what's delaying the revised bill, Hart said it is undergoing further study for revision, to incorporate "new suggestions we've received."

What suggestions? Hart wouldn't say. And he wouldn't say why he wouldn't say.

He called in a Massachusetts Republican — Sen. Leverett Saltonstall — over the weekend for help in pushing the bill.

In a conversation taped for broadcast on Michigan TV and radio stations, Hart and Saltonstall discussed Sleeping Bear in the light of last year's successful Cape Cod National Seashore Bill — similar, in ways, to the Sleeping Bear bill.

OPPOSITION? CERTAINLY

"Was there some opposition at the outset?" Hart asked.

"There certainly was," Saltonstall replied. "And there was for several years. Gradually, it was eliminated."

"How?" Hart asked.

"Well," said Saltonstall, "I think the most important step that we took was not to try to ram anything down anybody's throat... essentially, it was public hearings, and not trying to ram anything down anybody's throat."

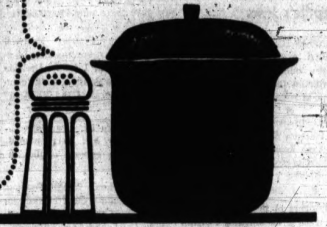

Hart said there are those in the Sleeping Bear region who believe that they'll be better off in terms of preserving the natural beauty and nature of their property if they're left alone.

"That was the idea at first in Massachusetts," Saltonstall recalled.

After Saltonstall mentioned for the third time that the Cape Cod seashore forces had tried not to ram anything down anybody's throat, Hart said:

"Well, this counsel we will assuredly continue to follow, sir."

I hear there's something cooking between Speedway and Marathon

Indonesia Reports:

'Guerrillas Along Coast'

JAKARTA, Indonesia (U — Defense Minister Gen. Abdul Harris Nasution reported today that Indonesian guerrillas have landed at three places along the West New Guinea coast, apparently under air and sea escort.

Nasution told a university group in Bandung that the landings were made at Sorong, on the western tip of New Guinea, at Fakrak, on the southwest coast, and at Kaimann, in the south.

Nasution added that "our navy and air force are patrolling along the beaches."

Nasution's remarks, added to a prepared speech, followed reports that fighting was taking place on Waigao Island off West New Guinea. The Dutch denied a claim by Jakarta radio that Dutch marines had been driven off the island with heavy casualties. The Dutch said they still held the island, 30 miles off West New Guinea.

The Dutch command in Hollandia, West New Guinea, reported last week that a band of Indonesians landed on Waigao and said they were being mopped up. The Dutch claimed some of the infiltrators had surrendered.

An Indonesian army spokesman in Jakarta modified the Jakarta radio report. Col. Soedarjo said the native islanders may have expelled the Dutch but it was not done by "our regular troops... nor infiltrators from our side."

U. N. observers from Upper Volta and Dahomey arrived in Hollandia, capital of West New Guinea, today at the Dutch government's invitation to see what the Papuan population think of the Indonesian-Dutch dispute over their country.

Hundreds of Papuans from the two main political parties thronged the airport as the African observers arrived. Some carried banners bearing such slogans as "All black peoples must support our freedom" and "Papuans want to be free in 1970 with the help of the Dutch."

Of the \$7.5 billion spent for tobacco products last year, nearly \$3 billion was for direct excise taxes.

Your Income Tax—No. 1

Pick Right Form to Save Money

By FRANK CORMIER
AP Staff Writer

Don't be too happy about government claims that the income tax forms have been simplified this year.

The job of preparing a tax return is still complicated. Since no major tax laws, rules or regulations have been simplified, Uncle Sam is asking just as many questions as ever.

The only thing is that some inquiries are worded differently, or have been shifted to another sheet of paper.

In the simplification department, the principal advance is that the Internal Revenue Service (IRS) has scrapped one of the three basic tax forms used last year.

ONLY 3 FORMS
The choice now is between filing the abbreviated punch card return, Form 1040A, or the regular Form 1040.

You must file one or the other if you are under 65 and have an income of \$600 or more in 1961.

If you were 65 or older last year, you must file a return if your income was \$1,300 or more.

Taxpayers in either group must file a return even if they owe NO tax. Some who earned less than the listed minimum also will want to file returns in order to claim refunds if taxes were withheld from their pay during the year.

AN EXTRA DAY
The deadline for filing is midnight Monday, April 16. Because the usual April 15 deadline falls on a weekend this year, you get an extra 24 hours to ponder your tax problems.

Since Form 1040A is the simpler of the two basic forms, it is the one to use if it fits your circumstances.

You may use 1040A if your total 1961 income was below \$10,000 and consisted of wages or salary from which taxes were withheld, plus NOT MORE than \$200 from other sources. This income limit also applies on a joint return.

Form 1040A has space for claiming the usual \$200 exemption for yourself and each of your dependents. It also allows you to deduct from your income the first \$50 of qualifying dividends paid on any stock you own (\$100 if you own

the shares with your wife and file a joint return).
PUNCH CARD FORM
The punch card form also allows you to claim the standard 10 percent deduction for medical expenses, state and local taxes, contributions to churches, etc. However, you may NOT itemize these deductions NOR may you claim any other special tax benefits.

If your income was so high as to bar you from using 1040A, or you want to itemize deductions or claim special benefits, you have to use the regular Form 1040.

Form 1040 has been reduced this year to a single sheet printed on both sides. Gone from the form are a number of items which now are printed on a two-page supplemental form called "Schedule B".

The single-sheet 1040 may be used to report any amount of wages and salary plus NOT MORE than \$200 of other income.

IN ABBREVIATED TYPE
In its abbreviated version, 1040 also has space for itemizing deductions (though you need not itemize) and for claiming sick pay benefits or special benefits as a head of household or surviving spouse.

The supplemental Schedule B must be filed along with Form 1040 if you had more than \$200 of income from dividends, interest on loans or savings accounts, pensions, annuities, royalties or other miscellaneous sources.

Schedule B also must be used by those claiming the 4 per cent dividend credit or the credit available to some recipients of retirement income.

Other separate schedules must be filed along with Form 1040 to report income or losses from the operation of a business (Schedule C) or farm (Schedule F) or from the sale or exchange of property, including securities (Schedule D).

Rescues Parents and 12 Children From Home Fire

POLAR, Wis. (UPI) — Gilbert Bradley saved his 12 children and aged parents yesterday from possible death in a fire which destroyed the family home near here.

Bradley and his wife awakened to find flames blocking stairways to the second floor, where the children and their grandparents were asleep.

Bradley raced outside to his truck, backed the vehicle against the house and climbed from the top of its cab into a second story window. He aroused the trapped members of his family and led them to safety out the window and onto the truck.

Iraqi Forces Smash
Kurdish Tribal Revolt

BAGHDAD, Iraq (AP)—Premier Abdet Karim Kassem says government forces smashed a Kurdish tribal revolt in northern Iraq in seven days. He accused the "Western-backed" Central Treaty Organization of supporting the uprising.

The Baghdad newspaper Al-Bustan published an interview yesterday quoting Kassem as saying there was only one small pocket of resistance left, just north of Mosul, and that the rebels were surrounded there.

Suburbs Within City
COLUMBUS, Ohio (AP)—This city and two of its suburbs have a peculiar layout. Starting in Columbus and heading in a straight line due east on Broad Street, you hit suburban Bexley, then Columbus again, then suburban Whitehall, then Columbus. The two suburban cities are "virtually islands within Ohio's capital."

Regardless of the tax form you use, you will have to compute your own tax if you itemize your deductions, or had an income of \$5,000 or more. The procedure is explained in the instruction booklet which IRS mailed to most taxpayers early in January.

If you take the standard deduction and had an income of less than \$5,000, you find your tax by using a table printed in the instruction books.

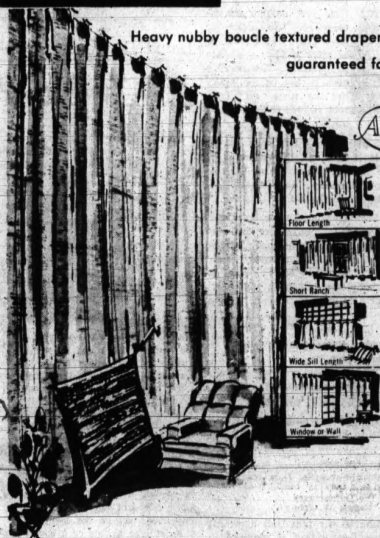

IRS will compute your tax for you only if you earned less than \$5,000 and use form 1040A. Even in such cases, many people do the calculation themselves unless they owe the government money. Letting IRS figure out the bill delays the day of payment.

Tomorrow: Classes of returns.

Educators Make Effort to Keep Youths in School

Even before the Soviets' first satellite success spotlighted the quality of American education, educators were aware of the small number of young people who graduate from high school.

Here in Pontiac, a 1955 study gave youngsters in the seventh grade a 58 per cent chance to graduate.

Since that report, the Pontiac School System has tailored its programs more closely to keep youngsters in school and give them a background for jobs in a technological society immensely more complex than that of their parents.

Increased counseling and testing have made it possible to identify more potential dropouts. Greater variety in what is taught enables a growing number of students to find an area in which they can succeed in school and later in life. Different methods of how to teach a subject have helped youths learn more and better.

There has been, since 1955, an increase in school holding power. But it is estimated to be not much more than 3 per cent above the 1955 figure.

The reasons preventing a greater improvement are two. One is a lack of finances. The second is the schools' inability to control those causes for dropouts which lie in the home and in society.

There has been proposed a plan to improve services in seven elementary schools in which many students have particular problems of being unprepared to learn what the school has to teach. Cost of this program would be \$65,924.

The expense would be above the record \$9,790,790 budget proposed for 1962-63 to keep the district's programs at current levels.

Approval of this item would help to reduce deficiencies some children bring with them from the home in reading and in contacts with the outside world.

It would be a large step toward cutting the dropouts.

A favorable vote hinges on whether the school board will find the extra money to meet this and other requests. Conceivably, income will be found this year to meet at least some of the \$399,044 in above-budget requests, of which the elementary school item is a part.

But sometime within the next three years, at the end of which the current 8.75-mill voted levy expires, residents of this school district will have to ask themselves:

"Do I want to pay more for education now or do I want to continue paying for the nearly one million dropouts a year who will be derelicts without jobs?"

Glenn's Continued Work Worth More Than Tour

The idea of sending an American astronaut JOHN GLENN on a public relations goodwill tour has been advanced in some quarters. Fortunately, it has not received much support.

There can be no doubt that Glenn would be well-received; he has handled himself well in the glare of the spotlight. The world has marveled at his flight.

But the possible gain for the Nation would be more than offset by the loss to Project Mercury. Each one of the seven astronauts has an important role in the project, even when his importance is not obvious in space.

Glenn has gained quite a reputation for his cockpit design ability, which still is being highly

utilized. To take him from the project and put him in a traveling road show would surely hinder the progress toward future goals of putting two men in space, orbiting the moon and landing on the moon.

We don't need the window dressing that badly.

The Man About Town

The Final Week For Entries in Baseball Contest: Time to Send In

BY JOE HAAAS

The time for making entries in our baseball contest that's open on Monday, April 9. And that's only one week from today. Your chance to win that \$250 in U.S. savings bonds will be gone unless you take prompt action, and see that your entries are received in this office by that time. Every member of your family is eligible to compete. The prize goes to the person making the nearest correct answer to the following:

What player who has been at bat at least 25 times will be leading the American League on the night of Thursday, May 10, and what will be his batting average?

Detroit's Norm Cash still holds first place among the entries already received. But in former years the leader has usually been a dark horse. What do you think? Your chance at winning that \$250 is as good as that of anybody else, if you do your part. Most of your neighbors have already done theirs.

Coincidentally: What do you do when the door's open.

The deer are coming to town, as Mrs. Charles L. Branson of Waterford reports seeing one on North Perry Street, in Pontiac at dusk the other evening.

Complaints about grass fires are filtering in, and Sheriff

Frank W. Irons calls attention to the fact that a permit from the fire department is required to start one in most of our cities, villages and townships.

The 1962-63 Oakland County official directory is now being compiled by Clerk-Register

Daniel T. Murphy Jr., and will contain the most succinct history of the county ever published.

Now it costs you nothing to be a pupil of the internationally famous

Arnold Palmer, and greatly improve your golf stroke. His series is running in this paper.

To start this week the Old Farmer's Almanac predicts:

"Plenty of fog, says the log," and for the last of the week.

"High gales; rain in pairs."

Widely known throughout Oakland County when she was Superintendent of Schools of neighboring Genesee County for a record period of 30 years,

Mrs. Daisy E. Howard of Flint has announced her candidacy for register of deeds in Genesee County.

Most of us will put our OK on the sentiments expressed in a letter from

George Hannigan of Birmingham, who says the newspaper boys covering the con-con flasco at Lansing would be hard pushed for a daily story if one—

George W. Romney wasn't a delegate. But even then it's getting mighty tiresome.

Enclosed in an envelope with a Pontiac postmark, written in an elderly hand, and bearing the signature,

"Retired Farmer," his letter tells us the only time that he wishes he was back "pudding in the soil" is during these beautiful spring days.

Verbal Orchids to—

Mr. and Mrs. Charles E. Groves of 3015 Auburn Road; 59th anniversary.

Mrs. Garfield Tinsman of Waterford; 83rd birthday.

Mrs. Anna Selwyn of Rochester; 83rd birthday.

Mr. and Mrs. Alanson Hardy of Drayton Plains; 52nd anniversary.

Mrs. Ella Gregg of Clarkston; 85th birthday.

Mr. and Mrs. Charles Winegar of Lapeer; 57th anniversary.

'Put 'Er There, Pal'

David Lawrence Complains:

JFK's Old Pal Gets a Judgeship

WASHINGTON—When a vacancy occurs on the Supreme Court of the United States, the American people expect the President to consider carefully all lawyers with judicial experience and to select the best man to fill the post.

Yet all of the judges today on LAWRENCE the Federal bench and the chief justices of the highest courts in each of the 50 states of the Union were passed over by President Kennedy when he chose Byron R. White to be a Justice of the Supreme Court of the United States.

This is the tragic fact that emerges in the American people's eyes, in effect, that it seemed most important to the President to reward a political henchman and a friend of long standing who has never sat on the bench in a Federal or a state or a county or a city court.

Without asking the advice of members of Congress or requesting the various bar associations to submit the names of prominent lawyers qualified for the post, the President—within a few days after he learned that Justice Whitaker planned to retire—made up his mind quickly to give the post to a friend who has had no judicial experience whatsoever.

It will be argued that President Eisenhower appointed Earl Warren as chief justice even though he, too, had never sat on the Federal bench. But two wrongs do not make a right.

EACH WITH EXPERIENCE Mr. Eisenhower, however, did turn to the bench when he appointed four other men to the Supreme Court—Justices Harlan, Brennan, Whitaker and Stewart. Every one had had experience either on the Federal bench or on the highest court of a state.

It certainly must be discouraging to the many judges who have dedicated their lives to the law to find the principles of a merit system being ignored by President Kennedy.

The American Bar Association itself, moreover, which has a special responsibility to the Nation, unfortunately did not measure up either in this instance. It has a regular committee which, when called upon by the Department of Justice, passes on the qualifications of prospective nominees for the bench.

This committee, in a statement last week, said Mr. White appears to be "exceptionally well qualified" for appointment to the Supreme Court, and then, somewhat apologetically, added:

"Ordinarily our committee might be inclined to accord this rating to a lawyer of Mr. White's comparative youth when appointment to the Supreme Court of the United States is concerned."

"However, our committee has worked closely with Mr. White for more than a year and we had an unusual opportunity to observe him under a variety of circumstances. We have developed a high regard for his rugged adherence to principle, his sense of fairness, his intellectual capacity, his even temperament, his soundness as a lawyer."

In other words, the committee personally likes "Whitzer" White.

Mr. White was the head of the National Citizens Committee for Kennedy during the 1960 presidential campaign and has been a close friend of the President for 20 years. The New York Times in an editorial on Sunday said about the new appointee:

"Certainly he has not yet achieved the scholarly legal distinction that would justify his appointment as a great and inevitable one. Indeed, his most noted public role to date has been as chairman of the Citizens for Kennedy."

Mr. Kennedy wasn't elected to the highest office in the land to

reward his friends and political leanings. Supreme Court justices don't serve just a four-year term. They are appointed to serve for life—through different administrations.

Mr. White, who is only 44 years old, is expected to interpret the Constitution in behalf of all the people of the United States, not just Democrats but Republicans as well, and not just "liberals" but "conservatives," too. That's where the title "all-American" can really come to mean something besides achievements on the football field.

(Copyright, 1962)

Dr. Harold Hyman Says:

Podiatrists Qualified to Prescribe Medicine

Every so often in this complicated world it seems we do injury to those we least like to hurt. I certainly would not consciously want to hurt those who bring comfort to our aching feet!

The other day I made an error in writing about my good friends, the podiatrists, sometimes called chiropodists.

The secretary of the American Podiatry Association has called the mistake to my attention gently and factually.

So, for the record, let me make amends. A correspondent wrote that she had gone to a podiatrist for treatment of plantar warts. She said the podiatrist had told her the warts resulted from a sinus condition which would respond to vitamin A.

I told my correspondent the podiatrist in question should have sent her to a doctor for treatment of her sinuses, if they were in need of it. But then I said that podiatrists were not trained or licensed to administer medicines. This was wrong.

REGARD FOR WORK

A correct statement, which I am pleased to bring to the attention of all my readers, along with my renewed expressions of regard for the fine work done by the profession of podiatry, is: "Podiatrists—chiropodists are qualified by training and licensure to treat the human foot by medical and surgical means in all states and the District of Columbia and Puerto Rico."

Practitioners may and do administer, dispense or prescribe necessary medicine.

The Country Parson

Advice is what you give a fellow when you wish you could give him proper behavior."

Voice of the People:

'Does Pontiac Have a Law to Control Litterbugs?'

Do we have laws in this city for litterbugs? Why aren't signs posted in other cities? Our litterbugs are making the entire city look like the city dump.

Just go for a ride around Pontiac. Can you say you are proud of it? Waste paper, cardboard boxes, beer bottles, etc., clutter the streets.

I have been enjoying Dick Saunders' articles on the "Pontiac of the Future." Let's get busy now on what we have and clean up the rubbish. Let's not wait for one cleanup week out of the year for a little action.

Worried of Picking Up Other People's Rubbish

on troubled waters at this time. Perhaps there are more bad apples.

Wants Information on ARA Loans

Articles have been written on Michigan lagging behind in making applications to take advantage of Area Redevelopment Administration loans to small businesses seeking to expand the employment picture. None of these articles has indicated where these applications should be made.

Wanted Like (Editor's Note: The Press will soon be printing articles concerning the Area Redevelopment Administration and where applications for loans can be made.)

Business Owner Disturbed by Bill

I am amazed—astounded—and very disappointed in Farrell E. Roberts' Employment Benefit Bill.

How can he propose extra burdens on employers in his district who are seasonal or resort operators?

He must be aware of the present 4 per cent maximum Michigan Employment Contribution, the 3 1/2 per cent Social Security, the 3 1/2 per cent Workmen's Liability Insurance, the 1 per cent Federal Admit, plus other benefits which have been imposed on us. Yet he proposes an additional 2 per cent.

We, as seasonal or resort operators, are not unstable, precarious, flimsy, decrepit, as his bill catalogs us. Our dilemma is heaped upon us through either weather, locale or Michigan Liquor Control permits. I trust he will see the plight of the small, seasonal employer and not consider him an unstable employer.

Ed Morey

'Russia's U.N. Votes Seem Off Scale'

Russian leaders advance Russia's case by "not" risking the life of a soldier. They saw to it that Russia got three votes in the U.N. back in 1945. The Soviet Union was admitted to the U.N. as the Ukraine, Byelorussia (White Russia), and the remainder of the states. Why—should Russia have as many votes as the United States, France and Great Britain combined?

James Hill Jr.

Tells of New Ways to Screen Educators

"Well-balanced" is not very well-informed. There are other ways of screening our teachers or administrators. Psychological tests and interviews to be used by other school systems. These tests detect emotional instability many times. There may be occasional teachers who would be using every precaution to protect our children and the teaching profession.

I don't blame "Well-Balanced" for being so much in the spotlight. However, please no more oil

Case Records of a Psychologist:

Obesity Reduces Length of Life

By DR. GEORGE W. CRANE
Case L-176: Jack, aged 42, is a fat man with heart trouble.

"Dr. Crane," he began, "my family doctor says I should reduce for I now weigh 205."

"Since I am only 5' 9", he tells me to diet and get down to at least 170."

"But I find it hard to stick to a diet. I've tried diets, but it is tough going."

"But I must lose weight, for I get a feeling of pressure over my chest when I walk fast or climb stairs. And I am also slapping in my armpits, our marriage is now platonic."

Does fat make it harder on the human heart? And how can I lose off excess blubber most easily?

Your body sports an extra 3 miles of blood vessels for each 5 pounds of extra fat.

Jack will take off the 35 pounds his physician urges. His heart will be freed from the load of pumping blood through those extra 21 miles of blood vessels.

Remember, at each beat of his heart he must move blood through 21 miles of needless pipes.

That additional load on the pumping system of a fat man's water supply will likewise require more energy in the central pumping plant.

Well, the heart is the "pump" of the blood supply, so when you diet, you thus reduce the work required of your faithful human pump.

FAT FAT Excess weight also reduces your lifespan in various ways; in addition to wearing out your heart itself.

It increases the likelihood of diabetes and even cancer. It raises blood pressure and thus makes a stroke of apoplexy more frequent.

But it also reduces a man's erotic vigor, for fat men are more inclined to cuddle their stein of beer than their wife.

You can roughly estimate a man's virility by this simple yardstick:

Does he talk about vicinals or athletics?

When men pass the age of 40, especially if they are cigarette addicts, they demonstrate little female chatter about which restaurant serves the most tasty salad or the best wine or the choicest caviar.

Virile men show away their food without such feminine chat. Oh, they recognize differences between homogenous pies vs. the usual restaurant variety, but they don't sit around gossiping about eating places.

Sets Up 99 Scholarships

OWOSSO (AP) — The Bentley Foundation of Owosso has established 99 scholarships at 44 public and private colleges in Michigan. The range in value from \$375 to \$750, depending on fees.

Coalition Will Press State Tax Passage

ANN ARBOR (AP) — A Republican senator indicated today that a coalition of Democrats and moderate Republicans will attempt to push a compromise tax program through the State Senate this week.

Sen. Stanley Thayer of Ann Arbor said the coalition favors enactment of a statewide income tax, misanthropic taxes on cigarettes and telephone and telegraph service and repeal of the business activities and intangibles taxes.

He said a move will be made to send additional state payments to cities after sufficient revenue becomes available — probably after an income tax would go in effect on Jan. 1, 1963.

Thayer said the misanthropic taxes would yield about \$20 million a year and would be needed for quick revenue until an income levy produced some cash.

He said the coalition is within one or two votes of the 18 necessary for a majority in the Senate.

The income tax proposal has been held up by the Senate Taxation Committee, whose chair-

Imprisoned 15 Years, to Finish Other Term

TRENTON, N.J. (AP) — August B. Doak, once linked to Detroit's notorious Purple Gang, will be released from New Jersey State Prison next month after serving 15 years of a life sentence for kidnapping.

But Doak will be going from one prison to another. He will be turned over to Michigan authorities to finish serving a 10 to 20-year sentence at Southern Michigan Prison for armed robbery.

Doak, now 45, escaped from the Michigan prison with three other men in September 1947. His freedom came to an end Aug. 1, 1956, in a spectacular chase and capture, after kidnapping N.J. state trooper George R. Kell.

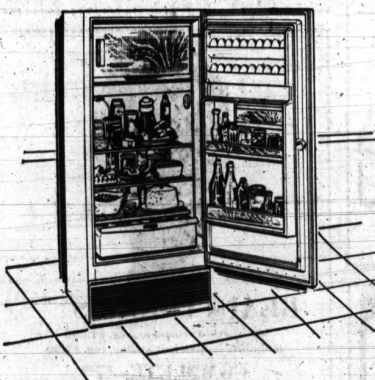

Like Superior has depths of only 1,000 or more feet while Lake Erie (about 300 feet).

Florida Governor Views Results of Killer Tornado

MILTON, Fla. (AP)—The tornado which ripped through Milton and killed 15 persons may have been one of the most powerful ever to strike this state.

Gov. Farris Bryant and a group of city and county officials toured the stricken area Sunday and saw first hand how completely the Saturday twister devastated a residential area in this northwest Florida town.

Bryant said he was appalled at the violent force of the winds, which in one area blasted a group of houses so thoroughly that the foundations couldn't be found.

For the width of about three blocks, the twister swept down every house and ripped every tree to shreds, leaving only bare tree stumps.

PRISONERS WORKERS
Bryant said federal authorities were expected to begin assessing the damages today for possible assistance. The civilian defense organization and highway patrol have filed a preliminary damage figure of \$1.5 million.

The State Road Department planned to move in to clear debris from the storm area.

Bryant flew over the seven-mile-long strip of wreckage in a Navy helicopter, then toured by automobile. He was high in praise of rescue operations and the feeding and housing of the refugees.

An estimated 1,300 relief workers, including 250 National Guardsmen and several hundred

Critical Army Unit 'Had to Employ Interior Tanks'

WASHINGTON (AP)—A strategic Army Corps unit on round-the-clock readiness alert in 1960 was equipped with tanks unfit for combat, a House Defense Appropriations subcommittee has disclosed.

Although about \$300,000 was spent on repairs the tanks were not kept in serviceable condition. Investigators of the Government Accounting Office reported. The watchdog group said some of the 348 tanks remained unrepaired for two years.

The subcommittee testimony, released Sunday, concerned the 4th Marine Tank Battalion, 6th Armored, when it was stationed at Ft. Bragg, N.C. The unit since has moved to Europe.

When GAO inspectors checked the battalion, according to the testimony, it found 72 tanks at least seven or eight years old. During a 250-day period, each of the battalion's tanks was out of service for repairs an average of 70 days.

Missouri Arrests 4 on Blue Law Charge

KANSAS CITY, Mo. (AP)—Two stuffed rabbits sold in Kansas City Sunday resulted in the arrest of two store managers and two clerks.

The purchasers were detectives checking for violations of the state law which prohibits Sunday sales of non-essential items.

The arrests were the first since Missouri began enforcing its 187-year-old blue law last December. The four employees were released on bonds of \$200 each.

'Brother' Deft at 69

BARRYTOWN, N.Y. (AP)—The Very Rev. Brother Eliphus Victor, 69, former assistant superior general of the Brothers of the Christian Schools, died Saturday. Brother Victor from 1946 to 1961 administered to and directed the activities of 20,000 Christian Brothers in 80 countries.

Dies After Long Illness

CHICAGO (AP)—Mary Dickerson Donahay, 85, former newspaperwoman and author of children's books, died Saturday after a long illness. She was the wife of William Donahay, Chicago Tribune artist and writer.

Banker Is Heart Victim

LOS ANGELES (AP)—John Langstaff, 52, manager of the Bank of America airport branch and president of the town Association of Southern California, died Sunday of a heart attack.

Producer's Wife dies

HOLLYWOOD (AP)—Ruth Siegel, 53, wife of motion picture producer Sol C. Siegel, died Saturday of a cerebral hemorrhage.

A black bear, weighing 700 pounds, was shot on Rich Mountain in Polk County, Ark., in 1957.

Science Shrinks Piles

New Way Without Surgery Stops Itch — Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months. In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment* form called *Preparation H*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

President Invited to Freedom Festival

DETROIT (UPI) — President Kennedy has been invited to attend Detroit's Freedom Festival this summer.

The invitation was extended to the chief executive officer of the weekend by Joseph E. Sullivan, Detroit Mayor Jerome P. Cavanagh's executive secretary, and Noble Trevis, director of public relations for Michigan Consolidated Gas Co.

SUSPECT: Definitely not the butter (she doesn't have one). It must be that balky, old water heater. It never has been very reliable, and now when she needs it most—BRRRRRR!

SOLUTION: Get a water heater that keeps up with the demands of modern living... replaces hot water as fast as you use it... a Gas water heater.

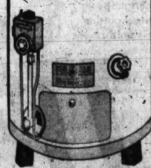

Get a Fast-Recovery HANDLEY-BROWN Gas Water Heater!

Investigate the many Handley-Brown quality features. Rock-hard glass lining won't rust. Sturdy outer jacket, fiberglass insulation, uni-flame burner, heat-holder baffle and automatic controls assure sparkling pure hot water at all times.

Multimillionaire's Bond \$500,000

Looks to Court for Release

EL PASO, Tex. (AP) — Hopes of multimillionaire Billie Sol Estes to go free from jail apparently rested on a federal court appearance today.

An associate said he was confident, however, that Estes' \$500,000 bond could be raised if a plea for lower bail was unavailing.

Estes and three other businessmen are charged with conspiring to take fraudulent chattel mortgages from one state to another.

Asst. U.S. Atty. Wayne Speck told newsmen the government would oppose any reduction of bond when Estes goes before U.S. Dist. Judge R. E. Thompson.

Officers drove Estes to El Paso Sunday from Pecos, where he had been held since Friday night. The 37-year-old prisoner ignored questions from newsmen.

Also here were his father, John Estes, of Clyde, Tex., and W. W. Tague of Pecos, who said he is an insurance and real estate man. It was Tague who said he felt the bond would be available.

An addition to the mushrooming troubles of Estes was suspension of the state grain warehouse license held by one of his firms, United Elevators, Inc., at Lamesa, Tex.

State Agriculture Commissioner John C. White suspended the license pending an investigation. He said the move was precautionary.

The three men charged with Estes, all officials of Superior Manufacturing Co. of Amarillo, Tex., won release earlier on bonds of \$25,000 each.

They are Harold E. Orr, Jr.

ESTES TRANSFERRED — Billie Sol Estes (right) enters a receiving room at the sheriff's department in El Paso, Tex., escorted by Deputy U.S. Marshal Ralph Gilliland (center). Estes was brought there from Pecos, Tex., for a hearing in Federal District Court on a plea for bond reduction in a spectacular mortgage case. Estes' bond originally was set at \$500,000. At left is El Paso County sheriff's deputy Jake Martinez.

Recovering From Cold

NEW DELHI, India (AP) — Prime Minister Nehru's temperature was reported near normal today and he had virtually recovered from a slight cold.

A medical bulletin said the 72-year-old prime minister slept well Sunday night and no more bulletins would be issued.

Safety note: The only person who carry their age well, because they watching their health that they can handle a quart while driving lighten the load every year... have no time left to enjoy it.—East is a milkman... Most women! Some people spend so much time Wilson...

X15 Rocket Plane Test Delayed to Wednesday

EDWARDS AIR FORCE BASE, Calif. (AP) — A mechanical malfunction has again delayed testing of a new automatic control system for the X15 rocket plane. Next attempt to fly the test craft will be Wednesday or later, a spokesman said.

The plane was four minutes from being launched Saturday when the flight was called off for the fourth time in a week. The X15 is dropped from a high-flying B52 bomber for its test runs.

A vending machine will hold 130 different items and make change up to \$20.

Accounting and Financial Administration

Graduates of P. B. I. have been successful in obtaining employment leading to advancement for over fifty years.

Accounting background is proven preparation for executive positions in business and Government.

Accounting is the second fastest growing field for men.

IT'S A BLUE WORLD — So seems to be the case for Mike Dion, 6, as he forms a picture of frustration and discontent. Mike, of St. Petersburg, Fla., broke open his piggybank to buy a glider, only to discover the eternal truth about "the best laid plans of mice, men (and small boys)." Rain in the Tampa area was heavy, and Mike had to delay the purchase till a brighter day.

Swiss Voters Reject Ban on N-Weapons

ZURICH, Switzerland (UPI) — Men in this traditionally neutral nation yesterday voted against a proposed ban on nuclear weapons for the Swiss-armed forces.

The country's male voters overwhelmingly rejected a proposed constitutional amendment calling for a ban on the production, purchase and stockpiling of nuclear weapons by Swiss forces at home and abroad.

In Switzerland women do not have the right of vote on matters concerning the whole nation.

Bronx Zoo Bears Up as Hyenas Cry Wolf

NEW YORK (UPI) — The Bronx Zoo received 708 calls yesterday for Messrs. Lyon, Wolf, Fox and Bear, the New York Telephone Co. reported.

Only 77 other calls received on special switchboard were not April Fool pranks.

MAN WITH A MESSAGE — Kurt Frings (right), agent for actress Elizabeth Taylor, is met by Eddie Fisher in the lobby of New York's Hotel Pierre last night after his arrival from Rome with "a message for Eddie" from his wife. Frings would not say what the message was, calling it a "personal message—a private matter."

Liz Sends Note to Her Eddie

Actress Has Luncheon With Burton in Rome; Fisher's in New York

By FRANK BRUTTO
ROME (AP)—Elizabeth Taylor sent a courier to New York over the weekend with a personal message to Eddie Fisher and then took her three children by previous husbands on a date with Richard Burton.

Miss Taylor was protected against photographers by police and a chauffeur swinging a broom on her leisurely Sunday off from her film role as Cleopatra.

The husky Burton, who plays Marc Anthony opposite Miss Taylor in the film, was by her side in public for the second day running as they dined together.

Fisher, the slight singer who left Debbie Reynolds and his two children to marry the widowed Miss Taylor three years ago, was in the United States still professing that everything was romantically okay in his life.

A MESSAGE
Kurt Frings, agent for the couple, told newsmen on arriving in New York Sunday that he had "a message for Eddie" from Liz. He would say only that it was "a personal message—a private matter."

Burton's wife and children went from Rome to England last week. Miss Taylor and Burton, linked romantically in the gossip columns, went nightclubbing yesterday. Sunday, she took her three children—Michael, 8, and Christopher, 6, by actor Michael Wilding, and Lisa, 3, by the late producer Michael Todd—to the Tyrrhenian seacoast town of Torvaianica, 20 miles southwest of Rome, for lunch.

Artists 'Steal' Michaelangelo Statue in Italy

FLORENCE, Italy (AP)—Word spread through this birthplace of Michaelangelo Sunday that a group of Florence artists had gone to Vatican City to steal the world famous Pieta statue ticketed for display at the 1964 World Fair in New York.

Later in the day, crowds gathered in the central plaza as a truck drove into Florence carrying a statue. A sign read: "The Pieta of Michaelangelo, taken from Rome to Florence by Florentine artists so it won't be shipped anywhere."

But when the crowds moved in closer they saw the statue was a plaster copy of the priceless work. And thus the people remembered—it was April 1, April Fool's day, and in Italy they do it big.

Name LIT's Bradley to All-America Five

KANSAS CITY (UPI) — John Bradley of Lawrence Tech in Detroit, the seventh leading scorer in the nation's small college ranks with a 29.3 average per game, today was named to the National Association of Intercollegiate Athletics All-America basketball team for the second consecutive year.

Bradley is a six-foot, two-inch senior forward and has been drafted by the Detroit Pistons of the National Basketball Association. Robert Armstrong of Northern Michigan, a six-foot, four-inch, junior forward, received special mention, Toy Palmer and Mike Bohmet, received honorable mention.

Ferris reached the quarter-finals of the NAIA championships at Kansas City in mid-March.

Viet Nam Fight Claims 40 Reds

U. S. Army Helicopters Aid Government Troops in 3-Pronged Attack

SAIGON, South Viet Nam (AP) — South Viet Nam troops supported by U.S. Army helicopters mounted a three-pronged attack on a Communist mountain stronghold this weekend, killing about 40 Viet Cong in two days of fighting.

The operation was reported by Jack Foisle, special correspondent for the San Francisco Chronicle who accompanied the mission. No details were available from any military source.

The attack was described as the largest yet conducted in the 2nd Corps area of central Viet Nam.

The attack began Saturday in a remote mountainous section about 270 miles north of Saigon. Twelve U.S. helicopters based at the coastal town of Qui Nhon, carried 100 Vietnamese troops into battle.

Two Vietnamese units marching toward the area reportedly had failed to reach the site by late Sunday, but a company of rangers was flown in by helicopter as reinforcements.

The operation was continuing today, but U.S. and Vietnamese sources declined even to confirm it was under way.

Expect Guerrilla Tactics in Algeria

By PHIL NEWSON
UPI Foreign News Analyst
Notes from the foreign news cables:
MISFIRE
The Secret Army Organization (OAS) opposing President Charles de Gaulle's settlement in Algeria misjudged badly when it ordered civilians into Algiers streets, with the result that some 70 of the demonstrators were killed.

Partly as result, French officials now are hoping that the situation in Algeria gradually will calm down.
They do not hope for completely normal conditions, but believe the OAS now will switch to guerrilla tactics instead of head-on clashes.

Meanwhile, De Gaulle is confident of a 75-80 per cent "yes" vote in April 8 referendum on Algerian independence.

Only "Algerie Francaise" die-hards and some right of center elements are likely to vote "no." There may be some abstentions.
Observers in Paris expect others of the Communist bloc countries, in addition to the Soviet Union and Czechoslovakia, to put pressure on neutral Austria to stay out of the West European common market.

Austria is pledged to neutrality and does not plan to ask full membership in the EEC.

At the same time she is worried that severe losses may be suffered if she is unable to enter some kind of tariff arrangements with the common market countries.

Whether she asks for full common market membership or only an association, the Soviets are certain to oppose it.

The common market also is of deep concern to Great Britain which still is on the outside looking in.

Prime Minister Harold Macmillan is expected to call a meeting of the 14 commonwealth premiers in midsummer or early fall to tell them whether Britain has a reasonable chance of entering the market on terms acceptable to the commonwealth countries.

It seems also most certain that conditions of entry will mean reduction of preferences now enjoyed by commonwealth countries in the British market, especially in agriculture.

NUCLEAR BAN
Nikita Khrushchev's idea of bringing neutral nations into nuclear test-ban talks apparently is quietly being shelved.

The U.S., Britain and Russia, now confining their 41-month-old wrangle under the new guise of a subcommittee of the general disarmament conference, have worked out a procedure whereby they submit verbatim transcripts of test ban sessions to the full conference which includes eight nonaligned delegations.

Even Russia has admitted that to permit neutrals into negotiations only would cloud already muddy waters.

SOVIET REVIEW
The Kremlin presumably will be spending the coming week reviewing results of Geneva discussions over Berlin and the Red Chinese meeting of the peoples' congress in Peking.

Scarcely any details of the Peking meeting have appeared

in the Moscow press, which also handled the Geneva discussions with delicacy.

Both sides seem intent on not rocking the Berlin boat.

Contract Let on Piers

DETROIT (AP) — The Detroit district of Army Corps of engineers announced over the weekend the contract to rebuild piers at St. Joseph, has been awarded to R. Malabochi and Associates Inc. of Chicago on a bid of \$272,928. Work will begin in May with completion slated for November.

4 U. S. Facilities in State Areas Being Closed Up

WASHINGTON (AP) — Four Michigan military installations, originally costing a total of \$4,500,000, have been closed or are in the process of being closed, the Defense Department announced last week.

The Michigan facilities are part of some 10 military installations shut down since the administration announced plans a year ago for eliminating facilities no longer needed by the Pentagon.

The Michigan sites closed, with their acquisition cost, acres involved and number of employees affected, follow:

Former Nike site, Frenchtown, \$50,000, 80, 0; Camp Lucas Nike site, \$1,600,000, 119, 0; Grand Blanc storage facility, No. 2 (Army), \$1,700,000, 35, 15; Livonia Ordnance storage facility (Army), \$1,000,000, 20, 16.

At Least 13 Killed in Traffic

Weekend Death Toll One of Biggest

By The Associated Press

At least 13 persons lost their lives in motor vehicle traffic in Michigan on the weekend as the spring time here brought out cars in volume.

The toll, including the three deaths in an Ionia County car-train collision Saturday, was one of the largest in weeks.

In addition, a Coldwater boy died of electric shock when a lamp fell into his bath water and an elderly Mason man was burned to death in a brush fire.

TRAFFIC

Mrs. Marie Selander, 42, of Ann Arbor, was killed in a two-car crash on Ann Arbor Road in Plymouth Township of Wayne County Sunday.

Forest Blair, 47, his wife, Nora, 46, and their son, Ivan, 14, of Hopkins, Allegan County, were killed Saturday when their panel truck skidded into the path of a freight train in the Ionia County village of Clarksville.

Josephine Hoppens, 70, of Detroit was struck and killed by a car as she was walking across a Detroit street Friday night.

Faye Madison, 77, of Petoskey died Sunday of injuries suffered when she was struck by a car Friday night in Petoskey.

Richard J. Barrie, 18, of Pontiac Township in Oakland County died Saturday of injuries suffered when his car was struck by another five miles west of Pontiac.

Mrs. Eleanor Kaufman, 21, suffered fatal injuries when her car rolled over Saturday on U.S. 131 South of Kalamazoo.

Mrs. Dorothea Foster, 29, of Big Rapids was killed Saturday when her car went out of control and overturned six miles east of Big Rapids.

John F. Yankus, 46, of Leroy,

was killed Saturday when his farm tractor ran off an Oshtemo County road and overturned on him in a ditch.

Paul Holman, 52, of Detroit, was struck and killed by a car as he crossed a street in suburban Hazel Park Saturday.

Terry Berry, 6, of Ithaca, died Sunday of injuries suffered when a car struck him on an Ithaca street Saturday.

Ben Parker, 23, of Highland Park died Sunday after being

struck by a hit-run driver in Detroit.

FIRE

Grover C. Akra Sr., 74, of Mason, burned to death Saturday when his clothing caught fire as he burned brush along a cornfield fence on a farm near Mason.

MISCELLANEOUS

Geoffrey Preston, 7-year-old son of Mr. and Mrs. Granger Preston of Coldwater, was killed by electric shock Saturday when a lamp fell into his bath water.

Exhaust Fumes Kill Two

HILLEDALE (AP) — Elsie M. Tyler, 38, and Duane Harrington, 21, both of Hilledale, were found dead early Sunday in a parked car on Half Moon Lake Road.

Tales of Victory Against Cancer

(Editors Note—Not long after Mrs. Maurine Neuberger's husband, a sufferer from cancer, died of a cerebral hemorrhage, she too was diagnosed as a cancer victim. Her story of bereavement and battle is a dramatic one. As a contribution to public understanding Mrs. Neuberger has written three dispatches describing her experiences. Her first report follows.)

BY SEN. MAURINE NEUBERGER
(Written for United Press International)

Whenever I look at the statistics of cancer cases for the past year, they have a personal meaning for me because I am one of them.

When I look at the figure of 5,000, which means new cancer cases in Oregon in 1961, I see myself sitting in the doctor's office and being told that I have cancer.

All banks of numbers relating to this disease now take on a new perspective. I am neither depressed nor gloomy nor vainglorious about my affliction.

To face it no longer think of it until I see those figures although I know there was little publicity when I had a cancer operation in November 1961, and I sometimes sense a desire among my friends and colleagues to question me although they feel a reticence about using the term cancer.

RELIEVES DOCTORS

I have been successfully operated on. I believe my excellent doctors when they tell me that I have every reason to resume my normal life.

My operation and confinement is an episode that is behind me. But I shall be glad to view myself as a cancer victim if telling you about my personal experience will help you to help yourself.

The word "cancer" is difficult for some people to utter, especially when talking to a cancer patient.

When I indicate that I am willing to discuss my own experience, there is an immediate outpouring of questions, but the one that leads all the rest is, "What made you go to the doctor?"

These same friends had seen me active and even exuberant one day, and the next morning they read of my admission to the hospital at the University of Oregon Medical School.

I was heavier than I had been in over a year, so I didn't look sick and nobody could possibly say, "I suspected there was something wrong with her."

ALWAYS HEALTHY

I will tell you what I told my fellow Oregonians. I have always been healthy and considered physical examinations necessary for other people.

I had to be coerced into making the annual appointment by repeated reminders from my family and the family doctor.

I always postponed the examination until the week before I was to return to my duties in the Senate in Washington, D.C., as the short recess in Oregon was too important to be interrupted by this event.

But this time was different. I had returned from a lengthy trip to Africa with the Senate Foreign Relations Committee, and was unable to overcome a persistent hoarseness that had plagued me during the last week of the trip.

I went to my doctor for a

MRS. MAURINE NEUBERGER

throat examination while I was there. His first examination was followed by a prothoracoscopy, which confirmed his suspicions and I knew before the report came from the laboratory that I probably had cancer.

FACES TELL STORY

The looks on the doctors' faces were enough. In three days, I was in the hospital. I had planned and looked forward to a trip to Arizona with President Kennedy when we would be honoring one of our most revered colleagues, Sen. Carl Hayden, on the occasion of his 50 years in Congress.

But even this pleasant prospect wasn't persuasive enough to delay the operation one week. I knew better than to ask for a delay. When you are dealing with cancer cells, immediacy is of prime importance.

Today, as I go about my duties in the Senate of the United States, I am the beneficiary of hundreds of millions of dollars of research and experimentation.

I am the product of innumerable hours devoted to a cause by men and women I shall never see or know.

Yearly, we spend over \$7 billion on tobacco, \$2 billion on jewelry, \$431 million on

parimutuel betting, but only \$110 million on cancer research.

45 MILLION PEOPLE

Current estimates are that about 45 million people now living in this country will eventually have cancer, and at present rates, about two-thirds of those will die of the disease.

Money alone will not reduce these last two figures, but it will help. You can't buy cancer research at the corner drug store. It will build a clinic that otherwise would not be built, or it will provide a scholarship to help some medical student who might otherwise never have been able to pursue a career in medicine.

The government has seen the need for more funds and the aid to cancer research through the national institutes of health has tripled in recent years.

As a direct result of these funds there is a greater understanding of cancer-inducing agents, of viruses, hormones, chemicals and bacteria.

Each day brings advances in treatment of the many types of cancer through chemotherapy, radiation, or as in my case—surgery.

INDICATE ABILITY

These gains indicate the ability of science to put to effective use all the resources made available.

I stress the role of the federal government in this fight against a dreadful disease because it is responsible for the health and welfare of the American people as a nation.

Through your tax dollars, you support the National Cancer Institute and educational programs through the National Defense Education Act.

Of course, the government is ably aided by the private foundations.

The country needs the program of the American Cancer Society, which has done so much to provide the day-to-day emphasis, to inform the public and encourage the open discussion of cancer.

NANCY ELIZABETH FELKER

Fall vows are planned by Nancy Elizabeth Felker, daughter of Mrs. Juanita Felker, Princeton, Ky. and William E. Felker, Madison, Ky. to Carl W. Knaack Jr., son of the senior Knaacks of Old Orchard Drive, Watford Township.

Mrs. Williams Reappointed

To Direct UF Business Calls

Mrs. William H. Williams of Shiloh Avenue has been appointed women's business chairman of the 1962 Pontiac Area United Fund Fall campaign for the second consecutive year.

The announcement was made today by Mrs. Joseph Fox, women's campaign chairman.

Mrs. Williams and her workers will be assigned businesses in downtown Pontiac, Miracle Mile and Tel-Huron shopping areas. Under her leadership last year these special women's business calls netted 155 per cent of their \$250 goal, raising \$388. Residential business calls assigned to district chairmen totaled \$1,595.57 in Pontiac and \$2,027.50 in Water-

ford. Combined women's business calls amounted to \$4,617.

Mrs. Williams has worked with the United Fund Drive for seven years as solicitor and district chairman prior to taking over business calls in last year's drive.

MRS. WILLIAM H. WILLIAMS

A life long resident of Pontiac, Mrs. Williams is acquainted with the business scene, having worked at Lion Store for many years.

In addition to her United Fund work, Mrs. Williams has been active in the Aven Crane Extension Club, Parent-Teacher Association and March of Dimes. Her hobbies of flower making and cake decorating are employed to cheer patients in convalescent homes.

Mrs. Williams is an employee of Pontiac Motor Co. The Williams have one daughter, Carol Ann, who attends Madison Junior High School.

Cash Gift Improper From Boy

The Emily Post Institute

Q: I had a birthday last week and my boy friend handed me a birthday card in which was enclosed a \$10 bill. He said that he didn't know what to buy me and to please use the money for something I really wanted.

It sounded practical to me but when my mother heard of it she said it was very improper for a girl to accept money from a man. I can't see what the objection is to this, as he spent in all probability to have spent this amount on a present anyway.

Being able to buy something I like makes more sense than having him buy something that is useless to me. I would like your view on this matter.

A: While your point is well taken, I have to agree with your mother. According to convention, a woman does not accept money from a man. It is entirely proper for him to send you a card with a note and pick out something you like and buy it for you, but for him to give you actual cash is really taboo.

Q: I am to be married shortly and as my parents cannot afford to give me a reception, I am not planning to have one. My fiancé's parents have told me that if I would like a reception they will pay the expenses and that will be their gift to us. Would it be proper to let me do this?

A: I'm sorry, but it would not be proper. A wedding matter how simple it may have to be, must be given by the parents, or relatives, of the bride.

Q: My brother-in-law's name is Lawrence but everyone calls him Larry. When addressing a note or card to him, would it be proper to address it to Mr. Larry Jones, or must it be Mr. Lawrence Jones?

A: Correctly, when writing to him he should be addressed Mr. Lawrence Jones. The Emily Post Institute offers readers booklets on a variety of subjects concerning etiquette. If you would like the booklet entitled "The Bride's Trouseau," send 10 cents in cash and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Set Tryouts for Drama

Tryouts for the Lake-Land Players' production of "Visit to a Small Planet" will be held Sunday and Tuesday evening from 7 to 10 at the Waterford Community Center.

The play, which will be the 10th staged by the Players since the group formed in 1959, is set for May 25-26 at the Center. Judy Packard is the show director.

Production crew people as well as cast members are being sought for the show, the final one of the season. Any one interested in participating in either capacity is asked to be present for one of the try-out sessions.

Maple Leaf Unit Sees Fashion Show

A spring fashion show was presented before the Maple Leaf Luncheon Club during its monthly gathering Friday at Devon Gardens.

Hostesses for the day were Mrs. Arthur Hunt, Mrs. Ben Mosher and Mrs. William R. McClure.

President Mrs. Harold McDowell announced the April luncheon as guest month. Chairman for the event is Mrs. Tom McCarty. Other guests are Mrs. M. L. Lamb and Mrs. Charles W. Furrer.

Women's Section

'Don't Force Music on Children'

By MARY CAMPBELL

NEW YORK (UP) — They're never too young to start studying music—if they have real talent.

But for heaven's sakes, don't force them.

That's the advice a veteran piano teacher named, Adele Marcus gives parents who fancy they have minuscule Mozarts in the nursery at home.

Miss Marcus of the Juilliard School of Music, who has taught hundreds of students, including Byron Janis—in the last 23 years, explains:

"I don't think foisting lessons upon all children is advisable. The proper age for lessons to start is the age of interest."

She does, however, believe in music, if not in music lessons, for all children. "Play good music on the radio or records," she says, "primarily when the child is quiet."

TALENT SHOWS

If exceptional inclination toward music is present, Miss Marcus says, the parents will

probably know it when their offspring is very young. "The child may sing excerpts from arias at the age of 5 or correct a sister's piano lesson from his little crib."

"Of course these things don't happen with every child, but if it's a big talent the musicality shows through."

Miss Marcus suggests that a parent who suspects musical talent is showing through measure the youngster against two standards:

1. The child has the ability to absorb and retain. He organizes the music he has heard

before and may be able to reproduce it.

2. He responds emotionally to the music. He may cry because he is touched by music, or he may quickly get into the mood of the music—become very stimulated by heroic music, for example.

Q: I have a birthday last week and my boy friend handed me a birthday card in which was enclosed a \$10 bill. He said that he didn't know what to buy me and to please use the money for something I really wanted.

It sounded practical to me but when my mother heard of it she said it was very improper for a girl to accept money from a man. I can't see what the objection is to this, as he spent in all probability to have spent this amount on a present anyway.

Being able to buy something I like makes more sense than having him buy something that is useless to me. I would like your view on this matter.

A: While your point is well taken, I have to agree with your mother. According to convention, a woman does not accept money from a man. It is entirely proper for him to send you a card with a note and pick out something you like and buy it for you, but for him to give you actual cash is really taboo.

Q: I am to be married shortly and as my parents cannot afford to give me a reception, I am not planning to have one. My fiancé's parents have told me that if I would like a reception they will pay the expenses and that will be their gift to us. Would it be proper to let me do this?

A: I'm sorry, but it would not be proper. A wedding matter how simple it may have to be, must be given by the parents, or relatives, of the bride.

Q: My brother-in-law's name is Lawrence but everyone calls him Larry. When addressing a note or card to him, would it be proper to address it to Mr. Larry Jones, or must it be Mr. Lawrence Jones?

A: Correctly, when writing to him he should be addressed Mr. Lawrence Jones. The Emily Post Institute offers readers booklets on a variety of subjects concerning etiquette. If you would like the booklet entitled "The Bride's Trouseau," send 10 cents in cash and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

But Abby Picks Conservative Title

Readers' Advice Liberal

By ABIGAIL VAN BUREN

DEAR READERS: A battery of attorneys advised me to change the title of my new book, MARRIAGE ON THE ROCKS. So I sent an SOS to you for some suggestions, and the response was so overwhelming!

From Alaska, "Why not call it, 'How Now, Thou Vow?'" From Brazil, "Marriage In Orbit."

From Canada, "Wedlock Deadlock." A captain in Korea suggested, "Bethrothed and Betrayed," and from Maine to California came, "Altar Ego," "Double Bedlam," "Marriage Fallout," "How to Succeed in Marriage Without Really Trying," "The Marriage Mirage," "The Rise

and Fall of Marriage," "Stalemate," "Remember the All-mom," (from Texas, match), "A Funny Thing Happened to Me on My Way to the Lawyers," "Bed and Bored," "The Trouble With Marriage," and "How to Stay Single in a Private Institution." And literally thousands of others.

Since my book is all about marriage, I have decided to play it straight and call it simply, DEAR ABBY ON MARRIAGE. It will be out in May. You might be disappointed with the title, but you won't be disappointed with the book. And that's a promise!

Gratefully yours, ABBY

DEAR ABBY: Last night I felt very blue and depressed. My parents were not home as I telephoned my boy friend, who is taking basic training in Texas. We got carried away in conversation and talked for 35 minutes. When we hung up,

I called the operator to find out how much the call cost and she said \$23.80. Now, Abby, I am only 15 years old and do not have that kind of money. I am afraid to tell my mother because I know she will be furious. I am terribly sorry for what I did, but that won't help now. Would it be proper for me to ask my boy friend for the money?

TELEPHONE TROUBLES

DEAR TROUBLES: Don't ask your boy friend for the money. He has his own troubles. Tell your mother and ask her to take it out of your allowance (if you get one). Otherwise, offer to "work it out" somehow. Your parents were lucky your boy friend wasn't in Korea. And next time, try the pen.

For Abby's booklet, "How to Have a Lovely Wedding," send 50c to Abby, care of The Pontiac Press.

Readings Set Friday

Rathbone to Appear

Actor Basil Rathbone, "Sherlock Holmes" in 15 films will present a program of dramatic readings Friday as part of the Michigan State University Oakland Community Arts Council lecture-concert series.

"An Evening with Basil Rathbone" will begin at 8:15 p.m. in the Pontiac Northern High School auditorium.

Also famed for his Shakespearean acting, Rathbone has played 59 different roles in 23 of Shakespeare's plays.

NOTED SWORDSMAN

Regarded as one of the theater's most able swordsmen, Rathbone's film duels with Errol Flynn in "Captain Blood" and with Tyrone Power in "The Mark of Zorro" are considered classics of the up-and-down-the-castle-stairway school.

Other stage credits include roles in "The Swan," "The Captive," "The Heiress" and "The B.".

TICKETS AVAILABLE

His presentation here will include selections from "Poe," "Conan Doyle," Browning and Shakespeare.

Single (non-series) tickets for the Rathbone performance are available from the Dept. of Students Office, MSUO, Rochester.

Charles Laughton, originally scheduled to appear here this spring, has been forced to cancel most of his engagements because of a back injury received in a fall at Flint in January. Tickets for the Laughton performance may be used for Rathbone's performance.

From Alaska, "Why not call it, 'How Now, Thou Vow?'" From Brazil, "Marriage In Orbit."

From Canada, "Wedlock Deadlock." A captain in Korea suggested, "Bethrothed and Betrayed," and from Maine to California came, "Altar Ego," "Double Bedlam," "Marriage Fallout," "How to Succeed in Marriage Without Really Trying," "The Marriage Mirage," "The Rise

and Fall of Marriage," "Stalemate," "Remember the All-mom," (from Texas, match), "A Funny Thing Happened to Me on My Way to the Lawyers," "Bed and Bored," "The Trouble With Marriage," and "How to Stay Single in a Private Institution." And literally thousands of others.

Since my book is all about marriage, I have decided to play it straight and call it simply, DEAR ABBY ON MARRIAGE. It will be out in May. You might be disappointed with the title, but you won't be disappointed with the book. And that's a promise!

Dance Class on Tuesdays

A new "advanced beginners" Square Dance class is scheduled to start at the Waterford Community Center Tuesday for eight weeks.

Classes will meet at the center on Williams Lake Road every Tuesday from 8 to 10 p.m. for beginners. The course offers intermediate level basics for those who have completed the regular series. Sam Joan is instructor and caller.

Pre-registration and enrollment may be made by contacting Mr. and Mrs. Sam Joan.

'Mothers' Plan Flint Card Party

Department of Michigan Blue Star Mothers will hold a card party Wednesday in Flint, it was announced recently when Blue Star Mothers, chapter four, gathered for a sold-out girl luncheon at the home of Mrs. Frank Schmidt of Fairmount Avenue.

Next meeting will be at the Young Men's Christian Association April 20.

Amies Club members are completing arrangements for a spring style show "Americana Abroad," slated at 7:30 p.m. Wednesday in Elks Temple. Decorations chairman Donna Darrow (second from left) gets a sneak preview of a colorful floral print raincoat which will be shown with club models (from left) Jeannette Wright, Pamela Griffin and Kathy Fitchett.

Mrs. and Mr. Sam Woods have returned to their home on Berkley Drive after a vacation in Fort Lauderdale, Fla. The couple stayed in the Yankee Clipper Hotel where the New York Yankees are housed for their spring training until April 7.

MSUO Secretaries to Give Hat Show

The Secretaries of Michigan State University Oakland will sponsor a hat show featuring 204 bonnets for sale Tuesday 5 to 8:30 p.m. on campus in Oakland Student Center's Cold Room.

Proceeds from the show by the SOS (Save Our Students) Club will go toward helping students with financial problems.

WAC Wed in Okinawa

Army chaplain Lt. Col. Wilmer H. Bottoms officiated at the marriage of Spec. 4 Linda C. Teague to Pfc. Raymond D. Parr of Waverly, Ga., at Sukiran Army Chapel, Fort Buckner, Okinawa.

The bride, who is stationed at the U.S. Army Hospital with the Women's Army Corp Detachment,

is the daughter of Mrs. Nola Calhoun, Drayton Plains, and William Teague of North Astor Street.

Best man at the March 17 ceremony was Spec. 5 Bobby Golden, U.S. Army, stationed with the bridegroom on Ryukyu Islands. Mrs. Golden was the bride's matron of honor.

Couple Marks Silver Wedding Anniversary

The Frank J. Novotneys of South Anderson Street observed their silver wedding anniversary at an open house Sunday afternoon in the North Perry Street home of Mr. and Mrs. Leonard Thielen. Members of Mrs. Novotney's card club were the hostesses.

The guests included the Albert Novotneys, Metamora, the Thomas LaClaves, Rochester; Mrs. Edward Novotney and daughter Mary; Brazil, Ind.; Paula Novotney, Cedarville, Ind. and the Charles Van Vectors, Terre Haute, Ind.

The couple's children, Gary, Linda, Michael and Roger also attended the affair.

Psychological 50 Pct. of the Time

Backache? Get Rid of It!

By JOSEPHINE LOWMAN

We might well say that many women carry their housework on their backs. The backache is one of the most common of all ailments and many physicians feel about half such ailments are due to psychological factors.

So much is known now about the repercussions of the emotions on the body that ideas which would once have seemed as ridiculous as flying around the earth are now conceded to be facts.

If you feel resentment toward your housework, if you are bored or discouraged by it, your back may help you out by developing a pain to save you from tasks you dislike, and the pain is real.

Of course the same may be true of any situation which arouses damaging and distressing emotions.

OFTEN SIMPLE REMEDY

However, there are many many other causes. Therefore, if you suffer with a continuing backache, you should seek competent medical advice. Often the remedy is very simple.

For instance, your backache may come from poor posture, lax muscles, from improper shoes or from sleeping on a mattress which is too soft, lumpy or sagging.

There are also more serious causes such as kidney disease, arthritis, a slipped disk, gall bladder disease, female trouble, stomach trouble or pulled ligaments.

A nagging backache can dampen a woman's zest for life and is therefore a serious matter even if the cause is not serious. The main thing is to get rid of it.

Even doctors sometimes have difficulty in discovering the

It appears that it isn't the housework, but the burden of a backache which is causing this lady distress. If you have a continuing backache, you should see your doctor.

cause so do not indulge in a guessing game yourself. Let your physician decide.

Some backaches come from tension, especially in the region of the neck. Sometimes heat will relieve this.

In his helpful book, Family Medical Encyclopedia, the noted Dr. Justus J. Schiffer, director of the Health Education Council, says, "Prevention of backache in its most common forms can be partly achieved by developing good posture, good sleeping habits, and a good level of general health by avoiding overweight, strain, and

accident (learn how to lift properly); by dodging communicable diseases or getting prompt treatment for them; and by cultivating a high level of mental health."

Open House Marks Runyan Milestone

The Melvin Runyans, who are observing their 60th wedding anniversary today, held open house Sunday at their home on Quillen Street, Drayton Plains. Some 30 relatives were present.

Get Dental Help After First Sign

(NEA) — Should you find that your gums bleed every time you brush your teeth, run, don't walk, to your dentist's office. This way you can avoid serious trouble that may eventually cause the loss of teeth.

Three Kinds of Cheese Go Into Baked Lasagna

By JANET ODELL

Pontiac Press Home Editor

There are many recipes for Lasagna. This is a delightful main dish that is flavorful and filling. With it you need only a green salad and dessert.

Mrs. Barney Yagoda is our cook today. She helps her husband with his work a few days each week. With him she also sponsors a teen-age group. Cooking is one of her hobbies.

BAKED LASAGNA

By Mrs. Barney Yagoda

2 pounds ground beef

1 clove garlic, minced

1 tablespoon parsley flakes

1 tablespoon basil

1/4 teaspoon salt

1 can (1 pound) tomatoes

2 cans (6 oz.) tomato paste

3 cups cream style cottage cheese

2 beaten eggs

1/4 teaspoon salt

1/4 teaspoon pepper

3 tablespoons parsley flakes (yes, again)

1/2 cup grated Parmesan cheese

1 pound Mozzarella cheese, sliced very thin

Brown meat slowly, spoon off excess fat. Add next 6 ingredients. Simmer uncovered about 30 minutes. Cook noodles in boiling, salted water until tender. Drain and rinse with hot water.

Combine cottage cheese with eggs, seasonings and Parmesan cheese. Place half the cooked noodles in 13x9x2 pan. Cover with half the cottage cheese, then half the Mozzarella and half the meat sauce. Repeat these layers.

Bake 30 minutes at 375 degrees. Let stand 10-15 minutes before cutting into squares to serve. Makes about 10 servings.

Paris of East Bloc Coverup for Red Curbs

'Golden Prague' Lacks Only Freedom

PRAGUE, Czechoslovakia (U.P.) — of the East bloc. There are night clubs, strip joints, jazz spots, swank restaurants — all the things the Communists usually condemn as evidence of capitalist decay.

It's communism with a juke box, as one Englishman here put it.

A Westerner's eyes might pop, coming here after a tour of the red of the Arab Communist world.

You see people pretty well dressed. Stores seem well stocked. Restaurants serve international foods. Strip dancers peel to Cole Porter's "Love for Sale." You can order Scotch whisky, bubbling Cremen champagne and Hungarian wines.

This is a showcase for communism. Not only for Westerners, but also for visitors from the rest of the Communist world — except Albania and Red China — and from the emerging African and Asian nations the Communists want to woo.

But communism under the regime of President Antonia Novotny exists behind the glitter of Prague. There are the secret police and many curbs on freedom of the individual.

Plain clothesmen keep long vigils outside hotels where foreigners stay.

They do their best to stop Czechs from making contact with foreigners, even with those from the rest of the Soviet bloc.

NO 'GOLDEN PRAGUE'

The night life seems gay to the visitor, but to the Czech it is nothing like the "Golden Prague" of the past.

"Look carefully," said an elderly Czech who knows Western life, "and you'll see that nothing is done with the lightness and the ease you find in the West. It's too forced here. There's no freedom in it."

Though they are much better off than people in most Communist countries, Czechs complain. Their biggest complaint is lack of freedom.

"Hundreds of American tourists come here every year," said a Czech, "and all they can do is marvel that we are not as poor in material things as some people in the West believe."

"So many of them can't seem to grasp that what we lack is the freedom to say and do what we want."

DRESS REVUE WINNERS — Tops with thread and needle among Oakland County 4-H girls who competed for dress revue trophies on Spring Achievement Day Saturday were Carmean Sue Miller of Brandon Township and Evelyn Nice of Waterford Township, both 15 years old. They are pictured here showing

their prize-winning costumes to Mrs. Dan Abbey of Orion Township, dress revue chairman, left, and Mrs. Ruth Monney, county 4-H agent. Evelyn, far left, placed first and Carmean Sue, second, in the competition held at Pontiac Northern High School.

Yearly Business Routine

Townships Hold Meetings

Residents turned out in widely varying numbers to conduct mostly routine business in 20 area township meetings Saturday.

Number of residents attending the meetings varied from one to 175. One meeting lasted only seven minutes.

Most townships adopted tentative budgets.

Sixteen of the 20 townships are in Oakland County.

Following is a round-up of action taken at the meetings:

PONTIAC

All matters depending on the state of finances were excluded from the Pontiac Township annual meeting.

A motion to adjourn the meeting until April 23 except for matters not dependent on the treasurer's report was passed when it was learned the report would not be ready for about 30 days.

The action, taken at the meeting began by the nearly 100 residents in attendance, led to confusion and controversy throughout the meeting. Arguments repeatedly developed over whether a matter under discussion depended on finances.

Among the business completed within this limitation was setting the time of board meetings at 7:30 p.m. on the second Monday of the month, and approval of beginning summer hours at township offices in April (closed Saturdays and open until 8 p.m. Mondays). Other action included provision for a stenographic record of all future annual meetings, and authorization of the board to hire an attorney.

HIGHLAND

Authorization to hire an architect to design an addition to the Highland Township Hall by the Township Board.

The action was taken after the board agreed to provide the supervisor with a private office by partitioning a portion of the present library facility.

In adopting a \$53,496 budget the board allocated \$800 more for library service than it did in the 1961-62 fiscal year. The year the library board received \$7,700.

The board also decided to hold a joint meeting with White Lake Township officials in the near future to discuss bonding and sinking regulations on White Lake. The lake takes in parts of both townships.

About 40 persons attended the joint meeting which lasted nearly two hours.

WHITE LAKE

An \$85,330 budget was adopted Saturday by the White Lake Township Board.

This includes \$10,000 to construct an addition to the township hall. The project had been planned in the previous fiscal year but a lack of funds delayed its construction.

Also included in the budget is \$12,200 for the operation of the police department and \$12,000 for the fire department.

Allocations for the various departments are nearly the same as last year.

OAKLAND

A \$40,876 budget was adopted and a resolution passed opposing Oakland County's proposed new jet airport at the Oakland Township annual meeting.

All 31 of the residents present in addition to the township board voted in favor of the board's resolution, similar to the petitions being circulated in Orion Township.

The resolution is to be sent to the County Board of Supervisors. The budget is \$2,000 higher than last year's.

In other action, approval was given to a request for one mill from the County Tax Allocation

Board and to continuing the meeting day of the township board as the second Tuesday of the month. It was decided that residents would pay half the cost of chloriding roads, with the township paying the rest.

MILFORD

The Milford Township Board approved the hiring of a part-time deputy clerk in adopting its 1962-63 budget at the annual meeting Saturday which 19 citizens attended.

The \$28,000 budget is comparable to last year's financial report. It includes \$3,500 for library services, \$7,500 for the fire department and \$1,200 for new clerical help.

SPRINGFIELD

A 1962-63 budget of \$7,720 was adopted at the annual meeting of the Springfield Township Board, a \$500 reduction compared to last year's budget.

Of this, the township, which has no township tax, will have \$13,300 for operations. Salaries will take another \$6,300.

The fire department vehicle replacement fund to purchase new equipment received \$6,800 and \$2,000 was set aside for the township matching fund program.

Some 175 residents attended Saturday's annual meeting to adopt a tentative budget of \$76,200, which is \$40,000 higher than last year's.

A motion was approved to ask 1.5 mills from the County Tax Allocation Board to be spent for general purposes. The same amount was requested last year.

Since the treasurer's report on receipts and expenditures during the past year was not ready, action was taken to have the report published in two newspapers within 30 days of its receipt from the treasurer.

Commerce Township residents who attended the annual meeting Saturday were told that it would be necessary for them to petition for a millage election if they wanted the township to set up a dog warden department.

Supervisor Tom Tilly said the additional millage would be needed because it would cost the township \$15,000 to \$20,000 annually to provide for the control of dogs.

The board also agreed to consider in the near future an ordinance that would control boating and skiing on lakes in the township.

The board adopted a \$116,875 budget for the 1962-63 fiscal year. This is approximately \$2,500 more than last year's budget.

The new budget includes slight salary increases for the assessor, building inspector, clerk and two firemen.

Other townships

A budget of \$155,824 was approved in Independence Township, where some 50 residents spent the rest of the two-hour meeting in discussion of Oakland County's proposed new jet airport. Opinion on the airport was divided.

Lyon Township approved a budget of about \$20,000 most of which is derived from state sales tax since the township itself has no tax. Nearly \$2,200 was allocated for library services. This is \$500 more than was provided last year.

The rest are as follows:

Additional: \$22,000 budget adopted. Anti-airport resolution tabled. Brandon: Budget of \$40,850 adopted.

Home: \$14,500 budget approved. Groveland: Budget of \$17,000 approved.

Orford: Routine business. Budget to be approved at April 11 board meeting.

Royal Oak: Routine business. Shelby: Shortest meeting in area in seven months. Budget not considered.

Washington: Only one resident attended. A budget of \$43,750 approved.

Westland: Routine business. Dryden: \$5,000 budget approved.

5 Cities, Village Deciding Issues

Areas Voting Today on School Tax, Charters and Positions

Voters will decide mayor and council races and the fates of five proposals in elections today in five area cities and one village.

Three charter amendment proposals are on the ballot, two in Wolverine Lake Village and one in Wilmett.

They voters will decide again on a school tax proposal for three mills over a four-year period. They defeated the same proposal in November.

A proposal to permit dancing in taverns will come up for the third time. In Lapeer, where two city commissioners also will be chosen from five candidates.

Mayors will be elected in Troy where voters will also choose two city commissioners from four candidates, and in Wixom, where three of the four candidates for these council seats are incumbents.

Four council posts will be filled from a field of six candidates, including one incumbent, in Walled Lake.

Lapeer Girl Runner-Up as Homemaker

LAPER — Carol Hunt, covalent daughter of Lapeer High School's 1962 graduation class, has been named runner-up in the Betty Crocker Homemaker of Tomorrow for Michigan contest.

Carol will receive a \$500 scholarship, which she plans to use to attend the University of Michigan for study in medicine or languages.

Carol, the daughter of Mr. and Mrs. Keith E. Hunt of 642 Lincoln St., has served as class secretary, as yearbook staffer and student council member.

The \$1,500 scholarship awarded to the winner went to Melissa Reading of Redford High School, Detroit. Melissa will compete in the national Homemaker of Tomorrow contest for a \$5,000 scholarship.

The awards are based on the results of written knowledge and attitude tests.

Highway Dept. to Accept Xway Work Bids April 11

LANSING — The State Highway Department says it will take bids April 11 on contracts for construction of 4.5 miles of freeway in the Detroit area. The bids will be for three projects, estimated to cost \$7.5 million.

The projects include work on a 4-mile section of I-94 east of Mount Clemens, 1.1 miles of work on the John C. Lodge freeway in Detroit and 1.3 miles of preliminary work on the Lodge freeway extension in Detroit and Southfield.

Accord Special Recognition to 4-H Achievement Winners

Special recognition was accorded Saturday to two "veterans" of 4-H work in Oakland County who were chosen from close to 1,000 contestants for top awards at the 1962 Spring Achievement Day at Pontiac Northern High School.

Named county overall achievement award winners were Carolyn Canfield, 18, of the Busy Fingers Club, Milford, and Steve Chaplin, 17, of the East Orion Club.

Carolyn, who was second alternate in the dress revue, is the daughter of Mr. and Mrs. John Canfield of 2751 Grand River Ave., New Hudson. Her major projects have been in homemaking.

A senior at South Lyon High School, she is a past president of her 4-H club.

Steve, a specialist in electricity, is president of the East Orion Club and a senior at Lake Orion High School. His other projects include junior leadership, money management and photography.

Steve served as master of ceremonies for the evening program held in the auditorium at Pontiac Northern at which time top awards of the day were presented.

Keith Middleton, president of the 4-H Leaders Assn., gave the welcome.

Another highlight of the evening program was the naming of winners in the annual dress revue competition which drew 270 entries from throughout the county.

Two 15-year-olds, Evelyn Nice, of Waterford Township, and Carmean Sue Miller, of Brandon Township, placed first and second respectively.

Evelyn, a member of the Busy 4-H Pals Club, is the daughter of Mr. and Mrs. Jack Nice of 445 Lakeside Drive. She is a "veteran" of six years in 4-H work.

Carmean Sue's parents are the Milton Millers of 1810 Dartmouth Road. This is the first time in her five years of 4-H work that Carmean Sue has won a prize for sewing. She is a member of the Seymour Lake Club.

A colorful dance number by the Bloomfield Club earned a large group prize for its participants and another award in this talent division went to other members of the same club who staged a pantomime.

Small group winners were Barbara Walden and Sue Alex, both of Bloomfield, who did a comedy routine. Vocalist Pat Gohman of Galloway Lake also was cited for outstanding talent.

Pontiac Press Photo

their prize-winning costumes to Mrs. Dan Abbey of Orion Township, dress revue chairman, left, and Mrs. Ruth Monney, county 4-H agent. Evelyn, far left, placed first and Carmean Sue, second, in the competition held at Pontiac Northern High School.

To Invoke Defense Pact

AMMAN, Jordan (AP) — The Arab Council has decided to invoke a mutual Arab defense agreement in the event of what it calls further attacks by Israel on Syria, the Mecca radio reported.

Italy's population density is about eight times that of the U.S. mainland.

Six Claw Way Out of Quarry Tunnel

BATH, England (AP) — Six exhausted schoolboys crawled to safety early today after being lost for nearly 12 hours in a maze of old quarry workings.

Rescue workers using searchlights had searched for them

through five miles of caves and tunnels. The boys — all about 16 and plastered with mud — explained they lost their way on a cave exploration trip. They said they finally clawed their way out by moving about 20 feet of soil with their fingers.

Hawaii grows about 25 per cent of the U.S. supply of sugar.

S. Rhodesian Police Halt Political Meetings

SALISBURY, Southern Rhodesia (AP) — Police fired riot shells and several Africans were arrested Sunday when demonstrators at three political meetings ignored orders to disperse. No serious casualties were reported.

The disorders occurred chiefly

at meetings of the Zimbabwe African People's Union, which is headed by Southern Rhodesia's African nationalist leader, Joshua Nkomo.

Cloves are the unopened flowers of an evergreen tree on the Indian Ocean Isle of Zanzibar. The buds are picked by hand twice a year. Some trees bloom for more than a century.

Given Post Office Job

WASHINGTON (AP) — The Grand Rapids, Mich., firm of Robert Meyer Corp. has been awarded a contract to build a new Wyoming branch post office in Grand Rapids, the Post Office Department announced over the weekend. The completed building will be leased to the government for \$11,400 a year for a 20-year

term with renewal options. Completion is set for nine months after plans are approved.

Saudi Aids Algerians

AMMAN, Jordan (AP) — King Saud of Saudi Arabia has contributed one million pounds—\$2.8 million—to the Algerian provisional government, Mecca radio said Sunday night.

Brazilian Leader's Image Changing

By ROBERT BERRELEZ
BRASILIA, Brazil (AP) — He drives a small car along with the rest of the traffic whizzing down the new wide avenues of Brasilia. He doesn't look like a millionaire. In public, he doesn't act like one.

Joao (Jango) Goulart is not only a millionaire, but the president of the largest nation in Latin America. Today many Brazilians say he has begun to act like a president, although military leaders last August did not want him in the job.

The men in command of the military then — they since have resigned — charged that Jango Goulart was too far left, tied too closely to Communists, to move into the presidential palace Jan Quadros left with his sudden resignation Aug. 26.

When Goulart goes to Washington Tuesday to visit President Kennedy, North Americans will not see much of the old Goulart left — the political left of dictator Getulio Vargas, the ex-labor minister who was accused of working with Communists to strengthen his political hand. The ex-vice president who charged foreign firms bribed Brazil.

MOVED TO CENTER
As president and leader of 70 million Brazilians, Joao (pronounced Jo-ahn, almost rhyming with go-down) Goulart has moved into the center in the political spectrum. He is not and never was a Communist.

"In countries like Brazil," he says, "all reformist politics is labeled as leftist by forces interested in maintaining the status quo."

"In countries like Brazil, the state necessarily has to exercise a role of leadership in a policy of development. Many times this is confused with socialism or even with communism."

As for his political ideology now, Goulart sums it up in what he calls "two words": "Development — to conquer backwardness."

"Freedom — so that the struggle against underdevelopment can be carried out within the principles of democracy."

Goulart's trip to Washington, New York, Chicago and the Stra-

ngle Air Command headquarters in Omaha is his first outside Brazil since he assumed the presidency last September with the nation on the verge of civil war because of a military roadblock against him.

Under military pressure, the Brazilian congress adopted a parliamentary system of government.

Notes on Hollywood Scene—

John Wayne Is Angry at MGM

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD — Notes and comment on the Hollywood scene—

A man who mimes no verbs in John Wayne. When announcing his six-picture deal with Paramount he growled, "This is the last studio you can put any confidence in."

Strong language from a guy who has worked at them all. Wayne may have been smarting from his treatment at the hands of MGM.

THOMAS He has grown a beard and stood ready to do a final segment in "How the West Was Won," in which he played Gen. Sherman.

The call never came. Wayne shaved the beard down to a goatee to assume his 5-year-old daughter.

Runaway or runaway? Anyway you figure it, Hawaii is getting quite a play from Hollywood moviemakers. Wayne and John Ford will film a James Michener story in the islands in June.

"Diamond Head" with Charlton Heston and George Chakiris is there now.

Elvis Presley beaches in Hawaii this month with "Girls, Girls, Girls." Next year Fred Zinnemann will make his monumental "Hawaii."

Gower Champion got more flowers than the stars on his first day as a movie director on "My Six Loves." They were mostly from wife Marge, who is perfectly content to keep the home fire burning.

DIRECTING DEBBIE
Gower is directing his old friend Debbie Reynolds — and thus end filibuster over anti-poll tax amendment. For the motion — Hart, D. McNamara, D.

On adoption, 77-15, of resolution providing for submission to the states of a proposed constitutional amendment to outlaw the poll tax as a voting requirement in federal elections. For the resolution — Hart, McNamara.

HOUSE
On resolution adopted, 234-172, closing tax revision bill to amendments from the floor. For the

that left Goulart as a mere figurehead president.

HAS OUTGROWN LIMITS
But Goulart apparently has outgrown the boundaries cut out for him. He seems to wield considerable influence.

"The parliamentary system is in a transitional stage," observes one deputy, Joao Mendes, "We

have what still amounts to a presidential system. Goulart was elected vice president and he is now president with as much authority as the council of ministers."

This latter group is headed by Prime Minister Tancred Neves. Goulart looks forward to his trip to the United States to meet

ing Kennedy. — "A man of my own generation, of progressive spirit."

"Relations between the United States and Brazil are progressing normally, that is, within the climate of traditional friendship and good understanding," Goulart told this reporter.

"Beyond this and within the dynamics of international relations, the prospects are good for the strengthening of that friendship with real benefits to both countries and for the continent."

Kennedy and Goulart will find they have a lot in common. Both are wealthy. Both are 44 years old. Both are Roman Catholics. Both have attractive wives.

Goes to Buy Gravestone, Collapses and Dies
NEW HAVEN, Conn. (AP) — James C. Fish, 77, had been saving money all year for a bigger gravestone for his late wife and himself.

After selecting a stone Saturday Fish collapsed at the monument dealer's. He was pronounced dead a short time later.

The New Films: "Gelsa Girl" is a thin but generally amusing farce enhanced by some wonderful Japanese scenery and the excellent miming of Shirley MacLaine as a movie star turned Gelsa; "The Man Who Shot Liberty Valance" is a Western in the old tradition with John Wayne and James Stewart standing off the bad "uns; "Reprieve" is routine prison drama packed with names but held together by Ben Gazzara and Ray Walston.

The Harvard Lampoon made its awards for movie worsts this year with a special thank you to Victor Mature for not making a picture this year.

hurled the political gauntlet in Swainson's face.

"The governor says he wants politics removed from the convention," Can Peursem said. "If he isn't just mouthing what he feels is a popular phrase, then I challenge Gov. Swainson to appoint a Republican to the con-con seat given up by Kent Lundgren."

Lundgren, a pharmacist, was twice unsuccessful in bids to take the Senate seat from Miron.

Along with Swainson and the candidate, Atty. Gen. Frank J. Kelley, State Treasurer Sanford Brown, Secretary of State James M. Hare and Highway Commissioner John C. Mackie have campaigned under the Democratic standard in the district during the past week.

Swainson has given no indication whom he will appoint to fill the constitutional convention seat vacated by Lundgren.

Our Congressmen Vote
WASHINGTON (AP) — How Michigan members of Congress voted on recent roll call votes:

SENATE
On Mansfield D-Mont., motion adopted 62-15, to take up Alexander Hamilton Monument Bill and thus end filibuster over anti-poll tax amendment. For the motion — Hart, D. McNamara, D.

On adoption, 77-15, of resolution providing for submission to the states of a proposed constitutional amendment to outlaw the poll tax as a voting requirement in federal elections. For the resolution — Hart, McNamara.

HOUSE
On resolution adopted, 234-172, closing tax revision bill to amendments from the floor. For the

resolution — Diggs, Dingell, Griffin, Lesinski, Nedzi, O'Hara, Ryan (all Democrats).

Against — Broomfield, Cederberg, Chamberlain, Ford, Griffin, Harvey, Johnson, Knox, Mendenhall, Bennett, R. Hoffman, R.

On passage, 219-196, of tax revision bill. For — Diggs, Griffin, Lesinski, Nedzi, O'Hara, Ryan, Against — Broomfield, Cederberg, Chamberlain, Ford, Griffin, Harvey, Johnson, Knox, Mendenhall. Not voting — Bennett, Dingell, Hoffman.

Miss America '62 in London Says: 'No Cheesecake'
LONDON (UPI) — Miss America 1962 pulled her skirt down over her knees yesterday and declared, "Cheesecake is out."

"I'm a modern sort of beauty queen—intellect before looks," Maria Fletcher, 19, said to the photographers who met her here. "I'm definitely not posing for cheesecake pictures."

Miss Fletcher, posing in a high-necked, full-skirted dress, said she didn't think she was the prettiest girl in the Miss America contest.

"Thank goodness it wasn't a swim-suit kind of beauty contest," she said. "Judges gave double points for talent, then they looked for poise in a swim-suit and evening gown."

Vaults 16 1/2 Outdoors

Uelses Sets New Record

SANTA BARBARA, Calif. (AP)—John Uelses, history's first pole vaulter to clear 16 feet—who has done it both indoors and outdoors—has his high set on 16 feet 1/2 inches.

"I was confident I could clear 16 feet," the 24-year-old ex-Marine corporal said after vaulting to 16 1/2 inch Saturday. "But I was too anxious trying 16-0. But my goal this year is more than that. I'm out to do 16 1/2."

His feat posted a new world record at 16 1/2.

The existing recognized mark is 15-9 1/4 set by Don Bragg. A performance of 15-10 1/4 by George Davies, of Arizona State University is pending.

Uelses' outdoor achievement at the 24th Annual Santa Barbara Easter Relays came on his second try after vaulting to 16 feet in the 16-foot barrier indoors last winter at the same height.

The height first was announced at 16 1/2, but subsequent measurement booted it a half-inch, to the delight of Uelses and a crowd of 6,000.

He failed in three later attempts to clear 16-4.

Dave York, 26, a Marine first lieutenant at Camp Pendleton, turned in his all-time best performance by clearing 15-8 1/4 in competition with Uelses. York couldn't make it in three tries at 16 1/4.

Win Masters Preview

ATLANTA (AP)—Young Tommy Aaron of Gainesville, Ga., teamed with Bo Wininger to score a 3 and 1 victory over Doug Sanders and Loddie Kempf of Macon Sunday in the Masters' preview golf contest.

Ohio State Takes Swim Title Easily

BALK LESSONS — Umpire Augie Donatelli is not teaching dancing. He's teaching pitchers how to avoid balk calls when the hurler tucks toward first base to hold the runner. This is the annual visit by umpires to camps to interpret rules changes. Casey Stengel (left) appears concerned with the umpire's demonstration.

Michigan 4th Despite Marks Set by Nelson

Michigan State Sixth in NCAA Team Play at Columbus

COLUMBUS, Ohio (AP)—Ohio State has moved one up on Michigan in their duel for NCAA swimming championships.

The Buckeyes won their 11th team title in 28 years here last weekend as Michigan fell to its lowest finish since 1936, coming in fourth behind Southern California and Minnesota.

Michigan had been pegged for the runner-up spot and Southern Cal was predicted to finish third. But the Wolverines, who have 11 NCAA team titles of their own, fell out of it early in the meet.

Ohio scored 92 points, Southern Cal 48, Minnesota 41 1/2 and Michigan 32. Michigan State placed sixth with 20 points.

Nick Nelson of Michigan broke his own intercollegiate and NCAA records by swimming the 100-yard breaststroke in 1:07.11. His old intercollegiate and NCAA records were both one-tenth of a second slower.

Jeff Mattson of Michigan finished fourth in the 100-yard backstroke, Bill Dungan of Michigan placed fourth in the 400 yard free style. Pete Cox and Ron Jacob of the Wolverines placed fourth and fifth respectively in the three meter diving event, and Michigan's 400 medley relay team placed sixth.

Church All-Star Team Beats Referees, 61-56

The YMCA Church Basketball game was climaxed over the weekend with All-Stars defeating the league referees, 61-56 in an overtime game.

Willie Ratliff of Macedonia Baptist led the All-Stars with 20 points while John Harrison posted 17 for the refs. Cady Martin of Trinity Baptist had 12 for the stars, followed by Ross Luther and Doug Tanner of St. Paul Methodist with 8. Bob Wisdom had 14 for the referees. It was decided in a league meeting prior to the game that the league may possibly be enlarged next season.

Honor Lindsay, Orlando

DETROIT (AP)—Ted Lindsay and Jimmy Orlandi were named to the Detroit Red Wings' first all-star team by the Detroit Hockey Writers Association.

Lindsay played 13 years with the Wings prior to his being traded to the Chicago Black Hawks in 1957. He still holds the National Hockey League record for goals by a left wing. Orlandi played on two Detroit Stanley Cup champions in the late 1930s and early 1940s.

Bickford Pro Keg Champ

On the extra hole Marr hit a three-quarter No. 8 iron about three feet from the pin and ran in the putt for a birdie three in five. Steelsmith's second, from the edge of the rough, stopped about 20 feet from the pin. But his putt pulled a foot by the hole.

Mason Rudolph of Clarksville, Tenn., bogeyed Nos. 15 and 17 and finished with 73 for 282 and third money of \$1,400.

Tied for fourth at 283, each winning \$1,100, were Tom Bolt, Bill Casper and Howie Johnson.

Casper and Johnson, who were on the tour Monday at Miami, Fla., moved into first place in the

AP Photos

Marr Playoff Winner to Earn \$2,800 at Azalea

WILMINGTON, N.C. (AP)—Little one 363-yard, par four hole, On Dave Marr won more money than he had in 10 previous golf tournaments this year.

The Texas native who plays out of Sun City, Ariz., birdied the first hole of a sudden death playoff Sunday to beat Jerry Steelsmith, Glendale, Calif., redoubt, and win the \$20,000 Azalea Open Tournament.

Marr's \$2,800 first place check compares with the \$2,500 he had picked up in 10 previous tournaments on the circuit this year. Steelsmith, who had won \$2,800 in playing all 13 previous PGA events this year, settled for \$1,000 runner-up money.

TIED AT 91

The two young pros — Marr is 28 and Steelsmith 26 — tied over the 72-hole distance with 261 strokes, seven under par. Steelsmith, with a back nine 32, had a final 68 after opening with 73-70. Marr had 73-68-71-71 over the two-day Cape Fear Country Club course.

A lengthy consultation resulted in a decision to hold a sudden death playoff. Earlier, it had been announced that an 18-hole playoff would be staged in the event of a tie. Marr, headed for Augusta, Ga., and the Masters, was anxious to clean up unfinished business here.

BIRDIE 3 WINS

On the extra hole Marr hit a three-quarter No. 8 iron about three feet from the pin and ran in the putt for a birdie three in five. Steelsmith's second, from the edge of the rough, stopped about 20 feet from the pin. But his putt pulled a foot by the hole.

Mason Rudolph of Clarksville, Tenn., bogeyed Nos. 15 and 17 and finished with 73 for 282 and third money of \$1,400.

Tied for fourth at 283, each winning \$1,100, were Tom Bolt, Bill Casper and Howie Johnson.

Casper and Johnson, who were on the tour Monday at Miami, Fla., moved into first place in the

Win 2 Medals in NCAA Meet

ALBUQUERQUE, N.M. (AP)—Michigan State took home two gold medals from NCAA gymnastics championships here last weekend.

State athletes pulled down the rebound tumbling and still-rings titles but had to settle for fifth-place in the team standings. Neighbor-Michigan placed third on greater team depth.

Dale Cooper of State knocked off defending champion Fred Orlikoff of Southern Illinois on the still-ring while teammate Steve Johnson was edging Tom Osterlund of Michigan for the rebound tumbling title.

Johnson scored 9.3 points to Osterlund's 9.275 in the dual. Lewis Hyman of U.S.M. who suffered a severe brain-injury in a fall, placed ninth in the rebound tumbling.

State's Gani Brown placed second in the free exercise and Arno Lascardi of Michigan finished second on the parallel bars.

Southern California won the team championship, followed by Southern Illinois.

Play Last Round Today

HOLLYWOOD, Fla. (AP)—The final round of the men's International Four-Ball Golf Championship was rescheduled for today. Rain washed it out Sunday.

Paul Desjardins, 39, and Jake Lopez, 41, both of Miami Shores, had a two-stroke edge over the field going into the final.

M' Gynast Still Critical After Surgery

ALBUQUERQUE, N.M. (AP)—It may be a few weeks before the success or failure of brain surgery on a 19-year-old University of Michigan gymnast is known, doctors said here last night.

Lewis Hyman, a sophomore from New York, was injured Saturday night in the finals of the trampoline event in the NCAA gymnastics championships when he fell head first from the trampoline and on to the gym floor.

He was reported still in critical condition last night when doctors said it would take 72 hours before the results of the surgery could be determined.

The French Canadian began writing his ninth dictionary in 1937. It has reached the "C" words.

Pontiac's 1962 Class A City League champions bowed to Nankin Township of Wayne, 55-47, in the semifinals Saturday at Battle Creek. Central High School Flat-house.

Paret's Boss Is Threatened

Police said they had received no complaint from Alfaro or any other official notice that his life had been threatened, and therefore could not act until they received word.

Alfaro said Sunday that he was told "your body will be found floating in the East River" by his criticism of Referee Ruby Goldstein's handling of the fight between Paret and Emilie Griffith continued.

Promised Death Unless Referee Criticism Ends; 'Kid' Unchanged

NEW YORK (AP)—New York police said today they planned to take no action on reported threats on the life of Manuel Alfaro, manager of Benny-Robert Paret, Paret still remains in critical condition from brain injuries suffered in a welterweight title bout nine days ago.

Police said they had received no complaint from Alfaro or any other official notice that his life had been threatened, and therefore could not act until they received word.

Alfaro said Sunday that he was told "your body will be found floating in the East River" by his criticism of Referee Ruby Goldstein's handling of the fight between Paret and Emilie Griffith continued.

Navy Fencing Champ, Wayne 7th, State 12th

COLUMBUS, Ohio (AP)—Wayne State University finished in a three-way tie for seventh in the National Collegiate Fencing Championships here last weekend.

Michigan State tied with Princeton for 12th, and Detroit finished 15th in the team standings.

Wayne State's Bela Szentivanyi came in third in the sabre, division with a 2316 record.

The Naval Academy won the team championship over defenses champion NYU, 76-74.

Outsiders 1st at Milford

On the TV-Bowl Saturday, Larry Mattson of Airway Lanes rolled 390-226 actual to win a color television set and take last place on the list of four contenders to try for a new car later. Sylvia Marston of Huron Bowl was named to compete this week. Hawley's Dick Bonick edged Dick Edge 190 to 188 for the pro bowling crown at Houston, Texas. Bonick edged qualifying leader Harry Smith 244-204 while Edge rallied to take Billy Wolf 207 to 192 in the semifinals. Bonick won \$5,000, Edge \$3,000, Smith \$1,500 and Wolf \$1,200.

One lead changed hands at the Michigan Women's State in Muskegon as Marie Erickson and Mary Kennedy of Hemlock went ahead in doubles with 1,264. A 1,259 score had led up since Jan. 28. There were other big showings in team and singles.

GYMNAST HURT — Lewis Hyman, 19, Michigan University gymnast hurt in the trampoline competition of the NCAA gymnastics meet Saturday night at Albuquerque, N. M., is being carried to a waiting ambulance. Hyman is being carried by students and New Mexico trainer Tom Diehm (far right). Hyman later underwent surgery and is in critical condition.

Sluggers Matured in 1959

Colavito Learned to Swing Softly

LAKELAND, Fla. (AP) — Rocky Colavito didn't learn the facts of life about home run hitting until he was a mature slugger.

"I always thought you had to swing hard to hit over the fence, so that's what I did," said the Detroit Tigers' top home run hitter.

Colavito's lesson came one day in Kansas City in 1959, his last season with the Cleveland Indians. It was the year he led the American League in homers with 42—and a year after he'd hit 41.

Frank Lane, the Indians' general manager at the time, had been loudly critical of Colavito.

Muskegon to Host Final Playoff Opener

MUSKEGON, Mich. (AP) — The Muskegon Zephyrs and St. Paul Saints of the International Hockey League will begin their best of seven championship playoffs here tomorrow night.

Muskegon, which finished first in the regular season standings and went on to beat Minneapolis 4-1 in the first round—playoffs will host the first two games of the Zephyr-Saint series, the second game to be played Thursday.

The third and fourth games will be played in St. Paul, as will the fifth and sixth games if they are necessary.

If the playoffs go to seven games, the teams would return to Muskegon April 17 to decide the IHL champion.

Toledo Race Track Starts 35-Day Meeting

TOLEDO, Ohio (AP) — Raceway Park starts a 35-day race meeting Monday, with some 625 thoroughbreds competing for \$350,000 in purse money.

The four-year-old track had a daily average of 4,650 fans and a mutual handle of \$214,000 during last spring's meeting.

Cold weather and snow hampered last year's operation. One day's racing was cancelled because of a blizzard.

Tops for fun and thrills!

Spahn Pounded Again; Batter Loses Home Run

By The Associated Press

That question referring to Milwaukee's Warren Spahn pierced all baseball discussions today after the Braves' great left-hander absorbed another pounding, giving up 10 runs in six innings during a 16-6 loss to the Chicago Cubs at Mesa Sunday.

Spahn, who'll be 41 in April, has been one of the top pitchers in major league history with 309 victories in a career that started with the Boston Braves in 1922. But, with the opening of the season just a week away, Spahn has yet to make a strong showing.

LOSER 4 TIMES

In five outings, Spahn has been the loser four times—he wasn't involved in the other decision—and has been tagged for 28 runs in 28 innings. Against the Cubs the 12-time 20-game winner was belted for a two-run homer by Ernie Banks and had another

pitch driven out of the park by Lou Brock.

Brock, however, failed to touch home plate in his tour around the bases after crushing a Spahn loss over the scoreboard. Alvin Dark, Milwaukee catcher Joe Torre spotted the mental flub, called for the ball, got Brock out and saved Spahn further embarrassment.

Spahn's aim has been to end any possible dispute over his being acclaimed the top left-handed winner in history with 309 wins. Ed Plank won 326 with 21 coming in the outland Federal League.

Spahn gave no indication of succumbing to Father Time last season as he tied for most victories in the league with a 21-13 record, tied in earned run average at 3.0, tied for the most shutouts with four and was No. 1 in complete games with 21.

ATHLETICS HIGH

The 20 hits struck by the Cubs against the Braves failed to reach the top production effort of the exhibition season. That came at Lakeland Sunday as the Kansas City A's ragged 22 hits in a 13-5 victory over Detroit.

In other games, San Francisco defeated Boston 7-4 at Phoenix; Cleveland edged the Los Angeles Dodgers 6-5 at Las Vegas; St. Louis beat the New York Mets 7-4 in 10 innings at St. Petersburg; and the Chicago White Sox beat Cincinnati 10-6 at Sarasota.

Against American Association minor league competition, the

Los Angeles Angels nipped Dallas Fort Worth 10-9 at Palm Springs, while Houston was belted by Oklahoma City 14-4 at Apache Junction.

Philadelphia-Minnesota-Pittsburgh-Washington and Baltimore-New York Yankees were rained out.

After Spahn departed, Ken Hubbs added another homer for the Cubs — a grand slam. Hank Aaron doubled the Braves with a single, double and home run No. 7.

GETS 4 RBI

Felipe Alou accounted for four RBI with two homers and Orlando Cepeda had a homer in his 3-for-5 performance as the Giants beat the Red Sox for the first time in 14 meetings. Bubba Phillips gave the Indians an early lead in a four-run outburst in the fourth inning.

Battered Hank Looks to Future as Lighthavy

DETROIT (AP) — Henry Hank, blasted by Nigeria's Dick Tiger and his "Cokebuck" belted by Uncle Sam, is headed for a career as a light heavyweight — according to his manager.

Tiger pounded Hank almost at will in a televised fight Saturday night in New York and gained a unanimous decision. When Hank got back to the dressing room, the Internal Revenue Service was waiting with a lien on his purse, claiming he was in arrears in his taxes.

His manager, Harry Baxter, said Hank won't fight any more as a middleweight.

"Henry was weak at 158½ pounds," Baxter said. "He just lacked the strength as that weight."

Baxter said he is trying for bouts with Von Clay or Doug Jones, preferably in Detroit.

'The Hill' Leads Cage Hopfuls

DENVER (AP) — Twenty-five players, led by All America Bill (The Hill) McGill of Utah and five members of the champion Bartlesville, Okla., squad, were named from the National AAU basketball tournament Sunday to try out for the U.S. World Basketball team.

The Yank team will represent this country in the world tournament at Manila next December.

The AAU selections were announced by G. Russell Lyons of Boulder, Colo., chairman of the AAU Basketball Committee, following the 56th annual tourney.

The Bartlesville Oilers gained their 10th championship by rapping favored Denver 70-59 Saturday night. Akron, Ohio, took third place by beating the U.S. Marines 84-74.

In addition to the 25 AAU players, other candidates for the U.S. world team will be picked from the NCAA, NAIA and armed forces ranks. An AAU selection committee will make the final team choices in September.

who refused to slow down his swing. Joe Gordon, then Rocky's manager, tried to get him to hit occasionally to right field without much luck.

"Then came this game in Kansas City," said Colavito. "A left hander—follow name of George Brunet—was pitching. I decided I'd try to swing softly and hit the ball to right field. Well, I did and the ball went 'way over the fence in left center."

SURPRISED GUY

"I was the most surprised guy in the park. Right there and then, I learned I didn't have to swing so hard to hit home runs—that the important thing was to meet the ball and the home runs would take care of themselves."

"There was no more swinging from the heels for me."

"Now I try to hit the ball right back at the pitcher—right through the center of the diamond—every time I'm up. You'd be surprised how many go out of the park."

Colavito's home run production has remained just about the same since he came to the Tigers before the 1960 season. He has hit 80 the past two seasons. Last year he had 65, 45 homers.

He lifted it from 249 to 290 last year. And when anyone suggests that Colavito might be the next to break the 60-homer barrier, he replies:

"I'm just a singles hitter now."

Cincinnati Team Wins National Boxing Title

CINCINNATI (AP)—The dominance of three Cincinnati amateur boxers has brought Ohio its third National AAU team championship in four years.

The Cincinnatians, who took their championships in Saturday night's finals, are:

Wyce Westbrook, 24, a heavyweight who had made it to the national finals three times before only to lose out.

George Foster, who moved up from the 125-pound Golden Gloves title last month in Chicago to take the 132-pound AAU championship.

Bill Joiner, a lightning quick puncher who took the 175-pound crown.

Roy McMillan of Toledo added the clincher for the Ohio team, hammering out a decision over C. B. Smith of Madison, Wis., to take the 156-pound championship.

REATHS 47 POUNDS

For Westbrook a maintenance worker, the victory was doubly

welcome. His blazing attack won a decision over 6-foot-7 Jim Beattie of St. Paul. It was Beattie who suddenly shifted to a left-hand stance and rocked Westbrook in the Golden Gloves heavyweight title last month.

Although they expected to do little at the national tournament, Puerto Rico's team was second to Ohio with Victor Melendez taking the 118-pound title over Frank Glover of Columbus, Ohio. Puerto Rico's Eugene Pizarro reached the 132-pound finals before losing to Foster.

The rest of the championships went to scattered districts. George Colon of New York headed the 112-pound class; Steve Freeman of Houston topped the 125-pound haul; Jackie Range of Elizabeth, Tenn., won the 138-pound barrel; Wade Smith of Portland, Ore., took the 147-pound decision and Richard Gotha of Chicago won the 165-pound crown.

I hear there's something buzzing between Speedway and Marathon

MIDAS MUFFLERS

ARE GUARANTEED FOR AS LONG AS YOU OWN YOUR CAR

Once a MIDAS Muffler is installed on your car, it is the last muffler you will ever pay for as long as you own that car. That's what the MIDAS guarantee means!

If ever replacement is needed you will pay nothing for the muffler itself, only a service charge.

Only MIDAS offers this guarantee, good at all MIDAS shops wherever you drive from coast to coast... and no extra cost! Call MIDAS and end your costly muffler problems once and for all.

Write Down ALL the Steps

Take Your Time... It Turns Out Much Faster

By LESLIE J. NASON, E.D.

Professor of Education,
University of Southern California

"Did I check the answers?"

echoed the student incredulously.

"Why, I didn't even have time to

finish the test, let alone

check over it! I guess I was just

born slow."

Once again the

student was wrong. He

wasn't born slow. He just

drifted into

habits of think-

ing that took up too much time.

You CAN learn to work prob-

lems faster.

INCREASE YOUR SPEED

Here are some tested ways to

increase your speed in working

out problems in arithmetic, algebra

and even physics and calculus:

1. Write down ALL the steps in

the solution of the problem. It's

actually faster! This is one of the

most startling facts I have dis-

covered in 40 years of study.

2. I discovered it by accident.

3. Two students had failed math

tests. Their papers contained

many errors which resulted from

leaving out steps. Mentally, they

were doing two things at once,

which has a tendency to produce

errors.

I suggested that they write out

their solutions, step by step, on

the next test.

They objected strenuously, but I

insisted.

"Write down ALL the steps," I

told them. "At least you may get

one problem right next time. That

will be better than finishing with

all the problems wrong."

On the next test they wrote out

all the steps and, to my surprise

and theirs, they finished it in time

to go back and check their an-

swers. They made A grades.

The two students had solved their

problem—and I had learned a

new principle:

It takes less time to write down

all the steps than it does to leave

some out.

Write your problems neatly.

Make sure that the numbers can

be easily read. When they are to

be placed in columns, make the

columns neat and precise. Sloppy

work can confuse you, even if it's

your own.

Decide to work faster.

When you want your arm to

move fast, it moves fast. Your

mind will follow the same orders.

I have known students to double

their speed of working problems

merely by deciding to work faster.

Working faster also helps you to

keep your mind on your work.

Try all these things and you will

have time to check.

It pays off in better grades.

You may obtain a copy of Dr.

Nason's "You Can Get Better

Grades" booklet by sending \$1 to

The Pontiac Press.

Bandits Hurl Driver,
Flee Woman, 92

DENVER, Colo. (AP)—A Trans-

way Co. bus driver was robbed and

shot Sunday night by two

young gunmen who then lost a

brief struggle with a 92-year-old

woman passenger.

One bandit shot driver Billie L.

Benning, 34, in the chest after

Benning handed over a cash box

containing \$85.

The other gunman snatched a

purse from Mrs. F.-W. Kingsley,

the only other passenger. She

chased the youth down the aisle

and grabbed back her purse. The

pair then fled.

Dozen Seeking
Faubus' OfficeGovernor Announces
He Won't Seek Fifth
Term in Arkansas

LITTLE ROCK, Ark. (AP)—A

dozen gubernatorial prospects ap-

peared ready today to jump into

Arkansas' boiling political wa-

ters vacated over the weekend

by Gov. Orval F. Faubus.

Faubus is predicting that up to

20 may get in the swim for the

Democratic nomination as his

successor.

Rep. Dale Alford, D-Ark., and

Little Rock attorney Kenneth Col-

felt, previously had announced

they would run regardless of

Faubus' plans.

TO WRITE STORY

The fourth governor, pushed

into the international spotlight by

racial strife, told a statewide tel-

evision and radio audience Sat-

urday night he was bowing out

to rest and to write his story of

the Little Rock integration crisis.

Arkansas Republican circles

remained quiet concerning GOP

plans.

WINTHROP ROCKEFELLER, the Re-

publican national committeeman

from Arkansas, said he felt

Faubus' decision "does not change

the situation of the Republican

party, its thinking or its pro-

gram."

WANTED FAUBUS' PLACE

Forest Rozell, executive sec-

retary of the powerful Arkansas

Education Association, said he

had hoped the governor would

seek a term "and let the

people react in that event I

have been beaten."

Most potential candidates for

the chief executive's post, headed

by former Gov. Sid McMath, were

persistent in their refusal

to discuss the race.

Frank Holt, the Arkansas at-

torney general, was one of the

first to take a cue from the de-

parting governor. "I have mur-

dered an ambition to serve my

state as governor since boyhood,"

Holt told newsmen.

Home Wrecked,
Negro Holds Onto
Plans to Move In

DEEP CREEK, Va. (AP)—A

Negro shipyard worker whose new

home in a white neighborhood

was heavily damaged by an ex-

plosion Saturday said he plans to

fix it up and move in anyway.

The explosion and fire blew out

windows, knocked walls from

their foundations, ripped off doors

and tumbled cedar blocks. The

house was vacant at the time.

Anthony Gist bought the house

Feb. 2 from a white naval officer

who had been transferred. Anony-

mous telephone callers had

warned Gist not to move into the

house.

Cuba Eases Rationing
HAVANA (UPI) — Premier Fidel Castro's government yesterday announced a slight easing of rationing of fish and meat for residents of the Havana area.

"Must I Suffer All My Life because I'm a woman?"

NOT ANYMORE!

Remarkable tablets can relieve female ailments at any age... both monthly cramps and "hot flashes" of change-of-life.

Just because you're a woman you don't have to suffer all your life. Don't have to go through the change with fear, misery! Today, most women can relieve "female suffering" of any age — with Pinkham Tablets!

In doctor's tests with Pinkham Tablets, most young women no longer suffered agonizing "period pains." In middle-age, 3 out of 4 tested got remarkable relief from distress of change-of-life! No costly shots were used. Taking Pinkham Tablets alone, "hot flashes" subside. Nervousness is calmed. Then you can start living a full, happy life again!

When simple iron-deficiency anemia robs you of energy, Pinkham Tablets are also a blessing! Rich in iron, they help strengthen blood and vitality. So don't "give in" to female ailments. Get Lydia E. Pinkham Tablets from drugstore. Take daily, like vitamins! See if you don't find new peace-of-mind, new relief from physical distress.

IF YOU PREFER A LIQUID drugstore also have famous Lydia E. Pinkham's Vegetable Compound.

Brazil Snips Phone Takeover

Brasilia Sends Agent to Halt Plans for Grab of Canadian Firm

RIO DE JANEIRO, Brazil (AP) — The federal government intervened today in Gov. Carlos Lacerda's move to take over the Canadian-owned telephone company in Rio de Janeiro.

Acting on a decision taken last night, Gen. Jair Dantas Ribeiro arrived from the capital of Brasilia to act as the government's agent in the intervention.

Lacerda, governor of Guanabara State which embraces Rio de Janeiro, issued a decree last Friday saying expropriation of the \$100-million Brazilian Telephone Co. was a public necessity.

He accused the Canadian-owned firm of providing inadequate service.

NO SURPRISE: Government intervention was no surprise. It was taken after conferences in Brasilia between President Joao Goulart, Prime Minister Tancredio Neves and other government officials.

Goulart, who leaves tonight for a state visit to the United States, issued a decree last week ruling that any expropriation of communications companies would be effective only after review and approval by the National Security Council.

The parent company of the telephone firm here, Brazilian Traction, Light & Power Co., Ltd., of Toronto, has been negotiating to sell the property in Rio de Janeiro to the federal government.

Santo Domingo Police Reserves Quell Students

SANTO DOMINGO (UPI) — Rock-throwing students brought rifle-equipped police reserves into downtown Santo Domingo today to quell the disorders.

The high school youths left their classes after unconfirmed reports circulated of police brutality against an unknown number of students arrested yesterday as suspects in the slaying of a policeman.

The action here, however, followed weekend disorders in Santiago and San Cristobal. Police used force in Santiago, the country's second city, to prevent repeated efforts of demonstrators to seize and burn the electric plant.

At least eight persons were injured.

At San Cristobal, demonstrators burned a branch office of the agricultural credit bank.

Heiress Dies in Miami

MIAMI, Fla. (AP) — Mrs. Andrea Luckenbach Long, heiress to the Luckenbach shipping fortune, died yesterday.

President of Haiti Pardons 14 Plotters

PORT AU PRINCE, Haiti (AP) — President Francois Duvalier has granted amnesty to two former Army officers and a dozen civilians arrested last September on suspicion of plotting to overthrow his government.

The decree, published yesterday, said the aim was to promote peace and economic progress in this island nation.

The former officers—ex-Capt. Chemon Michel and ex-Col. Ernst Blumby—were under death sentences imposed by a military court in February. They were charged with planning to assassinate Duvalier. Police raiders said they had seized a store of dynamite and grenades at Michel's home.

Both were pardoned.

Cranbrook Director Named Academy Head

Dr. Robert T. Hall, director of the Cranbrook Institute of Science, has been elected president of the Michigan Academy of Science, Arts and Letters at its recent 60th annual meeting.

The academy was organized in 1894 to promote research and spread knowledge. It has 1,300 members.

Seize Woman on Charge of Illegal Liquor Sale

Pontiac Police vice squad officers arrested a woman on a charge of selling illegal liquor last night in a raid at 531 Highland St.

Arrested was Justine Adams, 41, who lives at the Highland Street home which had been under surveillance by police for two weeks. Officers said they confiscated 2 1/2 gallons of moonshine.

Being held for investigation of being in an illegal liquor establishment today was James Easton, 48, of 490 S. Saginaw St. The man and woman were the only two occupants of the home at the time of the raid, according to police.

Ingrid Goude Weds Ohrbach Store Heir

PALM SPRINGS, Calif. (AP) — Swedish actress Ingrid Goude and department store heir Jerome Ohrbach were off for a European honeymoon today.

The 25-year-old former Miss Sweden and Ohrbach, 31, were married yesterday at the desert home of his parents, Mr. and Mrs. Nathan M. Ohrbach.

Miss Goude, a blonde native of Sundsvik, Sweden, was a runner-up in the 1956 Miss Universe contest. She went on to a career as an actress and model.

This is her first marriage and Ohrbach's third.

Tyndal stone, formed in an ancient salt sea which once covered mental building stones in Canada.

SUNOCO leader in quality gasolines, leader in gasoline values announces...

A NEW GASOLINE PRICED BELOW REGULAR

NEW 190... especially designed for many of the new economy models and most older cars.

Once again Sunoco fits the fuel to the car. Saves millions of motorists all those dollars they were wasting on higher octanes they didn't need. Owners of many economy models and most older cars can now enjoy two-way economy — economy in terms of the new low price per gallon and economy in terms of lower maintenance costs... because this New Sunoco 190

gasoline, at less than the price of regular Sunoco 200, has engine-protection features built right into it!

Enjoy the economy and performance features of this new, quality gasoline. Stop at Sunoco's remarkable Custom-Blending pump this week and try the new Sunoco gasoline that is priced below regular — New Sunoco 190!

Only this unique pump can **CUSTOM-BLEND** the one gasoline that's right for your car... can offer great savings and top performance to regular and premium buyers alike!

When your Sunoco dealer sets the dial to your car's own gasoline, this most modern of all pumps instantly and accurately Custom-Blends the one gasoline that's right for your car, at the lowest possible cost to you!

Whether your car needs New 190 priced below regular...

Sunoco 200 at regular price... or any premium up to the most powerful gasoline you can buy... the only answer for best performance at lowest cost is this remarkable pump that Custom-Blends your car's own gasoline. Have your gasoline blended at Sunoco this week.

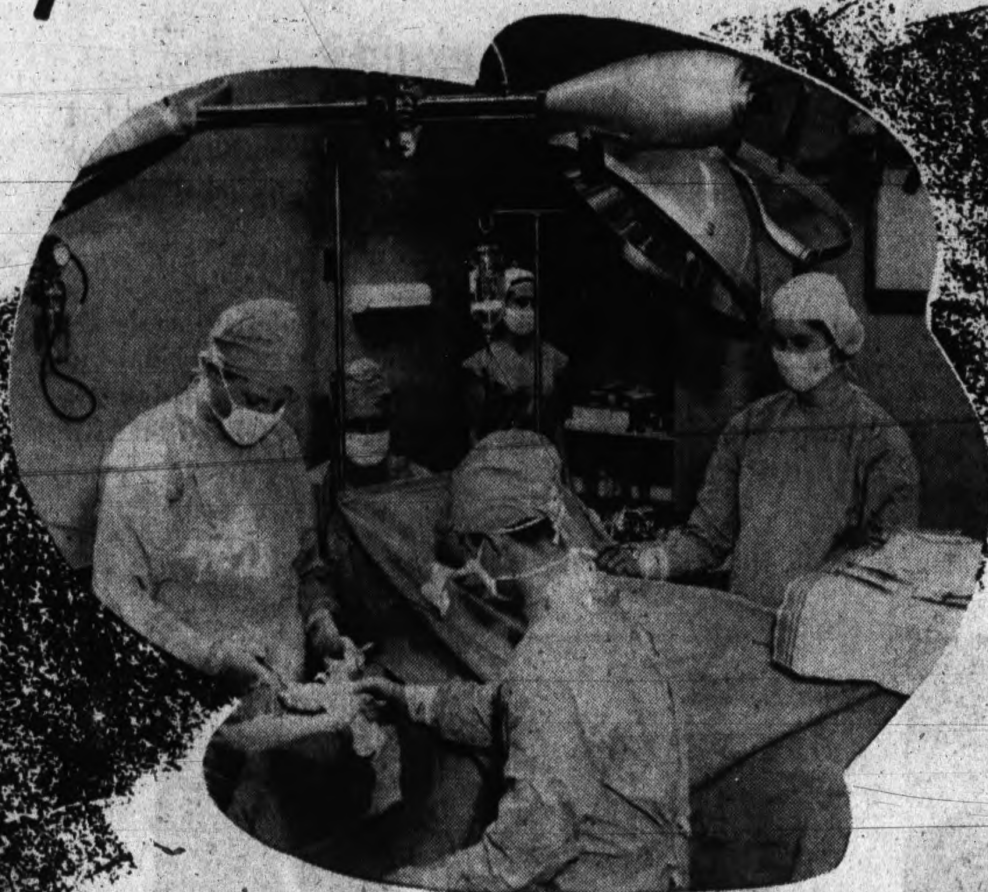

Stop at Sunoco... go with confidence!

Important New Service Completed in 1961— The Obstetrical Post Anesthesia Recovery Room

**To Insure the Utmost Safety for the Mother, Pontiac General Hospital
Provided an Obstetrical Post Anesthesia Recovery Room**

Few hospitals in Michigan provide this service. Ever-conscious of the patient's safety, special attention is given the mother immediately after delivery. Patients go directly to this Recovery Room from the Delivery Room (pictured left) and remain here at least four hours or beyond the critical stage of recovery.

Harold B. Euler
Administrator
Pontiac General Hospital

Pontiac General Hospital

Dr. John J. Marra
Medical Director
Pontiac General Hospital

To Residents of the Pontiac Area:

The Annual Report for 1961 of Pontiac General Hospital is intended to acquaint you briefly with our activities for the year — our goals, our achievements and our continuing problems. The purpose of the hospital is to render SERVICE to the people of the community. The measure of our success is how well we are achieving that objective. The Board of Trustees and the Administrative Staff consider it to be notable progress as we continue to add important facilities and services to constantly improve our patient care. It is our hope that we can do this annually within a balanced budget.

In order to continue to render service it is necessary that income equal expenses. Since Pontiac General Hospital is entirely self-supporting in its daily operation a balanced financial operation is necessary to its continued existence. On a six million dollar volume in 1961 revenue exceeded expenses by the slim margin of \$29,544. This is the third successive year that income and expenses have been approximately even.

We have a major continuing problem confronting us — the care of indigent patients. Our hospital provides for a disproportionate share of the indigent patient load in Oakland County. Children who qualify for state aid under the Crippled Children's Act and the Afflicted Children's Act are paid for by the State of Michigan at far under our actual cost of care. Adults who qualify for aid from Oakland County are paid at a rate that does not meet actual cost. In both these categories Pontiac General Hospital treats more patients than all other Oakland County hospitals combined. Along with the indigent patients who qualify for public assistance, there are many more who do not qualify, but who are unable to pay their hospital bill. During 1961 our net loss on uncollectible accounts was \$225,672 — 3.75% of our total billing. It is unfair to penalize the paying patient for the extra burden we are carrying in non-paying patients. Obviously, we must seek every means of solving this problem.

We are justifiably proud of the fact that we offer the maximum in services for complete patient care. During the past year, several significant advances were made. One of the outstanding steps was the inauguration of a 23-bed Mental Health Unit. Patients are admitted here on a voluntary basis and stay, on the average, about two weeks. This is primarily preventive medicine — to treat neuroses before they become psychoses requiring a long term stay in a state mental institution. We believe this fills a real community need and conforms to the present trend in the treatment of mental disorders. Another forward step was the establishment of an Occupational Therapy Unit — almost self-explanatory — and a Recovery Room for the Obstetrical Department, a service which has received many favorable comments.

We are pleased with the community interest shown in our expansion. The numbers of people who have participated in the "tour groups" is extremely gratifying. We welcome your interest and support, and we will continue to keep you fully informed of our progress.

Pontiac General Hospital

Significant Comparative Statistics

1958 through 1961

	<u>1958</u>	<u>1959</u>	<u>1960</u>	<u>1961</u>
Patient days	83,577	92,414	112,722	125,416
Percentage of occupancy	86.8%	93.9%	87.9%	92.4%
Admissions	11,844	13,437	15,897	16,377
Births	2,487	2,565	2,925	3,182
Emergency room visits	19,271	22,125	24,897	25,799
Operations performed	5,905	7,151	8,087	7,972
Laboratory procedures	142,251	168,648	208,806	242,380
X-ray—films and treatments	24,567	29,643	36,902	39,107
Residents and interns	19	23	27	36
Number of employees	532	627	738	803
Ratio of employees to patients	2.32	2.28	2.27	2.27

Financial Data

Billed to patients	\$3,559,062	\$4,232,971	\$5,217,589	\$6,029,051
Payroll and fees	2,617,216	2,772,976	3,413,106	3,924,304
County and state allowances	112,485	112,033	74,164	104,301
Uncollectible accounts	173,883	143,782	170,480	225,672
Income (loss) from operations	(407,516)	(26,600)	20,914	29,544
Per diem in-patient cost				
(per Blue Cross audit)	40.23	39.95	40.08	41.50

The above figures reflect the trend in volume, activities, and financial operations during the last four years, the expansion period of Pontiac General Hospital. In 1958, the new west wing was completed and occupied, and at that time the east wing needing extensive rehabilitation, was left vacant. During the next few years the east wing was modernized, area by area, until use of the entire facility was obtained in 1961 with the opening of the Mental Health Unit on May 15. Our bed complement increased from 232 in August 1958 to 381 in May 1961.

During this period, many new and costly services were added: Cobalt 60 radiation therapy, a 12-bed intensive care unit, an obstetrical recovery room, physical and occupational therapy departments, and a mental health unit. And during this period wages and salaries continued to rise, as they have in all industries. Our present minimum wage is \$1.51, well above that of the average hospital. With these considerations in mind, we feel that the moderate increase in per diem costs from \$40.23 to \$41.50, or slightly over 3% for these years, reflects real progress in the operating efficiency of the hospital.

Pontiac General Hospital's Efforts Meet An Age Old Challenge — That of Providing Services For Treating And Curing The Community's Emotionally Disturbed Patients.

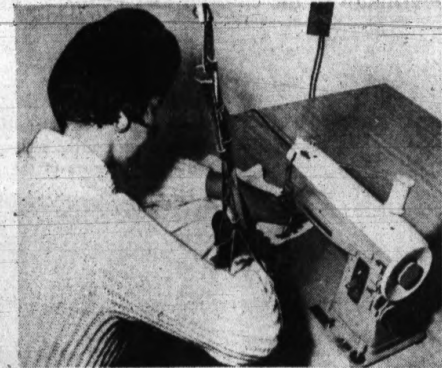

Psychiatrist Conducting Screening Interview Of Patient Being Admitted

The Gregor-Kohn Mental Health Unit

The acute need for facilities to treat emotionally disturbed patients was recognized by Pontiac General Hospital. Therefore, the Gregor-Kohn Mental Health Unit was established and is the first of its kind instituted in Oakland County. In this 23-bed unit patients receive early diagnosis and treatment. Here, the skilled and highly trained team of psychiatrists, nurses, occupational therapists, and others provide for the short-term treatment of emotionally disturbed patients.

Occupational Therapy

Treatment of emotionally disturbed patients involves medical prescriptions, counseling and occupational therapy. Occupational therapy is an integral part of the treatment. This program keeps patients productively occupied and gives them confidence in themselves. Observations of their activities by trained personnel provide clues to the successful management of their difficulties. Thus, in this unit, patients are prepared, through doing, to resume their normal role in the Community.

ABOVE—Staff Guides Recreational Activities of Patients.

ABOVE—Patient Relearning Daily Household Tasks.

LEFT—A Social Gathering In The Bright and Cheery Dayroom.

RIGHT—An Occupational Therapist Assists A Child In Activities Prescribed By His Physician.

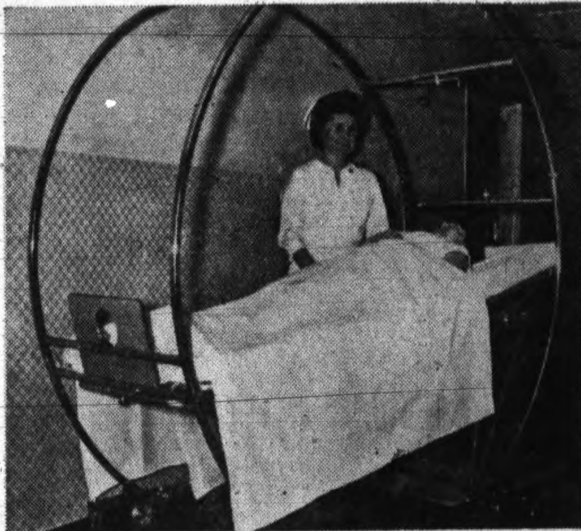

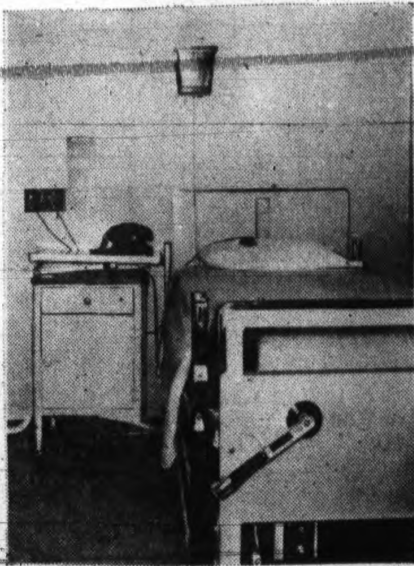

Advances In Modern Medicine

Modern technology and personal service provide a variety of conveniences at the patients' fingertips: underpillow radios, bedside telephones, direct communications to nursing station and bedside oxygen outlets. Remote control television is also available at moderate cost.

These features contribute to the comfort and well-being of the patient.

ADDITIONAL FLUOROSCOPIC ROOM

New unit has image intensifier which increases the brilliance of the picture and reduces the radiation exposure to the patient.

CIRC OLETRIC BED

Turns vertically permitting bedridden patients to do many things they otherwise would be incapable of doing.

ISOLETTES

Life Saving Equipment used in the Nursery for premature babies. Controls humidity, oxygen concentration and temperature.

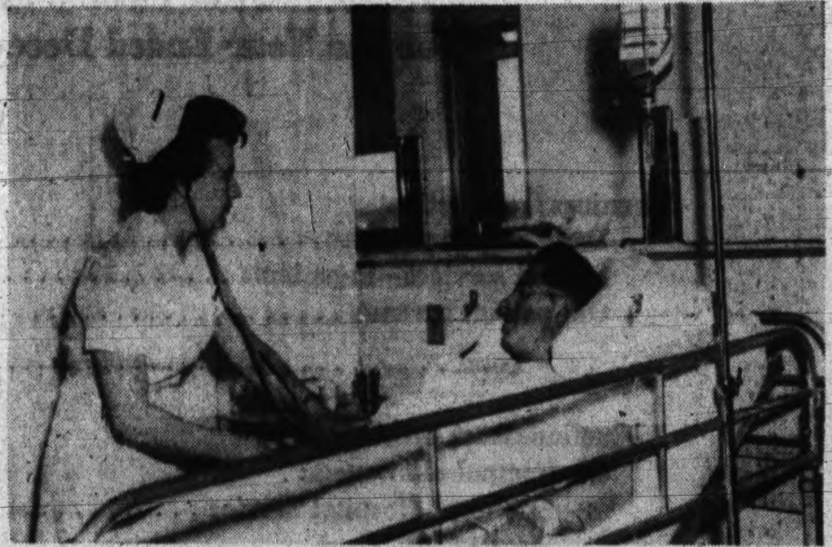

All these improved technological features enable our 180 Staff physicians to avail themselves of the most advanced techniques of modern medicine.

Special Facilities To Better Serve The Community

The expansion program begun in 1956 doubled the size of Pontiac General Hospital and at the same time provided the Community with increased services and new facilities such as:

INTENSIVE CARE UNIT

One of the most vital phases of Progressive Patient Care at Pontiac General Hospital . . . Provided for men and women patients who require continuous observation and intensive, complex treatment. Trained personnel with special equipment are ready should YOU need them. This provides special care without the expense of a private duty nurse.

Skilled Nurse Treats Critically Ill Patient

COBALT 60 RADIATION THERAPY UNIT

The only Cobalt Unit in Oakland County. It is used for the treatment of malignant tumors. Cobalt 60 is one of the benefits derived from the use of atomic energy. It is ten times as effective as anything previously available for treatment of cancer.

Patient Positioned For Cobalt Therapy

KENNY PHYSICAL THERAPY UNIT

The unique facilities found in this department are of tremendous value in restoring to functional use, "damaged or impaired muscles. Trained Physical Therapists provide treatment for both in-patients and out-patients.

Deaths Pile Up in Multiples on Nation's Roads

BY THE ASSOCIATED PRESS

Multiple-death traffic accidents littered highways and streets with an alarming number of dead and injured during the second full weekend of spring.

A total of 61 died in 16 accidents, most of them teenagers and young college students.

5 Convicts Free at San Quentin

Steel Ladder, Climb Over 15-Foot Wall, 2 Are Dangerous

SAN QUENTIN, Calif. (AP)—Five convicts, two or more of whom described as dangerous, climbed a ladder and escaped from San Quentin Prison early today.

Dispatch J. R. O'Brien said the men, serving sentences ranging from 6 months to life, broke into a storeroom, stole a ladder and went over a 15-foot wall. They had been working in a cotton textile mill in the prison's industrial section, located behind the inner walls of the prison.

The convicts apparently left the prison grounds on foot, O'Brien said.

They were identified as J. Du Bois, 22, first-degree robbery, 5 years to life; G. C. Roark, 27, second-degree burglary, 6 months to 15 years; J. L. Rucker, grand theft, 6 months to 10 years; E. E. Adams, 31, parole violator, 5 years to 5 years; and J. P. Spaulo, 31, first-degree robbery, 5 years to life.

San Quentin, built in 1853, houses some of California's toughest criminals. Four fatal stab killings occurred within a two-week period last December.

The prison, built to hold some 2,800 inmates, currently houses some 4,344 convicts.

Warmer Weather to Pay a Brief Return Visit

Warmer weather will pay an other brief visit to local residents tomorrow and Wednesday, with colder temperatures returning Thursday.

Temperatures will average three to five degrees below a normal high of 51 and a normal low of 33 in the Pontiac vicinity during the next five days, the weatherman says.

It will be continued cold Friday and Saturday, according to the U.S. Weather Bureau report.

Rainfall will total one tenth of an inch in a few showers about Wednesday.

The lowest temperature recorded preceding 8 a.m. was 24 degrees at 6 a.m. At 1 p.m. the thermometer read 43.

Pontiac General Report Included in Press Today

The annual report of Pontiac General Hospital is included today in edition of The Pontiac Press.

The 112 page report is intended to acquaint Pontiac area residents with the activities and growth of the hospital in 1961. It also contains the hospital budget.

'Inspectors,' Say Soviets

Syrian Officers Proclaim Revolt Against Junta

Rebel Army Men Claim Control Northern Part of Arab Nation

CAIRO (AP)—Army officers in northern Syria proclaimed a rebellion today against the Syrian Military Junta and demanded reunion with President Nasser's United Arab Republic.

A broadcast from the pro-Nasser hotbed of Aleppo, Syria's second largest city, indicated the rebels claimed control in the northern and eastern reaches of Syria.

There were no reports of renewed fighting after clashes yesterday in various parts of the nation.

The Aleppo claims were ignored in Damascus broadcasts by the junta, which broke with the U.A.R. in an uprising last September and then last week toppled the civilian government it had created.

ASSERTS UNANIMITY

The junta asserted the army is "united in all parts of Syria" and warned "plotters and exploiters and trouble makers that the general command will take very severe punitive measures against them."

through which Syria is passing requires all persons to put aside differences and stand with the army against imperialist plots," the army said.

In booting out the civilian government, the junta had accused civilian leaders of milking land reforms and other measures. It called for a brand of "Arab socialism" but no reunion with the U.A.R.

But now, apparently under pressure from the uprising in the north, the junta in repeated broadcasts talked vaguely of unity with Arab countries, including Nasser's U.A.R. It seemed to call for some sort of federation, rather than a return to the one-party setup under which Syria joined Egypt in the U.A.R. in 1958.

Reports reached Beirut, Lebanon, of demonstrations against the junta in Aleppo, Hama, Tartous and Deir ez Zor.

At least five soldiers were reported killed in a clash Sunday at Hama, 100 miles north of Damascus, between pro-Nasser civilians and government troops.

The junta in a series of broadcast communique banned meetings of more than five persons, proclaimed a night curfew throughout the country from 8 p.m. until 1 a.m., and closed the frontiers although not the airports.

The rebellious officers denounced the junta as a "erring and exploitive group" and accused it of seizing power again last week to "satisfy individual ambitions disregarding the interest and security of the country."

The guests included Lt. Gov. Lesinski and a score of state senators and representatives, all of them Democrats.

Lesinski told the audience: "I am impressed with the tremendous power the Teamsters generate in the political arena. . . . Hoffa indicated clearly to me that he is not a Ramsey supporter, no dummy and I see clearly on that one. . . . I am glad that Hoffa recognizes in Romney some of the traits I see in him."

Hoffa Hits Romney, JFK

DETROIT (AP)—President says the Teamsters represent more than five million votes. Hoffa, rapping Romney, the probable Republican candidate for governor of Michigan, said, "So far, all that Romney has accepted across the bargaining table as American Motors president is a political maneuver and I'll wage certain grades of steel will go up in price in a few months, anyway."

Hoffa said that right now incumbent Democratic Gov. John B. Swainson is the man for labor.

The Teamsters head, referring to the labor contract agreement in steel, said, "The government uses pressure to settle the contract so that there would be no increase in prices. This was a political maneuver and I'll wage certain grades of steel will go up in price in a few months, anyway."

Zorin at Geneva Reverses Stand on Arms Policy

Russia Throws Blame on U. S. Plan for April Air N-Testing

GENEVA (AP)—Soviet delegate Valerian A. Zorin said today the Kremlin has changed its mind about allowing nuclear test ban inspectors on Russian soil because of new military measures taken by the Soviet Union.

These measures, Zorin told the 17-nation disarmament conference, were prompted by the Berlin situation and "the Western military buildup."

He said that was why the Russians backed away from their former agreement in principle for international control posts to be stationed on Soviet territory to supervise a nuclear test ban treaty.

Western sources said Zorin's speech took on more of a Cold War tone than his previous utterances at the conference.

Now that the Soviet Union has taken these measures to strengthen its defenses, Zorin said, the U.S.S.R. "could not give foreigners on its territory."

Zorin spoke after U.S. delegate Arthur H. Dean said the Soviet Union had astounded the world by rejecting the controls it once had agreed were necessary. Dean called on the Russians for a reversal of this "totally unreasonable stand."

Western sources said Zorin's speech took on more of a Cold War tone than his previous utterances at the conference.

Pontiac Output Booms in March

Estes Reports 50,251 Cars Built for Best Total in Over 6 Years

Pontiac Motor Division reported today that March was its highest production month in 6 1/2 years.

A total of 50,251 cars was produced, including 37,774 Pontiacs and 12,477 Tempests. The combined figure was the highest since November, 1955 when Pontiac Division assembled 56,644 units.

E. M. (Pete) Estes, Pontiac general manager, said production for the first three months of 1962 is 143,833 units, nearly 64 per cent higher than the same period a year ago.

Estes said "economic signs indicate good sales in the remainder of 1962, which in turn would signal continued high production."

"ENTHUSIASTIC RECEPTION" The 1962 Pontiac line has had the most enthusiastic reception of any new car ever produced by our division," Estes said.

"With the new regular size Pontiac, we have strengthened our position of leadership, while demand for the new Tempest models has never been greater. Pontiac has led the mid-price field for the past three years and ranks No. 2 in General Motors' car sales."

Last year Pontiac finished third behind Chevrolet and Ford in the industry-wide list of top sellers.

With several months of 1962 production remaining, Estes pointed out that Pontiac is on the verge of surpassing its 1961-model production total.

Altogether, 305,233 Pontiacs and Tempests have been assembled since the 1962 models went into production last fall. The division's total for the entire 1961 model year was 340,635.

Mrs. Gallio has led a small band of women picketing Romney's residence, the chancery and the nearby home of Coordinator Archbishop John Patrick O'Day since the announcement.

A high church official disclosed that similar letters had gone to several leading segregationists.

The source said personal letters went to each Catholic on the platform at a meeting last Friday night of the pro-segregationist Citizens Council. Speakers at the meeting attacked the archbishop's segregation order of March 27 and urged withdrawal of financial support to the church.

The chancery denied that any church official made "any statement that personal letters went to each Catholic who was on the platform."

The chancery refused, however, to deny that a letter had been sent to Republican mayoralty candidate E. Ross Buckley and Leander H. Perer Sr., white-haired political boss of neighboring Plaquemines Parish.

Flash

WASHINGTON (AP)—The Supreme Court put off today a decision on the question whether Congress has constitutional power to take citizenship from native Americans who leave the country to avoid military service in war time.

Nap Before Busy Evening

EXHAUSTED EXHIBITORS—Two unidentified girls grab a quick nap in the lobby of Pontiac Northern High School Saturday just before the evening program begins on Oakland County 4-H Achievement Day. Many 4-H'ers worked long into Friday night to complete their winter projects, then rose early Saturday to set them up in the school cafeteria. Not even the flash of the photographer's bulb roused the sleeping young misses. (Related story on page 15.)

PRAY WITH ME

Each weekday during Lent a prominent American invites you to join with him in his favorite prayer. Today, join with:

ROY ROGERS
Actor

Oh, Lord, I reckon I'm not much just by myself. . . . I've failed to do a lotta things I oughta do, but Lord, when the trains are sleep and passes high, help me ride. It ain't the whole story, but I'm the sinner's friend when I get the final call. I do not care how many flowers they send . . . I shall always the happiest trail would be for you to say to me . . . "Oh, Roy, my friend."

Hiss Says Nixon's Book Should Help Clear Him

NEW YORK (AP) — Alger Hiss says a statement in a new book by Richard M. Nixon should help vindicate him of perjury charges that sent him to prison more than a decade ago.

But a spokesman for the former vice president said in Los Angeles that the statement was the result of a researcher's error that slipped by Nixon when he checked the manuscript.

The statement, which appears in the book, "Six Crises," says that FBI agents had obtained Hiss' old typewriter which was a central factor in the former State Department employee's controversial trial.

CITES CONTRADICTION

Hiss described this Sunday night as a flat contradiction of past government contentions.

Hiss was convicted in 1950 of perjury for denying he passed government secrets to a confessed Soviet spy courier, the late Whittaker Chambers. Nixon was the chief congressional investigator of Hiss.

Patricia J. Hite 'Still Critical'

Murder Suspect Better in Indiana Hospital but Cannot Talk

Although still on the critical list today, the condition of murder suspect Patricia J. Hite reportedly is improving at Methodist Hospital in Gary, Ind.

Det. Sgt. Harry Maur of the Oakland County Sheriff's Department, who remains in touch with authorities at the Indiana hospital said she is able to sit up in bed.

The 35-year-old Fraser High School teacher was in a coma for several days after she was found shot through the head in her car behind her parents' farm home in Jasper County, Ind. She regained consciousness two weeks ago.

Hospital authorities would offer no further comment than to say she was "still critical" today. However, Maur said she has shown improvement after Maur had heard the teacher is suffering from a paralysis which prevents her from talking.

Maur said police plan to question the teacher in the March 5 slaying of Pontiac Central High School counselor Hubert T. Kreitmeyer when she gets stronger, as was "still critical" today. How Kreitmeyer in his Keego Harbor home and then drove to Indiana where she attempted to take her own life. She is charged with first degree murder.

Hamburger Gourmet Joins 'Most Wanted' List

WASHINGTON — The FBI today placed Albert Frederick Nussbaum, an alleged Bank robber who is fond of hamburgers, on its list of "Ten Most Wanted Fugitives."

The FBI said Nussbaum, 27, has been linked to four bank robberies.

NATIONAL WEATHER — Some snow flurries are expected tonight in the Northern Appalachians. It will be cooler in the East, warmer in the Midwest and Far West.

"OF COURSE, I'LL DO IT" — Flint twins Darrel (center) and Donald Pizzala are in Detroit Receiving Hospital for tests which will determine whether one of Darrel's kidneys can be transplanted to Donald. With the 25-year-old twins before they left Flint's Hurley Hospital for Detroit is Donald's wife Karen.

Twin Brother Is Willing Kidney Transplant Might Save His Life

DETROIT — Identical twins are undergoing tests today to determine whether a kidney transplanting operation can be performed to save the life of one.

Donald and Darrel Pizzala, 25, were here from Flint for the tests. Donald, father of two children, has nephritis.

About three weeks ago Donald suffered a severe attack and doctors said his life was saved only by the timely application of an artificial kidney and by blood transfusions.

His brother, who has three children, volunteered to sacrifice one of his own kidneys.

"If I ever needed anything, Donald would give it to me if he could," Darrel said. "And I would do the same for him."

Mrs. Mary Kirkpatrick of Ypsilanti, director of the Michigan Kidney Disease Foundation, arranged for the tests.

FOUNDATION TO HELP

Mrs. Kirkpatrick said the foundation, a United Fund agency, would help pay expenses to date and she thinks that state and national research funds would help pay an estimated \$30,000 cost of the operation if it is determined possible.

Doctors estimated that Donald would be unable to return to his job as a gasoline station attendant for a least a year if the operation proves feasible. Darrel would be unable to return to his job with a Flint aluminum installation firm for about six months.

Donald has had the disease for about 12 years. He has been hospitalized a number of times but always recovered sufficiently to return to work. This time, doctors said, there is little hope for his recovery if the operation is not possible.

But Guido Has Troubles Cabinet Filling Up

BUENOS AIRES (AP) — President Jose Maria Guido today named the five state governments and the 43 congressional seats they will last month. The military is determined to keep the exiled Peron and his supporters out of political life even though they polled the largest vote in the March 18 election.

Even if the Peronists were allowed to take their seats in Congress, anti-Peron forces would muster a majority if the Intransigent Radicals and the opposition Popular Radicals patched together some kind of working coalition. The two parties are the product of a split in the old Radical party. They showed no sign of getting together.

Most politicians turned a deaf ear to a plea for a political truce by the armed forces chiefs who ousted Frondizi and imprisoned him.

Though Guido is a leader of Frondizi's Intransigent Radical party, the party's central committee was bitter at the military domination of the government and declared: "We came into power with Frondizi, we leave with him."

Another headache confronting Guido is whether to recognize the election victories on March 18 of adherents of deposed dictator Juan D. Peron, the issue that brought down Frondizi.

The majority of the politicians—

Algers Airport Guarded

ALGERS, Algeria (UPI) — Heavily armed French security forces today guarded the Algiers airport and its access routes to "assure the safety" of Europeans leaving for France in defiance of the Secret Army Organization (OAS).

At the same time, thousands of European students and professors boycotted classes to protest the shootings by French army troops of demonstrators in Algiers last November.

High schools and universities in Algiers were scheduled to resume classes today after a two-week strike following the assassination of six social service workers by the OAS.

REFUSE TO RETURN

But the students and professors refused to go back today. The teachers also were angered by the suspension of professors who signed a manifesto expressing "indignation at the blind repression by the forces of order at Bab-el-Oued."

Younger children also stayed home today since most of their schools had been requisitioned as barracks for the troop reinforcements brought into Oran and Algiers to maintain order.

French military authorities yesterday announced that measures had been taken to "assure that no one would be able to take flights from Algiers to metropolitan France."

Mobile guardposts set up roadblocks on the highways between Algiers and the airport while the terminal was guarded by French army troops armed with machine-guns.

The Day in Birmingham To Stage Theater Arts Lab at Cranbrook in Summer

BIRMINGHAM — A theater arts laboratory, designed for the training of in-service or prospective teachers, will be added to the curriculum of the Cranbrook Summer Theater School.

The theater school, an affiliate of Cranbrook School, opens in the Greek Theater at the Bloomfield Hills institution on June 18.

The new course, which is for teachers of dramatics, speech and English, will run concurrently with the regular student program and will place emphasis on typical problems and practical methods of teaching dramatics.

The course also will help in choosing, casting, directing and organizing plays in high schools, junior high and small community theater groups.

Opportunity will be provided to act, direct and observe, according to Anneta Wambarger, codirector at the school who will be in charge of the new course.

She said seminar conferences will be arranged in addition to class meetings with prominent directors and guest speakers.

Also planned is a credit course entitled "Theory and Practice in Theater Arts" for older high school and college students.

It is designed to enrich curriculum in reading, acting, directing, make-up and the dance.

A staff of 26 will conduct the summer classes.

Students will be selected to be elected today in Birmingham and Bloomfield Hills.

French Assure Safety of Those Leaving in Defiance of OAS Order

ALGERS, Algeria (UPI) — Heavily armed French security forces today guarded the Algiers airport and its access routes to "assure the safety" of Europeans leaving for France in defiance of the Secret Army Organization (OAS).

At the same time, thousands of European students and professors boycotted classes to protest the shootings by French army troops of demonstrators in Algiers last November.

High schools and universities in Algiers were scheduled to resume classes today after a two-week strike following the assassination of six social service workers by the OAS.

But the students and professors refused to go back today. The teachers also were angered by the suspension of professors who signed a manifesto expressing "indignation at the blind repression by the forces of order at Bab-el-Oued."

Younger children also stayed home today since most of their schools had been requisitioned as barracks for the troop reinforcements brought into Oran and Algiers to maintain order.

French military authorities yesterday announced that measures had been taken to "assure that no one would be able to take flights from Algiers to metropolitan France."

Mobile guardposts set up roadblocks on the highways between Algiers and the airport while the terminal was guarded by French army troops armed with machine-guns.

At the same time, the Algiers Police Department assured travelers they could get to the airport in special buses from the army social center in spite of the OAS threats to attack airport transport.

Air France spokesmen said the terminal was jammed last night with Europeans waiting for planes for France on a first come, first serve basis.

Most of the travelers were women and children, the spokesmen said.

FBI Probes Cutting of Telephone Lines

GREENSBORO, N.C. (UPI) — The FBI has been called in to investigate cutting of American Telephone & Telegraph Co. cable which knocked out about 500 telephone circuits and other communication facilities.

Guilford County sheriff's deputies said the cutting was sabotage. R. N. Eaton, an executive of AT&T, said the cable apparently was cut by a saw. The metal strand above the cable also was cut.

The cable carried only six volts of current and was severed northeast of here at 6:18 p.m. yesterday.

Eaton said service was restored last night by Southern Bell Telephone & Telegraph Co. crews.

AT&T said the FBI was called in because interstate communications were involved.

Wiesbaden, Germany (UPI) — A U.S. Air Force captain accused of giving military information to East Germany will be tried by a general court martial April 18, the Air Force announced today.

He is 52.

The cable carried only six volts of current and was severed northeast of here at 6:18 p.m. yesterday.

Educators Make Effort to Keep Youths in School

Even before the Soviets' first satellite success spotlighted the quality of American education, educators were aware of the small number of young people who graduate from high school.

Here in Pontiac, a 1955 study gave youngsters in the seventh grade a 58 per cent chance to graduate.

Since that report, the Pontiac School System has tailored its programs more closely to keep youngsters in school and give them a background for jobs in a technological society immensely more complex than that of their parents.

Increased counseling and testing have made it possible to identify more potential dropouts. Greater variety in what is taught enables a growing number of students to find an area in which they can succeed in school and later in life. Different methods of how to teach a subject have helped youths learn more and better.

There has been, since 1955, an increase in school holding power. But it is estimated to be not much more than 3 per cent above the 1955 figure.

The reasons preventing a greater improvement are two. One is a lack of finances. The second is the schools' inability to control those causes for dropouts which lie in the home and in society.

There has been proposed a plan to improve services in seven elementary schools in which many students have particular problems of being unprepared to learn what the school has to teach. Cost of this program would be \$55,924.

The expense would be above the record \$9,790,790 budget proposed for 1962-63 to keep the district's programs at current levels.

Approval of this item would help to reduce deficiencies some children bring with them from the home in reading and in contacts with the outside world.

It would be a large step toward cutting the dropouts.

A favorable vote hinges on whether the school board will find the extra money to meet this and other requests. Conceivably, income will be found this year to meet at least some of the \$399,044 in above-budget requests, of which the elementary school item is a part.

But sometime within the next three years, at the end of which the current 8.75-mill voted levy expires, residents of this school district will have to ask themselves:

"Do I want to pay more for education now or do I want to continue paying for the nearly one million dropouts a year who will be derelicts without jobs?"

Glenn's Continued Work Worth More Than Tour

The idea of sending American astronaut JOHN GLENN on a public relations goodwill tour has been advanced in some quarters. Fortunately, it has not received much support.

There can be no doubt that Glenn would be well-received; he has handled himself well in the glare of the spotlight. The world has marveled at his flight.

But the possible gain for the Nation would be more than offset by the loss to Project Mercury. Each one of the seven astronauts has an important role in the project, even when he himself is not orbiting in space.

Glenn has gained quite a reputation for his cockpit design ability, which still is being highly

utilized. To take him from the project and put him in a traveling road show would surely hinder the progress toward future goals of putting two men in space, orbiting the moon and landing on the moon.

We don't need the window dressing that badly.

The Man About Town

The Final Week For Entries in Baseball Contest: Time to Send In

BY JOE HAAS

The time for making entries in our baseball contest closes at noon on Monday, April 9. And that's only one week from today. Your chance to win that \$250 in U.S. savings bonds will be gone unless you take prompt action, and see that your entries are received in this office by that time. Every member of your family is eligible to compete. The prize goes to the person making the nearest correct answer to the following:

What player who has been at bat at least 25 times will be leading the American League on the night of Thursday, May 10, and what will be his batting average?

Detroit's Norm Cash still holds first place among the entries already received. But in former years the leader has usually been a dark horse. What do you think? Your chance at winning that \$250 is as good as that of anybody else, if you do your part. Most of your neighbors have already done theirs.

Coincidence: What you do when the door's open.

The deer are coming to town, as Mrs. Charles L. Branson of Waterford reports seeing one on North Perry Street, in Pontiac at dusk the other evening.

Complaints about grass fires are filtering in, and Sheriff Frank W. Irons calls attention to the fact that a permit from the fire department is required to start one in most of our cities, villages and townships.

The 1962-63 Oakland County official directory is now being compiled by Clerk-Register Daniel T. Murphy Jr., and will contain the most succinct history of the county ever published.

Now it costs you nothing to be a pupil of the internationally famous

Arnold Palmer, and greatly improve your golf stroke. His series is running in this paper.

To start this week the Old Farmer's Almanac predicts:

"Plenty of fog, says the fog," and for the last of the week.

"High gales; rain in pails."

Widely known throughout Oakland County when she was Superintendent of Schools of neighboring Genesee County for a record period of 30 years.

Mrs. Daisy E. Howard of Flint has announced her candidacy for register of deeds in Genesee County.

Most of us will put our OK on the sentiments expressed in a letter from

George Hannigan of Birmingham, who says the newspaper boys covering the con-con fiasco at Lansing would be hard pushed for a daily story if one

George W. Romney wasn't a delegate. But even then it's getting mighty tiresome.

Enclosed in an envelope with a Pontiac postmark, written in an elderly hand, and bearing the signature,

"Retired Farmer," his letter tells us that the only time that he wishes he was back "pudding in the soil" is during these beautiful spring days.

Mr. and Mrs. Charles Winegar of Lapeer; 57th anniversary.

'Put 'Er There, Pal'

David Lawrence Complains: JFK's Old Pal Gets a Judgeship

WASHINGTON—When a vacancy occurs on the Supreme Court of the United States, the American people expect the President to consider carefully all lawyers with judicial experience and to select the best man to fill the post.

Yet all of the judges today on the Federal bench and the chief justices of the highest courts in each of the 50 states of the Union were passed over by President Kennedy when he chose Byron R. White to be a justice of the Supreme Court of the United States.

This is the tragic fact that emerges as the American people are told, in effect, that it seemed most important to the President to reward a political henchman and a friend of long standing who has never sat on the bench in a Federal or a state or a county or a city court.

Without asking the advice of members of Congress or requesting the various bar associations to submit the names of prominent lawyers qualified for the post, the President—within a few days after he learned that Justice Whitaker planned to retire—made up his mind quickly to give the post to a friend who has had no judicial experience whatsoever.

It will be argued that President Eisenhower appointed Earl Warren as chief justice even though he, too, had never sat on the Federal bench. But two wrongs do not make a right.

EACH WITH EXPERIENCE

Mr. Eisenhower, however, did turn to the bench when he appointed four other men to the Supreme Court—Justices Harlan, Brennan, Whitaker and Stewart. Every one had had experience either on the Federal bench or on the highest court of a state.

It certainly must be discouraging to the many judges who have dedicated their lives to the law to find the principles of a merit system being ignored by President Kennedy.

The American Bar Association itself, moreover, which has a special responsibility to the Nation, unfortunately did not measure up either in this instance. It has a regular committee which, when called upon by the Department of Justice, passes on the qualifications of prospective nominees for the bench.

This committee, in a statement last week, said Mr. White appears to be "exceptionally well qualified" for appointment to the Supreme Court, and then, somewhat apologetically, added:

"Ordinarily our committee might hesitate to accord this rating to a lawyer of Mr. White's comparative youth when appointment to the Supreme Court of the United States is concerned."

"However, our committee has worked closely with Mr. White for more than a year and we've had an unusual opportunity to observe him under a variety of circumstances. We have developed a high regard for his rugged adherence to principle, his sense of fairness, his intellectual capacity, his even temperament, his soundness as a lawyer."

In other words, the committee personally like "Whizzer" White

Dr. Harold Hyman Says: Podiatrists Qualified to Prescribe Medicine

Every so often in this complicated world it seems we do injury to those we least like to hurt. I certainly would not consciously want to hurt those who bring comfort to our aching feet.

The other day I made an error in writing about my good friends, the podiatrists, sometimes called chiropodists.

The secretary of the American Podiatry Association has called the mistake to my attention greatly and factually.

So, for the record, let me make an amendment. A correspondent wrote that she had gone to a podiatrist for treatment of plantar warts. She said the podiatrist had told her the warts resulted from a sinus condition which would respond to vitamin A.

I told my correspondent the podiatrist in question should have sent her to a doctor for treatment of her sinuses. If they were in need of it. But then I said that podiatrists were not trained or licensed to administer medicines. This was wrong.

REGARD FOR WORK

A correct statement, which I am pleased to bring to the attention of all my readers, along with my renewed expressions of regard for the fine work done by the profession of podiatry, is: "Podiatrists—chiropodists are qualified by training and licensure to treat the human foot by medical and surgical means in all states and the District of Columbia and Puerto Rico."

Practitioners may and do administer, dispense or prescribe necessary medication.

"But I must lose weight, for I get a feeling of pressure over my heart when I walk fast or climb stairs. And I am also slipping in my arduous, our marriage is now platonic."

"Why does fat make it harder on the human heart? And how can I lose off excess blubber most easily?"

3 PER 5

Your body sprouts an extra 3 miles of blood vessels for each 5 pounds of extra fat.

If Jack will take off the 35 pounds his physician urges, then his heart will be freed from the load of pumping blood through those extra 21 miles of blood vessels.

Remember, at each beat of his heart he must move blood through 21 miles of needless pipes.

Voice of the People:

'Does Pontiac Have a Law to Control Litterbugs?'

Just go for a ride around Pontiac. Can you say you are proud of it? Waste paper, cardboard boxes, beer bottles, etc., clutter the streets.

I have been enjoying Dick Saunders' articles on the "Pontiac of the Future." Let's get busy now on what we have and clean up the rubbish. Let's not wait for one cleanup week out of the year for a little action.

Wary of Picking Up Other People's Rubbish

on troubled waters at this time. Perhaps there are more bad apples.

Concerned

Wants Information on ARA Loans

Articles have been written on Michigan lagging behind in making applications to take advantage of Area Redevelopment Administration loans to small businesses seeking to expand the employment picture. None of these articles has indicated where these applications should be made.

Ben Bundo

Walled Lake

(Editor's Note: The Press will soon be printing articles concerning the Area Redevelopment Administration and where applications for loans can be made.)

Business Owner Disturbed by Bill

I am amazed—astounded—and very disappointed in Farrell E. Roberts' Employment Benefit Bill.

How can he propose extra burdens to employers in his district who are seasonal or resort operators?

He must be aware of the present 4 1/2 per cent maximum Michigan Employment Contribution, the 1 per cent Social Security, the 3 1/4 per cent Workmen's Liability Insurance, the 1 per cent Federal Aid, plus other benefits which have been imposed on us. Yet he proposes an additional 2 per cent.

We, as seasonal or resort operators, are not unstable, precarious, flimsy, decrepit, as his bill catalogues us. Our dilemma is heated upon us through either weather, locale or Michigan Liquor Control Commission. We will see the plight of the small, seasonal employer and not consider him an unstable employer.

Ed Morey

'Russia's U.N. Votes Seem Off Scale'

Russian leaders advance Russia's cause without risking the life of one soldier. They saw to it that Russia got three votes in the U.N. In 1945, the Soviet Union was admitted to the U.N. as three: the Ukraine, Byelorussia (White Russia), and the remainder of the state. By 1955, the Soviet Union had as many votes as the United States, France and Great Britain combined.

James Hill Jr.

Tells of New Ways to Screen Educators

"Well-balanced" is not very well informed. There are other ways of screening our teachers or administrators. Psychological tests and interviews are being used by other school systems. These tests detect emotional instability many years before they reduce the work required of your faithful human pump.

FATAL FAT

Excess weight also reduces your lifespan in various ways, in addition to wearing out your heart itself.

It increases the likelihood of diabetes and even cancer. It raises blood pressure and thus makes a stroke of apoplexy more frequent. But it also reduces a man's erotic vigor, for fat men are more inclined to cuddle their stein of beer than their wife.

You can roughly estimate a man's virility by this simple yardstick:

Does he talk about victrols or athletics?

When men pass the age of 40, especially if they are eggheaded addled, they develop into female chatter about which restaurant serves the most tasty salad or the best wines or the choicest caviar.

Obesity Reduces Length of Life

Excess fat is thus one of the arch foes of cupid. Fortunately, an obese man does not lose his stimulating value to the female sex as quickly as a fat woman does for the males.

For women aren't as erotic as males, despite Dr. Kinsey's erroneous opinion to the contrary.

A woman more often fuses her father with her sweetheart when she picks a husband so a fat man is not depreciated as much on the marriage market as is a fat woman.

But they should remain slender and thus more alluring, both for their health's sake as well as their marital happiness.

The Country Parson

'Put 'Er There, Pal'

Tears of Victory Against Cancer

(Editors' Note—Not long after Mrs. Maurine Neuberger's husband, a sufferer from cancer, died of a cerebral hemorrhage, she too was diagnosed as a cancer victim. Her story of bereavement and battle is a dramatic one. As a contribution to public understanding Mrs. Neuberger has written three dispatches describing her experiences. Her first report follows.)

BY SEN. MAURINE NEUBERGER

(Written for United Press International)—Agate Whenever I look at the statistics of cancer cases for the past year, they have a personal meaning for me because I am one of them.

When I look at the figure of 5,000, which means new cancer cases in Oregon in 1961, I see myself sitting in the doctor's office and being told that I have cancer.

All banks of numbers relating to this disease now take on a new perspective. I am neither depressed nor gloomy nor vainglorious about my affliction.

In fact, I no longer think of it until I see those figures although I know there was wide publicity when I had a cancer operation in November 1961, and I sometimes sense a desire among my friends and colleagues to question me although they feel a reticence about using the term cancer.

BELIEVES DOCTORS

I have been successfully operated on. I believe my excellent doctors when they tell me that I have every reason to resume my normal life. My operation and confinement is an episode that is behind me. But I shall be glad to view myself as a cancer victim if telling you about my personal experience will help you to help yourself.

The word "cancer" is difficult for some people to utter, especially when talking to a cancer patient.

When I indicate that I am willing to discuss my own experience, there is an immediate outpouring of questions, but the one that leads all the rest is, "What made you go to the doctor?"

These same friends had seen me active and even exuberant one day, and the next morning they read of my admittance to the hospital at the University of Oregon Medical School.

I was heavier than I had been in over a year, so I didn't look sick and nobody could possibly say, "I suspected there was something wrong with her."

ALWAYS HEALTHY

I will tell you what I told my fellow Oregonians. I have always been healthy and considered physical examinations necessary for other people.

I had to be coerced into making the annual appointment by repeated reminders from my family and the family doctor.

I always postponed the examination until the week before I was to return to my duties in the Senate in Washington, D.C., as the short recess in Oregon was too important to be interrupted by this event.

But this time was different. I had returned from a lengthy trip to Africa with the Senate Foreign Relations Committee, and was unable to overcome a persistent hoarseness that had plagued me during the last week of the trip.

I went to my doctor for a

MRS. MAURINE NEUBERGER

throat examination while I was there. His first examination was followed by a proctoscopy, which confirmed his suspicions and I knew before the report came from the laboratory that I probably had cancer.

FACES TELL STORY

The looks on the doctor's faces were enough. In three days, I was in the hospital. I had planned and looked forward to a trip to Arizona with President Kennedy when we would be honoring one of our most revered colleagues, Sen. Carl Hayden, on the occasion of his 90 years in Congress.

But even this pleasant prospect wasn't persuasive enough to delay the operation one week. I knew better than to ask for a delay. When you are dealing with cancer cells, immediacy is of prime importance.

Today, as I go about my duties in the Senate of the United States, I am the beneficiary of hundreds of millions of dollars of research and experimental cancer work.

I am the product of innumerable hours devoted to a cause by men and women I shall never see or know.

Yearly, we spend over \$7 billion on tobacco, \$2 billion on jewelry, \$461 million on

pari-mutuel betting, but only \$110 million on cancer research.

45 MILLION PEOPLE

Current estimates are that about 45 million people now living in this country will eventually have cancer, and at present rates, about two-thirds of those will die of the disease.

Money alone will not reduce these last two figures, but it will help. You can't buy cancer research at the corner drug store. It will build a clinic that otherwise would not be built, or it will provide a scholarship to help some medical student who might otherwise never would have been able to pursue a career in medicine.

The government has seen the need for more funds and the aid to cancer research through the national institutes of health has tripled in recent years.

As a direct result of these funds there is a greater understanding of cancer-inducing agents, of viruses, hormones, chemicals and bacteria. Each day brings advances in treatment of the many types of cancer through chemotherapy, radiation, or as in my case—surgery.

INDICATES ABILITY Each day brings advances in treatment of the many types of cancer through chemotherapy, radiation, or as in my case—surgery.

Of course, the government is ably aided by the private foundations. The country needs the program of the American Cancer Society, which has done so much to provide the day-to-day emphasis to inform the public and encourage the open discussion of cancer.

NANCY ELIZABETH FELKER

Fall vows are planned by Nancy Elizabeth Felker, daughter of Mrs. Juanita Felker, Princeton, Ky., and William E. Felker, Madison, Ky., to Carl W. Knaack Jr., son of the senior Knaacks of Old Orchard Drive, Waterford Township.

Mrs. Williams Reappointed

To Direct UF Business Calls

Mrs. William H. Williams of Stirling Avenue has been appointed women's business chairman of the 1962 Pontiac Area United Fund fall campaign for the second consecutive year.

The announcement was made today by Mrs. Joseph Fox, women's campaign chairman.

Mrs. Williams and her workers will be assigned businesses in downtown Pontiac, Miracle Mile and Tel-Huron shopping areas. Under her leadership last year these special women's business calls netted 155 per cent of their \$250 goal, raising \$388. Residential business calls assigned to district chairmen totaled \$1,355.37 in Pontiac and \$2,027.50 in Water-

ford. Combined women's business calls amounted to \$4,011.07.

Mrs. Williams has worked with the United Fund Drive for seven years as solicitor and district chairman prior to taking over business calls in last year's drive.

MRS. WILLIAM H. WILLIAMS

A life long resident of Pontiac, Mrs. Williams is acquainted with the business scene, having worked at Lion Store for many years.

In addition to her United Fund work, Mrs. Williams has been active in the Avon Circle Extension Club, Parrot-Torch or Association and March of Dimes. Her hobbies of flower making and cake decorating are employed to cheer patients in convalescent homes.

Mrs. Williams is an employee of Pontiac Motor Co. The Williamses have one daughter, Carol Ann, who attends Madison Junior High School.

Cash Gift Improper From Boy

By The Emily Post Institute Q: I had a birthday last week and my boy friend handed me a birthday card in which was enclosed a \$10 bill. He said that he didn't know what to buy me and to please use the money for something I really wanted.

It sounded practical to me but when my mother heard of it she said it was very improper for a girl to accept money from a man. I can't see what the objection is to this, as he would in all probability have spent this amount on my present anyway.

Being able to buy something I like makes more sense than having him buy something that is useless to me. I would like your views on this matter.

A: While your point is well taken, I have to agree with your mother. According to convention, a woman does not accept money from a man. It is entirely proper for him to ask you to go with him and buy it for you, but for him to give you actual cash is really taboo.

Q: I am to be married shortly and as my parents cannot afford to give me a reception, I am not planning to have one. My fiancé's parents have told me that if I would like a reception, they will pay the expenses and that will be their gift to us. Would it be proper for them to do this?

A: I'm sorry, but it would not be proper. A wedding, no matter how simple it may be, is a family affair.

NO NICKNAME HERE Q: My brother-in-law's name is Lawrence but everyone calls him Larry. When addressing a note of mine to him, would it be proper to address it to Mr. Larry Jones, or must it be Mr. Lawrence Jones?

A: Correctly, when writing to him, he should be addressed Mr. Lawrence Jones.

The Emily Post Institute offers readers booklets on a variety of subjects in the etiquette booklet entitled "The Bride's Trouseau," send 10 cents in a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

The Emily Post Institute cannot accept personal mail, but all questions of general interest are answered in this column.

Women's Section

'Don't Force Music on Children'

By MARY CAMPBELL NEW YORK (U)—They're never too young to start studying music—if they have real talent.

But for heaven's sakes, don't force them.

Miss Marcus of the Juilliard School of Music, who has taught hundreds of students—including Byron Janis—in the last 23 years, explains:

"I don't think forcing lessons

upon all children is advisable. The proper age for lessons to start is the age of interest."

She goes, however, believe in music, if not in music lessons, for all children. "Play good music on the radio or records," she says, "primarily when the child is quiet."

"But don't start him taking music lessons before he can sit still for half an hour. And don't force him into lessons if he absolutely rebels."

TALENT SHOWS

If exceptional inclination toward music is present, Miss Marcus says, the parents will

probably know it when their offspring is very young. "The child may sing excerpts from arias at the age of 5 or correct a sister's piano lesson from his little crib."

"Of course these things don't happen with every child, but if it's a big talent the musically shoes through."

Miss Marcus suggests that a parent who suspects musical talent is showing through measure the youngster against two standards:

1. The child has the ability to absorb and retain. He recollects ultimate happiness is concerned.

But Abby Picks Conservative Title

Readers' Advice Liberal

By ABIGAIL VAN BUREN DEAR READERS: A battery of attorneys advised me to change the title of my new book, "MARRIAGE ON THE ROCKS." So I sent an SOS to you for some suggestions, and the response was overwhelming!

From Alaska, "Why not call it 'How Now Thou Vow'?" From Brazil, "Marriage In Orbit," from Canada, "Wedlock Deadlock."

A captain in Korea suggested, "Betrotthed and Betrayed," and from Maine to California came:

"Altar Ego," "Double Bedlam," "Marriage Failout," "How to Succeed in Marriage Without Really Trying," "The Marriage Mirage," "The Rise

and Fall of Marriage," "Stalemate," "Remember the Alimony," (from Texas,ATCH), "A Funny Thing Happened to Me on My Way to the Lawyers," "Bed and Bored," "The Trouble With Marriage," and "How to Stay Sane in a Private Institution." And literally thousands of others.

Since my book is all about marriage, I have decided to play it straight and call it simply, DEAR ABBY ON MARRIAGE. It will be out in May. You might be disappointed with the title, but you won't be disappointed with the book. And that's a promise!

Gratefully yours,

DEAR ABBY: Last night I felt very blue and depressed. My parents were not home so I telephoned my boy friend, who is taking basic training in Texas. We got carried away in conversation and talked for 35 minutes. When we hung up,

I called the operator to find out how much the call cost and she said \$23.80. Now, Abby, I am only 15 years old and do not have that kind of money. I am afraid to tell my mother because I know she will be furious. I am terribly sorry for what I did, but that won't help now. Would it be proper for me to ask my boy friend for the money?

TELEPHONE TROUBLES

DEAR TROUBLES: Don't ask your boy friend for the money. He has his own troubles. Tell your mother and ask her to take it out of your allowance (if you get one). Otherwise, offer to "work it out" somehow. Your parents were lucky your boy friend wasn't in Korea. And next time, try the pen.

For Abby's booklet, "How to Have a Lovely Wedding," send \$5c to Abby, care of The Pontiac Press.

Readings Set Friday

Rathbone to Appear

Actor Basil Rathbone, "Sherlock Holmes" in 16 films will present a program of dramatic readings Friday as part of the Michigan State University Oakland Community Arts Council lecture-concert series.

"An Evening with Basil Rathbone" will begin at 8:15 p.m. in the Pontiac Northern High School auditorium.

Also famed for his Shakespearean acting, Rathbone has played 52 different roles in 23 of Shakespeare's plays.

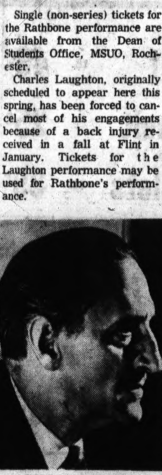

NOTED SWORDSMAN

Regarded as one of the theater's most able swordsmen, Rathbone's film duels with Errol Flynn in "Captain Blood" and with Tyrone Power in "The Mark of Zorro" are considered classics of the up-and-down-the-castle-stairway school.

Other stage credits include roles in "The Swan," "The Captive," "The Teller" and "J. B."

TICKETS AVAILABLE

His presentation here will include selections from Poe, Conan Doyle, Browning and a Shakespeare.

BASIL RATHBONE

Dance Class on Tuesdays

A new "advanced beginners" Square Dance class is scheduled to start at the Waterford Community Center Tuesday for eight weeks.

Classes will meet at the center on Williams Lake Road every Tuesday from 8 to 10 p.m. for beginners. The course offers intermediate level basics for those who have completed the regular series. Sam Joan is instructor and caller.

Preregistration and enrollment may be made by contacting Mr. and Mrs. Sam Joan.

'Mothers' Plan Flint Card Party

Department of Michigan Blue Star Mothers will hold a card party Wednesday in Flint. It was announced recently when Blue Star Mothers chapter four, gathered for a school girl luncheon at the home of Mrs. Frank Schmidt of Fairmount Avenue.

Next meeting will be at the Young Men's Christian Association April 20.

Amies Club members are completing arrangements for a spring style show "Americana Abroad," slated at 7:30 p.m. Wednesday in Elks Temple. Decorations chairman Donna Darrow (second from left) gets a sneak preview of a colorful floral print raincoat which will be shown with club models (from left) Jeanette Wright, Pamela Griffin and Kathy Fitchett.

A spring fashion show was presented before the Maple Leaf Luncheon Club during its monthly gathering Friday at Devon Gables.

Hostesses for the day were Mrs. Arthur Hunt, Mrs. Ben Mosher and Mrs. William R. McClure.

President Mrs. Harold McDowell announced the April luncheon as guest month. Chairman for the event is Mrs. Turley McClure, assisted by Mrs. M. L. Lamb and Mrs. Charles W. Furley.

Mr. and Mrs. Sam Woods have returned to their home on Berkley Drive after a vacation in Fort Lauderdale, Fla. The couple stayed in the Yankee Clipper Hotel where the New York Yankees are housed for their spring training until April 7.

MSUO Secretaries to Give Hat Show
The Secretaries of Michigan State University Oakland will sponsor a hat show featuring 204 bonnets for sale Tuesday 5 to 8:30 p.m. on campus in Oakland Student Center's Gold Room.
Proceeds from the show by the SOS (Save Our Students) Club will go toward helping students with financial problems.

WAC Wed in Okinawa

Army chaplain Lt. Col. Wilmer H. Bottoms officiated at the marriage of Spec. 4 Linda C. Teague to Pfc. Raymond D. Parr of Waverly, Ga., at Sukiran Army Chapel, Fort Buckner, Okinawa.
The bride, who is stationed at the U.S. Army Hospital with the Women's Army Corp Detachment,

is the daughter of Mrs. Nola Calahan, Drayton Plains, and William Teague of North Astor Street.
Best man at the March 17 ceremony was Spec. 5 Bobby Golden, U.S. Army, stationed with the bridegroom on Ryukyu Islands. Mrs. Golden was the bride's matron of honor.

Psychological 50 Pct. of the Time

Backache? Get Rid of It!

By JOSEPHINE LOWMAN

We might well say that many women carry their housework on their backs. The backache is one of the most common of all ailments and many physicians feel about half such cases are due to psychological factors.
So much is known now about the repercussions of the emotions on the body that ideas which would once have seemed as ridiculous as flying around the earth are now conceded to be facts.

If you feel resentment toward your housework. If you are bored or discouraged by it, your back may help you out by developing a pain to save you from tasks you dislike, and the pain is real.

Of course the same may be true of any situation which arouses damaging and distressing emotions.

OFTEN SIMPLE REMEDY

However, there are many many other causes. Therefore, if you suffer with a continuing backache, you should seek competent medical advice. Often the remedy is very simple.

For instance, your backache may come from poor posture, lax muscles, from improper shoes or from sleeping on a mattress which is too soft, lumpy or sagging.

There are also more serious causes such as kidney disease, arthritis, a slipped disk, gall bladder disease, female trouble, stomach trouble or pulled ligaments.

A nagging backache can dampen a woman's zest for life and is therefore a serious matter even if the cause is not serious. The main thing is to get rid of it.

Even doctors sometimes have difficulty in discovering the

It appears that it isn't the housework, but the burden of a backache which is causing this lady distress. If you have a continuing backache, you should see your doctor.

cause so do not indulge in a guessing game yourself. Let your physician decide.

Some backaches come from tension, especially in the region of the neck. Sometimes heat will relieve this.

In his helpful book, Family Medical Encyclopedia, the noted Dr. Justus J. Schiffer, director of the Health Education Council, says, "Prevention of backache in its most common forms can be partly achieved by developing good posture, good sleeping habits, and a good level of general health by avoiding overweight, strain, and

accident (learn how to lift properly); by dodging communicable diseases or getting prompt treatment for them; and by cultivating a high level of mental health."

Open House Marks Runyon Hilestone

The Melvin Runyans, who are observing their 60th wedding anniversary today, held open house Sunday at their home on Quillen Street, Drayton Plains. Some 30 relatives were present.

Get Dental Help After First Sign

(NEA) — Should you find that your gums bleed every time you brush your teeth, run, don't walk, to your dentist's office. This way you can avoid serious trouble that may eventually cause the loss of teeth.

Have You Tried This?

Three Kinds of Cheese Go Into Baked Lasagna

By JANET ODELL
Pontiac Press Home Editor
There are many recipes for Lasagna. This is a delightful main dish that is flavorful and filling. With it you need only a green salad and dessert.
Mrs. Barney Yagoda is our cook today. She helps her husband with his work a few days each week. With him she also sponsors a teen-age group. Cooking is one of her hobbies.

BAKED LASAGNA

By Mrs. Barney Yagoda
2 pounds ground beef
1 clove garlic, minced
1 tablespoon parsley flakes
1 tablespoon basil
½ teaspoon salt
1 can (16 ounce) tomatoes
2 cans (6 oz.) tomato paste
5 ounces wide noodles
3 cups cream style cottage cheese
2 beaten eggs

1½ teaspoon salt
½ teaspoon pepper
2 (tablespoons) parsley flakes (yes, again)
½ cup grated Parmesan cheese
1 pound Mozzarella cheese, sliced very thin
Brown meat slowly, spoon off excess fat. Add next 6 ingredients. Simmer uncovered about 30 minutes. Cook noodles in boiling, salted water until tender. Drain and rinse with hot water.
Combine cottage cheese with eggs, seasonings and Parmesan cheese. Place half the cooked noodles in 13x9x2 pan. Cover with half the cottage cheese, then half the Mozzarella and half the meat sauce. Repeat these layers. Bake 30 minutes at 375 degrees. Let stand 10-15 minutes before cutting into squares to serve. Makes about 10 servings.

Paris of East Bloc Coverup for Red Curbs

'Golden Prague' Lacks Only Freedom

PRAGUE, Czechoslovakia (U.P.) — of the East bloc. There are night clubs, strip joints, jazz spots, swank restaurants — all the things the Communists usually condemn as evidence of capitalist decay.

It's communism with a juke box, as one Englishman here put it.

A Westerner's eyes might pop, coming here after a tour of the rest of the drab Communist world.

You see people pretty well dressed, stores seem well stocked. Restaurants serve international foods. Strip dancers peel to Cole Porter's "Love for Sale." You can order Scotch whisky, bubbling Cremen champagne and Hungarian wines.

This is a showcase for communism. Not only for Westerners, but also for visitors from the rest of the Communist world — except Albania and Red China — and from the emerging African and Asian nations the Communists want to woo.

But communism under the regime of President Antonin Novotny exists behind the glitter of Prague. There are the secret police and many curbs on freedom of the individual.

Plain clothesmen keep long vigils outside hotels where foreigners stay.

They do their best to stop Czechs from making contact with foreigners, even with those from the rest of the Soviet bloc.

NO 'GOLDEN PRAGUE'

The night life seems gay to the visitor, but to the Czech it is nothing like the "Golden Prague" of the past.

"Look carefully," said an elderly Czech who knows Western life, "and you'll see that nothing is done with the lightness and the ease you find in the West. It's too forced here. There's no freedom in it."

Though they are much better off than people in most Communist countries, Czechs complain. Their biggest complaint is lack of freedom.

"Hundreds of American tourists come here every year," said a Czech, "and all they can do is marvel that we are not as poor in material things as some people in the West believe."

"So many of them can't seem to grasp that what we lack is the freedom to say and do what we want."

DRESS REVUE WINNERS — Tops with thread and needle among Oakland County 4-H girls who competed for dress revue trophies on Spring Achievement Day Saturday were Carmeen Sue Miller of Brandon Township and Evelyn Nice of Waterford Township, both 15 years old. They are pictured here showing

their prize-winning costumes to Mrs. Dan Abbey of Orion Township, dress revue chairman, left, and Mrs. Ruth Montoye, county 4-H agent, Evelyn, far right, placed first and Carmeen Sue, second, in the competition held at Pontiac Northern High School.

5 Cities, Village Deciding Issues

Areas Voting Today on School Tax, Charters and Positions

Voters will decide major and council races and the fates of five proposals in elections today in five area cities and one village.

Three charter amendment proposals are on the ballot, two in Wolverine Lake Village and one in Wixom.

Troy voters will decide again on a school tax proposal for three mills over a four-year period. They defeated the same proposal in November.

A proposal to permit dancing in taverns will come up for the third time in Lapeer, where two city commissioners also will be chosen from five candidates.

Mayors will be elected in Troy, where voters will also choose two city commissioners from four candidates, and in Wixom, where three of the four candidates for three council seats are incumbents.

Four council posts will be filled from a field of six candidates, including one incumbent, in Walled Lake.

In Keego Harbor, a councilman and a constable will be elected.

Lapeer Girl Runner-Up as Homemaker

LAPEER — Carol Hunt, covalent winner of Lapeer High School's 1962 graduation class, has been named runner-up in the Betty Crocker Homemaker of Tomorrow for Michigan contest.

Carol will receive a \$500 scholarship, which she plans to use to attend the University of Michigan for study in medicine or languages.

Carol, the daughter of Mr. and Mrs. Keith E. Hunt of 642 Lincoln St., has served as class secretary, as yearbook staffer and student council member.

The \$1,500 scholarship awarded to the winner went to Melissa Reading of Redford High School, Detroit. Melissa will compete in the national Homemaker of Tomorrow contest for a \$5,000 scholarship.

The awards are based on the results of written knowledge and attitude tests.

Highway Dept. to Accept Xway Work Bids April 11

LANSING 6P—The State Highway Department says it will take bids April 11 on contracts for construction of 4.5 miles of freeway in the Detroit area. The bids will be for three projects, estimated to cost \$7.5 million.

The projects include work on a 2.4-mile section of I-94 east of Mount Clemens, 1.1 miles of work on the John C. Lodge freeway in Detroit and 1.1 miles of preliminary work on the Lodge freeway extension in Detroit and Southfield.

Accord Special Recognition to 4-H Achievement Winners

Special recognition was accorded Saturday to two "veterans" of 4-H work in Oakland County who were chosen from close to 1,000 contestants for top awards at the 1962 Spring Achievement Day at Pontiac Northern High School.

Named county overall achievement award winners were Carolyn Canfield, 18, of the Busy Fingers Club, Milford, and Steve Chapin, 17, of the East Orion Club.

Carolyn, who was second alternate in the dress revue, is the daughter of Mr. and Mrs. John Canfield of 5744 Grand River Ave., New Hudson. Her major projects have been in home-making.

A senior at South Lyon High School, she is a past president of her 4-H club.

Steve, a specialist in electricity, is president of the East Orion Club and a senior at Lake Orion High School. His other projects include junior leadership, money management and photography.

SERVED AS M.C.
Steve served as master of ceremony for the evening program held in the auditorium at Pontiac Northern at which time top awards of the day were presented.

Keith Middleton, president of the 4-H Leaders Assn., gave the welcome.

Another highlight of the evening program was the naming of winners in the annual dress revue competition which drew 270 entries from throughout the county.

Two 15-year-olds, Evelyn Nice, of Waterford Township, and Carmeen Sue Miller, of Brandon Township, placed first and second respectively.

Evelyn, a member of the Busy 4-H Pals Club, is the daughter of Mr. and Mrs. Jack Nice of 445 Lakeside Drive. She is a "veteran" for six years in 4-H work.

HER FIRST PRIZE
Carmeen Sue's parents are the Milton Millers, of 13410 Dartmouth Road. This is the first time in her five years of 4-H work that Carmeen Sue has won a prize for sewing.

She is a member of the Seymour Lake Clubs.

A colorful dance number by the Bloomfield Club earned a large group prize for its participants and another award in this division went to other members of the same club who staged a pantomime.

Small group winners were Barbara Walden and Sue Alex, both of Bloomfield, who did a comedy routine. Vocalist Pat Gohman of Galloway Lake also was cited for outstanding talent.

Following is a complete list of divisional title holders in project areas that were judged during the day in the school cafeteria:

Yearly Business Routine

Townships Hold Meetings

Residents turned out in widely varying numbers to conduct mostly routine business in 20 area township meetings Saturday.

Number of residents attending the meetings varied from one to 175. One meeting lasted only seven minutes.

Most townships adopted tentative budgets.

Sixteen of the 20 townships are in Oakland County.

Following is a round-up of action taken at the meetings:

PONTIAC
All matters depending on the state of finances were excluded from the Pontiac Township annual meeting.

A motion to adjourn the meeting until April 28 except for matters not dependent on the treasurer's report was passed when it was learned the report would not be ready for about 20 days.

The action, taken at the meeting began by the nearly 100 residents in attendance, led to confusion and controversy throughout the meeting. Arguments repeatedly developed over whether a matter under discussion depended on finances.

Among the business completed within this limitation was setting the time of board meetings at 7:30 p.m. on the second Monday of the month, and approval of beginning summer hours at township offices in April (closed Saturdays and open until 8 p.m. Mondays).

Other action included provision for a stenographic record of all future annual meetings, and authorization of the board to hire an attorney.

HIGHLAND
Authorization to hire an architect to design an addition to the Highland Township Hall to house the library was given by the Township Board.

The action was taken after the board agreed to provide the supervisor with a private office by partitioning a portion of the present library facility.

In adopting a \$53,496 budget the board allocated \$900 more for library service than it did in the 1961-62 fiscal year. Last year the library board received \$5,700.

The board also decided to hold a joint meeting with White Lake Township officials in the near future to discuss bonding and sinking regulations on White Lake. The lake takes in a part of both townships.

About 40 persons attended the annual meeting which lasted nearly two hours.

WHITE LAKE
An \$85,330 budget was adopted Saturday by the White Lake Township Board.

This includes \$18,000 to construct an addition to the township hall. The project had been planned in the previous fiscal year but a lack of funds delayed its construction.

Also included in the budget is \$12,500 for the operation of the police department and \$12,000 for the fire department.

Allocations for the various departments are nearly the same as last year.

OAKLAND
A \$40,876 budget was adopted and a resolution passed approving Oakland County's proposed new jet airport at the Oakland Township annual meeting.

All 31 of the residents present in addition to the township board voted in favor of the anti-airport resolution, similar to the petitions being circulated in Orion Township.

The resolution is to be sent to the County Board of Supervisors. The budget is \$2,000 higher than last year's.

In other action, approval was given to a request for one mill from the County Tax Allocation

Board and to continuing the meeting day of the township board as the second Tuesday of the month. It was decided that residents would pay half the cost of child-sitting roads, with the township paying the rest.

MILFORD
The Milford Township Board approved the hiring of a part-time deputy clerk in adopting its 1962-63 budget at the annual meeting Saturday which 19 citizens attended.

The \$28,000 budget is comparable to last year's financial report.

It includes \$9,300 for library services, \$7,350 for the fire department and \$1,200 for new clerical help.

SPRINGFIELD
A 1962-63 budget of \$27,720 was adopted at the annual meeting of the Springfield Township Board, a \$300 reduction compared to last year's budget.

Of this, the township, which has no township tax, will have \$15,550 for operations. Salaries will take another \$6,200.

The fire department vehicle retirement fund to purchase new equipment received \$6,800 and \$2,000 was set aside for the county matching fund road program.

AVON
Some 175 residents attended Saturday's annual meeting to adopt a tentative budget of \$26,206, which is \$40,000 higher than last year's.

A motion was approved to ask 1.5 mills from the County Tax Allocation Board to be spent for general purposes. The same amount was requested last year.

The treasurer's report on receipts and expenditures during the past year was not ready, and was taken to have the report published in two newspapers within 30 days of its receipt from the treasurer.

COMMERCIAL
Commerce Township residents who attended the township meeting Saturday were told that it would be necessary for them to petition for a millage election if they wanted the township to set up a dog warden department.

Supervisor Tom Tilly said the additional millage would be needed because it would cost the township \$15,000 to \$20,000 annually to provide for the control of dogs.

The board also agreed to consider in the near future an ordinance that would control boating and skiing on lakes in the township.

The board adopted a \$116,875 budget for the 1962-63 fiscal year. This is approximately \$3,500 more than last year's budget.

The new budget includes slight salary increases for the assessor, building inspector, clerk and two firemen.

OTHER TOWNSHIPS
A budget of \$155,834 was approved in Independence Township, where some 50 residents spent the rest of the two-hour meeting in discussion of Oakland County's proposed new jet airport. Opinion on the airport was divided.

Lyon Township approved a budget of about \$20,000 more of which is derived from state sales tax since the township itself has no tax. Nearly \$2,000 was allocated for library services. This is \$500 more than was provided last year.

The rest are as follows:
Addition: \$20,000 budget adopted.
Add: Anti-airport resolution tabled.
Brandon: Budget of \$40,850.
Rome: \$14,500 budget approved.
Groveland: Budget of \$17,000 approved.
Ordin: Routine business. Budget to be approved at April 11 board meeting.
Royal Oak: Routine business.
Shelby: Shortest meeting in area—seven minutes. Budget not considered.
Washington: Only one resident attended. A budget of \$45,750 approved.
Metamora: Routine business.
Dryden: \$5,000 budget approved.

NEWS OF THE AREA

Wixom PTA Plans Talk: 'Child's Home Behavior'

WIXOM — A faculty member at Merrill Palmer Institute in Detroit will be the guest speaker tomorrow at the 8 p.m. meeting of Wixom Elementary School Parent-Teacher Association.

Miss Florence Gould, instructor of child development and coordinator of administration for services at the institute, will discuss "Guiding Children's Behavior in the Home."

She will talk on the importance of correct guidance in the home and suggest practical answers to problems in this area.

Proceeding the meeting an open house in the school library is scheduled in observance of American Library Week. There will be a display of new books that the Walled Lake school board and PTA have furnished the school this year.

PTA officers for next year will be elected at the meeting.

Area Fire Destroys Unfinished House
COMMERCIAL TOWNSHIP—Fire destroyed a splittable house under construction here Saturday, causing an estimated \$5,500 damage.

The building, located on Buffalo Street in the Golf Manor subdivision, was being erected by Smoker Construction Co.

Cause of the fire, which occurred at 5:45 p.m., has not been determined, according to Fire Chief Clarence Kuttuba.

Vaults 16 1/4 Outdoors

Uelses Sets New Record

SANTA BARBARA, Calif. (AP) —John Uelses, history's first pole vaulter to clear 16 feet—who has done it both indoors and outdoors—has his sights set on 16 feet 6 inches.

"I was confident I could clear 16 feet," the 24-year-old coach-trainer corporal said after vaulting to 16 1/4 feet Saturday. "But I was too anxious trying 15-4. But my goal this year is more than that. I'm out to do 16 1/2."

His feat posted a new world record at 16 1/4.

The existing recognized mark is 15-9 1/4, set by Don Bragg. A performance of 15-10 1/4 by George Davies of Arizona State University is pending.

Uelses' outdoor achievement at the 24th annual Santa Barbara Easter Relays came on his second try, as he had his cracking of the 16-foot barrier indoors last winter at the same height.

The height first was announced at 15 1/2, but subsequent measurement boosted it to a half-inch, to the delight of Uelses and a crowd of 6,000.

He failed in three later attempts to clear 16-4.

Dave Turk, 26, a Marine first lieutenant at Camp Pendleton, turned in his all-time best performance by clearing 15-8 1/4 in competition with Uelses. Turk couldn't make it in three tries at 16 1/4.

Michigan 4th Despite Marks Set by Nelson

Michigan State Sixth in NCAA Team Play at Columbus

COLUMBUS, Ohio (AP) — Ohio State has moved one up on Michigan in their duel for NCAA swimming championships.

The Buckeyes won their 11th team title in 26 years here last weekend as Michigan fell to its lowest finish since 1936, coming in fourth behind Southern California and Minnesota.

Michigan had been pegged for the runner-up spot and Southern Cal was predicted to finish third. But the Wolverines, who have 18 NCAA team titles of their own, fell out of it early in the meet.

Ohio scored 92 points, Southern Cal 41, Minnesota 41 1/2, Michigan 32. Michigan State placed sixth with 20 points.

Nick Nelson of Michigan broke his own intercollegiate and NCAA records by swimming the 100-yard breaststroke in 1:01.7. His old intercollegiate and NCAA records were both one-tenth of a second slower.

Jeff Mattson of Michigan State finished fourth in the 100-yard freestyle, Bill Darrington of Michigan placed fourth in the 400 yard freestyle, Pete Cox and Ron Jacoby of the Wolverines placed fourth and fifth respectively in the three meter diving event, and Michigan's 400 medley relay team placed sixth.

Church All-Star Team Beats Referees, 61-56

The YMCA Church Basketball league was climaxed over the weekend with All-Stars defeating the league referees, 61-56 in a 40-minute game.

Willie Ratliff of Macedonia Baptist led the All-Stars with 20 points while John Harmon posted 21 for the refs. Cal Martin of Trinity Baptist had 12 for the stars, followed by Ross Luther and Doug Turner of St. Paul Methodist with 8. Bob Wisdom had 10 for the referees. It was decided in a league meeting prior to the game that the league may possibly be enlarged next season.

Honor Lindsay, Orlando

DETROIT (AP) — Ted Lindsay and Jimmy Orlando were named to the Detroit Red Wings' Hall of Fame last weekend by the Detroit Hockey Writers Association.

Lindsay played 15 years with the Wings prior to his being traded to the Chicago Black Hawks in 1957. He still holds the National Hockey League record for goals by a left wing. Orlando played on two Detroit Stanley Cup champions in the late 1930s and early 1940s.

Bickford Pro Keg Champ

Outsiders 1st at Milford

Bowlers from Cleveland, Ohio and southern Oakland County took over the top two places in the Milford Doubles tournament over the weekend.

Dick Gonder and Joe Davine were the Ohio boys to go ahead of the pack on the 3rd weekend with 1,557. Joe Vondrak and Chet Cheevich of that city gained 5th with 1,393.

Hal Bauman of Royal Oak and Fernside's Don Zimmer teamed for 1,411 for 2nd. Previous leaders Jim Drennon and Kasumi Hatanaka of Southfield fell to 3rd at 1,386. D. Ghanam and Hideo Bone of Canada are now 4th with 1,373.

Joe Sterrett went way ahead in high game with 284 toppling 10 straight strikes before getting a split.

Marr Playoff Winner to Earn \$2,800 at Azalea

WILMINGTON, N.C. (AP) — On money race with total official earnings of \$16,168.

WILMINGTON, N.C. (AP) — Dave Marr, 28, won the \$2,800 playoff match at Atlanta's East Lake Country Club. The putt dropped Sanders shot a 73 to tie Tommy Aaron for low medal score. Aaron and Bo Wininger defeated Sanders and Loddie Kempa of Macon, Ga., 3-1, in the team match.

The Texas native who plays out of Sun City, Ariz., birdied the first hole of a sudden death playoff Sunday to beat Jerry Steadsmith, Glendale, Calif., redhead, and win the \$20,000 Azalea Open Tournament.

Marr's \$2,800 first place check compares with the \$2,500 he had picked up in 19 previous tournaments on the circuit this year. Steadsmith, who had won \$2,500 in playing all 31 previous PGA events this year, settled for \$1,900 runner-up money.

Win 2 Medals in NCAA Meet

MSU Gymnastic Team 5th, Michigan 3rd in Championships

ALBUQUERQUE, N.M. (AP) — Michigan State took home two gold medals from NCAA gymnastics championships here last weekend.

State athletes pulled down the rebound tumbling and still-ribs titles but had to settle for fifth-place in the team standings. Southern California placed third on greater team depth.

Dale Cooper of State knocked out a deterring exemption Fred Orlikoff of Southern Illinois on the still-ribs while teammate Steve Johnson was edged Tom Osterland of Michigan for the rebound tumbling title.

Johnson scored 9.3 points to Osterland's 9.275 in the duel. Lewis Hyman of U-M, who suffered a severe brain injury in a fall, placed ninth in the rebound tumbling.

State's Gani Brown placed second in the free exercise and Arno Lasari of Michigan finished second on the parallel bars.

Southern California won the team championship, followed by Southern Illinois.

Play Last Round Today

HOLLYWOOD, Fla. (AP) — The final round of the men's International Year-Sail Golf Championship was rescheduled for today. Rain washed it out Sunday.

Paul Desjardins, 31, and John Lapadula, 34, both of Miami Shores, had a two-stroke edge over the field going into the final.

Paret's Boss Is Threatened

Promised Death Unless Referee Criticism Ends; 'Kid' Unchanged

NEW YORK (AP) —New York police said today they planned to take no action on reported threats to the life of Emanuel Paret, manager of Benny (Kid) Paret. Paret still remains in critical condition from brain injuries suffered in a welterweight title bout nine days ago.

Police said they had received a complaint from Alfaro or another official notice that his life had been threatened, and there were no contact until they received word.

Alfaro said Sunday that he was told "your body will be found floating in the East River" if his criticism of Referee Rudy Goldstein's handling of the fight between Paret and Emilio Goltz continued.

Alfaro did not say who made the threats or how they were made. He has said repeatedly that Goldstein let Paret absorb too much punishment in the title fight with Griffith before stopping the bout in the 12th round with Paret slumped against the ropes. Goldstein was exonerated of any blame by the New York State Athletic Commission by Governor Nelson Rockefeller, who okayed the report.

Paret remained in a coma, though Alfaro, after visiting the kid, said his head had been elevated slightly in his bed.

Lounge Cagers Fall in 2nd-Round Game

Superior height and a hot shooting streak combined to put 300 Lounge on the sidelines in the annual Michigan Recreation Association basketball tournament over the weekend at Battle Creek.

Pontiac's 1962 Class A City League champions bowed to Nankin Township of Wayne, 85-62, in the semifinals Saturday at Battle Creek Central High School Fieldhouse.

Lounge led by 25-18 lead entering the 2nd period, but Wayne outscored the city champs by a 22-11 margin in the next eight minutes for a 40-37 edge at halftime.

A scorching spree by Wayne late in the 2nd quarter and carrying over into the 4th stanza squelched all Lounge hopes for victory.

During that stretch the local quietest was attracted by a 174 count as Nankin compounded a slim 49-48 lead to a commanding 73-53 advantage. Then the winners coasted home.

Willie Hughes lifted 32 points to spearhead Wayne's triumph. Felix Brooks scored 12 points and Bill Hayward 10 for Lounge.

Navy Fencing Champ, Wayne 7th, State 12th

COLUMBUS, Ohio (AP) — Wayne State University finished in a three-way tie for seventh in the National Collegiate Fencing Championships here last weekend.

Michigan State tied with Princeton for 12th and Detroit finished 15th in the team standings.

Wayne State's Bela Seintvany came in third in the sabre division with a 2316 record.

The Naval Academy won the team championship over the defending champion NYU, 76-74.

Bickford Pro Keg Champ
