

LBJ Proposes Social Security Hikes

Commission Has Heated Session

Topics of housing, downtown redevelopment, politics and race issues sparked a heated City Commission meeting last night.

Principals in the discussion included City Commissioner T. Warren Fowler Sr., John B. Maye, president of UAW Local 653, Robert Newby, head of the Progressive Action Committee for Equality (PACE) and Charles M. Tucker Jr., president of the Oakland County chapter of the National Association of Colored People (NAACP).

Much of the talk centered on PACE, its activities and statements. Fowler sharply criticized both PACE and Newby.

Fowler said, "At no time has he (Newby) accepted my advice. He's tried to stab me in the back with the longest knife he could find."

Newby replied that "we have said nothing we have to be ashamed of, we've always sought the truth and a bit of human dignity."

He said the six commissioners (in reference to the majority that approved the Taubman agreement) did not have a monopoly on brains. Therefore, he contended some questions raised were completely valid.

NEWBY PRESENTED
Newby said that charge was based on the contention that the Taubman plan had never been presented to the Civic Improvement Advisory Committee, or the planning commission.

Mayor William H. Taylor Jr. replied that the Taubman plan had been outlined to city planners in a joint meeting with the commission.

Maye pointed out that the housing problem was not just Pontiac, but an area problem. He urged that surrounding suburbs be asked to help solve the housing shortage.

Noting the heated discussion, Tucker suggested that the commission plan an informal meeting for a private discussion of the problems under debate last night.

3 Men Lead City Fiscal Study Unit

The nucleus of a broad base committee to study Pontiac's fiscal crisis was named last night by Mayor William H. Taylor Jr.

Taylor announced that Robert R. Eldred, executive vice president of Community National Bank, is to be chairman of the committee, which results from a series of two meetings with community leaders on the city's financial plight.

The committee, to be selected from about 35 names turned in by community leaders, was charged with making:

- An analysis of the present financial problems facing the city today and recommendations for increased revenues.
- A more extensive and detailed study to provide a long-range financing plan for the future.

Taylor said Eldred and Barker, president of Pontiac State Bank, represented broad experience in banking and financial matters.

Howett, meanwhile, a local attorney, headed a similar study committee for the Pontiac School District.

The committee's projected short-term study is expected to be key to a possible spring vote on some proposal to provide more general fund revenue.

FIRST LADY WELCOMED—Mrs. Lyndon B. Johnson, arriving with the President for the opening concert of the National Symphony Orchestra's season, is welcomed by Van Cliburn, piano soloist at

last night's affair in Washington. Dr. Howard Mitchell, symphony director, is between the two as Mrs. William H. Sullivan, president of the Daughters of the American Revolution, greets the President.

Five Detroit Youths Nabbed, Linked to Auto Theft Ring

Wixom police and Oakland County sheriff's deputies last night and early today took into custody five Detroit youths, cracking a suspected stolen-car ring.

Held at the Oakland County Jail on \$2,500 bond each following arraignment for possession of stolen autos are Charles Reed, 20; his brother, Danny Reed, 18; Ray Daniels, 21; William Justus, 21; and Joe Blankenship, 18.

The Reed brothers, Daniels, and Justus were arrested at their homes yesterday on warrants.

Wixom Justice Elwood Grubb scheduled their preliminary examination for Oct. 21.

WAIVED EXAM
Blankenship, said by Young to have been caught by State Police troopers yesterday on I-696, waived examination and was bound over by Grubb to Circuit Court for trial.

Young credited success of the investigation to efforts by State Police, Sterling Town-

ship authorities, and police in several areas of Macomb and Wayne counties.

He said 24 cars — most of them 1966-model two-doors with four-speed transmissions — had been reported stolen from plant parking lots throughout the three-county metropolitan area since about Sept. 20.

The stolen automobiles, which

Young said have all been recovered, were then taken to various locations in western Oakland County and stripped, usually in a partly-hidden wooded area.

Taken from the cars in the stripping operation, according to Young, were transmissions, power train components, electrical systems and "practically anything usable."

4,000 GIs Arrive

McNamara in War Zones

SAIGON, South Viet Nam (AP) — U.S. Secretary of Defense Robert S. McNamara toured quiet battle sectors of South Viet Nam today as 4,000 fresh American combat troops arrived in the country.

The new troops, the last contingent of the 4th Infantry Division, brought the American force in Viet Nam to 325,000 men.

As the buildup continued, ground fighting subsided into small skirmishes.

But on the political front dissension flared between northerners and southerners in Premier Nguyen Cao Ky's cabinet.

Five civilian ministers from the Mekong Delta were reported threatening to resign.

LEAVE TROOPSHIP
The 4,000 fresh American combat troops, comprising the "Ivy" Division's 3rd Brigade, began coming ashore from a troopship at Vung Tau, 40 miles southeast of Saigon.

Their arrival brought the division to full strength, making it the fourth complete U.S. Army division in Viet Nam.

In addition to the 325,000 American soldiers in Viet Nam, there are nearly 42,000 troops from five other allied nations and some 705,000 South Vietnamese under arms.

U.S. strength is expected to reach between 370,000 and 400,000 men by the end of this year.

McNamara, after two days of military briefings in Saigon, flew to Phu Cat, the case in the central coastlands for the U.S. 1st Cavalry's Operation Irving, which has given the allies the war's biggest bag of North Vietnamese and Viet Cong prisoners.

Maj. Gen. John North, the 1st Cavalry's commander, briefed McNamara on the operation, in which South Korean and South Vietnamese troops are also taking part.

Housewives Angry

He Saw Too Much!

RICHMOND, Va. (AP) — "Woodsmen, spare that tree!" may be an old saw but a group of suburban housewives found out that it doesn't cut like the gasoline-powered kind.

These days a good power saw can level a 30-year growth of woods before nature lovers can even get a hearing.

When such a sawer showed up yesterday and began ripping into a grove of pine trees in a quiet Henrico County neighborhood, Mrs. Walter Hyer Jr. and some of her neighbors were incensed.

Since the grove borders the Tuckahoe Elementary School, they called the principal to protest.

A secretary referred them to the county school superintendent, but he was in court.

IN THE WAY

A call to Henrico Supervisor L. Ray Shadwell Jr. yielded a reply that the trees were a school board matter.

It seemed there was to be an addition to the school and the trees were in the way.

Finally, somebody called State Sen. William F. Parkerson Jr., who lives in the neighborhood, and he arrived at the site with the architect for the school addition, Macon G. Norman.

There, surrounded by the neighborhood women, they discovered a 40-foot error in the plans for the project. The trees didn't have to be cut after all. But by that time dozens already were.

Would Mean 10 Pct. Boost for Pensioners

\$100 Minimum Urged for Monthly Checks; Target Date Is 1968

BALTIMORE, Md. (AP)—President Johnson outlined today a broad blueprint for at least \$2.2 billion of increases in Social Security pensions. Under his proposal, the average pensioner would get an additional \$8.50 or more a month.

The President said he wants Congress to approve average benefit increases of at least 10 per cent. And he proposed minimum monthly checks of \$100, compared with the present \$44.

Some Republicans, noting Johnson made his announcement less than a month before the Nov. 5 election, accused him of playing politics. But many Congress members from both parties said Social Security benefits should be expanded.

None of the hikes would take effect until Jan. 1, 1968 — another election year.

Johnson sketched out his proposals — details will go to Congress in January — at a Social Security awards ceremony here.

FIRST STOP

The federal pension program, which ships monthly checks to 22 million Americans, has its headquarters in Baltimore.

Maryland's largest city was the first stop on a two-day presidential tour that will have awowedly political aspects.

Johnson was bound for New York City and the annual Columbus Day parade — plus some speech-making urged upon him by Frank O'Connor, the Democratic candidate for governor, and Democratic House members seeking reelection.

Not Quite So Cool in the Area Tonight

Sunny and a little warmer is the forecast for Pontiac area residents.

The weatherman predicts partly cloudy and not so cool with lows of 42 to 46 tonight.

Mostly sunny with little temperature changes, highs ranging from 64 to 68, is tomorrow's forecast. There's a chance of a few showers Friday.

Today's westerly winds at 8 to 16 miles per hour will become light variable tonight.

Thirty-seven was the low reading in downtown Pontiac prior to 8 a.m. The thermometer registered 54 at 1 p.m.

Armed Bandits Hit Fortino's

Masked Pair Take Cash and Valuables

Two masked bandits armed with a sawed-off shotgun and a chrome-plated revolver tied up four persons at a Pontiac restaurant early today and escaped with \$400 in cash and valuables.

Also taken — but recovered by Pontiac police shortly after the holdup — was a late-model car belonging to one of two customers in the restaurant's bar.

The robbers, one wearing a silver Halloween mask and the other shrouded in a hood, came into Fortino's Steakhouse at 1250 W. Wide Track about 12:50 a.m., police were told.

Joseph Fortino, owner of the restaurant, said one of the bandits told Fortino, a waitress and two patrons, "Get down on the floor on your faces and don't look up or we'll kill you."

Fortino was then forced to open the cash register at the bar, turning over \$335 cash to the robbers.

CUSTOMER ROBBED

After relieving Robert Grange, 57, of 91 Wall, a customer, of \$15 and a watch valued at \$15, the two men then tied the four (Continued on Page 2, Col. 5)

Road Crashes Claim Lives of 2 in Area

Two accidents, one in Farmington Township yesterday and one in Troy today, claimed the lives of a 16-year-old Plymouth boy and a 26-year-old Troy man.

Detroit State Police said Artie Pack Jr., 16, of Plymouth was trapped and burned to death in the cab of a rubbish packer truck after it collided with another truck at 5:05 p.m. yesterday at the corner of Eight Mile and Haggerty.

Arthur A. Truskowski, 26, of 6633 Livernors, Troy, was dead on arrival at St. Joseph Mercy Hospital following an accident at 3:23 a.m. today at E. Square Lake near Rochester in Troy.

Troy police said Truskowski apparently fell asleep in his car and hit a tree.

State Police said Pack was trapped in the cab of a truck driven by Frederick W. Collier, 28, of Belleville. Collier was taken to the University of Michigan Hospital.

The driver of the second truck, Donald M. Carless, 23, of Plymouth was not injured.

Newspapers make a BIG difference in people's lives.

MAKING Pontiac Reluctant To Approve Area Sewer System Plan

City of Pontiac officials will answer a loud "no" to the second request to join Oakland County's proposed Clinton-Oakland Sewerage Disposal System.

According to discussion at an informal meeting Monday, the City Commission is to continue its plans "to go it alone" in construction of a sanitary trunk sewer on Pontiac's northeast side.

Taylor Reviews Taubman Plan

(Continued From Page One)

million dollar "good faith" deposit to the city had been made. As part of the regular agenda, the City Commission last night received two letters, one from the Pontiac Area Urban League and another from the Oakland County chapter of the National Association for the Advancement of Colored People (NAACP).

LETTER READ
Signed by Charles M. Tucker Jr., president, the NAACP letter was read. It asked that a statement made at the public hearing on the Taubman plan agreement by a NAACP spokesman be included in the commission's official minutes.

Tucker reiterated an NAACP request for representation on the city's Citizens' Improvement Advisory Council and the downtown liaison committee.

Meantime, the Urban League letter, which characterized the commission's okay of the Taubman agreement as a "farce," was not read.

Taylor said this was because the letter had been released to news media prior to being sent to the commission.

SPECIAL SESSION
At a special meeting of the Urban League board of directors last night, called regarding the letter sent to the commission, board members Charles F. Brown, Theodore B. Bloom, Dr. James Delevoy and Harry J. Reed protested the "abusive" tone of the letter.

The letter, composed by the executive committee of the league and signed by league President E. Eugene Russell, strongly rebuked the City Commission for failing to heed public sentiment expressed at the Sept. 27 public hearing on downtown redevelopment.

Ernsting the letter were Rabbi Elmer J. Conrad, Mrs. Laura Delevoy and several other members. No action was taken on the letter.

The trunk sewer, known as the Galloway Creek Trunk, would parallel the future Clinton-Oakland interceptor in the northeast corner of Pontiac.

The Oakland County Department of Public Works has wanted Pontiac to reconsider its decision to drop out of the interception system, which is to serve seven Pontiac area communities to Waterford Township to Avon Township.

A recent letter from County DPW Director R. J. Alexander asked for the city's reconsideration on the basis that the participating communities appear ready to move ahead on the sewer line.

NOT APPROVED
Alexander said yesterday that only Avon Township has not approved its contract for the \$28.6-million interceptor.

He said the various contracts were being rewritten to meet some of the objections raised by the township, including a slight redistribution of the cost.

Alexander expected that signed contracts from all the proposed participants would be placed before the city again in two-to-three weeks.

However, as it stands now, barring reconsideration by Pontiac, the contracts will again have to be redrafted and approved by the remaining municipalities.

ULTIMATUM GIVEN
Earlier this year, the city handed Alexander a 45-day ultimatum to get the Clinton-Oakland contracts approved and the sewer project under way.

Pontiac dropped out when the deadline passed and all the contracts had not been signed.

City officials have gone ahead in drawing up plans for the Galloway Creek sewer, feeling that sewer service as soon as possible is imperative for development of an estimated 1,900 acres in the northeast corner of the city.

Truckload Falls on Man

A General Motors Truck & Coach Division motorist was injured critically yesterday when a load of plywood fell on him in the plant.

The victim, Ralph Moorehead, 28, of 3521 Gerald, Avon Township, was admitted to St. Joseph Mercy Hospital following the accident.

The plywood was being transported on a fork truck when the stack shifted and toppled onto Moorehead, according to a company spokesman. Moorehead was not operating the truck.

3 PRINCIPALS IN TRIAL — State Sen. Bernard F. O'Brien Jr. and his wife, Mary Louise, are shown during a recess in his morals trial. He is charged with soliciting Michigan State University coeds to pose for nude pictures. Two of the students—Christine LaFosse, 20, of Honolulu and Linda Oulcalf, 19, of Ann Arbor (background)—gave testimony yesterday.

'Peking Sure It Can Win With Force'

UNITED NATIONS, N.Y. (AP) — Nationalist China declared today that peace will not be restored in Viet Nam "until the Communist aggressors are convinced that they cannot win with force."

"At present they are not so convinced," Ambassador Liu Chieh said in a policy speech prepared for delivery before the 119-nation U.N. General Assembly. "On the contrary, they believe that they are already halfway to victory."

Liu asserted that neither North Viet Nam nor Red China want a political solution in Viet Nam.

"The only language they understand is the language of force and violence," he declared.

TOPIC OF MEETING

Viet Nam was the chief topic discussed in a 50-minute meeting last Tuesday between British Foreign Secretary George Brown and Soviet Foreign Minister Andrei A. Gromyko.

Brown told newsmen the talk was "very very good and friendly and very frank, and I mean very frank."

It was the second meeting for the two ministers in three days.

Charge Foils Cong Ambush

In the first 15 seconds, the U.S. Marines took heavy casualties — and fought back.

"We messed them up, I guess, because they expected us to run, and my gangsters don't work that way. They just ran the hell in to them," said Sgt. Clovis Giffman, 34, of Richmond, Va. "We charged and broke their skirmish line."

The Marine reconnaissance platoon had been in the field two weeks, observing enemy movements and gathering intelligence about 10 miles south take any votes today because a broad proposal for government financing of presidential campaigns.

O'Brien Likely to Testify Today in His Morals Trial

LANSING (AP) — The morals trial of Democratic State Sen. Bernard F. O'Brien Jr. continues today, with O'Brien likely to take the stand.

As the defense prepared to continue introducing its 20 or more witnesses, O'Brien said he would testify and attempt to refute charges that he asked a 22-year-old college coed to pose for nude photographs and engage in sexual intercourse.

The girl, Marion Lukens of Santa Ana, Calif., a senior at Michigan State University, charged O'Brien with soliciting such acts and with being a disorderly person.

Each charge is a misdemeanor or carrying a maximum penalty of a \$100 fine and 90 days in jail. Ingham County Prosecutor Donald Reiss said O'Brien, for technical reasons, could be convicted of no more than one of the charges.

CHARGES FRAME-UP
O'Brien contends in statements to newsmen he was "framed" by an "insurance lobby" which opposed two bills he introduced in the Senate.

O'Brien, a freshman Democrat from Detroit, was defeated in the August primary election.

Defense attorney John O'Connell said Tuesday the trial probably will continue beyond today. He said he will call witnesses to vouch for O'Brien's character and testify that the senator was at his office at the time Miss Lukens charges the illegal solicitations were made.

A Lansing Township Justice Court jury of three men and three women is hearing the case.

Tuesday's testimony dealt, in an apparent defense attempt to discredit Miss Lukens as a witness, with a rape accusation the girl made two years ago against an Air Force officer.

"VOLUNTARY ACT"
The officer, Capt. Donald H. Osterhout, 34, of Lockport, AFB, Columbus, Ohio, took the stand Tuesday. He said he had had sexual relations with Miss Lukens, but testified she submitted voluntarily.

Miss Lukens testified Monday she had gone with Osterhout against her will from an officers' club on the base to the Columbus motel where the incident occurred.

Also testifying Tuesday was Lt. Col. James Dupler, who, at the time of the incident, was staff judge advocate at the base. Dupler said he interviewed Miss Lukens at the time and quoted her as saying Osterhout had used "no force physically."

Dupler said his investigation disclosed "insufficient facts to warrant formal charges."

Earlier Tuesday William Wilkie, 28, an MSU employee, testified he saw O'Brien and Miss Lukens in a parked car on the campus May 27 and wrote down the auto's license number.

The House has agreed not to intelligence about 10 miles south take any votes today because a broad proposal for government financing of presidential campaigns.

Birmingham Area News

Water Tower to Be Fenced In

BLOOMFIELD TOWNSHIP — A fence will be constructed around the water tower at Maple and Lahser in an attempt to prevent further incidents such as the one last month in which a 14-year-old boy was killed in a fall from the tower.

The Township Board Monday night awarded a contract to the U.S. Steel Co. for \$1,011 to put up the fence.

"It's hard to get up to the tower now said Township Clerk Deloris V. Little, "but we feel it is a good idea to take every precaution possible."

Fourteen-year-old Anthony Mitchell, 420 Martell, Bloomfield Hills, died after falling from the 136-foot tower on Sept. 20.

In other action Monday night, the board passed a resolution denying a claim against the township.

HOUSE FELL
Mrs. Little said a suit was filed against the township when the wall of a house under construction in Bloomfield Village collapsed as the result of water draining down a hill.

She said that drainage was not handled properly in the plans at construction of a new school at Covington and Quarten.

"This is the school's responsibility," she said, "and our attorney recommended denying the claim."

Boys from Birmingham and a Bloomfield Hills participated in the All-Indiana Camporee this weekend at Slony Creek Metropolitan Park.

A first place prize in the Dakota observation game was awarded to Birmingham Troop 1027 and a second place award went to Bloomfield Troop 1035.

Archery and buffalo roping contest awards were given to Charles Schwarzwald of Bloomfield Troop 1047, Greg Kamp of Birmingham Troop 1029 and Jim Nelson of Birmingham Troop 1027.

Israel, Jordan
Exchange Shots
TEL AVIV, Israel (AP) — Israeli and Jordanian forces exchanged fire for 20 minutes today after an Israeli army patrol strayed into Jordan's territory during an early morning gun, an Israeli military spokesman announced.

He said one Israeli soldier was wounded in the border clash near the Mejamei settlement southwest of Afulah, and that Israel had reported the incident to the U.N. Jordan-Israel Armistice Commission.

8 Organizers
Being Sought
by County OEO
The Oakland County Commission on Economic Opportunity is seeking to hire eight additional neighborhood organizers to work with low income families in poverty areas of the county.

A salary range of \$4,200 to \$5,400 is specified for the jobs which are open to both men and women.

Areas where new organizers are needed include the McConnell School area in Pontiac or a resident of Pontiac's Spanish-speaking community.

Others are Highland Township, Royal Oak Township, Hazel Park, Royal Oak-Farmdale, Clawson and Novi-Farmington Township.

Applications are available at the anti-poverty program's central office, 1 Lafayette.

ME A Voted In
DEARBORN (AP) — The Michigan Education Association announced Tuesday that teachers in two school districts had named the association as bargaining agent with school boards. Dearborn 8 voted 135-93 for the association and Lincoln Park voted 260-240. In each case, the teachers turned down the Federation of Teachers.

They pointed out that many Americans did not realize Dengler had been shot down in Laos and mistreated by the Communist Pathet Lao — not the North Vietnamese.

Whatever
He Writes
Is Wrong
A bad-check suspect is held in the Oakland County Jail following his arrest by Southfield police yesterday.

In the suspect's possession when taken into custody, according to police were:

- Twenty handmade drivers' licenses from seven different states.
- Fifteen license plates for cars, trucks, and boats, from the same states.
- "Official" rubber stamps bearing the names of six different firms.
- Blank checks drawn on 20 banks purported to be in California, Illinois, Ohio, Wisconsin, Texas, Indiana and Missouri.

Southfield authorities said a description of all the confiscated items had been sent via teletype to the Federal Bureau of Investigation for an interstate check.

Left bound on the floor were disks Fortino and Grange were Daisy Fortino, 36, of 40 Murphy, a waitress; and Lawrence B. Thomas, 22, of 809 Northfield, the second patron.

The bandits were described as "probably white," each about 1400 pounds, 165 pounds. One wore a Chicago area full-length black topcoat, and the other a dark jacket, police were told.

State Campaign Trail Rocky for 2 Hopetuls

By the Associated Press
Michigan's two candidates for the U.S. Senate, campaigned at opposite ends of the state Tuesday, each having less than highly successful days.

Democrat G. Mennen Williams began his day at Alpena where he was greeted at the city airport by a group of Young Republicans bearing banners promoting his opponent Republican Sen. Robert Griffin.

At Sault Ste. Marie later in the day, Williams was greeted by cold wind, rain and even fewer Democrats than at Alpena. Some 80 guests braved the bad weather to appear at a dinner in the Sault Ste. Marie Armory which had been set up for 250 persons.

FRIENDLY TERRITORY

Williams planned to leave Republican country today for friendly territory, flying to the Democratic strongholds of Menominee, Escanaba and Marquette.

Meanwhile, Griffin drew friendly but not overly enthusiastic response in one of Williams' old campaign stomping grounds—Detroit's historic Broadway Market.

Griffin strolled through the market shaking hands with the lunchroom crowd and stopped in at food shops and counters selling such delicacies as pastarami, papaya juice and peanut butter.

At one point, two men, identifying themselves as independents, questioned the senator but remained, they said later, unconvinced of Griffin's views.

VIET NAM IDEAS

Questioners seemed particularly interested in the Republican's ideas concerning the Viet Nam war. Griffin told them: "I think we should emphasize the use of air and sea power, getting our so-called allies to put up more ground troops. I don't think it makes sense for the United States to provide all the land troops."

Another Republican, House Minority leader Gerald R. Ford of Grand Rapids, also called for more support from American allies in Asia Monday at a luncheon speech in his home town.

"We are engaged in a great crisis in Southeast Asia. We're attempting to meet aggression head-on, and you would think some of these nations would join us in the conflict," Ford said.

Zolton Ferency, Democratic candidate for governor, told a group of retirees in Detroit Tuesday the aged are shouldering a tax burden "far out of proportion to the rest of the American economy."

He said Gov. George Romney "has shirked his responsibilities in this area and has even thwarted advancements toward a better life for our senior citizens."

PRESS RELEASES

Meanwhile, Lawrence Lindemer, Republican candidate for attorney general, told University of Michigan Law School students Tuesday night that an attorney general must "subordinate (his) interest in press releases to effective enforcement of the law."

Lindemer said Democratic Atty. Gen. Frank Kelley "has

Newsman Surveys Inez Mexico Binge

(EDITOR'S NOTE—Associated Press newsmen Gary Garrison, flew over the Tampico, Mexico, area Tuesday for a look at the destruction by Hurricane Inez, which had moved inland 24 hours earlier.)

By GARY GARRISON
BROWNSVILLE, Tex. (AP) — The destruction was terrible and complete.

Our plane couldn't land, but the littered, twisted path of Hurricane Inez through the rich farmlands north of Tampico was clearly visible.

Her grotesque footprints led from the blue waters of the Gulf of Mexico for 100 miles to the west, where she tore herself to pieces in the rugged Sierra Madres.

Fields were littered with pieces of tin from roofs, portions of homes and even a small airplane, twisted as if made of cardboard.

COVERED BY DEBRIS

The runway at the Tampico Airport, like much of the surrounding area, was covered by debris and water.

Gonzalez, a tiny community northwest of Tampico, was heavily hit. Huge cotton gins, constructed of tin and steel, lay crumpled like broken toys.

Tall palm trees were felled, cotton fields were underwater, homes were unroofed, trucks overturned and moored airplanes pitched around by the 15-mile-an-hour winds. Ambulances were parked

around the town as the town dug out from the storm.

ROARING RIVERS

Once-peaceful rivers roared at high speed.

Where the muddy water of the Rio Soto La Marina emptied into the gulf, an ever-increasing circle of brown fanned out into the blue waters.

It was near the mouth of the river, about 100 miles north of Tampico, that Inez went inland. From the air one could trace the hurricane's route by the swath of downed palm trees.

The area's rich cotton crop appeared almost a total loss. Much of it was underwater.

FLOODED ROADS

Roads were inundated, particularly in the rural areas.

Near Tampico, the Tampico-Ciudad Mante highway was open and filled with traffic as rescuers moved in to aid the thousands left homeless and marooned.

In Tampico, a Gulf port city of 200,000 persons, between 1,500 and 2,000 homes were reported destroyed and the city was without lights, water and telephones. The city was virtually ringed with flooded fields, but traffic in the harbor channel moved freely.

The Mexican ministry of national defense said it had no confirmed reports of deaths. Some estimates of the damage in the stricken area exceeded \$50 million. About 350,000 bales

of cotton, valued at more than \$44 million, were believed destroyed.

Motorist Killed

DEARBORN (AP) — A car whipped out of control and added into a ditch Tuesday in Dearborn, killing the driver, Leroy H. Atwell, 38, of Garden City.

Itch of Piles Get Relief Now

(Advertisement)
Millions of sufferers in the last 40 years have found a way to fast relief from itching and smarting of piles. They use a delightful cooling soothing astringent formula — PETERSON'S OINTMENT. No wonder one sufferer writes, "The itching and smarting were relieved, and I slept all night. PETERSON'S OINTMENT is marvelous." Etc. all druggists. Be delighted or money back.

PATH OF DESTRUCTION — Only twisted wreckage remains of what was a cotton gin in Gonzalez, Mexico. The facility was hit with the full strength of Hurricane Inez, which roared through this area Monday.

Status of Major Legislation

WASHINGTON (UPI) — Status of major legislation:

ECONOMY — President proposed two steps aimed at curbing inflation. One would suspend for 16 months the 7 per cent investment tax credit originally voted to spur expansion.

The other would suspend for the same period the speeded-up depreciation on real property. House: approved bill sweetened with some modifications. Hearings completed. Consideration under way.

LABOR — **RIGHT-TO-WORK** — President asked for repeal of section 14B of the Taft-Hartley Act, under which 19 states have outlawed union shop contracts between management and unions. House: approved. Senate: filibuster blocked action, repealer dead for this session.

UNEMPLOYMENT — **COM-PENSATION** — Johnson asked Congress to liberalize and make uniform unemployment compensation payments in the states. House: passed bill leaving out key provisions to get federal standards for paying benefits.

Senate: approved bill restoring benefit standards but eliminating coverage of 1.2 million small firm employees added by House. Chances of final enactment dim.

WELFARE — **POVERTY** — President asked and both houses approved \$1.75 billion extension of the two-year-old war on poverty program. House bill imposed more re-

strictions on use of funds and administration of programs than Senate. Negotiations under way to draft a compromise version.

CIVIL RIGHTS — **HOUSING** — President's omnibus civil rights request would outlaw racial discrimination in the sale or rental of housing; seek fair selection of state and federal court judges; provide new legal protection against violence directed at Negroes and rights works; and give the justice department new power to seek school and public facilities desegregation.

House: approved after amending housing section to exempt single family and owner-occupied apartments under five units, and outlawing "blockbusting." Senate: Judiciary Committee approved a revised bill, prospects clouded.

HOME RULE — Administration has requested legislation to permit Washington, D.C., to elect its own local government.

Senate: approved. House: approved differing version, requiring vote of citizens on home rule the two bills have failed.

CONSERVATION — **POLLUTION** — Senate Public Works Committee exceeded administration plans, approved 5.9 billion, five-year program for cleaning up major waterways. House: approved \$2.3 billion, four-year program. Conference trying to compromise.

WILD RIVERS — Senate has approved Johnson's request to preserve the wilderness setting of seven rivers.

House: chairman of Interior Committee said the bill will not be considered this year.

Envoy to Speak

EAST LANSING (AP)—Vasco Leitao de Cunha, Brazil ambassador to the United States, will address the Midwest Council of the Association for Latin American Studies at East Lansing Oct. 20.

"...you'll be a Man, my son!"

RUDYARD KIPLING

Rudyard Kipling appreciated better than most the making and meaning of a man.

And if he were alive today, he'd undoubtedly have applied the famous quote above to America's newspaperboys.

By faithfully delivering the news day-in-and-day-out, fair weather or foul, a newspaperboy learns responsibility at an early age.

He learns enterprise. Dedication. Dependability. How to fill an important place in the community.

And he learns the value of money and saving, too... and of looking ahead to the future. That's why many a newspaperboy develops the habit of buying U.S. Savings Bonds regularly. Maybe to help put himself through college someday.

More than that, newspaperboys have done their communities and their nation a

real service since 1941, not only by buying Bonds themselves, but by helping to promote and sell Savings Bonds and Stamps, too.

The nation's brothers and dads in Viet Nam thank you. The Treasury Department and Uncle Sam salute you. And someday, when you're a Man, my son... you'll thank yourself for having been a newspaperboy.

NOW—
Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

Buy U.S. Savings Bonds

Dairy Herds Are 'Udderly' Disappearing

Oakland County's dairy farming activity is only about one-third of what it was eight years ago, a state Department of Agriculture veterinarian said yesterday.

Speaking to the cooperative extension service committee of the County Board of Supervisors, Dr. Charles Felling cited a substantial drop both in dairy herds and the dairy cattle population.

He said that eight years ago the number of herds was 736 with 14,637 cattle. The herd count now is only 277 with 4,299 cattle.

This downward trend in dairy farming is falling, but above average in Oakland County because of the rising demand for acreage.

Area Collision Hurts Woman

Injured when her car collided with another automobile yesterday, a Mt. Clemens woman is listed in fair condition at St. Joseph Mercy Hospital.

Mrs. Bill Perryman, 30, suffered lacerations in the accident, which Oakland County sheriff's deputies said occurred at the intersection of Opdyke and Featherstone in Pontiac Township.

Deputies said Mrs. Perryman's vehicle collided with a car driven by Frank Geler, 45, of 2459 Mann, Waterford Township.

The impact drove Geler's car into a bus, empty except for the driver, John W. Murphy, 33, of 80 S. Marshall.

Both men escaped serious injury, as did one passenger in Geler's car and three passengers in Mrs. Perryman's automobile.

Troy Girl Hurt by School Bus

Veronica Devine, 8, of 425 E. Big Beaver, Troy remains in serious condition today in William Beaumont Hospital, after being struck yesterday by a school bus.

She sustained a brain concussion at 7:30 a.m. as she attempted to cross 16 Mile Road near her home to meet the east-bound Guardian Angel school bus. She was struck by a west-bound Troy school bus.

Ninety-eight per cent of Turkey's more than 30 million inhabitants are of the Islamic religious faith.

City Man Gets Prison Term

A Pontiac man was sentenced yesterday to 1 to 4 years in the state prison at Jackson for felonious assault in the shooting of a co-worker in January.

James Daugherty, 24, of 911 Wall pleaded guilty to the charge last month in Oakland County Circuit Court, six weeks after being returned from Chicago where he was apprehended by the FBI.

Daugherty jumped a bond while waiting to stand trial for the shooting of Richard Leverette, 30, of Detroit. Both worked at the GMC Truck & Coach Division in Pontiac.

Leverette suffered leg wounds when he was struck by pellets after being ordered out of his car by Daugherty at the intersection of Opdyke and E. South Boulevard, Bloomfield Township. No explanation was given for the shooting.

The prison term was ordered by Judge William J. Beer.

Girl Sought in Brawl Case

A bench warrant was issued yesterday for the arrest of a Pontiac girl who failed to appear for scheduled trial on a charge of malicious damage to a police car.

Glenn J. Harris, 19, of 58 Wall had been freed on \$100 personal bond when arraigned following a brawl between Pontiac police and a crowd at a drive-in restaurant Sept. 1.

Judge Cecil B. McCallum ordered the warrant after the girl did not return for trial scheduled in Municipal Court yesterday.

Tools Stolen at Building Site of City Church

Burglars who broke into a church building under construction early yesterday took assorted power tools valued at more than \$700, Pontiac police were told.

Site of the break-in was St. James Methodist Church at 465 W. Kennet, being worked on by the Cole Construction Co. of Detroit.

Police said thieves entered the building and then pried open a closet, removing several drills, sanders and grinders.

Man Pleads Guilty to Market Break-In

A man accused by Pontiac police in connection with break-in at a city market entered a plea of guilty yesterday in Municipal Court.

Clarence E. Douglas, 23, of 449 S. Edith admitted possessing stolen property of under \$100 value.

Judge Cecil B. McCallum set sentencing for Oct. 17. Douglas was arrested Oct. 3 after a burglary at People's Market, 100 Bagley.

Contract Given

WASHINGTON (AP)—Award of a \$6.4-million Army contract to Continental Motors, Muskegon, Mich., for 15,500 engine assemblies for quarter-ton utility trucks was announced Tuesday by Sen. Philip A. Hart, D-Mich.

Loud, Loose Dogs Face Law's Bite

WOLVERINE LAKE — A "get tough" policy will go into effect this week. Those who allow their dogs to roam loose or dogs creating a disturbance by barking late at night.

Village President Oscar Fritz said that dogs allowed to roam loose will be picked up and owners of dogs disturbing the peace will be ticketed.

"We have given the people warning after warning and it hasn't done a yep," he said, "so we have to start using stiffer measures."

Deaths in Pontiac, Nearby Areas

Thomas M. Agorionitis
Thomas M. Agorionitis, 15-year-old son of Mr. and Mrs. Tom Agorionitis of 2824 Pauline, Waterford Township, died yesterday after a long illness.

His body is at the Donelson-Johns Funeral Home.

Thomas was a member of St. Andrew Episcopal Church, Waterford Township.

Surviving besides his parents are a sister, Patricia L., and a brother, Mark S., both at home. OBIT

Mrs. Preston Barbour

Service for former Pontiac resident Mrs. Preston (Gladys) Barbour of Escondido, Calif., will be 10 a.m. tomorrow at the Cypress View Mausoleum in San Diego, Calif. She died yesterday.

Mrs. Barbour, a member of the Order of Eastern Star, Chapter 228, had owned and operated the former Beauty Centre in Pontiac.

Surviving besides her husband is a brother, Charles Watson of Escondido.

Mrs. Joe Felice

Requiem Mass for Mrs. Joe (Rose) Felice, 82, of 281 Dick will be 10 a.m. Friday at St. Benedict Catholic Church with burial in Mount Hope Cemetery. The Rosary will be recited at 8 p.m. tomorrow in Donelson-Johns Funeral Home.

Mrs. Felice, a member of St. Benedict Church, died yesterday after a brief illness. She had also been active in the Italian-American Club Auxiliary and the Altar Society of her church.

Surviving are her husband; two sons, Paul J. and Jim, both of Pontiac; three daughters, Mrs. Sam Calabrese, Mrs. Giulia Bernero and Mrs. Rudolph Portino, all of Pontiac; 19 grandchildren; and a great-grandchild.

Also surviving are two sisters, Mrs. Theresa Felice of Pontiac and Mrs. Giovanna DeLuca of Windsor, Ont.

Muriel Parmelee

Word has been received of the death of former Pontiac resident Muriel Parmelee, 69, of Parma, Ohio. She was from the Mallick Funeral Home, Parma, with burial in Crown Hill Memorial Park.

Mr. Parmelee, a former employee of Michigan Bell Telephone Co. in Pontiac, died Oct. 7 after a long illness. He was a member of the American Legion.

Surviving are his wife, Esthelle, a son, Jack of Waterford Township; a grandchild, a brother, Vern of Waterford Township; and a sister, Mrs. Milton F. Cooney of Clarkston.

Mrs. Elsie M. Parrotte

Requiem Mass for Mrs. Elsie M. Parrotte, 84, of 791 Melrose will be 11:30 a.m. Friday at St. Michael Catholic Church with burial in Mount Hope Cemetery. The Rosary will be recited at 7:30 p.m. tomorrow in Donelson-Johns Funeral Home.

Mrs. Parrotte, a member of St. Michael Church, died yesterday after a long illness.

Surviving are a son, Raymond Heiligenberg of Pontiac; four daughters, Mrs. Cecil Duester, Mrs. Eva Beaupre, Mrs. John Schatzky, and Mrs. Fred Huber, all of Pontiac; 17 grandchildren; and 22 great-grandchildren.

Lanny R. Treadway

Service for Lanny R. Treadway, 12-year-old son of Mr. and Mrs. Glen Treadway of 2340 Ternessa, Waterford Township, will be 11 a.m. tomorrow in Sunnyvale Chapel, Waterford Township, with burial in Crescent Hills Cemetery, Waterford Township, by the Coats Funeral Home.

Lanny died yesterday after a long illness. He was a member of Sunnyvale Chapel.

Surviving are his parents; a sister and brother, Laura and Dale, both at home; and grandparents Mr. and Mrs. Floyd Sinkler and Mr. and Mrs. Thurman Treadway, all of Pontiac.

Garage Blaze Ruins 2 Cars

Two cars, worth an estimated \$400, were destroyed early today in a garage fire at the Earl R. Hall home, 741 Gertrude, Waterford Township.

Confined to the garage, the fire erupted shortly before 5 p.m., according to township fire fighters who remained at the scene for nearly 1½ hours.

Destroyed were 1959 and a 1960 model cars. The extent of damage to the brick garage, which is attached to the home, was not immediately known.

Cause of the blaze is being investigated.

City Fire Loss Climbs

A \$125,000 blaze which swept a Pontiac auto dealership Sept. 11 has pushed damage figures for the year higher by 40 per cent, according to a Pontiac Fire Department report.

The fire — at John McCulliffe Ford, Inc. — boosted total residential and commercial damages for 1966 to \$310,000.

This is nearly \$26,000 less than through September 1965.

The report, submitted by Fire Chief James R. White, also showed an increase of 16 fire calls in September over the figure of 193 recorded for August.

The decline in monetary damage has been accompanied by a reduction in personal injuries, according to the report.

SIX INJURED
Six persons required medical treatment resulting from fires in the first nine months of 1966, compared to 13 in a similar period of 1965.

The report noted only a small difference in the number of false alarms. Of a total 1,893 emergency runs up to the end of September, 322 were in response to false alarms.

Last year the ninth-month figure was 319.

A decrease in fires in buildings was offset, the report showed, by a rise in the number of brush and grass fires reported.

Firemen handled 233 building fires through September of this year compared to 286 in the comparable period of 1965.

The number of grass and brush fires so far in 1966 is 182, however, as against 127 for the first nine months last year.

Waterford Group Backs Fire Dept. Millage Plan

Before one of the largest turnouts in its 5½ year history, the Greater Waterford Community Council (GWCC) last night endorsed the township fire department's millage proposal to be decided in the Nov. 8 election.

During parts of the three-hour meeting, in which about 20 political candidates gave brief speeches, more than 140 persons were in attendance in the Pierce Junior High School cafeteria.

The GWCC gave its support to the fire department proposition following a talk by Township Fire Chief Lewis Goff.

The firemen seek a one-mill levy extending over a 10-year period to finance the purchase of fire hall sites, motor vehicles and fire fighting equipment and to maintain vehicles, equipment and fire stations.

Besides the candidates, Michigan State University Trustee C. Allen Harlan of Birmingham and Kenneth VanNatta, Oakland County director of parks and recreation, spoke.

Harlan, an advocate of the 18-years-olds' right to vote, told the audience these youths should be granted suffrage because of their interest and knowledge of the issues and because they are old enough to fight for their country.

VanNatta explained the council's millage proposal (¾ mill for a five-year period) for establishment of a park system, previously endorsed by the GWCC.

Orion Youth Fined for an Illegal Entry

A 19-year-old Orion Township youth was fined \$50 plus \$10 court costs yesterday after pleading guilty to a reduced charge of entering without permission Dillman's Norgie Equipment City, 932 W. Huron, Waterford Township, Oct. 4.

Appearing at his examination before Waterford Township Justice Kenneth Hempstead, Brian E. Hendrix of 860 Beardon had been charged with breaking and entering before pleading guilty to the misdemeanor.

Hendrix was arrested in Dillman's by Waterford Township and Keego Harbor police Oct. 4 after a m.p. 10 y.o.s arriving for work noticed a window had been broken.

Group Urged to Study Tot's Crib Deaths

An Independence Township couple is interested in forming a Pontiac area affiliate of the newly organized Michigan Association for Sudden Infant Death Study.

Consisting of about 20 members, the organization was formed by a group of parents because of the unexpected deaths of their babies from sudden death syndrome or crib death.

The group meets in Livonia the last Friday each month, according to members Mr. and Mrs. David Mott of 5088 Frankmill, Independence Township.

Purpose of the association, according to the Motts, is to help bereaved parents, educate the public to the seriousness of the disease and promote a research program.

Membership is not limited to persons who have lost a child to crib death, Mrs. Mott said. She added new members are welcome.

Debate Set on Vote at 18

The Oakland County Young Republican Club will sponsor a debate Tuesday in Birmingham on the question of lowering the voting age to 18.

The 7:30 p.m. program will be held at the Community House, 380 S. Bates, and is open to all young adults.

Members of the University of Michigan speech department will debate the proposal, which will appear on the ballot in the Nov. 8 general election.

Thief Does the Cakewalk

GLOBE, Ariz. (AP) — Georgia Reyes and Louis Avila were married and the guests danced happily.

But, Georgia's parents reported later to police, a thief wedded off with the three-tier, \$20 wedding cake complete with a miniature bride and groom.
