

Shriver Likely Choice for U.N. Job

NEW YORK (AP) — President-elect Nixon apparently is determined to appoint a big-name Democrat as U.S. ambassador to the United Nations, and a source in the Nixon camp indicated today the job would go to Sargent Shriver.

Shriver, currently ambassador to France, flew here hurriedly and conferred with Nixon for more than two hours Sunday. Yesterday he went to Washington, where he met with his

brother-in-law, Sen. Edward M. Kennedy, D-Mass.

Then he returned to New York where he boarded an Air France plane back to Paris. At Kennedy Airport, he delayed the flight for several minutes while he made telephone calls to other members of the Kennedy family.

Ronald L. Ziegler, Nixon's press spokesman, announced last week that Vice President Hubert H. Humphrey had declined a firm offer from Nixon for the U.N. post.

HE HOLDS BACK

Addressing the board of directors of the Boys' Clubs of America last night,

Related Story, Page D-1

Nixon said he knew his audience would like to learn about the members of his Cabinet, but that he would withhold the disclosure until tomorrow.

In addressing the Boys' Club board, which he headed for four years, Nixon said it was his hope that a way could be found to channel some of the social welfare funds of the federal government through private voluntary organizations of that kind.

Chairman William McChesney Martin of the Federal Reserve Board, after conferring with Nixon, agreed to remain on

the job in the next administration and told reporters he thinks the President-elect will curb inflation.

Martin, a former president of the New York Stock Exchange and much respected by "sound money" advocates, told reporters at Nixon's Pierre Hotel headquarters that he sees an inflationary psychology continuing.

But when asked if he believed Nixon could put an end to it, Martin replied: "I think Mr. Nixon will. I was very encouraged by the meeting."

Martin said Nixon asked him to continue on the job until the normal expiration of his term on Jan. 31, 1970.

He said he would stay on and "do everything I can to help Mr. Nixon in the difficult days that he has ahead of him." But he said that for personal — not political — reasons he stopped short of giving a firm commitment to continue until 1970. By then, Martin would have spent 20 years at the helm of the reserve board.

Earlier yesterday, Nixon met with a former official who once worked very closely with Martin: Robert B. Anderson, a New York investment banker who was under secretary of defense and secretary of the treasury in the administration of former President Dwight D. Eisenhower.

Yesterday afternoon, the President-elect announced word of two additional (Continued on Page A-2, Col. 4)

SARGENT SHRIVER

Filing Is Tomorrow for Recount on DST

LANSING (UPI) — Forces supporting Daylight Savings Time for Michigan to day announced they will ask for a recount of the Nov. 5 election defeat of last time.

The Board of State Canvassers certified yesterday that DST officially lost by 1,501 votes — 1,401,438 to 1,402,939. Unofficial returns reported immediately after the election had it winning by 25,000 votes.

Harry R. Hall, president of the State Chamber of Commerce, said the recount petition will be filed tomorrow. He said

Local C. of C. Elects Officers

The Pontiac Area Chamber of Commerce today announced election results of its board of directors for 1969. The newly elected directors and their terms are as follows:

Three-year terms: Robert W. Swanson, director of business affairs at Oakland University; Dale Carney, owner of the Kast Heating & Cooling Co.; Joseph Durant, part-owner of K-D Sales & Service; Ted McCullough Jr. of Ted McCullough Real Estate; John Riley, advertising director of The Pontiac Press; James Clarkson, president of the First Federal Savings of Oakland; Robert Norberg, vice president in charge of mortgages of the Pontiac State Bank; and Robert Parenti, attorney.

Two-year terms: Richard Minewasser of the Equitable Life Assurance Society; Ben Brett, optometrist; and Dr. Harry L. Riggs, physician.

One-year terms: Howard Nelson, general manager of Pontiac Sears & Roebuck Co.; John Hanson, president of the Michigan Credit Counsellors; Charles Tucker, of Tucker Realty; and Lewis Wint, of the Lewis E. Wint Funeral Home.

Officers will be elected at the regular board meeting scheduled for Dec. 16.

U.S. May Ask Swiss Curbs on Secret Accounts

WASHINGTON (AP) — Informal discussions have begun with Switzerland to curb the use of secret bank accounts by Americans intent on avoiding taxes and restrictions on stock market speculation, Justice Department sources say.

These sources said the talks probably will be continued by the incoming Nixon administration with the aim of negotiating a treaty that would limit what was described as widespread abuses.

The House Banking Committee heard testimony yesterday that numbered bank accounts, guarded by the stiff Swiss laws guaranteeing secrecy, were being used by:

- Gangsters and loan sharks concealing illegally acquired money.
- Casino operators siphoning away some of their cash receipts to avoid income tax.

• Salesmen doing business abroad and putting some of their commissions out of reach of U.S. tax authorities.

• Corporation officials dodging U.S. restrictions on trading with inside information.

• Enormous numbers of stock market investors trying to circumvent either the tax laws or the restrictions on trading on margin.

CRIMINAL ACT

Chairman Wright Patman, D-Tex., said at the close of the hearing he will introduce legislation making it a crime for a U.S. citizen to deal with a foreign bank not allowing U.S. government inspection of its records relating to American accounts.

Patman, who said the hearing will be reconvened after January, indicated he also will press for legislation to put all foreign banks operating in the United States under federal supervision.

He also indicated he will ask the Federal Reserve Board to make certain that margin requirements for exchange trading are being met by domestic and foreign customers.

CHATting WITH SPIRO—Philadelphia Mayor James Tate, president of the Congress of Cities, leans over to talk with Vice President-elect Spiro Agnew, who addressed the 45th annual convention yesterday in New Orleans.

Poor Shouldn't Run Programs — Agnew

NEW ORLEANS (AP) — Vice President-elect Spiro T. Agnew says elected officials, not the poor, should have the final word on policies and priorities in the nation's poverty programs.

"Let us not see an absence of compassion in an insistence on competence," the Maryland governor told more than 3,000 officials of the nation's cities yesterday. "Let us encourage participation of the poor where they can make an effective contribution."

"But let us not confuse the disclosure of symptoms as a substitute for the wisdom of trained professionals. There is ample opportunity and need for each."

Agnew, a luncheon speaker at the annual Congress of Cities, said both state and local governments at times "have been short-circuited by an increasing, disturbing trend of federal aid grants to nongovernmental entities."

EXPLAINS MEANING

Later, at a news conference, Agnew said he was referring primarily to so-called community action programs — a major vehicle during the Johnson administration for participation by the poor in the poverty war.

"I'm not relating to nongovernmental entities that are well-established, well-trained and that have peculiar expertise for doing what is necessary, such as hospital units and that sort of thing," Agnew said. "I'm talking about the community-action programs that too frequently involve grants of money to newly formed groups of individuals who espouse a lofty purpose without equivalent knowledge of how to accomplish it."

Agnew, designated by Nixon as his liaison with state and local governments, said programs that are working well "should not be disrupted to prove a point. But I say the final determination must be left to elected officials."

"I thought Rockefeller gave a great talk," said Negro Councilman George Allen of Dallas, Tex., when asked about the Agnew speech. New York Gov. Nelson A. Rockefeller spoke to the Congress earlier in the day.

"It's hard for me to believe he wants to make a complete right turn in these procedures," said Congress President James H. J. Tate, mayor of Philadelphia. "I don't think he knew what he was talking about."

Clifford Hopes Talks to Bring Mutual Pullout

From Our News Wires

WASHINGTON — Secretary of Defense Clark M. Clifford said today he hopes that enough progress can be made in the Paris peace talks during the next 40 days that the United States and North Vietnam could agree to a mutual withdrawal of troops from South Vietnam.

Clifford said in response to close questioning at a news conference, however, he did not mean to imply that troops are indeed about to be withdrawn. He said this will depend on how the Paris negotiations proceed.

Meanwhile, in Paris today, the Vietcong's National Liberation Front charged that since President Johnson ordered the bombing of North Vietnam halted, the number of U.S. B-52s bombing South Vietnam has doubled and the number of the B-52 sorties has tripled.

NLF spokesman Duong Dinh Thao told a news conference the B-52 attacks prove that the U.S. government is "continuing to intensify the war."

If the United States and the Saigon government continue to pursue the war and obstruct the peace talks, he declared, they "will suffer ever greater defeats on the battlefield, and the struggle of the South Vietnamese population temporarily under the Saigon administration will develop with ever greater intensity."

Earlier, the Vietcong insisted on equal rights in any Vietnam war talks, further imperiling the already-delayed negotiations.

Communist and allied diplomats agreed there is virtually no chance the talks between the United States, North and South Vietnam and the Vietcong can open this week.

Nobel Prizes to 5 Americans

STOCKHOLM (AP) — Five American scientists and a Japanese author, Yasunari Kawabata, today were awarded 1968 Nobel Prizes for their contribution to the "benefits to mankind."

The prestige-laden awards, each worth a record 350,000 crowns, about \$70,000, were handed out by Sweden's scholarly 86-year-old King Gustaf Adolf VI at a pageant mixed with royal pomp, academic rites and solemn music.

The all-American team of scientific laureates were:

Prof. Luis Alvarez, 57, of the University of California at Berkeley, winner of the prize for physics.

Norwegian-born Prof. Lars Onsager, 65, of Yale University, the chemistry prize winner.

Three biochemists, Drs. Marshall W. Nirenberg, 41, of the National Heart Institute at Bethesda, Md., Indian-born Har Gobind Khorana, 46, of the University of Wisconsin, and Robert Holley, 46, of Cornell University, Ithaca, N. Y. They shared the prize for physiology and medicine.

Earlier today, in Oslo, this year's Nobel Peace Prize was presented by the Norwegian Nobel Committee to French jurist, Prof. Rene Cassin for his human rights work. He said he would use most of the prize money — \$70,000 — to found an institute for human rights in Strasbourg.

Justice Dept. Drops Powell Probe

WASHINGTON (AP) — A federal grand jury investigation of Adam Clayton Powell has been dropped, but a congressional opponent says he still will seek to bar the Harlem Democrat from reclaiming his House seat.

The Justice Department said last night it had let the grand jury expire without recommending that it indict Powell on charges of misusing some \$40,000 in public funds.

"Available evidence did not warrant prosecution," the department said. It added, however, that it was studying

the possibility of a civil action to recover the funds.

NOT AVAILABLE

Powell was not immediately available for comment.

Powell was excluded from the 90th Congress March 1, 1967. The House, in a 278-to-176 vote, went further than the recommendation by a select nine-man committee that he be censured.

He was accused of using public funds for his own pleasure, keeping his wife on the congressional payroll while pocketing

her salary and making private airline trips at government expense.

The grand jury investigation had been going on for 18 months.

MIGHT CLEAR WAY

The length of the investigation had prompted some congressmen to say privately that failure to hand up an indictment would clear the way for Powell to take his seat in the next Congress.

The exclusion did not carry over and Powell won his usual landslide reelection Nov. 5.

Rep. H. R. Gross, R-Iowa, said last

night the lack of an indictment would not affect his intention to try to block seating Powell.

"There will be a number of others opposed to him," Gross said. He declined, however, to estimate opposition strength or to name any of those opposed.

Rep. G. V. Montgomery, D-Miss., said he supports Gross.

"If we can get a roll call on this — and I think we can — I don't think he will be seated," Montgomery said.

It takes the objection of only one member to require a roll call vote on seating Powell.

ADAM CLAYTON POWELL

Birmingham Education Said Aid to Solving Drug Problem

BIRMINGHAM — Combating the increase of drug abuse by teenagers is basically a problem of education. Young people should be taught a respect for drugs by their parents and through the schools.

This was the conclusion reached by Dr. Martin Barr, dean of the college of pharmacy at Wayne State University, and Eugene A. Moore, Oakland County probate judge, at a meeting last night on the drug-abuse problem.

Speaking before a crowd of about 2,000 at Covington Junior High School, Barr said, "One of the reasons children of high school and junior high age use drugs is because they don't believe adults who tell them they can be harmful."

Barr emphasized that the medical use of drugs is beneficial when they are used properly; narcotics, sedatives, tranquilizers, stimulants and even hallucinogenic drugs are necessary.

PRIMARY DIFFERENCE

Children often see their parents using any one of the drugs and not forming an addiction to it.

The primary difference between addiction and the habitual use of a drug is that with addiction there are usually severe withdrawal symptoms, Barr said.

He explained that marijuana is considered a weak hallucinogenic drug that is not addictive and its use usually results in a certain release from tension, accompanied by an increased pulse rate, inner joy without a corresponding reason and also a craving for sweets.

There is no physical damage connected with the use of the drug itself but it can cause distortion in an individual's perspective which can cause him to harm himself or others, Barr said.

MOST POTENT

He said LSD is the most potent of the hallucinogenic drugs and though it too is not addictive it can cause serious physical and physical disorders in an individual depending on his emotional stability.

Moore, speaking on the use of drugs by juveniles in Oakland County, said the main reason youngsters wind up in juvenile court for drug use and other crimes is because of an inadequate home life.

He said three years ago in Oakland County two cases of drug abuse were tried in juvenile court. As of November of this year, there were 41 cases heard.

As long as a youth is under 17 he is tried in the juvenile court and the crime is considered a civil rather than a criminal offense. It is up to the particular judge to determine the punishment because there is no set punishment for the crime, Moore said.

FACTORS CONSIDERED

The judge relies upon various factors to determine the punishment, such as the youth's past record.

No New Flu Yet Noted in County

Oakland County still has had no reports of confirmed cases of Hong Kong flu.

However, Dr. Bernard D. Berman, county health director today said "I am sure we have had several cases, most of which involved persons who were infected in recent travels to the West Coast and in some of their close contacts."

He noted there had been a higher-than-average incidence of minor respiratory illness (cold symptoms), but no reports of absenteeism approaching the 50 per cent mark as has been reported elsewhere.

Berman still contends that the flu will spread and probably reach a peak here in January.

DANGEROUS COMPLICATIONS

He confirmed that the new Hong Kong flu is reportedly less severe than the previous Asian influenza the country experienced — that its dangers lie in complications such as pneumonia and middle-ear infections which may develop.

The symptoms, he notes, are common with many other illnesses. Victims are urged to see their family doctors.

A very limited supply of special vaccine has been recommended for the use of the elderly and chronically ill.

Valve Leak Mars Apollo 8 Dry Run

CAPE KENNEDY, Fla. (AP) — The launch crew today began rerunning the final nine hours of a 102-hour practice countdown for the Apollo 8 mission.

A leaking valve halted the test yesterday just two hours before it was scheduled to be completed. The National Aeronautics and Space Administration said the trouble would not affect the scheduled Dec. 21 blastoff of Apollo 8 with its three-man crew to circle the moon.

The countdown started last Thursday with five extra days for the launch crew to correct any trouble. Officials pointed out that four extra days remain in case additional trouble pops up.

READY FOR ANYTHING — Several members of the San Francisco Police Department stand ready to ward off any attack on the Business and Social Building at San Francisco State College yesterday afternoon. The police rushed to the

scene after a trash can (visible near door) was hurled through a plate-glass door in the building. Many other windows were broken by striking dissident students.

Injuries From Accident 17 Missing on Craft

A 15-year-old Troy boy died yesterday in William Beaumont Hospital, Royal Oak, of injuries suffered in an auto accident Dec. 5.

Troy police said Gary L. Bortoli of 871 Owendale was struck by a car driven by Daniel J. Wroubel, 25, of Sterling Heights while crossing Livernois on foot near Troy High School.

Wroubel was northbound on Livernois when the accident occurred, police said, and was not ticketed. Police said Bortoli apparently ran in front of the auto.

A sophomore at Troy High School, Bortoli was a member of the Troy reserve basketball team.

Divers to Hunt Ship Again

NEW ORLEANS (UPI) — Divers descend again today to the Mississippi River bottom to search for the bodies of 17 crewmen apparently killed when their Coast Guard cutter collided with a freighter Saturday night.

The search for the bodies and the hull of the 133-foot cutter White Alder was halted yesterday when oil slicks and swift river currents endangered the divers.

"The current was simply too strong," said Capt. Donald Davidson.

Meanwhile, a four-man maritime board of inquiry begins its investigation here into the collision of the White Alder and the National Chinese freighter Helena near White Castle, La.

Three Coast Guardsmen survived the collision. There were no casualties aboard the freighter.

The collision, in 90 feet of water, was described by Coast Guard officials as the worst peacetime disaster involving guardsmen in the service's history.

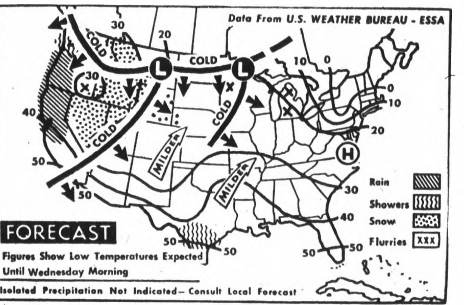

Searchers were not completely certain they had fixed the exact position where the cutter rested on the bottom. But they were reasonably sure of the location after a life jacket bobbed to the surface between two buoys marking the general collision site.

There will be snow from the central Rockies through the Great Basin. Rain is predicted for southern Texas, and snow flurries are seen for the upper Great Lakes.

Police Seek Data on Slain Woman

City detectives, checking on the whereabouts of a 36-year-old Pontiac divorcee before she was murdered over the weekend, have come up with no solid information.

Detective Capt. Charles Gale said today they are hunting for information about a man who reportedly picked up Mrs. Gwendolyn Perry, 74 S. Anderson, after she finished work at 6 p.m. Saturday as a check-out girl at Kmart Store, 7 S. Glenwood.

The victim was found strangled and partially clothed in a field off Giddings Road at about 10 a.m. Sunday.

"We don't know what the motive of the killing was yet, but it was not robbery," Gale commented.

REPORT TO COME

"We believe she was killed in the field by strangulation," he said, "but we won't know if rape was involved until we get the autopsy report in a few days."

Gale said detectives have investigated several leads which were phoned in and are still hopeful of locating people who might have seen Mrs. Perry Saturday night.

No Meeting Tonight

Since Pontiac city commissioners are out of town through tomorrow attending the National League of Cities Convention in New Orleans, there will be no commission meeting tonight. The next regular meeting will be 8 p.m. Dec. 17.

AP Wirephoto

NAMED BY NIXON — Appointed by President-elect Richard M. Nixon as special assistants yesterday were James L. Brown (left) and William Safire (center). Federal Reserve Board Chairman William M. Martin (right) has agreed to keep that position in the change of administrations.

Shriver May Get U.N. Post

(Continued From Page One)

To serve as special assistant he named Robert J. Brown, 33, of High Point, N.C., and William Safire, a 38-year-old author and New York public relations man who served as a writer in Nixon's 1968 campaign.

Brown, a Negro, was said to be getting an assignment of general scope but, as he put it to newsmen, will concentrate particularly on Nixon's plans to promote "black capitalism." He has been associated with the Southern Christian Leadership Conference and the National Association for the Advancement of Colored People.

He said he hoped to work with the more militant Negro groups, among others, declaring:

"You're not going to get in the door with a firebomb or a brick to have to throw will be open."

HIS OWN BUSINESS

Brown is president of B&C Associates, a public relations and advertising firm in High Point.

In January 1965 he was named High Point's Young Man of the Year.

Last January he was elected secretary of the antipolity North Carolina Fund. He attended Virginia Union University in Richmond and North Carolina A&T University in Greensboro.

He has been a supervisor of recreation and a policeman in High Point and a Treasury Department narcotics agent in New York City.

POLICY AND PROGRAM

Safire, it was said, will concentrate on policy and program development. He said that meant he'd be doing a lot of writing for the new administration.

Another Nixon visitor Monday was Republican Mayor John V. Lindsay of New York, who said he dropped by to talk about the problem of New York and other cities.

Ice Still Too Thin, Officials Warn

Oakland County Sheriff's Department and the State Police warned people yesterday to stay off newly frozen lakes and ponds until the ice is at least three inches thick.

Capt. Leo Hazen of the sheriff's department also advised snowmobile enthusiasts to keep the machines off the ice until it is frozen solid.

Both authorities said the first thin covering of ice is very dangerous. At least 14 ice drownings occur in Michigan each year, State Police Director Col. Frederick E. Davids said.

"Each year we have far too many drownings that result from 5 m 11 children venturing on this ice," Davids said.

Adults should check the thickness of the ice before letting children on it and should then supervise activity on the ice, according to Davids.

Hart Indicates Muskie Bid for Senate Post Is Unlikely

WASHINGTON (AP) — Chances seem to be fading for a challenge led by a Michigan liberal to Sen. Russell B. Long's bid for reelection as the assistant Democratic leader, or party whip, in the U.S. Senate. Sen. Philip A. Hart of Michigan, regarded as the leader of the Democratic liberal bloc, indicated at a news conference Monday that a move to oust Long is unlikely.

Hart is known to have been hoping that Sen. Edmund S. Muskie of Maine, the defeated Democratic vice presidential candidate, might decide to run for whip.

However, in response to questions, he said that while he would welcome Muskie as a candidate for the post, he was not twisting his arm.

MORE CONFINING

Indications are that this is in line with Muskie's own thinking. As whip, Muskie would be more confined to the Senate

floor and might feel less free to speak out on issues if he found himself in disagreement with Democratic leader Mike Mansfield of Montana.

For the first time since becoming the party leader, Mansfield will be in position in the new Congress to set party policy without the restraints of having a Democratic president in the White House.

Muskie apparently will have plenty of forums in which to make himself heard. He has received, and continues to receive, more speaking invitations than he can handle since his campaign for the vice presidency.

Bank-Robbery Suspect on FBI 'Top 10' List

JACKSON (AP) — An accused bank robber, who police captured by tracing footprints through the snow, has been identified as one of the Federal Bureau of Investigation's 10 Most Wanted Men.

Levi Washington, 36, a native of Alligator, Miss., was in custody in Detroit where he was taken for arraignment in the unsuccessful robbery of a branch of the National Bank of Jackson.

About \$36,000 taken in the robbery Thursday was recovered. Washington and a man who said he was Allen Rose were arrested at a house in Jackson when police, working on a partial description, found a car believed used in the robbery. They followed footprints through the snow to a house and arrested Rose and Washington, who gave his name as Paul Carter.

CHARGED IN ROBBERIES

Washington, charged with taking almost \$37,000 in the robbery of three New Orleans banks, was placed on the FBI list about Nov. 15. He escaped from a jail in Chicago on Aug. 16 while awaiting trial on a charge of robbing a church.

Washington's identity was learned when Jackson police detective Bernard Brown made a routine fingerprint classification check on Monday, the FBI said.

Washington is also charged with violation of a federal escape statute and with violation of parole. Federal agents said Washington has been convicted of several crimes including larceny and selling, receiving and concealing narcotics.

State Official to Get Award

LANSING (UPI) — Dr. John F. Quinn, state veterinarian and chief of the State Department of Agriculture's Animal Health Division, has been chosen to receive the 1968 Albert Schweitzer award.

The medal was to be presented today in ceremonies at Washington, D.C., by Jack Howard, president of the Scripps-Howard newspapers.

Quinn was selected for his contributions to animal welfare — particularly his development in 1967 of a new, permanent animal welfare committee as part of the U.S. Animal Health Association.

Previous winners of the medal include Vice President Hubert Humphrey and the late authoress Rachel Carson.

MEMBER CHAMBER OF COMMERCE — FREE PARKING

ANN ARBOR, FLINT, BATTLE CREEK, LANSING, JACKSON
SAGINAW, PONTIAC, KALAMAZOO

MERIT AWARD — George E. Parsons (right), assistant field operations director for Michigan State University, presents a certificate of merit to Supervisor William L. Mainland, chairman of the cooperative extension service committee of the Oakland County Board of Supervisors, as William F.

Muller, county extension agricultural agent, watches. The certificates were awarded to committee members at a meeting yesterday, the last for the committee under the present board of supervisors.

Former Home Economist

4-H Youth Agent Is Named

A new 4-H youth agent was named yesterday to the Cooperative Extension Service staff of Oakland County.

Mrs. Heidi Spaller, former home economist with the extension service staff of Roscommon and Crawford counties, was appointed at the last meeting of the Cooperative Extension Service Committee of the present Oakland County Board of Supervisors.

Mrs. Spaller received a bachelor of science degree from Michigan State University in 1965. She taught school

in New Baltimore for a year before becoming an extension home economist. She replaces Richard W. Brown, 25, who has been reassigned to Ingham County, effective Jan. 1.

FOR THREE YEARS

Mrs. Spaller will work with Emil Fimbinger, who has supervised the county's 4-H program for three years. At yesterday's meeting, committee members also received certificates of merit from MSU for their work on the committee.

George E. Parsons, assistant field operations director for MSU, awarded the certificates to Supervisors William L. Mainland (chairman), John Lessiter, Hadley J. Bachert, C. Milton Nelson, James L. Reid, John J. Rusher and William K. Smith.

Birmingham Firm Buys Major Interest in Bank

ROGERS CITY (AP) — Controlling interest of the Presque Isle Bank has been purchased by Rogers Investment Co. of Birmingham, the firm announced yesterday. Price of the sale was not disclosed.

Lee E. Morrison, an officer of the investment firm, has been named chairman of the bank's board. "Presque Isle Bank will continue to remain a local institution operated by local people," Morrison said.

Police Tell of Robbery at Oxford Party Store

OXFORD — Don's Party Store, 77 W. Burdick, was robbed last night, Oxford police reported.

Police said Don Mersino, owner of the store, was robbed of his wallet containing \$25 or \$30 in cash, a \$150 watch, and about \$225 from the store's cash register at about 7:50 p.m. Further details were unavailable.

County Teamster Is Charged With Beating of Rebel

DETROIT (AP) — A Berkley truck driver was named yesterday by the Federal Bureau of Investigation as the man who beat another member of the Teamsters union attempting to pass out handbills unfavorable to the union's imprisoned president, James R. Hoffa.

Charged with violating the right of union rebels was Michael C. Bane, 21. He is the son of Joe Bane, president of Pontiac Teamster Local 614. The complaint prepared by the U. S. Attorney General's Detroit Task Force on Organized Crime and Racketeering charged that Bane attacked Bernard Jacobus, who was distributing literature in front of the Teamsters Hall near Tiger Stadium in Detroit. An election of officers was taking place inside the hall.

A series of dramatic photographs of the beating were made by a Detroit photographer. The assailant was not identified immediately.

Bane was arraigned on the charge before a federal judge and released on \$1,000 bond. A preliminary hearing was set for Jan. 24.

At Roosevelt Temple

Local Masons Install Officials

A Pontiac Township man has been installed as Worshipful Master of Brotherhood Lodge 561, F&AM, Pontiac. Earmon H. Howard, 3180 Giddings, was installed in a ceremony at Roosevelt Temple, 22 State, Pontiac.

Other new officers from Pontiac Township include Clayton Lovelace, 2437 Snellbrook, senior warden; Max Lee, 1784 Briarvale, junior warden; Fred Oles, 2034 Knollwood, treasurer; Fred Wilder, 3053 Bessie, senior deacon; and Albert O'Connor, 3570 S. Adams, steward.

Installed from Pontiac were Dennis England, 78 Summit, Donald Moore, 724 First; Jerry Staley, 663 E. Pike; and Robert McAllister, 457 Emerson, all stewards; John Richardson, 108 Court, marshal; and Benton Threlk, 714 Robinson, tyler.

OTHER INSTALLATIONS

Also installed were Past Master Robert F. Schmidt, 9268 Steepholow, White Lake Township, secretary; Charles Goodman, 3390 Thomas, Oxford, junior

EARMON H. HOWARD

MRS. HEIDI SPALLER

Approval Given to Farmington Twp. Project

FARMINGTON TOWNSHIP — The Township Board last night approved a special assessment district for sanitary sewers for Springland subdivision, after a public hearing on necessity of the project.

Estimated cost of the sewer project is \$379,300. Basic cost per lot will be about \$2,580, plus a \$350 interceptor connection fee and \$2.3 per foot for the line from the house to the sewer in the street, according to township Supervisor Curtis Hall.

The township plans to proceed with a costs-and-estimate hearing unless it receives letters opposing the sewer project from more than 50 percent of the lot owners — signed by both husband and wife — before the next meeting, Dec. 16.

BONDING RESOLUTION

A bonding resolution was passed for special assessment districts for water for Park Hill, Franklin Forrest, Coventry and Franklin Fairway subdivisions. The estimated cost will be \$123,811 with bonds totaling \$120,000 if approved by the Michigan municipal finance commission.

Another bonding resolution was passed for a special assessment district for sewers for Orchard Lake — from Bond to vacated Washburn — and Karen Court — Farmington Gardens.

Estimated cost will be \$116,400 while bonds will total \$115,000 if approved by the commission.

The board also adopted by reference the new amendments to the state traffic code, making them part of the township's traffic code.

Yule Concert Tonight at Lake Orion Meeting

LAKE ORION — A Christmas concert will be presented by the band and fifth and sixth grade choirs at tonight's 8 p.m. meeting of the Carpenter School PTA.

Nominees for PTA posts for next year will be introduced at the meeting, which will take place at the school.

Holly Schools OK Plan to Ease Class Squeeze

By TOM GRAY

HOLLY — The board of education last night adopted the latest of a series of proposed programs to ease serious classroom shortages.

The proposal will go into effect for one year beginning next fall, with the board to reassess its situation next December.

Under the new plan, classes will begin at 7 a.m. — an hour early — for 170 seniors. The early classes, Schools Supt. Russell Haddon explained, will ease crowding in certain special work areas — industrial arts, typing, and science labs.

The two-room Washington Street School, used for elementary classes several years ago and more recently for storage, will be remodeled and used to accommodate junior high school classes, particularly social studies and English.

BIGGER PUPIL LOADS

Elementary class sessions will be "loaded" beyond the present ratio of 30 pupils per class, with teacher aides — assistants trained to help with routine classroom duties — assigned to the most crowded sections.

While offering the proposals as a new alternative for the board, Haddon said the administration viewed an earlier plan which included half-day sessions as

being better educationally for junior and senior high students.

The problem of overcrowding has been traced in part by school officials to unexpected enrollment increases this fall, which boosted class sizes to more than 30 students per teacher in some sections.

The enrollment increase was greatest in elementary grades. Total enrollment for this year is 3,378—236 over last year and double the anticipated increase.

IN THE UPPER GRADES

There are 825 students in grades 7-9 and 724 students in grades 10-12.

The problem is further aggravated by the fact that voters turned down a \$5.2-million bond issue for construction in February.

PURCHASE SOURCE

Haddon reported that portables could be purchased from Educators Sales,

Inc., a Jackson firm, for \$12,285 apiece for cash or \$15,857 on a five-year payment plan.

"If we used portable classrooms, they should be located at Davisburg Elementary and Holly Elementary," Haddon commented, "but we'd run into septic system problems at Davisburg — the system they have there probably would not handle another three units."

The superintendent added, "If it's possible to handle problems in another way, we'd like not to use portable classrooms."

Teacher aides, Haddon explained, would make about \$18 per day and would be responsible for such duties as taking attendance, collecting lunch money and perhaps grading standardized tests.

THREE USED NOW

Three aides are presently employed in sixth grade classes, he said.

In other business, the board set a date of March 1 for a general election, without deciding whether a bond issue or an operating millage levy would be proposed.

Renewal of a 3-mill one-year levy approved by voters in June is a strong ballot possibility for the upcoming election, according to Haddon.

Lapeer County OKs \$1-Million Budget

The Lapeer County Board of Supervisors has approved a \$1-million budget for 1969.

The total amount of \$1,071,479, largest ever, represents a \$100,000 increase over the 1968 budget.

Allotments for most areas were increased. The county may have some trouble making ends meet, since the budget carries a contingency fund of only \$5,000 to meet unexpected expenses.

Lapeer County sheriff's deputies, offered a \$400 raise and Blue Cross insurance coverage, are currently holding out for further pay hikes.

SETTLEMENT 'NOT NEAR'

Negotiations have been under way between the deputies and the board for two months. County Clerk Lytle Stewart said a settlement "does not appear to be near" and that he expects the new seven-man board of supervisors, which takes office in January, to be faced with the problem of solving the negotiations.

Deputies are presently paid a maximum yearly salary of \$6,300, with overtime pay of \$2.50 per hour for over 54 hours a week.

General fund employees will receive a

\$400 raise and Blue Cross. Allotments for county offices are as follows:

- Sheriff's department, \$185,000.
- Friend of the Court, \$23,700, up \$5,500 from 1968. Jack Cross, friend of the court, had requested an additional \$15,000, citing manpower needs.
- Social services, \$120,000, a \$20,000 increase over 1968.
- Prosecutor, \$25,300, a \$6,000 boost.

SUPPLEMENT WITHDRAWN

The board withdrew the \$2,000 supplement paid by the county to Circuit Judge James Churchill, cutting his overall salary from \$24,000 to \$22,000.

The judge receives \$20,000 from the state, but Lapeer and Tuscola counties had increased that salary by \$2,000 apiece to make the job more attractive.

The cut also applies to the county's newly-elected second circuit judge, Norman Beasley.

A similar change in pay for two Oakland County Circuit Judges has recently been labeled unconstitutional by Robert Allen, corporation counsel for the Oakland County Board of Supervisors.

Whether Allen's opinion will be shared by other legal authorities remains to be determined.

Wolverine Lake Bid Still Snarled

Petitions filed May 15 with the county Clerk to incorporate all of Wolverine Lake Village and part of Commerce Township are still under scrutiny by the boundaries committee of the Oakland County Board of Supervisors.

Charges that the petitions misrepresent facts will be investigated, and it will be up to Corporation Counsel Robert Allen to determine if the committee goes ahead to recommend an election date to the county board.

Commerce Supervisor Robert Long, who also serves as a member of the boundaries committee, was asked to prepare a list of allegations. The list will then be submitted to Wolverine Lake officials for their response; and the two briefs will then go to Allen.

Some four square miles of township property north, west and southwest of the village are involved. The area reportedly contains about 500 residents. Another 3,000 live in the village.

MEETING CALLED

The boundaries committee expects it will have to meet again after the Dec. 17 board of supervisors meeting to evaluate Allen's report and make recommendation to the new board.

Items of question are the names of petition circulators—"Were they actually the people who circulated the petitions?"—and whether all signers were shown a map of the area to be incorporated.

Write Your Congressman, Urge Foes of ABM Site

Having sounded the alarm over the Army's intention to locate a projected Sentinel antiballistic missile (ABM) base in the Pontiac area, two university scientists now are calling for a write-your-congressman protest campaign.

Dr. Alvin M. Saperstein of Wayne State University and Dr. William Hartman of Michigan State University want a public hearing on the question of whether the Sentinel sites should be so close to heavily populated areas.

Meantime, Congressman John Conyers, D-Detroit, has announced he will call a meeting of congressmen in his area to discuss what action might be taken to prevent the missile base construction.

Saperstein contends the defensive nature of the missiles would indicate they would have to sit nearly fully armed with nuclear warheads rated at several megatons.

The WSU physicist claims an accident in the handling of the missiles could

make a wide area of southeastern Michigan uninhabitable.

The U.S. Army Corps of Engineers is currently studying prospective Sentinel base sites in Avon Township (Rochester and Avon roads), Pontiac Township (Squirrel and Featherstone west of Oakland University and north of the Auburn Heights campus of Oakland Community College) and Troy (Chrysler Realty Corp. property in the north end of the city).

Conyers said of his meeting, "We'll go all the way if we have to," referring to the possibility of pressing for a formal congressional investigation.

Indications are that two sites may be necessary in the Pontiac area. One site would house the actual Spartan and Sprint missiles, while the other would be a radar installation.

The defensive missiles differ from offensive missiles in that they would have to be ready to go in one or two minutes, according to Saperstein. Offensive missiles are usually armed only after a series of safety interlocks are carried out while on the way to their target.

County Panel Gives Assurance on Construction of Three Drains

Assurance that three new drains will be constructed in the county was given yesterday by the Oakland County Drain Commission in public hearings.

Two are to be built in Avon Township — the Varner Drain in the Springhill Subdivision area and the Ramiro Drain in the Brooklands area. The third proposed drain is Pontiac Clinton No. 3 which provides for the improvement of the Clinton River within Pontiac from the Mill Dam to Crystal Lake and back to where the river is enclosed some 600 feet west of Wide Track Drive.

James Nichols, chief deputy of the drain commission, said there is a good possibility that federal help can be obtained on the latter project. He said final costs of the projects will not be available until engineers have completed their studies.

Johnson and Anderson Inc. of Waterford Township were named engineers on the Avon Township drains and Jones and

Henry of Toledo, Ohio, were made engineers for the city project.

RELIEF PROBLEMS

Relief was hoped for in time to alleviate spring flooding in Avon Township, but the Pontiac city project carries an 18-month deadline for engineering alone.

Bonding approval for the projects will have to be obtained from the Michigan Municipal Finance Commission.

Costs will be apportioned between the local unit of government and the County Road Commission and State Highway Department in cases where the latter two are involved, Nichols said.

An initial meeting to let petitions from Bloomfield Township for construction of the Luz drain was held. The drain is proposed to run from the Nichols Drain now under construction at 14 Mile Road north to 400 feet past 15 Mile Road.

Warren-Van Dyke OKs 8-Mill School Levy

WARREN (UPI)—Voters in the Warren-Van Dyke School District approved an 8-mill operational levy yesterday by a margin of 1,747 for to 1,621 against.

The proposal had been narrowly defeated in September.

Is City of Pontiac Income Tax Legal?

Three times since last July 23 The Press has urged involved parties to take positive action to speed up pending litigation concerning a city income tax which has now been levied in Pontiac since last January.

Nothing has been done along those lines to date.

The case in point is an appeal before the Michigan Court of Appeals which challenges legal procedures followed in reaching an Oakland County Circuit Court decision last January. That decision ruled that petitions requesting a referendum on Pontiac's proposed city income tax were invalid because they did not follow the form prescribed under the state law. In essence, the decision meant that Pontiac's income tax was valid and could be put into effect immediately.

The City wasted no time in putting the tax into effect.

Then a group of citizens appealed the manner in which that decision was reached. They did not ask for the appeal to be heard on an emergency basis, which would have greatly accelerated action by the appeals court.

Attorneys for the original plaintiffs—two city employees who claimed

the petitions were improper and asked for the circuit court ruling prohibiting a referendum—have indicated consistently that they would oppose any motion to have the appeal handled on an emergency basis.

Meanwhile, City Attorney SHERWIN BIRNKRAUT's hands have been tied by a decision by the City Commission last January not to seek an emergency appeal in view of the positions taken by the other parties involved. However, BIRNKRAUT has at least urged in briefs filed that the case be decided as expeditiously as possible since it is a matter of great import.

While a decision upholding the present appeal would have no direct effect on the validity of the tax, it could lead to further litigation which might affect the tax. Thus, it indirectly casts a shadow of doubt over the income tax so long as it remains undecided in the appellate court.

And, according to a spokesman at the appeals court, it appears the current backlog of cases will prohibit any decision at least until sometime after the first of the year.

It's been a long wait for the public. How much longer will it last?

Report Details Lake Erie Purification Plan

A report by the Federal Water Pollution Control Administration on the future of Lake Erie is essentially an optimistic document.

It calls the lake the most sensitive of the Great Lakes to pollution, but also the most amenable to corrective treatment. It has a relatively small volume, rapid flushout time and is fed by a high volume of excellent quality water from Lake Huron.

The agency's 107-page "Lake Erie Report," recently issued after five years of preparation, calls for an immediate cleanup of the lake involving an expenditure of \$1.1 billion to control municipal pollution and \$285 million to control industrial pollution.

This would curb these two sources of pollution through 1990. But by that time, when the present population of 13 million persons around the lake swells to 18 million, another \$1.41 million will be needed to ex-

pand municipal waste treatment facilities.

A complete program of advanced waste treatment, including control of agriculture runoff and separate storm and sanitary sewer systems, would hike costs to \$5 billion.

This is a lot of money, but cheap at many times the price. No conceivable expenditure could duplicate this natural resource, even were it technologically possible.

The cleanup of Lake Erie, states FWPCA chief Joe G. Moore Jr., "is less a problem of engineering than it is a problem of diverse, inadequate and unwieldy government policies, funding and management." The primary responsibility for pollution control, he says, lies at the state and local level.

The advice holds elsewhere. Americans can have a clean water, clean air and a clean landscape, if Americans really want them.

How Will History Treat the Kennedys?

By RAYMOND MOLEY

In midsummer, 1963, a remarkable book was published under the title "Death of a Republic."

Its author, John Dickinson, had died some years before and a colleague of his at the University of Pennsylvania Law School, George L. Haskins, had selected from an enormous manuscript left by Dickinson the story of how the Roman Republic had declined and perished during the century before the Caesars established the Empire.

The pertinent lesson is that the transformation was achieved by the corruption of the Roman masses by the infusion of lavish doses of bread and circuses.

Julius Caesar was the immediate destroyer of republican institutions, but the seeds of decay were sown by two brothers, Tiberius and Gaius Gracchus, who in the innocence of our schoolbooks are portrayed as heroic reformers. They lived approximately a century before Julius Caesar.

DEEPLY INFORMED

Dickinson, a man deeply

informed by his studies of history, knew well that all too often institutional corruption begins in the revered name of reform and the reader was left to apply the lesson to his own time.

The master usually comes masked as the liberator.

There were readers of the book when it appeared who saw a parallel between the Gracchi and the two Kennedy brothers, John and Robert.

Indeed, since I knew Dickinson well, that thought was with me when I wrote a review of his book. For in our time the two Kennedys rose to power by mobilizing the masses by costly promises of equality, justice and cash benefits for the underprivileged.

GRUESOME END

No one, however, dreamed when the Dickinson book appeared of the gruesome end of the parallel. The Gracchi brothers both died in the midst of civil violence and probably by the hands of assassins.

One may admire the grace and charm of JFK and the grit and drive of RFK. But in both cases the expectations that they raised among the less privileged cannot be met

by any political figure or by any government.

In the annals of our republic the Kennedy story will have a notable place. Many books have been written about the two unfortunate brothers. Many more will be written in the future.

Most will be in praise and adulation of their ideas and deeds. But the considered verdict of history will not be complete without portrayals of the side of those who opposed and feared them during their lifetime.

And in the most distant future the passionate loyalty and admiration which their campaigns and tragic ends have elicited will dim before a more sober evaluation. For considered history will deal in cold impartiality with the faults and failures of public figures as with their virtues.

Clues All Over The Place!

David Lawrence Says:

Laird Knows the Defense Dept.

WASHINGTON — When one reads that Rep. Melvin R. Laird of Wisconsin, chairman of the House Republican Conference, is to become secretary of defense, the question naturally arises why President-elect Nixon chose him.

For the prevailing concept has been that the Defense Department, being a huge organization, needs a business wizard like Robert McNamara to head it.

President Johnson changed this somewhat when he appointed, as McNamara's successor, Clark Clifford, who is a lawyer and an effective liaison man with Congress and all the agencies of the federal government.

Clifford has made a good secretary of defense. Indeed, his record is such that some people thought he might be continued even under a Republican administration.

The truth is the problems of the Department of Defense are not very well known to the public, and Melvin Laird has made a special study of them for years.

CHIEF SPOKESMAN

As a member of the defense subcommittee of the House Appropriations Committee, he has been his party's chief spokesman on military issues in the House of Representatives, and wrote a book in 1962 about defense policy.

He is a practical and realistic man of 46, who has experience in a middle-sized business before he came to Washington in January 1963. He has served 16 years in Congress and was reelected to the House on Nov. 5.

Basically, Laird believes it is not a function of the Defense Department to make foreign policy, though it must be ready to meet whatever contingencies may arise militarily.

He is inclined to criticize what is called "flexible response" and is more on the side of the Eisenhower doctrine of using defense as a deterrent, whether in the field of nuclear or conventional weapons.

ULTIMATE ANSWER?

This is one reason why he is very strong for research and development. He thinks that it may prove the ultimate answer to the problem of preventing war.

The choice of weapons is

perhaps the most difficult problem that the Defense Department faces. The military has one idea, and Congress often has another.

Rep. Laird has the confidence of the Senate as well as the House, and knows his way around Congress.

He is conscientious and insists on getting all the facts before making up his mind.

KNOWLEDGEABLE MAN
He has dealt with many officials from the Pentagon while serving on the defense

subcommittee in the House. He, therefore, can be regarded as a knowledgeable man in the field of defense organization as well as policy.

Looking back over the previous nine secretaries since the creation of the department of defense, Laird fits into the group. With the exception of Gen. George Marshall, who served as secretary for a short while, he has qualifications similar to those of some of the more successful secretaries of defense.

(Publishers-Hall Syndicate)

Bob Considine Says:

You Have a Big Stake in Supersonic Airliner

WASHINGTON—About this time next month, whether you like it or not, you may very well be back hip-deep in the super-sonic airliner business.

Don't give me that "who, me?" jazz. You already have a big stake in that trade.

There is every indication that you'll have a bigger one until, let's say, the 1990s, 1990s.

The government — which is you — has promised to pick up about 75 per cent of the tab on the development of America's sophisticated entry in the supersonic airliner market.

Our titanium-clad 1,800-m.p.h. superjet, which will be as long as a football field and stick over into the end zones, won't get to the marketplace until 1974 or 1975. By that time it will have cost the government and the purchasing airlines at least as much as the development of the atomic bomb, about 300 times the cost of Alaska, and almost as much as the war in Vietnam costs during an entire month.

What's going to happen next month is a decision by the FAA to accept, or reject, Boeing's redesign of its original design. Odds are that the green light will flash on.

CHOSE BOEING

Two years ago President Johnson chose the Boeing version of what a U.S. supersonic liner should look like.

It should look like, he ruled, a 300-passenger (plus) plane that could fly close to three times the speed of sound, cost \$40 million a copy, and have wings that would stick almost straight out on take-offs and landings, then fold themselves back against the fuselage to permit the plane to burst through the sound barrier and fly faster than a bullet at altitudes up to 70,000 feet.

Problem is that after a cer-

tain point in its gestation period the chosen Boeing design was rejected by its engineers and computers.

The plane was sure to be several tons overweight and possibly incapable of flying across the Atlantic, let's say.

Everybody went back to that little old drawing board and came up with the somewhat embarrassing decision that until somebody invented newer, lighter, stronger metal to handle the enormous stresses of a swing-wing, radical changes would have to be made.

PREPARING CASE

Boeing spokesmen are in Washington preparing their case for presentation before the FAA.

Their prime point will be that the proposed plane may look like the Lockheed jet that was turned down (even after Lockheed spent a million dollars building a full-scale mock-up) but there are significant differences.

The wing is bigger and thus able to accommodate larger flaps. This would permit faster takeoffs and slower landing speeds — each of which are related to noise levels in adjacent populated areas.

The rap against anybody's superjet — the sonic boom — still prevails.

Unless there is a major breakthrough, their use will have to be confined to over-ocean or over-polar flights. As has been charged in Congress, years in advance of the first flight of the U.S. entry, it could wake up 15 million Americans on a night flight across the country. Its shock waves would also cause extensive damage recoverable by lawsuit — ranging all the way from a merchant's shattered plate-glass window to a farmer's aborted cow.

Smiles

From the language emanating from the garage where our neighbor is building some sort of watercraft, it must be a mutant.

Voice of the People:

Reader Defends Choice of Speaker at University

I read the editorial chastising the University of California for permitting Eldridge Cleaver to speak. I do not believe your criticism is well founded. I subscribe to the philosophy (attributed to Voltaire) that "though I may not agree with what you say, I'll defend to the death your right to say it."

Furthermore, it would appear that public exposure would hurt Cleaver rather than the status quo — assuming the man is rational.

RICHARD P. STRAUSS
6386 Northfield, Birmingham

(Editor's Note: This oft-quoted utterance doesn't mean anyone is "going to defend to the death" for freedoms that are obviously improper. Francois Marie Arouet ("Voltaire" to most people) didn't really say this anyway. It was C. S. Tallentyre.

A Jim-dandy way to conclude the matter lies in a quotation from Samuel Johnson: "Every man has the right to utter what he thinks true, and every other man has the right to knock him down for it.")

'Decision of School Board Is Discouraging'

As one of the members of the group commissioned by the board of education to study the equal opportunity of education in the Pontiac school system, I am discouraged by the recent action of the school board concerning the location of the new high school. After 18 months of study, I came to the conclusion that education, instead of being reflective of society, must become an instrument for the betterment of society. I believe this view was reflected in our report to the school board. The chance became conspicuous leaders in this direction has been passed over by persons who cannot see past the next election. If the board does not intend to take any of the advice that is asked for, I suggest it drop all the pretenses and save the taxpayers some money.

MARY E. PORRITT

Serviceman Enjoyed Package From Friends

To neighbors in the vicinity of Longfellow Street, I received your packages and with the things we have here we were really able to cook up a Thanksgiving meal. The goodies have made good snacks for the past couple nights. I appreciate your kindness and wish you all a Merry Christmas and Happy New Year.

Cautions Drivers to Stop at All Red Lights

If drivers don't know that a red light means stop, they had better quit driving. I saw three cars run red lights at the corner of Price and Columbia, in front of Owen School, on two mornings. Let's stop at all red lights and stop signs.

A WORRIED MOTHER

'Most Qualified Person Should Head Board'

Any job important enough to pay \$31,500 yearly of the taxpayers' money should only be given to the best qualified and most competent person available. If there are no Democrats as qualified to be chairman of the Board of Auditors as Daniel T. Murphy, he should be retained, regardless of his political affiliations. The taxpayers are the losers when jobs like this are handed out on the basis of politics instead of qualifications. It's not fair for the Democrats to take Mr. Murphy's job from him on the basis of politics, if he didn't get it on that basis.

'Appreciate Response to Christmas Project'

Zonta Club of Pontiac appreciates the cooperation of the community. Many little girls will be happy with a new doll on Christmas through the efforts of women of the Pontiac area, the Girl Scouts and the Camp Fire Girls. The Salvation Army asked the Zonta Club of Pontiac to sponsor the project of dressing 550 dolls for needy girls. The response from the community was so great that additional dolls were ordered and all were dressed in beautiful fashion.

Question and Answer

Is it true about a dog gaining seven years in a person's one year? Can you explain?

STEVE RHUE
WATERFORD

REPLY

We talked to a veterinarian who said at one time it was thought the lifespan of a dog was about one-seventh that of a human. That would make a year for a dog about equal to seven human years. However, he says studies in recent years have shown dogs mature at an uneven rate, rapidly the first year or two, slowing down until late in life, when aging is quite rapid. A 6-month puppy would have the equivalent maturity of a five-year-old child; a year-old dog would be roughly equivalent to a 12-year-old. The vet says generally smaller breeds live a little longer than larger ones.

Question and Answer

Would you check to see why we haven't received our Federal income tax refund? We sent our return Feb. 10, wrote a letter April 24 and another Oct. 17. They sent a notice July 8 acknowledging our "request for adjustment," and said it would take 60 days. We didn't even ask for an adjustment, just what was happening. I've included details of our return.

MR. AND MRS. M.

REPLY

Call Mrs. Pascoe at Internal Revenue Service, FE 8-7101. She'll need to know more information, including exactly what kind of a notice you received. Have the form in front of you so you can give her the form number, wording, etc. She said there was apparently some error or exclusion in your return, but she'll find out just what it was and why the delay as soon as she can after you call her.

West Knows Angles of Dispute on Table

By DICK WEST
WASHINGTON (UPI) — No matter what eventually happens at the Paris peace conference, I shall always look back upon it with gratitude.

It will go down in my memory book as being the first international conference at which the issues were defined sharply enough for me to understand them clearly.

I have had some difficulty following previous parleys, mainly because I was unable to relate the negotiations to my own experiences.

But when a conference gets hung up over the shape of the conference table, as happened in Paris, I identify.

SIMILAR PROBLEMS

I have only to think back a few months to the time my wife and I were trying to agree on what type of coffee table to buy.

My wife, who bears a strong resemblance to Xuan Thuy, the chief Hanoi negotiator, was dead set on getting a square table. Whereas I, the Averil Harriman of our household, insisted it should be rectangular.

The Paris dispute may already be straightened out, or rounded off, by the time this dispatch reaches France. But if it isn't, perhaps the disputants will find my suggestion helpful.

My wife and I wound up buying a trapezium coffee table. I would recommend that as the

ideal shape for an international conference table. A trapezium has four sides. Which seems to fit Hanoi's concept of the Paris talks as being four-sided. But no two of the sides are parallel. Which seems to describe the parties taking part in the conference.

This, of course, is a one-shot compromise designed to get the Paris talks rolling. For long-range purposes, the entire question of conference sits needs to be restudied.

A friend of mine, who is a frequent air traveler, believes the best site for an international conference would be an airport coffee counter.

"That way the negotiators would always be standing up, facing the wall," he explained. "It wouldn't take long for them to reach an agreement under those conditions. Particularly if they had to drink airport coffee."

DOOR PROBLEM

Another issue in the Paris talks was the number of doors. A two-door conference room finally was selected, which was viewed as a victory for the United States.

My friend feels that at the next conference the negotiators should be forced to slide down a fire pole. It would help give them a proper sense of urgency, he pointed out.

MOM HAS ONE DIRTY HABIT... DISHWASHING!

No reflection on Mom but dishwashing is a job that should be left to an automatic dishwasher. Water that's not hot enough won't kill bacteria. A dishwasher washes dishes and silverware in water hotter than hands can stand—gets them sparkling, hygienically clean. In the interest of good family health, look at Highland's great selection of automatics . . . you'll learn some things about dishwashing that will interest you—including Highland's low prices.

FREE DELIVERY & SERVICE • NO MONEY DOWN • NO PAYMENTS TILL FEB.

Highland APPLIANCE CO.

FREE 20-LB. TURKEY INCLUDED
Buy Your Dishwasher at Highland and Highland Will Buy Your Christmas Dinner

Select your delicious turkey at your nearest Farmer Jack market. Included with purchase of any automatic dishwasher at Highland. Offer good until Christmas.

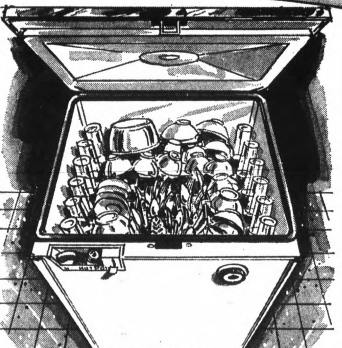

THIS LOW PRICED "BEST-SELLER" INCLUDES TURKEY

Hotpoint PORTABLE AUTOMATIC DISHWASHER

Has many of the convenience features of higher-priced models. Top loading. Big family capacity. Cushion-coated racks. Simple dial control for automatic cycle for wash, rinse and dry. Automatic shut-off. Silverware basket. Portable—on easy roll casters for wheeling to table and sink.

\$99

20-lb. turkey included. Free delivery and service.

THIS WHIRLPOOL IS PORTABLE, AUTOMATIC

Economy priced portable with once-a-day dishwashing capacity. A host of features included self-cleaning filter, detergent dispenser, silverware basket and revolving spray arm for total washability. Porcelain enamel tub. Free delivery, service and turkey.

\$124⁹⁰

Includes 20-lb. Christmas Turkey

HOTPOINT WITH MAPLE WORK BOARD

Multi-level washing action, top-lift hand-rack for easy loading, crystal clear rinse, flexi-cycle control and automatic detergent dispenser. Large silverware basket. Full width handles for easy mobility. Maple top cutting board is reversible.

\$179⁸⁸

Includes 20-lb. Christmas Turkey

HOTPOINT DELUXE WITH MAPLE BOARD

Multi-level washing action cleans up to 17 place settings. Self-cleaning porcelain tub. Water recirculation filter. Automatic water control. Dual detergent dispenser. Silverware basket. Reversible genuine maple board work top can be put to a variety of uses.

\$189⁸⁸

Includes 20-lb. Christmas Turkey

ADMIRAL DELUXE CONVERTIBLE MODEL

Portable, but can be built in later under counter. 4 rinse, vigorous wash and dry cycle. Built-in automatic load dispenser. No filters to clean. Self-clean dispenser. Lighted "on" indicator. Beautiful Fennia work top. Very deluxe.

\$179⁸⁸

Includes 20-lb. Christmas Turkey

FRONT OPENING HOTPOINT CAN BE BUILT-IN LATER

This custom feature mobile dishwasher easily convert to under-counter installation at any time. Multi-level washing action, dual detergent dispenser, 4 pushbutton cycle selector and water recirculation filter are convenience features. Large size genuine grooved cherry wood work top.

\$289⁸⁸

Turkey included. Free delivery and service.

WHIRLPOOL WITH DUAL AUTO. SWING-UP RACKS

Easy loading accessibility features this deluxe "Supreme" Whirlpool. Automatic push-button control with 4 cycles. Super-wash, rinse-hold, chime-crystal and short. Americans Get More Careless as Society Becomes Cashless

By GAY PAULEY
UPI Women's Editor

NEW YORK — Today's Americans seem as affluent with carelessness as with their supply of cash.

Pockets jingle, to be sure, the economists tell us. But a current study shows that they also in one way or another drop into the "lost" column an estimated \$2 billion per year. An estimated seven million adult Americans experience some loss of currency and coin annually. Losses range from under \$10 (11 per cent) up to \$200 and over (21 per cent).

★ ★ ★

The study shows also that women are more prone to loss of money than men. Youth is more prone to loss than its elders. And even education is a criterion — college-educated persons are more apt to lose than those with high school education or less.

Losses occur during travel, in and around the house, in retail stores, on public transportation, at sports events. You name it. Loss is due to theft, in every way from purse-snatching to household robbery, and most of all to carelessness.

LOSSES UP

The study was made by Opinion Research Corp., Princeton, N.J., at the request of the American Express Co. An earlier study found the amount lost in 1965 was around \$1 billion per year. And that sum was up from \$700 million in 1961-62.

Why such an increase, when it is assumed that as a rule people incline to "hang on" to money? Opinion Researchers said their findings "suggest the assumption needs to be considerably qualified."

Especially since the season to be jolly is also the season to be vulnerable, some of these changing attitudes are worth a pre-Christmas look. Researchers suggest

Mrs. Arthur Cox cuts the bloom from the dried teasel stalk, leaving a three-to-four inch stem. Notice that she wears gloves while handling the plant.

Friends Will See Slides of Cookseys' Trip East

By SHIRLEY GRAY

Not the least daunted by the fact that Friday falls on the 13th, Dr. and Mrs. Warren S. Cooksey have invited a group of friends to cocktails and dinner that evening.

After dinner in the Green Room at the Village Woman's Club, all will gather around the screen to view color slides of the Cookseys' trip to China on a slow boat earlier this year.

Actually, their trip to the Orient covered a lot more than Hong Kong. The freighter they boarded at Seattle — the "SS Philippine Mail" — took them to Alaska, Japan, Korea and the Philippines. The Formosa-Hong Kong leg of the trip was by plane.

Joining the Cookseys will be Mr. and Mrs. Woody Varner, Dr. and Mrs. Everett Wells, Dr. and Mrs. Herman Scamney, Dr. and Mrs. Haven Doatie, Mr. and Mrs. Roy E. Washburn, and Dr. and Mrs. Harry Pearce.

OTHERS

Also the Philip Bakers, Dr. and Mrs. Gaylord Bates, Dr. and Mrs. Everett Kinsey, Dr. and Mrs. Clifford Benson, Mrs. Richard McKean, Dr. and Mrs. Loren Spademan and the Cookseys' son, Dr. Norton Cooksey and his wife, Barbara.

On Thursday at 7 p.m., Bloomfield Open Hunt will hold the annual Gordon Miller Memorial Polo Match, complete with announcer, in the club's indoor ring.

★ ★ ★

The William H. Breeches of Bloomfield Hills recently did something a little different in the way of a trip—they spent a week in Morocco.

With them were two people well-known to many hereabouts, Mr. and Mrs. Robert Keller, formerly of Grosse Pointe, now of Los Angeles.

They stopped at Rabat, on the coast, then Casablanca, and then after a two-day trip inland and a jump backward in time of 2,000 years, the ancient city of Fez.

ANCIENT WAYS

Medina, the old walled city, at Fez, is inhabited by 250,000 people. They live almost as they did when the city was founded, in 800 A. D.

There was no tourism in Morocco until the end of French rule in 1957. The inland areas, said Mrs. Breech, are still quite unspoiled.

"The shopping there was the most fascinating I have ever found," enthused Mrs. Breech, "even more intriguing than Hong Kong."

Calendar

WEDNESDAY

Lone Pine Garden Club, 11 a.m., Birmingham home of Mrs. James Wagner. Christmas luncheon party.

American Association of Retired Persons, Chapter No. 7, noon, Knights of Columbus Hall, Annual Christmas party.

Pontiac Christian Woman's Club, 12:30 p.m., Holiday Inn. Nursery available.

Pontiac Audubon Club, 6:45 p.m., All Saints' Episcopal Church. Christmas party with cooperative dinner.

Pontiac Newcomers' Club, 7 p.m., Oneida Road home of Mrs. James Graybiel. Cooperative dinner and gift exchange.

Woman's Society of Christian Service of St. James United Methodist Church, 7:30 p.m., in the church. Christmas musical program by Chancel Players.

Parents Without Partners, Pontiac chapter, 8:15 p.m., Oakland County Supervisors' Auditorium. Afterglow follows.

Violinist to Debut in Detroit Concert

Kyung Wha Chung, 20-year-old Korean violinist, will debut Thursday and Saturday with the Detroit Symphony Orchestra, playing the Stravinsky Violin Concerto in D Major.

Miss Chung won the Leventritt award in 1967. The award is given only when judges believe a young artist capable of starting a major career immediately. Previous winners include Van Cliburn, Gary Graffman and John Browning.

Born in Seoul, into a musical family, Miss Chung has studied at the Juilliard School of Music since coming to this country in 1961.

The orchestra under direction of Valter Poole, will perform the Vivaldi-Silotti Concerto in D Minor; Strauss' "Dance of the Seven Veils," and Saint-Saens' Symphony No. 3 with Frederick Marriott as organ soloist.

Tickets for both evenings are available at Ford Auditorium box office, at all Hudson's and Grinnell's stores. Concert time is 8:30 p.m.

Catholic School Unit Planning Sing-Along

A "get-acquainted" dance and sing-along is planned for Dec. 14 at Pontiac Catholic High School, sponsored by the Parent-Teacher Guild.

General chairman is Charles Dean. Others assisting are John Polmeier and Mrs. Charles Dean, Mike Foley and Howard Bodlein, Marian Green, Richard Frye and Mrs. Walter Pienta.

Proceeds will be used to improve school facilities. Dancing will be from 9 p.m. to 1 a.m. Tickets are available at the door. The public may attend.

Women's Section

TUESDAY, DECEMBER 10, 1968 A-9

Committee members go shopping before the annual Christmas Ball of Beta Chi chapter, Epsilon Sigma Alpha Sorority. Mrs. Harry Rhodes, Liberty Street (left) and Mrs. John G. Orosey, Union Lake, compare bargains. David Lindsay and the Music Masters will play for the 9:30 p.m. to 1:30 a.m. event Saturday at the David Belisle VFW Hall on Airport Road. Buffet supper will conclude the evening, with proceeds of the dance going for the chapter's philanthropic projects. Dance chairman, Mrs. Edgar Plympton, is also being assisted by Mesdames: James Vincent, Gordon Irwin and Joseph Orosey. Tickets may be purchased from members or at the door.

Yes, 'For Heaven's Sake,' Do Change Your Church

By ABIGAIL VAN BUREN

DEAR ABBY: Well, now I've done it! I've fallen in love with my pastor. (You're probably thinking that if you had a nickel for every woman who thought that, you could retire.)

My question is whether to face my problem by sitting in church every Sunday with errant thoughts that belong in the bedroom, or do I ask for a transfer to a sister congregation? If the latter, what reason do I give for the transfer as I shall surely be asked?

Human nature being what it is, I'm sure you can tell I am hoping you'll tell me not to transfer. FEELING GUILTY.

DEAR FEELING: Transfer. All the "good" derived from going to church will be negated by those "errant thoughts" which seem to preoccupy you. And if you're asked to explain your move, say it's "personal." (It is!)

DEAR ABBY: I have a problem that's been bothering me a long time. I am a thirteen-and-one-half-year-old boy, only 4 ft. 8", tall, and am not very physically mature.

I like girls in my grade a lot, but the girls in my grade don't like me. I have tried different approaches for them to like me, but so far none has worked. The funny thing is, girls younger than me like me a lot.

My parents tell me I am very good looking and have a wonderful personality, and my mother keeps telling me not to worry — that in a few more years I will have my day in the sun.

I don't think she's right and would like to have a nonprejudiced answer.

DESPERATE IN B.H.

DEAR DESPERATE: Your mother is right. One of the signs of "maturity is patience. Be patient, young man, and remember, a "man" is measured from his eyebrows upward.

Prickly Teasel Tree Is Permanent Decoration

The ancient Hebrew king said, "The ill weed grows apace."

★ ★ ★

Another old saying has it that "You can't make a silk purse from a sow's ear," but Mrs. Arthur Cox shows, in this series of photographs, that it is possible to make something lovely out of a lowly weed.

A member of Milford branch, Woman's National Farm and Garden Association, Mrs. Cox plucks teasel from roadsides and ditches and the edges of swampy areas, after it has dried out and turned brown.

A dunking in warm water removes all dirt and loose fiber from the stalks. The

addition of a little bleach to the bath lightens its color to a golden tan which may be emphasized, if desired, with a light spray of gold paint.

★ ★ ★

Flower arrangers and florists have a fondness for the brittle weed, which is generally used in its upright natural state. In earlier days, our ancestors found the dried blooms useful for carding wool.

Teasel belongs to the thistle family. It grows to a height of about four feet. Its prickly bloom is purple at maturity. It is a thorny plant but does not thrive in water.

Mrs. Cox is conservation chairman for the Michigan Division, WNFGA.

The teasel blooms are inserted through the mesh, matted so the wire is completely obscured.

Trimmed with colorful Christmas balls, the completed tree will last indefinitely.

MRS.
M. D. LONGSTAFF II

Nuptial Vows Are Repeated by Longstaffs

Bethany Baptist Church was the setting Saturday for the marriage of Donna Jean Mercer and Milton David Longstaff II. For the candlelight nuptials, the bride wore a Princess gown of peau satin and Alencon lace. Her bouquet was comprised of white roses, carnations and orchids.

Cynthia Young was maid of honor with Mrs. Bruce Stigall, Deborah Longstaff and Mrs. Carl Mercer as bridesmaids.

Best man was Randall Longstaff with ushers Carl Mercer, Gregory Longstaff and Bruce Stigall.

The newlyweds were feted at Bemis-Olson Amvets Post 113.

The daughter of the James M. Mercers of Preston Street and the son of the Milton D. Longstaffs of North Josephine Street are honeymooning in Miami, Fla., and the Bahamas.

MRS. L. R. CROMWELL

Bride Selects Satin Gown

A reception in the parlors of Christian Temple followed the marriage Saturday of Gail Ann TerMarch and Lloyd Ray Cromwell.

Attired in an A-line gown of satin, the daughter of Mr. and Mrs. Edgar A. TerMarch of Joslyn Road held a bouquet of white roses, carnations and lily of the valley.

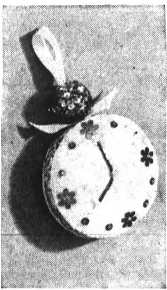

Mrs. Rodger Bridger was matron of honor for her sister with Mrs. Gary Oliver, Meriellen Sirbaugh and Mrs. Clint Redmond as bridesmaids. Kim Crowley was flower girl.

Best man was Rodger Bridger with ushers James and David Schatz, and Jay Payvelog. Todd Bridger was ring bearer.

The son of Mr. and Mrs. Clarence Cromwell of Coats Road, Orion Township and his bride are honeymooning in Palm Beach, Fla.

Nurses Confer

More than 100 registered nurses are expected to attend a conference on "Changing Concepts in Nursing Care Plans" at Oakland University Wednesday and Thursday. OU's Conference Department handles registrations.

A jeweled clock marks the magic hours of Christmas. This little timepiece dangles exquisitely from an evergreen tree. It also makes a charming favor to give a holiday guest because its real mission is being a pincushion. Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48051 with your request for Leaflet PPE 849.

When a new pair of wash pants have to be shortened, put the part that you cut off each time in the laundry with the pants. This way, when you need a patch you will have fabric of the same color.

By MARY FEELEY

Consultant in Money Management

Dear Miss Feeley: Could you tell me just what kind of insurance coverage my son in the Navy has? He says he pays \$2 a month for it, and that he doesn't think it covers him in combat. They did not send me a copy of the policy nor any information about this insurance, and I'd like to know more about it. Thank you for your help.

W.N., Hagerstown, Md.
Dear W.N.: Your son's \$2 monthly payment is for life insurance in the amount of \$10,000, and it does cover him wherever he may be, in all circumstances, while he's in the Navy. No policy is issued nor is any form necessary to put this insurance into effect. His pay record showing the \$2 deduction is sufficient evidence he has this protection.

He may name a beneficiary, and probably did, when he signed up for the insurance. You might ask him about this. Also, remind him that, when he

Money Management

Son Has Insurance That He Can Convert

leaves the Navy, he has 120 days in which to convert this government-sponsored policy into a private policy. No physical exam will be required for the conversion, and he'll pay a regular premium as if he purchased it right then.

He will undoubtedly receive instructions about this automatically, plus a certificate to fill out to send to the Office of Servicemen's Life Insurance, 212 Washington Street, Newark, N.J. 07102.

(For Mary Feeley's booklet, "Financial Building Blocks," send her a long, stamped, self-

Couple Honeymoon at Niagara Falls

Lloyd Albert Combs Jr. and his bride, the former Beverly Jean Brummett, are honeymooning at Niagara Falls. The daughter of the Merton W. Brummetts of Canterbury Drive and the son of the senior Mr. and Mrs. Lloyd Combs of Parcels Circle, Bloomfield Township exchanged vows Saturday in First United Methodist Church.

Plastic Jackets Vacuum Bottles

A new vacuum bottle is expected to make obsolete the old-fashioned tin-type bottles that have been on the market for over 60 years.

The new bottles get their wearability from the use of virtually indestructible polypropylene plastic for the outer jacket that protects the bottle's glass vacuum-insulated filler.

Attended by her sister, Mrs. Timothy Agar, the bride wore a modified caged gown of peau de sole and Alencon lace. She held a cascade of white carnations and red roses.

Mrs. Jerry McLendon, Mrs. James Fabiano, Corine Miersau, April Agar and Cherie Duskey were bridesmaids with Tim Sue Agar as flower girl.

Craig Combs was best man for his brother. Ushers were James Fabiano, John Freeland and Art Harrison.

A reception feted the couple at the Pontiac Country Club.

MRS. L. A. COMBS JR.

Vows Said in Fenton

The Fenton home of Mrs. Donald Riddle was the recent setting for the wedding of her daughter, Sheila Anna, and Edward Ray Johnston. He is the son of the William Johnstons of Holly.

Attended by her sister, Mrs. Robert Watts, the bride wore a taffeta and lace gown. She held a bouquet of carnations and red roses centered with an orchid corsage.

Richard Howe was best man for the afternoon nuptials. The newlyweds received guests in the VFW Hall, Holly.

To make those first cloth books of baby's look like new after they get limp, spray the pages with spray starch, then iron. It gives the book new life.

PCH Induction of Varsity Club Pledges Tonight

By PURVIS HUNT JR.

Every year at Pontiac Central High School, the Varsity Club initiates new members. To qualify pledges must have earned a varsity letter at PCH.

The initiation consists of no talking to girls, carrying the books and lunch trays of Varsity Club members, opening doors for all students before and after school and wearing knee socks over top of their pants legs.

This year, the pledges are Myron Borders, Ron Bounger, Oliver Mathes, Eddie McDonald, James Noel, Eric Pelton, Mike Ramsey, Albrecht Tipton, Eric Walker and Phillip Shaw.

Inductions for the Varsity Club will be tonight at 7 in Central's boys' gymnasium.

AWARDS ON TAP

Awards will be given to the pledge who worked the hardest, had the best attitude, and who made the best Varsity Club pledge.

The Pontiac Central debate squad talked its way to another Saginaw Valley Championship last Thursday.

In the final tournament, the debaters won 11 out of 12 debates, to bring their season's winning points to 33. Flint Southwestern finished second with 41 points and Flint Northern finished third.

Members of Thursday's teams were (varsity) Mike Lee, Carol Sempere, Chris Brewer and Gary Duffee. The second and third teams consisted of Marshall Barefoot, Mary Ann Newman, Gary Parlove, Bruce Crossman, Peter Armstrong, Debra Goff, Margo Graves and Maureen Coulter.

CHOIR WILL PERFORM

The PCH a cappella choir will perform at the Rotary Club Luncheon, along with various ensembles on Thursday. It will also entertain at the Pontiac State Bank Dec. 17 at noon.

Central's annual Christmas Concert will be held Dec. 15 at 3 p.m. in the PCH auditorium.

The program will feature the entire vocal music department of Pontiac Central, including a cappella choir with double bass accompaniment to "The Christmas Cantata" by Daniel Pinkham.

Oakland Community College has a financial aid available to those students who have a definite need. The need requirements are often quite flexible.

PROVIDES LOANS

In addition to making awards in the form of scholarships and grants, OCC provides National Defense Education Association loans, and federal work-study programs.

Detailed information and application forms may be secured through Vera Mae Adams' office.

The printing and publishing industry has announced its national scholarship program. Awards vary in amounts from \$100 to \$1,000 per academic year. This program is designed for arts.

A list of schools offering two-and-four-year programs in this area are available through the scholarship office.

Clarkston Builds a Wolf's Head for Basketball Games

By TRUDY BEALL

Construction is under way for the Clarkston High wolf's head to be used as an entranceway for members of the boys' varsity basketball team.

Dimensions of the head are about 19 by 12 with a center opening of six feet.

Woodshop and play production classes are in charge of the construction of the head, under the chairmanship of Beth Cowen.

This is a Student Council activity. Dec. 14 is the lucky day for the Clarkston High Christmas dance sponsored by the Student Council.

The dance, from 9 p.m. to 12:30 a.m. will feature entertainment by the "Bottles of Goodness." Admission is \$1.25 for couples and the dress is casual.

Linda Slade is in charge.

FACULTY DEFEAT

The Clarkston High faculty was defeated by the junior high faculty by a score of 64-60 at the recent game.

Hi-Y and adviser George White sponsored this game.

Practice for the girls extramural basketball began last week. About 50 girls came to the practice to try out for the two teams.

Janet Modessit of the faculty is in charge of basketball.

Pontiac Press Photo by Roll Winter

SPIRIT OF CHRISTMAS — Tom Brown and Virginia Filippi are getting in the mood for the Rochester High School Varsity Band's annual Christmas dance, "Winter Fantasy." The Popcorn Blizzard will provide the music at the semiformal dance, which will be held Saturday from 8-11:30 p.m.

Milford Seniors Set 'Mistletoe Magic'

By ROSE MAKI

Better be on the lookout for a touch of magic at Milford High School Dec. 14 as

Christmas enthusiasm spurs the pace for a dance entitled "Mistletoe Magic."

The semiformal Christmas dance presented by the senior class is to be held in the cafeteria from 8-11 p.m.

"Greta Utech, student decoration chairman, and her committee will make decorations that stress the mysterious Christmas spirit," said Mrs. A. A. Utech, senior sponsor. Refreshments will be served by the homemaking department under the helpful guidance of foods teacher A. A. Green.

It will not be a silent night at Milford High Dec. 18 and 19 in the Little Theater. Singing the Christmas message are members of the choral department in their presentation of "Night of Miracles."

The vocal concert will consist of a Thanksgiving introduction. "The Lord's Prayer" sung by soloist Jo Ann Brock will be followed up by a poem and ensemble number. The concert is scheduled to begin at 8 p.m. Admission is free.

MIXED CHOIR

Mrs. Eleanor Beam, choral director, is assisted by student chairmen Frank Openeer and Rose Maki. The Christmas theme will be sung by the ensemble, choirs and ninth grade girls' glee club.

Piano soloists are Janet Mose and Howard Fowler juniors. Junior Kathy Lindgren will sing "Let There Be Peace on Earth."

Senior soloists include Karen Palmer, Al Lee, Janine Handyside, Tom Lewis, Frank Openeer and Rick Gamble.

The choir will wear its traditional maroon robes. The boys in vocal ensemble will entertain during the cantata wearing tuxedos and girls will wear white lace blouses with forest green hostess skirts.

3 PLAYS

Three one-act plays are scheduled to entertain the Milford public, Thursday at 8 p.m. The plays will be held in the cafeteria under the direction of dramatics teacher, Grace Leppella. Refreshments will be served.

Come to the record hop after the basketball game with Northville Friday, in the cafeteria.

Any one who wishes to attend from out side of the Milford area must obtain a guest pass from Attendance Counselor Charles Blosser or Assistant Principal William Hunter.

Additional School News
on Page B-2

Rochester Yule Dance to Start Festive Season

By MOLLY PETERSON

The Christmas season at Rochester High School gets its kickoff this week, with the annual Christmas dance to be held Saturday.

The dance is being sponsored by the RHS varsity band. "Winter Fantasy" is the theme for this year's dance, and the decorations reflect the idea of a "Winter Wonderland."

Papier-mache Christmas trees and

other delights are planned by the decoration committee.

The band featured at the dance is the "Popcorn Blizzard."

SEMI-FORMAL DRESS

Dress is semiformal, and the admission is \$3 per couple with an RHS identification card.

The dance will be held in the school cafeteria from 8-11:30 p.m.

Proceeds are earmarked for band uniforms.

This week a talent show will be held on Wednesday and Thursday in the school auditorium.

ANNUAL SHOW

The talent show, sponsored by Eloise Tallant's speech and dramatics classes, is an annual affair at RHS.

This year, the program will consist of variety acts and Christmas skits.

The entire show lasts one hour, and there will be a different program for each of the two performances. RHS English classes will make up a large portion of the audience.

NEW BAND ACTIVITIES

Richard Goldsworthy, director of the varsity bands of Rochester Senior High, is now in the process of organizing a stage band for RHS.

The new band will join the current pep band, varsity and junior varsity bands. The stage band will concentrate its efforts on the modern tunes of today.

It will accompany the other bands during performances.

Brother Rice Yule Tree Sale Is Under Way

By STEPHEN PALMS

With the Christmas holidays coming quickly, activities at Brother Rice High School are at a fever pitch. To add fuel to the fire, teachers are also attempting to get that last bit of study in before school is recessed.

The annual senior class Christmas tree sale is under way. Last Sunday a group of seniors trekked up to a site near Jackson, where the trees were waiting to be cut.

In a biting winter wind and freezing temperatures, the expert Rice lumberjacks cut, tied and delivered a few hundred choice Christmas trees back to school.

Sales are active and the hardy seniors are hoping for great success.

PLANNING DANCES

The social and alumni committees at Brother Rice have each been planning a Christmas dance.

The Christmas dance for Rice seniors and juniors will be held Dec. 22; and the Alumni dance will be held Dec. 23. Jack Bennett, chairman of the social committee, has the arrangements made, and is now working on the final details.

The "Plain Brown Wrapper" will provide the music for both dances.

The long-awaited assembly introducing the "Spurrows," a musical group sponsored by Chrysler Corp., and coordinated by the Brother Rice Assembly Committee, will be held Dec. 19th.

The "Spurrows" will present its musical traffic safety program to the entire student body in a morning assembly.

A new Christmas project will replace the food drive this year, under the sponsorship of Project '69 and the Marian social action group.

Marian and Brother Rice students will work at odd jobs on one of two "workdays" later this month.

Requests for workers can be phoned in to Marian, and the work will be done Dec. 14 and 21.

The wages that the students earn will then be donated to an organization in Detroit which will use the funds to assist needy people in their area.

At Waterford Kettering

By DONNA FURLONG

Waterford Kettering High has 15 new Thespians.

Thespians is an honorary group for Dramatics Club members. To become a Thespiant, the student must have earned a set number of points by participating in various dramatic projects.

Initiated during the ceremony last night were Verne Barker, Gary Brady, Burt Furman, Vicky Goble, Pat Guzak, Gerri Klock and Rick Mastick.

Others are Jill McClune, Gail Miller, Rick Newman, Nancy Thompson, Steve

Van Roekel, Jeff Waldo, Kim White and Greg Windeler.

OFFICERS FOR YEAR

Thespiant officers for 1968-69 are Roger Burris, president; Debbie Daubner, vice president; Linda McClune, secretary-treasurer; and May Sies, pledge master. Teacher Patty Looman is the sponsor.

Saturday, the Student Council will sponsor a Christmas Charity Dance. All the proceeds will go for food for Christmas baskets.

The Homogenized Chalkboard, a local group, will play at the dance, which begins at 8. Custodians are also donating their services.

ADMISSION CHARGE

Admission for the evening is 75 cents without an activity card and 50 cents with. Refreshments will be sold.

There will be a meeting tonight of Band Parents Booster Association.

On the agenda for this evening is a discussion on the fruit cake sale and information concerning the band trip and the Michigan State Band Concert. All parents are urged to attend. For each parent that attends the student receives five points.

Erika Schaeffer placed first in the Speak Up for Democracy contest at WKH. Erika will now go on to compete at the local level.

IN SECOND PLACE

Donna Furlong took second place and Vera Yates placed third.

Seniors may order their 1969 yearbook, The Kismet, this week during homeroom. A deposit of \$3 is required.

Tomorrow, debate teams will debate Waterford Mott High School's team. Cheerleaders are sporting new vests. Over the past year the squad has sponsored various activities to earn money for the vests.

Friday, the girls will wear their vests when the basketball team plays at West Bloomfield.

Pontiac Press Photo

ALL HAIL! — Romeo High School seniors (from left) Sylvia Rinke, Melanie Sutter and Judy Cooper await the results of the Caesar Contest. The boy chosen will reign as monarch

over the annual Christmas ball, "A Roman Holiday." The semiformal dance will be held Dec. 20 from 8:30 to 11:30 p.m. Alumni and parents of current students also may attend.

CRAFT CONSCIOUS — Kingswood exchange students Leda Ramirez (left) and Marja Salomaa take an interest in their loom lessons. Leda is from Costa Rica and Marja from Finland. Both are seniors.

Kingswood Hosting 2 Foreign Students

By MARY STEWART

Kingswood's "Chiquita Bananas" student, Leda Ramirez, from Costa Rica, and Marja Salomaa, from Finland, are the school's foreign exchange students this year.

The story of Leda's nickname is odd.

Three years ago, two Kingswood seniors, Jammie Hilder and Chris Darwell, humorously began collecting Chiquita banana stickers.

When questioned by their classmates they explained, "We're saving up for a sports car; we need 15,650 stickers, then we will sell the car and contribute the money to the Kingswood Scholarship Fund."

NATIONWIDE EFFORT

Soon Chiquita banana stickers were coming in from all over the country until 15,650 were collected.

Jammie and Chris wrote to the United Fruit Company and explained the situation.

As a result, the first full resident scholarship was offered by the United Fruit Co. for the year 1966-67.

Leda, the second "Chiquita" girl (United Fruit renewed the scholarship this year) has proven to be a great asset to Kingswood.

FLUENT SPANISH

Not only does she speak Spanish fluently, but she is also skillful in field hockey.

Marja Salomaa, our Finnish exchange student, is a girl with many interests.

In Lahti, Finland, where her home is, she spent most of her leisure time skiing, knitting and sewing. Now, at her American home with Mr. and Mrs. C. A. Harlan, Marja still maintains these interests as well as taking long walks with her "sister" Jean.

In addition to her school subjects of 12th grade English and U.S. History, Marja likes weaving, ceramics and fashion designing.

Roundup of High School Activities

Mercy

By MARY ANNE MADDEN

Gift stores have nothing on Our Lady of Mercy's Junior Classical League (JCL) when it comes to clever Christmas presents.

Tomorrow through Friday the JCL will sponsor a gift shop featuring handmade Christmas gifts, stocking stuffers, decorations and special items.

Prices range from 15 cents to \$2 with gifts available for all ages.

Students in charge of the second annual project are Pat Hand, Sue Hackett, Kathy Walsh, Julie Costa, Michele LaPorte and Roberta Quinlan.

The sale is held in order to send a delegate to the National Junior Classical League Convention in New Orleans next summer.

Officers of the JCL are Carol Jakubowski, president; Martha Mullen, vice president; Toni Ausum, secretary; and Ann Burke, treasurer.

Sister Marjorie Marie, RSM, is moderator.

North Farmington

By KATHI CAMPBELL

North Farmington High's annual Sno-Ball will be held in the gymnasium Saturday from 9 p.m. to midnight.

Tickets for the Student Council-sponsored event may be purchased at \$3 per couple in the cafeteria.

Senior Cindy Abram is in charge of the publicity. Jackie Kirk, Diane Kuhn, Andi Larsen and Debbie Spencer will decorate the gym for the festivity; Tony Garcia and Mark McLean will be responsible for providing the entertainment for the dance. Ticket chairmen include juniors Eliza Callow and Linda Wayne.

Senior Linda Oldershaw was recently selected as NF's Miss D.A.R. (Daughters of American Revolution) Criteria for judgment included dependability, service, leadership and patriotism. She now enters state competition.

HONORED SENIOR

Linda was chosen as Farmington's Junior Miss for 1969. She was chosen for poise, appearance and her personal interview with the judges. Linda received a \$250 college scholarship. At present she plans to attend Michigan State University.

First and second runners up also hail

ed from NFH. Linda Pulgini was first runner-up. Linda was selected as the winner of the \$50 savings bond creative art award. She performed a jazz interpretation.

Linda Combes, second runner-up, was awarded a \$25 savings bond for scholastic achievement — Linda maintains a 3.8 average. She chose to perform "Warsaw Concerto" on the piano.

Sandra Polcyn, a student of Our Lady of Mercy, was honored with a gift certificate for being selected Miss Congeniality by the 10 finalists who participated in the pageant.

Marian

By LAURA GUAY

Marian High School debaters used their feminine asset, the gift of gab, to their advantage last week.

In the Catholic Debate Tournament, Marian claimed three out of six possible victories.

Marian defeated Rosary, Regina and St. Cyril high schools in the tournament held in the Brother Rice gym on the topic: "Resolved: that the U.S. should adopt a system of compulsory service for all citizens."

President Sue Baldwin leads the team with Mary Wisniewski, vice president and Joan Anderson, adviser.

Interlochen Music Camp was the

destination of 65 Marina students last weekend.

Drama, dancing and music classes were the main items of interest on the tour. Girls were able to visit classes alone or follow the daily schedule of a resident student.

"The trip was informative and cultural, as well as entertaining," said Sister Borromeo, music department head.

Eight Marian girls, chosen by the faculty, attended a breakfast sponsored by the Birmingham Optimist Club honoring Youth Appreciation Week.

Seniors Betty Arim and Diane Dwyer, with Marty MacAlone and Terry Desimpel, juniors represented their classes at Greenfields.

From the sophomore class, came Barb Dyer and Pat Keating; while freshmen sent Dennagh Lyons and Beth Pekala.

Country Day

By JANET IVORY

Bloomfield Country Day school's traditional Vesper Service will take place Sunday.

The 13th-century play of the Nativity is under the direction of Mrs. Mort Neff, and the Red Choir is directed by Mrs. Raymond Neff. Both the members of the cast and the choir rehearse together daily.

Girls who modeled at the recent

fashion show were Toni Dizik, Ingela Berggren, Janice Feldman, Sara Muller and Missy Scripps.

Others included Wendy Davidson, Dawn Higley, Madeline Jones, Jane Smitt, Stephenie Thompson, Debbie Wade, Pam Gates and Karen Sheppard.

Adelphian

By PAT EDWARDS

The Adelphian Academy choir and band will present their annual Christmas concert Saturday. The band has scheduled an afternoon concert and the choir will perform in the evening.

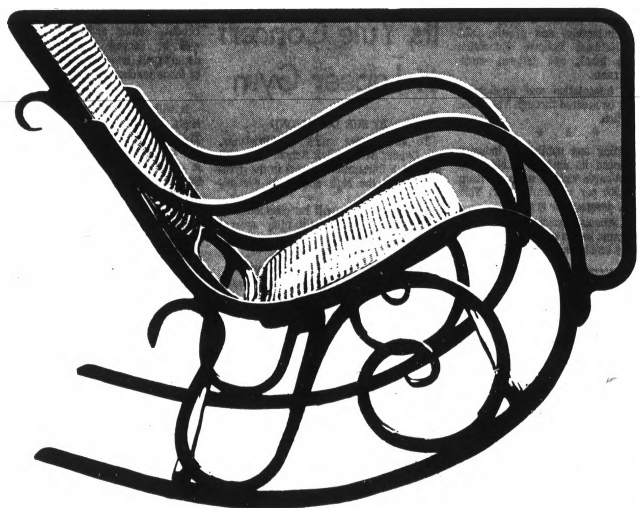

Adelphian Academy was not completely deserted during the Thanksgiving holiday. About 175 teachers from Seventh-day Adventist secondary schools were guests on the campus. The purpose: Teachers' Institute.

The teachers stayed in the girls' dormitory, and each girl will receive "rent" for the use of her room.

Thirteen seniors left last Tuesday, for Andrews University in Berrien Springs. Having attained a minimum 3.25 grade-point average, these students were qualified to attend the university's Honors Day Program.

Eligible were Kathy Bush, Crystal Cantrell, Cheryl Chaffin, Kathy DeBolt, Kay Good, Pat Gray, John Gusjardo, Colleen Kennedy, Sue Medrano, Don Meseraull, Beth Pawson, Gary Taber and Diane VanBelle.

The Merrier Christmas Card

Next to Santa Claus himself, Midwest Bank Card is a Christmas shopper's best friend. It lets you buy more things at more places for less money than any other credit card in the Oakland-Macomb area.

It's accepted by over 400 local merchants—all listed in the Midwest Bank Card Shopping Guide that's available at all 20 offices of Community National Bank. Extended payment charges are 20% less than most credit cards—with no charge at all for full payment within 25 days of billing. And there are two big new advantages for Midwest Cardholders with Christmas travel plans.

First, we've gone international. A new agreement with other charge card networks makes Midwest good from coast to coast and in foreign countries. Second, automatic loan privileges at

the hundreds of banks in the Midwest system now match the full amount of your personal credit limits.

All this makes Midwest the most welcome Christmas card. Use yours for your Christmas shopping. And if you don't have one yet, give yourself a present. Stop at any Community National office and apply for a Midwest Bank Card today.

We want everybody to have a Merrier Christmas.

Junior Editors Quiz on ANIMAL TEETH

Question: How do animals clean their teeth?

Answer: Teeth are very important to us. They are even more so to an animal, for animals use them in more ways than we do.

Some animals kill their prey and tear it apart with their teeth. Others use them for gnawing hard nuts, roots and tree trunks. Still others use them to grub into the ground for plant food.

If animals did not use their teeth in these active ways, they might need to have been cleaned, as our artist has humorously suggested. But the food eaten by animals, unlike that which we eat, is uncooked. It is hard, raw, tough. As the animals bite and chew such raw food, their teeth are being rubbed clean and polished. What better way to polish one's tusks than to grub with them in the ground, as an elephant does?

Think of the beaver, biting into hard tree trunks, gnawing them into pieces to store away for winter food. Think of mice and squirrels biting through the shells of the hardest nuts. The animals get their food the hard way, but they clean their teeth nicely at the same time.

Miniskirt In? Nope, Out!

SENECA FALLS, N.Y. (AP)—reaches the club's description of Mrs. Barbara Moracco's eight a "decent length. Down to the children think her miniskirt is in, but the Seneca Falls Moose club says it's out — and they want it to stay out.

Mrs. Moracco, a trim, blonde, 36-year-old housewife, said she was refused service at the club in this Finger Lakes village because her Nehru dress ended four inches above her knees.

Bud Stubbs, governor of the club, said, "that's right. We've banned miniskirts," because of complaints from club members, both male and female.

Mrs. Moracco, of nearby Geneva, said the bartender in the club had refused to serve her because of her silver-lame miniskirt. This is unfair, she claims, because women members can enter the club in shorts or bathing suits without arousing any comment.

Stubbs admitted the ban was not his idea, but he said it will stand.

"This is a private club," Stubbs said, "and what we say goes. And, just to make sure, we've seen a lawyer."

He said Mrs. Moracco won't be served until her dress

Chalk One Up for Pest Control

LONDON (UPI) — Asolus constantly on the hunt for the natural enemies of insect pests but he's trying hard. Nezaraz viridula isn't man's worst enemy but he's trying hard, too.

Scientists who brought the two together in Australia now happily report that Asolus is the winner every time and thus another important crop pest is being brought under control.

Insect pests cause billions of dollars worth of damage a year. In spite of all countermeasures, they, together with weeds, cut man's production of plant food and fiber from 10 to 25 per cent.

In an overpopulated and underfed world, this problem becomes ever more serious. Insecticides are man's first line of defense, but scientists are

Scientists then discovered that the Asolus fly in Egypt and elsewhere injects its own offspring into Nezaraz's eggs. Asolus was imported into Australia and turned loose in infested areas. Nezaraz is now regarded as rare.

Two scientists, Dr. Douglas Waterhouse and Frank Wilson, cited the episode in the December issue of Science Journal in arguing that biological control has a bright future and is more valuable than some champions of pesticides suggest.

Apples are beneficial for dental health as they clean teeth, massage gums and remove bacteria.

Michigan Stuns Newly-Rated Duke Quintet

Wolverines Win 90-80 as Sub Hits 20 Points

From Our Wire Services
DURHAM, N.C. — You won't find Michigan anywhere in the rankings. Next week you won't be able to see Duke there, either.

The Blue Devils were placed 12th by United Press International in this week's rankings — and 9th in the Associated Press polls — but that was before Monday night and Michigan.

The Wolverines put at least a temporary end to those national-ranking ideas the Blue Devils might have had with a convincing 90-80 triumph. Both clubs now have 3-1 records.

Duke showed that its "Super Sophs" are really that as 6-foot-10 Randy Denton and diminutive 5-foot-11 Dick DeVenzio notched 23 and 17 points, respectively, to keep their team in the ball game.

SUPER SUB

But Michigan showed off its "Super Sub" in the person of junior guard Mark Henry and sophomore Dan Fife and as usual, received a 20-plus point performance from 6-foot-7 junior Rudy Tomjanovich.

Michigan, which has sharply improved its play for new coach John Orr since Ken Markey returned to the lineup from a knee injury, used the fast break to an early 14-6 lead.

The Wolverines then hit a cold streak, in which Duke hit a dozen straight points, but Tomjanovich and his speedy, aggressive teammates spurred back to a lead which reached 41-35 at halftime.

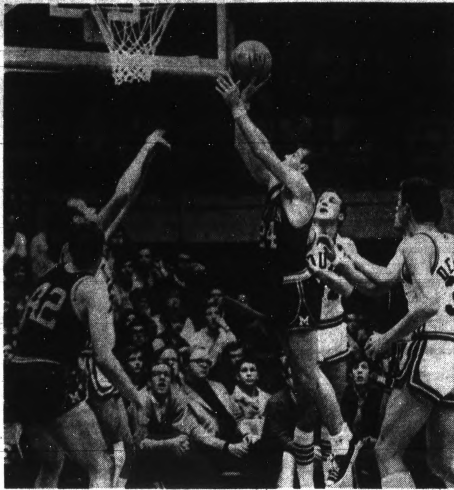

It was during this period that Henry entered the game, and when the Blue Devils threatened by closing to within three points early in the second half Henry collected the bulk of his 20 points as he guided the Wolverines back to a safe 63-52 edge.

Tomjanovich ended with 29 points to lead all scorers and Dennis Stewart chipped in with 15.

Duke was even handed a technical foul on its home court when the crowd reacted to a call which went against the Blue Devils by showering the court with paper and other debris.

If the Wolverines keep improving — as they have done with their last two contests — they might cause as much trouble as last year, when they knocked Iowa into a tie with Ohio State for the Big Ten title.

Michigan is idle until Dec. 20-21, when they journey to Lexington, Ky., to play in the Kentucky Invitational.

AP Wirephoto

HELPS UPSET — Clarkston's Dan Fife hits a layup to help the University of Michigan defeat rated Duke University in Durham, N.C. last night where the Wolverines took a 90-80 decision. Dave McClean (42) of Michigan waits for a possible rebound as do a host of Duke players. The Wolverines and Deacons now have the same records, 3-1 for the season.

'Dead' Bears Still Very Much Alive

CHICAGO (U) — Five weeks ago they put the Chicago Bears in a coffin when they lost the great Gale Sayers for the season. But they forgot to nail down the lid.

The Bears pulled off their greatest victory of the season Sunday by defeating the Rams in Los Angeles 17-16. It capped a comeback on a trail strewn with key injuries.

Quarterbacks Jack Concannon and Rudy Bukich both were lost in the Minnesota game Sept. 29.

Ace punter Bobby Joe Green later broke his leg. Sayers, the National Football League's No. 1 rusher, tore his knee apart against San Francisco.

FRACTURED ANKLE

Virgil Carter, fresh from the taxi squad to No. 1 quarterback, guided the Bears on a four-game victory streak then was shelved with a broken ankle.

The Bears were playing for Carter, protecting him like a kid brother. When he was carried off the field against Atlanta Nov. 17, the Bears lost the game. It looked as if the coffin lid was going to close.

Then Concannon came back after missing seven games with a broken collarbone. The Bears lost to Dallas. Two weeks ago they defeated New Orleans, as expected, then came Los Angeles. They won as 14-point underdogs. Now they share the Central Division lead with the Minnesota Vikings each at 7-6.

The Vikings wind up Sunday against Philadelphia heavily favored.

CENTURY MARK

The Bears are host to the dethroned Green Bay Packers in the 100th game of the ancient rivalry. Victory would assure them the title and send them to Baltimore for the Western Conference championship.

If Chicago and Minnesota end in a tie, the Bears would take the crown because they have beaten the Vikings twice.

Not only injuries vied calamity for the Bears.

Last summer their beloved old assistant coach Paddy Driscoll died.

Wings Face Kings; Add Rookie Center

DETROIT (AP) — The Detroit Red Wings, who will be in Los Angeles Wednesday to face the Kings, have another new face on their roster.

Rene LeClerc, a 21-year-old center, was called up from their Fort Worth farm club Monday. Detroit, meanwhile, reassigned rookies Ed Hatoum and Hank Monteith to Fort Worth.

LeClerc, now in his first full professional hockey season, scored three goals and five assists in his 22 games at Fort Worth.

Hatoum is a Lebanese-born first-year pro. The 21-year-old right wing had one goal and one assist in the four games he played with the Kings, while Monteith, 23, had one assist in three games.

SPORTS

AL Releases Statistics

It's Official, Denny Is Tops

BOSTON (AP) — The American League made it official today — Denny McLain of the Detroit Tigers was THE pitcher of 1968.

President Joe Cronin announced official figures confirming that McLain became the league's first 30-game winner in 37 years as he fashioned a 31-8 record in pitching the Tigers to the pennant.

The 24-year-old right-hander also led

the AL in six other categories — most starts 41, most complete games 28, best percentage .838, most innings pitched 338, most batters faced 1,206 and most home runs surrendered 31.

In becoming the first 30-game winner since Lefty Grove won 31 for the Philadelphia Athletics in 1931, McLain fashioned a 1.96 earned run average, fourth best in the league. He struck out 280 while walking only 63.

BEST ERA

Cleveland right-hander Luis Tiant, who fired nine shutouts, led the league in earned run average with a brilliant 1.69 — the lowest since Walter Johnson's 1.49 in 1919. Tiant had a 21-9 record.

Southpaw Sam McDowell of the Indians was runner-up with a 1.81 ERA. McDowell topped AL pitchers with 283 strikeouts, the third time in four seasons he has finished first in total whiffs. He also was high with 110 bases on balls.

Trailing Tiant and McDowell in ERA were Dave McNally of Baltimore with 1.96, McLain and Tommy John of Chicago. Chicago's Joe Horlen, the 1967 leader, finished eighth with 2.37, the fifth straight year he has finished among the top 15.

Southpaw Wilbur Wood of the Chicago White Sox broke three major league records as he pitched in 88 games, all but two in relief. He established new marks for most appearances, most appearances in relief and the most incomplete games.

SET RECORD

American League pitchers threw a record 154 shutouts, one more than in 1967.

The Cleveland pitching staff, which had 23 shutouts, led in team ERA with 2.655, edging Baltimore, which had 2.660. Detroit was third with 2.71, followed by Chicago with 2.75 and New York 2.79. Boston 3.35, California 3.43 and Washington 3.64 were the only teams

over 3.00 as the league had an over-all ERA of 2.98.

The league's biggest loser was California southpaw George Brunet, who was tagged with 17 defeats despite a 2.87 ERA. He won 13.

Six NFL Officials Get Suspensions

NEW YORK (AP) — Pete Rozelle, commissioner of pro football, announced Monday the suspension of the six game officials whose mistake cost Los Angeles a down in the Rams' crucial 17-16 National Football League loss to Chicago Monday.

The officials were referee Norm Schachter, umpire Joe Connell, head linesman Burl Toler, line judge Jack Fette, back judge Adrian Burk and field judge George Ellis.

Rozelle issued the following statement: "National Football League game officials erred in not permitting Los Angeles one more down near the end of the Rams' game with the Chicago Bears Sunday."

A penalty against Los Angeles on the first down of its final series nullified an incomplete pass play. Following three additional incomplete passes by Los Angeles, the ball was turned over to Chicago, thus depriving Los Angeles of a fourth down play to which it was entitled.

"Los Angeles would have started the fourth down from its own 47-yard line with five seconds to play and 31 yards needed for a first down."

Michigan (W)	Duke (L)
Stewart	6 55 15

Frazier Defends Version of Title Against Bonavena

PHILADELPHIA (AP) — Joe Frazier is a 2-1 favorite to successfully defend his six-state heavyweight championship tonight in a scheduled 15-rounder against Oscar Bonavena of Argentina.

Frazier agrees with the odds-makers. "I'll smoke him out in six," claims the confident champion from Philadelphia.

"He's gonna," says Frazier of the curly, black-haired Argentine, who two years ago twice knocked him down before losing a hotly disputed split decision in New York.

"That was two years ago and I was green," Frazier retorts when reminded of the double knockdown and the close verdict. "I've learned a lot since then. That's why I wanted Bonavena again. I wasn't happy with the first fight, either."

Chirp, chirp you all! This is one little birdie who missed the last flight south and is now nesting on his slick frozen crystal ball. There are a few key games on the cage agenda tonight and our friend the birdie sez: Waterford over Clarkson Oak Park over Laher Farmington over Southfield Troy over Lamphere Pontiac Catholic over Farmington OH BLUE PLATE SPECIAL Highland Park over Northern

Green Huskies Open Season

Everyone's jolly but there's no giant to be found on Pontiac Northern Little green basketball team this year.

"We are inexperienced and small," is the way coach Dick Hall puts it.

'FAST, GOOD SHOOTERS'

He quickly adds: "We are, however, very fast and these boys can shoot."

How green, how small they are and how well they shoot will be known this evening when the Huskies open the season against visiting Highland Park, Friday, 56-42.

THREE LETTERMEN

Experience could be a problem. Hall has only three letter winners back — guards Rob Clancy and Ed Williams along with forward Ed Moncrie.

There are a lot of newcomers moving up from the defeated jayvee squad, and no doubt Hall will be trying to get many of them into the game for some experience this evening.

TALLEST HUSKIE

Tallest among the young Huskies is senior center Sheldon Fisher (6-4). A few other names likely to see a lot of action are Ernest Crawford (6-1), Gary Gibson (6-0) and Joe Bradley (6-0).

The game is one of a handful on the high school schedule this evening.

Important league contests are on tap in the Northwest Catholic.

Life at Forty? —and How(e)

Gordie Off to Fastest Start in Career

NEW YORK (AP) — If life begins at 40, Gordie Howe is off to a pretty good start.

Howe, who turned 40 in March, is off to the fastest start in his 22-season National Hockey League career with 14 goals and 24 assists for 38 points and second place in the scoring race.

The Detroit star, hockey's all-time scoring king, passed up 700 goal plateaus and picked up three goals and four assists last week. Howe's 38 points in 24 games are eight more than he has ever managed this early in the season.

Howe trails Chicago's Bobby Hull in the scoring race. Hull, who scored his 23rd career hat trick Sunday night—three short of the record held by former Montreal great Maurice Richard—leads all scorers with 19 goals and 25 assists for 44 points. His assists total is only six short of the number he had all of last year.

Howe trails Chicago's Bobby Hull in the scoring race. Hull, who scored his 23rd career hat trick Sunday night—three short of the record held by former Montreal great Maurice Richard—leads all scorers with 19 goals and 25 assists for 44 points. His assists total is only six short of the number he had all of last year.

Hayes Boosts San Diego 5 in NBA Play

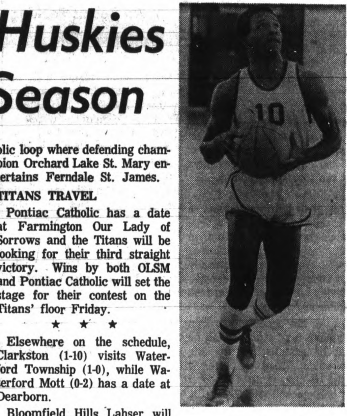

By MILTON RICHMAN

NEW YORK (AP) — Rookie Elvin Hayes, whose point production has driven the San Diego Rockets into second place in the Western Division, maintained his scoring lead in the National Basketball Association, according to figures released today by the league.

The 6-foot-8 Big E from Houston tops the circuit with a 30.0 scoring average and in total points with 811. Elgin Baylor of the Los Angeles Lakers is the runner-up with a 27.4 average and 739 points.

The scoring leaders:

1. Hayes, San. 30.0
2. Baylor, Los. 27.4
3. Russell, Minn. 27.1
4. Johnson, Minn. 26.8
5. West, Minn. 26.5
6. Johnson, Minn. 26.5
7. Johnson, Minn. 26.5
8. Johnson, Minn. 26.5
9. Johnson, Minn. 26.5
10. Johnson, Minn. 26.5

Pontiac Press Photo

EYES BUCKET — Forward Barry Webb has his eye on the basket for this shot during practice and he and his Pontiac Northern teammates hope they'll get a lot of shots against visiting Highland Park tonight.

Golf Units Seek Sole Executive

SCOTTSDALE, Ariz. (AP) — One man will be handed the authority to regulate the professional golf tour — if and when the Professional Golfers Association and the American Professional Golfers settle their dispute.

This is one of the major developments that will come as a result of the two rival groups. The Associated Press has learned from a reliable source.

The two organizations have been discussing ways to unite the PGA with the players who formed the APG last summer over disputes mainly concerning control of the PGA tour.

The PGA's Executive Committee finished a week of meetings here Sunday, where they had gathered for the organization's inaugural club pro golf tournament. The talks included a marathon 15-hour session that began a week ago Monday and continued into the early morning hours Tuesday.

SPECIAL BOARD

If the groups do settle their differences, the PGA will form a 10-man board to supervise the tour according to one of the men involved in the negotiations.

The board will then hire one man — a "golf czar" — who will supervise the tour and handle its problems. He will be only responsible to the board.

The board, however, will be subject to a veto power held by the PGA, the source said, adding that the PGA would use it only in "emergencies."

During last week's day-long meeting, APG attorney Sam Bates met with the board and PGA council William Rogers. It

Bidding War Not Expected for Alcindor

CHICAGO (AP) — Walter Kennedy, commissioner of the National Basketball Association, said Monday he doesn't anticipate any bidding war for the services of UCLA's Lew Alcindor when he becomes eligible for the player draft.

"The NBA always has paid well and the team that drafts Alcindor will be prepared to pay a goodly sum," Kennedy said. "There will be no bidding war. There wasn't last year when we drafted the two greatest players then—Wes Unseld (Baltimore Bullets) and Elvin Hayes (San Diego Rockets)."

"Even when there wasn't another league, the New York Knicks paid Cazzie Russell the most—at that time—of any pro athlete in any sport," Kennedy said.

NBA will not set up any special draft procedure for Alcindor, despite some rumors that it will.

From Football to Hollywood

Collier was right. He couldn't reasonably expect to find another ball player as good as Brown. Not in a hundred years.

Well, all it took was one year and maybe 26-year-old Leroy Kelly isn't as good as Jim Brown has right now, but you'd be surprised how many sound judges of football talent think he has a chance some day to be even better.

"At least this guy blocks, cracked one of those judo punches," Kelly does any number of other things also.

He hits. Not just once or twice but three and four times on the same play. He has the different style of running that Brown has, although he gets essentially the same results.

Once you see Kelly in action, you never forget him. He is somewhat reminiscent of ham-

Entries Miss Reaching Total Record of '67

Huron Bowl Planning for Eight Sessions of Bowling Hopefuls

With entries, averages and scores being checked about 500 bowlers out of the 1,243 entries must play a waiting game until their semifinal squads are announced for the Pontiac Open Bowling Championship.

The squads will be announced Friday and the bowlers will take the lanes Sunday at Huron Bowl for the second phase of the tournament which will have a \$1000 first prize upon completion.

Because of the large number of semifinalists, Shirley Pointer, tournament supervisor at Huron Bowl, indicates that there will be at least eight squads with a starting time of 9 a.m. for the first squad.

The entries this year failed to reach the high of 1,400 set in 1967 and this was due primarily to the early qualifying which saw many hit the target score of "600" or better on their first try, thereby eliminating a large number of re-entries.

PRIZE LIST

This does not alter the top guaranteed prize however, which begins at \$1,000 and follows with \$600, \$400, \$300 and \$200.

There will be added prizes of \$50 and \$25 to the top score and runnerup in the semifinals Sunday.

Old prizes to be awarded will be \$50 to the top Mix 'n' Match doubles score from the qualifying and to the Mix 'n' Match team of the qualifying. Presently, the winners of these features are unofficial until scores and averages are checked.

Unofficially, leading the mixed doubles portion are Rose Davis and Larry Angotti who put together a 665-701-1366 total at Cooley Lanes.

TEAM RACE

The team total is a close 3-team race. A 3310 by Jack Aldred 659, Joe Frey 684, Willie May 628, Pat Capobianco 631, and Dave Breeding 706, is in the lead from Huron Bowl.

A Cooley team of Bob Van Gelfo, Chuck Massey, Jim Adkins, William Campbell and Scott Gruber has 3294 and a How's team of Cliff Thompson, Larry Thompson, Dave Thompson, Ray Conley and Larry Myers with 3221.

The winners will be all entries checked, and the squads for Saturday will also be announced. The Actual's Invitational is slated for Dec. 22 at 300 Bowl with approximately 180 bowlers expected to compete. These squads will be announced next week with the finalists.

Tangerine Bowl Date

RICHMOND, Va. (AP) — Richmond's Southern Conference football champions began practice Monday for their Dec. 27 Tangerine Bowl game against Ohio University's Mid-American Conference champs.

Pontiac Press Photo

IN AND WAITING—These three bowlers, who qualified Sunday for the Pontiac Open championship at Airway Lanes, now must wait for the semifinal squads to be announced. Doug Denio (left) with a 633, Mike Poprasky with a 627 and Al Urbanik

(right) with 661, will be among 500 semifinal bowlers who will shoot for the finals when they roll at Huron Bowl. The finals are slated for Sunday Dec. 22 at Airway. The semifinal squad will be announced Friday.

Big 10 Quints Ahead

Olympic Cager Not Only Star for North Carolina

By United Press International

North Carolina's rivals can forget it if they think the Tar Heels are a one-man basketball team.

Olympian Charlie Scott monopolized the headlines as North Carolina, the nation's second-ranked college team, won its first three games of the season but the Tar Heels proved Monday night that they have

other stars who can rise to a tough occasion. Trailing Vanderbilt 40-39 at halftime in Charlotte, N.C., North Carolina out-scored the Commodores 61-39 in the final 30 minutes to raise its season record to 4-0. Leading the comeback with 22 points each were Dick Gruber and Bill Bunting

with Rusty Clark adding 18 and Scott contributing a modest 14. Tom Hagan scored 23 points for Vanderbilt, which led during most of the first half and at one point was ahead 29-21.

Kansas scored a 79-56 victory over Xavier of Ohio.

ZONE PRESS

Kansas, refusing to panic in the face of Xavier's full-court press, led 36-24 at halftime, forced 26 turnovers with its own zone and outscored the Blue Devils 49-38. Phil Harmon had 16 points and Jo Jo White 15 as the Jayhawks scored their third victory in four games.

Dayton breezed to a 53-34 halftime lead and trounced Portland 85-76.

Dan Sadler scored 18 points for the Flyers; the National Invitation Tournament winners last March.

Bill Voight's 22 points led Southern Methodist to an 81-70 triumph over Southern Illinois. 6-10 center Cliff Parsons had 19 points and 19 rebounds as Air Force downed Arkansas State 75-58.

LaSalle pulled gradually away in the second half to defeat Rider 79-59; Gene Williams scored six points in the overtime period as Kansas State beat Indiana 87-83 and Northwestern over Colorado 66-66 in other games.

Police Receive Threat Call on Lions' Tackle

A police guard was withdrawn Monday from the Bloomfield Township home of Alex Karras, the Detroit Lions all-pro defensive tackle, after an anonymous caller told police "you'd better protect Karras."

Police Chief Robert Snell said, "There's nothing to substantiate that it was anything more than a crank call."

CHICAGO (AP) — Despite an overtime loss to Indiana, the Big Ten continued its domination over intercollegiate football.

Indiana dropped an 87-83 overtime loss to Kansas State but three other teams came through with victories to give the Big Ten a 23-4 record against intercollegiate foes.

Michigan, Northwestern and Illinois posted victories.

Illinois managed to remain undefeated with an 83-51 victory over North Dakota and Northwestern rallied in the second half to down Colorado 86-66.

Greg Jackson, a 6-6 sophomore, led Illinois' balanced attack with 18 points. Jodie Harrison with 13 points, Dave Scholz with 12 and Fred Miller with 11 added the Illinois cause.

HIGH SCORERS

Don Adams led Northwestern with 22 points and Terry Gamber fourth straight victory.

Butler will be at Purdue tonight with Wisconsin at Notre Dame Wednesday.

Iowa invades Wichita State Thursday and Butler will be at Michigan State Friday.

Saturday's schedule will be heavy with Iowa at Drake, Iowa at Illinois, North Carolina State at Indiana, Harvard at Ohio State, Ohio University at Purdue and Northwestern at Wisconsin.

The night will be a doubleheader at Chicago Stadium which finds Michigan State battling Western Kentucky and Minnesota facing Chicago Loyola.

Collegiate FBI in Action

'Most Wanted' Lists Prepared

By DUFFY DAUGHERTY
Head Football Coach
Michigan State University
Right now the greatest manhunt by the FBI is taking place. I don't mean the Federal Bureau of Investigation. I mean the football insiders.
That's what some we call the coaching staff members we send out into the field to beat the bushes to find out which senior high school athletes possess enough ability to become outstanding college players.

When the season ends my wife often says:
"Now Duffy can take it easy until next fall."
Nothing could be further from the truth as the job of a football coach is more demanding in the off season. More games are won from December to September. Recruiting is so important because the competition for the blue-chip athlete is so great. By blue chip athlete we mean one who has size, speed and the intellectual capacity to handle his academic work.
NEED DESIRE
All coaches realize the first step in making a winner is to corral a group of young men

possessing the physical qualities so necessary in football. These men must also possess the desire to excel.
It is true that recruiting does take place during the season when outstanding players are invited to attend some of the games.
However, this is just to show an interest in these young men. The inducing doesn't take place until the close of the season. First we try to determine those athletes with great ability in

Colts Looking Ahead of Game With Rams

BALTIMORE (AP) — The Baltimore Colts depart for California today, thinking not so much of their National Football League game this Sunday as the chance for another warm weather appearance next Jan. 12.

The Colts, who play the Los Angeles Rams this weekend in an inconsequential game, are looking toward the Super Bowl pro football championship in Miami on the latter date.
The Colts, already assured of a place in the playoffs, had expected to battle the Rams Sunday for the Coastal Division title of the NFL.

The Chicago Bears spoiled a repeat of the 1967 Colts-Rams showdown in the last game of the season, however, by upending Los Angeles 17-16 last Sunday. The loss eliminated the Rams as playoff contenders.

our own state. After that we survey the prospects in surrounding states.
Then we go over the list of players recommended by high school coaches. In almost all cases we have our entire staff review films of their games to determine which men have the ability to play on the major college level. We then find out their academic status and this often eliminates a large number.
SELECT GROUP
We then take the remaining

After a final morning drill on their own field, the Colts will fly to Santa Barbara, about 80 miles south of Los Angeles, to begin preparing for the Rams' game.
The remote location was chosen originally to reduce the chances of spying by Los Angeles scouts.

ALL WILL PLAY
"We want to win but we are going to give everyone a chance to play," Coach Don Shula said Monday.
"Yes, John Unitas will play and everyone except the injured."

Only two Baltimore players are listed as doubtful starters. Tanker Jimmy Orr and fullback Jerry Hill.
Orr has missed two games because of a badly bruised back. Hill suffered a knee injury a month ago in Detroit.
"Neither can be considered injured now," said trainer Ed Block.

"The problem is to determine if they can be an integral part of the team by Sunday. That will be determined in the usual way during practice this week."

PLAYOFF DATE
In any case, Shula plans to activate both players to have them ready for action in the playoffs, which begin Dec. 22 in Baltimore's Memorial Stadium.
The Colts will oppose the winner of the Central Division, either Chicago or Minnesota, for the NFL's Western Conference crown.

The winner of that game will play either Dallas or Cleveland for the NFL title and the playoff spot against the American Football League champion in the Orange Bowl.

group, those with all the qualifications — both mental and physical — and try to determine if they have an interest in our school. If not, we try to create one.
The NCAA and the Big Ten allow a school to pay a prospect's expenses for one visit on campus. This means his travel bill and expenses for two days and two nights on campus.

This gives him ample time to visit the professors whose courses he will take and to meet the coaching staff and players. These visits naturally must come on winter weekends, involving Fridays, Saturdays and Sundays.

We are not permitted to sign an athlete until April 1 and he must be certified by the Big Ten office. When we offer a tender it means the prospect has been picked only by a Big Ten school.

In mid-May we have a national letter of intent which we send to those who sign the conference tender. Once this national letter is signed it is binding.

It means that the prospect cannot receive any undue financial aid at any other school. It also means that all recruiting actually ends in May. But even then a coach worries until next fall, wondering whether his FBI men got their share of the chippers.

Pistons Seek to End Skid Against Bulls

CHICAGO (AP) — The Detroit Pistons seek to end a five-game losing skid tonight when they take on the Bulls for the first time this season in a National Basketball Association game at Chicago.

Although not yet familiar with the Pistons' style of play, forward-center Elmore "Bud" Olsen will be available for duty. He joined the team Monday after being dropped by Boston.

Coach Paul Seymour says the 6-foot-8, 230-pound Olsen will help the team in two ways: "Bud will give us more beef up front and we also can work him in the pivot under certain situations."

Meanwhile, Seymour is hopeful that the flu bug has fled the Pistons. Dave Bing, Dave DeBusschere and Eddie Miles all have been affected in recent weeks and the weakened DeBusschere has managed only 31 rebounds in the last five games.

However, the former University of Detroit star is on the threshold of becoming the all-time Pistons rebounding leader. He has more than 4,700 rebounds to date and before Christmas he may surpass Walter Dukes' mark of 4,866.

Top Gridders Picked
NEW YORK (AP) — Joe Cowan, a halfback from Johns Hopkins, and quarterback Don Weist of Juniata have been picked as the most valuable players in the College Divisions of the Middle Atlantic Conference for the second year in a row.

Seven Teams Seeking Waterford Title
Seven other teams will be trying to end Clio's domination of the Waterford Invitational Wrestling Tournament which is slated for Saturday at Waterford Township High School.
It's the fifth annual occurrence of the event and Clio has won it the past two times out. The others went to Waterford and Kettering.

Along with those three schools in the tourney are Waterford, Mott, Hazellet, Lake Orion, Madison and Utica.
Preliminaries open at 1 p.m., consolation are slated for 6:30 p.m. and finals get under way at 7:30.

By FLETCHER SPEARS

One of the area's longest streaks for a high school team has come to a close but no one is shedding any tears.

The end of this streak was more cause for celebration, although nothing of the sort came about.

Oxford's Wildcats have won a basketball game, defeating Marysville Saturday night, 36-33. That may not sound like much of an accomplishment until you consider that the "Cats hadn't been able to do it in their last 27 attempts.

"We just ran into one that's not any better than we are," said coach Lee Nofz, 38, a real nice guy who has suffered along with the players through those 27 straight setbacks.

"They (kids) really wanted this one," said Lee. "They saw Marysville play on Friday night and they felt they could beat them. They have a little more confidence now."

Any comments from the fans on the win Lee was asked. "You get those only when you lose," laughed Lee. The Wildcats pulled the big win on the road and they'll return home Friday to see if they can win their second before a home crowd. Harrow Woods will supply the opposition.

BUSY COACH
One of the area's busiest coaches is Bloomfield Hills Andover swim coach Mike Lane, a former national diving champion.

Along with coaching the high school Barons, Mike toils three evenings a week with the AAU Swim Club.

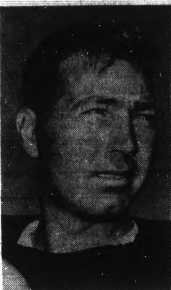

Mike employs a sort of "Early Bird Gets the Worm" schedule at Andover, a team that is new to swimming circles and one which posted a 12-5 dual record last year.

EARLY PRACTICE
The Barons report to the pool for practice at 6 a.m. Mike, who lives in Detroit, rises at 5:15 to make it in time for practice.

Do the kids mind the early-morning practice? "They mind it," says Mike, adding, "They like to complain, but they know it helps. And if they didn't have something to complain about they wouldn't be happy."

Mike's theory is that if he holds practice in the afternoon, the kids may be too tired to give proper concentration to their homework. "And we get a lot done at that time of day," says Mike.

ALL-STAR BERTH
Former Birmingham Seaholm star Ken Heft, who made it as

Retirements Rumored

Green Bay Is Aging

GREEN BAY, Wis. (AP) — I'm telling you, it was really emotional." The Green Bay Packers' dismal climax to their worst National Football League season in a decade has, not unexpectedly, produced retirement rumors.

The Packers, with 13 veterans more than 30 years old, were especially gloomy after Saturday's loss to Baltimore. That best explains why retirement might have been on their minds, Coach Phil Bengtson insisted Monday.

"I don't think there will be wholesale retirements," Bengtson said. "A player may feel ready to quit after a defeat. But after a few weeks, they may think differently."

A Minneapolis sports commentator reported he had heard No. 1 quarterback Bart Starr would be quitting after next Sunday's season finale against the Chicago Bears.

NO COMMENT
"I have absolutely no comment on that," Starr said Monday night. "I don't know where these things get started. I really can't say at this time, and that's as honest as I can be."

Starr said he doesn't know whether his rib injuries will keep him out of the Chicago game, "but I sure want to play." He was absent from the Baltimore game.

The Colts' victory in Lambeau Field, the Packers' last home game of the year, was Green Bay's first NFL game since 1965 without a touchdown, and canceled Packer chances for a third consecutive NFL crown.

"You know what it was like? It was like playing your last college game," guard Jerry Kramer said. "We knew it was the last game here for a lot of guys."

Playing Style Changes With Wilt on Squad

LOS ANGELES (AP) — Tom Hawkins is being forced to change his style of play with the Los Angeles Lakers now that Giant Wilt Chamberlain plays center for the National Basketball Association team.

Hawkins, who contends he isn't a very good outside shooter, says that with Wilt in the key "there wasn't much room in close." "I've just had to make an adjustment," he said Monday.

The 6-foot-5 Hawkins spoke at the weekly luncheon of the Southern California Basketball Writers Association.

The 7-foot-1 Chamberlain "has in his power the ability to completely change the course of a game," Hawkins said. "That potential is always there. When he wants to, he can take charge of the entire offense and defense."

But Hawkins, a Notre Dame graduate, said things have changed since Wilt came to the Lakers in a trade with the Philadelphia 76ers this year.

"Before Elgin Baylor and Jerry West had room to maneuver in the key. With Wilt in there, the style of the game changes a bit. It's different than the five-

Local Skaters Hit Stride in Proficiency

Rolladrum roller skaters have proved proficient in several areas during the last couple of days.

Sunday, Candy Ball won the girls' figures and David Karl teamed with Linda Verhine to capture the novice dance in a skating artistic league meet at Clawson Ambassador.

Dori Mazza was second to Miss Ball. Kurt Anselmi and Kim Castor were runnerup in junior dance and Miss Verhine was third in novice ladies' figures.

Proficiency tests were held yesterday and the following skaters passed:

No. 1 DANCE BAR — Dawn Bellish, Norma Konkin, Lori Bain, Cindy Isles, Sandy Hutchinson, Leslie Hunter, Mary Ann Pace, Karen Midgard, Debbie Sweet, Geri Shopkin, Nancy Sebring, Lynn Wales, Debbie Walton, Margaret Hicks, Laurel Heaslip, Julie Klee and Gloria Sweet.

No. 1 FREESTYLE BAR — Cindy Booker and Miss Heaslip. No. 1 FIGURE BAR — Miss Hutchinson, Miss Isles, Miss Pace, Jean McNair, Sue Sebring, Miss Wales and Miss Heaslip.

Pontiac recreation league basketball got under way last night with two games on the schedule at Madison Junior High School.

In the opener, Roy White's Unbeatables, with four players in double figures, defeated Conn's Clothes, 62-58.

Fred Davis led all scoring with 18 for the losers while Rudy Ransom paced the winners with 14.

In the second game, Felix Brooks and Larry Edwards combined for 45 points as Club for the Hawks who are 2-2. The One Spot whipped Perry Drugs, 80-59.

Perry led through most of the first half but fell behind at intermission, 35-33.

In the final quarter with Cy Council and Dave Webster, but couldn't keep pace in the final minutes. Both Lakeland sextets will see action Saturday night.

"B" team defeated PPOA, 64-37 at Port Huron.

and Local 596 defeated Town & Country, 89-36.

New Cell-Research Lab Is Dedicated in Detroit

DETROIT (AP) — A \$500,000 laboratory for cell and molecular research was dedicated today in Detroit.

The Theodore and Mina Bergman Foundation Laboratory, located at Wayne State University's Medical Research Building in Detroit's new Medical Center, will be used by WSU scientists researching heart disease, stroke, leukemia, high blood pressure, rheumatoid arthritis, gout and viral diseases.

A \$75,000 microscope will be installed at the laboratory later this month. The Japanese produced instrument will be the fourth electron microscope at the lab but the first scanning electron microscope in the state. It will provide revealing, three-dimensional views of cells and their intricate structure.

Funds to build and supply the laboratory came from the Bergman Foundation, plus U.S. Public Health Service, university and individual grants. Facilities include a conference room and offices.

Meany Decries Suggestion of 'Controlled Joblessness'

WASHINGTON (AP) — AFL-CIO President George Meany says those who advocate "a little unemployment—controlled unemployment" are talking nonsense.

"Without full employment, how do we ever solve the just demands of our minorities who today seek vainly for jobs?" Meany asked in a statement.

The head of the 13.6-million member labor federation answered his own question by saying the government must expand the economy and provide jobs for all who are unable to get them.

Meany's statement was billed as being in connection with the 20th anniversary of the United Nations' Universal Declaration of Human Rights. But it contained a message for President-elect Richard M. Nixon and his advisers although Meany did not mention names.

FULL EMPLOYMENT

The labor leader said at one point that his federation was committed to a policy of full employment—"undeterred by those who fear inflation above everything else."

There are some, he said, "who advocate a little unemployment—controlled unemployment—as the answer to inflation. This is nonsense."

The comments appeared to be directed at two of Nixon's key economic advisers Paul W. McCracken, named to head the Council of Economic Advisers, and Herbert Stein, head of the Nixon task force on fiscal policy.

McCracken, in a copyright interview with the Washington Post in 1965, said the then 4.1 per cent level of unemployment was "for all practical purposes" full employment.

'MYSTICAL SIGNIFICANCE'

He added that although no one wanted to see anyone jobless "one of the things we are going to have to learn is to avoid attaching great mystical significance to some threshold figure."

Stein, in a report published two weeks ago, said the major goals of U.S. fiscal policy must be reduction of inflation and unemployment, although curbing the rate of inflation is likely to bring a brief jump in joblessness.

The best way to minimize the unemployment increases that would result, Stein said, would be a program of better manpower training, more information on available jobs and better income supplement.

Meany said that not only must the government steer away from a policy that accepts some unemployment, but it should become "the employer of last resort" to provide jobs for those who can't find them in the private economy.

"A man forced against his

Police Hunt Four in Gun Store Theft

MOUNT CLEMENS (UPI) — Macomb County sheriff's deputies today were seeking four bandits who stole 40-50 pistols from a gun store yesterday and beat one employee.

An undetermined amount of money also was taken in the robbery, police said. The employee was hit several times by the robbers, but was released after hospital treatment.

Officials said there apparently was no ammunition taken in the holdup.

Italy Still Tense as Crisis Fades

ROME (AP) — With a new government as "a formula already beaten by the popular vote and hostile to the masses of workers." The center-left cabinet that had governed for five years folded last spring when the Socialists bolted after suffering severe election losses.

All three partners in the center-left coalition have ratified the program of Premier-designate Mariano Rumor. He now needs only to present his cabinet to President Giuseppe Saragat, possibly Wednesday or Thursday, and secure votes of confidence from the Senate and the Chamber of Deputies.

Architects of the new coalition hope it will meet the demands of students, workers and farmhands for social, governmental and educational reforms.

The Communist party and its ally, the Proletarian Socialist party, scheduled a mass meeting today "to indicate to the workers and youth in struggle an alternative to the center-left."

DENOUNCE COALITION

The party paper L'Unita denounced the proposed coalition

Two Doctors' Report on Hunger Shocking

By WHITNEY M. YOUNG JR., Executive Director, National Urban League

Two doctors recently returned from a trip and wrote that they saw "weak, lethargic children, with swollen legs and swollen bellies; children whose skin was dry and rough and infected and discolored and ulcerated and excoriated; children whose muscles were wasted, whose bones were quite obviously deformed; children who were no longer hungry, because they were too ill to desire food."

These doctors were not reporting on starvation conditions in Biafra, or in some other pocket of misery and hunger far from home. They were reporting on conditions in Beaufort County, in South Carolina, right here in the United States of America.

Their report, published in a recent issue of the New Republic, is horrifying. It duplicates the findings of other doctors who have investigated living conditions among the rural poor in Mississippi and elsewhere.

Such reports are especially disturbing at this time of year, when most Americans have just finished their traditional Thanksgiving feasts and look forward to their overflowing Christmas tables.

ALL BUT UNKNOWN

But holiday dinners with all the trimmings are all but unknown for the more than 10 million Americans who exist on poor diets.

Hunger stalks blacks and whites in the poorest areas of the South; it devastates Indian families on Western reservations; and it is a daily visitor in many homes in big-city ghettos.

But hunger isn't supposed to exist in this, the richest nation in the history of the world. What about welfare aid, the

food stamp program, and free school lunches? Don't they feed people and prevent children from being ravaged by hunger and the diseases it causes?

THE ANSWER IS NO

Obviously, the answer is no. Only about a fourth of all poor people get any kind of public welfare assistance. The food stamp program, along with another program that distributes surplus food, reaches only one out of five poor people.

The poorest counties suffer most. Bolivar and Sunflower counties, in Mississippi, are examples.

In both, the poor make up two-thirds of the population. In Bolivar, less than half of the poor take part in federally aided food programs, and only about one of every eight poor people get welfare payments. In Sunflower, less than a fourth of the poor get food aid, while only about a tenth get welfare.

In the cities, many schools don't provide federally aided free hot lunches, often because of old school buildings have no kitchen facilities.

100 YEARS OLD

Many ghetto schools were built 100 years ago, and in these decayed facilities, hungry children are supposed to sit in overcrowded classrooms and learn about freedom and democracy.

Unless the new administration wants America to be known as a land of hunger and illness, it will have to move fast to correct this national scandal.

The food stamp program should be revised. Prices for the stamps are often too costly, and the allotments too low to provide an adequate diet. Stamp prices should be provided free to poor families. If local authorities refuse to take part in federal food programs, the government should distribute them directly.

That's what happened when black people were denied the vote in parts of the South — the Justice Department sent officials in to register them.

This Christmas, Say It With Music from

GRINNELL'S
A DIVISION OF AMERICAN MUSIC STORES INC.

A MIGHTY MINI FROM PEERLESS

Opening lead—4 ♠	

trump with today's 20-point hand. North had 10 spades, hoping, that Tim might have four spades, and went to three no-trump after Tim showed his heart suit.

Three no-trump is an almost hopeless contract and the club lead made things look even worse.

However, if you open 20-point two no-trumps, you had better be resourceful and Tim managed to make the contract. He took East's jack of clubs with the king and promptly led a club back. West smiled happily and proceeded to run off his four club tricks.

was ready to make a last, desperate effort to get the rest of the tricks.

He led his deuce of diamonds to dummy's king, returned a spade and finessed the jack, played the ace of spades to drop East's king and cashed the queen.

East had to ungaurd either the jack of hearts or queen of

ROBIN MALONE

Q—The bidding has been:
West North East South
1 ♠ 1 ♠ 2 ♠ 2 ♠
Pass ?
You, South, hold:
♠ Q 10 5 4 ♣ A 10 5 3 2 ♠ 7 6 5 4 3 2 ♣ 7
What do you do now?
A—Your partner is forcing you to bid again but you have already shown your full values plus a trifle. Just bid three spades.

TODAY'S QUESTION

You bid three spades and partner jumps to five spades. What do you do now?
Answer Tomorrow

By OSWALD & JAMES JACOB

Tim Holland of New York is one of the best of our amateur golfers and he is also pretty good at bridge.

Like most rubber bridge players, he is inclined to shade his no-trump opening bids a trifle, thus he opened two

East wasn't as happy as his partner. He had to make three discards and decided to lead one of his discards from dummy. Tim's discards from dummy were two spades, from his own hand the 10 and seven of hearts.

West noticed these discards and led his nine of hearts after finessing with the clubs. East's king fell to Tim's ace and Tim

Astrological Forecast

By SYDNEY OMARR
For Wednesday

"The whole country is in a state of confusion," says the Astrologer. "The whole country is in a state of confusion," says the Astrologer. "The whole country is in a state of confusion," says the Astrologer.

ARIES (March 21-April 19): Your purpose, direction is subject to change. Keep up with the times. Be alert. Get a new idea. A surprise message is due. Be flexible. A surprise message is due. Be flexible. A surprise message is due.

TAURUS (April 20-May 20): You are feeling threatened by one who appears overly concerned at controlling you. Fear from GEMINI (May 21-June 20): Associate with a person who is a subtle manipulator. Keep mind open. Place together. You are successful. Know this — and do some checking on your own.

CANCER (June 21-July 21): False flattery. A person is deceiving you. A person is deceiving you. A person is deceiving you.

LEO (July 22-Aug. 22): Hold off on large expenditure. Element of deception. A person is deceiving you. A person is deceiving you. A person is deceiving you.

VIRGO (Aug. 23-Sept. 22): Delay. Journey if practical. Confusion. A person is deceiving you. A person is deceiving you. A person is deceiving you.

LIBRA (Sept. 23-Oct. 22): A person is deceiving you. A person is deceiving you. A person is deceiving you.

SCORPIO (Oct. 23-Nov. 21): A person is deceiving you. A person is deceiving you. A person is deceiving you.

SAGITTARIUS (Nov. 22-Dec. 21): A person is deceiving you. A person is deceiving you. A person is deceiving you.

PISCES (Feb. 19-March 20): A person is deceiving you. A person is deceiving you. A person is deceiving you.

GENERAL TENDENCIES: Cycle high for VIRGO, LIBRA. Special word to TAURUS: take time in making decision which place to live in.

BERRY'S WORLD—By Jim Berry

Daily Almanac

By United Press International

Today is Tuesday, Dec. 10, the 345th day of 1968 with 21 to follow.

The moon is between its full phase and last quarter.

The morning stars are Mars and Jupiter.

The evening stars are Venus and Saturn.

On this day in history:

In 1817, Mississippi was admitted to the Union as the 20th state.

In 1898, Spain signed the Treaty of Paris officially ending the Spanish-American War and giving Guam, Puerto Rico and the Philippines to the United States.

In 1901, distribution of the first Nobel prizes got underway on the death anniversary of Alfred Nobel.

In 1941, Japanese troops landed on northern Luzon in the Philippines.

'Rat Alley' Watches Grim Murder Trial

NEWCASTLE, England (UPI) — Sember, disbelieving residents of "Rat Alley" at poker-faced in the brightly lighted courtroom by the River Tyne as two schoolgirls from this depressed area sit between plainclothes policemen. The girls fidget and occasionally gawk. Suddenly both cry.

They might be anybody's little girls, not yet too old for dolls, not quite aware of boys.

The prosecutor alleges they are cold-blooded killers.

Mary Bell, 11, has wide brown eyes and dark bangs. Her round face is intense. Her feet jiggle on the floor.

A forensic scientist testified yesterday he found fibers from Mary's gray jumper on the bodies of Martin Brown, 4, and Brian Howe, 3. Both boys were

strangled two months apart in different areas of "Rat Alley."

NOT SO INTENSE

Norma Bell, 13, is not so intense. Bigger than Mary, she has a chipped front tooth and glances frequently around the oak paneled courtroom to the high vaulted ceiling.

Norman Lee, the forensic expert, testified he found fibers from Norma's maroon skirt on Brian Howe's shoes.

The two girls, next-door neighbors but unrelated, have pleaded innocent to charges they killed both boys "for the pure pleasure of it." The prosecution expected to end its case today with testimony by a little girl who allegedly was once threatened with strangulation by Mary.

The crimes are believed un-

precedented in Britain for children so young. The girls, at their request, are being tried before an adult jury of seven men and five women. It convicted they will be remanded "at her majesty's pleasure" — an open-ended penalty. Britain has abandoned capital punishment for such crimes.

"Rat Alley" is Newcastle's worst slum in a city which abounds with soot-blackened buildings, billiard halls and Chinese restaurants. Urban renewal is just starting to attack the abandoned, rat-infested houses which during the last century were Newcastle's finest. Unemployment is rife.

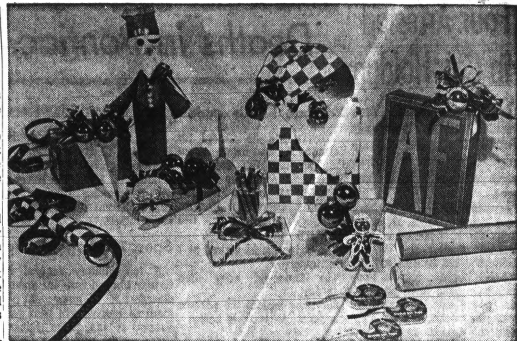

WEPT IN COURT

Both girls burst into tears during Lee's testimony. It was their first breakdown since the

trial began Thursday before Justice Ralph V. Cusack, a bespectacled London High Court judge brought to and from court in a police-escorted limousine. The prosecution appeared to be hitting much harder against Mary, who it said was the dominant personality despite were likely inflicted by a child being younger.

Behind Mary sat her slim, blonde mother, her gray-haired grandmother and her burly father. Norma's father, a hollow-faced man with grimy hair, sat behind her. Once she reached around and squeezed his hand. Her mother was absent.

The parents kissed their children goodbye after court adjourned and walked out into the gray afternoon for the green bus that would take them home to "Rat Alley."

DRESS UP THAT GIFT — A little imagination and some creative gift-wrap materials can help you personalize those presents you'll stack under the Christmas tree. Gay wrapping paper, tapes and ribbons can be combined with such items as miniature ornaments, cotton and pre-tied bows for striking effect.

Four Arrested in Cab Holdup

Oakland County Sheriff's deputies tracked down and arrested four youths who are suspected of robbing a taxicab driver of \$19 at knife-point last night.

Arrested for armed robbery were Timothy Brown, 17, of 660 Kings Circle, Lake Orion, and Michael Slade, 18, of 731 Robinwood and Dale Laford, 17, of 148½ Saginaw, both of Pontiac and a Lake Orion juvenile, who police said had escaped from the Oakland County Children's Center.

They were held in Oakland County Jail to await arraignment today.

Roy Scott, the Yellow Cab Co. driver, told police his four passengers held him up at Taylor and Giddings roads in the Pontiac Township about 11:20 p.m. last night and escaped into a wooded area.

Deputies traced two of the suspects to the County View Inn, Opdyke and Perry, Pontiac Township, with the aid of a tracking dog. The other two were arrested at 148½ Saginaw in Pontiac.

New-Vehicle Bids Received in Waterford

Bids on new township vehicles were presented at last night's Waterford Township Board meeting and were referred to the board's vehicle committee for study and recommendations.

Included were bids on seven sedan-type cars, a van suitable for police use and a trailer.

A proposal that the township and the county join in petitioning the county drain commissioner for preliminary study of prospects for improving drain conditions in the Oakland County Service Center and Telegraph road area was taken under advisement.

In other business, the board approved the fire department and water department reports for November and heard first notices on two liquor license transfers.

Mount Clemens Body Identified

MOUNT CLEMENS (UPI) — The body of a woman found burned to death in a house fire Monday has been tentatively identified as Rose Madonia 72. Her son, Sam, 56, was severely burned in the same blaze.

Officials said the body was burned beyond recognition. Madonia was discovered on the first floor of the home; his mother was upstairs.

'M' Prof Chosen

ANN ARBOR (AP) — Arnold M. Kuehne, professor of aerodynamics at the University of Michigan, has been selected the 1969 Henry Russell Lecturer, termed the highest honor U.M. can bestow on a senior faculty member. Kuehne was cited as "an outstanding teacher and an able contributor to the planning of curricula."

Deaths in Pontiac, Neighboring Areas

Yolanda F. Alexander — Prayers will be offered for Yolanda F. Alexander, infant daughter of Mr. and Mrs. Wilbert T. Alexander of 583 Wyoming, at 11 a.m. Thursday in Frank Carruthers Funeral Home with burial in Oak Hill Cemetery.

The body may be viewed at 7 p.m. tomorrow.

The 11-day-old baby died Saturday.

Surviving besides the parents is a sister, Alicia D. at home.

Stanley C. Hester — Service for former Pontiac resident Stanley C. Hester, 73, of Pompano Beach, Fla., will be 2:30 p.m. Thursday at Zion Lutheran Church in Pompano Beach with burial there in the Forest Lawn Cemetery by the last night and escaped into a Henderson Funeral Home.

Mr. Hester, former owner of Pontiac Outdoor Stove, died yesterday. He also had been a pattern maker and designer at CMC Truck & Coach Division and a charter member of Gloria Dei Lutheran Church.

Surviving are his wife, Minnie; three sons, Carl C. of Pompano Beach, Russell G. of Waterford Township and Stanley J. of Milford; nine grandchildren; five great-grandchildren; a sister; and a brother.

The family suggests any memorials be made to the building fund of Gloria Dei Church.

Avery Jones — Service for Avery Jones, 68, of 1280 Hiller, Waterford Township, will be 11 a.m. Thursday at Donelson-Johns Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Jones died yesterday.

Mrs. Gwendolyn Perry — Service for Mrs. Gwendolyn D. Perry, 36, of 74 S. Anderson will be 11 a.m. Thursday at the Flumerfelt Funeral Home, Oxford, with burial there in Ridge-lawn Cemetery.

Mrs. Perry died Sunday. She was an employee of the Kmart store and a member of Lake Orion Methodist Church.

Surviving are her parents, Mrs. Willa Armstrong and Henry Gosley; three children; and two brothers.

Lester I. Seybert — Service for Lester I. Seybert, 73, of 7100 Redmond, Waterford Township, will be 1 p.m. Thursday at Sparks-Griffin

Judges to Sue for Pay Raise

DETROIT (AP) — Wayne County judges feel they are underpaid at \$30,000 a year. They feel \$34,000 would be better, and they're taking their case to court.

Mrs. Letha L. Tinsman — HOLLY — Service for Mrs. Letha A. Tinsman, 85, of 502 Oakland will be 11 a.m. Thursday at Dryer Funeral Home, with burial in Lakeside Cemetery.

Mrs. Harold Tyler — TROY — Service for Mrs. Harold (Amelia) Tyler, 67, of 1860 Birchwood will be 11 a.m. Thursday at the Price Funeral Home, with burial in Union county has appealed that ruling.

In another suit, now being prepared, the judges plan to ask for \$4,000 in additional wages, claiming the supervisors illegally eliminated that amount last year.

Last April the Wayne County Bench filed a suit against the Wayne County supervisors asking for additional probation officers, law research clerks and a judicial assistant. In September, visiting Judge William Beer of the Oakland County Circuit Bench ruled in favor of the judges and said the supervisors had to provide the money for the new personnel. The Home, with burial in Union county has appealed that ruling.

STANDARD OF THE WORLD

Cadillac

The moment you take the wheel, the wait becomes worthwhile.

If you have wondered how soon you could be driving a 1969 Cadillac, we have some encouraging news for you. The current shortage of new Cadillacs is a temporary one, and every effort is being made to deliver on a normal time schedule. We suggest that you place your order as soon as possible, thus assuring earliest delivery.

Patience is more than ever a rewarding virtue because the 1969 Cadillac offers so much that is new and so much that is distinctive.

An instrument panel that tells it like it is.

The graceful sweep of Cadillac's new "control center" is almost certain to catch your eye. Its advanced design virtually surrounds front-seat passengers with luxurious protection and convenience.

Dials and controls are clearly labeled, and arranged for easy visibility, ready identification and instant access. Words and numerals are large and bold. Controls for the many luxuries that are yours for the ordering are integrated with those for

standard equipment, to avoid that "tacked-on" look so prevalent in ordinary cars.

A seat that's considerate of everyone.

Three people can ride in majestic comfort when you order Cadillac's exclusive new Dual Comfort front seat. There are two individually adjustable sections, one for the driver and a wider one for passengers. Thus, the driver can adjust his position without the slightest inconvenience to others.

One of the new personal assists demonstrates how thoroughly Cadillac engineers have planned for your convenience: If you order power door locks on a coupe, the safety locks that hold the front seat backs are automatically released when the doors are opened, to allow easy passage to and from the rear seat.

If you have not inspected this once-in-a-lifetime motor car, a pleasant experience awaits you. Once you have driven it, you'll agree that a brief wait is well worthwhile. Visit your authorized Cadillac dealer soon.

SO WHO NEEDS A MAILBOX SIGN?

Irving didn't. Or, so he thought. Next thing he knew, his next-door neighbor put up a fancy one designed by Whitehall Metal Studios. Beautiful. Aluminum. Carefree. (And not too expensive.) Now Irving is sulking. Calling his neighbors snobs. But Irving is only human. The Blintz order is going through the Whitehall Metal Studios plant now. The \$7.50 model. Naturally.

Arab Hopes Raised by Scranton's Tour

BIERUT (AP) — William W. East peace formula." They added Scranton's tour of the Middle East has raised Arab hopes that the Nixon administration may be more sympathetic to the Arabs than the Johnson administration was.

GUARDED HOPES

When the former governor of Pennsylvania arrived in the Arab world last week on a fact-finding tour for President-elect Nixon, he said he foresaw "no immediate basic change" in U.S. policy toward the Middle East. But when he crossed the Allenby Bridge into Israel Monday, he said American policy should be "more even-handed."

"The United States must take into consideration the feelings of all persons and countries in the Middle East and not necessarily hinge on Israel's readiness to one country over another," Scranton told newsmen in Jerusalem.

Leaders of the Arab nations have guarded hopes that Nixon will put pressure on Israel to accept a settlement based on the U.N. resolution of Nov. 22, 1967. The resolution called for withdrawal of Israeli troops from Arab territory in return for an end to Arab belligerency and free navigation for Israeli shipping through the Suez Canal and the Strait of Tiran.

Prospects for a peaceful settlement of the protracted crisis in the Middle East now seem to hinge on Israel's readiness to make concessions, but the Israelis have given no indication that they are prepared to do so.

Authoritative sources said Nixon's envoy considered his mission "a completely new start, not bound by President Johnson's five-point Middle U.N. resolution.

IT'S A LONG WAY DOWN — Two-year-old Jeff Meyer peers at the path of his two-story plunge down a clothes chute at his home in Willmar, Minn. Jeff made the landing with a minor scrape and cut, thanks to a pile of clothes at the bottom. Jeff's mother, Mrs. Coe Meyer, knew he had been playing upstairs and finally traced his screams to the basement. He made the plunge feet-first. Jeff dropped the towel for the benefit of the photographer.

Farm Factions at Odds, Nixon Adviser Contends

KANSAS CITY (AP) — One of President-elect Nixon's top farm advisers says the struggle between those who want more government in agriculture and those who want less resembles a football game in which the time is running out.

Economist Don Paarlberg of Purdue University, said in remarks prepared for the American Farm Bureau Federation convention today that "the ball is in midfield" and neither side is gaining ground.

"One team runs a series of plays and is forced to punt," the former Eisenhower administration farm official said. "The other team then fails to gain, and also is forced to kick. There has been no score now for a long time, and the fans, who are paying for this show, are getting a little weary."

Paarlberg, who has played a key role in Nixon's farm policy development said so much energy has been used in the ancient battle that other major farm problems have been overshadowed.

Among these, he said, are questions of rural poverty, the migration of large numbers of people out of rural areas, and the question of who is to have the decision-making role in agriculture: the family farm operator, the corporate farm or the

agribusiness firm engaged in all levels of production and marketing.

"We are at a new juncture in this football game between those who would extend the role of government in agriculture and those who would terminate that role," Paarlberg said.

Paarlberg said that if existing farm programs were scrapped "this would be disastrous for farmers and politicians alike."

And farmers have rejected in the past any further tightening of production controls.

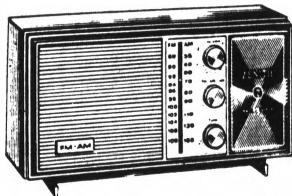

Instead, he suggested, as the National Commission on Food and Fiber recommended last year, that the nation move gradually to a market-oriented agriculture where producers managed their own affairs. This basically is what Farm Bureau officials have urged.

Paarlberg mentioned several other points which seem to be in favor with Farm Bureau officials:

- Long-term voluntary land retirement programs in which whole farms are taken from production.

- Rural development which would create off-farm jobs in rural areas, permitting people to shift from farming to non-farm opportunities without disrupting their family locations.

Give something expensive without spending a lot of money.

Santa and the Hippies

By LUCRECE BEALE

Synopsis: When Santa leaves Santa Land, a dwarf named Hecselich turns all the elves into spinning tops. Then he sets to work in Santa's workshop to build a machine to take the place of people.

CHAPTER 8

The Hippies and Santa

WHILE all these terrible things were happening in Santa Land, Santa and Ding Dong arrived in faraway Hippieville.

The hippies greeted them with a cheer. "You captured him!" cried the red-headed hippie to Ding Dong. "How did you do it?"

"I said there was a boy in a well who couldn't get out," said Ding Dong, not looking at Santa. "But —"

"Groovy!" yelled the hippies. "Where is the boy?" asked Santa. "We better hurry and get him out."

"There isn't any such —" Ding Dong began but the hippies shouted. "The well! Take him to the well!"

PUSHED INTO WELL

They led Santa behind one of the hippie houses and there sure enough was an old empty well. Santa peered into the hole. "Why, there's no one in it!" he said.

"Now there is!" cried the hippies. They gave Santa a push and tumbled him into the well.

"He's our prisoner!" gloated the redhead hippie. "Children everywhere are free. They can do as they please and not have to worry about being good anymore."

Ding Dong shouted, "But what about Christmas?"

"Nobody has to be good for Christmas anymore," bragged the redhead.

NO CHRISTMAS?

"But without Santa Claus there won't even be any Christmas!" protested Ding Dong.

"True," said someone in surprise. "I hadn't thought of that."

With a grunt and a groan Santa Claus suddenly popped out of the well — a very easy matter for one who had been popping in and out of chimneys all his life.

He shook his head sadly and said to Ding Dong, "I'm surprised you'd trick me like that."

"I did it so they would see what you're really like," mumbled Ding Dong, red-faced.

"Actually, he looks like a hippie!" exclaimed someone.

DIG SANTA
"I dig those whiskers," said another hippie.

"I dig that groovy red suit," said another.

"So what's all the fuss?" asked Santa.

"Well," said the redhead with embarrassment, "we don't like to comb our hair or eat with forks instead of fingers or clean our rooms and all like that."

"Fine," said Santa. "But why knock the kids who do?"

"You mean you don't care about being good?"

"There are lots of ways of being good," said Santa. "I expect that, in their own way, hippies are very, very good."

DIGS HIPPIES

"Oh, I dig this Santa Claus!" exclaimed the redhead.

"And I dig hippies," said Santa gravely. "But now you've had your fun. It's time for me to get back to Santa Land to fill my Christmas orders."

"Suppose," said a hippie, "we sent you a letter. Would you fill our order?"

"Try and see," said Santa, with a smile.

Then he turned to leave, but as he was about to climb in his little plane Edgar the elf swooped down on the back of red-eyed goose.

"Santa! Santa!" gasped Edgar. "A terrible thing has happened!"

"What on earth can it be?" cried Santa in alarm. "Santa Land is no more!" moaned Edgar. Tears rolled down his cheeks and he wrung his hands in despair.

Tomorrow: Edgar's Story

"Now it is time for me to get back to Santa Land."

50 Yanks Die in Viet

WASHINGTON (AP) — Fifty servicemen killed in action in the Vietnam war have been named in the latest Defense Department casualty list. The list includes 11 men from the Midwest.

Killed in action:

ILLINOIS — Staff Sgt. Anthony F. Washington, Chicago; Pfc. Thomas H. Whitfield, Quincy.

OCC Campus Site of Library Unit Meeting

The Orchard Ridge Campus of Oakland Community College will sponsor the winter meeting of the national Council on Library Technology (COLT) Thursday, Friday and Saturday.

Theme of the conference will be "The Library Technician: Current Problems and Developments," according to Mrs. Betty Dimitry, assistant professor of library technology at Orchard Ridge, who is serving as chairman for local arrangements.

"Library Technician Aides and the Multi-Media Approach is the title of the Thursday evening dinner address by Dr. William Oglesby, director of the Instructional Material Center at Kent State University in Ohio.

"When to Establish a Library Technical Aide Program" will be discussed by David Bender of Lakeland (Ohio) Community College at 2:30 p.m. Thursday.

PANEL DISCUSSION

A panel discussion dealing with "The Purposes of a Library Technical Aide Program" will be Friday at 9:30 a.m.

A second panel dealing with "Library Technical Aide: The Job and Placement" will be at 2 p.m. Friday.

A report on the American Library Association Committee on Supportive Staff will be presented at 9:30 a.m. Wednesday by Dr. Robert Booth of Wayne State University.

All meetings will be held at the OCC Orchard Ridge Campus, Farmington Township.

Pontiac Group to Hear Insurer

Don W. Robinson, president of the Michigan State Association of Life Underwriters, will be the guest speaker at the Pontiac Life Underwriters Association meeting Thursday.

The breakfast meeting will be at 8:30 a.m. at the Pontiac Elks Lodge, 114 Orchard Lake.

Robinson, an agent of the mutual Benefit Life Insurance Co. of New Jersey, entered the business in 1957 with that company.

He is a life member and past president of the National Association of Mutual Benefit and has averaged 44 years of annual sales in the last four years.

'Hippies' Film Set

"Hippies," a filmstrip produced in California, will be shown at today's 8 a.m. meeting of the Greater Waterford Community Council at Pierce Junior High School, 5145 Hatcher.

OU Researcher Gets NIH Grant

Dr. Gottfried Brieger, 39, Cherokee, associate professor of chemistry at Oakland University, has received a \$33,284 grant from the National Institutes of Health of Washington, D.C. to support research on the effect of hormones on insects.

Brieger said his studies are related to the search for new and less potent insecticides. It has recently been suggested that insect-growth hormones may impede insects' growth if used at the right time during their life cycles.

Brieger plans to synthesize compounds which could produce such effects and test their potency on a common agricultural pest, the alfalfa locust, as well as on other insects.

The grant will be used principally for support research personnel.

Highway Robber Gets Yule-Bonus Haul in Japan

TOKYO (UPI) — A young man disguised as a traffic policeman today tricked four bank employees out of \$833,000 in Christmas bonus money and used their automobile to get away with what police called the greatest highway robbery in Japanese history.

Not a shot was fired nor a threat made in the robbery, on a narrow road behind Tokyo's Fuchu prison.

The bandit, wearing the white helmet and black leather jacket of a traffic officer, rode a stolen white motorbike up to a bank car carrying the bonus money for employees of the To-shiba Electric Co. He told the bank men he had information that dynamite was planted in the car.

When the four got out, the bandit got in and drove away with the car and three metal boxes full of banknotes with unrecorded serial numbers.

"He looked just like a policeman," said Eiji Nakada, the driver of the auto, "when he got to the road near the prison, the robber told us to stop. He said he had instructions from Koganei police station."

"We were really surprised when he said some explosive was planted in the car. Carrying a flashlight, he told us to get out of the automobile," Nakada said.

The bandit bent for a moment over the car floorboard. The bank men said they figured he was looking for dynamite. He suddenly hopped behind the wheel and roared away.

"We thought he was trying to put distance between our car and other cars to minimize the danger of the explosion," said one of the victims said. "Seconds later the car picked up speed and soon disappeared from our sight."

LEFT IN THE RAIN

The four bank employees left standing in the rain as the bandit sped away.

Nobuyoshi Miura, executive director of the bank sending the money to the company, told newsmen he had not kept record of the serial numbers of the stolen bills.

"Our bank is small so we usually assign two men to transport money. But in the case of To-shiba, the amount was too big so we assigned two additional employees. We were at fault for not employing guards or using an armored car," Miura said.

CAUSE NO. 2492

STATE OF MICHIGAN, In the Probate Court for the County of Oakland, Juvile Division.

In the matter of the petition concerning Michael Scott McDaniel, minor, by his father, John McDaniel, father of said minor.

"Petition having been filed in this court for the purpose of confirming the provisions of Chapter 272A of the Michigan Compiled Laws, which relate to the present whereabouts of the said minor, and said child has violated a law of the State of Michigan, and the said child is placed under the jurisdiction of this court.

"IN THE NAME of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the County of Oakland, in the City of Pontiac, Michigan, on the 10th day of December, A.D. 1968, at nine o'clock in the forenoon, and you are warned to appear personally at said hearing.

If by bringing to make personal appearance at said hearing, you are hereby notified that the hearing on said petition will be held at the County of Oakland, in the City of Pontiac, Michigan, on the 10th day of December, A.D. 1968, at nine o'clock in the forenoon, and you are warned to appear personally at said hearing.

By the Court: JAMES ROBBINS, Judge.

Adrian Airways Gets Service OK

OTTAWA (AP) — Adrian Airways of Adrian, Mich., has been granted a license to operate a non-scheduled charter and commercial air service between the U.S. base and points in Ontario and Quebec, the Canadian transport commission said Monday.

The license was issued for a five-year term and restricts the airline to carrying traffic which originates within a 50-mile radius of Adrian.

Robbins and four other persons, including his ex-wife, Frances, and their son, Leslie, 17, died Sept. 26, 1966, when his 800,000 jet crashed shortly after takeoff from his ranch north of Platte, S.D.

Michigan has already received a \$3.1 million payment on the state inheritance tax on the estate.

Husband Spoiling Is Easy by Wilson's Simple Rules

By EARL WILSON

NEW YORK — A woman from Charlotte, N.C., who wishes to hold on to her man has asked me if I would write a brilliant essay on "How To Spoil Your Husband."

"Good husbands are at such premium today that we have to go out of our way to show them we worship them," says this bright lady. "But how?"

Her letter comes at the time that Jani Gardner, a former Cincinnati model, has brought out a book on "How to Handle a Man," with such absurd suggestions as, "Pare her toenails" or "Take a shower with her when neither one of you is dirty."

Of course it's the men who should be courted today—but personally I wouldn't care to turn the tables and have my toenails pared.

"Shine his shoes for him," that's so easy today with the squirt-polish and it will make a husband realize his wife really is his slave.

"Collect all his soiled ties and him and trot them over to the cleaner and present them to him with an 'I love you card'—this will get him right in the heart and he'll probably say, 'For that money you could have bought me some new ones.'"

"Tell him to have a couple of more drinks because it makes him so much more charming"—instead of asking him why he gets so stoned and obnoxious.

"Tell him, 'Don't bother hanging up your clothes, I'm only too happy to pick up after you because I adore you.' And then tell everybody how neat and orderly he is in home instead of implying that he has made your home a city dump."

Well, I guess we won't get anywhere with these suggestions, but there is one thing a wife could do (but probably won't).

Just one time, offer to sew on a button and not growl if the button is lost. Don't imply that it's his fault that the button came off when he wasn't looking at the button and therefore lost it. Go and look for a button to replace the lost button and don't yell at him to take the garment to the tailor like all the other husbands who have lost their buttons.

That's it, Mrs. Kind Lady from Charlotte, N.C. I know that these methods of husband-spoiling can be carried out because my Beautiful Wife has been spoiling me by doing these things for years.

THE MIDNIGHT EARL . . .

Any truth to report heard the other day? Robert Morgenthau, U.S. Attorney in N.Y. resign to prepare a presidential campaign for Ted Kennedy for '72 . . . Jan Sterling'll take out a road show of "Black Comedy" in February.

Judy Garland wants to do another one-woman Broadway show if someone'll produce it . . . Rossano Brazzi's due in N.Y. to discuss a musical, Svegliati.

REMEMBERED QUOTE: "Woman's virtue is man's GREATEST INVENTION"—Cornelia Otis Skinner.

EARL'S PEARLS: "Movie writers today get paid by the four-letter word"—Flop Wilson.

A recent poll disclosed (says Bob Protzel of St. Louis) that very few people care one way or another about public apathy . . . That's earl, brother.

'False Report Ruined My Credit'

WASHINGTON (AP) — A television newsman told the Co., blamed for initiating the re-opening session of a Senate investigation today his credit rating was ruined after a mis-taken report that his car had been repossessed.

"As the result of a long feud with credit bureaus, it is presently impossible for me to obtain a credit report at all," said Leon B. Sanders of Shreveport, La., in testimony prepared for a subcommittee investigating credit reporting firms.

But John L. Spafford of Houston, Tex., representing a national association of credit bureaus, asked the subcommittee "to keep the few, isolated complaints against credit bureaus in proper focus."

HUNDREDS OF GRIPES "It is extremely important to consider such complaints in relation to the overwhelming number of consumers whose credit is consistently approved," said Spafford in prepared testimony.

Subcommittee investigators said Sanders was selected from hundreds who had complained to Sen. Philip S. Hart about credit bureaus, whose reports play a major role in determining who receives charge accounts and loans.

Hart, D-Mich., chairman of the antitrust and monopoly subcommittee, said earlier the panel, which ends its hearing Wednesday, "will be concerned with what competitive safeguards are operating on an industry that has such an impact on the consumer's ability to buy."

Sanders, news editor for a television station, said the bureaus should be subject to federal controls reflecting "their power over people's lives."

GI HOME LOAN He said he is unable to obtain a credit report in connection with an application for a GI home loan.

Sanders suggested guidelines for what information a credit report should contain, how it can be gathered and certified and "who should be liable for damaging errors."

Spafford, who is executive vice president of Associated Credit Bureaus Inc., said the industry is developing guidelines "to insure the privacy of the consumer in the handling of credit reports and to accomplish this without hampering our credit economy."

It would be imprudent to enact any legislation "which might tend to erode the sources of information to credit bureaus or limit the ability of bureaus to supply complete factual information to credit granters," he said.

Spafford told the subcommittee "the vast majority of people in this country who are entitled to credit should not be penalized by virtue of a minimal number of spectacular complaints..."

Yank Seeking Crew Release

MOSCOW (AP) — Four Americans on a private mission seeking the release of the Pueblo crew have decided to extend their stay in Moscow at least another day.

"We're holding out hope that something will come today," said attorney John McAfee of Norton, Va. But he added that he has had no sign that either North Korean diplomats or Soviet officials are willing to meet with them.

McAfee and his partner, Hugh Cline, came to Moscow with Robert Ayling of Staunton, Va., and Charles Daniels of Norton, Va. Ayling's son Charles is among the 82 U.S. Navy men held by North Korea since it captured the U.S. intelligence ship Pueblo last January.

Its 1st 'Distinguished Fellow'

Rusk to Join Rockefeller Unit

NEW YORK (AP) — Secretary of State Dean Rusk will return to the Rockefeller Foundation as its first "distinguished fellow" after completing his Washington duties Jan. 20.

Rusk, who was president of the foundation from 1952 to 1961 when he resigned to become President Kennedy's secretary of state, will draw up his own program of research and studies, a foundation spokesman said Monday.

The appointment, for one year, carries a "very comfortable stipend," a spokesman said. The 58-year-old Rusk was kept on as secretary of state in the Johnson administration.

A native of Georgia, Rusk was dean of Mills College, Oakland, Calif., until 1949 when he entered the Army as an infantry reserve captain. Serving in both Burma campaigns, he rose to assistant chief of staff in the operations division of the general staff.

He went to the State Department in 1946 as assistant chief of the Division of International Security Affairs and later became director of the Office of United Nations Affairs in the State Department.

3 Rescued in Lake Erie

PAINESVILLE, Ohio (AP) — The Coast Guard rescued three men from a Great Lakes Towing Co. tug which sank Monday afternoon in Lake Erie two miles off Mentor Harbor. The 86-foot tug North Carolina radioed for help when it started to sink after apparently hitting an object in the water.

Shriver Likely Choice for U.N. Job

NEW YORK (AP) — President-elect Nixon apparently is determined to appoint a big-name Democrat as U.S. ambassador to the United Nations, and a source in the Nixon camp indicated today the job would go to Sargent Shriver.

Shriver, currently ambassador to France, flew here hurriedly and conferred with Nixon for more than two hours Sunday. Yesterday he met with his Washington, where he met with his

SARGENT SHRIVER

brother-in-law, Sen. Edward M. Kennedy, D-Mass.

Then he returned to New York where he boarded and Air France plane back to Paris. At Kennedy Airport, he delayed the flight for several minutes while he made telephone calls to other members of the Kennedy family.

Ronald L. Ziegler, Nixon's press spokesman, announced last week that Vice President Hubert H. Humphrey had declined a firm offer from Nixon for the U.N. post.

HE HOLDS BACK
Addressing the board of directors of the Boys' Clubs of America last night,

Related Story, Page D-1

Nixon said he knew his audience would like to learn about the members of his Cabinet, but that he would withhold the disclosure until tomorrow.

In addressing the Boys' Club board, which he headed for four years, Nixon said it was his hope that a way could be found to channel some of the social welfare funds of the federal government through private voluntary organizations of that kind.

Chairman William McChesney Martin of the Federal Reserve Board, after conferring with Nixon, agreed to remain on

the job in the next administration and told reporters he thinks the President-elect will curb inflation.

Martin, a former president of the New York Stock Exchange and much respected by "sound money" advocates, told reporters at Nixon's Pierre Hotel headquarters that he sees an inflationary psychology continuing.

But when asked if he believed Nixon could put an end to it, Martin replied: "I think Mr. Nixon will. I was very encouraged by the meeting."

Martin said Nixon asked him to continue on the job until the normal expiration of his term on Jan. 31, 1970.

He said he would stay on and "do everything I can to help Mr. Nixon in the difficult days that he has ahead of him." But he said that for personal — not political — reasons he stopped short of giving a firm commitment to continue until 1970. By then, Martin would have spent 20 years at the helm of the reserve board.

Earlier yesterday, Nixon met with a former official who once worked very closely with Martin: Robert B. Anderson, a New York investment banker who was under secretary of defense and secretary of the treasury in the administration of former President Dwight D. Eisenhower.

Yesterday afternoon, the President-elect announced word of two additional (Continued on Page A-2, Col. 4)

VC Charge LBJ Intensified War After Bomb Halt

From Our News Wires
PARIS — The Vietcong's National Liberation Front charged today that since President Johnson ordered the bombing of North Vietnam halted, the number of U.S. B52s bombing South Vietnam has doubled and the number of the B52 sorties has tripled.
NLF spokesman Duong Dinh Thao told a news conference the B52 attacks prove that the U.S. government is "continuing to intensify the war." He claimed that the giant U.S. strategic bombers dropped more than 1,000 tons of bombs near Da Nang yesterday and "killed many old people, women and children with poison gas and chemical products."

If the United States and the Saigon government continue to pursue the war and obstruct the peace talks, he declared, they "will suffer ever greater defeats on the battlefield, and the struggle of the South Vietnamese population temporarily under the Saigon administration will develop with ever greater intensity."

Earlier, the Vietcong insisted on equal rights in any Vietnam war talks, further impeding the already delayed negotiations.

TALKS UNLIKELY THIS WEEK

Communist and allied diplomats agreed there is virtually no chance the talks between the United States, North and South Vietnam and the Vietcong can open this week.

Thao called a news conference to stress the Communist guerrillas' claim for independent status in the talks that were to have begun Nov. 6.

Thao's position countered South Vietnamese delegation statements. The Saigon delegation, led by Vice President Nguyen Cao Ky, said it considers the Vietcong a Hanoi puppet and said the guerrillas will take part in talks only as part of the North Vietnamese delegation.

School Levy Loses in Rome

A proposed renewal of a 4-mill school tax levy for operating expenses was defeated by 10 votes yesterday in the Rome School District.

An unofficial tally of votes this morning showed 505 yes, 515 no on the renewal question.

It was the second time this year that Rome voters rejected a millage request from the board of education.

In January, an 8-mill package consisting of 3 mills renewal and 5 mills additional was turned down. However, voters later approved the package and a \$2.3-million bond issue for construction as well.

Schools Supt. T. C. Filippa said prior to the election that the district is faced with a projected \$119,000 deficit by June 1969 and even with cuts in all areas would end up \$10,000 in the red.

The superintendent said the 4 mills would be necessary to "continue operating the schools on a basis similar to present operations."

The system presently levies 27.61 mills for operating expenses, and 8.96 mills for building.

Filippa was not available for comment this morning.

Recount Bid Vowed in Fast-Time Defeat

LANSING (AP) — Backers of Daylight Savings Time said today they would petition for vote recounts in "a substantial number" of Michigan's 5,376 precincts in the slim hope of overturning the 1,501-vote defeat of DST in Michigan.

Harry R. Hall, president of the State Chamber of Commerce and spokesman for the group of businessmen seeking the recount, refused to say how many precincts would be involved. Earlier discussion by the group indicated it would be from 2,600 to 2,800.

A vote recount costs \$5 per precinct, indicating the fast-time supporters were

Local C. of C. Elects Officers

The Pontiac Area Chamber of Commerce today announced election results of its board of directors for 1969. The newly elected directors and their terms are as follows:

Three-year terms: Robert W. Swanson, director of business affairs at Oakland University; Dale Carney, owner of the East Heating & Cooling Co.; Joseph Durant, part-owner of K-D Sales & Service; Ted McCullough Jr., of Ted McCullough Real Estate; John Riley, advertising director of The Pontiac Press; James Clarkson, president in charge of mortgages of the First Federal Savings of Oakland; Robert Norberg, vice president of the Pontiac State Bank; and Robert Parenti, attorney.

Two-year terms: Richard Mineweaver of the Equitable Life Assurance Society; Ben Brett, optometrist; and Dr. Harry L. Riggs, physician.

One-year terms: Howard Nelson, general manager of Pontiac Sears & Roebuck Co.; John Hanson, president of the Michigan Credit Counsellors; Charles Tucker, of Tucker Realty; and Lewis Wint, of the Lewis E. Wint Funeral Home.

Officers will be elected at the regular board meeting scheduled for Dec. 16.

U.S. May Ask Swiss Curbs on Secret Accounts

WASHINGTON (AP) — Informal discussions have begun with Switzerland to curb the use of secret bank accounts by Americans intent on avoiding taxes and restrictions on stock market speculation, Justice Department sources say.

These sources said the talks probably will be continued by the incoming Nixon administration with the aim of negotiating a treaty that would limit what was described as widespread abuses.

The House Banking Committee heard testimony yesterday that numbered bank accounts, guarded by the stiff Swiss laws guaranteeing secrecy, were being used by:

- Gangsters and loan sharks concealing illegally acquired money.
- Casino operators salting away some of their cash receipts to avoid income tax.

- Salesmen doing business abroad and putting some of their commissions out of reach of U.S. tax authorities.

- Corporation officials dodging U.S. restrictions on trading with inside information.
- Enormous numbers of stock market investors trying to circumvent either the tax laws or the restrictions on trading on margin.

CRIMINAL ACT
Chairman Wright Patman, D-Tex., said at the close of the hearing he will introduce legislation making it a crime for a U.S. citizen to deal with a foreign bank not allowing U.S. government inspection of its records relating to American accounts.

Patman, who said the hearing will be reconvened after January, indicated he also will press for legislation to put all foreign banks operating in the United States under federal supervision.

He also indicated he will ask the Federal Reserve Board to make certain that margin requirements for exchange trading are being met by domestic and foreign customers.

Peace Prize to French Prof

OSLO, Norway (AP) — The Nobel Peace Prize was presented to Prof. Rene Cassin of France today for his human rights work.

Cassin, a spy 81, received the gold medal and \$70,000 on the 20th anniversary of the Declaration of Human Rights by the U.N. General Assembly in Paris. He was one of the foremost contributors in the drafting of the declaration.

Cassin said he would use most of the prize money to found an institute for the study of human rights in Strasbourg. The presentation was made in the presence of King Olav V by Mrs. Asa Lionaes, chairman of the Nobel committee.

Mrs. Lionaes said Cassin was being honored for his "endeavor for defense of the individual man's worth and rights, which had first and foremost found its expression in the universal Declaration of Human Rights."

Mercury Plummets to Seasonal Low

Downtown Pontiac registered 13 above at 2 a.m. today the lowest temperature of the season, as arctic air maintained its grip on the nation today, plummeting the temperature below zero in Pennsylvania, New York and New England.

Temperatures plunged to 1 above at Pellston, 8 at Houghton and 11 at Flint.

The weatherman says warmer weather is on the way with a chance of some light snow tonight, the low hear 20 to 25.

Mostly cloudy and warmer, the high in the low 30s is tomorrow's forecast, and partly cloudy and mild is the outlook for Thursday.

MOUNDS OF MAIL — Each of these bundles at Tan Son Nhut Air Base in Saigon weighs about two tons. They're just part of the expected million and a half pounds of letters and packages addressed to U.S. servicemen stationed in South Vietnam's 3rd and 4th Corps areas which postal workers will handle before the end of the Christmas season.

Justice Dept. Drops Powell Probe

WASHINGTON (AP) — A federal grand jury investigation of Adam Clayton Powell has been dropped, but a congressional opponent says he still will seek to bar the Harlem Democrat from reclaiming his House seat.

The Justice Department said last night it had let the grand jury expire without recommending that it indict Powell on charges of missing some \$40,000 in public funds.

"Available evidence did not warrant prosecution," the department said.

It added, however, that it was studying

the possibility of a civil action to recover the funds.

NOT AVAILABLE

Powell was not immediately available for comment.

Powell was excluded from the 90th Congress March 1, 1967. The House, in a 278-176 vote, went further than the recommendation by a select nine-man committee that he be censured.

He was accused of using public funds for his own pleasure, keeping his wife on the congressional payroll while pocketing

her salary and making private airline trips at government expense.

The grand jury investigation had been going on for 18 months.

MIGHT CLEAR WAY

The length of the investigation had prompted some congressmen to say privately that failure to hand up an indictment would clear the way for Powell to take his seat in the next Congress.

The exclusion did not carry over and Powell won his usual landslide reelection Nov. 5.

Rep. H. R. Gross, R-Iowa, said last

night the lack of an indictment would not affect his intention to try to block seating Powell.

"There will be a number of others opposed to him," Gross said. He declined, however, to estimate opposition strength or to name any of those opposed.

Rep. G. V. Montgomery, D-Miss., said he supports Gross.

"If we can get a roll call on this — and I think we can — I don't think he will be seated," Montgomery said.

It takes the objection of only one member to require a roll call vote on seating Powell.

ADAM CLAYTON POWELL

Birmingham Education Said Aid to Solving Drug Problem

BIRMINGHAM — Combating the incidence of drug abuse by teen-agers is basically a problem of education. Young people should be taught a respect for drugs by their parents and through the schools.

This was the conclusion reached by Dr. Martin Barr, dean of the college of pharmacy at Wayne State University, and Eugene A. Moore, Oakland County probate judge, at a meeting last night on the drug-abuse problem.

Speaking before a crowd of about 2,000 at Covington Junior High School, Barr said, "One of the reasons children of high school and junior-high-age use drugs is because they don't believe adults who tell them they can be harmful."

Barr emphasized that the medical use of drugs is beneficial when they are used properly: narcotics, sedatives, tranquilizers, stimulants and even hallucinogenic drugs are necessary.

PRIMARY DIFFERENCE

Children often see their parents using any one of the drugs and not forming an addiction to it.

The primary difference between addiction and the habitual use of a drug is that with addiction there are usually severe withdrawal symptoms, Barr said.

He explained that marijuana is considered a weak hallucinogenic drug; that is not addictive and its use usually results in a certain release from tension, accompanied by an increased pulse rate, inner joy without a corresponding reason and also a craving for sweets.

There is no physical damage connected with the use of the drug itself but it can cause distortion in an individual's perspective which can cause him to harm himself or others, Barr said.

MOST POTENT

He said LSD is the most potent of the hallucinogenic drugs and though it too is not addictive it can cause serious mental and physical disorders in an individual depending on his emotional stability.

Moore, speaking on the use of drugs by juveniles in Oakland County, said the main reason youngsters wind up in Juvenile Court for drug use and other crimes is because of an inadequate home life.

He said three years ago in Oakland County two cases of drug abuse were tried in Juvenile Court. As of November of this year, there were 41 cases heard.

As long as a youth is under 17 he is tried in the Juvenile Court and the crime is considered a civil rather than a criminal offense. It is up to the particular judge to determine the punishment because there is no set punishment for the crime, Moore said.

FACTORS CONSIDERED

The judge relies upon various factors to determine the punishment, such as the youth's past record.

No New Flu Yet Noted in County

Oakland County still has had no reports of confirmed cases of Hong Kong flu.

However, Dr. Bernard D. Berman, county health director today said "I am sure we have had several cases, most of which were persons who were infected in recent travels to the West Coast and in some of their close contacts."

He noted there had been a higher-than-average incidence with minor respiratory illness (cold symptoms), but no reports of absenteeism approaching the 50 per cent mark as has been reported elsewhere.

Berman still contends that the flu will spread and probably reach a peak here in January.

DANGEROUS COMPLICATIONS

He confirmed that the new Hong Kong flu is reported less severe than the previous Asian influenza the country experienced — that its dangers lie in complications such as pneumonia and middle-ear infections which may develop.

The symptoms, he notes, are common with many other illnesses. Victims are urged to see their family doctors.

A very limited supply of special vaccine has been recommended for the use of the elderly and chronically ill.

Demonstrators Shatter Windows

New Violence at SF State College

READY FOR ANYTHING — Several members of the San Francisco Police Department stand ready to ward off any attack on the Business and Social Building at San Francisco State College yesterday afternoon. The police rushed to the

scene after a trash can (visible near door) was hurled through a plate-glass door in the building. Many other windows were broken by striking dissident students.

By the Associated Press

New violence struck San Francisco State College yesterday as administrators at five of the nation's colleges grappled with the problems, protests and Negro-oriented demands presented by militant student demonstrators.

Rock-throwing demonstrators shattered 22 windows at San Francisco State before about 220 policemen, including a mounted unit, broke up a crowd estimated at nearly 1,000.

Violence has become a common occurrence on the 18,000-student campus during a five-week student strike over issues including demands for a black studies department and amnesty for all arrested.

Acting President S. I. Hayakawa, who has coupled the use of police with some concessions during his seven-day tenure told newsmen, "I think I'm on the right track. I'm confident that what I'm doing is right."

NMU DEMONSTRATION

At Northern Michigan University in Marquette, about 150 Negro students raised their hands in a clenched fist salute during the playing of the National Anthem before a basketball game with Pan American College of Edinburg, Tex.

Most of the students then sat on the court until, after 45 minutes, the game was canceled. Earlier the students discussed demands with school President John A. Jamrich for courses on Negro culture and more Negro faculty members.

Less than five per cent of the school's 7,100 students are Negroes, officials said.

Negro students at Washington University in a St. Louis suburb said their peaceful sit-in would continue until the school meets demands for a black studies program and more financial aid for Negro students.

HEAR COMPLAINTS

A special student-faculty committee took testimony yesterday on complaints from 11 Negro students who charged harassment by campus police officers. The alleged manhandling of a Negro graduate student touched off the protest last week.

Valve Leak Mars Apollo 8 Dry Run

CAPE KENNEDY, Fla. (AP) — The launch crew today began rerunning the final nine hours of a 102-hour practice countdown for the Apollo 8 mission.

A leaking valve halted the test yesterday just two hours before it was scheduled to be completed. The National Aeronautics and Space Administration said the trouble would not affect the scheduled Dec. 21 blastoff of Apollo 8 with its three-man crew to circle the moon.

The countdown started last Thursday with five extra days for the launch crew to correct any trouble. Officials pointed out that four extra days remain in case additional trouble pops up.

Injuries From Accident 17 Missing on Craft

A 15-year-old Troy boy died yesterday in William Beaumont Hospital, Royal Oak, of injuries suffered in an auto accident Dec. 5.

Troy police said Gary L. Bortoli of 871 Owendale was struck by a car driven by Daniel J. Wroubel, 25, of Sterling Heights while crossing Livernois on foot near Troy High School.

Divers to Hunt Ship Again

NEW ORLEANS (UPI) — Divers descend again today to the Mississippi River bottom to search for the bodies of 17 crewmen apparently killed when their Coast Guard cutter collided with a freighter Saturday night.

The search for the bodies and the hull of the 133-foot cutter White Alder was halted yesterday when oil slicks and swift river currents endangered the divers.

"The current was simply too strong," said Capt. Donald Davidson.

Meanwhile, a four-man maritime board of inquiry begins its investigation here into the collision of the White Alder and the National Chinese freighter Helena near White Castle, La.

Three Coast Guardsmen survived the collision. There were no casualties aboard the freighter.

The collision, in 90 feet of water, was described by Coast Guard officials as the worst peacetime disaster involving guardsmen in the service's history.

Searchers were not completely certain they had fixed the exact position where the cutter rested on the bottom. But they were reasonably sure of the location after a life jacket bobbed to the surface between two buoys marking the general collision site.

Police Seek Data on Slain Woman

City detectives, checking on the whereabouts of a 36-year-old Pontiac divorcee before she was murdered over the weekend, have come up with no solid information.

Detective Capt. Charles Gale said today they are hunting for information about a man who reportedly picked up Mrs. Gwendolyn Perry, 74 S. Anderson, after she finished work at 6 p.m. Saturday as a check-out girl at Kmart Store, 7 S. Glenwood.

The victim was found strangled and partially clothed in a field off Giddings Road at about 10 a.m. Sunday.

"We don't know what the motive of the killing was yet, but it was not robbery," Gale commented.

REPORT TO COME

"We believe she was killed in the field by strangulation," he said, "but we won't know if rape was involved until we get the autopsy report in a few days."

Gale said detectives have investigated several leads which were phoned in and are still hopeful of locating people who might have seen Mrs. Perry Saturday night.

No Meeting Tonight

Since Pontiac city commissioners are out of town through tomorrow attending the National League of Cities Convention in New Orleans, there will be no commission meeting tonight. The next regular meeting will be 8 p.m. Dec. 17.

NAMED BY NIXON — Appointed by President-elect Richard M. Nixon as special assistants yesterday were James L. Brown (left) and William Safire (center). Federal Reserve Board Chairman William M. Martin (right) has agreed to keep that position in the change of administrations.

Shriver May Get U.N. Post

(Continued From Page One)

To serve as special assistant he named Robert J. Brown, 33, of High Point, N.C., and William Safire, a 38-year-old author and New York public relations man who served as a writer in Nixon's 1968 campaign.

Brown, a Negro, was said to be getting an assignment of general scope but, as he put it to newsmen, will concentrate particularly on Nixon's plans to promote "black capitalism." He has been associated with the Southern Christian Leadership Conference and the National Association for the Advancement of Colored People.

He said he hoped to work with the more militant Negro groups, among others, declaring:

"You're not going to have to throw a firebomb or a brick to get in. The door will be open."

HIS OWN BUSINESS

Brown is president of BAC Associates, a public relations and advertising firm in High Point.

In January 1965 he was named High Point's Young Man of the Year.

Last January he was elected secretary of the anti-poverty North Carolina Fund. He attended Virginia Union University in Richmond and North Carolina A&T University in Greensboro.

He has been a supervisor of recreation and a policeman in High Point and a Treasury Department narcotics agent in New York City.

POLICY AND PROGRAM

Safire, it was said, will concentrate on policy and program development. He said that meant he'd be doing a lot of writing for the new administration.

Another Nixon visitor Monday was Republican Mayor John V. Lindsay of New York, who said he dropped by to talk about the problem of New York and other cities.

Ice Still Too Thin, Officials Warn

Oakland County Sheriff's Department and the State Police warned people yesterday to stay off newly frozen lakes and ponds until the ice is at least three inches thick.

Capt. Leo Hazen of the sheriff's department also advised snowmobile enthusiasts to keep the machines off the ice until it is frozen solid.

Both authorities said the first thin covering of ice is very dangerous. At least 14 ice drownings occur in Michigan each year, State Police Director Col. Frederick E. Davis said.

"Each year we have far too many drownings that result from small children venturing on this ice," Davis said.

Adults should check the thickness of the ice before letting children on it and should then supervise activity on the ice, according to Davis.
