OUAA introduces new alumni benefit

The Oakland University Alumni Association Partners with iSekurity to Provide Identity Theft Protection

The Oakland University Alumni Association is pleased to announce its recent partnership with iSekurity, a national provider of identity theft protection. iSekurity is a new and innovative program that addresses a major threat facing our alumni, friends and family - identity theft. OUAA members who participate in the iSekurity program receive risk reduction and early detection services through technology that expose identity breaches before significant damage is incurred. iSekurity employs the largest team of former federal agents from the United States Secret Service, FBI, DEA, ATF, IRS, Customs and Postal Inspection agencies to assist in the investigative process if a member should become a victim of identity theft. For more information, please visit oualumni.com.

SUMMARY

The Oakland University Alumni Association is pleased to announce the addition of new benefits now available to OUAA members.
