Apollo 10 Heads for Moon; Hitches Only Minor So Far

SPACE CENTER, Houston (AP) — Apollo 10 moved flawlessly toward its moon destination today with only two minor complaints from the crew — dull thuds that interrupted their night's sleep and water chlorine that burned their mouths.

Despite the interruptions caused by periodic bursts from their small rockets the astronauts reported "We had a real great night's sleep."

★ ★ ★

About two hours after they began their sleep cycles, following yesterday's precise and hitchless launching, the astronauts complained mildly about the noise made by the rockets that slowly rotate the spacecraft. They worried about fuel consumption.

But on awakening after about 10 hours Air Force Col. Thomas P. Stafford reported "All three of us feel great."

'JUST VIBRATION'

Navy Cmdr. Eugene Cernan said the thruster noise sounded "just like a minor pulse, just vibration."

Stafford and Cernan were awake a half hour ahead of schedule, but Navy Cmdr. John A. Young slept out the distance.

★ ★ ★

The astronauts began their day by giving a global weather report from their vantage point 107,000 miles above the earth.

Before they retired last night, the Apollo 10 crewmen argued mildly with the ground about the necessity for rechlorinating the supply, but lost the argument. Ground controllers, after studying the problem, admitted today they had given the astronauts the wrong procedure for the rechlorination and that apparently a large concentration of the purifier had collected in the bottom of the tank.

'GET RID OF IT'

The controllers told the astronauts to "open the portable tank inlet and take a bag and draw off a bag full of water—get rid of the chlorine concentration."

"We have your horoscopes for you," said capsule communicator Bruce McCandless. Then he and fellow astronaut Charles Duke began reading them.

Yesterday's launch was accomplished with a precison and nonchalance unimagined when America first ventured into space eight years ago.

LIKE THE SCRIPT

It went like the script said: the launch of the Saturn 5 rocket, the insertion in orbit, the separation of spacecraft from booster rocket, the spacecraft's somersault — then its return to the booster to pluck out the lunar lander.

A ground controller said it was like a taped replay of earthbound practice sessions.

As the bullet-shaped ship sped from earth's grasp, hooked nose-to-nose with the ungainly space taxi that will take Stafford and Cernan close to the moon's surface Wednesday, its crewmen found time to share their exploits with TV viewers on the ground — and to exult over the sights.

Instead of transmitting only 15 minutes as planned, the color cameras went on four times for a total of 72 minutes.

The crew was awakened at 10:19 a.m. EDT today, more than 35,000 miles farther from earth than when they started their rest.

The astronauts breakfasted on fruit cocktail, corn flakes, bacon squares and fruit drink.

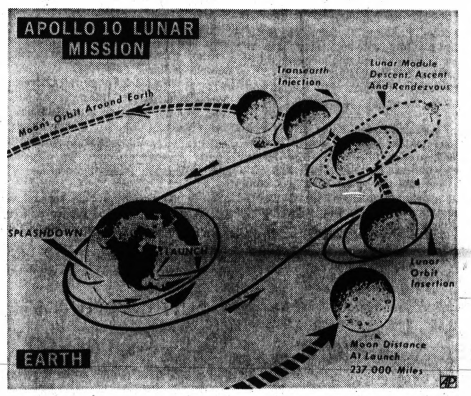
★ ★ ★

At about 3:28 p.m. EDT, the crew was to fire the powerful service propulsion rocket engine to correct their lunar flight path.

Then they were to turn on the color television camera for more views from space.

Lunch was to be potato soup, tuna salad, chicken and vegetables, cookies and fruit drink.

The crew was to have time to relax and enjoy the view, doing only routine chores until supper, which is spaghetti, banana pudding and fruit drink.



AP Wirephoto

ON APOLLO'S SCHEDULE — After launch and a double earth orbit yesterday, Apollo 10 continues on its path to the moon today. Lunar orbiting will begin Wednesday, with separation of the lunar module, testing and redocking Thursday. Saturday the trip home starts, with splash-down a week from today in the Pacific.

AP Wirephoto

BAPTISTS HEAR DEMAND — James Forman, 40, head of the Black Economic Development Conference, is shown as he demands that the American Baptist Convention provide 60 per cent of its investment income annually to his group. He spoke before the convention in Seattle Saturday. The conference is asking $500 million as reparations from U.S. church groups for their participation in a social system that tolerated slavery.

Church Ranks Split by Black Manifesto

By The Associated Press

Churchmen, under pressure from black militants to provide $500 million in reparations to blacks, are choosing sides in the controversial issue in sermons and statements.

Officials of the United Presbyterian Church asked its general assembly yesterday to approve a plan to raise $50 million for the poor.

★ ★ ★

In New Orleans, 60 Negro clergymen called the Black Manifesto on reparations "racism in reverse" and urged all Christians to reject it.

The manifesto, drawn up at a Detroit meeting of the National Black Economic Development Conference, says religious institutions are part of the system that has repressed black people and should pay reparations.

James Forman, a spokesman for the conference, appeared at the United Presbyterians conference in San Antonio, Tex., Thursday to ask for funds. He asked the church to turn idle church-owned lands in the South and Southwest to blacks and Mexican-Americans.

★ ★ ★

The Presbyterian assembly's executive committee said:

"It is recommended that the 181st General Assembly consider the proposition of generating new capital funds, at least in an amount equal to that which we have provided for our own church facilities, to be used in deprived areas and among deprived people."

★ ★ ★

Three years ago, the United Presbyterians started a campaign to expand their facilities and have raised $64 million.

In Atlanta, three Negroes interrupted services at the First Presbyterian Church. They were allowed to read the manifesto. They left after 10 minutes, saying they expected action within a week.

MANIFESTO PRESENTED

In Chicago, the Rev. James B. Cunningham of St. Mary's Chapel, a Roman Catholic church, was presented with the manifesto. He said he would write a letter acknowledging the church's responsibility.

In Los Angeles, the Rev. Robert H. Iles of St. John's Episcopal Church, said, "The demands are modest and reasonable. The means of achieving them are not."

Senate May Act This Week on Parochiaid Compromise

LANSING (UPI) — A compromise plan for state aid to nonpublic schools this week when senators resume consideration of Gov. William G. Milliken's education bill.

Backers of the so-called "parochiaid" proposal figure their chances of putting it across in the Republican-controlled Senate were enhanced by recent Milliken actions and statements.

★ ★ ★

Milliken, while refusing to deliver an outright endorsement for the plan, has said both the houses of Legislature should make a "clear public policy decision" on the explosive issue this year.

Last week the Democratic-dominated House rejected a parochiaid amendment to the governor's school aid bill but the form of the proposed rider has been substantially revised since then.

For one thing, it no longer contains a reference to giving parochial and private schools up to $44 million next year — and sponsors say they are even willing to remove a $100,000 "seed" money grant for 1969.

Furthermore, the latest plan would "guarantee" a swift and direct constitutional test in the Michigan Supreme Court of the concept of tax subsidies to the teachers of nonreligious subjects.

★ ★ ★

Parochiaid forces say their head count in the Senate shows at least 16 senators in favor of tax aid to nonpublic schools and about the same "firm" number opposed, with six lawmakers listed as uncommitted.

It takes 20 affirmative votes to attach an amendment to the school aid bill in the Senate.

ENCOURAGED

Parochiad managers in the Legislature were encouraged, however, by Milliken's behind-the-scene efforts to line up Republican support for a token-funded parochiaid plan.

★ ★ ★

Milliken's "power of executive office persuasion" is greater, by far, in the Senate.

Majority leader Emil Lockwood of St. Louis believes there is a good chance the Senate would buy the compromise parochiaid plan.

★ ★ ★

If it does, the issue will be revived immediately in the House, where several legislators admit they would go along with parochiaid if the Senate okayed it first and took some of the pressure off the politically sensitive proposal.

Senate and House members must also iron out major differences in the public school aid bill. A conference committee will likely be established this week, with recommendations presented next week.

Distaff Anger de-Staffs Club

TAIPEI (UPI) — "The "Wife-Loving Club," formed by a group of henpecked husbands at Kaohsiung in southern Taiwan, apparently has been forced to disband by the members' angry wives.

The five-year-old club, which had 25 prominent city men as members, failed yesterday for the first time to hold its monthly "wife-loving" meeting, and members were quoted as saying that was the end.

The reason: Some wives of the members found out that the club, designed to cement marriage ties, had been used as a cover for such "illegal activities" as frequenting establishments where female companionship is available for a price.

Flash

Two men, one of them armed, robbed Morrey's Jewelry Store, 283 Hamilton, Birmingham, shortly after noon today, police said. Birmingham police officers apprehended both suspects in an auto at 13 Mile and Woodward about 15 minutes after the holdup. Further details were unavailable.

Northwest Oakland County Gets Sheriff's Substation

The Oakland County Sheriff's Department today opened a new substation in Groveland Township to give residents in northwest part of the county better service.

Sheriff Frank W. Irons explained that the station, equipped with a new 100-foot

Photo, Page A-4

antenna, would eliminate trouble in reaching (via radio) deputies' cars in the five-county area from the main transmitter in downtown Pontiac.

Two women dispatchers and telephone operators and two deputies have been assigned to the station in an existing building at Dixie Highway and Grange Hall Road.

They will serve Groveland, Brandon, Holly, Rose and Springfield Townships.

Irons advises residents in those areas with problems to call the Groveland Township station at 634-3431 or 634-3441. The station will be open 24 hours a day.

★ ★ ★

Two one-man patrol cars will operate out of the station during the day.

One car containing two deputies will patrol at night.

★ ★ ★

More men probably will be assigned to the station in a year or so, according to Irons.

Each of the five townships are helping to pay the costs of operating the substation, Irons said.

★ ★ ★

The station is the first substation for the Sheriff's Department since they operated one in Hazel Park in the 1930s. The latter station has been closed for nearly three decades.

Protesters Elude Guard in Berkeley

BERKELEY, Calif. (UPI) — A crowd of 2,000 demonstrators engaged police and national guardsmen yesterday in a series of chesslike moves through streets of this university city.

There was little violence and only three arrests in the tense area, where more than 100 persons have been arrested and at least 128 injured since closing of a "people's park" by the University of California touched off a bloody battle Thursday.

Yesterday's demonstrators meandered six miles through the city's streets, carefully avoiding violence in a series of confrontations with authorities.

Their strategy apparently was to make the presence of police and national guardsmen an expensive necessity.

Army Eying Reform of Guard, Reserves

WASHINGTON (AP) — The Army staff is studying a plan that would tie some 650,000 National Guardsmen and Reservists more closely to emergency war plans.

This is the fourth effort since 1962 to improve the readiness of Guard-Reserve back-up forces. Planners are shooting for deployment of some units overseas four weeks after they are mobilized.

★ ★ ★

The new proposal would probably mean the end of former Defense Secretary Robert S. McNamara's "Selected Reserve Force"—137,000 men in units in theory prepared to deploy eight weeks after call-up.

However, in the limited Guard-Reserve mobilization last year, the first of 43 units activated did not reach Vietnam until 15 weeks after callup. That unit was a dental detachment.

The new proposal takes on added importance because the Nixon administration is looking ahead to a possible million-man reduction in regular forces over a three-year period after Vietnam.

Unlike past moves, the new proposal does not involve eliminating any more Guard or Reserve units. About 3,500 surplus or obsolete outfits were called out of the Guard-Reserve structure in a series of reorganizations.

★ ★ ★

Details are secret, but Pentagon sources said the new plan ties specific Guard and Reserve units to specific war plans, and changes the composition of the back-up forces as national contingency plans change.

Umbrellas Are Down, Due Up Wednesday

Residents can put that umbrella away, but not too far, as the weatherman predicts weepy skies will return to the Oakland County area by Wednesday.

After a gloomy morning with cloud-laden skies, the threat of rain diminished today as the mercury climbed. By tonight, skies are supposed to clear and the temperature is due to remain in the 42-46 range.

Tomorrow the clouds will return as the temperatures remain mild in the mid-60s. Precipitation probabilities in per cent are today 20, tonight 10 and tomorrow 20.

Peking Draws Hard U.S. Line

TOKYO (AP) — Communist China virtually told the United States today the price of improved relations between them is American abandonment of Formosa and of the American policy of containment.

The Chinese policy statement in the Peking People's Daily, the organ of the Chinese Communist party, made clear that there has been no softening in Peking's attitude toward the United States by the leaders chosen by the ninth party congress last month.

★ ★ ★

The statement made no mention of a resumption of the Warsaw talks between the ambassadors of the two nations.

It denounced President Nixon as a "hypocritic priest" and "gangster" wielding "a blood-dripping butcher's knife."

"Nixon resorts to crafty counter-revolutionary, double-faced tactics towards socialist China," it said. "On the one hand, he talks loudly about so-called 'peaceful coexistence' and plays the trick of sham relaxation; on the other hand, he persists in continuing to occupy China's territory of Taiwan (Formosa), carrying out repeated military provocations against our country, and further stepping up the rigging-up of military encirclement of China."

It charged that Nixon is plotting a new military alliance with Japan as its backbone to replace the Southeast Asia Treaty Organization.

★ ★ ★

While quoting Communist Chairman Mao Tse-tung that China will not attack unless it is attacked, the paper said the Chinese people "are determined to liberate their sacred territory of Taiwan."

The United States also came under attack from Soviet President Nikolai Podgorny, who said the Americans have concentrated troops near the Soviet and North Korean borders and are today "the source of tension" in the world.

Winding up a visit to North Korea, Podgorny assured Premier Kim Il-sung the Soviet Union is his "reliable ally and friend" and would stand with North Korea "at the post of defending the common gains of socialism."

Chrysler Japan Breakthrough Seen

DETROIT (AP) — Chrysler Corp. appeared today to have achieved a major breakthrough into the rich Japanese auto market, long closed to American firms.

Chrysler and Mitsubishi Heavy Industries of Tokyo, Japan's fourth largest auto firm, announced Sunday they had worked out an agreement which could lead to joint production of cars in Japan and sale of the cars in world markets, including the United States.

The two firms announced only scant details of their proposed formation of a joint venture company in which Mitsubishi would hold a 65 per cent interest and Chrysler 35 per cent. They made no mention of the amount of money involved.

Japanese government officials reportedly were surprised by the announcement. Deputy Minister Yoshifumi Kumagai of the International Trade and Industry Ministry said he had not been informed about it and added that the ministry will examine it closely before deciding whether to approve it.

SURPRISING SWIFTNESS

Chrysler's agreement with the Japanese firm came with surprising swiftness after Yochiro Makita, executive vice president of Mitsubishi, flew to Detroit last week for an unpublicized visit.

Irving J. Minett, Chrysler group vice president-international, cautioned that the agreement was subject to approval of the Japanese government.

He said, "The extent to which the agreement might lead to direct Chrysler participation in any form in Japan would depend not only on further development of the agreement but also the extent to which the Japanese government might permit it."

★ ★ ★

There was some speculation that one of the first fruits of the agreement might be the marketing in the United States of a six-passenger, over - 100 horsepower Mitsubishi car called Colt.

IN DISCUSSION STAGES

"Everything is in the discussion stages but I would imagine that the Colt—if it is introduced in the U.S. market—would be handled by Chrysler's present dealer force," a Chrysler aide said.

He said that insofar as he knew, there were no plans to build additional plants in Japan for the Chrysler-Mitsubishi venture but that instead, present facilities of the Japanese firm would be used or expanded.

The fact that the Chrysler Mitsubishi negotiations had reached such an advanced stage caught most Detroit auto executives by surprise.

It marked the same technique Chrysler had used in recent years in its successful efforts to get into the auto business in England, France and Spain.

Japan's restrictions on foreign investment in its auto industry are more stringent than any of those three countries. Japan's restrictions also apply to auto imports and are so tight that only 15,000 cars were imported into Japan last year while it exported 612,000—about 71,000 of them to the United States.

The Detroit auto industry, along with the U.S. State Department, has sought an easing of the Japanese restrictions but no major breakthrough was sighted until Chrysler's announcement this weekend.

As soon as the news of the Chrysler-Mitsubishi agreement got out, there was some speculation in Detroit auto circles that Chrysler's main desire was to bring the Japanese-built Colt into the U. S. market to meet new competition in the small car field from Ford's new Maverick, Chevrolet's XP 887 due next year and American Motors Hornet due out in late 1969.

"I don't think that was the main reason for the agreement but that is just a guess," said a Chrysler aide.

Chrysler officials admitted they were caught off guard when news of the new venture came out of Tokyo. They said that was after Japanese newspapermen spotted Makita as he arrived at the Tokyo airport Sunday and bombarded him with questions.

Chrysler and Mitsubishi officials conferred by phone and quickly issued a joint announcement.

It said in part, "The activities of the joint venture involve collaboration in research and development related to automotive products and joint distribution arrangements in world markets not yet defined."

That was taken to indicate that—if the Japanese government gives the go sign—Chrysler and the Japanese firm will combine their talents in building cars in Japan and selling them both in that country and in the world market.

★ ★ ★

If approved the new venture would be a further shot in the arm for Japan's growing auto industry, already the second largest in the world. Japan built over 4 million cars and trucks last year, to take the runnerup spot to the United States' production of 10.8 million units.

Mitsubishi Heavy Industries is one of the 42 divisions of Mitsubishi Trading Co., one of the ten biggest businesses in the world. Its auto division ranks behind Toyota and Nissan in size in the Japanese auto picture.

★ ★ ★

Kumagai, seeking a bigger share of the auto market for Mitsubishi, predicted Sunday the Japanese government will ease the control regulations within a few days. The original government timetable had called for holding firm on them until 1971 to protect the Japanese domestic auto industry.

Rogers Tells Asian Allies

'U. S. Pushing for Peace'

BANGKOK (AP) — Secretary of State William P. Rogers, arriving in Bangkok from Saigon, said today that the United States and its allies are working diligently for early peace in Vietnam.

"We all hope that the need for military action will soon be ended," he said in an airport statement.

★ ★ ★

Rogers is here to attend a meeting of the Southeast Asia Treaty Organization (SEATO) tomorrow and Wednesday.

He was met by Thailand's Foreign Minister, Thanat Khoman, and was given the traditional garland of sweet-smelling jasmine flowers as a sign of welcome.

NO PRIORITIES

"We do not place priorities on our relationships with Europe or Asia," Rogers told Khoman.

He apparently intended this to reassure the Asian allies that in seeking peace in Vietnam the United States does not intend to turn its back on Asia.

During his four-day visit to Vietnam, Rogers sought to assure the government of President Nguyen Van Thieu that the Nixon administration does not plan to abandon the war or bargain away South Vietnam's right of self-determination.

But after a five-hour meeting with Rogers, Thieu said the next day that he wanted to meet with President Nixon because he felt much more coordination was needed between his government and the United States.

Some South Vietnamese are worried that Nixon in his intensive efforts to secure peace may come under pressure in the United States to make concessions to the Vietcong's National Liberation Front. Premier Tran Van Huong told the Associated Press in an interview that "the Americans are too anxious to get peace."

South Vietnam's Foreign Minister Tran Chanh Thanh said in Bangkok today that Thieu wants to meet with Nixon to discuss postwar problems and not because there are any basic policy differences between Washington and Saigon.

AP Wirephoto

HOT DOG, NAVY CHOW! — Secretary of State William Rogers and his son, Jeffrey, 24, go through a mess line aboard the U.S. hospital ship Repose, stationed off South Vietnam, yesterday. Young Rogers is an ensign aboard the ship. His dad visited wounded GIs aboard.

Detroit Symphony May Have to Close

DETROIT (AP) — Settlement of a new contract with musicians for the Detroit Symphony Orchestra appeared no nearer today, as the symphony president predicts the 103 -member orchestra may go out of existence.

In the center of the dispute, are wages and the number of working weeks guaranteed for the musicians, said Boaz Siegel, attorney for Detroit Local 5 of the American Federation of Musicians.

★ ★ ★

Siegel said the management wants to guarantee only 40 weeks of work per year, compared with 48 in the past.

Siegel said the eight weeks in dispute concern the concerts given annually in July and August at Meadow Brook Theater at Oakland University in Pontiac Township.

The union also is seeking a $70 per week raise over three years of a new contract, with the management offering $30. Salaries at present range from a minimum of $205 a week.

Robert B. Semple, symphony president, said the symphony may have to close because it is losing money and the musicians are demanding more pay.

He said the symphony lost $180,000 last season.

★ ★ ★

"The executive committee of the board of directors feels we just cannot take on a larger commitment, that it would be better to cease operations," he said.

Siegel said the schedule for this summer appears in order, but the symphony management does no want to guarantee the work in the future.

★ ★ ★

The orchestra has not given a concert since the tol pact expired April 30. It has performed 200 concerts a year.

B52s Blast North Viets Dug In on Key Mountain

SAIGON (AP) — Six U.S. B52 bombers blasted North Vietnamese troops, bunkers and gun positions today on a mountain that American paratroopers have been trying to take for more than a week.

The powerful Strategic Air Command bombers entered the battle for Dong Ap Bia mountain, near the Laotian frontier, after American paratroopers were beaten back Sunday for the 10th time in nine days. Twelve Americans were killed and 79 wounded in the assault yesterday.

★ ★ ★

U.S. military spokesmen claim the paratroopers have killed 325 North Vietnamese soldiers on the 3,000-foot mountain overlooking the A Shau Valley. U.S. losses so far total 37 killed and 209 wounded.

The planes dropped 180 tons of bombs about 3½ miles northwest of Dong Ap Bia in an apparent attempt to cut off reinforcements for the North Vietnamese still holding the mountain top.

The heavy jungle on the mountain top has been blasted almost bare, but an estimated 800 North Vietnamese were still holding out in deep bunkers.

Elsewhere in Vietnam:

About 1,000 North Vietnamese attacked a U.S. artillery base 40 miles northeast of Saigon Sunday, hurling dynamite charges at gun batteries. Fourteen American soldiers were killed and 39 wounded.

U.S. headquarters said there were half a dozen "significant" enemy rocket and mortar attacks during the night that caused casualties or damage, but overall they were light, the command said.

Birmingham Area

Two Trustees Are Named to Library Board

BLOOMFIELD TOWNSHIP — A. H. Maass and Mrs. Roswell J. Blackinton, 130 Chewton, have been named to the board of trustees of the Bloomfield Township Public Library, replacing Mrs. John H. King and Mrs. Harold R. Roehm, who have resigned.

The terms run until 1971.

★ ★ ★

Maass is president of American Steel Fabricators Inc., Southfield, and is past president of Friends of the Bloomfield Township Public Library.

Mrs. Blackinton has been active in Friends of the Library groups in Whittier, Calif., and Bloomfield Township. She is the newly elected president of the Bloomfield group.

BLOOMFIELD HILLS — Former mayors of Bloomfield Hills will be honored at a banquet today at 7 p.m. in the Kingsley Inn.

Thirteen mayors whose terms ranged from 1932 will be honored. The program is part of the city's Michigan Week observance. Commissioner Robert Gargaro is program chairman.

BIRMINGHAM — Two musical programs are scheduled for tomorrow evening at Covington Junior High and Baldwin Elementary as part of the Birmingham public school's spring musical series.

Vocal presentations conducted by Mrs. Nancy Mann and Mrs. Joanne Boraks are scheduled for Covington at 8 p.m.

★ ★ ★

The 8 p.m. concert at Baldwin will conducted by Eleanor Froelich, John Gerard and Eugene Hanson.

BIRMINGHAM — Four teachers and one administrator, Frank Whitney, coordinator of physical education, will be retiring from the Birmingham Public Schools in June.

The retiring teachers are: Mrs. Evelyn Ayer, kindergarten, Bloomfield; Mrs. Ada Bronson, language arts, Berkshire; Mrs. Dorothy Haven, fourth grade, Adams; Mrs. Olive Wangberg, fourth grade, Bloomfield; and Mrs. Martha Muschella, sixth grade, Pembroke.

★ ★ ★

All of the retirees will be honored at the annual PTA Council Dinner at 6:30 p.m. Thursday, in the cafeteria at Berkshire Junior High School.

Court Overturns Leary Conviction

WASHINGTON (UPI) — The Supreme Court today set aside the narcotics conviction of Dr. Timothy F. Leary, former Harvard psychologist known for his experiments with LSD and other hallucinatory drugs.

The 47-year-old Leary was convicted of transporting illegally imported marijuana and of transporting it without having paid a transfer tax of $100 an ounce.

★ ★ ★

The Leary opinion by Justice John M. Harlan struck down a provision of the Narcotics Importation Statute making mere possession of marijuana sufficient for a presumption that it was illegally and knowingly imported.

Michigan Week Calendar

NATIONAL WEATHER — Rain is forecast tonight at both ends of the Great Lakes chain, along the Eastern Seaboard and in the Great Plains and Rocky Mountains areas.

Letter to Milliken Hits at Whitmer

Criticism of "inflammatory remarks" in a newsletter authored by Pontiac Schools Supt. Dr. Dana P. Whitmer and circulated to school district parents last week has been made in a letter sent to Gov. William Milliken.

Mrs. Carole Sweeney of 228 Orchard Lake, a Pontiac school board candidate, wrote that "Dr. Whitmer is not only slandering me and other concerned parents, but is also trying to prejudice and influence certain segments of the community in this coming election (June 9)."

★ ★ ★

The newsletter, the fifth in a series, stated, "There are 'movement hustlers' who take advantage of crises in race relations to promote personal goals. Often they seek prominence, or a position of leadership, or a political office, or just to be where the excitement is."

Mrs. Sweeney "strongly urged" the governor to "review the situation.

APOLOGY ASKED

Another letter from the Community Action Board (CAB) addressed to School Board President William H. Anderson, asked that Whitmer either apologize for the newsletter or resign by Thursday. "After that time we will no longer attempt to hold community feelings in check," the CAB letter concluded.

Whitmer said: "If I wrote something that they feel harms them, I regret it very much, for that is the opposite of what we're trying to do."

He denied that he was trying to slander anyone and said he felt there was no reason to make an apology.

Prosecution Likely to Air Officer's Story on '67 Motel Events

MASON (AP) — The prosecution is expected to introduce into evidence this week statements showing that a suspended policeman on trial for murder changed his story about what happened at Detroit's Algiers Motel during the 1967 riot.

A new round of witnesses was to be called to the witness stand today as the first-degree murder trial of Ronald August, 31, enters its second week.

★ ★ ★

The trial was scheduled to resume at 12:30 p.m. at the Ingham County courthouse in Mason.

August, who is white, is accused of murdering Aubrey Pollard, a 19-year-old Negro, on the night of July 26, 1967. Two other black youths—Fred Temple, 18, and Carl Cooper, 17—also were killed in the motel that night by shotguns fired at close range.

'PREMEDITATION'

The prosecution says August killed Pollard with premeditation and malice aforethought. The defense says it was justifiable homicide in self - defense. Police and National Guardsmen had raided the motel in a search for snipers.

An all - white jury of 13 women and one man heard seven of a possible 91 prosecution witnesses during the first two days of testimony, and indications are that it could be a lengthy trial.

★ ★ ★

One witness, Lt. Robert Baroni, testified that the first official report on the motel incident filed by any of the officers at the scene was made out three days after the incident. It was signed by August and two fellow officers, David Senak and Robert Paille.

In the report, which was backdated to July 26, the three officers said that when they arrived, National Guardsmen and other police already were there and "we observed three civilians wounded."

RAN OUTSIDE

When a Guardsman came into the motel to warn of more sniper fire, the report said, all three officers ran outside to investigate.

Later, according to testimony at a pretrial hearing, August was reported to have filed further statements in which he at first denied having anything to do with the killings and then admitted that he shot Pollard in a struggle over a shotgun.

★ ★ ★

Defense attorneys failed in an attempt to have the statements suppressed on grounds August had not been advised of his constitutional right to keep silent.

Another witness, 20-year-old Karen Malloy of Columbus, Ohio, told of having been shoved around and called "all sorts of vulgar things" when police found her and another white girl in the motel with seven or eight male Negro occupants.

★ ★ ★

Miss Malloy, who since has been convicted of prostitution, said officers ripped the clothes partially off the two girls as they were forced to stand facing the wall in a hallway along with the other motel guests.

Under cross-examination, she could not identify August as being one of the policemen.

Levin Seeks Voting Rights for Students

LANSING (AP) — The minority leader of the Michigan Senate will attempt this week to gain voting rights for college students, an issue which could die in the Senate Appropriatons Committee.

Sen. Sander Levin, D-Berkley, said over the weekend, "We have just begun this effort. I'm serious about that."

★ ★ ★

He referred to his bill, in the appropriations committee for review, which would permit college students to vote in precincts surrounding universities.

The bill was referred to the committee because some felt that giving students local voting rights would cut into collection of out-of-state tuition funds.

REGISTRATION LAWS

"This bill concerns over registration laws — not tuition regulations," said Levin. "If we do not fairly and promptly open up the political processes to students who meet age qualifications, we must share some of the burden for expressions of their restlessness."

Levin said the Senate's action in sidelining his bill could lead to further unrest on Michigan campuses because students will conclude the Senate does not seriously consider their appeals to participatte in local government processes.

Accord Reached in Oakland Twp.

Gas Firm to Replace Trees

OAKLAND TOWNSHIP — In this community, at least, Michigan Consolidated Gas Co. Must replace trees removed in gas line installation projects.

The precedent-setting agreement between officials of the gas company and the Township Board climaxed pressure on the Township Board and complaints to the gas company by residents of Inwood Road.

★ ★ ★

Acting on this precedent, State Reps. Loren Anderson, R-Waterford Township, and Warren Goemaere, D-Roseville, will introduce on the floor of the House today a bill that would require uniform standards of tree replacement in projects where trees are removed or "topped."

Complaints of wholesale tree removal on Inwood and Hadden roads from Dick Jackson, 1423 Inwood, centered around the gas company's removal of a rare (only three in the entire state and now but two) shad bush tree.

That shad removal complaint branched into the general outcry that Michigan Consolidated Gas was engaged in "raping the landscape and scenic beauty" of Oakland Township.

Township Attorney Larry Heitsch said that the company "is cooperating with the township and that the board of trustees is satisfied with the resolution of the problem."

★ ★ ★

Trustee Bruce Todd expressed his personal satisfaction with the agreement, adding that he was further pleased that this precedent action might aid other communities in Oakland County and the state in using legal pressure to preserve scenery.

★ ★ ★

The Michigan Botanical Club's plaque on the now fallen shad bush tree read: "Michigan Big Tree; Amelanchter Arborea; ShadBush."

Botanical Club representative Robert Erwin said that the shad bush was possibly the largest in Michigan at 60 feet. A normal shad bush grows only 20 feet usually, he said.

A spokesman of Michigan Consolidated acknowledged the precedent involved and stated that the tree planting would begin on completion of the gas line.

★ ★ ★

That line originates in St. Clair near Port Huron and will continue to Milford, the gas company spokesman said.

In other scenery-preserving action, Heitsch said he has a lawsuit pending against Detroit Edison Co. alleging that the company bypassed township approval to construct high-voltage power line towers.

★ ★ ★

The towers, Heitsch stated, are more than the maximum height allowed under local ordinance governing utility strutures.

CLEANING UP — Councilman Lester Troyer (with pencil) directs children during the Ortonville cleanup campaign Saturday. Children collected more than 200 bags of rubbish.

Commission in Troy Adopts Record $5.6-Million Budget

TROY — The City Commission unanimously adopted a record $5.6-million budget in recent action.

Some $2 million of that budget is set aside for unspecified salaries from city manager on down. The commission decided to await completion of negotiating between the city and Local 574 of the American Federation of State, County and Municipal Employes union (AFSCME).

★ ★ ★

The budget also calls for a reduction in tax rate to $10.71 per $1,000 of state equalized assessed valuation despite a $780,970 boost in expenditures.

The AFSCME represents hourly workers in Troy's parks and recreation, water, sewer, public works and engineering departments. The $2-million salary fund is a 9 per cent increase over salary spending last year.

If the union agreement totals more than the budgeted amount, said Finance Director-City Clerk Ken Courtney, the sum will be met by delaying the filling of new jobs.

★ ★ ★

City Manager Paul York said he would submit recommendations for nonunion employe salaries separately if the union negotiations are likely to extend beyond the start of the new fiscal year, July 1, 1969.

Utica Council OKs 2 Traffic Control Laws

UTICA — The City Council has adopted two ordinances designed to control traffic at key intersections and congested areas.

One of the ordinances calls for a series of no-turn signs to be placed in the area of the Village Square Townhouse developemnt west of M53 on Hall.

★ ★ ★

The no-turn ordinance applies to several streets in this area. It was prompted because serious traffic congestion is anticipated as the population increases.

A second ordinance gives legal force to the stop signs posted at 31 intersections throughout the city. A council spokesman said stop-sign violations have been difficult to prosecute because there had been no ordinance spelling out stop-sign violations.

★ ★ ★

Council also signed a 15 year lease, at $1 annually, with the Huron-Clinton Metropolitan Authority for a 7½-acre plot off Van Dyke on the south side. The property will be used as a city park.

Plans are incomplete but the park facilities probably will include picnic tables, barbecue pits, swings and a ball field.

JOSEPH B. BIDWELL

Troy Man Given Advance Product Promotion at GM

TROY — Joseph B. Bidwell of 4985 Valley Vista was appointed director of the Advance Product Engineering Division of General Motors Corp., Harry F. Barr, vice president in charge of engineering staff, has announced.

Bidwell joined GM in 1942 after graduating from Brown University. He has served in several GM engineering research capacities, including assistant supervisor of mechanical engineering and engineer in charge of chassis development.

★ ★ ★

Bidwell most recently served as assistant director of advance product engineering. His appointment as director is an elevation from the previous position.

Armada Woman, 2 Sons Among Victims

State Weekend Road Toll 17

By The Associated Press

A 30-year-old woman and her two sons were killed when their car hit a tree near Mount Clemens yesterday as the weekend traffic fatality toll in Michigan rose to 17.

Mrs. Joyce Ann Abbott of Armada and sons, Michael, 8, and James, 10, died when the car crashed after veering out of control while passing a vehicle.

★ ★ ★

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight yesterday.

Other victims:

Geraldine Jedlowksi, 41, of Genesee County's Clayton Township, who died yesterday of injuries suffered Saturday in a two-car crash on Flint's West Side.

Sam Stemlo, 63, of Oak Park, when his car struck a building, then careened into a utility pole yesterday on Detroit's East Side.

HEAD-ON COLLISION

Theresa McHugh, 21, of Lincoln Park, in a two-car, head-on collision yesterday in Allen Park.

Thomas A. Anderson, 19, of Sterling Heights, a passenger in a car which struck a utility pole in that city yesterday.

Naomi Guider, 41, of Garden City, in a two-car crash yesterday at an intersection in Green Oaks Township of Livingston County.

Jay Nelson McNall, 44, of Three Rivers, who was a passenger in a car which authorities said was struck from behind and knocked into the path of a church bus yesterday at a U.S. 12 intersection near White Pigeon.

TWO CARS COLLIDE

Victor Warson, 43, of Albion, in the head-on collision of two cars Saturday on a highway at the outskirts of Albion.

Joseph W. Leach Jr., 58, and his wife, Genevieve, 43, of Briton, and Hazel M. Creger, 51, and John Wintuck, 53, both of Tecumseh, in a two-car crash Saturday night near Ottawa Lake in southeast Monroe County.

★ ★ ★

James Hayden, 30, of Flint, when his car collided with another auto, then struck a utility pole near Port Huron Saturday.

Elma L. Beasley, 25, of 93 Elm, Pontiac, a passenger in a car which crashed into a stone wall in Pontiac Saturday.

★ ★ ★

John Dunn, 38, of Detroit, killed by a hit-and-run driver in Detroit Friday night.

Farmington Juggles 200 Until New School Is Built

FARMINGTON — Some 200 students entering the 10th grade next fall who live in the eastern portion of the school district will attend Farmington High School for the 1969-70 year.

The next year they will be transferred to the soon-to-be-built Harrison High School, which will be ready in 1970.

Students from this area had been going to North Farmington High School.

★ ★ ★

The school board announced the change at a recent meeting. Students from sections 1 and 11 through 14 on the east side of the twonship and from section 36 in West Bloomfield Township will be affected.

Schools Supt. Roderick Smith announced, "Because of the very great increase in enrollment at Farmington, it is necessary that we make these changes for one year."

MORE THAN 2,000

Without the changes, North Farmington High School would have had more than 2,000 students next fall.

★ ★ ★

In other business the board denied a grievance that administrative interns are required to pay their own tuition for credits taken at Wayne State University through the intern progrom. The appeal had been filed by the Farmington Education Association and discussed at a previous board meeting.

★ ★ ★

The board decided that the "request made as a part of the grievance is not realistic within the intent of the contract." Smith emphasized that in the opinion of the board there was no violation of the master contract.

★ ★

The board also authorized establishment of a new administrative assistant to handle adult education and summer school. The person would be accountable to Dr. Jack Cleveland, director of federal programs, adult education and summer school.

Police Believe State Plans Won't End Telegraph Woes

BLOOMFIELD TOWNSHIP — The traffic problems on Telegraph Road are far from over despite State Highway Commission plans to reconstruct the road in the next five years.

★ ★ ★

That is the reaction of the township's police department which was notified Friday that widening of a six-mile stretch of Telegraph to eight lanes, including a median strip, would begin in 1973 or 1974.

★ ★ ★

Police Chief Robert L. Snell said the Highway Commission's action took the township by surprise since police and government officials had not expected any commitment on the project until probably the late '70s.

Traffic Control Lt. Richard Reuther cautioned the commission's action will not solve any problems for users of Telegraph for many years. "We were told before about an earlier commitment date in 1965 so we cannot be sure that the current one will ever come about on time," Reuther said.

★ ★ ★

He noted the police department will continue its accelerated enforcement program, which so far has resulted in approximately 650 arrests to date this year, a 30 per cent increase over the same period a year ago.

Ortonville Ends Cleanup Drive

ORTONVILLE — A two-week village clean up campaign ended Saturday on a successful note.

★ ★ ★

More than 200 bags of rubbish were turned in Saturday morning by the 36 children participating in the campaign.

Bicycles were awarded to the children who turned in the most bags. Winners were Gerald Marsh, Mark Smith, David Graves, Dawn Caverly, Shelly Foster and Pat Reed.

★ ★ ★

Village council backed the annual cleanup campaign. Councilman Lester Troyer was chairman.

3 Orchard Lake Schools Honor Sen. Muskie

ORCHARD LAKE — Sen. Edmund S. Muskie, D-Maine, last year's Democratic nominee for vice president, has accepted the 1969 Fidelitas Medal from the Sts. Cyril and Metodius Seminary, St. Mary's College and St. Mary's Preparatory School.

The presentation of the award will be made at the Orchard Lake schools sometime this fall, according to the Very Rev. Walter J. Ziemba, president and rector of the three schools.

★ ★ ★

The Fidelitas Medal is given annually by the schools at Orchard Lake to an outstanding American Catholic of Polish background for "fidelity in serving God and country through realization of the religious and cultural ideals of our forefathers."

The medal was awarded last year to John Cardinal Krol.

★ ★ ★

The three schools at Orchard Lake were founded in 1885 in order to provide the growing Polish-American community with men of leadership.

Clarkston Coin Club Will Meet at 7 P. M.

CLARKSTON—A general public meeting of the Clarkston Coin Club will be held at 7 p.m. today at Clarkston Junior High School.

Featured will be a display of modern and ancient Chinese coins. A talk on the display will be given by Eusebio Dimaya, a coin expert.

SHERIFF'S SUBSTATION — Oakland County Sheriff's Department today opened this substation at Dixie and Grange Hall in Groveland Township. Two women dispatchers and two deputies are staffing the office, which serves Groveland, Brandon, Holly, Rose and Springfield townships.

3 Picked to Lead Novi Twp. Session

NOVI TOWNSHIP — Three local men have been appointed by an Oakland County Board of Supervisors committee to preside at a meeting June 9, called to select a new township board.

★ ★ ★

They are Leo Kalota of 44102 Cottisford Court, Robert Mohr of 44138 Wyngate and Leonard Chomic of 44554 Chedworth.

★ ★ ★

Only 67 township residents, and one legal township official, remained after last February's incorporation of the former village of Novi.

★ ★ ★

Since the sole remaining board member, Ralph Luckett, does not constitute a quorum, the local affairs committee was authorized by the board of supervisors to chose the other three electors.

★ ★ ★

When the new board is chosen, a settlement of the division of assets between the city and township will begin.

County's Potential as Market Viewed

Oakland County as a future market center of the country has been outlined in an article by County Planning Commission Director George Skrubb in a recent issue of Markets of America magazine.

★ ★ ★

Skrubb calls the area "virgin" territory, because it has:

- An abundant supply of available land.
- Population pressure exceeding the rate of new residential construction.
- A lag in supplying consumer needs due to a dramatic upward shift in income levels.
- Assets sizable enough to launch and carry out major new developments.

"No matter how the future is viewed," Skrubb writes, "we can expect no more than mediocrity in land development if we only witness the gradual usurpation of defunct farms and their conversion to bilevel and tri-level living.

★ ★ ★

"We badly need a new public-private land development agency to plan, design, and build the new urban forms for the 1970s. We need the building of three radically different, functional, albeit beautiful new cities in Oakland County."

★ ★ ★

Skrubb predicts, "The land development of the '70s in Oakland County will call for new cities, the beginnings of mass transit facilities, and the acquisition of three or four new airport sites. The link to the world and its markets in the 1980s and 1990s will begin to shift more and more to air movements."

Collegians Try to Drink White Dry

600 Relatively Tame in 2nd Weekend Bust

By HARL ANDERSEN

WHITE, S.D. (AP) — Standing in a curb-to-curb carpet of discarded beer cans and glass on White's main street, the youths made a college try to "drink White dry."

The project turned out to be too big for the town's 600 visitors although they worked hard at it. About 75 youths wanted to keep going after others went home but were told by highway patrolmen: "the party's over."

Most of the students left White Saturday night expressing satisfaction with themselves that they had kept their promise to do their own policing. Outside of "littering," the only observable damage from was three broken windows. Some of the collegians "chipped in" to pay for one of the broken panes.

"We're not rioting, we're not burning, we love our school, and this is probably as extreme as we ever get—what's wrong with what we're doing?" asked one South Dakota State University student.

The collegians estimated about 85 per cent of their number were from South Dakota State, 16 miles southwest of here, where the beer party at White was hatched. The rest of the visitors came from North Dakota, Minnesota and at least one car was seen from a Wisconsin school.

A few of the White invaders were on their second straight "weekend bust," having taken part the previous week in the march on Zap, N.D., in which several thousand dollars worth of damage was done.

A HEADY EFFORT — Trying to drink White, S. D. dry, 600 students — mostly from South Dakota State University — spent a relatively quiet weekend there — leaving in their foamy wake only three broken windows and a curb-to-curb carpet of beer cans and glass.

Portage Residents Carry On

Church's Neighbors Sound Off

PORTAGE (AP) — The secular neighborhood surrounding the $1.3-million cathedral of the Episcopal Diocese of Western Michigan isn't too happy with the new edifice in this Kalamazoo suburb.

And the neighbors also are complaining about the ringing of the cathedral's 47-bell carillon every 15 minutes from 7 a.m. to 8 p.m.

* * *

Bishop Charles E. Bennison backed off and decided not to press further "at this time" after protests were made to the Portage City Council on his proposal to change the name of the fronting street to Cathedral Drive.

But the bells, about which there also was complaint, keep ringing, and letters to the editor keep bouncing into the Kalamazoo Gazette.

'EV7AYONE ARISE'

Some also aren't too happy with the architecture itself.

Albert Whitmore, a neighborhood resident, summed it up for council thus:

"The people went along with the idea that a church was going to be built, but had we seen the architecture ahead of time, I'm not so sure we would have.

"Then Bishop Bennison decreed that everyone should rise at 7 every morning."

* * *

The street it fronts is Vincent, named after a Portage family.

The cathedral has 16 peripheral towers and one cross, plainly visible from I-94, near its intersection with U.S. 131 in southwestern lower Michigan.

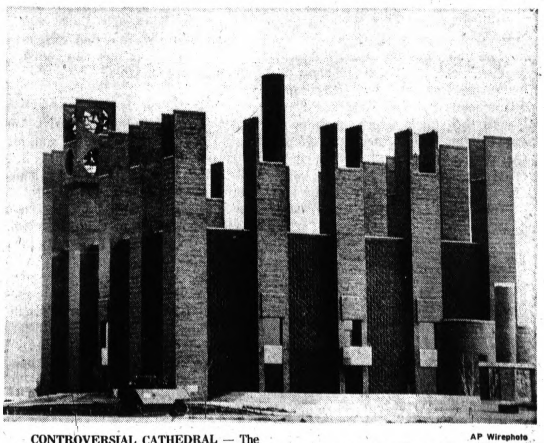
* * *

The carillon is located atop a 90 - foot tower and was cast in Belgium. The largest of its 47 bells weighs 1,411 pounds, the smallest 26 pounds.

Two eight-foot-high marble bas reliefs, depicting agriculture, commerce, industry and the arts, are situated in brick forms in front of the main entrance. They were designed by Italian sculptor M. Leo Lentelli and once dominated the facade of the the Strauss Building in Chicago.

The seating capacity is 1,000 around a center altar.

In reply to complaints about the bell - ringing, one letter to the editor of the Gazette suggested the chiming was more pleasant than airplanes roaring overhead or babies crying.



AP Wirephoto

CONTROVERSIAL CATHEDRAL — The contemporary architecture of this edifice combined with the ringing of its 47 bells from 7 a.m. to 8 p.m., has brought a storm of protests from surrounding neighbors in Portage. The $1.3-million cathedral of the Episcopal Diocese of Western Michigan is termed a classic in modern architecture with 16 peripheral towers and a carillon.

It Seems to Me...

World Puzzled by Deaths of Top-Ranking Russians

Apparently the world will remain puzzled by the inexplicable "deaths" of more than a dozen Russian generals in the last three weeks. We have the bare statement that they "met their deaths in tragic circumstances while performing their duties."

What "duties?"

What rot!

★ ★ ★

These top-ranking military officials simply "expire" in a steady procession without explanation. It would be pretty silly to say that cancer claimed them simultaneously; or that they suffered heart attacks; or that they were victims of the Hong Kong flu. The Kremlin must be strangely silent and offer no explanation. Perhaps this is better than a list of silly and inane reasons that fool no one.

★ ★ ★

As time passes, the pinnacle of Russian autocracy is experiencing an exasperating defection in a variety of ways. Has this dissatisfaction with communism finally climbed to the top-ranking generals? Is there no other way to keep reigning communism in the saddle?

★ ★ ★

What do the Russian people think of these concurrent deaths in their uppermost military circles? How much longer will this continue? Perhaps there's a battle royal inside that sacred Kremlin with two powerful forces in disagreement. Perhaps the losing side is paying the final penalty that communism exacts so easily and with no outward discussion.

★ ★ ★

The deaths of this many top-ranking military leaders cannot be coincidence in any manner. Something's behind it. And—in a land of no liberty—it's no one's business except the few head men who call the shots as they please and owe explanation to no one. Here's communism in its purest form.

★ ★ ★

Military might prevails. There is no liberty. The individual does not count.

supreme court . . .

Until the past few years, the supreme court of the United States has been the most honored organization in the American field of jurisprudence.

★ ★ ★

However, because of seemingly fantastic rulings that favor criminals, the court has slowly dropped in popular estimation until it occupies a rather lowly position today. This is highly regrettable. In a way, it's catastrophic, but the court has brought this ignominy on itself.

★ ★ ★

We commend today's Guest Editorial on this page from the *Chicago Tribune*.

Read it.

Pay Television...

Pay television may not be as far away as you think. In fact, it's possible that it may be under way before this year ends. This means you can have programs that will never be interrupted by the long, dreary commercials that you face every few minutes now.

★ ★ ★

The amount of the payment will have to be worked out along with the method employed. "Executives of the Zenith Corporation look for a breakthrough in major cities first, then a swift development across the Country," says the preliminary announcement. Sporting events would be denied pay TV for two years and would then become a part of the programming.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Hitherto, it was believed man existed here only 1,800,000 years ago. But the discovery of some man-like teeth now suggests the human race may be four million years old, instead. . . . . The latest popularity poll shows that President NIXON leads EDWARD KENNEDY 5 to 3, with GEORGE WALLACE making a surprisingly good showing behind KENNEDY. . . . . Overheard: "That young couple awaiting a late, late stork finally discovered the pesky bird had been hijacked to Cuba."

★ ★ ★

Honestly, now, can you tell for sure whether this is a boy or a girl? (Mebbe it's a mixture.) To ease your mind: the curious creature is a man. . . . . Jackie Gleason will perform in Las Vegas next winter, his first nightclub booking in 20 years. . . . . Overheard: Nixon wants to raise the postal rates again and it will soon be that the young people can't afford to play postoffice." . . . . . The greatest pool player in the world is Minnesota Fats who stands five feet four and weighs 270 pounds. No one can touch him on a pool table.

★ ★ ★

A Great, Big Round of Hearty Applause for BILL HAWKINS and his fine work on Harambee. . . . . Life Magazine has certainly hammered earnestly and convincingly at the personal antics of Governor JAMES A. RHODES of Ohio, and U.S. Justice ABE FORTAS. It results in a sorry public image. . . . . HERBERT BROWNELL is broadly hinted as NIXON's first choice to succeed Chief Justice WARREN when he steps aside. . . . . A 22-year-old girl has startled Gothamites by appearing at parties absolutely bald headed. She shaved her head "to get a different look." She has it. . . . . Dept. of Cheers and Jeers: the C's—Mother Nature's magnificent coloring right now; the J's—RHODES and FORTAS.

—HAROLD A. FITZGERALD

—In His Wake

David Lawrence Says:

Father of Prayer Events Dies

WASHINGTON — Abraham Vereide — the father of the prayer breakfast movement — who helped to create hundreds of prayer groups throughout the United States and in 70 countries of the world, has just passed away at his home in Washington at the age of 82.

LAWRENCE

Few men in American history, inside or outside the church, have exercised as much influence as did Dr. Vereide through the banding together of laymen of all religions to seek spiritual guidance in their personal and business life.

Dr. Vereide was responsible for the establishment in 1941 and 1942 of the Senate and House prayer breakfasts, each of which meets weekly while Congress is in session.

★ ★ ★

There are no sermons preached by ministers, but a member of the group acts as the leader at each meeting. All discussions are off the record.

The Senate and House groups hold a presidential prayer breakfast each year, which is attended by several hundred guests, including the president of the United States and high officials from all branches of the federal government.

IN 47 STATES

There are gubernatorial prayer breakfasts annually in 47 states. In a number of states, regular gubernatorial prayer breakfasts are held similar to the weekly meetings of groups in the Senate and House.

Abroad, the movement has taken hold on every continent. In recent years, the chief of state has participated in annual prayer breakfasts in countries like Canada, Brazil and Korea.

The groups are nondenominational and nonsectarian. Persons of all faiths are invited to join in the prayer breakfasts.

While the spread of the movement has been facilitated by the International Christian Leadership Organization, founded by Dr. Vereide, each breakfast group in every city, state or country operates on its own.

Dr. Vereide served for a number of years as a Methodist minister and was for four years associate general superintendent of the Goodwill Industries of America.

In 1935 he put into motion the idea of the prayer breakfast group, setting up the first one in Seattle, Wash.

★ ★ ★

As the movement spread, the International Christian Leadership was founded in 1947 as an instrument to encourage formation of the groups worldwide.

Its basic budget of less than $80,000 a year is provided by contributions from individuals who are in the groups.

★ ★ ★

Dr. Vereide's achievements have been known to a relatively small number of people, but he has left behind a lasting legacy in the form of prayer breakfast groups.

It is likely not only to live on but to grow as the movement continues to expand among the people on every continent of the globe.

(Copyright, 1969, Publishers-Hall Syndicate)

Bob Considine Says:

Story Helps to Restore Faith in College Kids

NEW YORK—People . . . places . . .

Here's a switch: good news from a campus.

Earlier this month at the College of Santa Fe, N. M., a Peruvian graduating student named Gilberto Mundaco was phoned by a fellow student named Joe Houston. Houston invited him to drop by a nearby inn for a nightcap.

CONSIDINE

Gilberto said sure, and brought along his fiancee, Susan Defnet of Albuquerque. They went to the room Houston had mentioned and opened the door.

There stood Gilberto's mother, father and kid sister. He had not seen his family for four years. It was a reunion complete with tears of gratitude.

★ ★ ★

Seems that eights months previously the students at Santa Fe began quietly taking up a collection to bring Gilberto's family to the campus for his graduation.

WELL-KEPT SECRET

Biggest boon was a chicken dinner ostensibly for "the senior class gift fund." It was the best-kept secret since the first A-bomb was being put together at nearby Los Alamos.

The family was spirited into Albuquerque, then to the inn at Santa Fe, and then the climax.

A few days later they attended Gilberto's graduation and his marriage, that same day, to Susan.

So cheer up; there are some good college kids left. Millions of them.

Two great men retired this year with memorable exit lines. Mickey Mantle said, "I just can't hit any more." Astronaut Wally Schirra, probably the greatest (but with no chance of getting one of the sternly limited moon missions), said, "I don't want to stick around as a half-astronaut."

That's what's called Class.

Voice of the People:

Recent Tax Suggestion Meets With Opposition

My husband worked hard to put himself through college and we went without many real necessities of life during our first years of marriage. It costs just as much to put shoes on our children's feet, paint our house or build a garage, and in the meantime our property taxes soar, too. When my husband gets a raise, almost half of it goes in taxes.

★ ★ ★

This year our son will graduate Suma Cum Laude, but there are no scholarships available because we've tried to plan for the future, are not on welfare and are not paying for everything in our home. The middle class college graduate is penalized enough and is already paying the lion's share of the taxes.

BARBARA

Comment on Limiting Our State Income Tax

Senator Kuhn's recent proposal of setting, by constitutional amendment, the State income tax at the present rate of 2.6 per cent is unrealistic, considering the needs the State is facing. I propose setting a limit of ten per cent on the State income tax and that the State Legislature eliminate the property tax as a means of raising revenues for education.

★ ★ ★

In the past year approximately 75 per cent of the local school millage issues have been defeated at the polls. This is harmful for the future of school districts and students. The use of an income tax is the only equitable method of financing education in Michigan. It is time for the Legislature to initiate real tax reform.

COUNCILMAN, CITY OF WALLED LAKE

More Opinions on Sex Education in Schools

I think the "How To" sex education program sponsored by SIECUS is dangerous. It's like giving a young boy the keys to a shiny new convertible and telling him he can't drive it for four or five years. Children cannot help but dwell on sex when they have it as a classroom subject. It will stimulate not only mental but physical interest.

WORRIED PARENT

'What Can Be Done to Clean Up Eyesore?'

If the owners of those eyesore apartments on Wide Track Drive won't help the City, could we take up a popular subscription and do it as a civic movement?

I DRIVE PAST OFTEN

Question and Answer

Why did sponsors of Channel 62 allow four movies to be shown two or three times in a week? This upsets me and many other Channel 62 fans.

OXFORD HOUSEWIFE

REPLY

Channel 62 does it so fans won't be upset—at not being able to watch movies that are shown only once. All their movies are shown several times a month, sometimes within the same week, to enable viewers who can't see them one time to see them another time that would be more convenient.

Question and Answer

What's the place that makes medical identification tags and keeps a record of the patient? How much do the tags cost?

PROSPECTIVE CUSTOMER

REPLY

Medic Alert Foundation International, Turlock, Calif., makes stainless steel tags, $7; sterling silver, $9; gold, $25. They're engraved to identify persons with allergies, diabetes, epilepsy, etc., to prevent harmful mistakes in case they ever need first aid. The price includes lifetime membership and registration in a central file of medical history to which doctors everywhere have 24-hour telephone access.

Reviewing Other Editorial Pages

Court's Decisions

Chicago Tribune

Justice William J. Brennan of the Supreme Court is offended because critics have accused the court of freeing guilty criminals on technicalities. He blames crime on social conditions and not on encouragement by the court. Yet consider a few of the court's decisions which have provoked the charge that the court has been engaged in the biggest jail delivery in history.

Sen. John L. McClellan said that the effects of such decisions as those in the Mallory case (1957), Escobedo (1964), and Miranda (1966) had "weakened intolerably the force and effect of our criminal laws." He said they had freed many dangerous criminals and were daily preventing the conviction of others who are guilty. He said that the guilty were being turned loose "on some alleged, minor, or dubious technicality."

★ ★ ★

Andrew Mallory was positively identified by his victim as the man who raped her in a basement laundry. Mallory confessed to the crime seven hours after his arrest. A committing magistrate could not be found that night and he was not arraigned until the next day.

The Supreme Court reversed the conviction on the ground that the interval between arrest and arraignment was too long. Subsequently Mallory was convicted of another rape in Philadelphia.

Danny Escobedo of Chicago was turned loose by the court after his conviction for murder on the ground that a confession could not be introduced into evidence if a request by the defendant to see a lawyer after he had been taken into custody was denied. Later he was convicted of another crime.

The Escobedo doctrine was extended in the case of Ernesto Miranda, convicted in Arizona of kidnaping and raping an 18-year-old girl. He made both oral and written confessions. The court reversed on the ground that the defendant should have been instructed on his right to remain silent and his right to have legal representation from the moment he was taken into custody, also that he should have been warned that anything he said might be used in evidence against him.

★ ★ ★

When Miranda was tried a second time, he admitted the rape on cross-examination and was again convicted.

In Columbus, O., a self-confessed murderer, who had directed police to the murder weapon, was turned loose on the basis of the Miranda decision. In Washington James Killough strangled his wife and buried her in the city dump. He confessed and directed police to the body. He made a second confession after arraignment. On the basis of Mallory, conviction was reversed.

Recently the court held in the Witherspoon case that the death penalty imposed for the murder of a policeman was invalid because potential jurors who opposed capital punishment were excluded from the jury.

Miranda was again invoked in a Texas murder case where the killer, awakened by police, admitted he had been at the scene of the murder and directed police to the murder weapon, concealed in a washing machine.

Only two weeks ago the court reversed the rape conviction of a 14-year-old Mississippian because he was detained and fingerprinted when no warrant had been issued or "probable cause" had been established. This was supposed to represent unreasonable search and seizure, in contravention of the 4th admendment.

Director J. Edgar Hoover of the FBI complained that there was undue concern for the "rights" of defendants, while citizens could not walk the streets without being mugged, raped, or murdered. That seems to put Justice Brennan's complaint in proper perspective.

A whopper of a value, our 501N® continuous filament nylon pile carpeting by Cabin Crafts, and it's only this low at Hudson's Pontiac

- Pile is lush, made of long wearing DuPont 501 N® continuous filament nylon, long known to be one of the toughest of all the man-made fibers.
- It shrugs away footprints, stays cleaner and new looking longer, won't hold static electricity, can take the rough treatment of an active family.
- High and low loop pattern's subtle beauty adds texture and personality to any room, casual or elegant, and colonial or contemporary decor.
- And proof of the value . . . a long, close look that'll show you how dense the pile is, how sturdy the backing . . . how well it's constructed.
- 9 lush colors to choose from . . . goldtone, spice gold, Egyptian gold, mist blue, vine green, green olive, butternut, bitter olive, regal red.
- At Hudson's Carpeting Department, no down payment is required on this outstanding value when you use one of our convenient credit plans.

LET US COME TO YOU: if you can't come in, call our Shop-In-Home service. We'll come to your door bearing samples of this fine carpet so you can see all the colors in the rooms where they'll be used. We'll also measure your floors and give you an estimate . . . all at no obligation or charge to you. Hudson's Pontiac—682-3232, ext. 472.

City Woman, Youth Shot in 2 Incidents

A Pontiac woman is hospitalized in fair condition and a Warren youth in satisfactory condition after they were shot in separate incidents Saturday.

★ ★ ★

Pauline Bell, 38, of 389 Howard McNeill was in an intensive care unit at Pontiac General Hospital today with neck and abdomen injuries.

★ ★ ★

Pontiac police have the name of a suspect. Police believe the woman was shot several times with a 22-caliber revolver after an argument over car keys. The incident happened at the woman's address Saturday afternoon.

★ ★ ★

Rick Maks, 20, is at Crittenton Hospital, Avon Township, with a bullet injury in his foot. Oakland County sheriff's detectives said.

★ ★ ★

They arrested Oliver W. Blanton, 25, of Mount Clemens and charged him with the shooting in the front yard of 257 W. Auburn, Avon Township, Saturday night.

★ ★ ★

The two reportedly argued over a bottle of wine, Sheriff's officers said.

Masonic Post to Area Man

A Waterford Township man was installed Saturday as most illustrious grand master of Michigan's Royal and Select Masters.

DENNIS

Taking office at the lodge convention in Grand Rapids was Leland C. Dennis of 1300 Edgeorge. He is a past master of Pontiac Lodge No. 21, F&AM, a past high priest of Oakland Chapter No. 5, a past Thrice Illustrious Master of Pontiac Council No. 3 and a past commander of Pontiac Commandery No. 2.

★ ★ ★

Dennis is an employ of GMC Truck and Coach Division.

Brownie Points

BERKELEY, Calif. (AP) — Friendly street people gave them some brownies, four giggling National Guardsmen said as they reported to Herrick Memorial Hospital. Hospital officials examined them and speculated that the brownies had contained marijuana. The intoxicated Guardsmen were released after treatment Sunday, and they went back to their mission of controlling disorders near the University of California campus.

Mistrial Called in Murder Case

A mistrial declared Friday in the case of a Pontiac youth charged with the murder of a truck driver last June reportedly resulted from an objection from defense attorneys that a statement made by the youth was inadmissable.

A spokesman for the Oakland County Prosecutor's office said today the timing of the move to have Raymond Reece, 20, of 7 Grant declared unable to stand trial was "unusually late."

It was explained that such determinations are normally made before cases actually begin.

However, Reece's trial in Oakland County Circuit Court was in its fourth day when the prosecution attempted to introduce an allegedly incriminating statement.

'LOW INTELLIGENCE'

Defense attorney William Waterman maintained that Reece's intelligence rating is so low that the defendant could not have understood his rights when advised by arresting police officers.

Circuit Judge Farrell E. Roberts declared the mistrial and referred Reece to the Ionia Forensic Center for tests to determine the defendant's ability to stand trial in the future.

★ ★ ★

Reece was arrested in January and charged with murdering 53-year-old Robert Terry of Andersonville, Ind., whose body was found on Franklin Road by a passing motorist.

WINTER PATTERN — Good picture-taking opportunities are offered by winter, as this example indicates. Snow-covered branches of a tree in a Yonkers, N.Y., yard take on an abstract quality when viewed from directly below.

'Wolfson Told FBI of Advice by Fortas'

NEW YORK (AP) — Louis E. Wolfson told FBI agents who visited him in prison that he was advised by former Supreme Court Justice Abe Fortas that his indictment for stock manipulation was based on legal technicalities, Life magazine says.

Two weeks ago, Life's story of ties between Fortas and Wolfson started a wave of public and congressional criticism that led to Fortas's resignation from the court Thursday.

Fortas received $20,000 in 1966 from the Wolfson family foundation and returned it 11 months later, after Wolfson was indicted following an investigation by the Securities and Exchange Commission.

Life reported Sunday that FBI agents visited Wolfson in Florida May 8 and were told that "he and Justice Fortas had discussed the nature of the SEC case against him, and Fortas had said that in his opinion the charges were based on legal technicalities."

An FBI spokesman in Washington said, "I have absolutely no comment."

★ ★ ★

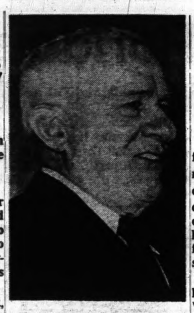
The Justice Department, after Fortas quit, said Wolfson had been interviewed but refused to bare what he said. It has also been learned the correspondence with Fortas was subpoenaed from Wolfson.

Fortas, in quitting the court, denied he tried to influence legal action against Wolfson or that the agreement prejudiced his conduct on the bench.

★ ★ ★

In a letter to Chief Justice Earl Warren, Fortas said he never received compensation from Wolfson, directly or indirectly, "for advice, assistance or any reason whatever," except for the foundation fee he returned.

Fortas admitted he had entered into an agreement with the foundation for a fee of $20,000 a year for his lifetime and that of his wife, should she survive him.



AP Wirephoto

COLUMNIST DIES — Arthur (Bugs) Baer, columnist and cartoonist, died at 83 Saturday in New York (City) Hospital. Baer acquired his nickname from the little insect he inserted in the corner of his cartoons.

It is estimated that a private citizen would need an annual income of close to $35 million to live the way the President of the United States lives, including residences, transportation facilities, health care, etc.

Laird Holding Back on Final ABM Push

WASHINGTON (AP) — Defense Chief Melvin R. Laird, the ramrod in President Nixon's drive for the Safeguard missile defense system, has cautioned other administration officials to hold off, for the time being, efforts to line up congressional support for the program.

A confidential administration poll shows 44 senators now favoring deployment of the Safeguard, while 46 are opposed and 10 uncommitted.

★ ★ ★

Although lagging in the polls—a separate survey by the Associated Press showed the anti-Safeguard strength at 48, with 46 favoring the administration and six uncommitted—Laird is confident of ultimate success.

He is counting on Nixon to apply pressure on the undecided and some GOP senators now listed as Safeguard opponents to bring the count around.

PREMATURE PRESSURE

But with the crucial Senate vote not expected until next month, Laird obviously doesn't want to take the edge off presidential persuasive efforts with premature pressure applied by other officials.

A leading Safeguard opponent, Senate Democratic leader Mike Mansfield, declined to estimate how many votes are now lined up against the system. But he said his forces would be ready for a showdown next month.

★ ★ ★

Mansfield made it clear the critics will not accept the Nixon administration contention that the deployment of two missile sites is an immediate necessity.

"I think without exception all of us who have raised questions about the ABM favor continuing research and development," Mansfield said in an interview.

★ ★ ★

"More time is needed to test its reliability, determine its real costs and to learn if it is possible to negotiate with the Russians some kind of nuclear arms agreement.

"But I certainly would not agree to the deployment of two sites in this country. I think the tests should be carried on in the Pacific where others have taken place. We have the materials and the equipment there."

Kalamazoo Firemen Hit by 'Blue Flu'

KALAMAZOO (AP) — The president of the Kalamazoo Firemen's Union vowed that "no shift will report to work" until a contract dispute is settled, as firemen stayed home in an apparent wave of "blue flu."

Jack Keiser, union president, said 10 firemen called in sick Sunday, forcing the city to close two of Kalamazoo's eight fire stations.

★ ★ ★

Kalamazoo's 147 fire fighters have been working without a contract since their old pact expired Dec. 31, 1968.

The city and the union held their first contract talks in two months last Monday, but the negotiations broke off quickly when city bargainers rejected a factfinder's recommendation for settlement.

ACCEPTABLE TO FIREMEN

The firemen had said they were willing to accept factfinder M. David Keefe's recommendation that they get a raise equal to one recently given Kalamazoo policemen.

Firemen in the city walked off their jobs once before, but returned to work under a court order. But Keiser said, "No shift will report to work until this dispute has been settled, court order or no court order."

★ ★ ★

He said firemen were "ready to go to jail" if necessary.

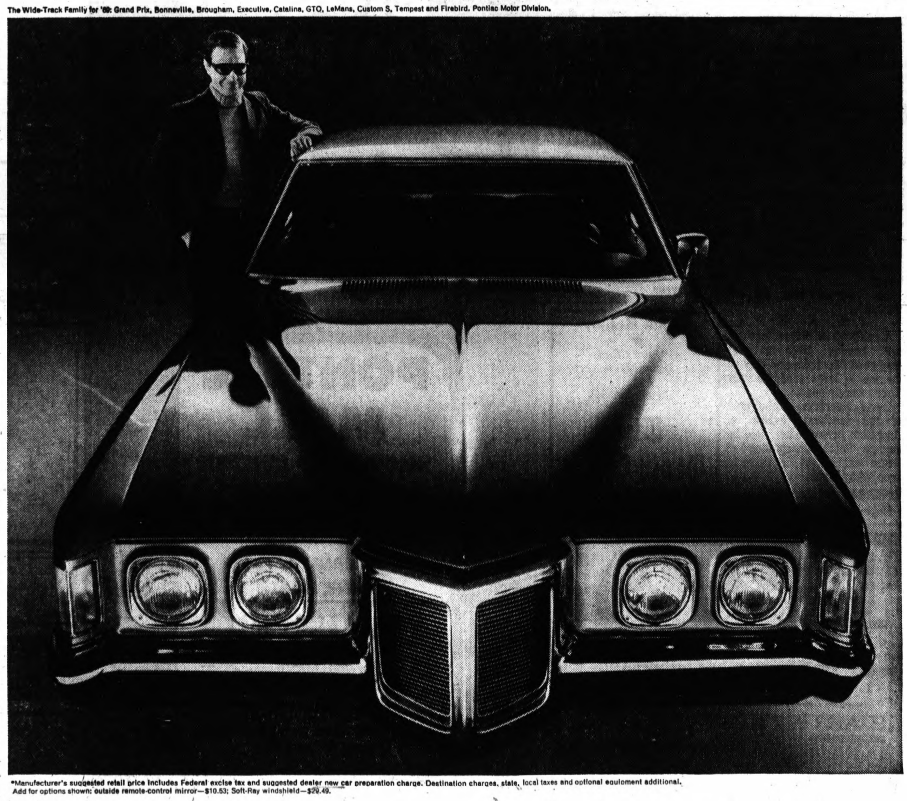
Someday, somebody may build a car to rival Pontiac's Grand Prix.

The Wide-Track Family for '69: Grand Prix, Bonneville, Brougham, Executive, Catalina, GTO, LeMans, Custom S, Tempest and Firebird. Pontiac Motor Division.



*Manufacturer's suggested retail price includes Federal excise tax and suggested dealer new car preparation charge. Destination charges, state, local taxes and optional equipment additional. Add for options shown: outside remote-control mirror—$10.53; Soft-Ray windshield—$29.49.

But it'll cost more than $3,866.*

And it still won't be a Pontiac.

Which means no Wide-Track ride.

And precious little of the engineering ingenuity which made Pontiac first with the Grand Prix to begin with.

Noodle it out for yourself. Name another car maker clever enough to come up with hidden windshield wipers, ventless side windows, a hidden radio antenna and an honest-to-gosh cockpit for a car, long before anybody else was even dreaming of same.

Name another car maker clever enough to come up with a car that's as much at home with performance lingo as it is with luxury.

Name another car maker who puts it all together, calls it Grand Prix and prices it at $3,866.

As we said; someday, somebody may catch on. But they'll never catch up. So why wait? Break Away in a 1969 Pontiac Grand Prix. Now.

GM MARK OF EXCELLENCE

See the '69 Wide-Tracks at your local authorized Pontiac dealer's.

Trial Begins Today in Kidnaping of Florida Heiress

DECATUR, Ga. (AP) — Burly, bearded Gary Steven Krist goes on trial today on a charge of kidnaping Florida heiress Barbara Jane Mackle.

Krist, 24, a convicted car thief who escaped a California prison, is charged with Ruth Eisemann-Schier, 26, Honduras-born biologist, in the Dec. 17 abduction of the Emory University coed. Miss Schier is to go on trail June 16.

★ ★ ★

The courthouse is not far from the motel where the 20-year-old student was taken from a sickbed, then buried alive in a plywood crypt under 18 inches of clay while a $500,000 ransom was negotiated with her father.

★ ★ ★

Krist has spent the last three weeks in a hospital undergoing psychiatric examination. He was removed from the DeKalb County jail April 22 after collapsing from a 27-day hunger strike.

COFFINLIKE BOX

Miss Mackle spent 83 hours buried below the ground in a coffinlike box equipped with air pipes, a fan, a battery-powered light and a small quantity of food and water.

Her father, Robert F. Mackle, a Coral Gables, Fla. land developer, paid the ransom for information that led FBI agents to her prison.

Krist was captured on alligator-infested Hog Island on Florida's Gulf Coast soon after the ransom payoff, and $497,700 of the money was with him, the FBI said.

Miss Eisemann-Schier, first woman ever put on the FBI's 10 most-wanted list, was arrested more than two months after the kidnaping in Norman, Okla., where she was working as a carhop at a drive-in.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping, or wobbling when you eat, laugh or talk? Then sprinkle a little FASTEETH on your plates. FASTEETH holds dentures firmer and more comfortably. Makes eating easier. It's alkaline—doesn't sour. No gummy, gooey, pasty taste or feel. Helps check plate odor. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Cincinnati Is Voting on a Crucial School Levy Increase Today

CINCINNATI (AP) — Voters faced by a partial school shutdown decide today whether to hike their taxes to support the educational system.

The Hamilton County Board of Elections estimated 110,000-or 63 per cent of the city's registered voters—would cast ballots on a proposed school levy increase of 5.2 mills.

★ ★ ★

If the levy fails, school officials say they will close classrooms to the system's 85,000 students and 3,200 teachers for five days in June and 14 days in November.

The system already has an $8 million deficit and school officials say it will reach $12 million by 1970 if the levy fails. The shutdown would trim the $53,813,000 budget by $3.8 million.

4 PROPOSALS DEFEATED

The Cincinnati system now operates on a 23.5-mill levy, lowest of Ohio's eight major cities. It has not had a levy increase since 1964. Four proposed increases have been defeated since 1964.

If the levy passes it will provide $9.54 million in new tax revenues next year. It would raise the city's millage to 28.7 mills, .87 mills above the state average but below school levies of Cleveland, Columbus and other large Ohio cities.

★ ★ ★

A volunteer brigade of 1,900 citizens supporting the levy telephoned about 75,000 voters Sunday in an effort to insure good voter turnout.

The polls are open from 6:30 a.m. to 6:30 p.m.

★ ★ ★

The major opponent of the levy is the League of Hamilton County Property and Home Owners Inc. The league says the levy and property taxes in general are unfair.

Chicago Talks Resume as Teacher Strike Looms

CHICAGO (AP) — The Chicago Teachers Union resumes negotiations with the board of education today in an effort to avert the first teacher strike in the public school system's history Thursday.

John E. Desmond, president of the teachers, said Sunday the union's negotiating committee would meet with the board to discuss the latest set of contract proposals submitted to the board earlier in the month.

★ ★ ★

Desmond announced the meeting in a telegram sent to Gov. Richard B. Ogilvie declining the governor's invitation to meet in Springfield today to discuss the teacher' demands.

Desmond asked Ogilvie to keep the invitation open.

3-TO-1 MARGIN

Members of the 19,000-teacher union voted Friday by a 3-to-1 margin to walk out at the city's 523 schools Thursday. More than 600,000 elementary and high school pupils would be affected.

The system has 23,000 teachers.

★ ★ ★

A coalition of Negro teachers said Sunday they might disregard the strike and stay on the job to keep predominantly Negro schools open.

David Harrison, cochairman of the teachers division of Operation Breadbasket, said he expects "total participation" of Negro teachers in the drive to keep schools open.

'UNCLEAR ON GOALS'

Negro teachers make up one-third of the CTU's membership.

Harrison said the strike boycott drive was being coordinated by Breakbasket, the Chicago-based wing of the Southern Christian Leadership Conference, and five Negro teachers groups.

★ ★ ★

Harrison critizied the CTU leadership, particularly Desmond, saying the union president had been unclear about the goals of the strike.

Desmond at first said the strike was directed against the state legislature, but then he switched and said the board of education was the target, Harrison maintained.

"What it has become is just a strike against the children," Harrison, a fifth grade teacher, said.

★ ★ ★

Among teacher demands are a $150-a-month raise starting in September, limitation of class sizes and no cutbacks in personnel and programs. Present pay for starting teachers is $7,350-$7,770 a year.

STRIKERS STOP FOR WATER — Striking grape pickers pause on the final leg of their eight-day, 100-mile march to the California - Mexico border yesterday where they were greeted by 1,000 supporters, including Sen. Edward Kennedy, D-Mass. Temperatures along the route reached 125 degrees. Accompanying the 500 marchers on the last day were Sen. Ralph Yarborough, D-Tex., Sen Walter Mondale, D-Minn., and Rep. James O'Hara, D-Mich. Labor leader Cesar Chavez said the purpose of the march was to gain support of Mexican workers who commute from Mexico.

Kuala Lumpur's 5-Day Bloodbath Eases

(AP) — Tension eased here today after five days of arson, murder and looting. People crowded streets to purchase essential food during relaxed curfew hours.

There were reports looting was increasing in downtown homes evacuated by 5,000 people at the height of the trouble. Some reports said Malay troops were taking part in looting.

★ ★ ★

Authorities said 132 persons had been killed in the capital and four persons in other parts of the country, but unofficial medical sources said at least 300 bodies had been counted in morgues and hospitals.

At least 342 persons have been injured and 2,768 arrested, including many for violating the curfew.

BUILDINGS BURNED

Some 140 buildings were burned and 109 vehicles damaged, Two fires were visible from downtown today.

Throughout the capital vigilante groups were organizing to guard shops and homes.

Some 3,000 Chinese refugees housed at the Merdeka Stadium organized themselves into teams to distribute food and keep guard. Children were being washed assembly line style.

The situation was much the same at the indoor Negra Stadium where a strong smell of disinfectant was noticeable.

DIFFERENT PICTURE

The picture was vastly different at the Chinwood Auditorium, a hundred yards away, where about 1,000 Malays refugees were housed. The smell of rotting food was in the air, and the people lay about lethargically.

★ ★ ★

A Red Cross worker warned that unless action was taken soon to clear up the mess, there was a real danger of typhus.

The new emergency government consisting of the National Operations Council headed by Deputy Prime Minister Abdul Razak met at the downtown Parliament House.

★ ★ ★

Razak announced the arrest of 60 "hard-core Communists" Saturday night and the arrest Friday of "90 hard-core Communists and their supporters in hiding."

REDS PROFIT

"The Communists have always wanted to see racial clashes in this country," Razak said, "because they hope to ride on communal disorder and capture power."

But to counter charges that he was attempting to blame Communists for all the trouble, Razak added: "In addition there are also bad elements who also entertain the same motive and objective."

About 100,000 cancer patients will die this year who might have been saved by early diagnosis and prompt treatment.

THOSE HORRID
AGE SPOTS*

FADE THEM OUT

*Weathered brown spots on the surface of your hands and face tell the world you're getting old—perhaps before you really are. Fade them away with ESOTERICA, that medicated cream that breaks up masses of pigment on the skin, helps make hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, greaseless base for softening, lubricating skin as it helps clear surface blemishes. Guaranteed by the trustworthy 66-year-old laboratory that produces it. At leading drug and toiletry counters. $2. FREE OFFER with each jar of ESOTERICA—generous trial bar of ESOTERICA SOAP. New medicated soap combats bacteria, aids healing. Helps lather away blemishes! Gently softens and cleanses the skin without drying. Bath size in plastic case $1.00. 3-bar box $2.00. Free trial size with each jar of Esoterica. Limited time only.

'Hard-Core' Projects at Novi Firm Rapped

DETROIT (AP) — A railroad car manufacturer in a Detroit suburb needs welders and decides to hire from the hard-core unemployed through a federally financed program.

It takes on an ex - convict to help recruit workers "because he understood the people in the ghetto."

Three hundred or 84 workers —the number is disputed—are fired for alleged violation of a union contract.

A black congressman says the situation "raises some grave doubts about the rest of these programs for hiring the hard-core unemployed" and asks the Labor Department to investigate.

FIRM IN NOVI

These are the elements of the situation at Paragon Division of Portec Inc. in Novi, where picketers disrupted production for five days before a judge granted the company a restraining order late this week.

They all add up to "a pattern of oppression that works in business, unions and even the courts," says U.S. Rep. John Conyers, D - Mich., in whose district live most of the fired workers.

The strikers at Paragon, whose parent company is based in Chicago, claim blacks hired under two federal programs are always given the worst and most menial jobs in the plant and that there are no medical personnel on hand during the afternoon shift, when most are at work.

"Not so," protests Paragon's personnel director, David K. Waterloo. "Sure they're mostly welders, but that's just about all we hire here," he said.

'SOME GO HIGHER'

"But some of them do go to be machine operators and some have gone even higher." The man who went the highest, ex-convict Bernard Spann who made it all the way to assistant personnel director, is no longer at Paragon.

"I left because I found the original goal of the government, iginal goal of the government, helping people have careers, just wasn't working," said Spann, who is now a Greater Detroit Chamber of Commerce official.

"The company will tell you I quit, but I was actually asked to leave because I let them know I didn't like the way they were using the program."

"Using the program" for its own benefit is the way Waterloo outlines his firm's whole purpose in getting involved.

"We found we could be reimbursed for at least all our hiring expenses and decided to take advantage of this program," he said. This means hard-core unemployed hired under one federally financed program are being replaced under another one.

The firm has "taken advantage" to the tune of $8,400 in one program and $300,000 in another.

The fired strikers say they walked out because Shopmen's Local 508 of the Iron Workers Union was completely unresponsive to their complaints.

In effect, Waterloo confirms this. "We've now got 40 workers in the plant from the newest program, the $300,000 Labor Department - Office of Economic Opportunity plan," he said.

20 MORE TODAY

"We'll have 20 more from it on Monday (today) and within a few weeks our force will be back up to 525, where it was before we let these 84 go."

The strikers, led by the Rev. William Collquitt of Inkster, say the 84 firings are only the latest installment, claiming 200 others have been fired in the last three weeks.

Waterloo contends there is nothing unusual or bad about his replacing the fired workers through the federal program. "If I couldn't get these people, I'd have to pay to train others myself," he says. "You just can't hire qualified welders off the street."

The men replacing the fired strikers come generally from Pontiac. Some are white and some black. All are certified hard-core unemployed, Paragon said.

The situation in which federal funds are used, however indirectly, to replace black workers in a labor dispute, "only raises the level of frustration in the ghetto," Rep. Conyers says.

★ ★ ★

Conyers also points to the restraining order against picketing issued late Thursday as evidence of racism.

"In all my years in labor law, I've never seen a restraining order issued for a period as long as 11 days as this one was," he asserts. "That's, in effect, ruling on the case — and the strikers weren't even represented in court."

He says the union's lack of response to demands by the black workers is evidence of "collusion between management and the union. The workers say the union president is always with the bosses. This is the whole reason revolutionary black union movements are developing.

"You have to form a subunion when the union doesn't work," he adds.

MARK OF EXCELLENCE

Check our price stickers against what competition's stuck with.

You'll find all 15 big Chevrolets we build—passenger cars and wagons—are lower priced than any comparable competitive models.

Our price stickers make good reading. But they only tell part of the story of how you come out ahead with a Chevrolet.

They don't tell you, for example, that the biggest, most powerful standard V8 in Chevrolet's field is under Chevrolet's hood.

Or that our standard six is more engine, too.

Or that you get Astro Ventilation in every model. Plus such peace-of-mind advantages as a side-guard beam built into every door.

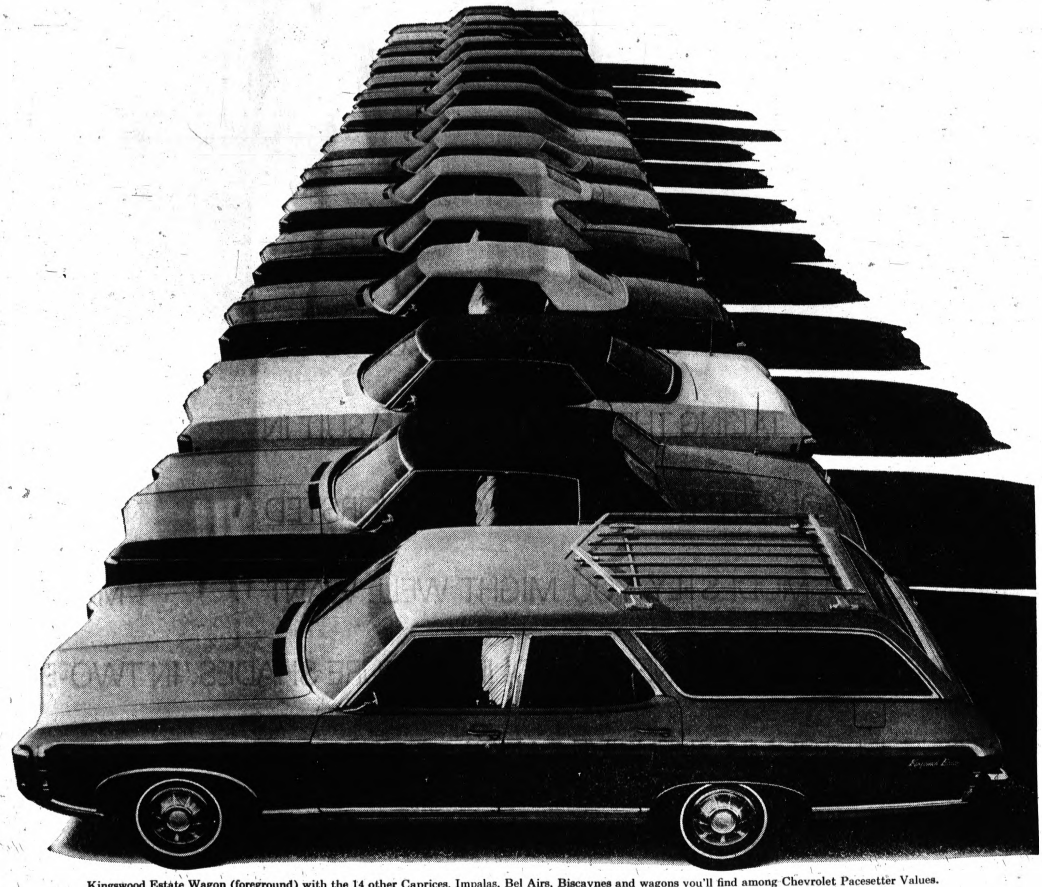
Or that we build the only walk-in wagons in our field, complete with a convenient step in the rear bumper.

All of which really makes our price stickers that much better reading.

Check them out at your Chevrolet dealer's.

Then check out what they're attached to.

Get the message? That's what our Chevrolet Pacesetter Values are all about. **Putting you first, keeps us first.**



Kingswood Estate Wagon (foreground) with the 14 other Caprices, Impalas, Bel Airs, Biscaynes and wagons you'll find among Chevrolet Pacesetter Values.

Robert G. Gaylor, assistant librarian at Oakland University, and Mrs. James Jenkins, Antique Lane, Bloomfield Township, preview decorations for the Glyndebourne Picnic at Meadow Brook Saturday. Gaylor wears a British shirt from the 17th century, pale blue in color, with full sleeves and neck frills. The formal musical event to benefit the library is sponsored by Friends of the Kresge Library. Mrs. Jenkins is Pontiac ticket chairman.

Indoor Riding Ring Becomes Garden for 'Glyndebourne Festival' Picnic

Friends of the Kresge Library will repeat their popular Glyndebourne Picnic at the indoor riding ring of the Meadow Brook estate at 7 p.m. Saturday as a benefit to enhance the book collection of the Oakland University library.

Television personality George F. Pierrot and his wife will be general chairmen of the event, which is fashioned after the Glyndebourne Festival held each year in England.

★ ★ ★

Mr. and Mrs. John Christie lend their estate at Lewes near Sussex, England, for entertainment of Londoners, dressed in evening dress, formal or informal, who bring picnics of food, wine and cocktails to sup, while opera is performed. Entertainment at the Meadow Brook picnic will be in a lighter vein, but aimed to please the musical tastes of everyone.

★ ★ ★

Friends of the Kresge Library turn the indoor riding ring of the late Mrs. Alfred G. Wilson at the Meadow Brook estate into a beautiful garden. Decorations will be done by Jacobson's of Birmingham, under the artistic direction of Robert Mounsey and his staff, and Bordine's Nursery of Rochester. Joseph Burnard of Bordine's has designed the landscaping of the ring and he and Fred Duranceau, the University's director of grounds and landscaping, will make the Camelot setting glow with living things.

COMMITTEES

Glyndebourne Picnic 1969 committees include Mrs. Ivan Ludington Jr., Mrs. John L. Denman, Mrs. Lloyd Kemp, and Mrs. B. James Theodoroff. Ring arrangements are being handled by Mrs. Joseph C. Dodge, Mrs. William L. Poland, and Robert G. Gaylor.

Bach at Cranbrook Is Unqualified Success

By BERNICE ROSENTHAL

For the capacity audiences attending Bach at Cranbrook Saturday afternoon and evening, both performances were rich in musical achievement and fulfillment. If the aim was to present the works of Bach with devotion, artistry and inspiration, the goal was achieved with unqualified success.

BERNICE

Peter Serkin, the featured soloist, was eloquent and moving at the piano. Like his illustrious father, Rudolf Serkin, he has full command of his instument. If comparisons are being made, he is even more like Glenn Gould, in his poetic, sometimes unorthodox approach, giving the music a sustained quality which makes the piano sing.

The six sinphonias, or three-part inventions, were given new meaning, new value, new strength and virility under his loving care, and were an experience to remember with pleasure.

Elsie Inselman, area mezzo soprano and soloist with the Kenneth Jewell Chorale, sang "Sound Your Knell, Blest Hour of Parting," a poignant cantata.

Her smooth, even voice, with its warm, unpushed tone, showed consummate musicianship, fine taste and understanding of the difficult music.

Ronald Leonard, 'cellist, who performed so beautifully last year, was even better this year, in his performance, with Doris Ornstein at the harpsichord, of the Sonata in D Major for the two instruments.

He has a rich, round, resonant tone, easy flexibility, and his subtle, sometimes gently humorous interpretation is filled with precise phrasing and clarity.

The Concerto for two flutes (Ervin Monroe and Clement Barone) and piano had charm and variety, although, at times, it was slightly obscured by overtoning of the delicate wind instruments by piano and orchestra.

A small but important gem was the Kenneth Jewell Chorale's singing of "O Lord Who Dares to Smite Thee" from "The St. Matthew Passion."

The evening's performance was devoted to the unequalled giant of choral literature, the "B Minor Mass."

Much could be written about that unexcelled performance, the magnificent choral variety, the depth of interpretation, the precise part singing, the high calibre of the solo and duet work, the sheer beauty of tone which Jewell and his wonderful group of singers achieved.

Suffice it to say that Mr. Jewell loves it with devotion and true religiosity, that he knows it so well that it is part of him. He projects this feeling to chorus and audience with deep humility. Those fortunate enough to hear it, came away uplifted and enriched in spirit.

Calendar

TUESDAY

Bloomfield Welcome Wagon Garden Club, 10 a.m., meet at Strike and Spare Bowling for tour of Hidden Gardens in Tipton. Members will bring box lunches.

Women's Society of Christian Service, 10 a.m., First United Methodist Church. Annual May breakfast.

Alpha Chi Omega, North Woodward Area Alumnae, Group I, 12:30 p.m., Adams Castle home of Mr. and Mrs. Harry Stevens for conducted tour.

Frances Willard union, Women's Christian Temperance Union, 6:30 p.m., in Church of the Brethren. Howard Dell is guest speaker following cooperative dinner.

Oakland County Dental Hygienists' Society, 7 p.m., Machus Red Fox Inn. William Walsh of the New Detroit Committee will speak.

Moon Flight Long Awaited, Report Wives

By PRESTON F. KIRK

SPACE CENTER, HOUSTON (UPI) — The wife of astronaut John W. Young, delighted with her husband's latest space venture, said Sunday the Apollo 10 moon mission marked the end of six years of hard work.

Asked if she felt different about this mission than she did about her husband's two earlier flights, Mrs. Young said Apollo 10 was a milestone.

"Heavens yes, I'm far more excited. They're going to the moon and that's what we came here for six years ago," she said.

★ ★ ★

Mrs. Young and Mrs. Faye Stafford, wife of Apollo 10 Commander Thomas P. Stafford, watched the launch on television from their homes near the Manned Spacecraft Center.

Mrs. Barbara Cernan, wife of the third crewmember, Eugene A. Cernan, traveled to Cape Kennedy for the launch, then flew back to Houston in a private plane.

★ ★ ★

Although their husbands are space veterans, Mrs. Young and Mrs. Stafford said the waiting did not become easier with experience.

"It's like having a baby. You know what to expect but you never get used to it," said Mrs. Young.

'GETS HARDER'

Mrs. Stafford, whose husband was on two earlier flights, said "They get harder for me each time."

However, she said she knew her husband was doing the job he enjoyed. "The moon is an exciting place. He's been very excited."

Mrs. Cernan said she was "an extremely proud wife," when Apollo 10 lifted off. Her daughter, Tracy, 6, blew her father a kiss as the rocket blasted off.

Cernan, discussing the liftoff by radio later with ground personnel, said he wished he could have seen the expression on Tracy's face.

His and Her Fun Formula About to End Marriage

By ABIGAIL VAN BUREN

DEAR ABBY: I am sure that my husband is running around with another woman. Is there any way I can find out who she is? I can't afford to hire a private detective right now, but as soon as my boyfriend comes back from Vietnam I will be in better financial shape, as he says in his letters he is doing very well over there.

So please let me know if there is some kind of detective outfit that will let me pay for their services on time with a small down payment. Thank you. SUSPICIOUS IN SAN DIEGO

DEAR SUSPICIOUS: I know of no detective agency that "looks now and collects later." Wouldn't it be a whole lot neater if you just told your husband about your boyfriend and asked him about his girlfriend?

★ ★ ★

DEAR ABBY: After my umpteenth argument with my mother, I flounced out of the house and headed for the back porch, where I sat brooding. A newspaper lying nearby caught my eye. Picking it up I began idly looking through it until I came to Dear Abby's column of advice. "Maybe other people's problems will make mine seem less bad," I thought, starting to read. Suddenly I was stopped by your answer to one problem, which seemed to have been especially written for me. It said: It's the same old story; you can abuse a mother, neglect her, but you can win her back with only four words, 'Mom, I love you.' "

★ ★ ★

I hurried back into the house. My mother was seated at the kitchen table, looking so tired and dejected, it cut me up. I went over to her, put my arms around her and said, "Mom, I love you."

Without a word she hugged me tight, then burst into tears. And before I knew it, I was crying, too, and we both had a good cry together.

Since then we get along much better—perhaps because I always find a way to say, "Mom, I love you."

Thank you, Abby. ALABAMA TEENAGER

★ ★ ★

Everybody has a problem. What's yours? For a personal reply write to Abby, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056 and enclose a stamped, self-addressed envelope.

Sisterhood Plans Fete for Former Presidents

A tribute to past presidents will highlight the May luncheon meeting of Sisterhood of Temple Beth Jacob Tuesday.

The noon event will honor 14 past presidents, including Mrs. William Present, now of Toledo, who held the office in 1928. She is the earliest living past president of the group.

James Stephenson will entertain with a musical review of events of past years.

Mrs. Harold L. Bienenfeld is chairman.

Pontiac Press Photo

Coffee first, then a scheduled talk by light verse writer, Elinor K. Rose of Royal Oak (left) was the order of events at the 37th annual May breakfast of the Pontiac Association for Childhood Education. With Mrs. Rose at Ted's Restaurant Saturday is Mrs. Elwyn Hodges, president of the educational organization.

Show to Benefit Children's Home

The Seton Guild of St. Vincent and Sarah Fisher Home for Children is hoping to buy a 30-passenger bus to transport underprivileged children on trips.

Their annual spring benefit, a luncheon and fashion show, by B. Siegel, Thursday at Oakland Hills Country Club, is open to the public.

Mrs. James Connolly and Mrs. Robert Amberg of Birmingham are cochairmen of the 12:30 p.m. event, preceded by a social hour.

Reservations may by made with Mrs. Joseph Wolski of Birmingham.

Linda Miles Marries

Attired in a traditionally fashioned gown of Chantilly lace over taffeta, Linda Lee Miles was escorted to the altar of Walled Lake Methodist Church Sunday where she married David Jesse Byrd.

★ ★ ★

The daughter of Mr. and Mrs. L. Robert Miles of Walled Lake held a bouquet of white daisies.

★ ★ ★

Bonnie Jean Miles was maid of honor for her sister with Mrs. Donald Dornbush, and Lorna Green as bridesmaids. Wendy Jamros was flower girl.

★ ★ ★

James F. Byrd was best man for his brother. They are the sons of Mr. and Mrs. Raymond Byrd of Wixom.

Ushers were Gerald Byrd and Robert Carlson.

Following a reception in the church parlors, the couple departed for a honeymoon trip to Florida.

Mrs. David Byrd

Murrays Wed Saturday in Church Rite

A reception Saturday feted newlyweds, the Michael James Murrays (nee Susan Lee Huntzinger) in Somerset Center, Troy.

The daughter of the senior Mr. and Mrs. John E. Huntzinger of Chippewa Road and the son of Mrs. William J. Murray of Troy and the late Mr. Murray were married that evening in First Presbyterian Church.

Attended by Rosemary Hoenstine and Mrs. William F. Murray, the bride wore a princess gown of organza trimmed with Venetian lace. An arrangement of white Sweetheart roses and Marguerites comprised her bouquet.

Robert B. Thom was best man with John E. Murray as ushers.

The newlyweds are honeymooning in the Poconos Mountains.

Troth Announced

The Andrew B. Cornells of Troy announce the engagement of their daughter, Lois Elaine, to H. Edward Lewis. He is the son of Mr. and Mrs. Daniel H. Lewis of Taylor Street. The couple, alumni of the University of Michigan, are planning to wed Aug 2.

Red Comes Back

Red which hasn't been a fashionable color in quite awhile is making a comeback this season, especially in accessories. What else complements navy blue and white so well?

Mrs. Michael Murray

Mr. and Mrs. Khoren Bogosian, Orchard Lake Avenue, were guests of honor Sunday at a surprise dinner party at First Federal Savings of Oakland. The couple celebrated their 60th wedding anniversary on Friday; they were married May 15, 1909 in Armenia and have lived in Michigan 50 years. Hosts at the party were a niece; Mrs. Samuel Azoian, and great nieces and nephews, the Arthur Azoians, the Vahan Gurnaguls of Ann Arbor; the Norman Hickeys and the Carl Hutchinsons.

News of Area Students

Summer's on its way which means final exams as the 1969 spring semester comes to an end for area university students.

For Susan Todd, daughter of the Norman W. Todds of Utica Street, the highlight of the term was her recent election as treasurer of Sigma Pi chapter of Kappa Delta sorority at Albion College.

EMU

Sharing the winner's circle this spring was Constance Joy Vanderlind, who was second runner-up in the recent Miss Ann Arbor contest.

The 20-year-old junior at Eastern Michigan University, is the daughter of the John Vanderlinds of Hammond Lake.

MSU

At Michigan State University, Peggy O'Neill joined fellow members of the Green Splash synchronized swimming honorary in saluting the year with their annual show entitled, "Scent: A Mental Journey."

Peggy is the daughter of Mrs. E. J. Vallier of Walce Street.

UP

Spring term meant travel for University of Pennsylvania student, Carolyn Cederleaf, who attended sessions of the Federation of American Societies for Experimental Biology recently in Atlantic City, N.J.

Carol, a PhD candidate at the University, is the daughter of Mr. and Mrs. Bertil Cederleaf of Orchard Lake.

UM

It's back to school for University of Michigan graduate, Robert D. Eibergen, son of the Bernard Eibergens of Ennismore Street, Independence Township.

Robert, who received his bachelor's degree, will spend the summer at the California Institute of Technology, where he plans to do graduate work in physiological psychology.

'Campus, 1969' Is Subject at Sorority Meeting

The national president of Delta Gamma sorority, Mrs. Russell S. Strickland, will address the Kappa Kappa Gamma North Woodward Alumnae Association on Wednesday.

The meeting will begin at 9:30 a.m. in the Birmingham home of Mrs. Terry Barr. Hostesses will be Mesdames: Thomas C. King, C. W. Allen, Lyman R. Lyon and John W. Young.

Mrs. Strickland will speak on "Campus, 1969."

Officers for the upcoming season will be: Mrs. Donald Hurst, president; Mrs. G. R. Brennenman and Mrs. Kent Smith, vice presidents; Mrs. Fred M. Harley, Jr., secretary and Mrs. John N. Merchant, treasurer.

Robert Arrives

Mr. and Mrs. Robert B. Schadel of Dixie Highway announce the birth of a son, Robert Bruce, on May 13. Grandparents of the infant are the Robinson L. Bronoels of Pioneer Drive and the Richard Schadels of Lapeer.

Soybean Derivatives to Be Our 'Food of Tomorrow'

CHICAGO (AP) — It may look like ham, it may taste like ham but it may in fact be soybeans. Nutritionally, it may be better than ham.

The ersatz ham, along with chicken and corn beef made of protein derived primarily from soybeans, was shown recently for sampling at the annual meeting of the Institute of Food Technologists.

Pork and bacon substitutes also are made of soybeans, and lamb is being developed.

William J. Downey, a vice president of Fritzsche Brothers, Inc., New York, which displayed the meat substitutes, called them "the food of tomorrow."

Since the products are tailormade, he said in an interview, they can excel in an interview, they can excel the edibles they simulate in terms of nutrition.

But products cannot be sold to the public on the basis of their nutritional value alone, so it is necessary to make the substitutes look and taste like something else, Downey explained.

MARKETING AIM

Robert J. Eiserle, another vice president of Fritzsche, said the substitute products would be in food stores in five to 10 years.

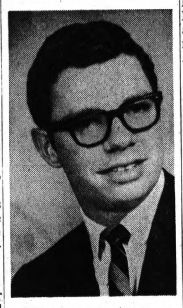
The price will go down with mass production, so the poor can afford them, he said.

Dr. R. F. Robinson, technical director of Worthington Food, Worthington, Ohio, said hamburger meat is only 60 per cent protein, but the soybean substitute is 90 per cent protein.

He said the protein meat substitutes have less fat than the real thing and retain their texture better during cooking.

Another firm using soybean derivatives showed a beverage which tasted like coconut milk.

Such high-protein beverages would have a nutritional advantage over the highly sweetened soda pops favored by American youngsters.



Michael Alan Kaines, son of the Lee Kaines of Lansdowne Street, was recently awarded a DDS degree during spring commencement exercises at the University of Michigan.

Bigger Role in Canal Operation

Panama Makes Plea to Rocky

PANAMA (AP) — Gov. Nelson Rockefeller, making the seventh and last stop of his fact-finding mission to Central America, has heard Panama ask for a greater role in the operation of the Panama Canal.

The New York governor, who is touring the hemisphere on a special assignment from President Nixon, arrived here Sunday and met with a Panamanian government team headed by Foreign Minister Nander Pitty.

★ ★ ★

Informants said Pitty made no reference to currently stalemated negotiations between the United States and Panama on a new treaty to regulate the canal. But he asked for a more effective role in its operation.

The sources said Pitty also pointed out that there is still friction between the United States and Panama although the two countries have agreed to seek ways of improving their relations.

Rockefeller directed a pointed comment at Panama's military regime in his remarks on his arrival.

"Under the firm promise of your government to return to the blessing of democracy," he said, "I am sure that Panama will progress even more swiftly and surely in the future."

★ ★ ★

He also said future relations between the United States and Panama will "depend importantly on the successful resolution of pending issues regarding the canal."

The United States built the Panama Canal and has operated it for 55 years. Washington is reluctant to negotiate a new canal agreement with the military regime for fear it may be annulled when a democratic government comes to power.

★ ★ ★

Rockefeller also met Sunday with Col. Jose M. Pinilla, president of the provisional government, and his deputy, Col. Bolivar Urrutia. The governor was scheduled to meet today with private citizens' groups and fly back to the United States tonight.

Before coming to Panama, Rockefeller visited Mexico, Guatemala, Salvador, Honduras, Nicaragua and Costa Rica. He is scheduled to make three more Latin American trips in the next two months, visiting all the countries except Cuba.

Hunt for Macomb Boy, 3, Abandoned by Deputies

MOUNT CLEMENS (UPI) — After three days of searching for a missing 3-year-old boy, discouraged police and volunteer help abandoned their hunt yesterday.

There was still no clue to the whereabouts of Bobby Albright, who disappeared Thursday afternoon while playing in front of his mother's home in Chesterfield Township.

★ ★ ★

"Nothing absolutely nothing has turned up," a deputy at the Macomb County Sheriff's Department said.

A 200-man search party had combed the woods and marshlands that surrounded Bobby's home through yesterday morning, but had found no trace of the child.

CALLED OFF

Some boats still patroled the canals and the Salt River and police cars were cruising the general area, but the formal search was officially called off, the sheriff's department said.

The case was now in the hands of the department's detective bureau, a spokesman said. Neither the sheriff nor any of the detectives could be reached for comment.

★ ★ ★

Rumors of a kidnaping flared Saturday after a man had been seen running from a small barn carrying what looked like a child. However, it was discovered he was carrying a bundle wrapped in a poncho.

Blaze Orphans 3 U. P. Children

ESCANABA (AP) — Three youngsters were orphaned when fire leveled their 1½-story log and frame home near this Upper Peninsula community Sunday.

Ray Therrian, 41, and his wife, Marie, 35, died in the fire but their children, aged 16 to 18, were visiting friends for the night. Cause of the blaze was not immediately determined.

A Message Of Appreciation And A Request To All Members Of U.A.W. Local 653

Bert Henson and the newly elected Blue Slate Executive Board and Shop Committee express sincere thanks for your support and vote in our election last Tuesday . . .

We urge you to remember to

Vote Tuesday, May 20
At the "RUN-OFF" ELECTION

We wholeheartedly endorse and request your support and vote for

☒ PAUL DERRYBERRY
PRESIDENT

PAUL DERRYBERRY serves as shop committeeman in plants #9, 6 & 18. Has served as committeeman and alternate committeeman, served as chairman of Political Action Committee. Elected delegate to state and national convention. Elected to the Oakland County AFL-CIO Executive Board. Active in union for 18 years. Works in Plant #9.

☒ HOLLIS E. WILMOTH
CHAIRMAN SHOP COMMITTEE

HOLLIS E. WILMOTH serves as committeeman in Plant No. 6, has served as shop committeeman and on several standing committees in the local union. On March 7, 1969, Mr. Wilmoth was elected chairman of region No. 1 of the foundry department, and will serve as top negotiator for all foundry workers in the State of Michigan.

MAKE THE JOB COMPLETE – Elect Derryberry and Wilmoth

VOTE STRAIGHT – BLUE SLATE – TUESDAY, MAY 20th

Memorable Hecht-MacArthur Partnership Recalled

By BOB THOMAS
Associated Press Writer

HOLLYWOOD — Helen Hayes had just returned from the Broadway premiere of the revival of "The Front Page," written in 1928 by her husband, Charles MacArthur, and Ben Hecht.

THOMAS

Rose Hecht, Ben's widow, had been there, too, and it was a warmly sentimental occasion made even more pleasurable by a strong first-night reaction and excellent reviews. Now Miss Hayes was back on the set of "Airport" and stabbing at her needlepoint as she reminisced about the remarkable partnership of Hecht and MacArthur.

* * *

Both had been schooled in the hard-as-nails newspapering of Prohibition Chicago, and that was the source of their most successful play "The Front Page."

"Charlie and Ben were very good for each other," Miss Hayes reflected. "Each supplied what the other lacked. Charlie was a craftsman who lavished great care on everything he did, so much so that it was hard for him to give it up. Ben, on the other hand, could take one of Charlie's ideas and run with it.

INSTINCT FOR PERFECTION

"I don't mean that Ben wasn't an able writer, too. He certainly was. But he didn't have the instinct for perfection that Charlie had."

Inevitably, Hecht and MacArthur were lured to Hollywood, and they wrote some of the best screenplays of the 1930s, singly and in collaboration. For a time they operated their own production company in the East, creating such notable films as "Crime without Passion" and "The Scoundrel."

* * *

They continued cowriting films like "Wuthering Heights," "His Girl Friday" and "The and Rosalind Russell, then went their separate ways.

"They became irritated with each other," Miss Hayes said. "No, it wasn't anything like Gilbert and Sullivan, where they weren't speaking to each other. It was just that they didn't get along any more.

"It was a shame, because each needed the other. Ben could have used Charlie's sense of taste. And Charlie needed Ben's ability to get things done."

One of their last encounters turned out badly, she said. Hecht's publisher had pleaded with him to eliminate some of the vulgarity in the Hollywood section of his memoirs, "A Child of the Century."

* * *

Ben was adamant, and the publisher asked Charlie to try to persuade him. Charlie tried, but Ben was only resentful and unyielding.

He changed publishers, and the book was not a success.

CONTINUED WORK

Hecht continued pouring forth scripts and books until his death in 1964, but little of his work reflected the brilliance he achieved with MacArthur. MacArthur died in 1956, and his last years were frustrating and unproductive.

* * *

"Those were terrible years for Charlie," Miss Hayes recalled sadly. "He just couldn't seem to get anything done; for the last eight years of his life he and Ludwig Bemelmans were trying to write a play, but they never got it done.

Now 20, He's a Convicted Killer

Mother Finds Son Given Up for Adoption

NEW ORLEANS (AP) — An Indiana mother was en route here today to see the son she gave up for adoption 20 years ago when he was 11 months old.

Mrs. Arthur G. Sutton of Greenfield, Ind., had a tearful reunion over the telphone Friday with her son, a convicted killer under death sentence.

* * *

Larry Joe (The Rat- Purkey, 21, was told by his mother: "I hope you don't hold it against me. I didn't want to give you up."

Mrs. Sutton, who married her present husband several years after her first-born son was turned over to an adoption agency in Indiana, said she had been hunting him for years.

LEAN, HANDSOME

Larry Joe, lean and handsome with blue eyes, brown hair and tattoos on his arms, had also been trying to locate his mother.

"I didn't think she had tried to find me or could find me if she tried.

* * *

"My adoption papers were sealed when I was adopted."

A newsman told him Friday that his letter to the Indianapolis Star had led to the telephone call from his mother. "I told them I was awaiting death sentence and I'd like to find my real mother and if anybody knew her, I'd like for them to contact me," Purkey explained.

Moments later, Larry Joe, who was christened Laurence Eugene Baker by his mother, and Mrs. Sutton talked by long distance telephone. "She asked me if I believed she still loved me and I told her yes."

* * *

Mrs. Sutton, who has two daughters and a son by her present marriage, said she was 15 when Larry Joe was born.

"I didn't want to give up my baby, but my mother said I was too young."

* * *

Mr. and Mrs. Kenneth H. Purkey, now residents of New Albany, Ind., adopted the baby when he was 11 months old. When he was 16 he learned that he had been adopted. Shortly afterward, he said, a dispute with his adoptive father resulted in his leaving home.

'BIG MISTAKE'

"I made the biggest mistake in my life—I took up with a motorcycle gang," said Larry Joe. He came here in February 1968, just before Mardi Gras, with the group, called the Flying Axmen.

* * *

Two other Flying Axmen were arrested and charged with murder in the slaying of Taylor West McLaurin, 20, a Mardi Gras visitor from Charleston, W. Va. James (Bulldog) Cripps, 20, of Mount Pleasant, Mich., was convicted with Purkey of first-degree murder and sentenced to die. Danny A. Franklin, 20, is awaiting trial on the same charge.

* * *

Purkey's execution date has not been set. His case is on appeal to the U.S. Supreme Court. He hopes to win a new trial and acquittal on grounds his alleged confession was obtained under duress.

* * *

New Orleans police deny Purkey's story that he was beaten for an hour with a rubber hose after his arrest.

His Car Drove Judge Away

MIAMI, Fla. (AP) — When an 18-year-old came into Criminal Court Judge Everett Dudley's court, the judge wanted to talk about cars.

Dudley asked the defendant if he was the youth arrested by a state trooper for car theft. Then the judge questioned him about the car's description.

"That was my car, and therefore I am going to have to transfer your case to another judge," Dudley said.

Fortas Case Illuminates Dim Ethics Area

WASHINGTON (UPI) — The top men in the United States government are subject to standards of ethical conduct almost as strict as the Ten Commandments — and nearly as difficult to enforce.

If nothing else, the Abe Fortas case underscored the fact that individual conscience and public opinions are perhaps the most effective safeguards against questionable activity in high office.

★ ★ ★

Government officials are subject to the same criminal laws which apply to other citizens, of course. But most allegations of wrongdoing in government involve the gray area of impropriety rather than outright criminality.

Fortas may have violated the 45-year-old canons of judicial ethics when he received, and eventually returned, a $20,000 fee from the family foundation of financier Louis E. Wolfson, who later went to prison for stock manipulation.

CONSCIENCE ONLY JUDGE

But if the 59-year-old justice had not resigned, the canons provided no machinery for bringing him to book. The 36-article code, which is supposed to guide judicial conduct, has no enforcement powers except the conscience of each individual judge.

In the end, Fortas was brought down by public opinion as reflected in congressional debate and statements, in the press and broadcast media and among ordinary Americans.

★ ★ ★

But his departure did not settle the over-all question of whether the three branches of government — executive, legislative and judicial — should and can do more to cover the shadowy area of misuse of public office which falls short of criminal corruption.

All three branches have codes of conduct now. But they vary widely with the toughest applying to the executive branch and the loosest governing the courts. They have one thing in common: There is no specific definition of what constitutes a violation and no set penalties when one occurs.

CABINET CODE

A member of the President's cabinet would violate a four-year-old code of conduct if he accepted a fee for speaking or writing. He probably would be fired by the President if he did so, although the code itself specifies no punishment.

Most officials of the executive branch below the Cabinet level would be permitted to accept a research and writing job similar to the one Fortas says the Wolfson Foundation offered him. But such work would have to be done on one's own time and could not involve the use of confidential government information.

★ ★ ★

Members of Congress can and often do accept payments for speaking and writing. Senators, under a code of ethics adopted last year, must make public the source and amount of lecture and writing fees over $300. But House members need not report fees under $5,000 and do not have to reveal the exact amount of payments over that figure.

Many lawmakers expressed outrage that Fortas received money from the Wolfson foundation while Wolfson was under investigation for stock manipulation. But senators and congressmen frequently accept payment for lecturing to groups that hope to influence legislation.

INFLUENCE SPENDING

The code of ethics for the executive branch was established by President Lyndon B. Johnson in 1965. The rules, kept in force by President Nixon, cover employes earning more than $14,400 annually if they are in a position to influence expenditure of federal funds or to regulate private business.

The Senate and House adopted separate codes last year following the public furor over the cases of Bobby Baker, Sen. Thomas J. Dodd, D-Conn., and Rep. Adam Clayton Powell, D-N.Y. The rules cover members and employes.

★ ★ ★

All judges, state as well as federal are covered by the American Bar Association's canons of judicial ethics, drafted in 1924 by a commission headed by Chief Justice William Howard Taft. It warns judges to avoid both "impropriety and the appearance of impropriety." There are no other rules covering the conduct of Supreme Court justices or the rest of the federal judiciary.

The Constitution provides only one way to remove a judge from office—impeachment. There is, of course, a less formal but probably more effective means. A judge sometimes can be pressured into resigning if he is faced with disclosure of information that could disgrace him.

The impeachment process is so cumbersome that it has been tried just eight times in the nation's history. Only four of the cases resulted in conviction.

As a result of the Fortas controversy, bills have been introduced in Congress to require judges to make public their outside income and file comprehensive financial statements.

★ ★ ★

Sen. Robert P. Griffin, R-Mich., author of one such bill, conceded it would establish for the judiciary a disclosure provision tougher than the one Congress imposes on itself. Griffin said he would favor a uniformly strict standard for Congress and the courts.

★ ★ ★

Disclosure is the heart of any code of ethics. The fear of disgrace is considered the strongest weapon against corruption.

REPORTS SEALED

The Senate requires its members and employes to file detailed financial reports including stock holdings, outside income and debts. The report must include a copy of the senator's income tax return.

But these reports are placed in a sealed envelope and no one can see them unless the Senate ethics committee votes to break the seal. So far, none have been opened.

Senators are required to file a separate report showing campaign contributions of more than $50 and "honorariums" and fees for speaking and writing in excess of $300. These records are open to public inspection.

★ ★ ★

Members of the House of Representatives file a report of some — but not all — outside business interests. The member's list of interests can be inspected, but the amount of money involved is sealed and can be examined only by a vote of the House Ethics Committee. None of the envelopes have been opened.

★ ★ ★

The House does not require its members to report either campaign contributions or honorariums — the only two items the Senate considers important enough for public disclosure.

Top officials of the executive branch are required to file financial statements with their own agency or with the civil service commission. The reports are reviewed by the employe's superior but are never made public.

Bear Visiting Cheboygan Shot

CHEBOYGAN (AP) — A black bear was shot to death in Cheboygan Saturday after efforts to calm it with tranquilizers failed. The bear wandered into town and crawled up a tree.

When police attempts to calm the bear with tranquilizer darts failed, a State Police trooper killed it.

what's a funny place for a phone?

That depends on your sense of humor. If interrupting your washing or ironing to rush upstairs to answer the telephone leaves you breathless, then an extension telephone makes good sense.

An extension telephone saves steps and lets you do your telephoning from where you are. You can select from many smart styles and decorative colors.

Call your Michigan Bell Business Office or ask your telephone man. For as little as ninety-five cents a month (plus tax) you can have an extension telephone in any funny old place you'd like.

New Fleshlike Gel 'Ideal for Amputee'

ANN ARBOR (UPI) — University of Michigan researchers have developed a low-cost poly-vinyl gelatin with the consistency of human flesh that promises new aid for handicapped persons, paralytics and possibly athletes.

The gelatin, which acts like human fatty tissues is a soft, nonabrasive pad which can be made into seat cushions, mattresses and brace pads.

* * *

Richard Koch, head of the University Hospital research team which perfected the gel, said it works ideally for the amputee.

* * *

For years, hard rubber, wood or plastic sockets were used in artificial legs and arms. According to Koch, they created fitting problems, especially for people who were on there feet for long periods.

For a below-the-knee amputee, a layer of the gel cushion sandwiched between two pieces of leather in the socket gives relief just as a paid of fatty tissue would.

"The key to the gel's effectiveness is its ability to displace pressure," said Koch.

* * *

He compared the pressure on the skin at the base of the spine after sitting for any length of time with the pressure a woman feels standing on a sharply pointed shoe heel. Just as wearing broader-heeled shoes distributes the pressure evenly, sitting on a gel cushion reduces pressure.

Ultimately, Koch said this can prevent the danger of bed sores for wheelchair patients.

Walk, Don't Run, Says Noted Doctor

SAN FRANCISCO (AP) — Jogging to prolong life and health may do just the opposite, says Dr. Paul Dudley White.

"Walking is much better," said the heart specialist who was a medical adviser to President Dwight D. Eisenhower.

* * *

The 83-year-old physician told the California Heart Association that usually sedentary people who feel the urge to jog should consult a doctor to see if the heart can stand the strain.

State Legislator Seeks to Abolish Patronage Plums

By JAMES PHILLIPS

LANSING (AP) — A move has been launched in the House to strip the attorney general and secretary of state of patronage jobs.

Rep. Dale Kildee, D-Flint, has introduced a resolution to create a committee to investigate non-Civil Service jobs, notably public administrators and managers of license plate fee branches.

* * *

"There have been some complaints that court administrators take out excessive amounts from the estates," said one source, who asked not to be named. "And fee branch managers have to kick so much back to the party or they get fired."

Both Secretary of State James Hare and Atty. Gen. Frank Kelley reportedly seek to continue the practices.

BILL INTRODUCED

A measure of Kildee's determination is the fact that he introduced a bill earlier this session to place public administrators under Civil Service.

The bill died in committee.

He then introduced a resolution calling for a special committee to investigate "those state employment positions . . . which are the result of political patronage."

It is Kildee's view that many persons holding patronage jobs do not render "a desired quality of service."

30 CENTS PER PLATE

Presently, there are 215 license plate fee branches across the state where each manager receives 30 cents for each plate sold. Out of this money, the secretary's office said, the manager must pay his employes and rent of a building.

Hare reportedly feels this fee branch system improves service and costs the state less money than if license plate sales were totally regulated by Civil Service.

Public administrators are appointed by Irving Feldman, assistant in charge of public administration in the attorney general's office.

There are about 100 public administrators in Michigan, Feldman said, and they handle estates where no heirs can be located or in cases where the heirs live outside the United States.

When asked about charges that public administrators bleed estates, Feldman said he would match estates handled by public administrators against "any estates handled by trust companies or individual fiduciaries."

Kildee, however, said "there has been some objection to the way people are chosen."

He added he expected the resolution to be reported out of committee and that it had "a good chance" for passage.

Junior Editors Quiz on WIGS

QUESTION: Why did our early presidents and statesmen wear wigs?

* * *

ANSWER: In very early times, in the hot countries around the Mediterranean Sea, wigs, once called periwigs or perukes, were originated to keep the head cool (1).

The hair was attached to a net-like cap which allowed heat to escape. It could be extended by hoops, leaving an air space inside, like holding a parasol over the head. Greeks and Romans used less dramatic wigs.

The general wearing of wigs began in Europe about 1660. King Louis XIV had luxuriant curls. Certain courtiers got the idea of flattering him by having wigs made which resembled the king's hair. So began a fashion which spread rapidly. French women went to wild extremes with their wigs.

By 1705, wigs were powdered white, and by 1716 well-to-do classes generally wore them. By the time of the Revolution, social distinctions were becoming less distinct; the use of wigs was being continued mostly by soldiers, officials, doctors, lawyers and clergymen.

That is why we find pictures of our early leaders wearing wigs, such as the handsome example in (3), owned by John Hancock, signer of the Declaration of Independence.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

The price of a car in the Soviet Union is now about $5,500. The average annual wage of an industrial worker is $1,500.

States, Needing Tax Cash, Passing Plate to Churches

By GEORGE W. CORNELL
AP Religion Writer

A growing number of budget-pinched cities and states are taking a harder, hungry look at old American tradition—the tax-exempt status of the churches.

In at least a dozen cases, steps recently have been taken, or are under consideration, to require churches to pay levies for certain municipal services or on some kinds of church property, an Associated Press survey shows.

★ ★ ★

As state and local governments hunt new sources of revenue to meet swollen budget demands, the indications point toward tightening restrictions on religious exemptions. Some aspects of federal exemptions allowed religious organizations also are under review in Congress, particularly the provision enabling church-owned businesses to avoid the 50 per cent tax on profits.

An end to this exclusion has been recommended by national church bodies themselves, including Protestant, Orthodox and Roman Catholic representatives.

CHIP IN VOLUNTARILY

On the state and local scenes, too, many churchmen have supgious properties not devoted to specific religious uses, or to pay for certain government services. Some churches have chipped in voluntarily.

In other areas, however, the proposed tax changes have caused considerable controversy, and some court fights.

★

The question, "Should the churches be taxed?" is no longer the key issue, says an official denominational journal, the Episcopalian, adding that the issue has now become, "What kind of taxes should the churches pay?"

In Nashville, Tenn., a center of many national religious agencies, the metropolitan tax assessor last week issued a ruling revoking the exemption from property taxes on facilities of six major agencies, including:

The Southern Baptist Sunday School Board, the Methodist Publishing House, the Methodist Board of Evangelism, the Seventh-day Adventist Southern Publishing Association, the National Baptist Publishing Board and offices and National Baptist Convention, U.S.A.

APPEAL PLANNED

"We will appeal," said the Rev. Dr. James L. Sullivan, executive secretary of the Southern Baptist Sunday School Board, the denomination's publishing arm.

In Oregon, where parsonages and various other church properties already are taxed, the House of Representatives this year voted to subject churches themselves to 25 per cent of the going property tax to pay for fire and police protection, but a Senate committee killed the bill.

Catholic spokesmen opposed it, while Protestants offered no testimony.

In Washington State, legislation was introduced this year to tax church property, but it failed to clear a committee. The United Church of Olympia, Wash., gave the city $200 last fall as equivalent of taxes on the pastor's residence and budgeted $350 for the same purpose this year.

RELIGIOUS ASSETS

"We believe that all tax-free property not used for worship should be on the tax rolls,' 'says the pastor, the Rev. Maurice Haehlen.

Altogether, religious assets in the United States have been estimated at $80 billion, in land, buildings and securities, most of it tax-exempt.

★ ★ ★

Other untaxed property, of private educational and charitable institutions, amounts to even more, an estimated $135 billion, with government real estate bringing the total to an estimated $325 billion.

Studies indicate tax free property has increased in three decades from 12 per cent of the national total to 30 per cent of it.

BOSTON'S PLIGHT

In Boston, with its concentration of university and church facilities, about half the real estate is tax-exempt. Mayor Kevin H. White has pleaded for change, to ease the strain on municipal resources.

Amid rising criticism of the situation, Massachusetts legislative bills for some form of tax on exempt properties this year were consolidated in a resolution to broaden the scope of a special commission named to draw up a master tax plan.

★ ★ ★

In Virginia, the legislature has just completed constitutional revisions, subject to final action by a 1970 session before being submitted for voter registration, allowing localities to impose service charges on exempt groups.

The changes would permit levies on churches, foundations and other exempt institutions for police, fire department, garbage and other services.

MINISTER'S HOME

In Kansas, the 1969 legislature repealed a law granting tax exemption on buildings used as parsonages or dwellings for ministers.

Major Protestant denominations, through the Kansas Council of Churches, favored the change, while the Roman Catholic Church voiced some opposition, maintaining priests use their rectories as offices, as well as for living quarters.

★ ★ ★

Kansas courts also have interpreted the state tax-exemption provisions to be limited to facilities used exclusively for religion, and not such properties as church-owned book stores and parking lots rented out for income.

In Florida, a bill is before the legislature retsricting exemptions more narrowly, with automatic religious exemptions confined to the house of worship, burial grounds and one rectory per church. Any other church property would be exempt only on evidence of its specific religious usage.

BUSINESS ENTERPRISES

In California, the state Senate's Revenue and Taxation Committee Wednesday approved a bill to eliminate tax exemption of income from business enterprises owned by religious groups. The bill, supported by major church denominations, now goes to the Senate Finance Committee.

In Phoenix, Ariz., the Maricopa County assessor, Kenneth Kunes, recently ordered all church parsonages placed on the county tax rolls, and is investigating all church property with the aim of taxing any of it not used specifically for religious purposes.

★ ★ ★

The move touched off protests from some churches. Kunes says he understands the Catholic Church plans a court challenge to the parsonage tax.

He said "A very pious layman could have as much religious activity in his home as a minister in a parsonage. Therefore, they're not exempt."

IN NEW MEXICO

The Santa Fe, N.M., county assessor also is pressing an effort, now in court, to tax church property not used solely for religion. Recent studies indicated such holdings valued in the millions of dollars.

Studies into property tax exemptions are under way in Minnesota, Idaho, Vermont, Pennsylvania and the city of Philadelphia.

★ ★ ★

In authorizing a broad two-year study, the Minnesota Legislature said, "Because of the change in circumstances through passage of time, or because of the need for increased revenue for state and local governments, such exemptions ported moves for taxes on reli-

Some Minnesota church groups have started making volunteer payments in lieu of taxes for municipal services, as have a few others in New Jersey, New York City and elsewhere.

SEWER FEE

In Milwaukee, Wis., the city recently enacted an ordinance to impose a sewer fee on tax-exempt organizations, including churches, with the fee estimated at $8.78 per $1,000 of assessed valuation. But amid a wave of criticism, start of the plan was deferred until next January 1.

A ministerial group agreed "it is fair for churches to pay for this service, and perhaps other services," but argued that the charge should be based on actual usage rather than assessed

In Colorado, the state for several years has allowed taxation of church-owned property not used for specific religious purposes. Under a special scale, church-owned clergy residences are exempt, if their assessed value does not exceed $6,000, or about $20,000 sale value.

The Colorado Legislature also passed a bill specifically exempting homes for older people, if their incomes are near the poverty level, but subjecting other such homes, including those owned by churches, to taxes.

A Presbyterian-owned home in the Denver suburbs, where residents have substantial incomes, was ordered put on the tax rolls last year by the Colorado Supreme Court.

In New York City, where about a third of the real estate is tax-exempt, proposals are being studied for enacting fees in lieu of taxes on exempt property owners to help pay for city services.

Despite U.S. Assaults

Fortress Still Stands

A SHAU VALLEY, Vietnam (AP) — "I don't give a damn if they court-martial me—I'm not going up on that mountain again. It's a suicide trap," the tired, dirty, young U.S. paratrooper said.

But the North Vietnamese mountain fortress, Dong Ap Bia was again assaulted Saturday by U.S. 101st Airborne Division soldiers after a riot-gas, artillery and aerial barrage.

★ ★ ★

After 20 minutes of fighting, the paratroopers pulled back and again called in more aerial bombing of the mountain.

Whether they would make it to the top of the 3,000-foot mountain and stay there was still in doubt as the paratroopers fought alon ga heavily wooded ridgeline leading down from the peak.

UNDER CONSTANT ATTACK

Dong Ap Bia, 1½ miles east of Laos, has been under constant attack since May 11 after 2,800 American and South Vietnamese troops made a surprise assault into the area of the A Shau Valley, a longtime enemy haven.

★ ★ ★

As of today the combined allied force, which includes U.S. Marines as well as the paratroopers, claimed 255 enemy soldiers killed in the entire operation, code name Apache Snow. Of this total, 201 were killed in the fight for Dong Ap Bia, 185 by the 3rd Battalion, 187th Inseparate assaults on the mountain.

★ ★ ★

Incomplete U.S. casualties were reported as 47 killed and 300 wounded in the massive operation, of which 25 were killed and 223 wounded in the mountain battle.

★ ★ ★

U.S. officers say the mountain contains either a North Vietnamese regimental base camp, a large supply dump, or both.

COUNTERATTACKS

The men of the 3rd Battalion have been fighting their way along the ridgeline leading to the mountain and since May 13 reached the top twice.

★ ★ ★

Each time enemy soldiers, apparently drawing steady reinforcements from Laos, have counterattacked and driven them back under heavy automatic weapons fire and with deadly rocket-propelled grenades.

★ ★ ★

Each time, artillery, napalm and bombs have resumed their pounding of Dong Ap Bia.

The enemy fortress, however, has been at least a year in the making and is honey combed with tunnels and bunkers.

'NO HURRY'

"We're not trying to rush anything," said Lt. Col. Weldon Honeycutt of Columbus, Ga., in explaining the painstaking way in which his Battalion keeps trying to gain control of the mountain.

★ ★ ★

Every time the paratroopers run into heavy resistance they pull back and call in more air strikes and artillery.

★ ★ ★

In describing one of the 3rd Battalion's unsuccessful assaults on the mountain Friday, Sgt. Tom Winningham of Vancouver, Wash., said everything was quiet until they reached the top. Then a sniper opened up.

★ ★ ★

"We couldn't see any of the enemy, but we could tell they were all around us, firing from trees, from ground level, from dug-in positions."

★ ★ ★

Another attempt was made over the weekend, and this time the troopers used riot gas in an attempt to force the North Vietnamese from their bunkers. An aerial observer reported that "an undetermnied number" had been forced to flee but fighting continued.

Opening lead—♣K

By OSWALD & JAMES JACOBY

Jim: "Why don't you take over today's article to write about your old friend Raymond Balfe?"

Oswald: "He really was an old friend. When we first met I was a youngster just getting interested in bridge while Raymond, only a few years older, was already established as one of the great auction bridge players.

Somehow he never took any interest in contract tournaments. He played rubber bridge daily at New York Regency Whist Club until several years ago when he had to stop because of illness.

★ ★ ★

"He never believed in using point count. He used to say, 'Numbers are fine but bridge is a game of aces and kings.'

"He never learned the fine points of bidding and in general overbid an average of a half a trick a hand, but he sure could handle the dummy. I was his partner when he made six diamonds with today's hand.

"He came to his hand with a spade at trick two and lost a trump finesse to East's king. He ruffed the club return, thought awhile and laid down his king of spades. When the queen dropped Raymond pulled the last trump and claimed his contract since he could ruff one heart and discard another on the 10 of spades."

★ ★ ★

Jim: "Quite a nice line of play. He took a chance that the second spade might be ruffed so as to keep two trump entries to dummy. If the spade queen hadn't dropped it was obviously his plan to take two heart finesses and discard two of dummy's spades on the ace and king of that suit."

Oswald: "Right. He risked a two-trick set but any good player will risk going down two to give himself the best chance to make his contract.

♥♣CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
1♥	Pass	?	

You, South, hold:
♠AQ76 ♥K2 ♦43 ♣AK1094
What do you do now?

A—Bid two clubs. There is a mistaken impression you should respond one spade to keep the bidding low. This is wrong. You have a good hand and should show your distribution.

TODAY'S QUESTION

You do bid two clubs. Your partner rebids two hearts and you bid two spades. He continues to two no-trump. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR
For Tuesday

Lunar position good for fishing, planting. Household renovations favored. Stock up on foodstuffs. Make kitchen a more attractive place.

★ ★ ★

ARIES (March 21-April 19): Accent on how you prepare, on research and knowledge. No day for short cuts. Stick to the rules. Spotlight on domestic issues, family affairs. Get sufficient rest.

TAURUS (April 20-May 20): Stress on separating facts from fancy. Many ideas today may not be practical. Short trip could be on agenda. Keep appointments, catch up on letter writing. Relative needs encouragement.

GEMINI (May 21-June 20): You can add to possessions through genuine bargain. Older individual utilizes experience to aid. Be a good listener, shrewd observer. Day features gain.

CANCER (June 21-July 22): Greater recognition of efforts due. You are rewarded in solid, material sense. Put finishing touches on important project. Buy some clothes. Dress for the part of success.

LEO (July 23-Aug. 22): Much that was hidden comes into open. Be frank, forthright and independent. One behind the scenes changes attitude in your favor. Know this and be confident.

VIRGO (Aug. 23-Sept. 22): Friend provides information of value. Spotlight on transforming dreams to realities. Socialize. Look and listen—then you also learn. Accept unique invitation.

LIBRA (Sept. 23-Oct. 22): Special emphasis today on career, ambitions, prestige. Key is versatility. You expand operations. Find ways of streamlining methods, procedures. You can add to income.

SCORPIO (Oct. 23-Nov. 21): Good lunar aspect today coincides with romantic and creative interests. You find outlet for talents. Give of yourself. Then you also receive love. Key is to break down barriers of restriction.

SAGITTARIUS (Nov. 22-Dec. 21): Money transaction is successful if you read between the lines. Check fine print. Don't sign away something for nothing. If perceptive, a constructive change brightens money picture.

CAPRICORN (Dec. 22-Jan. 19): Gain co-operation from family. Without that, value of efforts is diminished. Know this and act accordingly. Marriage discussion appears high on agenda.

AQUARIUS (Jan. 20-Feb. 18): Practical approach is better than any get-rich-quick scheme. Rely upon persons who proved dependable in past. Much accomplished today if you keep on even keel. Stick to the tried-and-true.

PISCES (Feb. 19-March 20): Favorable lunar aspect today coincides with greater chance for creative expression. Fine for putting ideas to work. You can write, transact business and deal successfully with top people.

★ ★ ★

IF TUESDAY IS YOUR BIRTHDAY you are fond of music, due for changes which include love and marriage. If married, there could be an addition to family. New project is on horizon.

Stray Bullet Spells Death in D.C.

By FRANK MURRAY

WASHINGTON (AP) — Crime plaguing his nation's capital had never intruded on the busy unworried life of Coast Guard Cmdr. Warren D. Andrews-Boy Scout leader, night student, husband and father of six.

But crime reached out blindly that bright May day and killed Andrews as he walked along a sidewalk in the city that a Washington newspaepr calls "Dodge City on the Potomac."

★ ★ ★

"He did not worry about anything ever in his life, I don't think," said Constance Andrews in an interview a week after two policemen came to her house in suburban Fairfax, Va., and she knew she was a widow.

On that warm afternoon, certainly, Andrews worried only about getting an award for his troop's assistant scoutmaster before the man's transfer to Vietnam. He used his lunch hour to walk the 36-block round trip from his office to Boy Scout headquarters on Connecticut Avenue.

ABOUT TO DIE

Now, striding back past park bench lunchers in the grennery of Du Pont Circle and along the broad sidewalk dappled with the shade of new leaves, Cmdr. Andrews could not know he was about to die.

The 38-caliber bullet his him in the soft place just below his earlobe.

The bullet was what police

★ ★ ★

The bullet was what police call a stray. It came from the pistol of Patrolman Paul J. Grasso who was wrestling with a petty thief Grasso had come to arrest for stealing $3.

Grasso was shot three times in the right leg. Bullets four and five zinged through the open door and one hit Andrews.

INNOCENT BYSTANDER

If inscriptions were allowed on the simple white crosses of Arlington National Cemetery, Andrews' epitaph might read: "Here lies an innocent bystander."

"Murders happen here every day. You don't pay much attention," said Mark Schmutzler, the last man known to talk with Andrews. "I was quite shocked. He was cheerful and talking to me, then he was just walking by, not involved in any way. Just here one day and dead the next."

★ ★ ★

Murder is not an everyday occurrence in Washington, but gunfire echoes often in the streets. Last year alone, more than 1,500 people were shot in the city, 132 fatally.

Twenty of the dead were merchants killed during some of the 4,100 gunpoint robberies in 1968. Most of the dead storekeepers were reaching for their own guns when they were shot.

75,000 GUNS

Police estimate there are 75,000 guns in the city. Even children have them. Juvenile court handled 88 cases involving guns in January and February this year — an 1,100 per cent increase since the same months of 1962 when Judge Morris Miller came to the bench of that court.

Even President Nixon appeared shocked at the frontier atmosphere. After less than two weeks in office Nixon recommended the city hire 1,000 more policemen.

★ ★ ★

He said: "This violence-raw, vicious violence, hurting most of all those who are poor and work hard — is the surface manifestation of far deeper troubles. The rapidly mounting urgency of the crime crisis in the district marks immediate, direct anticrime measures as the first-priority task."

That same morning the President dedicated a park to the memory of a Negro school principal recently murdered during a holdup.

NO DISPUTE

But 40-year-old Warren Andrews was insulated from all this. He had no shop in the ghetto, no dispute.

Walter Gold of the city police department explained the pained reaction of the people this way:

"Sometimes when a businessman gets killed, people say it's his own damn fault. He's down there charging the colored exorbitant prices. But this guy was doing nothing."

★ ★ ★

The transfer to Coast Guard Headquarters in Washington, D. C., in August 1967 was the high point of Andrews's 18½-year military career.

"It sounded pretty good," said Mrs. Andrews. "I was very happy. I love it here and so did Warren."

When they moved into the green-shingled house on Alta Vista Drive another man they didn't know, William Edward Johnson Jr., was almost halfway through a 180-day jail sentence for attempted housebreaking and petty farceny.

Since he was 13 Johnson had been in and out of mental hospitals. On March 22, 1966, he was sent to St. Elizabeth's Hospital as incompetent to stand trial for destroying property — he had burned his mother's mattress. He escaped. He has since been judged sane.

★ ★ ★

Johnson also had served three years in Cedar Knoll, a reform school for especially difficult youngsters.

On that fateful Wednesday, May 7, the 23-year-old Johnson was a messenger for the Western Union on Connecticut Avenue, a job he'd held less than a month. A woman complained to police he had delivered her a telegram and taken $3 from her purse.

WORK AS USUAL

Andrews came to work that day, three blocks from the White House, concerned as usual with his Scout work.

His oldest sons, Stephen, 13, and David, 12, belonged to Troop 1113 and Andrews did his part as troop committeeman.

★ ★ ★

"He was very much a dedicated Scout official" Schmutzler said, "the typical volunteer Scouter, always willing to do something, always willing to help."

Andrews also served as den dad for Den 4 of Cub Scout Pack 1113 which his wife supervised. Thomas Andrews, 9, was a member.

GRUFF WITH CHILDREN

The other Andrews children were 5-year-old John, Katherine, 7, and the slim, blonde attractive Heidi, 15, a girl whose green eyes were rimmed red after watching the riderless horse and military caisson take her father's coffin up the hill at Arlington.

"He was gruff with the children but he was close," said Mrs. Andrews, trying hard to smile as she drummed dishwater - raw hands on the plastic tablecloth in her dining room.

★ ★ ★

The family hiked with Andrews and he would carry the youngest papoose-style on his back as they tramped along.

When they moved to the Washington area by way of Cleveland, Andrews chose Virginia over the equally attractive Maryland countryside for his home.

CAMP TRIPS

Now Stephen and David could make the camp trips miles from civilization in the Shenandoah Mountains.

Twice a week Andrews went to George Washington University at night studying for a degree in business administration.

★ ★ ★

At home he pruned the peach trees and dusted his roses, making anything green grow.

Since an early duty station the Andrews loved to square dance. They belonged to dance clubs and, shortly before his death, the commander took a day of his leave to attend an all-day square dance.

NEVER CONTENT

Connie Andrews, who speaks of her husband in the present tense much of the time, said, "He's never content just to do the ordinary."

Prodded by Heidi, she told the Thanksgiving incident.

★ ★ ★

David had been camping with scouts in the mountains the Sunday before last Thanksgiving. He forgot his coat, hat and gloves near the campsite. After debating the point, the family decided to make the long drive and retrieve them.

"Instead of just going and picking up the coat, Warren decided to make an adventure out of it," Mrs. Andrews said. "We would climb Mary's Rock (a mountain) in time to see sunrise on Thanksgiving morning."

PITCH BLACK

The eight of them rose in the middle of the night and drove to the foot of the mountain.

"We went up the mountains in the dark, the pitch black dark. We did get up there for sunrise but it was foggy," she said, laughing at the futility. "And when we hiked down to the camp place the coat and hat and gloves were gone, too."

★ ★ ★

Andrews apparently approached the scouting award in the same manner. William S. Allen Jr., 47, the assistant scoutmaster of Troop 1113 and a command sergeant major in the Army, is due for a shift to Pleiku in Vietnam.

Allen had earned the Scouter's Key, highest award for scout leaders, Schmutzler said. Andrews wanted to get him the medal before Allen left the area. He had the card with the signatures and proof the award was deserved.

"He wanted extra fast service on this thing," Schmutzler said. "He was a very thorough man; that's why he walked all the way up here with the card — so it would be done right."

Andrews was to return May 14 to pick up the award.

★ ★ ★

But Patrolman Grasso, working alone on an apparently routine call, had gone to the Western Union office.

Johnson allegedly grabbed Grasso's gun and shot the policeman three times. Workers in the tiny telegraph office called police, and the wail of sirens caused Secret Service men a half block away with Mrs. Richard M. Nixon to quickly leave the area.

CHARGED WITH HOMICIDE

Andrews fell dead. Johnson was charged with homicide. Grasso was hospitalized briefly, went to the funeral and was placed on administrative leave; routine in a fatal shooting.

Mrs. Andrews looked at the diamond engagement and wedding rings that were the only jewelry on her fingers and shook her head to the questions about Johnson and crime.

★ ★ ★

"I don't think I've thought of the man more than five seconds since it happened," she said. "I can't see outside my own little world right now."

She pulled to her the youngest of their children, who was born on Nov. 22, 1963, the day President Kennedy was killed. The boy's hair wes mussed and his shirt soiled. He had been laughing and shouting outside.

John doesn't realize the significance of the fact that his father will never come home again," she said. "I'm afraid it's just hitting me, too, all of a sudden."

YOUR NEWS QUIZ

PART I - NATIONAL AND INTERNATIONAL

Give yourself 10 points for each correct answer.

1 Both cheering crowds and hostile signs greeted New York Governor ..... as he toured Central America on behalf of President Nixon.

2 There is a growing controversy in Congress and elsewhere over the Defense Department's research program concerning .....
a-laser "death rays"
b-use of mass hypnosis in warfare
c-gas and germ weapons

3 Negro leader Charles Evers became the first black man to be elected Mayor of a biracial community in ..... since the days after the Civil War.
a-Mississippi b-Texas c-Florida

4 President Nixon asked Congress for authority to change the military draft. Among other things, he wants the draft to make use of a lottery system. True or False?

5 The plan includes selection of draftees from a pool made up mostly of ..... year olds.
a-19 b-23 c-26

PART II - WORDS IN THE NEWS

Take 4 points for each word that you can match with its correct meaning.

1.....interpret	a-strong supporter of person, party, or cause
2.....lethal	b-improper conduct
3.....partisan	c-explain the meaning of
4.....partial	d-deadly
5.....impropriety	e-not complete

PART III - NAMES IN THE NEWS

Take 6 points for names that you can correctly match with the clues.

1.....Gustavo Diaz Ordaz	a-Assistant Senate Republican Leader
2.....Hugh Scott	b-Acting French President seeks election to that post
3.....Jose Pinilla	c-President, Panama
4.....Alain Poher	d-U.S. Attorney General
5.....John Mitchell	e-President, Mexico

Trading Fairly Active

Stock Mart Has Lower Tone

NEW YORK (AP) — The stock market, which finished in the plus column last week, had a lower tone in fairly active trading early today.

The Dow Jones industrial average at 10:30 a.m. was off 2.07 at 965.23.

Gains and losses were about even.

The list was dotted with fractional gains and losses.

A 10,000-share block of Uniroyal traded at 29½, up ⅛. An 11,100-share block of RCA traded at 47, off ⅜. A 65,200 share block of Consumers Power traded at 43, off ⅝.

IBM was off 1½. Polaroid lost ¼.

★ ★ ★

Opening prices included:

American Telephone & Telegraph, off ⅛ at 57¼ on 14,600 shares; Brunswick, unchanged at 25 on 13,700 shares; Standard Oil (New Jersey), off ¼ at 84½ on 10,300 shares; Occidental Petroleum, up ⅜ at 43½ on 10,100 shares, and Uniroyal, unchanged at 29⅜ on 10,100 shares.

The market finished in the plus column last week.

Prices on the American Stock Exchange were mixed.

6th Court Order in Utility Strike

Latest Is From Judge in Hillsdale County

JACKSON (UPI) — The strike against Consumers Power Co., entrenched in its second month, is continuing with six separate restraining orders holding back the Michigan Utility Workers.

The walkout by 5,200 MUW members in early April was triggered over a contract quarrel, and since then, Consumers has won restraining orders in half a dozen counties to ban the strikers from interfering with company property.

★ ★ ★

The latest court order, issued Saturday by Judge Robert W. McIntyre in Hillsdale County Circuit Court, apparently was aimed at protecting the company's outdoor storage and supply yard at Jonesville, where the company said pickets have prevented a Consumers Power contractor from loading supplies.

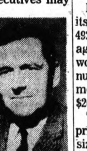
Other orders have been handed down in Genesee, Saginaw, Bay, Oakland and Kalamazoo counties.

Consumers sends gas and electricity to 67 of the 68 lower peninsula counties, serving just under two million customers.

Job Hunters Indicate They'll Risk More

B yJOHN CUNNIFF
AP Business Analyst

NEW YORK — Results of a survey released recently suggest that young executives may be willing to take more job or career risks today than just a decade or so ago.



CUNNIFF

As a result, some of the nation's largest corporations may be losing some of their best men to smaller firms.

★ ★ ★

The conclusion is one that can be drawn from a study made by an executive recruiter with offices here and in London. The recruiter found a surprising number of executives with big companies preferred smaller operations.

Although precise comparisons cannot be made easily, the results suggest that two major changes of attitude have developed during the past decade: more willingness to change jobs and more willingness to go with smaller companies.

492 JOB SEEKERS

Kiernan & Company mailed its questionnaire late in 1968 to 492 job seekers between the ages of 30 and 45 who were then working for companies with annual sales of $100 million or more and who were earning $20,000 to $35,000.

The men were asked if they preferred a job with a similar-size company or a larger one, or with a relatively small to medium company with sales of $10 million to $50 million a year.

★ ★ ★

Of more than 360 replies, 228 or 63 per cent said they preferred a smaller company, with only 132 or 36 per cent said they desired to work in a similar-size or larger operation.

Based on comments accompanying the reply, the management consultant concluded that one of the chief reasons for seeking work with the smaller firm was the possibility of obtaining equity participation in addition to salary.

LOTS OF PUBLICITY

In recent years tremendous publicity has been given to young entrepreneurs and executives with middle-size companies who expanded operations dramatically—with equally spectacular financial returns to themselves.

Another possible explanation, said the recruiter, is that individuals during the past decade or more seem to have become more assertive in all areas of endeavor, and that in business this tendency is shown by a desire to participate in decisions and ownership.

★ ★ ★

Many of those questioned, the recruiter observed, exhibit a daring that hardly is characteristic of slightly older men—men who had felt acutely the deprivations of the Great Depressions, of the 1930s.

The recruiting firm found these to be among the most common reasons for preferring the smaller company:

- Greater opportunity for assuming more responsibility and direct participation in the growth of the company in a shorter time.
- A chance to be a member of the top executive group and be in on policy decisions that influence the entire company.
- Less company structure and bureaucracy. A chance to be more creative and dynamic and to avoid company politics.
- Greater award in terms of stock equity participation and profit participation as opposed to the typical management salary programs found in larger companies.

DIRECTLY RELATED

Most of this later group also felt that their compensation would be related more directly to their efforts and contribution to the company.

One executive explained he wanted more opportunity to "swing, enjoy and build." And another said that associates in smaller firms are more stimulating and profit-oriented.

★ ★ ★

Explained one: "A small company is like a stream that can run freely without a lot of dams and artificial obstacles."

'Unsafe Pesticides in Fish Widespread'

WASHINGTON (AP) — Sen. Gaylord Nelson, D-Wis., said today at least a dozen states have reported pesticide residues in fish above the government's recommended safe levels.

High concentrations of DDT, substantially above the five parts per million set by the Food and Drug Administration, he said, have been found in fish in almost every region of the nation, from Maine to California and Montana to Louisiana.

His comments were in a statement for a Senate Commerce subcommittee investigating the effect of pesticides on sport and commercial fishing.

A member of the subcommittee, Sen. Hugh Scott, R-Pa., said in a statement that Pennsylvania state agencies for years have substituted other chemical pesticides for lethal DDT.

Scott said Pennsylvania has had its share of pesticide fishkills, and some lake fish were found to have 10 times more DDT than acceptable tolerance levels set by the FDA (Food and Drug Administration).

"Chlorinated hydrocarbon pesticides are now universal in their occurrence, not only in the soils and water but more seriously in the flesh of fish, animals and man," Scott said.

"Now seems to be an appropriate time to act to prevent further buildup of DDT . . . levels in our fish and wildlife," he added.

Nelson said preliminary results of a survey conducted by his office indicate that most states have inadequate pesticide monitoring programs and lack virtually any significant information on pesticide use in their states.

"With mounting scientific evidence that persistent pesticides are infiltrating our environment and the tissues of living creatures everywhere on earth, governments at all levels are reacting much too slowly to this impending world pollution crisis," Nelson said.

In discussing the FDA seizure of pesticide-contaminated Lake Michigan coho salmon, Nelson said that a pesticide indemnity payment program was needed for the American fishing industry.

"The FDA's seizure," he said, "confirmed earlier warnings during last year's Lake Michigan Water Pollution Conference that pesticide pollution in the lake has reached a critical level.

"We cannot stand idly by while our multimillion - dollar fishing industry on the Great Lakes is ruined by pesticides that continue to be recommended for use by the U.S. Department of Agriculture."

Nelson said that last year commercial fishing in Wisconsin added more than $1.5 million to the state's economy while Michigan received $2.5 million in fishing revenues.

Nelson said he would introduce legislation to have the Interior Department reimburse commercial fishermen who have fish barred from markets due to pesticide residues.

Salvage Crew Refloats Sub in Frisco Bay

VALLEJO, Calif. (UPI) — The $50-million nuclear submarine USS Guittaro, which sank at dockside while undergoing final fittings, was refloated yesterday by salvage crews at the San Francisco Bay Naval Shipyard.

The Navy still has declined to speculate on the cause of the accident. The 4,640-ton vessel went to the bottom in five minutes Thursday night, but 20 workmen scrambled to safety with nothing worse than wet feet.

★ ★ ★

The Guittaro, an advance model of Sturgeon class submarines, settled in 34 feet of water, with about 10 feet of the conning tower remaining visible. There was no danger of nuclear contamination because the reactor was not yet installed.

The refloating Sunday was accomplished after divers sealed the hatches and attached hoses to pumps on the surface. It took about 24 hours to empty enough water from the sub's compartments so it would rise.

★ ★ ★

"It's a mess right now and will take a lot of cleaning up," said a spokesman for Rear Adm. Norbert Frankenberger, commander of the naval shipyard.

Electric Car Near Start of Trip Up State

HOUGHTON (AP) — A Michigan-made electric automobile begins a 550-mile trip from Detroit to Houghton Tuesday and is slated to be among exhibits at Michigan Technological University's 1969 engineering show.

It is the Mars II, an experimental car built by Electric Fuel Propulsion Inc. of Ferndale.

The car was made available by Robert Aronson, Electric Fuel president, and will be driven here by Raymond Fischer of Grand Rapids, a Michigan Tech engineering senior. The engineering show runs Thursday through Saturday.

Battery recharging stops are scheduled at Flint, Midland, Harrison, Gaylord, St. Ignace, Sault Ste. Marie, Newberry, Munising, Ishpeming, and L'Anse.

The Upper Peninsula Power Co., Consumers Power Co. and Sault Edison are cooperating in the battery-charging.

Paper Chain Names Editor

EAST DETROIT (AP) — A veteran of 27 years with Booth Newspapers Inc., Tom L. Mercy, has been named editor of East Side Newspapers - Community News and Northwest Suburban Newspapers. Mercy began his career at Booth as a reporter and resigned as editor of the Ypsilanti Press after the newspaper was sold last year.

The East Side newspaper group includes the East Side Shopper, East Side Booster, East Side Express, Harper Woods Community News and Grosse Pointe Press. The combined average circulation is 180,000 weekly, the group said.

Top Songwriters Leaving Motown

DETROIT (AP) — Motown Records' top songwriting team, Holland - Dozier - Holland, is leaving the Detroit recording outfit to create its own recording company.

The new firm, Invictus Records, will be tied in with Capitol Records, a giant in the recording industry.

Eddie and Brian Holland and Lamont Dozier have written a number of Motown's top hits, including seven songs for the Supremes which sold over one million copies each.

The split between Motown and the team has been developing for some time.

News in Brief

James Burch, 30, of 565 Wyoming told Pontiac police yesterday that someone broke into his residence and stole a color television and jacket, valued at a total of $895.

Successful Investing

By ROGER E. SPEAR

Q — My daughters — both in their early 20s — were given shares of North Central Airlines by their grandfather. After holding the shares for two years with very little change in price, the girls think they should sell and buy something else. Any suggestions? — M. K.

A — In spite of a 29 per cent increase in total operating revenues last year, North Central had an operating loss. The picture this year may be somewhat better as a result of expanded routes, but loss of the 7 per cent investment tax credit could offset possible gains. Financially, the balance sheet leaves something to be desired. As of Dec. 31, 1968, current liabilities exceeded current assets by 32 per cent. Furthermore, 59 per cent of those assets were in receivables.

I would go along with your daughters' thinking and recommend selling the shares. As a replacement I like Fleming Co., a grocery product distributor to 1,853 affiliated retail stores. Increases in sales and earnings have been consistent and in the first 16 weeks of 1969 sales were up 7 per cent with net per share gaining 3.4 per cent. Affiliated retail outlets have 68 new stores scheduled for opening by the year-end and about double that number of major renovations planned for existing outlets. Shares, listed on the NYSE late last year, yield 3 per cent and sell at 18x earnings.

★ ★ ★

Q — Should I sell 200 shares of Meister Brau Beer and lose $1,100? — M. G.

A — First-quarter figures recently released show a deficit of 24 cents a share on a 2 per cent decline in sales — not a very promising start for the year. Although the number of barrels of beer sold has decreased in each of the last two years, total sales moved up as a result of nonbrewing acquisitions. Meister Brau, which is not a large factor in the brewing industry, produced under 900,000 barrels last year compared with industry leader, Anheuser-Busch, brewer of 18.4 million barrels. Because price recovery will doubtless be protracted, sale of these shares is advised.

Monster-Hunting Season Open, but 'Nessie' Stays Out of Sight

DRUMNADROCHIT, Scotland (UPI) — Monster-hunters from all over the world are traveling the high road to Scotland in pursuit of the Loch Ness monster.

As the official hunting season opened Saturday, Nessie, who lurks deep in the murky waters of Loch Ness — Scotland's largest and most beautiful lake — was keeping out of sight.

★ ★ ★

For the past few days, monster-watchers — many of whom start a hunting day at the crack of dawn —have stood at the lake's edge and craned their necks in hopes of getting a peek at the elusive underwater creature whom Scots have decided is simply "shy."

The only thing that broke the water's bright blue surface was an occasional sharp highland wind.

FEARSOME BEASTIE

Some say Nessie is an overgrown seacow. Others think she is a long-necked seal. Centuries-old reports tell of a huge hunch-backed "fearsome beastie" with an eellike neck and a mammoth head gliding serenly through the cold loch waters.

★ ★ ★

No one seems to know just what exactly Nessie is, but there isn't a Scot around Drumnadrochot who won't swear by his clan colors he's seen her.

"The Loch Ness monster is not heritage, not legend — it is fact," said William Bremmer, manager of the Drumnadrochit Hotel.

Bremmer, like many Scots is as protective as a father if he thinks anyone is endangering Nessie's welfare.

SUBMARINE TO TRY

University of Chicago biochemist Roy Mackal, who leads a team of American scientists in the search each year, is bringing in a submarine next month to try and discover once and for all what is behind the legend.

Bremmer calls Mackal's project "That damned American submarine." Lord Lovat, chief of the Fraser Clan, simply claims it is sheer "bullying," and has said he will ask police to invoke special laws to protect the monster from being "molested."

★ ★ ★

Police don't know exactly what to do about Lord Lovat's request. "Now if it were a grouse, a hare or a salmon, we could arrest people for poaching or attemping to kill the damned thing out of season," said a policeman. "But how can you have a law to protect a monster we don't even know exists?"

Mackal brought the wrath of many a local Scot down on himself last year when he armed his student volunteers with crossbows of the type which was forbidden by the Lateran Council of Europe in 1139 as "too murderous a weapon for Christians to employ."

The bows, which students never got a chance to use, were designed to fire hollow-tipped arrows into Nessie which could be pulled back filled with tissue for laboratory analysis.

★ ★ ★

Mackal's submarine will be used for the same purpose as the crossbow — to pluck a piece of skin about the size of a cigarette from Nessie's hide.

Every year about two million people in the world die of malaria.

Waste-Glass Study Funding Continued

ROLLA, Mo. (AP) — Research on the use of waste glass, mainly thrown-away bottles and jars, as a substitute for sand and stone in bituminous roads can continue.

★ ★ ★

The Department of Health, Education and Welfare has notified the University of Missouri at Rolla of approval of a grant of $32,653 to support the study.

★ ★ ★

The research has been under direction of Dr. Ward R. Malisch, assistant professor of civil engineering. He says the theory being studied here is that glass is not necessarily superior to sand, gravel and stone but that it can be used as a replacement for these conventional aggregates and thus help eliminate the problem of what to do with old bottles and jars.

Bicycle Safety Program Urged

LANSING (AP) — Secretary of State James Hare has urged a bicycle safety program for youngsters starting summer school vacations to cut down on the number of fatal and nonfatal accidents. Hare said parents should be aware that bicycle accidents caused 700 deaths and 34,000 injuries in the country last year. In Michigan, there were 43 bicycle deaths and 2,330 injuries in 1968.

Japan has set an export goal for chemicals at $887 million for 1968, 20.4 per cent above the total for 1967.

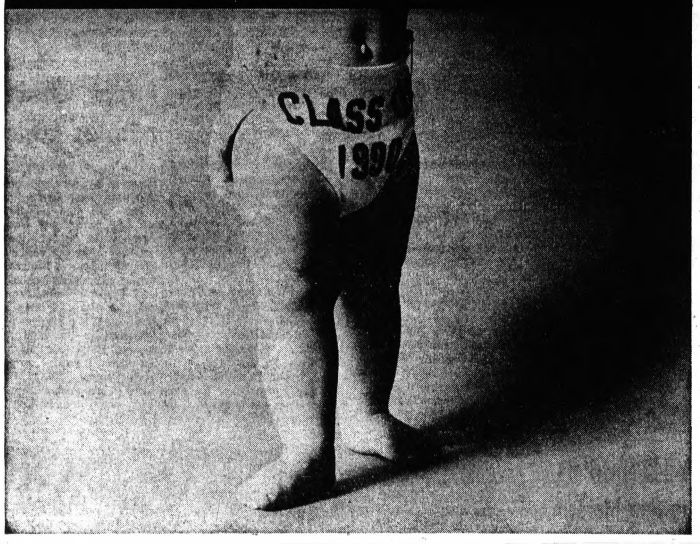
When is the best time to start your baby's college education?

Would you believe...now?



Prudential understands that it may seem too soon to start thinking about college expenses for a member of the Class of 1990. But, when you figure how much it'll cost, it may not be any too soon at all.

Of course, college costs vary. Some are $3,000, $4,000, $5,000 even up to $10,000. It could even be more when he's ready to go.

In any case the Prudential can guarantee the amount you've planned on if your child were to face college without you. And something else, too. As you pay the premiums, it builds a cash reserve you can draw on when the bills come. But remember. The sooner you start a Prudential college insurance and savings plan, the more you'll have in reserve by then.

Your Prudential man can show you how an early start can help take the financial jolt out of education. When it comes to tailoring Prudential's college insurance and savings plan to your income, Prudential understands.

Prudential understands! See your Prudential agent, or call:

Lolich, Tigers Check Base-Stealing Twins

Slugger Horton Expected Back for Chisox Tilt

DETROIT (AP) — The Tigers are off today, but when they leave for Chicago for a series with the White Sox, left fielder Willie Horton is expected to be with them.

★ ★ ★

Horton missed the rain-shortened weekend series with the Minnesota Twins when he failed to make the team charter plane Friday. Thursday night, he left the playing field after being heavily the fans, he has started to attack boo-birds.

Horton has been in a hitting slump recently and although he has always been one of the most popular Tigers with the fans, he has started to attrack boo-birds to left field.

★ ★ ★

He was suspended indefinitely by General Manager Jim Campbell.

Horton vigorously denied reports that he wanted to be traded and said he would rejoin the team after it returned home from the Minnesota trip. He said his missing the trip was due to personal problems not connected with the booing incidents.

"I never asked to be traded," he said. "It's not true. I haven't said that to anybody."

Horton's suspension has cost him an estimated $340 a day, based on his $60,000 annual salary.

AP Wirephoto

TOPPLED TWINS — Minnesota Twins' outfielder Tony Oliva (right) and second baseman Rod Carew lie on the field after colliding while chasing a fly ball off the bat of Detroit's Mickey Stanley during the sixth inning of their game in Minnesota yesterday. Oliva suffered a dislocated index finger and was forced to leave the game. Carew was stunned momentarily, but remained in the game. Stanley was credited with a double that sent in two runs and helped the Tigers to an 8-2 win.

Stanley Triggers Rally in 6th as Bengals Gain 8-2 Verdict

DETROIT (AP) — Mickey Lolich, who pitched Detroit to three victories during the 1968 World Series, has served notice he plans to clobber at least 20 opponents this season.

"I've never won 20 games in a season, and this is one goal I'd like to achieve this year," Lolich asserted Sunday after racking up his fifth victory against only one loss as the Tigers beat Minnesota 8-2.

★ ★ ★

Lolich, whose best season was in 1964 when he won 18 and lost nine, admits, "I still don't have real control of my curve and fast ball and I didn't have it Sunday.

"But they only measure success by your record," he added. "In three of the games I won, the Tigers scored a lot of runs for me. The others were close."

The 6-foot, 195-pound southpaw had a 17-9 record last season.

Lolich blamed his "slow, deliberate windup" along with being "a little careless" for thefts of home by Rod Carew and Cesar Tovar in the third inning. The steals tied the game at 2-2.

★ ★ ★

Tovar swiped third in the inning and Carew stole second and third before sneaking home for the fourth time this season.

But Lolich cut the Twins off from any hits after the third inning and allowed only four for the game.

The game broke open in the sixth inning when Mickey Stanley's pop fly dropped safely in right field as Rod Carew and Tony Oliva collided.

STANLEY DOUBLES

Stanley's double triggered a four-run Tigers rally.

Carew and Oliva lay stunned in the field while Bill Freehan and Tommy Matchick, each of whom had singled, raced for home on Stanley's pop fly.

Oliva dislocated the index finger on his right hand and was taken out of the contest. Carew was down for about three minutes but stayed in the game.

★ ★ ★

Stanley scored on a single by Dick McAuliffe. Then, after two walks, McAuliffe came home on reliever Joe Grzenda's balk.

★ ★ ★

McAuliffe scored four runs during the game, including Detroit's second run when he tripled in the third inning and scampered home on Al Kaline's double.

OPENING RUN

Detroit's opening run came in the first on singles by Stanley and Kaline and a forceout by Norm Cash.

Jim Northrup scored on a double and Lolich's single in the seventh. Then Northrup drove in McAuliffe, who had doubled, with a single in the eighth.

★ ★ ★

Earl Wilson is expected to face Tommy John in the opening tilt with the White Sox.

Majestic Prince Skipping Belmont Stakes

THE PONTIAC PRESS

SPORTS

MONDAY, MAY 19, 1969 C—1

AP Wirephoto

WINS AGAIN — Bill Hartack sits atop Majestic Prince in the winner's circle at Pimlico Saturday after winning the Preakness. The speedy horse earlier won the Kentucky Derby and now is two thirds of the way toward the Triple Crown. Remaining is the Belmont Stakes but indications are the owner will keep Majestic Prince out of that one.

Fleet Chestnut Adds Preakness to List of Wins

BALTIMORE (AP) — The Belmont Stakes still is to be run, but when the final jewel is added to racing's Triple Crown on June 7 it will not sparkle as brightly as was expected— Majestic Prince will not be there.

Trainer Johnny Longden says the Prince, with the shot at becoming a Triple Crown king, will not run in the Belmont.

Owner Frank McMahon also says so—but with less conviction.

For a time Saturday it appeared that once again no one would get a shot at the Triple Crown. A foul was claimed against McMahon's unbeaten colt after he finished first in the $182,000 Preakness, but the stewards disallowed it after deliberating for 26 tension-building minutes.

"Boys, I'm taking him home," was the bombshell Longden dropped on newsmen when they appeared at his barn on the Pimlico backstretch Sunday morning to rehash Majestic Prince's head victory over Arts and Letters, who he beat by a neck in the Kentucky Derby.

REACHED BY PHONE

McMahon, contacted before he left Baltimore, at first said he had reached no decision but later he told The Associated Press by telephone from his home in Florida:

"I am pretty well convinced we are not going to run him. We are awfully close to not going. He is not sick; his condition is fine. He's just lost weight beacuse of the campaign (seven wins this year added to two in 1968)."

★ ★ ★

Longden also said the powerrunning chestnut's condition had nothing to do with his wanting to ship to his farm at Riverside, Calif., and return Majestic Prince to the races in late summer or fall. Then he said:

"I've checked back and I can't find any horse that had a tough race in the Derby or Preakness that came out of the Belmont and amounted to a damn. I mean they never run back to their top form."

"Count Fleet was one of them. He was sound when he went into the Belmont. He never raced again after the Belmont."

Count Fleet, who won the Triple Crown in 1943, was ridden by Johnny Longden.

No previous winner of the Derby and Preakness has ever withheld voluntarily from the Belmont, in which just eight colts have clinched the Triple Crown—the last one Citation in 1948.

A record Preakness crowd of 43,259 thrilled to the stretch duel between Majestic Prince and Arts and Letters, almost a carbon copy of their Derby battle, then waited out the foul claims.

Braulio Baeza, who rode the runner-up from Paul Mellon's Rokeby Stable, contended they lost ground on the first turn when they were bothered by Bill Hartack and Majestic Prince. But it was disallowed.

★ ★ ★

Once the field of 3-year-olds turned for home, it became a two-horse race, as Claiborne Farm's Jay Ray finished four lengths back of Arts and Letters and the Estate of Steven B. Wilson's Top Knight was another four lengths back.

Following them to the end of the 1 3-16 miles, timed in 1:55 35., were Pelican Stable's Al Hattab, Michael G. Phipps' Greengrass Greene, Elmendorf's Captain Action and Glenn M. Banker's Glad's Flame.

The $129,500 first money boosted the career earnings of Majestic Prince, purchased for $250,000 as a yearling, to $389,200.

Van Breda Kolff Reported Moving to Detroit Pistons

DETROIT (AP) — While officials of the National Basketball Association teams declined to confirm it, newspaper reports said today that Bill van Breda Kolff is switching his coaching duties from the Los Angeles Lakers to the Detroit Pistons.

The Detroit Free Press said the 46-year-old van Breda Kolff had been released from his Los Angeles contract and had been hired here. The Detroit News said, however, the Detroit offer hinges on whether van Breda Kolff can get his release.

★ ★ ★

"I am still under contract and I can't make any comment," Van Breda Kolff said Sunday when he was contracted in Los Angeles. He said he has not spoken with Lakers owner Jack Kent Cooke and "we have no formal meeting set."

★ ★ ★

Van Breda Kolff has one year remaining on a three-year contract with the Lakers, which he coached to the finals of the NBA playoffs in each of his two seasons.

Twins' Martin Fires Criticism

ST. PAUL-MINNEAPOLIS (AP) — Billy Martin, fiery manager of the Minnesota Twins, unleashed a biting attack on top officials of the American League club's farm system.

The criticizm, after the Twins lost their fourth straight game Sunday, was directed at Sherry Robertson, farm director, and his top assistant, George Brophy.

Martin was distrurbed that the Twins reassigned rookie Charlie Walters to the club's Class AA team in the Southern League at Charlotte, rather than sending him to the Triple-A affiliate at Denver in the Pacific Coast League.

Martin said he and Twins President Calvin Griffith, Robertson's brother in law, had agreed to send Walters to Denver.

Brophy was unavailable for comment. But Robertson went on record.

"I don't tell Martin how to manage his team," Robertson said. "I don't need him to tell me how to run the farm department."

Captains' Reabe Ace of Regionals

Pontiac Northern's sparkling junior Mel Reeves and slender Waterford Kettering senior Kevin Reabe shared the spotlight but Pontiac Central's Chiefs took the team trophy Saturday in the Class A regional high school track competition at Waterford Township High School.

Reeves won three events and anchored the Huskies' third-place 880-yard relay unit while showing signs that he is ready to challenge favored John Morrison of Redford Union in the state hurdles finals.

Reabe bettered the state mark while winning the 880 race but will have to do it again Saturday at East Lansing in order to claim a new record since only efforts in the finals are recognized.

CHIEFS TRIUMPH

Central's Chiefs easily won the team title with 53 points, qualifying entries for the state finals in 10 of the 14 events. St. Clair Shores Lake View (31) was a distant second, followed by PNH (25), Grand Blanc (22) and Rochester (19).

★ ★ ★

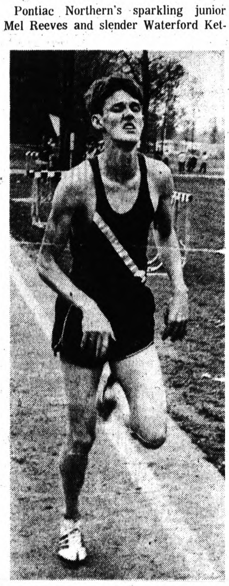
At Livonia Clarenceville, Redford Union — led by Morrison's record victories in both hurdles — won the team title followed by Birmingham Groves, Ferndale, Brother Rice and Hazel Park.

★ ★ ★

Northville placed third in the Class B competition at Belleville.

Country Day was second in Class C at Flint.

(Continued Page C-2 Col. 5)



Pontiac Press Photo

NO CONTEST — Rochester's Keith Wattles breaks the tape well ahead of his nearest rival in capturing the two-mile run in a school-record 9:34.9 Saturday during the Class A regional at WTHS. While the Falcons did well as a team, Wattles and teammate Mike Hall were the only two to qualify for the state finals.

Wet Weather Applies Brakes to Indy Trials

INDIANAPOLIS, Ind. (AP) — The weather finally has caught up with the Indianapolis Motor Speedway.

For years, the venerable Speedway activities have been changing in recent years.

It failed completely Saturday and Sunday. Scheduled 10-mile qualifying runs for the 53rd 500-mile race May 30 were rained out entirely.

That had never happened before. A rainout of even the first qualifying day hadn't occurred since 1953.

★ ★ ★

The top speed for opening day, which is good for the No. 1 pole position and about $20,000 in extra prizes, now won't be registered until next Saturday. If the 33-car starting field is not filled in the 10-mile trials next Saturday and Sunday, there will be extra sessions.

BAD LUCK

There was bad luck, however, for Al Unser of the famous New Mexico racing family and his car owner, Parnelli Jones of Torrance, Calif., former 500 winner. In the frustration after Saturday's rained out qualifications, Unser and Jones went charging about the muddy infield on motorcycles and Unser wound up under his two-wheeler with a compound fracture of the left leg.

★ ★ ★

The rest of the field now has five days to try to catch up with Mario Andretti of Nazareth, Pa., who has dominated practice sessions with speeds of more than 171 miles per hour.

Rest for Angel Pilot

NEW YORK (AP)—Manager Bill Rigney of the California Angels was told to rest several days after tests for a stomach ulcer were negative Saturday at a New York hospital.

Rigney was expected to accompany the team to Boston Tuesday.

Varsity Romps, 82-0

MSU Unveils 'New Grid Look'

By FLETCHER SPEARS

EAST LANSING — No one's likely to accuse Michigan State football coach Hugh "Duffy" Daugherty of sitting still.

Duffy, gearing for his 16th campaign as head man of the Spartans, unveiled the team's new offensive look Saturday in the annual Green and White game with impressive results.

Manned by veterans, the Greens' offense unit moved up and down the field in Spartan Stadium with relative ease against a defensive unit manned by promising reserves and posted an 82-0 verdict.

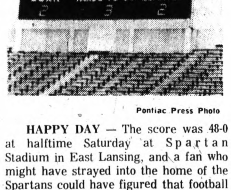
The new wrinkle in the Spartans' attack is the "Triple Option" which Duffy, now 54, vows can't be stopped.

★ ★ ★

"If it's worked properly there's no defense for it," offered Duffy in a pregame meeting with newsmen.

The subsequent performance by the varsity made Duffy look like a prophet of note, although the touchdown parade by the No. 1 offennive unit also pointed up a problem the genial coach and his aides will have to solve. That problem of course, is how to defense the "triple option" which, undoubtedly, some of his opponents will employ, also.

(Continued on Page C-2, Col. 3)



Pontiac Press Photo

HAPPY DAY — The score was 48-0 at halftime Saturday at Spartan Stadium in East Lansing, and a fan who might have strayed into the home of the Spartans could have figured that football at Purdue was at low ebb. While MSU fans would like to see Purdue so humbled, it wasn't so in this case. It was the annual Green and White football game at MSU and the varsity Green held this advantage at intermission. Purdue was still on the scoreboard since it was the final home game of the Spartans last fall.

Fresh Yankee Wins Trot

STOCKHOLM, Sweden (UPI) — Canadian-owned Fresh Yankee won the $32,000 feature trot Sunday at the Solvalla Course. Joe O'Brien, an American driver, guided Fresh Yankee to victory in the race which saw the favorite Roquepine of France finish eighth.

Clubs Moving to AFL on Lions' 1969 Slate

All three NFL teams which will move to the AFL in 1970 are on the Detroit Lions' 1969 fotball schedule.

The Lions will open in Pittsburgh against the Steelers, Sept. 21 and then play at home the following Sunday against the New York Giants.

★ ★ ★

On Oct. 5 the Lions play at Cleveland and travel to Baltimore Dec. 17.

Minnesota is the Thanksgiving Day opponent and the Lions will close the season at Chicago Dec. 21.

LIONS' 1969 SCHEDULE

Sept. 21—Detroit at Pittsburgh
Sept. 28—New York Giants at Detroit
Oct. 5—Detroit at Cleveland
Oct. 12—Green Bay at Detroit
Oct. 19—Chicago at Detroit
Oct. 26—Detroit at Minnesota
Nov. 2—Detroit at San Francisco
Nov. 9—Atlanta at Detroit
Nov. 16—St. Louis at Detroit
Nov. 23—Detroit at Green Bay
Nov. 27—Minnesota at Detroit
Dec. 7—Detroit at Baltimore

Dec. 21—Detroit at Chicago

Detroit Best in Judo

WILLOUGHBY, Ohio (AP) — Members of the Detroit Judo Club won the three major trophies Sunday at the first annual Northeastern Junior Judo Cham-

Chisox Ex-Pilot Dies

CHICAGO (UPI) — Clarence "Pants" Rowland, who managed the 1917 World Champion Chicago White Sox and retired as honorary vice president of the Chicago Cubs, died late Saturday in a rest home at the age of 91.

Gophers Near Baseball Title

CHICAGO (AP) — Only total disaster can prevent Minnesota's Gophers from winning a second straight Big Ten baseball title in the upcoming and final weekend of the season.

The Gophers missed a chance to clinch it all Saturday when they dropped a 6-5 decision to Iowa in 10 innings on a game-winning hit by Dave Krull with two outs.

The loss was the second in 14 games for the Gophers and only Ohio State, which was rained out of a doubleheader at Wisconsin Saturday, has any chance of winning the title outright.

RAIN STOPS OSU

Ohio State, which was unable to makeup the doubleheader Sunday because of rain, has a 7-5 record. If the Buckeyes take doubleheaders from Purdue and Illinois over the weekend, they would finish with an 11-5 record and a .688 percantage.

Minnesota then would have to lose twice at Michigan Friday and twice at Michigan State Saturday to finish with a 12-6 record and a .667 percentage.

★ ★ ★

In three doubleheaders played aturday, Purdue defeated Mich-Saturday, Purdue defeated Michigan State 6-2 but lost the second game, 6-1. Northwestern downed Indiana 3-1 but lost the nightcap 10-5 and Illinois blanked Michigan 2-0 but was shuitout in the second game 4-0. add M MSU AGUT

Badgers Reign in Track; Hoosier Ace Impressive

CHICAGO (AP) — Larry Highbaugh, who likes to play a little football for Indiana, turned in the outstanding performance in the Big Ten track and field championships over the weekend but Wisconsin, as expected, captured the team title.

The Badgers scored a record 80 points, bettering the mark of 74 set by Illinois in 1924, and completed the first indoor-outdoor track sweep in the school's history.

Wisconsin won nine individual firsts in Saturday's 16-event closing program with Ray Arrington winning the mile and the half mile within 40 minutes.

But Highbaugh, who plays safety and flanker for the Hoosier football team, captured three individual events and anchored Idiana to victory in the 440-yard relay for a total of 17 points. Highbaugh fell short of the record of 20 points posted by Ohio State's Jesse Owens in 1935 and 1936 with victories in four events.

Highbaugh also won the 100 and 200 dashes Saturday after winning the long jump Friday.

High's performance helped Indiana finish second with 64 points followed by Michigan with 32, Michigan State 27, Ohio State 20, Illinois 18, Minnesota 17, Iowa 16, Purdue 6 and Northwestern 2.

'M' Net Team Captures 11th League Crown

EAST LANSING (AP)—Mention Big Ten tennis and the Michigan Wolverines automatically come to mind.

And it's no wonder, with the Wolverines holding their 11th conference tennis title in 15 years after outclassing all opposition in the tournament Saturday at East Lansing.

Michigan came within a hair's breadth of being the third team in conference history to win all nine events, taking all six singles events but dropping one of the three double contests. The only times previously the tournament has been swept clean by single teams was in 1960 when Michigan did it and in 1939 by the University of Chicago.

Dick Dell, brother of Davis Cup Captain Donald Dell, won individual honors by whipping Tom Gray of Michigan State, 7-5, 4-6, 6-1.

Michigan's No. 1 doubles team of Pete Fishback and Brian Marcus lost in the doubles to Northwestern's Don Lutz and Tom Rice, 7-5, 6-2.

Michigan compiled a team total of 161, followed by Indiaa with 86 and Minnesota with 80. Michigan State placed eighth with 42.

Spartans Gain First Big Ten Golfing Title

EAST LANSING (AP) — The one title which eluded Michigan State ever since it joined the Big Ten Conference 19 years ago was in golf—until this year.

But Coach Bruce Fossum's linksmen have filled that empty spot in the Spartan trophy case by winning the 1969 conference championship.

BALANCE

Team balance gave MSU the title Saturday as the Spartans fought off a strong, third-round rally by Purdue and finished six strokes ahead of the field.

Don Padgett, Indiana	72-74-67-77—290
Phil Aldridge, Iowa	76-72-75-74—297
Lynn Janson, Mich State	78-77-72-71—298

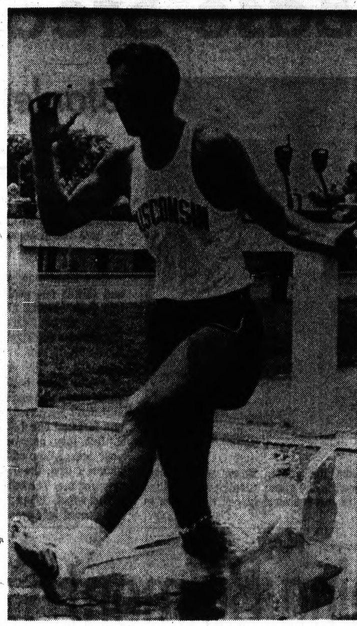
TIRED WARRIOR — Duane McLaughlin of Avondale takes time for a drink of water and a brief break during the annual Green and White football game at Michigan State University Saturday. McLaughlin, a 245-pounder, played at middle linebacker on the No. 2 defensive unit.



AP Wirephoto

WADING ALONG — Wisconsin's Fred Lands steps through water during the 3,000-meter steeplechase Saturday at the Big Ten track meet in Lafayette, Ind. The obstacles were of little trouble for Lands, who covered the course in a record time of 9:00.5 to help Wisconsin take the team championship.

Pontiac Central Wins Track Regionals

Northern Finishes Third Led by Reeves' 3 Wins

(Continued from Page C-1)

Morrison's times at C'ville under adverse weather conditions bettered the state records for both the high hurdles and the lows. He went :13.6 in the highs and :19.95 in the lows. Brother Rice's Dan Kurkowski was second both times.

Reeves, meanwhile, won the WTHS regional highs in :14.0 to set a new PNH record and miss Bill Tipton's state mark by one-tenth. Reeves ran a :19.4 in the lows.

He also topped the high jumpers with a 6-0¼ effort.

Reabe's time of 1:52.5 was .5 under the state standard. He was more than three seconds ahead of the runner-up. PCH's Ken Long also qualified by placing third in 1:57.5.

The Chiefs set a school and track mark in the mile relay as Jon Costello, Daryl Wilcox, Larry Moses and Long were caught in 3:23.5, two seconds faster than runner-up Lake View.

Costello also qualified with a second place in the mile (4:21.9); Moses placed No. 2 in the 440 dash with a :50.5 effort; while Carey Wiley doubled with a second in the low hurdles (:19.6.) and a spot on the winning 880 relay quartet.

FIELD EVENTS

Also on that unit are Horace Davis, Len Smith and Rollie Garcia. Garcia's 22-feet-9 won the long jump. John Ray of PCH took the shot put in 52-5¼, Campy Russell was runner-up to Reeves in the high jump, and Bob Malone made it by edging teammate Roger Butler for third in the pole vault.

Rufus Hannah qualified for the state finals with a third in the long jump for Northern and he joined Sandy Seay, Jim Kyles and Reeves on the Huskies 880 relay (third place).

★ ★ ★

Waterford's lone qualifier was shot putter George Pizza, the son of PNH track mentor Tony Pizza. A younger brother Greg was fifth Friday for Waterford Mott in the Class B regional high jump at Anchor Bay.

Other local products qualifying at WTHS were Clarkston's two-miler Fred Seylor who was third; pole vaulter Dave Fons of Troy (first); Mike Hall of Rochester and Kent Jocque, Andover, in the 100-yard dash.

At C'Ville, Groves Dave Anderson took the 220 in :21.9 and was just nipped at :09.9 by Roseville's Mel Baggs in the 100. Ferndale's Baylee Reid placed third both times.

★ ★ ★

Teammates Greg Wood and Dave Ursin of Groves tied for first in the pole vault at 12-4; and the Falcons had a third in the 880 relay.

Berkley's Larry Presser led the high jumpers; Farmington's Larry Williams was a 9:33.5 upset winner over Hazel Park's Warren Krueger in the two-mile; and Ferndale's Dave Sheppard sparkled with a :48.5 quarter-mile win.

★ ★ ★

North Farmington's ace miler Rick Randall just made it with a third; Craig Huber was second in the 880 for Groves; Brother Rice's Lou Ciavarella third in the 440; Seaholm's Rick Booker was third in the 880; and Steve Plivilich's Hazel Park won the shot put.

★ ★ ★

Country Day's qualifiers included Jeff Wilson who won the 220 in :23.2 and was third in the 100; Pete Risdon won the 880 in 2:01.9; and the 880 relay unit of Wilson, Jack McClellan, Dave Jacobsen and Sandy Robinson who prevailed in 1:34.6.

CLASS A REGIONAL
at Waterford Township HS

TEAM POINTS — 1. Pontiac Central 53; 2. Lake View 31; 3. Pontiac Northern 25; 4. Grand Blanc 22; 5. Rochester 19; 6. Port Huron Northern 18; 7. South Lake; 8. (tie) Mt. Clemens and Lake Shore 7; 10. (tie) W. Kettering, Troy and Port Huron 6; 12. (tie) Andover, L'Anse Creuse and Waterford 4; 15. Clarkston 3; 16. Lapeer 1.

LONG JUMP — Rollie Garcia (PCH), McAuley (PNH), Han ah (PNH), Davis (C), Blackmer (WT), distance 22.9.

SHOT PUT — John Ray (PC), Cergus (MC), Pizza (WT), Hodsdon (BHA), Herbert (PHN), distance 52-5¼.

HIGH JUMP — Mel Reeves (PNH), Russell (PC), Parker (LC), (tie) G. Miller (R) and J. Miller (LS), height 6-0¼.

POLE VAULT — Dave Fons (T), McAuley (PHN), Malone (PCH), Butler (PCH), Johnson (L), height 13-0.

TWO MILE RUN — Keith Wattles (R), Trombley (LV), Seyler (C), Moore (GB), McCloskey (SL), time 9:34.9.

880 RELAY — Pontiac C (L. Smith, C. Wiley, H. Davis, R. Garcia), Lake View, Pontiac N., Rochester, Port Huron, 1:31.9.

MILE RUN — Mike Pierce (GB), Costello (PC), Steep (LV), Maxwell (PH), Herrman (SL), 4:20.1.

120 HIGH HURDLES — Mel Reeves (PNH), Ward (GB), Hanson (LS), Skaff (GB), Schneider (PH), :14.0.

880 RUN — Kevin Reabe (WK), Schrewe (SL), Long (PC), Hanh (GB), Pinnix (PH), 1:52.5.

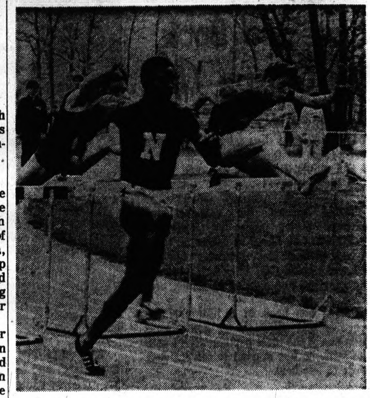
440 DASH — Solomon (LV), Moses (PC), Chinn (MC), (tie) Zarzycki (LC) and Poirier (R), :50.0.

100 DASH — Tom McAuley (PHN), Finazzo (LV), Hall (R), Jocque (BHA), Odette (GB), :10.0.

180 LOW HURDLES — Mel Reeves (PNH), Wiley (PC), Hanson (LS), Ward (GB), Seay (PNH), :19.4.

220 DASH — Finazzo (LV), Hall (R), McAuley (PHN), Garcia (PC), Smith (PC), :22.4.

MILE RELAY — Pontiac C. (J. Costello, D. Wilcox, L. Moses, K. Long), Lake View, Grand Blnc, South Lake, New Track Record.



PULLING AWAY IN HURDLES — Pontiac Northern junior Mel Reeves has a sizable lead over his rivals in the finals of the 120-yard high hurdles Saturday in the Class A regional track meet at WTHS. The slender Husky set a new track and school record of :14.0 in the highs, also won the high jump and low hurdles, and anchored the Huskies' third place 880-yard relay unit.

Pontiac Press Photos by Rolf Winter

SETTING THE PACE — Pontiac Central's record-holding miler and cocaptain Jon Costello leads the field at the halfway point of the mile run Saturday during the Class A high school regional eliminations at Waterford Township's all - weather track. Costello covered the distance in 4:21.9, less than half a second off his PCH record, but placed second to Grand Blanc's Mike Pierce (partly obscured) who was timed in 4:20.1. Costello came back to lead off the Chiefs' winning mile relay team who set a new field and school record with a 3:23.5 clocking.

PCH Reliefer Pitches No-Hitter as Starter

Senior relief specialist Tom Stafne made his first varsity start for Pontiac Central a memorable one Saturday by hurling a no-hitter and defeating the Huskies of Pontiac Northern, 4-0.

Getting plenty of hop with his knuckleball, Stafner kept the county's second-ranked prep nine from any semblance of a hit or well-hit ball.

A steady defense behind him atoned for its two errors with two double plays. Five walks by Stafne were offset by four strikeouts.

★ ★ ★

The Chiefs tallied all four of their runs in the opening inning when PNH's Jerry Reddeman walked four of them, the Huskies' defense misplayed two balls and Phil Shaw and A. B. Davis cracked run-scoring singles.

Shaw's drove in the first two runs and a third scored as the right-fielder committed a two-base error on the drive. Shaw then closed out the scoring when Davis hit safely.

EIGHT IN ROW

The victory is PCH's eighth in a row and gives it a 13-3 mark. It also avenges an earlier loss to Northern who is now 10-4, and marks the second day in a row that the Huskies were held hitless, though they still managed to win in that one Friday.

Central's bid for the Saginaw Valley Crown is scheduled to continue today in a twin bill at Wisner Field with Saginaw Arthur Hill. PNH will meet Waterford (18-3) for the Inter-Lakes League lead tomorrow at WTHS.

★ ★ ★

Saturday at Northville, the Mustangs (14-4) improved their fourth-place standing in the Wayne-Oakland League by downing West Bloomfield (3-8) in a makeup contest, 5-1.

Jeff Taylor limited the Lakers to two hits, including a first-inning double by Mickey Elwood who scored their only run on two passed balls. Taylor (5-2) whiffed 12.

He also had two singles that figured prominently in both Northville scoring outbursts. Dave Coe had a two-run single in the fourth when five straight Mustangs hit safely.

RALLIES

Birmingham Brother Rice (6-3), who trailed when the original game was rained out, scored three runs at Clawson in the final three innings to pull out a 3-1 decision.

Mike Proudhomme's single put the Warriors ahead with two runs in the fifth, and Dan Sullivan brought in an insurance marker in the seventh. Tod Decker held Clawson (7-5) to two hits and fanned eight.

Local Gridders See MSU Action

(Continued from Page C-1)

Daugherty added the new offense after long looks at the success it produced for Bill Yeoman at University of Houston and Darrell Royal of Texas. Duffy had a first-hand look at the "triple option" two years ago when the fast-back Cougars of Houston slipped into East Lansing and saddled the Spartans with a 37-7 setback.

Duffy explained the new offense.

DUFFY EXPLAINS

"On the triple option, which is just one of our plays, the quarterback takes the snap from center and his next move will depend on the first reaction of the defense. He may hand off to the fullback, run with it himself, roll out and pitch to a trailing back or pass it. It'll be a split-second decision after the snap of the ball and he must quickly read the reaction of the defense."

★ ★ ★

How is it going? "It works and looks beautiful in practice," said Daugherty. "Timing, of course, requires a lot of practice. And remember, this is just one play. We'll still have our power plays and traps."

WHY NOW?

Why didn't you try this before? asked a reporter.

"Well, I'm not very smart," quipped Duffy. Then seriously, "This is the first year we've had the offensive line to do it. Now we have the best offensive line we've had in some time. They have worked hard all year trying to build themselves up physically. But we're smaller than some, Notre Dame for instance. And we're about the same as Michigan and Minnesota."

The scrimmage proved a couple of things. For one, the offense is mighty potent or the No. 2 defensive squad is thin, and secondly, the No. 1 defensive unit showed some vulnerability in the air while posting the shutout.

For the day, the Green Spartans, quarterbacked by sophomore Bill Triplett, rolled up 685 yards and 12 touchdowns. Triplett, voted the outstanding back, gained 59 yards in seven carries, hit on 13 of 15 passes for 206 yards and scored one touchdown, plenty of evidence to indicate he's the man Duffy needs to handle the new offense.

"It took a lot of work at first," said Triplett of the new option play. "But it all went well today."

★ ★ ★

Several Oakland County players saw a lot of action in the final head-knocking session of the spring for the Spartans.

TIMING OFF

Duane McLaughlin, a 245-pounder who played his prep ball at Avondale, handled the middle linebacker chores for the "whites" and turned in a respectable job. "My reaction time was off," offered McLaughlin, who along with his teammates, had more than they could handle with the varsity.

★ ★ ★

The Holiday twins from Royal Oak Kimball also saw plenty of action. Doug, a 215-pounder, played at right defensive end, while Gary, a 210-pounder, toiled with the second string whites at offensive guard.

On Duffy's crack first-string offensive line is senior Craig Wycinsky, a solid 235-pounder who will hold down the right tackle spot.

Others along that offensive line who cleared the way for Triplett and his mates included Foreman (208) and Gordon Bowdell (200) at ends, Wycinsky and Dave VanElst (230) of Middleville at tackles, along with Mike Tobin (220), Ron Saul (239) and Errol Roy (220) at guards.

Wins Richest Tennis Title

NEW YORK (AP) — Rod Laver, the world's No. 1 tennis player, has again lived up to his nickname, "The Rocket."

The 30-year-old Australian used his driving strokes and concentration under pressure to set back fellow Aussie Roy Emerson 6-2, 4-6, 6-1 Saturday night in the finals of the $25,000 Madison Square Garden Invitational Tournament.

The victory rocketed Laver's income by $15,000 in this richest tournament in the history of the sport while Emerson, 32, collected $1,750.

California Mom Leading Keglers

SAN DIEGO (AP) — Helen Duval, a 53-year-old mother of two from Berkeley, Calif., rolled the second highest all-event total in the 50-year history of the Women's International Bowling Congress Tournament. Sunday.

Mrs. Duval rolled a 674 series Saturday night in leading her Concord, Calif., team to first in the open team competition. Then on Sunday she had series of 627 and 626 to vault into the lead in the open division all-events.

The total of 1,927 was second only to the 1,980 rolled in 1954 by Jean Havlish of St. Paul, Minn. Pat McBride of Grand Rapids, Mich., shot 1,927 in Buffalo, N.Y., in 1959.

Joan Bender of Arvado, Colo., moved into the lead in open division singles with a total of 690, four pins better than Patricia Mauricio, a mother of eight from Wilmington, Calif.

Dora O'Brinski of Roseville, Mich., shot the high game of the tourney with a 280 in singles play. She had a strike, a spar, and then 10 straight strikes.

Triple Winner Spurs Calvin Track Team

HOLLAND (AP) — Rudy Vlaardingerbroek of Calvin College made the MIAA Field Day his own Saturday, as he smashed three conference records while leading his team to the championship.

Vlaardingerbroek set records in the javelin throw, the shot put and the discus.

Alma was the runner-up in the competition, with Hope, Albion, Adrian, Olivet and Kalamazoo following.

Relief Pitchers Reach for Aspirin After Bout With Hitters

By The Associated Press

Relief was just a swallow away for the Chicago Cubs—but Phil Regan's aspirin tablets went down the wrong pipe.

Regan walked pinch hitter Julio Gotay with the bases loaded and two out in the eighth inning Sunday, handing the Houston Astros a 6-5 victory over the Cubs.

The Chicago bullpen ace, beaten for the first time in six decisions, almost pitched out of a bases-loaded, none-out bind before forcing home the winning run with his third walk in the inning.

Regan's surprising control lapse was the lowpoint of a frustrating afternoon for National League relief pitchers, who failed in three other rescue operations.

LOSE LEAD

Pittsburgh's Pedro Ramos and Bob Moose blew a ninth inning lead at Los Angeles, where Len Gabrielson's pinch homer and Wes Parker's two-out bases-loaded single gave the Dodgers a 6-5 nod.

★ ★ ★

San Francisco's Bob Bolin retired two Philadelphia batters in the ninth, then yielded a single by Dave Watkins and a run-scoring double by Larry Hisle that beat the Giants 9-8.

Atlanta bombed Montreal 8-3 in a rain-shortened game, scoring four wrapup runs in the seventh when Felix Millan, Hank Aaron and Clete Boyer rocked veteran reliever Elroy Face with homers.

★ ★ ★

St. Louis' Ron Willis and Gary Waslewski proved the exceptions, working out of late inning trouble to protect Dave Giusti's 6-5 victory over San Diego.

Rain washed out the New York Mets-Cincinnati game—and four perfect innings pitched by Reds' left-hander Jim Merritt.

HAS LEAD

Ted Abernathy, Regan's chief cronie in the Cubs' bullpen, took a 5-3 lead into the seventh inning at Houston, but errors by third baseman Ron Santo and right fielder Al Spangler helped the Astros push over one run.

Regan came to the rescue with none out and runners on second and third, got two quick outs and then was victimized by Santo's second error, which allowed the tying run to score.

★ ★ ★

In the eighth, he walked Curt Blefary, was tagged for a single by Denis Menke and walked Doug Rader, jamming the bases with nobody out. He retired Jesus Alou on a pop up and got Johnny Edwards to tap into a force at the plate, but then lost Gotay, who was batting for pitcher Jim Ray.

Despite the loss, the first place Cubs remained six games ahead of the sinking Pirates in the NL's East Division race.

The Pirates erased a 4-2 deficit when Willie Stargell's double launched a two-run eighth inning rally, then shot in front 5-4 on Stargell's run-scoring double in the top of the ninth.

FIRST HOMER

Ramos, who had come on in the seventh and set down six batters in succession, got another to start the ninth. But Gabrielson poled his first homer of the season and when Willie Crawford followed with a double, Moose was called in from the bullpen.

He got Ted Sizemore to ground out as Crawford moved to third, and walked Willie Davis intentionally. Davis took second without a throw and Andy Kosco drew another walk to fill the bases. Parker then delivered the winning run with a single to right, extending the Pirates' losing streak to five games.

Hisle's fourth hit in five trips pinned the loss on Bolin and the Giants after the Phillies raked Juan Marichal for 12 hits and seven runs in the 6 1-3 innings he worked. Richie Allen, John Callison and Mike Ryan all homered off Marichal. Bob Burda socked a three-run pinch homer for the Giants.

Face came in to pitch at the start of the seventh with the Expos trailing 4-3 and was greeted by Millan's fourth homer. One out later, Hank Aaron banged his eighth homer—and the 518th of his career. Then, with two out, Tommie Aaron doubled and Boyer slugged his fifth homer, putting the game out of reach.

It was called with the Braves batting in the eighth after a 47-minute rain delay.

★ ★ ★

Ron Reed, 5-1, went the distance for the Braves, who lost outfielder Rico Carty, with a dislocated right shoulder, and first baseman Tito Francona, with a dislocated right humb.

Willis choked off a three-run San Diego rally in the eighth inning and Waslewski came on to get the last out in the ninth, stranding two base-runners and saving Giusti's third victory in seven decisions.

Lou Brock cracked three singles, drove in one run and scored another and stole his 12th base to pace the Cards' 12-hit attack.

Baseball Czar Kuhn Promises Investigation

WASHINGTON (AP) — Baseball Commissioner Bowie Kuhn promised Saturday an investigation of the stock ties of owners of the Atlanta Braves and Oakland Athletics with Las Vegas gambling casinos.

Athletics owner Charles O. Finley acknowledged stock holdings in two firms involving five casinos in Las Vegas.

Three Braves officials, including club president William C. Bartholomay, are listed in government records as directors of one of the firms, Parvin-Dohrmann CO.

Bartholomay confirmed stock ownership, but said, "I see no tie-in whatsoever with organized gambling."

"Somebody is making a mountain out of a molehill," said Finley. Kuhn said, "I'll certainly investigate this, but I can't make further comment until I know all the details."

The Parvin-Dohrmann Co. owns the Fremont, Stardust and Aladdin hotels and casinos.

Three of its seven directors—Bartholomay, Delbert W. Coleman, and John J. Louis Jr.—are also on the Braves' board of directors.

AMOUNT OF STOCK

Nevada records list Finley as buying an estimated $2.7 million of stock in Parvin-Dohrmann last month.

Nevada Gaming Control Board records also show 2,500 shares of Parvin-Dohrmann were bought last month by the University of Syracuse's endowment fund.

Finley said he holds stock also in the Del Webb Corp., which he described as "a construction company ... which owns casinos at the Sahara and the Mint at Las Vegas and at Lake Tahoe."

The Athletics owners said, "When Mr. Webb owned the New York Yankees he owned the Sahara himself. My connection is nothing like that. I am not in the gambling business. What I have done is make a long-term investment."

Finley said, "I know that several baseball owners own race horses and I would think that horse racing is closely affiliated with gambling. My stock holdings are nothing like that."

Bartholomay suggested some baseball players also "might have interests in horse race tracks or horses."

The Braves president said, "I don't own a hotel or a casino or a race track. But I own stock in a company that has interest in legal business in the state of Nevada."

Track Games Fill Till but Not the Bill

VILLANOVA, Pa. (AP) — The first annual Dr. Martin Luther King Freedom Games appeared to be a financial success, but left something to be desired artistically.

A crowd of 13,122 turned out at Villanova Stadium Sunday expecting to see some record-smashing from the field which included five world record holders and seven Olympic gold medal winners.

The only record set, however, came in a very unlikely event, the mile walk. Dave Romansky of Pennsville, N.J., walked the mile in 6:26.0. A gentleman by the name of F. P. Murray did it in 6:29.6 in 1883.

Somehow, with the likes of Willie Greene, Bob Seagren, Tommie Smith, Bob Beamon, Ralph Boston, Marty Liquori, Larry James and Al Oerter competing, a record in the mile walk didn't exactly stir anyone's adrenelin.

Gal Joins Leaders in Two Divisions of Keg Tourney

MIDLAND (AP) — Joanna Stull of Rives Junction joined the leaders of the handicap singles and all-events sections of the Women's State Bowling Tournament over the weekend.

She bowled 683 to take fourth place in handicap singles, displacing Lila Wheatcraft of Rosebush who had 682. In all-events, she bowled 1,924 to take second spot from Judy Haddix of Lake Odessa, who had 1,910.

Johnny's Warehouse of Sarnia, Ont., rolled 2,967 and took second place in the handicap team event, replacing Bloomfield Specials of Birmingham, which had 2,963.

Three weekends of competition remain in the 18-weekend tourney.

CMU Captures Title; Vaulter Tops Record

By THE ASSOCIATED PRESS

NORMAL, Ill. (AP) — Central Michigan's Tom Miller set a record fo 14 feet 9½ inches in the pole vault and the Chippewas recorded their sixth straight Interstate Intercollegiate Athletic Conference track and field championship. CMU rolled up 103 points in Saturday's competition and finished well ahead of Illinois State's 70.

Two record-breaking performances were turned in by Western Illinois' Troy Roberts, who was timed in 4:10.8 in the mile and 14:43.7 in the three-mile run. Western finished last with 35 points behind third-place Eastern Illinois' 58.

Relaxed Orioles Continue Streak

KANSAS CITY (AP) — Things haven't been so relaxed in the Baltimore Orioles' dressing room since they swept four straight from the Los Angeles Dodgers in the 1966 World Series.

The Birds are off and winging as the 1969 baseball season nears the first-quarter turn. The atmosphere is carefree and the players loose.

Manager Earl Weaver sat in his temporary office in the visiting clubhouse at Kansas City's Municipal Stadium Sunday after the Orioles had ripped the Royals 5-0 for their fifth straight victory, and boosted their American League Eastern Division lead to 3½ games over Boston.

MAKES EVALUATION

Weaver tried to concentrate on his evaluation of his club, but the outbursts of laughter from the players' dressing area was too much for him.

"Give you a quarter if you'll go see who did that," he said, unable to contain his curiosity. He darted out of the office to see for himself.

"Brooks Robinson," he said, "he's 32 today but he's acting like a kid. They all are. That's good."

Home Runs Help Pilots Halt Bosox

BOSTON (AP) — Bases-empty home runs by Larry Haney, Ray Oyler and pitcher Mike Marshall offset Carl Yaztrzemski's ninth inning grand slam and carried the Seattle Pilots to a 9-6 victory over the Boston Red Sox Sunday at chilly, wind-swept Fenway Park.

Pepitone's Bat Spurs Yankees

NEW YORK (AP) — Joe Pepitone, slugging his way out of a slump, extended the Yankees' winning streak to five games Sunday, beating California 3-1 in the opener with a three-run homer in the seventh inning off Andy Messersmith and edging the Angels 1-0 in the second game with a ninth-inning homer.

Senators Whip Chisox Twice

CHICAGO (AP) — Mike Epstein's tie-breaking single in the 10th inning of the first game launched the Washington Senators to a 3-2, 3-2 doubleheader sweep over the Chicago White Sox Sunday.

After Epstein broke up the extra inning opener, the Senators capitalized on Gary Peters' wildness to take the nightcap and complete an other-wise disastrous road swing against American League West Division clubs in winning fashion. They had lost nine of 10 previous games on the trip.

Graham Hill Winner of Monte Carlo Crown

MONTE CARLO (AP) — It looked for a while like favored Jackie Stewart of Scotland might deprive Britain's Graham Hill of his fifth Monte Carlo Grand Prix, but Hill was never worried.

"We figured Stewart would burn himself out and that's just what he did," said Hill, who finished the 80-lap test Sunday in one hour, 56 minutes, 59.4 seconds—an average of 77.42 miles per hour.

Stewart, driving a blue Matra Ford, led the first 22 laps, breaking the track record five times, but was forced out on the 23rd lap with broken rear shaft. He was one of eight in the field of 15 who didn't complete the tortuous 105.96-mile circuit.

Hill's one-half lap victory in the same Lotus Ford he won with last year valuted him into second place in the world Formula One championship behind Stewart.

★ ★ ★

"All out Lotus cars finished well," Hill said after he received a crown of laurels and a silver cup filled with champagne from Princess Grace of Monaco.

★ ★ ★

Piers Courage of Britain, who finished second in a Brabham-Ford, ruined a sweep of the first four places by Lotus drivers.

Courage was timed in 1:57:16.7. Third place finisher Joseph Siffert of Switzerland was clocked in 1:57:34. Britain's Richard Atwood finished fourth. Bruce McLaren of New Zealand, driving a McLaren, finished fifth, one lap behind the winner.

No United States dirvers were among the starters.

Sandra Haynie Posts Golf Win

Champ Collects Title in Sudden Death

ST. LOUIS (AP) — "Playoffs have been good to me," Sandra Haynie said. She also said she was lucky to be in one.

Kathy Whitworth and Peggy Wilson felt just as lucky, if not so good after.

Miss Haynie, of Lake Bridgeport, Tex., won the St. Louis Invitational Women's Golf Tournament Sunday in the third round of sudden death after missing a short putt that would have given her victory in regulation play.

★ ★ ★

Miss Whitworth, winner of the tournament here the past three years, and Miss Wilson, of Boca Raton, Fla., had finished with 1-over-par 208s after 54 holes.

They stood and watched as Miss Haynie came onto the green with a one-stroke lead.

A five-foot putt would have given her a par and a one-stroke victory. Instead, the putt missed by about six inches and sent the tournament into sudden death.

Sandra Hayne, $2,400	67-69-72—208

Orchard Ridge Closes Season on Losing Note

The Raiders of Orchard Ridge wrapped up their initial baseball season on a losing note Saturday by dropping a doubleheader to Jackson Community College.

John Stoyka's wild pitch with two out in the last of the eighth enabled the winning run to scamper home for Jackson in a 4-3 decision in the opener, and the home team pushed across three runs in the bottom of the fifth to take the nightcap, 4-2.

Jackson's Larry Gebhert, winning pitcher in the second game, stroked a two-run single in the fifth inning rally of the second game that erased a 2-11 Orchard Ridge lead.

★ ★ ★

Stoyka and Chris Norton drove in the runs in the second game with singles. Tom Snyder paced the first game attack for the Raiders with two singles. The double loss left the Raiders at 11-8 for the season at 11-8 for the season.

Death Puts Crimp in Plans for Benefit Tilt

BOWLING GREEN, Ohio (AP) — An exhibition game between the Cincinnati Bengals and the Boston Patriots will be played here August 5, although Steve Beattie won't get to see it.

The two American Football League teams were to play to raise funds for a young man paralyzed from the neck down, but Beattie, 20, died of a kidney ailment Saturday.

Beattie, a star quarterback for the Bowling Green High School, suffered a severed spinal cord during a football game in September, 1966.

The cost of nurses, therapy and lifesaving equipment came to $2,500 a month.

The Steve Beattie Foundation, which has raised $47,000 to offset expenses, says the game will be played as planned. Its members will hold a meeting to determine how the ticket money will be spent.

Kansas Romps to Track Title

AMES, Iowa (AP) — Kansas's three behemoths in the weights and Jim Ryun led the Jayhawks to a record-smashing avalanche of points Saturday in the 62nd Big Eight Track and field championships.

With Karl Salb, Steven Wilhelm and Doug Knop adding a 1-2-3 sweep of the shot put to their similar power display Friday in the discus and Ryun capturing the half-mile and mile runs, Kansas rolled up a staggering 180½ points to make a farce of the team race.

Kansas's point total, which gave the Jayhawks their third straight outdoor title and 15th in the last 18 years, broke KU's own mark of 173 points set in 1955.

Missouri had 78 points for second, with Nebraska third at 69 and Kansas State fourth at 55.

Wins Colonial Golf

Dickinson Reaches 'Goal'

FORT WORTH, Tex. (AP) — Because a friend—he wasn't identified— reneged on a business deal, Gardner Dickinson finally achieved his lifelong goal in golf, a victory in the Colonial National Invitation Tournament.

"I was playing real bad early this year," the gaunt, 41-year-old veteran recalled Sunday after charging in with a 66 for his first victory in 15 tries in this prestigious event.

★ ★ ★

"And I have this friend who had offered me a job in a business where I could make a lot of money. He told me that when I was ready to quit the tour to let him know.

"So I told him I was ready," Dickinson said, then paused.

"Well, he wasn't ready. If he had been, I wouldn't be here to day. I guess I've got him to thank for this $25,000."

The little guy, he weighs only 131, used a refound putting touch, some advice from Ben Hogan and steel-wire nerves to capture the event.

Junior Lifter Sets 4 Marks

BRENTWOOD, N.Y. (AP) — Kenneth Patera of Portland, Ore., set four new records Sunday enroute to winning the super heavyweight class at the AAU National Junior Weight Lifting Championships.

Patera set junior national records with a 410-pound press, a 330 pound snatch, 440-pound clean and jerk and total pounds of 1,180.

★ ★ ★

Robin Madow of Spring Valley, N.Y., who won the 181-pound class, was named the outstanding lifter of the meet. He set three new records—a 330-pound press, 300-pound snatch and 1,005 total pounds.

Babe Ruth No. 1 Yankee

NEW YORK (AP) — Babe Ruth was the runaway winner of the "greatest Yankee ever" fan poll, the Yankees announced Sunday.

Ruth, baseball's all-time home run champion, received 60 per cent of the vote to 25 per cent for Mickey Mantle. Joe DiMaggio had eight per cent and Lou Gehrig six.

★ ★ ★

Ruth, of course, also wound up as the right fielder on the all-time team selected by the fans. DiMaggio is the center fielder, and Mantle is in left.

The infield has Gehrig at first, Tony Lazzeri at second, Phil Rizzuto at short and Red Rolfe at third. Bill Dickey is the catcher, Whitey Ford the left-handed pitcher and Red Ruffing the right-handed pitcher.

The closest votes involved second and catching. Lazzeri edged Bobby Richardson 33 per cent to 32 while Dickey topped Yogi Berra 46 to 45.

Tackle Okays Contract

PHILADELPHIA (AP) — Floyd Peters, a veteran defensive tackle of 10 seasons in the National Football League, has signed his 1969 contract with the Philadelphia Eagles, the club announced today.

Taste is the name of the game.

Fiberglass Belted General GTW

The Belted GTW is a safety belt on wheels

The Belted GTW is the longest-mileage high-performance highway tire we've ever put on wheels. A safety fiberglass twin-belt under the tough, Duragen® rubber tread shields against punctures and blowouts. Full Nygen® cord plies — General's patented process nylon cord† — add to powerful performance. Famous, deep, dual tread design gives sure stop-and-go traction. Distinctive, three white ring sidewall sets it apart.

County Prisoner Is Found Dead

A prisoner in the Oakland County jail was found dead about 6:30 a.m. today.

★ ★ ★

Sheriff's deputies think William Werth, 48, of Dearborn died of natural causes. An autopsy was to be performed today.

★ ★ ★

Werth was brought to the jail in Pontiac Thursday after being arrested by State Police from the Detroit post on a charge of driving on a revoked license.

How Carolina Lady Relieved Painful, Itching Piles

Treatment Shrinks Piles, Relieves Pain In Most Cases

Mrs. C. McKinney of Rutherfordton, N.C. says: "Preparation H relieved my pain and stopped my itching. I can now work and be comfortable. I've told lots of friends who've had the same results."

(Note: Doctors have proved in most cases—Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced.

There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

Transfer Slated for Penney Exec

Ralph Eastridge, manager of the J. C. Penney store at the Miracle Mile in Bloomfield Township, has announced his impending transfer to manage another Penny store in Lancaster, Calif.

The move is effective June 30.

★ ★ ★

Eastridge first came to Pontiac in 1953 to manage the former Penney store at 17 S. Saginaw. He opened the store at the Miracle Mile.

A successor has still to be

★ ★ ★

chosen, according to Eastridge.

Active in city affairs, Eastridge is a former vice president and director of the Pontiac Area Chamber of Commerce, is a former president of the Pontiac Downtown Kiwanis Club, has worked on the Pontiac Area United Fund and was president of the Mahn-Go-Tah-See YMCA camp last year.

Man Dies in Car

Oakland County sheriff's deputies found Edward J. Smith, 28½ N. Washington, Oxford, dead in his car on a dead-end road in Oxford Saturday afternoon.

They said a hose from the car's exhaust pipe led into the car through a window.

Pontiac Press Photo by Ron Unternahrer

INTERNATIONAL STUDIES — The second grade class of Mrs. Selvedge White at Franklin School summed up their studies of India, Africa, Switzerland and Japan in a Friday afternoon program featuring displays, foods of the countries, native costumes, dances and songs and reports. School officials and parents were invited. Discussing the reports are (from left) Lyndia Tillman of 261 Bondale, Urben Stephens of 272 Dellwood, Mrs. White and Helen Fowlkes of 223 Crestwood.

Police Have Suspects in Home Blaze

Pontiac police said they have several suspects in an apparent arsn Saturday which caused $4,000 house fire.

The blize at 252 Raeburn broke out in least three areas of the house about 4:20 a.m., according to Fire Marshal Allen Tunney.

★ ★ ★

He said firemen found evidence of set firest under a bed in an upstairs bedroom, in a pile of old rags in the basement and in a trash bucket in the kitchen.

Donald Adams, 22, one of two persons who reportedly occupy the home, was arrested at the scene for disorderly conduct after an alleged argument concerning accusations of who started the fire.

★ ★ ★

Another $4,000 damage was caused by a fire about 11:30 a.m. yesterday at 493 Harvey. Firemen, who were at the scene for more than an hour, said the blaze is still under investigation.

Waterford to Get Annual Plan Report

The Waterford Township Planning Commission's annual report and a report on construction of a new District Court building are scheduled at tonight's meeting of the township board.

New business on the agenda includes an addition to the capital improvement program, a proposed water department ruling on the filling of swimming pools and four proposed lot splits.

★ ★ ★

The meeting is scheduled for 7:30 at Waterford Township High School, 1415 Crescent Lake.

Cotton was not cultivated on a large scale in this country until after the Revolutionary War.

Final Acceptance of Copy 5 P.M. Wednesday, May 28th.

In Memoriam 2

IN LOVING MEMORY of our mother, Dorothy M. O'Conner who was killed in an auto accident a year ago today.
There's a sad but sweet remembrance,
There is a memory fond and true
And a token of affection Mother,
And a heartache still for you.
Sadly missed by JoAnn and Jenna.

Road Commissioners Fear Lack of Say-So

Oakland County road commissioners have a master highway plan for the county that they think is pretty good. However, there is one major problem — they don't think they have the authority to implement it.

The updated right-of-way plan should result in a highway system capable of ahdnling the traffic load expected in the year 2000, according to the road commission.

★ ★ ★

Currently each muncipality or local unit of government has the right to enforce its own zoning and setback ordinances, and neither the road commission nor the Inter-county Highway Commission, which has incorporated the plan into a regional recommendation can usurp the authority.

Paul McGovern, vice chairmbn ox both the county and intercounty road commission and delegate to the Transportation and Land Use Study (TALUS) representing the County Board of Supervisors, has criticized the "short-sighted" appraoch of areas attempting to prevent the influx of additional traffic by refusal to adopt master plan guidelines.

★ ★ ★

McGovern lists six reasons for local area cooperation now:

New roads built and old ones widened with a minimum of hardship and inconvenience to property owners and occupants.

Lives saved as highway facilities are made safer.

Property values retained or increased by improved highways.

Saving of money by acquiring right-of-ways now.

The conservation of physical, historical and natural resources by preventing the necessity for dmoliton of buildings.

Increase of pedestrian safety by inclusion of sidewalk area in the right-of-ways.

"By providing for the future now we all can avoid the costly and time consuming probelms such as were recently experienced in the routing of I-696," McGovern claimed.

City Y Will Hold Its Annual Meeting

The YMCA of greater Pontiac will hold its 68th annual dinner meeting Wednesday at 6:30 p.m. in the Social Room of the YMCA, 131 University.

New directors will be elected and recognition awards presented to retiring board members at the meeting. Last year's annual report will be in the form of a special slide presentation depicting the program and activities of the YMCA.

Tickets for the dinner are $3.25 and can be purchased at the YMCA both in advance and at the door.

Best Time to Move Shade Trees

Early spring is by far the best time to set out or transplant the harder-to-move trees in practically all parts of the country. In the cold-winter areas, it is the only time.

This applies especially to such trees as birches, oaks, hickories, dogwoods, tulip trees, magnolias and any others that have brittle, thick and little-divided or deep tap roots.

★ ★ ★

During the cool weather the trees have time to concentrate upon putting out new roots and getting established in their new homes before they are required to put out their new leaves.

★ ★ ★

Yet they do not have to contend with several months of whipping and drying winds as do fall-planted ones. This applies whether your trees are balled and burlapped, as is most often the case or are moved bareroot.

The very best time is just as soon as you can dig without the soil being sticky and clinging together.

FANCY FLIPPERS?—What appears to be part of the gear for this attractive diver are actually parts of a filtering system. The filters are made of Reztran, a chemical-and heat-resistant material developed by B. F. Goodrich.

A Catnip Trip? Scientists Study if It's Possible

PITTSBURGH (AP) — Two scientists are trying to find out whether catnip really has any hallucinogenic qualities like those of LSD or marijuana.

Armed with 150 pounds of catnip, Drs. Charles L. Winek and Norbert Pilewski plan a six-month study during which they'll let cats and rats inhale catnip smoke.

★ ★ ★

"Nobody really knows why it makes cats act silly or whether it would have a similar effect on adult humans," Winek says.

Winek, the Allegheny County toxicologist, says the idea for the study, comes from a recent rash of catnip smoking by adults.

Funding Sought for Job Project

DETROIT (AP) — The Detroit antipoverty agency is seeking $30 million in federal funds to find jobs for 125,000 poor people who could not find work otherwise.

The project has received preliminary approval from the Department of Health, Education and Welfare regional office in Chicago.

Cause No. 23510
STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.
In the matter of the petition concerning John Paul Baugh, minor.
TO: Paul Baugh, father of said minor child.
Petition having been filed in this Court alleging that said child comes within the provisions of Chapter 712A of the Compiled Laws of 1948 as amended, in that the present whereabouts of the father of said minor child is unknown and said child has violated a law of the State, and that said child should be continued under the jurisdiction of this Court.
In the Name of the People of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House, Oakland County Service Center, in the City of Pontiac in said County, on the 27th day of May A.D. 1969, at 1:30 o'clock in the afternoon, and you are hereby commanded to appear personally at said hearing.
It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.
Witness, the Honorable Eugene Arthur Moore, Judge of said Court, in the City of Pontiac in said County, this 16th day of May A.D. 1969.

A Look at TV

Apollo Coverage Shines

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Space exploration has gone a long way since John Glenn took off a few years ago, and so has television's expertise in covering the space shots.

When three astronauts set off Sunday for a trip around the moon, the television audience had its usual front row seat for the drama of the blast-off.

The coverage of the event, preceded by explanations and illustrations, was almost flawless.

★ ★ ★

Everything went smoothly—although it did seem that those veteran space reporters were more impressed by the sheer size and weight of the rocket than almost any other aspect of the adventure.

SHOWN IN COLOR

As it turned out, Apollo 10 and its crew added the one extra dimension to the coverage by their own use of television. A few hours into the flight we were able to watch in color the docking maneuver required to latch the lunar module in position on the capsule and later pictures of earth from space.

★ ★ ★

Back when the space exploration started, it was mourned that none of the astronauts could find words to describe adequately the experience. They still can't—on Sunday they were relying on words like "terrific" and "copacetic." But now that a color TV camera has been added to their equipment, they don't have to find words, we can see for ourselves.

Earl's in Grip of a Mystery: Who Blows Whistle on NY?

By EARL WILSON

NEW YORK — There are many little mysteries of New York that trouble me and make me grovel humbly before the hugeness of our city — and one of them is, Who is it who blows the noon whistle on Manhattan?

In the little Ohio country town where I grew up, there was "the 12 o'clock whistle" (originating from either "the stone quarry" or "the sawmill") to tell us it was time for lunch.

WILSON

The farmers outside of town would hear the whistle and look up at the sun, dead overhead, to check the whistle's accuracy. The school kids and the few "factory hands" — such as those at the broom factory — would always be guided by that noon whistle.

★ ★ ★

I forgot about the noon whistle for 25 or 30 years because here in New York the custom is to go by wrist watch . . . and to get out of the office a little ahead of the crush.

Then I moved to another part of the city. And as a Saloon Editor working nights and sleeping late, I discovered there is a "12 o'clock whistle" somewhere on the west side of town.

If I sleep late, I hear the noon whistle while I'm still in bed; If I get up "early," I hear the whistle while 'm having my juice and coffee. f I'm up really early, I may hear it at my Broadway desk.

But here's the mystery: Where is the whistle and who's blowing it? Is it some country boy engineer remembering his childhood . . . and who does he think he's sending off to lunch with his noon-whistling? I'm asking the question right out in print because nobody I've run into seems to know the story of New York's 12 o'clock whistle . . .

THE MIDNIGHT EARL . . .

At the Copa: **Barbara Streisand** and **Charles Evans,** sipping champagne and listening to **Dionne Warwick . . . Ann Miller,** who'll take over the lead in "Mame" May 26, arrived here with 23 pieces of luggage ("Well, I'm coming to stay awhile"). They included a suitcase full of her favorite stuffed toys — seldom travels without 'em . . . Negotiations for the sale of Arthur discotheque are going ahead, with some major details still to be arranged.

Duke Ellington followed up his 70th birthday party at the White House with one at Top of the Sixes; **Artie Shaw** helped him cut the cake . . . **Ava Gardner** said at SeaFare of the Aegean she'll make a movie in Greece, and if she likes the place she may stay . . . An overflow audience gave the Fifth Dimension an ovation at their Royal Box opening; their "Aquarius" number had some foot-stomping, hand-clappings help from the patrons, including some of the "Hair" cast.

TODAY'S BEST LAUGH: Since almost everything on TV nowadays is a re-run, **John J. Plomp** wonders why somebody doesn't start a company to make only re-runs.

WISH I'D SAID THAT: There's nothing tighter than next year's budget or this year's bikini.

REMEMBERED QUOTE: Producer David Merrick described part of the political scene: "Political platforms have all the usefulness of a raincheck at the Astrodome."

EARL'S PEARLS: Corbett Monica described a very thin high-fashion model: "It was the first time I saw anybody with more ribs than an umbrella."

A man noted that his boss permitted him to make personal phone calls at the office: "And that's more than my daughters let me do at home." . . . **That's earl, brother.**

Publishers-Hall Syndicate

Bunche Honored

LOS ANGELES (AP) — Ralph Bunche Hall, at 11 stories the tallest building at the University of California at Los Angeles, will be dedicated Friday to a former UCLA basketball star, now undersecretary of the United Nations. Bunche, a summa cum laude graduate in 1927, plans to attend.

Controversy Again Digs Into Leaders of Coal Miners' Union

CHARLESTON, W.Va. (AP) — The thunder of John L. Lewis is gone, but the country's coal fields are again the center of a labor power struggle. Some critics are charging that United Mine Workers union leaders have become too cozy with mine owners.

The critics say, too, the union has become too flabby to fight for the workers it represents. The union denies it. But its leaders have begun to make more tough speeches than they had in recent years.

William Anthony (Tony) Boyle, UMW's president since 1963, is out in the coal fields giving hard-line talks, something a UMW president hasn't done for a long time.

"We may have to call upon you to have a march in Washington" to get Congress to pass the mine safety bills pending there, Boyle told a recent rally of 2,000 miners and wives in Charleston.

Despite a $35 basic daily wage that makes UMW members the best-paid coal miners in the world and one of this country's best-paid industrial groups, criticism has deluged the union leadership in recent months.

Attacks from outside the union, fuel for insurgents within, have come from critics such as Ralph Nader, better known for his automobile safety crusade, and Rep. Ken Hechler, D-W.Va., sponsor of one of the pending mine safety bills.

The critics charge that the union has been too easy-going about safety enforcement.

Seventy-eight miners were killed in a mine explosion and fire last November in Farmington, W.Va., but nearly 100 men have been killed by ones, twos and threes in mine accidents since then.

ANOTHER CHARGE

The critics charge that the UMW welfare and retirement fund spends too much on staff salaries and too little on pensions, hospital and medical care and other benefits. The union replies that administrative costs "have been less than 3.1 per cent."

Hechler and Nader have been critical of the fact that, besides paying Boyle $50,000 a year, the UMW paid his daughter, Antionette, $40,000 in 1967 as a union attorney in Billings, Mont., and pays his brother, R. J. Boyle, $25,000 a year as District 27 president in Billings.

★ ★ ★

Boyle may face a challenge to his presidency of the union of 125,000 working coal miners in its December election. Elijah Wolford of Morgantown, W.Va., and Steve Kochis of Clarksville, Pa., plan to oppose him if they muster the required nominations from 50 locals by Aug. 9. Washington officials of the UMW regard Wolford's challenge as the more serious.

Boyle and others in the union hierarchy defend the union record on safety. It takes a disaster like Farmington, they say, to arouse public and congressional concern.

The UMW-backed safety bill is the strongest pending in Congress, Boyle said, but some of the union's fair-weather friends aren't supporting it. It's too rigid, too strong."

"As for the present officers' record on health and safety, candidate Wolford said, "I don't think they have made as great a stride as . . . should have been made."

But Wolford conceded that what he termed "the miners' own lack of interest" may be partly to blame. "It seems to be the belief of every man working in the mines that it's going to happen to the other fellow."

Wolford wants to fine not only the companies but also individual miners, in the form of withheld wages, for serious safety infractions. Hechler also porposes penalties against miners. Boyle and his associates are against the idea.

MAY RETIRE AT 55

The UMW leaders boast that the welfare and pension benefits include $115-a-month pensions currently paid to 70,000 retired miners. A miner who has worked 20 years may retire on a pension at age 55.

But some of the workers called the $115-a-month inadequate.

"Black lung" is deeply involved in the UMW's current troubles. This is the miners' term for occupational pneumoconiosis, a lung disease attributed to dust inhalation. Modern mechanized mining methods have greatly increased coal dust output.

Critics say UMW leaders apparently were slow to realize the grass-roots strength of the black lung movement last winter. The most militant and vocal demands for workmen's compensation legislation came from miners organized as the West Virginia Black Lung Association.

Three West Virginia doctors —I. E. Buff, Donald Rasmussen and Hawey Wells Jr.—went into the mining towns to speak at Black Lung Association meetings, where they urged the miners to hold out for a tough bill.

Before the legislative fight ended with passage of a compromise bill in March, a statewide strike had shut down West Virginia's 40,000-man coal industry.

Former State Sen. Paul J. Kaufman, a Charleston lawyer who served as counsel for the Black Lung Association, said: "Their (the UMW's) participation can best be described as too little and too late. At the outset, the UMW's position appeared to be much closer to that of the companies than it was to the position of the men on this issue."

UMW leaders counter that, while others made more noise, union lobbyists proved more effective than anyone else in getting a bill through the legislature.

But Boyle calls the compromise bill "watered down" and "weak." Both the UMW and the Black Lung Association want the bill amended at a special legislative session scheduled in July. Boyle said: "The politicians above all want a period of peace and quiet. They are not going to get it."

Apollo 10 Heads for Moon; No Hitch on Flight So Far

SPACE CENTER, Houston (AP) — With precision and nonchalance unimagined when America first ventured into space eight years ago, Apollo 10 coasted toward the moon today, — its television cameras taking earthlings along as sightseers.

Not even a minor hitch marred yesterday's complicated sequence that set Air Force Col. Thomas P. Stafford and Navy Cmdrs. Eugene Cernan and John W. Young on their pathfinding mission for the landing of the first humans on the moon, scheduled in July.

★ ★ ★

It went like the script said: the launch of the Saturn 5 rocket, the insertion in orbit, the separation of spacecraft from booster rocket, the spacecraft's somersault — then its return to the booster to pluck out the lunar lander.

A ground controller said it was like a taped replay of earthbound practice sessions.

As the bullet-shaped ship sped from earth's grasp, hooked nose-tonose with the ungainly space taxi that will take the ungainly space taxi that will take Stafford and Cernan close to the moon's surface Wednesday, its crewmen found time to share their exploits with TV viewers on the ground — and to exult over the sights.

Instead of transmitting only 15 minutes as planned, the color cameras went on four times for a total of 72 minutes.

★ ★ ★

The earth, partly swaddled in clouds and glowing brilliant blue and brown against the black velvet of space, pro-

"You blink your eyes and look out there; and you know it's three dimensional. But it's just sitting out there in the middle of nowehre. It's unbelievable."

★ ★ ★

The crew was awakened at 10:19 a.m. EDT today, more than 35,000 miles farther from earth than when they started their rest.

The astronauts breakfasted on fruit cocktail, corn flakes, bacon squares and fruit drink.

★ ★ ★

At about 3:28 p.m. EDT, the crew was to fire the powerful service propulsion rocket engine to correct their lunar flight path.

Then they were to turn on the color television camera for more views from space.

LUNCHEON MENU

Lunch was to be potato soup, tuna salad, chicken and vegetables, cookies and fruit drink.

The crew was to have time to relax and enjoy the view, doing only routine chores until supper, which is spaghetti, banana pudding and fruit drink.

They'll start another sleep period at 10:49 EDT. When they start to rest again, they'll be about 150,000 miles from earth and about 100,000 miles from the moon.

The crew will wake up 10 hours later, some 80,000 miles from the moon.

At 3:34 p.m. Wednesday, the spacecraft begins circling the moon — duplicating the feat performed for the first time during the Christmastime flight of Apollo 8.

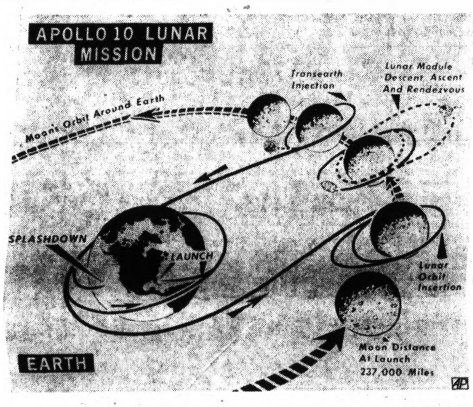
But Thursday morning at 10:30 a.m., if everything goes right, Stafford and Cernan will crawl through the nose of their spacecraft into the lunar lander.

★ ★ ★

Three hours later, Stafford and Cernan will cut the spider-like craft from the mother ship and dip down to within 9.3 miles of the moon's surface in man's closest approach to another celestial body.

Looking for any moon barriers that could prove dangerous, they'll sweep near one of the sites where an American may walk in nine weeks.

Young, the command module pilot, will come to the LEM's rescue should it be required.



AP Wirephoto

ON APOLLO'S SCHEDULE — After launch and a double earth orbit yesterday, Apollo 10 continues on its path to the moon today. Lunar orbiting will begin Wednesday, with separation of the lunar module, testing and redocking Thursday. Saturday the trip home starts, with splash-down a week from today in the Pacific.

AP Wirephoto

BAPTISTS HEAR DEMAND — James Forman, 40, head of the Black Economic Development Conference, is shown as he demands that the American Baptist Convention provide 60 per cent of its investment income annually to his group. He spoke before the convention in Seattle Saturday. The conference is asking $500 million as reparations from U.S. church groups for their participation in a social system that tolerated slavery.

Church Ranks Split by Black Manifesto

By The Associated Press

Churchmen, under pressure from black militants to provide $500 million in reparations to blacks, are choosing sides in the controversial issue in sermons and statements.

Officials of the United Presbyterian Church asked its general assembly yesterday to approve a plan to raise $50 million for the poor.

★ ★ ★

In New Orleans, 60 Negro clergymen called the Black Manifesto on reparations "racism in reverse" and urged all Christinas to reject it.

The manifesto, drawn up at a Detroit meeting of the National Black Economic Development Conference, says religious institions are part of the system that has repressed black people and should pay reparations.

James Forman, a spokesman for the conference, appeared at the United Presbyterians conference in San Antonio, Tex., Thursday to ask for funds. He asked the church to turn idle church-owned lands in the South and Southwest to blacks and Mexican-Americans.

The Presbyterian assembly's executive committee said:

"It is recommended that the 181st General Assembly consider the proposition of generating new capital funds, at least in an amount equal to that which we have provided for our own church facilities, to be used in deprived areas and among deprived people."

★ ★ ★

Three years ago, the United Presbyterians started a campaign to expand their facilities and have raised $64 million.

In Atlanta, three Negroes interrupted services at the First Presbyterian Church. They were allowed to read the maifesto. They left after 10 minutes, saying they expected action within a week.

MANIFESTO PRESENTED

In Chicago, the Rev. James B. Cunningham of St. Mary's Chape, a Roman Catholic church, was presented with the manifesto. He said he would write a letter acknowledging the church's responsibility.

In Los Angeles, the Rev. Robert H. Iles of St. John's Episcopal Church, said, "the demands are modest and reasonable. The means of achieving them are not."

★ ★ ★

In a sermon, the Rev. Mr. Iles said, "The power structure of the United States does owe reparations, and churches are part of that power structure . . They have been responsible for the damages, and they owe reparations."

But he decried the manifesto because it uses the phrase, "pressure by whatever means necessay" and "We are not opposed to violence."

The Rev. Mr. Raymond I. Lindquist of Hollywood Presbyterian Church said that in times when "the motions of men are being run through a grinder," men should show justice, mercy and faith.

Senate May Act This Week on Parochiaid Compromise

LANSING (UPI) — A compromise plan for state aid to nonpublic schools this week when senators resume consideration of Gov. William G. Milliken's education bill.

Backers of the so-called "parochiaid" proposal figure their chances of putting it across in the Republican-controlled Senate were enhanced by recent Milliken actions and statements.

★ ★ ★

Milliken, while refusing to deliver an outright endorsement for the plan, has said both the houses of Legislature should make a "clear public policy decision" on the exlposive issue this year.

Last week the Democratic-dominated House rejected a parochiaid amendment to the governor's school aid bill but the form of the proposed rider has been substantially revised since then.

For one thing, it no longer contains a reference to giving parochial and private schools up to $44 million next year — and sponsors say they are even willing to remove a $100,000 "seed" money grant for 1969.

Furthermore, the latest plan would "guarantee" a swift and direct constitutional test in the Michigan Supreme Court of the concept of tax subsidies to the teachers of nonreligious subjects.

★ ★ ★

Parochiaid forces say their head count in the Senate shows at least 16 senators in favor of tax aid to nonpublic schools and about the same "firm" number opposed, with six lawmakers listed as uncommitted.

It takes 20 affirmative votes to attach an amendment to the school aid bill in the Senate.

ENCOURAGED

Parochiaid managers in the Legislature were encouraged, however, by Milliken's behind-the-scene efforts to line up Republican support for a token-funded parochiaid plan.

★ ★ ★

Milliken's "power of executive office persuasion" is greater, by far, in the Senate.

Majority leader Emil Lockwood of St. Louis believes there is a good chance the Senate would buy the compromise parochiaid plan.

★ ★ ★

If it does, the issue will be revived immediately in the House, where several legislators admit they would go along with parochiaid if the Senate okayed it first and took some of the pressure off the politically sensitive proposal.

Senate and House members must also iron out major differences in the public school aid bill. A conference committee will likely be established this week, with recommendations presented next week.

Distaff Angler de-Staffs Club

TAIPEI (UPI) — "The "Wife-Loving Club," formed by a group of henpecked husbands at Kaohsiung in southern Taiwan, apparently has been forced to disband by the members' angry wives.

The five-year-old club, which had 25 prominent city men as members, failed yesterday for the first time to hold its monthly "wife-loving" meeting, and members were quoted as saying that was the end.

The reason: Some wives of the members found out that the club, designed to cement marriage ties, had been used as a cover for such "illegal activities" as frequenting establishments where female companionship is available for a price.

Northwest Oakland County Gets Sheriff's Substation

The Oakland County Sheriff's Department today opened a new substation in Groveland Township to give residents in northwest part of the county better service.

Sheriff Frank W. Irons explained that the station, equipped with a new 100-foot

Photo, Page A-4

anetnna, would eliminate trouble in reaching (via radio) deputies' cars in the five-county area from the main transmitter in downtown Pontiac.

Two women dispatchers and telephone operators and two deputies have been assigned to the station in an existing building at Dixie Highway and Grange Hall Road.

They will serve Groveland, Brandon, Holly, Rose and Springfield Townships.

Irons advises residents in those areas with problems to call the Groveland Township station at 634-3431 or 634-3441. The station will be open 24 hours a day.

★ ★ ★

Two one-man patrol cars will operate out of the station during the day. One car containing two deputies will patrol at night.

★ ★ ★

More men probably will be assigned to the station in a year or so, according to Irons.

Each of the five townships are helping to pay the costs of operating the substation, Irons said.

★ ★ ★

The station is the first substation for the Sheriff's Department since they operated one in Hazel Park in the 1930s. The latter station has been closed for nearly three decades.

Protesters Elude Guard in Berkeley

BERKELEY, Calif. (UPI) — A crowd of 2,000 demonstrators engaged police and national guardsmen yesterday in a series of cheeslike moves through streets of this university city.

There was little violence and only three arrests in the tense area, where more than 100 persons have been arrested and at least 128 injured since closing of a "people's park" by the University of California touched off a bloody battle Thursday.

Yesterday's demonstrators meandered six miles through the city's streets, carefully avoiding violence in a series of confrontations with authorities.

Their strategy apparently was to make the presence of police and national guardsmen an expensive necessity.

Army Eying Reform of Guard, Reserves

WASHINGTON (AP) — The Army staff is studying a plan that would tie some 650,000 National Guardsmen and Reservists more closely to emergency war plans.

This is the fourth effort since 1962 to improve the readiness of guard-reserve backup forces. Planners are shooting for deployment of some units overseas four weeks after they are mobilized.

★ ★ ★

The new proposal would probably mean the end of former Defense Secretary Robert S. McNamara's "Selected Reserve Force"—137,000 men in units in theory prepared to deploy eight weeks after callup.

However, in the limited guard-reserve mobilization last year, the first of 43 units activated did not reach Vietnam until 15 weeks after callup. That unit was a dental detachment.

The new proposal takes on added importance because the Nixon administration is looking ahead to a possible million-man reduction in regular forces over a three-year period after Vietnam.

Unlike past moves, the new proposal does not involve eliminating any more guard or reserve units. About 3,500 surplus or obsolete outfits were called out of the guard-reserve structure in a series of reorganizations.

★ ★ ★

Details are secret, but Pentagon sources said the new plan ties specific Guard and Reserve units to specific war plans, and changes the composition of the backup forces as national contingency plans change.

Umbrellas Are Down, Due Up Wednesday

Residents can put that umbrella away, but not too far, as the weatherman predicts weepy skies will return to the Oakland County area by Wednesday.

After a gloomy morning with cloud-laden skies, the threat of rain diminished today as the mercury climbed. By tonight, skies are supposed to clear and the temperature is due to remain in the 42-46 range.

Tomorrow the clouds will return as the temperatures remain mild in the mid-60s. Precipitation probabilities in per cent are today 20, tonight 10 and tomorrow 20.

Peking Draws Hard U.S. Line

TOKYO (AP) — Communist China virtually told the United States today the price of improved relations between them is American abandonment of Formosa and of the American policy of containment.

The Chinese policy statement in the Peking People's Daily, the organ of the Chinese Communist party, made clear that there has been no softening in Peking's attitude toward the United States by the leaders chosen by the ninth party congress last month.

★ ★ ★

The statement made no mention of a resumption of the Warsaw talks between the ambassadors of the two nations.

It denounced President Nixon as a "hypocritic priest" and "gangster" wielding "a blood-dripping butcher's knife."

"Nixon resorts to crafty counter-revolutionary, double-faced tactics towards socialist China," it said. "On the one hand, he talks loudly about so-called 'peaceful coexistence' and plays the trick of sham relaxation; on the other hand, he persists in continuing to occupy China's territory of Taiwan (Formosa), carrying out repeated military provocations against our country, and further stepping up the rigging-up of military encirclement of China."

It charged that Nixon is plotting a new military alliance with Japan as its backbone to replace the Southeast Asia Treaty Organization.

★ ★ ★

While quoting Communist Chairman Mao Tse-tung that China will not attack unless it is attacked, the paper said the Chinese people "are determined to liberate their sacred territory of Taiwan."

The United States also came under attack from Soviet President Nikolai Podgorny, who said the Americans have concentrated troops near the Soviet and North Korean borders and are today "the source of tension" in the world.

Winding up a visit to North Korea, Podgorny assured Premier Kim Il-sung the Soviet Union is his "reliable ally and friend" and would stand with North Korea "at the post of defending the common gains of socialism."

Gas Firm to Replace Trees

OAKLAND TOWNSHIP — In this community, at least, Michigan Consolidated Gas Co. Must replace trees removed in gas line installation projects.

The precedent-setting agreement between officials of the gas company and the Township Board climaxed pressure on the Township Board and complaints to the gas company by residents of Inwood Road.

★ ★ ★

Acting on this precedent, State Reps. Loren Anderson, R-Waterford Township, and Warren Goemaere, D-Roseville, will introduce on the floor of the House today a bill that would require uniform standards of tree replacement in projects where trees are removed or "topped."

Complaints of wholesale tree removal on Inwood and Hadden roads from Dick Jackson, 1423 Inwood, centered around the gas company's removal of a rare (only three in the entire state and now but two) shad bush tree.

That shad removal complaint branched into the general outcry that Michigan Consolidated Gas was engaged in "raping the landscape and scenic beauty" of Oakland Township.

Township Attorney Larry Heitsch said that the company "is cooperating with the township and that the board of trustees is satisfied with the resolution of the problem."

★ ★ ★

Trustee Bruce Todd expressed his personal satisfaction with the agreement, adding that he was further pleased that this precedent action might aid other communities in Oakland County and the state in using legal pressure to preserve scenery.

★ ★ ★

The Michigan Botanical Club's plaque on the now fallen shad bush tree read: "Michigan Big Tree; Amelanchter Arborea; ShadBush."

Botanical Club representative Robert Erwin said that the shad bush was possibly the largest in Michigan at 60 feet. A normal shad bush grows only 20 feet usually, he said.

A spokesman of Michigan Consolidated acknowledged the precedent involved and stated that the tree planting would begin on completion of the gas line.

★ ★ ★

That line originates in St. Clair near Port Huron and will continue to Milford, the gas company spokesman said.

In other scenery-preserving action, Heitsch said he has a lawsuit pending against Detroit Edison Co. alleging that the company bypassed township approval to construct high-voltage power line towers.

★ ★ ★

The towers, Heitsch stated, are more than the maximum height allowed under local ordinance governing utility strutures.

CLEANING UP — Councilman Lester Troyer (with pencil) directs children during the Ortonville cleanup campaign Saturday. Children collected more than 200 bags of rubbish.

Commission in Troy Adopts Record $5.6-Million Budget

TROY — The City Commission unanimously adopted a record $5.6-million budget in recent action.

Some $2 million of that budget is set aside for unspecified salaries from city manager on down. The commission decided to await completion of negotiating between the city and Local 574 of the American Federation of State, County and Municipal Employes union (AFSCME).

★ ★ ★

The budget also calls for a reduction in tax rate to $10.71 per $1,000 of state equalized assessed valuation despite a $780,970 boost in expenditures.

The AFSCME represents hourly workers in Troy's parks and recreation, water, sewer, public works and engineering departments. The $2-million salary fund is a 9 per cent increase over salary spending last year.

If the union agreement totals more than the budgeted amount, said Finance Director-City Clerk Ken Courtney, the sum will be met by delaying the filling of new jobs.

★ ★ ★

City Manager Paul York said he would submit recommendations for nonunion employe salaries separately if the union negotiations are likely to extend beyond the start of the new fiscal year, July 1, 1969.

Armada Woman, 2 Sons Among Victims

State Weekend Road Toll 17

By The Associated Press

A 30-year-old woman and her two sons were killed when their car hit a tree near Mount Clemens yesterday as the weekend traffic fatality toll in Michigan rose to 17.

Mrs. Joyce Ann Abbott of Armada and sons, Michael, 8, and James, 10, died when the car crashed after veering out of control while passing a vehicle.

★ ★ ★

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight yesterday.

Other victims:

Geraldine Jedlowksi, 41, of Genesee County's Clayton Township, who died yesterday of injuries suffered Saturday in a two-car crash on Flint's West Side.

Sam Stemlo, 63, of Oak Park, when his car struck a building, then careened into a utility pole yesterday on Detroit's East Side.

HEAD-ON COLLISION

Theresa McHugh, 21, of Lincoln Park, in a two-car, head-on collision yesterday in Allen Park.

Thomas A. Anderson, 19, of Sterling Heights, a passenger in a car which struck a utility pole in that city yesterday.

Naomi Guider, 41, of Garden City, in a two-car crash yesterday at an intersection in Green Oaks Township of Livingston County.

Jay Nelson McNall, 44, of Three Rivers, who was a passenger in a car which authorities said was struck from behind and knocked into the path of a church bus yesterday at a U.S. 12 intersection near White Pigeon.

TWO CARS COLLIDE

Victor Warson, 43, of Albion, in the head-on collision of two cars Saturday on a highway at the outskirts of Albion.

Joseph W. Leach Jr., 58, and his wife, Genevieve, 43, of Briton, and Hazel M. Creger, 51, and John Wintuck, 53, both of Tecumseh, in a two-car crash Saturday night near Ottawa Lake in southeast Monroe County.

★ ★ ★

James Hayden, 30, of Flint, when his car collided with another auto, then struck a utility pole near Port Huron Saturday.

Elma L. Beasley, 25, of 93 Elm, Pontiac, a passenger in a car which crashed into a stone wall in Pontiac Saturday.

★ ★ ★

John Dunn, 38, of Detroit, killed by a hit-and-run driver in Detroit Friday night.

Ortonville Ends Cleanup Drive

ORTONVILLE — A two-week village clean up campaign ended Saturday on a successful note.

★ ★ ★

More than 200 bags of rubbish were turned in Saturday morning by the 36 children participating in the campaign.

Bicycles were awarded to the children who turned in the most bags. Winners were Gerald Marsh, Mark Smith, David Graves, Dawn Caverly, Shelly Foster and Pat Reed.

★ ★ ★

Village council backed the annual cleanup campaign. Councilman Lester Troyer was chairman.

Utica Council OKs 2 Traffic Control Laws

UTICA — The City Council has adopted two ordinances designed to control traffic at key intersections and congested areas.

One of the ordinances calls for a series of no-turn signs to be placed in the area of the Village Square Townhouse developemnt west of M53 on Hall.

★ ★ ★

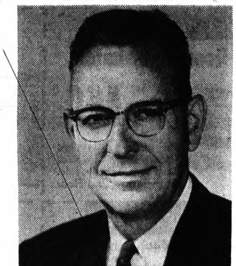
The no-turn ordinance applies to several streets in this area. It was prompted because serious traffic congestion is anticipated as the population increases.

A second ordinance gives legal force to the stop signs posted at 31 intersections throughout the city. A council spokesman said stop-sign violations have been difficult to prosecute because there had been no ordinance spelling out stop-sign violations.

★ ★ ★

Council also signed a 15 year lease, at $1 annually, with the Huron-Clinton Metropolitan Authority for a 7½-acre plot off Van Dyke on the south side. The property will be used as a city park.

Plans are incomplete but the park facilities probably will include picnic tables, barbecue pits, swings and a ball field.



JOSEPH B. BIDWELL

Troy Man Given Advance Product Promotion at GM

TROY — Joseph B. Bidwell of 4985 Valley Vista was appointed director of the Advance Product Engineering Division of General Motors Corp., Harry F. Barr, vice president in charge of engineering staff, has announced.

Bidwell joined GM in 1942 after graduating from Brown University. He has served in several GM engineering research capacities, including assistant supervisor of mechanical engineering and engineer in charge of chassis development.

★ ★ ★

Bidwell most recently served as assistant director of advance product engineering. His appointment as director is an elevation from the previous position.

Farmington Juggles 200 Until New School Is Built

FARMINGTON — Some 200 students entering the 10th grade next fall who live in the eastern portion of the school district will attend Farmington High School for the 1969-70 year.

The next year they will be transferred to the soon-to-be-built Harrison High School, which will be ready in 1970.

Students from this area had been going to North Farmington High School.

★ ★ ★

The school board announced the change at a recent meeting. Students from sections 1 and 11 through 14 on the east side of the twonship and from section 36 in West Bloomfield Township will be affected.

Schools Supt. Roderick Smith announced, "Because of the very great increase in enrollment at Farmington, it is necessary that we make these changes for one year."

MORE THAN 2,000

Without the changes, North Farmington High School would have had more than 2,000 students next fall.

★ ★ ★

In other business the board denied a grievance that administrative interns are required to pay their own tuition for credits taken at Wayne State University through the intern progrom. The appeal had been filed by the Farmington Education Association and discussed at a previous board meeting.

★ ★ ★

The board decided that the "request made as a part of the grievance is not realistic within the intent of the contract." Smith emphasized that in the opinion of the board there was no violation of the master contract.

★ ★ ★

The board also authorized establishment of a new administrative assistant to handle adult education and summer school. The person would be accountable to Dr. Jack Cleveland, director of federal programs, adult education and summer school.

3 Orchard Lake Schools Honor Sen. Muskie

ORCHARD LAKE — Sen. Edmund S. Muskie, D-Maine, last year's Democratic nominee for vice president, has accepted the 1969 Fidelitas Medal from the Sts. Cyril and Metodius Seminary, St. Mary's College and St. Mary's Preparatory School.

The presentation of the award will be made at the Orchard Lake schools sometime this fall, according to the Very Rev. Walter J. Ziemba, president and rector of the three schools.

★ ★ ★

The Fidelitas Medal is given annually by the schools at Orchard Lake to an outstanding American Catholic of Polish background for "fidelity in serving God and country through realization of the religious and cultural ideals of our forefathers."

The medal was awarded last year to John Cardinal Krol.

★ ★ ★

The three schools at Orchard Lake were founded in 1885 in order to provide the growing Polish-American community with men of leadership.

Police Believe State Plans Won't End Telegraph Woes

BLOOMFIELD TOWNSHIP — The traffic problems on Telegraph Road are far from over despite State Highway Commission plans to reconstruct the road in the next five years.

★ ★ ★

That is the reaction of the township's police department which was notified Friday that widening of a six-mile stretch of Telegraph to eight lanes, including a median strip, would begin in 1973 or 1974.

★ ★ ★

Police Chief Robert L. Snell said the Highway Commission's action took the township by surprise since police and government officials had not expected any commitment on the project until probably the late '70s.

Traffic Control Lt. Richard Reuther cautioned the commission's action will not solve any problems for users of Telegraph for many years. "We were told before about an earlier commitment date in 1965 so we cannot be sure that the current one will ever come about on time," Reuther said.

★ ★ ★

He noted the police department will continue its accelerated enforcement program, which so far has resulted in approximately 650 arrests to date this year, a 30 per cent increase over the same period a year ago.

Clarkston Coin Club Will Meet at 7 P. M.

CLARKSTON—A general public meeting of the Clarkston Coin Club will be held at 7 p.m. today at Clarkston Junior High School.

Featured will be a display of modern and ancient Chinese coins. A talk on the display will be given by Eusebio Dimaya, a coin expert.

Pontiac Press Photo

SHERIFF'S SUBSTATION — Oakland County Sheriff's Department today opened this substation at Dixie and Grange Hall in Groveland Township. Two women dispatchers and two deputies are staffing the office, which serves Groveland, Brandon, Holly, Rose and Springfield townships.

3 Picked to Lead Novi Twp. Session

NOVI TOWNSHIP — Three local men have been appointed by an Oakland County Board of Supervisors committee to preside at a meeting June 9, called to select a new township board.

★ ★ ★

They are Leo Kalota of 44102 Cottisford Court, Robert Mohr of 44138 Wyngate and Leonard Chomic of 44554 Chedworth.

★ ★ ★

Only 67 township residents, and one legal township official, remained after last February's incorporation of the former village of Novi.

★ ★ ★

Since the sole remaining board member, Ralph Luckett, does not constitute a quorum, the local affairs committee was authorized by the board of supervisors to chose the other three electors.

★ ★ ★

When the new board is chosen, a settlement of the division of assets between the city and township will begin.

County's Potential as Market Viewed

Oakland County as a future market center of the country has been outlined in an article by County Planning Commission Director George Skrubb in a recent issue of Markets of America magazine.

★ ★ ★

Skrubb calls the area "virgin" territory, because it has:

- An abundant supply of available land.
- Population pressure exceeding the rate of new residential construction.
- A lag in supplying consumer needs due to a dramatic upward shift in income levels.
- Assets sizable enough to launch and carry out major new developments.

"No matter how the future is viewed," Skrubb writes, "we can expect no more than mediocrity in land development if we only witness the gradual usurpation of defunct farms and their conversion to bilevel and tri-level living.

★ ★ ★

"We badly need a new public-private land development agency to plan, design, and build the new urban forms for the 1970s. We need the building of three radically different, functional, albeit beautiful new cities in Oakland County."

★ ★ ★

Skrubb predicts, "The land development of the '70s in Oakland County will call for new cities, the beginnings of mass transit facilities, and the acquisition of three or four new airport sites. The link to the world and its markets in the 1980s and 1990s will begin to shift more and more to air movements."

Deaths in Pontiac, Neighboring Areas

Mrs. Neana Bell

Service for Mrs. Neana Bell, 94, of 150 Palmer will be 10 a.m. tomorrow at Sparks-Griffin Funeral Home with burial at North Adams.

Mrs. Bell, a member of First Free Methodist Church, died yesterday.

City Woman, Youth Shot in 2 Incidents

A Pontiac woman is hospitalized in fair condition and a Warren youth in satisfactory condition after they were shot in separate incidents Saturday.

* * *

Pauline Bell, 38, of 389 Howard McNeill was in an intensive care unit at Pontiac General Hospital today with neck and abdomen injuries.

* * *

Pontiac police have a suspect in custody. Police believe the woman was shot several times with a 22-caliber revolver after an argument over car keys. The incident happened at the woman's address Saturday afternoon.

* * *

Rick Maks, 20, is at Crittenton Hospital, Avon Township, with a bullet injury in his foot, Oakland County sheriff's detectives said.

* * *

They arrested Oliver W. Blanton, 25, of Mount Clemens and charged him with the shooting in the front yard of 257 W. Auburn, Avon Township, Saturday night.

* * *

The two reportedly argued over a bottle of wine, Sheriff's officers said.

Masonic Post to Area Man

A Waterford Township man was installed Saturday as most illustrious grand master of Michigan's Royal and Select Masters.

DENNIS

Taking office at the lodge convention in Grand Rapids was Leland C. Dennis of 1300 Edgeorge. He is a past master of Pontiac Lodge No. 21, F&AM, a past high priest of Oakland Chapter No. 5, a past Thrice Illustrious Master of Pontiac Council No. 3 and a past commander of Pontiac Commandery No. 2.

* * *

Dennis is an employ of GMC Truck and Coach Division.

Brownie Points

BERKELEY, Calif. (AP) — Friendly street people gave them some brownies, four giggling National Guardsmen said as they reported to Herrick Memorial Hospital. Hospital officials examined them and speculated that the brownies had contained marijuana. The intoxicated Guardsmen were released after treatment Sunday, and they went back to their mission of controlling disorders near the University of California campus.

Mistrial Called in Murder Case

A mistrial declared Friday in the case of a Pontiac youth charged with the murder of a truck driver last June reportedly resulted from an objection from defense attorneys that a statement made by the youth was inadmissable.

A spokesman for the Oakland County Prosecutor's office said today the timing of the move to have Raymond Reece, 20, of 7 Grant declared unable to stand trial was "unusually late."

It was explained that such determinations are normally made before cases actually begin.

However, Reece's trial in Oakland County Circuit Court was in its fourth day when the prosecution attempted to introduce an allegedly incriminating statement.

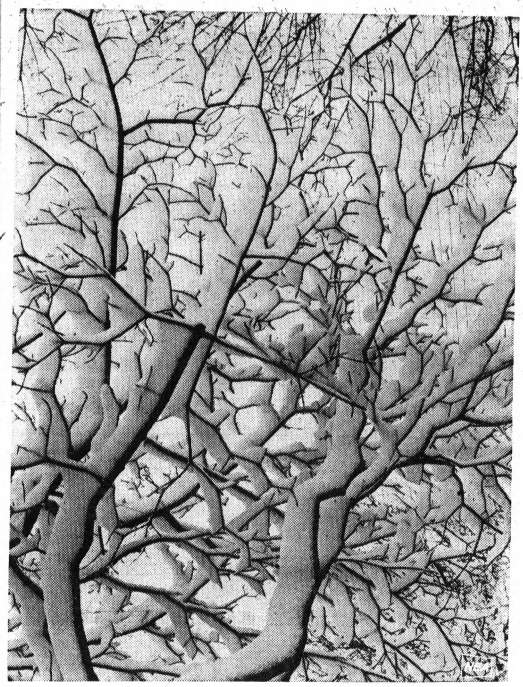
'LOW INTELLIGENCE'

Defense attorney William Waterman maintained that Reece's intelligence rating is so low that the defendant could not have understood his rights when advised by arresting police officers.

Circuit Judge Farrell E. Roberts declared the mistrial and referred Reece to the Ionia Forensic Center for tests to determine the defendant's ability to stand trial in the future.

* * *

Reece was arrested in January and charged with murdering 53-year-old Robert Terry of Andersonville, Ind., whose body was found on Franklin Road by a passing motorist.



WINTER PATTERN — Good picture-taking opportunities are offered by winter, as this example indicates. Snow-covered branches of a tree in a Yonkers, N.Y., yard take on an abstract quality when viewed from directly below.

Children's Home

The Seton Guild of St. Vincent and Sarah Fisher Home for Children is hoping to buy a 30-passenger bus to transport underprivileged children on trips.

Their annual spring benefit, a luncheon and fashion show, by B. Siegel, Thursday at Oakland Hills Country Club, is open to the public.

Mrs. James Connolly and Mrs. Robert Amberg of Birmingham are cochairmen of the 12:30 p.m. event, preceded by a social hour.

Reservations may be made with Mrs. Joseph Wolski of Birmingham.

Linda Miles Marries

Attired in a traditionally fashioned gown of Chantilly lace over taffeta, Linda Lee Miles was escorted to the altar of Walled Lake Methodist Church Sunday where she married David Jesse Byrd.

★ ★ ★

The daughter of Mr. and Mrs. L. Robert Miles of Walled Lake held a bouquet of white daisies.

★ ★ ★

Bonnie Jean Miles was maid of honor for her sister with Mrs. Donald Dornbush, and Lorna Green as bridesmaids. Wendy Jamros was flower girl.

★ ★ ★

James F. Byrd was best man for his brother. They are the sons of Mr. and Mrs. Raymond Byrd of Wixom.

Ushers were Gerald Byrd and Robert Carlson.

Following a reception in the church parlors, the couple departed for a honeymoon trip to Florida.

Mrs. David Byrd

Murrays Wed Saturday in Church Rite

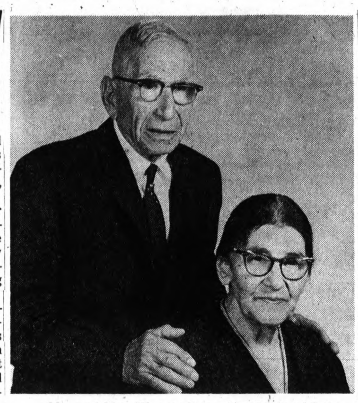
A reception Saturday feted newlyweds, the Michael James Murrays (nee Susan Lee Huntzinger) in Somerset Center, Troy.

The daughter of the senior Mr. and Mrs. John E. Huntzinger of Chippewa Road and the son of Mrs. William J. Murray of Troy and the late Mr. Murray were married that evening in First Presbyterian Church.

Attended by Rosemary Hoenstine and Mrs. William F. Murray, the bride wore a princess gown of organza trimmed with Venetian lace. An arrangement of white Sweetheart roses and Marguerites comprised her bouquet.

Robert B. Thom was best man with John E. Murray as ushers.

The newlyweds are honeymooning in the Poconos Mountains.



Mr. and Mrs. Khoren Bogosian, Orchard Lake Avenue, were guests of honor Sunday at a surprise dinner party at First Federal Savings of Oakland. The couple celebrated their 60th wedding anniversary on Friday; they were married May 15, 1909 in Armenia and have lived in Michigan 50 years. Hosts at the party were a niece, Mrs. Samuel Azoian, and great nieces and nephews, the Arthur Azoians, the Vahan Gurnaguls of Ann Arbor; the Norman Hickeys and the Carl Hutchinsons.

Troth Announced

The Andrew B. Cornells of Troy announce the engagement of their daughter, Lois Elaine, to H. Edward Lewis. He is the son of Mr. and Mrs. Daniel H. Lewis of Taylor Street. The couple, alumni of the University of Michigan, are planning to wed Aug 2.

Red Comes Back

Red which hasn't been a fashionable color in quite awhile is making a comeback this season, especially in accessories. What else complements navy blue and white so well?

Mrs. Michael Murray

News of Area Students

Summer's on its way which means final exams as the 1969 spring semester comes to an end for area university students.

For Susan Todd, daughter of the Norman W. Todds of Utica Street, the highlight of the term was her recent election as treasurer of Sigma Pi chapter of Kappa Delta sorority at Albion College.

EMU

Sharing the winner's circle this spring was Constance Joy Vanderlind, who was second runner-up in the recent Miss Ann Arbor contest.

The 20-year-old junior at Eastern Michigan University, is the daughter of the John Vanderlinds of Hammond Lake.

MSU

At Michigan State University, Peggy O'Neill joined fellow members of the Green Splash synchronized swimming honorary in saluting the year with their annual show entitled, "Scent: A Mental Journey."

Peggy is the daughter of Mrs. E. J. Vallier of Walce Street.

UP

Spring term meant travel for University of Pennsylvania student, Carolyn Cederleaf, who attended sessions of the Federation of American Societies for Experimental Biology recently in Atlantic City, N.J.

Carol, a PhD candidate at the University, is the daughter of Mr. and Mrs. Bertil Cederleaf of Orchard Lake.

UM

It's back to school for University of Michigan graduate, Robert D. Eibergen, son of the Bernard Eibergens of Ennismore Street, Independence Township.

Robert, who received his bachelor's degree, will spend the summer at the California Institute of Technology, where he plans to do graduate work in physiological psychology.

Soybean Derivatives to Be Our 'Food of Tomorrow'

CHICAGO (AP) — It may look like ham, it may taste like ham but it may in fact be soybeans. Nutritionally, it may be better than ham.

The ersatz ham, along with chicken and corn beef made of protein derived primarily from soybeans, was shown recently for sampling at the annual meeting of the Institute of Food Technologists.

Pork and bacon substitutes also are made of soybeans, and lamb is being developed.

William J. Downey, a vice president of Fritzsche Brothers, Inc., New York, which displayed the meat substitutes, called them "the food of tomorrow."

Since the products are tailormade, he said in an interview, they can excel in an interview, they can excel the edibles they simulate in terms of nutrition.

But products cannot be sold to the public on the basis of their nutritional value alone, so it is necessary to make the substitutes look and taste like something else, Downey explained.

MARKETING AIM

Robert J. Eiserle, another vice president of Fritzsche, said the substitute products would be in food stores in five to 10 years.

The price will go down with mass production, so the poor can afford them, he said.

Dr. R. F. Robinson, technical director of Worthington Food, Worthington, Ohio, said hamburger meat is only 60 per cent protein, but the soybean substitute is 90 per cent protein.

He said the protein meat substitutes have less fat than the real thing and retain their texture better during cooking.

Another firm using soybean derivatives showed a beverage which tasted like coconut milk.

Such high-protein beverages would have a nutritional advantage over the highly sweetened soda pops favored by American youngsters.

'Campus, 1969' Is Subject at Sorority Meeting

The national president of Delta Gamma sorority, Mrs. Russell S. Strickland, will address the Kappa Kappa Gamma North Woodward Alumnae Association on Wednesday.

The meeting will begin at 9:30 a.m. in the Birmingham home of Mrs. Terry Barr. Hostesses will be Mesdames: Thomas C. King, C. W. Allen, Lyman R. Lyon and John W. Young.

Mrs. Strickland will speak on "Campus, 1969."

Officers for the upcoming season will be: Mrs. Donald Hurst, president; Mrs. G. R. Brennenman and Mrs. Kent Smith, vice presidents; Mrs. Fred M. Harley, Jr., secretary and Mrs. John N. Merchant, treasurer.

Michael Alan Kaines, son of the Lee Kaines of Lansdowne Street, was recently awarded a DDS degree during spring commencement exercises at the University of Michigan.

Robert Arrives

Mr. and Mrs. Robert B. Schadel of Dixie Highway announce the birth of a son, Robert Bruce, on May 13. Grandparents of the infant are the Robinson L. Bronoels of Pioneer Drive and the Richard Schadels of Lapeer.

Fortas Case Illuminates Dim Ethics Area

WASHINGTON (UPI) — The top men in the United States government are subject to standards of ethical conduct almost as strict as the Ten Commandments — and nearly as difficult to enforce.

If nothing else, the Abe Fortas case underscored the fact that individual conscience and public opinions are perhaps the most effective safeguards against questionable activity in high office.

★ ★ ★

Government officials are subject to the same criminal laws which apply to other citizens, of course. But most allegations of wrongdoing in government involve the gray area of impropriety rather than outright criminality.

Fortas may have violated the 45-year-old canons of judicial ethics when he received, and eventually returned, a $20,000 fee from the family foundation of financier Louis E. Wolfson, who later went to prison for stock manipulation.

CONSCIENCE ONLY JUDGE

But if the 59-year-old justice had not resigned, the canons provided no machinery for bringing him to book. The 36-article code, which is supposed to guide judicial conduct, has no enforcement powers except the conscience of each individual judge.

In the end, Fortas was brought down by public opinion as reflected in congressional debate and statements, in the press and broadcast media and among ordinary Americans.

★ ★ ★

But his departure did not settle the over-all question of whether the three branches of government — executive, legislative and judicial — should and can do more to cover the shadowy area of misuse of public office which falls short of criminal corruption.

All three branches have codes of conduct now. But they vary widely with the toughest applying to the executive branch and the loosest governing the courts. They have one thing in common: There is no specific definition of what constitutes a violation and no set penalties when one occurs.

CABINET CODE

A member of the President's cabinet would violate a four-year-old code of conduct if he accepted a fee for speaking or writing. He probably would be fired by the President if he did so, although the code itself specifies no punishment.

Most officials of the executive branch below the Cabinet level would be permitted to accept a research and writing job similar to the one Fortas says the Wolfson Foundation offered him. But such work would have to be done on one's own time and could not involve the use of confidential government information.

★ ★ ★

Members of Congress can and often do accept payments for speaking and writing. Senators, under a code of ethics adopted last year, must make public the source and amount of lecture and writing fees over $300. But House members need not report fees under $5,000 and do not have to reveal the exact amount of payments over that figure.

Many lawmakers expressed outrage that Fortas received money from the Wolfson foundation while Wolfson was under investigation for stock manipulation. But senators and congressmen frequently accept payment for lecturing to groups that hope to influence legislation.

INFLUENCE SPENDING

The code of ethics for the executive branch was established by President Lyndon B. Johnson in 1965. The rules, kept in force by President Nixon, cover employes earning more than $14,400 annually if they are in a position to influence expenditure of federal funds or to regulate private business.

The Senate and House adopted separate codes last year following the public furor over the cases of Bobby Baker, Sen. Thomas J. Dodd, D-Conn., and Rep. Adam Clayton Powell, D-N.Y. The rules cover members and employes.

★ ★ ★

All judges, state as well as federal are covered by the American Bar Association's canons of judicial ethics, drafted in 1924 by a commission headed by Chief Justice William Howard Taft. It warns judges to avoid both "impropriety and the appearance of impropriety." There are no other rules covering the conduct of Supreme Court justices or the rest of the federal judiciary.

The Constitution provides only one way to remove a judge from office—impeachment. There is, of course, a less formal but probably more effective means. A judge sometimes can be pressured into resigning if he is faced with disclosure of information that could disgrace him.

The impeachment process is so cumbersome that it has been tried just eight times in the nation's history. Only four of the cases resulted in conviction.

As a result of the Fortas controversy, bills have been introduced in Congress to require judges to make public their outside income and file comprehensive financial statements.

★ ★ ★

Sen. Robert P. Griffin, R-Mich., author of one such bill, conceded it would establish for the judiciary a disclosure provision tougher than the one Congress imposes on itself. Griffin said he would favor a uniformly strict standard for Congress and the courts.

★ ★ ★

Disclosure is the heart of any code of ethics. The fear of disgrace is considered the strongest weapon against corruption.

REPORTS SEALED

The Senate requires its members and employes to file detailed financial reports including stock holdings, outside income and debts. The report must include a copy of the senator's income tax return.

But these reports are placed in a sealed envelope and no one can see them unless the Senate ethics committee votes to break the seal. So far, none have been opened.

Senators are required to file a separate report showing campaign contributions of more than $50 and "honorariums" and fees for speaking and writing in excess of $300. These records are open to public inspection.

★ ★ ★

Members of the House of Representatives file a report of some — but not all — outside business interests. The member's list of interests can be inspected, but the amount of money involved is sealed and can be examined only by a vote of the House Ethics Committee. None of the envelopes have been opened.

★ ★ ★

The House does not require its members to report either campaign contributions or honorariums — the only two items the Senate considers important enough for public disclosure.

Top officials of the executive branch are required to file financial statements with their own agency or with the civil service commission. The reports are reviewed by the employe's superior but are never made public.

Bear Visiting Cheboygan Shot

CHEBOYGAN (AP) — A black bear was shot to death in Cheboygan Saturday after efforts to calm it with tranquilizers failed. The bear wandered into town and crawled up a tree.

When police attempts to calm the bear with tranquilizer darts failed, a State Police trooper killed it.

what's a funny place for a phone?

That depends on your sense of humor. If interrupting your washing or ironing to rush upstairs to answer the telephone leaves you breathless, then an extension telephone makes good sense.

An extension telephone saves steps and lets you do your telephoning from where you are. You can select from many smart styles and decorative colors.

Call your Michigan Bell Business Office or ask your telephone man. For as little as ninety-five cents a month (plus tax) you can have an extension telephone in any funny old place you'd like.

Gophers Near Baseball Title

CHICAGO (AP) — Only total disaster can prevent Minnesota's Gophers from winning a second straight Big Ten baseball title in the upcoming and final weekend of the season.

The Gophers missed a chance to clinch it all Saturday when they dropped a 6-5 decision to Iowa in 10 innings on a game-winning hit by Dave Krull with two outs.

The loss was the second in 14 games for the Gophers and only Ohio State, which was rained out of a doubleheader at Wisconsin Saturday, has any chance of winning the title outright.

RAIN STOPS OSU

Ohio State, which was unable to makeup the doubleheader Sunday because of rain, has a 7-5 record. If the Buckeyes take doubleheaders from Purdue and Illinois over the weekend, they would finish with an 11-5 record and a .688 percantage.

Minnesota then would have to lose twice at Michigan Friday and twice at Michigan State Saturday to finish with a 12-6 record and a .667 percentage.

★ ★ ★

In three doubleheaders played aturday, Purdue defeated Mich-Saturday, Purdue defeated Michigan State 6-2 but lost the second game, 6-1. Northwestern downed Indiana 3-1 but lost the nightcap 10-5 and Illinois blanked Michigan 2-0 but was shuitout in the second game 4-0. add M MSU AGUT

WADING ALONG — Wisconsin's Fred Lands steps through water during the 3,000-meter steeplechase Saturday at the Big Ten track meet in Lafayette, Ind. The obstacles were of little trouble for Lands, who covered the course in a record time of 9:00.5 to help Wisconsin take the team championship.

Badgers Reign in Track; Hoosier Ace Impressive

CHICAGO (AP) — Larry Highbaugh, who likes to play a little football for Indiana, turned in the outstanding performance in the Big Ten track and field championships over the weekend but Wisconsin, as expected, captured the team title.

The Badgers scored a record 80 points, bettering the mark of 74 set by Illinois in 1924, and completed the first indoor-outdoor track sweep in the school's history.

Wisconsin won nine individual firsts in Saturday's 16-event closing program with Ray Arrington winning the mile and the half mile within 40 minutes.

But Highbaugh, who plays safety and flanker for the Hoosier football team, captured three individual events and anchored Idiana to victory in the 440-yard relay for a total of 17 points. Highbaugh fell short of the record of 20 points posted by Ohio State's Jesse Owens in 1935 and 1936 with victories in four events.

Highbaugh also won the 100 and 200 dashes Saturday after winning the long jump Friday.

High's performance helped Indiana finish second with 64 points followed by Michigan with 32, Michigan State 27, Ohio State 20, Illinois 18, Minnesota 17, Iowa 16, Purdue 6 and Northwestern 2.

'M' Net Team Captures 11th League Crown

EAST LANSING (AP)—Mention Big Ten tennis and the Michigan Wolverines automaticatically come to mind.

And it's no wonder, with the Wolverines holding their 11th conference tennis title in 15 years after outclassing all opposition in the tournament Saturday at East Lansing.

Michigan came within a hair's breadth of being the third team in conference history to win all nine events, taking all six singles events but dropping one of the three double contests. The only times previously the tournament has been swept clean by single teams was in 1960 when Michigan did it and in 1939 by the University of Chicago.

Dick Dell, brother of Davis Cup Captain Donald Dell, won individual honors by whipping Tom Gray of Michigan State, 7-5, 4-6, 6-1.

Michigan's No. 1 doubles team of Pete Fishback and Brian Marcus lost in the doubles to Northwestern's Don Lutz and Tom Rice, 7-5, 6-2.

Michigan compiled a team total of 161, followed by Indiaa with 86 and Minnesota with 80. Michigan State placed eighth with 42.

Spartans Gain First Big Ten Golfing Title

EAST LANSING (AP) — The one title which eluded Michigan State ever since it joined the Big Ten Conference 19 years ago was in golf—until this year.

But Coach Bruce Fossum's linksmen have filled that empty spot in the Spartan trophy case by winning the 1969 conference championship.

BALANCE

Team balance gave MSU the title Saturday as the Spartans fought off a strong, third-round rally by Purdue and finished six strokes ahead of the field.

Don Padgett, Indiana	72-74-67-77—290
Phil Aldridge, Iowa	76-72-75-74—297
Lynn Janson, Mich State	78-77-72-71—298

TIRED WARRIOR. — Duane McLaughlin of Avondale takes time for a drink of water and a brief break during the annual Green and White football game at Michigan State University Saturday. McLaughlin, a 245-pounder, played at middle linebacker on the No. 2 defensi-e unit.

Pontiac Central Wins Track Regionals

Northern Finishes Third Led by Reeves' 3 Wins

(Continued from Page C-1)

Morrison's times at C'ville under adverse weather conditions bettered the state records for both the high hurdles and the lows. He went :13.6 in the highs and :19.95 in the lows. Brother Rice's Dan Kurkowski was second both times.

Reeves, meanwhile, won the WTHS regional highs in :14.0 to set a new PNH record and miss Bill Tipton's state mark by one-tenth. Reeves ran a :19.4 in the lows.

He also topped the high jumpers with a 6-0¼ effort.

Reabe's time of 1:52.5 was .5 under the state standard. He was more than three seconds ahead of the runner-up. PCH's Ken Long also qualified by placing third in 1:57.5.

The Chiefs set a school and track mark in the mile relay as Jon Costello, Daryl Wilcox, Larry Moses and Long were caught in 3:23.5, two seconds faster than runner-up Lake View.

Costello also qualified with a second place in the mile (4:21.9); Moses placed No. 2 in the 440 dash with a :50.5 effort; while Carey Wiley doubled with a second in the low hurdles (:19.6.) and a spot on the winning 880 relay quartet.

FIELD EVENTS

Also on that unit are Horace Davis, Len Smith and Rollie Garcia. Garcia's 22-feet-9 won the long jump. John Ray of PCH took the shot put in 52-5¼, Campy Russell was runner-up to Reeves in the high jump, and Bob Malone made it by edging teammate Roger Butler for third in the pole vault.

Rufus Hannah qualified for the state finals with a third in the long jump for Northern and he joined Sandy Seay, Jim Kyles and Reeves on the Huskies 880 relay (third place).

★ ★ ★

Waterford's lone qualifier was shot putter George Pizza, the son of PNH track mentor Tony Pizza. A younger brother Greg was fifth Friday for Waterford Mott in the Class B regional high jump at Anchor Bay.

Other local products qualifying at WTHS were Clarkston's two-miler Fred Seylor who was third; pole vaulter Dave Fons of Troy (first); Mike Hall of Rochester and Kent Jocque, Andover, in the 100-yard dash.

At C'Ville, Groves Dave Anderson took the 220 in :21.9 and was just nipped at :09.9 by Roseville's Mel Baggs in the 100. Ferndale's Baylee Reid placed third both times.

★ ★ ★

Teammates Greg Wood and Dave Ursin of Groves tied for first in the pole vault at 12-4; and the Falcons had a third in the 880 relay.

Berkley's Larry Presser led the high jumpers; Farmington's Larry Williams was a 9:33.5 upset winner over Hazel Park's Warren Krueger in the two-mile; and Ferndale's Dave Sheppard sparkled with a :48.5 quarter-mile win.

★ ★ ★

North Farmington's ace miler Rick Randall just made it with a third; Craig Huber was second in the 880 for Groves; Brother Rice's Lou Ciavarella third in the 440; Seaholm's Rick Booker was third in the 880; and Steve Plivilich's Hazel Park won the shot put.

★ ★ ★

Country Day's qualifiers included Jeff Wilson who won the 220 in :23.2 and was third in the 100; Pete Risdon won the 880 in 2:01.9; and the 880 relay unit of Wilson, Jack McClellan, Dave Jacobsen and Sandy Robinson who prevailed in 1:34.6.

CLASS A REGIONAL
at Waterford Township HS

TEAM POINTS — 1. Pontiac Central 53; 2. Lake View 31; 3. Pontiac Northern 25; 4. Grand Blanc 22; 5. Rochester 19; 6. Port Huron Northern 18; 7. South Lake; 8. (tie) Mt. Clemens and Lake Shore 7; 10. (tie) W. Kettering, Troy and Port Huron 6; 12. (tie) Andover, L'Anse Creuse and Waterford 4; 15. Clarkston 3; 16. Lapeer 1.

LONG JUMP — Rollie Garcia (PCH), McAuley (PNH), Han ah (PNH), Davis (C), Blackmer (WT), distance 22.9.

SHOT PUT — John Ray (PC), Cergus (MC), Pizza (WT), Hodsdon (BHA), Herbert (PHN), distance 52-5¼.

HIGH JUMP — Mel Reeves (PNH), Russell (PC), Parker (LC), (tie) G. Miller (R) and J. Miller (LS), height 6-0¼.

POLE VAULT — Dave Fons (T), McAuley (PHN), Malone (PCH), Butler (PCH), Johnson (L), height 13-0.

TWO MILE RUN — Keith Wattles (R), Trombley (LV), Seyler (C), Moore (GB), McCloskey (SL), time 9:34.9.

880 RELAY — Pontiac C (L. Smith, C. Wiley, H. Davis, R. Garcia), Lake View, Pontiac N., Rochester, Port Huron, 1:31.9.

MILE RUN — Mike Pierce (GB), Costello (PC), Steep (LV), Maxwell (PH), Herrman (SL), 4:20.1.

120 HIGH HURDLES — Mel Reeves (PNH), Ward (GB), Hanson (LS), Skaff (GB), Schneider (PH), :14.0.

880 RUN — Kevin Reabe (WK), Schrewe (SL), Long (PC), Hanh (GB), Pinnix (PH), 1:52.5.

440 DASH — Solomon (LV), Moses (PC), Chinn (MC), (tie) Zarzycki (LC) and Poirier (R), :50.0.

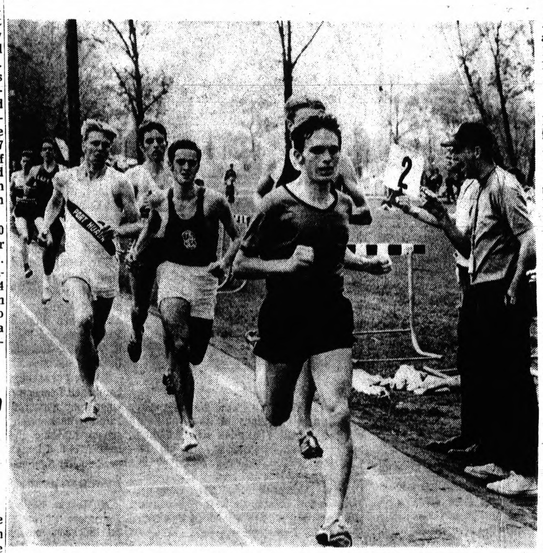
100 DASH — Tom McAuley (PHN), Finazzo (LV), Hall (R), Jocque (BHA), Odette (GB), :10.0.

180 LOW HURDLES — Mel Reeves (PNH), Wiley (PC), Hanson (LS), Ward (GB), Seay (PNH), :19.4.

220 DASH — Finazzo (LV), Hall (R), McAuley (PHN), Garcia (PC), Smith (PC), :22.4.

MILE RELAY — Pontiac C. (J. Costello, D. Wilcox, L. Moses, K. Long), Lake View, Grand Blnc, South Lake, New Track Record.

PULLING AWAY IN HURDLES — Pontiac Northern junior Mel Reeves has a sizable lead over his rivals in the finals of the 120-yard high hurdles Saturday in the Class A regional track meet at WTHS. The slender Husky set a new track and school record of :14.0 in the highs, also won the high jump and low hurdles, and anchored the Huskies' third place 880-yard relay unit.



Pontiac Press Photos by Rolf Winter

SETTING THE PACE — Pontiac Central's record-holding miler and cocaptain Jon Costello leads the field at the halfway point of the mile run Saturday during the Class A high school regional eliminations at Waterford Township's all-weather track. Costello covered the distance in 4:21.9, less than half a second off his PCH record, but placed second to Grand Blanc's Mike Pierce (partly obscured) who was timed in 4:20.1. Costello came back to lead off the Chiefs' winning mile relay team who set a new field and school record with a 3:23.5 clocking.

PCH Reliefer Pitches No-Hitter as Starter

Senior relief specialist Tom Stafne made his first varsity start for Pontiac Central a memorable one Saturday by hurling a no-hitter and defeating the Huskies of Pontiac Northern, 4-0.

Getting plenty of hop with his knuckleball, Stafner kept the county's second-ranked prep nine from any semblance of a hit or well-hit ball.

A steady defense behind him atoned for its two errors with two double plays. Five walks by Stafne were offset by four strikeouts.

★ ★ ★

The Chiefs tallied all four of their runs in the opening inning when PNH's Jerry Reddeman walked four of them, the Huskies' defense misplayed two balls and Phil Shaw and A. B. Davis cracked run-scoring singles.

Shaw's drove in the first two runs and a third scored as the right-fielder committed a two-base error on the drive. Shaw then closed out the scoring when Davis hit safely.

EIGHT IN ROW

The victory is PCH's eighth in a row and gives it a 13-3 mark. It also avenges an earlier loss to Northern who is now 10-4, and marks the second day in a row that the Huskies were held hitless, though they still managed to win in that one Friday.

Central's bid for the Saginaw Valley Crown is scheduled to continue today in a twin bill at Wisner Field with Saginaw Arthur Hill. PNH will meet Waterford (18-3) for the Inter-Lakes League lead tomorrow at WTHS.

★ ★ ★

Saturday at Northville, the Mustangs (14-4) improved their fourth-place standing in the Wayne-Oakland League by downing West Bloomfield (3-8) in a makeup contest, 5-1.

Jeff Taylor limited the Lakers to two hits, including a first-inning double by Mickey Elwood who scored their only run on two passed balls. Taylor (5-2) whiffed 12.

He also had two singles that figured prominently in both Northville scoring outbursts. Dave Coe had a two-run single in the fourth when five straight Mustangs hit safely.

RALLIES

Birmingham Brother Rice (6-3), who trailed when the original game was rained out, scored three runs at Clawson in the final three innings to pull out a 3-1 decision.

Mike Proudhomme's single put the Warriors ahead with two runs in the fifth, and Dan Sullivan brought in an insurance marker in the seventh. Tod Decker held Clawson (7-5) to two hits and fanned eight.

P. CENTRAL 4, P. NORTHERN 0

California Mom Leading Keglers

SAN DIEGO (AP) — Helen Duval, a 53-year-old mother of two from Berkeley, Calif., rolled the second highest all-event total in the 50-year history of the Women's International Bowling Congress Tournament. Sunday.

Mrs. Duval rolled a 674 series Saturday night in leading her Concord, Calif., team to first in the open team competition. Then on Sunday she had series of 627 and 626 to vault into the lead in the open division all-events.

The total of 1,927 was second only to the 1,980 rolled in 1954 by Jean Havlish of St. Paul, Minn. Pat McBride of Grand Rapids, Mich., shot 1,927 in Buffalo, N.Y., in 1959.

Joan Bender of Arvado, Colo., moved into the lead in open division singles with a total of 690, four pins better than Patricia Mauricio, a mother of eight from Wilmington, Calif.

Dora O'Brinski of Roseville, Mich., shot the high game of the tourney with a 280 in singles play. She had a strike, a spar, and then 10 straight strikes.

Local Gridders See MSU Action

(Continued from Page C-1)

Daugherty added the new offense after long looks at the success it produced for Bill Yeoman at University of Houston and Darrell Royal of Texas. Duffy had a first-hand look at the "triple option" two years ago when the fast-back Cougars of Houston slipped into East Lansing and saddled the Spartans with a 37-7 setback.

Duffy explained the new offense.

DUFFY EXPLAINS

"On the triple option, which is just one of our plays, the quarterback takes the snap from center and his next move will depend on the first reaction of the defense. He may hand off to the fullback, run with it himself, roll out and pitch to a trailing back or pass it. It'll be a split-second decision after the snap of the ball and he must quickly read the reaction of the defense."

★ ★ ★

How is it going? "It works and looks beautiful in practice," said Daugherty. "Timing, of course, requires a lot of practice. And remember, this is just one play. We'll still have our power plays and traps."

WHY NOW?

Why didn't you try this before? asked a reporter.

"Well, I'm not very smart," quipped Duffy. Then seriously, "This is the first year we've had the offensive line to do it. Now we have the best offensive line we've had in some time. They have workld hard all year trying to build themselves up physically. But we're smaller than some, Notre Dame for instance. And we're about the same as Michigan and Minnesota."

The scrimmage proved a couple of things. For one, the offense is mighty potent or the No. 2 defensive squad is thin, and secondly, the No. 1 defensive unit showed some vulnerability in the air while posting the shutout.

For the day, the Green Spartans, quarterbacked by sophomore Bill Triplett, rolled up 685 yards and 12 touchdowns. Triplett, voted the outstanding back, gained 59 yards in seven carries, hit on 13 of 15 passes for 206 yards and scored one touchdown, plenty of evidence to indicate he's the man Duffy needs to handle the new offense.

"It took a lot of work at first," said Triplett of the new option play. "But it all went well today."

★ ★ ★

Several Oakland County players saw a lot of action in the final head-knocking session of the spring for the Spartans.

TIMING OFF

Duane McLaughlin, a 245-pounder who played his prep ball at Avondale, handled the middle linebacker chores for the "whites" and turned in a respectable job. "My reaction time was off," offered McLaughlin, who along with his teammates, had more than they could handle with the varsity.

★ ★ ★

The Holiday twins from Royal Oak Kimball also saw plenty of action. Doug, a 215-pounder, played at right defensive end, while Gary, a 210-pounder, toiled with the second string whites at offensive guard.

On Duffy's crack first-string offensive line is senior Craig Wycinsky, a solid 235-pounder who will hold down the right tackle spot.

Others along that offensive line who cleared the way for Triplett and his mates included Foreman (208) and Gordon Bowdell (200) at ends, Wycinsky and Dave VanElst (230) of Middleville at tackles, along with Mike Tobin (220), Ron Saul (239) and Errol Roy (220) at guards.

Wins Richest Tennis Title

NEW YORK (AP) — Rod Laver, the world's No. 1 tennis player, has again lived up to his nickname, "The Rocket."

The 30-year-old Australian used his driving strokes and concentration under pressure to set back fellow Aussie Roy Emerson 6-2, 4-6, 6-1 Saturday night in the finals of the $25,000 Madison Square Garden Invitational Tournament.

The victory rocketed Laver's income by $15,000 in this richest tournament in the history of the sport while Emerson, 32, collected $1,750.

Graham Hill Winner of Monte Carlo Crown

MONTE CARLO (AP) — It looked for a while like favored Jackie Stewart of Scotland might deprive Britain's Graham Hill of his fifth Monte Carlo Grand Prix, but Hill was never worried.

"We figured Stewart would burn himself out and that's just what he did," said Hill, who finished the 80-lap test Sunday in one hour, 56 minutes, 59.4 seconds—an average of 77.42 miles per hour.

Stewart, driving a blue Matra Ford, led the first 22 laps, breaking the track record five times, but was forced out on the 23rd lap with broken rear shaft.

He was one of eight in the field of 15 who didn't complete the tortuous 105.96-mile circuit.

Hill's one-half lap victory in the same Lotus Ford he won with last year valuted him into second place in the world Formula One championship behind Stewart.

★ ★ ★

"All out Lotus cars finished well," Hill said after he received a crown of laurels and a silver cup filled with champagne from Princess Grace of Monaco.

★ ★ ★

Piers Courage of Britain, who finished second in a Brabham-Ford, ruined a sweep of the first four places by Lotus drivers.

Courage was timed in 1:57:16.7. Third place finisher Joseph Siffert of Switzerland was clocked in 1:57:34. Britain's Richard Atwood finished fourth. Bruce McLaren of New Zealand, driving a McLaren, finished fifth, one lap behind the winner.

No United States dirvers were among the starters.

Babe Ruth No. 1 Yankee

NEW YORK (AP) — Babe Ruth was the runaway winner of the "greatest Yankee ever" fan poll, the Yankees announced Sunday.

Ruth, baseball's all-time home run champion, received 60 per cent of the vote to 25 per cent for Mickey Mantle. Joe DiMaggio had eight per cent and Lou Gehrig six.

★ ★ ★

Ruth, of course, also wound up as the right fielder on the all-time team selected by the fans. DiMaggio is the center fielder, and Mantle is in left.

The infield has Gehrig at first, Tony Lazzeri at second, Phil Rizzuto at short and Red Rolfe at third. Bill Dickey is the catcher, Whitey Ford the left-handed pitcher and Red Ruffing the right-handed pitcher.

The closest votes involved second and catching. Lazzeri edged Bobby Richardson 33 per cent to 32 while Dickey topped Yogi Berra 46 to 45.

Tackle Okays Contract

Sandra Haynie Posts Golf Win

Champ Collects Title in Sudden Death

ST. LOUIS (AP) — "Playoffs have been good to me," Sandra Haynie said. She also said she was lucky to be in one.

Kathy Whitworth and Peggy Wilson felt just as lucky, if not so good after.

Miss Haynie, of Lake Bridgeport, Tex., won the St. Louis Invitational Women's Golf Tournament Sunday in the third round of sudden death after missing a short putt that would have given her victory in regulation play.

★ ★ ★

Miss Whitworth, winner of the tournament here the past three years, and Miss Wilson, of Boca Raton, Fla., had finished with 1-over-par 208s after 54 holes.

They stood and watched as Miss Haynie came onto the green with a one-stroke lead.

A five-foot putt would have given her a par and a one-stroke victory. Instead, the putt missed by about six inches and sent the tournament into sudden death.

Sandra Hayne, $2,400	67-69-72—208
Peggy Wilson, $1,680	67-70-71—208
Cathy Whitworth, $1,680	70-69-69—208

Orchard Ridge Closes Season on Losing Note

The Raiders of Orchard Ridge wrapped up their initial baseball season on a losing note Saturday by dropping a doubleheader to Jackson Community College.

John Stoyka's wild pitch with two out in the last of the eighth enabled the winning run to scamper home for Jackson in a 4-3 decision in the opener, and the home team pushed across three runs in the bottom of the fifth to take the nightcap, 4-2.

Jackson's Larry Gebhert, winning pitcher in the second game, stroked a two-run single in the fifth inning rally of the second game that erased a 2-11 Orchard Ridge lead.

★ ★ ★

Stoyka and Chris Norton drove in the runs in the second game with singles. Tom Snyder paced the first game attack for the Raiders with two singles. The double loss left the Raiders at 11-8 for the season at 11-8 for the season.

Wins Colonial Golf

Dickinson Reaches 'Goal'

FORT WORTH, Tex. (AP) — Because a friend—he wasn't identified— reneged on a business deal, Gardner Dickinson finally achieved his lifelong goal in golf, a victory in the Colonial National Invitation Tournament.

"I was playing real bad early this year," the gaunt, 41-year-old veteran recalled Sunday after charging in with a 66 for his first victory in 15 tries in this prestigious event.

★ ★ ★

"And I have this friend who had offered me a job in a business where I could make a lot of money. He told me that when I was ready to quit the tour to let him know.

"So I told him I was ready," Dickinson said, then paused.

"Well, he wasn't ready. If he had been, I wouldn't be here today. I guess I've got him to thank for this $25,000."

The little guy, he weighs only 131, used a refound putting touch, some advice from Ben Hogan and steel-wire nerves to capture the event.

G. Dickinson, $25,000	71-68-73-66—278

Peaches Falls in Semifinals

LONDON (AP) — Mrs. Margaret Court of Australia rode past two American Wightman Cuppers Saturday for the women's title in the London hard courts tennis championships.

In the morning she defeated Peaches Bartkowicz, of Hamtramck, Mich., 3-6, 6-4, 6-1 in the semifinals. That match had been postponed from Friday because of rain.

Former Boxer Dies

NEW YORK (AP)—Joe Woodman, 96, a well-known boxing figure, died in a New York nursing home Sunday after a long illness.

Junior Lifter Sets 4 Marks

BRENTWOOD, N.Y. (AP) — Kenneth Patera of Portland, Ore., set four new records Sunday enroute to winning the super heavyweight class at the AAU National Junior Weight Lifting Championships.

Patera set junior national records with a 410-pound press, a 330 pound snatch, 440-pound clean and jerk and total pounds of 1,180.

★ ★ ★

Robin Madow of Spring Valley, N.Y., who won the 181-pound class, was named the outstanding lifter of the meet. He set three new records—a 330-pound press, 300-pound snatch and 1,005 total pounds.

Death Puts Crimp in Plans for Benefit Tilt

BOWLING GREEN, Ohio (AP) — An exhibition game between the Cincinnati Bengals and the Boston Patriots will be played here August 5, although Steve Beattie won't get to see it.

The two American Football League teams were to play to raise funds for a young man paralyzed from the neck down, but Beattie, 20, died of a kidney ailment Saturday.

Beattie, a star quarterback for the Bowling Green High School, suffered a severed spinal cord during a football game in September, 1966.

The cost of nurses, therapy and lifesaving equipment came to $2,500 a month.

The Steve Beattie Foundation, which has raised $47,000 to offset expenses, says the game will be played as planned. Its members will hold a meeting to determine how the ticket money will be spent.

Kansas Romps to Track Title

AMES, Iowa (AP) — Kansas's three behemoths in the weights and Jim Ryun led the Jayhawks to a record-smashing avalanche of points Saturday in the 62nd Big Eight Track and field championships.

With Karl Salb, Steven Wilhelm and Doug Knop adding a 1-2-3 sweep of the shot put to their similar power display Friday in the discus and Ryun capturing the half-mile and mile runs, Kansas rolled up a staggering 180½ points to make a farce of the team race.

Kansas's point total, which gave the Jayhawks their third straight outdoor title and 15th in the last 18 years, broke KU's own mark of 173 points set in 1955.

Missouri had 78 points for second, with Nebraska third at 69 and Kansas State fourth at 55.
