

Pontiac UF Drive Over Top at \$705,543.26

Figure Breaks
Area Record
by \$35,000

All Divisions Reach
Quotas, Says Knudsen
of Victory, Luncheon

A record-smashing Pontiac Area United Fund campaign total of \$705,543.26 was announced today by Campaign Chairman S. E. Knudsen as the 1960 drive came to an official close with a victory luncheon at the Elks Temple. The record figure represents 105 per cent of quota.

"This is strictly a community victory," said Knudsen in announcing solicitations had surpassed the over-all goal of \$672,500, with the largest figure ever recorded in 12 annual Pontiac Area UF drives.

The previous record was \$670,000, established in 1959.

"I extend my sincere congratulations to the division chairmen, vice chairmen, their workers and the generous citizens of this community," Knudsen said.

Delivering successful reports to Knudsen at the victory celebration were leaders of the three major campaign divisions.

The Industrial Division, headed by Calvin J. Werner, reported solicitations of \$456,197.93 against a quota of \$425,560.

John P. Nigerman, Commercial Division chairman, reported his group had raised \$180,845 of 102.5 per cent of quota. Nigerman stated he was very proud that the Commercial Division had met its quota by the end of the campaign for the first time in history.

Mrs. Roderick Taylor, chairman of the Women's Division, reported collections of \$72,000, representing 100 per cent of the women's goal.

"You have done an outstanding job," Knudsen said in complimenting the three chairmen. "Your energetic leadership contributed immensely to the successful outcome of this campaign."

Knudsen also paid tribute to Industrial Division plant chairmen. Employee contributions from the entire Industrial Division increased from \$232,022 to \$310,774 for a 34 per cent improvement.

Knudsen revealed that employee participation had reached a new high of 87 per cent. He noted further that the Industrial Division corporate gift had increased from \$184,774 to \$139,353.

More than 300 campaign leaders attended the luncheon which was sponsored by Walter's Department Store, S. S. Kresge Co., Pontiac Federal Savings & Loan Association, Consumers Power Co., Michigan Bell Telephone Co., The Detroit Edison Co., WKC, Inc., and Sears Roebuck & Co.

Oakland's 'View' Was Among Best

It sat 1,650 people, yet everyone had a good view.

The "view" was of the stage, if you were talking about the 41-year-old Oakland Theater back in 1927, when a \$50,000 remodeling job was completed.

In those days, vaudeville predominated at the Oakland, with the Curley Burns Musical show alternating with what the Butterfield management proudly billed as "featured photographs."

Up to yesterday evening, the "view" was of the motion picture screen, of course, since vaudeville is long gone from the Pontiac scene.

The main floor of the Oakland swept down towards the proscenium in a continuous slope. That's why you could always get a good view over the head of the person seated in front of you.

No pillars in the way, either.

Ella Kazan, the Broadway director, thought the view was terrific.

Kazan is the man whose dramatic efforts have dominated such plays and movies as the Tennessee Williams' epic, "Streetcar Named Desire."

The Academy award-winning director visited the Oakland Theater a few months ago to study its stadium-type construction.

He was looking around for ideas for a theater being planned in New York City's Lincoln Center, with which he is associated.

Kazan was impressed with the Oakland, according to Butterfield officials.

Built in 1919, the Oakland was Pontiac's biggest theater. Plus: test, too.

The original operators, Gladys R. Kleist, 114 S. Saginaw St., and her husband, the late A. J. Kleist Jr., installed a \$25,000 Kleist Amusement Enterprises operated five of Pontiac's theaters in those days — the Oakland, Strand, Eagle, Orpheum and Rialto.

Eventually, the W. S. Butterfield Theaters, Inc. took over most of these, the Oakland in 1927.

The Rialto on West Pike Street was razed in 1952.

The Orpheum on South Saginaw was razed last summer.

The State Theater, across South Saginaw from the Oakland, is to be razed in the urban renewal project.

The Oakland was gutted by fire last night and there wasn't much choice today but to raze what was left.

Danger Lingers Today as High Walls Quiver

By DICK HANSON

A \$415,000 fire that last night devastated the Oakland Theater in downtown Pontiac continues to offer stubborn resistance today to battle-weary firemen.

Small pockets of flames were breaking out intermittently among the charred ruins as late as 1 p.m.

Two walls of the theater building, one of the finest in Oakland County, quivered four stories high in the bleak sky.

More than 100 fire fighters from Pontiac and four neighboring communities struggled with what proved to be one of the biggest fires in the city's history. Four of the men sustained slight injuries.

Pontiac firemen arrived at the red, smoke-filled scene seconds after the alarm was sounded at 6:30 p.m. from a firebox across the street from the theater.

Some 50 patrons and six theater employees already had been evacuated from the smoke-filled building without injury.

Firemen immediately charged into the theater with hoses, only to be repulsed as the flames roared headway with a rushing roar.

Utility crews broke through concrete sidewalks with compression guns to get at gas lines and cut off the flow from the blazing building.

The dramatic battle continued from the streets as firemen from Waterford Township, Birmingham, Royal Oak and Ferndale rushed up with additional hoses.

Flames raged through the building quickly gutting the Oakland. Druggstore, Dr. Harold Bussey Optical store, and Whitworth Jewelers on the main floor along with the theater, and several offices in the second-story front portion.

One of the occupants, City Commissioner Milton Henry, said all records in his law office and a \$4,000 legal library, were consumed by the flames.

The Johnson & Johnson Bonding Co. office was also wiped out, along with Cengage Realty Co.'s quarters.

All the stores and offices were empty when the fire broke out.

Flames burst through the roof at 8 p.m., soaring over 200 feet into the night air.

Minutes later the rear wall of the theater, over four stories high, tumbled an avalanche of bricks into the parking lot on Perry Street.

Falling bricks barely missed hitting a group of firemen advancing with hoses toward the rear of the building. One of the hoses was cut by the tons of brick.

Minutes before several firemen were momentarily trapped in the front of the building when the roof and huge timbers collapsed.

Two of the men, Gerald Frits and Donald Racine, were struck (Continued on Page 2, Col. 2)

FIFTY-SIX EVACUATED — Fifty patrons and six employees were evacuated from the Oakland Theater on South Saginaw Street in time to escape flames that gutted the building. Firemen described the blaze as one of the city's worst. Over a hundred men

from five departments struggled with the blaze throughout the night. South Saginaw Street was still blocked off to traffic this morning.

Papers Disclose Prestige Report

Secret Survey Shows Losses in Britain and France

NEW YORK (P)—The New York Times and the Washington Post have disclosed what they said was a confidential government survey made last June reporting a U.S. loss of prestige with the French and British public.

The Post said Wednesday night it obtained a copy of the summary, compiled by the U.S. Information Agency's office of Research and Analysis.

The newspaper said the summary was prepared for the National Security Council, of which Vice President Richard M. Nixon, the Republican presidential nominee, is vice chairman.

The Times, taking publishing the full text of the summary as well as a story, pointed out that the survey is not the opinion analysis referred to last week by Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee.

Fulbright had been seeking copies of a prestige report dated August 29 as well as what he termed a "Barometer survey" by the USA.

In Spokane, Wash., Sen. Lyndon B. Johnson said Wednesday night the administration suppressed a survey on American prestige abroad "because it told the truth about the fix into which this Republican administration has led us."

But in Philadelphia, Henry Cabot Lodge said he knows more about America's prestige abroad than the United States Information Agency—and our prestige hasn't fallen.

STILL CALLED SECRET

The report disclosed by both newspapers still is classified as secret by the Eisenhower administration.

The White House Wednesday endorsed the refusal of the USA to turn over the report to Congress.

The survey percentage figures published by both the Times and the Post are the same.

Should no agreement be obtained by Feb. 1, and he then president, Nixon continued, he would order resumption of

Nixon Tells Michigan Crowds:

'You Know Dem Faults'

Secret Survey Shows Losses in Britain and France

WITH NIXON IN MICHIGAN—

Sen. John F. Kennedy said today that the Eisenhower administration has brought "good fiscal management" to the United States in contrast to what "Gov. Williams did to you here in Michigan."

In Jackson, Nixon talked to a crowd of 12,000, and said:

"In Michigan, you of all people know what happens when the fight for fiscal responsibility stops. You found out that full faith in a great state's credit standing begins to fail."

"You found out that some employees don't know from month to month whether their pay checks are going to come in."

"You found out that companies which might have come into a state decided to build plants and employ workers somewhere else."

"You found out that other companies actually pull up stakes and depart, taking payrolls and jobs with them."

The vice president, campaigning through Michigan on a 14-hour, 200-mile whistlestop tour, said that Michigan residents, of all people, should be the first to see through the extravagant promises in the Democratic platform.

Nixon said that keeping Democratic promises would cost an amount almost equal to the value of the entire gold reserve of the United States.

Nixon coupled a new blast at Sen. John F. Kennedy's Cuba policies today with a promise that, if elected, he will invite immediate negotiations with the Soviet Union on a nuclear testing ban.

CABOT TO GENEVA

Nixon promised that he would send his running mate, vice presidential candidate Henry Cabot Lodge, to Geneva for negotiations on a nuclear ban.

Should the Soviets agree to food-protection under which military troops would be banned, Nixon said he would be willing to meet in a summit conference with Soviet Premier Khrushchev and Prime Minister Harold Macmillan of Great Britain to make the agreement final.

Should no agreement be obtained by Feb. 1, and he then president, Nixon continued, he would order resumption of

underground shots designed to open possibly fantastic vistas for peaceful use of atomic power.

The Republican presidential nominee's virtual ultimatum to Khrushchev was made with full White House approval.

Nixon's route covered much of the same predominantly Republican territory through which Kennedy traveled two weeks ago.

At Ann Arbor, an estimated 16,000 persons, most of them university students, turned out to roar their welcome for Nixon.

Before the crowd of students, Nixon singled out for attack what he said was a charge by Kennedy (Continued on Page 2, Col. 2)

'Can't Afford Recession,' Cries Jack in New York

NEW YORK (P)—Sen. John F. Kennedy said today the country apparently is entering "our third recession in six years. And I say we can't afford another recession."

The Democratic candidate is campaigning for the second straight day in areas where the labor vote is strong.

Kennedy flew here early today after campaigning in and around Detroit Wednesday.

New York's garment district gave Kennedy a rousing welcome.

The crowd that jammed the eight-block-long district was estimated at 200,000 to 250,000 by Frank Doyle, executive secretary to Mayor Robert F. Wagner.

Doyle said there was no comparison between the crowd, extending half a block down side streets from Seventh Avenue, the garment district thoroughfare, and the more modest turnout Nixon got in the same area several weeks ago.

Kennedy's return to New York continued his pattern of campaigning in the big state, with the top prize of 45 electoral votes, on the average of once a week.

After his day here, he heads for Pennsylvania.

In New York today he filed that Richard M. Nixon, in "getting increasingly disconnected from reality."

Kennedy will return to Michigan Nov. 4 for his touch, he foretold into the state. The visit will (Continued on Page 2, Col. 2)

Auto Sales Spurt as Earnings Tumble

GM, Ford, S-P 2nd 10 Days of October Bright 3rd Quarters Off

Heavy Model Change Costs, Popularity of Compacts Cited

DETROIT (AP) Three auto-makers have reported their nine-month earnings and all three are running lower than last year. Chrysler Corp., which will report later today, may break the pattern.

General Motors, the nation's largest manufacturing company, reported Wednesday its worldwide sales of cars and trucks were up 10 per cent over last year during the first nine months, but that its net earnings were down 5.3 per cent.

Net income totaled \$701 million, equal to \$2.45 a share, compared with \$725 million, or \$2.55 a share, for the same period of last year. For the third quarter profits dropped from \$135 million (47 cents a share) last year to \$89 million (30 cents a share) this year.

FORD, S-P OFF
Last week both Ford and Studebaker-Packard reported lower quarterly and nine-month earnings.

Ford said profits for the nine months were \$316.5 million (85.7 cents a share) compared with \$320.1 million (\$85.19 a share) a year ago.

For the third quarter Ford reported profits of \$114 million compared with \$132 million last year.

Studebaker-Packard fell into the red during the third quarter for the first time since 1958, losing \$2,547,799. The loss left the South Bend, Ind., auto maker with a nine-month profit of \$104,789, or 2 cents a share.

1959 S-P made \$15,473,060, or \$2.29 a share, in the first nine months and \$3,399,779, or 33 cents, in the third quarter.

Board Chairman Frederic G. Fisher and President John F. Goheen, in their General Motors report, said total sales by the corporation totaled \$9.31 billion compared with \$8.96 billion a year earlier.

Worldwide sales of cars and trucks were 3,406,136 units against 3,262,818 last year. Donner and Gendron said, however, sales of non-automotive products were generally below the levels of 1959.

Ford's drop in earnings generally was attributed to its booming sales of compact cars at the expense of standard size cars. The profit is less on compacts.

Studebaker-Packard said it inched away from model changeovers during the third quarter.

General Motors said it, too, had unusually heavy third quarter expenses because "extensive management of production facilities was required to provide for initial production of three entirely new series of passenger cars, the Buick Special, Oldsmobile F85 and Pontiac Tempest."

GM said employment and production were at high levels as the quarter ended.

Union Leader Dead

KANSAS CITY (AP)—Charles J. McGowan, 72, president emeritus of the International Brotherhood of Bookbinders, died Wednesday. He was a leader in the merger of the American Federation of Labor and the Congress of Industrial Organizations and was a vice president of the AFL-CIO.

Disastrous Pontiac Fires Are Recalled

(Continued From Page One)
The fire was virtually extinguished at 7:30 a.m. today, though the fire was still burning in some places.

The fire was caused by a short circuit in the wiring of the engine compartment. The fire spread rapidly and was out of control by the time the fire department arrived.

The fire caused damage to the building and the cars parked inside. The fire department is still working to remove the damaged cars and the debris from the building.

The fire was the second major fire at the Pontiac plant in the last few years. The first fire was in 1958 and caused damage to the building and the cars parked inside.

The Day in Birmingham

Okay Plans to Attack Flooding of Basements

BIRMINGHAM — Authorization to prepare plans for the relief of basement flooding to residents along Ruffner Street has been given to the engineering department by the City Commission.

However, until a permit to construct a new sewer in the area is obtained from the State Health Department, installation cannot be made, according to City Engineer William T. Killean.

Permits for such work cannot be secured until the Twelve Towns drain becomes a reality. Currently, construction of the drain is halted with a suit in the Supreme Court.

An engineering department study of the sewer problem in the Ruffner area between Grant Street and Woodward Avenue indicates three problems, Killean pointed out.

If all many of the sewers in the area are shallow, the first section of the sewer extending west of Woodward Avenue on Ruffner Street is inadequate, and many of the other area sewers do have adequate capacities.

The women of Our Lady Queen of Mary's Altar Society will hold their annual pre-Christmas festival in the assembly room of the school Nov. 5.

The festival is a combined effort of all the Guilds of the Altar Society, with Mrs. David M. Miller in charge of the event.

Christmas gifts, decorations, toys, doll clothes, aprons, needlecraft, religious articles and baked goods will be on sale.

The eight hour festival will be held at 10 a.m.

The Past Chiefs Club of the Pythian Sisters 94 will meet Friday at 8 p.m. at the home of Mrs. J. J. Smith.

Rigney previously had been mentioned by The Associated Press as a likely successor to Joe Gordon, who quit Detroit to become Kansas City manager at the end of the 1959 American League season.

The Times said confirmation of Rigney's selection at \$30,000 a year would come shortly from John R. Frazier, who owns controlling interest in the Detroit Baseball Co.

DETROIT — The Detroit Times said today it has learned that Bill Rigney, former manager of the San Francisco Giants, will be named manager of the Detroit Tigers.

Rigney previously had been mentioned by The Associated Press as a likely successor to Joe Gordon, who quit Detroit to become Kansas City manager at the end of the 1959 American League season.

The Times said confirmation of Rigney's selection at \$30,000 a year would come shortly from John R. Frazier, who owns controlling interest in the Detroit Baseball Co.

Viet Nam Head Asks Unity Against Reds

SAIGON, South Viet Nam (AP)—President Ngo Dinh Diem appealed for unity against Communist "traitors" as South Viet Nam Wednesday voted the fifth anniversary of its birth as a republic.

Among guests for the celebration was Vice Adm. Charles D.

Griffin, commander of the U.S. 7th Fleet.

Communist China's official news agency called the presence of the admiral's flagship—the cruiser St. Paul—at Saigon "another violation of the Geneva (Indochina armistice) agreements by U.S. imperialism" to support the "rotten puppet regime (of Diem) fostered by the United States."

Scuppernon is a white wine made from grapes grown in southern United States.

Poison Mushrooms Claim 2nd Victim

READING, Pa. (AP)—Jean Reiter, 28, died in a hospital Wednesday, the second victim of poisoning blamed on wild mushrooms.

Virginia Showers, 29, a close friend of Mrs. Reiter, died Oct. 23.

They and three others had eaten

the mushrooms at a Sunday night dinner Oct. 8.

The others stricken were Mrs. Showers' father and mother, Harvey and Mabel Leininger, 61 and 66, and her brother, Charles, 14. They have since left the hospital.

Gun Battle in Havana

HAVANA (AP)—An exchange of gunfire between police and four occupants of a private car killed one passer-by and wounded another today. The four escaped.

Her Words Go Astray as Kids Pick 'Em Up

SALINA, Kan. (AP)—"Dad, why do we have to get an operation to go to school?"

Frank Endley looked at his children, Mary Ellen, 9, and Mike, 7, and countered:

"What gave you that idea?"

Came this explanation: The youngsters were nearby when they heard their mother tell a sister, Pat: "Getting kids ready for school is a mighty big operation."

Bentley Offers Health Program of His Own

By United Press International

Republican Alvin M. Bentley came up with his own program Wednesday for providing health care for needy retirees through direct payments by the government for private insurance coverage.

Bentley proposed that the government set up a federal health insurance corporation to be paid

after the Federal Deposit Insurance Corporation.

The new corporation would make cash payments monthly to retired persons earning less than \$1,000 or retired couples earning less than \$2,500 a year, with the money to be used for private health insurance premiums.

Plastic houses are on sale in Japan that, the manufacturers assert, will resist the frequent earthquakes and typhoons that strike the islands.

Auto Designers Renew Affiliation With S-P

SOUTH BEND, Ind. (UPI)—The industrial design firm of Raymond Loewy Associates has been retained by Studebaker-Packard Corp. as consultant in advance styling, the carmaker announced.

First retained by Studebaker in 1938 and responsible for some of the firm's most striking designs, Loewy renews his affiliation with specific application to styling of automobile interiors.

Kennedy Is Unhappy
With Business Vote

CHICAGO (AP) — Sen. John F. Kennedy told a group of his supporters Wednesday he has been getting better support from businessmen in the Midwest than elsewhere.

He said he was disappointed generally in the lack of support the Democratic ticket receives from business people.

The Democratic presidential candidate added:

"A large segment of the business community makes a mistake by constantly supporting the Republican party."

It has every reason to support the Democrats who face the challenge of maintaining an economy in which private business and the capitalistic system can flourish."

The springbok, a beautiful antelope native to South Africa, is named for the long leaps it can make.

MEA Chief Pitches
for Two Proposals

DETROIT (UPI) — Fred J. Vescolani, president of the Michigan Education Association, made a pitch for two constitutional amendment proposals while walking a careful fence between Democrats and Republicans.

"Regardless of the outcome of the Nov. 8 election the MEA is ready to cooperate in the fullest

with the winning party," Vescolani said.

He said the MEA wanted a favorable vote on proposal No. 1, which extends the state's power to guarantee loans made to school districts, and proposal No. 3, which sets in motion machinery for calling a constitutional convention.

The president of the 60,000 member organization of teachers and educators also came out strongly for federal aid to education, both for teachers salaries and school construction.

Would Take State's
Top School Post

DETROIT (UPI) — Dr. Fred J. Vescolani, president of the Michigan Education Association, said he would be interested in the Republican nomination for state superintendent of public instruction.

him at the state convention next January "after mutual agreement of goals is reached."

Dr. Lynn Bartlett, a Democrat is the present superintendent of public instruction.

Copter Crashes, 4 Die

RIO DE JANEIRO, Brazil (AP) — Four persons, two of them military scientists from Britain, were killed Tuesday night in a helicopter crash 30 miles from Rio de Janeiro.

Paramount Has Right
to Churchill Movie

LONDON (AP) — Hollywood has bugged the right to film Sir Winston Churchill's life up to the World War II role which immortalized the British leader.

Churchill's personal spokesman disclosed today that the 86-year-old statesman has signed a contract with Hugh French of the contract

Paramount Studios, granting exclusive rights to film his autobiography "My Early Life."

The motion picture rights are confined to that book, published in the United States under the title "A Roving Commission," and Churchill's four volumes entitled "The World Crisis."

Together, the works are to form the basis of a film depicting Churchill's multiple activities up to the gathering storm of World War II. Details of the contract were not disclosed.

Montague to Give Nancy Rollicking Homecoming

MONTAGUE (UPI)—A blaze of warmhearted reception a queen violet hunting and yellow roses, the favorite color and flower of Nancy Anne Fleming, will mark the route for the new Miss America's triumphant homecoming to Montague Friday.

The 18-year-old beauty will be returning here for the first time since she was selected the symbol of the ideal American girl at Atlantic City, N.J., last month—and she has been promised "the most

met by her parents and brothers and sisters. The Fleming family will then be taken to an undisclosed location to spend the night privately for their first real get-together since Nancy Anne became Miss America.

But Friday the former Montague High School honor student will be taken by motorcycle through Muskegon Heights, Muskegon and North Muskegon and

then on to Whitehall where a huge parade will be formed to take her across the White River into Montague.

The 100-unit parade, made up of bands floats and cars carrying Nancy Anne, her family and dignitaries, will wind along a decorated route through Whitehall and Montague. Violet hunting will be strung to connect utility poles along the parade streets and yellow roses will be hung from the poles.

born editor of the Taipei daily "Kung Sun Pao," charging him with interfering with officials in discharge of their duties.

Li has been the leader of the China Democratic party since Lei Chen was arrested Sept. 4. Lei was sentenced Oct. 8 to 10 years in prison on charges of sedition and harboring a Communist spy on his magazine, Free China.

3 Million Multiple Jobholders

Moonlighting a Popular Practice

WASHINGTON (AP) — About 3 million American workers, or nearly five out of every 100 employed in the nation—hold more than one job.

A new government survey on the prevalence of moonlighting also shows a small group of 100,000 workers hold down three jobs or more.

Moonlighting is a term popularly used for multiple jobholding because a person with several jobs usually has to work nights as well as days.

Results of the new survey, just released in the "Monthly Labor Review," came in the midst of a future in New York City over police and firemen holding extra jobs in their off hours in violation of regulations.

Police and firemen found moonlighting have been fired, suspended, fined or forced to take payless furloughs on the ground their outside employment might compromise conduct on their official duties.

The article in the Labor Department publication is based on a special Census Bureau survey in December 1959. It says that moonlighting is not too uncommon among federal, state and municipal employees. About 272,000, including 78,000 in the U.S. Postal Service, hold extra jobs.

About one in every five school teachers below the college level

hold down more than one job. Yet only a small percentage of those unemployed had normal occupations in the fields of most common secondary jobs.

Men are much more likely than women to hold extra jobs. Among employed men multiple jobholding was 3.8 per cent, among women only 2 per cent. Among married men it was 6.3 per cent.

Generally, a person with more than one job does not follow the same occupation on both jobs. Operating a farm is one of the most frequent sidelines.

Hails Job Picture of Republican Years

PITTSBURGH (UPI)—Labor Secretary James P. Mitchell forecast a Nixon because the voters want a "clear-cut" victory for Richard M. Nixon, who has won the election.

Pausing during a campaign swing through Pennsylvania to talk to newsmen, Mitchell said the

highest employment level of any September for the nation was recorded last month with 67.8 million persons in gainful employment.

"Sen. Kennedy nostalgically harks back to the Roosevelt era," Mitchell said. "During September there were 3.3 million unemployed—a reasonably small figure."

"But during the Roosevelt administration—with the exception of the war years—there were more than 7 million out of work. Even during the middle of the war—in 1942—there were sometimes as high as 5 million jobless persons."

Arab Beirut Conference Discussing Oil Strategy

The second Arab Petroleum Congress is meeting at Beirut, Lebanon, to discuss ways and means of strengthening the Arab League's position in the oil world.

Its goal is to increase the revenue share of Middle East oil states and at the same time to limit production to protect prices. While present contracts provide for a 50-50 split at the well heads, the demand now is for an equal share of all profits from the handling of Arab oil everywhere in the world right down to the retail gas station.

Arab League states are expanding pipelines, building refineries and operating a tanker fleet. However, there already is an oversupply of oil—the greatest glut in history—due to discoveries of new sources as well as growing U.S. oil reserves.

Commenting on the U.S. oil industry in its August bulletin the Chase Manhattan Bank has this to say: "In the face of a mounting wave of amazement, concern and indignation both within and outside the industry, refiners in July persisted in operating their plants far in excess of needs."

At the same time the Soviet Union is successfully undercutting world oil prices. Moscow will deliver oil anywhere in the non-Communist world for \$12 a ton although its satellite nations have to pay \$22 a ton.

Soviet exports to the West have tripled in the past four years to 300,000 barrels a day. U.S. import restrictions on foreign oil have held prices mostly steady in this country despite cuts abroad. The oversupply of oil has not benefited domestic consumers.

It will be interesting to see what plan, if any, comes out of the Beirut conference. At the moment Arab positions are not in a good bargaining position.

Little Reason to Doubt Soviet Nuclear Progress

There is little reason to doubt Premier Khrushchev's announcement that Russia now has an atomic powered missile firing submarine.

Since World War II, with the help of captured German scientists, the Soviet Union has been building its underwater fleet which today is estimated at 500 submarines. In December, 1958, the Soviet navy magazine claimed that Russia had "submarines armed with rockets of 750 mile range which can be launched from subsurface."

The Russians have moved ahead in nuclear scientists far more rapidly than expected. Their progress in developing rockets and missiles has been phenomenal and alarming. Last November Adm. JERARD WRIGHT predicted that Soviet missile submarines would be a significant threat to nations of the Western alliance within a year.

With all their rapidly acquired skills, it was only a matter of time before the Russians would break through the U.S. nuclear submarine monopoly. Some Americans may doubt it, but it would be foolish not to believe KHRUSHCHEV's announcement in the light of other scientific achievements.

A few months ago in calling attention to the long-time lag in anti-submarine defense funds, Adm. JOHN THATCHER warned that a dozen Soviet

submarines with Polaris type missiles could wipe out 70 per cent of our economy with one blow.

No doubt more anti-submarine money will now be forthcoming to help build detectors and weapons capable of protecting our continental waters from enemy missile submarines.

If we don't do that, Russia could have a deadly advantage.

"There will be considerably less action on tail fins on 1961 cars." Trade note. It is encouraging that there is an increasing demand for cars designed to provide satisfactory transportation, rather than primarily for use in putting on the dog.

"AF PLANS October Try at Firing Monk in Orbit." — Headline in the Dallas (Tex.) Morning News. Now see here, Morning News: Let's at least keep religion out of outer space.

The Man About Town

Campaign Echoes Sidelights on the Current Big Battle of the Ballots

Candidate: Who usually tries to appear as a candidate.

"Your column talks a lot about wise cats and dogs," phones

Mrs. Donald Byerley of Waterford, "And I wish to make a couple of nominations. Both our dog and cat either go to sleep or leave the room when the TV or radio is on politics."

Five-year-old daughter Barbara, youngest of the seven children of

Mr. and Mrs. Foster Grantland of Birmingham, feels neglected. The family doesn't talk about anything but politics—which she doesn't understand. "And sometimes, I don't think they do, either, she soliloquizes.

"What's the matter with Ike?" asked six-year-old Bonnie, daughter of Mr. and Mrs. John J. Hanchett of Rochester, after learning he was to elect a new president. "He's OK with me."

First to report a load of Christmas trees bound for the city market is

Mrs. R. D. Ketterman of Thomas, who met one on the Pontiac-Lapeer Road the other evening.

Again coming through with an autumn use for The Pontiac Press is

Mrs. Genevieve Piersall of Rochester, who covers her tomato vines with it on frosty nights. She says she also used the colored comic pages from a Sunday paper and found them worse than the frost.

When the dog in the family of

Mr. and Mrs. Bliss Turley brought up a young woodcock last summer, it was adopted by the children, and is making a congenial pet. They're wondering if it will take a long sleep next winter.

A red clover plant on the edge of an abandoned stone well in the yard of

Mr. and Mrs. Fred Boosinger in Drayton Plains knew how to beat the drought: Its root grew down the edge of the stones for seven feet to reach the water.

"I've always liked baked beans," writes

Harry Fletcher, formerly of Pontiac, now of Millington, "but after smelling nearly 27 carloads of them burn up in our elevator fire the other night, my appetite for them is gone forever."

In the Big Ten, my close interest follows Iowa, coached by the great

Forest Evashevski, who, when a U. of M. star, came to Holly to speak at my football banquet, and was a visitor in my home.

Verbal Orchids to—

Mr. and Mrs. Robert Malcolm of Orchard Lake; golden wedding.

Mrs. Gracia Orvino of Keego Harbor; 80th birthday.

Mr. and Mrs. Elmer H. Garmond of Waterford; 53rd wedding anniversary.

Osmond Bellmouth of Bloomfield Hills; 81st birthday.

Mr. and Mrs. Mick Pavline of 375 N. Paddock St.; 51st wedding anniversary.

"Enough's Enough!"

David Lawrence Says:

1959 British Race Parallels Ours

WASHINGTON—Just a year ago they had an election in Great Britain which parallels to a large extent the presidential campaign in the United States.

Whether the result also will be comparable remains to be seen. The forecasters generally predicted a close election in Britain, but the Conservatives won by a landslide, increasing their majority in parliament by a big margin.

The issues, the methods of campaigning, the polls, and the nature of the television speeches in Britain's campaign, which lasted from Sept. 8 to Oct. 8, 1959, are amazingly like what has been reported in the newspapers of this country in the last several weeks.

In Britain, for instance, the polls showed the Conservative and the Labor party running neck and neck.

In Britain, the "undecided" voters were very large in number in the public opinion polls. After the election was over, it was apparent that many of them didn't even vote.

A book, entitled "The British General Election of 1959," has just been published by the Macmillan Co. of London. It was written by Prof. D. E. Butler of Oxford in collaboration with Richard Rose.

This is the fifth in a series of Oxford studies of British elections, and Prof. Butler also wrote those on the general elections of 1955 and 1951, so his analyses may be regarded as authoritative.

Here are some excerpts: "There was also a sharp contrast between the opening shots in the television battle. The first Conservative performance on Sept. 12, a dated film of a country-house discussion between five leading Cabinet ministers, was ill received by the press."

Two days later the Labor party launched their 'Britain begins' series of election reports which, whatever was thought of their political content, were certainly very good television. Like the daily press conferences, they were keyed in to the general campaign strategy.

POLL SHOWS DROP "The (London) Daily Mail poll on Sept. 21 was the first to show a drop in the Conservative lead, and this was confirmed in the next three days by polls in the Daily Telegraph and the News Chronicle.

The contrast in vitality and technical smoothness between the parties' television shows contributed still further to the sense that Labor prospects were improving and that the election might be a close-run thing, after all."

"At the center if not in the constituencies the Conservatives began to be a little anxious. But throughout the week the

Conservatives stuck to their policy of trying to keep the election temperature low. . . .

"The last part of the campaign was marked by an especial interest in the 'don't know' among the voters. The pollsters had found the waverers more numerous than in previous elections, and party workers were marking down each 'doubtful' on their canvass cards."

"In the last stages of the election the Conservatives made a recovery in the field of television. They scrapped previous arrangements and brought in expert aid to salvage their last two programs; at the same time the lively formula which the Labor party adhered began to lose its shock impact."

"In the last days each side gave indications of confidence."

"The authors of the book say that 'a predominantly prosperous people is unlikely to welcome major political changes.'"

"In the United States today, there are many areas where there is a substantial amount of unemployment."

On emotional issues, such as foreign policy, the Conservatives in England had much the better of the argument against their opponents because there was a tendency to let the party in power continue to handle foreign affairs and relations with Khrushchev. (Copyright 1960)

Dr. William Brady Says:

Women Should Exercise Despite Their 'Illness'

By DR. WILLIAM BRADY

"I believe you once offered a pamphlet for young women, something put out by a women's college. . . . My grand-daughter has trouble every month, such a painful time of it. . . . she is 20 years old and hopes to enter nurse training school soon. . . . (Mrs. C. M. C.) Send me a stamped envelope bearing your address and ask for No. 12 pamphlet, 'Hygiene for Girls and Health for Women.' In the pamphlet I advise girls who have menstrual difficulty, painful or not, to practice light and morning exercise every day in the year, the breathing exercise devised by Dr. Clelia Duhal Mesher, adviser to women in Leland Stanford University."

It is important for girls to understand that they must perform the Moshier exercise faithfully every day. Neither this nor any other customary physical activity should be discontinued because of menstruation. This applies to gymnastics class, swimming and games played for fun and not in formal contests.

Such advice may seem "dramatic" to women with 19th century education (which included no physical education at all) and to women with Pinkham's notions of "female weakness."

Misguided parents sometimes ask that a daughter be excused from attending gym or swim class because of her "illness," that is, menstruation. Too often physicians approve a girl's scheme to evade physical education in this way, even though they know it is not for the girl's best interest.

"At 43, I'm regarded as an off-beat character in our sewing circle, because I still have the equipment I was born with—gall-bladder, ovaries, tubes, tonsils, appendix, etc. . . . (P.F.)"

Ans. It must be dull sitting there like a bump on a log listening to the ladies describe their operations. You should be more operative.

"According to the Puerto Rico News Service, Washington, D. C., ragweed is non-existent in Puerto Rico and there is much less dust, smog and other impurities in the air of the island. Trade winds keep the atmosphere pure and the late summer temperatures, in the 80s. A good place to spend one's vacation." (R.E.S.)

Ans. Yuh but this is autumn.

"In the last days each side gave indications of confidence."

"The authors of the book say that 'a predominantly prosperous people is unlikely to welcome major political changes.'"

"In the United States today, there are many areas where there is a substantial amount of unemployment."

Voice of the People

'Education Must Be Prime Objective in Our Country'

To be loyal to God and our country you must be open minded and learn the facts. The old as well as the young must be educated to keep America free.

I believe that many of the men could use their time to better advantage by attending night school instead of union meetings. Learn the facts so as not to be misled by propaganda. The union became prominent in this country at a time when young men had to quit their education to help earn family expenses. The uneducated man is protected by the union, plus the many others that need no protection but must join in order to work.

My statements are not meant to belittle, as I know you have worked hard to give your children the education that you were not able to receive, and my interest is in . . . Our educated children should be given an opportunity to prove what they can accomplish, and this can never be if we breed socialism.

A Naturalized Citizen

'Destructiveness Dampens Spirit'

What in the world is becoming of our citizens? Two old retired people have worked hard putting in many hours trying to make their home beautiful and some smart aleck tears down their pretty little picket fence. To these morons it may seem like a joke but one day when someone pulls that on their parents I hope they hang their heads in shame. Everyone complains about unsightly houses, but when two old people try to keep their nice, a land of hoodlums or stupid adults do this. It seems a worthless fight to keep your neighborhood neat.

Mrs. Norman Sittes Drayton Plains

Asks More Support for Republicans

In The Press I have read different times about the criticisms you set for your Republican leanings. Is there anything wrong with this? I notice that many of the large newspapers of the country are Democratic.

I believe you ought to give a more hearty endorsement for Ike, well and Nixon. I hope that future editorials will be in stronger support of them.

Rev. Theo. R. Albrecht United Presbyterian Church

Editor's Note: The recent letter signed R. Selter was from Ralph W. Selter, 403 Letart St., Drayton Plains.

Portraits

By JOHN C. METCALFE: I love to hear the sounds of night. . . . You cannot hear at all. . . . Such as the distant swishing trails. . . . When stars from heaven fall. . . . I love to hear the sounds of dawn. . . . When it breaks up the night. . . . By shattering the blackened sky. . . . To suddenly bring light. . . . I love to hear the sounds of day. . . . When sunshine in the sky. . . . With giant meadow rainbow straws. . . . Drinks till the earth is dry. . . . I love to hear the sounds of dusk. . . . When just a shadow stalks. . . . Among the tall and stately trees. . . . And fog on water walls. . . . I love to hear these soundless things. . . . Perform their magic art. . . . But most of all your love for me. . . . That echoes in my heart. (Copyright 1960)

Case Records of a Psychologist: Children Require Direct Answers

Leland's query about the "catalogue" is clear, but you mothers need to tell your youngsters the truth about sex matters. Otherwise, you may become accessories to their later sexual misbehavior. Children are purely scientific at the outset. So give them the facts. Order the booklet below to help you answer their questions neatly.

By DR. GEORGE W. CRANE: CASE G-410: Leland H., aged 4, is the son of an Army captain. Recently, his mother was describing an event that had happened years ago. "Mommy," broke in Leland, "was that while I was still in the catalogue?"

Apparently, Leland was familiar with the common American custom of ordering household goods from a mail order catalogue. So he applied the same idea to babies. Before he was born, he assumes they are "in the catalogue."

"That's an improvement on the bizarre story that 'the mother brings babies'—the story—babies."

"Mommy, where did I come from?" asks the usual child when it is about 3 years old.

PRUDISH MOTHERS In past years, mothers often acted prudish and thus were responsible for helping form an abnormal interest in sexual matters by their fibs or evasive answers.

Instead, give the child the information it desires! Then it will not live awake nights indulging in salacious dreams, as old fashioned folks mistakenly imagined.

"Sometimes it happens like this: After Mother goes to the hospital, the doctor gives her some medicine to put her to sleep. Then he cuts a little door by her tummy and lifts out the baby, after which he sews the doorway shut again."

"Don't you remember the story of the Little Red Hen and the Fox and how she ate a turkey?"

the sack and then sewed it up afterwards?"

The query about the Little Red Hen is a good example of the "reversible why" technique in child training. And you mothers might well familiarize yourselves with

that story for it clears up a child's confusion.

At a still later date your child may then ask, "And how did I get in your tummy?"

But these questions are usually "staggered" at intervals of several days.

Send for the booklet "Sex Education of Children," enclosing a stamped return envelope, plus 20 cents (non-profit). Pass it around among the mothers in your neighborhood.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan. Larger quantities of self-addressed envelopes and 20c stamps and printing costs when you send for the psychological cases and pamphlets.

Cancer Society Sees Fund Lack

Claims Inability to Put All That It Should Into Research Projects

NEW YORK (AP)—The American Cancer Society reported today it is unable to provide the amount of research money it needs, for the first time in its 16-year history.

Its scientific advisers have called for support of high-merit scientific projects that will cost more than the \$9 million available for research during the current year, 1960-61.

The society's 1960 crusade brought in \$28,400,000, said Dr. Harry M. Weaver, vice president for research. It was substantially less than the crusade's 1959 total of \$30,373,000. Research support will be reduced even more markedly next year if more funds are not given, Weaver said.

In another report at the society's annual meeting, Dr. Warren Cole of the University of Illinois said an experimental method of treating breast cancer has reduced the death rate in patients 60 per cent so far.

Cole, who retires as society president at this meeting, said the method consists of medication with a potent anti-cancer drug—nitrogen mustard—before and during the removal of the diseased breast by surgery.

FEDERAL DEPT. STORES

DOWNTOWN AND DRAYTON PLAINS

PET DOCTOR

By A. W. Melley, D.V.M.

Q. Is there a safe way to postpone the heat season of my female hunting dog if it occurs during the hunting season?
W. C. Cunningham, Brentwood, N.J.

A. These periods in female dogs always seem to occur at inopportune times for hunting and show dog owners. Even household pets can upset plans when nature takes her course.

In the past, we have given injections to deal with this problem. The method was inconvenient, as the shots had to be repeated at frequent intervals. We now have a product that is given daily in pill or drop form, starting at least one week before the animal's period.

The heat season is held in abeyance as long as the medication is given, and most dogs will come into season about a week after the medicine is discontinued.

It is not advisable to breed the dog in the period immediately following this treatment. This product is only available through veterinarians, as proper instruction in its usage is necessary for safety.

U.S. Economy Pauses a Little

President Agrees With Retail Heads' Appraisal of Robust America

WASHINGTON (AP) — Leaders of the retail industry told President Eisenhower Wednesday—and reported he agreed—that the American economy is robust and only going through a "little pause."

The officers and executive committee of the American Retail Federation, representing some 80,000 retailers, said they base their confidence on continued high retail sales and an unprecedented level of personal savings.

Roland Jones Jr., of Washington, president of the federation, told reporters the President "shared our analysis of the present state of the economy."

He said Eisenhower told them the economy can't always be rising, that there has to be a pause once in awhile and there is such a pause now.

As to why the spokesmen for the retailers came in to recite figures Eisenhower already knows, Jones said "We're hearing so many people crying the blues in this country and accentuating the negative we thought it was the fine thing to come in here and accentuate the positive."

Blasts Rock Damascus

DAMASCUS, Syria (AP)—Three explosions shook Damascus Tuesday night in what Syrian newspapers called attempts to blow up a telephone building and the main railway station. Damage was slight and no casualties were reported.

Belgians Back in Congo Hamstringing U.N. Unit

LEOPOLDVILLE, the Congo-privileged position of Belgium by a forceful threat of U.N. (AP)—A new and formidable military challenge faces the United Nations in the Congo.

Exasperated U.N. officials say the challenge comes mainly from Belgian officers who have rejoined Congolese army units and are working behind the scenes to hamstring the current U.N. objectives.

Senior officers of the 19,000 strong U.N. force view the development as a threat to the Congo's public order and a danger to world peace.

The Belgian officers—like their civilian colleagues in the Congolese government offices—have two main objectives.

One is to prevent at all cost the return to power of Communist-leaning ex-Premier Patrice Lumumba and the other is to preserve as far as possible the Congo.

The Belgian officers—like their civilian colleagues in the Congolese government offices—have two main objectives.

One is to prevent at all cost the return to power of Communist-leaning ex-Premier Patrice Lumumba and the other is to preserve as far as possible the Congo.

Despite secret Belgian aid and advice reported by the U.N., Congolese soldiers frequently seem out of control. They have been seen mercilessly beating civilians and stripping women in public areas under their domination. Ten persons were killed by rampaging soldiers in a Leopoldville suburb Saturday and two more were reported killed Tuesday.

In Katanga and the self-proclaimed mining state of Kasai, Congolese soldiers commanded by Belgian and other white officers have conducted reprisal raids against pro-Lumumba tribesmen in which hundreds of civilians have been reported killed.

A plan to send armored cars to occupy Leopoldville to bolster Col. Joseph Mobutu's wobbly military regime was halted this week

U.N. IS THREAT

The presence of the U.N. force is a threat to both these objectives. The U.N. mission is hampered by its charter to uphold parliamentary democracy. In the nation's political turmoil this inevitably favors Lumumba. And among all the squabbling political leaders, only Lumumba is likely to upset the 80-year-old Belgian commercial hegemony.

New Orleans Archbishop Showing Improvement

BATON ROUGE, La. (UPI)—Archbishop Joseph Francis Rummel of New Orleans showed continued improvement Wednesday at Our Lady of the Lake Hospital, his doctors reported.

The 84-year-old Roman Catholic prelate was said to be responding to physical therapy. He was in good spirits, a hospital bulletin said.

Rummel contracted pneumonia and a weakened heart condition after being hospitalized Oct. 9 when he suffered leg and arm fractures in a fall here.

TO HEAD DISCIPLES — Dr. Perry Gresham, president of Bethany College in West Virginia, was elected president of the International Convention of Christian Churches, (Disciples of Christ) at the 10-day Wednesday, of their assembly in Louisville, Ky.

Battle Creek Police to Start 40-Hour Week

BATTLE CREEK (AP)—The Battle Creek City Commission has voted to place its police department on a 40-hour week effective Nov. 1. Policemen had been working a 44-hour week.

The commission also approved the addition of seven patrolmen to bring the force to 72.

Major NY Newspapers Threatened by Strike

NEW YORK (AP)—American Newspaper Guild members at all seven major daily newspapers in New York City have voted to strike next Tuesday unless a Union agreed to the proposal, and

satisfactory work agreement is reached by then.

One of the papers, the New York Times, asked for and obtained the intervention of the Federal Mediation and Conciliation Service in its dispute with the Guild. The presidential election.

Kennedy and Nixon Notable for Hissing Colorful Criticism

By JAMES MARLOW

WASHINGTON (AP)—The presidential candidates have followed two main themes from the beginning of the campaign. This is Nixon's Kennedy is a young novice on a man's errand. This is Kennedy's Look out for Nixon.

Their problem has been how to say the same thing differently. Now that the campaign is entering its final two weeks Vice President Richard M. Nixon and Sen. John F. Kennedy are finding no trouble at all in expressing their selves.

Kennedy started on his bewared-Nixon program last July 15 in his acceptance speech by saying the vice president is political on a "lack of basic beliefs." This may have nettled Nixon who said Kennedy was "following the low road."

Nixon laid the groundwork for picturing Kennedy as an immature and not too far-headed youngster in his own acceptance speech on July 28. He accused his opponent then of being "rash and impulsive" for suggesting President Eisenhower might have expressed regrets to Russia for the 12 spy plane episode.

START EARLY
The political conventions were hardly history before Kennedy—on Aug. 1—was accusing Nixon of a "lack of basic beliefs." This may have nettled Nixon who said Kennedy was "following the low road."

He said he would never "indulge in personalities" although some of the things he has been saying about Kennedy since look mighty personal.

Their first TV debate on Sept. 27 was almost a study in the brotherhood of man, with Nixon politely agreeing with Kennedy (for which Republicans criticized him) and Kennedy treating Nixon like a highly respected old comrade from the Senate.

They got moving by the time of the second debate on Oct. 7. Apparently stung by the complaints from his own ranks, Nixon's first words were, "First of all, I don't agree with Sen. Kennedy."

Pretty soon he was accusing Kennedy of "woolly thinking" on the islands of Quemoy and Matsui. He must have liked the word "woolly" to describe Kennedy. He has repeated it.

GOES BEYOND
By the fourth debate on Oct. 21 Nixon went a step beyond his earlier remarks. He said Kennedy's ideas on handling Fidel Castro's Cuba were "probably the most dangerously irresponsible recommendations that have been made in the campaign."

Kennedy, for some reason best known to himself and his advisers, contented himself with saying little beyond suggesting Nixon was being "inaccurate."

This mildness and restraint was just a passing phase. With the campaign heading toward a finish, look at what they've been saying these past few days.

Nixon has accused Kennedy of being "woolly and fuzzy" in his thinking on Castro, of making "immature, rash and dangerous" statements, and of offering "impulsive leadership." He described

Kennedy as a man who doesn't debate with mimeograph machine the situation and who says one thing today and another thing tomorrow.

Just in case anyone might suspect he was running out of things to say, Nixon predicted: "There are the two weeks in which people make up their minds. Whatever has happened up to this point, you haven't seen anything yet." Kennedy has gone beyond calling Nixon inaccurate. He accuses him of "distortion" and said the Republican party can count on Nixon "to lead its wrecking crew on Social Security."

And the senator, complaining that Nixon wants to limit a fifth TV debate to a discussion of Cuba instead of a broad discussion of national issues, said: "This is another indication of the fact that he would rather ignore the United Nations."

Think U.S. Moon Probe Part Found in S. Africa

JOHANNESBURG, South Africa, (UPI) — Dr. S. Naude, president of the Council for Scientific Industrial Research, says he is "almost certain" that a fuel tank from last month's unsuccessful American moon probe landed on a South African farm.

Seek Standard for Fish
And the senator, complaining that Nixon wants to limit a fifth TV debate to a discussion of Cuba instead of a broad discussion of national issues, said: "This is another indication of the fact that he would rather ignore the United Nations."

Both Sides See Edge After State House Vote

By GEORGE T. TRUMBULL JR.

Oakland County now seats three Republicans and three Democrats in the House of Representatives, which goes along with the 55-55 make-up of the body when the hectic last session ended.

Some changes will be made by the time the gavel comes down in January. How many depends upon the voters Nov. 8.

Arthur G. Elliott Jr., Republican county chairman, and James M. Ginn, Democratic chairman, don't agree on what this new line-up might be.

One thing is certain. District 3 will have a new occupant since incumbent Rep. Farrell E. Roberts, R-West Bloomfield Township, has left the race to bid for a State Senate seat.

Elliott gazed into his political crystal ball the other day and saw his party capturing "a minimum of four" of the six seats—Districts 1, 3, 4 and 5. Democrats now hold District 4.

Over at the Democratic headquarters on Water Street in Pontiac, Ginn did some prognosticating himself. "Five of the six isn't too remote a possibility," he said.

He saw little chance that the incumbent-free District 3—which has always been represented by a Republican—would change hands.

Republicans now have Rep. Lloyd L. Anderson in District 1, Rep. Roberts in District 3, and Rep. William Hayward in District 5.

Democrats claim Rep. Arthur J. Law in District 2 (Pontiac), Rep. S. James Clarkson in District 4, and Rep. John C. Hitchcock in District 6.

They are paired in the following manner for the election (elector vote only in their respective district):

Anderson faces Patrick K. Daly, a Waterford Township Justice of the Peace for whom Democrats have high hopes.

Law meets Richard I. Moore, Pontiac district manager for the National Federation of Independent Business.

Henry M. Hogan Jr., Birmingham attorney and Bloomfield Township trustee, challenges James M. McNeely, a Milford resident and a school teacher in Farmington.

Clarkson is up against Raymond L. Baker, winner by 23 votes in a recount and retired Berkeley pharmacist.

Hayward is running against Clawson attorney William A. O'Brien.

Hitchcock opposes Robert J. Turner, Ferndale attorney with an uphill fight on his hands in the Democratic stronghold.

The Clarkson-Baker match steals the spotlight. It's the pivotal spot that could swing the countywide balance in favor of either party.

Republicans still haven't recovered from the shock and surprise of 1958 when Clarkson, after an unsuccessful try two years before, gained the job by a slight margin of 509 votes over Allen C. Ingle. There were 4,488 votes cast.

Since then they have been shopping around for a candidate. On the morning after the primary Detroit insurance man John A. Titus, of Berkeley, was boasting his narrow victory over former Berkeley councilman and pharmacist Raymond L. Baker.

Baker, 54, however, received a pleasant surprise during the canvassing of votes. He was declared the winner to meet Clarkson, who lost the seat in 1956 by 7,068 votes out of 54,318 votes cast.

NEARLY LOST

Clarkson, 35, who lives in Southfield and practices law in Berkeley, teetered dangerously on the brink of political suicide during the last session when he fulfilled his campaign promises to oppose a personal state income tax as advocated by Gov. Williams. Democrats were ready at home to give him the ax. His Democratic opponent in the primary came within 1,300 votes of defeating him.

However, party leaders feel now that an incumbent in the race will benefit their cause.

The District 4 race got hot recently when Clarkson accused Baker of being a "phony" in his stand for a commission to solve the Carver School District rhubarb.

If re-elected, Clarkson proposes to fight for the repeal of the personal property tax, replacing it with his differential tax, where the tax on land is higher than the tax on personal property.

Clarkson is endorsed by both the Teamsters and the AFL-CIO. An all-out voter registration drive in District 1—the largest district area-wise—gives encouragement to Ginn's forces that Daly will be elected.

Anderson's margin of victory increased from 1,564 when he was first elected in 1956 to 6,556 two-years ago. Anderson, 52, of 3769 Lincolnshire Road, Waterford Township, is a former township supervisor. He's employed by the county's personnel department between sessions.

Daly, 31, of 1138 Lynsue Lane, Waterford Township, has been justice since 1957. He was formerly with Ford Motor Co.

Anderson promises close scrutiny of state departmental budgets to assure, he says, more economy in government. He's for con-con and the sales tax increase.

Daly, too, is for con-con but opposed the penny boost. He favors a graduated state income tax.

The Democratic candidate is also for revision of the 12-point driver license suspension system where a traveling salesman, for instance, would be allowed greater flexibility.

In the race which will be decided by Pontiac voters, Law, former mayor and a grocery store owner and operator, appears to be in little danger. The city's heavy Democratic vote is expected to return him to his second two-year term in Lansing.

Republicans privately admit that Moore has an uphill fight. Elliott sees the Democratic margin in the city decreasing, however. Democrats recorded 63.2 per cent of the vote in the city two years ago.

Moore, 47, of 17 Prall St., tried to break the monopoly in 1950 but failed against Leuan Harrison, now president of the Pontiac Teamsters Local 614.

Moore once had visions of running for governor. Both Moore and Law were unopposed in the primary.

Law, 54, who was defeated in 1952 in his bid for Congress, immediately jumped on Gov. Williams' bandwagon for a graduated income tax and corporation profits tax when the governor proposed it in February of 1959.

Law, of 27 Miami Road, later became a strong advocate of the so-called piggyback tax based on what Michigan residents pay in federal income taxes.

A state income tax, Moore said, will result if voters next month reject the sales tax increase.

On the subject of the state's business status, Moore said: "The truth is the economic climate is bad. This can be changed if political, business and labor leaders will stop their propaganda and tell the people the truth and act to meet the problem."

Law counters by blaming Republicans and Paul D. Bagwell, candidate for governor, for blackening the state's name with "reverse propaganda."

Two political newcomers have hopes of replacing Roberts.

The smoke of the primary battle had barely cleared when McNeely, a former Chrysler Corp. worker and television public relations man in Green Bay, Wis., accused Hogan of using General Motors dealer cars in front of polling places.

Hogan's father is vice president and general counsel for GM.

McNeely called for an investigation by the director of state elections. The complaint was not valid, Hogan was told.

Just lately McNeely campaigned that the Public Service Commission should be given authority to set charges by utilities based on the caliber and quantity of service provided.

Hogan is 27 and McNeely 30, making them the youngest in any of the county races.

McNeely, of 1066 Prince Road, Milford, has taught the last five years in Farmington public schools. He works in a special experimental program for junior and senior high school boys who have trouble adjusting to their regular classwork.

He holds a master's degree in psychology from Wayne State University.

His opponent graduated from Holy Cross College in 1954 and received his law degree from the University of Michigan in 1957. He's done graduate work in business administration the past two years.

Ginn sees his party narrowing the Republican winning margin in this heavily-Republican district, bolstered by Bloomfield Hills, Bloomfield Township and Birmingham. The Democrats drew 14,351 votes in 1958 (out of 38,387) and 29,293 (out of 47,223) in 1956.

Hogan was first elected township trustee in 1959. Both favor con-con and follow party lines on taxes.

Next to the outcome of the District 4 election, Ginn's

hopeful forecast of "maybe five of the six" hinges on what happens in District 5, made up mostly by the city of Royal Oak.

BATTLE LINES FORM

Battle lines have been formed of late between Hayward, the incumbent and mayor of Royal Oak, and a Johnny-come-lately politician in O'Brien. Union endorsements have helped ferment the contest.

The Carver School District controversy added fuel to the fire also.

Hayward, 54, of 1839 Sycamore St., Royal Oak, charged the Oakland County AFL-CIO Council had made "a sham" of its political endorsements of candidates by inviting him for an interview after O'Brien already had been endorsed in the primary. O'Brien also has the Council's blessing going into the general election.

Then it was O'Brien's chance to counterattack when it was learned Hayward had been endorsed by the Teamsters. The Republican incumbent, who denied soliciting the support, later "emphatically repudiated" it.

Hayward has served on the nonpartisan City Commission either as commissioner or mayor since 1939. His present term expires next year.

In 1952 he endorsed the Republican primary seeking the 18th Congressional District seat.

He has been a self-employed investment counselor and spent 23 years in the banking business in his city.

A graduate of Holy Cross College and the Yale Law School, O'Brien, 30, of 1351 N. Selfridge Road, Clawson, was for two years lecturer at the University of Detroit Law School. Earlier he assisted in the preparation of a book on copyright law.

A Navy veteran, O'Brien offers a varied platform, which includes simplification of the state's tax structure and creation of a state tax court.

O'Brien is "preferred" by the Oakland Citizens League.

"The reporting of the state's climate by politically immature Republicans, arrogantly accustomed to having their own way and as yet unable to pull in the harness with the majority Democratic party, has tended to blacken and vilify the good name of Michigan," O'Brien said.

Right across the county border from Democratic Wayne County, District 6 shouldn't see any change in representation the next two years.

Elliott and Ginn agree here.

A 35-year-old lawyer who has never run for public office before, Turner is still giving it all he's got. While admitting his chances of defeating Hitchcock are slim, Turner has a secondary purpose. He's chairman for the Bagwell forces in the county.

Bagwell's looking for "a little boost in Turner's district, too."

Hitchcock, a Hazel Park insurance man was elected to office two years ago, upsetting the former legislator who had held the position since 1948. He survived a hot three-man Democratic primary in which the AFL-CIO refused him endorsement, giving it instead to a newcomer.

Turner worked his way through school and later received his law degree from the Wayne State law school. He passed his bar examination in 1956.

He has taught in Detroit schools.

Turner puts in a plug for himself and Bagwell, in this way, in his platform:

"Michigan is traditionally dynamic. Michigan has been traditionally Republican. It is time for the industrial worker of Michigan, along with all other citizens in Michigan, to return to the dynamic approach to problems that the Republican party takes."

Queen Elizabeth Kills Tiny British Farthing

LONDON (AP)—Queen Elizabeth II has written off the farthing.
A royal proclamation withdrew the tiny coin from circulation after 600 years as the least valuable currency of the sterling area. After Dec. 31 the farthing—worth a quarter of an English penny—will be worthless.

Aconcagua in the South American Andes is the highest peak in the Western Hemisphere: 22,835 feet.

Asks Greater Check on Freighter 'Pests'

SAGINAW (U.S.A.)—State Department of Agriculture official says the department's inspection committee will have to be expanded to "meet the threat of foreign plant and animal pests brought to Michigan through the St. Lawrence Seaway."
C. A. Byer, in urging that more inspectors be added to the committee, said that the plant and animal pest threat was "very grave to the welfare of the state of Michigan."

Byer testified before a Senate interim committee headed by Sen. Arthur A. Dehmel, R-Unionville. J. Guy Lewis, assistant regional supervisor of the federal plant quarantine division, said there were only four and at the most five inspectors to cover Detroit, Bay City, Saginaw, Port Huron, Muskegon, Toledo, Ohio.

Lewis said "there is no such thing as 100 per cent inspection of a ship."

An instrument using sunlight as a source of energy converts salt water into fresh at the rate of three gallons per hour.

Hauled Into Court After Panty Raid on LA Policeman

LOS ANGELES (AP)—Commercial artist Gloria Pereira had a brush with the law, police say, and ended up with her sports car snagging the seat of one officer's pants.
Patrolman Edward F. Neville testified that Miss Pereira's trial on charges of drunken driving and hit and run Wednesday that he

was giving another motorist directions on busy Wilshire Boulevard when Mrs. Pereira, 33, drove by. He said he realized it had been more than a sea-sick when he put his hand to his hurting hip and found the seat of his trousers was no longer there.
Neville took Mrs. Pereira into custody a mile away, he said. The case is continuing.

Elk Island Park, where hundreds of wild buffalo roam the parkland with elk and moose in the woods, is 30 miles east of Edmonton.

Underwater Star Gets Too Wet; Hospitalized

BOULDER CITY, Nev. (AP)—Actor Keith Larsen is hospitalized here with a respiratory infection doctors said he incurred while filming water scenes in the Colorado River.
Larsen collapsed Wednesday on the location of "The Aquanaut" TV series at Lake Mead.

South Africa's exports of wines and brandies to Canada in 1959 were valued at \$1,330,000.

Mobutu Bows to U.N. Demand

Withdraws Most of Rowdy Army From Shaky Leopoldville

Mobutu left a few isolated patrols on duty. He also set up a detachment in front of the central post office in the European city where they could be seen by the largest number of people.

Catholic Church Fights Cuban Educational Plan

LEOPOLDVILLE, the Congo (AP)—Col. Joseph Mobutu bowed to the United Nations today and withdrew the bulk of his disorder-

LEOPOLDVILLE, the Congo (AP)—Col. Joseph Mobutu bowed to the United Nations today and withdrew the bulk of his disorder-

Gold Price Tumbles to Near U.S. Rate

LONDON (AP)—Gold dropped to \$35.56 a fine troy ounce on the London bullion market today—its lowest price since the gold scramble started eight days ago.

★ ★ ★

The figure was 28 cents below Wednesday's close. Its peak during the frenzy of speculative buying last week reached \$40.50.

★ ★ ★
One dealer described today's demands as moderate, with little evidence of selling.
"I still do not think this is the end of the bubble," he said.

The U. S. Treasury official gold price is \$35 an ounce and until the rush started this figure usually varied by not more than a penny or two on the London market.

Directors of Cuba's Catholic schools were summoned to an urgent meeting Saturday to consider a proposed law which would empower the education ministry to decide where and by whom young children shall be educated — a system following the Russian pattern.

The proposed law was said to provide that priests and nuns could continue to teach in Cuba only as employees of the state. As such, they would not be subject to the direction, supervision or discipline of religious orders.

Church leaders argued these provisions would limit religious freedom by depriving parents of

PETER P. LAASKA

Peter P. Laaska of 402 S. Shore Drive, Watkins Lake died yesterday at Pontiac General Hospital after an illness of several months. He was 77.

A retired employee of Wilson Foundry Corp., he was a member of St. Benedict Catholic Church.

Surviving are two daughters, Lillian G. and Regina, both of Watkins Lake; a son, Army Capt. Leonard C., two brothers and three sisters.

The Rosary will be recited at 8 p.m. Friday at the Donelson-Johns Funeral Home. Service will be held at 10 a.m. Saturday at St. Benedict Church with burial in Mt. Hope Cemetery.

MRS. ROLLAND PEARSON Mrs. Rolland (Almeda) Pearson, 38, of 154 Augusta Ave., dies yesterday of a heart ailment at St. Joseph Mercy Hospital. She had been in ill-health for several months.

A member of the Eagles Lodge 1230, she leaves her husband; a sister and four brothers.

Mrs. Pearson's body is at the Hulton Funeral Home.

MRS. WILLIAM RUSSELL Service for Mrs. William (Rhoda) Russell, 80, a former Pontiac resident, was held this afternoon at the Laing-Robinson Funeral Home in Otisville.

Surviving are four sons, Kenneth of Otisville, John of Genesee, Byron and Calvin, both of Pontiac; six daughters, Mrs. Wesley Wilson of Farmington, Mrs. Basil Finner and Mrs. Ade Lukonen, both of Flint, Mrs. Ivan Russell, Mrs. Lee Buckle and Mrs. Wilson Church, all of Pontiac; 34 grandchildren; and 69 great-grandchildren.

Mrs. Russell died unexpectedly Monday in Otisville where she made her home.

MRS. JOSEPH TAYLOR Service for Mrs. Joseph (Florence) Taylor, 76, of 431 Cass-Elizabeth Road, will be held at 1:30 p.m. Friday at the Hulton Funeral Home. Burial will be in the Waterford Cemetery.

Mrs. Taylor, who is survived by a grandson, died of pneumonia Tuesday after a brief illness.

EDITH JADKINS — Service for Edith J. Adkins, 6-year-old daughter of Mr. and Mrs. J. T. Adkins of 66 Oakwood St., will be at 2 p.m. Sunday at the C.F. Sherman Funeral Home. Burial will be in Ortonville Cemetery.

The youngster died early today in Hurley Hospital, Flint, of injuries received when she was struck by a car.

She was a first grader at Brandon School.

Surviving besides her parents are four sisters, Teresa, Janice, Pamela and Debora, all at home; and her grandparents, Mr. and Mrs. G. A. Spruill of Atlanta, Ga., and Mr. and Mrs. E. D. Adkins of Dunwoody, Ga.

FRANK F. GILDESTEIN OAKLAND TOWNSHIP—Service for Frank F. Gildestein, 74, of 2881 Dutton Road, will be 1 p.m. Saturday in the William R. Potere Funeral Home, Rochester. Burial will be in Forest Lawn Cemetery, Detroit.

Mr. Gildestein died today at his home following a long illness.

He is survived by his wife Ida, two daughters, Mrs. Dorothy Epso of Pontiac and Mrs. Alice Shabus of Mt. Pleasant; a son, Ralph Gilden of Ypsilanti; three brothers and seven grandchildren.

MRS. WILLIAM GRUNICK AUBURN HEIGHTS — Service for Mrs. William (Dorothy M.) Grunick, 35, of 3871 Brimfield St., will be at 2 p.m. tomorrow in Auburn Heights Presbyterian Church. Burial will be in White Chapel Memorial Cemetery.

Mrs. Grunick died Tuesday in St. Joseph Mercy Hospital, Pontiac, after several months' illness. Her body is at the Moore Chapel of the Sparks-Griffin Funeral Home.

Surviving besides her husband are a son, Robert; two brothers, Edward Vine of Detroit and Harry Vine of Keego Harbor; and four sisters.

ROBERT L. McDOWELL TROY — Service for Robert L. McDowell, 18, of 629 John R Road, will be at 2 p.m. tomorrow in the Pixley Funeral Home, Rochester. Burial will be in Union Cemetery.

Robert, a fourth grade student at Troy Union Elementary School, died yesterday of injuries received in an automobile accident here. Surviving besides his parents Mr. and Mrs. Norman A. McDowell are 11½ brothers, Norman Jr. and Donald W., Kieh L., Dale E. and Bruce D., at home; two sisters, Patricia and Althea, also at home; and four grandparents.

MRS. FRED NICKERSON WALLED LAKE — Service for Mrs. Fred (Irene M.) Nickerson, 70, of 288 Woodbury St., will be at 10 a.m. Saturday at St. William Catholic Church. Burial will be in St. Mary's Cemetery, Milford.

Mrs. Nickerson died yesterday after a long illness.

The Rosary will be recited at 8 p.m. tomorrow at Richardson-Bird Funeral Home.

Surviving besides her husband are three daughters, Mrs. Ernie Mosher of Marion, Mrs. Joseph Wezinski of Mt. Pleasant and Mrs. Edward Kornel of Detroit; six sons, William of Battle Creek, Edmond and Howard of Berclair, Wilfred and Leonard of Milford and Merlin of Walled Lake; 28 grandchildren and two great-grandchildren.

Also surviving are four sisters and three brothers.

AUGUST RUGENSTEIN UTICA — Service for August Rugenstein, 83, of 4450 Davis St., will be 1:30 p.m. tomorrow at the Trinity Lutheran Church. Burial will be in the Utica Cemetery.

Mr. Rugenstein died Tuesday in the Martha Berry Hospital, Mt. Clemens, after a long illness. His body will be at the Milliken Funeral Home until 11:30 p.m. tomorrow.

Surviving are three daughters, Mrs. Anna Reno of Richmond, Va., Mrs. Alice Mosley of Detroit and Elsie Rugenstein of Utica; and

two sons, James of Rochester and Dr. Edward Rugenstein of Rose-Troy.

Also surviving are his brother Albert and a sister, Mrs. Helen Ziehm, both of Utica, 10 grandchildren and one great-granddaughter.

THEODORE C. WASHAM ORION TOWNSHIP — Service for Theodore C. Washam, 36, of 4615 Jeanm Road, will be at 2 p.m. tomorrow in the Purley Funeral Home, Pontiac. Burial will be in miles per hour.

A new machine digs a trench and lays a two-inch aluminum pipe tomorrow in the Purley Funeral Home, Pontiac. Burial will be in miles per hour.

Mr. Washam was injured fatally Tuesday when his car, upon which he was working, fell on him.

Surviving are his wife Gladys; a son, Louis S., and a daughter, Judith P., both at home; one brother and seven sisters.

Carrying 22 million passengers, British European Airways made a profit of around \$5.8 million last year against less than \$280,000 in 1959.

New Physical Therapy Center Stirring Victory for Dr. Calhoun

By PETE LOCHLER

Behind Pontiac General Hospital's unique physical therapy center is one of those irresistible dynamos known as a determined woman.

The name of Dr. Ethel T. Calhoun is virtually synonymous with the Sister Elizabeth Kenny Foundation in Michigan.

To Dr. Calhoun, opening of the \$30,000 center in a few days will be a big victory.

It will mean that the Michigan foundation has in-patient facilities again, for the first time in two years.

Since the time the Sister Kenny Polio Hospital in Farmington closed in September 1958, the foundation has operated only one facility in Michigan, the Kenny Rehabilitation Center in Ferndale, which Dr. Calhoun heads.

DR. ETHEL T. CALHOUN

On the list of "things we'd like to do if we had the money."

FROM 1945 TO 1953

Associated with the polio unit at Oakland County Contagious Hospital from 1945 to 1953, Dr. Calhoun considered Pontiac and Northern Oakland County as home ground.

A discussion of mutual problems at a medical meeting about a year ago, led to formal negotiations between the trustees of Pontiac General and those of the Kenny Foundation's Michigan chapter.

Often asked to effect the Salk vaccine has had on the foundation's polio activities, Dr. Calhoun replies:

"As long as there are people foolish enough not to get their polio shots, we'll have polio and will need hospital facilities to treat polio."

The foundation has helped two polio victims this year, she said. One of them, a three-year-old Rochester girl, is in Pontiac General.

In retrospect, it seems natural that Pontiac General and the Kenny foundation should have gotten together.

A physical therapy department is an important addition to a modern hospital, but Pontiac General has never had one. Development of one there has always been high

cerned only with the annual budget from the Michigan United Fund.

This budget covers operating costs only. It doesn't provide any extra money for capital improvements.

Pontiac is the first general hospital in the nation to have a Kenny Foundation clinic, but hospital officials think that other institutions may want to follow suit.

The arrangement, Dr. Calhoun says, fits into the foundation's new emphasis on therapy in the broad sense, now that polio, happily, is coming under control.

Kenny training, she says, produces competent therapists for victims of multiple sclerosis, strokes, cerebral palsy, arthritis and traumatic injuries.

The clinic will be directed by Dr. Calhoun with the help of a staff of three.

The hospital and the foundation are expected to announce the opening date shortly.

Veteran Photographer

ERICK, Okla. (AP)—Mrs. Lou Bennett, who started photography as a hobby, may be the state's oldest in the business at the age of 90.

HIS HEROINE—Little Kirk Miller of Topeka, Kan., dropped a jar of gasoline onto the basement floor at home. His sister Paula Jo (left), 3, was the difference between life and death when the fuel ignited, shooting up into ceiling-high flames. Paula Jo dragged Kirk through the fire and upstairs before their mother Mrs. Joseph Miller realized what had happened.

Nixon Would Be 4th Youngest; Kennedy Second

AP Feature
Here is a list of the youngest Presidents and their ages on inauguration days:

Today Roosevelt, 42.

(Kennedy at 43 would be the second youngest.)

Thygesen, 35; Grant, 46; Grover Cleveland, 47.

(Nixon who will be 48 by inauguration day would be the fourth youngest.)

Franklin Pierce, 48.

James K. Polk, 49.

James A. Garfield, 49.

Nixon was only 39 when he was elected vice president in 1952 and was only 40 years and 11 days old when the oath of office was administered to him.

But he didn't come close to the record for youth in the vice presidency. John C. Breckinridge was

Pick the one you want in one easy stop AT YOUR CHEVROLET DEALER'S

It's the greatest show on worth—30 crisp new models making up the most varied assortment of cars ever offered under one roof. Almost any shape and size of car you might want—at the kind of price that'll make you want it all the more. There's a whole crew of low, low-priced new '61 Chevy Corvairs, including wonderful new wagons unlike any ever built before in the land. New Biscaynes—the lowest priced full-sized Chevrolts. Beautifully sensible Bel Airs. Elegant Impalas. And America's only authentic sports car—the incomparable Corvette. Drop into your Chevrolet dealer's and choose your '61 car the easy way—in one convenient stop!

Chevy Impalas Impala 4-Door Sport Sedan—fresh elegance from the most elegant Chevrolets of all. Notice the trim new roof line.	Impala 2-Door Sedan—A new model for '61—now you can choose from a full line of five sumptuous Impalas.	Impala Convertible—Wide open for fun—with roomy new interior dimensions, too.	Impala 2-Door Sport Coupe—Like all Chevrolets, it's easier to get in and out of. Door openings are a half-foot wider.
Impala 4-Door Sedan—Loading height of that new trunk has been lowered 10.5 inches to bumper level.	Chevy Bel Airs Bel Air 4-Door Sedan—Priced just above the thriftest full-sized Chevrolets, Bel Airs bring beauty that's useful.	Bel Air 2-Door Sedan—All new Chevrolets are available with a wide choice of engine transmission combinations.	Bel Air 4-Door Sedan—You get higher, more comfortable seats in all Chevrolets—plus generous head room.
Bel Air 4-Door Sport Sedan—Sensible new size of Body by Fisher ups front door entrance height nearly 2".	Chevy Biscaynes Biscayne 2-Door Sedan—A full measure of Chevy room and quality, priced with cars that give you a lot less.	Biscayne Utility Sedan—With no rear seat, here's versatile, economical transportation for people and cargo.	Biscayne 4-Door Sedan—Stack the family's luggage 15% higher in Chevrolet's new deep-well trunk.
Chevy Station Wagons Nomad 4-Door 6-Passenger Station Wagon—There's 10.5 cu. ft. of concealed storage space for valuables.	Nomad 4-Door 6-Passenger Station Wagon—Chevy's most luxurious wagon—one of three 6-passenger models.	Parkwood 4-Door 6-Passenger Station Wagon—The tailgate opening to its cave-size cargo area is nearly 5 ft. across.	Parkwood 4-Door 6-Passenger Station Wagon—featuring power-operated rear window.
Brookwood 4-Door 6-Passenger Station Wagon—Lowest priced full-sized station wagon in the Chevy line.	Brookwood 4-Door 6-Passenger Station Wagon—One of six handsome, full-sized, easier loading Chevy wagons for '61.	Corvair 700 Club Coupe—One of nine new Corvair models with more space, spunk and savings for '61.	Corvair 500 Club Coupe—Corvair is still the only U.S. built car that never needs water or antifreeze.
Corvair 700 4-Door Sedan—All Corvair coupes and sedans give you 15% more luggage space under the hood.	Corvair 500 4-Door Sedan—Roomy interior and practically flat floor allow six people to sit comfortably.	Corvair Lakewood 700 Station Wagon—America's newest wagon—with a lockable trunk up front.	Corvair Lakewood 500 Station Wagon—With light fingered steering and sure-footed traction of Corvair's rear engine.
Monza 500 Club Coupe—Handsome interior features sporty bucket seats, 4-speed transmission offered at extra cost.	Greenbrier De Luxe Sports Wagon—With 17.5 cubic feet of storage space... up to twice as much as other wagons.	Greenbrier Sports Wagon—About the only thing it won't hold is antifreeze. (3rd seat shown is an extra-cost option).	Corvette Corvette—A winning new shape and new engineering refinements for America's only authentic sports car.

Two Chevrolet models designed especially for business use are not shown.

See the greatest show on worth at your Chevrolet dealer's

Considers Private Driver-Training

LANSING (UPI)—Driver education by private agencies for youths under 18 is under consideration by the Department of Public Instruction.

The attorney general's office recently informed Supt. Lynn M. Bartlett that agencies other than

schools could be recognized under state law for such instruction if they provided driver education equivalent to the standards for the school courses.

Representatives of law enforcement agencies, driver training agencies and school systems Monday discussed the proposed rules and regulations which would govern the approval of these agencies and their training courses.

Quebec yields about two-thirds of the world's asbestos.

State Cutting Number of School Districts

LANSING (UPI)—The number of school districts in Michigan is steadily decreasing through annexation and reorganization, the Department of Public Instruction said today.

Since the department's report last December, some 134 districts have been involved in annexation or re-

organization, the department said.

School Supt. Lynn M. Bartlett said annexations and reorganizations occurred at the rate of nearly 28 per month during the past 30 months. Since July 1, 1956, the number of districts in the state has been reduced from 3,491 to 2,103.

An estimated 85 per cent of the world supply of nickel is produced by the mines which are located in the Sudbury, Canada, district.

Sees Kennedy Tide Rising in Big States

WASHINGTON (UPI)—Rep. Chester Bowles, D-Conn., said Tuesday he was "cautiously confident" of Democratic victories on the state and national level in Pennsylvania, Michigan, Illinois, Minnesota and Wisconsin.

Bowles made the prediction after returning from campaigning in for Sen. John F. Kennedy.

"It is my sober opinion that our only danger now is overconfidence among the rank and file Democrats across the country," Bowles said. "The Kennedy tide is clearly rising."

The Pacific's greatest chasm, the Mariana Trench, is a mile deeper than Mount Everest is high. The 35,800 feet below the sea's surface.

Powers Block Building Rises Again in Hart

HART (UPI)—A big hole in Hart's downtown business section caused by a half-million dollar fire last March has been filled with the completion of the new Powers Block Building.

It is the first major rebuilding project in the city's business area in more than 20 years.

The old Powers Block added two pounds.

other business blocks were ruined by fire.

The Powers firm is one of the oldest business establishments in this Ocean County seat.

Figure Differential

BURLINGTON, VT. (UPI)—The starting backfield on the 1960 University of Vermont football team averages 190 pounds. The starting line averages 212 pounds.

Deaf Driver, 80, Denies He's at End of Road

LOUISVILLE, Ky. (AP)—Edward Ashby is 80, stone deaf and extremely independent. He also is a dangerous driver, says his son Wayne, 54.

"Take his license," Judge Ralph Stone continued the case to save his life or someone else's," the son pleaded in traffic court Tuesday.

The father was charged with reckless driving. Police said he attempted a U-turn in heavy traffic. Wayne Ashby said state officials refused to revoke his father's license without affidavits. "My father will obey the law; he won't drive if he doesn't have a license, but as long as he has one he will," the son said.

Nikita Says He Won't Blockade W. Berlin

MOSCOW (AP)—Premier Khrushchev has told West German Ambassador Hans Kroll the Soviet Union has no intention of blocking West Berlin and any charges that it does plan a blockade are slanders, diplomatic sources report. But the sources said Khrushchev emphasized that the Soviet Union is as determined as ever to end the occupation status of Berlin.

Khrushchev and Kroll conferred last week when the ambassador delivered a letter from Chancellor Konrad Adenauer asking repatriation of German civilians still in the Soviet Union. Khrushchev reportedly replied that exit visas would be granted speedily to those who could prove German citizenship.

Japan and South Korea Open Relations Talks

TOKYO (UPI)—Japan and the Republic of Korea Tuesday opened talks aimed at restoring normal relations between the two countries for the first time in more than a half-century. Dr. Yu Chin Un, chief South Korean delegate to the talks, met with the Japanese delegation, headed by Renzo Sawado, in what observers described as "possibly the friendliest atmosphere" since the two nations began negotiations a decade ago.

The Ganges River for untold centuries has been holy to Hindu India. People of all stations come to bathe in it. For those unable to make the pilgrimage, water is bottled and carried home. Ganges water keeps for years without staling — so tradition goes — and an authentic man's eyes of a dying man is believed to cleanse him of sin.

Harvard Historian Speaks Out for Jack

CHICAGO (UPI)—Historian Arthur M. Schlesinger Jr. said Monday night the presidential campaign has "ruthlessly brought home the difference between a synthetic and an authentic man." Speaking at the Quadrangle Club here, the Harvard University professor said the choice for voters this year "is simple."

"If we think that everything is fine and that there is no need to worry about our country," he said, "we should vote for Mr. (Richard M.) Nixon."

"If we think we need a new burst of innovation and idealism to meet the cruel problems that assail us at home and abroad, then we are fortunate in having the opportunity to vote for John F. Kennedy."

Pontiac City Affairs
Taylor Proposes Parking Garages
City commissioners have under study three new proposals and one old one.
Commissioner William H. Taylor Jr. suggested that the city turn its attention to parking structures, rather than new parking lots, since the former occupy less land and might be highly efficient in operation.
Municipal parking lots require too much land that otherwise might remain on the tax rolls, he told commissioners Tuesday night.
One such structure already is being considered in the Civic Center area as part of the urban renewal program.
At the suggestion of Commissioner Winford E. Bottom, Mayor Philip E. Swanson is pricing a plaque to hang on the walls of City Hall in honor of Olympic medal winner Hayes Jones.
Commissioner Milton R. Henry urged the city to give new attention to a proposal he first brought up two years ago — the bonding of police officers.
He said the Oakland County sheriff's deputies are now bonded.
Over the months, the commission has had various reports on the bonding proposal, but it has never come to a vote.
A small, five-lot plan was recorded, embracing lots on the southwest corner of Sanford Avenue and East Whittemore Street. Replanted from other subdivisions, the new plan is named Secord's Subdivision and \$1,017 was put in escrow for sidewalks and inspection costs.
At the request of Henry, the planning commission was asked to consider rezoning of a lot at the western end of Fildew Street from residential to commercial. The lot is at the city limits and adjacent to the Miracle Mile Shopping Center.
Placed on the public improvement program at the request of Commissioner Wesley J. Wood was a 75-foot sanitary sewer on Westway Street at Michigan Avenue.
Bottom called for study of a possible stopgap at the northwest corner of the newly paved intersection of Howard and Johnson avenues.
The hearing on assessment rolls covering proposed sidewalks on the north side of Willard Street and the west side of Jessie Street was continued another week for the second time at the request of Commissioner Robert A. Landry. A protest petition was signed by 56 percent of the affected property owners.
Hearings scheduled Nov. 1: On a proposal for a \$10,000 water main on Ypsilanti Avenue from the subdivision line to Baldwin Avenue, and on an assessment roll covering proposed curbs and gutters on Cameron Avenue, Baldwins to Mt. Clemens.
There will be two zoning hearings, as well, Nov. 1. One is on the proposal to rezone from residential to commercial two lots at the southeast corner of Johnson Avenue and West Huron Street for a medical office building.
The other is on the bid for rezoning of two big lots on the east side of Woodward Avenue to manufacturing for a new building of GMC Employees Federal Credit Union.
Both changes were approved by the Planning Commission. A 90-foot right-of-way is to be dedeed off Woodward Avenue for the proposed southern extension of East Boulevard.
There were no objections on hearings covering plans for a water

Kennedy Ahead 3 to 2 at Harvard, Radcliffe
CAMBRIDGE, Mass. (AP) — Sen. John F. Kennedy has emerged 3-2 favorite over Vice President Richard M. Nixon in a presidential preference poll of Harvard and Radcliffe students conducted by the Harvard Crimson, undergraduate daily. The vote was 3,461 to 2,412. Kennedy is a Harvard graduate.
Enough wood to build 25 six-room houses is contained in the wooden matches which are consumed every 24 hours in the Union States.
Tucson Bishop Resigns Because of Poor Health
WASHINGTON (UPI) — Pope John has accepted the resignation of the Most Rev. Daniel Gercke as Bishop of Tucson because of his age and poor health. It was announced here Wednesday. Cardinal Bishop Francis Gropp succeeds him.
Bishop Gercke, 86, has been a priest for 59 years and bishop of Tucson for 37. His successor has been his auxiliary since Sept. 17, 1953, and was named coadjutor bishop with right of succession last May 11.
There are about 1,500 species of insects about the mosquito.

FORMIDABLE FORCE FOR FREEDOM

A SPECIAL MESSAGE TO YOUNG MEN 17 YEARS OF AGE AND OVER

Under the provisions of the Armed Forces Reserve Act of 1955 you have a military service obligation to fulfill. You can serve your country proudly by joining the Naval Reserve. This may be done at any time before receiving your notice of induction from the Draft Board.

Some of the advantages of Naval Reserve membership are:

You earn regular pay, promotions and retirement benefits by attending weekly training meetings. You may take a two week annual training cruise aboard regular Navy ships and visit foreign ports. You have many educational opportunities available to pursue:

1. Service Schools

2. Training in technical Navy occupations at your Reserve Center.
3. A chance to apply for a FREE college education at Annapolis or NROTC universities and earn a commission.
4. Correspondence courses.

You will meet new friends, participate in an active program of social and sporting events.

Ex-Actor Murphy Bolsters GOP

'Reuther Should Run for Office'

By GEORGE T. TRUMBULL JR.
Former screen star George Murphy, now playing a major role for Republicans, last night said if Walter P. Reuther, United Auto Workers president, wants to run the country, he should be "forced" to run for office like anybody else.

"If he wants to run the politics of Michigan, Wayne County, Detroit, or the United States, if you will, he should be forced to run for office like anybody else," Murphy told a dinner put on by the Birmingham volunteers for Nixon and Lodge.

"Then if the people like him and vote for him, fine and dandy. Fit be for him, but I don't want to see him slipped under the door."

Reuther got both barrels at the Birmingham Community House meeting as Murphy was preceded by Larry S. Davidson, former UAW

official and now attorney from Huntington Woods.

SUPPORT FOR FAVOR

He accused Reuther of promising support to Democratic presidential candidate Sen. John F. Kennedy if Kennedy and his younger brother Robert didn't pursue their Senate tickets investigation of the UAW.

Robert Kennedy was chief counsel of the committee which spent most of the time looking into Teamsters Union affairs.

Some 230 men and women paid \$4 for a dinner of chicken and apple pie, spiced with Murphy's denunciations of Kennedy and Democratic leaders, and his urgent pleas that Vice President Richard M. Nixon follow Eisenhower in the White House.

Slightly greying in front — "but I'm only three years younger than Jack Benny" — Murphy returned to Michigan to give a big boost to Nixon, gubernatorial candidate Paul D. Bagwell and Rep. Alvin M. Bentley, candidate for the U.S. Senate.

He said the Democratic party could be split into three, the extreme liberal party led by Mrs. Eleanor Roosevelt, the socialist faction led by Reuther, and the "mean to be distant, chased group of Virginia Sen. Harry F. Byrd and former Secretary of State James Byrnes.

"Remember what all these people said about each other in Los Angeles," Murphy asked. "Then at the end they locked arms and said they were one big happy family."

WORDS WILL HAUNT

But, Murphy said, the "nice things" they said about each other will remain to haunt the Democrats.

He referred particularly to former President Harry S. Truman — "God love him, leave it to him" — and his pre-convention statement that Kennedy wasn't ready to lead the nation and "the country isn't ready for Jack."

And Harry was correct, Murphy told his partisan audience. Kennedy is "too young, of nimble mind," to become president.

Davidson accused Kennedy of being an appeaser, and Murphy said the associates he has around are the same.

A former "dormant Democrat" himself, having been converted by former Michigan Gov. and U.S. Supreme Court Justice Frank Murphy — predicted that soon Reuther's auto workers would revolt against "having to contribute for a candidate who is no good."

"Soon there won't be a decent union man left who will buy his bill of goods."

IN FOR SURPRISE

"And I think it will surprise Mr. Reuther and Mr. Scholle (August Scholle, state AFL-CIO president) and I hope it does," Murphy declared.

Murphy said he has visited some 80 cities across the country for Nixon and Lodge.

His voice is holding out well, he said, despite losing part of one vocal chord because of cancer seven years ago.

He said he ended his movie career, "because I wasn't getting too many parts."

Certain that those in his audience were Nixon supporters, Murphy turned his attention to the undecided voters during the last two weeks of the campaign.

"Talk to these people," Murphy said. "Tell them what the crazy old hooter from Hollywood had to say."

Murphy said he was going to New York today and wouldn't meet Nixon in Michigan.

Poking at Republican claims that vice-presidential candidate Lyndon B. Johnson is missing

Car Salesman Killed

FLINT (P)—William W. Zimmerman, 33, a Flint used car salesman, was killed today when he lost control of his car on M57 about eight miles northeast of Flint. The car skidded 300 feet, burst through a drainage ditch and then rolled over several times.

Fat remains in the stomach longer than most other foods.

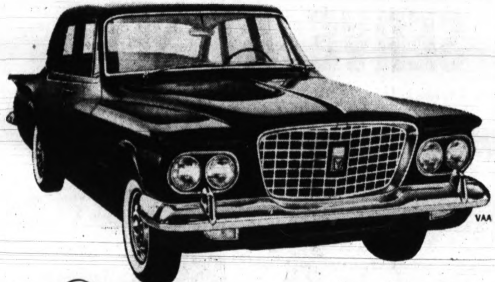

Baby Is Suffocated; May Charge Mother

DETROIT (UPI)—The Wayne county prosecutor's office today considered possible neglect charges against the mother of a 3-year-old boy who admitted he suffocated his infant brother to stop him from crying.

left home to care for the 5-month-old victim and a 3-year-old brother last Saturday night when the 33-year-old mother went to a wedding reception. The father had gone bowling earlier and found the baby dead in his crib when he returned home early Sunday. Under questioning, the 3-year-old boy admitted placing a pillow over the baby's head because the infant was crying. Police officers said the boy was

HE NEARLY MADE IT — Tommy Chrisco, 8, of Napa, Calif., watches intently as fireman Jack Pitts saws through a grating to free him. Tommy's curiosity led him to slip backwards down into the covered drainage ditch. He made it all the way except for his head. Pitts sawed through the bar in a few minutes and freed the somewhat frightened but only slightly scratched boy.

Show Must Go On
Despite Aisle Fight

By EDDY GILMORE

LONDON (AP)—Speaking her lines from the soft-lit stage of the Arts Theater, actress Virginia Maskell said with feeling: "I weep not for my sins. I weep for my lover."

"Rubbish," cried a wild Irish voice from the audience. "What bloody rubbish!"

Pandemonium broke loose in the audience at the play "Abelard and Heloise" Tuesday night. Orchestra members scrambled to their feet. A woman dropped her milk stool—and screamed. Someone stepped on an usherette's toe—and she yelled.

Ronald Duncan, author of the play, sprang from his seat and rushed down the aisle. "Please be quiet," he said to the Irishman. "I'm the author. People want to hear my words. This was just what the Irishman wanted—the author."

With a well-aimed right, the Irishman popped the playwright, and down went the man of letters. Duncan staggered to his feet and the Irishman lamned him again.

A friend sitting with the attacker hurried him out of theater. Together they disappeared in the to their feet. A woman dropped her milk stool—and screamed. Someone stepped on an usherette's toe—and she yelled.

Ronald Duncan, author of the play, sprang from his seat and rushed down the aisle. "Please be quiet," he said to the Irishman. "I'm the author. People want to hear my words. This was just what the Irishman wanted—the author."

The Final Show as Fire Brings Down Curtain at the Oakland Theater

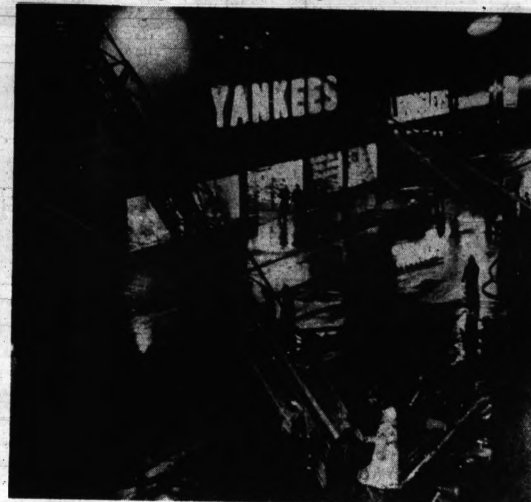

WATER VS. FIRE — Operation Oakway brought 11 fire trucks with more than 100 men from five fire departments into last night's battle to control the Oakland Theater fire. Pouring a steady stream from all sides into the blazing building were

firemen from Waterford Township, Birmingham, Royal Oak and Ferndale besides Pontiac. Oakway is the radio call signal sent out to surrounding communities in Oakland County when a major fire breaks out in the area.

BRIEF BREAK — The Pontiac Salvation Army was on the job with steaming coffee and doughnuts to refresh weary firemen once flames in the Oakland Theater were brought under control at

about 10 p. m. Many of the firemen were still on duty this morning as the fire continued to break out in small pockets inside the ruined building.

HEIGHT OF STRUGGLE — This spectacular shot of last night's fire in the Oakland Theater on South Saginaw Street was taken from atop a

nearby building. The picture was taken at the height of the \$415,000 blaze. More than 100 firemen battled the flames through the night.

Hearty Stews Satisfy Husky Fall Appetites

By JANET ODELL
Pontiac Press Home Editor

Chilly autumn nights set the stage for hearty food like stew. The fragrance of a simmering beef, veal or lamb stew will send the family hurrying to get ready for dinner.

Stew is halfway between a soup and a meat dish. A certain amount of liquid is necessary in which to cook the meat and vegetables. But don't drown the meat. Thickening is usually added before serving time.

Stews use economical cuts of meat. The long simmering time at temperatures of 180 to 170 degrees makes the meat tender. Vegetables added toward the end provide color and flavor.

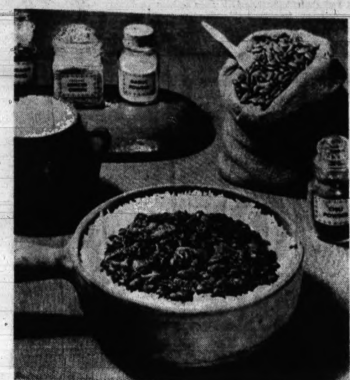

In any stew recipe the meat is first browned. This will make the gravy an appetizing color.

Herbs have a place in stew. The more robust herbs, like thyme, rosemary and marjoram, are excellent. But use a light touch. Better too little than too much.

Good stews can be gourmet dishes. Select your ingredients with care. Cook them properly. Serve the finished dish with showmanship and pride.

Perhaps you have an old recipe that's been in the family for years. Use it to serve the stew. Top the stew with biscuits and finish the cooking in the oven. Listen to the family smacking their lips when this appears.

Make use often this fall of a universally popular dish—Harvest Beef or Lamb Stew. You'll be glad you did. Meat makes the meal.

CHILI CON CARNE—Chili con Carne, a creation of Southwestern kitchens has become enormously popular all over the country. It is delicious, easy and economical, a meal-in-one.

Chili Powder Spices Many Foods

Within easy reach on the front row of the American spice shelf stands chili powder, one of the most popular members of the spice family. While its formula varies somewhat according to the manufacturer, chili powder is sure to blend chili peppers, red peppers, cumin seed, ground oregano and garlic powder. Some brands have added cloves, allspice and onion.

Of the many amazing vegetables discovered in the Western World, chili pepper seems to have been a most exciting treasure to Columbus and the later 16th Century explorers. "Pepper more pungent than that from the Caucasians" was the way it was described at that time.

Chili peppers made their way to the world's kitchens, even to India, where these pods were soon relished in curry dishes. In fact, a story keeps cropping up. In chili powder was originally compounded by English settlers in Texas who were trying to approximate curry powder such as they had enjoyed in England.

It seems more likely that chili powder was the creation of some skilled 18th Century cook, one who loved the traditional Aztec-Mexican flavor blend of chili peppers, red peppers and oregano, and was trying to duplicate this in a more convenient form.

Chili Con Carne
1 cup instant minced onion
1/2 cup sweet pepper flakes
1/2 cup water
1 tablespoon shortening or cooking oil
1 pound ground beef
1/2 teaspoon chili powder
1/2 teaspoon ground black pepper
1/2 teaspoon garlic powder
2 cups (1 1/2 ounces) canned tomatoes
2 cups (1 1/2 ounces) canned kidney beans
1/2 teaspoon oregano leaves
1/2 teaspoon salt
Mix instant minced onion, sweet

pepper flakes and water. Let stand 5 minutes to soften. Sauté in shortening or cooking oil. Add meat, salt, chili powder, black pepper and garlic powder. Stir and cook 5 minutes or until meat loses its pink color. Add tomatoes and simmer, uncovered 5 minutes.

Stir in kidney beans, oregano leaves and sugar. Cook until hot, 10 to 15 minutes. Serve over hot cooked rice.

Barbecued Chili Spareribs
8-oz. can (1 cup) Spanish style tomato sauce
1/2 cup water
1/2 cup vinegar
1/2 cup brown sugar
1/2 cup chili powder
1/2 cup salt
1/2 cup powdered mustard
1/2 cup celery salt
1/2 cup onion salt
1/2 cup cayenne
2 pounds spareribs

Combine tomato sauce with sugar, vinegar, lemon juice, seasonings and instant minced onion. Heat until hot. Leave ribs in 13x19x1 1/2 inch baking pan. Reduce heat at 350 F (moderate) and bake 1 1/2 hours or until very tender, turning and brushing at 15 minute intervals until ribs are done.

If you like them crisp, place under broiler 3 to 5 minutes to crisp. With scissors cut ribs into 2 to 3 rib servings. Spoon any sauce left over the ribs. Yield: 6 servings.

Try a Chowder for Dinner

In the fall, all nature celebrates the Harvest-Fest. The field flowers bloom in wild russets and red-golds. The trees that die each winter, redden and glow. The grain ripens and the harvest is gathered in thanksgiving. For our tables, there is rich meat, sour autumn apples and tiny, tart cranberries. There are young, sweet vegetables and country cheeses. Our kitchens smell of freshly baked breads and hot soup—simmering in its great kettle at the back of the stove.

Our steaming soup is the heart of the harvest meal, made from the beautiful little Brussels sprouts that are grown along the California coast and shipped throughout the nation. The soup is replete with pork, onions and potatoes—floating in a milk-white chowder, with the smell of freshly baked breads and hot soup—simmering in its great kettle at the back of the stove.

Brussels Sprout Chowder
1 pound dried butter or margarine
1/2 cup dried onion
1 large onion, sliced
2 cups diced potatoes
2 packages (8 ounces each) frozen Brussels sprouts
2 teaspoons salt
1/2 cup milk
1 quart milk
1/2 cup purpose flour
1/2 cup cold water

Melt butter or margarine in large saucepan or Dutch oven. Set heat at medium. Add pork and cook, stirring occasionally, until brown. Add onions and cook, stirring occasionally, 5 minutes. Reduce heat to low. Add potatoes and boiling water; cover and cook 15 minutes, or until potatoes are tender. Mix in Brussels sprouts, salt, pepper and milk; cook, stirring occasionally, 10 to 15 minutes, or until sprouts are tender. Blend flour with cold water and stir constantly, until thickened. Serve very hot.

Herbs and Cheese Good Atop Biscuits

This recipe is for a quick hot bread which goes well with soup or salad. Called Cheese-Onion Treats, this dish utilizes refrigerated biscuits as a base for a rich onion cheese mixture.

Cheese-Onion Treats
2 packages refrigerated biscuits
1/2 cup melted butter
1/2 cup minced onion
1/2 cup grated cheddar cheese
1/2 cup minced parsley
Pinch of cayenne pepper
Gravy

Flatten out biscuits with a rolling pin. Place on lightly greased baking sheet. Beat egg, add milk, onion, cheese, oregano, salt, and pepper. Make a depression in center of each. Sprinkle with caraway.

Bake at 400 degrees for 12 to 15 minutes, or until biscuits are done. Serve with soup or salad.

Mushroom Sauce
1 can (8 ounces) sliced broiled mushrooms
1/2 cup (1 1/2 ounces) cream of mushroom soup

Place soup and mushrooms, including broth, in saucepan and bring to a boil. When meat is done place on serving platter and pour off all but 2 tablespoons fat from baking pan—pour in hot mushroom gravy. Place pan over low heat and stir until all brown drippings are loosened and mixed with 15 minutes, or until mushrooms are done. Serve over slices of meat loaf. Makes 6 to 8 servings.

Stretch Chops With Dressing

When cooler weather brings on heartier appetites, add tart autumn apples and herb-seasoned stuffing to roasting pork chops, and be prepared for compliments from your family.

Prepared stuffing makes it so easy to get just the right flavor accents because all the measuring is done for you when you buy ready-to-use, packaged stuffing. Besides tasting so good, stuffing can save you money, too, by stretching four pork chops into more substantial portions, as in this recipe for a Saturday night main dish.

Stuffed Chops in Foil
4 thick pork chops
1/2 cup packaged herb-seasoned stuffing
1/2 cup butter, melted
1/2 cup minced onion
1/2 cup chopped celery
1/2 cup chopped apple
1/2 cup salt
Aluminum foil
Butter
Salt and pepper

Trim excess fat from pork chops. Salt and pepper meat. Moisten stuffing and add melted butter. Toss with apple, celery and onion. Tear off 2-foot length of foil. In center of foil, stand chops on edge, fat side up. Run skewers through center of chops spacing them about 1/2-inch apart.

Spoon stuffing between chops and around outside of chops. Fold foil over and seal securely. If foil becomes punctured, wrap in second layer of foil, avoiding puncturing. Bake in very hot oven (450 degrees) for 1 1/2 hours. Makes four servings.

Take Choice of Sauce to Top Asparagus

Cream—cheese Hollandaise, chef's and sour cream curries... three quick and delicious asparagus sauces for the hostess who prefers asparagus cooked and served simply, yet tastefully.

Cream Cheese Hollandaise
1/2 cup cream cheese
1/2 cup milk
1/2 cup lemon juice
1/2 cup salt

Add the eggs one at a time to the cream cheese, blending thoroughly after each addition. Add the lemon juice and salt. Place in top of a double boiler over hot water (not boiling). Cook, stirring constantly until the sauce is thick and fluffy. Yield: 1 1/2 cups.

Chef's Sauce
1 cup mayonnaise
1/2 cup celery
1/2 cup prepared mustard
1/2 cup horseradish, drained
1/2 cup commercial sour cream
Blend all of the ingredients together thoroughly. Refrigerate until cold. Garnish with 1 tablespoon chopped green pepper, if desired. Yield: 1 1/2 cups sauce.

Sour Cream Curry Sauce
Blend together 2 tablespoons mayonnaise, 1/2 cup commercial sour cream, 1 tablespoon lemon juice, 1/2 teaspoon curry. Garnish with paprika. Yield: 2/3 cup.

New Filling

Back the campaign for mild-mannered snacking with a winning issue—an extra sandwich in the lunchbox. Make it with raisin bread and use a PEANUT BUTTER-APPLE filling. Blend 1 tablespoon lemon juice; 1/2 cup, each, of grated apple and milk; 1/2 cup peanut butter; and a dash or two of salt.

Rolled Meat Loaf Has Potato Stuffing

Baked stuffed meat loaf takes just a bit more time and thought than a plain, ordinary meat loaf, but it is really worth the trouble. It's very attractive—very good—and very easy to slice and serve. And instead of the pound of potatoes, you might use enough instant potato flakes to make a pint of potatoes—then add the other ingredients.

To go with it, you could serve a platter of raw vegetables—carrot sticks, cauliflower, celery, together with olives and pickles. For a hot vegetable, quick-frozen green beans—easy to prepare and very good. And for dessert, in your 375 degree oven you might bake one of the cake mixes in a square pan and serve it with your favorite pudding sauce.

Baked Stuffed Meat Loaf
1 pound potatoes
1/2 cup instant minced onion
1/2 cup salt
1/2 cup water
1/2 cup vinegar
1/2 cup brown sugar
1/2 cup chili powder
1/2 cup salt
1/2 cup powdered mustard
1/2 cup celery salt
1/2 cup onion salt
1/2 cup cayenne
2 pounds spareribs

Peel, cook and mash potatoes then add butter, 1/2 teaspoon salt,

celery salt, and 1 egg beaten. Sprinkle in parsley and light yellow smoothly mixed. While potatoes are slightly cooling, place meat in bowl and add remaining ingredients, except fat and kitchen bouquet—mix well.

Then on piece of wax paper pat out evenly to rectangle about 8x12 inches, and spread potato mixture over meat to within 1/2 inch of the edges. Roll up like jelly roll and place on greased shallow baking dish.

Brush with fat and kitchen bouquet which have been blended together and bake in pre-heated 375 degree oven until meat is thoroughly done, about 1 hour. Cut in slices and serve with mushroom sauce.

Place soup and mushrooms, including broth, in saucepan and bring to a boil. When meat is done place on serving platter and pour off all but 2 tablespoons fat from baking pan—pour in hot mushroom gravy. Place pan over low heat and stir until all brown drippings are loosened and mixed with 15 minutes, or until mushrooms are done. Serve over slices of meat loaf. Makes 6 to 8 servings.

HEART OF THE HARVEST MEAL—Straining crock of Brussels sprout soup, potatoes—floating in a milk-white chowder.

Cook Dried Figs to Use in New Frozen Dessert

The golden haze of Autumn brings with it a haunting nostalgia for the long, lazy days of summer, of summer just ended and summer's long past. Autumn is a time for looking back... and for gathering our strength for the rush of holidays-to-come. These fleeting moments, suspended between summer and winter, bring with them

beautiful variety for the busy menu-planner and mother.

For cakes and cookies and confections, for sandwiches and cereals and salads, for meatloaves and muffins and meal-starters, California Dried Figs are perfect. It almost seems too much to ask that they should be, in addition, a delicious "as is" treat—straight from the package.

Fig-Pineapple-Mint Freeze
1 box, 2 can crushed pineapple
1/2 cup sugar
1/2 cup miniature marshmallows
1 cup crushed dried figs
2 tablespoons crushed peppermint candy
1 cup heavy cream, whipped

Combine pineapple, marshmallows, figs and candy. Fold in whipped cream. Pour into freezer tray and freeze until firm. Cut into squares and serve immediately.

Fill Sandwich Rolls With Spicy Ham Mix

Good way to use leftover ham.

Ham Sandwich Rolls
4 soft oval rolls
1 1/2 cups finely-packed, frosty diced cooked ham
1/4 cup mayonnaise
1/2 cup minced sweet pickle relish
Rolls should be about 4 inches

long. Cut a thin slice from top of each and scoop out bottom halves; fill with mixture of ham, mayonnaise and pickle relish; replace tops. There will be about 1/2 cup of the ham mixture for each roll. Makes 6 sandwiches.

A new fluorescent lamp has a brightness level over 300 per cent higher than that of conventional lamps and may be used as a line-ahead light for automobiles.

Ginger Lemon Ice Served on Peaches

"Frosty Ginger Peaches," tangy with flavor, is a superb accompaniment to roast lamb or chicken. The tart, unusual-flavored ice topping on each golden canned cling peach half enhances the rich peach goodness. Keep a supply of firm-

ly-beautiful canned clings on hand for quick and easy salads, desserts and garnishes.

Frosty Ginger Peaches
4 canned cling peach halves
1 cup syrup from peaches
1/2 cup ginger lemon juice
1 tablespoon finely-chopped, candied ginger

Chill peaches. Heat together syrup and sugar to dissolve sugar. Add lemon juice and ginger; cool. Turn into refrigerator tray, place

in freezing compartment of refrigerator and freeze until firm, stirring occasionally. Drain peaches; place mound of ginger-lemon ice in each half and serve immediately. Makes about 6 servings.

The full name of the South American nation of Brazil is "Estados Unidos do Brazil" or United States of Brazil.

French Dressing Joins Mayonnaise

Men like this salad dressing.

New York Dressing
1 cup mayonnaise
1/2 cup French Dressing
1/2 cup chili sauce
1/2 cup minced ripe olives
1 tablespoon minced parsley
2 tomatoes (sliced)

1 tablespoon Worcestershire sauce
1 tablespoon minced onion

With a fork mix all ingredients together thoroughly. Makes about 2 cups. Refrigerate any dressing leftover in covered container; mix with fork before using.

Nigeria in West Africa is the source of almost all the world's columbite, a rare metal used in the manufacture of jet engines.

Vegetable Dressing

Leftover pickle liquid makes a tasty dressing for vegetables. A blend of 2 tablespoons of sweet pickle liquid and 3 tablespoons of oil pickle liquid is enough for one 10-ounce package of frozen cooked broccoli. Or make mock asparagus vinaigrette. Chill one 10-ounce package of cooked frozen asparagus, drained, in 1/2 cup of oil pickle liquid for 1 hour.

What Will You Give the Goblins?

By JANET ODELL
Pontiac Press Home Editor
Monday night the beggars will be out in full force. We were reminded by a concerned mother of what has been our plan for the "trick or treat" Halloween — give some thought to the treats you pass out.

The above mother objects to soft, unwrapped cookies that crumble in the bottom of the bag when apples are put on top of them! She objects to apples that have sticky stuff in them to make them sticky (makes the apples unfit for after eating). She objects to all unwrapped food.

So do we. We're going to pass out small boxes of raisins. If you want to make cookies for Halloween, plan to serve them for a meal or at a party. If you are serving out cookies at the door, make sure they are sturdy ones.

and well wrapped in foil, plastic, wrap or sandwich bags.

Ginger Cookies

Ginger cookies that you roll out pretty well. It might be wise to make them about 1/4 inch thick instead of the usual 1/2 inch. They are less apt to break.

Ginger Cookies

1 cup shortening
1 cup sugar
1/2 teaspoon salt
1 egg
1/2 teaspoon molasses
1/2 teaspoon vinegar
1/2 cup sifted enriched flour
1/2 teaspoon soda
1/2 teaspoon ginger
1/2 teaspoon cinnamon
1/2 teaspoon ground cloves

Thoroughly cream shortening, sugar, and salt. Stir in egg, molasses, and vinegar; beat well. Sift together dry ingredients; stir into molasses mixture. Chill (about 2 hours).

On lightly floured surface, roll

to 1/4 inch or 1/2 inch. Cut out with slightly; remove from cookie sheet. Halloween cutters. Place one-inch when thoroughly cool, decorate, apart on greased cookie sheet.

Bake in moderate oven (375 degrees) about 6 minutes. Cool If a bunch of youngsters comes

back to your house for a party after the "Trick or Treat" hour, they'll be thirsty. Serve them this punch called **Witches' Brew**.

Witches' Brew

4 apples
1 whole clove
1/2 cup water
1/2 cup grape juice
1/2 cup lemon juice
1 cup orange juice
1 cup orange juice

Wash apples, core, and fill with whole cloves. Place apples in low baking pan with a little water. Bake in moderate oven (350 degrees) about 10 minutes, or until slightly soft.

Boil water, and sugar together for five minutes. Cool. Add lemon juice, then orange juice and grape juice. Chill.

Place apples in punch bowl with cracked ice; add punch. Serve immediately.

Squares of Spice Cake
Good After-Game Treat

Every parent hopes to create a family atmosphere that encourages sociable young people to invite friends home with them at the end of a school activity. One way to do this is to lend a hand in planning refreshments for special events, or just to have snacks available when "drop-ins" are probable.

A tangy Apple Butter Spice Cake to serve in big, moist chunks with milk or cocoa is one possibility for after-game eating. Simple to make with its baked-on frosting, a beginning cook can put this cake together herself with just a few tips from her mother. The cake can be cut in 12 generous servings.

If you're planning a complete buffet supper to serve on a nippy football evening, this cake will be a good dessert choice. Precede it with a hearty dish such as Chili-Mac, crisp relishes and an assortment of crunchy crackers.

Apple Butter Spice Cake

1 cup brown sugar, firmly packed
1/2 cup butter, softened
1/2 cup chopped nuts
1/2 cup sifted flour
1/2 cup baking soda
1/2 cup apple butter
1/2 cup sugar
1/2 cup apple butter
1/2 cup vanilla flavoring
1/2 cup all-purpose flour
1/2 cup sour cream

To make topping, combine brown sugar, cinnamon, nutmeg and nutmeats. Set aside.

Sift together flour, baking powder, soda and salt. Blend sugar and butter. Add eggs; beat well. Stir in apple butter, vanilla and all-bran. Add sifted dry ingredients alternately with sour cream, blending well after each addition. (Begin and end with dry ingredients.)

Spread half the batter in

Beef Dish Cooked With Vegetables

This new version of a popular Chinese rumpsteak dish is quick and easy to prepare.

BEF WITH BEAN SPROUTS AND GREEN PEPPER

1 pound flank steak
1 tablespoon corn starch
1/2 cup soy sauce
1/2 cup green pepper (chopped)
1/2 cup bean sprouts (washed)
1/2 cup boiling water
1/2 cup (1/2 inch) bean sprouts (washed)
1 small or medium-sized green pepper (cut into thin strips)

Slice steak across grain so pieces are about 1/4-inch thick and 2 inches long. Stir together until smooth the corn starch, soy sauce and sugar; add garlic. Cook beef with mixture.

Heat oil in skillet (about 10 inches) until very hot; add beef; brown rapidly, turning with a pancake turner. Dissolve bouillon cube in boiling water and add. Stir constantly until sauce is slightly thickened and glossy. Add bean sprouts and green pepper; mix and heat rapidly. Makes 4 servings.

Note: Freeze steak partially for easy slicing.

Tasty in Tarts

For an honest-to-goodness glamorous dessert to serve friends and family some autumn evening, try these attractive "Harvest Moon Tarts." You'll find the men will enjoy their rich, tangy flavor and the women will ask you how you made them.

And that's easy. You simply start things off with a package of vanilla pudding mix. Add apricot whole fruit nectar, a bit of powdered ginger, lemon rind and juice. After this has cooled and cooled, fold in whipped cream; and then fold in crisp, juicy Flame Tokay grapes.

Heap into baked tart shells and garnish with toasted coconut. The reddish grapes in the apricot-colored filling bring the meal to a colorful — and perfectly delicious close.

Baked Cauliflower Is Hearty Main Dish

NEW YORK (UPI) — Cauliflower Bernese is almost a meal by itself. Cook 1 whole firm cauliflower until tender. Put into a buttered baking dish. Mix 1/2 pound of Swiss cheese, grated with 1/4 cup of rye bread crumbs, 1 1/2 cups of milk, 3 egg yolks, 2 teaspoons each of finely chopped parsley and sweet pickle relish and salt and pepper to taste. Sprinkle melted butter over top; and bake in 375-degree oven until golden brown. Serves 6.

Beans With Tomatoes

There'll be a bit of the old country flavor on your menu tonight if you serve Italian Green Beans. Cook a half clove of minced garlic in butter a few minutes. Add 1/2 cup canned tomato paste and season to taste with oregano. Add drained canned green beans; toss lightly until heated through.

Kohlrabi

Know how to prepare kohlrabi? Remove stems, roots and leaves; pare and dice; cook in salted boiling water just until tender. Dress with butter.

Meats Decrease in Price Just a Little This Week

Retailers report that wholesale beef prices are down slightly. Although such a small reduction will have little or no effect on average retail prices of all beef cuts, shoppers will find several featured again this week.

Corned beef at average price of 59 to 73 cents a pound team well with crisp Michigan cabbage now selling at less than 10c a pound.

The breezy fall weather may whet appetites for the family's favorite pot roast. If so, you'll find all three chuck roasts varying from about 37 to 63c a pound, states the Marketing Information Agent, Mrs. Josephine Lawyer. The price difference is due to the fact that some cuts of chuck have more lean than others, that grade may differ and that some stores may feature these roasts at a few cents per pound less than usual.

You can count on 65 per cent lean in blade chuck roast, 60 per cent lean in arm chuck roast and 74 per cent lean in the English cut. If you buy a boneless chuck roast for as much as one-fourth less than the same cut of chuck with the bone, the boneless piece is the better buy for the boneless roast is 89 per cent lean.

Most retailers say that heavy marketing of pork is expected by the last of this month, and that lower prices will accommodate this. Others say this has started already. Bacon, sausage and frankfurters may carry slightly lower price tags this week.

Veal, lamb and poultry wholesale prices are about as they have been for several weeks. Shoppers may be interested in checking retail prices for some stores will emphasize veal, lamb, fryers, duck and turkey.

For the first time in months duck will be as low as forty cents per pound. If your hunter has not been successful in "bringing back" a wild duck, perhaps the family would enjoy the commercially grown duck even more.

These weigh about 4 to 5 pounds as they are sold, ready-to-cook and frozen. Of course you'll thaw the duck preferably in the refrigerator in its plastic wrap. Stuff, then use the same roasting temperature as you do for other poultry cooked in the oven, a low 325 degrees.

Have you noticed? The larger egg sizes have dropped a few cents per dozen in the past week or two. Large size eggs are about 6c each. Two such eggs make a sensible serving of protein. Add a few slices of fresh mushrooms (which are now "in season" again) and eggs become elegant enough for a main dish at lunch or dinner.

Apple harvest is about finished in Michigan. You'll find McIntosh, Jonathan and Delicious varieties will please the children who visit on Halloween.

It's true—apples are cheaper by the bushel if you want 6c to 14c apples and have a place to

Potato Shells Hold Main Course Foods

Patty shells made with instant potatoes! This is a quick and easy trick for fall luncheons and dinners.

Just use a double-thick square of aluminum foil molded over the back of a jar to form silvery cups. Trim edges even with scissors.

Make up instant mashed or whipped potatoes according to package directions, adding a whole egg or two yolks and extra seasonings of onion and celery salt. Whip up the potatoes until light; then put one or two spoonfuls in each cup.

With a swirl of the spoon, hollow out centers of the potato and spread it up around the sides. Place filled cups on a cookie sheet and bake in a hot oven (400 degrees) for 10 minutes, or until lightly browned.

Remove from oven and fill centers with creamed mushrooms, creamed seafood or buttered vegetables.

Q. What is the name of this cut of meat?

A. Beef Flank Steak.

Q. Where does it come from and how is it identified?

A. This is an oval-shaped boneless cut from the flank. It weighs 3 to 1½ pounds. The muscles run lengthwise.

Q. How is it prepared?

A. It is cooked by braising, that is, covered and in a small amount of liquid. Usually it is scored before cooking to shorten the muscle fibers.

store them where it is cold, but not below freezing temperature.

Some Michigan apples were damaged by hail this year. Though this affects grade, it would not affect the eating quality.

Banana imports are heavy. Fall fruit bowls or fruit cups can include bananas for about the same cost as apples.

Bartlett pear season is about

over and now you'll see the Anjou pear in food stores.

Florida is shipping more grapefruit. Duncan, Marsh Seedless and Ruby Red varieties are available.

Navel oranges are increasing in supply and are generally 50 to 60c a dozen depending upon size.

Fresh vegetable supplies have changed very little in the past few weeks. Some stores have

Maine potatoes for the first time this fall. Since McIntosh potatoes have only a short distance to travel to market, you'll find them the thrifty buy—mostly 4 to 5 cents per pound.

Lettuce quality varies and you'll find most heads 25 to 29c this week. A 10-ounce package of spinach at 29c will add color, texture, vitamins and mineral to the green salad bowl.

Can't Eat Nuts?

Cereal Substitutes

Cereal substitutes for nuts in these cookies.

Saucepain Cookies

1 cup sifted flour
1 teaspoon baking powder
1/2 teaspoon salt
1/2 cup (1/2 ounce) unsweetened chocolate
1 cup butter
1 cup crisp rice cereal
Sift together the flour, baking

powder and salt. Melt chocolate and butter in saucepan over hot water; cool slightly; beat in sugar, then egg. Add sifted dry ingredients and cereal; mix well. Drop tablespoonfuls of batter, a few inches apart, onto greased cookie sheets.

Bake in moderate (350 degrees) oven about 12 minutes. Cool slightly before removing to wire racks to cool. Makes 2 to 3 dozen cookies.

Barter, the system of exchanging one commodity for another is the oldest method of trading.

Olives and Pickles Cut Up for Salad

For a colorful, refreshing salad, toss together "Crispy Salad," an appetizing combination of ripe olive pieces, celery, carrots and apple.

The wonderful nut-like flavor of plump ripe olives adds a nice gourmet touch to this bright mixture.

Crispy Salad
1 1/2 cups ripe olives
1 cup sliced celery
1 cup coarsely grated carrot

1 cup sliced apple
1 cup sliced onion, sour or mild pickles
1/2 cup chopped pimiento
Letturaine

Cut olives into large pieces. Combine celery, olives, carrot, apple, pickle, salt and pimiento. Toss to gether with sufficient mayonnaise to blend. Serve on lettuce-garnished salad plates. Makes 4 servings.

Young men of the church do their part to make Christ Church Cranbrook's annual rummage sale successful. Bringing in sale items are (from left) Chris Dusenberry of Bloomfield Hills and Jeff Fisher and Tad Williams, both of Birmingham.

At Christ Church Cranbrook

Rummage Sale to Be Nov. 3

By MARGARET BROWN

The Episcopal Churchwomen of Christ Church Cranbrook are completing arrangements for their semiannual rummage sale from 9 a.m. to 2 p.m. Nov. 3.

Mrs. George R. Squibb and Mrs. E. T. Bennett are co-chairmen for the sale. Proceeds will finance the social service projects and other activities of the group.

Services include knitting for institutions, mending of clothing distributed in conjunction with social service agencies to supply needs for low income families and making cancer pads for the Michigan Cancer Society.

Members also engage in volunteer work in hospitals and homes for the aged, family visiting and helping in other institutions where classes are organized in music, weaving, ceramics, horticulture and other crafts. Magazines, records and playing cards are distributed in various institutions.

Recently, by recommendation of the group's Christian Social Service Department, rummage sale monies provided picnic tables for Pontiac State Hospital, a rose hedge, and helped to purchase a bus for patients.

Earned funds also help purchase shoes and under-clothing for the Clothes Closet inventory which is available only to cases recommended by agencies such as the Child Guidance Clinic and Aid to Dependent Children.

Members recently provided teeth and glasses for a woman, enabling her to become self-supporting.

Parties are provided at the Oakland County Medical Care Facility monthly, and Christmas and Thanksgiving baskets are distributed. Agencies such as the Polo Center and Planned Parenthood Association also are aided by the churchwomen.

Department heads for the sale are Mrs. William Schultz Jr., accessories; Mrs. C. R. Weir and Mrs. Jack U. Klarr, china and glassware; Mrs. Russell B. Robbins, women's dresses, coats and suits; Mrs. Harry Hory and Mrs. John Blanchard, French Room; Mrs. Franklin Graham, furniture I; Mrs. Richard W. Brown, furniture II; Mrs. Frank E. Storey, hats; and Mrs. Carl J. Nepper, household linens.

Others are Mrs. David Burton, children's clothes; Mrs. Dorothy G. Brown, jewelry; Mrs. John Gilmer, men's and boys' miscellaneous; Mrs. Michael Davis, men's and boys' suits; Mrs. James Ashley, shoes; Mrs. Robert Bates, lingerie; Mrs. Richard M. Thorburn, toys; and Mrs. John Gerhard and Mrs. Lynn Hershey, sportswear and separates.

Mrs. Max Fruhauf is in charge of the check room, and Mrs. Ralph W. Wagner will supervise the snack bar. Mrs. J. Thomas Smith is in charge of sorting.

More than 200 women assist the 1,500 people who usually attend the sale.

Antiques, records, rugs, draperies, bedding, table linens, fur coats, and even a motor scooter, oil burner, refrigerator and stove will be available.

Women's Section

Shoes Show Long Look, Rich Fabric

Casual Footwear, Color Brown Are Smart This Year

AP NEWSFEATURE

Shoes are being fashioned to a fine point this season. Fortunately for women with healthy-sized feet, the long, narrow tip is said to be built on the shoes after the wearer's toes are accommodated.

This gives an illusion of slim, fluid elegance, in keeping with the long silhouette dominating high fashion clothes.

STRESS SHAPE. Shape is all-important with designers this year. They are integrating details to prevent interference with the overall line. Bows, buckles, laces and diminutive nailheads emphasize a narrowed vamp or low-cut throatline. Overlays, collars, perforations and cut-outs are incorporated into the shoe's shape.

In this year of texture, says the National Shoe Institute, furs, reptiles and combinations of grained and smooth leathers are newly important. Raising rich fabrics in three-dimensional effects gives them new texture interest.

FAVOR BROWN. In color, brown is more newsworthy than ever, either alone or in combination with black or the smoky tones so popular this fall. Some browns have an underlying grain that gives them a hand-rubbed look; others are so pale they approach whitened shades; dark browns may be mixed with red or greens.

With shoes going high style, heels have risen to the occasion. The highest are usually rounded or squared where they meet the shoe, to add to the fluid movement. The stacked heel comes in all heights.

For evening, heels can be embroidered at the backs in gold, silver or jewel tones; sometimes they are demure or fringed right below boots, cuffed, attached, elastic the ankle.

For the woman who wants comfort wherever she goes, the soft, unlined construction of walking shoes is carried over into high-heeled evening designs for the first time. This is achieved by treating supple leathers to keep their shape without a lining.

Canvas shoes are rising higher; sometimes they are demure or fringed right below boots, cuffed, attached, elastic the ankle.

Abby Says: Don't Argue, Be Nice

Trying Tenderness May Help You Win

By ABIGAIL VAN BUREN

DEAR ABBY: I am 13, fairly attractive and well-liked. I just found out that I am going to have to wear braces. How can I look nice with a mouthful of hardware?

"TIN GRIN"

DEAR TIN: Better to have a "tin grin" and a beautiful smile all your adult life than a mouthful of crazy mixed-up teeth.

DEAR ABBY: What does a man do when his wife never goes to church with him and the children? She likes to sleep late on Sunday morning and I haven't the heart to wake her.

People ask me if she is sick or out of town. It is very embarrassing. When I ask her please to go to church, she says she doesn't have to go to church to save her soul. How can I get her to go?

EMBARRASSED

Garden Clubbers Get Together

Members of the Lorraine Manor Branch of Woman's National Farm and Garden Association were guests of Mrs. Bob F. Ryan at her home on Fernbury Drive, Waterford Township, Wednesday evening. Mrs. Robert Humphreys assisted the hostess.

Mrs. Seth B. Slavson of the Birmingham branch demonstrated flower arrangements for various table settings.

DEAR EMBARRASSED: If she won't go to save her soul, maybe she'll go to save your face. Try a little tenderness.

DEAR ABBY: My problem is an old-fashioned grandmother. When she saw my boy friend with his head in my lap she hit the ceiling. She said it was the most unladylike thing she'd seen in years and that my mother was out of her mind for permitting it. I told her I would write to you and see what you said. What's wrong with a boy resting his head in a girl's lap? I'm 16. He is 17.

JUDY

DEAR JUDY: Nothing is wrong with it, but you chose a poor setting. Young people would be wise to skip the affectionate poses in front of the older generation.

Giving Mrs. Edward T. Bennett of Bloomfield Hills (at left) a hand with sale items that are pouring into Christ Church Cranbrook are Mrs. William

McNamee of Birmingham and maintenance superintendent Herbert T. Mann.

Alumni to Gather at MSU

More than 20,000 Michigan State University alumni are expected to participate in homecoming activities Friday and Saturday on the campus at East Lansing.

Graduates will watch the Michigan State - Ohio State football game, highlight of the festivities. Traditional reunions will be on the field after the game, with alumni rallying around their class placards.

Homecoming "cuplays," to be judged Saturday morning, will remain up for public view until 4 p.m. Sunday. Winners will be announced at the game.

A 7:30 p.m. pep rally Friday at Landon Field will be followed by a jazz concert in Jensen Field House.

The homecoming dance Saturday evening in the Big Ten Room at Kellogg Center will climax the weekend's activities. An intermission feature will be the tapping of new members for Excalibur, senior men's honorary.

Mayor Names Week in Honor of the Nurses

This week officially has been designated Michigan Nurse Week by Mayor Philip E. Rowston.

The mayor's proclamation has called upon citizens in this area to give appropriate recognition to members of this profession who serve as an important segment of the national health team.

The Michigan State Nurses Association and the Michigan Practical Nurses Association for the first time have combined their two separate weeks to honor all registered nurses and licensed practical nurses.

A Hat for Him

(UPI) - Casual hats for men this fall pick up the feathered look from midday's headgear. The feather band circles the hats. It's made of bird feathers - orange, green, yellow.

PTO to Hold Sale

Members and friends of Washington Irving School's Parent - Teacher Organization will participate in a toy and novelties sale at 7 p.m. Tuesday in a local store. Ten per cent of the proceeds will go toward the group's budget.

Mrs. Robert Hietanen is chairman of the project.

From the Hills

By RUTH SAUNDERS

BLOOMFIELD HILLS

More election night parties are being planned. In Bloomfield, Mr. and Mrs. William J. Scripps have invited about 25 friends for a buffet supper to await the returns. Mr. and Mrs. Benjamin Micou will be hosts at a late supper party, while four young couples - Mr. and Mrs. Robert S. Swanson, Mr. and Mrs. Thomas W. Miner, Mr. and Mrs. Ronald M. Kasperzak and Mr. and Mrs. Helmut Heuser - actually have "bared a half" for their cocktail and supper party.

Mrs. M. M. Burgess was hostess at a luncheon Monday in her home on Country Club Drive. Guest of honor was Mrs. P. O. Peterson of Grosse Pointe, Mr. and Mrs. Peterson formerly lived in Detroit and have lived in Westfield, N.J., for the last few years. They are back and will be living in Grosse Pointe.

Mrs. Burgess' guests included Mrs. George W. Waller, Mrs. J. S. Lesonski, Mrs. Chauncey R. Pelton, Mrs. Andrew Malott and Mrs. E. A. Batchelor.

Mr. and Mrs. Benjamin White Jr., of Terre Haute, Ind., were guests of Mr. and Mrs. Berrien C. Ketchum of Suffield Road last weekend.

Mr. and Mrs. Robert M. Kerr entertained the Ketchums and their guests on Sunday.

Mr. and Mrs. James M. Roche are among the many Bloomfield residents going to New York for the opening of Motormana next week.

Entertaining at dinner before the benefit performance of the "Ice Follies" at Olympia next Wednesday evening will be Dr. and Mrs. James E. Croushore, Mr. and Mrs. Raymond T. Per-ring, both at the Detroit Athletic Club; and Mr. and Mrs. Robert N. Green who have asked the James D. Nichols and the E. H. Schelvers for dinner at the Revere Club.

Guests of Mr. and Mrs. Edward A. Warrick at the Revere Club will be Mr. and Mrs. J. S. Richardson and Mr. and Mrs. Walter Sheetz.

Mr. and Mrs. Robert W. Scripps will soon be leaving Young Eden Farm near Lake Orion for Grosse Pointe where they have taken a house on Touraine Road for the winter months.

Mrs. Martin L. Butzel of Lane Pine Road (left), chairman of printing for the myriad of pieces of literature which will be distributed in connection with American Field Service Week in April, greeted Mrs. William W. Birchard of Birmingham with a name tag upon her arrival at Wednesday's kickoff luncheon.

The American Field Service's North Oakland County branch initiated plans for its part in AFS Week in late April at a kickoff dinner luncheon Wednesday in the Bloomfield Hills home of Area Chairman Mrs. Arbie O. Thalacker (right). Honorary chairman for the observance Mrs. George W. Romney of Bloomfield Hills (left), who spoke at the luncheon, discussed the need to raise funds for the student exchange program with the hostess and Mrs. R. M. Todd of Cherokee Road.

Despite Blue Jeans and Sneakers

Youngsters Do Yearn for the Culture Arts

By EUGENE GILBERT
President, Gilbert Youth
Research Co.

Don't let the blue jeans and sneakers fool you. Our young people do have a yen for culture. This is the conclusion we drew

after questioning 985 representative high school students. And it is apparent even though only 7 per cent attend the symphony regularly and only 6 per cent always go to the art museums.

Their reasons for not pursuing the cultural arts more enthusiastically, however, were revealing; and Mom and Dad might do well to take heed.

Betty Chalkley, 17, of Richmond, Va., said she never had attended a symphony but "would love to." "The trouble is, she said, "I can never get anyone to go with."

Only a handful of the youngsters questioned felt like Thomas Kapp, 17, of Miami Beach, Fla. — "I hate classical music."

Boys appeared less interested in concerts than girls. Of the 32 per cent who said they never attended, 83 per cent were boys and 41 per cent girls.

Attendance at road company productions of Broadway shows revealed the same teenage attitude: enthusiasm among those who had seen them, and at least a desire to see them among those who hadn't. Only 34 per cent of the boys and 38 per cent of the girls had seen a road show.

"I enjoy them very much," said Cynthea Stocker, 18, of Claremont, Calif., "ever so much more than the movies of the same shows."

As for "Little Theater" performances, 74 per cent of the young people said there was one in their city, but 71 per cent of the boys and 50 per cent of the girls said they never attend any of the performances.

They explained the plays usually were on week nights and, besides, the tickets were too expensive. All of the art forms, ballet attracted the smallest teenage audience. But again, the 16 per cent

of the boys and 45 per cent of the girls who had attended generally were enthusiastic.

"Very impressive and beautiful," commented Betty F. Chalkley, 17, of Richmond, Va.

Of the 82 per cent of the youngsters who said there was an art gallery or museum in their vicinity (and all of them knew whether there was or was not), 51 per cent said they visit them sometimes, 23 per cent seldom went and 20 per cent never did.

"On quite a few Sundays when there's a good exhibit," said Betty B. Best, 17, of Richmond, "my aunt and I go."

UP TO ADULTS

Betty's answer was significant. Time and again the young people indicated that if more adults showed interest, more teen-agers would take an interest in culture. One of the most revealing results of the survey was the percentage of teen-agers who undertake cultural advancement on their own.

How many of them have library cards? A whopping 89 per cent — and 60 per cent use them often, outside of school work; only 6 per cent never.

PTA Planning at McConnell

A bake sale is slated Election Day, Nov. 8 at McConnell School. Proceeds will benefit the Pontiac Parent-Teacher Association Scholarship Fund.

Alumnae Group to Hear Doctor

Stephens College Alumnae in the Pontiac area have been invited to attend the group's monthly meeting at 8 p.m.

Wednesday in the home of Mrs. Edward Conley on Willow Lane, Birmingham.

Dr. Victor Bloom, M.D., a resident-psychiatrist at Lafayette Clinic, Detroit, will speak.

Get Him the Best

NEW YORK (UPI) — Ball point pens with inks that smear, fade skip or run out too often are liabilities for the school-child who is judged for neatness as well as accuracy.

Named Volunteer of the Month by the Central Volunteer Bureau is Mrs. Louis Matich of North Genesee Avenue who has put in many volunteer hours at the United Fund office on Franklin Boulevard. She is among clerical workers helping their community.

Volunteer of Month Named

Resuming its practice of honoring outstanding volunteers monthly, the Central Volunteer Bureau of the Pontiac Area United Fund has named Mrs. Louis Matich as its October Volunteer of the Month.

Mrs. Matich, more familiar to visitors at the United Fund office as Gladys has worked on every large project at the agency office since June. She is a veteran of past United Fund campaign drives and has contributed many hours of her office skill to the community. "She is a very warm personality... always interested and helpful," said Mrs. Allen E. Priestley, chairman of the Central Volunteer Bureau.

Mrs. Matich and her husband, Louis, attend St. Vincent de Paul Roman Catholic Church.

Anyone interested in volunteering services to the community is urged by Mrs. Priestley to contact the Central Volunteer Bureau in the Community Services Building on Franklin Boulevard.

Neighbors Meet With Mrs. Barron

Mrs. Jack Barron of North Cass Lake Road, Waterford Township was hostess to the Good Neighbors Extension Club Wednesday.

On the agenda were planning programs for the year, choosing a name for the new group and outlining projects for community services.

Four members will attend a Christmas workshop at Clarkson Junior High School Friday.

Jack Frost Is a Puzzle to Women Drivers

NEW YORK — Sorry, women drivers, you're great and we love you all dearly — but so far as knowledge of your automobile is concerned, most of you need considerable brushing up. And the answer you gave in a recent nationwide quiz indicate the brushing up had better come before cold weather sets in.

Just announced, the results of this quiz taken by 25,000 club women all over America show that many of you women are oblivious of what makes your car tick, how its various parts work and what's required to keep them operating properly. It's a particularly serious situation since there are some 40 million women drivers and, while it may be papa who pays, it's mama who usually takes the family automobile in for servicing.

There were 166 questions on the quiz, sponsored by the makers of a well-known antifreeze, and the average score was 51. You did fine at telling what a hubcap is, and in general, you showed you even know what an oil filter does. Practically every woman realized that "flooding your engine" means to pump too much gas into the carburetor, and that safety belts will reduce injuries in case of accident.

But some of the worst scores were made on those questions having to do with the safeguards a woman needs to take for safe and efficient wintertime driving.

Most of you were correct in stating that the main purpose of antifreeze is to prevent the water in your car's radiator from freezing up when the temperature drops. But a full two-thirds of the women missed the question on how to take care of antifreeze. The correct answer is to have it installed by a serviceman before freezing weather, and drained out in the spring.

NSA Grooms Prospective Members

Prospective members were guests of the Pontiac Chapter of the National Secretaries Association International at a desert social hour Wednesday evening in Ted's Restaurant.

Theresa McVeigh, membership chairman, introduced Nellie Hardy, president of the Michigan Chapter of NSA, who spoke on the merits and qualifications of the group.

Guests were Mrs. William Nesbitt, April Lee Dyer, Judy Johnson, Mrs. Katie V. Eskridge, Kate Nurek, Patricia Przybyla, Arlene Duvald, Phyllis Lutz, Eleanor Schiowski, Bernice Guyer, Annelis Zzell, Nella Spear, Linda Gaylord, Rose Seibert, Patricia Cole, Margaret Lewis, Carol Sampey, Margaret Adair, Eleanor Langenfelder, Mrs. David Ostrom, Marie Madri and Lillian Mater.

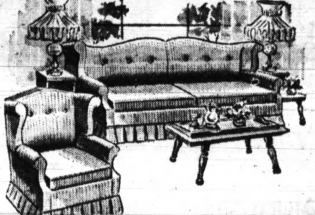

Some other automotive facts of which females apparently need reminding as winter approaches:

Cold weather service for your car's cooling system should include draining and flushing; checking all hose and heater connections; and adding anti-freeze. Over 32 per cent of the women got this quiz question wrong.

Snow tires are NOT more useful than chains in providing control on ice. Over 28 per cent of the females flunked on this one.

With cold-weather driving looming ahead, ladies, don't give the results of this quiz a cold shoulder. A little get-ready attention to your car now may save a lot of heartache and expense — when Jack Frost takes the wheel!

The goblins won't get you if you feed them. Kathy Daig and Diane Kampsen, both living on Lakewood Lane in Hammond Lake Estates, put the finishing touches on a batch of cookies for Halloween eating. They're learning early to be "the hostess with the mostest."

Completes Plans for Annual Party

Plans were completed for the annual benefit card party by members of Gamma Chapter of Beta Theta Phi Sorority Tuesday evening in the home of Mrs. Ralph Behler on Niagara Avenue.

Mrs. Paul VanRoozel was co-hostess.

Plagues present were Mrs. John Murray, Mrs. Burt W. Rockwell and Mrs. Walter Brieden.

District President Drops In

Auxiliary 1008 to the Veterans of Foreign Wars met Monday evening for a business session and annual inspection by 5th District President Mrs. Sydney Sump of Auxiliary 1146, St. Clair Shores.

Other visitors were Mrs. Ernest Toleman, 5th District secretary; and Mrs. Gerald Roddy, trustee for the 5th District, both of Auxiliary 9222, Berkey.

After making a donation for a party soon at the Ann Arbor Veterans' Hospital, announcement was made of the auxiliary's Nov. 11 Veterans' Day Dinner in the organization's post rooms.

Auxiliary President Mrs. Lucy Wright reported on her recent visit to the VFW National Organize for Mothers and Children at Eaton Rapids.

Currently observing membership month, the group is open to wives, mothers, daughters and sisters of men or women who have served overseas.

Those interested may contact Mrs. Lucy Wright of University Street or Membership Chairman Mrs. Otto Zander of North Johnson Avenue.

Fear of Spanking Is Never True Control

By MURIEL LAWRENCE

Dear Mrs. Lawrence:
A recent visit with my son's family ended in unpleasantness because I criticized the way his wife lets their 5-year-old boy wrap her around his finger.

He was particularly uncontrollable when a certain neighbor's child came over to play with him. One day when he'd disobeyed an order not to run across the street, I advised spanking him.

When my son supported his wife's idea that spanking is bad training for children, I said it was better to spank than have a dead child.

Wasn't I right?
ANSWER: I think so. But in this case temporary separation between your grandson and his overstimulating companion might be more effective.

Let me say this in defense of child guidance experts who have made us afraid of spanking.

They know that the controls given a child by spanking are not real controls.

They know that you and I can obey a red traffic light because

we're scared of a ticket or because we are concerned with our safety and the safety of the other fellow. They know that we can be faithful to our marriage vows because we're scared of disobeying the Commandment or because we choose fidelity as something we want to give.

They know we can get to work on time because we're scared the lateness will get us fired or because we feel we owe our employer the full time he has contracted for.

In short, they know what a great moral gulf separates the obedience we ourselves freely choose to give as a responsible person and the

kind we deliver because we're scared of punishment.

They don't like spanking because they want us to help children learn to choose responsible conduct themselves instead of having it imposed on them by fear of punishment.

It's a fine ideal. If we keep in mind, we can spank occasionally without damage.

Indeed, we may have to spank a little boy who isn't old enough to be interested in his safety and that of other people.

We just can't kid ourselves that his resulting regard for traffic lights is real respect for them. It's just fear of another spanking.

**State Unit
of Patriots
Gathers**

The annual meeting of Michigan Chapter, National Society, Daughters of Founders and Patriots of America, was observed at a luncheon Tuesday in Flint Golf Club.

Election of officers highlighted the gathering.

Named were, Mrs. Glenn Curtis, president, and Mrs. Robert H. Peterson, vice president, both of Grosse Pointe; Mrs. Lulu Goring, chaplain, and Mrs. Hazel Dunlap, registrar, both of Pontiac; Mrs. Harry N. Day of Plymouth, recording secretary; Mrs. Henry L. Nelson of Adrian, corresponding secretary; and Mrs. Bess Howe Gragley of Lansing, treasurer.

Others elected were Mrs. James Farber of Flint, historian and Mrs. Robert D. Willoughby of Plymouth, color bearer.

Mrs. Helen Luther, Civil Defense director of Genesee County, was guest speaker.

Pontiac members attending were Mrs. E. V. Howlett and Mrs. E. G. Clark.

Mrs. Earl A. Mastick of Milford is retiring president.

**Girls' Disciple Class
Has Halloween Party**

The Girls' Disciple Class of Memorial Baptist Church observed a Halloween party Saturday at the church. Honor guest was Linda Henderson, winner of a recent Sunday School point-accumulation contest sponsored by the class.

Mrs. Charles Moriarty, M. S. Ralph Jones and Mrs. Sexton Costello served refreshments.

Undisputed star of the winter season is the fur hat that frames and flatters the face. This high crowned cloche by Mr. John is done in fluffy American opossum with plain black band and is worn with a long narrow stole of the same fur.

**Retired Man Happy
to Have Hobby Room**

By RUTH MILLETT

Memo to wives of retired men: How about giving your husband, to do with as he pleases, one room in the home he worked so many years to pay for?

Letters come to this column every week from wives who say their retired husbands are driving them crazy by being constantly underfoot and having nothing to do.

Also every week come letters from husbands who claim their wives seem to resent having them around the house.

The solution would seem to be obvious: a room for the man that he can fix up any way he pleases, as a workshop, as a hobby room as a lounge for his friends for playing cards, checkers or just talking.

The wife ought to leave the "fixing up" of the room to her husband and he should be able to keep it any manner he chooses. It ought to be a room that she

enters only when invited to do so. She shouldn't worry about keeping neat and tidy. He should be able to shut the door knowing that his wife won't come in like a whirlwind to make it "presentable."

If every retired husband had such a room, a lot of couples would find the retirement years happier ones.

Papa could putter happily without being underfoot. He could have a place where his cronies would always be welcome.

He could have a place to keep his things where his wife would keep hands off and where he could work on a project whenever he felt like it without having to worry about his wife's fustling about the clutter.

Just as much as a young family needs a family room, a retired man needs a room that he can call his own, where he can get off by himself away from 24-hour-day "togetherness" which is a little too much for even the happiest couples.

**Of Course,
Honor Your
1st Husband**

By EMILY POST

Dear Mrs. Post: I married for the second time six months ago after having been a widow for several years. Every year on the anniversary of my husband's death I put flowers on his grave.

I would like to know if it would be proper to continue my usual practice now that I am married to another man. I have been told by several relatives that it would be very befitting to my present husband to do this. Will you please advise me on this matter?

Answer: There is no reason for discontinuing honoring your first husband's memory by placing flowers on his grave once a year unless you learn that this is making your present husband unhappy.

Dear Mrs. Post: Will you please answer the following question on wedding etiquette? "A" claims that a note of thanks should be written to the parents of the bridegroom for a substantial check received from them as a wedding present. "B" claims that a note of thanks to the bridegroom's parents is not only unnecessary but ridiculous. I would like to know who is right.

Answer: Unless they live at such a distance that they cannot come to the wedding, the bridegroom's parents should be thanked appreciatively in person and not by note.

Dear Mrs. Post: One of the girls in our office is going to be married soon and it is customary to take up an office collection and buy the bride-to-be a present. The girl who is taking up the collection is very friendly with the bride and has suggested that we buy her a negligee, which she admired in one of the stores, for a wedding present.

I think such a present is much too personal to give from an office group consisting of both men and women and that something for her future home would be in far better taste. We are awaiting your decision on this matter.

Answer: I definitely agree with you.

Dear Mrs. Post: It is polite to say "Speaking" when a caller asks the question, "Is this John Doe?" My brother says this all the time and thinks that, "This is he" sounds too stiff and stodgy. I am certainly no authority on etiquette, but to say bluntly the word "speaking" seems impolite and indicates an ill-bred person.

I would like your opinion on this.

Answer: While "Speaking" is not in very best taste, it is not as objectionable as you think. A simple "yes" would be better.

The virgin hardwood forests of Kentucky, Indiana and Ohio grew so thick that a man on horseback often was not able to ride through them.

County Asks Protection for Railroad Crossing

POWELLVILLE (UPI) — The Livingston County Safety Council has voted to ask the Public Service Commission to install protective gates on the South Grand

Street railroad crossing in Powellville.

The crossing at the Chesapeake & Ohio railroad tracks has been the scene of nine fatalities in the past year, including eight persons killed in a single accident.

It is now protected by a flasher signal, but the county safety council termed the signal "inadequate."

Ireland has about 3,000 miles of railroads.

They Like Lots of Action

Oriental Moviegoers Prove Discriminating Fans

By BOB THOMAS

SAN FRANCISCO (AP)—One of the things you learn at an international film festival is that the movie business is the same the world over.

You listen to Run Run Shaw, who runs 180 theaters in Hong Kong, Malaysia, Indonesia and Borneo, as well as studios in Hong Kong and Singapore.

"Our audiences have an amazing knack of sensing whether a picture is good or not," says Shaw. "On the first night you can tell if the attraction will be a hit."

"Hallelujah," agrees Roy Martin of Columbia, Ga., head of the Martin Theater chain (119) in the South. "The public can smell a flop before you open the doors."

Shaw offered some insight on the tastes of Oriental audiences.

TITLE COMES FIRST

"They like action," said the Chinese, who rose from humble beginnings to become a tycoon. "The thing that sells a picture is the title, then the story, then the star."

"American stars can help sell pictures, but the audience won't go to a movie just because a certain star is in it."

"Marlon Brando is a big favorite, but that is because he has been careful in choosing his pictures. They have all been good."

"Gary Cooper used to be a favorite, but his popularity has fallen off. The audiences did not like his matinee love to a young girl (Audrey Hepburn) in 'Love in the Afternoon.' That was a mistake. Our audiences don't like to see older men making love to young girls."

HAS PROBLEMS

An unpretentious man, small and smiling, Shaw said he had his problems as producer.

"The Malayan government is down on sex in our films," he reported. "So we shoot our films two ways—sex for the outside market, not so sexy for the Malaya trade."

See what I mean? The movies are the same everywhere.

Henry Ford Associate Is Dead in London

LONDON (AP)—Harry Ferguson, a long-time associate of the late Henry Ford and an inventor who produced a range of farm equipment that made him world famous, died Tuesday. He was 73.

The Irish-born Ferguson had much in common with Ford. They both were farm boys who saw the introduction of the internal combustion machine in their youth.

Both had an almost lifelong interest in building low cost tractors. This brought them together.

Ferguson and Ford were closely associated in the 1920s and just before World War II they became partners in production of tractors. They were close friends until Ford's death in 1947.

Then Ferguson sued the Ford Motor Co., claiming \$342 million for alleged patent infringement and conspiring to destroy his company.

The case dragged through U.S. courts for years until Ferguson agreed to an out-of-court settlement of \$9,250,000.

One of the best known locations for the dredging of sea shells is off the Gulf of Mexico lying between Pensacola and Panama City.

STAMP OF HONOR — This four-cent stamp, issued Wednesday in Washington, D.C., honors Finland marshal and president, Baron Karl Gustaf Emil Mannerheim.

Bohn Aluminum Corp.
Earnings Off for '60

DETROIT (AP) — Bohn Aluminum & Brass Corp. reported today a net profit of \$923,836, equal to \$1.91 per share, for the nine months ended Sept. 30. This compares with \$978,505, equal to \$2.05 per share, in the same 1959 period.

There were 477,852 common shares outstanding last Sept. 30, compared with 477,502 a year earlier.

Sales for the nine months this year were \$28,331,440, compared with \$23,610,145 in similar 1959.

10 Reds, 1 American Start Antarctica Trip

MOSCOW (AP) — A tractor sledge train carrying 10 Soviet explorers and American scientist Gilbert Dewar has started on a thousand-mile journey across Antarctica to the South Geomagnetic Pole.

This was reported today by the Soviet news agency Tass, which said the route leads from the Davis Sea, where the Soviet and Arctic base of Mirny is located. The geomagnetic pole lies 791 miles from the South Pole and marks the southern tip of the axis of the earth's magnetic field.

Montague PO Shows Its Pride in Miss America

MONTAGUE (UPI) — The Montague Post Office Wednesday began using a special stamp cancellation die to honor hometown girl Nancy Anne Fleming, 18, who is Miss America.

The cancellation reads: "Montague—Home of Miss America 1961."

The post office said first day cancellation requests have been received from all over the country.

The cancellation will be used until a successor is named to Nancy Anne.

Hoopie Sees Syracuse and Iowa Going Down

By MAJOR AMOS B. HOOPLE

The Original Drawback
Egad, my loyal followers, I have a pleasant surprise for you today. An upset-minded former assistant of mine, Mr. Red Board Daily, was in town and begged to be allowed to participate in making this week's selections.

After many hours of deliberation (Ed. Note: Spent in the Owl's Club no doubt) Mr. Red Board concurred in my choices for what will be a history-making weekend. Three of the season's juiciest upsets are in the offing.

Speaking of upsets, did you observe that your correspondent was one of the few who accurately forecast that Purdue would end heavily-favored Ohio State's winning streak? Har-hum!

Claiming the major share of the plaudits this Saturday will be the Pitt Panthers who will claw their way to a 23-15 upset over the Orange of Syracuse.

In two other top-rated tussles, Kansas will subdue Iowa 16-14 in a bruising battle, and Nebraska will outlast Missouri to win by a 26-22 count. Hakkaff! Har-hum!

Now go on with the forecast:
Alabama 21, Mississippi St. 17
Arkansas 28, Tex. A. and M. 14
Auburn 15, Florida 14
Baylor 26, Texas Christian 15

'Ho-Hum' Rivalry Next for U. of M.

ANN ARBOR (U) — The Wolverine and the Badger are among the toughest and most disagreeable inhabitants of the forest.

The natural-born hostility of their namesakes should mean something when Michigan and Wisconsin get together, as they will at Madison on Saturday for a football game.

But it doesn't. Michigan and Wisconsin have little feeling for each other, pro or con. The result is a "ho-hum" gridiron series that hardly qualifies to be called a rivalry.

Michigan will fight to the last roll of adhesive tape to keep the Little Brown Jug from the grasping hands of the Minnetonkas.

But somehow it can't get lathered up over the prospect of playing Wisconsin.

Frequent meetings build strong rivalries and this is probably the main reason why Michigan and

Wisconsin have never been more than routine enemies. They have met only 23 times. Michigan has won 18, lost five and tied one.

Last year, an undistinguished Michigan team was a 19-10 victim, one of five along Wisconsin's route to its first undisputed Big Ten crown since 1912.

Saturday's clash may prove interesting but in view of last week's developments it will mean next to nothing for either team.

While Michigan's comeback bubble was being punctured, 10-0, by Minnesota, Wisconsin was suffering under Ohio State's battering attack, 34-7.

Thus the Wolverines and the Badgers were simultaneously eliminated as serious title contenders and the stage was set for another football game in the finest so-what tradition.

Visions of Minnesota's giant linemen may be keeping Michigan's Dave Glinka awake nights. But there is one good reason why he can rest easy.

Despite a dismal performance in the 10-0 loss to the northwoods monsters, the 19-year-old sophomore quarterback still has the confidence of his coach.

"Dave had a bad day against Minnesota," said Wolverine mentor Bump Elliott, "but I don't see how it could be otherwise."

the way those big bruisers came after him."

Glinka may need more than Elliott's moral endorsement if Michigan, now 1-3 in Big Ten play, is to rebound against Wisconsin, a pass-happy team with a line that, at 216 pounds, nearly rivals Minnesota's.

It shapes up as a battle of sophomore signal-callers, with Glinka, the Toledo, Ohio youth, matched against the Badgers' Ron Miller, a 21-year-old who currently leads the Big Ten in total offense with a 5-8 yards per try average.

Arkansas' Nemesis 'Lineman of Week'

UNIVERSITY, Miss. (AP) — To paraphrase an honored adage, if you don't make the grade the first time, just keep on plugging. And the successful application of this bit of advice earned Mississippi center Allen Green Lineman of the Week honors.

The 22-year-old Green booted a 39-yard field goal on the game's final play against Arkansas last Saturday night to give the Rebels their 10-7 victory. And for this bit of heroics The Associated Press accorded lineman laurels to the Mississippi pivotman.

More Quints Wanted

14 City Cage Teams Set

The first meeting of basketball managers for class A, B and C teams was held Monday with 14 representatives.

Presently three teams have entered class "A," five teams in class "B" and six teams in class "C."

There is still room for additional teams and information for entries can be obtained by calling John Smith at the Recreation Department.

Final classifications and league organization will be decided at a final meeting Monday, Nov. 21st, at 7:30 p.m. at City Hall. Individual players are also invited.

Team practice assignments for the Pontiac Central gym are as follows:

Town & Country, Oct. 31 (8:00 p.m.) and Nov. 3 (8:00 p.m.); Clarkson Heights, Nov. 3 (8:00 p.m.) and Nov. 3 (8:00 p.m.)

Conerly Lost to Giants for Another Week

NEW YORK (AP) — The New York Giants will be without veteran quarterback Charlie Conerly for at least another week, and maybe even beyond that in the National Football League campaign.

The club physician diagnosed Conerly's arm trouble as "an inflamed tendon" and Wednesday suggested a period of complete inactivity for the 29-year-old passing star.

Conerly, however, will see action against the St. Louis Cardinals here Sunday as a punter, in place of Don Chandler, but the quarterbacking chores will be handled by the George Shaw and rookie Lee Grasscup.

Giants Break Batting Slump, Whip Japanese

SAPPORO, Japan (AP) — The San Francisco Giants broke out of their batting slump with 17 hits, including a two-run homer by Willie McCovey, and defeated the Japan All-Stars 5-3 Wednesday at Sapporo's City Stadium in Hokkaido.

The victory was the touring Giants' second in a row over the All-Stars after two opening setbacks in their 16-game goodwill series in Japan. San Francisco had scored only two runs in the three previous games.

FATHER-SON KEGGLERS — The Baldwin Rubber Men's League is drawing a lot of interest at Lakewood Lanes Tuesday nights with two young boys as regular members of rival teams.

Bowling at Lakewood Boys on Men's Teams

The Baldwin Rubber Men's League believes in starting its bowlers out young. Regular members of opposing teams at Lakewood Lanes this season are Bruce Mihalek, 10, and 5-year-old John White. Mihalek, who stands 53 inches, competes with his dad John every Tuesday night for Pontiac Catering. White and his father, Dixie, are on the Lakewood team. He weighs 54½ inches and weighs 50 pounds.

Olympic Boxing King Signs Pro Contract

LOUISVILLE, Ky. (AP)—Olympic lightweight champion Chasius Clay signed a professional boxing contract Wednesday for a guaranteed \$18,000 the next two years. The contract is with the Louisville Sponsoring Group, composed of 10 businessmen. It runs for two years with one-year options thereafter. No manager has been named for Clay. He makes his professional debut here Saturday night against Turney Hunsaker of Fayetteville, W. Va.

Western Hopes to Upset Ohio U.

By United Press International
Ohio University, the nation's top-ranked small college eleven, invades Western Michigan Saturday and the unpredictable Broncos are hoping for an upset to balance a season in which they have had more than their share of hard luck. Western's 12 record in the Mid-American Conference is misleading. Both losses were by the margin of one point and coach Merle Schlosser is confident that the Broncos can turn the tables on Ohio, an event that would restore some of Western's damaged prestige. The rugged Ohio team is unbeaten and three of its triumphs have been over conference foes. It is locked, however, in a tight struggle for the league championship with Bowling Green which has subdued five Mid-American opponents.

One of Bowling Green's victims was Western. The Broncos were edged, 14-13, three weeks ago. Meanwhile, Ferris Institute — the state's only undefeated college team — will seek its seventh in a row when it meets Kalamazoo Saturday. The Bulldogs have rolled up 172 points against their opponents' 13 in the first six outings. Kalamazoo, with a 3-3 record, is not expected to offer much of a challenge. If Ferris gets by Kalamazoo, only one more opponent — Wilmington College of Ohio — will stand in the way of its first perfect season in more than 49 years of football. Hillsdale, which virtually clinched the Michigan Intercollegiate Athletic Association championship by beating Albion last week, can move closer to the actual title by adding Alma to its list of victims Saturday. The Dales, 16th in the nation among small colleges, have won five straight since their loss to Northern-Michigan in the season opener. And Northern, which also sports a 5-1 record, will try to boost its ranking as the 19th small college team in the country by scoring a decisive victory over St. Cloud Saturday. In other games Saturday, winless Eastern Michigan plays at Southern Illinois, Olivet meets Albion, Adrian will be at Hope, and Wayne State plays host to Western Reserve.

Boots 4 Goals for MSU

EAST LANSING (AP) — Led by the four-goal kicking of Jim Lahr, the Michigan State University soccer team shut out a previously undefeated Ohio University team 4-0 yesterday afternoon. Captain Cecil Heron appeared briefly in the second half — his first game since he injured an ankle at St. Louis Oct. 15. Heron, an all-American from Detroit, had, but previously, from Jamaica, injured an ankle earlier this month while working out with the MSU football squad.

PCH Gridders in Homecoming Tilt at Wisner

Colts From Flint Bring 2-3-1 Mark to Pontiac for Nonleague Game

By BILL CORNWELL
Pontiac Central High School holds its annual Homecoming festivities Friday night at Wisner Stadium and the Chiefs are determined to give their loyal fans a victory on the football field. Victims of a thrilling 56-31 Nagawau Valley Conference duel against Flint Northern here last week, the Chiefs are anxious to bounce back into the winning column at the expense of another Flint team.

The Chiefs battle the improving Southwestern Colts tomorrow evening at 8 o'clock in a non-conference game to climax the PCH Homecoming celebration.

Paul Deller's warriors will be slight favorites to defeat Southwestern and post their 4th triumph of the season against one loss and one tie.

For the first time this fall, the Chiefs will have an edge over their opponents in weight as well as speed. The Colts of Jack Hinke are light and, to complicate matters, they are not too fast either.

However, it goes without saying that the Chiefs cannot risk an overconfident attitude for this contest since Southwestern has improved steadily from the beginning of the 1966 campaign.

The Colts, who officially enter the Saginaw Valley grid race next year, came to this city with a 2-3-1 record. All three losses came at the hands of Valley foes and two of them were administered by their big city rivals.

They bowed to undefeated and top-ranked Bay City Central, 30-0, in the PCH Homecoming game, 8-12 and Flint Central, 37-13. In view of the records of these three teams the setbacks are certainly no disgrace.

Southwestern's wins were at the expense of Flint Kearsley, 28-25, and Muskegon Heights, 27-27. Last week the Colts and Owosso fought to a 6-0 tie.

Defense, which has been a sore spot for Hinke and his staff this autumn, was vastly improved in the struggle at Owosso and the Colts may be ready to furnish trouble for Central's free-wheeling ground attack.

This is Southwestern's 2nd year of Class A football. The Colts posted a 6-3 record in 1959 in their inaugural year, but they lost heavily through graduation.

Central has two rugged Valley games after tomorrow's contest. A week from tonight the Chiefs face Bay City at Bay City, followed by a Nov. 11 duel with Flint Central on the Wisner turf.

The Nov. 18 scrap with cross-town rival Northern, also at Wisner, will conclude the season for PCH.

WEDNESDAY'S FIGHTS

FE 2-9101****'New' Rams Now Ready to Roll Against Lions Sunday****Orlick Named 'Pro of Year'**

Warren Orlick is the PGA Golf Professional of the Year for 1960. Election of Orlick, now completing his eighth year as head pro at Tam O'Shanter Country Club in Orchard Lake, Mich., was announced today by Harold Sargent, president of the Professional Golfers' Association of America, at PGA headquarters in Dunedin, Fla.

Orlick is the first Michigan professional to win the award, established by the PGA in 1955. Two trophies will be sent to the 46-year-old pro at the

**WARREN ORLICK**

President's Dinner, Monday, Nov. 14, in Phoenix, Ariz., as a high-light of the PGA's 44th annual meeting. He will receive the PGA's Golf Professional of the Year award and, for his permanent possession, the trophy awarded to honor the memory of the late Bob Harlow, founder of Golf World, weekly golf magazine.

Thus Orlick will share the spotlight with the PGA's other honorees at the dinner, Arnold Palmer, named Golfer of the Year; Jay Hebert, 1960 PGA champion, and the three additions to the PGA Hall of Fame, Jimmy Demaret, Mike Brady and Fred McLeod.

Orlick was named the nation's No. 1 club professional on the basis of all-around ability and contributions to the game of golf. The selection was made by an anonymous committee of outstanding amateur golfers.

Orlick, a PGA member since 1932, got his start in golf as a caddy at Goose Ile Golf and Country Club, under professional Joe Devany, at the age of eight. He served his apprenticeship in Devany's shop and golf has been his primary interest in life ever since, except for his three years' service in France and Germany in World War II.

He was elected president of the Michigan section of the PGA in 1955, thus completing his record of holding every office in the organization, in addition to serving either as chairman or member of every one of its committees.

Considered one of the foremost authorities on rules, Orlick is presently Chairman of the Rules Committee of the PGA of America, a position he has held since 1954.

He has served as a member of rules committees and as a rules consultant for the Masters as well as other major championships and international matches.

Responsible for a splendid apprenticeship program, Orlick sees that the assistants in his golf shop are thoroughly seasoned in all phases of the professional's duties. One of them, Ron Soper, recently was elected president of the Michigan PGA.

Others who now have their own clubs are Ted Huffman, Gary (Ind.) Country Club; Gene Bone, Warwick Hills Golf and Country Club; Grand Blanc; Ben Lala, Hillcrest Golf and Country Club; M. Clemens; Bob Dushane, Monroe Golf and Country Club; and Don D'Onofrio, Shoycroft Golf Club, Bloomfield Hills.

Detroit Still in Cloud With Colt Triumph**LA Staff Confident Team Will Make It Tough for Foes**

With the first victory of the 1960 season safely tucked away, a satisfying 30-17 triumph over the World Champion Baltimore Colts, the Detroit Lions hit the road for their annual Western swing, meeting Los Angeles in the Coliseum, Sunday.

Kickoff is 1:30 p.m. PST or 4:30 EST and the game will be televised back to Michigan.

The Lions will be facing a team that hasn't won in '60 but the Rams have shown steady improvement in each outing. Last week, Los Angeles led the Western Conference leading Chicago Bears, 24-24. In preceding games, the Rams were upended by Baltimore, 31-17, downed 24-27 by Chicago, lost 15-9 to San Francisco, and were upset by St. Louis, 43-21, in their opener.

Coach Bob Waterfield of the Rams confidently feels his club is "ready to move." A new system and a new coaching staff are now operating smoothly and the Rams personnel, always among the best in the NFL, figures to make things tough for league opponents from here on out. The Rams led the Bears in most stages of their game last week, only to see the Halasmen come on strong at the end for a tie.

Coach George Wilson hopes for a repeat of the performance the Lions turned in against the Colts. The Lions were able to put a consistent "rush" on John Unitas throughout most of the game and the big break came when an errant pass late in the fourth quarter found its way into Dick Lane's arms and his 80-yard sprint closed the door on any Colt hopes for a last second triumph.

Other noteworthy items in the Lions triumph over the Colts was the apparent return to form of fullback Nick Pietrosante. "The Plunger" rambled for 89 yards with a career-topping 57-yard jaunt thrown in, for his best day since last Thanksgiving Day. He got help from Dan Lewis at halfback, who got away on a 51-yard center, to provide the Lions with their best rushing game of the still-young NFL season.

The Lions defense, which limited the Colts' attack to 83 yards on the ground, will be tested fully against the Rams. Billy Wade, and Frank Ryan, handle most of the quarterbacking chores for the Rams, although Bud Humphrey of Baylor still is field goals available.

Orion and Lakers in 'B' Features

Two nip-and-tuck Class B football games going down the wire have some more key games to follow starting another big weekend of high school play in the area.

One of the top games of the season is set for Troy where the Colts hope to celebrate homecoming by dumping Lake Orion out of its tie for the Oakland B League lead with Fitzgerald. The Spartans should keep rolling against Oak Park.

Wayne - Oakland pacesetter West Bloomfield will be favored but could run into plenty of trouble as afternoon guest of Bloomfield Hills. Holly, hoping for a title share, hosts last place Milford.

Hazel Park is expected to move into a tie with Idlewild Ferndale for the Eastern Michigan's top rung by beating Mt. Clemens. Birmingham Seaholm should move up in the standings by winning at East Detroit and Port Huron visits Royal Oak Kimball.

Rochester will be trying to find its winning ways again against L'Anse Creuse in the Tri-County after two successive beatings. Romeo will be on the road hoping to upset Roseville.

In the South Central Conference, Millington is at Oxford to battle the improved Wildcats while Inlay City goes after its

6th straight in the league at North Branch.

A full Southern Thumb slate has unbeaten Anchor Bay at Dryden, Armada at Almont, Memphis vs. Capac and New Haven at Brown City.

Country Day goes to Lamphere to meet the unbeaten Rams in an afternoon Central Suburban feature.

Madison hosts Garden City. LaPeer plays Grand Blanc. Royal Oak Dondore vs. Wyandotte. Fraser is guest of Utica and Birmingham Groves goes to Grosse Pointe University School in other games.

Saturday, Cranbrook is at Westerville in an Inter-State game and Waterford Our Lady of the Lakes goes against its first varsity competition playing Pontiac Emmanuel at Orchard Lake St. Mary.

The annual St. Michael-St. Frederick affair headlines the Sunday slate. Orchard Lake St. Mary seeks its 3rd victory in a row at St. James. St. Clement and St. Rita tangle in the probable championship duel and Royal Oak St. Mary vs. St. Benedict in the Suburban Catholic League. Royal Oak Shrine is at Holy Redeemer and Farmington Our Lady plays St. Agatha in other divisions.

Troy and Lake Orion will go into their contest in top shape physically unless Dragoon center Mickey LaMagna is not available. He suffered an ankle sprain in practice. Orion must contain

Troy standout Dion Caza to hold its ranking. Defense has been the chief problem for both schools but Col. bow Bob McBreath says his unit seems to be "jelling" now.

Avondale's loop aspirations have now dwindled to a slight chance for a title. The Jackets are at Clawson.

West Bloomfield may still be minus quarterback Jeff Pries so fleet-footed Jack Newton will likely call plays.

Bloomfield Hills still has soph star Roger Stewart out.

Completing the W-O schedule will be Northville at Clarkston and Clarencville at Brighton.

Everybody knows Antonelli is up for a deal and everybody is making inquiries about him," said Giants Vice President Chub Feeney. "I doubt whether any player in either league has been the subject of more barter talk than has Johnny."

Teams From Both Loops Interested in Giants' Lefty

SAN FRANCISCO (AP)—Lively interest has greeted the announcement Johnny Antonelli, San Francisco Giants' left-handed pitcher, is on the trading block.

The southpaw is being sought by clubs of both the American and National leagues, from the New York Yankees to the Philadelphia Phillies.

Upper Michigan Skiers Get Set

By United Press International
The first snow flakes scudded through the air of Northern and Upper Michigan last week and ski resort owners, hotel and motel operators rushed finishing touches to make ready for a crowd of winter travelers who now spend as much in some towns as the summer tourists.

The ski trade this winter will keep resort hotels and motels open which closed down in past winters. It is encouraging some summer sportswear stores to do the same. And each year the ski resorts add more facilities during the summer, a further boost for the slack economy of the forest and lakes country.

"We don't even count the hills with just rope tow any more. This year we're promoting the

"big six" resorts which are all within 30 miles of Petoskey and which have lifts or bars," said Don Ruffer, secretary-manager of the Petoskey Regional Chamber of Commerce.

This "big six" resort lineup includes Boyne Mountain, a year-around resort with a skating rink and heated, enclosed swimming pool for added winter fun; Walloon Hills; Avalanche; Nub's Nob; Thunder Mountain, and Harbor Highlands.

Ruffer and others will go to the big ski shows in Detroit, Chicago and other major cities shortly to promote these resorts. "Last year we averaged 10 buses a weekend out of Detroit, Chicago and Cincinnati," he said.

"The Colonial Inn at Harbor Springs, the Chippewa Hotel in Petoskey and Duke's resort at Wal-

loon Lake are among the places staying open this winter which closed before," Jim Doherty, Editor of the Petoskey News-Review, reported.

The January, February, March total sales taxes for Emmet County alone were 12 per cent higher this year than in 1958. Winter employment is up. Two Petoskey stores which formerly closed at the end of summer will stay open until at least Christ'mas," said Ruffer, who still doesn't ski.

The big item for the chambers of commerce and ski groups at Traverse City and Manistee this year is a "package deal" for skiers, one attractive for lodging, meals and ski slope privileges.

Merle Lutz, secretary of the Traverse City chamber, said the ski group there has been having meetings to plan promotion, activities and facilities since July 17 this year. Holiday Hills and Hickory Hills are the main resorts in this area, with an elaborate new resort, Crystal Mountain, near Benah being laid out. Lutz doesn't ski either.

All the ski resorts, clubs, motels and restaurant owners are cooperating in the package deal plans, at \$24.50 for two nights lodging and skiing tickets.

"Deer hunting and skiing have become more important to the motorists around here than summer tourists," reported Jerry Skiera, of the Manistee News-Advocate.

The Manistee ski area, reported Bill Wittig, head of these ski activities, this year will be open all week instead of just weekends. Wittig said all the motels remain open during winters now, at least from Thursday on. Here, lodging, meals and skiing are tied into a weekend package deal going as low as \$36 and ranging up to \$70.

Wittig says the 18,000 skiers handled at the Manistee ski area is only a fraction of the skiers drawn to the most popular and oldest of Michigan ski resorts, nearby Cadillac's Caberfne, in its 23rd season this year.

Earl Huckle, publisher of the Cadillac News, said a new area has been added to the 33 hills already skied at Caberfne. "Ski weeks," including instruction from a former Olympics team coach, are being offered by Caberfne and the Chamber of Commerce for \$37.50 to \$69.50.

Another whopping 30,000 to 60,000 skiers are expected at Caberfne before spring.

PNH Coach Undergoes Surgery at Ann Arbor

Ed Heikkinen, head football coach at Pontiac Northern High School, underwent surgery for a ruptured disc yesterday at Uni-

versity Hospital in Ann Arbor. His condition is listed as good.

Heikkinen was hospitalized several weeks ago with severe leg pains.

Widespread Road Construction Abuses Under Federal Government Investigation

Editor's Note: A million-dollar road failure is a grand jury investigation, and an administrative matter. The state highway department is now in the process of investigating the cause of the failure. The state highway department is now in the process of investigating the cause of the failure. The state highway department is now in the process of investigating the cause of the failure.

By BEN PRICE

WASHINGTON (AP)—Some of the problems encountered in the nation's huge highway construction program may be illustrated by a look at experiences in New Mexico, Missouri and Ohio.

New Mexico has had a series of investigations and scandals, including a \$1-million road failure. In submitting claims to the U.S. Bureau of Public Roads for reimbursement, the state's paperwork was deemed so inadequate that the federal government is withholding payments of nearly \$6 million.

In Missouri, a federal grand jury at St. Louis has begun an investigation of alleged fraud among suppliers of highway steel. The investigation follows complaints from contractors that certain steel suppliers refused to bid against each other and that prices appeared to be rigged. Nine companies are involved.

In Ohio, the construction program under its present director, Everett Preston, seems to be leveling out toward an orderly \$300 million-a-year business—but it was not always quite so orderly.

When Preston took office in February 1959, he discovered that the previous administration had let 21 last-minute highway contracts. He discovered also that the contractors couldn't go to work because the state had failed to acquire rights-of-way.

Work was delayed three to six months. No one has yet analyzed whether the delay for these 21 projects cost more than it would have cost under normal procedures.

TROUBLE IN COURT

Like many states, Ohio also has a land problem. Right now there are over 1,000 cases pending in court. Under the previous administration, the state made offers to purchase land on a take-it-or-leave-it basis. Many land owners felt it was not fair to be forced to sell their land at a price where they had no say.

Another factor apparently has complicated Ohio's land problem. Ray J. Glaze, Highway Department attorney, said in an interview some evidence exists that a few attorneys had been soliciting land suits from disgruntled owners.

Glaze added, however, that the solicitation—a violation of American Bar Association canons—was done so subtly it would be almost impossible to prove.

Some Ohioans are still grumbling over the 11-month delay in opening a leg of the Interstate route between Columbus and Cleveland. The delay has been attributed to a contracting firm which was overextended financially but was nevertheless permitted to complete the work.

DISTRESS ROADS

In New Mexico, a wide variety of problems arose. It has had a

\$1-million road failure. At least four other roads in the state are now the engineers call in a state of distress.

The State Highway Department is not under civil service and, therefore, there is little job security. Who gets what job is often a matter of politics. Over the past 10 years there have been 61 occupants in the department's 11 top appointive jobs.

On July 15, 1959, L. D. Wilson resigned as chief engineer, complaining the highway commission had asked him to "do things bordering on the dishonest." Wilson, now in Alaska, has offered to testify under oath.

A state legislative committee hired the management consultant firm of Booz-Allen and Hamilton of San Francisco to study the highway department.

Among other things, it reported: "Contractors who object to state-employed project engineers carry their appeals direct to the highway commission or chief engineer—and people at the top have often overruled the project engineers."

On July 24, 1959, Commissioner H. E. Leonard requested the transfer of an assistant district engineer, John Roberts, from Albuquerque. Wilson, then chief engineer, said the transfer was made because Roberts was too tough on contractors. Leonard denied this.

RESIGNS 'UNDER PRESSURE'

Last August, Paris Jordan, assistant district engineer at Roswell, resigned rather than accept a demotion. He said he had been put under pressure to approve payment of \$60,000 to contractor Jack Adams for extra work performed. Jordan said he didn't think Adams was entitled to the money.

The present chief engineer, D.B. Dixon, says Jordan was not put under any pressure, that he was demoted because of his "inability to supervise construction properly."

Adams built the road at Lordsburg, N.M., which is now classed as a failure. On this project, the federal government is withholding payment of more than \$200,000 until the road is brought up to federal standards. The state has paid Adams in full.

Involved was a \$1,085,000 contract—a stretch of four-lane highway running nearly 4½ miles through the town of Lordsburg, which began settling, cracking and developing potholes before it was half completed in 1958. Concrete sidewalks, gutters and curbs settled or buckled.

On other jobs, the consultants declared, the material was either too coarse or had been improperly applied.

What caused the Lordsburg failure is still unclear. Adams says he built the road to state specifications. In June 1959, a New Mexico legislative committee began an investigation.

After two days of hearings, the attorney general declared the committee was not properly authorized, and the probe collapsed.

During the brief hearings, LeLand Doty, state supervisor at Lordsburg, told the lawmakers his work diary had been stolen from his car. This was the day today record showing weather, material delivered, and construction problems.

Testimony brought out that during the asphalt-laying period at Lordsburg there had been 14 inches of rain, and that concrete was laid in subfreezing weather. Both Adams and Doty testified that to the best of their knowledge, no asphalt was put down when it was either too wet or too cold to do the job properly.

Friday, inspection systems.

Many Students Might Mutter: Et Tu, Richard?

GRAND RAPIDS (UPI) — Vice President Richard Nixon, a noted speaker in the English language, showed versatility today in going to bat for Latin, which is considered a dead language.

Philip H. Davidson, an East Grand Rapids High School student studying Latin, asked the Republican vice-presidential nominee for an opinion on studying Latin.

Nixon replied in a letter written in Latin which was translated as follows:

"Latin was one of my favorite subjects when I was in high school, and I appreciate your wanting to have my thoughts on the value of the language.

"In my opinion, those courses were extremely beneficial to me in development of logical thinking and gave me a better understanding of English grammatical construction.

"I am sure you will agree that these qualities are important no matter what one chooses as a profession."

Car Output Figures Up Over Last Week

DETROIT (UPI) — The Automobile Manufacturers Association reported today that U.S. automakers turned out 146,833 cars and 16,223 trucks and buses last week, for a total of 163,056 vehicles.

This compared with 144,614 cars and 17,341 trucks and buses built in the previous week.

Through Oct. 22 the total output for 1960 was 6,406,496 vehicles, compared with 5,728,424 in the same period last year.

Contest Offers Lucky Couple Trip to Paris

A 17-day trip to Paris for two, a Pontiac Tempest, and a \$2,000 scholarship are among the more than 250 prizes in a Community National Bank-sponsored contest beginning this week.

Called "Check the Big Difference Sweepstakes," the contest is open now to anyone 14 years or older. "All would be contestants have to do is register at any of the bank's 11 offices," according to Robert B. Edred, executive vice president of Community National Bank.

Employees of the bank and its advertising agency, MacManus, John & Adams Inc., are not eligible, he added.

Weekly drawings will be held at each of the bank's branch offices starting Nov. 4. Grand prize drawings will be staged at the main bank in Pontiac Dec. 9. "Contestants need not be present to win."

Other prizes include portable television sets, turkey certificates, cash camera kits, and transistor radios.

Ex-Petosey Mayor Dies

PETOSKEY (AP)—Former Petoskey mayor and councilman John L. A. Galster died Wednesday at Little Trevelyan Hospital. He was 81. Galster organized the Petoskey Portland Cement Co. and served as its president from 1937 to 1955 when it was sold to Penn Dixie Corp.

Germany Train on Foreign Soil

Soldiers Invade France, but This Time It's on Peaceful Mission

SISSONVILLE, France (AP)—A West German military convoy rolled through the sleeping French countryside early today, bound for the military bases at Sissonville and Mourmelon.

It was raining and the local civilians stayed indoors.

"I don't know anything about it, and it's all the same to me," said the local hotelkeeper. "Soldiers are soldiers, and they are all alike."

But some of the French soldiers near the base nearby worried whether France's troops would measure up to the spit and polish of the Germans, coming for the first time as friends instead of foes.

The convoy crossed the French frontier near Sissonville Wednesday night. A handshake between French and German officers marked the historic occasion.

ON GOOD BEHAVIOR

The 180 soldiers in the trucks were silent, warned by their superiors to be on their best behavior. They avoided the antagonisms of the French, who remember the invasions of two world wars.

The soldiers were the advance guard of four West German battalions that will begin training maneuvers here and at a camp near Mourmelon next month.

Both camps are near the cathedral city of Reims and not far from battlefields where the French and Germans fought bitterly in World Wars I and II.

An agreement to allow German troops training and storage depot facilities in France was signed Tuesday, after months of negotiations.

The advance guard will arrange for the housing and supply of the 2,400 men of two armored and two parachute battalions due Nov. 3 for a three-week training period.

World's Fair Planned for Moscow in 1967

MOSCOW (AP)—The Soviet Cabinet announced today a World Fair will be held in Moscow in 1967. The Soviet news agency said the fair's motto will be "Progress and Peace," and it will be open to all countries "regardless of their government and social systems."

2 More Americans Being Held in Cuba

HAVANA (AP)—Cuban police held two more Americans today "for investigation."

They were identified as Guy Thompson, 31, an engineer from Louisville, Tenn., and Meyer Fuchsberg, 42, textile executive, and a New York City native.

PROCLAIMS NAVY DAY — Mayor Philip E. Rowland signs a proclamation making today officially Navy Day in Pontiac. He is flanked by Lt. Cmdr. William C. Remick (left), commander of the U. S. Naval Reserve Training Center in Pontiac, and CPO Robert G. Wade, leading chief at the center.

Day Is Observed Nationally

Pontiac Honors U. S. Navy

Today is Navy Day — a time especially set aside for the American people to salute the nation's maritime heroes.

In keeping with a proud tradition, Mayor Philip E. Rowland has asked the citizens of Pontiac to display the national flag in tribute to Navy men and women, both living and dead.

"U. S. Navy — Flexible Force for Freedom" is this year's slogan, "because it emphasizes the versatility of naval forces and stresses the concept of mobility," explained Lt. Cmdr. William C. Remick, commander of the U. S. Naval Reserve Training Center in Pontiac.

"Further, it points up the fact that our Navy is not only a deterrent force, but is an organization dedicated to the attainment of our ultimate goal — freedom."

Oct. 27 has been known and recognized since 1922 as Navy Day and has traditionally been sponsored by the Navy League.

Upholds Conviction of Teamster Official

WASHINGTON (AP)—The U.S. Court of Appeals Thursday upheld the contempt of Congress conviction of William Presser of Cleveland, Ohio, Teamsters Union official.

Presser was convicted last Feb. 2 and received a sentence of two months in jail and a \$10 fine.

The conviction grew out of Presser's appearance before the Senate-rackets subcommittee.

Presser testified that he had complied to the best of his ability with a subpoena calling upon him to produce union records. Asked whether he had destroyed any union records after receiving the subpoena, Presser claimed the protection of the Fifth Amendment against self-incrimination.

Finch said Nixon had nothing to do with the loan and knew nothing of it at the time. He said he knew of no basis for any claim that the money originated with Hughes.

20 Tons of Stolen Steel Valued at \$3,850

Pontiac police reported today that 20 tons of steel stolen from Conner Fabricators, Inc., 555 Goring St., was valued at \$3,850.

Although the firm was broken into over the weekend, detectives said the metal must have been taken over a period of time.

Also missing were tools valued at \$10.

Government Loosens Credit for Christmas

WASHINGTON (AP)—The Federal Reserve Board has given advance notice that the nation's banks will have ample lending power to finance Christmas business.

The notice was coupled with an announcement Wednesday of definite plans to make available \$3.1 billion in new currency and credit "between Thanksgiving and Christmas."

Elaborating on a formal statement, a spokesman said the board "intends to make ample provision for the credit needs" of the holiday season. This amounted to a promise of further action should the announced plans prove inadequate.

Because the board's intentions were disclosed well in advance, they could have a psychological impact on the economy even before they go into effect, starting Nov. 24. Some bankers and businessmen might take the promise of ample credit as a signal to adopt more liberal policies.

DECLINES LABEL

The board spokesman declined to label the planned moves as an anticrisis program. In the recent past, the board's steps in the direction of easier credit have been attributed officially to a lessening of inflationary pressures. Even so, they coincided with a slowing down of the economy.

By making its latest announcement 13 days before the presidential election, the board risked accusations that it is interfering in the political campaign. An aide discounted this by noting that a somewhat similar credit-easing move was announced several weeks in advance in August.

The board is a independent of the executive branch and its seven members represent both political parties.

Here are the three actions which the board plans:

1. Starting Nov. 24, the 6,300 banks in the reserve system will be allowed to count cash on hand against cash in fulfilling the legal requirement that they maintain specified reserves to back up deposits in checking accounts. Congress instructed the board in 1959 to take this action—the third and final move in a gradual process.

2. Also on Nov. 24, banks in smaller communities will be instructed to keep larger minimum reserves—12 percent of checking deposits instead of the present 10 percent.

3. Effective Dec. 1, the reserve requirements for big banks in New York and Chicago will be lowered by one per cent to 16 1/2 per cent. This fulfills a congressional directive that banks in these cities be put on the same reserve basis as those in other large cities where the requirement is 16 1/2 per cent.

Wife's Name Is Lucky for Winner in Sweepstakes

Mrs. Walter Shortland's name placed on an Irish Sweepstakes ticket proved lucky for her husband and three other Pontiac Motor employees in the famed Dublin race yesterday.

The ticket won \$50,000 for the group. Their horse, Fougale, placed second.

Two other Michigan residents held \$10,000 winning Irish sweepstakes tickets, and two three-place horse winners in Michigan held \$25,000 tickets.

Shortland, who lives four miles north of Clarkston at 3983 Orrville Road, said he placed his wife's name on the ticket as a lark because he and his friends had entered for the last four years and hadn't won a race.

The 60-year Shortland and his wife plan to pay off the mortgage on their home, pay the balance on their 1960 car, and take a trip out West next summer.

The other three lucky shareholders in their ticket were Detroit men.

WE'RE PASSING

Motor Wheel Earnings Post Sharp Decline

LANSING (AP)—Motor Wheel Corp. earnings dropped sharply for the nine months ended Sept. 30, compared to the similar 1959 period.

The earnings for the 1960 period were \$264,605 or 31 cents a share, compared with \$1,016,773 or \$1.20 a share in the 1959 period.

Dewey Upholds Military Setup

Says That Eisenhower Has Provided Protection With U2s, Atlas

LOS ANGELES (AP)—Former New York Gov. Thomas E. Dewey says Sen. John F. Kennedy is ill-advised in saying U.S. military might has grown shaky under President Eisenhower.

"If it were true that the greatest military leader of our time had allowed the defenses of America to fall into disrepair," Dewey said Tuesday night, "then how come we were able to protect ourselves from surprise attack by overthrowing the Soviet Union for four years with the U2?"

The 1944 and 1948 Republican presidential nominee asked a GOP rally to suburban El Segundo High School auditorium: "How come we have overseas bases loaded with nuclear bombers that can cover every portion of the Soviet Union and fly on to safety if the Soviets should dare attack us?"

"How come the Atlas missile which was again fired only three weeks ago, further than any the Russians have ever fired?" Dewey told the 1,300 attending the rally. "Every single one of our missiles has been developed, tested, produced and fired under the blazing leadership of the Eisenhower administration."

Two From Des Moines Decide World Is Small

DES MOINES, Iowa (U)—Dr. Alan H. Frankle and James S. Duncan, both of Des Moines, met for the first time when they appeared on a Des Moines television program last spring.

They met again recently—at a railroad station in Amsterdam, the Netherlands, where they were trying to get reservations on a heavily booked train to Copenhagen, Denmark.

Manufacturing wages and salaries in Arkansas in 1959 were up 14 per cent over 1958.

Pontiac UF Drive Over Top at \$705,543.26

Figure Breaks
Area Record
by \$35,000

All Divisions Reach
Quotas, Says Knudsen
at Victory Luncheon

A record-smashing Pontiac Area United Fund campaign total of \$705,543.26 was announced today by Campaign Chairman S. E. Knudsen as the 1960 drive came to an official close with a victory luncheon at the Elks Temple. The record figure represents 105 per cent of quota.

"This is strictly a community victory," said Knudsen in announcing solicitations had surpassed the over-all goal of \$672,500, with the largest figure ever recorded in 12 annual Pontiac Area UF drives.

The previous record was \$670,000 established in 1959.

"I extend my sincere congratulations to the division chairmen, vice chairmen, their workers and the generous citizens of this community," Knudsen said.

Delivering successful reports to Knudsen at the victory celebration were leaders of the three major campaign divisions.

The Industrial Division, headed by Calvin J. Werner, reported solicitations of \$456,197.33 against a quota of \$425,500.

John P. Niggeman, Commercial Division chairman, reported his group had raised \$180,845 of 102.5 per cent of their quota. Niggeman stated he was very proud that the Commercial Division had met its quota by the end of the campaign for the first time in its history.

Mrs. Roderick Taylor, chairman of the Women's Division, reported collections of \$87,000, representing 100 per cent of the women's goal.

"You have done an outstanding job," Knudsen said in complimenting the three chairmen. "Your energetic leadership contributed immensely to the successful outcome of this campaign."

Knudsen also paid tribute to Industrial Division plant chairmen. Employee contributions from the entire Industrial Division increased from \$282,632 to \$310,744 for a 10 per cent improvement.

Knudsen revealed that employee participation had reached a new high of 87 per cent. He noted further that the Industrial Division corporate gift had increased from \$134,774 to \$139,333.

More than 300 campaign leaders attended the luncheon which was sponsored by Walte's Department Store, S. S. Kresge Co., Pontiac Federal Savings & Loan Association, Consumers Power Co., Michigan Bell Telephone Co., The Detroit Edison Co., WKC, Inc., and Sears Roebuck & Co.

Over 100 Fire Fighters Battle \$415,000 City Theater Blaze

2 Newspapers
Disclose 'Secret
Prestige Report'

Washington Post and
NY Times Cite Loss
in France, Britain

NEW YORK (AP) — The New York Times and the Washington Post have disclosed what they said was a confidential government survey made last June reporting a U.S. loss of prestige with the French and British public.

The Post said Wednesday night it obtained a copy of the summary, compiled by the U.S. Information Agency's office of Research and Analysis.

The newspaper said the summary was prepared for the National Security Council, of which Vice President Richard M. Nixon, the Republican presidential nominee, is vice chairman.

The Times, today publishing the full text of the summary as well as a story, pointed out that the survey is not the opinion analysis referred to last week by Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee.

Fulbright had been seeking copies of a prestige report dated Aug. 29 as well as what he termed a later "Barometer survey" by the CIA.

In Spokane, Wash., Sen. Lyndon B. Johnson said Wednesday night the administration suppressed a survey on American prestige abroad "because it told the truth about the fix which the Republican administration has led us."

But in Philadelphia, Henry Cabot Lodge said he knows more about America's prestige abroad than the United States Information Agency—and our prestige hasn't fallen.

STILL CALLED SECRET
The report disclosed by both newspapers still is classified as secret by the Eisenhower administration.

The White House Wednesday endorsed the refusal of the CIA to turn over the report to Congress.

The survey percentage figures (Continued on Page 2, Col. 5)

Feather From Photo

FIFTY-SIX EVACUATED — Fifty patrons and six employees were evacuated from the Oakland Theater on South Saginaw Street in time to escape flames that gutted the building. Firemen described the blaze as one of the city's worst. Over a hundred men

from five departments struggled with the blaze throughout the night. South Saginaw Street was still blocked off to traffic this morning as firemen prepared to knock down two wavering side walls of the half-block long building.

Dick Stumps in Michigan Today

I'll Send Cabot to Geneva'—Nixon

WITH NIXON IN MICHIGAN — Vice President Richard M. Nixon coupled a new blast at Sen. John F. Kennedy's Cuba policies today with a promise that, if elected, he will invite immediate negotiations with the Soviet Union on a nuclear testing ban.

Nixon promised that he would send his running mate, vice presidential candidate Henry Cabot Lodge, to Geneva for negotiations on a nuclear ban.

Michigan political strategists cautiously watched crowd turnouts and reactions today as the vice president launched a 14-hour 200-mile whistle-stop tour across the state.

Nixon's route covered much of the same predominantly Republican territory through which Kennedy, the Democratic presidential nominee, traveled two weeks ago.

Leaders of both parties have indicated privately they feel that comparative crowd figures might provide a political barometer of voter sentiment in Michigan.

Michigan Republicans were encouraged by the turnout at Nixon's first stop at Monroe.

The Nixon train already was about 20 minutes behind schedule when it arrived at Monroe. Other stops during the day were scheduled at Ann Arbor, Jackson, Battle Creek, Kalamazoo, Grand Rapids and Muskegon.

WILL MEET REIDS
In Toledo Wednesday night Nixon said the Russians have set off several underground blasts in the two years since this country stopped nuclear testing. Specifically he reported detection of a recent disturbance that he said might have been a big nuclear explosion.

Today on the nuclear issue, Nixon said that if the Soviets should agree to foolproof inspection under which military tests would be banned, he would be willing to meet in a summit conference to make the agreement final.

He said he meant a summit conference with Soviet Premier Khrushchev and Prime Minister Harold Macmillan of Great Britain. The Republican presidential nominee also blasted anew today at his Democratic rival in saying there is confusion "now starkly revealed" in Kennedy's camp over what to do about Prime Minister Fidel Castro of Cuba.

In a statement, Nixon said that Adlai E. Stevenson, one of Kennedy's foreign policy advisers, had denounced the Eisenhower administration's imposition of restrictions on trade with Cuba because he contended this would drive Castro further toward the Communist camp.

Nixon contrasted this with a fails to understand the need for any positive action to quarantine the Castro virus.

"The senator would have the United States take rash action that would play into the hands of the Communists and cause us to lose all of our friends in Latin America," Nixon said.

"They not only are wrong but they are completely wrong in opposite directions."

'Can't Afford Recession,' Cries Jack in New York

NEW YORK (AP) — Sen. John F. Kennedy said today the country apparently is entering "our third recession in six years. And I say we can't afford another recession."

The Democratic candidate is campaigning for the second straight day in areas where the labor vote is strong.

Kennedy flew here early today after campaigning in and around Detroit Wednesday.

Kennedy's return to New York continued his pattern of campaigning in the big state, with the top prize of 45 electoral votes, on the average of once a week.

After his day here, he heads for Pennsylvania.

In New York today he jettied increasingly disconnected from reality.

Kennedy said he thinks the country's needs can be met without either higher taxes or inflation, by expanding the economy and increasing efficiency in government.

Kennedy will return to Michigan Nov. 4 for his fourth and final foray into the state. The visit will be brief and take in only the Detroit area.

Despite chill and rain, wildly cheering crowds ranging from 5,000 to 15,000 greeted Kennedy Wednesday at six stops in Macomb and Wayne counties, both Democratic strongholds. In Macomb County, shrieking

Danger Lingers Today as High Walls Quiver

By DICK HANSON

A \$415,000 fire that devastated the Oakland Theater in downtown Pontiac last night continued to offer battle-weary firemen stubborn resistance this morning.

Small pockets of flame were breaking out intermittently among the charred ruins as late as 8 a.m. today. Two walls of the theater building, one of the finest in Oakland County, quivered four stories high in the bleak morning sky.

More than 100 firefighters from Pontiac and four neighboring communities struggled with the flames. Four of the men sustained slight injuries.

Pontiac firemen arrived at the red, smoke-filled scene seconds after the alarm was sounded at 6:30 p.m. from a firebox across the street from the theater.

Some 50 patrons and six theater employees already had been evacuated from the smoke-filled building without injury.

Firemen immediately charged into the theater with hoses, only to be repulsed as the flames gained headway with a rushing roar.

Utility crews broke through concrete sidewalks with compression

Fire Fails to Impress — at First

By DICK SAUNDERS

It was a fire that started slowly. The creeping flames remained hidden, creating a false impression. First witnesses to what became Pontiac's biggest blaze in many years, all agreed "it didn't look like much at first."

Charles Wiegert, 18, of 232 Russell St., was in the Oakland Theater box office when he "noticed a little smoke seeping out from framed pictures of coming attractions in the lobby."

"I thought there was a short circuit in the display case wiring and called the fire department," he said.

They told me they had just sent two trucks over to the drug store."

Gloria Hinojosa, 15, of 401 Franklin St., was behind the candy counter.

"The smoke started coming into the theater from the lobby so I opened a side exit," she explained.

"Then I saw more smoke and knew something was wrong."

STAY CALM
Both girls coolly closed the ticket office and candy counter, put their money in a storage vault and prepared to leave.

Charles even took time to hand out refunds to customers as they filed out.

All was calm and orderly. "The smoke finally got so thick we could hardly breathe. We just ran to the street," said Gloria.

"I left for dinner at 5:30 and everything was fine," said an usherette, Sharon Cullen, 17, of 93 Campus St.

"I saw smoke as I returned to the theater. I was amazed and worried about my girl friends."

"First I ran toward the building to see if they were inside. Then (Continued on Page 2, Col. 4)

Expect 'Frizzle' to Clear Away Before Tonight

This morning's fog and drizzle was expected to clear by tonight with temperatures becoming a little cooler, with a low of about 40.

Friday will be fair and warmer, the weatherman says. The mercury will climb to a high of near 60. Light variable morning winds will become mostly northeasterly at 5-12 miles per hour late today and tonight.

Forty-eight was the lowest recording in downtown Pontiac preceding 8 a.m. The thermometer reading was 52 at 1 p.m.

Auto Sales Spurt as Earnings Tumble

GM, Ford, S-P 2nd 10 Days of October Bright

3rd Quarters Off Heavy Model Change Costs, Popularity of Compacts Cited

DETROIT (AP)—Three auto mobile companies have reported their nine-month earnings and all three are running lower than last year. Chrysler Corp., which will report later today, may break the pattern.

General Motors, the nation's largest manufacturing company, reported Wednesday its world-wide sales of cars and trucks were up 10 per cent over last year during the first nine months but that its net earnings were down 3.3 per cent.

Not income totaled \$701 million, equal to \$2.45 a share, compared with \$725 million, or \$2.55 a share, for the same period of 1959. For the third quarter profits dropped from \$153 million (47 cents a share) last year to \$89 million (30 cents a share) this year.

FORD, S-P OFF
Last week both Ford and Studebaker-Packard reported lower quarterly and nine-month earnings.

Ford said profits for the nine months were \$316.2 million (45.76 cents a share) compared with \$331.1 million (48.19 cents a share) a year ago. For the third quarter Ford reported profits of \$114 million compared with \$133.2 million last year.

Studebaker-Packard fell into the red during the third quarter for the first time since 1956, losing \$3,254,798. The loss left the South Bend, Ind., automaker with a nine-month profit of \$104,786, or 2 cents a share.

In 1959 S-P made \$1,452,000, or \$2.30 a share in the first nine months and \$2,260,773, or 33 cents, in the third quarter.

Board Chairman Frederic G. Donner and President John F. Goetz, in their General Motors report, said total sales by the corporation totaled \$9.71 billion compared with \$8.86 billion a year ago.

Wholesale sales of cars and trucks were 3,406,136 units against 3,218 last year. Donner and Goetz said, however, sales of non-automotive products were generally below the levels of 1959.

Ford's drop in earnings generally was attributed to its booming sales of compact cars at the expense of standard size cars. The profit is less on compacts.

Studebaker-Packard said it incurred heavy model changeover costs during the third quarter.

General Motors said it, too, had incurred heavy model changeover costs. An extensive rearrangement of production facilities was required to provide for initial production of three entirely new models of passenger cars: the Buick Special, Oldsmobile F85 and Pontiac Tempest.

GM said employment and production were at high levels as the quarter ended.

Union Leader Dead
KANSAS CITY (AP)—Charles J. McGowan, 73, president emeritus of the International Brotherhood of Bookbinders, died Wednesday. He was a leader in the merger of the American Federation of Labor and the Congress of Industrial Organizations and was a vice president of the AFL-CIO.

The Day in Birmingham

Okay Plans to Attack Flooding of Basements

BIRMINGHAM—Authorization to prepare plans for the relief of basement flooding is being given to the engineering department by the City Commission.

However, until a permit to construct a sewer in the area is obtained from the State Health Department, installation cannot be made, according to City Engineer William T. Killen.

Permits for such work cannot be secured until the Twelve Towns drain becomes a reality. Currently construction of the drain is halted with a suit in the Supreme Court.

An engineering department study of the sewer problem in the Ruff area between Grant Street and Woodward Avenue indicates three problems, Killen pointed out.

He said many of the sewers in the area are shallow; the first section of the sewer extending west of Woodward Avenue on Ruff Street is inadequate; and many of the other area sewers do not have adequate capacities.

The women of Our Lady Queen of Martyrs Altar Society will hold their annual pre-Christmas festival in the assembly room of the school Nov. 5.

The festival is a combined effort of all the Guilds of the Altar Society, with Mrs. David Mutchler in charge of the event.

Christmas gifts, decorations, toys, doll clothes, aprons, needlecraft, religious articles and baked goods will be on sale.

The eight-hour festival will begin at 10 a.m.

The Past Sisters Club of the Pythian Sisters 94 will meet Friday at 8 p.m. at the home of Mrs. J. J. Penney Co. (down town).

2 Newspapers Print 'Secret U.S. Report'
(Continued From Page One)

published by both the Times and the Post are the same.

The Times said the survey, based on an opinion sample of 1,150 British residents and 1,000 French residents made late in May, gave these major conclusions:

1. "Though the U. S. S. R. is blamed most for collapse of the mid-July summit conference, a majority blamed both sides at least in part."

2. "Favorable opinion for the United States as a country and for President Eisenhower has declined in the wake of the summit collapse."

CONFIDENCE LOW
3. "Particularly in Great Britain current confidence in U.S. in America's capacity for leadership in dealing with present world problems."

4. "There is little support in the present survey for any suggestion that the story of the U2 flights, however adverse in other respects, strengthened judgments of America's military standing vis-a-vis the Soviet Union."

Claims Rigney 'In' as Tiger Manager
DETROIT—The Detroit Times said today it has learned that Bill Rigney, former manager of the San Francisco Giants, will be named manager of the Detroit Tigers.

Rigney previously had been mentioned by The Associated Press as a likely successor to Joe Gordon, who quit Detroit to become Kansas City manager at the end of the 1960 American League season.

The Times said confirmation of Rigney's selection at \$300,000 a year would come shortly from John E. Fetzer, who owns controlling interest in the Detroit Red Wings.

There was no immediate comment from Fetzer or other Tiger sources.

Ortonville Girl Dies of Injuries
A 6-year-old Ortonville girl died early today of injuries sustained when she was struck by a car yesterday afternoon while crossing a street in front of her home.

The accident victim was Edith J. Addins, daughter of Mr. and Mrs. J. T. Addins, 605 Oakwood Road. She was struck by a car driven by Mrs. Clementine B. Roland, 39, of Metamora.

Mrs. Roland told sheriff's deputies the child's crossing was obscured by a truck approaching from the opposite direction. She was not held.

The girl suffered five fractured ribs in the accident and was taken to Goodrich Hospital. She was later transferred to Hurley Hospital in Flint where she died at 12:12 a.m. today.

The accident occurred at 12:10 p.m. yesterday.

The average American uses 143 match boxes a year.

Belgians Back in Congo Hamstringing U.N. Unit

LEOPOLDVILLE, the Congo, privileged position of Belgium by a forceful threat of U.N. (API)—A new and formidable military challenge faces the United Nations in the Congo.

U.N. IS THREAT
The presence of the U.N. force is a threat to both these objectives. The U.N. mission is bound by its charter to uphold parliamentary democracy. In the nation's political turmoil this inevitably favors Lumumba. And, among all the squabbling political leaders, only Lumumba is likely to upset the 80-year-old Belgian commercial hegemony.

Senior officers of the 15,000 strong U.N. force view the development as a threat to the Congo's public order and a danger to world peace.

The Belgian officers—like their civilian colleagues in the Congo—lose government officers—have two main objectives.

One is to prevent at all cost the return to power of Communist-leaning ex-Premier Patrice Lumumba and the other is to preserve as far as possible the Congo.

The Congolese army—which U.N. mission chief Rajeshwar Dayal of India calls a "disorganized rabble"—is bitterly divided within itself. Prominent U.N. officials say it is held together only with the help of the Belgian officers and money provided by Belgian firms operating in the Congo.

Despite secret Belgian aid and advice reported by the U.N., Congolese soldiers frequently seem out of control. They have been seen mercilessly beating civilians and stripping women in public in areas under their domination. Ten persons were killed by rampaging soldiers in a Leopoldville suburb Saturday and two more were reported killed Tuesday.

In Katanga and the self-proclaimed mining state of Kasai, Congolese soldiers commanded by Belgian and other white officers have conducted reprisal raids against pro-Lumumba tribesmen in which hundreds of civilians have been reported killed.

A plan to send armored cars to occupy Leopoldville to bolster up Col. Joseph Mobutu's wobbly military regime was halted this week.

TO HEAD DISCIPLES—Dr. Perry Gresham, president of Bethany College in West Virginia, was elected president of the International Convention of Christian Churches (Disciples of Christ) at the final day, Wednesday, of their assembly in Louisville, Ky.

Battle Creek Police to Start 40-Hour Week

BATTLE CREEK (AP)—The Battle Creek City Commission has voted to place its police department on a 40-hour week effective Nov. 1. Policemen had been working a 44-hour week.

The commission also approved the addition of seven patrolmen to bring the force to 72.

Major NY Newspapers Threatened by Strike

NEW YORK (AP)—American Newspaper Guild members at all seven major daily newspapers in New York City have voted to strike next Tuesday unless a

satisfactory work agreement is reached by then. One of the papers, the New York Times, asked for and obtained the intervention of the Federal Mediation and Conciliation Service in its dispute with the Guild. The Union agreed to the proposal, and the presidential election.

Kennedy and Nixon Notable for Hissing Colorful Criticism

By JAMES MARLOW

WASHINGTON (AP)—The presidential candidates have followed the main themes from the beginning of the campaign. This is Nixon's Kennedy is a young novice on a man's errand. This is Kennedy's: Look out for Nixon.

His problem has been how to say the same thing differently. Now that the campaign is entering its final two weeks Vice President Richard M. Nixon and Sen. John F. Kennedy are finding no trouble at all in expressing themselves.

Kennedy started on his beware-of-Nixon program last July 13 in his acceptance speech by saying the vice president's political career has often "seemed to show charity toward none and malice for all."

Nixon laid the groundwork for picturing Kennedy as an immature and not too clear-headed youngster in his own acceptance speech on July 26. He accused his opponent then of being "rash and impulsive" for suggesting President Eisenhower might have expressed regrets to Russia for the U2 spy plane episode.

START EARLY
The political conventions were hardly history before Kennedy on Aug. 1—was accusing Nixon of a "lack of basic beliefs." This may have nettled Nixon who said Kennedy was "following the low road."

He said he would never "indulge in personalities" although some of the things he has been saying about Kennedy since look mighty personal.

Their first TV debate on Sept. 27 was almost a study in the brotherhood of man, with Nixon politely—sneering—with Kennedy (for which Republicans criticized him) and Kennedy treating Nixon like a highly respected old comrade from the Senate.

They got moving by the time of the second debate on Oct. 7. Apparently stung by the complaints from his own ranks, Nixon's first words were, "First of all, I don't agree with Sen. Kennedy."

Pretty soon he was accusing Kennedy of "woolly thinking" on the islands of Quemoy and Matsu. He must have liked the word "woolly" to describe Kennedy. He has repeated it.

GOES BEYOND
By the fourth debate on Oct. 21 Nixon went a step beyond his earlier remarks. He said Kennedy's ideas on handling Fidel Castro's Cuba were "probably the most dangerously irresponsible recommendations that have been made in the campaign."

Kennedy, for some reason best known to himself and his advisers, contented himself with saying little beyond suggesting Nixon was being "inaccurate."

This mildness and restraint was just a passing phase. With the campaign heading toward a finish, look at what they've been saying these past few days.

Nixon has accused Kennedy of being "woolly and fuzzy" in his thinking on Castro, of making "immature, rash and dangerous" statements, and of offering "impulsive leadership." He described

Kennedy as a man who doesn't debate with mimeograph machines and telegrams than face to face.

Just in case anyone might suspect he was running out of things to say, Nixon predicted: "These are the two weeks in which people make up their minds. Whatever has happened up to this point, you haven't seen anything yet." Kennedy has gone beyond calling Nixon inaccurate. He accused him of "distortions" and said the Republican party can count on Nixon "to lead its wrecking crew on Social Security."

And the senator, complaining, ROME (UPI)—An attempt to that Nixon wants to limit a fifth standardize the names of fish in TV debate to a discussion of Cuba order to make fishery statistics domestic and "foreign" affairs, countries has been undertaken by said: "This is another indication the Food and Agriculture Organization of the fact that he would rather ration of the United Nations."

Both Sides See Edge After State House Vote

By GEORGE T. TRUMBULL JR.

Oakland County now seats three Republicans and three Democrats in the House of Representatives, which goes along with the 55-55 make-up of the body when the hectic last session ended.

Some changes will be made by the time the gavel comes down in January. How many depends upon the voters Nov. 8.

Arthur G. Elliott Jr., Republican county chairman, and James M. Ginn, Democratic chairman, don't agree on what this new line-up might be.

One thing is certain. District 2 will have a new occupant since incumbent Rep. Farrell E. Roberts, R-West Bloomfield Township, has left the race to bid for a State Senate seat.

Elliott gazed into his political crystal ball the other day and saw his party capturing "a minimum of four" of the six seats—Districts 1, 3, 4 and 5. Democrats now hold District 4.

Over at the Democratic headquarters on Water Street in Pontiac, Ginn did some prognosticating himself. "Five of the six isn't too remote a possibility," he said.

He saw chance that the incumbent-free District 3—which has always been represented by a Republican—would change hands.

Republicans now have Rep. Lloyd L. Anderson in District 1, Rep. Roberts in District 3, and Rep. William Hayward in District 4.

Democrats claim Rep. Arthur J. Law in District 2 (Pontiac), Rep. S. James Clarkson in District 4, and Rep. John C. Hitchcock in District 6.

They are paired in the following manner for the election (electors vote only in their respective districts):

Anderson faces Patrick K. Daly, a Waterford Township Justice of the Peace for whom Democrats have high hopes.

Law meets Richard L. Moore, Pontiac district manager for the National Federation of Independent Business.

Henry M. Hogan Jr., Birmingham attorney and Bloomfield Township trustee, challenges James M. McNeely, a Milford resident and a school teacher in Farmington.

Clarkson is up against Raymond L. Baker, winner by 23 votes in a recount and retired Berkley pharmacist.

Hayward is running against Clawson attorney William A. O'Brien.

Hitchcock opposes Robert J. Turner, Ferndale attorney with an uphill fight on his hands in the Democratic stronghold.

The Clarkson-Baker match steals the spotlight. It's the pivotal spot that could swing the countywide balance in favor of either party.

Republicans still haven't recovered from the shock and surprise of 1958 when Clarkson, after an unsuccessful try two years before, gained the job by a slight margin of 369 votes over Allen C. Ingle. There were 41,289 votes cast.

Since then they have been shopping around for a candidate. On the morning after the primary Detroit insurance man John A. Titus, of Berkley, was tossing his narrow victory over former Berkley councilman and pharmacist Raymond L. Baker.

Baker, 54, however, received a pleasant surprise during the canvassing of votes. He was declared the winner to meet Clarkson, who lost the seat in 1956 by 7,063 votes out of 54,318 votes cast.

NEARLY LOST
Clarkson, 35, who lives in Southfield and practices law in Berkley, teetered dangerously on the brink of political suicide during the last session when he fulfilled his campaign promises to oppose a personal state income tax as advocated by Gov. Williams. Democrats were ready at home to give him the ax. His Democratic opponent in the primary came within 1,300 votes of defeating him. However, party leaders feel now that an incumbent in the race will benefit these cause.

The District 4 race got hot recently when Clarkson accused Baker of being a "phony" in his stand for a commission to solve the Carver School District ruckus.

If re-elected, Clarkson proposes to fight for the repeal of the personal property tax, replacing it with his differential tax, where the tax on land is higher than the tax on personal property.

Clarkson is endorsed by both the Teamsters and the AFL-CIO. An all-out voter registration drive in District 1—the largest district area-wise—gives encouragement to Ginn's forces that Daly will be elected.

Anderson's margin of victory increased from 1,564 when he was first elected in 1956 to 6,866 two years ago. Anderson, 32, of 2709 Lincolnshire Road, Waterford Township, is a former township supervisor. He's employed by the county's personnel department between sessions.

Daly, 31, of 1158 Lynsye Lane, Waterford Township, has been justice since 1957. He was formerly with Ford Motor Co.

Anderson promises close scrutiny of state departmental budgets to assure, he says, more economy in government. He's for con-con and the sales tax increase.

Daly, too, is for con-con but opposed the penny boost. He favors a graduated state income tax.

The Democratic candidate is also for revision of the 12-point driver license suspension system where a traveling salesman, for instance, would be allowed greater flexibility.

In the race which will be decided by Pontiac voters, Law, former mayor and a grocery store owner and operator, appears to be in little danger. The city's heavy Democratic vote is expected to return him to his second two-year term in Lansing.

Republicans privately admit that Moore has an uphill fight. Elliott sees the Democratic margin in the city decreasing; however, Democrats recorded 63.2 percent of the vote in the city two years ago.

Moore, 47, of 17 Prall St., tried to break the monopoly in 1950 but failed against Leam Harrelson, now president of the Pontiac Teamsters Local 614.

Moore once had visions of running for governor. Both Moore and Law were unopposed in the primary.

Law, 54, who was defeated in 1952 in his bid for Congress, immediately jumped on Gov. Williams' bandwagon for a graduated income tax and corporation profits tax when the governor proposed it in February of 1959.

Law, of 27 Miami Road, later became a strong advocate of the so-called piggyback tax based on what Michigan residents pay in federal income taxes.

A state income tax, Moore said, will result if voters next month reject the sales tax increase.

On the subject of the state's business status, Moore said: "The truth is the economic climate is bad. This can be changed if political, business and labor leaders will stop their propaganda and tell the people the truth and act to meet the problem."

Law counters by blaming Republicans and Paul D. Bagwell, candidate for governor, for blackening the state's name with "reverse propaganda."

Two political newcomers have hopes of replacing Roberts.

The smoke of the primary battle had barely cleared when McNeely, a former Chrysler Corp. worker and television public relations man in Green Bay, Wis., accused Hogan of using General Motors dealer cars in front of polling places.

Hogan's father is vice-president and general counsel for GM.

McNeely called for an investigation by the director of state elections. The complaint was not valid, Hogan was told.

Just lately McNeely campaigned that the Public Service Commission should be given authority to set charges by utilities based on the caliber and quantity of service provided.

Hogan is 27 and McNeely 30, making them the youngest in any of the county races.

McNeely, of 1068 Prince Road, Milford, has taught the last five years in Birmingham public schools. He works in a special experimental program for junior and senior high school boys who have trouble adjusting to their regular classroom.

He holds a master's degree in psychology from Wayne State University.

His opponent graduated from Holy Cross College in 1954 and received his law degree from the University of Michigan in 1957. He's done graduate work in business administration the past two years.

Ginn sees his party narrowing the Republican winning margin in this heavily-Republican district, bolstered by Bloomfield Hills, Bloomfield Township and Birmingham. The Democrats drew 14,351 votes in 1958 (out of 38,387) and 20,293 (out of 47,223) in 1956.

Hogan was first elected township trustee in 1959. Both favor con-con and follow party lines on taxes. Next to the outcome of the District 4 election, Ginn's

hopeful forecast of "maybe five of the six" hinges on what happens in District 5, made up mostly by the city of Royal Oak.

BATTLE LINES FORM

Battle lines have been formed of late between Hayward, the incumbent and mayor of Royal Oak, and a Johnny-come-lately politician in O'Brien. Union endorsements have helped ferment the contest.

The Carver School District controversy added fuel to the fire also.

Hayward, 54, of 1839 Sycamore St., Royal Oak, charged the Oakland County AFL-CIO Council had made "a sham" of its political endorsements of candidates by inviting him for an interview after O'Brien already had been endorsed in the primary. O'Brien also has the Council's blessing going into the general election.

Then it was O'Brien's chance to counterattack when it was learned Hayward had been endorsed by the Teamsters. The Republican incumbent, who denied soliciting the support, later "emphatically repudiated" it.

Hayward has served on the nonpartisan City Commission either as commissioner or mayor since 1939. His present term expires next year.

In 1952 he entered the Republican primary seeking the 18th Congressional District seat.

He has been a self-employed investment counselor and spent 23 years in the banking business in his city.

A graduate of Holy Cross College and the Yale Law School, O'Brien, 30, of 1351 N. Selfridge Road, Clawson, was for two years lecturer at the University of Detroit Law School. Earlier he assisted in the preparation of a book on copyright law.

A Navy veteran, O'Brien offers a varied platform, which includes simplification of the state's tax structure and creation of a state tax court.

O'Brien is "preferred" by the Oakland Citizens League.

"The reporting of the state's climate by politically immature Republicans, arrogantly accustomed to having their own way and as yet unable to pull in the harness with the majority Democratic party, has tended to blacken and vilify the good name of Michigan," O'Brien said.

Right across the county border from Democratic Wayne County, District 6 shouldn't see any change in representation the next two years.

Elliott and Ginn agree here.

A 35-year-old lawyer who has never run for public office before, Turner is still giving it all he's got. While admitting his chances of defeating Hitchcock are slim, Turner has a secondary purpose. He's chairman for the Bagwell forces in the county.

Bagwell's looking for a little boost in Turner's district, too.

Hitchcock, a Hazel Park insurance man was elected to office two years ago, upsetting the former legislator who had held the position since 1948. He survived a hot three-man Democratic primary in which the AFL-CIO refused him endorsement, giving it instead to a newcomer.

Turner worked his way through school and later received his law degree from the Wayne State law school. He passed his bar examination in 1956.

He has taught in Detroit schools.

Turner puts in a plug for himself and Bagwell, in this way, in his platform:

"Michigan is traditionally dynamic, Michigan has been traditionally Republican. It is time for the industrial worker of Michigan, along with all other citizens in Michigan, to return to the dynamic approach to problems that the Republican party takes."

Queen Elizabeth Kills
Tiny British Farthing

LONDON (AP)—Queen Elizabeth II has written off the farthing.

A royal proclamation withdrew the tiny coin from circulation after 600 years as the least valuable currency of the sterling area. After Dec. 31 the farthing—worth a quarter of an English penny—will be worthless.

Acronyus in the South American Andes is the highest peak in the Western Hemisphere: 22,832 feet.

Asks Greater Check
on Freighter 'Pests'

SAGINAW (U-A) State Department of Agriculture official says the department's inspection committee will have to be expanded to "meet the threat of foreign plant and animal pests brought to Michigan through the St. Lawrence Seaway."

C. A. Boyer, in urging that more inspectors be added to the committee, said that the plant and animal pest threat was "very grave to the welfare of the state of Michigan."

Boyer testified before a Senate interim committee headed by Sen. Arthur A. Dehmel, R-Univille. J. Guy Lewis, assistant regional supervisor of the federal plant quarantine division, said there were only four and at the most five inspectors to cover Detroit, Bay City, Saginaw, Port Huron, Muskegon, Toledo, Ohio.

Lewis said "there is no such thing as 100 per cent inspection of a ship."

An instrument using sunlight as a source of energy converts salt water into fresh at the rate of three gallons per hour.

Hauled Into Court
After Pant-y Raid
on LA Policeman

LOS ANGELES (AP)—Commercial artist Gloria Pereira had a more than a hair-raising time when she was hauled into court on charges of drunken driving and hit and run Wednesday that he was giving another motorist directions on busy Wilshire Boulevard when Mrs. Pereira, 33, drove by.

Patrolman Edward F. Neville testified at Miss Pereira's trial on charges of drunken driving and hit and run Wednesday that he

was giving another motorist directions on busy Wilshire Boulevard when Mrs. Pereira, 33, drove by. He said he realized it had been more than a hair-raising time when she was hauled into court on charges of drunken driving and hit and run Wednesday that he

New Mission for Air Force Reserves

In the event of nuclear war, where will the Strategic Air Command's bombers return to, if their bases have been blasted by enemy missiles?

The Air Force hopes to have them head back to nonmilitary airports all over the country, and be made ready to return to the attack by Air Force Reserve outfits.

The plan was disclosed yesterday in Detroit by Major General Harold R. Maddux, commander of the newly activated 35th Air Force Reserve Region and John W. Richardson, of 412 Benning Drive, Bloomfield Hills.

Richardson will head the new program in the 35th Air Force Reserve Region, which includes a 13-state area in the Middle West.

Minimum requirement for the airports to handle the SAC planes is a 6,000-foot runway. When expansion plans are completed, Pontiac Municipal Airport in Waterford Township will have a runway length of 5,300 feet, with no immediate plans for expansion to 6,000.

Mobutu Bows to U.N. Demand

Withdraws Most of Rowdy Army From Shaky Leopoldville

ordered Mobutu to remove his men or face strong U. N. action.

Mobutu left a few isolated patrols on duty. He also set up a detachment in front of the central post office in the European city where they could be seen by the largest number of people.

State Would Employ Religious

Catholic Church Fights Cuban Educational Plan

HAVANA (UPI) — The Roman Catholic Church mobilized opposition Wednesday to government educational plans which would make children between 6 and 15 years of age virtual wards of the state.

Directors of Cuba's Catholic schools were summoned to an urgent meeting Saturday to consider a proposed law which would empower the education ministry to decide where and by whom young Catholic faith to divide the children shall be educated — a national conscience.

The government attitude was reflected by an editorial in the official press charging that priests "at the service of oligarchies" have been trying to "use the decide where and by whom young Catholic faith to divide the children shall be educated — a national conscience."

Premier Fidel Castro's regime has altered Cuban educational standards drastically by eliminating tests and textbooks and allowing children to "develop their personalities" by choosing their own study subject matter.

This reform requires that teaching must be based on "current events" — in other words, developments as reported in the controlled press.

MAJ. GEN. HAROLD MADDOX COL. JOHN W. RICHARDSON

400 FIELDS OR

Air Force officials indicated, however, that approximately 400 airports throughout the country have the minimum facilities for the operation.

"The two" of America's one-two punch in the event of nuclear attack will depend on the newly reorganized Air Force Reserve," said Maj. Gen. Maddux.

Maddux announced the reorganization of the Air Force Reserve, its new mission, and the appointment of Richardson to head the Reserve staff, as vice commander.

Col. Richardson said the reserves will be able to maintain America's "restrive capability" at a higher level than ever before.

In the event of a major war said,

Gold Price Tumbles to Near U.S. Rate

LONDON (AP) — Gold dropped to \$35.5 a fine troy ounce on the London bullion market today — its lowest price since the gold scramble started eight days ago.

The figure was 28 cents below Wednesday's close. Its peak during the frenzy of speculative buying last week reached \$40.50.

One dealer described today's demands as moderate, with little evidence of selling.

"I still do not think this is the end of the bubble," he said.

The U. S. Treasury official gold price is \$35 an ounce and until the rush started this figure usually varied by not more than the penny or two on the London U. N. Congo mission, bluntly market.

Deaf Driver, 80, Denies He's at End of Road

LOUISVILLE, Ky. (AP)—Edward Ashby is 80, stone deaf and extremely independent. He also is a dangerous driver, says his son Wayne, 54.

"Take his license, Judge. I want to save his life or someone else's," the son pleaded in traffic court Tuesday.

The father was charged with reckless driving. Police said he attempted a U-turn in heavy traffic.

Wayne Ashby said state officials refused to revoke his father's license without affidavits.

"My father will obey the law, he won't drive if he doesn't have a license, but as long as he has one he will," the son said.

Judge Ralph Stone continued the case to Nov. 28.

Nikita Says He Won't Blockade W. Berlin

MOSCOW (AP) — Premier Khrushchev has told West German Ambassador Hans Kroll the Soviet Union has no intention of blocking West Berlin and any charges that it does plan a blockade are slanders, diplomatic sources report.

But the sources said Khrushchev

emphasized that the Soviet Union is as determined as ever to end the occupation status of Berlin.

Khrushchev and Kroll conferred last week when the ambassador delivered a letter from Chancellor Konrad Adenauer asking repatriation of German civilians still in the Soviet Union. Khrushchev reportedly replied that exit visas would be granted speedily to those who could prove German citizenship.

Japan and South Korea Open Relations Talks

TOKYO (UPI) — Japan and the Republic of Korea Tuesday opened talks aimed at restoring normal relations between the two countries for the first time in more than a half-century.

Dr. Yu Chin On, chief South Korean delegate to the talks, met with the Japanese delegation, headed by Rensu Sawada, in what officials described as "possibly the

friendliest atmosphere" since the two nations began negotiations a decade ago.

The Ganges River for untold centuries has been holy to Hindu India. People of all stations come to bathe in it. For those unable to make the pilgrimage, water is bottled and carried home. Ganges water keeps for years without staling. So tradition goes — and it is so true that a dying man is believed to cleanse him of sin by drinking the water.

Harvard Historian Speaks Out for Jack

CHICAGO (UPI) — Historian Arthur M. Schlesinger Jr. said Monday night the presidential campaign has "ruthlessly brought home the difference between a synthetic and an authentic man."

Speaking at the Quadrangle Club here, the Harvard University pro-

fessor said the choice for voters this year "is simple."

"If we think that everything is fine and that there is no need to worry about our country," he said, "we should vote for Mr. Richard M. Nixon."

"If we think we need a new burst of innovation and idealism to meet the cruel problems that assail us at home and abroad, then we are fortunate in having the opportunity to vote for John F. Kennedy."

Half-Speed Output Still Shows Profit

Steel Doing Well Despite Order Slump

By SAM DAWSON — NEW YORK — Steel's private recession has had top billing in all discussions of this year's business uncertainties.

It has taken its toll in production jobs, taken home pay and profits. But its profit bite has been less deep than many expected, although the slump in orders has lasted longer than originally billed and still dashes the hopes of those who expect it to be over soon.

And steel's recession also has pointed up the difference between the big and little companies when it comes to making money.

All of the big companies reported so far show profits for the first nine months running ahead of the same period last year. With few exceptions, the smaller companies report earnings lagging behind their 1959 figures.

Production measured in tonnage is much more impressive, too, than when measured in percentage of capacity. Tonnage, although lower than expected at the start of the year, hasn't fallen off nearly as much as the idle mills might indicate.

HALF SPEED GOOD
That is because the great expansion in capacity since World War II means that even running

at half speed the companies can turn out more steel than they could at full speed.

Also the newer mills can turn out more steel than the old ones in a week—and at a considerably lower cost. Hence the ability of the big steel companies to use only their newest facilities and show a profit when operating at less than 50 per cent of their total capacity. At the end of World War II, 80 per cent of capacity was the commonly used figure for the break-even point.

Profit comparisons with last year are thrown out of kilter by the crippling strike in the 1959 summer.

But of the 19 steel companies reporting so far, eight show increased profits in the first nine months of 1960. They include six of the "big" and two middle-size companies. The 11 showing declines are either small or middle-size producers.

The big companies weigh the scale heavily. The 19 combined report this year's profits at \$45,402,000, a gain of 1.2 per cent over last year's \$44,850,000.

Most show that profits dropped during the summer from the earlier months of the year.

The largest, U. S. Steel, made \$2,415,599 this summer, compared with a loss of \$3,153,136

in strike bound 1959. The third-quarter earnings this year were sharply off from the spring quarter's of nearly \$81 million.

Comparison of this year's slow summer with the summers of years before the strike-beset 1959 tell a clearer story of the ups and downs of the steel industry.

In the July-September of 1958, U. S. Steel netted \$75 million, against this year's \$32 million. In the July-September of 1957, the profit was \$38 million. In 1956, also strike torn, it was \$35 million, and in 1955 \$30 million.

The outlook for 1960 as a whole is that the industry should at least break even with its profits in 1959.

Currently the industry is producing very little more steel than it did in the summer. It has in turn wiped off its hopes of an up-

Kennedy Ahead 3 to 2 at Harvard, Radcliffe

CAMBRIDGE, Mass. (AP) — Sen. John F. Kennedy has emerged a 3-2 favorite over Vice President Richard M. Nixon in a presidential preference poll of Harvard and Radcliffe students

conducted by the Harvard Crimson, undergraduate daily. The vote was 3,961 to 2,412. Kennedy is a Harvard graduate.

Enough wood to build 15 six room houses is contained in the wooden matches which are consumed every 24 hours in the United States.

Sorry, Operator, He's Rather Far From Phone

NASHVILLE, Tenn. (AP) — A long distance telephone call for reporter Wallace Westfield came into the Nashville Tennessee city room Wednesday night.

Told Westfield wasn't in, the operator asked where he could be reached.

"He's gone to the South Pole," reporter Mark Clark Bates answered.

Sure enough. He is assigned with a Navy expedition at the turn of the year.

FORMIDABLE FORCE FOR FREEDOM

A SPECIAL MESSAGE TO YOUNG MEN 17 YEARS OF AGE AND OVER

Under the provisions of the Armed Forces Reserve Act of 1955 you have a military service obligation to fulfill. You can serve your country proudly by joining the Naval Reserve. This may be done at any time before receiving your notice of induction from the Draft Board.

Some of the advantages of Naval Reserve membership are:

You earn regular pay, promotions and retirement benefits by attending weekly training meetings. You may take a two week annual training cruise aboard regular Navy ships and visit foreign ports. You have many educational opportunities available to pursue:

1. Service Schools

2. Training in technical Navy occupations at your Reserve Center.
3. A chance to apply for a FREE college education at Annapolis or NROTC universities and earn a commission.
4. Correspondence courses.

You will meet new friends, participate in an active program of social and sporting events.

IT'S CADET COLIN KELLY — Colin P. Kelly III, 20-year-old son of Army Air Corps Capt. Colin P. Kelly whose heroic death early in World War II earned the youth special privilege, handles his Garand M1 rifle at the U.S. Military Academy at West Point. Young Kelly could have entered the academy on special privilege — presidential appointment as requested by Franklin D. Roosevelt. But the blond youth got into the academy the hard way, by passing stiff entrance examinations.

New Study Is Revealing Find 'Waves' Different in Male, Female Hearts

NEW YORK (UPI)—You'd think that after centuries of comparative studies it would be impossible to find yet another difference between men and women. Nevertheless, a new one has been found. This is a difference between male and female hearts. The former generate patterns of electric waves which are not duplicated by the latter. Medical science now will have to make a sex distinction in functioning hearts.

A size difference has been long known. Woman's heart is not as big as man's, in relation to body size. But these electric wave patterns are quite another matter.

They are recorded by the electrocardiograph; the recordings are electrocardiograms. When read by experts they reveal how well hearts are behaving, and when hearts are misbehaving, they show in what ways.

So many have been made and studied—the normal and abnormal patterns for all ages are well established. These norms are based on the assumption that the patterns of men and women are alike.

Six scientists of the University of Minnesota and the Mutual Service Insurance Companies of St. Paul followed up a suspicion that the studies it would be impossible to assume a massive study of male and female electrocardiograms.

They took 424 men between 40 and 59 years old at random from among employees of 20 railroads. Their 342 women were of the same ages, also randomly selected—from among hospital and insurance office employees. All were free of any disease which might affect heart action.

Overweights, underweights and normal weights were distributed evenly among both groups which were representative, statistically speaking, of the general U.S. population of men and women of these ages. Two investigators each made one 12-lead electrocardiogram of each man and woman.

These electrocardiograms were then analyzed statistically and revealed several consistent differences between male and female hearts. The major ones were in the amplitudes of some waves. "This was unexpected," the scientists said.

"The reason is not immediately apparent, though the smaller hearts of women, both absolute and in relation to the body weight, may be a contributing factor," they added.

Of course, there is a difference in chest configuration between men and women. But they doubted that this would account for the smaller amplitudes recorded in women.

Oregon's Governor Plans Michigan Tour for GOP

LANSING (UPI)—Oregon's youthful Gov. Mark O. Hatfield will tour Michigan almost from corner to corner Friday and Saturday in a campaign swing on behalf of the Republican ticket. The GOP State Central Committee said that Hatfield, 38, will start at the Michigan College of Mining and Technology at Houghton Friday and end up in Port Huron Saturday evening.

Judd Blasts Jack as 'That Youngster'

LANSING (UPI)—Rep. Walter Judd, R-Minn., blasted Democratic presidential nominee John F. Kennedy Friday night as "that youngster" in a speech at the annual dinner of the Richard Nixon Club.

He termed Kennedy "that youngster who presumes he knows more about dealing with the Communist challenge than experienced leaders such as President Eisenhower, Richard Nixon and Henry Cabot Lodge."

Tucson Bishop Resigns Because of Poor Health

WASHINGTON (UPI)—Pope John has accepted the resignation of the Most Rev. Daniel Gercke as Bishop of Tucson because of his age and poor health, it was announced here Wednesday. Conductor Bishop Francis Green succeeds him.

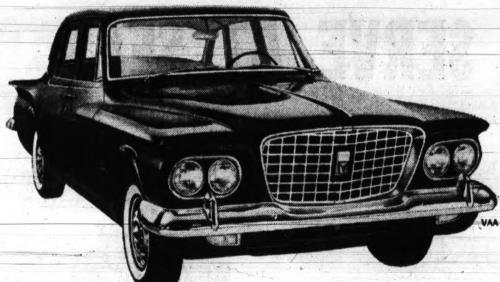

Bishop Gercke, 86, has been a priest for 59 years and bishop of Tucson for 37. His successor has been his auxiliary since Sept. 17, 1953, and was named conductor bishop with right of succession last May 11.

Despite Blue Jeans and Sneakers

Youngsters Do Yearn for the Culture Arts

By EUGENE GILBERT
President, Gilbert Youth
Research Co.

Don't let the blue jeans and sneakers fool you. Our young people do have a yearn for culture. This is the conclusion we drew

after questioning 953 representative high school students. And it is apparent even though only 2 per cent attend the symphony regularly and only 6 per cent always go to the art museums.

Their reasons for not pursuing the cultural arts were consistent-

ally, however, were revealing and clear. And they do well to take heed.

Betty Chalkley, 17, of Richmond, Va., said she never had attended a symphony but "would love to." The trouble is, she said, "I can never get anyone to go with."

Only a handful of the youngsters questioned felt like Thomas Kapp, 17, of Miami Beach, Fla. — "I hate classical music."

Boys appeared less interested in concerts than girls. Of the 32 per cent who said they never attended, 63 per cent were boys and 41 per cent girls.

Attendance at road company productions of Broadway shows revealed the same teen-age attitude: enthusiasm among those who had seen them, and at least a desire to see them among those who hadn't. Only 24 per cent of the boys and 38 per cent of the girls had seen a road show.

"I enjoy them very much," said Crystal Blocker, 18, of Claremont, Calif., "ever so much more than the movies of the same shows."

As to "Little Theater" performances, 74 per cent of the young people said there was one in their city, but 71 per cent of the boys and 50 per cent of the girls said they never attend any of the performances.

They explained the plays usually were on week nights and, besides, the tickets were too expensive.

Of all the art forms, ballet attracted the smallest teen-age audience. But again, the 16 per cent

of the boys and 45 per cent of the girls who had attended generally were enthusiastic.

"Very impressive and beautiful," commented Betty F. Chalkley, 17, of Richmond, Va.

Of the 32 per cent of the youngsters who said there was an art gallery or museum in their vicinity (and all of them knew where there was or was not), 51 per cent said they visit them sometimes, 23 per cent seldom went and 20 per cent never did.

"On quite a few Sundays when there's a good exhibit," said Betty B. Best, 17, of Richmond, "my aunt and I go."

UP TO ADULTS

Betty's answer was significant. Time and again the young people indicated that if more adults showed interest, more teenagers would take an interest in culture. One of the most revealing results of the survey was the percentage of teenagers who undertake cultural advancement on their own.

How many of them have library cards? A whopping 50 per cent — and 40 per cent use them often, outside of school work; only 6 per cent never.

PTA Planning at McConnell

A bake sale is slated Election Day, Nov. 8 at McConnell School. Proceeds will benefit the Pontiac Parent-Teacher Association Scholarship Fund.

"I enjoy reading more than anything else," said Judy Chess, 17, of St. Louis.

And what about lectures—outside of school? Forty-one per cent of the youngsters had attended them and their reasons for going were well summed-up by Sandra Speth, 17, of St. Louis:

"To learn something I knew nothing about," she explained.

As a result of their own desires, 50 per cent of the youngsters had done some sketching or painting. Only 37 per cent never had (13 per cent did not say). And 42 per cent, outside of school, had written some poetry.

What did they do with the painting or poem?

"Stuck it in my drawer," said Anne Lamsberg, 15, of Webster Groves, Mo., who did a painting.

"Threw it away, it was terrible," said Janara Warburton, 17, of Claremont, who also tried her hand at painting.

Margaret E. Gates, 17, of Claremont has written many poems. She said, "to Venus, Satan, God, myself, a friend." But all of them are "kept carefully hidden."

Among the other avocations of our teenagers, 7 per cent take dancing lessons, 39 per cent play chess, 31 per cent collect classical records, 34 per cent listen to the opera on television, and 23 per cent are studying some musical instrument.

The Valley of Ten Thousand Smokes in Alaska, now a national monument, followed the eruption of Mt. Katmai in 1912.

Alumnae Group to Hear Doctor

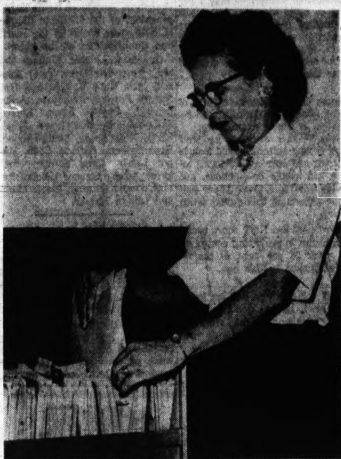

Stephens College Alumnae in the Pontiac area have been invited to attend the group's monthly meeting at 8 p.m.

Wednesday in the home of Mrs. Edward Conley on Willow Lane, Birmingham.

Dr. Victor Bloom, M.D., a resident psychiatrist at Lafayette Clinic, Detroit, will speak.

point pens with inks that smear, fade, skip or run out too often are liabilities for the school child who is judged for neatness as well as accuracy.

Pontiac Press Photo

Named Volunteer of the Month by the Central Volunteer Bureau is Mrs. Louis Matich of North Genesee Avenue who has put in many volunteer hours at the United Fund office on Franklin Boulevard. She is among clerical workers helping their community.

Volunteer of Month Named

Resuming its practice of honoring outstanding volunteers monthly, the Central Volunteer Bureau of the Pontiac Area United Fund has named Mrs. Louis Matich as its October Volunteer of the Month.

Mrs. Matich, more familiar to visitors at the United Fund office as Gladys has worked on every large project at the agency office since June. She is a veteran of past United Fund campaign drives and has contributed many hours of her office skill to the community.

"She is a very warm personality... always interested and helpful," said Mrs. Allen E. Priestley, chairman of the Central Volunteer Bureau.

Mrs. Matich and her husband, Louis, attend St. Vincent de Paul Roman Catholic Church.

Anyone interested in volunteering services to the community is urged by Mrs. Priestley to contact the Central Volunteer Bureau in the Community Services Building on Franklin Boulevard.

Neighbors Meet With Mrs. Barron

Mrs. Jack Barron of North Cus Lake Road, Waterford Township was hostess to the Good Neighbors Extension Club Wednesday.

On the agenda were planning programs for the year, choosing a name for the new group, and outlining projects for community services.

Four members will attend a Christmas workshop at Clarkson Junior High School Friday.

Jack Frost Is a Puzzle to Women Drivers

NEW YORK — Sorry, women drivers, you're great and we love you all dearly — but so far as knowledge of your automobile is concerned, most of you need considerable brushing up. And the answers you gave in a recent nationwide quiz indicate the brushing-up had better come before cold weather sets in.

Just announced, the results of this quiz taken by 25,000 club women all over America show that many of you women are oblivious of what makes your car tick; how its various parts work and what's required to keep them operating properly. It's a particularly serious situation since there are some 40 million women drivers and, while it may be said that you, it's mama who usually takes the family automobile in for servicing.

There were 140 questions on the quiz, sponsored by the makers of a well-known antifreeze, and the average score was 51. You did fine at telling what a hubcap is, and in general, you showed you even know what an oil filter does. Practically every woman realized that "flooding" your engine means to pump too much gas into the carburetor, and that safe-

ty belts will reduce injuries in case of accident.

But some of the worst scores were made on those questions having to do with the safeguards a woman needs to take for safe and efficient wintertime driving.

Most of you were correct in stating that the main purpose of antifreeze is to prevent the water in your car's radiator from freezing up when the temperature drops. But a full two-thirds of the women missed the question on how to take care of antifreeze. The correct answer is to have it installed by a serviceman before freezing weather, and drained out in the spring.

Another two out of every three female drivers did not know that changing to light oil in colder weather will help cut down on gasoline consumption. And almost as many women failed to realize that if you add on an icy road, the thing to do is to ease off on the accelerator and steer in the same direction the rear of your car is moving.

Almost no woman — only 7 per cent — could identify the causes of skidding in the first place. The correct answer: Swerving, shifting gears, applying brakes, accelerating or decelerating — doing any of these things too suddenly.

Some other automotive facts of which females apparently need reminding as winter approaches: Cold weather service for your car's cooling system should include draining and flushing; checking all hose and heater connections, and adding anti-freeze. Over 32 per cent of the women got this quiz question wrong.

Snow tires are NOT more useful than chains in providing control on ice. Over 28 per cent of the females thanked us on this one.

With cold-weather driving looming ahead, ladies, don't give the results of this quiz a cold shoulder. A little get-ready-attention to your car now may save a lot of heartache — and expense — when Jack Frost takes the wheel!

The goblins won't get you if you feed them. Kathy Doig and Diane Kampsen, both living on Lakewood Lane in Hammond Lake Estates, put the finishing touches on a batch of cookies for Halloween eating. They're learning early to be "the hostess with the mostest."

Completes Plans for Annual Party

Plans were completed for the annual benefit card party by members of Gamma Chapter of Beta Theta Phi Sorority Tuesday evening in the home of Mrs. Ralph Behler on Niagara Avenue.

Mrs. Paul VanRokel was co-hostess. Pledges present were Mrs. John Murray, Mrs. Burt W. Rockwell and Mrs. Walter Brieden.

District President Drops In

Auxiliary 1008 to the Veterans of Foreign Wars met Monday evening for a business session and annual inspection by 5th District President Mrs. Sydney Sump of Auxiliary 1146, St. Clair Shores.

Other visitors were Mrs. Ernest Tolesman, 5th District secretary; and Mrs. Gerald Roddy, trustee for the 5th District, both of Auxiliary 2222, Berkley.

After making a donation for

a party noon at the Ann Arbor Veterans' Hospital, announcement was made of the auxiliary's Nov. 11 Veterans' Day Dinner in the organization's post rooms.

Auxiliary President Mrs. Lucy Wright reported on her recent visit to the VFW National Organizational for Mothers and Children at Eaton Rapids.

Currently observing membership month, the group is open to wives, mothers, daughters and sisters of men or women who have served overseas. Those interested may contact Mrs. Lucy Wright of University Street or Membership Chairman Mrs. Otto Zander of North Johnson Avenue.

NSA Greet Prospective Members

Prospective members were guests of the Pontiac Chapter of the National Secretaries Association International at a desert social hour Wednesday evening in Ted's Restaurant.

Theresa McVeigh, membership chairman, introduced Nellie Hardy, president of the Michigan Chapter of NSA, who spoke on the merits and qualifications of the group.

Guests were Mrs. William Nesbitt, April Lee Dyer, Judy Johnson, Mrs. Katie V. Eskridge, Kate Nurek, Patricia Przyweala, Arlene Duval, Phyllis Letts, Eleanor Skibowski, Bernice Guyer, Amelia Ezell, Nella Spear, Linda Gaylord, Rose Seibert, Patricia Code, Margaret Lewis, Carol Sampey, Margaret Adair, Eleanor Lingenfelter, Mrs. David Ostrand, Marie Madry and Lillian Matner.

Halloween Early

The Lucky 13 Birthday Club met at the home of Mrs. Phil Orenia on Center Street Monday for a Halloween party. The birthday of Mrs. Anderson Bee was celebrated.

Prize winners were Mrs. John Bee, Mrs. Roy Derrn, Mrs. Ralph Derrn and Mrs. Bee. Mrs. Nellie Buss of Parkway Street will be hostess at the November meeting.

Dewey Upholds Military Setup

Says That Eisenhower Has Provided Protection With U2s, Atlas

LOS ANGELES (AP)—Former New York Gov. Thomas E. Dewey says Sen. John F. Kennedy is ill-advised in saying U.S. military might has grown shaky under President Eisenhower.

"If it were true that the greatest military leader of our time had allowed the defenses of America to fall into disrepair," Dewey said Tuesday night, "then how come we were able to protect ourselves from surprise attack by overflying the Soviet Union for four years with the U2?"

The 1941 and 1948 Republican presidential nominee asked a GOP rally to suburban El Segundo High School auditorium: "How come we have overseas bases loaded with nuclear bombers that can cover every portion of the Soviet Union and fly on to safety if the Soviets should dare attack us?"

"How come we have the Atlas missile which was again fired only three weeks ago, further than any the Russians have ever fired?"

Dewey told the 1,500 attending the rally: "Every single one of our missiles has been developed, tested, produced and fired under the blazing leadership of the Eisenhower administration."

Two From Des Moines Decide World Is Small

DES MOINES, Iowa (AP)—Dr. Alan H. Franklin and James S. Duncan, both of Des Moines, met for the first time when they appeared on a Des Moines television program last spring.

They met again recently—at a railroad station in Amsterdam, the Netherlands, where they were trying to get reservations on a heavily booked train to Copenhagen, Denmark.

Manufacturing wages and salaries in Arkansas in 1959 were up 11 per cent over 1958.
