

28 Die as Snow Paralyzes Midwest

City Police Use Tear Gas to Capture Berserk Youth

By HAROLD S. COHEN
A 16-year-old Pontiac boy, who police believe went berserk, was flushed from his home by tear gas last night after he had threatened a police officer with a loaded shotgun.

The boy is held today in juvenile home on a charge of felonious assault.

Police fired several tear gas shells into the basement and first floor of the south side home before the youth gave up. No shots were fired.

The boy had been showing signs of mental disturbance for several weeks, his mother told police, with dizzy spells and an ungovernable temper.

Last night, just before 10 p.m., he grabbed a younger sister as she walked by his chair in the living room and twisted her arms. When his mother tried to stop him,

she told police, he began smashing the living room furniture.

Terrified, the mother herded her two young daughters into the kitchen, closed the door, and then slipped out the back door.

They encountered Officer Raymond Dickinson on his way to work at 10:05 p.m. and told him the story.

Dickinson went into the house and the boy threw a lamp at him, then ran and got a shotgun which he leveled at the officer.

Dickinson turned and left the house, calling for reinforcement from a neighbor's home.

Seven men, led by Lt. Donny Ashley and Det. Thomas Mitchell answered the call. Tear gas was immediately sent for since the boy had turned out the lights in the house and the police felt he might open fire.

Several shells and grenades of tear gas were thrown into the basement and kitchen.

Ashley and Mitchell then saw the boy open the front door and slightly open a storm door for air. He held a wet handkerchief over his face.

As they mounted the porch, the boy closed the storm door, but a few seconds later opened it again for air and Ashley grabbed him. The loaded .410 gauge shotgun was found on a chair by the door.

The boy was turned over to juvenile officers and booked on a charge of felonious assault. He spent the night at the Oakland County Children's Home.

County Plans \$1,122,125 Road Building Program

An estimated \$1,122,125 road construction program for Oakland County this year was announced today by the Road Commission.

Commission Chairman Sol D. Lomerson said it would cover approximately 29½ miles and include 18 major projects. Among them will be:

(1) New 22-foot pavements on Twelve Mile road from Orchard Lake road to Haggerty road, and on Franklin road from Square Lake road to the Pontiac city limits.

(2) Widening to four lanes of Rochester road (M150) from Main street in Royal Oak to Fourteen Mile road (in cooperation with City of Royal Oak).

(3) Widening of Nine Mile road to four lanes from Woodward avenue east to Hilton street (in cooperation with City of Ferndale).

(4) Relocation of Eight Mile (Base Line road) through City of Northville to begin this year as joint project with Wayne County Road Commission.

(5) Concrete recapping and widening to 22 feet of Big Beaver road from Rochester road to John R. road, and on Fourteen Mile road from Rochester road to Dequindre road.

"Completion of the widening and improvement of the Cass Lake-Elizabeth Lake road intersection also is assured," said Lomerson.

"Most of these projects appear in the southern part of the county because traffic volume counts indicate much more traffic there," (Continued on Page 2, Col. 3)

bank, and William D. Thomas Jr., president of Thomas Economy Furniture Co.

The election of the two men increases the Board of Directors to nine members.

Re-elected by the stockholders to another year's term on the board were John C. Cowe, Milo J. Cross, Roger J. Emmert, Judge H. Russell Holland, Frank A. Mercer, Goodloe H. Rogers and Stuart E. Whitfield.

Cross, president of the bank, announced that total deposits at the end of 1957 reached \$27,348,200, the highest in its history. This was an increase of \$2,575,500 over 1956 deposits.

Earnings after taxes at the end of the year amounted to \$164,293.03, or \$3.28 per share, Cross said.

After the stockholders' meeting, directors re-elected all 14 officers of the bank to another term.

Ike Plans Three Meetings Today on U.S. Defense

WASHINGTON (INS)—President Eisenhower, devoting more and more time to the nation's defense problems, scheduled three important conferences on the subject today.

He was to meet first with the National Security Council, a session moved up a day to permit the attendance of Secretary of State John Foster Dulles, who is flying to Turkey for a meeting of the Baghdad Pact nations.

Then Eisenhower was to confer with Lewis Strauss, chairman of the Atomic Energy Commission.

This afternoon, Eisenhower has scheduled a meeting with Gordon Gray, director of the Office of Defense Mobilization.

City Approves Record Budget of \$5,683,595

Commissioners Press Complaint on Rush for Hospital Fund Figure

With a complaint that the city was being asked to appropriate funds for Pontiac General Hospital without passing first on its budget, the City Commission last night passed its own 1958 budget amounting to a record \$5,683,595, of which \$3,562,000 is to be raised by taxation.

If the city's assessed valuation is boosted this year to an anticipated \$260 million, the general property tax could be spread at a tax rate of \$13.70 per \$1,000 valuation for the fifth consecutive year, William believed. The assessed valuations will be set this spring.

Commissioner Roy V. Cooley made the hospital budget complaint, observing that the hospital board of trustees is required by ordinance to submit its budget for approval in December, "and yet it's always been late since I've been on the Commission."

The board hopes to have finished its budget preparation next month. It's chairman, Willis M. Brewer, was in Lansing today and unavailable for comment on Dr. Cooley's criticism, which was echoed by several other commissioners.

City Manager Walter K. Willman said that although the hospital budget already was too late this year, he would "take steps" to get it in on time next winter.

Dr. Cooley observed that the (Continued on Page 2, Col. 2)

Reds Increase Risks

BERLIN (INS)—Citizens of East Germany were warned today they smoke and drink at their own risk: Max Seydewitz, chairman of the finance committee of the East German parliament, said in announcing an economy move that the government would refuse to pay medical insurance when illness was due to "misuse of alcohol or nicotine."

Rochester Papa Again

HOLLYWOOD (AP)—Eddie Anderson—Rochester on the Jack Benny television show—is a father again. His wife Eva gave birth to a son yesterday. The Andersons also have a 17-month-old daughter.

Heavy Snow in Michigan Fails to Touch Pontiac

For the second time this week, heavy snowfalls for the Pontiac area failed to materialize, as other sections of Michigan were buried under the heaviest 24-hour snow of the season.

The prediction for the Pontiac area tonight and tomorrow is snow flurries and colder. A low of 24 degrees is expected tonight and a high of 21-26 tomorrow.

While above-freezing temperatures turned snow to slush in the southeastern part of the State, heavy snow and high winds lashed scattered portions of the rest of lower Michigan.

Western Michigan was hit hardest. Muskegon reported a total of 15 inches of snow last night with more expected today.

Rural schools were closed in Ionia today due to 3½ inches of snow, and heavy snow reported still falling.

Roads throughout lower Michigan were reported slippery and snow covered this morning. The Oakland County Road Commission said State trunk lines were clear, but county blacktop and side roads were still slippery in spots.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 30. At 1 p.m. the reading was 32.

State Approves Hospital Funds

Enables City to Borrow \$317,000 as First Step Towards Addition

The State Municipal Finance Commission yesterday approved Pontiac's bid to borrow \$317,000 in tax anticipation notes next month as the first step in borrowing \$850,000 to complete the Pontiac General Hospital addition.

The approval sanctioned the city's plan to pay the notes back out of 1958 tax moneys that otherwise would have gone into public improvements.

With the approval, City Manager Walter K. Willman said, the city is now in position to advertise for bids and sell the notes by mid-February. A limit of four per cent has been placed on the interest rate that the notes would carry.

The city plans to ask approval to borrow another \$317,000 on 1959 taxes after July 1, and the final \$316,000 on 1960 taxes early next year, he said. These loans also would be paid back out of public improvement funds for those two years.

Driver Admits His Car Hit Woman

SIGNS STATEMENT — George Wooter, 40-year-old factory worker, signs a statement for Lt. Clayton Randolph in which he admits being the driver of the car that killed an elderly pedestrian last Friday night. Officers Harry Doby and Guy White, right, who traced down Wooter's car from a meager description given by witnesses.

Federal Reserve Arraign Hit-Runner Cuts Bank Rate Whose Victim Died

Permits Lower Interest Charges by Reducing to 2½ Per Cent

A 40-year-old Pontiac factory worker will be arraigned in Municipal Court today for leaving the scene of a fatal accident.

George Wooter, of 249 Harrison Ave., has admitted he was the driver of the car that fatally injured Mrs. Annie Gilmore, 67, of 456 Harvey St., Friday night.

She died of her injuries Monday morning.

Wooter, a factory worker with five children, told officers he recalled the accident, but did not think he had hit anyone.

He said he had been out with his children, who live with his estranged wife and had returned to their home. He was driving to his home when the accident occurred.

Wooter stated he saw Mrs. Gilmore and felt a thump but since his license was revoked last September for drunk driving, he was afraid to go back to see if he had hit anyone.

He admitted stopping the car, police said, picking up a piece of chrome trim which was jarred free by the accident, and driving off.

Police had been searching for the car, using a description given by a passing motorist, Robert Strawder, of 513 Bloomfield Ave. They also had a hood ornament and bits of chrome trim found at the scene.

About 1:30 p.m. yesterday, officers Guy White and Harry Doby spotted a car that answered the description of the sought vehicle parked behind Wooter's home. A closer check showed the damage corresponded to that which the accident car should have had and Wooter's arrest followed.

87,439 at Auto Show

DETROIT (INS)—Attendance of the Detroit Auto Show today was reported to have reached 87,439 or 22,081 more than during the same period last year.

The GM chief has already labeled the UAW's "share the profits" plan as "extravagant" and "foreign to the concept of the American free enterprise system."

The delegates are expected to give overwhelming support of the proposed demands for a profit-sharing plan, large pay boosts, improved supplemental unemployment benefits and better pensions.

They will also discuss a special dues assessment which would double the union's present strike fund of about \$25 million.

Tooth Decay Drops in Two Test Cities

BRANTFORD, Ont. (AP)—Dr. Harry Brown of Ottawa says this city's tooth decay rate has dropped 66 per cent since he began a 10-year study of school children after Brantford began adding fluoride to the drinking water supply.

Dr. Brown, a dental health consultant for the Department of National Health and Welfare, said yesterday he made the study comparing school-children in Brantford, Stratford and Sarnia.

Brantford has been adding fluoride to its drinking water for the last 13 years; Stratford, which has the lowest decay-rate of any city in Canada adding fluoride, has been adding the chemical for the last 40 years. Sarnia does not add fluoride to the water.

While the tooth decay rate here now is as low as Stratford's, the doctor said, Sarnia has one of the highest in Canada.

Storm Spends Its Main Fury on Kansas City

Blanket 15 Inches Deep Blocks Roads, Closes Schools, Businesses

FROM OUR WIRE SERVICES
CHICAGO — A massive near blizzard that swept the Midwest causing at least 28 deaths headed briskly for the East Coast today where from 3 to 8 inches of snow are expected in New England.

Light flurries swirled in the wake of the snow as it hurried Eastward, leaving Kansas City almost completely paralyzed under 15 inches of snow—its worst storm in 46 years.

Highways in the Kansas City area were blocked and bus and truck traffic in and out was at a standstill.

Nearly 100,000 children got an unexpected vacation from school yesterday while the storm was at its height and thousands of employees were told not to try to come to work. Those who did were up to four hours late.

The Midwest storm that tied up Kansas City exceeded one that left 12.8 inches of snow there Jan. 9, 1930, and was being compared with the city's record, a 25-inch fall March 23-24, 1912.

Drifts more than 6 feet high were reported in Missouri and Kansas. Together with abandoned cars that blocked vital roads, the snow drifts halted access to highways, and even main routes were reduced to one-way traffic, safe only for vehicles equipped with chains or snow tires.

TRAINS MOVING

Bus and plane traffic stopped in the Kansas City area but trains, although off schedule, reportedly were moving.

In Chicago, driving snow and slushy streets caused tieups in rush-hour traffic and police said many disgusted motorists abandoned cars in the streets. From 5 to 12 inches of snow fell in various parts of the Chicago area.

Behind the storm, the Weather Bureau said, is a mass of cold, dry air, expected to bring plummeting temperatures.

Illinois listed eight storm deaths, Kansas six, Missouri five, Iowa three and Indiana two.

Ottumwa, Iowa, measured 12 inches of snow, Milwaukee, Wis., 11 inches and Moline, Ill., 10 inches.

Meanwhile, New York City reported a warm and humid 51 degrees. (Continued on Page 2, Col. 8)

Burroughs to Make Atlas Computers

DETROIT (INS)—Burroughs Corp. of Detroit announced today it has Air Force contracts totaling \$37.3 million for the design and production of ground guidance systems for Atlas intercontinental ballistic missiles.

The electronic computers will be produced in Detroit.

UAW Assails Goldwater on 'Lies and Distortion'

DETROIT (AP)—The United Auto Workers union has labeled as "a compound of lies and distortion" charges by Sen. Goldwater (R-Ariz.) that the union had seized control of the Democratic party in Michigan.

Goldwater said in a speech at a Republican dinner in Detroit Monday night that Michigan was controlled by "a group of union elite politicians masquerading as a political party."

The union's executive board, in a statement yesterday, charged that Goldwater was brought here to speak "by the executives of the big auto companies, in an attempt to attack and weaken the UAW and its leadership on the eve of its special convention which will be devoted to its collective bargaining program."

The statement described Goldwater as "the nation's recognized anti-labor political hatchet man" and said:

"An overwhelming majority of working people, including UAW members, have supported Gov. Williams and the Democratic Party in Michigan because (they) have stood for honest and responsible government responsive to the needs of the people."

The union added: "The people of Michigan have repudiated the Republican Party and its leadership in Michigan because the Republican Party has been and continues to be a party of big business and special interests."

"Goldwater's charges against the UAW and its leadership and its relationship to the Democratic party in Michigan were a compound of lies and distortion, and the product of a perverted point of view," the statement said.

Solon Demands Rocket Speedup

Mahon Comments as House Calls Up Bill for \$1,410,000,000

WASHINGTON (AP)—Rep. Mahon (D-Text) said today the nation should "face the future and get on with the job" of surpassing Russian missile and satellite gains.

Mahon, chairman of the House Defense Appropriations subcommittee, talked with newsmen as the House called up for expected unanimous passage a \$1,410,000,000 money bill to help speed U.S. defense preparations.

The total includes the full \$1,260,000,000 in new funds asked by President Eisenhower and authority to transfer another 150 millions — 40 millions more than Eisenhower asked — of available funds to missiles and other newer programs.

An agreement to take no roll call votes until Thursday this week delayed final House action on a bill to raise the national debt limit to 280 billion dollars from the present 275 billions.

The House shouted down a move aimed at holding the increase to three billions.

Rep. Martin (Mass), House Republican leader, urged Republican members "not to put our own administration in a strait-jacket" by rejecting the increase.

"We must face the fact that we have realities to consider," he said in reference to expected increases in defense costs.

Rep. Byrnes (R-Wis) contended the boost would encourage more armaments, blamed the high debt level on "both the New Deal spenders and the Modern Republican spenders."

CONVENTION SCENE — Pictured above during the mock political convention of Pontiac Boy Scouts last night are (left to right) James Coak, a delegate from Troop 7, Bethany Baptist Church; Gene Bolyea of Troop 244, Grace Lutheran Church; and Ronald Card of Troop 29, Wever School. They are members of the Filibuster Party, which later nominated Ronald to run for city manager.

Scouts Get Set to Take Over City's Offices After 'Election'

With all the razzle-dazzle and electioneering of a full-fledged political convention, Pontiac Boy Scouts and Explorers last night nominated 20 of their members to run for Pontiac city offices next week.

Two opposing slates of 10 boys were whipped together last night at Madison Junior High School as Scouts renewed their "Mayor-for-a-Day" citizenship project for the first time since 1954.

The Pontiac Scouts have chosen to make the post of city manager their top elective office. They also nominated two candidates for each of seven City Commission seats and the two municipal judgeships.

Citywide balloting on the nominees will be held next week at regular Scout meetings. The winners will "take over" the offices Feb. 11 and appoint 22 other Scouts to head the various municipal departments.

City Manager Walter K. Willman has pledged the support of all municipal officials in conducting the program and has offered to prepare an agenda for a mock City Commission meeting.

HOPES FOR SUCCESS
William J. DeGrace, chairman

City Officials Pass \$5,683,595 Budget

(Continued From Page One)
board of trustees' actions were "too far removed from the public, and perhaps this accounts for some of the hospital's financial troubles."

FUND FOR HOSPITAL

Included in last night's budget was \$317,000 in public improvement funds which the commission has promised to spend on the hospital addition.

Left out was an interest payment of approximately \$30,000 on 1957 general obligation bonds to build the addition. The hospital has been paying this interest in the past, but had suggested that this year the city pay it.

"If the city would pick this interest up, the hospital probably could get out of the red," hospital director Carl I. Flath has observed.

The question of a city appropriation covering the bond interest is not closed, however, Willman said. Following a review of the hospital budget by the commission, an appropriation could be made out of unappropriated funds, such as the capital improvement budget, he explained.

Included in the budget was \$100,000 for the annual payment on the bond issue principal.

The budget was \$245,064 higher than last year's, principally because operating costs and wages have increased, Willman said.

It is based on the assumption that \$1,721,555 will be raised this year from such sources as sales, taxes and licenses.

In addition to the general property taxation, another \$274,672 is to be raised through voted millage for garbage collection and disposal, for garbage collection and disposal.

White Cliffs of Dover Get 18-Inch Snow

LONDON (AP) — A blizzard dumped 18 inches of snow today on the white cliffs of Dover and elsewhere along Britain's southern coast.

High winds piled up five-foot drifts in Kent, south of London. Many villages were isolated and traffic in Dover, Folkestone and Margate was at a standstill.

More than 100 passengers on a ship from France were held up at Dover for hours because a train could not get through.

In Holland, a blizzard tied up shipping at the mouth of the Scheldt River.

There was heavy snowfall in the Alps of western Austria and north Italy. Winter resorts in the Austrian and Swiss Alps had more than enough.

Britons in Newcastle on Tyne shivered in 17-degree cold as a cold wave from England. Light snow fell in London.

By E. H. SIMS

Does the supply of oxygen thin out in the upper atmosphere. No, the ratio of oxygen in the air remains fairly constant as we move into higher and higher altitudes.

The difference is a difference in pressure and density. It is pressure, or density, which presses oxygen into our blood stream at lower altitudes, not the greater ratio of oxygen to nitrogen and other gases. (Nitrogen makes up 78 per cent of the air.)

When one becomes intoxicated, what is happening is that alcohol is blocking the tissues so as to prevent them from receiving oxygen, which pressure constantly forces into the tissues.

Banks Hold Meetings, Elect Officers

Annual Reports Indicate Business Good in Area

By JOE HAAS

Most of the banks in the Pontiac area held their annual stockholders' meetings Tuesday. Reports were made and directors for the coming year chosen.

In most banks, directors met following the stockholders' meeting and elected officers.

Almost without exception, the customary dividends were declared. Reports indicated a general increase in resources and deposits, as well as in surplus and undivided profits.

Some increases in capital stock were made during the year. Usually this was done to provide additional funds for further development in the area.

REFLECTS BUSINESS CONDITIONS
A reflection of the conditions in any section is found in the statement made by its bank. In this general area this is quite consistently good.

The physical setup of a number of the banks was enhanced during the year by new building construction for their places of business, and in new equipment to furnish better service for their clientele.

As has been the case in a number of banks in recent years, some of the banks in the area have been absorbed by nearby city banks, and now are operated as branches. This was done to provide more funds and better facilities for both.

The latest of these is the consolidation of the First State and Savings Bank of Holly with the Citizens Commercial and Savings Bank of Flint. The former now is operated as a branch of the latter.

In the banks still being operated under their same charter as a year ago there were few changes in the personnel of stockholders or directors in Tuesday's annual elections, the results of which follow:

Clarkston
Clarkston State Bank: chairman, Thomas J. Foley; president, Guy A. Walter; executive vice president and cashier, Robert L. Jones; vice president, John L. Estes; directors, Foley, Walter, Jones, Estes, Roy A. Alger and C. W. Robinson.

Oxford
Oxford Savings Bank: president, G. B. Tunstead; vice president and cashier, H. A. Pickford; vice presidents, R. E. Allen and J. H. Achten; directors, Tunstead, Pickford, Allen, Achten, M. G. Dunlap, L. M. Sutherland and Warren Smith.

Ortonville
Ortonville State Bank: president, Frank D. Brigham; vice president, Duane E. Schulz; executive vice president and cashier, Edna Proffrock; directors, Brigham, Schulz, Proffrock, Linford Owen, D. L. Hamilton, John Waltz and David E. Pence.

Fenton
Fenton State Savings Bank: chairman, G. W. Pellett; president, E. C. Reid; vice presidents, H. W. Hitchcock, R. F. Smith and O. E. Furman; cashier, Mary Ann Hill; directors, Pellett, Reid, Hitchcock, Furman, L. E. Reid, D. J. McGuire and G. A. Wright.

Howell

Brown City Savings Bank: president, M. L. Burkholder; vice president, C. E. Schoenshals; cashier, E. W. Pepper; directors, Burkholder, Schoenshals, Pepper, C. H. Wendt and H. W. Glover.

Almont
Almont Chapter 56, Royal Arch Masons, will host for an Eastern Michigan meeting Thursday at the local hall. A 2 p.m. supper will be served by Eastern Stars. Life members will be honored and a pin presented to a 40-year member.

Four Towns
The Four Towns Squares will hold a dance Friday night at Four Towns Methodist Church. Bob Long will be the caller.

Elizabeth Russell Guild will meet at 8 p.m. Thursday in Four Towns Church basement. Cancer pads will be sewn and members have been asked to bring needles and thread and white material if possible.

Plans are being made by Boy Scouts of Troop 67 for a pancake supper to be held Feb. 13 in Four Towns School.

Metamora
Mrs. Lloyd Jakubow will be hostess to the Metamora Birthday Club at 8 p.m. Tuesday. Honorees will be Mrs. Don Hardwick.

Marlette
Marlette's American Legion Post 162 and its Auxiliary are making plans for a smorgasbord, to be held Feb. 8 at the Legion Hall. The affair will be open to the public. Adjutant Hugh Thompson said, and tickets will be available in advance.

Dryden
The Dryden Methodist Youth Fellowship will hold a bake sale Saturday at Pauls Confectionery Store. Proceeds will be used to pay for new gas heating units at the church.

Imlay City
Imlay City VFW Post 2492 will hold an "Over 21" dance party Saturday night at the post home.

West Bloomfield
The West Bloomfield and Bloomfield Women's Republican Club will hold a dessert and card party Feb. 6 at 12 noon. Mrs. Raymond Griffen, 3118 Erie Dr., will open her Cass Lake home for the affair, which will be preceded by a short business meeting. The party will be for club members and guests. Reservations must be made with Mrs. Griffen, FF 5-7231, by Feb. 1.

MARION M. SQUIER

Announcement has been made of the engagement of Marion M. Squier to Russell F. Neddermeyer. The bride-elect is the daughter of Mrs. Hildred Squier, of 262 Atwater St., Lake Orion, and the late Warren Squier. The prospective bridegroom is the son of Mr. and Mrs. William Neddermeyer, of Tillson St., Romeo. A March 29 wedding is being planned.

JANICE SUE CHAMBERS

The engagement of Janice Sue Chambers to Jerome C. Kubaski has been announced by her parents, Mr. and Mrs. Samuel A. Chambers, of Casemere road, Lake Orion. The prospective bridegroom is the son of Mr. and Mrs. George Tebringer, of Orchard street, Lake Orion. The wedding date has not been set.

High School Teachers to Meet Journalism Session Set

LAPEER — Teachers of high school journalism will meet here Saturday for a day-long Michigan Interscholastic Press Association (MIPA) conference at Lapeer High School.

Richard Petrie of Imlay City is in charge of arrangements for the session which will begin with registration at 9:30 a.m. The keynote address, "What Do You Read?" will be given by John V. Field, assistant professor of journalism at the University of Michigan.

The group will meet in sections at 11 a.m. to discuss the following topics:

1. Interviewing techniques — with discussion leader Mattie L. Crump of Saginaw Arthur Hill High School.
2. Financing — conducted by Robert Beauchamp of Pontiac High School.
3. Yearbook production — handled by Robert Granville of Ann Arbor High School.
4. Layout for mimeograph

newspapers — presided over by Helen Jessup of Pontiac High School.

5. Headlines — led by Prof. Field. Discussion groups in the afternoon will review editorials, yearbook production, improvement of mimeograph papers and news writing.

Oxford Church Women Plan Meeting on Japan

OXFORD — The third meeting of Oxford area church women studying Japan will be held at 7:30 p.m. Thursday at the Oxford Methodist Church with members of the Oxford and Thomas Methodist churches discussing the schools, art and culture of Japan.

Featured will be a one-act play, "Between Yesterday and Tomorrow." Roles will be taken by Barbara and Kenneth Mapley, Genevieve Collier, Kristy Pearson, Jane Langley and Martha Kamm.

Vows Spoken in Ceremony at North Branch

NORTH BRANCH — Joan Suphtin and Donald Gould spoke their nuptial vows in an evening ceremony Saturday at Pilgrim Holiness Church. The Rev. Wilbur Walker officiated at the service.

The bride is the daughter of Mr. and Mrs. James Suphtin of Deerfield Township. The bridegroom's parents are Mr. and Mrs. Alton Gould of 5709 Burnside Rd., North Branch Township.

The bride wore a ballerina-length gown with long tapered sleeves and Peter Pan collar. A Juliet cap secured her shoulder-length veil, and she carried a white prayer book centered with a single flower.

Joyce Suphtin was maid of honor for her sister, and Robert Gould served as best man for his brother. A reception for 100 guests was held in Deerfield Township Hall following the ceremony.

The bridegroom is employed with the Cadillac Trailer plant in Marlette, and the newlyweds are making their home in a trailer house on the farm of the bridegroom's parents.

ANNE MARIE SHARPE

Announcement has been made of the engagement of Anne Marie Sharpe to A3-C Ervin J. Thorp Jr. The bride-elect is the daughter of Mrs. Charles Sharpe of Kingston road, White Lake Township, and the late Mr. Sharpe. Her fiancé is the son of Mr. and Mrs. Ervin J. Thorp Sr., of Bonnie Briar Rd., White Lake Township. A March wedding is planned.

Roy Lindahl Slated Thursday Avon Photo Club to Meet

ROCHESTER — Roy Lindahl, three-star exhibitor in international salons and portfolio commentator, will speak and show slides at the Avon Photographic Club meeting at 8 p.m. Thursday at the Woodward Memorial Library.

Featured will be slides used for a television lecture on "Nature, Her Colors and Formations," given in conjunction with the Michigan Biographical Society.

Lindahl also will bring black and white prints to compare the importance of subject matter, composition and technique in both color and black and white picture taking.

The talk and demonstration is designed to appeal to nature lovers who want to record their favorite rock formations, fishing streams and lakes, wild flowers and animal life, the club stated.

Lindahl will conduct a clinic on

color slides and black and white prints brought to the meeting by members and guests.

The club says it still is accepting new members. Anyone wanting to join may do so by paying the annual membership fee to Ralph Giffilan, treasurer, before or after the meeting.

Rochester Teenagers Set Polio Tag Days

ROCHESTER — The third annual TAP program, "Teens Against Polio," will be staged in Rochester Friday and Saturday.

Participating will be the Rochester High School Student Council and a group of other students headed by Monte Clute. Headquarters for the Tag Days will be at the Consumers Power Co. office, 431 Main.

Teenagers will be on duty Friday from 3 to 5:30 p.m. and 6:30 to 8 p.m., on Saturday from 10 a.m. to 12:30 and 1:30 to 3 p.m. This is the third annual campaign held by teenagers in conjunction with the March of Dimes campaign in Rochester.

Wixom Prepares Charter

Prefers Justice of Peace

WIXOM — The Wixom City Charter Commission has decided upon a justice of the peace form of judicial court, according to Herbert R. Abrams, a member of the commission.

This decision will be included in the charter which is being prepared.

The commission also decided that the justice of the peace will be paid a regular salary without regard to the amount of fees collected.

Abrams explained that this move was made to avoid any controversy that might arise if the justice's pay is hinged to a percentage of the fees he will collect.

The commission had a choice between a justice of the peace or a municipal court.

It is the intention of the commission to establish a violations bureau in the City Hall, 131 North Wixom Rd.

mission to establish a violations bureau in the City Hall, 131 North Wixom Rd.

Rezoning Issue to Be Reviewed

Southfield Board Sits Tomorrow to Decide Fate of Property

SOUTHFIELD — Whether property at 10-Mile road and North-western highway, on which station WXYZ holds an option, will be rezoned for commercial use will come before the Township Board at a special meeting Thursday night.

The meeting will be held at the Southfield High School, 10-Mile and Berg Rds., at 8 p.m.

Township board members deadlocked 3-3 on the issue at their Jan. 9 meeting. One board member absent.

Supervisor Eugene Swem said this morning that board member Roy E. Grunwell, unable to attend the last meeting, will be on hand at Thursday's meeting.

The station wants to build a four million dollar radio and television studio, a 1,000-foot television antenna, and two smaller radio antennas at the site.

There has been some opposition to the 1,000-foot antenna by residents in the area, who object on the grounds that the blinking red light atop the tower would cause a loss of property valuation.

Farmington Vote on School Fund Set for March 10

FARMINGTON — Voters in the Farmington School District will be asked March 10 to approve a 1 1/2-million-dollar bond issue to construct two 15-room elementary schools. The money also would be used to purchase new school sites costing \$300,000.

This would be the third bond issue approved in two years. A bond issue of four million dollars was approved by voters last March, and the year before that a two-million-dollar issue was approved.

District school officials hope to finance the new bond issue without increasing the present tax rate, which is \$12.40 per \$1,000 of state equalized valuation.

Under construction now are a junior high school and additions to the old junior high, four elementary schools and the high school.

Plymouth Studies Property Valuation

PLYMOUTH — City commissioners of Plymouth are studying the results of a reassessment of property in the city that would raise the assessed valuation of real property here about \$7,000,000 over the 1957 figure. The reassessment job was done by the Wayne County Bureau of Taxation.

The bureau informed commissioners that Plymouth has land and buildings with a market value of \$44,274,560. It recommended that the city assess land at 40 per cent of its estimated value and buildings at 42 per cent.

The recommendation, if adopted, would result in an assessed valuation of \$18,611,670 on real property in the city compared to the state's evaluation of \$11,668,680 made last year.

Lapeer 1957 Fire Loss Greatest in 10 Years

LAPEER — The city of Lapeer chalked up its greatest fire loss in 10 years during 1957, a report submitted Monday to City Manager Howard Gohlke indicated.

Fire Chief John Conner listed the year's loss at approximately \$90,000. The Fire Department answered a total of 89 calls during the year — 40 of them for city fires, 46 in rural areas and three rescuators calls.

A large portion of the total loss was due to fires at the Dr. Blankenhorn office and residence and the Henry Surtees home, Conner said.

Fitzgerald, Mt. Clemens Win

Troy Whips Falcons, 47-32

By CHUCK ABRAH
Troy became Oakland County's winningest basketball team and improved its strong state rating at the same time by handing Rochester a 47-32 beating in the feature game of a slim area card last night.
The Colts had a more difficult time than the score would indicate in making it nine straight victories. They had to hold off a strong Rochester bid to take command in the 3rd quarter before pulling safely away.
In other games, Fitzgerald trounced Royal Oak Kimball 56-

41, Mt. Clemens nipped Roseville 50-47, North Branch dropped a 56-51 decision to Lakeville, powerful Grosse Pointe walloped Port Huron 67-49, and Utica bowed in the final 10 seconds to Bi-County leader Lakeview, 67-65.
Troy led every minute of the way, sometimes by large margins, but was pushed hard in that 3rd canto when Carl Montross and Bill Mason led the Falcons in their attempt to make it close.
The host Colts held leads of 11-7 at the 1st quarter and 23-14 at the

half. It was 26-14 before Rochester got going.
After the Class B powers matched baskets, the Falcons went on a 10-point spree to slice the margin to 23-26 on some sharp shooting and rebounding before Wayne Figley's jump shot snapped the string.
The 3rd quarter ended 35-30 and it looked like a battle down the wire but Troy settled that in a hurry. Coach Peyton Goodwin's smooth-working, fired-up Colts made six straight field goals to

start the last period and it was all over.
Only a layup after stealing the ball late in the period by reserve Bill Hummel saved the losers from being blanked in that final session after scoring 16 in the 3rd.
TROY
FG FT TP
Hansen 2 0-0 4 Ebersole 1 1-1 3
Morgan 6 0-1 12 Lohery 1 2-7 4
Booth 6 0-3 12 Mason 4 1-2 9
Figley 4 1-2 9 Montross 5 2-3 12
Harned 3 2-3 8 Ennis 1 0-0 2
Harris 1 0-2 2 Hummel 1 0-0 2
22 3-11 47 13 6-12 32
Score by Quarters 12 12-47
Troy Rochester 7 7 10 2-32

EASY TWO-POINTER — Sandy Morgan made it look easy to score a two-pointer as he drove right around Rochester's Bill Mason to score a field goal in the last quarter as Troy pulled away in its 47-32 victory, the 8th straight for the Colts.

Drake Still Leads County Scorers, Neira Now 3rd

Lake Orion's recent dominance of the Oakland County scoring race was broken up somewhat when Nick Neira was held to nine points Friday dropping him to 3rd place but his running mate Jim Drake still reigns as the leader.

Drake was "held" to 20 in the Dragons' loss to Fitzgerald but still holds a 23.3 average as against new runnerup Rick Moos' 21.3. The Madison sharpshooter tops Neira by two-tenths of a point.
The invasion of two Ortonville cagers and Clarkston's 2nd entry among the top scorers highlights this week's point list.
Ted Follis zoomed all the way to 6th with 18.3 and Charlie Graves tied for 15th representing the Black hawks. Dick Lippert gave Clarkston another man by hitting 34 against Holly. He now has a 15.1 average.

On Visiting Soviet Researchers Scientist Hits Restrictions

WASHINGTON (AP) — A scientific leader today described some U.S. restrictions on visiting Red scientists as "silly little international spiltballs."

Dr. Warren Weaver, vice president of the Rockefeller Foundation, said the United States has a "queer and unbelievable" policy on such visits that makes the nation look ridiculous.

His comments were contained in testimony prepared for the House Government Information subcommittee's inquiry into the government role in science.

The State Department has restricted visits of Communist scientists on diplomatic and security grounds and also follows a tit-for-tat policy on restrictions Russia places on U.S. scientists.

Weaver, a board member of the government's National Science Foundation and a past president of the American Assn. for the Advancement of Science, listed these examples in saying U.S. policy hurts needed exchange of scientific data:

1. A Russian can visit Massa-

chusetts Institute of Technology in Cambridge, Mass., with its vast store of important scientific activities, but cannot go to the Harvard Medical School "because that is across the line in Boston and Boston has been ruled out of bounds."

2. A U.S. government-approved invitation was issued in 1955 for a 1959 meeting of the International Congress of Astronomy here. Now, he said, U.S. officials are debating whether astronomers from the Chinese mainland should be allowed to attend.

3. Exceptions to the usual restrictions have been granted, in cases involving cartoonists and Olympic athletes, but U.S. officials "continue to be sticky about scientists."

"This sort of petty retaliation raises questions concerning our standards of national dignity," Weaver said.

No Special Election to Fill Senate Seat

LANSING (AP) — There will be no special election called to fill the Senate seat left vacant by the death of Sen. Bert J. Storey (R-Belding), Gov. Williams has announced.

Williams said that the three Republican state representatives and the four Republican county clerks from the district involved reported local sentiment against a special election. Local Democrats agreed, he said.

The governor said that the earliest possible date to complete a special election and get a new senator seated would be March 5 or 6. He said it didn't seem sensible to put the four counties to the expense of a primary and run-off election just to have the winner serve around five weeks.

Williams added since there still are 22 Republican senators to 11 Democrats, the failure to fill the seat should not seriously affect the position of the majority party in the Senate.

With the special election bypassed, the seat will be filled at the regular elections later in the year.

Call Officer Outstanding

DETROIT (AP)—Patrolman Avery Jackson, 33, a Negro, has been named by the Detroit Junior Board of Commerce as its outstanding young man of 1957. The board cited Avery, a member of the Police Department's Youth Bureau, for his efforts in combating juvenile delinquency.

POLIO MOTHER OF YEAR — Mrs. Virginia Huston, Bellingham, Wash., mother whose first child was born while she was an iron lung patient, holds her nine-month-old second son, Jonathan, during ceremonies in New York naming her 1958 National Polio Mother of the Year. Mrs. Huston, who suffered paralytic polio in 1932, a month before her first son was born, now runs her home from a wheel chair and participates in a full program of family and community activities.

Urges Research to Help Reduce Highway Deaths

LANSING (AP) — A General Motors executive has called for a national research program into "human attitudes and behaviors" as a means of reducing the traffic death rate.

William F. Hufstader, vice president in charge of GM's distribution staff, told the Greater Lansing Safety Council yesterday that the highway safety problem "is a symptom . . . of moral and behavior weaknesses that underlie most of the social problems confronting us."

"We must recognize human attitudes and behavior as the key factors demanding our attention," he declared. "And we must recognize that these factors cannot be successfully dealt with by trick solutions or half-hearted measures."

be scared into good driving, nor will they react to vague appeals. They must really want to behave in a mature, responsible manner behind the wheel."

The GM official said such a research program would utilize the resources of national safety groups, colleges and other research agencies.

Chicken Pox Cases Increase in Oakland

A wave of chicken pox broke out throughout the county last week when 122 cases were reported compared to three the previous week, according to Dr. John D. Monroe, health director.

Mumps also increased in the county from 89 to 203 cases during the same period and the number of scarlet fever cases grew from one to eight.

The following is a breakdown of the communicable diseases re-

ported to the city and county health departments last week.

PONTIAC				OAKLAND COUNTY			
Past Week	Prev. Week	Year Ago		Past Week	Prev. Week	Year Ago	
Chicken pox	1	10	5	Chicken pox	122	3	44
Mumps	4	10	1	Measles	46	4	8
Rubella	0	1	0	Pneumonia	0	0	2
Scarlet fever	1	0	2	Scarlet fever	8	1	14
Whooping cough	0	0	1	Whooping cough	0	1	0
				Mumps	203	89	5

Bus Driver Sentenced

DETROIT (AP)—Willie J. Wade, 26-year-old Detroit bus driver, has been sentenced to 30 days in the Detroit House of Correction for making improper advances to a 19-year-old girl passenger last Jan. 3.

DOES SNOW OR ICE STOP YOU?

Studebakers with TWIN TRACTION GO when ordinary cars stall!

If snow or ice stalls your car or keeps it in the garage, then look into a Studebaker or Packard with exclusive Twin Traction driving power. Twin Traction automatically sends driving power to the wheel with best traction. Even in the worst weather, just a slight grip of either wheel against ground gives you sure moving power through spots where ordinary cars slip, skid or stall. Instead of spinning wheels, you have traction for action. At all speeds, in any weather, Twin Traction gives you peace-of-mind driving . . . adds safety, roadability and tire life. Put it squarely up to your Studebaker-Packard dealer to prove in action what Twin Traction can mean to you . . . today!
