French Regime Calls for Support

PARIS (AP) — The French government called today for a clear and solid majority in elections to help the troubled nation back on its feet. The elections, to replace the dissolved National Assembly, are set for June 23 and 30.

The Cabinet spokesman, Information Minister Yves Guena, told newsmen the strike wave, now in its 16th day, had eased in "numerous branches" of industry.

★ ★ ★

Reports from throughout the country tended to confirm that strikers had decided to return to their jobs in a number of smaller factories and in some administrative offices. However, strikers in major industries seemed determined to continue their walkout.

The situation was unclear due to the Pentecost weekend, which extends through Monday, when activity would normally be at a slow pace.

TO RESPECT AGREEMENTS

Guena confirmed that the government will respect agreements made May 27 in a long bargaining session with union and management leaders. The agreements, which have yet to receive backing of all the workers, call for a 10 per cent hike in the minimum wage, strike pay and other benefits.

For repair efforts, President Charles de Gaulle's new government had Maurice Couve de Murville, described as de Gaulle's most trusted minister, in charge of finance. Several ministers accused of mishandling the crisis were gone.

To guard against violence, de Gaulle has quietly strengthened military and national police units in and near Paris.

The Defense Ministry said yesterday it soon would publish a decree authorizing the call-up of army, navy, air force and national police reserves.

It said the order could involve "a limited number of specialists and technicians needed for the functioning of installations essential to economic life."

Hanoi May Be Set for Meaningful Talks

PARIS (AP) — North Vietnam may be preparing to outflank its own barrier to progress in the Paris talks and move the discussion to broad peacemaking issues without insisting on an immediate end of bombing in the North.

This possibility is being studied by U.S. officials. It arises from wording used in the North Vietnamese Communist party paper Nhan Dan today.

★ ★ ★

Nhan Dan said that before other problems in the peacemaking process can be discussed, the United States "must first of all clearly acknowledge its responsibility to put a definitive and unconditional end to bombing and all other acts of war on the whole Democratic Republic of Vietnam territory."

★ ★ ★

This new formulation of an old North Vietnamese demand coincided with the assignment of a new North Vietnamese adviser to the delegation here headed by Ambassador Xuan Thuy.

TOP HANOI RED

On his way to Paris, according to the North Vietnamese announcement, is Le Duc Tho, 57, a member of the Politburo of the North Vietnamese Communist party's Central Committee.

★ ★ ★

Yesterday's meeting, the sixth since the talks started three weeks ago, produced no movement toward agreement by either side.

Thuy said that if Harriman persisted in demanding some concession from North Vietnam for ending all attacks on that country they would eventually put out a joint communique in which the U.S. would pledge to stop its attacks and North Vietnam would pledge to abstain from attacking the United States.

Special Gear Rushed to Aid in Sub Search

NORFOLK, Va. (AP) — The Navy has flown two deep submersibles and an advanced diving system to the Azores to explore the shallow waters near the last reported position of the missing nuclear submarine Scorpion.

The deep submersibles, Link Perry and Deep-Diver, and the advanced diving system, Ads Mark 4, were sent yesterday to survey the ocean bottom south of the Azores where the Scorpion last radioed her position May 21.

★ ★ ★

All three can explore the ocean floor to a depth of more than 1,000 feet. The Scorpion and her crew of 99 were due to arrive at her home port here Monday at 1 p.m. and was declared missing on Wednesday.

Meanwhile, destroyers and submarines are sweeping eastward along the 2,400-mile projected course of Scorpion from Norfolk to the Azores. The Navy said the armada is expected to reach the Azores June 7.

SEARCH PLANES

While the armada searches a 15-mile-wide track, three patterns of search planes are conducting visual observation flights along a 100-mile-wide track on the same course.

The focal point of the search is now around the Cruiser Banks, with depths as shallow as 100 feet, and the Irving Banks, 360 miles south of the Azores. The Scorpion's projected course would have taken it within 30 miles of these "sea mounds," or underwater ridges.

★ ★ ★

The nuclear submarine Gato was scheduled to arrive today in the area of the sea mounds to rendezvous with the deep submersibles.

Vice Adm. Arnold F. Schade, commander of the rescue force, told newsmen Friday that the area off the Azores was the "second logical" spot to search since no clues to the Scorpion's whereabouts had turned up in the ocean approaches to Norfolk.

Chance of Rain Is Forecast Today

According to the official U.S. Weather Bureau report, there's a chance of showers once again.

Here is the offical day-by-day forecast for the weekend:

TODAY—Cloudy with showers and a chance of thundershowers this afternoon. High 70 to 75. Showers ending tonight with little temperature change. Low 50 to 56.

★ ★ ★

Southerly morning winds at five to 15 miles per hour becoming west to southwest tonight.

TOMORROW—Partly sunny and mild.

MONDAY—Fair and a little warmer.

★ ★ ★

Precipitation probabilities in per cent are: Today and tonight 60, tomorrow 20.

A mild 58 was the low temperature in downtown Pontiac prior to 8 a.m. The mercury had warmed up to 65 by 2:30 p.m.

Equal-Time Law Change Fought

WASHINGTON (AP) — A House fight looms over a plan to suspend equal-time provisions of television-radio law for the 1968 presidential campaign.

The Senate, without dissent, has cleared a resolution to authorize the temporary suspension. Under this plan, the Republican and Democratic presidential nominees, along with third-party candidate George C. Wallace, would be able to debate without networks and stations that carry the program being required to give equal time to splinter candidates with relatively insignificant support.

★ ★ ★

"I will certainly do whatever I can to prevent it," said Rep. John E. Moss, D-Calif., ranking Democrat on a House subcommittee considering the plan. "And I think there is substantial support for my point of view."

The Senate-adopted resolution would suspend the equal-time requirements for major presidential and vice-presidential candidates from Aug. 31—after the national conventions—through Election Day.

★ ★ ★

Equal-time provisions require that when a radio or television station permits a legally qualified candidate for public office to make use of its facilities, equal opportunities must be provided for all other candidates competing for the same office.

★ ★ ★

Moss, who pledged to carry his fight to the House floor if necessary, said networks have used the 1960 experience as a lever to try and bring about total repeal of the equal-time provisions.

Road Death Toll Climbing Slowly

By the Associated Press

Traffic deaths mounted slowly on the nation's highways today and a safety spokesman sounded a note of guarded optimism that the toll thus far is trailing that of last year's Memorial Day weekend.

However, the most dangerous time on the highways normally is the last day of a holiday period when motorists are returning to their homes, sometimes tired and in a hurry.

★ ★ ★

With observance of the four-day holiday weekend more than half over, the traffic death toll stood at 307. A total of 488 traffic fatalities was counted during a recent nonholiday weekend of the same length.

The National Safety Council estimated the highway toll between 6 p.m. Wednesday and midnight tomorrow could range between 625 and 725. A final count even at the low end of the range would surpass the record of 608 for a Memorial Day observance—set last year when the holiday also ran four days.

★ ★ ★

"We are running significantly behind last year's toll," a council spokesman said as the weekend passed the halfway mark.

The weather, as it has since the start of the weekend, posed a hazard for drivers in many areas of the country.

Death Laid to Man From State Hospital

By MEL NEWMAN

A murder warrant was issued today charging 26-year-old mental patient with the brutal knife slaying last night of a young woman patient at Pontiac State Hospital.

Remanded without bond to Oakland County Jail at his arraignment today was Edward J. Stockwell, whose address is listed as that of the hospital — 140 Elizabeth Lake.

★ ★ ★

Municipal Judge Maurice E. Finnegan scheduled preliminary examination on June 11 on an open charge of murder.

Stockwell was arrested about 12:20 a.m. today, some three hours after the mutilated body of Dannelda Stewart, 19, was found by a security guard making a routine check of a building on the hospital grounds.

The victim is the daughter of J. M. Stewart of 43498 Bordeaux, Utica.

The arrest took place at Stockwell's father's home, 999 James K, which had been staked out, officers said.

★ ★ ★

Detectives Charles Chancey and Orville Johnston said Stockwell had been sought when he was found missing from his room at the hospital following the discovery of the murder.

They said the suspect led them to a knife hidden on the hospital grounds.

STABBED, SLASHED

The victim, who had been stabbed and slashed numerous times, according to police, was found in the Sawyer Cottage, a building no longer used by the hospital.

Police said the upstairs is used by Oakland University as a nurses' training area, but the downstairs where the slaying took place is vacant except for a few pieces of furniture.

★ ★ ★

Chancey said Stockwell, who holds an outside job but spends nights at the hospital, had keys to several buildings on the grounds because he is an aide in the hospital's recreational therapy program.

★ ★ ★

He said the keys are returned to authorities at night, but Stockwell had a duplicate made of the key to the cottage.

SHE HAD PASS

The victim, who had been given a pass allowing her the freedom of the grounds, was reportedly last seen about 6:30 p.m.

An autopsy is scheduled today, police said.

Sonic Boom Injures 15

AIR FORCE ACADEMY, Colo. (AP) — Fifteen persons were cut by flying glass from about 300 shattered windows yesterday when an F105 Thunderchief jet cracked the sound barrier in a low-level sweep over the Air Force Academy.

None of those hurt was hospitalized. One victim, however, required several stitches to close a neck wound.

Housing Group Riled at Realtors

The Friends of Fair Housing organizers are piqued, the president of the Pontiac Area Board of Realtors is impassive and Robert Davis, president of the Ann Arbor Board of Realtors, is attempting to remain in a neutral corner.

The leaders of the Fair Housing Friends have been anticipating some active opposition to their efforts to secure passage of a local fair housing ordinance.

★ ★ ★

They eyed local realtors as a source.

Fair housing leaders feel that the realtors may have shown their hand because of what they termed a "refusal" of the local realtors to allow Davis to speak at a Friends of Fair Housing dinner to be held Monday night.

'NO REFUSAL'

Albert J. Rhodes, president of the Pontiac Area Board of Realtors, contends that there was no such refusal.

Davis, who tentatively accepted a speaking engagement at the dinner to relate the favorable experiences of Ann Arbor realtors with that city's fair-housing law, said he won't speak unless the local realtors give approval.

★ ★ ★

Rhodes indicated that it was impossible for the realtors to approve or disapprove because the time is not available to determine whether or not the local board is in favor of the appearance of Davis.

According to the parties involved, the chairman of the Friends of Fair Housing—Dr. William J. Donnelly, wrote Rhodes May 22 and asked for permission from the Pontiac Board of Realtors for Davis to speak here on fair-housing ordinances. Donnelly mentioned no date although the referendum election on a fair housing ordinance is June 24.

'REPLIED BY LETTER'

Rhodes said he replied by letter May 24 that the board would consider the request at its next meeting June 17.

He said Dr. Donnelly called him Wednesday and said that the occasion

AF Honors Dead Area Flier

LT. KARL RICHTER

A memorial scholarship has been established at the U.S. Air Force Academy in Colorado to honor Lt. Karl W. Richter of Holly.

★ ★ ★

The flier, killed in Vietnam last August on his 198th combat mission, was the son of Mr. and Mrs. Ludwig Richter of 11610 Dixie.

★ ★ ★

Lt. Richter had flown more combat missions than any other pilot in the war. In addition to many other decorations, he was posthumously awarded the Air Force Cross in February.

★ ★ ★

The scholarship was established by the nonprofit Falcon Foundation and the Republic Aviation Division of Fairchild Hiller Corp. It will provide a year's preparatory study for a qualified young man desiring to enter the Air Force Academy.

'Rapid Progress in Paper Talks'

DETROIT (AP) — Calling agreement with one of four striking unions "in the bag" and accord with another "on the lip of the bag," a labor relations expert late yesterday said negotiators in Detroit's 6½-month newspaper strike have made "very substantial and rapid progress on all fronts."

Dr. Nathan Feinsinger of the University of Wisconsin told reporters that "unless something interferes I anticipate a substantial agreement. It's downhill all the way, I'm talking about the works."

★ ★ ★

Feinsinger, who called special negotiations beginning Memorial Day with international presidents of the four unions and publishers of the morning Free Press and the evening News, said agreement on noneconomic issues was reached with the plate and paper handlers.

Other striking unions are the pressmen, printers and photoengravers at The News.

Earlier, Feinsinger said he considered negotiations with paper and plate handlers as critical and added that "if we come out with an agreement here, we're in business.

Two Get New Bank Duties

BIRMINGHAM — The board of directors of Birmingham Bloomfield Bank has elected S. Tenney McGraw II vice chairman of the board and James A. Hayden Jr. president.

Announcement of the election was made by Stephan C. Miller, chairman.

McGraw, who lives at 5180 Pon Valley, Bloomfield Township, joined Birmingham Bloomfield Bank in 1960 and was elected president and member of the board in January 1966.

★ ★ ★

A past director of the Birmingham Community House, he is director of the Birmingham-Bloomfield Chamber of Commerce and an officer of the chamber's retail merchants division.

FROM BOSTON

Hayden comes to Birmingham Bloomfield Bank from the State Street Bank and Trust Co. of Boston, Mass., where he served as a vice president in the bank's computer services division.

He was an honors graduate of Boston University and has done postgraduate work at Miami University, Dayton University and The Harvard Business School.

Several area residents are among the new officers and directors of the Detroit United Foundation.

Named treasurer was Russel A. Swaney, 1153 Buckingham, Birmingham.

★ ★ ★

Swauney, who is vice president of the Federal Reserve Bank of Chicago, will replace Richard C. Gerstenberg, executive vice president-finance of the General Motors Corp.

Gerstenberg has served in the office for six years and will remain a member of the UF finance committee.

NEW DIRECTORS

Among the new directors are John J. Riccardo, 2243 Tottenham, Bloomfield Township, and John M. Sanders, 1415 Epping, Bloomfield Hills.

Riccardo is group vice president, U.S. and Canadian automotive, Chrysler Corp. Sanders is president of Fred Sanders Confectioners.

★ ★ ★

Those named to the UF executive committee include Charles F. Adams, 6139 Dakota, Bloomfield Township; Albert J. Berdis, 116 Chesterfield, Bloomfield Hills; Virgil E. Boyd, 376 Dunston, Bloomfield Hills; Guy S. Peppiatt of Lathrup Village; and Swaney.

Adams is president of McManus, John and Adams; Berdis is chairman of the board of the Great Lakes Steel Division of the National Steel Corp.; and Boyd is president of Chrysler Corp. Peppiatt is chairman of the board of Federal-Mogul Corp.

ADVISORY BOARD

New advisory board members include Mrs. Worth Kramer, 4955 Ardmore, Bloomfield Township; Thomas O. Mayberry, 781 Lone Pine, Bloomfield Hills; John B. Poole, 1820 Rathmore, Bloomfield Hills; and Hugh M. Redhead of Birmingham.

Mayberry is vice president of Marsh and McLennan and Redhead is president of the Campbell-Ewald Co.

BIRMINGHAM — Memorial and gift books received by the Baldwin Public Library during the last six months will be on display through Wednesday.

A biennial event, the display this spring includes books in many subject fields.

★ ★ ★

Effective today, the library's hours will be changed. Closing hour each Friday and Saturday will be 5:30 p.m.

Other hours will remain the same, with the library opening daily at 9:30 a.m. and closing at 8:30 p.m. Monday through Thursday.

Pontiac Educators Welcome Her

Coed Wants to Teach Disadvantaged

Judi Daniels of Ann Arbor is a cute Michigan State University coed who will graduate soon and is looking for a teaching job.

Like many young prospective teachers just getting out of college, she could look for a job in a middle-class or well-to-do bedroom community.

★ ★ ★ ★

She probably would be welcomed there with open arms. Unlike many teachers coming out of colleges, that's not her desire.

Judi could very well teach at all-white Waterford Village Elementary School where she is now doing her student teaching, but she now is a top candidate to teach third grade at predominantly Negro McConnell Elementary School in Pontiac.

CALLED CRAZY

"Most teachers told me I was crazy to get into an interracial situation like this," Judi explains, "but I feel all kids need a good education, particularly in this area."

As part of the Pontiac School District's screening process, she visited McConnell yesterday and was very well-received.

★ ★ ★

"It takes a special kind of person to teach disadvantaged pupils — a compassionate, stronger type of person," comments Lewis A. Crew, director of instructional personnel services.

"The problem in teacher recruiting here is that a number of college people are not trained to teach in a metropolitan area like Pontiac and just don't apply," Crew relates.

As the result of teachers or prospective teachers fearing to teach in what Crew calls a "difficult situation" here, suburban systems are getting more applications and thus can be more selective.

Crew is optimistic, though, that he will fill the 95 teaching positions open before school opens.

Pontiac now has 1,054 teaching positions, with 78 additional scheduled for the next school year.

It's Plain! May Mainly Rain

Oakland County had a goodly share of rain in the month of May and if most of it hadn't run off, it would be over a foot deep now.

In fact, in some places in the county it didn't run off, and flooded basements and streets were common. A total of 12.65 inches fell in the period. This compares to just 1.6 inches last May and the norm of 2.14.

★ ★ ★

The month wasn't particularly cold and the average (mean) temperature was 54.3 degrees compared to 53.5 last year.

A high of 86 degrees was recorded May 15. On May 6, the low was 32 and during the early morning hours a frost occurred that was reportedly damaging to area orchards.

15 SUNNY DAYS

There were just 15 sunny days out of 31 with the rest of the time being cloudy or rainy. There was not a single weekend in the month to go out and enjoy the spring weather. It rained every one.

The most damaging blow — from which many areas have not yet completely recovered — was the record-shattering downpour of last Monday when 6.1 inches of water fell on the county.

★ ★ ★

Basements, yards, roads and fields became small lakes, and much of the accumulation is still around, added to by showers since.

So the big news on weather for the month is spelled RAIN. And today, June 1, guess what the forecast is? Right! Right as rain.

Two British Shells Miss A-Lab Site

LONDON (AP)—A British navy frigate accidentally fired two shells toward a government atomic research station on the south coast of England, the navy reported today. The shots missed.

Officers at Portland Royal Navy station said the frigate Arethusa somehow banged off two practice shells Tuesday with the ship's guns pointing toward shore instead of out to sea.

★ ★ ★

The shells landed in farm country two miles west of the Winfith Nuclear Center in Dorset.

The missiles were duds filled with sand but one of them started a cattle stampede.

HEARD SOUND

A farmer's wife Joan Bamlet said she was standing in her garden when she heard a whistling sound and a thud. Cows started running frantically from a nearby field and a navy helicopter whirled overhead looking for the impact area.

★ ★ ★

The navy started an investigation, recovered one shell — and invited Mrs. Bamlet to tea aboard the Arethusa.

Retried Marine Given 3 Years

QUANTICO, Va. (AP) — A Marine corporal originally sentenced to life in prison in the slaying of an elderly Vietnamese woman has been given three years at hard labor after a second court-martial.

The attorney for Stanley J. Luczko, 22, of Gardner, Mass., said he will ask Gen. James M. Masters Sr., commander of the Marine base here, to further reduce the punishment to make the new sentence equal to the 17 months Luczko already has served.

★ ★ ★

Luczko was sentenced yesterday after his conviction of voluntary manslaughter in a five-day trial that ended Thursday. Originally he was convicted in January 1967 of premeditated murder in the shooting Sept. 22, 1966 while he was leading a patrol near Chu Lai, South Vietnam.

His attorney, Frank J. McGee Jr., said he hoped Masters will suspend the bad conduct discharge given Luczko as well as reducing the jail term.

GM Promotes 3 Area Men

Three area men were promoted recently on the General Motors Corp. Personnel staff.

Harold S. McFarland of 323 Lakewood, Bloomfield Hills, was appointed to the new position of assistant director of personnel relations for General Motors.

★ ★ ★

A Bloomfield Township man, R. Verne Righter of 1600 W. Long Lake Road, will succeed McFarland as director of Personnel Services.

William B. Chew of 3155 Myddleton, Troy, has been promoted to assistant director of salaried personnel for GM.

McFarland joined GM in 1934 as an hourly worker on the assembly line.

Righter joined GM's Saginaw Steering Gear Division in 1943. He joined the central office salaried personnel activity in 1957.

Chew joined GM in 1953 as a personnel evaluation specialist at the GM Institute in Flint. He was transferred to salaried personnel in 1959.

Fair Housing Unit Riled at Realtors

(Continued From Page One)

for the speech was scheduled for Monday, June 3, and asked Rhodes to give permission or to contact the other directors to see if permission could be given.

★ ★ ★

Rhodes said that he felt this was not practical since there are 17 members on the board of directors, and it would take from 15 to 20 minutes to talk to each one and to explain the details and philosophy involved.

He said at this point he does not know how any of the directors feel about Davis speaking in this area.

'ONLY 1 OF 42'

Davis said yesterday that because of past difficulties with state realtors, he has decided not to speak on fair housing in any city where the local board of realtors does not approve.

"We're only one of 42 boards in the state that have come out in favor. I think this will change in June (when the state fair-housing law takes effect and the other boards will have to go along," he said.

But in the meantime, he said, the state association of realtors has asked that he not go into other jurisdictions without approval of local boards.

Davis said the Ann Arbor Board of Realtors, which had originally opposed a fair-housing ordinance in Ann Arbor, has been dealing with that city's ordinance for three years now and "We are very happy with it."

Davis said if he were to speak in Pontiac he would not attempt to advise anyone on how to vote on a local ordinance but would merely relate experiences of the Ann Arbor realtors with it.

Woman Is Guilty on Murder Charge

A 31-year-old woman was found guilty yesterday in Oakland County Circuit Court of second-degree murder in a shotgun slaying.

The verdict was returned against Juanita Newby, 507 California, in the killing of Oddee Williams, 40, of the same address.

★ ★ ★

She had been charged with second-degree murder in the March 10 death.

A witness had told police that she and Williams had argued repeatedly throughout the day.

★ ★ ★

She will be sentenced July 1 by Circuit Judge Farrell E. Roberts. She faces a prison term of up to life.

U.S. Hikes Interest on Its Savings Bonds to Return to Profits

WASHINGTON (AP) — Treasury officials look to the higher interest rate on U.S. savings bonds to put the program back on a profitable track for the government.

President Johnson ordered the hike in interest, effective today.

* * *

Since December, Americans have cashed in more Series E and H savings bonds than they bought except for February when the pendulum swung only slightly the other way.

The bonds have been paying 4.15 per cent interest, and Treasury officials hope the 4.25 per cent rate—the maximum allowed under law on Series E and H bonds—will be enough to keep the program in the black.

FREEDOM SHARES

Interest on Freedom Shares, higher-interest bonds which went on sale for the first time about one year ago, was increased to 5 per cent from the previous 4.74 per cent under the President's action taken Friday at the Texas White House.

Officials have been disappointed with the performance of the Freedom Share, a program to raise money for the Vietnam war.

* * *

There had been hopes originally of raising as much as $1 billion a year once the program caught on. But the first year of operation produced only $160 million in new revenues and over the first four months of this year purchases had leveled off at about $20 million a month.

Freedom Shares, which can't be cashed in for one year after purchase, still must be bought in combination with series E bonds. But it's no longer necessary to buy them through the payroll savings or bond-a-month plans.

BANK CAN SELL

Any bank can now sell a Freedom Share over the counter with a Series E bond.

In combination, Series E bonds and Freedom Shares pay 4.56 per cent under the new rates if held to maturity—still 7 years for E bonds and 4½ years for Freedom Shares.

Although the higher interest rate went into effect today, it will be six months before its impact will be felt. The Treasury won't actually pay the higher premium until Dec. 1.

That's because interest on savings bonds is figured in six-month periods and the first six months won't expire until Nov. 30. Any bonds cashed in before that time will draw interest at the old rates.

New Jersey's Flood Victims Going Home

NEWARK, N.J. (AP) — Many of the thousands of persons forced out of their homes by one of New Jersey's worst floods will begin returning this weekend to straighten out the damage and the mess.

Gov. Richard J. Hughes has asked President Johnson to declare portions of six northern New Jersey counties as "major disaster" areas.

* * *

Evacuees in eastern Morris County are not expected to start returning home before Monday. That part of the county is drained by the Passaic River, which has caused the worst flooding and is receding very slowly.

The flooding reached a peak Friday afternoon when the Passaic crested at 11 feet above its normal level. Four other major rivers began receding Thursday night.

WORST OF CENTURY

The flooding has caused damages estimated in the tens of millions of dollars. It has been termed the worst to strike New Jersey in this century.

Five deaths, including those of four children swept away by the rushing waters, were attributed to the flooding.

* * *

A total of 24,000 residents were left without power for various periods since the flooding began Wednesday. Rowboats have been the only means of transportation in some communities.

Many bridges have been seriously damaged and some bridges and portions of roads are still under water.

SEVERE DAMAGE

In his telegram to the President, Hughes said the flooding has caused "severe damage to public and private property and constitutes a threat to the health and welfare of residents in this area."

A disaster declaration by the President would clear the way for federal grants and loans to help rebuild the area. Hughes asked for the declaration for parts of Passaic, Bergen, Morris, Essex, Union and Middlesex counties.

GOP Society Nixes Reagan

CAMBRIDGE, Mass. (UPI) — A Republican organization Friday rejected Gov. Ronald Reagan of California as a qualified candidate for president or vice president.

The Ripon Society said Reagan was "unqualified for any national post requiring a high degree of administrative or diplomatic responsibility."

* * *

The conclusion was made in a 16,000-word study of the Republican governor's record as a candidate and an officeholder.

Thomas E. Petri, Ripon executive director, said loyalties of the members were divided between Gov. Nelson A. Rockefeller of New York and Richard M. Nixon.

DRAWBACKS

The report cited as drawbacks what it called a Reagan "simplistic" approach to domestic issues, an inability to match rhetoric with administrative competence and a preoccupation with the role of military force in the conduct of foreign affairs.

* * *

Turning to the November election, the report said a Nixon Reagan ticket for the presidency "would deprive Nixon of the support of the left wing of his party who guard the gates of an electoral majority.

Let Your Thoughtfulness Show

Tomorrow — annually the first Sunday of June — has been designated "Shut-ins' Day."

Of the many yearly observances made meaningful by the generality of Americans, this Day ranks high in its appeal for sympathy and thoughtfulness.

The outlook of Shut-ins can be one of frustration and discouragement. In the great majority of cases, it is not. Fortitude and cheerfulness are the hallmarks of those fated to lead lives circumscribed by four walls.

★ ★ ★

We who are blessed with good health and the ability to indulge unrestrictedly in physical pursuits can have little comprehension of the mental disquietude that daily confronts the ill and the handicapped in their enforced isolation.

We can all provide a note of cheer and make glad the day of Shut-ins of our acquaintance by a visit, a phone call, gift or card. And, not surprisingly, the thoughtful one will derive a sense of warmth and spiritual uplift comparable to that of the one thought of.

★ ★ ★

The PRESS gives its heartfelt blessing to the observance of Shut-ins' Day with the proposal that expression of its spirit be a daily, not just an annual, indulgence.

Your Friendship Network Is Showing You Up

Are you an "interlocking" type? Or are you a "radial"?

All of us are one or the other and most of us are the former, according to information on more than 1,000 native-born white males in Detroit gathered by University of Michigan students.

For example, if you are a close friend of Tom, Dick and Harry and those three are close friends of one another, your friendship network is interlocking.

But if Tom, Dick and Harry are not friends of one another, then your friendship network is radial.

★ ★ ★

Members of interlocking groups tend to share many interests, while members of radial groups tend to choose friends for special purposes, such as a common interest in a hobby or sport.

If your friendship pattern is interlocking, you are gregarious, somewhat narrow-minded, have many friends of similar ethnic, educational and economic background and see a great deal of your friends.

★ ★ ★

If your friendship pattern is radial, you are likely to be politically independent, broad-minded, and a social comer. You can enjoy yourself without the company of others, don't discuss your personal problems with friends and, in fact, probably have few friends, although those you have cover a broad range. You prefer the independence of your own business to the security of a job in a large organization.

According to the directors of the study, sociologists EDWARD O. LAUMAN and HOWARD SCHUMAN, only one-third of the sample had radial patterns of friendship. Within given educational levels, the brighter the individual the more likely he was to have a radial friendship pattern.

Ultimately, the study is expected to reveal the conditions under which isolation and integration occur within and between ethnic groups in the larger society.

'Groundlings' Up in Air Over Whirlybirds

A group of the more affluent residents of Shaker Heights, Cleveland's affluent suburb, had a set-to recently over parking — of helicopters.

It seems some of them own helicopters and like to land in their back yards. Non-flyers complained to the Shaker Heights Planning Commission about the noise and hazards of low-flying whirlybirds.

The commission sides with the grounded residents and promised to regulate Shaker's helicopter traffic.

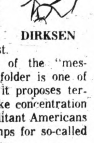
And you think 'affluence doesn't bring problems.'

Propaganda Folders Spread Deceit

By EVERETT DIRKSEN

I want to expose to you an example of some of the terrible stuff that comes to us in Congress from little organizations that attempt to chip away at the greatness of our freedom. It is a folder of hate and deceit that comes to Washington out of the west.



DIRKSEN

The theme of the "message" in the folder is one of hate because it proposes terrible things like concentration camps for militant Americans and work camps for so-called lazy Americans.

The theme is also one of deceit because it purports to reflect the mood of the grass roots of our population and because it ties hateful ideas to the most welcome cry of the century—"Reduce taxes!"

★ ★ ★

This folder bears no names of officers, directors or even members of the organization. I will not give assistance to it by naming it.

Its front-page title—or blurb—screams out: "This is what the people want! Based on a meticulous survey in the grass roots." Inside, it sets forth 49 items of demand that send the chills down your back.

The items are listed in highly extreme, very racist and quite illogical language. Here are some of the less explosive demands made by the little organization that pretends to speak for the grass roots, but which, of course, obviously does not:

★ ★ ★

"Impeach the Supreme Court—people must not rest until this treasonable oligarchy has been curbed!"

Is that what the people want? I think not. Americans are not so foolish in these trying times. They may want change but they also want continuity of law and order.

★ ★ ★

"Reduce taxes through honest economies!"

That one is the sneak approach — the deceit — that is designed to attract support for some terrible ideas that aren't really related to it. Who would quarrel with an appeal to reduce taxes? That struggle has been going on in Congress endlessly.

Now, presuming that the reader of the folder has been won over with the demand for less taxes, the message goes on: "Destroy Castro and liquidate the Communist regime in Cuba!"

★ ★ ★

Cuba is a sovereign country. To destroy Castro would mean a declaration of war upon another nation with all that such a venture implies. And what is that word "liquidate" doing in a communication — however anonymous—to a senator?

This folder of so-called "people's demands" calls for trained, expert military units that can be made available to all communities to suppress criminal riots and anarchy. It is a sort of backlash idea that may appeal to some, but it would be bound to end up in suppression. Besides, who would pay for it? It would be no way to reduce taxes.

★ ★ ★

Here's an awful suggestion the folder makes: "Establish work camps for lazy, irresponsible, undisciplined persons!"

Who shall determine who is lazy or undisciplined or irresponsible? Who would be the Hitler to boss the job?

"Declare martial law in at least 20 of our jungle-ized cities!" the demand continues.

★ ★ ★

Who shall declare martial law and, indeed, on what grounds? Certainly not the federal government.

This one is frightening in concept: "Enlarge our prison complexes into great outdoor encampments for disciplinary action!"

Who would want concentration camps in America?

There you have a prime example of racist propaganda that would try to tear us apart even more than we are torn today.

★ ★ ★

Nobody in his right mind could believe this stuff that comes out of a hole in somebody's head as an expression of the people, the "grass roots." Yet, it is only one small example of the terrible proposals that are made to congressmen, that try to convince us that Americans are not, after all, freedom-loving, sane people.

The POWER of FAITH

By WOODI ISHMAEL

In Willemstad, on the Caribbean Island of Curacao, is the oldest synagogue and the oldest Jewish congregation in the Americas. Mikve Israel, which means the Hope of Israel, was founded in 1654, and the present synagogue was built in 1732. Rich in history, it houses many artistic treasures, including a hand-wrought silver Hanukkah menorah that has been used for 250 years.

Visitors recall Mikve Israel as the synagogue whose floor is covered with sand, for symbolic as well as practical reasons. Symbolically it represents two things — the desert on which Israelites camped during their long journey from slavery to freedom and also God's traditional blessing to the patriarchs that their descendants be as numerous "as the sand which is upon the seashore." From a practical standpoint, it muffles the sound of footsteps on the wooden plank floor during services.

To Curacaoans and visitors of all faiths this historic house of worship is a symbol of the constancy of a great faith.

Confident Living:

Accept Challenge of Difficulties

By NORMAN VINCENT PEALE

Back before most people had automatic dishwashers in their homes, my son John, then age nine, was asked by my wife to wipe the dishes. He heard this request in stony silence.

DR. PEALE

It was repeated. Again I saw no evidence of any burning enthusiasm. I thought it was my duty as a father to enforce the request and said, "Did you hear what your mother said about wiping the dishes?"

With no joy whatever and accompanied by tears, he told me that he didn't want to wipe the dishes.

"Well," I said, "I can understand that. I didn't want to wipe them when I was your age either. But just the same I wiped them." That seemed to make no profound impression on him either.

He said, "I don't know how to wipe them." So I proceeded to show him how.

"There are two schools of thought," I said. "One is to cover two fingers with the towel and run them around in the glass. The other is to wad the towel in the glass and rotate it."

★ ★ ★

I continued, "You are an American. Every American started just this way. Walter Chrysler, Henry Ford — all of those men started by wiping dishes."

He looked at me and said, "I have read about those men and it never said a thing about their wiping dishes."

I understand how hard it is to impress anybody with the idea that difficult tasks have their salutory points. But if anybody overwhelmed by difficulties in this life wants to know how to achieve, let him read the lives of men who struggled against all manner of difficulty.

"The heights by great men reached and kept were not attained by sudden flight, but they, while their companions slept, were toiling upward in the night."

★ ★ ★

Some time ago I read about another boy. He invited a girl to a picnic. This was back in the gallant age of American life. They had to row from the mainland across to an island. Nowadays girls have become self-sufficient and do some of the rowing; but in those days they wore frilly dresses and carried parasols and sat looking pretty.

It was hot and perspiration rolled down and wilted the boy's starched shirt, and he was in an uncomfortable mood. When they got to the island the girl said, "Oh, we forgot the ice cream!"

★ ★ ★

Being gallant he said that he would row back immediately and get it, which he did. But while he was struggling with the rowing, perspiring and miserable and unhappy, he grumbled, "Man was never meant to suffer this way. I wonder why somebody can't figure out a kind of a motor to hang over the end of this boat." So he sat out in the middle of the lake and scratched his head and made diagrams on a piece of paper.

The girl back on the island and their companions on the picnic were waiting for the ice cream. Time passed and he kept making diagrams. Indeed he forgot all about the outing. A great idea was stirring in his mind.

★ ★ ★

If you take a girl out next summer and do not have to row, you can give thanks to this man. His name is Evinrude and he was the one who discovered how to put a motor on the back end of a rowboat so that you, the product of the great stream of civilization, wouldn't have to suffer.

Difficulties stimulate invention. Difficulties make men realize their own powers. They are good things otherwise the Lord wouldn't have put them into the world. So turn your difficulties into something worthwhile. That is what difficulties are for.

'Commend Chief Hanger for His Service to City'

I was impressed with a speech by Pontiac Police Chief William Hanger. The Pontiac area is most fortunate to have a man of such courage, ability and integrity to serve its people. I feel much more secure knowing our community is in such capable hands.

HANGER

I commend Chief Hanger on his astute and accurate analysis of our problems. We are not Americans fighting each other in a war of black against white or rich against poor. We are loyal Americans fighting for lawfulness against lawlessness and Christianity against communism.

Parents Are Grateful for Fine Educators

We finally got the long-awaited letter: "Dear Parent, may we congratulate you on the pending graduation of your child from high school." If it weren't for the help of the teachers, visiting teachers, counselors, assistant principals, and principals, this would not have been possible. Through elementary, junior high and high school either one or several helped. Often we thought we would have a delinquent, a drop-out or worse on our hands. Never was school personnel too busy to help. We are grateful to these fine people and wish a long continuance of their work.

Discusses Taxes in Independence Township

I agree with the letter about Independence Township Board hiring two men to update property assessments. My taxes are $234 a year. I have lived here five years and my house payment has gone up $9 a month. We have a sewer system coming in which most of the people don't want. We are also having our hunting taken away by the Township Board. Don't people have any right to say yes or no? I moved to the suburbs to be away from some of these things.

Questions Building Apartments in Clarkston

Apartment buildings are a necessity, but why do builders try to squeeze them into residential areas? They tower over houses and create sewage problems. Apartment buildings belong with commercial property, not in the midst of residential areas.

★ ★ ★

New subdivisions are restricted to single-family dwellings with a minimum sized lot specified with each. Clarkston is a community predominately with single-family dwellings, so why should we downgrade our community by spot zoning to allow apartment buildings within the Village when there is so much vacant land adjacent to commercially zoned property?

Question and Answer

There are two swans on Loon Lake and one has a nest, as she hasn't moved for almost a month. How long before the eggs hatch, and what are their chances of surviving? With so much rain lately, will the mother get sick sitting on her nest so long?

MRS. HAROLD COPEMAN
CLARKSTON

REPLY

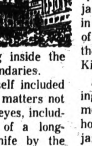
Mr. Bruso of the Conservation Department has also seen these birds, and assured us they're all right. Eggs take approximately 3-4 weeks to hatch, and the birds' natural oils keep them insulated. He says chance of survival is very good. For one thing, there's no hunting in Waterford Township, and besides that, he says swans are very protective parents. He has even known of male swans attacking boats and forcing them to leave, so he feels the babies will be well guarded.

Washington Notebook:

Head Marshal Carries a Shiv

By NOEL GROVE

WASHINGTON (NEA)—The head marshal of Resurrection City called a closed meeting of the camp policemen. Subject was disciplinary problems of the camp and problems of keeping uncredentialed outsiders from slipping inside the picket fence boundaries.



The meeting itself included some confidential matters not meant for prying eyes, including the flashing of a long-bladed pocket knife by the head marshal as he said, "We don't need no tear gas or no billy clubs to keep order, and the only one going to carry a shiv is me."

★ ★ ★

So engrossed were the 50-75 marshals that they failed to notice a newsman had slipped into the tent and was standing amongst them, taking in every word. Their leader, unfortunately, spied him first, a solitary white face and necktie in a sea of black faces and denim.

"See," he shouted in irritation, "what kind of marshals are you? Get that reporter out of here!"

At least one person connected with the Poor People's Campaign can point to tangible evidence of prosperity as a result of the march on Washington.

George Stewart, former drug addict who at 31 has spent a third of his life in jail, is doing a lively business in his colored chalk drawings of poverty and his portraits of the late Dr. Martin Luther King.

Stewart, a Southeast Washington native, has spent almost 10 years in detention homes, reformatories and jails on a multitude of charges. In a 20-month sentence in the District of Columbia jail on a narcotics-related rap he discovered he could draw.

★ ★ ★

The baring of his new-found talent meant a new way of life for Stewart. And once again, the police paid a major role in shaping his future.

The first picture he sold was an oil portrait of a police officer, commissioned by the officer's wife.

Since then he has sold some 50 pictures, and has been designated official portraitist of the Poor People's Campaign by officials of the Southern Christian Leadership Conference.

Among congressional hobbies, Rep. Albert Johnson of Pennsylvania probably has few to duplicate his talent. The congressman plays a mandolin and, just to show he's attuned to the youth-oriented society, he even has an electric mandolin.

★ ★ ★

There is evidence, moreover, of others in his family having an affinity for earlier years. Johnson's daughter, Karen, portrays a five-year-old in the Broadway production of "You're a Good Man, Charlie Brown," which came to Washington May 27 for a benefit performance in the newly renovated Ford's Theatre.

Cultural Trade Talks to Start

U.S., Soviets Too Late for 1st Teacher Swap

MOSCOW (UPI) — Negotiations on a new Soviet-American cultural exchange agreement will start Monday — too late to save the first scheduled academic swap of the year.

The American Embassy said 25 Soviet teachers of English were to have gone to the University of Michigan for the summer session in exchange for 25 American teachers of Russian, who were to spend the same period at Moscow University.

* * *

But the exchange depended on the signing of a 1968-69 cultural exchange agreement. As 1968 neared the halfway point with no negotiations started, the U.S. Inter-University Committee, which handled the contractual end of the arrangements, notified the State Department it could wait no longer, the embassy said.

Without an agreement, the Soviet Union was unwilling to name which teachers go. Without the names, the committee, which represents American universities taking part in exchanges, could not go ahead.

OU Outlines Plan for Grant

A federal grant of $254,000 will be used by Oakland University's biology department to tie together teaching and research in a way that will help both college and high school students.

The grant from the National Science Foundation is the largest ever received by OU for academic programs, according to Lewis N. Pino, assistant to the chancellor for planning.

* * *

Clifford Harding, professor and chairman of biology, said the federal funds will be used to increase the biology book selections in Kresge Library, to buy more laboratory equipment, to provide "release time" for faculty members to do research and to pay wages to students working on research.

In addition to involving students, the program is designed to keep the instructor up to date with the newest advances in his field.

* * *

An unusual aspect of the program will be the holding of an annual student meeting, similar to those conducted by national scientific associations for full-fledged scientists.

Students will present papers on their biology research to an audience of fellow students, faculty members, and invited high school students and their teachers.

ROGER WAGNER

The Candid Look of Roger Wagner

By JANET ODELL
Women's Editor

"I want to associate with only the best things in education. That's why I've chosen to come to Meadow Brook School of Music this summer."

As directly as that, Roger Wagner, famous director of the choral group that bears his name, gave his reasons Friday for accepting the position as director of choral activities during the six-weeks summer session.

He had flown most of the night from California and was to return Friday night after a brief meeting with Dr. Walter S. Collins, Dean, Meadow Brook School of Music.

★ ★ ★

Wagner will succeed Robert Shaw who held the post for the first three years the school was in existence.

"My first love is education, but I have to do other things to afford that luxury," said the rather stocky middle-aged man with the trim mustache.

★ ★ ★

During the rest of the year, Wagner is music director of the Southern California Choral Music Association and Sinfonia Orchestra. This group of 100 is the only one in the country doing a complete season of major choral works — highly classical. Wagner takes a national tour each year with 32 of its members.

HONORED

He has been around the world three times, was decorated by Pope Paul VI two years ago for his contributions to sacred music throughout the world, and has made 50 LP records. He records under the Angel label.

Although French born, Wagner has been in the United States since the age of seven. His father, who took the family to California for health reasons, was a composer and an organist.

★ ★ ★

At the age of 12, Roger was directing a church choir and playing the organ. His ambition then was to be the world's greatest organist.

But after his college years in France where he studied both philosophy and music, he attended an organ recital by Joseph Bonnet, a superb French organist, when the audience numbered only 30.

★ ★ ★

That disillusioned him and wrote finis to his dreams of concentrating on organ studies and he turned to conducting.

He taught music in the Los Angeles public schools and became supervisor of music. He left that position to teach at UCLA where he is still director of choral activities.

★ ★ ★

Twenty years ago, he founded his professional choral group which numbered among its first members Marni Nixon, Marilyn Horn, Ernest Gold and Harve Presnell. He has long been associated with the film studios, holding the position of co-music director at Paramount now.

FAMILY

Two daughters are teachers, one in music. She may come to OU this summer. His son (Richard Wagner) is both musically and scientifically inclined — also an athlete; he's studying engineering. Wagner is intensely proud of his family.

The Meadow Brook School of Music opens June 30. One of its biggest attractions this year should be Roger Wagner.

Miss DuVal Wed Today

A mandarin collar of Venetian lace highlighted the Irish linen bridal ensemble chosen by April Lee DuVal as she exchanged vows with David James Kerr today in Franklin Community Church.

MRS. DAVID J. KERR

A singular band of matching lace defined the gown's Princess bodice and joined a circular Cathedral train at the back. To complement her attire, the bride wore a matching pillbox with an illusion veil. She carried yellow and white roses atop a white Bible.

ATTENDANTS

Mrs. Forrest Vydick lead the bridal party as matron of honor with Nancy Kerr, Marcia, Diane and Andrea DuVal as bridesmaids and flower girl, respectively.

Best man honors were performed by Robert H. McKnight Jr. with groomsmen John DuVal, Kenneth Erickson and William Maynard.

★ ★ ★

Following a reception in the church parlors, the newlyweds departed for a northern Michigan honeymoon. They will make their home in Chicago where he is a student at McCormick Theological Seminary.

The former Miss DuVal is the daughter of the Grover E. DuVals of Franklin. Parents of the bridegroom are Rev. and Mrs. D. King Kerr of Birmingham.

'Symphony Under Stars' Series Lists First Performance June 11

Opening week at the Detroit Symphony Orchestra's "Symphony Under the Stars" series will feature pianist June de Toth, soprano Gloria Dillard, and violinist Takako Nishizaki in their first appearances with the Orchestra.

Valter Poole will conduct the concerts in the music shell at the Michigan State Fairgrounds beginning Tuesday, June 11 at 8:30 p.m. There will be performances each night except Mondays and Thursdays through June 23.

New this year for the audience's comfort will be risers, which allow the farthest seat to be only 50 yards away from the music shell.

Miss de Toth will perform the Liszt Piano Concerto No. 1 at the opening concert on Tuesday. After many successful European appearances, she is now gaining recognition here in her native land.

PROGRAM

The Wednesday, June 12 concert will be a special orchestral program comprised of Russian music. Some of the works heard will be Rimsky-Korsakoff's "Scheherazade" and Tchaikovsky's "Marche Slave."

Detroiter Gloria Dillard will be heard on Friday, June 14. She will sing an aria from Massenet's "Le Cid" in her performance with the Symphony. Miss Dillard will also sing two Negro art songs, accompanied by Lawrence LaGore at the piano.

★ ★ ★

On Saturday, June 15, Miss Nishizaki will be featured with the Orchestra in Mozart's Violin Concerto No. 5 and Saint-Saens' Introduction Tampersan Rondo Capriccioso. A 1964 Leventritt Competition finalist, she has performed with other American orchestras and in recitals at colleges and museums throughout the United States.

'FIDDLER'

The program on Sunday, June 16 is orchestral, and will include favorite classics and a popular selection from "Fiddler on the Roof."

★ ★ ★

The free-admission Fairgrounds concerts are sponsored by the Detroit Edison Company, the Michigan State Fair Authority, and the Music Performance Trust Funds of the Recording Industries in conjunction with the Detoit Federation of Musicians.

Abby Agrees With Mother on This--- for More Details Send Name, Address

By ABIGAIL VAN BUREN

DEAR ABBY: I am 16 and am going with a guy who is 18. We plan to get married as soon as I graduate from high school. I have a part-time job after school and on Saturdays, and here is our problem:

ABBY

We don't want to start our married life with nothing, so we started a joint savings account at the bank. My mother found out about it and said it wasn't "right" for us to have a joint account. Why not? My mother says that she believes in saving, but he should have his and I should have mine, and she has never heard of a 16-year-old having a joint savings account with a guy before they get married.

Abby, I don't see what's wrong with it. My mother listens to you, so please put your answer in the paper.

UPSET

DEAR UPSET: I am pleased to learn that your mother listens to me, but since you wrote to me, I hope you will, too. I agree with your mother. Send me your name and address and I'll explain more fully in a personal letter.

★ ★ ★

DEAR ABBY: What is your opinion of a man, 42, dropping his bride of 10 months off at the hospital to have their first baby, and then driving over to play 18 holes of golf during the event?

On the following weekends he was also out playing golf when friends drove from distant cities to see the baby. He said having this baby made him the happiest man alive. Sign me . . .

WONDERING IN HOUSTON

DEAR WONDERING: You have a right to be teed off, trapped by a hacker like that. I'd say that your husband's conduct was below par, especially while the baby was being born.

★ ★ ★

CONFIDENTIAL TO MRS. J.: The child who is adopted because a couple had one of "their own," and wanted a "playmate for Johnny," or a "sister for Mary," is casting their adopted child in a most difficult role. Adopt a child because you want a child.

Installation Set by Sisterhood

The installation of new officers willl highlight the annual luncheon of the Sisterhood of Temple Beth Jacob Tuesday at the Kingsley Inn beginning at 12:30 p.m.

Assuming the president's post will be Mrs. Harold Bienenfeld with Mrs. Kenneth Dickstein, Mrs. Henry Winkelman, Mrs. Paul Mandel and Mrs. Morton Metzger as vice presidents.

★ ★ ★

Also Mrs. Jerome Fanger and Mrs. Robert Gash, secretaries and Mrs. Paul Weinner and Mrs. Harry Arnkoff, financial secretary and parliamentarian.

A musical offering by the Bell Ringers of Eastern Junior High School will highlight the affair. The group is under the direction of William Coffing.

Hostessing the luncheon are Mesdames Dickstein, Herbert Scolnick and Ralph Melden. Mrs. Bienenfeld is in charge of invitations with Mrs. Fanger and Mrs. David Snyder in charge of table decorations.

Reservations may be made by contacting Mrs. Marvin Talan.

Elinor K. Rose, syndicated writer of light verse, of Royal Oak, Mich., will be honored with an Alumnae Achievement Award at the biennial convention of Kappa Kappa Gamma Fraternity, June 17 in Columbus, Ohio. Author of three books, Mrs. Rose has served on the staff of Oakland University's Writer's Conference each of the last five years.

Former Area Residents Announce Betrothal

Mr. and Mrs. Floyd O. Parker of Silver Springs, Md., formerly of Pontiac, announce the engagement of their daughter, Jennifer Lee, to Duane C. Jones. His parents are Mr. and Mrs. William Jones of Kent City.

Miss Parker and her fiance are students at Central Michigan University.

Wishing Well Is Described for Readers

By ELIZABETH L. POST

I want to thank all of you who wrote describing "Wishing-Well" showers. Apparently there are various interpretations in different areas, so I will print excerpts from several letters, and my readers may take their choice of these very nice suggestions.

Most of the letters explained that the hostess makes a cardboard or paper replica of a "wishing well." The gifts are, of course, put in the well as the guests arrive.

★ ★ ★

"A note is put on the bottom of the invitation mentioning a small article to bring for the "wishing well." These should be wrapped beforehand. Some of the articles suggested are: needles and thread, tape measure, note pads, hangers, sponges, tissues, scissors, etc."

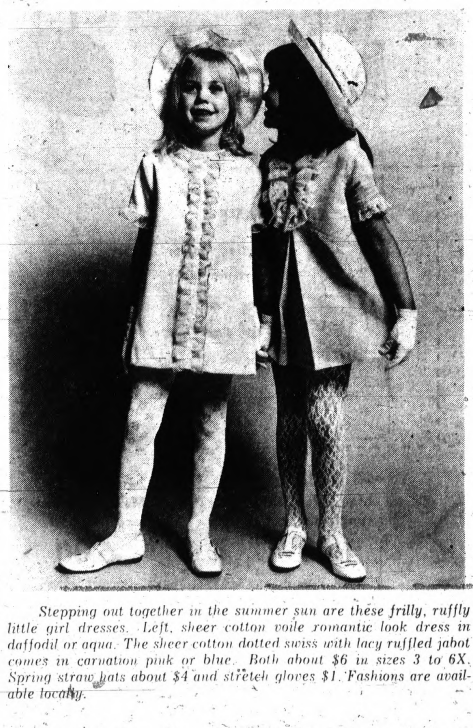
"Each guest brings, in addition to a gift, a small household item for the bride. The gifts don't even have to be wrapped. If a wishing well is not available, you can use a laundry basket, which the bride will find useful too."

"A well is constructed and filled with kitchen and bathroom items such as parers, soap powder, canned goods, etc. It is not necessary to put a card on the gift as it is similar to a grab-bag for the bride."

★ ★ ★

"Each person writes a verse or a few sentences with her best wishes for the bride and groom. These are rolled, tied to a ribbon and placed in a "wishing well." The other end of the ribbon is tied to the writer's gift. The bride-to-be, as she opens the present, pulls the ribbon from the well and reads the wish of the giver aloud.

"A little well may be made with a flower pot, crepe paper, and flowers for decoration."



Stepping out together in the summer sun are these frilly, ruffly little girl dresses. Left, sheer cotton voile romantic look dress in daffodil or aqua. The sheer cotton dotted swiss with lacy ruffled jabot comes in carnation pink or blue. Both about $6 in sizes 3 to 6X. Spring straw hats about $4 and stretch gloves $1. Fashions are available locally.

Ikebana International Unit Plans Annual Picnic

The annual picnic for members of Ikebana International chapter No. 85 will take place June 12 at noon with Mrs. Earl E. Weston of Forman Drive as hostess.

New officers will be installed at this time. They include Mrs. P. N. Askounes, president; Mrs. Robert Lapham, first vice president; Mrs. James N. Shimoura, second vice president; Mrs. T. O. Townsend, treasurer; Mrs. Ian Beaton and Mrs. Paul Fuyuback, secretaries.

★ ★ ★

Mrs. Lawson McKenzie of Washington, D. C., will also be attending. She is an honorary member who founded this chapter in 1965.

All dressed up for Sunday this young lady wears a dacron and cotton voile dress with that two-piece look, the top frilled with lace, the skirt softly gathered and sashed. Available in pink or yellow with white top, sizes 3 to 6X, about $6. Her escort wears that smart new turtle neck, about $2, with his coordinated double-breasted blazer suit, and minicheck pants in sizes 4 to 7, about $9.

Remove Agitator

Before laundering a wool blanket, remove the agitator from an agitator-type washing machine because too much "action" causes wook to felt and shrink.

Look at Me---I'm Now a Humorist

By BETTY CANARY

I though about it. After all, it might be good reference material for journalism classes. I tried to do it but I couldn't. I couldn't find words describing emotions experienced when going through the mail, opening a letter and reading.

"I am doing a report in school on different ways of writing. Woud you tell me if yours is humor or satire or what do you call the funny way you write?"

I did bring back memories of an excuse I wrote for a child to take to school. The teacher wouldn't accept it because the penmanship was so funny she thought my son had written it.

I put emotions aside to answer the letter and help a Delaware boy with his homework. This wasn't as easy as it sounds because I dislike label pinning and besides, I had never thought much about the funny way I write.

I found myself leaning toward the label of Humorist from the beginning because an editor said to me one time that humor is with the smile curved up and satire is with the smile curved down. But, in the interest of self-analysis and school reports I thought I should be thorough. I checked with my dictionaries.

Dear Mark: — I understand that satire is the use of sarcasm, irony or keen wit in denouncing abuses or follies and, much as I'd like to hang on to the "keen wit" idea, I will not go along with "sarcasm," so, please, do not tag me a Satirist.

My dictionary tells me that humor is the capacity to perceive, appreciate or express what is funny, incongruous, ludicrous, etc., and, of course, I think it would be wonderful to believe I have this capactiy, but it all sound terribly ponderous to me, this bit about going around perceiving and appreciating.

I thought I would have to tell you not to list me in your report, but then I remembered something an old friend of mine, Homer McLin of New Albany, Ind., wrote as a description of a humorist. H. Allen Smith quoted him in a book called "To Hell in a Handbasket." McLin said, "A humorist is a fellow who realizes, first, that he is no better than anybody else and, second, that nobody else is either."

Label me Humorist.

Glass Contains Some Paradoxes in Its Makeup

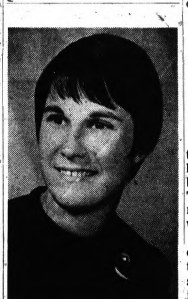
NEW YORK (UPI)—The world's oldest man-made substance probably is least understood by the millions who use it by the billions of units yearly. Glass bottles and jars, produced first 35 centuries ago, are packed with paradoxes.

★ ★ ★

The Glass Container Manufacturers Association lists these: Glass containers are transparent but are made from opaque materials. They are physically solid but chemically liquid.

★ ★ ★

They appear to be rigid but actually are elastic. In their pristine or new state, they are stronger than most steels although any abrasions of the surface considerably reduce this strength.



At a recent dinner party at Rotunda Inn, Mr. and Mrs. Charles H. Busch of Wing Lake announced the betrothal of their daughter, Elaine Marie, to Ralph George Vogan. He is the son of the Ralph C. Vogans of Middlebelt Road, West Bloomfield Township. Vows are slated Sept. 13.

To Sterilize Thermometer

CHICAGO, Ill. — Thermometers, unlike tooth brushes or hair brushes, are usually shared by all members of the family. Tow should you sterilize a thermometer so it does its job without carrying infection?

"Probably the simplest procedure for home use would be to wash the thermometer with soap and water and then allow it to stand in a 70 per cent solution of alcohol for at least 10 minutes."

★ ★ ★

This good advice comes from the American Medical Association's Today's Health which also notes that rubbing alcohol, usually a mixture of propyl and ethyl alcohols of the right strength, is suitable. Of course the alcohol should be rinsed off with water before using the thermometer.

Dry Air Damage

If your home does not have the proper humidity, it can cause the floors to separate, furniture to pull apart and pianos to lose their tone.

McCarthy, Kennedy Near Crucial TV Debate

By the Associated Press

Sens. Eugene J. McCarthy and Robert F. Kennedy meet tonight in a nationally televised debate that could make or break either man's chances in Tuesday's California Democratic primary.

How much of a boost a good showing in the debate will give the "winner" as he continues in the quest for the presidential nomination cannot be said—but it's on a lot of people's minds.

★ ★ ★

Staff people for both candidates also know how great might be the cost of a lame performance before the nationwide audience.

"If someone makes a serious slip, it's very important," said Frederick W. Dutton, one of Kennedy's advisers.

TO BONE UP

Kennedy, he said, planned to spend a few hours today boning up for the TV appearance. Tennis and swimming were also on the Kennedy schedule, apparently to send him on camera looking as relaxed as possible.

The program on the ABC network was scheduled for 9:30 p.m. on both coasts, 8:30 p.m. in the Central Time zone and 7:30 in the Mountain states.

★ ★ ★

McCarthy repeated Friday his complaint that the format of the program would not permit the kind of free-swinging confrontation he wanted.

Instead, he said, the producers set up a "friendly sort of sit-down discussion" program that was more in line with what Kennedy wanted.

SAVING DARTS

Kennedy has been attempting in recent weeks to keep from making public mention of McCarthy if at all possible—saving his darts for the third Democratic contender, Vice President Hubert H. Humphrey. But on Friday he was piqued enough to abandon this policy at least briefly.

Addressing a businessmen's group in San Francisco, he departed from his speech text to accuse McCarthy of trying to "distort me and stop me."

★ ★ ★

He took issue with advertisements boosting McCarthy that claim the Minnesotan was the first presidential contender to challenge the administration's Vietnam policy. In reality, Kennedy said, "I was the first."

McCarthy said he doubts that a loss in California would cause Kennedy to abandon his shot at the presidency.

'HE'LL REASSESS'

"I expect that even though he doesn't win here," McCarthy said, "he probably could reassess his position and find some reason to carry on."

While the two senators sparred in the California arena, Vice President Humphrey planned to go delegate-hunting today in Michigan. Michigan Democrats pick national convention delegates this weekend.

★ ★ ★

There were dark mutterings in the Humphrey organization about Kennedy and McCarthy people being in cahoots in Michigan to hurt his chances there.

Former Vice President Richard M. Nixon, leading contender for the GOP nomination seemed to be enjoying all the intramural bloodletting among the Democrats.

'FUN TO WATCH'

It's fun to watch the Democrats fight for a change," Nixon said at a party money-raising event Friday night in Atlanta.

"McCarthy talks against Bobby and Bobby talks against Humphrey and Hubert just talks," he said.

★ ★ ★

Nixon began talking two days ago about embarking on a "brand new campaign" now that he's emerged the winner in five straight primaries. And the keynote of the new campaign seems to be to loosen up and enjoy life whenever possible.

He polled those who will be with him this weekend for conferences at Key Biscayne, Fla., to find out how many preferred deep sea fishing to a quick trip to Freeport in the Bahamas in his chartered yacht. Freeport won and Nixon told the group to count on it.

Alcoa, Steelworkers Sign Key Contract

NEW YORK (AP) — The giant Aluminum Co. of America and the United Steelworkers of America have reached agreement and signed a contract which could set a pattern for the aluminum industry.

Other unions and major producers holding separate talks were unable to reach similar settlements before the midnight Friday deadline, however, and there were scattered walkouts today, although some talks continued.

★ ★ ★

The other unions, the United Auto Workers and the Aluminum Workers International Union, set up picket lines at some Alcoa and Reynolds Metals Co. plants in several states.

A steelworkers spokesman said the new three-year Alcoa pact provided an average wage increase of 55.9 cents an hour plus improved pensions, hospital insurance and unemployment benefits and a new $30-a-week vacation bonus.

PRICES GO UP

Shortly after the agreement was announced, Alcoa said it was increasing its prices effective today to meet higher labor, service and material costs. Alcoa said unalloyed primary aluminum ingot would go up one cent per pound to 26 cents and the price of most fabricated products would be increased by four per cent.

M. C. Weston Jr., chairman of the Steelworker's Aluminum Industry Council, described the pact as a "pattern-setter." He said he considered the settlement "one of the top benefit agreements in the country. This is the first time this has been done this year without a strike."

Mayor Issues Proclamation

Fair Housing Sunday — June 2

Pontiac area residents will vote on whether to uphold the Fair Housing ordinance passed in January by the City Commission on June 24. To help secure a favorable vote, the Pontiac Area Friends of Fair Housing committee was formed.

★ ★ ★

Mayor William H. Taylor Jr. has proclaimed "June 2 — tomorrow — Fair Housing Sunday."

The idea behind Fair Housing Sunday is to reach many of the people of Pontiac with the truth about Fair Housing and to dispel some of the myths surrounding this issue.

★ ★ ★

The committee promoting Fair Housing is working through one of the organizations that should be leading the crusade for equal opportunity — the church, the committee reported.

The Rev. Wayne Brookshear of St. Luke's Methodist Church and the Rev. Charles Colberg of Gloria Dei Lutheran Church are cochairmen of the Pontiac Area Friends of Fair Housing.

Members of the group have collected information from various sources on the moral, legal, economic, and social aspects of fair housing. The material was put in packets and distributed to most pastors, priests and rabbis in the Pontiac area.

CHURCHES TAKE PART

Churches participating in Fair Housing Sunday include Newman AME, Central Methodist, Aldersgate Methodist, First Methodist, Covert Methodist, Four Towns Methodist, First Christian, Bethany Baptist, First Church of God and North Oakland Christian.

★ ★ ★

Others are St. James Methodist, Auburn Heights United Presbyterian, North East Community, Macedonia Baptist, Episcopal Church of the Advent, Evangelical United Brethren, Lutheran Church of the Ascension.

Also observing Fair Housing Sunday are All Saints Episcopal, Gloria Dei Lutheran, St. Luke's Methodist, St. Michael's Catholic, St. Benedict's Catholic, St. Vincent de Paul Catholic, New Betrel Baptist, Mt. Calvary Missionary Baptist, and Mt. Olive Baptist.

★ ★ ★

Also participating are New Jerusalem Missionary Baptist, Providence Missionary Baptist, Trinity Baptist, Greater Mt. Calvary, St. James Missionary Baptist, the Church of God, South Side Church of God and Bethlehem Temple.

The committee members include Edward Avadenka, Frances Avadenka, Mr. and Mrs. William J. Flanigan, Bruce Gibson, Mr. and Mrs. Louis Guzman, the Rev. Amos G. Johnson, the Rev. Frederick J. Klettner, the Rev. Edward F. Konopka, and James Mathews.

Others are Mrs. Thomas McMillan, the Rev. A. O. Reid, the Rev. Charles Rooney, Raul Sanchez, Mrs. Thomas Sherwood and the Rev. Edmond I. Watkins.

FRIENDSHIP DINNER

Monday night women of various churches are sponsoring a Friendship cooperative dinner in Madison Junior High School. Those attending are asked to prepare a dish. Everyone is invited. For further information call any one of the following churches participating in the Friendship Dinner.

★ ★ ★

These include Congregation B'nai Israel, First Church of God, All Saints Episcopal, First Methodist, St. Michael's Catholic, St. James Methodist, St. Luke's Methodist, Gloria Dei Lutheran and Newman AME.

Others are Trinity Baptist, Macedona Baptist, Central Methodist, St. Benedict's Catholic, St. Vincent de Paul Catholic, North East Community, Baldwin Ave. EUB, North Oakland Christian and First Christian.

★ ★ ★

Also included in the group are Temple Beth Jacob, Lutheran Church of the Ascension, Mt. Calvary Missionary Baptist, St. John Methodist, Joslyn Avenue United Presbyterian and New Bethel Baptist.

CHOIR CONCERT — Mrs. Robert Burns of 112 Stout and Levi Eubanks of Detroit arrive at Macedonia Baptist Church for the final rehearsal of City Wide Choir Union before the concert at 3:30 p.m. tomorrow at Macedonia Church. Mrs. Burns is organist for the group, and Mr. Eubanks, choir director.

Pontiac Ministers Return to Churches

The Rev. Paul F. Bailey of North East Community Church and the Rev. Marvin E. Richert of Baldwin Evangelical United Brethren Church were reassigned as pastors of their congregations.

The churches are now known as the North East United Methodist Church and the Baldwin Avenue United Methodist Church.

The Evangelical United Brethren churches and Methodist Church joined conferences in becoming the United Methodist Church.

Hold Tea Hour

An open house will be held at Mount Olive General Baptist church 1196 Jislyn from 2 to 5 p.m. tomorrow. Members of the church and community are invited. The Ladies' Aid Society under the direction of Mrs. Clayton Davis will provide refreshments.

News of Area Churches

TEMPLE BETH JACOB

Students who have completed their elementary religious education will be confirmed in the faith of their fathers at the 8 p.m. service today.

The occasion falls on the Holiday of Shavuot just seven weeks after Passover and known as the birthday of the Ten Commandments.

One girl and eight boys are members of the class.

FREE METHODIST AUBURN HEIGHTS

Larry W. Dennis, director of the Dale Carnegie Course for Southeastern Michigan, will be guest speaker for the 7 p.m. worship service tomorrow in Free Methodist Church, 255 S. Squirrel, Auburn Heights.

★ ★ ★

Dennis received his education at Eastern Michigan University. He served as chaplain's assistant in the U.S. Army.

He is deeply concerned about social problems concerning alcohol, gambling and drug abuse, Pastor Henry Schmidt said.

GETHSEMANE LUTHERAN ROCHESTER

Twenty-three young people will be received into communicant membership of the Gethsemane Lutheran Church, Rochester during morning service tomorrow.

The annual congregational picnic will be held in the Southdale picnic area at Stoney Creek Park on June 9.

★ ★ ★

Cars will meet at the church, 1892 E. Auburn at 8:15 a.m., then leave in parade fashion for the park.

A church service conducted by the Walther League at 9:15 a.m. in the park will be followed by noon luncheon. There will be games for both children and adults.

FIRST UNITED METHODIST

"Why I Believe in Fair Housing" will be the theme of the Rev. Clyde E. Smith's sermon at First United Methodist Church, Judson and Saginaw, tomorrow morning.

The annual banquet honoring high school and college seniors will be held at 6:30 Monday evening. Eleventh grade students are invited. The theme of the program is "Come With Us to Hawaii." For reservations call Mrs. Robert Murphy or the church office.

★ ★ ★

The commission on education will gather at 7:30 p.m. Tuesday for the June session.

"The Bible, a Book for Everyone" is the subject for Bible study at 7:30 Wednesday evening.

FIRST PRESBYTERIAN

Dr. Eugene Pattison, assistant professor of English at Alma College, will preach in First Presbyterian Church at 10 a.m. tomorrow. His subject is "Fiery Tongues and Open Eyes."

Dr. Pattison is a graduate of Alma College and the University of Michigan.

★ ★ ★

The Chancel Choir will sing "From All That Dwell Below the Skies." Margaret Harths will present "The Love of Christ" for the offertory solo.

Pastor Galen E. Hershey will be guest preacher at Kirk in the Hills, Bloomfield Township for both the 9:30 and 11:30 morning services tomorrow.

★ ★ ★

The Senior Fellowship of First Presbyterian Church will leave for a mystery tour by bus at 11 a.m. Thursday.

PONTIAC UNITY CHURCH

"Blessed Are the Meek, for They Shall Inherit the Earth" will be the theme of Everett Dell, minister, when he speaks at the 11:30 a.m. worship service tomorrow in Pontiac Unity Church, Genesee and Huron.

Discussion and prayer are scheduled for 8 p.m. Friday.

Provide Funds for Education

The City Wide Choir Union will present its 22nd annual spring concert at 3:30 p.m. tomorrow in Macedonia Baptist Church, 512 Pearsall.

The choir union, under the direction of Levi Eubaks, consists of choirs from 12 Pontiac churches.

★ ★ ★

The purpose of the City Wide Choir Union is to raise funds to help some young man or woman financially with his or her education.

The group has appeared in concert throughout the State of Michigan.

★ ★ ★

The program will open with the choir singing "The Creation" by Richter, "Almighty God of Our Fathers" by James, "Great and Marvelous" by Farmer, "I Will Give Thanks Unto Thee, O Lord" by Rosini, and "Jesus Paid It All" by John Crape.

Other selections include "Sweet, Sweet Spirit" by Akers, "Aint Got Time to Die" by Johnson, "Praise God From Whom" by Thomas Ken, "Spiritual Medley" by Bowles, "I Shall Wear a Golden Crown" by Morris and "We've Come This Far By Faith" by Goodson.

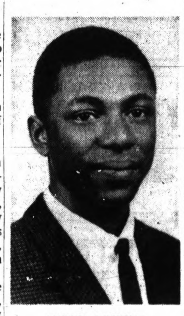
★ ★ ★

Soloists will be Mrs. Ruth Busbee, Mrs. Luella Fultz, Joe Ray, Karen Lane, Mrs. Edna Horace, and James Threkeld.

Choirs will sing "Precious Lord, Take My Hand" by Dorsey in memory of the late Dr. Martin Luther King.

Accompanists are Mrs. Peole Burns, organ; and Mrs. Marie Manning. Mrs. Johnnie Hill will welcome guests.

Mrs. G. F. Hardiman will speak briefly. The Rev. L. R. Miner is host pastor.



KEITH JENKINS

OU Student Plays at St. Augustine's

Keith Jenkins, organist at St. John Fisher Chapel, Oakland University, and a student at OU majoring in the study of philosophy, will be guest organist at the ecumenical vesper tomorrow at St. Augustine's House, 3316 E. Drahner, Oxford.

The time is 6 p.m.

Jenkins although only 19 years of age, has been playing the organ for 10 years.

★ ★ ★

He studied with Peter Smalls, organist at St. Phillip's Episcopal Church in Savannah, then later he was a pupil of Kent MacDonald of St. James Episcopal Church in Birmingham.

★ ★ ★

Included in the music for the vesper service will be organ compositions by Bach, John Cook and Sharon E. Rogers, a Michigan composer living in Birmingham.

Pontiac Press Photo by Edward R. Noble

REHEARSE SKIT — Performing at the benefit concert in Pontiac Central High School auditorium at 8 p.m. Thursday are Peter J. Marinos of 202 Cherokee and Jacqueline Washington of 498 Howland. The senior boys' and girls' ensembles will also be on the program. The concert, sponsored by the choirs of St. George Greek Orthodox and Macedonia Baptist churches, will benefit Peter and Marinos who were selected to represent their churches as members of the Youth for Understanding Chorale.

College Choir to Perform

The Brigham Young University A Cappella Choir will be in Bloomfield Hills to perform at the Church of Jesus Christ of Latter Day Saints, 425 Woodward at 8 p.m. Thursday. Tickets may be obtained at the door. Donations are $1.00.

These young people are 'on their way for a six-week tour of Europe to present their music.

★ ★ ★

The choir under the direction of Ralph Woodward, professor of music at the university, consists of 48 members, most of whom are music majors.

Not only are members outstanding singers, but fine students as well, since each member must maintain a high academic standing to remain in the organization.

The choir is heard regularly over some 150 stations in the American Broadcasting Co. network, and appears frequently on television.

ELDER SPEAKS

Elder John Longden, an assistant to the Council of Twelve Apostles of the church of Jesus Christ of Latter Day Saints, will speak at the Detroit Stake Conference held in the Bloomfield Hills Church on June 8 and 9.

The conference session is scheduled for 10 a.m. on June 9. Stake President Carl S. Hawkins of Ann Arbor said visitors are welcome.

Schedule Collegians

The Collegian Quartet of Olivet Nazarene College will sing at the Williams Lake Church of the Nazarene, Waterford Township, at 10 and 11 a.m. tomorrow.

★ ★ ★

Traveling with the quartet and speaking in the service will be the Rev. Charles Ide, executive field secretary of the college and of the Alumni Association.

Prior to his present position the Rev. Mr. Ide served as pastor in Michigan, Indiana and Florida churches.

★ ★ ★

The Collegian Quartet's program consists of gospel songs, inspirational hymn arrangements and spirituals.

The Rev. Joseph D. Biscue Jr., pastor of the host church, said members of the quartet plan to devote their lives to Christian service.

Mark Birthday

The congregation with Pastor Eddie McDonald will observe the eighth anniversary of the founding of Friendship Baptist Church with services Monday through June 9. Services begin at 7:30 p.m.

Service Sunday

Crusade to Begin

The Rev. Karl Wittman, itinerant revivalist who has led evangelistic meetings from Chicago to the Caribbean islands, Mexico and Guatemala, will conduct a revival crusade Sunday through June 9 in Evangelical Missionary Tabernacle, 2800 Watkins Lake, Waterford Township.

★ ★ ★

Evening services will begin at 7:30.

Brig. John Grindle of the Pontiac Salvation Army will cooperate as will the Rev. A. J. Baughey, pastor of the host church.

★ ★ ★

The Rev. Mr. Wittman just closed a 12-day crusade at the Salvation Army in Ecorse.

Converted during a revival led by the late Billy Sunday, he has been preaching for nearly 50 years, and built some 30 tabernacles.

★ ★ ★

Delegations from Pontiac area churches will be present every night. The Rev. Mrs. Lola Marion and her congregation of Christian Temple will be special guests Thursday evening.

Carl Walton will direct the choir and lead the singing of Gospel songs.

Ministers to Meet for 8:30 Breakfast

The June breakfast meeting of the Greater Pontiac Evangelical Ministers' Fellowship is slated for 8:30 a.m. in First Assembly of God, 210 N. Perry.

★ ★ ★

This will be the last meeting before fall.

Dr. Tom Malone of Emmanuel Baptist Church will comment on the forthcoming Open Housing Referendum. The Rev. Frank Mills will lead the meeting and speak on "Prayer."

★ ★ ★

Officers will be elected for the coming year.

Breakfast reservations should be called in by Wednesday.

Lutherans Allocate Relief to Far East

NEW YORK (UPI) — More than $200,000 for relief operations in the Far East have been allocated by Lutheran World Relief, the major relief agency of American Lutheranism.

★ ★ ★

Directors of the agency earmarked more than half the funds for Vietnam Christian Service, a three-part assistance program for refugees and other needs which involves Lutheran World Relief, as well as the Mennonite Central Committee and Church World Service.

The remaining funds were approved for a variety of assistance programs in Hong Kong, India and Korea.

A chip on the shoulder is too heavy a piece of baggage to carry through life.—John Hancock, American patriot.

At Convention

Dr. Homer J. Armstrong, minister of First Baptist Church, Birmingham, and the Rev. David M. Bishop, associate minister, are attending the 61st annual meeting of the American Baptist Convention in Boston, Mass.

REV. JOHN H. BOAZ

Foundation Assists With 200 Churches

NEW YORK — Financial assistance from the Episcopal Church Foundation in 1967 enabled 11 Episcopal dioceses in 10 states to carry forward church construction programs "needed to keep pace with the growth and vigor of their congregations," the Foundation's 1967 annual report discloses.

★ ★ ★

The assistance was provided through interest-free 10-year loans made possible by a revolving loan fund established in 1952 and now capitalized at $1 million.

★ ★ ★

Since 1952 the Foundation has loaned a total of $4 million that has aided the construction of nearly 200 Episcopal churches in the United States, the report said.

★ ★ ★

"Loans are repayable in 10 annual equal installments, and since there is usually a backlog of applications, these payments are immediately reloaned to other parishes so that the Fund's capital is in continuous working motion," the Foundation explained.

Special consideration is given to requests for "struggling" mission churches.

HOW MUCH FAITH HAVE YOU?

Do you really believe the Lord's Prayer can be answered? Will His kingdom come to earth and deliver us from evil, as we ask in this greatest of prayers?

A new novel BEHOLD, I COME AS A THIEF discusses the Second Coming and the establishment of the kingdom. It suggests that our laws bind us to evil and prevent us from loving our neighbor.

Is this the reason Jesus said "I come not to destroy the law but to fulfill" and "woe unto you also, ye lawyers?"

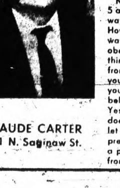
THE NEW BIRTH



CLAUDE CARTER
421 N. Saginaw St.

Born of water and of the spirit — in Acts 19:5 when they heard this they were baptized in the name of the Lord Jesus. And when Paul had laid his hands upon them the Holy Ghost came on them and they spake with tongues. V. T. and all the men were about twelve — Verse 9, but when divers were hardened and believed not, but spake evil of the way before the multitude he departed from them.

Now do you believe that way? I mean verse 5 and 6, if not, why? Do you speak evil of that way? Does your Pastor preach that way? How are you going to be saved without that way? You may think you are saved without obeying verses 5 and 6. But Paul doesn't think so — Gal. 1-8. But though we, or angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed. Now who will you believe? Paul or a preacher that is accursed? Yes, Paul said it, not me, so if your preacher does not preach Verses 5 and 6, Paul said let him be accursed. Of course you have to preach all the gospel, but you had better find a place that preaches that way. Let me hear from you.

Hazeltons at Orchard Lake

The Orchard Lake Community Church, Presbyterian will join in the worldwide celebration of Pentecost tomorrow. Pastor Edward D. Auchard will preach on "The Spirit and the Bride."

The Chancel Choir under the direction of John Tousley will sing "Behold the Righteous Perish" by Ingegneri-Klein.

* * *

The Rev. John Hazelton, a former Detroit pastor, will assist in the service.

The Rev. Mr. and Mrs. Hazelton and children Andy, Lauri and Barbara, have spent five years with the National Presbyterian Church of Mexico working in the Monterrey area.

During the past year Mr. Hazelton has been doing graduate study at Michigan State University. The Hazeltons will soon return to Mexico where he will teach in the Presbyterian Theological Seminary in Mexico City.

* * *

The family will be honored guests at the Fellowship Hour following the 9 a.m. service with Mr. and Mrs. Milo McLintock, hosts.

* * *

John Olson will preside at the Mission in the World session Monday evening, and Richard Reese will direct the Evangelism and Life meeting the same evening.

AUBURN HEIGHTS U.P.

The Sacrament of Holy Communion will be celebrated during morning worship tomorrow in the Auburn Heights United Presbyterian Church as the congregation observes Pentecost.

* * *

Young people graduating from area high schools will be recognized in the service. Pastor F. William Palmer will preach on "Take a Stand — Make It Known."

* * *

Mrs. Shelby Wagner and Kathy Graham will play an organ and piano duet.

New members will be welcomed into the fellowship of the church at a coffee hour following the service.

At 6 p.m. Youth Fellowship will meet at the church.

Young people will gather at the church at 12:30 p.m. Saturday for an outing at Edgewater Park. They will return at 6 p.m.

OLD METHODIST CHURCH CLARKSTON

Members of the Women's Society of Christian Service of Old Methodist Church, Buffalo and Church, Clarkston will hold a salvage sale from 9 a.m. to 3 p.m. on June 8.

Free coffee and cookies will be served during sale hours.

GREATER MT. CALVARY

The Rev. Robert Grant of Corinth Baptist Church, Detroit will be guest speaker at the 11 a.m. service tomorrow in Greater Mt. Calvary Baptist Church where the Rev. Thomas Holt Jr. is pastor.

* * *

The Rev. Alvin Hawkins and congregation of Liberty Baptist Church will be guests at the 3:30 p.m. program.

* * *

At 7:30 p.m. members and choir of Greater Mt. Calvary Church will visit St. James Missionary Baptist Church for the service honoring the St. James Church pastor, the Rev. V. L. Lewis.

Young Men Leave Monday

Robert Mills and Richard Farrand, young men of Five Points Community Church, will leave Monday to serve as summer missionaries in Colombia, South America.

They are sponsored by the congregation of the Five Points Church, 5311 E. Walton.

* * *

While in Colombia Mills and Farrand will serve under the Evangelical Union of the South America Mission Board.

A graduate of Rochester High School in 1966, Mills was captain of the basketball team in his senior year and a member of the varsity baseball team. He served as coach of the church basketball team.

Mills has completed two years at Oakland University and will return in September to continue his education.

IN 1967

Farrand was graduated from Rochester High in 1967. Cocaptain of the baseball team in his senior year, he played cornet in the school band for three years and attended Interlochen for two summers.

Farrand has completed one year at Michigan Christian College. He will continue his education there upon his return in September.

* * *

Both young men will speak at the 6:30 evening service tomorrow. The church will honor Mills and Farrand with a reception following the service. The public is invited.

DEAN SPEAKS

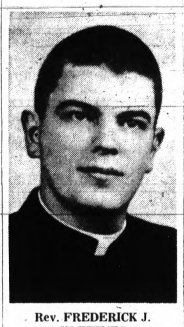
Dr. William A. Bellvier, interim president and dean of education at Detroit Bible College, will be guest speaker at 11 a.m. tomorrow.

The 5:15 p.m. youth hour will feature the filmstrip, "Campus Countdown." This is a dramatic presentation of the unusual blessing of God on the ministry of approximately 600 staff and students at Berkeley and the University of California.

* * *

It concerns a two-week convention sponsored by Campus Crusade for Christ International.

The 6:30 p.m. service will recognize students going away for summer missionary service.



Rev. FREDERICK J. KLETTNER

Pontiac Pastors Choose President

Chosen president of the Pontiac Pastors' Association for the coming year this week was the Rev. Frederick J. Klettner, an assistant pastor of St. Vincent de Paul Catholic Church.

The Rev. Robert Secrist of St. James Methodist Church was elected vice president; the Rev. Frederic Williams of the South Side Seventh-day Adventist Church, secretary; and the Rev. Ottis Burgher of First Church of God, treasurer.

* * *

Named to the program committee were the Rev. Clyde E. Smith of the First Methodist Church; the Rev. James Wysocki, an assistant pastor of St. Michael's Catholic Church, and the Rev. William Offutt, associate pastor of Bethany Baptist Church.

Guests Arrive From Buffalo

The Rev. Sonny Motley of King Solomon's Holiness Church in Buffalo, N.Y. will be the speaker for the 11 a.m. service tomorrow in Antioch Missionary Baptist Church, 351 Prospect.

The Gospel High Tones of Buffalo will present a concert of sacred music at 3 p.m. in the church.

The art of living lies not in eliminating but in growing with troubles.—Bernard Baruch, adviser to U.S. presidents.

Baldwin announces an offer too tempting to resist.
We're resisting the temptation to tell you all about the magnificent sound of a Baldwin church organ.
Instead, we're going to tempt you with a free trial offer of a Baldwin in your own place of worship. We'll lend you one of our church organs over a weekend. (And if you're building, we offer a free acoustical survey.)
We think you'll be delighted.
Because with our mighty organ at your service, the very rafters will sing.
More important, so will the congregation.
Just call FE 4-4721 and ask for our organ department.
This offer is without cost or obligation.
But if you want to put in a good word for us.
We'll appreciate it.

Cong Hold Out in Saigon Area

Planes Hit Reds on Other Side of Capital

SAIGON (AP) — About 30 or 40 Vietcong held out in the heart of Saigon's Chinese section today against South Vietnamese troops and American recoilless rifles which blasted enemy-held buildings into rubble.

* * *

A somewhat larger force attacked when U.S. and South Vietnamese police shifts changed at 4 a.m. But some of the guerrillas slipped out when the government declared a 20-minute truce to allow several hundred refugees to flee the embattled five-block-square area in southwestern Saigon.

* * *

South Vietnamese warplanes attacked guerrillas menacing the opposite side of the capital. They bombed and strafed housing areas 2½ miles northeast of Saigon's center. Civilians had abandoned the area after the guerrillas moved in.

* * *

The enemy had made the deepest penetration into the city of their third wave of attacks on Saigon, which began last Saturday. The main battle area was about three miles west of the presidential palace and military reports said snipers had moved to within a mile of the palace.

133 REPORTED KILLED

Government troops reported killing 133 enemy soldiers in the last 24 hours in Saigon. Government losses were reported as 18 killed and 57 wounded.

In Cholon, a U.S. 57mm recoilless rifle team fired nearly 100 rounds, smashing enemy firing positions and blasting more than a score of stores. But the Vietcong kept up a volley of grenades and machine-gun fire against advancing South Vietnamese rangers.

* * *

Firemen braved sniper fire in efforts to control blazes in about half a dozen buildings in the prosperous Chinese section.

Government troops were seen looting stores of food.

* * *

On the northeastern edge of the city, Associated Press photographer Henri Huet reported that South Vietnamese marines assaulted the bottom floor of a villa which had been held by about 40 guerrillas despite government troops occupying the upper two floors.

The marines found the enemy troops had slipped out in the night and were firing from new positions in a treeline 100 yards away.

Shooting Case Sentencing Set

The sentencing of a Pontiac man for the shooting of a woman last September was scheduled for June 13 by Oakland County Circuit Judge Arthur E. Moore yesterday.

Samuel Threets, 40, of 126 Raeburn pleaded guilty to a lesser charge of assault with intent to do great bodily harm as he was about to stand trial for assault with intent to murder.

* * *

Threets faces a prison term of up to 10 years in the Sept. 2 shooting of Mary Pryor of 210 E. Wilson. She was wounded four times.

When police arrived at the scene they reported finding her lying in the street across from her home. Threets turned himself over to police three days later.

City Teen-Ager Reports That Youth Raped Her

A 16-year-old Pontiac girl told police that she was raped by a youth at his apartment last night.

The suspect, 18, is in custody.

* * *

The victim told officers she was visiting the youth's apartment in company with a girlfriend when the suspect locked her friend out and raped her about 10 p.m.

The suspect was arrested about 4 a.m. today, shortly after the victim and her parents contacted police.

* * *

Officers said they are continuing the investigation.

Parke, Davis, Doctor Sued for $1 Million

A Bloomfield Township attorney who became paralyzed, allegedly after being injected with polio and influenza vaccines, yesterday filed a $1-million damage suit against Parke, Davis & Co. and a Bloomfield Hills doctor.

L. C. Burch, 1400 Echo Lake, contends that the Detroit pharmaceutical firm and Dr. Harold R. Roehm, 970 Lone Pine, were negligent in their responsibilities. The suit was started in Oakland County Circuit Court.

* * *

They failed to warn him of the dangers and the risks involved when the vaccines were mixed, according to the suit.

Burch was hospitalized for nearly four months at University Hospital in Ann Arbor shortly after being inoculated in October 1966, according to his attorney, George A. Jones of Detroit.

* * *

Parke, Davis, he said, did not provide precautionary warnings or advice as to the effects and side effects of the vaccines given as separate inoculations or in combination.

The case was assigned to Judge Philip Pratt.

No Fancy Stuff

SEATTLE, Wash. (AP) — Two off-duty firemen were on their way home from a fire science technology class when a fire broke out in their car. Did they use their new knowledge? Donald Hamilton said, "We grabbed the stuff burning in the glove compartment and stomped on it."

Uses for Liquid

NEW YORK (AP) — The Radio Corp. of America says its research has learned that a thick liquid composed of tiny crystals sandwiched between two plates of glass can be used in a new type of electronic display, and could result in such things as home television screens "no thicker than a slice of bread."

GLENWOOD PLAZA— NORTH PERRY STREET CORNER GLENWOOD

Special 'The Actor' Will Have Encore Sunday Afternoon

"The Actor," an ABC News color special probing the unique characteristics of that extraordinary vocation, will be rebroadcast on Channel 7 Sunday at 4 p.m.

Sir Alec Guinness, the noted British star, is narrator and conducts a tour of the London theater from the West End to the music halls of the East End.

He will discuss the trials, hardships and triumphs of the stage with some of the most illustrious names of the English theater.

The distinguished cast includes directors Joan Littlewood, Peter Brook and Sir Tyrone Guthrie, playwright Harold Pinter, actors Sir Donald Wolfit, Nicol Williamson and Peter Bull, and Joan Plowright, actress-wife of Sir Laurence Olivier.

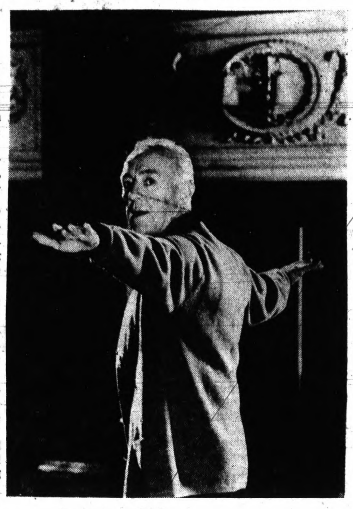
They will comment on the actor as a member of a special "race" with its own community and folkways.

Executive producer James Fleming has assembled an equally impressive production team.

It includes writer-critic Kenneth Tynan, the literary manager of Britain's National Theatre, as script writer, and director Leon Gluckman of "Wait a Minim!" fame, who served as entertainment producer for ABC News' widely acclaimed special, "Africa."

"The Actor" was telecast originally March 15, 1968. The music was composed and directed by Robert Prince.

Village Is Idyllic ---but It's a Prison for Its Residents



It has the appearance of an idyllic vacationland—quiet and rural with sea and sand and mountains nearby. Beneath this tranquil exterior, however, The Village exists as an isolated prison without bars for all its inhabitants — a totally self-sufficient community.

The Village is the locale for the new summer adventure-drama series, "The Prisoner," starring Patrick McGoohan, which premieres tonight (7:30-8:30 p.m.) in color on Channel 2.

"We purposely made The Village a handsome place," says McGoohan, who also is executive producer and creator of the series. "The obvious beauty and charm of the community made it seem even more incongruous that it functions as a sinister collection point for enemies of those who rule it."

The Village is on a hilly peninsula, isolated by a range of mountains, dense forests and the sea. It has shops, cafes, a hotel, telephone exchange, taxis, entertainment of all sorts and even a town council.

"All these," says McGoohan, "are diversions from the absolute fact that escape is impossible for the residents.

"This, in turn, has created two kinds of inmates — those who have accepted their confinement and enjoy life as it is, and those, like 'The Prisoner,' who continually strive for the free life from which they were abducted.

"But they are prisoners and are constantly reminded of their station by persistent electronic surveillance and the presence of a castle which serves as a conditioning center to break down any rebellious ideas."

Charlie Company Survives Savage N. Viet Assault on Hill

DAK TO, South Vietnam (AP) — "Yeah, I know where Charlie Company is," said the grimy soldier. He jerked a thumb toward a scarred elevated clearing. "It's on top of that hill . . what's left of it."

Charlie Company was there, 53 men. Around them lay the bodies of 102 North Vietnamese.

★ ★ ★

The savage assault of the hill here in the central highlands near the Laotian border began at sundown. When the bitter, often hand-to-hand, fighting ended, the hilltop was strewn with dead North Vietnamese and stained with the blood of many Americans.

Lt. Thurman Pike of Raleigh, N.C., recalled the long night as the company from the 4th Infantry Division held off an estimated 500 enemy soldiers.

9 DIRECT HITS

"We had the slope over there," he said. "Two of my forward bunkers took nine direct hits each with rockets. They (the enemy) took the first bunkers, then came up the trenches toward our bunker. They were coming in one door as I was going out the other."

★ ★ ★

The North Vietnamese used sapper teams to blast through the encircling barbed wire and claymore mines on the forward slope. Then they dug trenches up to a small shelf of land below the bunkers, and from there they fired the rockets.

★ ★ ★

One rocket scored a direct hit on a machine gun in the forward bunker, killing two GIs and injuring everyone else in the bunker.

When the enemy had seized five bunkers, 1st Sgt. Melvin Hewitt of Portland, Ore., helped lead a countercharge. As he crouched in a trench crowded with other men, an enemy grenade landed in his lap.

"There were a lot of other guys around," Hewitt said. "I dropped the grenade and jumped on it with both feet and it went off."

★ ★ ★

Hewitt is in a hospital with both his feet shattered.

Lt. Pike said the enemy assault group "got to bunker nine but couldn't move beyond because there weren't any more connecting trenches. Every time one would pop his head up we'd zap him."

★ ★ ★

"We had to call the artillery right in on those bunkers, but by morning there were still about five of them in there."

Two North Vietnamese were killed when a GI rigged an explosive to a five-gallon can of gasoline and pitched it inside the bunker.

Another youth from New York explained: "He's from the block, you know. You learn stuff like that on the block."

★ ★ ★

Many survivors felt special grief for a young trooper who had one narrow escape before he was killed.

"The guy had been on a patrol over on that ridge," Pike said, "and was caught in an ambush with seven other guys. He had to call in air strikes right on his position to keep the enemy back. When he got out he told us he had just celebrated his 18th birthday but he felt 105.

"Now he gets shot up here. Makes you wonder sometimes."

By OSWALD AND JAMES JACOBY

We could discuss the bidding of today's hand for hours and still have more to say. South overbid a trifle when he pushed to the slam but we can't blame him much. Perhaps North should have bid three no-trump instead of three hearts.

JACOBY

In that case South could have bid four no-trump as a no-trump raise instead of a Blackwood request for slam. The hand would have to think again.

A third heart lead would drop the ace but South could not see his opponents' hands. He decided that hearts would not break but clubs would, so he came to his hand with the king of diamonds, led out his last high club, and lost his slam.

South looked over the dummy and saw that he needed the club finesse if he wanted to make six no-trump. Therefore he won the spade lead with dummy's ace and took that finesse. It worked and South was ready for the next step.

He cashed a high club to see if the queen would drop. It didn't, so he went after hearts. There would always be time to get back to the clubs.

* * *

All this had taken enough time for East to visualize South's whole problem. East was sure that South held the king of spades. Obviously South was counting on three spades and two diamonds and would need seven tricks in hearts and clubs.

Assuming that South had 2-2-3-6 distribution it would be a give-up play for East to take his ace of hearts right away, so East ducked.

* * *

Of course, East had done all this thinking early. Had he gone into a deep trance before ducking South would have known where the ace was. South returned to his hand with the king of spades and led a second heart. East ducked for the second time and South had

What do you do?

A—Bid one club. You aren't quite strong enough to open with two but you do want to make a bid that is unlikely to be passed all around.

TODAY'S QUESTION

You bid one club and your partner responds one diamond. What do you do now?

Archaeologists Get Reprieve

Miner Gives Scientists 30 More Days to Dig

YERMO, Calif. (AP) — Archaeologists are back at work uncovering evidence of ancient man's presence in this arid land with a 30-day reprieve.

A miner, Glenn S. Gunn, who holds claims to the barren Mojave Desert site of the diggings had given the scientists until sundown Friday to leave, but said later, "We'll have it worked out in 30 days."

★

The researchers are working to prove that rock fragments taken from 20-foot-deep pits in the Calico Mountains, 10 miles east of Barstow, are Stone Age tools which may date back as far as 120,000 years, or that the fragments show evidence of being worked by such tools.

This would be the earliest evidence of man's existence in the Western Hemisphere.

Dr. Louis S.B. Leakey, discoverer of the earliest known human remains, supports their contention. He has said the findings are "unquestionably the result of human activity."

But the first problem for the scientists is to remain at their diggings long enough to further substantiate their find.

★ ★ ★

Gunn says the excavation work is complicating attempts to complete negotiations involving part of his claims and is keeping him from mining bentonite, a rare earth. After granting the deadline extension, Gunn expressed certainty that an agreement could be reached to allow the scientists to remain at the digging site.

Asst. U.S. Atty. Thomas Coleman said his office was ready to assist the archaeologists by seeking an injunction to prevent any action endangering the diggings. The land is federally owned and the researchers are working under a federal Antiquities Act permit. Gunn has held claims on the land since the early 1950s.

Although all the specimens, notes and records had been removed from the site Friday in case the scientists were ordered to pull out, work continued until the normal quitting time.

THOMAS J. LEWIS

Urban League Post Goes to Ex-City Man

Thomas J. Lewis, a 1963 graduate of Pontiac Central High School and former Pontiac resident, has been appointed director of community services for the Grand Rapids Urban League.

Lewis attended elementary and high school in Pontiac and will graduate this summer from the University of Michigan with a bachelor's degree in psychology and education.

For the past 2½ years he has been a youth leader at the Grand Rapids YMCA. He has been a volunteer in membership drives of the NAACP, and is youth director of the Bethel Pentecostal Church in Grand Rapids.

Pontiac Div. Exec Retires

A Bloomfield Township man, Harry C. Pratt, 491 N. Fox Hill, retires today as director of dealer organization and field analysis for Pontiac Motor Division. He held the post for 10 years.

Pratt, a 31-year Pontiac veteran, joined the division as a district manager in Albany, N.Y., in 1937. The following year he moved to the same position in Buffalo and remained until 1946, taking time out to serve in World War II.

PRATT

★

He became parts and accessories manager in Omaha, Neb., in 1947, was promoted to assistant zone manager in New York two years later and the next year became zone manager in Buffalo.

By 1955 he moved to Los Angeles, Calif., as zone manager. The following year he was promoted to Eastern regional manager in New York. He accepted his most recent post at the central office in 1958.

★ ★ ★

Pratt and his wife plan to retire to the Catskill Mountains in New York state.

Greta's Husband Can't See Her See-Through Blouse

By EARL WILSON

NEW YORK — When the see-through blouse commotion started here, curvy Greta Thyssen, the blonde Swedish traffic stopper, decided to leap right in, because that fashion seemed to be made for her and she seemed to be made for that fashion.

WILSON

Greta is one reason that many New York men have taken up walking. She may not be known to all the outside world, but when she walks down our streets in her thigh-high mini-skirts, truck drivers and cabbies jam on brakes and smile and whistle.

★ ★ ★

Came the day when Greta was going to wear her see-through.

"Do you think it's all right for me to wear one to the March of Dimes committee meeting?" she asked the chairman, who happened to be me.

"How can anybody say no?" I answered. And I printed that she would be attending thus unattired.

It turned out to be one of the biggest committee meetings any committee ever held, but Greta didn't come in a see-through.

"I chickened out," Greta confessed the other afternoon.

She was sitting in her apartment, all pink-carpeted and with pink chairs and pink cushions, and paintings on the wall that she had done herself — mostly of nude very busty women, but one of Cary Grant whom she used to date.

"Actually I guess it was because of my husband who disapproves of it," Greta said. "He finds it to be undignified for a married woman. So I wore the next best thing, a one-shoulder dress that looks like a nightgown."

Greta's handsome and personable husband, Ted Gunther, a prosperous engineer had scored a point that may become a precedent in other homes where there are wives who wish to be seen-through.

GWCC Asks 8 Candidates

The eight candidates for the Waterford School District Board of Education have been invited to appear at a meeting of the Greater Waterford Community Council Tuesday at 8 p.m. at Pierce Junior High, 5145 Hatchery.

Candidates for the June 10 election will be asked how they stand on such issues as deficit financing, teacher contract negotiations, taxation and teachers' pay. Each will be asked to explain their qualifications.

Guest speaker for the evening will be Jerry St. Souver, assistant in the county prosecutor's office, who will discuss the drug abuse problem.

Bus Driver Wins Letter

ST. LOUIS (AP) — At 54, Kenneth Dieckmann has won his high school letter.

★ ★ ★

Dieckmann drives a bus to transport Roosevelt High School students in South St. Louis. Forty-five students surprised him Friday with a party and a sweater emblazoned with an "R."

The school then awarded him a certificate for outstanding service.

"PLANET OF THE APES" is an enthralling thriller ...a science fiction mind-bender, hypoed by the tingling realism of the camera work and the action sequences. Extraordinary photography giving a chill of suspense...a new frightening perspective!"—Kathleen Carroll, New York Daily News
"SCIENCE FICTION WITH A REAL STINGER IN ITS TAIL. A startling reversal of things as we know them on earth. Evolution has turned out differently. The great apes are in charge; mankind is regarded as speechless, brainless primitives who overbreed, must be periodically hunted in order to reduce their numbers, and supply a kind of sport. There is a shocking commentary on the destiny of this earth, making this a picture that could focus more self examination than most science fiction. Fascinating, imaginative, and painstakingly produced."—Archer Winsten, New York Post

Father to Get Chair in Children's Deaths

FORT MYERS, Fla. (AP) — An illiterate fruit picker was sentenced to death in the electric chair Friday after being found guilty of first degree murder in the death of his oldest daughter, one of seven children who died of insecticide poisoning.

An all-white jury of 11 men and one woman found James Richardson, 31, guilty of sprinkling a lethal dose of parathion in a meal of hogs head, beans, rice and peas eaten by his seven childen.

★ ★ ★

After the guilty verdict was handed down without a recommendation of mercy in the death of 8-year-old Betty Jean Richardson, the Negro fruit picker was charged with murder in the death of his second child, Susie.

"You shall remain in the state penitentiary until you shall be put to death," said Circuit Judge John Justice.

BEWILDERED LOOK

The eyes of the 145-pound defendant darted from left to right in a gaze of bewilderment he wore during most of the week-long trial.

"Oh, lawdy! Oh lawdy! no! no! not that!" shrieked a neighbor woman who pushed through a courtroom crowd to the lobby where Richardson's wife, Annie Mae, already was crying over the verdict.

★ ★ ★

The cries of Mrs. Richardson and friends and relatives echoed through the halls of the Lee County Courthouse. Later, wearing an old silver and blue brocade dress, Mrs. Richardson was helped to a car for the ride back to Jacksonville.

She has lived there with her mother and worked as a baby sitter since Richardson was jailed to await trial.

WALKED TO JAIL

Richardson, wearing handcuffs over the sleeves of the white sport coat he wore every day of the trial, was walked across the street to the county jail. He is expected to remain there at least until his attorneys file a motion for a new trial, which could take as much as 15 days.

State Atty. Franky Schaub said Richardson stayed up until 4 a.m. on Oct. 25, 1967, to lace food the children were to eat that day with the deadly poison.

★ ★ ★

By 5:30 a.m., Oct. 26, Betty Jean, 8, Alice, 7, Susie, 6, Doreen, 5, Vanessa, 4, Dianne, 3, and James Jr., 2, were dead.

Richardson's attorney James Robinson of Daytona Beach, said, "We will take it (the case) all the way to the United States Supreme Court, if necessary," in search of a reversal.

Portable Tax Collector's Chest

In Modern Room

Antique Stirs Conversation

By JODY HEADLEE
Home Editor, The Pontiac Press

"I'm not interested in antiques as such," said Mrs. William Bailey of Waterford Township. "But I do like pieces that blend with modern styles."

Such an antique is the conversation piece in the Bailey living room, a leather-covered tax collector's chest dating back to the reign of Charles II.

★ ★ ★

"Notice," said Mrs. Bailey, "the 13 drawers, one for each of the 13 colonies. Three large drawers probably were used for Massachusetts, New York and Virginia."

The chest with its original decorative painting and nailhead trim folds into a compact trunk-like container on a hand-carved gargoyle base.

SATINWOOD TRIM

Inside is an intricate pattern trim of inlaid satinwood. The King's representative would set up shop, collect the taxes from the colonists, then fold the chest; load it on the stagecoach and be off to the next village or town, according to Mrs. Bailey.

In a predominately modern room, the chest represents an exciting change of pace, sure to provoke conversation from all who enter.

To contrast the room's white-walled background, Mrs. Bailey selected a sculptured royal blue carpet. The shell-back lounge chair, sofa and chair and ottoman duo are all covered in a quilted contemporary floral.

The fabric, with its shades of blue, emphasizes the carpeting and introduces into the color scheme gold, green and white.

FOLLOWS MODERN VEIN

An antiqued-white pedestal cigarette table serves the sofa. It is topped by marble.

In the nearby family room paneled in walnut, Mrs. Bailey continues to follow the modern vein. Before the room's royal-blue antique satin draperies stands a deep blue, pillow-back chair. Lighting the chair is an oriental figurine lamp on a walnut steptable.

★ ★ ★

The raised hearth fireplace dominates one corner of the comfortable room. A wicker floor chair is pulled up to the hearth for fire watching on cool spring evenings.

White walls are used again in the dining-kitchen area. A massive dried arrangement from Arizona fills the room's terra cotta container with cactus flowers and date fronds. Marbleized glass of silver and aqua adds a decorator's touch to the framed lavabo planter.

TRADITIONAL COMFORT — Even those who favor contemporary styling are likely to admit the comfortable charm of the traditional features incorporated in the exterior of this three-bedroom ranch. Everything seems to fit together without any jarring architectural note.

This Ranch Features Sunken Living Room

Traditional in appearance, with an air of warmth and comfort, this ranch would be an attractive addition to any community in any part of the country.

* * *

The exterior tastefully blends walls of hand-split shingles with a touch of brick veneer, both in harmony with a long ridge roof line divided to relieve the monotony of a straight profile.

* * *

The louvered cupola, massive cement-topped chimney and diamond-paned box bay window in the garage all seem to fit naturally into the picture of a home that breathes hospitality.

* * *

Speaking of the garage, note that it juts out from the left side of th house, with the driveway running parallel to the main structure.

DIMENSIONS UP

This raises the overall dimensions to 74' by 66'8", but a considerable part of the depth figure is due to the placement of the garge. Actually, much of the space is occupied by shrubbery and other landscaping.

A covered, long portico leads to the centrally-located entranceway and foyer. The latter combines spaciousness with a convenient starting point for traffic flow.

* * *

Directly to the rear of the foyer is a sunken living room, the two being separated by a wrought iron rail.

Featured in the living room is a large picture window unit set in a box bay.

* * *

To the left of the living room is the formal dining room, with a wrought iron rail again acting as a divider but without cutting the open view of more than 32'.

FAMILY ROOM

To the right of the foyer, architect William G. Chirgotis has placed a wood-paneled family room with a brick-faced fireplace that is visible almost immeciately after entering the front door.

* * *

While the family will like this room, it is Mom in particular who will love the kitchen layout. Over 23' long and equipped with the most modern appliances, it has a world of counter and storage space, plus a dinette area large enought for all day-to-day meals rather than for breakfast only.

* * *

This means that the regular dining room need be used only for formal affairs and special occasions.

* * *

Besides the window over the kitchen sink, there is a large window area in the dinette section.

Between the kitchen and the garage is the laundry room, which contains a pantry closet for the storage of canned foods as well as cleaning supplies and equipment.

TWO DOORS

The laundry room has two doors, one leading to the outdoors and one to the garage.

The bedroom wing is at the right side of the house. The two rear bedrooms, with the main bathroom between, will accommodate most furniture arrangements.

* * *

The master bedroom, also with excellent wall space, has a dressing area with two spacious closets, one of which is a walk-in of considerable size.

* * *

Thre is also a vanity with full-length mirror. The master bath is fully tiled, with a glass-enclosed stall shower.

* * *

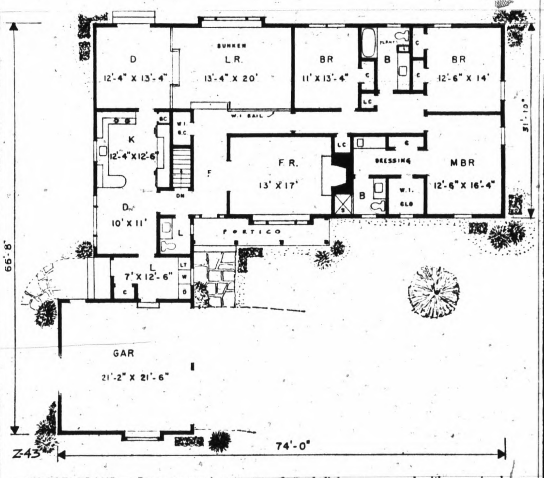
The plans call for a full basement, which could be used for a recreation room and a workshop in addition to the necessary uilities.

But even without this space, there are 2336 square feet of habitable area for a family oriented to ranch house living.

Z-43 STATISTICS

Design Z-43 has a sunken living room, dining room, kitchen - dinette combination, three bedroom, 2½ baths, a family room, foyer and laundry room, with a habitable area of 2336 square feet.

The over-all dimensions are 74' by 66' 8", which include the two-car garage, driveway and front lawn. Entrance is via a large covered portico.



FLOOR PLANS — Long open views are much in evidence here, with only wrought iron rails dividing the living room and the formal dining room, and with an extra-long kitchen which permits a considerable part of it to be used as an informal dining area.

In the psst 10 years, the number of gas-fired central heating units in homes throughout the nation increased from over 9 million to more than 18 million.

Try Fence for Storage, Privacy

One of the slickest tricks to come along recently is the storage fence, a great two-in-one structure that gracefully marks property lines while providing a garage for the rake and lawnmower.

★ ★ ★

It's literally a fence with an attached tool house that functions and appears as part of the fence. they're built in all shapes, sizes and styles, limited only by the homeowner's imagination.

Although size is determined largely by available space, it's smart to stretch for every inch possible because a storage fence quickly becomes a favorite stashing spot for all manner of things. Even snow tires and paint supplies may sneak in.

Try for a minimum three-foot depth and 12-foot length, and there'll be room for virtually every piece of garden gear, wheelbarrow to sacks of fertilizer.

★ ★ ★

Inside, hooks care for the small implements and shelves take packaged pesticides and weed killers. One shelf, made of two-inch-thick planks can be built at a 30-inch height, 18 inches wide and three feet long to serve as a work bench.

BASIC FEATURES

Several features are basic to construction of the storage unit, including double doors that let heavy equipment roll through easily. Standard stud walls are the best choice, sheathed then covered with solid lumber siding to give contents full weather protection.

A finished interior helps, too, not only adding another layer of protection but also presenting a clean, neat appearance that inspires orderly use and care of equipment.

For a quick interior treatment, nail up rough boards — cedar, fir or pine. No finish is needed, but a coat of semitransparent stain in a golden beige shade pleases the eye and keeps the unit's interior sunny looking.

★ ★ ★

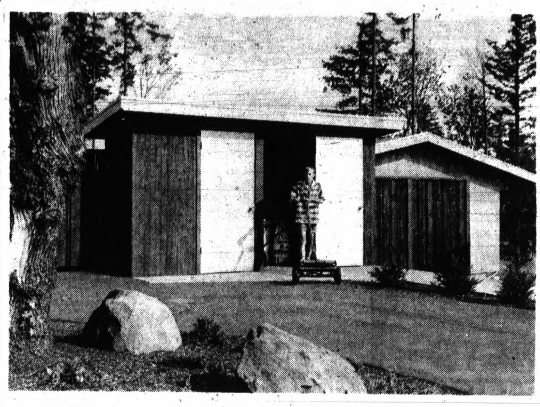
A sloped, shingled roof with gutter and downspouts helps insure a tight, dry interior. For the floor, concrete should be poured over a vapor barrier.

Where to locate a storage fence? Think first of ready accessibility but also consider its use as privacy screening along side yards or near the patio.

Style-wise, clean contemporary lines are easiest to handle and are entirely complementary to any type of house. A semi-transparent stain on resawn cedar siding and fence boards means top appearance with minimal maintenance.

★ ★ ★

Nearly any pattern works well for a storage fence. Just be sure that both storage unit and fence are either a horizontal or vertical pattern. A good one combines vertical tongue-and-groove siding with a vertical board fence that alternates 1x6s with 1x2s.



EFFICIENT—Storage space and privacy for the yard were attained when this storage fence was built. Structure has 1x4-inch knotty western red cedar siding, with 1x6s and 1x2s alternating for fence pattern. Stain is charcoal. Shelving and hooks inside keep equipment, supplies neat and accessible.

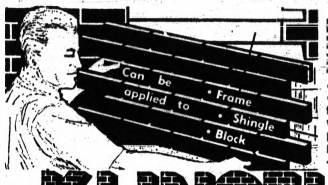
WHAT IS KLINGELHUT FACE BRICK SIDING?
It is the Multi-Purpose Brick Siding that does so many jobs—BETTER



Klingelhut brick is genuine, individually made, kiln-fired brick of standard dimension except that it is ½ inch thick. It is bonded to ½ inch insulating panels by an exclusive process developed by Klingelhut. This produces an insulating combination equal to 4 inches of blown-in insulation—or 4 feet of solid brick.

• Gives year-round insulation • Reduces fuel costs • Beautifies your home, increases its value • Resists fire • Ends repair and maintenance bills — no painting • Economical to install

Plumbing Problem ---Chattering Pipes

"If it isn't one thing, it's another," said the man whose kids finally stopped talking back to him but who found himself facing a similar problem with his plumbing.

Talking water pipes are especially common in older houses, where any one of a dozen causes can bring on chattering, hammering, whistling, rumbling and assorted other noises.

Besides being annoying, each sound is symptomatic of an ailment that should be treated before it gets worse and eventfully results in a major repair bill.

Whether you correct the condition yourself or call in a plumber depends on the extent of the trouble, how handy you are and whether your local code permits a nonlicensed person to fool around with pipes carrying water. In any case, it will help you to know the possible causes of the particular noise in your plumbing system.

★ ★ ★

If you hear a kind of bang that sounds like someone has hit a pipe with a hammer — and it occurs when a faucet is shut off suddenly — it usually means that air chambers or shock absorbers are needed. Or there may be excessive water pressure, a condition that can be corrected with a pressure-reducing valve.

If, when the faucet is turned on partly, there is a whistling or chattering sound, the faucet washer may be loose, the entire assembly may be worn and need replacing or one of the pipes may be inadequately supported.

Check the washer and the assembly. If they seem okay, search along whatever beams and studs are visible until you find a point at which the pipe does not seem to be supported.

Sometimes you will note that a suspension strap or hanger has come loose.

When the hot water is turned on and there is a rumbling usually in the area of the water heater, it may be that the water is too hot.

Turn down the control to between 140 and 160 degrees and see what happens. If that doesn't work, there may be a malfunctioning of the heater, in which case you'll have to call a plumber.

A sucking noise when water rushes down a sink or tub drain indicates a clogged vent, a lack of a vent or an improper vent.

An antisiphon trap sometimes will end the noise, but some community codes insist on proper venting even if a tap is used.

With the Integrated Circuit

A Revolution Hits Appliances

Homemakers are giant steps closer to home appliance Utopia.

The silver lining that glimmers on the horizon, is threaded with gold — the tiny strands that go into the "integrated circuits" that are scheduled to revolutionize major home appliances.

For one thing, you can kiss the appliance service boys goodbye. They won't be necessary when the ICs," integrated circuits, begin to police appliances — within the next three years, says F. Rydor Amthor, product planning director, Consumer Group, Westinghouse.

It isn't that people don't like servicemen — it's the fuss, expense and inconvenience of it all.

* * *

But now the "ICs" will take over, tidying the mysterious innards of washing machines, television sets and other appliances so that complaints can be registered on a trouble board.

SPACE PROGRAM

ICs are already performing such feats in laboratories, and have been used in space craft programs. They will go to the moon in a camera and to sea in a sonar submarine — detection system.

They are an outgrowth of a U.S. Air Force and Westinghouse venture in molecular electronics that was begun in 1958. Now larger chunks of the output will be released to industry and consumer.

"When a television set requires servicing, a light will go on or off indicating which circuit board is at fault. It can be removed, taken to a store and exchanged for a new one," Amthor explains.

* * *

For example, the present mechanical control on a clothes washer out of warranty costs about $35 to replace because of its complexity, he points out.

"But if we could use a simple timer, inserting an integrated circuit board for the time of the cycle we want, we could make the unit dependable and flexible."

Washing machine service problems have decreased in recent years so although the washing machine will be simpler to integrate than hog down with use and require television sets, the video unit will get priority because of its universal acceptance.

* * *

"That's what really makes this an evolution, explains Amthor, "the ability to combine complex circuits in a small area and do it cheaply. This can be done either with a chip (silicon about the size of a letter o) of hybrids, a combination of chips and thick and thin film circuitry . . . "

VACUUM TUBE

We have come a long way in the progression from radio's vacuum tube, the first step in controlling the flow of electronics in electrical circuits.

There are the transistors and solid state devices such as one finds in many radios, phonographs, small and large appliances. The new integrated circuits combine advantages of transistors — long life and low cost — with compactness, an IC with its transistors, resistors, capacitors, diodes and connecting wires can go into a space that is smaller than that required by a single transistor.

It's a happy thought that we will never run out of the silicons — rocks and sand from beaches.

* * *

But will women get these space-age appliances when they are marketed?

For example, women seldom buy dishwashers, points out Amthor. They have some sort of guilt feeling about the whole thing. But when they move into a home that has all major appliances and they are asked which is the last they would give up, it is the dishwasher.

So, they are dependent on the builder's choice of appliances. Right now, there are controls in transistor and solid state applications in major appliances that minimize repair problems but "70 per cent of electrical major appliances are bought by builders, who choose minimum cost items," points out Amthor.

This may even be the situation when these spectacular space-age appliances are marketed.

And as homemakers know, appliances get costly when they constant servicing.

Solar Room Accents Fun

"Solar room" may be rather a fancy heliocentric description for something that looks very much like the old screened porch, but such a room does offer touches of the sun resorts that Grandmother and Grandfather never knew as, rocking away, they watched the neighbors.

The solar room provides the airy comforts of outdoor living without the discomfort of bugs, burning sun of inclement weather.

Principal difference from the old-fashioned porch is a translucent fiber glass roof that filters out those sunburning rays. The result is a pleasantly sun-lighted place, enclosed by screens in summer, glass in colder weather.

Furnishings and plants can help create the atmosphere of an "at home" resort area. Ceramic tile floors in Spanish patterns will add to the suggestion of Acapulco or the Costa del sol—and be easy to clean besides.

* * *

Solar rooms designed to meet building code requirements are available from a number of manufacturers. Prefabbed components can be assembled in whatever size is desired.

Ceramic tile surfaces about a home bar won't be stained or damaged by splashing, spilling and dropping accidents.

Looking for a vacation home with distinctive styling, convenience and economy? A second home designed for pleasure? Then we invite you to enter a whole new concept of carefree, leisure living. For many enjoyable stages of dreaming is as far as it goes.

Why not pursue your dream further by sending in $1.00 for our catalog of "Vacation Homes."

Cool It This Summer With an Attic Fan

Your home can be cooled without air conditioning.

No need to lose your cool over the heat of summer. While whole-house air-conditioning is the ultimate in cooling, it is possible to make your home comfortable without it.

Cool air is free; it's just a matter of getting it into your house to replace the warm air.

★ ★ ★

An attic fan, not exactly cheap, is still less expensive than air-conditioning.

It pulls the warm air out of the house during the evening, causing cooler air to rush in through open windows from the outside.

ATTIC FLOOR

The attic fan is generally located in the attic floor over the ceiling in the middle of the house.

Installing the fan at one end of the attic itself, in a gable, is possible only if the attic is tightly sealed. Otherwise you will simply be changing the attic air.

The fan can be mounted vertically inside the attic by building it into a suction box which serves as an air tunnel.

★ ★ ★

The only side open in the attic will be the fan side.

Rule of thumb for size of an attic fan is one that will change the air in a house once every minute, every 1½ minutes at least.

Fan capacity is rated in cubic feet per minute — multiply length times width times the height of the ceiling to get the cubic feet in your house.

ABOUT $150

A good attic fan may run about $150 plus the cost of installation. Cheaper though not so efficient is a large window fan. There are types and sizes to fit every window.

Careful use of a window fan can work wonders in cooling a house. Again the best place is upstairs.

Locate it in a window on the sunny side of the house and close the other windows along that side.

★ ★ ★

Open the windows on the shady side and downstairs where the air is cooler.

Remember that the fan must pull air out of the house so that it can be replaced by cooler air.

Run the fan at night, keep windows closed and shades drawn on the sunny side during the day to retain the cool air.

KEEP COOL

Even without a fan you can keep your house cool by providing the proper outlets for warm air and inlets for cool.

Your entire house is like a chimney and the warm air rises in it. Provide openings where they will do the most good.

Open up all windows at night, close and shade the ones on the sunny side during the day.

★ ★ ★

Keep interior doors open as well as outside doors during the night so that air can flow through the house.

Open basement windows—air is coolest at the lowest point.

VENTS

If your house is on a slab, try to install ground-level vents to admit air. Screen them and cover them so they can be closed in the winter.

If your house has a crawl space, it has a supply of cool air. Floor registers that can be opened in summer, closed in winter will tap this supply.

At the top of the house there should be vents to rid it of the warm air that piles up under the ceiling.

★ ★ ★

Most attic vents are too small, allow air to pile up and get hot and stagnant. Large, window-size vents are worth the cost of installation.

Stock air vents can be installed under the eaves. These louvered metal units are screened and are either round or square.

★ ★ ★

They permit the circulation of air under the roof.

A cupola is more than just decorative.

Air leaves the house through an opening in the roof under the cupola and escapes through the vented sides.

Women Like Convenience

Locating laundry facilities in the bathroom instead of the "mud room" will very likely win plaudits from the trudging washerwoman, particularly if she's concurrently cook, dishwasher, maid and mother.

Most women do some washing in the bathroom anyway, and it's usually closer to sources of dirty clothes.

Ceramic tile walls and floors in the bathroom provide an easy-to-clean, waterproof background for washing chores, too.

Ceramic tile countertops add to the work-area portability of your portable heating and cooking appliances because they will not be damaged by heat.

Junior Editors Quiz on SQUIRRELS

QUESTION: How do squirrels make leafy nests which don't fall down?

* * *

ANSWER: A squirrel is a smart, thrifty little animal. He's the homemaker type. You can be sure that when he comes to constructing a little woods homestead, he knows how to do it.

If a squirrel finds a nice hole in a hollow tree, with living space below, he may be tempted to bring up some soft leaves for a bed and move in.

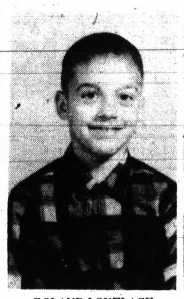
But if he finds a strong branch growing out from a tree trunk with some smaller branches for stiffening, he may decide to construct a leaf house.

First, he lays a loose platform of twigs which tend to interlock together. Then he begins the leaf work. Instead of bringing up single leaves he cuts off stems with a number of leaves. As he builds these up in layers, the leaves flatten out and the stems provide an inner stiffening which helps greatly to hold the house together.

The several living branches which come through the house tend to hold it when the wind blows. Now he brings up soft material, dry leaves and moss, to pack down inside. His house is finished.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

SUSAN LOVELACE



ROLAND LOVELACE

'Junior Editors' Answers Area Children's Question

Susan and Roland Lovelace of their Pontiac Township were out for a drive with their parents.

* * *

Susan, 4, saw a squirrel and asked her mother, "How do squirrels stay up in nests without falling down?"

Her mother, Mrs. Richard Lovelace of 2436 Dexter, didn't know the answer. She later looked in an encyclopedia and still couldn't find the answer.

But today the Lovelaces get answer in the Junior Editors Quiz.

* * *

Mrs. Lovelace sent Susan's question in behalf of Susan and Roland to The Pontiac Press and won $10 and a copy of the Associated Press' World Yearbook from the AP.

Roland, 9, is a third grader at Rogers Elementary School and Susan will be entering kindergarten soon.

Cherry Festival July 8-14

TRAVERSE CITY (AP) — The 42nd annual National Cherry Festival is scheduled July 8-14 at Traverse City in the heart of the northern Lower Michigan area where nearly one-third of all red tart cherries are grown.

The festival opens July 8 with an auto parade and ends July 14 with finals in a western rodeo.

* * *

Gov. George Romney is expected to attend the annual Governor's Breakfast July 12 along with state and national legislators from the area.

New this year at the festival is a cherry pavilion where products made with Michigan grown cherries are displayed.

PARADES SCHEDULED

The Cherry Royale Parade, featuring a Marine drum and bugle corps, is scheduled July 12 with the National Festival Ball with Pee Wee Hunt's orchestra in the evening.

Actor Edward Everett Horton is grand marshall of a horse parade on Saturady.

* * *

The Cherry Festival Queen Pageant, "Coronation Crystal," is scheduled June 27-28, a week before the pageant opens. The winner from among the 20 contestants will be crowned by Linda Kaye Christie, 1967 festival queen, and will reign over the festival events.

The queen and her court will arrive at Traverse City aboard a Coast Guard cutter to signal the opening of the festival July 8 and the Blessing of the Cherries ceremony follows at Old Mission Peninsula.

It's His Commode, but Not His Abode

By HAL BOYLE

NEW YORK (AP) — My bathroom has many advantages. It is cozy, well-heated, has comfortable seating and a ready reference library that will at least measure up to that found in the average dentist's office.

BOYLE

But for 20 years I have tried to find peace in that bathroom — and it simply can't be done.

* * *

Every American boy is inspired by the fact he has a chance to grow up and become president of the United States — or at least earn enough money to have a bathroom of his very own.

* * *

That's why so many husbands today are running for the White House. They think that with all the bathrooms it has they'll surely be allowed to claim one as their very own.

SHIFT, BOBBY

This is unlikely, particularly in the case of Sen. Robert F. Kennedy, who has an 11th child on the way. If he yearns for a bathroom of his own, he'd do better to forget the White House and set his sights on taking over the Pentagon.

It seems a law of modern life that, no matter how many bathrooms a home may have, it never has one for the husband. He remains an eternal pilgrim in his own abode.

* * *

When I graduated to a two-bathroom apartment two decades ago, I patted the tiled walls in joy. I thought that at least I had achieved one of my lifelong dreams — a stall shower of my own, a place where I could come and sit and brood and fill out my income tax returns undisturbed.

It was to be my private ivory tower, my monk's cell, my hermitage, my retreat from the world that seems always much with us.

A DELUSION

What a delusion! Why, if I had invented a better mousetrap, the world couldn't have beaten a quicker path to the doorway of that bathroom.

It started with a simple question from Frances, my wife: "You don't mind if I hang a few stockings to dry in your stall shower, do you?"

"No, of course not," I answered. I was like the kindly Arab who let the camel stick its nose into his tent to get warm and soon found himself crowded out by the animal.

A FOREST

My bathroom is now a forest of bottled lady lotions and dripping feminine finery. It has become a laundry for Frances and our teen-age daughter, Tracy Ann.

They wash their hair there, too, do their fingernails there, and use it as a conference room to cook up family plots against me.

Chiefs Stop Rochester, 4-0

Pontiac Central Reaches Tournament Semifinals

A well-trained Pontiac Central squad took advantage of nearly every Rochester mistake Friday night to become the first semifinalist in the 1968 Pontiac Invitational High School Baseball Tournament.

The Chiefs scored on a wild pitch, a balk, an overthrow and a single in posting a 4-0 quarter-final triumph for their 14th win of the season.

It boosted them into the tournament semifinals for only the second time in the seven annual prep affairs at Jaycee Park. They will play the winner of the 2 p.m. game today between Walled Lake and Clawson.

Pitcher Vic Quince again was the key for PCH. He relieved starter Steve Bass in the fourth inning with the bases loaded, two batters out and Central holding a 2-0 lead.

Quince forced opposing relief hurler Al Thomas to pop out and the Chiefs were never in trouble again. The solidly built right-hander retired 10 of the 11 hitters he faced.

The only safe blow off the junior moundsman was a sharp bouncing single by junior infielder Stan Babuik of the Falcons. The chunky first sacker wa was the night's hitting star with two singles and a long double.

Babiuk was five for seven in the Falcons. The chunky first sacker was long game-winning homer in the opener.

★ ★ ★

Central took a quick 1-0 lead last night, scoring with one out in the top half of the first. Bill Rollo's broken bat pop fly was misplayed into a single, he stole a base and took third on a short passed ball.

Rollo scampered home on a wild pitch.

EARNED RUN

In the second, after two Chiefs were retired, Dale Houston unloaded a triple deep to center field. After a walk to Bass, Clyde Duncan cracked a single for Central's only earned run.

Following Quince's mound heroics in the fourth, PCH added its third run on Terry Villereal's single, a stolen base and subsequent throwing error, and a balk.

★ ★ ★

The final PCH tally came in the seventh on a walk, another stolen base and a two-base throwing error during an unrecognized dead ball period.

Following a foul tip, the return throw to the pitcher sailed past the napping Rochester infielders and pinch-runner Bill Howell scampered all the way home.

The only Rochester misplay that the winners didn't capitalize on for a run was a wild pick-off throw in the fourth inning. Houston, whose single and triple made him the only PCH player with two hits, went to second on the play and reached third on a sacrifice.

However, an attempted squeeze bunt by Rollo went foul and Thomas settled down to end the threat with two strikeouts. The Falcons' fireman finished with six whiffs in his stint.

The defeat eliminated one of the two finalists in last year's tournament and boosted Central's chances considerably for reaching the title round after six fruitless tries.

MOST VICTORIES

Quince, who has more mound victories than any other county prep pitcher this spring (he's 10-4 in PCH's 14-5 campaign), will have at least three days rest before having to work again.

The Chiefs, in fact, will be more concerned with a ball game in Flint Monday than they will be over their tournament bid

In that one, Flint Central (7-4) meets Midland (8-3) with the Saginaw Valley Conference crown at stake. A victory by the Flint Indians will tie both teams with PCH (8-4) atop the SVC standings.

Then the Chiefs will be ready to concentrate, again, on becoming the first north Oakland County nine to claim the Pontiac Invitational Title Trophy.

Achin' Willie's 14th Homer Painful for Yankees

Horton, Lolich Share Honors as Tigers Post 1-0 Triumph

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Willie Horton's doctor could be an unpopular man with Detroit Tiger fans.

The slugging outfielder, whose home run gave the Tigers a 1-0 victory over the New York Yankees last night, was told after his foot surgery the past winter, it might be best he sit out the season to let the achilles tendon heal properly.

★ ★ ★

"Even my wife thought I might be better off taking my doctor's advice," said Horton, the hometown hero who had 31,115 fans cheering him on last night.

The largest night game crowd of the season must have figured Willie was due to get his hit in his 13th straight game because as he came to the plate in the seventh inning they started a constant stomping and clapping noise that shook the stands even more after he blasted Mel Stottlemyres' ninth pitch to him over the 365-foot mark into the left field stands.

THIRD TIME

It was Horton's 14th home run and 30th run batted in for the season, and it was the third time in 11 Tiger games which have been won by one run, that Horton had provided the game deciding blast.

Horton has had several injuries since the start of spring training and on the recent coast trip he re-injured the foot.

★ ★ ★

"He's still not 100 per cent," said manager Mayo Smith, "but now he's learned how to read opposing pitchers and this has helped him in his hitting."

Someone suggested that by hitting home runs, Horton doesn't have to race around the bags; he can make the trip around the diamond at a slow trot.

'HORDES' CHEER

When he trots to his outfield position, Horton's Hordes, the fans in the left field stands, always stand to give him a rousing cheer.

Last night they got up in the stretch half of the inning and never sat down until their hero took his position after the inning was over.

★ ★ ★

Left-hander Mickey Lolich got the victory, pitching his first shutout of the season and bringing his record to 3-2.

He and Stottlemyre both allowed only four hits and Lolich was in trouble only once, in the eighth inning when the Yankees loaded the bases.

Ellie Rodriguez started the inning with a single and Chuck Smith, batting for Stottlemyre, singled him to third. Lolich then struck out Horace Clarke.

Roy White then hit a high short fly to right and Jim Northrup made an accurate throw to the plate to send Rodriguez back to third. Gene Michael, however, running for Smith took second on the throw and this brought up Mickey Mantle.

INTENTIONAL WALK

Strategy called for an intentional pass for Mantle bringing up Andy Kosco, who in recent weeks has been one of the Yankees' hottest hitters.

"I just wasn't going to give that guy (Mantle) a chance to beat us. I knew Kosco has been htiting well, but I didn't want to take a chance on Mantle," said manager Smith.

★ ★ ★

Kosco hit a short fly which Northrup took behind second baseman Dick McAuliffe.

Smith decided to send another lefty to the mound today, southpaw Les Cain, and tomorrow he will probably go with Denny McLain and lefty John Hiller.

Lolich left for his National Guard unit today and Earl Wilson is out of action with a bruised heel, which has disrupted the starting rotation.

CHIEF IN A HURRY — Pinch-runner Bruce Strohm of Pontiac Central dives back to first base on one hand to avoid a pickoff attempt last night in the second inning of the Pontiac Invitational Tournament game against Rochester. First sacker Stan Babiuk waits for the throw that bounced in the dirt and prevented any chance for a quick tag on Strohm. However, the theft-minded Chief was cut down two pitches later as he attempted to steal second.

Victory Brings $177,523 Payoff for Bob Unser

INDIANAPOLIS, Ind. (AP) — Bobby Unser's victory in the Indianapolis 500-mile race brought him a $177,523 winner's check Friday night at the annual victory banquet.

The total purse was $710,219, compared with the $734,634 payoff in 1967.

★ ★ ★

Unser, 34, of Albuquerque, N.M., will share the first-place money with his car owner, Bob Wilke of Milwaukee. The driver usually receives 40 to 50 per cent. Unser received $109,673 from the speedway, $45,650 in accessory prizes and $22,200 in lap prizes.

Bill Vukovich, 24, of Fresno, Calif., earned rookie of the year honors for his seventh-place finish in Thursday's race. His father, Bill, was killed in 1955 while seeking a third consecutive victory at the Indianapolis Motor Speedway.

PACE CAR

Unser also won merchandise prizes, including the Torino pace car, $1,500 worth of clothing and $1,000 in tools.

Vukovich was selected from six first-time drivers at the 500. He received $1,000 and a trophy.

★ ★ ★

He began racing stock cars in 1963, advancing to both midgets and championship autos in 1965.

Vukovich completed 198 laps in his Shrike turbocharged Offenhauser when all remaining cars were flagged from the track after Unser and four other drivers had crossed the finish line.

Forward Pass Hopes to Score

Missing from the field for the Belmont Park classic was Dancer's Image, which was retired from racing by owner Peter Fuller last Tuesday.

Trainer Max Hirsch, who has been sending horses out of Barns 1 and 2 at Belmont since 1905, was in charge of two of the Belmont hopefuls—Mrs. Adele Rand's Call Me Prince and Robert J. Kleberg's Draft Card.

Klacking, of Dearborn, Mich., was the eighth draft choice of the National Football League Philadelphia Eagles a year ago but went into the Army.

UNLOADS LONG DOUBLE — Rochester slugging star Stan Babiuk glances at the flight of his long line drive that carried about 380 feet to the fence in the first inning last night at Jaycee Park. The southpaw swinger added two singles but the Falcons managed only five hits in dropping a 4-0 decision.

Chisox Put Squeeze on Minnesota, 2-1

By The Associated Press

On a night when the home run dominated American League baseball, it figured that Chicago would win with its more familiar pitch and putt attack.

The White Sox scorned the long ball and used a squeeze bunt in the 14th inning by Luis Aparicio for the winning run in a 2-1 victory over Minnesota Friday night.

★ ★ ★

Elsewhere, homers decided all the games. Three Cleveland homers carried the Indians past Washington 8-3, Willie Horton's shot was Detroit's only run in a 1-0 victory over New York, Bob Rodgers connected in the 12th inning and California beat Oakland 3-0 and Ken Harrelson and Carl Yastrzemski powered Boston past Baltimore 3-0.

The White Sox were stirred up in the 14th by a near fight involving Ken Berry and Minnesota pitcher Bob Miller.

Dick Kenworthy had opened the inning with a double. Berry then thought he was hit by a pitch and got halfway to Miller before Manager Eddie Stanky intercepted him.

★ ★ ★

The umpires ruled that the ball struck his bat first and was a foul ball. Miller then hit Berry ... for real this time ... and the Sox had runners at first and second.

Sandy Alomar sacrificed and Russ Snyder was walked intentionally, loading the bases. Then Aparicio dumped his bunt past the mound and Kenworthy scooted home with the winning run.

TYPICAL RALLY

Bob Allison had tied the game for the Twins with a seventh-inning homer following a typical White Sox rally which produced a run in the sixth.

Jack Hernandez' two-base error put Tommie Davis on second and Duane Josephson was credited with an RBI single when Ted Uhlaender and Tony Oliva ran together under his fly ball and it fell safely.

★ ★ ★

Harrelson smacked his ninth homer and Yastrzemski added No. 7 while Gary Bell throttled the Orioles for Boston.

The five-hitter was Bell's fourth consecutive victory and snapped a three-game Boston losing string.

★ ★ ★

Lee Maye, Tony Horton and Tommy Harper all found the range for the Indians and Luis Tiant rode the heavy support to his seventh victory of the year.

The Indians jumped on Washington starter Phil Ortega for a 5-0 lead in the first three innings with Maye and Horton both homering in the first.

INTENTIONAL WALK

Rodgers' three-run shot followed an intentional walk to Jimmie Hall in the 12th inning and ruined a fine pitching job by Oakland's Chuck Dobson.

★ ★ ★

Dobson struck out 12 Angels and had allowed just three hits until Chuck Hinton opened the 12th with a single. Two outs later, with Hinton on second, the A's elected to pitch to Rodgers instead of Hall and the veteran catcher hit his first homer of the season.

HOW COULD I HAVE MISSED HIM?—Third baseman Ed Talley (top) of Rochester has some words of advice for the umpire who called Pontiac Central's Bill Rollo safe on this unorthodox slide Friday night at Jaycee Park. Rollo took third on the close play following a short passed ball. He then scored on a wild pitch for the game's first run.

Preps Take Field in 3 Quarter-Final Contests Today

Three quarter-final games today at Jaycee Park will complete the pairings for Tuesday's Pontiac Invitational High School Baseball Tournament semifinals twin bill.

Pontiac Central became the first qualifier with a victory last night. Walled Lake and Clawson (2 p.m.), Waterford and Southfield (4:30 p.m.), plus Pontiac Northern and Birmingham Brother Rice (7:30 p.m.) are battling for the other three spots today

The Walled Lake-Clawson survivor will meet PCH at 7:30 p.m. Tuesday. The other two winners will collide at 5:30 p.m.

All of the teams except Waterford and Clawson have reached the semifinal round previously. Southfield is bidding for its 14th straight tournament win and fourth straight championship.

SPLIT TWO GAMES

However, Waterford's Skippers split with the Blue Jays during their two regular - season meetings and are given a good chance to dethrone the champions.

Admission is $1 per adult and 50 cents per student. The tournament is co-sponsored by the City Parks and Recreation Department and The Press, with PCH and Northern serving as cohosts.

Rain-Slowed Preps After State Golf Title

MIDLAND (AP) — The rained-out final rounds of the Michigan High School Athletic Association golf tournament have been rescheduled for Monday.

The meet, postponed last Monday, now begins at two courses, according to James Barckley, Midland High School athletic director and meet director.

Class A teams begin play Monday at 9 a.m. at Midland Country Club. Classes B and C-D are scheduled for the Riverwood course, Mount Pleasant. Class C-D begins play at 9 a.m. Class B teams begin at 1 p.m. Scoring is by medal play.

Five Spots at Stake in U. S. Open Qualifying

Knollwood Playing Host to Sectional Tournament

The prelude to the main event in golf comes Tuesday with the sectional phase of the U.S.G.A. Open qualifying slated for 13 sites across the nation.

Locally, a field of 37 — 24 professionals and 13 amateurs — will tangle in a 36-hole scrap at Knollwood Country Club in Birmingham with the five low scorers there moving on to the national tournament June 13-16 at Oak Hill Country Club in Rochester, N.Y.

Some 543 players, survivors from the local qualifying a week ago in which 2,946 participated, will take part in the sectional part of the tournament.

FINAL STOP

From the sectionals across the country, 116 players will qualify and join 34 totally exempt players for the championship proper.

★ ★ ★

A confrontation between some of the area's top professionals and amateurs is on tap in the battle for the five spots at Knollwood.

TOP PROS

Leading the delegation of professionals are Mike Souchak of Oakland Hills and Walter Burkemo of Detroit Golf Club. Both were exempt from the local qualifying.

★ ★ ★

Some of the other pros likely to be heard from are Gene Bone of Pontiac, Brien Charter of Jackson, Stan Brion of Orchard Lake and Bill Bisdorf of Grosse Ile.

Bisdorf is a newcomer and he was also exempt from the local qualifying. He's a former Colorado Section PGA and Open champion.

KNOLLWOOD AIDE

Another pro who'll bear watching is Canadian Robert Panasiuk, now assistant to Mac McElmurry at Knollwood. Panasiuk could have a slight edge with his knowledge of the course.

★ ★ ★

On the amateur side of the ledger is Melvin (Bud) Stevens, the long hitter from Livonia who carded an even par 143 in leading the qualifiers two weeks back.

Another is Peter Green of Orchard Lake Country Club, who won the Michigan Medal Play championship last weekend.

Still another amateur whose game is solid is James St. Geramin of Northville, who shared third behind Pete Green in the Medal Paly with Stevens.

The players will start teeing off at 8 a.m. Tuesday.

Men's Baseball Lists 4 Games

Class A Circuit in Action Sunday

The city recreation department's Class A Baseball League will send all eight entries into action tomorrow for a belated opening day at Jaycee Park.

Rained out of its first two games earlier this week, the circuit has rescheduled those two tilts prior to the two regularly scheduled games tomorrow.

Defending champ M. G. Collision will send last year's most valuable men's league player, pitcher Walt Miller, against perennial contender Teamsters-614 at 1:30 p.m.

★ ★ ★

Also at 1:30 p.m. on the unlighted diamond, Local-653 plays Pass Excavating.

NEW ENTRY

The circuit's new entry, Uncle Charlies Pet Shop, will tangle with Talbott Lumber at 4 p.m. and the first night game of the 84-tilt slate will send The Clippers against Local-594 at 7:30 p.m.

The Teamsters and Clippers also are slated for an arclight contest Monday. The men will then be idle until Sunday, June 9.

★ ★ ★

An influx of improved young ball players in recent seasons has resulted in a better balance and a higher calibre of play in the league.

Several professional prospects have been signed out of the circuit in the past two years and at least three others earned all-league honors in college this spring.

Cougars Hoping to Boot Slump at Washington

DETROIT—The Detroit Cougars are in Washington to take on the Whips at D.C. Stadium tonight.

Winless on the road, the Cougars face tough opposition as Washington is undefeated at home. With a season record of 4-3-2, the Whips are in third place in the Atlantic Division of the North American Soccer League.

Goalie Jim Standen, who made his comeback last Friday after recovering from a cartilage operation, again will see action. Blamed for Detroit's 3-2 loss to Toronto, Standen will be backed by Manfred Kammerer, recently purchased from the Atlanta Chiefs.

The Cougars, with a 4-5 record, are in third place in the Lakes Division, one point ahead of last place Toronto and two games behind first place Chicago. Chicago, however, has played two more games than the Cougars.

Ubly Schedules Busy Weekend

Ubly Dragway tonight is having the second annual Great Lakes Super Stock Championships beginning at 8:30 p.m. with an entry list of 25 leading drivers.

Tomorrow's program will feature the only scheduled appearance in Michigan this season of Walt Arfons' jet dragster.

The "Exodus" will make its first bid for a new world's speed record for the quarter-mile at 2 p.m. In addition, there will be the regular Sunday racing program.

PCH Thinclads Go Collecting

Pontiac Central's thinclads are planning to make their annual collection Monday. Waterford's Skippers will be trying to slam the door on the Chiefs.

PCH has made a habit of collecting the team trophy and a barrel full of individual honors in the Oakland County track meet since its inception in 1960.

★ ★ ★

Past performances this spring indicate the same will happen Monday at Southfield High School's track. The Chiefs have won six of seven with Waterford the only team to break the string.

And Waterford appears to have the only chance of dethroning Central this time around.

The running preliminaries and field events will start at 4 p.m. and the finals at 7:30.

HURDLES CHAMP

PCH will lead with state hurdles champion Bob Johnson — if his sore leg is all right. Johnson said earlier this week that he might not be able to run.

Miler Jon Costello is a co-favorite with Waterford's Dave Galloway and Rollie Garcia is given a good chance to win the long jump. Walter Terry is expected to pickup points in the pole vault and Lee Sherrell should do the same in the high jump.

Larry Hurst in the two-mile and the 880 relay team also may place.

★ ★ ★

Waterford will have to rely on the other 28 schools chopping up the points and taking them away from PCH. Larry Biskner, who tied the state pole vault record at 14-6½ a week ago and then won the Champions title at Kalamazoo Thursday with teammate Tim Martin second, is heavily favored in his specialty.

★ ★ ★

John Mann of North Farmington, second in the state meet, is the top high jumper and Mike Imirie of Bloomfield Hills Andover, runnerup in the state, is the top half-miler.

SPRINT DUEL

The 100 and 220 sprints should be a tight duel between Rochester's Bob Woodroof and Ferndale's Bailee Reid. Gene Pankner of Kettering is the shot put favorite.

The Williams twins, Gary and Larry, of Farmington, are the mile and two mile threats.

Local Skaters Win in State Competition

Pontiac University Skating Club members have taken four first places after two days of competition in the Michigan State Roller Skating Championships at Northland Center.

Activity continues today and Sunday with the top four finishers in each event qualify for regional competition in July.

Scott Harrity, former national juvenile champion, returned to action after a two-year layoff because of leg injuries and won the junior boys singles.

Brenda Crabtree took first in juvenile girls figures and Ronnie Spears took the boys division. The novice fours team of Dick Leighton, Joan Goodall, Robert Brown and Gail Figa also won.

SECOND PLACE

Rickie Rodriguez was runnerup to Spears. Gayla Grammer and Brown were third in novice dance and Vivki Winterbottom third in junior girls singles.

Rolladium Skating Club also has collected four first places.

★ ★ ★

Kurt Anselmi captured junior boys figures and was runnerup to Harrity in the singles. He teamed with Kim Castor for a second in junior Dance.

Laurel Heathslip won juvenile B girls and Robin White was first in novice ladies singles. Kim Anselmi won the junior girls singles.

★ ★ ★

Other Rolladium placements include Frankie Bell, second, esquire ladies figures; Michael Leineke, third, senior men's singles and second in senior pairs with Miss White; Angela Kraud, second, and Betty Jo Whitmore, third, juvenile girls figures; Barbara Schultz, third, and Kathy Welch, fourth, intermediate ladies singles, Miss Whitmore, fourth, juvenile singles.

SKATE QUEEN — Linda Crabtree, a 17-year-old senior at Pontiac Northern, has been named Michigan State Roller Skating Queen and will compete in the national contest during the North American Roller Skating Championships in August. She is a member of the University Skating Club of Pontiac.

Crown Closer for Villanova

PHILADELPHIA (AP) — Villanova virtually wrapped up its ninth IC4A track and field championship in 12 years Friday, qualifying 11 individual performers and a pair of relay teams for today's finals at Franklin Field.

★ ★ ★

"We're just in it now for second place," said Jim Kehoe, coach of the Maryland team which had been given a chance to dethrone Jumbo Elliott's powerful Villanovans.

Shrine Ousted in Loop Play

Run-starved Royal Oak Shrine was eliminated from the Detroit Catholic League playoffs Friday, 2-1, in eight innings by St. Ladislaus of Hamtramck.

A single with two out by Mike Danielewicz in the top of the eighth spelled a heart-breaking defeat for right-hander Jim Chiesa and his mates.

★ ★ ★

Chiesa, who allowed six hits and whiffed nine after hurling a four-hitter and striking out six Thursday when Shrine beat Bishop Gallagher, 5-2, lost his third game in 12 decisions for the Knights (10-3) this spring.

Bob Szostkowski's second inning single plated Wally Swartz with Shrine's only run in the Friday game.

French Sailor Favored

PLYMOUTH, England (AP) — Eric Tabarly, a French naval officer, was favored to win the single-handed transatlantic yacht race that started today with 37 entries. Tabarly won the 3,000-mile race from Plymouth to Newport, R.I., in 1964.

Racer Dick Petty Is Winning Again

ASHEVILLE, N.C. (AP) — Richard Petty qualified for the pole position and led every lap as he won the 100-mile NASCAR Grand National race Friday night at the new Asheville Speedway.

It was Petty's first victory since April 13 when he won a 100-miler at Greenville, S.C.

With only seven of the 300 laps to go, the right front tire on Petty's 1968 Plymouth blew. But he held a three-lap lead at the time and his crew quickly hustled him out of the pits and he took the checkered flag with room to spare. He won $1,200.

SWING AWAY

Buddy Baker, in a Dodge Charger, finished second. NASCAR point leader Bobby Isaac was third and James Hylton was fourth, both also in Chargers.

Hylton got relief driving from Bobby Allison for the last 100 laps. Allison survived a blown tire in the last 10 laps to wheel the car home in fourth place.

David Pearson who had the only contending Ford in the race lasted only 40 laps. He crashed into the concrete retaining wall in an entanglement with a Dodge Charger driven by Stan Meserve. After the wreck, there were some fisticuffs as Pearson took a swing at Meserve, then popped another man who rushed into the fray from the pits. Others joined in the melee and NASCAR officials were investigating.

COME BACK HERE!—A high fly down the right field line by Pontiac Central's Randy Sutt just eludes the lunging grasp of Rochester outfielder Denny Kasper in the third inning last night. Kasper rolled over but made a quick recovery to keep a run from scoring and hold Sutt to two bases on the drive.

Drysdale Flips Fifth Straight Shutout, 3-0

By the Associated Press

Don Drysdale and Larry Jaster both flirted with baseball's record book. Drysdale made it. For Jaster, well, it was a nice romance.

Drysdale, the towering, right-handed veteran of the Los Angeles Dodgers, pitched out of a ninth-inning jam for a 3-0 victory over the San Francisco Giants late Friday night.

★ ★ ★

It was big Don's fifth consecutive shutout, tying a major league mark set in 1904 by Doc White of the Chicago White Sox and breaking the National League record.

Jaster, a poker-faced young left-hander for the St. Louis Cardinals, retired the first 23 New York Mets he faced and appeared on his way to a perfect game before Greg Goosen lined a single into left field with two out in the eighth.

Jaster finished with a two-hitter and a 2-0 victory.

OTHER GAMES

Cincinnati edged Philadelphia 5-4, Atlanta beat Pittsburgh 5-2 and Houston took Chicago 3-1 in other National League games, all at night.

Wes Parker had two doubles for the Dodgers, driving in one run and scoring another.

★ ★ ★

Jaster finished with seven strikeouts against the Mets and outdueled hard-luck Tom Seaver, who had a 1.91 earned run average going into the game but has only a 2-5 record to show for it.

The Cards got both their runs in the third. Lou Brock opened with a triple. Curt Flood singled him in, moved to second on a base on balls and scored on Mike Shannon's single.

FOUR HITTER

Larry Dierker pitched a solid four-hitter and John Bateman slammed a two-run double in the Astros' victory over Chicago. Bateman's double with two out in the fourth broke a 1-1 tie and Dierker's pitching made it stand up.

★ ★ ★

Fred Whitfield singled in two runs in the seventh, breaking a 3-3 tie and pointing Cincinnati to its decision over Philadelphia.

Atlanta pushed across three runs in the fourth inning, then coasted in against Pittsburgh. Felipe Alou ignited the decisive inning with a single, moved to second on a wild pickoff attempt, took third on a wild pitch and scored on a sacrifice fly.

Weiskopf Out; Tom Aaron Grabs Atlanta Golf Lead

ATLANTA (AP) — Affluent Tom Weiskopf is learning how to live with adversity on the golf course while unlucky Tommy Aaron is starting to enjoy the game.

Aaron, 31-year-old Georgian who is still looking for his first tournament title in nine seasons on the tour, was two shots in front of the field going into today's third round of the Atlanta Classic.

Weiskopf, who at 25 has already won $85,000 this year, was out of the tournament and held the dubious record of shooting the lowest score in the first round and the highest in the second.

"I'm embarrassed," said Weiskopf after a disastrous 83 put him out of the $115,000 tournament despite his opening 68, which had given him the first-round lead.

TWO AHEAD

Aaron rolled into the lead with a 70 for a 36-hole total of 139, two strokes better than runner-up Bob Lunn. Jack Nicklaus was third at 142 and a handful of veterans were deadlocked at 144.

The cutoff mark of 149, which trimmed the field to the low 70 scorers and ties, was the highest of the year on the tour. Only Aaron has been able to do much against the 7,053-yard Atlanta Country Club course, which winds through the hilly Georgia forests.

★ ★ ★

"This is the first time I've led a tournament this year," Aaron said, "but I've played better the past five weeks than at any other stretch in my career."

Aaron said he has not been bothered by the notoriety he gained last month at the Masters, when he marked down a higher score on the 71st hole for Roberto de Vicenzo than the Argentine actually shot. De Vicenzo signed the incorrect card and was dropped from a tie for the Masters title to second place behind Bob Goalby. The cut at the Atlanta Classic also claimed Goalby, who had a 36-hole total of 152.

Single Change Adopted for Auto Racing

INDIANAPOLIS, Ind. (AP) — Stock cars racing on the NASCAR and USAC circuits in 1969 and 1970 will be limited to a single four-barrel carburetor.

The change was the only one adopted Friday by the Car Classification Committee of the Automobile Competition Committee of the United States. A spokesman said the change, reducing the two four-barrel carbs allowed this year, was made in an attempt to make it easier for newcomers to enter racing.

ACCUS is composed of representatives of the U.S. Auto Club, the National Association of Stock Car Racing, Sports Car Club of America and the National Hot Rod Association.

The change applies to all races that have full international listing. It is effective from Jan. 1, 1969, through Dec. 31, 1970.

TEEING OFF

By FLETCHER SPEARS

Chick Harbert was almost kayoed twice en route to the National PGA championship in 1954.

The first close call came during the qualifying round at Orchard Lake Country Club and the second scare came in the finals against Detroiter Walter Burkemo.

"There were about four or five spots available in the qualifying round and I shot a 76 for the first round. There were 20 players with 76 or better after the first round so it didn't look good for me," the 53-year-old silver-haired Harbert was telling a National Golf Day dinner audience earlier this week at Hillcrest Country Club near Mount Clemens.

"I think I won actually the PGA championship at Orchard Lake. My game picked up on that second 18 holes and I finished just a stroke behind the medalist."

★ ★ ★

Things looked even darker for Harbert, now vice president of General Development Corporation in Miami, Fla., during the early part of the championship finals against Burkemo.

"I was four down after four holes, but this I'll always believe. My opponent felt so sorry for me after those four holes that he eased up."

Harbert rallied to down Burkemo, 4 and 3.

Four-time winner of the United Golfers Association championship, Mrs. Thelma Cowans, 4400 Virginia Park in Detroit has made application for membership in the Women's Metropolitan Golf Association.

A high school golfer was confronted with this situation recently in a league tournament at Pontiac Country Club.

The young fellow hit a shot and as the club made contact, the ball broke into two pieces. His coach was standing nearby, watching.

"What do I do now?" he asked his coach. "Hit the biggest piece," said the coach.

Anselm Anderson of Highland rapped a 3-wood shot into the cup on the 230-yard, No. 3 hole for an ace at Hickory Hills Thursday. He finished the 18 holes with a 75.

Flyers' Goalie Quits Lacrosse

ST. CATHARINES, Ont. (AP) — Doug Favell, goaltender with Philadelphia Flyers of the National Hockey League and a high-scoring forward with Detroit Olympics of the National Lacrosse Association, will play his last game with the Olympics Sunday night in Detroit.

★ ★ ★

"I enjoy lacrosse," said Favell, fifth highest scorer in the lacrosse league. "But my future is in hockey and I just can't jeopardize that career."

Amateur Challenge to Aussie

PARIS (AP) — Herb Fitz-Gibbon, America's 15th-ranked amateur tennis player, stepped up today as the latest challenger to wily Australian professional Ken Rosewall in the Open French Championships.

"Maybe I can take a set off him," said the tall young man from Garden City, N.Y. "That's more than anyone has done so far."

★ ★ ★

Rosewall, who has reached the last 16 of the men's singles with three straight set victories, has looked the most impressive among the pros. He won this title back in 1953, three years before he turned professional.

★ ★ ★

Tom Edelfsen of San Francisco admitted after meeting Rosewall in the first round that it was "like playing against a brick wall." Colin Stubs of Australia and Edison Mandarino have not fared any better.

NOT INVINCIBLE

But the fans at the Roland Garros Stadium learned Friday the pros are not invincible. Australia's Fred Stolle, the No. 6 seed, lost 3-6, 0-6, 3-6 to Yugoslav Davis Cupper Boro Jovanovic.

★ ★ ★

After that the Paris fans are ready for anything. They scented another upset Friday when Pierre Darmon, 42-year-old hero of the French Davis Cup squad, caused Pancho Gonzales some uncomfortable moments. But the 40-year-old professional from Los Angeles played superb tennis to win 1-6, 6-1, 12-10, 8-6.

★ ★ ★

Rosewall was the only professional scheduled to play today, which was set aside largely for doubles play. The other pros still in contention are Rod Laver and Roy Emerson of Australia and Andres Gimeno of Spain.

★ ★ ★

Cliff Richey of San Angelo, Tex., was paired against Alan Stone of Australia in a postponed third round match.

MAJOR TASK—Officials of the Pontiac Parks and Recreation Department turned to gasoline in their successful effort to get the field at Jaycee Park in shape for the opening of the Pontiac Invitational Baseball Tournament Thursday. Workmen poured several gallons of gasoline on the soaked field and the ensuing fire helped dry the basepaths. The tournament continued today.

Newcomer Added to List of American Sprint Stars

ALBUQUERQUE, N.M. (AP) — That select group of elite U.S. sprinters has a stiff-legged newcomer.

Oliver Ford of Southern University ran four 100-meter dashes—the first four of his career—Friday and he says he had "a stiff feeling in my leg" midway through the fourth.

★ ★ ★

In that final run, he recorded a 10.1-second time for the 100-meter title in the opening of the two-day National Association of Intercollegiate Athletics track and field championships.

But it was his second 100 meters that created the big noise—a world record-tying time of 10 seconds flat, probably perking up the ears of Uncle Sam's best sprinters.

GOOD START

The victory gave Southern University of Baton Rouge, La., a good start toward an unprecedented fourth straight NAIA championship. St. Cloud State of Minnesota was the team leader with 20 points going into tonight's 14 final events. Southern has 18 points.

But Southern's mile and 440-yard relay teams, two 400-meter runners, and 110-yard hurdler qualified for the finals. St. Cloud qualified only its 440-yard relay team.

★ ★ ★

Prairie View A&M of Texas sends its mile and 440-yard relay teams, two 400-meter intermediate hurdlers, and 400 and 800-meter runners into the finals.

Winds—kicking up after Ford's run—cost Redlands, Calif., long jumper Jerry Proctor a meet record. He leaped 26 feet, 1½ inches with an aiding wind and had one jump of more than 27 feet disallowed.

St. Cloud piled up its early lead as Pen American Games champion Van Nelson ran the 10,000 meters in 30:58.2. Teammate Jeff Renneberg captured second in the 3,000-meter steeplechase.

Also scoring first places were Phillip Gary of Kentucky State in discus, 161-2; Pat McMahon of Oklahoma Baptist, 3,000-meter steeplechase, 9:26.7, and Augie Zilincar of Monmouth, N.J., College, hammer throw, 196-7.

"I'm going to shoot for 9.9 and a spot on the Olympic team," Ford said. "I didn't think I had done well at all."

★ ★ ★

His first race in the preliminaries was a 10.3. He followed with the record-tying effort in the semifinals and the third time was a false start—the recall gun failed to fire and runners ran most of the distance.

Ford, a senior who had been specializing in the 440 and 220, had never ran a 100-yard dash until two weeks ago.

"I'm really going to start working on it now," he said.

Ford and the winners and runnersup advance to the U.S. Olympic trials.

Disapprove of Montreal

Congressmen Rap NL Expansion Pick

WASHINGTON (AP) — Seven House members protested Friday the National League rejection of Milwaukee, Buffalo and Dallas-Fort Worth in baseball's expansion plans. The congressmen urged a three-league setup next year.

Democratic Rep. Earle Cabell, who represents Dallas, called on the House to reopen its investigation on baseball to see if a monopoly exists.

★ ★ ★

In a letter to Baseball Commissioner William Eckert, the seven legislators asked that American and National League officials grant franchises for 1969 to Milwaukee, Buffalo and Dallas-Fort Worth at their meeting on June 4.

★ ★ ★

"With the addition of our three cities, three nine-team leagues could be formed," they said. "If one of the other cities disappointed by the San Diego-Montreal arrangement were added—perhaps Denver or Miami—there would be four teams ready to go, and the possibility of two 14-team leagues, each comprising two seven-team divisions."

OTHER SIGNEES

In addition to Cabell, those signing the letter were Reps. Henry S. Reuss and Clement J. Zablocki; James C. Wright Jr., D-Tex.; Thaddeus J. Dulski and Richard D. McCarthy, New York Democrats, and Rep. Henry P. Smith III, R-N.Y.

They were particularly distressed, they said, that the National League earlier this week chose a Canadian city—Montreal— over one of the three U.S. cities.

★ ★ ★

"It seems to us that three of America's major cities certainly merit teams before consideration is given to a franchise for a foreign city," they told Eckert.

"Baseball's erratic response to the expansion challenge has disappointed and disillusioned countless fans," they said. "In Milwaukee, for example, the Braves were permitted to move to Atlanta, leaving the city without a major league team. Kansas City lost the Athletics to Oakland, but at least they were promised a team for next year.

"Now, Milwaukee fans and many more in Buffalo, Dallas-Fort Worth and other cities and areas which do not have major league teams will be distressed to find they have been passed over once again—this time in favor of a Canadian city."

Cabell told the House he will ask the judiciary committee to reopen its studies on the "question of monopolistic practices among big league owners."

"Baseball can exist only as it pleases a sports loving public, not because it is a producer of revenue for an overextended promotoer," Cabell said in a statement inserted in the Congressional Record.

State AAU Has Big Run, Judo

The Michigan Amateur Athletic Union will sponsor an Olympic Trial Marathon at 9 a.m. on Belle Isle in Detroit tomorrow.

★ ★ ★

At least 25 runners from around the nation are expected to challenge the more than 26-mile course that will require five circuits of the Detroit River island.

Western Michigan University's Mike Hazilla is one of the stronger bidders from the state trying for an Olympic camp invitation.

Memorial Day

J. L. VOORHEES

Each of us will celebrate Memorial Day in ways that touch us intimately. Servicemen who fell in battle will be remembered, gloriously; parents who fought the good battle for their children and society will be eulogized. Our every deed, act, attitude is a message to a yesterday.

M. E. SIPLE

Each of us will lay a tribute of living flowers on the resting place of one who has won a battle of health, handicap, dire circumstances or a conflict ended, we pay tribute to them as wayfarers on the one-way road of life.

OFFICIAL NOTICE OF SALE
$5,825,000
NICHOLS RELIEF DRAINS DRAINAGE DISTRICT COUNTY OF OAKLAND, STATE OF MICHIGAN
DRAIN BONDS

Sealed bids for the purchase of Drain Bonds to be issued by the Nichols Relief Drains Drainage District in Oakland County, Michigan, of the par value of $5,825,000 will be received by the undersigned at his office, 550 South Telegraph Road, in the City of Pontiac, Michigan, until 11:00 o'clock A.M., Eastern Daylight Time, on Monday, the 10th day of June, 1968, at which time and place said bids will be publicly opened and read.

Said bonds will be dated May 1, 1968, will be coupon bonds all in the denomination of $5,000 each, will be numbered consecutively in the direct order of their maturities from 1 upwards, and will bear interest from their date payable on November 1, 1968, and thereafter semi-annually on May 1 and November 1 of each year and will be sold at an interest cost not in excess of 6% per annum, with no coupon rate to exceed 6% per annum. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1/8th or 1/20th of 1%, or both. The interest on any one bond shall be at one rate only and shall be represented by one interest coupon for each coupon period and all bonds maturing in the same year shall carry the same interest rate. No bond shall bear interest at a rate less than 50% of the rate borne by any other bond of this issue. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on the 1st day of May in each year as follows:

1969—$115,000	1979—$155,000	1989—$235,000
1970— 115,000	1980— 165,000	1990— 245,000
1971— 115,000	1981— 170,000	1991— 245,000
1972— 120,000	1982— 180,000	1992— 260,000
1973— 120,000	1983— 185,000	1993— 265,000
1974— 135,000	1984— 195,000	1994— 265,000
1975— 135,000	1985— 205,000	1995— 270,000
1976— 135,000	1986— 215,000	1996— 275,000
1977— 135,000	1987— 215,000	1997— 285,000
1978— 150,000	1988— 230,000	1998— 290,000

The bonds will be subject to redemption as a whole by the Drainage District prior to maturity on any one interest payment date on or after May 1, 1980. Each bond called to be redeemed shall be redeemed at par and accrued interest plus a premium equal to two per cent (2%) of the aggregate par value of the bonds redeemed on or before May 1, 1990, and without premium if redeemed thereafter.

Notice of redemption shall be published not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of New York, New York, which carries as a part of its regular service notices of the sale of municipal bonds. No further interest payable on bonds so called for redemption shall accrue after the date fixed for redemption whether presented for redemption or not, provided the County has money available for such redemption with the paying agent. Both principal and interest will be payable at such bank or trust company which qualifies as a paying agent under Federal or Michigan law and which shall be designated by the original purchaser of the bonds, who may also designate a similarly qualified co-paying agent. Designation of the paying agent and co-paying agent shall be subject to the approval by the Drainage Board.

The said bonds are to be issued under the provisions of Chapter 20 of Act No. 40 of the Public Acts of 1956, as amended, in anticipation of the collection of special assessments assessed against public corporations on Nichols Relief Drains—Special Assessment Roll No. 1, made to defray the cost of locating, establishing and constructing the Nichols Relief Drains (an intra-county drain). The assessments are against the State of Michigan on account of drainage to state highways, the County of Oakland on account of drainage of Oakland County highways and against the Township of Bloomfield. The State of Michigan has paid its assessments in full. The assessments against the County of Oakland and Township of Bloomfield are a general obligation of said public corporations and each corporation is obligated and has the power to levy ad valorem taxes upon all the property within its limits in an amount sufficient to pay the assessment against it, with interest, without limitation as to rate or amount. The statute under which the bonds are to be issued provides that the full faith and credit of the said Drainage District is pledged to the prompt payment of the principal of and interest on said bonds. By resolution adopted by the affirmative vote of two-thirds of the members-elect of the Board of Supervisors of the County of Oakland, and pursuant to said Chapter 20 of Act No. 40 of the Public Acts of 1956, as amended, the full faith and credit of the County of Oakland is pledged to the prompt payment of the principal and interest on said bonds.

No bid for less than all of the bonds or at less than the par value of the bonds will be accepted.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on all of the bonds from July 1, 1968 to their respective maturities and deducting therefrom any premium. Such bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Drainage District on all of the bonds.

A certified or cashier's check in the amount of 2% of the par value of the bonds, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Drainage Board for the Nichols Relief Drains must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Dickinson, Wright, McKean & Cudlip (Claude H. Stevens, of Counsel), attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the Drainage District. Bonds will be delivered at Detroit, Michigan, Chicago, Illinois or New York, New York.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Nichols Drain Bonds."

Approved: May 28, 1968

Discord Likely at Dem Meeting

DETROIT (AP) —Dissatisfaction among Negro delegates and opponents of Vice President Hubert Humphrey was expected to mar the harmony of the officially neutral but largely pro-Humphrey Michigan Democratic Convention this weekend.

Backers of Sens. Robert Kennedy, D-N. Y., and Eugene McCarthy, D-Minn., already have joined forces in court to win an order barring from the convention a pro-Humphrey delegation elected from the state's third-largest county.

* * *

An order preventing seating of the Macomb County delegation elected during a stormy county gathering May 17 was signed Friday — on the state convention's eve — by Circuit Judge Alton Noe.

At a later hearing, however, Noe vacated the order. Macomb County Democratic officials argued that they did not have the power to call a new convention and that the plaintiffs' only recourse was to challenge the seating of the district delegation before the state convention's credentials committee.

OWN CONVENTION

Officials of the district Conference of Concerned Democrats and Kennedy for President Committee said they would go ahead with plans to hold their own convention Friday night and cend a separate delegation to the state convention.

Negroes, meanwhile, newly organized in a "Black Caucus," contended their race is underrepresented in national convention delegates already chosen from around the state and are demanding at least half of the 24 at-large seats. Treats of a Negro walkout have been heard.

* * *

Humphrey — whose backers claim from 55 to 75 of the 102 Michigan delegate votes—will be in Detroit for the state conclave. Kennedy will be represented by his brother, Sen. Edward M. Kennedy, D-Mass.

* * *

State party leaders have counseled Democratic neutrality in the Humphrey-Kennedy-McCarthy presidential runoff and many county conventions—held in mid May—passed resolutions following that lead.

Big Labor, traditionally a potent force in the Michigan Democratic Party, prefers Humphrey.

* * *

Both Kennedy and McCarthy have found support in the year-old Conference of Concerned Democrats (CCD), a liberal group formed largely to oppose President Johnson and the Vietnam War.

* * *

At a news conference Friday, CCD spokesmen charged that state party leaders have "by and large been consistently governed to the unpopular incumbent defender, Hubert Humphrey."

Linemen Strike Detroit Edison as Pact Expires

DETROIT (UPI) — A portion of Detroit Edison Co.'s employes struck the utility today after failure to reach agreement on a new contract.

The strike includes all the linemen in the Oakland County area.

About 820 linemen and other tradesmen, the membership of Local 17 of the International Brotherhood of Electrical Workers, walked out at midnight, one day after their contract had expired, company spokesmen said. Edison employes about 10,400 persons.

The linemen service southeastern Michigan, and the walkouts range from the thumb area to Monroe. The company said, however, "We are prepared to provide normal electric service" during the strike.

Plea Is Guilty in Traffic Death

A Ferndale man pleaded guilty yesterday to manslaughter in the Nov. 13 traffic death of an 18-year-old Avon Township girl.

James G. Temple, 21, was being pursued by police when his car went through a red light at Crooks and Auburn and smashed into a car driven by Margie L. Morse of 2527 Hartline, officers said. Miss Morse died two hours later.

* * *

Temple was being chased after an alleged attempt to steal a car from a Troy auto dealer.

He will be sentenced June 20 by Oakland County Circuit Judge James S. Thorburn. Manslaughter is punishable by up to 15 years in prison.

City Reservists to Join in Rites

Troops of the 70th Army Division, which includes the Second Battalion, 333rd Regiment, located at the Pontiac Army Reserve Center, will take part in ceremonies Sunday celebrating Canadian-American Friendship Day.

The division will play host to the Essex and Kent Scottish Regiment of Windsor in a march from the foot of Woodward in Detroit to St. Paul's Cathedral for a memorial service.

THINK ABOUT IT!

UNKNOWN SOLDIER

Sentimentalist or not, if you ever saw or see the traditional service at the shrine of the Unknown Soldier in Arlington National Cemetery on Memorial Day, you would have or see moist eyes, quivering lips, a tightening of the throat in reverent silence.

The story behind the story of the Unknown Soldier is drama without equal on any stage. It starts first with New York Congressman Hamilton Fish introducing a House Joint Resolution to have an unidentified, killed in action American Soldier returned from France for reinterment at Arlington. The drama continues with Admiral Dewey's famous Flagship "Olympia" commissioned to return the body to America with Marine Corp escort. In story book manner, the drama relates the care with which anonymity was made certain . . . how the selection was made . . . how an ordinary American, a Chicago orphan, as a Sergeant in France was chosen and ordered to walk into a room and place a bouquet of roses on one of four unidentified caskets . . . now Sergeant Younker placed the bouquet and thus made a selection which he later described as God's choice.

The tomb of the Unknown Soldier is more than a symbol of sentiment. It is an American voice which gives thanks to the glory of God that we as Americans, can and do respect the honor and memory of our departed ones, soldiers and civilians alike . . . Hopeful Loses, Wins, Loses . . .

PENDLETON, Ore. (AP) — It was a tough fight, but Walter Holt has been renominated as a Umatilla County commissioner.

* * *

The unofficial returns from Tuesday's election showed that challenger Harold Stiller had beaten Holt in the Republican primary by three votes.

* * *

On Thursday the county clerk said Holt had won by seven.

* * *

Friday morning the Pendleton newspaper, the East Oregonian found a mistake in the clerk's figures that put Stiller ahead by three votes.

* * *

The official canvass came in Friday afternoon. The results: Holt is the winner by 27 votes.

Waterford Board Agenda Is Light

Only two items of business are scheduled for consideration by the Waterford Township Board at its 7:30 p.m. meeting Monday in the Waterford Township High School cafeteria.

* * *

The board will open bids for a new fire truck and consider for adoption a resolution entering into a contract with the county for construction of an internal sewer system.

In Memoriam 2

HENDERSON
In loving memory of William M. Henderson, who passed away Feb. 1, 1966.
I sigh sometimes to see thy face,
But since this cannot be;
I'll leave thee to the care of Him,
Who watches Thee and me.
Sadly missed by Mother, Father, brothers, sisters.

IN MEMORY OF PRESTON C. Scott, who passed away June 1, 1964.
Your not forgotten, father dear,
Nor ever shall you be,
As long as life and memory last,
We shall remember thee.
Sadly missed by Daughter, Karen, Jerry and children.

IN MEMORY OF JOSEPH M. McBride, dear husband and father, who passed away June 1, 1962.
Sweet is the word remembrance
Dear is the loved one who has gone
His memory will always be treasured
As long as the years roll on.
Sadly missed by wife Lena, sons Donald and Allen, and family.

IN LOVING MEMORY of My Mother, Ethel R. Allen, who passed away June 1, 1964.
Dear mother, you are not forgotten
Though on earth you are no more,
Still in memory you are with me
As you always were before.
Sadly missed by daughter, Mabel.

TAYLOR, CAMPBELL
In loving memory of Russell Taylor who passed away Jan. 2, 1946 and Betty Jean Campbell who passed away Sept. 5, 1951:
Dear Ones, you are not forgotten,
Though on earth you are no more,
Still in memory you are with us
As you always were before.
Sadly missed by Helen, Delores, Hazel and families.

But Only God Can Make A Tree
A natural cathedral where beats the great heart of nature is our own impression whenever we visit this beautiful hilly 40 acres of wooded retreat. Within 40 miles of Detroit, 22 miles of Flint, near Davisburg. It boasts a year round rough hewn cabin with large cobblestone fireplace in the living room. Bath, modern kitchen, loft sleeping, screened porch, well, septic tank. Yes, there are mosquitoes at certain times of the year; but they are controllable electrically, by spray, or by modern wick torches. They are not as objectionable as the whine and buzz of traffic. Yes, there is a snow problem in winter; but there is also the peace and quiet, bird songs, wild creatures and relaxation far from the asphalt jungle, but near geographically to the city. 40 acres — $800 per acre. If you love the out of doors this is it.
Beautiful Lake Braemar
Large lake lots with good shore. No excavating problems from burried stumps or bolders. Highly restricted building code. Lots on the lake $6,300 to $6,800. Off lake $3,000 to $4500. Hanoi May Be Set for Meaningful Talks

PARIS (AP) — North Vietnam may be preparing to outflank its own barrier to progress in the Paris talks and move the discussion to broad peacemaking issues without insisting on an immediate end of bombing in the North.

This possibility is being studied by U.S. officials. It arises from wording used in the North Vietnamese Communist party paper Nhan Dan today.

★ ★ ★

Nhan Dan said that before other problems in the peacemaking process can be discussed, the United States "must first of all clearly acknowledge its responsibility to put a definitive and unconditional end to bombing and all other acts of war on the whole Democratic Republic of Vietnam territory."

★ ★ ★

This new formulation of an old North Vietnamese demand coincided with the assignment of a new North Vietnamese adviser to the delegation here headed by Ambassador Xuan Thuy.

TON HANOI RED

On his way to Paris, according to the North Vietnamese announcement, is Le Duc Tho, 57, a member of the Politburo of the North Vietnamese Communist party's Central Committee.

★ ★ ★

Yesterday's meeting, the sixth since the talks started three weeks ago, produced no movement toward agreement by either side.

Thuy said that if Harriman persisted in demanding some concession from North Vietnam for ending all attacks on that country they would eventually put out a joint communique in which the U.S. would pledge to stop its attacks and North Vietnam would pledge to abstain from attacking the United States.

Tension Eases in French Crisis

PARIS (AP) — Government officials believe that tension has eased and the worst of the French crisis has passed, although settlement of the crippling two-week-old general strike still seemed some way off.

For repair efforts, President Charles de Gaulle's new government had Maurice Couve de Murville, described as de Gaulle's most trusted minister, in charge of finance. Several ministers accused of mishandling the crisis were gone.

★ ★ ★

To guard against violence, de Gaulle has quietly strengthened military and national police units in and near Paris.

hTe Defense Ministry said yesterday it soon would publish a decree authorizing the call-up of army, navy, air force and national police reserves.

RADIO ADDRESS

It said the order could involve "a limited number of specialists and technicians needed for the functioning of installations essential to economic life."

The tension seemed to dissipate after de Gaulle's dramatic radio address Thursday, when he ordered general elections but threatened to use force if government authority was challenged.

★ ★ ★

Trade union leaders who had been demanding a change of regime in return for an end to the strike retreated to their original economic demands for higher salaries and shorter work weeks.

★ ★ ★

The Communist party and its trade union arm, the General Confederation of labor—CGT— announced they would participate in the elections June 23 and 30 for a new National Assembly.

DEMONSTRATIONS CALLED

When the National Union of French Students called a street demonstration for today, the CGT asked its members not to take part. It said the demonstration "at the present moment is not only inopportune but carries evident dangers of provocation."

Special Gear Rushed to Aid in Sub Search

NORFOLK, Va. (AP) — The Navy has flown two deep submersibles and an advanced diving system to the Azores to explore the shallow waters near the last reported position of the missing nuclear submarine Scorpion.

The deep submersibles, LinkPerry and Deep-Diver, and the advanced diving system, Ads Mark 4, were sent yesterday to survey the ocean bottom south of the Azores where the Scorpion last radioed her position May 21.

★ ★ ★

All three can explore the ocean floor to a depth of more than 1,000 feet. The Scorpion and her crew of 99 were due to arrive at her home port here Monday at 1 p.m. and was declared missing on Wednesday.

Meanwhile, destroyers and submarines are sweeping eastward along the 2,400-mile projected course of Scorpion from Norfolk to the Azores. The Navy said the aramada is expected to reach the Azores June 7.

SEARCH PLANES

While the armada searches a 15-mile-wide track, three patterns of search planes are conducting visual observation flights along a 100-mile-wide track on the same course.

The focal point of the search is now around the Cruiser Banks, with depths as shallow as 100-feet, and the Irving Banks, 360 miles south of the Azores. The Scorpion's projected course would have taken it with 30 miles of these, "sea mounds," or underwater ridges.

★ ★ ★

The nuclear submarine Gato was scheduled to arrive today in the area of the sea mounds to rendezvous with the deep submersibles.

Vice. Adm. Arnold F. Schade, commander of the rescue force, told newsmen Friday that the area off the Azores was the "second logical" spot to search since no clues to the Scorpion's whereabouts had turned up in the ocean approaches to Norfolk.

Chance of Rain Is Forecast Today

According to the official U.S. Weather Bureau report, there's a chance of showers once again.

Here is the offical day-by-day forecast for the weekend:

TODAY—Cloudy with showers and a chance of thundershowers this afternoon. High 70 to 75. Showers ending tonight with little temperature change. Low 50 to 56.

★ ★ ★

Southerly morning winds at five to 15 miles per hour becoming west to southwest tonight.

TOMORROW—Partly sunny and mild.

MONDAY—Fair and a little warmer.

★ ★ ★

Precipitation probabilities in per cent are: Today and tonight 60, tomorrow 20.

A mild 58 was the low temperature in downtown Pontiac prior to 8 a.m. The mercury had warmed up to 65 by 2:30 p.m.

Districting Plan for County OK'd

By ED BLUNDEN

A reapportionment plan for the Oakland County Board of Supervisors was cleared through the State Appeals Court yesterday and candidates for the 27 positions have until June 18 to file nominating petitions.

Candidates will run in the Aug. 6 primary and then compete in the November election, according to John Murphy, county clerk.

★ ★ ★

The reapportionment plan will vastly change the character of the board of supervisors. Membership will be reduced from 87 to 27 and representation will swing heavily to the advantage of the southeastern corner of the county. Communities in the Southfield-Royal Oak area will have 12 members on the board.

The plan was completed in June 1967. It was drawn up by five persons, as required by state law — the county clerk (Murphy, panel chairman), the treasurer and prosecutor and chairmen of Democratic and Republican parties.

ONLY REPUBLICAN

State GOP Chairman Joseph R. Farnham turned out to be the only Republican on the panel and it was he who challenged the reapportionment, claiming it was set up to allow a political advantage to Democrats—gerrymandered.

The suit lost in Circuit Court and was taken to the Appeals Court. While it was pending, election plans remained uncertain.

In a ruling in the State Supreme Court the one-man, one-vote principle was up-

Road Death Toll Climbing Slowly

The Memorial Day weekend traffic death toll across the nation climbed slowly today and safety spokesmen expressed optimisim, but the normally hazardous homeward rush of motorists still was a day away.

The toll early in the second half of the four-day weekend stood at 78. A total of 488 traffic fatalities were counted during a recent nonholiday weekend of the same length.

★ ★ ★

The National Safety Council estimated the highway toll between 6 p.m. Wednesday and midnight tomorrow could range between 625 and 725. A final count even at the low end of the range would surpass the record of 608 for a Memorial Day observance—set last year when the holiday also ran four days.

"We are running significantly behind last year's toll," a council spokesman said as the weekend passed the halfway mark.

★ ★ ★

Still ahead for the majority of holiday motorists, however, was the prospect that nearly everyone would start home tomorrow.

The weather, as it has since the start of the weekend, posed a hazard for drivers in many areas of the country. Fog blanketed parts of New England and the Midwest early today.

AF Honors Dead Area Flier

LT. KARL RICHTER

A memorial scholarship has been established at the U.S. Air Force Academy in Colorado to honor Lt. Karl W. Richter of Holly.

★ ★ ★

The flier, killed in Vietnam last August on his 198th combat mission, is the son of Mr. and Mrs. Ludwig Richter of 11610 Dixie.

★ ★ ★

Lt. Richter had flown more combat missions than any other pilot in the war. In addition to many other decorations, he was posthumously awarded the Air Force Cross in February.

★ ★ ★

The scholarship was established by the nonprofit Falcon Foundation and the Republic Aviation Division of Fairchild Hiller Corp. It will provide a year's preparatory study for a qualified young man desiring to enter the Air Force Academy.

Youth Held in Killing Near State Hospital

By MEL NEWMAN

Pontiac police said today they will seek a murder warrant charging a 26-year-old mental patient with the brutal knife slaying last night of a young woman patient at Pontiac State Hospital.

In Oakland County jail, awaiting arraignment today, is Edward Jay Stockwell, whose address is listed as that of the hospital—140 Elizabeth Lake.

★ ★ ★

He was arrested about 12:20 a.m. today, some three hours after the mutilated body of Dannelda Stewart, 19, was found by a security guard making a routine check of a building on the hospital grounds.

The arrest took place at Stockwell's father's home, 999 James K, which had been staked out, officers said.

Detectives Charles Chancey and Orville Johnston said Stockwell had been sought when he was found missing from his room at the hospital following the discovery of the murder.

They said the suspect led them to a knife hidden on the hospital grounds.

★ ★ ★

The victim, who had been stabbed and slashed numerous times, according to police, was found in the Sawyer Cottage, a building no longer used by the hospital.

★ ★ ★

Police said the upstairs is used by Oakland University as a nurses' training area, but the downstairs where the slaying took place, is vacant except for a few pieces of furniture.

HAD KEYS

Chancey said Stockwell, who holds an outside job but spends nights at the hospital, had keys to several buildings on the grounds because he is an aide in the hospital's recreational therapy program.

★ ★ ★

He said the keys are returned to authorities at night, but Stockwell had a duplicate made of the key to the cottage.

★ ★ ★

The victim, who had been given a pass allowing her the freedom of the grounds, was reportedly last seen about 6:30 p.m.

An autopsy is scheduled today, police said.

Sonic Boom Injures 15

AIR FORCE ACADEMY, Colo. (AP) — Fifteen persons were cut by flying glass from about 300 shattered windows yesterday when an F105 Thunderchief jet cracked the sound barrier in a low-level sweep over the Air Force Academy.

None of those hurt was hospitalized. One victim, however, required several stitches to close a neck wound.

Housing Group Riled at Realtors

The Friends of Fair Housing organizers are piqued, the president of the Pontiac Area board of Realtors is impassive and Robert Davis, president of the Ann Arbor Board of Realtors, is attempting to remain in a neutral corner.

The leaders of the Fair Housing Friends have been anticipating some active opposition to Their efforts to secure passage of a local fair housing ordinance.

★ ★ ★

They eyed local realtors as a source.

Fair housing leaders feel that the realtors may have shown their hand because of what they termed a "refusal" of the local realtors to allow Davis to speak at a Friends of Fair Housing dinner to be held Monday night.

'NO REFUSAL'

Albert J. Rhodes, president of the Pontiac Area Board of Realtors, contends that there was no such refusal.

Davis, who tentatively accepted a speaking engagement at the dinner to relate the favorable experiences of Ann Arbor realtors with that city's fair-housing law, said he won't speak unless the local realtors give approval.

★ ★ ★

Rhodes indicated that it was impossible for the realtors to approve or disapprove because the time is not available to determine whether or not the local board is in favor of the appearance of Davis.

According to the parties involved, the chairman of the Friends of Fair Housing, Dr. William J. Donnelly, wrote Rhodes May 22 and asked for permission from the Pontiac Board of Realtors for Davis to speak here on fair-housing ordinances. Donnelly mentioned no date although the referendum election on a fair housing ordinance is June 24.

'REPLIED BY LETTER'

Rhodes said he replied by letter May 24 that the board would consider the request at its next meeting June 17.

He said Dr. Donnelly called him Wednesday and said that the occasion

GETTING TO KNOW YOU—Judi Daniels, Michigan State University senior from Ann Arbor, visits Pontiac's McConnell Elementary School, where she is a top prospect to teach third grade next fall.

Pontiac Educators Welcome Her

Coed Wants to Teach Disadvantaged

Judi Daniels of Ann Arbor is a cute Michigan State University coed who will graduate soon and is looking for a teaching job.

Like many young prospective teachers just getting out of college, she could look for a job in a middle-class or well-to-do bedroom community.

★ ★ ★

She probably would be welcomed there with open arms. Unlike many teachers coming out of colleges, that's not her desire.

Judi could very well teach at all-white Waterford Village Elementary Shcool where she is now doing her student teaching, but she now is a top candidate to teach third grade at predominantly Negro McConnell Elementary School in Pontiac.

CALLED CRAZY

"Most teachers told me I was crazy to get into an interracial situation like this," Judi explains, "but I feel all kids need a good education, particularly in this area."

As part of the Pontiac School District's screening process, she visited McConnell yesterday and was very well-received.

★ ★ ★

"It takes a special kind of person to teach disadvantaged pupils — a compassionate, stronger type of person," comments Lewis A. Crew, director of instructional personnel services.

"The problem in teacher recruiting here is that a number of college people are not trained to teach in a metropolitan area like Pontiac and just don't apply," Crew relates.

SUBURBS CALL

As the result of teachers or prospective teachers fearing to teach in what Crew calls a "difficult situation" here, suburban systems are getting more applications and thus can be more selective.

Crew is optimistic, though, that he will fill the 95 teaching positions open before school opens.

Pontiac now has 1,054 teaching positions, with 78 additional scheduled for the next school year.

It's Plain! May Mainly Rain

Oakland County had a goodly share of rain in the month of May and if most of it hadn't run off, it would be over a foot deep now.

In fact, in some places in the county it didn't run off, and flooded basements and streets were common. A total of 12.65 inches fell in the period. This compares to just 1.6 inches last May and the norm of 2.14.

★ ★ ★

The month wasn't particularly cold and the average (mean) temperature was 54.3 degrees compared to 53.5 last year.

A high of 86 degrees was recorded May 15. On May 6, the low was 32 and during the early morning hours a frost occurred that was reportedly damaging to area orchards.

15 SUNNY DAYS

There were just 15 sunny days out of 31 with the rest of the time being cloudy or rainy. There was not a single weekend in the month to go out and enjoy the spring weather. It rained every one.

The most damaging blow — from which many areas have not yet completely recovered — was the record-shattering downpour of last Monday when 6.1 inches of water fell on the county.

★ ★ ★

Basements, yards, roads and fields became small lakes, and much of the accumulation is still around, added to by showers since.

So the big news on weather for the month is spelled RAIN. And today, June 1, guess what the forecast is? Right! Right as rain.

Showers are also forecast from the Pacific Northwest to the Continental Divide. Cooler weather is predicted for the eastern Plains through the upper Mississippi Valley.

'Rapid Progress in Paper Talks'

DETROIT (AP) — Calling agreement with one of four striking unions "in the bag" and accord with another "on the lip of the bag," a labor relations expert late yesterday said negotiators in Detroit's 6½-month newspaper strike have made "very substantial and rapid progress on all fronts."

Dr. Nathan Feinsinger of the University of Wisconsin told reporters that "unless something interferes I anticipate a substantial agreement. It's downhill all the way, I'm talking about the works."

★ ★ ★

Feinsinger, who called special negotiations beginning Memorial Day with international presidents of the four unions and publishers of the morning Free Press and the evening News, said agreement on noneconomic issues was reached with the plate and paper handlers.

Other striking unions are the pressmen, printers and photoengravers at The News.

CONSIDERED CRITICAL

Earlier, Feinsinger said he considered negotiations with paper and plate handlers as critical and added that "if we come out with an agreement here, we're in business.

Salute to Youth Will Honor 205

More than 205 high school students will be honored in Pontiac's fourth annual Salute to Youth Contest tomorrow at 7 p.m. in Northern High School.

E. Eugene Russell, president of the Pontiac Area Chamber of Commerce, will be the featured speaker.

★ ★ ★

Students are to be given awards for contributions to the community in 10 categories. About 300 entered the contest.

Awards will be presented by leading citizens. Mistress of ceremonies will be Mrs. Lucinda Wyckoff, president of Pontiac Business and Professional Women's Club.

★ ★ ★

Awards will be presented for business initiative, speech, art and handicrafts, science, creative writing, traffic safety, music, scholarship, athletics and leadership.

Pontiac Citizens' Committee on Youth sponsors the event.

County Districting Plan Is Upheld by Court

(Continued From Page One)

held May 8. A U.S. Supreme Court decision in 1954 established the principle as it applied to local governments.

In Oakland County the prerogative of each township having at least one member on the board will be done away with. In the sparsely populated northern townships representation will be dramatically cut. Six of the townships — Holly, Groveland, Brandon, Oxford, Springfield and Independence — will have a single representative. Each supervisor will represent approximately 25,000 persons.

BIG QUESTION

A big question will arise among the supervisors as to whether to run for the board or not. According to Clerk Murphy, they will not be able to serve both bodies, the board and their township.

Blank petitions are available in the courthouse on Telegraph and Pontiac Lake in the clerk's office. About 200 signatures will be needed by each candidate.

Kidnap Suspect to Get Mind Test

A 25-year-old Pontiac man accused of kidnapping and rape was granted permission yesterday to undergo phychiatric examination.

Oakland County Circuit Judge William J. Beer authorized the tests and appointed Dr. Jerome Fink to conduct the evaluation of Laurence S. Moore.

★ ★ ★

Moore of 499 W. Huron is charged with the April 29 kidnap and rape of a 19-year-old married Pontiac woman, and the kidnap of her 14-year-old brother-in-law, from the Pontiac Mall Shopping Center.

Beer also will appoint an attorney to defend Moore.

★ ★ ★

Beer adjourned Moore's arraignment from today until Wednesday, when he will have benefit of counsel.

The psychiatric examination will not be made until after that time, said Beer.

Two Get New Bank Duties

BIRMINGHAM — The board of directors of Birmingham Bloomfield Bank has elected S. Tenney McGraw II vice chairman of the board and James A. Hayden Jr. president.

Announcement of the election was made by Stephan C. Miller, chairman.

HAROLD S. McFARLAND

GM Promotes 3 Area Men

Three area men were promoted recently on the General Motors Corp. Personnel staff.

Harold S. McFarland of 323 Lakewood, Bloomfield Hills, was appointed to the new position of assistant director of personnel relations for General Motors.

★ ★ ★

A Bloomfield Township man, R. Verne Righter of 1600 W. Long Lake Road, will succeed McFarland as director of Personnel Services.

William B. Chew of 3155 Myddleton, Troy, has been promoted to assistant director of salaried personnel for GM.

McFarland joined GM in 1934 as an hourly worker on the assembly line.

Righter joined GM's Saginaw Steering Gear Division in 1943. He joined the central office salaried personnel activity in 1957.

Chew joined GM in 1953 as a personnel evaluation specialist at the GM Institute in Flint. He was transferred to salaried personnel in 1959.

Fair Housing Unit Riled at Realtors

(Continued From Page One)

for the speech was scheduled for Monday, June 3, and asked Rhodes to give permission or to contact the other directors to see if permission could be given.

★ ★ ★

Rhodes said that he felt this was not practical since there are 17 members on the board of directors, and it would take from 15 to 20 minutes to talk to each one and to explain the details and philosophy involved.

He said at this point he does not know how any of the directors feel about Davis speaking in this area.

'ONLY 1 OF 42'

Davis said yesterday that because of past difficulties with state realtors, he has decided not to speak on fair housing in any city where the local board of realtors does not approve.

"We're only one of 42 boards in the state that have come out in favor. I think this will change in June (when the state fair housing law takes effect) and the other boards will have to go along," he said.

But in the meantime, he said, the state association of realtors has asked that he not go into other jurisdictions without approval of local boards.

Davis said the Ann Arbor Board of Realtors, which had originally opposed a fair-housing ordinance in Ann Arbor, has been dealing with that city's ordinance for three years now and "We are very happy with it."

Davis said if he were to speak in Pontiac he would not attempt to advise anyone on how to vote on a local ordinance but would merely relate experiences of the Ann Arbor realtors with it.

McGraw, who lives at 5180 Pon Valley, Bloomfield Township, joined Birmingham Bloomfield Bank in 1960 and was elected president and member of the board in January 1966.

★ ★ ★

A past director of the Birmingham Community House, he is director of the Birmingham-Bloomfield Chamber of Commerce and an officer of the chamber's retail merchants division.

FROM BOSTON

Hayden comes to Birmingham Bloomfield Bank from the State Street Bank and Trust Co. of Boston, Mass., where he served as a vice president in the bank's computer services division.

He was an honors graduate of Boston University and has done postgraduate work at Miami University, Dayton University and The Harvard Business School.

Several area residents are among the new officers and directors of the Detroit United Foundation.

Named treasurer was Russel A. Swaney, 1153 Buckingham, Birmingham.

★ ★ ★

Swauney, who is vice president of the Federal Reserve Bank of Chicago, will replace Richard C. Gerstenberg, executive vice president-finance of the General Motors Corp.

Gerstenberg has served in the office for six years and will remain a member of the UF finance committee.

NEW DIRECTORS

Among the new directors are John J. Riccardo, 2243 Tottenham, Bloomfield Township, and John M. Sanders, 1415 Epping, Bloomfield Hills.

Riccardo is group vice president, U.S. and Canadian automotive, Chrysler Corp. Sanders is president of Fred Sanders Confectioners.

★ ★ ★

Those named to the UF executive committee include Charles F. Adams, 6139 Dakota, Bloomfield Township; Albert J. Berdis, 116 Chesterfield, Bloomfield Hills; Virgil E. Boyd, 376 Dunston, Bloomfield Hills; Guy S. Peppiatt of Lathrup Village; and Swaney.

Adams is president of McManus, John and Adams; Berdis is chairman of the board of the Great Lakes Steel Division of the National Steel Corp.; and Boyd is president of Chrysler Corp. Peppiatt is chairman of the board of Federal-Mogul Corp.

ADVISORY BOARD

New advisory board members include Mrs. Worth Kramer, 4955 Ardmore, Bloomfield Township; Thomas O. Mayberry, 781 Lone Pine, Bloomfield Hills; John B. Poole, 1820 Rathmore, Bloomfield Hills; and Hugh M. Redhead of Birmingham.

Mayberry is vice president of Marsh and McLennan and Redhead is president of the Campbell-Ewald Co.

BIRMINGHAM — Memorial and gift books received by the Baldwin Public Library during the last six months will be on display through Wednesday.

A biennial event, the display this spring includes books in many subject fields.

★ ★ ★

Effective today, the library's hours will be changed. Closing hour each Friday and Saturday will be 5:30 p.m.

Other hours will remain the same, with the library opening daily at 9:30 a.m. and closing at 8:30 p.m. Monday through Thursday.

Woman Is Guilty on Murder Charge

A 31-year-old woman was found guilty yesterday in Oakland County Circuit Court of second-degree murder in a shotgun slaying.

The verdict was returned against Juanita Newby, 507 California, in the killing of Oddee Williams, 40, of the same address.

★ ★ ★

She had been charged with second-degree murder in the March 10 death.

A witness had told police that she and Williams had argued repeatedly throughout the day.

★ ★ ★

She will be sentenced July 1 by Circuit Judge Farrell E. Roberts. She faces a prison term of up to life.

Cong Hold Out in Saigon Area

Planes Hit Reds on Other Side of Capital

SAIGON (AP) — About 30 or 40 Vietcong held out in the heart of Saigon's Chinese section today against South Vietnamese troops and American recoilless rifles which blasted enemy-held buildings into rubble.

* * *

A somewhat larger force attacked when U.S. and South Vietnamese police shifts changed at 4 a.m. But some of the guerrillas slipped out when the government declared a 20-minute truce to allow several hundred refugees to flee the embattled five-block-square area in southwestern Saigon.

* * *

South Vietnamese warplanes attacked guerrillas menacing the opposite side of the capital. They bombed and strafed housing areas 2½ miles northeast of Saigon's center. Civilians had abandoned the area after the guerrillas moved in.

* * *

The enemy had made the deepest penetration into the city of their third wave of attacks on Saigon, which began last Saturday. The main battle area was about three miles west of the presidential palace and military reports said snipers had moved to within a mile of the palace.

133 REPORTED KILLED

Government troops reported killing 133 enemy soldiers in the last 24 hours in Saigon. Government losses were reported as 18 killed and 57 wounded.

In Cholon, a U.S. 57mm recoilless rifle team fired nearly 100 rounds, smashing enemy firing positions and blasting more than a score of stores. But the Vietcong kept up a volley of grenades and machine-gun fire against advancing South Vietnamese rangers.

* * *

Firemen braved sniper fire in efforts to control blazes in about half a dozen buildings in the prosperous Chinese section.

Government troops were seen looting stores of food.

* * *

On the northeastern edge of the city, Associated Press photographer Henri Huet reported that South Vietnamese marines assaulted the bottom floor of a villa which had been held by about 40 guerrillas despite government troops occupying the upper two floors.

The marines found the enemy troops had slipped out in the night and were firing from new positions in a treeline 100 yards away.

Shooting Case Sentencing Set

The sentencing of a Pontiac man for the shooting of a woman last September was scheduled for June 13 by Oakland County Circuit Judge Arthur E. Moore yesterday.

Samuel Threets, 40, of 126 Raeburn pleaded guilty to a lesser charge of assault with intent to do great bodily harm as he was about to stand trial for assault with intent to murder.

* * *

Threets faces a prison term of up to 10 years in the Sept. 2 shooting of Mary Pryor of 210 E. Wilson. She was wounded four times.

When police arrived at the scene they reported finding her lying in the street across from her home. Threets turned himself over to police three days later.

City Teen-Ager Reports That Youth Raped Her

A 16-year-old Pontiac girl told police that she was raped by a youth at his apartment last night.

The suspect, 18, is in custody.

* * *

The victim told officers she was visiting the youth's apartment in company with a girlfriend when the suspect locked her friend out and raped her about 10 p.m.

The suspect was arrested about 4 a.m. today, shortly after the victim and her parents contacted police.

* * *

Officers said they are continuing the investigation.

Parke, Davis, Doctor Sued for $1 Million

A Bloomfield Township attorney who became paralyzed, allegedly after being injected with polio and influenza vaccines, yesterday filed a $1-million damage suit against Parke, Davis & Co. and a Bloomfield Hills doctor.

L. C. Burch, 1400 Echo Lake, contends that the Detroit pharmaceuitcal firm and Dr. Harold R. Roehm, 970 Lone Pine, were negligent in their responsibilities. The suit was started in Oakland County Circuit Court.

* * *

They failed to warn him of the dangers and the risks involved when the vaccines were mixed, according to the suit.

Burch was hospitalized for nearly four months at University Hospital in Ann Arbor shortly after being inoculated in October 1966, according to his attorney, George A. Jones of Detroit.

* * *

Parke, Davis, he said, did not provide precautionary warnings or advice as to the effects and side effects of the vaccines given as separate inoculations or in combination.

The case was assigned to Judge Philip Pratt.

No Fancy Stuff

SEATTLE, Wash. (AP) — Two off-duty firemen were on their way home from a fire science technology class when a fire broke out in their car. Did they use their new knowledge? Donald Hamilton said, "We grabbed the stuff burning in the glove compartment and stomped on it."

Uses for Liquid

NEW YORK (AP) — The Radio Corp. of America says its research has learned that a thick liquid composed of tiny crystals sandwiched between two plates of glass can be used in a new type of electronic display, and could result in such things as home television screens "no thicker than a slice of bread."

Charlie Company Survives Savage N. Viet Assault on Hill

DAK TO, South Vietnam (AP) — "Yeah, I know where Charlie Company is," said the grimy soldier. He jerked a thumb toward a scarred elevated clearing. "It's on top of that hill. . . what's left of it."

Charlie Company was there, 53 men. Around them lay the bodies of 102 North Vietnamese.

★ ★ ★

The savage assault of the hill here in the central highlands near the Laotian border began at sundown. When the bitter, often hand-to-hand, fighting ended, the hilltop was strewn with dead North Vietnamese and stained with the blood of many Americans.

Lt. Thurman Pike of Raleigh, N.C., recalled the long night as the company from the 4th Infantry Division held off an estimated 500 enemy soldiers.

9 DIRECT HITS

"We had the slope over there," he said. "Two of my forward bunkers took nine direct hits each with rockets. They (the enemy) took the first bunkers, then came up the trenches toward our bunker. They were coming in one door as I was going out the other."

★ ★ ★

The North Vietnamese used sapper teams to blast through the encircling barbed wire and claymore mines on the forward slope. Then they dug trenches up to a small shelf of land below the bunkers, and from there they fired the rockets.

★ ★ ★

One rocket scored a direct hit on a machine gun in the forward bunker, killing two GIs and injuring everyone else in the bunker.

When the enemy had seized five bunkers, 1st Sgt. Melvin Lewitt of Portland, Ore., helped lead a counter-charge. As he crouched in a trench crowded with other men, an enemy grenade landed in his lap.

"There were a lot of other guys around," Lewitt said. "I dropped the grenade and jumped on it with both feet and it went off."

★ ★ ★

Lewitt is in a hospital with both his feet shattered.

Lt. Pike said the enemy assault group "got to bunker nine but couldn't move beyond because there weren't any more connecting trenches. Every time one would pop his head up we'd zap him."

★ ★ ★

"We had to call the artillery right in on those bunkers, but by morning there were still about five of them in there."

Two North Vietnamese were killed when a GI rigged an explosive to a five-gallon can of gasoline and pitched it inside the bunker.

Another youth from New York explained: "He's from the block, you know. You learn stuff like that on the block."

★ ★ ★

Many survivors felt special grief for a young trooper who had one narrow escape before he was killed.

"The guy had been on a patrol over on that ridge," Pike said, "and was caught in an ambush with seven other guys. He had to call in air strikes right on his position to keep the enemy back. When he got out he told us he had just celebrated his 18th birthday but he felt 105.

"Now he gets shot up here. Makes you wonder sometimes."

Portable Tax Collector's Chest

In Modern Room

Antique Stirs Conversation

By JODY HEADLEE
Home Editor, The Pontiac Press

"I'm not interested in antiques as such," said Mrs. William Bailey of Waterford Township. "But I do like pieces that blend with modern styles."

Such an antique is the conversation piece in the Bailey living room, a leather-covered tax collector's chest dating back to the reign of Charles II.

★ ★ ★

"Notice," said Mrs. Bailey, "the 13 drawers, one for each of the 13 colonies. Three large drawers probably were used for Massachusetts, New York and Virginia."

The chest with its original decorative painting and nailhead trim folds into a compact trunk-like container on a hand-carved gargoyle base.

SATINWOOD TRIM

Inside is an intricate pattern trim of inlaid satinwood. The King's representative would set up shop, collect the taxes from the colonists, then fold the chest, load it on the stagecoach and be off to the next village or town, according to Mrs. Bailey.

In a predominately modern room, the chest represents an exciting change of pace, sure to provoke conversation from all who enter.

To contrast the room's white-walled background, Mrs. Bailey selected a sculptured royal blue carpet. The shell-back lounge chair, sofa and chair and ottoman duo are all covered in a quilted contemporary floral.

The fabric, with its shades of blue, emphasizes the carpeting and introduces into the color scheme gold, green and white.

FOLLOWS MODERN VEIN

An antiqued-white pedestal cigarette table serves the sofa. It is topped by marble.

In the nearby family room paneled in walnut, Mrs. Bailey continues to follow the modern vein. Before the room's royal-blue antique satin draperies stands a deep blue, pillow-back chair. Lighting the chair is an oriental figurine lamp on a walnut steptable.

★ ★ ★

The raised hearth fireplace dominates one corner of the comfortable room. A wicker floor chair is pulled up to the hearth for fire watching on cool spring evenings.

White walls are used again in the dining-kitchen area. A massive dried arrangement from Arizona fills the room's terra cotta container with cactus flowers and date fronds. Marbleized glass of silver and aqua adds a decorator's touch to the framed lavabo planter.

Memorial Day

Each of us will celebrate Memorial Day in ways that touch us intimately. Servicemen who fell in battle will be remembered, gloriously; parents who fought the good battle for their children and society will be eulogized. Our every deed, act, attitude is a message to a yesterday.

Each of us will lay a tribute of living flowers on the resting place of one who has won a battle of health, handicap, dire circumstances or a conflict ended, we pay tribute to them as wayfarers on the one-way road of life.

OFFICIAL NOTICE OF SALE
$5,825,000
NICHOLS RELIEF DRAINS DRAINAGE DISTRICT COUNTY OF OAKLAND, STATE OF MICHIGAN
DRAIN BONDS

Sealed bids for the purchase of Drain Bonds to be issued by the Nichols Relief Drains Drainage District in Oakland County, Michigan, of the par value of $5,825,000 will be received by the undersigned at his office, 550 South Telegraph Road, in the City of Pontiac, Michigan, until 11:00 o'clock A.M., Eastern Daylight Time, on Monday, the 10th day of June, 1968, at which time and place said bids will be publicly opened and read.

Said bonds will be dated May 1, 1968, will be coupon bonds all in the denomination of $5,000 each, will be numbered consecutively in the direct order of their maturities from 1 upwards, and will bear interest from their date payable on November 1, 1968, and thereafter semi-annually on May 1 and November 1 of each year and will be sold at an interest cost not in excess of 6% per annum, with no coupon rate to exceed 6% per annum. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1/8th or 1/20th of 1%, or both. The interest on any one bond shall be at one rate only and shall be represented by one interest coupon for each coupon period and all bonds maturing in the same year shall carry the same interest rate. No bond shall bear interest at a rate less than 50% of the rate borne by any other bond of this issue. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on the 1st day of May in each year as follows:

1969—$115,000	1979—$155,000	1989—$235,000
1970— 115,000	1980— 165,000	1990— 245,000
1971— 115,000	1981— 170,000	1991— 245,000
1972— 120,000	1982— 180,000	1992— 260,000
1973— 120,000	1983— 185,000	1993— 265,000
1974— 135,000	1984— 195,000	1994— 265,000
1975— 135,000	1985— 205,000	1995— 270,000
1976— 135,000	1986— 215,000	1996— 275,000
1977— 135,000	1987— 215,000	1997— 285,000
1978— 150,000	1988— 230,000	1998— 290,000

The bonds will be subject to redemption as a whole by the Drainage District prior to maturity on any one interest payment date on or after May 1, 1980. Each bond called to be redeemed shall be redeemed at par and accrued interest plus a premium equal to two per cent (2%) of the aggregate par value of the bonds redeemed on or before May 1, 1990, and without premium if redeemed thereafter.

Notice of redemption shall be published not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of New York, New York, which carries as a part of its regular service notices of the sale of municipal bonds. No further interest payable on bonds so called for redemption shall accrue after the date fixed for redemption whether presented for redemption or not, provided the County has money available for such redemption with the paying agent. Both principal and interest will be payable at such bank or trust company which qualifies as a paying agent under Federal or Michigan law and which shall be designated by the original purchaser of the bonds, who may also designate a similarly qualified co-paying agent. Designation of the paying agent and co-paying agent shall be subject to the approval by the Drainage Board.

The said bonds are to be issued under the provisions of Chapter 20 of Act No. 40 of the Public Acts of 1956, as amended, in anticipation of the collection of special assessments assessed against public corporations on Nichols Relief Drains—Special Assessment Roll No. 1, made to defray the cost of locating, establishing and constructing the Nichols Relief Drains (an intra-county drain). The assessments are against the State of Michigan on account of drainage to state highways, the County of Oakland on account of drainage of Oakland County highways and against the Township of Bloomfield. The State of Michigan has paid its assessments in full. The assessments against the County of Oakland and Township of Bloomfield are a general obligation of said public corporations and each corporation is obligated and has the power to levy ad valorem taxes upon all the property within its limits in an amount sufficient to pay the assessment against it, with interest, without limitation as to rate or amount. The statute under which the bonds are to be issued provides that the full faith and credit of the said Drainage District is pledged to the prompt payment of the principal of and interest on said bonds. By resolution adopted by the affirmative vote of two-thirds of the members-elect of the Board of Supervisors of the County of Oakland, and pursuant to said Chapter 20 of Act No. 40 of the Public Acts of 1956, as amended, the full faith and credit of the County of Oakland is pledged to the prompt payment of the principal and interest on said bonds.

No bid for less than all of the bonds or at less than the par value of the bonds will be accepted.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on all of the bonds from July 1, 1968 to their respective maturities and deducting therefrom any premium. Such bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Drainage District on all of the bonds.

A certified or cashier's check in the amount of 2% of the par value of the bonds, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Drainage Board for the Nichols Relief Drains must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Dickinson, Wright, McKean & Cudlip (Claude H. Stevens, of Counsel), attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the Drainage District. Bonds will be delivered at Detroit, Michigan, Chicago, Illinois or New York, New York.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Nichols Drain Bonds."

Approved: May 28, 1968

Discord Likely at Dem Meeting

DETROIT (AP) —Dissatisfaction among Negro delegates and opponents of Vice President Hubert Humphrey was expected to mar the harmony of the officially neutral but largely pro-Humphrey Michigan Democratic Convention this weekend.

Backers of Sens. Robert Kennedy, D-N. Y., and Eugene McCarthy, D-Minn., already have joined forces in court to win an order barring from the convention a pro-Humphrey delegation elected from the state's third-largest county.

* * *

An order preventing seating of the Macomb County delegation elected during a stormy county gathering May 17 was signed Friday — on the state convention's eve — by Circuit Judge Alton Noe.

At a later hearing, however, Noe vacated the order. Macomb County Democratic officials argued that they did not have the power to call a new convention and that the plaintiffs' only recourse was to challenge the seating of the district delegation before the state convention's credentials committee.

OWN CONVENTION

Officials of the district Conference of Concerned Democrats and Kennedy for President Committee said they would go ahead with plans to hold their own convention Friday night and cend a separate delegation to the state convention.

Negroes, meanwhile, newly organized in a "Black Caucus," contended their race is under-represented in national convention delegates already chosen from around the state and are demanding at least half of the 24 at-large seats. Treats of a Negro walkout have been heard.

* * *

Humphrey — whose backers claim from 55 to 75 of the 102 Michigan delegate votes—will be in Detroit for the state conclave. Kennedy will be represented by his brother, Sen. Edward M. Kennedy, D-Mass.

* * *

State party leaders have counseled Democratic neutrality in the Humphrey-Kennedy-McCarthy presidential runoff and many county conventions—held in mid May—passed resolutions following that lead.

Big Labor, traditionally a potent force in the Michigan Democratic Party, prefers Humphrey.

* * *

Both Kennedy and McCarthy have found support in the year-old Conference of Concerned Democrats (CCD), a liberal group formed largely to oppose President Johnson and the Vietnam War.

* * *

At a news conference Friday, CCD spokesmen charged that state party leaders have "by and large been consistently governed to the unpopular incumbent defender, Hubert Humphrey."

Linemen Strike Detroit Edison as Pact Expires

DETROIT (UPI) — A portion of Detroit Edison Co.'s employes struck the utility today after failure to reach agreement on a new contract.

The strike includes all the linemen in the Oakland County area.

About 820 linemen and other tradesmen, the membership of Local 17 of the International Brotherhood of Electrical Workers, walked out at midnight, one day after their contract had expired, company spokesmen said. Edison employes about 10,400 persons.

The linemen service southeastern Michigan, and the walkouts range from the thumb area to Monroe. The company said, however, "We are prepared to provide normal electric service" during the strike.

Plea Is Guilty in Traffic Death

A Ferndale man pleaded guilty yesterday to manslaughter in the Nov. 13 traffic death of an 18-year-old Avon Township girl.

James G. Temple, 21, was being pursued by police when his car went through a red light at Crooks and Auburn and smashed into a car driven by Margie L. Morse of 2527 Hartline, officers said. Miss Morse died two hours later.

* * *

Temple was being chased after an alleged attempt to steal a car from a Troy auto dealer.

He will be sentenced June 20 by Oakland County Circuit Judge James S. Thorburn. Manslaughter is punishable by up to 15 years in prison.

City Reservists to Join in Rites

Troops of the 70th Army Division, which includes the Second Battalion, 333rd Regiment, located at the Pontiac Army Reserve Center, will take part in ceremonies Sunday celebrating Canadian-American Friendship Day.

The division will play host to the Essex and Kent Scottish Regiment of Windsor in a march from the foot of Woodward in Detroit to St. Paul's Cathedral for a memorial service.

THINK ABOUT IT!

UNKNOWN SOLDIER

Sentimentalist or not, if you ever saw or see the traditional service at the shrine of the Unknown Soldier in Arlington National Cemetery on Memorial Day, you would have or see moist eyes, quivering lips, a tightening of the throat in reverent silence.

The story behind the story of the Unknown Soldier is drama without equal on any stage. It starts first with New York Congressman Hamilton Fish introducing a House Joint Resolution to have an unidentified, killed in action American Soldier returned from France for reinterment at Arlington. The drama continues with Admiral Dewey's famous Flagship "Olympia" commissioned to return the body to America with Marine Corp escort. In story book manner, the drama relates the care with which anonymity was made certain . . . how the selection was made . . . how an ordinary American, a Chicago orphan, as a Sergeant in France was chosen and ordered to walk into a room and place a bouquet of roses on one of four unidentified caskets . . . now Sergeant Younker placed the bouquet and thus made a selection which he later described as God's choice.

The tomb of the Unknown Soldier is more than a symbol of sentiment. It is an American voice which gives thanks to the glory of God that we as Americans, can and do respect the honor and memory of our departed ones, soldiers and civilians alike . . . Hopeful Loses, Wins, Loses . . .

PENDLETON, Ore. (AP) — It was a tough fight, but Walter Holt has been renominated as a Umatilla County commissioner.

* * *

The unofficial returns from Tuesday's election showed that challenger Harold Stiller had beaten Holt in the Republican primary by three votes.

* * *

On Thursday the county clerk said Holt had won by seven.

* * *

Friday morning the Pendleton newspaper, the East Oregonian found a mistake in the clerk's figures that put Stiller ahead by three votes.

* * *

The official canvass came in Friday afternoon. The results: Holt is the winner by 27 votes.

Waterford Board Agenda Is Light

Only two items of business are scheduled for consideration by the Waterford Township Board at its 7:30 p.m. meeting Monday in the Waterford Township High School cafeteria.

* * *

The board will open bids for a new fire truck and consider for adoption a resolution entering into a contract with the county for construction of an internal sewer system.
