"HOO, BOY, MY FEET" — That's the word from Harry Ness, 77, in Buffalo as a police lieutenant tapes his feet after Ness walked all but 15 miles of the 626 from Milwaukee in 18 days, en route to Monticello, N. Y.

Two Buildings Recommended to School Board

Administration Reports on Necessary Expansion for '57 Year

Two additional grade schools and other expanded facilities were tentatively recommended to the Board of Education last night to meet estimated classroom needs during the 1957 school year.

A building program, roughly figured to cost perhaps $1,800,000, was submitted in a report made by the school administration.

It was based on a nearly 50 per cent estimated increase in pupils over the next 10 years, including an estimated 1,100-pupil increase by 1957.

The city school system now serves some 17,835 pupils, and it is predicted some 700 more will be enrolled in the fall.

Elementary schools with eight classrooms, two kindergartens and additional multi - purpose rooms were recommended for sites already purchased in the Herrington Hills area and on Kennett road. They may cost between $400,000 and $500,000 apiece.

PART OF PROGRAM

Both schools are part of the board's long-range, 10-year building program to provide modern schools for the rapidly increasing school population.

The report also recommended that construction of the new senior high school begin in the spring of next year at the site next to the Madison Junior High School, and that a new site be sought for another new junior high school in the northern area.

Addition of ten classrooms and a multi-purpose room were recommended for Bethune School, and six classrooms plus a kindergarten at Malkim School.

* * *

Purchase of a site near Whittier School to be used for elementary purposes also was recommended, as were all weather play areas for the 14 schools remaining which do not have these facilities.

MAY TAKE ACTION IN JULY

Dr. Dana P. Whitmer, Superintendent of Schools, said that initial action on the proposals may be taken in July.

He emphasized that cost estimates may change greatly by the time any bonding takes place.

The report indicated that if the proposals are adopted, only about 330 elementary pupils would be attending schools in substandard or temporary facilities in 1957.

Final consideration of 1957 building plans must be based on the school census now under way, Whitmer pointed out.

There Must Be Some Udder Answer to This

SAN BERNARDINO, Calif. (AP)—Sheriff's deputies are considering a unique complaint to police but they're not sure if it comes in their jurisdiction.

* * *

The complainant, who didn't leave his name, contended that his milk supply had been stolen at the source.

* * *

"I normally get five quarts of milk from my cow," he said, "but tonight I only got one quart. Somebody is stealing it at the source."

Only Two Airfields Have More Volume

Traffic Belies Low Status

Editor's Note: This is the third in a series of articles on Pontiac's Municipal Airport, its past and present problems and plans for the future.

By GEORGE T. TRUMBULL JR.

Despite its classification, Pontiac Municipal Airport has the third highest amount of traffic of Michigan fields.

Manager Homer D. Hoskins said the port is topped only by Willow Run (Class 5) and Detroit City Airport (Class 4) in volume of traffic.

And with the institution of a four-point program proposed by Hoskins, the air traffic into Pontiac could reach even greater heights.

At present the local field is ranked as Class 2 which is imposed because the longest runway is 2,400 feet. Work is now under way to lengthen the stretch to 4,000 feet which will boost Pontiac into Class 3.

"I don't know of any other field in a city of Pontiac's population that has such a low classed airport," Hoskins emphasized.

Fifteen months after the field was opened in 1928, the Department of Commerce ranked it as the highest in the country—then A-1-A.

With the climb to Class 3, Hoskins added, large corporation aircraft like the twin-engine DC-3, can use the field more frequently than is now possible.

"At present 80 per cent of our traffic is the smaller type corporation and business-owned aircraft," the manager explained.

It is possible with the 2,400 foot strip for DC-3's to use Pontiac, Hoskins said. There is an average of three a week but each flight depends heavily on favorable wind conditions.

The majority of corporation-owned craft shy away from using Pontiac Municipal because of the runway limitations.

"The dispatcher of 18 aircraft owned by General Motors and based in Detroit will not clear the large DC-3 into Pontiac because the runways are too short," Hoskins declared.

"Local GM officials have to be driven to Detroit or Flint to catch a flight to some other city," he added. "Look how much easier it would be if these larger planes could land here."

Point two in the manager's plan, permissible by the present runway extension, would be increased air cargo coming in the C-46 type aircraft. "Today we have very little cargo shipped in and out of the city via our airport," Hoskins commented.

With the facilities becoming more attractive to corporation and individual plane owners, the income for the city will increase because of the potential desire to base the planes on leased city land.

Lack of hangar space today is discouraging many owners from using the field. Hoskins reported that 60 people are on the waiting list for storage space.

"We are leasing the two largest hangars here and we still can't keep up with the demand."

The port is renting 50 hangar units at present and has 12 single units privately owned which are located on land leased from the city.

A fourth asset possible from the airport building program will be the advent of commercial "feeder line" service joining Pontiac to such cities as Chicago and Duluth, Minn.

Hoskins stated that North Central Airlines has flights from Detroit, Jackson, Lansing, Battle Creek, and other cities within the state.

"They could just as well stop here but the safety hazard of having to put down on a 2,400 foot runway is keeping them out."

The jump to a Class 3 field will enable the city to benefit from air mail service. This service presently comes to the city via truck out of Willow Run.

"All these increased services to use our field returns a certain amount of revenue back to the city which will enable the airport to better serve the public," Hoskins concluded.

(Next: State Aeronautics Director Lester J. Maitland discusses the airport's future outlook.)

Defense Contracts in Offing

Overtone of Better Things Marks Business Picture

The American business scene today was a kaleidoscope of good news and some not so good, with an overtone of better things in the not distant future.

Pay raises rode side-by-side with unemployment; drops in some lines were canceled by above-normal demand in others; warnings of a period of readjustment are brightened by prospects of an upswing in defense contracts for the area.

On the bright side were:

A 7-cents-an-hour wage increase for all auto, aviation and farm equipment workers June 1;

Prospects of some $65 million in defense contracts for the Detroit area;

Higher department store sales last week in all 12 federal reserve districts of the nation as compared with a year ago;

Continuing high level operation for heavy goods industries.

* * *

On the debit side were:

Warning by Henry Ford II that the automobile business is likely to get worse before it gets better, but with peak summer employment expected by late July or early August;

Estimate (by Michigan Employment Security Commission) that the state's unemployment probably

(Continued on Page 2, Col. 2)

City Man Killed in Gun Accident

Find Karl B. Mann, 41, Dead Beside His Car at Rifle Range

A shooting mishap which took the life of Karl B. Mann, 41, of 94 S. Jessie St., yesterday has been ruled accidental death by Deputy Oakland County Coroner Dr. M. G. Prosser.

Mann was found lying on the ground next to his parked car in a lot near the Pontiac Lake Recreation Area rifle range.

Dr. Prosser said Mann had been dead approximately three hours when found at 4:04 p.m. by a range patron.

Investigating Waterford Township police reported the victim had apparently discharged his .22 caliber rifle while dismantling it following a target practice session.

Several bullets were found to have been fired into a target nearby.

Showers to Dampen Pontiac Area Tonight

Scattered light showers is the prediction for the Pontiac area tonight. The low will be 50-54.

Tomorrow will be warmer with showers by tomorrow night. The high will be near 75 degrees.

Temperatures averaging about two degrees above normal is the forecast of the U.S. Weather Bureau for the next five days. Occasional showers will fall Monday through Wednesday.

The lowest thermometer reading preceding 8 a.m. in downtown Pontiac was 43 degrees. At 1 p.m. the mercury rose to 64 degrees.

Skipping School, Lake Boat Ride End in Tragedy

Attempt to Reach Land as Craft Goes Under; 2 Friends Make It

Hooky from school on a warm spring day ended in tragedy yesterday afternoon as a Detroit boy, 16, drowned in Woodhull Lake, five miles northwest of Pontiac.

Two companions, also 16, swam 800 yards to shore after a leaking rowboat sank about 1:30 p. m. off the northern bank of the lake near Sashabaw road.

Raymon D. Djalal became the second victim this season of Oakland County lakes.

His companions admitted, Deputy Herb Cross said, they drove from classes at Central School in Detroit to Woodhull Beach, where they took the boat without permission.

Deputies continued to search for the body this morning. The boy's parents, Albert and Rose Djalal watched as Sheriff's Department skin diver William Jackson searched unsuccessfully last night in 55-60 feet of water about 1,500 feet from shore.

With the victim were Robert Gittleman and Irwin S. Niskar, who Cross said at first gave false names.

"We didn't believe Ray was really drowned," Gittleman said later at the sheriff's department. "I still can't believe it, he was my best friend."

The boys had changed into tee-shirts and blue-jeans, Gittleman said, and had used sticks to paddle the boat from shore.

"When we saw it was sinking, we jumped into the water and planned to swim ashore together.

"Ray was the best swimmer. But he called to me for help and rested his arms on my shoulders.

PULLS PAL UNDER

"Then he went under and pulled me under too. When I got back to the surface, he was gone."

Both boys claimed that an unidentified man on shore had watched the struggle without attempting to help, despite their cries.

Gittleman burst into tears at this point in his story, believing that timely aid from the man could have saved his friend's life.

The boys were given warm showers and dry clothes at a nearby cottage.

Baubles, Bangles Attract 'Boarder' to Pontiac Store

Business at Mark Jewelry Co., 45 N. Saginaw St., is for the birds, according to Manager Jack Prady.

Susceptible the other day to the sparkling merchandise, an unidentified species of the bird kingdom waited patiently at the door until the manager let him in.

The store's reception committee went to work and made the "customer" right at home. They constructed a perch, a small bed and purchased some food.

Tagged "Mark Jr.," the bird seems to like his new home. The other customers feed him (or her) when he (she) skips across the counter.

Campaign Waits as Lt. Governor Meets His 7th

A baby girl, the seventh child for Michigan's Lieutenant Governor Philip A. Hart and Mrs. Hart, was born yesterday.

The birth interrupted a $100-a-plate campaign kick-off luncheon for Hart. A message to a chairman of the luncheon from Hart read: "The doctor told me the baby can be born at any minute. My family will shoot me if I leave. Am terribly sorry. Convey my warmest regards to all. Phil."

A return message said: "Luncheon is a huge success. Everyone here is thinking of you both and wishing you much health and happiness."

The six pound, 10 ounce girl arrived at 2:13 p.m. Hart and his wife, Janie Briggs, have not decided on a name for the arrival. The Harts are former residents of Birmingham.

One Rainbow With an End

Weary of having to climb desperately into your car for a hectic cross-country chase everytime a rainbow appears in the sky? It's hard—on you, the car and farmers' fences.

Stop that futile scurrying. You have a much better chance of finding your POT-O-GOLD in the Press' new word game. It starts Monday, and can mean $125 a week to Press readers.

Let someone else search for the end of the rainbow. Your search can be much more fun and far more rewarding. Watch Monday's Pontiac Press.

She Tosses Off Her Gin and Wine at Age of 105

WINTERBOURNE KINGSTON, England (AP) — Mrs. Sophia Wellstead tossed off her usual sleeping potion of a tall glass of gin and white port wine last night after celebrating her 105th birthday.

"It has never done me any harm," she told a reporter, "and it is too late now to start wondering if it might."

For Which Christmas?

BAY CITY (AP) — Postmaster Frank Sweeney, a "bug" on early posting of Christmas mail, opened a filing cabinet yesterday and found 84 cards his wife had given him to mail last Christmas. They were mailed "propmtly" that afternoon.

Cobo Kicks Off Campaign

ALBION (AP) — Detroit Mayor Albert E. Cobo kicked off his out-state campaign for the Republican governor nomination last night by promising a Detroit deal for Michigan if elected Nov. 6.

He rapped the eight-year regime of Democratic Gov. Williams for lack of "vision" in road matters and as "uncooperative."

Cobo presented himself to a five-county audience of over 200 south central Michigan Republicans who, before the off-the-cuff talk, dined on chicken casserole for $1.35 a plate.

The meeting was in Baldwin Hall on the Albion College campus.

Cobo devoted more than half his 45-minutes to recounting the public works activities of his 6½ years as Detroit chief executive.

More than 633 million dollars in projects were undertaken during the period, he said, with a net decrease in the tax rate, until this year and with a reduction of five million dollars in the city's debt.

In addition, he said, private interests plan or have in progress 70 million dollars in construction in downtown Detroit.

He summed up his methods as the "business approach," and declared:

"The whole state is itching for it — everywhere — in the Upper Peninsula, too, we should use their natural resources and bring them down here."

Although he bore down on what he said was "no foresight at all" on the part of the state administration in meeting the road problem, Cobo did not once mention Gov. Williams by name.

The Detroit mayor, stressing his ability to cooperate with Republicans and Democrats alike, recalled that a few years ago "when men were out of work" Truman had been instrumental in obtaining 9,900 tons of steel for the city-county building in Detroit.

He said he publicly "commended" the former president on a subsequent visit to Detroit.

"Was it right to do that, or should we forget when public official does something good?" he asked.

"I promise you, just as solidly as I stand here," he said, "that if I am elected governor, I will bring to the state of Michigan a cooperative spirit — of every person elected, regardless of party—once I am elected."

Cobo said that, of course, in political campaigning things would be different.

In an indirect way, Cobo criticized the state administration's record on traffic safety.

He said that Detroit consistently ranked second from the bottom among the large cities of the nation in road accidents and fatalities whereas Michigan as a state was near the top of the list.

"And yet, we're a good part of the state," he added.

He said expressway construction was part of the answer, and that Detroit, under his direction, installed expensive traffic control facilities that contributed to safety, kept up markings on streets and enforced traffic laws rigorously.

SEEMED LIKE A MILLION!

This advertiser said it seemed like he got at least a million calls, the phone just kept ringing like mad. Anyway the important thing is, he sold all the furniture quickly for cash.

ROCK MAPLE 3-PIECE LIVING room suite. Davenport converts to sofa bed. 2 chairs. Tables. Telephone table. Bookcase. 3-way lamp table. Dining room drop leaf table, 2 ladder back chairs, 1 arm chair, 2 table lamps. Whatnots. 1 mirror. All maple. MI 4-9544.

May Block Bonds for Freeways

Lawyers and highway officials in Lansing, concerned over a possible flaw in the wording of the 1955 State Highway Act which could block bonding under the act until next January, are conferring today to determine how serious the situation is.

Deputy Highway Commissioner George M. Foster said today the language of the act is "a little vague."

He said the issue is whether the law provides for a continuing appropriation to pay off bondholders "year after year."

The delay could affect Highway Commissioner Charles Ziegler's proposed Detroit-to-Kawkawlin freeway, planned last summer on a parallel route to the proposed Rockwood - to - Saginaw toll road. Bonds for the toll road already have been authorized by the Legislature.

Foster said the bill provided that 50 per cent of the state's share of the 1½-cent per gallon increase in state gas tax — about $13,500,000 — was to be used after July 1 to pay off road bond issues.

"Normally, we would assume the intention was to use that amount annually," Foster said today. "But the language of the act is a little vague. I can be clarified by the Supreme Court, if the attorneys think that's necessary."

Failing Supreme Court action, Foster said Gov. G. Mennen Williams could call a special session of the Legisature this summer to act on the issue, or the matter — and the bonding — could be deferred to the next regular session in January.

Increased gas taxes are expected to yield $35 million a year, of which the state would receive about $27 million. The act authorizes the state to use 50 per cent, or $13,500,000, to pay off interest and retirement on freeway bonds.

At present bonding rates, Foster said, this amount would buy about $225 million in highway bonds.

But he added the Highway Department does not plan to use the whole authorized amount immediately.

"We should know within three or four days where we stand on the wording of the act," Foster said.

George N. Higgins of Royal Oak, chairman of the Michigan Turnpike Authority, said today he doesn't think the issue will be cleared up without a special session of the Legislature.

Higgins emphasized the disputed wording does not apply to the Legislature's recent act authorizing turnpike bonding. The 1955 highway act, he said, deals with public money to be used for freeways.

A Word to the Wise

DETROIT (AP) — Vodies Daggins, 42, shot by his wife because he brought home an unscheduled guest for dinner, died yesterday. Mrs. Daggins has been free on $2,500 bond since the shooting April 8.

Unions Rioting; 10 Persons Hurt

Groups Fight Over Job Rights at Fisher Body Near Grand Blanc

FLINT (AP)—At least 10 persons were reported injured today in a pitched battle between opposing union groups at the Fisher Body plant in nearby Grand Blanc.

More than 200 men wielding chains, pipes and baseball bats engaged in a knockdown fight that started inside the plant and spilled outside into the employe parking lot.

Genesee County Sheriff Don H Carmichael put out an emergency call to State Police who rushed troops with riot guns to the scene. However, the sheriff reported the trouble was over by the time officers arrived. Police were standing by to guard against further outbreaks.

The sheriff said the trouble broke out between members of the riggers and millwrights unions disputing which should get certain jobs in the plant.

He said members of the Flint local of the millwrights, plumbers, steamfitters and welders union have accused the Detroit local of the millwrights union of "goon tactics" in trying to usurp their jobs.

About 9 a.m. Carmichael said, some 200 men gathered in the rear of the plant and the fight started. The combatants surged into the parking lot, damaging a number of cars as they swung weapons at one another.

The sheriff said he understood the trouble between the two unions had been brewing "for some months." The Fisher Body division of General Motors recently took over the plant which formerly produced tanks.

Guy Kibbee Funeral Slated Tomorrow

NEW YORK (INS)—A Mass of Requiem will be offered tomorrow at 9:30 a.m. for Guy Kibbee, 74, veteran stage and screen star, at the actor's Chapel of St. Malachy Church, New York.

Kibbee, whose acting career began nearly 66 years ago on Mississippi River Showboats, died yesterday in the Percy Williams Home for Sick and Needy Actors after a long illness from palsy.

Despite his illness—he was bedridden for the last several weeks—the uncle-type actor was described by guests and nurses at the home as still the Guy Kibbee of infectious laughter and an almost inexhaustible supply of jokes.

With the exception of a brief interlude when he went into the printing business in San Francisco, Kibbee's whole life was devoted to the stage and screen.

* * *

He had barnstormed all over the country with a theatrical troupe and was a star or leading principal in more than 100 Hollywood films.

Work With Newspapers, AMA President Urges

CHICAGO (INS) — Dr. Elmer Hess, president of the American Medical Assn., today urged doctors to "cooperate with newspapers, radio and television stations."

* * *

He called the American press "the greatest educational unit that is available today" and added:

"Reporters should have your help — the facts for a story or your opinions — when they need it.

"You should never ignore their requests or be too busy to talk to them. They are your friends, and if you are frank and honest with them, they in turn will be the same to you."

Dr. Hess made his comments in his "President's Page" column in the AMA journal. He is stepping down as AMA president next month.

Cincinnati Drawing Scouters of Nation to Forty-Sixth National Council Session

By JOE HAAS

CINCINNATI, Ohio—Representing more than three million Boy Scouts, the forty-sixth annual meeting of their National Council got under way here this noon.

JOE HAAS

More than a thousand of these grownup Scouters are here for the event, coming from every state in the union, also from Hawaii, Alaska, Puerto Rico and the Virgin Islands.

Our own Clinton Valley Council, with headquarters at Pontiac and including most of the area in Oakland and Macomb counties, has shown one of the largest growths among the hundreds of councils in the nation during the past year.

Among the first to register at the headquarters in the Netherland Plaza Hotel this morning were R C. Cummings, Ray D. Baker, Mason A. Case and this reporter, representing the nearly 10,000 Scouts and their leaders in Clinton Valley Council. Others from there will be here later in the day.

The theme of this year's National Council meeting is that adopted to further a four-year expansion program in Scouting.

It is "Onward for God and My Country," and is intended to spark plug a movement to make Scouting available to every boy in the United States between now and 1960.

* * *

Clinton Valley Council draws considerable attention from the fact that it covers a rather unique area, hardly matched in any other part of the nation.

It draws its membership from both city, urban and rural communities to a greater degree than does any other council. Old Scouters in smaller similar areas are anxious to learn how its great progress has been accomplished with such a diversified clientele.

REGIONAL LUNCHEON

At the Region Seven luncheon this noon, Michigan had one of the largest representations. This region is composed principally of the states of Illinois, Wisconsin, Indiana and Michigan, and is one of the largest of the 12 regions in the union.

Today's program includes a number of Scouting pageants, reports and clinics to develop leadership training, advancement, camping activities, health and safety programs and public relations work.

In the matter of camps, Clinton Valley Council has acquired a reputation that is nationwide in scope. Its Camp Agawam at Tommy's Lake, a few miles northeast of Pontiac, is one of the largest in the nation.

This year it will break another record in attendance. Last year over one thousand boys enjoyed at least one week of camp life there. It is the largest camp of its kind in its area, and has been developed over a period of more than 30 years to such an extent that Scouting leaders here from all parts of the country want to know how it has been done.

Better Things Sighted in Business Picture

(Continued From Page One)

will average 200,000 for the remainder of the year.

Drop of 16 per cent in contracts for future construction in Michigan in April from the same month a year ago as given by Dodge Reports.

Department store sales were higher last week in all 12 federal reserve districts compared with the year before and dollar volume averaged about 6 per cent above sales of a year earlier across the nation, the Federal Reserve Board reports in Washington.

The Chicago district, including most of Michigan, was up 5 per cent over the previous week.

All auto, aviation and farm equipment workers, except those at Chrysler Corp., will get a 7-cent hourly wage increase June 1. Chrysler workers got a 6-cent boost April 1 and will get only one more penny a week hence.

One cent of the increase is to compensate workers for the increased cost of living. A 6-cent hourly increase is provided annually to compensate workers for technological advancements that provide less costly and more efficient production.

The new 7 cents will raise to approximately $2.19 hourly the average pay of auto workers still on the job.

The Army's Ordnance Tank-Automotive Command in Detroit said it planned to award more than 65 million dollars worth of defense contracts in the Detroit area in the next month.

Lt. Col. Samuel M. Burney, procurement and production chief of the command's industrial division, said the orders have "absolutely no connection" with federal action making the three cities eligible for preferential treatment. He said the pending contracts were "in the mill" before the designation was made.

In Wilmington, Del., yesterday afternoon Harlow H. Curtice, president of General Motors, told the firm's top officials that heavy goods industries "are operating at a very high level," despite a contraction in consumer spending. Curtice said some GM divisions, such as Electro-Motive, Allison and Euclid are operating at substantially higher rates than was the case a year ago.

On the building front, Dodge reports said contracts for future construction in Michigan awarded in Michigan in April totaled $116,368,000. The first four-month total of $431,591,000 was eight per cent over the same period of 1955.

Current jobless rolls in Michigan are 220,000 with 128,000 in the Detroit area, the MESC reported today.

The commission predicted Michigan's peak employment will come in late July or early August, periods in which automakers are expected to begin recalling workers for 1957 model production.

Ford told his stockholders yesterday that retail sales of automobiles will be down, and profits substantially lower than last year, but he termed prospects for the future as "particularly bright."

Cook-Nelson Post 20 Selling Poppies in Area

Members of the Cook-Nelson Post 20 of the American Legion and their auxiliary began a joint poppy sale throughout the city today. The poppies will be sold through midnight Saturday.

The poppies, which are made by disabled veterans and others in hospitals, are being sold on the main shopping streets. Headquarters for the working group is at 24 E. Huron St.

All funds from the sale will be used toward the rehabilitation of veterans and their families and the orphans and widows of those deceased. Money from this drive is also contributed to veterans hospitals, a children's home, Camp Oakland for needy children, and to transit veterans.

Pontiac Death

Mrs. George C. Provan

Mrs. George C. (Sarah Stevenson) Provan, 75, of 278 Oakland Ave., died early this morning after an illness of two years.

Born in Scotland May 15, 1881, she was the daughter of William and Mary Henry Stevenson. On July 10, 1906, the Provans were married in Paisley, Scotland.

Besides her husband, she is survived by two daughters, Margaret S. Provan and Mrs. Elmer M. Beach Jr., both of Pontiac, and one grandchild.

Service will be at 2 p.m. Monday from the Donelson-Johns Funeral Home. The Rev. Theodore R. Allebach of the Oakland Avenue United Presbyterian Church will officiate with burial following in Oak Hill Cemetery.

MRS. DAVID A. GREEN

Mrs. David A. Green, Area Resident Dies

Mrs. David A. (Mary A.) Green, 86, a resident of Pontiac for 51 years and a lifetime resident of Oakland County, died at 5:45 p.m. yesterday. She had been in ill health two years.

She was born on Vaughn road, Bloomfield Hills, April 16, 1870, the daughter of William A. and Eliza Patchett Hagerman. On Nov. 18, 1891, she was married in Bloomfield Hills to David A. Green.

The late Mr. Green had served in the State House of Representatives and as a member of the Oakland County Board of Supervisors.

Mrs. Green attended the Bloomfield School and Birmingham High School. Prior to her marriage, she taught at the former Tuscarora School on Franklin road.

A member of the First Methodist Church for 51 years, she also belonged to the WCTU and was an honorary member of the Women's Society of Christian Service of her church.

She leaves one son, J. Wendell Green of Watkins Lake; a daughter, Mrs. William C. Kampe of Bloomfield Hills; three grandchildren and five great-grandchildren.

Also surviving are a sister, Mrs. William G. Blumberg of Birmingham and a brother, Edwin R. Hagerman of Pontiac.

Service will be at 2 p.m. Saturday from the Farmer-Snover Funeral Home with her pastor, the Rev. Paul R. Havens officiating. Burial will be in Ottawa Park Cemetery.

Mother Freed After Escapade

Detroit Housewife Tells of Being Held Prisoner by Captor for 25 Hours

DETROIT (AP) — A young housewife, finalist in the recent Mrs. Michigan contest, told an incoherent story today of being held prisoner for 25 hours by a man who beat and assaulted her.

Mrs. Virginia Hauswirth, 29, crying hysterically, ran into a Royal Oak drugstore last night and said her captor had just released her from his car.

The woman's husband, Roland, had reported to police yesterday that his wife disappeared from their Detroit home Wednesday night.

* * *

Mrs. Hauswirth, near collapse, told police she had left home to attend a meeting of mothers of a Cub Scout group of which her 9-year-old son is a member.

* * *

She was expecting her brother to pick her up, she said, and when a car like his approached, she waved, the driver stopped and opened the door.

"When I saw the driver was a stranger," Mrs. Hauswirth told officers, "I tried to back away but he grabbed my wrist and pulled me into the car."

She said the driver forced her at knifepoint to stay with him while he drove to an isolated wooded area in the northeast suburbs. She said she was held prisoner in the car until about 9 o'clock last night.

Physicians at Beaumont Hospital in Royal Oak said Mrs. Hauswirth had been beaten and assaulted and had a slight knife wound on one wrist. Police planned to question her further today.

Automobile Victim in Critical Condition

Two-year-old Rodney Lockwood, of 110 Waterly St., Waterford Township, was reported in critical condition at Pontiac General Hospital today after being hit by a car driven by his father Thursday night.

A hospital spokesman said the child suffered a possible head injury and rib fractures when struck by the front of the Lockwood vehicle in the Lockwood yard.

Donald Lockwood, the driver, told Waterford Township police the incident occurred shortly after they had returned from a ride.

He said he decided to move the car farther into his driveway after first parking near the street and struck the boy when he moved forward.

The Day in Birmingham

St. James Church to Aid Chapel's Ground-Breaking

BIRMINGHAM — St. James Episcopal Church members will join those of the church's mission, St. James Chapel of Berkley at the chapel's ground-breaking ceremonies at 3 p.m. Sunday.

The Mission, established four years ago to serve Berkley, Oak Park, Lathrup Village and the northern part of Southfield Township, is beginning work on a $250,000 church-building project. The building will stand three-tenths of a mile east of Greenfield on 12 Mile Road, in Southfield Township.

The Rev. Harold E. Towne, of the Birmingham church will turn the first shovelful of dirt for a $65,000 unit. The unit will accommodate church services and activities for up to 180 in a multi-purpose room, Sunday school classes in six rooms, and will provide a kitchen and other rooms.

All on one floor, the structure has been designed by Birmingham Architect James F. Abbott.

According to the Rev. Herbert Barsale, who has guided the growing congregation for three years, the entire church will be built in about ten years.

The congregation has grown from 20 families who began meetings in a rented school, to 118 families at present.

* * *

Both a parade and a candidates rally to encourage residents to register in time to vote in the August primaries and the November election are planned.

The two events will be staged by the League of Women Voters on June 29 at 7:30 p.m.

LWV members are planning floats, bands and marching units to accompany the candidates, who will ride in open cars in the torchlight parade. Mrs. James Allen and Mrs. Richard VanDusen are co-chairman.

An outdoor political rally will feature brief talks by candidates for Congress, State Legislature, and county offices. In informal gathering, candidates will chat with residents in small groups.

Patterned after an event the League sponsored four years ago, the night's activities are in line with the League's motto, "Let the people know; make the people care; help the people act."

* * *

Marking 50 years as a Mason, John M. Riley, 656 Purdy, was awarded a 50-year medal at last night's dinner meeting of Lodge No. 44, F & AM at the Masonic Temple. Guy Powell, a past grand master of the State of Michigan, and Lt. Commander of the Detroit Scottish Rite, made the presentation in the name of a lodge in Manitoba, (Canada) to which Riley belongs.

The ceremony was a rare one, since Michigan lodges do not make 50-year awards, but rather give life membership buttons to 40-year members.

* * *

Gertrude Shattuck

Service for Gertrude Shattuck, 68, 647 Bennaville, who died Thursday at Pontiac General hospital after a short illness, will be at Manley Bailey Funeral Home at 10 a.m. Saturday. Burial will be in Elmwood Cemetery, Detroit.

Born in Detroit, Miss Shattuck came to Birmingham 48 years ago from Orchard Lake. She leaves three sisters, Mrs. Josephine Reynolds and Mrs. Irene Hatt, both of Birmingham, and Mrs. Francis Griffin, of Pontiac, and a brother, Lemuel, of Pontiac.

* * *

Mrs. Marie Wegener

Mrs. Marie C. Wegener, 863 Chester, died suddenly early this morning at William Beaumont Hospital. Funeral arrangements are being handled by Manley Bailey Funeral Home.

Hickory Grove Vote Scheduled June 11

BLOOMFIELD HILLS — Deadline for registration to vote in the Hickory Grove School District election June 11 is at 5 p.m. June 1, according to school officials.

* * *

The election will be to fill two three-year terms on the board of education. Those whose terms expire are Richard Wright and Richard Graves. Three petitions for candidacy have been submitted, but names on them have not been canvassed by the board's secretary.

* * *

Eligibility to vote requires registration with either the Bloomfield Township or Bloomfield Hills city clerk, depending where the resident lives, within the school district.

* * *

The election will be at the school building on East Square Lake road.

Friendly 'Large Cat' Upsets Park Owner

EL MONTE, Calif. (AP) — When John Shinners, a 25-year-old truck driver, moved into a trailer park here he told the court owner, "I'll have a large cat living with me."

* * *

The court owner was agreeable at the time but he called the sheriff's deputies yesterday and complained that Shinners' "cat" turned out to be an 8-month-old African lion named King.

* * *

Shinners told officers King rides around with him in the cabin of his truck during the day.

The deputies patted the animal and said as long as King is friendly there's nothing they can do about it.

FORLORN — Looking as wistful as a bride deserted at the altar, two-year-old Virginia Gibbons drew "Ahs" from by-standers. She was one of the attendants at a recent society wedding in London.

T-Men Descend in Gaming Raids

Attack in Six Scattered States Simultaneously; 14 Caught in Traps

WASHINGTON (AP) — A second series of revenue service raids on alleged slot machine and bookie joints in six states left at least 14 persons facing criminal charges today. More arrests are expected.

• • •

Sixteen establishments were raided yesterday by the government agents following up leads from a similar effort April 19. Eighteen persons were arrested at that time.

The agents, directed from Washington, operated without the knowledge of local authorities as they hit social clubs, restaurants, a fish market and a number of private homes.

FEDERAL CHARGES

Those arrested were charged with violating the federal wagering law of 1951, which among other things requires a $50 occupational stamp for gamblers and imposes a 10 per cent tax on wagers.

Some of the raiders found nothing, but other confiscated slot machines, scratch sheets and other equipment used allegedly for horse track and baseball betting.

DISPERSED RAIDS

Four persons each were arrested in a Bridgeport, Conn., fish market and a private home in New Haven, Conn. Three others were arrested in Newport, Ky., where agents reported finding 25 slot machines. Two Nashville, Tenn., men and one in Cleveland also were arrested. In Cleveland, agents reported seizing six telephones, bookie equipment and race scratch sheets.

Four private homes and a waterfront cafe in Arabi, La., a New Orleans suburb, were among the places raided with no arrests. One raid was staged also in the California border town of Dulzura.

New Fishery Group

WASHINGTON (AP)—The Senate has passed and sent to the House a bill creating a U.S. Fisheries Commission within the Interior Department. Its job would be to halt the decline in the fishing industry.

A Bull Story

SHELBYVILLE, Ky. (AP)—When a dog chased a bull in front of a car driven by Charles Smith, the dog was killed, the car was heavily damaged. The bull shook his head and ambled away.

Tornado Alert System Adopted for Schools

Pontiac's Board of Education has shown sound judgment and foresight in adopting Michigan Bell's tornado warning system for the protection of the City's school children.

This weather warning service will go not only to all 27 public schools but to 23 business and industrial establishments already connected to the telephone company's warning service.

★ ★ ★

For tornado, hurricane and flood alerts the "white signal" will be used. A flashing light will be accompanied by steady ringing of a bell for 16 seconds followed by a long pause and then repeated.

One of the reassuring results of the Board's decision is an announcement by J. Cecil Cox, assistant superintendent of schools. He revealed that school children from now on will have disaster drills similar to air raid drills.

★ ★ ★

It is highly improbable that there will be any question about the wisdom of the Board's action. Instead, the memory of the 20 or more tornadoes which battered Southeastern Michigan recently should make any taxpayer applaud the trustee's decision. Certainly, nothing should be left undone to safeguard our school children.

New Envoy to Manila

Following his Senate confirmation as Ambassador to the Philippines, Alfred Nufer is preparing to leave for his important new post.

The Nation is fortunate in having as able a diplomat as the envoy to Argentina to succeed former Ambassador Homer Ferguson. The latter served with distinction for a year in Manila before returning home to accept appointment as a Judge of the U. S. Court of Military Appeals.

★ ★ ★

While U. S.-Philippine relations always have been friendly, several questions affecting them remain to be resolved. Important among these are some Filipino monetary claims against the United States. These must be examined and settled.

Agreement also should be reached on the matter of our military bases on the islands. In this area broad principles have been laid down but there is need for more complete definitions.

★ ★ ★

There should be no difficulty in reaching reasonable settlements of all outstanding problems between our two countries. The basic interests of Washington and Manila do not clash. The objectives of both Governments are similar and that augurs well for continued amity.

Fly Your Flag May 30

The approach of Memorial Day should serve as a timely reminder for all of us to fly our flags that day in honor of the Nation's heroic dead of all wars.

Over the years downtown Pontiac has distinguished itself by a splendid showing of our national emblem on this and other holidays. Not only along our main business streets but from the flagstaffs of all public buildings Old Glory has been proudly displayed.

★ ★ ★

Unfortunately, however, this is not true in residential sections. A casual drive around the City last Memorial Day revealed a disappointingly small number of homes flying the Stars and Stripes.

We urge householders to help correct that condition. Take the time to honor the dead by flying the flag they so gallantly served. Do it not only on Memorial Day, but on Flag Day, June 14, July 4 and Labor Day.

If you haven't a flag, there's plenty of time to buy one.

Puerto Rican Progress

The people of Puerto Rico had many good reasons for their six day celebration of the great economic progress made by the island commonwealth.

This progress is reflected in many ways. For the first time in history income from manufactured products now exceeds that from agriculture. Since 1940 productivity per worker has doubled and the average annual family income has increased from $600 to $2,360. In the same period total commonwealth net income has climbed from $230,000,000 to almost one billion.

★ ★ ★

Two other Puerto Rican achievements which fall into the category of social advance are well worth mentioning. In less than ten years life expectancy has increased from 46 to 61 years and literacy has climbed to nearly 80 per cent.

A noteworthy factor in the island's advances are the wise and energetic policies of Gov. Luis Munoz Marin. These include effective campaigns to attract new industries, diversify agriculture and bolster the tourist trade.

★ ★ ★

What makes this progress additionally significant is that it was brought about without drastic restrictions of any kind and with the people's hearty co-operation.

The Man About Town

60th Anniversary

Largest Loss of Life in Day in County's History

Grass Widow: A wife who has been left with the care of the lawn.

It was 60 years ago today that the heaviest loss of life in one day in the history of Oakland County took place. Early in the evening of Monday, May 25, 1896, a cyclone swept through our northern tier of townships, killing 43 and injuring several others who died soon after or were crippled for the rest of their lives.

Man About Town well remembers that tragic occasion. He then was teaching a rural school in the north part of Holly Township, within one mile of where the first buildings were blown down.

Remaining after school, he recollects that a heavy wind ensued about six o'clock. The schoolhouse was on a hill, but was not harmed. The spectacle of the cyclone passing only such a short distance away will never be forgotten, nor will the tragic scenes that followed.

A horse and buggy inspection of the devastation was made during the next few days. Most of the lives were lost in Groveland and Brandon Township. Dozens of the graves in the Ortonville Cemetery now bear the death date of May 25, 1896.

In response to a request in this column a few weeks ago, the names of several people who went through that terrible ordeal of 60 years ago, and still are living were recently published. Additions to that list now include Mrs. Minnie Redmond of 6 South Shirley St. in Pontiac; John Westerby of Ortonville and Ben West of Oakwood.

Cutting across the Oakland Hills golf course on his way to work,

Frank Persley

found a three-foot garter snake that had evidently met death in trying to swallow a six-inch fish.

Taking no further chances is

Stanley Wickline

who has dug a cyclone cellar near his home on West Maple Road, on the spot where his barn stood before the big blow of May 12.

My Metamora scout sends word that

Mrs. Donald Cascadden

is one of the directors of the new Walking Horse Association of Michigan.

Verbal Orchids to—

Charles Hendrick

of 99 South Jessie St.; eighty-seventh birthday.

Mr. and Mrs. Frank Harp

of 68 West Chicago Ave.; golden wedding.

Mrs. Libbie Hicks

of Farmington; ninety-first birthday.

Mrs. Ida Mae Beattie

of Waterford; eighty-first birthday.

The Usual Election Year Nightmare

Voice of the People

Mrs. Carl Kelly Relates Hoxsey's Help for Father

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Last week I read about the woman taking her husband to the Hoxsey Clinic. Was he cured? Yes, I think he was.

My father was taken very ill late one night and taken to the hospital, where the doctor told him he had cancer and that it would be a 50-50 chance during surgery. He didn't go through with it and came home with no hope for a future.

A week later he left by car for treatment at Hoxsey, where he went through X-rays and tests of all kinds. No surgery or radium treatments were given. But he came home with black, white and red pills, which have saved his life, and his family's, too.

I am very proud to say that if it hadn't been for the quack, as some people call him, my father would be dead today. He feels better now than he has in 20 years. If there is a cure for cancer, why can't we have it here in Michigan?

Mrs. Carl Kelly
4769 Cass Elizabeth Rd.

THOUGHTS FOR TODAY

And Moses stretched forth his hand toward heaven; and there was a thick darkness in all the land of Egypt three days:—Exodus 10:22.

* * *

It is always darkest just before the day dawneth.—Thomas Fuller.

British Empire Remnants Striving to Break Loose

By JOHN H. MARTIN
INS Foreign Director

Britain observed "Empire Day" yesterday at a time when the word empire is distinctly unfashionable and when Britain is in danger of losing even more valuable bits of real estate.

* * *

"Commonwealth," a grouping of free nations, is more of a key word today than empire in the British political setup. Since World War II the British have given up colonial control over Asian and African regions totaling 3,000,000 square miles.

But now the communication lines linking the various commonwealth nations are endangered by acute nationalistic drives for complete independence.

The decline of British influence in the Near East is evident in various ways, especially in Egyptian hostility.

* * *

The Reds are feeding arms to Egypt, and Moscow has given Premier Gamel Abdel Nasser a new toy to play with — a personal twin-jet plane. This present followed, coincidentally or not, Nasser's diplomatic recognition of Communist China.

ARABS AT WORK

Arab nationalists are working to pry the Aden protectorate and colony away from Britain. Greek-descended Cypriots are fighting to oust the British from the vital east Mediterranean base of Cyprus.

* * *

Ceylon, with a government that emerged with leftist support, says the British can no longer keep bases there.

And the British are in real danger of losing Singapore.

Foreign Secretary Selwyn Lloyd has pledged to use force if necessary to hold Cyprus, Aden and Singapore. He holds that these bases are strategically vital not only for Britain but its allies, of which the United States is the major partner.

Negotiations on independence for Singapore broke down recently when Britain insisted that it should have special intervention powers in internal and external defense.

* * *

This precaution was against the fact that a Communist-front party in Singapore already is nearly strong enough to win at the polls.

However, the delay in giving independence will afford local Reds plenty of excuses to urge anti-British violence among Singapore's 800,000 Chinese.

MAYLAYAN POSITION

Malaya, neighbor of Singapore, has won some independence but needs British military aid against the Reds in the long war there.

Malaya's leaders also want no part of Singapore joined in their federation. They already have enough trouble between two rival nationalities, the Chinese and native Malays.

American policy cannot be entirely divorced from British troubles. If Singapore is lost it will be up to the United States to provide more defenses for Communist-threatened Southeast Asia, from bases in the Philippines.

Portraits

By JAMES J. METCALFE

I try to keep an open line . . . For every urgent call . . . To do the favors I am asked . . . However large or small . . . Not on the busy telephone . . . That occupies my ear . . . But on the switchboard to my heart . . . With its connection clear . . . An open line to every friend . . . Whatever be his plight . . . The weight of other matters or . . . My weariness at night . . . Sometimes it is the only line . . . To help them anywhere . . . And it could be the lifeline to . . . Their rescue from despair . . . I try to keep it open, and . . . I hope I never fail . . . To answer any urgent call . . . And be of some avail.

David Lawrence Says:

Egypt's Unpredictable Boss Nasser Playing Both Ends Against the Middle

WASHINGTON—"Let Them Go Communist." This epitomizes a growing sentiment in Congress about the so-called "neutrals." It means that the United States must not allow itself to be blackmailed into foreign-aid programs by governments which under the guise of neutralism are really "playing both ends against the middle."

The case of Egypt is much discussed hereabouts. Nasser, an ambitious leader, is trying to play the Soviet Union against the United States. He wants the Aswan Dam built. It's a very important project—it will take 18 years to build. It means needed irrigation for millions of acres of land.

The Aswan Dam and the canal distribution of the water, together with the hydroelectric work that goes with it, will cost at least $1,000,000,000. Irrespective of whether Nasser is a statesman or a Communist stooge, the dam means a lot to the future of the people of Egypt. Hence the American government wants to help, but can't be in the position of placing itself in the clutches of an ambitious dictator who claims he is undecided whether to line up with the West or with the Communists.

Reports from inside Egypt reaching here indicate that the Communists are making real headway there and are using Egypt as a base of military operations to stir up trouble for the Allies in Algeria and Morocco, and also to stir up friction through intrigue inside the Arab world.

Thus far, Moscow seems willing to grant a 35-year loan of $200,000,000 to build the dam. But the huge reservoir itself would be useless without the projects to distribute the water throughout Egypt and the Sudan. These will cost $800,000,000 more. There are many knotty problems still to be solved and meanwhile Nasser doesn't seem to be doing much in diplomacy to forward the cause of the people of his own country. He manages to insult the United States about every other week. His latest pact with Communist China flies directly in the face of America's friendship.

The willingness of Nasser, moreover, to accept the Communist scheme which seeks to establish a military foothold in the Middle East has aroused suspicion in the West. Thus, because of his arms deal with Czechoslovakia, and now with Communist China, the whole strategic problem will have to be reviewed by NATO.

Also by 1960 the Suez Canal is scheduled to come under complete control of Egypt. Will the western nations accept such a transfer if it means handing to the Soviets control of one of the most important waterways in the world? From a military standpoint, Egypt cannot be protected by the Soviets for they have no naval strength in the Mediterranean. The western powers, on the other hand, in time of war probably would not hesitate to seize control of the Suez Canal as a measure of self-defense. For Egypt would not be regarded then as "neutral," but as an ally of the Soviets.

Can Egypt afford to place herself within the Soviet military orbit—in an area which the West will have to consider hostile if war should break out? This is something Nasser will have to consider.

It's something also that Sukarno of Indonesia will have to take into account. Sukarno has accepted Communists into his government. He was careful in his speeches here to refrain from saying anything that would indicate he is disturbed by Russian colonialism. He criticized western "colonialism" and made just the kind of speech that pleases the Kremlin. He knows, of course, that this country wants Indonesia's friendship. But at what price? How much money does Sukarno really want from America?

They liked the Indonesian's oratory on Capitol Hill but the large majority of the members of Congress are not gullible. The game of attempted extortion goes on as "neutralism" becomes the camouflage of the so-called "uncommitted" governments. The tendency now in many quarters is to say "Let Them Go Communist," and "let Soviet Russia actually come through with all the financial aid Moscow has been talking about."

Most experts here think the Soviet "competition" is a gigantic bluff and that if America refuses to be taken in, the newly arison governments in Asia will some day discover that there are no strings attached to being friendly to America such as the Communists in Moscow or Peiping would impose.

Expectant Mothers Should Build Up Calcium Supply

BY WILLIAM BRADY, M. D.

"I am forty years old and expecting my first baby in November. Do you advise taking all the pills a doctor prescribes during pregnancy? Especially calcium etc., for baby's teeth and bones?" (Mrs. M. H.)

Mrs. H. thanks me and says: "God bless you for your reassuring teachings." As for that, Ma'am, Hippocrates taught me this daily prayer:

Father, let me write nothing this day that will depress or discourage. Let me write only what will do good.

In the booklet **Preparing for Maternity** are three chapters which I wish every young woman expecting her first child could read: (1) Women Today Are Stronger, (2) Natural Childbirth, (3) Her First at Forty.

Most earnestly I assure you, Mrs. H., and other potential or prospective mothers who happen to read this piece, everything I say in the booklet or elswhere about childbirth is based on experience, not mere theory.

You do not say so, Mrs. H., but from the happy spirit of your letter I infer that the neighborhood saireygamps have not operated on you, or maybe you just had to chuckle at their initial attempts to fill your mind with morbid pictures of the "throes" ahead.

Milk is the best source of calcium. A quart of milk a day (furnishing 1 gram, approximately 15 grains, of calcium) is enough in the first half of pregnancy, but in the last half 3 pints of milk (furnishing 1½ grams, approximately 22 grains, of calcium) or the equivalent in other sources of calcium, must be consumed by the expectant mother to permit maternal storage, supply calcium for the placenta and amniotic fluid and to provide material for the developing skeletal structures of the fetus. Skim milk furnishes virtually the same amount of calcium as does whole milk.

Calcium deficiency in pregnancy manifests itself as cramps in legs and arms, headache, insomnia, rapid decay of teeth, and, in the opinion of some physicians, a tendency to eclampsia.

Most persons who consume less than 1½ pints (three glasses) of milk or the equivalent (10 or 12 grains of calcium) daily have one or another of the complaints due to calcium deficiency. During pregnancy, if this deficiency is not corrected, the growing fetus, like a parasite, drains the calcium it needs from the host's tissues. To prevent all this, and supply all the vitamins and minerals the pregnant woman needs, the expectant mother should supplement her diet with Calcinatal — which is not medicine, but food: Calcium, iron, vitamin A, thiamine (vitamin B1), riboflavin (B2), nicin, ascorbic acid (vitamin C), vitamin D, and vitamin B12 (the red blood vitamin).

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1956)

Case Records of a Psychologist:

There Are Finer Marriage Prospects but Old Bachelor Is Better Than None

Doris has a dilemma. Her bachelor fiance is content to coast along at the status quo. So she must knock the emotional crutch out from under him and wake him up. If he still prefers mama to Doris, she better shop around for better prospects. Widowers are usually superior to old bachelors, for they have already been housebroken and are thus more considerate males.

By DR. GEORGE W. CRANE

Case R-365: Doris D., aged 29, is an attractive school teacher.

"Dr. Crane, I have a love problem," she confessed with a rueful smile.

* * *

"For three years I have been dating an engineer named Ted, who is 35.

"He has a good position and also says he loves me with all his heart.

"But he seems afraid of marriage. He stalls with the most foolish excuses, though I really believe he does love me.

"He is the only son of a widow and she is jealous of me. Before we started dating each other steadily she was fine, but as soon as she found that Ted was centering his affection on me exclusively, I noticed a change.

"She became cool. It is so obvious that Ted sees it, too. But he says if we just wait long enough, everything will work out all right.

"Meanwhile, however, I have had to postpone my marriage twice. Should I go on with this watchful waiting policy?"

BEWARE OF BACHELORS

Even a young widow has a difficult time marrying a bachelor so you single girls can thus realize that it is a serious problem.

Bachelors are likely to be a slave to the bad habit called "manana" or "tomorrow."

They seesaw back and forth today about whether to marry or not to marry, and then decide "Well, I'll wait till tomorrow to make up my mind."

And when tomorrow arrives, they engage in a similar Hamlet type of soliloquy about whether "to be or not to be" married and again end by saying to themselves, "I'll wait till tomorrow to decide."

Ultimately this habit of waiting till tomorrow or depending on time to solve their problems, becomes

entrenched. They thus are literally slaves of manana (Spanish for "tomorrow").

WIDOWERS VS. BACHELORS

Other things being equal, it is usually better to marry a widower than a bachelor.

The widower has already been housebroken by his former wife and thus has been taught to show more consideration for women.

* * *

Bachelors are set in their ways and unwittingly selfish. If they are 35 and unmarried, it often means they are sexually weak, too, or unduly tied to mama's apron strings.

They are "play acting" in life instead of actually entering into the real thing. Sometimes they show intense egotism by boasting about their many former girl friends.

This is a juvenile reaction typical of a teen-ager. To win one good wife excels 100 ex-girl friends!

The bachelor is like the diffident swimmer who is afraid of cold water. He gingerly touches the water with his big toe and fritters away half the afternoon trying to get up courage to make the plunge.

Once he is in the water, he enjoys his swim, but he cheats himself of a longer swim by his own long period of indecision.

And so it is with marriage. Old bachelors are usually poor bets for happy marriage.

If you can't find better prospects, however, then you might be willing to settle for an old bachelor, using the "half a loaf" philosophy.

EMOTIONAL CRUTCH

Sometimes a girl like Doris can shock her complacent bachelor fiance into action by knocking the emotional crutch out from under him.

For a girl becomes an emotional crutch to her escort if she builds up his ego with honest compliments and generally makes him happy.

When he has learned to rely on her heavily, then she should introduce some competition by going with another boy, even though it be her cousin who is brought into the picture for purposes of jolting the placid bachelor.

No smart girl should ever let a man monopolize her time for longer than a year. After that, become a free agent once more and date new prospects. Shop around for better matrimonial merchandise.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1956)

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

THE JUNIOR EDITORS' ORCHESTRA — 5
THE TRIANGLE

Dick is playing the triangle, which is made of steel and makes a sharp vibrating note when struck with a steel rod.

He is sitting on a Chinese drum he made out of an old keg. He painted it a bright yellow, put Chinese symbols on it in black, and covered the top with a piece of inner tube rubber stretched tight and bound firmly. Beside Dick is his tambourine.

Color this picture with crayons, and don't forget that Dick has a red coat and cap like the rest. Paste it down on cardboard, and then cut out the parts carefully.

Attach the separate arm to his shoulder with a brass fastener or bent pin through the holes indicated, so Dick can strike the triangle.

Fold back the ends of the base and Dick will sit up.

(Roger Clapp, of Northampton, Mass., wins $10 for first suggesting this idea. If you send in a useable idea for Junior Editors care of this newspaper, you may win $10. Violet Moore Higgins; AP Newsfeatures.)

Tomorrow: The Cymbals.

Michigan Woman 'Cured' After Prayer at Lourdes

GRAND RAPIDS (AP)—Mrs. C. J. Witheril, pain-racked by cancer a month ago, was smiling and cheerful at home today after a pilgrimage to the religious shrine at Lourdes in France.

She recalls that, before the trip, she could walk only a few steps without resting. She was in constant pain.

Yesterday she moved around like a woman who has never known illness.

"I was kneeling and praying at the shrine," Mrs. Witheril said, "suddenly the pain was gone. I could take a deep breath, something I couldn't do before."

She prayed for 5½ days at the shrine.

STRONGER EVERY DAY

"I grew stronger and felt better as time went by," Mrs. Witheril relates. "Wonderful is a small word," she says of the experience.

From Lourdes, Mrs. Witheril traveled to Germany to visit a daughter, Mrs. James E. Dwyer, before returning home.

She said she has talked with her doctor by telephone and is scheduled for an examination soon. Prior to the pilgrimage, she underwent three major operations.

Mrs. Witheril's husband, a Grand Rapids machinist, and their children, Sandra, 15; Margaret, 11, and Jimmy, 9, happily shared her joy.

Rev. John Klonowski of St. John Vianney's Church terms it "a remarkable recovery."

Mrs. Witheril adds:

"If it's God's will, my prayers were answered. It appears they were."

Health Commissioner Gives Heart Address

LANSING (AP) — Dr. Albert E. Heustis, state health commissioner, says progress is being made indirectly toward control of heart disease.

* * *

"We've controlled the cause of many forms of heart trouble, such as simple goiter, typhoid fever, diphtheria and syphilis," Heustis said.

Goiter-caused heart trouble has been licked by the promotion and use of iodized salt. And reductions in the incidence of the other three diseases, by attacks directly on them, have had the side effect of cutting down on heart disorders, he said.

* * *

"To a great extent, the deaths caused by heart disease reflect our lengthening life span," Heustis said. "Many are being saved from one-time killers and are living long enough to run into heart trouble."

Wilson Always Knows About Surprise Parties

By EARL WILSON

NEW YORK—I claim to be an expert on birthday surprise parties as I have been the guest of honor at two surprise parties at which I was not surprised.

★ ★ ★

A couple of years ago Jackie Gleason inadvertently tipped me off.

Jackie was full of apologies—I said apologies—and sent a floral piece to the party as big as he was.

Not long ago, Gary Wagner, the photographer, wanted to give me a surprise party.

"I can do it," vowed Gary, who arranged a party for a couple of hundred. But it was to be, not on my birthday, a Thursday, but three nights later, a Sunday.

Not a hint of it came to me until the Wednesday night before, when I met singer Julie Wilson.

★ ★ ★

"I'm coming to your birthday party Sunday night," she volunteered.

So that was the end of that surprise. Beautiful Julie was given the Blabbermouth Award.

Since that, Gloria Vanderbilt gave a successful surprise party for not one but two surprises, Dick Avedon the photographer, and Arnold Krakauer, the lawyer.

I asked her how she did it without anybody tattling, and she said, "Easy—I just told everybody to keep their mouth shut." Shucks, I guess nobody in Our Set had thought of that.

GLORIA

THE MIDNIGHT EARL . . .

Here's a bombshell: Gina Lollobrigida and Howard Hughes' attorneys made a new, secret deal in Rome May 17 for both Gina and her husband, Dr. Miko Skofic, to make films in the U. S. for or with Hughes or under his guidance . . . Frank Sinatra's deeply hurt at reports he gave Ava Gardner a Madrid brushoff. Claims he was cordial.

Mae West fired muscle man Chuck Mahoney after he'd dated Latin Quarter beauty Chick James . . . Grace Kelly's former sec'y., Nadia Woods, is writing a tongue-in-cheek but friendly book about her part in the wedding . . . Jayne Meadows'll leave "I've Got a Secret" six weeks to play summer-circuit "Tea and Sympathy."

Pianist Errol Garner's hospitalized with head injuries after a cab crash, but saved his hands . . . Art Carney's in demand for summer stock. "We'll take him, even if he only recites 'The Lord's Prayer'" one producer said . . . Latest Patti Page-Charlie O'Curran marriage date: Labor Day . . . Ruth Kuzub, a dancer in "Fanny," makes her film debut in "Trapeze."

RUTH

Since the Montgomery Clift auto crash, MGM won't let Lee Marvin drive his motorcycle . . . At Gary Crosby's pre-induction party a friend said, "Hey, why don't you ask your father to buy the Army so you won't have to go?"

EARL'S PEARLS . . . "Right after the moon gets itself full, it finds itself down to the last quarter." Tom Kelly, Emmetsburg, Iowa.

WISH I'D SAID THAT: "A bore is a guy who'd rather change his friends than his topic."—Lou (Gilmore's) Levin.

Comic Dick Shawn, who was a hit at the Eden Roc in Miami Beach, explains he drinks only on special occasions: "Such as sunset or weekdays."

. . . That's earl, brother.

Noise-Making Pays Off for Lucy's Video Son

LOS ANGELES (AP) — Richard Keith is one 5-year-old who has made his noise-making pay off.

* * *

The boy, who began pounding drums at the age of 10 months and became a professional drummer two years ago, had a seven-year contract approved in court yesterday, with a beginning salary of $300 a week.

* * *

His contract is with Desilu Productions, producers of the I Love Lucy show. Richard's first assignment will be the role of Ricky Ricardo Jr. on the Lucy show.

He was born Keith Thibodeaux in Lafayette, La.

Chippewas Volunteer Aid on Race Problem in State

CHEBOYGAN (AP) — Chippewa Indian Chief Moose Gibson has promised his tribe will cooperate with a committee created by Gov. Williams to study Indian problems in Michigan.

* * *

The Harbor Springs Indian chief is leading a fight to have the state compensate the tribe for a 375-acre tract at Burt Lake which was once part of the Chippewa Reservation.

The Indians claim they were illegally driven off the Burt Lake site in 1900 by the Cheboygan County sheriff.

* * *

Gov. Williams has not announced the appointment of any members of the new Indian Affairs Committee.

PDC PLYMOUTH

OFFICIAL JACKPOT RULES

1. Contest is open to any person in U. S. or its territories who owns any make, model or year passenger car registered in his or her name, except employees and their immediate families of Plymouth Motor Corporation, Plymouth Division of Chrysler Corporation, its advertising agencies, the American Mailers and Binders, and Plymouth dealers.

2. There's nothing to buy. Take your registration certificate or any document proving legal ownership of your car to any Plymouth dealer. Register on the entry blank the state license plate number of your car, its make, model and year.

3. Fill in on the drawing of the standard Push-Button drive selector the designations of the push buttons in the proper locations. These designations are: "N" for Neutral, "L" for Low, "D" for Drive and "R" for Reverse. This must be done completely and correctly for you to be eligible for drawing of winners.

4. Enter your name and address where indicated on the entry blank and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place your entry in official contest entry box.

5. Winners will be selected by the American Mailers and Binders, an independent judging organization. Winners will be required to answer correctly a simple quiz on safe driving in order to receive their prize. Decisions of the judges will be final.

6. All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter into correspondence with any contestant, except winners.

7. Contest opens at beginning of dealer's business day, May 25, 1956. Entries must be placed in entry box before close of dealer's business day, July 14, 1956.

8. Winners will be notified by mail by September 14, 1956. Names and addresses of winners will be posted in Plymouth dealerships. Prizes will be awarded at Detroit, Michigan.

9. Contest subject to all Federal, State and local regulations.

Takes Grand Rapids Post

GRAND RAPIDS (AP)—Joseph G. Griswold Jr., Grand Rapids furniture, executive, has been elected president of the city's convention bureau, succeeding George V. Brandt. The bureau was founded in 1927 as a Michigan non-profit corporation. Edward J. Brunette, reelected secretary-manager, estimates Grand Rapids' convention business will top $5,000,000 this year.

You — You Are the Only Solution to the Growing Traffic Death Rate

CHICAGO (AP) — The man who can do most to solve the nation's traffic death problem is the man behind the wheel of the car.

The experts talked in such terms of ultimate responsibility in prepared speeches at group meetings of public officials and civic leaders from 14 states.

The participants—1,600 of them—are attending a Midwestern regional conference sponsored by the president's committee for traffic safety.

Col. Hugh H. Waggoner, superintendent of the Missouri highway patrol, put it this way:

"Traffic safety is an individual problem, and until every driver is conscious of his responsibility, there is no solution in sight.

"Meetings such as this can only develop methods of reaching the individual driver through community organizations and selling him on traffic safety and the need for his cooperation. To carry out such a program it is necessary to organize a well-knit, forceful working group that can coordinate safety activities in every community in every state.

The main purpose of the two-day parley is to hasten the formation of citizens groups in all communities to support sound, vigorous safety programs.

"We need an aroused citizenry," said W. S. Richardson of Akron, Ohio, chairman of the national highway users conference, " to force action on police, prosecutors, courts and the legislatures in regard to traffic safety regulations.

Homer B. Thomas of St. Paul said cooperation of all concerned was a big factor in the safety progress made in Minnesota.

Edward L. Warner Jr., president of the Safety Council of Greater Lansing said Lansing had reduced its traffic deaths by more than 50 per cent — due, in part, to "the wholehearted cooperation we obtain from the man in the street as well as from the industrial executive."

The conferees were told the place to start with the person who holds the key to the solution of the problem — the individual — is in high school.

* * *

Joseph Childs, Michigan's state police commissioner, reported the Michigan legislature enacted a law to provide for driver education in high school for every pupil under the age of 18.

California Asks Halt to Marijuana Traffic

LOS ANGELES (AP)—An attorney says thousands of young Californians are becoming narcotics addicts and U.S. authorities should "get tough" along the Mexican border to halt marijuana traffic.

Atty. Robert A. Neeb Jr., southern California chairman of the Attorney General's Advisory Committee on Crime Prevention, addressed the grand jury and urged:

That the United Nations commission on narcotics seek better cooperation from Mexico to stop the production of marijuana.

The establishment of a California commission on drug addiction which would be empowered to utilize state hospitals and out-patient clinics for psychotherapy for addicts after their physical treatment is over.

Truce Chief Before U.N.

UNITED NATIONS, N.Y. (AP)—Maj. Gen. E. L. M. Burns, chief of U.N. Palestine truce supervision, is expected to arrive here Monday from Jerusalem. He will confer with Secretary-General Dag Hammarskjold and plans to be on hand when the Security Council considers Hammarskjold's report on his recent Middle East peace mission.

Surplus Report Hits Giveaways

Farm Overproduction Exports Unpromising, Says Gotham Paper

NEW YORK (AP)—The New York Times said today a staff report just submitted to President Eisenhower has found the prospect of solving farm overproduction by exporting surpluses to be unpromising.

* * *

A Washington dispatch to the newspaper added that the results of an 18-month study on the problem were recently handed to Clarence Francis, former head of the General Foods Corp., who is a special adviser to the president on farm surplus matters.

The story continued:

Francis passed the report to the President and Secretary of Agriculture Benson. He recommended an overhauling of government policy to meet the problem.

* * *

The report says in part:

"Since foreign disposal does not appear to offer outlets adequate for the disposition of current surpluses in the next few years, the situation strongly suggests that domestic production, price support and sales policies be carefully reviewed.

* * *

"It would appear that current output of supported commodities should be brought within the bounds of prospective dispositions; that all opportunities for decreasing production and marketing costs, as well as for increasing domestic utilization, be thoroughly explored; that legislative provisions that prohibit domestic sales except at levels materially above current prices should be reexamined; and that rigid domestic support prices for some commodities that cause the United States to be a residual supplier to world markets should be adjusted."

Battles Over 'Right-to-Work' Laws Shaping Up

By ROGER D. GREENE
Associated Press Writer

Have Americans an inherent "right to work" without paying dues to a labor union?

With political campaigns gradually gaining momentum across the nation, former New Jersey Congressman Fred A. Hartley Jr. says major battles over the "right to work" issue are developing in more than half the 48 states. Hartley is co-author of the Taft-Hartley labor law and president of the National Right to Work Committee.

Hartley predicts the controversy will erupt with peak intensity next year when those state legislatures with only a single session every two years get back into action.

Eighteen states now ban compulsory unionism—either by statute or by constitutional provision. Six of these states passed such legislation since 1947. In 12 other states where battle has been joined on the issue, proposed "right to work" laws were defeated either in the state legislatures or in a referendum. Three additional states have repealed "right to work" legislation since 1947.

Hartley says he expects efforts will soon be made to pass "right to work" laws in at least 15 states. On the other hand, he says, labor union leaders—up in arms against the laws as "union-busting"—have signalled plans for repeal drives in 12 states.

* * *

The Taft-Hartley act, which Hartley wrote jointly with the late Sen. Robert A. Taft (R-Ohio), prohibits the closed shop but permits union shop contracts.

The closed shop gives a union the right to permit the hiring only of persons who are already union members. Under the union shop, the employer may hire anyone, but the new employe must join the union within a certain period—usually 30 or 60 days—to hold his job.

The act, under section 14b, also provides that states may pass laws prohibiting union shops without conflicting with the congressional legislation.

Sen. Paul Douglas (D-Ill), chairman of a Senate labor subcommittee, recently pledged to lead a fight for revision of the Taft-Hartley law at the current session of Congress, including an attempt to knock out section 14b.

Labor leaders contend Hartley's Right to Work Committee and similar movements are designed to weaken unionism. Secretary of Labor James P. Mitchell recently told a group of Akron, Ohio, labor leaders:

"Such (right to work) laws are strictly meant to break unions. They do no good. I am against them. I tell you sincerely such laws should be repealed."

* * *

The National Right to Work Committee, however, says it was organized in February 1955 "to oppose a dangerous and revolutionary concept that has had a frightening acceptance in America in recent years—that a free citizen must belong and pay dues to a private labor organization in order to be permitted to work to earn a living."

"Forced membership in any private organization," it says, " . . . is a violation of every principle of individual freedom on which America was founded and . . . raises a serious threat to the free democratic system which has made our country the greatest in the world."

The committee, with headquarters in Washington, D. C., quoted Gov. Frank J. Lausche of Ohio as saying:

"I believe the right to work is just as sacred as the right of free speech, free press, jury trial, general assembly."

The committee also praised the stand taken recently by George A. Horvath, president of Monument Mills, Housatonic, Mass., who announced he would close his mill at a loss rather than submit to demands that his employes enter a union against their desire.

The committee said Horvath's lawyer had advised him to agree to a union shop contract, but Horvath told his employes:

"My business . . . is not the sale of human beings. If you want to belong to a union that is your business, and if you don't want to belong to a union that is also your business. I will not force you by contract to join the union in order to keep your job."

The May issue of the CWA News, official journal of the Communications Workers of America, says "the powerful J. P. Morgan financial interests" are apparently backing the right-to-work movement in an effort to enact "more anti-union shop laws."

Hartley's committee insists, however, it has no financial backing from big business. A spokesman said its hopes for success rest entirely on worker, housewives, civic clubs and others who believe that "anything compulsory is repugnant to Americans."

New Probe Seen in Clark Murder

NEWBURYPORT, Mass. (AP) — The Massachusetts attorney general today promised a new investigation of the Clark murder case after a grand jury refused to back his argument that Mrs. Lorraine Clark, 30, was not solely responsible for her husband's murder.

* * *

Mrs. Clark pleaded guilty to second-degree murder in the shooting death of her husband and was sentenced to life in the women's reformatory in November 1954.

She had said she alone killed her husband and dumped his weighted body into the Merrimack River.

* * *

Later, she changed her story, saying someone else was implicated in the murder. Published reports identified the other person as Mrs. Clark's former lover Arthur Jackson, 24.

Tulips in Full Bloom

HOLLAND (AP) — Blooming tulips in Holland and its environs will be at their peak this weekend, officials of Holland Tulip Time said today. Warm weather during the past week has brought the tulips into full color, they said. As an additional feature of the annual festival, baskets of growing tulips have been hung from lamp posts on the city's main street.

Wildlife experts says eagles can and do carry off poultry, but that such attacks are so rare as to be of little importance.

Every day, around the earth, the sun delivers the equivalent of burning 122 trillion tons of soft coal, says the National Geographic.

Hal Boyle Says:

Indian Lore May Vanish With Old Woman

PINEY GROVE, N. C. (AP)—Time is winning a slow victory over Mrs. Aggie Lossiah, custodian of a dying past.

Aggie, who is going on 76, is one of the few remaining Cherokee Indian women with a first-hand knowledge of old tribal ways and customs.

As a young girl Mrs. Lossiah, now a widow, walked 170 miles across the mountains to set up housekeeping on a small hill-side farm where she has lived more than half a century.

Sitting on the cabin porch, her stockinged feet comfortably stretched out to feel a cooling breeze, Aggie said gravely:

"It's all gone to the modern times. Things are changing just as fast as they can change."

* * *

The honk of a motor car echoed up from a modern highway where stumbling oxen once plodded. The sound stirred Aggie to reverie.

"We sold our last ox to send our oldest boy off to college," she remarked.

EIGHT CHILDREN

Aggie and her husband raised eight children and five of their grandchildren.

* * *

"I got so many grandchildren I can't count them," she said.

Mrs. Lossiah is full of ancient Cherokee hill lore. She used to make her own soap. She still knows the art of making such Indian delicacies as bean bread, possum grape drink and meat skin soup. She knows how to brew the native herb remedies—ginseng for colic, boneset for pneumonia, wild cherry for measles, Christmas fern for fever.

* * *

"But when people get sick now they run to the doctor to get a pill," she remarked. "I never had a doctor until this spring, when I spent a spell in the hospital."

FIREPLACE COOKERY

Aggie didn't want to go to a hospital. She had to be talked into it. She has no desire to adjust to modern times, has a deep contempt for new kitchen gadgets. She never has had a home with central heating. She still prefers to cook her meals in an iron pot in her fireplace.

* * *

"I don't like a stove," Aggie said. "I wouldn't live in a house without a fireplace.

* * *

"Food tastes better cooked in an iron pot in a fireplace than in an aluminum pot on a stove.

"Women today seem to think they have a better life because my day when they worked harder.

"In my day a girl knew how to hoe corn. . .to make a garden. . . to dig in the dirt like a man. Many even knew how to drive oxen and plow the field.

* * *

"Now it seems like girls are afraid to work out in the fields with their parents. There're a lot of changes."

Aggie's dark eyes smiled as she watched one of her chickens in the front yard scratch idly at the grass.

"It was root hog or die poor with me," she mused, "and I do believe I'll die poor. But I got a little place to call my own. . .a shelter. . .and that's all I care about. I have all I need."

As I got up to leave, Aggie asked where I lived. When I told her I came from New York City, she nodded and said politely:

"Is it a big city? I've heard of it, yes, I've heard of it. I heard it's a terribly muddy place."

Mighty Mountain Ranges Once Beautified Michigan

(The following story describing a little known aspect of Michigan's geography, was written for the Associated Press by Gilbert Goodwin of the Michigan State University geology department staff.)

By GILBERT GOODWIN

EAST LANSING (AP)—A "lost" mountain range once raised mighty peaks all across Michigan's Upper Peninsula.

This is the belief of geologists who uncovered "roots" or deformed foundation rocks of the mountains during iron ore explorations.

There is evidence that the range extended more or less continuously from Minnesota through northern Wisconsin, Michigan and into southern Ontario.

Width of the underlying rock structure indicates that the mountains may have been comparable to the Appalachian Mountains in eastern United States, says Dr. Justin Zinn, professor of geology at Michigan State University.

Like the Appalachians, the forgotten mountains of Michigan could even have been as high and rugged as the Alps.

RUGGED AS THE ALPS

"Geologists believe that our Appalachian Mountains may once have been as rugged as Europe's Alps," Dr. Zinn explained, "but since they are older, erosion has worn them down considerably."

"Erosion goes on continually, and in a million years the Appalachians may be nothing but hills," the professor said.

The erosion process had ample time to wear the Michigan mountains away to nothingness. Radioactivity tests on deformed rocks which were enfolded into the base of the range indicate they are some 760 million years old.

Although the mountains are gone from the Michigan scene today, they have left their traces in underlying granite formations which still remain.

These are particularly evident in Marquette, Iron and Gogebic Counties where considerable mineral exploration and mining have taken place.

"It was largely in connection with iron ore explorations that our knowledge of the deformed and infolded rock came about," Dr. Zinn said. "Otherwise we might have no idea that Michigan ever had such a mountain range."

Children's Aid Honors Foster Parents at Banquet

Pontiac Press Photos

Photographed at the annual banquet honoring foster parents were four members of the board of directors of the Michigan Children's Aid Society. From (left to right) are Judge Arthur E. Moore, honorary board member; L. Harvey Lodge of Drayton Plains, Mrs. Walter P. Reuther of Rochester and Mrs. Bert E. Norton of Rochester. The program was held at Hotel Waldron Wednesday.

Oriel Endelman (left), executive secretary of the Pontiac Branch of Michigan Children's Aid Society, discusses plans for adopted children with Mrs. Dave Williams of Leach road and Robert Johnson of Rochester, foster parents attending the Wednesday banquet.

W. E. G. Huthwaite (right), president of the board of directors of the Michigan Children's Aid Society, was photographed with Mrs. Harry Henderson of Birmingham and Mrs. M. A. Dondero of Royal Oak, both members of the board. Mrs. Syver Thingstad (not photographed) was general chairman of the affair.

Women's Section

Summery Fashions, Purses Shown

California Styles Special Feature in Style Show

Summery California fashions were modeled for 250 members and guests of the Countryside Improvement Association Wednesday when Bloomfield Fashion Shop presented its collection.

• • •

The names of "Helen of California", Ivan-Fredericks and Dee Dee Johnson, famous West Coast designers were heard during the show as models displayed the elegant styles.

Commentator for the show was Mrs. Maurice Barnett and models were Mrs. Benjamin Jerome Jr., Mrs. Edward Collins, Nora Warner, Mrs. James Blakeney, Mrs. Robert Nelson, Imogene Leonard, and Mrs. Jack Nicolls.

We're supposed to talk about dresses and playclothes, primarily, but we just can't help talking about the large, elaborate straw bags which were shown. Some are built in the shape of African huts, with weird faces peeking out. The bags come from California, of course. They come in all sizes.

There are four pages in today's Women's Section

The collection ranged from an array of sport clothes to very dressy clothes.

The importance of navy can not be overlooked nor can the no-iron fabrics be ignored. Polished cottons, imported cottons and cotton peau de soie were shown to perfection with the sheath dress stealing the spotlight.

• • •

An example was Harvey Berin's pink imported damask linen cocktail dress with back interest featured in the button closing to the hemline.

Another was a combination beige lace and handkerchief linen to make an elegant late day dress.

A comment heard was, "Fashions seem nicer this year than ever before." That's just what designers and manufacturers have been waiting to hear—and they've worked hard for it.

Completing the show was an elegant cocktail dress of matt jersey and white chiffon. The jersey top was tightly fitted to the circular skirt which featured black applique lace over the white chiffon.

• • •

Mrs. Gordon VanCamp, president of the Countryside Improvement Club introduced the commentator and the general chairman Mrs. Ernest Fuller.

Assisting with arrangements were Mrs. Kenneth Hedges, Mrs. Lynn Johnson, Mrs. Frederic Ward and Mrs. J. Arthur Mowrey.

Program chairman was Mrs. Joseph Arno and Mrs. Edwin Dryer was publicity chairman.

Mrs. Francis Oak Entertains Circle

Mrs. Francis Oak entertained members of the Ruth Circle of the Joslyn Avenue United Presbyterian Church Thursday afternoon in her home on Lake Angelus road.

Devotions were given by Mrs. Glenn Hoisington, and Mrs. Walter Hubner gave the annual report on American and foreign missions.

Mrs. Lloyd Hoyt invited the group to her home on Northfield Avenue for the June meeting.

Coming Events

OES Villa Day will be held Sunday at Adrian. Reservations may be made by contacting Edith Koons.

Personal News of Interest in Area

Mr. and Mrs. Clifford McLean of Elizabeth Lake avenue were pleasantly surprised Thursday evening when their daughter, Bernice, arrived by plane for several days' visit. She will return to her work in Denver, Colo., on Tuesday.

• • •

Sailing on Saturday aboard the SS Clipper from New Orleans on a 16-day Caribbean cruise are Mr. and Mrs. Edwin D. Rose of Birmingham. Their itinerary includes Jamaica, the Dutch island of Curacao, Trinidad, Caracas, La-Guaira, Puerto Cabello and Guanta.

• • •

Helen B. Slocum, daughter of Mr and Mrs. Frederick V. Slocum of Erie drive, was recently initiated into Kappa Delta Chi sorority at Hillsdale College. Helen is a freshman on the campus.

• • •

Walter Poe, son of Mrs. Vera Poe of Rosshire court, was pledged to Alpha Tau Omega fraternity recently on the Hillsdale College campus.

• • •

Mr. and Mrs. Eddie O'Brien (nee Peggy Rice) of Waldo avenue are receiving congratulations on the birth of a daughter, Colleen Ann, May 19 at St. Joseph Mercy Hospital.

Grandparents of the infant are Mr. and Mrs. Harry Rice of Ogemaw road and Mr. and Mrs. Ward O'Brien of Hamilton street.

• • •

Mr. and Mrs. Donald G. Finelli (nee Lena Perna) of Lenox avenue announce the birth of a son, Donald Anthony, May 12 at St. Joseph Mercy Hospital.

Maternal grandparents of the infant are Mr. and Mrs. Joseph Perna of Lenox avenue. Mr. and Mrs. Anthony Finelli of New York City are the paternal grandparents.

June 9 Ball to Be Held at Golf Club

Epsilon Sigma Alpha sorority's plans for the summer ball were well under way when committee members met with Mrs. Edward Hummel of Osage circle Thursday evening.

• • •

Mrs. Reginald Rippberger is general chairman of the dance at Sylvan Glen Golf Club June 9 from 9:30 p.m. to 1:30 a.m. Mrs. Fred Baumgartner and Mrs. Donald Giorando arranged for the local orchestra that will play for the dance.

Mrs. Russell McGlinchey is handling tickets with the help of Mrs. Anthony Grand. Mrs. Harry Woodman is contacting patrons for the dance, aided by Dee Brim and Ann Tierney.

Mrs. Franklin Oosterhof and Betty Lou DeGroot are publicity committee members.

Mrs. Hummel, decorations chairman, is being assisted by Mrs. Elmer Johnson Mrs. Ron Sweeney, Mrs. Edmund O Smith, Mrs. Clement LaBarge, Mrs. Edgar Plympton, Mrs. Lacy Schieffer and Mrs. Harold Stuckney.

Proceeds from the dance will be donated to the Child Psychiatry Program of Pontiac State Hospital. Tickets may be obtained at the door on the evening of the dance or from sorority members.

Couple Travels to Niagara Falls for Honeymoon

Honeymooning at Niagara Falls are Mr. and Mrs. Lawrence Lang. She is the former Marjorie Ann Husereau, daughter of Mr. and Mrs. Alphonse Husereau of Park Place. Lawrence is the son of Mr. and Mrs. Leslie Lang of Flint.

The double-ring ceremony was performed Saturday by the Rev. Fabian Weber at St. Vincent de Paul Church.

The bride chose a waltz-length gown of French illusion and Chantilly lace. Her fingertip veil was secured by a crown of tulle trimmed with sequins and pearls. She wore a single strand of pearls and carried a bouquet of white roses on a prayerbook.

Maid of honor was Sue Landry and bridesmaid was Gloria Batten. They wore gowns of nylon chiffon in aqua and pir', respectively.

Charles Thompson Jr. was best man and James Myers was groomsman. Seating the guests were John Maletic and Booth Browne.

The bride changed to a red princess-style dress with white accessories and a corsage of white roses for traveling to Niagara Falls.

On their return the newlyweds will live in Flint.

Meeting Conducted by Interlakes Group

Sixteen members of the Interlakes Extension Club met with Mrs. Raymond Sweeney of Exmoor road Wednesday. Roll call was answered by the exchange of favorite recipes.

• • •

The lesson, given by Mrs. George Quine was, entitled "Meeting the Meat Bill." She spoke of budget buying of meat cuts and plans for purchase.

• • •

A buffet luncheon was served following the meeting with each member contributing a dish recommended at past meetings of the club.

New Leaders Are Installed by Newcomers

Mrs. William Merritt accepted the presidency of Newcomers Club Wednesday evening at the annual closing dinner held at Rotunda Inn. Her mother, Mrs. Grant McDonald, is outgoing president of the club.

• • •

Other officers introduced at the dinner were Mrs. Wilfred Beebe, vice president; Mrs. James Graybiel, secretary; Mrs. Peter Dunn, treasurer; Mrs. Bernard Woessner, chairman and historian, and Mrs. Peter Aldo, program chairman.

Mrs. Beebe is also serving as social chairman, with Mrs. Joseph Galardi handling membership; Mrs. McDonald, constitution revision; Mrs. William Motzny, courtesy and bridge; Mrs. Howard Droeser, finance; Mrs. Clifford Wilcox, philanthropic and social activities, and Mrs. William Emerson, telephone.

• • •

Plans were announced for a picnic for members and their families at the McDonald home on Clintonville road in July.

Pontiac Press Photo

The president's gavel of Newcomers Club was presented to Mrs. William R. Merritt (left) of Graves street by her mother, Mrs. Grant McDonald of Clintonville road. Mrs. McDonald is outgoing president of the organization. The annual closing dinner of the club was held Wednesday evening at Rotunda Inn.

First Lady Candidates

Evie Combines Beauty and Talent

This is the fourth of six articles providing frank personal portraits of this year's candidates for one of the most glamorous jobs in the world—first lady in the White House.

By RUTH MONTGOMERY

WASHINGTON (INS) — Pulchritude and music will dominate the White House if unpredictable winds again waft a Missourian into the No. 1 spot.

• • •

Evie Symington is as pretty and talented as her husband is tall, blond and handsome. Even their bitterest political rivals concede that Democratic Sen. Stuart Symington of Missouri and his brunette social wife make a striking pair.

Both politics and wealth are old hat to Evie, whose late father, James W. Wadsworth, enlivened the U.S. Senate from 1915 to 1927 and came back to the House in 1933 for 16 more colorful years.

Born with the proverbial silver spoon in her mouth at the family estate in Geneseo, N.Y., 53 years ago, Evelyn graduated from Oldfields near Baltimore, a finishing school that also boasts the Duchess of Windsor as a more-or-less distinguished alumna.

Evie at 18 could have had the most glamorous debut in Washington. Instead, she chose a trip to Europe and on her return—at a friend's debutante dance—met a 20-year-old sophomore from Yale.

COMMUTING SUITOR

Cupid played right into their hands. Stu's parents lived in nearby Baltimore, and commuting to Washington was a cinch. Two years later, after Symington landed a wage-earning job as a molder in a Rochester foundry, the troth was pledged.

• • •

A bit wistfully, Evie recalls that she probably saw Stu oftener during their courtship. By day the young bridegroom toiled in the foundry and by night studied metallurgy and mechanics at Rochester University.

A few years later, on moving to New York City, Evie electrified her friends and shocked her relatives by becoming the first socialite singer in Manhattan nightclubs.

She made her debut at the Place Pigalle in 1932, and for four subsequent years had a heady whirl in supper clubs and radio studios.

• • •

But Stu's personal fortunes looked up, they moved to St. Louis, and Evie became a proper young matron, rearing their two sons and doing volunteer hospital and Red Cross work.

The close of World War II brought Stu to Washington as chairman of the Surplus Property Board, and in rapid succession he became secretary of the Air Force, chairman of the National Security Resources Board, administrator of the Reconstruction Finance Corp., and a U.S. senator.

FAMILIAR ROLE

Evie was back where she started, this time as a Senate wife instead of daughter, wrapping bandages for the Red Cross at Senate ladies luncheons and helping with civic drives.

• • •

Not until Adlai Stevenson began to slip in the New Hampshire and Minnesota primaries did we-want-a-winner politicians begin to look Stu over as a potential dark-horse candidate.

Southern Democrats were muttering about a possible party bolt if Gov. Averill Harriman or Sen. Estes Kefauver grabbed party control, and Stu—more conservative than either—represented a border state in the Senate.

Stu, his blue eyes twinkling good naturedly, scoffs at any such talk and professes to have no ambition for the presidency. Evie, who talks the same way, says it more convincingly.

• • •

Ask her what she thinks of the current backroom chatter and she wails: "I just cringe and look the other way. I honestly like our life exactly the way it is."

POLITICAL TALENT

Don't discount, however, Evie's campaigning abilities. The charming aristocrat averaged five public appearances a day from mid-April until November, while Stu was running for the Senate four years ago.

• • •

As a hand-shaker, she almost equaled Kefauver's prowess, strolling up and down the main streets of small Missouri towns, introducing herself, handing out cards, and extolling her husband's qualifications for the upper chamber.

The two Symington sons, Stuart Jr. and James Wadsworth, dashed home from Yale to help with the family enterprise.

Young Jim, who followed in his mother's footsteps by singing at the Sherry Netherlands three years ago, took to the advance sound trucks with his guitar and his rich baritone, to drown out Harry Truman's support of the opposition candidate.

• • •

Jim, now married to a talented pianist, still fills TV singing spots in St. Louis while practicing law. Stuart, also a lawyer, is connected with the firm of Simpson Thacher & Bartlett in New York City. Their combined offspring make Evie and Stu grandparents three times.

PRAISES MAMIE

It would be disloyal of Evie to want Ike to remain in the White House, but perhaps because her father was a staunch Republican, she feels no reticence in singing Mamie's praises.

• • •

"She is a perfect first lady," Evie says of her potential rival. "She has the sweetest, best disposition in the world, and she never spares herself.

"There is no one more comfortable to be around, because she makes everyone feel good. I love her."

• • •

(Tomorrow: Adlai's sister, "Buffie.")

(Copyright 1956)

Mrs. Tufty to Address Journalists

The annual Ladies of the Press Breakfast, sponsored by Theta Sigma Phi, will be held at 11 a.m. Saturday at Hotel Whittier, Detroit. Guest speaker will be Esther Van Wagoner Tufty, Washington, D.C., newswoman.

• • •

Mrs. Tufty will speak on "Washington Report 1956" when she makes her second appearance before the Detroit Chapter of the national journalistic women's fraternity.

Head of her own news bureau since 1934, Mrs. Tufty's reporting of the Washington scene reaches some 300 outlets: News magazines, television and radio news services, numerous newspapers in Michigan, papers served by the Central Press Association, and three foreign publications.

A former Oakland County resident, she is a past president of the Women's National Press Club.

PTA of Pontiac High Hears Panel Discussion on Teenage Activities

New Officers Introduced at Final Meeting of Year

Mrs. Paul Gorman was introduced as president of the Pontiac High School PTA Thursday evening at the final meeting of the year. Mrs. Gorman, who will serve during the 1956-57 school term, received the gavel from Mrs. Donald North, outgoing president.

* * *

Other officers introduced were Mrs. Dale Nolf, vice president; Harry Vernon, father vice president; Vera Mae Adams, teacher vice president; Mrs. F. M. Hathaway, recording secretary; Mrs. Clarence Montgomery, corresponding secretary, and Mrs. C. M. Hartzman, treasurer.

The program held in the high school cafeteria featured a panel discussion on "The Activities of Teenagers." Mrs. Gorman acted as moderator.

Panel members were Dr. Philip Proud, James Hunt, Sharon Mow, Dr. Maurice Thome, Mrs. Ralph Forman, Mrs. Raymond Best and Dr. Russell Curtis.

* * *

Dr. Proud, Michigan Education official, discussed the holding power of the schools. He pointed out that the graduating class of 1955 represented less than half of the original group which began in kindergarten, and noted that the appeal of jobs in an industrial city is a contributing factor to the number of drop-outs.

PARENTS CITED

James Hunt, director of Oakland County Juvenile Court, deplored the effect of disinterested parents. He believes that wrong student attitudes could be recognized and handled at elementary school level.

* * *

The student member of the panel, Sharon Mow of Pontiac High School, stated the need for parents to encourage their sons and daughters regarding school work.

The need for parental support was also stressed by Dr. Thome, who said that this parental support "fosters healthy attitudes toward school." He also spoke of the need for religious training.

A recommendation for additional full-time counselors was given by Mrs. Forman, teacher at Pontiac High. She also presented a forceful appeal for the guidance of adolescents through the homeroom system.

* * *

Mrs. Best said that for many students school is considered extra-curricular, rather than necessary, and advocated a full school day for every student, with time allotted for both study and guidance in school.

Pontiac Press Photos

Mrs. Leonard E. Grinnell of Gallogly road (left) greeted guests as they arrived Thursday at the home of Mrs. Merle Yockey, also of Gallogly road. Welcomed were (left to right) Mrs. Arthur R. Dodge, president of the Lake Angelus Guild; Mrs. Alton J. Deutser and Mrs. George Hodges. Over 200 persons received invitations for the annual bridge luncheon and garden tour sponsored by the Lake Angelus Guild of St. Mary-in-the-Hills Episcopal Church.

Child Culture Club Meets

Members of Child Culture Club gathered at the home of Mrs. Ray Jacobson of Williams Lake road Thursday evening for the annual meeting and installation of officers.

* * *

Installed at the candlelight ceremony were Mrs. Donald Rofe, president; Mrs. Jorma Sarto, vice president; Mrs. William Brannack, recording secretary; Mrs. Irvin Humbaugh, treasurer; Mrs. Hillman Fortney, corresponding secretary, and Mrs. Neil Nelson, social and program chairman.

A past president's pin was presented to Mrs. C. L. Bowers, retiring president, and perfect attendance awards were presented to Mrs. Bowers and Mrs. Nelson. Secret pal gifts were exchanged by members.

Plans were discussed for the annual picnic to be held for members and their families on June 30 at the home of Mr. and Mrs. Jorma Sarto in Wednesday.

Luncheon was served from a table centered with a spring floral arrangement flanked by white tapers.

Emerson School Holds Variety Show

Skits by parents and teachers, accordion solos, impersonations, pantomimes, baton twirling and a chorus line provided a full evening of entertainment when the Emerson Variety Show was presented Tuesday evening at the Emerson School.

Mrs. Thomas McKeever acted as announcer for the evening program with Jack Schatzley leading community singing. Mrs. Lloyd Clancy accompanied at the piano.

Members Greeted by St. Monica Unit

Mrs. Henry Burch, Mrs. Rudy Pfeiffer and Mrs. William Hool were welcomed as new members when St. Monica Unit of St. Michael Altar Society met Wednesday evening in the home of Mrs. John Keeling on East Montcalm street.

Plans were made for the activities to be held during the summer months and for the fall bazaar.

Mrs. Davies Hostess at Stork Shower

Mrs. Destin Derousha was honored at a pink and blue shower Wednesday evening. Mrs. Lyndon Davies was hostess for the affair at her home on Logan drive.

An evening of games was enjoyed by the 14 guests present. Refreshments were served from a buffet table centered with an arrangements of spring flowers.

News From Birmingham:

Eleanor McCane Tells Wedding Plans

BIRMINGHAM — Eleanor McCane and Frederick J. Whitcroft have completed plans for their wedding the afternoon of June 9 at Kirk in the Hills.

Eleanor has asked Mrs. John O'Sullivan to be matron of honor. Bridesmaids will be Mrs. Donald Rogers, Donna Ohmart of Grosse Pointe and Marguerite Klein of Kalamazoo.

William Whitcroft will be his brother's best man.

Mr. and Mrs. Paul G. Kanold are giving a cocktail party in their Franklin home for the couple, and Mr. and Mrs. John O'Sullivan will be hosts at a similar affair next Saturday. Mr. and Mrs. Donald Rogers will entertain at dinner tomorrow.

* * *

Another birde-elect is Barbara Neal, daughter of Mr. and Mrs. James G. Neal of Brookwood court.

She will graduate from the University of Michigan June 3 and then will complete plans for her summer marriage to Walter McLaughlin of Chicago.

Mr. and Mrs. Paul S. Bowers of Dorchester road will be hosts at a dinner Saturday evening honoring Mrs. Helen Bell Parker and Sidney Corbett III of Grosse Ile.

* * *

Mr. and Mrs. Robert F. G. Copeland have as their guest Mrs. Copeland's mother, Mrs. William Resoner of Muncie, Ind.

* * *

Mr. and Mrs. John W. Fitzgerald will be hosts at a family dinner Saturday evening in their home on Lyonhurst avenue for Mrs. Fitzgerald's mother, Mrs. W. L. Emery, who has recently returned from a winter in Phoenix, Ariz.

Also honored will be Mrs. A. R. Oeme of Saskatoon, Sask., who is visiting Mrs. Emery, Mr. and Mrs. M. T. Cummiskey of Rochester will be other guests.

* * *

Mr. and Mrs. Harold Huston, (Joy Stark) of Albany, N.Y., announce the birth of a son, Peter Stanley, on May 21.

GIVE LUNCHEON

Mrs. Walter Teninga and Mrs. Nicholas Martin Jr. were hostesses at luncheon Wednesday in the Teninga home honoring Mrs. Perry R. Williams.

Mrs. Williams and her three children will leave early next week to join the Rev. Mr. Williams at their new home in New Jersey.

* * *

Penny Ball, daughter of Mr. and Mrs. Lawrence Ball of Chesterfield road and a piano pupil of Mark Wessel, will give her first recital in her parents' home Sunday afternoon.

* * *

Richard A. Brown will be next season's president of the Village Players. He was elected at the group's annual meeting this week.

New board members are Mrs. Edward S. Reid Jr., Mrs. Lawton C. Tabor, Thomas H. Adams and Gordon F. Jeynes.

SUPPER GIVEN

Mr. and Mrs. Leslie C. Allman entertained at a recent supper for Mr. and Mrs. Erich Leinsdorf of New York who were here to complete plans for Detroit's grand opera season. The season will open Nov. 7 at the Masonic Temple, Detroit.

* * *

Mr. and Mrs. David Burton have returned from a fortnight in Bermuda.

Showers Given for Judy Clark

Judy Clark, daughter of Mr. and Mrs. Cameron Clark of Birmingham and bride-elect of James P. Owens Jr., son of Mr. and Mrs. James P. Owens of Birmingham, has been honored at several showers.

* * *

Hostesses for the bride-elect in their Birmingham homes have been Mrs. Fraser Pomeroy, who entertained at a mother and daughter personal shower; Mrs. Harley Hicks, who was hostess at a miscellaneous shower, and Mrs. Thomas Mills, who hostessed a linen shower.

* * *

Mrs. Robert Stansberry and Mrs. Elroy Newlon entertained jointly at a round-the-clock shower for Judy.

Caught by the photographer as they chatted for a few minutes before the garden tour and bridge luncheon held Thursday were (left to right) Mrs. Andrew Dickinson, Mrs. Moffatt A. Gray, Mrs. George King and Mrs. Clarence Butler. The annual affair was sponsored by the Lake Angelus Guild of St. Mary-in-the-Hills Episcopal Church. Proceeds from the event will benefit the church building fund.

Help on a Trip

Laundry equipment for a vacation includes a featherweight AC-DC steam iron. Also useful is a folding ironing board. Folding hangers, a hand-sized washboard, a plastic bag for soap or detergent and a yard or so of plastic sheeting are also helpful.

Pontiac Quartets to Hold Ladies Night on Saturday

Pontiac Chapter 17 of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America is presenting its annual Spring Ladies Night Saturday at 8:30 p.m. in the Knights of Columbus Hall.

* * *

A gala program has been arranged for everyone's enjoyment. Featured will be the state championship quartet from Detroit, "The Treble-Makers", who leave shortly for the international championship contest being held at Minneapolis.

Also appearing will be the "On-Chords" from Saginaw who have been featured in many barbershop Harmony Parades from coast to coast.

Another quartet appearing on the program, to offer something different to lovers of barbershop harmony, will be the "Playmates" from Detroit. This quartet is composed of two men and two women who are proficient at modern pop singing as well as barbershop arrangements.

* * *

Dancing and a buffet dinner are also scheduled. Tickets will be available at the door. The public is invited.

Full Faces Are Boon in Later Life

By JOSEPHINE LOWMAN
(The Friday Question Box)

Q. "A girl friend and I have a very unusual problem. It seems that we already have our curves under control but we have very full faces and would like to slim them down. Can you help us? I certainly hope you can! Could you possibly print a remedy or do you have a leaflet about this?"

A. Thank heaven that you have nice full faces because as you grow older the layer of fat between your skin and your facial muscles will decrease. I know that you are not worrying about that now, but the time will come when you will.

The only way to decrease fat on your face is by a general loss of weight. Since your weight is correct, do not worry. You probably look young and lovely.

However, you should take this into consideration in your hair style and makeup. Wear your hair close at the sides and high on top. If you use rouge apply it closer to the nose. Do not take the color far out toward the temples.

Also do not tweeze your brows at the inside ends. In other words, the wider your brows are apart the wider it makes your face appear.

* * *

Q. "Lately every time I argue, yell or get nervous I have a terrible itch under my arms. At first it is red like a rash, then that goes away but it still itches at those times terribly. I stopped using deodorants but it didn't help at all. Can you tell me why this happens?"

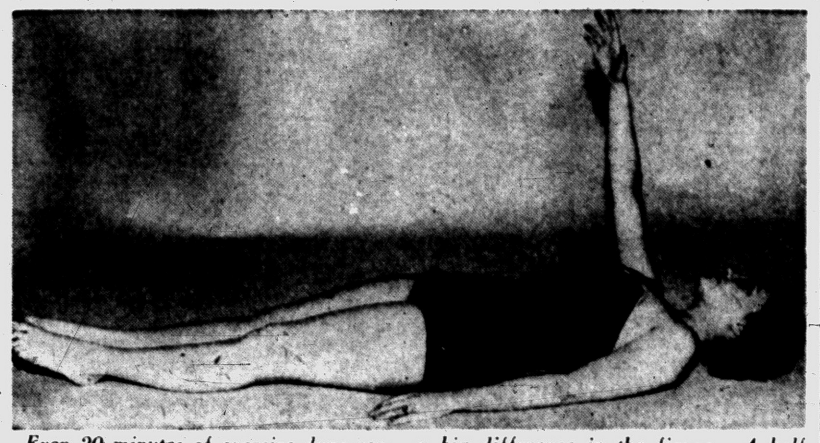

A. You have given yourself the answer except you do not realize it. If you argue and yell and get nervous often it's a blessing that your whole family does not break out in a rash.

You've had the word, straight from your own body, about what arguing and yelling does to you. Have you thought what it does to your family?

The itching could come from allergies or some systemic condition. If it continues, see your physician. In the meantime try controlling your temper.

Q. "I have read that a woman must exercise hard at least an hour each day, preferably more in order to improve her figure. Is this true?"

A. Nope! Even 20 minutes of exercise done correctly and regularly each day will make a big difference. A half hour is perfect. AND, when you exercise take time for the stretch, and rest when you feel tired.

Even 20 minutes of exercise done correctly and regularly each day will make a big difference in the figure. A half hour is perfect.

Impromptu Swims Mark Gala London Deb Party

LONDON (AP) — River police hovered anxiously around today as champagne-inspired young British bluebloods climaxed a debutante party by egging two guests to dive fully clothed into the Thames.

* * *

The fun-loving Duke of Kent, 20-year-old cousin of Queen Elizabeth II, was one of the 300 revelers aboard the 190-foot motorship Royal Princess. But he didn't take part in the swimming.

TWIN DEBUTANTES

The party off the picturesque Chelsea section of London celebrated the social coming out of Felicity and Penelope Drew, 18-year-old twins who were presented to the Queen in March.

* * *

Young Kent—son of the Duchess of Kent—attended with a pretty blonde whom newsmen could not identify.

Midway through the celebration somebody cast off the mooring lines and the boat began to drift. Skipper Herbert Whincup hurried to the bridge, started the engines and brought his craft back to dock.

* * *

More champagne corks popped, then one guest shouted, "How about a swim?"

BET ACCEPTED

A friend offered to bet him 5 pounds ($14) he wouldn't jump in.

The guest took the bet, popped his bowler hat on his head and leaped off the bow end, yelling, "The fiver is mine."

A lifebelt was tossed to him and he was retrieved, still wearing his bowler.

A second guest then offered to jump in for 10 pounds.

Annoyed at this inflationary trend, some of the other stags tossed him into the Thames.

* * *

He was rescued by a passing vessel manned by British Sea Scouts. They ceremoniously piped him back aboard the Royal Princess amid cheers.

POLICE ARRIVE

At this point a police patrol boat arrived to investigate and Whincup said it might be a good idea if they stood by.

* * *

"I didn't want things to get too much out of hand," he told a reporter later.

* * *

Wealthy Mrs. H. M. Drew, mother of the twins, commented: "Everybody seemed to have had a splendid time. I had no idea two men had jumped in the river until we were saying goodby. Then when I shook hands, I noticed they were terribly wet."

Don't Repeat Mistak

Learning to dress to your own particular style takes practice and experience. Some women achieve it later than others. So don't worry overmuch about your fashion mistakes; just try not to make the same one twice.

Two Layer Cream Pie Is Different

Mrs. Adams Uses Gingersnaps for a Spicy Crust

By JANET ODELL

Mrs. Walton Adams was so taken with a pie she ate at a local restaurant that she obtained the recipe. She gives Black Bottom Pie her unqualified approval.

Mrs. Adams belongs to the Sylvan Shores Women's Association. She enjoys doing things with her two young daughters. In the two homes she and her husband built, she has acted as director and painter.

BLACK BOTTOM PIE
By Mrs. Walton Adams

Gingersnap crust for 9-inch pie
1 tablespoon gelatine
¼ cup cold water
1¼ tablespoons cornstarch
½ cup sugar
½ teaspoon salt
2 cups milk
1½ squares chocolate, melted
1 teaspoon vanilla
4 egg yolks
3 egg whites

Soften gelatine in cold water. Mix cornstarch, sugar, salt and milk in saucepan. Cook over low heat, stirring constantly until milk is scalded. Remove from heat.

Stir a little of this mixture into the egg yolks, slightly beaten. Blend into hot mix in pan. Cook over low heat, stirring until it boils. Remove immediately from heat.

Take out 1 cup of this custard and add melted chocolate. Beat well and pour into gingersnap crust. Chill.

Add softened gelatine to remaining custard. Cool until partially set. Beat until smooth. Blend in vanilla.

Carefully fold in a meringue of 3 egg whites, ¼ teaspoon cream of tartar and ½ cup sugar. Add 1 tablespoon rum flavoring, if desired.

Pour over chocolate mixture in pie shell. Top with whipped cream and 1½ squares chocolate shaved. Chill until 20 minutes before serving time.

Breakfast Planned by Catholic Women

The League of Catholic Women will hold its annual membership breakfast Sunday at the League Building on South Parke street. Breakfast will be served buffet stylle following the 7:30 a.m. Mass at St. Vincent de Paul Church.

The event is sponsored by the board of directors for the general membership under the chairmanship of Mrs. Omer DeConinck. Mrs. Edith Blocker, head nurse at the Oakland County Convalescent Hospital, will speak.

Grace Campbell Honored

Grace Campbell was the honoree at a bridal shower given Wednesday evening by Mrs. Stanley Slabinski of South Avery road.

* * *

The bride-elect of Richard Noble, Grace is the daughter of Mr. and Mrs. John Campbell of Preston avenue. Richard is the son of Mr. and Mrs. Hubert Noble of Center Line. The couple will be married June 30 at St. Benedict Church.

The bride-to-be has asked Mrs. William Thomas of Utica to be matron of honor. Other attendants will be Annette Campbell, sister of the bride; Mrs. Slabinski, Margarite Windiate, Evelyn Campbell of Sturdevant, Wis., and Rosemary Noble of Center Line, sister of the bridegroom.

Acting as best man will be William Thomas of Utica. Seating the guests will be David Noble and Jerry Noble, brothers of the bridegroom; Charles Diss and Lester Diss of Center Line and Jack Campbell, brother of the bride. Steven Campbell will serve as ringbearer.

* * *

Guests attending the shower were Mrs. John Campbell, Mrs. Paul Beith, Rosalie Boner, Jackie Downer, Mrs. Stanley Fisher, Phyllis Ginell, Mrs. Robert Horsley, Mrs. Jerry May, Barbara McSkulin, Joyce Setter and Mrs. William Thomas.

* * *

Completing the guest list were Margarite Windiate, Mrs. Paul Wetzel and Mrs. Ronald Weaver.

Lovely, feminine sundress teamed with a versatile jacket.

No. 8387 with Patt-O-Rama included is in sizes 36, 38, 40, 42, 44, 46, 48, 50, 52. Size 38, 4⅝ yards of 35-inch.

No. 8388 with Patt-O-Rama included is in sizes 36, 38, 40, 42, 44, 46, 48, 50, 52. Size 38, three-quarter sleeve, 3¾ yards of 39-inch. Two patterns.

Send 25c today for your copy of the spring and summer '56 edition of our complete pattern magazine Basic Fashion. It's filled with smart, easy to sew designs, special features.

Symphony Slates Tuesday Meeting

Pontiac Symphony Orchestra, Inc., announces a meeting Tuesday at 2 p.m. at the Casa del Rey for active members and patrons.

Purpose of the meeting is to elect members to the board of directors for the ensuing year. Kenneth E. Turner Jr. is chairman of the board.

Oakland Avenue Ladies Aid Has Dessert Meeting

Members of the Ladies Aid Society of Oakland Avenue United Presbyterian Church met for a dessert luncheon Thursday in the church parlors.

* * *

Mrs. Guy Caswell gave devotions and Mrs. Ralph Osborne led the group in prayer. Following luncheon, members spent the afternoon sewing for the American Cancer Society.

Mrs. Homer Tidewell of Altadena, Calif., was guest at the meeting. Hostesses were Mrs. Charles Shearer, Mrs. Fred Shield and Mrs. Iva Vanderkoy.

* * *

The next meeting of the group will be held at the Lyle drive residence of Mrs. Percy Blynn.

Award Received by Ellen Adams

Ellen Adams, daughter of Mr. and Mrs. James R. Adams of Bloomfield Hills, was one of 17 winners in the annual Hopwood Contest in creative writing at the University of Michigan.

Of the awards totaling $9,200, Miss Adams, a graduate student at the university, won $600 for a volume of short stories. Only graduate students and seniors were eligible for major awards.

Pine Lake Country Club Women Gather at Fashion Show, Luncheon

Pine Lake Country Club women members and their guests enjoyed a fashion show Wednesday at the club. Especially pleased with some of the designs were (left to right) Mrs. H. L. VanHaltern of Erie drive, Mrs. C. R. Gatley of Oneida road, Mrs. T. H. Pauli of Illinois avenue and Mrs. Frank Sloan of East Pike street.

Pontiac Press Photos

Among those attending the luncheon at Pine Lake Country Club Wednesday were (left to right) Mrs. Jack Habel of Miami road, Mrs. William D. Thomas Jr. of Shoreview drive, Mrs. E. D. Foley of Locklin lane and Mrs. Wilma Dickinson of Mohauk road.

Getting together at the luncheon at Pine Lake Country Club were Mrs. Clarence F. Smart (left) and Mrs. Robert H. Baker, both of Birmingham.

She Resents Kids Using First Name

Neighbor Children Ignore Requests to Say 'Mrs. Smith'

By EMILY POST

A letter tells me: "As a child, I was taught to address my elders as Mr. and Mrs., or, in the case of close friends of our family, as Aunt and Uncle. I have brought my children up to do the same.

"Several of their friends and other youngsters in our apartment house are permitted to call adult neighbors by their first names. This practice irks me, and I have told these youngsters and some of their mothers that I wish to be called Mrs. Smith. Yet the children persist in using my first name.

"Does proper conduct demand that I let this situation continue, or may I just ignore the children when they don't address me as I have requested, even in front of their mothers?

"I don't want to be rude to the children, but I feel very strongly about this and will appreciate any advice you can give me."

Answer: I agree with you completely, and I think you should make every effort to check it. No really well-brought-up child would ever dream of calling a grown person by her first name.

"Dear Mrs. Post: When the wedding ceremony takes place at a daytime hour and the men are wearing striped trousers and cutaway coats, is it necessary for them to change into evening clothes for the reception which takes place at an evening hour?

"This has caused quite a discussion among the men in the wedding party and we would like you to settle it for us."

Answer: It is customary for the men to remain in the clothes they wear at the ceremony. It would be very strange for them to change.

New Attitude Banishes Wife's Ills

By ANNE HEYWOOD

Sometimes I think we've gone too far with this psychosomatic medicine business.

It's getting so a person can't have a simple head cold without his friends analyzing his psyche and trying to figure out what he's running away from.

A woman I know sprained her ankle while on the way to meet her husband for dinner. The poor man couldn't figure out whether she was secretly hostile to his table manners or in love with somebody else.

The fact was, it was an icy night, she was wearing high heels and was too vain to wear her glasses!

* * *

Of course, like everything else, there is a good deal of truth in it.

When we are happy, living the life we like and doing the things we enjoy doing, we tend to be healthier, to have fewer colds, headaches and upset stomachs.

* * *

And when we hate our lives, and have jobs that we can't stand, we do tend to get sick more often.

But how can you tell when it's really the wrong work? How can you know you aren't kidding yourself?

Take Midge T., for example.

* * *

Midge is a young mother of three, the youngest of whom is in kindergarten. Midge used to have a secretarial job, which she liked a lot, before she was married.

After a while, she began to miss her job. On rainy days, when the children got in her hair, she'd find herself longing for the nice, neat, quiet office.

DRAGGING ALONG

"I'd drag through the day," she confessed, "thinking how endless the chores, how unrewarding was married life. I began to be all tired out, headachy, and unable to sleep well — what little time I had for it! I decided I just wasn't the domestic type, that I should get an office job again in a hurry.

* * *

"I decided all my ills, from the migraines to the stomach trouble, were the result of the wrong job.

"Without too much trouble," she continued, "I managed to go back to work. I found a sitter for the children.

"My husband raised no objection, saying that anything was better than seeing me drag around.

* * *

"I thought my problem was solved. But it wasn't! After a month or so, I hated the office and kept getting sick and having to stay home.

JUST REBELLION

"Then I came to a startling conclusion: My illnesses hadn't come from the wrong work. They had come from plain simple rebellion and a grass-is-always-greener approach!

"I realized that I was doing my work half-heartedly, when I ought to be giving it everything I had. I resigned the job and went at the housework with real energy.

* * *

"Some day, when the children are grown, I'll return to business, but right now I'm giving this stage of the game everything I've got. And I haven't been sick a day since!"

(Copyright 1956)

Plans Revealed by Bride-Elect Marjorie Kasten

Bride-elect Marjorie Kasten has announced members of her bridal party. Marjorie, the daughter of Mr. and Mrs. Gerald Kasten of Watkins Lake, will marry Robert Taig, son of the Melvin Taigs of Watkins Lake, June 9.

* * *

Lynda Kasten will serve as her sister's maid of honor and Susan Barling will be flower girl.

Dr. Richard Lilly will be best man and Jerry Kasten, brother of the bride, will be ringbearer.

Guests attending a recent shower given by Mrs. Al Kasten Jr. and Mrs. Lester Kasten at the former's home in Clarkston were Mrs. Gerald Kasten, Mrs. Taig, Mrs. Lena Barling, Mrs. Clarence Jerle Head, Mrs. Alex Kasten, Mrs. Zolton Vernon, Janet Kasten Rognaldson, Mrs. Otis Head, Mrs. and Estelle Rognaldson.

Others present were Barbara Kasten, Delores Kasten, Lynda Kasten, Karen Rognaldson, Marlene Councilor, Joyce Swartz and Julie Vernon.

5-25

Hats are a must for June weddings. Narrow-at-sides with stand-up frame for the petites. The wide hat is for the tall girl.

The majestic type mother of the bride to young matrons will like the rippled-brim sailor with ruched veiling. However, not every woman is majestic, so the smaller picture hat is proportioned for shorter women.

Gathering Held by OES

Mrs. Edward Pritchard, worthy matron, presided at the Monday evening meeting of Areme Chapter 503, OES.

An honorary membership was presented to Mrs. Beatrice Mundy and special honor for services rendered during the past two years was given to Mrs. Willard McRae, Mrs. Thomas Cox, Mrs. John Ridgway, Mrs. Stanley Hoffman, Mrs. James Hampton, Mrs. Lawrence Lacy, Mrs. Sidney Fellows and Mrs. Harry Miller.

Mrs. Albert Kugler, Mrs. William Presswood, Mrs. P. L. Newingham, Mr. and Mrs. Dalton Gregory and Clarence Crawley were initiated into the order.

Mrs. Pierre Shaver, Mrs. A. W. Robinson, Mrs. Harry Eaton, Mrs. Helen Brosted, Mrs. Charles Wheeler and Martha Boatwright will participate in the Friendship Night services at Davisburg and Clawson.

Guest officers attending the Monday evening meeting were Mrs. Theron Taylor and Lester Oles. Guests were also present from Metamora, Clarkston and Pontiac Chapter 228.

Refreshments were served by Lester Oles, Joshua Hebington, Chris Hornbeck and Edward Pritchard assisted by Mrs. Victor Bodamer and Mrs. Sam Wiscombe.

Meat Preparation Discussed for Club

A lesson on the preparation of meat dishes was given for members of the West Side Extension Club Wednesday afternoon when the group met with Mrs. Leon Grogg of Parnell street. Various cuts of meat were discussed in relation to their nutrition value.

Mrs. Grogg was elected to head the group for the coming year. Other officers are Mrs. Francis Lohff, vice chairman; Mrs. David Duvall, secretary; Mrs. Harold Grogg, leader, and Mrs. John Ostrander, publicity chairman.

MICHIGAN QUEENS ON TOUR — The Michigan Department of Agriculture has sent these four "Queens" on tour of the East to acquaint residents of that part of the country with Michigan agriculture products. Shown in Washington are, left to right, Judy Teichman, 18, Eau Claire, apple queen; Janet Thiel, 19, Elkton, bean queen; Sharon Dolan, 19, Traverse City, cherry queen; and Louise Lagoy, 19, Albion, dairy queen. United Press Photo

Maine Invites Ike for Summer

Good Weather, Fishing, Golf Courses Available for Annual Vacation

WASHINGTON (INS)—Sen. Margaret Chase Smith (R-Me.), has invited President Eisenhower to locate the summer White House in Maine where, she said, there is good weather, good fishing and "some very good golf courses."

Mrs. Smith, in a letter to the President, recalled Eisenhower visited her state a little over a year ago in late June and said "we have been fervently hoping that you would return."

The White House has indicated Eisenhower will not return to Colorado for his vacation because the high altitude might not be good for him as a recent heart attack victim.

Mrs. Smith extolled all of her state's vacation advantages and concluded:

"Finally in urging you to make a new summer White House in Maine, let me say that we want you to come to our beloved state in whatever way best suits you. We don't want any burdens of speaking or campaigning placed on you. We certainly will not burden you with politics.

"While it is always an honor to have the President of the United States as a visitor or summer resident we want you as a summer resident of Maine mainly because you are a wonderful person."

She's Stubborn Gal

CENTER, Okla. (AP)— Farmer Wilbur Hooser's 600-pound heifer was missing for three days. A search party finally found her in a roadway culvert near the Hooser farm. The heifer had walked into the culvert, and, finding the other end blocked with rubble, refused to back out. Hooser coaxed her out and found she had lost some 200 pounds during imprisonment.

To encourage tourists, Nicaragua is taking steps at Managua to ease their entry.

"Don't speed the brew"

Written in the old journal for brewing to the National Bohemian formula are these significant words: "Don't speed the brews."

Today—as the ART of brewing is advanced by modern SCIENCE—these words hold truer than ever. Slowly, patiently, fine ingredients are aged-in.

Only after a long and gentle brewing process do these ingredients give up their subtle flavor characteristics. The result is National Bohemian's distinctive, *satisfying flavor* . . . light and mellow.

It's a flavor *you* ought to taste. Enjoy National Bohemian today *at local prices!*

NATIONAL BOHEMIAN

Light, mellow. Naturally brewed . . . for satisfying flavor.

Are You Sure You're Emotionally Mature?

LOS ANGELES (INS) — Dr. Franklin G. Ebauch, a prominent Denver psychiatrist, believes that most people never reach emotional maturity.

* * *

Wednesday at a medical meeting here he said most people would get failing marks if grade school marks were applied to emotional maturity.

He listed five personality points which he said can be used as a group index of normality in persons. They are:

The ability to take it without cracking up, the degree of emotional maturity, the degree of motivation and enthusiasm, the opportunity to use your brain in your daily life, and the capacity to amuse yourself with a hobby or outside interest.

New Salve Can Make Dark Skin Turn to White

LOS ANGELES (INS)—A University of Michigan dermatologist has described a revolutionary new treatment for erasing skin blemishes or even turning dark skin white.

Dr. Arthur C. Curtis called the new salve-like substance "Hydroquinone."

He said Wednesday in Los Angeles that it can be applied with gauze to dark places in the skin to make them disappear like magic.

He reported the treatment is particularly useful in eliminating freckles and dark blotches from the skin.

* * *

Theoretically, he said, it can be used to whiten dark skins.

UM Doctor Named Head of Gynecological Group

WASHINGTON (AP) — Dr. Norman F. Miller of Ann Arbor, Mich., is the new president of the American Gynecological Society.

Miller, head of the department of obstetrics and gynecology at the University of Michigan, was elected yesterday during the final meeting of the society at its annual convention. He succeeds Dr. Sidor C. Rubin of New York.

State's Choicest Products Displayed for Gothamites

NEW YORK (AP)—The state of Michigan is displaying for New Yorkers some of its choicest products—and boy, oh boy, what products it has to display!

Three queens and a princess came here to boost Michigan's noted apple, cherry, bean and milk industries as a part of "Michigan Week" activities.

As it turned out, the apples, cherries, beans, etc.—wonderful as they are, mind you—didn't get much attention.

The queens and the princess sure did, though.

They were cherry queen Sharon Dolan, 19, of Traverse City; bean queen Janet Thiel, 18, of Elkton; apple queen Judy Teichman, 18, of Eau Claire, and dairy princess Lucille Lagoy, 19, of Albion.

They spent the first part of the week in Washington, D.C., and will remain here until Saturday. If looks count, they'll get Michigan 10 million dollars worth of publicity.

In fact, they spent most of their first morning before photographers who just couldn't seem to keep from making "just one more." The poor reporters trying to interview them could hardly get a word in edgewise.

The only one of the girls who had visited New York before was Miss Dolan. But she was just as excited as the rest, who thought it the most exciting trip of their lives.

Their expedition was financed, at a cost of about $1,300, by various trade associations and the state.

The girls are all but taking over New York. Practically every minute during their stay is being taken up by television appearances and visits to the town's prominent spots.

This afternoon they go aboard the aircraft carrier Saratoga for a "Michigan Luncheon" with 12 of its crew members from their home state. They'll also visit showrooms of fashion designer Ceil Chapman.

"We've been going so fast we haven't had time to get anything but a glimpse of the sights," sighed Miss Teichman.

"I'd sure like to have a chance to shop a little," said Miss Lagoy, but she didn't have much hope. Miss Lagoy, a farm girl, who helps milk the cows at home, was asked if she were duly impressed by New York.

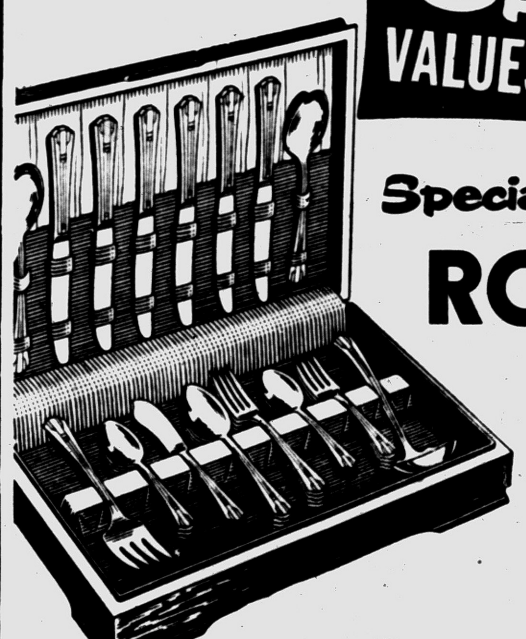

"You bet!" she exclaimed. She added, however, that she didn't hanker to move here. When she gets out of college she wants to "marry a farmer" and stay right on the farm.

Miss Thiel was much delighted about posing for all the pictures, but after an hour of it, all she could say was:

"Whew!"

Speed of traffic in Bermuda is limited to 15 miles an hour in towns and 20 miles in the country.

Tell Us What You Want in New or Used

'Ere Now, Blighters, it Hain't King's Hinglish!

LONDON (AP)—A severe skirmish is raging here over A for 'orses, B for mutton, G for police and X for breakfast. The issue is, who invented them?

So far, only one thing is clear: it wasn't the Russians.

• • •

As any bright child can tell at a glance, the samples given are a lazy-tongue method for identifying the letters of the alphabet.

It goes A for 'orses (hay for horses), B for mutton (beef or mutton), G for police (chief of police), V for la France (vive la France), X for breakfast (eggs for breakfast), and so on.

In the dizzy '30s Britons had all kinds of fun with it at cocktail parties and it even had a name of its own—the surrealists' alphabet.

TOMMYS DID HIT

In World War II it was taken up by bored British soldiers in signal units. Came the peace (or cold war) and it died a natural death.

• • •

So matters stood until, on a recent day, the Times published an editorial spoofing the new international airline phonetic alphabet which goes A for alpha, B for bravo, C for charlie, etc.

WHO ATCHED IT?

The editorial writer thought the surrealist version was much more amusing. In passing, he remarked that it was "evolved in the Western desert by the signals squadron which served with the 22nd Armored Brigade." A stream of dissenting letters set in forthwith.

• • •

Reginald Bennett, a member of the House of Commons, said the alphabet was in fact "evolved" by the British comedy team of Flanagan and Allen "in the early 1930s."

G. Newell Roberts of Exeter distinctly remembered it as the work of the American comedy team of Abbott and Costello in 1936.

'HOLD AS THE PHONE'

Geoffrey Burton of Leicester said the British comedy team of Clapham and Dwyer dreamed it up.

What may, or may not, be the last word came today from N. Young, of Ferry Boatyard, Hornsing, Norfolk, who declared the alphabet "in essence is as old as the telephone."

And, said Young, the brief version of it he likes best was concocted by a Cockney trying to pass the word "Ealing"—a suburb of London — over a poor telephone connection.

"E for 'eaven," shouted the Cockney. "A for what 'orses eat. L for where you're goin'. I for me. N for what lays eggs, and G for gawd's sake keep yer ears open!"

Nazi Slave Camper Now Honor Student

HOUSTON (AP) — An 18-year-old girl who was caught in the Nazi invasion of the Ukraine when she was 4 and wound up in a German slave camp will graduate with honors from Jeff Davis High School today.

• • •

A scholarship to the University of Texas has been awarded to Luda Karnauch, president of the school student council and a past president of the National Honor Society chapter. She had a straight "A" record except for one "B" in her high school studies.

• • •

She plans to study medicine which "I think is a wonderful way to help others," she said.

Boysville Head Leaves

DETROIT (AP) — Brother Hilarion Brezik, director of Michigan's Boysville near Saline for the past seven years, is being transferred to Dallas, Texas, to be director of Boys Ranch, sponsored by the Variety Club of Dallas. He will be succeeded by Brother John LaValle, assistant headmaster at Gilmore Academy, Gates Mills, Ohio.

They Need Religion

KILGORE, Tex. (AP) — Mrs. Margaret J. Hoyal, librarian, says among the books most often stolen from the public library are those on religion.

Udall Defies Wrath of Tornado

Kansas Town Emerges From Rubble

Editor's Note—A savage tornado leveled the little town of Udall, Kan., a year ago today. Brian Coyne of the Arkansas City, Kan. Traveler tells the story of Udall a year later in the accompanying dispatch written for The Associated Press.

By BRIAN COYNE

UDALL, Kan. (AP) — This little town that refused to die will pause a few moments today and mark the first anniversary of its destruction by a tornado.

The twister took 79 lives and sent more than 200 to hospitals.

* * *

There will be a short memorial service at the main intersection, called Four Corners.

Then Udall will go back to rebuilding itself.

SIMPLE LEGEND

Udall's story is graven in the inscription at the entrance of the Congregational church:

"Founded 1883—Rebuilt 1955."

By mid-September, time for its traditional fall festival, Udall expects the reconstruction to be complete. It will celebrate then and invite all the world to come see.

* * *

Rescue workers and even some of the survivors said Udall would never rise again from its rubble and misery.

But Mayor Earl Rowe, an oil field worker, stood amid the debris and proclaimed:

"We are going to rebuild this town."

LIKE PHILISTINES

City Clerk John Arbuckle reports there already are 160 new homes, 14 new business buildings. Udall has a new $100,000 high school, a new $85,000 elementary school. It has the latest in utility systems, is getting dial telephones. Arbuckle's log shows almost two million dollars worth of new construction. For the first time there is a drugstore and a full-time barber shop.

* * *

Udall had about 600 residents that black night the twister hit. Some left. Some of them came back. The losses have not been entirely regained. But Mayor Rowe enthusiastically predicts Udall may grow to 1,000. He says it's a better town now than ever before.

The reconstruction began from tents, field kitchens and the three buildings in the business district which escaped—the bank, the post office and the Odd Fellows lodge hall.

RED CROSS HELPS

The Red Cross gave Udall and its stricken people $336,756. The town got $325,000 in civil defense funds — $142,653 of it for restoration of utilities, $94,750 for the new high school and $83,150 for the new elementary school.

There's a steel and concrete storm cellar beneath the music room of the new high school, large enough for all the pupils and faculty. Most of the new homes have storm shelters.

Udall is determined it will not be caught again without warning, half asleep as it was on the night of May 25, 1955.

TORNADO WATCH

Almost a fifth of the townspeople volunteered for two-hour shifts in a 23-foot watch tower built southwest of town. It is manned every night. It is manned day and night when the weather bureau reports tornado-breeding atmospherics.

Five times this year watchers have sighted funnels and pressed the button which sets a siren wailing and sends Udall to its storm cellars. But it has gone unscathed this tornado season.

So Udall a year later is almost a new town. The disaster's scars are fading. Udall is blooming again this spring.

There is one vivid reminder. Udall has no trees. The twister blew them all down in a minute.

Fliers Live in Hovels, LeMay Tells House

WASHINGTON (INS)—Gen. Curtis E. LeMay states many of his airmen are forced to live in "hovels" so bad that "I wouldn't want my pets to live in them."

The Strategic Air Commander said the housing situation is so critical that it has "direct, immediate and inevitable bearings on the ability of this nation to survive a major nuclear war."

LeMay told the House Banking Committee he believes inadequate housing is one of the main factors in the loss of almost 110,000 enlisted men through failure to re-enlist in his command in the past four years. He said the cost of training replacements was one billion 610 million dollars.

Patient 'Wood' Survive

OKLAHOMA CITY (AP)—A frantic call brought a "doctor" hurrying to the scene when two cars collided and crashed into a tree in residential Oklahoma City. After a thorough examination, the doctor said he felt the tree would survive. He was a tree surgeon. Neither of the drivers was injured.

Firemen Seek Pay Raise

Want to Bolster Equipment Fund

Waterford Volunteers Ask 50-Cent Trip Hike, Won't Keep Money

WATERFORD TOWNSHIP—The Waterford Township Board is expected to take action Monday night on a request for additional pay for volunteer firemen. The request does not apply to the township's seven regular full time firemen.

Currently the township pays a flat $2.50 per trip for each volunteer, with a limit of five paid volunteers allowed to man a pumper.

Volunteers, however, do not pocket the $2.50 trip money. Instead it goes into a fund of the Waterford Township Fire Fighters Assn. (WTFFA) and is used principally to purchase fire fighting equipment and for hospitalization and life insurance for the organization's 36 volunteers.

Although the volunteers are asking no money for themselves, a request was filed this week with the Township Board to increase the pay to $3 per trip and raise the manpower limit to 10 men per pumper. The money, according to WTFFA president Lloyd Gidley who filed the request, would still go into the association fund.

• • •

Gidley pointed out that the volunteers have no wish to get money for themselves, but only want the pay increase to bolster their fund and help buy equipment needed in the rapidly growing township.

Said one spokesman for the group:

"We volunteers don't want money—we have a better fire fighting organization under the present volunteer no-pay system, because our heart is in it."

Gidley pointed out that the WTFFA had unanimously approved the pay increase. Township officials postponed action until Monday because of the absence of Township Supervisor Lloyd Anderson at this week's meeting.

Swim Program Applications Ready

LAKE ORION—Parents are this week receiving applications for the summer swimming program which will be presented at the Village Park under the sponsorship of the Child Guidance Club.

The applications, available for all children of school age in the entire Orion Township, are to be returned to the school quickly so adequate staff can be planned and a deifinite program set up. Plans are to have an accredited teacher to conduct the program.

The Village Council voted to aid the program by putting up signs and patroling the area during the swimming lessons. It also voted to spend $400 to aid in the baseball and recreation program at Atwater Park.

Persons interested in further details should call Mrs. Charles Starrs, chairman, at MY 2-5051.

Draft Quota for June Placed at Twenty Men

June quota of the local army draft boards has been set at 20 men, it has been revealed.

The Pontiac city board will send eight, and the out-county board will furnish 20.

Induction date has been set for June 3.

OES Initiation Tonight

LAKE ORION — An initiation meeting of the Orion Chapter of OES No. 340 will be held at 8 tonight at the Masonic Temple. Refreshments will be served.

Pretty Istanbul Girl, 16, to Attend Area School

WEST BLOOMFIELD—Next September, West Bloomfield High School will enroll for the first time, a foreign exchange student, sponsored by the Student Council through the American Field Service.

• • •

Pretty 16-year-old Sevil Kolankaya from Istanbul, Turkey, will be the new senior.

Sevil lives at the present time with her grandmother and one brother, aged 14, while attending the American College for Girls. At home in Izmir, Turkey, on the Aegean Sea, lives her mother, who is a judge, and a 5-year-old sister. Sevil's father, a pilot, is now dead.

While attending West Bloomfield, Sevil will reside with the Donald Connors of Orchard Lake.

Sevil likes English, algebra and geometry, loves to swim, play basketball and tennis, and enjoys cooking, dancing, knitting, and reading. She is undecided as to her vocation but is considering teaching English.

SEVIL

County Deaths

Mrs. Archie McCallum

OXFORD — Service for Mrs. Archie (Mable) McCallum, 67, of 1 Park St., will be held at 2 p.m. Sunday at Bossardet-Mabley Funeral Home, with burial in Oxford Cemetery. She died early today.

Mrs. Joseph S. Ganzel

MILFORD—Service for Mrs. Joseph S. (Minnie D.) Ganzel, 84, of 3627 Milford Rd., will be at 2:30 p.m. Sunday, from Richardson-Bird Funeral Home, Milford, with burial in Highland Cemetery. She died in Pontiac General Hospital, yesterday, after an illness of one day.

Mrs. Ganzel, resident here for a quarter of a century with her husband the Rev. Joseph S. Ganzel, served the Milford Baptist Church for 17 years. The couple celebrated their 65th wedding anniversary on Feb. 4 of this year.

She is survived by her husband the Rev. Mr. Ganzel; four sons, Kenneth of Milford, Keith of Racine, Wis., and Fred and Leonard of Grand Rapids; eight grandchildren and nine great-grandchildren.

Mrs. Sidney L. Polan

LAKE ORION—Service for Mrs. Sidney L. (Jeannette May) Polan, 35, of 391 South Broadway, will be at 3 p.m. Sunday in the First Baptist Church, with burial in East Lawn Cemetery. Mrs. Polan, a lifetime resident of Oakland County, died suddenly yesterday at her home. The body is at Allen's Funeral Home, Lake Orion.

Mrs. Edward Stevens

HOLLY TOWNSHIP—Service for Mrs. Edward (Audrey E.) Stevens, 29, of 15441 Eddy Lake Rd., will be held at 2 p.m. Saturday at the Dryer Funeral Home, Holly, with burial in Lakeside Cemetery. She died Wednesday.

Linda June Lawson

BROOKLANDS — Service for Linda June Lawson, three-month-old daughter of Mr. and Mrs. Robert Lawson of 2624 Frankson, Brooklands, was held Wednesday at Tower in Northern Michigan, with burial in Tower Cemetery. The baby died Monday.

Mrs. William Perry

ROMEO — Service for Mrs. William (Vera) Perry, 69, of 250 W. Lafayette St., formerly of Oxford, will be held at 2 p.m. Saturday at Roth's Home for Funerals with burial in Romeo Cemetery. She died Thursday.

Homecoming Scheduled

CLIFFORD—A three-day Homecoming Festival will be held July 6, 7 and 8 in Clifford.

Gas Tax Refund Forms Readied

County Agent, Revenue Offices Soon to Have Farmers Rebate Blanks

A. M. Menninger, district director of the Internal Revenue Service, announced today that the forms to be used by farmers in claiming a refund of the gasoline tax will be in the hands of county agricultural agents and the Internal Revenue Service offices throughout the state after June 1.

Menninger said farmers will be able to obtain a refund of the federal excise tax on gasoline which is used on a farm for farming purposes under the law approved by President Eisenhower April 2. The present federal tax rate is 2 cents a gallon.

Under the provision of the new law, refund payments will be made after June 30 on gasoline used during the first six months of 1956; thereafter, refunds will be made on a fiscal year basis from July 1 through June 30.

The form to be used for filing this claim is Form 2240 and may be obtained from either the local county agricultural agent or from any Internal Revenue Service office after June 1. These refunds will be limited to the Federal tax on gasoline which is used by a farmer for farming purposes.

Farmers are warned, Menninger said, that they must keep sufficient records to enable the Internal Revenue Service to verify the accuracy of the amount claimed as a refund.

He further stated that this refund covers the period Jan. 1, 1956 through June 30, 1956, and that the refund cannot be filed prior to July 1, 1956 or not later than September 30, 1956.

The claim should be sent to the District Director of Internal Revenue, Detroit, Michigan, for processing.

Detectives Probing Two Area Breakins

Two early morning breakins were under investigation by Sheriff's Department today.

Sheriff's Department today.

A White Lake Township service station and a school in Orion Township were reportedly entered. Both entries were gained by breaking windows.

Change was taken from candy, pop, and cigarette machines, while a battery, car wax, and oil were also said to be missing from the station at M59 and Taggerdine road. Sheriff's deputies were able to recover a leather glove and a piece of bloodspattered glass as possible evidence.

The door was damaged to the extent of an estimated $60 to $100 and ice cream cones were taken from a freezer in a breakin at the Webber School, Clarkston and Baldwin Roads.

Deputies Seeking Girl Missing From School

Oakland County Sheriff Department deputies were seeking the whereabouts of a Brandon Township teenage girl today who has been missing from her home since Thursday morning.

Lilia Stayton, 15, of 4075 Bald Eagle Lake Rd., left her home yesterday morning and took a bus to school but never entered the school, the investigators reported.

The girl's father, Lyle Stayton, told deputies she had not been seen since.

Banquet at Imlay City

IMLAY CITY — The Lutheran Ladies Missionary Society will hold a Mother-Daughter Banquet at 7 p.m. tonight in the Fellowship Hall of St. Paul Lutheran Church.

To Get Honor Degree

CINCINNATI (AP) — Dr. George Rieveschle Jr., scientific assistant to the president of Parke, Davis & Co. of Detroit, will receive an honorary doctor of science degree from the University of Cincinnati. The award will be presented at commencement exercises June 8.

Honor Milford Students Today

Present Merit Awards; List June 6 Graduation; Slate Breakfast, Prom

MILFORD — Hundreds of merit awards were given to Milford high school students today, as they observed the annual Achievement Award presentation.

Based on various activities throughout the year, the awards were presented by Principal Erwin Johnson in a daytime auditorium period. In previous years, parents and friends were invited to attend at an evening affair.

Although many Milford high school students have received scholarships to various colleges, there are five outstanding seniors who have won scholarships ranging in the thousands of dollars.

Havrilla Wiseman competed against approximately 60,000 other students in the nation and was among the highest chosen. She received a $6,000 award.

Mary Ann Squire received the Ford Foundation award totaling $5,000 and will take a 4-year course at Michigan State University next fall.

Allen McFarlane will attend Yale University next year on his NROTC scholarship. Marion Bannerman received a High Honor award and Michael Trocke will attend MSU on his Jets Club Entrance Scholarship.

According to Johnson, 101 seniors will graduate June 6 at Huron Valley Memorial Field ceremony. The Senior Breakfast will be held this Saturday, at 7 a.m. In the evening the class will attend the Senior prom at the Highland school.

House May Cut Building Budget

More Liberal Measure May Be Okayed, Says Dixie Representative

WASHINGTON (INS) — A key congressman predicted today that the House will pass "a much more liberal" housing bill than that approved by the Senate yesterday.

Rep. Albert Rains (D-Ala.), who heads the housing subcommittee, added, however, that the 405,000 public housing units authorized in the Senate measure will be drastically slashed.

In fact, he said, all public housing may be eliminated in the version finally approved by the House —which traditionally opposes public housing.

But on other phases of the bill, Rains forecast more liberal provisions. The House Banking Committee winds up public hearings today and will begin closed-door consideration of the measure on June 4.

The Senate bill, passed by a voice vote, extends the veterans—or GI — loan program for World War II veterans one year to July, 1958; calls for a new program to house old people, and continues the military housing and home repair loan programs three years while increasing loan limits for both.

Men's Potluck Saturday

WATERFORD—The Men's Beacon Club of the Waterford Community Church will meet at 6:30 p.m. Saturday for a potluck supper. There will be a film shown.

Board Studies Possibility of Forming Extension Unit

The Pontiac Board of Education last night mulled the possibilities of increased opportunities for advanced education in the area, and considered meeting with the officials of the University of Michigan and Michigan State University.

• • •

"We believed we might interest them in helping us get the best facilities we can, which could be used both by Pontiac residents and by others in the northern part of the county," said Dr. Dana P. Whitmer, superintendent of schools.

• • •

Board members said they discussed a range of proposals in an executive session, from increased extension courses to establishment of an extension center here.

Whitmer said the whole question will be discussed further before any action is taken.

He emphasized that at present extension courses offered at Washington Junior High School serve "a very good purpose" in providing advanced students — mostly teachers—with work on the graduate level.

• • •

These courses are offered by U. of M., State, Michigan Normal College and Wayne University, he said.

• • •

"But the board feels there is a need for facilities for beginning college students as well as adults interested in more varied non-credit courses," he said.

Among the possibilities discussed were two-year terminal courses, roughly equivalent to junior college; increased instruction in both liberal arts and professional fields; and a new building to house the facilities if they can be obtained.

"Right now we're just feeling our way," Whitmer said, "but we believe that other groups may also be interested in working for more facilities—perhaps even a separate campus."

Re-Indict 3 Youths in Tavern Slaying

Three Hazel Park youths charged with the first degree murder of an Ohio tavern owner Jan. 22 were re-indicted yesterday by an Ohio grand jury.

The youths are William Thomas, 20, Bernard Harris, 18, and James Thornton, 18.

• • •

Auglaize County Prosecutor George Monahan said the trio were re-indicted to make a joint trial possible.

The youths originally were indicted by the grand jury in January, but the charge against Thornton was dismissed when it was learned that he was only 17. His 18th birthday was yesterday.

SPRING FAIR AT GLENGARY — The annual PTA Spring Fair at Glengary Elementary School, an event that rates high with young and old alike in the Commerce Township area, will be held from 2 until 9 p. m., Saturday. Here, Daniel Caton and Ellen Bechtelheimer, members of township scout units and sixth grade pupils at Glengary, display one of many posters made by students of the Walled Lake Consolidated School District. Local Boy and Girl Scout groups will be represented at the Fair.

Plan Fun and Features at Glengary PTA Fair Saturday

COMMERCE TOWNSHIP — Games, pony rides and a bake sale are a few of the attractions listed for the annual PTA Spring Fair which will be in full swing from 2 to 9 p.m. Saturday at Glengary Elementary School.

The local Cub Scout unit has arranged a series of skill games for the occasion. Girl Scouts will set up a flower shop with Boy Scouts operating an outdoor Bar-B-Q concession.

The Parents Council of the Boy Scouts will serve dinners.

Booths will be set up for a White Elephant Sale, a Surprise Tree, "Ring-a-Duck," fishing ponds and for the sale of refreshments.

• • •

Main attraction at the fair will be Ricky the Clown who will be on hand at 3 p.m. Ricky and his donkey "Bambino" will put on a 45-minute show on the stage in the school's multi-purpose room.

• • •

Two outstanding features are a surprise parcel post auction sale at 4 p.m. and a "Spook" room. A display of American and foreign sports cars from 2 to 4 p.m. also is expected to draw attention.

Chairman of the fair Mrs. John Richwine said all proceeds will be used to complete paying for the public address system which the PTA has underwritten and also to purchase a used school bus which the PTA is buying for the use of the four Boy Scout troops which it sponsors.

• • •

The bus will be used to pick up people wishing to ride to the fair on Saturday from 2 to 6, and will run a return service from 6 to 8. A donation of five cents will be expected from each child using the bus, a dime from each adult.

• • •

The bus will circle the Glengary School area and also run into the city of Walled Lake.

AGNES G. BITTLE

Mr. and Mrs. Norman Bittle of 520 South Broadway, Lake Orion, are announcing the engagement of their daughter, Agnes G., to Virgil E. Millen, the son of Mr. and Mrs. Floyd Millen of 109 East St., Oxford. A June 9 wedding is planned.

Imlay Post Office Under Construction

IMLAY CITY — Work is under way on a new post office for Imlay City.

• • •

The new building, located on East Third street opposite the Almont Manufacturing Co., will be of cement block construction with brick face and modern interior. It will be 40 x 50 feet in size, and completion is expected within 60 days.

• • •

The post office is being built to specification by a private individual and will be leased to the government.

MSU Receives Building Grant

$1.5 Million Gift From Kresge Foundation to Aid Art Department

EAST LANSING (AP)—A gift of $1,500,000 from the Kresge Foundation of Detroit, for a building to house the art department at Michigan State University, was accepted today by the State Board of Agriculture.

• • •

The building will incorporate galleries, studios, offices for the art department and classrooms.

The site selected for the art center is located between the auditorium and the alumni memorial chapel. The building will be placed so as to utilize the formal garden at the Fairchild Theater entrance to the auditorium as a setting for sculptures.

"Everyone at Michigan State University is deeply grateful to the trustees of the Kresge Foundation for this gift," said MSU president Dr. John A. Hannah, "not alone because of the possibilities it opens up in the area of fine arts, but as a tangible expression of confidence in this institution as a broad-gauged university.

'Model Mother' Kills Daughters

3 Girls Die Instantly, Then Woman Attempts to Take Her Life

LAKE WALES, Fla. (AP)—A woman, known as a "model mother" killed her three daughters today, placed them carefully in their beds, then fired two pistol bullets into her own breast.

• • •

Mrs. Lorene Culbeck, in critical condition in a hospital, told patrolman S. D. Betton that she killed her children, Shirley, 5, Pamela, 3, and Jan, 1, but refused to give a reason. Doctors said she is not expected to live.

Police entered Mrs. Culbeck's trailer home at 1:30 a.m. and found the bodies of the children in their beds and the mother on the floor.

• • •

Her trailer was a large late model and well-furnished and neighbors said she apparently was not in need of money.

• • •

She moved into the camp about three years ago and had lived there since—except for a brief period last summer when she drove back to Michigan.

Neighbors said she corresponded regularly with her husband and when the children had birthdays they received gifts from their father.

Shortly after midnight, Mrs. Culbeck telephoned the family doctor and asked him to come to the trailer in about half an hour. Tied up on an emergency case, he called police and asked them to go out, saying he felt "there is something wrong."

Although Korea's water birds are like those of western North America, her land birds are related to those of Europe.

Oust Charter Secretary at Southfield Township

SOUTHFIELD TOWNSHIP — Mrs. Elizabeth Molnar, secretary to the new Charter Commission, has been ousted from her post in a stormy session here.

• • •

Commissioners voted Mrs. Molnar out Wednesday night after her refusal to resign the job. They accused her of "openly and defiantly disrupting the orderly conduct of business." Mrs. Molnar is still a member of the commission an elective post.

Over $1000 in prizes . . . nothing to buy, just register when you enter . . . you do not have to be present to win!

ENTERTAINMENT NIGHTLY!

Show hours are from 3:00 p. m. to 10:00 p. m. on Friday, 12:00 noon to 10:00 p. m. on Saturday and Sunday. Free Parking and children under 12 will be admitted FREE IF ACCOMPANIED BY AN ADULT!

Sponsored by the Rochester Lions Club

TOP DRIVER AT ROCHESTER — Larry Torretta of 3370 Greenwood, Pontiac, holds the trophy awarded to him for first place in the Teen Age Rodeo held this week in Rochester. Larry, a junior at Avondale High School, also received a $50 U. S. savings bond. With him, to share congratulations, is Larry's driver training instructor Leonard Passint (right) of Avondale High School. The contest, sponsored by the Rochester Chamber of Commerce and Pontiac Junior Chamber of Commerce, consisted of a road test and written examination. Winning contestants had to have a ticket free and accident-free driving record.

Turnpike Bridge Over Delaware River Open; Indiana to Gotham Now Non-Stop

EDGELY, Pa. (AP) — Governors, George M. Leader of Pennsylvania and Robert Meyner of New Jersey shake hands on the center span of a new bridge over the Delaware River today—and then throw open the last link in a turnpike system stretching 719 miles from New York City to the Ohio-Indiana border.

Formal dedication of the 25-million-dollar mile-long span links the Pennsylvania and New Jersey toll road systems. The Pennsylvania and Ohio turnpikes were joined previously.

In addition, the motorist now will be able to drive with virtually no traffic delay beyond New York into New England. And when the Indiana Turnpike is completed next year, the way will be clear almost to Chicago.

AT FLORENCE, N. J.

The big bridge connects Edgely in Pennsylvania's Bucks County and Florence in New Jersey's Burlington County. Pennsylvania constructed the 32.3-mile extension of its toll road system to reach the span, while New Jersey provided a nine-mile connecting extension. The construction cost of the bridge was shared by the two states.

* * *

An estimated 10,000 cars and trucks are expected to use the six-lane bridge daily, many of them seeking a quicker route around heavily congested Philadelphia. Traffic experts say the bridge will cut up to two hours off the former driving time from the Valley Forge interchange on the Pennsylvania Turnpike to the main New Jersey Turnpike.

Toll for the bridge is 40 cents, to be shared by the two states.

The bridge was built in 14 months—a rush job to catch the early vacation traffic crush and to aid in the rapid industrial expansion of the Delaware River Valley, an area stretching from Wilmington, Del., north to Trenton, N.J., and including Philadelphia and Camden, N.J.

Australians to Discuss Relations With Red China

CANBERRA, Australia (AP) — Prime Minister Robert G. Menzies said today relations with Red China will be a major topic at the Commonwealth Conference in London in July.

Menzies did not go into detail at a news conference. But he indicated the discussions would involve the Chinese Nationalist position on Formosa and the offshore islands of Quemoy and the Matsus.

Young Cleared by Senate Quiz

North Dakotan Pleased by Findings on Sellout Charges by Paper

WASHINGTON (AP)—Sen. Young (R-ND) said today he is "very pleased" with a special Senate investigating committee's finding that "sell-out" charges against him by a home-state political paper were completely unfounded.

* * *

"I knew all along there could be no substance to the charges," Young said in an interview. Young, a candidate for re-election, had asked for the hearing "to clear my name."

The Leader, a twice-monthly paper published by the North Dakota Nonpartisan League, printed a story Feb. 9 under the headline "Young Sells Out Again." The story dealt with Young's vote for the controversial natural gas bill.

* * *

K. W. Simons of Bismarck, N.D., editor of the Leader, and R. C. Nathan of Jamestown, N.D., a director of the paper, were questioned at a closed hearing yesterday by the special committee set up to investigate lobbying. Young also testified.

The committee's decision, announced in a joint statement by Chairman McClellan (D-Ark) and Vice Chairman Bridges (R-NH), said, "The statements against Sen. Young were completely unsupported by any evidence whatsoever and merit no further action by the committee."

Dem Hopefuls Sound Off

Adlai: 'GOP's Incapable Kefauver: 'No Bossism'

TAMPA, Fla. (AP)—Sen. Estes Kefauver today hammered away at charges of bossism as he stumped the west coast of Florida for votes in Tuesday's presidential preference primary.

He revived the bossism issue, which helped him defeat Adlai Stevenson in the Minnesota primary, after six of Florida's seven Democratic congressmen publicly urged support of Stevenson in the Florida balloting for 28 national convention votes.

In his street corner talks yesterday, he said that "no little handful of people should select the nominee and no handful of people should speak for the people of Florida."

He continued to emphasize his statement that Stevenson had vetoed as governor of Illinois a bill which would have increased old age assistance payments 10 per cent.

"He not only vetoed the bill to increase the old people's pensions but he also vetoed an item in the appropriations bill which would have financed the increase," Kefauver said.

WEST PALM BEACH, Fla. (AP)—Adlai Stevenson made a sweeping attack on the Republican party last night and topped it off by saying, "We must elect a Democratic president."

* * *

The Republican party, Stevenson said, is "incapable of conducting a coherent, consistent foreign policy.

WHO IS CORRECT?

"When Russia announced that it was cutting back its army ground forces, the secretary of defense said it was a step in the right direction, the secretary of state said it was a step in the wrong direction, the secretary of peace, (Harold E.) Stassen, said it was a step in the right direction and the President appointed a committee to find out what direction the step was in."

Campaigning hard for Florida's 28 votes at the Democratic National Convention, Stevenson departed briefly from his denunciation of the Republicans to aim a few remarks at Sen. Estes Kefauver, his Democratic rival in the May 29 primary.

Area Seniors Store Memories

Pontiac Press Photos

BOOKS TO BANQUET. Avondale seniors exemplify seniors throughout the county and across the nation. First come the senior examinations and when those are finished — the party. In this case seniors held their annual tests yesterday at Avondale and tomorrow night is the long awaited for Junior-Senior Banquet. In the top picture Dell Hutchinson and Ida Mae Woodhue concentrate on those all important two-day tests while in the lower picture a happier event is promised. Lynn Wright (left) senior class president and Larry La Forge, junior class president, get together on banquet plans. They inspect the tableware to be used and okay decorations. The senior class will, prophecy, history and poem will be read at the event as well as a toast to the junior class. Goodbye books, Hello banquet!

Seniors have begun collecting those last minute memories as graduation day grows nearer and nearer in area schools. Exams, dances, picnics, class days — all add to the bit of nostalgia that grips the thousands who will graduate from area high schools in a few days.

AT AVONDALE

Avondale seniors completed their 2 day final exams today and are anxiously awaiting the swirl of events to come.

Tomorrow night is the annual Junior-Senior Banquet where the juniors host the seniors. Senior class will, prophecy, history, and poem will be read along with a tribute to juniors. Juniors will respond to the tribute and present their own poem.

Larry Herron, Nancy Lowery, Bob Jaycox, Barbara Weiczorek, and Sharon Moss are the seniors participating in the program. Juniors are Jackie Pyle, Barbara Broadway, Marge Gingrich, Bob Snyder, and Judy Bennett.

Highlight of the evening is when senior President Lynn Wright presents the senior chain to junior President Larry LaForge. Each senior class adds a link to the chain wrapped in the class colors.

Tuesday, 4 a.m., the four-day senior trip will begin, wherein the seniors will journey to Chicago by bus and then take to the water to Mackinaw Island and Sault Ste. Marie before returning to Detroit Friday at 1 p.m.

Regular season for varsity baseball, track, and golf ended this week at Avondale, and all non-seniors are busy reviewing for their finals.

Spring honor assembly will be held Monday for basketball, baseball, track, and softball. Commercial awards will also be given.

AT CLARKSTON

The seventh grade science classes became the proud "mother" of a tiny baby chick.

This chick is the result of a project that has been going on for several weeks. Various students built the incubator, supplied the eggs, feed, and lighting necessary for maintaining the correct temperature.

The classes are still anxiously awaiting for seveal more eggs to hatch.

May 17 Clarkston Varsity defeated Holly in baseball 5-3. The game was played at Clarkston, Avondale defeated the J. V.'s with a 5 to 3 score in last week's baseball game.

* * *

The Clarkston Golf Team has placed in the Regional Golf Meet for the first time in the school's golfing history. The meet is scheduled for tomorrow, but due to the absence of the senior golfers, the team will be unable to participate.

Several journalism students have written articles in keeping with Michigan week.

The sophomores are having a car wash at the Clarkston school tomorrow. They will work from 9 a.m. until 4 p.m. They will have both pick-up and delivery service.

Classes are now electing their officers for next year.

* * *

Registration for next year's classes was carried on yesterday and today while the seniors are on their class trip to the Nation's Capital.

AT WALLED LAKE

Walled Lake seniors will embark upon their three day cruise to Mackinac Island and Chicago Sunday afternoon. They will meet at school at 11 a.m. and board a bus which will take them to Detroit where they will meet the boat.

Monday afternoon the seniors will tour Mackinac Island for four hours. Monday they will be guests of the captain at dinner and afterward attend a dance. A talent show in which all are invited to participate will be held while on board.

After crossing the Straits of Mackinac and sailing down Lake Michigan, the ship will dock at Chicago. A short tour by bus will give them a bird's eye view of the city and then they will be homeward bound by bus.

AT LAKE ORION

These last three weeks of school continue to be very busy in addition to the time needed for reviewing our academic subjects.

* * *

Elections took place all day Tuesday and the following are our new officers for the coming year. For Student Council, Jack Schafer, president; Margaret Braid, vice president; Mary Lynn Shoup, secretary; Alfred Kochanowski, treasurer.

The senior class of 1957 elected as their leaders, Steve Rubbleman, president; Ed Braid, vice president; Barbara Allen, secretary; Roy Murley, treasurer.

The juniors selected John Wiltse, president; Pat Grandstaff, vice president; Kathleen Abbey, secretary; Sharon LaMothe, treasurer.

Sophomore officers are Carl Baber, president; Ken Robinson, vice president; Karen Miller, secretary and Beth Woodward, treasurer.

* * *

The artistry displayed in the posters for the rival political parties may have influenced the elections, but the rooms contain many good posters depicting Michigan's recreational areas, industries, birds, and natural scenes which show a real interest in our state for which everyone is wearing campaign type buttons this week.

* * *

The Cheer leaders at Lake Orion High are not just a group of over-energetic girls. Of the 33 who originally signed up only 19 were able to pass the physical and scholastic requirements.

* * *

Of these two will be selected to fill varsity vacancies, and eight for the junior varsity group.

Teachers, the principal, the student body and the present varsity group will consider character traits, loyalty to the school, grooming, posture, skill pep, and enthusiasm, before the girls are selected next week.

They will become members of the PEP Club, which recently revised its bylaws.

* * *

Seniors have exams the coming week which precedes their Baccalaureate on June 3rd, in the high school auditorium.

AT WEST BLOOMFIELD

"One Heavenly Night," the annual Junior-Senior prom is set for tomorrow night from 8:30 until 12 at West Bloomfield High School.

* * *

Paradise complete with golden gates, fluffy clouds from ceiling to floor and just plain atmosphere promise to give those attending "One Heavenly Night," announces Jean Randall, decorations chairman.

AT ROCHESTER

Pauline Gerken and Myrna Maass have been named valedictorian and salutatorian respectively of the 1956 Rochester class.

* * *

Pauline plans to pursue a course in Music Eduation at Concordia College, River Forest, Ill, and Myrna will attend Central Michigan College of Education at Mt. Pleasant.

ROBERT JAYCOX

Tied for valedictorian at Avondale High is Bob Jaycox, an all "A" student. Bob hopes to pursue an engineering course at California Institute of Technology in the fall. He has served on Student Council and is class treasurer. He is a member of National Honor Society and the debating team. Bob has participated in sports.

NANCY LOWERY

In a tie with Bob for Valedictorian is Nancy Lowery, also an "A" student at Avondale. Nancy plans to study music education at Central Michigan College in the fall. Class secretary and member of the Student Council, Nancy also participated in PTSA, band activities and National Honor Society. She was chosen DAR Good Citizen this year.

DALE RAFFLER

Salutatorian at Avondale is Dale Raffler. Dale wants to take advanced work in chemistry but has not chosen a school yet. Dale's extra time has been used as a Pontiac Press carrier for which he received a Press award for service. He also has the record of never missing a day of school in seven years.

Graduation Plans Complete at WTHS

By JEAN LIIMATTA

Only four days of high school classes remain for Waterford Township High School class of '56. Seniors will spend next week cramming for exams to be Thursday and Friday.

Baccalaureate will be June 10 at 8; Commencement, June 13 at 8. Underclassmen will be officially dismissed June 12.

The 1956 annual WATERLOG was carried by more than 1,000 students and faculty this week as the yearbooks were autographed in every corner of WTHS. Tuesday was traditional "Waterlog Day," when the book was presented to the school by editor Carole Fortin.

WTHS's nationally-famed orator Sheldon Smith took second place in the nation in the finals of the Hearst Oratory Contest held May 16 in Boston.

This is WTHS's second orator to place second in this contest. Last year Myles Watkins, under same instructor—Patty Looman — also ranked second in the nation.

Both juniors and seniors are awaiting the annual highlighting event—the Junior-Senior Banquet—sponsored by the junior class. The affair will take place one week from tomorrow at 6:30 in the high school gym.

The popular Lorelies will provide entertainment. With the title, "Carousel," the theme will be carried out in red and white circus decorations. Special china clown dolls will be given as favors to senior girls. Marie Salley is sponsor of the banquet.

Tomorrow evening junior and sophomore GAA members will honor senior GAA girls at the annual banquet held at Devon Gables at 6:30.

More than 100 girls are expected to attend along with special guests: Principal Thad Carr and Mrs. Carr. A professor of physical education at Wayne University will address the girls. Clodith McCloud, junior, will give the farewell address, which will be responded to by GAA president Barbara Kenifeck.

Rodney Evans, junior, was chosen to lead the Student Council next year as president; Marlene Lazenby, junior, was elected vice president; Carol Souels, junior, recording secretary; Jane Martini, junior, corresponding secretary; and John Herrington, sophomore, treasurer.

Wednesday evening Future Teachers held a Pot Luck in the high school cafeteria. Each cadet student teacher brought the instructor he is working under. Nancy Rose, junior, heads the club as president.

Students will receive letters, pins, scholarships, and other recognition for their year's work at the annual honors convocation next Tuesday (May 29).

Monday and Tuesday bowling leagues will be honored at the annual banquet next Tuesday at 6:30 in the school cafeteria. Trophies will be awarded to top bowlers.

Eastern Concert Next Week

Eastern Junior High is preparing for its annual spring concert next week while style shows and class projects dominate news at Avondale and Madison.

AT EASTERN

The members of Eastern's Treble Clef Club and Boys Glee Club will present their annual spring concert May 31 and June 1 in the school auditorium. Curtain time is 7:30, and the public is invited.

The Treble Clef Club is directed by Margaret Snyder and the Boys Glee Club is directed by Henry Elling.

The theme for this year's concert is "U. S. A., Our Land of Music." "Our Land" will be represented with religious and patriotic songs of the United States.

A section on rural life in America, featuring a "State Fair" theme will be presented by the boys, while the girls will take a short trip from Michigan to the southwestern section of our country. Mexican songs and dances are featured in this section of the program.

Solos will be sung by Karen Hayden, Diane Meyers, and Sandra MacDowell from the Girls Treble Clef Club. Dimitra Govenis and Nancy McGown will sing a duet.

Don Beltz, Tom Buchanan, Bob Burns, Bob Marks, and Mike Walker, will sing solos for the boys.

The opening number will feature Phyllis Wardell, Charlene Wiegert, Darrell Ashby and Gordon Noren.

There will be two duo-piano numbers. These will be played by David Brien and Judy Haroutunian, and by Nancy McGown and Lynn Thompson. Other pianists appearing on the program as accompanists are Margaret Cates, Kay Hamilton, Linda Stickney, and Susan Sommerville.

AT AVONDALE

All people who have served on the Service Squads in the school were rewarded by going to Briggs Stadium on Tuesday to see the Tigers play against the New York Yankees.

A style show sponsored by the Avondale Education Association and modeled by teachers of our school system was held Wednesday. Proceeds were placed in the Scholarship Fund.

AT MADISON

Students in 7A Speech classes have just finished a unit on presenting announcements. Each student wrote an original announcement and presented it on the tape recorder.

As a part of Education, Business and Industry Day May 23, our school was visited by eight leaders of business and industry. The businessmen toured classrooms and were shown other facilities of our new building.

After the tour, they were honored with a luncheon prepared and served by Home Economics students.

Civics Classes Hold United Nations Session

Birmingham High School civics classes held a mock United Nations session Monday at the school.

Issues discussed in the day long affair were Cypress situation, unification of Germany, the Algerian question and admission of Red China to the UN.

Graduation Activities Begin Next Week for Seniors

"Quiet Before the Storm" Hits Pontiac High Students

By VICKY MICU

A quiet lull is embracing Pontiac High School this week before the storm of picnics, outings, parties and cramming for final exams.

Seniors have passed through the inferno of preliminary exams and have returned from the boat trip, and are now looking forward to the coming senior prom, "Drifting in Dreams," as well as classday, and practicing for commencement exercises.

Next Saturday is the big day for seniors when the prom will take place in the PHS gym. A mystic dream-like atmosphere will provide the background for the 9 to 12 affair.

Decorations are top secret, but posters range from star-studded couples to castles in the air.

The Linnean Society (PHS biology club) will distribute the annual Journal for the Michigan Junior Academy of Science, Arts, and Letters next week to science clubs at PHS and throughout the state. Editor of the Journal is Dick McLaughlin assisted by co-editor Constantine Sousanis. Other members of the staff are Krista Kaasik, letter editor; Bill Hansen, club news; Emmanuel Williams, art editor and Bob Tenny, mailing editor.

Next week THE big news will be hanging over the heads of PHS Chiefs. The school yearbook, the Quiver is to come out June 1, and the most closely guarded secret of PHS will be out. Surprises are in store and a bigger and better book is planned.

Active in work with the Future Nurses Club, PHS junior Frances Kamachos has added to her accomplishments as she was elected President of the Tri-County League of Nursing last Friday. She has previously been a PHS delegate to the council, secretary of the council, and active in the school Future Nurses club.

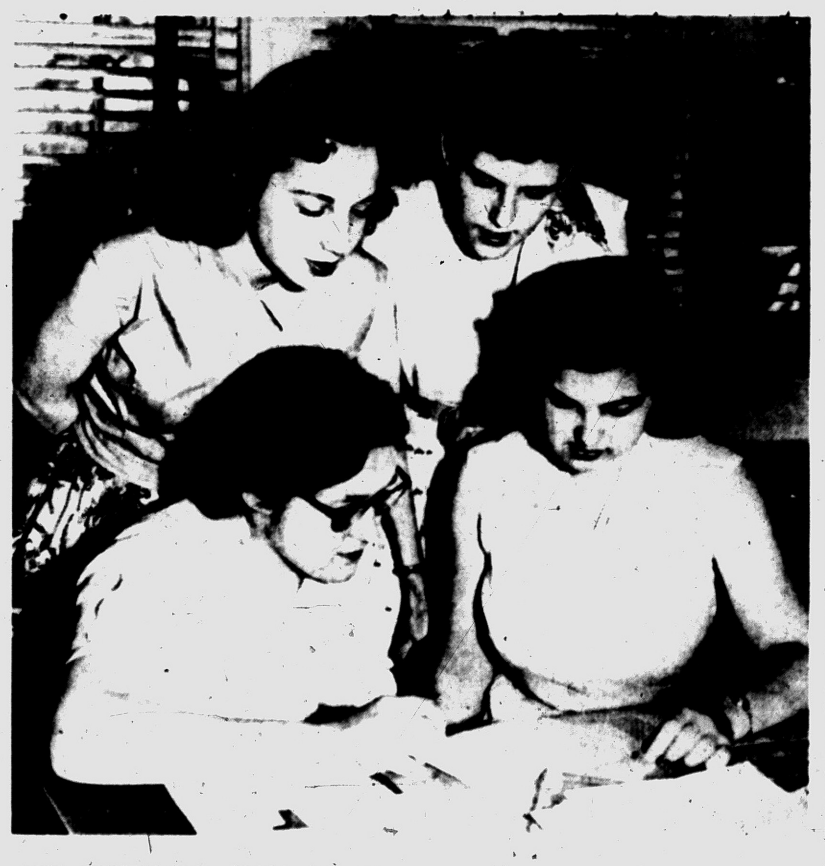

Another PHS student much in the news is senior Suzanne Danner, recently crowned Miss Naval Reserve. Suzanne has added to her many other titles with the winning of Miss N. R.

New Thespians were elected into this national honor society for high school dramatics last Monday. Some thirteen students were welcomed into the group.

* * *

The middle of this week students heard of the "little snake who wasn't there." Wednesday the school was warned to be on the lookout for a little coral snake who had escaped from a biology classroom, but it was soon found out "they ain't no such thing." It seems a not-so-funny practical joke was played.

Newsettes from the brick teepee: Thursday the PHS PTA met to discuss why students drop out of school—Tomahawk (school paper) staff members are planning a cruise to Bob-Lo Island in lieu of their annual spring picnic—Other picnics are being planned by Playcrafters, Projectionists, Radio Workshopers, Lab Assistants, and Dolphins. Dolphins are also planning a banquet — Summer school will be held at Pontiac High June 18 to July 27.

Pontiac Press Photo

NEW PUBLICATION HEADS—New editors of the Quiver and Tomahawk at Pontiac High School were announced. Seated (left to right) are Sharon Holland, Tomahawk and Jane Austin, Quiver. Standing (left to right) are Patricia Zielke, Tomahawk and Linda McCurdy, Quiver.

SMH Students Cram for Finals

Juniors, Seniors Take Tour Through Pontiac Motor

By JANET ENGLISH

Study was the pass word around Saint Michael's this week as studets begam cramming for final exams. The seniors' days of reckoning will be Monday, Tuesday, and Thursday, while the days of doom for the underclassmen are not until the first week of June.

The juniors and seniors traveled to Pontiac Motor Thursday, where they completed a tour of the Technical Center. All parts of the 1956 Pontiac were on display as well as numerous other products resulting from research in automation.

The 285 horsepower motor and similar masses of machinery held the attention of the masculine division of our group but the girls preferred to examine the finished automobiles—the dream cars.

Sister M. Muriel and Sister M. Miriam were the faculty members who accompanied the students.

Room 1—the senior homeroom—witnessed an auction sale, Friday. Jack Erb, who volunteered his services, acted as auctioneer and he managed to obtain quite a sizeable sum for the three photographs of the "elite class" that were sold.

To observe EBI Day which was Wednesday, representatives of local business and industries came to school to view the present methods of education and to meet their future employes.

* * *

Before the "Silver Cane Ball" last Friday, seniors and their dates gathered at the home of Nancy Wright for a coke party.

Pontiac Press Photo

PREPARE SONG FANTASY—"A Fantasy of Song" tomorrow and Sunday at St. Frederick High School with a cast of 170 will be presented by the Glee Club. Here in rehearsal for the annual concert are (left to right) Sharon Talbot, Ellen Schachern (seated), Marie Lewandowski, Ingrid Soderberg and Dennis Presto.

Song Fantasy Slated at St. Frederick

By ANN SCHACHERN

St. Frederick High School Glee Club, under the direction of Dominic J. Kline, will present "A Fantasy in Song," its annual spring concert tomorrow and Sunday nights, May 26-27, at 8:15 p.m. in the parish hall.

* * *

The Battle Hymn of the Republic, In the Still of the Night, My Bonnie Lassie, and selections from the "King and I" are among the songs that will be sung.

* * *

The highlight of the program, however, will be a special number, Manus Tua, written by Kline's brother, Friar Brennen Kline, O. F.M. in honor of Bishop Alexander M. Zaleski.

Piano accompanists will be Sharon Talbot and Ellen Schachern. Dennis Presto will add rhythm with his snare drums. Solos will be sung by Marie Lewandowski, Ingrid Soderberg and David Jones.

Boys will wear dark suits and girls will be attired in pastel colored formals. After the presentation on Sunday night, the choral will attend a party in the hall.

* * *

Chemistry students performed their last experiments of the year Wednesday morning. They prepared ammonia gas, carbon dioxide, and nitric acid, performed the destructive distillation of wood and soft coal, and demonstrated the uses of carbon as a reducing agent.

The physics class wound up its study of radio and television by touring radio station WPON with their instructor Gene Wright last Wednesday afternoon.

Senior final tests will take place this coming Tuesday, Thursday, and Friday.

At the Athletic Banquet last night, cheerleaders and boy and girl athletes were awarded letters for football, basketball, golf and baseball. Toastmaster was Lt. Gov. Philip Hart.

Since April, 1950, 874 Africans in the Gold Coast have been named to posts previously held by foreigners, Accra reports. This is considered good progress in the Africanization of government.

SCIENCE SHOW — Longfellow students and teachers presented a science show exhibit yesterday that covered their year's work and study in the subject. Here checking the astronomy exhibit are left to right, fifth grader Peter Pierce, Donna Mae Chancey, third grader and Mary Lynn Mitchell, sixth grader. Mrs. Isabelle Spring, (right) was chairman of the event.

Longfellow Science Show Reveals Work of Students

Parents of 610 Longfellow Elementary School students are firmly convinced today that education nowadays is a marvelous thing.

• • •

Longfellow students presented a Science Exhibit yesterday afternoon and evening for parents and friends that included some 11 different categories of display.

Kindergarteners through sixth graders displayed different projects in aviation, conservation, seeds and plants, water and weather, astronomy, magnetism and electric, health and safety, rocks and minerals shells, animals, and science club and book exhibit.

Plant life in many forms . . . house plants, vegetables, flowers, water plants, and seeds were displayed. A hen in one of the classrooms, as if on schedule, hatched several eggs. Young ducks, goslings and turkeys kept things noisy.

• • •

Students were on hand to explain each of the displays which included three chemical experiments performed regularly by three fifth graders.

The planning committee in charge of this first Science Exhibit included Principal Adeline Hook, Mrs. Isabelle Spring, general chairman; Irma Johnson, upper grade chairman; Dorothy Virtues, lower grade chairman; Olga Almas, organization of material; Nancy Prevette, publicity and Mildred Gingell, consultant.

• • •

Miss Hook said that the exhibit "Learning to Live for Meaningful Time," was a development type thing which was related to everyday living and helped the children to understand more about fruitful activities necessary to maintain the right kind of everyday living.

Gotham Pigeons Shocked at City Hall Conditions

NEW YORK (INS)—New York is giving an electronic hotfoot to the 1,000 pigeons and 10,000 winter resident starlings that formerly perched on city hall.

Every nook and cranny the birds called home has been wired with a low voltage pulsating device that shocks the feathered visitors out of residence. In terms of pain, it's about the same jolt received by a human who touches metal after walking across a thick rug.

A spokesman for the installing company said the birds "are conditioned enough to sense the electrical field set up by the current when they fly within eight inches of the wire. They put on their wing brakes and head for other parts."

Couple Ask $150,000 for Injuries, Losses

A Royal Oak woman who claims she is permanently crippled as a result of a traffic accident last September has filed a circuit court suit for $100,000 damages against the owner and driver of the car she charges is responsible.

• • •

Mrs. Henry Leatz says she "will never walk again and will be confined to a wheelchair for the rest of her life" because of the Royal Oak accident, on Crooks Road at Vinsetta Drive, in which the motorcycle she was riding was reportedly hit by a car driven by Ellen F. Brindle, of Royal Oak.

Two days after the filing of Mrs. Leatz' suit by Pontiac attorney C. Bryan Kinney, her husband, Henry Leatz, filed another against Mrs. Brindle and her husband asking $50,000 damages for loss of his wife's domestic services and the resultant "pain, expense and humiliation" to him.

Legal Divorce Proposed in Bill for Brazilians

RIO DE JANEIRO, Brazil (AP)—A bill to be introduced in the Chamber of Deputies would allow divorce after five years of legal separation. Divorce never has been legal in Brazil.

• • •

Deputy Sergio Magalhaes of Brazil's Labor Party says his bill will change the civil code so as to circumvent the constitutional clause saying "marriage is indissoluble." At present a couple can obtain a legal separation, but neither can marry again. The separated wife no longer can use her husband's name and is not entitled to inheritance or any other wifely benefits.

Since remarriage is impossible, these separated persons often take on a companion who in fact is a spouse. This companion, under the law, is entitled to all the benefits of a married person but not the title. A child is legitimate if the father recognizes the offspring as his own.

A legion of such cases includes diplomats, doctors, engineers, journalists and congressmen. There are 2,000 to 3,000 new "desquitados" a year.

The Roman Catholic Church opposes any change in the law.

State to Honor Frontiersmen

Awards Will Be Made at Dinner Saturday in St. Ignace

LANSING—Wolverine Frontiersmen Awards to persons who, in the Michigan pioneer tradition, have opened new frontiers to the people of Michigan and the nation will be presented at a banquet in St. Ignace tomorrow night. Saturday is designated as New Frontiers Day of Michigan Week.

The presentation will be made following a day-long inspection by midwest newspaper correspondents of construction progress on the Mackinac Bridge, a gateway to new frontiers.

Main speaker at the banquet will be Dr. Harlan Hatcher, president of the University of Michigan, who will disucuss "New Frontiers."

The 1956 Wolverine Frontiersman will be selected by a committee of presidents: Dr. John A. Hannah of Michigan State University; Dr. Hatcher; Dr. Clarency Hillberry of Wayne University; and Fr. Celestin J. Steiner, S. J., of the University of Detroit.

The Mackinac Bridge Authority arranged the press conference for the dual purpose of giving newsmen an opportunity for on-the-spot coverage of construction of one of the world's biggest undertakings—the five-mile span linking Michigan's lower and upper peninsulas—and to provide a dramatic setting for presentation of the frontiersman awards.

F. Granger Weil, executive vice president of the Port Huron Times-Herald, is chairman of the Michigan Week committee which planned the New Frontiers Day banquet and activities. George Petrie, chief Domestic Commerce-Michigan Field Office, U. S. Department of Commerce, Detroit, is secretary of the committee.

Bob Considine Says:

Desperate Reporters Interview Reporters

ABOARD USS MOUNT McKINLEY (INS) — You know a story is falling apart when reporters start interviewing other reporters, and photographers waste bulbs and plates on their competition.

* * *

We reached that stage in Operation Redwing along about the ninth time somebody tapped us on the shoulder and said, "Open your eyes and take your fingers out of your ears, Mac, it ain't going off today."

It got that way on the Kelly-Rainier story, too, during the days between the time the princess-to-be arrived a'twitter in Monaco and the Prince made her his own the following week.

One afternoon in the Hotel de Paris I caught beautiful Mary (no relation) Kelly, of NBC, surreptitiously reading my tea leaves! They contained the only good notes I had seen that day. Such cheek!

It was tougher on the USS Mount McKinley. They serve only coffee.

POETIC FRENZY

Radioman Third Class C. F. Cronenberger, youthful poet laureate of the McKinley, glanced from heav'n to earth and earth to heav'n, the other morning, and in a fine frenzy wrote as follows:

T'was the night before D-Day.
And all through the ship
The creatures were stirring
Preparing for it.
The H-bomb was hung in the plane with care
In hopes that the weather would always stay fair.

I with my hands over my face
And wishing I'd never seen this place
When at 6:15 there arose such a flash
That I dared not to look or I'd singe my eyelash

Out from the crest of the wide Pacific
The heat and the shock wave were terrific
And what to my wondering eyes should appear
(The horizon and sky were very clear
Like dry winds before the hurricane fly)
A big old mushroom boiled into the sky.
And up with the cloud the gamma rays flew
And scurrying away was the B52.
The ships at sea started their work
We sent our press and turned with a jerk
And laying a hand on the whistle it blew.
And like a bat out of hell for Kwaj we flew.

But I heard someone say as we left this place
I hope I never have another H-bomb to face.

But wait, my friends, this isn't all.
The H-bomb didn't go off at all.

Seek Cherry Queen

TRAVERSE CITY (AP)—The National Cherry Festival queen's committee has started its campaign to enlist candidates for the festival's queen contest from among Traverse City girls.

I dream't of the flash, the heat and the boom
And awoke in the blue Bikini lagoon.
So here we sit minus 1 D-Day.
Waiting and praying for the OK.
And if I ever leave this place
No more H-bombs will I face.

SAVING MONEY

Sombody should tell Congress the Air Force is saving the country a lot of money at Eniwetok.

* * *

The landing strip at this air center of Operation Redwing is not as long as some of the commercial strips around the U. S. but it must take B52s, B47s and such jet fighters as the 1,000 MPH (plus) McDonnell Voodoo.

To keep the expensive stuff from rolling into the water after landing (a B52 costs $8,000,000) the Air Force has built a kind of mousetrap across the end of the strip.

A cable flips up as the runaway approaches. The plane's nosewheel hits it. The cable is attached to a bunch of rusty old anchor chains from World War II. They clank along for a few yards and their weight easily stops the plane.

"The British breakfast table without bacon and eggs is unthinkable," the Duke of Edinburgh said at a farm show in London.

Trespassing wood pigeons have left the rural areas for London and even made nesting-places in the facade of Buckingham Palace.

Yard Barren Without Trees

Study Planting Rules Before You Landscape Lawn

Regardless of how well tended the lawn is, or how many well pruned shrubs there are, a yard without trees looks barren. Evergreens are fast growing trees that will give a yard a complete, permanent look in a very few years.

Other types of trees, although slower growers than evergreens, need not be started from seedlings. They may be obtained from a nursery in various sizes with a ball of earth wrapped in burlap around the roots.

There are a few basic rules involved in planting trees which will cut losses. First, don't let the roots dry out. If possible, buy trees with the "balled" roots.

Soak the "ball" overnight in a galvanized steel pail or laundry tub of water before planting. Bare-root specimens should be soaked too, and should be wrapped while planting to keep winds from drying them out.

* * *

Next, pulverize the soil. While the hole is being dug, remove all rocks, break up big lumps of soil and mix it with humus, decayed manure and bone meal for good, starting plant food.

* * *

Be sure the hole is large enough. The roots should be able to spread out completely with a foot or so of loose soil all around.

Make certain enough water is used to give the roots a good start.

As the soil is replaced in the hole, make a regular mudbath around the roots with plenty of water from a galvanized steel pail or sprinkling can. Leave a shallow depression around the trunk of the tree to allow the rain to run down toward the tree.

Farm and Garden News

ALL AMERICA ROSES — Golden Showers (left) is the first pillar and climbing rose to win the All America Rose Selections Award in many years. Its large four to five inch vivid deep yellow roses occur in great profusion in early spring. It grows to a height of six to eight feet. At right is the other winner White Bouquet, an enchanting white Floribunda with flowers in a gardenia-like white up to five inches. Excellent for bedding, foundation plantings and property borders.

Wild Flowers Grace County Garden

This is wild flower week—not established by some national authority but declared by the plants themeselves. Because of bad weather, they are about three weeks late in their arrival and this makes them more welcome than ever.

In this age of the bulldozer, wildflowers are becoming scarce. Garden clubs across the country are encouraging members to preserve the flora and fauna of their own areas by rescuing plants from proposed housing projects before the tractors move in.

Many gardeners have small plots set aside for these plants. Among the loveliest and largest is that of Mrs. Arthur Arnold of Williams Lake.

At her home on 6756 Desmond Court, she has a border about four feet wide by twenty feet long devoted almost entirely to woodland wild flowers. The only interlopers are a few lilies of the valley.

* * *

Bloodroot and hepaticas have had their fling but the trilliums, violets, and Virginia bluebells are in full blossom now. The jack-in-the-pulpits and most of the ferns are beginning to uncurl and the shooting stars and wood hyacinths are loosening their knotted buds.

Coming into bloom in Mrs. Arnold's garden within the next few weeks will be the evening primrose, uvularia, spiderwort, buttercups, bugle plants, trout lilies, wood lilies and Dutchman's breeches. She also has two of the vine-type plants—partridge berry and wintergreen.

Mrs. Arnold has planted several witch hazel bushes in her border. Because of their few branches, these allow filtered sunlight but keep the ground cool—a necessity with woods plants.

In caring for her wildflower bed, this hobbist emphasizes three rules. 1. Never use a hoe, because of the plants which propagate by underground runners. 2. Use only compost to fertilize and 3. When transplanting, always move plants with as large a clump of dirt as possible.

'Potato Patch' Needs Spraying

Recommend Use of Dinitro Herbicide for Soil

EAST LANSING—Potato growers can get better yields and save a lot of weed trouble if they spray the plot with a dinitro herbicide before the spud plants emerge.

Don Isleib, Michigan State University potato specialist, says the chemical has the longest lasting effect against weeds if it's applied to the soil just before the crop comes up.

He suggests spraying in a band directly over the row, leaving the middle of the row for the cultivator. The recommended rate is two to four pounds per acre of the actual area sprayed.

The effects of dinitro compounds are lost if the soil surface is mixed with underlying soil, Isleib points out. So the cultivation should disturb the soil only at the middle of the row.

CMU has controlled weeds well in potatoes when it was applied as a pre-emergence treatment, Isleib indicates. But the chemical has not been released by the Food and Drug administration for use on potatoes.

* * *

Although some growers have had success with 2, 4-D weedicides after plants have emerged, Isleib contends that it's risky to use such chemicals. He suggests only a trail with one-half to one pound of 2,4-D amine, sprayed directly on the soil of the potato hill.

MSU researchers are testing several new chemicals for potato weeding this season and new recommendations may result, Isleib says.

Give Sufficient Water to Lawn

Soil One Inch Down Should Be Damp for Proper Care

There is a trick to watering or not watering your grass that can save you a lot of time, not to mention water bills.

* * *

Water must be given in sufficient enough quantity to sink down to where it can help grass roots. You don't have to keep the ground soaked. As a matter of fact too much is just as bad as too little. It's the soil an inch below the surface that should be damp.

The checking method is simple. Many golf course superintendents use the same method as Chester Mendenhall of Kansas City's famous Mission Hills Country Club.

Mendenhall uses the hollow shaft of a broken golf club, checks each section of the course regularly by sinking the shaft eight inches into the ground and then he notes the watering needs.

* * *

If the top half of the earth in the shaft is dryish, in come the sprinkles for 12 to 24 hours. A golf superintendent gets his money's worth from the water and grass does not get more than it needs.

When you follow the steps for establishing a lawn. . .checking the soil, picking a good grass seed mixture, preparing the seed-bed you are cautioned about too heavy showering.

No more than can sink in the soil is recommended. The same is true with well established grass. Night watering is poor practice.

It stems from the golfdom methods of watering, when evaporation of the misty spray is at its lowest and the course is not in use.

Landscaping Do's, Don't's

DON'T: Plant shrubs that will hide your picture window or tower above the corners of your house.

DO: Plant your shrubs so that they are in balance and harmony with the shape and size of your house.

DON'T: Scatter island plantings haphazardly around your lawn. They will make for a lack of harmony and grace.

DO: Keep your front lawn clear and open. Plant borders around your walks and shrubs to frame your front door.

New Flowers Can Add Color to Your Garden

URBANA, Ill. (INS)—Roses are red, violets are blue but you can plant your garden with posies that are new to make it blaze with color this summer.

* * *

Charles E. Ackerman, University of Illinois floriculturist, says the 1956 parade of new flowers is led by the All-America Award winner, a vivid scarlet hybrid petunia dubbed "Firedance." It contrasts beautifully, Ackerman said, with another new hybrid, the violet blue "Serenade." Two other hybrid petunias are being introduced this year—a salmon pink one named "Fairyland" and a white-and-purple striped one called "Minstrel."

* * *

Besides blue Bachelor's Buttons, there's a rose-colored one now aptly named "Rosie."

* * *

Also new is a zinnia with ivory-white blossoms, the same color as vanilla ice cream. That's how you ask for it, too—the zinnia "Ice Cream."

Diseases of Shade Trees Discussed by Forester

By DONALD E. NAGEL
City Forester

What is a shade tree disease? A simple answer is a continued irritation by some agent which results in abnormal growth in the tree.

* * *

The factor that causes the irritation can be insect or any other type of living organism. The abnormal growth can be a stunting of the plant, the formation of galls or cankers or the formation of club roots or the eventual death of the plant.

What is meant by the control of a tree disease? It means a reduction in the amount of damage caused. Not often do we get 100 per cent control, but when our trees stay beautiful all summer long, good control is usually present.

Very often much of the trouble can be avoided if we are careful that the stock we buy is disease free. Look for the Michigan Department of Agriculture inspection tag.

* * *

Some control methods are the removing of the galls, cankers, club roots, or diseased part of the tree. The use of a spray or protective dust is most commonly used. Be sure to follow the directions exactly as they are given on the container. Chemical injury is not a disease. The old saying, "if some is good, more is better" does not hold true for most chemical sprays.

* * *

The most common disease of shade trees is probably leaf spot or as they are classified, anthracnose disease and are usually caused by a fungus. They should be sprayed with a fungicide. Some of the newer ones are Tag 331, Sineb, Elgetol. The old stand-bys copper and sulphur work very well too.

Galls and rots can be the result of bacteria or insects. If they are caused by insects, an insecticide should be used. The best way to control galls and rots is to cut the lesion off. Remove at least four inches of the branch or root along with it.

Browning along the veins of the leaves is often caused by a bacteria and should be sprayed with a bactericide. Most of the fungicides are also bactericides, but in the case of severe cankering consult your tree expert.

In conclusion we can say the disease group is characterized by leaf spotting, cankers, galls, club roots and browning along the veins. They should be sprayed with a fungicide or bactericide or remove the gall or canker. On the other hand a leaf with holes in it or one that is rolled up will be due to insect damage and should be sprayed with an insecticide.

If you are in doubt as to the nature of your tree problem contact your tree expert and let him advise you. Your City Parks & Recreation Department will also help you with your tree problems. This is a free city service.

Evergreens Suffer From Winter Injury

EAST LANSING—What's wrong with those sickly looking evergreens these spring days?

The brown color and soon-to-die look may have been caused by winter injury in January and February.

Harold Schick, a Michigan State University specialist, explains it this way: Warm, windy winter days took moisture away from the trees. The roots cried for water, but the frozen ground kept them from getting it. Now, trees show the effects of this drought.

It is too late to help the trees now. But, Schick says, give them time and they'll grow new leaves.

Next winter you can protect your evergreens by shading them from the sun, and by spraying them with wax and covering them with burlap or screens to keep away the wind on warm days, Schick suggests.

Kill Insects Living Around Foundation

EAST LANSING — This is a good time to get rid of those ants and spiders around the foundation of the house before they get inside.

Extension Entomologist Ray Janes of Michigan State University says you can put insecticide powder in an inch band around the foundation to keep out the pests.

He recommends the wettable powder form of benzene hexachloride at 6 per cent strength, or the 25 per cent lindane, or the 40 per cent chlordane. There should be enough applied to whiten the ground.

And you can spread the material on ant hills near the foundation to make sure there's no trouble later on.

Protect Corn From Maggots

EAST LANSING — With a cool, wet spring like this one, it's especially good crop insurance to protect seed corn from maggots.

That's because the dirty-white colored maggot can cut a big slice out of the stand, point out entomologists at Michigan State Univeristy.

They recommend treating seed corn with dieldrin, or aldrin, or lindane, in that order of preference. And they advise two ounces of thiram per 100 pounds of seed to protect the seed from a fungus that causes rot.

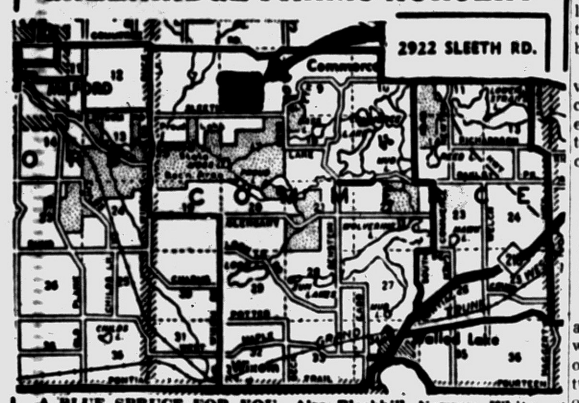

The insecticide and fungicide can be mixed together before they are mixed with the seed. The rate of dieldrin is one ounce of the 50 per cent wettable powder per 100 pounds of seed. For both aldrin and lindane it's two ounces of the 25 per cent wettable powder for the same amount of seed.

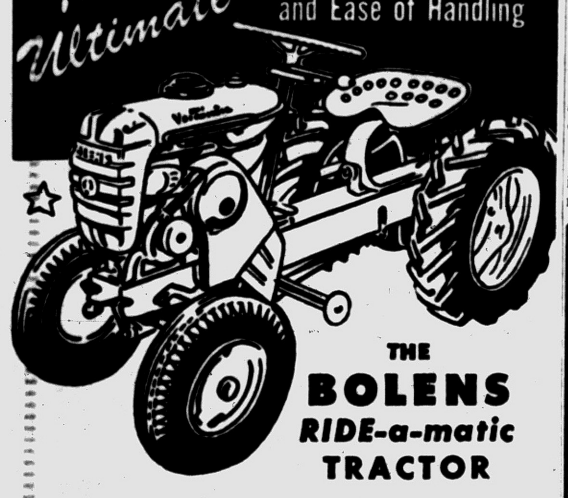

* * *

A thorough mixing through the grain is important, say the entomologists. The cost is only 10 to 20 cents per acre for the chemicals.

Cutworm damage can be minimized by placing tarpaper collars around plants they particularly enjoy, including melons.

CHERRY WONDER — A sight to behold are the many cherry trees and their lovely blossoms seen throughout Pontiac. This one was taken in the backyard of a local home. Homeowners like them not only for the favored cherry treat, but also for the white blossom coat in the spring that really makes the tree worth having.

FARM News GARDEN

Transplanting Shock May Damage Trees

If a newly transplated tree doesn't live up to all expectations this year, don't be too disappointed. Retarded leaf growth is nothing unusual the first Spring after a tree has been moved.

The shock of moving from nursery to lawnyard or from one type of soil to another frequently throws a tree's growth timetable off schedule. But the tree may prove even more beautiful than anticipated once it gets used to its new environment.

Of course, the home owner should be sure before transplanting that the new climate, soil and temperature range does not differ too drastically from the tree's former environment.

* * *

A tree native to the deep South can seldom survive in the far northern states, nor can a tree used to heavy rainfall and rich soil be expected to survive in a dry, sandy neighborhood.

Smart Gardener Gives Tools Excellent Care

A smart gardener takes good care of his tools, knowing that they'll last longer and give better service if they are clean. Scrape dirt from the metal parts of all gardening tools, then wash them with hot soap suds in a galvanized steel laundry tub or pail.

Set Deeply; Insure Continued Growth

Transplant Annuals Quickly, Efficiently

By HENRY PREE
Written for NEA Service

When tulips fade away, annuals come to take their place in the garden.

Annuals, like petunias, zinnias, marigolds and snapdragons, will thrive in almost any soil and give sufficient flowers to provide color in the garden.

Since the annual plants are small, it is a simple matter to set them between the tulips, taking care not to break off the tulip foliage.

Transplanting of annuals should be done efficiently and quickly to prevent their tender roots from damage and dryness.

the transplants should be set deeply and firmly enough to insure their continued growth.

Plants should not be set out until the soil has been loosened and cultivated. If the soil is heavy the incorporation of peat moss or other humus is most helpful. With the exception of larkspur, lipine, Drummond's phlox, mignonette, nasturtium and poppy, most annuals transplant with ease.

To recommend the 10 best annuals is easy — since, with little care other than providing a fair

soil and water when rains fail, they will satisfy even the most fastidious of gardeners and flower arrangers.

My selection consists of cosmos, ageratum, scabiosa, zinnias, marigolds, petunias, salpiglossis, stocks, caledula, dwarf dahlias, snapdragons, verbenas and nicotiana for evening perfume.

Of course, no gardener will neglect the lovely tuberous begonias and impatiens, two excellent plants for the shady place where nothing else will bloom.

For a gardener who delights in a fragrant bouquet I suggest a bed of the following annuals:

* * *

Sweet sultant, wallflower, heliotrope, candytuft, sweet William, mignonette and sweet alyssum.

In addition to the two above lists I suggest these annuals because they too produce excellent flowers, for cutting: Calendula, babies' breath, nasturtium, verbena, and hunnemannia.

* * *

One reason that young plants so frequently wilt when taken from flats and set in the garden on a warm day is that under such conditions their loss of internal moisture by evaporation through the leaves is more rapid than the disturbed roots can replenish.

* * *

Hence the wisdom of shading to decrease evaporation, and of extra watering to help the roots with their job.

Trees by House Valuable Asset in Home Care

A tree in leaf can reduce noises from the street. A tree tall enough to throw shade over the roof can materially reduce heat in summer.

Trees can lessen the amount of dust around a house and provide protection from winds.

There are also many aesthetic reasons why trees are a necessity to good landscaping and a complete and lovely home.

They can improve the looks of your home itself by altering lines, reducing ungainly height and providing contrast.

Seek Hobby? Grow Cactus

UM Botanist Reveals Few Ideas for Raising Desert Plants

ANN ARBOR (AP) — Stuck for an idea for a hobby? Let this one prick your imagination.

Elzada U. Clover, associate professor of botany at the University of Michigan suggests raising cacti — which is a shorter way of saying cactus-es.

They bloom well in any climate, she says, and most of them need a dormant season. This could last from Nov. 1 to Feb. 1, during which time they should be kept at 50 to 60 degrees in a normally lighted room. Don't overrate their drinking capacity — once every two weeks will do for watering.

If you're going to keep them in a darker, cooler basement room, she says, you'd better give them less water too.

As soon as the temperature nears that of desert conditions, they can be watered normally — which should produce flower buds on mature plants.

SPECIAL TECHNIQUE

"The cactus enthusiast," professor Clover says, "may become interested in planting seeds and watching the development of seedlings. This requires a special technique. It is better to plant the seeds when they are fresh as they will germinate within a few days."

"Older seeds," she explains, "require a much longer time. A temperature of 80 to 90 degrees should be maintained for three or four weeks. After growth starts a temperature of 70 degrees is sufficient."

This apparently eliminates the need for air conditioners. Just tell your friends you're raising cacti.

Among the cacti you might want in your collection, she says, is what is innocently known as the "dumpling cactus" but which is also known as "devils root" or "dry whiskey."

"Taken internally," she explains, "it produces remarkable color visions. I might add it also produces a very definite fatigue and is not recommended as refreshment even for a cactologist except as a scientific experiment."

Students Oblige Official —Right Into His Auto

SYRACUSE, N.Y. (AP)—P. Wilson Schiller, a Syracuse University official, was disturbed at the appearance of an old car overturned on the street in front of the Beta Theta Pi house.

* * *

So he asked the Phi Gamma Delta boys, who had done the deed to the rival Betas, to please right the jalopy and move it into the driveway.

* * *

The Phi Gams obliged. But nobody remembered to set the brakes.

The vehicle rolled backward out of the driveway — and smashed into Schiller's car.

How Smart Are YOU?

Call Off Nickname for Michigan's Shore

How well do you know the part agriculture plays in your state's economy?

* * *

(1.) The eastern shore of Lake Michigan often is called which of the following?

A. Bread Basket of the Lake States; B. Michigan's Store House; C. Fruit Basket of the Middlewest; D. America's Playground; E. Vegetable Kingdom of the Nation.

(2.) Which of the following desserts would be most typical of Michigan?

A. Banana Split; B. Cherry Pie; C. Angelfood Cake; D. Tapioca Pudding; E. Prune Whip.

(3.) The largest cash-to-grower fruit and vegetable market in the world is located in what Michigan town?

A. Saginaw; B. Midland; C. Kalamazoo; D. Ironwood; E. Benton Harbor.

(4.) Boston usually is associated with this product, but actually it's Michigan which tops almost all other states in its production.

A. Codfish; B. Clam Chowder; C. Beans; D. Lobsters; E. Oatmeal.

(5.) Michigan usually ranks first in the country in the production of these crops with the exception of one. Which one?

A. Red Tart Cherries; B. Cucumber Pickles; C. Red Clover Seed; D. Hay; E. Gladioli Bulbs.

(6.) As an industry, agriculture is considered generally to be in Michigan's top:

A. Two; B. Three; C. Four; D. Five; E. Six.

(7.) Michigan farmers receive most of their income from:

A. Fruit; B. Field Crops; C. Eggs; D. Dairy Products; E. Hogs.

(8.) Say cheese and which of these Michigan cities comes to mind?

A. Lansing; B. Howell; C. Pinconning; D. St. Joseph; E. St. Johns.

(9.) In addition to automobiles, Wayne County is also noted for its production of:

A. Sweet Corn; B. Cherries; C. Cabbage; D. Apples; E. Wheat.

(10.) Saginaw is known as the home of the world's largest:

A. Bean Elevator; B. Chicken Farm; C. Corn Field; D. Fertilizer Plant; E. Potato Dump.

ANSWERS

1. C; 2. B; 3. E; 4. C; 5. D; 6. B; 7. D; 8. C; 9. A; 10. A.

The Same Old Story; City Debating Green

ST. LOUIS (AP)—The city and its park keepers are in a court dispute over the wearing of the green.

City officials some time ago decided the park keepers should be outfitted with green uniforms.

"It will make them identifiable to our citizens and lend dignity to their positions," said Mrs. Edward G. Brungard, city welfare director.

* * *

The city bought $4,492 worth of the uniforms to be sold to the keepers at cost, about $15, on a pay-withholding basis.

But a union official yesterday filed suit in Circuit Court in behalf of three of the park keepers asking a declaratory judgment on whether the keepers can be forced to buy the uniforms as a condition of employment.

Chutists to Rescue

GUATEMALA (AP) — Parachutist teams and a medical aid plane prepared to resume their search today for a Guatemalan airliner missing with 31 persons aboard. The Aviateca Co. plane left Puerto Barrios yesterday morning for La Tinta. The La Tinta airport control tower reported that bad weather prevented the craft from landing there and it headed on toward Guatemala City.

Hollywood Headlines

Diana Dors Coming Over to Make Film With Gobel

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — After many cables and transatlantic telephone calls to Diana Dors in England, William Dozier can now relax. The British Marilyn Monroe has agreed to be here in July to co-star with George Gobel in his next comedy, "I Married a Woman."

I might add, George can also relax because for a time it looked as if the voluptuous Diana wouldn't be able to make it. And she is so right for the Mrs. in the Mr. and Mrs. Beauty contest which she and George both enter as husband and wife.

The leading lady Henry Fonda has chosen to play opposite him in "Male Animal" at Cape Dennis Playhouse is his 18-year-old daughter, Jane.

The way Richard Aldrich was able to wangle a deal with Henry to play in summer stock is a story in itself.

Dick asked Henry to do a play at Cape Dennis and Henry said he would do it if Aldrich could get him a house there for the summer for himself and his two children. The house forthcoming, Henry kept his part of the bargain.

HEADING EAST

Mrs. Milton Greene, wife of Marilyn Monroe's mentor, is heading East with their 2-year-old son, after a stopover at the Grand Canyon. She'll repoen their Connecticut home which hasn't been occupied since the Greenes accompanied M.M. to Hollywood while the glamor girl made "Bus Stop."

After her illness, Marilyn didn't live in the big and expensive Beverly Hills house which they had rented. She moved into a Hollywood apartment because her doctor wanted her to have complete rest. By the way, Marilyn's birthday is June 1 if you want to drop her a card at 20th.

The arrival of popular Nanette Fabray, who just walked out of Sid Caesar's life as his TV wife, at the Villa Capri with Marty Mills, executive of the Mills Music Publishing Company, caused a lot of whispering.

Marty accompanied Nanette from New York and it won't surprise their close friends if she and Marty marry. She has a home here but hasn't yet announced either her business or matrimonial plans for the future.

After a long, long search for a boy to play the role next in importance to Spencer Tracy's in "The Old Man and the Sea," the youngster has at last been found. He's a Cuban youth, Felipe Pazops Jr., 11-year-old son of the former president of the Cuban National Bank, and what interests me is that the boy has never done a lick of acting in his life. Ernest Hemingway's classic is now being filmed in Cuban waters.

DOUGLAS HOME

Snapshots of Hollywood collected at random: The Kirk Douglases have just paid a reported quarter of a million dollars for a new home on Camden drive.

Just signed is the deal for Thomas Mitchell to play Alexander Hamilton at the time of the John Zenger trial which established freedom of the press in America.

Bell Promises Ottawa Backing in Tracy Option

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

If the Detroit Lions sign Tom Tracy to a contract they will find themselves feuding not only with Ottawa of the Canadian League but as well with commissioner Bert Bell of the National Football League.

Of course the Lions can get Tracy, but it will be for a price, which a source close to Detroit office says "may cost us a couple players."

Otherwise the Roughriders have no intention of giving Tracy a release from his contract, and to strengthen their position the Ottawans are standing behind the pledge of Bell who has promised to honor the option clause in Tracy's contract.

In a telephone interview yesterday with The Press, president Sam Berger of the Ottawa club said, "we are not relinquishing our claim to Tracy."

• • •

"Mr. Bell said he would see to it that the option we hold was honored," said Berger.

The commissioner of the NFL did not deny he made the promise. In a telephone statement to The Press, Bell said, "I will not approve any contract Tracy signs with the Detroit Lions, as long as Ottawa holds the option."

"I don't want any more law suits," said Bell, "and if they can't get together then I cannot agree to any contract the Lions may give him."

• • •

"We need Tracy badly, and the Lions want him badly," said Berger, "so I cannot see how it can be settled amicably."

Berger however did not rule out an agreement should the Lions make an interesting offer of a player or two.

Edwin J. Anderson, who at a press luncheon two weeks ago said he did not "anticipate any trouble in getting Tracy from Ottawa," was somewhat surprised to learn that the Canadian club was ready to press the case right into court if necessary.

"I think Bell would approve Tracy's contract with us," said Anderson. "We talked with Berger several weeks ago and we may be willing to give Ottawa other players in return for his contract," he added.

Presently however the Lions are awaiting the judge's decision in the Dublinsky case. "If the judge rules against Detroit thereby declaring the option clause illegal in the United States, then he must rule in favor of us in the Tracy case, should they go to court," said Anderson.

Both Berger and Bell said it was reported to them that Tracy made the statement that if he "can't play for Detroit then he won't play football at all."

• • •

Tracy, now residing in Pontiac denied making such a statement. He told The Press yesterday that he would "like very much to play for the Lions, but if he had to, he would return next season with Ottawa."

"We gave him a contract and a job when he couldn't play in the U. S., and I think he can be happy here," said Berger.

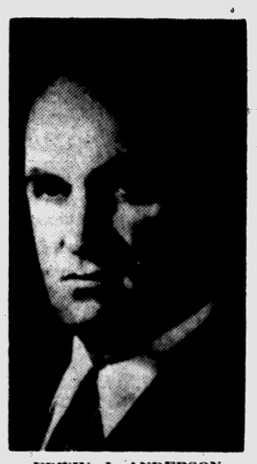

Tracy said he received a call recently from coach Frank Clair of the Roughriders who told him they were not going to let him go.

• • •

"I told him I wanted to play in Detroit," said Tracy, "but I would go back if the Lions couldn't get me a contract. I don't want to sit out a year of football," Tracy added.

Neither Clair nor Berger gave any indication whom they would take in a swap for Tracy, however one source said Ottawa has shown interest in one of the Lion players returning from the service.

"We will be ready to act on Tracy's case, as soon as we get a decision on Dublinsky's case," said Anderson, "and this should be any day now," he concluded.

EDWIN J. ANDERSON
Expects No Trouble

BERT BELL
Honors Ottawa Option

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

They call Marilynn Smith the Jimmy Demaret of women's pro golf.

Her lady pro associates have tabbed her with the nickname "sunflower."

In both instances it's the striking personality of the 27-year-old golfer which impresses most everyone and gives reason for comparing her to the smiling Demaret.

Miss Smith made her first visit this week to her new "home" club at Forest Lake since being named the associate pro there a few weeks ago.

★ ★ ★

Marilynn was spending a few days at the club before moving on to Pittsburgh for the first of three tournaments which will start the richest three-week periods in history of the LPGA.

MARILYNN SMITH

"I'm about 11th in line of money winners so far this year," said Marilynn, "but a little luck for the next three weekends wouldn't hurt me any," she added.

So far she has taken part in all 12 of the LPGA tourneys, but there are 22 still to go on the girls' calendar.

★ ★ ★

"I'd like to make the whole circuit," she said, "but I'd like to spend some time here at Forest Lake."

Wednesday she spent the entire day giving instructions to a dozen pupils and making plans for the LPGA championship which will be held at Forest Lake June 20-24.

"It was a wonderful tournament here last year and I know all of the girls are just happy about coming back," she said.

★ ★ ★

Next weekend the lady pros will be shooting for the $7,500 Pittsburgh Open and then follow with the Virginia Beach Round Robin for $12,000 and finally the $7,500 at Forest Lake. This is a total of $27,000 during these three weeks.

"The girls are all hitting lower scores," said Marilynn, "and actually there's very little difference among the money winners from the fourth spot down."

As for her own background in the sport, Marilynn took up golf in 1941 because her father thought she should do something more ladylike than play football and baseball which she is crazy about.

★ ★ ★

At the University of Kansas she won the national women's intercollegiate title in 1949 and immediately afterward she turned pro.

"I think I'll stay in the game as pro for couple more years," she said, "after all a home and family are a nice combination to think about."

Violators Face Tough Penalties

Breaking NCAA Rules Dangerous Move, Says Rules Body Head

LEXINGTON, Ky. (AP)— Colleges which violate athletic codes in the future are playing a dangerous game with fate, according to the man who rides herd on infractions for the NCAA.

• • •

The trend toward stiffer penalties for violators is the real thing, A. D. Kirwan, chairman of the NCAA Rules and Infractions Committee, said today.

• • •

"There is no turning back," said Kirwan, history professor at the University of Kentucky.

"It's either imposing stiff penalties or going professional whole hog."

Kirwan, a bespectacled former football coach, had praise for such conferences as the Pacific Coast, the Southeastern, the Southwest and Big 10 for cracking down.

Humez-Fullmer TV Attraction

Winner Tonight in N.Y. Bout Shoots for Match With Robinson

NEW YORK (AP)—Sugar Ray Robinson may meet the winner of tonight's Charles Humey-Gene Fullmer scrap in his next middleweight title defense.

The 10-round match in Madison Square Garden between Humez, the European champion, and Fullmer, the "Cyclone" from West Jordan, Utah, should produce a worthy challenger. According to the latest ring ratings, Humez is No. 2 and Fullmer No. 3 among the 160-pounders. As the same ratings also placed Bobo Olson No. 1, both move up a peg.

On the strength of comparative performances against Ralph (Tiger) Jones, 23-year-old Fullmer had been the favorite, but it was an even-money bet today. Jones beat Humez in his American debut March 23 in the Garden and Fullmer whipped Jones April 20 in Cleveland.

Humez, 29, has an 83-5-1 record for 89 pro fights dating back to 1948. He has 41 knockouts and was stopped once, by Ernie Durando in Paris, Oct. 23, 1953. Fullmer owns a 35-3 record with 19 knockouts. The willing youngster never has been stopped.

Port Huron Downs Maples in 10th, 4-3

Port Huron pushed across the winning run in the bottom of the 10th inning with two out to nip Birmingham 4-3 in an Eastern Michigan League game yesterday.

Don Picman who pitched the final three innings was the losing pitcher.

The Maples had a 2-0 lead until the Big Red scored three in the 5th. In the 7th Birmingham tied it up to send the game into extra innings.

John Fleser had 3 hits to lead the Maple attack. Birmingham is now 5-4 in the EML.

Yanks Bombard Tigers, 11-4

DETROIT —The battle-weary Detroit Tiger pitching staff, bombarded by 41 New York Yankee hits, today pinned its hopes for a respite on the surprisingly strong right arm of young Paul Foytack.

Winner of three straight games and currently the big winner in the Tiger mound corps, the 25-year-old Foytack will try to hike his record to 4-1 tonight as the Tigers open a weekend series against the Kansas City Athletics.

The Yankees turned loose a 17-hit salute in piling up an 11-4 margin in the final game yesterday of the 3-game series. They had 17 in Wednesday's triumph and seven in a losing effort the day before against Frank Lary.

Seven doubles and five home runs were included in the barrage and Tiger manager Bucky Harris received disappointing performances from his hurlers after Lary's opening victory.

• • •

Detroit used four pitchers Wednesday and five yesterday — with Walt Masterson and Al Aber working in both games.

Four New York home runs, 2 off starter-loser Duke Maas and a pair off Steve Gromek, propelled the Yankees to victory.

Mickey Mantle, with a homer and four singles in five trips, and big Eddie Robinson, shared slugging honors. Robinson put the game out of reach in the 5th inning with a grand-slam home run that bounced off the foul pole in right field.

The Tigers, going into the inning trailing 5-4, sent Ned Garver in to relieve Walt Masterson, who had replaced Maas in the third. Garver hadn't pitched since April 20 because of a sore arm, and promptly filled the bases on a single and two walks. Then Robinson unloaded off Gromek and Andy Carey hit a solo blast before Gromek got the side out. Joe Collins also homered for the bombers.

The Tigers had only two hits after that off Tom Sturdivant, who replaced starter Bob Turley in the fourth to get the win. Detroit took advanage of Turley's cusomary wildness to score four runs.

• • •

The Bengals got one in the first when Harvey Kuenn walked, stole second and third and scored on Bill Tuttle's sacrifice fly. In the 4th, Frank House got the first hit off Turley — a single through the box. Turley blew up, walking the bases loaded. Kuenn delivered a single to score one run and Earl Torgeson's one-base-hit scored two more.

The Tigers will face a familiar pitcher in tonight's contest at Briggs stadium. Lou Kretlow will start for Lou Boudreau's Athletics. A sensation in the Pacific Coast League last season after little success with a number of Major League clubs — including Detroit — Kretlow has a 1-4 record.

The A's will be here for a Saturday afternoon contest and a Sunday doubleheader that winds up Detroit's home stand.

THE YANKEE BOMBARDIERS — The New York Yankees unleashed a home run assault against the Detroit Tigers yesterday at Briggs Stadium and here are the four players who connected for the circuit clouts. Left to right are Joe Collins, Eddie Robinson, Andy Carey and Mickey Mantle. Mantle had five hits in five trips to the plate including his 17th home run of the season. New York won, 11-4.

Small Turnout Watches Louis

Ex-Heavyweight Champ Pins Foe in Olympia Wrestling Match

DETROIT (AP) — Joe Louis, who fought his way from Detroit Golden Gloves rings to the world heavyweight boxing championship came back home as a wrestler last night.

But there were some 10,000 empty seats at Olympia Stadium which he once could have jammed to the rafters with paying customers. His estimated $1,200 share of the $4,681 gate was attached by U.S. Internal Revenue agents for back income taxes. He owes an estimated $1,250,000 to Uncle Sam.

Louis pinned Jim Bernard in a one-fall exhibition in 7 minutes and 57 seconds. A crowd of 4,410 turned out for this and three other matches.

Louis is unbeaten in 16 wrestling matches, since he turned grappler four months ago, but tax agents of late have been attaching his purses regularly.

In 13 years as a fighter Louis grossed more than four million dollars in purses, television, radio and testimonials.

Clarkston, Utica Nines Beaten

Buddy Bell and Mosher were too much for Clarkston to handle yesterday as Northville downed the Wolves, 6-1, in a Wayne-Oakland League baseball game at Clarkston.

Bell and Mosher each collected a double and single, with Bell scoring three runs and Mosher driving in the same number. Goodrich and Clayton Pethers hurled for Northville, Goodrich the starter and winner.

Dave Gaddis pitched the route for Clarkston and gave up six hits. The Wolves tallied their lone run in the 6th inning when Chuck Passage singled, stole 2nd and scored on Lou Holser's safety.

Center Line won the Bi-County League baseball title with a 1-0 victory over Utica. John Skirchak hurled a three-hit shutout and Norm Kangan drove in the game's only run.

Purdue Linksters Figured Favorites

EVANSTON, Ill. (AP)—Purdue was the team to beat as Big Ten golfers tee off today in the 37th annual conference championship tournament.

The 72-hole meet, winding up tomorrow with the final 36 hole grind, is at suburban Wilmette Golf Club with Northwestern the host school.

Opportunity!

'Y' Plans Track Program

Institution of an amateur track and field program for Pontiac's YMCA is in the offing.

Opportunity will be afforded high school seniors, former prep athletes, or college men who desire to continue competition to take part in such a program, Morrie Tubergen, "Y" youth director announced today.

Announcement that the "Y" is taking an interest in this field here, follows the line of high interest engendered by the spectacular success of the Pontiac High thinclads this year.

Tubergen said that an organization meeting would be held May 28, at 8:30 p.m. at the YMCA. Any one interested is invited, he says. "We are especially inviting boys who are seniors on current squads. We believe they should have the chance of further developing their talents."

• • •

Plans for the team, Tubergen explains, include participation in Michigan AAU events, and in the AAU nationals, if sufficient talent and interest is indicated. Dual meets and other events will be scheduled.

• • •

"You don't have to be a Landy or a Parry O'Brien. Any track enthusiast is welcome," Tubergen added.

Bold Ruler Looming as Derby Prospect

NEW YORK (AP)—It's a long time until the first Saturday in May, 1957, but Eddie Arcaro just might have his next Kentucky Derby mount already picked out. The colt is the undefeated Bold Ruler, owned by the Wheatley Stable and trained by Sunny Jim Fitzsimmons.

• • •

Arcaro climbed on the back of the rangy dark brown son of Nasrullah-Miss Disco, by Discovery, at Belmont Park yesterday for the first time.

• • •

A few minutes later, Bold Ruler ran 5 furlongs in a 2-year-old race down the Widener straight course in 57 1-5 seconds, and defeated King Hairan, the champion Florida 2-year-old, by a neck for his fourth straight triumph.

THURSDAY'S FIGHTS

LOS ANGELES — Charles (Tombstone) Smith, 153½, Los Angeles, stopped Gorgeous Danny Perez, 157, Costa Mesa, Calif., 6.

PHILADELPHIA — Garnett (Sugar) Hart, 145, Philadelphia, stopped Ehman Peck, 151, New York, 8.

BOSTON — Claude Chapman, 186½, Cambridge, Mass. outpointed Julio Mederos, 196½, Havana, 10.

NEW YORK (Sunnyside Garden)—Bert Whitehurst, 193½, Baltimore, outpointed Sid Peaks, 215½, New York, 8.

Beats Dodgers, 6-4

Roberts Gets 5th Win

By THE ASSOCIATED PRESS

About the only printable thing Cleveland, Chicago, Kansas City and Detroit — the American League's Western Division — can say about New York today is "Yankee Go Home!"

• • •

After 10 days in the West, the Yankees have pocketed an 8-2 record, including a three-game sweep that shattered Chicago's ambitious six-game winning streak. Mickey Mantle, the man with the Golden Bat, now has a .421 season batting average with 17 home runs in the bag.

• • •

Except for past jaunts by the Bombers themselves, it's been the most productive spin through the Midwest since Harry Truman's in 1948.

• • •

It was strictly a get-well-quick trip. New York left home May 13 with only a 1-game edge over Cleveland for the AL lead after losing four of six. Now the Yanks have a 3-game bulge over the Indians, with a 4½-game spread over Boston and a 6½-length margin on the White Sox.

• • •

The Yankees left 'em spinnin' yesterday, clubbing Detroit 11-4 to wrap up the tour. It was the second straight day they socked Tiger pitching for 17 hits. Mantle had a bomber — putting him 12 games ahead of Babe Ruth's record pace—and four singles for his third perfect day on the tour.

• • •

The only other game scheduled was in the National, and Philadelphia dropped Brooklyn into a fourth-place tie 6-4 as Willie Jones drove in four runs with two homers and a single.

• • •

Robin Roberts won his fifth for the Phillies, although giving up homers by Duke Snider, Carl Furillo and Jackie Robinson. The veteran righthander — who holds the one-season record of "home runs off" at 41—now has given up 12 gopher balls this season.

• • •

Snider's homer put the Brooks into the lead in the first, but Jones tied it in the second and sent the Phils into a 4-2 lead in the fourth off rookie Don Drysdale, who lost his second in three decisions.

The Dodgers, losing four of their last six, now share fourth place with Pittsburgh, 1½ games behind first-place Milwaukee.

Baptist 9 Wins in Waterford Rec Loop

Glenn (Wimpy) Johnson allowed only one hit and struck out 14 batters as Emmanuel Baptist trimmed White Brothers, 7-1, in a Waterford League softball game Thursday night at Drayton Plains. Larry Sowter's 1st inning single ruined Johnson's no-hit, no-run bid.

• • •

Doug Brown started on the mound for White Brothers and walked 13 batters before giving way to Ray Deese in the 5th inning. The Baptist team crossed the plate in 5 of the 7 innings.

• • •

Waterford League action resumes Monday night when Gidley Electric faces Thrifty Drug at 7 o'clock and the VFW tangles with White Brothers at 8:30.

Baptist	110	221	0	7	5	3
White	100	000	0	1	7	3

Johnson and Keith, Brown, Deese and Lyon.

Chief Nine Clobbers Tribe With Big Rally in Sixth

Pontiac High School's baseball club yesterday afternoon chalked up its season's 7th victory, against five losses, clobbering Flint Central 8-2.

Going into the 6th trailing the Indians by one run (2-1) Coach Ed Heikkinen's club unleashed a terrific hitting barrage that wiped out the Central edge and won the game.

Chiefs tore around the base paths for a total of seven runs. They more than made the circuit of their batting order, with Dave Simmons getting his 2nd hit of the frame with a sharp single that sent pitcher Jim Jones home with the final counter.

In the 5th Bill Hayward doubled, scored on Clay Williams' single. Everbody but Charley Johnson and Williams counted in the big 6th. Bill Bond in the 3rd and 5th did all Indians' scoring.

Jones was touched for six hits, but had good support, and kept the Tribe at bay most of the time. He fanned 11, walked four. Indians' Jim Bradshaw gave up 6 hits, leaving in the 6th in favor of Dick Walker who finished one-third of an inning. Ed Nyeberg finished the game.

Simmons and Bill Hayward led Chiefs at the plate with two apiece, including a two-bagger for each one.

Pontiac's Valley mark now stands at 4-3, with two games to go, next week against Northern, and a possible one with Bay City, depending on how it does against the Vikings.

Big 10 Ponders Over Rose Pact

MINNEAPOLIS (AP)—Big 10 policy makers, wrapped in a dilemma over Pacific Coast Conference pay off revelations, met today to weigh renewal of the Rose Bowl contract.

A couple of weeks ago Big 10 approval of an indefinite Rose Bowl arrangement with the Pacific Coast appeared all but automatic.

• • •

But crackdowns on UCLA and Washington with the hint of more to come raised a question mark over the meeting of Western Conference faculty representatives.

Up for the action is a proposed "open end" agreement which would do away with the need of periodic renewal by the two conferences. Big 10 schools polled two months ago favored the plan almost unanimously. All it needs here is majority approval.

But the recent West Coast upheavals have spawned sudden doubts about the immediate future of the Pacific Coast Conference, whether in fact, there will be an opponent at all for the Big 10.

UCLA and Washington have been declared ineligible for the Rose Bowl for three and two years respectively.

On the other side of the coin, Ohio State, disciplined for Coach Woody Hayes' handouts to his football players, is ineligible next year.

• • •

There appeared to be some chance that action on the Rose Bowl contract by the Big 10 would be deferred until the Pacific Coast situation is clarified.

Whether that is possible under present Big 10 legal codes is something for the faculty advisers to mull over. Today's action, or proposed action, theoretically is the final step in the contract process.

Also before the faculty group was a round-robin Big 10 football schedule recommended earlier in the week by athletic directors.

Lansing Golfer Hurt by Bogeys

DALLAS (AP) — Eldon Briggs of Lansing, who shot a 67 in the first round of the Colonial Open Golf tournament, finished in unusual fashion.

On the last four holes he had an eagle, a birdie and two bogeys.

The bogeys hurt him. Birdies on the two holes would have given him the lead. Pars would have left him only a stroke behind pace setting Don January of Abilene, Tex., who had a 64.

Ed Kast Leads Rams to Golfing Victory

Sparked by Ed Kast who fired a 40, St. Frederick's golf team defeated Bloomfield Hills, 230-234, in a dual meet Thursday at Pontiac's Municipal Golf Course.

Kast's 40 took medalist honors. Dick Doyon shot 44 for the Rams, Frank Palopoli carded 46, Paul Grosse 47 and Tom Davey 55. Bud Badger was low for the Barons wit 42.

Brash Freshman!

January Leads at Dallas

DALLAS (AP)— Don January, a Texas freshman in professional golf, led the $30,000 Dallas Centennial Open into its second round today with another Texan, veteran Henry Ransom who plays only a few tournaments a year, breathing on his neck.

January put together a six-under-par 64 yesterday to top the field of 153 that was decimated by three who fell out in the wake of a sub-par onslaught that saw regulation figures over the tight 6,216-yard Preston Hollow course slaughtered 33 times.

Ransom, the 45-year-old Bryan, Tex., rancher who still plays under the banner of St. Andrews, Ill., had a 65 and bunched at 66 were Mike Souchak, from Grossinger's N.Y.; Mario Gonzalez, the National Open champion of Brazil, and Bud Holscher of Apple Valley, Calif.

Souchak was the only one among those rated strongest for top money to offer a severe threat. Mike slammed the second nine in five-under-par 30 in an effort to overtake January.

Ben Hogan, Fort Worth's great who was the leading pre-tournament favorite, ran into putting trouble and settled for a 1-over-par 71.

The field will be cut to the low 90 professionals and ties plus 10 amateurs with today's round. There will be a further slash tomorrow when 30 pros are trimmed from the roster.

January never has won a major tournament. In fact, he has been playing as a professional only one year after a brilliant career as a college golfer at North Texas State. Ransom last won a tournament in 1955 when he took top money in the Rubber City Open at Akron, Ohio.

PHANTOM CATCHER — The catcher's mitt seems to be suspended in midair as shortstop Lee Stringer of Southern Tech Institute in Atlanta, Ga., crosses the plate with a run as the ball heads for the mitt. It looks like phantom stuff. Just a moment before, Lee slammed into catcher Charlie Williams of the opposing South Georgia College team. Williams lost the ball and mitt and he was bumped clear out of the picture. AP Wirephoto

Skipper Trackmen Win I-L Title

One league record fell and three school marks were equalled when Waterford's track team outclassed all rivals to win the Inter-Lakes Conference title at Ferndale Thursday.

The Skipper thinclads won six events and tied for 1st in another as they amassed 74½ points. Nineteen boys scored in every event for Waterford.

Walled Lake finished 2nd in the league meet with 30 points, defending champion Southfield scored 27, Farmington 22½, Van Dyke 21, and Berkley 20.

There were three double winners. Waterford's Gary Meeker tied for 1st in the high jump and cleared 11 feet 4 inches in the pole vault to set a new Inter-Lakes record. Meeker was the meet's high individual scorer with 13 points.

Jerry Meyer of Berkley won both hurdles and Farmington's Kosty took the 100 and 220 dashes. Meyer and Kosty were runners-up to Meeker in individual scoring with 11 points apiece.

Waterford's Bill Clark ran the 440 in 55 seconds flat to tie the school record. Stan Jones tied his own school record in the low hurdles with a time of 20.8 and Bill Cole matched the school mark in the high sticks at 15.9.

Other Waterford winners were Gale Wigner in the 880, Jim Green in the broad jump, and Bob Mahinney's tie for 1st in the high jump. The Skipper 880 and medley relay teams were also victorious.

Orchard Lake St. Mary took 10 events and tied for 1st in another to trounce St. Michael, 79-30, in an undergraduate meet yesterday at Orchard Lake. No seniors took part in the competition.

Dan Dropps of St. Mike was the only double winner. Dropps won the 220 dash and cleared 5 feet 9½ inches in the high jump, a new field record at Orchard Lake. Dropps scored 17 points in all, tops for the meet.

Pete Madelans tied for 1st in the pole vault, tied with Dropps for 1st in the 100, took 2nd in the 220 and ran a leg on the winning 880 relay squad to score 12¼ points. Jerry Ostrowski won the 440 for the Eaglets in the time of 53.8, which tied the field record at Orchard Lake.

Cranbrook Netters Trip Chiefs' Squad

Sweeping all but one singles match yesterday afternoon on the Cranbrook courts, Cranes handed Pontiac High's netters a 6-1 defeat.

Bill Bonner's victory (2-6, 6-2, 2-6) over Crane's Dave Dine averted a shutout for the Chiefs. Two other matches were just as close, Bruce Rockwell defeating Ted Wiersema 6-2, 5-7, 6-2, and Ozzie Jacobson stopping Bob Erb 6-3, 3-6, 3-6.

Jim Maas defeated Gary Thomas 6-2, 6-3, and Paul Lichter defeated Gary Wylie, 6-3, 7-5.

Henry Beam-Bob Isbel defeated John Doerr and Dave Scriven 6-2, 6-1; Alex and Berry Smith (brothers) defeated Fred Roeser - Dick Mallory 6-0, 6-1.

Spartans Tangle With Wolverines on Diamond

EAST LANSING (AP) — Michigan State, hoping that its recent jinx against Michigan is still working, will try to up its rating in the Big Ten baseball standings against the traditional rival from Ann Arbor here today.

The Spartans have won eight out of the last 12 meetings with the Wolverines and swept three last spring.

State currently is 7th in the conference standings with a 3-5 record. Michigan has 4-4 for 5th place.

SAFETY starts with a stop at STANDARD

Bring your car in for a SAFETY-CHECK

...BEFORE YOU TAKE THAT MEMORIAL DAY TRIP... or any trip, any time, anywhere.

Inspection of windshield wiper blades is just one of the 8 important safety checks made available to you by your Standard Oil Dealer, at no charge. Ask him about this special safety-check service. And, when you bring your car in for STANDARD *Specialized Lubrication Service*, you can be confident of an expert job—for your Standard Dealer is a lubrication specialist who knows your car's needs. He checks each lubrication point in exact accordance with manufacturers' instructions for your particular make and model of car. But expert lubrication service is only part of the specialized safety services offered by your Standard Dealer. Perhaps that's why so many motorists have learned from experience that . . . You expect more from STANDARD and get it!

HERE ARE THE SPECIAL SAFETY CHECKS OFFERED BY YOUR STANDARD DEALER AT NO CHARGE. BRING YOUR CAR IN AND LET HIM EXPLAIN HOW THIS SERVICE CAN HELP SAFEGUARD YOUR CAR.

- √ Your windshield and rear window cleaned for clear, safe vision.
- √ Your wiper blades and arms inspected and checked for efficiency.
- √ Your tires checked for air pressure—including your spare.
- √ Your headlight lenses cleaned and checked—plus a check on tail and directional lights.
- √ Your fan belt inspected, and your cooling system, including radiator and hose connections, checked for leaks.
- √ Your battery checked for water level: cables inspected.
- √ Your steering system checked for proper lubricant level.
- √ Your entire exhaust system checked for leaks.

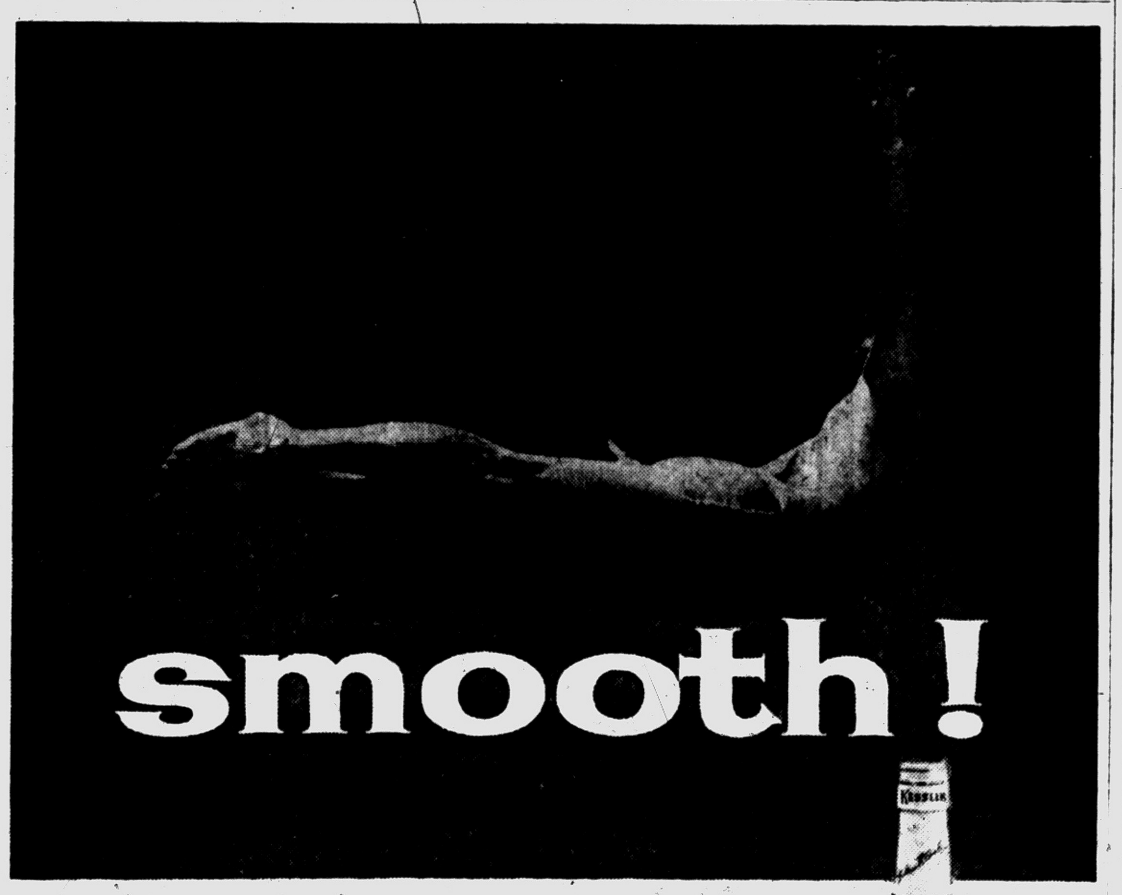

YOUR STANDARD DEALER'S SAFETY-CHECK STICKER IS YOUR ASSURANCE THAT THESE SERVICES HAVE BEEN PERFORMED.

"You can put your car in my hands with CONFIDENCE"

Wolverines Defending Champions

Big 10 Track Meet Starts

MINNEAPOLIS (AP) — The Big Ten, usually a power in any sport you care to name, today opened its 56th outdoor track and field championships striving mightily to unveil at least a few solid Olympic candidates.

Considerable luster was wiped from the two-day competition at the University of Minnesota when Jim Golliday of Northwestern, co-holder of the world record of 9.3 for the 100 - yard dash, was scratched earlier this week from a defense of his 100 and 220 crowns.

A leg muscle injury suffered at the Big Ten indoor track meet, won by Michigan, continues to plague Golliday and it is conjectural whether he will come around for an Olympic trial showdown with Duke's sensational Dave Sime.

Michigan's Wolverines, owning all four returning individual champions, are favored to repeat their 1955 outdoor conquest although improving Iowa is likely to offer stiffer competition than indoors when Michigan won by 11 points.

In this Olympic year, such performers as Indiana's Greg Bell, a rare 26-foot broad jumper; Michigan State's Joe Savoldi, son of Notre Dame's jumpin' Joe of full-back fame, a corking good hurdler; and Iowa's Ted Wheeler, a bright 800-meter prospect, may arouse Big Ten hopes for representation at the Melbourne games.

Also bidding for Olympic consideration will be a sentimental favorite, 20-year-old Byrl Thompson of Minnesota, who won the Big Ten discus title in 1950 and now is back working diligently on his specialty. Thompson has the Big Ten season's best flip, 172½.

Michigan's four returning titleholders include Pete Gray in the 880; Bob Appleman in the pole vault; Dave Owen in the shot put; and Mark Booth in the high jump.

* * *

The Wolverines' 28-man squad also includes certain points winners in two-miler Ron Wallingford, pole vaulter Eeles Landstrom, and high jumper Brendan O'Reilly.

In fact, Finalnd's Landstrom and Ireland's O'Reilly, both exchange students, are favored to dethrone Wolverine team-mates Appleman and Booth in their specialties.

Gray may bow to Iowa's Wheeler in the 880 with a record-breaking performance possible from the Hawkeye ace, whose 1:51.8 clock is the Big Ten's fastest this spring.

Uncertain Future

Ted's Foot Fails to Heal

BOSTON (AP)—A reaffirmation of the nature of Ted Williams' foot ailment has only served to deepen the mystery of when the Boston Red Sox slugger will be back in action.

Williams was told late yesterday by Dr. James Poppen at the Lahey Clinic that he had a bruised tendon on his right foot. In medical terms its known as a "plantar fascia with inflammation."

* * *

That's what Williams was told by Red Sox physician Dr. Ralph McCarthy just after he slipped off a wooden shower sandal at the season's start.

Williams has been out of the lineup since the second game of the season—some five weeks—and has been able to do no more than pinch hit while awaiting recovery.

Before he entered the clinic yesterday Williams said:

"The foot is not coming along too well. In fact, it is not coming along at all."

Williams and the Sox plainly are worried about Ted's foot or there wouldn't have been a clinic visit. The Sox have had five specialists on the case before this.

Long Winter Boosts State Ski Business

ISHPEMING (AP) — It should surprise no one this chilly spring to hear that skiing boomed in the exceptionally long winter sports season this year.

The Upper Peninsula Development Bureau reported today that increases in attendance at skiing resorts ranged from 10 up to 100 per cent. Only one center said business was "about the same" as last year.

The bureau said the good skiing weather lasted from mid-November to the end of March.

Resume Trials Tomorrow

Noisy Lineup for '500' Qualifying

INDIANAPOLIS (AP)—The 33-car lineup for the $250,000 500-mile race Wednesday will fill up in a noisy, dangerous and confusing shuffle of cars and drivers in final qualifying sessions tomorrow and Sunday at the Indianapolis Motor Speedway.

Twenty nine cars qualified last weekend at a record-breaking average of 142.896 m.p.h.

* * *

"Car hopping" by drivers hunting faster vehicles and owners looking for hotter pilots will make the printed program a doubtful guide to fans, about 100,000 of whom turned out for the first trials last Saturday.

* * *

The 33 fastest cars of all that run in the four days of qualifications will start in the Memorial Day classic— but not necessarily in the order of their speed.

* * *

It works like this:

Cars qualified on the first day of the trials start the lineup. Cars qualified the second day line up in order of speed, back of the first day's qualifiers. The same is true of qualifiers on following days.

Complications set in after 33 cars qualify. The slowest of the 33 can be eliminated, "bumped" in track jargon, by a car qualifying at a higher speed. The car eliminated drops out of the lineup, everybody behind it moves up one position and the "bumper" joins the field at the end.

* * *

Pat Flaherty, Chicago, won the No. 1 starting spot last Saturday, and isn't likely to be bumped. He set a 10-mile record of 145.596 m.p.h. and another of 146.056 for one trip around the 2½-mile brick and asphalt track.

* * *

Second-fastest qualifier so far is Johnny Thompson of Springfield, Mass., at 145.549. He ran on the second day and is sitting in the 18th starting position.

The only unqualified car rated much chance of beating the veteran Flaherty's record is a supercharged V-8 Novi which probably will be driven tomorrow by Eddie Russo of Hammond. His uncle, Paul Russo of Canago Park, Calif. qualified the twin Novi last Saturday over 143½ m.p.h.

Slowest car now in the lineup is the Greenman-Casale Special qualified at 140.559 m.p.h. last Sunday by rookie Billy Garrett of Burbank, Calif.

About 16 cars are possible qualifiers in the last two sessions and some of the more popular drivers may try two or three apiece.

Spears Big Carp

George Voss, 14 year old Isaac Crary school pupil, Wednesday got a big thrill when he speared an over-size carp in Cass Lake. The fish was captured in shallow water. It weighed 15 pounds. George lives at 935 Iroquois road.

Maple Golfers Edge Skippers

One more victory was acquired yesterday at North Hills, for Birmingham High's fine links squad, and over an arch-rival for the coming Pontiac Press Invitational tourney honors.

* * *

Paced by Tim Baldwin's medalist 77 (36-41) Maples scored 325 to 337 for the Waterford Skippers. Dale Wheeler led the Pontiac suburban crew with a fine 78 (40-38). Both squads, according to Maples' coach Joe Borovick, turned in "terrific games."

* * *

Other cards for the match, a pretty good tuneup for Monday's Invitational, include: for Birmingham, Mike Conroy 42 - 40 — 82; sophomore comer, Pete Green 39-41—80; Bob Emde 46-40—86, total 325; Waterford—Jack Reynolds 40 - 40 — 80; John Wettlaufer 42 - 41 — 83; Cleland Charboneau 47-49—96. Total 337.

Gophers Out to Clinch Big 10 Title at OSU

By THE ASSOCIATED PRESS

Minnestoa, denied a Big Ten title of any kind since 1949, can clinch the conference baseball pennant today with a victory over the Buckeyes at Ohio State.

A win by Ohio State still would leave the Gophers with a chance.

They then would need only to split a doubleheader tomorrow at Indiana to be assured of the flag, their first in baseball since 1935.

Tracks Argue

Open Warfare for Horses

BALTIMORE (AP)—Open warfare for horses between Delaware Park and Pimlico was declared today by Lou Pondfield, executive director of the Baltimore track, the Baltimore Evening Sun reported.

* * *

Each side has laid down what amounts to an ultimatum to horse owners—"Race at my track next week or don't expect to have stalls in the future"—the paper said.

Normally, Pimlico's spring meeting is finished by the time Delaware Park opens. Originally this year, Pimlico was to close Saturday. Delaware starts next Monday. But the Maryland Legislature gave all its tracks extra days and the Pimlico meeting was extended another week.

* * *

"I had an agreement with Bryan Field (Delaware's general manager)," said Pondfield, "but he isn't living up to it. He's talking out of both sides of his mouth at the same time.

"He told me he wouldn't pressure the horsemen into being at Delaware with their entire stables for the opening. Now I find out he and his racing secretary, Gil Haus are doing exactly what they said they wouldn't do.

Pondfield then pointed to a list of 16 trainers, saying "These are names of trainers who shipped out their entire stables yesterday. They will not be back at Pimlico this fall.

* * *

"My policy in alloting stalls will be in rewarding men who stuck with me during the Delaware confliction. Sure I'll take care of the people who ship out on me. I'll give them stalls—at Bowie or Timonium (other Maryland tracks).

* * *

"It's all regrettable and I did not plan it this way. We can't run next week's races with billy goats. We need horses, and the only way of keeping them here is rewarding the trainers who stick by me."

Pondfield said trainers who ship out next week won't be allowed to train on the Pimlico track next winter either.

Athletics Sign Adrian Pitcher to Farm Pact

KANSAS CITY, (AP) — Adrian College's Manuel Terrazas has been signed by the Kansas City Athletics to a farm club contract.

* * *

The 19-year-old righthanded pitcher, who stands 6 feet and weighs 185 pounds, will report to Columbus, S. C., of the Class A South Atlantic League as soon as the current school term is completed.

2 Pontiac Boys Win National Rifle Awards

Award of the expert rifleman medal, 2nd highest honor in American junior shooting, has been made to two Pontiac boys, according to the National Rifle Assn. of America.

Honored in today's announcement are Roger Alden Bahling, 14, of 1034 Holbrook and John David Farnum, also 14, of 1026 Holbrook. Both boys are pupils of the Isaac Crary Junior High School and both are members of Oakland County Sportsmen's Club Junior Rifle Club.

Lake Orion Hurler Fans 13, Wins 2-1

Senior Chuck Melchert continued his strike-out parade for Lake Orion by fanning 13 Troy batters in winning a 2-1 decision yesterday.

Lake Orion scored in the 1st inning on a single, sacrifice and a double by Jerry Herdik, and another in the 4th when Mickey McWilliams singled, stole second and scored on an error.

Melchert pitched to only 23 batters in setting Troy up and down in order in six innings. Lone run for Troy came in the second on a single and double, the only hits for the Colts.

Better Trout Fishing in State Seen for Weekend

LANSING (AP)—The State Conservation Department said today trout fishing should be somewhat better this weekend than on earlier weekends this season.

Most trout streams were reported in good condition, with anglers getting fair to good catches and pressure normal.

Good catches were reported on the west and middle branches of Cedar River, Clare County, and the West Branch in Gladwin County.

Fishermen reported good catches on the restricted portion of the main stream of the Au Sable and fair catches on the south branch of the Au Sable.

* * *

Good catches were also noted on the Manistee River in Crawford County, fair catches on the AuGres River, Iosco County, good on the lower reaches of the Little Manistee River and Bear Creek, Manistee County.

The department said browns and rainbows are hitting well on spinning lures and night crawlers on the Au Sable River between Mio and Alcona Dams.

Rainbow catches were fair on Avalon and Clear Lakes, Montmorency County, in Lake Louise, Charlevoix County and Hart and Pickerel Lakes, Otsego County.

Other fishing conditions, by species:

BLUEGILLS—Good on flies at Arnold and Lilly Lakes, Clare County.

PERCH—Fair at Tawas Bay, fair to good off the piers and in the harbor at Frankfort, good at Charlevoix, poor at Ironton.

PIKE—Good at Alcona and Mio Ponds, fair at Hubbard Lake, good on Lake St. Helen.

Whitefish—Good at Crystal Lake.

White Bass—Beginning to hit at East Jordon.

* * *

WALLEYES—Good at Cadillac and Mitchell Lakes, Wexford County; improving at Tippy Dam backwaters and Mainstee River, Manistee County.

Crappies—Excellent at Edenville.

CISCOS—Fair run reported at Ludington.

60 Rams Receive Letters

Athletes at St. Frederick were honored Thursday night when the school's annual all-sports banquet was held in St. Vincent parish hall.

Head coach Gene Wright awarded 60 letters to high school boys who competed in football, basketball, baseball and golf for the Rams. Girls' coach Joan Mazza presented 30 letters for basketball and cheerleading.

Michigan's Lt.Governor Philip A. Hart was a distinguished guest at the banquet. The main speaker was Bob Devaney, line coach at Michigan State University, who showed films of the 1955 MSU-Notre Dame football game.

* * *

Other honored guests were Sam Ketchman, head football coach at Ferris Institute; Sam Madden, physical education administrator of parochial schools; Ed Graybiel, football coach at Pontiac High; Bob Mineweaser, head coach of St. Michael; and Gene Konley, Rochester mentor.

Major League Representatives Parley Today

DETROIT (AP) — Representatives of the 16 major league baseball clubs headed into a meeting today with winter baseball and television topping the list of matters up for formal discussion.

The parley is the first of four quarterly sessions. Until this year the major leagues have held two meetings annually, one during the All-Star game break and another in December.

Senators Call Colonel to Stand

Manufacturer, Agent to Testify on Uniform 'Kickback' Charges

WASHINGTON (AP) — Senate investigators called hat manufacturer Sol Schlesinger and Army Col. Louis H. Shirley to reply today to unsworn charges of payoffs" on a government contract.

* * *

Both testified nearly a year ago that no bribes ever passed between them. The Pentagon blacklisted Schlesinger as a military contractor at the time, however, because he invoked the Fifth Amendment in refusing to answer many questions about his business affairs. He pleaded that answers might incriminate him.

EXPLAIN 'PAYOFF'

The Senate Investigations subcommittee summoned the two now on the basis of fresh allegations that Schlesinger in 1951 collected $27,745 in "kickbacks" on a military contract, with an explanation that he needed the money to make "payoffs" to Shirley.

* * *

The colonel then was a top procurement officer for the Quartermaster Corps in New York City. He now is stationed at Ft. Lee, Va. Schlesinger heads the Ideal Uniform Cap Co. of Freeport, N.Y.

BRITON ACCUSES

The allegations against them were contained in an unsworn statement by John W. Roberts, a Briton now living in the Bahamas. Roberts has declined to come here to testify unless the Internal Revenue Service would let him leave the country again without paying some back taxes. The service has refused.

* * *

In his statement Roberts alleged that Schlesinger got the $27,745 from J. Mackey & Son of New York City, a subcontractor. Miss Jane Mackey, who then headed the firm, testified Wednesday she paid the kickbacks as Roberts contended. She said she was told the money would be used to bribe "government personnel" but that she does not recall that Schlesinger ever mentioned Shirley in that connection.

Circuit Court Grants 63 Divorce Decrees

Divorces granted recently in Oakland County Circuit Court include:

BEAUTY PROJECT — The Theodore Roosevelt Memorial Association is planning to beautify Roosevelt Island in the Potomac River near Washington, D. C. The island has been allowed to grow wild as a tribute to the former president, who loved the outdoors. But now some two million dollars will be spent to renovate it. A hollow sphere of balanced hoops, as depicted above, will be built on a terrace of stone steps leading to a pool.

Oklahoma Governor Says Harriman Has Rural Vote

(Jack Bell, veteran Associated Press political writer, surveys Democratic presidential developments in Oklahoma, border state carried by Eisenhower in 1952).

By JACK BELL

OKLAHOMA CITY (AP) — New York Gov. Averell Harriman has established a Southwestern beachhead of Oklahoma support in the Democratic presidential contest but his claim on the state's 28 nominating votes appears shaky.

* * *

Gov. Raymond Gary of Oklahoma, who plans to lead his state's delegation into the Harriman camp, indicated today he is ready to climb quickly aboard any bandwagon he sees rolling at the Chicago national convention.

THERE ARE OTHERS

"We want the party to pick the man who appears to be the strongest candidate for president," Gary said in an interview. "My personal preference is for Gov. Harriman but there are others I could support."

* * *

In the latter category, Gary listed Adlai E. Stevenson, the 1952 party standardbearer who is seeking this year's nomination, Sen. Estes Kefauver of Tennessee, Sen. Stuart Symington of Missouri and Sen. Lyndon B. Johnson of Texas.

HE HAS APPEAL

Although many Democrats disagree, Gary said he thinks Harriman would run a stronger race in Oklahoma against Eisenhower than any other candidate. He insisted the New York governor has a greater "grass roots" appeal, for instance, than Stevenson.

* * *

"Stevenson is a brilliant and a good man," Gary said. "He would make a grand president. But for some reason he doesn't seem to take hold with the rank and file voter at the forks of the creek."

Legless Man Acquitted of Burglarizing Home

MANCHESTER, N.H. (AP) — Legless George L. Noble, 36, of Merrimack, was acquitted of a burglary charge in superior court last night.

* * *

The charge against Noble was based on alleged crutch marks found in the snow on the roof of a burglarized Nashua restaurant.

Noble, father of four, lost his legs in a train accident when he was 18 months old.

Appraiser Gives Lie to Property Tales

ST. IGNAC (AP)—A state Highway Department land appraiser says he is "flabbergasted" at false reports of "fabulous" amounts being paid for property on approaches to the Mackinac Straits Bridge.

Charles La Haie, former mayor of Cheboygan and now an appraiser with the Highway Department right of way division, said land owners in the area were being misled by the reports.

La Haie said desirable highway property and lake frontage were selling for from $10 to $30 a foot, which he termed "no more than it sold for" two or three years ago.

He termed strictly "not true" reports that some highway property along U.S. 2 had sold for as high as $200 a foot.

La Haie added highway appriasers were running into trouble in attempts to get rights of way from land owners who want to hold out for higher prices.

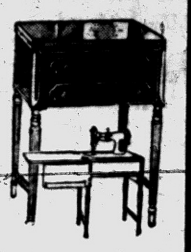

Brucker to Give Talk

DETROIT (AP)—Secretary of the Army Wilber M. Brucker will address the Economic Club of Detroit at its luncheon meeting next Monday. The former Michigan governor will speak on the topic: "Is Our Army Prepared?"

Prices Drop in All Grains

CHICAGO (AP) — Prices of all grains were marked down in fairly active dealings on the Board of Trade today.

* * *

Losses ran to around a cent in most cereals, although old crop soybeans dropped about three cents at one time. After the initial burst of selling the market stabilized, but it showed no rallying power.

Selling was based on an expanding harvest of wheat, easiness in soybean oil, and good prospects for spring planted crops.

* * *

Wheat near the end of the first hour was ½ to 1⅛ lower, July $2.03¾; corn 1 to 1½ lower, July $1.51½; oats ¼ to ⅜ lower, July 65½; rye ¾ to 1 cent lower, July $1.24¼; soybeans 1 to 2 cents lower, July $3.14¼, and lard 13 to 15 cents a hundred pounds lower, July $12.62.

Grain Prices

Pontiac Lauded by Safety Group

Achievement Certificate for Safety Education, Organization Given

Pontiac today was cited by the National Safety Council for top achievement in the city's 1955 traffic safety program, according to City Manager Walter K. Willman.

A telegram received this morning from G. C. Stewart, executive vice president of the council read: "Pontiac today was awarded certificates of achievement for public safety education and safety organization in the 1955 Traffic Safety Award Program."

Willman attributed the awards to the fine work of the police department and the Pontiac Chamber of Commerce Safety Committee.

"It indicates a definite effort towards this safety goal," he said. "I sincerely hope the 1956 results will bear this out."

Police Chief Herbert W. Straley said that safety measures developed during the past three years, which had contributed to the 1955 record, had helped limit traffic fatalities to one death so far this year.

"Compared to five deaths at this time last year, it shows that our stepped-up programs are doing some good," he said.

Schedule Field Day for YMCA Grounds

A field day to promote interest in the YMCA junior olympics later this year will be held at 9:30 a.m. tomorrow at the YMCA grounds, 131 Mt. Clemens St.

Morrie Tubergen, youth director, said that ribbons will be awarded the three top boys in each of six field events.

Members of the Junior Leader club will serve as officials, he said.

Now Hear This: Go to Norway to Skip Taxes

OSLO, Norway (AP)—By settling in Norway for a couple of years an American financier can save himself a lot of taxes.

Under an agreement with the United States, an American living here pays Norwegian taxes and none to Washington.

* * *

Next year Norway is starting a withholding system, to replace the present system of paying income taxes in following years. To get the plan working, Norway is collecting this year on 1955 income and next year will start collecting on 1957 incomes — in effect skipping 1956. This does not help Norwegians, but can benefit a foreigner who had no income here in 1955.

* * *

One reservation to this scheme is that one's 1956 income cannot exceed his 1957 income by more than 20 per cent. Another is that the income must come from stock and bonds.

Polish Reds Reveal Losses Fighting 'Foe'

VIENNA, Austria (AP)—A Polish newspaper admits the Warsaw government's efforts to make Poles foe the Communist line has cost the lives of more than 30,000 soldiers, police and party members since 1945.

The newspaper Glos Koszalinski said the Communists suffered these losses in armed actions against "enemies of the people." It was the first announcement of Red losses in Poland since World War II.

Reports of fighting between Polish guerrillas and the Red militia have reached the West continuously in recent years.

MARKETS

Produce

DETROIT EGGS

DETROIT May 24 (AP)—Eggs, f.o.b. Detroit, cases included, federal-state grades:

Whites—Grade A jumbo 47; large 43-45; wtd avg 43½; medium 40; small 32-34, wtd avg 32½; grade B large 41.

Browns—Grade A jumbo 45; large 42-43, wtd avg 42½; medium 40; grade B large 41; grade C large 34-35, wtd avg 35.

Checks 34-35, wtd avg 34½.

Commercially graded: Whites—Grade A extra large 41-42½; large 40½-42½; medium 37-39.

Comment: Market about steady. Prices fluctuating slightly. Receipts of extra large having been proportionately larger than previous years, but present production is declining and stocks are more stable. Large sizes adequate and about balanced with a fair demand. Receipts of mediums increasing and clearing readily. Over-all trade moderate.

Poultry

DETROIT POULTRY

DETROIT, May 24 (AP)—Prices paid per pound f.o.b. Detroit for No. 1 quality live poultry up to 10 a.m.

Heavy hens 28-29; light type 20; heavy broilers or fryers (3-3½ lbs) gray crosses 25-26; Barred Rocks 26-27; capunettes (4¾-5½ lbs) 29-31; heavy breeder ducks 16.

Comment: Market steady. Trade normal, just fair and receipts fully adequate except for a slight shortage of fancy medium sized colored hens. Few White Rock cockerels taken in at 23 cents. No extra receipts or trading noted or materializing for the coming holiday.

CHICAGO POULTRY

CHICAGO, May 25 (AP)—Live poultry quiet; receipts in coops 357; (Thursday 406 coop, 75,000 lb); light hens 18.5-19.5; old rosters 15-16. (Broilers or fryers, capunettes not quoted.

Livestock

CHICAGO LIVESTOCK

CHICAGO, May 24 (AP)—Salable hogs 8,000; moderately active; generally steady to 25 lower on butchers; sows steady to 25 lower, mostly steady to weak; bulk receipts comprised No. 2 and 3 grades 190-270 lb. and these sold in narrow price range of 17.25-75, with many sales 200-240 lb. around 17.50; several lots No. 1 and 2 190-225 lbs., some with No. 3 and at 17.75-18.25; around 70 head No. 1 and 2 200 lb. sorted for weight and grade at 18.50; a limited volume No. 2 and 3 270-320 lb. 16.50-17.25; a load mostly No. 2 around 330 lb. 16.25; and a load No. 3 340 lb. 16.00; larger lots 330-425 lb. sows 14.50-15.50; a few to 15.75, most 425-550 lb. 13.50-14.50.

Salable cattle 2,000; salable calves 200; steers and heifers moderately active, steers steady to strong, heifers steady; cows and bulls moderately active, fully steady; other classes steady; a load choice to mostly prime 1,050 lb. steer yearlings 23.50; a few choice to low prime 975 lb. 22.00; most choice steers 20.00-21.00; good grade 17.50-19.50; a few low commercial steers down to 15.00; a load choice and prime 865 lb. heifers 21.50; good and choice heifers and mixed yearling 17.50-20.50; most utility and commercial cows 11.50-13.25; a few young high commercial cows up to 14.00; canners and cutters 10.00-12.00; a few light canners down to 9.00; utility and commercial bulls 13.75-15.50; most good and choice vealers 21.00-25.00; cull to commercial 12.00-20.00; a load choice 778 lb. yearling feeding steers 19.50; part load good 625 lb. yearling stock steers 17.50.

DETROIT LIVESTOCK

DETROIT, May 24 (AP)—The Detroit livestock market:

Hogs—Salable 125. Not enough hogs offered early to make a market, undertone weaker.

Cattle—Salable 150. Receipts mostly cows; market steady today. Compared last Thursday; trading this week generally active; good clearance; steers and heifers steady to strong; cows uneven, 25-50 cents higher; bulls, stockers and feeders steady; 7 head prime 1130 lb steers 22.50; four or five loads high choice 1050-1150 lb steers 22.00; bulk choice fed steers under 1250 lb 20.00-21.50; most good steers mainly under 1200 lb 18.00-19.50; several loads mixed good and choice steers 19.50-20.50; about two loads choice 870-910 lb. heifers 20.00; bulk good and choice heifers 17.50-19.25; most utility and commercial steers and heifers 14.00-17.00; utility cows ranged 11.50-13.50; mainly 12.00-13.00; canners and cutters mostly 10.50-12.50; most utility and commercial bulls 13.50-15.50; few outstanding individuals to 16.00; six head choice 431 lb stock steer calves 21.00; about two loads mostly choice 668 lb. yearling stockers 20.75; bulk good and choice stock calves and yearlings 450-700 lb 18.00-20.50.

Calves—Salable 50. Market generally steady. Compared last Thursday trading much more active sealers unevenly $1.00-3.00 higher. Choice and prime upmost bulk good and choice 22.00-26.00; high choice and prime mostly 27.00-31.00; utility and commercial mainly 16.00-20.00; cull and low utility mostly 14.00-16.00.

Youth, 15, Injured by Car on Highway

A Waterford High School student was in fair condition at Pontiac General Hospital today after suffering chest injuries when struck down by a car at Walton and Dixie Highway Thursday afternoon.

Allan Davidson, 15, of Drayton Plains, was hit when he dashed in front of a car, operated by David C. Rodriguez, 19, of Bay City, State Police reported today.

The accident occurred shortly after the youth had alighted from a car at the intersection, according to troopers. They said the Rodriguez vehicle was parked alongside a truck waiting for the light to change.

Fine, 2-Day Jail Term Given Waterford Man

A Waterford Township man paid fine and costs totaling $35 and received a two-day sentence at Oakland County Jail after pleading guilty to driving with a revoked license yesterday.

Robert E. Scanlan, 22, of 2882 Sinclair St., was arraigned on the charge by Justice James Southart of Keego Harbor.

Market Wilts Following Rally

NEW YORK (AP)—Prices wilted in the stock market today after a promising early rally.

* * *

Losses of fractions to around 2 points pervaded the list as substantial earlier gains of leading stocks melted away.

By early afternoon, there was some improvement over the worst losses.

* * *

Volume for the day was estimated at around 2,500,000 shares compared with 2,600,000 yesterday.

At noon the Associated Press average of 60 stocks was down 60 cents to $177.00, with the industrials off 60 cents, the rails $1.10 and the utilites 10 cents.

* * *

Here and there among the leaders gains remained of fractions to a point or so.

The early advance prevailed in all divisions in a reversal of yesterday's steep decline.

U. S. Steel and Bethlehem were off fractionally, Baltimore & Ohio and Atlantic Coast line slipped around a point. International Paper was down around 2 points.

General Motors and Ford were down fractions as were American Telephone, New York Central and General Electric.

Philco dipped around 3 points on news that its dividend had been cut. Newmont Mining, which lost all but a point of its gain.

Du Pont was down, losing a two-point gain. Oils were mainly steady.

Four-Year-Old Injured When Struck by Auto

A four-year-old boy was slightly injured yesterday evening when struck by an auto on S. East Blvd.

Ronald Deautremont, 168 Russell St. was released after treatment for minor cuts, authorities at St. Joseph Mercy Hospital said.

The driver, Paul E. Ish, 25, of 456 S. East Blvd., told Pontiac police the boy darted into the street near Whittemore street about 6:45 p.m.

Ruling Cancels Tax Plea of Commie Party, Paper

NEW YORK (AP) — A federal judge has ruled that the U. S. Communist party and its Daily Worker can't escape paying taxes on the ground that the payment would put them out of business.

"No entity has a right to restrain the collection of taxes ... on the mere ground that continuance of such entity is threatened," Judge Richard H. Levet declared yesterday.

* * *

The ruling cleared the way for the Internal Revenue Service to collect tax assessments from the party and its newspaper.

Levet denied motions by counsel for the party and newspaper for an order to restrain Donald C. Moysey, district revenue director for Lower Manhattan, from collecting further money to satisfy the tax judgments.

CONTENTION ANSWERED

The Communist party, contending that other political organizations are not taxed, charged it was being denied "equal protection under the law."

To this contention the judge answered:

* * *

"No facts are shown in any of the (legal) papers submitted here that other political parties have a like organization, like financial records and like sources of income."

The Treasury Department last March assessed the Communist party $386,265 and the Daily Worker $46,047 in back taxes.

Pontiac Dealers to Confer Here

National Council of 12 to Meet With Officials of GM Division

Twelve Pontiac dealers, elected to represent some 3,900 agencies on the division's National Dealer Council, will meet in Pontiac June 6 and 7, according to General Sales Manager Frank V. Bridge.

Consisting of two representatives from each of Pontiac's six sales regions across the country, the council will confer with top management of the Pontiac Motor Division on matters of joint interest to dealers and factory.

"We feel the Pontiac National Dealer Council will be highly beneficial in bringing dealer-factory relations to greater heights of understanding and mutual cooperation," Bridge said.

"The extensive background and knowledge in the automobile business of each of the 12 dealer representatives will be a tremendous asset to the council," Bridge said.

"A sound and capable dealer organization is as important to the success of Pontiac as our outstanding product. Pontiac and its independent retail dealers have made great progress through the years by working as partners.

"We are convinced the National Dealer Council will contribute toward even greater progress."

City League Hurler Spins No-Hit Game

Veteran pitcher Wilbur Wright hurled the 1st no-hit, no-run game of the 1956 City Softball League season Thursday night at Beaudette Park as Louie's Tavern defeated Franklin Products, 2-0, in a National division contest.

The losers had only four base runners during Wright's masterpiece, three by walks and the other a hit batsman. Wright struck out 10 batters. John Mayer twirled a creditable wive-hitter for Franklin.

Walt Saddler hurled a one-hitter and his Lunsford Market teammates banged out a dozen hits to drub Drive-In Cleaners, 18-2. Shaw's Jewelers picked up 10 hits in their 12-1 verdict over Sam Benson as Percy McConner spun three-hit ball.

Jack Nelson outpitched Roger Reynolds as Drayton Drug defeated Royal Bar, 2-0, in an exhibition game at North Side Park. Nelson gave up two hits in his shutout stint while Reynolds was touched for only one.

Business Notes

Richard Mineweaser, of 2285 St. Joseph St., was cited recently by the Equitable Life Assurance Society for being among the leaders in an April life insurance sales campaign. Mineweaser reportedly insured 18 lives for a volume of $219,700 during the period.

The Pontiac resident was also honored earlier this month with a company "Oscar" for delivering $450,900 worth of business for February, March and April.

Harry C. Doane, Buick Motor Division assistant chief engineer, will become assistant to Charles A. Chayne, General Motors vice president in charge of the engineering staff.

Both officials will serve in an engineering liaison capacity with Automobile Manufacturers Assn. committees, other inter-industry technical groups and with the American Assn. of Motor Vehicle Administrators.

But Only Temporarily

Liquor Store to Transfer Operations to Royal Oak

Plans to transfer Pontiac sales and distribution operations to Royal Oak for part of the summer were announced today by officials of the Michigan Liquor Control Commission.

The move was ordered to allow completion of the store's new quarters at 447 S. Saginaw St., according to District Manager Alex Gillikan. The local agency expects to occupy the building between July 15 and August 1.

The transfer will become effective June 11, Gillikan said, with local operations expected to cease June 7. The Royal Oak store is located at 111 N. Main St.

Clarence Dorsz, manager of the Pontiac store, will serve in the same capacity at Royal Oak, Gillikan said, replacing the manager there who is currently on sick leave. Other Pontiac personnel will serve in Royal Oak where shifts will be doubled for the summer.

* * *

Although the new local store will be about the same size as the 631 Oakland Ave. site, it will have the advantage of being "built to our own specifications," Gillikan pointed out.

Main features will be increased efficiency, off-street parking and dock-level loading, the official said. Besides retail sales, the store serves as a distributor to licensed business establishments.

News in Brief

Elton Vincent, 29, of Clarkston, was sentenced to 60 days in the Oakland County Jail yesterday after pleading guilty to reckless driving. He was arraigned before Justice Emmett J. Leib of Springfield Township.

Pleading guilty to a traffic warrant, George R. Smith, 18, was fined $10 and paid $10 costs in Justice Court Thursday. He appeared before Farmington Justice John J. Schulte.

Detroit Banks Hike Interest on Savings

DETROIT (INS) — Four Detroit banks said today that effective June 1 they will pay 2½ per cent interest on savings left them for a full 12 months.

The 2½ per cent savings will be carried in separate accounts from the regular book accounts which will continue to draw one per cent.

The new savings certificates will be issued by the Detroit Bank, Bank of the Commonwealth and the City Bank. The Manufacturers National Bank said it would increase the interest rate on its special time savings accounts from the present 1½ per cent to 2½ per cent.

The National Bank of Detroit is expected to announce a 2½ per cent certificate next week.

Earnings

NEW YORK (INS)—Western Union Telegraph Co. announced net income for the four months ended April 30 of $4,258,001, equal to 68 cents a common share. This compared with $3,854,111 or 75 cents a common share in the same period last year. Gross revenues increased to $80,517,576 from $77,622,851 in the January-April period of 1955.

NEW YORK (INS)—Missouri Pacific Railroad reported net income for the four months ended April 30 of $1,544,250, equal to 80 cents a share on the Class A stock. This compared with $571,405 or 30 cents a share in the same period last year. Revenues increased to $12,705,966 from $11,782,862 in the comparable months of 1955.

Limestone is the accumulation of skeletons of marine animals.

Cost of Living Rises Slightly

Increase Brings Boost of One Cent in Wages to Million Workers

WASHINGTON (AP) — The government reported today living costs increased slightly in April. The rise of 2-10ths of one per cent was enough to give about a million workers a one-cent-an-hour wage.

The wage rise will go to auto and other workers who have union contracts tied to the government's index.

The Labor Department said the April rise in its living costs index was chiefly due to seasonally higher food costs for the average American family.

The index kept by the Bureau of Labor statistics rose to 114.9 per cent of the 1947-49 base period.

This is one-half of one per cent below the peak set in October, 1953, when the index was 115.4.

Ewan Clague, commissioner of labor statistics, said the prospect for the summer months is a further gradual rise in food prices with perhaps lower prices for some consumer times such as automobiles and household appliances.

He said he hesitated to forecast that living costs will continue to rise through the summer but saw no sign that they will decline at least until fall.

Elijah's Home— Bored With All Human Fanfare

BUENA VISTA, Colo. (AP) — A tumultous welcome rang in the shaggy ears of Elijah the prodigal horse.

Those ears hardly twitched, however, as Elijah took his honors with composure.

A band blared, signs went up and a parade formed in this western Colorado community Wednesday to celebrate Elijah's return from the 13,000-foot mountain ridge where he was trapped much of the winter.

* * *

"He didn't seem to give a damn about the whole thing," Gilbert Gregg, Buena Vista weekly newspaper publisher, said.

MORE BOWS TODAY

Elijah was due to take more bows at today's opening of quarter horse races at the Centennial track south of Denver.

A haylift by light plane sustained Elijah—named after the Biblical prophet fed by ravens—after his plight was discovered in February.

His owners, Al and Bill Turner, brought him down from his mountain fastness, at times shoveling through drifts 10 to 20 feet deep. He was whisked the last 11 miles in a horse trailer yesterday.

The Turners say Elijah once was Bugs, a pack horse wont to flee into the hills to escape automobiles and women in skirts. But his name will remain Elijah from here on.

Three Get High Awards at Scout Council Banquet

Nearly 200 scout leaders of the Clinton Valley Council and their wives met at their annual dinner last night to hear a report on 1955 progress and see three honored leaders receive top awards.

The meeting re-elected all of last year's council officers and named two new National Council representatives.

Receiving Silver Beaver awards, the highest honor available from a local council, were Council President L. C. Churchill, Gilbert H. Pierce of Pontiac, and Carl Stough of New Haven.

In his annual report, scout executive Edward H. Leland said last year there was nearly a 25 per cent gain in scouting membership.

Promotions and merit badges won by council scouts increased about 10 per cent last year, Leland said. Training of adult leaders was the most extensive in council history, he added.

"We now have about 900 boys in the program, which is especially designed to reach upper teen-age boys to whom other agencies do not usually offer programs of interest."

Main speaker at the meeting in engineering building hall of Pontiac Motor Division was Otis Walton, scoutmaster of Green Lake troop No. 119. His subject was "Scouting Has a Real Job to Do."

Besides Churchill, who lives in Westacres, six other officers were re-elected. They are: Vice presidents D. B. Eames of Pontiac, Ralph S. Randolph of Mt. Clemens, Frank R. Chapman of Oakland Township and Kenneth H. Sanderson of Westacres; treasurer Stanley J. Filkins of Sylvan Lake and commissioner John W. Hunt of Farmington.

Ralph S. Forman of Pontiac, who was chairman of the nominating committee, was elected a National Council representative, as was Martin G. Schwark of Mt. Clemens.

Police Nab City Man on Old Assault Count

An alleged knifing at a bar early last New Year's Day resulted in an arrest yesterday on a charge of felonious assault.

Det. James LaPonsie said he recognized the suspect, Truman Anderson, 30, standing at the corner of Oakland avenue and Clark street.

Anderson, who lives at 43½ Baldwin Ave. was held in Oakland County Jail and was to be arraigned on the charge today, LaPonsie said.

Driver Suffers Bruises as Automobile Overturns

A Lake Orion man escaped with only head bruises when his car went off the road and rolled over in Waterford Township last night.

Langley Kinsell, 27, was treated and released by Pontiac General Hospital following the accident on Walton Boulevard, west of Clintonville Road. He was unable to tell township police how the incident happened.

Diptheria has been virtually eliminated as a cause of death in the United States.

Presbyterians Talking Merger

New Name for Group, Segregation Stand Still Not Settled

PHILADELPHIA (AP)—The 168th General Assembly of the Presbyterian Church in the U.S.A. today took under consideration a merger with the United Presbyterian Church, a major move in the Church's drive toward unity.

The merger originally was devised as a three-way plan, including the Presbyterian Church in the U.S., a southern states branch.

* * *

The issue of a precise stand on segregation and other matters intervened, however, and last year, the Presbyterian Church in the U.S. rejected the merger proposal. The other two then decided to go ahead with a two-way plan.

The Presbyterian Church in the U.S.A., convening here for seven days ending May 30, has 2,736,000 members. The United Presbyterian Church, with Presbyteries primarily in the state of Pennsylvania, has 235,000 members.

HITCH IN NAME

Proponents of the merger propose to call the combined church the United Presbyterian Church in the U.S.A. and therein lies the greatest hitch.

In such mergers, the principal opposition comes most often from the smallest party involved. In this case, the opposition, such as it seems to be, comes from the larger one on the grounds the name of the new church should not "play up" that of the lesser or smaller group.

There appears little doubt, however, that the merger will be approved by the General Assembly here, name change or no. There then would remain a vote of approval by the United Presbyterian Church general assembly at Knoxville, Tenn., next June 13-18 and a vote of confidence by the majority of both group's presbyteries.

Today's session, the second of the seven-day meeting will be the first under the gavel of the newly-elected moderator, David W. Proffitt.

Royal Oak Attorney Resigns County Post

Donald A. Brown, 31, a Royal Oak attorney, announced yesterday he is resigning as assistant Oakland County prosecutor to devote full time to his private law practice.

Brown, who has been an assistant prosecutor for four years, was in charge of the South Oakland County branch office from its opening in 1954 until he established his own practice last November.

Brown has been active in Republican politics, and it has been rumored he may seek the GOP nomination to the State Legislature from Oakland County's Fifth District.

Mexican Child, Tied to Her Bed, Burns to Death

MEXICO CITY (AP)—Fire swept three wooden shacks atop a kindergarten building Wednesday, trapping four children tied to their beds. Two of the youngsters perished in the flames, a third died en route to the hospital and a fourth was rescued.

* * *

The victims' mothers said they had tied the children for fear they would fall down the steep stairs. One mother was out shopping, the other was washing clothes in a nearby building.

Luis and Maria Perez Lopez, 2½ years old, died in the fire. A neighbor grabbed 10-month-old Ignacia Perez and leaped 16 feet with him but the child died in the ambulance.

The director of the kindergarten below raced up the stairs in time to save the fourth child.

The shacks were rented to three poor families. Authorities believed an oil stove started the blaze.

Play Safe While You Drive!

Keep alert—chew gum

Avoid traffic jitters and driving drowsiness. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension—helps keep you feeling fresh and alert for safer driving.

Chew any brand of gum you like but chew while you drive. Naturally, we recommend refreshing, delicious Wrigley's Spearmint Gum—for lively, satisfying flavor and real chewing enjoyment. AK106

Italian Election to Reflect Future of Commie Party

ROME (AP) — Nearly 30 million Italians will vote Sunday for city and town officials in elections considered among Italy's most important since 1948.

In that year pro-West forces led by the late Alcide de Gasperi beat down a Communist-led popular front drive for political power.

* * *

Sunday's elections are expected to reflect future prospects of Italy's two-million-strong Communist party, the biggest in the West, in the light of such Moscow developments as the downgrading of Stalin.

DEMS FACE TEST

They will test the stability of the Christian (Roman Catholic) Democrats, still Italy's major political force, and half a dozen other groups, including the Socialists, the already divided Monarchists and the Fascistic Italian Social Movement (MSI).

Italians will elect officials in 7,143 communities.

* * *

Major prizes include Rome itself. Through his vicar general for the city, Clemente Cardinal Micara, Pope Pius XII has expressed concern for the possible outcome. The cardinal called for prayer to preserve the Christian character of the city.

Ike Planes to Texas to Speak at Baylor U.

WASHINGTON (AP) — President Eisenhower flew to Texas today to deliver a foreign policy speech at Baylor University's commencement exercises.

He also will get an honorary doctor of laws degree—his 38th since his graduation from West Point—and talk with some Texas politicians.

The President boarded his plane, the Columbine III, then took off at 6:56 a.m. in sunshine watered down by a chill haze. Mrs. Eisenhower was not with him.

Eisenhower plans to return late today and then, weather permitting, board a smaller plane and go on to his farm home near Gettysburg, Pa., for the weekend.

FATHER OF THE YEAR — Boston lawyer, Joseph N. Welch accepted title 'Father of the Year' in New York, with 'delighted astonishment.'

To Be Installed June 5

LANSING (AP) — June 5th now has been fixed for the formal seating of Judge George Edwards of Detroit as an associate justice of the Michigan Supreme Court.

Need More Uranium

WASHINGTON (AP)—The Atomic Energy Commission says known U.S. deposits of uranium, raw material for atomic bombs, will be "greatly depleted" by 1962 "unless extended by aggressive development and exploration."

NOTICE
The Zoning Board of Independence Township, Oakland County, Michigan, will hold a public hearing on May 28, 1956 at 7:30 P. M. at the Township Hall Clarkston, Michigan, to consider a request for the following change in Township Zoning Districts: to rezone the Southwest quarter of the Northeast quarter; the Southeast quarter of the Northwest quarter; the West half of the Southeast quarter; and the Northeast quarter of the Southwest quarter; all in Section 11, Independence Township, Oakland County, Michigan, from Agricultural to Gravel-Sand.

May We Help YOU

SO YOU ARE A TEE-TOTALER! THEN YOU CAN TAKE THIS LOVELY BAR OUT AND SELL IT TO A NEIGHBOR . . . HOWEVER IF YOU WOULD LIKE TO LEAVE THE BAR IN THIS RECREATION ROOM AND MAKE SOME USE OF IT, I WOULD SUGGEST THAT YOU CALL US AT ONCE AND MAKE AN APPOINTMENT TO SEE THIS LOVELY 3 BEDROOM HOME. THE BAKED ALUMINUM SIDING AND ALUMINUM WINDOWS REDUCES THE GENERAL MAINTENANCE & LEAVES PLENTY OF TIME FOR YOU TO ENJOY THE FULL LIVING THAT THIS HOME PROVIDES.

A NEWLY REMODELED KITCHEN THAT WILL CHARM THE MOST PARTICULAR HOUSEWIFE IS THE HIGHPOINT IN THIS 3 BEDROOM HOME IN THE CITY. GAS HEAT IS SWELL, BUT IT IS STILL OVERSHADOWED BY THE KITCHEN. THE BASEMENT IS NICE, THE ENTIRE CONDITION IS EXCELLENT. AND WITH THE SCREENS AND STORMS, WE ARE VERY PLEASED. BUT ONCE AGAIN, I MUST REPEAT, THE KITCHEN IS THE TOP SPOT IN THIS EXCELLENT BUY.

FOR IMMEDIATE POSSESSION IN AN IDEAL COUNTRY CLUB SUBDIVISION, IS A FINE OLDER 5 ROOM HOME . . . ON THE CANAL THAT LEADS TO BOTH WILLIAMS AND MACEDAY LAKES. IF YOU WANT A COOL SUMMER SPOT THIS IS THE HOME THAT WILL FILL THE BILL. THE PRICE IS LOW AND THIS IS DUE TO THE FACT THAT HOUSE NEEDS DECORATING.

IF IT IS INCOME, ACREAGE, COMMERCIAL, LAKE FRONTAGE OR ANYTHING TO DO WITH BUILDING OR THE SELLING OF REAL PROPERTY, THEN FEEL FREE TO CONTACT US AT ONCE. IF YOU FEEL THAT CONVERSATION IS NEEDED TO HELP YOU, THEN PHONE OR COME OUT TODAY. IF YOU FEEL THAT A REAL SERVICE IS NEEDED TO HELP YOU, THEN PHONE OR COME OUT TODAY. WE ARE HERE TO SERVE YOU, AND ARE HONORED AT THE CALLS YOU MAKE TO US.

--Today's Television Programs--

Programs furnished by stations listed in this column are subject to change without notice.

Channel 2—WJBK-TV Channel 4—WWJ-TV Channel 7—WXYZ-TV Channel 9—CKLW-TV

TONIGHT'S TV HIGHLIGHTS

6:00—(7) Kukla, Fran and Ollie. Puppet comedy. (9) Boston Blackie. Kent Taylor as Blackie in "The House on the Beach," which is being used to smuggle aliens in from Mexico. (4) News, News and Sports. Paul Williams, Bill Flemming.

6:15—(7) News. John Daly. (4) Dolores. Short drama. (2) News. Jac LeGoff.

6:25—(4) Weathercast. Sonny Eliot. (2) TV Weatherman. Dr. Everett Phelps.

6:30—(7) Rin Tin Tin. An Indian is being held captive by outlaws seeking his "Lost Treasure" and Rusty sends Rinty for help. (9) Million Dollar Movie. Tom Manning in "Eight O'Clock Walk," a man is accused of killing a young girl. (4) Eddie Fisher. Music, songs. (2) My Friend Flicka. Ken and Flicka help solve a 10-year-old murder; Gene Evans stars.

6:45—(4) News. Caravan. John Cameron Swayze.

7:00—(7) Ozzie and Harriet. "Harriet's Secret Admirer" has ordered her picture and is sending her flowers; Ozzie becomes somewhat disturbed. (4) Truth or Consequences. Stunt quiz. (2) Mama. Peggy Woods stars as Mama in Family drama.

7:30—(7) Crossroads. "God in the Streets," a true story of the Salvation Army in action, shows Capt. and Mrs. Harry Purdum and how they saved a young man from committing murder and suicide. (4) Life of Riley. Every member of the Riley family has his own idea about the use of the room as Babs moves out, William Bendix stars. (2) Our Miss Brooks. Eve Arden as the schoolteacher who runs into her principal at a mambo club placed "off limits" to high school personnel.

8:00—(7) Dollar a Second. Jan Murray emcees quiz. (9) Graphic. TBA. (4) Big Story. "The Dream Killer," a confessed killer is proved innocent. (2) Crusader. A Chinese editor and his wife are missing and Matt Anders hunts for them in "The Little Friend." Brian Keith stars.

Coast Guard to Probe Lake Dredge Accident

MILWAUKEE (AP)—The ten men pulled from icy Lake Michigan after the storming water smashed and sank their dredge and took the lives of nine other crewmen Wednesday have been called by the Coast Guard to an official inquiry.

The probe was announced last night by Lt. T. C. Pennock, commander of the Milwaukee Coast Guard rescue station, who said it will open at 9 a.m. tomorrow. It will be directed by Cmdr. Arthur Wilcox, head of the Coast Guard marine inspection office here.

The survivors have already told how their 120 by 40 foot flat-bottomed craft went down in minutes after 10 to 15 foot waves tore loose a 40 foot boom that swung wildly over the side in winds that reached 48 miles an hour.

Pay Video Due in Canadian City

Margaret Truman and Gobel Will Joke About Wedding Gifts

By JACK O'BRIAN

NEW YORK (INS)— Ed Murrow was paid almost $100,000 more than his boss, CBS Board Chairman Bill Paley, last year (Murrow earned $316,076 to Paley's $225,000).

Strangely enough, Paley earns even less than his next-in-line down the executive ladder, CBS president Frank Stanton, whose '55 total was $281,522...

Gen. David Sarnoff, boss of RCA and NBC, too, was paid $200,000; after his 10 year tenure ends in 1956, Gen. Sarnoff, biggest man in his field, will get an $85,000 annual RCA pension.

ABC President Bob Kintner's '55 take-home was $77,500 (these are official government figures)...

Vancouver, B. C., may get North America's first honest-to-cash subcription video...

BRIDAL COMEDY

Margaret Truman's laughs June 2 with George Gobel will be built around wedding gifts. . .CBS is trying to sign Clifton Daniel, Margaret's bridegroom...

Tragedy in survey: The Maurice Chevalier NBC spectacular hit Trendex ratings in spots lower even than "Stage Show."

Ozzie and Harriet Nelson sing for the first time in years with Perry Como Saturday...

When Victor Borge stars in his one-man spectacular June 14 for CBS-TV, the audience will be made up solely of folks who have written to CBS specifically for that show, so if you're interested, write CBS now (485 Madison Ave, New York 22, N. Y.)...

Martha Raye's real name, to answer queries, is Maggie Theresa Yvonne O'Reed.

MORE PROSPERITY

ABC-Paramount (ABC-TV reports still another neat increase in its prosperity, a heady gain indeed considering its first three '56 months were 34 per cent better than '55s...

Members of 15,000 organizations affiliated with the General Federation of Women's Clubs voted "The Firestone Hour" as "most entertaining program on radio."

This year TV stars weren't taken to film fans' hearts as the latter stayed away in droves from G. Gobel's, Liberace's and Steve Allen's movies...

Pilot films made by stars anxious to get into TV in series of their own are a drug on the market, but 10 pilots by well-known TV hopefuls were tossed together into one series and sold to General Electric starting in the fall (James Mason, Vivian Blaine, Claude Dauphin, Arnold Stang are included).

World's Youngest Stowaway Lands Here From Italy

NEW YORK (AP)—A baby 27 days old went aboard ship at Naples, Italy, as perhaps the world's youngest stowaway. But he arrived here as a paying passenger.

* * *

Giuseppe Fabozzi was born after his Italian parents, Mr. and Mrs. Saverio Fabozzi, received a visa to come to the United States.

Fabozzi, a 31-year-old tailor, got the impression that it was unecessary to pay for the baby's passage.

After three days at sea aboard the liner Independence, the ship's purser spotted the child as a non-paying guest. The parents then forked over $10, the fee for an infant traveling tourist class.

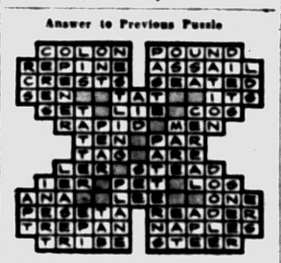

* * *

Immigration officials here said the baby was entitled to travel on its mother's visa. The Fabozzis will live in Brooklyn.

Jap-Soviet Contract

MOSCOW (AP)—A visiting Japanese trade union delegation has signed a joint communique with the Soviet Council of Trade Unions calling for development of economic and trade relations and speedy establishment of diplomatic relations.

'Look at the Butcher . . . and the Doctor'

Eddie Robinson Claims Actors Aren't Vain

By PHYLLIS BATTELLE

NEW YORK (INS)—It's generally conceded that all actors are hams, vain and self-satisfied; men to whom modesty is a role to be assumed only onstage, when absolutely necessary.

* * *

Edward G. Robinson denies this. Emphatically. Grinning modestly in the shade of a plump and prosperous cigar.

"We are very modest people, compared to those in other professions. Look at the butcher — how smug he is about sirloin. And the doctor—he knows everything, varicose veins to vitamins.

"But the actor, who needs more conceit than anybody else in order to get up in front of an audience without dying of fright, is never completely confident and complacent. He can't afford to be, because he is too susceptible to destruction by his audience.

* * *

"Ah, if there were only a way," and Robinson sipped his coffee thoughtfully, "that conceit could be administered to man in capsule form."

There is no reason, surely, why Eddie Robinson should concern himself with the necessity for acquiring vanity. He has made at least 90 movies, appeared in 40 Broadway shows, and never received a personal rebuff from the critics in 30 years.

* * *

"But the more experienced and important you become," he explains, "the less you can get along on your past performance. In every job you've got to start from scratch. When I opened last fall in Broadway (in "Middle of the Night") it was the first time in 26 years.

"That was a frightening thing. As always, I didn't sleep for nights. I said to myself in rehearsals—'you are the worst actor in the world. Why do they trust you with this part?' "

The butcher or the doctor might say to himself, "Nonsense. This is my profession, and I'm good at it."

But the actor? "Every role is a new role. In every role, you know that you are a different person than you were in the last part. It is a tremendous responsibility — representing a human being whom you are not."

ALWAYS IDEALIST

Robinson was always an idealist. Brought to America from Romania at the age of 9, he felt "responsible for America — as a haven for all the sad people in the rest of the world."

* * *

Between the ages of 12 and 15, he bewildered and discouraged his parents by wanting to become —intensely and in succession — a minister, a defense lawyer, a teacher and an actor. He laughs, but not lightly, at the thought.

"My purpose in each ambition was to instill the right sort of ideas in people, to gather up the lost driftwood and make them happy influences on the world. I felt that I was all people and all people were me.

Because in school in New York he had more outlet for acting than preaching or teaching or defending, he became an actor. And because he did take his responsibility to people seriously, he portrayed his roles with a depth that made him a success from the beginning.

* * *

Robinson won the reputation among moviegoers for being the tough guy, the "Little Caesar" (actually, he has played a tough in less than 10 per cent of his films, and he is not so little: "I'm 5-7, though I may be cheating a half-inch.")

This means that he has been imitated by mimics so much that when he appears on radio or TV he can't be himself. "They don't want me," he muses, "they want an imitation of an imitation imitating me."

His latest film, soon to be released, is De Mille's spectacular, "The Ten Commandments," in which he plays the role of Dathan, a treacherous Quisling.

Knowing how sincere Eddie Robinson is about his acting, it figures that he should describe the experience thus:

"For weeks, I felt like a heel."

Spartan Athletes Reject Physical Education Career

EAST LANSING (AP)—Michigan State University has reported that less than a third of its athletes expect to make a living out of the field of physical education.

MSU took a survey of the 125 junior and senior athletes on its 14 varsity teams. The poll showed the athletes are enrolled in 20 major fields of study.

Physical education had the largest grouping with 38 enrolled, still less than a third of the total. Engineering attracted 16 and business administration was next with 15. Seven were enrolled in conservation and physics and agriculture each had four athletes.

The fields of medicine, veterinary medicine, biology and the industrial arts attracted three Spartans each.

Others planned careers in journalism, police administration, dentistry, food distribution, fine arts, speech, political science and hotel administration.

During the war of 1812, Andrew Jackson's 2,000 militiamen defeated 12,000 British regulars in the battle of New Orleans.

Isachsen weather station, on Eleff Ringnes island in the Canadian Arctic, gets more snow in summer than in winter.
