Lawmakers Back Court Decision

Whipping Proposal: Adults Against, Girls for It, Boys Say No

Should juvenile delinquents be whipped in public? Would that be an effective way to curb crime and other antisocial behavior by some teen-agers, as Pontiac's Democratic state representative, Arthur J. Law, last week proposed?

Opinion on the idea is strongly divided, according to interviews in Pontiac yesterday.

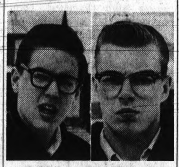
Adults were unanimously against the suggestion, but the teen-agers, themselves, had opposite judgments.

"No," said the boys.

"Yes," said the girls.

"It's going back to primitive times," said Bob Carry, of 2405 Empire, West Bloomfield Township, a 15-year-old 10th grader at Pontiac Central High School.

"Psychologists and psychiatrists are against it," Bob said. "And I don't think much of it, either."



CARRY STURGEON

"I don't like it," agreed David Sturgeon, 17, of 114 Cadillac, a 12th grader at Pontiac Central. "It might help some," David admitted, "but it's not the way to treat kids."

"That type of stuff went out a long time ago," said another boy, who declined to give his name.

GIRLS DIFFERENT

But the girls thought differently.

"It would make kids think twice before doing anything wrong," said Inez Wiscombe, of 251 W. Pike, a 17-year-old 12th grader at Pontiac Central.

"It would make them feel very small to be punished in front of everyone," Inez said. "I think it might do some good."

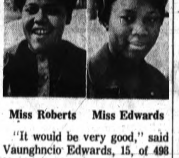
Miss Wiscombe Miss Gilbert

Dottie Gilbert, 17, of 74 Lincoln, also a 12th grader at Pontiac Central, concurred. "I think it's a good idea," she said.

Further support came from Carolyn Roberts, 16, of 340 Midway, a 10th grader at the high school.

EMBARRASSING

"It would be so embarrassing in front of all my friends," Carolyn said. "It'd make me think more than twice about doing anything wrong. I swear I'd be an angel."



Miss Roberts Miss Edwards

"It would be very good," said Vaunghncio Edwards, 15, of 498 Nevada, also a 10th grader. "Kids should behave themselves anyway, but I think this would help them."

"I think it might do some good," said Gloria Houck, 16, of 720 Vought, an 11th grader.

Her friend, Ruth Neville, 16, of 110 Cadillac, a 10th grader, also thought it might help, but added "being grounded" was more effective punishment in her opinion.

Adults interviewed put themselves on the record squarely in favor of discipline, but just as strongly against its being public.

"I think kids should be pun-

Search Starts for Ruby Jury

Defense Still Claims Fair Trial Impossible

DALLAS, Tex. (AP) — Attorneys in Jack Ruby's trial begin today the painstaking search for 12 residents of Dallas County to judge whether Ruby committed murder with malice when he killed the accused assassin of President John F. Kennedy.

The defense says it is impossible to get an impartial jury in Dallas.

"Nothing happened this morning to change my opinion about that," said Melvin M. Belli, chief counsel for Ruby, after seeing the first 150 prospective jurors in the courtroom of District Judge Joe B. Brown.

★ ★ ★

The question of an impartial jury is a pivotal point in the defense of Ruby.

★ ★ ★

The defense contends Dallas is freighted with prejudice and feelings of guilt. Belli says "the shame brought on the Dallas image" is such that juror "would be obligated to convict Jack Ruby of murder with malice (a capital offense) to prove that Dallas is a place of law and order."

★ ★ ★

Nine hundred prospective jurors are available for questioning on their qualifications.

15 CHALLENGES

Belli and the district attorney, Henry M. Wade, each will have 15 peremptory challenges with which they can reject a prospective juror without stating a reason.

Each side also has an unlimited number of challenges "for cause."

Ruby's defense is temporary insanity — the assertion that he suffers from "psychomotor epilepsy," and that grief over Kennedy's death shocked him into an emotional state during which, unwittingly, he killed Oswald.

★ ★ ★

In the morning, the first group of prospective jurors appeared before Judge Brown. He excused 15, some of whom, he said are "mothers with small children at home."

GOES TO FUNERAL

Brown recessed the afternoon session to attend the funeral of R. L. Thornton, a former mayor of Dallas.

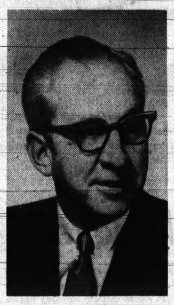
City Realtor Named to Lead '64 UF Drive

Top Position Goes to Bruce J. Annett; Succeeds E. M. Estes



BRUCE J. ANNETT

Realtor Bruce J. Annett today was named chairman of the Pontiac Area United Fund 1964 campaign.

Announcement that Annett will head the fund-raising activity, which at the height of the campaign involves 4,000 volunteers, was made by Glenn H. Griffin, president of the United Fund board of trustees.

"It is with pleasure I report that Bruce Annett has agreed to be campaign chairman this year. Certainly this is one of the biggest jobs in United Fund," said Griffin.

Annett, president and treasurer of Annett, Inc., real estate and property management firm, has been active in United Fund work since 1952.

"I appreciate the trust placed in me and will do my utmost to work for another successful campaign," he said today.

"It will take the support of the entire community. But if we keep in mind that our efforts will benefit thousands in Oakland County who depend on United Fund agencies, I'm sure we will be successful."

FIRST TASK

Annett said his first task will be to appoint divisional campaign chairmen and other key assistants during the next few weeks.

He succeeds E. M. Estes, Pontiac Motor Division general manager, who last fall led United Fund to its most successful campaign in history in raising $855,328, topping the 1963 goal.

No stranger to organizational office, Annett has been very active in professional groups, holding the presidency of both the Pontiac Real Estate Board and Michigan Real Estate Association.

The 49 - year old businessman is also past president of Pon-

Liner Sights Stricken Ship

Sent Danger Signal in N. Atlantic Seas

NEW YORK (AP) — A British merchant ship, battered by heavy North Atlantic seas and listing badly, sent an SOS today and then went silent for nearly six hours. An ocean liner raced to assist her.

Shortly after noon, a Coast Guard cutter intercepted another radio message from the ship, saying that it was "in no immediate danger yet."

At the same time, the Italian ocean liner, Leonardo da Vinci, reported that she had the stricken ship, the Ambassador, in sight and was proceeding toward her. The Ambassador is believed to have 35 persons aboard.

She radioed at 12:26 p. m. Pontiac time: "This is Ambassador. One engine. Bad port list. One port lifeboat smashed. Water in engine room. No immediate danger yet."

The Ambassador, a 7,308-ton, 443-foot merchantship, sailed from Philadelphia last week with a cargo of wheat and corn for England.

If the wheat were to get wet, a Coast Guard spokesman said, it would swell and "open her up like a tin can."

At 6:47 a. m., Pontiac time, today the ship sent out her SOS, saying her engines were inoperative, she was listing heavily and wallowing in heavy seas.

★ ★ ★

A 50-knot wind was blowing and seas were running 18-22 feet, the Coast Guard said.

Area Chamber to Install Chief

The Pontiac Area Chamber of Commerce will officially install Theodore B. Bloom as its 1964 president tomorrow night at the chamber's 54th annual banquet.

The event is scheduled to begin at 6:30 at the Elks Temple.

Bloom, 48, of 4875 Old Orchard, Orchard Lake, is personnel director at Pontiac Motor Division. He will succeed Dr. B. Milton Hathaway, Pontiac optometrist.

The program will feature Paul Lennon, billed as "America's Comet of Comedy." Lennon recently headlined entertainment at the boat show at Cobo Hall.

SILENCE, PLEASE! — Hardly a conservative way of doing things, but the man behind this heckler wanted to hear. He was listening to a speech yesterday about Cyprus by Britain's Prime Minister Sir Alec Douglas-Home. The occasion was the National Conference of Young Conservatives in Friends Hall, London.

Agree in Principle

Britain, Cyprus Eye Peace Plan

UNITED NATIONS, N.Y. (AP) — Britain and Cyprus are reported agreed on principles for a plan to police the turbulent Mediterranean island with an international force while an impartial mediator seeks peace between the Greek and Turkish Cypriots.

The British-Cypriot plan also calls for a consultative committee of U.N. members.

The two nations reportedly agreed on general terms of a Security Council resolution after the council postponed the start of its debate on the Cyprus crisis until this afternoon.

The resolution would avoid the controversial issue of how the international force should be set up and would merely agree that there should be such a force.

RESPECT TERRITORY

It would also appeal to all countries to respect the territorial integrity of the island, an appeal which Cyprus had planned to propose in a separate resolution.

The council debate, scheduled to start yesterday, was postponed after Secretary-General U Thant took a hand in the crisis with peace proposals of his own.

Thant's ideas were handed to representatives of Cyprus, Britain, Turkey, the United States and Greece in a memorandum which dealt with establishment of an international peace force for Cyprus and with machinery for mediating the conflict.

INFORMAL PROTEST

Greece protested informally to the United States and Britain today, accusing them of failing to inform it of their decision to take the Cyprus issue to the U.N. Security Council.

The oral protest was made by the caretaker foreign minister, Christos Palamas, to Ambassadors Henry Labouisse of the United States and Sir Ralph Murray of Britain.

WOULD RESIST

Cypriot President Makarios declared today that if Turkey intervened in the Cyprus crisis "we would resist" and would accept aid from any quarter.

In an interview, Makarios said he was deeply concerned about the bloodshed between Greek and Turkish Cypriots, but insisted the violence was caused by Turkish Cypriots who want Turkey to intervene.

Speaking forcefully, he emphasized that in resisting any Turkish intervention "we would ask the security council to step in and we would appeal to all countries to assist us.

★ ★ ★

We would accept any assistance."

U.S. Still Plans Viet Withdrawal

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara says he still hopes to withdraw most American troops from South Viet Nam by the end of 1965—even if the anti-Communist fight falters there.

He has told Congress that events in South Viet Nam since last fall have not changed his mind in this regard.

McNamara's reaffirmation of his troop withdrawal plans was made in secret testimony before the House Armed Services Committee two weeks ago. The committee released a censored transcript of the testimony today.

★ ★ ★

"Isn't this a little unrealistic," Rep. Samuel S. Stratton, D-N.Y., asked, "in view of the fact that when you first made the announcement, things were going quite a bit better than they appear to be going at the moment?

IN THE EVENT

"And wouldn't you say that in the event that things do not go as well as you hope they will that unquestionably we can't continue to withdraw any more of our forces?"

"No sir, I would not," replied McNamara. "I don't believe that we as a nation should assume the primary responsibility for the war in South Viet Nam.

"It is a counterguerrilla war; it is a war that can only be won by the Vietnamese themselves. Our responsibility is not to substitute ourselves for the Vietnamese, but to train them to carry on the operations that they themselves are capable of."

WATER PIPE CUT — Rear Admiral John Bulkeley oversees Cuban workers yesterday as they use acetylene torches to loosen a joint in the 14-inch pipe that formerly conveyed water from Cuba to Guantanamo Naval Base. The admiral, commander of the base, ordered the cut in answer to charges by Castro of water stealing. (See story, Page 10).

4-Millionth 1964 Auto Rolls Off the Line Today

DETROIT (AP) — U.S. auto plants, whose car production is running about 11 per cent ahead of the 1963 model, will turn out the four millionth car of the 1964 run today.

That total was not attained until March 8 last year.

Because production schedules are so involved, it was impossible to determine which company or plant would turn out the 4 millionth car.

PREDICTED OUTPUT

Auto workers turned out last week their 1 millionth car since Jan. 1 and projections were that the February output would be close to the record 675,495 cars made in February, 1955.

One statistical agency — Ward's Automotive Reports — predicted output for this February would run about 12 per cent ahead of the 601,022 units built in Feb. 1963.

Seven General Motors plants worked overtime last Saturday, including five Chevrolet Division lines, an Oldsmobile - Pontiac plant at Linden, N.J. and a Chevrolet - Buick plant at Wilmington, Del.

Ford's Wixom, Mich., Lincoln - Thunderbird plant also worked overtime Saturday to pick up some of the production it lost because of a strike at a supplier plant a week earlier.

Snow and Colder Predicted for Area

A light snow with colder temperatures is headed for Pontiac tonight. The U. S. Weather Bureau predicts the mercury will fall to 26 then rise to near 33 tomorrow.

★ ★ ★

Today's southerly winds at 8 to 15 miles per hour will become west to northwest at 10 to 15 m.p.h. tonight and northerly at 12 to 20 miles tomorrow.

Cloudy, scattered snow flurries and a little colder is the forecast for tomorrow. Thursday will be partly cloudy and a trifle warmer.

Twenty-four was the low temperature in downtown Pontiac preceding 8 a.m. The reading was 37 at 2 p. m.

1 Man, 1 Vote Wins Praise of Both Parties

House Leader Calls Ruling Step Toward Equitable Districting

WASHINGTON (AP) — Reaction among congressmen indicated support today for the Supreme Court ruling that House members should represent equal numbers of people.

Rep. Emanuel Celler, D-NY, chairman of the House Judiciary Committee and unsuccessful sponsor for 15 years of a bill calling for equality in congressional districts, said he was "happy about the court's momentous decision."

"It is a great step forward in giving the districts fair, equitable and just representation," Celler said.

Rep. Silvio Conte, R-Mass., said: "This has been long coming. I can't see any fault in it."

★ ★ ★

Analysts at Republican headquarters said the Republicans probably will gain seats in the House as a result of the high court's decision.

DEMS TO BENEFIT

But Democratic spokesmen said "The majority party is the Democratic party and it cannot but benefit from any move which attempts to give all citizens as close as is practicable" an equal voice in electing House members.

House leaders from both parties blasted a dissenting opinion by Associate Justice John M. Harlan, who argued that the verdict "casts grave doubt on the constitutionality of the House of Representatives."

Harlan said the ruling "places in jeopardy the seats of almost all the members of the present House of Representatives," because only 37 of the 432 present members were elected from districts that conform with the court's ruling.

"It's pretty far-fetched to intimate that actions by the House might prove to be illegal," said Leslie Arends of Illinois, the assistant Republican leader.

CONSTITUTIONAL

"Of course the House is constitutional," asserted Democratic Leader Carl Albert of Oklahoma.

The court's decision was by a 6-2 vote with Justice Tom Clark concurring on some

'No Big Rush on Revision'

LANSING (UPI) — Gov. George Romney told the legislature today there is no need to rush into a constitutional revision dealing with Michigan's tangled legislative apportionment problems.

The governor also said the State Supreme Court could not constitutionally adopt a one-man, one-vote apportionment system for the state legislature in its deliberations over plans submitted by the State Apportionment Commission.

The job of districting the legislature fell to the high court last month when the bipartisan apportionment commission reached a deadlock in its deliberations.

Sale Sought for R 20 Land

The City Commission will be asked to tentatively okay the sale of 194,088 square feet of urban renewal land to Charles L. Langs at tonight's commission meeting.

One of the items on tonight's lengthy agenda is a resolution authorizing the urban renewal department to proceed with necessary agreements in disposing of the land on the north and south sides of East Pike near Douglas.

Langs, of Waterford Township, has proposed a multi-family town house type development on the site, which lies in the R20 urban renewal project area.

The development would be federally financed under a program enacted in 1961, which provides for Federal Housing Administration insurance of below - market interest rate mortgages to reduce rental and cooperative housing costs where the normal rental market doesn't meet the need.

FOR APPROVAL

The proposed sale agreement, together with a minimum deposit of 5 per cent of the sale price and redevelopment plans, will go to federal officials in Chicago for approval before a final agreement is executed between local officials and Langs.

In other business tonight, commissioners are slated to act on a resolution which would put a charter amendment increasing the city's power to levy taxes on the April 20 ballot.

The amendment must be adopted by a public vote. In its present form, it would allow the city to levy up to an additional $1 per $1,000 of assessed property value to pay for police and fire pension and manpower costs.

★ ★ ★

The amendment, however, is subject to change before it reaches the commission table for formal action.

ALSO SCHEDULED

Also scheduled for action are resolutions which would do the following:

1. Authorize the city manager to apply for a federal planning grant in the amount of $63,000 to cover design and construction drawings of proposed Clinton River improvements from Union to Opdyke (east of the present river project).

2. Support an application from the city's current restaurant tenant at Pontiac Municipal Airport asking Waterford Township approval for a new liquor license.

★ ★ ★

3. Approve the purchase of options to buy seven parcels of the Clinton River bed in the central business district which are needed for right-of-way in the current river improvement project.

★ ★ ★

City Engineer Joseph Neipling is also scheduled to give commissioners reports on typical examples of charges to be assessed under a newly proposed sewer tap-in fee ordinance and on estimated costs for relieving basement flooding in the northeast trunk sewer area.

★ ★ ★

Several planning commission reports and recommendations are also on tonight's agenda.

Solons Hail Decision of High Court

points and dissenting on others.

The majority opinion was by the court's senior associate justice, Hugo M. Black.

It concluded: "While it may not be possible to draw congressional districts with mathematical precision, there is no excuse for ignoring our Constitution's plain objective of making equal representation for equal numbers of people the fundamental goal for the House of Representatives."

The specific case before the high tribunal involved Georgia's 5th District, which includes the Atlanta metropolitan area.

It has 823,680 persons compared with only 272,154 in the adjoining, rural 9th District.

"We agree with the District Court that the 1931 Georgia apportionment grossly discriminates against voters in the 5th Congressional District," Black's opinion said.

★ ★ ★

"A single congressman represents from two to three times as many 5th District voters as are represented by each of the congressmen from the other Georgia congressional districts."

The high court returned the case to the District Court for further action.

Wheat to Russia Still Halted

MIAMI BEACH, Fla. (AP) — Efforts of the Labor Department's top troubleshooter to quickly settle a union boycott against U.S. wheat shipments to the Soviet Union apparently have failed.

★ ★ ★

Insistence by labor leaders that at least half the grain be transported in U.S. vessels dashed President Johnson's hopes of an early solution.

James J. Reynolds, assistant secretary of labor, who was sent here by the President, was to have held a news conference on the wheat dispute Monday night, but it was called off.

★ ★ ★

ANOTHER STRIKE

Reynolds was to leave today for Daytona Beach on another labor dispute, a strike against the Florida East Coast Railway that has slowed construction of space facilities at Cape Kennedy.

Most of the nation's chief labor leaders are here for the annual meeting of the AFL - CIO Executive Council.

★ ★ ★

AFL - CIO President George Meany told a news conference Monday he had agreed to Johnson's personal appeal to help seek a settlement of the boycott. But Meany also said he backed the union stand.

The International Longshoremen's Association halted the loading of wheat on two foreign ships in New Orleans and one in Houston.

HONORS AGREEMENT

Longshoremen's President Thomas W. Gleason said all wheat shipments to the Soviet Union, even on American vessels, would be tied up unless the administration lives up to an agreement providing for at least 50 per cent shipments in U.S. vessels.

Reynolds apparently gave up hope of an immediate settlement after round - the - clock sessions with union leaders and frequent telephone conferences with Secretary of Labor W. Willard Wirtz in Washington.

★ ★ ★

Continental Grain Co., which sold $75 million worth of grain to the Soviet Union, says it cannot find enough acceptable U.S. ships to carry half the cargo.

Union officials say this is just an excuse to use cheaper foreign ships, including some that had been blacklisted by the United States for trading with Cuba.

Factions Seek Settlement on Florida Railroad Strike

DAYTONA BEACH, Fla. (AP) —Labor and management confer today at the urging of Secretary of Labor W. Willard Wirtz to see if they can end the violent Florida East Coast Railway Strike.

Assistant Secretary James J. Reynolds, the Labor Department's top troubleshooter, was to meet with Ed Ball, board chairman of the railroad, and G.E. Leighty, chief negotiator for the 11 nonoperating unions on strike.

★ ★ ★

Wirtz sent Ball and Leighty identical telegrams.

"The dispute between the Florida East Coast Railway and the nonoperating brotherhoods is now in its 14th month. The losses suffered by the private interests involved are incalculable. The loss suffered by the public interest is intolerable.

RECENT BOMBINGS

"The recent bombings of this property are outrageous criminal acts.

The interruption this past week of vital defense operations of Cape Kennedy, resulting from picketing, is a further insufferable price to the public," the telegrams read in part.

★ ★ ★

Picketing of Cape Kennedy began after the railroad started operations of a spur there. Work on millions of dollars in space projects was halted when construction workers honored the picket lines. Work was resumed after the National Labor Relations Board worked out a truce.

There have been more than 200 violent incidents during the strike. The most recent were dynamite bombings of freight trains in North Miami Beach and New Smyrna Beach.

PAY RAISE

The 1,300 members of the nonoperating unions employed by the railroad struck Jan. 23, 1963, after the railroad said it could not grant their request for 10.28 cent an hour raise.

The unions said they can't afford to settle for less than the national pattern of 10.22 cents added to hourly pay of $2.42. This was accepted by 190 Class I railroads in 1962 on the basis of a National Emergency Board recommendation.

The railroad has been operating with supervisory employes and trainees. It carries only freight.

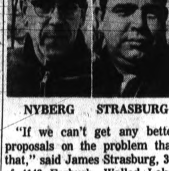
ished but it should be taken care of in the home by the parents," said Carl Nyberg, 63, of 19 E. Princeton, who said he did not like the idea at all.



NYBERG STRASBURG

"If we can't get any better proposals on the problem than that," said James Strasburg, 30, of 4143 Forbush, Walled Lake, "then maybe we ought to get some new people in office."

A 33-year-old woman who asked that her name not be reported was shocked at the question. She had not heard of the proposal.

"That would be just like hanging," she said, aghast. "Such problems should be solved at home. There wouldn't be any juvenile delinquency if they were. Discipline starts in the home."

Rep. Law introduced a bill last week that would empower probate judges to order public punishment for juvenile offenders with a belt or a switch, possibly at a school assembly.

TIME TO QUIT

"It's time we quit theorizing about what causes delinquency and do something to curb it," said Law, a 58-year-old grocer with a reputation among his legislative colleagues for wanting to see wrongdoers dealt with severely.

State Atty. Gen. Frank J. Kelley, also a Democrat, yesterday said he would have to declare such a law unconstitutional, in the unlikely event it were to pass, as violating constitutional guarantees against "cruel and unusual punishments."

Safe With Cash, Check Removed From Store

A safe containing from $410 to $420 in cash and a $199 check was reported stolen yesterday from the West End Paint and Wallpaper store, 3360 W. Huron, Waterford Township.

Police said the 60-pound safe was carried from the store following a break-in. Entry was gained by breaking a lock on the rear door of the building.

Hoffa Defense Wins Hearing

Hoping to Throw Out Damaging Testimony

CHATTANOOGA (AP) — James R. Hoffa's defense won today a new chance to attack the testimony of the chief government witness in the Teamsters Union president jury-tampering trial.

U.S. Dist. Judge Frank Wilson granted a hearing to determine whether Edward G. Partin, a Baton Rouge, La., Teamster official, acted illegally when he recorded two telephone conversations with Hoffa.

The hearing, the judge said, will follow testimony in this trial — but will come before the case goes to the jury.

★ ★ ★

Thus, if the defense succeeds in throwing out Partin's testimony, it will throw out a major portion of the government case against Hoffa.

LINKED HOFFA

Partin gave testimony linking Hoffa and others on trial with him with alleged efforts to rig the Nashville jury which tried Hoffa on conspiracy charges in 1962.

The defense said the recorded telephone conversations, just prior to the start of the 1962 trial, resulted in Partin's being invited by Hoffa to Nashville.

While there, Partin testified, he had Hoffa's confidence — and also made daily reports to the Justice Department.

★ ★ ★

If Partin's initial contact with Hoffa was illegal, defense lawyers argue, his subsequent reports and testimony were unlawfully obtained — and should be disregarded.

NOT ILLEGAL

Government lawyers say there was nothing illegal about the recordings, made in a Baton Rouge motel, because Partin called Hoffa — and had a right to record calls he had initiated.

One of the codefendants, Nicholas Tweel, Huntington, W.Va., businessman, was the first of eight defense witnesses called yesterday.

★ ★ ★

Tweel denied statements by Partin and two other government witnesses that he was involved in alleged jury-tampering efforts.

Ask Figures for Proof of Rubbish Cost Claim

BIRMINGHAM — City commissioners have asked the city's rubbish collector to back up with sound figures his claim that his costs have risen 40 per cent.

Last night they tabled for a week action on the request of I. J. Giacolone, owner of the Detroit Rubbish Co., that the firm's contract with the city be renegotiated or dissolved.

Giacolone had told the commission his costs have gone up 40 per cent since his three-year contract with the city was signed in 1962.

★ ★ ★

The agreement provides for residential rubbish pickup from Jan. 1, 1963 to Dec. 31, 1965. Giacolone's fee is $152,000.

HAD COMPETED

City Manager L. R. Gare, who recommended that the request be denied, noted that the firm had competed with several others for the job.

He said there would be little use in taking bids on future projects if this one could be renegotiated when it is only 35 per cent completed.

While asking for additional figures from Giacolone, commissioners also sought the advice of city attorney Howlett, Hartman and Beier.

In other action, they authorized signing an agreement with the Oakland County Road Commission for the opening of 14 Mile from Cranbrook to Southfield.

INCLUDED AREAS

The project will include improvement of that stretch and of Cranbrook from 14 Mile to Lincoln.

Barrett Mason, 1280 Buckingham, and Percy Burnett, 563 Hanna, were appointed to the city's board of review.

Birmingham's largest remaining parcel of property zoned for commercial use has changed hands.

The 217,000-square-foot parcel on Adams south of the A & P supermarket has been purchased by Harry and Philip Stevens.

The father and son are local residential developers who own three Birmingham office buildings.

They have announced no plans for the property but said they hope to do so this spring. The plot contains nearly five acres.

HANDLE SALE

Carl Plumhoff of Hall and Young, Inc., realtors, handled the sale of the property formerly owned by Hamilton Paterson and Wallace Reid.

Mrs. Rutherford C. Scott

Service for Mrs. Rutherford C. (Sara P.) Scott, 64, of 1252 Chesterfield will be 2 p.m. tomorrow at the First Presbyterian Church. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mrs. Scott died yesterday after a brief illness. Her body will be at Manley Bailey Funeral Home until noon tomorrow.

Past president of the P.E.O. Sisterhood, Birmingham Chapter B.Q., Mrs. Scott was a member of Gamma Phi Beta, Birmingham Branch of the American Association of University Women, the Women's Association of the First Presbyterian Church, Oakland County Republican Women's Club and the Village Woman's Club.

Surviving besides her husband are her daughter, Mrs. Ben. J. Lancashire of Indianapolis, Ind.; her son John R. of Hinsdale, Ill.; two brothers; and five grandchildren.

Urges State to Take Time on Districting

(Continued From Page One)

as practical" in the districting of congressional seats should not upset the Apportionment Act established for Michigan's 19 house seats last year.

NOT THE TIME

Romney said at his daily news conference that "procedures outlined in the new constitution are being followed" and that therefore now is not the time to rush into a special election on constitutional revision.

Romney and Lieut. Gov. T. John Lesinski got into a hot argument today over whether or not Michigan should reapportion its congressional districts on the basis of a new U. S. Supreme Court ruling.

At a meeting of the State Administrative Board, Lesinski said the high court decision yesterday in the Georgia apportionment case made it apparent the congressional districts Michigan's legislature established last year should be revised.

★ ★ ★

Romney responded, "Michigan is one of the best apportioned states in the nation as far as the House of Representatives is concerned and I would not agree we should reapportion at this time."

ISSUE POSTPONED

The issue was finally postponed when, on a motion by Secretary of State James M. Hare, the ad board voted to have Atty. Gen. Frank J. Kelley and Robert Danhof, Romney's legal adviser, review the decision of the Supreme Court and make a report back to the ad board. Romney cast the only dissenting vote.

Woman Hurt in 2-Car Crash

A Birmingham woman was admitted to St. Joseph Mercy Hospital last night following a two-car crash at Rochester and Avon roads in Avon Township.

In fair condition with multiple lacerations is Mrs. Penelope Lambrose, 52, of 1663 Derby.

She was a passenger in a car driven by her husband, Nick, 65, when it collided with one driven by Larry B. Bailey, 21, of 1805 S. Rochester, Avon Township. Neither Lambrose nor Bailey was seriously injured in the 8:35 p.m. accident.

Russia Nixes U.S. Plan for Disarmament

GENEVA (AP) — The Soviet Union rejected the Western proposals for phased gradual disarmament as unrealistic today and said there appeared little likelihood of East-West compromise.

The Soviet delegate, Semyon K. Tsarapkin, accused the Western powers at the 17-nation disarmament conference of "lack of enthusiasm" in discussing Soviet proposals and said the West "does not give us much hope" for progress in the Geneva negotiations.

Tsarapkin told the conference the U.S. government "does not face reality" in proposing an across-the-board, 30 per cent reduction of arms in the first stage of disarmament and 35 per cent in each of two subsequent phases.

He accused the U.S. government of pushing production of nuclear weapons to shift the nuclear balance heavily in its own favor before staged disarmament begins.

Western officials said the Soviet delegates avoided saying anything about Soviet missile production.

Complaint in Waterford

Water Level Action Disputed

Waterford Township's right to regulate the flow of water between Maceday and Williams lakes was challenged last night by a resident living near Maceday Lake.

James Peters, 2723 Maiden, told members of the Township Board he thought they were inviting legal action by lowering the Maceday Lake level.

Peters referred to the township's recent installation of a pipe between the two lakes to divert excess water from the Clinton River from Maceday to Williams Lake.

Township Supervisor James E. Seeterlin told Peters that the Maceday Lake level would not be lowered.

He explained that the level of the lake has been gauged and a gate valve, installed with the water pipe, could stop the flow of water if any lowering is evidenced.

Seeterlin added that he felt the township was obligated to help raise the Williams Lake level when this could be done by not lowering the level of Maceday Lake.

He compared the township's action as comparable to scrapping private roads. "We aren't obligated to do either," he said. "But we want to perform needed services when we can."

★ ★ ★

Peters reiterated that he felt the township was stepping beyond its authority by the lake action. He also criticized the board's approving a public library after the issue had been defeated at the polls.

STANDS ON RECORD

Trustee John Coleman said he would stand on his record as favoring the library. He suggested that Peters could exercise his right as a voter if he was dissatisfied with the way the board functioned.

In other business the board set March 9 as the date for a hearing of intent on the proposed blacktopping of Hira Street.

Estimated cost of the special assessment district is $15,598.

★ ★ ★

The board tabled a request by the Waterford Township Junior Chamber of Commerce for installation of a banner over Dixie Highway advertising their Home and Sports Show.

Further information on where the banner would be attached will be sought.

$1,011,149 State Road Funds to County

Oakland County received $1,011,149 from the State Highway Department for the final quarter of 1963, County Road Commissioner Sol D. Lomerson announced today.

The money is the county's share of Motor Vehicle Highway Fund collections for October, November, and December, he said.

Cities and villages in the county received a total $790,251 as their share for the same period.

★ ★ ★

The county's portion was up $85,019 from what it received for a similar period in 1962.

TOTAL COLLECTIONS

Total collections for the last three months of 1963 amounted to $49,723,386, State Highway Commissioner John C. Mackie said. The amount was $3,545,716 more than in 1962, he added.

All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the State Waterways Commission's share, the money is distributed under provisions of state law as follows:

State Highway Department for use on state highways, 47 per cent; Michigan's 83 counties for use on county roads, 35 per cent; and 518 incorporated cities and villages for their roads and streets, 18 per cent.

MONEY DIVIDED

Under this formula, the State Highway Department receives $23,369,991 as its share of the fourth quarter collections, the counties, $17,403,185, and cities and villages, $8,950,209.

An additional $611,884 was withheld from the counties' share for snow removal. These funds are to be shared by the counties based on snowfall in each county this winter season.

Amounts being paid to cities and villages in Oakland County are:

Berkley, $31,714; Beverly Hills, $15,725; Bingham Farms, $1,134; Birmingham, $38,159; Bloomfield Hills, $6,386; Clarkston, $1,352; Clawson, $20,842; Farmington, $10,722; Ferndale, $47,960; Franklin, $5,450.

★ ★ ★

Holly, $6,258; Huntington Woods, $12,584; Keego Harbor, $3,946; Lake Angelus, $231; Lathrup Village, $7,078; Lake Orion, $4,301; Leonard, $1,249; Madison Heights, $48,458; Milford, $7,901; Northville, $7,037; Novi, $14,811; Oak Park, $50,238; Orchard Lake, $3,028; Ortonville, $1,543; Oxford, $4,378.

Pleasant Ridge, $5,210; Pontiac, $157,004; Rochester, $8,736; Royal Oak, $127,758; South Lyon, $2,984; and Southfield, $84,657.

Other area communities' share are: Almont, $2,409; Brown City, $2,344; Dryden, $1,494; Lapeer, $11,217; Marlette, $3,360; Metamora, $1,172; Romeo, $4,824.

Car-Train Crash Kills Parents, Three Children

ATLANTA, Ga. (AP)—A family outing and a visit with friends turned into tragedy when the mother and father and three of their eight children were killed in a car-train crash.

★ ★ ★

Two other children of the Samuel Monroe Bailey family were injured in the crash in the nearby Tucker community Monday night. Three children were at home.

The automobile was carried about 1,800 feet by the train after the crash at the crossing.

Killed were Mr. and Mrs. Bailey; Brenda, 16; Gayle, 7, and Kathie, 6.

CRITICAL CONDITION

Two other children in critical condition at a hospital were Betty Ann, 8, and Wayne, 2.

★ ★ ★

Engineer E.F. Lyons of Plum Branch, S.C., said the automobile pulled on the crossing directly in front of his train.

Five Area Communities Pick Candidates

In an over-all heavy turnout, the electorate of five area communities selected candidates to appear on the ballots of spring elections.

Voting was varied, with incumbents being nominated for reelection in some municipalities and being wiped off the ballot in others.

Qualified electors in Troy, Oxford, Romeo, Leonard and Clarkston narrowed the field of contenders. Following is a summary of results of yesterday's primaries and caucuses:

OXFORD

Three times the number of voters casting ballots in last year's election turned out here yesterday to keep six of the eight political hopefuls in the running for the March 9 election.

All three incumbents remain in the race.

Village President Allen F. Valentine was the top vote-getter, tallying 176 in the nonpartisan balloting.

Almost half of the village's 495 registered voters cast ballots yesterday, 248.

Others remaining in the race for the council seats are incumbent Trustee Lionel J. Kamm, 171; F. Ray Forman, 36 Dennison, 161; John C. Flumerfelt, 47 N. Washington, 158; incumbent Trustee E. Wayne Converse 143; and Homer Hight, 97 Dennison, 132.

MORE VOTES

Hight had two more votes than James Schaible, 67 Pontiac, who was eliminated from the March 9 race along with Mrs. Grace Smith, of 71 Pontiac. Mrs. Smith was the lone woman to run for council. She garnered 106 votes.

Up for grabs in the nonpartisan spring election will be a pair of two-year terms on the council and a one-year term. The two top vote getters will serve for two years and the third for one year.

TROY

Former police chief David E. Gratopp led the field of six contenders in yesterday's primary election here, tallying 353 more votes than the second place candidate.

In a higher than average turnout, the Troy electorate chose to place Gratopp's name on the April 6 ballot, with 1077 votes.

Also vying for the two vacancies in the nonpartisan spring election will be Clancy A. Fonseth, 314 Lyons; Incumbent Commissioner James F. Carey; and Ronald Rounsville, 1516 Muir.

Fonseth came in second in the balloting with 724 votes. Carey tallied 602 votes and 506 votes were cast for Rounsville.

Of the city's 8,298 registered voters, 1,799 turned out for the primary. Losing candidates were Gerald R. Hershberger of 285 E. Long Lake, with 383 votes, and Robert L. Doolin, 151 Tacoma, with 219.

One of the city's voters cast the election's sole write-in vote for retiring Commissioner Robert J. Bargert.

Yesterday's nonpartisan balloting left the top four vote-getters eligible to compete for the two vacant three-year posts.

LEONARD

At a meeting which Caucus Chairman Edward Porter called the biggest turnout he had ever seen, Leonard Citizens Party members swept three incumbent trustees right off the March 9 ballot.

More than 40 of the village's 116 registered electors voted at the party caucus to place the names of former president Lawson Sheik, Calvin Scheall, 4260 Baza; and Kenneth Pease, 260 N. Division on the ballot.

Nominated for reelection, but tallying insufficient votes, were incumbents Frank Bore, Eugene Mallia and Raymond Greene.

Bore and Mallia garnered five votes each while Greene failed to gather any support.

UNOPPOSED

Unopposed for reelection to office were Village President Jesse Sutherby, Clerk Mrs. Clara Scheall, Treasurer Mrs. Lucille Porter and Assessor Elmer Powell.

Some residents attending the meeting said the three incumbent trustees were ousted because they failed to attend a sufficient number of meetings.

Although partisan balloting is carried out in Leonard, only the Citizens Party is active.

CLARKSTON

Members of the Citizens Party at last night's caucus named all but one incumbent to its slate of candidates for the March 9 election.

The lone newcomer is Mrs. Mary Ann Pappas as candidate for treasurer. She replaces incumbent Mrs. Prudence Dunstan who has established temporary residence in northern Michigan.

Mrs. Pappas is the wife of Clerk Art Pappas.

★ ★ ★

Other incumbents nominated at the brief caucus were Robert C. Waters, president; Art Pappas; Lloyd Sibley, assessor; and Herbert Beach, Harold Goyette and Earl Terry, trustees.

CHAIRMAN

Independence Township Supervisor Duane Hursfall served as chairman of the meeting held at the Village Hall.

Approximately 25 persons attended the 8 p.m. session as candidates were uncontested for nomination.

In recent years the Citizens Party has been Clarkston's only active political unit.

ROMEO

In an election rarity, a slate of four write-in candidates won places on the March 9 ballot as 65 per cent of Romeo's 992 voters flocked to the polls.

Incumbent Village President Wayne Black and Trustees Tony Galan and Jack McFadden, all seeking reelection, were wiped off the ballot in yesterday's primary.

Leading the field of vote-getters was former Police Chief Edgar Welsch, who knocked Black out of the president's race with more than a 2-to-1 vote margin, 421 to 189.

★ ★ ★

Appearing in the clerk's slot on the March 9 ballot will be the name of incumbent councilman Norman Engel, who defeated his fellow Republican Party member Mrs. Phyllis Mellen, 254 E. St. Clair, by a vote of 372 to 202.

NOT SEEKING

Engel had decided not to seek reelection to the council.

Incumbent Clerk Mrs. Dorothy Carl is retiring from office in order to devote more time to her family.

Voted in as contenders for the three vacant two-year council terms were write-in candidates Martin Durham, of 275 Benjamin, with 391; James C. Burke, of 355 N. Bailey, with 372; and Thomas S. Raymond, of 197 Washington, with 367.

★ ★ ★

McFadden won a useless fourth place with 224 votes and Galan followed with 221. William Lee, of 171 Tillson, appeared in the race as a write-in candidate on a slate with the incumbents. He garnered the least number of votes — 69.

TREASURER VOTES

Unopposed for treasurer was incumbent Mrs. Dorothy Hosner, who was awarded 418 votes.

In other single - candidate races voters retained on the ballot incumbent Assessor Fred Ebeling, 375, and library board member Edgar Priest, 393 and Thomas J. Schultz, 350.

Only the Republican Party was represented in Romeo's partisan balloting, as the Democrats have not appeared in the two previous elections.

★ ★ ★

Victory in the primary race here is tantamount to election, except for the possibility of new write-in candidates being successful in the March 9 balloting.

DIG FOR KNOWLEDGE — Construction of Orion Township's new $100,000 library was officially begun at ground-breaking ceremonies yesterday, when Library Board Chairman Mrs. Margaret Slater pushed the chrome shovel into the frozen ground. Also taking part in the event, on the site at M24 opposite Buckhorn Lake, were Township Supervisor John Lessiter (right) and Joseph Bersche, head of the Bersche Construction Co. of Pontiac, contractor. An October completion date is scheduled.

Avon Residents, Contractor at Lull in Battle Over Trees

AVON TOWNSHIP — A legal lull has been reached in the current feud over construction of the sewer line between Stony Creek Metropolitan Park and Rochester.

Employes of Louis Garavaglia Contractors, Inc. of Warren, are again digging trenches to install the pipes.

But now they are in the road, so home owners who earlier filed a formal complaint don't mind — as long as the laborers stay in the road.

Wilson Severance, attorney for 10 families who live along a half-mile stretch of Washington, requested and received a stop-work injunction last month.

HARM TREES

Severance's clients, who live on the northwest side of the road, were worried that the construction firm would remove, or harm, the large trees growing in their front yards — at least what they think is part of their front yards.

At a meeting attended by Severance, attorneys for the park authority and the Oakland County Road Commission Friday, it was agreed to move the work further into the road.

So Severance has lifted the injunction.

"We signed a stipulation so that if I feel they aren't far enough out in the road, I have the privilege of getting another injunction," Severance said yesterday.

WORK BEGINS

The work has begun again.

But now a new question has arisen. Nobody seems sure just who owns the road, and how wide the road really is.

"This part of the case is still active," Severance said.

"We're waiting for a written answer from the road commission as to just how wide they feel the road is."

MAY CONTEST

The attorney said if the county claims the road is 66 feet wide, he'll contest the decision.

★ ★ ★

"If we disagree with their answer we'll request a court date," he said.

The dissident home owners live on a portion of the road north of Runyon.

Orion Twp. Church Sets Lenten Series

ORION TOWNSHIP — The Lenten season will be celebrated at St. Alfreds Episcopal Church with a series of six Tuesday evening services, all based on the words of Christ.

Beginning today at 7:30 p.m., Dr. B. H. Crewe, minister of the church, will discuss Christ's statement "Before Abraham was, I was."

Other services will begin at the same time, on the five following Tuesday, ending March 24.

Wixom Holds Primary for Two City Positions

WIXOM — Qualified voters here today are deciding which four of six candidates for two city posts will face each other again in the April 6 election.

Three of the contenders in today's nonpartisan primary election are seeking a two-year term as mayor, while another trio is battling for positions in the April 6 runoff for a four-year justice of the peace opening.

LAKE ORION — Several district and federation officers were on hand recently to help the Lake Orion Woman's Club celebrate its 50th birthday at the Youth Center.

Among the distinguished guests present were Mrs. Ralph J. Main of Birmingham, president of the Southeastern District, Michigan State Federation of Women's Clubs, and Mrs. W. A. Winkelhouse of Ann Arbor, vice president of the Southeastern District.

Mrs. Forbes Hascall of Birmingham, newly elected president of the Oakland County Federation, also joined in the festivities. Another dignitary in attendance was Mrs. Joseph Phillips of Rochester, president of the Women's Literary Club of Pontiac and treasurer of the Oakland County Federation.

Laine-Myers

Pair Trades Vows, Rings

WEST BLOOMFIELD TOWNSHIP — Linda June Myers and PO 3.C. Gary Brian Laine exchanged vows and rings Saturday evening in the Redford Presbyterian Church. Rev. Donald Capp officiated.

Parents of the couple are Mr. and Mrs. Robert G. Myers, 5061 Middle Belt, and the John S. Laines of Detroit.

The bride's floor - length gown featured a Chantilly lace bodice with a sweetheart neckline and silk organza skirt that swept into a chapel train.

Her wedding cake crown of Alencon lace, crystals and pearls held a fingertip veil of silk illusion. She carried a lace-covered prayer book topped with a corsage of cymbidium orchids and Stephanotis.

BRIDE'S PARTY

Mary Faith Sirpilla of Franklin was maid of honor. Bridesmaids were Sandra Keller of Royal Oak and Jan Boley of Birmingham.

Serving as best man was William Atkinson of Grandville. Guests were seated by Larry Myers of Orchard and Gale Laine of Detroit.

Following their reception at Botsford Inn, the newlyweds left on a honeymoon trip to New York City. They will reside in Quantico, Va.

Oppose Charter Change

Milford JCs to Fight Plan

MILFORD — Local Jaycees have gone on record as opposing the proposed charter amendment which would change establishment of special assessment districts.

Moreover, they plan to campaign against the proposition should it be placed on the ballot.

A committee set up by the Jaycees held its first meeting last night and discussed tactics.

AREA NEWS

★ ★ ★

Its work, however, is pending Gov. Romney's approval of the proposition to be put on the ballot March 9.

The village referendum vote was requested by a 135-signature petition circulated by Paul A. Poltzer early this year. Certified by the village clerk Jan. 16, the petition was then sent to the governor to be approved for the election.

If accepted at the polls, the amendment would provide that special assessment districts be established only after a majority vote of the property owners living in the proposed district.

The governor's office has been contacted by both Poltzer and village officials.

★ ★ ★

President Wilbur Johnson and Manager Don Weidner talked with Romney's legal assistant in an attempt to get the proposition withheld. Their trip to Lansing was followed by a letter to the governor from Plotzer.

NO WORD

As of this morning there had been no word in return.

The Jaycees voted unanimously to oppose the amendment after presentations by Weidner and Plotzer and a question and answer period last week.

Their resoultion reads in part: "Milford Jaycees believe that the proposal . . . will prohibit orderly and effective government in the Village of Milford and will confuse the responsibility and authority of the Village Council to create orderly and effective village improvements."

★ ★ ★

About 35 of the organization's 50 members attended the session last week.

The potential campaign — which would involve a "Meet Your Candidate" night, distribution of literature, newspaper advertisements and telephone calls—is to be conducted on an "impersonal" basis with group rather than individual action.

TALK ABOUT PREJUDICE — A series of discussions on race and human relations at five Rochester area churches was launched last night at St. Paul's Methodist Church with a talk on "The Nature of Prejudice." Speaker was Dr. Robert Frehse (left), director of the Detroit Round Table of the National Conference of Christians and Jews. With him are Mrs. Alex Duffield, chairman of the series-sponsoring Committee on Human Relations, and pastor of the host church, Rev. J. Douglas Parker.

The institute will be attended by 20 high school science teachers from throughout the nation.

Walled Lake Seeks School Funds

WALLED LAKE — The board of education here would like to increase its revenue by about $210,000.

School district voters will be asked March 30 to authorize an additional three-mill levy for operations.

With the money, the board plans to raise salary schedules to the county average, provide additional personnel and purchase equipment needed in building additions.

Currently property owners are paying an extra voted levy amounting to four mills.

AMOUNT INCREASE

The proposition would increase this to $7 per $1,000 of assessed valuation.

About two-thirds of the increase in operating funds would be offset by a two-mill reduction in the levy for bonded indebtedness, according to Schools Supt. Clifford H. Smart.

The board now is collecting seven mills for retirement of bonds. This will be reduced to five because of debt that has been paid and reserve funds that have accumulated, Smart noted. Thus the actual tax increase would be one mill.

The current four-mill levy, due to expire this year, would be rescinded and replaced by one for seven mills.

NEW LIBRARIES

Equipment needed would be for new libraries at five elementary schools. The board will open bids March 23 on the additions to Walled Lake, Commerce, Union Lake, Decker and Twin Beach schools.

All registered electors in the district are eligible to vote on the issue March 30.

Dinner Is Set for Teachers

COMMERCE TOWNSHIP — Walled Lake Senior High School teachers will be guests of honor at a PTA potluck dinner Thursday evening.

Students will present a surprise program and there will be a brief business session.

Reservations for the 6:30 p.m. event can be made with Mrs. Alfred Turner, 2476 Oakview.

Arthur Rosenthal

In the death of ARTHUR ROSENTHAL, Pontiac loses a distinguished citizen and one of its accomplished businessmen.

Coming as a youth to the United States from Poland, he figuratively lifted himself by his bootstraps in a business career that covered mercantile and investment interests.

★ ★ ★

Following more than a score of years as a merchant in other Michigan cities, Mr. ROSENTHAL for more than half a century has been president and active head of Arthur's Women's Apparel Shop. During that time, the local store bore an unsurpassed reputation for quality and ethical customer relations.

Mr. Rosenthal was deeply interested in the City's civic, social and fraternal activities and a willing worker in many humanitarian causes.

His steadfast personality had won him a host of personal and business friends who will deeply mourn the passing of this fine member of our communtiy.

Pay-as-You-Go Plan Borrows Way Through

In telling municipal employes there is not enough cash in the till for raises this year, Mayor ROBERT A. LANDRY said:

"We wish we could give our employes much more.

"However, we are running this city on a pay-as-you-go basis, just as we said we would two years ago."

★ ★ ★

Two city improvements which have been passed by the current City Commission are the community recreation center in District 1 and the northside fire station in District 4. Both these improvements were campaign promises by commissioners seeking reelection. But were these two projects financed by "pay-as-you-go"?

The money for them was BORROWED.

★ ★ ★

Commissioners borrowed $150,000 from the Police and Fire Pension Fund last May to build the fire station. The station is all but completed, but the City won't start repaying the loan until 1965. Commissioners borrowed $169,000 last July from the General City Employes Pension Fund to build the community center. It's scheduled for completion this summer, but the first payment isn't due until next year.

★ ★ ★

Claiming a "pay-as-you-go" operation of the City in the face of financing of these two improvements is clearly attempting to fast-talk the city voters.

It just isn't true.

Latest Castro Outlawry but 'Needling' Tactic

In a realistic assessment of CASTRO's shutting off our water in Guantanamo, free of the political and chauvinistic hoopla it engendered, it should be realized that the action was not unexpected.

★ ★ ★

Those at the base have known for years that the Cuban dictator might at any time close the valve on one pretext or another. So they have maintained a 12-day emergency supply of water, were prepared to have it shipped in and to supplement the supply with evaporators aboard ships.

★ ★ ★

The water shut-off is not a showdown between CASTRO and the U.S. —at least not yet. It is not an attempt to force us out of the base, which CASTRO knows he hasn't a Chinaman's chance of doing, but is pure and simple harassment under the guise of protesting the arrest of 36 Cuban fishermen in American waters.

This new development is the Cuban version of the Berlin Blockade of 1948-49. But like the Blockade, the "Battle of Guantanamo" will be decided not by any physical confrontation of the U. S. with Cuba, but by American determination and, hopefully, the backing of world opinion.

★ ★ ★

Barring an actual invasion of the base by Cuba, hardly conceivable, or direct attack on U.S. citizens, the course for the United States is one dictated by invincible strength and unruffled posture.

Viet Dilemma Building for U.S.

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The American-backed war against Communists in South Viet Nam is not only dragging badly but Red assassins are trying to terrorize Americans, including women and children, far behind the lines.

MARLOW

This is building to an anguished dilemma for President Johnson in this election year when he wants to look good in foreign affairs, the field in which would-be Republican presidential candidates criticize him most.

In Saigon, the capital, assassins' bombs have killed and wounded Americans in bars and a baseball stadium. American homes have been attacked with grenades. Sunday night the terrorists reached a peak.

Outside a movie theater filled with about 500 servicemen and their families a U.S. military policeman was shot to death. Then came the bomb blast.

Two more servicemen were killed, 51 Americans were wounded or injured, including women and children, and outside the theater a number of Vietnamese were killed or wounded.

★ ★ ★

An Associated Press dispatch says recent Vietnamese intelligence reports indicate top level Communist terrorist and assassination squads from North Viet Nam started moving into Saigon Jan. 1. The attacks didn't get going well until this month. Now they are multiplying on ferocity.

COURSE OF THE WAR

Ever since a bunch of South Vietnamese generals took over the government in a coup last Nov. 1, the course of the war has been uncertain and dilapidated.

This developing chaos was compounded Jan. 29 when the generals who pulled off the Nov. 1 coup were bounced out in another coup by another bunch of generals, led by Maj. Gen. Nguyen Khanh, 36.

In the past three years, about 185 Americans have been killed in Viet Nam—mostly in the fighting area but some in Saigon—and about 600 have been wounded or injured.

★ ★ ★

In addition, this country has put over $5 billion in aid into South Viet Nam.

MORE FRUSTRATIONS

On top of these costs, casualties and disarrays, French President Charles de Gaulle has added to the American frustrations by recognizing Red China and proposing all Viet Nam be neutralized.

No wonder the Communists—knowing this country's reluctance to get directly involved, since it might mean war with China—have taken advantage of the mounting uncertainties.

Their purpose seems obvious enough: To embarrass Americans through Asia; to weaken the will of the South Vietnamese to resist by shaking their confidence in Americans and their own government; and to create dissension in the United States over what to do.

Sooner or later Johnson must make a tremendous decision: To stay and just dawdle along while American men and money are lost; to take more direct action, despite the risks; or to get out.

Days Of Crisis

David Lawrence Says:

Churchmen Show Political Savvy

WASHINGTON — Churchmen are not supposed to be politicians or lobbyists, but a recent meeting described as "the first national study conference on church and state" produced some findings which show that churchmen at least know their way around in the political world and also in the phrasing of statements to publicize their objectives.

LAWRENCE

Like the politicians who write sentences that often can be interpreted two ways, the churchmen have steered clear of antagonism to any group with which they differ.

There is more than meets the eye, however, in the carefully worded statements, known as the "general findings," of a group of 400 churchmen—delegated to represent 24 "Protestant and Orthodox communions" throughout the country—which met recently under the auspices of the National Council of Churches.

The "general findings" said in part:

"While the functions of church and state are distinct, they often overlap. At times they lead in separate directions and at other times they clash.

★ ★ ★

"The nation which adopted the First Amendment, at the same time considered itself both Christian and Protestant and saw no contradiction in passing laws which required Sunday observance, prayer and Bible reading in the public schools.

"Its actions attested to historical interaction as well as to separation of church and state."

But the conference dismissed this early attitude as no longer valid because, due in part to the "enrichment of immigration, a predominately Protestant society developed into a pluralistic society."

★ ★ ★

In other words, the churchmen took the point of view that times have changed and that constitutional principles now must be interpreted differently.

SPECIFIC FINDINGS

The "findings" of the conference are specific in their approval or disapproval of certain points which have recently been the subject of wide discussion. The conference agreed, for instance, on the following proposition:

"Acceptance and support of Supreme Court decisions insofar as they prohibit officially prescribed prayers and required devotional reading of the Bible in public schools."

In the realm of parochial elementary and secondary schools the report reaffirms positions previously held, but these take on new importance because of the controversy in Congress on federal aid to education.

The report said:

"Since parochial elementary and secondary schools are maintained by churches so that 'religion permeates the entire atmosphere' of the school, government funds should not be authorized or appropriated for over-all support of such schools as distinguished from aid in support of specific health and welfare programs conducted by such institutions to meet particular public needs.

NO OBLIGATION

"While we acknowledge the right of parental choice of schools, we do not admit that a choice by parents of parochial or private schools imposes on the state any obligation to support such choice through the granting of public funds in overall support of such schools.

"In recognition of the seriousness of the financial problem of the parochial schools, we propose shared time as the most creative measure for solving this problem and are willing to explore other legal methods for solving it."

Obviously, the whole subject is in a state of evolution, and church groups are taking more and more part in public affairs and in politics.

Ruby Trial Cast to Stage a Grim, Colorful Drama

DALLAS — Meet some of the cast of a grim but colorful courtroom drama:

● Melvin Belli, an erupting volcano of the law for three decades, "King of Torts," scourge of the claims department of the express companies.

CONSIDINE

Belli estimates he wins an average of a million dollars a year from them in personal injury suits.

Despair of the American Bar Association, once characterized by him as "dull, dry and gutless."

Author, bon vivant, sentimentalist: "I was moved to tears by Jack Ruby's sincerity. If there ever was a man entitled to plead not guilty, Jack's the man."

● District Attorney Henry Wade, a quiet man awaiting the high noon of his career, determined that nobody as bellicose as Belli is going to rattle him. Tough.

GOOD AVERAGE

He has tried 24 murder cases in Dallas. Score: 23 sentenced to death, one to prison. Had five convicted men in the death house at one time.

Political horizons as unlimited as Texas itself.

● District Court Judge Joe B. Brown's ability to handle the Ruby murder case has been questioned in some quarters, but no indignation has been expressed over this spite by his old school, Jefferson University of Dallas.

★ ★ ★

It went out of business some time ago after cranking out a diploma of some sort for Hizzoner.

PURELY COINCIDENTAL

If any light whatsoever is shed on the assassination during the Ruby trial, it probably will be purely coincidental.

★ ★ ★

Assuming the jury is finally chosen, the trial seems almost certain to deteriorate into a torrent of angry words between lawyers, hammerings of the judge's gavel, a look into Ruby's sordid life, and searching inquiries of Dallas police officers as to why they would give a man of his reputation the run of the house.

Writes About Walled Lake Firefighters

Some people and officials of Walled Lake think the people want 1940 rural fire protection and 1964 police protection. Contrary to what these people would like you to believe, the Volunteer Firefighters Association is not demanding anything from the city government. It believes the people should be informed of any plans which will change fire department service.

I have lived in Walled Lake for 20 years and watched people try to do more jobs than is humanly possible for two men to do well. If a man had that ability and personality he might start in Walled Lake but after 50 years he would be serving in Washington earning more than $8,000 a year.

VOP Letters on Beatles Not in Harmony

Earl Wilson is a disgrace to the U.S.A. calling The Beatles a barber shop quartet, the oldest type of harmony and good music that is in America today. If they sing four-part harmony, then I wonder what the Buffalo Bills sing. I think we "barbershoppers" should get together and make Wilson retract his statement.

Union Lake — **Merrill J. Deem**

Just because The Beatles come from the slums of Liverpool is no reason to hold that against them as "A Disgruntled Teen-Ager" did. At least they made something for themselves and didn't end up being hoods. To millions of their fans they represent a singing group that is clean and decent.

★ ★ ★

I'd like to know if that teen-ager holds it against Abraham Lincoln just because he came from a poor family.

They unjustly accused The Beatles of putting on an "asinine display" on Ed Sullivan's show. If there were any asinine displays in the past week there was surely one on the Garry Moore show where he and three other inconsiderates imitated The Beatles.

Waterford — **Carmen Stone**

Adults say teen-agers are the crazy ones by some of the things we do. And yet as they were growing up we're sure they "flipped" for singers. We're sure they liked a certain music better than another and they did crazy (if not crazier) things than we do. People don't let us do what we want or like what we want. They always have something bad to say about us.

We don't understand why adults are cutting down England and knocking The Beatle haircut, unless they're bald and just plain jealous.

Four County Judges Don't See Eye to Eye on Incumbency Law

News Analysis

By JIM DYGERT

Even judges can disagree on what the law means — especially when it affects them personally.

★ ★ ★

Four Oakland County judges have different views on whether they, as appointed judges, are entitled by law to be designated as incumbents on the ballot when they run for election this year.

It's an issue that may yet produce a slam-bang partisan fight that could go all the way to the State Supreme Court.

Democrats insist that judges appointed last year by Republican Gov. Romney are not entitled to the ballot designation. Republicans say they are.

WORTH HAVING COURT

The four Oakland County judges concerned — Circuit Court Judges Arthur E. Moore, Philip Pratt and James S. Thorburn and Probate Court Judge Norman R. Barnard — agree readily enough that the designation is well worth having.

Experts concede it gives appointees a big enough advantage over potential challengers at the polls to discourage the latter from even going beyond the potential stage.

But the four judges do not concur in whether a state law passed last fall really gives the designation to them.

"I don't think it does," says Moore, who nevertheless discounts rumors that he may run instead for the new state appellate court the legislature is expected to create.

SOME DISAGREEMENT

"I think we have it, but I can see where there may be some disagreement," says Pratt.

"There's no question but that we have it," Thorburn asserts with confident finality. "I'm not sure," says Barnard.

★ ★ ★

The law says simply that all judges have the right to the designation if they apply for it.

COUPLE CATCHES

But there's a catch — a couple of them, in fact.

One is that the words dealing with the topic are in a paragraph concerning municipal elections. Circuit and Probate Court judges are state officials.

Democrats refuse to admit that GOP legislators slipped one by them. They say it cannot possibly apply to Circuit Court judges.

Republicans insist it does because it says "all judges" and is part of the general election law.

CONSTITUTIONALITY

Another catch — and point of contention — is the matter of constitutionality.

The new constitution gives the ballot designation to elected Circuit Court judges, but neither grants nor prohibits it for appointed judges.

In fact, the document does not consider the problem possible. It has Circuit Court vacancies filled temporarily by retired judges ineligible to run subsequently for election.

★ ★ ★

It gives no guidelines for the situation of the Romney appointed judges, who were named before the new constitution took effect Jan. 1 and who are therefore eligible to run.

COURT CHALLENGE

Anyone applying for the designation — Pratt and Thorburn say they will — may bring a court challenge as the Democratic response, or possibly a request first for an opinion by Democratic Attorney General Frank J. Kelley.

In Oakland County, five of the seven nonpartisan Circuit Court judges are former Republicans.

If this were not enough to produce a ruling in favor of the appointed judges, there's still the fellowship ties of the judicial club. These are sometimes stronger even than partisan loyalties.

★ ★ ★

Even the former Democrats among the county's judges urged adoption of a bill that clearly would have given their GOP-appointed colleagues the incumbency designation. Democratic legislators opposed this bill, which failed to pass.

★ ★ ★

But it could be a different story in the State Supreme Court where five of the eight justices were nominated by the Democratic party. They may not be so sentimental about fellowship.

Deadline Near for '64 License

Must Be on Car by Midnight, Feb. 29

There are still some 35,000 Pontiac motorists who don't have their 1964 license plate tags, and there are less than two weeks left until the deadline for buying them.

Willis Brewer, manager of the secretary of state's Pontiac branch office, said today that sales "are at about the same as this time last year.

We've sold about 26,000 so far and have about 35,000 to go."

★ ★ ★

Motorists must be displaying 1964 plates or tags by midnight Feb. 29.

OFFICE HOURS

Brewer said the Pontiac office at 96 E. Huron would be open 9 a.m. to 5 p.m. Monday through Saturday through the 29th.

Motorists should bring their vehicle titles with them when purchasing plates, he reminded.

Plates will also be sold at the Waterford Township Hall Saturday from 9 a.m. to noon, and all day Feb. 29.

★ ★ ★

An office will be open at the White Lake Township Hall Feb. 24-29 from 9 to 5 daily.

NONE TO CLOSE

None of the offices will close on Feb. 29 as long as there are people in line waiting to buy plates, Brewer said.

There were some 60,000 tags and plates sold through the local office in 1963.

The Air Force did not disclose the distance of Monday's test flight.

Russian News Agency Reports Ruby Trial

MOSCOW (AP)—Tass reported the opening of the trial of Jack Ruby in Dallas Monday as follows:

★ ★ ★

"The trial of Jack Rubinstein (Ruby), who shot Lee Oswald on Nov. 24 last year, began at Dallas, Tex., today. The court rejected the demand of the defense counsel for the immediate closing of the trial due to the 'insanity' of the defendant and began selecting the jury members."

If you're after a car with some life to it, there's only one thing to do. Be my guest.

I'm easy to find, you know. Just look for me at your Buick dealer's, during his Sports Car Rally. While you wait for me, you can drive one of his sport models—a Wildcat, maybe, or a Skylark. Or even a Riviera. In fact, you can drive all three. That's what the Buick Sports Car Rally is all about. (What a way to start a New Year!) If I don't show up, you can talk price. That's even more pleasant than conversation with me. You'll see. Once you get your hands on a Buick, you won't miss me a bit. Really.

State Teams to Visit Electronics Companies

LANSING (UPI) — Gov. George Romney is hoping 13 will be a lucky number for Michigan economic opportunity as that many two-man teams will approach 31 electronics firms across the nation with a sales pitch for locating in the Water Wonderland.

"The firms which will be contacted have indicated a positive interest in Michigan's potential for the electronics industry," Romney said.

The firms were selected on the basis of introductory letters from Romney to 89 of the largest electronic firms in the nation.

The results of the contacts made by the 13 teams in terms of prospective expansions, new locations, laboratories and other services, will be pooled, Romney said.

★ ★ ★

The campaign to solicit electronics industries for Michigan is an outgrowth of Michigan's recent bid in Washington to the National Aeronautics and Space Agency (NASA) in hopes of location of a $50 million research center in the state.

WENT TO BOSTON

It was finally located in the Boston area.

Four Michigan universities, utilities and community industrial development groups are taking part in the project.

The schools involved are the Universities of Detroit, Michigan, Michigan State and Wayne State.

Each team will include an electronics expert and an industrial development specialist, Romney said. The use of the same task force approach to other industries is currently under study, Romney said.

Parliament Meets

Canada to Probe Relations With U.S.

OTTAWA (AP)—The session of the Canadian Parliament opening today promises debate in two areas of concern to the United States—defense and foreign investment.

Disputes last year over these two sore spots in U.S.-Canadian relations helped topple Canada's former Conservative government and then rocked the succeeding Liberal administration.

Prime Minister Lester B. Pearson's minority government is committed to spell out long-range policy in a white paper showing Canada's role in North American defense.

NUCLEAR ARMS

Defense questions last year wrote a painful chapter in U.S.-Canadian relations. Washington grew impatient publicly with former Prime Minister John Diefenbaker's indecision over stationing U.S. nuclear warheads on Canadian soil. Diefenbaker bitterly accused the United States of meddling in Canadian affairs. The nuclear dispute split his Cabinet, triggered the downfall of his government and led to Pearson's election in April.

★ ★ ★

Pearson said he agreed to receive the warheads only because he felt obligated to honor Diefenbaker's earlier pledges.

By Jan. 15, 28 nuclear warheads for Bomarc antiaircraft missiles had been delivered to bases at North Bay, Ont., and La Marcarza, Que. Arrival of nuclear warheads for Voodoo jet interceptor squadrons at three Canadian bases is set for later this year.

WILL WITHDRAW

Defense Minister Paul Hellyer's white paper is expected to show that Pearson intends to gradually withdraw Canada from a nuclear role. Canada would then concentrate on an airborne conventional force to serve the United Nations and the North Atlantic Treaty Organization.

The new budget may pinpoint a major political dilemma for Pearson. He is committed to improve relations with the United States but his finance minister, Walter Gordon, is determined to loosen foreign control of Canadian business.

★ ★ ★

Criticism over Gordon's first budget last year hurt the newly installed Liberals and resulted in an unsuccessful "Gordon must go" campaign.

One Gordon measure would have imposed a 30 per cent tax on large-scale sales of Canadian company stock to foreign investors. The move, intended to curb foreign takeovers, proved unworkable and was quickl ywithdrawn.

OWNERSHIP

Gordon held out for another move to encourage foreign-owned subsidiaries in Canada to offer a minimum of 25 per cent ownership to Canadian investors. The alternative was higher Canadian withholding taxes on the outflow of investment earnings. Americans have more than $12 billion invested in Canada.

★ ★ ★

Despite charges that the actions discriminated against the United States, the largest foreign investor, Gordon has indicated further measures to prevent foreign takeovers are in the works.

Teaches in Pakistan

Star 'Performs' for Country

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD—Rosemary DeCamp has made the transition from Pakistan to "Petticoat Junction" with the ease that has always marked her acting career.

Miss DeCamp, best known in films for Mother Cohan in "Yankee Doodle Dandy" and in television for "The Bob Cummings Show," was doing a "Petticoat" only days after returning from a three-month tour for the State Department.

★ ★ ★

"The trip was a rare and wonderful experience," she commented. "It made me realize how many friends we have abroad. It also made me realize how much has to be done to keep those friends."

The actress said the trip evolved through friendship with an American cultural officer who was stationed in Pakistan. He suggested she could speak to school and theater groups while her husband, Judge John Shidler, could confer with legal officials.

FRIEND GONE

"That was four years ago," she said. "I guess the State Department puts your name in a barrel and waits. By the time the tour was authorized and we got to Pakistan, our friend was transferred.

"I was uneasy at first; the last teaching I had done was 30 years ago at Mills College," she said. "But they made me feel welcome. The Pakistani are a very warm and friendly people.

★ ★ ★

"They seemed very eager to learn about drama, even though they have very little opportunity to display their talents. There was no language barrier, since most speak English as a hangover from the British days.

★ ★ ★

"They like American plays and were especially impressed by the clarity of Edward Albee's dialogue, although they didn't understand the messages in his plays.

JUST NOT DONE

"In some plays I had to make concessions for local custom. In 'The Glass Menagerie,' I had to change the kissing scene, since public kissing is just not done. The actor kissed the girl's hand—and even then she pulled her sleeve down so his lips wouldn't touch her skin.

"It was only when we went to East Pakistan that we felt some hostility. There you can see the results of Radio Peking, which floods the area with propaganda.

★ ★ ★

"It is disheartening to see Russia and China spending 10 times what we spend," she remarked. "There is so much to be done over there, and we just aren't doing it."

QUESTION: A magnet can pick up metal nails, and mercury is a metal, so why can't a magnet pick up mercury?

★ ★ ★

ANSWER: It's true that mercury is a metal—the only one we commonly see in liquid form. But mercury does not belong to the "ferromagnetic" group of metals.

"Ferrous" means pertaining to iron, and iron is the chief metal affected in a high degree by magnetism, others being nickel, cobalt and gatolinium.

This is why the mercury in the thermometer is paying no attention to Jimmy's magnet, while the iron nails are hanging by their heads.

While iron is the chief metal used in making magnets, it is often combined with other ferromagnetic metals in what are called alloys.

There is still much to be learned about magnetism. Many scientists, however, explain it by the idea that the minute molecules in iron are all jumbled together, but that when it is magnetized, they are then lined up in orderly rows.

Then, these scientists say, they can exert an attraction all together, for each molecule attracts others. This group attraction can reach out beyond the magnetized metal and do strange things like picking up nails.

★ ★ ★

FOR YOU TO DO: Become familiar with magnets and and magnetism. You'll be amazed to find the great extent to which magnets are used in our modern world.

Waterford May Adopt Flint Plan

A resolution supporting the community - school philosophy will be considered Thursday night by the Waterford Township Board of Education.

The resolution is an outgrowth of several visits by Waterford administrators, teachers and PTA people to the Flint school system.

Extensive utilization of Flint school facilities for various educational and recreational activities has impressed Waterford administrators. They are hopeful of some day incorporating this concept in their own school system.

In other business at the 7:30 p.m. meeting at Houghton Elementary School, the board will hear a report on the school system's dropout prevention activities.

Also slated for board attention is a report from a committee on suggested names for two new elementary schools.

A proposed site for an elementary school to be constructed in the second phase of the school building program also will be considered.

★ ★ ★

The meeting, the first to be held outside the administration building, is open to the public.

Charges U. S. Opened Mail

WASHINGTON (AP)—Top government postal officials have refused to comment on charges by Roy M. Cohn's attorneys that the government has been intercepting their mail for more than a year.

Cohn's lawyers have asked for dismissal of a perjury indictment against the former chief counsel of the Senate committee headed by the late Sen. Joseph R. McCarthy, R-Wis., on grounds that his mail and his lawyers' mail has been intercepted.

The only first class mail that may be opened without a court order, he said, is undelivered mail that has been shunted to the dead letter office, where it may be opened and inspected in an attempt to identify the sender or the addressee.

The only other way first class mail may be opened is for a search and seizure order to be issued by a court.

Cadillac

IF IT'S TOO QUIET—TURN ON THE RADIO

Some of the finest comments that come to us from owners of 1964 Cadillacs concern the car's extraordinary quietness of operation.

A Cadillac owner remains comfortably insulated from the distraction and din of the heaviest midtown traffic.

And we think that this remarkable characteristic tells a great deal about the quality and goodness of this extraordinary new Cadillac creation.

First of all, it indicates the car's high level of craftsmanship. Every 1964 Cadillac, in fact, now undergoes more than 1400 separate inspections.

It indicates, too, how Cadillac's combination of functional styling, scientific soundproofing and advanced new suspension have reduced to an almost unbelievable degree the sounds normally associated with travel.

And, even more importantly, it speaks of the car's great engineering. Cadillac's dynamic new engine operates with flawless precision, despite its record power. Its new transmissions, both the Hydra-Matic and the Turbo Hydra-Matic, translate that power into smooth, hushed response . . . and combined with exclusive True-Center drive line, virtually eliminate vibration.

If you have not yet driven a 1964 Cadillac, you will find it a most revealing experience. Your dealer will have one ready any time that's convenient. Just let the car's amazing quiet do the talking.

Many Americans are concerned about the ease of life in our country today—and what it may do to our children. Will the "soft living" of our times bring a continuing decline in their physical and moral stamina? This could happen if our children aren't encouraged to develop their *bodies* as well as their *minds*. Parents should insist on a minimum of 15 minutes o vigorous activity each school day—for every boy and every girl. Tell your school officials about your concern. He's Mad at Castro

Admiral Cuts Cuba Base Water Pipes

GUANTANAMO NAVAL BASE, Cuba (UPI) — The United States, in a dramatic answer to Cuban Premier Fidel Castro, has cut the now unused water pipes from Communist Cuba to this huge base.

Rear Adm. John D. Bulkeley, commander of the base, ordered a public pipe-cutting ceremony staged yesterday because "Castro has been calling me a liar."

Bulkeley, a World War II PT boat hero who rescued Gen. Douglas MacArthur from Corregidor, said the valves on the two water mains have been closed since Castro first issued his cutoff order.

★ ★ ★

"Hogwash" is how he characterized Cuban reports that U. S. sailors were using a sucfion pump to pull more water from the pipes on the sly.

WOULDN'T WORK

Bulkeley said that if the United States had tried that all the water stored on the base would have flowed back into Cuba because the pressure in the mains was so low.

Bulkeley said that after Cuba cut off the water on Feb. 6, the base received about 300,000 gallons before the pipes went dry — apparently because the Cubans made a mistake in closing valves.

The 300,000 gallons amounted to about $70 worth. Bulkeley said he had orders not to pay, for it.

The admiral said he had no orders from Washington to cut the pipes, but "I told them I was going to do it, unless otherwise ordered."

★ ★ ★

As a result of Castro propaganda, Bulkeley said, he received an inquiry from the Secretary of the Navy as to whether Cuban water actually was being used.

The admiral said he did not expect to dismiss any more of the 1,800 Cubans who still work at the base and live in Cuba.

About 500 have been fired so far.

★ ★ ★

"If we do fire more it will be on orders from Washington, and we will have to bring in more military specialists to do the work," Bulkeley said.

★ ★ ★

Panama Conference Apparent Failure

PANAMA (AP)—The Organization of American States, trying to break the five-week deadlock in the U.S.-Panama dispute, shifted its peacemaking effort back to Washington today after evident failure in the Panamanian capital.

The five-nation OAS committee's departure for Washington early today signaled failure of its week-long search here for a formula on which the two countries might settle their differences. U.S. special negotiator Edwin M. Martin also left for Washington.

★ ★ ★

Informants said the OAS group would have remained longer if the United States or Panama had shown any favor for a peace proposal advanced by Juan Plate of Paraguay, chairman of the special inquiry committee. Terms were not disclosed.

INVESTIGATION

Plate conferred with Martin and Panamanian Foreign Minister Galileo Solis, while the committee investigated Panama's charges of U.S. aggression in the Jan. 9-11 rioting that left 24 dead, including four Americans.

The United States was evidently holding to its demand that Panama reestablish diplomatic relations, severed Jan. 9, as a prerequisite to further conversations. Panama wants the United States to agree to renegotiate the 1903 Panama Canal treaty before resuming diplomatic ties.

The committee will resume its inquiry Wednesday and begin drafting its findings for presentation to the full OAS.

Guantanamo Gets Defectors

GUANTANAMO NAVAL BASE, Cuba (UPI) — The flight of Cuban exiles to this big U.S. base is beginning to resemble a small-scale West Berlin.

Rear Adm. John D. Bulkeley, base commander, said 14 escapees have reached the base, either by swimming or by climbing the 10-foot steel fence and daring U.S. minefields, since he assumed his post last December.

The exiles, who are never identified by name, are checked out after they reach the base so as to weed out any possible Castro spies. They are then given asylum and employment.

In addition to escapees, recent additions to the exile community include base employes who formerly lived in Cuba but faced loss of their jobs unless they decided to live on the base.

WOMEN'S SECTION

It Wouldn't Hurt Her to Say Hello

By The Emily Post Institute

Q: I have a point of etiquette I would like to have answered. We, my husband and I, and our 18-year-old daughter, live in a four-room apartment.

Friends arrived last night to pay us a visit. Our daughter was in her room watching television with the door part way open so they knew she was home.

She did not come out to greet them and I took her to task for not having done so. I told her good manners dictate that a guest always be welcomed by members of the family no matter whom they come to see.

Since she knew these people well, she should have come in to greet them. May I please have your opinion on this?

★ ★ ★

A: Since your friends knew your daughter was home, she should have come in to greet them and after a brief exchange of conversation, she could perfectly well have excused herself, said good night and gone back to her room.

Q: I am having my wedding reception in the parish hall of our church. The use of alcoholic beverages is absolutely forbidden in these premises.

Will you please tell me what we can serve in its place to toast the bride and groom?

A: You could serve ginger ale which looks like champagne and gives a festive impression.

Q: Is it necessary that a gentleman hold an umbrella over a lady when they are walking in the rain? Isn't it perfectly proper that he let her hold it herself?

★ ★ ★

A: If the umbrella is small, it is more practical to let her hold it herself rather than try to keep it over her and end up by both of them getting wet.

Details concerning the announcement of an engagement are described in the new Emily Post Institute booklet entitled, "Announcing the Engagement."

She Wants to Locate Man Who Dated Her in 1940's

By ABIGAIL VAN BUREN

DEAR ABBY: You are my last hope. I am still looking for a man I met in LaCrosse, Wisconsin, during World War II.

We only spent one evening together, but it was the most wonderful evening of my life.

ABBY

All I know is that he had "HERB" tattooed on him and he's from Sioux Falls, South Dakota.

I thank you.

CAN'T FORGET HIM

★ ★ ★

DEAR CAN'T: He went that-a-way.

DEAR ABBY: I am going to be married soon and I want a small, dignified wedding. I want to wear a suit and have selected a beautiful black suit; but everybody I mention it to tells me I shouldn't wear black because it isn't "proper."

★ ★ ★

Who made up that rule? I realize that black is an unusual choice for a wedding outfit, but I look better in black than I do in colors (I am a silver blonde).

Would it be terribly wrong to wear black? If other people can get married on horseback and under water, why can't I be married in black?

LIKES BLACK

★ ★ ★

DEAR LIKES: You can if you want to, but almost anything else would be more appropriate.

DEAR ABBY: This is for Gordy's wife, who made excuses to her friends for the "strange looking designs" on her walls, instead of admitting that her husband threw food around when he got mad.

She said he threw a "potato fit" and tossed the creamed potatoes at her. My husband used to throw fits like that, too.

He thought, because I came from a strict Catholic family and was taught that marriage was a cross I would have to carry until death do us part, that I would never leave him.

★ ★ ★

But because I had to carry the cross didn't mean I had to let him crucify me on it.

Well, he threw a kettle of hot chili at me. I called a witness and had him committed. Thank you.

Elephant Sale, Flower Show Talk of Meeting

Plans for the March flower show and the February white elephant sale were discussed at the Monday evening board meeting of the Pine Lake Estates Garden club.

★ ★ ★

Mrs. Harold Payne opened her Iverness Lane home to members for the occasion.

Slides of various flower shows, a white elephant sale and social hour were included in Thursday's regular meeting.

★ ★ ★

The Normanwood Drive home of Mrs. Gene Riegler was the scene.

Two Officers Are Elected

A cooperative dinner preceded the annual meeting of Esther Court No. 13, Order of the Amaranth, Friday in Roosevelt Masonic Temple.

★ ★ ★

Mrs. Allen Schmidt and Robert Hulett were elected to head the Order. Catherine McCrindle and Mrs. Earl Hoskins were re-elected secretary and treasurer, respectively.

★ ★ ★

Officers will be installed Feb. 28 at the Temple.

Teachers Club Mixes Fun and Business

Included in the February meeting of the Teachers Exchange club were a business meeting, reports, the appointment of a nominating commiittee and a social hour.

Mrs. Lorena Adams and Mrs. Merrell Stephens were hostess for the Monday meeting and carried out the Valentine theme. Mrs. Norman Underwood opened her James K Boulevard home for the affair.

★ ★ ★

March meeting will be a dinner at Grace Lutheran Church. Speaker for the evening will be Lucinda H. Wyckoff, who will present a demonstration of furniture refinishing. This is guest night.

Musical Brother Plays For Sister's Reception

The bride's brother directed his band at the Italian American Club Hall reception following his sister's recent marriage.

The new couple are the former Joanne Stayton, daughter of Mr. and Mrs. Herman L. Rotramel of Crane Street, and Charles Edward Law, son of State Rep. and Mrs. Arthur J. Law of Miami Road.

The ceremony performed by Rev. William H. Brady at Central Methodist Church, was touched with the lace and color of the Valentine season.

CHAPEL TRAIN

The bride's floor length gown of Chantilly lace swept to a chapel train and was set off by a blush veil of French illusion capped with a jeweled tiara. She carried a bouquet of gardenias.

★ ★ ★

Attendants wore red velvet bell-skirted dresses and carried red-tipped carnations. Matron of honor was Mrs. Patrick Strahan.

Lynn Tarlton and Anita Law were bridesmaids.

Ushering the 250 guests at the church were Robert Stayton, Richard Rudlaff and Robert J. Garett. Best man was Charles D. Treece.

Debbie Snider and Billy Taulbee were flower girl and ring bearer.

★ ★ ★

The couple are honeymooning in Las Vegas, Nev.

Wed recently at Central Methodist Church were Joanne Stayton, daughter of Mr. and Mrs. Herman L. Rotramel of Crane Street, and Charles E. Law, son of State Rep. and Mrs. Arthur J. Law of Miami Road.

VFW Sponsors a Fish Fry

The "City of Pontiac" Auxiliary to Post 1370, Veterans of Foreign Wars, will sponsor a fish fry, Feb. 28 in the VFW Hall, South Saginaw Street.

★ ★ ★

Mrs. George Pappas is chairman of the affair with service from five to eight o'clock.

★ ★ ★

The auxiliary sent over 40 pair of hand-knitted and crocheted mittens to the VFW National Home.

★ ★ ★

Donations to Detroit Children's Hospital, March of Dimes and the Lost Decibels were approved at the February meeting.

Avoid Hot Water

Wash hand-painted decorations on china or glassware by hand with medium-hot water and mild suds, then rinse. Soaking and hot water fade colors that are not permanently fired on the surface.

Fight Germs All the Time

Germs abounding in the winter weather? Here's where regular disinfecting is a must: bathroom, sickroom, nursery—and especially if there is sickness in the house, in the laundry.

Use a high-concentration pine oil disinfectant all around the house—and for the laundry use ½ cup of a pine oil product per 10-gallon machine. For best results on all disinfecting jobs, read the manufacturer's instructions on the label of the product you buy.

Easy Advice Protects Clothes

When you wash a leather glove, use a hair shampoo or soap with lanolin to help restore the natural oil of the glove skins. Some people depend on a cedar chest to keep clothes safe from moths. However, if the lid is warped and not airtight, be sure you also use moth preventive.

Child May Change Mind About Career

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: Four years ago our younger daughter was chubby, and so shy that I got her interested in ballet lessons. They slimmed her down but she is still very shy.

Now 14, she tells us she wants to make professional ballet her career. Instead of going to college, she wants to enter a professional dancing school in New York City.

We know she is not cut out for theatrical life. How can we discourage this ambition when she lives only for her dancing?

★ ★ ★

ANSWER: You can't discourage it. But you can remember that this ambition may change along with other changes constantly taking place in teenaged children.

Time and experience alter the ambition. Youthful dedications are often solutions to other problems.

Your daughter's dream of professional ballet may be her solution to her shyness. Preformers are separated from you and me by footlights.

★ ★ ★

They wear make-up and costumes, and appear more splendid than the audience. They can command admiring attention without risking the disillusions of intimacy with them.

So long as your daughter's fear of people persists, the theater's promise of glamorized distance from others is bound at attract her.

I expect that you and her father are worried because you sense this. Perhaps it would be wise to face it openly, so that you can begin to help her overcome it.

Does her school know that she dances? I'm sure it would like to so that it can use her talent in its entertainments.

School entertainments, with their reheasals and excitements, bring young people together much more intimately that classrooms do.

If right now we can get this shy youngster of yours some admiring attention for her talent, she may outgrow her need of it.

It may gradually be replaced by interest in other young people. And she can stop dreaming of future glory because her present has become so satisfying.

It is always possible that her ambition is a true one, or it may be her way of dealing with painful loneliness.

The way to find out it to help her reduce the loneliness.

If, after finding friends, she still wants to dance professionally, then you'll know that you have a real dancer for a daughter.

Add Water to Egg

Add a couple tablespoons of water to a slightly beaten egg when you are using the egg for dipping breaded foods.

Bringing Up Baby

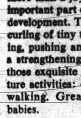
HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Somehow there's something unusually appealing about a baby playing with his feet or just kicking up his heels at random. But your baby's foot-play is more than a joy to behold. It's an important part of foot and muscle development. The curling and uncurling of tiny toes . . . the stretching, pushing and pulling, all play a strengthening role in preparing those exquisite extremities for future activities: creeping, standing, walking. Great self-developers, babies.

Occupation hazards. Once your "up-and-at-'em" baby gets to be the least bit mobile, assorted bumps, plops and bruises are unavoidable. Certainly you'll want to somfort your cherub when minor mishaps occur but it isn't wise to oversympathize. Being too protective may actually instill a fear of trying new educational adventures.

Relief measure. Biting, biting, biting . . . a real need for teethers. Gerber Teething Biscuits are designed to give baby biting satisfaction at its best. Because they're pleasantly flavored, extra-hard and waffle-surfaced for good gripping. Scalloped edges make for easy holding and skillful maneuvering.

Another developing idea. One of the truly effective contributors to your baby's growth and muscle development is protein. Gerber High Protein Cereal provides an excellent way to give your baby quality protein in a delightfully palatable form. It has a 35% protein content and a tasty, toasty, nut-like flavor that appeals to babies and toddlers alike. And, like all good-tasting Gerber Cereals, it's enriched with iron, calcium and important B-vitamins for further nutritional benefits.



Travel tip. Gerber Teething Biscuits make good "traveling companions" when you and baby go visiting. They're individually wrapped in sparkling cellophane, so you can pop 'em in pocket or purse with purity preserved. Gerber® Baby Foods, Box 72, Fremont, Mich.

Constance Ann Rightmire was hostess when the Pontiac Junior Musicians gathered Saturday afternoon in her home on Ogemaw Street.

Award winners were announced for the recent melody and poetic contest after a program of patriotic music interspersed with melodies of Stephen Foster.

Mrs. Robert Pritchett assisted Mr. and Mrs. Edward Rightmire during the games and social hour when new members Susie Sharrock and Douglas Edwards were welcomed.

The group will meet with Lorine June Pritchett of Starr Avenue on March 21 and plans to attend the Pontiac Symphony concert on March 24.

Better Hand-Sewn

It is claimed that because of their greater elasticity, hand-sewn buttonholes render much longer service than those made by machine. Under arm shields in good men's suits are a great asset in winter, as well as in summer. Worn-out shields can be replaced more economically than body and sleeve linings.

Evening Rites Unite Pair

Penelope Ann Cullen became the bride of Dennis Allen Pillsbury, in the Drayton Plains United Presbyterian Church.

For the candlelight ceremony, the bride chose a full-length gown of heirloom ivory lace over taffeta with tiered chapel train.

A pearl tiara secured her silk illusion veil and white carnations encircled her bouquet of red roses.

★ ★ ★

She is the daughter of Mr. and Mrs. Jack Case of Jerose Street. Her husband's parents are Otis Pillsbury of Keego Harbor and Mrs. Dorothy Boyd of Lake Orion.

BLUE CHIFFON

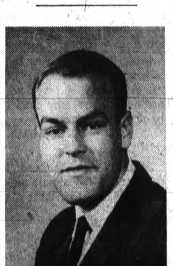
Wearing Lucerne blue chiffon with lace overjackets were bridesmaids Donna and Julie Ruhling of East Jordan, cousins of the bride, and Ellie Harris, maid of honor. Their bouquets of pink carnations were round.

Marlene Case was flower girl and Kenneth Crothers of Mt. Clemens carried the rings.

Larry Craig performed the duties of best man and David Pillsbury ushered.

★ ★ ★

A reception in the V.F.W. Hall, Keego Harbor, followed the seven o'clock ceremony performed by Rev. Donald Crabtree.



Gerald Peters, son of Mr. and Mrs. Lewis Peters of East Fairmount Avenue, was graduated with top honors from the Art Center School, Los Angeles, Calif. He received a bachelor of professional arts degree in industrial design and achieved the highest grade average in his class. He will be working in the Detroit area.

U.S. Too Long in Suit Sleeves

It is surprising that so many men have remained the victims of a grooming error. Mr. Average American, even some of our most distinguished citizens in public life and of the arts, wear their sleeves much, much too long. This creates an unbalanced look which affects the rest of the ensemble, and keeps many a man from qualifying as "well-dressed."

Men's shops have argued with customers for years and years to allow the sleeves to be altered properly, so that a quarter to a half-inch of shirt cuff shows, but the purchaser will not give in. Let's hope he will, and soon!

MRS. JAMES W. ALLEN

Newlywed Allens Go North for Honeymoon

Among winter sports enthusiasts at Boyne Mountain Ski Club this week are the newlywed James Walter Allens (Sandra Lee Harmes of Chadwick Drive.)

* * *

Following candlelight vows in the Christian Missionary Alliance Church, the couple greeted over 300 guests in Roosevelt Temple.

Their parents are Mr. and Mrs. Roland G. Harmes of Davisburg and the Virgil Allens of Woodlow Street.

BELL-SHAPED GOWN

French lace accented the bride's bell-shaped gown of white peau satin styled with fitted bodice and detachable chapel train.

* * *

A double crystal and pearl tiara held her veil of silk illusion. White satin leaves highlighted the chapel bouquet of white roses and pompons.

* * *

Colleen Rae Hermes, her sister's maid of honor, with bridesmaids Donna Allen and Lynn Wright, appeared in red faille dresses worn with headbands of matching satin and velvet rosebuds. Cranberry rosebuds rested on their white fur muffs.

On the esquire side were best man Vincent Brill of Oxford with ushers Richard Allen and Thomas Crawford.

* * *

The couple will reside on Newberry Street.

Planning an August wedding are Barbara Secan, daughter of the Nick R. Secans of Overridge Drive, and Gerald Wayne Menter, son of Lowell Menter of North Perry Street and Mrs. Frank Busic of Oxford. The bride-elect is a freshman at Michigan State University and her fiance attends Wayne State University.

Initiation Is First for New Queen

Edna Isenberg, honored queen of Pontiac Bethel No. 5, International Order of Job's Daughters, presided at her first initiation Saturday in the Masonic Temple.

A cooperative family dinner preceded the ceremonies for the occasion which was also Mason and Star night.

Jill Watts, Susan Lash and Ileta Timent were initiated.

Special guests included Mrs. Robert Brown, grand guardian; Mrs. Lloyd Shipman, vice grand guardian; Jean Miller, Grand Bethel librarian, and Mrs. Paul Hagle, past grand guardian and charter guardian of Bethel 5.

Others were Leland Dennis, Gene Walters, Ray Ruggles, also Mr. and Mrs. Charles Moore.

Honorary memberships were conferred upon Mr. and Mrs. Russell Kneale and Mrs. Hagle.

Shirt-Jackets Gain Popularity

The shirt-jacket, in sportswear, is growing consistently in popularity — in waist length and hip length models. Thus far, the shirts have been seen mostly in cut - and - sewn fabrics, but they're also coming on strongly in knits. Belt loops are making a comeback in slacks, with the recent development of lots of ideas in colorful belts. Some new slacks have button-down or even removable loops.

Use for Old Bathrobe

By POLLY CRAMER

DEAR POLLY — I had a long, heavy, chenille robe that became worn around the neck and sleeves.

I removed the buttons, cut off the top part of the robe just under the sleeves and hemmed the top.

Now it is a cozy throw to use when napping, and is good to wrap around baby when going from house to car.

● I keep a pair of stretchy bedroom slippers in the glove compartment of the car to slip on for traveling in real comfort.

● My sewing basket always contains a few white socks with holes in them. A patch of stretchy sock mends the underarm tears in nighties and allows freedom of movement.—M.A.L.

DEAR POLLY — Pillowcases continually slipped off my son's Dacron pillows during the night. I put two gripper fasteners in the hem of each pillowcase. They are safer than pins. They won't open and tear the fabric or scratch my child.—MRS. R.P.

DEAR POLLY — My wife is pleased with a basement clothesline that I fixed, using spring-type clothespins.

The clothesline is a wire which I threaded through the coil springs in the pins.

The clothes fall into wife's hand or the basket by merely pinching the clothespins. — B.B.

DEAR POLLY — When I take my small child to his grandparent's home for a meal, it is too much trouble to take along his chair.

I just carry his car seat into grandma's house, cover the back of a straight chair with a turkish towel and then put the car seat on the chair.

The child can sit at the table and see everybody and everything. — GAIL

DEAR POLLY — After two or three dry cleanings, the white piping around the collar and down the overlapping front of my favorite gray suit turned yellow.

I carefully applied white liquid shoe polish with the dauber that came in the bottle. It does not rub off and the piping is white and lovely looking. — MRS. J.D.S.

GIRLS — Again we remind you to first try this on an inconspicuous spot.

It is also safer to protect the suit fabric with a piece of waxed paper as you daub on the polish.

Even though such piping is machine stitched, it is often necessary to rip it off, wash and bleach, and then hand-sew it back on. — POLLY

NEUROSIS AND PSYCHOSIS
WHAT DO THEY MEAN?

Neurosis is defined as a mild emotional disorder in which you might experience feelings of anxiety, make compulsive acts and usually have physical complaints without specific evidence of disease. Psychosis is any major, severe form of mental illness.

Most everybody has a neurosis occasionally and sometimes a mild tranquilizer is prescribed to help ease the stress. With a psychosis, treatment calls for strong medication in many cases. There are hundreds of drugs available for mild or severe mental problems. We carry them all in our prescription stocks.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

World Will Watch Gitmo Desalting Plant

WASHINGTON (AP) — Knowledge regarding desalting of sea water gained by this country since 1952 will pay off as the United States moves to make self-sustaining its navel base at Guantanamo, Cuba.

The Navy has turned to the Interior Department to obtain a desalting plant which was designed to produce 1 million gallons a day but has been working so successfully at San Diego, Calif., that its output has been running 1.4 million gallons daily.

This forward step in the science of desalting sea water is regarded by government officials as only a small forerunner of what is to come as they talk of cooperative studies with foreign countries for plants with output ranging from 50 millon to as much as 300 million gallons per day.

Such plants are conceived of as combination electric power generation and desalting plants, possibly using nuclear fuel.

MORE REDUCTION

These officials also see a further reduction in the cost of water conversion as these multimillion gallon plants go into operation even though there has been around a 75 per cent reduction in costs since 1952.

When the Navy turned to Interior last week for aid in its water conversion planning for Guantanamo it joined a number of foreign countries and domestic areas which want to benefit from the research findings of the government's program.

Under the plan for Guantanamo, Interior officials said the Navy will provide reimbursement so that a replacement plant can be provided at San Diego.

Both San Diego and the State of California assisted in financing the plant and were consulted in connection with the agreement for its transfer.

This plant and three other demonstration plants were constructed by the Interior Department under a research program begun in 1952.

Interior statistics show that in 1952 the cost of converted sea water varied from about $4 to $5 a thousand gallons. Now it is down to $1 to $1.50.

This kind of progress is what has centered attention on the Interior program.

"The United States is the repository of the greatest amount of infromation on desalting of sea water as a result of the action by Congress in 1952," Undersecretary of the Interior James K. Carr said in an interview.

PRODUCTION UP

"As an outgrowth of our program a desalting plant is operating in the Virgin Islands which was designed with rated capacity of 275,000 gallons of fresh water daily but which has operated for extended periods with production running 325,000 gallons a day.

"The San Diego demonstration plant, along with the other demonstration plants at Freeport, Tex.; Webster, S.D., and Roswell, N.M., are proving on a practical basis what can be done with certain processes," he said.

In a New York speech, President Johnson spoke of the need to find cheap ways of converting sea water to fresh.

He offered to enter into cooperative research with Israel and other countries anxious to cure water shortages.

NOT EASY

"I promise no early and easy results," Johnson said.

"But the opportunities are so vast and the stakes are so high that it is worth all our efforts and worth all our energy, for water means life, water means opportunity, and water means prosperity for those who never knew the meaning of these words.

"Water can banish hunger and can reclaim the desert and change the course of history."

Fatal Plane Crash Stirs Baseball Owners to Action

By The Associated Press

Jolted by the airplane crash that killed Chicago Cub second baseman Ken Hubbs, some major league baseball clubs have started to grapple with the far-reaching question:

Should players be permitted to pilot their own planes?

In response to a survey by The Associated Press, only the Boston Red Sox said they had an "understanding" barring players from holding pilot licenses. But St. Louis, Milwaukee, Pittsburgh and Kansas City said they were reviewing a problem that has two edges.

* * *

While admitting the problem was serious, the clubs indicated it was difficult to establish a firm policy since it might be construed as an infringement on a player's rights. The clubs also pointed that to their knowledge none of their players had pilot licenses.

A Red Sox spokesman said there is no clause in their contract barring pilots, but "there is an understanding that no player will be a pilot. It has never come up. No player has had any inclination to get a pilot's license."

The spokesman said the Red Sox were prompted to establish the policy in 1956 after Tom Gastall, former Boston University athlete who signed with Baltimore for a $40,000 bonus, disappeared in his private plane on a flight over Chesapeake Bay.

Gastall and Hubbs, 1962 National League Rookie of the Year who crashed while piloting a plane near Provo, Utah, are the only players on record to have died while flying their own aircraft.

* * *

The Orioles and Cubs were not available for comment on the AP survey.

Bing Devine, Cardinal general manager, explained the dilemma of the baseball executive this way:

"As far as I know, no Cardinal holds a pilot's license. But I already have made up my mind to issue a directive asking that our players not participate in organized basketball, and I don't know why we shouldn't examine all extra-curricular activities.

"However, there is a fine line between what a club can or cannot do without infringing on a player's rights. Particularly so, when some companies and individuals find a private plane useful."

* * *

The Braves said they didn't think the subject had been discussed before but "it probably will now." A spokesman for the Pirates said the club has had no policy but "there will be one now."

The Los Angeles Dodgers said Danny McDevitt, a pitcher formerly with the club, had a pilot's license, but there was an understanding with club Vice President Buzzie Bavasi that McDevitt would not fly during the baseball season.

* * *

The New York Yankees said former pitching coach Johnny Sain had flown his own plane,

Captain Cagers Can Steam On Tonight

Kettering 5 to Entertain N. Farmington

Early WKHS Victim Could Undo Dreams of Perfect Season

The magic number separating Kettering cagers from an undefeated regular season is four; and the Captains are favored to cut it to three by entertaining North Farmington tonight.

The Captains have waltzed to an 11-0 record and need a win over the visiting Raiders, plus decisions over Romeo, Waterford and Y'Anse Creuse to wrap up an undefeated season.

North Farmington folded under the Kettering power in its second game of the season, 60-40, and has won but one non-conference contest while compiling a 7-6 season mark. The Raiders are second in the Northwest Suburban League with a 6-1 record.

Kettering has shown no signs of wilting under the heat of an undefeated pace.

The squad has knocked off its closest challenger in the Tri-County League, Lapeer, on two occasions and has clinched a share of the title with two (league) games to go.

Three of the Captains are averaging more than 10 points a game — Bob Bogert, Rick Pankey and Earl Hook. The Pankey-Hook guard combination gives the Captains one of the most talented playmaking duets in the area.

MAKEUP GAME

West Bloomfield invades Walled Lake and the Lakers (6-7) will be trying to even their season record.

Walled Lake (5-7) has been up and down this season but the Vikings have a strong rebounding team and should outclass the Lakers on the boards.

The game is a makeup for the teams. It was originally set for Jan. 14 but postponed because of the auto accident death of Jim Smith, a member of the Laker quintet.

Oxford will entertain Ortonville in a game that will mark the end of one losing streak.

The visiting Ortonville five has lost nine in a row and Oxford's losing streak now stands at seven.

Orchard Lake St. Mary has a home game with Hamtramck St. Ladislaus providing the opposition.

The Eaglets have racked up a 10-4 record and are riding a four-game winning streak.

Other games on the non-conference slate have Berkley at Oak Park, Clintonville at L'Anse Creuse, Cros-Lex at Deckerville, North Branch at Bridgeport and New Lothrup at Millington.

State Boxing Boss Battles Lawmakers

LANSING (UPI) — State boxing commissioner Frank Cavanaugh is probably more embattled today than he ever was in the boxing ring.

Almost every member of the state House of Representatives and Lt. Gov. T. John Lesinski were ready to take the 66-year-old former professional pugilist on last night.

* * *

The main complaint of the lawmakers was a letter which Cavanaugh sent out advising them of strict regulations over the policy of free passes to state lawmakers.

Cavanaugh advised the legislators and state officials:

—Under no condition will a pass be honored without a signature and photo attached where indicated.

—The pass is not transferable . . . should a pass be in another person's possession when entering any boxing or wrestling event, such pass will be picked up at the door and canceled for any future use.

PAST ABUSES

"We regret enforcing these restrictions, but due to past abuses of these passes, it has become necessary to limit their use. Your strict compliance is requested, otherwise your pass will be voided."

Most legislators responded with a howl that they didn't want the free passes and had no intention of using them.

* * *

Several indicated they had returned the passes to Cavanaugh and one lawmaker William Copeland, D-Wyandotte, suggested that Cavanaugh be called in on the carpet by Gov. George Romney to account for his conduct.

Lesinski's letter in reply to Cavanaugh's form letter was typical.

"I received your form letter advising me of the restrictions placed upon commission passes. I realize that there may indeed have been abuses in the past regarding commission passes.

"However, it seems to me rather senseless that you should now extend further abuses to the holders of these passes.

"Your letter, a model of tactlessness, questions the integrity of every public official. Under the circumstances, I consider it advisable not to accept your offer of commission pass No. 2 and I hereby return it to you."

HUSKIE MATMEN—Pontiac Northern won its fourth Inter-Lakes League wrestling championship in five years Saturday at Berkley. Holding the I-L team trophy is PNH coach Bill Willson. Along with the trophy, the four team members above came home with individual titles. They are (l-r) Don Weyer (145), Jim Stephens (120), Jim Kimmel (133) and Dave Beebe (112).

Slight Changes in College Poll

Villanova, DePaul Get Higher Spots

By The Associated Press

Villanova and DePaul, both selected for post-season tournaments, moved up in this week's Associated Press major-college basketball poll. The voting still is dominated by unbeaten UCLA followed by Michigan and Kentucky.

* * *

Duke and Oregon State also gained ground while Drake, the Missouri Valley Conference pace-setter, advanced to 10th place.

UCLA collected 35 first place votes and 376 points in the balloting by a special panel of 38 regional selectors. The Bruins beat Washington twice last week and upped their record to 21-0.

* * *

Michigan had one first place vote and 320 points and Kentucky polled 299 points on a basis of 10 for a first-place vote, 9 for second etc. The Wolverines defeated Indiana 99-87 for a 17-2 record while Kentucky is 18-2 after whipping Mississippi State 65-59.

The Top Ten, with first place votes in parentheses, season records through Saturday, Feb. 15 and points on a 10-9-8-7-6-5-4-3-2-1 basis:

	W	L	Pct.
1. UCLA (35)	21	0	375
2. Michigan (1)	12	2	320

SLIDING LESSON — Bernie deViveiros (right), Detroit Tigers' sliding instructor, puts Purnal Goldy through some practice at Tigertown yesterday. Drills are held on soft grass with shoes removed.

Skippers Divide Prep Ski Event

Southfield and Waterford Township ski teams split a dual meet yesterday in the Mt. Holly High School Ski League.

Waterford took the girls' competition by eight-tenths of a second, led by the one-two finish of Debbie McNair (26.2) and Sandy Scorobet (27.9).

Nancy Sayers of Southfield was third at 28.2. The WTHS girls' team had a combined time of 85.6 to the Blue Jays' 86.3.

Bob Schalit of Waterford led the boys' racing with 30.6; but Southfield had the next three top finishers to take the team decision.

Bill Little and Gay Jorgenson tied for second at 31.4.

A four-team meet among Kettering, West Bloomfield, Walled Lake and Bloomfield Hills is scheduled for Wednesday afternoon.

Full Cage Schedules in EML, Thumb Loops

Full slates of league games tonight await the Eastern Michigan League and the Southern Thumb League as they move toward title-deciding tilts.

* * *

Unbeaten New Haven will visit Anchor Bay while runner-up Capac entertains dangerous Memphis as the two top Thumb schools near their Friday night showdown at Capac.

Armada will be at Brown City and Almont will visit Dryden in the other Thumb league contests today.

Almont took a 71-68 win over New Haven in a tight contest earlier. The Raiders will be favored on the Dryden court, since the Cardinals are wallowing in a four-game losing streak.

New Haven has a 12-0 log for the season. Capac has an 11-2 log, and has won six straight since dropping a three-point verdict at New Haven.

But Capac must avoid looking past third place Memphis tonight. The Chiefs had an easy win in the earlier meeting at Memphis.

DEADLOCK

Birmingham Seaholm has an apparent easy clash tonight with struggling Roseville (2-9), but Ferndale — tied with the Maples for first place in the EML — should have a battle on its hands at Mount Clemens.

The Battling Bathers lost by only eight points at Ferndale and must win or relinquish all hopes for even a share of the loop basketball title.

Table Tennis Squad Scores Easy Victory

The All-Star Pontiac Table Tennis Team representing Pine Knob, defeated the Chrysler team of Detroit, 10-4 in matches last night. Friday night the Pine Knob team travels to Ann Arbor for a match.

* * *

Upset of the night was Carol Wolverton's loss to Rachel Maisel, 21-18, 19-21 and 22-20. Victories were scored by Perc Secord, Dr. John Markel, Howard Heckman, Ben Baker, Jerry Saunders and Terry Fraser.

Good Hurling Is Displayed by 2 Tigers

LAKELAND, Fla. (AP)—Two Detroit Tiger pitchers acquired in trades last year are off to good starts in early camp.

The pair, right-handers Jack Hamilton and Ed Rakow, have received favorable comment from Manager Charley Dressen.

* * *

Rakow, 27, obtained in a trade with the Kansas City Athletics, has a particular point in his favor — he's a happy man to be with the Tigers instead of the troubled A's.

In camp ahead of time and almost down to playing weight, Rakow has blazed in a few pitches in the early work.

'SAD SITUATION'

He said he was pleased to have been able to depart from what he called a "sad situation" at Kansas City with the A's yet to decide on their home city.

* * *

Hamilton, 25, acquired from the Philadelphia Phillies, also reported in good shape. He had pitched winter ball in Puerto Rico.

Finley Ready for Friday Meeting

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP) — Charles O. Finley, the insurance magnate who became a baseball owner when he purchased the Kansas City A's, has issued another all-out challenge to the American League.

* * *

Belabored by the American League and more recently by Sen. Stuart Symington (D-Mo.), Finley issued a statement Monday night in which he said he would carry his battle not only into the nation's courts but also asked the American League to make room at its Friday meeting for officials from Oakland.

Finley is involved in a drag-out fight with Kansas City over leasing matters. He has asked for a two-year lease while Kansas City wanted a four-year lease.

WATERED DOWN

Officials in Kansas City watered down their request to three years and Finley refused. The matter has become a national affair in which Symington took a hand Monday and sent a telegram to Joe Cronin, president of the American League, telling the league that Finley has refused the most favorable offer made to a club owner in modern baseball history.

Finley's answer to Symington was that the senator had the wrong facts. Finley's lengthy statement accused Symington of turning the matter into a political football and brought up his arguments on why he should have things his way.

Finley pointed out he spent $411,000 to refurbish the Kansas City Stadium and added that he has suffered over $1 million in losses since taking over the club.

Finley asked "Would the senator, if he were in my place, take such a loss and tell the world that the welfare of baseball requires that he continue to take such losses and not seek relief consistent with honest competition in our national sport?"

At the same time, Finley said he would not appear before a senate sub-committee Tuesday in Washington because he had not been asked, or even invited.

Takes Charge of Yankees

'Nonchalancey' by Berra

By OSCAR FRALEY

HOLLYWOOD, Fla. (UPI) — Back in the days when Casey Stengel was the skipper of the New York Yankees, he always pointed to Yogi Berra, and not always humorously, as "my first assistant manager."

Berra today has the portfolio all to himself and the gnomish little man made it obvious right off the bat, to coin a phrase, that there are going to be no "assistants."

Yogi was a pleasant surprise as the Yankees opened their rookie spring training camp.

"I had a few butterflies at first," he confessed. "But then I turned on the nonchalancey."

If he was nervous it didn't show when he grouped 49 rookies around him in centerfield and told them what it meant to be a Yankee or even a Yankee of the future. He was poised and sure and he made it evident that he was the boss.

* * *

"I went through this same bit 21 years ago," he told them. "Remember, we think you have a chance to be a Yankee or you wouldn't be here. And you're here for one purpose, to train."

SOME RULES

Yogi "laid down the rules" on how a Yankee acts and then instituted a midnight curfew.

The players were from the five Yankee farm clubs.

Berra's nine coaches and "instructors" are Frank Crosetti, Joe DiMaggio, pitching coach Whitey Ford, Wally Moses, Jim Gleeson, Johnny Neun, Jim Hegan, Cloyd Boyer and Steve Souchock.

"We'd better produce," DiMaggio, his hair almost white now, grinned on the sidelines. "We've only got six outfielders and we have three outfield coaches."

Ralph Houk, the iron major Berra succeeded, stood on the sidelines, too, smoking a cigar. With him was Roy Hamey, the retired general manager whose job Houk took over.

* * *

"Hey, Crow," Houk called to Crosetti, "show a little life."

"Why don't you get out here and do a little work?" Crosetti answered.

HALL OF FAME BECKONS—Luke Appling, shown with his wife Fay in front of their Atlanta, Ga., home, was named yesterday to baseball's Hall of Fame. Appling, former Chicago White Sox shortstop, played in the majors for 20 years and batted over .300 on 16 occasions.

Appling Named to Hall of Fame

ATLANTA (AP) — Those "old aches and pains" which gave Luke Appling his nickname are gone. He's in the baseball Hall of Fame now.

"I feel just like I had hit a home run with the bases loaded with two out in the ninth in the seventh game of the World Series," said Appling who set a major league record of 2218 games at shortstop for the Chicago White Sox. "I tell you I never felt better."

* * *

Appling, who batted over .300 in 16 of his 20 seasons, was elected to the Cooperstown, N.Y., Hall Monday on an unprecedented second ballot. Hy Hurwitz, secretary of the Baseball Writers Association of America, announced the results at Boston.

Appling said he was not at home when his wife received notification of his election in a phone call.

BIG KISS

"She was jumping up and down with joy, and I got my health back in a hurry," said Appling, who earned his nickname because of his frequent complaints about not feeling well during his career. "Mama stopped long enough to give me a big kiss and then we both started jumping up and down, I reckon."

Appling thus joined fellow Georgian Ty Cobb, whom he once idolized. Cobb was the first player elected. Appling is the 39th elected by the baseball writers.

* * *

The one-time Atlanta schoolboy drew 189 votes on the 225 ballots submitted by authorized BBWAA members. A total of 169, or 75 per cent of the votes cast, is needed for election.

Charles (Red) Ruffing, a right-handed pitcher who gained his fame with the New York Yankees, failed to make it despite his 184 votes. Second ballot rules specify that if more than one player got more than 75 per cent, only the leader would be elected.

Appling said he didn't mind missing the first ballot. "I'd have crawled to get in," he said. "It makes up for never having been on a pennant winner or in a World Series."

NO PENNANT

During the 20 years Appling played for Chicago, the White Sox never won a pennant. He began his career in 1930 and retired in 1950 with a lifetime batting average of .310.

The right-handed batter twice led the American League in hitting and his .388 mark in 1936 was the second highest in the majors over the past 27 years. Ted Williams' .406 in 1941 is the highest.

American League records held by Appling include most chances accepted, lifetime—11,569, and most years led league in assists—6. He is the fourth shortstop to make the Hall, following Honus Wagner, Rabbit Maranville and Joe Cronin.

Currently, Appling is awaiting word to report to spring training as coach of the Kansas City Athletics—as soon as owner Charls Finley settles his differences with Kansas City officials and the American League.

Change Made in 'D' of AP Cage Ratings

By The Associated Press

It's been three long weeks, but Negaunee St. Paul is back on top of the Class D rankings in The Associated Press' weekly high school poll.

* * *

St. Paul ousted Port Huron St. Stephen which led the voting for the past two weeks. The Upper Peninsula club posted two impressive victories in returning to the top spot. They had led for two weeks early in the voting conducted by the AP's panel of sportswriters and sportscasters.

The top three teams in the Class A, B and C rankings held their positions, but only one team is where it was last week in Class D.

DOWN ONE

St. Stephen is second in Class D, and Britton-Macon, second last week, is third. Carney jumped from sixth to fourth. Baraga, beaten by Hancock 47-44, dropped from third to fifth.

Covert leaped from 10th to sixth. Saginaw St. Joseph has company in seventh place: They're tied with Mass, which is up from eighth. Bloomingdale fell from fifth to ninth, and Pickford, a newcomer, is 10th. Fowler, ninth last week, fell to 13th position.

Three Eying Spoiler Roles in 'Y' Loop

Three quintets are "spoiling" to upset the top three of the YMCA Church Basketball League's senior division and Friday night may be the night they do it.

The prospective spoilers are First Baptist, Macedonia Baptist and All Saints Episcopal and they all tangle with higher ranking squads this week.

* * *

Central Methodist and Trinity Baptist are tied for the lead at 8-2 and will play in the first two games. Third place First Congregational (7-3) has the nightcap of the four game card.

Central pulled even with Trinity last Friday night with a 61-54 win over Macedonia Baptist despite a 38-point effort by Cedric Patterson of the losers.

First Congregational broke its tie with All Saints by overcoming a 31-23 halftime deficit for a 63-59 triumph over the Episcopalians.

May Suspend Boxing Champ

WBA Hauls Ortiz on Carpet

MIAMI BEACH, Fla. (AP)—An emergency meeting of the World Boxing Association's executive committee has been called for Feb. 25 to consider suspension of Carlos Ortiz as lightweight champion and the Philippines as a WBA member.

* * *

WBA President Ed Lassman, charging Ortiz with flouting a promise to defend his title against the No. 1 challenger, Kenny Lane, called the meeting.

He set it for the day of the fight between heavyweight champion Sonny Liston and Cassius Clay because many of the members will be here at that time.

NO BOND

Lassman said Ortiz signed for last week's fight with Flash Elorde in Manila in defiance of the WBA. Then, he said, when the fight was approved in deference to a request from the Philippines government, Ortiz reneged on a promise to post a $12,500 bond to guarantee that his next defense would be against Lane.

Although the Ortiz-Lane bout has been scheduled for April 4 at San Juan, Puerto Rico, Lassman said the champion still has not posted his forfeit bond.

* * *

Lassman, in his emergency call to the committee members, said they should consider:

1. Suspension of Ortiz until he has posted the bond and defended the title against Lane.

2. Stripping Ortiz of the title if he does not defend it April 4.

3. The status of the Philippines as a cooperative member of the WBA.

Upset in Waterford Cage Play

The leaders in the city American and Class D league recreation basketball races all won Monday night while the Waterford Township playoff action featured an upset.

West Bloomfield Heating hit a season high in walloping winless 300 Bowl, 104-37, while Southwest Community Club reached the city Class A playoffs by beating White Lake Pharmacy, 73-60.

Victor Paint stayed a game ahead of Neopolitan Club in the Class D competition by winning, 57-29, over Auburn Heights' Boys Club after its rivals had won, 44-37, over St. Luke's Methodist.

Five R's Construction Company upset unbeaten Class A champion Spencer Floor Covering, 77-72, in the opening night of the township double elimination playoffs.

In Class B, Zilka Heating hung on for a 71-66 decision over Bill's Towing.

John Hannett and 6-10 Bob Bolton hit 26 points each and three other teammates were in double figures as West Bloomfield stayed perfect in the top city league.

Defending city titlist Southwest CC was led by Larry Douglas' 30 points which offset a 28-point night by Chuck Schroeder.

John Keller had 22, Dan Dropps 21 and Bill Kennedy 20 as Five R's stopped Spencer's win streak at 10 straight.

John Harrington hit 28 and Bill Gapczynski 26 for Spencer.

NCAA Picks 9 Teams, NIT Invites 3 for Tournament Berths

By The Associated Press

And just why did Providence, the National Invitation Tournament defending champion, turn down a bid by the NIT and accept one from the National Collegiate Athletic Association?

Well, athletic director, the Rev. A. B. Begley candidly pointed out, "It's the first time we had a chance to accept." Which means it's the first time the NCAA had ever picked Providence to fill one of the 10 at-large spots in its national tournament.

★ ★ ★

"We accepted the NCAA invitation," Begley said, "because we belong to the NCAA and it's our association championship."

The Friars, who had some early season uneasiness but now appear to have found the formula, were one of nine teams picked by the NCAA. Three more accepted bids to the NIT Monday as the two groups began their selections.

★ ★ ★

In addition to Providence, the NCAA selected defending champion Chicago Loyola, Villanova, Creighton, Texas Western, Louisville, Oregon State, Utah State and Seattle.

ONE SPOT OPEN

One more NCAA at-large team remains to be picked for the long string of eliminations that culminate in the national tournament at Kansas City March 20-21. The other 15 spots go to conference champions.

The NIT, which will be played in New York's Madison Square Garden march 12-12, picked De-Paul, 16-2; Pitt, 14-6; and New York University, 11-5. Nine others will be selected later.

★ ★ ★

Providence, 17-3 after Monday night's 95-75 triumph over Scranton, and Villanova, ranked fifth nationally at 19-2, are in the NCAA Eastern regional along with Temple, Middle Atlantic champion, and the champions of the Yankee, Southern, Ivy and Atlantic Coast conferences.

Loyola, 15-5, and Louisville, 14-6, are in the Mideast with the conference champs from the Mid America, Ohio Valley, Southeastern and Big Ten.

The Midwest has Creighton, 19-5, Texas Western, 19-2, and winners from the Southwest, Missouri Valley, Big Eight and one more at-large team to be named.

The Far West has Oregon State, 21-3, Utah State, 17-3, Seattle, 16-4, and winners from the Western Athletic Conference, the Big Six and the West Coast Conference.

Regional first-round eliminations will be held in Philadelphia, Evanston, Ill., Dallas and Eugene, Ore. Teams with first-round byes are the champs from the Atlantic Coast, the Big Eight, the Southeastern, the Big Ten, the West Coast and the Big Six.

Regional championships are scheduled March 3-14 in Raleigh, N.C., Minneapolis, Wichita, Kan., and Corvallis, Ore.

Providence, which won only four of its first seven, celebrated its selection with its 13th straight triumph in the decision over Scranton. John Thompson and Jim Stone each had 25 points for the rampaging Friars who were never in serious trouble.

Probably the top attraction was Kentucky's 104-73 home triumph over Vanderbilt. Cotton Nash played one of the finest games of his career in sparking the victory that put the Wildcats in sole possession of first place with a 9-2 Southeastern record. Kentucky, ranked third in the nation, is 19-2 over-all.

Nash scored 32 points, stole the ball a dozen times, played a fine defensive game and controlled the offensive rebounds.

Ohio State's Gary Bradds scored 30 points, the first time in seven games he had been under 40, as the Buckeyes rolled over Iowa 99-82 and improved their Big Ten mark to 8-2.

MSU Scores 85-82 Win Over Illini

Spartans Still Have Knack of Coming Up With Big Game

By The Associated Press

Michigan State has a so-so basketball season but the Spartans have a knack for coming up with that big game when the chips are down.

Illinois, last year's Big Ten champion, was the victim Monday night, 85-82, at East Lansing.

In other games, Tri-State, Ind., edged Hillsdale, 61-60, and Alma came from behind to trip Northern Michigan, 67-62.

Michigan State's Pete Gent led the Spartans past the Illini with 30 points. The Big Ten loss was the fifth in a row for Illinois which has won only three conference games. The victory avenged an earlier 87-66 loss at Champaign, Ill.

UPSET OSU

The Spartans upset Ohio State earlier this year, and gave second-ranked Michigan two rugged games before bowing out.

The Spartans led 47-45 at the half, and upped the lead to six points with less than four minutes remaining. Illinois cut this to one point, 83-82, with 11 seconds to play. Gent dropped in a layup at the buzzer to ice the victory.

Michigan State, now 5-6 in the conference and 11-10 overall, got 23 points and 19 rebounds from center Fred Thomann. Don Freeman paced Illinois with 27 points.

Alma overcame a 35-26 Northern Michigan halftime edge behind the shooting of Bud Acton and Ray Moore to win on its home court. Acton and Moore each scored 18 points to pace the comeback. Dave Cade of Northern Michigan led all scorers with 24 points.

Key Loop Meet Next for PNH Swim Squad

With its 10th victory in 12 weeks tucked away, following the 75-30 victory over Harper Woods last night, the Pontiac Northern swimming team travels to Fitzgerald Wednesday night in a bid to upset the Spartans.

A victory for either team will mean at least third place in the North Suburban Swim League which has Thurston on top at 5-0 and Birmingham Groves in second place at 4-1.

Fitzgerald has lost to Thurston and Groves and Northern still has Groves on the schedule with only a loss to Thurston.

Coach Ed Dauw used his entire squad in the different events in trimming Harper Woods, which gained 16 of its 30 points in winning the two team relay events.

Seek Stan's Salary 'Savings'

St. Louis Stars Slow in Signing

By The Associated Press

There probably isn't a player on the St. Louis Cardinals who can carry Stan Musial's bat, but there's a long line of volunteers ready to lift his pocketbook.

With the official March 1 opening of spring training less than two weeks off, not one of the Cardinal regulars has signed his 1964 baseball contract.

The players, most already marked for raises since they contributed heavily to the Cardinals' second-place finish last season, apparently are shooting at Musial's pocketbook. For when Musial retired, his $50,000 salary went back into the Cardinals' bank.

So far, everything's in the hush-hush stage with neither players nor management talking for publication, but one spokesman took this way of explaining things:

LITTLE LATE

"The boys are a little late in signing, but there is absolutely no animosity. They just feel they deserve more money. How much more is the question."

The only front-liners signed by the Cardinals are pitchers Lew Burdette, Ray Sadecki and Ron Taylor, but they are being counted on mostly for spot duty or relief work. Still unsigned are the Big Three — Ernie Broglio, Curt Simmons and Bob Gibson — and No. 1 catcher, Tim McCarver.

The Cardinals' All-Star infield is unsigned from first baseman Bill White to second baseman Julian Javier to third baseman Ken Boyer to shortstop Dick Groat, and the top two, outfielders, Curt Flood and Charlie James, still have not agreed to terms.

One outfield position is up for grabs—but the Cardinals took the first step toward what might be a solution to that problem by reacquiring Carl Warwick from the Houston Colts Monday in exchange for rookie outfielder Jim Beauchamp and Chuck Taylor, a minor league pitcher.

★ ★ ★

Signing contracts Monday were pitchers Bud Daley, Stan Williams, Tom Metcalf and Pete Mikkelsen with the New York Yankees; pitchers Gary Bell, Sam McDowell and Gordon Seyfried with Cleveland; infielder Don Buford with the Chicago White Sox, and infielder Gene Alley with Pittsburgh.

Same Scales for Rivals

MIAMI BEACH, Fla. (AP) — Heavyweight boxing champion Sonny Liston and contender Cassius Clay will weigh-in together for their Feb. 25 title fight, come what may.

The Miami Beach Boxing Commission decided with a straight face Monday night that the rivals could attend together without serious danger to either party.

Liston's adviser, Jack Nilon, had requested separate weighins. He said the champ was angry at Clay and might "knock out the kid at the weigh-in."

Most Changes Fractional

Mart Uneven in Active Trade

NEW YORK (AP)—The stock market moved unevenly early this afternoon in fairly active trading.

★ ★ ★

Having made record highs in some averages at the close yesterday, the market seemed to be stalled and was again feeling its way along.

Changes of most key stocks were fractional.

GUST OF PROFIT

A gust of profit taking struck the cigar manufacturers which have been rising for about a month, since the Surgeon General's report on smoking. Cigarette issues were fairly steady on balance.

Savings-and-loan holding companies continued to rise but their gains were narrow. Airlines were active again but narrowly mixed.

★ ★ ★

The Associated Press average of 60 stocks at noon was off .1 at 294.8 with industrials off .3, rails off .1 and utilities up .2.

Consolidated Cigar fell about 2 points while Bayuk and D.W.G. Cigar lost more than a point each. General Cigar was off about a point.

FRACTIONAL GAINS

R. J. Reynolds Tobacco and American Tobacco made fractional gains while Lorillard was unchanged and Liggett & Myers lost a fraction.

As the savings-and-loans improved, Financial Federation gained nearly a point. First Charter Financial and Wesco Financial added fractions.

★ ★ ★

Prices on the American Stock Exchange were mixed in moderately active trading.

Corporate and U. S. Government bonds were irregular.

'Import Trend Unfair to U.S.'

Steel Leader Wants a Halt to 'Dumping'

WASHINGTON (UPI) — A spokesman for the steel industry called today for an end to "unfair advantages" that he said foreign producers hold over U.S. steel mills.

John P. Roche, president of the American Iron and Steel Institute, said that if other countries could not be induced to remove or lower their "nontariff trade barriers" and stop "dumping" steel on the American market, the United States should refuse to discuss a reduction of steel tariffs.

Roche was the leadoff witness for the steel industry as the tariff commission opened hearings on the trade negotiations scheduled to begin in Geneva in May.

★ ★ ★

He said the rising steel imports and falling exports were contributing to U.S. unemployment and to the deficit in the U.S. balance of payments.

IMPORT RECORD

Steel imports reached a record 5.5 million tons last year, nearly three times the yearly average for 1953-57.

Roche said that the 5.5 million tons that were imported cost 40,000 steel workers their jobs and a payroll of $300 million last year.

The industry spokesman urged U. S. negotiators to insist on an end to import licenses, foreign exchange controls, import equalization taxes, and other nontariff barriers.

★ ★ ★

He said they also should demand an end to the practice of dumping, under which foreign steel makers are allowed to charge a high price at home to subsidize low prices abroad.

ADVISE PRESIDENT

Bethlehem Steel President Stewart S. Cort recommended that the tariff commission advise the President "it is not in the best interests of the United States to effect any further reduction in the tariff structure on any steel product."

Cort said:

"We believe that if this trend of imports is allowed to continue, within the next three years between 10 per cent and 15 per cent of U.S. steel consumption will be foreign steel compared with 7 per cent last year. This could cost the jobs of 35,000 more workers."

Selling Pressure Hits Wheat, Rye

CHICAGO (AP) — Wheat and rye futures were under continued selling pressure today in early transactions on the Board of Trade and prices turned weak but other grains held about steady.

Setbacks reached well over a cent a bushel in both wheat and rye as stop loss selling again came into the pit. Brokers ascribed the additional liquidation in part, at least, to the failure to resolve demands of a dockworkers' union which has refused to load ships with wheat for Russia.

WHEAT UNCHANGED

After almost an hour, wheat was unchanged to ¾ cent a bushel lower, March $2.21¼; lower to ⅜ higher, March $2.64⅛; corn unchanged to ¼ higher, March $1.17¾; oats unchanged to ⅜ higher, March 66¼ cents; rye ⅝ to 1⅜ lower, March $1.42.

U.S., Europe Face a Battle Over Steel

By SAM DAWSON
AP Business News Analyst

NEW YORK—The chicken war could be succeeded by a steel war.

DAWSON

American and European steel producers are at odds over imports and tariffs. And the dispute may become one of the sorest when a new round of international tariff cutting talks starts in Geneva in May.

Increased tariffs by the European Common Market on American frozen chickens caused the hottest friction last year.

★ ★ ★

American steel executives today are telling a U. S. Tariff Commission hearing of their complaints against a rising flow of foreign steel into U.S. markets. They also are asking measures to broaden the export business for American steel mills.

The European Coal and Steel Community already has acted. Saturday it raised its tariffs on imports of low-priced steel and cast iron.

BIG UPSURGE

The community—the six Common Market nations — also reports a big upsurge in orders for its steel mills. It says most of the orders are coming from within the Common Market—West Germany, France, Italy, The Netherlands, Belgium and Luxembourg.

Steel producers outside the Common Market aren't happy that the duties are being raised against them—to an average of 9 per cent.

★ ★ ★

American producers haven't been happy that European steel export prices have been lower than the prices charged Common Market consumers—or the prices of American steel products here.

But with the rise in demand in Europe, the six nations may find less need to export—and to maintain lower prices to do so. And already export prices of some European steel products have risen above charges of a year ago.

NEW ORDERS

While the European steel mills are enjoying something of a boom in new orders, so are the American. U.S. mills are raising their estimates of industry shipment in the first three months of this year to more than 19 million tons. This compares with 17 million in the final three months of 1963 and 18 million tons in the first quarter of last year.

★ ★ ★

The American mills' export-import troubles are outlined to the Tariff Commission today by John P. Roche, president of the American Iron & Steel Institute.

He says steel imports here in 1963 climbed to a record 5.5 million tons, while exports of U.S. steel have been stalemated at 2 million tons, or only about half of the average in 1953-57.

Roche holds that loss of world markets, plus rising imports here, has meant that some 40,000 steel workers were deprived of more than $300 million in wages and salaries.

American steel makers are urging U.S. negotiators at the Geneva meeting of the General Agreement on Tariffs and Trade to fight for tariffs that will equalize prices of American and foreign made steel.

Aviation Exec at Hearing Tells of Baker Firm Link

WASHINGTON (AP)—John L. Atwood, president of the North American Aviation Corp., testified today he was prodded to let the Serv-U Corp., a vending machine firm in which Bobby Baker was interested, bid on serving his firm's big defense plants.

Atwood told the Senate Rules Committee that Fred Black Jr., North American's Washington consultant, did the prodding but did not tell of his own financial interest in Serv-U.

Baker resigned under fire last Oct. 7 as secretary to the Senate's Democratic majority.

★ ★ ★

The committee is investigating whether he engaged in outside business dealings that conflicted with his official duties or involved other improprieties.

BAKER SUBPOENA

The committee disclosed yesterday it has served a subpoena on Baker ordering him to make his records available by tomorrow morning or, if he is unwilling to do so, to appear and explain why.

Atwood was the first of three North American officials questioned about why the defense and aerospace firm contracted for vending machine service with Serv-U, in which Baker and Black have been identified as the principal stockholders.

Atwood, who testified that 95 per cent of North American's work is done under government contract, said that sometime in the fall of 1961 Black first spoke to him about a vending machine company in which Baker was interested.

★ ★ ★

Asked by Sen. Carl T. Curtis, R-Neb., if Black gave any reason why he wanted Serv-U given consideration, Atwood replied that his recollection was that Black had "pushed the merits of the organization."

He said he couldn't recall whether Black said Baker was interested in the company or had a financial interest in it.

PRESSED HIM

When Sen. Howard W. Cannon, D-Nev., pressed him on this point, Atwood said that "I'd have to say either interpretation could be deduced from what I heard Fred Black say."

New Departments at Albert's Store

Women's shoe and matching handbag departments have opened at the Albert's store in the Pontiac Mall under managership of Robert Weddle.

Weddle

Weddle of 1121 Premont has 21 years experience in shoe retailing in Pontiac.

The shoe department is a new feature at the Albert's store, said Weddle, and part of the clothing chain's efforts to expand its operations.

He added that the salon will also offer a shoe- and bag-tinting service.

Business Notes

Comptroller posts at two General Motors divisions have been announced for Stanley T. Weber, 1087 Glenhurst, Birmingham, and Lewis G. Kalush, 3609 Wards Pt., Orchard Lake.

KALUSH

WEBER

Kalush was named comptroller of United Motors Service Division, succeeding Weber, who becomes comptroller for Saginaw Steering Gear Division.

Weber has held various supervisory posts since joining Oldsmobile Division in 1942, advancing to directorship of the corporation's Analysis Section in 1958, before his most recent position.

Kalush joined the corporation's audit staff in 1947, went on to other comptroller staff positions, and has been a supervisor in the analysis section since 1957.

"Nylon, Teflon & Delrin" will be the topic of William Benkelman, speaker at the 7 p.m. Thursday meeting at Ted's (at the Pontiac Mall) of Chapter 69, American Society of Tool & Manufacturing Engineers. Benkelman is product sales manager of Cadillac Plastic & Chemical Co.

$ Successful Investing $

By ROGER E. SPEAR

Q) "I have been offered a 9 per cent return on an investment with a company specializing in second mortgages on real estate. How safe would you consider this investment?" D. S.

A) That is hard to answer without some knowledge of the properties on which the mortgages lie.

It is a pretty safe rule, however, that any investment offering substantially more yield than is normally obtainable entails a considerable risk. Remember that there are other risks besides absolute safety of principal and interest. There is the major risk of not being able to get at your money if you need it.

A friend of mine has been holding a share in a second mortgage on an office building in New York City for twenty-five years. The interest has been paid, but the mortgage has been extended when due and I am afraid he is locked in.

I personally would leave second mortgage investments to the experts who understand these things.

She owns 104 shares of American Telephone, 110 Montgomery Ward, 300 New England Electric, 300 Transcontinental Gas Pipe Line, and $15,000 in savings. She had some preferred stock called and now has $5,000 to invest. What would you advise?" B.D.

A) For her purpose, it might be well to replace her called preferred stock with another issue in the same category. I advise Southwestern Public Service 4.15 per cent preferred selling to yield 4.69 per cent.

If you will allow me, I am going to make another suggestion. Montgomery Ward sells to yield 2.8 per cent and is not a particularly strong stock. I would switch this issue into Duquesne Light, offering a well-secured return above 4 per cent.

Drivers Honored by Mills Bakery

Safety awards recognizing 96 years of accident-free driving were recently presented 24 driver-salesmen of Mills Bakery, 196 W. Howard.

Top award went to Elbert Lorenzen, 1932 Devonshire, for 22 years of safe driving.

Others were James Richardson, 14 years; L. Negus, 11; R. Herrman, and H. Buchanan, both 10 years. Jack Ralph, Mills district manager, said local drivers annually log over 750,000 miles.

16 Burned to Death by a Mob in India

BOMBAY, India (AP) — Mysore state police reported today that 16 persons were burned to death in the village of Idapnur yesterday by a mob that trapped them in a house, poured gasoline and kerosene over it, and set it afire.

★ ★ ★

Four people escaped. Women and children were among the dead.

Idapnur is 400 miles from Bombay. Police could give no explanation of the violence, except to say there was a long-standing feud between the people of Idapnur and the neighboring village of Induvasi.

In Saigon Crisis

U.S. Counters Reds

SAIGON, South Viet Nam (AP) — The U.S. Army maintained special guards on American installations in Saigon today to counter a communist terror campaign that has killed three Americans and wounded more than 50 in the past two nights.

U.S. and Vietnamese officials also set up a Joint Security Council to work for greater safety for the thousands of U.S. servicemen and civilians and their families in the Vietnamese capital.

American military policemen stood guard at schools attended by American children and rode on school buses. U.S. soldiers patrolled other American installations.

Some of the same Vietnamese police strongarm men who were assigned last summer to roughing up Buddhists and Western newsmen were on duty at the American schools along with the U.S. servicemen.

CIVILIAN RESIDENTS

About 2,500 American civilians live in Saigon, including military wives and children. The total of Americans in the capital, counting servicemen and officials, is believed to be about 10,000.

U.S. officials denied any consideration was being given to sending civilian dependents back to the United States.

★ ★ ★

The terrorist campaign continued Monday night with an attack from ambush on three American military men. One was wounded slightly when a grenade was hurled at their car.

Unconfirmed reports said the Viet Cong rebels were circulating leaflets saying "Two Americans a day."

SECURITY COUNCIL

The Joint Security Council, composed of three Vietnamese and three U.S. security officers, held its first meeting Monday. Premier Nguyen Khanh assured U.S. Charge d'Affaires David G. Nes, that the Vietnamese government is giving special attention to the American security problem.

Communist terrorists have made six attacks on Americans in Saigon the past three weeks, killing six and wounding 85.

Khanh's government also was investigating possible involvement of some Vietnamese policemen in recent Viet Cong terrorism.

South looked at dummy and remarked, "I don't think we bid enough."

His next remark came a few moments later, when he said, "I must be the unluckiest player in the world."

North replied, "Your partners are the real unlucky people. If you talked less and thought more you would have made the hand."

South had started out all right. He had decided to cross ruff the hand and, after taking dummy's ace of spades, South had cashed his high clubs and diamonds, discarding the three of clubs on the second high diamond. Then he ruffed his last club with the deuce of trumps, ruffed a spade with the four of trumps, ruffed a diamond with the eight of trumps and a spade with the nine of trumps.

At this point West overruffed with the ten and led back a trump whereupon South had to go down one trick.

Had South used his brains rather than his mouth, he would have remembered that he had only bid six and that it behooved him to play as safely as possible for his contract.

After he had cashed five cards in side suits and the deuce and four of trumps he had seven tricks. He could be certain of five more tricks if he started to ruff high. He would bring in four tricks with the ace, king, queen and jack of trumps and would be sure to make another trick with either the eight or nine.

Astrological Forecast

By SYDNEY OMARR

For Wednesday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Advice from associate may be misleading. Trust own judgment! BE SELF-RELIANT. Don't be sidetracked by wild claims, promises, or threats. Find ways of gaining the most for your dollar.

TAURUS (Apr. 20 to May 20): People expect much of you. But you can surprise them with show of confidence, originality. Do things with a "Taurus" Cycle high. Put personal trademark on efforts. Highlight beauty, illusion.

GEMINI (May 21 to June 21): Strive for understanding of INNER MOTIVES. Not only in yourself — but also in loved ones. Accept responsibility. Be mature in outlook. Study POTENTIAL, possibilities for future.

CANCER (June 22 to July 21): Need to be loved is felt. See that you are worthy of it. Be warm, sympathetic. Don't neglect sense of humor. You can now make valuable discovery about yourself. Look for it!

LEO (July 22 to Aug. 21): Key is being INVENTIVE. Tear down the old in order to rebuild. Throw out ancient or antiquated methods. Move ahead! Streamline activities. See situation in light of REALITY.

VIRGO (Aug. 22 to Sept. 22): Permit IMAGINATION to flow. Don't be thwarted by your own overcritical sense. Means don't defeat your own purpose. Applies also to personal life. View situation with confidence.

LIBRA (Sept. 23 to Oct. 22): Be receptive rather than aggressive. Applies especially where money is concerned. Means you gain more with honey than vinegar. Highlight agreement, harmony. Encourage associate.

SCORPIO (Oct. 23 to Nov. 21): Key is illusion. You tend to be in a world apart. Oddly, this proves attractive to many. But keep feet on firm ground! View circumstances, people REALISTICALLY. Be wary of fair-weather friends.

SAGITTARIUS (Nov. 22 to Dec. 21): Pay attention to needs of those who SERVE you. Attend to basics. Includes shopping for staples. Don't be impatient. Welcome change of routine. Avoid being too critical.

CAPRICORN (Dec. 22 to Jan. 20): Read CANCER message. Highlight sincerity. Insist on quality over quantity. Good to make domestic adjustment, seek improvements in the home. Say YES to unusual proposal by family member.

AQUARIUS (Jan. 21 to Feb. 19): Undercover activity indicated in connection with career, aspirations. Privacy required. So is self-analysis. Are you putting trust in wrong persons? Day for "hard" thinking!

PISCES (Feb. 20 to Mar. 20): Ideas may not contain real substance. Be patient. Delay journeys, important changes. Check budget. Be sure you are getting money's worth. Good to plan future program.

IF WEDNESDAY IS YOUR BIRTHDAY you are original in approach, independent, possess sparkling personality. But you often attract persons who are envious.

GENERAL TENDENCIES: Cycle high for TAURUS, GEMINI, CANCER. Special word to SCORPIO: Take promises with grain of salt. Be gracious, but practical.

In Courthouse Tower

Judge's Room Ready Tuesday

Circuit Court Judge Philip Pratt's new courtroom and chambers in the Courthouse Tower will be ready next Tuesday morning, Daniel T. Murphy, chairman of the County Board of Auditors, announced today.

He said the judge and his staff will be moved in by the County Maintenance Department the same day.

The new courtroom took nearly four months to complete at a cost of $34,000.

★ ★ ★

Space was allocated on the second floor for the sixth courtroom but not finished off when the tower was built three years ago.

NEW COURT

Judge Pratt's new court has been finished in marble and natural wood paneling similar to that in the other courtrooms.

A seventh Circuit Court judge is still without a permanent courtroom and chambers.

Judge James S. Thorburn ha been using the Courthouse auditorium with temporary chambers in the auditorium wing.

★ ★ ★

The auditorium is intended primarily for use by the County Board of Supervisors.

TEMPORARY QUARTERS

Judge James S. Thorburn has moved into temporary quarters presently occupied by Judge Pratt.

These are located in the courthouse administrative wing, which is intended entirely for offices.

Murphy said it would be at least a week before Judge Thorburn and his staff are moved from the auditorium into the administrative wing, where a courtroom was created by moving office partitions.

★ ★ ★

Final plans call for still another move that will take Judge Thorburn and staff into a courtroom and quarters now occupied by Probate Court Judge Donald E. Adams and staff on the first floor of the tower.

ANOTHER WING

The tower was built to house ultimately all of the Circuit Courts, with plans to build another wing for Probate Courts and related departments, said Murphy.

A second Probate Court is located on the fourth floor of the tower.

Murphy wouldn't venture to say when the new wing might be built.

The county's consultant on building space, Louis Friedland of Wayne State University, said the wing is needed now, and that the need will be critical by 1965 as the county continues to grow.

Plans call for a two-story wing on the north side of the tower. The wing is expected to cost about $1.5 million.

Against Power Company

Jury Stalemate in Law Suit

A Circuit Court jury was dismissed yesterday after failing to reach a verdict in a $150,000 damage suit against Detroit Edison Co. by the father of a boy who escaped death after touching a high voltage wire in 1961.

The jury of twelve deliberated more than 10 hours after a week-long trial before Judge Frederick C. Ziem.

The suit was brought by Leonard Felts, of 9439 Garforth, White Lake Township.

★ ★ ★ ★

His 14-year-old son, Charles, lost two fingers and part of his thumb from his left hand as a result of accident.

SEVERE BURNS

Electricity coursed through the boy's body causing severe burns when he grabbed the wire while climbing a tree near his home.

Charles said he grabbed the wire when he lost his footing and couldn't let go.

A bystander finally knocked the wire from his grasp with two-by-four. Doctors said the boy was "lucky to be alive."

★ ★ ★

Felts charged Edison with negligence in locating the wire so close to the tree and in failing to maintain proper insulation.

Edison countered with the claim that the boy deliberately grabbed the wire in a game of "chicken" with a friend.

A new trial in the case will be scheduled.

2 City Men Plead Guilty to Burglary

Two Pontiac men pleaded guilty in Circuit Court yesterday to the Jan. 30 burglary of a Pontiac gas station.

★ ★ ★

Arnold Larm, 23, of 664 N. Perry and Charles Short, 28, of 9949 Sedlock, White Lake Township, will be sentenced March 17 by Judge Philip Pratt."

★ ★ ★

Larm and Short were accused of breaking into Reeves Cities Service station at 3450 E. Walton and taking more than $100. Larm was employed at the station at the time.

'Cubans Still Want Venezuela Beachhead'

CARACAS, Venezuela (AP) — President Romulo Betancourt said Monday that Cuban agents, although stifled by tough Venezuelan action, have not given up their attempt to make this oil-rich South American nation a Soviet beachhead.

Betancourt referred to recent sabotage of Venezuelan subsidiaries of American oil firms in Venezuela and blamed the work on Cuban agents.

Surviving are a daughter, Mrs. Etta Hotchkiss of Oxford; a son, Bert of Flint; a grandchild and three great-grandchildren.

DONALD J. TEMPLETON

ROCHESTER — Service for former resident Donald J. Templeton, 48, of Strafford, Pa., will be 2 p.m. tomorrow at the First Congregational Church, Westfield, Mass., with burial to follow in Westfield.

Director of chemical research and development for the Renuzit Home Products Co. of Philadelphia, he was killed in an automobile accident Saturday in Pennsylvania.

Mr. Templeton was formerly national sales manager for Rochester Aerosol Corp. here.

He was a member of the American Pharmaceutical Association, American Oil Chemical Society, Society of Cosmetic Chemists, board of governors of Chemical Specialties Manufacturing Association and Chemists Club of New York City.

Surviving are his wife, Dorothy; his mother, Mrs. Lucy Templeton of Westfield, Mass; two sons, Donald and Joel; a daughter, Susan; a sister; and a grandson.

Doctor Races With Stork and Train

BRIDGEWATER, N.S. (AP)—Dr. Robert Rowter left Bridgewater Monday on an emergency maternity call.

★ ★ ★

As he started over a railway crossing, a train came thundering toward him.

The doctor feared he wouldn't make it across. He turned his car onto the track and tried to outrun the train to a nearby station.

★ ★ ★

"I didn't make it," Rowter reported. "Fortunately the train had started to slow down by the time it hit me, but the car was badly damaged."

★ ★ ★

Shaken but unhurt, Rowter got a railway employe to drive him to the hospital and arrived in time to deliver the baby.

"I can't even remember whether the baby was a boy or a girl," he said, still shaken.

Traffic Survey Is Slated

A traffic survey will be made by the Oakland County Road Commission to determine whether two new signal lights are needed in Waterford Township.

★ ★ ★

Traffic Engineer Robert W. Osgood said today that surveys are planned for the intersections of Pontiac Lake and Crescent Lake roads and Pontiac Lake and North Cass Lake roads.

★ ★ ★

Waterford Township Supervisor James E. Seeterlin requested the new signal lights because the M59 detour has caused increased traffic at the two intersections.

Empty Theater Hit by Explosion, Fire

GILLETTE, Wyo. (AP)— An explosion rocked the downtown movie house last night, destroying it in flames within an hour after the show had ended and the 80 patrons gone home.

The fire spread through a next-door billiard parlor and upstairs apartments and threatened other shops before 100 volunteer firemen brought it under control.

A barber shop in the theater building also was destroyed.

★ ★ ★

Six hours after the blast occurred in the basement furnace room at 10:10 p.m., the fire was reported under control.

An estimated $200,000 damage was done.

Senator Calls Raps at CIA 'Dangerous'

WASHINGTON: Sen. Thomas J. Dodd, D-Conn., says attacks on the Central Intelligence Agency constitute "a highly dangerous pastime because the CIA is one of the essential elements of our security."

In a Senate speech Monday, Dodd asked for an end to what he called "the virtual epidemic of attacks' 'on the government's top intelligence agency. He said the attacks were unfair and unwarranted.

★ ★ ★

Dodd said much criticism came from pacifists "who would let the Communists take over the world rather than fight against them" and "muddle-headed moralists" who for some strange reason consider it wrong for this country to move against Communist subversion.

Dodd, a onetime FBI agent, said he is astonished that some members of Congress "who are staunch anti-Communists" had joined in recent criticism of the CIA.

★ ★ ★

"The CIA is probably one of the most supervised agencies in the government," he said, noting that senior members of four committees in Congress watch over its funds and operations.

Reds Offer Deal on Pilots

SEOUL, South Korea (AP) — Communist North Korea offered today to deal leniently with two U.S. helicopter pilots held captive for nine months if the U.N. Command admits they were spying and that it won't happen again.

A U.N. Command spokesman said the Communist offer was under study.

The offer was made in a letter from the commander of the North Korean army to U.S. Gen. Hamilton Howze, commander of the U.N. Command and of the U.S. 8th Army.

Pyongyang radio said the letter replied to a note Howze sent last Nov. 6 asking for release of the pilots, Capt. Ben. W. Stutts, 30, of Florence, Ala., and Capt. Charleton W. Voltz, 26, of Frankfort, Mich. Communist gunfire downed their helicopter just over the North Korean line last May.

The U.N. command said Stutts and Voltz were on a routine flight and strayed inadvertently over the border.

DAMASCUS, Syria (AP)—The Syrian government renewed martial law throughout Syria Monday night after putting down a riot in the oil port of Banias. The government called the riot an attempted insurrection.

Interior Minister Nuriddin Atassi said a number of rioters were arrested and accused "politicians and tribal leaders" of plotting an uprising in the Mediterranean harbor used by the Western-owned Iraq Petroleum Co. to ship Iraqi oil to Europe.

★

SAIGON, South Viet Nam (AP) — About 470 persons have died of cholera in South Viet Nam since the current epidemic began early in January, the Health Ministry reported today.

The death rate was about 8 per cent of 5,700 confirmed and suspected cases.

Rebel Units Claim Coup in W. Africa

BRAZZAVILLE, Congo Republic (AP)—Rebellious troops staged a midnight revolt in the neighboring West African republic of Gabon and seized government buildings, rebel radio broadcasts from Libreville said today.

An army officer identifying himself as a Lt. Daniel Odene broadcast over Radio Gabon that the government had been overthrown and that "president Leon M'Ba and his acolytes have been arrested."

★ ★ ★

A French News Agency report from Libreville, the Gabonese capital, said that M'Ba and National Assembly President Louis Bigmann were in the government palace and that rebel troops ringed it.

Strong army units reportedly moved into the principal government buildings, including both the postoffice and radio station.

★ ★ ★

After Odene made his announcement at 11 a.m. an unidentified speaker broadcast that "calm reigns throughout the country. Shops and stores are open and operating normally."

Gabon, a former French colony on the west central coast of Africa, is the home of Dr. Albert Schweitzer, humanitarian and Nobel Prize winner. His jungel clinic is at Lambarene, an inland city.

Service Tomorrow for Pontiac Man

Service for Theodore I. Zimmerman, 53, of 1173 Featherstone will be at 1:30 p.m. tomorrow in the Donelson-Johns Funeral Home with burial in White Chapel Memorial Cemetery.

Mr. Zimmerman, supervisor of the tool division of GMC Truck & Coach Division, died yesterday after a brief illness. He was a member of Elks Lodge No. 810, Knights of Pythias No. 277, and Foreman's Club at GMC Truck & Caoch.

Surviving besides his wife, Alice, are three grandchildren and a sister.

The family suggests any memorials be made to the Michigan Heart Fund.

Flood in Philippines; 30 Are Reported Dead

MANILA (AP) — Deaths in widespread floods on Mindanao Island have mounted to about 30, newspaper reports said today.

Cholera was reported to have broken out in the flooded towns of Agusan Province.

In Davao Province alone, 15 towns were reported under water.

Thousand of people were homeless and many communities isolated.

Cleveland Man Killed

Detroit Driver Stands Mute

The 17-year-old driver of a car that smashed into a tree killing one of four teen-age passengers last fall stood mute in Circuit Court yesterday to a charge of involuntary manslaughter.

Gerald J. Bratton of Detroit appeared before Judge Philip Pratt, who ordered the youth to stand trial on the charge. No trial date was set.

Bratton is accused in the Nov. 27 death of James L. Hall, 15, of 536 S. Hospital, Waterford Township.

Hall was killed and Bratton and three others injured when the car ran off Joslyn Road near Scripps in Orion Township, struck a tree and rolled over several times.

Police said the youths had been drinking and were speeding away from the Guesthouse, a nearby religious home.

★ ★ ★

Police had been summoned to investigate a disturbance outside the religious home.

Petitions Go to City Clerk

Firefighters Seek Shorter Work Week

Petitions requesting that a proposed shorter workweek for Pontiac firemen be put to a public vote April 20 were submitted today to City Clerk Olga Barkeley.

The petitions contained 3,832 signatures. Less than 1,000 signatures of registered voters are required to put the proposal on the April ballot, according to Gerald Fritz, secretary of the Pontiac Firefighters Association, Local 376.

Because the clerk's office is presently burdened with work in preparation for the March 2 primary, it may be a few weeks before the signatures are checked and verified, said Mrs. Barkeley.

★ ★ ★

Fire fighters have been circulating petitions for over a month. The proposal would reduce their present 63-hour week to 56 hours.

WOULD COST

The shorter workweek would cost about $57,000 this year if more firemen were hired to handle the added work load, firefighters estimated.

Fire fighters began circulating petitions after the City Commission turned down the shorter workweek this year on grounds that there were no funds available for it in the 1964 budget.

X15 Rocket Plane Rebuilt for Flights

LOS ANGELES (AP) — A rebuilt X15 rocket plane, designed to fly at speeds up to 5,300 miles an hour, leaves by truck today for Edwards Air Force Base, Calif.

A spokesman for North American Aviation, Inc., said first flight is expected in May. The plane, one of three built by North American, was damaged in a crash landing in November 1962.

During repair two external fuel tanks were added to allow its rocket engine to burn longer and thus reach higher speeds.

Current 15 speed record is 4,104 miles an hour. The planes also hold an altitude record of 354,000 feet.

Official Named to Head GOP Home Rule Unit

Bloomfield Township Supervisor Homer Case has been named chairman of a county-wide Republican committee on county home rule by County GOP Chairman Charles L. Lyle.

Mrs. John Finegan of Birmingham, who has long been active in Republican party leadership, was appointed vice chairman of the committee.

Case resigned from a nonpartisan group studying county home rule in order to accept the party post.

The State Legislature currently is considering proposed bills implementing the new constitution's home rule provision granting counties the authority to overhaul their governmental structure and streamline it to deal with complex modern problems.

STRUCTURE SET

County governmental structure presently is set by the constitution along lines established before the turn of the century.

United Press Man Dies at 73 in London

LONDON (AP) — Clifford L. Day, 73, European coordinator of United Press International since 1952, died Monday. Day began his newspaper career at 14 and worked for newspapers in Beloit and Madison, Wis., and The Associated Press in New York and London.

He joined the United Press in 1924 and was European manager from 1945 to 1949. He was born in Garnavillo, Iowa.

1,500 Troops Move by Air

BERGSTROM AIR FORCE BASE, Tex., (AP)—Operation Big Thrust begins today, a modified version of the transatlantic exercise Big Lift that set new military transport records last October.

About 1,500 soldiers of the 2nd Armored Division at Ft. Hood will fly to Germany as replacement in the maneuver. The entire division went to Germany in around the clock flights last October to prove the United States' ability for quick international movement of combat ready troops.

★ ★

Operation Big Thrust begins with 16 consecutive flights from Bergstrom, 8 miles southeast of Austin. They are scheduled to terminate at Rhein-Main, near Frankfurt, Germany.

LEADING BANK STOCKS COMPARISON AND THE OUTLOOK FOR '64

Having operated in a climate of expanding business activity and successfully met the problem of rising interest costs, the banking industry was able to report record net operating earnings for 1963. The outlook for stronger credit demand, firming interest rates, and improving profit margins is, we believe, paving the way for another record year in 1964. Earnings prospects are further enhanced by the anticipated reduction in corporate tax rates. Our latest Research Study on the banking industry includes two extensive tables of financial and operating data on 30 banks throughout the country. We recommend 8 bank stocks as presently attractive for various investment objectives. For your free copy of this Study, available to investors, simply fill out and mail this advertisement.

Mrs. Oswald Claims Proof

Says She Has Data Proving Son Agent

NEW YORK (UPI) — Mrs. Marguerite Oswald, mother of the man accused of killing President Kennedy, says she has "additional documentation" to prove her son was a "government agent" who died an "unsung hero" at the hands of Jack Ruby.

Mrs. Oswald said yesterday that her son, Lee Harvey, gave his life for his country as a federal agent, possibly with the top-secret Central Intelligence agency (CIA).

Mrs. Oswald came here from Washington to participate in a "public inquiry" into her son's case to be held at a hall in Manhattan tonight. It is sponsored by the National Guardian Progressive news weekly of New York.

★ ★ ★

"I believe that Lee was a government agent, and I believed it as far back as 1959," she said. "Even from his defection to Russia, I came to the conclusion that he was working for the government."

WON'T ELABORATE

Mrs. Oswald refused to elaborate on the "additional documentation" she claimed to have.

"I must ask for your indulgence because I'm writing a book and I don't want to disclose all of the facts," she said.

She discounted a statement last week by CIA Derector John McCone, who told the Senate committee investigating the assassination that his agency never had employed Oswald.

★ ★ ★

"I don't expect Mr. McCone to admit that Lee was a security agent, probably because of security reasons," she said.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.
In the matter of the petition concerning Noline and Clifford Stinson, minors. Cause No. 19534.
To Henry Stinson, father of said minor children.
Worker's report having been filed in this court alleging that the present whereabouts of the father of said minor children are unknown and said children are dependent upon the public for support and that said children should remain under the jurisdiction of this court.
In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held to consider the temporary or permanent severance of all parental rights and/or adoption, at the Court House, Oakland County Service Center, in the City of Pontiac in said County, on the 27th day of February, A.D. 1964, at 10:30 o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.
It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said county.
Witness, the Honorable Norman R. Barnard, Judge of said Court, in the City of Pontiac in said County, this 5th day of February, A.D. 1964.

Fans Outbeat Beatles— Reap 'Silent Treatment'

By EARL WILSON

NEW YORK—The Beatles have a private joke on some of their audiences. They have—on occasion—"sung" silently . . . gesturing and moving their lips but making no sound . . . and due to the screaming of the little girls, the audience never knew the difference.

WILSON

"Knowing the futility of trying to make themselves heard above the screams, they saved their voices," a friend explains.

There was such screaming as that at Carnegie Hall the other night.

"You couldn't hear a word . . . and I really liked to have heard them, but it was impossible," said one of the ticket-holders.

Two of their little girl fans contrived to get themselves "shipped" in cartons to their 12th floor suites at the Plaza. Thus they avoided the guards. Immediately caught, they were ejected from the hotel . . . as were about 60 others who hid in the 12th floor exits waiting to pounce on their idols and hug them.

Liz Taylor and Richard Burton are interested in acquiring Budd Schulberg's 1958 play, "The Disenchanted," about F. Scott Fitzgerald, for a movie. Burton would play Fitzgerald in his deteriorating, besotten years.

Some boys picketed The Beatles with signs saying "Beatles, Go Home." They explained: "We want our girls back."

One Broadway leading lady has missed 18 performances . . . Now that the bosom is being shockingly exposed in new fashions (see **Time, p.64**), Jack Silverman's International cafe will offer showgal Marion Miller of its new "Vive Les Girls" show as the champ and put her up against anything at the Copa and Latin Quarter.

Broadway Buzz: There'll be wide-open gambling in Nassau by the fall . . . Play-goers were startled when a TV tsar, asked during an intermission, "How are you?" answered loudly: "Bored stiff!" . . . **Ingrid Bergman** reportedly began construction of a home in Barbadoes, for her eventual retirement from acting . . . **Frederic March**, at N.Y. hospital with an eye ailment, wired an apology to belly dancer **Morocco** that he couldn't watch her act at the Roundtable.

TODAY'S BEST LAUGH: Jack E. Leonard complained about the service in his hotel: "The warmest thing in my room was the ice water!"

WISH I'D SAID THAT: Insult comic Don Rickles told his audience, "Anyway, I have something the Beatles don't have—a forehead."

REMEMBERED QUOTE: "We all realize that it isn't human to be perfect—but too many people take advantage of it."

EARL'S PEARLS: Sad but true—sometimes a fellow marries a girl because it takes too long to drive her home."

Van Heflin was asked if he had any TV plans. "Certainly I have," he said. "Right now I'm going home to watch the Late Late Show." **That's earl, brother.**

Sinatra Ends Testimony; Frank Sr. Is Due on Stand

LOS ANGELES (UPI) — Frank Sinatra Jr. took a back seat today at the federal trial of three men accused of kidnaping him and the next big-name witness on call was his celebrated father, Frank Sr.

Prosecutor Thomas R. Sheridan completed redirect examination of young Sinatra yesterday with the question: "Was this whole episode any kind of hoax or publicity stunt?"

"No, sir," said the 20-year-old Sinatra firmly, "it was not any kind of hoax or any kind of publicity stunt"

★ ★ ★

The defense has contended that young Sinatra agreed to the kidnaping to gain publicity which would further his singing career.

CALL OFFICERS

Frank Sr. was on the list of government witnesses scheduled to follow young Sinatra, but it was believed Sheridan would first call some law enforcement officers.

Officers under government subpoena include some who manned a Nevada-California roadblock through which the kidnap car passed on the night of Dec. 8 after young Sinatra was taken at gunpoint from his Lake Tahoe motel on the California side of the state line.

The trial before a federal court jury of nine men and three women was interrupted briefly yesterday when defense counsel Charles Crouch Jr. offered a mistrial motion on behalf of his client, Barry Worthington Keenan, 23. The motion was turned down by trial Judge William G. East.

★ ★ ★

Young Sinatra, displaying an assurance and sometimes a sharp tongue reminiscent of his father, engaged in several spirited exchanges with defense attorney Morris Lavine.

EXCUSED SINATRA

East excused Sinatra from the witness stand but told him he would have to remain on call for the duration of the government's case which is expected to take the rest of the week.

The judge said that if the defense wants to retain Sinatra as a witness it must serve him with a separate subpoena.

★ ★ ★

Sinatra has made clear that he wants to rejoin the Tommy Dorsey band on a tour of Europe as soon as possible.

Pakistan, Russia Trade

LAHORE, Pakistan (AP) — Pakistan is negotiating a comprehensive trade agreement with the Soviet Union, Commerce Minister Wahid-uz-Zaman told Radio Pakistan in an interview Monday. Pakistan has signed trade agreements with Red China and Yugoslavia.

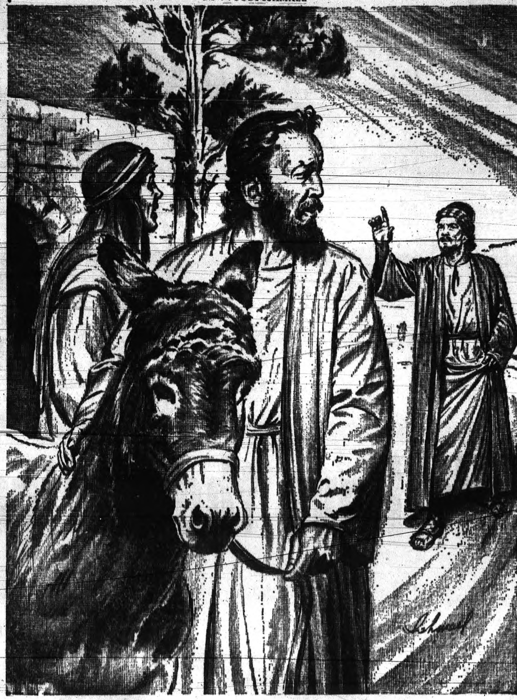
The Lenten Story

BY WOODI ISHMAEL



THE LORD HATH NEED OF HIM

Passing through Bethpage and Bethany on the way to Jerusalem, Christ and His disciples came to the Mount of Olives. There, He sent two of them ahead into the city with instructions to look for a colt tied up and upon which no man had ever ridden.

"And if any man say unto you, Why do you do this? Say ye that the Lord hath need of him, and straight away he will send him hither."

Sure enough, the two disciples found the colt tethered near a doorway, loosed him as directed and, though challenged by a by-stander, were permitted to lead him away. It was on this colt that Jesus made his triumphant entry into Jerusalem.

Tax Tips

(EDITOR'S NOTE — The following income tax information is furnished by the Internal Revenue Service as a public service.)

Q): I expect to receive a refund of about $150 on my 1963 federal income tax return. Is it possible for me to elect to have half of this amount refunded by check and have the other half refunded in the form of U. S. Savings Bonds?

A): You may not split your refund between bonds and check. If you choose to receive your refund in the form of bonds, you will be mailed as much of the overpayment as possible in bonds and a check for only the unabsorbed balance. You can indicate your choice to receive U. S. Savings Bonds by checking the appropriate box on your return.

For the answer to YOUR question call your local Internal Revenue Service Office.

Nine Killed in Nigeria

LAGOS, Nigeria (AP) —Police said Monday nine persons have been killed and eight injured in recent tribal violence in northern Nigeria.

Pipes, Cigars Dangerous as Cigarettes---M. D.

ATLANTIC CITY, N.J. (UPI) —Dr. John S. McQuade, president of the American Society of Oral Surgeons, said last night that excessive cigar and pipe smoking is "just as dangerous to health" as cigarettes.

McQuade, of nearby Ventnor, said "Oral surgeons see more cancer of the mouth area from pipes and cigars than they do from cigarettes."

He added that from the standpoint of such surgeons, "Excessive smoking of pipes and cigars is just as dangerous to health."

McQuade said he was elaborating on a warning issued by his group's board of directors in a resolution approved at a meeting in Chicago two weeks ago because many persons are switching to pipe smoking and cigars following the U.S. Surgeon General's recent report on the dangers of cigarettes.

STILL PERIL

He said that while the society concedes that cigars and pipes may "materially decrease the occurrence of lung cancer because they are not inhaled" they are still a peril to health.

He said that oral surgeons find more cancer among pipe and cigar smokers because of the constant and more heavily concentrated residue and tars found in each.

McQuade said an early danger symptom among pipe and cigar smokers is "smoker's patch," a persistent, ulcerative type of sore on the tongue, the floor of the mouth, the gums, palate, cheeks or lips.

He said that in many cases the "smoker's patch" is the forerunner of cancer of the mouth.

Lawmakers Support Court Decision

Whipping Proposal: Adults Against, Girls for It, Boys Say No

Should juvenile delinquents be whipped in public? Would that be an effective way to curb crime and other antisocial behavior by some teen-agers, as Pontiac's Democratic state representative, Arthur J. Law, last week proposed?

Opinion on the idea is strongly divided, according to interviews in Pontiac yesterday.

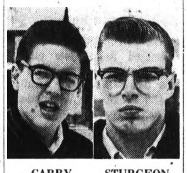
Adults were unanimously against the suggestion, but the teen-agers, themselves, had opposite judgments.

"No," said the boys.

"Yes," said the girls.

"It's going back to primitive times," said Bob Carry, of 2405 Empire, West Bloomfield Township, a 15-year-old 10th grader at Pontiac Central High School.

"Psychologists and psychiatrists are against it," Bob said. "And I don't think much of it, either."



CARRY STURGEON

"I don't like it," agreed David Sturgeon, 17, of 114 Cadillac, a 12th grader at Pontiac Central. "It might help some," David admitted, "but it's not the way to treat kids."

★ ★ ★

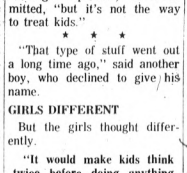
"That type of stuff went out a long time ago," said another boy, who declined to give his name.

GIRLS DIFFERENT

But the girls thought differently.

"It would make kids think twice before doing anything wrong," said Inez Wiscombe, of 251 W. Pike, a 17-year-old 12th grader at Pontiac Central.

"It would make them feel very small to be punished in front of everyone," Inez said. "I think it might do some good."



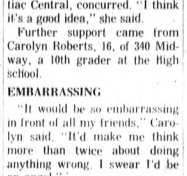
Miss Wiscombe Miss Gilbert

Dottie Gilbert, 17, of 74 Lincoln, also a 12th grader at Pontiac Central, concurred. "I think it's a good idea," she said.

Further support came from Carolyn Roberts, 16, of 340 Midway, a 10th grader at the High school.

EMBARRASSING

"It would be so embarrassing in front of all my friends," Carolyn said. "It'd make me think more than twice about doing anything wrong. I swear I'd be an angel."



Miss Roberts Miss Edwards

"It would be very good," said Vaunghncio Edwards, 15, of 498 Nevada, also a 10th grader. "Kids should behave themselves anyway, but I think this would help them."

"I think it might do some

Search Starts for Ruby Jury

Defense Still Claims Fair Trial Impossible

DALLAS, Tex. (AP) — Attorneys in Jack Ruby's trial begin today the painstaking search for 12 residents of Dallas County to judge whether Ruby committed murder with malice when he killed the accused assassin of President John F. Kennedy.

The defense says it is impossible to get an impartial jury in Dallas.

"Nothing happened this morning to change my opinion about that," said Melvin M. Belli, chief counsel for Ruby, after seeing the first 150 prospective jurors in the courtroom of District Judge Joe B. Brown.

★ ★ ★

The question of an impartial jury is a pivotal point in the defense of Ruby.

The defense contends Dallas is freighted with prejudice and feelings of guilt. Belli says "the shame brought on the Dallas image" is such that juror "would be obligated to convict Jack Ruby of murder with malice (a capital offense) to prove that Dallas is a place of law and order."

Nine hundred prospective jurors are available for questioning on their qualifications.

15 CHALLENGES

Belli and the district attorney, Henry M. Wade, each will have 15 peremptory challenges with which they can reject a prospective juror without stating a reason.

Each side also has an unlimited number of challenges "for cause."

Ruby's defense is temporary insanity — the assertion that he suffers from "psychomotor epilepsy," and that grief over Kennedy's death shocked him into an emotional state during which, unwittingly, he killed Oswald.

★ ★ ★

In the morning, the first group of prospective jurors appeared before Judge Brown. He excused 15, some of whom, he said are "mothers with small children at home."

City Realtor Named to Lead '64 UF Drive

Top Position Goes to Bruce J. Annett; Succeeds E. M. Estes

Realtor Bruce J. Annett today was named chairman of the Pontiac Area United Fund 1964 campaign.

Announcement that Annett will head the fund-raising activity, which at the height of the campaign involves 4,000 volunteers, was made by Glenn H. Griffin, president of the United Fund board of trustees.

"It is with pleasure I report that Bruce Annett has agreed to be campaign chairman this year. Certainly this is one of the biggest jobs in United Fund," said Griffin.

Annett, president and treasurer of Annett, Inc., real estate and property management firm, has been active in United Fund work since 1952.

"I appreciate the trust placed in me and will do my utmost to work for another successful campaign," he said today.

"It will take the support of the entire community. But if we keep in mind that our efforts will benefit thousands in Oakland County who depend on United Fund agencies, I'm sure we will be successful."

FIRST TASK

Annett said his first task will be to appoint divisional campaign chairmen and other key assistants during the next few weeks.

He succeeds E. M. Estes, Pontiac Motor Division general manager, who last fall led United Fund to its most successful campaign in history in raising $855,328, topping the 1963 goal.

No stranger to organizational office, Annett has been very active in professional groups, holding the presidency of both the Pontiac Real Estate Board and Michigan Real Estate Association.

The 49-year-old businessman is also past president of Pon-

Agree in Principle

Britain, Cyprus Eye Peace Plan

UNITED NATIONS, N.Y. (AP) — Britain and Cyprus are reported agreed on principles for a plan to police the turbulent Mediterranean island with an international force while an impartial mediator seeks peace between the Greek and Turkish Cypriots.

The British-Cypriot plan also calls for a consultative committee of U.N. members.

The two nations reportedly agreed on general terms of a Security Council resolution after the council postponed the start of its debate on the Cyprus crisis until this afternoon.

★ ★ ★

The resolution would avoid the controversial issue of how the international force should be set up and would merely agree that there should be such a force.

RESPECT TERRITORY

It would also appeal to all countries to respect the territorial integrity of the island, an appeal which Cyprus had planned to propose in a separate resolution.

The council debate, scheduled to start yesterday, was postponed after Secretary-General U Thant took a hand in the crisis with peace proposals of his own.

Thant's ideas were handed to representatives of Cyprus, Britain, Turkey, the United States and Greece in a memorandum which dealt with establishment of an international peace force for Cyprus and with machinery for mediating the conflict.

INFORMAL PROTEST

Greece protested informally to the United States and Britain today, accusing them of failing to inform it of their decision to take the Cyprus issue to the U.N. Security Council.

★ ★ ★

The oral protest was made by the caretaker foreign minister, Christos Palamas, to Ambassadors Henry Labouisse of the United States and Sir Ralph Murray of Britain.

WOULD RESIST

Cypriot President Makarios declared today that if Turkey intervened in the Cyprus crisis "we would resist" and would accept aid from any quarter.

In an interview, Makarios said he was deeply concerned about the bloodshed between Greek and Turkish Cypriots, but insisted the violence was caused by Turkish Cypriots who want Turkey to intervene.

Speaking forcefully, he emphasized that in resisting any Turkish intervention "we would ask the security council to step in and we would appeal to all countries to assist us.

★ ★ ★

We would accept any assistance."

Soviets Reject Disarm Plan

Claim U. S. Ignores Proposals by Russia

GENEVA (AP) — The Soviet Union rejected the Western proposals for phased gradual disarmament as unrealistic today and said there appeared little likelihood of East-West compromise.

The Soviet delegate, Semyon K. Tsarapkin, accused the Western powers at the 17-nation disarmament conference of "lack of enthusiasm" in discussing Soviet proposals and said the West "does not give us much hope" for progress in the Geneva negotiations.

William C. Foster, U.S. delegate, did not reply immediately to the Soviet statement.

Tsarapkin told the conference the U.S. government "does not face reality" in proposing an across-the-board, 30 per cent reduction of arms in the first stage of disarmament and 35 per cent in each of two subsequent phases.

He accused the U.S. government of pushing production of nuclear weapons to shift the nuclear balance heavily in its own favor before staged disarmament begins.

Western officials said the Soviet delegates avoided saying anything about Soviet missile production.

Tsarapkin told the delegates he was ready for immediate detailed discussion of a Soviet proposal for the destruction of nuclear arms.

WATER PIPE CUT — Rear Admiral John Bulkeley oversees Cuban workers yesterday as they use acetylene torches to loosen a joint in the 14-inch pipe that formerly conveyed water from Cuba to Guantanamo Naval Base. The admiral, commander of the base, ordered the cut in answer to charges by Castro of water stealing. (See story, Page 10).

Area Chamber to Install Chief

The Pontiac Area Chamber of Commerce will officially install Theodore B. Bloom as its 1964 president tomorrow night at the chamber's 54th annual banquet.

The event is scheduled to begin at 6:30 at the Elks Temple.

Bloom, 48, of 4875 Old Orchard, Orchard Lake, is personnel director at Pontiac Motor Division. He will succeed Dr. F. Milton Hathaway, Pontiac optometrist.

The program will feature Paul Lennon, billed as "America's Comet of Comedy." Lennon recently headlined entertainment at the boat show at Cobo Hall.

Snow and Cooler Is Prediction for the Pontiac Area

A light snow with colder temperatures is headed for Pontiac tonight. The U.S. Weather Bureau predicts the mercury will fall to 26 then rise to near 33 tomorrow.

Cloudy, scattered snow flurries and a little colder is the forecast for tomorrow. Thursday will be partly cloudy and a trifle warmer.

Twenty-four was the low temperature in downtown Pontiac preceding 8 a.m. The reading was 37 at 1 p.m.

4-Millionth Car Is Due Today

'64 Auto Production Up 11 Pct. From '63

DETROIT (AP) — U.S. auto plants, whose car production is running about 11 per cent ahead of the 1963 model, will turn out the four millionth car of the 1964 run today.

That total was not attained until March 8 last year.

Because production schedules are so involved, it was impossible to determine which company or plant would turn out the 4 millionth car.

PREDICTED OUTPUT

Auto workers turned out last week their 1 millionth car since Jan. 1 and projections were that the February output would be close to the record 675,495 cars made in February, 1955.

One statistical agency — Ward's Automotive Reports — predicted output for this February would run about 12 per cent ahead of the 601,022 units built in Feb. 1963.

Seven General Motors plants worked overtime last Saturday, including five Chevrolet Division lines, an Oldsmobile-Pontiac plant at Linden, N.J. and a Chevrolet-Buick plant at Wilmington, Del.

★ ★ ★

Ford's Wixom, Mich., Lincoln-Thunderbird plant also worked overtime Saturday to pick up some of the production it lost because of a strike at a supplier plant a week earlier.

Hoffa Wins Hearing on Wiretaps

CHATTANOOGA (AP) — James R. Hoffa's defense won today a new chance to attack the testimony of the chief government witness in the Teamsters Union president's jury-tampering trial.

U.S. Dist. Judge Frank Wilson granted a hearing to determine whether Edward G. Partin, a Baton Rouge, La., Teamster official, acted illegally when he recorded two telephone conversations with Hoffa.

The hearing, the judge said, will follow testimony in this trial — but will come before the case goes to the jury.

★ ★ ★

Thus, if the defense succeeds in throwing out Partin's testimony, it will throw out a major portion of the government case against Hoffa.

LINKED HOFFA

Partin gave testimony linking Hoffa and others on trial with him with alleged efforts to rig the Nashville jury which tried Hoffa on conspiracy charges in 1962.

The defense said the recorded telephone conversations, just prior to the start of the 1962 trial, resulted in Partin's being invited by Hoffa to Nashville.

While there, Partin testified, he had Hoffa's confidence — and also made daily reports to the Justice Department.

★ ★ ★

If Partin's initial contact with Hoffa was illegal, defense lawyers argue, his subsequent reports and testimony were unlawfully obtained — and should be disregarded.

NOT ILLEGAL

Government lawyers say there was nothing illegal about the recordings, made in a Baton Rouge motel, because Partin called Hoffa — and had a right to record calls he had initiated.

Move Hailed by Leaders of Both Parties

Each Side Sees Gains From High Tribunal's 1 Man, 1 Vote Ruling

WASHINGTON (AP) — Reaction among congressmen indicated support today for the Supreme Court ruling that House members should represent equal numbers of people.

Rep. Emanuel Celler, D-NY, chairman of the House Judiciary Committee and unsuccessful sponsor for 15 years of a bill calling for equality in congressional districts, said he was "happy about the court's momentous decision."

"It is a great step forward in giving the districts fair, equitable and just representation," Celler said.

Rep. Silvio Conte, R-Mass., said: "This has been long coming. I can't see any fault in it."

★ ★ ★

Analysts at Republican headquarters said the Republicans probably will gain seats in the House as a result of the high court's decision.

DEMS TO BENEFIT

But Democratic spokesmen said "the majority party is the Democratic party and it cannot but benefit from any move which attempts to give all citizens as close as is practicable" an equal voice in electing House members.

House leaders from both parties blasted a dissenting opinion by Associate Justice John M. Harlan, who argued that the verdict "casts grave doubt on the constitutionality of the House of Representatives."

Harlan said the ruling "places in jeopardy the seats of almost all the members of the present House of Representatives," because only 37 of the 432 present members were elected from districts that conform with the court's ruling.

★ ★ ★

"It's pretty far-fetched to intimate that actions by the House might prove to be illegal," said Leslie Arends of Illinois, the assistant Republican leader.

CONSTITUTIONAL

"Of course the House is constitutional," asserted Democratic Leader Carl Albert of Oklahoma.

The court's decision was by a 6-2 vote with Justice Tom Clark concurring on some

Eye State Suit on Districting

LANSING (UPI)—A two-year-old federal suit protesting Michigan's congressional districting system stood a good chance of being revived today because of the U.S. Supreme Court's latest apportionment decision.

It also raised the possibility the 19 congressional districts set by the legislature last year will have to be revised again before the 1964 elections.

The court's ruling, that "equal representation for equal numbers" is the goal of congressional districting, made it almost certain a suit filed in 1962 by two political science teachers would be renewed.

★ ★ ★

The target of the suit would be the congressional redistricting act adopted by the legislature last year. That act set up districts whose population ranges from a minimum of 305,

Sale Sought for R20 Land

The City Commission will be asked to tentatively okay the sale of 194,088 square feet of urban renewal land to Charles L. Langs at tonight's commission meeting.

One of the items on tonight's lengthy agenda is a resolution authorizing the urban renewal department to proceed with necessary agreements in disposing of the land on the north and south sides of East Pike near Douglas.

Langs, of Waterford Township, has proposed a multi-family town house type development on the site, which lies in the R20 urban renewal project area.

The development would be federally financed under a program enacted in 1961, which provides for Federal Housing Administration insurance of below - market interest rate mortgages to reduce rental and cooperative housing costs where the normal rental market doesn't meet the need.

FOR APPROVAL

The proposed sale agreement, together with a minimum deposit of 5 per cent of the sale price and redevelopment plans, will go to federal officials in Chicago for approval before a final agreement is executed between local officials and Langs.

In other business tonight, commissioners are slated to act on a resolution which would put a charter amendment increasing the city's power to levy taxes on the April 20 ballot.

The amendment must be adopted by a public vote. In its present form, it would allow the city to levy up to an additional $1 per $1,000 of assessed property value to pay for police and fire pension and manpower costs.

★ ★ ★

The amendment, however, is subject to change before it reaches the commission table for formal action.

ALSO SCHEDULED

Also scheduled for action are resolutions which would do the following:

1. Authorize the city manager to apply for a federal planning grant in the amount of $63,000 to cover design and construction drawings of proposed Clinton River improvements from Union to Opdyke (east of the present river project).

2. Support an application from the city's current restaurant tenant at Pontiac Municipal Airport asking Waterford Township approval for a new liquor license.

★ ★ ★

3. Approve the purchase of options to buy seven parcels of the Clinton River bed in the central business district which are needed for right-of-way in the current river improvement project.

★ ★ ★

City Engineer Joseph Neipling is also scheduled to give commissioners reports on typical examples of charges to be assessed under a newly proposed sewer tap-in fee ordinance and on estimated costs for relieving basement flooding in the northeast trunk sewer area.

★ ★ ★

Several planning commission reports and recommendations are also on tonight's agenda.

Solons Hail Decision of High Court

points and dissenting on others.

The majority opinion was by the court's senior associate justice, Hugo M. Black.

It concluded: "While it may not be possible to draw congressional districts with mathematical precision, there is no excuse for ignoring our Constitution's plain objective of making equal representation for equal numbers of people the fundamental goal for the House of Representatives."

GEORGIA CASE

The specific case before the high tribunal involved Georgia's 5th District, which includes the Atlanta metropolitan area.

It has 823,680 persons compared with only 272,154 in the adjoining, rural 9th District.

"We agree with the District Court that the 1931 Georgia apportionment grossly discriminates against voters in the 5th Congressional District," Black's opinion said.

★ ★ ★

"A single congressman represents from two to three times as many 5th District voters as are represented by each of the congressmen from the other Georgia congressional districts."

RETURNED FOR ACTION

The high court returned the case to the District Court for further action.

Rep. J. Russell Tuten, a Democrat who represents Georgia's 8th District with 291,185 residents, said "I think the court is right in its contention that districts should be set up on the basis of population.

ON ALERT—A Turkish destroyer (right) escorts a troop ship during exercises in Turkey's Bay of Iskenderun. Sources at Iskenderun, a port 100 miles across the sea from Cyprus, said yesterday that Turkish military and naval units have been kept on alert in connection with the Cyprus situation.

Wheat to Russia Still Halted

MIAMI BEACH, Fla. (AP) — Efforts of the Labor Department's top troubleshooter to quickly settle a union boycott against U.S. wheat shipments to the Soviet Union apparently have failed.

★ ★ ★

Insistence by labor leaders that at least half the grain be transported in U.S. vessels dashed President Johnson's hopes of an early solution.

James J. Reynolds, assistant secretary of labor, who was sent here by the President, was to have held a news conference on the wheat dispute Monday night, but it was called off.

ANOTHER STRIKE

Reynolds was to leave today for Daytona Beach on another labor dispute, a strike against the Florida East Coast Railway that has slowed construction of space facilities at Cape Kennedy.

Most of the nation's chief labor leaders are here for the annual meeting of the AFL - CIO Executive Council.

★ ★ ★

AFL - CIO President George Meany told a news conference Monday he had agreed to Johnson's personal appeal to help seek a settlement of the boycott. But Meany also said he backed the union stand.

The International Longshoremen's Association halted the loading of wheat on two foreign ships in New Orleans and one in Houston.

HONORS AGREEMENT

Longshoremen's President Thomas W. Gleason said all wheat shipments to the Soviet Union, even on American vessels, would be tied up unless the administration lives up to an agreement providing for at least 50 per cent shipments in U.S. vessels.

Reynolds apparently gave up hope of an immediate settlement after round - the - clock sessions with union leaders and frequent telephone conferences with Secretary of Labor W. Willard Wirtz in Washington.

★ ★ ★

Continental Grain Co., which sold $75 million worth of grain to the Soviet Union, says it cannot find enough acceptable U.S. ships to carry half the cargo.

Union officials say this is just an excuse to use cheaper foreign ships, including some that had been blacklisted by the United States for trading with Cuba.

Factions Seek Settlement on Florida Railroad Strike

DAYTONA BEACH, Fla. (AP) —Labor and management confer today at the urging of Secretary of Labor W. Willard Wirtz to see if they can end the violent Florida East Coast Railway Strike.

Assistant Secretary James J. Reynolds, the Labor Department's top troubleshooter, was to meet with Ed Ball, board chairman of the railroad, and G.E. Leighty, chief negotiator for the 11 nonoperating unions on strike.

★ ★ ★

Wirtz sent Ball and Leighty identical telegrams.

"The dispute between the Florida East Coast Railway and the nonoperating brotherhoods is now in its 14th month. The losses suffered by the private interests involved are incalculable. The loss suffered by the public interest is intolerable.

RECENT BOMBINGS

"The recent bombings of this property are outrageous criminal acts.

The interruption this past week of vital defense operations of Cape Kennedy, resulting from picketing, is a further insufferable price to the public," the telegrams read in part.

★ ★ ★

Picketing of Cape Kennedy began after the railroad started operations of a spur there. Work on millions of dollars in space projects was halted when construction workers honored the picket lines. Work was resumed after the National Labor Relations Board worked out a truce.

There have been more than 200 violent incidents during the strike. The most recent were dynamite bombings of freight trains in North Miami Beach and New Smyrna Beach.

PAY RAISE

The 1,300 members of the nonoperating unions employed by the railroad struck Jan. 23, 1963, after the railroad said it could not grant their request for 10.28 cent an hour raise.

The unions said they can't afford to settle for less than the national pattern of 10.22 cents added to hourly pay of $2.42. This was accepted by 190 Class I railroads in 1962 on the basis of a National Emergency Board recommendation.

The railroad has been operating with supervisory employes and trainees. It carries only freight.

Whipping Proposal Stirs Up Interest

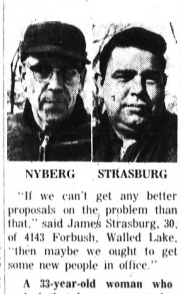
good," said Gloria Houck, 16, of 720 Vought, an 11th grader.

Her friend, Ruth Neville, 16, of 110 Cadillac, a 10th grader, also thought it might help, but added "being grounded" was more effective punishment in her opinion.

Adults interviewed put themselves on the record squarely in favor of discipline, but just as strongly against its being public.

BY THE PARENTS

"I think kids should be punished but it should be taken care of in the home by the parents," said Carl Nyberg, 63, of 19 E. Princeton, who said he did not like the idea at all.



NYBERG STRASBURG

"If we can't get any better proposals on the problem than that," said James Strasburg, 30, of 4143 Forbush, Walled Lake, "then maybe we ought to get some new people in office."

A 33-year-old woman who asked that her name not be reported was shocked at the question. She had not heard of the proposal.

"That would be just like hanging," she said, aghast. "Such problems should be solved at home. There wouldn't be any juvenile delinquency if they were. Discipline starts in the home."

Rep. Law introduced a bill last week that would empower probate judges to order public punishment for juvenile offenders with a belt or a switch, possibly at a school assembly.

TIME TO QUIT

"It's time we quit theorizing about what causes delinquency and do something to curb it," said Law, a 58-year-old grocer with a reputation among his legislative colleagues for wanting to see wrongdoers dealt with severely.

State Atty. Gen. Frank J. Kelley, also a Democrat, yesterday said he would have to declare such a law unconstitutional, in the unlikely event it were to pass, as violating constitutional guarantees against "cruel and unusual punishments."

Predicts Stall on Rights Bill

Senator Sees Debate Lasting Many Months

WASHINGTON (AP) — Senate Democratic leader Mike Mansfield said today he expects months of debate in the Senate on the civil rights bill.

★ ★ ★

Talking with newsmen after the weekly White House breakfast meeting of Democratic congressional leaders, the Montana senator said.

"I rather anticipate that when we take up the civil rights bill we will be on it not for weeks but for months."

★ ★ ★

But he gave no time for taking up the measure.

LBJ DECISION?

The party chiefs from the Capitol had been expected to seek a decision from President Johnson on whether to deal first with wheat-cotton legislation — which the administration also wants—or move quickly into the Southern filibuster the civil rights measure is certain to set off.

The months of talks on civil rights which Mansfield predicted would push the farm measure back too far for much effect this year.

House speaker John W. McCormack of Massachusetts expressed hope Senate and House conferees would adjust differences on the tax bill today.

★ ★ ★

If a final agreement is reached today, McCormack said, he hopes the House can take up the conference report the latter part of this week.

SENATE ACTION

The Senate will take up the tax bill conference report after the House acts on it.

★ ★ ★

The Democratic leaders said they also discussed the foreign situation with Johnson, but gave no details.

DETROIT (UPI) — Hope all but ended today for three men and a boy missing since Saturday morning in a chartered twin-engine plane that authorities fear went down in Lake Erie.

★ ★ ★

Air and ground searches again proved fruitless yesterday but a Michigan Civil Air Patrol spokesman said search efforts would be resumed at daybreak today with about 30 planes from Michigan and Ohio taking part.

Missing and presumed dead were Harry E. Black, 49, Grosse Pointe Woods, an S. S. Kresge real estate representative; his 12-year-old son, Edward; James Mixon, 40, Atlanta, Ga., the pilot; and wealthy property developer George Drake, 70, Wilton, Conn., who chartered the plane.

★ ★ ★

The plane took off from Detroit City Airport at 8:20 a.m. Saturday en route to Akron, Ohio, on a business trip. The last sound contact with the plane was made about a minute after takeoff by the airport control tower.

Ask Figures for Proof of Rubbish Cost Claim

BIRMINGHAM — City commissioners have asked the city's rubbish collector to back up with sound figures his claim that his costs have risen 40 per cent.

Last night they tabled for a week action on the request of I. J. Giacolone, owner of the Detroit Rubbish Co., that the firm's contract with the city be renegotiated or dissolved.

Giacolone had told the commission his costs have gone up 40 per cent since his three-year contract with the city was signed in 1962.

★ ★ ★

The agreement provides for residential rubbish pickup from Jan. 1, 1963 to Dec. 31, 1965. Giacolone's fee is $152,000.

HAD COMPETED

City Manager L. R. Gare, who recommended that the request be denied, noted that the firm had competed with several others for the job.

He said there would be little use in taking bids on future projects if this one could be renegotiated when it is only 35 per cent completed.

While asking for additional figures from Giacolone, commissioners also sought the advice of city attorney Howlett, Hartman and Beier.

In other action, they authorized signing an agreement with the Oakland County Road Commission for the opening of 14 Mile from Cranbrook to Southfield.

INCLUDED AREAS

The project will include improvement of that stretch and of Cranbrook from 14 Mile to Lincoln.

Barrett Mason, 1280 Buckingham, and Percy Burnett, 563 Hanna, were appointed to the city's board of review.

Birmingham's largest remaining parcel of property zoned for commercial use has changed hands.

The 217,000-square-foot parcel on Adams south of the A & P supermarket has been purchased by Harry and Philip Stevens.

The father and son are local residential developers who own three Birmingham office buildings.

They have announced no plans for the property but said they hope to do so this spring. The plot contains nearly five acres.

HANDLE SALE

Carl Plumhoff of Hall and Young, Inc., realtors, handled the sale of the property formerly owned by Hamilton Paterson and Wallace Reid.

Mrs. Rutherford C. Scott

Service for Mrs. Rutherford C. (Sara P.) Scott, 64, of 1252 Chesterfield will be 2 p.m. tomorrow at the First Presbyterian Church. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mrs. Scott died yesterday after a brief illness. Her body will be at Manley Bailey Funeral Home until noon tomorrow.

Past president of the P.E.O. Sisterhood, Birmingham Chapter B.Q., Mrs. Scott was a member of Gamma Phi Beta, Birmingham Branch of the American Association of University Women, the Women's Association of the First Presbyterian Church, Oakland County Republican Women's Club and the Village Woman's Club.

Surviving besides her husband are her daughter, Mrs. Ben J. Lancashire of Indianapolis, Ind.; her son John R. of Hinsdale, Ill.; two brothers; and five grandchildren.

Revival Eyed for State Suit on Districts

(Continued From Page One)

984 for the district that encompasses all of the Upper Peninsula to 494,068 for the 15th District in Wayne County.

STRAIGHT POPULATION

According to census figures compiled by Secretary of State James M. Hare, straight population apportionment of Michigan's 19 congressional seats would set up districts with population of 411,790 each.

The U.P. district that is supposed to go into effect with the next election is 105,806 below this figure, while the 15th District population is 82,278 above it.

Theodore Sachs, Detroit attorney for the two Henry Ford Community College professors who initiated the suit against the congressional districts as they are now established, said he could not guarantee the case would be renewed until he saw a copy of the Supreme Court's decision involving Georgia's congressional districting plan.

★ ★ ★

But he made it plain the chances were very strong the suit would be renewed.

WOULD FIGHT

But state AFL-CIO President August (Gus) Scholle, long-time champion of the one-man, one-vote principle in Michigan, declared he would fight for a new redistricting act no matter who else took part in the action.

The suit brought by Professors Donald A. Calkins and Karl J. Jacobs of Dearborn has been pending before a panel of three federal judges since July 10, 1962.

The defendants in the case were Hare, Michigan's chief election officer, and former Congressman Alvin Bentley of Owosso, an intervenor.

★ ★ ★

Sachs said yesterday the court had postponed action on the suit because it was waiting for guidelines from the U. S. Supreme Court. He said if, as it appeared, the new decision set up one-man, one-vote guidelines, he would very likely amend the suit to include Michigan's new congressional districting act.

Woman Hurt in 2-Car Crash

A Birmingham woman was admitted to St. Joseph Mercy Hospital last night following a two-car crash at Rochester and Avon roads in Avon Township.

In fair condition with multiple lacerations is Mrs. Penelope Lambrose, 52, of 1663 Derby.

She was a passenger in a car driven by her husband, Nick, 65, when it collided with one driven by Larry B. Bailey, 21, of 1805 S. Rochester, Avon Township. Neither Lambrose nor Bailey was seriously injured in the 8:35 p.m. accident.

Safe With Cash, Check Removed From Store

A safe containing from $410 to $420 in cash and a $199 check was reported stolen yesterday from the West End Paint and Wallpaper store, 3360 W. Huron, Waterford Township.

Police said the 60-pound safe was carried from the store following a break-in. Entry was gained by breaking a lock on the rear door of the building.

Radar Car Locations

The Pontiac police radar-equipped patrol car will be on Orchard Lake, Huron, Elizabeth Lake and State tomorrow.

Complaint in Waterford

Water Level Action Disputed

Waterford Township's right to regulate the flow of water between Maceday and Williams lakes was challenged last night by a resident living near Maceday Lake.

James Peters, 2723 Maiden, told members of the Township Board he thought they were inviting legal action by lowering the Maceday Lake level.

Peters referred to the township's recent installation of a pipe between the two lakes to divert excess water from the Clinton River from Maceday to Williams Lake.

Township Supervisor James E. Seeterlin told Peters that the Maceday Lake level would not be lowered.

He explained that the level of the lake has been gauged and a gate valve, installed with the water pipe, could stop the flow of water if any lowering is evidenced.

Seeterlin added that he felt the township was obligated to help raise the Williams Lake level when this could be done by not lowering the level of Maceday Lake.

He compared the township's action as comparable to scraping private roads. "We aren't obligated to do either," he said. "But we want to perform needed services when we can."

★ ★ ★

Peters reiterated that he felt the township was stepping beyond its authority by the lake action. He also criticized the board's approving a public library after the issue had been defeated at the polls.

STANDS ON RECORD

Trustee John Coleman said he would stand on his record as favoring the library. He suggested that Peters could exercise his right as a voter if he was dissatisfied with the way the board functioned.

In other business the board set March 9 as the date for a hearing of intent on the proposed blacktopping of Hira Street.

Estimated cost of the special assessment district is $15,598.

★ ★ ★

The board tabled a request by the Waterford Township Junior Chamber of Commerce for installation of a banner over Dixie Highway advertising their Home and Sports Show.

$1,011,149 State Road Funds to County

Oakland County received $1,011,149 from the State Highway Department for the final quarter of 1963, County Road Commissioner Sol D. Lomerson announced today.

The money is the county's share of Motor Vehicle Highway Fund collections for October, November, and December, he said.

Cities and villages in the county received a total $790,251 as their share for the same period.

* * *

The county's portion was up $85,019 from what it received for a similar period in 1962.

TOTAL COLLECTIONS

Total collections for the last three months of 1963 amounted to $49,723,386, State Highway Commissioner John C. Mackie said. The amount was $3,545,716 more than in 1962, he added.

All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the State Waterways Commission's share, the money is distributed under provisions of state law as follows:

State Highway Department for use on state highways, 47 per cent; Michigan's 83 counties for use on county roads, 35 per cent; and 518 incorporated cities and villages for their roads and streets, 18 per cent.

MONEY DIVIDED

Under this formula, the State Highway Department receives $23,369,991 as its share of the fourth quarter collections, the counties, $17,403,185, and cities and villages, $8,950,209.

An additional $611,884 was withheld from the counties' share for snow removal. These funds are to be shared by the counties based on snowfall in each county this winter season.

Amounts being paid to cities and villages in Oakland County are:

Berkley, $31,714; Beverly Hills, $15,725; Bingham Farms, $1,134; Birmingham, $38,159; Bloomfield Hills, $6,386; Clarkston, $1,352; Clawson, $20,842; Farmington, $10,722; Ferndale, $47,960; Franklin, $5,450.

* * *

Holly, $6,258; Huntington Woods, $12,584; Keego Harbor, $3,946; Lake Angelus, $231; Lathrup Village, $7,078; Lake Orion, $4,301; Leonard, $1,249; Madison Heights, $48,458; Milford, $7,901; Northville, $7,037; Novi, $14,811; Oak Park, $50,238; Orchard Lake, $3,028; Ortonville, $1,543; Oxford, $4,378.

Pleasant Ridge, $5,210; Pontiac, $157,004; Rochester, $8,730; Royal Oak, $127,758; South Lyon, $2,984; and Southfield, $84,057.

Other area communities' share are: Almont, $2,409; Brown City, $2,344; Dryden, $1,494; Lapeer, $11,217; Marlette, $3,360; Metamora, $1,172; Romeo, $4,824.

Car-Train Crash Kills Parents, Three Children

ATLANTA, Ga. (AP)—A family outing and a visit with friends turned into tragedy when the mother and father and three of their eight children were killed in a car-train crash.

* * *

Two other children of the Samuel Monroe Bailey family were injured in the crash in the nearby Tucker community Monday night. Three children were at home.

The automobile was carried about 1,800 feet by the train after the crash at the crossing.

Killed were Mr. and Mrs. Bailey; Brenda, 16; Gayle, 7, and Kathie, 6.

CRITICAL CONDITION

Two other children in critical condition at a hospital were Betty Ann, 8, and Wayne, 2.

Five Area Communities Pick Candidates

In an over-all heavy turnout, the electorate of five area communities selected candidates to appear on the ballots of spring elections.

Qualified electors in Troy, Oxford, Romeo, Leonard and Clarkston narrowed the field of contenders. Following is a summary of results of yesterday's primaries and caucuses:

OXFORD

Three times the number of voters casting ballots in last year's election turned out here yesterday to keep six of the eight political hopefuls in the running for the March 9 election.

Voting was varied, with incumbents being nominated for reelection in some municipalities and being wiped off the ballot in others.

All three incumbents remain in the race.

Village President Allen F. Valentine was the top vote-getter, tallying 176 in the nonpartisan balloting.

Almost half of the village's 495 registered voters cast ballots yesterday, 248.

Others remaining in the race for the council seats are incumbent Trustee Lionel J. Kamm, 171; F. Ray Forman, 36 Dennison, 161; John C. Flumerfelt, 47 N. Washington, 156; incumbent Trustee E. Wayne Converse 143; and Homer Hight, 97 Dennison, 132.

MORE VOTES

Hight had two more votes than James Schaible, 67 Pontiac, who was eliminated from the March 9 race along with Mrs. Grace Smith, of 71 Pontiac. Mrs. Smith was the lone woman to run for council. She garnered 106 votes.

Up for grabs in the nonpartisan spring election will be a pair of two-year terms on the council and a one-year term. The two top vote getters will serve for two years and the third for one year.

TROY

Former police chief David E. Gratopp led the field of six contenders in yesterday's primary election here, tallying 353 more votes than the second place candidate.

In a higher than average turnout, the Troy electorate chose to place Gratopp's name on the April 6 ballot, with 1077 votes.

Also vying for the two vacancies in the nonpartisan spring election will be Clancy A. Fonseth, 314 Lyons; Incumbent Commissioner James F. Carey; and Ronald Rounsville, 1516 Muir.

Fonseth came in second in the balloting with 724 votes. Carey tallied 602 votes and 506 votes were cast for Rounsville.

Of the city's 8,298 registered voters, 1,799 turned out for the primary. Losing candidates were Gerald R. Hershberger of 285 E. Long Lake, with 383 votes, and Robert L. Doolin, 151 Tacoma, with 219.

One of the city's voters cast the election's sole write-in vote for retiring Commissioner Robert J. Barger.

Yesterday's nonpartisan balloting left the top four vote-getters eligible to compete for the two vacant three-year posts.

LEONARD

At a meeting which Caucus Chairman Edward Porter called the biggest turnout he had ever seen, Leonard Citizens Party members swept three incumbent trustees right off the March 9 ballot.

More than 40 of the village's 116 registered electors voted at the party caucus to place the names of former president Lawson Sheik, Calvin Scheall, 4260 Baza; and Kenneth Pease, 260 N. Division on the ballot.

Nominated for reelection, but tallying insufficient votes, were incumbents Frank Bore, Eugene Mallia and Raymond Greene.

Bore and Mallia garnered five votes each while Greene failed to gather any support.

UNOPPOSED

Unopposed for reelection to office were Village President Jesse Sutherby, Clerk Mrs. Clara Scheall, Treasurer Mrs. Lucille Porter and Assessor Elmer Powell.

Some residents attending the meeting said the three incumbent trustees were ousted because they failed to attend a sufficient number of meetings.

Although partisan balloting is carried out in Leonard, only the Citizens Party is active.

CLARKSTON

Members of the Citizens Party at last night's caucus named all but one incumbent to its slate of candidates for the March 9 election.

The lone newcomer is Mrs. Mary Ann Pappas as candidate for treasurer. She replaces incumbent Mrs. Prudence Dunstan who has established temporary residence in northern Michigan.

Mrs. Pappas is the wife of Clerk Art Pappas.

* * *

Other incumbents nominated at the brief caucus were Robert C. Waters, president; Art Pappas; Lloyd Sibley, assessor; and Herbert Beach, Harold Goyette and Earl Terry, trustees.

CHAIRMAN

Independence Township Supervisor Duane Hursfall served as chairman of the meeting held at the Village Hall.

Approximately 25 persons attended the 8 p.m. session as candidates were uncontested for nomination.

In recent years the Citizens Party has been Clarkston's only active political unit.

ROMEO

In an election rarity, a slate of four write-in candidates won places on the March 9 ballot as 65 per cent of Romeo's 992 voters flocked to the polls.

Incumbent Village President Wayne Black and Trustees Tony Galan and Jack McFadden, all seeking reelection, were wiped off the ballot in yesterday's primary.

Leading the field of vote-getters was former Police Chief Edgar Welsch, who knocked Black out of the president's race with more than a 2-to-1 vote margin, 421 to 189.

* * *

Appearing in the clerk's slot on the March 9 ballot will be the name of incumbent councilman Norman Engel, who defeated his fellow Republican Party member Mrs. Phyllis Mellen, 254 E. St. Clair, by a vote of 372 to 202.

NOT SEEKING

Engel had decided not to seek reelection to the council.

Incumbent Clerk Mrs. Dorothy Carl is retiring from office in order to devote more time to her family.

Voted in as contenders for the three vacant two-year council terms were write-in candidates Martin Durham, of 275 Benjamin, with 391; James C. Burke, of 355 N. Bailey, with 372; and Thomas S. Raymond, of 197 Washington, with 367.

* * *

McFadden won a useless fourth place with 224 votes and Galan followed with 221. William Lee, of 171 Tillson, appeared in the race as a write-in candidate on a slate with the incumbents. He garnered the least number of votes — 69.

TREASURER VOTES

Unopposed for treasurer was incumbent Mrs. Dorothy Hosner, who was awarded 418 votes.

In other single - candidate races voters retained on the ballot incumbent Assessor Fred Ebeling, 375, and library board member Edgar Priest, 393 and Thomas J. Schultz, 350.

Only the Republican Party was represented in Romeo's partisan balloting, as the Democrats have not appeared in the two previous elections.

* * *

Victory in the primary race here is tantamount to election, except for the possibility of new write-in candidates being successful in the March 9 balloting.

DIG FOR KNOWLEDGE — Construction of Orion Township's new $100,000 library was officially begun at ground-breaking ceremonies yesterday, when Library Board Chairman Mrs. Margaret Slater pushed the chrome shovel into the frozen ground. Also taking part in the event, on the site at M24 opposite Buckhorn Lake, were Township Supervisor John Lessiter (right) and Joseph Bersche, head of the Bersche Construction Co. of Pontiac, contractor. An October completion date is scheduled.

Avon Residents, Contractor at Lull in Battle Over Trees

AVON TOWNSHIP — A legal lull has been reached in the current feud over construction of the sewer line between Stony Creek Metropolitan Park and Rochester.

Employes of Louis Garavaglia Contractors, Inc. of Warren, are again digging trenches to install the pipes.

But now they are in the road, so home owners who earlier filed a formal complaint don't mind — as long as the laborers stay in the road.

Wilson Severance, attorney for 10 families who live along a half-mile stretch of Washington, requested and received a stop-work injunction last month.

HARM TREES

Severance's clients, who live on the northwest side of the road, were worried that the construction firm would remove, or harm, the large trees growing in their front yards — at least what they think is part of their front yards.

At a meeting attended by Severance, attorneys for the park authority and the Oakland County Road Commission Friday, it was agreed to move the work further into the road.

So Severance has lifted the injunction.

"We signed a stipulation so that if I feel they aren't far enough out in the road, I have the privilege of getting another injunction," Severance said yesterday.

WORK BEGINS

The work has begun again.

But now a new question has arisen. Nobody seems sure just who owns the road, and how wide the road really is.

"This part of the case is still active," Severance said.

"We're waiting for a written answer from the road commission as to just how wide they feel the road is."

MAY CONTEST

The attorney said if the county claims the road is 66 feet wide, he'll contest the decision.

* * *

"If we disagree with their answer we'll request a court date," he said.

The dissident home owners live on a portion of the road north of Runyon.

Orion Twp. Church Sets Lenten Series

ORION TOWNSHIP — The Lenten season will be celebrated at St. Alfreds Episcopal Church with a series of six Tuesday evening services, all based on the words of Christ.

Beginning today at 7:30 p.m., Dr. B. H. Crewe, minister of the church, will discuss Christ's statement "Before Abraham was, I was."

Other services will begin at the same time, on the five following Tuesday, ending March 24.

St. Alfreds is located at 985 N. Lapeer.

Wixom Holds Primary for Two City Positions

WIXOM — Qualified voters here today are deciding which four of six candidates for two city posts will face each other again in the April 6 election.

Three of the contenders in today's nonpartisan primary election are seeking a two-year term as mayor, while another trio is battling for positions in the April 6 runoff for a four-year justice of the peace opening.

PRESENT COLORS — The Erbik Powell Relief Corps last night turned over a new United States flag to Boy Scout Troop 59 at the Gingellville Community Center. Admiring the new banner are 14-year-old Edward Clayton, assistant senior patrol leader of the troop, and Mrs. Harry Robertson, color bearer of the corps. The Oxford women's group has presented a total of 36 flags to various organizations.

Laine-Myers Pair Trades Vows, Rings

WEST BLOOMFIELD TOWNSHIP — Linda June Myers and PO 3.C. Gary Brian Laine exchanged vows and rings Saturday evening in the Redford Presbyterian Church. Rev. Donald Capp officiated.

Parents of the couple are Mr. and Mrs. Robert G. Myers, 5061 Middle Belt, and the John S. Laines of Detroit.

The bride's floor - length gown featured a Chantilly lace bodice with a sweetheart neckline and silk organza skirt that swept into a chapel train.

Her wedding cake crown of Alencon lace, crystals and pearls held a fingertip veil of silk illusion. She carried a lace-covered prayer book topped with a corsage of cymbidium orchids and Stephanotis.

BRIDE'S PARTY

Mary Faith Sirpilla of Franklin was maid of honor. Bridesmaids were Sandra Keller of Royal Oak and Jan Boley of Birmingham.

Serving as best man was William Atkinson of Grandville. Guests were seated by Larry Myers of Orchard and Gale Laine of Detroit.

Following their reception at Botsford Inn, the newlyweds left on a honeymoon trip to New York City. They will reside in Quantico, Va.

MRS. GARY B. LAINE

Club Marks 50th Birthday

LAKE ORION — Several district and federation officers were on hand recently to help the Lake Orion Woman's Club celebrate its 50th birthday at the Youth Center.

Among the distinguished guests present were Mrs. Ralph J. Main of Birmingham, president of the Southeastern District, Michigan State Federation of Women's Clubs, and Mrs. W. A. Winkelhouse of Ann Arbor, vice president of the Southeastern District.

Mrs. Forbes Hascall of Birmingham, newly elected president of the Oakland County Federation, also joined in the festivities. Another dignitary in attendance was Mrs. Joseph Phillips of Rochester, president of the Women's Literary Club of Pontiac and treasurer of the Oakland County Federation.

Four County Judges Don't See Eye to Eye on Incumbency Law

News Analysis

By JIM DYGERT

Even judges can disagree on what the law means — especially when it affects them personally.

* * *

Four Oakland County judges have different views on whether they, as appointed judges, are entitled by law to be designated as incumbents on the ballot when they run for election this year.

It's an issue that may yet produce a slam-bang partisan fight that could go all the way to the State Supreme Court.

Democrats insist that judges appointed last year by Republican Gov. Romney are not entitled to the ballot designation. Republicans say they are.

WORTH HAVING COURT

The four Oakland County judges concerned — Circuit Court Judges Arthur E. Moore, Philip Pratt and James S. Thorburn and Probate Court Judge Norman R. Barnard — agree readily enough that the designation is well worth having.

Experts concede it gives appointees a big enough advantage over potential challengers at the polls to discourage the latter from even going beyond the potential stage.

But the four judges do not concur in whether a state law passed last fall really gives the designation to them.

"I don't think it does," says Moore, who nevertheless discounts rumors that he may run instead for the new state appellate court the legislature is expected to create.

SOME DISAGREEMENT

"I think we have it, but I can see where there may be some disagreement," says Pratt.

"There's no question but that we have it," Thorburn asserts with confident finality.

"I'm not sure," says Barnard.

* * *

The law says simply that all judges have the right to the designation if they apply for it.

COUPLE CATCHES

But there's a catch — a couple of them, in fact.

One is that the words dealing with the topic are in a paragraph concerning municipal elections. Circuit and Probate Court judges are state officials.

Democrats refuse to admit that GOP legislators slipped one by them. They say it cannot possibly apply to Circuit Court judges.

Republicans insist it does because it says "all judges" and is part of the general election law.

CONSTITUTIONALITY

Another catch — and point of contention — is the matter of constitutionality.

The new constitution gives the ballot designation to elected Circuit Court judges, but neither grants nor prohibits it for appointed judges.

In fact, the document does not consider the problem possible. It has Circuit Court vacancies filled temporarily by retired judges ineligible to run subsequently for election.

* * *

It gives no guidelines for the situation of the Romney appointed judges, who were named before the new constitution took effect Jan. 1 and who are therefore eligible to run.

COURT CHALLENGE

Anyone applying for the designation — Pratt and Thorburn say they will — may bring a court challenge as the Democratic response, or possibly a request first for an opinion by Democratic Attorney General Frank J. Kelley.

In Oakland County, five of the seven nonpartisan Circuit Court judges are former Republicans.

If this were not enough to produce a ruling in favor of the appointed judges, there's still the fellowship ties of the judicial club. These are sometimes stronger even than partisan loyalties.

* * *

Even the former Democrats among the county's judges urged adoption of a bill that clearly would have given their GOP-appointed colleagues the incumbency designation. Democratic legislators opposed this bill, which failed to pass.

* * *

But it could be a different story in the State Supreme Court where five of the eight justices were nominated by the Democratic party. They may not be so sentimental about fellowship.

Deadline Near for '64 License

Must Be on Car by Midnight, Feb. 29

There are still some 35,000 Pontiac motorists who don't have their 1964 license plate tags, and there are less than two weeks left until the deadline for buying them.

Willis Brewer, manager of the secretary of state's Pontiac branch office, said today that sales "are at about the same as this time last year.

We've sold about 26,000 so far and have about 35,000 to go."

* * *

Motorists must be displaying 1964 plates or tags by midnight Feb. 29.

OFFICE HOURS

Brewer said the Pontiac office at 96 E. Huron would be open 9 a.m. to 5 p.m. Monday through Saturday through the 29th.

Motorists should bring their vehicle titles with them when purchasing plates, he reminded.

Plates will also be sold at the Waterford Township Hall Saturday from 9 a.m. to noon, and all day Feb. 29.

* * *

An office will be open at the White Lake Township Hall Feb. 24-29 from 9 to 5 daily.

NONE TO CLOSE

None of the offices will close on Feb. 29 as long as there are people in line waiting to buy plates, Brewer said.

There were some 60,000 tags and plates sold through the local office in 1963.

AF Launches Test ICBM

VANDENBERG AIR FORCE BASE, Calif. (AP)—A 103-foot-long Titan 2 intercontinental ballistics missile hurled a dummy warhead down the Pacific missile range in what was called a routine training launch.

The launch was conducted Monday from an underground silo. Titan 2 weighs 300,000 pounds and is capable of sending a five-megaton warhead 10,000 miles.

The Air Force did not disclose the distance of Monday's test flight.

Russian News Agency Reports Ruby Trial

MOSCOW (AP)—Tass reported the opening of the trial of Jack Ruby in Dallas Monday as follows:

* * *

"The trial of Jack Rubinstein (Ruby), who shot Lee Oswald on Nov. 24 last year, began at Dallas, Tex., today. The court rejected the demand of the defense counsel for the immediate closing of the trial due to the 'insanity' of the defendant and began selecting the jury members."

Parliament Meets

Canada to Probe Relations With U.S.

OTTAWA (AP)—The session of the Canadian Parliament opening today promises debate in two areas of concern to the United States—defense and foreign investment.

Disputes last year over these two sore spots in U.S.-Canadian relations helped topple Canada's former Conservative government and then rocked the succeeding Liberal administration.

Prime Minister Lester B. Pearson's minority government is committed to spell out long-range policy in a white paper showing Canada's role in North American defense.

NUCLEAR ARMS

Defense questions last year wrote a painful chapter in U.S.-Canadian relations. Washington grew impatient publicly with former Prime Minister John Diefenbaker's indecision over stationing U.S. nuclear warheads on Canadian soil. Diefenbaker bitterly accused the United States of meddling in Canadian affairs. The nuclear dispute split his Cabinet, triggered the downfall of his government and led to Pearson's election in April.

★ ★ ★

Pearson said he agreed to receive the warheads only because he felt obligated to honor Diefenbaker's earlier pledges.

By Jan. 15, 28 nuclear warheads for Bomarc antiaircraft missiles had been delivered to bases at North Bay, Ont., and La Marcarza, Que. Arrival of nuclear warheads for Voodoo jet interceptor squadrons at three Canadian bases is set for later this year.

WILL WITHDRAW

Defense Minister Paul Hellyer's white paper is expected to show that Pearson intends to gradually withdraw Canada from a nuclear role. Canada would then concentrate on an airborne conventional force to serve the United Nations and the North Atlantic Treaty Organization.

The new budget may pinpoint a major political dilemma for Pearson. He is committed to improve relations with the United States but his finance minister, Walter Gordon, is determined to loosen foreign control of Canadian business.

★ ★ ★

Criticism over Gordon's first budget last year hurt the newly installed Liberals and resulted in an unsuccessful "Gordon must go" campaign.

One Gordon measure would have imposed a 30 per cent tax on large-scale sales of Canadian company stock to foreign investors. The move, intended to curb foreign takeovers, proved unworkable and was quickly withdrawn.

OWNERSHIP

Gordon held out for another move to encourage foreign-owned subsidiaries in Canada to offer a minimum of 25 per cent ownership to Canadian investors. The alternative was higher Canadian withholding taxes on the outflow of investment earnings. Americans have more than $12 billion invested in Canada.

★ ★ ★

Despite charges that the actions discriminated against the United States, the largest foreign investor, Gordon has indicated further measures to prevent foreign takeovers are in the works.

Teaches in Pakistan

Star 'Performs' for Country

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD—Rosemary DeCamp has made the transition from Pakistan to "Petticoat Junction" with the ease that has always marked her acting career.

Miss DeCamp, best known in films for Mother Cohan in "Yankee Doodle Dandy" and in television for "The Bob Cummings Show," was doing a "Petticoat" only days after returning from a three-month tour for the State Department.

★ ★ ★

"The trip was a rare and wonderful experience," she commented. "It made me realize how many friends we have abroad. It also made me realize how much has to be done to keep those friends."

The actress said the trip evolved through friendship with an American cultural officer who was stationed in Pakistan. He suggested she could speak to school and theater groups while her husband, Judge John Shidler, could confer with legal officials.

FRIEND GONE

"That was four years ago," she said. "I guess the State Department puts your name in a barrel and waits. By the time the tour was authorized and we got to Pakistan, our friend was transferred.

"I was uneasy at first; the last teaching I had done was 30 years ago at Mills College," she said. "But they made me feel welcome. The Pakistani are a very warm and friendly people.

★ ★ ★

"They seemed very eager to learn about drama, even though they have very little opportunity to display their talents. There was no language barrier, since most speak English as a hangover from the British days.

★ ★ ★

"They like American plays and were especially impressed by the clarity of Edward Albee's dialogue, although they didn't understand the messages in his plays.

JUST NOT DONE

"In some plays I had to make concessions for local custom. In 'The Glass Menagerie,' I had to change the kissing scene, since public kissing is just not done. The actor kissed the girl's hand—and even then she pulled her sleeve down so his lips wouldn't touch her skin.

"It was only when we went to East Pakistan that we felt some hostility. There you can see the results of Radio Peking, which floods the area with propaganda.

★ ★ ★

"It is disheartening to see Russia and China spending 10 times what we spend," she remarked. "There is so much to be done over there, and we just aren't doing it."

NCAA Picks 9 Teams, NIT Invites 3 for Tournament Berths

By The Associated Press

And just why did Providence, the National Invitation Tournament defending champion, turn down a bid by the NIT and accept one from the National Collegiate Athletic Association?

Well, athletic director, the Rev. A. B. Begley candidly pointed out, "It's the first time we had a chance to accept." Which means it's the first time the NCAA had ever picked Providence to fill one of the 10 at-large spots in its national tournament.

* * *

"We accepted the NCAA invitation," Begley said, "because we belong to the NCAA and it's our association championship."

The Friars, who had some early season uneasiness but now appear to have found the formula, were one of nine teams picked by the NCAA. Three more accepted bids to the NIT Monday as the two groups began their selections.

* * *

In addition to Providence, the NCAA selected defending champion Chicago Loyola, Villanova, Creighton, Texas Western, Louisville, Oregon State, Utah State and Seattle.

ONE SPOT OPEN

One more NCAA at-large team remains to be picked for the long string of eliminations that culminate in the national tournament at Kansas City March 20-21. The other 15 spots go to conference champions.

The NIT, which will be played in New York's Madison Square Garden march 12-12, picked De-Paul, 16-2; Pitt, 14-6; and New York University, 11-5. Nine others will be selected later.

* * *

Providence, 17-3 after Monday night's 95-75 triumph over Scranton, and Villanova, ranked fifth nationally at 19-2, are in the NCAA Eastern regional along with Temple, Middle Atlantic champion, and the champions of the Yankee, Southern, Ivy and Atlantic Coast conferences.

Loyola, 15-5, and Louisville, 14-6, are in the Mideast with the conference champs from the Mid America, Ohio Valley, Southeastern and Big Ten.

The Midwest has Creighton, 19-5, Texas Western, 19-2, and winners from the Southwest, Missouri Valley, Big Eight and one more at-large team to be named.

The Far West has Oregon State, 21-3, Utah State, 17-3, Seattle, 16-4, and winners from the Western Athletic Conference, the Big Six and the West Coast Conference.

Regional first-round eliminations will be held in Philadelphia, Evanston, Ill., Dallas and Eugene, Ore. Teams with first-round byes are the champs from the Atlantic Coast, the Big Eight, the Southeastern, the Big Ten, the West Coast and the Big Six.

Regional championships are scheduled March 3-14 in Raleigh, N.C., Minneapolis, Wichita, Kan., and Corvallis, Ore.

Providence, which won only four of its first seven, celebrated its selection with its 13th straight triumph in the decision over Scranton. John Thompson and Jim Stone each had 25 points for the rampaging Friars who were never in serious trouble.

Probably the top attraction was Kentucky's 104-73 home triumph over Vanderbilt. Cotton Nash played one of the finest games of his career in sparking the victory that put the Wildcats in sole possession of first place with a 9-2 Southeastern record. Kentucky, ranked third in the nation, is 19-2 over-all.

Nash scored 32 points, stole the ball a dozen times, played a fine defensive game and controlled the offensive rebounds.

Ohio State's Gary Bradds scored 30 points, the first time in seven games he had been under 40, as the Buckeyes rolled over Iowa 99-82 and improved their Big Ten mark to 8-2.

MSU Scores 85-82 Win Over Illini

Spartans Still Have Knack of Coming Up With Big Game

By The Associated Press

Michigan State has a so-so basketball season but the Spartans have a knack for coming up with that big game when the chips are down.

Illinois, last year's Big Ten champion, was the victim Monday night, 85-82, at East Lansing.

In other games, Tri-State, Ind., edged Hillsdale, 61-60, and Alma came from behind to trip Northern Michigan, 67-62.

Michigan State's Pete Gent led the Spartans past the Illini with 30 points. The Big Ten loss was the fifth in a row for Illinois which has won only three conference games. The victory avenged an earlier 87-66 loss at Champaign, Ill.

UPSET OSU

The Spartans upset Ohio State earlier this year, and gave second-ranked Michigan two rugged games before bowing out.

The Spartans led 47-45 at the half, and upped the lead to six points with less than four minutes remaining. Illinois cut this to one point, 83-82, with 11 seconds to play. Gent dropped in a layup at the buzzer to ice the victory.

Michigan State, now 5-6 in the conference and 11-10 overall, got 23 points and 19 rebounds from center Fred Thomann. Don Freeman paced Illinois with 27 points.

Alma overcame a 35-26 Northern Michigan halftime edge behind the shooting of Bud Acton and Ray Moore to win on its home court. Acton and Moore each scored 18 points to pace the comeback. Dave Cade of Northern Michigan led all scorers with 24 points.

Key Loop Meet Next for PNH Swim Squad

With its 10th victory in 12 weeks tucked away, following the 75-30 victory over Harper Woods last night, the Pontiac Northern swimming team travels to Fitzgerald Wednesday night in a bid to upset the Spartans.

A victory for either team will mean at least third place in the North Suburban Swim League which has Thurston on top at 5-0 and Birmingham Groves in second place at 4-1.

Fitzgerald has lost to Thurston and Groves and Northern still has Groves on the schedule with only a loss to Thurston.

Coach Ed Dauw used his entire squad in the different events in trimming Harper Woods, which gained 16 of its 30 points in winning the two team relay events.

Seek Stan's Salary 'Savings'

St. Louis Stars Slow in Signing

By The Associated Press

There probably isn't a player on the St. Louis Cardinals who can carry Stan Musial's bat, but there's a long line of volunteers ready to lift his pocketbook.

With the official March 1 opening of spring training less than two weeks off, not one of the Cardinal regulars has signed his 1964 baseball contract.

The players, most already marked for raises since they contributed heavily to the Cardinals' second-place finish last season, apparently are shooting at Musial's pocketbook. For when Musial retired, his $50,000 salary went back into the Cardinals' bank.

So far, everything's in the hush-hush stage with neither players nor management talking for publication, but one spokesman took this way of explaining things:

LITTLE LATE

"The boys are a little late in signing, but there is absolutely no animosity. They just feel they deserve more money. How much more is the question."

The only front-liners signed by the Cardinals are pitchers Lew Burdette, Ray Sadecki and Ron Taylor, but they are being counted on mostly for spot duty or relief work. Still unsigned are the Big Three — Ernie Broglio, Curt Simmons and Bob Gibson — and No. 1 catcher, Tim McCarver.

The Cardinals' All-Star infield is unsigned from first baseman Bill White to second baseman Julian Javier to third baseman Ken Boyer to shortstop Dick Groat, and the top two outfielders, Curt Flood and Charlie James, still have not agreed to terms.

One outfield position is up for grabs—but the Cardinals took the first step toward what might be a solution to that problem by reacquiring Carl Warwick from the Houston Colts Monday in exchange for rookie outfielder Jim Beauchamp and Chuck Taylor, a minor league pitcher.

* * *

Signing contracts Monday were pitchers Bud Daley, Stan Williams, Tom Metcalf and Pete Mikkelsen with the New York Yankees; pitchers Gary Bell, Sam McDowell and Gordon Seyfried with Cleveland; infielder Don Buford with the Chicago White Sox, and infielder Gene Alley with Pittsburgh.

Same Scales for Rivals

MIAMI BEACH, Fla. (AP) — Heavyweight boxing champion Sonny Liston and contender Cassius Clay will weigh-in together for their Feb. 25 title fight, come what may.

The Miami Beach Boxing Commission decided with a straight face Monday night that the rivals could attend together without serious danger to either party.

Liston's adviser, Jack Nilon, had requested separate weighins. He said the champ was angry at Clay and might "knock out the kid at the weigh-in."

Trade Fairly Active

Stock Mart Moves to Low Side

NEW YORK (AP)—The stock market moved irregularly lower early today in fairly active trading.

Many stocks were unchanged and most changes were fractional.

★ ★ ★

The cigar manufacturers, however, were hit by a wave of profit taking on their large gains since the government report on smoking.

Consolidated Cigar fell about 3, Bayuk nearly 2, D.W.G. about a point and General Cigar a fraction.

CIGARETTE STOCKS

Cigarette stocks, which improved Monday, showed little change.

The airlines continued their rally but gains were small.

Gillette was actively traded and fractionally higher.

Sears, Roebuck, whose strength helped put some averages to record peaks Monday, advanced more than a point.

UTILITIES UP

Utilities nudged higher on balance despite a fractional loss by American Telephone.

DuPont sagged a point.

Monday, the Associated Press average of 60 stocks rose .2 to 294.9, a record high.

Prices were narrowly mixed on the American Stock Exchange. Gainers included Data-Control Systems, Pyle National and Gulton Industries. Among losers were Technicolor, Rayette and Mead Johnson. Syntex was unchanged.

'Import Trend Unfair to U.S.'

Steel Leader Wants a Halt to 'Dumping'

WASHINGTON (UPI) — A spokesman for the steel industry called today for an end to "unfair advantages" that he said foreign producers hold over U.S. steel mills.

John P. Roche, president of the American Iron and Steel Institute, said that if other countries could not be induced to remove or lower their "nontariff trade barriers" and stop "dumping" steel on the American market, the United States should refuse to discuss a reduction of steel tariffs.

Roche was the leadoff witness for the steel industry as the tariff commission opened hearings on the trade negotiations scheduled to begin in Geneva in May.

★ ★ ★

He said the rising steel imports and falling exports were contributing to U.S. unemployment and to the deficit in the U.S. balance of payments.

IMPORT RECORD

Steel imports reached a record 5.5 million tons last year, nearly three times the yearly average for 1953-57.

Roche said that the 5.5 million tons that were imported cost 40,000 steel workers their jobs and a payroll of $300 million last year.

The industry spokesman urged U. S. negotiators to insist on an end to import licenses, foreign exchange controls, import equalization taxes, and other nontariff barriers.

★ ★ ★

He said they also should demand an end to the practice of dumping, under which foreign steel makers are allowed to charge a high price at home to subsidize low prices abroad.

ADVISE PRESIDENT

Bethlehem Steel President Stewart S. Cort recommended that the tariff commission advise the President "it is not in the best interests of the United States to effect any further reduction in the tariff structure on any steel product."

Cort said:

"We believe that if this trend of imports is allowed to continue, within the next three years between 10 per cent and 15 per cent of U.S. steel consumption will be foreign steel compared with 7 per cent last year. This could cost the jobs of 35,000 more workers."

U.S., Europe Face a Battle Over Steel

By SAM DAWSON
AP Business News Analyst

NEW YORK—The chicken war could be succeeded by a steel war.

DAWSON

American and European steel producers are at odds over imports and tariffs. And the dispute may become one of the sorest when a new round of international tariff cutting talks starts in Geneva in May.

Increased tariffs by the European Common Market on American frozen chickens caused the hottest friction last year.

★ ★ ★

American steel executives today are telling a U. S. Tariff Commission hearing of their complaints against a rising flow of foreign steel into U.S. markets. They also are asking measures to broaden the export business for American steel mills.

The European Coal and Steel Community already has acted. Saturday it raised its tariffs on imports of low-priced steel and cast iron.

BIG UPSURGE

The community—the six Common Market nations — also reports a big upsurge in orders for its steel mills. It says most of the orders are coming from within the Common Market—West Germany, France, Italy, The Netherlands, Belgium and Luxembourg.

Steel producers outside the Common Market aren't happy that the duties are being raised against them—to an average of 9 per cent.

★ ★ ★

American producers haven't been happy that European steel export prices have been lower than the prices charged Common Market consumers—or the prices of American steel products here.

But with the rise in demand in Europe, the six nations may find less need to export—and to maintain lower prices to do so. And already export prices of some European steel products have risen above charges of a year ago.

NEW ORDERS

While the European steel mills are enjoying something of a boom in new orders, so are the American. U.S. mills are raising their estimates of industry shipment in the first three months of this year to more than 19 million tons. This compares with 17 million in the final three months of 1963 and 18 million tons in the first quarter of last year.

★ ★ ★

The American mills' export-import troubles are outlined to the Tariff Commission today by John P. Roche, president of the American Iron & Steel Institute.

He says steel imports here in 1963 climbed to a record 5.5 million tons, while exports of U.S. steel have been stalemated at 2 million tons, or only about half of the average in 1953-57.

Roche holds that loss of world markets, plus rising imports here, has meant that some 40,000 steel workers were deprived of more than $300 million in wages and salaries.

American steel makers are urging U.S. negotiators at the Geneva meeting of the General Agreement on Tariffs and Trade to fight for tariffs that will equalize prices of American and foreign made steel.

Baker Probers Will Quiz Aviation Firm Executives

WASHINGTON (AP) — With a subpoena out for Bobby Baker's records, Senate investigators called North American Aviation Corp. executives today for questioning about the former Senate aide's vending machine interests.

Baker, who resigned Oct. 7 as secretary to the Senate's Democratic majority, has been described in sworn testimony as a major stockholder in the Serv-U Corp. which has vending franchises in plants of North American and other aerospace firms with big government contracts.

The Senate Rules Committee is investigating whether Baker engaged in outside business dealings that conflicted with his official duties or involved improprieties.

J. L. Atwood, North American's president, was among the company officials called to testify at today's public hearing.

The committee disclosed yesterday that it issued a subpoena last Friday directing Baker to produce certain records tomorrow or to appear and show cause why he was not complying with the subpoena.

MAY NOT APPEAR

Sen. Howard W. Cannon, D-Nev., acting chairman of the committee, told newsmen that if Baker makes the records available for examination, he will not have to appear in person tomorrow.

But he said that if Baker is unwilling to produce the subpoenaed records, he will have to explain why to the committee.

Edward Bennett Williams, Baker's lawyer, could not be reached immediately for comment on the committee's subpoena.

L. P. McLendon, the committee's special counsel, previously has told newsmen that efforts to arrange to obtain Baker's records on a voluntary basis had been unsuccessful.

The committee spent most of yesterday in closed session with Fred B. Black Jr., Washington consultant for North American and a close friend of Baker.

Ernest C. Tucker, Baker's law associate, has told the committee that Black and Baker were the promoters of Serv-U. The vending machine firm was incorporated in December 1961 and has mushroomed with contracts with North American and other defense firms.

Successful Investing

By ROGER E. SPEAR

Q) "I have been offered a 9 per cent return on an investment with a company specializing in second mortgages on real estate. How safe would you consider this investment?" D. S.

A) That is hard to answer without some knowledge of the properties on which the mortgages lie.

It is a pretty safe rule, however, that any investment offering substantially more yield than is normally obtainable entails a considerable risk. Remember that there are other risks besides absolute safety of principal and interest. There is the major risk of not being able to get at your money if you need it.

A friend of mine has been holding a share in a second mortgage on an office building in New York City for twenty-five years. The interest has been paid, but the mortgage has been extended when due and I am afraid he is locked in.

I personally would leave second mortgage investments to the experts who understand these things.

A) "This letter is with reference to my mother's holdings. She is over 80 years of age, still in right good health. She owns 104 shares of American Telephone, 110 Montgomery Ward, 300 New England Electric, 300 Transcontinental Gas Pipe Line, and $15,000 in savings. She had some preferred stock called and now has $5,000 to invest. What would you advise?" B.D.

A) For her purpose, it might be well to replace her called preferred stock with another issue in the same category. I advise Southwestern Public Service 4.15 per cent preferred selling to yield 4.69 per cent.

If you will allow me, I am going to make another suggestion. Montgomery Ward sells to yield 2.8 per cent and is not a particularly strong stock. I would switch this issue into Duquesne Light, offering a well-secured return above 4 per cent.

State Teams to Visit Electronics Companies

LANSING (UPI) — Gov. George Romney is hoping 13 will be a lucky number for Michigan economic opportunity as that many two-man teams will approach 31 electronics firms across the nation with a sales pitch for locating in the Water Wonderland.

"The firms which will be contacted have indicated a positive interest in Michigan's potential for the electronics industry," Romney said.

The firms were selected on the basis of introductory letters from Romney to 89 of the largest electronic firms in the nation.

The results of the contacts made by the 13 teams in terms of prospective expansions, new locations, laboratories and other services, will be pooled, Romney said.

The campaign to solicit electronics industries (for Michigan is an outgrowth of Michigan's recent bid in Washington to the National Aeronautics and Space Agency (NASA) in hopes of location of a $50 million research center in the state.

WENT TO BOSTON

It was finally located in the Boston area.

Four Michigan universities, utilities and community industrial development groups are taking part in the project.

The schools involved are the Universities of Detroit, Michigan, Michigan State and Wayne State.

Each team will include an electronics expert and an industrial development specialist, Romney said. The use of the same task force approach to other industries is currently un same task force approach to other industries is currently under study, Romney said.

New Departments at Albert's Store

Women's shoe and matching handbag departments have opened at the Albert's store in the Pontiac Mall under managership of Robert Weddle.

Weddle

Weddle of 1121 Premont has 21 years experience in shoe retailing in Pontiac.

The shoe department is a new feature at the Albert's store, said Weddle, and part of the clothing chain's efforts to expand its operations.

He added that the salon will also offer a shoe- and bag-tinting service.
