

Political Horizon Brighter for 'Underdog' Griffin

2 Area Boys Killed in Car Mishaps

Senate Post Selection Is New 'Plus'

By DICK BARNES
Associated Press Writer

LANSING — Political pluses are stacking up for Robert Griffin, the Republican congressman who started as the underdog—and probably still is—in the Michigan race for U.S. Senate.

The Traverse City attorney picked up his newest advantage yesterday when Gov. George Romney named him to the Senate seat vacated by the April 30 death of Democrat Patrick McNamara.

Griffin will thus have six months between now and the Nov. 8 election to build a record as an incumbent and try to create a "keep Griffin" voter psychology.

He is challenged by Grand Rapids businessman Dean Baker in the Aug. 2 primary election but is heavily favored.

The contest is likely to be completely overshadowed by the Democratic nomination fight between former Gov. G. Mennen Williams and Detroit Mayor Jerome Cavanagh.

HAS A PODIUM
But as the senator for whose seat they're fighting, Griffin will have a forum for statements that might otherwise not be heard.

The second recent advantage picked up by the five-term, 42-year-old Griffin is his first-hand look at the war in Viet Nam.

He spoke to Romney and newsmen from Saigon by telephone yesterday immediately after Romney announced the appointment.

He said his trip with a House subcommittee "has brought into focus the decisive role that the United States and all Americans are playing in shaping the destiny of the world."

AFRICAN AFFAIRS
Williams has his foreign background as a five-year assistant secretary of state for African affairs.

Cavanagh is trying to bolster his by getting briefings at world capitals on his current tour of Europe.

A third advantage, always anticipated but confirmed now Wednesday, is that Romney will campaign hard for him.

The governor has yet to make his anticipated announcement for a third term.

But it would be to his advantage as a potential 1968 Republican presidential hopeful if he could help Griffin win and thus display an ability to help party-mates in elections.

One of Victims Is Hit by Auto While on Bike

Second Struck After
Stepping Out of Van
in Washington Twp.

Two 8-year-old boys were injured fatally yesterday in accidents in Commerce Township and Washington Township.

Dead was Thomas R. Auger, who lived with his mother, Mrs. Charlotte Leist of 9154 Chautau, Commerce Township, and Gerald West, son of Mr. and Mrs. Edmund West of 14491 29 Mile, Washington Township.

The Auger boy died in Pontiac General Hospital at about 5 p.m., one-half hour after his bicycle was struck by a car on Wise Road near Canal in Commerce Township.

Young West died at St. Joseph Hospital in Mount Clemens at 6:30 p.m., almost three hours after he was struck by a car on 29 Mile near Schoenherr as he stepped from a nine-passenger van taking him and 11 other students home from school.

The Auger boy received a fracture of the cervical spine when hit by a car driven by Patrick K. Stevens, 21, of 1807 Thorndale, Commerce Township.

TO BE QUESTIONED
Stevens, hospitalized at Selridge Air Force Base, was to be questioned today.

State Police at the Romeo post said the West boy was hit by a car driven by Kenneth R. Steinhilber, 22, of 28229 29 Mile, Washington.

Steinhilber was to make a statement in the Macomb County Prosecutor's Office this morning, officers said.

THE DRIVER OF THE VAN, Jack A. Jackman, 18, of 15559 29 Mile, told police he had stopped the vehicle to let the boy off at his home.

INTO PATH OF CAR

He apparently ran across the road into the path of Steinhilber's car, which was traveling in the same direction as the van, police said.

3 Funds Face Mortgage Ills

\$29 Million Worth in
Default—State Aide

LANSING (AP)—State Treasurer Allison Green reported today that \$29 million worth of mortgages held by three state retirement funds are in trouble.

Green identified the three funds as the Public School Employees' Retirement Fund, the State Employees' Retirement Fund and the Municipal Employees' Retirement Fund.

All the mortgages are insured by the Federal Housing Administration so there will be no major loss of principal, Green said.

But he added the loss to the state in interest income could range into the hundreds of thousands of dollars annually and into the millions over a period of years.

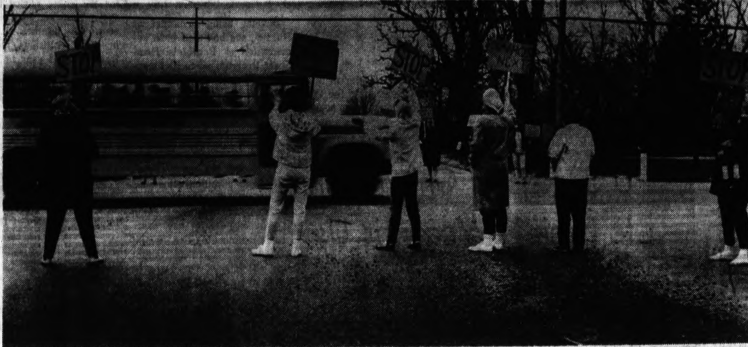

They represent more than 40 per cent of the total mortgage dollar volume held by the funds. Some \$23 million have gone into default while the others are either behind on payments or have been forced to negotiate modifications which mostly provide for no payments on principal, Green said.

"It seems obvious that we got our fingers burned by what has been done," said Gov. George Romney.

Green said the defaulted mortgages included one of \$6.8 million for Turo Towers in Ann Arbor and another \$12.2 million for Lafayette Towers, an urban renewal high-rise project in downtown Detroit.

travelled across the intersection, the scene of several accidents, on Carroll Lake Road. The group of some 20 women took similar action this morning.

CROSSING GUARDS — Part of a "police force" of housewives are shown as they guarded the Carroll Lake-Wise Road intersection yesterday afternoon while school buses passed. They made sure that drivers observed the stop signs on Wise Road while the school buses

County Circuit Judges Back Car Industry in Safety Feud

The automobile industry today received support from members of the Oakland County Circuit bench in its fight against criticism directed at auto safety policies.

"I've been quite concerned about the recent publicity over defective autos," said Judge Arthur E. Moore, "and my court experiences are directly

contrary to what we hear out of Washington."

The safety factors came under fire from Ralph Nader, author of "Unsafe at Any Speed," when he testified before a Senate subcommittee on traffic safety.

To find out just how great the problem is, Moore said he sent a memorandum to other judges

asking what percentage of their traffic accident cases involved mechanical defects.

In the replies he received, the judges could recall possibly one instance out of the thousands of accident suits they've handled that was based on mechanical failure.

Judge William J. Bear for the past month has been delivering speeches before civic and social groups on the same subject.

Yesterday, speaking before the Ferndale Kiwanis Club, Bear said that of the cases he has heard, maybe with one exception, all have involved driver failure and not construction or mechanical defects.

"There is nothing wrong with automobiles," said Bear, "but there is a great number of things wrong with drivers."

"Our manufacturers have given us safe cars, but they cannot give us safe drivers," he added.

SENIOR MEMBER

Judge Clark J. Adams, the senior member of the bench, said that in the 10 years he has been a jurist he can only remember one case involving safety features of a car.

"I feel this whole thing is a misrepresentation of the facts," Judge James S. Theburn said.

"If there were that many mechanical defects, you can be sure the lawyers would be in court with them."

Judge Frederick Z. Ziem said he could only recall one case dealing with a mechanical defect, and that was tried before Judge Moore.

House Gets Romney Note on Home Rule

LANSING (UPI)—Gov. George Romney today sent the Democratic-controlled state Legislature a special message recommending steps toward a "meaningful" county home rule bill.

The message was addressed to the House of Representatives which now is considering an off-attended version of a Senate-passed county home rule bill.

Purpose of the message, Romney said, was to encourage the House "to perfect the bill" during floor debate.

Although refusing to spell out what he thought were the minimum requirements for county home rule, Romney made three specific recommendations.

Romney recommended "as a compromise" that two of the top five county officers, the sheriff and the prosecutor, be elected and the other three, clerk, treasurer and registrar of deeds be appointed or elected at the discretion of the counties.

L'I' L'ONES

"Now let's build another one and start a rent-a-car business."

More Wet, Cold Weather Expected for Pontiac Area

Misery was added on misery today as a steady all-night rain saturated an already cold Pontiac.

More of the same is expected tonight and part of tomorrow.

The Pontiac area received 1.2 inches of rain during the night. The low in downtown Pontiac was 37 at 6 a.m. today.

While the cold, wet weather was misery for just about everyone, severe consequences loomed for area farmers, especially vegetable and fruit crops.

Fruitgrowers were hit hard by Tuesday night's low, recorded at 27 in the city, and 22 in the outcountry farm areas.

W. L. Mainland, owner of Oakland Orchards, Milford Township, forecast a bleak outlook for the fruit crop, although he said the total damage won't be known until mid-June.

Lyle B. Abel, director of the Oakland County Cooperative Extension Service, said even those farmers not suffering crop damage have been delayed by wet fields.

He estimated spring planting was 10 days to two weeks behind schedule.

COMMON COLD

The combination of cold and wet weather, rated the best conditions for developing a common cold, also bring suffering to animals, according to Pontiac General Hospital spokesmen.

Windy and cold was the forecast for tonight. The predicted low is 32 to 40 with winds and a few showers.

Tomorrow's high is forecast at 45 to 50.

Partial clearing with east to northeast winds 15 to 30 miles per hour diminishing to 5 to 15 miles tomorrow is the forecast. Saturday's outlook is fair and cool.

From 6 a.m. low of 27 in downtown Pontiac, the mercury had edged up to 39 by 2 p.m.

Man Shot by Wife in Car Scuffle

An Orion Township woman shot her estranged husband at 8:40 p.m. yesterday as the pair was struggling for possession of a 22-caliber revolver in a slowly moving car at Opdyke and Square Lake, Bloomfield Township.

Reported in poor condition at St. Joseph Mercy Hospital is Earl Drennen, 43, of Warren. He suffered five bullet wounds in the rib area.

Helen Drennen, also 43, of 2748 Buckner, collapsed at the hospital, according to Bloomfield Township patrolman Donald E. Zimmerman, after seeing her husband taken to surgery.

Mrs. Drennen was kept in the hospital's emergency section last night and was admitted this morning. Her condition is reported as satisfactory.

Zimmerman said the couple had separated two weeks ago

See Photo, Page A-2

and had met last night at 7:45 to discuss a pending divorce.

Mrs. Drennen reported her husband pulled the gun and threatened her with it as they were driving south on Opdyke, Zimmerman said.

She said she turned his wrist in trying to get the gun and that it went off several times, according to Zimmerman.

The car skidded harmlessly to the shoulder of the road and Mrs. Drennen hailed a passing motorist who called police.

Police said that Mrs. Drennen will be taken to the prosecutor's office upon release from the hospital.

Ike Is Battling Arthritic Pains

WASHINGTON (UPI)—Former President Dwight D. Eisenhower, who made a successful recovery from a heart attack last November, is battling a new affliction — arthritis.

Doctors at Walter Reed Army Medical Center have been attempting to ease arthritic pains in the 75-year-old general's wrists and neck since he entered the hospital last Wednesday for one of his periodic medical checkups.

Parents Proud of Oldest Son

Heard of Selection
While in Kentucky

Yesterday was a big day for Mr. and Mrs. Julius A. Griffin of 3483 Lakeview, Highland Township.

Their oldest son Robert, 42, was named to the U.S. Senate.

"We heard the news traveling across Kentucky on our way home from Boynton Beach, Fla.," said the senior Griffin.

"I tuned into every hourly newscast after that. Didn't want to miss any developments."

The Griffins have three other children: Eugene of 5204 Cooley, Waterford Township; Gerald of Midland; and Janice, now Mrs. Albert Foster of 591 First.

They moved to the Pontiac area 25 years ago.

"Bob," said Griffin, "was a freshman at Central Michigan University."

"His first summer here in (Continued on Page 2, Col. 1)

NEW SENATOR AND WIFE — Robert P. Griffin, Republican congressman from Traverse City, was named yesterday by Gov. George Romney to the Senate to succeed the late Patrick McNamara, a Democrat. Shown with his wife, Marjorie, the 42-year-old Griffin is a candidate for the GOP nomination for the November Senate election.

Lunar Vehicle Passes Test

Clears Way for May Soft-Landing Mission

ALAMOGORDO, N.M. (AP) — The Surveyor vehicle for unmanned, soft moon landings has made its first descent without the aid of parachutes, clearing the way for its first lunar mission May 30.

The spacecraft landed successfully Wednesday at Holloman Air Force Base near Alamogordo after a 36-second descent which began with Surveyor's release from a balloon at an altitude of almost 1,000 feet.

Tests had been under way at Holloman for more than a year, but previously parachutes had been used to assist Surveyor in part of the descent.

The National Aeronautics and Space Administration (NASA) will not commit men to moon journeys until more is learned about the lunar surface. Surveyor would send back this data.

FIRST SOFT LANDING
History's first soft landing on the moon was made Feb. 3 by Russia's Luna 9. NASA officials have conceded that Luna 9 gave Russia a lead in the unmanned phase of the moon race but not necessarily the over-all edge.

Because of the complexity of the mission, seven identical Surveyors are being built. It is hoped that at least one will succeed before the end of 1967.

The Surveyor program had an original 1963 target date for a lunar landing but ran into trouble. The program was called by a congressional committee "one of the least orderly and most poorly executed of NASA projects."

The Holloman test director for Surveyor, G. F. Steffen of Hughes Aircraft Co., said Wednesday was the first time a complete descent under Surveyor's own power had been attempted.

"This is very significant and we're all delighted," he said. "We have this day tripled our confidence."

NASA Voices Confidence on Gemini 9

CAPE KENNEDY, Fla. (AP) — With two straight days of successful major tests behind, the National Aeronautics and Space Administration was confident today it could launch the Gemini 9 astronauts on time next Tuesday on a rendezvous and space-walk mission.

The Gemini 9 pilots, Air Force Lt. Col. Thomas P. Stafford and Navy Lt. Cmdr. Eugene A. Cernan, participated Wednesday in a day-long series of rehearsals involving simulated launchings, emergency situations and orbital exercises.

The tests followed Tuesday's flawless practice of the dual countdown involving Atlas-Agena and Titan 2 rockets.

The Atlas is to boost the Agena into orbit at 11 a.m., EDT, Tuesday. The Titan 2 is to follow 39 minutes later, to start Gemini 9 in pursuit.

Stafford and Cernan plan several linkups with the Agena and Cernan is to take a record space walk of 2 hours 30 minutes during the flight.

A check of the worldwide tracking network is scheduled Friday. The astronauts will receive their final major physical examination Saturday.

Cuba Airlift Brings 1st Yank

MIAMI, Fla. (AP) — The first American of Anglo-Saxon descent to be repatriated from Cuba by refugee airlift, Doris Roper Martin, says, "I feel like a refugee."

She arrived with her Cuban-born family and said she wanted to "start over again."

"I didn't know whether to laugh or cry when the plane landed," said Mrs. Martin, one of the last 600 U.S. citizens who remained in Cuba. "So I did some of both. Then I thanked God for being here."

She and three children, U.S. citizens but unable to speak much English, wept as they touched American soil.

"Life in Cuba is terrible, terrible," Mrs. Martin said. "Only infants get milk in Cuba."

She added: "Our entire family got one and one-fourth pounds of meat a week. We got three ounces of coffee a week per person. A pair of shoes had to last two years."

Speaking half Spanish, half English, Mrs. Martin said: "The children could have no milk at all."

Mrs. Martin, born 40 years ago in Easley, S.C., commented: "I guess I have lost my Southern voice. I think in Spanish. I haven't seen an American in years."

Officials said about 20 U.S. citizens have trickled in by airlifts that bring in refugees every weekday from Cuba, but that all have been of Latin descent.

Dr. Martin plans to attend the University of Miami. He was a medical intern in Greenville, S.C., when he married and went to live in Palma Soriana, Cuba, with his American wife.

Radar Developer Dies
WASHINGTON (AP) — Langford T. Bourland, 43, an electronics researcher who helped in the development of radar, died Wednesday of a heart attack.

'Voluntary Imprisonment' Is Urged as Way to Improve Rehabilitation of Criminals

ATLANTIC CITY, N.J. (AP)—A California psychiatrist suggests a national system of "voluntary imprisonment" as a possible means of improving the rehabilitation of criminal offenders.

It would work much like the present system employed in mental hospitals, whereby patients may seek "voluntary admission" as distinguished from involuntary commitment, said Dr. Norman I. Barr of the Neuropsychiatric Institute, University of California at Los Angeles.

He suggested it Wednesday in report to the 122nd annual meeting of the American Psychiatric Association. He said this is how it might work: "Let us assume, for example, that a man is apprehended who was caught red-handed in the performance of a criminal act and whose conviction is a foregone conclusion.

"Instead of forcing him through an adversary trial, he could plead guilty and request a rehabilitative imprisonment for a minimum period of time, arbitrarily six months.

"At the end of this time," Barr continued, "his case would be reviewed by a board of experts and, if he seemed rehabilitated, he referred back to the court for appropriate disposition—discharge, probation, or additional sentencing."

"If he was not considered rehabilitated, he would have recourse to volunteer for an additional six months, or to request leaving the voluntary program and asking for a specific sentence by the judge—the final decision would always rest with the judge."

Declaring that mental hospitals "have established that voluntary hospitalization in some way contributes to a patient's recovery," the psychiatrist said a somewhat comparable system, in a prison setup, might also work well.

"In a voluntary program, the penal system would have to officially and publicly recognize its role as a rehabilitative authority and not merely a punitive one. This, in itself, would serve a useful rehabilitative function, complete role once back in society."

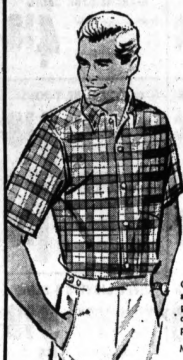

"Possibly, the civil rights of inmates who 'volunteered' for rehabilitation might be fully retained to provide a further stimulus to joining the program and allowing assumption of a complete role once back in society."

Gore Wants Lodge to Transmit Support of Viet Vote

WASHINGTON (AP) — Sen. Albert Gore said today he hopes Ambassador Henry Cabot Lodge will return to Saigon with explicit White House instructions to support free elections in South Viet Nam.

The Tennessee Democrat gets a chance to express that hope to Lodge when the American diplomat testifies at a mid-afternoon closed session of the Senate Foreign Relations Committee.

zone for consultations, conferred Tuesday night with President Johnson and the National Security Council. Secrecy has shrouded the substance of Lodge's discussions.

It is now composed of senators from the armed services and appropriations committee. Sen. Richard B. Russell, D-Ga., chairman of the CIA panel, opposes the McCarthy plan.

heads the foreign relations committee, have expressed concern at newspaper accounts from Saigon which they said indicated Lodge is not enthusiastic at the prospect of Vietnamese elections.

"We'll find out," Gore said in an interview.

Hillsdale College Sets Political Challenge Day
HILLSDALE (AP) — "Political Challenge Day" at Hillsdale College next Thursday will feature as speakers G. Mennen Williams, former governor running for Democratic nomination for U.S. Senate; William McLaughlin, Republican State Central Committee, vice chairman, and Armand Bove, GOP candidate for Michigan attorney general.

Army Sure Defense Missile Superior to Red Rockets in Viet

By FRED S. HOFFMAN
AP Military Writer
WASHINGTON — The Army has taken a hard look at its Nike Hercules air defense missiles in the light of the poor performance of Russian-built SAM antiaircraft missiles in North Viet Nam.

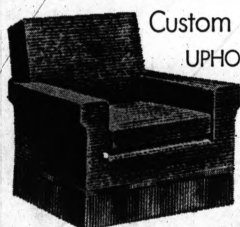

Its conclusion: The U.S. missiles do not have the same weaknesses and no major adjustments are needed in Nike Hercules defenses.
Sources said today Army air defense commanders were asked to reexamine their doctrine and capabilities months ago after the Russian-built SAMs appeared in North Viet Nam.
Details of the study are secret, but it was understood that

the Nike Hercules radar — vital to the killing ability of the missile — was rated superior to the Soviet SAM radar equipment and less subject to evasion.
The reexamination took account of special tactics developed by U.S. Air Force, Navy and Marine fliers in dealing with the SAMs in their forays into North Viet Nam.
"We think our batteries would score much higher kills than the North Vietnamese," said one source.

The SAMs, believed to be manned by North Vietnamese crews, have knocked down fewer than 20 of the 235 U.S. warplanes lost above the 17th parallel.
Some U.S. military men believe the SAMs would do better if they were handled by Russian firing crews. Russians have been serving as advisers and trainers, according to information available here.
Among other things, the U.S. Army missile men were told to see what could be learned from the mobility of the Communist weapons.
No U.S. Army air defense commander came up with any suggestion for major change, although there was some feeling that Nike Hercules units might practice moving about more than they do.

Thief Picks Right Time to Return for Shoes

MONROE, N.C. (AP) — R. C. Austin was awakened about 4 a.m. one morning recently by the slamming of his back door. He said he rushed to the back door, where he saw the thief's shoes outside the door.

But while he telephoned the sheriff the thief returned and got his shoes, Austin said.

Absence of No. 6 China Red Adds to Speculation on Status

TOKYO (AP) — The absence of Peking Mayor Peng Chen, a member of its ruling politburo. He was absent from banquets given for each visiting delegation and did not go to the Peking airport Wednesday to see the Albanians off or to greet the Romanians.

Peng, 67, ranks No. 6 in the Communist party hierarchy and Tokyo students of Chinese affairs acknowledge that in the

light of Communist Chairman Mao Tse-tung's comings and goings the "who's missing and why?" guessing game is somewhat hazardous. But diplomats, newsmen and scholars are wondering whether Peng has been caught up in the current anti-party purge.

Peng hasn't been mentioned in the Chinese press since Mao made his first announced

public appearance in six months at the banquet for the Albanians on Tuesday, and nearly everybody else who is anybody in the Communist party appeared.

Albania is Peking's only Communist ally in Europe. March 27, when he attended a reception for a Japanese Communist party delegation. His absence from the Albanian and Romanian functions suggests that he could be under suspicion because of one of his vice mayors, Wu Han, and two Communist party newspapers in the

chestra is on a 15-city tour of Latin American.

Outside Jobs Allowed for Women Inmates

LANSING (AP) — The Corrections Commission said Wednesday it plans to allow some women prisoners at the Detroit House of Correction to take jobs outside the prison, returning to the institution at night.

The commission already has allowed 25 men at state prisons to participate in the work-pass program.

Orchestra on Tour

PHILADELPHIA (AP) — The 165-member Philadelphia Orchestra is on a 15-city tour of Latin American.

Students Pay for Voter Apathy

Apathy cost Detroit's school system a badly-needed increase in tax millage to upgrade its educational plant and give its school population the services it needs. A related issue, the establishment of a county community college district also lost out in Monday's school election because voters voted "no" on taxes to support the plan they simultaneously approved.

What led to the apathy that saw but 20 per cent of eligible voters show up at the polls in contrast with a turnout double that three years ago?

There can be little doubt that one of the causes — perhaps the principal one — was the recent

disgraceful boycott staged at Northern High School by a body of dissident students supported by an element of the faculty. The insurrection led to the coercion of a supine school superintendent into removing Northern's principal — a highly-regarded administrator with a long record of academic excellence.

With such an example of policy ineptness before them, many potential voters must have felt the futility of increasing their school taxes in the face of uncertainty over proper administration of their tax dollars.

In any event, by boycotting the polls they dealt the students of Northern High and of the entire school system a serious blow.

Judgment Marks Negroes' Voting in Alabama

In assessing the Alabama election that nominated the wife of Gov. GEORGE WALLACE to succeed him in the office for which he was no longer eligible, some interesting facts stand out.

For the first time since Reconstruction, large numbers of Negroes voted, but nowhere in the state were there indications of in-discriminate bloc voting by Negroes.

Moreover, there was no apparent trend toward black-governor-for-his-own-sake, even in districts with substantial Negro majorities and where Negroes, voting for the first time, might understandably have gone after offices from which they have been so long barred.

Nothing in the Alabama voting justifies the conclusion that Ne-

groes are going to vote indiscriminately for those of their race and are oriented toward reverse racism.

Significantly, in two Black Belt counties where Negroes had never voted before and where they hold a 2 to 1 majority, Negro voters rejected two young Negro candidates for sheriff and nominated two white incumbents.

If this first sampling of Negro voting in the South is an accurate gauge, it is a most salutary augury for sound progress in Civil Rights.

The objectivity of the Alabama Negroes voting for the first time not only is to be commended but given recognition as exemplary use of the franchise that might well be emulated by other categories of voters.

Brotherhood of Man Wins Test in New York Court

A most unlikely combination of defendant and attorney appeared Monday in New York Criminal Court. Standing trial is GEORGE LINCOLN ROCKWELL, leader of the American Nazi Party, on a six-year-old disorderly conduct charge. Defending him is MARTIN BERGER, a Jewish lawyer.

The irony of a Jew standing up for a Jew-hater appears not to bother Rockwell. But Berger has suffered considerable abuse and some loss of practice since agreeing to defend possibly the least popular man in America. As

Berger sees it, Rockwell was within his First Amendment rights in making "unpleasant and obnoxious" public statements that Jews were Communist traitors and should be exterminated.

Meanwhile, in Germany, the National Democratic Party, a lineal descendant of HITLER's Nazi Party, has been picking up members in West German villages and farm communities.

Though it offers little comfort, the United States is not the only country harboring antisocial and disruptive elements.

Convulsions Rending Red China

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — Sixteen or 17 years look like a reasonable time to expect convulsions and, by the leadership, a morbid fear of change within the big Communist world.

It happened in the Soviet Union and is happening now in Red China. If the spectacle of Americans heckling one another over the Vietnamese war gives an impression of some uncertainty about U.S. foreign policy, the antics of the Red Chinese give a positive picture of confusion and frustration.

Stalin began his infamous purges in 1934, just 17 years after the Bolsheviks took over Czarist Russia. By forced confessions, trials and executions he got rid of those he considered a threat to himself and his policies.

Now, 16 years after seizing mainland China, the Red Chinese leadership is humiliating some of the leading Chinese intellectuals, among other things by publicizing their alleged confessions of wrong thinking.

So far there has been no news of executions of intellectuals or former party faithfuls in Red China. But the leadership's public castigation of the intellectuals reveals the discontent with the leadership's iron policies.

BLACK REACTIONARY
Stalin was a black reactionary. He had

the genius to drive the Soviet Union into becoming one of the great powers. But he did it at a dreadful cost in lives and comfort. The Chinese leadership under Mao Tse-tung is just as reactionary.

But Stalin had more time than Mao, and those close to Mao, to silence the disenchanted, the disenchanted, and the critics of his regime. Stalin was 54 when he began the purges and 72 when he died in 1953, a span of 19 years.

Thus he had plenty of time to make his will prevail. And it did prevail, but only until his death. Then he was repudiated and changes began.

But Mao is already 72 with not much time left for silencing the critics. Until Tuesday, when Peking reported him back in circulation, he had not been seen since November. PERSIST IN POLICIES

If Mao alone was the old one in the Red Chinese leadership, he could expect those close to him would persist in his policies. But those in his leadership group are close to him in age. Time is running out for all of them.

The Red Chinese leadership in foreign affairs shouts belligerently. But with the exception of its intervention in the Korea war, it has soft-soaped it around any direct adventures outside China's frontiers. There's a good reason.

At this stage in China's development, war with the United States might be catastrophic. But once the Chinese have their atomic bombs developed — they've had three atomic explosions — the belligerency will no doubt become real.

Our Own LSD* Hallucinations!

David Lawrence Says:

Peking Irresponsibility Evident

WASHINGTON — Red China's explosion of a third nuclear device may arouse the entire world to the dangers of the irresponsible government in Peking today.

While Chinese Communist Premier Chou En-lai is saying that the nuclear bombs would not be used to provoke a war with the United States or to intimidate Red China's neighbors, he adds that "once a war breaks out, it will have no boundaries."

The Peking government insists that it had to build nuclear bombs because of an alleged "nuclear blackmail" by the United States and the Soviet Union and that it was necessary to conduct tests to prevent domination by other powers.

Apprehension is being expressed now in India as well as Australia and Japan over the Red Chinese tests.

It is too soon to know just what impact this will have on public opinion in those countries and whether a fear of Red China will develop to the point where Peking will be able to blackmail her neighbors.

SENSE OF RESPONSIBILITY
Paradoxically enough, there are persons who are advocating that Red China now be seated in the U.N., when what is really needed is the development first of a sense of responsibility by the Red Chinese.

They are demanding, for instance, as a condition of joining the U.N., that Formosa be turned over to them.

Up to now, the aggression in Korea and the infiltration of Viet Nam and other parts of Southeast Asia have merely confirmed the intention of the Red Chinese to expand their territory.

It is the same old story of autocratic governments reaching out for more land or for

control of other countries in adjacent areas.

It is a time for the use of economic measures so as to bring the Red China government to the conference table with a sense of responsibility.

Many countries are trading with Red China today, and even American goods indirectly reach its ports. Some nations, such as

France, are making a determined effort to increase their trade with Red China at the very time when the whole world knows that to strengthen the Peking government is merely to hasten the day when an irresponsible clique will threaten to pull the nuclear trigger and begin to menace other countries in the Far East.

(Copyright, 1966, Publishers Newspaper Syndicate)

Bob Considine Says:

Viet War Is Rewriting 'Books' on Aerial Combat

HICKHAM AIR FORCE BASE, Hawaii — The strangest air war ever fought is directed night and day from this headquarters, 5,000 miles from the scene of battle.

Most of the "books" on aerial combat have been rewritten in the skies over Viet Nam.

Our biggest bombers, B52s, designed to batter great CONSIDINE strategic targets, are being used only against tactical targets: concentrations of Viet Cong hiding under jungle foliage, barracks, footpath supply lines, etc.

Four F105s and F4Cs, built primarily as fighters and capable of speeds of 1,600 miles per hour, are being sent against strategic targets such as power plants in the area of Hanoi.

Some of our hottest fighter pilots have been retrained and put in 615. The Cessna-built 61 has a cruising speed of 90 m.p.h.

WHAT'S COOKING
It is called the Bird Dog and the mission of 01 pilots is to float over Viet Cong positions and report back on what's cooking. They fly very low, are unarmed, and could be brought down with a well-aimed slingshot.

But, to add to the paradox of the air war in Viet Nam, they are shot down less fre-

quently than their immensely faster, sturdier and more menacing aerial comrades.

The reason for this is that if the VC shot at the mobile little planes, the 01 pilots radio the enemy's position — and in a very short time the bigger boys are blasting away at the exposed position with cannon and rocket fire.

Some of the most decorated men of the war have won their laurels in these preposterously fragile Bird Dogs.

FEARSOME SYSTEM
The venerable C47, none of which have been made since the last months of World War II, has been de-mothballed and turned into a fearsome weapons system.

In Viet Nam the lumbering old goosey birds (known to millions of airline travelers as the DC3) have been fitted with three Gatling guns each able to clobber enemy positions with 4,000 rounds per minute.

F102s and F104s, once hailed as the world's best high-flying, super-sonic interceptors, now are being utilized in low-flying troop support.

Crazy... but it's working.

Verbal Orchids

Mrs. Lulu Anrep of 8790 Arlington; 88th birthday.

The Better Half

"I didn't mind the movies of their baby and their vacation so much, but these commercials sandwiched in for his insurance company..."

Voice of the People:

Readers' Views Continue on Auto Safety Editorial

My sincerest appreciation to The Press for that straightforward, look-the-facts-in-the-face editorial on automobile safety. This is the kind of "truth-in-packaging" we citizens sorely need—not the kind Senator Hart is drumming for!

I've sent copies of your editorial to many in my own company, to my acquaintances at Ford, and to Detroit's Traffic Safety Association. I only wish that other editors would quit swiveling in their chairs and shout the truth as you have. Such a clamor could even influence Congress and others to work for real traffic safety.

Maybe Kennedy doesn't know any better but Ribicoff does. He did a pretty good job on traffic safety while governor of Connecticut, but I don't recall him demanding a specially designed car from Detroit.

PAUL E. URSCHALITZ
2568 ROBINDALE

In your editorial defending the automobile industry against the criticism of "naive personalities" such as Ralph Nader, I wonder how naive you think your readers are considering the fact you receive thousands of dollars each year from this same industry in advertising fees. Do you consider yourself qualified to give an unbiased judgment?

You state "Safety has been an issue with the industry from inception." How big an issue? In the past I believe the auto industry has concentrated on those things which sold cars and safety wasn't one of them until men such as Mr. Nader caused public opinion to be formed on it.

I agree, as you state, "automobiles don't kill people, people kill people. But with better designed cars it would be much more difficult."

RICHARD B. SARTELL
WATERFORD

(Editor's Note: GM's page ad in Tuesday's Press will show you quickly and conclusively how wrong you are about safety studies.)

Comment on Rejection of Legal Aid Plan

Regarding the recent editorial on rejection by the Oakland County Bar Association of our proposed legal services to the indigent, while the \$450,000 proposal was overwhelmingly rejected by the Bar Association, it was not for the reasons cited. The Commission, not the Bar Association, proposed expansion of the Legal Aid Society and creation of the six legal service centers which would be under the Society's control.

The Bar Association did not reject the Commission's plan because of alleged overlapping of existing services, but on the basis of the nature of the legal centers. The Commission proposed we staff the centers with attorneys who would receive about \$8 an hour in legal fees. The Association wanted the centers to be used as referral centers only. The clients would be referred to a attorney with a private practice who would receive about \$18 an hour in legal fees under this plan.

Both the American and Michigan Bar Associations have endorsed policies citing the need to provide additional legal services for the indigent, providing the services do not violate the ethics of the profession. Similar programs are being offered in other counties. The group which so badly needs the services — this County's poor — is the group most affected by the misunderstanding.

'Urge Congressmen to Limit Foreign Aid'

In view of our \$320 billion Federal debt, major war in Viet Nam, our diminishing gold reserve and the imminent threat of inflation, taxpayers must make their will known now to their Congressmen. Foreign aid, now considered by the Congress, should be limited to Food for Peace and to support essential for prompt victory in Viet Nam.

Write your Congressmen.
CITIZENS FOREIGN AID COMMITTEE
WASHINGTON, D. C.

'Our City Golf Course Needs Improvement'

Why does the Pontiac Recreation Department wait until May to work on the local golf course? It is the consensus of a large number of players that many changes could be made for the good of the players, such as a clubhouse where you could feel proud to bring out-of-town guests. Is this asking too much when you consider the amount of money realized by the City from the course? The new barn to house mowers, etc., doesn't signify that the park should be inconvenienced. This was the first improvement in six years and isn't connected with the players.

JAMES SAUNDERS
3317 ORCHARD LAKE

Question and Answer

If a person goes to the authorities and makes a criminal charge and subsequent trial terminates with charges being withdrawn, isn't the party that made false statements liable with possible fine and jail term? On the other hand, would authorities be to blame for negligence in obtaining warrant without investigation as to probable cause for said warrant?

D. L.

REPLY

If the charge is proven to be pure fabrication, there would almost certainly be cause for action. In less defined situations, the answer would have to be determined on the basis of individual cases. Officers working under the sanctions of their office have immunity against such action, without which no law enforcement body could operate. However, in cases of obvious dereliction of duty, it might be possible to waive that immunity.

At Least 119 Teachers Not Returning in September

Pontiac school officials have received notice from 119 teachers who will not be returning to their jobs next September, school board members learned at their regular meeting last night.

And, according to Lewis M. Crew, director of instructional personnel, the number will probably rise to about 160.

Crew told the board, however, that 49 of the openings

had already been filled by new teachers who have signed contracts.

He cited an increase in retirements and staff demands made by implementation of new federal education programs as the main reason for the large number of vacancies.

"We're actually on schedule with other years," Crew said. Vacancies are up 10 or 15 over this time last year.

"We'll probably add between 40 and 50 new teachers this month and 30 to 35 in June."

In other business, the board informally discussed the possibility of an addition at Herkington-Hawthorne Elementary School and received a petition from a parent group from McConnell Elementary School.

The Hawthorne situation, de-

scribed by Supt. of Schools Dr. Dana P. Whitmer as "a slowly growing enrollment problem," was tabled by the board for further consideration.

School officials suggested in an oral report that mobile classroom units might be used to meet the need for accommodating more students.

RESERVATIONS

Board member Mrs. Lucille Marshall, however, expressed

reservations about use of temporary facilities in "areas of anticipated permanent growth."

She described as "a waste of money" the use of portable units which might have to be replaced by a permanent addition.

Assistant Supt. Richard C. Fell pointed out that the growth in the Hawthorne area was expected over a period of "5-10 years," and that a permanent

addition could not be constructed before next December.

It is expected that two more classrooms will be needed at the school by next fall.

SUBMITS PETITION

The McConnell delegation, headed by Parent-Teacher Association President Mrs. Lucretia Benion, submitted to the board a petition asking for construction of a new elementary school in that area.

A prepared statement read to the board by McConnell Community School official James Davis cited overcrowding and the age of the building among reasons for a new school.

Davis also said a new school and continuation of the community school concept could serve as "catalyst" in preventing de facto segregation from spreading throughout the McConnell district.

And 12 Points

Legislator in Crash Has No Insurance

LANSING (AP) — Rep. Edward K. Michalski, D-Detroit, said Wednesday he had 12 points on his driving record and no insurance on his car when his auto collided with two vehicles on a Detroit freeway Monday.

Michalski, 47, told a newsmen his insurance had been cancelled about a month ago.

He said he did not notify the secretary of state and pay a \$35 fee into the Uninsured Motorists Fund "because I was negotiating for other coverage."

Detroit police ticketed Michalski for careless driving in the accident. The legislator is

scheduled to appear in the city's Traffic Court June 7.

LICENSE SUSPENSION

Michigan law provides for suspension of the license of a driver who accumulates 12 points for violation of traffic laws.

The uninsured motorist fund law, enacted last year by the Legislature in which Michalski has served since 1960, says:

"Upon the cancellation or lapse of a motor vehicle liability insurance policy...the owner of such automobile shall pay the uninsured motor vehicle fee (\$35)...or obtain insurance before operating the vehicle upon the highways of this state."

"Failure to do so constitutes a misdemeanor."

Police reports say the accident in which Michalski was involved occurred shortly before 1 a.m. on the Ford Freeway.

HIT BOTH CARS

A police car had stopped, with its flashing light in operation, behind a car that had rammed a median divider, fence, the report says.

Another car had stopped behind the squad car and a car had stopped in another lane.

The police report says Michalski tried to drive between the two vehicles and hit both of them.

Board Cool to Teacher Internship

A proposal to involve the Pontiac School District in an elementary teaching internship program received a mixed reaction from school board members last night.

The move was tabled until the board's next regular meeting May 25.

The intern program, operated by Michigan State University since 1958, has already received the approval of the Bloomfield Hills, Rochester and Clarkston school districts.

Its main feature is the utilization of fourth-year university teaching students as regular instructors in elementary classrooms.

The number of interns in each district is limited to five, and each group is supervised and coordinated by a university staff member.

Supt. of Schools Dr. Dana P. Whitmer, who presented the proposal to the board, advanced better teacher training and an edge in recruiting as key reasons for participating in the program.

Board member Russell L. Brown, however, voiced reservations about qualifications of the interns and the possibility of "letting down our standards of teaching."

"I would like to see these people take the standard four-year course," Brown said, "and not deprive regular teachers of a job."

Whitmer and Lewis M. Crew, director of instructional personnel, both said, however, that vacancies would exist for use of the interns.

Crew also asserted that the school system would benefit from the students' on-the-job training.

"Our teachers as we now get them," he said, "have nine weeks of student teaching behind them."

"Under the intern program, these students receive a full nine months of experience including the observation of their supervisor."

"I really don't see that we're lowering our standards. An intern is only six hours away from his degree and certification when put into one of our classrooms."

Redistricting for Fall Is Out

LANSING (AP) — Backers of one man-one vote districts for county boards of supervisors have given up trying to redistrict in time for this fall's elections.

A compromise version of the county reapportionment bill, recommended Wednesday by a House-Senate conference committee, provides for elections from equal-population districts in 1968.

Before the bill went to the conference group, House Republicans had blocked immediate effect for it. Some Democrats had hoped to negotiate a settlement in time for 1966 redistricting.

The conference committee scrapped a Republican-backed provision, inserted in the Senate, that would have given the county boards first chance to draw new districts.

The conference version provides for reapportionment by a commission made up of the county prosecutor, clerk and treasurer and the county chairmen of both major political parties.

Supervisor boards in Wayne and Oakland counties have 25 to 35 members, counties of 50,000 to 60,000 population would have not more than 21, counties of 10,000 to 50,000 not more than 15, counties of 5,000 to 10,000 not more than 10 and others not more than seven.

What's Four Roses doing with a Fifth?

Plenty.

First we took our fifth size bottle and redesigned it. (All other sizes, too). Gave it a clean, elegant, handsome look, right?

But most important is what we're doing inside the fifth. We've added a Fifth Rose—the great new taste in Four Roses. The honestly good taste of Four Roses. The kind of whiskey taste you don't just any you like, but you really do like.

(A bonus note: see how surprisingly reasonable a good-tasting whiskey can be. The fact is, Four Roses doesn't cost any more any more.)

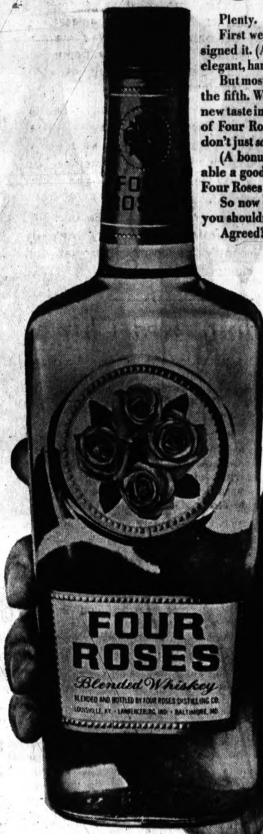

So now there's no reason in the world why you shouldn't buy Four Roses.

Agreed?

War, Prices Little Effect on Polls So Far

WASHINGTON (AP) — Nine states have now held primary elections without any indication in data of major impact at the polls from two chief concerns among voters — the war in Viet Nam and the rising cost of living.

Historically, any widespread sense of discontent or dissatisfaction has reacted against the ins, no matter of which party. Yet in the primaries thus far the voters have evidenced no disposition to turn out incumbent members of Congress who were challenged within their own parties.

Nevertheless, political strategists are holding to their estimates that what happens in the congressional elections next fall will be greatly influenced by the developments meantime in Viet Nam and on the price front.

In the normal course, the minority party picks up seats in the House of Representatives in off-year elections, particularly when it has lost heavily in the presidential year as the Republicans did in 1964.

HOUSE SEATS
Thus, the GOP will have to gain a substantial number of House seats in order to claim a success in this year's campaigning.

Picking any number as the break-even point between success and failure could bring arguments on both sides.

But Chairman John M. Bailey told the Democratic National Committee earlier this year that historically the party in power

MSU: Need Hike in Aid or Tuition

LANSING (AP) — Michigan State University told legislators Wednesday that unless MSU's appropriation is boosted by \$1.7 million, it would have to consider a tuition increase.

MSU officials told the House Ways and Means Committee the additional money is needed to pay "costs we don't see any possibility of avoiding."

The university's board of trustees would have to approve any tuition boost.

A Senate bill, now before the House committee, would give MSU \$44.3 million, \$1.15 more than Gov. George Romney recommended. The university, which received \$38.6 million this year, originally asked for \$36.6 million for 1966-67.

300 MORE TEACHERS

MSU President John Hannah said the university had hired 300 more teachers and currently was negotiating pay matters with unions representing non-faculty employees.

"We're committed to take about 3,300 more students next year," said Philip May, MSU vice president for finance. This would bring MSU enrollment to about 38,700 at the East Lansing campus.

May told a newsman the \$1.7 million boost still would fall short of meeting all MSU needs, but would meet commitments.

Hannah told the committee the tuition increase for out-of-state students probably would be from the current \$670 to about \$1,000, bringing in an additional estimated \$900,000.

For state residents, a tuition raise from \$324 to \$354 a year was proposed.

Space Data Swap Is Rated

PROVIDENCE, R.I. (AP) — The American astronauts' doctor says exchanges of manned space flight information with the Russians is still pretty much overclouded on the part of the Americans.

But, says Dr. Charles A. Berry, the Russian scientists are slowly beginning to provide more information.

He told an annual meeting of the Rhode Island Medical Society Wednesday night that he attended a conference with his Russian counterparts last month in Las Vegas. Next fall, he and a Russian doctor will be co-chairmen of a conference in Spain.

He and the Russian will submit data on weightlessness in space, he said. Berry is chief of medical programs at the Houston Manned Spacecraft Center.

Sentence Drunk; Won 'No Jail for Alcoholics' Case

DURHAM, N.C. (AP) — Joe B. Driver, an admitted alcoholic who won a court decision that alcoholics should not be imprisoned, Wednesday received a sentence of 30 days for drinking.

Recorder's Court Judge W. C. Purcell imposed the sentence on Driver, 59, for public drunkenness. He had been arrested Tuesday.

Four months ago, the U.S. 4th Circuit Court of Appeals reversed a Durham County Superior Court decision under which Driver was given a two-year prison term for several drunkenness convictions.

The decision said an alcoholic is a sick person and should not be imprisoned.

Senate Republican leader Everett M. Dirksen has been talking of a possible GOP pickup of 50 seats.

Holding 140 seats now, the Republicans would have to gain 78 in order to take control of the 435-member House.

SENATE ELECTIONS

Of the nine states which have held primaries, six have elections this year for the Senate, but in only two were incumbent senators opposed in the primary. Democratic Sens. John J. Sparkman of Alabama and Fred R. Harris of Oklahoma breezed to re-election in primaries.

Democratic Sens. Clinton P. Anderson of New Mexico and Jennings Randolph of West Virginia had no party opposition. Neither did Republican Sens. Carl T. Curtis of Nebraska and John G. Tower of Texas.

Republicans will pick an opponent to Sparkman at a state party convention July 29. Republicans Don Kinkaid and Pat Patterson are in a runoff primary, to be held May 24, for the nomination against Harris.

Stock exchanges are called bourses in European countries. The first was established in Antwerp in the 16th century.

IN FOCUS—Costumed youngsters pose for camera fans before their folk dance performance at the International Photography Fair in New York's Coliseum. This photo was made by holding the camera at arms' length overhead, aiming at the stage and shooting over the heads of the people in front.

Camera Angles

Photo Fans Flock to Fair

By IRVING DESFOR
AP Newsfeatures

The 1966 International Photography Fair, recently under a five-day spotlight in New York City's Coliseum, staged a three-ring parade of inspiration, education and entertainment for the enlightenment and pleasure of camera fans.

The formula of providing great pictures to look at, knowledgeable specialists to listen to, entertainers to focus on, and the newest products to draw over must be a successful one judging by the 90,000 attendance figure.

On each occasion I attended, the floor was mobbed with

Mule Slaying at Fraternity 'Like Murder'

ALBUQUERQUE, N.M. (AP)—A killing at a University of New Mexico fraternity house had all the elements of a first-degree murder case except a mule instead of a human was the victim, says an assistant district attorney.

Asst. Dist. Atty. Donald Wilson said "the only element it lacked was that it was not a human."

Chief Asst. Dist. Atty. H. Leslie Williams said no charges would be filed against six students involved because the mule was "humanely" shot to death Feb. 26.

"I agree with you, it's a terrible thing (shooting a mule), but it's not against the law. We say, flower and child photographs, do's and don'ts of movie making, how to manipulate color slides and the aesthetics of photography."

shutterbugs who crowded the Hall of Learning, the Little Theater, the Great State area, picture displays and the exhibitors' booths.

More camera-toting teenagers were noted than ever before.

Cameras were put to use, too, since there were so many shapely models around who made irresistible targets whether they were posing on well-lit scenic stages or just relaxing between sessions.

SPACE AGE THEME

The Space Age theme was set by continuous showings of American space flight films and an exhibition, "Five Years of Space," by the National Aeronautics and Space Administration.

"The World of International Glamour" was represented by Peter Busch of the United States and Franco Scheichenbauer of Italy.

And prize-winning photographs from several major contests were helpful aids in demonstrating imaginative and creative camera use which brought them top honors.

The hour-by-hour program listing of each activity area made it easy for fans to pick a particular topic, slide show or movie of personal interest.

COLORFUL STORY

For instance, I enjoyed John Farber's colorful slide story of his adventures in northern India where he photographed the "Lost People of Shangri-la."

There was a wide range of other subjects, among them: underwater, pet, fashion, glamour, flower and child photographs, do's and don'ts of movie making, how to manipulate color slides and the aesthetics of photography.

Independence Eyed for Michigan Tech Soo Branch

LANSING (AP)—An advisory committee recommended today that present three-year programs in biological sciences, medical technology and business administration be extended to four-year programs starting next fall.

In the near future, it suggested the committee recommended making the branch independent, "with a separate name, governing body and budget."

The board of education is expected to decide on the proposal at its May 24-25 meeting.

STUDENTS

The branch, opened 26 years ago, has 800 students and 80 faculty members.

Hall said the need for a four-year school at the Soo is underlined, thanks in part to the record by the city's distance from other senior colleges — 160,000 miles from Northern Michigan University at Marquette and 218 miles to Central Michigan at Mount Pleasant.

Tourist income for New York City last year reached \$1.4 billion, thanks in part to the record by the city's distance from other senior colleges — 160,000 miles from Northern Michigan University at Marquette and 218 miles to Central Michigan at Mount Pleasant.

It's a Doodad for a Whatsis

ANN ARBOR (U) — Scientists sometimes fail to talk the language of common folks, and the University of Michigan today cited an example of this.

★ ★ ★

U. of M.'s purchasing department got an invoice from the medical school's animal care unit, describing more than \$500 in equipment purchased as:

★ ★ ★

"Hobart mixer, bench Model A200 with 20 qt. S-S bowl, 8" flat beater and No. W wire whip; Hobart mixer bowl, 12 qt., S-S No. E Dogh arm, 12 qt. and splash cover S-S."

★ ★ ★

The university said its purchasing department simply made out the voucher for "miscellaneous kitchen tools" and okayed it."

Hedy to Claim 'False Arrest'

LOS ANGELES (UP) — Film actress Hedy Lamarr's attorney said he will file today a \$5 million false arrest suit against the May Co. department store for accusing the star of shoplifting last January.

Miss Lamarr, 32, was acquitted April 28 by a municipal court jury after a week-long trial.

The Viennese-born actress was arrested in the store's parking lot last Jan. 27.

Twice-Wounded Navy Personnel Will Leave Viet

WASHINGTON (AP) — Navy officers and enlisted men who suffer two wounds in action will be reassigned to duty outside the Viet Nam area.

They also will be exempt from any further service in the war zone.

An order, issued April 25, sets up the procedure for reassigning Navy men twice wounded in Viet Nam or the waters near that country.

Men who incur nonbattle wounds or injuries will not be eligible.

Mediator Calls Meeting**Talks Set in Construction Strike**

GRAND RAPIDS (UPI) — A. The meeting will be held at the Southgate Motel Inn in Kalamazoo where a previous session this week failed to lead to an agreement on a new contract.

★ ★ ★

The council negotiators, representing locals with membership in 19 counties, are asking a \$1.07 cent an hour increase for the 10-day walkout which has tied up about \$75 million in work. The companies have offered an \$7 cents an hour increase for a three-year contract.

Cocktail cues:**Use Holland House Cocktail Mix**

Never buy a mix unless it makes a great drink. With Holland House, you're likely to get the best you've ever tasted. You use your favorite liquor, as much or as little as you like. Ever tried them? You should. Nine varieties.

The original and largest-selling in the nation and the world.

PAUL ERIC KRUEGER

Youth Gets Life Terms for Killing 3

DALLAS, Tex. (AP) — Paul Eric Krueger, who registered in a rooming house under the name Vic Solo a few hours after he shot three fishermen for no apparent reason, was sentenced to three concurrent life terms in prison Wednesday.

The California youth's surprise pleas of guilty and immediate sentencing closed a case which Dist. Atty. Sam Jones of Corpus Christi, called "the most heinous crime ever committed in the history of the Texas Gulf Coast."

Krueger, the 18-year-old son of a San Clemente, Calif., industrialist, showed no emotion as sheriff's deputies hustled him from the courtroom.

He was indicted for the April 12, 1965, slayings of John D. Fox, 38; Noel D. Little, 51, and Van D. Carson, 40, all from Corpus Christi. They were shot while fishing off a pier 30 miles south of Corpus Christi.

READ RECORD

Before Judge A. D. Jim Bowie passed sentence, Asst. Dist. Atty. Bill Alexander of Dallas read into the record several affidavits.

Krueger took the witness stand briefly to state that he had changed his plea voluntarily and the affidavits were "true and correct."

One was given by John Philip Angles, 16, of Hollywood, Calif., who came from California to Texas with Krueger and was present at the slayings. He now is in the state reform school at Gatesville.

Angles said Krueger decided to go to Venezuela on the spur of the moment one night after he got a traffic ticket.

LOADED WITH ARMS

He said Krueger went home and took a shotgun, four high-powered rifles, a pistol, a machine and a wooden box of ammunition and placed them in his family's car.

The youths drove to the Texas coast, rented a small outboard motor boat and put out for South America. The craft proved too slow and they were headed back for a larger boat about dark when they saw the three fishermen.

Angles said Krueger was annoyed at the delay and announced: "I'm going to kill those people."

FOUND FIREWOOD

Angles said they found some firewood, and asked the fishermen if they could have it.

"Yeah, take it," he quoted one of the men as replying. The youth said that at that point, Krueger shouldered one of the rifles and fired a volley of bullets at the unsuspecting men. All three fell at the spot.

Krueger then walked to where the men lay and fired more bullets into their bodies with two other rifles, the Angles statement said.

Swindler Offering \$25 Cycles Hunted

DETROIT (UPI) — A U.S. Army spokesman said yesterday someone in the Detroit area apparently is operating a con game, offering Army surplus motorcycles for sale at \$25 each.

The Army's tank automotive center in Warren said it had no surplus motorcycles for sale. A spokesman said the swindler has bilked would-be buyers out of at least \$2,000.

The spokesman said, "We have been flooded with complaints from people, particularly college students, who claim they have paid money for surplus Army motorcycles they have never received."

Africa Students to Demonstrate

Protest Restrictions
on Campus LeaderJOHANNESBURG, South Af-
rica (AP) — Angry university
students today planned coun-
try-wide demonstrations protesting
drastic restrictions put on the
president of the student organ-
ization sponsoring Sen. Robert
F. Kennedy's visit next month.Watched by security police,
gowned students at Johannes-
burg's Witwatersrand Universi-
ty stopped cars passing the uni-
versity and handed out pam-
phlets saying, "We will not give
up our responsibilities in the
face of intimidation."Condemnation of the govern-
ment's action poured in from
students' representatives in Jo-
hannesburg, Cape Town, Dur-
ban and Grahamstown. But a
student organization which sup-
ports the government and its
racial policies, the Afrikaanse
Student Bond, expressed its ap-
proval.The white supremacist govern-
ment Wednesday prohibited
Ian Robertson, president of the
multiracial National Union of
South African Students (NUS-
AS), from taking part in any
NUSAS activities.**BANNED PERSON**
Declaring the 21-year-old stu-
dent leader a banned person
under the suppression-of-com-
munist act, the order also re-
stricted him to the Cape Town
and neighboring Weinberg dis-
tricts and prevented him from
teaching. However, he will be
allowed to complete law studies.
The Cape Town University
student council called the order
"a cowardly and contemptible
action."New York's Democratic sena-
tor a leading supporter of the
U.S. civil rights movement, is
expected in June at the invita-
tion of NUSAS to speak on the
annual day of affirmation of
academic and human freedoms.

Youth Dies With Mother at Bedside

ANN ARBOR (UPI)—A Gary,
Ind., youth whose mother was
brought to his bedside by the
entire community of Cadillac,
died yesterday in a hospital
here.Doctors still were unable to
diagnose the illness of Carl Lo-
gan, 16, and listed cause of
death tentatively as "unknown."Logan was struck suddenly
by the undetermined ailment
early last month while he was
living at the Hoxey Job Corps
Conservation Center 20 miles
west of Cadillac.He was hospitalized in Cad-
illac, but when his condition
worsened, he was transferred to
Veteran's Hospital here.His mother, Mrs. Charles Lo-
gan, mother of three sets of
twins and two other children,
told hospital authorities she did
not have enough money to make
the trip from Indiana to be with
her son.**TOOK UP COLLECTION**
A hospital nurse began to take
up a collection in hopes of rais-
ing \$20 for the trip.Instead the fund mushroomed
to more than \$100, a free limo-
sine ride to Chicago airport and
a flight by private plane to Cad-
illac.She received free lodging and
meals at the hospital during her
son's illness.

Monroe County Gets

Disaster Area Status

WASHINGTON (UPI)—The
Small Business Administration
(SBA) yesterday designated as
disaster areas Monroe County,
Mich., and all Ohio coun-
ties on Lake Erie suffering
damage as a result of floods
April 27.The designation permits
owners of homes, businesses,
churches and charitable insti-
tutions whose property was
damaged or destroyed to ap-
ply for SBA reconstruction or
rehabilitation loans at a three
per cent interest.

Rex Nips Wrong Man

LONDON (AP) — Rex, one of
the London police force's Ala-
bians, was in the doghouse to-
day for biting a policeman in the
leg. The policeman went to the
hospital. The suspect he and
Rex were chasing in the Dul-
wich area got away.OPEN EVERY NIGHT TO 9

FAMOUS NAME APPLIANCES

Government Still Owns Dozens Of Pubs

Public Ownership in Britain Likely to Get Wider-Ranging

LONDON (NEA) — The British government runs gin mills on the Scottish border. It owns oil wells in Persia, and iron ore mines in Brazil.

In England the government has a monopoly on railroads, is sole proprietor of the nation's coal mines. In addition, it supplies Britain with free teeth and spectacles.

Government monopoly will be extended to new fields under the Labor government, it is freely predicted.

In the past public ownership has often come about as a result of blunders. That's how the government got into the saloon-keeping business on the Scottish border during World War I.

Absenteeism in munition plants was blamed on heavy drinking. In order to regulate the liquor consumption the government bought up the pubs, all 175 of them, plus a brewery at Carlisle, and it has been running the saloons ever since.

NOTHING HAPHAZARD

However, there is nothing haphazard about the government's intention to extend government ownership. As a starter, the government plans to set up a giant holding company with powers to buy up privately owned enterprises.

The Industrial Reorganization Corporation (IRC) is the title given to the new agency, and it will be empowered to organize new industries, as well as to force mergers between existing ones.

To accomplish this purpose, it will have huge sums of capital at its disposal, and will be free to borrow more in the market.

Early candidates for government take-over if the new scheme goes through are the machine tool, computer and airplane industries.

MODERNIZATION

Outsiders' aims of IRC are to modernize British industry, and thus to equip firms to meet foreign competition in the world market. But its critics claim that IRC is really "socialism by stealth."

"This is just a cynical move for taking over private enterprise without having to face parliamentary battles over specific nationalization measures," says Alms of Industry, a free enterprise group.

Labor has also changed its thinking in regard to mergers. In 1962 Labor, then in opposition, opposed a merger between Imperial Chemical Industries and Courtaulds on the grounds that the resulting monopoly would control the man-made fibers industry.

But today the Labor government intends to regroup parts of industry into larger units. "In some sectors the typical company in Britain is too small to achieve long production runs," the government's White Paper announces.

Past governments have used various pretexts for buying into private enterprise.

Join the Unswitchables. Get the filter cigarette with the taste worth fighting for. Tareyton has a white outer tip... and an inner section of charcoal. Together, they actually improve the flavor of Tareyton's fine tobaccos.

Large-Scale Battles Reported Between Iraqi Troops and Kurds

BEIRUT, Lebanon (AP) — Large-scale battles—with tanks, artillery and air attacks—have erupted again in northern Iraq between government forces and rebel Kurdish tribes, reports reaching Beirut said today.

At the same time, Kurdish

sources reported, indirect negotiations are under way between the rebel tribesmen and Iraq's new president, Maj. Gen. Abdel Rahman Aref, to end the 5-year-old war in the north.

There was no official con-

firmed from Iraq. The Baghdad regime is reluctant to publicize the Kurdish problem.

Kurdish sources in contact with northern Iraq claimed that two Iraqi divisions, supported

by armor, artillery and Soviet-supplied Iraqi air force planes, launched an assault against the Kurds about 10 days ago in the mountainous Ruwanduz region near the border of Iran.

The Kurdish rebel radio sta-

tion claimed the attacks had killed Aref on April 13 in a helicopter crash. Hundreds of dead and wounded. Kurdish sources speculated that the government went to the aid of the military campaign in hopes of winning a position of strength from which to negotiate.

U.S. Losses Top Viets Again

SAIGON, South Viet Nam (AP) — More Americans were killed in combat last week than troops of the South Vietnamese government, allied military spokesmen announced today.

It was the second time that American combat dead exceeded the Vietnamese in the five years of American involvement in the war.

Spokesmen announced 12 Americans died in battle last week compared with 41 Vietnamese, although the size of the government armed forces is nearly triple that of the 255,000-man U.S. force here.

It was also the lowest number of Vietnamese battle deaths this year.

During the politically turbulent week of April 3-9, 95 Americans were killed in combat compared with 67 government troops.

U.S. TOTAL

The 82 Americans killed brought the number of U.S. combat dead to an unofficial total of 1,986 for the year and 3,284 since Jan. 1, 1961. The Vietnamese reported 3,324 killed for the year.

Viet Cong losses were reported as 456 killed — the same figure as the previous week's — and 121 captured, an increase of 23.

As the war continued today, U.S. Marines and airborne troops battled the Viet Cong in three operations while Americans continued to pound targets in North Viet Nam.

U.S. MILITARY

A U.S. spokesman reported Navy planes from the carrier Enterprise came two miles closer to Haiphong, North Viet Nam's major port, to hit a Soviet-built missile site Wednesday. The site was 10 miles from the port city, and the spokesman said smoke billowed 2,000 feet into the air after the attack.

The closest previous attack to Haiphong was 12 miles.

Three missiles were fired from the site before American bombs struck it. None of the planes was hit. But near the North Vietnamese town of Dong Hoi an F105 Thunderchief was shot down by antiaircraft fire, and its pilot was reported missing. It was the 236th U.S. plane lost in raids on North Viet Nam.

Ground action picked up sharply, and elements of two U.S. Marine divisions and the 101st Airborne Brigade were thrown into battle.

New Museum:
a Real Blast

Exhibit on Explosives
Displayed by Austrian

VIENNA (U) — A Vienna police officer has set up a bomb museum.

Col. Alois Massak, 1, the Austrian Interior Ministry explosives expert, filled several rooms with all types of bombs, fuses, detonators and timing devices.

This is to help policemen from all over the country learn how to defuse anything that ticks or looks of it is might explode.

Massak had no difficulty getting his material. There have been enough bomb attacks in recent years to fill several rooms with show pieces.

"The methods of the bombers are getting more and more perfect," Massak said, so that new devices must now be used and the experts require increasingly specialized knowledge.

CHOICE ITEMS

Some prominent bomb attacks gave him the choice items of his museum.

In 1961 the 30-foot high bronze statue of Andreas Holzer, the Tyrolean hero who headed the 1809 uprising against French Emperor Napoleon and was later executed by the French, was toppled off its base atop Mount Isel.

Police later found fragments of an ignition mechanism and experts determined that the statue was blown up by three bombs in plastic containers — two attached to the right leg and one to the left leg of the statue.

A year later police found an unexploded bomb which had the same fuse and timing device as the one used against the statue.

PLACE OF HONOR

It was a five-kilogram contraption that was to blow up the Vienna Russian War Memorial.

The device got a place of honor in the collection.

Fiery Plane
Lands Safely

NORFOLK, Neb. (AP) — With an engine on fire, Capt. A. T. Bergum of St. Paul, Minn., landed his North Central Airlines DC3 plane in an alfalfa field near Norfolk Wednesday night.

The 16 passengers and crew of three walked away unharmed.

Passengers said the belly landing was achieved with very little jar. When the plane was down, Bergum put out the fire with an extinguisher and led the passengers to a nearby farmhouse where they awaited transportation into Norfolk.

Bergum was preparing for a landing at Norfolk when the left engine caught fire. He was en route from Omaha to the Dakotas. Another plane took the passengers on to their destinations.

State Doctor's Body
Is Found in Canada

WINDSOR, Ont. (UPI) — The body of a Grosse Pointe doctor was found on Canada's Fighting Island here by an island caretaker yesterday.

Dr. Robert King Jr., 46, who had been missing since March 4, was believed to be a drowning victim, although Sandwich West Township police here said they were told the doctor had been despondent at the time of his disappearance.

Dr. King, who also was an author on the Belgian Congo after his return to the United States in recent years, was director of medical and physical rehabilitation at the Wyandotte General Hospital.

UAW Approval Sought
on Archives at WSU

DETROIT (AP) — Delegates to the United Auto Workers' convention next week will be asked to approve a gift of \$1.2 million to Wayne State University for a building to house historical labor union files.

Union officials said the money would be taken from interest on the UAW's strike fund. The proposed building would be named the Walter P. Reuther Library and Labor History Archives Building in honor of the current UAW president.

Unpublicized GAO Watches Government Spending

WASHINGTON (UPI) — It may be that you never have heard of a federal agency known as the General Accounting Office (GAO).

It doesn't seek publicity. Its agents don't carry guns, and nobody has ever made a television series about it. It has no power to arrest or prosecute anybody.

And yet it is one of the most powerful and useful agencies in Washington.

President Johnson never communicates with the GAO because he has no authority over it.

The GAO was created by Congress to become the watchdog of your money.

POWER TO PROBE

It is responsible only to Congress and it has the power to investigate every federal activity except three: Congress itself; the Central Intelligence Agency which opens its books to nobody; and President Johnson's \$50,000 a year expense account.

Beyond those three fields, the GAO digs into everything, and it is a standing joke in Washington that Defense Secretary Robert McNamara fears the agency more than he does Red China.

The reason is that the Defense Department spends more money than any other branch of the government (around \$50-billion a year) and is a sitting duck for GAO agents seeking to eliminate waste.

Listen to some of the monkey business tured up by the GAO last year:

In January 1965, the Army was badly in need of spare automobile parts. But some Army officer decided to sell spare parts at a net loss of \$182,000.

The GAO cracked down just in time by introducing the officer who was looking for

spare parts to the officer who wanted to sell the stock on hand.

The Army, Navy and Marine Corps like raincoats with vents in the back. The Air Force tested and liked raincoats without vents in the back. The ones without vents are cheaper.

But the Army, Navy and Marines dug in their heels and refused to buy ventless raincoats. Money wasted over two years: \$650,000.

In one year the Defense Department accepted 3,250 persons who were physically unqualified for service. But their true physical condition was not discovered when they took their entrance examinations and they had to be discharged after they were in the service. Waste: \$1,500,000.

It would be unfair to imply that the Defense Department is the only branch of the federal government that gets caught with its waste showing. The GAO unearths monkey business almost everywhere it looks. Bureaucrats wasted an estimated \$186.7 million in fiscal 1965.

Lester B. Pearson was the first Canadian to win the Nobel Peace Prize.

BUY THE BOX SALE OF PERMANENT-PRESS

SHORT SLEEVE DRESS SHIRTS AT 3 for \$11

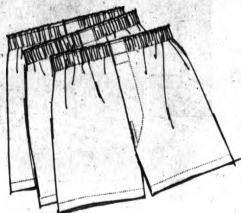

Don't let the low price throw you—for these shirts are of excellent quality. Compare the fabric with higher priced shirts: this is a fine, cool, crisp blend of 65% Dacron® and 35% cotton batiste—and it's permanently pressed. You can wash it by hand or machine or have it laundered commercially, and it'll retain its wrinkle-free appearance without a bit of ironing...washing after washing after washing. Compare workmanship:

these shirts enjoy fine stitching, smooth seams, careful detailing. Compare styling: this specially priced collection includes regular spread, button-down and tab collar styles; all with a subtly tapered body and short sleeves. Choose from white with regular spread collars, sizes 14½-17½; white or solid color with button-down and tab collars, sizes 14½-17.

Fashion Show Displaces Horses

The indoor riding ring of Bloomfield Open Hunt was transformed with red and white bunting, flags and hundreds of pots of geraniums into a gay arena. Models displayed clothes from Walton-Pierce on an X-shaped runway. The jump suit in the foreground is a vivid pink and green. The flounced shift in the rear is striped in red, green and white.

Tables were set for 10 at Wednesday's fashion show. Among the 650 women attending were (from left) Mrs. Elmer Pettengill, Holly Blamy Jr., Bloomfield Village; and Mrs. W. C. Cotton, Bloomfield Hills.

Mrs. William E. Hartman, Quarton Road (right) and Mrs. Harvey Kresge, East Long Lake Road (center) were cochairmen for a luncheon and a 'Round-the-clock' fashion prelude to the Detroit Horse Show at Bloomfield Open Hunt Wednesday. With them is Mrs. John P. Moses, East Long Lake Road, a member of the advisory committee.

Nervy Relatives Take Some Back-Talk on Your Part

By ABIGAIL VAN BUREN
DEAR ABBY: I invited 22 people to my home for Easter Sunday dinner at noon. Everyone but my husband's brother and his wife accepted. She said, "I'm sorry, I already promised my mother we'd go to her house for the noon meal, but we'll be hungry again at 7 p.m., so we'll come to your house for leftovers, okay, honey?"

Not knowing what to say, I said, "Okay." Well, they came at 7 p.m. with three other couples, cleaned me out of all my leftovers and ran.

I was standing in the kitchen doing dishes until midnight. I was plenty burned up because I had plans for those left-overs. But I'll leave it up to you, Abby. How could I have gotten out of letting her come when she invited herself?

BURNED UP
DEAR BURNED: Just because people are nervous enough to invite themselves is no reason to make them welcome. You should have said, "I'm sorry, but my dinner party is at NOON, and I'm afraid I won't be very good company at 7 p.m., so let's make it some other time, okay, honey?"

DEAR ABBY: I am a reasonably attractive, well-mannered bachelor in my late thirties and I receive many social invitations. I recently turned down an invitation to a dinner party and frankly told the hostess that I was no longer accepting invitations that did not allow me to bring my own date. Very lately she told me that if I didn't want to go to parties alone I should get married.

Why do so many people think a single person should be eager to accept invitations to go to a party alone? I always feel like a fifth wheel, or else I get stuck with a dateless woman who shares my embarrassment. Am I wrong?

SINGLE SIMON
DEAR SIMON: If you'd rather bring your own date than gamble on what the hostess has paired you off with, say so. But most bachelors are invited to parties to provide escorts for the single women.

And I'd like to see the dateless woman who would feel "embarrassed" to find her dinner companion a reasonably attractive, well-mannered bachelor.

DEAR ABBY: My husband and I were in our thirties and very much in love when we were married. Six years later I am a nervous wreck. He says I am the woman he has been looking for all his life and he isn't going to lose me. He has to know where I am every minute. He calls me six

and seven times a day. If I go out during the day, he cross-examines me about where I went and who I saw. He is a local truck driver, so he is home every night and all day Sunday. He won't go to church (he is "afraid" of religion) and he won't let me go alone. When I became pregnant he got very jealous for fear I'd love the baby more than him, so he prayed that the baby would die, and it did.

After that, I threatened to leave him, and he hit me. I am a prisoner in my own house, Abby. He says if I ever leave him he will kill me. Is there

anything I can do? I can't sign my name.

A PRISONER

DEAR PRISONER: Your husband sounds like a very sick man. For your own safety, report his past actions and threats on your life to the local police. And for your sanity, ask the help of your doctor.

Problems? Write to Abby, care of The Pontiac Press. For a personal reply, inclose a stamped, self-addressed envelope.

Hate to write letters? Send \$1 to Abby, care of The Pontiac Press, for Abby's booklet, "How to Write Letters for All Occasions."

Flower Show Know-How Discussed

Mrs. Will H. St. Clair spoke on "Interpreting Flower Shows" at the May meeting of Heritage branch, Woman's National

Farm and Garden Association, in the home of Mrs. Steven Clity on Peabody Drive.

F. Kelsey and Mrs. Harry D. Wise.

Mrs. Clarence E. Maguire of Grosse Pointe Woods, Michigan Division president, was a guest.

Sorority Planning Luau in June

Plans for a Hawaiian luau June 25 were made when Omega Mu Sigma sorority met recently at the Bloomfield Hills home of Mrs. Carl Coster. Mrs. Richard Branstner was cohostess.

The luau will be at the home of Mrs. Russell Gustavson. Mrs. Patrick Cullen and Mrs. John Guenther will assist.

The next meeting will be an election of officers June 14 at the home of Mrs. Hunter Bassell.

Officers announced at the luncheon are: Mrs. Thomas O. Mayberry, president; Mrs. Ronald H. Pepin, vice president; Mrs. Robert M. Beattie, recording secretary; Mrs. Frank P. Callahan, corresponding secretary and Mrs. Yoshiaki Noss, treasurer.

NEW COMMITTEES
Heading committees will be Mrs. Roland G. Olin, Mrs. Miles H. Knowles, Mrs. David O. Pence, Mrs. Robert P. Leonard, Mrs. Eric E. Bentlage, Mrs. Thomas W. Pinney and Mrs. Ernest E. Caldwell.

Others are Mrs. Joseph A. Davis, Mrs. Pepin, Mrs. Arthur

ACTIVES '12"

WF 77-5

Historical items already collected for display in the Drayton Plains one room school on the grounds of the Wisner Home were shown to members of Oakland County Pioneer and Historical Society Wednesday evening.

The organization met for its 92nd annual dinner at the Waterford CAI Building.

Richard C. Poole was toastmaster for the evening. Music was provided by the Huron River Jug Band, Milford branch, a group of teen-agers.

Maurice F. Cole, Ferndale historian and vice president of the historical society, spoke on "The Stagecoach Comes to Oakland County."

Nineteenth century stagecoach passengers were not pampered like today's airline travelers. They were expected to get out and push whenever the stage bogged down in the mud between Detroit and Pontiac.

ROUND ABOUT
In the early days, the route went through Mt. Clemens because the land between Pontiac and Detroit was so swampy. When gravel roads

were built, the trip was shortened.

The last regular stage out of Pontiac stopped in 1903. It ran to Hollister, Four Towns, Osborn and Commerce.

Dinner arrangements were made by Mrs. Marion Hodges Benter, Mrs. John E. Wind-

ate, Mrs. Douglas Hoard, Mrs. Robert C. Anderson, Mrs. Helen Sanford and Mrs. Robert Thompson.
The Wisner Home will be open during Michigan Week and this summer, July 5 through Aug. 31. Hours are daily except Saturday from 2-5 p.m.

Shower Is on Calendar

An evening bridal shower will honor Janet Louise Johanson of Rochester on May 20.

Lorraine Anttila's home on South Telegraph Road will be the setting for the affair where Miss Anttila and Mrs. Peter Larson will be co-hostesses.

Miss Johanson is the daughter of Mr. and Mrs. John Johanson of Rochester.

Robert R. Shelton, the future bridegroom is the son of Mr. and Mrs. C. R. Shelton, also of Rochester.

The June 18 wedding will take place in St. John's Lutheran Church.

Foresee Growth

On the theory that the average American male will be more than an inch taller in 1970 than he is today, auto companies are already planning to supply roomier interiors in the '70 models. The same growth can have a revolutionary influence on fashions.

Fancy Garters Are Back Again

Remember the decorative garters women used to wear? Well, with the new, above-the-knee hemlines, they're coming back.

One manufacturer is out with bow-tied, elasticized ornaments designed either to grace the knee or above the elbow in summer's sleeveless dresses.

The bows come in assorted polka dot combinations, in solid colors, or candy stripes. Matching scarves also are available.

'Tee' for Two

NEW YORK (UPI) — Expectant mothers can improve their golf scores by taking an easier swipe at the ball, says Dr. J. D. Flew, British obstetrician.

In a report in "Medical Tribune," the doctor advises pregnant women to take a full swing at golf and leave their wooden clubs at home. Use the irons. Many, he finds, "then have a better card than ever before."

It's Wife's Judgment That Has Failed

By MURIEL LAWRENCE
DEAR MRS. LAWRENCE:
You let me by your statement
that divorced women have failed
as wives. It's divorced men who
have failed as husbands.
My ex-husband so degraded
marriage, so abused and piled
indignities on me that I had to
finally choose between divorce

and insanity. What do you want
women to do, stay with bad hus-
bands until they kill them?
ANSWER: No. You misun-
derstood me. When I say that
divorce tells us we have failed
as a wife, I'm saying that it
tells us that our judgment of
husbands has failed, failed in
judgment of madness.

I hope you can accept this
explanation. Because, if we
won't know that we are respon-
sible for the judgment that chose
a bad husband, we can't realize
that our judgment needs im-
provement.
We get stuck in bitterness to-
ward the cruel husband instead
of recognizing that it was we

who chose to marry cruelly. We
waste ourselves in hate of him
instead of asking ourselves:
"What confusion was it in me
that could see madness in
cruelty?"
We fail a second time. We fail
again by refusing to use our
failure to revise our idea of
madness.

Why do you have to put all
the blame on your husband for
your poor judgment?

If you want to blame some-
thing, you'd better blame this
20th century and the sexual free-
dom it has given to women with-
out any preparation in the re-
sponsible use of it.

It's not just women who are
the victims of its crazy passion
to give everybody "freedom."
Children are, too. As girls are re-
quired to choose a man without
any instruction in the meaning
of madness, so are 12-year-
olds "free" to choose experi-
ment in addictive drugs without
any instruction in the meaning
of what they're doing.

So also are the colonies this
century thinks it's so noble to
"free" into self-government
without any education in self-
government.

All of us — women, children
and colonies — who have tra-
ditionally depended on more
experienced people to make
our judgments for us, are
now experiencing the chaos
caused by our inexperienced
men.

It's just too easy to blame a
husband, a parent or a colonial
power for the messes women,
children and one-time colonies
are making of freedom.

It's this guilt-ridden century
that's to blame, its effort to
atone for centuries of oppression
of women, children and colonies
by giving them freedom with-
out the slightest interest in pre-
paring them to manage it.

Rub-a-dub-dub

"Napoleon took hot baths.
Wellington, who defeated him,
took cold ones. Casanova trav-
elled with a portable bath,
built for two." — "Useless
Facts of History" (Abelard-
Schuman)

Anna Marie
Predmore,
Walnut Road,
Pontiac
Township,
is currently
serving her
second year
as president
of the
Michigan
Association
of Educational
Secretaries.

School's Gal Friday Is Anna M. Predmore

By JANET ODELL
Pontiac Press Women's Editor

Any mother who has had to
contact the elementary school
with a message for her child
knows that secretaries run
school offices. They are, in
fact, invaluable persons and
an important part of the
school team.

Educational secretaries
have their own profes-
sional organization, the purpose
of which "shall be to study
and discuss the problems of
educational office employees;
to develop a more efficient and
professionally minded staff;
and to pool ideas and ideals
toward a finer and more ef-
ficient service to the school
and the community."

ORIGINATOR

Anna Marie Predmore
helped organize the Michigan
group in 1955. She is current-
ly serving her second year as
president of the 1,200-member
state association of Educational
Secretaries.

State and national associa-
tions of this organization are
departments of the Michigan
and National Education As-
sociation, respectively. All ed-
ucational secretaries may join
the parent organizations.

Miss Predmore who lives on
Walnut Road is a product of

the Pontiac school system. Af-
ter a year of post graduate
work in high school she be-
came secretary at Crofoot El-
ementary School in 1953.

In 1940 she moved a short
distance east to become sec-
retary in the vocational depart-
ment of Pontiac Central High
School, staying there for 23
years.

Since April 1963, she has
been secretary to Richard
Fell, assistant superintendent
of business and staff person-
nel. Her office now is in the
Board of Education building
on East Wide Track Drive
and the patter of little feet
isn't often found there.

STATE OFFICER

Miss Predmore holds life
membership in both the state
and national educational sec-
retaries' groups. She has held
a state office for the past nine
years. In July she will go to
California as a delegate to the
national convention.

Leisure hours are spent in
sewing or knitting. Monthly
meetings of her church group
claim some of her time. And
every so often she goes off to
a work conference to learn
about the latest methods in of-
fice procedure and to be sure
her skills aren't rusty.

Button Buttons

Wash-and-wear shirts will
appear better pressed if most
of the buttons are buttoned
when the shirts are drip-dry-
ing.

Spring Season Filled With Romance

Late summer vows
are planned by Terry
Lee Salisbury, daughter
of the Thomas G. Salis-
burys of North Pine-
grove Drive and Jerry
Leon Butler, son of the
Virgil E. Butlers of Oak-
vista Drive.

The Robert O. Weirs
of Snowapple Drive, In-
dependence Township,
announce the engage-
ment of their daughter,
Pamela Gay, to Seaman
Appren. Thomas O.
Simonds Jr., son of the
senior Mr. and Mrs.
Simonds of Summerhill
Drive. Her fiancé is sta-
tioned in Morocco,
Africa.

The John W. Havel
of Utica announce the
engagement of their
daughter Kathrine Muir
to Larry Dean Mucken-
hirs, son of the Robert
W. Muckenhirns of
John R Road, Avon
Township. She attended
Western Michigan Uni-
versity and her fiancé
is a freshman at Mich-
igan State University. A
March wedding is being
planned.

The engagement of
their daughter, Mary
Kathleen, to George Al-
bert Land, son of the
George W. Lands of
South Genesee Avenue,
is announced by her
parents, the Alfred F.
Hecks of North Perry
Street. Her fiancé has
junior status at Oakland
University. A summer
wedding in 1967 is being
planned.

A September wedding
in the Central Methodist
Church is planned by
Lynn Marcia Gotshall,
daughter of the William
W. Gotshall of Orchard
Lake, and Randall Greg-
ory Allison, son of the
O. Ralph Allison of
Westcombe Street, West
Bloomfield Township.
She attended Oakland
University and her fian-
cé was a former
Ferris State College stu-
dent.

An August wedding
in Monterey, Mexico, is
being planned by Linda
Diana Gonzalez, daugh-
ter of Mr. and Mrs. Jose
A. Gonzalez of Hender-
son Street, and Larry
Michael Furman, son of
the Lorain Furmans of
Hudson Avenue.

Attire Available
Ready-to-Wear
Abundant Here

Did you ever realize that
the United States is almost
unique, among all nations of
the western world, in its meth-
od of clothing a male popu-
lation?

It is only recently that many
other countries have been
able to offer their men ready-
made clothing of any repre-
sentative quality or style —
and such offerings are still far
from what one can buy here.

It has been traditional, in
England for example, for men
to have their clothing custom-
made, and those who pur-
chased ready-mades "off the
peg" were a tiny minority.

Here, on the other hand,
our stores offered quality
clothing, quality fitting and
quality service — regardless
of the price paid. And we be-
came a nation of ready-made
wearers.

Royal Oak Ceremony for Couple

The Shrine of the Little Flower, Royal Oak, was the setting for the recent marriage of Charmaine Barbara Villeneuve to Douglas Duane Kennedy.

Parents of the couple who are of Royal Oak are the Leo C. Villeneuve of Gladwin and the Earl Kennedys of Metamora.

SILK ORGANZA

The bride's gown of white silk organza over taffeta was designed with Empire bodice and skirt of unpressed pleats extending into a chapel train. She wore an illusion veil and carried white roses and ivy.

Lorraine and Gail Villeneuve of Royal Oak attended their sister at the ceremony performed by Rev. Dacian W. Bates, O.F.M. She was escorted by her brother Joseph Villeneuve.

Attending their brother were William Kennedy, Royal Oak, as best man and Brian Kennedy, Ann Arbor who ushered with James Magill.

After a wedding breakfast at Greenfield's Birmingham Restaurant the couple left for a Florida honeymoon.

Slates Talk on Elderly

The Episcopal Churchwomen of Christ Church Cranbrook, will hear Mrs. Helen McLennan speak on "Resources for the Aging" Tuesday at 10 a.m.

Mrs. McLennan is a consultant on aging for the Family Service of Oakland County and a member of the commission on Christian Social Concerns for the First Methodist Church of Birmingham.

Following the noon luncheon, a program concerned with the problems of the senior years will be continued in discussion by a physician.

For Longer Wear

If you are bothered by worn shoelaces breaking at the most inconvenient times, make it a point to move the laces a fraction of an inch through their eyelets in either direction. This cuts down wear and practically doubles the life of laces.

Dr. David DiChiera, assistant dean for Continuing Education in the Arts at Oakland University and producer-director of "Overture to Opera" will speak at the "Golden Gavel" dinner of the Pontiac Federation of Women's Clubs. The event is scheduled for Monday in Kingsley Inn.

Free-form mobiles used to hang in nurseries but today they are dangling from ears of "little darlings." Hand-enameled in a wash of white, a buttering of yellow or which-ever color complements your costume best.

Bride-Elect Is Honored at Showers

Connie Ann Scriven, daughter of the Clare Scrivens of Oriole Road was honored at a recent linen shower in the home of Mrs. David Scriven on Menominee Road. Cohostesses were Mrs. Maxwell Nelson of Inverness Drive and Karol Goode of Detroit.

Mrs. Clyde Dearing of Ottawa Drive also honored the June bride-elect at a recent shower.

Parents of the future bridegroom, Lt. John Loftus O'Donnell of Wurtsmith AFB, Oscoda, are the John O'Donnells of Elkins Park, Pa.

Keep Golf Balls Away From Tot

NEW YORK (UPI) — The liquid centers of golf balls, packed under high pressure, pose a threat to curious children trying to find out what's inside.

Dr. Robert Penner, of Washington, D.C., reports that in at least two instances, children have cut into golf balls that subsequently exploded in their faces. Reporting in the Archives of Ophthalmology, Dr. Penner warned that the liquid center balls are potentially dangerous when perforated.

Mrs. Lucille M. Osterstuck, Leytonstone Street, West Bloomfield Township, has been a nurse at St. Joseph Mercy Hospital for 20 years.

Mrs. Willard McRae of Royal Oak returned to nursing 10 years ago and is now head nurse in the Obstetrical-Gynecology nursing care area at St. Joseph Mercy Hospital.

Mrs. Frank Burrell, Wards Point Drive, West Bloomfield Township, is volunteer of the week at Pontiac General Hospital. She runs the Auxmobile, works in the gift shop and in the pediatric play program.

Area Nurses Mark Hospital Week Here

Today, May 12, is a special anniversary for all nurses; it is the birthday of Florence Nightingale, the founder of the nursing profession as it is now known.

During this National Hospital Week the public's attention is focused upon the numerous institutions of healing in the area.

At St. Joseph Mercy Hospital Mrs. Lucille M. Osterstuck, RN, is one of the employees receiving a 20-year award.

A native of Standish, she trained at St. Mary's Hospital in Saginaw and came to Pontiac in 1946. Starting as a staff nurse in OB Delivery, she became head nurse in the department and served in that capacity until 1963. Now she works as a surgical nurse.

RETURNEE

Mrs. Willard McRae (Maurice), head nurse in Obstetrics-Gynecology Nursing, typifies the woman of today who returns to her profession after her family is grown.

A graduate of Harper Hospital in Detroit, Mrs. McRae nursed for 10 years before retiring to raise a family. In 1956 she took a refresher course at St. Joseph Mercy Hospital and resumed her career.

Her daughter, Mrs. George Palalan, is also a registered nurse.

VOLUNTEER

Not all hospital workers are nurses. The place of the volunteer has become established and those who give their time do it in a dependable fashion. Mrs. Frank Burrell (Marjorie) is an example of this type of volunteer.

As chairman of the Auxmo-

For Woman Who Lives Alone: A Budget

By MARY FEELEY
Consultant in
Money Management

Dear Miss Feeley:

You are sadly neglecting some of your women readers. There are many, many of them on their own, trying to make ends meet.

I work in an office, earn \$72.81 a week, and would like to know how other women in my category do it.

K.N., New York City

They do it the hard way. I am in a high-cost MARY area such as FEELEY yours, where living expenses never give you a breathing spell. It takes self-discipline — and I didn't just read this in a book.

Now, before I get down to facts and figures on your own budget, let me say this: If I seem to talk more often in this column to parents with a household of children, it's because their problems get bigger every day.

Bigger little feet outgrow shoes, there are bigger appetites for growing bodies, and bigger education expenses. What, alas, doesn't always get bigger is the family take-home pay.

But I'm well aware that for a woman on her own, \$72.81 is no fortune. The budget item that can make or break you is your rent. One thing you can do, though, if you're responsible only for yourself, is to decide what's most important to you — privacy in the form of an apartment — even the tiniest walk-up — or board and room in someone else's home.

On the theory that one week's take-home pay is all the rent you should logically pay, you don't have any choice. This basic rule-of-thumb is supposed to put all other expenses in proportion, on a certain standard of living. But here's your advantage, K.N.:

If you value a good address, living quarters in which you can entertain, you can pay more than the average budget figure allows — and eat a dill pickle for lunch in order to make up for it. You don't have to apologize to anybody else for what you do.

Clothes are usually an extra special item for the career woman — and rightly so, I happen to think. But here again you're going to have to cut drastically in some other budget area in order to have them.

Or use up some shoe leather finding the shops where you can buy cheaply and still get some fashion importance. There's at

least one in every neighborhood, even in the big city. As for food — cook in when you aren't invited out.

I know you're concerned with savings, and some sort of financial security. Well, let's take two major items first—Rent and Savings — and see what you might do with the rest of that \$72.81 a week:

Rent, \$30; Savings, \$5. Now those two items would normally allow for the following:

Lunches, \$5; public transportation, \$1.50; medical costs,

\$5; food at home for 7 days, \$14; miscellaneous items, contributions and gifts, \$5; \$17.51 to divide between clothes and upkeep, grooming aids and recreation. Here again: what's most important?

You don't state what benefits your company provides, if any. But these days most companies do provide something in the way of group benefits.

(For Mary Feeley's booklet, "Make Every Dollar Count," send \$1 to Dollar Book in care of The Pontiac Press.

Deadline Saturday for Candidates in 46 School Board Races

Forty-six terms on 22 area boards of education are to be filled at the annual school election on June 13.

Candidates for the positions must file petitions with their respective boards of education by Saturday.

Following is a list of board vacancies.

ROMEO
The two three-year terms of Ray Wilson and Ruby Wills.

ROCHESTER
The four-year term of Virginia Allured and three remaining years of a term now being filled by Milton Weaver.

LAKE ORION
Two four-year terms of Hugh Brady and Keith Middleton.

UTICA
The four-year term of William Porter.

OXFORD
Two four-year terms of Louis B. Coryell and Ted Pearson Jr. BRADON
Two four-year terms of Ray Harris and Louise Weeks and

New Petitions Cloud Vote

AVON TOWNSHIP—One hundred and eight residents of the Hamlin-Avon road area have apparently changed their minds about submitting a recent rezoning decision by the Township Board to a vote of the people.

The Township Board received petitions last night signed by 106 property owners asking that their names be removed from the original petitions.

The original petitions, which are now being checked by the township attorney, are seeking a vote on the board's decision to rezone 46.5 acres west of Livernois between Hamlin and Avon roads from general farm to light industrial.

About 1,800 signatures, more than the minimum requirement, were on those petitions, but their validity has been questioned because of the wording.

Township Attorney Rex Bebout said petitions of this sort normally "request" that a referendum be placed on the ballot, but that these petitions "demand" a vote.

He also said that the statute holds that a vote of this type can only be decided by property owners and that the petitions ask that the vote be put to all of the qualified electors.

The latest petitions were also turned over to Bebout for an opinion.

In other action, the board denied a request from Samuel Frankel that 27.1 acres which he owns south of Rochester High School and west of Livernois be rezoned from general farm to multiple dwelling.

The request had been recommended for denial by the regional planning commission and the zoning board. It was recommended for approval by the Oakland County Coordinating, Planning and Zoning Committee.

The board also adopted an ordinance designed to rid the township of unsightly weeds.

If warnings are not complied with, the Township Board may impose a fine of \$100 or 90 days in jail.

Children in Wixom 'Clean Up' in Work Campaign for M-Week

WIXOM—Children at the Wixom Elementary School could easily be considered the "cleanest kids in the county," according to Mrs. Neil Taylor, chairman of this year's "Clean-up, Paint-up, Fix-up" week.

Each year in advance of Michigan Week, the school holds a clean-up week, Mrs. Taylor said.

Each child in grades one through six receives ballots which they are to give to their parents.

During this week, every time a youngster does any cleaning up on the outside of the house, cutting the grass or picking up litter, his mother signs the ballot telling the teacher what the child has accomplished.

"Each time a pupil turns in a work ballot, he is entitled to one

Water Safety Need Is Cited

State Leading U. S. in Boat Registrations

Michigan now leads all states in the number of boat registrations with nearly one-half million. Lt. Donald Kratt, head of the Oakland County Sheriff's Department safety division, said yesterday.

Speaking at a conference on water resources and water problems held at Oakland University, Kratt cited the need for extensive water safety education and enforcement of marine laws to meet this challenge.

Kratt noted that Oakland County now has 37,000 registered boats.

He added that although Oak-

land County generally is credited with having about 420 lakes, it actually has 1,682 bodies of water over one-third of an acre in size.

Kratt said that Oakland County had been a leader in the field of water safety and that several counties outside the state have patterned their marine safety programs after Oakland's.

J.PANELISTS
The water safety director was one of three panelists in the afternoon session of the all-day program.

Robert T. Coleman, director of environmental health for the County Health Department, discussed his department's procedures for testing drinking water and the general water-health relationship.

Daniel W. Barry, Oakland County drain commissioner, outlined the function of the drain office and its growing activity in lake level control.

Speakers for the morning session were Dr. Emmanuel Van Nierop, assistant professor and extension specialist in resource development at Michigan State University, and Dr. Clifford Humphreys, MSU professor in resource development.

Van Nierop discussed the "Natural Phenomena of Water Resources." Humphreys' topic was "The Effluent Society."

Lapeer Public Schools Get Head Start Funds

LAPEER—The Lapeer Public Schools were among 11 Michigan agencies awarded \$246,304 by the Office of Economic Opportunity to establish Head Start Projects for the training of preschool children.

Lapeer received \$9,239 from the Thumb Area Economic Opportunity Committee for the training of 45 pupils.

3 of 5 Say Education No Handicap

Students Rate One-Room School

OXFORD TOWNSHIP—A country school education has been no handicap to at least three of the five Dryden High School students who are products of the one-room North Oxford school.

These students say their education there was equal, if not superior, to that they might have obtained in a larger school.

They also approve of the

School Strike Hearing Set in Macomb

ROMEO—A hearing will be held in Macomb County Circuit Court at 10 a.m. tomorrow at which the union representing school bus driver, custodians and cooks must show cause why it should not be prevented from continuing a three-day old strike.

The board of education has filed an injunction restraining Local 1664, American Federation of State, County and Municipal Employees, AFL-CIO, from conducting what it alleges is an "illegal strike."

The employees walked off the job officially Tuesday morning claiming the board has failed to negotiate "in good faith" on salaries and other benefits.

They are also protesting the alleged "failure" of Schools Supt. T. C. Filippula to take their demands to the board.

Filippula said the union has made large salary demands and that the board has made counter proposals in spite of the union's claims to the contrary.

Filippula said the board's negotiating team has been meeting with union representatives but that no further meetings will be held until the matter is settled.

He said school was operating fairly normally today in spite of the strike. Pickets have been at the schools and Romeo police and sheriff's deputies have been on the scene in case of trouble.

In some cases, children are walking to school and in others, car pools have been formed, according to Filippula. He said the children are also carrying their lunches to school.

Utica Gathers School Data

UTICA—The collecting of census information will begin in the Utica Community School District today, and continue through May.

School officials caution residents that this census is not to be confused with the census that has already been taken in Sterling and Shelby townships.

The census is used to determine school enrollment, bus routes, mailing school district newsletters, summer programs and adult education schedules.

outcome of last Saturday's referendum in which annexation to the Oxford School District was turned down, 23-4.

The annexation was recommended by the County Reorganization Committee to comply with a state ruling that all school districts must eventually contain a high school.

Senior Nelson Williams of 2380 N. Oxford, said he doesn't feel the North Oxford pupils would have been better off as part of the Oxford district.

MORE ATTENTION

"As far as high school goes," he said, "we get a lot more individual attention here than we would at Oxford High School because Dryden is smaller."

The pupils at North Oxford are getting a good education, he feels. He said they get more individual attention than they would in a larger school.

There are only minor drawbacks to the rural school, he claims. Each class period is only 10 minutes long which means more homework for the pupils. He feels there is also a lack of extracurricular activities.

Nelson's brother, Wallace, and Dale Laidlaw of 4276 Hollow Corners, Dryden, also agree that they were adequately prepared at North Oxford.

GOOD EXPERIENCE

Dale, who is nearly an all-A student, said he thinks it is a good experience to attend a country school. He also said the pupils get more individual attention.

Dale attended North Oxford until his family moved to Dryden when he was in the eighth grade.

A junior, he feels he was adequately prepared at the small school and doesn't think that being part of the Oxford district would be an advantage.

Voicing some dissatisfaction with their North Oxford schooling were Anthony Moore of 3465 Barber and Paul Hickmott of 3465 Barber and Paul Hickmott of 3465 Barber.

GRADES WENT DOWN

Anthony said he doesn't feel he was adequately prepared for high school work. He said he got good grades at North Oxford but that they went "way down" when he started at Dryden.

"I think we were marked higher in grade school than we should have been," he said. "Maybe it was because they didn't care enough."

He said he felt that students from other schools were ahead of him in some subjects and that he had to work harder to catch up.

Both he and Paul said annexation to Oxford would have been better for North Oxford pupils.

CLOSER TO SCHOOL

"For one thing," said Paul, "they would be closer to school and would be able to participate in more activities."

"The way it is now, we can't take part in after-school activities unless our parents are willing to drive us back here."

Paul also said he found it difficult to adjust to the larger number of students at Dryden.

"At the small school you don't get a chance to be with many kids your own age," he said.

SMALL ENROLLMENT

In most cases there are only one or two pupils in each

grade at North Oxford. The present enrollment is 15. There are about 350 pupils in grades seven through 12 at Dryden.

All of the boys agreed, however, that it was never distracting to hear the teacher conducting another class while they were trying to study.

Since the merger was turned down, the question of North Oxford's annexation to a high school district will become part of a proposal now before the State Reorganization Committee.

This proposal would annex North Oxford to Oxford; Dublin and a portion of the Waterford Township school districts to Walled Lake; let Novi complete its K-12 program; and annex Wash-Oak school district to Washtenaw County to South Lyon.

The whole question of annexation for North Oxford is a moot one, according to Nelson.

"There are fewer people with school age children moving into the area," he said, "so eventually there won't be any children to attend the school."

COUNTRY SCHOOL GRADUATES—Five Dryden High School students get in some studying while waiting for the school bus to take them back to Oxford Township. The boys, graduates of the one-room North Oxford school, are (from left) Anthony Moore, Paul Hickmott, Wallace Williams, Dale Laidlaw and Nelson Williams.

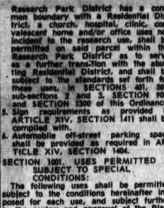

Why do more Scotch Thinkers drink McMaster's?

Great taste—Great price! Yes, sir, McMaster's gives you a smooth \$7 Scotch value for just \$4.97. How come? Ingenuity. They ship it to this country in barrels, bottle it after it gets here. Big tax savings. Big savings on shipping, handling, etc. When you can get a fine, light Scotch with a great taste at a great price—stay with it!

Soviet Premier's Cairo Visit Is Timely

By PHIL NEWSOM
UPI Foreign News Analyst

For this move, it was natural that Kosygin should select Cal-

The reception accorded by U.A.R. President Abdel Gamal Nasser for arriving Soviet Premier Alexei Kosygin did not quite come up to that for Nikita S. Khrushchev two years before but it was impressive and the visit was timely.

It also was apparent that, after two years of consolidation following Khrushchev's ouster, the new Kremlin leadership now felt itself ready to move out into broader fields.

POT BUBBLING
For one thing, the Mideastern pot was bubbling again. For the Russians, there might be a chance to reinforce and expand a position first assumed 10 years ago when they moved into the vacuum left by Nasser's seizure of the Suez Canal and the subsequent withdrawal of U.S. and British aid for Nasser's pet project, the Aswan Dam.

Encouraging signs were an outlet period of deteriorating relations between the U. A. R. and the United States, and the clear indication that in the power struggle between the Soviets and the Red Chinese,

Nasser's sympathies lay with the Soviets.

For Nasser, whose prestige has been on the wane of late, there was the luster to be gained from a visit by the Soviet premier plus the hope that, even if not willing to extend new loans, the Russians might at least be willing to extend or even wipe out some old ones.

Beyond this was the matter of mutual interests.

ABANDON BASE
Pressed by Cairo-trained terrorists and its own desire to reduce its forces east of Suez, Britain already has announced she will abandon her Aden base two years hence.

A mutual desire now also is to remove U.S. and the British bases in Libya and the British base on Cyprus.

The makeup of the Kosygin party, including Foreign Minister Andrei Gromyko and the commander-in-chief of the Soviet navy, provides a clue to the importance the Soviets attach to the visit.

Cairo dispatches indicate one goal is to secure harbor facilities for Soviet warships, improving their surveillance over the Mediterranean and the Red Sea.

Self-Service at Fire Station

RATON, N.M. (P) — A garbage truck driver kept a cool head in a hot situation.

He was in an alley picking up trash when he saw smoke pouring from the back of his truck. He hopped in the cab and drove a block and parked in front of the fire station.

Firemen drove their big pumper truck out the front door and extinguished the blaze.

Drumbeating for UAW's Goals to Start

DETROIT, Mich. (AP) — President Walter P. Reuther will give his 1,403,000 United Auto Workers the go signal next week to begin drumbeating for target, too.

"The troops are restive, and we can't hope to divert as much from the pay envelope to pensions and fringes as we did in 1964," said a UAW Executive Board member.

2. Equal pay in Canadian and American auto plants.

More money, whether in salaries or wages, will be a priority target, too.

"The troops are restive, and we can't hope to divert as much from the pay envelope to pensions and fringes as we did in 1964," said a UAW Executive Board member.

1. Annual salaries, instead of hourly wages, for production workers.

Since the writing of current three-year contracts, the auto industry has experienced two back-to-back years of record sales and profits. In the forefront were the Big Three — General Motors, Ford and Chrysler.

The UAW figures that dividends of General Motors stockholders, \$2.25 per share, 2343 up 18.1 per cent last year on a profit increase to \$2.1 billion, which the union calculates was 22.5 per cent greater than that in 1964.

"So," the Executive Board member said, "the boys in the shops don't want anybody — and that includes L.B.J. — talking to them about limiting their gains to only 3.2 per cent next time around."

Pearson: U. S. Too Big, Strong, Rich to Be Loved

NEW YORK (AP) — Prime Minister Lester Pearson of Canada says the United States has grown "too big, too strong and too rich to be loved."

In a speech Wednesday night at a dinner sponsored by the School of International Affairs of Columbia University, Pearson said:

"The U.S. of course, must continue to bear the biggest share of the burden that comes from greater involvement and extended participation."

"Moreover, you have to bear this international burden without hope of material gain or expectation of popular gratitude," the prime minister said.

At the four-day union convention beginning next Tuesday in Long Beach, Calif., there'll be a lot of sound and fury to set the stage for rousing the rank and file next year.

SPECIAL CONVENTION

But actual contract goal-setting will come at a special pre-bargaining convention next year, probably in Detroit.

Women may grab most of the attention at Long Beach.

The 25-man International Executive Board has voted 15-9 informally to recommend expansion of the board to 25 members, with the understanding that the new seat will go to a woman.

Joanne Wilson, a blonde from Newark, Ohio, nominated herself at Atlantic City two years ago and surprised the so-called Reuther caucus, the president's inner political organization, in gaining heavy support.

Thieves Steal Deadly Pills

NEW YORK (AP) — Department of Health inspectors were assigned to tour schools in a Brooklyn neighborhood today to spread a warning that 6,000 pills stolen from a drugstore are mostly deadly poison if taken improperly.

Police said burglars probably were children or teenagers who might ignore the skull and crossbones on the labels and think the pills were goof balls or pep pills.

Doctors and hospitals were alerted to be on the lookout for anyone suffering from a violent internal disorder.

The pills, of various kinds, were stolen Tuesday night. The thieves removed a sidewalk grating and went through the cellar to get into the store.

Owners discovered the burglary Wednesday. Also missing were \$250 in cash and several cartons of cigarettes.

Better Late Than Never

SAN FRANCISCO (AP) — The Army finally got around to awarding a medal yesterday to Reginald Bradley — 72 years after his part in the Indian campaign. Bradley is 98.

33,000,000 PEOPLE* can't be wrong!

Rising high above historic Straits of Mackinac are the towers of the "most beautiful scene built by man," the Mackinac Bridge. The lands connected by it lie smack in the middle of the Great Lakes. Here, the white man set his fur traps a decade before the Pilgrims landed at Plymouth. Here, the legendary Hiawatha wooed the lovely Minnehaha. Here, the equally fabulous Paul Bunyan and his Ox, Blue Babe, trimmed the timber on the most attractive and recreationally rich landscape west of Niagara and east of the Rockies.

HISTORY COMES ALIVE

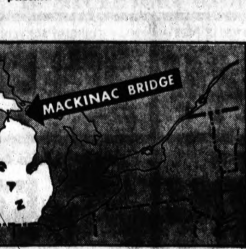

Here you can drive FREEWAYS to see living history; thrill to the sight and sound of thundering waterfalls; fish in crystal clear waters world renowned as an angler's paradise; bask in the sun on warm, white sandy beaches and cool off in refreshing sky blue waters.

Where else, oh where else in this America the Beautiful

LAND OF SKY BLUE WATERS

Accommodations from camp grounds to luxury motels and hotels are available—all within a day's drive. You cannot do better anywhere in America. 33 million people can't be wrong.

*Since the opening of the bridge on November 1, 1957, 10,500,000 vehicles have crossed over the bridge carrying an average 3.2 persons per vehicle for a total of 33 million persons.

ROCK LOBSTER SANDWICHES—A most elegant and conversation-provoking idea for a reception are these easy to make Rock

Lobster Sandwiches en Gelée. The "gelée" part has a consommé base.

Each Spud Has Its Best Use

Potatoes—the perfect first vegetable at all family meals! The U.S. Department of Agriculture says success in cooking potatoes depends on using the right potato for each purpose.

The best known potato for baking is the Russet Burbank. This variety has a low moisture content and a mealy texture. It has an elongated shape and the skin has a net-like russeted appearance.

The White Rose variety, usually known as the Long White, is good for boiling, frying, and especially for salads. It has a smooth, almost colorless skin and elongated shape.

Round white potatoes—comprising many varieties—are an all purpose type. They are good for frying, boiling, baking, and the fancier potato styles.

Red-skinned potatoes are also all-purpose. When harvested early in the season as "new" potatoes, their best use is for boiling.

Clean, reasonably smooth potatoes, free from cuts or bruises, usually are the best consumer value. Store them in a cool, dark and well-ventilated place.

Jellied Consomme Is Shiny Topping for Fish

Style is a wonderful word. It says so many different things. The author has a unique style of expression. The fashion designer is featuring styles borrowed from the Renaissance. That family belongs to the stylish segment of society.

Cooking being an art, there are styles here, too—French, American, southern, and so on. There is also style. Style in the sense of being distinctive, excellent, original, and elegant.

This recipe has such style. It originated with the chef of one of the world's most distinguished hotels, where he orders it produced for bridal receptions, mid-night suppers after the theater, as a light refreshment at small dances, on buffets of all kinds.

The white, tender meat of a single South African rock lobster tail is split in half lengthwise and rested on a delicate mixture of minced celery, pickles and eggs, and a gelatine mixture spooned over all.

The "sandwiches" are chilled and therefore ready long ahead of time. As easy to prepare as they are beautiful to serve. Keep the idea in mind.

Rock Lobster Sandwiches
En Gelée
6 (4 oz. ea.) South African
rock lobster tails

6 slices cheese bread
6 tablespoons mayonnaise
1/4 cup minced celery
1/4 cup minced dill pickles
3 hard cooked eggs, sieved
1 tablespoon unflavored gelatin
1 can (10-1/2 oz.) consommé
2 tablespoons lemon juice

Drop frozen lobster tails into boiling salted water. When water reboils, cook for 7 minutes. Drain and drench with cold water. With scissors cut away underside membrane. Pull meat out of shells and cut into halves lengthwise.

Spread slices of bread with mayonnaise. Mix together Celery, pickles and eggs. Spoon mixture evenly over bread slices and top each slice with two rock lobster halves. Chill sandwiches.

Stir gelatin into 1/4 cup of consommé. Let stand for 5 minutes. Put over low heat and stir until gelatin is dissolved. Stir in remaining consommé and lemon juice. Chill until gelatin just starts to thicken.

Spoon gelatin evenly over rock lobster, repeating until all firm. Spoon another layer over rock lobster, repeating until all gelatin is used. Chill until ready to serve. Yield: 6 servings.

Gelatin Holds Cold Souffle High

To most gourmets, the souffle is the queen of desserts. Agreeably smooth, impressively high, indescribably fluffy, a souffle on the table is always a sight to stir the taste buds.

Unfortunately, the idea of preparing a souffle makes many a homemaker quake. This is because the baked souffle relies on beaten egg whites for its lightness—and beaten egg whites, if not properly pampered, can indeed collapse.

With the refrigerator souffle, however, all risk is eliminated. The cold souffle still makes use of beaten egg whites for maximum fluffiness, but it is unflavored gelatin that provides the dish with airy texture—and positively no risk.

Each time you make a soufflé

Bananas on Sticks Are Tasty Treat to Freeze

Cut firm, ripe bananas in half, crosswise. Insert popsicle stick into the cut surface. Roll bananas in honey until well coated and freeze uncovered until solid. Then store in covered freezer container until serving time. A good item to prepare in quantity and keep on hand as kiddie mothers.

It is based on unflavored gelatin, it will emerge from the refrigerator high and handsome.

There's no cooking involved, either—or only the few minutes required to dissolve the gelatin. Take Cold Lemon Souffle, for instance.

Simply combine the unflavored gelatin with sugar and salt, add beaten egg yolks, lemon juice and water, and heat in the top of a double boiler. Add grated lemon rind, chill. Then add the sugar and the beaten egg white and re-chill.

Cold Lemon Souffle
2 envelopes unflavored gelatin
1 1/2 cups sugar, divided
1/4 teaspoon salt
8 eggs, separated
1 cup lemon juice
1/2 cup water
1 tablespoon grated lemon rind

Mix together gelatin, 1/2 cup of the sugar and salt in top of double boiler. Combine slightly beaten egg yolks, lemon juice and water; add to gelatin mixture. Cook over boiling water, stirring until gelatin dissolves and mixture thickens, about 6 minutes. Add lemon rind. Chill until mixture mounds slightly when dropped from spoon. Beat egg whites until stiff, but not dry. Gradually add

remaining 1/2 cup sugar and beat until very stiff.

Fold in gelatin mixture. Turn into a 10-cup souffle dish with 2-inch collar.

To make collar, fold wax paper into several thicknesses 3 inches wide and long enough to go around souffle dish with generous overlap. Attach to dish with sealing tape, leaving 1 inch of the paper around dish to make collar 2 inches high.

Chill until firm. Carefully remove paper collar to serve. Yield: 8 to 10 servings.

Can Get Three Meals From Leg of Lamb

Here are some suggestions from the American Meat Institute on how to get three delicious meat dishes from one leg of lamb. Buy a full-cut leg of lamb and have the meat man first cut four one-inch thick chops.

Then ask him to cut off a generous shank end with a pound or more of meat on, leaving a roast. (Ask him to weigh the roast so the cooking time can be determined later.) Broil the chops; cut the meat from the shank end into cubes for a tasty shepherd's pie, and prepare a garlic-flavored roast.

Seasoning Is Secret of Pork Recipe

"Bavarian Style" suggests quality, goodness, flavor, and taste—whether the phrase is applied to food or drink.

Very few people have developed the art of cooking, and the appreciation of good food, to a higher level than have the Bavarians.

Pork Steaks Bavarian Style demonstrate the love of good food which characterizes these people of southern Germany but the recipe eliminates most of

the effort you might anticipate in preparing such a savory dish.

Pork Steaks Bavarian Style
4 pork blade steaks, 1/4-inch thick
1 tablespoon shortening
8 teaspoons pork seasoning blend
1 can (1 lb. 13 oz.) sauerkraut, drained
1 can (1 lb.) whole tomatoes
1 1/2 tablespoons instant chopped onion
1 green pepper, cut into 1-inch strips
2 tablespoons pork seasoning blend

Brown blade steaks in shortening. Pour off drippings and season both sides with 5 teaspoons pork seasoning blend. Combine remaining 5 ingredients, including two teaspoons pork seasoning blend, and put

in bottom of a 7 1/2 x 11 1/2 inch baking pan.

Arrange blade steaks over top. Cover with aluminum foil and bake at 325 degrees for 30 minutes. Uncover and continue baking 30 minutes, or until blade steaks are tender. Makes 4 servings.

Quick Ham Lunch

Here's a spur-of-the-moment lunch that even young cooks can master: In a saucepan, brown 1 cup diced cooked ham in 2 tablespoons butter or margarine. Add 1/4 cup sliced celery and cook until tender. Add 1 can (15 ounces) macaroni with cheese sauce and 1 teaspoon prepared mustard. Heat; stir now and then. Makes 2 to 3 servings.

PORK STEAKS BAVARIAN—This cut of pork is reasonably inexpensive. For flavor that's hard to beat, prepare pork steaks with sauerkraut and tomatoes.

Ever add chopped, drained New flavor for stuffed baked canned tomatoes to a meat loaf? potatoes: add a little onion salt to make it juicy? If you try this, to the potato pulp when you are mashing it.

ASPARAGUS WITH GUACAMOLE SAUCE

Cherry Cream Centers Fruit 'Flowers'

As bright and fresh as the first spring flower is the lovely dessert you can make with canned pitted dark sweet cherries. It's not a completely new idea; everyone knows how to prepare an orange to look like a flower.

But the addition of glowing dark cherries, whipped cream and a topping of toasted slivered almonds transforms the idea into Dark Cherry Blossoms — a most elegant dessert.

The plump dark cherries are ready to use right from

the can, if you bought the ones marked "pitted." They are packed in a heavy syrup which usually can be used with the cherries in preparing delicious dishes, but if not can be put to use in other delicious concoctions.

Dark Cherry Blossoms

- 4 navel oranges
- 1 can (1 pound) pitted dark sweet cherries, drained
- 2 tablespoons cointreau or ¼ teaspoon orange extract
- 1 cup heavy cream, whipped
- 1 tablespoon slivered toasted almonds

Cut 6 slits in skin of each orange starting from top to bud end, being careful not to cut through bud end. Pull skin of each orange from top to bud end and flatten to resemble petals on flower. Remove any excess white membrane on orange.

Separate orange into sections, leaving bud end intact. Pull sections toward skin to resemble petals on flower.

Fold cherries and cointreau into cream. Arrange cherry mixture in center of each orange. Sprinkle with almonds.

*Save the syrup! Add to unsweetened grapefruit juice for breakfast beverage.

Grape, Grapefruit Blend in Dessert

Here's a recipe for those who like sweet foods, yet watch the total calorie count:

- Low Calorie Grapefruit Dessert
- 2 envelopes unflavored gelatin
- 2 ½ cups water, divided
- ¼ cup sugar
- 1 can (8 oz.) frozen concentrated grapefruit juice
- ¼ cup grape juice
- 1 grapefruit, sectioned

Sprinkle gelatin on 1 cup of the water in saucepan to soften. Place over low heat, stirring constantly, until gelatin is dissolved. Remove from heat; add sugar and stir until dissolved. Add remaining 1 ½ cups water, undiluted concentrate and grape juice; mix well.

Pour into a 4-cup mold. Chill until firm. Garnish with grapefruit sections. Yield: 8 servings; 125 calories per serving.

We Design • We Manufacture • We Install • We Guarantee

Only One Season for Fresh Asparagus—Now

By JANET ODELL, Pontiac Press Food Editor

Every year it's a delight to write about fresh asparagus and more of a delight to eat it. Weather permitting, the season starts April 20 and continues to July 1. Local asparagus comes in June.

Top quality asparagus should be crisp, tender and firm. The tip of the stalk should be tightly closed and the stalk an even green color for almost its complete length.

Don't overcook asparagus; it's best tender crisp; 12-15 minutes in boiling salted water is enough.

Many people want nothing more than melted butter served with their asparagus. But other ways of serving it are interesting.

ASPARAGUS WITH GUACAMOLE SAUCE
2 lbs. fresh asparagus
1 teaspoon salt
Boiling water
Guacamole Sauce

Lemon wedges
Hard-cooked eggs
Break off each stalk of asparagus as far down as it snaps easily. Wash well. Place asparagus in 2 layers in a large skillet; sprinkle with 1 teaspoon salt. Pour on boiling water until 1-inch deep.

Bring to boil; cook uncovered 8 minutes. Cover and simmer 2 to 5 minutes or until lower stalks are crisp-tender. Lift out stalks with tongs or 2 forks. Chill.

Serve with Guacamole Sauce. Garnish with lemon wedges and hard-cooked eggs. Yield: 6 servings.

Guacamole Sauce
1 cup peeled fresh tomato
1 tablespoon chopped fresh onion
¼ teaspoon salt
1-1½ teaspoon ground white pepper
2 teaspoons fresh lemon juice
2 ripe, medium avocados, diced
1 tablespoon mayonnaise

1 teaspoon salad or olive oil
¼ teaspoon Worcestershire sauce
Combine all ingredients; mix well. Yield: About 2 cups.

ASPARAGUS WITH HERBED CHEESE SAUCE

- 2 tablespoons butter
- 3 tablespoons flour
- 1 ½ cups instant minced onion
- 2 tablespoons dried parsley flakes
- ¼ teaspoon salt
- ¼ teaspoon basil
- ¼ teaspoon marjoram
- 1 tall can evaporated milk (12-3 cups)
- ½ cup water
- 1 cup shredded sharp Cheddar cheese

Melt butter in a medium size saucepan. Remove from heat and stir in flour, onion, parsley, salt and herbs. Gradually blend in evaporated milk, then water.

Cook over low heat, stirring occasionally, until mixture thickens. Add cheese and continue cooking, stirring constantly, until cheese melts and sauce is well blended.

Serve over hot cooked and drained asparagus. Makes about 2 ½ cups sauce (enough for 4 to 6 servings).

ASPARAGUS ALA INDIA

- 1 ½ pounds fresh asparagus
- 3 tablespoons butter or margarine
- 1 teaspoon salt
- 4 cardamom seeds
- 2 peppercorns
- 1 cup cooked rice

Cut asparagus in one-inch diagonal chunks. Melt butter in saucepan or electric skillet. Add asparagus, salt to butter. Cover and cook on medium heat. Remove cardamom seeds from pod. Crush seeds and peppercorns; add to asparagus along

with cooked rice. Cook 8 minutes, or till asparagus is just tender. Makes 4 servings.

KABOBS

- 1 pound fresh asparagus
- 1 can mandarin oranges
- 1 small can pineapple spears
- melted butter

Cut asparagus into one-inch pieces. If large spears are used, slit the stalk almost through. Drain fruit.

Using wooden skewers, soaked in water first, thread the fruit and asparagus chunks on separate skewers. Arrange on broiler pan. Brush with melted butter or oil and vinegar type dressing.

Place under broiler. Watch carefully so they do not burn. Turn. Takes about 3-5 minutes for asparagus to be tender crisp.

NEW-FASHIONED BREAKFAST — Combine one can apple pie filling with one-half cup honey and one-half cup butter or margarine. Heat, stirring occasionally. Heat frozen waffles (or make your own) and cook sausage or bacon. To serve, spoon apple mixture over half the waffles; top with remaining waffles and arrange sausages or bacon on top. Enough for six servings.

Surplus Goods Firm Puts Bite on Teeth

LONDON (AP) — Jim McLaughlin, who has all his own teeth, raised his hand at an army auction and bought 90,000 single false teeth for \$1,208. Asked why, he said his surplus goods firm "deals in pretty well everything." Asked why the sale, the army said "because it appears we won't want so many in the future."

It costs the federal government \$27,672 to educate a student at the Naval Academy in Annapolis.

Hospital in Detroit Not Closing -- HEW

AP Regional Service WASHINGTON (AP) — The Department of Health, Education and Welfare announced Wednesday plans to continue operation of Public Health Service hospitals in Savannah, Ga., and Detroit.

These hospitals were among those slated for closure a year or so ago before a survey was ordered last summer to see whether alternate ways could be found to provide the necessary hospital service in Savannah and Detroit.

The department said Secretary John Gardner, after studying the results of the survey, decided the Public Health Service should continue to operate hospitals in Savannah and Detroit.

Brando Back to Film After Recent Illness

By BOB THOMAS
AP Movie Television Writer
LONDON — "I thought to myself: This is it — the Big C," said Marlon Brando.

Fortunately, the recent illness that kept him from the shooting of "The Countess of Hong Kong" was diagnosed as not cancer but a twisted intestine. He reported back to the comedy film "THOMAS" and will conclude it this week, much to his relief.

Brando discussed his health as well as his work with Charlie Chaplin and Sophia Loren during a conversation at his Chester Square flat. The place bears a plaque telling that Matthew Arnold, 19th century poet and essayist, once lived there.

The actor came into the second-floor drawing room of the flat wearing a karate suit. It was at the end of a long day of working in the movie, and as a reward he was given a large plate of spinach.

ON DIET
"My diet," he explained, "I've taken off 15 pounds since I was sick. Pretty soon I'll be down to 165, and then I'll have five pounds to play with."

Brando was hospitalized last month with what was feared to be appendicitis.

"Eight doctors were all set to operate," he reported. "One said no. So did my own doctor, who came from California. You see, my appendix is up here (indicating his midsection), not where it should be."

"I also have four kidneys, and other organs are rearranged. That's what caused all the confusion."

FEARED CANCER
"When the doctors couldn't find out what was wrong, I was in a terrible state. I was sure I had the Big C — cancer. But I got better, and they didn't have to operate. And with luck and careful diet, I won't need an operation."

Brando expressed gratitude at the impending conclusion of filming the movie. Of his director Chaplin, he commented: "He's a nice old gent. We do things his way, that's all. He shows us how. De does not know how a scene works until he does it himself."

"So I've just been following directions. I've done that before with (Ella) Kazan and..." Brando, who is noted for directing himself, couldn't think of any others. For Kazan he made "Viva Zapata," "A Streetcar Named Desire," and "On the Waterfront," the latter netting his academy award.

TAKES CARE OF PUBLICITY
About costar Sophia Loren: "She's all right. She takes care of the publicity."

Except for his visits to Pinewood Studio and the hospital, Brando has scarcely stirred from the Matthew Arnold flat. He entertains foreign diplomats, English intellectuals and the dark-eyed beauty he seems to favor but has seen neither theater nor night.

"I get the fidgets in theaters," he explained. "When you're in the profession, you're not getting away from it after hours."

Chaplin Plans Another Film

Shooting Ends on His First Movie in Decade

LONDON (AP) — Charlie Chaplin has finished shooting his first movie in a decade and says he hopes to start another before very long.

"I've got to keep the mental batteries charged," he said Wednesday night, "and there's nothing like activity for doing that. People are telling me I look much better than when I started this movie."

Chaplin, 77, was speaking at a small dinner celebrating the end of studio work on "A Countess from Hong Kong." He wrote and directed the film, which stars Sophia Loren and Marlon Brando.

"It's amazing what this picture has done for him," said Chaplin's wife, Oona. "He looks so much younger and yet he's been working harder than anyone — six and sometimes seven days a week."

SWITZERLAND
Chaplin said he will go to his home in Switzerland for a few days, then come back to London to edit the picture and complete the musical score. He said he plans to spend some time with his family, "then I want to make another picture."

"And I've already told Charlie that I want to be in it," said Miss Loren.

A spokesman for Universal Pictures, which financed "A Countess from Hong Kong," said he had heard the story line of Chaplin's proposed movie "and we are very interested — it's a wonderful story." He gave no clues to its content.

Chaplin was reminded that "Countess" took 30 years from the inception of the original idea to getting it on film.

WOULD BE 107

"Well, I won't take so long next time," he replied. "After all, I haven't got time to waste now. If I spent another 30 years on this idea, I'd be 107 before I got it finished."

He chuckled. "As my dear brother Sydney used to say, I can count the years left to me on the fingers of one hand."

Chaplin was in a gay mood. "It's a relief to have completed the shooting," he said.

German-born John Jacob Astor arrived in Baltimore from England in 1784 at the age of 16. He moved to New York to launch his famous business career.

AP Photo

BEATS COMPETITION — Mrs. Olwyn Wadlow, 43, a British housewife and also an official of a company making electronic flight training equipment, sits in one of the company's flight training simulators at Ashurst, England. Mother of a 17-year-old son, Mrs. Wadlow recently landed a \$2.8-million contract for the equipment from the British government despite "tough American competition" as well as British competition.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

State Program Finding Child Abuse

LANSING (AP)—Untold thousands of Michigan children are being abandoned, abused, neglected, or cruelly beaten by their parents.

The incidents are not confined to ethnic or minority groups. Many occur in families with steady—if modest—income, unaffected by divorce or desertion, a pilot project by the State Department of Social Services shows.

The program, conducted in five counties, also indicates that unknown numbers of parents who beat their children regularly have not been found out, says Mrs. Barbara Cleveland of the department's Special Projects Division.

"In the 18 months that we've had a law on the books requiring doctors and others to report suspected cases of battered children, some 200 have been re-

ported throughout the 83 counties," she said.

"In four or six months our protective services program has uncovered 49 in just five counties," she added.

"It is estimated that the actual extent of child abuse far exceeds the reported figure," a department report to the Legislature said.

In the first six months (four in one county) 406 cases of child neglect, abuse or exploitation were referred for services, involving a total of 1,477 children—and they dispelled some of the old oversimplifications of this entire problem," Mrs. Cleveland said.

"There's no real racial pattern. Over 50 per cent of the families were identified as Caucasian," she added. Statistics showed that 23 per cent of the cases were identified as Negro, and 26 per cent were unlisted.

FAMILIES INTACT

More than half the families were intact, the reports showed; in 23 per cent of the cases the mother was the only head of the household. In an equal number,

the father only was present; in the rest, someone else had charge of the children.

Ages of the parents ranged evenly from 25 to 50, and the ages and sex of the children showed no significant pattern.

But in 55 per cent of the homes, the breadwinner was an unskilled worker. In only 15 per cent was the head of the household unemployed.

DIFFERENT MATTER

The battered child, however, is an entirely different matter, she said, adding:

"While the neglected or physically or emotionally deprived child is more likely to come from a lower-income (and generally poorly educated) family, the abused child, according to statistics, is more apt to be from an average, or even above-average home."

"Abuse usually does not result from economics or ignorance but from an emotional disorganization on the part of one or both of the parents," she added.

ized with cuts, bruises and attempted strangulation. The department report said:

"The child had been thrown against walls and kicked. Signs of previous injury were evident."

ECONOMIC LEVEL

"This family was of higher than average economic level." An immediate investigation showed that one of the parents needed psychiatric help. Through intensive casework and cooperation with the local minister, the help was received and the child soon was returned home safely.

Under a special \$95,000 grant from the Legislature, the department conducted experimental programs in protective services for children in Genesee, Washtenaw, Wexford, Muskegon and Calhoun counties.

The program worked out so well that it advanced from the experimental to the operational stage as of May 1, although the first programs did not start un-

til last Sept. 1, and the Calhoun project did not get under way until Nov. 1.

PILOT PROJECT

"But, as some of our people said last year: 'who needs a pilot project? A pilot is intended to determine whether a need exists, and we know it exists,'" said department Director Bernard Huston.

The social welfare appropriation bill, now halfway through the Legislature, would raise the allocation for the program to \$500,000 and permit expansion of the program statewide as soon as the professionally qualified personnel can be found.

The program is sure to expand. The rate of referrals was increasing steadily at the time the county programs filed their reports with the state, Mrs. Cleveland said.

The service is "preventive and nonpunitive," according to the department's official description.

Guatemala Exile Group in Cuba Vows Reprisals

MIAMI, Fla. (AP)—Guatemalan rebels today threatened, from the sanctuary of exile in Cuba, to execute those guilty of political crimes in their homeland since 1954, when a Communist regime was thrown out.

The Guatemalan army and Labor party exile group was quoted by Havana Radio in a Miami-monitored broadcast. The group also stated an intention to put on trial all police and military men serving the present Guatemalan government.

They said that the recent kidnapping of two officials in Guatemala as hostages for 28 missing rebels "is not merely a spectacular, isolated stunt but an important action in the intensification of the Guatemalan revolution."

Africa's Ivory Coast Is Example of 'Neocolonialism' at Its Best

ABIDJAN, Ivory Coast (AP)—By the floodlit swimming pool of Abidjan's Ivory Hotel, elegantly dressed European couples were dancing the latest fashions.

White-coated waiters were serving smoked salmon flown in from Norway. T-bone steaks and French vintage wines.

"If the word 'neocolonialism' means anything, then this is it," said the Western ambassador, pointing at the dinner-dance crowd. "You'll find no better example anywhere in the world."

In the Ivory Coast, a stable nation of four million inhabitants between Liberia and Ghana, the end of French colonial rule has meant, if anything, an increase in French influence.

The plush residential sections of Abidjan are grouting Hollywood-style villas set in carefully tended gardens. Skyscraper of-

rice blocks are going up. Fashion stores sell Paris models above Paris prices. The streets are jammed with Italian sports cars and American and German limousines.

The nation's private enterprise economy is booming. More than 40,000 Europeans, mostly French, control commerce and industry, enjoying a standard of living at above the average in France. There are no "poor whites" in the Ivory Coast.

French advisers hold key positions in many government departments and in the armed forces. French technicians are everywhere. The U.S. Peace Corps and similar organizations from Britain, France, West Germany and Israel are helping to run social services.

The number of foreign residents has more than doubled in the six years since independence.

Ocean Basins May Become Continents

By Science Service

WASHINGTON—Some of the world's small ocean basins, such as the Gulf of Mexico, the Bering Sea, the Sea of Okhotsk and the western Mediterranean Sea, may eventually become so filled up with sediment that they become continents.

These basins have only small areas, but they contain nearly as much sediment as the enormous basins of the world and a far greater volume of sediment than the deepest trenches, said H. W. Menard, Office of Science and Technology, Executive Office of the President, in Washington, D. C., in the annual meeting of the American Geophysical Union.

Thick layers of sediment and sedimentary rock accumulate on the oceanic crustal bottom to depths of over six miles. If sedimentation continues, these basins will fill up and eventually become part of the continents, he said.

Sensitive research instruments on ships show that as the sediment increases in these small basins, the water depth decreases without any change in the thickness of the base oceanic layer underneath.

Western Execs on Tour

DETROIT (AP)—Gov. Daniel J. Evans of Washington and 80 of that state's civic and business leaders plan to visit Detroit next week during their Midwestern trade and promotion tour.

Sure, it's Springtime and the "mower fever" is upon us. There are deals to be made. And we have as good as you'll find anywhere. PLUS, we have the new YARD-MAN line of mowers . . . Reels, Rotary Mowers and Lawn Tractors. None better. And we prove it! Which is why we want you to drop by and see them BEFORE you decide. Find out why YARD-MAN has helped build the trend to reel mowers . . . the only mower for fine lawns.

De Gaulle Wants Britain to Loosen Ties With U.S.

LONDON (UPI) — President Charles de Gaulle apparently wants Britain to loosen its ties with the United States as the price for lifting France's veto on British entry into the European Common Market.

Qualified diplomatic informants have reluctantly come to the conclusion that the general has not fundamentally changed his policy on this score, and will not do so in the foreseeable future.

De Gaulle, according to information from recent diplomatic soundings, apparently holds that Britain must rid itself of its close ties with Washington before it is "ripe" to be received into the Common Market.

Economic considerations seem to be secondary in the general's approach to the terms for British alignment with the European community.

The Labor government of Prime Minister Harold Wilson has changed its policy in recent weeks by putting on record publicly that it is now willing in principle to enter the Common Market.

It is no longer a question for Britain whether to join, but on what terms.

Wilson has been sending his minister for Europe, George Thompson, on a fact-finding tour of European capitals to sound out the chances of admission to the Common Market on terms that take into account British agricultural problems and at least some of its commitments to the commonwealth countries.

There have been encouraging reactions from Germany, Italy and the Benelux countries.

But France, after some cryptic remarks a few weeks ago, has remained silent.

The optimists in London believe the general will relent.

The pessimists—or, as some say, the realists—fear that de Gaulle will not budge.

BRITISH APPLICATION

Wilson has made it clear he must have some clear-cut advance commitment that a British application for membership in the Common Market will be favorably received, because Britain cannot afford another rebuff. De Gaulle vetoed Britain's application three years ago.

De Gaulle, who is pursuing a determined policy aimed at getting the United States of Europe, apparently still holds a Britain closely linked with the United States—as it is at present and intends to remain—has no place in the type of European alignment he envisions.

Wilson will meet with French

Premier Georges Pompidou in London early in July when Foreign Minister Maurice Couve de Murville—the man who cast France's veto against Britain in Brussels three years ago—will also be present.

Unless they give a clear indication whether or not France will lift the veto, Britain will put off her application for membership in the Common Market indefinitely.

Cocktail cues:
Use **Holland House Cocktail Mix**

Measure carefully so drinks are uniform.

Never buy a mix unless it makes a great drink. With Holland House, you're likely to get the best you've ever tasted. You use your favorite liquor, as much or as little as you like. Ever tried them? You should. Nine varieties.

Couple Sets Up Dude Ranch in France

LE MUY, France (NEA) — Something akin to an American dude ranch is operating in southern France, with every year proving that the lure of the Far West is steadily gaining favor.

It was eight years ago that enterprising 35-year-old Roland Blaise, along with his wife, Monique, hit upon the idea of setting up a combination riding club-cum-hostel with a special appeal to all lovers of horses.

In this intensely motorized era, the "Horstel Provence" provides aficionados with the means of getting away from the traffic of the highways and appreciating the pleasures of horseback riding.

Monique and Roland Blaise, both accomplished riders, decided that city life was not for them when their son was born.

They dreamed up the formula of the Horstel and started it from scratch, building their establishment on the foundations of a deserted, crumbling homestead just off the National Highway about 30 miles from Cannes, the Riviera resort.

RANCH TYPE

Today it is a rambling collection of ranch-house-type buildings which include stabling for 35 horses, a saddle room, a bunkhouse for teen-agers and an attractive hotel and restaurant.

"We offer the surest means of getting away from it all," says Blaise. "Just back of us is a forest which rambles over 15,000 acres, where there are no limits to the horizon and the nearest village is a good six hours riding distance away."

We have blazed a trail on many occasions and I still pack a machete when we go off on a three-day trek."

Equestrian tourism is growing steadily in this country, so much that the authorities of seven departments of southern France are establishing a road map for horsemen.

MAP OUT 2,000 MILES

They have mapped out 2,000 miles of tracks, some leading up into the distant Alps and climbing to 6,000 feet.

The Horstel Provence also boasts a riding school and provides saddle horses, besides ensuring the transport and

stabling of privately owned mounts.

For the coming year, Blaise has organized a monthly "outing" of from 3 to 16 days, averaging 30 to 40 miles per day. Only experienced riders, naturally, are accepted.

Members of the party either put up in an inn or camp out. A pack horse carries overnight bags or a small truck follows the horseman on longer trips.

KEPT ALL TRADITIONS

Blaise insisted that his establishment be from the start determined to keep all the traditions of conventional horsemanship. "I insist that even the youngsters wear proper kit—jodhpurs and a shirt and bucking coat, cap or straw hat in summer. Nobody is allowed to ride in shorts or bikinis."

Saddles supplied by the Horstel Provence are the English type of cavalry saddles. The horses are those best suited

to this type of riding—Spanish or Arab breeds called "Barbas." The latter are particularly rustic and accustomed to rocky or difficult terrain.

The Horstel's clientele is made up, for the greater part, of professional men and women who seek complete relaxation and change from the stress of city life. Vacation periods bring the youngsters but only experienced riders are taken out on the trails.

Two projects are being organized for 1966. In June a group will visit Denver where they will be shown the organization of an American dude ranch and join a pack train for 10 days.

In November the Horstel's riding club will journey to Spain and follow the migration of cattle with Spanish vaqueros from Castile to Extremadura. Blaise explained that it was quite feasible today to ride all the way from Paris to Madrid.

JOINS IN FESTIVITY — Gov. George Romney joined in the festivities of the Tulip Time Festival at Holland yesterday as one of the many street sweepers. The parade that followed opened the annual four-day festival. The "scrubbing" of the streets is a Tulip Time tradition.

And Feel the Cold

Foreigners See State Sights

ANN ARBOR (AP) — From dressed some 1,000 at a civic luncheon for the group.

He said his job as governor has been to try to halt a trend in which he said "government by consent is shifting from the local level to the state level and to the national level."

In Allegan, the 650 pupils at Allegan High School lined up to greet the visitors outside the school, then broke into groups. One group surrounded and talked with each of the visitors.

Smiling, Chandrakleha Pandit Mehta of India said she was impressed by "the nice bright faces" of the teen-agers. Miss Mehta is a cousin of India's Prime Minister Indira Gandhi.

COMPANY TOUR
At Kalamazoo, buses transported them to the Upjohn Co. where they met E. Gifford Upjohn, chairman of the pharmaceuticals firm, and toured a company building. Kalamazoo Mayor Dr. Raymond Hightower spoke to the guests there.

Let Teen-Ager Know He's Member of Human Race

By HAL BOYLE
NEW YORK (AP) — How long has it been since you've taken a teen-ager to lunch? Why not do so today — just as a gesture of peace and to let him know you recognize him as a member of the human race?

Surely there is a teen-ager in your neighborhood who doesn't carry a switchblade knife, gulp goodballs, or go around beating up old people and snatching purses.

critics and professional woecriers.
After all, being a teen-ager isn't a felony in itself. The attitude of most adults toward teen-agers is pretty much that of Gelett Burgess toward purple cows: He'd rather see than be one.
While there has always been acrimony between generations, no other generation in history has been subjected to quite such wholesale attacks as our youth of today.
Many teen-agers feel it is them against the world, for everywhere they turn they meet a fresh tirade.
What the average teen-ager needs is not so much a friend in court — because he isn't hauled into court — but a friend out of abuse from reformers, social

Adults smile tolerantly or sneer intolerantly at the problems of adolescence. But being an adolescent is a terrible ordeal, a lonely and private struggle of the reaching soul to swim for life in troubled waters.
Anyone in this predicament doesn't need "to have some sense kicked into him" as much as he needs to have a lifebelt tossed to him by someone who understands this precarious swim before.

typical one today really isn't so home than most men work in offices or factories.
He may watch television too much, talk on the telephone too long, be a bit brash in dealing with his elders, afflicted with acne, and subject to leg cramps if he has to walk more than three blocks.
They are more than balanced by virtues. The teen-ager is a laxyboned shirker. He is being stuffed with ever-expanding knowledge as if he were a Starz-bouring goose, and spends more hours studying at school and at

He is a soft-muscled coward either. He is carrying the brunt of a jungle and air war in faroff Viet Nam, a war as tough as American men have ever fought anywhere. These young soldier idealists — and most of them are idealistic about their mission — should be our nation's major pride.
The truth is that the American teen-ager, on the whole, is as good as any that time has ever produced.

'Unidentified Object' Was Built by Neighbor
IRON RIVER, Wis. — A pair of 10-year-old boys told police yesterday they saw an unidentified flying object parked in a yard. They said it was six feet high, surrounded by three rings and resting on springs.
An investigation revealed the boys' neighbor had placed the object in his yard. It was an artificial fountain he had made for a high school from the night before.
One of the best preserved of the Roman amphitheaters is Verona's first-century Arena which is still in use.

New York Selects Russell Over Dave Bing Pro Cagers Pick Wolverine Star No. 1

THINKING OF NEW YORK? — Michigan's All-America basketball Cazzie Russell is in his Ann Arbor campus quarters but he may be thinking about life in New York City. That's where he'll play if he joins the National Basketball Association since he was the No. 1 pick of the New York Knickerbockers yesterday in the pros' 1966 college draft.

AP Photo/Tele

joins the National Basketball Association since he was the No. 1 pick of the New York Knickerbockers yesterday in the pros' 1966 college draft.

NEW YORK (AP) — Cazzie Russell of Michigan comes out of Wednesday's National Basketball Association draft as the No. 1 college player in the country — to the surprise of nobody.

The New York Knickerbockers, who had won first pick on the flip of a coin with the Detroit Pistons, really never hesitated in picking Russell.

"We felt this was the guy all along," said general manager Eddie Donovan of the Knicks. "After we won the toss we knew this was the man we wanted. He has a strong body and great basketball knowledge."

"We expect to try him at guard although he has the ability to be a forward, too. His forte is not shooting. He's just a well-rounded player."

"I spent a couple of hours

with him at Ann Arbor about a week ago and I have a feeling he will play with us. I was very impressed by him as an individual."

TO MAKE DECISION

Russell, who says he also has an offer from the Harlem Globetrotters, said he would make a decision next week.

The Pistons also wanted Russell but settled for Dave Bing of Syracuse as the No. 2 pick among the 79 players selected by the 10 clubs.

The pros naturally put the emphasis on size. Russell is 6-foot-5½ and 218 pounds. Bing is 6-3 and 185.

Clyde Lee of Vanderbilt, 6-3, 220, already has made plans to play with a company team in Milan, Italy. However, after he was picked by San Francisco in the first round, he said he would talk about pro ball in the near future.

Matt Guokas of St. Joseph's in Philadelphia had said he planned to play college ball another year but he might change his mind, too, after being taken in the first round by Philadelphia.

Bill Russell, new coach of the Boston Celtics, made his first appearance in the job as he and general manager Red Auerbach, the retiring coach, picked Jim Barnett of Oregon, 6-4, 180, as their first-round draftee.

LAKERS NO. 1

Jerry Chambers, who led Utah to the Far West regional title in the NCAA competition, said he was shocked to learn the Los Angeles Lakers made him their No. 1 pick. "I'm happy but I thought Cincinnati or St. Louis would take me first," he said.

"But it's great. I used to

play against Elgin Baylor back home in Washington, D.C."

Walt Wenley, 6-11, 235, was the biggest man taken in the first round. The big boy from Kansas went to the Cincinnati Royals. Dave Schellhase of Purdue, the nation's top college scorer, lasted only Chicago got the 10th and last pick in the first round.

Other first round picks were Lou Hudson of Minnesota, by Louisville, and Jack Marin of Duke, by Baltimore. Hudson is a topflight scorer who suffered a broken hand in early season and played only 17 games.

Bengals Trim Lefty Reliefer

CLEVELAND (AP) — The reason was obvious today for Detroit's surprise acquisition of left-handed pitcher Johnny Podres.

The talents of Mickey Lolich (4-1) and Hank Aguirre (6-1).

Podres, 33, who 11 years ago was a hero when he pitched two victories in the 1955 World Series for Brooklyn, was obtained from the Dodgers Monday.

Hillier, 23, was brought up from Montgomery last September. Hillier, 23, was brought up from Montgomery last September.

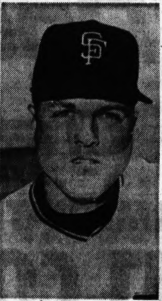

Sullivan, 25, was released to Syracuse. He had not played in a game this season, after playing in 34 last season. The cuts trimmed the Detroit roster to 25.

The Tigers, rained out of a game with Cleveland Wednesday night, planned to face the Indians tonight.

TRY AGAIN. Prospective fans, who were looking for a pitching battle Wednesday night between Denny McLain (4-1) and southpaw Sam McDowell, Cleveland's streakiest knuck, won't be disappointed.

The teams have discarded either Joe Spurna or Bill Monbouquette and Sonny Seidman from their earlier rotations for tonight's game.

McLain and McDowell (4-0) were put on tap.

AP Photo/Tele

JOINS YANKEES — Veteran shortstop Dick Schofield (above) was sold by the San Francisco Giants to the New York Yankees for \$25,000 yesterday. The 31-year-old infielder went to the Giants last May in a deal with the Pittsburgh Pirates.

Dick Schofield Becomes Yankee in Money Deal

NEW YORK (AP) — Dick Schofield, veteran shortstop, was purchased by the New York Yankees Wednesday from the San Francisco Giants for an estimated \$25,000.

Schofield, 31, went to the Giants May 22, 1965 in a deal with the Pittsburgh Pirates. With Ruben Amaro out of action due to knee surgery, the Yanks have had no insurance at shortstop behind Clete Boyer, who moved over from third base to take care of the job. Schofield also was wanted for pinch-hitting duty.

Pontiac Driver in Two Races

Veteran race car driver Joy Fair of Pontiac will be in both the new car and late model division competition at Flat Rock Speedway Saturday night. Fair finished third last Saturday in the 100-lap new car race at Flat Rock.

Most of the top point winners last summer at the speedway will be making their first appearance of the season this weekend there. However, defending Figure 8 champion Dick Simmons of Plymouth probably won't appear for awhile due to a back injury. Trials will begin at 7:30 p.m., and the first event will start at 8:30 p.m. Admission is \$2 for adults, 50 cents for children 6-12, and no charge for those younger than 6. Parking is free.

Weatherman Winning Early Season Games
Here are the cold facts about how the weather is affecting the major league baseball schedule: In the first 31 days of the season through Wednesday, 41 games have been postponed, 23 in the American League and 18 in the National. In the first 31 days last year, only 21 games were weathered out.

Pistons Nab 'Best Available'

Detroit Takes Syracuse Ace in NBA Draft

DETROIT (AP) — Coach Dave DeBusschre says the Detroit Pistons "got the best player in the country available to us" in acquiring draft rights by Dave Bing of Syracuse. The 6-foot-3 guard who averaged 28.4 points last season is "a very fine very exciting ball player," DeBusschre said. Bing was Detroit's first of eight draft choices Wednesday.

Bing—actually second choice because Detroit wanted All America Cazzie Russell, who was picked by New York—led Syracuse in rebounding and assists.

LAUDED BY SCOUT He is regarded as "a great guard" by Dennis Butcher Pistons scout. Team owner Fred Zollner rates Bing as "a take-a-charge guard and a big man."

"He's told us he'd like to live in Detroit," Zollner added. "He's married and has no draft problem."

Second choice of the Pistons was Dorrie Murray 6-foot-8 center from the University of Detroit.

Third was Oliver Darden 6-foot-7 forward who was one of the backbones of the University of Michigan team which Russell led to the Big Ten championship.

Detroit also chose Jeff Congden of Brigham Young, William Pickens of Georgia, Carroll Hosmer of Southern Methodist, Ted Manning of North Carolina College and George McNeil of Southern Illinois.

DeBusschre said Murray "was the best rebounder in the country this year. We need a second big man and Dorrie can do it."

The coach regards Darden as "a solid player. He's a natural forward and doesn't have to change positions."

Two Michigan State players were drafted. Stan Washington a forward, was nabbed in the fifth round of the draft in New York by Los Angeles. Stan Curtis, also a forward, was taken by Chicago in the seventh round.

The Chicago Bulls also took Gene Summers, high-scoring forward from Northern Michigan in the eighth round.

Texas Gals Duel for Golfing Honors
DALLAS (AP) — Mickey Wright has little left to achieve in the world of golf except additional financial security.

Mickey, 31, and in her 12th year as a golf professional, dominated the women's tour for four years before sitting out most of the 1965 season to pursue a college education.

Kathy Whitworth, 28, stepped in to replace the absent Miss Wright and the two Texas gals are battling for top honors this year.

They bring their rivalry to the \$15,000 Dallas Civitan Open starting today over the 6,178-yard Glen Lakes Country Club.

SPORTS

2 Louisiana Bowlers Grab Classic Lead

ROCHESTER, N.Y. (AP) — Bill Johnson of New Orleans fired a 722 series Wednesday to propel himself into first place in classic doubles and all events at the American Bowling Congress Tournament.

Bobby Mahler shot only 569, but Johnson's 248-238-236 performance was enough to give the Louisiana pair a 1,291 total and the lead in the professional two-man standings.

In addition to his doubles score, Johnson also had 639 in the team events and 437 in the singles to boost his total for nine games to 1,998, for first place in classic all events.

The 28-year-old brewery

worker, once a full-time bowling pro, bowled only 45 league games in this past season. This was his best performance in four ABC tournaments.

A few hours after Johnson took the lead, he was challenged by Bill Beach of Sharon, Pa. Beach authored the highest triplicate in ABC history Tuesday night in the team event, 246-246-738. He came back Wednesday with 679 in the doubles and 578 in the singles for a 1,955 total, just three pins short of Johnson.

Beach and Larry Oaker of Cleveland surrendered the women title they won last year with 1,355. The defending champions totaled 1,244. Al Davis of Milwaukee fired a 731 series to claim second place in classic singles.

Sports Calendar

NEW YORK (AP) — The players selected in Wednesday's draft by the National Basketball Association:

DETROIT: 1. Dave Bing, Syracuse; 2. Dorrie Murray, Detroit; 3. Oliver Darden, Michigan; 4. Jeff Congden, Brigham Young; 5. William Pickens, Georgia; 6. Carroll Hosmer, Southern Methodist; 7. Ted Manning, North Carolina College; 8. George McNeil, Southern Illinois.

NEW YORK: 1. Cazzie Russell, Michigan; 2. Henry Alkin, Northern State; 3. Steve Johnson, Murray State; 4. Lee DeFord, Arizona; 5. Jackie Jackson, Cleveland; 6. George Fisher, Utah; 7. Mike Dabich, Arizona; 8. Mike Sullivan, Army.

CHICAGO: 1. Gene Summers, Northern Michigan; 2. Stan Washington, Michigan State; 3. Stan Curtis, Michigan State; 4. Mike Dabich, Arizona; 5. Mike Sullivan, Army.

LOS ANGELES: 1. Jerry Chambers, Utah; 2. Jeff Congden, Brigham Young; 3. Ted Manning, North Carolina College; 4. George McNeil, Southern Illinois; 5. John James, Los Angeles State; 6. Paul F. Langford, Los Angeles State; 7. Paul F. Langford, Los Angeles State; 8. Paul F. Langford, Los Angeles State.

ST. LOUIS: 1. Jerry Chambers, Utah; 2. Jeff Congden, Brigham Young; 3. Ted Manning, North Carolina College; 4. George McNeil, Southern Illinois; 5. John James, Los Angeles State; 6. Paul F. Langford, Los Angeles State; 7. Paul F. Langford, Los Angeles State; 8. Paul F. Langford, Los Angeles State.

ST. LOUIS: 1. Jerry Chambers, Utah; 2. Jeff Congden, Brigham Young; 3. Ted Manning, North Carolina College; 4. George McNeil, Southern Illinois; 5. John James, Los Angeles State; 6. Paul F. Langford, Los Angeles State; 7. Paul F. Langford, Los Angeles State; 8. Paul F. Langford, Los Angeles State.

LOS ANGELES: 1. Jerry Chambers, Utah; 2. Jeff Congden, Brigham Young; 3. Ted Manning, North Carolina College; 4. George McNeil, Southern Illinois; 5. John James, Los Angeles State; 6. Paul F. Mrs. Evans Adds Luck to Skill in WDGA Win

You need a little more than just skill to win at the old golf game. A little luck helps.

Mrs. Max Evans of Southfield combined skill and luck in capturing the Women's Metropolitan Golf Association trophy yesterday at Morey's Golf & Country Club in Union Lake.

Mrs. Evans fired a 41-43-94 to lead the field of 80 on a cold, windy and rainy day, but it was her performance on one of the course's shortest holes that had the ladies talking.

She stepped onto the No. 7

tee of the 165-yard, par-3 hole, hit her worst shot of the day but emerged with her best score of the day.

Three strokes back of Mrs. Evans was Mrs. Edna Cova of Novi with a 43-43-86.

Mrs. David Mortimer of Birmingham carded a 43-45-88 and Mrs. Nick Panasiuk of Elmwood, turned in a 44-46-90 to finish fourth.

Mrs. Max Evans, Southfield, carded 41-43-94. Mrs. Edna Cova, Novi, carded 43-43-86. Mrs. David Mortimer, Birmingham, carded 43-45-88. Mrs. Nick Panasiuk, Elmwood, carded 44-46-90.

SECOND FLIGHT — Mrs. John Reister, Southfield, carded 44-46-90. Mrs. Harold W. Reister, Southfield, carded 44-46-90. Mrs. Harold W. Reister, Southfield, carded 44-46-90.

THIRD FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

FOURTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

FIFTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

SIXTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

SEVENTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

EIGHTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

NINTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

TENTH FLIGHT — Mrs. D. A. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91. Mrs. William W. Gant, Farmdale, carded 45-47-91.

Larry Brown Now Has Private Room

NEW YORK (AP) — Cleveland shortstop Larry Brown, who suffered a broken skull and other fractures in a collision with a teammate at Yankee Stadium May 4, was transferred from the intensive care unit to a private room Wednesday.

He was permitted for the first time to meet visitors outside his immediate family and the club. Lenox Hill Hospital said he was continuing to improve.

It was announced also that Brown would be returned to Cleveland by airplane Saturday for further treatment at Shaker Medical Center there.

Ex-Milford Ace Stars

MOUNT PLEASANT (AP) — Ferris State swept a doubleheader, 14-0 and 5-0, from Alma Wednesday with strong batting help from its pitching staff.

Ferris hurler Edward Sparkman of Milford got two hits and drove in two runs in the first game and shut out Alma 14-0.

Bad Weather, Poor Playing I-L Fans Remain Home

By The Associated Press
There's nothing like the combination of losing baseball and cold weather to keep all but the hardest fan away from the ball park.

Such was the case Wednesday night in the International League, where the four second division clubs played at home in near-freezing temperatures. The result Jacksonville won 7-3, and a was a total turnout of 1,433 persons.

Wings edge the Richmond only at Buffalo, however, Braves 4-3.

Nicklaus Fires 67 in Tuneup Down South

Nicklaus' 32-35-67 over the Lakewood Country Club course—which plays at 7,000 yards—sparked his team to a tie in the pro-am event, although young George Archer's 65 was the low individual score. Nicklaus' team tied with a group lead by Bob Goalby for a best-ball of 57.

JUST LOAFED
Nicklaus said he went 16 days after the Tournament of Champions, which was held a month ago, without touching a club. "I just sat and loafed . . . visited with the family."

The 26-year-old Masters Champion has played in only six of the 17 tournaments on the pro circuit this year, but is fourth in official earnings with \$37,353. Nicklaus saw a lot of sand during his pro-am round.^c He was in five bunkers. He started out hot, canning-birdie putts on four of the first five holes.

Former Kettering Star Shining With Hillsdale

Former Kettering High track and football star Earl Hook is carving a niche for himself at Hillsdale College.

At the Beloit (Wis.) Relays recently, the 5-10 Hook won the high jump with a leap of six feet, five inches.

A sophomore, he is undefeated this year in the high jump and he owns the Hillsdale College record of 6-6 1/4.

Young Jockey Sets Fast Pace

Larry Snyder, a boyish-looking rider from Columbus, Ohio, is the hottest jockey at the Hazel Park Race Track in the early days of the current 14-week meeting which ends July 30.

"I've been getting good stock," Snyder relates.

"That's the most important thing. Nobody is going to win if he hasn't got enough horse under him. And you need racing luck, too."

Last year, in his first season at Hazel Park, Snyder accounted for 70 winners. Only a handful of riders have ever done better at the suburban Detroit track. Larry has improved upon that effort this year with 19 winners in the first 12 days. If he can sustain anything near that pace, he will break a new high in total victories here for a meet.

Two Head for Minors

Snyder has been getting the horses. He has gotten the calf most of the time from the powerful M. H. Van Berg stable. This helps, for Van Berg is perennially the winningest owner at Hazel Park.

★ ★ ★

Snyder, who will be 24 years old June 29, began riding ponies when he was 14.

To what does he attribute his success?

★ ★ ★
Ridzik was sent down on a 24-hour recall basis, while Boozer was released outright.

Hazel Park's weekday parade starts at 3:20 p.m. On Saturdays and holidays the parade begins at 2:10 p.m.

Jumper Looking West

Vernon sailed 51 feet 7 inches two weeks ago at the Drake Relays, including Southern California's Art Walker who holds the world indoor record of 54 feet, Sacramento State's Henry Lwson and Darrell Horn, a graduate of Oregon State.

On PGA Circuit

Still 'Still Unknown'

NEW ORLEANS, La. (AP) — Ken Still is just a face in the crowd on the PGA circuit. Chances are he will still be one of the unknowns when the \$100,000 Greater New Orleans Open Golf Tourney ends but the slim swinger thinks he's ready to break into the championship ranks.

Still joined such golfing notables as Jack Nicklaus, Arnold Palmer, Doug Sanders, Billy Casper, the Hebert brothers, Jay and Lionel, defending champ Dick Mayer and 137 others on the Lakewood Country Club course today for the first 18 holes of the 72-hole event.

The 6-foot, 160-pounder may be right in analyzing his chances. Already in 1966 he has won \$12,587 on the tour — more than his official earnings for all of 1965.

Grid Aide Switching

HARTFORD, Conn. (AP) — Terrance Hart, a native of Hershey, Pa., now an assistant line coach at Colorado State University, was named assistant football coach at Trinity College Wednesday.

On Baseball Field

Friendly Relations Strained

By the Associated Press

The line between Canada and the United States, the world's longest undefended national border, may have become temporarily less peaceful — in the baseball world, at least.

The minor international incident was caused by a Spanish speaking player in a Pacific Coast League game at Vancouver Wednesday night. Seattle catcher Mer-

ritt Ranew was sent to a hospital with a severe scalp wound and a slight concussion.

Ranew was clouted over the head with a bat by Vancouver outfielder Santiago Rosario during the fourth-inning fracas that emptied both dugouts.

Despite the melee, Seattle's Jim Coates continued to pitch hitless ball until the last of the ninth with two out and

two strikes on John Donaldson. Then Donaldson singled and Ramon Webster homered.

But Coates got the next man out, and Seattle won the game 3-2.

In other Western Division action, Hawaii climbed back to within four percentage points behind pace-setting Hawaii Islanders by beating the Islanders 6-3, and Portland edged Spokane 4-3.

SHOT PUT SURPRISE—Overlooked last year because of Randy Matson's prominence in the shot put, Oregon junior Neal Steinhauer owns the world's best mark this year

of 66 feet, 10 inches, and he'll meet Matson in the Coliseum Relays in Los Angeles tomorrow night. Steinhauer, 6-5 and 260, is also a top discus prospect.

Big 10 Track Meet to Be Star-Studded

CHICAGO, Ill. — If a star-studded cast of champions is the key to creating a major athletic showcase, the Big Ten's 68th outdoor track and field championships at Indiana, May 20-21, will be a most glittering event.

More than half of the 70 individual champions crowned in the last, three indoor and two

outdoor Conference meets will compete in Bloomington. This period covers the careers of the current crop of seniors.

Some 24 individuals from eight schools have won 36 titles in this period. Nine new titlists from seven schools were crowned at the indoor meet last March in East Lansing.

Michigan State, winner of the 1965 outdoor title and 1966 indoor crown, leads the pack with six of its athletes winning 14 of those titles.

The champion among champions is Michigan State's Jim Garrett. In three seasons he's won five individual titles and finished second twice. Garrett has won the indoor broad jump championship three times.

Here's the representation:

	Indo.	Outdo.	Total
Michigan State	4	14	18
Wisconsin	1	1	2
Madison	1	1	2
Iowa	1	1	2
Nebraska	1	1	2
Minnesota	1	1	2

Homers Help Astro Cause

NEW YORK (AP) — Rusty Staub and Jim Wynn wallowed home runs, helping the Houston Astros down the New York Mets 6-4 Wednesday night.

Wynn's three-run shot in the fifth inning against Met starter Tug McGraw erased a 3-2 New York lead and put Houston on top to stay.

Staub hit a two-run homer in the third, giving the Astros a 2-1 lead. But New York rallied and knocked out Astro starter Robin Roberts with three hits and a sacrifice fly producing two runs.

Marine Boxer in Finals

TRIESTE, Italy (AP) — Art Riden of Wilmington, Del., a U.S. Marine, reached the final of the light-heavyweight class in the International Military Boxing Championships by knocking out Michael Metzger of West Germany in the first round Wednesday night.

Cards Unveil New Stadium

ST. LOUIS (UPI) — Slugger Orlando Cepeda, and the rest of the St. Louis Cardinals, 49,275 fans and Atlanta's Henry Aaron invaded plush \$25-million Busch Memorial Stadium tonight, for an inaugural game.

The automatic infield ground covering machine on the spanking new playing field gave the groundskeeper trouble on the eve of the big opener.

Intermittent showers fell Wednesday, and groundskeepers couldn't get the machine to work.

Cepeda, who played his first game in a St. Louis uniform Tuesday, belted a home run, a single, and drove in another run with a long sacrifice fly against the Cubs in Chicago.

A's Purchase Outfielder

ST. PAUL — MINNEAPOLIS (AP) — The Minnesota Twins trimmed their major league roster to 25 players Wednesday by selling outfielder Joe Niekirk to the Kansas City Athletics for the \$20,000 waiver price and optioning outfielder Ted Uhlenhuth and second baseman Chuck Schilling to Denver.

Threatens Shot Mark

'Skinny Kid' Grows Up

EUGENE, Ore. (AP) — Five years ago somebody asked skinny Neal Steinhauer to be the shotputter in a high school intramural meet. At 6-foot-2 and 150 pounds, he was no threat to world records.

But now he is. In fact, it would not surprise University of Oregon followers if he whipped world record-holder Randy Matson Friday night in the Coliseum Relays in Los Angeles.

Steinhauer's 65-10 is a fraction of an inch better than Matson's best this year. Both came up with their top efforts of the season last weekend.

"Last year," said Steinhauer, "I went to the Coliseum Relays just to throw. This year, I'm going to compete."

"I think I've really got a chance," he added. "Of course, I may be all Matson needs to get him going. You can't really tell. One of us may go wild, but I think a matter of inches will decide it."

Monopolizing the headlines in his surge to the world record of 70-7, Matson beat the obscure Steinhauer twice — at Modesto in 1964, and in the Coliseum Relays last year.

But that was before Steinhauer really started rolling — and before Matson had leg trouble, went out for basketball at Texas A&M and tapered off in the shot.

Steinhauer's 65-10 is a fraction of an inch better than Matson's best this year. Both came up with their top efforts of the season last weekend.

"Last year," said Steinhauer, "I went to the Coliseum Relays just to throw. This year, I'm going to compete."

"I think I've really got a chance," he added. "Of course, I may be all Matson needs to get him going. You can't really tell. One of us may go wild, but I think a matter of inches will decide it."

Bowlers After Tourney Berths

Qualifying is under way at all Bowling Proprietors of Oakland County member establishments for their annual Champion of Champions Tournament.

A \$1,000 guaranteed first-place prize plus trophies will go to the survivor of the tournament, which is open to all sanctioned 3, 4 or 5-member teams who finished one-two-three in leagues at association houses.

The finals will be June 4-5 at Fairgrounds Bowling in Milford.

The top 10 per cent of the qualifiers in each establishment will compete in the finals. All teams will compete as a five-member unit in the handicap tourney.

Those who normally are four- or three-man squads may fill their rosters from within the leagues in which they bowled. Both men and women are eligible.

THUNDERBOLT

MERCURY announces the first major breakthrough in outboard ignition in 50 years...

NOW—Spark plugs last seasons, not hours!

NOW—Pre-ignition, even with highly leaded fuel, is unheard-of and unheard of!

NOW—Engine efficiency and reliability are dramatically increased!

NOW—High-powered engines idle like fishing motors!

Thunderbolt's higher voltage spark just about eliminates low speed wet fouling or carbon fouling, while the very low operating temperature of the Polar-Gap plug ends fouling caused by lead deposits from automotive fuels.

And, Thunderbolt brings you a bonus of minimum interference with your radio and electronic equipment—only a single spark is produced.

The new Thunderbolt Ignition is exclusive on the new 1966 six-cylinder Mercs 1100SS and 950SS. It makes them the most advanced outboards ever manufactured, offering performance, dependability and economy never before experienced in any high-horsepower outboard.

See your Mercury dealer!

Clay Seeking Draft Change

WASHINGTON (AP) — The Washington Post reported today that heavyweight champion Cassius Clay has asked his local draft board to classify him as a conscientious objector but the case has been referred to the Kentucky State Appeal Board.

The newspaper quoted Col. Everett S. Stephenson, state director of the Selective Service System, as confirming by telephone from Frankfort, Ky., that Clay had filled out a form requesting the conscientious objector classification.

"I cannot tell you anything else except that no decision has been reached by the appeal board," the Post quoted Stephenson as saying. "This is not an appeal as a hardship case."

A FRIENDLY MATCH — Heavyweight champion Cassius Clay (right) and Jimmy Brown, Cleveland Browns' fullback, engage in a friendly bout in London's Hyde Park this morning where Clay was working out. Brown

is in England to take part in a new war film. Clay's regular sparring partner, Jimmy Ellis, watches in background. Clay is in England training for a bout with Henry Cooper.

AP Photos

Ford's Engine Under Wraps

CHARLOTTE, N.C. (AP) — The Ford Motor Co. put its top secret, new overhead camshaft, stock car racing engine back on the track today for more tests after keeping newsmen at a distance during the first run.

The new power plant, which racing sources say develops up to 600 horsepower, is at the basis of a controversy which prompted Ford to withdraw its cars from racing at least for the rest of this season.

FIRST APPROVED

The withdrawal came after the Auto Competition Committee of the U.S., of which the stock car sanctioning bodies are affiliates, first approved the single overhead cam engine for racing, but then put a 427-pound handicap on it.

Fred Lorenzen, one of Ford's top drivers, drove a Galaxie model equipped with the disputed motor around the high-banked, 1 1/4-mile Charlotte Motor Speedway Wednesday.

Ford officials kept the 25 newsmen covering the test and about a dozen stock car promoters at least 250 yards from the controversial engine.

The engine missed badly at high speeds and backfired during Wednesday's run. The spectators drivers said it appeared to be carburetor or ignition trouble.

The best lap clocked by track-side onlookers was just over 144 miles per hour.

Ford developed the engine to compete with Chrysler's hemi racing engine, which informed sources say develops 560 horsepower.

Bill France, president of the National Association for Stock Car Racing, sanctioning organization for racing in the South, was on hand for Wednesday's trials.

He said the weight handicap was placed on the new engine after Ford decided not to produce a version of the engine for public sale.

"This refusal to produce a street version means that Ford wants us to accept a strictly racing engine for stock cars, and we can't do that. We accepted Chrysler's hemi engine only after the company started selling its street version."

Despite Crutches, Braces

Youngster Keeps on Pitching

ST. PAUL, Minn. (AP) — Young Donny Warn pitches a mean fast ball.

In a vacant lot near his home, Donny drops his crutches, bends to the ground, falls to his knees and throws his fast ball.

Donny, 13, can't stand and pitch. Because of polio, he wears stiff metal braces and gets around on crutches.

But he does have wicked fast ball thrown from his knees.

Other players in Donny's vacant lot league don't baby Donny. Sisters Andrea and Joyce, brother Pow-Wow, and friends shout his encouragement, but chide him for a poor pitcher.

"C'mon Donny," yells batter Pow-Wow. "How about gettin' on to me?"

Donny, his knees still on the ground, cocks his right arm back and snaps it like a pitcher with both feet solidly on the ground.

Pow-Wow gets a hit, and it is Joyce's turn. She tags a solid

drive into the street, and Donny, a twist at the waist and follows the ball's flight silently.

Finally, Donny goes into the batter's box, crutches under his arms to prop him up, and takes a good cut at a ball thrown by Pow-Wow. He smacks it, clears his head, and follows it with his bat.

"I can hit it most of the time," Donny will say. "I hit pretty well, too. Someone does my running for me."

"I guess I bat all right, but I'd rather pitch."

When the youngster gets home right-handed Dennis Aust to his dad, Robert Warn, a truck driver, asks Donny how he did, recall Wednesday.

Cards Option Pitcher

ST. LOUIS (AP) — The St. Louis Cardinals optioned rookie right-hander Dennis Aust to his dad, Robert Warn, a truck driver, asks Donny how he did, recall Wednesday.

AP Photos

NO HANDICAP — Donny Warn, 13-year-old polio victim, doesn't let crutches and leg braces keep him from taking a vigorous cut at the ball in a neighborhood kids' game. His only concession is that he'll permit someone else to run for him. He's also a pitcher.

Vet Driver Reviving Indianapolis Roadster

INDIANAPOLIS, Ind. (AP) — Grim is driving the same Oldsmobile written for the Watson chassis in which he averaged 153.389 m.p.h. in last year's 500-mile race at the Indianapolis Memorial Day race last year in a front-engine Lotus-Ford. They may have been premature.

Veteran Bobby Grim of Indianapolis has had one of the old front-engine cars up to 154.1 m.p.h. this week in practice runs for Saturday's time trials at the Speedway.

The official Speedway record for this supposedly obsolete type of race car was 157.95 m.p.h. for a supercharged Novi V-8 engine and 155.467 for a non-supercharged Offenhauser 4. They were set last year by Bobby Unser and Gordon Johncock.

A supercharger compresses air going into the cylinders. Fuel vapor is injected into the dense mixture, further compressed by the cylinders before it is detonated.

There are a dozen blown engines among this year's 79 cars, but all except two power the supercharger with gears from the engine.

A turbo charger was used on the Cummins diesel engine with which Fred Agabashian won the pole position for the 1955 Indianapolis 500. It was clogged by rubber tire particles during the race and Agabashian had to retire.

The roadsters with conventional Offy 4 engines then began winning the race with monotony regularly until last year. Porter is using a 160-cubic-inch engine which develops between 220 and 250 horsepower without the blower. With the turbo-charger, it surges to 320.

Senators Sell Hurler

WASHINGTON (AP) — The Washington Senators sold pitcher Tom Cheney, who had attempted a comeback after a year and a half layoff, to the Seattle Mariners of the Pacific Coast League Wednesday to bring the team to the 25-player limit required by midnight.

UNITED TIRE SERVICE
3 Minutes From Downtown Pontiac

A MOMENT TO REMEMBER — Henry Aaron (center) of the Atlanta Braves receives the congratulations of teammate Joe Torre (15) after homering in the first inning last night. The blow also scored Gary Geiger (31) and was the 408th of Aaron's National

League career, putting him 10th on the all-time list of homer hitters. Aaron now has hit 11 this season following a three-run shot against Cincinnati in the fifth inning of the Braves' 8-1 win.

ATLANTA (AP) — Bobby Bragan's tongue and Henry Aaron's bat have snapped Atlanta out of a five-game losing streak, and the eruption couldn't have been more timely.

The Braves were acting like a team in bad trouble, with play-

ers grumbling publicly and privately and fans booing and speculating that Bragan's job as manager was in jeopardy.

Bragan quieted the players with a pair of lectures, and Aaron silenced the complaints from fans with a pair of home runs that powered the Braves to an 8-1 victory over Cincinnati Wednesday night.

"I'd say we was a needing that one, to put it mildly," Bragan said. "Henry really hit a couple of shots, didn't he?"

BOOSTS TOTAL

Aaron boosted his 1966 home run total to 11 — best in the majors — and drove in five runs with his blasts. His homers lifted his lifetime total to 409, 10th best on the all-time chart. He had shared 10th with Duke Snider.

"That's the best night I've had all year," said Aaron, who

is batting only .232 but has driven in 22 runs, second best in the National League.

The Braves came to life after Bragan chastised pitcher Denny Lemaster in public and then gave the entire squad the sharp edge of his tongue in a 20-minute, closed-door meeting just before the game.

Lemaster brought on the manager's ire by publicly criticizing the dugout; before a handful of cizing Bragan's Tuesday night sports writers. Although the decision to lift him for a pinch conversation was not overheard, hitting when the Braves were trailing the Reds 3-2 in the first, the two could be seen arguing fiercely before they shook hands.

Chevy Versus Mustang on Motor City Track

Texas Kelly Chadwick will pit his Chevy II fastback against the 1966 Mustang of Georgian Hubert Platt Saturday night at Motor City Dragway.

Both cars have 427 cubic inch power plants that take nitro-alcohol fuel. Trials will begin at 6 p.m. and the first race is set for 8 p.m.

Tribe Trims Rookie

CLEVELAND (AP) — The Cleveland Indians Wednesday optioned rookie first baseman Bill Davis to their Portland affiliate in the Pacific Coast League on 24-hour recall.

Perry Stops Pirates, 6-1

SF Giants' Streak Reaches 10

PITTSBURGH (AP) — Gaylord Perry pitched a six-hitter and Willie Mays hit his 514th career homer as the first place San Francisco Giants rolled to their tenth straight victory Wednesday night downing the Pittsburgh Pirates 6-1.

The victory was the fifth this season for Perry, who has yet to lose. He struck out seven and walked three. Mays' two-run homer in the ninth provided the final Giant runs.

Tom Haller's double off Pirate starter Don Schwall scored Len Gabrielson and Mays with two Giant runs in the first. Gabrielson had drawn a walk and reached second when third baseman Bob Bailey threw wide after taking Mays' ground ball.

The Giants picked up two more runs in the sixth off Pirate reliever Pete Mikkelsen. Haller doubled and scored on Jesus Alou's single. Alou, who took second on the throw home, then scored on Perry's single to right.

Perry forced home the only Pirate run in the fourth when he issued a bases-loaded walk to Donn Clendenon after Gene Alley and Willie Stargell had singled and Jim Pagliaroni had walked.

Dodger Hurler Blanks Phillies

PHILADELPHIA (AP) — Don Sutton of the Los Angeles Dodgers shut out Philadelphia 5-0 on six hits Wednesday night, collected three hits and batted in the only run he needed.

Sutton, showing near perfect control as he struck out eight and walked only one, gave himself a 1-0 lead when he singled in the third inning after a double by catcher John Roseboro.

The Dodgers then put it out of reach with a two-run sixth inning rally against Larry Jackson. Maury Wills drew a two-out walk, Lou Johnson followed with a single and both raced home on Ron Fairly's single against the right field wall.

Shoe on Three Winners

INGLEWOOD, Calif. (AP) — Jockey Willie Shoemaker rode three winners at the opening of Hollywood Park Wednesday including Attention III, \$4.60, the first horse saddled by retired jockey Johnny Longden in his new role of trainer.

Navy Honors Two Athletes

ANNAPOLIS, Md. (AP) — Bruce Bickel, Navy football quarterback, and Jim Lewis, lacrosse star, were named winners Wednesday of the Naval Academy's top athletic prizes.

Lewis of Uniondale, Long Island, N.Y., leading scorer on the lacrosse team and a three-letter winner in soccer, will receive the Naval Academy Athletic Association sword for personally excelling in athletics during his years of varsity competition.

Bickel of Fairmont, W.V., senior quarterback, will receive the Thompson Trophy, which goes to the midshipman "who has done the most during the current year for the promotion of athletics at the Naval Academy."

North Branch Captures Fourth Track Decision

North Branch remained unbeaten in four dual and triangular track meets this spring by topping Millington and Harbor Beach Wednesday.

Led by Don Hogan's victories in the long jump, the 100-yard dash and 100-yard low hurdles, North Branch totaled 74 points to 45 for Millington, and 73 for Harbor Beach. Hogan was also on the winning 880 relay team as the winners took seven first places. Millington's Bob Swackhammer won the 220-yard dash and the high jump.

(22) Communists and "Dwarfs"

by Don Oakley
and John LaneChiang Kai-shek
Takes overThe 'Long March'—
The Communists' Desperate Bid
for SurvivalNanking, 1937—
Japanese Troops Forge a
'Greater East Asia'

Can you not see that a country of 650 million people... cannot be subjugated?

—Chiang Kai-shek

Sun Yat-sen assured by Russia that it had no subversive intentions, agreed to a formal alliance in 1923.

Chinese Communists, who had founded their party in 1921, were ordered by the Kremlin to join the Kuomintang.

Sun sent his young chief-of-staff, Chiang Kai-shek, to Moscow to study the Red Army.

Sun died in 1925, his dream

of a renewed, reunited China unrealized.

In 1926, Chiang launched his successful Northern Expedition against the warlords. Then, alarmed at the growing influence of the Communists, he took the decisive step of his career.

In April 1927, his troops seized the Red stronghold of Shanghai, instituting a reign of terror. Chiang, now virtual dictator, purged the Reds from the party and the major cities.

Among the hard-pressed Communists, the voice of one man began to carry weight.

Contrary to Stalin's direction to work through the industrial proletariat, which did not exist in China, Mao Tse-tung began organizing the peasants in south China, redistributing the land and building bases for a guerrilla army.

Also in 1931, Japan began forging its "Greater East Asia Co-Prosperity Sphere" by invading Manchuria.

China could do little more than appeal to the ineffectual League of Nations.

LEAGUE OF NATIONS

But to Chiang, the Japanese were "a disease of the skin" who could wait; the real enemy was the Communists—a "disease of the heart"—whom he continued to smite.

In 1933, he launched a major campaign against Kiangsi. About 80,000 Red troops broke out to begin the 6,000-mile "Long March" to Yenan in the northwest. Only 20,000 of them finished it.

A real sense of nationalism was beginning to infect the Chinese.

CIVIL WAR

Increasing impatience at

Chiang's appeasement of the Japanese "dwarfs" and of his civil war against the Communists culminated in the "Stan Incident" in 1936.

Chiang was abducted by his own generals and released on his verbal promise to form a united front with the Communists.

The Nationalist-Communist alliance was short-lived, however.

When war with Japan came the next year, both sides fought each other as much as the invader.

Into this situation came the Americans with a war to win and billions to do it, and full of illusions about China, communism and peace.

NEXT: Fall of the Kuomintang

Army Truck Contract Awarded to State Firm

WARREN (AP)—A \$30 million Army contract to produce 3,000 trucks has been awarded the Lansing Division of White Motor Corp. The Army said the 3½-ton trucks will be used in the gov-

ernment's military aid program and in its military assistance sales program. The vehicles are to be delivered between next September and June 1967.

Mary Ann Evans was the real name of George Eliot, the writer. She married a Mr. Cross the year before she died.

HEW Official to Speak

DETROIT (AP)—David J. Sencer, assistant U.S. surgeon general, will discuss proposed reorganization of the Department of Health, Education and Welfare at a meeting of the Michigan Public Health Association in Detroit tonight.

Supported by Red China

Terrorists Busy in Cameroon

YAOUNDE, Cameroon (U)—Head-hunting guerrilla fighters are waging a campaign of terrorism against the moderate government of President Ahmadou Ahidjo in the mountains of Cameroon with support and encouragement from Red China.

Soldiers and civilians are killed in ambushes week after week, but the death toll is far below the little-known terrorist blood-bath which swept Cameroon in 1955-61.

Western diplomats say conservative estimates place the number of persons killed in that six-year period at 80,000 Africans and Europeans.

The California-size country was a German colony until World War I.

Later divided into French and British mandates, it became independent in 1960.

The terrorism was organized by the Communist Cameroon

People's Union, whose avowed aim was to destroy all Western influence and set up a "people's republic."

The campaign virtually collapsed after union leader Felix Moumie was slain in Geneva in 1961.

Machine-gun emplacements and barbed wire fences, a feature of Cameroon's cities until 1961, disappeared after Moumie's death and the nation gradually achieved stability under President Ahidjo's pro-Western leadership.

Only in one area of Cameroon's central highlands did the rebels refuse to lay down their arms.

IN THICK FORESTS

They were mostly members of the Bamileke Tribe, who live in a thickly forested area around

Nkongsamba, 100 miles north-west of Yaounde, the capital.

Almost one-fifth of Cameroon's 5 million inhabitants are Bamileke.

Many of them are hard-working, educated people, but the tribe also includes primitive groups.

Red China smuggled arms and funds to these groups and ex-President Kwame Nkrumah of Ghana organized guerrilla training for Bamileke "people's volunteers."

SIMILAR HELP

Similar help came from left-leaning President Alphonse Massamba-Débat of the Brazzaville Congo, which has a 300-mile common border with Cameroon in the south.

Cameroon officials fear the Brazzaville Congo may become the main rebel base following Nkrumah's overthrow.

no place to go except down. When South ran out to six no-trump I became very angry at myself but there was nothing I could do about it except suffer.

"When dummy showed up with the ace of diamonds I wished I had doubled six no-trump also but South proceeded to wrap his contract right around my neck.

"He discarded the ace of diamonds on a club at trick two and then led his queen of diamonds. I took my king and led the suit back, whereupon he proceeded to cash his last club and all his diamonds and to discard down to the blank ace-king of hearts and the king-nine of spades in dummy. I had to go down to five cards also and had to unguard one of the major suits.

"I blanked my heart honors, whereupon South cashed dummy's ace and king and eventually made his twelfth trick with a small heart in his hand. I know he played the hand beautifully. Does his play have a name?"

The play is known as a criss-cross squeeze and was very good. We sympathize with our correspondent but even more with his partner because it turns out that if East had led his queen or jack

of spades when he got in with the king of diamonds he would have broken up the squeeze. Also, believe it or not, there would have been to defense at all against a six-heart contract. Why don't you readers enjoy yourselves trying to see how North could make six hearts against any defense? If you can't work it out, we will show you tomorrow.

AKQ Sense

Q—The bidding has been: West North East South 1♥ 1♠ Pass 2♥ 2♠ Pass 3♥ 3♠ Pass 4♥ 4♠ Pass 5♥ 5♠ Pass 6♥ 6♠ Pass 6NT. What do you do?
A—Bid three no-trump. West will have to lead up to you and your queens and jacks should be worth their weight in gold. On the other hand, no guarantee will go with this bid.

TODAY'S QUESTION
Instead of bidding two no-trump, your partner jumps to three spades. What do you do now?

Answer Tomorrow

Vermont County Lists 238 Birth Defects in Year

By Science Service
BOSTON — Congenital defects of varying degree were found in 238 children among those born in a single year in one Vermont county.

Reporting in the New England Journal of Medicine, three University of Vermont College of Medicine physicians said information had been obtained for 1,776 of the 1,813 children born in 1963 in Chittenden County. The screening was not complete until last year.

The study included questionnaires to parents, review of hospital charts, hospital pediatric consultant records, death certificates, hospital pathological files and agencies for crippled and retarded children.

Long-term continuing care was required by 23.5 per cent of the children, while 42.9 per cent required short-term care and 33.6 per cent required no care.

By JACOBY & SON

A letter from Mesa, Ariz., reads: "I guess I must be a triple-dyed chump at the card table. Maybe I'm greedy or perhaps I just can't. I lost a lot of money playing East and doubled North at six hearts. I was pretty sure that I had two. I must have been that the enemy had

Astrological Forecast

By SYDNEY OHARA

For Friday
"The wise man controls his destiny. Astrology points the way."

ARIES (Mar. 21 - Apr. 19): Certain degree of secrecy may be wise. You can hear things gain information. But say in discretion. Don't tell all you know. Get sufficient rest. Obtain necessary sleep.

TAURUS (Apr. 20 - May 20): Friends remind you of promises. Best to seek harmony. Don't be abrasive in actions. Highlight diplomacy for greater satisfaction. What you seek... can now be obtained at bargain rates.

GEMINI (May 21 - June 20): Probable trouble. If you are perceptive there is room at the top. Know this and go all out. You advance price for a new attack to principle.

CANCER (June 21 - July 22): Social affair scattered. Fine for relating with friends, seeking change and variety. Exciting evening in store. Highlight creativity... give of yourself. Place in elevated stamp on efforts.

LEO (July 23 - Aug. 22): You may have to take a few steps backward to forward. Review situation. Don't brood about debts, recent setbacks. How discussion makes you feel better. Enjoy such cause.

VIRGO (Aug. 23 - Sept. 22): New stars in new directions indicated. Cycle tends to add independence. Make partner could make significant gesture. Be sensitive to mood of others.

LIBRA (Sept. 23 - Oct. 22): Greater recognition by displaying quality. Praise in and out and you will work. Allow Golden Rule to be your guide. You can improve relations with others.

SCORPIO (Oct. 23 - Nov. 21): Selfish or better balance confidence, the versatile... aware of alternative. How discussion makes you feel better. Enjoy such cause.

SAGITTARIUS (Nov. 22 - Dec. 21): Greater recognition by displaying quality. Praise in and out and you will work. Allow Golden Rule to be your guide. You can improve relations with others.

Capricorn (Dec. 22 - Jan. 19): Greater recognition by displaying quality. Praise in and out and you will work. Allow Golden Rule to be your guide. You can improve relations with others.

Aquarius (Jan. 20 - Feb. 18): Greater recognition by displaying quality. Praise in and out and you will work. Allow Golden Rule to be your guide. You can improve relations with others.

Pisces (Feb. 19 - Mar. 20): Greater recognition by displaying quality. Praise in and out and you will work. Allow Golden Rule to be your guide. You can improve relations with others.

General Tendencies: Cycle high in the evening. Don't argue with high spirits. Don't argue with high spirits. Don't argue with high spirits.

Space Waves Provide New Data on Sun

By Science Service
LOS ANGELES — Studies of waves that have traveled millions of miles through space are providing scientists with new information about the sun and the space between it and earth.

Discovery and analysis of these waves, called hydromagnetic waves, are bonuses of space exploration. Although the existence and some of their behavior have been predicted theoretically, they cannot be tested in a laboratory but only through scientific probes in outer space.

Hydromagnetic waves are caused by disturbances in a plasma, a gas electrified internally but neutral as a whole, when affected by a magnetic field.

Dr. Paul J. Coleman Jr. of the Institute of Geophysics and Planetary Physics at the University of California, Los Angeles, has probed the behavior of plasma in interplanetary space using records from scientific instruments carried aboard Pioneer V and Mariners II and IV.

In interplanetary space, the plasma flowing out from the sun at speeds up to 300 miles per second is magnetized through its interaction with the solar magnetic field. The plasma flow, called a solar wind, is very hot, about 300,000 degrees F. It has one of the lowest known densities.

This solar wind, however, causes some major effects on earth. It produces the aurora borealis in the northern night sky, affects the transmission of shortwave radio signals, and is believed to produce the Van Allen radiation belt encircling the earth.

Cong Catch GI With His Pants Down

By TOM TIEDE

BIEN HOA, Viet Nam (NEA) — The Viet Cong caught Mark Mitchell with his pants down recently, right in the middle of the war.

It happened in a nearby jungle.

Mitchell, a Pfc. from Columbus, Ohio, was operating a machine gun at the time.

He and several hundred others from the 503rd Infantry were holed up in a circular defense while a regiment of twig-and-trigger-snapping enemy soldiers picked at their perimeter.

It was shortly after dawn. And the battle was already an hour old.

BEHIND A STUMP

Mitchell was working from behind a dead stump. His targets were trembling trees and shifting shadows.

He shot at anything that moved — in other words, vermin, vegetation, or Viet Cong.

But the other side also was active.

Several of their big guns cracked. Sniper fire was continuous. Now and then a grenade would thump in front of a GI, take a couple of hops, and pop with fury.

GRENADE EXPLODES

One such grenade exploded a few feet from Mitchell. A piece of it dug into the back of his arm. But he was lucky. Another guy's arm and chest were shredded by the fierce fragments.

"D a m n i t, anyway!" the guy grumbled.

The profanity was welcome; it meant he was still alive.

It went on like this. Shattered branches fell like clods of rain. Smoke canopied the battlefield with a 10-foot cloud ceiling. A disputed strip of earth was charred, smoldering and desolate.

At length, however, the shooting stilled and the jungle grew quiet. There was some brush movement, but no noise.

STOOD UP

Mitchell stood up carefully. He surveyed his front with sweat-soaked eyes. Nothing.

He became conscious of his

Viet Reporter Goes Where the Action Is

Prize-winning war correspondent Tom Tiede wants the facts about a Viet Nam battle, he knows right where to go — to the troops involved.

This brand of initiative and investigation has made him a favorite on the home front as well as with battle-weary GIs.

Tiede's dispatches appear regularly in The Pontiac Press. In addition, he has a book out, "Your Men at War," which is available for \$1 with the coupon below.

Manpower Wastage Called Fantastic in Red China

(EDITOR'S NOTE—Dorothy Henry, 44, secretary of the Institution of British Engineers, led a party of 13 British businessmen and engineers on a 12-day visit to Communist China last month. In the following article she describes the visit, her first to China.)

By DOROTHY HENRY
PEKING (AP) — In Communist China today four men do one man's job.

This is one of the things that struck me hard about the world's most populous nation.

The manpower wastage is fantastic, but it's a question of keeping all those millions working.

Everyone works in China. All the women have jobs.

Most families have a convent-grandmother who stays home to look after the small children. If there is no grandmother the children are put in a weekly children's nursery.

From outside, the factories look efficient and modern, but inside there seem to be four operators for every machine. You are struck by the fact that there are no multipurpose machines. There is no automation.

It's the same in civil engineering.

We saw a canal being built. There seemed to be 20,000 or 30,000 people moving earth in baskets.

BIG ACHIEVEMENT

Yet there have been, of course, tremendous achievements.

The most alarming thing to me about China is the propaganda used on young children.

I was informed at one school that only 35 per cent of class time is devoted to what we know as educational subjects. The other 65 per cent is devoted to politics: The history of the "liberation." Marxism, and the works of Mao Tse-tung.

There are posters about Viet

Nam everywhere. The Viet Nam war is providing a medium for hate, with the Americans as the hated "imperialist aggressors."

HATE FOR SOVIETS

There is plenty of hate too for the Soviet "revisionists."

The Chinese are very bitter at the Soviets for withdrawing financial aid and technicians. The withdrawal has hit them hard.

We visited a workers' settlement, which we would call a slum clearance scheme.

People are being moved from old dilapidated homes into modern blocks of flats.

The average for each flat is about five or six people — overcrowded by our standards.

Everybody who can work. The average wage rate for a worker at, say a machine tool factory, is between \$25 and \$28 per month. The boss doesn't get much more.

FEW CARS

There are very few cars on the streets in China. Party officials can be seen going to

their offices in cars, quite often American ones. I always used to point these out to our interpreters and say with glee: "That's a Chevrolet. If you wouldn't have Americans here," they laughed.

There are a few taxis in the big cities.

There are hardly any consumer goods in the shops. Clothes seem to be quite expensive. Those blue tunic jackets that everyone wears, for instance, cost about \$3.40.

When the Chinese aren't walking they ride bicycles. But these are expensive too — \$56 or more.

I asked if they had an installment buying system. They thought that very funny.

The main street in Peking was the longest, straightest, widest street I've ever seen — and the emptiest. Hardly a car in sight. A few trucks. Some bicycles. And all that space.

Apart from some splendid new buildings the Chinese capital struck me as a drab place.

It's SUPPOSED to Be Spring

Zoo Awakens With a Shivery Yawn

By PAT McCARTY
Anybody wanna see a b-b-b-bear?

Or a z-z-z-zebra?
The whole idea is that, with the advent of spring, you take the

kids and you go down to the Detroit Zoological Park.

The zoo opened this morning on schedule.

★ ★ ★

But spring was a little

behind, providing temperatures in the damp 40s.

RUNNY NOSE

So you find yourself worrying about Marianne's runny nose or her lost mitten rather than explaining to her why the giraffe needs such a long neck.

"Let's take a look at the bird house," you say. "The nice, warm bird house."

The animals are similarly inclined. They'd just as soon be inside, and those that do venture forth are given to huddling in little groups.

★ ★ ★

The hippos couldn't make it out for the zoo opening — neither could the rhinos.

DESERTED

Monkey island still is deserted.

Temperatures have to reach at least 55 de-

grees before the tropical animals will make an appearance.

But those super showmen, the chimpanzees, are in top form. It takes more than a little inclement weather to keep them from their hi-jinks.

★ ★ ★

Their 1966 show, "Say It With Music," features, Joey, Harvey, Louis and Jackie, with a supporting cast of seven other chimps and four ponies.

GO-KART CHASE

Highlight of the production is an exciting go-kart chase, in which Batman and Robin pursue the Joker.

The elephant show also follows the musical theme. This year, veteran performers Mary, Mona and Ruth are joined by Kita, the young Indian elephant who outgrew the Children's zoo.

New this spring is an

exhibit of rock hyrax, rabbit-sized relatives of the elephant.

Youngsters making their first appearances include twin Kodiak bear cubs, eland antelope, lion

cubs and rhea and ostrich chicks.

Construction of a new \$430,000 penguin house is scheduled for this fall.

Starting today, visiting hours are 10 a.m.-5p.m.

weekdays and 9 a.m.-6 p.m. Sundays and holidays.

So gather the kids and get down to the zoo.

But don't forget to bundle up Marianne.

LAKE ORION—Service for Mrs. Irvine J. (Ada Louise) Unger, 66, of 7 N. Shore will be 9:30 a.m. Saturday at St. Joseph Catholic Church. Burial will be in East Lawn Cemetery by Alen's Funeral Home.

Mrs. Unger died yesterday. A member of St. Joseph Church, she was past president of the Women's Athletic Association of Detroit and a member of the Lake Orion Garden Club.

Surviving besides her husband are one son, William P. of Detroit, and seven grandchildren.

North Oakland Fair Scheduled June 7-9 at the CAI Building

The North Oakland County Fair will be held June 7-18-19 at the Community Activities Inc. building, 5640 Williams Lake, Waterford Township, it was announced today.

Formerly known as the CAI Fair, the event will be largely revamped and enlarged this year, according to CAI officials.

One of the highlights of the fair is the queen contest. 19 Single girls, aged 14 to 19,

who live in Northern Oakland County, are eligible to enter the contest.

"A dinner for candidates and their parents is tentatively set for 6:30 p.m. Monday at the CAI building to officially kick off the contest."

Prospective candidates can contact Mrs. James Shearer, 28300 Orangewood, Waterford Township, or the CAI office.

Mrs. Shearer, the former Jeanne McCaffrey, reigned as the fair's first queen in 1952 and is in charge of this year's contest.

The winner of the contest will be determined by the most penny votes collected in contests to be placed in local stores.

The new queen will be crowned June 19. She and a companion will be awarded a one-week vacation at the Gay Ranch in Gaylord.

Several other prizes also will be awarded the queen and runners-up, according to CAI officials.

The GWCC, which has extended its beautification month to June 1, has also asked the Township Board to protest the use of throw-away containers in the township.

Legislators and beverage companies also will be contacted, according to a GWCC spokesman.

The GWCC also has requested the Township Board to require builders to use adequate trash containers to control the spread of debris.

The GWCC also plans to contact local businesses to ask them to install trash containers in front of their businesses.

At a recent GWCC meeting, Township Supervisor Dorothy W. Olsen presented 40 certificates to citizens and organizations who have assisted in the GWCC's current beautification campaign.

Legislators and beverage companies also will be contacted, according to a GWCC spokesman.

The GWCC also has requested the Township Board to require builders to use adequate trash containers to control the spread of debris.

The GWCC also plans to contact local businesses to ask them to install trash containers in front of their businesses.

'Enforce Law on Junk Cars'

The Greater Waterford Community Council has urged stronger enforcement of the township's junk car ordinance, according to a spokesman.

Letters reportedly have been sent to the township's two justices of the peace.

The ordinance states that two or more unlicensed, inoperative motor vehicles housed on a property for a period of more than 15 days constitute a junk yard.

The GWCC, which has extended its beautification month to June 1, has also asked the Township Board to protest the use of throw-away containers in the township.

Legislators and beverage companies also will be contacted, according to a GWCC spokesman.

Danger Spot Crash Scene

The second accident in many days occurred at the intersection of Wise Road and Carroll Lake Road in Commerce Township yesterday.

However, no one was hospitalized as the result of the three-car rear collision at about 5:30 p.m.

Drivers of the cars were James K. Williams, 29, of 560 Laguna, Wolverine Lake; Joseph H. E. Miller, 29, of 1725 Wardlow, Highland Township, and Leonard E. Miller Jr., 34, of Gresham, Wis.

All were headed west on Wise Road.

At a recent GWCC meeting, Township Supervisor Dorothy W. Olsen presented 40 certificates to citizens and organizations who have assisted in the GWCC's current beautification campaign.

Legislators and beverage companies also will be contacted, according to a GWCC spokesman.

The GWCC also has requested the Township Board to require builders to use adequate trash containers to control the spread of debris.

The GWCC also plans to contact local businesses to ask them to install trash containers in front of their businesses.

At a recent GWCC meeting, Township Supervisor Dorothy W. Olsen presented 40 certificates to citizens and organizations who have assisted in the GWCC's current beautification campaign.

Legislators and beverage companies also will be contacted, according to a GWCC spokesman.

The GWCC also has requested the Township Board to require builders to use adequate trash containers to control the spread of debris.

The GWCC also plans to contact local businesses to ask them to install trash containers in front of their businesses.

Paris Movie Role to Pair
Lynda Bird and Boyfriend

By EARL WILSON

NEW YORK — Lynda Bird Johnson is to be offered a movie role by Producer Benedict Bogeaus who has George Hamilton committed to appear in a film in Paris based on Edgar Allan Poe's "The Gold Bug." Bogeaus' advisers say Lynda Bird is (1) attractive, (2) certainly has a name, (3) and if Margaret Truman was an entertainer while her father was in the White House, why shouldn't Lynda Bird do the same? Hamilton's due to start Paris-filming June 10.

SECRET STUFF: A world famous name's face got lifted again at a NY hospital. You ought to hear the girls' clutching about how lucky the lady needed it.

Famous Houston lawyer Percy Foreman made some confessions at the Voloin: "I've spent a lifetime disproving the adage that crime does not pay. 'It's paid me... I've collected some fabulous fees for divorces from people I knew were never going to get a divorce."

Julie Wilson stepped in to sub for Gloria De Haven (who was ill) at the Fight for Slight League of Manhattan luncheon recently — after a baby sister had been obtained for Julie's two little boys.

★ ★ ★

THE MIDNIGHT EARL . . .

Lee Segall, the Dallas showbiz-whiz, who's reviving his "Dr. I. Q." show with a celebrity-host, mentioned that he needed 1,000 silver dollars, now practically unobtainable. Next day Mrs. Herb Klein of Dallas, whose husband is one of America's greatest big game hunters, phoned: "You've got me! You don't need to stalk nor hunt for them any longer. Dr. I. Q. was a favorite of mine. My husband gave me 1,000 silver dollars for our silver wedding anniversary and I'm turning them over to you."

The Beatles mgr. Brian Epstein says there's a misunderstanding about prices for the Shea Stadium concert Aug. 16. Prices in '65 were \$4.50, \$5.10 and \$5.65. This year: \$4.50, \$5.75, \$5.75, the 10c added to \$.65 "making it easier to make change." Epstein says generally "prices have not been raised from the original '64 tour."

★ ★ ★

TODAY'S BEST LAUGH: Mothers brag about the darndest things. Don Rickles heard one woman tell another, "Well, my son dropped out of a better school than yours did!"

WISH I'D SAID THAT: George W. Miller of Houston described his home town: "It was so small that the telephone dial needed only one finger-hole."

'Art Bonanza Destined for Government'

WASHINGTON (AP) — The Washington Post reports one of the world's largest private art collections, with an estimated value of up to \$50 million, has been promised to the U.S. government.

The newspaper said the White House and congressman Joseph H. E. Hirschhorn of New York have exchanged letters of agreement for transfer of the collection but that the letters have not been signed.

President Johnson expects to announce the acquisition next week.

drawings and sculptures.

The collection includes 6,300 paintings, drawings and sculptures.

It would be administered by the Smithsonian Institution and housed in a museum to be built in Washington, the newspaper said.

Hirschhorn also was reported to have agreed to donate \$1 million for the purchase of contemporary works of art.

Political Horizon Brighter for 'Underdog' Griffin

Accidents Kill 2 Area Boys

Senate Post
Appointment
Newest 'Plus'

Now Has a Forum
for His Statements in
Election Campaign

By DICK BARNES

Associated Press Writer
LANSING — Political pluses are stacking up for Robert Griffin, the Republican congressman who started as the underdog — and probably still is — in the Michigan race for U.S. Senate. The Traverse City attorney picked up his newest advantage yesterday when Gov. George Romney named him to the Senate seat vacated by the April 30 death of Democrat Patrick McNamara.

Griffin will thus have six months between now and the Nov. 8 election to build a record as an incumbent and try to create a "keep Griffin" voter psychology.

He is challenged by Grand Rapids businessman Dean Baker in the Aug. 2 primary election but is heavily favored.

The contest is likely to be completely overshadowed by the Democratic nomination fight between former Gov. G. Mennen Williams and Detroit Mayor Jerome Cavanagh.

HAS A PODIUM

But as the senator for whose seat they're fighting, Griffin will have a forum for statements that might otherwise not be heard.

The second recent advantage picked up by the five-term, 42-year-old Griffin is his first-hand look at the war in Vietnam.

He spoke to Romney and newsmen from Saigon by telephone yesterday immediately after Romney announced the appointment.

He said his trip with a House subcommittee "has brought into focus the decisive role that the United States and all Americans are playing in shaping the destiny of the world."

AFRICAN AFFAIRS

Williams has his foreign background as a five-year assistant secretary of state for African affairs.

Cavanagh is trying to bolster his by getting briefings at world capitals on his current tour of Europe.

A third advantage, always anticipated but confirmed now Wednesday, is that Romney will campaign hard for him.

The governor has yet to make his anticipated announcement for a third term.

But it would be to his advantage as a potential 1968 Republican presidential hopeful if he could help Griffin win and thus display an ability to help partymates in elections.

Mishaps Occur in Commerce and Romeo

One of Victims Struck
by Car While on Bike;
2nd Hit Crossing Road

Two 8-year-old boys were injured fatally yesterday in accidents in Commerce Township and Romeo.

Dead was Thomas R. Auger, son of Mrs. Thomas Auger of 9154 Chaumont, Commerce Township, and Gerald West, son of Mr. and Mrs. Edmund West of 14491 29 Mile, Romeo.

The Auger boy died in Pontiac General Hospital at about 5 p.m., one-half hour after his bicycle was struck by a car on Wise Road near Canal in Commerce Township.

Young West died at St. Joseph Hospital in Mount Clemens at 6:30 p.m., almost three hours after he was struck by a car on 29 Mile near Schoenherr as he stepped from a nine-passenger van taking him and 11 other students home from school.

The Auger boy received a fracture of the cervical spine when hit by a car driven by Patrick K. Stevens, 21, of 1867 Thorndale, Commerce Township.

TO BE QUESTIONED

Stevens, hospitalized at Selridge Air Force Base, was to be questioned today.

State Police at the Romeo post said the West boy was hit a car driven by Kenneth R. Steinbrink, 22, of 20820 29 Mile, Washington.

Steinbrink was to make a statement in the Macomb County Prosecutor's Office this morning, officers said.

FORM BARRICADE

The women met at the intersection and formed a human barricade across Wise-Road while four school buses passed on Carroll Lake Road.

All carried homemade "stop," "slow," and other signs warning Wise Road traffic to give the buses the right-of-way.

Mrs. Louis Shatrau of 145 (Continued on Page 2, Col. 2)

CROSSING GUARDS — Part of a "police force" of housewives are shown as they guarded the Carroll Lake-Wise Road intersection yesterday afternoon while school buses passed. They made sure that drivers observed the stop signs on Wise Road while the school buses

traveled across the intersection, the scene of several accidents, on Carroll Lake Road. The group of some 20 women took similar action this morning.

County Circuit Judges Back Car Industry in Safety Feud

Women Guard Death Corner

Form Human Barrier
as School Buses Pass

The automobile industry today received support from members of the Oakland County Circuit bench in its fight against criticism directed at auto safety policies.

"I've been quite concerned about the recent publicity over defective autos," said Judge Arthur E. Moore, and my court experiences are directly contrary to what we hear out of Washington.

The safety factors came under fire from Ralph Nader, author of "Unsafe at Any Speed," when he testified before a Senate subcommittee on traffic safety.

To find out just how great the problem is, Moore said he sent a memorandum to other judges asking what percentage of their traffic accident cases involved mechanical defects.

In the replies he received, the judges could recall possibly one instance out of the thousands of accident suits they've handled that was based on mechanical failure.

Judge William J. Beer for the past month has been delivering speeches before civic and social groups on the same subject. Yesterday, speaking before the Ferndale Kiwanis Club, Beer, said that of the cases he has heard, maybe with one exception, all have involved driver failure and not construction or mechanical defects.

"There is nothing wrong with automobiles," said Beer, "but there is a great number of things wrong with drivers."

"Our manufacturers have given us safe cars, but they cannot give us safe drivers," he added.

SENIOR MEMBER

Judge Clark J. Adams, the senior member of the bench, said that in the 10 years he has been a jurist he can only remember one case involving safety features of a car.

"I feel this whole thing is a misrepresentation of the facts," Judge James S. Thornburn said.

"If there were that many mechanical defects, you can be sure the lawyers would be in court with them."

Judge Frederick Z. Ziem said he could only recall one case dealing with a mechanical defect, and that was tried before Judge Moore.

Drivers who crossed the Carroll Lake-Wise Road intersection in Commerce Township yesterday afternoon did so under the watchful eyes of more than 20 sign-carrying, self-appointed traffic cops.

The guardians of the intersection, the scene last January of the death of two high school girls, were all women who live in the area.

Nearby residents have campaigned vigorously ever since the accident to get the County Road Commission to install a traffic signal at the intersection.

Road Commission officials claim, however, that the amount of traffic doesn't warrant more than stop signs for east-west traffic on Wise Road.

Yesterday's demonstration was prompted by an accident Tuesday afternoon which hospitalized a Commerce Township woman.

FORM BARRICADE

The women met at the intersection and formed a human barricade across Wise-Road while four school buses passed on Carroll Lake Road.

All carried homemade "stop," "slow," and other signs warning Wise Road traffic to give the buses the right-of-way.

Mrs. Louis Shatrau of 145 (Continued on Page 2, Col. 2)

More Wet, Cold Weather Expected for Pontiac Area

Misery, defined as a state of suffering, was added on misery today as a steady all-night rain saturated an already cold Pontiac.

More of the same is expected tonight and part of tomorrow.

The Pontiac area received 1.2 inches of rain during the night. The low in downtown Pontiac was 37 at 6 a.m. today.

While the cold, wet weather was misery for just about everyone, severe consequences loomed for area farmers, especially vegetable and fruit crops.

Fruitgrowers were hit hard by Tuesday night's low, recorded at 31 in the city, and 22 in the outcountry farm areas.

W. L. Mainland, owner of Oakland Orchards, Milford Township, forecast a bleak outlook for the fruit crop, although he said the total damage won't be known until mid-June.

Lyle E. Abel, director of the Oakland County Cooperative Extension Service, said even those farmers not suffering crop damage have been delayed by wet fields.

He estimated spring planting was 10 days to two weeks behind schedule.

COMMON COLD

The combination of cold and wet weather, rated the best conditions for developing a common cold, also bring suffering to asthmatics, according to Pontiac General Hospital spokesmen.

Windy and cold was the forecast for tonight. The predicted low is 32 to 40 with winds and a few showers.

Tomorrow's high is forecast at 45 to 50.

Partial clearing with east to northeast winds 15 to 30 miles per hour diminishing to 5 to 15 miles tomorrow is the forecast. Saturday's outlook is fair and cool.

From a a.m. low of 37 in downtown Pontiac, the mercury had edged up to 39 by 1 p.m.

Pontiac Press Photo

WHAM! — None less than the Caped Crusader himself showed up to invite folks to the Detroit Zoological Park, opening today in Royal Oak. His cronies are pictured on page F-1.

"Now let's build another one and start a rent-a-car business."

Date Advanced for Community Luncheon Event

Pontiac's Community Luncheon Committee announces that the noon meeting at the Elks to hear John Z. DeLoe has been advanced one day.

This was made necessary by a meeting of all GM general managers which has just been scheduled for that same day in Detroit.

Arrangements have been completed at the Elks and tickets will be issued within the next few days. The correct date is now Tuesday, May 31st, for the luncheon at the Elks Temple.

Luncheon club tickets will go forward to the organizations immediately and general tickets will be on sale at Dickinson's, Osamu's, Tol-Huron and Hughes-Hatcher-Suffrin at the Mall.

Parents Proud of Oldest Son

Heard of Selection
While in Kentucky

Yesterday was a big day for Mr. and Mrs. Julius A. Griffin of 3483 Lakeview, Highland Township.

Their oldest son Robert, 42, was named to the U.S. Senate.

"We heard the news traveling across Kentucky on our way home from Boynton Beach, Fla.," said the senior Griffin.

"Tuned in every hourly newscast after that. Didn't want to miss any developments."

The Griffins have three other children: Eugene of 5204 Cooley, Waterford Township; Gerald of Midland; and Janice, now Mrs. They moved to Pontiac 25 years ago.

"Bob," said Griffin, "was a freshman at Central Michigan University."

"His first summer here in (Continued on Page 2, Col. 1)

AP Photofax

NEW SENATOR AND WIFE — Robert P. Griffin, Republican congressman from Traverse City, was named yesterday by Gov. George Romney to the Senate to succeed the late Patrick McNamara, a Democrat. Shown with his wife, Marjorie, the 42-year-old Griffin is a candidate for the GOP nomination for the November Senate election.

Man Shot by Wife in Car Scuffle

An Orion Township woman shot her estranged husband at 8:40 p.m. yesterday as the pair was struggling for possession of a 22-caliber revolver in a slowly moving car at Opdyke and Square Lake, Bloomfield Township.

Reported in poor condition at St. Joseph Mercy Hospital is Earl Drennen, 43, of Warren. He suffered five bullet wounds in the rib area.

Heleen Drennen, also 43, of 2740 Buckner, collapsed at the hospital, according to Bloomfield Township patrolman Donald E. Zimmerman, after seeing her husband taken to surgery.

Mrs. Drennen was kept in the hospital's emergency section last night and was admitted this morning. Her condition is reported as satisfactory.

Zimmerman said the couple had separated two weeks ago

See Photo, Page A-2

and had met last night at 7:45 to discuss a pending divorce.

Mrs. Drennen reported her husband pulled the gun and threatened her with it as they were driving south on Opdyke, Zimmerman said.

She said she turned his wrist in trying to get the gun and that it went off several times, according to Zimmerman.

The car skidded harmlessly to the shoulder of the road and Mrs. Drennen hailed a passing motorist who called police.

Police said that Mrs. Drennen will be taken to the prosecutor's office upon release from the hospital.

Ike Is Battling Arthritic Pains

WASHINGTON (UPI) — Former President Dwight D. Eisenhower, who made a successful recovery from a heart attack last November, is battling a new affliction — arthritis.

Doctors at Walter Reed Army Medical Center have been attempting to ease arthritic pains in the 75-year-old general's wrists and neck since he entered the hospital last Wednesday for one of his periodic medical checkups.

Site Change for Hospital Trials Eyed

Circuit Judge James S. Thurn tomorrow will consider changing the location of two trials involving deaths at Pontiac Osteopathic Hospital last November.

At that time, attorneys for the hospital will present evidence in their argument that the cases received widespread news coverage in Oakland County and a southeastern Michigan, thereby making it impossible to impanel an impartial jury locally.

The pending trials are the result of lawsuits brought against the hospital by the families of two of three victims who died after receiving accidental injections of ether.

Gerald M. Covington, 436 Roland, is asking \$125 million for the death of his wife, Lurea, 24, the mother of two children.

Mrs. Loretta Brunel, 5598 Ivanhoe, West Bloomfield Township, has sued for \$500,000 damages in the death of her 8-year-old daughter, Kimberly Ann. The parents of the other victim, Michael Ketchum, 12, of Ferndale, settled out of court for \$50,000.

Appointment a Big Day to His Parents

(Continued From Page One)

Pontiac, he came to me, and said, 'Dad, I need a job.'

"He went to work at GMC Truck & Coach Division. I wanted to make sure he'd go back to school in the fall so I told his boss to give him the hardest job he had."

UNLOADS AXLES
"He did, unloading axles. Bob worked at it for three weeks before he was transferred to an opening in the office."

"His second summer, he worked at Pontiac Motor Division on the assembly line."

The senior Griffin retired from Pontiac Motor as a quality control engineer four years ago after 25 years service.

"Bob's always been a hard worker," said his father. "When he was in college, we gave him \$25 a month toward his education and it was up to him to earn the rest."

"He worked as a busboy and had a few jobs on the side like stoking an elderly lady's furnace."

"Bob's shown leadership qualities, since he was three years old," said Mrs. Griffin proudly.

"I taught him to read from a primer when he was three," added Griffin, "and, in no time, he could spell about 20 words."

2 Injured Girls Win Lawsuit

Hurt in Death Crash
in Commerce Twp.

Two teen-age girls injured in a traffic accident that took the lives of two sisters in Commerce Township last January have been awarded a total of \$7,000 for damages.

Circuit Judge Frederick C. Ziem approved the settlement, \$4,000 for Patricia Lundy, 15, of 5297 Carroll Lake, and \$3,000 for Myrna Byers, 15, of 120 Wise.

Mary Wilson, 14, of 280 Wise, and her sister, Lynette, 15, were fatally injured when a car skidded into the four youngsters while they were waiting for a school bus at Carroll Lake and Wise roads.

The parents of the injured girls brought suits against the driver of the auto, Mrs. Kenneth Ostin, 25, of 335 Main, Kenilworth.

Mrs. Ostin is waiting trial on a charge of manslaughter in connection with the two deaths.

Women Guard Death Corner

(Continued From Page One)

Wise, spokesmen for the group, said, "We're tired of being told to wait something done here."

Mrs. Larry Willis of 515 W. Beachdale produced what she claimed was an exact copy of part of the minutes of the Jan. 11, 1966 meeting of the Commerce Township Board.

REQUESTED SIGNAL
According to Mrs. Willis' copy, the record noted that a group of area residents had appeared at the meeting to request installation of a traffic signal at the intersection.

It stated further that, "Mr. Tiley (Supervisor Thomas C. Tiley) informed this group that the traffic light in question should be installed within two weeks."

Tiley denies that he ever promised anybody that a signal would be installed at the intersection.

"There isn't enough traffic at that intersection to warrant a traffic signal," Tiley said.

A traffic study of the intersection was made by the road commission shortly after a car collided with a school bus Jan. 3, killing two girls who were waiting for the bus.

As a result of the study and the pressure put on officials by area residents, local barricade-type stop signs and "stop ahead" signs were placed on the "Wise Road corners of the intersection, which were previously posted with standard stop signs."

Enters Race for Board in Waterford

Herbert C. Cooley, 40, of 995 N. Cass Lake, Waterford Township, today announced he will seek nomination for trusteeship in Waterford Township on the Aug. 2 primary election ballot.

Cooley, who has been with the Pontiac Police Department, Cooley is the first person to announce his intention to run in the primary.

Two township board trusteeships, presently filled by Rudy Mansfield and William Dean, will be up for election, according to township officials.

A lifelong resident of the Pontiac area, Cooley joined the Pontiac Police Department in 1951. He was promoted to detective in 1955 and to sergeant in 1958.

During one stretch, he served as president of the Pontiac Police Officers Association four consecutive one-year terms.

Cooley is vice president of the Pontiac Football Co., which promotes semi-professional sports in the Pontiac area.

He and his wife Genevieve are resident managers of the Fontainebleau Apartments in Waterford Township and also manage the Ponchartraine and Bel Vista apartments in Pontiac.

Cooley is a member of St. Benedict's Catholic Church, Fraternal Order of Eagles, E.L.K.S. Lodge 810, Knights of Columbus, Metropolitan Club, Spirit 6, and Fraternal Order of Police 132.

He also belongs to the Lakeside Lancers Athletic Association and the Pontiac Optimist Club, where he is presently sergeant at arms and its secretary-treasurer.

Cooley's only other try for public office was when he ran for the charter commission of Orchard Lake when the entity was in the process of becoming a city. He was defeated by 14 votes.

Pontiac Press Photo

EXAMINES WEAPON — Det. Lt. James E. Keller of the Bloomfield Township Police Department checks over the 22-caliber revolver used in a shooting last night during an argument over divorce plans.

U.S. Rejects China Plan to Limit N-Weapons Use

WASHINGTON (AP) — The U.S. State Department says the United States has turned down a Communist Chinese proposal to limit the use of nuclear weapons because it believed the Chinese did not "have a legitimate and constructive interest in disarmament."

This reasoning was offered Wednesday by press officer Robert J. McCloskey who confirmed the existence of the Chinese offer.

McCloskey did not say how or when the proposal was made but said "we do not feel it was a constructive step toward the problem of disarmament."

He added that if the Chinese were seriously interested in disarmament, "they would have manifested this by signing the nuclear test ban treaty."

The press officer said the Chinese have made no response to American proposals to ban the production of nuclear materials and to freeze development of the strategic delivery vehicles needed to carry nuclear weapons.

Red China's premier Chou En-lai had prompted the U.S. statement by charging that the United States had rejected Peking's efforts to agree that each country would not be the first to use nuclear weapons of destruction.

Two Hazel Park Girls Killed in County Crash

MADISON HEIGHTS (AP) — Two 9-year-old Hazel Park girls were killed Wednesday in a head-on auto crash on a Madison Heights street.

The victims, Deborah Freeman and Ginger Bailey, were passengers in one of the cars.

Principal Gets New Position

Assistant Director of
Elementary Education

Mrs. Pearlina Butler, principal at Bagley Elementary School, was appointed last night by the Pontiac Board of Education to fill the newly created position of assistant director of elementary education.

Mrs. Butler, 48, first employed by the school system in 1954, will assume her new duties under elementary education director Gerald White in July.

Besides being principal at Bagley, she has also been coordinator of Pontiac's Head Start Program since its inception last summer.

A Detroit resident, she received her B.S. from Wayne State University in 1953 and her M.A. from the same school in 1957.

Her first administrative position with the school system was as principal of Whittier Elementary School in 1958.

In recommending her appointment to the board last night, Supt. of Schools Dr. Dana P. Whitmer cited Mrs. Butler's "capacity to give leadership and to work productively with teachers, principals, and parents."

To Honor Edison Exec

DETROIT (AP) — Walker L. Cislser, chairman of the board of Detroit Edison Co., will be awarded an honorary degree of doctor of public service by the Detroit Institute of Technology tonight.

Birmingham Area News

360 Traffic Accidents Slightly Above '65 Pace

BIRMINGHAM — A total of 360 traffic accidents were investigated during the first four months of 1966, according to a report released yesterday by city police.

The figure is a slight increase over the same period in 1965.

Personal injury accidents were up from 84 for the first four months of last year to 106 for the same period in 1966, showing an increase of 28 percent. The number of injured in these collisions increased from 129 last year to 142 this year.

Fatalities remained at zero, and a small decrease in property damage was reported.

"Indications point to a high personal accident trend this year unless the tide is reversed," said Chief of Police, Ralph W. Moxley. "The same type of violations continued to be present in the collisions investigated this month," he said.

LISTS REASONS
Failure to yield the right of way was evident in 23 collisions, careless driving in 18, following too closely in 18 and speed too fast was found in 13 reported collisions, according to the report.

"Excessive speed is usually a factor in three out of four violations," Moxley said. "We therefore call this matter to the attention of all motorists in our street-side poster campaign."

Some 2,400 posters bearing the message, "speeding is costly" are being displayed throughout the metropolitan area.

BLOOMFIELD HILLS — Daniel Hayes, former director of development for Northwood Institute, has been named director of community relations at Cranbrook Institute of Science.

Before his Northwood position, Hayes was executive director of the Cleveland chapter of the National Foundation. Married and the father of three, he lives in Clawson.

Hayes will have an office at the Institute of Science, according to Dr. Robert T. Hatt, director.

Meet for 92nd Dinner

Historical items already collected for display in the Drayton Plains one room school on the grounds of the Wisner Home were shown to members of Oakland County Pioneer and Historical Society Wednesday evening.

The organization met for its 92nd annual dinner at the Waterford CAI Building.

Richard C. Poole was toastmaster for the evening. Music was provided by the Huron River Jug Band, Milford branch, a group of teenagers.

Maurice F. Cole, Ferndale Historian and vice president of the historical society, spoke on "The Stagecoach Comes to Oakland County."

Nineteenth century stagecoach passengers were not pampered like today's airline travelers. They were expected to get out and push whenever the stage bogged down in the mud between Detroit and Pontiac.

ROUND ABOUT

In the early days, the route went through Mt. Clemens because the land between Pontiac and Detroit was so swampy. When gravel roads

were built, the trip was shortened.

The last regular stage out of Pontiac stopped in 1930. It ran to Hollister, Four Towns, Oxbow and Commerce.

Dinner arrangements were made by Mrs. Marion Hodges Benter, Mrs. John E. Windi-

ate, Mrs. Douglas Hoard, Mrs. Robert C. Anderson, Mrs. Helen Sanford and Mrs. Robert Thompson.

The Wisner Home will be open during Michigan Week and this summer, July 5 through Aug. 31. Hours are daily except Saturday from 2-5 p.m.

Shower Is on Calendar

An evening bridal shower will honor Janet Louise Johanson of Rochester on May 20.

Lorraine Anttila's home on South Telegraph Road will be the setting for the affair where Miss Anttila and Mrs. Peter Larson will be co-hostesses.

Miss Johanson is the daughter of Mr. and Mrs. John Johanson of Rochester.

Robert R. Shelton, the future bridegroom is the son of Mr. and Mrs. C. R. Shelton, also of Rochester.

The June 18 wedding will take place in St. John's Lutheran Church.

Fancy Garters Are Back Again

Remember the decorative garters women used to wear! Well, with the new, above-the-knee hemlines, they're coming back.

One manufacturer is out with bow-tied, elasticized ornaments designed either to grace the knee or above the elbow in summer's sleeveless dresses.

The bows come in assorted polka dot combinations, in solid colors, or candy stripes. Matching scarves also are available.

'Tee' for Two

NEW YORK (UPI) — Expectant mothers can improve their golf scores by taking an easier swipe at the ball, says Dr. J. D. Flew, British obstetrician.

In a report in "Medical Tribune," the doctor advises pregnant women to take a full swing at golf and leave their wooden clubs at home. Use the irons. Many, he finds, "then have a better card than ever before."

Foresee Growth

On the theory that the average American male will be more than an inch taller in 1970 than he is today, auto companies are already planning to supply roomier interiors in the '70 models. The same growth can have a revolutionary influence on fashions.

Soviet Premiers Cairo Visit Is Timely

By PHIL NEWSOM
UPI Foreign News Analyst

For this move, it was natural that Kossygin should select Cairo.

POT BUBBLING

For one thing, the Mideastern pot was bubbling again. For the Russians, there might be a chance to reinforce and expand a position first assumed 10 years ago when they moved into the vacuum left by Nasser's seizure of the Suez Canal and the subsequent withdrawal of U.S. and British aid for Nasser's pet project, the Aswan Dam.

Encouraging signs were another period of deteriorating relations between the U. A. R. and the United States, and the clear indication that in the power struggle between the Soviets and the Red Chinese,

Nasser's sympathies lay with the Soviets.

For Nasser, whose prestige has been on the wane of late, there was the luster to be gained from a visit by the Soviet premier plus the hope that, even if not willing to extend new loans, the Russians might at least be willing to extend or even wipe out some old ones.

Beyond this was the matter of mutual interests.

ABANDON BASE

Pressed by Cairo-trained terrorists and its own desire to reduce its forces east of Suez, Britain already has announced she will abandon her Aden base two years hence.

A mutual desire now also is to remove U.S. and British bases in Libya and the British base on Cyprus.

The makeup of the Kossygin party, including Foreign Minister Andrei Gromyko and the commander-in-chief of the Soviet navy, provides a clue to the importance the Soviets attach to the visit.

Cairo dispatches indicate one goal is to secure harbor facilities for Soviet warships, improving their surveillance over the Mediterranean and the Red Sea.

Self-Service at Fire Station

RATON, N.M. (AP) — A garbage truck driver kept a cool head in a hot situation.

He was in an alley picking up trash when he saw smoke pouring from the back of his truck. He hopped in the cab and drove a block and parked in front of the fire station.

Firemen drove their big pumper truck out the front door and extinguished the blaze.

State Golf Title Attracts Preps

Michigan high school golfers will start their bid for state individual and team honors tomorrow at 11 regional sites.

The top three teams in each of the regionals along with the medalist from each site will move on to Meadowbrook Country Club for the state finals Monday, May 23.

Locally, Pontiac Country Club is playing host to a Class C-D tournament. Farmington is host for Classes A and B at Glen Oaks Golf Club, and Brighton will stage Classes A, B and C-D at Burroughs Farms.

Romeo will entertain 22 teams in a Class B outing at Romeo Country Club.

Birmingham and Bloomfield Hills are the two

Weather's Bad, So's Lake Orion Luck in Track

The spring track season has been about as bad as last night's weather for Lake Orion's cinder squad, but the Dragons gamely braved the elements to meet Troy under the lights Wednesday.

Unfortunately, they came up short again, although the 61-48 final result attested to the winless Dragons' steady improvement.

Troy (4-2) took both relays and five individual events to stave off the host Orion runners. Roy Waterstradt of the Dragons and Troy's Gary Derrigan each won two events.

Rain Decision Costs PCH 9 Two Victories

An umpire's warning apparently cost Pontiac Central its first double-header victory of the season Wednesday afternoon.

Midland was 1½ hours late for its Saginaw Valley Conference makeup twin bill with the Chiefs, so PCH gained a forfeit win for the opener.

Sophomore Ace Puts Farmington in Win Column

Sophomore Chris Brown sped to victories in both the 100 and 200-yard dashes, and topped the long jump field to lead Farmington to a 67-42 Inter-Lakes League track win at Walled Lake yesterday.

Bad weather limited the good times and efforts in the field events, but the Falcons' Ron Shortt did top 12 feet in the pole vault.

Walled Lake had a double winner in junior hurdler Dennis Fitzgerald, who also was on the winning 800 relay unit. The Vikings now are 4-5 overall and their league mark is just the opposite of Farmington's 2-10.

FARMINGTON vs. WALLED LAKE
Long Jump — Chris Brown (F), Baker (W), Birchard (W), distance 16.3.
Shot Put — Lou Snook (W), Shortt (F), Knox (W), 44.0.
High Jump — Jim Hachitt (F), Charles (F), Baker (W), height 5'10".
100 Dash — Ron Shortt (F), Gadany (W), Bush (F), 12.8.
200 Dash — Walled Lake (H), Gadany, Brandt, Fitzgerald, time 1:44.
400 Dash — Bob Donora (F), Copitt (W), Anderson (F), Dennis Fitzgerald (W), LaFevre (F), Kaffery (W), 1:17.
800 Dash — Jim Lindner (W), Shires (F), 2:00.
1600 Dash — Jim Hines (F), Jackson (W), 4:00.
100 Dash — Chris Brown (F), Atwell (W), 1:11.
200 Dash — Dennis Fitzgerald (F), Shortt (F), LaFevre (W), 1:23.
400 Dash — Chris Brown (F), Atwell (W), 1:11.
800 Dash — Farmington (Roth, Jackson, Cornwell, Hines), 3:41.4.

TOSSES SHUTOUT — Rick Johnson tossed a two-hitter and delivered a run-scoring single yesterday as Clarkston blanked Oxford, 8-0. The win ran Johnson's record to 3-1.

Clarkston Nine Blanks Oxford

Clarkston blanked Oxford, 8-0, in a nonleague baseball encounter yesterday limited to five innings by rain and cold.

A Tom Allen walk and Dan Fife triple stacked Rich Johnson to a 1-0 lead in the first, then Lyle Walters, Steve Barnett and pitcher Johnson each had a run-producing single in a six-run third inning.

Johnson allowed two hits, two walks and fanned five in posting his third mound victory. Fife and Allen, the Clarkston key-stone combination, each had singles to maintain their above .400 batting average duel.

Clarkston now is 9-3 while Oxford has failed to win.

Clarkston 18-12-4-2
Oxford 10-12-4-2
Pitchers: Johnson, Matheson (C) and Shires; Minijohnson and Pice.

Central, Kettering in Links Deadlock

Waterford Kettering and Pontiac Central risked their winning records in a golf meet at Pontiac Municipal Golf Course Wednesday and settled for a 154 tie.

Doug Runyon had a two-over-par 27 for PCH (9-4) and Rick Hurd matched it for the Captains (12-2). Tom Pich of Pontiac and Kettering's Gary Quilquit and Jan Gatz each had 38s.

Both teams will join Pontiac Northern and Waterford Township, the arch rivals, in the Class A state regional tomorrow at Burroughs Country Club near Brighton.

Madrid Kickers Regain Coveted European Cup

Real Madrid of Spain came from behind to defeat Partizan of Belgrade 2-1 Wednesday night and regain the European Soccer Cup of Champions title after a six year lapse. Real Madrid won the Cup five years straight, from 1956 through 1960.

Partizan was the first team from Communist East Europe to reach the final.

A crowd of 30,000 including thousands of screaming Spanish fans, saw the game in Haysel Stadium.

Selection of Press Tourney Teams Under Way

Most of the 16 invitations to the fifth annual Pontiac High School Baseball Tournament will likely be decided this afternoon at a meeting in the Parks and Recreation Department at City Hall.

The annual tournament co-sponsored by the recreation office and The Press will begin May 20th at Jaycee Park and run through June 2nd.

Pontiac Central and Pontiac Northern, as cohorts, are automatically on the select list. The other 14 berths are filled based on the season and league records of area prep nines.

Prime prospects for the invitation list are Millford (9-2), Northville (8-2) and Clarkston (9-3) from the Wayne-Oakland League.

Both Waterford (7-2) and Kettering (5-3) are likely entrants, as are Madison (6-0), Romeo (5-2) and Hazel Park.

Seats Available for Cards-Tigers Benefit Contest

Approximately \$500 worth remain of the tickets allotted to the Pontiac Parks and Recreation Department for Monday's Tiger Stadium boys' baseball benefit game.

The Tigers and St. Louis Cardinals will clash at 7 p.m. in their annual, rotating benefit game for junior baseball in the two cities.

The city recreation department received 700 tickets worth \$1,300. Howard Dell is chairman of the ticket drive. He has 210 upper deck reserve seats left at \$2.25, and 15 upper-deck box seats at \$3.

They may be purchased individually or in groups by contacting Dell at the Baldwin Avenue Pharmacy. All proceeds will go into the city summer boys' baseball program.

Young Coach Heads Blades

TOLEDO, Ohio (AP) — A 27-year-old graduate student at the University of Toledo and former player for the Toledo Blades has been named general manager and coach of the International Hockey League team.

Terry Slater, who came here to join the Blades midway through the 1963-64 season and played through the 1964-65 season, is the youngest general manager in the history of the IHL and one of the youngest in organized hockey.

Slater's signing came Wednesday, four days after the firing of Ken Wilson as general manager and Edgar (Chirp) Brenchley as coach.

Orioles Option Catcher

BALTIMORE (AP) — The Baltimore Orioles optioned catcher Vic Rozovsky to Buffalo of the International League Wednesday night and placed catcher Charley Lau on the disabled list.

Lau, bothered with a sore right elbow since early last season, will undergo an exploratory operation Friday.

(Southeast Michigan Association leader).

COLEADERS

Northern (5-1) is tied for the Inter-Lakes League lead with Waterford, Pontiac Central (5-7) has split all of its Saginaw Valley Conference double-headers, and owns a win over Kettering.

Avondale (4-4), Bloomfield Hills (6-4), Walled Lake (5-4), Royal Oak Kimball (4-4) and defending champion Southfield (4-3) are probable invites.

Troy (3-3), Royal Oak Shrine (4-1) and Birmingham Brother Rice (6-3) are also in the running.

Representatives of the teams

U.S. Women Duel French Net Team

TURIN, Italy (AP) — The top U.S. women tennis players go against France today in the quarter-finals of the Federation Cup tournament.

Lel by Billie Jean Moffit King of Long Beach, Calif., the Americans scored a 3-0 sweep over Sweden in the second round Wednesday.

Mrs. King beat Christine Sandberg in the singles, 6-2, 6-3, and teamed with Carole Graebner of Beachwood, Ohio, for a 6-3, 6-1 doubles triumph over Eva Lindqvist and Ingrid Lindahl.

The other U.S. point came when Julie Heldman of New York defeated Miss Lindqvist in singles, 6-4, 6-0.

invited will meet at 8 p.m. Tuesday in the recreation office to discuss the tournament rules, scheduling and roster limitations.

Northville, Royal Oak Kimball (twice) and Southfield are the

champions from the first four support the tournament and send numerous scouts each year. This year's playing dates are May 20-21, 27-28, 30-31, and June 1-2.

The first-round pairings will be announced Wednesday.

It's SUPPOSED to Be Spring

Zoo Awakens With a Shivery Yawn

By PAT McCARTY
Anybody wanna see a b-b-b-bear?

Or a z-z-z-zebra?
The whole idea is that, with the advent of spring, you take the

kids and you go down to the Detroit Zoological Park.

The zoo opened this morning on schedule.

But spring was a little

behind, providing temperatures in the damp 40s.

RUNNY NOSE

So you find yourself worrying about Marianne's runny nose or her lost mitten rather than explaining to her why the giraffe needs such a long neck.

"Let's take a look at the bird house," you say. "The nice, warm bird house."

The animals are similarly inclined. They'd just as soon be inside, and those that do venture forth are given to huddling in little groups.

The hippos couldn't make it out for the zoo opening—neither could the rhinos.

DESERTED

Monkey island still is deserted.

Temperatures have to reach at least 55 de-

grees before the tropical animals will make an appearance.

But those super showmen, the chimpanzees, are in top form. It takes more than a little inclement weather to keep them from their hi-jinks.

Their 1966 show, "Say It With Music," features, Joe, Harvey, Louie and Jackie, with a supporting cast of seven other chimps and four ponies.

GO-KART CHASE

Highlight of the production is an exciting go-kart chase, in which Batman and Robin pursue the Joker.

The elephant show also follows the musical theme. This year, veteran performers Mary, Mona and Ruth are joined by Kita, the young Indian elephant who outgrew the Children's zoo.

New this spring is an

exhibit of rock hyrax, rabbit-sized relatives of the elephant.

Youngsters making their first appearances include twin Kodiak bear cubs, eland antelope, lion

cubs and rhea and ostrich chicks.

Construction of a new \$430,000 penguin house is scheduled for this fall.

Starting today, visiting hours are 10 a.m.-5p.m.

weekdays and 9 a.m.-6 p.m. Sundays and holidays.

So gather the kids and get down to the zoo.

But don't forget to bundle up Marianne.

ELI BARAR

Service for Eli Barar, 80, of 17 S. Jessie will be 10 a.m. tomorrow at the Melvin A. Schutt Funeral Home.

Mr. Barar died yesterday after a long illness.

Surviving are two brothers, George of Pontiac and John in Romania.

MRS. GRACE L. HICKS

Requiem Mass for Mrs. Grace L. Hicks, 56, of 97 E. Rutgers will be 11 a.m. tomorrow at Our Lady of the Lakes Catholic Church, Waterford Township. The Rosary will be said at 8:30 p.m. today at Coats Funeral Home, Waterford Township.

Mrs. Hicks, an employee of Pontiac Motor Division, died yesterday after a brief illness.

Surviving are two sisters, Mrs. Ernest Teppin of Waterford Township and Mrs. Edward Johnson of Grand Rapids, and four brothers, Harry Howard of Uta, Raymond of Waterford Township and Albin and William Howard, both of Pontiac.

RAY M. LEEPER

Service and burial for Ray M. Leeper, 49, of 54 Seneca will be from the Spencer Funeral Home in Birmingham, Monday afternoon at 2 p.m. at the Sparks-Griffin Funeral until 9 p.m. today.

Mr. Leeper, an employee of GMC Truck & Coach Division, died this morning after a long illness. He was a member of Disabled American Veterans Chapter No. 19 of Royal Oak.

Surviving are his mother, Mrs. Daniel Leeper of Pontiac; a sister; and three brothers.

MARSHALL E. PRIDMORE

Service for former Waterford Township resident Marshall E. Pridmore of Lake Worth, Fla., will be 3 p.m. tomorrow at the Bell Chapel of the William R. Hamilton Co., Birmingham.

Memorial tributes may be addressed to the Michigan Heart Association.

Mr. Pridmore died Tuesday in Lake Worth, Fla.

Surviving are his wife, Lela; a son, Marshall of New York City; a daughter, Mrs. Nancy

North Oakland Fair Scheduled June 17-19 at the CAI Building

The North Oakland County Fair will be held June 17-19 at the Community Activities Inc. building, 5640 Williams Lake, Waterford Township, it was announced today.

Formerly known as the CAI Fair, the event will be largely revamped and enlarged this year, according to CAI officials.

One of the highlights of the fair is the queen contest.

Single girls, aged 14 to 19,

'Enforce Law on Junk Cars'

The Greater Waterford Community Council has urged stronger enforcement of the township's junk car ordinance, according to a spokesman.

Letters reportedly have been sent to the township's two justices of the peace.

The ordinance states that two or more unlicensed, inoperative motor vehicles housed on a property for a period of more than 15 days constitute a junk yard.

The GWCC, which has extended its beautification month to June 1, has asked residents to report to the township any of throw-away containers in the township.

Legislators and beverage companies also will be contacted, according to a GWCC spokesman.

The GWCC also has requested the Township Board to require builders to use adequate trash containers to control the spreading of debris.

The GWCC also plans to contact local businessmen to ask them to install trash containers in front of their businesses.

It has been suggested by the GWCC that citizens report to the police department names of persons they see dropping litter in the township.

At a recent GWCC meeting, Township Supervisor Dorothy W. Olsen presented 40 certificates to citizens and organizations who have assisted in the GWCC's current beautification campaign.
