Ike Yields to Britain on U. N. Summit Parley

Local Opinion Split Sharply on Sending Marines to Lebanon

A sharp division of local opinion on whether the landing of U.S. Marines and paratroopers in Lebanon was sound is shown by a random selection of public opinion sampled in downtown Pontiac.

Grant Thomas, of 1124 White Lake Rd., Highland Township, an ex-GI who has been back in the states as a civilian for a year said, "I think its wrong.

THOMAS

"We shouldn't have moved troops in because it shouldn't be our job. I realize I'm prejudiced and selfish because I'm up for recall. I think the United Nations should take the responsibility. They should send a police force and not put the burden on our shoulders."

Another opinion was offered by Jack Kudray, of 29 E. New York St., who recently served in the Army Security Agency for three years.

KUDRAY

"The move into Lebanon is definitely right. The longer we wait, the more Middle East land Russia will eat up.

"This situation could have been prevented if troops were in there before. The State Department certainly knew what was going on and developing in the Middle East.

"It's about time we stopped the trouble," said George Gellatly, of 2171 Derby St., Birmingham. "I'm all for it."

GELLATLY

"It's time we stepped in and showed some strength, too. So far we've been beat back and beat back. Russia has shown the world all the strength and we've just talked.

A senior at Pontiac Central High School, Ann Gillies, 16, of 197 Mohawk St., said: "At the present time I think we are wrong. It seems like we're doing things too fast. Maybe they could settle the problem themselves through the U. N.

MISS GILLIES

"I do think we should stand behind our government. To pull out now would make us look bad. But a U. N. police force would be much better. The U. N. is supposed to set up as a world court and if they are what they stand for it should be their responsibility."

Mrs. Vernon Page, of 199 Rockwell St., was a bit more reserved. "I think we should be well protected at all times. If the troops were sent there for our protection then it's a good thing.

MRS. PAGE

"As far as the proposed U. N. police force is concerned I think it would be better only if it can do more to preserve world peace than we can. Anybody who can preserve peace should be there. I just don't want another war."

Frank Zemcik, of 126 Longspur St., Commerce Township, was even more against the move.

"I don't think we should have sent troops in there and I am for withdrawing them. Of course I think we should keep a close watch on the situation.

ZEMCIK

"But moving in like we have is just asking for trouble. It would be much better to have a U.N. force in there than our own troops."

Mrs. Cramer Partridge, of 55 Wenonah Dr., put it in the class of being "the only alternative."

"It was the only thing left to do. If Russia isn't stopped in Lebanon, they'll just keep taking another step closer.

MRS. PARTRIDGE

"A U. N. police force would be better than just American troops. After all, many countries are involved in the problem of keeping the peace, so it should be handled by an organization representing the world."

Soviet Move Threatens Delay of U. N. Vote

Red Delegate Presents Series of Amendments to Japanese Peace Plan

UNITED NATIONS (AP)—The Soviet Union today used its 85th veto to kill a Japanese Middle East peace plan designed to get U. S. forces out of Lebanon.

UNITED NATIONS, N.Y. (AP) — A Soviet attempt to rewrite a Japanese Middle East peace plan threatened today to delay a showdown vote for at least 24 hours.

In a surprise move, Soviet Delegate Arkady A. Sobolev handed the 11-nation Security Council a series of amendments, including a new demand for the immediate wthdrawal of U.S. forces from Lebanon.

He suggested strongly he would use the veto to kill the Japanese resolution if his amendments were turned down. The Council already has rejected a Soviet resolution calling on American troops to get out of Lebanon.

The new Soviet move brought a quick adjournment of the council until 3 p.m.

Some delegates said they would have to get new instructions from their governments, and doubted they could do so in time to vote today.

OBVIOUSLY UNACCEPTABLE

U.S. sources said some of the amendments obviously were unacceptable.

The delay gave more time for big-power exchanges on possible high-level talks either in the U.N. or outside. In this morning's brief debate, however, there was no mention of these talks or of the proposed emergency meeting of the U.N. General Assembly.

The Soviet move came after Lebanon had removed one important question mark by announcing it would accept the Japanese plan. Until Lebanese Delegate Karim Azkoul spoke there had been some fears that Lebanon might balk.

The Japanese resolution provides for a beefing up of the present U.N. observer group in Lebanon to such an extent that it would guarantee the political independence of the strife-torn Middle East country and permit the withdrawal of U.S. forces.

The Soviet amendments would condemn the United States for intervention in Lebanon and demand the immediate withdrawal of U.S. forces.

Seek Peaceful Solution in Mideast Wrangle

HAMMARSKJOLD SPEAKS—United Nations secretary general Dag Hammarskjold is shown addressing the United Nations Security Council. He said he already has taken some preliminary steps toward strengthening the observer group in Lebanon. His speech followed a proposal by Japan's Koto Matsudaira. At right is Dr. Alfonso Araujo, Columbian representative.

GIVES JAPANESE PROPOSAL—Koto Matsudaira, Japan's permanent representative to the United Nations, addresses the Security Council, offering a compromise plan to get U.S. Marines out of strife-torn Lebanon. This morning Russia said the plan was unacceptable as presented, and offered a series of amendments.

Security Council Special Session OK'd by Ike

Heads of Government Would Attend Debate on Mideast Crisis

From Our News Wires

WASHINGTON (AP)—President Eisenhower yielded to British insistence today and agreed to go along with a summit meeting of the United Nations Security Council if that is generally desired by the Western powers and the Soviet Union.

A White House announcement to this effect shortly after noon today apparently ended a dispute with Britain over whether the Western Big Three should move openly and directly toward a U.N. summit session or merely indicate indirectly in notes to Moscow that such a meeting might be possible.

About an hour earlier British Foreign Minister Selwyn Lloyd had told the House of Commons in London that Prime Minister Harold Macmillan would attend if a special meeting of the Security Council were arranged.

DISCUSS CRISIS

The purpose of the meeting, Lloyd said, would be to discuss the Middle East crisis but it would not act on any resolution unless there was general agreement that such action should be taken.

Press secretary James C. Hagerty said at the White House:

"A United Nations Security Council meeting of the character suggested by Foreign Minister Lloyd is clearly within the contemplation of the charter.

"If such a meeting were generally desired, the United States would join in following this orderly procedure."

NOTE REVISED

It was learned that Secretary of State Dulles had revised a proposed United States note to Soviet Premier Khrushchev to bring it more into line with Britain's insistence that the Western powers should open the way clearly and unmistakably for heads of government to attend an extraordinary session of the Security Council.

Khrushchev proposed on Saturday a five-power emergency summit conference at Geneva composed of the government chiefs of the three Western nations, plus himself and Prime Minister Nehru of India. He also asked the attendance of U.N. Secretary General Dag Hammarskjold.

France objected to the hostile tone of the Khrushchev note sent to India and the Western Big Three, but generally favored conditional acceptance of the idea of a summit conference.

Military Scored on AF Academy

House Committee Says Building Costs Shot Up by Wasteful Practices

WASHINGTON (AP)—Military officials are accused in hearings made public today of fund transfers and wasteful practices which shot up construction costs of the Air Force Academy near Colorado Springs, Colo.

The charges are contained in hearing records made public by the House Appropriations Committee on testimony supporting requests for funds.

Critical and economy-minded committee members said the total cost of the academy has jumped from the original estimate of 125 million dollars to an amount which could exceed 300 millions.

They asserted money was diverted to construction work from operation, maintenance and other funds.

The committee investigators' report said defense officials had estimated the academy's construction and equipment costs to be nearly 269 million dollars, but they actually will run over 300 million.

It said an excessive number of change orders and supplemental agreements in many contracts hiked the cost of the academy.

One contract for buildings, calling for expenditure of 14 million dollars, was listed as an example. After signals were changed 225 times, the report said, the job cost 20 million.

Dyna Crosses Line 1st in Yacht Race

MACKINAC ISLAND (UPI) — The sleek yawl Dyna drifted across the finish line early today to beat a fleet of 78 yachts in the becalmed 51st annual Chicago-to-Mackinac race.

The Dyna, owned by Clayton Ewing of Green Bay, Wis., is the defending titlist in the Great Lakes racing classic.

Although the all-aluminum, 58-foot Dyna finished first, the race winner will not be decided until most of the boats finish and the racing times are adjusted on the basis of handicaps.

Senate to Quiz Hoffa on Highway Scandal

WASHINGTON (AP) — The Senate labor-management rackets committee has tentatively set Aug. 4 as the date for a return engagement with Teamster boss James R. Hoffa.

Committee Counsel Robert F. Kennedy said last night that "a lot of things have arisen" concerning which the committee wants to question the union leader.

At least a part of the questioning will have to do with the Indiana Highway land scandals which brought Maurice L. Hutcheson, president of the Carpenters, to the witness stand in June.

The committee summoned Hutcheson in an attempt to find out if he had conspired with Hoffa to fix a Lake County, Ind., grand jury that was investigating the scandals.

That grand jury failed to return any indictment on the ground that it lacked jurisdiction, but an Indianapolis grand jury later indicted Hutcheson and two other Carpenters Union officials on bribery and conspiracy charges. They are awaiting trial.

Temperature Steady; Cloudy Tonight

The Pontiac area will have partly cloudy weather tonight and tomorrow, with little temperature change, says the U.S. Weather Bureau.

The low tonight will be 62 and the high tomorrow near 80-84. Variable winds will continue tonight at 5-10 miles an hour.

The lowest recording in downtown Pontiac preceding 8 a.m. was 63 degrees. The reading was 78 at 2 p.m.

Lie Detector Shows Boy Sole Killer

ANN ARBOR (AP) — State Police say a lie detector test indicates that 14-year-old Frank Hogan Jr. was alone when his neighbor chum, Thomas Winslow, 11, drowned.

Police reported on the test yesterday. Frank, they said, admitted drowning John last Thursday in a Pittsfield Township pond.

The boy is said to have admitted binding his chum hand and foot and holding him under water from a raft.

Frank and his brother, Cecil, 22, took tests yesterday at the Redford Police Post as funeral service was held for the drowned boy.

Sheriff Robert E. A. Little of Washtenaw County had said he was not certain Frank had been without aid in the drowning.

The lie detector tests were reported to have supported the statements of both Frank and Cecil. Cecil had said he knew nothing of the drowning until hearing a report of it on a radio broadcast.

Another Yank Dies in Lebanon

Killed After Failing to Reply to Challenge of U. S. Sentry in Beirut

BEIRUT, Lebanon (AP) — A U. S. Marine was killed before dawn today when he failed to answer a challenge from a sentry at a Marine outpost near the airport.

An officer said the Marine was returning from a mission.

"He was challenged three times by the sentry," the officer said. "When he failed to answer, the sentry fired and hit him in the stomach."

The wounded man was taken to an American warship by helicopter but died before an operation could be performed.

It was the second fatality among members of the American force in Lebanon. Last Saturday a Navy fighter pilot died in a crash in the mountains nearby.

The name of the dead Marine was withheld until his family was notified.

He had been laying trip flares in front of a Marine outpost near the airport. Trip flares explode, illuminating a wide area.

Marine headquarters said an investigation was being made in an effort to determine why the man failed to answer the challenge while running toward the position.

Waterford Family Raising Pet Skunk

By REBA HEINTZELMAN

The urge to have an unusual pet has resulted in the arrival of the newest addition to Waterford Township's animal kingdom.

A deodorized baby skunk, identified only as Miss Joan Doe has shown up to upset the household routine of the John Forbush family at 3367 Lotus Dr. And their two dogs, "Shadow" and "Scraps" are thoroughly disgusted with the deal.

Ever since last year, when Waterford Township policeman Forbush read in a magazine of the tremendous intelligence of the "most-joked-about critter in the world," he has yearned to have a pet skunk of his own.

He began looking around and finally located a skunk-breeders farm in Nashville, near Lansing. The policeman tracked down the owners, Mr. and Mrs. Robert Dean then selected the most 'select' skunk in the place.

In one week, Forbush and his wife Esther, have learned that these pungent little animals have more thinking-apparatus than a dog, cat or even a horse. The biggest drawback is breaking their natural wild-life instincts.

By this, Mrs. Forbush explained, the animals want to sleep all day and play and hunt all night. Their eating habits too, have to be changed — even though Miss Doe's ancesters were all born in captivity. She has official registered papers to prove her cultivated heritage.

After a baby skunk has been weaned from its mother, it can never drink milk again, and Miss Doe's main diet is dog food, crickets and bugs.

If the six-weeks-old baby becomes startled unexpectedly, she begins to stomp her two front feet rapidly, and if given a meaty bone to chew on, she growls — very un-ladylike, says Mrs. Forbush.

★ ★ ★

She added, that the cutest trick the tiny skunk pulls, is in making a soft, kissing-sound when she is hungry. "She is a real beggar and we cannot resist her appeal for food, even if it is in the middle of the night," Mrs. Forbush concluded.

Give Us Freer Rein, Hamlin Tells State Committee

Urges 'Home Rule' for Counties of State

Counties, which once were looked upon as just the physical limits of smaller communities, have now grown up and should be given freer rein in enacting their own laws, according to Delos Hamlin, chairman of the Oakland County Board of Supervisors and Supervisors Inter-County Committee.

His statement was presented to a Senate committee studying possible home rule for counties.

It was read by Norman R. Barnard, committee clerk for the Oakland Board, as Hamlin was unable to attend the meeting of Sen. Frank Andrews' special study committee held today in Lansing.

"In order to meet our present needs more adequately and be in a position to assume our future responsibilities, it is necessary that counties be permitted a large degree of flexibility to handle the problems peculiar to their county," Hamlin said.

The role of county government, he declared, has gone past the stage of recording papers, collecting delinquent taxes, acting as jailer and looking after ill and unfortunate citizens.

Counties should, to meet growing needs, be permitted all powers with the exception of those expressly prohibited by the laws of the country or state, Hamlin suggested.

This would necessitate an amendment providing for county home rule, such as cities and villages organize under now, he went on to say.

The complexity of many different sized local units of government operating within counties has resulted in the counties taking over planning, financing, construction and servicing of large intra-county drainage, sewage and water projects, the Andrews committee learned.

Even after home rule cities are created, Hamlin emphasized, they are "all sorely in need of assistance to furnish together those services which could not be provided individually." This is where counties come in.

Today, the Oakland County official said, "We have found many of the laws now on the books to be inadequate to give the powers which our Board of Supervisors finds needed."

It was stressed at the meeting that no single home-rule setup would work for all counties. Creation must be aimed at particular problems of each.

Establishment of home rule counties should not mean the termination of the supervisors system. Hamlin's statement said he was against this.

"I believe what is wanted is, first, to preserve the supervisor system and, second, to make it as efficient as it can possibly be made. No institution as old, settled, as smoothly operating as the present county, should be scrapped unless we are sure we have something better to offer."

Hamlin had his solution to present problems:

"If the legislature gave counties the same powers as cities relative to matters of local concern," he remarked, "we would be able to solve our problems much more easily and certainly we would not need to bother you every term for enabling acts to let us solve our problems."

No Link in 2 Killings, Police Officers Rule

KALAMAZOO (UP) — Police today ruled out any link between the slaying of a Ludington policeman Sunday and the fatal beating of a Comstock town official in Gary, Ind., yesterday.

Officers said the finding of Comstock Town Clerk Nelson Elwood's car last night on a Kalamazoo parking lot left little chance the two slayings were connected.

It had been believed that Elwood might have been kidnaped for his car by the fleeing killer of the policeman, then dumped dying in Gary when his usefulness came to an end.

Police are seeking Charles (Chuck) Hanna, 25, of Chicago, in the Sunday pistol slaying of Ludington police officer Arlo Slagle.

★ ★ ★

Hanna was believed en route from Ludington to Chicago. Comstock, a tiny town five miles outside Kalamazoo, is in the general path from Ludington to Chicago.

Elwood, 67, died yesterday shortly after he was found unconscious on a Gary street. His billfold and watch were missing, the labels were ripped out of his clothes and a $10 bill was found stuffed into one of his socks.

His death was still a mystery, however.

Hanna, believed wounded by police bullets, was last seen early Sunday near Ludington headed for Chicago in a stolen car. The last time Elwood was seen was in Comstock at 3:30 p.m. Sunday. The little town just east of Kalamazoo is not in a direct line from Ludington to Chicago but is in the general path between the two cities.

★ ★ ★

Elwood had told nobody of any plans to take a trip, and before he died he regained consciousness long enough to identify himself and say he didn't know what city he was in.

Hospital staff members said he died from a severe beating on the head, but a formal autopsy was scheduled to officially determine the cause of death.

Pair Suspended in Teen's Death

Eloping Michigan Girl Shot, Killed in Police Chase; Boyfriend Held

HARRISBURG, Ill. (UPI) — Authorities suspended two policemen and held the boy friend of an eloping Michigan girl who was shot and killed in a police chase.

The girl, Margo Hallwood, 15, Millington, Mich., died yesterday in a Harrisburg hospital shortly after she was struck by a ricocheting bullet allegedly fired by Winston Gidcumb, 33, a temporary policeman.

★ ★ ★

The intended bridegroom, Del Whitaker, 17, also of Millington, became hysterical when he learned of the girl's death. He was held in jail on charges of reckless driving and resisting arrest.

Police Chief Ross Lane last night suspended Gidcumb, a police replacement during the vacation season, and rookie officer Glen Schwartz, 26.

An inquest into the slaying was scheduled for tonight.

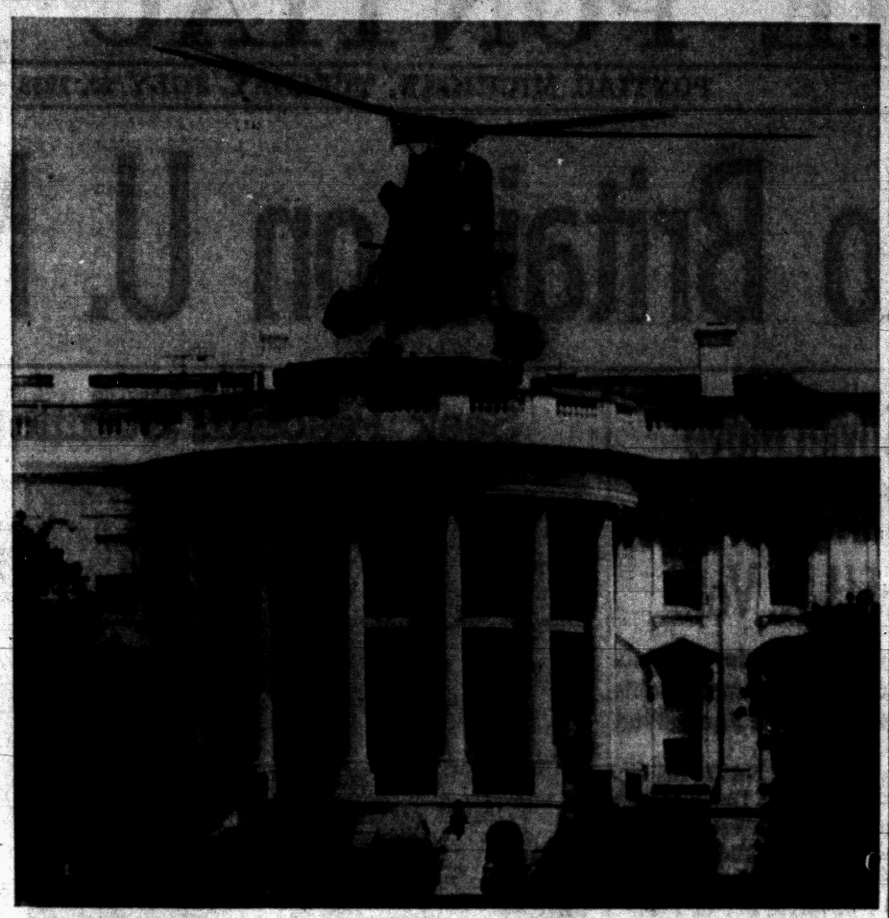

★ ★ ★

The policemen were patrolling in an unmarked private car when they spotted Whitaker's car and gave chase. When Whitaker tried to elude the officers, the police opened fire and a bullet fragment struck Miss Hallwood in the head.

★ ★ ★

Whitaker told Sheriff William T. Barrett he and Miss Hallwood were eloping to Pigott, Ark., where he has relatives.

Barrett quoted the youth as saying he thought the officers were bandits "and that they intended to rob us or do us some other harm."

Polio Group to Fight New Diseases

NEW YORK (UPI)—The "March of Dimes," with a total victory against polio in sight, dropped "infantile paralysis" from its name today and set its sights on the other dread killers and cripplers of mankind—all of the virus diseases, arthritis, diseases of the central nervous system, and the congenital diseases commonly called "birth defects."

Basil O'Connor, its president, in announcing the National Foundation for Infantile Paralysis will hereafter be simply the National Foundation, emphasized that it was sticking with polio until every American is protected by the Salk vaccine and there no longer are past polio victims to care for.

But polio no longer is enough of a problem to engage the full energies of the vast volunteer public health organization which has 3,100 chapters, one in just about every county in the nation. In the immediate years ahead, polio will continue to diminish as a public health problem. Therefore, the ultimate decision would have been either to disband or to expand.

O'Connor continued that the foundation had been urged on every side not to disband its scientific research teams whose years-long work culminated in the Salk vaccine, nor its army of volunteers who raised the money, but to give them new diseases to conquer.

Those chosen for the new onslaught were picked because they relate to the scientific fields in which polio research made strides so great they went far beyond polio, he said.

All the polio chapters and their members were mobilized for today's "big" and long-anticipated announcement. O'Connor made it at a news conference this morning at the Waldorf Astoria.

Circus Coming to Town for Two Performances

Early Thursday morning a long string of red wagons will move silently into Pontiac. By noon bands will be playing and a big tent will loom against the sky at Pontiac Lake and Telegraph roads, in Waterford Township.

★ ★ ★

The Clyde Beatty Circus, sponsored by the Pontiac Lions Club, will come here from Port Huron to give local children of all ages a look at the nation's largest traveling menagerie.

The motor fleet will carry to Pontiac 600 circus folk. There will be nearly 200 wild animals, over 150 internationally known circus stars and performers, and 15 elephants, housed by the 21 tents.

Performances are scheduled for 2 and 8 p.m. Reserved seat tickets to be sold at the door will cost $2.50.

★ ★ ★

General admission tickets available from Lions Club members in advance cost $1.25 for adults and 90 cents for children. All general admission tickets at the gate will cost $1.50.

The Lions Club will put their earnings into funds for their various projects aiding Oakland County children. Large blocks of seats already sold to local interests are being distributed to several area children's organizations.

Crane Attempts to Impersonate Coming Stork

ST. LOUIS, Mo. (UP)—Mrs. John Stefanoni, who is expecting a baby in October, watched a tall white bird with long legs and a beak settle on the roof of her home last night.

★ ★ ★

The bird stayed on the roof while a crowd gathered and began ribbing husband and wife about the stork coming early.

It kept its perch for two hours despite the taunts of children and efforts of police. Finally it circled the house, then landed on a nearby lawn. It was captured in a flying tackle by a policeman.

★ ★ ★

It was a false alarm, the officer found — the bird wasn't a stork at all. It was a wild crane.

Shoots Himself, Wounds Two

Flat Rock Man Fires Pistol After Quarrel With Old Friends

FLAT ROCK (UP) — A Flat Rock couple and an elderly neighbor were hospitalized with bullet wounds today as a result of the latter's impulsive shooting spree.

There was no full explanation for what happened to cause trouble between the longtime friends.

Police said 77-year-old Israel Abar, a retired barber, shot and wounded Leland Alexander, 62, and his wife, Fayetta, 54, in the Alexanders' home yesterday and then turned a .32 caliber pistol on himself.

Both Abar and Mrs. Alexander were reported in critical condition at General hospital in nearby Wyandotte. Abar was shot in the chin and stomach, Mrs. Alexander in the arm and shoulder.

Alexander, wounded in the knee and hand, was in less serious condition.

Police said Alexander, a house contractor and builder, told them only that he and Abar had a "little argument." He would say no more, they said.

UAW, Chrysler Slate Negotiations Today

DETROIT (UP) — Chrysler Corp. and the United Auto Workers were scheduled to resume new contract negotiations today after a long weekend recess.

The UAW met with Ford Motor Co. and General Motors Corp. in an all-day session yesterday but neither side indicated whether any progress was made.

The UAW has been without Big Three contracts since the Memorial Day weekend.

$32 Million for Bases in Michigan

House Cuts Defense Fund

WASHINGTON (UP) — The house appropriations committee today recommended $32,382,000 be provided for Air Force construction in Michigan.

Bases which would share in the outlay are Kinross Air Force Base, Sault St. Marie, $9,434,000; K. I. Sawyer Municipal Airport, Marquette, $10,673,000; Selfridge Air Force Base, Mt. Clemens, $3,579,000; and Wurtsmith Air Force Base, Oscoda, $8,696,000.

At the same time the committee cut more than half a billion dollars from Defense Department construction fund requests.

★ ★ ★

It slashed $511,838,000 from the $1,730,653,000 requested by the administration for construction programs at military bases in the United States and abroad.

The Air Force was given the biggest cut, 300 million dollars from the $1,001,500,000 it requested.

The Navy's bid for $368,253,000 was trimmed by $85,502,000, while the Army's request for $340,900,000 was pared by $126,336,000.

Project after project, including such items as officers' swimming pools and elaborate housing accommodations, was cut out completely or sharply slashed as undesirable or "certainly not essential."

★ ★ ★

The committee rapped the military services for poor planning on construction programs and for having "little, if any, idea of the cost, plans or the types of facilities to be constructed."

In too many cases, it said, requests for money were based on "merely a dream in some planner's mind."

★ ★ ★

It directed the secretary of defense to take positive steps to correct the situation and to prevent the individual services from seeking new construction when there are available facilities owned by but not used by another service.

Ike Yields to Britain on Special Meeting

(Continued From Page One)

day, that there was a split over the degree to which the reply should open the way for an extraordinary Security Council session.

Eisenhower and Dulles, who were cold to the idea of a hastily-arranged meeting at the summit, favored simply pointing out to Khrushchev that he has full opportunity under te U. N. charter to get the Security Council to enlarge its consideration of the Middle East problem if he wants to do so.

Britain favored a declaration of more positive readiness to attend such a meeting, and Macmillan and Lloyd faced the necessity of making a policy statement to the House of Common.

This public announcement of British policy evidently forced decisions in Washington as well as London.

FLYING TO LONDON

While United States and British statesmen were trying to work out a meeting of minds toward the summit proposal, Secretary of State John Foster Dulles announced he plans to fly to London late this week to attend a meeting of the Baghdad Pact nations.

Dulles casually announced his intentions at a meeting with delegates to the American Legion Boys' Nation.

He said he would confer with representatives of Britain, Pakistan, Turkey and Iran on the status of the pact since the overthrow of Iraq's pro-Western government a week ago.

Observers said the purpose of Dulles' trip was to impress upon Turkey, Pakistan, and Iran that this country still regards the anti-Communist defensive alliance as vitally important despite the loss of Iraq.

In Beirut, sharp exchanges of rifle fire punctuated by explosions reverberated through the city during the night and there were fears today of major outbreaks of violence before Thursday's presidential elections.

U.S. State Department trouble shooter Robert Murphy stepped up the tempo of his talks with moderate leaders in hopes of averting a new outbreak of civil war before the Thursday elections.

But thus far he apparently has not found a man suitable to both sides to succeed President Camille Chamoun.

The Lebanese rebellion was touched off by opposition leaders who accused Chamoun of seeking an illegal second term. His term expires this fall and in the meantime there were some doubts the Thursday elections would come off as scheduled.

The rebels have been comparatively quiet since the landing of U.S. Marines last Tuesday and the American Marines and paratroopers here have not been involved in major scrapes with the rebel forces.

Last night's firing sounded in the fringe area of the rebel-held Basta area near Riad Solh Square and near the city's racetrack, site of two major rebel areas.

★ ★ ★

It was the second straight night of heavy firing.

In Amman, Jordan, a British Embassy spokesman said today British Red Devil paratroops now carry arms whenever they are inside the city of Amman.

The spokesman added, however, that this is normal. He said that when the troops first arrived in Jordan at the invitation of King Hussein they avoided carrying weapons in the city until the local attitude could be measured.

The spokesman said popular reaction to British troops here seems to have been good and the troops received a friendly reception.

★ ★ ★

The red-bereted soldiers are being permitted into the city until 10 p.m. nightly.

Self-Bosses to Pay Less Income Tax

WASHINGTON (UPI) — The House Ways & Means Committee by an 18 to 7 vote stamped its final approval today on a bill to permit self-employed persons to pay lower income taxes than wage-earners or salaried employes.

The measure is designed to enable self-employed persons to accumulate retirement funds.

It was opposed by the treasury which estimated it would cost the government $65 million dollars a year in revenue.

Committee Chairman Wilbur D. Mills (D-Ark) joined six other committee members in opposing the measure.

Most self-employed persons could reduce their taxes by 10 per cent or more by taking full advantage of the proposed plan. Some would be able to trim their income taxes by more than 20 per cent.

The bill would allow self-employed persons to defer payment of taxes until age 70 on amounts placed in special retirement trust funds or endowment or annuity policies.

The maximum amount on which taxes could be deferred was set generally at $2,500 a year with a lifetime limit of $50,000. However, taxpayers 50 years or older were given a bigger annual allowance on the theory they are starting later in life to accumulate retirement funds.

Five Breakins Reported in City

Burglars' Main Targets Listed as Beer, Paint, Cigarettes

Five breakins were reported by Pontiac police Monday with beer, cigarettes, and paint being the main targets of burglars.

Floyd J. Shotwell, owner of Huberts Distributing Co., 675 S. Saginaw St., told police someone had entered a van truck parked at the rear of the company store.

Missing were 11 cases of beer valued at approximately $47.50, said police.

Breakins were reported at two local root beer concerns. A root beer stand, at 676 W. Huron St., was entered. A cigarette machine was pried open and $1.40 in change plus two cartons of cigarettes were taken.

Another root beer stand, located at 128 N. Perry St. reported an undetermined amount of money and cigarettes missing.

Police reported that a store at 50 E. Kennett Rd. was entered and thieves took six gallons of paint valued at $51.

John Gerzanios reported to police that someone entered his place of business at 750 S. Woodward Ave., taking nine cartons of cigarettes and $3 in change.

Mute Before Judge on Homicide Charge

William J. Snow, 26, of 704 Cortwright St., stood mute before Waterford Township Justice Donald E. Adams on charges of negligent homicide yesterday.

Snow was one of the drivers involved in a two-car head-on smashup on U.S. 10 near Hatchery Rd., Drayton Plains, which killed the other driver, Alex Goumas, 28, of Flint.

The accident took place June 20. Goumas died at Pontiac General Hospital the next day. Snow has been hospitalized since the accident.

His bond was set at $500 and examination date scheduled for August 7 at 1:30 p.m.

The Day in Birmingham

Proposal to Pave 1 Block on Lake Park Up in Air

BIRMINGHAM — After reaching a "no necessity" decision last night on a permanent paving proposal for Lake Park drive between Raynale and Redding roads, Birmingham city commissioners found they were not through with the controversial street after all.

Jack C. Hutchinson of 1355 Lake Park Dr. said that in spite of the 14 out of the 17 families in the block opposing the paving, he feels that something must be done because of the poor drainage on the street.

Between 200 to 300 feet of the street surface is without grade and the three families living there are plagued with standing water after every heavy rain, he said.

Commissioners, in rejecting the proposed paving, said they feel permanent paving on just one block in the subdivision is costly and not entirely satisfactory.

City manager L. R. Gare was directed to survey the area again and report his findings to the Commission.

The Police Department and Commission backed the East Lincoln avenue parking ban protested by many residents.

Commissioner Florence Willett, said she had personally checked the "dog leg curve" and found that it is difficult at only one mile per hour over the legal speed limit to hold a car to the outer lane. Driving in the inside of the curve was one of the protests residents voiced.

Police will erect a curve sign and put a suggested speed limit of 15 miles per hour for it.

Pointing out that parttime parking is contrary to city policy, officials promised residents to check the possibility of establishing it on Lincoln. A spokesman for the residents had asked approval for evening, Sunday and holiday parking for the convenience of guests.

Bloomfield Hills Board of Education will re-organize and elect officers at its regular meeting tonight. The session will begin at 8 p. m. in the high school.

Charged with driving under the influence of liquor after his truck collided with a police car at Brown street and Woodward avenue late Sunday, James Wheeler, of 652 Henrietta St., will appear in Birmingham Municipal Court Friday morning.

Damages to each vehicle was about $200, police said. No one was injured.

With the closing of the Barnum Elementary School pool, family swimming continues at the Derby Junior High and Birmingham High School pools.

The pools will be open each weekday from 3:25 to 4:25 p.m. at both pools, Tuesday, Thursday and Saturday evenings from 7 to 10 p.m. at Derby; Wednesday and Saturday from 7 to 10 p.m. at the high school and Saturday afternoons from 2 to 5 p.m. at both pools. The program will end August 16.

Ask Ike, Nixon Into Michigan

Urge Both to Campaign in State on Behalf of GOP Candidates

WASHINGTON (UP) — President Eisenhower and Vice President Nixon have been asked to campaign in Michigan in behalf of hard-pressed Republican candidates.

★ ★ ★

Lawrence Lindemer, the state's Republican chairman, said today Eisenhower and Nixon are holding back on their campaigning plans and have made no commitments to any states.

Michigan GOP candidates face tough opposition from an increasingly powerful state Democratic Party. Sen. Charles E. Potter (R-Mich), opposed for a second term by Democratic Lt. Gov. Phillip A. Hart, is Michigan's last Republican officeholder elected on a statewide basis.

Lindemer and John B. Martin Jr., Republican National Committeeman from Michigan, breakfasted with the state's GOP House members to discuss the fall campaign problems — particularly money.

★ ★ ★

When asked whether chief presidential aide Sherman Adams would be welcomed as a campaign speaker in Michigan, Lindemer replied:

"I don't see that Mr. Adams would be of any pertinence in Michigan."

But Martin said the congressional investigation of Adams and Boston industrialist Bernard Goldfine would not change a single vote in Michigan.

Cranbrook Sexton A. W. Williams Dies

Service for Andrew W. Williams, 82, sexton and verger at Christ Church Cranbrook in Bloomfield Hills for the past 32 years, will be held tomorrow at 1:30 p.m. at the church. Burial will be in the Farmington Cemetery.

He died Sunday at MacPherson Hospital in Howell of a cerebral hemorrhage.

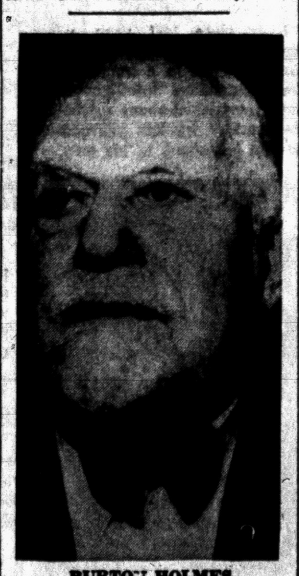

Mr. Williams, who came to the church at the request of the late George Booth, was consultant during the planning and construction of the edifice. He had a great knowledge of the church and a particularly keen interest in its ritual and furnishings, many items of which were antiques brought from England by Booth.

As sexton and verger, he was the unofficial assistant to all the clergy serving there. He assisted at all wedding rehearsals and in the preparation for baptism ceremonies.

Surviving are his wife, Lonie B.; a son, Archie H. of Fowlerville; a brother and two grandchildren.

The body is at Bell Chapel of the William R. Hamilton Co. It will lie in state at St. Paul's Chapel at Christ Church Cranbrook from 10 a.m. to 12:30 p.m. tomorrow.

The family said memorial tributes may be made to the church's Altar Guild Memorial Fund.

BURTON HOLMES

Movie Pioneer Dies

HOLLYWOOD (UP) — Burton Holmes, the man who originated the movie travelogue, died today. Holmes, whose organization invented the word travelogue, spent more than half of his 88 years in travel and once was referred to by Lowell Thomas as "the most sophisticated traveler of them all."

Adams Involved in New Probe

Armed Services Group Studying His Role in Penalty Refund

WASHINGTON (AP)—A House investigator said today a ruling by the comptroller general, reversing a stand of 15 years earlier, apparently opened the way for a $41,284 rebate to a textile company in a case about which Sherman Adams made inquiries.

Rep. William H. Bates (R-Mass) told newsmen he is particularly interested in how the penalty appeal by Raylaine Worsteds, Inc., Manchester, N.H., was handled in the office of Comptroller General Joseph Campbell.

The comptroller general is Congress' own fiscal watchdog, charged with the duty of seeing that government financial matters are handled in strict conformity with law.

Bates is a member of the House Armed Services subcommittee which launched an inquiry into the Raylaine case by taking testimony behind closed doors from Roswell M. Austin, retired member of the Armed Services Board of Contract Appeals.

Austin, while on the board, wrote a memorandum of warning to other board members about inquiries from Adams concerning the case.

Adams, top aide to President Eisenhower, is a former governor of New Hampshire and received letters about the case from persons associated with the company with whom he was acquainted.

The White House said Adams relayed these queries to the contract board merely as a matter of routine. But Austin, while he said he does not think Adams influenced the board's final decision, told newsmen that when he wrote the memorandum "it was my thought that his inquiry was improper."

Rescue Six Youths From Tipped Boat

DETROIT (UPI) — A Coast Guard boat rescued six thoroughly chilled youths early today after they had clung to the mast of their sunken sailboat for an hour and a half.

The youths, Donald Messing, 19, Thomas Moran, 18, Robert Yakiin, 19, Paul Kasper, 18, Michael Huminski, 18, and Robert Baker, 18, all of Grosse Pointe, were rescued after a passing freighter heard their cries for help.

They were headed downstream in Lake St. Clair when a combination of wind and wash from a passing boat tipped their 25-foot sloop on its side. It quickly sank about a mile off shore.

In Missouri, Kansas Floods

Nearly $10 Million Lost

By United Press International

Flood damage in Missouri and Kansas mounted toward the 10-million dollar mark today with the mighty Missouri River rolling over its banks from mid-Missouri almost to St. Louis.

The floods, triggered by a battery of torrential thunderstorms that began 11 days ago, have inundated about 365,000 acres of land in the two states.

★ ★ ★

U.S. Army Engineers estimated damage to towns and farms in the path of the floodwaters at more than nine million dollars.

★ ★ ★

The Missouri was not expected to crest until Wednesday at St. Charles, Mo., at six feet above flood stage. The river was expected to hold the crest for 24 hours, inundating more farm land.

In northwest Missouri, damage was estimated at $2,800,000 along the Grand River where 95,000 acres were flooded. The Fort Scott, Kan., flood last week inundated 85,000 acres with a loss of one million dollars.

Elsewhere, it was estimated that 20,000 acres were flooded and $300,000 damage done along the Chariton River, 30,000 acres and $80,000 along the Nemaha River, 10,000 acres and $300,000 along the Blackwater-Lamine Rivers and 25,000 acres and $500,000 along the Platte.

★ ★ ★

Scattered thunderstorms continued during the night from Missouri through the Ohio River Valley into Pennsylvania and south to the Gulf Coast states.

EVER WATCHED A SMILE GROW?

To know what a miracle it is, you must first see the terror-stricken face of a child who has grown up overseas, knowing only violence and privation . . . a child like a certain orphaned four-year-old boy. His parents had lost their lives struggling for freedom. When the boy was brought to an orphanage operated by one of America's religious faiths, his eyes were filled with terror. For weeks he failed to respond to kindness—only stared with wide, wary eyes. But one day he forgot. He accepted a toy. Slowly his eyes softened—and a smile began to grow at the corners of his mouth till he was grinning happily.

You can make other smiles grow—by contributing to *your* religious faith's OVERSEAS AID PROGRAM.

Do you find that your desire to lose weight disappears as if by magic when you sit down to eat? Do you have a long argument with yourself before you surrender, do you feel ashamed and rather disgusted with yourself afterward—after the food has disappeared and you start counting the calories and thinking of that layer of fat you were "absolutely determined" to get rid of?

If your answer to these questions is a sorrowful "Yes," try smoking just one TRIM reducing aid cigarette before each meal. After a week you'll find you've acquired a magnificent indifference to food in excess quantities.

TRIM reducing aid cigarettes will not interfere with your regular smoking habits. They are not intended to replace your favorite smoke. They are designed to destroy the greatest enemy of the weight-watcher—the desire for large quantities of bread and butter, potatoes, gravy, rich desserts, and all the other foods you just can't resist. Smoke a TRIM reducing aid cigarette and you'll be amazed to find yourself shaking your head as the food is passed around. There'll be no argument, you won't have to close your eyes and grit your teeth, you just won't want!

Two Priests Arrive in U. S.

Set Foot on Home Soil for First Time Since Leaving Red China

SAN FRANCISCO (AP) — Two American Catholic priests — one hardly able to speak and the other speaking in a whisper—set foot on home soil here yesterday for the first time since leaving a Red Chinese prison.

★ ★ ★

The Rev. Joseph P. McCormack of the Maryknoll order and Father Cyril Wagner, a Franciscan, released after five years imprisonment, flew here from Shanghai where they had gone after leaving Red China.

Father McCormack, 65, New York City, said that for those five years "we weren't allowed to talk —or even move our lips as if to speak. But, of course, we did."

★ ★ ★

He spoke barely above a whisper because, he said, prison conditions had robbed him of normal voice tone. Father Wagner, suffering from asthma, was apparently too fatigued to speak with newsmen.

Do You Ever Add Up Personal Pleasures?

NEW YORK (AP)—Man tends to spend more time yearning for what he wants than enjoying what he has.

Did you ever sit and make a catalogue of your personal pleasures, things past or present that have helped make your life add up to more—and you'd hate to be without or never to have known? It's not a bad way to while away a dull hour, and you may be pleasantly surprised to find how many things in this world have made your journey through it memorable.

Army Guard Kills Thief in Korea

SEOUL (AP)—The U. S. Army said a Korean thief was shot and killed today by an Army guard who caught him stealing.

The guard was Sgt. Hager B. Blevins, 25, Circleville, Ohio.

★ ★ ★

The Army said Blevins, on special guard duty after a series of thefts in the 7th Division Engineer Company, spotted two Koreans attempting to carry away water pumps.

Blevins "called halt three times and fired three shots into the air," the announcement said. "The Koreans, still carrying the pumps, continued to run. The guard then fired two shots at them. Both shots struck the same person. The second Korean escaped."

The 7th Division and Korean police both are investigating. No charges have been filed.

Old Iraq Delegate Given Protection

NEW YORK (AP)—Police have posted an around-the-clock guard outside the hotel suite of Abdul Majid Abbas, United Nations delegate of the overthrown government of Iraq, who reported his life had been threatened by an Iraqi army officer in this country.

Abbas remained in his suite at the Stanhope Hotel throughout yesterday's debate in the U. N. Security Council on the Middle East crisis.

A U. N. official said Abbas had sent word that he was ill.

To Make Choice for Governor

Oklahoma Dems Vote for Candidate Today; He's Cinch to Win

OKLAHOMA CITY (AP)—Democrats of Oklahoma choose their nominee for governor today, ending a hectic three-week campaign. Tradition says he will be the state's next chief.

The race is between J. Howard Edmondson, 32-year-old Tulsa County attorney, and W. P. Bill Atkinson, millionaire housing developer from Midwest City. Edmondson held a slender 742-vote lead in the primary July 1 when nine other Democratic candidates were in the race. No one got a majority of the 513,594 votes cast, prompting the runoff.

★ ★ ★

The winner will face two general election opponents in November — Republican Phil Ferguson, Woodward rancher, and D. A. Jelly Bryce, who is running independently.

Republicans have never elected a governor in Oklahoma's 51 years.

Repeal of prohibition, a major issue in the first primary, has become secondary in the runoff. Both Atkinson and Edmondson have promised to call a special election on repeal if initiative petitions are presented them.

★ ★ ★

Atkinson has campaigned hard on a pledge to increase industrial activity in Oklahoma. Edmondson has based his campaign on proposed government reforms, particularly the establishment of a merit system for state employes and a new type highway commission. Atkinson opposes both proposals.

Two Democratic nominees for Congress and three other Democratic and one Republican nominee for state offices will be chosen.

Time to Stop Nasser Is Now

"Turbulence" seems to be the byword of the Nasser era.

This was demonstrated again last week by the latest in a series of political earthquakes that have shaken the Middle East since the advent to power of Egypt's President GAMAL ABDEL NASSER just four years ago.

Revolt in the Middle East has been stirred up by Nasser's Radio Egypt, which makes its own news. For 20 hours every day 11 big transmitters are pouring out torrents of lies and invective against the West in a dozen tongues beamed at the Arab world. Bombings and battles are reported that never have occurred.

★ ★ ★

Foreigners are called white dogs, bloodsuckers, pythons and worse. Cairo promises they will be driven out and Pan-Arabism will take command. The broadcasts, working on the emotional and ignorant masses are responsible for the murders in Iraq.

The Big Lie technic was employed successfully by HITLER. It is being employed by NASSER to set the Middle East on fire. A constant stream of hatred and promises of better things to come from destroying a supposed enemy has its appeal to an oppressed Arab—oppressed by his own countrymen however.

★ ★ ★

The forces of Nasserism and anti-Nasserism have produced coups, war, rebellion, plots, counter plots, and a shifting alignment of Arab states.

The total effect has been a crumbling of the West's position and a corresponding improvement of Russia's chances to penetrate a most strategic region, one that has about two thirds of the world's known oil reserves.

Without doubt the time has come for the Western World to stop Nasser.

★ ★ ★

Definite and immediate action should be taken by the United Nations to form an effective force to control small fires which lead to big ones. This will be a long haul and if the U.N. is ever going to be anything more than a debating society, now is the time.

One of County's Ablest Citizens

Scion of a family prominent in Oakland County's business and public life for over a century was HOWARD M. WARNER.

★ ★ ★

His grandfather had more to do with the early life of the Farmington community than any other man.

His father was Michigan's first three-term governor, and put Farmington on the map in a business way.

HOWARD continued in their footsteps in an admirable manner, although not taking a liking to political life, but what he did in that respect won him the highest regard.

★ ★ ★

With his brother HARLEY, he sacrificed most of his finances in an effort to save the Farmington bank in the depression of the 30s.

They daily peddled their personal stocks and bonds in order to meet the run which all banks suffered. The respect of their depositors actually grew in the crisis.

★ ★ ★

This determination to save the bank was indirectly responsible for HARLEY'S death. He was killed when his car struck a highway abutment when he was hurrying to Detroit to exchange more securities for cash.

It was in his civic work in his home community, his county and his state that HOWARD has devoted much of his life.

★ ★ ★

His honor, motives or business ability have never been questioned.

Few Days Left to Use Up Three Cent Stamps

Work off your three cents stamps now, or else . . .

Or else prepare to lick a lot of the one penny variety to bring your postage up to the four cent requirement. This refers to normal first class letters. Post cards are three cents and air mail's seven.

The date's August first.

★ ★ ★

For a period of ninety days, the Post Office Department will not invoke a penalty. We assume that means it will merely collect the deficit from the recipient. After that, on a four cent letter, a three cent stamp means the recipient will pay the missing penny plus a five cent penalty.

That's fair enough.

★ ★ ★

The Post Office Department can't afford to collect these missing pennies indefinitely. If the customer refuses to fork over the five cents, the letter goes back to the sender or to the dead letter office.

Use up your three cent stamps now.

If your supply's too big, buy some ones to fill out.

The Hose Isn't Cooperating

David Lawrence Says:

Stalemate in Middle East Likely

WASHINGTON—Delay and more debate — an honorable means of self-restraint that actuates big powers in a crisis when they really don't want to fight each other —could keep the unsolved Middle East problem in a state of suspense for a long time to come, except for a possible act of irresponsibility by any one of the Arab countries.

LAWRENCE

While outwardly Moscow and Washington have a certain degree of control over the next steps, the truth is that in a highly explosive situation, with rebel elements on the rampage, anything could happen to change the whole picture overnight.

★ ★ ★

The evidence is mounting that neither Washington nor Moscow wants to see the present situation aggravated. For one thing, the Soviets are eager to let the new Iraq government get stabilized, while Communist-inspired infiltration and subversion keeps on threatening the Jordan and Lebanon governments from within.

So the device of arguing inside the United Nations brings, for different reasons, satisfaction to both the East and the West for the time being.

The United States government, for instance, is well aware that it must satisfy world opinion and that it cannot let the impression be developed that the American Marines are to stay in Lebanon indefinitely. There is instead a repeated emphasis on the intention to withdraw as soon as the United Nations can take over.

★ ★ ★

But there are many things to be done before any such withdrawal of the military forces of Great Britain and the United States will be practicable. For one thing, the General Assembly of the United Nations must, by specific resolution, set up a police force with authority to prevent "indirect aggression" against both Lebanon and Jordan.

The mission of the American Marines, as states by President Eisenhower last week, is to "assist the government of Lebanon to preserve its territorial integrity and political independence." The United Nations sent in a team of observers a few weeks back to investigate and report on the "infiltration," but it has no police powers and its members are unarmed.

Soviet Russia has blocked the resolution offered by Japan to the Security Council providing for the strengthening of the U.N. "observer" force "to insure the territorial integrity and political independence" of Lebanon, but until a foolproof formula to accomplish this particular purpose has been worked out, the Marines cannot be withdrawn.

★ ★ ★

Likewise, in Jordan, until some assurance is forthcoming that the existing government of King Hussein is safe from outside interference, it is difficult to see how the British forces can be pulled out either.

So while both Britain and the United States will keep on saying they want to withdraw their troops at the earliest moment, the date when the evacuation will be practicable depends on lots of events that have not happened as yet.

The position of the Iraq government could be a pivotal factor. The new government at Baghdad claims it wants to protect foreigners and all their oil properties and wishes to honor all the commitments made by the previous government, including the Baghdad Pact. This is a natural maneuver designed to curry favor and to win diplomatic recognition for the new regime.

But the United States will be wary about immediate recognition, preferring instead to wait and see just what happens inside Iraq. For the last few days the new government there has been permitting its radio to be used to broadcast Nasser's demand for an overthrow of its neighbor and supposed ally, the Jordan government.

The fact is that troops of Britain and the United States are on the soil of Lebanon and Jordan. To pull them out on the basis of paper assurances would be hazardous.

Dr. William Brady Says:

3 Calcium Wafers Daily Aid Hay Fever Victims

The proprietor of a hardware store in Missouri says there should be a law to protect people against M.D.s and to promote P.H.D.s.

I'm afraid the man may have taken some of my bids for the latter degree seriously. No such degree has been granted to date. In fact, I invented it, doctor of personal health, in the vain hope that some one-horse educational institution might bestow the first P.H.D. degree upon me in recognition, etc. etc. — but it was just an idle dream.

DR. BRADY

It seems to be the inalienable right of the American people to waste no time studying anatomy, physiology, nutrition and hygiene and applying such knowledge in their everyday life. So when they get sick or are in poor health, they blame the doctors.

★ ★ ★

The Missouri hardware merchant has suffered with hay fever since he was released from the Army in '45. He had been doctoring ever since, with little if any benefit. The doctors gave him all sorts of histamines.

For the past two years he has been getting "shots" once a week, from April to the first heavy frost, principally for grasses, trees and mold, at $5 each.

Six weeks ago he received my pamphlet and has been supplementing his diet with three calcium wafers a day and getting along better than he ever did while taking "shots." Now he believes there should be a law etc. etc.

★ ★ ★

If you are subject to hay fever, it will do you no harm to read what I have to say about it in the free pamphlet 'Hay Fever,' for which send stamped, self-addressed envelope.

Please remember that the calcium and vitamin D I recommend for hay fever is nutrition, not medicine. You can't "try" it in a week.

You'll have to eat it regularly for at least a month to determine whether it will do you any good.

QUESTIONS AND ANSWERS

I regret to report that I took calcium tablets for two weeks and obtained no help for my bursitis . . . (Mrs. S. C.)

Ans. — I do not recommend calcium tablets for bursitis. I do believe an adequate daily ration of calcium and vitamin D bring great relief in many such cases in the course of several weeks.

Just paid $10.80 for a few pills which the doctor thinks may help my rheumatis in shoulder and arm. (E.A.)

Ans. — I have yet to learn of any extraordinary benefit from such expensive miracle medicine for joint disability, no matter what you call it. The optimism of doctors and patients is irrepressible.

★ ★ ★

Signed letters, not more than one per or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady. If a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

Criticizes Press for Lack of Editorials on Middle East

On more than one occasion I've promised myself to stop delivery of The Press to my home, not out of personal pique or animosity, but out of sincere belief that The Press has consistently failed in its duty to provide readers with adequate editorial coverage of national and world events.

An example: On July 14, there was an explosive development in the Middle East that had most of us glued to our newspapers, radios and TV sets. We wanted news, interpretive as well as informative.

TV, radio and the Detroit papers gave this broad coverage and gave it well, but The Pontiac Press chose to sit by, editorially at least, for as of this writing, July 18, not one word of editorial comment has appeared on these pages. Whatcha waitin' for? World War III might be with us before you wake up.

George L. Canbear, Jr.

501 E. Pike St.

★ ★ ★

(Editor's Note: Well, well. Pal George, long our severest critic (along with that chap from Birmingham) hauls off and gives us the old one-two all over again. Firstly, we're mighty, mighty happy to find he's continuing his subscription. We thought he'd already faded from our lists. Stick with us, kid. Business ain't brisk, you know.

The above fulmination arrived Monday and we carried a column and a half editorial on Saturday. That's bad timing, George. Watch it, watch it. And we hope there won't be as long an interval again before you lay back and bust us in the nose.)

★ ★ ★

Another Reader Joins Bible Debate

Much is being said of the Bible in this column, some for, and some against. What difference does it make if man did write it?

★ ★ ★

It was written to help man and even if only one sentence were practiced ("Do unto others as you would have them do unto you") what a different world this would be for everybody. The Scripture was written when the laws were different than they are today, as to dress, etc.

★ ★ ★

I have read the Bible through several times and to my way of thinking it doesn't make any difference to the Lord how we dress.

★ ★ ★

We all know we have a Maker of Supreme Power. We call him God. The Indians and Africans called it spirits. Even they knew there is a hereafter, otherwise, why did they bury treasures to be with them there?

★ ★ ★

Too many people think the Lord is ready to pounce upon them with a hot rod of revenge if they sin. We are all children of God, some practice more God-like ways than others.

For you who are not sure of anything, read Romans 10: 9, 10. We should give more thanks for our blessings.

Some school-age youngsters do not like . . . The homework they must do . . . Because it seems for evermore . . . Before their task is through . . . But they have little reason to . . . Complain upon that score . . . As parents have their homework, and . . . Indeed a whole lot more . . . Not just the job of keeping house . . . Preparing meals and such . . . And blessing every moment with . . . That fond, familiar touch . . . But also all that homework when . . . The youngsters are asleep . . . Especially the budget that . . . The parents try to keep . . . And also, more importantly . . . Their plans and dreams each night . . . To help their children on their way . . . Where they will turn out right.

Another Political Crisis Survived by Thailand

By MURRAY FROMSON

BANGKOK (AP)—Thailand has survived what might be described as another political crisis.

It ended when strongman Marshal Sarit Thanarat returned from five months in the United States, where he had an operation for a liver ailment.

★ ★ ★

He found the opposition Democrat party was preparing to launch a general debate against the government in the National Assembly. The Democrats had won the support of 13 independents in bringing the debate to the floor.

The marshal called in some of the independents. To no one's surprise, eight had second thoughts about the debate and decided that "it would not be wise for the country at this time."

Wispy Khuang Aphaiwongse, the Democrats' leader snapped: "The biggest doublecross in Thai political history."

The eight independents went to the Temple of the Emerald Buddha, Thailand's most sacred shrine, and swore they had not taken bribes from Sarit for withdrawing their support of the opposition.

The Democrats, strongest anti-Communist group in the country, sought to debate the government on the issues of health, education, economics and corruption.

★ ★ ★

They had grounds. A cholera epidemic has killed 600 persons. Students are upset by the lack of classroom space and a new increase in college tuition fees. The country's treasury is virtually empty. Sixteen cases of corruption involving government officials have been reported since the beginning of the year.

★ ★ ★

Sarit told the Democrats: "This is not the time for a general debate. It might encourage a revolution."

Case Records of a Psychologist:

Give Husband Plenty of Affection

Jim is the caustic husband whose wife was told by an inexperienced female "Advice Columnist" to get a divorce. Yet all this couple needed was a little medical counsel as explained below. They were potentially devoted and had two children, so think of the tragedy if they had obtained a divorce!

By DR. GEORGE W. CRANE

Case Y-368: Jim M., aged 35, is the hot-headed husband of Lois, as mentioned yesterday.

★ ★ ★

DR. CRANE

"Dr. Crane, it is true that I explode at times," Jim admitted.

"But I am under a lot of pressure at the office. And when I come home, Lois is preoccupied with the children.

"Maybe I am a little jealous of her excessive attention to PTA and Women's Clubs, plus our youngsters.

"At any rate, when I want some affection, she may rebuff me, saying 'I'm too tired.'

"Well, that's what sets me off. For I figure any woman in this modern age who reads your column should certainly realize that her husband deserves affection.

★ ★ ★

"I expect more than good meals from my wife, for I can buy them at any downtown restaurant.

"My wife is a good cook, I'll admit, but wives no longer hold a corner on cooking skill. Chefs do a fine job at thousands of lunch rooms and other dining spots.

WIVES, GET HEP

"We husbands pick wives because of LOVE, not skill at following cook books!

"And we work hard all day long, five days per week. So when we come home and want some affection, we feel we are entitled to it and have paid for it, too.

★ ★ ★

"At such a time, am I so unusual in blowing my top? Don't many other husbands grow irate at such affronts to their masculine ego?

"Dr. Crane, you are a physician as well as a psychologist, so tell us if we husbands are wrong?"

SEX PROBLEMS IN MARRIAGE

Many modern wives still think the kitchen should be the focus of a successful wife's attention.

It isn't, so get hep to reality.

In the bedroom is where most marital feuds originate. That is also where divorces begin.

Oh, the husband and wife may not make such a charge in the direct fashion I have done.

No, they call their trouble "mental cruelty" and "incompatibility," but those are simply vague terms to indicate that the couple still are maladjusted in their erotic life.

For happily married folks occasionally have just as violent arguments as any cited by divorce litigants, yet the well adjusted couples never think of divorcing because of an occasional violent temper outburst.

Besides, that very temper usually indicates a lot of unexpended erotic energy that should have been channeled off via a wife's functioning as a proper marital partner.

Sexual ignorance is still the major cause of divorce, although

it is camouflaged with a lot of vague terms such as "incompatibility."

After a medical sex talk with Lois and Jim, I gave them the booklet below and urged Lois to remember that her marriage vow included a pledge to forsake all others for her husband's benefit.

You wives may feel entirely innocent in such domestic feuds, but you are generally 50 per cent to blame, due to your sins of omission.

★ ★ ★

So send for the booklet "Sex Problems in Marriage," enclosing a stamped return envelope, plus 20 cents (non-profit). Quit worrying so much about cook-books and place more stress on the real place where divorce starts!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Townspeople Greatly Concerned

Michigan's Superways Pose Threat

By TOM SHAWVER

(First of three articles)

CLARE (AP) — Chuck Bucholz paused between bites of a sandwich and looked out at the rush of traffic whirring past his big new service station on the north end of Clare.

"At least 80 per cent of those cars are transients, headed up north to the resort country or coming back again," he said. "When they stop coming through town, I'll go out of business. I can't see it any other way."

Bucholz, a former truck driver, moved his family from Toledo early this year and became one of 32 service station operators in this Central Michigan town of 2,800.

Situated at the intersection of U.S.10 and U.S.27, two well traveled highways, Clare cashes in on tourist traffic. That's why townspeople are so concerned about the State Highway Department's plans for a super four-lane U.S.27 to bypass Clare and most other towns along the present route.

Eventually, it'll stretch 300 miles from the Ohio border to a connection with U.S.2 at the Straits of Mackinac Bridge.

Clare shares its concern with scores of other Michigan communities to be bypassed by superhighways built under Highway Commissioner John C. Mackie's ambitious 1¼-billion-dollar, five-year roadbuilding program started last July.

★ ★ ★

Long-range plans call for a 900-mile network of limited access expressways criss-crossing the state past communities that depend heavily on traffic passing through town along the "old route."

Some expressways newly opened —a 23-mile stretch of U.S.16 from Farmington to Brighton is an example—already feel the effects and find them totally disheartening.

The heavy rumble of trucks and the honking horns of congested traffic disappear overnight, but so do tourists.

Gas stations lose business, roadside restaurants and fruit stands shut down, motel and hotel managers fret and worry about mortgage payments.

Some communities, though, look forward to the new highways and agree with state highway authorities who cite these facts:

1. Without the planned superhighway network, traffic congestion along present trunklines soon would discourage tourist travel.

2. **Neither gas stations, restaurants nor other commercial businesses are permitted along the new highways. Motorists must turn off at an interchange and head for a nearby town when they get hungry, run low on gas or stop for the night.**

3. Good highways almost certainly will bring more tourists to the area than ever before. Detroiters and other metropolitan folk now discouraged by choked-up traffic will be more likely to leave town for the weekend.

Ike's Brother Sets Talks in Nicaragua

MANAGUA, Nicaragua (AP)— President Eisenhower's brother planned meetings with leaders of all Nicaraguan political factions today after sidestepping criticism of U. S. support for Latin-American dictators.

★ ★ ★

Dr. Milton Eisenhower listened calmly yesterday to opposition leaders who call the Somoza family's long rule in Nicaragua a dictatorship. He gave no answer to them or to youth demonstrations carrying a sign asking "More economic aid, less arms."

★ ★ ★

But Eisenhower firmly denied a charge that the United States was taking advantage of Latin-American countries for its own economic benefit. It came during an outburst of anti-American feeling at a meeting with university graduates after his arrival in Nicaragua on a Central American fact finding tour.

Mrs. Jerry Lee Lewis Turns 14

His Wife's a Big Girl Now

By HAZEL K. JOHNSON
UPI Hollywood Correspondent

HOLLYWOOD (UPI) — The British press may be happy to know that Mrs. Jerry Lee Lewis had a birthday last week.

She's 14 now and let's have no more of that "robbing the cradle kind of talk.

Her rock 'n' roll husband was so embarrassed about the things they printed in their newspapers last May that he blushed all the way to the bank.

The skinny, piano-playing youth had opportunity to recall the three harrowing days he and his bride spent in England at a press conference called to publicize a guest appearance on a local TV show, KABC-TV's "Country America."

Thanks to an announcement which promised the singer's "13-year-old bride" also would be on hand, Jerry had a roomful of reporters at the mid-morning conference.

WIFE ABSENT

Myra, however, had Memphis houseguests, Jerry explained, and couldn't make it.

("Oh, yeah," one newsman muttered sotto voce. "I'll give you odds she didn't come with him 'cause the airlines won't give him half fare anymore.")

It was obvious the gum-chewing, wavy-haired singer didn't care to discuss that part of the British story which pointed out his divorce from his second wife (they were both 17 when they were married in 1953) was not final when he and Myra, an eighth grader, were married last December.

★ ★ ★

"I don't want to go into that," he drawled. "But I didn't do anything not legal. You know?"

Jerry claimed it was neither Myra's age nor the alleged bigamy that distressed London newspapers.

"They got all shook about Myra and me being third cousins," he explained. "And I don't know why that bothered them, you know? Those kings and queens over there do it all the time."

★ ★ ★

Jerry had a ready answer to charges the girl was too young to be married. "Myra's momma and daddy were 14 when they were married," he reasoned, "and my momma was 14, too. My daddy was 21."

Myra's daddy, by the way, plays bass fiddle in Jerry's band and was along on the trip to England.

The singer wanted to emphasize that it wasn't the British people that gave him a bad time and forced him to cancel six weeks of one-night stands throughout the British Isles. "It was the press."

★ ★ ★

"If they can get anything on any American they'll drive it into the ground and break it off," is the way he put it.

★ ★ ★

Jerry, 22, says he has no regrets he married the youngster and would do it all over again if necessary. "You can't control the heart, you know?

And he'd even go to England again as soon as "they come up with the loot."

You know?

Cost of Alaska, purchased from Russia by the United States in 1867, was at the rate of two cents an acre.

Two Novice Distillers Caught Around Still

OLYMPIA, Wash. (AP) — Two novice distillers were caught hovering over a bubbling still fired by a hot plate yesterday.

Juvenile Officer Roy Snyder said the culprits were 12 and 15 years old and told him they were just experimenting.

Convinced they were telling the truth, Snyder said the boys could benefit by their studies. "The still showed signs of expert workmanship."

Giants' Grid Star Hopes for Career as Actor

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP)—Pro football's loss may be Hollywood's gain, if the hopes of handsome Frank Gifford are fruitful.

Frank is the stalwart halfback of the New York Giants. He is one of the highest paid and most successful players in the rough and tumble sport of pro football. But, like all his colleagues, he has to look forawrd to the day when he hangs up his helmet. And he hopes to take up a makeup kit when that happens.

Is his pro career over now?

★ ★ ★

"Maybe," he said. "It all depends on whether the pilot film I made of Public Enemy finds a sponsor. If it does, then I won't play any more football. But if it doesn't, I'd like to go back and play one more season."

Frank, 27, strikes you as being more actor-like than athletic in appearance. He has a handsome, sensitive face. Only his nose gives him away; it shows evidence of the batterings he has received from opposing tacklers. But he says he's going to keep it that way, rather than aim for a John Derek-like profile through surgery.

★ ★ ★

How long has he wanted to be an actor?

"Since I was in college," he said. "During vacations, I did a lot of movie work—mostly stunts and doubling. I liked it. During the past two years, I've been taking dramatic lessons in New York while the football season was on. Doing scenes, improvisation, things like that. I've learned a lot."

★ ★ ★

He's now getting a chance to show what he has learned. He signed a contract with Warner Brothers and was put into a small role in "Darby's Rangers." Then he made the pilot film for a projected one-hour TV series called Public Enemy. But unlike the early Cagney film the series portrays the law side of the crime war. Frank plays a federal law enforcement officer.

★ ★ ★

While he's waiting for news on the series' success, he's playing a featured role in "Up Periscope" with Edmond O'Brien and James Garner.

Area Kept Boiling by Communist Intrigue

Middle East Is Vast Barrel of Oil Spiked by Arab Nationalism

By TOM HENSHAW
AP Newsfeatures Writer

What is the Middle East?

It is a conglomeration of states with sharply contrasting riches and poverty, oil sheikdoms and kingdoms with fancy palaces and air-conditioned Cadillacs, and peasants scratching a meager living along the Nile.

★ ★ ★

It is a cradle of ancient civilizations, like Egypt and Babylonia, Sumer and Akkad. Three great world religions have sprung from the Middle East—Judaism, Christianity and Islam. It has been ravaged by war and conquest since times immemorial.

And it is a vast barrel of oil, newly spiked with the heady brew of Arab nationalism, kept boiling by Communist opportunism and intrigue.

Served up in its latest bubbling state, it brings U.S. Marines to Lebanon, British troops to Jordan, revolt to Iraq, and the threat of general war to a tense, atom-wary world.

★ ★ ★

First, the oil.

Although no government has said it in so many words, oil—or, rather, the prospect of losing oil—is a compelling reason why Western military forces are in the Middle East today.

Each day in 1955, when the Arab world was comparatively calm, the Middle East produced more than 3¼ million barrels of oil, used less than 500,000 of them, and exported more than 2¾ million.

★ ★ ★

Each day in 1955, Western Europe consumed more than 2¼ million barrels of oil, importing nearly two million from Western-operated oil fields in the Middle East.

Mideast oil runs the transportation systems, power plants and, equally important, the military machinery of the Western European members of the North Atlantic Treaty Organization.

Most of the oil, more than a billion barrels a year, comes from fields in four states, Kuwait, Saudi Arabia, Iraq and Iran. They rank fourth through seventh in world production. They are the "haves."

★ ★ ★

But even the Mideast "have nots" have their fingers in the oil pool. Pipelines to the Mediterranean cross Jordan, Syria and Lebanon. Egypt controls the main shipping route, the Suez Canal.

★ ★ ★

The breakup of the Ottoman Empire at the end of World War I brought Britain, already with a foothold in Egypt and the Persian Gulf states, and France into overlordship in the region.

World War II brought political — but not economic — independence to most of the Mideast. The oil producers still depended on Western oil companies for revenue. Jordan leaned on a British subsidy. Britain and France still controlled the Suez Canal.

Into this hodge podge some called a "power vacuum" came the state of Israel, the homeland for Jews carved out of the heart of the Arab world in 1948. Israel was the chief irritant around which Arab nationalism crystalized.

★ ★ ★

Amid the intense jealousies and rivalries among Arab states, the hatred of Israel, shared by them all, was a major factor in fueling the idea of Arab unity.

Then came Gamal Abdel Nasser.

Soon after Nasser's rise from the ruins of Egypt's overthrown monarchy, he accepted arms from the Communist bloc, thus giving the Soviet Union its first toehold in the Middle East.

Then, Nasser nationalized the Suez Canal in the teeth of bitter Western protests and made his action stick even after absorbing a licking in the Suez war. His stock as the hero of Arab nationalism has continued to rise ever since.

National groupings and alliances among Mideastern states have undergone bewildering changes under continuous political pressures. The major ententes of the past few years include:

THE BAGHDAD PACT. A strongly pro-Western alliance of Britain, Turkey, Iran, Pakistan and, technically, Iraq. With the revolutionary government in charge, however, Iraq is expected to drop out.

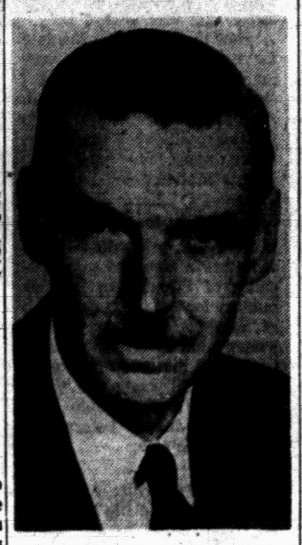

THE EGYPTIAN BLOC. A neutralist military alliance formed by Nasser in 1955 and made up of Egypt, Syria, Jordan and Saudi Arabia. It split up in 1956 when the Saudis drifted to the West.

THE KINGS RALLY. An anti-Nasser union of Saudi Arabia, Iraq and Jordan, forged to resist Egyptian and Syrian pressures on Jordan's young King Hussein. It declined when King Saud was forced into the background in his own country.

THE UNITED ARAB REPUBLIC. Formed by the union of Egypt and Syria, both under Nasser, in association with Yemen. It's still going strong. Revolutionary Iraq may join.

THE FEDERATED ARAB STATES. Hussein and Faisal's answer to the U.A.R. The federation was broken by the Iraq revolutionaries, although Hussein has assumed command as its head.

Coal accounts for 50 per cent of the total fuel consumption by the U. S. cement industry during a year.

Panama Ship Sinks in Arabian Sea

BOMBAY, India (AP)—The 4,350-ton Panamanian freighter Allegra sank in the Arabian Sea but the British liner Carthage rescued 23 of the 24 crewmen, radio messages reported today. The missing man was feared drowned.

★ ★ ★

The 14,283-ton luxury liner, bound for London, altered course to aid the Allegra, which radioed yesterday she was in distress with her hold waterlogged.

The Panamanian vessel was 800 miles west of Bombay at the time.

The Carthage reached the stricken ship last night. The survivors are being taken to Aden.

'Miss U. S. A.' Candidates to Be Culled

LONG BEACH, Calif. (AP) — The United States' 45-girl contingent in the Miss Universe contest will be slashed to 15 today as preliminaries for the selection of Miss U.S.A. begin.

★ ★ ★

Thirty-four foreign beauties won't face the judges at tonight's program, but they'll be there, clad in costumes of their native lands, to take part in ceremonies.

★ ★ ★

For the 79 contestants, the start of judging marks an end to the lighter pleasures of being a beauty queen. Rehearsals will take up much of the time not spent in actual competition from now on.

Fight Effort to Limit Ike's Tariff Powers

WASHINGTON (AP) — Senate supporters of reciprocal trade concentrated their efforts today on defeating an effort to limit President Eisenhower's powers over tariffs.

They spoke hopefully of passing by tonight a bill to extend the 24-year-old trade program, leaving it up to a later Senate-House conference committee to agree on more liberal terms than those recommended by Senate Finance Committee. The House had voted substantially what Eisenhower asked.

The major Senate test shaped up over a committee proposal to strip the President of his power to overrule Tariff Commission recommendations for higher tariffs or import quotas.

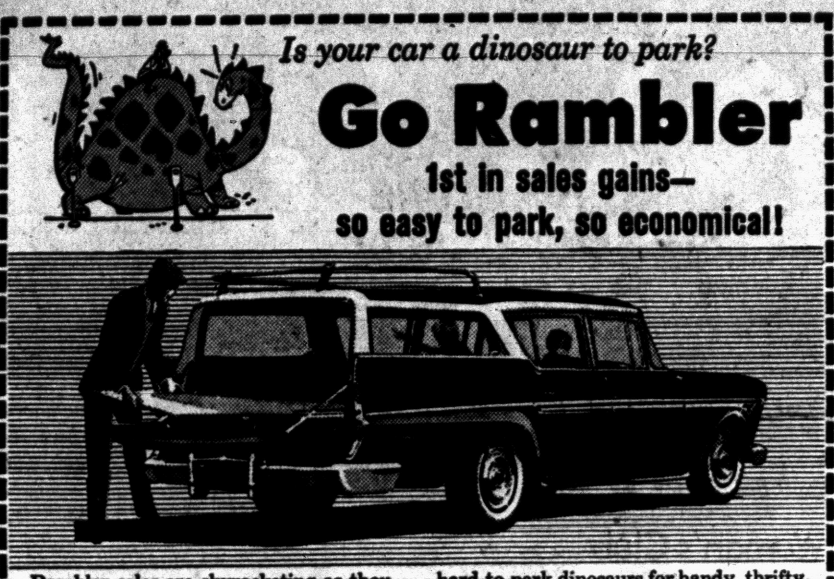

The Democratic and Republican leaders of the Senate and Chairman Harry F. Byrd (D-Va) of the Finance Committee are sponsoring an amendment to knock out this proposal.

The Finance Committee voted only for a three-year extension, instead of the five years voted by the House. But Senate leaders have worked to prevent any floor fight on this. Instead, the Senate delegation may accept four or five years when the conference with the House is held. Other changes also may be made then.

City Club Holds Benefit Bridge

Fifty members of the Pontiac Woman's Club met Monday at the Crescent Lake road home of Mrs. William Bedard for the second benefit breakfast-bridge. Committee members (left to right) were Mrs. Herbert N. Watson, Mrs. George M. Crisman and Mrs. Phillip Worth.

Woman's Club Party Aids Three Charities

The Pontiac Woman's Club held its second benefit breakfast-bridge Monday at the Crescent Lake road home of Mrs. William Bedard.

This was one of the club's projects to raise funds for Girls Ranch, as well as for a nurse's scholarship and for Loch Rio, first unit of Girls Town at Belleville.

On the committee were Mrs. Bedard, Mrs. Earle Hoskins, Mrs. Phillip Worth, Mrs. William Mustard, Mrs. George Crisman, Mrs. Herbert Watson and Mrs. Charles Muller.

Mrs. William Bedard, hostess, (left) and Mrs. John Radenbaugh took a few minutes off from the breakfast to enjoy the flowers in Mrs. Bedard's garden.

Skin Near Eyes Needs Pampering

Remember when working around the eyes that the skin is very delicate. Any makeup or cream should be applied gently.

And resist the temptation to rub your eyes when they feel itchy. Treat them with some approved eye drops or dash cold water in them.

Arlene M. DiCea and Hollis Letson were married Saturday. The bride is the daughter of Mr. and Mrs. Frank DiCea of South Paddock street. Parents of the bridegroom are the Jadie Letsons of Courtland, Ala.

MR. and MRS. HOLLIS LETSON

Arlene M. DiCea Wed

In a ceremony performed Saturday evening at First Congregational Church, Arlene Marcella DiCea became the bride of Hollis Letson of Baldwin avenue. The Rev. Malcolm K. Burton officiated at the wedding in the presence of 150 witnesses.

★ ★ ★

The bride is the daughter of Mr. and Mrs. Frank DiCea of South Paddock street, and the bridegroom is the son of Mr. and Mrs. Jadie Letson of Courtland, Ala.

★ ★ ★

A ballerina-length gown of white embroidered tulle over satin accented by a bateau neckline and long tapered sleeves was chosen by the bride. A cascade arrangement of white carnations and angel feathers comprised the bridal bouquet.

ATTENDS BRIDE

Maid of honor Marlene Councilor of Drayton Plains wore a yellow ballerina-length gown of lace over taffeta and carried yellow carnations in a cascade arrangement.

The bride's brother, Richard DiCea was best man. Seating the guests were Wesley Davis and Harold Sims.

★ ★ ★

Mrs. DiCea wore a yellow and brown print sheath with white accessories and corsage for her daughter's wedding.

A reception was held at the Dublin Community Center at Union Lake following the ceremony.

★ ★ ★

The bride changed to a white sheath trimmed with black, and white accessories for a trip through the southern states. The couple will reside in Pontiac.

Be Wise in Choosing Trousseau

Brides should plan their trousseaus carefully.

Let your budget, present wardrobe and future needs be your guides. Be budget-wise by choosing styles becoming to you and fabrics that will last. Naturally you will be most concerned about your lingerie.

★ ★ ★

TAKE INVENTORY

You need to take an inventory of your present wardrobe to find out what repairs are necessary, what items need replacing, and what you should add. Coordinate the colors and accessories of your new clothes with those you already have.

★ ★ ★

Next consider your future needs, both immediate and long-range. Where are you honeymoning? How is the climate? And what will your activities include? Where are you planning to live, will you be working, what types of activities will your husband's job call for—you may be doing a lot of entertaining, for instance.

You probably will find that your wardrobe needs expanding; you may need more casual clothes, housekeeping items and lounging wear.

Give Girl Time to Refuse

By EMILY POST

"Dear Mrs. Post: I was engaged last year and at that time told my girl friend that I would like very much to have her as my attendant of honor at my wedding. She accepted and seemed very pleased. However, shortly after that her attitude changed and I saw less and less of her. Whenever I asked her to go somewhere with me, or invited her to my house, she was always busy.

"Now that I have set the date for my wedding, I am very much concerned as to what I should do about this situation. Should I ask someone else to fill this position? I would certainly appreciate your help in this matter."

Answer: Having asked her, I think that you will have to write her a note and say, "Because of the change in your manner toward me, I can hardly help feeling that you no longer want to be my maid of honor and that you are expecting me to fill your place." And then wait a reasonable time for her to answer before asking someone else.

"Dear Mrs. Post: A woman dining alone in a big hotel dining room hears herself being paged and cannot attract the page boy's attention. Will you please tell me how she would go about this? Is she supposed to give him a tip?"

Answer: She would ask her waiter to go after the page. If no waiter is within call, she would have to leave the table and approach the page boy herself. She gives him a tip.

"Dear Mrs. Post: When the fellow employes of the bridegroom receive an invitation to his wedding as a group and the invitation asks for a reply, how is this invitation answered? Is it necessary for each to answer individually?"

Answer: Such invitations are usually answered verbally, and the bridegroom keeps count.

Sharon Lynn Lewis Wed in Bloomfield Hills Rite

Christ Church Cranbrook was the scene of the Saturday evening wedding of Sharon Lynn Lewis and Ross McClure Coutts. The Rev. William Norvell officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Harry C. Lewis of Birmingham and Dr. Wallace M. Coutts of Bloomfield Hills, and the late Mrs. Coutts.

The bride wore a floor-length white taffeta gown accented with Chantilly lace. Her three-quarter length veil fell from a matching Chantilly lace cap accented with seed pearls and she carried a bouquet of white sweetheart roses and stephanotis centered by a white orchid.

POWDER BLUE

Marnie Kay Wesch of Birmingham was maid of honor. She wore a powder blue organza gown with a bouffant skirt and carried a bouquet of powder blue carnations and white sweetheart roses.

Jane Ann Russell of Birmingham was the bridesmaid. She wore a pale pink organza dress with a bouffant skirt and carried a bouquet of pink carnations with red sweetheart roses.

★ ★ ★

Best man was Ralph Garlick of Bloomfield Hills with Kenneth Roberts of Bloomfield Hills, Donald Wahl of Pine Lake and Steve Kerns of Royal Oak as ushers.

Following a reception in the church dining rooms, the couple left on a honeymoon to Muskoka Lakes, Ontario, Canada. The bride was wearing a pearl gray silk suit with white linen collar and white accessories and a white orchid corsage.

For her daughter's wedding Mrs. Lewis wore a dress of green print sheer over print taffeta with beige accessories and a corsage of ivory cymbidium orchids.

★ ★ ★

The bride is attending Michigan State University and the bridegroom is now attending Wayne State University.

Mr. and Mrs. Dominic A. Zaffina of Henry Clay avenue announce the engagement of their daughter, Christine E., to Donald H. Genereux. He is the son of Mrs. Oliver Genereux and the late Mr. Genereux of Beach street. Miss Zaffina is a graduate of Mercy School of Nursing. The couple plan an October wedding.

Dear Abby . . .

This Is Wisdom—Heed It!

By ABIGAIL VAN BUREN

DEAR ABBY: I want to help that woman, who appropriately signed herself "CONFUSED," wanting to know if a love affair could ever become a friendship.

ABBY

From my own experience I say that it CAN'T! I was very much in love with a married man and we both realized we were doing wrong and had no right to see each other that way so we decided to be "just friends." This was a mistake.

Even in the company of my husband and his wife, we suffered torture when our eyes met, and we always managed to get into each other's arms again. The only way to break up an affair is to stop seeing each other completely.

I'm over it now, but I suffered in his company for two years before I had the strength to make a clean break. Will you please print this, Abby?

EXPERIENCED

DEAR EXPERIENCED: You bet I'll print it! Here is a million dollars worth of experience for the price of this newspaper.

★ ★ ★

DEAR ABBY: I think I am qualified to answer the lady who asked if a love affair could ever change to friendship. I've been married a long time and have had love affairs with six different men who were all good friends of my husband.

Either I got tired of them or they got tired of me, but the affairs all died natural deaths and I never lost the friendships of any of these men. We still go around in the same crowd and it's just like it never happened. Yes, love can definitely turn to friendship.

ONE WHO KNOWS

DEAR ONE: With friends like these, your husband doesn't need any enemies. "Whistle-stop affairs" which can become as unimportant as a meal you ate last Christmas can hardly be called "love."

★ ★ ★

DEAR ABBY: Take it from an old woman who has seen eighty-three summers. Love will turn to hate before it turns to friendship.

CRYSTAL CLEAR MEMORY

★ ★ ★

DEAR ABBY: My children are very bashful and every time they meet someone they don't know they hide their faces and cry. All the people we know say we should spank them. The children are 2 and 3. Should I listen to my friends?" M.A.T.

DEAR MRS. T.: Most children that age are bashful. Ignore their little scenes, they will get over their shyness. For goodness sakes, don't spank them!

★ ★ ★

DEAR ABBY: I've been going with this Chief Petty Officer for 12 years and the best I can get out of him is that I am a "good kid." I tell him I LOVE HIM, trying to get him to say the same to me, but he just laughs and avoids saying the words.

He bought me a card table set and made the down payment on my car for me and I showed my appreciation the same way any other grateful woman would, but I can't get him to talk marriage. Do you think I am wasting my time?

SWEETIE PIE

DEAR SWEETIE: I am afraid you suffered considerable "depreciation" when you showed your "appreciation." If you really want to hear a man say, "I do"—DON'T!

Both Must Help

Great Marital Lull Can Be Ended

By JOSEPHINE LOWMAN

Yesterday I wrote about 'The Great Marital Lull', or the fact that many married couples do not have anything to talk about except their children or their mutual problems. They no longer have fun talking.

I mentioned one reason for the great marital silence; that no matter how companionable or talkative a man or woman naturally is, if conversation brings no response or a negative one, or if she or he has to carry the whole load of communication, sooner or later it will not seem worthwhile. I am sure that many men and women treat their partners to the "indifferent treatment" without ever meaning to.

I receive so many letters from women who are unhappy because they have practically no companionship with their husbands. He comes home, reads the newspaper, eats dinner, looks at television and goes to sleep, with only a few moments in between.

There is a terrific conflict here and one which can only be solved if both partners realize that they have lost something important and want to get it back. Let us look at the whole picture! The man returns from work. He may be very tired. The only thing he wants at the moment is to be let alone for a while.

On the other hand his wife may have been cooped up all day long in the house with her housework, and probably a couple of young children. She is simply bursting to talk to someone, preferably an adult, and even more so, with her husband. She meets him babbling. He does not respond. She resents this. BANG! Silence for the rest of the evening.

BOTH AT FAULT

I think the man is at fault in not realizing how different his wife's situation is from his own, and I think the woman would be very wise not to expect conversation at the moment of arrival. The main thing is to get the homecoming off to a good start. Don't greet him with problems — some other time is better. Just greet him with love and give him time for a half-hour rest or nap if he needs it.

If the husband has at least a half-hour rest, perhaps he will be a better companion for the evening.

I say this latter because I have so many letters from women who complain that their husbands go to sleep as soon as they have had their evening meal. I interviewed a physician some time ago about this. His advice was to see that the husband has at least a half-hour rest and that then the wife can expect a better companion for the evening.

If a man and woman are going to remain close they must talk together. This is one of the most fundamental forms of self expression. I have always felt, too, that shared laughter builds bonds as strong or stronger than shared tears.

Lounge Ideal For Housewife

That symbol of leisured elegance — the silk-cushioned chaise lounge — is being replaced by an unadorned lounge upholstered with washable plastic "fabric."

It spells solid comfort when placed in a downstairs room where it is accessible for the daily rest period a homemaker owes herself.

IN fact, its sudsability makes it sanitary enough even for a large kitchen or "keeping room."

Courtin' Days Aren't What They Were!

By RUTH MILLETT

"Co'tin'," as they used to call it in Tennessee where I grew up, ain't what it used to be.

A young man doesn't go courting these days with a box of candy under his arm, or a box of flowers, or carrying a book of poetry. If he is bent on making a hit with his girl, he takes her a fluffy stuffed animal to add to her collection, or the latest hit record for her record player.

★ ★ ★

In my day a girl would have run and hid if the man of the moment arrived when she was wearing pin curls, or otherwise didn't look her feminine best. Now a girl will go to the door barefoot, wearing jeans, and with her hair in pin curls and say "Hi" to her boyfriend with as much poise as though she had spent two hours getting ready for him.

Girls who grew up when I did went in heavily for the helpless, "aren't you wonderful?" routine. Now a girl tries her best to outwater-ski, outputt, outbowl any boy she can. And if she wins, she doesn't worry for a minute that she might have damaged his masculine ego.

Girls played hard to get when I was young. Now they race to answer the telephone and wouldn't think of pretending to be busy if they aren't when a boy asks them for a last minute date. And they are usually ready and waiting when a date arrives, instead of letting him cool his heels when they wait to make a grand entrance.

When I was a girl, if a boy was broke he didn't ask for a date. Now a young man will unself-consciously say, "I'm flat broke, so we'll have to play records, or something." The girl doesn't mind and he doesn't, either.

★ ★ ★

Kids today come in for a lot of criticism. But the down-to-earth, informal relationship between the sexes is certainly easier, more relaxed and more fun than "co'tin'" customs when you and I were young.

Apply Cosmetics to Minimize Lines

Whether you have wrinkles or "character lines" in your face, makeup can minimize them.

Apply makeup to advantage by stretching the wrinkles flat and smoothing on foundation cream. This doesn't hide wrinkles but avoids that lok of little crevices.

Potato Water Tenderizes Dough for Bread, Buns

By JANET ODELL
Pontiac Press Home Editor

That one warm dish in every meal could well be hot rolls. Really, they aren't hard to make and they're so satisfactory to serve. This recipe calls for potato water; it makes the rolls tender and moist.

★ ★ ★

Mrs. Peter Notch enjoys making bread and rolls. She is active in the neighborhood church work. Gardening, especially flowers, is her hobby. The Notches live on Seymour Lake.

POTATO BUNS
By Mrs. Peter Notch

1 package yeast
¼ cup lukewarm water
1 teaspoon salt
2 eggs beaten
1 cup milk, scalded
1 cup potato water
5-6 cups sifted flour

Soften yeast in lukewarm water. Scald milk and let cool to lukewarm. Mix lukewarm liquids with yeast and beaten eggs. Add salt. Stir in half the flour and beat well. Add rest of flour, kneading it in when mixture is too stiff to beat.

Place in greased bowl and cover. Let rise until double, about one hour. Turn out on floured board. Divide in half if both buns and bread are desired.

Mold half the dough into loaf and place in greased loaf pan. Pinch off small bits of remaining dough, roll into tiny balls and place three in each greased muffin tins. Cover and let rise again.

Bake buns at 425 degrees for 20-25 minutes. Bake the loaf at 375 degrees for 45-40 minutes. Recipe makes one loaf and about 24 buns.

Impossible to Control All Circumstances

By MURIEL LAWRENCE

I know a girl of 22 who's been under psychiatric treatment for a nervous breakdown.

A week ago she came to see me. We talked of her plans to find a room and work. Hardly had she left when the telephone rang. It was her mother.

★ ★ ★

She said, "Oh God, help me, Mrs. Lawrence. I've just had such a shock I can hardly speak. I was putting some underwear in Julia's bureau drawer — and found a book on sex and marriage in it."

Then her voice changed, and she cried at me through the telephone, "If she's out fooling around with some man, I'll kill her."

I said sharply, "You are the person you will kill if you go on taking such responsibility for other people."

She began to cry.

And I said more gently, "Julia is not disgracing you this afternoon, Mrs. D. She is looking for a job."

Do you feel sorry for Julia? My heart goes out to her mother. Because, if like her we live in secret terror of disgrace by a child's sexual misbehavior, it's certain that other terrors are also our daily companions.

★ ★ ★

So if someone momentarily soothes our fear that Julia is dallying with a sexual partner, we've not been released from terror. When we hang up the phone on our superficial comforter, other expectations of disaster will soon be crowding in on us with visions of Julia's death by traffic accident, of diseases growing subtly in our bodies, of our husband's displeasing his boss.

★ ★ ★

For we are people who have been trained to believe we should be able to control all circumstances — and expect catastrophies to descend on us as punishments whenever we can't control them, whether they concern an absent child's sexual behavior, the city's traffic or our husband's treatment of his employer.

We do not enjoy living in fear of punishment. So what Julia's mother was doing was protesting against it to me.

She was saying, "Help me accept my limitations. I don't want to kill Julia. I want to kill my own sense of obligation to control circumstances I can't control."

Will she kill it?

Probably not. Which is why my heart goes out to her.

Teach Teenager to Value Chores

The young teenager should understand that her current household clean-up duties will be valuable when she starts keeping her own household.

Learning the proper way to wash dishes, the easy way to do a light laundry, the correct way to use the washer and dryer — or even how to hang clothes on the line—will be useful the rest of her life.

Teen Should Learn to Shun Mask Look

One of the first things a teenager must learn about cosmetics is not to make her face into a mask.

The fresh, dewy look of a young girl should be enhanced with light makeup, usually a touch of powder and lipstick.

Proposes U. S. Deal With Iraq

Senator Russell Wants Direct Negotiations to Pull Out Marines

WASHINGTON (AP) — Sen. Richard B. Russell (D-Ga) proposed today that the United States negotiate directly with the revolutionary regime in Iraq in an effort to "go to the heart" of the Middle East crisis.

★ ★ ★

Russell, who heads the Senate Armed Services Committee, said he is willing to have the government do almost anything that promises a hope of stabilizing conditions and permitting the withdrawal of U.S. troops from Lebanon.

The Iraqi revolt brought Eisenhower's decision to send the Marines to Beirut to forestall a possible overthrow of the government there.

★ ★ ★

Russell said he fears "if we can't get the Marines out in six months they may be there forever."

Russell said he thinks trouble shooter Robert Murphy, who talked yesterday with rebel leaders in Lebanon, should be dispatched to Baghdad for talks with Brig. Gen. Abdel Kerim Kassem, new Iraq premier.

'Butcher of Buchenwald' Appeals His Conviction

BAYREUTH, Germany (AP)—Martin Sommer, the "Butcher of Buchenwald," has appealed his conviction by a West German court of wartime mass slayings in the Nazi concentration camp.

Sommer was given the maximum sentence of life imprisonment after his conviction July 3. The prosecutor's office said he has not yet submitted any legal arguments to support his appeal.

Thompson, of 967 Berwick Blvd., lay out a bivouac area. The battalion is on field maneuvers at Fort Knox, Ky. The unit is training with latest armored equipment.

Five-Minute Flight to Beirut

Syria Bristles With Jets

By TOM A. CULLEN
NEA Staff Correspondent

BEIRUT (NEA) — Beirut is only five minutes away from Damascus by jet plane but the two capitals are worlds apart.

When my plane touched down at Damascus, capital of pro-Nasser Syria, en route from London to Beirut, I found the airport bristling with new Russian-made fighters and troop transports on which Syria had apparently just taken delivery.

In the dawn light the twin-engine transports looked factory fresh and bore consecutive serial numbers, indicating a sizable delivery.

Eight of the planes were so fresh that the red hammer and sickle ensignia had not been painted out on the tail fins. There was Russian lettering on the sides and the engine cowlings were canvas covered.

The entire Damascus airfield was ringed with fighter planes at the ready, in contrast to the Beirut airport where only normal arrivals and departures were in evidence.

Some of the Syrian planes at Damascus were of the British Spitfire vintage but the field was studded with the latest Russian swept-wing fighters.

Even at dawn there was an ominous bustle. We were told to conceal cameras under blankets in the plane. Passengers were scrutinized carefully by Syrian police, who stood listening by car radio to an excited jabber of Arabic.

A group of Catholic nuns hurried out to our plane, making hurried signs of the cross as they passed the Russian planes on the tarmac.

In contrast, Beirut seems calm, although there is something in the air that says this could change abruptly. The green-clad Marines now seem to blend with the landscape and the passivity of the population is slowly giving way to friendliness as dollars pour into the local economy.

I discovered that posting a letter can be a hazardous business here. En route down to the post office a Lebanese stopped me and advised me that the main street is "sniper's alley."

"Two friends of mine were murdered here," he told me.

Making my way by a circuitous route to the post office I was frisked by two pistol-packing Lebanese soldiers. The interior of the post office was sandbagged as if for a siege.

In this pleasure loving capital, sudden death is still a lively possibility.

Somebody Lose a Tire?

BALTIMORE (AP) — Officer Paul Wade saw several children rolling the equivalent of $800 down an alley. The kids said they found it on a street. The officer took it in tow and Southwestern District police are looking for the owner of an almost new, 100-pound, 30-inch high airplane tire.

Unqueenly Size No Good

GREENVILLE, S.C. (AP)— An offer to outfit 10 semifinalists in the Miss South Carolina beauty pageant went begging. The Carolina Blouse Co. offered size 32 blouses, the only size on hand. The smallest of the pageant's 45 contestants measures 33-22-34.

Rochester Readies Drive to Equip Athletic Field

Bond Sale Set for Campaign

$30,000 Project Gets Go-Ahead for August From School Board

ROCHESTER — A bond sale campaign to raise $30,000 to equip and light a 2,500-seat athletic field at the Rochester Community High School will be launched next month in Rochester.

The project was given the go-ahead by the Rochester Board of Education, which authorized the issuance of revenue bonds, redeemable from gate receipts.

A Citizen's Committee, made up of three teams of civic leaders, village and township officials and students, will conduct the bond sale campaign under the chairmanship of Jay Eldred, assistant high school principal and athletic director.

The bonds, in denominations of $50 and $100, may be purchased by both individuals and organizations. They will bear an interest of 1½ per cent.

This is a common method of financing school athletic facilities, the Board of Education stated. It will provide an athletic field much sooner than if the board waited to finance the field through regular school funds.

Construction is expected to start in September, and it is hoped the field will be ready for the first home football game on Oct. 3.

The major part of the project will entail the installation of lights for night games and the setting up of stands.

Appointed team captains were Milton Weaver, Jack Taylor and Kenneth Sutherland. Twelve students have been named to assist each group in putting the drive over the top.

Cattle Disease Being Licked in Oakland

Brucellosis, a disease in cattle which can result in undulant fever in humans, is being licked in Oakland County, supervisors learned yesterday.

For knocking the percentage of infected cattle herds with the disease down from 21.7 per cent in 1955 to 3.5 per cent this year, Oakland County received an award from the Michigan Department of Agriculture for being a modified certified brucellosis area.

The award was made at Monday's Board of Supervisors meeting to Lee H. Clack, Oxford Township supervisor and chairman of the board's Cooperative Extension Service committee.

Aboard Budapest Streetcars

3 Ways to Beat the Fares

BUDAPEST (AP)—Experts have distinguished three separate breeds among those Budapest streetcar riders who do the government out of fares.

The money is collected by conductors—often women—who walk up and down the aisles calling "Tickets, please."

In the trade union newspaper Nepszana a plain-clothes inspector—described as L. K.—identifies the culprits as:

1. Newspaper readers. They keep their heads buried in their papers when the conductor passes.

2. Debaters. Two or more passengers carry on such an animated discussion that they "fail to see" the conductor.

3. Dodgers. They watch the car before boarding to see where the collector is, then climb on at the opposite door and drift along slowly past him.

The loss to the transport system is estimated at $650,000 a year.

Wife-Shooter on Probation

Columbiaville Man Gets Three Years, $500 Fine for Shotgun Attack

LAPEER — Gerald E. Chapman, 32, of Columbiaville, who critically wounded his wife, with a blast from a 12-gauge shotgun, was given three years probation and fined $500 yesterday in Lapeer County Circuit Court.

Originally charged with assault with intent to murder, he had pleaded guilty July 7 to a reduced charge of felonious assault.

Judge Timothy C. Quinn in passing sentence on Chapman also ordered him to stay away from alcohol and to see a psychiatrist within 30 days. He said if treatment is recommended Chapman must follow it.

"I see no purpose in having you locked up," Judge Quinn said. He noted that Chapman had an exemplary record and that he had reconciled with his wife, Iris, 30.

The couple has three children.

Mrs. Chapman was shot April 12 at the home of a woman friend in Columbiaville after she had failed to return home on time. She and her husband had been drinking earlier in the evening at a Columbiaville tavern.

Mrs. Chapman spent several weeks in Lapeer County General Hospital.

Of the 75 million Americans planning a vacation trip this year, four-fifths will take it in the family car.

MR. AND MRS. DELL O'DELL

O'Dell-Heiter Wedding Solemnized at Thomas

THOMAS—Georgia Eileen Heiter became the wife of Dell Lee O'Dell Saturday at an evening ceremony held in Thomas Methodist Church.

The bride is the daughter of Mr. and Mrs. Iven Heiter of 56 Second St. Mr. and Mrs. Phillip O'Dell of 441 First St. are the bridegroom's parents.

A white nylon lace waltz-length dress was worn by the bride. She carried a cascade bouquet of white roses and rubrum lilies, and a tiara of sequins and seed pearls held her fingertip veil.

Palms and baskets of white gladioli and mums decorated the church. The Rev. Fred Clark performed the rite.

★ ★ ★

Carol Ann Heiter of Thomas, sister of the bride, was the maid of honor. Bridesmaids were Mrs. Wayne Nolan Jr. of Thomas, another sister of the bride; Mrs. James Sack of Grand Rapids, sister of the bridegroom. Flower girl was Beverly Johnson.

Phillip M. O'Dell Jr., brother of the bridegroom, was best man, and guests were seated by Fred Gingell and Clayton Sawdon.

Following their honeymoon in northern Michigan, the couple will reside at 440 First St.

Joan Iwerks of Drayton Plains Weds

DRAYTON PLAINS — Joan Iwerks, daughter of Mr. and Mrs. Charles H. Iwerks, 4434 Midland St., Drayton Plains, became the bride Saturday of Dr. Gordon G. Bergy in a marriage ceremony at the Magnolia Congregational Church in Seattle, Wash.

The bridegroom is the son of Dr. and Mrs. Gordon A. Bergy of Morgantown, W. Va.

For her wedding, the bride wore a gown of silk peau de soire with empire lines, fitted bodice and a scoop neckline. Her full paneled skirt fell into a court train. Her veil was attached to a bon knot headpiece and she carried white orchids.

Maid of honor was the bride's sister, Geraldine. Mrs. James Merritt and Mrs. Russell Larson were attendants.

Dr. Larson was best man and Dr. John Aberle and Dr. John Dawson were ushers.

MRS. GORDON G. BERGY

The reception was held at the Corinthian Yacht Club in Seattle. Following a two-week honeymoon the newlyweds will make their home in Seattle.

Dr. Bergy, who is director of the Hall Health Center at the University of Washington, was graduated from the University of Michigan Medical School.

A graduate of Michigan State University, the bride is a former instructor of home economics at the University of Washington.

Berkley Suit Puts Bite on Nut Seller

A 38-year-old Berkley housewife put her teeth into a lawsuit yesterday, claiming a bunch of nuts gave her plate a hard time.

Mrs. Donald F. Brace, of 1722 Eaton St., asked for $1,500 damages from the Detroit confectionery firm of Fred W. Sanders for allegedly "permitting foreign matter to be present" in an assortment of mixed nuts she bought from a door-to-door company salesman back in 1955.

Mrs. Brace said she was munching on the nuts when all of a sudden "I bit down and broke a tooth and discovered the damage was caused by a stone in the nuts." The suit was filed yesterday in Oakland County Circuit Court.

Huntington Woods Eyes Library Plans

HUNTINGTON WOODS — Plans for a $160,000 city library will be studied by the Huntington Woods City Council at its regular meeting tomorrow night.

★ ★ ★

They include recommendations on possible sites and estimates of building and operating costs submitted by professional consultants to the city's Planning Commission.

★ ★ ★

The Berkley School District has asked the council to move the present library in the Burton School in order to make room for additional classroom space.

Speaker to Show Mission Scenes in Latin Jungles

WEST BLOOMFIELD TOWNSHIP—Speaker for the all-church missionary service at the West Bloomfield Baptist Church, 4900 Orchard Lake Rd., tomorrow evening at 7:30 will be Mrs. J. Palmer Muntz of Buffalo, N. Y.

She will show colored slides of missionary work in Central America and tell of the work of her daughter, Carrie, Conservative Baptist Home Mission Society missionary serving with Literatura Evangelica para America Latina in San Jose, Costa Rica.

★ ★ ★

She will also talk on Miss Muntz' translation work and efforts for "Verbo," new Christian family magazine for Latin America.

Sponsored by the Elizabeth Missionary Circle, the meeting will be presided over by Mrs. Clyde Gibbs, newly-elected vice president and program chairman.

Temporarily Appointed Lathrup Administrator

LATHRUP VILLAGE — Gordon W. Kingsbury of 28634 Lathrup Rd. was appointed temporary city administrator by the Lathrup City Council at its regular meeting last night.

Kingsbury is professor of business administration at Wayne State University.

A permanent administrator will be appointed by the Council in about six weeks.

First Aid Class Set

DAVISBURG—A first aid course will begin at 7:30 p.m. tomorrow at the Springfield Township Hall in Davisburg. Sponsored by the Township Civil Defense Council, the class is open to the public.

Area School Districts Get Approval to Seek Loans

The Michigan Municipal Finance Commission yesterday approved borrowings by several area school districts.

Authorization to negotiate bank loans, which took the form of approval of applications for state aid, was granted to Almont District in Lapeer County, $50,000; and two Macomb County Districts, Romeo Community Schools and the Armada Area Schools, both $50,000.

The Avondale and Southfield districts each received permission to negotiate $50,000 loans and the Holly Areas Schools were authorized to borrow $125,000.

The Southfield District also was authorized to borrow $300,000 in tax anticipation notes.

Total borrowings approved by the commission yesterday was $1,746,150. The local districts were among 47 hard pressed districts whose borrowings were cleared.

CAUGHT IN SQUEEZE

Like hundreds of others, they have been caught in a two-way squeeze.

The way the legislature set up the financial help program for 1958-59, not enough sales tax money will accumulate to make the first regular state aid distribution on Aug. 15, the statutory date.

And in addition, State Treasurer Sanford A. Brown has served notice that because of the state's strained cash position that there will be no interest-free advances this year against state aid entitlements.

Rochester Ed Board Decides on Tax Rate

ROCHESTER — A tax rate of $20.53 per each $1,000 of state equalized valuation for school services has been set for the 1958-59 school year by the Rochester Board of Education.

Of this amount, $7.50 will apply to debt service, the Board announced. The total will be 47 cents less than last year's.

Hold More Awards for Small Business

CHICAGO (UPI) — A recent Commerce Clearing House announcement revealed that a 22 per cent gain in government purchases set aside solely for competitive awards to small business concerns has been registered by the Federal Small Business Administration.

★ ★ ★

The announcement revealed that during the first eight months of the 1958 fiscal year contracts amounting to $537,777,750 were reserved for bids by small business only. This is 22 per cent greater than the comparable period in 1957 when $440,044,562 had been set aside.

The Clearing House said the Small Business Administration's most successful endeavor was in its voluntary set-aside program which was worked out in cooperation with other governmental departments.

★ ★ ★

Under this program proposed purchases are jointly reviewed by SBA members and officials of the agencies for possible restriction bidding, the announcement said.

Friday, Saturday in Oxford

Church Slates Gala Fair

OXFORD — The third annual Futurama Fair of the Immanuel Congregational Church in Oxford will take place Friday and Saturday at the Oxford High School.

The Fair will open with the Women's Fellowship of the church serving lunch at noon Friday. There will be another luncheon Saturday and dinners both Friday and Saturday evenings, with plenty of snacks between.

Mrs. Jack Valentine is general chairman and Donald Tripp co-chairman.

Featured will be a midway with all kinds of concessions and amusements, a fish pond and pony rides. Soft drinks, hamburgers and popcorn will be sold.

A parade has been planned for 7 o'clock Friday evening. It will form at Dennison street and proceed up Washington street to the high school. The high school band will provide the music.

★ ★ ★

Prizes will be awarded to young people under 13 years of age for the most original costume, most unusual pet, as well as for other contests.

U. of M. Prof to Speak

ANN ARBOR (AP)—University of Michigan Professor James K. Pollock will deliver the opening address to the Fourth World Congress of Political Scientists in Rome, Italy, Sept. 16. His speech ends a three-year term as president of the International Political Science Assn.

Expected to OK Traffic Study

City Commission Gets Crack at Barton Plan in Tonight's Meeting

The Pontiac City Commission is expected to follow the City Planning Commission in putting the stamp of approval on the Barton transportation study of the city tonight.

Commissioners, meeting in their weekly Tuesday session, will hear a report from the planning group that it approved the proposed arterial street system outlined in the study at its Friday meeting.

Approval of the study by city commissioners is necessary before it is passed on to the State Highway Dept.

The five-year proposal of new streets, which amounts to an $8,500,000 project, contains plans for a loop system which will keep through traffic from the downtown area.

Leases for land at the Pontiac Municipal Airport on which two new hangars are expected to be built, will be offered to the commission tonight for acceptance.

A representative of the Automobile Club of Michigan will attend the meeting to present the city with its third place tie award in the 1957 AAA pedestrian protection program.

Petitions asking for construction of sanitary sewers in the Auburn-Astor district will be considered.

So will an application for a dance hall of James H. Johnson of 195 W. South Blvd.

Credits Pickup to Mackinac Span

Reports Business Boom in Northern Michigan

LANSING (AP) — Atty. Gen. Paul L. Adams, just back from a tour of the Upper Peninsula, reports improved business activity from one end to the other, and credits it mainly to the Mackinac Bridge.

Adams said as far west as Ironwood there appeared a noticeable stimulation as the result of heavy tourist traffic.

★ ★ ★

Gov. Williams interrupted Adams' informal report to the State Administrative Board yesterday to observe state sales tax collections were up compared with last year throughout the area.

When he passed over the bridge Sunday, the attorney general said, all six toll gates were busy with from two to four cars collecting at each as bridge employes were unable to keep pace.

"I was told it was the fifth day of 10,000 or more crossings," Adams said. "Apparently July is going to be the record month so far — by a big margin."

★ ★ ★

Adams, who called last week on Upper Peninsula prosecutors, said the stepped up activity at the eastern end of the peninsula was expected but he was surprised how far west it extended.

Prentiss M. Brown, Mackinac Bridge Authority chairman, last week urged refinancing of the bridge along about 1960. If in a statewide vote the state's faith and credit is pledged to a new bond issue, the bonds would bear greatly reduced interest.

Adams said it was estimated up to three million dollars a year could be saved in this way, assuming accumulation between now and 1960 of a solid backlog of operating experience demonstrating bright financial prospects for the bridge.

Original financing was by revenue bonds.

EXCHANGE STUDENTS VISIT CONGRESSMAN — Completing their stay in the United States, seven exchange students, who for the past year lived with Oakland County families and attended local schools, paid a visit to Congressman William S. Broomfield (R-Oakland County) at his Washington office. They are shown here looking over the Congressional Record with the congressman. The students are (front row, from left) Yokinobu Nomura of Japan; Luciana Cagnasso, Italy; Marit Maaren, Norway; Dulce Espueva, Philippines; Peder Jensen, Denmark; and (back row, standing) Eckart Keller, Germany, and Christian Platou, Norway.

Less Building Contracts

DETROIT (AP)—Contracts for future construction in May dropped 24 per cent from May 1957 in the metropolitan Detroit area, F. W. Dodge Corp. reports. Non-residential building was down two per cent while residential contracts fell 36 per cent.

Food production per hour of farm labor has more than doubled in the past 30 years chiefly because of the advance of farm machinery.

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

The Tigers have found themselves with a "new" Jim Bunning and the question being asked is "Why the sudden change?"

This is the same Bunning who won two and lost five at the start of the season under Jack Tighe and who was also throwing home run balls by the carloads.

★ ★ ★

Suddenly no more home run balls, now a no-hitter, and since Bill Norman took over June 9th he has won six of seven games.

Those close to the Tiger scene say Jim is a picture of contentment under Norman. They recall at the start of last season when Tighe nearly shipped him out because he did not have "enough variety" in his arm. He went on to win 20 games and become the 1957 All-Star winning pitcher.

This lack of confidence may have stayed with the lanky pitcher, especially in view of the fact that even in spring training this year the attitude was conveyed that Billy Hoeft, Frank Lary and Paul Foytack would show better form and Jim would not be as lucky as he was a season ago.

★ ★ ★

Gail Harris, a player Tighe scolded publicly, offers his own explanation to Bunning's recent surge and even his own success at the plate which saw his average jump from .240 with the Giants to .296 with the Tigers.

"Norman is the kind of a coach who keeps your confidence up. Bill always has a good word for you and he never second-guesses his players. This gives a ball player confidence."

Whatever the reason, the no-hit gem couldn't have happened to a harder worker than Bunning.

Even the Bunning family, including five youngsters, gained by his performance. He was presented with a certificate for 100-quarts of milk by Vermont dairymen who were having their "day" at Fenway Park Sunday.

Ex-Michigan State grid stars Walt Kowalczyk, Dan Currie and Jim Ninowski leave for the all-star training camp in Chicago tomorrow after spending the day with the Walt DeBane family who are Mrs. Kowalzyk's folks in Rochester.

NEW LIONS' TEAM — The 1958 picture is far different from that of a year ago when the Lions opened football camp at Cranbrook. It was coach Buddy Parker and general manager Nick Kerbawy last July. Today the Lions moved into their Cranbrook quarters with George Wilson, coach, and Edwin J. Anderson as general manager. Practice officially starts Friday.

Team Takes Quarters at Cranbrook School Today

Lions in Grid Camp

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

First order of business on the agenda for 54 Detroit Lions' veterans and rookies, who move into their football quarters at Cranbrook today, is food.

Buses carrying most of the players from the downtown Detroit assembling point is scheduled to arrive late this afternoon at Cranbrook and the first gathering will be at dinner tonight.

★ ★ ★

The scene in the front office is far different from the residents which occupied the same rooms of Page Dormitory a year ago.

Last July, coach Buddy Parker and general manager Nick Kerbawy held the quarters.

Today, George Wilson, who moved into Parker's quarters near the end of training season, and Edwin J. Anderson, who recently replaced Kerbawy, are the occupants.

★ ★ ★

Anderson's quarters are expected to hold most of the attention at this time since there are six more veterans yet to be signed, and a couple of them are looking for more enlarged wallets.

Gene Gedman and John Henry Johnson have indicated they aren't ready to ink the dotted line until Anderson is ready to increase the ante.

Others still unsigned are Jim Doran, Jack Christiansen, Joe Schmidt and Jimmy David. None are considered holdouts until regular sessions start Friday.

★ ★ ★

Schmidt is expected to be released from a tour of service tomorrow evening and he will report straight to Meadowbrook Country Club, where the players, club officials and members of the press will be participating in a golf session.

Thursday is picture day in full dress uniform, and starting Friday two-a-day workouts will be held at 10:00 a.m. and 3:00 p.m.

First thought on the minds of the Lions is annual football All-Star game in Chicago, Friday night August 15th which will pit the pro champions against collegiate stars.

★ ★ ★

Three top choices of the Lions will play for the All-Stars against their team-to-be, tackle Alex Karras of Iowa, center Wayne Walker of Idaho and end Tom Schulte of Eastern Kentucky.

A fourth rookie, tackle Bob Sakal of Dayton will be delayed because of ROTC summer camp.

Four members of the 1957 championship team have been traded or have retired.

Tackle Ray Krouse was sold to Green Bay and end Dorne Dibble traded to the New York Giants, while guard John Gordy has taken an assistant coaching job in college and fullback Leon Hart has retired.

★ ★ ★

Before the training sessions end, at least 29 newcomers will be tested with openings for at least four on the 1958 squad.

The happy note for coach Wilson is the fact that quarterback Bobby Layne has fully recovered from his ankle injury suffered late last season and he said he was reporting to camp "with bells on."

MORE $$$—Hard running back Gene Gedman is among six veterans who have yet to sign their 1958 contracts with the Detroit Lions who took their quarters at Cranbrook today. Gedman is seeking more money as is back John Henry Johnson.

Russians Give U.S. Athletes Warm Welcome

MOSCOW (AP) — Seventy-five American track and field stars got down to serious business today—training to defeat the best Russia has to offer in the same line July 27-28 in Moscow's Lenin Stadium.

★ ★ ★

The American track contingent arrived last night in three airliners to a warm welcome of cheers, kisses and flowers. This was in direct contrast to last week's anti-American demonstrations in front of the U.S. Embassy after American forces landed in Lebanon.

★ ★ ★

Washington attorney Ed Rosenbloom, who helped arrange visas, said none of the athletes showed any unwillingness about making the trip.

"A few of the families inquired, but that was all," he said.

Five Americans in the party were expected to receive visas today and continue their journey here.

Betters World Record for 440-Yard Hurdles

CARDIFF, Wales (AP) — Gerhardus Potgieter of South Africa, sidelined last year with a broken neck, bettered the listed world record for the 440-yard hurdles today with a time of 49.7 seconds in the British Empire games.

Tigers Would 'Settle' for Second

SPORTS

Foytack to Get First Crack at Yanks Tonight

Paul Has Been Able to Finish Only Once in Last 8 Games

DETROIT (AP) — The Detroit Tigers certainly aren't ready to admit it, but the truth is they would gladly "settle" for second place in the American League.

Currently trailing the league-leading New York Yankees by 15½ games, it appears the only contending the Tigers will do this year is for a first division finish.

That, in itself, may be difficult.

As they prepare for the invasion of the Yanks for a three-game series starting tonight in Briggs Stadium, the Detroiters are basking in the glory of Jim Bunning's no-hit effort Sunday over the Boston Red Sox.

Despite the great finishing touch, the road trip was a failure. And now the Detroit club returns home — 4½ games out of second place but only 2½ games out of seventh — and they must play 23 games in the 22-day home stand.

Included are eight night games and three doubleheaders.

★ ★ ★

The way the Detroit pitching staff has been going lately, even the generally friendly confines of Briggs Stadium could be hazardous, unless pitching in particular and the team in general perks up.

Fortunately for the Tigers, they have been able to defeat New York nine times in 15 meetings. Over only one other club does Detroit carry an advantage.

★ ★ ★

Every other club in the league will visit the stadium during the home stand. For tonight's opener, the Tigers will send Paul Foytack against Bob Turley. Turley has won 12 games and is given a good chance to become a 20-game winner for the first time in his career. He has had good success against Detroit.

★ ★ ★

On the other hand, Foytack has been guilty of shoddy performances of late. He has finished only one start out of his last eight.

But manager Bill Norman, who already has sent southpaw Bill Hoeft to the bullpen for poor performance, cannot afford to relegate Foytack to relief duties. The lack of progress can be traced to the fact that Bunning and Frank Lary have been carrying most of the Tiger pitching load.

TROPHY LIBRARY — Mrs. Zadah DeBolt, six-time Pontiac Women's City medal champion, adds the 1958 trophy to her big library of awards in her home on East Boulevard. Mrs. DeBolt, who will be 53, won her first city crown in 1936 and last weekend she did it for the 6th time.

Gene Bone Still Reigns Assistant Pro Champ

Pontiac's Gene Bone is still the reigning champion of Michigan assistant pros.

Bone, assistant pro at Tam O'Shanter Country Club, shot a 72-69 at Plum Hollow yesterday to successfully defend his title in the annual assistant pro tournament with 72-69—141.

Closest competitor in a poor second place was Tom Cosmos Oakland Hills assistant who had 73-75—148, followed by Dave Hill of Kalamazoo with 77-73—150.

Bone finished strong in the final 18 holes with a 36-33 and his victory earned him $125 plus the first annual Dave Griffith Memorial Trophy.

In the division for caddie superintendents, Bill Langnau of Plum Hollow took the honors with 154 with Tex Ardoyne of Birmingham taking second with 159.

Tom Cusick of Oakland Hills and Don Gray of Birmingham each posted 75's in the division for shop assistants.

Forced Runs Spoil One-Hit Mound Job

It was a tough dose to swallow for Wayne Janka and his reliefer, when the Pontiac RLDS lost a 6-4 tilt last night to Lake Orion in Avondale's Church Softball loop. Janka had a one-hitter, and his team led when he filled the bases on walks, saw the winning run forced in on another pass, Orion's Earl Koonce gave up four hits.

In other loop games, Parkdale defeated Stone Baptists 13-7, with Hazen Jones, Orville Aden and Leon Hibbs hitting homers. Auburn Heights United Presbyterians took a 25-2 win over Avondale Baptists when the game was called in the 4th. Dick Fitzgerald and Bob Minton hit home runs for the winners. Elmwood lost to Nike 20-6.

Fans Furnish New Home

KANSAS CITY (AP)—Bob Cerv has furnished the Kansas City Athletics with more runs than any other player this season. Tonight the fans are going to furnish his new home.

It's Bob Cerv Night at Municipal Stadium for the 32-year-old outfielder who ranks second among American League hitters despite a succession of injuries.

Former President and Mrs. Harry Truman will be among the 20,000 expected for the homestand opener with Boston. So will Govs. James Blair of Missouri, George Docking of Kansas and Victor Anderson of Nebraska.

Cerv is second in the league with 65 runs batted in, tied for third in homers with 24 and fourth in hitting with a .325 average.

He probably leads in courage—a statistic the records don't show. Cerv has played this season while his jaw was broken and wired shut. He played in the All-Star Game with a broken toe. He will be in the starting lineup tonight with an elbow painfully swollen. Cerv was hit by a pitched ball Saturday.

★ ★ ★

The committee in charge of Bob Cerv night says contributions from fans will furnish the home which the Cervs recently purchased near Kansas City.

Cards Handle Braves, 5-4

NL Continues Hectic Race

Associated Press Sports Writer

What makes that National League race so tough? A playing pattern that gives you a three-game sweep from a club that's skidding to seven consecutive defeats one week, then getting bopped by the same bunch of guys a week later.

Ask the Milwaukee Braves and the Chicago Cubs.

The Braves, with a chance to regain first place from idle San Francisco, blew 3-0 and 4-3 leads last night and were beaten 5-4 in 14 innings by the St. Louis Cardinals. Curt Flood's sixth homer gave it to the Cards, who lost three in a row to the Braves at St. Louis a week ago.

And the Cubs, who swept Cincinnati in three last week, were belted 9-4 by the Redlegs last night in the only other game scheduled.

No games were scheduled in the American League.

★ ★ ★

The turn-abouts left the Braves a full game behind the Giants, who open a road trip tonight at Philadelphia. They'll complete a suspended game of June 22 before getting a regularly scheduled game out of the way. The Giants led 1-0 with the Phils at bat, with men on first and third, in the sixth inning when the curfew fell last month.

The Cubs now are just a game ahead of the fourth place Cardinals, 5½ games behind the Giants. The Reds jumped from eighth to fifth.

★ ★ ★

Lew Burdette, whose effort gave the Cardinals a 3-3 tie in the seventh inning, was handed a 4-3 lead on Joe Adcock's 13th homer in the Milwaukee seventh. But Wally Moon, who earlier had singled home a run, then sent it into extra innings with a ninth-inning homer, his second off Burdette, now 9-8 after winning three in a row. He gave up 10 hits in the 14-inning haul.

★ ★ ★

The winner was reliever Bill Wight, who blanked the Braves on four hits over the last 6 2-3 innings for his first National League victory. The 32-year-old southpaw, who lost the season opener for Cincinnati after the Reds bought him from Baltimore, hadn't gone more than 3 1-3 innings in any of his 18 previous appearances this season. In fact, he went only 6 2-3 in seven games with Cincinnati before being released.

★ ★ ★

The Redlegs breezed against the Cubs, although Harvey Haddix had his troubles in the ninth before gaining a 6-5 record with his third victory over Chicago.

Auburn Heights Nine Loses in Tournament

A team of Oakland County youths, sponsored by the Auburn Heights Boys' Club, was eliminated from a Hearst baseball tourney at Lansing last weekend after winning its opening game.

Battle Creek scored all its runs on errors in a 5-1 triumph to nullify some strong pitching by Dave Gaddis (Clarkston) and Dick Cloonan (Birmingham).

Terry Hoy (Milford) blanked Lansing on seven hits in the 1st game for the locals, 3-0. He had 11 strikeouts and teamed with Dick Roy (Avondale) to pace the hitting. Terry Anderson (Milford) had two hits for Auburn in the 2nd contest.

'Fats' Keith Blanks Foes on No-Hitter

Waterford Township Recreation softball loop action Monday was highlighted by the 4-0 no-hit victory by Harlan "Fats" Keith for Sno-bol, over Drayton Drugs.

Keith went all the way for his no-hit, no-run effort. He fanned eight, walked three. Gene Shell was the loser giving up six hits. Doug Hall had 2 for 2 for Sno-bol, in this American League battle.

National League Eagles finally won a game. They defeated the Arrows 12-11 on a wild finish when they got two runs in the final frame to come from behind a 10-11 count. Terry Ball's single with one down, did the trick. Jay Harding had 3 for 4, including a triple, for winners.

Jacobson's Grocery defeated Berg Cleaners 15-2 in a Little League game and Lakeland Pharmacy won from Rolladium, 15-3, in a Junior League contest.

Western Junior Field in Qualifying Round

IOWA CITY, Iowa (AP)—Don Essig of Indianapolis gets a chance today to acquaint himself with the new University of Iowa golf course while about 140 other youths shoot for 31 qualifying places in the Western Junior championship.

The 36 holes of qualifying will be completed tomorrow with the second 18.

Net Tourney Aug. 11 at Birmingham Park

Birmingham's Eton Park will be the scene of an eight-division amateur tennis tournament Aug. 11-17 for residents of the Birmingham and Bloomfield Hills school districts and Lathrup. Birmingham High coach Lew Parry will direct the event.

Singles and doubles competition will be held for boys and girls, 17 years old and under, and for men and women, 18 years old and over. Engraved medals will be presented to the champion and runnerup in each division.

Birmingham, Oxford Win Class D Baseball Tilts

Birmingham defeated West Bloomfield, 6-4, and Oxford dumped Lake Orion, 9-3, in class D baseball action yesterday.

In Class F, the Sheriff's Department nipped the Auburn Boys Club and in a "B" game Pontiac Business Institute whipped Kuhlman Electric, 6-2.

In Class D Blue game Lytell and Colgrove trounced Edison Merchants, 13-5.

Despite 13 strike outs by John Lucadem the Keego team saw Birmingham push across five runs in the 5th on three hits and four walks, Jay Madonna and Ed Busch each got two hits for Birmingham, while Lucadam and Don McClain collected two for Keego.

Oxford and Lake Orion were even on hits and errors, 8 and 4 respectively, But Oxford bunched their hits in the third for three runs and in the 5th for four runs, led by three each by Jim McCallum and Jerry Bates.

Jim Hoke and Duane Moran led the Lytell win with homers. Hoke also had two singles.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Still Hitting From the Top.

DIAGNOSIS: You Need A Special Gimmick.

TREATMENT: Hitting from the top (or starting the downswing too fast) has been treated earlier in the season. But you can't say too much about this most prevalent golf fault.

Many try to overcome it and fail. But they're just too anxious once the time comes to start the downswing. Three gimmicks are prescribed for such players. Actually, they produce the same result.

1. Plant your left heel back on the ground forcibly before you make any other move on the downswing. Make that the initiating movement of your downswing.

2. Start the downswing by turning the left hip back to the left.

3. Start the downswing with a downward tug of the left arm.

Don't try to use all three at once, now. Use one at a time. My favorite is No. 1.

McKinley vs. Palmer

CHAMPAIGN, Ill. (AP)—Top-seeded Chuck McKinley of St Louis, Mo., takes on Paul Palmer of Phoenix, Ariz., today in the third round of the Western Junior and Boys tennis championships.

Fullback John Henry Johnson made the team's longest run from scrimmage last season when he sprinted 62 yards against the Green Bay Packers.

Brown Set to Put Lane 'To Bed' Early

15-Round Battle for Lightweight Title Event

Muskegon Boxer Aims to Become Southpaw Champion

HOUSTON, Tex. (AP)—Lightweight champion Joe Brown says he could put challenger Kenny Lane to bed early tomorrow night but will let him stick around a while "just to let him suffer."

"I could get him out of there in three or four rounds, but I think I'll let him stay six or seven just to let him suffer for all that bad mouth that's been coming from him," Brown said.

★ ★ ★

The two meet in a 15-round title bout at Sam Houston Coliseum. It will be televised nationally, starting at 9 p.m. EST.

Brown wound up heavy work at his Camp Holden training site near here yesterday and lounged around today.

Lane planned only limbering up exercises at a downtown gym.

Verbal outbursts have come from both camps in recent days. Lane claims his 6-year age advantage over the 32-year-old champion will give him the edge.

"I'm ready," Lane said.

★ ★ ★

The Muskegon, Mich., left-hander seeks to become the first southpaw ever to hold the lightweight title.

"I want to save the lightweight division from that," Brown muttered.

Trainers of both said their fighters are in the pink.

"I honestly think Joe is peeved," Brown's trainer, Bill Gore, said, "and I haven't tried to do anything to sooth him."

Brown will break camp tonight after supper.

★ ★ ★

The crafty champion has put in long sparring hours with left-handers in training since Lane is noted for his leading with his right.

"These left-handers," Brown said, "they ought to take 'em out and drown 'em before supper."

Both fighters expect no difficulty in making the 135-pound limit. The weigh-in is set for noon tomorrow.

In the last seven seasons, Rutgers won 54 of 68 lacrosse matches under Coach Al Twitchell.

Pontiac Lake Gives Up New 'Derby' Leader

His biggest fish, taken from Pontiac Lake, last weekend, also turned out to be the new Press contest leader, for Roger Snelling, 1949 Grand View, Pontiac.

Snelling's prize was a 6-pound, 4-ounce largemouth bass, that pushed a 5-pound, 12½-ounce fish, entered by Roland Dixon of Rochester, out of the picture.

Snelling was fishing with Wade Bartenbaker, Maceday Lake, who helped "horse" the big bronzeback into the boat (they didn't have a net). The fish hit a frog-jitterbug only six feet from the boat, Bartenbaker reported. The new leader measured 22 inches in length.

Stan Musial holds the record for appearing in All-Star games. He has been in 15.

Softball Action Has Close Play

Pitcher's battles featured play in the International League of city softball action yesterday with Shaw's nipping UAW 594, 1-0, and Birmingham nosing out VFW 3-2.

In the American League, Franklin Products defeated Sport Shop, 5-3 and Dostal Foundry whipped Griff's, 12-10 in a slugfest.

Gist, who was the loser for UAW, allowed only four hits, but two came in the 6th when Shaw's scored its lone run on a single by Keebaugh, a sacrifice and a single by Hesse.

Dostal outslugged Griff's, 15 hits to 11 with six players getting two or more, led by Ernie Traylor's three singles and homer and single by Jones.

Bill La Rose had a homer and single for Griffs.

Teeing Off

By BILL CORNWELL

Sally Sharp left the golfing doldrums way behind her recently when she won the Michigan Amateur Championship for the second time in three years.

The long hitting star from Birmingham who plays out of Forest Lake County Club climaxed her great comeback with a 3-2 victory over Mrs. Harold G. Marquardt in the 36-hole match play final at Plum Hollow.

Apparently, it was just a matter of time until Miss Sharp got back in the groove. Much to Sally's relief, it was not a long wait and no one will testify to that fact any sooner than Mrs. Marquardt herself.

Sally's game was as rusty as an old nail when she came home from Michigan State in early June. The 21-year-old MSU coed was hitting the ball as far as ever, but she had lost her touch around the greens.

In the Women's National Open three weekends ago at Forest Lake, Sally played so badly that she failed to survive the halfway cut. Not even the friendly home course could save her.

Failure is frequently the greatest stimulus for success and Sally's trouble in the USGA Open was all the incentive she needed. She answered the challenge and it paid off handsomely.

Some of her finesse returned the following week as she won the WDGA 54-hole medal play event at Country Club of Detroit. Sally had added a lot of polish Friday when she regained the State Amateur golf title after a one-year absence.

SHORT PUTTS

Harry Loosen of Chicago has been appointed club manager at Pine Lake Country Club. Loosen managed clubs and restaurants in the "Windy City" for more than 20 years.

The Tuesday Tee Golf League recently held its annual Guest Day at Pontiac Country Club. Mrs. N. P. Kilgore took first prize, Mrs. Martin Gaffney second, Mrs. Edward Hawley third and Mary Ann Johnson was consolation winner.

Spring Meadows Country Club, a new private 18-hole course near Flint, is officially nine days old today. Romeo's 18-hole layout now under construction may be completely ready for use by next year.

Sylvan Glen Golf Club will be host to the 36-hole Publinx medal tournament Saturday and Sunday. July 26-27.

Picman Winner on Three-Hitter

With Don Picman pitching a three-hitter, Shaw's defeated CIO No. 594 in the City Class A baseball game, 7-0.

Although Shaw's managed only six hits, five errors by the CIO team were contributing factors.

Shaw's scored four runs in the 4th inning on only one hit and two errors amidst four walks and two wild pitches. Three more runs were added in the 5th on two hits and another miscue.

Picman, who went all the way, struck out 10 batters, while two CIO pitchers, Ted Reaver and Jim Wagner, were walking eight.

Los Mayos, Aztecas L-A Loop Winners

Both Pontiac entries in the Latin-American Baseball loop were weekend winners. Aztecas finally defeated a tough Flint club, 8-5 after bowing twice before.

Los Mayos swamped Capac 19-1, with Dick Goldsworthy helping his own win with two homers. R. Bozzi and T. Martinez also had home runs. Port Huron pulled a 3-2 victory in the 9th over Mt. Clemens, with a 2-run rally.

Women's Teams Will Play Prelim

A topnotch women's softball attraction matching the powerful Pontiac All Stars and Center Line will serve as a preliminary game to an exhibition matching Shaw's Jewelers and the 1953 state champion Wilson's nine Saturday at Beaudette Park.

The All Stars, recently beaten for the first time this year by Costello Excavating, have been city champions three of the last four years. The Pontiac previously halted a 43-game winning streak for Center Line which plays Detroit area teams.

The preliminary contest will open the program at 7 p.m.

Damaged Golf Greens Back in Play Today

Twin Lakes Golf course was back in playable condition today after a vicious act of vandalism Sunday night. Six of the layout's nine greens were cut up, the flagpoles smashed to bits, owners reported.

Repairs have been completed, and the course is operating normally today. Play was suspended Monday morning while the big divots were repaired and new hole markers installed.

Damage was estimated at $1,000 or more. Sheriff's officers are investigating.

TODAY'S 2-MINUTE MYSTERY

Fourteenth of a series

By DONALD J. SOBOL

"The fight happened last May 30th, and it's just now coming up on the court calendar," said Kronke, the attorney for young Arthur Monroe. "Frankly, I didn't give my client much of a chance. A neighbor who saw the whole thing said Arthur struck Mr. Gilman first."

She saw old man Gilman stagger and fall to the pavement.

"What's changed your attitude suddenly?" asked Haledjian.

"A new witness, John Craft, turned up yesterday. He's a close buddy of Arthur's and claims to have seen the fight from the bank directly across the street. His version is that Mr. Gilman hit Arthur first. I want you to check his story before I put him on the stand."

Haledjian consented. John Craft was ushered in and related what he had seen.

"I'd gone into the First National Bank to make a deposit, but it was lunchtime, and there were long lines in front of all the clerks. I didn't feel like waiting, so I left.

★ ★ ★

"As I got to the door I had a perfect view of Arthur and old man Gilman approaching each other on the opposite sidewalk. Arthur told me how old man Gilman was always needling him. He said if Gilman ever started something, why he'd just walk away.

"Old man Gilman wouldn't let him walk away. He blocked Arthur and punched him twice in the jaw. Arthur reached up to ward off another blow. Old man Gilman tripped and hit his neck against Arthur's raised hand.

★ ★ ★

"That's when the neighbor looked out. She saw old man Gilman stagger and fall to the pavement on his face. I guess he got the brain concussion from falling so hard."

"Why didn't you speak up at the time, instead of letting months pass?" asked Haledjian.

"I - I didn't want to get involved," stammered Craft. "I've done time in a reformatory."

★ ★ ★

"And you'll do more time for perjury if you ever repeat that story under oath." said Haledjian harshly.

WHAT WAS CRAFT'S LIE?

Craft could not have been emerging from the bank opposite the scene of the fight. The fight occurred on May 30th, Decoration Day, when all banks are closed.

Cites 'Injustice' to Townships

Supervisor Thatcher of West Bloomfield Seeks Driver's License Bureau

Townships in Oakland County are suffering an "injustice" from the state law prohibiting them from issuing drivers licenses to their residents, as cities do.

West Bloomfield Township Supervisor Hiland M. Thatcher, vice chairman of the Oakland County Board of Supervisors, declared this yesterday as he moved for the board's Legislative Committee to look into a possible change in the law.

Thatcher's motion, following a request from Royal Oak Township for a regularly-scheduled license examiner, received the support of the board.

★ ★ ★

Approval was also granted the township's request for an examiner once a week as asked by Elwood Dickens, township supervisor. Dickens said it was "inconvenient" for township residents to travel to Pontiac to apply for a new or renew a license.

U. S. Deports Crippled Cuban for 3rd Time

NEW YORK (AP)—A paraplegic who escaped twice with his wheel chair from Welfare Island and spent some of his free time at the movies aws put on a plane for Cuba yesterday by immigration authorities.

★ ★ ★

This was the third time that Luis Oswaldo Lavin-Gardin was deported from the United States. He entered the country illegally three times.

Two immigration officers to whom he surrendered in mid-Manhattan yesterday went with him to Idlewild Airport. The officers took no chances, and remained at the airport until the plane left.

Strengthen Guard on Hussein's Father

ISTANBUL, Turkey (AP) — Turkish security police have strengthened their guard on the sanitarium housing Jordan King Hussein's mentally ailing father after reports of a plot to kidnap him, informants said today.

Two sources said an attempt actually was made last month to abduct 47-year-old ex-King Talal. They said guards stymied the would-be abductors.

However, a high-ranking Turkish official said there was no actual kidnap attempt. He said the guards were strengthened 20 days ago after a report of a kidnap plot.

By Mr. Levinson
IN RE: THE HURON-CLINTON METROPOLITAN AUTHORITY MILLAGE REDUCTION
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS unemployment in the Huron-Clinton Metropolitan Authority area is at an all time high and its effects will be felt for several years in the future, and

WHEREAS Oakland County the second largest financial contributor to the Authority, has already expended more than one-half of the Welfare Budget for the year and will have a substantial deficit at the end of the year, and

WHEREAS the exhaustion of the benefits of unemployment compensation will markedly aggravate the welfare problem, not only in Oakland and Wayne Counties, but in the entire area, and

WHEREAS as laudable as it is to provide more recreation areas, it is more important that food and housing be constantly available to our citizens, and

WHEREAS it is the opinion of many people that this Authority can and should reduce its tax demands from ¼ for 1959 to ⅛ of a mill and do so without any permanent injury to the program;

NOW THEREFORE BE IT RESOLVED that the tax demands of the Huron-Clinton Metropolitan Authority for the year 1959 be reduced to ⅛ of a mill.

Mr. Chairman, I move the adoption of the foregoing resolution.

DAVID LEVINSON

Moved by Levinson supported by F. Smith the resolution be adopted.

Mr. Cummings spoke in favor of the resolution.

NAYS: None. (0)

A sufficient majority having voted therefor, the resolution was adopted.

Clerk read resolution from Avon Township requesting the Boundaries Committee to deny or delay action on the petition to incorporate the proposed City of Rochester. (Placed on file.)

Misc. 3357
By Mr. Lilly
IN RE: ROCHESTER CITY-PROPOSED INCORPORATION
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Boundaries Committee reports as follows:

On December 2, 1955, a petition was filed to incorporate the Village of Rochester and certain additional territory from Avon Township as the City of Rochester. Subsequent thereto, on December 15, 1955, a second petition was filed in which the description varied somewhat from the first petition. On March 7, 1956, a third petition was filed as a substitute for the second petition.

The Board of Supervisors, on April 10, 1956, found that the first petition filed on December 2, 1955, did not sufficiently comply with the statute and that no further action should be taken thereon.

Under the provisions of the statute, it is unnecessary to determine the validity or invalidity of the second petition filed December 15, 1955, because the third petition filed March 7, 1956, is filed as a substitute for the second petition. Your Committee finds that the third and substitute petition filed March 7, 1956, complies with the statute and the question of incorporation of the area described in said petition should be submitted to the electors affected as defined in the statute.

On April 10, 1956, when this matter was first presented to the Board by your Boundaries Committee, a motion was adopted laying the resolution on the table until after certain legal questions were resolved in an action brought by persons living in the affected area against the Board of Supervisors. We are pleased to advise this Board that the Michigan Supreme Court, on March 4, 1958 sustained the position of the Corporation Counsel's Department and upheld the validity of the substitute petition.

WHEREFORE, Mr. Chairman, on behalf of the Boundaries Committee, I move that the matter of the question of the incorporation of the City of Rochester which was laid on the table by the Board on April 10, 1956, be now taken from the table for consideration.

WILLIAM A. EWART,
Chairman
BOUNDARIES COMMITTEE

Moved by Lilly supported by Yockey that Resolution No. 3091 be taken from the table.

A sufficient majority having voted therefor, the motion carried.

By Mr. Lilly

MR. CHAIRMAN, on behalf of the Boundaries Committee I now move that the date for the Special Election for the incorporation of the City of Rochester as set forth in Miscellaneous Resolution No. 3091 be amended to read the 5th day of August, A. D. 1958, and that, as amended, said Resolution be adopted.

IN RE: SURVIVAL AND CONTINUITY OF GOVERNMENT
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the Federal Civil Defense Administration urges definite action by governments at the county level to spell out the continuity steps in succession to county authority as well as alternate locations for the seat of government for the following purposes:

(a) To assure continuous leadership, authority and responsibility in executive, legislative and judicial positions

(b) To minimize the possibility of persons assuming political power without legal authority

(c) To increase organizational effectiveness during an emergency

(d) To facilitate the re-establishment of functions suspended because of emergency conditions, and

WHEREAS the Committee on Civil Defense has recently held meetings with a cross-section of the County Officials with a view to reaching a conclusion as to the best way or method of insuring the continuity of county government in the event of disaster occurring through act of God or war, and

WHEREAS it is the opinion of the Committee that this Board should adopt a resolution, which will be offered as a part of this report, as a rule for the guidance and conduct of the surviving officials in the event of disaster, and

WHEREAS the rule, when adopted, should be printed in the County Manual in order that it may be available and readily accessible all over the County.

NOW THEREFORE, BE IT RESOLVED that in the event of disaster:

1. The Board of Supervisors, that is those left, shall convene on the call of the

(1) Chairman of Board of Supervisors,
(2) Chairman pro tem,
(3) County Clerk
(4) Deputy Clerk, and if none such, then
(5) The Supervisor serving from the Township the first letter of which is highest in the alphabet;

2. The Board of Supervisors shall convene at the county seat, if possible; if not, at Independence Township Hall at Clarkston, if available; if not, at Rochester High School, Walton Boulevard and Livernois Road, Rochester, if available, and if not, at the nearest safe point whether in the county or not;

3. The members present shall constitute a temporary quorum and shall elect a temporary chairman and chairman pro tem and, if the persons having statutory authority to fill vacancies are not available due to the disaster, they shall by appointment temporarily fill vacant county offices by forthwith appointing persons to fill the same;

4. They shall have power to take such temporary measures and make such rules and regulations as they deem necessary to temporarily meet the emergency pending replacement of those unavailable due to the disaster; they shall by immediately, upon all cities and townships filling their supervisor positions, all actions temporarily taken shall be reviewed, repealed, rescinded, modified or affirmed as the Board shall determine;

5. It shall be the duty of the department of Civil Defense to forthwith ascertain and notify the person who shall be responsible for convening the Board of Supervisors;

BE IT FURTHER RESOLVED that this resolution, less the preamble, be printed in appropriate size to be pasted in the County Manual for 1957 and 1958 and in future manuals until this resolution is rescinded.

Mr. Chairman, on behalf of the Civil Defense Committee, I move the adoption of the foregoing resolution.

IN RE: PRESERVATION OF VITAL RECORDS
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS for the following reasons:

(a) To protect the rights and interests of individuals

(b) To facilitate the conduct of state and local functions which must be continued during an emergency

(c) To protect the rights and interests of governments, and

(d) To help re-establish normal state and local governmental functions

the preservation of vital records is of paramount importance in the event of disaster, and

WHEREAS our County Officers are now in the process of microfilming many records and will, in the near future, get current to date with the program, and

WHEREAS it will be a waste of money if a reasonably suitable fireproof and bombproof vault is not made available to protect the duplicate films,

NOW THEREFORE BE IT RESOLVED that the Buildings and Grounds Committee procure information on the costs involved in providing a suitable building and promptly report to this Board for further instructions.

Mr. Chairman, on behalf of the Civil Defense Committee, I move the adoption of the foregoing resolution.

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS Miscellaneous Resolution No. 2944, as revised by Resolution No. 2951, set up the Evergreen Interceptor Project under the Drain Commissioner's Office, and

WHEREAS subsequent to the effective date of the Department of Public Works Act, by resolution No. 3269 the Evergreen Interceptor Project was turned over to the Department of Public Works for processing, and

WHEREAS the effect of this move was to repeal the previous resolutions by implication, and

WHEREAS repeal by implication is not favored by the courts, and

WHEREAS your Committee believes it is advisable to definitely repeal the said resolutions

NOW THEREFORE BE IT RESOLVED that Miscellaneous Resolutions No. 2944 and No. 2951 regarding the Evergreen Interceptor Project be and the same hereby are rescinded;

BE IT FURTHER RESOLVED that any other resolutions heretofore passed by this Board which are inconsistent with this resolution be and the same hereby are rescinded.

IN RE: REPORT ON PRESENT STATUS OF DRAIN DEPARTMENT
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Drain Committee of this Board wishes to submit this report in conjunction with Mr. Barry, the Drain Commissioner, as to the present status of this department.

The following modernization has been accomplished by Mr. Barry and the Drain Committee. This office has been modernized without the necessity of legislative changes. All of the changes have been made since January 1, 1957, which was the date Mr. Barry assumed office.

The following is the list of changes which modernized the Drain Office.

1. Establishment of a permanent Drain Commission Library containing volumes pertaining to Engineering, Administration, Finance and Law.

2. Acquisition of new quarters housing all drain commission functions under one roof which allowed complete reorganization in all departments.

a. Accounting Department increased to four persons, now have monthly quarterly and year-end reports on all fiscal operations.

b. Creation of assessing department of three persons. Now able to have assessment program on a year round basis.

c. Creation of lake level section in Engineering Department to facilitate the action of the Drain Commissioner under the Lake Level Act, due to amount of petitions now on file.

d. The Engineering Department has been expanded to allow the bulk of drain projects petitioned for to be designed in the Drain Office rather than "farming" such work out with resultant saving to the taxpayer in those drainage districts.

e. The Maintenance Department has been reorganized and expanded to insure swift and adequate handling of complaints.

f. Cooperation of Corporation Counsel in adding new position of "Assistant in charge of Drain Office legal work," to expedite projects now under processing.

3. Permanent records have been brought to date.

4. Creation of a slide film library concerning all new projects so that a permanent pictorial record may be maintained.

5. Cleanout of Garfield Drain and Novi Drain now under way with an early completion date.

6. Cleanout of Sprague Drain 90% completed with only cleanup and seeding left to accomplish.

7. Construction of the Pontiac Lake dam, a project overdue for many years, 90% completed.

8. Twelve Towns Relief Drains project has been finalized and placed in Circuit Court now awaiting a decision.

9. The Red Run Drain has been completely brushed throughout its length.

10. The Red Run Recording Weir has been reconstructed and is now functioning properly.

11. The Drayton Plains Drain and Extension have been repaired thus eliminating a perennial flooding problem on U. S. 10, which had been called the "Dixie Water Hole."

12. An artificial lake study has been completed by the Drain Commissioner under the direction of the Drain Committee, pointing out the need for legislation in this area.

13. The "pollution control projects," namely, the Red Run Enclosure and the Southeastern Oakland County Sewage Disposal Extension to be constructed on Dequindre, have been committed to design and their early construction anticipated.

14. A program of public relations and information has been instituted which insures by means of informative bulletins, that interested municipalities are kept abreast of project development.

15. That full and complete reports on all Drain Commission activities are submitted to the Drain Committee periodically by the Drain Commissioner.

Respectfully submitted,

IN RE: FINANCES-HOUSING FOR MENTALLY ILL
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

At the January 24, 1958 meeting of the Board, your Ways and Means Committee was authorized to provide finances for the temporary security confinement of a limited number of mentally ill persons. Miscellaneous Resolution No. 3346 referred this matter to your Committee with power to act.

Your Committee met on February 13, 1958 with Dr. John D. Monroe, County Health Director, and after making a thorough study of the estimates of the number of patients who might require such confinement and the cost per patient for the balance of the current year, voted to appropriate $50,000 from the Contingent Fund for this purpose.

Your Committee further instructed the Board of Auditors to arrange to have such patients hospitalized at any Blue Cross accredited institution after screening by a County doctor. This action was taken pursuant to the recommendation of the Health Committee. The Auditors have also been instructed to make collections in such cases whenever possible and report back to this Board and Ways and Means Committee as to the progress made on collections 90 days after the program was started.

Since this program was started on March 12, there have been two patients who have been approved for hospitalization at Mercywood in Ann Arbor and one at Hurley General Hospital in Flint. The average length of stay for these patients has been six days before they were either committed to the State Hospitals or released. The average cost per day of these patients has been $28.25, of which a portion will be recovered from their hospitalization. The exact amount is not known at this time.

Mr. Chairman, on behalf of the members of the Ways and Means Committee, I move the following resolution:

BE IT RESOLVED that the action of the Ways and Means Committee in appropriating $50,000 from the Contingent Fund for the temporary security confinement of a limited number of mentally ill persons be ratified and confirmed.

Mr. Chairman I move the adoption of the foregoing resolution.

IN RE: FEES TO BE COLLECTED BY COUNTY CLERK
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

Your Ways and Means Committee was advised by Mr. Lynn D. Allen, County Clerk, that there is no fee provided for filing bonds for Collection Agencies or for filing Power of Attorney and Surety Bonds. The handling of such Bonds involves additional work in the Clerk's Office which, at the present time, is paid for from the General Fund of the County.

Your Ways and Means Committee recommends that fees commensurate with the work involved should be charged for the filing of such Bonds in order to make the Clerk's Office more nearly self-sustaining.

Mr. Chairman, on behalf of the Ways and Means Committee, I offer the following resolution:

BE IT RESOLVED that the County Clerk be and he is hereby directed to collect a $5.00 fee for filing Bonds for Collection Agencies and a $2.00 fee for filing Power of Attorney and Surety Bonds;

BE IT FURTHER RESOLVED that the action of the Ways and Means Committee taken on January 17, 1958 in the form of a resolution, the substance of which is recited above, be and the same hereby is ratified as the action of this Board nunc pro tunc as of the date of its adoption by the Ways and Means Committee.

IN RE: RETIREMENT BENEFITS-EMPLOYES-AGE 70
To The Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS this Board, in its adoption of the new Coordinated Retirement Plan, approved (upon recommendation of the Retirement Commission), the removal of the $2100 county pension limitation contained in the retirement benefit formulas in effect before that date, and

WHEREAS it is now found that a certain class of employes who by reason of attainment of age 70 prior to May 25, 1956, the effective date of the new Coordinated Plan, will come under the benefit provisions of the old plan, and

WHEREAS in the considered opinion of your Retirement Commission, this will work an unjustified reduction of benefits for certain long term employes of this class, which reductions were unintended by the Board and this Commission and are not now applicable to the other members of the Retirement System and

WHEREAS the reserves of the Retirement System are sufficient to pay the full benefits intended without additional cost to the county,

NOW THEREFORE BE IT RESOLVED that the benefits of the above class of employes be computed without regard to the county pension limitations provided in the benefit formulas prior to May 25, 1956.

Oakland County Board of Supervisors
March 28, 1958

1 Lafayette
Pontiac, Michigan

Gentlemen:

At our February Clinic Board meeting, we discussed recent actions taken by your Board of Supervisors. We were glad to hear of your promptness in trying to cope with a situation under which mentally disturbed patients were being housed in jail pending their admission to crowded mental hospitals in the county. Your prompt acceptance of responsibility and your sound recommendations to alleviate this situation are most reassuring to all of us whom you represent. We appreciate your constructive cooperation in maintaining the best possible mental health facilities for the people of Oakland County.

The Board of the Oakland Child Guidance Clinic then asked me to review for your information the facts which make necessary our request for additional funds for 1958. These facts, in more complete form, have been supplied to you. To save your time, I will try to summarize them briefly.

1. In population, Oakland is the second largest county in Michigan. Child population, from birth through 19 years in the county, has increased from 176,232 in 1952 to 262,184 in 1957. This is anaverage increase of over 16,000 children per year.

2. The greater portion of these children are in age groups from two through ten years, which is the age range in which treatment for child guidance is greatest.

3. In these same years our clinic service has increased from 326 cases and 1984 interviews in 1952 to 525 cases with over 5600 interviews in 1957. Our clinic is giving much more effective service each year, but we are not yet able to keep pace with the increasing demand.

4. Quoting Dr. William H. Kelly, Assistant Director of the Michigan Department of Mental Health, "It is better to spend 55 cents per day for children in a child guidance program or better to spend $4.55 per day to care for them in mental hospitals?" By simple arithmetic, Oakland County should save a great deal of money by providing adequate child guidance facilities.

5. In the past two years, influential people in Oakland County have raised funds to establish, equip and to operate for a limited period, two branch clinics to help meet the urgent need for child guidance service. Approximately 75 busy people are presently serving without pay on the Boards of the Oakland Clinic and its Birmingham and South Oakland branches. They are giving freely of their time and effort because they are convinced of the effectiveness of this service in helping troubled children to grow up to their responsibilities and rewards as adult citizens.

We ask that the Board of Supervisors give as much additional support as possible to this child guidance program, because it benefits the entire county now and into the future, and because it is urgently required to meet present needs.

Sincerely,
JEAN B. MARTZ
For the Board of the Oakland Child Guidance Clinic

Move by Phillips supported by R. Duncan the appropriation for the Child Guidance Clinic be reconsidered by the Ways and Means Committee.

Discussion followed.

The Chairman announced that this matter would be considered at the next meeting.

IN RE: APPROVING APPLICATION TO HOUSING AND HOME FINANCE AGENCY-DEPARTMENT OF PUBLIC WORKS
To the Honorable Chairman and Members of the Oakland County Board of Supervisors

Ladies and Gentlemen:

WHEREAS as of February 21, 1958, the Department of Public Works of Oakland County, Michigan, in a letter of transmittal addressed to John P. McCollum, Regional Administrator of the Housing and Home Finance Agency, the address of which is Room 2000, at 105 West Adams Street, Chicago 3, Illinois, filed in duplicate, "APPLICATION FOR ADVANCE FOR PUBLIC WORKS PLANNING," and

WHEREAS as of April 9, 1958, the director of the Oakland County Department of Public Works, Harold K. Schone, received a communication from the above mentioned John P. McCollum, Regional Administrator, calling attention to the fact that the Oakland County Department of Public Works was not given corporate status in the Act creating it and therefore was but an agency of the County, and

WHEREAS under such circumstances it would be necessary for the County of Oakland, by action of the Board of Supervisors, to sponsor the "APPLICATION FOR ADVANCE FOR PUBLIC WORKS PLANNING," and

WHEREAS if the application had been made by the County it would have been necessary to supply the same information, and

WHEREAS the information supplied by the Department of Public Works was and is the same as would have been supplied if the Application had been originally filed by the County, and

WHEREAS it is a recognized power of a County to ratify what it could have originally authorized;

NOW THEREFORE BE IT RESOLVED:

1. That this Board of Supervisors does hereby ratify and adopt the action of the Oakland County Department of Public Works in filing the Application described in the preamble to this resolution;

2. That it approves the information supplied in the application and the attached items, and

3. It requests the Housing and Home Finance Agency to treat the application as if it had been made originally by the County of Oakland, for and on behalf of the County of Oakland, and

4. It ratifies the action of the attesting officers, Harold K. Schone and Hiland M. Thatcher and adopts their actions as if they had been agents of the County of Oakland in the making of the Application for the County.

BE IT FURTHER RESOLVED that if the Housing and Home Finance Agency does not accept the action of this Board in ratifying and adopting the actions of the Department of Public Works, that the Director of the Department of Public Works, Harold K. Schone be and he hereby is authorized to re-file the Application on behalf of the County of Oakland.

Mr. Chairman, I move the adoption of the foregoing resolution.

IN RE; 1958 EQUALIZATION REPORT
To the Honorable Board of Supervisors
Ladies and Gentlemen:

Your Committee on Equalization respectfully reports that it has carefully examined properties and compared assessment rolls of the several Townships and Cities within the said County, assessed for the year 1958, and have equalized the same by adding to and deducting from the valuation of the taxable property in the several townships and cities so assessed, such an amount as in its judgment will produce relatively an equal and uniform valuation of the taxable property in the County, according to the report as shown below, and herewith submit the same with the recommendation that it be adopted by this Board as the County Equalization for the year 1958.

IN RE: JOINT MEETING—SIX COUNTY BOARDS OF SUPERVISORS
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS Oakland County, through its Inter-County Supervisors Committee, has worked closely with the Counties of Macomb, St. Clair, Washtenaw and Wayne, through the medium of the Supervisors Inter-County Committee in establishing increased cooperation and coordination among the counties, seeking solutions to inter-county problems, and

WHEREAS your Supervisors Inter-County Committee has recommended that the Boards of Supervisors of the six member counties hold a joint meeting as well as individual meetings in the Veterans Memorial Building in the City of Detroit on June 5, 1958 at 2:00 p.m. in the interests of inter-county relations,

NOW THEREFORE BE IT RESOLVED that the Oakland County Board of Supervisors meet as a Committee of the Whole at the Veterans Memorial Building in Detroit, Michigan on June 5, 1958 at 2:00 p.m. to join with Supervisors of the six counties to discuss and promote the interests of inter-county relations.

Mr. Chairman on behalf of the Inter-County Committee, I move the adoption of the foregoing resolution.

DAVID LEVINSON
Chairman Inter-County Committee

Moved by Levinson supported by Thatcher the resolution be adopted.

A sufficient majority having voted therefor, the resolution was adopted.

IN RE: ANTI-RECESSION LEGISLATION
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS a resolution on unemployment compensation benefits and anti-recession bills as adopted by the Oakland County CIO Council was referred to your Legislative Committee at the last meeting of the Board, and

WHEREAS your Committee has carefully considered the many legislative proposals now pending before the Congress of the United States intended to provide an immediate program to lessen the hardships created by unemployment, and

WHEREAS legislation which will increase the period for payment of unemployment compensation an additional 13 weeks to a maximum of 39 weeks in most states, including Michigan, was adopted by the House of Representatives in Washington last week, is desirable legislation and highly recommended by your Committee for endorsement, and

WHEREAS your Committee also recommends the endorsement of legislation to provide additional funds for existing housing programs, and

WHEREAS after careful study your Committee finds that proposed legislation for federal grants for school construction is unwise but does recommend legislation to assist the States in the sale of bonds to aid school construction financing, and

WHEREAS your Committee also recommends the extension of the Hill-Burton Act which provides federal funds for hospital construction which not only creates employment but also makes available needed hospital facilities, and

WHEREAS after a thorough study of the Forand Bill which was introduced to increase monthly payments under the old age survivors and disability insurance laws is found to be extremely desirable and recommended for endorsement by the Board, and

WHEREAS the proposed Morse-Kelley Bill to extend coverage under the minimum wage law has been carefully reviewed by your Committee and it appears that the effect would result in price fixing by the Congress, which is undesirable from an economic point of view at the present time and is not recommended for endorsement by the Board, and

WHEREAS your Committee has also reviewed the several proposals intended to assist local communities in financing of area development projects and finds that the Fulbright Bill (Senate Bill 3477) would provide a federal supported program rather than outright grants to local communities and is therefore recommended for endorsement by the Board,

NOW THEREFORE BE IT RESOLVED that the Oakland County Board of Supervisors, recognizing the existence of the many problems created by unemployment, does hereby adopt the foregoing recommendations of the Legislative Committee as the action of this Board;

BE IT FURTHER RESOLVED that the Oakland County Board of Supervisors does hereby respectfully request the Michigan State Legislature, the Congress of the United States, the Governor of the State of Michigan and the President of the United States to take any and all steps necessary to alleviate the problems created by unemployment in Oakland County;

BE IT FURTHER RESOLVED that certified copies of this resolution be forwarded to our representatives in the State Legislature and the Congress of the United States, the Governor of the State of Michigan and the President of the United States.

Mr. Chairman, on behalf of the Legislative Committee whose signatures appear below, I move the adoption of the foregoing resolution.

IN RE: ANNUAL REPORT—BOARD OF COUNTY ROAD COMMISSIONERS
To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS Section 25 of Chapter IV of Act No. 283, P. A. 1909, as amended, requires the submission by the Board of County Road Commissioners to the Board of Supervisors, of an accurate account of all moneys received and disbursed, a detailed statement of all work done, right-of-way acquired and roads constructed, and

WHEREAS said Law requires the publishing of said report in the proceedings of this Board, and

WHEREAS said report was filed with the Clerk of this Board on the 14th day of April, 1958, and

WHEREAS your Committee on Roads and Bridges has perused and approved this report,

NOW THEREFORE BE IT RESOLVED:

1. That the report as filed by the Board of County Road Commissioners be approved;

2. That it be recorded in the Journal of this meeting and published as required by law.

Mr. Chairman, on behalf of the entire Committee on Roads and Bridges, I move the adoption of the foregoing resolution.

APRIL 1, 1958

The Honorable Board of Supervisors of the County of Oakland.
Pontiac, Michigan

Gentlemen:

We are pleased to submit to your honorable body and to the people of Oakland County, our annual report for the fiscal year ending December 31, 1957.

Combined in this report is a summary of our activities relating to the construction and maintenanec of roads and bridges, of funds received and disbursed, and other information which will be of interest to you.

Respectfully submitted,
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF OAKLAND, MICHIGAN
SOL D. LOMERSON,
Chairman
ROBERT O. FELT,
Commissioner
LEE O. BROOKS,
Commissioner

NEW OFFICE AND SHOP BUILDINGS

The building program of our new office and garage facilities on the County Service Center Site has been completed. Low bidder on the third and final stage was Roth, Wadkins and Wise of Detroit; the bids were as follows:

Warehouse	$ 42,800.00
Storage Garage	161,400.00
Total	$204,200.00

We moved into the new office May 1, 1957, and held an Open House in September. The warehouse and storage garage were completed in January of 1958 and are in full use.

EIGHT MILE ROAD

The joint project with the Wayne County Road Commission for the Eight Mile Road relocation through Northville is past the planning stage. Construction will be started in 1958 and finished in 1959. Right of way acquisition slowed progress during 1957.

COUNTY ROAD MAINTENANCE

County roads are divided into two classifications, namely, Primary and Local. The Primary Roads are the main county roads as approved by the Michigan State Highway Department. The balance of the public roads and subdivision streets outside of municipal incorporations are local roads. Funds for the maintenance of these roads are provided from Motor Vehicle revenues under Act 51 of the P.A. of 1951, as amended and supplemented by Acts 153 and 262 of 1957.

Local road have been maintained within the funds available supplemented by contributions from the Townships. The maintenance of county local roads during 1957 cost $1,006,666.15, including labor, material, equipment rental, and distributive expense, for an average of $538.32 per mile. These figures include sale of culvert pipe, calcium chloride brine as a dust layer and contributions by Townships.

The Cities of Hazel Park, Oak Park, Ferndale, Berkley and Huntington Woods have maintained some primary roads, within their respective City limits, under an agreement with this Commission.

Maintenance cost of County Primary Roads during 1957 was $1,336,321.44 including labor, material, equipment rental, overhead, and distributive expense, for an average of $1,909.00 per mile.

State Trunk Line Highways are maintained by this Commission under a contract with the Michigan State Highway Department for the fiscal year July 1, 1957, to June 30, 1958. This contract amounts to $504,296.00 for an average of $2,756.00 per mile.

During 1957 the State Legislature repealed Act 87 which was a special gas tax for road construction only. The money received from this gas tax was added to the gas-weight tax fund of which the various County Road Commissions receive 35 per cent. The net result was that we receive slightly more funds than before.

Another change made by the legislature is that all construction done by the Road Commission on county local roads must be matched by some other source. The townships have been notified as to what amount of funds we have budgeted for such construction and may match any amount up to the limit set for their township. A number of projects were done in this manner in 1957. (See 1957 Local Road Construction Schedule) and even more will be done in 1958.

REPORT ON DUTCH ELM DISEASE

During the year of 1957, we have removed a total of 258 elm trees which were infected with the above mentioned disease or were condemned as breeding places for the beetles, which are the carriers for the disease. This is down compared to last years total of 348 trees but the reason for this could be explained by the fact that many dead elm trees were removed this past summer without being condemned. Many of these dead trees could have died because of the disease which infected them late in the fall and did not show up because of the season. Consequently, they did not survive when spring came and were marked only as dead trees. As long as this disease is prevalent in our County, it will continue to affect our Local Road Budgets and be a problem to us.

Because of the distances we are required to haul the wood for disposal reasons and because the wood has be destroyed by burning, we estimate that the average cost of this removal is $100.00 per tree. This is more than last year, not only because of the hauling distance and widespread, distribution of the trees, but because more larger trees seem to be affected. This average is for removal, hauling and burning.

Following is a list showing what roads and Townships were affected by the Dutch Elm disease:

Rds.	Location	No. of Trees	Approx. Cost to Remove
Primary	County Wide	95	$9,500.00
State Hwy.	County Wide	12	1,200.00
Local	Addison	2	200.00
Local	Avon	15	1,500.00
Local	Bloomfield	23	2,300.00
Local	Farmington	12	1,200.00
Local	Independence	4	400.00
Local	Novi	2	200.00
Local	Oakland	14	1,400.00
Local	Orion	1	100.00
Local	Pontiac	7	700.00
Local	Southfield	33	3,300.00
Local	Waterford	8	800.00
Local	West Bloomfield	28	2,800.00
Local	White Lake	2	200.00
Total Approximate Cost			$25,800.00

WEIGHT AND PERMIT DEPARTMENT

Following is a composite report of the Weight and Permit Department concerning trucking activities on County Roads for the year 1957:

Vehicles stopped and examined	840
Warning violations issued	107
Total amount of actual voliations	240
Weight	121
Posted	73
Speed	22
Scattering	1
Safety	6
No Permits	13
No License	4
Total	240
Total amount in fines	$6,548.06
Total amount in Court Costs	1,358.37
Grand Total	$10,006.43

Numerous complaints involving scattering and littering on County Roads were investigated resulting in jail sentences and in many cases the violators were made to clean up the debris.

Forty-four (44) requests were granted to weigh and examine vehicles to determine weights allowed on County Roads. Eleven (11) special escorts were conducted by this department of extra large equipment where ordinary permits would impede the normal flow of traffic or cause a safety hazard.

Once a month spot checks were made at various points throughout the County to examine vericles for safety and the different types of loads traveling our roads.

There were 6755 Special Permits issued covering the moving of extra large equipment.

183 complaints were answered concerning various violations such as dust control, vending on County Roads, working on right of way, excessive truck traffic on County Roads and various miscellaneous complaints.

PERMITS ISSUED BY ENGINEERING DEPARTMENT

One of the services required of the Commissione's Engineering Department is checking the size and location of driveway culvert requests and issuing permits for their installation. In 1957, these requests totaled 789.

Any excavation or construction within the right of way of a road also required checking and issuing of proper permits. There were 680 such permits processed and issued in 1957. Similar permits for work on State Trunk lines are usually processed through this Commission and 183 such permits were handled during 1957.

STOP SIGNS ON LOCAL ROAD SYSTEM

This Commission has recently approved the preparation of a county wide program for designating certain county local roads as "through" roads and other local roads as "stop" roads. This does not include intersections where only subdivision streets are concerned and intersections of local roads with primary roads are already signed.

At any point where two local roads intersect proper control orders will be approved by the Commission and recorded by the County Clerk. One road will have clear right of way and the other will be signed with luminous stop signs and advance warning signs if necessary. It is estimated that at least 600 intersections will be affected.

The folowing listed material was used during 1957 and charged out of Our County Stock:

STATE TRUNK LINE CONSTRUCTION

In the fall of 1957, John C. Mackie, State Highway Commissioner, announced a state-wide five year construction program and a ten year metropolitan program. Both programs will be of great value in the development of Oakland County and also solve some of our major traffic problems. It will also create some new roads problems, most of which will have to be handled at the County or City level.

The two programs indicate that the major projects will include a parallel route to the present State Trunk Line No. 10 from downtown Detroit to Flint and that the northern portion will be put under contract in the spring of 1960. Another portion down into Madison Heights will be put under contract in 1961. At the same time work will start in Detroit on the southern end and it is planned that all portions will be completed and connected during the last half of the ten year program.

An east-west limited access highway will be build from Grand River east to the vicinity of Lake St. Clair. The portion of Grand River to Northwestern will be located between Eleven and Twelve Mile Roads and is to be put under contract late in 1960. The rest of the route is scheduled for planning and right of way acquisition during the ten year plan only.

Northwestern from Eight Mile Road to Telegraph Road will be rebuilt as a limited access road and is scheduled to be put under contract in the spring of 1960. Right of way acquisition beyond Telegraph Road is in progress on a limited scale even though no positive date has been set for construction.

Eight Mile Road from Northwestern to Grand River is to be rebuilt as an expressway with grade separations at major intersections. This work is to be put under contract in 1958.

Reconstruction of M-24 from Lake Orion to the north county line is to be put under contract this spring and will be a divided four lane highway.

Southfield Road from Northwestern south into Detroit is to be reconstructed as an expressway with service roads on each side.

Planning of these routes is underway in some cases and the Oakland County Road Commission is cooperating with the State Highway Department as much as is possible in an effort to have these roads serve Oakland County to the best interests of all concerned.

FARMINGTON-BRIGHTON EXPRESSWAY

The Farmington-Brighton Expressway extending from U.S.-23 in Livingston County and paralleling U.S.-No. 16 easterly to a point near Eight Mile Road in Oakland County was nearly completed in 1957 and is now in use. The Road Commission is maintaining the road for the State Highway Department under a maintenance contract. The total cost of the project is estimated at $11,000,000.00, of which the Oakland County Road Commission participated to the extent of $300,000.00 payable in twenty (20) equal annual installments from Motor Vehicle revenue.

Old Grand River from near Eight Mile road through Farmington to the new expressway is going to remain as a City route of U.S.-No.16. Portions of the old Cut-off and Old Grand River will soon become part of the County Road System.

APPOINTMENT OF CLERK

The following appointment was made by this Board subject to the approval of the Board of Supervisors:

Whereas it is the opinion of this Board that the work of the Board is of sufficient volume to warrant and justify the appointment of a Secretary who shall be and act as Clerk of this Board and whose salary shall be paid by this Board from County Road Funds under the provisions of Section Nine of Chapter IV (County Road Law) of the General Highway Law, as last amended by Act 50 of the Public Acts of 1951 (See Supplement and Section 224.9 as so amended. Compiled Laws of 1948.)

Now therefore be it resolved:

1. That in the opinion of this Board its work is of sufficient volume to warrant and justify the appointment of a Secretary who shall be and act as Clerk of the Board.

2. That William R. Carrigan be and he is hereby appointed as Secretary of this Board, subject to the approval of the Board of Supervisors as in said Section Nine as amended provided, such appointment to continue subject to the discretion of this Board.

3. That the salary of said Secretary shall be paid from County Road Funds.

4. That this resolution is adopted under the provisions of C.L. 1948, Sectoin 224.9 as last amended as referred to in paragraph A hereof.

Motion carried.

By Mr. F. Smith

IN RE: LEGISLATION TO CHANGE STATE - COUNTY WELFARE MATCHING FORMULA

To the Oakland County Board of Supervisors

Mr. Chairman, Ladies and Gentlemen:

WHEREAS the State Legislature will convene May 15 to complete the work of the 1958 Session, and

WHEREAS the State of Michigan has benefited by increased funds from the Federal Government on a matching basis for Welfare costs, and

WHEREAS since the Legislature changed the matching formula from equal participation between the State and County to a 70-30 matching basis in 1957, with the County paying the larger share, an extreme financial hardship has been imposed on Oakland County, and

WHEREAS the original 50-50 matching basis for the sharing of these costs between the State and County is most equitable,

NOW THEREFORE BE IT RESOLVED that the Oakland County members of the State Legislature be requested and urged to sponsor and support legislation in the 1958 Session to restore the 50-50 matching formula for Welfare costs;

BE IT FURTHER RESOLVED that certified copies of this resolution be forwarded forthwith to Representatives Anderson, Hudson, Roberts, McMahon, Brown and Hughes, and to Senator Lodge;

BE IT FURTHER RESOLVED that certified copies of this resolution also be forwarded to the Boards of Supervisors of the Counties of Wayne, Washtenaw, Macomb, St. Clair and Monroe and to the Supervisors Inter-County Committee.

Mr. Chairman, on behalf of the members of the Ways and Means and Legislative Committees, I move the adoption of the foregoing resolution.

Mrs. Lewis gave a progress report for the Welfare Committee.

Moved by Voll supported by Hulet the Board adjourn subject to the call of the Chair.

A sufficient majority having voted therefor, the motion carried.

LYNN D. ALLEN, Clerk — DELOS HAMLIN, Chairman

JUNE 5, 1958

The Board met at 2:00 P.M. in the Veterans Memorial Building, Detroit.

Meeting called to order by Chairman Delos Hamlin.

Roll Called: Allerton, Belyea, Bender, Bonner Brendel, Carey, Castle, Christensen, Clack, Clark, Crenshaw, Croteau, Cummings, Dickens, Dohany, J. W. Duncan, R. Duncan, Eckman, Fouts, Goodspeed, Hamlin, Harper, Heacock, Hill, Hoard, Holmes, Horkey, Horton, Hudson, Hulet, Hursfall, Johnson, Kelley, Kephart, Kiser, Levinson, Lewis, Lilly, Lockhart, MacDonald, McCartney, McGovern, Menzies, Miller, Moberly, O'Donoghue, Oldenburg, Ollar, Phillips, Quinlan, Ramsey, Ransom, Rhinevault, Schock, F. Smith, W. Smith, Solley, Stevens, Swanson, Taylor, Thatcher, Voll, Webber, Weinburger, Wright, Yockey, Zapf. (68) Quorum Present

The Board honored Mr. George J. Scott of Royal Oak for his years of public service.

Mr. Kephart introduced Mr. Joe Haas, a member of the Board of Trustees of the Tuberculosis Sanatorium who presented the following:

"This is a very momentous occasion. I'm taking the place of Genevieve Schock, a member of your body who had previously prepared a resolution, but graciously gave over for this occasion. Thank you Genevieve.

Now, about this young man Scott, former member of your Board. A lot of data about him was handed me but I threw it all away. It sounded too much like an obituary. This is no occasion for an obituary. It's more like a valedictory, but neither is it a valedictory for he isn't done yet. He's just starting.

Born in New York State, ninety years ago last Wednesday, he persuaded his parents to move to Michigan when he was nine years old, his first good move. He also persuaded them to locate in Oakland County—more good judgment.

Most of us have a sort of single track mind. Like myself, we know little outside of our chosen path in life, but George has made good in many lines.

He peddled papers on the streets of Pontiac over seventy-five years ago, before most of you were born and almost a quarter century before The Pontiac Press came into existence. But he quit the newspaper game when a mere child — more evidence.

He worked as a painter and decorator and still does. Most of it is house and barn painting but he can paint a better picture than most of those you see on the walls of hotel rooms.

He was conductor on the old trolley line through Romeo, where one of his duties was to hold up the midnight car while he helped the drunks to their rooms in the hotel and sing them to sleep while the passengers waited. He later managed that same hotel, also one at Oxford—without lullabies.

George sold real estate in Seattle early in the century and made enough money so he had $300.00 left after loafing a year

Grain Futures Steady to Firm

CHICAGO (AP) — Grain futures prices were mostly steady to firm today in early dealings on the Board of Trade.

The only weakness was in the feed grains—corn and oats.

★ ★ ★

Trading in the July contracts expires with the close of the Board today and dealers said there appeared to be a small amount of short-covering in those deliveries. The open interest in them, however, was relatively small, having been fairly well closed out during the runup of last week.

★ ★ ★

Th heaviest buying to cover commitments was expected to come in the final minutes of trading with liquidation by the longs.

★ ★ ★

Wheat was unchanged to ½ cent a bushel higher near the end of the first hour, July $1.87¾; corn ⅝ higher to ¼ lower, July $1.34¾, oats ¼ to ¾ lower, July 64¾; rye unchanged to higher, July $1.28; soybeans ⅛ to ¾ higher, July $2.28¾; lard 2 cents a hundred pounds lower to 2 cents higher, September $12.15.

in California. I happen to know that he still has that $300.00.

In Romeo he had met and wooed Elisabeth Desmond and married her on his return from the west. They were married in 1908 on his birthday. She was the name pride and joy to him, before her death a few years ago as she was when a bride. He has two sons, Jason and Ogle.

He also is a farmer, had his own loan business for many years and several other lines of endeavor have been favored by his activities.

While on the Board of Supervisors, he was on the committee that handled the erection of the jail, contagious hospital, Infirmary and T. B. San

He has held numerous other offices since returning to Michigan and locating in Royal Oak, which still is his home. These offices included city and village assessor and other positions and he has had a prominent and very intimate connection with the great development of that area.

But, it is in the lines that made him a civic leader that George worked the hardest, although they brought him no financial remuneration. I challenge anybody in the county to show such a long period of loyal public service.

He was appointed to the Draft Board in his community before the outbreak of World War I and has served ever since through three wars — a total of over forty years. There he gets my unqualified commendation because I know what it means, I had a Draft Board service of fifteen years and retired, licked.

He was president of the Royal Oak Fire Department for many years and was the topmost firefighter in his community. In fact, he has fought so many fires in this world that I'm sure he will not be required to fight any in the next.

My first communion with him was on the Board of Trustees of the Oakland County Tuberculosis Sanatorium. He has served on the Board for twelve years in the building that was erected when he was on the Board of Supervisors Committee that directed its construction. That association has been one of the most enjoyable of my life.

In company with Albert Weber, they make a pair unsurpassed. Mr. Weber, a retired industrialist who was a major factor in putting Pontiac on the map in big letters, and George who is a financier, and has been through every phase of that game, is the watchdog of our treasury, although never consenting to any move that might impair the efficiency of our trust. It is a distinct pleasure and honor to be the other member of that trio, to whom your Board has been so kind.

And, you members of the Board of Supervisors, get this. If that three-man Board out there at the San never did anything else than engage the services of Dr. James Cheng as Medical Director and George Williams as Business Manager, the people of Oakland County would forever be indebted to us. I mention this here because Mr Scott had a major part in securing them. We have unbounded pride and no apologies for the San and feel that it merits all you have done for it.

Fraternally, George has gone through the Masons and is a charter member of the Royal Oak Elks where he has been Exalted Ruler and has been made a life member. Yes, he's an Elk, but most of us think of him as a dear.

While in the many conversations we have had, he never has divulged his political affiliations to me, he has been our Republican Presidential elector on the last three occasions and we're plugging for him for the same job for the rest of the presidential elections in this century.

It is the request of a majority of the Board of Trustees of the Oakland County Tuberculosis Sanatorium that majority consisting of Albert Weber and Joe Haas that this be made a part of today's proceedings, in tribute to George J Scott's tenure of two-thirds of a century of public service on this occasion honoring his ninetieth birthday.

Mr. Scott thanked the Board for the tribute paid him.

The following telegram was read:

"Regret sincerely my official duties here in Washington prevent me from being with you to celebrate George J. Scott's ninetieth birthday but certainly want to join with all George's friends in extending the best of wishes on this occasion to a man who by his outstanding record of service to our county over the years has indeed measured life's fullness rather than its length.

Ford Loss Set at $17 Million

Company Still in Black for '58 Despite Deficit in Second Quarter

DETROIT (UPI) — The Ford Motor Co. lost $17,300,000 during the second quarter this year although it stayed in the black for the first half of 1958 with earnings of a scant $5,400,000.

The announcement was made today by President Henry Ford II, who noted that earnings for the first six months of last year were $171,000,000.

★ ★ ★

Based on the average number of shares outstanding during each period, Ford said earnings per share of capital stock dropped from $3.15 in the first half of 1957 to 10 cents per share in the first half of 1958.

The loss of $17,300,000 for the second quarter was the first financial loss posted by Ford since it went $8,300,000 in the red for the entire year of 1946.

Ford attributed the decline in earnings to a "sharp reduction in sales and increased costs of labor and materials." Ford said sales during the first quarter totaled $1,095,800,000 while they slipped to $891,500,000 in the second quarter. The total first half sales of $1,987,300,000 was 34 per cent below the $3,009,500,000 in sales during the first half of 1957.

★ ★ ★

Ford said retail sales of cars and trucks in the second quarter exceeded retail sales in the first quarter and the stock on hand at the company's dealers was reduced by about 27 per cent.

Factory sales of cars and trucks for the first half were 710,471, compared with sales of 1,195,592 for the first half of 1957.

Waterford Ballots Ready

Absentee ballots for the primary election August 5, are available at the Waterford Township clerk's office and deadline date has been set for 2 p.m. August 2nd, according to clerk James Seeterlin.

Americans spend about $10 billion a year for automobile vacation trips. The estimated figure includes all expenses such as gas, oil, hotels, food and miscellaneous costs.

Stock Market Prices Advance

NEW YORK (AP) — The stock market pushed forward slightly in active early trading today.

Gains of key stocks were mostly fractional, some extending to around a point.

Aircrafts were especially active but showed slight change. Steels, oils and other groups were briskly traded, showing a rather patchy price pattern after their recent strength.

The market was at nearly an 11-month high and at the crest of a five-session advance. Brokers said a natural area of resistance had been reached and that considerable profit taking was in progress.

Oils with Middle East resources continued to make progress now that no interruption in the Iraq oil supply seemed likely. Gulf Oil was ahead a sizable fraction. Standard Oil (New Jersey) was firm.

Ford was off around a point on news of its $17,300,000 loss in the June quarter.

Hospital Serves Tempting Foods to Aid Recovery

CHICAGO (UPI) — Found: A hospital that serves gourmet food and a variety of it, too.

★ ★ ★

At Chicago's Mount Sinai hospital, a patient has the choice of 12 fruits and juices, seven entrees, rolls or muffins for breakfast.

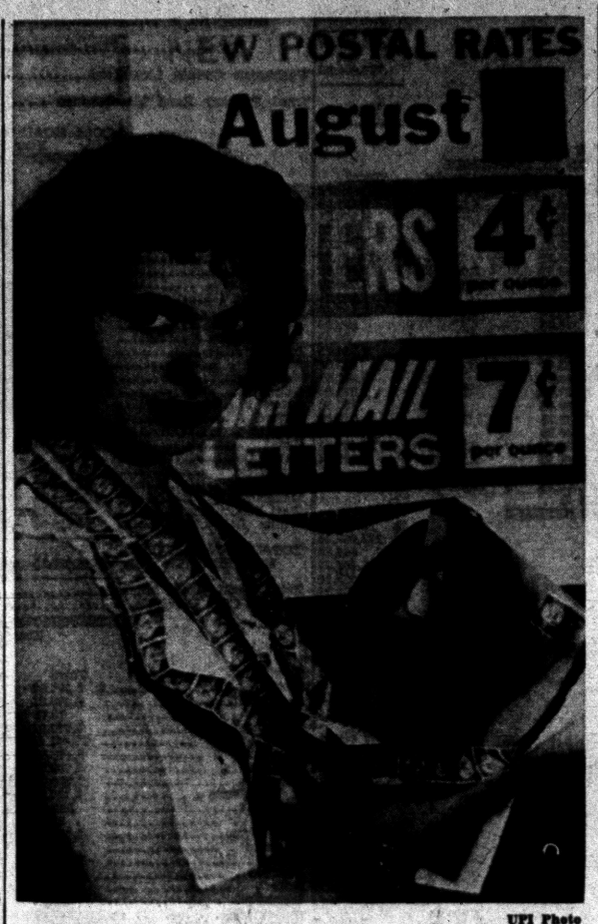

Lunch is even more of an epicure's delight with a selection of two soups, six entrees and 11 desserts plus any fruit in season.

But dinner is a real gourmet's delight with a choic of nine appetizers — including a glass of sherry—eight entrees, nine desserts plus fruit in season and beverage.

The idea started after a long-term food study by Dr. Martin N. Kirshen, president of the hospital's medical staff, who said:

★ ★ ★

"We hoped that if we teased our patients' palates with a large choice of foods, they would eat much better and speed up their recovery. It seems to be working out very well."

REMINDER—Joyce Skaggs poses in front of a poster listing new mail rates which start Aug. 1, and makes sure she won't cost a friend a five-cent penalty. A new regulation imposes a 5-cent penalty for insufficient postage. Starting Aug. 1, first class letters will cost 4 cents and air mail 7 cents an ounce. Rate is now 3 and 6 cents respectively.

'Rebel Snipers Not Trying'

No Marines Hit

By JACK FOX

BEIRUT (UPI) — "I only hope that people back home are getting it straight and that there isn't a lot of armwaving and breast-beating about our boys under fire."

The speaker was a young Marine lieutenant from Tarrytown, N.Y. He is a Princeton graduate who now commands one of the Marine companies stationed in the dock area of downtown Beirut.

★ ★ ★

His company has been subjected to firing from rebel snipers for the past five days.

"For pete's sake, don't use my name or I'll get my head chopped off," he said. "But I think it's vital that our people get things straight.

"This sniping, for example. I can see the headlines, 'Leathernecks under fire for five straight days.' The facts are that not one of us has been hit, and the bullets are going high overhead.

"I am convinced they are not trying to hit us. They just like to shoot guns, I think. I saw one guy on a roof raise his rifle and fire into the air in three different directions.

"Of course, it's not very pleasant to think they could hit you if they wanted, but it sure could be a lot worse."

★ ★ ★

The fact is, the main enemy of American troops in Lebanon now is boredom. Marines on the beach long ago dug their defenses, and since then about the only break has been a daily dip in the Mediterranean, a few yards away.

Pvt. Donald Knock of Camden, N. J., said, "That water sure is salty, a lot more than the Atlantic, but it feels awful good after sitting out there in the sun."

Next to him was Sgt. James Cabbagestalk, of Pittsburgh. He waved expansively at the blue sea stretching off from the beach. "Room with a view," he said.

PFC James Pandavela of New Orleans, said the worst trouble he had was with Lebanese vendors who came to the Marine area trying to peddle cold beer. Leathernecks are not allowed to buy it.

"It's something like a mirage," he said.

★ ★ ★

Capt. Richard Coulter, of Canastota, N.Y., like all men here, was hungry for news from home. His main concern was to say hello to his girl in Washington, D.C.

Staff Sgt. Talmade Downing of Middletown, Ohio, said he had no complaints except for mosquitos down near the water.

"They come out at night in task force," he said.

Sgt. Alfred Valliere, Uncasville, Conn., squatted beneath his tent and watched Marines on the airport runway kick a football around.

"Glamorous, isn't it?"

Nebraska U. Checks All Tractor Models

LINCOLN, Neb. (UPI)—A unique laboratory at the University of Nebraska carries out a state law that performance must be certified by actual tests before tractors may be offered for sale in the state.

★ ★ ★

The laboratory was established 39 years ago. It checks foreign models as well as those manufactured in this country.

Included among models tested this year were the first tractors ever sent to the laboratory from Sweden.

About 40 hours of actual engine running time, in addition to computations, are necessary to test a single tractor. Thirty-two were tested last year. The total was steadily increased with 16-20 once being the average numbers for a season.

Latin America Given $1.2 Billion in U. S. Aid

WASHINGTON — The United States has given and lent Latin-American nations more than 1.2 billion dollars since World War II.

In 1957 some $79,000,000 worth of economic aid went to those countries; total aid spending, counting surplus farm commodity sales, loans by the Export-Import Bank, and military assistance, amounted to $198,000,000.

So They Go to Sleep in It

Their Car Turns Over

ANN ARBOR (AP) — It seemed as good a place as any to catch 40 winks, so Marion C. Davis and John Downing went to sleep.

After all, no one was around.

★ ★ ★

But sheriff's deputies woke them up a short time later.

The deputies had spotted no lights around their upside down bedding place. They went up to investigate.

Davis, 29, of Wayne, and Downing, 30, of Garden City, told them this story:

Their car overturned in nearby Salem Township, but they were uninjured.

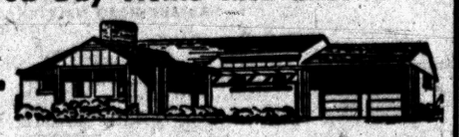

★ ★ ★

It was dark. They couldn't find any place where they could telephone for help. So they said they just climbed back into their topsy-turvy car and went to sleep.

NEW YORK—If an averag reader took one step for each movement of the eyes, in eight hours of reading he would walk about 33 miles, according to estimates made by the Better Vision Institute.

Drayton Firms Plan for Parking

Ask Township to Share Cost of Blacktopping Lot at Frembes, U. S. 10

A request for township aid in blacktopping a parking lot in Drayton Plains was presented by Pontiac State Bank Branch Manager Mark Stewart at last night's regular Waterford Township Board meeting.

The request came from merchants in that area who indicated that they would share the $10,000 project with the Township.

The parking lot is located back of the business section between Frembes and Seeden streets on the southeast side of U.S. 10.

The 1½-acre lot had been purchased by the businessmen some time ago, then deeded to the township for maintenance. After considerable discussion the board tabled the matter for further study.

In other business board members reviewed a proposed rezoning change of an area in Acre Heights Subdivision on Cooley Lake road.

The change from residential to commercial of lot No. 11 had been turned down by the Oakland County Zoning Board because it considered this as "spot zoning."

However, the township board checked the zoning map and found that most of the land in that area is already zoned commercial. Board members plan to visit the area before taking action on the matter.

The board also discussed a proposal from Pontiac City Manager W. K. Willman that Waterford Township and other outlying communities foot unpaid bills of emergency treatment for their area residents done at Pontiac General Hospital.

Board members authorized the township attorney to send a letter to Willman clarifying his terminology as to "who cannot pay and are not eligible for county assistance."

★ ★ ★

A "National Warm Air Heating Code" was presented for the board's consideration in an effort to inaugurate an ordinance in the township controlling heating installations. This was referred to the attorney for study.

Ford Snubs Small Cars Right Now

NEW YORK (AP) — J. O. Wright, Ford Motor Co. vice president, indicated today that the company will not build a small car in this country for some time — if at all.

★ ★ ★

In a speech prepared for the Sales Executive Club of New York Wright said sale of imported small cars can be expected to reach and sustain a level of 300,000 to 400,000 units annually in the years ahead. That is, if no new small cars are introduced by domestic manufacturers.

Wright added:

"Even if the total market for small cars, both foreign and domestic, were forecast at a substantially higher level — say 600,000 units annually — there is still serious question as to whether our normal share of such a market would yield the profits that might normally be expected from the additional investment in styling, engineering, tooling and facilities that would be required."

★ ★ ★

Sales of imported small foreign cars have been on the rise in the United States in recent years.

About 2.8 billion barrels of oil are consumed in one year to meet domestic demands. This is equivalent to the proved crude oil reserves, as known now, of the entire state of Louisiana.

Runs Into Side of Car, Waterford Boy, 2, Hurt

A two-year-old Waterford Township boy was injured slightly when he ran into the side of a passing auto in front of his home Monday.

Michael K. Baker, son of Mr. and Mrs. Keith Baker, 2054 Kohler St., was treated at Pontiac General Hospital and released. Deputies said the boy ran from his front yard into the street and was struck by a car driven by Betty Jean McClure, 29, of 5765 Aylesbury St.

Sure, What Election?

KANSAS CITY (AP) — City Councilman Harry S. Davis said today he had found an alarming degree of apathy concerning the Republican and Democratic primaries Aug. 5. He polled 30 of his friends and found only one remembered the primary date, only five could tell him the names of at least four candidates, and six weren't even registered.

One-half the world's people live in eastern Asia.

Lack of Entertainment in Territory Insures Large Video Audiences

By HOWAD BENEDICT

NEW YORK (AP)—Long winter nights and a shortage of other entertainment have helped make radio and television a lively, growing business in Alaska, although it is cut off electronically from the 48 states.

★ ★ ★

Roy V. Smith, president of Alaska Radio and TV Sales in New York, reports that 80 per cent of Alaskan families have television sets and 95 per cent own radios. Improved television facilities are expected to boost the TV figure when statehood becomes a reality.

"Alaska is a natural for radio and television," says Smith. "Winter stays around from September to April, and six months out of the year it's dark by 3 o'clock in the afternoon. Except for movies and an occasional dance, there isn't much other entertainment."

★ ★ ★

There is no coaxial cable or microwave relay linking Alaska with the United States, so programing of all three major networks (ABC, CBS, NBC) is recorded or filmed and brought in by plane for showing on the average of two weeks after it is seen Stateside.

"Statehood is expected to speed the day when Alaska will be able to receive direct broadcasts," Smith says. "But it won't be in the near future because of the high cost."

★ ★ ★

He expects, however, that when statehood is achieved, many advertisers will reassign Alaska from the foreign to the domestic budget, with a greater outlay. ABC film syndication, which has sold 560 filmed shows in the territory in the last three years, already has taken this step.

"This probably will mean Alaska will get more of the better United States shows than it does now," Smith says, "with the possibility of receiving them a lot sooner than now. With more advertising dollars coming in, stations can pay more to have the process of recording programs speeded.

★ ★ ★

"It also may bring more stations to the new state."

Tot Mails Kitty to Grandma — Without Stamps

DETROIT (AP)—Three-year-old Nettie Angevine wanted to send a gift to her grandmother, Mrs. Myrtle Angevine, who is recovering from an operation.

The only thing Nettie has that is all hers is her kitten Blackie.

She dropped the little animal into a wide-mouthed mailbox without benefit of stamp or address.

A neighbor child saw Nettie and told the girl's father. He called postal authorities, who opened the box and found Blackie asleep on a pile of letters.

Cypriots Ordered to Remain Indoors

NICOSIA, Cyprus (AP)—Most of the feuding Greek and Turkish Cypriots today began a two-day house confinement intended to stop violence which killed five more persons yesterday and wounded 10.

British authorities ordered the Cypriots to stay indoors beginning at 4:30 a.m., on top of a 30-day dusk-to-dawn curfew imposed Sunday after the worst week of communal killing, in which 20 persons died.

TV Producer Divorced for Temper Tantrums

SANTA MONICA, Calif. (AP)—TV producer Rod Amateau would go off to the movies by himself when he got angry, his wife testified in winning a divorce.

Mrs. Joan Andree Amateau, former New York stage actress, received the decree yesterday after telling the court her husband's temper tantrums made her nervous and upset.

The court approved a property settlement and $350 monthly support for the couple's daughter Chloe, 3½, who will live with her mother. Amateau is 34, Mrs. Amateau 28.

Actor Becomes Father

HOLLYWOOD (AP)—Actor Dan O'Herlihy and his wife Elsie are parents again. The couple's fourth child, a 7-pound, 9½-ounce boy, was born last night. He was named Cormack.

Women to Hear Potter

DETROIT (AP) — Sen. Charles E. Potter (R-Mich) will be guest speaker at the conference of the National Assn. of Colored Women's Clubs July 28 in Detroit. Potter has also announced he will fly from Washington to take part in the Ionia Free Fair Aug. 4-6.

'SQUEEZE, DON'T JERK' — Pfc. Richard Fitzgerald, 7 Prall St., gets instruction on how to fire the .45 caliber sub-machine gun from Capt. Thomas W. Councell, 7595 Barnsbury, Union Lake, and Lt. Donald Mullan, of Chicago. The area men are members of Pontiac's 703rd Reserve Tank Battalion, now in summer encampment at Fort Knox, Ky.

Tokyo Raid Turns Up U.S. Goods

TOKYO (AP)—Eighty Japanese police and customs officers today raided Tokyo's downtown black market and seized enough American luxury goods to start a give-away program.

Six truckloads of television sets, refrigerators, washing machines, golf clubs, cameras, watches and 150 cases of U.S. canned goods, worth $30,000 in all, were confiscated in the raid on the "Ueno PX," an alley where U.S. Post Exchange items are sold at low prices to all comers.

The duty-free goods get into Japanese channels through illegal sale by U.S. servicemen or theft. They will be auctioned at the customs warehouse.

No arrests were made. Police said the area will continue operating because the law does not authorize closing down establishments for handling smuggled goods.

Water Diversion Hearings Slated

WASHINGTON (AP) — Hearings are scheduled to start Monday on a bill permitting increased water diversion from Lake Michigan.

Chairman Robert Kerr (D-Okla) of the Senate rivers and harbors subcommittee said he hoped to wind up testimony in not more than two days by limiting outside witnesses to 10 minutes each.

★ ★ ★

The proposal for speedy hearings drew immediate fire from Sen. Alexander Wiley (R-Wis), a long-time leader in the fight of Great Lakes states against increased Chicago diversion.

The measure, passed 14 months ago by the House, would permit Chicago to increase its direct diversion from Lake Michigan into the Illinois Waterway by 1,000 cubic feet a second.

A 1930 Supreme Court decision limits Chicago to diversion of 2,500 cubic feet exclusive of water pumped for drinking and other domestic purposes.

★ ★ ★

Kerr, considered a friend of the bill, said "I think we should wind up in one day, two days at the very most. After all, we've had hearings on this many times before."

Wiley, in a separate interview, protested the time limit for non-congressional witnesses.

"This (10 minutes) is certainly an inadequate time to five witnesses from out of town who have new material to present," Wiley said.

★ ★ ★

The decision to begin Senate action on the bill caused optimism on the part of diversion supporters that President Eisenhower might not veto the measure. He vetoed similar bills in 1954 and 1956, primarily because of Canadian objections.

★ ★ ★

A recent report by the Bureau of the Budget, an agency under direct control of the President, indicated it would not object if a compromise was agreed upon. That compromise would call for actual diversion for only one year and testing during the balance of the three-year period stipulated in the bill.

One relatively new complaint is expected to be voiced by foes of the bill—a contention that added diversion by Chicago would lead to Canadian diversion from the Columbia River in the Pacific Northwest in retaliation.

Great Lakes states and Canada have long contended that added diversion would imperil shipping and hydroelectric projects by lowering Great Lakes water levels.

★ ★ ★

Illinois and Chicago have denied this and added that more diversion is needed for navigation along the Illinois Waterway, connecting link between Lake Michigan and the Mississippi River.

One Little Lie Makes Such a Big Difference

LONG BEACH, Calif.—It's just a year ago that Leona Gage told a lie and got her picture printed on the front pages of the whole world.

WILSON

Now that I'm here judging this year's Miss Universe contest, I might tell you that the beautiful brunet from Baltimore who was briefly "Miss United States" at the Miss Universe contest in '57 is living happily in an attractive trailer camp with her sons, Gene, 4, and Nathan, 3, while at 19 she earns $200 a week as a showgirl.

After a few TV shows—and a screen test which didn't pan out—Leona settled down to a kind of normalcy here. She bought a car and a $10,000 trailer which she'll be paying for for some time.

★ ★ ★

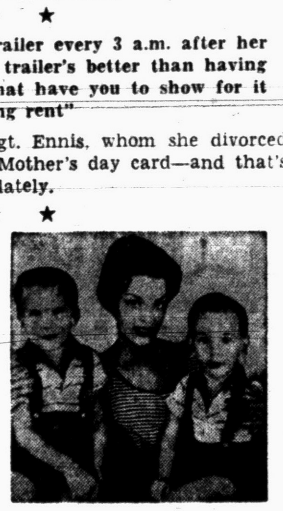

She drives back to the trailer every 3 a.m. after her last show. "I think having a trailer's better than having an apartment," she said. "What have you to show for it at the end of five years' paying rent"

Leona's soldier husband, Sgt. Ennis, whom she divorced a few months ago, sent her a Mother's day card—and that's about all she's heard from him lately.

★ ★ ★

"I'm the only girl in the show who has children," she said. "I can't be as free as the others because I have responsibilities."

"You can get a husband anywhere, but too often it's somebody else's husband," Leona said warily.

LEONA AND SONS

"This town has so many beautiful girls, the boys are spoiled. There are 10 shows here and with 20 girls to a show, that's 200 beautiful girls. Can you imagine what happens to a good-looking bachelor who comes to town? He almost gets killed."

Leona's studying acting here afternoons and her coach tells me she has kind of a "tragic talent." She figures that's the right word—tragic. "Besides everything else that happened this year," she reminded me, "I broke my foot doing the Charleston."

City Files Reply in Police Suit

Says Promotions Which 4 Officers Seek No Longer Needed

Positions on the Pontiac police force which four officers claim they are entitled to, are not needed, according to an answer filed yesterday to the law suit brought last month by the four.

City Attorney William A. Ewart, answering for defendants Walter K. Willman, city manager, and Police Chief Herbert W. Straley, said "it has now developed that there is no need for said positions at present time."

★ ★ ★

Ewart added that the recent Public Administration Service survey of the department "confirms this fact."

Sgts. Raymond E. Meggitt and Fred L. Goines, and Detectives Herbert C. Cooley and James H. LaPonsie, asked June 24 in Oakland County Circuit Court for a writ of mandamus ordering the city to promote them to four sergeant and lieutenant vacancies.

The officers charged the city was violating the Civil Service Act in not promoting them after the department complied with a request from Willman that eligibility lists be drawn up based on examinations.

★ ★ ★

These lists were asked for, Ewart said further, "in event appointments to any positions were deemed necessary by Willman."

In addition, the answer showed, the Civil Service Commission has never certified the four for promotions as required under the act.

"The plaintiffs are attempting to encroach upon the powers of the city manager and to dictate organizational procedures of the police department," the answer concluded.

The suit is expected to be heard around the latter part of next month, Ewart said.

Donelson School Peanut Carnival Set Wednesday

Youngsters from every section of Waterford Township have been invited to attend a gala Peanut Carnival to be held from 1 to 3:30 p.m. Wednesday at the Donelson School playground.

Fun-filled activities will not cost the participants one red cent—only peanuts, according to director Mary Lou Lackie.

Besides many interesting booths to be on display, there will be a cupcake walk, a sponge throw, fish ponds and a Chinese auction sale for the guests.

This is only one of many special activities scheduled for vacationing children in Waterford Township. Each playground is in the process of planning its own event, according to recreation director Tom Belton.

No Backseat Drivers!

TULSA, Okla. (AP)— A 5,250-mile ride with 70 women passengers and not one complaint about backseat drivers from bus drivers Glen Gray and O. D. Brown, who described the charter trip to Seattle, Wash., as "the most enjoyable" they've made. The women attended the National Business and Professional Women's convention.

County Endorses Plan to Reduce Condemnations

A plan which is aimed at making future highway construction in the state almost free of condemnation of private property yesterday received the endorsement of the Oakland County Board of Supervisors.

They unanimously approved a recommendation of the Inter-County Highway Commission that county boards suggest to municipalities adoption of new set-back ordinances which would make the plan possible.

Principally, the proposal, which is favored by the State Highway Dept., would prohibit buildings of any type within any highway right-of-way as outlined on master plans of cities, townships, and villages in the state.

Don R. MacDonald, Sylvan Lake supervisor in charge of the Road Committee of the Oakland board, said the proposal would now be referred to the different municipalities for study.

Postpone CAB Hearing

GRAND RAPIDS (AP) — A Civil Aeronautics Board hearing on complaints of Flint and Grand Rapids residents on adequacy of Capital Airlines service has been postponed from Sept. 9 to Sept. 29. A CAB examiner will hold hearings in one of the two cities.

The auto industray of the U. S. has turned out more than 140 million vehicles since 1900, and the greatest volume has been in the last few years.

Easy to Get Stung Buying Television Set

By PHYLLIS BATTELLE

NEW YORK—In my youth, I spent a good portion of my summers either stepping or sitting on bees. For a change of pace—and face — I occasionally nuzzled against one in the grass.

I cried often. At first, only from the pain; and later, as my acquaintance broadened to include evil-eyed boys who tore wings of flies, the tears came from guilt feelings of beeslaughter. I began to watch where the feet and other parts were going, and dozens of hapless honey hoarders were saved.

This year, after a quarter-century of relatively painless living, I am being consistently stung again. This time, by television repairmen of the kind who have matured from plucking wings to fleecing people. Today's tears are purely from fury.

"Perhaps," the Better Business Bureau suggests gently, "you have been a sucker?"

Never mind, they say, you are just like other gullibles around town. You have fallen for "wild promises from a small minority of gyps in the business," and there is something you can do about it.

The BBB says that honest dealers and capable service men for TV sets are to be found everywhere, and that outraged jerks like myself have only our own exaggerated stupidity to blame. We look for a nice, convenient repairman and expect wonders for nothing.

Or we hear of a new TV set that promises the moon. And that's what we get—plenty of moon watching. The set doesn't work.

The Better Business people are weary of indulging misguided bargain-hunters and have produced a set of rules to follow, in buying and maintaining television units. Number one, primary and top priority rule: "Buy by reputation."

"Find out where your friends and neighbors buy, and see what they think of the dealer or service man who helps him. You might pay a little more for an outstanding reputation, but you'll pay less in the long run."

The other regulations include:

★ ★ ★

1. Beware of outfits that promise a low flat-rate charge per service call, because there is no such thing.

2. Check list prices before buying a TV set, or you may spend $100 more for a set labeled "fantastic bargain" than you would spend for the same set in a legitimate shop.

3. Avoid shops that boast **"Write your own trade-in price" —or "top-dollar trade in;" too often, these outfits do business below the regular list trade-in prices.**

4. Watch out for the gyps-of-the-future—the guys who promise that only their sets (the higher-priced ones, that is) can be converted to color.

★ ★ ★

"The whole secret," says BBB, "is to check reputations thoroughly before investing in anything to do with television."

In other words, don't shoot the wad till you see the lily whites of their records.

CAMP PENDLETON, Calif (AP)—All but emergency leaves have been canceled for the 17,000 officers and men of the 1st Marine Division because of the Middle East crisis.

★ ★ ★

The 3rd Marine Air Wing at El Toro Marine Corps Air Station at Santa Ana has restricted liberty to an area within 50 miles of the base. The normal limit is 150 miles.

★ ★ ★

A Camp Pendleton spokesman said the division was being held ready for a possible move to the Middle East. Men on 30-day leaves will not be recalled unless the division gets orders to move.

"We don't know what might happen," he said, "but when they sound the button, we've got our barracks bags all packed. We're hot to trot."

Bagwell Returning to Upper Peninsula

LANSING (AP) — Republican Paul D. Bagwell plans to concentrate again this week on the Upper Peninsula in his campaign for the GOP gubernatorial nomination.

After meetings today in Detroit and Battle Creek, Bagwell expects to fly tomorrow morning to Marquette and to spend the rest of the week in the U.P.

On Thursday he is booked for appearances at Munising, Manistique and Newberry, and on Friday at St. Ignace and Sault Ste. Marie. He will return to Lansing Saturday.

Stolen Car Barely Missed

NEW ORLEANS (AP)— Donald Stephens, New Orleans auto dealer, had a car for delivery in Irvington, Va. Before he could arrange to transport the car, it was stolen and driven to Washington, D.C. Police recovered the car in perfect condition. It was in the hands of the new owner a few hours later.

His 2 Public Offices No Longer Problem

BAY PORT (AP)—The question of whether State Treasurer Sanford Brown can also hold office as president of the Bay Port Board of Education has been solved with the elimination of the district.

The Bay Port District voted 111-26 yesterday to annex Elkton-Pigeon area schools. The election results eliminated the district and the board of Education.

Brown's eligibility to hold two offices was questioned recently as a result of a state attorney general's ruling in a similar case.

Two Lions Fight at Zoo

PAWTUCKET, R.I. (AP)—Trouble brewed again at the Slater Park Zoo when two African lions, separated in their cages by a partition, clawed away at each other by reaching around iron bars. Recently a Canadian black bear and a polar bear mixed it up from their adjoining cages.

Burn 8 School Buses

CALEDONIA (AP) — Police are seeking thieves who caused a $15,000 fire Sunday night while siphoning gasoline from the buses in the garage of Caledonia County High School. Two buses were destroyed and six damaged. Supt. Andrew Cherpes said the flames spread from smudge pots used by the thieves to illuminate their work.
