

TWO

Banks Retrial Starts Today

Jury Selected, One Prosecution Witness Is Called

A jury was selected and one prosecution witness called this morning as the first-degree-murder retrial of Walter Banks, 45, started in Oakland County Circuit Court.

Banks, formerly of 116 Wessen St., was sentenced to life imprisonment Feb. 18, 1932 in the holdup-slaying of Alexander Bell, 53, part owner of a pool hall at 887 Baldwin.

Circuit Judge H. Russell Holland granted the second trial last April 5 on the basis an error was made when the jury returned a verdict of "guilty as charged," rather than stating the degree of guilt.

Bell was shot to death April 27, 1931. He had been robbed of more than \$4,000 set aside to cash paychecks of workers from a nearby factory.

Prosecutor Frederick C. Ziem this morning called Henry H. Hughes, of 47 Garner St., who testified he saw Banks in the pool room shortly before 7 a. m. the morning the shooting occurred.

Time of the shooting was placed at between 6:35 and 7:05 a. m. No one saw the actual slaying. Ziem said he planned to call more witnesses this afternoon.

Ohio Flood Moves to Indiana, Kentucky

(Continued From Page One)

fect low area property. Flood walls in Ohio and West Virginia were credited with saving millions of dollars in damages.

Scattered showers were forecast for the Ohio Valley but the predictions offered slight cause for concern.

The Huntington, W. Va., district of the Ohio River engineers was the first to come up with a flood damage estimate. That district covers the river from Pownston Point, Ohio, to Mayville, Ky., plus the river's tributaries in the area.

Col. George T. Derby, district engineer, estimated the damage at more than \$8,557,000 but he said flood walls and reservoirs had prevented another \$30 million dollars in damage.

There still was a lot of water in and around Cincinnati. The Coney Island amusement park and the River Downs racetrack were from 6 to 20 feet under water.

Low-lying streets in the downtown district also were flooded and so were several railroad yards.

High waters indirectly caused one death when a Cincinnati warehouse worker drowned, trapped in an elevator descending into deep basement waters.

Police said the man, Trenton Horton Jr., 30 was trapped when he apparently became excited and failed to stop the elevator. He had taken the ride to see "how deep the water was" in the warehouse basement near the river. His calls for help echoed from the death cage.

Bloomfield Woman Charged in Accident

BLOOMFIELD HILLS — Miami Beach, Fla., police have charged Mrs. Otto Kern, 61, of E. Long Lake Rd., with reckless driving, resulting in the death last week of Mrs. Jeanne Imbs, 31, of St. Louis, Mo.

Mrs. Kern was vacationing with her husband, who is president of the Ernest Kern Co., Detroit. She told police she mistakenly stepped on the accelerator instead of the brake pedal in her car, hitting another auto before she struck Mrs. Imbs.

Mrs. Kern is under the care of a physician.

The Weather

UM Cancer Expert Tells of Progress in Research

DETROIT 10 — A University of Michigan authority on cancer says researchers have made greater strides in developing cancer controls than the public realizes.

Dr. Frederick A. Collier told the Michigan Clinical Institute yesterday that the public, impressed by the rapidity of scientific developments, had come to expect miracles in cancer cures.

"Actually," he said in a talk on cancer research, "we've advanced as rapidly as the manufacturers of automobiles, iceboxes and other products—perhaps faster."

Dr. Collier said it wasn't until 1940 that knowledge of blood groups, proper correction of patient malnutrition and better anesthesia made extensive use of surgery in cancer cases valuable.

Now because of "tremendous advances" in cancer research, he said, we can look forward to greater success in medicine's attack on cancer.

Dr. Alexander Brunschwig, co-speaker on the cancer control program, said that "though some of my colleagues will not agree, I do not believe patients should be told they have cancer."

Three organizations joined in awarding a special scroll to Dr. George J. Curry of Flint in recognition of his service to young doctors of medicine serving as residents and interns in Flint hospitals.

The Michigan Industrial Medical Assn., Michigan Regional Association of Trauma of the American College of Surgeons, and the Michigan State Medical Society all reported Dr. Curry has devoted many hours of his own time in giving special training to young doctors in trauma and orthopedic surgery.

Dr. Brunschwig, of the Memorial Hospital for Cancer and Allied Diseases, New York, said he has found that most cancer patients usually suspect it.

"But they go along cheerfully with treatment," he said. "As long as they are not told, they like to cling to hope."

Dr. Brunschwig said that as a result of cancer education, statistics show the number of patients going to doctors or into hospitals for early treatment of cancer has gone up. This, he said, is particularly true of cancer of the mouth, breast, skin, colon and uterus.

Budget Increased for City Schools

(Continued From Page One)

A teacher with four years of training can reach the maximum in 12 years with the five-year training person attaining this point in 13 years. Maximum salary at the 13-year level is \$6,450.

Everett Myers, serving as spokesman for the teachers' group, asked the board to utilize every possible source of revenue in order to give the teachers the salary raise they felt they should have.

"I understand that the board can levy more millage under the state equalized valuation figures which would provide more monies for the teachers," stated Myers.

Louis Schimmel, board member, cautioned the teachers to remember that "we have faith to keep with the voters and taxpayers of Pontiac. Don't forget that it is possible to 'kill the goose that lays the golden egg.' And this is just what we would be doing if we asked the people for more than we are already having to levy to provide the kind of program we promised during the millage campaign last year."

Dr. Dana P. Whitmer, superintendent of schools, reviewed the teacher salary trend for this immediate area and throughout the rest of the nation.

"We are making progress each year. According to the cost of living index which has fluctuated only two per cent since 1932, any raises from that period on are real dollar increases and they represent actual gains," said Whitmer.

Myers said that the teachers wished the people of this country would figure up their annual alcohol and tobacco bills and compare them with what they pay for their schools.

"If we could just switch those amounts, we could have the best school system in the world," he declared.

In a breakdown of the total budget, the board said its income would be as follows: State aid, \$2,487,865.55; local tax levies, \$3,788,845.55; delinquent tax collections, \$45,000.00; miscellaneous items in income, \$35,000.00.

This places the anticipated income at \$6,357,705.50.

In the expenditure column, the board said that the proposed operating budget stood at \$5,362,500.00 with salary increases to take \$232,430.00. This includes a \$372,685.00 amount to pay off one-half of the \$750,000 deficit the school district faces.

Salary increases per classification are: teachers, \$169,077; administrators, \$25,024; custodians and maintenance, \$24,854; secretaries, \$8,000; guards, \$875; and extra-pay services, \$4,600.

Oil Where It Counts

CHICAGO (U)—Sheriff's deputies destroyed 12 new-type slot machines captured complete with instructions to owners including this suggestion: "Keep parts where the coins are inserted well oiled. Use no oil or grease on the pay-out slides."

Some 104 election workers from Oakland, Genesee, Macomb, St. Clair and Wayne Counties met at the County Office Building yesterday to discuss balloting rules prior to the April 4 general election.

The meeting was conducted by State Director of Elections Robert M. Montgomery, according to Oakland County Clerk Lynn D. Allen.

Meanwhile, some 18 township clerks and voting machine custodians from Southern Oakland County are meeting today at Birmingham city hall to prepare for the April 4 election, said County Clerk Lynn D. Allen.

The ballot with names of township office seekers must be set up separately from the state officers' slate, Allen explained.

Mail-Handling Increases

February cancellations during February at Pontiac Post Office totaled 2,235,558. Acting Postmaster Leslie H. Dean Sr. said today. This is an increase of approximately one-third over the number of pieces of mail handled in January.

About 94 per cent of Switzerland's total railway system is electrified.

Court Again Postpones Condemnation Hearing

Oakland County Circuit Court hearings have again been postponed in the condemnation suit brought by the Birmingham Board of Education to acquire an approximate 30-acre parcel in Southfield Township.

Proceedings will begin April 26. The site, included in Birmingham's school district, is at Lahser and 14 Mile roads and would house an elementary and a junior high school.

State Pilot Crash-Lands Disabled Jet in Texas

AUSTIN, Tex. (UP)—A Lansing, Mich. pilot crash-landed his T-33 jet training plane in a field about five miles northeast of Bergstrom Air Force Base yesterday but escaped injury.

Bergstrom authorities identified the flier as 1st Lt. Donald G. Denton, 26. He is attached to the 560th Strategic Fighter Squadron of the 12th Fighter Wing at Bergstrom.

Denton's plane had a flameout and he belly-landed it, authorities said. The plane received only slight damage.

City Parking Lots Show Weekly Revenue Jump

City parking lot revenues have risen nearly \$200 a week since the opening of the second lot on Mill street two weeks ago, Finance Director Oscar Eckman reported today.

Income the week of Feb. 18 was \$461. Last week's income from the 339 metered spaces was \$630.

The new lot has 83 spaces, the first 256.

Police Association Joins International

(Continued From Page One)

days-off are conducted on a seniority basis.

He said the International urges the Detroit plan of "monthly meetings between the association and head of the police departments to iron out problems, seek closer cooperation and build better morale."

"Men regardless of their form of work do have opinions and should be recognized. If conducted in the proper manner," he added.

The Pontiac association submitted a resolution to the city commission Tuesday night, asking for repeal of Straley's new system.

Commissioners said they would again consider the resolution March 22 following an informal meeting with City Manager Walter K. Willman, who had backed Straley's departmental policy.

Lake Orion Builder, Vincent Schar Dies

LAKE ORION — Retired contractor Vincent D. Schar died Tuesday at the Veterans Hospital, Dearborn, at the age of 80.

He had been ill for five months, and hospitalized for two.

A company C, 10th Regiment veteran of the Ohio Infantry in the Spanish American War, he was an ordained priest of the Reformed Church of Latter Day Saints of Lake Orion.

Funeral service will be held at 2 p. m. Friday at the R.L.D.S. Church, with burial in East Lawn Cemetery.

Surviving are five daughters, Mrs. Russell J. Knight of Plymouth, Mrs. Gilbert G. Gustavus of Birmingham, Harriet M. Schar of Detroit, Mrs. Dean Schick of Portland, N.Y., and Mrs. Wesley B. Allen of Lake Orion, and two sons, Livingston and Sterling, both of Lake Orion.

Five brothers, Clarence, Dan, Earl, Frank and Gerald; five sisters, Mrs. Floyd Frazier, Mrs. Jack Quibelle, Mrs. Wilbur Mitchell, Mrs. Jack Sills, Mrs. William Leslie; and 15 grandchildren also survive.

Upside Down Art Wins

TACOMA, Wash. (UP)—A 17-year-old art student at Clover Park High School who won the Pierce County Art Contest said today she didn't think she deserved the prize. Jeaneane Payton said the judges hung her colorful abstract painting "The Smokers" upside down.

The Day in Birmingham

BIRMINGHAM — Mumps and chicken pox have reached the epidemic stage in Birmingham, according to Anyce Gillette, city health nurse. "While both are seasonal diseases, they still seem to be running rampant," Mrs. Gillette said.

To date this year there have been 616 cases of mumps reported, and 268 chicken pox cases. To prevent the outbreak from spreading further, Mrs. Gillette advised that three steps be followed.

First, she recommended a school program whereby any youngster suspected of having a disease be examined and, if necessary, sent home before spreading the germ to other classmates.

Next, she asked that the name and address of any child stricken with a communicable disease, be reported at once to the school or public health officer.

Last, Mrs. Gillette suggested that youngsters who have had a contagious disease be readmitted to school only after examination by the school or city health nurse or some health agency.

She asked for teamwork in handling the problem efficiently.

Out of one campaign and into another is the hope of YMCA officials who have just tallied membership enrollment figures for the campaign which closed this week.

William C. Gordon, chairman of the management committee, said workers added 1,147 members to the roster. This brought local membership to 1,947, the largest count ever.

Gordon said his group will work now with the Metropolitan Detroit Building Fund to start a capital funds effort for a new building here.

As a United Fund agency the Metropolitan YMCA has already received an MDBF allocation, \$100,000 of which is slated for Birmingham.

Girls of elementary school age still may join the last beginning swimming series at Barnum School, the Recreation Board has announced. Classes, limited to 26 swimmers each, will be held on Saturdays from 9 a. m. to noon, starting this Saturday and ending May 28.

Mothers may make arrangements by phoning the Board of Education's recreation department. Since last fall, 132 classes have been held, with over 80 youngsters mastering swimming fundamentals.

A business meeting will be held by the Birmingham International tonight, following dinner at 6:30 at Devon Gables.

Meeting to Start Early

BLOOMFIELD TOWNSHIP — Because the program is to be presented by Brownies and Girl Scouts, the Hickory Grove PTA meeting will start at 7:30 tonight, rather than at 8 p. m. There will also be election of officers, with a social hour and refreshments to follow.

Largest of the species is the giant frog of West Africa, which grows to be a foot long and may weigh as much as a fox terrier.

Only two classes of people found the babe: The shepherds and the wise men; the simple and the learned; they who know they know nothing, and they who know they do not know everything—never the man with one book; never the man who thinks he knows. Not even God can tell the proud anything! It takes good will to find God, and this truth the angels proclaimed from the heavens: "Peace on earth to men that are God's friends."

Fuller Defense Winds Up Case

Phenix City Jury May Start Deliberating Late Today or Tomorrow

BIRMINGHAM, Ala. (AP)—Defense attorneys get their final chance today to convince a jury that it wasn't Albert Fuller who killed A. L. Patterson, the man who swore to clean up vice-ridden Phenix City.

The jury is expected to start deliberating the ex-chief deputy sheriff's fate late today or tomorrow after opposing lawyers conclude arguments.

Prosecutor Cecil Deason said he

will ask the death penalty. The jury alone can fix the penalty. Deason devoted most of his time yesterday to a preliminary rundown of the testimony. He spoke of gambling and kindred forms of racketeering that flourished in Phenix City, then declared: "Albert Patterson was going to clean all that out. That's the reason today that Albert Patterson is in his grave. They knew he meant what he said. They knew the heyday of gambling and vice and prostitution was over when he was elected."

Despite the opposition of Phenix City gamblers, the former state senator had won the Democratic nomination for attorney general of Alabama 17 days before he was slain outside his law office was June 18.

George I. king of England, born in Germany, could not speak the language of the country he ruled.

Pravda Slams Dulles for His SEATO Report

LONDON (AP)—Pravda declared today that U.S. Secretary of State Dulles' radio and television report on the recent SEATO conference and his Far East tour was "cal-

culated to cause further tension in Asia."

The Soviet Communist party organ, in an editorial broadcast by Moscow radio, said Dulles' remarks were "full of hostile attacks" on Communist China and the North Viet Nam government of Moscow-trained Ho Chi Minh.

Shortest-named railroad station said to have taken its name from in the United States is "Uz, Ky., the Bible.

Solon Slaps Writer Over News Story

JACKSON, Miss. (AP)—Rep. Guy Krebs slapped a seated reporter on the House floor yesterday without warning, after telling the newsman: "What do you mean writing this about me?"

Charles Hills, Capitol reporter for the Jackson Clarion-Ledger,

was seated at the press table when Krebs came up. Krebs pulled off Hills' glasses and slapped him. Rep. Chalmers Alexander jumped between them.

Later Krebs told the House, "I did something this afternoon . . . in haste. I was mad and I'm sorry I did it."

He did not say anything to Hills. Deeper mines on earth are gold diggings in the South African Transvaal, nearly 9,000 feet.

Ex-Mental Patient Quizzed About Fire

SAN RAFAEL, Calif. (AP)—A former inmate of a state mental hospital was held for questioning today about the rooming-house fire in which seven men perished yesterday. Seven others were burned or injured.

Malcolm R. Schlette, 40, identified by Dist. Atty. William O.

Weisch as an ex-inmate of Napa State Hospital, was arrested. Witnesses reported he was the only man who emerged from the flaming building fully clothed. He denied any knowledge of how the fire started.

Investigators said the fire apparently started in a sofa of the living room.

The three-story mansion, built

nearly 100 years ago with a marble fireplace in every room, was a mass of blackened wreckage. Arnold Leonard, the owner, estimated loss at \$100,000.

A curious froglike fish of Africa, the goby, climbs trees to feed on wood ants. Often some gobies climb while others stay below to nab dislodged victims.

Mother Offers Clues in Daughter's Slaying

HELENA, Mont. (AP)—The mother of a pretty high school senior found slain in her bed has offered "much needed information," officers said.

Sheriff Dave Middlemas said he talked at length with Mrs. Jessie McCarty, whose daughter Renee,

18, was found dead Tuesday in the apartment where she and her mother lived.

Middlemas said Renee, clad in pajamas and a housecoat, was strangled by an unknown assailant. There was no evidence of a sex attack, he said.

Wild rice requires daily harvests because the seeds ripen con-

tinuously throughout the fall months and drop in the mud as soon as they ripen.

Waite's Blouses—Street Floor

MICHIGAN'S LARGEST HOSPITAL CENTER—Running diagonally across the center of the picture is the main part of the University of Michigan development of one of the most complete, largest general hospitals in the world. Big building in center is the University Hospital with Outpatient Building to right of it. Long building at top left is Kresge Medical Research Building. At lower right is Women's Hospital.

UM Adding Medical Units

ANN ARBOR (U)—In less than one square mile of Ann Arbor land, the University of Michigan is building the most concentrated, complete medical center in the nation.

John Zugich, assistant director of University Hospital, says a proposed layout provides that "eventually all medical facilities will be located in the immediate proximity of the hospital."

A long-range plan envisioned in 1948 estimated a cost in the neighborhood of \$20,000,000.

Rising costs of living and increased building expenses have since revised the estimate to \$26,000,000, not including renovation of the hospital and the addition to Couzens Hall, nursing students' dormitory.

Besides the medical and nursing schools, there were three major medical units in 1948—University Hospital, Simpson Memorial and Contagious Hospital, the last a frame building.

Plans at that time included a women's hospital, an outpatient clinic, a children's hospital, a research building and a pre-clinical building.

Later, increased enrollment and depreciation of buildings forced the university to include remodeling of the hospital and a

Couzens Hall addition to its medical expansion program.

A good part of the program already has been carried out.

Women's Hospital, formerly called Maternity Hospital, opened in February 1950 with 74 beds, 40 bassinets, two delivery rooms, one operating room and a large laboratory for research.

In January 1953, the two million dollar Outpatient Clinic was dedicated. Connected to University Hospital on three levels, the clinic has 18 specialized clinical divisions and a modern emergency service.

The Kresge Medical Research Building opened last spring next door to University Hospital, marking one step closer to a modern, complete medical center.

Construction continues on the two million dollar children's psychiatric unit, expected to be finished in July. The outer shell has already been completed. The unit is part of a proposed children's hospital with a capacity of 200 beds.

Remodeling of University Hospital will cost between seven and eight million dollars, Zugich estimated. Plans include renovation of private patient rooms and complete reorientation of food service and preparation areas.

When completed, the medical center will be a compact group of buildings with facilities to carry on just about any activity associated with medicine.

Population of Sweden is estimated at seven million.

Diseases Show Decrease Here

Smallpox, Mumps Cases Drop in City, but Rise in County

Communicable disease reports for the week ending March 4 were released today by Dr. John D. Monroe, health director for Oakland County and Pontiac.

The figures show new cases of smallpox and mumps increased sharply in the county, while city tabulations dropped somewhat.

Breakdown of cases, with comparative figures for the previous week and the same week a year ago, follows:

Oakland County			
	Last Week	Prev. Year	Week Ago
Chicken pox	18	35	32
Measles	10	1	1
Mumps	1	1	10
Pneumonia	1	1	1
Scarlet fever	1	1	1
Tuberculosis	1	1	1
Whooping cough	1	1	1
Pink eye	1	1	1
Hepatitis	1	1	1

Pontiac			
	Last Week	Prev. Year	Week Ago
Chicken pox	31	150	85
Measles	25	28	120
Pneumonia	6	1	1
Scarlet fever	10	16	31
Tuberculosis	2	12	2
Whooping cough	3	0	0
Mumps	164	45	40
Dysentery	1	0	0
Impetigo	3	0	0
Rheumatic fever	3	0	0
Rubella	1	0	0
Ringworm	1	0	0

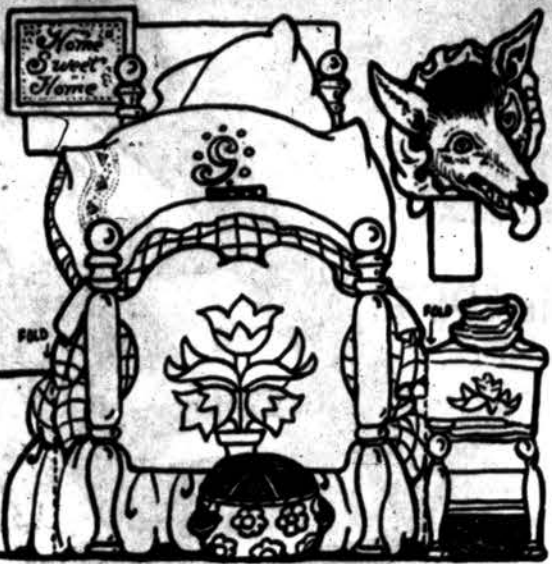

Driving Teacher Nabbed

OMAHA — A Sidney, Neb., high school teacher was ordered to appear in court next week after he was stopped for driving with expired license plates. The automobile was a student driver training car. "I guess I was negligent," the teacher commented.

Indians Were Masons

Indians of New Mexico were building with stone, successfully using clay mud as mortar, when the first white explorers arrived more than 400 years ago.

TODAY'S ASSIGNMENT FOR: JUNIOR EDITORS

LITTLE RED RIDING HOOD—4
The Wolf's Trick

The wolf, waiting in Grandmother's bed for Little Red Riding Hood, soon heard a tap, tap, tap at the door.

"Come in," said the wolf to Red Riding Hood. His voice was so hoarse she thought her grandmother had a bad cold. The little girl entered the dimly lit cottage and went toward the bed.

"Why, what big eyes you have, Grandmother!" she said in surprise. "The better to see you with, my dear," the wolf replied.

"But Grandmother, what long ears you have," Red Riding Hood said.

"The better to hear you with, my dear," answered the wolf. Then, Little Red Riding Hood said in a frightened voice:

"What big sharp teeth you have, Grandmother."

"The better to eat you with, my dear," growled the wolf as he jumped out of bed. Little Red Riding Hood ran toward the door, and the wolf ran after her.

You can color the picture any way you wish. Paste the page on stiff paper and cut out the large drawing and the wolf's head. Slit the heavy line on the pillow, just below the letter G and slip the tab at the bottom of the wolf's head into it. Fold back the sides of the picture along the dotted lines and the bed will stand up.

During World War II, Michigan produced one-eighth of all American war materials. Both in ton-

nage and dollar value, Michigan out-produced all other states during the period.

Secret of Losing Weight Entirely in Person's Mind

By MARGARET LATROBE

Everybody else talks about dieting. Why not I? The doctor, for one, thinks it's high time. But then he just naturally approves women tall and slender. For a short time I nearly had him convinced that the trouble was an underactive thyroid, but he was too smart to buy that.

Then I tried the slightly worn tactic of hard work—keep up strength, getting within a speaking distance of 40, and maybe some girls are just meant to be throw-backs to Lillian Russell.

Unimpressed, he slid three photographs across the desk—Esther Williams, Marlene Dietrich. And Lillian. If you are honest, you have to admit that Dietrich, at 46-plus, looks several degrees better than Miss Russell at any age whatsoever.

So there you are and away we go and that's that. I signed the pledge whereby it is agreed that within three months a certain 15 pounds, which up until now didn't seem to know they weren't wanted, are to get lost.

This doctor of ours (and I say "ours" because he is casting a speculative at Pop's waistline, too) is one of the no-nonsense school of physicians. With no bedside manner to speak of, he just gives you the medicine straight. No long calorie charts to make dieting look easy, no pills to speed the fires to melt the fat that came for a weekend and stayed 10 years, no bending and stretching devices to give impetus to the project.

"It's up here," he said, touching his forehead with a gentle tap. "You have to want to lose weight. Then you will." Then he

briefly mentioned some 1,001 items to avoid—lovely, tasty, spicy, nourishing items. Fattening, all.

But as far as charting any so-called course, totting up any given number of calories, leaning on any definite routine—that's out, as far as he cares. Whose weight are we talking about? Not his. If you want to keep letting out seams, counting chins, shortening your life by several years—go ahead, says he.

These 7-day or 10-day miracles? Absurd. It comes right back faster than you can say "chocolate pie." He is of the two-pound a week persuasion, at best. And one weekly pound would please him.

I'll never be able to converse unselfconsciously with a size nine female, but one of these days the size 14 crowd may no

longer glare coldly when I make a fourth at bridge. Even the 13's may glance my way with less condescension. And won't that be wonderful!

Pass the watercress, dearie,—and isn't this saltless food divine? Tasteless, too.

(Copyright, 1955)

January 2,600 Years Old

According to legend, January was added to the calendar about 700 B. C., by Numa Pompilius, second king of Rome, who gave

the month only 30 days. Julius Caesar, in 46 B. C., increased the number of days in January to 31.

OPEN MONDAY and FRIDAY NIGHTS

GOES TO SCHOOL AT HOME—Kathy Navarre, 9, a Bay City polio victim, sits in her wheel chair at her home listening to classroom lessons from third grade at Dolsen School coming to her by telephone wire and receiver-transmitter.

Party Line

Young Polio Victim Goes to School via Telephone

BAY CITY (U)—Kathy Navarre is in the third grade at the Dolsen School in Bay City but she never has been inside the building. Kathy goes to school by telephone.

Three years ago Kathy was crippled by polio. Her schooling until recently consisted of twice-weekly visits by a specially trained teacher, Mrs. Eleanor Taylor.

An alert 9-year-old with sun-burn hair, Kathy has kept up with the youngsters who were in her kindergarten class.

But she agrees the new system will be even better.

At the classroom end of a private telephone line is a small receiver and transmitter placed on the desk of Mrs. Alice Baldwin, the teacher.

At Kathy's end is a larger box through which she can hear everything that's said in the classroom. To recite, Kathy presses a bar on her voice box and starts talking.

The Bay City system is the newest of a handful of similar ones in Michigan. It costs the Bay City Board of Education \$14.75 a month. Kathy still receives visits from a teacher but the telephone system provides more personal contact with her classmates.

Kathy said that after a week's trial she was able to identify many of the children by voice and even was able to recognize some friends by a cough or sneeze.

Kathy sits herself at a desk at her home at 8:30 each morning and remains with the class until

Chart Avalanches

Colorado's highway department is expert in locating avalanche danger areas near mountain passes where wind builds up masses of snow on steep slopes. By analyzing snow depth and den-

sity and keeping an eye on local weather conditions, it predicts potential slides, usually within eight hours, says the National Geographic Society. Then traffic is blocked off, the slides are blasted loose, and waiting snow plows clear the roads.

Where's Scotland Yard?

Scotland Yard, probably the world's most famous police headquarters got its name because it stood until 1800 in a short and ancient street where, in medieval times, the kings of Scotland stayed when they came to pay homage

to the English crown. Their mansion later became part of the yard of Whitehall Palace—hence Scotland Yard, says the National Geographic Society.

Eighty-one per cent of all types of industry are found in Michigan.

2 Birds With 1 Sofa

ATLANTA (AP)—Mr. and Mrs. Leonard Meyers recently bought a large couch they'd been wanting for a long time. It was too large to go through any door into the house. They called a welder who

cut out a large, metal-frame front window and the couch was moved in through the hole.

Imprisonment as a punishment for crime did not come into general acceptance in the U. S. or abroad until after 1800.

Coffee Club Disbands

OGALLALA, Neb., (AP)—Manager Herman Kersenbrock's problems in closing down the Sioux Drug Store here included finding the owners of 105 coffee cups. The cups, each bearing the name of

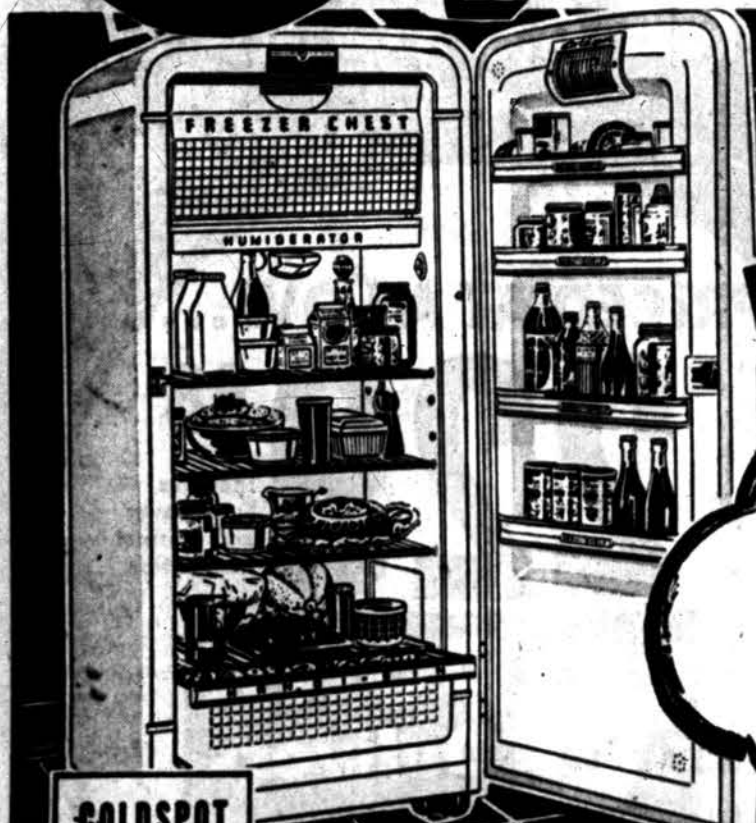

the owner, belonged to long-time coffee-drinking patrons of the store.

About nine out of ten babies are born in U. S. hospitals now compared with four out of 10 about 20 years ago.

Action Securing Long-Range Water Supply Urged

Lawmakers Protest 'Deal' on Federal Airport Funds

WASHINGTON (AP)—Rep. Bennett and Knox, Republicans from northern Michigan, have sounded a protest against what they call a "deal" to settle a controversy over allotment of federal construction money for various Michigan airports.

The two congressmen wired Michigan Gov. G. Mennen Williams that the dispute apparently was settled by a switch in planned allotments for three airports.

The Civil Aeronautics Administration (CAA), they said, agreed to give \$50,000 to the Benton Harbor Airport, as the state had requested, and the state in turn gave up its demands for \$30,000 each for the Escanaba and Iron Mountain Airports.

"It seems obvious to us that a 'deal' has been made" between Brig. Gen. Lester Maitland, director of the Michigan Department of Aeronautics, and Fred Lee, CAA administrator, the congressmen told Williams.

"Therefore," they added, "we would appreciate your advising us whether you have knowledge of and approve Gen. Maitland's 'deal' to get \$50,000 for Benton Harbor at the expense of two Upper Peninsula cities."

"If this 'deal' stands, Upper Michigan will not get one cent of federal aid money for airport construction."

Bennett and Knox made no reference to any political implications behind their charge of a "deal."

Mayor Joseph Flaugh of Benton Harbor, although a Republican, is a close friend of the Democratic governor and served as chairman of a birthday dinner for Williams last month.

Bennett and Knox said their telegram grew out of a letter they received from Lee saying the CAA's latest money allotments to Michigan airports "are in accordance with the recommendations of the Michigan Department of Aeronautics."

Bennett said he took this to mean that Maitland has given up his fight in behalf of the state's original recommendations. These his fight in behalf of the state's original recommendations. These last October.

Maitland previously had objected to the CAA's allotment of \$150,000 to the Kent County Airport at Grand Rapids, for which the state had asked only \$60,000. The compromise program, announced by the CAA Feb. 7, gave the Grand Rapids Airport \$165,000.

Besides the \$50,000 for the Benton Harbor Airport, it also provided \$30,000 for the Detroit-Wayne Major Airport, \$66,000 for the Capital Cities Airport at Lansing, \$80,000 for Bishop Field at Flint, \$5,901 for the Pontiac Municipal Airport, \$80,000 for the Willow Run Airport, and \$65,330 for the Muskegon County Airport.

Bennett and Knox told the governor they had given "full support to the original recommendations of your department even to the extent of carrying our pleas to the White House." (They conferred with Gerald Morgan, a presidential secretary, on the matter last Friday.)

"That is the reason," they said, "we are so alarmed to find that your state agency has reversed its position after making the deal referred to."

"We know you must be aware of the desperate need for additional runway construction at Iron Mountain and Escanaba, both of which operate with single runways."

They added: "Up until the time that the secretary of commerce agreed to allocate \$50,000 to Benton Harbor your Department of Aeronautics steadfastly insisted that Iron Mountain and Escanaba be included in the program."

Pontiac Soldier Tells of Flight Over Volcano

A Pontiac corporal logging time for his pilot's license flew over the lava-spewing volcano on the island of Hawaii last week, viewing the explosive spectacle.

Mrs. Halile Batton, of 50 S. Astor, told the Press today she has received a letter from her son, Military Policeman Robert L. Batton, 21, describing "his aerial view of the tremendous blasts of molten rock which engulfed the eastern tip of the island."

Stationed at Honolulu, Batton flew over the island and saw trees and homes bursting into flame as the glowing red lava poured down the hills to the sea.

"The volcano Kilauea was 50 miles out of our way, but it was worth the time," Batton remarked. He added that the red rivers of lava could be seen for some distance.

Currently attending classes at the University of Hawaii as part of his training, Batton intends to enter college when he returns to the United States in September.

Guardsmen Will Join in Exercise 'Big Blast'

LANSING (AP)—Some 65 Michigan National Guard officers and men will participate in exercise "Big Blast II" at Ft. Sheridan, Ill., this week, guard headquarters announced today.

The operation is the first of two major command post exercises to be conducted by the 5th Army this spring. It will be concerned solely with command and staff planning and coordination and there will be no actual troop movements in the field.

The exercise will be a mythical air-ground attack in which both defending and attacking forces theoretically will have atomic, chemical and biological weapons and electronic devices at their disposal.

Further Passenger Slump Reported by City Bus Lines

Management can offer no explanation, but the revenue passenger load carried by Pontiac City Lines, Inc., last month was 25 per cent less than February 1954.

"There's no logical explanation for it," Earl W. Dreasher, transportation superintendent, commented today. "Industry has been at a peak for the last three or four months."

Checking the January totals last month, Dreasher thought he saw a glimmer of hope for the transit company because the 18-month long passenger decline seemed to be leveling off.

But the 25 per cent drop in February compares with a monthly decline of 17 to 20 per cent for entire period since the skid began. Last month, the bus company carried 280,126 paying passengers. A year ago, they carried 375,850. "Our peak loads are holding up," Dreasher said. "It's the non-peak periods when the passengers are declining—nights, Sundays and holidays."

"We've cut no runs because we fully realize when we do we lose riders. As long as the overall picture stays up where we can stay somewhere in the black, they won't be cut."

The only solution to the continual dropping is to speed up runs and make service more attractive, Dreasher said.

To do this, the company hopes to convince downtown merchants "it will be to their advantage to eliminate parking on downtown streets, thus eliminating congestion and making service more appealing to the public."

He said statistics show that 80 per cent of downtown business is done by people who came by bus. "When we can get service to the point where we can get a person downtown as fast or faster than he can get there by car, then we'll get riders," Dreasher said.

MOTORAMA STAR—Pontiac's 1955 experimental star, the Strato Star, is one of the main eye-catchers at GM's Motorama, currently running in San Francisco. Finished in silver lacquer with red interior and front fender cutouts, the futuristic car is only 53 inches high. It features hinged panels in the roof for easy passenger entrance and exit. They raise automatically.

CHIANG KAI-SHEK—As he paces, he ponders the gamble.

Will He Back Out Again?

Chiang Ponders Defense of Quemoy and Matsu

By FRED SPARKS
NEA Staff Correspondent
TAIPEI, Formosa—Will Chiang gamble on Matsu and Quemoy in the days just ahead?

He'll have to make his decision very soon, for Peiping's ships, filled with Communist invaders, are crawling down the coast.

Defending these offshore islands will indeed be Chiang's supreme gamble. If he loses, he'll be only the aging boss of this grubby island with less population than New York. He won't have a shred of hope of returning to conquer mainland China.

By making a brave stand on Quemoy and Matsu, Chiang will be playing for big headlines in America—headlines he hopes will impress primarily one man: Dwight D. Eisenhower.

For the President alone has authority to order fleet air cover for the remaining offshore islands. If Chiang loses that gamble—and we are not pledged to defend anything but Formosa and the Pescadores—he could take a terrible statistical licking.

Prior to recently announced reinforcement plans, there were 50,000 troops on Quemoy and perhaps 10,000 on Matsu. Huddled together on small rocky patches in the East China sea, they're suckers for Peiping's waves of swept-back MIGs, which can surely sweep the skies of the few jets the Nationalists own.

These troops are a tenth of Chiang's total manpower and perhaps a fourth of his best units. Remember, despite the inflow of Formosa farmboys, a sizable percentage of the Nationalist army is beginning to creak with years.

I personally do not doubt the ability of the Quemoy and Matsu garrisons to make a daring stand. They know that if captured they'll have their bodies twisted and—if still alive—their brains washed.

One group I saw going to Quemoy the other day had their chests tattooed with "Hate Communist" slogans violent enough to be banned by a family newspaper.

They're former prisoners of war who served the Communists in Korea and after capture decided to come to Formosa and shun the Red paradise.

However, because he's operating under global floodlights in this show, Red Dictator Mao will surely pour it on Quemoy and Matsu.

Mao has the stuff. Bamboo rafts holding two or three men apiece will paddle to the beaches on the moonless nights ahead in a seaborne repetition of the human wave tactics often used with success against crack American troops in Korea.

Furthermore, Peiping has thousands of frogmen who could swim to the Quemoy beaches to further confuse and unnerve the defenders.

One of the strangest twists in this Oriental drama is that many Americans of the highest reputation are advising Chiang to roll the dice for Matsu and Quemoy—or to face a dull, unimportant tomorrow.

These Americans represent those who feel communism has gone far enough in Asia. The Matsu and Quemoy issue is as good as any other to bring United States power down on Peiping.

But so far, under official U.S. pressure, Chiang has always backed down as he did in the

ON QUEMOY ISLAND—2,500 yards from the Red China mainland, a Nationalist soldier keeps watch in a crude forward observation post for Commie invaders to move across the narrow straits.

These troops are a tenth of Chiang's total manpower and perhaps a fourth of his best units. Remember, despite the inflow of Formosa farmboys, a sizable percentage of the Nationalist army is beginning to creak with years.

County Eyes Great Lakes

Plan Commission Says Wells Cannot Meet Future Needs

After a year-long study, the Oakland County Plan Commission has endorsed immediate action by the Board of Supervisors toward securing a long-range water supply from either Lake St. Clair or Lake Huron.

A four-member committee of the commission has ruled out chances of tapping enough ground water by wells to meet future needs.

The Detroit system, it finds, can be counted on to supply no more than 10 per cent of the county with water. The committee feels that a water-study bill now being considered by the State Legislature does not hold solution of the problem.

At a meeting yesterday in the County Office Building, the commission approved its committee's report for presentation to the supervisors.

The commission urges that its committee be enlarged by addition of supervisor members and "the enlarged committee should seek the cooperation of Macomb County." The two-county group should then "work with the already established Wayne County water committee to develop a combined solution to the water-sewer problem."

The Oakland-Macomb group could look into chances of bringing water from Lake St. Clair. Meanwhile Oakland would independently investigate a water supply from Lake Huron.

In a letter to the supervisors the committee warns that unless Oakland finds a solution promptly—by itself or with other counties—Oakland's "attraction for industry, commerce and home owners will be poor with consequent loss in a stable tax base."

The committee terms the Great Lakes "the best source of water in the world. It only needs to be distributed."

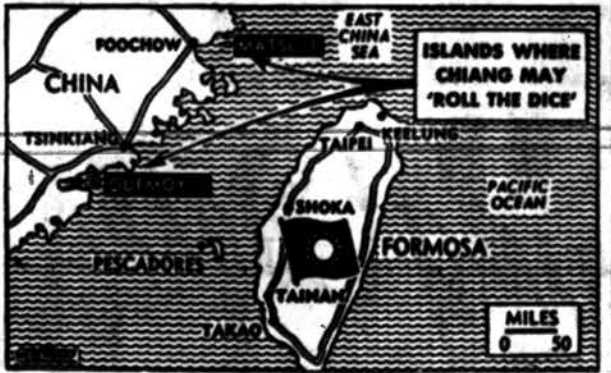

The committee said local county officials generally agree "that no long-term water supply is in existence or in sight for their respective communities." Current well water supplies and arrangements to get water from outside supplies "are considered . . . insufficient to meet future needs."

A bill introduced in the Legislature by Sen. William S. Broomfield (R-Royal Oak) would provide \$100,000 to help finance water surveys. "It provides only for engineering surveys and does not recognize the complicated economic, fiscal, legal, administrative and political problems involved," the committee states.

Pontiac City Manager Walter K. Williams said wells can supply the city adequately only on a short-term basis and Pontiac would support bringing water from the lakes "without question."

The committee recommended that the Inter-County Supervisors Committee (Oakland, Wayne, Macomb, Washtenaw and Monroe Counties) should be invited to join in solving the problem.

A combined group including Wayne and Macomb Counties, was termed the most logical agency to develop a combined solution to the water-sewer problem.

TWO ISLANDS, ONE BIG QUESTION—The decision will have to be quick, for the Commie invaders are crawling down the coast.

Savings Hit Peak Here

Oakland County residents have more money at their disposal than at any other time in history.

This revelation was made today in a report by the federal reserve system in New York City.

Here are the figures: As of the close of the last fiscal year, the combined deposits in county savings and commercial banks came to \$251,888,000 as compared with \$196,001,000 on deposit two years ago.

On a per capita basis, this represents a \$530 deposit for every person in the county.

Government officials and economists consider big savings a key factor in the nation's economic health. They represent, it is felt, a large volume of potential buying power that can exert strong influence on production and employment levels.

The increase in bank deposits in Oakland County in the two years ending June 30th was 28.1 per cent. This compares favorably with the increase noted for the nation at large, 7.7 per cent, and with that in the East North Central States, 8.7 per cent.

How powerful a financial force these holdings represent may be gleaned from the following. By using a little more than half their savings, people could double an entire year's sales of food, clothing, medicine and all other soft goods.

SOLD! — There was little sales resistance at the home of Vice President Richard Nixon yesterday as 9-year-old Patricia sold her mother a box of Girl Scout cookies. Mrs. Nixon and Patricia, a member of the Washington Brownie Troop No. 30, posed with the boxed sweets to help the campaign to raise money for the Girl Scouts through the sale of cookies.

Grand Rapids Value Up

GRAND RAPIDS (AP)—Assessor Harold A. Linn reports the city's assessed valuation for this year is \$374,595,640. He said the figure is an increase of more than \$13,000,000 over last year.

Claims Mate Took Teeth

AURORA, Ill. (UP)—Andrew Cordas, 41, was arrested after his wife charged he came home drunk, took her false teeth, walked across the street and threw them in a dump.

Ready to Blast Off?

CAIRO, Egypt (U)—A retired Egyptian army officer has opened a booking office for persons who yearn to travel by rocket ships to

outer space. Colonel Galal Nada registered his new office with the Egyptian government and asked for priority in bookings when regular flights start between the Earth and the planet Mars.

Just What He Needs

NEW DELHI (U)—Prime Minister Jawaharlal Nehru says pomp and pageantry are justified on state occasions—to bring color into

the lives of people whose existence often is drab. The prime minister was defending an appropriation of \$4,200 for the construction of a shelter and tank for an elephant on the grounds of the president's

house. The elephant will be used in state ceremonies.

The northern lights have been measured at least 600 miles above the surface of the earth.

Texas Bees Beat It

DALLAS, Tex. (U)—Texas honeybees seem to be looking for a sweeter land. State Entomologist C. J. Burgin reports 20,076 colonies had moved from the state in 1934,

apparently because of poor crop prospects. That left 288,000 colonies.

Fish have olfactory or smell organs, which are affected by certain substances in the water.

Using Their Noses

HOUSTON, Tex. (U)—Police figured they'd just smell out the thieves who swiped a vending machine from a downtown theatre. It dispensed perfume.

Hal Boyle Says:

Capture of Remagen Bridge Upset SHAEF

NEW YORK (AP) — The surprise capture of the Remagen bridge across the Rhine 10 years ago is now accepted as one of the stunning feats in military history.

But when it actually happened it is hard to say who was dismayed most by it—the German enemy or some of the top Allied strategists.

At an anniversary reunion this week President Eisenhower honored 12 heroes who were among the first to cross and seize the bridge. Warmly he assured them that their action typified "the dash, the ingenuity, the readiness at the first opportunity that characterizes the American soldier."

But diplomatically he refrained from mentioning that this sudden battlefield prize became for a few days quite a hot potato at his own wartime headquarters. The big question: What to do with the bridge?

Some military strategists, like wives at housecleaning time, hate to change their tidy plans, no matter for what reason. That's why the unexpected capture of the Remagen bridge upset and even annoyed some Allied chieftains.

Here was the situation in early 1945:

Nobody expected to breach the ancient barrier of the Rhine except as a result of a mighty effort. A big plan had been laid to make the crossing in Field Marshal Montgomery's sector.

Most British—and some American—advisers to Eisenhower at SHAEF were pressing him to mass the Allied strength behind Montgomery in a single big march across Germany.

But Gen. Omar Nelson Bradley and other American field commanders favored another plan.

Bradley himself wanted also to cross the Rhine with his group, swing north, link up with Montgomery and thus pocket the Ruhr, Germany's industrial heart.

So the issue stood—still undecided—on March 7th. Then doughboys and tankmen of the 9th Armored Division dramatically changed the picture. Traveling so swiftly they actually had gone beyond their road maps, they arrived at the Rhine. Startled German engineers, led by a major, frantically tried to destroy the Ludendorff railway bridge. Two explosions weakened the structure.

But before they could complete the job, American gunfire drove them off. The Yanks raced to the far side of the Rhine.

Should the small American spearhead have seized the bridge on its own initiative? One officer, who knew of the impending big crossing

planned farther north by SHAEF, confessed later his first, momentary reaction to the news his men had seized a bridge intact was this: "What did the boys go and do that for? Now we'll all be in trouble."

A high operations officer from SHAEF was present when Bradley, highly delighted, heard the news. When this officer minimized the importance of the bridge's capture, saying it didn't fit into "the Big Plan"—the Montgomery plan—Bradley indignantly demanded: "What the hell do you want us to do—pull back and blow it up?"

Eisenhower himself saw the military possibilities at once and ordered the bridgehead strengthened immediately. Later, overriding his SHAEF staff exponents of "the Big Plan," he sided with Bradley and others who had favored a double pincers attack across the Rhine.

In his memoirs Eisenhower credits the Remagen bridge seizure with shortening the war.

Thus did a relative handful of troops, men with the courage and enterprise to seize a golden moment, change history.

Today many of the survivors have been honored with medals. Equal honor is owed to the memory of dozens of American Army engineers, who repaired the bridge under shellfire for 10 previous days and lost their lives when it collapsed into the Rhine.

No medal went to the German major who had been ordered to blow up the bridge, and didn't quite succeed. There is no possible excuse in the German Army for failing to blow a bridge across the Rhine.

He was tried and shot, and it

didn't take very long. Somehow, looking back at the Remagen story, which I helped cover 10 years ago as a war reporter, I cannot escape a feeling of regret at the German major's penalty. Fate put him in the wrong place at the wrong time, and he paid a high price for some bad battlefield luck. He left, I believe, a family.

From three to five million persons are bothered by hay fever in the United States, ranging from severe to light afflictions.

Indians Require 2 Kinds of Ghee

Native Butter Product May Solve America's Surplus Problem

NEW DELHI (AP)—An American dairy expert says U.S. producers should have no trouble making ghee from surplus fresh butter, but it will take two kinds of ghee to satisfy most Indian palates.

Louis H. Burgwald, marketing consultant to the U.S. Department of Agriculture, was interviewed after a three-week tour of India.

Ghee—clarified butter—is more a part of everyday life in India than the sandwich is in America. Basically, Indians make their staple the same way Americans clarify butter. Fresh butter is boiled until all the water has vaporized away, leaving only pure fat.

However, Burgwald found that most western Indians like the kind of ghee obtained by keeping the butter at a constant temperature a degree or so above the boiling point; most eastern Indians like the stronger, burnt flavor produced by considerably higher temperatures.

India has decided to import 500 tons of American ghee on a trial basis. If the Indians like it, this country could become a big market for ghee used here for most cooking fat purposes and in Hindu religious rites. Indian suppliers in recent years have found it difficult to meet the demand for a low-price ghee.

Margaret Backed by Public Opinion
LONDON (AP)—The reports that Princess Margaret intends to marry a divorced commoner aroused sympathetic support today from bellwethers of British public opinion—the writers of "letters to the editor."

"Go ahead and good luck" was the tenor of the first letters on the matter, appearing in the tabloid Daily Mirror. Praise was voiced too for public disclosure of her reported plans to wed 40-year-old RAF Group Capt. Peter Townsend.

Meanwhile, the 24-year-old princess took four days away from official duties. She was expected

AQUAMAID IS CITRUS QUEEN—Sally Ardey, one of the Cypress Gardens-aquamaids poses prettily before leaving Florida for Europe. Named 1955 Citrus Queen recently, the pretty miss is taking one of her prizes out in travel.

to spend a good deal of the brief holiday with her sister Queen Elizabeth II and the Queen Mother at the royal lodge in Windsor.

Agricultural fairs have been an important part of the American family life more than 150 years.

George, the Workman

House Probes
Tax LoopholesDems Ask Humphrey
to Tell What He Knows
of Windfall Provisions

WASHINGTON (INS) — House Democrats called on Treasury Secretary George M. Humphrey today to explain what he knows about tax law provisions they claim could give business billions in windfalls.

Two weeks ago, Humphrey told the Ways and Means Committee he knew nothing about any windfalls in the omnibus tax measure passed last year.

Now, however, he has asked Congress to repeal the sections of the revenue act questioned by Democrats, and appears before the same committee to urge action.

Meanwhile, Sen. Harry F. Byrd (D-VA) declared the loss has not occurred and "we're not going to lose it" because of the legislation originating in the House.

Democrats charge, and Republicans concede, that treasury experts have known for several months that two sections of the present law would cost the government much more in revenue than the 47 million dollars estimated last year.

Now, they want to know why Humphrey was not told of the situation. They pointed out that it was disclosed in January that the District of Columbia Transit System was set to get a half-million dollar tax reduction from the provision — including a \$100,000 refund.

The congressmen were also expected to quiz the secretary closely on other estimates of tax losses under the 1954 tax revision law.

Calvin College Official
Resigns for New Post

GRAND RAPIDS (UP)—Gordon H. Buter, business manager of Calvin College since 1950, said today he has submitted his resignation effective in June to become business director of Pine Rest Christian Assn.

During World War II, Buter was an administrative officer in Gen. Dwight D. Eisenhower's headquarters in North Africa and France. He joined the faculty of Calvin after the war as an economics instructor.

Jury Finds Royal Oak
Man Guilty of Rape

Hubert A. Partridge, 23, of 2320 Kenneth, Royal Oak, was found guilty of statutory rape by an Oakland County Circuit Court jury yesterday.

He was convicted of assaulting a 13-year-old girl in Royal Oak last Sept. 20. Judge George B. Hartwick set sentencing for March 21.

MSC Students Petition
to Change School Name

LANSING (UP)—The Legislature today received petitions signed by some 11,000 Michigan State College students backing a bill to change the name of the college to Michigan State University.

The bill was introduced in the House by Rep. John C. McCune

(R-East Lansing). A similar bill was introduced last year but was withdrawn after the University of Michigan objected that a name change would lead to confusion.

Members of the State Board of Agriculture, MSC governing body, and the University of Michigan Regents are now trying to work out a name change agreeable to both institutions.

Full Record Needed on Some Items

By FRANK O'BRIEN
of Associated Press

There are only a few kinds of income that you need not even report in making out your income tax return.

In nearly all instances you are required by law to report all your income, whether or not you will have to pay a tax on it.

This creates a considerable problem, since there are so many kinds of income. This whole problem boils down to item 5, on the first page of form 1040, the "other income" line, where you are asked to enter the total of your income from dividends, interest or other sources, or any net loss. This line should show the balance of all your reportable income other than wages or salary.

Nearly the whole of page 2 of the return is taken up by schedules A through H, where some of the details of your other income are to be entered.

In many cases, to get the results that you put in these special schedules, you will have to fill in your own worksheets, where you can show fuller details, and your arithmetic. You should attach a copy of these worksheets to your return, and keep a copy for yourself, where you feel supporting detail is needed. But do not send in with your return your receipts, invoices and like records. Keep these proofs of the honesty of your return.

On page 6 of the instructions mailed with your return you will find two lists, one of income that must be reported and the other of income that need not be reported. Neither list is complete. But each covers the more important types of income in its class.

We have already been over the handling of some of these types of "other income." The handling of dividends and retirement income was discussed in articles five and six. We have already noted that businessmen must fill out a special, separate schedule C designed to show business income, profit and loss and transfer the results to summary schedule C on page 2 of form 1040.

The fundamental thing to remember in these, and other types of income that must be reported, is that you are required by law to report the total, even though, as may be the case with your dividend or retirement income, you may be able to exclude all or part of it from your taxable income.

The new tax law's major changes in the "other income" field concern prizes and awards, and scholarships and fellowships.

The old law was not very specific about what prizes and awards were or were not taxable. The revenue service had made many specific rulings, ranging from the Nobel Prize (not taxable) to door prizes. The new law tightened up, in effect

using the Nobel Prize as a model for nontaxable prizes and awards.

If you win any kind of a prize or award, you must pay tax on it unless it fits these specifications:

1. You must have been selected as the prize winner without any action by you to enter a contest or a proceedings.

2. You must not be required, as a condition to getting the prize, to render any "substantial" future services.

Even though you can meet those conditions your prize will still be taxable unless it was made "primarily in recognition" of:

Religious, charitable, scientific, educational, artistic, literary or civic achievement.

That would appear to make most radio, TV and other run-of-the-mine giveaways taxable.

Within certain limitations, the

amount of a grant (including accommodations, travel expense, and equipment or a cash allowance for them) under a scholarship or fellowship is tax free, when it meets these conditions:

It must be for the training or education of an individual, as part of his progress toward an academic degree or otherwise to further his education.

Persons who are candidates for a degree must pay tax on any part of their academic grant representing payment for their services, unless all candidates for the same degree are required to perform similar services (such as teaching, in working toward a degree in education).

Persons who are not candidates for a degree must pay tax on their scholarship or fellowship grant unless it comes from a tax-exempt religious, charitable, scientific, lit-

erary, or educational organization, or from a government.

Tax-free grants to persons not candidates for a degree are limited to \$300 a month, for a maximum of 36 months.

A separate schedule D—like all separate schedules, available at banks and post offices—guides you through the complicated process of entering your capital gains or losses, or gains or losses from the sale or exchange of other property. There are definitions and explanations on the back of the schedule, but this is a point where many people will want to consult a revenue agent (your bank, post office or local newspaper can tell you where to find him, and he can probably answer your queries by telephone), or a paid tax consultant of your choice.

When you have all of your other income entered in the

special section for it on page 1 of form 1040, you add up the totals, and enter your net profit or loss below schedule G. Then you transfer the total other income (or loss) to item 5, on page 1.

That allows you to complete the determination of your adjusted gross income. You will already have subtracted from your income any exclusion you may have for sick pay. And in figuring your other income, you will have subtracted any excludable portions of your dividend, and pension and annuity income.

In winding up your return and determining the tax you owe—the subject of the final article of this series — you will subtract any credits coming to you on account of dividend or retirement income. (Next: Tax or refund?)

Air Photos Locate Pools

SAN RAFAEL, Calif. (U)—Aerial photographs of Marin County have revealed many swimming pools which the tax collector didn't know existed. Now the pools will be taxed.

PIN-WORMS MAY BE A FAMILY AFFAIR

Fighting, nose-picking and a tormenting social itch are often tell-tale signs of Pin-Worms... only parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it: First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily. Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W Vermifuge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

Thoughtful Burglars

CHICAGO (U) — Harold Hartzlett paid the postage on a package containing 13 \$25 saving bonds and some insurance policies stolen from his apartment. The burglars

who took them kept \$250 cash, a silverware set and an alarm clock valued at \$120.

Per capita consumption of sugar in the U. S. averages more than 100 pounds per year.

Harlan Is Type to Stress Duty

WASHINGTON (U) — Nearly four months have passed since President Eisenhower nominated Judge John Marshall Harlan, of New York, to be a Supreme Court justice.

The Senate Judiciary Committee gave its approval yesterday.

What held up Senate action so long on the appointment of the 55-year-old lawyer—especially when no one questioned his integrity or his legal ability?

The shift in control of Congress from Republicans to Democrats was one reason. The Judiciary Committee had to reorganize.

But of more importance was a controversy that sprang up reminiscent of the angry Senate battle last year over the proposed constitutional amendment of Sen. Bricker (R-Ohio) to curb treaty powers.

It dealt with Harlan's views on world government and on whether treaties might override the United States Constitution and state laws. It was raised by his membership on the National Advisory Council of the Atlantic Union Committee.

Harlan denied he was a "one-worlder," and said he did not favor any surrender of American sovereignty. He said he had not been active in the Atlantic Union group, and had not even paid dues.

Suggestions also have been advanced that this controversy was seized on by some Southerners on

the Judiciary Committee who wanted to avoid raising the school segregation issue. This the Southern senators denied.

Harlan is the grandson and namesake of a Supreme Court justice who wrote a vigorous dissent in an 1896 decision upholding the doctrine of separate but equal facilities for the races.

That doctrine, first applied to transportation, also affected schools until last year when the Supreme Court unanimously outlawed racial segregation in the public schools.

In the Judiciary Committee's hearings on the nomination, concluded a week ago, Sen. Eastland (D-Miss) asked Harlan if he thought the Supreme Court should change established interpretations of the Constitution in accordance with the economic, political or sociological views of judges on the court.

With a smile, and taking off his spectacles, Harlan answered: "To lay that question bare, you are asking me how I would have voted on the segregation case if I had been a member of the court?"

Eastland insisted he was just asking a general question and dropped the subject.

The court has been without its full membership since the death of Justice Robert H. Jackson last October and, while waiting for the vacancy to be filled, has postponed arguments on how and when its

ruling on the school segregation case is to be put into effect.

Harlan had been confirmed by the Senate—in February 1954—for his present job as a judge of the 2nd U.S. Circuit Court of Appeals in New York when Eisenhower decided to elevate him to the Supreme Court.

One of the chief opposition witnesses was George Racey Jordan, an ex-Air Force major and supporter of Sen. McCarthy (R-Wis). He appeared as spokesman for the American Coalition, an organization with the avowed aim of keeping "America American."

He referred to a case involving the refusal of a cemetery in Sioux City, Iowa, to bury an American Indian killed in the Korean War, because of a racial restrictive clause in its contract.

The Iowa Supreme Court upheld the cemetery in a damage suit brought by the soldier's widow, and the Supreme Court by a 4-4 vote let the ruling of the state court stand.

Among the points raised by counsel for the widow was the contention that the cemetery contract violated the U.N. treaty provision pledging member nations to promote observance of human rights and fundamental freedoms without distinction as to race.

Some of the Judiciary Commit-

tee members opposing Harlan have made much of this case, saying they fear he might tip the court balance so that it would hold in some future case that a treaty could override federal or state laws and constitutions.

Harlan, in testimony before the committee, said it would be improper for him to express his views on any specific cases but he emphasized that, as a Supreme Court justice, he would feel a duty to uphold and enforce the Constitution and the law.

While disclaiming any "one-world" views and testifying his connection with the Atlantic Union movement had been only nominal, Harlan said he nevertheless believed this country must align itself with other free nations in resisting Communist aggression.

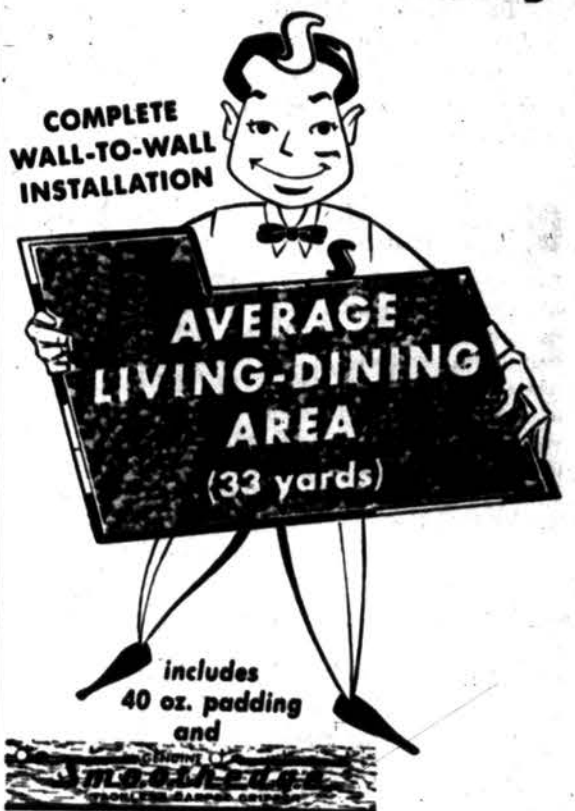

He told the committee, however, that whatever arrangements of that kind are made, they "must be done under the laws and the

Proprietor's Anniversary Boon to Store's Patrons

IRWIN, Pa. (U) — Supermarket manager Walter O. Goehring gave a silver dollar to every 25th customer who came into his store yesterday, his 25th wedding anniversary.

"We didn't advertise it, of course. By the end of the day I'd given out about 75," Goehring said. "Now, I'm saving up and maybe I'll give away some gold coins on our 50th wedding anniversary."

There's even more to
Chevrolet styling
than meets the eye!

This is beauty with a bonus... for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

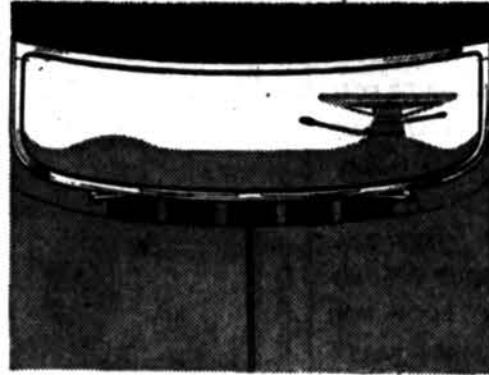

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield... a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line... but they are up there where they can be seen for safety's sake, and as convenient guides in parking. So, too, with the jutting peaks over the headlights.

The smart louvers across the hood aren't just decoration... they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

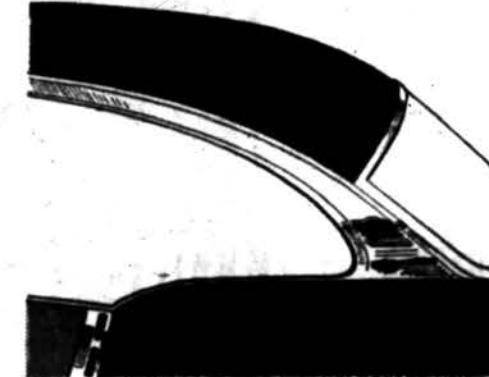

1 Visored headlights

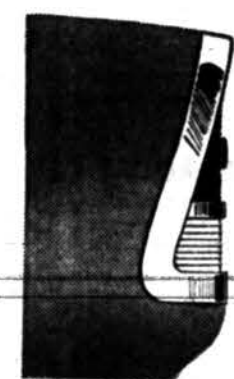

2 Lowered High-Level air intake

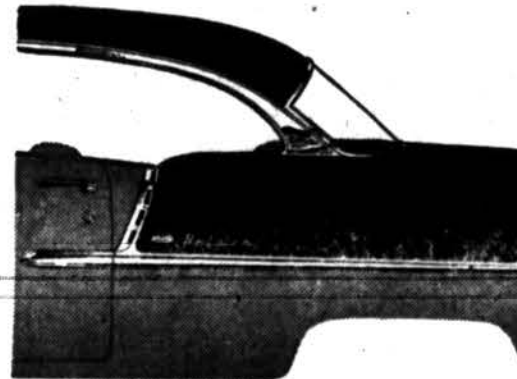

3 Sweep-Sight windshield

4 Distinctive dip in belt line

5 Fender-high taillights

6 Tasteful two-tone color styling

"Bonanzagram"

Have Fun! Win \$100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a \$100 cash prize. BUT before you try your hand at "Bonanzagram" be sure and read the rules at the bottom of this page. First solution will appear in the Press March 18.

Claim Check

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 1 is published Friday, March 18. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 1

When Mr. Jones got home, late in the evening, he found that his wife had gone out, but had left a note for him on the kitchen table. She was always leaving him helpful notes with instructions and reminders. This one was her usual hasty scribble with many of the letters left out, but Mr. Jones managed to decipher it. He found the children and the pets in fairly good order and got himself a hearty supper. Can you, too, figure out what the note says?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores. In the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message. Clues may also be found in the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Proper punctuation is one of the important keys to a correct solution.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, March 15. Mail entries must be postmarked before midnight Tuesday, March 15 for Bonanzagram No. 1. Address "Bonanzagram, Post Office Box 40, Pontiac, Mich."

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." Postmark on this letter must be not later than 5 p. m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employees of the Press and members of their immediate families. (Immediate family means all those living in an employee's household.)
2. No question as to winners will be answered by phone.
3. The Press will award a prize of \$100 to the winner of each weekly "Bonanzagram." If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the \$100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a \$20 bonus will be added to the \$100.

4. Only one winning entry from a family will be eligible for the prize.
5. The Press retains the right to correct typographical errors.
6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.
7. No liability is accepted for entries that fail to reach us.
8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Civilian Reactor to Be Erected

Industrial Atom Project Gets Under Way About March 15 in Chicago

CHICAGO UP—One of the first nuclear reactors established specifically for private industrial research will be built in Chicago this year.

The Armour Research Foundation of Illinois Institute of Technology has announced the \$500,000 reactor will be built on the institute's South Side campus by North American Aviation, Inc.

Midwestern industry will join the foundation in financing the cost of the project.

The uranium fuel for the reactor will be obtained from the Atomic Energy Commission on an "extended loan" basis. The AEC has given its tentative blessing to the project but is holding up final approval until it passes on the design, building plans, schedule of operation and health safeguards.

The reactor, known as the aqueous homogeneous or "water boiler" type, uses as fuel one kilogram of uranium 235 in a water solution. This solution will be contained in a steel sphere about a foot in diameter and act as the core of the reactor. The reactor will be capable of operating at a power level of 50,000 watts.

The reactor will produce neutrons and gamma radiation for research and development in the fields of biology, metallurgy, food processing, electronics, chemistry, textiles, oils and gases, rubber and leather, machinery, building materials, and allied industrial and scientific pursuits.

Construction is slated to start about March 15 with completion by the end of the year.

Magnetic Field Shifts

The magnetic field of the earth, which is responsible for attracting the compass needle to the north, undergoes slow changes from year to year.

Fate Dishes Up Job and Father for Cook's Son

LOS ANGELES UP—Woodrow Cosby has found a job—and a father.

He had searched 23 years for Joseph A. Cosby, who was divorced from Woodrow's mother in Charleston, Miss., when the son was only 3.

Yesterday the son, who is 36, found his father's name in the Los Angeles telephone book. He called him. "Did you have a son named Woodrow?" he asked. The reply was yes.

Woodrow was soon reunited with his father, a restaurant cook. The son, by chance, is also a cook. The father hired him.

Woodrow had been in Los Angeles three times before during his nationwide hunt for his father. Before he went to work he placed another phone call—to his mother Mrs. S. J. Mascari, Memphis, Tenn.

"My journey is ended and I'm happy," he said.

Near East Talks Friday

DAMASCUS, Syria UP—Representatives from Syria, Lebanon and Iraq will meet tomorrow in Beirut, Lebanon, to discuss ways of avoiding a split in the Arab world, according to well-informed sources. Iraq recently ignored strong protests from Egypt and concluded a defense pact with Turkey, which is aligned with the West. Egypt has advocated a neutral stand by Arab nations in the cold war.

Polio deaths in the U. S. in 1954 were about the same in number as in 1953.

Utilities Chief Looks to Solar Power

NEW YORK (INS) — People, places, things—Southern gentleman named Henry B. Sargeant, president of a big utilities corporation, the Arizona Public Service Co., told New York financial writers the other night that he was looking beyond nuclear power to the sun—and not through a clouded glass.

"The world's age has been estimated at two billion, one hundred million years," the youngish looking tycoon said. "Let's drop the ciphers and imagine that a man born at the creation of the world is now just 21 years old. If he

used all the fossil fuel in and on the earth, all the gas, oil and coal, he'd run out in five years. If he used all the nuclear fuel after that, he'd run out in five minutes.

"So he'd be forced to find something else to heat and cool his home and run his plant. He'd have to turn to solar power."

Sargeant's company is looking into this awesome matter. Someone asked, "Isn't that hereby, coming from a man who is in the business of selling old fashioned power?"

"Not at all," he said. "If solar

power were here today the power companies would be doing better than ever. Every solar energy house needs pumping machinery. We know. We've got the first real solar house in Arizona. It belongs to Raymond Bliss, son of the former surgeon general of the Army. He lives twenty five miles south of Tucson.

"Bliss catches the sun's heat on a big flat mirror, sends the hot air through a cheese cloth arrangement to a foundation of rocks beneath the house. The rocks absorb the heat and preserve it. Blowers fan the heat through the house during the winter months. In the summer months Bliss stores night air in the rocks and the blowers wait it through the place and cool it. It won't be long before there's a system of using the sun's heat to run refrigeration machinery."

New Orleans born Sargeant's suggestion to those who want to meet solar energy halfway: Move to Arizona.

During a recent heated discussion on "Let's Take Sides," the Gross-Baer TV Show, with pro and con on whether we'll fight for Formosa being flung angrily back and forth, I looked out over the studio audience and my eye rested upon the only soldier in the place.

Our defender was sitting in the front row . . . sound asleep.

O. Rundle Gilbert, the Garrison, N. Y. estate auctioneer who once sold an 1853 American penny for \$5,300, is the man in charge of auctioning off the \$10,000,000 worth of fixtures left in the wake of the sad closing of the old John Wanamaker store. He expects to realize about \$400,000 for the owners.

Perhaps never before in history has there been an auction such as this, where the goods covers 24 acres of floor space in a ghostly old building that New York buyers forgot. One item is a \$300,000 pipe organ. There are 24 statues of angels, five-ton Mack trucks, the silk banners and flags of forgotten kingdoms and wars, tapestries by Dubreuil, an ice cream factory, and more than 20 miles of carpeting.

No 1853 pennies, sorry.

Friends of Sonja Henie are urging her to give up her professional ice-skating appearances, regain her amateur standing, and go out for the 1956 U. S. Olympic team—when we'll need everything we've got to beat Russian . . . the work-

ing press cheered the selection of John Daly at top TV newsmen. Couldn't have happened to an abler or more pleasant soul . . . Rocky Graziano's autobiography, to be released soon, makes "From Here to Eternity" read like the minutes of a 4-H meeting . . . Whatever happened to the bill to make MacArthur a "general of the armies of the United States?" Probably the same thing that happened to his order to knock out the enemy bases across the Yalu.

Former Envoy's Wife Granted Idaho Divorce

GOODING, Idaho (U)—Mrs. Joseph E. Davies, who accompanied her ambassador husband on his "Mission to Moscow" just before World War II, ended her 19-year-marriage to him in this little southern Idaho town yesterday.

Dist. Judge D. H. Sutphen granted a final decree of divorce to Mrs. Marjorie Merriweather Post Davies after she filed a complaint charging the ex-ambassador with extreme mental cruelty.

Mrs. Davies, 68, had been staying in nearby Sun Valley since Jan. 25 to establish residence. She returned for New York yesterday afternoon.

Davies, 79, was U.S. ambassador to Russia from 1936 to 1938. He told of his experiences in the best-selling "Mission to Moscow."

No property settlement or alimony was involved in the divorce, and the couple had no children by their union. Each had three grown daughters by a previous marriage.

To Call 200 Veniremen in Texas Bomb Killing
SAN ANGELO, Tex. (U)—A special jury panel of 200 will be called for the April 25 trial of Harry L. Washburn, 38, charged in the slaying of Helen Harris Weaver, 51, his former mother-in-law.

Mrs. Weaver was blasted to death Jan. 19 when she attempted to start her automobile. Police say Washburn rigged a bomb on the car. They accuse the Houston contractor of trying to kill Mrs. Weaver's husband, architect Harry E. Weaver. Washburn has denied the slaying.

Of all the radio hams known in the world only one in 50 is a woman.

Queen of Bermuda to Resume Service

NEW YORK (AP)—The liner Queen of Bermuda, struck five days ago by 310 of her crew, is scheduled to resume passenger service between New York and Bermuda Saturday.

Furness Withy & Co., Ltd., operators of the ship, said last night that 135 of the strikers have reported back to work and most of them already have been flown to the vessel in Bermuda. The ship will leave today for New York.

Some 500 Bermuda-bound passengers were stranded here last Saturday when the crewmen walked off the ship in protest against the firing of three waiters.

The British National Union of

Seamen, which did not support the walkout, reportedly will supply replacements for the crewmen still on strike.

Call Saves His Life

LOUISVILLE, Ky. (AP)—When Raymond Stivers' name was called over a loud-speaker for a special job at Standford Field, it probably saved his life. Two fellow employees went looking for him and found him overcome by sewage gas in the airport's underground sewage pump station, where he had gone to check two motors. Firemen revived him.

On Old Mission Peninsula near Traverse City, cherry trees grow 20,000 to the square mile. This is the greatest concentration of cherry trees in America.

"JUST A DREAM"—Actress Janet Leigh is "the young man's dream of what he expects of love." At least, that's the opinion of the American Photographic Society which named her "The Golden Beauty." The 600 photos also gave her a miniature gold camera.

2nd Class City Cheaper to Run

'Altruistic' Government Officials in Nebraska Town Like Status Quo

LINCOLN, Neb. (AP)—Falls City is a first class city under Nebraska law. But it isn't so listed. It's second class. Wonder why?

Well, a legislative committee was told Wednesday it's because the city has a "very altruistic government."

This all came out when Atty. F. A. Hebenstreit of Falls City appeared to ask that second class cities be given power to regulate gas rates. That's a power first class cities have.

When he got through, Secretary C. E. Beals of the Nebraska League of Municipalities pointed out that Falls City is a first class city "but never sent in its certificate."

That brought a quick "why?" from the government committee members.

Hebenstreit grinned and said, "We have a very altruistic government. It can run cheaper as a second class city than as a first class city, because of the smaller salaries, and save the people some money."

Nebraska law permits the Legislature to set city salaries and naturally those for first class cities—any one with a population of over 5,000—are higher than for second class cities. Falls City's population is 6,203.

The committee said it would think over Hebenstreit's gas bill proposal.

Deaths Last Night

NEW YORK (AP)—Dr. Ernst P. Boat, 64, internationally known specialist in heart and chronic diseases, a teacher and hospital administrator.

CHICAGO—Dr. Stephen L. Polak, 65, professor of anatomy at the University of Chicago and an authority on the anatomy of the eye and at one time on the faculties at the University of Zagreb in what is now Yugoslavia, and the University of California. Born in Croatia now part of Yugoslavia.

NEW YORK—Matthew Alexander Benson, 88, last surviving member of the Adm. Robert E. Peary expedition to the North Pole in 1909, who was Peary's valet for many years and took part in his major polar expeditions. Born in Maryland.

MILWAUKEE—Tom Brown, 85, Milwaukee's widely known bicyclist, hiker and outdoor enthusiast, whose trademark in recent years was a flowing white beard.

Franklin D. Roosevelt and by Harry S. Truman.

The White House still gets some letters complaining about the President taking time off for golf and hunting trips. But Eisenhower associates say there is other mail expressing the view he is entitled to all the relaxation he can get.

As for the complaints, aides say their reply always is that the President's Army background of considerable outdoor activity has conditioned him to a real need for it.

"He's like a caged lion when he hasn't been able to get outdoors for quite a spell," a friend reported.

Accidental gas poisoning claims about 1,400 victims in the U. S. each year.

Ike Uses Pool in White House to Fight Colds

WASHINGTON (AP)—President Eisenhower has taken to swimming in the White House indoor pool to get more exercise but he reportedly "just hates it"—the swimming, that is.

His physician Maj. Gen. Howard M. Snyder is happy about it though. Snyder feels it will help build the President's resistance to colds such as the one he has been fighting off this week.

During his first two years in office, Eisenhower virtually ignored the White House pool, which was used a great deal by the late

Sick Elephant Destroyed

BALTIMORE (AP)—A three-ton elephant captured by the late Frank Buck was put to death yesterday at the Baltimore zoo. The elephant, Minnie, which had delighted youngsters for 12 years, suffered from arthritis. Drugs had failed to halt the paralysis which crippled both hind legs.

Invalid Wins Citizenship

NORTHFIELD, N.J. (AP)—The four-man Atlantic County Naturalization Court traveled 12 miles from the county seat at Mays Landing to administer the oath of citizenship to a chipper, bedridden old lady. Mrs. Daisy Loveday Lewis, 74, born in England, is paralyzed in the right side and could not go to court.

Moving Homes of 6,000 Among Seaway Problems

MORRISBURG, Ont. (U-P)—Construction of the St. Lawrence seaway means the displacing of about 6,000 Canadians whose lives and livelihoods are tied to eight communities fronting the international section of the river.

Most of the villagers have generations-old roots in these communities. The problem is to get them—and their homes where possible—shifted with the least jolt to human values. It's the biggest job of its kind ever undertaken in Canada.

Damming of the river to create a hydroelectric pool will produce a 40-mile lake between Ontario and New York state. The waters will drown out seven Canadian commu-

nities. Another, Morrisburg, will lose about a third of its land area, and 1,250 of its 1,886 population must move.

One of the big problems: How is the owner of a home 50 years or older to be compensated? Many of the older structures suit their occupants fine but would go begging on the current market.

The legislation under which the Ontario Hydroelectric Power Commission operates calls for payment on the basis of fair market value plus an amount—unspecified—for "forceful taking."

"What we want," said youthful Reeve (Mayor) George Beavers of Morrisburg, "is to get homes re-

placed with the same facilities without its costing the owners money.

"Hydro tells us that the formula is market value plus something. But market values have been depressed here for many years, and largely on account of uncertainty over whether the community will go on existing as a result of the seaway. It isn't fair to base a price on sales prospects under those conditions."

He pointed out the window: "That old home, is all the stake they've got. It's probably worth \$6,000 under values here, but it would cost \$10,000 to replace at present costs."

On the other side of the border the New York State Power Authority will re-establish relatively few displaced persons. But Ontario Hydro and the New York authority will divide equally the over-all cost of all the re-establishment, estimated unofficially at 65 to 70 million dollars on the Canadian side and perhaps 15 millions on the U.S. frontage.

But It's Popular, Too

SAN ANTONIO, Tex. (U-P)—City Manager George Rice holds a "Squawk Day" once a week for the average citizen to tell his complaints about city services.

Eskimo Ice Cream Sounds a Bit Fishy

WALLA WALLA, Wash. (U-P)—One of the things junior high school pupils learned in an exchange of letters with children of Kotzebue, Alaska, is that "Eskimo ice cream" has neither ice nor cream in it.

"Eskimo ice cream is made of caribou fat, seal oil, fish sometimes and berries or raisins and other fruits," wrote one of the children in the remote Eskimo village.

Sometimes no fish and put in fruits like cooked apple. But it's not cold; anyway you could freeze it and eat it."

'Work-Horse' Helicopter Can Fight Forest Fires

PHILADELPHIA (U-P)—A manufacturer of helicopters says its "work horse" model can be used as a hovering "fire engine" for use in fighting plane crash blazes and forest fires in remote areas. Officials of the Piasecki Helicopter Corp. said yesterday its H21 model is the "first production helicopter with sufficient carrying capacity to lift an effective quantity of fire-fighting agent and the necessary equipment for its application."

Michigan is the No. 1 producer of salt in the United States, with at least 29 per cent of the nation's total salt deposits, estimated at 71 trillion tons.

Mexico finally became free of Spanish dominion in 1822, with the crowning of Augustine de Iturbide as Emperor.

New Man at 76 Yrs. LOST 38 POUNDS Rheumatism Better

Solve your weight and health problems with Rennei Concentrate. Whether you are 26 or 76 yrs. old, boy or girl, it's possible, and just as necessary. Frank LaHaine, 219 S. Oak St., Owosso Mich. writes, "I have used six bottles of your wonderful medicine, Rennei Concentrate, and it's very satisfactory, and it does more than you claim it can do. I am 76 yrs. old and have been troubled with overweight and rheumatism for years. I have tried different kinds of medicine and pills but without any results. Since using Rennei I have laid away my crutches and my cane and feel much better. Three months ago I weighed 205 and now 168. My rheumatism is nearly gone and Rennei has made a new man of me. My waist line has gone from 46 to 42. I am very thankful for the help Rennei has given me. Make Rennei work for you. Priced at \$1.40 at your drug store. Insist on and be sure to get Rennei."

Avon Township Board Revamps Minimum Lot Sizes

Voters League to Meet Tuesday

West Bloomfield Talks to Air Problems Due to Incorporation

WEST BLOOMFIELD TOWNSHIP — Problems of incorporation facing township governments will be aired at the 12:30 p.m. luncheon meeting Tuesday of West Bloomfield League of Women Voters in West Bloomfield Township Hall.

George W. Skrubbs, Oakland County planner, will discuss the problems township governments are facing because of the incorporation of small communities within their boundaries.

Township Supervisor Harian Thatcher will speak on the proposed millage increase for the township on the April 4 ballot. The increased revenue is to be used for general township operating expenses.

Interested men and women in the community have been invited to the meeting.

3 Club Members to Begin GOC Duty

WATERFORD TOWNSHIP — Three members of the Business and Professional Women's Club signed up for Ground Observer Corps duty when their organization held a dinner meeting Tuesday.

Mrs. Florence Schlosser, Mrs. John Sellman Sr. and Mrs. Harry Ault promised to be on duty two hours per week following the urgent plea for volunteers made by GOC at a Monday conference at the CAI building.

Five other members are planning to sign up with their husbands.

The GOC post in Pontiac needs 168 people to work the two week shifts in order to have a full 24 hour schedule of skywatching.

According to Post supervisor Arthur J. Heaton, there are less than 100 persons participating in the work of the local post.

PTA to Feature Scout Program at Pontiac Lake

WATERFORD TOWNSHIP — The Pontiac Lake PTA will meet at the school at 8 p. m. Thursday.

A court of honor ceremony with Boy Scout Troop 34 and Explorer Post 34 will comprise the program, according to scoutmaster Albert Lyon.

The business meeting and election of officers will follow the scout activities. Mothers of second grade children will serve the refreshments.

Ronnie Kind Wins Table Tennis Trophy

WATERFORD TOWNSHIP — Ronnie Kind of 5825 Mill St. has won the annual Youth Men's Athletic Club table tennis championship, sponsored by the recreation department.

Kind defeated Andy McSelle of Dixie Highway in the final round of contest, which 32 players entered. The defending champ, Gary Hines, did not participate.

The Athletic Club meetings are held from 7-9 p.m. every Monday at the CAI building, for high school boys.

Director John Hackett, high school coach, will award Kind the tournament trophy this week.

Youth Night in Waterford Will Feature Sock Hop

WATERFORD TOWNSHIP — A sock hop with records is planned for tonight's Teenage Youth Night dance, to be held from 7-9 p.m. at the Community Activities Building on Williams Lake road, just north of Airport road.

The weekly activity nights, sponsored by the Waterford Township Recreation Dept., have proved popular, with an average of 325 teenagers attending each Thursday for the past six weeks.

Next week a local band will furnish music for the dancing. Thomas Belton, superintendent of recreation, said.

Michigan's Juvenile Laws Draw Attack at Forum

A strong attack on Michigan's juvenile laws was heard yesterday by those attending the 3rd Children's Services Forum at Michigan State College, according to Dwight S. Adams, director of the Pontiac Area United Fund.

Adams reported a speech by Mrs. Maxine Virtue, a well-known lawyer from Ypsilanti. She appealed for a Family Court system in Michigan.

Children are now handled in two courts, she stated. The Probate Court handles juvenile crimes and adoptions and the Circuit Court handles them in divorce cases.

Spring Good Time to Immunize Kids

LANSING — Spring is a good time to see that children are immunized against smallpox, diphtheria, lockjaw and whooping cough, the State Health Department advised today.

"This is especially important for those school children who need boosters and the youngsters who will start school next fall," said Dr. Albert E. Heustis, state health commissioner.

Dr. Heustis said it is advisable to get the immunization over before the start of the polo season. The children are more accessible in a group during the school months, he said.

He said although many persons never have seen a case of diphtheria or smallpox, these diseases flare up occasionally as proven by the development of 17 diphtheria cases in Grand Rapids last fall.

Stations Launch Clean-Up Drive on Ads Over Air

NEW YORK — Twenty-four metropolitan area radio and television stations have adopted a code of standards aimed at stamping out "bait" advertising.

The seven-point code was worked out with the Better Business Bureau, which said thousands of complaints had come in of misleading and deceptive advertising over the air waves in this area.

The complaints generally concerned a "minority" of firms offering "low, low priced" sewing machines, vacuum cleaners, storm windows, food freezer plans and the like, the bureau said.

It said the low-priced items was used by these firms as "bait" to get a salesman into the homes of TV and radio listeners.

Once there, these salesmen would disparage the advertised product, practically refuse to sell it, and harangue the householder for hours trying to sell a higher priced product.

St. Andrew Fellowship Plans Supper, Movie

DRAYTON PLAINS — A Fellowship Supper, the first in a series of fellowship events, will be held at 6:30 p. m. Friday at St. Andrew Episcopal Church. The supper will be preceded by an evening Communion Service at 6 p. m.

A film, "I Beheld His Glory," depicting the story of Jesus' crucifixion as seen by Cornelius the centurion, will be shown during the program which follows. Mrs. Angus Miller is chairman of the event.

Car Kills Shrine Aide

DETROIT (UP) — Mrs. Cora Quinlan, 65-year-old office worker at Fr. Coughlin's Shrine of the Little Flower, died at Henry Ford Hospital last night shortly after she was struck by a car while crossing a street.

Youth Night in Waterford Will Feature Sock Hop

WATERFORD TOWNSHIP — A sock hop with records is planned for tonight's Teenage Youth Night dance, to be held from 7-9 p.m. at the Community Activities Building on Williams Lake road, just north of Airport road.

The weekly activity nights, sponsored by the Waterford Township Recreation Dept., have proved popular, with an average of 325 teenagers attending each Thursday for the past six weeks.

Next week a local band will furnish music for the dancing. Thomas Belton, superintendent of recreation, said.

2 Changes Gain Official Okay

Take Action to Relieve Flooded Conditions on June Street

ROCHESTER — The Avon Township Board of Trustees last night approved revamping the minimum lot sizes, on the recommendation of the township zoning board.

Given approval was a change allowing subdivision lots of less than 100 foot width, if the subdivisor furnishes water.

The second change in the zoning ordinance was to permit lots with sufficient area to have dimensions other than 100 by 200 feet, as presently required.

The changes were proposed by subdivisors to the zoning board March 4.

Both amendments will become effective 30 days after publication.

In other action, the trustees voted to put a bulldozer to work today to correct flooded conditions on June street, south of Auburn.

According to Township Supervisor Cyril E. Miller and Dr. E. E. Ludwig, the Oakland County Drain Commission has failed to correct the drainage there.

Township Attorney Rex Behout was authorized to request that the County Clerk put the drain situation in Avon Township on the agenda of the next meeting of the County Board of Supervisors.

Final approval was given the Weaver's Acres subdivision, located on East Auburn Road in the Brookline area. The 23 building lot site also needs the approval of the Oakland County road commission.

Supervisor Miller reported that the third well on the township site is in, and producing well.

The Northern Oakland Girl Scout Council was granted permission to hold a cookie sale for camp funds April 15-20 in the township.

Salk Shots Set for 19,000 Kids in Kent County

GRAND RAPIDS — City health officials are preparing to administer Salk polio vaccine to 19,000 children in Kent County in April.

They are proceeding on the assumption that medical authorities, who have been evaluating the vaccine, will approve it on or about April 1.

Half of the youngsters inoculated in the test administration of the vaccine here last year will be included in the group to receive it next month, according to Dr. John D. Morely, city public health physician in charge of the Salk program.

The 1954 test covered 11,544 Grand Rapids children in the first three grades at school. Only half were actually given Salk injections. The other half, picked as a control group, received injections of a harmless fluid.

Sen. Potter Recovering From Callous Operation

WASHINGTON — Sen. Charles E. Potter (R-Mich.) is recovering from minor surgery performed last week at Bethesda (Md.) Naval Hospital where a callous was removed from the stump of his right leg.

Potter lost both legs as the result of an exploding land mine in World War II. He walks with artificial limbs, which, doctors say, cause callouses that have to be removed from time to time.

Potter, who is resting at his apartment in nearby Alexandria, Va., is expected to return to Senate action early next week.

Iowa Chief 'Going Broke'

DES MOINES, Iowa (UP) — Gov. Leo A. Hoeg said he's "going broke" because of his wife's "open door" policy at the governor's mansion. Hoeg said 450 persons visited the mansion Tuesday and he served coffee and cookies to all.

Even though it may appear that the front legs are longer than the hind ones, the legs of a giraffe are all the same length.

Plan Commission Okays 1956 Operating Budget

An operating budget for 1956 of \$40,669 was approved by the Oakland County Plan Commission yesterday for submission to the Board of Auditors.

The figure represents a \$12,941 increase over this year's operating budget of \$27,728.

The increase is asked mainly to cover hikes in staff salaries and addition of three persons to the commission's office personnel, explained Director George N. Skrubbs.

The director feels a land-use

Pay Campaign Opens Monday

UAW, GM and Ford Schedule Preliminary Contract Talks

DETROIT (AP) — The preliminaries in the CIO United Auto Workers' fight for a guaranteed annual wage in the auto industry start next week.

The union announced in joint statements with General Motors and Ford yesterday that "exploratory" talks or the conduct of contract negotiations will be held then—separately with each company.

Formal negotiations are expected to begin shortly before mid-April.

General Motors' five-year contract with the union expires May 29. The Ford pact runs out June 1.

The UAW already has announced its main goal will be a guaranteed annual wage.

H. W. Anderson, GM's vice president in charge of personnel, and J. W. Livingston, UAW vice president and director of the union's GM department, said in their statement the General Motors meeting will open "during the week of Monday, March 14."

The statement added:

"The meetings are being held at this time because representatives of the UAW-CIO will be engaged at activities in connection with their national convention in Cleveland at the time when they ordinarily would be in such preliminary discussion with GM."

Ford Motor Co. and the UAW announced their representatives will open a preliminary meeting in Detroit next Wednesday.

John S. Bugas, Ford's vice president for industrial relations, and Ken Bannon, the union's Ford Department director, said in their statement:

"We believe it will be to the benefit of both the company and the union to meet in advance and lay the groundwork for an orderly start of negotiations."

Formal negotiations between the union and GM are scheduled to begin soon after April 4. Ford-UAW negotiations are set to start April 11.

Fruit Growers Seek Apple-Processing Plant

BELDING — A group of fruit growers in Ionia and Montcalm counties is negotiating for an apple-processing plant for this area.

Frank Klackie of Greenville, president of the Ionia-Montcalm Fruit Growers Association, said the negotiations are with a concern in Indiana that makes apple juice and vinegar. He did not identify the concern.

We've Been Waiting

WILLIAMSON, W. Va., (UP) — Five prisoners labored furiously for an hour and a half yesterday digging their way out of the Mingo County Jail.

As they poked their heads through the hole the prisoners were greeted by jail officials who had been waiting patiently for them.

Four hot salt water troughs, sinks, drains and tubs once or twice a week to keep them free of grease and odors.

See House OK on GI Pay Hike

Career Soldiers Would Benefit From Proposed Wage Increase

WASHINGTON — Two key Democrats predicted the House will approve today President Eisenhower's program to boost the pay of career military servicemen from 6 to 25 per cent.

Chairman Vinson (D-Ga.) of the House Armed Services Committee and Rep. Kilday (D-Tex.), a senior member, said they had heard of no important opposition. The measure would add 745 million dollars to the annual five-billion-dollar military payroll.

A House vote is expected in late afternoon. The Senate has not acted.

The measure calls for an average increase of 11.9 per cent for enlisted men and warrant officers with over two years' service and officers with over three years' duty. An estimated two million men would be due to raises on the first of the month after the President signs the bill.

An Army private with over three years' service would get an added \$7.80 per month, or \$101.40; a first lieutenant with over three years' duty would get \$61.22 for \$335.40 monthly; a brigadier general with over 22 years' service would be jumped \$49.92 to \$850.20 monthly.

No increases are provided for men with less service. Administration spokesmen said the main purpose is to encourage trained men to make a career of military service. The President strongly backed it.

The Oakland commission's staff is now eight months old, Skrubbs said. "The 3-man staff has made considerable headway in . . . zoning, economic development and highway research," he stated.

The staff should be increased, he asserted, to suggest means of "providing a more orderly and efficient use of land and public funds within the county."

"All studies thus far indicate that Oakland County will grow to a population far exceeding a million people during this generation. We cannot afford to lag behind in our planning."

Detroit Nike Bases Begin Operations

DETROIT (INS) — Two top-secret underground Nike bases are going into operation in Detroit this week.

The deadly guided missiles, which will streak to intercept any enemy plane approaching Detroit in an air attack, are being cached in concrete vaults at Rouge Park and at the east end of Belle Isle.

At Rouge Park, 100 soldiers are going through practice alerts.

When an alarm signal is sounded, the slim, cigar-shaped Nikes rise silently out of the ground on a huge elevator and shift into an erect position.

The Nike is guided to its target by radar stations spotted around the city. These radar stations and launching sites are the most closely guarded military posts in the state of Michigan. Two more Nike sites will open soon at Selfridge Field and Utica.

Woman Waives Exam on Narcotics Charge

Mrs. Roxie Ann Shelton, 50, of 407 S. Jessie St., charged with illegal possession of narcotics, waived examination yesterday when she appeared before Municipal Judge Cecil McCallum.

Facing circuit court arraignment Monday, she was ordered held in the county jail under \$500 bond. Pontiac Police of the vice squad said Mrs. Shelton was arrested after she had forged a doctor's prescription for a drug.

Joint Meeting Is Tonight

WATERFORD TOWNSHIP — A joint meeting of the church council trustees, and mission board of Waterford Community Church will be held at 7:30 p.m. today.

PTA to Pick Officers

AVON TOWNSHIP — The Elmwood PTA will meet at 7:30 p. m. today for nomination of officers. Helen Williams will speak on "Children's Books."

Purebred Pig Gives Her All, Starts Project

The purebred Hampshire pig pictured on the county page yesterday with a member of the Milford Future Farmers of America member was very busy about press time yesterday, but it had nothing to do with the picture.

She gave birth to seven piglets, and owner David Charlick says both mother and family are doing fine.

This gets the FFA project of raising pigs off to a good start. Under the plan, Charlick will give a piglet to two other members of the club to raise.

This process is continued until the entire FFA chapter is in the pig business.

Oldest Negro university in the United States is Wilberforce University, Wilberforce, Ohio, founded in 1855.

Seek Settlement of Tax Dispute

State Solons Disagree on How Long to Extend Receipts Levy

LANSING (U)—A joint legislative committee today sought to settle a House-Senate dispute over extending the business receipts tax before the tax expires Tuesday.

Both chambers have passed the extension. The Senate agreed to an indefinite extension, while the House approved extending the measure only to Dec. 31.

Rep. Rolo Conlin (R-Tipton), chairman of the House Taxation Committee, said the House wanted a temporary extension to force consideration this session of a permanent tax program designed to raise from 25 million to 30 million dollars in "new" money.

Senate leaders, he said, apparently want to delay drawing up a new tax program until next year. The bill has already been sent to conference, but the committee fought to a deadlock.

A new conference committee was appointed and set to work today in a second attempt to iron out differences.

If the deadline is not met, he said, the tax will expire and the state will have no way to collect unpaid business receipts taxes.

More Women Wearing Pajamas on the Street

By EARL WILSON

NEW YORK — I was wonderin' whether more women don't wear slacks on the street lately, till Herb Polesie, the "20 Questions" wit, said, "Tain't that. It's just that most wives never get outa their pajamas nowadays."

Kate Smith's subbing for Jackie Gleason. Well, now there are two performers of equal stature.

When Zsa Zsa Gabor read the NBC Comedy Hour script showing the Gabor with three oilmen, she flared up: "Why does everyone always think we're interested in wealthy men?"

There was a gag about her not getting diamonds. She was supposed to say: "Oh, well, this is my year for Rubies, anyway!"

She objected. The line was killed. Between scenes, Zsa Zsa sat on Rubirosa's lap.

Joan Bennett's dtr., Melinda Markey, who'll do "No Time for Susan" on Fireside Theater Mar. 15, is a ringer for her mom, to me the glamour puss with the least perishable beauty of 'em all.

George S. Kaufman and wife Leueen MacGrath, who wrote the first version of "Silk Stockings" and then dropped out, get about \$4,000 a week royalties.

They haven't attended the new Abe Burrows version. If anybody tells Kaufman, "I like your show," he can honestly say, "Is that so? I haven't seen it yet!"

Marilyn Monroe's going to take a bow at the Friars' dinner for Martin and Lewis Friday. That ought to make the show.

THE MIDNIGHT EARL

Joe DiMaggio took off for a few days in Florida... Joey Adams and Johnny Desmond were deluged with phone calls after their job Sunday night on Television Playhouse.

Phil Silvers' CBS-TV show was sold to the R. J. Reynolds tobacco company (with a 50 G's-a-week budget)... Movie star Bob Wagner, seeking a date here last week, asked Celebrity Service which pretty girls were in town... Despite the doubt about the figure used in the "Underwater" ads, Lori Nelson uses her own in the movie.

Sherry Britton walked out of the Club Monaco's show 'cause there were other strippers on the bill... Erica Steele will show off her new hair color at the Jelle trial — charcoal blonde... There were two Harold Greens in "Silk Stockings," so one of 'em is now Forest Green.

Adlai Stevenson will tour South America after July 4... Jackie Gleason will audition dancers for a planned new Sat. night TV show, "Mardi Gras"... Model Barbara Nichols, with a new hairdo, was mistaken for Marilyn Monroe by many at El Morocco... A pretty girl's charging things to Marion Brando's bill — and it ain't Josanne.

Earl's Pearls... Strange thing about women in high society is their great desire to own the most clothes and wear the least... Dodge City (Kas.) Globe.

TODAY'S BEST LAUGH: A contestant on Herb Shriner's TV quiz said he worked for the tax department. Herb answered, "Shucks, they've got us all doing that now."

A woman told Snooky Lanson about her middle-aged husband: "When he was young his physique was a legend—but now the legend's starting to spread." That's earl, brother. (Copyright 1955)

Very Hard on Taxi

TOKYO (U)—Pvt. Charles Broxmeyer, 6 feet 4 and 225 pounds, was hit by a small Japanese taxi. Damage to taxi: windshield smashed, fender torn off, grill damaged, wheels wrenched away, driver shaken. Damage to Broxmeyer, of Bismarck, N.D.: small facial bruise.

Some tire makers have up to 6,000 different molds for various tire sizes and types.

Businessmen Will Attend 2-Day MSC Symposium

EAST LANSING (U)—Leading businessmen will give their views on the future of business at a centennial symposium April 12 and 13 at Michigan State College.

The two-day conference will feature speakers from the fields of accounting, hotel, restaurant and institutional management, marketing management, business and education.

Major speakers will include Howard J. Stoddard, president of the Michigan National Bank, and Leland I. Doan, president of Dow Chemical Co.

Just below the mouth of the Detroit River where it joins Lake Erie, rests the steamer "Clarion" with the strangest of sunken cargoes: Locomotives.

Joan Fontaine Ready for Rosalinda

By LOUELLA O. PARSONS
HOLLYWOOD (INS)—Joan Fontaine, completely over her burlesque and rarin' to go, gets "Rosalinda," the Johann Strauss musical which Gottfried Reinhardt will produce in Europe.

Van Johnson is the co-star and while both Joan and Van may hum or whistle, they'll hardly carry the musical honors. My guess is the singing will be dubbed in which has never hurt any movie I've ever seen.

"Tea and Sympathy" kept Joan on Broadway many months and she left the cast only when the burlesque became so painful she couldn't continue.

The part of Lisa in "Rosalinda" is not only a good job for Joan, it entails a nice location trip to Salzburg this summer.

High Court Upsets Extortion Conviction

LANSING (U)—The State Supreme Court yesterday upset the conviction of a University of Michigan student accused of extorting \$3,500 from a friend's mother with a fake kidnapping scare.

The court reversed the Detroit recorder's court conviction of William F. Welke, 29, who had been sentenced to five to 20 years. The case was sent back for a new trial.

He was accused of being the man who telephoned Mrs. Katherine Vasu of Detroit from Ann Arbor May 31, 1949, and demanding \$3,500 for the return of her son, Cordell, a student living in the same dormitory as Welke and who was never kidnapped. Mrs. Vasu said she gave the money to a man with a bandaged face in front of a Detroit bank.

The court said Welke was convicted on prejudicial evidence.

Auto Club Finds Radar Effective in Setting Speed

DETROIT (UP)—Automobile Club of Michigan officials said today radar and other speed calculating devices should be used only to determine what the speed limits should be.

"They (mechanical speed calculators) are the most efficient gadget yet devised for determining prevailing speeds and setting realistic speed limits," Ernest P. Davis, Auto Club safety and traffic director, said. "When used for this purpose, they are a benefit to the community."

Auto Club General Manager E. S. Matheson said the gadgets are not an effective means of preventing traffic accidents.

"The most effective deterrent to violation of traffic laws and consequent accidents and deaths is an adequate squadron of conspicuously marked police cars and motorcycles in plain sight patrolling diligently," Matheson said.

"Neither rubber tubes and mechanical gadgets in a box nor motorcycle policemen behind a billboard can substitute for this effective method of accident prevention," he said.

"By using these devices, they (police) apprehend a violator after he has broken the law and created a potential traffic accident."

Ferndale Man Admits Breaking and Entering

Leon Bennett, 22, of 10758 Halcott, Ferndale, yesterday pleaded guilty to breaking and entering and Oakland County Circuit Judge H. Russell Holland set sentencing for March 14.

Bennett was undergoing a jury trial, but decided to plead after Assistant Prosecutor Robert D. Long finished presenting the evidence against him.

The Ferndale man admitted entering a Royal Oak Township home last Nov. 19 and taking \$63 worth of jewelry and other articles.

No More Red Teas

LONDON (U)—The House of Commons was told that the British Malay government has banned Communist-sponsored tea parties there because the Reds were using them to indoctrinate students.

Liberace wants no biographical material in his Warner picture "Sincerely Yours," and has so informed script writer Irving Wallace in no uncertain terms.

He doesn't want the movie to seem like a "one shot" — or a life story — because Mr. Key-board has other ideas about his life yarn.

He's writing it to sell to a major studio (Warners, if they're interested) for still another picture.

For all his geniality and wide smile, this boy wasn't born yesterday.

Speaking of strays home from Broadway, John Hodiak hadn't been in town two days before Charlie Schnee invited him out to MGM to put his John Hancock on a deal to play the district attorney in "Trial."

Like Joan Fontaine, John has been on Broadway in the hit "Caine Mutiny Court Martial" for almost a year.

He laughed when he told me, "and now I'm back in a courtroom again in 'Trial,' which is Don Mankiewicz's prize winning novel about a lawyer defending a boy charged with murder."

John sounds happier than

when he left Hollywood soon after his separation from Anne Baxter. But time and hard work have a way of putting out these torches.

Bob Stack is very funny about how the Japanese acquired their racial reputation of being inscrutable and even frozen faced.

"It's because there's no heat in the houses," says Bob, who's just back from shooting "House of Bamboo" in Tokyo. "The only time you're warm is when you sit on the floor and eat and find a charcoal pit underneath the table."

"While your upper body is frozen your toes are broiling—so instead of holding hands with the girl next to you, you find yourself holding toes."

The girl who was so cute as the giddy startlet in "A Star is Born," and I do mean Lucy Marlowe, is justifying Columbia's faith in her. She gets her biggest opportunity in "Queen Bee" playing Joan Crawford's niece.

Jerry Wald, who is personally producing "Queen Bee," says that Lucy will have the fans sitting up and taking notice of her in two Columbia pictures not yet released. "My Sister Eileen" and "Tight Spot," the latter with Ginger Rogers.

Leave it to Joan to help a newcomer along and okay her for the second femme lead in her picture.

Snapshots of Hollywood collected at random: Patricia Morrison underwent surgery at Good Samaritan Tuesday morning. Reports are that Pat's coming along nicely.

Charlie O'Curran, Betty Hutton's ex, who hasn't been dating much, was with Mona Knox at Jack's at the Beach.

Whether Rita Gam and her husband, Sidney Lumet, are estranged or not, he arrives in Hollywood tomorrow—alone. He'll direct the pilot film for an independent TV company.

Tita Purdum with writer John Bryant applauding Van Johnson at the Mocambo.

I thought Barbara Hutton was kidding when she told me she was too plump, but she must have meant it because she's enrolled at Sclerella in the streamlining course.

Ann Sothern was a very good scout when her TV show, "Private Secretary," didn't come up with an Emmy. She applauded the other winners heartily. I might add that Ann looks much prettier with her new slightly darker blonde hair.

Wagoon Lake, nestled amid greenland hills south of Potosi, boasts crystal-clear water so pure that local residents use it in their automobile batteries.

Claims Husband Gambling Away Huge Amounts

SANTA MONICA, Calif. (U-P) — A multimillionaire's wife claims in her divorce suit that her husband has threatened to gamble away all his holdings.

Mrs. Gloria Fishman, 30, said that Frank Fishman, 65, wealthy hotel operator and promoter, lost \$200,000 in gambling at Las Vegas, Nev., in the last 12 to 15 months. Her suit, filed yesterday, charges

Fishman with extreme cruelty. She asked appointment of a receiver to take charge of community property. Fishman, she claimed, is gambling away his assets to deprive her of her "rights and claims to his property."

She described Fishman as worth five million dollars and said he has an income of \$400,000 a year. She asks \$5,000 a month alimony, plus \$1,000 a month support for their son Walter, born in 1951. Mrs. Fishman said she was a \$35-a-week secretary before she married Fishman in June 1950 in

Las Vegas. He formerly operated hotels in Florida, Los Angeles and San Francisco and originally headed a group developing the five-million-dollar Royal Nevada Hotel in Las Vegas.

Too Much for Judge

DURANT, Okla. (U-P) — Dist. Judge Sam Sullivan revoked a suspended three-year prison term for William Gray, of Bennington, after his mother complained he stole \$50 from her. Gray admitted taking the money.

Thieves Overlook \$360 in Cash Register Niche

SHAWNEE, Okla. (U-P) — On Jan. 17, burglars sneaked a cash register out of a downtown shop but, finding only a few paltry pennies, dumped it on the shore of nearby Lake Shawnee.

Yesterday, two youngsters found the register and, toying with it, discovered an envelope containing \$360 in a secret compartment. The money was returned to the owner.

Lad With New Gullet in 'Serious' Condition

DENVER (U-P) — Edsel Scroggs, 18, who was given a new esophagus in a 13-hour operation a week ago, was reported in "serious" condition at Colorado General Hospital early today.

Hospital attaches offered no specific explanation for his decline other than malnutrition and rigors of the long operation, in which a section of his intestine was transplanted to his throat.

Likes 3-Cent Airmail

WASHINGTON (U-P) — Postmaster General Summerfield says the experiment of moving 3-cent mail by air when space is available has proved "quite successful" and he may ask Congress to make the plan permanent.

Girl Scouts Make Winter Jelly

WINTER JELLY MAKING — Mrs. Percy Dunn's Girl Scout Troop is going to make grape jelly at the Scoutarama this Saturday. Photographed during a rehearsal are (l. to r.) Sandra Majors, 13, of Hickory Lane; Carol Dunn, 12, of Pheasant street; Mrs. Dunn; and Faith Hoover, 10, also of Pheasant street.

Troop to Hold Demonstration

Waterford Center Girls Work on Food Badge, Can and Freeze Fruits

By JANET ODELL
Pontiac Press Food Editor
Pontiac area Girl Scouts are joining the rest of the nation in celebrating their organization's 43rd birthday this week. The climax of the week will be the Scoutarama to be held this Saturday in Webster school.

Twenty-six Scouts of Troop 119 — all Waterford Center girls — are going to put on a continuous jelly demonstration as their part of the program. Mrs. Percy Dunn's group has been working on the Food badge ever since the first of the year.

Exploring the fine points of canning, the girls have put up green beans, pineapple and apple sauce, using the pressure cooker and hot bath methods. Their latest project is making jelly from bottled grape juice, and they are con-

sidering trying a batch of frozen orange juice jelly.

As a background for their booth, the girls have made a map of the world on a 4x8 panel, painted it and pictured the foods native to each country. Mrs. Eldon Johnson and Mrs. Aden Thornton, troop assistants, have helped with all the preparations.

The girls would like to share their jelly recipe with you. Making jelly at this time of the year goes up your meals. And it's so easy!

WINTER GRAPE JELLY
By Girl Scout Group 119
1 cup bottled grape juice
1/2 cup sugar
1/2 bottle liquid pectin

Combine juice and sugar in a large saucepan and mix well. Place over high heat, bring to boil, stirring constantly. Stir in liquid pectin. Bring to a full rolling boil and boil 1 minute. Remove from heat. Skim off foam with a metal spoon and pour into glasses. Cover at once with 1/2 inch of hot paraffin. Makes 5 medium glasses.

Frost With Potatoes

There's something extra-special about meat loaf when you frost it with creamy mashed potatoes and put it back in a very hot oven so the tips of the potatoes are tinged with golden-brown.

Fondue Dates to 13th Century

The fondue vies with the Welsh rabbit for the title of being the oldest cheese dish in existence. It is probable that the fondue dates back at least to the 13th century. Although it uses no prepared or ready-to-serve ingredients, it is popular with modern hostesses as it requires no other preparation than grating the cheese and cutting enrich yeast-raised bread or crusty rolls into bite-sized pieces.

The fondue should be served piping hot. If possible, keep it hot over an electric plate or alcohol burner.

Each diner spears a piece of

bread with a fork, then stirs the fondue with his bread. According to tradition if the bread falls from the fork and is lost, the forfeit is a kiss.

Swiss Cheese Fondue
2 tablespoons butter
2 tablespoons flour
1 teaspoon salt
1 1/2 cups milk
1 pound Swiss cheese, grated
1/2 cup sherry
Salt and pepper

Melt butter in the top of a double boiler. Stir in flour and salt, then the milk. Cook over boiling water, stirring constantly, until sauce is thickened and smooth.

Add cheese and stir mixture until cheese is melted. Add sherry and seasonings. Serve hot in individual bowls or a large casserole or chafing dish.

Brush sugar cookies, before baking, with slightly beaten egg white and sprinkle with finely chopped walnuts or pecans.

Coffee Will Revive High Party Spirits

All hostesses agree there must be "a life of the party" for every good party. And if it should happen that there isn't one, serving a good cup of coffee all 'round will very likely produce an adequate substitute.

When wit fails, and spirits sag, coffee has always been counted on to revive them. Since with instant coffee, one can summon assistance in an instant, the coffee cure for dull parties is something to keep in mind.

No less an authority than Baron Montesquieu de Charles de Secondat, the famous 18th Century French jurist and philosopher, wrote of the marvelous effects of coffee in convincing folks that wit is flourishing, even when it isn't.

Wrote the baron: "Great is the vogue of coffee in Paris. In the houses where it is supplied, the proprietors know how

to prepare it in such a way that it gives wit to those who drink it. At any rate, when they depart, all of them believe themselves to be at least four times as brainy as when they entered the doors."

Stew, Tea Are Wee Bit of Erin

What makes an Irish stew Irish—a good question for St. Patrick's Day? It's partly the mutton they use and partly the way they layer the stew into a heavy stew pot, then arrange potatoes (Irish potatoes, of course) and then thin slices of onion and neat chunks of lean mutton, all beginning and ending with the noble potato.

As for water, use very little, the Irish cook warns you, as little as a cup of water for a pound of mutton and 2 pounds of potatoes. And for a good Irish stew, cook it ever so gently and keep it tightly covered.

An Irish stew is also so very Irish for the way it's served—meat in the center, potatoes and onions around the edge.

And Irish stew is Irish for the tea that's served with it. It may be stronger than the way you like your tea, but if you honor the Irish on St. Patrick's Day, you'll make a pot of really potent tea. And for a flavorful brew—the Irish do indeed know their tea.

They start with fresh tea. Tea loses its flavor when it stands on the shelf unprotected. In fact, for consistently good tea you should buy tea whose flavor has been protected on the grocer's shelf with a sealed wrapping of aluminum foil.

Make a pot of fresh tea, using extra fresh tea leaves, and serve it with Irish stew on St. Patrick's Day.

Take a few liberties if you want to. Although the Irish seldom do, brown the meat a bit if you like. Use beef or lamb if you can't buy mutton. And if you like lemon with your tea, by all means treat yourself to lemon.

Blend Cake, Pudding

Fold cubes of leftover cake into vanilla pudding; arrange alternately with drained canned and cut-up fresh fruit in a glass bowl. Refrigerate for several hours and serve topped with whipped cream and a drizzle of freshly grated nutmeg.

Dress Up Dried Fruit

Cook a package of dried mixed fruit with a few thin slices of lemon and add sugar to taste; serve in a pretty glass bowl and accompany with a thin custard sauce. You can make the sauce, if you like, from a package of instant pudding-and-pie filling mix.

Mash cream cheese with a little anchovy or kipper for a savory sandwich spread.

TEA AND IRISH STEW—Saint Patrick's Day is in the immediate offing. Plan ahead to honor the occasion with a bowl of real Irish stew and a pot of potent tea, made in the Irish manner. Make your stew of mutton, beef or lamb, depending on what your family prefers.

New Health Values Found in Whole Fresh Oranges

When new health values are found in a delicious, readily available food it is good news for everyone. That's why we are pleased to tell you about new citrus bioflavonoids which occur so abundantly in whole oranges—in a tenfold amount as compared with the strained juice alone.

The citrus bioflavonoids are yellow plant pigments that scientists believe play a vital role in keeping us healthy. Working with vitamin C, the bioflavonoids strengthen the walls of the tiny blood vessels or capillaries which are weakened by infection or other stress.

Research reveals almost daily how closely related to impaired capillary action many of our major ailments are. That is why science and the citrus industry alike are excited over the latest findings concerning the citrus bioflavonoids present in oranges and lemons.

Top ranking scientists currently are reporting on the use of citrus bioflavonoids with vitamin C for the treatment of rheumatic fever, vascular disease, habitual involuntary abortion and infantile paralysis—including the value of bioflavonoids in maintaining good health through proper diet.

The health value of the orange has been recognized for generations—its contribution of vitamin C in the prevention of scurvy is one instance of the important role it has played in medical history. Research continues to reveal other vital uses of vitamin C in the body as well as the importance of many other nutrients found in the whole orange.

Fresh Rhubarb in Good Supply

Did you know that one quarter of the country's winter rhubarb is produced right at our own back door? Macomb County produces large quantities of this highly-flavored fruit, whose true name is "forced" rhubarb, but which we like to call the "pie plant" because it can be made into such delicious pies and appealing desserts. The peak of the forced rhubarb crop will be hit this week, and marketing and consumer information agents tell us the good news that it promises to be the largest crop in history.

Arriving in the markets this year in exceptionally fine quality, it offers a real taste treat for the low price of about 19 cents per pound.

Rhubarb Sponge Custard
2 pounds fresh rhubarb
1-1/2 cup water
4 cup sugar
1-3 cup flour
1-2 teaspoon salt
1-4 cup sugar
2 tablespoon butter
2 eggs
2 tablespoons lemon juice
Wash, peel and dice the rhubarb. Cook in a saucepan with the water and sugar until tender. Sift and resift the flour, salt and sugar together until well blended.

For High Quality, Low Price
Meats—Groceries
Come to
LEWIS BROS. MKT.
6671 Dixie Hwy. MA 5-0811

Cream the butter and add the flour mixture. Separate the eggs and beat the yolks until frothy and light. Blend into the flour-butter mixture.

Add the lemon juice and the cooked rhubarb and beat thoroughly. Beat the egg whites un-

til they hold a stiff peak and fold in to get a good blend. Pour into a deep baking dish and bake in pan of hot water at a temperature of 325 degrees for about 30 minutes.

The custard separates, rhubarb to the bottom and cake on top.

Cook Extra Potatoes

Next time you are serving boiled or mashed potatoes, cook some extra ones. For a next day's meal, slice the potatoes thin and douse with melted butter mixed with a little garlic or onion powder and

paprika. Bake in a moderate or hot oven.

Food dollars buy more food value when at least one-fifth is spent for milk and cheese. One of the most perfect foods, milk is also one of the most economical.

FRUIT BOWL SALAD — Winter salads can be most uninteresting unless you take special pains with them. This Fruit Bowl Salad will pass any test of good eating. Except for the dates, it is highly recommended for dieters also. They should omit the mayonnaise.

Fruit Bowl Salad Rates as 'the Most' or 'Zorchy'

You think the queen's English quite complete and adequate until you start hunting around for a word to describe this newest fruit salad made with fresh Western pears.

To put it simply, madam, when you set this job before your guests, "They've had it!"

Yes, when you combine the spicy flavor and buttery texture of fresh Western pears with chewy dates, tart grapes and juicy pineapple cubes, then add a glimmer of French dressing, there's not much more to be accomplished in the culinary field.

The beauty of this concoction is that though it's as "springy" as a

bunch of fresh violets, you can serve it any time from September to June, when Western pears are on the market.

Fruit Bowl Salad
3 fresh Western pears, sliced
1 cup pineapple cubes
1 cup grapes, halved
12 dates
Sliced green
Fruit French dressing
Mayonnaise
Wash and core pears; slice into French dressing to marinate about 20 minutes. Toss lightly with other fruits and turn into lettuce lined bowl. Serve with mayonnaise.

Bake Macaroni-Cheese With Old-Fashioned Zest

Are you acquainted with old-fashioned macaroni and cheese? We mean the custardy kind in which cooked elbow macaroni is baked with a full-flavored cheese, eggs and milk.

If this dish was served at your house when you were very young, you'll probably pounce on this recipe.

If you do not know it is as an old-time standby, we urge you to follow our directions and see what you've missed.

One of the requisites of this macaroni casserole is to use a fine-flavored natural cheddar cheese. Shred the cheese on a grater that is on the coarse side because semi-soft cheese will clog a fine grater.

For the size of the baking dish we specify, you'll find that a square cake pan (9 by 9 by 1 1/2 inches deep) is fine for the water bath that helps keep the macaroni and cheese at its custardy best.

Macaroni and Cheese
1 tablespoon salt
3 quarts boiling water
2 cups elbow macaroni (8 ounces)
2 cups (packed down) grated sharp cheddar cheese (1 1/2 pounds)
3 eggs
3 cups milk
2 tablespoons minced onion or 1 fine-grated small onion (pulp and juice) 1/2 to 1/4 teaspoon salt
Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender.

Drain in colander; turn into 2-quart (ungreased) casserole (about 8 inches in diameter and about 2 inches deep). Add cheese and mix well; fingers are best here.

Beat eggs vigorously a few minutes; add milk and beat enough to combine. Stir in Worcestershire sauce, onion and one-fourth teaspoon salt.

Taste and add more salt if desired—depending on saltiness of

cheese. Add to macaroni and cheese and mix well.

Place casserole in pan of very hot water, have water come up sides of casserole as far as possible.

Bake in moderate (350 degrees) oven 1 1/2 hours or until knife inserted in center shows you custard mixture is set. Makes six servings.

Note: Onion may be omitted if desired, although it adds zest to this dish.

U. S. State Department Officials at Schools

Lee Thompson Stull and Phillip H. Trezise of the U. S. Department of State will be on several college campuses this month to present new career opportunities in the foreign service.

Schools to be visited in this area are University of Michigan on March 14 and 15; Michigan State College on March 16 and 17; University of Detroit March 18; and Wayne University on March 21 and 22.

Tasty Sunday Supper

Cheese rabbit makes a delicious Sunday night supper when served on crisp crackers or toast. For a different touch, add sliced pimiento-stuffed green olives to the rabbit.

SNAP 'N' RATTLE—Your popularity with the coffee-break set will go way up when you give them a crispy Snap 'n' Rattle to go with their coffee. A great favorite in England, the snacks are easy to make, rich and chewy to the taste, and they keep well.

Snap 'n' Rattle Fruit Bars Brighten Up Coffee-Break

The English have a way of saying things a bit differently than we say them. "Elevenes," for example, is their term for the coffee-break.

Delicious little fruit bars, often eaten with coffee, are called "Snap 'n' Rattle." These, a cross between cookie and pastry, are a great favorite in the English Midlands, so we're told.

It's not hard to explain the popularity of Snap 'n' Rattles. They're easy to make, fine eating any hour of the day when a snack is called for and they keep well. Nice and chewy too—and at the same time, crisp!

You'll find it worth your while to bake these unusual sweets in fairly large batches. They make a tasty addition to lunchboxes packed for school or office. And of course, you'll want to have some on hand for your own "elevenes."

Incidentally, be sure you make your coffee at its delicious best—hot, strong, full of flavor. And by all means, make plenty.

Experience shows that if anything improves the cook's popularity even faster than having home-made cookies on hand, it's always having enough coffee for seconds all around.

Snap 'n' Rattle
 1 package pie crust mix
 1/2 cup seedless raisins
 1/2 cup mixed dried candied fruits
 and peels
 3 tablespoons brown sugar
 1 teaspoon cinnamon
 1/4 teaspoon nutmeg
 Roll out pastry in long rectangle, one-eighth inch thick. Combine raisins, fruits and peels. Spread over one-half the surface. Combine brown sugar and spices; sprinkle over fruits. Fold remaining half of the rectangle over fruits.

Roll gently with floured rolling pin until fruit shows through pastry. Press edges together. Score deeply into finger-size pieces. Bake in hot oven, 425 degrees, 15 to 18 minutes, or until golden brown and crisp.

While hot, snap apart along scoring lines. Makes about 2 dozen.

Apples, Bread Team for Special Dessert

Apples coupled with enriched yeast-raised bread make a special dessert to serve hot or cold. Place five medium apples, peeled and sliced, in a saucepan with 1 1/2 cups sugar and 1 1/2 cups water. Cook, stirring occasionally, until apples are tender. Add three tablespoons lime juice.

Butter eight slices bread. Line a greased casserole with some of the bread. Then add a layer of apples. Repeat layers until all ingredients are used ending with apples. Bake at 350 degrees (moderate oven) 25 minutes. Serves six.

Next time you serve tamales, pass a small bowl of Parmesan cheese to be sprinkled over them. Good!

Pour Tangy Sauce on Cooked Carrots

Carrots prepared this way have a piquant sweet-sour flavor.

Lemon-Orange Carrots
 6 large carrots
 1/2 cup water
 1/2 teaspoon salt
 1/2 teaspoon orange rind
 or 4 teaspoons lemon juice
 1/2 cup orange juice
 4 tablespoons sugar
 4 tablespoons butter or margarine (if desired)
 Peel carrots, cut off ends and slice on the diagonal into thin oval-shaped pieces; there should be about four cups.
 Put carrots in saucepan with water and salt; bring to a boil; cover and cook rapidly until just tender—about 7 to 10 minutes, depending on how thin carrots were cut. Drain; save cooking liquid for use in soup or sauce.
 In a small pan put lemon and orange juice, and sugar. Stir over low heat until sugar dissolves; boil gently about five minutes. Stir in butter if used.
 Pour over drained carrots; re-heat if necessary. Serve each portion of carrots with a few teaspoons of the sauce. Makes six servings.

cut. Drain; save cooking liquid for use in soup or sauce.

In a small pan put lemon and orange juice, and sugar. Stir over low heat until sugar dissolves; boil gently about five minutes. Stir in butter if used.

Pour over drained carrots; re-heat if necessary. Serve each portion of carrots with a few teaspoons of the sauce. Makes six servings.

Perk Up Breakfasts

If your breakfast menus have become routine and dull, perk up interest this easy way—top your servings of cereal with a generous spoonful of frozen strawberries or frozen peaches—or both! The bright color and spring-like freshness will really score a hit!

BEER WINE LIQUOR to TAKE OUT

NEW JELLY ROLL.—There's a brand new jelly roll in your grocer's ready-to-eat cake department. It looks and tastes different because it is a new type made with more layers and lots more jelly. Serve it right from the package, add it to other desserts or broiler-toast it for breakfast.

New Prepared Jelly Roll Looks, Tastes Different

The new jelly roll with the different look, which you'll find now in your grocer's ready-to-eat cake department, is a perfect cake choice to serve with spiced fruits.

The new - type jelly roll looks and tastes delightfully different because it has more layers and lots more jelly.

You'll find it adaptable to a variety of interesting new menu uses from breakfast through evening snacking.

As a dessert to follow a Lenten menu, we suggest the new jelly roll with spiced canned fruits.

Jelly Roll with Spiced Fruit
1 many-layered jelly roll, sliced
1 1/2 cups sliced fruits, drained
Juice from fruits
Water
1 tablespoon cornstarch
1 tablespoon lemon juice
1/2 teaspoon butter
1/2 teaspoon nutmeg
1/4 teaspoon cinnamon
1 tablespoon silvered candied ginger
Measure juice from canned fruit and add enough water to make

1 1/2 cups. Blend some of the cold liquid with the cornstarch, and add the rest of the liquid. Cook over low heat until sauce thickens, stirring constantly.

Remove from heat, and add butter and spices. Add drained fruits and let cool. Serve with jelly roll. Six to eight servings.

Salmon Sandwiches Mean Quick Lunch

Home-for-lunch meals call for speed. Make up salmon salad sandwich filling ahead of time, and you're ready to pop smooth, hearty Cheese Dreams into the broiler as the family arrives.

Broiled Salmon Cheese Dreams
1 1/2 cups can salmon
1/4 cup finely chopped celery
2 tablespoons pickle relish
2 tablespoons mayonnaise or salad dressing
1/2 teaspoon onion salt
4 to 8 slices white bread
4 to 8 slices processed American cheese

Drain and flake salmon. Combine with celery, pickle relish, mayonnaise or salad dressing and onion salt.

Toast bread on one side; lightly pare mustard. Spread filling on pared mustard. Spread filling on each; top with cheese slices. Broil three minutes, or until cheese melts and browns. Serve hot. Yield: Six to eight sandwiches.

Try Quick Casserole

Here's a quick casserole that's really good eating. Just cook one package frozen lima beans and drain. Mix the cooked beans with a can of tomato sauce, some grated sharp cheese and two chopped hard-cooked eggs, then heat in the oven about 25 minutes.

It's a dish the family'll really go for!

If you want a fine upstanding pie crust, be sure to roll out the pie dough 1 inch larger than the inverted pie pan. This will give you enough pastry to work with when you seal and flute the edge.

For Silver Wedding

Pop's and Mom's silver wedding anniversary coming up? Bake a white layer cake (from scratch or a mix) and fill and frost with a fluffy white icing. Decorate the frosted cake with silver dragons, putting on the little candles with a tweezers.

BREAST-O'-CHICKEN HI-PROTEIN TUNA

Only the prime portions of selected tuna are used in Breast-O'-Chicken brand. It's always firm, light, tender—wonderfully delicate in flavor! And nutritionists rate Breast-O'-Chicken Tuna excellent in both quantity and quality of body-building protein. Tuna is such a money-saving food, you can enjoy the best every time. Choose Breast-O'-Chicken Hi-Protein Tuna in fancy solid pack or popular chunk style. Either way, you get only the best-o'-tuna!

Make Cornbread the Mexican Way

You'll treasure this recipe for rich crumbly cornbread.

Mexican Cornbread

1 cup sifted flour
1/2 cup sugar
1/2 teaspoon salt
1/2 cup waterground yellow cornmeal
2 eggs
1/2 cup milk
1/2 cup (1/2 pound) butter or margarine (very soft)
1/2 cup finely diced green pepper
2 tablespoons chopped pimiento
Sift flour, sugar, baking powder, salt and chili powder into a large mixing bowl. Stir in cornmeal. Add eggs, milk, butter, green pepper and pimiento beat vigorously with rotary beater (hand or electric) just until ingredients are well mixed—about one minute.

Turn into greased pan (8x8x3 inches) and bake in hot (425 degrees) oven until cake tester inserted in center comes out clean—about 20 minutes.

Allow to stand 5 or 10 minutes before cutting into pieces. Split pieces and spoon creamed chicken over. Makes six servings.

SPRING HONEY CAKE—There's honey in the cake and in the frosting too. The frosting is the kind that is best the day it is made. This is a simple nutritious cake with a royal taste. It's excellent to serve at a Silver Anniversary too.

Welcome the New Season With Spring Honey Cake

Weather forecast? Warmer with balmy days ahead! How do we know? Mother is in the kitchen searching for a new cake recipe to spruce up her meals.

With the advent of spring every homemaker looks at baking day with the resurging desire to try something new. Look no further for that new cake recipe: Here is one of the newest and one of the best.

It is a Spring Honey Cake that we recommend to you kitchen adventurers. Honey, the year-around food, somehow acts as an accurate forecaster of the bright and cheerful season called spring.

It is a wholesome energy food, an easily obtained and easily kept food, and an inexpensive food to buy.

A short glance at the picture will show the practiced baker that this is a cake to be made in those precious and rare times called "spare moments". It is a two-layer or pan-type cake that can be made quickly.

Spring Honey Cake

Preparation: Have shortening at room temperature. Line bottoms of pans with paper. Use two round 8-inch or 9-inch layer pans or use a 13x9x2-inch pan. Start oven for moderate heat (350). Sift flour once before measuring.

Measure into after:
2 1/2 cups sifted cake flour
3/4 teaspoon double-acting baking powder
1 teaspoon salt
1/2 cup sugar
Measure into mixing bowl:
1/2 cup shortening
1/2 cup honey
Measure into cup:
1/2 cup milk
1 1/2 teaspoons vanilla
1/2 teaspoon almond extract
Have ready:
4 egg whites, unbeaten
(Mix by hand or at a low speed of electric mixer. Count only actual beating time or beating strokes. One hundred fifty strokes by hand equal one minute of beating by mixer. Scrape bowl and spoon or beater often.)

Stir shortening with honey until blended. Sift in dry ingredients. Add one-half cup of the milk. Mix until all flour is dampened. Then beat two minutes. Add egg whites and remaining milk and beat one minute longer.

Baking: Pour batter into pans. Bake in moderate oven (350 degrees) 25 to 30 minutes, or until done.

Spring Honey Frosting

1 egg white
Dash of salt
1/2 cup honey

Beat egg white with salt until stiff enough to hold up in peaks, but not dry. Pour honey in fine stream over egg white, beating constantly until frosting holds its shape. (Beat about 2 1/2 minutes with electric mixer, or about four minutes by hand.)

Makes about 2 1/4 cups frosting, or enough to cover tops of two 8x8x2-inch cake, top of 10x10x2-inch cake, or 16 large cupcakes.

Sauce Tops Off Pudding Cakes of Almond Rice

Definitely different are these toasted Almond Rice Pudding Cakes. Each serving has a delicious garnish of orange sections and there's plenty of hot orange sauce.

Almond Rice Pudding Cakes
4 cups of milk
1/2 cup uncooked white rice
1/2 cup beef or cane sugar
1/2 teaspoon vanilla
1/2 cup chopped toasted almonds
Orange sections

Put the rice and milk in a 2-quart saucepan. Place over high heat until bubbles appear around the edge. Turn the heat as low as possible. Cover with a lid and leave over this low heat 45 minutes or until most of the milk is absorbed, stirring occasionally.

Stir in the sugar, vanilla and toasted almonds (toast almonds by placing blanched almonds on a greased pan in 350 oven for 15 minutes.) Spread the rice in a greased rectangular baking dish about 10x6 1/2 inches.

Cover tightly with aluminum foil. Store in the refrigerator until time to serve. To serve, cut into squares of serving size and garnish with orange sections. Top with hot orange sauce.

Orange Sauce

4 tablespoons beef or cane sugar
2 tablespoons cornstarch
Dash of salt
1 1/2 cups of orange juice
1 cup water
1/2 teaspoon orange rind
Mix the sugar, cornstarch and salt in a saucepan. Slowly stir in the orange juice, water and orange rind. Heat, stirring constantly, over medium heat until sauce thickens. Serve hot or warm. This recipe makes five to eight servings.

Blend Steak Spread for Junior's Lunch

This time of year mothers are usually sighing and wondering "what to make" for junior's school lunches.

There's a delicious sandwich spread made with frozen flaked beef steaks! It's easy, quick to prepare, and will get shouts of "Have that again, Mom!" from the youngsters.

Here's all you do: Pop the still-frozen steaks into a hot pan for a minute and a half on each side. Allow them to cool, and

then grind the steaks to a medium-fine consistency.

Add chopped pickles, onions, olives and bits of celery. Mix in mayonnaise and spread thickly on the kind of bread your youngsters specially like!

Top off this lunchbox treat with a cupcake and a juicy, red apple. Keep this recipe handy, Mother, because chances are mighty good you'll get lots of calls for a "repeat" from now on!

What's in a name? You'll get the same cut of meat—and a delicious one—whether a steak is called Delmonico, boneless club or rib.

Apple-Mint Sauce Sparks Ice Cream

The teen cook in the family loves ready-to-use applesauce because she can do so much with it so easily. For example: Apple-Peppermint Sauce—wonderful topping for ice cream to serve at parties.

Apple-Peppermint Ice Cream Sauce

1/2 cup crushed peppermint stick candy
1 cup canned applesauce
1 quart vanilla ice cream
Combine candy and applesauce; chill in refrigerator several hours, or overnight. Place vanilla ice

cream in individual serving dishes; top with the sauce. Yields six servings.
*An equal amount of crushed after-dinner mints may be substituted for stick candy.

I'm always proud of our **CLOROX**-clean linens...and they're safer for health!

CLOROX makes linens more than white... it makes them sanitary, too!

Yes, homemakers responsible for family health depend on Clorox to make cottons and linens snowy-white, hygienically clean. For Clorox removes dinginess, stains, even scorch and mildew... and disinfects, too! No other home laundering product equals Clorox in germ-killing efficiency!

And Clorox-clean linens are so fresh and clean smelling, because Clorox deodorizes, eliminates musty odor... even when you have to dry indoors. Clorox is extra gentle, too... free from caustic, made by an exclusive, patented formula. There are no gritty particles in Clorox, a liquid, to damage your wash or washer.

New kitchen beauty and health protection, too, with CLOROX!

Clorox is a favorite of millions for routine cleaning of kitchen surfaces. It removes stains, deodorizes, disinfects... all at the same time... all without scrubbing. And the Clorox type of disinfection is recommended by hundreds of public health departments! For many helpful hints, and directions, see label.

Furniture Being Designed in Sizes to Fit Anywhere

By ELIZABETH HILLYER

There never was a time like ours when it comes to furniture sizes, the amazing variety available today to fit every room, every wall, every corner, and every need.

And the variety increases every time the new furniture comes out.

Neighbors' Intrusions Bothersome

Continue Working, Act Bored, Maybe They'll Go Away

By EMILY POST

A reader explains: "I moved to the suburbs about six months ago and like living here very much except for one thing—overfriendly neighbors. There is one in particular who lives next door to me who thinks nothing of running in and out of my house every chance she gets."

I am busy all morning with household chores and in the afternoon I like to read and I find this constant intrusion very annoying. Will you please tell me how to cope with this situation without being unduly rude?"

Answer: The only solution I know of beyond locking your door and pretending not to be at home, is to be less eager in your welcome of her.

If she should come in while you are reading you might say, "I was just in the middle of this most exciting book" and then very reluctantly lay it aside. Or if you are in the midst of some household chore continue with what you are doing and explain that you have to get whatever it is finished.

Dear Mrs. Post: My daughter is to be married next month. There will be a rehearsal dinner at my house the night before the wedding. I would like to know if the ring bearer and flower girl should be included at this dinner.

Also, the young woman who is to be the maid of honor is engaged, and I would like to know if it is obligatory to ask her fiancé to this dinner.

Answer: The ring bearer and flower girl are surely much too young to be included at an evening party. The maid of honor's fiancé should be invited.

Dear Mrs. Post: When traveling by boat, is it necessary to give the dining-room steward who assigns you to your table, a tip, or is it sufficient just to tip the waiter?

Answer: Tipping your waiter will be sufficient, unless the steward got you a special table.

IF large rear figure—
One-piece collar, big bell sleeves, wrap-around skirt, not good. Narrow tuxedo front, cardigan neckline, slim sleeves, very good.

Mrs. R. F.—Perfectly simple cardigan neckline joined to narrow tuxedo front makes a slim coat for larger figures. Have enough back fullness to gracefully hide that protruding rear.

The canvas of one circus "big top" weighs 11 tons dry and three times as much when wet.

Youngsters Want Trip to Capitol

Estimate Expense, Work Toward Goal Is Advice Given

By ELIZABETH WOODWARD

"Dear Miss Woodward: I'm writing for my 10th grade class. We are trying to find ways of making money to pay for our class trip. We want to go to Washington, D. C., and it's quite a jaunt from here."

We also need suggestions on making our superintendent see that we are determined to go and willing to work. Can you help us?"

A trip like yours planning to a considerable operation, and your committee (with your class adviser's help) should get a lot of details down on paper before you tackle the superintendent. The big item is the expense for each one of you who goes.

That item will include transportation to and from Washington, hotel accommodations while there, meals, sight-seeing expenses, pin money, and your share of your chaperone's expenses.

Your committee can get facts and figures from the company from whom you can charter a bus. (The driver's expenses will be added to that figure.)

Or you can find out how much it would cost to go by train. Then you could write to various hotels to see about accommodations and rates.

With the bad news of how much it's going to cost you right under your noses, you can then measure your courage. (A slight conference with parents beforehand would help.)

They might be willing to underwrite a certain amount of the expense. The rest of it will obviously be up to you. And there are a few ideas for earning it, some of which will require school permission.

Plan a series of informal dances for after-school afternoons. Charge a minimum admission (skip frills like refreshments, decorations, etc.). Just have good records, invite the whole school, give everybody an extra good time, and collect the proceeds.

You could have a movie benefit too. Arrange with the boss of your local movie house to stage a performance for your benefit. Your whole class can sell tickets to everybody in town. They will get something for their money—and the profits are yours.

There are things you can sell around school, if you get permission. Candies, peanuts, bags of potato chips. You make a profit on each item, if you get permission to have such a concession during lunch hour, after school, during games and dances.

If, with all this, you still haven't quite enough, each member of the class can pledge himself and herself to make up the difference personally. You can baby sit, walk dogs, wash cars, bake cookies, make and sell fudge or homemade salted almonds.

If your class is really determined to raise the funds, if you have your parents' backing, and if the superintendent can be made to see that you're being practical about the trip, he may weaken.

Sew many smart ways to wear this versatile style! As a crisp, cool sundress; again in shorter versions as an apron, sports jerkin, or terrycloth beachcoat! Simple sewing—it wraps. Easy ironing—it opens flat. No wonder it's the week's pattern buy!

Pattern 4743: Misses' sizes 12, 14, 16, 18, 20. Size 16 takes 4½ yards 35-inch fabric.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions. Send 35 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of 157 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

If you don't understand what another person says to you don't ask "What?" or "What did you say?" The gracious thing to say is "I'm sorry. I didn't understand," or "I beg your pardon. I didn't understand what you said." This is just a small matter.

But graciousness is made up of attention to small details.

Chorus Slates Program

Pontiac's MacDowell Male Chorus will sing in Port Huron Saturday evening.

The chorus' fifty members will be among some 300 voices taking part in a "Little Sing" sponsored by the Schubert Club of Port Huron. It will be held in St. Stephen's Auditorium.

Traditionally the program consists of a number of mass selections with all the attending choral groups taking part. In addition each attending choral club sings a solo number of its own choosing.

For their solo number this year

MacDowell members have chosen a lyrical Czech folk song arranged for men's voices by Deems Taylor. Entitled "Waters Ripple and Flow" it will feature a bass-baritone solo sung by Ralph Bergmann.

Included in the program of mass selections are: "O God, Our Help in Ages Past"; "Come to Me in My Dreams"; "Cindy"; "Down in the Valley"; "Roving"; "Dark Water"; "Hunter's Moon"; and "No Man Is an Island".

Under the direction of George Putnam the MacDowell Chorus has been preparing its annual Spring Concert to be held April 23 at Pontiac High School. Oscar Schmidt is associate conductor and accompanist for the chorus.

The chorus is also preparing to take part in a Michigan State Sing at East Lansing, April 30.

This event is held under the auspices of the Michigan Male Chorus Association each year. It will be held in the music auditorium at Michigan State College during the school's Centennial celebration.

Legion Auxiliary Has Meeting

American Legion Auxiliary, 18th district meeting was held recently in the American Legion home on Auburn avenue.

It was announced that the 18 units representing the district will send gifts and cards to veterans' hospitals, and will send greetings to patients' wives and mothers on Mother's Day.

Mrs. George Danick attended the state board meeting of the American Legion recently in Niles.

The pin of Stabaja Club and a friendly handshake were extended Tuesday evening by Sharon Holland of East Iroquois road (second from right) to Dolores Surowitz of West Iroquois road, new member of the club. Terri Fortino of Liberty street (left) and Gail Blamy of West

Iroquois road (right) were among the new members honored at the formal initiation held in the Navajo road home of Judy Baker. Miss Holland is president of the organization.

League Official to Visit Birmingham

By RUTH SAUNDERS
BLOOMFIELD HILLS — Next Monday, Miss Robbie Hunt Burton, consultant on Welfare Services for the Association of Junior Leagues of America, will be in Birmingham to visit the Birmingham Junior League.

On Tuesday she will meet with the various chairmen of league committees and Wednesday morning she will attend a board meeting of the Junior League of Birmingham, Michigan, Inc.

Luncheon at Oakland Hills Country Club will follow and in the afternoon Miss Burton will speak to the Birmingham membership. The same evening, Wednesday, there will be a dinner for her at Bloomfield Hills Country Club which local board members and their husbands will attend.

At the Wednesday luncheon each member will wear a spring hat which she will donate to the Bargain Box for the Easter sale.

Mrs. Robert Wardrop is general chairman for the meetings during Miss Burton's stay.

She will be assisted by Mrs. George R. Squibb who is the president of the Birmingham Junior League. Mrs. Arthur Otis Jr., Mrs. Colin John, Mrs. J. K. Eder, Mrs. Howard Grether, Mrs. Gene White and Mrs. Frederick G. Matthei Jr.

The Bargain Box Resale Shop is the only money raising project and

the only support for the League's charitable projects.

Mrs. Clifford B. West returned to her Lahser road home Wednesday from a visit with her mother Mrs. Harry N. Torrey at her winter home on Ossabay Island, Ga.

Mrs. John G. Wood and her daughter, Judy, plan to leave March 25 for 10 days in New York. This will be during Judy's Spring vacation from Kingswood School. Gretchen Raeder will go on the trip with them.

Patricia Joy, daughter of the James A. Carmels, will go to Aspen, Colo. for her Spring vacation.

Fellowship Shown "As Twig Is Bent"

The Christian Women's Fellowship of First Christian Church met Tuesday to enjoy a playlet, "As the Twig Is Bent."

Taking the part in the program, under the direction of Mrs. Allan Hersee, were Mrs. Harold Brown, Mrs. David DuVall, Mrs. Harry Kuse, Mrs. William Tompkins and Mrs. James Vaughn.

It portrayed the ways in which women of the fellowship can share the responsibility for the guidance and training of children and young people in the church.

Sewing of cancer pads and hospital gowns and the School of Missions held recently for members and friends of the church were discussed.

Displaying one of the competing posters Holly. Both girls are from troop 85 and for the Girl Scout 'Scoutarama' Saturday will demonstrate their skill with bicycles at the affair to be held at Webster school.

Pink in Kitchens

Pink floats into the kitchen. Now, a dispenser, a shelf, a bread box and canister blush their prettiest for an up-to-date kitchen.

Speaker Tells PTA

Parents' Love Essential

Without love and recognition a child's security is impossible. Children get their first and best experiences from their parents.

These points were emphasized by David Treat, director of the Clara Elizabeth Fund of Maternal Health of Flint when he spoke for Whitfield PTA Dads' Night Wednesday.

He explained that even the church is unable to do as much as the home in building character. During the toddler stage results of exploration forces in the child must be balanced by parental understanding.

Discipline means punishment only in rare cases. Parents must teach internal control. The speaker concluded with, "Authorities and educators have a great deal of faith in parents."

Mrs. Theodore DeGroff and Mrs. Victor Sutt were hostesses for the social hour.

Junior Musicales Holds Meetings

Tuesday Musicales junior groups held meetings recently in members' homes. Gretchen Gaensbauer's Illinois avenue home was meeting place for Matinee Musicales.

Mrs. Elwood Bigler, Mrs. John Nicolls Jr., Mrs. Ralph Norvell and Mrs. C. W. Hoenstein were hostesses.

Junior League members met with Gail Blamy in her home on West Iroquois road. A board meeting was held. Plans to attend a convention on May 7 were discussed and a lesson in harmony was given.

Serving on the social committee were Mrs. Milton Hathaway assisted by Carol Venner, Sandra Brooks and Sonja Ryan.

JoAnn Morris welcomed Student League members to her Ottawa drive home. Hostesses were Mrs. H. J. Hartmann, Mrs. R. M. Williams, Mrs. R. W. Exline and Mrs. Hart Morris.

Committees Named by Church Guild

Committee heads were appointed at the Tuesday evening meeting of Guild Five of All Saints Episcopal Church.

Mrs. Dorothy Whiting is Christian education chairman; Mrs. Alfred Fitzgibbon, sunshine; Mrs. Malissa Brice, united thank offering; Mrs. Fred Honeycutt, telephone and Mrs. James Hampton, membership.

Mrs. Whiting gave devotions. The guild welcomed Mrs. Hollis Stephenson as a new member and Mrs. Joan Allcorn was a guest. Mrs. Honeycutt and Mrs. Raymond Reeves were hostesses.

Dudleys Vacationing in Florida

Vacationing at the Escape Hotel in Fort Lauderdale, Fla., are Mr. and Mrs. Harold W. Dudley and daughter, Sherrie, of East Iroquois road.

Mr. and Mrs. Floyd Shotwell of James K boulevard are enjoying some water skiing during their stay at Cypress Gardens, Fla. The couple will also tour the west coast of the state.

Dr. and Mrs. Raymond Hobrock of Birmingham are making the Hotel George V, just off the Champs Elysees, their headquarters during a stay in Paris. They will be joined during their two month tour by their son Jon, and Dr. Hobrock's sister, Mrs. H. E. Miller of Fort Wayne, Ind.

The Hobrocks will visit London, Rome and Switzerland during their vacation.

Rose Boghosian of Glenwood avenue recently attended a performance of the new hit musical "Fanny" during a stay in New York City.

Jan Fairbanks, daughter of Mrs. Orval G. Fairbanks of Niagara avenue, has been pledged into Gamma Psi Chapter of Delta Zeta Sorority at Central Michigan College, Mt. Pleasant.

Jan is a member of the freshman class, Young Republicans Club, Newman Club and Commerce Club. She is on a secondary teaching program majoring in commerce.

Majorie D. Price, daughter of Mr. and Mrs. T. R. Price of Auburn road, has been appointed business manager of the annual Water Carnival at Michigan State College.

The spectacle, held on the Red Cedar River, draws an audience from throughout central Michigan. Miss Price is a senior at the college.

Mr. and Mrs. John Pruski of Columbus, Ohio, are announcing the March 7 birth of a son, John III. Mrs. Pruski is the former Ann Evelyn, daughter of Mr. and Mrs. W. G. Evelyn of Orchard Lake avenue.

Alumnae to Meet in Birmingham

Birmingham Alumnae Chapter of Alpha Xi Delta sorority will elect officers at the March 14 meeting. Mrs. Richard Johnston, province vice president, will be a guest at the 8 p.m. meeting to be held in Birmingham.

Sylvan Garden Club members are participating in a series of telephone card parties beginning Friday and continuing through March 17. Their decoration motif is based on traditional St. Patrick's day symbols. Making shamrock tallies for the event are (left to right) Mrs. Willard McRae of Inverness drive, and Mrs. Ed Williams and Mrs. William White, both of Woodland avenue.

Garden Club Plans Series of Parties

Beginning Friday and ending on March 17 will be a series of telephone card parties sponsored by members of Sylvan Garden Club. Proceeds from the parties will be used for a city beautification project. Mrs. Max Kerns is chairman. She is assisted with the telephoning by Mrs. Ed Williams, Mrs. Donald Elliott, Mrs. J. A. Rammes and Mrs. William White. Assisting Mrs. Kerns with decorations are Mrs. Willard McRae, Mrs. Franklin Webster and Mrs. John Greenlee.

Simplicity Is Elegant

Simple clothes are cut from elegant fabrics this spring. For instance, shirtwaist dresses come in silk or pastel satin.

Secretaries Plan Projects

Future activities of National Secretaries Association, Pontiac Chapter were discussed at the Wednesday evening dinner meeting held in Hotel Waldron. Mrs. Loretta Collins was appointed chairman of National Secretaries Week from April 23 to 30. National Secretaries Day is April 27.

Plans for a membership tea to be given April 30 from 2 to 5 p.m. in St. Joseph Mercy Hospital Nurses lounge was announced by Mrs. Warren Trevelyan.

Mrs. Emma Olson will speak for the April 13 meeting. Movies taken on a European trip will be shown. National Secretaries Association Convention is scheduled for July

Novelty Dances Slated at CAI

The first in a series of novelty and couple dances will be held Friday evening at the CAI building on Williams Lake road. The dances to be held every other Friday evening from 9 until 12 will feature the California Schottische, the Glow Worm Gavotte and the Jessie Polka.

Further information about these dances sponsored by the CAI may be obtained by contacting George McClanahan of Clarkston.

Auxiliary Slates Dedication Sunday

Bemis Olsen Amvets Auxiliary to Post 113 met in the new hall on Oakland Avenue recently to make plans for the dedication of the hall to be held Sunday. An open house will be held Sunday evening.

Mrs. John Olsen reported that toys, food and clothing have been taken to the boys at Camp Oakland. Mrs. Charles Butler, Americanism chairman, reported on a project for the Oakland County Society for Crippled Children.

Hospital chairman, Mrs. Malcolm Oswalt announced plans for sewing for the American Cancer Society at the next meeting.

Club Sends Gifts to State Hospital

Easter parcels will be distributed to Pontiac State Hospital by members of Club 20.

Plans for the project were made at the Tuesday evening meeting held at the Oakland County Society for Crippled Children on West Lawrence street. Mrs. Ada Britton was hostess for the social hour.

Marriage Revealed

Mrs. Florence Clark Evans, a former Pontiac resident, and Douglas Sharpe Baker were united in marriage March 5 in First Congregational Church of Tacoma, Wash.

KETTLE ON THE SHELF? — When you see Marjorie Main and Percy Kilbride in their new picture "Ma and Pa Kettle at Walkeid," you may be seeing the last stanza of the Kettle saga. Pa Kilbride wants out. Says he's tired of the role and this will be his last shot at it. Ma Marjorie isn't tired. She'd just as soon go on and on, but Percy says his mind's made up.

Plea Is Issued by Postmaster to Tie Mail

Acting Postmaster Leslie H. Dean Sr., today issued a plea to Pontiac business houses and professional men to aid the post office in handling bulk mail.

Dean explained that statements and bills from hundreds of businesses flood the mails at the beginning of each month, causing an overloaded condition at the post office.

The postmaster asked bulk mailers to separate their letters into two classifications—local and outside—and tie them in marked bundles.

"If this is done," Dean said, "we can cancel and dispatch the out-of-town letters by 8 p.m. without going through the whole pile."

Once the outside letters are on the way to Detroit, he added, local mail can be processed and sorted for delivery during the remainder of the night.

Atomic Science Aids in Plumbing Problem

OAK RIDGE, Tenn. (U) — The atom has gone into the plumbing business.

A bad leak developed in pipes of Kern Methodist Church here. The pipes were beneath a four-inch concrete floor.

The Atomic Energy Commission licensed the church to use radioactive iodine at the suggestion of Oscar Bizzell, a church member, who is on the staff at Oak Ridge National Laboratory.

The iodine isotopes were pumped into the pipes, and a geiger counter located the interruption of flow. The job cost the church \$10.

And So They Do

ELMIRA, N. Y. (U) — A school teacher asked a youngster what month has 28 days. After considerable thought he said, "They all have."

Bachelor Delivers Baby in Emergency

DETROIT (U) — Three married men ducked out but bachelor Patrolman Edward Schmidt stayed on to deliver a son to Mrs. Marion Underwood. Patrolman Schmidt and his scout car partner answered a call to her home.

"Two ambulance men came," Schmidt said, "but the next thing I knew there were only two of us in the room and then the other men left and I was alone. It was the first time in my seven years on the force that I ever had to deliver a baby."

Doctors said Schmidt did a capable job and the mother and son are "doing fine."

Crime Will Not Pay

HIGH POINT, N. C. (U) — Judge Allen H. Gryn sentenced Neil Henderson to 18 months, for burglary, suspended for five years. Bond was set at \$1,000, payable at the rate of \$10 a week. But Henderson was ordered to keep paying each week for the entire suspension period. At the end of that time, if he hasn't violated suspension terms and gone to prison, Henderson may withdraw the entire amount — \$2,000.

Oh, Around 39 or So . . .

HARTFORD, Conn. (U) — Of the 315 senators and representatives in the Connecticut General Assembly, five refused to list their ages. Four were women.

Psittacosis is parrot fever.

Fire Fighters in Florida Tackle Two New Blazes

TALLAHASSEE, Fla. (U) — Fire fighters who brought a big north Florida woodlands fire under control last night shifted their attention to two new blazes to the north and west today.

John M. Bethea, fire control chief of the Florida Forest Service, said the new fires broke out

about the time the one near the Madison-Taylor county line was controlled.

Bethea said there were reports that the new blazes, like the one which spread over 27,000 acres in Madison and Taylor counties, was of incendiary origin.

New Mexico recognizes two official languages, English and Spanish.

Mikes, Bernards, Southfield, Berkley Move On

Wolves in 'Cinderella' Role; Eagles Tackle Troy Quintet

By JACK BAYLOR
Pontiac St. Michael's, flushed with the first regional tournament victory in its cage history, must be rated at least an even-money chance to win the Class C test at Pontiac High School.

Bob Minewasser's Shamrocks ousted Imlay City, 47-41, Wednesday night and out tournament showings, at any rate, none of the other 3 surviving Class C quintets

has shown themselves to be any better than the Pontiac parochials. St. Bernard advanced to Friday's semi-finals along with the Shamrocks by tripping St. Gregory, 44-41. St. Mike faces St. Bernard Friday at 8:15 p.m., following the 7 o'clock contest between Anchor Bay and St. Benedict.

"I hope the gym doesn't prove to be too big", Imlay coach Lyle Powers said before the game, while looking fearfully at the big PHS court (roughly 3 or 4 times the size of the Spartans' bandbox).

Whether or not the size of the gym had any bearing on the result is a moot question, but certainly Imlay had trouble with the size of the baskets — they were too small.

Powers' club averaged 65 points per game in winning 15 out of 18 before last night, but the Spartans didn't pass the 20-point mark until the latter half of the 3rd quarter against St. Mike.

Minewasser's crew built up a 12-9 1st quarter lead and had Imlay down 24-14 at halftime. But for a series of bad passes and missed dog shots, the Shamrocks' margin might have been greater.

The Shamrocks put the game out of reach with a 3rd quarter flurry when Imlay abandoned its zone defense briefly for a man-to-man. Two buckets by Bob Anderson, one by Joe Wilhelm and Bud Schwartz' 3-point play gave the Shamrocks a 17-point surge.

Powers' Spartans found the range in the final quarter, but the damage was already done. With Duane Malson and Leon Gibbard popping successfully, Imlay whittled the Shamrock lead to 44-39 with a minute left.

Anderson eased the threat by sinking 2 free throws and John Keller added another before Gibbard's jump shot closed out the scoring.

The lead saw-sawed until late in the game, when Bernard, sparked by Don Sly, moved out to a 43-34 advantage.

The teams played their own version of give-away during the final quarter as a total of 17 foul shots were missed. Nevertheless, Gregory crept up to 42-39 on a long set shot by Tom Charley, Gregory's 5-3 sophomore guard.

How far can Clarkson go? That's the question most followers of the Class B MHSAA regional basketball tournament are pondering as the "B" quintets move into the semifinals of the tourney at Pontiac High tonight.

Troy and Orchard Lake St. Mary, which drew first round byes, tangle in the opener of a doubleheader at 7 p.m., with Clarkson facing Marysville at 8:15. The winners play Saturday night at 8:15 p.m. for the regional title.

Ordinarily a team that enters tournament play with a 13-8 record would not be looked upon as a "Cinderella" team, but that's the role the Wolves have taken.

Don Mault's quintet has yielded height in every game except the district opener with Rochester. Oddly enough, in that one the Wolves barely shaded the Falcons, 43-42.

Skipper's Great Rally Steals Class A 'Spot'

By H. GUY MOATS

One championship basketball team showed why it won its title this winter, and another near-champion ran into an amazing rally that came close to upsetting the apocryphal at Birmingham High School's Class A regional tourney premier, Wednesday night.

Southfield's Inter-Lakes kings rolled over a plucky, but out-gunned East Detroit crew 69-60, while Waterford's Skipper's roared back out of a 29-19 halftime count to stage a battle royal against Berkley's Bears. Bears had a little too much—with the aid of a 2-point award and staggered out the winner, 51-48, in the nightcap.

Southfield and Berkley get a respite today, but come back Friday for a semifinal battle, at 7:30 p. m.

Steady Play—Wild Finish

Bob Watts' Southfield Bluejays rolled out a smoothly-oiled basketball machine against Fred Lee's East Detroiters, and the Shamrocks never were able to break into the lead. Flashy Bob Evans led the 'Jays with 19 points, with three mates also in the double-figure class. Ken Moser hit for 17, Steve Klamik for 12 and Len Lamb for 11.

Watts sticks pretty close to his top five, with very few replacements during the game. Much of the fine floor play of the Jays revolved around stocky and speedy Bob Evans, guard.

Jack Goss, a little, but very fast guard, gave Southfield a lot of trouble, along with Henry Alter, forward. Goss compiled 19 points and Alter 14.

Shamrocks outscored Jays from the floor, but succumbed to an avalanche of free throws. East Detroit converted 12 gift shots compared to 23 for the winners.

The game was close and interesting all the way, with Shamrocks pulling out of a 30-19 halftime deficit to make it a battle royal in the finale. At one time they were within 6 points of catching up.

The win gave Bluejays their 13th victory of the season, against 4 losses.

Real drama and excitement of the "A" opener was packed in the last period of the Berkley-Waterford set. Skipper's seemingly had little chance of catching the Bears as the last 5 minutes came up. But in that time they tied the count five times, only to see victory slip away in the final minute.

As awarded 2 points in the 2nd period could have had considerable bearing on the final result. The points went to Berkley on an illegal touch of the twice by a Skipper.

Skipper's tied the count the 3rd time at 32 points on forward Chuck Gillis' bucket as the 3rd period ended. From there on it was a knock-down, drag-out scrap. Joe Humphrey put Skipper's ahead for the 1st time at 34 points. Max Roe squared it again for Bears. Gillis put Waterford in front once more, with a basket and Johnny Woodman added 2 more points. But 2 successive buckets by Roe and Dick Sentell evened the count again.

Score was knotted at 40 points, 42 points, 44 and 46 points before Don Biggott's basket ran it to 50 for Bears. Ten seconds from the end Gillis snagged another 2-counter, but that was the end for Waterford.

The wild finish had the good-sized audience in a frenzy, and it stayed right to the end.

Sports Car Endurance Grind Slated in Florida

SEBRING, Fla. — Racing drivers from Europe, Canada, Mexico and South America began converging on this central Florida town today for the Florida 12-hour Grand Prix of endurance to be run Sunday.

The Sebring event is the only race in this country in which points accumulated count toward the world sports car championship.

Among the first to arrive was a team from Caracas, Venezuela, the first time this country has been represented.

The Venezuelan team is captained by Chester Flynn, champion sports car driver of his country. With him came Luis Gonzalez, who will be his co-driver; Jesse Reina Morales, a Caracas attorney, and Edward Munoz, his co-driver.

Two other Venezuelan drivers, Poncho Pepe Croquer, radio and TV sports commentator, and Elliott Dobbins, air line pilot, are en route.

Pontiac Chiefs Defend Title

Birmingham regional tourney's defending champions, Pontiac High's Chiefs, were set tonight to make an all-out defense of that crown. Coach Art Van Ryzin's club was ready, with one exception, to shoot for its 2nd successive "A" regional title and for its 10th cage victory of the season. Pontiac meets a Detroit club carrying a fine record (14-4), in the nightcap, and the PHS squad was eager and confident today.

DeLaSalle, divisional champion in the Detroit Catholic League and runnerup in the all-Catholic title playoff, has a well-balanced club. It's top performer is Bernie Shimkus, an all-Detroit star. Shimkus has averaged between 15-20 points a game, according to Coach Tom Boulin.

Van Ryzin was in hopes that Walter King, who played the key role in the surprising upset over SVC champion Arthur Hill, last Friday would still be as sharp tonight. He had one worry, however.

Rod Treas, steady front-line player and consistent scorer, might not be able to go all-out tonight. Treas was limping Tuesday and yesterday from a callous and blister on his right foot. Medical treatment was given, but the Chiefs' mentor said today that Rod probably would get only limited service. John James will fill in, in case Rod is sidelined.

Other Pontiac starters will be King at the other forward, Dick Blacklaw at center and Walt Poe and Bob Johnston at guards.

For DeLaSalle, besides Shimkus (center) Bonino will start Ken Coakley, Sam DiMuccio at forwards and Charles Lucas and Pat Pignatelli at guards.

In tonight's 1st game lost club Birmingham, Eastern Michigan League champs, plays Mt. Clemens, runnerup to Maples in the EML. It's a fast club, uses the fast break and likes to run. Bathers beat Maples earlier in the season, but Johnny Petrakis' crew avenged that licking (54-48) by last Friday's 49-39 finale in the EML. Maples, working on a 12-game win string, probably will start Bill Watkinson, Ed Peters, forwards; Bob Isbell, center; Bob Goldsmith and Dick Sheldon guards.

Basketball Results

COLLEGE GAMES

Princeton Gets Spot in NCAA Against LaSalle

Tigers Win Ivy Title by Drubbing Columbia Quint, 86-69

By THE ASSOCIATED PRESS
Princeton rosters celebrated the Tigers' Ivy League basketball championship today and the automatic berth in the NCAA Tournament that goes with it. But their jubilation may be short-lived for tomorrow Princeton plays defending champion LaSalle in the regional playoffs at Philadelphia.

Princeton put on a second-half surge to crush Columbia 86-69 last night in a league playoff at Rutgers in New Brunswick, N.J., ending the closest Ivy race in the league's 53-year-old history.

The Tigers, Columbia and Penn finished the season in an unprecedented triple tie, each with a 10-4 record. Columbia disposed of Penn in the first playoff game Monday.

Princeton's Hal Haabestad and John Devoe scored 28 and 22 points with superb jump shooting. Chet Forte, Columbia's 5-9 sophomore, kept the Lions in the game with a 19-point output before the Tigers' defenders stopped him cold.

The Tigers, who received a first-round bye in the NCAA Tournament, have won seven of their last eight starts. LaSalle, which downed West Virginia 95-61 Tuesday, has won 10 straight.

Canisius and Villanova clash in the other NCAA regional game at Philadelphia. Double-headers also will be held at Evanston, Ill.; Manhattan, Kan.; and Corvallis, Ore., tomorrow and Saturday.

Eight teams were eliminated in first-round games Tuesday and the field now numbers 16. The regional playoffs will trim the field to four for the semifinal and finals at Kansas City March 18-19.

The remainder of Friday's second-round schedule: at Evanston, Marquette faces Kentucky and Penn State meets Iowa; at Manhattan, Bradley squares off against Southern Methodist and Colorado; at Corvallis, Seattle plays Oregon State and San Francisco, the nation's No. 1 team, tangles with Utah.

The winners of Friday's games meet Saturday.

PHS Swimmers in State Meet

Lamson, Cross, Keavy Pontiac's Best Bets for Points

Pontiac High School will be represented by 11 swimmers in the Class A state championship meet in the Jensen Field House pool at East Lansing this weekend.

Battle Creek, Jackson, Arthur Hill of Saginaw and Lansing Eastern are rated as the state's powers, but while Pontiac is not expected to make a title bid tomorrow, the Chief tappers are looking for strong showings in 4 events.

Bob Lamson, unbeaten 100-yard free style, is a top candidate in his specialty as are Tom Cross in the 100-yard back stroke and Bob Keavy in the 100-yard breast stroke.

This trio teams to give the Chiefs a powerful 150-yard medley relay entry.

Rounding out the PHS entry are Dick Gavette, Ken Scott, George Bergstrom, Bill Hampton, Ken Borg, Dennis Simonson, Bill Lamson and Ron Salgeon. Bob Lamson, Gavette and Scott are the only seniors on Des Boyce's team which won 10, lost 2 and tied 1 in dual competition.

Preliminaries are held Friday night, Saturday morning and afternoon, with the finals set Saturday night at MSC.

ALL TIED UP — Marty Keller (left) gets a death grip on the ball possessed by Imlay City's Larry Doroy in the 2nd quarter of Wednesday's Class C regional tournament game at Pontiac High. A jump ball was whittled. Watching in the background are Bud Schwartz (10) of St. Mike's and Imlay's Roger Boneman. The Pontiac team won, 47-41, to gain Friday's semi-final round.

Fortun Is Challenger 35-Year-Old Sprinter Threat to U. S. Team

MEXICO CITY (AP)—A 35-year-old "running marvel" from Cuba may break up a possible U. S. sweep of the sprints in the Pan-American Games, said Herb McKenley today.

"I think Willie Williams (of Illinois) has a very good chance of winning the 100 meters," said the lean, 33-year-old ex-running great who now coaches Jamaica's track and field team. "But don't count Rafael Fortun out."

Fortun, of Cuba, won the 100-meter (0.6) and 200-meter (21.3) championships in the first Pan-American Games in Buenos Aires four years ago.

"He's good," said Herb. "He's 35 and a running marvel. And remember one thing—he runs real well in this area. He could do it and maybe in the 200, too."

"I'd make Williams the favorite,"

For the 200, McKenley loaned to Charles Thomas of Texas with Williams and Agostini as other possibilities. Agostini runs for Occidental College of Los Angeles in collegiate competition. He has a 9.8 clocking to his credit for 100 yards.

McKenley, who still holds the world record of 46 seconds for 440 yards, joined the chorus of experts in predicting a stream of American victories.

By THE ASSOCIATED PRESS
Muskegon Heights, the defending Class A champion, sputtered and almost stalled to hold off the brothers Burton—M. C. and Ed—pulled the Tigers to victory in their opening test of the state high school basketball tournament Wednesday night.

After getting away to a slow start, Muskegon Heights slowed in 21 points in a blistering third-quarter rally to defeat Grand Rapids Union, 23-22.

M. C. Burton rolled in six field goals and a free toss in the third-quarter surge, while brother Ed contributed four field goals and a pair of free tosses.

Ortonville Club Beats GM 2nd Time to Take Class B Honors

Two championships were settled in City Basketball League play Wednesday night.

Davis Machinery of Ortonville downed General Motors for the 2nd straight night to take the Class B title and the city's berth in the Inter-City Basketball tournament at Highland Park, March 16-18.

Harry's Recreation of the Waterford Township will represent the Waterford loop in the same event. Shaw's Jewelers in Pontiac's entry in the Association tournament, while Waterford champion, Drayton Drug, will compete in the MA's Class B test.

Elks 723 wrapped up the Class D City League crown with a crushing 2nd half offensive that sank the Lakers, 74-42. Spartans defeated the Hawks in another Class D game, 79-25.

Pete Polshak paced the Ortonville club's victory with 18 points, but it was 6 points by Sherrin Beckett in the last quarter that pulled Davis from a 2-point deficit, Ron Woodhull led GMC with 12 points.

The Class D Elks held only a 22-16 lead over the Lakers at halftime, but hung up 3rd and 4th quarter totals of 24 and 28 points to drub their rivals. Lawrence Peet, with 23 points, and Perry Williams, with 22, sparked the winners. Dick Dewling and Phil Hunter had 15 each for the Lakers.

Spartans, led by Gil Hernandez' 20 points, led all the way in beating the Hawks.

Davis Machinery... 17 14 10 10-37
General Motors... 13 12 12 9-33

Hawks... 11 11 8 1-29
Spartans... 20 16 17 17-70

Lakers... 10 10 6 6-19-42
Elks 723... 16 24 28-74

Harris Indicates Kaline, Tuttle Are Fixtures

CLEARWATER, Fla. (U)—With-out saying so, manager Bucky Harris of the Detroit Tigers has given a big boost to Al Kaline and Bill Tuttle, his two young out-fielders.

Persons close to the team have agreed the two have inside tracks, but they have hinted that one or both of the speedy flycatchers would have to fight for his job this spring.

Harris, though, has scotched these theories in a roundabout way. When asked about his out-field situation yesterday, the old skipper talked only of left field.

He said it would be a fight between another pair of youngsters—John (Bubba) Phillips and J. W. Porter. No mention was made of Kaline or Tuttle, indicating that both will be at their customary positions on opening day.

At any rate, both were expected to be in the lineup today as the Tigers launched their spring training schedule with a game here against the Philadelphia Phillies. Harris named Bob Schultz, Jim Stump and Duke Maas as his pitchers. Each likely will hurl three innings.

Porter and Phillips both are rookies who just completed two-year hitch in the Army. Porter, 6-foot-2 and 180 pounds, is 22. His major league career to date consists of 33 games with the old St. Louis Browns in 1952.

Phillips, a 25-year-old, is a stocky 5-foot-9 and 180 pounds. This is his freshman year in the majors.

Both men have been pounding the ball hard in spring practice. Porter has shown more power than Phillips with a bat in his

hand, but Bubba is close on his heels. Phillips, in turn, is flier of foot than Porter, and both are showing the fireball accuracy of Kaline and Tuttle in throwing the ball in from the outfield.

Unable to decide which player

should get the starting nod, Harris said he and general manager Muddy Ruel have decided to take both rookies with the Tigers into the regular American League season.

"We'll keep them both even if it

means that one of them might not get to play all the time," said Bucky. "After all, my job is to win at Detroit, not at Buffalo or Little Rock or some other place in our farm system."

And how about Jim Deising, the

regular Tiger leftfielder last season?

"We know pretty well what Jim can do," Harris said. "We owe it to the kids to give them every possible chance to make the grade. If they slip, then there's Deising, who always does a creditable job."

Ex-Bengals May Hold Keys to Success of Chisox in '55

TAMPA, Fla. (INS)—The Chicago White Sox are hoping hard for comebacks by two ex-Detroiters that may hold the key to their 1955 American League pennant bid.

One player, hoping to regain mislaid batting skills, is hulking Walt Dropo, acquired during the winter from Detroit. The other is Billy (the Kid) Pierce, talented southpaw pitcher, who appears to have recovered from a sore arm that plagued him most of last season.

General Manager Frank Lane and field manager Marty Marion are depending heavily on both.

Lane recalls that Dropo batted in 144 runs for the Boston Red Sox in 1950 and plans to have 250-pound Walt bat fourth in the White Sox lineup. Lane says:

"Dropo can be the answer to our clean-up question, a spot in which we utilized 10 different players during the 1954 season. True, Walt had only 44 RBIs last year with Detroit, but it must be remembered he was alternating with another first baseman and was under instructions to become a spray hitter.

"The Moose will swing for the fences with us and should be just the long ball hitter we always have needed."

Last year Pierce, handicapped by his sore arm, won only 9 games

State Leads Nation for Game, Fish Tags

LANSING (U)—Michigan was tops in the nation in the sale of hunting and fishing licenses last year, the state conservation department reported today.

Michigan was 1st with 2,794,551 hunting and fishing licenses followed in order by California with 2,493,911, Minnesota with 1,818,755 and New York with 1,784,727.

The national total was 32,654,199 licenses accounting for \$85,000,000 added to state and federal treasuries.

Big 10 TV Decision Expected Next Monday

CHICAGO (U)—The Big Ten is expected to decide Monday whether to go along with the 1955 National Collegiate Athletic Assn. football television program or take steps to televise its own games independently.

Defiance of the NCAA plan would bring possible expulsion of the Big Ten from the organization.

Young Glovers Represent N.Y.

But Eastern Team Is 'Loaded' for Annual Bouts With Chicago

NEW YORK (U)—It's a young but loaded Eastern Golden Gloves team which will face Chicago's champions in the annual inter-city bouts at Chicago March 31.

Rudolph Corney, a middleweight knockout specialist from New York, headed the team crowned before 8,799 fans Wednesday night at Madison Square Garden.

In winning both his semifinal and final bouts by knockouts, Corney marked himself a possible successor to such Golden Gloves graduates as Joe Louis, Sugar Ray Robinson and Rocky Marciano.

He was the oldest man at 24 on the team which included four hard-punching teen-agers.

Tam Caddies Called

Caddy-master Wes Powell of Tam O'Shanter Country Club has announced that all prospective caddies for the club are urged to register for the coming season soon. Powell can be contacted at the club. Pre-season instructions will begin as soon as weather permits.

Evans, Lemack Top Picks for All-Inter Lakes

Taulbee Honored; Hess, Kruskie Gain 2nd Team Cage Berths

A pair of guards, Bob Evans of Southfield and Lou Lemack of Berkley, were unanimous choices on the Inter-Lakes Conference all-star basketball team, named this week.

Joining Evans and Lemack on the honor list were Jerry Rice and Ron Donaghy, both of Farmington and Myrel Taulbee of Walled Lake. All are seniors, except Evans, a junior.

Named to the 2nd team were 2 seniors, Bob Phillips of Van Dyke, who graduated at mid-year, and Don Biggott of Berkley, and 3 juniors, Bob Hess of Walled Lake, Ken Moser of Southfield, and Waterford's Jerry Kruskie.

A lengthy honorable mention list included Chuck Gillis of Waterford and Mike Tierney of Walled Lake. Selections were made from the players' all-opponent teams.

Trucks, Two Latins to Hurl for Chisox

TAMPA, Fla. (U)—Virgil Trucks, Sandy Consuegra and Mike Fornieles have been assigned pitching chores for the Chicago White Sox' exhibition opener with the Cincinnati Redlegs today.

Sox Manager Marty Marion said these three pitchers are all set for the season along with Billy Pierce, Jack Harsham and Bob Kegan, Morrie Martin and Harry Dorish.

Marion said he plans to carry 10 pitchers and among those fighting it out for the other two spots are Bob Chakales, Dick Donovan, Ted Gray, Al Brazie and Bill Fischer.

LITTLE, BUT ON MY!—Berkley High's cheer leaders had a lot of help Wednesday night, from a very little source. Performing right along with the Bears' leaders was 4-year-old Barbara Gaylord, daughter of Mr. and Mrs. Everett Gaylord, 2391 Cambridge, Berkley. With her is her big sister, Joyce.

Life of Pinch-Hitter Still Beckons NY's Dusty Rhodes

PHOENIX, Ariz. (U)—Being the batting hero of the World Series hasn't brought Dusty Rhodes any closer to being a regular outfielder with the champion New York Giants.

On the other hand, there is no chance Manager Leo Durocher will suggest that Mr. Rhodes be peddled. Leo says he made such a suggestion last spring.

Dusty isn't too happy about it, yet the fact remains—he's the

team's No. 1 pinch hitter, but he won't be playing regularly in the outfield since his defensive ability has drawn no rave notices.

"In center field we have Willie Mays," says Dusty. "In right field Don Mueller. In left field Monte Irving. I think I should get a pillow for the bench. It gets awfully hard in some parks."

When the big Southerner came off the bench as a pinch hitter last season he was the scourge of the National League and Cleveland pitchers. His homer that won the first World Series game won't be forgotten. He hit a single and a homer in the second game—and incidentally caught the fly that ended the contest. All told he knocked in seven runs with four hits in six times at bat.

You might think Dusty, whose first name, Jim, is hardly ever used, got his biggest thrill from winning that opener against Cleveland.

"No," he says. "I didn't get the thrill from that I did from a single in the 13th inning with the bases loaded that won a game from Brooklyn. Two days later I got another hit that won. You always get a kick when you beat Brooklyn." For the regular season his batting average was .341.

Watch Those Shanties

LANSING (U)—Ice fishermen were reminded today they'd better start thinking about removing their shanties before the ice breaks up.

State law provides a \$50 fine or 30 days in jail for fishermen who fail to remove shanties before ice conditions become unsafe.

If the shanty breaks through and conservation officers have to remove it, there's an extra charge for the cost of removal.

Mexico City Hums With Pan-Am Activity

MEXICO CITY (AP)—Competition in the Pan-American Games is still four days off, but the bustle of athletes in training and the behind the scene maneuvering of the high brass kept the scene humming today.

The major item on the agenda of the brass—the Pan-American Congress—was the selection of the site for the 1939 games.

Cleveland's invitation to hold the affair there, in the United States for the first time, appeared to

have strong support, in the opinion of American Delegate James A. Rhodes of Columbus, Ohio, former president of the U. S. Amateur Athletic Union. Rhodes extended the formal bid from Cleveland.

Everyone seemed satisfied with a decision to revise the congress rule to permit teams from only three countries, instead of a minimum of five, in a sport for a championship.

Specifically, there was doubt that a championship could be decided in baseball, soccer and volleyball because in each instance it appeared that less than five nations would be represented.

At the present count, flags from 22 nations and territories will be unfurled in the mammoth ceremonies formally opening the two-week athletic carnival late Saturday afternoon in the huge 110,000-seat capacity stadium in University City.

Interest in the track and field division centered today on the powerful, newly arrived team from the United States. Loaded with Olympic champions and world title holders, the contingent flew in, spent the remainder of the day in leisurely fashion and planned a comparative light workout Thursday.

There was some concern over Mexico City's 7,500-foot altitude, and many agreed that for the first day or two breaths might come a little quicker than usual.

Giant shotputter Parry O'Brien was a magnet for the visitors to University City but on the missing

list was controversial Wes Santee, the mile running star from Kansas.

Santee competed with the team in Houston, Tex., Tuesday night, winning the mile handily in 4:55, with a last lap in 53.5, but he was booked to run in Milwaukee Saturday night. Permission was granted for him to rejoin the squad next week.

J. Lyman Bingham, of Chicago, executive secretary of the committee, praised the facilities, arrangements and "the friendliness and hospitality of the Mexican officials and the people themselves."

'Dat Ole Debbil' Injury Plagues Washington Club

ORLANDO, Fla. (AP)—"Dat Ole Debbil," injury, plagued the Washington Senators today as they headed into the Grapefruit League exhibition game series.

Bob Porterfield, scheduled to open against the Boston Red Sox at Sarasota, has a Charley horse, but he didn't think it would keep him from the mound. Gus Keriakos has a sore right knee. Bunky Stewart has a lame left pitching shoulder. And rookie pitcher Vibert Clark got some ammonia in his eyes.

As if all this wasn't enough, Manager Charley Dressen is nursing a bothersome cold.

2 Women Stars Share Golf Lead

Romack, McMillen Card Three-Under Par Round at St. Augustine

ST. AUGUSTINE, Fla. (AP)—Sub-par shooters Barbara Romack and Marjorie Lindsay McMillen led the championship flight into two more rounds of match play today in the Florida East Coast Women's Golf Tournament.

Miss Romack, Sacramento's national amateur champion, and Mrs. McMillen, tournament co-medalist, shot near faultless golf in winning their first-round matches Wednesday. Each was three under par for the 6,485-yard Ponce de Leon Club course.

Miss Romack ousted Joe Anne England of White Plains, N. Y., 9 and 7. Mrs. McMillen, five-time Illinois State champion from Decatur, defeated Helen Benito of Uniontown, Pa., 6 and 5.

The small corps of favorites came through first-round play intact. Defending champion Grace DeMoss Smith of Miami was two over par in her 8 and 6 victory over Mrs. Charles Curtis of Ponte Vedra Beach.

Hamner, 'Home' at Shortstop, May Aid Phils

Contented Granny Might Lift Sagging Spirit on Club

CLEARWATER, Fla. (AP)—Granny Hamner feels like he's "back home again" playing shortstop for the Philadelphia Phillies after a year and a half at second base.

A contented Hamner, riding at even keel after his ups and downs of last season, could do much to restore the old "fighting" Phillies spirit on the club.

Not that Hamner objected to playing second for Steve O'Neil and Terry Moore, his last two managers. He just never felt at home at the position although he was voted to the All-Star team as a second baseman last summer.

"Steve asked me to make the change in the middle of the 1933 season," said Hamner. "He had the kid, Ted Kazanski, to try at shortstop and figured I could change easier than the kid. I didn't mind. It was all right with me, just as long as I got to play every day."

Harry's and Philgas Play for Finals Spot

Harry's Recreation and Philgas will play tonight at 7:30 p.m. at Cray Junior High for a spot in the finals of the Waterford Township Basketball League opposite league champion Drayton Drug.

Harry's, with Mike Hanes showing the way, drubbed Johnson-Anderson Wednesday night, 60-32, while Philgas was eliminating Beattie Motors, 55-45. Dick Hessegrave was the Philgas pacesetter.

Winner of tonight's game will meet Drayton Drug next Monday.

St. Louis Team Picked

High basketball team's aces for tonight's tilt against Detroit De LaSalle at Birmingham High gymnasium, is expected to be Walter King (above). King came through brilliantly against Arthur Hill (SVC champs) last weekend to help materially in Chiefs' five 67-54 final league victory. Walt's great rebounding and floor play proved a very welcome bit of help.

Camino Real Handicap Ends Santa Anita Year

ARCADIA, Calif. (AP)—Santa Anita closes another successful racing season today and the \$30,000 added Camino Real Handicap at a mile and one quarter on the grass highlights the card.

Terp Gridders at Top Speed in Grid Drill

COLLEGE PARK, Md. (AP)—An unusual 45 minutes of fullspeed scrimmage for six teams highlighted the first day of spring practice for the University of Maryland football squad Wednesday.

Jim Tatum, starting his ninth season as Terp coach, drilled the candidates in fundamentals for one hour and 45 minutes before dividing them into six teams for scrimmaging.

An intra-squad scrimmage is scheduled for Saturday.

Patty Berg Seeking 6th Titleholders Tiara

AUGUSTA, Ga. (AP)—Veteran Patty Berg of St. Andrews, Ill., started in quest of her sixth women's Titleholders Golf tiara today as the only completely healthy member of the "Big Three" that has dominated the blue-ribbon event for seven of the past nine years.

The others, defending champion Louise Suggs of Sea Island, Ga., and Mrs. Babe Zaharias of Tampa, Fla., have been ailing and will attack the formidable 6,270-yard Augusta Country Club course after layoffs of a week or more. Par here is 72, and the girls seldom match it on the hilly, tiring layout.

Naughton Quits Titans

DETROIT (UP)—University of Detroit was looking for an end coach today to succeed Pat Naughton who resigned to accept a job as line coach at Kansas State.

Naughton, who came to Detroit 13 months ago from Chicago Fenwick High school, had no experience as a player in high school or college but gained much acclaim as a player and coach in the armed forces during World War II.

Endurance Mark Set by Young Skin-Diver

NEW YORK (INS) — Richard Ferg Jr., 21-year-old skin diver, claimed a new under-water endurance record Tuesday when he completed 24 hours and 22 minutes submerged in a tank at the Sports and Vacation Show in New York.

Ferg, a professional skin diver and operator of a shop selling under-water equipment in New York, entered the water at 7:45

a.m. Monday and emerged at 8:07 a.m. Tuesday, bettering the previous record, set last year in Florida, by 20 minutes.

Sign Chico's Relatives

TAMPA, Fla. (U)—Two of short-stop Chico Carrasquel's relatives were signed Wednesday by the Chicago White Sox.

Domingo and Manuel Carrasquel, brother and cousin, respectively, were assigned to the Sox' Madisonville, Ky., farm in the Kitty League.

Mexico's Macias Captures Bantam Title**Babe Herman Quits**

GLENDAL, Calif. (U)—Babe Herman, one of baseball's better sluggers, is retiring as scout for the New York Yankees, effective April 1. He has been a coach and scout for the last 10 years, with Pittsburgh and the Yanks.

RIGHT ON THE KISSER — Raul Macias of Mexico lands a solid left to the mouth of Thailand's Chamrern Songkitrat in 8th round of last night's scheduled 12-round NBA bantamweight title bout in San Francisco's Cow Palace. Macias was the winner on a TKO when the referee stopped the fight in the 11th. Songkitrat had been knocked down several times and was bleeding from the mouth when the bout was halted.

RIGHT ON THE KISSER — Raul Macias of Mexico lands a solid left to the mouth of Thailand's Chamrern Songkitrat in 8th round of last night's scheduled 12-round NBA bantamweight title bout in San Francisco's Cow Palace. Macias was the winner on a TKO when the referee stopped the fight in the 11th. Songkitrat had been knocked down several times and was bleeding from the mouth when the bout was halted.

Mauled by Fans Worse Than by Ring Opponent**Two-Fisted Assault Puts Thailand Fighter on Canvas for TKO**

SAN FRANCISCO (U)—Raul Macias of Mexico, who took more punishment from his fervent fans after it was over than he did from Thailand's Chamrern Songkitrat while he was winning it, is the world bantamweight boxing champion today as far as the National Boxing Assn. is concerned.

Macias won the title, which the state of California firmly refuses to recognize, with a blistering two-fisted assault that caused Referee Fred Apostoli to stop the one-sided scrap at 2:38 of the 11th round last night at the Cow Palace.

A flock of screaming Mexicans clambered into the ring after it was over. Police were unable to stop the mad scramble. Macias, "Little Mouse" to his compatriots, was swallowed up in the blustering throng, to emerge moments later perched askew on willing shoulders.

Anyone who thought bantamweights lacked punching power received as rude a jolt as the Thailander last night. Macias, using a lightning left hook and jab mixed with a bruising right, had Songkitrat on the floor four times, twice in the sixth round and twice more in the 11th.

Macias, unbeaten in 12 pro fights, was in full charge all the way. He lost only one round, the first, on all three cards. Apostoli had it scored 60-50 through the 10 full rounds. Judge Jack Downey 63½ to 46½, and Judge Eddie James 61½ to 48½.

Each weighed 117½.

Wildfowl Signal Spring's Arrival in Detroit Area

LANSING (U)—Two sure signs of the approach of spring were reported today by the state conservation department.

Ducks, geese and swans are arriving on open water on both sides of the Lower Peninsula. Smelt already are concentrating in shoal waters of lower Lake Michigan and an early dipping season is predicted.

The department said canvasbacks and redheads by the thousands are moving into the duck waters of the Detroit area.

Upwards of 5,000 geese have been reported in southwestern Michigan and whistling swans are arriving in Lake Erie.

Waterfowl experts said the big flights will soon be on full force and the peak of the migration will be reached in mid-April.

The smelt season has been predicted to be one of the largest on record.

Young Defenseman Signs With Red Wing Club

DETROIT (U)—Defenseman Larry Hillman, 20, has signed a contract with the Detroit Red Wings.

Hillman, of Kirkland, Ont., is the youngest player to sign with the Wings since Gordie Howe joined the club at the age of 16. The National Hockey League rules have been amended in recent years and now make 18 the signing age.

Hillman will be eligible for the Stanley Cup playoffs. He played the last three games with the Wings on an amateur tryout basis.

Homer Hex in NL

MILWAUKEE (U)—Milwaukee's County Stadium has a "homer hex" for four National League sluggers. Duke Snider of the Dodgers, Rip Repulski of the Cardinals, Frank Thomas of the Braves and Ernie Banks of the Cubs hit home runs in every park except the home of the Braves.

\$5⁸⁷**\$8⁸⁷****\$12⁸⁷****Kiner Faces Battle****Indians Not Standing Pat With '54 Champs, 4 Rookies Given Good Chance**

TUCSON, Ariz. (U)—There is a mistaken idea, says Manager Al Lopez, that the American League champion Cleveland Indians will stand pat on their 1954 outfit.

"We're not set like a lot of people think," he explained as the Indians met the Chicago Cubs today in the first of their exhibition games. "There are several positions yet to be decided. There are several young fellows we have to look over."

Newcomers given strong chances include catcher Hank Folles, first baseman Joe Altobelli, outfielder Rocco Colavito and, of course, left-handed pitcher Herb Score. All four spent 1954 with Indianapolis of the American Assn.

Lopez would like a strong left-handed pitcher to go with right-

handlers Bob Lemon, Early Wynn, Art Houtteman and Mike Garcia on the front line. Score might fill the bill, but Don Mossi, an outstanding southpaw reliever last season, would like that starting assignment. Rookie Hank Aguirre, up from Reading, Pa., is getting attention and veteran Lefty Bill Wight, who played for San Diego last season, isn't counted out. Veteran right-hander Bob Feller counts on another good season with spot assignments.

At first base Vic Wertz is No. 1 as expected but Dale Mitchell, previously an outfielder, makes a bid along with Altobelli.

Al Rosen at third and George Strickland at shortstop appear secure. The same is true of Bobby Avila at second when he signs.

The outfield is filled with talent so an interesting battle develops. Home run hitter Ralph Kiner from the Cubs probably has the hardest fight of his career for a regular job.

Larry Doby in center and Al Smith in an adjacent field appear well assured. But fighting for the other spot along with Kiner are the rookie Colavito, veterans Dave Pope and Wally Westlake plus Harry Simpson, trying for a big league comeback after spending 1954 with Indianapolis. Dave Philley, currently a holdout, played in 133 games last season, so can't be counted out.

Packers Sign Pair of Gridders for '55

GREEN BAY, Wis. (U)—Head Coach Lisle Blackbourn of the Green Bay Packers announced Wednesday night the signing of Sisto Averno and James Jennings to 1955 contracts with the National Football League club.

Averno, a native of Paterson, N.J., played offensive guard for the Baltimore Colts last season. He stands 5-11 at 238 pounds. A 5-year veteran of professional football, the 1954 season was his third at Baltimore.

Jennings, an offensive end from the University of Missouri, is still in college. He is 6-foot-3 and weighs 205 pounds. He was the Packers' 26th draft choice in January.

Detroit Policeman Nears Eighth Title

TAMPA, Fla. (U)—Harry W. Reeves of Detroit, a police inspector, appeared on the way today to his 8th national midwinter pistol championship.

Reeves won the .22 caliber pistol title yesterday and gained 884 points in the four .22-caliber matches, two points more than William C. Joyner of the Border Patrol at El Paso, Tex.

First Lt. David C. Miller of the All-Army squad was aggregate winner in the expert class with 871 out of a possible 900 and Capt. Sidney Hinds Jr., a 3rd Army team member, had 866.

Detroit Track to Use TV as Check on Races

DETROIT (U)—The probing eye of television will offer a new wrinkle to Detroit racing fans this summer.

A closed circuit television system—the 1st of its kind—is being installed at the Detroit Race Course to give fans and officials close-up shots of the races.

At least eight TV cameras will be placed at strategic positions around the mile track, enabling fans and stewards to follow the complete running of the races.

Grapefruit, Cactus Leagues Start Action

With opening day only a month away, 14 major league teams move into the Grapefruit and Cactus League phase of baseball's spring training today.

Seven exhibition games are on order, including one after-dinner affair between Brooklyn and Milwaukee at Miami. Five other openers are scheduled in Florida: New York Yankees vs. St. Louis Cardinals; Washington Senators vs. Boston Red Sox; Cincinnati Redlegs vs. Chicago White Sox; Detroit Tigers vs. Philadelphia Phillies and Kansas City A's vs. Pittsburgh Pirates.

In the three-team Cactus League, the American League champion

Cleveland Indians play the Chicago Cubs at Tucson, Ariz. The world champion New York Giants cool their spikes until tomorrow when they launch their exhibition schedule where they left off in October.

Baltimore, which switched training bases from Arizona to Florida this year, is also idle. The Orioles open with Cincinnati tomorrow. Some managers will start "experimental" lineups for the inaugurals but most pilots are leading with their aces.

Casey Stengel, starting his seventh season at the Yankee helm, wants a fast look-see at his Baltimore import Bullet Bob Turley.

Turley, who came to the Yankees in that big winter deal, will pitch the first three innings against rookie Larry Jackson of the Cardinals.

Managers Chuck Dressen of Washington and Pinky Higgins of Boston are going with a couple of fastballing right-handers, Bob Porterfield and Frank Sullivan. Yearlings Al Schroll and Al Curtis will follow the 6-7 Sullivan to the mound for Boston.

Three rookies will toil for Detroit as Bucky Harris takes charge of the Tigers for the first time. Opposing them for the Phillies will be the big guy himself, Robin Roberts.

Bob Garver, 19-8 with Denver in 1954, has been given the first three-

inning job for Pittsburgh by Fred Haney. Lou Boudreau, another of the managers with new teams, will counter with Marion Fricano, Carl Dusey and Bill Oster.

Towering Gene Conley has drawn the starting assignment for Milwaukee and rookie Ed Roebuck, with a highly touted fast ball, for Brooklyn.

Mike Garcia is Al Lopez' choice to start things off for Cleveland against rookie Joe Stanka for Stan Hack's Cubs.

Virgil Trucks (19-12) will be the first of three White Sox pitchers for Marty Marion. Art Fowler (12-10) has the nod for Birdie Tebbetts' Redlegs.

Bowling Clinic

By BILLY SIXTY

CASE—Push-Away Delay.

Most beginners, especially women, have trouble coordinating footwork and ball swing because they are in too much of a hurry. They rush into stride. What happens? There is no push-away of the ball.

It comes with the second step, as sketch shows, instead of the first. With the result that at the foul line they are out of step, the ball is "late," and they merely dump it on the alley.

The cure may not be simple, but

with proper practice, it is sure. I have found shadow bowling effective in correcting the foot and form faults. Without using a ball, go through the delivery, over and over, until you feel the free motion of push-away in timing with the first, slow step.

Simply move the shoulders, arms, and right foot forward in one movement. When you find left foot has stopped correctly an inch or two from the foul line, with a slide finish, note particularly where you started your stride—the spot at which you take your position—

so that the length of your stride will be the same, and your footwork becomes mechanical. Then do it with the ball. You'll be surprised how easily it works.

Former Miami 'U' Star on Bowling Green Staff

BOWLING GREEN, O. (AP)—Edward (Bo) Schembechler, former Miami University football star, will join the Bowling Green State University football coaching staff this week.

Doyt Perry, the new Bowling Green head coach, said Wednesday Schembechler had resigned as football line coach and head baseball coach at Presbyterian College, Clinton, S. C., and would report immediately.

Linscott Displeased by Veal's Defection

Gene Linscott, Pontiac middleweight boxer, is sorely displeased over the defection of Walter Veal, his Tuesday night foe at Motor City arena. "Gene feels the way this fellow laid down in the 1st round was a bad break in Gene's comeback effort," Don Frayer, co-manager for the former AAU welter king declared today.

Frayer said that Gene will be in action in Detroit again within 2 weeks, when he expects to meet Jasper Hall, rated a good middleweight. Hall, a Detroit, has had five pro fights after a busy amateur career.

Veal was disqualified for refusing to fight. That was Linscott's 2nd comeback bout, after several years out of the Michigan ring wars.

CAROL RYAN ELLEN TIFFANY

Two table tennis championships were returned to Pontiac last weekend by the personable youngsters shown above. Playing in the state closed tourney in Detroit, Carol Ryan won the junior girls' title and Ellen Tiffany the novice women's crown. Both have been active in Pontiac table tennis circles.

Record Field Listed for State Tank Test

EAST LANSING (AP)—A record number of contestants will compete in the Michigan high school Class A swimming meet Friday and Saturday at Michigan State College.

Charles McCaffree, MSC swimming coach and meet manager, said 27 of the 3 Class A schools sponsoring swimming already have listed 321 athletes.

Dearborn Fordson, trying for its 4th state championship, faces some tough competition, McCaffree said. Battle Creek, Jackson and Saginaw Arthur Hill are primed to upset the champs.

Sandy Amoros is the smallest player on the Brooklyn Dodgers' roster. He is only 5 feet 7 1/2 inches tall.

Woman Stars at Marbles

By PHYLIS BATTLE
NEW YORK (INS)—The news from England that one Lady Ducker, aged 44, has out-topped one Pauline Phillips, aged 17, to become world's marble-playing champion in Castleford, Yorkshire, is a stimulating dispatch indeed. It indicates that we older dames are not finished yet, athletically speaking, not by a long aggie shot.

Assuming that there was no shaver involved in this sporting event (for it is always comestical that farthings may have crossed palms, if there was heavy betting), Lady Ducker has proved a long-held contention of mine. Our reflexes may be slowed, our nerves skittish, and there may have been a narrowing of our derriere. But in some things, we are still superior to these flibbery wenches.

All we gotta do is choose our sport and we'll make 'em look sick.

Marbles, obviously, is an ideal outlet for the mature woman's prowess, but do not think our proficiency must be limited to such stationary activity. There are plenty of sports in which shrewdness and experience count over sheer brute strength—like jacks, to name only one. I, personally, have defeated three very young and energetic girls at jacks. And this despite the fact that my hands have become tender with age and my threesies rusty from inexperience.

It should be further encouraging to note that Lady Ducker, the marble queen, is not only past the so-called athletically-able age, but is also soft as a laconic jellyfish from inactivity.

As the wife of a wealthy industrialist, she rides around the shires in a gold-plated limousine and presumably doesn't lift a finger except to flip marbles. Miss Phillips, the loser, on the other hand, is a sturdy young thing who works at a bottling plant as a bottle-filler and is therefore most agile with her hands.

This would seem to indicate that marbles is a sport for the mature. It calls into play all the facilities and experience the older woman possesses and the younger woman lacks. Such as: 1) Strategy in picking a target and taking dead aim—developed by mature women after long experience with males; 2) A firm, strong thumb—formed only after many years of trying to keep gentlemen under it; 3) A well-balanced kneel—an art which generally blossoms after much study while scrubbing bathroom floors, although in Lady Ducker's case it must just have come naturally.

There are several other competitive sports at which older, more well-rounded women can excel with virtually no training or costly increase in vitamin intake. Consider peanut racing and its sister sport, ping-pong pool. Both these activities, requiring the deft projection of objects with the nose, are universally considered to be sports for the young; looking at it realistically, however, what group has had more experience at poking their noses into things than we mature girls?

Similarly requiring experience, if it is to be done well, is hopscotch. Contrary to public opinion, this is a sport that calls not so much for energy as for intuition. Youngsters play hop-

scotch with enthusiasm, but rarely with skill. Many mature women, on the other hand, are adept at this sort of thing. When the occasion merits, they can be jumper than a bunch of rabbits.

There is only one flaw in my theory that we, too, can play the game, ladies, and win. That is the cold fact that America worships youth, and I doubt if there's a jacks game in town that's open to an older woman.

But don't fret. If it could happen in England, it can happen here. And take heart. For while you're waiting, patiently, you're getting in practice for another great competitive sport—the one known as "statue," or "hold the pose."

(Tomorrow: From opera house office boy to pop tune specialist; Miss Battelle gets a closeup from Jimmy McHugh.)

New Offices in Use in Missaukee County

LAKE CITY (U)—Missaukee County offices have been moved into one of Michigan's most attractive courthouse buildings. The new structure recently was completed at a cost of \$160,000.

Built on two levels, it houses all county offices, except the sheriff's department, and also houses the county library.

Of modernistic design, the new structure replaces the courthouse building which was leveled by fire in 1944.

The county offices had been located in a former residence prior to opening of the new structure.

Hospitals Planned for A-Bomb Victims

TOKYO (U)—The Japan Red Cross plans to build hospitals to treat atomic afflictions at Hiroshima and Nagasaki, the only two cities to suffer from effects of the bombing and are not properly cared for.

The Red Cross estimates there are 9,000 Japanese in the two cities who still suffer from effects of the bombing and are not properly cared for.

Funds are being raised to build one hospital this year and a second in 1956. About \$75,000 is on hand. It is estimated the hospitals will cost \$130,000 each.

Used a Lot of Holes

HARRISON, N. J. (U)—Max Stiller says he has fried 100 million doughnuts, and estimates that number, side by side, would reach from here to Chile—about 4,782 miles. He's co-manager of a bakery that supplies 25 restaurants.

Wheat-Soybean Rally Is Failure

CHICAGO (AP)—Wheat and soybeans made a little attempt to rally on the Board of Trade today but they didn't get far. Feed grains didn't even make the attempt.

After opening on gains of small fractions to a cent or more, wheat and soybeans quickly gave up just about all their advance in subsequent trading. Dealings slowed down from the early pace of yesterday.

Wheat near the end of the first hour was 1/4 lower to 1/2 higher. March \$2.38; corn 1/4 lower to 1/2 higher. March \$1.41; oats 1/4 to 1/2 lower. March \$1.05; soybeans 1/4 to 1/2 lower. March \$2.69; and lard 13 to 20 cents a hundred pounds higher. March \$12.05.

CHICAGO GRAIN (AP)—Opening grain:

Grain	Mar	Apr	May
Wheat	2.37 1/2	2.38 1/2	2.39 1/2
May	2.38 1/2	2.39 1/2	2.40 1/2

Boris Karloff's Really Not Bad

British Actor Lost Out on Other Type Roles After 'Frankenstein'

NEW YORK (AP)—Boris Karloff likes doing television for a special reason.

"As often as not I'm a respectable character who's on the right side of the fence," explains the gaunt, British-born actor who spent most of his movie career playing sinister roles.

Karloff says he became typed when he did Frankenstein's Monster and two sequels.

"I haven't played the monster since 20 years ago but the impact wouldn't wear off," he says. It even hindered his getting other types of roles.

On the other hand, he says, the Frankenstein Monster brought him to prominence in the first place. "And you can't have it both ways."

Karloff now is in rehearsal for the role of King Arthur in Max Liebman's Saturday night production of "Connecticut Yankee" on NBC-TV, one of a number of video engagements he has had in recent months.

He spent all last winter in London making the filmed Colonel March series for American television.

Off camera, Karloff is the anti thesis of the sinister type which made him famous. Mild and friendly in manner, he gives the impression of a polished, poised gentleman who thoroughly enjoys life and a good laugh.

State's Top Doctor Cites Achievements

DETROIT (AP)—Michigan's "foremost family physician" says two developments stand out among all those he has seen in his 62 years of practice.

The two, says Dr. Duncan J. McCall of Port Huron, are the use of antibiotics and the work of bone surgeons.

Dr. McCall, 66, is in town to receive official recognition as the state's outstanding doctor of the year.

He said yesterday that antibiotics have made diphtheria, small pox and other diseases "almost unknown."

And he said bone surgeons can mend bones even in elderly persons now and get good results.

Dr. McCall said the two most pressing ailments to conquer now are heart trouble and arthritis.

Still active in practice despite his age, he delivered babies on four successive days last week, all between midnight and day-break.

Illinois Driver Killed in Crash Near Saginaw

SAGINAW (AP)—Joseph Hilliard, 47, of St. Clair County, Ill., was killed last night in a traffic crash on M13 southeast of Saginaw.

Sheriff's officers said Hilliard's car went out of control and skidded into a truck driven by Fred Kelly, 47, of Saginaw.

Another trucker, unidentified, lighted flares which officers said set fire to both Hilliard's car and Kelly's truck. A deputy, Paul Vlak, pulled Hilliard's body out of his blazing car.

Gary Crosby Signs Up as Tennessee's Sidekick

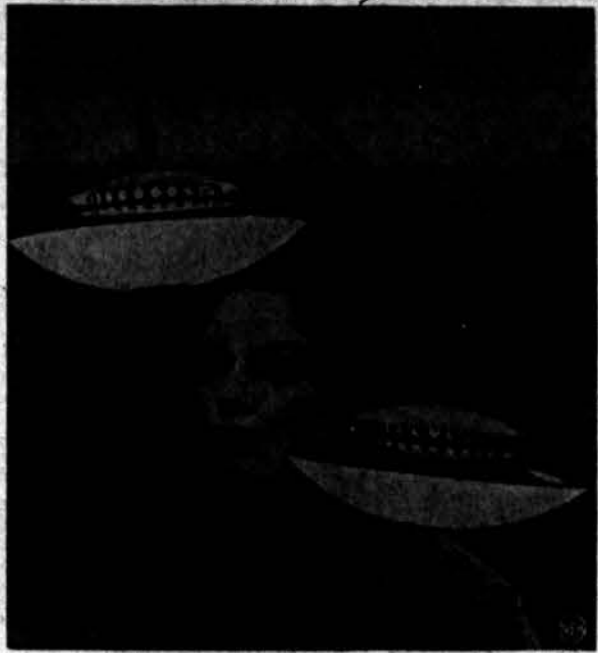

HOLLYWOOD (AP)—Gary Crosby's got a new job.

He starts out as Tennessee Ernie's radio sidekick. From there he'll go to a network solo show, according to CBS authorities, who disclosed yesterday that Gary had signed an exclusive radio and television contract with CBS.

His TV chores will consist of guest spots on network shows. Gary, Bing's oldest son, quit Stanford University to go into show business. He's 21.

Runs in the Family

JASPER, Ind. (AP)—Henry Brumen, 35, was arrested on a drunken driving charge. Twenty-four hours later, his wife, Catherine, 30, was arrested on the same charge. They appeared in court together and drew 30-day sentences each.

SHADY DESIGN—At least one person believes in flying saucers, and why not? The idea is worth money to him. He's a lamp manufacturer in Bonn, Germany, who patterned the shades of this ultramodern lamp after the mysterious craft. The manufacturer is not shown above with his product because a prettier subject was found.

Pork, Bacon, Ham Lead Parade of Meat Bargains

By THE ASSOCIATED PRESS

Pork, bacon and ham will lead the parade of bargain specials on many of the nation's meat counters this week-end.

Produce departments will feature potatoes and cabbage, thus completing the list of major ingredients for a ham-and-cabbage Sunday dinner.

Pork prices are the lowest they've been in months. In some cities they've tumbled as much as six cents a pound since Saturday. One of the big food chains is headlining roast pork at 27 cents a pound (for the rib end). And in some cities you can buy top grade, fancy boneless hams for as little as 53 cents a pound.

Bargains in pork, bacon and ham at retail reflect depressed prices in major livestock markets. Right now, hogs are selling at the lowest prices since rationing ended after World War II. Hog prices usually go up when the weather gets hot and this year won't be any exception, livestock traders say. But all indications are that they'll still be substantially below 1954 levels.

Weekend meat specials aren't confined to ham and pork. You'll also find such items as veal shoulder roast, tripe, fowl and small turkeys at reduced prices. For Lenten menus there are specials this weekend on haddock, halibut.

Five Bodies Found in Fire-Razed Hotel

PORTLAND, Ore. (AP)—Firemen continued to search for bodies in the ruins of the Lind Hotel, destroyed by fire yesterday, but the death toll remained at five.

Several others were still listed as missing. Officials said, however, they apparently got out and moved elsewhere. The two-floor hotel, located on the fringe of the waterfront area, was tenanted mostly by elderly men.

Police blamed the fire on a cigarette, and filed manslaughter charges against two tenants who escaped with minor injuries.

They were Russell Arnold U'ren, 42, and Ann Alexander, 46, Asst. Fire Marshal C. W. Stickney said U'ren told him a blanket caught fire as he smoked in bed. U'ren told him he doused water on the blanket, and then dumped the blanket out in a hallway, Stickney said, adding that the fire started there.

It is estimated that 312,000 Americans are blind.

Ex-Red Captive Snubs Press

Woman Held for More Than 3 Years Labels Press 'Reactionary'

PUSAN, Korea (AP)—Mrs. Adele Rickett, 35-year-old scholar en route to San Francisco after 3 1/2 years in a Communist prison, today declined further interviews "with the reactionary press."

Mrs. Rickett is a passenger on the freighter Pine Tree Mariner of the Far East Pacific Lines. It is taking on supplies here and leaves for the United States tomorrow.

She is due in San Francisco about March 28.

In a brief handwritten note to The Associated Press, Mrs. Rickett said she felt further interviews with newsmen would only be "repetitious." She turned down a written request for news about Red China and any Americans still held there.

Mrs. Rickett and Malcolm Berzohn, 29-year-old New Yorker who was studying medicine in Peking, were released at the Hong Kong border 10 days ago.

U.S. State Department officials were quoted as saying the two were probably the most thoroughly brainwashed Americans yet released by the Chinese Reds.

Essay Not Convincing

MINNEAPOLIS (AP)—Charles A. J. Maass, charged with driving with a noisy muffler, came to court with a three-page essay describing the ordinance on mufflers as "ambiguous and uncertain." Judge Tom Bergin listened patiently while Maass read it, then fined him \$25.

Butler Believes Mamie's Health May Sideline Ike

NEW YORK (AP)—Paul M. Butler, chairman of the Democratic National Committee, says the state of Mrs. Eisenhower's health may determine whether or not the President seeks re-election.

Butler told newsmen Tuesday that he doubted Eisenhower would run again because of "a personal situation in the Eisenhower household." He did not elaborate.

Yesterday, at a news conference, he said:

"What I meant was that from all reports traveling around in Washington, I did not believe the President was happy as an administrator."

Butler added that "newspaper reports" indicated Mrs. Eisenhower's health was "not too good" and he believed that could affect the President's decision on making another White House bid.

In Washington last night, Eisenhower's press secretary James C. Hagerty, asked for comment, replied: "There will be no comment now."

**Former Drunk Shows
Results of Sobriety**

RICHMOND, Va. (AP) — R. M. Orcutt hired a food caterer and invited all the folks in the neighborhood over to his home for an open house celebration.

"I want to show them what a

former drunk can do," he said. Fifteen years ago, said Orcutt, "I was about the biggest drunk in South Richmond," weighed about 97 pounds and drank the shoes off three children. Now he is a strapping 205-pounder and owner of a prosperous roofing business.

**Law Officer Lives Up
to Life Span Prophecy**

ROCK SPRINGS, Wyo. (AP) — Deputy Sheriff Ed Phillips used to tell his wife Ruth he'd never live as long as his father did. His father William died after an

operation Sept. 4, 1918, in Aguilar, Colo. He was 38 years, 2 months and 16 days old.

Ed Phillips was fatally wounded in the Green River railroad yards when he and other officers were shooting it out with a crazed gunman, who later was killed.

Phillips died next day. He was

38 years, 2 months and 12 days old.

Michigan produces more than 5 million tons of salt each year, which is double the output of any other state and 25 per cent of the national total.

**Jaycee Promotion Sells
25 Stories of Pancakes**

EL DORADO, Kas. (AP) — The Junior Chamber of Commerce has a hearty respect for its fellow citizens' pancake appetites — and some money for youth work.

The Jaycees' pancake sale resulted in consumption of enough flapjacks, they report, that stacked up they'd equal the height of a 25-story building.

Annual Hudson River shad catch totals two million pounds and brings \$350,000.

Expensive Prisoner

BLOOMINGTON, Ill. (AP) — The dog catcher has discovered that Great Danes have great appetites. He is holding one. In requesting the owner to collect his pet, he says the animal has eaten almost all the available food.
