# House Okays Social Security Hike, Welfare Curbs

WAHINGTON (AP) — The House has passed overwhelmingly a massive Social Security overhaul that would raise benefits, hike taxes and crack down on idle state welfare recipients.

* * *

But it probably will be months before the extra money is flowing to some 24.2 million current beneficiaries because the Senate isn't ready to consider the legislation at once.

**Moreover, a Senate conflict is brewing over those provisions of the House-passed measure intended to toughen federally aided state welfare programs.**

"We're rough in this bill — make no mistake about that — but we don't mean to be inhuman," said Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, during yesterday's debate on the measure.

Mills' reference was to provisions imposing income limitations on persons eligible for federally backed state Medicaid programs, requiring states to channel jobless welfare recipients into work or job training and limiting the proportion of children receiving welfare.

**PROPORTIONAL AID**

Under the measure, states could aid no more children than the proportion of children receiving aid in January 1967. The number could rise, but not their total proportion to the over-all child population of the state.

**Mills said the measure ultimately should result in pushing 300,000 adult recipients off the welfare rolls and into jobs.**

The bill the House approved 415 to 3 yesterday provides a minimum 12½ per cent raise for Social Security beneficiaries.

It also calls for staged increases in the payroll tax that finances the program, with a first-step maximum $44 jump — for those earning $7,600 or more annually — to begin next year: That would come by expanding the taxable base from $6,600 to $7,600. Employers of such workers also would feel the added tax bite.

**5.9 PCT. IN 1987.**

And it eventually would raise the current 4.4 per cent Social Security tax to 5.9 per cent in 1987. That would mean a maximum jump of $158 for the worker earning $7,600 — provided there were no expansions of the taxable base or tax hike in the meantime.

* * *

The Senate Finance Committee has scheduled hearings beginning Tuesday on the bill. However, a long Labor Day recess will interrupt its proceedings and handlers of the measure said they have no hope of a Senate vote earlier than mid-October.

If the Senate materially changes the measure, the resulting conference with the House may be protracted and difficult. There is strong sentiment in the Senate for relaxing the strict welfare limitations and some support for a higher level of Social Security benefits.

# MSU Tuition Plan Upheld by Kelley

LANSING (AP)—Atty. Gen. Frank Kelley today upheld the legality by the sliding-scale tuition plan adopted by the Democratic majority on the Michigan State University Board of Trustees. The plan affects MSU and Oakland University.

The opinion was asked by State Rep. William Hampton, R-Bloomfield Hills.

**Kelley, a Democrat, also said the Legislature may not constitutionally enact a statute prohibiting the trustees from adopting such a plan.**

Said Kelley in his opinion:

"While this office takes no position on the wisdom of such a plea, as to its legality, the tuition plan, based generally on parental gross annual income, does not violate the equal protection clause of either the federal or state constitutions."

* * *

Kelley said the burden to establish eligibility for tuition at an amount lower than the maximum rests upon the parents of students involved.

**NO AUTHORITY**

"I find no authority in the board of trustees to legally compel a parent of a Michigan State University student to disclose his or her income to the authorities of the university," Kelley said.

**"At the same time it should be observed that if the parents refuses to provide information to show need and ability to pay, the university can rightfully assume that his or her income is $16,600 or in excess."**

Such a student thus could be required to pay the maximum tuition, Kelley said.

Kelley, incidentally, has a daughter, Karen, who is a senior at MSU.

## Minnesota Fire Kills 4; Man Shot

ST. CLOUD, Minn. (AP) — A woman and three of her four children died when fire leveled their farm home early today, the Stearns County sheriff's office said.

The woman's husband, David Haskins, 32, was found tied to a clothesline post in the farmyard with bullet wounds in the chest and stomach, the sheriff's office said.

**A black hood covered his head.**

Haskins was taken to a St. Cloud hospital and was reported in critical condition.

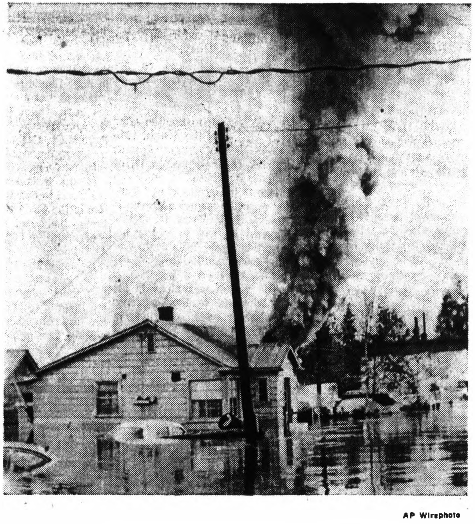
**He was unable to give officers a clear picture of the tragedy at his farm home 17 miles southwest of St. Cloud.**

The farm couple had four children, ranging in age from 7 years to six weeks.

Deputies said they found the body of Mrs. Haskins and three children in the burning embers of the farm home about 1 a.m.

Fate of the fourth child was not immediately determined.

The sheriff's office said a group of youths sounded the alarm after they noticed the burning house and barn on the Haskins farm.



AP Wirephoto

**HELP ON THE WAY**—President Johnson yesterday declared flood and fire ravaged Fairbanks, Alaska, a major disaster area. Floodwaters from the Chena River continue to keep residents out of their homes and businesses. Smoke from one of several downtown fires is reflected (above) in four-foot deep waters. Officials fear fires might spread in the evacuated buildings, adding to the town's problems. (Story on page 2.)

## 'Low-Rated' LBJ to Talk on TV This Afternoon

WASHINGTON (AP) — President Johnson was to hold a 3 p.m. EDT nationally broadcast and televised news conference today, the first such announced-in-advance session since March 9.

**Harris and Gallup polls reported last weekend that public approval of Johnson's course had slipped to a new low of 39 per cent.**

The Vietnam issue figured yesterday in a Senate slash of the foreign aid bill, a Senate committee hearing on U.S. commitments and a House committee's coolness toward the proposed tax hike.

Administration sources meanwhile announced that:

* * *

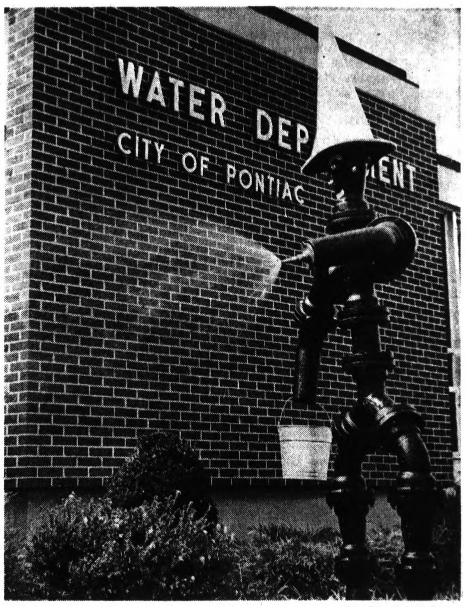
- Special precautions have been taken against Red China's entry into the war through new U.S. bombings.

**TRIM DANGER**

Defense officials said improved communications, navigation and radar gear have trimmed chances that U.S. jets accidentally will slip into Red Chinese airspace.

**American pilots also were reported under orders to fly their bombing runs parallel to the Communist Chinese boundary.**

- The Pentagon is considering recruiting a new Army division to remain in the United States to shore up forces which will be depleted by Johnson's authorization to send 45,000 more troops to Vietnam.
- Johnson was said to have okayed hitting most of the several hundred North Vietnamese military targets recommended by the Joint Chiefs of Staff — rather than hamstringing the air raiders as some bombing advocates have charged.



Pontiac Press Photo

**AN UNUSUAL SPRINKLER**—The "iron man" in front of the Water Supply Division doesn't usually perform this task but is helping to publicize "Willing Water Week." The department will conduct tours of the building, located on Opdyke just north of South Blvd., until 8 p.m. today and from 1 to 5 p.m. tomorrow. "Willing Water Week" is held to demonstrate water services provided by the city department.

# OCC's 4th Campus in Madison Heights

By DICK ROBINSON

Oakland Community College has purchased nearly 75 acres of vacant land in northwestern Madison Heights as the site for a fourth OCC campus.

The college's board of trustees last night approved the purchase for more than $477,000 while meeting in Farmington Township at their new Orchard Ridge campus, which will open this fall.

**Purchased from 27 residents, the 10 parcels of land form a horseshoe north of 13 Mile Road, one-quarter of a mile each from John R Road on the west and Dequindre on the east and one-half mile from 14 Mile Road on the north.**

*Related Stories, Page B-10*

"A fifth campus site in northern Oakland County will be our next target in the late 1970s," OCC President Dr. John E. Tirrell said.

* * *

At the center of the horseshoe arrangement is a residential area within Frank, Milton, Wright and Tawas avenues where 21 of the 27 residents live.

Although Tirrell said a purchase agreement has been reached with the owners, who call themselves Community Homestead, Inc., a few details still need to be worked out.

**He reported that one owner still had not signed the agreement but that he could do almost nothing else with the land since college property would be all around him.**

As the curved end of the horseshoe on the east side of the site off Milton are four acres of land which OCC would like to acquire.

**AS CITY PARK**

The property owners had deeded it to the City of Madison Heights for use as a city park. Tirrell commented that he thought it "would revert" to OCC if the city does not use it.

**Acreage at the site may eventually total close to 80, for a purchase price of $495,000, with the acquisition of the extra land.**

"It has been known that any location in this area would require transportation by most of the students in either public or private carriers," Tirrell said.

* * *

"Thus this site, only one-half mile from the new Sears and Hudson stores at Oakland Mall (14 Mile Road near I-75), is guaranteed public transportation."

**INDUSTRIAL CONCENTRATION**

Located in an area of high industrial concentration, the campus would probably feature a manufacturing and engineering curriculum.

(Continued on Page A-2, Col. 8)

## '68-Model Pontiac Output Delayed

The start of Pontiac Motor Division's 1968 model car assembly operations is being delayed 24 hours, a division spokesman said today.

Some 2,000 assembly employes in plants 8, 16 and 50 are affected by the delay due to "late delivery of outside production materials," the spokesman said.

Employes slated to begin work Monday, Tuesday, Wednesday or Thursday will report 24 hours later than scheduled.

## Firm's Steel Price Up

NEW YORK (AP) — Bethlehem Steel Corp. announced today an increase of $4 a ton in the base price of hot-rolled carbon and high-strength plates.

These items represent about 10 per cent of industry shipments. Bethlehem said that on an industry-wide basis the increases would represent one-quarter of one per cent of the general steel price level.

# Ohio Blast Hurts 14

TOLEDO, Ohio (AP)—An explosion in a cracking unit rocked the Standard Oil refinery in Oregon Township in east Toledo today, setting two fires and injuring 14 persons. No deaths were reported.

A spokesman for Standard Oil of Ohio said the explosion set off two separate fires, but the smaller blaze was brought under control at 9:55 a.m. EDT.

**Fire fighters from Toledo and neighboring communities were rushed to the scene to keep the fire from spreading to nearby tanks storing oil products.**

"They're foaming the hell out of everything," the Standard Oil spokesman said.

* * *

St. Charles Emergency Hospital in Oregon and St. Vincent's in Toledo said nine persons were treated for burns and bruises. Another victim, Charles Perlman, 58, of Toledo, was confined to St. Charles with serious burns over part of his upper body.

Four others did not require hospital care.

**FIRST REPORTS**

First reports said the explosion ripped through a cracking unit—a unit used to separate oil from gasoline—about 9 a.m. Most of those injured were in the immediate area, firemen said.

The Standard Oil spokesman said fire fighters were able to keep the flames well away from storage tanks as a precaution.

## Showers Tonight, Cooler Day Tomorrow

Cloudy skies are expected to bring showers and thundershowers to the Pontiac area today, ending tonight and lowering temperatures to 52 to 58 from the day's expected high of 78 to 84.

Unseasonably cool is the prediction for a partly sunny day tomorrow, with little change expected Sunday.

Precipitation probabilities in per cent are: today 60, tonight 40; tomorrow 10.

The low in downtown Pontiac prior to 8 a.m. today was 67. The mercury rose to 84 at 2 p.m.

# Land-Fill Views Contrasting

### 2 Appraisers Testify at Waterford Hearing

Two appraisers submitted contrasting views last night on the effects a sanitary land-fill would have on property values in the area.

The appraisers were witnesses at the third session of the Waterford Township Planning Commission's public hearing on the proposed Maceday Lake Road sanitary land-fill.

**The commission did not render a decision on the request for a permit to operate the land-fill since more witnesses are to be heard.**

The public hearing will resume at 7:30 p.m. Sept. 7.

* * *

Three witnesses were called to the stand during last night's three-hour session.

**ENDED PRESENTATION**

Providing testimony for the land-fill applicants, who completed their presentation last night, was William Phelps, an appraiser with Michigan Land Planners.

**Testifying for the opposition were appraiser John S. Kennedy and Dr. Andrew Mozola, a geology professor at Wayne State University.**

Phelps said he felt a sanitary land-fill would be the best use for the 50-acre property where the operation would be located.

* * *

He said he felt the operation would not affect property values.

**'ALREADY DOWN'**

Kennedy disagreed. He said public knowledge of the application already has downgraded property values in the area.

**He said the operation itself would affect property values even more severely and that a big drop would be realized if Maceday Lake became polluted from the land-fill.**

Dr. Mozola said he didn't see how anyone could say that contaminates would not get into the ground water and eventually into the lake.

* * *

About 150 persons attended last night's hearing at Waterford Township High School.

# Javits: Delay Viet Election; Civilian Candidates Agree

GIA DINH, Vietnam (AP) Most of South Vietnam's civilian presidential candidates agreed today with a proposal by U.S. Sen. Jacob K. Javits, R-N.Y., that the election be postponed for four weeks. But some voiced pessimism that it could be done.

"Most of the tickets want to postpone the election. They think it would be an excellent idea," said former Premier Tran Van Huong, considered the leading civilian candidate in the Sept. 3 election.

* * *

"We lost about two weeks after the Dong Ha incident, while the government candidates continued to campaign and use government facilities to campaign," he said. But Huong added, "If we postpone it too long, the people might lose interest."

* * *

The "government candidates" are Chief of State Nguyen Van Thieu and his vice presidential running mate Premier Nguyen Cao Ky.

**BECAME ANGRY**

The Dong Ha incident occurred Aug. 6 when the civilian candidates traveled 425 miles by government plane to northernmost Quang Tri, but became angry by what they said were inadequate government preparations. They canceled the trips to the provinces and resumed them only last Wednesday.

* * *

Javits proposed in a speech Thursday that the election be postponed "to permit a more meaningful campaign."

* * *

He said the Thieu-Ky government had "gravely compromised" the election process and that an extended campaign period would allow restoration "of full confidence in the meaningfulness of these elections."

* * *

Candidate Nguyen Dinh Quat said, "It is a very good proposal, but I don't think it can be effected. All the laws regarding the election were passed by the assembly, and they would have to change them."

* * *

Ha Thuc Ky, one of the leading civilian candidates and no relation to premier Ky, said, "If the election is postponed it would be very good for us. We have only a month to campaign and have already lost two weeks."

Truong Dinh Dzu, another candidate, said 'a two-week postponement would be better than four weeks.

**ONE DISSENTER**

One dissenter was Dr. Phan Quang Dan, vice presidential running mate of Phan Khac Suu, chairman of the assembly.

"If you postpone the election many things can happen," he said.

* * *

He said if the candidates were not already known by the people then "they are not worthy to win" and more time would do them no good.

The candidates' spoke in Gia Dinh today, the third day of their renewed tour by government transportation that will take them to 11 places outside Saigon.

# VC Document Cites 'No Dream of Truce'

SAIGON (AP) — P.S. officials made public today a translated copy of what they said was a top secret Vietcong document dated March 1966 in which Communist leaders resolved "not to entertain any illusions concerning a negotiated settlement" of the Vietnam war.

"At a certain time," the document says, "We can apply the strategy of fighting and negotiating at the same time in order to support our armed struggle, and thus accelerate the disintegration of the puppet (South Vietnamese) army and regime, and create more conditions favorable for our people to secure a decisive victory.

"We are determined not to entertain any illusions concerning a negotiated settlement to the problem of Vietnam, and we must concentrate all our strength to destroy the enemy. Only when the American imperialists' aggressive will is crushed and the objectives of independence, peace, democracy and neutrality of the South are guaranteed can we negotiate a settlement of the Vietnam problem."

A spokesman for the U.S. Mission said the document is "one of the most significant" ever to come into the possession of the U.S. Command.

The document was reported to have been seized last April 21 in Khan Hoa Province, about 200 miles northeast of Saigon, by units of the U.S. 101st Airborne Division.

In a statement accompanying a copy of the 60-page resolution of the Central Office for South Vietnam—the Vietcong's highest echelon in South Vietnam—the U.S. Mission said:

"The document dates from March 1966, but the goals, methods, tactics and attitudes enunciated in the COSVN resolution are still valid and are those being used currently by the Vietnamese Communists."

# Dixie Perjurer Gets Sentence

NEW ORLEANS (AP) — "I'm never surprised at anything," said an unsmiling Dean Andrews Thursday as he walked out of court, free on $2,500 bond after a judge sentenced him to 18 months for perjury.

Andrews, 44, the hip-talking self-styled "fat man" of the Kennedy assassination conspiracy probe, was convicted earlier this week of lying to the grand jury.

* * *

Despite attorneys' pleas that Andrews is in no condition to go to jail, Criminal Dist. Court Judge Frank J. Shea sentenced him to concurrent 18-month terms on each of three perjury counts and released him on bond pending appeal of the conviction.

Sentencing was delayed while defense attorney Harry Burglass questioned a prison physician about Andrews' physical condition. Andrews had been in the prison infirmary since his conviction Monday.

**3 CONDITIONS**

The doctor told Judge Shea that the 260-pound Andrews is subject to three medical conditions: Accumulation of fluids in body tissue, a bacterial blood infection and a slowing down or recomposition of the heart.

# Auto Victim 'Fair'

A Ferndale man was in serious condition today in William Beaumont Hospital in Royal Oak after a traffic accident in Bloomfield Township yesterday.

Injured was Donald D. Hughes, 39, whose car went out of control at high speed and hit a tree, police said.

# Grand Jury Awaits Claim for $35,000

Grand jury officials this morning turned over $35,000 to County Clerk John D. Murphy for safekeeping until someone claims it, most likely Oakland County.

The cash apparently came into the possession of the grand jury during the course of its year-long investigation which ended Tuesday, but no one on the staff will reveal the source or whether it was seized.

**Grand Juror James S. Thorburn is asking in a petition to the Circuit Court that the funds be determined to be the exclusive property of the county.**

In his petition, Thorburn said, "That strange as it may seem in a world in which material wealth has such great appeal for so many, no person, firm, corporation, partnership or association has come forward to claim the funds."

* * *

Murphy, after signing a receipt for the cash said the money will be placed in a trust until Circuit Judge Frederick C. Ziem rules on the petition.

**LARGE BILLS**

The cash included four $500 bills, 230 $100 bills, 113 $50 bills, 132 $20 bills and 71 $10 bills.

* * *

In another grand jury matter, a former Madison Heights councilman, Roman Nowicki, was released from the county jail by the Michigan Court of Appeals late yesterday.

**SENTENCE CHALLENGED**

His attorney, Carlton Roeser of Pontiac, is challenging the 90-day sentence Nowicki received after purging himself of contempt of court. The court gave Roeser 10 days to file his case.

MRS. LESLIE SHANKS

# County Official Elected to Post

Mrs. Leslie T. Shanks, director of the reimbursement department of the Oakland County Board of Auditors yesterday was elected president of the National Association of Reimbursement Directors.

* * *

Her elevation from vice president to the top office came at the association's annual conference in Denver.

* * *

Mrs. Shanks, who has headed the county reimbursement office for 12 years has been an officer of the national association for several years.

* * *

A graduate of Pontiac High School who attended the University of Illinois, Mrs. Shanks and her husband live at 1076 W. Lewiston, Ferndale. They have two married children.

# Driver Charged in Area Death

A New Haven driver has been charged with negligent homicide in the traffic death of a Bloomfield Township youth early today.

**Oakland Highway Toll in '67**
**67**
**Last Year to Date 102**

Dead on arrival today at St. Joseph Mercy Hospital in Pontiac after the 6 a.m. two-car crash was Patrick D. Shaughnessy, 19, of 3050 E. Bradford.

Due to be arraigned at 1 p.m. today on the homicide charge is Rodney H. Redlawsk, 18, of New Haven. He was to appear before Bloomfield Hills Justice of the Peace Jack Baldwin.

* * *

The victim was alone in his car when the accident occurred at Lahser and Quarton in Bloomfield Hills.

* * *

The four in the Redlawsk car were treated and released at the hospital and were questioned by police.

## Birmingham Area News

# Cranbrook Art Academy Appoints Vice President

BLOOMFIELD HILLS — Clifford A. Mogk has been appointed vice president for development of Cranbrook Academy of Art, it was announced by Academy President Glen Paulsen.

MOGK

Mogk retired from Michigan Consolidated Gas Co. last June and served the company for 31 years.

**His duties will involve raising funds for the development activities of the academy.**

He will also serve as the president's administrative assistant in management functions.

* * *

Mogk's position also involves being secretary to the academy board of trustees.

**PREDECESSOR**

He replaces Jack W. Lees who left to become assistant superintendent in the Romeo school system.

**The academy also announced the appointment of Mrs. Oren E. Hadden of Royal Oak as register. She has worked for the institution since 1947.**

The McMath Planetarium at the Cranbrook Institute of Science will be closed from Sept. 5 through Sept. 22.

* * *

The institute announced the time period will be spent in rewiring and refurbishing the Spitz Model A-1 star projector.

**DEMONSTRATIONS**

Over 13,000 demonstrations have been conducted for students in the planetarium since 1955, according to an institute count.

# Pope Shakes Control of Roman Curia

VATICAN CITY (AP) — Pope Paul VI today shook loose four centuries of iron control by the Roman Cruia in governing the Roman Catholic Church by reducing Curia terms from lifetime to five years and revamping the Curia from top to bottom.

The changes were outlined in a 15,000-word document entitled "De Romana Curia"—on the Roman Curia.

* * *

The document—long advocated by Church progressives and bitterly opposed by conservatives—was four years in the making. It took longer to produce than any other document in Pope Paul's reign.

It is part of a continuing process in reforming the traditionally conservative and Italian-dominated Curia. The reform was recommended by the Ecumenical Council.

In the document Pope Paul promised to end Italian domination of the Church's central governing body and make it truly representative of "the universal church."

He ended the tradition of lifetime jobs for Curia cardinals and their subordinates, depriving them of the tenure that kept the Curia members in positions of long-term influence and power.

# OCC Buys Site for 4th Campus

(Continued From Page One)

**It is possible that the fourth campus could open in 1970, since campus planning usually takes two years with one year for construction.**

"We have conducted an exhaustive search for more than a year for a site," the president said. "We looked at small plots (warehouses and department stores in Royal Oak) and large ones (Royal Oak's Red Run Golf Course) before we reached this decision."

* * *

Target area of the site was the populous south Oakland County area south of 14 Mile Road, east of Greenfield, north of Eight Mile Road and west of Dequindre.

**FAST-GROWING**

Oakland Community College is one of the fastest-growing and one of the best known community colleges in the nation.

**Just two years old next month, the college is expecting 6,000 students this fall and 11,000 by 1970.**

The Madison Heights campus will be the smallest in acreage of the four campuses — Auburn Hills in Pontiac Township, Highland Lakes in Waterford Township and Orchard Ridge.

* * *

The addition of the Madison Heights campus would give OCC a total of 655 acres at four campuses plus the multicampus administrative offices in Bloomfield Hills.

* * *

Each campus is designed to serve about 5,000 students. The Madison Heights campus was purchased, and will be developed, with a $12-million bond sale last spring.

# The Weather

**Full U.S. Weather Bureau Report**

**PONTIAC AND VICINITY—Mostly cloudy with showers and thundershowers likely today. High 78 to 84. Showers ending and turning cooler tonight, low 52 to 58. Saturday partly sunny and unseasonably cool. Sunday outlook: Little change. Southwesterly winds 10 to 20 miles and gusty at times today shifting to northerly early tonight. Precipitation probabilities in per cent: Today 60, tonight 40, tomorrow 10.**

**LAKE CONDITIONS**

**LAKE HURON, LAKE ERIE AND LAKE ST. CLAIR—Small craft warnings in effect. Southwesterly winds 15 to 25 knots today and much of tonight shifting to northerly late tonight. Occasional thundershowers today and tonight. LAKE MICHIGAN—Small craft warnings in effect. Northeasterly winds 15 to 20 knots north half this morning increasing to 20 to 25 knots this afternoon and tonight. Over south half, southwesterly winds 15 to 25 knots this morning becoming north to northeast late today and tonight. Thundershowers entire lake today becoming partly cloudy tonight. **NATIONAL WEATHER** — Showers tonight will be scattered over New England, the Appalachians, lower Great Lakes, Ohio and Tennessee Valleys, lower Mississippi Valley, southern Florida, the Carolinas and New Mexico. It will be cooler over northern New England, northern and central Plains, upper and middle Mississippi Valley and the upper Great Lakes region.

# Cooler Weather Trend for the Next 30 Days

DETROIT (AP) — The weather bureau is planning to keep its cool for the next 30 days or so, but it's not sure just how cool.

From now through mid-September, the bureau says it will be cooler in Michigan.

**Asked how much cooler, the bureau answered, "Considerably, but we can't say how much because we don't know."**

A spokesman at the bureau explained it's a long-range trend. "So it will be reasonable to say that temperatures will average much below normal."

* * *

For the immediate future, however, the forecast for the Detroit area for today is partly cloudy skies with thundershowers likely, and a high in the low 80s.

Saturday's outlook—cooler.

### Rain Expected

# Smog Choking East

NEW YORK (AP) — Cleansing rain forecast for Saturday is expected to wash away pollutants trapped near the ground by a layer of warm air over much of the Eastern Seaboard.

The rain, a U.S. Weather Bureau spokesman said today, is associated with a Canadian cold front, whose advance breezes could start blowing away some of the smog by tonight.

* * *

Coughing, sneezing, itchiness of the throat or a burning sensation of the eyes—symptoms that many thought were the start of a summer cold—may well disappear as the dirty haze lifts. It has hung around the Eastern Seaboard since Wednesday.

Rain would change all that, according to the Weather Bureau spokesman.

**USUALLY CLEANSES**

"Doesn't rain usually cleanse the air?" he said. "It usually does."

But until that time, health authorities here said, "a small percentage of the population, especially those with chronic respiratory disease, chronic cardiac conditions and those allergic to particular air pollutants, are advised to remain indoors."

The lid of stagnant air, the Weather Bureau said, reached from Albany, N.Y., and Connecticut down the coast to the Carolinas and parts of Georgia, including the metropolitan areas of New York City, Washington and Baltimore.

From the top of the Empire State Building, the smog made it difficult Thursday to identify the Chrysler Building or U.N. headquarters, just eight blocks uptown.

**INVERSION BLAMED**

The Weather Bureau blames a temperature inversion for the air pollution.

Warm air is usually nearest the ground and rises, carrying pollutants into the atmosphere. But when cooler air is nearest the ground—the temperature inversion—it's like putting a lid on a boiling pot. The steam doesn't get out.

# Conyers to Propose Anti-Slum Bill

ATLANTA (UPI)—Rep. John Conyers Jr., D-Mich., said last night he will introduce "an omnibus bill costing $30 billion annually" in Congress next week to improve big city slums.

The Negro congressman from Detroit told the closing session of the 10th anniversary convention of the Southern Christian Leadership Conference (SCLC) that his program was an attempt to cure ghetto ills in jobs, housing and education.

**Conyers said the bill would guarantee jobs to every citizen by concentrating upon private employers and using the federal government as "the employer of last resort."**

His proposal would raise the federal minimum wage to $2 an hour and extend the law to every wage earner regardless of his job.

Conyers' program also would begin "a massive program of low cost housing construction" and extend federal college loan programs to all youths.

Conyers spoke after receiving the Rosa Parks Award for "outstanding leadership in the civil rights movement." The award is named for the Negro woman who first refused to move to the back of a bus in Montgomery, Ala. at the beginning of that city's bus boycott.

---

It is estimated that 50 million people have taken choloropromazine, a drug for treatment of mental illness, since it was introduced in 1952.

# Brandon Teachers Threaten Strike; Unfair Labor Charge Filed

BRANDON TOWNSHIP — A negotiator for the Brandon Education Association said the teachers will not show up for fall classes without a contract and "unfair labor practices" have been filed against the school board.

A meeting of the approximately 50 teachers has been called for 10 a.m. tomorrow at the Brandon Township Hall in Ortonville, 395 Mill.

**Despite the apparent differences over the proposed contract, purely monetary at this point, Henry Versnick, schools superintendent, said, "We can resolve them and school should start as scheduled."**

Robert Coleman, negotiations consultant for the County Teachers Associations, said the teachers "won't go back" without the agreement.

* * *

Coleman claims an agreement had been reached two weeks ago and that the teachers had met and ratified the contract.

**PAY RAISES**

This agreement, which called for pay raises which ranged from $600 at lower levels to $1,800 at the highest scale, was not approved by the school board, however.

**Versnick claims that no agreement had been reached and that, as far as he knew, the teachers were supposed to be studying the district's counterproposal in which the proposed salaries were somewhat lower.**

Ronald Sutton, president of the school board, said the agreement that teachers had thought valid "was not the board's proposal."

The total package sought by the teachers would have cost the district an estimated $75,000 for the first year.

Supt. Versnick said he informed the teachers that the district did not have over $50,000 for salary increases.

**The teachers' negotiator claims the district has money left over from last year.**

Versnick said this factor is yet unknown as the audit of the district's finances have not yet been completed.

* * *

The teachers' charges to the Labor Relations Boards claim the district has not bargained "in good faith" and that "intimidation and coercion" had been used against one of the negotiators.

**'NO IDEA'**

Versnick denied the charges and said he had "no idea" as to what the "intimidation" charge inferred.

**Coleman said the teachers in the district were being paid in a bracket which ranks from 27th to 28th in the 29 Oakland County districts involved in the organization.**

* * *

He gave the present salary scale as ranging from $6,200 to $8,300 with the amount being asked at present, $6,600 to $10,382.

* * *

State mediators have been called in to assist in future negotiations.

---

# 4-Alarm Fire Destroys Avon Twp. Lumberyard

AVON TOWNSHIP — Firemen from four departments last night were unable to save the Redwood Lumber and Supply Co., 3967 Livernois.

A blaze of undetermined origin destroyed the office and storage room, spread to piles of lumber in the backyard, burned out a company truck, and charred new timbers on a storage shed which was in the process of construction.

**Avondale Fire Department was called to the scene at 8:30 p.m. yesterday. Fire Chief William Richards said the fire apparently caught hold near the saws in the storage part of the building.**

Richards put no estimate on the damage but said the loss would amount to thousands of dollars.

* * *

Avondale firemen were assisted by departments from Troy, Brooklands and Rochester. Men remained on duty until past 6 a.m. today.

**VISIBLE FOR MILES**

Spectators said that at the peak of the blaze flames were visible for miles.

**The ruins this morning attracted many spectators, who were able to trace the path of the fire from the long, low building through piles of stacked lumber completely around the yard.**

Firemen were able to save only the new shed under construction, though some of the beams at the rear of the building were charred enough to need replacement.

* * *

The company is owned by Albert Robinson of Royal Oak, who has built the business up from a one-room facility.

The fire was reported by an attendant at a nearby gas station.

Pontiac Press Photo

**FIRE'S AFTERMATH** — Only charred ruins were visible this morning where firemen from four departments had worked a feverish 9 hours and 40 minutes last, night. The office and showroom of the Redwood Lumber and Supply Co., 3967 Livernois, Avon Township, were totally destroyed as were piles of new lumber at the rear of the building and a company truck. Spectators said the blaze was visible for miles.

---

# Troy Airport Plan Rejected

TROY — Plans by the Jim Robbins Co. for a commercial airfield operation at 14 Mile and Big Beaver have been rejected by the Michigan Department of Commerce Aeronautics Commission.

They ruled that a commercial license should not be granted on the grounds of public safety and other factors.

**The decision was a revocation of a previous license granted the firm last year. Stanley Burke, attorney for the city, explained that after the state commission granted the license, the city protested and the license was revoked.**

The firm appealed and a hearing was held before the commission last month.

* * *

The Robbins' operation has led to long and bitter dispute within the city. Citizens adjacent to the field complained of the noise and feared expansion of the facility.

**COURT FIGHT**

The city passed several ordinances forbidding the expansion and also fought the issue in court and before state and federal bodies.

**The findings, recently released showed that allowing a commercial license at the Robbins' site would conflict with the city's other two commercial airfields, Berz and Big Beaver.**

Some of the findings were:

- Taking off and landing aircraft would navigate over surrounding air traffic patterns.
- The conflicting patterns would pose a public danger.

* * *

- Contemplated use of the field by jet aircraft would widen the patterns and increase the danger.
- Pilots unfamiliar with the Troy situations would be using the facility.

* * *

- Berz and Big Beaver airfields are previously established.
- Runways would conflict.

* * *

- Present danger exists and the operation should be "suppressed" before the "happening of a disaster."

The action of the hearing board is subject to a full vote of the commission membership at its Sept. 19 meeting.

---

## Family of 5 Escapes From Burning Home

AVON TOWNSHIP — Mr. and Mrs. James Kunath and their three children escaped unharmed early this morning when flames totally destroyed their rented one-story frame home at 3158 Emmons.

Brooklands Fire Department cited faulty electrical wiring as the cause of the fire. Damage was estimated at $12,500.

* * *

Kunath told firemen his family was asleep when he awoke at 3:35 a.m. and smelled smoke. He said he'd just gotten them safely outside, when the house went up in a puff of flames.

Firemen stayed at the scene for three hours.

## *Blaze Destroys Shed*

WHITE LAKE TOWNSHIP — The fire department fought a shed fire at 871 Charlton early yesterday morning, but the building and contents were destroyed.

Loss of the property, owned by T. E. Dennis, was placed at $1,000.

---

*At Smart Junior High*

## School Board Appoints Dean

WALLED LAKE — The board of education recently appointed Edward E. Sisson, former assistant principal of the John D. Pierce Junior High in South Redford, as the new dean of students at the Clifford H. Smart Junior High School.

Sisson had been assistant principal for three years. Before that, he taught junior high for six years in South Redford and one-half year in the Cherry Hills district.

**He received his bachelors degree in 1958 from Eastern Michigan University and his masters in school administration in 1961 from Wayne State University.**

He lives with his wife and five children at 6685 Cooley Lake, Milford.

* * *

Sisson is replacing Edmund Parpart, who now is the principal of Smart Junior High. The former principal, Murray L. Adams, is filling the new post of director of curriculum of secondary education.

**PLANS FOR NEW SCHOOL**

In other business at its recent meeting, the Board of Education authorized the administration to select a committee of educators and citizens to draw up the educational plans and specifications for the district's third junior high school.

**The board has requested that the committee complete its report by May 1969. The plans will then go to the architect.**

A bond issue to finance the new school, expected to open in 1972, will go to the voters in 1969 or 1970, said Garver.

The school will be built on either the west or east side site the district now owns, the superintendent said.

"I know we'll need the new school," stressed Garver. He expects school enrollment to double in the next 10 to 15 years.

## Fire Damages Home

COMMERCE TOWNSHIP — A total of $800 damage was estimated in a house fire at 1933 S. Commerce Wednesday evening.

Firemen said the blaze, at the home of Mrs. Winon Newkam, began in a bedroom and was caused by a cigarette.

## *Things Buzzing at Holly Home*

HOLLY — Things were buzzing at 416 Thomas yesterday afternoon.

First there was the noise of wasps in the attic, then there was the sound of the fire engine siren.

* * *

Village police explained the family of Inez Harrow tried to smoke out the wasps in the attic, but accidently set fire to the roof.

**Damage was estimated at $2,000, but no injuries or wasp stings were reported.**

---

## 'Corn Can Ruin Soybean Crop'

Oakland County farmers were warned today to destroy any volunteer corn found in soybean fields or face the possibility that their crop may become contaminated and require fumigation.

Corn is a host plant of cereal leaf beetles, one of the world's most destructive pests of small grains, according to Dean Lovitt, chief of the Michigan Department of Agriculture's Plant Industry Division.

**Soybeans are not a host, but when they follow corn in crop rotations, volunteer corn will usually be found in the fields.**

Cereal leaf beetles are attracted to these corn plants and become mixed with soybeans at harvest time.

* * *

Soybeans are not presently regulated under the Michigan cereal leaf beetle quarantine. But Lovitt pointed out that soybean crops that become infested can be brought under quarantine regulations to prevent spread of the cereal leaf beetle.

All such quarantined articles must be treated and certified before being moved from infested areas.

For cornfields to be planted with soybeans next year, more careful corn harvest and chemical controls are suggested.

## *Clarkston Tots Offered Chance for Sovereignty*

CLARKSTON — Your tot may be ruler of the household, but how about having he or she reign over the entire Clarkston area.

The chance will be offered in the Pixie King and Queen contest to decide the sovereign pair who will ride in the annual Clarkston Labor Day parade.

Those wishing to enter their children, ages between 3 and 6 years, can submit a photograph to Mrs. Donald Hamaker of 5525 Kingfisher before Aug. 28. Sponsor of the event is the convention club of the Clarkston Area Jaycees.

The pictures are to be displayed in downtown Clarkston and voting will be by money donations toward the various entries. Winners will also get a $25 bond.

---

MARVA FEATHERSTON

## *Ortonville Queen Contest Tonight*

ORTONVILLE — Ortonville's fairest young women will compete 8 p.m. today for the title, Queen of Ortonville.

Judging will be at the Town Hall, 395 Mill. Area merchants will contribute prizes to the winning beauty; and, in addition, she will be an entry in the Michigan State Fair Queen competition.

There are nine entries and the girl judged best will be crowned by last year's queen, Marva Lee Featherston.

## 3 Area Students Win School Cash

Three area students are happy for good reason. Dr. Zachary F. Endress, chairman of the Oakland County Community Trust has presented each of them with a $400 award to be applied toward their first-year college expenses.

These grants, dependent upon outstanding scholarship and financial need, are a gift of the trust and evolved from the surplus of contributions received during the polio immunization program (Operation "Sugar Cube") sponsored by the Oakland County Medical Society in May 1964.

The three receiving the awards for the 1967-68 school year are Stephanie MacColman, 166 Ottawa, Troy (Eastern Michigan University); Janice Lynn Hutchins, 229 Detroit, South Lyon (Western Michigan University); and Herbert Ralph Hames Jr., 1240 Harding, Avon Township (Central Michigan University).

AREA NEWS

*Charge Reduced to Illegal Entry*

## Birmingham Youth, 18, Is Sentenced

WALLED LAKE — Municipal Court Judge Gene Schnelz reduced the charge of Gary Benedict, 18, of 5605 Pelham, Birmingham, to entering without permission and sentenced him to 10 days in the Oakland County Jail.

Benedict was arraigned July 31 before Schnelz on a charge of breaking and entering Cesaro's Mobile Station, 1715 N. Pontiac Trail, July 30. He had been released on $1,000 personal bond.

* * *

Benedict and two juveniles were found by Walled Lake police in the filling station with $10 on them, said Sgt. Wilford Hook.

The two juveniles were taken to the Oakland County Children's Center.

## Open House Is Slated for 25th Anniversary at Sportsmen's Club

COMMERCE TOWNSHIP—The Multi Lakes Conservation Association, a private sportsmen's club, will be open to the public with its 25th anniversary celebration tomorrow and Sunday.

State Lt. Gov. William G. Milliken is slated to speak tomorrow at 2 p.m. Several area township supervisors will also participate in the dedication program of an addition to the present building, at 3860 Newton, north of Walled Lake High School.

## Bulldozer Injures Walled Lake Man

WALLED LAKE—John Prieskorn, 1111 Asher Court, is reported in fair condition at University Hospital, Ann Arbor. He has two broken legs from being run over by a bulldozer yesterday afternoon at the Novi Village land-fill, 8 Mile and Napier.

Prieskorn, an employe of the land-fill, had been under the bulldozer, repairing it. Another land-fill employe climbed aboard the machine and moved it, injuring Prieskorn, reported Marshall E. Taylor, the victim's father-in-law.

---

# Queen Crowning Opens Farmington Festival

FARMINGTON — It was only fitting that Farmington choose one of its pretty lasses to reign over the city's centennial and Founders' Festival, running yesterday through tomorrow.

Cathy Karwoski, 18, daughter of Mr. and Mrs. Stanley Karwoski, 20938 Larkspur, won the queen's crown at the final judging last night.

**She will begin her college career this fall at Eastern Michigan University where she plans to major in English.**

Julie Smith was first runner-up in the queen contest. Second runner-up was Sue Nichols.

* * *

Area festival-goers can look forward to two event-packed days, organized by the Farmington Board of Commerce.

**OTHER EVENTS**

All-day events incude the Elks Ox Roast, sidewalk sales, concessions and exhibits.

**A country style threshers dinner is slated from 5 to 8 p.m. at the Masonic Lodge, Grand River and Farmington Roads. Beard-growers will be judged at 7:30 p.m. at the downtown center parking lot.**

Two bands will play at Demery's Center parking lot, 12 Mile and Farmington Road, from 9 p.m. to midnight. The Farmington Police Officers Assocation is sponsoring this event.

* * *

All All-Western Horse Show from 9 a.m. on opens Saturday's festivities. Sponsored by the Masonic Temple, it will be held at 12 Mile and Farmington Roads.

**FESTIVAL PARADE**

The Festival Parade sets out at 10 a.m. from the Grand River Drive-In Theatre and continues west on Grand River to Farmington Road. The dignitaries' reviewing stand will be on the Otis property across from the downtown center.

**An art exhibit by the Farmington Artist Club will run all day on the City Hall grounds.**

The Jaycee chicken barbecue at the City Park is from 4 to 8 p.m.

Girls' softball begins at 8:30 p.m. also at the City Park.

* * *

A Square dancing at 9 p.m. at the downtown center parking lot will close the festival.

CATHY KARWOSKI
Festival Queen

## Seymour Lake Fete

BRANDON TOWNSHIP — The annual Seymour Lake homecoming celebration will be held beginning Saturday noon at the Methodist Church on Seymour and Sashabaw.

Following a luncheon, former and present residents of the Seymour Lake area will be offered a program featuring a speech by Don Ritzenatin, an award-winning college orator from Wayne State University.

## Annual Chicken Roast Scheduled in Milford

MILFORD — The Rotary Club of Milford is raising funds for crippled children with its Annual Sweet Corn-Chicken Barbecue at Southside Milford City Park Sunday from noon to 6 p.m.

Features of the day include the Old Car Club parade at noon and exhibition dancing by the Silver Spurs Square Dance Club throughout the afternoon. The old cars will be on display in the afternoon, also.

## Avon's Safety Not Job for Amateurs

Something of some value has finally come out of the search for public safety in Avon Township. It is a statement of purpose that places the burden of responsibility on the shoulders of a responsible police agency, the Oakland County Sheriff's Department.

The whole thing started a few weeks ago following the Detroit riot and subsequent civil disorder in Pontiac. A group of township residents and Avon Township Supervisor CYRIL MILLER called for establishment of a 1,000-man citizens' riot group to be called the Public Safety Corps.

**Until this week, the entire movement resembled a somewhat hysterical war cry. The often heated debate left one with a vision of untrained, shotgun toting vigilantes patrolling every nook and cranny of this relatively peaceful residential community.**

When asked for his advice, Oakland County Sheriff FRANK W. IRONS pointed out several dangers of such an armed citizen force and then wisely remained noncommittal on help that might be offered by the County to the group.

★ ★ ★

The statement of purpose drafted after Monday night's township board meeting was the first rational thing we've heard. First it said the group's aim is to assist proper authorized authority in extreme civil disorder or disorder from natural causes.

Secondly it said the group would be responsible to the township board and any action would be initiated "only on the recommendation of the sheriff."

**The Press approaches this with mixed feelings. It is a show of genuine public concern. This is good. There is too little public concern on many fronts today. Citizens who want to actively participate in the betterment of their community are few and far between.**

However, we feel there is a better and safer solution. As Oakland County Prosecutor S. JEROME BRONSON commented: "So many people acting on behalf of the township would increase its liability risks." He questioned what would happen if an improper arrest were made or the wrong person was accidentally shot.

★ ★ ★

Police enforcement is not for amateurs. It takes well trained men. It isn't just a case of knowing how to use a gun. Recent court decisions place a greater burden than ever before on law enforcers to know the legal limits of their trade.

It would seem that the best solution to better law enforcement is to hire more trained and responsible policemen. If Avon Township ever does experience extreme civil disorder, they can be sure of assistance from state police, the sheriff's department and the National Guard if need be.

## French President Has Overplayed His Role

The recent speech by President DE GAULLE made it quite clear just how upset he was by the extended criticism of his "free Quebec" antics this summer in Canada.

DE GAULLE has been a loner and few have been able to understand his motives. One piece of evidence seems to emerge and that is that he broke the classic rule of champions, "quit while you're ahead."

He just played his role too long and too arrogantly.

**Probably no wave of revulsion will overthrow de Gaulle . . . instead it appears that a steady and deadly erosion of his prestige is commencing.**

★ ★ ★

It is very likely that he could well follow his W. German counterpart, ADENAUER and gradually fade from the scene. The chances are he will not go down quietly and we will probably hear a few more utterances.

The fact remains, he is personally loved for what he has done in the past, but will be rejected as the leader of France today. He is no longer a world power, nor is France. His prestige both at home and abroad is gone.

★ ★ ★

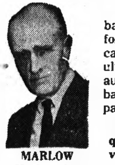
**At one time it could be said that his ego and arrogance carried him a long way in world councils, but France's basic lack of power is betraying him and this no longer exists.**

DE GAULLE today is a personal obstructionist, a gadfly in every crisis, but one who can't really settle anything. It is very likely that his Canada trip was the last desperate pitch and unless some miracle comes along we will be hearing less and less from this once proud warrior.

## *Justice Black—30 Years on Bench*

**By JAMES MARLOW**
**AP News Analyst**

WASHINGTON — Not all his fellow senators liked the idea of seeing Hugo Black on the Supreme Court. And 30 years ago today, when the Senate approved his appointment, the vote was 63 to 16.



MARLOW

There has been divided opinion about him since, with some switcharounds. He has done some switching himself since President Franklin D. Roosevelt named him to the court.

**In his public years he has been called a lot of things: racist, bigot, absolutist, activist, liberal, radical. Perhaps his greatest contribution has been concern for individual freedom and being a goad to the other eight justices.**

Black did some switching before ever reaching the court. He joined the Ku Klux Klan for two years at the start of his political career—perhaps he thought it was a good way to get votes—but quit just before he ran successfully for the Senate in 1926.

He was different things at different times in the Senate. One writer, Daniel Berman, points out Black fought against an antilynching bill but denounced violence against Negroes.

### SHINING LIBERAL

He alienated the Klan by backing a Catholic, Al Smith, for president in 1928. He became a shining liberal and ultra - New Dealer, helped author the wage-hour law, backed Roosevelt on his court-packing plan.

**Black's competency was questioned as soon as Roosevelt picked him for the court. But the biggest storm of his life broke with the news he had been a Klansman. Liberals screamed in pain, although he later became a liberal darling, and they called Oct. 4, 1937, the day he took his seat on the court, "Black Monday."**

In his years on the bench he has been an individualist. He dissented 16 times from the majority opinions in his first year as a justice.

★ ★ ★

His concern for the individual showed up early, too. Over his protest the court in 1942 decided a state doesn't have to provide a lawyer for a man on trial who is too poor to hire one. By 1963 the court had come around to Black's thinking and reversed itself.

He also showed the long view in 1941 when he dissented from the majority opinion upholding an injunction against peaceful picketing. By the mid-1960s the court was throwing out one conviction after another of Negroes jailed for picketing and sit-ins.

**But there are contradictions in Black which he seems unaware of.**

Back in 1942, in a case involving the Bill of Rights and its guaranteed freedom of speech, Black went along with the majority in holding that freedom of speech is not absolute.

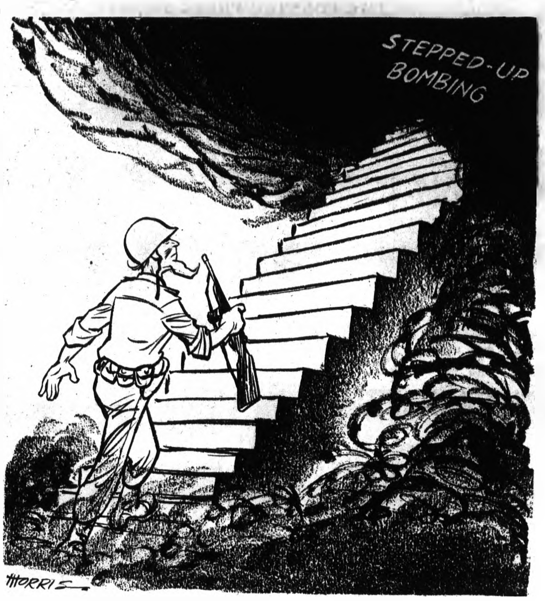
★ ★ ★

The court said some kinds of speech, such as that which inflicts injury or tends to incite to breaching the peace, are not absolute and have to be weighed against the public interest.

### 'WITHOUT EXCEPTION'

In 1944, Black said: "Nobody has ever said that the First Amendment protecting freedom of speech gives people a right to go anywhere . . . or say anything they want to say "without exception" nothing should be done to people for what they say.

Then this year he wrote the majority opinion upholding conviction of 32 Negroes for picketing outside a jail.



Dark At The Top Of The Stairs!

David Lawrence Says:

## 'Rigging' Criticism Hits Home

WASHINGTON — There's an old saying that "People who live in glass houses shouldn't throw stones," and it might be applied to some of the criticism currently heard at the capitol about the "rigging" of the forthcoming elections in South Vietnam.

LAWRENCE

It points up the issues of "conflict of interest" which are being studied by congressional committees as they examine the way candidates for public office in this country obtain campaign funds from individuals or groups with a stake in pending or future legislation.

**Despite all the bullabaloo, for instance, about the lack of ethics in American politics, there comes over the wires this item from United Press International:**

"TRENTON, N.J. — Atty. Gen. Ramsey Clark will deliver the featured address at New Jersey Democrats' 100-dollar - a - plate fund-raising gala Aug. 24 in Sea Girt, N.J."

★ ★ ★

This, of course, isn't the first time a U.S. attorney general has made a speech before political gatherings to raise campaign funds. Clark doubtless is under the same pressure as other Cabinet members have been in this and in preceding administrations, irrespective of party.

### JUDICIAL SYSTEM

The fact remains, however, that the Department of Justice, which includes the FBI, is virtually an arm of the courts and an integral part of the judicial system.

**Discretionary powers are vested in the department, as it determines who should or should not be prosecuted. There are vague and ambiguous phrases in many of the existing laws which afford an opportunity to withhold at will the prosecutions in certain cases.**

Often this choice is referred to the White House for final decision.

★ ★ ★

Does politics play a part in these matters? Instances can be cited when there has been a long delay before certain members of Congress have been prosecuted, even though their flagrant violations of the law have been widely publicized in the press.

### DIRECTLY RELATED

The studies being made in Congress today on ethics are directly related to principles of fundamental honesty in government. Do not the political dinners at a high price per plate collect money from many persons or groups with an ax to grind in legislative matters?

**Haven't those members of Congress who misused government funds been violating the law?**

There has arisen in recent years a reluctance in government circles to do anything to encourage instruction in religious matters or morality in the public schools or elsewhere.

★ ★ ★

It's supposed to be politically risky and indiscreet. On the contrary, it really would be universally acclaimed.

(Copyright, 1967, Publishers-Hall Syndicate)

Bob Considine Says:

## *Viet Campaign Pledge May Swing U.S. Election*

NEW YORK — The inevitable next president of South Vietnam, Gen. Nguyen Van Thieu, recently said to a correspondent of the China News Agency of Taipei:

CONSIDINE

"I agree with President Chiang Kai-shek's view that 30 per cent military and 70 per cent political efforts should be made in dealing with Communists.

**"After the general elections, the legal government will do its utmost to promote democracy and seek a better life for the populace."**

He'd better make good on that campaign pledge.

★ ★ ★

It would not be a bit surprising to see emerge in this country, in the very near future, a state of mind which might be expressed as follows:

We're watching you, Gen. Thieu and you, too, Air Marshal Ky. Your ticket is almost certain to win when the people go to the polls on Sept. 3. But if there's any clear-cut case of fraud, if the civilian tickets in the contest are gypped or roughed up by the military you two control, you'll never hear the end of it.

### FEWER SUPPORTERS

If that indeed comes to pass, you'll find your government with fewer supporters among the American taxpayers than it ever had before. You'll hear of stronger and sterner demands on President Johnson to withdraw.

**In fact, you could by such action produce in this country a dark-horse candidate who might go all the way to the White House — if he were a responsible man of experience, telegenic, and campaigned on the platform that we've shed enough blood and treasure only to discover that we can't get the kind of government in Saigon that will inspire the people to defend it to the hilt.**

This suppositional candidate might say to hell with world opinion; our record is better than any other nation in history. We're not sending any more good money after bad, sacrificing any more Americans for the kind of government that wouldn't be tolerated even in Cook County, or Philadelphia, Miss.

★ ★ ★

If elected, I'll pay additional death benefits to the families of the American dead, give bonuses and educational and job benefits to those who have served there, and spend our money on housing, schools, poverty-control and the cure of disease.

## Smiles

Sometimes attorneys must be embarrassed because "lawyer" and "liar" sound so much alike.

## Verbal Orchids

**John E. Linabury**
of 81 E. Iroquois; 89th birthday.

**Mr. and Mrs. William Holmberg**
of Waterford Township;
51st wedding anniversary.

Voice of the People:

## *Don't Blame Legislators for Michigan's New Time*

"Five O'Clock Boy" should check his information before he writes critically about the "lame brains" who represent him and his gang in the State Legislature.

The Legislature passed an act in March exempting Michigan from Daylight Saving Time. This was given immediate effect, signed by the Governor March 24, and enrolled as Public Act No. 6. Petitions were then circulated by citizens demanding a referendum on the question. More than 135,000 electors signed these petitions and as a result the question of Daylight Saving Time will be decided by ballot in November 1968.

★ ★ ★

**This petition action by people placed Michigan on Daylight Time, not legislative action. "Five o'clock boy" should look elsewhere for the "lame brains" who caused his discomfort. I suggest he find a golfer and ask for directions.**

REP. 60TH DISTRICT
WALLED LAKE

### 'Lawmaking Might Keep Senator Busy'

Heaven protect us if the ladies of Democratic-Republican Independent Voter Education, who wrote to Voice of the People, are able to lead more "intelligent voters" like themselves to the polls in coming elections. No politician treats constituents casually if it can be avoided. I don't know why Senator Griffin was unable to see the ladies of DRIVE. It might be he was busy doing the important job that some of us sent him to Washington to do — that of lawmaking.

JEAN HARRIS
1256 EAST LAKE, WALLED LAKE

### Relates Efforts to Collect Social Security

There is talk of raising Social Security. My husband paid into Social Security since it started but now that he is disabled, try and collect. Our county health department says he is not able to work so we should be eligible for Social Security. According to Social Security regulations he is not totally disabled and therefore not eligible. He has been out of work over a year and no place will hire him without a release from the health department.

THOROUGHLY DISGUSTED

### Discusses Work of National Guards in Riots

Why do the people of the Detroit area feel they should start a fund for the policemen and firemen who were only doing their jobs and getting paid during the riot? How about the Michigan National Guards who had to leave their homes and jobs to do a job that the policemen and firemen couldn't do alone? Many were on duty for as long as three days and nights without sleep or home-cooked meals and very little pay. It seems they were the ones that did the big job with very little praise. One who knows — my son was there.

VERNONSA ADLER
2803 HUNTINGTON PARK DRIVE

### Compares Michigan Time With Vietnam

I understood that our time was 12 hours different than Vietnam when we were on Eastern Standard Time. Now that we are on Daylight Saving Time we are 13 hours different.

SHIRLEY TUBBS
649 NICHOLS, AUBURN HEIGHTS

### Question and Answer

**Why isn't there a curfew for children 16 and under? Most communities have a 10 p.m. curfew for this age, and I think it would protect our children in many ways.**

PONTIAC MOTHER

### REPLY

*There is a Pontiac curfew. Children 11 and under must be off the streets from 10 p.m. to 6 a.m. and those 12 through 16 have a 12 midnight to 6 a.m. curfew. City ordinance 1449 establishes the curfew and makes other provisions for particular ages and places. You may obtain a copy of the ordinance at City Hall.*

## Reviewing Other Editorial Pages

### *Urban Riots*

*Chicago Tribune*

A staff report to the House un-American activities said that some of the urban riots have been deliberately fomented by black nationalist militants and that the Communists, although apparently not in at the outset, have invariably tried to exploit the friction and to insure further riots.

These findings hardly are a surprise. The apostles of "black power" are preaching hate and revolution. Their ambitions have virtually nothing to do with the goals originally proclaimed by the civil rights movement.

They capitalize on any existing source of discontent, but the call at the "black power" conference in Newark for a separate black nation within the United States is certainly a far cry from what the Supreme Court had in mind when it held that segregation was a bad thing.

★ ★ ★

**Stokely Carmichael said that urban guerrillas were being organized for "a fight to the death" and that "we" will move first to kill President Johnson, Secretary of State Rusk, Secretary of Defense McNamara, and Prime Minister Wilson of Britain. "We will aim for the head," Carmichael said, meanwhile assuring Fidel Castro that the war in American streets is in support of a Communist victory in Vietnam.**

**H. Rap Brown advised Negroes in Washington last week to "get you some guns" and "burn this town down."**

Such utterances might be dismissed if the visible evidence of shooting and burning were not present, if armed guerrillas had not acknowledged in a magazine interview that they had been recruited from distant states and brought into Newark, and if street mobs of snipers and looters did not attest that inflammatory summonses fall on receptive ears. The first duty of any government is to insure domestic tranquility and the right of citizens to be secure in their persons and property, as the Constitution guarantees.

★ ★ ★

Therefore, it is time to drop the permissive doctrines which condone the acts of rioters and seek to shift their guilt to the law-abiding majority. This nation has all the force available to make authority prevail and it has the law needed to back it up. It cannot go on coddling outlaws.

★ ★ ★

**When there are arrests, with proper identification and evidence, the courts should do their job. The court record on the Watts riot of 1965 is not reassuring. Of 3,371 persons arrested, 1,308 were fined or granted probation on conviction, and 730 were given prison sentences.**

**But only 14 sentences were as long as from 7 to 12 months. The remainder got off with from less than 1 month to 6 months.**

**Much sterner measures are in order if firebrands are to be extinguished.**

SNIPER SEARCH — U.S. soldiers wade through a canal after a Vietcong sniper who opened up on them during a mission west of Cu Chi near the South Vietnam border with Cambodia. An officer (left) wields a knife. The sniper escaped in the incident late last week.

# Violent Wildcat Strike in Mississippi Is in 18th Week

LAUREL, Miss. (AP)—A violent wildcat strike at the giant Masonite Corp. plant begins its 18th week today. So far, it has cost one man his life and 1,700 others their jobs.

Sheriff Merrill Pickering says he will ask Gov. Paul B. Johnson to call out the National Guard to keep the peace if there is another major act of violence.

The 2,100 members of Local 5-443 of the International Woodworkers of America walked off their jobs when a steward was fired April 21, shutting down the 524-acre plant with a yearly payroll of $18 million.

Laurel, a southeast Mississippi city of 30,000 people, is the largest city in Jones County known in recent years as the home of the White Knights of the Ku Klux Klan—called by the FBI the most violent and clandestine of Klan groups.

The Masonite plant annually produces more than one billion square feet of hard board—the wood-grained wallboard made by separating wood chips into fibers, then compressing them under heat into thin boards.

Violence began a month after the union struck, when Masonite reopened with union members who were willing to return to work and new employes, many of them students out of college for the summer.

* * *

Several summer workers were beaten, and nightriders fired on almost 20 homes of nonstriking workers in two months.

# 5 Area Youths to Attend Camp

Five area youths will attend the third annual Teenage Republican Camp at Camp Copencopic in Fenton next week under the sponsorship of the Oakland County Republican Committee.

* * *

The camp, a leadership and governmental training session designed for high school students from all over Michigan, will be held Aug. 24-27.

**The Oakland County participants are David Post, 2498 Empire, Ed Lauchner Jr., 2099 S. Telegraph, both of Pontiac; James Ward Jr., 2622 Tampa, Walled Lake; Vernon Wolters, 4248 Woodstock, Waterford Township; and Charles Compton, 3281 Jackson, Highland Township.**

Lt. Gov. William Milliken, U. S. Sen. Robert Griffin, State GOP Chairman Elly Peterson, and Vice Chairman William McLaughlin will address the group.

* * *

Campers will participate in a mock political convention, in discussion groups on issues and party philosophy, and recreational activities.

# Family Member Is Definitely Reverse Snob

By ELIZABETH L. POST

Dear Mrs. Post: My son recently graduated from college. He was a scholarship student and managed to finish school on his own. He is the youngest, and the only one of my children who is a college graduate.

Since graduation he has been snubbed by his older, married brother, and made to feel as an outsider, as one who has broken a family tradition of non-college graduates. How can I handle a situation like this? — Margaret M.

* * *

Dear Mrs. M.: This is a case of reverse snobbery if ever I heard one! Your older son may be married and independent, but I think a few motherly words of advice are in order.

Tell him that a little appreciation and pride in his brother would be far more appropriate than the ridiculous notion that a family tradition of questionable value should be retained.

**WHO**

Dear Mrs. Post: Recently I ate in a restaurant where they brought a small loaf of uncut bread to the table. Who cuts the bread — the lady or the man?

Later on, the waitress set a vacuum pot of coffee on the table but did not pour it. Who pours? — Barbara W.

Dear Barbara: The man slices the bread. Either one may pour the coffee. The one who is nearest to the pot would probably do it, offering, of course, to serve the other first.

**WHEN INTRODUCED**

Dear Mrs. Post: If you are a luncheon guest of a club member and she introduces you to other members, do you stand with her and make a slight bow, or do you just sit? — Colleen

Dear Colleen: When a seated woman is introduced to another woman, she does not stand up unless the other is considerably older. She generally just smiles and offers to shake hands.

However, if there is a whole group standing, you would feel more confortable joining them than remaining as the only one seated.

* * *

Dear Mrs. Post: My mother and father passed away last year. I would like to donate a stained glass window to our new church in their memory. How should it be inscribed?

Should it be "In memory of John and Mary Smith" or "In memory of Mr. and Mrs. John Smith?"—Lucille B.

Dear Lucille: It should be inscribed "In memory of John and Mary Smith."

What is your most puzzling etiquette problem? To the sender of the most interesting question that we receive each week, we'll send a free copy of Emily Post's Etiquette.

Send your question to Elizabeth L. Post, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056, and don't forget to include your name and address.

Pontiac Press Photo by Edward R. Noble

*Idyllic setting of the Arthur R. Tickets are available in advance from Mrs. Stiller or Mrs. James Clarke of Holly.*

# Pigeons Are Domestic Hazard

DEAR ABBY: Irving and I have been married for nine years and we have four children. Irving has a hobby which takes up all his time. He's a pigeon fancier. He belongs to pigeon clubs, goes to meetings, gets all the literature, and of course, we keep pigeons.

ABBY

If we go anyplace, it's over to some other pigeon fancier's house. I sit in the car while Irving looks at the birds and talks pigeon talk.

The last time we were somewhere that didn't have something to do with pigeons was at the Elks Club last New Year's eve. Irving doesn't care to socialize with anyone unless they have pigeons.

Maybe I'm dumb, Abby, but even though it seems like all I am is a housekeeper, baby sitter, and someone to sleep with, I still love him. Please tell me what to do.

SICK OF PIGEONS

DEAR SICK: Your husband is obviously for the birds, but yours is a legitimate squawk! Tell Irving that he had better straighten up and fly right, or his selfishness will come home to roost.

DEAR ABBY: Our 12-year-old son sent for some kind of "art course" he saw advertised in a magazine. He signed his father's name to the contract, agreeing to return it within 10 days if he decided not to keep it.

To make a long story short, this art school wrote to us demanding payment of $88 for the course. They claim they never got it back. Our son insists that he sent it back after keeping it only two days, but he doesn't have a receipt or anything to prove it. Now what do we do?

We knew nothing about this until we received a letter demanding payment. Our son then confessed what he had done. Please help us. Eighty-eight dollars means a lot to us right now.

WORRIED PARENTS

DEAR WORRIED: A minor is not bound by a contract. Neither are his parents bound by a forged signature. Write to the art school advising them of your son's age and the forgery. If they pursue the matter further, and serve you with a summons or complaint, see an attorney to file an answer to that complaint.

Or consult your local legal aid society. And tell your son that if he ever pulls a stunt like that again he will have to pay for it by the sweat of his brow. P.S. It should also teach him to "insure" that which is being returned in the mail.

DEAR ABBY: My boyfriend has had a very rough life, but it wasn't all his fault. His daddy ran off and left his mamma when he was just a baby, and he was pushed off on one relative and then another all his life.

Anyway, he has been in a lot of trouble since he was a kid. In fact he is only 26 and he's been in prison. He is out now and wants to start a new life.

He has always wanted to be a police officer and he would make a good one as he's real good with guns. I heard that a man who has served time can't be a police officer. I can't believe that in this wonderful country, after a person has paid his debt to society they would hold his record against him to that extent. Can you tell me if this is true?

HIS FRIEND

DEAR FRIEND: This could be a local ruling, but in most communities one who has served a prison term is disqualified from becoming a law officer.

# Holly Branch Sets Show in Arthur R. Stiller Home

A profusion of flowers will highlight the interior of the Arthur R. Stillers' charming two-story home on Perryville Road, Groveland Township Aug. 26 from 1 to 5 p.m. It becomes the site of the 1967 Flower and Garden Show sponsored by the Holly branch of the Woman's National Farm and Garden Club.

Flower show chairman, Mrs. Werner Hoy of Davisburg will be assisted by Mrs. Stiller. Both are charter members.

Invitational entries will be displayed by members of the WNFGA's Grand Blanc, Fenton and Flint branches.

An outdoor booth will offer gifts, pantry items and vegetables for sale.

Proceeds of the show and sale will go towards the club's student scholarship fund. The 19-member group is currently sponsoring its second four-year student at Michigan State University.

In addition to the show and sale, a portion of Mr. Stiller's collection of antique horse-drawn vehicles including buggies, sleighs and cutters will be displayed on the lawn

Refreshments will be served.

Womens

# Dow, Executives Face Drug Charge

Bay CITY (UPI) — Dow Corning Corp., its president and two top executives face up to a year in prison and—or a $1,000 fine on charges of illegally distributing a drug used to enlarge women's breasts.

The charges against the nearby Midland-based company and its officers were handed down Wednesday in the U.S. District Court of Judge Stephen J. Roth.

They charge Dow Corning and the three men shipped the drug without federal approval from the Food and Drug Administration, failed to label it properly and failed to caution against unsafe methods of use.

# Johnson Starts New Council for Consumers

WASHINGTON (UPI) — President Johnson Friday announced the appointment of a 12-member consumer advisory council. Its members include a state attorney general, a state treasurer, a union president, Betty Furness, a former senator and the wife of his daughter Luci's family doctor.

The council will be headed by Bronson C. LaFollette, Attorney General of Wisconsin.

Among the members, who will serve a two-year term, was Mrs. Charles W. Bailey, wife of Luci Johnson Nugent's family doctor in Austin, Tex.

* * *

In his announcement, Johnson said the council "will recommend further ways in which the government of all the people can protect all the people."

Former actress Betty Furness, the President's special assistant for consumer affairs, will serve as executive secretary of this new council.

The other members include former Oregon Sen. Maurine B. Neuberger, who is chairman of the citizens advisory council on the status of women; Robert J. McEwen, chairman of the department of economics, Boston College; William J. Pierce, director of the legislative research center, University of Michigan.

Corwin D. Edwards, professor of economics, University of Oregon; Richard H. Grant, general manager, Pease Air Force Base Federal Credit Union, Portsmouth, N.H.; Gerald A. Lamb, Connecticut State Treasurer; Louis Stulberg, president of the International Ladies Garment Workers union, New York.

* * *

William L. Lanierd, Georgia state executive director, agricultural stablization and conservation service; Mrs. Otrie Taylor, neighborhood aid participant for projects in Watts, Los Angeles; and Louise Gentry, assistant dean for resident education, Pennsylvania State University.

# Being a Gentleman Helps in Fashion Industry

By JEANNE NELSON

Telling a woman what looks best on her can be a rather delicate, if not downright dangerous occupation. But for Michel Pierre d'Orleans who has a way of soothing the most ruffled feather, it becomes child's play.

* * *

Women attending a trunk showing of Gare, Inc.-Diamond Debs, Inc. today at Alvin's of Pontiac, will receive the "royal treatment." M. d'Orleans representing the above designer lines as fashion advisor, is indeed an articulate and aristocratic Frenchman.

His father is Prince Philip d'Orleans, former career diplomat who has served ambassadorship posts in seven countries.

M. d'Orleans began his fashion advisory career at the age of 16 by designing ensembles for his five sisters.

Later he turned to psychology and earned a Ph.D. in that field at the Sorbonne. It appears to have stood him in good stead with his present work.

His colorful past includes a three year volunteer assignment with the International Student Organization helping to procure visas and homes for Eastern European refugees in 1947-49.

* * *

In contrast to the European woman, M. d'Orleans says "the American woman lacks a spiritual quality" he finds irrisistible in the former." "Without it," he continues "there is no real beauty."

A great defender of simplicity, the fashion expert is quick to comment that the American woman is far too overzealous in the use of jewelry. He believes in only one piece (but it must be good) worn in a dramatic fashion.

* * *

As for style, again the simple lines are his pets. "A bit of dash will be accomplished through color" he maintains. "Let the beauty of female personality be the real attraction," he advises customers.

The models he has brought along underline his beliefs. One tangerine gabardine two piece costume relays its fashion message in a modified A-line sleeveless sheath. It's topped with a matching double-breasted coat that narrows shoulders and slims sides and back.

A devotee of the study of people, M. d'Orleans explains that "things in themselves are not beautiful — the only beauty is in people."

Pontiac Press Photo

*And what do you think of this model, Chi Chi? Our dark-haired friend in the middle is less than enthused about this one. But she feels a definite vibration toward the tweedy-effected coat at far left. Chi Chi is Michel Pierre d'Orleans constant traveling companion. M. d'Orleans, noted fashion advisor, who divides his time between Paris, France, and New York is appearing at Alvin's of Pontiac today for consultations. At left, Miss Claire of New York inspects the new fashions also.*

Pontiac Press Photo

*Every year the League of Women Voters conducts a financial drive to carry on its work of informing the public on government. Coupons for contributors are appearing in The Pontiac Press as a new idea this year. Mrs. Virgil Rehak, Rutherford Drive, finance chairman (left) and Mrs. Arthur Crain, Silver Sands, vice president of the Pontiac League, check the papers for coupons. LWV is open to any interested woman.*

Marsha Vanover, daughter of the Carl Vanovers of Covert Street was recently graduated from Western Michigan University with a B.S. degree.

Marjorie G. Bartles and D. Eugene Hartle will wed Oct. 14. Parents of the engaged couple are Mrs. Ruth M. Briggs of Gateway Drive, the late Albert S. Bartles and S. M. Hartle of Bernie, Mo., and the late Mrs. Hartle.

Mr. and Mrs. Lloyd H. Golden of Edgewood Drive announce the engagement of her daughter, Robyn Jan Rutzen to Robert A. Gray. He is the son of Mr. and Mrs. Thomas H. Gray of Clarkston. The engaged couple are juniors at Western Michigan University.

# Yes, Some Former Wives May Collect SS

**By MARY FEELEY**
**Consultant in Money Management**

Dear Miss Feeley:

I read in your column about a woman securing Social Security benefits from a former husband from whom she had been divorced — after a new marriage also had come to an end.

MARY FEELEY

You stated that she can claim benefits. Where does that leave the husband's second wife, third wife, or his present wife, as the case may be? Is she just left out in the cold? — Or does she have to revert back to her first husband's Social Security, that husband also having remarried?

Seems this could become very complicated! How about straightening it out?

Mrs. M. G., Portland, Oregon

Dear Mrs. G.:

**There's one little beam of light that shines through the clouds of confusion — a woman must have been married to a man for 20 years before their divorce in order to claim any benefits from his Social Security.**

Furthermore, the first husband must have been making a substantial contribution to her support, or must have been ordered by the court to do so.

Since few men indeed could have been married to three or four wives for a period of 20 years each, the complications you predict are less than likely. But that still leaves plenty of room for bewilderment.

Readers who are just discovering the recent changes in social security laws pose additional questions:

Dear Mrs. Feeley:

**If a woman was married for 25 years and then divorced, but never remarried, can she draw any benefits from her husband's social security — even though he remarried? Does this second marriage disqualify his first wife?**

**Mrs. A. E., Wilmington, Del.**

Dear Mrs. E.:

No, his first wife is still entitled to claim benefits at age 62 — provided she can meet the qualifications stated in the answer above to Mrs. M. G. His present wife is equally entitled to these benefits, too, of course.

### Have You Tried This?

## Add Rice to Gelatin Mold

**BY JANET ODELL**
**Pontiac Press Food Editor**

Mrs. Cheslie N. Collins of Pontiac submitted this dessert recipe to a club cookbook and had it published in "Favorite Recipes of Michigan—Desserts."

It sounds like a woman's dessert — all pink and pretty—but men may like it too. The rice keeps it from being just another gelatin dessert.

**CHERRY PINK SPONGE**
**By Mrs. Cheslie N. Collins**

1 Package cherry gelatin
3 cups boiling water
2 cups cooked rice
½ teaspoon salt
½ cup sugar
1 teaspoon vanilla
2 teaspoons almond extract
1 pint heavy cream, whipped

Dissolve gelatin in boiling water; add rice, salt, sugar and flavorings. Chill until partially thickened.

Fold in whipped cream. Turn into individual molds or 2-quart mold. Chill until firm. Makes 8-12 serv-

# Crowd Gathers Despite Weather

**By BERNICE ROSENTHAL**

Nothing, not even the weather, could dampen the spirits of the audience which crowded in out of the rain to hear the beloved tenor, Jan Peerce and the Detroit Symphony Orchestra last night at Meadow Brook.

Sixten Ehrling again extended his programming technique to include the very new in contemporary music as well as standard works in the orchestral repertoire.

For the second time this season, England's outstanding contemporary composer, Benjamin Britten, was represented, this time with his song and horn cycle, "Serenade".

**SIX SONGS**

The six night songs, interwoven with horn prolog and epilog, took their texts from famous poems, including some by Jonson, Tennyson and Keats.

Peerce seemed a trifle ill at ease with the cycle, and his magnificent voice did not project with its usual powerful and mellifluous tone.

Only in the dirge, "This Ae Nighte", with its 15th century effects, and Keats Sonnet, "O Soft Embalmer of the Night," did he achieve a definitive performance which measured up to his great vocal genius.

* * *

Arthur Krehbiel, French Horn principal of the orchestra, performed the solo and interweaveing horn parts on an old horn without valves, a fiendishly difficult instrument to play.

He maintained a pure, sweet and even tone, which achieved marvelous effects in sustaining the night mood of the "Serenade".

Jan Peerce was heard later in three 18th centruy arias by Bononcini and Handel, and in these his glorious vocal instrument, his famous projection, his impeccable bel canto and breath control came forth in all its power and glory.

**OPENS PROGRAM**

To open the program, the orchestra played contemporary Canadian composer, Oskar Morawetz' Sinfonietta for Winds and Percussion.

This is a self-limiting composition in that there are no strings to round out the instrumentation, and none are needed.

The sinfonietta is a powerful and impressive commentary on our times, war-like, disturbed, uneasy, evocative of threats and despair.

* * *

Morawetz, visibly moved by Ehrling's understanding and stirring performance, was on hand to accept the plaudits for his monumental work. Every man of the orchestra's fine wind section deserves special mention for the challenging work done in this composition which taxes each instrument to its greatest capacities.

The percussion instruments, which were used with neat restraint, contributed effectively to the mood of this monumental work.

* * *

The program ended with Richard Strauss' "Death and Transfiguration". Again, Ehrling's affinity for romantic music came to the fore with a spiritual and uplifting performance of the soul - searching tone poem.

To conclude another outstanding season at Meadow Brook this Saturday and Sunday evenings, Jan Peerce will sing familiar arias by Mozart and Verdi, and the orchestra will perform Mozart's Overture to "Cosi fan tutte", Debussy's "Iberia" and Respighi's "Roman Festivals.

## Perma-Press in Your Home

Now available is a convenient home version of the commercial durable press finishes.

This involves treating cottons and linens by soaking them in a new liquid preparation, allowing them to dry, and then pressing the fabric just once — to iron out unwanted wrinkles and iron in desired creases and pleats.

# Why Grow Old?

By Josephine Lowman

Retirement is a shock to many men, no matter how much they may have looked forward to it. Sometimes it is just as great a shock to their wives!! This should be a happy time for both husbands and wives, but it will require understanding and adjustments on the part of both.

* * *

The husband has been accustomed to a regular routine of work, and his wife has been free to pursue her household duties and any interests outside the home while her husband was at work.

Before this, each had been busy during the day with his or her individual responsibilities and then met happily at late afternoon. Then the situation suddenly changes.

Sudden leisure is always a shock in that it is such a great and quick change, no matter how many inner resources a person may have. This happens to women at middle age when their children leave home.

**SO INVOLVED**

They have been so involved in child care and the interests of their teenagers, that when the last child leaves, they feel limp because of not being "on call" constantly.

This is true of a man, too. He is no longer "on call." In both instances a deterioration in morale, or the feeling of not being needed, may result. Men may become irritable and women depressed.

If men recognize the fact that their retirement makes a difference in their wife's daily pattern and the wife realizes that her husband is undergoing a big readjustment also, things should work out beautifully, if each is given some time alone and some time in which to pursue individual interests.

A husband should also be aware of the great change in the daily life of his wife when the children have all flown the coop.

With more men living to the usual retirement age of 65 and more men retiring sooner than that, I am receiving more and more letters from women concerning the problems connected with their husband's retirement.

**MAIN COMPLAINT**

I am not surprised that one of the main complaints of the wives of retired men is that they have become careless about personal grooming and attire.

Lack of interest in personal appearance is one of the first signs of defeatism, in a man or woman, and renewed interest one of the first signs of regained self-confidence and self-respect.

# White Crepe for Nuptials

Regina Ann Eisenman wore a floor-length gown of white crepe with a chapel-length Watteau train for her recent marriage to Mortell D. Kinser in Glenwood Lutheran Church in Toledo.

* * *

The daughter of the Vernon A. Eisenmans of Lambertville complemented her gown with a floor-length illusion veil capped with a half-bonnet of lace trimmed white satin.

* * *

She carried a colonial cascade of roses surrounded by white gladioli buds.

Maid of honor for the bride was Jan Nugent. Other attendants were Vibeke Eggen, Lynn Willis and Linda Kinser.

* * *

Edward L. Smith was best man for the son of Mr. and Mrs. Francis D. Kinser of Doremus Street.

* * *

James M. Burns, Robert V. and James Eisenman made up the usher corps.

* * *

A reception in the church parlors followed the ceremony after which the couple left for a honeymoon in the eastern states and Lake George, N.Y.

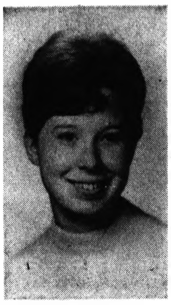
They will reside in Clarkston.

# French Family Recent Visitors

Mrs. William French and children, Kirk and Heather Lynne, have returned to Oxon Hill, Md., following a month's visit with her parents, the Cazimer Holders of Marion Street.

* * *

Dr. French joined his family here after his return from Adak, Alaska and Hakadote, Japan where he has been on an oceanographic assignment. While here, the family also visited Dr. French' parents in Livonia.



*The Franklin G. Crawfords of Commerce Road, Commerce Township announce the engagement of their daughter, Kathleen Ann to Terry Maxwell Klein. He is the son of the Maxwell A. Kleins of Avonlea Street, White Lake Township. The engaged couple attend Oakland Community College.*

## Light Summer Fabrics

Popular fabrics for summer wedding gowns include lace, organza, organdy, nylon tulle — embroidered or lace trimmed.

# Wedding Vows Spoken Before Bride's Father

Karin Cecelia Lewis and David Ralph Savage were wed in Avondale Baptist Church recently by the bride's father, Rev. Alger T. Lewis.

For the candlelight ceremony the bride wore a gown of white crepe fashioned by her mother. Her ensemble featured a full length skirt and wrist point sleeves.

Her train was appliqued with Chantilly lace flowers, seed pearls and sequins.

She carried a single white rose upon a Bible and roses cascaded down the straight lines of her gown.

Dawn Lewis was her sister's maid of honor. Bridesmaids were Mrs. Thomas Malone, Marta Lewis, Debra Lewis, Judy Savage and Diane Godin.

Junior bridesmaids were Vanessa Lewis and Vickie Savage.

Kathy Savage and Matthew Lewis were ring bearers.

* * *

Richard Savage and Rebecca Lewis were tiny members of the bridal party. Candace Lewis and Nancy Savage were flower girls.

Robert Savage was best man. Ushers were Mark Campbell, Darryl Huddle, Thomas Malone, Donald Spring, Thomas Gotshall and Kenneth Griffith. Junior ushers were Mark Savage and Thomas Lewis.

* * *

A garden reception at the church parsonage followed the ceremony.

Parents of the bridegroom are the Ralph Savages of Hood Road.

## Uncrushed for Flying

If your wedding trip is a flying one across the ocean, remember to wear comfortable, easy-fitting clothes, made of non-crushable fabrics.

*Mr. and Mrs. Jerry B. Self of Union Court are shown during their recent vacation trip to Lookout Mountain, near Chattanooga, Tenn.*

# Little Things Count a Lot, Huh?

By BETTY CANARY

It is the unexpected that throws you. Like today when I got my ironing done. It was finished, over, completed. When I got to the bottom of the basket I automatically checked the refrigerator and there was nothing there. I checked the electric roaster and nothing was hidden there.

I called my neighbor, thinking possibly I had left some in her refrigerator but there was nothing.

**With numb finger I loosened the catch of the board, gently lifted it from the grooves it has worn in the floor and placed it reverently in the closet.**

I sat on the sofa for awhile, a woman without a purpose. I remembered the neighbor child I had met in the supermarket two weeks ago who looked at me with startled recognition and said, "Gee, I didn't know you without the steam iron."

And I remembered other days. Days when I had merrily left unfinished ironing in order to clean the bathroom or go to lunch and things like that. But now when the ironing was really done it sort of took the zest out of those mad excursions.

Listlessly I dragged myself to the kitchen and made some Jello salads and fixed a casserole for tomorrow's lunch I have planned for my cousin Ellen.

**The I remembered a list I made once when I was blue and out of sorts. It was called "Things to do if I ever get the ironing done." Surely this was going to be an answer to a prayer!**

It took a bit of digging but at last I found it and read it. It was a selfish list — things I wanted only for myself.

Then I remembered Ellan was coming over and I knew I should be busy getting things ready, like washing my best china so she would have something entertaining to do while I was getting lunch. Ellen turns over plates and things to check on how good they are.

**It came to me then — a way to give Ellen the thrill of her life. I mean, I am fond of Ellen and although it has taken me all afternoon I have been willing to spend all this time just for her. I can hardly wait until she gets here!**

I will leave the living room and Ellen will start picking up the ashtrays and vases, see, and there on the bottoms will be inscribed, Sistine Chapel.

# Lake Orion Becomes Site of Wedding

Recent vows were repeated in the First Methodist Church of Lake Orion by Alyse Carolyn Doty and Pvt. William Glenn Sudbury, U.S.A.

* * *

Parents of the wedding couple are the R. W. Dotys of Semloh Drive, Orion Township and the Horace Sudburys of West Rutgers Street.

* * *

The bride chose an A-line gown of white organza over taffeta with a lace panel front and seed pearl accents. The ensemble featured a self-train.

* * *

The bride's elbow length veil of illusion was held in place by a petaled headpiece of seed pearls and sequins. She carried a bouquet of yellow roses and carnations.

* * *

Mrs. Glen Hoffman, sister of the bride, was matron of honor. Jane Ridley and Kathy Downey were bridesmaids.

Kristi Hoffman and Allen Hughes were flower girl and ring bearer.

* * *

David Sudbury was his brother's best men. Ushers were Larry Sudbury and Robert Longstaff.

* * *

The couple left for a Mackinaw Island honeymoon following a reception in the First Federal Savings Building of Lake Orion. They will reside in Tolchester Beach, Md. where the bridegroom is stationed.

*MRS. W. G. SUDBURY*

# Keep Party Fare Fresh

You can make party sandwiches ahead of time—and they will be as good as if they had just been made—if you place them on a plate or tray and cover with waxed paper, being careful to tuck the paper securely around the edges to keep all air out. Place a damp cloth over all. Store in the refrigerator until serving time.

### Case D-538

# Be Sure Will Is Intact

By Dr. GEORGE W. CRANE

CASE D-538: Tobin J., was a wealthy farmer.

"Dr. Crane," his eldest daughter began, "my father remarried a couple of years after my mother's death.

DR. CRANE

"He was the 56, while his new wife was only 38, so she was only five years older than I am.

"But Father made a will and provided for my two sisters and myself, as well as his second wife.

"Within three years, however, he was struck by a drunken auto driver and killed.

"We daughters never got along too well with his wife, but he had dealt fairly with us in his will.

* * *

"But what has caused a family feud after his death, is the fact that he didn't give us daughters the family heirlooms and many little things that had mainly sentimental value.

"For example, there is an old sugar bowl that Mother always used, which I would cherish merely for old time's sake.

But my father's second wife will not let us daughters have these items, though their financial value is negligible.

"Don't you think she is holding on to them just for spite? Surely they can't mean much to her, since they belonged to Father's first wife."

**FATHERS, BEWARE!**

Men, if you lose your first wife as Tobin did and then marry again, be sure to make a will that will convey your property exactly as you would wish.

But by all means, when you bring a new wife into the home, parcel out your first wife's personal belongings to the children.

Let them take their choice of the dishes, furniture, quilts and other household items that belonged to their mother.

And make this decision of your first wife's possessions before you bring your second wife into the home.

For it is embarrassing to the second wife to be surrounded by the former wife's dishes and pictures and furniture.

In deference to your second wife's pride, let her redecorate the house, if you are still living in the same dwelling.

Also, let her refurnish it and bring in her own dishes, silverware and bedding.

For your second marriage is an entirely new venture, so don't hamstring your new bride by trying to make her fit into the pattern of your first marriage.

In so doing, you will avoid a lot of humiliation to your new bride.

And you will also help her become accepted more readily by the children by your first wife.

For then they will not see their own mother's things being used, abused or broken by the new wife.

If your children are grown and come back for a visit, they will also not be reminded so incessantly of their mother's operation of that home.

# Striped Poncho Can Be Knit Fast

Look out, Paris, here comes White Cloud!

When it comes to trends in hand-knit fashions, you can count on good old American know-how.

Consider, for example, this success story started in White Cloud, Mich. — population 1,000.

Ruth Graves, an enthusiastic knitter with a knack for knowing what's with it, runs a small yarn shop in White Cloud. She started a few years ago with a $100 investment, as part of her husband's sporting goods and bait shop in the heart of Michigan tourist country.

* * *

Today, Mrs. Graves runs a bustling business, and this dashing poncho is part of her success story.

Husband John, by the way, is mayor of the town and takes real pleasure in Ruth's "wall of yarn" — her half of the shop they share.

Along with her shop, husband and family of four youngsters (which took a lot of that yarn, believe me), Ruth has done a little designing, too.

Her poncho design—a giant circle of a wrap in multicolored stripes — was all over White Cloud in just the time it took to knit.

* * *

During the tourist season, travelers from throughout the Midwest left town with Ruth's poncho pattern as a prized souvenir.

Ruth Graves' poncho has come a long way from White Cloud. Now it's yours, too, for the knitting. It's a fashion-right topper that's roomy and smart no matter what your weight or height.

Most of Ruth's home town poncho customers are women over 30, incidentally, but the teen-age set took to it, too. The youngsters shopped for yarns in their school colors.

Ruth recommends light pastels for springs and summer, and if you knit the topper for fall, try soft beiges, including that mohair you've been saving.

Ruth knits the poncho in three Spinnerin yarns, and she turns it out overnight in double yarn on 10½ or 11 needles. If you're like White Cloud knitters, you'll rush to finish the first one so you can start the second.

It's a year-round fashion for slacks or skirts and costs about $15 to $25, depending on your yarn.

Knitting instructions for this dashing, clever poncho are available, along with bonus directions for a summer shell to crochet, for 50 cents from Stitchin' Time, care of The Pontiac Press, P.O. Box 503, Radio City Station, New York, N.Y. Be sure and ask for leaflet S117.

*Hand-knit poncho is a new fashion circle. Knit it overnight—with rings of stripes in a trio of yarns to wear year-round.*

# Parent Group Plans Picnic

The Pontiac Parents Without Partners group will have a family picnic Sunday at Highland Recreation area.

Members and guests will meet at 12:30 p.m. in the Tel-Huron Shopping Center. Any interested single parent may attend.

* * *

William Baker of the Family Services of Oakland County, will be the speaker on "What Next" at Wednesday's meeting.

* * *

The event is slated in The Pontiac Mall Community Room. This organization is open to any single parent with or without custody of children.

The group also has lined up an impressive roster of speakers for this fall season, including several judges and civic leaders.

# Cooperative Gala to Kick-Off Drive

Plans were made for a cooperative picnic Sept. 10 by the Auxiliary to Chapter No. 101 Disabled American Veterans during a meeting.

The picnic at the John F. Ivory polo grounds on Union Lake Road will be a "kick-off" for the Forget-Me-Not Drive Sept. 15 and 16.

* * *

Commander, Lila Hicks, named Bertha Williams as chairman for the auxiliary's part in this function.

*Mr. and Mrs. Louis DeNeen of Frankson Street, Avon Township, announce the engagement of their daughter, Marilyn M., to John J. Daugherty, son of Mr. and Mrs. Jewell M. Daugherty of Grace Street, Avon Township.*

# Carol Shepherd, Joseph Hojnacki Exchange Vows

Carol Ann Shepherd of Royal Oak and Leonard Joseph Hojnacki were wed recently in a morning rite in the Shrine of the Little Flower, Royal Oak.

A reception in Alvaro's of Royal Oak followed the ceremony.

The bride wore reembroidered Alencon lace in a cage style over English net. Her head piece was a wide matching lace band securing a fingertip bouffant veil. She carried a nosegay of white roses.

Katherine Head was maid of honor, and Richard Bartoski best man.

* * *

Peter Jarackas and Reginald Mendenhall were ushers.

Parents of the couple are Mr. and Mrs. Robert F. Shepherd of Hatchery Road and the Joseph Hojnackis of Detroit.

The newlyweds are honeymooning in Bar Harbor, Maine.

### Approval, Funds Uncertain

# War on Poverty Fears Defeat

CINCINNATI (AP)—The Office of Economic Opportunity fears that if Congress shoots down President Johnson's proposed 10 per cent tax surcharge, the financial ricochet "could very possibly kill the war on poverty," an OEO assistant director says.

"We're running scared, there's no doubt about it," Dr. Maurice A. Dawkins said in an interview. He also said the summer's riots made congressional approval of OEO funds uncertain. Dawkins, a Negro, is the director of the civil rights division of OEO. "Our position is that the country has the money to fight the war on poverty and the war in Vietnam, but it will take a congressional reorganization of priorities to do both," he said.

"That reorganization must be based on tax reforms, primarily the 10 per cent tax surcharge. If the President doesn't get his money, it could very well put the OEO out of business and kill the war on poverty."

At best, Dawkins said, a refusal by Congress to legislate new taxes would require "spinning off" various OEO programs to other federal departments and agencies, making the antipoverty program "almost completely ineffective."

**'NO COORDINATION'**

"There would be no command post, no coordination any longer. It's the one place the poor have to go with their problems. Until the OEO, the poor had nobody to talk for them," he said.

"Now they're in danger of losing the voice they've just begun to learn to use."

* * *

A second major problem confronting the OEO is that Congress will refuse to grant the $1.86 billion Johnson has asked for the war on poverty.

Before the summer's street violence, the OEO thought it had the votes in Congress to pass the legislation, Dawkins said.

"But now we don't know where we stand with the congressmen," he said. "They're a real unknown quantity—all of them.

"We had a feeling before the riots that we might make it. Everybody seemed to be supporting us and it was clear that the war on poverty was making great progress. Then the atmosphere of fear developed and Congress began looking for a scapegoat. Apparently the OEO looked like a pretty good one."

Dawkins, was here for a speech to the 29th national convention of the Delta Sigma Theta sorority, a predominantly Negro public service organization.

He asked the delegates to throw their support behind the legislation as proposed by President Johnson and to urge that the war on poverty be given a $35-billion-a-year budget.

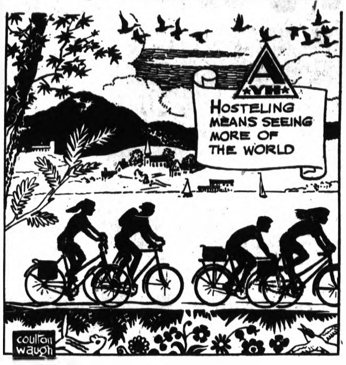
## Junior Editors Quiz on HOSTELS



AYH
HOSTELING MEANS SEEING MORE OF THE WORLD
coulton waugh

**QUESTION:** Are hostel traveling groups just in Europe?

* * *

**ANSWER:** Our picture gives an idea of the thrill and excitement of traveling through some romantic countryside with a hostel group. The hostel movement, which is very active in the U.S.A., is of particular interest to young people in the summer.

The idea is to travel under your own power in a group of from 7 to 10 people. Traveling is usually by bicycle, but may also be by hiking, canoeing, horseback riding or skiing.

**The hostels are clean, comfortable places to stay overnight. They are under the supervision of houseparents and are spaced roughly 25 miles apart, an easy day's travel by bike. Traveling in this way, young people can have a more intimate contact with interesting areas than by other means.**

Hosteling originated in Germany in 1910, quickly spread to other European countries and then to America, where the first hostel was established in 1934.

There are many circuits of hostels in interesting areas in the U.S.A.; information may be obtained from American Youth Hostels, Inc., 20 West 17th St., New York City, N.Y.

## TV Has Deserter Reports

LONDON (UPI) — The two British television networks last night broadcast special reports on an alleged underground movement that helps American soldiers in Europe desert, largely to avoid service in Vietnam.

Independent Television Network said 90 GIs desert every month from bases in West Germany with the aid of an international underground network.

The British Broadcasting Corp. quoted Amsterdam **sources as saying 60 American soldiers were being helped desert through Amsterdam each month.**

The television reports followed a report by the Times of London which asserted that 1,000 American servicemen can be expected to desert this year.

* * *

The U.S. military denied the claim.

# Race Unrest Flares Again in Syracuse

By the Associated Press

Racial violence flared anew in Syracuse, N.Y., Thursday night and early today, with more than a score of persons arrested, while in Louisiana 650 National Guardsmen and 175 state troopers were mobilized to escort a band of Negroes through Ku Klux Klan territory.

In Detroit, a judge ordered one city patrolman to stand trial in the slaying of a Negro during riots last month, but dismissed homicide charges against a second policeman accused of killing another Negro.

* * *

In Cincinnati, the National Council of Negro Women was told by its president, Dorothy Height, that many of the nation's riots could be blamed on civil rights legislation that brought "great expectations and no results."

Another piece of civil rights legislation, an omnibus bill costing $30 billion annually to fight slum problems, was announced by Rep. John Conyers Jr., D-Mich., at the annual meeting of the Southern Christian Leadership Conference in Atlanta.

**TEAR GAS**

The second night of racial unrest in Syracuse, a central New York city of 220,000, including 17,000 Negroes, brought police tear gas into use to disperse unruly gatherings.

Hundreds of police and sheriff's deputies sought to enforce a dusk-to-dawn curfew imposed by Mayor William F. Walsh.

Jerring mobs emashed store windows and pelted police with rocks and bottles. One policeman was reported hurt after being struck in the head by a rock. Scattered looting was reported.

"As of early this morning, the situation is under control and has improved," said Syracuse Police Chief John F. O'Connor.

He promised to have set up by tonight a "police peace corps" whose Negro members would wear identifying arm bands and patrol the streets the same as police.

**MARCH RESUMES**

The Negro march through Louisiana resumes today at Walker. The demonstrators halted there two days ago after whites charged them with fists flying Tuesday and Wednesday.

Gov. John McKeithen activated two battalions of National Guardsmen to reinforce state police in guarding the marchers through the Ku Klux Klan bastion of Livingston Parish.

"There is no otner choice," McKsithen said Thursday. "If we don't let them march their six miles tomorrow, they would McKeithen said Thursday. "If we might have federal troops and everything like that."

## Thursday News From the Capitol

By The Associated Press

THE GOVERNOR

Met with Detroit school officials and teachers in Detroit, but was rebuffed in efforts to get them to reopen contract bargaining immediately.

Attended ground-breaking ceremonies in Detroit for a new building for the Boys' Clubs of Metropolitan Detroit.

Met with Republican members of the Michigan State University Board of Trustees to discuss MSU's controversial new sliding scale tuition plan.

Announced that state agencies have been authorized to institute a work-training program for hard-core unemployed.

Appointed John Winchester of Belleville to the State Indian Affairs Commission.

## State to Train Unemployed for Civil Work

LANSING (UPI) — Plans are under way at Gov. George Romney's direction to prepare "hard core unemployed" for state jobs by giving them trainee status in clerical and service work for up to a year.

Romney announced yesterday the Department of Civil Service is notifying the other 18 state departments of the program, worked out with the Michigan Economic Opportunity Office.

Under it, departments could hire otherwise unqualified persons at rates ranging from $1.25 to $1.75 an hour to train them for civil service, clerical, maintenance, conservation, nursing, laboratory and other jobs they could compete for later after having acquired skills.

"Let me emphasize that this is not a make-work program," Romney said. "It is a special program to hire persons to perform necessary work and provide new opportunity for entry into public service.

# Romney Invitations Hint Future

LANSING (AP) — Republican Gov. George Romney plans to take time out from a week of national politicking, speech making and coping with homegrown problems to renew old acquaintances Saturday.

Romney and his wife Lenore will play host to an expected 40 or more newsmen — along with their wives — who accompanied Romney on his week-long February tour of the Western United States.

* * *

The Western swing featured speech making stops from Alaska to Arizona, including pauses in Utah, Idaho and New Mexico.

Billed as designed to answer fund-raising and Lincoln Day dinner commitments, the trip also gave Western voters and GOP leaders a closer look at the man considered then — and now —to be a front runner among undeclared candidates for the 1968 Republican presidential nomination.

**EXPECT BIG THINGS**

Saturday's get-together at the governor's summer mansion on Mackinac Island has been described by Romney aides as a "relaxing and informative" reunion, but the invitations hinted at bigger things to come.

* * *

"With our respective schedules stepping up this fall," invitations read, "this might be the last chance to get the gang together before things become too hectic to enjoy the likes of Mackinac."

Michigan provides its governors with the summer home on the picturesque island in the Straits of Mackinac and Romney has often put it to political and recreational use — as have other governors.

* * *

The reunion with newsmen caps a week in which Romney traveled from one end of Michigan to the other and flew to Washington to visit with political backers and congressional leaders.

Sip, sip, hooray!

Opening lead—♣ 10

By OSWALD and
JAMES JACOBY

The unlucky expert caught us by the arms. As usual his eyes were filled with tears and his voice cracked time and again as he told his sad story.

JACOBY

"I was playing in a mixed pair game with a partner who could be depended on to avoid playing no-trump contracts as much as possible. Therefore she opened one spade and raised me to three no-trump after I had pulled myself together and responded to her spade opening."

**"What's so sad about that?" we asked. "You probably made a lot of tricks."**

"I went down one trick," he moaned. "And there was no way for me to make my contract."

We looked over the hand carefully. Finally we saw that if West happens to open the ten of clubs there is no play for the contract. We asked if that had happened and he replied:

★ ★ ★

"It certainly did. The Professor was sitting West and he must have led it in an effort to impress his favorite pupil, who was sitting East. I did the best I could be playing dummy's jack of clubs.

**"The pupil thought awhile and might well have tried to preserve her queen of clubs for the dim and distant future but finally played it. There was a long pause after I played my four spot and eventually someone told her that her queen had held the trick. Another pause and back came the three of clubs.**

"West played the king and I held off with dummy's ace but another club knocked it out. I led dummy's queen of diamonds in the hope that West would hold the ace. East had no problem this time. She grabbed the ace and cashed her last two clubs."

The unlucky expert staggered away and we have to admit that he was unlucky this time. If North plays the hand a club lead from East can't hurt him. He will make at least four no-trump. The same applies if South plays the hand and West leads any card but the ten of clubs.

## CARD Sense

Q—The bidding has been:

| West | North | East | South |
|---|---|---|---|
| | 1 ♣ | Dble | Rdble |
| 1 ♠ | Dble | Pass | ? |

You, South, hold:
♠K 9 ♥A J 5 4 ♦4 3 2 ♣K 10 7 6
What do you do?

**A—Pass. Your partner surely has four spades and a lot of high cards.**

**TODAY'S QUESTION**

You pass. So does West. What do you lead?

**Answer Tomorrow**

# Astrological Forecast

**By SYDNEY OMARR**
**For Saturday**
**"The wise man controls his destiny . . . Astrology points the way."**

ARIES (Mar. 21 - Apr. 19): Not wise to depend upon promises or friends. Stick to familiar course. Those loyal in the past remain so. Some who approach with wild schemes should be cast aside. Be sensible.

TAURUS (Apr. 20 - May 20): Be conservative. Take no unnecessary chances. Don't gamble possessions. Play cards close to chest. Accent on responsibility, obligations. Do what is necessary.

GEMINI (May 21 - June 20): Remember health resolutions. Take care of basic needs. Avoid extremes. Be moderate. Long journey could well be put off to personal benefit. Means don't reach too far afield.

CANCER (June 21 - July 22): Be honest with yourself concerning funds, investments. Know how far you want to go, when to stop. Relations with member of opposite sex require review. Key is to be realistic.

LEO (July 23 - Aug. 22): Your desire to expand is commendable. But be sure you have necessary material. Showmanship is fine. But you also require solid backing. Some close to you may be hesitant. Find out now.

VIRGO (Aug. 23 - Sept. 22): May be difficut to put finger on basic project. Some things appear to slip away. Be patient. What you seek tends to come to you. Means no day to force issues. Be calm, collected.

LIBRA (Sept. 23 - Oct. 22): Those around you appear confused. You possess vital key. Utilize it. Open door to opportunity, success. Invest in your own ideas, talents, products. Social contacts prove fruitful.

SCORPIO (Oct. 23 - Nov. 21): Accent on quick decisions, action. But element of deception is present. Measure words. Don't commit yourself too quickly. Finalize deal which has been pending.

SAGITTARIUS (Nov. 22 - Dec. 21): Day features movement, journeys, messages. Make meanings clear. Some tend to misinterpret motives. Mail no letters in anger. Some confusion exists among relatives.

CAPRICORN (Dec. 22 - Jan. 19): Avoid extravagance. Set good example. You recently made money request. Now others expect you to fulfill promises. Do so. Advice from source at home proves valid. Follow it.

AQUARIUS (Jan. 20 - Feb. 18): Get ready to meet tests, challenges. Some try to weigh you down with burdens. But assert your freedom, independence. Those you helped in past try to take advantage of you.

PISCES (Feb. 19 - Mar. 20): Be diplomatic. If you extend hand of friendship it is accepted. Otherwise you invite difficulties. Special activity with associates, co-workers is favored.

★ ★ ★

IF TOMORROW IS YOUR BIRTHDAY you are forceful, dynamic and independent. Follow through on original ideas. That's your road to fulfillment, success. Current cycle favors romance, travel.

★ ★ ★

GENERAL TENDENCIES: Cycle high for AQUARIUS, PISCES, ARIES. Special word to VIRGO: deliberate action is best course, preferable to ring-around-rosy-type program.

## Riptide Sweeps Woman Into Sea

ZUMA, Calif. (AP) — An ocean riptide swept Audrey Hall, 32, out to sea as her boyfriend watched helplessly.

James Isted, 34, said "She just disappeared" while the couple waded Wednesday along Zuma Beach. The body of the North Hollywood woman was found Thursday on a beach two miles away.

# Flint Officials to Resign

FLINT (AP)—Fifteen city officeholders have said they will follow him out of office if Mayor Floyd J. McCree resigns Monday as threatened.

McCree, a Negro, is protesting the city commission vote against a proposed open occupancy housing ordinance. He has said he will resign both as mayor and as a city commissioner as a result of the 5-3 vote against the bill last Monday.

The officials involved, most appointed by McCree, include all five Negro members of the Human Relations Commission, all six Negro members of the Genesee County Board of Supervisors, a Negro member of the Hurley Hospital Board of Managers and three members of the city advisory board for urban renewal.

SPECIAL CAMPERS — Teen-age attendant Mary Jane Hoffman, 16, of 4166 Grayton, Waterford Township, pushes Russell Stutte, 9, of 623 E. Lincoln, Birmingham. Russell, a muscular dystrophy patient, attended the recent 10-day campout near Brighton. With the aid of volunteers, some 90 MD victims had a unique and happy camping session, sponsored by the Michigan Muscular Dystrophy Association.

# Camping Trip Boosts Young MD Victims

Laughter and near-normal activities highlighted 10 days of happiness for children with muscular dystrophy who attended a recent campout near Brighton.

Some 90 wheelchair victims of this crippling terminal disease were helped to live a more fun-filled time by some 90 volunteer attendants.

**The volunteers, mostly teenagers, acted as arms and legs for the campers at the Island Lake Recreation area.**

The Michigan Muscular Dystrophy Association, sponsor of the annual camping trip, pays the entire cost of the session for both patient and volunteer attendant.

The keystone of the camp's success was the air of a normal camp session which was maintained as completely as possible.

When playing ball the teenagers ran their charges from from base to base, while swimming the teens maneuvered their patients in the portable theapeutic pool and while dancing the teens pushed and gyrated the wheelchairs.

# Wiretap Revealed in Hoffa Case

CHICAGO (UPI) — A former FBI agent testified yesterday that he monitored telephone conversations of a Miami, Fla., real estate investor named as a coconspirator of Teamsters Union President James Hoffa in an alleged scheme to divert $25 million from the union's pension fund.

* * *

Hoffa, who currently is serving an eight-year term on a jury-tampering charge, claims that his 1964 conviction on mail fraud and conspiracy charges was based on evidence the government got through illegal wiretapping.

**Buford Moseley, identified as a former clerk in the Miami Federal Bureau of Investigation office, testified at a hearing before U.S. District Court Judge Richard B. Austin that he used to tape and make notes on Benjamin B. Sigelbaum's telephone conversation.**

Sigelbaum was not one of the six other men convicted with Hoffa, but he was named as a coconspirator.

Mosely said the FBI office was three miles from Sigelbaum's office, but Sigelbaum's voice came over a microphone in the FBI office from January 1963, to October 1964.

Mosely said he would switch on the tape recorder and take written notes when voices came over the microphone.

**"I would use the notes and tape recording to transcribe a 'log' or record of the conversation," he said.**

Moseley said he would then place his notes in a "confidential wastebasket" and erase the tapes after seven days. Defense attorneys have protested, throughout the four days of the hearing, investigators' statements that it was "ordinary practice" to destroy notes from which reports were made.

VIRGIL TROUT VISITS PONTIAC

Mr. Virgil Trout, a resident of Duncan, Oklahoma, will be in the Pontiac area August 20-27. A scientist, as well as a minister, he is listed in "Leaders of American Science" for work in philosophy of science in relation to religious thought. Mr. Trout is a member of the American Association for the Advancement of Science, with classification in physics and philosophy, as well as the Society for the Scientific Study of Religion. He has conducted over 90 campus lecture series since 1956, on such campuses as Oklahoma State, Washington State, Cornell University, University of Mississippi and Michigan State.

During his stay in the area, Virgil R. Trout will be speaking in the Pontiac Northern Auditorium each evening at 8:00 p.m. The theme of his lectures will be "When I Survey the Wondrous Cross." The public is cordially invited to attend.

August 20 Through 27

# OCC OKs Nursing Center Take-Over

Oakland Community College trustees formally expressed a desire last night to take over operation of the Pontiac Practical Nurse Center if the Pontiac School District lets them.

OCC President Dr. John E. Tirrell said some day the nursing program could be housed in a paramedical center on an OCC campus.

**For four years the Practical Nurse Center, located in the Hubbard Building in Pontiac, has been run by the city's school district from federal funds under the Manpower Development Training Act of 1962.**

Supt. Dr. Dana P. Whitmer of the Pontiac School District is expected to ask at Wednesday's school board meeting that the nurse center be shifted to OCC, according to Tirrell.

* * *

Tirrell said an advisory committee to the Pontiac school board had made this recommendation.

A resolution passed by the OCC Board of Trustees states:

"Since Oakland Community College has demonstrated its willingness to serve the paramedical needs of the district, and there is evidence that an expansion of the preparation of practical nurses is needed, the president (Tirrell) is instructed to cooperate with any community group in this regard.

* * *

"If th Board of Trustees is requested, they would accept the major responsibility for practical nurse training with the hope that many interested community groups would support this important endeavor."

If the community college did take over the nurse center. Tirrell said it would probably remain in the Hubbard Building for a while, them move into a remodeled building at Pontiac State Hospital and eventually into an OCC paramedical center with other related programs.

**It is agreed that the need for practical nurses in the area is great and that the program must be expanded to meet the need. Tirrell indicated that the center received a reduced amount of federal funds.**

Under the direction of Mrs. Esther Sherrod, the center has graduated 263 practical nurses since 1963.

* * *

Last year the graduates went on to rank third in the state in average grades on state board licensing examinations and then made a yearly salary from $5,000 to $9,000.

* * *

Mrs. Sherrod says this is the only program of any kind for practical nurses in Oakland County.

---

Equipment is being developed to service the new jumbo jets to make loading and unloading of passengers feasible in an eight minute period.

## Oakland Community College News

# Chinese Attack Soviet Embassy

MOSCOW (AP) — The Soviet Foreign Ministry confirmed today that Chinese demonstrators broke into the Soviet Embassy in Peking Thursday.

The foreign ministry spokesman declined to give details.

* * *

The new Soviet-Chinese flare-up was reported by Tanjug, the Yugoslav news agency. It said the demonstrators broke furniture and windows and put fire to documents.

* * *

This would be the most serious assault on the embassy in the history of deteriorating Peking-Moscow relations.

### LODGED PROTEST

Tanjug reported that the Soviet Embassy had lodged a protest. It was considered likely here that the Soviet government will make another protest from here.

* * *

The hour-long demonstration in Peking was apparently another follow-up of the detention of the Soviet ship Svirsk at the Chinese port of Dairen last week because of an alleged insult to Mao Tao-tung.

# City Negro Solicits Training for Jobless

A Pontiac Negro pleaded with Oakland Community College trustees last night to help provide skills for jobless Negroes and school dropouts who want to better their lives.

After a convincing talk by Mansfield Samples, 185 Raeburn, OCC President Dr. John E. Tirrell agreed to help work out the problem of city ghettoes.

**Tirrell said he would appear before the Aug. 28 meeting of Voice of Oakland County Action League (VOCAL) to discuss ways of training Negroes in skilled trades.**

Samples is a member of VOCAL as is Trustee David Hackett who invited Samples to speak before the trustees.

VOCAL was organized last spring by a Birmingham housewife, Mrs. Margaret Tyson, to provide a means of communication between "grass roots" people and professional officials, according to Hackett.

### 50 MEMBERS

Headed by Albert Shaw, community school director of Pontiac's Jefferson Junior High School, the group now has about 50 members to improve relations primarily in Pontiac.

**"I have the communication to reach these people who want to improve themselves, but you have to help provide the skills to make useful citizens out of them," said Samples, a dropout himself who now is a shop worker at Fisher Body plant.**

Sample, who claimed he could have foretold Pontiac's recent civil disturbances a year ago, indicated that joblessness was a major cause of unrest in the city.

The trustees pointed out that they were concerned about the problem for some time and publicly invited potential students to take a look at their programs.

Tirrell reported that he is to see representatives of a large automobile company and three major federal agencies next week to discuss possibilities of a basic skills center.

### May Suggest Millage Hike

# Panel to Study School Finances

**Waterford School Affairs**

The Waterford Township Board of Education last night authorized the creation of a citizens' school finance and information committee to review the school district's financial status and to consider the feasibility of a millage election this fall.

The committee also will be charged with recommending a more effective communications program between the district and citizens of the community.

**Residents who have served on previous school study committees and other persons from throughout the district will be asked to participate, according to school officials.**

The administration recently announced that the district faces a serious financial condition during the forthcoming school year, chiefly because of a lesser amount in state aid than was hoped for.

"The need for money is very much with us," Supt. of Schools Dr. Don O. Tatroe said last night. "We are in bad trouble if we don't get some funds."

The last citizens' committee recommended that the next millage election be planned for June 1968 and possibly this fall if economic conditions are favorable.

School officials now generally believe that an election this fall would be more appropriate.

"The decisions the board makes for the 1968-69 school year will have to be made in the spring," said Tatroe. "And we know, based on past experience, that spring is a bad time for an election."

* * *

School officials also disclosed last night that further budget reductions are being considered in three areas — capital outlay, maintenance and in-service training — so that more funds will be available for negotiations with school district employe groups.

# Road Project Gets Board OK

### Cost Will Be $3,500 More Than Estimated

A paving project for Van Zandt Street, which will cost the Waterford Township School District about $3,500 more than was originally estimated, was given the green light last night be the board of education.

Cost of the project had been estimated at slightly more than $93,000. However, the job was contracted at a cost of $103,800 according to school officials.

**The expense for blacktopping the street is to be shared equally by the school district, township and county road commission.**

Cost to each will be $34,600.

In other business last night, the board voted to apply with the State Board of Education to borrow $800,000 against 1967-68 state aid.

**SHORT ON FUNDS**

A shortage of funds in the district was cited as the reason for the request.

No action was taken on an offer by a Warren couple to purchase a school-district owned house at 5471 Crescent Drive for $3,000.

**Some board members said they felt the house could be used as an office area or to accommodate a school program.**

"I think we would be doing a disservice to the taxpayer to sell it for $3,000," said board member Michael G. Patterson.

* * *

A special meeting of the board will be held Aug. 31 to review final architectural plans and specifications for the proposed Waterford-Mott High School. Preliminary plans for the proposed new administration building also will be considered at the meeting.

In still other business last night, the board approved 1967-68 contracts for four teachers and accepted four resignations.

Cause No. 22153

STATE OF MICHIGAN — In the Probate Court for the County of Oakland, Juvenile Division

In the Matter of the Petition Concerning Vicki Lee Morse, Minor

TO: Raymond and Hazel Morse, parents of said minor child

Petition having been filed in this Court alleging that said child comes within the provisions of Chapter 712A of the Compiled Laws of 1948 as amended, in that the present whereabouts of the parents of said minor child is unknown and said child has violated a law of the State, and that said child should be continued under the jurisdiction of this Court.

In the Name of the People of the State of Michigan, You are hereby notified that the hearing on said petition will be held at the Court House, Oakland County Service Center, in the City of Pontiac in said County, on the 28th day of August, A.D. 1967, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Eugene Arthur Moore, Judge of said Court, in the City of Pontiac in said County, this 16th day of August, A.D. 1967.

(Seal) EUGENE ARTHUR MOORE

# Registration Times Are Set

Registration for senior high and junior high school students of the Waterford Township School District will take place at various times during the next two weeks.

* * *

Students slated to attend Waterford Township, Waterford-Kettering and Waterford-Mott high schools must register Aug. 24, 25, 28 or 29.

**Times students can register are from 8 a.m. to 11:30 a.m. and 1 p.m. to 2:30 p.m. each day or from 7 p.m. to 9 p.m. Aug. 29.**

Students should register at their respective schools. Mott students will register at Mason Junior High School where they will be based during the school year.

* * *

Mott High School is slated to open in September 1968.

**Crary, Pierce and Mason junior high school pupils should register in their respective schools from 8 a.m. to 11:30 a.m. and 1 p.m. to 2:30 p.m. Aug. 29, 30 and 31.**

Junior high school students also can register from 7 p.m. to 9 p.m. Aug. 30.

* * *

Junior high and senior high schools are on different registration schedules, stressed Roy J. Alexander, assistant superintendent of secondary schools.

# 'Private Firms Preferred for Projects'

WASHINGTON (AP) — A federal housing official says President Johnson ordered greater use of private enterprise in building and running low-income housing because purely public projects have proven too slow, too costly and too stigmatized.

Don Hummell, assistant secretary for renewal and housing of the Department of Housing and Urban Development, said in an interview: "Historically, private enterprise is the only way we get jobs done."

* * *

President Johnson ordered HUD Secretary Robert C. Weaver Thursday to begin immediately a pilot project recommended by the President's Committee on Urban Housing.

* * *

HUD already is experimenting with a program under which private firms build low-income housing and then sell it to local housing authorities.

**BUSINESS' RIGHT**

But the committee, headed by Edgar F. Kaiser of Kaiser Industries, added the feature that private enterprise also would manage the low-income housing—at a profit.

Hummel said there is a growing public awareness of what he called an urgent need to replace or upgrade the vast amount of substandard housing in the nation, especially in city slums.

* * *

Recent riots have contributed to this realization, said Hummel, adding: "Lack of adequate housing was one of the major contributing factors named as a source of trouble."

* * *

The nation had about nine million substandard dwelling units in 1960, according to government statistics. No more recent figures are available. Here are the reasons Hummell and other HUD officials cite in explaining why private enterprise is now considered superior to government in providing low-income housing:

**BUSINESSES' ADVANTAGES**

Speed—Local public authorities have to go through lengthy public hearings and land condemnation proceedings before a project can be built. It takes three to four years to get a project in operation.

* * *

Private developers often have land available—or can get it quickly— and can build with little delay.

Traditional projects also require elaborate government surveillance of construction at each step. This costs the builder time as well as money.

* * *

Costs—Because of government red tape in construction, few contractors regularly do business with housing authorities.

Under the new approach the builder would negotiate a fixed price in advance, construct the project without government supervision and then sell it to the housing authority. It's believed this would bring more contractors into the field and the added competition would lower prices.

Management of projects by private firms also would provide new profit incentives. Private management would be allowed a fixed sum and could make more profit through greater efficiency.

THE PONTIAC PRESS

PONTIAC, MICHIGAN, FRIDAY, AUGUST 18, 1967

AP Wirephoto

**TOP OF BIG TRIO** -- Pontiac's Micki King (center) stands on the top step of the three-tiered riser to signify her first place position in the 1967 Women's Senior National AAU one-meter springboard diving championship held yesterday. Left is Lesley Bush (third place) of Princeton, N.J. and on the right is runnerup Joel O'Connell of Santa Clara, Calif.

# Pontiac's Micki King AAU Diving Champ

PHILADELPHIA (AP) — "This was just the beginning," gushed a pert blonde Air Force lieutenant Thursday after she won the one-meter springboard diving title at the annual Women's National AAU Swimming and diving championships.

Pontiac's Micki King, who nine months ago started a tour of duty with the ROTC detachment at the University of Michigan, was looking ahead to today's three-meter competition and a possible double triumph. She said she wouldn't be adverse to also winning the 10-meter platform event, and an eventual Olympic berth.

* * *

The three-meter competition was one of six finals scheduled for today, the second of the four-day annual Nationals. Also up for grabs were titles in the 100-meter backstroke, 400-meter freestyle, 200-meter individual medley, 800-meter individual medley, 800-meter freestyle relay, and one of two men's events in the show, the 100-meter freestyle.

**There was only the one event on Thursday's schedule and Miss King, who has been diving since she was 10 years old, won that with a score of 407.80. She upset Mrs. Joel Lenzi O'Connell, the defending one-meter champion of Santa Clara Calif. Swim Club.**

Miss King, who claims to be too much in love with a diving board to be concerned with the real romance, says she's working for "the ultimate, a spot on the women's U.S. Olympic team for the 1968 games in Mexico City."

The 23-year-old Miss King, whistle bait when she stuffs her 5-foot, 7-inch, 130-pound frame in her backless blue swim suit, felt she dove "nice and steady," and did a particularly good job on a front one-and-a-half with a full twist. The judges liked that, too, giving her 50.6 of a possible 66 points. She also scored high on a reverse one-and-a-half somersault twist, and a forward dive with a one-an-a-half twist.

**UNSUCCESSFUL BID**

Mrs. O'Connell, who totaled 382.85 in her unsuccessful bid for a third straight outdoor AAU title, hit the board on a front dive with a full twist, which hurt her chances and brought on some controversy. Her husband and coach, Ward O'Connell, protested vehemently that the board was pitched upward.

**"I complained about it when I got here, I'm complaining now and I'll continue to complain," O'Connell said Thursday.**

A diplomat as well as a pretty winner, Miss King said only, "I had no trouble with the board."

Lesley Bush, the Olympic platform diving champion, and indoor one-meter board queen, finished third with 377.90; Sally Sheffer of Philadelphia was fourth at 365.00, and Keala O'Sullivan was fifth with 363.75. Virtually the same field, including defending champion Sue Gossick of Tarzana, Calif., compete in today's three-meter diving. Miss Gossick was seventh in the one-meter event with 357.65.

# District Champs Crowned

Pontiac and Waterford softball squads picked up titles last night in state district tournament action.

Spencer Floors of Waterford blew an 8-0 lead in its Class B opener against Pontiac's Ron's Roost and eventually lost in eight innings, 9-8, but the Spencer crew came back for a 6-1 verdict in the second game to gain a berth in the regional which opens here next week.

**Pontiac's CIO Local No. 594 bagged the Class D district crown with a come-from-behind 6-5 decision over Waterford's Midget Bar in nine innings.**

Down 8-0 after five innings, Ron's Roost scored twice in the sixth and tied it with six in the seventh and then won it in the eighth when Bud Hayward tripled and scored on an infield grounder.

* * *

Hayward's blow was a short fly that Spencer's Maurice Stack caught but dropped when he collided with second baseman Jim Long. Stack suffered an injury to his collarbone in the collision and was taken to the hospital.

Down 3-2 going into the seventh, Midget Bar pushed across two runs to take a 4-3 lead, but the union men came back with one in their half of the inning to tie it at 4-4. The barmen went ahead again in the ninth with a run, 5-4, but the union crew rallied for two runs in their half of the ninth to win it.

* * *

Cy Green's single chased home the two runs in the ninth and he finished with two hits. Dennis Diehm and Earl McKee came through with three safeties apiece for the winners. Duane Delling rapped out four singles for the losers.

* * *

Action continues this evening in Class A and C district play in Waterford Township.

Royal Oak and Ferndale tangle at 6 p. m. with Royal Oak leading 1-0 in the 'A' series.

Day's Sanitary Service of Waterford and Jameson Insurance of Holly meet in a 'C' contest at 7:30, and if Day's wins the game, they'll play another at 9 to decide the district championship.

### Defeat Red Sox, 7-4

# *Tigers Await Big Home Stand*

BOSTON (AP) — The Detroit Tigers and the Boston Red Sox figure they don't have long to wait before their fate is determined in the American League race.

The Tigers headed home for the opener of a four-game week-end series with Cleveland tonight after snapping a six-game losing streak in Fenway Park by defeating the Red Sox 7-4 in 10 innings Thursday.

* * *

The Tigers, back in third place one-half game ahead of Boston, were looking beyond the Cleveland series, while the Red Sox concentrated on a big week-end set with the California Angels, just another game off the pace in fifth position.

**"Minnesota is the team to beat," Detroit Manager Mayo Smith said of the Twins, who lead Chicago by 1½ games, the Tigers by three and Boston by 3½.**

"We're going to find out in a hurry whether we'll have a good shot at them," Smith said. "We have doubleheaders with them in Detroit Tuesday and Wednesday and a single game Thursday. Then we'll still have three games left with them in Minnesota."

Smith's mood was tempered after the Tigers blew a four-run lead in the club's final game in Boston. Even the two-out rally in the 10th, with three runs scoring on a single by Mickey Stanley, a triple by Norm Cash, two walks and two errors by Joe Foy, failed to cheer him.

**NOTHING MORE**

"After losing six straight here, we finally won one," Smith said. "There's really nothing much more to say. It was nice to see the two homers by Willie Horton and one by Al Kaline. However, Horton still is bothered by the tendon in the left foot.

* * *

"Willie isn't 100 per cent healthy and has been playing only periodically. He faces surgery at the end of the season.

**"And now we have more bad news. Don Wert third baseman suffered a pulled groin muscle on the right side fielding a slow topper in the eighth. That's going to hurt. He'll probably be out at least two or three weeks. He had the same thing earlier in the year."**

AP Wirephoto

**TIGER BOUND** — Eddie Mathews of the Houston Astros moves to the Detroit Tigers who obtained him for a player to be named after the season. The Tigers hope to use Mathews at third base in the late pennant rush because of injury to Don Wert.

Boston Manager Dick Williams was cooperative but unhappy after the defeat which left the Red Sox with a 6-3 home record against Detroit.

* * *

"It's a rough one to lose after battling back with three runs in the eighth," Williams said. "Kaline made a perfect throw to get Jerry Adair at the plate to prevent a run in the eighth. Then Sparky Lyle got careless in the 10th.

* * *

"Cash hadn't got a foul off Lyle in about five times at bat this season. Then, with two strikes, Lyle got careless and threw one right down the middle. It hurts to lose one like this."

## *Pontiac 'A' Champion Heads for Saginaw to Start State Play*

City baseball champion M. G. Collision heads for Saginaw today for a 7:30 game against Johnson Carbide at Saginaw's Veteran's Memorial Stadium.

The two teams will play a two-out-of-three series in the state district tournament with the winner moving onto the eight-team state finals at Battle Creek.

**After toinght's game, the two squads will move to Pontiac Jaycee Park for a 4 p.m. game tomorrow. A third game, if necessary, is slated for tomorrow at 7:30 at Jaycee Park.**

The Collision crew captured the city title last week by whipping defending champion Teamsters 614—5-3.

# Trade to Contender Makes Veteran Ed Matthews Happy

HOUSTON, Tex. (AP) — Eddie Mathews says it's never nice to be traded but when it happens it's nice to be traded to a contending team.

The veteran infielder commented to newsmen Thursday night moments after the Houston Astros disclosed he had been traded to the Detroit Tigers for a player or players to be named at the end of the season.

Mathews, 36, hit his 500th home run July 14 to become the seventh player to achieve this mark. He now has 503 home runs, including 10 this year.

**In joining the Tigers, Mathews will be playing for his third team in a 15-year major league career.**

He was a star third baseman for the Braves for 14 years, playing for them in Boston, Milwaukee and Atlanta.

Mathews came to Houston last winter in a trade with the Braves which sent pitcher Bob Bruce and outfielder Dave Nicholson to Atlanta.

He has been used at both first base and at third base in 101 games with the Astros. The veteran lefthander is batting .238 and has driven in 38 runs.

**HITTERS' PARK**

"It's never nice to get traded," he said. "As long as I'm going to be, it's nice to go to a contender. I've never seen the Detorit ball park, but they've told me it's a good hitters' park."

Mathews has declined to predict how many home runs he will hit, but barring injury he appears a cinch to top Mel Ott's 511.

"I don't think about records," he said. "I just want to help the team I'm with."

**Retirement is also something Mathews doesn't care to talk about.**

"I still feel I have a few years left," he said, "although I'm sensible enough to know if a person is better than me he ought to be playing."

Mathews broke into baseball with the Braves in 1952 at the age of 20.

He called his stay with the Astros "great."

"I wish I had done a better job, that's all,' he said. 'I wasn't doing anything here for the guys.

Astros general manager H. B. Richardson announced the trade to newsmen shortly after informing Mathews.

* * *

"We wouldn't have traded him to any club except a club in contention," Richardson said. "I think he is a great guy and did a great job for us. I'd like to see him on a pennant winning club before the season is over. I think he deserves it."

## 'Skins Facing Test in Battle Against Giants

### Vikings Duel Denver, Jets Take on Eagles in Inter-Loop Scraps

**By the Associated Press**

Are the Washington Redskins really on the way back to the top in pro football?

The Redskins overwhelmed the Chicago Bears 37-14 in their first exhibition game last week with Coach Otto Graham, usually conservative, exulting afterwards, "We've become a team with the right attitude."

* * *

Whether what Graham called the "unity" of the Redskins was just a flash in the pan or whether they actually will be a threat to the Green Bay Packers for the National Football League championship might get some clarification Saturday night when they play the New York Giants at Raleigh, N.C.

The game is one of the highlights of another busy weekend for the play-for-pay gridders in the NFL and American Football League. Two games are scheduled tonight, six Saturday night, three Sunday afternoon and a nationally televised game is on tap Monday night.

This is the schedule:

Tonight—Minnesota at Denver; Chicago vs. Green Bay at Milwaukee, Wis.

* * *

Saturday night—Pittsburgh vs. New Orleans at Baton Rouge, La; New York Giants vs. Washington at Raleigh, N.C. Atlanta at Miami, Cleveland at Los Angeles; Philadelphia vs. New York Jets at Cincinnati and Kansas City vs. Oakland at Portland, Ore.

Sunday afternoon—Dallas at San Francisco; Detroit at San Diego and Buffalo vs. Boston at Rochester N.Y.

Monday night—Baltimore at St. Louis in nationally televised game over the CBS network.

**PACKERS FAVORED**

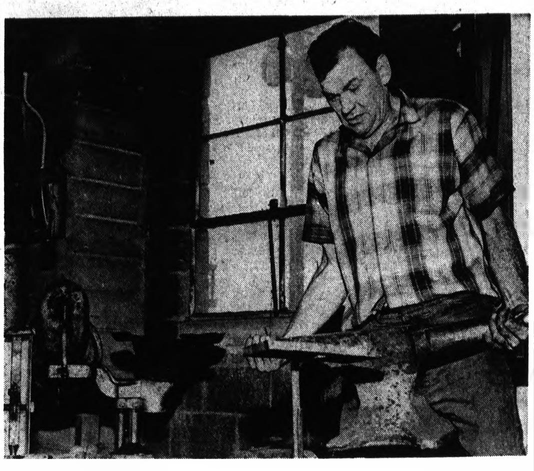
Donny Anderson is expected to spark Green Bay over the Bears tonight. Bob Berry, who hit on nine of 15 passes over the Eagles last week, similarly is expected to lead the Vikings over the AFL Denver Broncos in their inter-league contest tonight.

* * *

On Saturday, Fullback Jim Taylor likely will lead New Orleans over the Steelers; Sonny Jurgensen of Washington is expected to outpass Earl Morral and Frank Tarkenton of the Giants; Randy Johnson of Atlanta could find the going tough against the AFL Miami Dolphins, Los Angeles is favored to make three straight by downing Cleveland, and Joe Namath, the prize quarterback of the New York Jets, tries out NFL competition for the first time against Philadelphia. Kansas City, the AFL champion, and the Oakland Raiders each will be trying for their third in a row in their meeting at Portland.

* * *

San Francisco is favored to beat the Dallas Cowboys in one of the trio of Sunday matinee affairs.



**RACE TRACK SMITHY** — Bob Hittesdorf of Milford, the track blacksmith at Hazel Park Harness Raceway, has the responsibility of shoeing some 1,100 horses who are stabled during the current season which runs through Oct. 7. Hittesdorf is also an authority on foot care of the horses.

## Qualifying Saturday for City Golf Tourney

The battle for the 1967 Pontiac City Golf Championship opens with a qualifying round tomorrow that is expected to draw a field of more than 100.

Some 87 players were signed up through Thursday and course manager L. C. Barner expected that figure to swell with late entries today and tomorrow.

**Players may enter the tournament by signing a registration form at the clubhouse on Golf Drive.**

The big field will be gunning for some 30 berths in next week's finals when the 18-hole round opens tomorrow.

* * *

Qualifiers from the 18-hole trip will join former champions for the 36-hole finale next Saturday and Sunday.

**AFTER CHAMP**

Those who survive tomorrow's play will be trying to take the title from Paul Bada, who has won it two years in a row and five times over-all.

* * *

A victory this year would tie Bada with Mike Andonian for the most wins in the city tournament. Andonian, whose last title came in 1962, now resides in California.

**The 5,689-yard city layout is in good shape and it'll probably take a score of 75 or better (par 34-35—69) to gain a spot in the finals.**

Bada took the championship last year with a one-under-par 137 in the 36-hole windup, two shots ahead of 1964 titlist Dick Robertson.

**PONTIAC CITY GOLF TOURNAMENT**
**Qualifying Round**
**Pairings — Starting Times**

9 a.m. — Sartell, Lucas, Ayling; 9:07 — Dowell, Richardson, Runyon; 9:14 — Leach, Leach, Woolcox, Sawyer; 9:21 — G. Harry, C. Harry, Bersett, Kallis.

9:28 — W. Smith, Olshock, Strainer; 9:35 — Jim Pembroke, O. C. Burton, Myers; 9:42 — Kinney, Kinney, G. Sawyer; 9:49 — Garcia, Garcia, Garcia; 9:56 — Skelton, Weaver, Wiegand, Hampton; 10:03 — Reynolds, Spears, Powell, Larkins.

10:10 — Backlund, Beckman, Gibson, Marks; 10:31 — Titus, Badgero, Phipps; 10:45 — McClintock, R. Allern, Wasik Jr.; 10:52 — F. Allen, Robertson; 11:07 — Karvala, Rohrer, Secoy, Aumaugher; 11:35 — Hanes, C. Brown.

12:03 — Lockard, Wheeler, Howard; 12:10 — Burgdorf, Bertram, Wilson; 12:59 — Pavlinac, Johnson, Brown; 1:13 — Childress, Deschaine, Hammett, Hall; 1:28 — Andy Condon, J. Condon; 1:35 — G. Balliet, Quitiquit, Hill.

2:03 — Anderson, McDonald, Saum 2:17 — Burgess, Davis, Willis; 2:31 — Palopoli, Davey, Nicholle; 3:28 — T. Balliet, Keith, Lindsay; 3:49 — Tricoff, Sprugeon; 3:56 — Mansfield, Barker.

## Late-Inning Uprising Sparks Tribe Victory

**By The Associated Press**

The Washington Senators have ended their streak of scoreless innings at 28 but failed to gain steam in a drive to move out of the American League's second division.

* * *

The Senators held on for 16 innings Thursday night before Vic Davalillo smacked a bases-loaded triple, highlighting a five-run rally that carried Cleveland to an 8-3 victory over Washington. The Senators are now in sixth place, nine games out of first.

All of Washington's runs came in the third inning during which Frank Howard clubbed his 30th home run. Cleveland scored once in the fifth inning and twice in the eighth.

Chuck Hinton opened the 16th with a single. Three straight walks forced the tie-breaking run across. Then Davaillo tripled in three more runs and Tony Horton doubled in another.

* * *

Gene Brabender pitched a four-hitter, including Roy White's homer, and got key hitting support from Paul Blair in leading the Orioles over the Yankees. Blair broke up a scoreless duel in the seventh with a run scoring double and ignited a three-run ninth inning with a triple.

## The STANDINGS

**American League**

| | Won | Lost | Pct. | Behind |
|---|---|---|---|---|
| Minnesota | 65 | 50 | .565 | — |

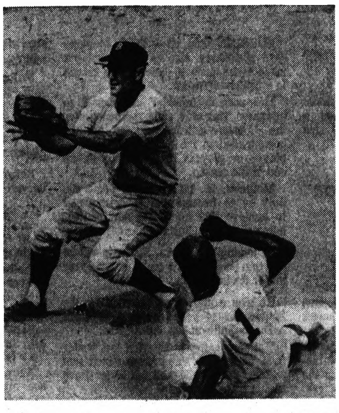
## Season Record for Dick Petty

COLUMBIA, S.C. (AP) — Richard Petty won the sixth annual Sandlapper 200 Thursday night and set a season record for Grand National victories—19.

The Plymouth ace from Randleman, N.C., who began his grand national career at Columbia in 1958, broke the old mark of 18 set in 1955 by Tim Flock.



AP Wirephoto

**EARLY STEAL**—Boston Red Sox third baseman Joe Foy is safe at second base on a steal in the first inning of the game against the Detroit Tigers at Fenway Park yesterday. Dick McAuliffe waits for a throw from catcher Bill Freehan. The Tigers won the final game of the series, 7-4.

## Pontiac Looks for Upset at Wisner Field

### Saturday Game Final Exhibition for Local MFL Entry

A veteran squad of Flint Blue Devils is considered to be a three-point favorite Saturday night to defeat the young Pontiac Firebirds in a Midwest Football League exhibition game slated for Wisner Stadium.

Flint finished the regular season in 1966 in a winning rush. After gaining only one tie against four losses in the first five games, the Blue Devils won their last four games of the season, including a 32-13 rout of Dayton and a win over Lansing.

* * *

Coach Bob Suci, a former star at Michigan State and pro defensive back in the American backfield including Mace Segal at quarterback and the best runner of the MFL in rushing in halfback Jim Long, a 6-3 and 195-pounder.

**Long finished with a 6.8 yard per try average in 79 carries last season and scored six touchdowns.**

Segal was second in passing in the MFL behind Dayton's Pete Mikolajewski, having passed for 972 yards and 11 touchdowns.

The other members of the Flint backfield returning are 225-pound Ray Brown and flanker Ken Walters. One of the top receivers is 220-pound tight end Al Baldwin, and two all-league linemen include guard Ralph Soffredine and linebacker Leroy McFadden.

**REGULAR SEASON**

This is the lone exhibition game for Flint, Next week, the regular season starts for all MFL teams with Pontiac visiting Mt. Clemens.

The Firebirds have been bolstered with the addition of defensive end Don Quinn and quarterback Bill Harrington.

**Dale Fry, a 230-pounder from Mansfield, Ohio, and Bill Apisa, 220-pounder from the University of Hawaii, will share the duties at fullback, with Lonnie Humphrey, Larry Goldsworthy and Tim Lorenzen at running backs.**

The F-Birds will be minus the services of Jim Stewart, outstanding receiver who is down with the flu, and back Jack Newton who is out with a leg injury.

* * *

Also on the ailing list is tight end Pat Brown, who suffered a broken finger last week against Ypsilanti.

Kickoff at Wisner Saturday night is 7:30 p.m. All adult tickets are $2 and student tickets $1. They can be picked up in advance at Griff's Grill, Osmun's, Bob-Ken's and Firebirds' office downtown.

Gates will open at 6 p.m.

## PWBA to Hold Workshop for Keg Officials

The Pontiac Women Bowlers' Association will conduct its annual preseason Workshop and School sessions for league officials Tuesday, Wednesday and Thursday.

All Women's International Bowling Congress - sanctioned leagues in the PWBA area are requested to have their president and secretary attend one of the three sessions.

PWBA officers Margaret Lally and Gen Bradley will conduct the programs beginning 7:30 each night at the Champion Hall (formerly Elks Club) in Rochester Tuesday, the Pontiac Elks Temple Wednesday, and the Dublin Community Center Thursday.

Work materials for the upcoming season may be picked up at 6:30 p.m. each evening.

## Heavyweights Matched

BOSTON (AP) — Matchmaker Sam Silverman announced today the signing of heavyweight contender Jerry Quarry of Los Angeles and Irish Pat Stapleton of North Easton, Mass., for a 10-round boxing bout Sept. 11 at Boston Garden.

## Pontiac Press Hole-in-One Club Admits

**David Gooley**

*for acing the No. 4, 165-yard hole at Twin Lakes. He carded a 57 for the round.*

# Upset Recorded in Tennis

PHILADELPHIA (AP)—Showing a powerful service and a tremendous come-from-behind effort, Kristy Pigeon has upset third-seeded Patti Hogan in the 50th U.S. Girls Grass Court Tennis Championship.

Miss Pigeon, of Danville, Calif., scored the 7-5, 3-6, 7-5 victory Thursday after trailing the La Jolla, Calif., player 4-5 in the third set of the final match.

Miss Pigeon, who advanced to the semifinals with her victory, broke through service to lead 6-5. She won the match in the 12th game with a run of five straight points after coming back from 0-40.

To nobody's surprise, defending champion Peaches Bartkowicz scored a 6-2, 6-4 victory over Valerie Ziegenfuss.

Miss Bartkowicz, of Hamtramck, Mich., had to stave off a comeback try in the second set by her opponent from San Diego, Calif. Miss Ziegenfuss closed a 2-5 deficit to 4-5 before Miss Bartkowicz won the set with successive backhand placement shots.

* * *

Second-seeded Lynne Abbes of Orinda, Calif., and Vicky Rogers of Rye, N.Y., also advanced to the semifinals. Miss Abbes topped Betty Grubb of Santa Monica, Calif.

# Muslim Rites for Cassius

## Clay to Be Married This Weekend

CHICAGO (AP) — Cassius Clay, the sidelined world heavyweight champion, and his fiance will be wed in a Muslim ceremony Sunday—or before if the bride can finish arrangements in time, Clay's manager says.

* * *

Clay and 17-year-old Belinda Boyd, whose father, Raymond Boyd, also is a member of the Black Muslim sect, received their marriage license Thursday at the Cook County Clerk's Office.

* * *

It will be the second marriage for Clay, 25, who was divorced last year from Sonji M. Roi, now 27. That marriage broke up after 11 months when Clay contended his wife failed to maintain her promise to convert to his religion.

**BLUE SUIT**

Belinda, the oldest of the four Boyd children, was graduated this year from the University of Islam, a school with grades 1 through 12. The Boyd family lives in suburban Blue Island.

# United States Wins Over West Germany

DUESSELDORF, Germany (AP) — The United States, paced by Jim Ryun and Randy Matson, put on a second-day surge and defeated West Germany in a two-day track and field meet.

Leading only by seven points, going into the second day Thursday, the U.S. team won nine of 12 events for a 132-100 victory.

Ryun, the world mile and 1,500-meter record holder from Wichita, Kan., won the 1,500 meters, as he pleased, in 3:38.2. Jim Grelle of Oregon finished fourth.

Matson, of Texas A&M, the world record holder in the shot put, took his speciality with a heave of 68 feet, 1½ inches.

# Kathy Holds 2-Stroke Lead

PEKIN, Ill. (AP) — Shirley Englehorn, who stuck with golf despite two accidents that threatened to cripple her for life, has become the sentimental favorite to win the Women's Western Golf Open.

Kathy Whitworth, who has captured five tournaments this year and leads the money winners with $19,567, had a two-stroke lead over 26-year-old Miss Englehorn entering today's second round.

Kathy, who has taken nearly every women's title but the Western Open since turning pro eight years ago, shot a four-under-par 71 Thursday over the wind-lashed Pekin Country Club Course.

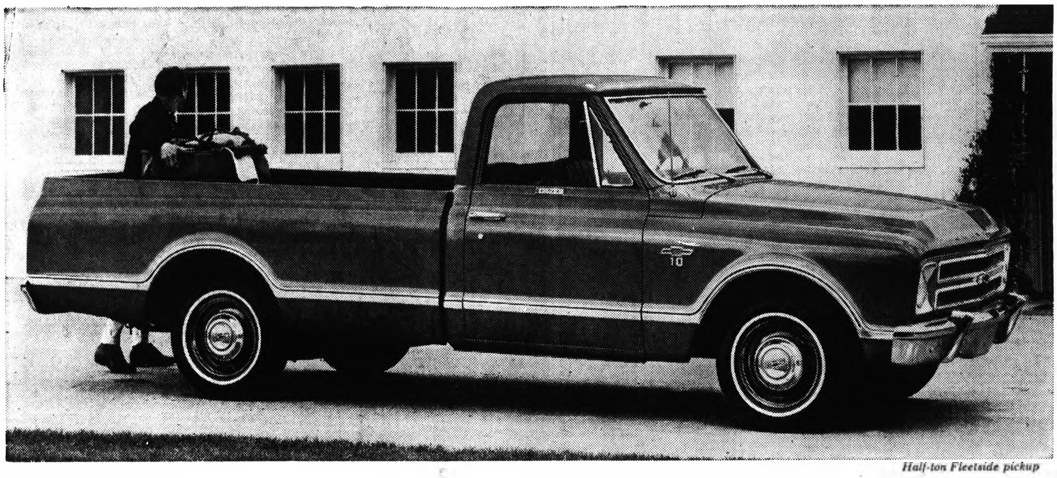
x Denotes Amateur

Year-end savings are just one reason to buy a Chevy pickup now.



Half-ton Fleetside pickup

Here are four more:

**BEST RIDE.** Truck engineered independent front suspension with coil springs gives you firm footing on any terrain. And you get exclusive coil springs at both rear wheels (Series C10, C20) for an extra-smooth road-balanced ride that's truck-tough, too!

**BEST BUILD.** Full double-wall side panels and tailgate on the Chevy Fleetside pickups protect the exterior appearance from unsightly damage. External welded joints on the pickup box have been eliminated to discourage corrosion. Self-washing fender skirts resist buildup of rust.

**BEST LOOKS.** Years-ahead styling—inside and out. Not just for looks, for workability too. You get superior forward visibility, generous leg and knee room plus a long list of special safety features—such as the GM developed telescoping lower steering shaft.

**BEST DEALS.** You know what "Year-End Savings" mean! This time of year your dollars have plenty of *buying* power! The sooner you move in, the sooner you can move out with the Chevy pickup that's just to your liking. Your present truck's trade-in value will never be higher! So come on in for big year-end savings on Chevrolet trucks. Right now!

# Title Decided in Slow Pitch

### Chalet Inn Winner of City Crown

A new Slow-Pitch champion was crowned last night in Pontiac.

Chalet Inn came from behind with two runs in the last of the seventh to tie the game at 7-all and then pushed across a run in the eighth to knock off defending titlist MGM-Shalea, 8-7.

**The triumph boosted the Chalet squad into the Michigan Recreation and Parks Association tournament which opens Monday in Madison Heights. The Pontiac champ faces the host team at 6:30 p.m. Monday at Varsity Field.**

In lower-bracket Slow-Pitch action, Moose 182 rapped out 14 hits and pushed Sport-O-Rama into the losers bracket with a 12-4 decision.

* * *

Butch Grambow collected a home run for the winners and teammate Dick Davis checked in with two singles and a double.

Sport-O-Rama now takes on Hagen Shell Monday at 7 p.m. at Northside with the winner of that game moving into the finals against Moose Tuesday at 6:45 at Northside.

# Wait Pays Off for Cal Ermer of Minnesota

MINNEAPOLIS-ST. PAUL (AP) — Waiting in the wings for years as a minor league manager has paid off for Minnesota Twins manager Cal Ermer, who's gotten a raise and a contract through 1968.

Cal Griffith, president of the American League baseball club, announced Thursday that he'd signed Ermer to a new contract, extending through next year. And Ermer presumably will get $35,000 in 1968, up from what was reported to be a $25,000 level pro-rated for this season after he took over the Twins' helm on June 9.

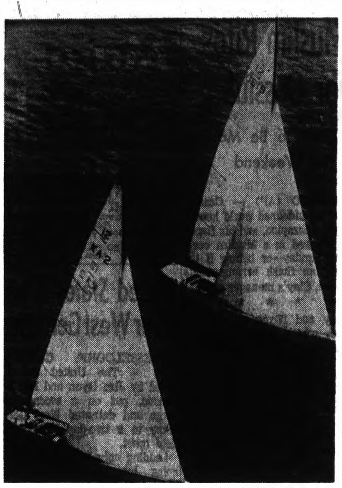
* * *

He replaced Sam Mele, who'd posted a 25-25 won-lost record this year. Under Ermer, the Twins have won 40 and lost 25 and have climbed from sixth to first place, with a 1½-game bulge over Chicago.

* * *

One of Ermer's chief advantages in his new post was his rapport with younger players who'd been under his wing at Denver in the Pacific Coast League. They united behind him on the Minnesota club.

Ermer said, "the first month or so was more or less getting to know each other. I got to know the players, and they got to know me. I've got a feel for the club now. I know more what each individual can and cannot do."



AP Wirephoto

TWO OF A KIND—The 12-meter yachts, Dame Pattie (left) and Nefertiti form a pleasing pattern as they move together under light breezes off Newport, R.I., where they practice for the America's Cup to be held next month. Dame Pattie is the Australian challenger, while Nefertiti is the American owned yacht with an Australian crew.

# TEEING OFF

By FLETCHER SPEARS

This comes a little late in the golfing campaign, but it's a subject that's never out of season.

Golf is a fun game for most, but there is a part of it that is most distressing: The lack of good manners by many of those folks chasing the little white ball.

Good manners in golf comes under the title of etiquette, and the lack of it is appalling.

The chief violators of the etiquette rules are those who fail to replace divots in the fairways and repair ball marks on the greens. Another violation that occurs frequently is unwarranted slow play.

* * *

**"Yest, it's (etiquette) quite a problem," says Ken Wilson, pro at Bald Mountain Golf Club, a course that draws some 1,500 players a week.**

"Mostly, it's a matter of education," Wilson says. "Some of the golfers just don't know any better.

* * *

"Of course, you have those who are like the people who run into your car in a parking lot. Golfers like those will never repair divots or ball marks.

## HELPS OTHERS

"Really, when they replace those divots and fix the marks on the green, they aren't helping us, they're doing fellow golfers a favor."

* * *

Much time and money is spent in publishing information instructing a beginner how to play the game, but there is little effort expended in informing the new golfer that he should do unto other players as he'd have them, etc.

**A suggestion Wilson offered that might help the situation a great deal—there's no quick cure — would be to have some one in an official capacity with each of the golf leagues instruct or provide instruction in the etiquette area. Some are doing it now.**

If you're a new golfer, there are pamphlets on etiquette available at most courses or golf equipment sales outlets, and it's a good idea to become familiar with the do's and don'ts. If none is available, keep in mind a couple of categories: Don't mar any part of the course and take time to repair the damage you do with the clubs; and try not to offend those playing with you or others on the course (talking while others are hitting or putting, for example).

# Senate Group Hears Dispute

### Board of Arbitration Pledges Assistance

WASHINGTON (AP) — Arbitrators of a bitter, longstanding battle between the nation's top two amateur athletic organizations have a Senate committee's pledge of assistance.

And the National Collegiate Athletic Association and Amateur Athletic Union, called the warring factions by arbitration board chairman Theodore Kheel, received a threat of legislation to settle their dispute unless they do it themselves.

* * *

Both the pledge and the threat came Thursday as the Senate Commerce Committee opened a two-day hearing on the dispute. Officials of their groups were to testify today.

"We'll give you any support you think we can give," Chairman Warren G. Magnuson, D-Wash., told Kheel.

Committeeman James B. Pearson, R-Kans., said while he didn't want to legislate a settlement, he had a proposal ready to submit to Congress if need be.

* * *

Magnuson expressed concern that failure to settle the dispute soon could result in adversely affecting the quality of the U.S. track team at next year's Olympic games in Mexico.

Main issue in the AAU-NCAA fight is sanctioning of open track meets — those including noncollegiate as well as college competitors. The AAU says it alone has authority to run such meets — a contention that involves lucrative television contracts and the nation's most prestigious track events.

**THURSDAY'S FIGHTS**
By The Associated Press

PORTLAND, Maine — Jimmy McDermott, 166, Holyoke, Mass., outpointed Freddie Williams, 175, New York, 8.

LOS ANGELES — Bobby Valdez, 126, San Diego, Calif., knocked out Alex Benitez, 126, San Jose, Calif., 5. Valdez won California featherweight title.

TOKYO — Hidemori Tsujimoto, 135, Japan, knocked out Norm "Kid" Langford, 133½, Australia, 4.

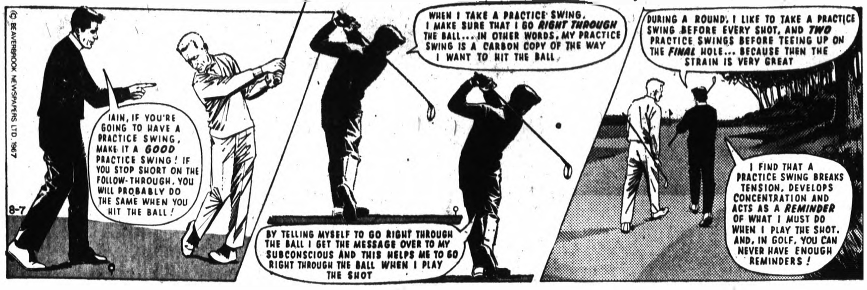
## GARY PLAYER'S GOLF CLASS: Always have a practice swing



© BEAVERBROOK NEWSPAPERS LTD. 1967
8-7
IAIN, IF YOU'RE GOING TO HAVE A PRACTICE SWING, MAKE IT A GOOD PRACTICE SWING! IF YOU STOP SHORT ON THE FOLLOW-THROUGH, YOU WILL PROBABLY DO THE SAME WHEN YOU HIT THE BALL!
WHEN I TAKE A PRACTICE SWING, I MAKE SURE THAT I GO RIGHT THROUGH THE BALL... IN OTHER WORDS, MY PRACTICE SWING IS A CARBON COPY OF THE WAY I WANT TO HIT THE BALL
BY TELLING MYSELF TO GO RIGHT THROUGH THE BALL I GET THE MESSAGE OVER TO MY SUBCONSCIOUS AND THIS HELPS ME TO GO RIGHT THROUGH THE BALL WHEN I PLAY THE SHOT
DURING A ROUND, I LIKE TO TAKE A PRACTICE SWING BEFORE EVERY SHOT, AND TWO PRACTICE SWINGS BEFORE TEEING UP ON THE FINAL HOLE... BECAUSE THEN THE STRAIN IS VERY GREAT
I FIND THAT A PRACTICE SWING BREAKS TENSION, DEVELOPS CONCENTRATION AND ACTS AS A REMINDER OF WHAT I MUST DO WHEN I PLAY THE SHOT. AND, IN GOLF, YOU CAN NEVER HAVE ENOUGH REMINDERS!

# Player Surprised at Firing Opening 65

WEATHERSFIELD, Conn. — "I can't believe I shot a 65," said Gary Player of South Africa after becoming the first round leader at six-under-par in the $100,000 Greater Hartford Open Golf Tournament.

"I've been cutting trees, riding horses, driving a tractor on my farm for four weeks with only one practice round," Player said.

* * *

"Fantastic" was the way he described how his putter worked over the greens of Weathersfield Country Club as it gave him a one stroke lead over Terry Dill of Austin, Tex.

Player sank birdie putts from 35, 30, 20 and 18 feet during his round, and three others in the 8-12 foot range Thursday. Dill had similar putting luck in his 66, getting six birdies on putts ranging from 15 to 35 feet.

Dill ignored a request to tell more about his round at the press tent, saying: "Every time I have shot a good round this year and then gone to the press room, I've shot a 76 or 77 the next day."

Player's venture away from his 1,000-acre farm near Johannesburg was his first taste of competitive golf since the British Open in early July. He's won $25,703 in the United States this year, but the closest he's come to a title was a loss to Miller Barber in a playoff at the Oklahoma City Open.

"I'm in the process of making a decision," Player said, "whether to play more or give it up. I can't go popping over the ocean a dozen times a year just like its around the corner."

Several of the major stars of golf, including this year's leading money winner, Arnold Palmer, and U.S. Open champion Jack Nicklaus and PGA winner Don January skipped the Greater Hartford Open.

* * *

Chi Chi Rodriguez, who had 69 Thursday to be among 46 professionals who bettered the par of 71, said of their absence: "It's about time that they let us little guys win a few tournaments."

Among those off to a good start Thursday was 22-year- old Bob Lunn of Sacramento, Calif., with four-under-par 67. Lunn's best finish in his rookie year has been 32nd in the Minnesota Classic earlier this month. Also at 67 was Lee Trevino, an El Paso, Tex., club professional who learned just how attractive the pro tour might be when he earned $6,000 for finishing fifth in the U.S. Open in June.

Joining the golf tour in earnest a few weeks ago, the 27-year- old Trevino was accompanied by his wife and two-year-old daughter Claudia.

# Older Girls Thwart Bids by Teen Golfers

PASADENA, Calif. (AP) — A pair of 28-year-old roommates, resisting the youth movement at the USGA Women's Amateur Golf Championship, and a pair of poised youngsters collide today in the semifinals.

Phyllis "Tish" Preuss, the medalist from Pompano Beach, Fla., and Jean Ashley, the 1965 champion from Chanute, Kan., meet in the match of the older girls.

* * *

While 19-year-old Lou Dill of Deer Park, Tex., and 20-year-old Peggy Conley of Seattle, Wash., are paired in the other bracket.

Miss Preuss, winless in 10 women's amateurs, did her part to thwart the youthful takeover when she eliminated Jane Bastanchury, 19, of Whittier, Calif., 1-up, in Thursday's quarter-finals.

Miss Ashley, who is rooming with Miss Preuss, scored a relatively easy victory over 18-year old Martha Wilkinson of Fullerton, Calif., 3 and 2.

Miss Dill, the daughter of a golf pro, ousted the youngest quarter-finalist, 16-year-old Marianne Cox of Santa Ana, Calif., with a 2-up triumph.

**ART STUDENT**

And Miss Conley, an art student at the University of Washington, edged a veteran, Mrs. Scott Probasco of Chattanooga, Tenn., 1-up.

Miss Preuss took a 3-up lead at the turn over Miss Bastanchury, the Trans - Mississippi champion, then faltered to lose two holes on bogies. But both parred the last five holes as Tish held onto her narrow lead.

"The big difference was that I was able to get some putts, and Jane couldn't," said Miss Preuss, runner-up in 1961.

Three straight birdies on Nos. 8, 9 and 10 gave Miss Ashley, a schoolteacher, a 2-up lead over Miss Wilkinson, the national collegiate champion. Jean then won the 13th and 16th with pars to close out the match.

"Going from 1-down to 2-up in three holes really gave me a big boost," said Miss Ashley. "I got some confidence and my game got stronger."

Miss Dill took a 3-up lead after seven holes, but Miss Cox came back to go 1-up after 12. Then Lou produced birdies on the 14th, 16th and 18th to clinch the win.

Miss Conley took a 3-up margin over Mrs. Probasco after 11 holes, but the former Tennessee state champion came back to cut the spread to 1-up.

# City Juniors Take to Links

## Tournament Monday to Decide Champ

The city's young swingers will determine who wears the city golfing crown Monday at Pontiac Municipal Course on Golf Drive.

A field of 56 boys will head onto the course, with 14 of them battling for honors in the championship flight.

* * *

In that top flight, Richard Kallis, with a handicap of four, is expected to set the pace. Only two girls are entered- Debbie Condon and Barbara Rose.

**PONTIAC YOUTH TOURNAMENT**
**Pairings—Starting Times—Monday**
**Championship Flight (South Side)**

8:30 — John Cairo, Steve Kuechle, Dennis Vallad; 8:36 — Dick Sumpter, Tom Hillsey, Steve Foster; 8:42 — Steve Kurth, Steve Greenbalgh, Mike Smith, Ken Moore; 8:48 — Craig Smith, Ron Smith, Tom Condon, Richard Kallis.

**First Flight (North Side)**

8:56 — Richard Tsou, Mark Martin, Debbie Condon, Barbara Rose.

8:30 — Jerry Vought, Bob Houghton, Lynn Schwartz; 8:36 — Steve Cuttrell, Randy Hudnell, John Paulson; 8:42 — R. Lavoie, Andy Alexander, Dan Romine; 8:48 — Ed Williamson, Dave Houston, Ken Richard; 8:56 — Steve Wilcox, Joe Guillean, Henry Kerr; 9:02 — Bill Lessner, Roger Strait, Rick Morris; 9:08 — Mike English, D. Scully, Randy Lingenfelter.

9:14 — D. Jamnik, Steve Hoffman, Lance Haas; 9:20 — Joe Saunders, Hyatt Gee, R. Jamnik; 9:26 — Tom Hoffman, Steve Fleming, Dave Gabert; 9:32 — Robert Wallett, Hal Bigelow, Mike Gaffney; 9:38 — Jim Karagosian, Mike Csizmadia, Gary Bruneel; 9:4 — James Staley, Steve Williamson, Robert Karagosian; 9:50 — Barbara Rose, Debbie Condon.

8:56 (South Side) — Richard Tsou, Mark Martin, Ron Wood.

# Parnelli Triumphs With Loaned Auto

MILWAUKEE, Wis. (AP) — Parnelli Jones won the 200-mile late model stock car race at State Fair Park Thursday, driving a borrowed 1967 Ford after racking up his own vehicle in a morning practice run.

Jones, from Palos Verde, Calif., finished in 2 hours, 5 minutes, 48.11 seconds.

Jack Bowsher of Springfield, Ohio, owner of the first place car, finished second in another '67 Ford.

Norm Nelson of Racine, Wis., was third in a '67 Plymouth, followed by Al Unser of Albuquerque, N.M., in a 1967 Dodge and Bay Darnell of Deerfield, Ill., in a '66 Plymouth.

## Pontiac Bay Filly Wins

Miss Lyndy Bird, a two-year-old bay filly owned by Marguerite and Sidney F. Lockhart of Pontiac, won Thursday's fourth race, a conditioned pace, at Hazel Park Harness Raceway. The winning time was 209 4-5 as she scored her third win of the year.

# Women After Golf Crowns

Two club championships for women members will be decided today at Orchard Lake and Pine Lake Country Clubs.

At OLCC, defending champion Mrs. W. L. Mosher, Jr., seeking her sixth club title, is facing Mrs. T. H. Guething in match play.

Mrs. Guething is after her second club title.

Kathy Shanahan headed into the final round today with a seven-stroke lead in the Pine Lake Women's 54-hole golf tournament.

Miss Shavahan had a 36-hole total of 166. In second place was Mrs. C. P. Mehas.

# Rival Church Nines Compete

All-Star teams from Pontiac and Waterford church softball leagues will collide tomorrow night at Northside Park in Pontiac.

Players making the second team in the All-Star lineups will meet in a 7 p.m. game, and the first team players take the field at 9.

## Phillies Take 5-2 Victory

# Strategy Backfires for Lippy

**By the Associated Press**

Leo Durocher kicked the sleeping dog, and it nearly bit off his leg.

Durocher, playing the percentages, ordered Philadelphia's Tony Gonzalez intentionally walked in the 12th inning of Thursday night's game to pitch to Rich Allen.

* * *

Now ordinarily that wouldn't qualify as a terribly safe move. But Chicago pitchers had retired Allen four times and, with Cookie Rojas on second carrying the winning run, a walk to Gonzalez did set up a potential double play that could get the Cubs out of the inning.

* * *

Instead, the strategy got them right out of the ball game.

Allen hammered his 20th home run, over the right field wall, giving the Phillies a 5-2 victory.

* * *

In the only other National League games, Houston blanked Los Angeles 4-0 behind Dave Giusti and New York split a doubleheader with Pittsburgh, winning 6-5 and then losing by the same score in 14 innings.

* * *

Rojas had opened the Phillie 12th with a single and was sacrificed to second. Then Durocher ordered the intentional walk to Gonzalez and Allen made him regret the move.

**TIED GAME**

Ferguson Jenkins, looking for his 17th victory, took a 2-1 lead into the ninth but singles by Johnny Callison, Clay Dalrymple and Gary Sutherland, tied it for Philadelphia.

* * *

Giusti scattered eight hits against the Dodgers and Ron Davis' three-run double drove in all the runs he needed.

* * *

Bud Harrelson's first major league homer, an inside-the-park shot that eluded Pittsburgh rightfielder Al Luplow, broke a 4-4 tie in the eithth inning of the first game and helped the Mets to their victory.

* * *

Harrelson popped the ball into short right, and Luplow missed a shoestring catch and then lost the ball in the Pirate bullpen as Harrelson circled the bases.

* * *

Juan Pizarro, loser in the opener, came out of the bullpen and picked up the second game victory when Manny Mota singled Roberto Clemente across with the winning run in the 14th inning. Clemente, who drove in the tying run in the ninth inning, started the winning rally with a single.

## Steels Take Upturn

# Market Gains, Trade Active

NEW YORK (AP) — The stock market posted a small gain early Friday afternoon. Trading was active.

News that Bethlehem had raised steel prices accompanied a mild upturn in the leading steel stocks.

* * *

Bethlehem itself was up only a fraction, along with U.S. Steel. Gains of nearly a point were made by Republic Steel and Jones & Laughlin.

In the over-all list, gains outnumbered losers by a ratio of 3 to 2.

The Dow Jones industrial average at noon was up 2.20 at 920.25, somewhat below its best level of the morning.

* * *

Merger and takeover candidates among listed stocks preoccupied most of the trading element. The general atmosphere, however, seemed still to be under the restraint of such factors as the approach of the Labor Day milestone, the possibility of an auto strike, the question of the timing and amount of a tax boost and the technical need to consolidate gains of the summer rally.

The Associated Press average of 60 stocks at noon was up .4 at 338.0 with industrials up 1.2, rails up .1 and utilities off .3.

An outstanding feature was news that Allis-Chalmers directors had rebuffed for a second time a takeover bid from Ling-Temco-Vought.

* * *

Allis-Chalmers was swamped with orders, finally opening on a huge block of 75,000 shares, down 4¾ at 38. It trimmed about a point from the loss in later dealings.

L-T-V, meanwhile, added another 2 points or more, possibly helped by a prominent published (Wall Street Journal) account of the acquisition-minded company.

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1967 plus stock dividend. e—Paid last year. f—Payable in stock during 1967, estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid so far this year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. n—New issue. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1966 plus stock dividend. t—Paid in stock during 1966, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to interest equalization tax.

# Car-Talk Focus on Local Issues

## Sides Trade Blame for Lack of Progress

DETROIT (AP)—With national-level negotiations recessed until next week, the Big Three auto makers and the United Auto Workers are taking a weekend reading on local-level bargaining.

At-the-plant agreements supplement national contracts at General Motors Corp., Ford Motor Co. and Chrysler Corp. Both the companies and union complain of lack of progress so far. Each blames the other.

* * *

The - at - the - plant working agreements proved more troublesome in both in 1961 and 1964 than did national economic issues handled by top-level executives of the union and the auto makers.

In 1964 Ford was crippled for more than two weeks and GM for more than five weeks by walkouts stemming from unsettled local-level demands. By comparison GM was struck only 11 days over national issues; Ford not at all.

**26,693 DEMANDS**

Earl R. Bramblett, GM director for labor relations, says there now are 26,693 union demands on local tables, compared with a total of 24,160 in 1964.

Sidney S. McKenna, Bramblett's counterpart at Ford, says his company faces 7,500 local-level demands, about twice the number it did in 1964, and in addition, the company itself has made about 400 proposals for changes in plant work rules.

* * *

Issues at the local level cover a wide range — from alleged speedups adding work to individuals to request for canopies from parking lots to factory doors.

Top union negotiators went home for conferences with local leaders. The companies said Detroit teams would be confering meanwhile with management in the field.

**LARGE TURNOUT**

While home, the union bargainers were expected to urge a large turnout for a strike authorization vote next week. All the Big Three locals are under orders to have the results of their vote into UAW headquarters by next Friday.

UAW leaders have called on the membership to give its bargainers the authority to call a strike in support of demands, if and when they deem such action necessary.

# Waterford Girl Reported Raped

Sheriff's officers are seeking a man in connection with the reported rape of a 16-year-old Waterford Township girl last night.

* * *

The girl escaped from her attacker before midnight and was treated at Pontiac General Hospital for cuts on her hand.

Officers said she was bruised or scratched on her face, neck and legs.

# Area Mishap Injures Man

A 44-year-old White Lake Township man is in fair condition today at St. Joseph Mercy Hospital after a collision last night at Haggerty and Pontiac Trail in West Bloomfield Township.

Sheriff's officers said Dominic J. Torella Jr., 44, of 684 Lakeview, was injured about 9:10 p.m. when his car failed to stop behind another car pulling a trailer.

* * *

Torella had a boat and trailer attached to the rear of his car. He said he did not see, in time, the car and trailer stopped at the light on northbound Haggerty.

After the collision, the other car, driven by Robert L. Plaint, 31, of 8666 Buffalo, Commerce Township, was driven across the intersection and his trailer onto Pontiac Trail, deputies said. The boat being pulled behind Torell's car overturned in the middle of the intersection.

# '68 Truck Prices Average $104 Hike

Tentative 1968 truck factory list prices with increases averaging $104 were released to dealers yesterday by GMC Truck and Coach Division.

Factory list price increases range from $7 to $193 more than the 1967 models.

**An average increase of $86 covers formerly optional features which will be standard on most new models, according to a GMC spokesman. This equipment includes exhaust emmision controls systems mandatory by federal law, seat belt retractors, larger rear windows, safety fuel tanks, high capacity alternators, and clearance and identification lights.**

The price increase over total factory cost for comparably equipped 1967 models averages $18 or less than 1 per cent. This increase for the most part reflects product improvements which were not previously offered, such as side markers, improved door locks, and instrument panels, said a GMC spokesman.

* * *

Option prices on certain transmission and trim options for the new models have been reduced.

**Dealers were given the tentative factory prices so they could take firm orders from their customers.**

Dealers were given the tentative factory prices so they could take firm orders from their customers.

**Final 1968 model prices will be determined at a later date. Should the final price be higher "price protection" — no increase in cost — will be extended to cover all firm retail orders. If final prices are lower, refunds will be made to dealers, explained the spokesman.**

The 1968 models are already in production and will be released to dealers as finished. Many are custom built to fit particular applicants.

* * *

Factory list prices do not include excise taxes, delivery and othr handling charges. These costs are added to the retail prices which are usually around 7.5 per cent higher than the factory list price, explained the GMC spokesman.

# 2 Workmen Die as Beams Fall

## Construction Accident Leaves Three Injured

WEYMOUTH, Mass. (AP)—Three 60-ton beams forming part of an aircraft hangar under construction collapsed today at South Weymouth Naval Air Station. Police said two men were dead and three injured.

The collapse buried workmen beneath rubble and Navy men and police began digging out trapped personnel.

* * *

Two 30-ton cranes were demolished in the accident.

A man at the scene said four of the cranes were lifting the huge precast concrete beams into place atop girders.

Three of the beams were in place and the crew was working on the fourth when something slipped and it crashed, carrying the others down.

**90-FOOT SPAN**

The beams have a 90-foot span. They landed on a concrete floor.

The accident occurred on the site of the station's old 800-foot blimp hangar torn down a year ago. The replacement hangar, about half as long as the old one, was to have been dedicated Sept. 30. The station is located about 17 miles south of Boston.

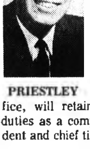
* * *

A Navy public relations officer said the collapse buried "several civilian workers and equipment beneath it."

"Navy and local police are presently digging out the personnel from the wreckage and at this time five are known injured."

# Business Notes

Allen E. Priestley of 2973 Edgefield, Waterford Township, has been appointed to the newly created post of manager of Wayne County Regional office of Burton Abstract and Title Co., Detroit. The firm serves entire state.



PRIESTLEY

Priestley, who will be based at the Detroit office, will retain his titles and duties as a company vice president and chief title officer.

# News in Brief

Sheriff's officers are investigating the reported theft of a mailbox and post from the road in front of 2550 Flintridge, Orion Township. Mrs. Andrew Derdder said the box was taken between 10:30 a. m. Wednesday and 9:30 a. m. yesterday.

**Wayne S. Brandon** of 2266 Newberry, Waterford Township, reported to township police yesterday the larceny of 10 stereo tapes, valued at $80, from his car parked at 4195 Dixie.

**O.B.C.A. Auxiliary Rummage** Sale, 3829 Anoka, off Walton and Dill, Aug. 19th, 9 a.m. —Adv.

# Ford Appoints Fair Architect

A Bloomfield Township man, Gunnar Birkerts of 1830 E. Tahquamenon has been selected as architect for the Ford Motor Co. pavilion at San Antonio's international exposition, "Hemis Fair 68."

BIRKERTS

Head of a Birmingham architectural firm Gunnar Birkerts and Associates, Birkerts is also an assistant professor at the University of Michigan teaching advanced design.

* * *

He was architect for a recent addition to the Detroit Art Institute and of the Fisher Administrative Center at the University of Detroit.

Henry Ford II, chairman of the company, when announcing plans for the major entertainment feature, said "A fair should educate, but it also should be fun. We will make our exhibit, like San Antonio and HemisFair itself, an interesting, exciting place to visit."

# Romney Names Belleville Man to Indian Group

LANSING (AP)—Gov. George Romney has appointed John Winchester of Belleville to the State Indian Affairs Commission for a term ending July 21, 1971.

Winchester, a production supervisor for Ford Motor Co., is a former director of the National Indian Youth Council.

* * *

The governor also yesterday named Dr. E. George Schutt of Lansing, recently retired as deputy state superintendent of public education, to the State School Districts Reorganization Committee.

He succeeds Sen. Gordon Rockwell, R-Mount Morris, who resigned from the committee when he was sworn in as a member of the Senate.

# Romney Plans Pollution Talk

CHARLEVOIX (AP) —Gov. George Romney will speak on air and water pollution at the dedication Monday of the new $25 million Madusa Portland Cement plant at Charlevoix.

The plant, a complex of buildings housing highly automated equipment, will employ about 100 workers, according to the company.

# Benefits Office Changes Hours

The social security office at 21 S. Glenwood will be open Wednesdays from 8:45 a.m. to 7:45 p.m. beginning next week, Eino J. Heino, district manager said today.

The new evening hours will replace the present Saturday morning hours which have been discontinued.

**"We hope that many people who might find it difficult to get to our office during regular working hours will find this more convenient," said Heino.**

Hours for Monday, Tuesday, Thursday and Friday are from 8:45 a.m. to 4:45 p.m.

* * *

Anyone retiring within the next two to three months should file claims as soon as possible, Heino said.

Claims for Medicare protection can also be made by people nearing age 65 whether they plan to retire or not.

# Model Airplane Exhibit Is at Pontiac Mall

An aeromodeling exposition hosted by the Pontiac Model Airplane Club is at the Pontiac Mall through tomorrow. More than 250 model airplanes are on display, including tiny indoor ships and large scale radio controlled models.

Ribbons have been awarded to the best models in different classes.

* * *

The local club, organized in June 1966, has 85 members of which more than half are youngsters. The club, sponsored by the Parks and Recreation Department, meets every other Wednesday. The flying site is located on the Pontiac State Hospital grounds on Johnson.

Also participating in the display are clubs from Lansing, Royal Oak and Detroit.

# 9 Plants End Changeover, Autos Rolling

DETROIT (AP)—Automobile production rose 32 per cent this week as nine more plants joined those now turning out 1968 model cars.

Six resuming operations after the model changeover were Ford Motor Co.'s plants in Chicago, Dallas, Tex., Louisville, Ky., Mahwak, N.J., St. Paul, Minn., and Norfolk, Va., the trade magazine Automotive News reported Thursday.

* * *

In addition, Oldsmobile began turning out 1968 models in Lansing, Mich., Buick began its first 1968 model production in Flint, Mich., and American Motors started making its new Javelin.

Automotive News said assemblies this week numbered 45,246 compared with 34,273 last week and 24,464 for the same week in 1966. For the calendar year, output reached 4,534,352 as opposed to 4,437,189 for the same span in 1966. August production moved to 98,681.

**TRUCK PRODUCTION**

Truck production also climbed with 19,760 assemblies during the week compared with 9,736 the week before and 13,241 for the same week in 1966. Truck production for 1967 rose to 1,021,367 compared with 1,151,180 for the same 1966 period. The August total was 37,281.

# Treasury Position

# Watts Youngsters Beginning Pastoral Vacation

CAMP ROBERTS, Calif. (AP) — Plucked from the asphalt playgrounds of Watts, the Los Angeles district torn by riots in 1965, an excited army of Negro youngsters begins a pastoral vacation today.

The approval of federal agencies and a dozen local government and private groups was needed for this experiment in the war on poverty.

* * *

For two weeks 2,400 city children will work as well as play in the rolling, sun-baked hills 250 miles north of Los Angeles.

Use of the long-time Army training base was authorized late Wednesday. The project, sponsored by the Watts Labor Community Action Committee, was prepared in a whirlwind.

**WIDE ACCEPTANCE**

"No project proposed in our community has ever received such wide acceptance," Mayor Samuel W. Yorty told the Los Angeles City Council in a rare appearance before the group Wednesday.

Yorty pleaded for $5,000 in city funds needed to pay 30 city bus drivers to take the poverty-area children to the camp in 48 school buses. The council approved the spending unanimously.

* * *

Already on hand before the first buses arrive were 30 cooks furnished by the AFL-CIO Marine Cooks and Stewards Union.

About 35,000 pounds of fresh fruit and vegetables were donated by members of the California Council of Growers. The produce was being collected at a dozen distribution points throughout northern and central California.

**WON BACKING**

The summer work-play project was proposed by Ted Watkins, who heads the Watts labor group. It quickly won the backing of Vice President Hubert H. Humphrey, and Mike Horowitz of President Johnson's Council on Youth Opportunities worked all of Thursday cutting through red tape to make final arrangements. The youngest of the boys and girls were first in line with other groups leaving Los Angeles daily next week.

No specific plans have been made on jobs for the youngsters, officials said.

* * *

Watkins said children from poorer areas of Los Angeles in addition to Watts may also get the vacation. Eventually, he said, it hopes the program can be expanded to take care of a million boys and girls at military installations throughout the United States.

"We hate to turn down any kid," Watkins said.

# Arab Refugees to Return Home

## 80,000 Jordanians Await Repatriation

ALLENBY BRIDGE, Israeli-held Jordan (AP)—The first of thousands of Arab refugees who fled across the Jordan River in June began returning to their homes in Israeli-held territory today.

But many in Israel bemoaned their return.

* * *

About 600 Jordanians were expected back today. The refugees were first processed on the Jordanian side of the river by the International Red Cross, Jordanian and Israeli officials.

Then, carrying their clothing and rudimentary household possessions, they crossed the rough wood planking that now serves as the Allenby Bridge. The steel bridge was destroyed in the war. Other refugees crossed at Umm As-Shurat, 10 miles to the north.

On the Israeli side, the refugees were loaded into trucks and driven to their homes. The returning Arabs today were from Jenin, Nablus, Tulkarm and Kalkilya.

The International Red Cross said the refugees would cross the river at the rate of 1,000 a day. But Jordan reportedly could arrange for only 600 to cross today. It said 21,000 repatriation forms, representing 80,000 persons, have been turned over to Israeli authorities for clearance.

# Gardeners to Hold Show

Aug. 26 and 27, the Oxford Garden Club will hold its 33rd Annual Flower Show "How Does Your Garden Grow?" at the Daniel Axford School, Mechanic Street, Oxford.

* * *

Show hours on Saturday will be from 3 to 10 p.m. and Sunday from noon to 7 p.m.

**Mrs. William Rossiter is the general chairman for this year's event. She is assisted by Mrs. Harley Wallwork, children's chairman; Mrs. Walter Hubble, publicity; and Mrs. C. H. Teague, chairman of judges.**

Other chairmen include Mrs. Ray Forman, artistic arrangements class; Mrs. Mahlon Stevens, unusual containers; Mrs. Max Mellinat, my creation; Mrs. Russell Groh, miniatures; Mrs. Floyd Bowles, vegetables and fruit; and Mrs. Joseph Linstruth, house plants.

* * *

Mrs. Otto Gilomen and Mrs. Josephine Skinner will serve on the 11-sectioned artistic arrangements class.

OTHER CHAIRMEN

Still others are Mrs. Harold Ehle, bulbs and roses; Mrs. Harvey Acheson, annuals and perennials; and Mrs. Mark Van Wagoner, tables.

**Classification and entry details will be handled by Mrs. Lloyd French, chairman; Mrs. Earl Alleman, Mrs. G. F. McGaughey, Mrs. Ray Forman and Mrs. Laura Miller.**

In charge of placement are Mrs. Gilomen, chairman; Mrs. Bowles, Mrs. Andrew Althouse; Mrs. Thomas Curtis and Mrs. Gerald Smith.

Mrs. Maurice Miller and Mrs. Edward Miller made the church arrangements.

**Clerks for the show are Mrs. Ehle, chairman, Mrs. Frank Hunn, Mrs. Wallwork, Mrs. John Moses, and Mrs. Herman Weigold.**

Assisting Mrs. Teaque, hostess chairman, are Mrs. Delbert Matthews, Mrs. Moses, Mrs. J. C. Haines, Mrs. R. C. Smith, Mrs. Fred Blow and Mrs. Groh.

Exhibits will be accepted Aug. 25 from 8-11 p.m. and Aug. 26 from 8 to 11 a.m.

Accessories, dried, processed material or minimum permanent material may be used in all sections.

Anyone interested in entering an arrangement may do so. It is not necessary to belong to the club.

## Lawn and Garden News

Welcome Wagon Garden Club

# Prospective Member Tour

By JODY HEADLEE
Pontiac Press Garden Editor

The months of organizational effort and instructional meetings are beginning to pay off for the Welcome Wagon Garden Club.

The club is inviting prospective members to join them in a combination garden tour and art show Thursday from noon to 3 p.m.

OPEN TO PUBLIC

Any woman who would like to become a member is asked to participate in the tour. The only prerequisite to membership is a genuine interest in gardening.

**The progressive tour will begin at the home of Mr. and Mrs. Lou Kondur, 5821 Tabor, West Bloomfield Township. Featuring many perennials and annuals, the focal point in the Kondurs' landscape is a formal sunken garden complete with pool and fountain.**

Moving on, at 12:45 p.m. tour guests will view the American interpretation of a Japanese garden at the John Blairs, 4521 Patrick, West Bloomfield.

* * *

Perennials complement the arrangements of rock, stone and wood in the terraced formal garden. A pagoda roof covered retreat with sunken barbecue gives evidence to the Blairs' interest in outdoor entertaining.

**At 1:30 p.m. the group is to arrive at Mr. and Mrs. Joseph Kardas' garden, 5957 Dunmore, West Bloomfield Township.**

The rustic garden provides an ideal setting for the Kardas' ranch home. Included in the landscape are outcroppings of natural rock, trees, shrubs and perennials.

The lower level of the terraced back yard remains in its natural state, a perfect habitat for area birds.

ART SHOW

Paintings by Betty Mallow will be exhibited at the Kardas' home. Mrs. Mallow recently won a second prize in the Annual Ford Art Show. The prize oil will be displayed.

**Mrs. Mallow has been instrumental in helping the Welcome Wagon garden members launch its Garden Basket project by stocking it with miniature oils.**

The Garden Basket has been donated by the members for sale and the proceeds are entered into the club's treasury, the group's only fund raising venture to date. Gift items are

* * *

Flower arrangements by club members will also be featured on the tour.

The club meets every third Tuesday at 1 p.m. in the conference room of the Birmingham Federal Savings & Loan Association, 3700 W. Maple at Lahser.

Pontiac Press Photo

PRELIMINARIES — Getting the flower arrangements ready for the Welcome Wagon Garden Club's Prospective Member Garden Tour are (from left) Mrs. Thomas Lee of 6910 Wild Ridge, Mrs. Grover Mallin of 6919 Wild Ridge and Mrs. Joseph Kardas (president) of 5957 Dunmore, all of West Bloomfield Township. Women interested in gardening who would like to join the club are invited to participate in the tour. Refreshments will be served at the Kardas home.

# You Can Eat These Daisies

"Daisies" are very easy to make after you've picked ears of strawberry corn from your garden. First open the husks carefully and bend them away from the ear.

Let water run over the husks until they are damp, meanwhile keeping the ear dry. Then bend the dampened husks back far enough to they will lie flat on a table while the ear stands upright.

**Cover the husks with wax paper and weight them with books high enough so they hold the ear upright.**

Leave the books in place overnight. When you take them away in the morning you'll find that husks and ear now form a daisy shape.

* * *

The "stem" of the daisy is made from a piece of wire coat hanger bent at a slight angle at one end and poked into the stem end of the ear. Sometimes you have to use an ice pick to make a hole in the ear before you can poke in the wire. Inserting this stem finishes the daisy.

You can make corn daisies to sell. The daisies are fun to make and use for favors at an autumn party or for decorations at a flower show or fair. Best of all, after you've made and used them for one of these purposes, you still have the ear left and can pop the kernels and "eat" the daisy.

## Mower Tips

When moving your power mower across drives, walks or roads, stop the engine. Small stones and pebbles can be picked up and thrown by the mower's blades.

# Plant Root Systems Need Food for Growth

Let's face it, roots are dull. There isn't the glamour of a rosebud developing into perfection or the magnificent panorama of flowering shrubs with its background of healthy foliage.

But—sturdy root systems are the very foundation which insure exciting display above ground. Top growth and blooms depend on a supply of deep water and nutrition to promote vital root growth. The goal in applying fertilizer to the soil is to provide nutrient elements for absorption by the plant roots.

**Fertilizers applied to the soil surface do not supply food immediately to plant roots and much plant food is wasted when applied to the surface. The nutritive elements in the fertilizer must first be dissolved in water before they can be taken into the plant through feeder roots.**

Passing upward, these nutrients play a vital role in many different life processes of the plant. A tree or shrub, thus maintained in a healthy condition is not only more attractive but may be more resistant to attacks by insects or diseases.

* * *

Conditions detrimental to the growth of trees and shrubs are three-fold — drouth, starvation and suffocation. So you prevent this by supplying water, plant food and good drainage.

**PROCEDURE**

There are two methods of root feeding. One is to bore deep holes in the lawn around the plant, partially fill these holes with fertilizer and replace a portion of the plug. The treated area is then watered to dissolve the fertilizer, or the gardener waits for rain to complete the job.

**An easier, more effective way is to use the Ross Root Feeder and with the specialized plant food cartridges. The feeder is a tool which connects to the garden hose.**

It has a transparent chamber for plant food, a water shut-off handle, and a 27-inch pointed tube. Plant food cartridges are loaded into the chamber and the tube is pushed into the ground under the drip branches of the plant.

When the handle is turned, water flows through the chamber dissolving the cartridges and carrying the plant food in solution to the feeder roots of the plant. A root feeder such as this is used for trees, roses and shrubbery alike.

**There are a number of advantages to using a feeder. It leaves only a tiny hole, which quickly disappears. It feeds and waters at the same time, and plant food in solution can be absorbed and utilized quickly by the plant.**

It has been estimated that a tree with a spread of 50 feet will throw off through transpiration, in the form of water vapor, 30 barrels of water a day. Small plants, of course, require much less, but the actual quantity each kind and size of plant requires is surprising.

**Your general rule is to saturate the soil thoroughly, and do no additional root feeding until the excessive moisture has been used up. Surface sprinkling is to be avoided as it encourages many roots to develop more near the surface and dry out in the midsummer sun and wind.**

Homeowners expect their plants to grow well and to produce an abundance of leaves, flowers and fruit. To fulfill these expectations, the plants must have the necessary elements. The major ones are nitrogen, phosphorus and potassium.

* * *

The percentage of these elements in any commercial plant food is expressed by formulas such as 10-20-20, 5-10-5 and others. The first number denotes the percentage of nitrogen; the second, the phosphorus and the third the potassium.

**Nitrogen is for abundant twig and leaf growth. The lack of nitrogen results in a small yellow foliage. Since nitrogen is lost from the soil through removal by plant roots and through leaching out by heavy rains, the gardener must feed his plants regularly at recommended intervals.**

Phosphorus stimulates root growth, stimulates flower, fruit and seed production and hastens the maturing of tissues. Phosphorus does not move in the soil like nitrogen and potassium, so the injection of plant food with a feeder right to the root zone insures your plants of available phosphorus.

DIAMOND CRYSTAL RED OUT WATER SOFTENER SALT

# Pick Right Tool and Job Is Easier

Gardeners have often heard it said that the right tool makes any job easier — but, what makes the right tool is seldom mentioned.

Thus, to answer this question the editors turned to the experts of the Green Thumb Tool Co. a division of the Union Fork & Hoe Company who have furnished the following information as a guide by which one may choose.

**For digging one should consider first the long-handled shovel. This is an all-purpose item. It can be used to turn over the soil, to dig holes, or to move soil or other materials.**

The long handled eliminates the need for most of the bending, probably the most tiring part of digging, permits deep digging and the long leverage makes throwing easier.

* * *

The short, D-handled shovel, however, gets into smaller spaces and permits a better grip on the shovel which is important for heavier digging and moving heavier loads.

GARDEN AID

Still better for turning over soil is the standard, straight-bladed spade. Also, because it has a longer blade than a shovel, it prepares the soil deeper and is better for digging trees and shrubs

**But, where the soil is rocky or hard, the spading fork penetrates the best of all and is the lightest to handle.**

For smoothing soil, preparing seedbeds, etc. there is nothing better than a steel garden rake but for raking up leaves or grass clippings from the lawn switch to the broader fingers of a tempered steel broom rake. It will not dig in or tear out the grass.

* * *

Of course, for slicing off weeds beneath the surface or loosening the soil around plants the usual tool is a standard floral hoe but for getting into narrow spaces a small, triangular hoe is even better.

**For general cultivating around plants, however, many prefer a three to five-pronged cultivator. Still a most useful compromise tool, with the advantages of both hoe and cultivator is a two-pronged weeding hoe.**

Edgers and scrapers, too, find many uses and are often used interchangeably for cutting sharp edges on flower beds, cutting sod or chopping ice in winter.

* * *

For close hand work, as weeding and loosening the soil between small plants and in small places, there are a wide variety of short-handled cultivators, weeders, etc. as well as standard width and narrow or bulb trowels.

Finally, come the specialized tools like picks, grubbing hoes, grass hooks or sickles, and golf-clublike grass cutter. However, the important thing, is purchase only good quality tools, the best you can find. Low quality tools bring nothing but dissatisfaction

---

Prevent mowing accidents — before you mow your lawn, clear the work area of all children and pets.

# Marine Plants Are Studied

The south shore of New York's Long Island has one of the densest growths of certain marine plants ever found in the ocean. This is attributed to the large amount of nutrients entering the water in the form of pollutants.

* * *

Just what happens to plants when they receive such massive doses of nutrients is being investigated.

**Fertilization of waters has always taken place naturally from the washing of soil near water. But the amount of fertilization increases as man's activities mount.**

A New York State College of Agriculture oceanographer, Prof. John P. Barlow, says that plants at the bottom have a very slow rate of photosynthesis (manufacture of their own food).

* * *

But the algae appear to be able to absorb the organic material entering the water, furnishing nourishment that probably accounts in part for the dense growth near the river mouths.

Barlow says that by analyzing the effect of the fertilizer on plants, he and his aides hope to learn how much pollution can take place and still keep plant growth within bounds.

---

Isaac Newton is said to have thought up the law of gravity while sitting under an apple tree.

## Death Notices

ARMSTRONG, ALVIN; August 16, 1967; 2863 North Avalon, Avon Township; age 80; dear father of Mrs. Dorothy Newby, Mrs. Donna Martin and Robert Armstrong; dear brother of Mrs. Hattie Temple, Mrs. Sarah Williams, Arthur, Samuel and George Armstrong; also survived by 12 grandchildren and eight great-grandchildren. ### Card of Thanks 1

WE WISH TO EXPRESS OUR heartfelt thanks to our many friends, neighbors and relatives for their floral offerings and many acts of kindness during our recent bereavement in the loss of our father, Joseph M. Seiler. Special thanks to Rev. Lewis, Donelson-Johns Funeral Home and the pall-bearers. Mr. and Mrs. Ralph Seiler and Family.

### In Memoriam 2

IN LOVING MEMORY OF OUR darling, Mary Kathryn McClure, who passed away Aug. 18, 1959.

A little girl was needed
To make our home complete,
God sent you little Mary
Pure blossom like and sweet.
But ere his fingers loosed you
He had another thought
And back into his bosom
Our little girl was caught.
Just why he changed the pattern,
Is not for us to know
We tried to bear it bravely
Since he has willed it so
We're thankful to have seen you
This perfect bud of ours
And know that God will plant you
Among his rarest flowers.
Sadly missed by Mommy, Daddy, Sisters and Brothers.

IN EVERLASTING LOVE FOR OUR BELOVED SON, FREDERICK N. BACHMANN, WHO LEFT US SO SUDDENLY ONE YEAR AGO AUGUST 18, 1966.
IN THE PRIME OF LIFE,
YET GOD FELT BEST,
AND WHISPERED "COME AND REST"
YOU BADE NO ON A LAST FAREWELL,
DIDN'T EVEN SAY GOODBYE
YOU WERE GONE BEFORE WE KNEW IT
AND ONLY GOD KNOWS WHY.
LIFE WILL NEVER BE THE SAME WITHOUT YOU.
SADLY MISSED BY MOM, DAD, BILL AND DICK.

# Met Performs Tribute to Verdi

NEWPORT, R.I. (AP) — The Metropolitan Opera Company opened a 10-day Verdi festival Thursday night with a performance of "MacBeth" before a crowd of 2,500.

"Rigoletto" will be performed tonight and "La Traviata" will be the presentation Saturday night.

* * *

Rudolph Bing, general manager of the opera company, said box office receipts of nearly $300,000 will be needed to make the festival a financial success.

Rhode Island pledged $125,000 to underwrite the costs, and a civic group already has raised this cash.

**CAME IN 1966**

The Met first came to Newport's festival field — home of jazz and folk festivals — in 1966. Bing says he hopes the Met will be able to make Newport its summer home.

Tonight's production of "Rigoletto" will feature Roberta Peters, Peter Glossop and John Alexander.

# Back Aid Bill

WASHINGTON (AP) — Both Michigan Sens. Philip Hart, D, and Robert Griffin, R, voted for the $2.6-billion foreign aid bill when it passed the Senate Thursday night, 60-26.

Wells Jr. of Grand Blanc, James Wells of Goodrich and Ronald Wells of Pontiac; 16 grandchildren, three sisters, including Mrs. Oren Parrish of Pontiac; and two brothers.

# People in the News

By The Associated Press

RAINIER

Prince Rainier of Monaco and his three children threw food to dolphins, and the laughing youngsters were kissed by a seal yesterday in Los Angeles, Cal.

The vacationing prince toured Marineland with his children, Caroline, 10, Albert, 9, and Stephenie, 2½. Their mother, Princess Grace, was elsewhere in Los Angeles.

## Romney's Eldest Son to Marry Wednesday

**Scott Romney, son of Michigan Gov. George Romney, will be married next Wednesday to Renna Stern in the Mormon temple at Salt Lake City, Utah.**

**The governor's elder son, 25, and Miss Stern, 23, daughter of Mr. and Mrs. Will Harry Kraus of Bloomfield Hills, plan a private wedding. Only the couple's parents, brothers and sisters are expected to attend.**

**Following the ceremony, there will be a private wedding breakfast in a Salt Lake City hotel. Receptions will be held at the Bloomfield Hills Country Club and the home of Miss Stern's parents Aug. 25 and 27. About 700 persons have been invited.**

**The newlyweds plan a two-week honeymoon in New York City and Bermuda before moving to an apartment in Cambridge, Mass. Romney is studying at Harvard Law School.**

## Los Angeles Horn Blower Stops Traffic

The horn that blows at midnight in Los Angeles stops traffic. The horn—a tenor trombone—blasts away at the corner of Riverside Drive and Los Feliz Boulevard, where Jeff Tate, 19, chooses to do his after-dark practicing.

Jeff, who lives in a small apartment, said "this is really better than practicing in a room because I know some of the sound gets lost outside."

It isn't lost on motorists. "My husband and I were driving home from a cocktail party the other night," one woman recalled, "and all of a sudden we heard the music. When we first looked over and saw the young fellow playing a trombone, we thought we must be seeing things."

Jeff, a music major at the University of Redlands, explained the wide-open spaces are the only place he has to practice, next to Griffith Park.

# Stateside GI Unit Pondered

WASHINGTON (AP) — The Pentagon is considering forming a new division— potentially the Army's 18th—to replace home-based units destined for Vietnam.

Defense officials said Thursday this is one approach being studied to meet President Johnson's recent authorization of 45,000 to 50,000 more troops for the war.

* * *

About 34,000 of the men to go to Vietnam by mid-1968 will be Army troops, and an estimated half of these will be from active duty units kept in the continental United States as a military pool to meet possible emergencies abroad.

If the remaining two brigades of the 101st Airborne Division are dispatched to Southeast Asia as expected, the Pentagon may form the new division at Ft. Campbell, Ky., the 101st's home base.

**WASHINGTON POST**

Another possible base which has been mentioned is Ft. Lewis, Wash., former home of the Army's 4th division, now in Vietnam.

Indications are the majority of the remaining men in the new manpower authorization will be Air Force, with Navy units rounding out the total.

Gen. Wallace M. Greene Jr., commandant of the Marine Corps, said earlier this week no Marine units are involved in the latest buildup.

# Home Robbed

Some $275 worth of clothing and appliances were reported stolen Wednesday night or yesterday morning from a house at 590 Arthur.

George Randall told Pontiac police he returned home from work about 7 a.m. yesterday and found the items missing. He said a television set and a record player were among the items.

# Police Action

Pontiac police officers and Oakland County sheriff's deputies investigated 70 reported incidents during the last 24 hours.

A breakdown of causes for police action:

Arrests—4
Vandalisms—11
Burglaries—6
Larcenies—16
Auto thefts—3
Bicycle thefts—4
Disorderly persons—3
Assaults—3
Rapes—1
Property damage accidents—14
Personal injury accidents—4

# Hero Colin Kelly's Son Plans to Enter Ministry

PHILADELPHIA (UPI) — Army Capt. Colin P. Kelly III, whose father died as the first U.S. hero in World War II, has been accepted as an Episcopal divinity school student here, it was disclosed yesterday.

The 27-year-old Kelly, stationed at Ft. Riley, Kan., with the 1st Battalion, 64th Armored Division, confirmed that he had submitted an application to enter the Corps of Chaplains.

**Kelly, married and the father of two children, said he had not received a reply from the Department of the Army but expected one shortly.**

The Very Rev. Edward G. Harris, dean of the Divinity School of the Protestant Episcopal Church, said Kelly's application for admittance in September had been accepted.

Kelly was scheduled to be assigned to St. Mary's church, Haddon Heights, N.J., for field work while studying at the school.

* * *

Kelly's father, Capt. Colin P. Kelly Jr., was killed three days after the Dec. 7, 1941, attack on Pearl Harbor. His B17 crashed off the Philippines when it was attacked by Japanese Zeros as he was bombing a Japanese cruiser. Kelly's attack was successful and the warship was sunk.

**WAS DECORATED**

Kelly was posthumously awarded the Distinguished Flying Cross, the Distinguished Service Cross and the Purple Heart.

* * *

The late President Franklin D. Roosevelt addressed a letter to "the President of the United States in 1956" asking that Colin P. Kelly III be appointed to West Point. Colin III was 19 months old when the letter was written.

**President Dwight Eisenhower offered the appointment to him when he became old enough but he declined it. Instead, he took all the tests with other applicants and won an appointment.**

Kelly was graduated in 1963 and served in Germany before being assigned to Ft. Riley.

Kelly's mother, now Mrs. Marianne Pedlo, lived in suburban Philadelphia when Colin was growing up and he attended St. John's Episcopal Church in Concordville. He and the pastor, the Rev. Edward W. Battin, became close friends.

* * *

The Rev. Mr. Battin said they held frequent talks over the years about Kelly's vocation in life. He said Kelly "wanted to serve man" and was considering law, politics and the ministry.

* * *

He said Kelly attended services at the church last Good Friday and they had another long talk. Then in June, Kelly called to say he had decided on the ministry.

# Four Senators to Tour State

ANSING (AP) — Four state senators, members of the Conservation and Tourist Industry Committee, will take a three-day tour of eastern Michigan tourist sites and facilities, starting Tuesday.

The senators are Gordon Rockwell, R-Mount Morris, committee chairman, L. Harvey Lodge, R-Waterford, Oscar E. Bouwsma, R-Muskegon, and Arthur Cartwright, D-Detroit.

* * *

Objectives of the tour, to be coordinated by the East Michigan Tourist Assn., include a review of the current summer vacation season with local businessmen, inspection of public and private tourist sites and facilities.

# Power Company Elects New VP

JACKSON (UPI) — Russell C. Youngdahl, previously executive manager of engineering and construction for Consumers Power Co., has been elected a vice president of the company to supervise construction, purchasing and stores operations.

* * *

The announcement was made Thursday by James H. Campbell, president. He also announced the appointment of Jerome D. Lescoe as manager of construction to fill a vacancy caused by the resignation of John G. Wilson. Lescoe had been Wilson's assistant.

# Bridge Walk Has Races

ST. IGNACE (AP) — Speed-walking races for beginners and trained athletes and free bus rides back are among the features of this year's Labor Day grand stroll across the Mackinac Bridge.

Conducted by the Mackinac Bridge Authority, the toll - free north-to-south amble starts at the St. Ignace toll plaza and ends 4¼ miles away at Mackinac City.

Starts are allowed only between 8:30 and 10 a.m. The speed-walking races begin at 7:30 a.m. The walk last year drew 10,000 people.

# School Damaged

Vandals reportedly broke into the Mark Twain Elementary School, 726 Linda Vista, sometime Wednesday night or yesterday morning, wrote on blackboards and walls and took an adding machine valued at $100.

* * *

Police said two windows were broken in the school.

## Bricklayer-Turned-Singer Shows Still Another Talent

By EARL WILSON

NEW YORK — When Al Martino, the bricklayer-turned-singer, invited us to dinner, I didn't know he was going to cook it himself.

"Al's in the kitchen making the salad," they told us at the Hotel Americana where Al recently starred at the Royal Box when not cooking spaghetti and meatballs.

WILSON

**"It's probably a fake," movie star Bobby Morse, who happened to be there, said. "Al's probably having the dinner catered."**

I went back to the kitchen. Al was among the pots and pans, grinning from under a chef's cap.

"How about some matzoh balls, Al?" somebody said.

"Oh, boy, did you hit the wrong kitchen!" Al laughed. Everything he served was Italian.

**We ate the Al Martino Salad in the La Ronde dining room. "I may have to pop up and go to the kitchen," Al said. "I got the spaghetti cookin'."**

The salad was delicious.

The meatballs, the spaghetti and what Al called "the extra gravy," all arrived at once.

Al's cooking secret is: not too much garlic. The reason is simple.

"I have done most of my practice cooking in hotel rooms where I wasn't supposed to do any cooking," Al said. "Every time I let myself go with garlic, the hotel manager found me out, and threw me out."

### THE MIDNIGHT EARL . . .

**Marilyn Maxwell** will star at the Hillside Theater in N.Y. Sept. 11 — where **Denise Darcel** did a striptease. Question: What'll Marilyn wear? . . . **Richard Rodgers** and author **Robert Anderson** discussed a musical version of "Tea & Sympathy." (Anderson also wrote "You Know I Can't Hear You, etc.") . . . Secret Stuff: A former star actor tells agents: "I stopped drinking. Please get me some work."

**Princess Grace** and **Prince Rainier** met **Barbra Streisand** in H'wood, asked about a "Funny Girl" premier in Monaco . . . Some of San Francisco's topless cafes are losing popularity — tourists flock instead to see the Haight-Ashbury hippies . . . One network wants to junk TV chatter shows that use the same stars who appear on every other TV chatter show . . . **Karin Dor** of "You Only Live Twice" will get a sexpot buildup.

**Francoise Sagan** said at Trude Heller's she's writing a murder mystery about H'wood: "There are five dead so far. I have one more corpse to go" . . . Pretty model **Nell Theobald** — who was mauled by a lion here — is working for **Judy Garland**, shepherding her children from hotel to the Palace Theater . . . **Diane Varsi** wears a scanty costume — "the Godiva outfit," they call it — in "Wild in the Streets."

Ex-Miss Universe **Linda Bement** (married to jockey **Manuel Ycaza**) will have her book of poetry published . . . There'll be a sequel to the hit film, "The Family Way."

**TODAY'S BEST LAUGH:** "I read," says Ted Berkelmann, "that science now has a way to freeze people. Why, my landlord's been doing that for years!"

**EARL'S PEARLS:** Taffy Tuttle was asked if she has trouble dreaming. "Oh, no, it's easy," she said, "I can do it with my eyes closed."

"You know how bad water pollution is getting?" grumbles Bob Orben. "Half the underwater breathing apparatus sold today is being bought by fish!" . . . **That's earl, brother.**

# Measles Eradication Plan Shows Results

ATLANTA, Ga. (AP) — A plan by the U.S. surgeon general for eradicating measles in 1967 is showing results, a report released by the U.S. Public Health Service's Communicable Disease Center indicated today.

* * *

From Jan. 1 through Aug. 12, the report showed 56,846 cases of measles had been reported, compared to 186,980 through Aug. 12 of last year. This shows a further drop from 458,329 cases reported in first 32 weeks of 1964, and 237,409 in that period of 1965.

* * *

Noted especially in the report was the four-week period July 16-Aug. 12. In 1967, 1,153 cases were reported in this period, compared to 4,370 in 1966, 5,148 in 1965 and 8,332 in 1964.

* * *

"This report is particularly exciting to us because of the national campaign to eradicate measles," a center spokesman said.

(Advertisement)

**Helps You Overcome**
**FALSE TEETH**
**Looseness and Worry**

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline powder, holds plates firmer so they feel more comfortable. Avoid embarrassment caused by loose false teeth. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

## Weeks Declared

LANSING (UPI) — Gov. George Romney has proclaimed the week of Sept. 15-22 as Red Cross Youth Week in Michigan and the week of Oct. 1-7 as National Pharmacy Week in Michigan.

# Holiday Inns Plan Motel in Detroit

DETROIT (AP) — Holiday Inns of America announced plans to build a 10-story, $2 million motel on urban renewal land near downtown Detroit.

The motel will have 250 units and a restaurant and cocktail lounge on the top floor, a Holiday Inn spokesman said.

Sale price for the two acres the company plans to buy in the 32-acre urban renewal tract at Gratiot and the Chrysler Freeway, is reported to be $272,000.

# Hearing on Courts Will Be Aug. 26

KALAMAZOO (UPI) — The first in a series of summer public hearings on lower court reorganization has been scheduled to be held here Aug. 26 by a subcommittee of the Judiciary Committee of the Michigan House of Representatives.

* * *

Rep. Donald E. Holbrook Jr., R-Clare, chairman of both committees, said the meeting was designed to hear the views of interested citizens and judicial officials from all counties in southwestern Michigan.

* * *

Similar hearings were held during the legislative session in Lansing, Detroit, and Clare to get views from the rest of Lower Michigan. Others are planned for Northern Michigan and Upper Peninsula.

* * *

Court reorganization — required by the Michigan Constitution of 1963 - will be the major issue at a special legislative session scheduled to begin Oct. 10.

# OU Trustees Take Sliding Scale Fee Fight to Romney

ONE COLOR MAKE OVER PAGES

**LANSING (AP) — Atty. Gen. Frank Kelley today upheld the legality of the sliding scale tuition plan adopted by the Democratic majority on the Michigan State University Board of Trustees.**

---

Two local officials from Bloomfield Hills are continuing their fight against the controversial Michigan State-Oakland University sliding scale tuition plan.

MSU-OU Trustee Kenneth W. Thompson and two other Republican trustees brought the issue to Gov. George Romney yesterday amid threats of decreased alumni donations at MSU.

**And Atty. Gen Frank Kelley was expected to rule today on the legality of the ability-to-pay fees for Michigan residents upon a request by State Rep. William P. Hampton, R-Bloomfield Hills.**

"We know the governor can't do anything officially," said trustees Stephen Nisbet, Frank Merriman and Thompson.

"We just wanted to acquaint him with the situation."

* * *

Nisbet said the governor had been surprised to learn two other tuition systems were proposed to the Board of Trustees before the adoption of the sliding scale plan last month.

### $75 INCREASE

"The administration's original proposal was a $75 per year across-the-board increase," Nisbet said. The second plan he said, called for a $36 per year increase for Michigan students and included provisions for a $500,000 university budget cut.

**"Such a cut could have been made in sums allotted for equipment and in the individual budgets of the university's 13 colleges," Merriman said.**

"But this was rejected on the grounds that any increase in tuition had to be tied to an ability-to-pay system," he said.

The current plan was approved on a 5-3 party line vote.

It calls for tuition of 3 per cent of a family's income, with the total to equal not less than $354 nor more than $501. Out-of-state students would pay a flat rate of $1,200.

**Tuition for the 1966-67 year was $354 for Michigan residents and $1,020 for out-of-state students.**

The trustees said they had hoped to set up a discussion session with the University of Michigan Board of Regents and the Wayne State University Board of Governors.

Thompson said he believed Michigan's 11 state-supported universities should have a "semblance of similar fee structure."

"If we have an ability-to-pay system at one and an across-the-board system at the other 10, the one is going to suffer," he said.

**The trustees warned that if Kelley rules the plan constitutional, MSU faces possible loss of part of sme $5.5 million in gifts and grants from benefactors.**

Dr. Arno W. Weiss, chairman of MSU's development fund, said yesterday that resentment of the plan appears strong among donors.

"Within these past weeks (since the board approved the system), some of MSU's staunchest supporters have indicated they will not give in view of an intrusion upon their rights," he wrote in an open letter to MSU President John A. Hannah.

"If you have to pay more tuition, there's just nothing left to give the university," he said.

# House Overhauls Social Security

WAHINGTON (AP) — The House has passed overwhelmingly a massive Social Security overhaul that would raise benefits, hike taxes and crack down on idle state welfare recipients.

But it probably will be months before the extra money is flowing to some 24.2 million current beneficiaries because the Senate isn't ready to consider the legislation at once.

**Moreover, a Senate conflict is brewing over those provisions of the House-passed measure intended to toughen federally aided state welfare programs.**

"We're rough in this bill — make no mistake about that — but we don't mean to be inhuman," said Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, during yesterday's debate on the measure.

Mills' reference was to provisions imposing income limitations on persons eligible for federally backed state Medicaid programs, requiring states to channel jobless welfare recipients into work or job training and limiting the proportion of children receiving welfare.

### PROPORTIONAL AID

Under the measure, states could aid no more children than the proportion of children receiving aid in January 1967. The number could rise, but not their total proportion to the over-all child population of the state.

**Mills said the measure ultimately should result in pushing 300,000 adult recipients off the welfare rolls and into jobs.**

The bill the House approved 415 to 3 yesterday provides a minimum 12½ per cent raise for Social Security beneficiaries.

It also calls for staged increases in the payroll tax that finances the program, with a first-step maximum $44 jump — for those earning $7,600 or more annually — to begin next year. That would come by expanding the taxable base from $6,600 to $7,600. Employers of such workers also would feel the added tax bite.

### 5.9 PCT. IN 1987.

And it eventually would raise the current 4.4 per cent Social Security tax to 5.9 per cent in 1987. That would mean a maximum jump of $158 for the worker earning $7,600 — provided there were no expansions of the taxable base or tax hike in the meantime.

## *Husband Shot, 4 Die in Fire in Minnesota*

ST. CLOUD, Minn. (AP) — A woman and three of her four children died when fire leveled their farm home early today, the Stearns County sheriff's office said.

The woman's husband, David Haskins, 32, was found tied to a clothesline post in the farmyard with bullet wounds in the chest and stomach, the sheriff's office said.

**A black hood covered his head.**

Haskins was taken to a St. Cloud hospital and was reported in critical condition.

He was unable to give oficers a clear picture of the tragedy at his farm home 17 miles southwest of St. Cloud.

The farm couple had four children, ranging in age from 7 years to six weeks.

Deputies said they found the body of Mrs. Haskins and three children in the burning embers of the farm home about 1 a.m.

Fate of the fourth child was not immediately determined.

The sheriff's office said a group of youths sounded the alarm after they noticed the burning house and barn on the Haskins farm.

The youths told officers they found Haskins wounded and lashed to a clothesline pole.

Deputies said the youths cut the farmer free and took him to a store at Pearl Lake two miles away, where an ambulance was called and authorities were notified.

## *10 Hurt, Town Jolted as Refinery Explodes*

TOLEDO, Ohio (AP) — An explosion ripped through the Standard Oil refinery in Oregon Township in east Toledo and first reports said at least 10 persons were injured.

There were no known deaths.

"All we know now is that it was a terrible explosion and everything is burning," a dispatcher at the Oregon Police Department said.

The injured were rushed to neighborhood hospitals. Most of those hurt suffered burns, the police department said.

The explosion rocked the entire community and was heard as far away as downtown Toledo.

**HELP ON THE WAY**—President Johnson yesterday declared flood and fire ravaged Fairbanks, Alaska, a major disaster area. Floodwaters from the Chena River continue to keep residents out of their homes and businesses. Smoke from one of several downtown fires is reflected (above) in four-foot deep waters. Officials fear fires might spread in the evacuated buildings, adding to the town's problems. (Story on page 2.)

# OCC's 4th Campus in Madison Heights

By DICK ROBINSON

Oakland Community College has purchased nearly 75 acres of vacant land in northwestern Madison Heights as the site for a fourth OCC campus.

The college's board of trustees last night approved the purchase for more than $477,000 while meeting in Farmington Township at their new Orchard Ridge campus, which will open this fall.

**Purchased from 27 residents, the 10 parcels of land form a horseshoe north of 13 Mile Road, one-quarter of a mile each from John R Road on the west and Dequindre on the east and one-half mile from 14 Mile Road on the north.**

"A fifth campus site in northern Oakland County will be our next target in the late 1970s," OCC President Dr. John E. Tirrell said.

* * *

At the center of the horseshoe arrangement is a residential area within Frank, Milton, Wright and Tawas avenues where 21 of the 27 residents live.

### STILL FEW DETAILS

Although Tirrell said a purchase agreement has been reached with the owners, who call themselves Community Homestead, Inc., a few details still need to be worked out.

**He reported that one owner still had not signed the agreement but that he could do almost nothing else with the land since college property would be all around him.**

As the curved end of the horseshoe on the east side of the site off Milton are four acres of land which OCC would like to acquire.

### AS CITY PARK

The property owners had deeded it to the City of Madison Heights for use as a city park. Tirrell commented that he thought it "would revert" to OCC if the city does not use it.

**Acreage at the site may eventually total close to 80, for a purchase price of $435,000, with the acquisition of the extra land.**

"It has been known that any location in this area would require transportation by most of the students in either public or private carriers," Tirrell said.

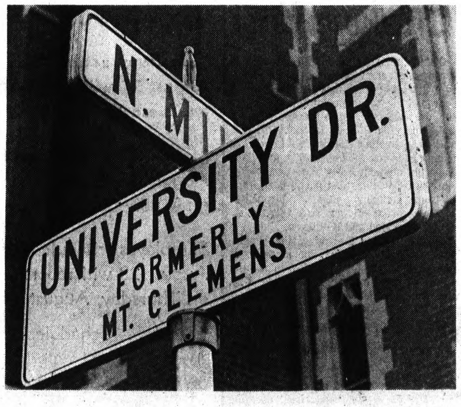
* * *

"Thus this site, only one-half mile from the new Sears and Hudson stores at Oakland Mall (14 Mile Road near I-75), is guaranteed public transportation."

### INDUSTRIAL CONCENTRATION

Located in an area of high industrial concentration, the campus would probably feature a manufacturing and engineering curriculum.

(Continued on Page A-2, Col. 8)



Pontiac Press Photo

**EVIDENT CHANGE**—In line with the official City Commission action to change the name of Mt. Clemens to University Drive, the city has installed new street signs listing both the old name and the new name. The name change was authorized recently after a request from Oakland University officials who said the new name would facilitate finding OU.

## *Low-Rated LBJ to Talk Via TV*

WASHINGTON (AP) — President Johnson was to hold a 3 p.m. EDT nationally broadcast and televised news conference today, the first such announced-in-advance session since March 9.

**Harris and Gallup polls reported last weekend that public approval of Johnson's course had slipped to a new low of 39 per cent.**

The Vietnam issue figured yesterday in a Senate slash of the foreign aid bill, a Senate committee hearing on U.S. commitments and a House committee's coolness toward the proposed tax hike.

* * *

Administration sources meanwhile announced that:

— Special precautions have been taken against Red China's entry into the war through new U.S. bombings.

### TRIM DANGER

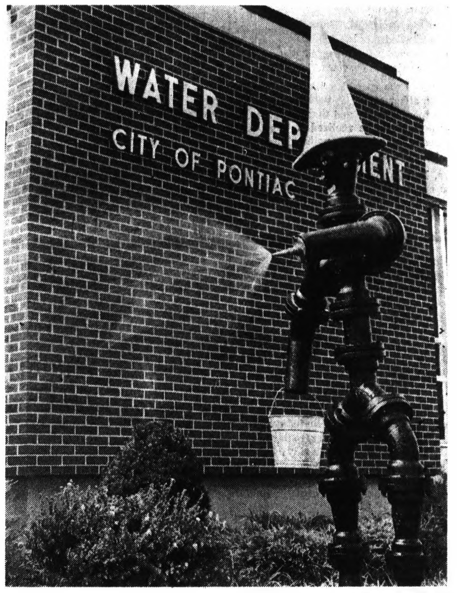
Defense officials said improved communications, navigation and radar gear have trimmed chances that U.S. jets accidentally will slip into Red Chinese airspace.

**American pilots also were reported under orders to fly their bombing runs parallel to the Communist Chinese boundary.**

The Pentagon is considering recruiting a new Army division to remain in the United States to shore up forces which will be depleted by Johnson's authorization to send 45,000 more troops to Vietnam.

* * *

— Johnson was said to have okayed hitting most of the several hundred North Vietnamese military targets recommended by the Joint Chiefs of Staff — rather than hamstringing the air raiders as some bombing advocates have charged.



Pontiac Press Photo

**AN UNUSUAL SPRINKLER**—The "iron man" in front of the Water Supply Division doesn't usually perform this task but is helping to publicize "Willing Water Week." The department will conduct tours of the building, located on Opdyke just north of South Blvd., until 8 p.m. today and from 1 to 5 p.m. tomorrow. "Willing Water Week" is held to demonstrate water services provided by the city department.

## Material Shortage Delays Production of 1968 Pontiacs

The start of Pontiac Motor Division 1968 model car assembly operation is being delayed 24 hours, a division spokesman announced today.

Only car assembly employes in plants 8, 16 and 50 are affected by the schedule change.

**Some 2,000 employes are affected by the delay due to "late delivery of outside production materials," according to the Pontiac spokesman.**

Employes scheduled to begin work Monday will report 24 hours later.

Employes scheduled for Tuesday, will report on Wednesday.

### REPORT LATER

Employes scheduled for Wednesday, will report 24 hours later.

Employes scheduled for Thursday will report Aug. 25.

## Blast Kills Woman

MARSHALL (AP) — A woman was killed and several other persons escaped injury today when an explosion ripped out the front of a restaurant in downtown Marshall, a town in central Michigan near Battle Creek.

## *Showers Tonight, Cooler Day Tomorrow*

Cloudy skies are expected to bring showers and thundershowers to the Pontiac area today, ending tonight and lowering temperatures to 52 to 58 from the day's expected high of 78 to 84.

Unseasonably cool is the prediction for a partly sunny day tomorrow, with little change expected Sunday.

Precipitation probability in per cent are: today 60, tonight 40; tomorrow 10.

The low in downtown Pontiac prior to 8 a.m. today was 67. The mercury rose to 80 at 1 p.m.

**SNIPER SEARCH** — U.S. soldiers wade through a canal after a Vietcong sniper who opened up on them during a mission west of Cu Chi near the South Vietnam border with Cambodia. An officer (left) wields a knife. The sniper escaped in the incident late last week.

# Violent Wildcat Strike in Mississippi Is in 18th Week

LAUREL, Miss. (AP)—A violent wildcat strike at the giant Masonite Corp. plant begins its 18th week today. So far, it has cost one man his life and 1,700 others their jobs.

Sheriff Merrill Pickering says he will ask Gov. Paul B. Johnson to call out the National Guard to keep the peace if there is another major act of violence.

The 2,100 members of Local 5-443 of the International Woodworkers of America walked off their jobs when a steward was fired April 21, shutting down the 524-acre plant with a yearly payroll of $18 million.

Laurel, a southeast Mississippi city of 30,000 people, is the largest city in Jones County known in recent years as the home of the White Knights of the Ku Klux Klan—called by the FBI the most violent and clandestine of Klan groups.

The Masonite plant annually produces more than one billion square feet of hard board—the wood-grained wallboard made by separating wood chips into fibers, then compressing them under heat into thin boards.

Violence began a month after the union struck, when Masonite reopened with union members who were willing to return to work and new employes, many of them students out of college for the summer.

* * *

Several summer workers were beaten, and nightriders fired on almost 20 homes of nonstriking workers in two months.

# 5 Area Youths to Attend Camp

Five area youths will attend the third annual Teenage Republican Camp at Camp Copencopic in Fenton next week under the sponsorship of the Oakland County Republican Committee.

* * *

The camp, a leadership and governmental training session designed for high school students from all over Michigan, will be held Aug. 24-27.

**The Oakland County participants are David Post, 2498 Empire, Ed Lauchner Jr., 2099 S. Telegraph, both of Pontiac; James Ward Jr., 2622 Tampa, Walled Lake; Vernon Wolters, 4248 Woodstock, Waterford Township; and Charles Compton, 3281 Jackson, Highland Township.**

Lt. Gov. William Milliken, U. S. Sen. Robert Griffin, State GOP Chairman Elly Peterson, and Vice Chairman William McLaughlin will address the group.

* * *

Campers will participate in a mock political convention, in discussion groups on issues and party philosophy, and recreational activities.

# Lake Orion Becomes Site of Wedding

Recent vows were repeated in the First Methodist Church of Lake Orion by Alyse Carolyn Doty and Pvt. William Glenn Sudbury, U.S.A.

* * *

Parents of the wedding couple are the R. W. Dotys of Semloh Drive, Orion Township and the Horace Sudburys of West Rutgers Street.

* * *

The bride chose an A-line gown of white organza over taffeta with a lace panel front and seed pearl accents. The ensemble featured a self-train.

* * *

The bride's elbow length veil of illusion was held in place by a petaled headpiece of seed pearls and sequins. She carried a bouquet of yellow roses and carnations.

* * *

Mrs. Glen Hoffman, sister of the bride, was matron of honor. Jane Ridley and Kathy Downey were bridesmaids.

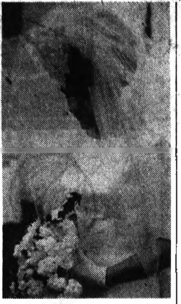
Kristi Hoffman and Allen Hughes were flower girl and ring bearer.

* * *

David Sudbury was his bother's best men. Ushers were Larry Sudbury and Robert Longstaff.

* * *

The couple left for a Mackinaw Island honeymoon following a reception in the First Federal Savings Building of Lake Orion. They will reside in Tolchester Beach, Md. where the bridegroom is stationed.



*MRS. W. G. SUDBURY*

# Keep Party Fare Fresh

You can make party sandwiches ahead of time—and they will be as good as if they had just been made—if you place them on a plate or tray and cover with waxed paper, being careful to tuck the paper securely around the edges to keep all air out. Place a damp cloth over all. Store in the refrigerator until serving time.

## Case D-538

# Be Sure Will Is Intact

By Dr. GEORGE W. CRANE

CASE D-538: Tobin J., was a wealthy farmer.

"Dr. Crane," his eldest daughter began, "my father remarried a couple of years after my mother's death.

DR. CRANE

"He was the 56, while his new wife was only 38, so she was only five years older than I am.

"But Father made a will and provided for my two sisters and myself, as well as his second wife.

"Within three years, however, he was struck by a drunken auto driver and killed.

"We daughters never got along too well with his wife, but he had dealt fairly with us in his will.

* * *

"But what has caused a family feud after his death, is the fact that he didn't give us daughters the family heirlooms and many little things that had mainly sentimental value.

"For example, there is an old sugar bowl that Mother always used, which I would cherish merely for old time's sake.

But my father's second wife will not let us daughters have these items, though their financial value is negligible.

"Don't you think she is holding on to them just for spite? Surely they can't mean much to her, since they belonged to Father's first wife."

**FATHERS, BEWARE!**

Men, if you lose your first wife as Tobin did and then marry again, be sure to make a will that will convey your property exactly as you would wish.

But by all means, when you bring a new wife into the home, parcel out your first wife's personal belongings to the children.

Let them take their choice of the dishes, furniture, quilts and other household items that belonged to their mother.

And make this decision of your first wife's possessions before you bring your second wife into the home.

For it is embarrassing to the second wife to be surrounded by the former wife's dishes and pictures and furniture.

In deference to your second wife's pride, let her redecorate the house, if you are still living in the same dwelling.

Also, let her refurnish it and bring in her own dishes, silverware and bedding.

For your second marriage is an entirely new venture, so don't hamstring your new bride by trying to make her fit into the pattern of your first marriage.

In so doing, you will avoid a lot of humiliation to your new bride.

And you will also help her become accepted more readily by the children by your first wife.

For then they will not see their own mother's things being used, abused or broken by the new wife.

If your children are grown and come back for a visit, they will also not be reminded so incessantly of their mother's operation of that home.

# Striped Poncho Can Be Knit Fast

Look out, Paris, here comes White Cloud!

When it comes to trends in hand-knit fashions, you can count on good old American know-how.

Consider, for example, this success story started in White Cloud, Mich. — population 1,000.

Ruth Graves, an enthusiastic knitter with a knack for knowing what's with it, runs a small yarn shop in White Cloud. She started a few years ago with a $100 investment, as part of her husband's sporting goods and bait shop in the heart of Michigan tourist country.

* * *

Today, Mrs. Graves runs a bustling business, and this dashing poncho is part of her success story.

Husband John, by the way, is mayor of the town and takes real pleasure in Ruth's "wall of yarn" — her half of the shop they share.

Along with her shop, husband and family of four youngsters (which took a lot of that yarn, believe me), Ruth has done a little designing, too.

Her poncho design—a giant circle of a wrap in multicolored stripes — was all over White Cloud in just the time it took to knit.

* * *

During the tourist season, travelers from throughout the Midwest left town with Ruth's poncho pattern as a prized souvenir.

Ruth Graves' poncho has come a long way from White Cloud. Now it's yours, too, for the knitting. It's a fashion-right topper that's roomy and smart no matter what your weight or height.

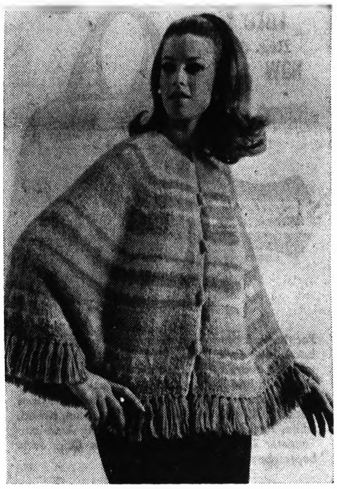
Most of Ruth's home town poncho customers are women over 30, incidentally, but the teen-age set took to it, too. The youngsters shopped for yarns in their school colors.

Ruth recommends light pastels for springs and summer, and if you knit the topper for fall, try soft beiges, including that mohair you've been saving.

Ruth knits the poncho in three Spinnerin yarns, and she turns it out overnight in double yarn on 10½ or 11 needles. If you're like White Cloud knitters, you'll rush to finish the first one so you can start the second.

It's a year-round fashion for slacks or skirts and costs about $15 to $25, depending on your yarn.

Knitting instructions for this dashing, clever poncho are available, along with bonus directions for a summer shell to crochet, for 50 cents from Stitchin' Time, care of The Pontiac Press, P.O. Box 503, Radio City Station, New York, N.Y. Be sure and ask for leaflet S117.



*Hand-knit poncho is a new fashion circle. Knit it overnight—with rings of stripes in a trio of yarns to wear year-round.*

# Parent Group Plans Picnic

The Pontiac Parents Without Partners group will have a family picnic Sunday at Highland Recreation area.

Members and guests will meet at 12:30 p.m. in the Tel-Huron Shopping Center. Any interested single parent may attend.

* * *

William Baker of the Family Services of Oakland County, will be the speaker on "What Next" at Wednesday's meeting.

* * *

The event is slated in The Pontiac Mall Community Room. This organization is open to any single parent with or without custody of children.

The group also has lined up an impressive roster of speakers for this fall season, including several judges and civic leaders.

# Cooperative Gala to Kick-Off Drive

Plans were made for a cooperative picnic Sept. 10 by the Auxiliary to Chapter No. 101 Disabled American Veterans during a meeting.

The picnic at the John F. Ivory polo grounds on Union Lake Road will be a "kick-off" for the Forget-Me-Not Drive Sept. 15 and 16.

* * *

Commander, Lila Hicks, named Bertha Williams as chairman for the auxiliary's part in this function.

*Mr. and Mrs. Louis DeNeen of Frankson Street, Avon Township, announce the engagement of their daughter, Marilyn M., to John J. Daugherty, son of Mr. and Mrs. Jewell M. Daugherty of Grace Street, Avon Township.*

# Carol Shepherd, Joseph Jojnacki Exchange Vows

Carol Ann Shepherd of Royal Oak and Leonard Joseph Hojnacki were wed recently in a morning rite in the Shrine of the Little Flower, Royal Oak.

A reception in Alvaro's of Royal Oak followed the ceremony.

The bride wore reembroidered Alencon lace in a cage style over English net. Her head piece was a wide matching lace band securing a fingertip bouffant veil. She carried a nosegay of white roses.

Katherine Head was maid of honor, and Richard Bartoski best man.

* * *

Peter Jarackas and Reginald Mendenhall were ushers.

Parents of the couple are Mr. and Mrs. Robert F. Shepherd of Hatchery Road and the Joseph Hojnackis of Detroit.

The newlyweds are honeymooning in Bar Harbor, Maine.

Cuts Paper Work — AND Income

## Brokers Doubtful on Short Day

NEW YORK (AP) — Major Wall Street brokers are restrained in their assessment of effects of shorter trading sessions invoked by the stock exchanges in an effort to help them catch up with a mountain of paper work built up during recent heavy volume.

They concede that the 90-minute cut in daily trading hours initiated Aug. 8 has helped in certain areas of clerical work, but they don't see it as the resolution to their problems.

And they point out that the reduction in trading as a result of shorter sessions has cut into their commission income.

In the first six months of this year, volume soared to a daily average of 9.8 million shares from 8.2 million in the first half of 1966.

**12.15 MILLION**

In the week ended Aug. 5, when regular 5½-hour trading sessions were in force, the daily average was 12.15 million shares.

Last week, when four sessions were cut to four hours, the average fell to 9.3 million shares. So far this week, with four-hour sessions still in effect, volume has dropped to 8.3 million shares daily.

* * *

This year's volume overwhelmed the brokers with clerical work involved in transferring ownership of shares.

Discussing the problem, a broker said:

"Each time a stock is purchased there are 10 steps to be taken in back-office procedure. All along the line a little more pressure is constantly being applied and people are tired. That's the reason behind all the delays that customers are encountering."

* * *

Normally it takes two or three days to transfer stock certificates. Recently some buyers have had to wait six weeks for their stocks.

The New York Stock Exchange said brokers reported that the problem is not as great as it was last week as a result of the volume decline.

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1967 plus stock dividend. e—Paid last year. f — Payable in stock during 1967, estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid so far this year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. n—New issue. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1966 plus stock dividend. t—Paid in stock during 1966, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to interest equalization tax.

## Car-Talk Focus on Local Issues

### Sides Trade Blame for Lack of Progress

DETROIT (AP)—With national-level negotiations recessed until next week, the Big Three auto makers and the United Auto Workers are taking a weekend reading on local-level bargaining.

At-the-plant agreements supplement national contracts at General Motors Corp., Ford Motor Co. and Chrysler Corp. Both the companies and union complain of lack of progress so far. Each blames the other.

* * *

The - at - the - plant working agreements proved more troublesome in both in 1961 and 1964 than did national economic issues handled by top-level executives of the union and the auto makers.

In 1964 Ford was crippled for more than two weeks and GM for more than five weeks by walkouts stemming from unsettled local-level demands. By comparison GM was struck only 11 days over national issues; Ford not at all.

**26,693 DEMANDS**

Earl R. Bramblett, GM director for labor relations, says there now are 26,693 union demands on local tables, compared with a total of 24,160 in 1964.

Sidney S. McKenna, Bramblett's counterpart at Ford, says his company faces 7,500 local-level demands, about twice the number it did in 1964, and in addition, the company itself has made about 400 proposals for changes in plant work rules.

* * *

Issues at the local level cover a wide range — from alleged speedups adding work to individuals to request for canopies from parking lots to factory doors.

Top union negotiators went home for conferences with local leaders. The companies said Detroit teams would be confering meanwhile with management in the field.

**LARGE TURNOUT**

While home, the union bargainers were expected to urge a large turnout for a strike authorization vote next week. All the Big Three locals are under orders to have the results of their vote into UAW headquarters by next Friday.

UAW leaders have called on the membership to give its bargainers the authority to call a strike in support of demands, if and when they deem such action necessary.

## Waterford Girl Reported Raped

Sheriff's officers are seeking a man in connection with the reported rape of a 16-year-old Waterford Township girl last night.

* * *

The girl escaped from her attacker before midnight and was treated at Pontiac General Hospital for cuts on her hand.

Officers said she was bruised or scratched on her face, neck and legs.

## Area Mishap Injures Man

A 44-year-old White Lake Township man is in fair condition today at St. Joseph Mercy Hospital after a collision last night at Haggerty and Pontiac Trail in West Bloomfield Township.

Sheriff's officers said Dominic J. Torella Jr., 44, of 684 Lakeview, was injured about 9:10 p.m. when his car failed to stop behind another car pulling a trailer.

* * *

Torella had a boat and trailer attached to the rear of his car. He said he did not see, in time, the car and trailer stopped at the light on northbound Haggerty.

After the collision, the other car, driven by Robert L. Plaint, 31, of 8666 Buffalo, Commerce Township, was driven across the intersection and his trailer onto Pontiac Trail, deputies said. The boat being pulled behind Torell's car overturned in the middle of the intersection.

## '68 Truck Prices Average $104 Hike

Tentative 1968 truck factory list prices with increases averaging $104 were released to dealers yesterday by GMC Truck and Coach Division.

Factory list price increases range from $7 to $193 more than the 1967 models.

**An average increase of $86 covers formerly optional features which will be standard on most new models, according to a GMC spokesman. This equipment includes exhaust emmision controls systems mandatory by federal law, seat belt retractors, larger rear windows, safety fuel tanks, high capacity alternators, and clearance and identification lights.**

The price increase over total factory cost for comparably equipped 1967 models averages $18 or less than 1 per cent. This increase for the most part reflects product improvements which were not previously offered, such as side markers, improved door locks, and instrument panels, said a GMC spokesman.

* * *

Option prices on certain transmission and trim options for the new models have been reduced.

**Dealers were given the tentative factory prices so they could take firm orders from their customers.**

Dealers were given the tentative factory prices so they could take firm orders from their customers.

**Final 1968 model prices will be determined at a later date. Should the final price be higher "price protection" — no increase in cost — will be extended to cover all firm retail orders. If final prices are lower, refunds will be made to dealers, explained the spokesman.**

The 1968 models are already in production and will be released to dealers as finished. Many are custom built to fit particular applicants.

* * *

Factory list prices do not include excise taxes, delivery and othr handling charges. These costs are added to the retail prices which are usually around 7.5 per cent higher than the factory list price, explained the GMC spokesman.

## 2 Workmen Die as Beams Fall

### Construction Accident Leaves Three Injured

WEYMOUTH, Mass. (AP)—Three 60-ton beams forming part of an aircraft hangar under construction collapsed today at South Weymouth Naval Air Station. Police said two men were dead and three injured.

The collapse buried workmen beneath rubble and Navy men and police began digging out trapped personnel.

* * *

Two 30-ton cranes were demolished in the accident.

A man at the scene said four of the cranes were lifting the huge precast concrete beams into place atop girders.

Three of the beams were in place and the crew was working on the fourth when something slipped and it crashed, carrying the others down.

**90-FOOT SPAN**

The beams have a 90-foot span. They landed on a concrete floor.

The accident occurred on the site of the station's old 800-foot blimp hangar torn down a year ago. The replacement hangar, about half as long as the old one, was to have been dedicated Sept. 30. The station is located about 17 miles south of Boston.

* * *

A Navy public relations officer said the collapse buried "several civilian workers and equipment beneath it."

"Navy and local police are presently digging out the personnel from the wreckage and at this time five are known injured."

## Business Notes

Allen E. Priestley of 2973 Edgefield, Waterford Township, has been appointed to the newly created post of manager of Wayne County Regional office of Burton Abstract and Title Co., Detroit. The firm serves entire state.

PRIESTLEY

Priestley, who will be based at the Detroit office, will retain his titles and duties as a company vice president and chief title officer.

## News in Brief

**Sheriff's officers are investigating the reported theft of a mailbox and post from the road in front of 2550 Flintridge, Orion Township. Mrs. Andrew Derdder said the box was taken between 10:30 a. m. Wednesday and 9:30 a. m. yesterday.**

**Wayne S. Brandon of 2266** Newberry, Waterford Township, reported to township police yesterday the larceny of 10 stereo tapes, valued at $80, from his car parked at 4195 Dixie.

**O.B.C.A. Auxiliary Rummage** Sale, 3829 Anoka, off Walton and Dill, Aug. 19th, 9 a.m. —Adv.

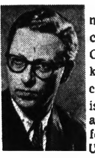
## Ford Appoints Fair Architect

A Bloomfield Township man, Gunnar Birkerts of 1830 E. Tahquamenon has been selected as architect for the Ford Motor Co. pavilion at San Antonio's international exposition, "Hemis Fair 68."



BIRKERTS

Head of a Birmingham architectural firm Gunnar Birkerts and Associates, Birkerts is also an assistant professor at the University of Michigan teaching advanced design.

* * *

He was architect for a recent addition to the Detroit Art Institute and of the Fisher Administrative Center at the University of Detroit.

Henry Ford II, chairman of the company, when announcing plans for the major entertainment feature, said "A fair should educate, but it also should be fun. We will make our exhibit, like San Antonio and HemisFair itself, an interesting, exciting place to visit."

## Romney Names Belleville Man to Indian Group

LANSING (AP)—Gov. George Romney has appointed John Winchester of Belleville to the State Indian Affairs Commission for a term ending July 21, 1971.

Winchester, a production supervisor for Ford Motor Co., is a former director of the National Indian Youth Council.

* * *

The governor also yesterday named Dr. E. George Schutt of Lansing, recently retired as deputy state superintendent of public education, to the State School Districts Reorganization Committee.

He succeeds Sen. Gordon Rockwell, R-Mount Morris, who resigned from the committee when he was sworn in as a member of the Senate.

## Romney Plans Pollution Talk

CHARLEVOIX (AP) —Gov. George Romney will speak on air and water pollution at the dedication Monday of the new $25 million Madusa Portland Cement plant at Charlevoix.

The plant, a complex of buildings housing highly automated equipment, will employ about 100 workers, according to the company.

## Benefits Office Changes Hours

The social security office at 21 S. Glenwood will be open Wednesdays from 8:45 a.m. to 7:45 p.m. beginning next week, Eino J. Heino, district manager said today.

The new evening hours will replace the present Saturday morning hours which have been discontinued.

**"We hope that many people who might find it difficult to get to our office during regular working hours will find this more convenient," said Heino.**

Hours for Monday, Tuesday, Thursday and Friday are from 8:45 a.m. to 4:45 p.m.

* * *

Anyone retiring within the next two to three months should file claims as soon as possible, Heino said.

Claims for Medicare protection can also be made by people nearing age 65 whether they plan to retire or not.

## Model Airplane Exhibit Is at Pontiac Mall

An aeromodeling exposition hosted by the Pontiac Model Airplane Club is at the Pontiac Mall through tomorrow. More than 250 model airplanes are on display, including tiny indoor ships and large scale radio controlled models.

Ribbons have been awarded to the best models in different classes.

* * *

The local club, organized in June 1966, has 85 members of which more than half are youngsters. The club, sponsored by the Parks and Recreation Department, meets every other Wednesday. The flying site is located on the Pontiac State Hospital grounds on Johnson.

Also participating in the display are clubs from Lansing, Royal Oak and Detroit.

## 9 Plants End Changeover, Autos Rolling

DETROIT (AP)—Automobile production rose 32 per cent this week as nine more plants joined those now turning out 1968 model cars.

Six resuming operations after the model changeover were Ford Motor Co.'s plants in Chicago, Dallas, Tex., Louisville, Ky., Mahwak, N.J., St. Paul, Minn., and Norfolk, Va., the trade magazine Automotive News reported Thursday.

* * *

In addition, Oldsmobile began turning out 1968 models in Lansing, Mich., Buick began its first 1968 model production in Flint, Mich., and American Motors started making its new Javelin.

Automotive News said assemblies this week numbered 45,246 compared with 34,273 last week and 24,464 for the same week in 1966. For the calendar year, output reached 4,534,352 as opposed to 4,437,189 for the same span in 1966. August production moved to 98,681.

**TRUCK PRODUCTION**

Truck production also climbed with 19,760 assemblies during the week compared with 9,736 the week before and 13,241 for the same week in 1966. Truck production for 1967 rose to 1,021,367 compared with 1,151,180 for the same 1966 period. The August total was 37,281.

# Met Performs Tribute to Verdi

NEWPORT, R.I. (AP) — The Metropolitan Opera Company opened a 10-day Verdi festival Thursday night with a performance of "MacBeth" before a crowd of 2,500.

"Rigoletto" will be performed tonight and "La Traviata" will be the presentation Saturday night.

★ ★ ★

Rudolph Bing, general manager of the opera company, said box office receipts of nearly $300,000 will be needed to make the festival a financial success.

Rhode Island pledged $125,000 to underwrite the costs, and a civic group already has raised this cash.

**CAME IN 1966**

The Met first came to Newport's festival field — home of jazz and folk festivals — in 1966. Bing says he hopes the Met will be able to make Newport its summer home.

Tonight's production of "Rigoletto" will feature Roberta Peters, Peter Glossop and John Alexander.

# Back Aid Bill

WASHINGTON (AP) — Both Michigan Sens. Philip Hart, D, and Robert Griffin, R, voted for the $2.6-billion foreign aid bill when it passed the Senate Thursday night, 60-26.

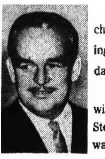
Wells Jr. of Grand Blanc, James Wells of Goodrich and Ronald Wells of Pontiac; 16 grandchildren, three sisters, including Mrs. Oren Parrish of Pontiac; and two brothers.

# People in the News

By The Associated Press



RAINIER

Prince Rainier of Monaco and his three children threw food to dolphins, and the laughing youngsters were kissed by a seal yesterday in Los Angeles, Cal.

The vacationing prince toured Marineland with his children, Caroline, 10, Albert, 9, and Stephenie, 2½. Their mother, Princess Grace, was elsewhere in Los Angeles.

## Romney's Eldest Son to Marry Wednesday

**Scott Romney, son of Michigan Gov. George Romney, will be married next Wednesday to Renna Stern in the Mormon temple at Salt Lake City, Utah.**

**The governor's elder son, 25, and Miss Stern, 23, daughter of Mr. and Mrs. Will Harry Kraus of Bloomfield Hills, plan a private wedding. Only the couple's parents, brothers and sisters are expected to attend.**

**Following the ceremony, there will be a private wedding breakfast in a Salt Lake City hotel. Receptions will be held at the Bloomfield Hills Country Club and the home of Miss Stern's parents Aug. 25 and 27. About 700 persons have been invited.**

**The newlyweds plan a two-week honeymoon in New York City and Bermuda before moving to an apartment in Cambridge, Mass. Romney is studying at Harvard Law School.**

## Los Angeles Horn Blower Stops Traffic

The horn that blows at midnight in Los Angeles stops traffic. The horn—a tenor trombone—blasts away at the corner of Riverside Drive and Los Feliz Boulevard, where Jeff Tate, 19, chooses to do his after-dark practicing.

Jeff, who lives in a small apartment, said "this is really better than practicing in a room because I know some of the sound gets lost outside."

It isn't lost on motorists. "My husband and I were driving home from a cocktail party the other night," one woman recalled, "and all of a sudden we heard the music. When we first looked over and saw the young fellow playing a trombone, we thought we must be seeing things."

Jeff, a music major at the University of Redlands, explained the wide-open spaces are the only place he has to practice, next to Griffith Park.

# Stateside GI Unit Pondered

WASHINGTON (AP) — The Pentagon is considering forming a new division— potentially the Army's 18th—to replace home-based units destined for Vietnam.

Defense officials said Thursday this is one approach being studied to meet President Johnson's recent authorization of 45,000 to 50,000 more troops for the war.

★ ★ ★

About 34,000 of the men to go to Vietnam by mid-1968 will be Army troops, and an estimated half of these will be from active duty units kept in the continental United States as a military pool to meet possible emergencies abroad.

If the remaining two brigades of the 101st Airborne Division are dispatched to Southeast Asia as expected, the Pentagon may form the new division at Ft. Campbell, Ky., the 101st's home base.

**WASHINGTON POST**

Another possible base which has been mentioned is Ft. Lewis, Wash., former home of the Army's 4th division, now in Vietnam.

Indications are the majority of the remaining men in the new manpower authorization will be Air Force, with Navy units rounding out the total.

Gen. Wallace M. Greene Jr., commandant of the Marine Corps, said earlier this week no Marine units are involved in the latest buildup.

# Home Robbed

Some $275 worth of clothing and appliances were reported stolen Wednesday night or yesterday morning from a house at 590 Arthur.

George Randall told Pontiac police he returned home from work about 7 a.m. yesterday and found the items missing. He said a television set and a record player were among the items.

# Police Action

Pontiac police officers and Oakland County sheriff's deputies investigated 70 reported incidents during the last 24 hours.

A breakdown of causes for police action:

Arrests—4
Vandalisms—11
Burglaries—6
Larcenies—16
Auto thefts—3
Bicycle thefts—4
Disorderly persons—3
Assaults—3
Rapes—1
Property damage accidents—14
Personal injury accidents—4

# Hero Colin Kelly's Son Plans to Enter Ministry

PHILADELPHIA (UPI) — Army Capt. Colin P. Kelly III, whose father died as the first U.S. hero in World War II, has been accepted as an Episcopal divinity school student here, it was disclosed yesterday.

The 27-year-old Kelly, stationed at Ft. Riley, Kan., with the 1st Battalion, 64th Armored Division, confirmed that he had submitted an application to enter the Corps of Chaplains.

**Kelly, married and the father of two children, said he had not received a reply from the Department of the Army but expected one shortly.**

The Very Rev. Edward G. Harris, dean of the Divinity School of the Protestant Episcopal Church, said Kelly's application for admittance in September had been accepted.

Kelly was scheduled to be assigned to St. Mary's church, Haddon Heights, N.J., for field work while studying at the school.

★ ★ ★

Kelly's father, Capt. Colin P. Kelly Jr., was killed three days after the Dec. 7, 1941, attack on Pearl Harbor. His B17 crashed off the Philippines when it was attacked by Japanese Zeros as he was bombing a Japanese cruiser. Kelly's attack was successful and the warship was sunk.

**WAS DECORATED**

Kelly was posthumously awarded the Distinguished Flying Cross, the Distinguished Service Cross and the Purple Heart.

★ ★ ★

The late President Franklin D. Roosevelt addressed a letter to "the President of the United States in 1956" asking that Colin P. Kelly III be appointed to West Point. Colin III was 19 months old when the letter was written.

**President Dwight Eisenhower offered the appointment to him when he became old enough but he declined it. Instead, he took all the tests with other applicants and won an appointment.**

Kelly was graduated in 1963 and served in Germany before being assigned to Ft. Riley.

Kelly's mother, now Mrs. Marianne Pedlo, lived in suburban Philadelphia when Colin was growing up and he attended St. John's Episcopal Church in Concordville. He and the pastor, the Rev. Edward W. Battin, became close friends.

★ ★ ★

The Rev. Mr. Battin said they held frequent talks over the years about Kelly's vocation in life. He said Kelly "wanted to serve man" and was considering law, politics and the ministry.

★ ★ ★

He said Kelly attended services at the church last Good Friday and they had another long talk. Then in June, Kelly called to say he had decided on the ministry.

# Power Company Elects New VP

JACKSON (UPI) — Russell C. Youngdahl, previously executive manager of engineering and construction for Consumers Power Co., has been elected a vice president of the company to supervise construction, purchasing and stores operations.

★ ★ ★

The announcement was made Thursday by James H. Campbell, president. He also announced the appointment of Jerome D. Lescoe as manager of construction to fill a vacancy caused by the resignation of John G. Wilson. Lescoe had been Wilson's assistant.

# Four Senators to Tour State

ANSING (AP) — Four state senators, members of the Conservation and Tourist Industry Committee, will take a three-day tour of eastern Michigan tourist sites and facilities, starting Tuesday.

The senators are Gordon Rockwell, R-Mount Morris, committee chairman, L. Harvey Lodge, R-Waterford, Oscar E. Bouwsma, R-Muskegon, and Arthur Cartwright, D-Detroit.

★ ★ ★

Objectives of the tour, to be coordinated by the East Michigan Tourist Assn., include a review of the current summer vacation season with local businessmen, inspection of public and private tourist sites and facilities.

# Bridge Walk Has Races

ST. IGNACE (AP) — Speed-walking races for beginners and trained athletes and free bus rides back are among the features of this year's Labor Day grand stroll across the Mackinac Bridge.

Conducted by the Mackinac Bridge Authority, the toll-free north-to-south amble starts at the St. Ignace toll plaza and ends 4½ miles away at Mackinac City.

Starts are allowed only between 8:30 and 10 a.m. The speed-walking races begin at 7:30 a.m. The walk last year drew 10,000 people.

# School Damaged

Vandals reportedly broke into the Mark Twain Elementary School, 726 Linda Vista, sometime Wednesday night or yesterday morning, wrote on blackboards and walls and took an adding machine valued at $100.

★ ★ ★

Police said two windows were broken in the school.

# Measle Eradication Plan Shows Results

ATLANTA, Ga. (AP) — A plan by the U.S. surgeon general for eradicating measles in 1967 is showing results, a report released by the U.S. Public Health Service's Communicable Disease Center indicated today.

* * *

From Jan. 1 through Aug. 12, the report showed 56,846 cases of measles had been reported, compared to 186,980 through Aug. 12 of last year. This shows a further drop from 458,329 cases reported in first 32 weeks of 1964, and 237,409 in that period of 1965.

* * *

Noted especially in the report was the four-week period July 16-Aug. 12. In 1967, 1,153 cases were reported in this period, compared to 4,370 in 1966, 5,148 in 1965 and 8,332 in 1964.

* * *

"This report is particularly exciting to us because of the national campaign to eradicate measles," a center spokesman said.

**Helps You Overcome**
**FALSE TEETH**
**Looseness and Worry**

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline powder, holds plates firmer so they feel more comfortable. Avoid embarrassment caused by loose false teeth. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

## Weeks Declared

LANSING (UPI) — Gov. George Romney has proclaimed the week of Sept. 15-22 as Red Cross Youth Week in Michigan and the week of Oct. 1-7 as National Pharmacy Week in Michigan.

## Holiday Inns Plans Motel in Detroit

DETROIT (AP) — Holiday Inns of America announced plans to build a 10-story, $2 million motel on urban renewal land near downtown Detroit.

The motel will have 250 units and a restaurant and cocktail lounge on the top floor, a Holiday Inn spokesman said.

Sale price for the two acres the company plans to buy in the 32-acre urban renewal tract at Gratiot and the Chrysler Freeway, is reported to be $272,000.

# Hearing on Courts Will Be Aug. 26

KALAMAZOO (UPI) — The first in a series of summer public hearings on lower court reorganization has been scheduled to be held here Aug. 26 by a subcommittee of the Judiciary Committee of the Michigan House of Representatives.

* * *

Rep. Donald E. Holbrook Jr., R-Clare, chairman of both committees, said the meeting was designed to hear the views of interested citizens and judicial officials from all counties in southwestern Michigan.

* * *

Similar hearings were held during the legislative session in Lansing, Detroit, and Clare to get views from the rest of Lower Michigan. Others are planned for Northern Michigan and Upper Peninsula.

* * *

Court reorganization — required by the Michigan Constitution of 1963 - will be the major issue at a special legislative session scheduled to begin Oct. 10.
