For State Representative

3 Dems, Four Republicans File Nominating Petitions

Seven men announced their candidacy yesterday for the unexpired term of Howard R. Estes, Birmingham Republican who resigned in November as state representative for district 3.

The three Democrats and four Republicans filed nominating petitions with Oakland County Clerk Lynn D. Allen before yesterday's 4 p. m. deadline.

The field will be narrowed to one Democrat and one Republican in a primary election Jan. 21, and Estes' successor will be elected in the special election Feb. 11. Only district 3 voters will be eligible to cast ballots.

Those seeking the post are Marvin W. Kuschinsky, 3360 Kilmer St., Troy Township; Fred Wilkinson, 23361 Cora, Farmington; and John C. Westerdale, 1646 Union Lake Rd., Commerce Township, all Democrats.

Republicans are Richard Vandusen, 1722 Pine St., Birmingham; Allen C. Ingle, 29320 Grand River Ave., Farmington; Stanley M. Brown, 3933 Kirkland Ct., Bloomfield Township; and Lawrence McKay Jr. of 1690 Yosemite, Birmingham.

Estes resigned from his post in the Michigan House of Representatives to devote full time to his new job as manager of the Oakland County Infirmary. His legislative term expires Dec. 31, 1954.

In paper ballot areas the names of Democratic candidates will be printed on one side and those of Republicans on the other. Voters will be able to choose one.

In voting machine areas the names of candidates will be rotated so that Democratic candidates will be named first in some areas while Republicans will be first on the list in others.

The Democrat and Republican with the most number of votes will oppose each other in the special election Feb. 11. Voting hours are from 7 a. m. to 8 p. m.

District three includes the townships of Troy, Bloomfield, West Bloomfield, Commerce, Milford, Lyon, Novi and Farmington, and the cities of Birmingham, Bloomfield Hills, Orchard Lake, part of Sylvan Lake, Milford, South Lyon, Farmington and a portion of Northville.

O'Brien Reveals Tipster Broke Reuther Case

Prosecutor Risked Life to Talk With Informer; Perrone Still at Large

DETROIT (AP)—New disclosures, including wary tipster contacts with police, shed fresh light today on the method of operation in the drive to crack the Walter Reuther shooting mystery.

These were of the cloak and dagger variety, presumably involving great danger.

The new details came out as the search for suspect Santo (Sam) Perrone, one of four men accused of plotting to kill the CIO leader in 1948, apparently ran up against a blank wall.

Police were believed waiting to a policy of watchful trust until Perrone either shows up voluntarily or a tip to his whereabouts comes in.

The 34-year-old convicted labor terrorist has been missing since prior to the filing of conspiracy and assault charges early Wednesday.

Prosecutor Gerald K. O'Brien disclosed some of the background in the investigation.

He told of a late night meeting with an informer who called his home about two weeks ago and which, he said, turned out to be the "big break."

O'Brien made his disclosures to newsmen and under questioning said his intent to meet with the informer meant he endangered himself.

The veteran prosecutor said "yes, there was" when asked if danger existed.

"My family," he said, "could have very easily collected on my insurance."

With Detroit swept by rumors for 48 hours, O'Brien scotched one in particular.

Perrone had been reported at one time preparing to surrender, with police supposedly made aware of this. One report said Perrone was hiding out in Chicago.

O'Brien said he had "no knowledge" of Perrone's whereabouts and had "heard nothing about a surrender."

Named along with Perrone on the felony charges were his son-in-law, Carl Renda, 35; Peter Lombardo, 31, inmate of Leavenworth Penitentiary; and Clarence Jacobs, 48, Tecumseh, Ont.

Both Renda and Jacobs have been given preliminary court hearings. Both pleaded no knowledge of the attempt on Reuther's life. Further court hearings will be held for each Jan. 14.

The forecast for the Pontiac area tonight and Saturday is mostly cloudy with little change in temperature. Light snow is expected tomorrow.

The U. S. Weather Bureau predicts a low of from 22 to 24 tonight and a high of from 28 to 32 Saturday.

Yesterday the temperature ranged from a low of 19 to a high of 31 degrees here.

At 8 a. m. today the reading was 24. At 1 p. m. in downtown Pontiac the mercury registered 25 degrees.

Central Europe Buried in Snow

Transportation Stalled in Northern Italy Where Storm Is Most Vicious

LONDON—Central Europe and Italy were buried deeper today by continuing snow storms.

The wintry weather was most ferocious in Italy where transportation was paralyzed in northern regions.

At least one hamlet, the little town of Montezano, near Modena, was isolated for the fourth day. Rescue teams, spurred by fear that the village may be suffering for food and fuel, fought the blizzard and drifts to reach the community with provisions.

Since the beginning of the storms five days ago at least 10 lives have been lost in northern Italian areas. Extreme cold added to difficulties today. Bologna, Modena and Milan reported temperatures far below the freezing point.

There were heavy snow falls also in Austria, parts of Switzerland and in southern Germany. There was less snow in other parts of Europe, but temperatures were low and biting winds whistled over much of the continent.

Truman Denies Using 'Red Herring' to Describe Congressional Spy Hunt

WASHINGTON—Former President Harry Truman, defending his efforts to combat Communist subversion, said today he never used the words, "red herring," to describe Congressional spy hunts.

Truman's statement was made in a film for television showing, an interview with Drew Pearson, the Washington columnist Truman once called an "S. O. B."

The "red herring" incident occurred at a Truman news conference on Aug. 5, 1948. It was on that day that Alger Hiss, a former State Department official, swore before the House Un-American Activities Committee that he had never been a member of the Communist party.

Hiss was convicted later on charges of falsely swearing that he had never given secret information to the Reds. He is now serving a five-year prison sentence.

Pearson asked Truman in the interview: "There has been a lot of

talk about you saying that the Alger Hiss indictment was a red herring. What is the fact on that?"

Truman replied: "The facts in the case are that in a press conference one morning, some young man who had never been at a press conference before, during the session of the 80th Congress, asked me if the action of the Un-American Activities Committee was not in the form of a red herring to cover up what the

Republican administration in the 80th Congress had not done, and I said it might be.

"And that's where it started. I never made any statement that there was a red herring although the Republicans when they are in power always try to cover up their mistakes by attacking somebody or some institution."

Pearson interposed: "So you never even used the word, 'red herring.' That was the word used by the reporter and you said that it might be that Congress was trying to cover up something."

Truman replied: "That's right. That's correct. The press conference itself will show that."

An unofficial transcript of the news conference shows that this question was put to Truman: "Mr. President, do you think the Capitol Hill spy hearings are a good thing or do you think they are a red

List Two More From Area Dead

Defense Department Adds Names of Soldiers Missing Since 1950

The Defense Department today added the names of two more Pontiac area men to the list of Michigan soldiers missing in Korea and presumed dead.

Sgt. Curtis G. Hays, 19, of 2427 Pine Lake, and M. Sgt. Eddie C. Summers, 19, of Sylvan Lake, were among those on the list released today.

The son of Mr. and Mrs. William G. Hays, Sgt. Hays was serving as a medical corpsman with the 2nd Division in North Korea when his group was ambushed.

According to the Army report received by his family, he was last seen administering aid to the wounded.

The sergeant's father said his son wrote in one of his last letters, "I hope that some of the money I have sent home will be given to the church for I feel that the Lord has taken good care of me and I want in some small way to show Him my appreciation."

His final letter was dated Nov. 17, 1950. He was due for release from the service the following January.

An enlistee, he attended Pontiac High School.

M. Sgt. Summers, leader of a platoon of eight men, was reported last seen manning a machine gun in the Chosin basin on Nov. 28, 1950.

He was the son of Leslie L. Summers of 1839 Lakeview, Sylvan Lake, and Mrs. Edith Thomas of 494 N. Saginaw St.

21 GI Prisoners to Get Another Return Chance

Indian Command Will Count Heads at Seoul, Offering Opportunity

TOKYO (UP)—The Indian Command said today it would give 21 unrepatriated American prisoners another chance to return to their homeland and families.

Lt. Gen. K. S. Thimayya, Indian head of the prisoners' commission, promised to conduct a "head count" of the Americans, thus giving them an opportunity to request repatriation.

The Indians' announcement came at the same time that Lt. Gen. William K. Harrison, chief truce negotiator, made a mystery flight from Tokyo to Seoul, indicating the United Nations may try to reopen talks on a Korean peace conference.

There were other important developments on the Korean front: 1. South Korea charged that the United Nations was losing its battle with the Communists by trying to negotiate a peaceful settlement of the Korean question.

2. The Indian Command charged that South Korean "agents" had disrupted its "head count" of 22,000 anti-Communist Chinese and North Koreans because 135 accepted repatriation last week.

3. Lt. Gen. Maxwell D. Taylor, Eighth Army commander, said he had given South Korean Foreign Minister Pyun Yung Tae advance warning that American troops would protect Indian guards from attacks by ROKs attempting to free anti-Red prisoners.

4. Taylor announced he would make public U.N. plans for processing the anti-Communist prisoners at midnight, Jan. 25—the date for their release to which both sides agreed in the Korean armistice.

When it became apparent that none of the then 22 Americans who had refused repatriation would attend Allied "come home" lectures, Thimayya, as head of the Neutral Nations Repatriation Commission, said he would conduct his own interviews after the deadline.

Thimayya said he could offer the Americans another chance to go home simply by bringing them face-to-face with Indian custodial officers.

The Indian general put this plan into effect last week when he marched 4,000 anti-Communist prisoners in single file before one of his officers and asked for their names and serial numbers only.

Sues Publishers of Directories

U. S. Charges 4 Firms Monopolized Trade by Restrictive Practices

WASHINGTON (INS)—The Justice Department accused the Association of North American Directory Publishers and four of its members today of monopolizing trade and commerce in the publication and sale of city directories.

Attorney General Herbert Brownell Jr. announced the complaint, which was filed as a civil anti-trust suit in Detroit Federal Court.

Brownell's anti-trust chief, Assistant Attorney General Stanley N. Barnes, said the defendants produced about 75 per cent of all U. S. city directories, and declared:

"This position of dominance has been obtained by numerous restrictive practices alleged to have been in flagrant disregard of the anti-trust laws."

Those named as defendants are: R. L. Polk and Co., Detroit; H. A. Manning, Springfield, Mass.; the Price and Lee Co., New Haven, Conn.; and the C. B. Page Directory Co., Corpus Christi, Tex.

Also named was the Publishers Association, with headquarters at New York City.

The complaint alleges that the defendants split up sales territories among themselves and took joint action to exclude non-association members from freely competing with them in the sale and publication of directories.

Solons Puzzled Over Plan to Take Reds' Citizenship

WASHINGTON (AP)—President Eisenhower's recommendation to deprive future Communist conspirators of U. S. citizenship was described by Sen. McCarran (D-Nev) today as "half-baked." Other legislators termed it puzzling.

McCarran, senior Democrat on the Senate Judiciary Committee and its former chairman, said persons convicted of conspiring to advocate the forcible overthrow of the government already lose rights as citizens.

Sen. Langer (R-ND), the Judiciary Committee chairman, said in a separate interview that "I don't see that this adds anything to the present law." A similar reaction was expressed by Sen. Jenner (R-Ind), chairman of the Judiciary Committee's Red-hunting internal security unit.

550 Policemen Guarding Docks

Officials at New York Fear Trouble in Fight for Control of Piers

NEW YORK—A 550-man around-the-clock police patrol was ordered to New York City piers today in the explosive waterfront situation.

The heaviest concentrations were ordered for the Brooklyn docks, where two piers have been struck. Shipping officials have expressed fears that the tieups might spark a general strike.

Chief Inspector James R. Kennedy issued orders for the increased police detail after a closed door meeting of Mayor Robert F. Wagner Jr. with Commissioner Francis W. H. Adams and two other top aides. The conference followed a meeting of New York City and New Jersey authorities Wednesday.

The police order came during an uneasy truce as the old International Longshoremen's Association, ousted by the American Federation of Labor, and the new AFL-ILA fought for certification as bargaining agents for more than 26,000 dock workers in the port.

A total of 4,397 challenged ballots is delaying a declaration of a winner in a pre-Christmas NLRB election, in which the old ILA was credited with 9,000 votes, to 7,568 for the AFL-ILA.

The New York Shipping Assn., representing 170 shipping and stevedoring companies, yesterday obtained a court order requiring the AFL-ILA to show cause why a strike on pier 29 in Brooklyn should not be stopped.

The second strike started yesterday. Both strikes resulted from discharge of a union shop steward.

Plan to Scuttle Some Policies Outlined by Ike

Sen. Byrd Will Fight Request for Increase in Debt Limit

WASHINGTON (A P)—Democratic leader Lyndon B. Johnson of Texas said today Senate Democrats—who outnumber Republicans by one—will exercise a "veto" power on individual items of President Eisenhower's over-all legislative program.

And Sen. Byrd (D-Va), who gave indirect support to the President in the 1952 political campaign, said he will try to stamp the first Congressional veto on Eisenhower's request for an increase in the 275 billion dollar debt limit. The President renewed it when he outlined his program yesterday to Congress.

While Republican leader Knowland of California was urging bipartisan support for what he called the President's "sound and forward-looking program," Democrats were gathering their ammunition for a blast at the administration's new farm proposals—due Monday.

As reaction rolled in on the President's 7,000 word state of the union message—which he delivered in 34 minutes yesterday in a House chamber so jammed that some Senators complained they had to stand—controversies flared up over several issues.

Beside the farm and debt limit proposals, lawmakers voiced sharp differences of opinion over tax revisions, heavier reliance on atomic weapons, and a proposed Constitutional amendment to permit 18-year-olds to vote.

This added up to a major setback (Continued on Page 2, Col. 3)

Fancier of Dance Charges Instructor With Extortion

DETROIT (UP)—Chafic Sabino, a Brazilian dance instructor, was charged today with extorting money from a Detroit industrialist whose fancy for the tango and rumba was so great he paid \$31,000 for a "quadruple" lifetime of lessons.

The businessman, John Winter, 40, accused Sabino of forcing him at gunpoint to sign a contract agreeing to pay Sabino \$100 a week until he found another job. In addition, Winter said, he was forced to sign a receipt for a \$1,350 balance Sabino owed him on a car, without the money being paid.

Winter told Recorder's Judge John P. O'Hara that he had been so impressed with Sabino's dancing ability that he persuaded him to quit his job at the Arthur Murray studio here and go to work for the Winter Brothers Stamping Co., of which Winter is vice president and general manager.

As an inducement, Winter said, he gave the 26-year-old "dance analyst" a new television set, bought him \$800 worth of clothes and loaned him money to buy a car.

But Sabino didn't work out as a factory hand, the businessman said and he was fired on Dec. 26. The next day Sabino met him in a restaurant and pulled a gun, saying "come with me or I'll kill you."

Would Provide \$200,000 Fund

Voting Also Will Decide Fate of Present 17-Mill Program

By HAZEL A. TRUMBULL
ORTONVILLE — Short-term school building bond issues appear to be the will of the people in the Brandon School District.

On January 12 the electorate will go to the polls to decide a \$14 million program that will provide \$200,000 for elementary expansion and to repeal 17 mills which in four years has paid off a bond issue planned to have extended through 1957.

"It is the consensus of the local Citizens' Committee and the Board of Education that people here prefer to pay larger amounts in taxes for a few years rather than extend taxes for long periods," said Edward J. Hungerford, superintendent of Brandon Schools.

He said that the saving in interest amounts to a considerable sum when they are retired in short terms.

The new proposal to be voted upon next week will be for the building of 10 elementary classrooms and a bus garage. This will be an addition to the present elementary school plus gymnasium-auditorium facility located on the 58-acre site at the southeast corner of Ortonville. It is proposed that the bus garage be located on the same site.

A rapidly growing area, the Brandon district, centered by Ortonville, contains more than 80 square miles.

With an equalized valuation of \$3,764,000, it has 950 students enrolled in kindergarten through 12th grades. Graduation classes have been averaging in the 30's with each year's kindergarten classes running about 100.

Due to lack of facilities the kindergarten class is now using the stage of the elementary school for a classroom. Seven hundred of the total enrollment is in the elementary grades.

In present use are a rural school and four downtown temporary facilities to house students. Average class load is about 37 and with the help of the proposed addition they can drop these figures to around 30 and 32.

Hungerford said that the plan is to construct the new addition as self-contained classrooms.

Overhead natural lighting will be utilized. Cinder block and faced brick to match the existing building will be used with asphalt tile floors throughout. The present boiler unit is adequate for the proposed addition.

A registration district, the polls for the district, will be open in the agricultural room of the high school from seven in the morning until eight in the evening, Hungerford said.

DeGasperi May Form Cabinet

Deliberates With Italian President in Effort to Ease Political Crisis

ROME (A) — Alcide De Gasperi, Italy's postwar premier until last summer, conferred with President Luigi Einaudi today as the President continued his efforts to resolve Italy's three-day-old political crisis.

De Gasperi, 72-year-old leader of the nation's biggest party—the Christian Democrats, may be called to try once again to form a government. He declined to comment after seeing the President.

Einaudi, who is now interviewing the heads of all parties before designating a premier, saw Communist chief Palmiro Togliatti after De Gasperi. After the meeting, the Red leader was outspoken in a demand for a leftist government.

"A man is needed," he told newsmen, "who will end the opposition towards Communists and Socialists."

Einaudi was expected to reach no decision on a premier-designate before next week.

The crisis arose on Tuesday when Premier Giuseppe Pella, another Christian Democrat who succeeded De Gasperi after the indecisive elections last June, quit after five months in office.

Fugitive Found Living Normally

Cattle Rustler, One of FBI's 10 Most Wanted, Doing Farm Work

FAIRFIELD, Calif. (A)—Chester Lee Davenport, southwestern cattle rustler, escape artist and one of the FBI's 10 most wanted men, was in jail here today after nearly six months of "behaving like a very normal citizen."

The 31-year-old Wichita Falls Tex., fugitive was surprised by a posse yesterday as he milked a cow at a dairy at nearby Dixon. He had worked there since shortly after his escape from the state reformatory at Granite, Okla., July 4.

The stocky, 180-pound Davenport readily admitted his identity. He was to be arraigned late today in San Francisco on fugitive charges. U. S. Commissioner Adelia McCabe at Sacramento declined to reopen his office last night for arraignment of "such a pipsqueak."

Dixon Police Chief Lester Peters said Davenport had been "holing up in this small community, behaving like a very normal citizen."

Davenport was discovered, he said, by Dr. R. J. Cobble, a Dixon veterinarian who saw a picture of Davenport in the Vallejo News-Chronicle and recognized it as "Floyd B. Tucker," the name the fugitive used.

Davenport's wife, Ruth, an expectant mother, and her 3½ year old son Walter spent the night at the home of Davenport's employer, farmer Charles Misuraca, and planned to leave today for their home at Iowa Park, Tex.

Misuraca said he would "take Davenport back tomorrow if he was put on parole right now. If that man was given a break, I think he'd make something of himself. He saved \$700 out of his pay of \$250 a month and talked about going into the dairy business for himself."

Grains Active,
but Tilt Lower

CHICAGO (AP)—Grains tilted a wee bit lower in fairly active dealings on the board of trade today.

Lack of any news of Spanish buying of wheat overnight, hedging pressure in feed grains and more substantial deliveries of cash soybeans on January contracts were behind the slump. Then too, some local traders were disappointed at the markets' lack of strength in yesterday's late trading.

Wheat near the end of the first hour was $\frac{1}{4}$ to $\frac{1}{2}$ cents lower, March \$2.08 $\frac{1}{2}$, corn unchanged to $\frac{1}{4}$ lower, March \$1.55, oats $\frac{1}{4}$ to $\frac{1}{2}$ lower, March 79, rye unchanged to 1 cent lower, March \$1.19 $\frac{1}{2}$, soybeans unchanged to $\frac{1}{4}$ lower, January \$3.07 and lard 5 to 18 cents a hundred pounds lower, January \$17.60.
