Romney Enters Race for Presidential Bid

By JIM LONG

Using the theme "A New America," Michigan's Gov. George Romney announced today he will be a Republican presidential candidate in 1968.

The 60-year-old Bloomfield Hills Republican said he had decided to fight for, and win his party's nomination and the election as president of the U.S.

In a Detroit press conference he said he had made his final decision only late last week.

"I am concerned about America," was the governor's reasoning and his platform will be based on "leadership," he said.

Placing himself in the underdog role, Romney told a questioner he was used to that and depicted himself as an under-

dog most of his life—when he went into the automobile business and when he first went into politics.

Serving his third term as governor, Romney announced he would not resign

NEW YORK (UPI)—Gov. Nelson A. Rockefeller of New York today pledged he would "wholeheartedly" support Gov. George Romney of Michigan in his campaign for the 1968 Republican presidential nomination.

his governor's position to campaign, pointing out that governors in the past had run for president and this had led him to decide to stay on.

A devout Mormon, Romney said he would not campaign on Sunday but

would set that day aside to "church and family."

He attacked the administration's performance on both domestic and foreign policies.

He decried the Vietnam war, saying "We are mired in an Asian land war which sacrifices our young men and drains our resources, with no end in sight."

HITS FOREIGN POLICY

"Our foreign policy has no clear, positive purpose."

Hitting at the administration's fiscal policies, Romney said "The richest nation in the world is in a fiscal mess."

"Our magnificent economy which of-

fers an impoverished and hungry world the only model that can head off greater deprivation and unprecedented famine, is being systematically jammed by inflation."

Planking him as he spoke in somber, but emphatic tones, were two daughters and a son, plus his attractive wife, Lenore, who wore a beige dress with a matching coat casually slung from her shoulders.

CHEERING THROG

The coat concealed a cast encasing the arm she broke last week in a bathtub fall.

Following his half hour news conference, he went to the ground floor of the Veterans' Memorial Building and was greeted by a cheering throng of his supporters while a band struck up "Hail to the Victors," University of Michigan's fight song.

He also announced during a question period that he told his supporters to enter his name in the primaries in four states, New Hampshire, Wisconsin, Oregon and Nebraska.

On the home front, he attacked the drug problem and teenage crime as indicative of "a society that seems to offer no cause worth serving."

SAFE STREETS

"Too often young people bursting with idealism either find themselves playing a game for which they have little heart or hurting themselves at wasteful protest."

"It is more important to make our streets safe than put a man on the moon," Romney said.

"To achieve all our goals, we must have a Republican president," said Romney, who kept using the phrase "A New America" — possibly a future slogan.

Romney's announcement came as no real surprise to political observers. However, some speculation had been made prior to today's speech that Romney would resign as governor to campaign.

FORMED REFORM ORGANIZATION

Romney was first urged to enter politics in 1960 as a senatorial candidate but declined. Instead he formed the nonpartisan "Citizens For Michigan" organization, devoted to reform in government.

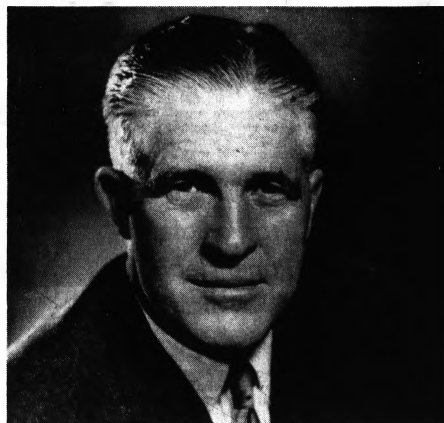

Efforts of this group and the League of Women Voters brought Michigan a Constitutional Convention in 1961.

He became a candidate for delegate to the convention, adopting a partisan label for the first time.

He was elected overwhelmingly and as a Republican he served as one of the three vice presidents of the convention.

With that political background he ran for governor.

Although undeclared, Romney has (Continued on Page A2, Col. 3)

a friend once asked George Romney as they watched an opposing player run wild against the Michigan State University football team.

"Because he thinks he can," answered the man who today became the first major figure in either party to announce as a 1968 presidential aspirant.

The comment could well have been made about Romney himself, who never has tasted major defeat in a determined climb from the son of poor Mormon refugees in Mexico, through the power structure of American industry to governorship of the nation's seventh-largest state.

His Third Term Is a Busy One

LANSING (AP)—Here are the highlights in the activities of Gov. Romney since his reelection in 1966.

Nov. 6, 1967 — Re-elected to a third term as governor of Michigan by a landslide margin.

INAUGURATED

Jan. 2, 1967 — Inaugurated for third term as governor of Michigan.

Jan. 12 — Calls on Michigan Legislature to enact a state income tax, vowing not to approve additional spending unless fiscal reform measures are adopted.

Feb. 2 — Presents Legislature with his plan for a state income tax and a proposed \$1,153 billion state budget for fiscal 1967-68.

Feb. 25 — Criticized for referring to Sen. Charles Percy, R-Ill., as a "political opportunist" at Michigan GOP Convention.

March 6 — Predicts the Vietnam war will be the principal issue in the 1968 election unless it is settled by then.

April 7 — Outlines position on Vietnam in speech at Hartford, Conn.

June 22-30 — Cancels out-of-state trips to remain in Michigan to confer with legislators on state income tax bill.

FIRST STATE INCOME TAX

July 1 — Legislature passes Michigan's first state income tax.

July 4 — Goes to New Hampshire, site of nation's first primary, to confer with state GOP leaders.

July 24-26 — Detroit riots. Romney calls in National Guard and requests regular army troops be sent to Detroit. Exchanges criticism with President Johnson over handling of riots.

Sept. 4 — Says belief he once held that U.S. involvement in Vietnam was "morally right and necessary" was based on brainwashing he received from U.S. military and diplomatic officials during 1965 Vietnam trip.

Sept. 11-30 — Tours nation's troubled urban areas from coast to coast.

Oct. 13 — Adds open housing to the special legislative session agenda.

Nov. 3 — Announces he will disclose whether he will run or not at meeting Nov. 18.

Nov. 18 — State Legislature adjourns for three weeks without passing Romney's open housing bill.

The Romney drive and determination is evident in all that he does.

Called a "supersalesman" by admirers, Romney took over American Motors Corp. while it was in the red, left it solidly in the black when he stepped out to run for governor in 1962.

WON WIFE

The Romney drive could be said to have won him his wife, the former Lenore La Pount, a delicate, attractive former movie actress who generally is considered his No. 1 asset and aide.

Not always an asset, the Romney drive sometimes erupts in what he calls "intensity," but others call temper.

Mormon tenets also have gotten Romney into controversy, notably over the church's exclusion of Negroes from the priesthood.

Romney is generally considered to have a good record on civil rights. A Romney bill for a statewide open housing law is now before the legislature but its future is uncertain.

RACE RIOTS

Racial riots that swept half dozen Michigan cities last summer, including Detroit, didn't help the image. Romney accused President Johnson of delaying deployment of federal troops.

One of the highlights of the Romney political career, that started with his part in convening and guiding Michigan's 1961 constitutional convention and extended through three terms as governor, was passage this year of the state's first income tax.

U.S., N. Viet Battle for Hills Continues

SAIGON (AP) — Heavy new hill fighting broke out today nine miles west of Dak To in South Vietnam's embattled central highlands where American forces drive North Vietnamese troops from two strategic peaks yesterday.

The new fighting came as U.S. artillerymen repelled a mass Vietcong charge on their positions in the Mekong Delta, the U.S. Command announced four new plane losses over North Vietnam and the Vietcong declared three cease-fires, totaling 13 days, for upcoming holidays.

House Defies LBJ on Aid

WASHINGTON (AP) — President Johnson's statement to the nation that Congress would make a serious error in slashing his foreign aid bill was followed shortly by a House decision to cut it by a whopping one-third.

By a vote of 167 to 143, the House voted yesterday for an appropriation figure of \$2.196 billion, compared with the \$3.225 billion sought by the President. If the Senate goes along, this would be the deepest cut in the 30-year history of foreign aid.

But Secretary of State Dean Rusk plans to appear Monday before the Senate Appropriations Committee in an attempt to restore at least some of the funds.

The measure, including provisions to restrict purchases of modern weapons by underdeveloped nations receiving the aid money, was passed by a coalition of 124 Democrats and 43 Republicans. It was opposed by 55 Democrats and 88 Republicans.

Action came only a few hours after Johnson, during a news conference on television and radio, said he felt it was "a serious mistake" for Congress to cut what he called a very low aid request at a time when the United States, richest country on earth, is enjoying great prosperity.

FOR 100 COUNTRIES

The aid program is for 100 countries and 5 territories in the year ending next June 30.

During the debate, an attempt to give the President discretion in making decisions on withholding economic assistance to underdeveloped countries buying sophisticated weapons was rejected.

This kept in the bill language sponsored by Rep. Silvio O. Conte, R-Mass., to curb purchases of weapons such as jet planes and missiles systems by underdeveloped nations with withholding economic assistance in the amount they spend for the equipment. This also bars use of any military aid funds for similar purchases.

Exempted from the provision are Greece, Turkey, Iran, Israel, Nationalist China, the Philippines and South Korea.

DISCRETION OF PRESIDENT

Also defeated was an attempt to revoke discretion of the President in permitting the Export-Import Bank to give credit to Communist countries.

The bill provides \$1.831 billion of the \$2.630 billion sought for economic aid and \$365 million of the \$396 million requested for military assistance. It is \$740 million less than Congress provided last year.

Other provisions also set aside \$105 million for the Peace Corps, \$14,856,000 for administration of the Ryukyu Islands, \$300 million for the Inter-American Development Bank and \$104 million for the International Development Association.

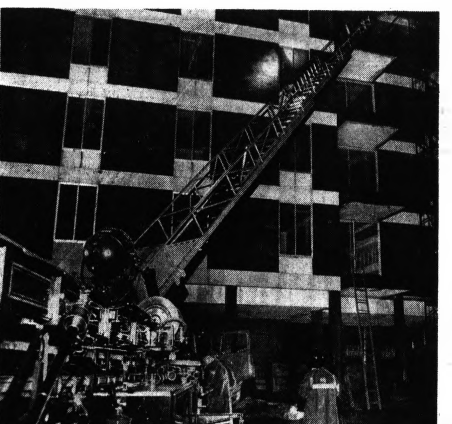

House Fires in City Claim 2

Two Pontiac residents died in house fires last night and early today, and another person overcome by smoke was revived by city fire fighters.

Two other major fires broke out during the last 24-hour period, one at a

Birmingham apartment construction site and the second at a Pontiac home.

Pontiac police identified the five victims as Ray Fortin, 43, of 118 E. Chicago and Mrs. Jessie L. Johnson, 36, of 412 California.

Pontiac Press Photo

APARTMENT SITE FIRE—Extensive damage resulted last night from a blaze at Piety Hill Place apartments under construction at Southfield and Brown in Birmingham. Flames were confined to the fifth floor of the structure, but the other stories suffered smoke and water damage to finished portions. The blaze was under investigation this morning.

Fortin who lived on the second floor of a two-story frame home died last night in a fire which started in a chair.

Police said he apparently thought he had extinguished the fire before going to bed. However, the chair caught fire again, causing \$3,000 damage to the dwelling and \$2,000 damage to the contents.

City firemen said the home is owned by R. W. Maghness. Firemen received the alarm at 9:57 p.m.

Mrs. Johnson was killed in a fire at her home this morning in which damage was estimated at \$7,000.

The home is owned by Grady Mac-Coffee of 37 Walnut.

The flames spread to the Jean Powell home at 408 California, causing \$1,000 damage.

OVERCOME BY SMOKE

Joe Garcia, 26, of 530 Judson was overcome by smoke early today in a fire which firemen said was caused by smoking in bed.

However, fire fighters managed to revive Garcia who didn't require hospital treatment.

Damage to the apartment was listed at \$150, all to the contents. The two-story frame building at 528-530 Judson is owned by Robert Edmones.

Birmingham Fire Department fought a blaze at the construction site of the luxury Piety Hill Place apartments at Southfield and Brown last night.

The fire erupted in the building's fifth floor about 7 p.m. Units from Royal Oak and Pontiac aided the city's department. (Continued on Page A2, Col. 5)

Turkish Warplanes Fly Over Cyprus in Wake of Flare-Up

NICOSIA, Cyprus (AP) — Turkish fighter planes zoomed over the Karpas peninsula in northeast Cyprus today, violating Cyprus air space, and then flew off, a Cyprus government spokesman announced.

Turkey has been reported dissatisfied with developments on the island 40 miles south of Turkey since a battle Wednesday between Greek and Turkish Cypriots.

U.N. Secretary General U Thant reported that during the fighting, Turkey warned the United Nations to stop the battle or else the crisis would "go beyond the borders of the island."

In fighting on Cyprus in 1964, Turkish fighters flew repeated sorties, forcing a halt to the communal battles but bringing Turkey close to war with its North Atlantic Treaty Organization ally, Greece.

Greece's latest move this time was to recall Gen. George Grivas, Greek commander of Cypriot armed forces, to Athens. There were reports he had been

relieved of his command as a result of the recent outbreak of fighting. Greek sources said he had been recalled for urgent consultations on ways to ease tension.

In Ankara, official sources said the Turkish Parliament Friday to send troops anywhere abroad in case of "contingency on Cyprus." They said the vote, in closed session, was 432-1 with two members abstaining.

A military source said air force, navy and army units stationed in south-central Turkey, just 40 miles north of Cyprus, remained on the alert Friday.

Traffic Safety Panel Hears AAA Staffer

A new approach to finding causes of traffic accidents was discussed by an American Automobile Association representative at the monthly traffic safety committee conference yesterday.

Mike Sibel from the AAA Motor News described the approach to the Pontiac Area Chamber of Commerce traffic safety committee members after lunch at the Elks Lodge.

He said it was "time to have a new look at what's happening" in automobile accidents. He suggested that police attempt to get at the causes of accidents so that more preventative could be set up.

He explained that most recent studies showed that about 90 per cent of auto accidents were caused by driver error.

Sibel is currently working with several Michigan city police stations and sheriff's offices in an effort to have officers ask persons involved in injury accidents exactly what happened immediately before the collision point.

Sibel also mentioned that a study of the holiday driver suggested a definite portrait of the person involved in accidents at that time. Studies show the driver is in his late 20s or early 30s, that the accident occurs on a two-lane county or state trunk highway, and that he has a history of driving problems.

Lester Smith, a spokesman for the Oakland County Road Commission, mentioned that a conviction had been obtained against a motorist who ignored a county flagman at highway construction. He explained that motorists ignoring flagmen were becoming an increasing problem.

Trial Dec. 1 in 2-Family Fracas

Mrs. Will Kraus, the mother-in-law of Gov. Romney's son Scott, has been scheduled to stand trial Dec. 1 at 2 p.m. in Troy Municipal Court on a charge of assault and battery.

She was arraigned on the charge before Troy Judge Charles Losey.

The charge was brought by Mrs. Walter Hill of 4341 Ardmore, Bloomfield Hills, who alleges she was struck with a shoe by Mrs. Kraus in Hill's office in Troy on Monday.

The two women and Mrs. Kraus' daughter, 22-year-old Terry Stern, a former Miss De-

troit World beauty queen, were involved in the fracas.

Mrs. Kraus and her daughter live at 560 N. Gleggery in Bloomfield Township.

BROKEN ROMANCE

The fight apparently arose from a broken romance between the Hill's son Patrick, 23, and Miss Stern.

Patrick, who is away at college, allegedly damaged Terry's car when they broke up two weeks ago, and the interfamily fight resulted from a disagreement over the auto repair bill.

2nd Detroit Paper Halts Its Operation

DETROIT (AP) — Neither of this city's two major daily newspapers was publishing today.

The Detroit News, an afternoon newspaper, was closed at midnight Wednesday by a Teamsters Union strike.

The other major daily, the morning Detroit Free Press, suspended publication today because of what the paper's management termed the "actions on certain unions."

Wilson Memorial Gets Tentative Okay From MSU

EAST LANSING (AP) — Michigan State University trustees have given tentative approval to a plan by Oakland University students to memorialize to Mrs. Matilda Wilson.

Mrs. Wilson, who died recently, gave land, buildings and several million dollars for the founding of the MSU branch.

The students said they hoped to borrow \$100,000 to purchase books for the library in honor of Mrs. Wilson.

The students plan to assess themselves an extra \$1 a term for 6 to 10 years to repay the loan.

She Never Locked Doors; Now Her Jewelry's Gone

MIAMI (UPI) — Mrs. Cornelia Vandegard Dinkler, a social pacesetter, liked to brag she never locked the 19 doors to her mansion in Atlanta.

"But come to Miami and I'll show you," exclaimed Mrs. Dinkler, today short \$500,000 worth of jewelry.

That was the host of two police, white-masked gunmen waiting for Mrs. Dinkler and her hotel man husband, Carl Dinkler Jr., when they returned to their penthouse from a swank \$1,000-a-plate charity dinner yesterday.

Police today were checking similarities between the Dinkler robbery and a \$1.5 million stickup at the bay-front mansion of multimillionaire Willis D. Ontos Jr.

Mrs. Dinkler said she was "more furious than frightened" as the bandits, one dressed in a black tie and tuxedo, bound and gagged the couple and made off with a 22-carat tear-diamond worth \$135,000, and other jewelry.

"I'm sorry, but I have to do this to earn a living," said one of the bandits as he wrapped the tape around Mrs. Dinkler's mouth.

Then, before taking his leave, one of the men kissed her cheek.

BOSTON (AP) — Mrs. Patricia DiAfrio, 32, and the mother of four, and John J. Kelley, stood acquitted today of charges of taking part in the biggest cash robbery in U.S. history, the theft of \$1.5 million from a U.S. mail truck in Plymouth.

The prosecution charged that Mrs. DiAfrio was the woman who stood at a makeshift barricade at an exit ramp on Route 3, and helped divert northbound traffic off the highway so the truck could be robbed undisputed about four miles up the road on Aug. 14, 1962.

Liner Drifts; 485 Aboard

NEW YORK (AP) — The liner Grisham, carrying 485 persons, drifted without propulsive power in the North Atlantic today after an explosion and fire in the engine room, the Coast Guard reported. But, the Coast Guard said, the liner reported that there were no injuries to passengers or crew as a result of the incident which occurred sometime after 8 p.m. yesterday.

The 15-nation council had hoped to reach a showdown vote yesterday but adjourned after nine minutes.

Identification Awaited

BERLIN (UPI) — West Germany today awaited official notification from Panama that Francis Willard Keith is not a Nazi war criminal before deciding whether to send an investigation team to the Latin nation. Keith was arrested Tuesday as Heinrich Mueller, a Gestapo lieutenant colonel who carried out Hitler's orders to exterminate millions of European Jews.

Local House Fires Claim Lives of Two

(Continued From Page One)

Damages and cause of the fire were being determined this morning.

The blaze was confined to the completed portions of the fifth story. Smoke and water damage was caused throughout the structure and the metallic roof was badly damaged.

The block-square building is to cost about \$1 million and to have 40 units of various sizes.

A one-story frame home at 41 Idaho caught fire about 1 a.m. today, causing an estimated \$4,000 damage to the building and \$1,000 damage to the contents.

City firemen fought the blaze for about 1 1/2 hours. Occupant of the home is Beverly Transon.

Friday he will show colored slides of the Antarctic and will discuss the problem of international cooperation and an international treaty to use the Antarctic for scientific purposes only. Guest tickets are \$1 if available.

New Trial Ordered in '63 Sodomy Case

LANSING (UPI) — The Michigan Court of Appeals today ordered a new trial for an Egyptian-born doctor convicted three years ago for acts of sodomy on a 17-year-old baby sitter.

Dr. Fawzy Askar, now practicing in King of Prussia, Pa., was given a second chance because the court found the prosecutor's conduct "so highly prejudicial" that Askar didn't get a fair trial.

The Appeals Court said Circuit Judge Frederick Ziem of Oakland County should not have admitted testimony of a 17-year-old girl.

The court also said Assistant Prosecutors Attorney Daniel Devine prejudiced the jury by reminding them Askar had once been charged with statutory rape by another baby sitter but had been acquitted.

The alleged acts of sodomy occurred in Askar's home in Farmington Township in July of 1963 with both girls present. Askar, who came to this country in 1956, contended he was not guilty because the acts were committed with females.

Horse Sales Dip on Kentucky Mart

LEXINGTON, Ky. (AP) — The 24th annual Keeneland fall sale of thoroughbred breeding stock closed Friday with gross sales down \$1.1 million from last year and the average per head down nearly \$1,000.

The week's auctioneering sold 1,022 thoroughbreds for a total of \$4,873,800 to average \$4,573. The 1966 sales saw \$1,122 lots go down \$1,500,400, an average of \$5,364.

At the final session Friday only 93 horses were sold for a total \$74,000, with the average of \$796. Forty of those sold during the last bidding went to buyers for \$500 or less.

AMC Loss Report Likely

DETROIT (AP) — American Motors Corp. is expected to announce Monday it has lost \$70 million in fiscal 1967, including about \$25 million in the fourth quarter ended Sept. 30. American Motors losses for fiscal 1966 were \$12.6 million. Chairman Roy D. Chapin said, however, "The company would show a substantial improvement" in the quarter ending Dec. 31, in comparison with the \$6.5 million loss in the same period last year.

Romney Enters Race for Presidential Nomination

(Continued From Page One)

been campaigning hard since his landslide reelection to a third gubernatorial term one year ago which shot him into the race as a presidential possibility.

Having rolled through 36 states since then, the Romney bandwagon is expected to gather a full head of steam within weeks. Romney aides have planned a nine-day campaign trip in New Hampshire starting Monday without the governor.

Romney plans a trip abroad next month that will take him through Western and Eastern Europe and the Far East, including Southeast Asia.

Romney, born in Mexico of poor Mormon parents who fled this country to avoid persecution of their sect, represented the aluminum and auto industries in Washington after working his way through the University of Utah and George Washington University.

He went to work for Nash and the Hudson Motor Car Co. six years later.

AMC was financially shaky when Romney took over, but solidly in the black when he stepped out in 1962 to run for governor.

Like many a man thrust into the national spotlight, Romney has stirred frequent controversy in the past year and his standing has fluctuated wildly in public opinion polls.

PRASED FOR VIET SPEECH

He was criticized last winter for refusing to take a stand on Vietnam, then won general praise when he spelled out his position in a speech at Hartford, Conn., April 7.

He said then that it was "unthinkable that the United States withdraw" and added that the U.S. should use "military force as necessary" to cut off supplies from the North and erect "a military shield for the South."

He added, however, that this country must continue to seek meaningful negotiations and must "learn from the lessons of this tragic war to avoid similar involvements in the future."

Over the Labor Day weekend, Romney told a television interviewer that he had been "brainwashed" by U.S. military and diplomatic officials on a 1965 visit to Vietnam from which he returned declaring the war "morally right and necessary."

CHARGE CREATED FUROR

Although Romney has never contradicted the basic tenets of his Hartford speech, the brainwash charge created a furor.

Generally considered to have a good record on civil rights, Romney has been questioned about the fact that his church does not permit Negroes to be priests.

He has said he would quit the church if it prevented him from doing "those things for social justice I thought right."

When President Johnson appeared to

single out the governor in a TV speech announcing dispatch of federal troops in to Detroit during last July's riot, Romney accused Johnson of playing politics in a period of tragedy.

The governor moved quickly after the riot to pump for a statewide open housing law, but the bill that is now before the state legislature has an uncertain future.

Ironically, it is one of the facts of Romney's life rather than his comments on issues that could cause him the most trouble in any campaign and that is the fact of his birth.

As recently as this week, U.S. Rep. Emmanuel Celler, D-N.Y., chairman of the House Judiciary Committee, called for a court test of Romney's eligibility to run for president.

The U.S. Constitution requires a president to be a "natural born citizen" but does not spell out whether someone, like Romney, who was born of U.S. citizens abroad, qualifies.

Rent a Celebrity for Charity

WASHINGTON (AP) — Would you like to:
• Sit with Secretary of Defense Robert S. McNamara?
• Get maid service from beautiful Joan Kennedy? Or go sailing with her husband, Sen. Edward M. Kennedy?
• How about a serenade from Andy Williams?
It's all possible—with money—at a charity fund-raising benefit sponsored to provide swimming pools for Washington children.People like Ethel Kennedy, wife of Robert, and Muriel Humphrey, wife of the vice president, are spearheading efforts for a Feb. 17 local telethon to raise \$300,000.
Show business and political personalities—and some in both camps like former actor Sen. George Murphy, R-Calif.—are donating their gimmicks and time.Viewers will be asked to call in bids on the sailing or skiing trips, and other things like a chance to attend a sports event with sports buff George Plimpton.
Sponsors emphasize you don't have to accept a prize if you win.'Bar National
Candidates in
State Office'LANSING (UPI) — A Democratic state legislator yesterday said he would seek an amendment to the Michigan Constitution that would force any state politician to resign from office if he sought national office.
Rep. Alex Plich, D-Deerborn, said he has asked that a bill be drafted to amend the Constitution to force any elected state official to resign upon becoming a candidate for any national office.If the Legislature adopted the proposal, it would have no effect on Gov. Romney, who may seek the 1968 GOP presidential nomination.
The proposal, once passed by the Legislature, would have to be voted on by the people in the next general election.Arsenal Had
Nazi Decor

SANTA ANA, Calif. (AP) — Police say Gen. Pleitnick's bedroom was decorated with Nazi pictures and mementoes.

It also was decorated Friday with U.S. treasury agents and police who seized four machine guns and anti-aircraft and anti-tank guns. They arrested Pleitnick, 30, on a federal warrant charging him with illegal possession of firearms for sale.

One agent said he purchased a machine gun from Pleitnick on Thursday.

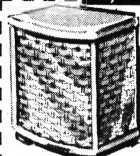

The bid. Nor do you have to bid to make a donation.
"It's all in fun," says Ethel Kennedy.
The fun will include, on stage, people like astronaut John Glenn, actor Kirk Douglas, singer Eddie Fisher, comedian Woody Allen, former White House press secretary Pierre Salinger and Baltimore Colts football star Johnny Unitas.
If someone calls and wants to pledge \$100 to talk to someone like—say, Sen. Charles Percy, R-Ill.—he'll be there, too. The fund-raising event is said to be the brainchild of Sen. Robert F. Kennedy, D-N.Y.

And what's Kennedy contributing?

He'll warble the Camp Waymagama theme song.

Church Founder Is Dead

Rev. Samuel M. Edwards, founder and pastor of Liberty Baptist Church, 250 Fisher, died yesterday. He was 77.

His body is at the Frank Carruthers Funeral Home.

Surviving are his wife, Lillie A.; two daughters, Mrs. Doris L. Brown of Newark, N.J., and Mary E. Edwards at home; and three sons, the Rev. S.M. Edwards III of Cleveland, Ohio, the Rev. James Edwards of Detroit and Joseph with the U.S. Air Force in Okinawa.

Also surviving are two sisters, including Mrs. Rachael Williams of Pontiac; a brother;

and seven grandchildren.

Pastor Edwards of 515 Valencia came to Pontiac in 1940 to become pastor of Macedonia Baptist Church. After serving the pastorate seven years he organized the Liberty Church.

The new church was finished in 1964.

On April 23 the congregation honored the Rev. Mr. Edwards at a special service for serving the congregation 20 years.

A graduate of Howard-Rogers College in Memphis, Tenn., Pastor Edwards was an honorary member of St. John Lodge No. 17.

Reflections

LET US REALLY BE THANKFUL

Once again we Americans pause and give thanks to our Heavenly Father for the many blessings that have been bestowed on us here in the midst of freedom.

So many of us as we journey on life's road fail to realize how many things we have to be thankful for. So often

we are plagued with the little defeats, disappointments and frustrations that are all part of living that we fail to really stop and consider the million little things we have to be thankful for.

When we meet failure in life, we still have the greatest gift to be thankful for. A Loving Father in Heaven to whom we can turn and say, "Unto Thee Oh Lord will I lift up mine eyes." Let us be thankful on Thanksgiving Day.

Area Utility Plots Urban Pattern

Detroit Edison Company is in the midst of a project which we feel will prove of great benefit both socially and economically to residents of Pontiac, Oakland County and all Southeastern Michigan.

It's called the Developing Urban Detroit Area Study. It was undertaken several years ago and company officials recently released a progress report on the project.

The project has, so far, produced the conclusion that Detroit and Oakland County are in the center of what is becoming a gigantic Great Lakes megalopolis, or super city of the future, stretching from Milwaukee to Buffalo.

Establishing the basic theory that the city is the most complex system created by man, the project is attempting to devise a scientific system for developing alternate methods of future development, then utilizing this methodology to formulate plans and programs for solving future urban problems.

It's complex. Most of the fruit of this project to date has little mean-

ing to the general public due to its highly technical nature. It is, however, producing some enlightenment for the future and what appears to be a tool of vital importance for professional planners.

The method of analysis separates urban problems into five basic elements of the city: Nature, Man, Society, Shells (housing, buildings, etc.), and Networks (highways, etc.).

These, then, are studied and evaluated economically, socially, politically, technologically and culturally. While this scientific method itself is complicated, its purpose is to eliminate the complexities of arriving at suitable alternate solutions for urban problems. It can take, for example, 49 million alternatives and boil them down to a handful of suitable solutions for urban problems.

The final phase of this project is due about 1970. It promises to provide us with some sound and valuable guidelines for future urban development.

Post Office: Do Your Christmas Mailing Early

Eternally hopeful, the Post Office Department again this year is asking Christmas givers to mail early. In anticipation of the greatest crush of holiday mail ever, the department has told local postmasters to begin hiring extra help early, ahead of the usual Dec. 1 target date.

The postal system, sometimes creaking under the burden of regular mail, is bracing for nine billion pieces of holiday mail, some 800 million more than last season's record volume.

The department feels, however, that its early-warning efforts of the last few years have helped to avoid a late December

onslaught such as in 1962 when the help of 300,000 temporary employees was required. Postal officials envision the need this year of only half that number to aid their 610,000 regular clerks and carriers.

The public is being urged to mail early in the day (as well as early in the season) to break the holiday pattern of light mailings in the morning and heavy mailings in the evening. Packages destined for distant places should be mailed by Dec. 4 and out-of-town greeting cards by Dec. 10. On local deliveries, parcels should be mailed by Dec. 13 and greeting cards by Dec. 15.

Russians Unearth Claim to Oil Well 'First'

Throw out the history books, the Russians have done it again.

Like most people, we'd always thought that Col. EDWIN DRAKE had drilled the world's first oil well in Titusville, Pa., in 1859. The Russians now say that's a lot of Pennsylvania crude.

The American magazine PETROLEUM TODAY relays a report by the magazine NEFTIANIK (Oil Worker) that Soviet researchers have discovered "entirely by accident" in a dusty file an old government document that they claim is conclusive

proof that the first oil well was drilled in 1847 in the Baku district.

Not only that, they have turned up a contract dated 1854 that refers to 25 hand-dug wells in operation and an 1870 map showing their locations.

"The 100-year-old myth that the United States was first has been shattered," proclaims NEFTIANIK.

Will Violence Curb LBP's Politicking?

By JAMES MARLOW
AP News Analyst

WASHINGTON — Tolerance has a crooked neck. This comes from leaning over backwards not to appear intolerant.

The result is that violent demonstrations are getting more violent.

Freedom of expression, including the right to dissent, is a basic American right. But expressing dissent through violence is not a right. Only the peaceful kind is.

Violent expression is a national disgrace. If permitted to continue, it opens the door to anarchy since it is a defiance of law and order.

But there seems to be a great public reluctance—and particularly on the part of government leadership — to urge and take strong action to prevent mass violence or to crush it fast if it occurs.

Both whites and Negroes have committed historic acts of violence in the past few months, even though for different reasons.

In Detroit last summer Negroes looted and burned, but

Michigan and national authorities showed great hesitancy to meet the violence with full force fast and crush it.

Then this week in New York where Secretary of State Dean Rusk spoke at a hotel, bands of anti-Vietnam war demonstrators, unable to pierce the police lines set up to protect Rusk, turned the night into a riot.

The pelted policemen, automobiles and buildings with steers' blood and resisted arrest. Forty of them were arrested and a number of persons, including five policemen were injured.

The steers' blood was supposed to symbolize human blood shed in Vietnam. The Secretary of State had to slip into the hotel through its garage hours ahead of time to avoid the pickets.

SECURITY GUARD
Rusk and President Johnson have to travel under increased security guard and, reportedly, have had to cancel some of their public appearances when they learned thousands of anti-war pickets were waiting for them.

Although Johnson is in the No. 1 position to act and arouse public opinion to act against the increasing bre-

sponsibility and violence he hasn't said much about it.

The roots of the violence probably go back into the 1950s when white liberals journeyed South to help Negroes test the discriminatory racial laws still on the books there.

Bit by bit violence grew out of the demonstrations in schools and cities until some weeks ago a mob protesting the Vietnam war tried to force its way into the Pentagon.

It's a good guess that a number of the pickets—judging from their brazen actions—were mental emotion cases using the war as an excuse, conscious or not, to defy society or wreak vengeance on it.

FRIGHTENING MOOD
It is a frightening commentary on the mood of the country that the President and Secretary of State have to travel under heavy guard, sneak in through a garage to make a speech, or call off visits and speeches altogether.

With the violence increasing, it poses an embarrassing question: How can Johnson, if he seeks a second term in the presidency next year, dare to make a speech in public during the campaign?

The POWER of FAITH By WOODI ISHMAEL

Edwin Samuel Melvin, known to his friends as James, has found part of his Christian commitment through the Junior Chamber of Commerce and the Partners of The Alliance programs. Raised by parents who provided Christian leadership through example, James, at 33, has already led a full life of leadership and service not only to his community of Greensboro, N.C., but to his state and nation as well.

A busy young vice president of a bank he is active in youth groups and his Methodist church, where he is a Sunday school teacher and a member of the official board. While president of the Greensboro Jaycees in 1964 and 1965 they won the award as outstanding chapter of the U.S. and the World.

Chairman of the North Carolina Jaycees' Partners of the Alliance project in Bolivia, he went to Bolivia and saw first hand what could be done. Returning he got groups all over the state to participate. During his chairmanship they implemented 35 projects in sanitation, electric lights, water, hospital and orphanage equipment for the peoples of Bolivia.

Of his trip to Bolivia, Melvin says, "Nobody can go down there without being touched and moved. Concern motivates involvement."

Confident Living:

Change Weakness Into Strength

By NORMAN VINCENT PEALE

Any weakness can be changed into a strength. Although this may sound incredible, it is a fact that you do not need to be pushed around indefinitely by some characteristic that is a bother to you.

How do you go about cancelling out a weak spot? First, want to. DR. PEALE says it is hard because maybe you don't want to, but know it is important that you should. And the next step is even harder: choose to be rid of a weakness, and believe that you can. And choose to change strongly enough to make it stick.

One day at his office invitation I visited the professor in his office. "What's the matter with you, anyway?" he asked sternly. "I am aware that you know the material but why can't you deliver?"

He repeated a couple of questions previously put and I answered readily enough. "Why didn't you come up with these answers in class?" he exclaimed.

"I don't know, Professor. Guess I was all tied up," I replied weakly.

"The trouble with you," he continued, "is that you are a scared rabbit. Why don't you get wise to yourself and shake loose from that inferiority complex? Act like a man, not a poor weak fish!" On which high note the interview concluded.

Angered I stomped down the hall muttering: "I'm going to resign from this university; then go back and clean up that professor!" On second thought I didn't do it, and for a practical reason: he was a huge tough man of 6 feet 2.

Instead I went out and stood miserably on the front steps of the university building. I asked myself a serious question: "Are you going to live this insipid way the rest of your life?" Right then and there I made a choice.

I decided I was completely fed up with being a scared rabbit. I chose to do something about it, and well remember saying aloud: "I'm through with this inferiority complex and I don't mean maybe."

Well, I did not actually get through with it that fast. But I did discover that once you make a choice the directional finger is pointed in the way of successful overcoming.

It was a long, hard road but I think I could go back to that professor's class and today speak out when called upon. That type of fear and negativism went down the drain.

Sovereign choice is a power given by the creator. And the fact is that when you choose to change you are on the way to changing.

A pathetic thing about many of us is indecisiveness about changing a weakness into a strength. Even though you may be unhappy with a weak point in your personality it seems easier to go along with it rather than to undertake a campaign of change. But actually that isn't so.

It gets harder the longer you put up with it. Keep it long enough and it will take full charge of you.

I knew a man who would fly off at the slightest provocation and to use his words, "tell anyone where to go."

But this got him into a lot of trouble. So he "just up and decided to stop flying off."

So basic was his choice that that he has a never let go of himself, even one time, since he made that decision.

It's an encouraging fact that you can actually do just about anything with yourself that you choose to do.

'We Commend The Press for 1967 Annual Report'

I wish to convey congratulations and appreciation of the Waterford community and staff for the excellent work of The Pontiac Press in producing our 1967 Annual Report. It is one of the best reports I've seen.

'Agree With Need for Study of Economics'

The Pontiac Press should be congratulated on printing the excellent speech by Merritt Hill. Mr. Hill should be commended on his intelligent analysis and our educators should profit by his advice. There are few men in the Country more capable than Mr. Hill. He has taken some industries that were in bad financial trouble and put them on their feet to keep producing goods and jobs for the public.

So many demands today are so entirely uneconomic in character that it indicates a complete lack of education on the part of those insisting on them. There is no apparent understanding of our monetary system, our marketing or our financial processes by most people. Basic economics is relatively simple common sense and should be taught next to reading, writing and arithmetic, and before football, art, music, dancing and fly fishing. Only by sound economics can we continue to enjoy literature, theater, sports, music and the arts.

I express my gratitude to John Springman who taught at Pontiac Central for many years and from whom I learned basic economics which guided me for many years.

Those Opinions on Open Housing Law

When anyone takes my right to sell my home to whomever I wish, they had better take away my right to buy matches. If they don't, this bit of mine will go up in smoke if it's the Lord's will.

'Have No Complaint About Extra Charge'

I don't object to paying the extra ten cents for check cashing because I can understand why the stores feel they have to charge this fee. As with everything else, a few make it hard for the majority, but you must admit ten cents is cheaper than having someone take your cash from you. I am leery of carrying two weeks' grocery money in my purse. It is too bad the world is in such a hurry that people who pay cash cannot wait for the check-writing customers. I have waited in line many times for other things, so be patient with us.

'Suggest The Press Print Only Good News'

If you would print only good news for one week, without one word of violence, your paper would be better. You write so much of violence the people are beginning to think the world is terrible. Really, it's not.

If you print good deeds instead of bad deeds, more people would be happier. Why don't you write about parents adopting children, or someone helping a person get started in the world, or other bits of happy news? Publicity stunts and if you publicize the Golden Rule, more people would observe it and learn that the world isn't so bad as you make it sound.

'Some Bus Drivers Exceed Speed Limits'

I congratulate the Orionville bus drivers on their outstanding efforts to get children to and from school on time, even if it necessitates driving 40 to 50 m.p.h. in a 25 m.p.h. zone.

Disagrees With Criticism of Lighting Costs

This is in response to your editorial criticizing the new lighting at Oakland Community College. I have no connection with Oakland Community College or the gas company, nor do I have any friends or relatives working at either place. I am a taxpayer and I do not mind that some of my tax dollars were used to install gas lights even though they are more expensive than mercury incandescent lights.

In too much development today beauty is overlooked. I wonder if you ever considered the adverse psychological effect on a public which is deprived of a beautiful environment? Why is it that Pontiac and many other major American cities are having so many problems? One reason is that they are ugly places to live and work. If the city administration and the local businessmen over the years had been more concerned with beauty, your city would be a more attractive place. If it were, I am sure more people would like to work and shop there.

I suggest that The Pontiac Press, instead of questioning men like Dr. Threlk who try to make our environment a more beautiful place, commend them.

Question and Answer

When a store advertises certain items priced as "Regular to \$15.99 for \$5, \$6, \$7" etc., what does "regular" mean?

MRS. S.

REPLY

It means the price for which the item has been selling and the price it will sell for after the sale is over.

Man Gets Life Sentence in Death of Young Mother

A 35-year-old Madison Heights man was sentenced to life imprisonment Thursday by Judge Walter P. Cynar for conspiring to murder a 19-year-old mother and her two children.

The third defendant, John D. Hicks, 18, of Warren, also implicated in the death of Mrs. Collins faces examination on first-degree murder charges before Macomb County Justice of the Peace Edmund Schmidt on Nov. 27.

James G. Perkins, an ex-convict from Madison Heights, was taken to Jackson State Prison to begin serving his sentence.

His younger brother, Isaac, 18, who confessed to helping strangle Mrs. Anna Sue Collins of Madison Heights, will be sentenced by Judge Cynar on Nov. 30. He pleaded guilty to second-degree murder, said the judge.

Strike Continues at GM Factory

GRAND RAPIDS (AP) — Workers will remain off their jobs at General Motors Corp.'s Fisher Body Division Plant No. 1 until Sunday night, local union officials said. The walkout of the 2,200 workers, protesting use of overtime to stockpile cars, began Thursday night. No other said, on the shooting of rockets GM plants in Grand Rapids area have been affected by the clouds with the hope of "short-circuiting" the twisters.

Weather Control: Who Will Decide?

NEW YORK (AP) — A weather control researcher says that if science ever does give man the power to control weather, it can lead to legal complications.

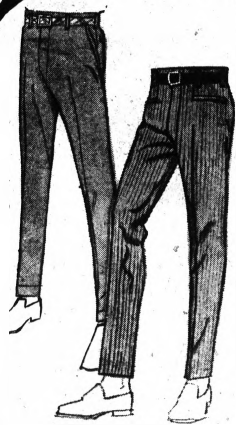

Bernard Vonnegut, writing in *Natural History*, published by the American Museum of Natural History, asks "Who will decide where snow is to be dumped, where rain prevented, where more precipitation should occur?"

Vonnegut terms cloud seeding as the most significant step in weather control devised to date. Experts now are working, he says, on the shooting of rockets "metal pins" into tornado clouds with the hope of "short-circuiting" the twisters.

Man Accused of Trying to Blow Up Jet

CHICAGO (AP) — A manager of a bottling company, accused of trying to blow up a jet airplane with his wife and 79 other persons aboard, was held today in lieu of \$100,000 bond.

Earle T. Cook, 37, arrested Friday by FBI agents, strode into the hearing room later with a checkered gray overcoat pulled over his face, and stood silently as a U.S. commissioner read government charges against him.

A federal indictment charged that Cook placed a dynamite bomb, triggered by a clock mechanism, aboard an American Airlines Boeing 727 that was taking from O'Hare International Airport to San Diego, Calif., on Nov. 11.

The bomb exploded as the plane flew over Colorado at about 34,500 feet—but all the dynamite did not ignite and the bomb damaged only the baggage compartment without piercing the aircraft's hull.

The aircraft landed safely at San Diego. None of the 74 passengers or crew of six was injured.

FBI agents arrested Cook at the bottling plant he manages in St. Charles, Ill., not far from his home in suburban Naperville. His arrest culminated an intensive investigation, in which the FBI interviewed hundreds of persons, including the plane's passengers and their relatives and friends.

The FBI said the Cooks were married in 1950 and have two teen-age children. The wife, Jeanne Elizabeth, had been in the hospital since the spring of this year and took the flight to San Diego for a visit with her parents while she recuperated.

The FBI declined to say whether Cook had insured his wife's life.

An announcement released by FBI Director J. Edgar Hoover in Washington said that Cook had accompanied his wife to the airport on the day of the flight. It also said that the explosives were believed contained in a small, ivory-colored suitcase.

The search warrant prepared for Cook's arrest charged that he had talked with a Hot Springs, Ark., man about killing Mrs. Cook six or seven times between December 1963 and September 1965.

Although Marlin W. Johnson, Chicago FBI chief, refused to comment on details of the case, the warrant charged that as early as 1964 Cook asked the Arkansas man to go to Phoenix, Ariz., and put a bomb-laden suitcase aboard a plane Mrs. Cook was riding.

The federal document said that on another occasion Cook asked the man, whom it said was a friend of Cook, to go to California and shoot Mrs. Cook.

Cook declined to comment on any of the charges during his arraignment. The case was continued to Monday.

If convicted of violation of the federal law against destruction or attempted destruction of interstate aircraft, Cook would face a maximum penalty of \$10,000 fine and 20 years in prison.

Young Dems OK Resolution

Peace Coalition Bid
on Vietnam Rejected

HOLLYWOOD, Fla. (AP) — A resolution suggesting that President Johnson consider a bombing pause in Vietnam, land reform there and negotiation with the Vietcong won shouted approval today at the convention of Young Democratic Clubs of America.

The vote came about 17 hours after President Johnson's news conference Friday when he described proponents of a bombing pause as "idealistic people" who serve "to mislead and confuse and weaken our position."

The voice vote described by convention Chairman Charles Manatt as overwhelming followed rejection by vote of 600-258 with 92 abstentions of a more dovish resolution proposed by a peace coalition.

Both sides pleaded for their causes during which a vivid defense of Johnson brought the convention to its feet for a one-minute standing ovation.

KEY BUSINESS

The approved resolution, considered the key business of the convention, said Young Democrats "are a part of the responsible majority of the American people" who support President Johnson's past and future efforts to reach a negotiated peace.

Passage of the resolution came just nine hours before Vice President Hubert H. Humphrey was scheduled to address the convention.

National Democratic Chairman John M. Bailey, who was at the convention, said of the resolution: "What they say here is important. I think the Young Democrats are clearly in support of the President. If the Young Democrats didn't support the President you'd have headlines."

During the debate, opponents of the resolution asked for a more of nonsupport by the convention.

MARRIED BY HECKLING

"It is clear President Johnson is a captive of the military-industrial complex in the U.S.," said Alvin Tenner of Los Angeles, Calif., in a speech on the floor which was interrupted frequently by hecklers.

Warren Blanchard, a 19-year-old sophomore from Henrix College, Conway, Ark., said of the majority resolution, "Voting for it would be nothing short of treason," and resigned as a delegate.

"We have no alternative," said Lem Howell of Seattle, Wash., prime mover of the measure which passed. "We don't want Ronnie Reagan, we want Lyndon Baines Johnson," kicking off the loudest demonstration of the four-day convention.

The self-described peace coalition had lined up behind Alan Reed of Lincoln, Neb., for president of the Young Democrats.

Reed said the momentum of support for peace would sweep him into office in today's election.

However, R. Spencer Oliver of Bowie, Md., the administration's candidate, was picking up support from a number of other candidates who pulled out of the race. He claimed to have more than enough votes to win.

Doves Beat Hawks at Touch Football

PRINCETON, N.J. (AP) — The doves downed the hawks 3-2 Friday as the Students for a Democratic Society met the Reserve Officer training Corps on the playing fields of Princeton University in a touch football game.

Outplayed on the field and outranked on the sidelines 100 to 35, the ROTC unit lost the game which it had originally proposed as "the ultimate resolution of divergent and irreconcilable views."

The SDS kept up a fierce pace of slapstick comedy on the sidelines as its cheerleaders sported in long military trench coats, police hats and World War I flyers' caps and goggles, chanting "2-4-8, now's the time to negotiate!"

The teams had tentatively agreed that the loser would disband. But after the game, senior ROTC Capt. Larry Kelly of Springfield, Pa., said "We will consider it but I am somewhat dubious of our doing it."

Students Take to Streets in Philly, Newark

By The Associated Press
School disputes took pupils out of the classroom and onto the picket line in two of the nation's cities Friday. Negro leaders in a third community agreed to end a week-long classroom boycott.

Philadelphia school board officials and the police commissioner blame each other for the violence that erupted during a demonstration by 3,500 Negro high school pupils Friday.

In Newark, where some 350 students demonstrated peacefully for an end to disorders in the city's largest high school, a leader says their classroom boycott could end Monday.

Police broke up the Philadelphia rally Friday with 57 arrests and several club-wielding charges at rock-throwing demonstrators. About 20 persons, including five policemen, were injured.

UNDER CONTROL

School Board President Richardson Dilworth, supported by two Negro board members, said all had been under control until Police Commissioner Frank P. Rizzo "saw fit to turn a couple of hundred police loose on these children."

Rizzo replied that the board was "absolutely remiss" in not obtaining an injunction to stop the Black Power rally outside the school administration building by pupils from the city's 10 predominantly Negro high schools.

The demonstration was called to protest the suspension of 16 students for participating in an earlier rally, but a board of education spokesman said only 12 had been involved and none was suspended.

Rizzo said he ordered about 100 uniformed patrolmen into a crowd of youths after it appeared that two policemen making an arrest were surrounded by what he estimated to be 1,000 shouting pupils.

TO THE RESCUE

"It looked like the two officers would be severely hurt. I gave the order and we went to the rescue of the police officers," Rizzo said.

He met for two minutes with Dilworth and School Supt. Mark R. Shedd Friday night and afterward said: "We are not going to back down in riots and insurrections. We are going to stop it. Nobody is going to make a patsy out of the police department."

Dilworth said "information we have from our people in the crowd indicates it was a charge from the uniformed police that triggered the violence."

In the Newark demonstration, both white and Negro students from Barringer High School met with school officials seeking ac-

tion to preserve order in the school, which has seen frequent trouble since classes began in September.

Mrs. Levon Khachadourian, president of the school's Parent-Teacher Association, who called for the boycott, said she was "very happy with the results" of the meetings with officials.

Asked if the boycott would end Monday, she replied, "I really hope so." Asst. Supt. Benjamin Epstein said, "I'm hoping we get that school back to complete working order Monday."

In Madison, Ill., Negro leaders agreed Friday night to call off a week-long boycott of the six district schools by 1,300 Ne-

gro students after the school board decided to reinstate suspended Negro athletes.

The players had stayed away from football practice to protest the fact that only one of six varsity cheerleaders was a Negro. There are about 3,000 pupils in the six schools. The board also agreed to change the method used in selecting cheerleaders.

Reuther Kin Dies

WHEELING, W.Va. (AP)—Valentine Reuther, father of United Auto Workers President Walter Reuther, died in a Wheeling hospital Friday at the age of 86.

A native of Edinburg, Germany, Reuther was a retired Wheeling realtor and insurance agent. Services and burial are scheduled Monday in Wheeling.

U-M Student Council 'Excesses' Hit

ANN ARBOR (AP)—The University of Michigan Board of Regents Friday said the council attempted to replace "abolished" all student driving regulations.

The regents said the council's set of nonacademic student conduct rules with its own set. The regents said the council is not empowered to take such a step.

The student group said freshmen women have the right to determine their own curfew under the floor where forced and, last Thursday, the council air will carry it off.

Worshippers to Say Thanks by Giving

In a world of plenty, millions are hungry.

In war-torn countries families flee bombed out homes. Parents and children are often separated.

In this season of Thanksgiving, Pontiac area churches again appeal to congregations to bring to the church during the coming week good used clothing, clean and mended for needy people overseas.

Good blankets will bring warmth and comfort to those who have lost possessions through earthquake, flood and fire. Shoes should be for children or men only. Special offerings will be used to pay mailing charges.

CHRIST CHURCH CRANBROOK

Youth choirs will sing for the Thanksgiving Day service of Holy Communion and sermon at 10 a.m. in Christ Church Cranbrook, Bloomfield Hills. A crib nursery will be available in Room 209.

Parishioners are asked to bring food to church tomorrow for Mariner's Inn, Detroit.

A marriage seminar for those to be married in the church within the next few months will be held from 10 a.m. to noon on Nov. 25.

Dedicate New Addition

Ever since the late Dr. Andrew S. Creswell came to Pontiac in October 1920, and organized the Community Bible School into the Oakland Avenue United Presbyterian Church, the attendance at both Sunday School and worship services has increased. The result was a church leaders were forced to expand facilities.

The new Christian Education building just completed will be named The Creswell Memorial Building in honor of Dr. Creswell at the 3:30 p.m. service tomorrow.

Coming to speak at the special service will be the Rev. Andrew W. Creswell of Minneapolis, Kan.

Architect Lester O. Johnson will present the building and E. W. O'Brien, contractor will present the keys. Taking part in the presentation will be Howard Webb, clerk of the session; Lester Bell, trustee chairman; and Sunday School Superintendent Joyce Sweet.

LEADS LITANY

Mrs. Andrew S. Creswell who makes her home in Pontiac will lead the responsive litany. Thomas Shepherd, youth representative, will lead the litany of dedication.

Offering the prayer will be Audrey Linkeman, youth director.

Circuit Court Judge Frederick Ziem, chairman of the congregation, will give the invitation to a salad smorgasbord luncheon and open house.

Pastor Theodore R. Allebach will pronounce the benediction, and Mrs. John Martin will play the organ prelude and postlude.

The new addition with the original building is planned to accommodate a Sunday School for 1,000 students. The three floors offer a place for study, work and fellowship.

The entrance on Cadillac unites the Christian education facilities with the foyer and sanctuary. Offices and library are nearby. A second entrance on the south side of the building opens to Oakland Avenue.

LIGHT WALLS

Halls and rooms are in pastel colors. Velour drapes that serve as room dividers blend with wall colors.

The main floor of the Creswell Memorial building houses the study of Pastor Allebach, offices of Christian education director, missionary in term, church secretary and the library.

Laboratory area available on each floor, as are storage areas and Sunday School offices.

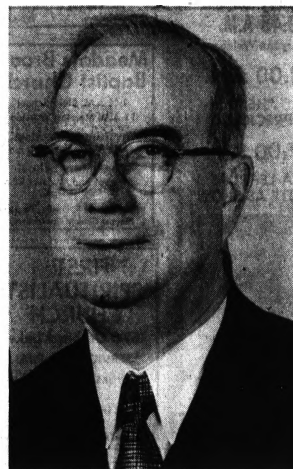

Senior high school classes will occupy the fireplace fellowship room on the first floor. This room is also equipped with a kitchenette.

Assisting Pastor Allebach and Thomas Mackie with building plans were Joyce Sweet, Robert Andrews, Mrs. Gerhart Barnhart, Lenny Borrisove, Russell G. Crites, Dr. Wayne Good and Dale Harvey.

Others were Ernal Lloyd, Donald Upton Jr., Howard Webb, Mrs. Harold Weil, Russell White, Miss Linkeman and Lexie Williams.

Church which began as a Sunday School was held in of the congregation as a church was in October the same year. The survey was made and the work carried on by the Rev. E. D. McKune, a student of Pittsburgh Seminary working under the Board of Missions and directed by Presbytery of Detroit.

A lot was purchased on the corner of Oakland and Cadillac the present site, and a small chapel erected in August.

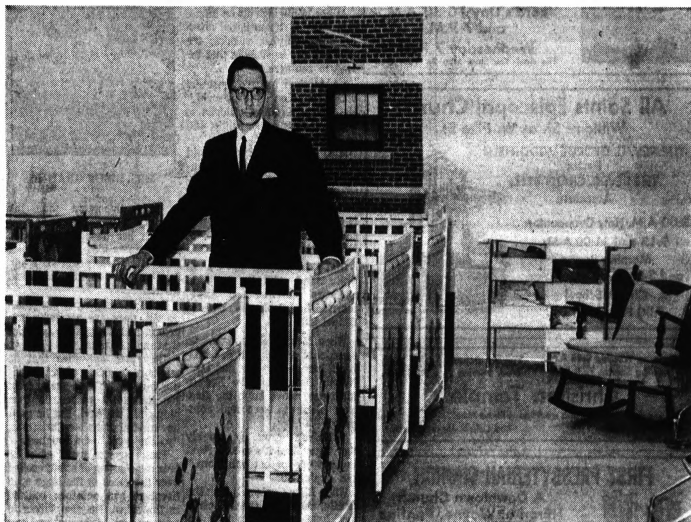

The founding and organization of the congregation as a church was in October the same year. A small addition with basement was constructed in 1922.

ERECTED IN 1926

The first unit of the present building was erected and dedicated Dec. 14, 1926.

From 1927 to 1930, people of other communities asked Dr. Creswell to start churches for

Mrs. Billy Graham

Home Most Important Place in World

MONTREAT, N.C. (AP) — A woman who feels that her responsibility lies in the home feels an "added sense of responsibility carrying a double load."

Mrs. Ruth Graham, whose minister husband, Billy Graham, is away most of the time, believes that "home is the most important place in the world."

MRS. BILLY GRAHAM

At her home high atop a mountain, Mrs. Graham talked about her husband, her children, the joys and responsibilities that belong to mothers.

"A mother has the most enviable position in the world," she said. "Training children is a tremendous responsibility and an enjoyable job."

Mrs. Graham and 13-year-old Ned are joined at the mountain-top home by the evangelist between his campaigns and by Franklin, 14, and Bunney, their 16-year-old daughter, during vacations from their schools in New York state.

Gigi, the eldest, lives in Switzerland with her husband and two children and Anne, married last September, lives in Chapel Hill, N.C.

When Mrs. Graham makes an occasional trip with her husband, her parents, Dr. and Mrs. Nelson Bell, who also live in Montreat, move up to the Graham home to keep Ned company.

"Children grow so quickly that I just feel it's so important to have one parent with them," she explained.

When Billy Graham is with the family, they plan special activities. Last summer he took his sons on a trip to California.

QUALITY OF TIME

"This is the important thing for busy fathers to remember," Mrs. Graham said. "The quality of the time spent with children

with running the home, correspondence, reading and sewing, and working in the yard. On their several years old Sundays she teaches a class of college students at Montreat Presbyterian Church (I should say they teach me)", and she doesn't get any ideas."

She believes her daughters were ready for marriage, but she doesn't recommend young marriages. "It depends entirely on the circumstances."

Mrs. Graham was born in China, where her parents were medical missionaries. When she was 13, she went to Korea to a girl's school and then came to the United States for college.

"All my life I planned to be an old maid missionary," she said. That was before she met her husband. "I am not sure was called to go. I just wanted to go."

Now she's content to stay home, but gets a "vicarious pleasure out of his being able to go." Her witness, she believes, is a constant one with her family, friends and people with whom she comes in contact.

Between campaigns, she pointed out, there are his radio programs and newspaper columns that must be done.

They plan activities that he wants to do. Often that means playing golf. "There are at least 150 things I'd rather do than play golf," she said. But he gave her a set of clubs for Christmas. "So I'm sunk," she laughed.

Their favorite meal when he is home consists of steak cooked over the ashes in the huge open fireplace and potatoes roasted in the ashes. He also "likes to open a can of beans and eat them."

The Grahams' relationship with their children is one of respect for the individual. "Children are lent us by the Lord, and we have the responsibility of training and teaching them the few short years they are here. You want to do the best you can."

"Bill says I raise them with a switch in one hand and a Bible in the other."

An occasional reaction from her daughters to a fashion for "was perhaps not what Mrs. Graham would have preferred. But she said she tried to make a distinction between moral issues, such as lying or cheating, and good taste.

The two older daughters married early, one at 17 and the other at 18. Both of them married men several years older than they. "Both married wonderful men, just right for each other. But we hope the third one doesn't get any ideas."

The house is filled with comfortable old pieces which, according to Mrs. Graham, are not choice antiques but primitives. "Her husband would like something not quite so primitive, but agreed to whatever she wanted "as long as there are adequate lights and comfortable chairs."

The mountain-top house is too big now, with some of the children anyway. "I'm looking forward to the time when I can retire to a one-room cabin with a loft," Mrs. Graham said.

A good man and a wise man may, at times, be angry with the world, and at times grieved for it; but no man was ever discontented with the world if he did his duty in it. Robert Southey, English author.

TEACH CHILDREN

"The most important thing a mother can do is teach her child about God and about Jesus Christ while they are young. We've taught our children the Bible as the one sure guide in an unsure world."

Mrs. Graham's days are filled.

Celebrate Thanksgiving Day

Grace Lutheran Church will celebrate Thanksgiving Day with a festival service at 10 a.m. The Women's Choir will present "Sing to the Lord of Harvest." Pastor Richard Stuekmeier will preach.

Registrations are still open for Christian education classes for the mentally retarded, currently held from 10 a.m. to 11 a.m. each Saturday.

CRESCENT HILLS
Pastor Wallace Lewien will conduct the Thanksgiving Day service at 10 a.m. in Crescent Hills Baptist Church, Waterford Township. This is the sixth annual service of the Crescent Hills congregation.

OAKLAND COUNTY MINISTERIAL ASSOCIATION
Thanksgiving Day service will be held at 7 p.m. Thursday by the Oakland County Ministerial Association in the East Side Church of God, Irwin at Sanford.

Mrs. Christiane Page will be guest speaker.
The Rev. M. Matthew Scott, pastor of the East Side Church, is president of the association.

TRINITY METHODIST WATERFORD TOWNSHIP
Bible discussion groups of Trinity Methodist Church Waterford Township will meet tomorrow night in the homes of Mrs. and Mrs. Tom Peterson, 6140 Andersonville, Waterford Township; and Mr. and Mrs.

A. J. LOWE

Financial Crusade at First Methodist

First Methodist Church will sponsor a financial crusade during the first three weeks of December.

According to A. J. Lowe, crusade chairman, pledges will be sought toward the current indebtedness and for regular expenses.

A goal of \$30,000 to be received over a three-year period has been set for the building fund.

Pledges for current expenses will run for a year with a goal of \$40,000, Lowe said.

Dr. T. J. Williams of the Methodist Board of Missions will be present in December for the training sessions. More than 140 callers in teams of two will call in the homes of every First Methodist family.

(Continued from Page A-15) them, so under the pastor and session of Oakland Avenue Church three Bible schools were started.

Under their supervision with the help of Presbytery of Detroit and Board of Missions, property was selected. Three self-supporting churches were established — Joslyn Avenue, Drayton Plains and Auburn Heights.

The church grew with youth groups overflowing into the former chapel. In March 1950, the congregation authorized the building committee to proceed with the construction of a new sanctuary.

This building was dedicated Sept. 23, 1951.

Prior to the death of Dr. Creswell in 1954, the congregation called the Rev. Allebach to be associate pastor. In a few months his status changed from associate pastor to pastor.

In 1955, the congregation purchased the triangular land area at the point of Cadillac and Pingree for parking area. Additional land has been purchased for expansion.

On Sept. 3, 1961, the pastor's family moved into the larger parsonage provided by the congregation at 300 Ottawa.

Thanksgiving Eve Service in Troy

The Troy Pastors' Union will sponsor the 10th annual Troy Community Thanksgiving Service at 8 p.m. Wednesday in the Big Beaver Methodist Church, 3152 Rochester Road, Troy.

The service will feature all the cooperating ministers with the Rev. Louis H. Calaway, pastor of Troy Assembly of God, speaking on "In Everything Give Thanks."

A supervised nursery will be provided.

Light refreshments will be served in Fellowship Hall at the conclusion of the service. The public is invited.

Pastor Marks Anniversary

Elder E. B. Williams and congregation of Hale's Tabernacle, Detroit, will be guests at the 4 p.m. program tomorrow when the Rev. W. T. Vernon celebrates his first anniversary as pastor of Antioch Baptist Church.

Guests will also be present for the 7:30 p.m. worship service.

Girl's 'Steady' Is Too Constant-- Especially as Guest at Dinner Table

By ABIGAIL VAN BUREN
DEAR ABBY: Don't you think a girl's steady boyfriend (almost her fiancé) should be allowed to come to dinner at her house as often as he wants to? Mother has set a limit of three times a week.

I say Leo should be welcome here every night as we plan to marry as soon as one of us gets out of school and gets a job.

Daddy has gotten very hateful about it and calls Leo a freeloader behind his back. He says any boy who will accept a dinner invitation more than once a week without inviting the girl out, even for a hotdog, is a bum.

Leo isn't a bum. He just doesn't have the money to take me out so the only time I get to see him is when I invite him here for dinner. He used to drop by to study every evening and he'd stay on for dinner.

But never more than five nights a week.

How can I get my parents to make Leo welcome anytime?

LEO'S STEADY
DEAR STEADY: Leo may be your

"steady" . . . but he hardly qualifies as a "fiance." I think three times a week is plenty. And if you see Leo only when he's feeding his face at your table, maybe three times a week is too much.

DEAR ABBY: I am in the sixth grade and I hate my teacher. If Miss K catches a real, real, short mini skirt, like eight top to, make it shorter, she makes her unroll it, and tells her if she catches her with her skirt rolled up again she will call her mother.

Abby, a girl can come to school with a real, real, short mini-skirt, like eight inches above the knees, and Miss K doesn't say a thing, but the girls with their skirts rolled up get the dickens. I don't think this is fair, do you?

HATES MISS K
DEAR HATES: Girls who wear mini skirts to school obviously do so with their mothers' knowledge and approval. But if a girl's skirt is rolled up, she's probably showing more leg than her mother sent her to school showing.

CONFIDENTIAL TO "SECRET PEN PAL": With the holidays approaching soon, if you anticipate being hostess to another gang of rude relatives, either do it gracefully and silently, or see your travel agent now.

Troubled? Write to Abby, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056. For a personal reply, inclose a stamped, self-addressed envelope.

Hate to write letters? Send \$1 to Abby, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056, for Abby's booklet, "How to Write Letters for All Occasions."

Episcopal Women Set Holiday Bazaar

Women of four area Episcopal churches are working together on a Christmas bazaar and tea to be held Dec. 1 from 1 to 4 p.m. in St. Anne's Mead, Southfield.

Chairmen are Mrs. James Cass of St. John's, Mrs. George Schnell of St. James', Mrs. Robert Baxter of St. David's and Mrs. John Gilray of Christ Church, Cranbrook.

The pre-holiday event is open to the public.

Painting Is Gift for Lady Bird From President

WASHINGTON (AP) — "To Lady Bird," the gift was inscribed, "who has given me 33 years of devotion and love."

President Johnson's inscription was on a painting depicting a wide-eyed boy. He gave it to his wife, at an evening party Friday to mark their 33rd wedding anniversary.

The painting is "Arturo" by Henrietta Wyeth, sister of artist Andrew Wyeth and wife of Peter Hurd, whose portrait of Johnson was rejected by the President last year as "the ugliest thing I ever saw."

Mrs. Johnson had a gift for the President, too, but there was no word on what it was.

Lynda Bird Johnson gave the party, attended by a few close friends and staff members, in the family quarters of the White House.

The painting originally was loaned to the White House by the Museum of Texas Technological College, Lubbock, Tex. But Mrs. Johnson liked it so well the President arranged to give it to her.

A Workshop Tuesday for Area Alumnae

Members of the North Woodward Alumnae Association, Afternoon Group, will gather for a luncheon and Christmas workshop Tuesday. Mrs. Deana Swift will open her Bloomfield Village home for the 12:30 p.m. event.

Assisting will be Mesdames: Charles Mason, Conrad Lam, Harry Runkle and Stewart Crum.

Proceeds from this annual event have provided for approximately \$35,000 worth of hospital equipment in the past.

Ernest A. Jones Plays the Role of Toastmaster

By SIGNE KARLSTROM
Ernest A. Jones will be toastmaster at the Michigan Lucia contest banquet at the Whittier Hotel next Saturday evening. This is the third year the Detroit-Swedish Council has sponsored the contest. Mr. and Mrs. Carl Johnson are general cochairmen of the annual event.

Mrs. Sisten Ebrling as jury chairman will share the program with Jones. Serving on the jury, who will select the Michigan Lucia from the six candidates are: Mrs. Gunnar A. Geijerstam of Ann Arbor, Svea Kline and G. T. Christensen of Birmingham, S. Olof Karlstrom of Benton Harbor and Dr. V. Everett Kinsey and Robert S. Peebles of Grosse Pointe.

LAST YEAR'S WINNER

Among the young hosts and hostesses from this area are Dr. and Mrs. Roy T. Hawkinson and Mr. and Mrs. Kenneth Nyquist. Robyn Andersen and her mother, Mrs. Stanley Anderson, will be at the banquet. Robyn was last year's Lucia.

From New York will come Cherie Moore who was Michigan's first Lucia.

Mr. and Mrs. Lawrence R. Nelson will have as their guests family members. Their son Lawrence comes from New York and their daughter and son-in-law, Mr. and Mrs. C. W. Swanson from Lansing.

The Swansons and their two sons, Lawrence and Mrs. Nelson's father, E. A. Beckstrom, will be spending the entire Thanksgiving weekend with the Nelsons.

Others attending the dinner will be Mr. and Mrs. LeRoy W. Dahlberg, Mr. and Mrs. B. Kenneth Sanden, who will have with them Mr. Sanden's mother, Mrs. B. J. Sanden of Fort Lauderdale; Mrs. Sanden's sister and brother-in-law, Mr. and Mrs. T. J. Nelson of Hinsdale, Ill.; the Sandens' son Sandy, who is attending Yale University; and their daughter and son-in-law, Mr. and Mrs. John Rogers of East Lansing. All will spend Thanksgiving weekend with the Sandens.

Mr. and Mrs. Elroy L. Sandberg will have four guests. Mr. and Mrs. J. P. Judd and the John Denmans.

Cashmere Arrives

The Gentleman Is a "Soft Touch"

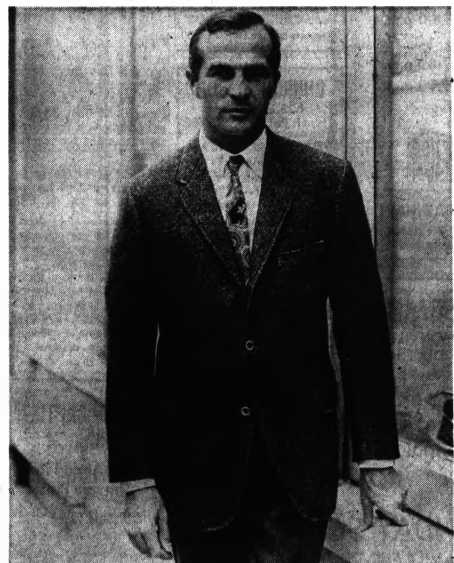

The swaggering dash of the trenchcoat reaches its ultimate peak in this newest interpretation — rich, deep-textured cashmere with its inimitable luxury signature. Styled by Malcolm Kenneth in malleable, weightless cashmere fabric by Amicale

that gives a suave definition to the trenchcoat tailoring of shoulder flaps, belting, and buckled raglan sleeves. Double-breasted buttons are in smooth leather. Malcolm Kenneth and Fashion Park lines available in this area.

The rich, deep softness of cashmere emphasizes the lively sophistication of this sports jacket by Fashion Park in new white-brightened checks. Meticulously tailored, it is lightly shaped, with side vents, harking pockets and two-button closing. Its wideawake personality is complemented by the supreme comfort of the luxurious, cloud-light cashmere fabric by Amicale.

A welcome contrast to the rugged texture of tweed is provided by the deep-depth softness of cashmere in this sports jacket by Robert Lawrence. The easy-wearing comfort of the three-button, center-vented styling is punctuated by the weightless quality of the fabric, a blend of 80 per cent cashmere and 20 per cent mink hairs.

Hallidays Wear Shoe Award

Kimball's Grid Twins Honored

By JERE CRAIG
Royal Oak Kimball's football team has been twin trouble for Southeast Michigan Association opponents in sweeping to three straight league titles under coach Paul Termerian.

It isn't often a coach has the opportunity to work with a young prep grinder who is the best—on the basis of field and classroom performance—of the many good players in Oakland County.

But Termerian coached John Gahler (now a sophomore regular at the University of Michigan) when the hard-running halfback carried the Knights to an unbeaten season in 1955 and earned the Press' Thom McAn bronze shoe award; and this season he was doubly gifted.

For the first time, two players will share the annual award. Identical twins Doug and Gary Halliday of Kimball have been selected as the 1967 honorees.

The 6-2, 215-pound linemen

have been regulars on all three of Termerian's championship squads and were tri-captains this season along with teammate Steve Littleton.

In discussing the merits of both boys, sons of the Harry Hallidays of 915 E. Windermere in Royal Oak, the coach found it difficult to talk about either one individually.

"They are the quickest linemen you'll see. You can't believe 'em. If there's a loose ball, there'll be two streaks going for it."

"They have the attitude and everything else. They love to hit. They come so hard that someone'll get hurt. I never put them against each other in practice; they'd destroy each other."

This is not a sign of animosity though. Doug and Gary are almost inseparable and will go to the same college. The 17-year-old brothers are eyeing a career as engineers. Both are 3.5 students and rank in the top five per cent of their class.

The only basic difference in their careers at Kimball are Doug's durability—he's started 27 consecutive games while Gary missed the last two in 1966 and was slowed down a bit early this season.

VERSATILE
Doug played offensive tackle until this season when he moved to offensive guard, and played end on defense.

PCH, Northern in Grid Finale This Afternoon

Pontiac Central and Pontiac Northern were slated to bring the 1967 football season to a close this afternoon at Winder Stadium.

The teams were taking the field for the eighth time in the city since the season began.

Pontiac Central headed into the contest with a 6-1 edge in the series.

For the season, the Chiefs of PCH were 2-4-2, while Northern entered the game with a 5-3 record.

The teams were raled even going into the game.

Toledo Tumbles Dayton; Wake Forest Triumphs

TOLEDO, Ohio — High-Maryland still has one game to scoring Roland Moss ran for two touchdowns Friday night as the Toledo Rockets won their eighth straight football game, a 21-7 decision over the Dayton Flyers.

"I do not believe the USFLA would sanction one of its players competing at an open Wimbledon in violation of the rules," Kelleher said following a meeting of the executive committee of the USFLA Friday. He added that the question will be submitted to a membership meeting scheduled for Coronado, Calif. on Feb. 4, 1968.

The radical change, permitting professionals to play in open competition with amateurs at Wimbledon, was recommended recently by a board of the British Lawn Tennis Association. Such competition would be in violation of international regulations and any amateur playing in the tourney could be barred from all amateur competition.

The British Lawn Tennis Association will decide Dec. 13 whether to accept the board's recommendation.

More Teams Likely Says Leaf's Exec
TORONTO — The president of Maple Leaf Gardens Ltd. said Thursday it will not be long before National Hockey League expansion takes in more cities.

C. Stafford Smythe, speaking at the company's annual meeting, said: "We have back-up headed for Cape San Lucas at the end of the long 770-mile downhill run of the 966-mile race."

Ed Sundberg in Sundowner reach \$5 to \$8 per cent of risk from the California Yacht Club within a couple of days of Marina Del Rey was three years. The league expanded this and El Primer owner by Frank season to take in Los Angeles, Hollywood and Long Beach had moved into fourth place.

Two Yachts Sharing Lead
LONG BEACH, Calif. — Conquest from Newport Beach and Simon from Newport Beach, Calif., were reported nearly bow to bow Friday leading the Long Beach to La Paz yacht race.

Skippers Bill Polly in Conquest and John Hall for Simon headed for Cape San Lucas at the end of the long 770-mile downhill run of the 966-mile race.

Ed Sundberg in Sundowner reach \$5 to \$8 per cent of risk from the California Yacht Club within a couple of days of Marina Del Rey was three years. The league expanded this and El Primer owner by Frank season to take in Los Angeles, Hollywood and Long Beach had moved into fourth place.

Gary has played center, guard and tackle on offense, plus linebacker, tackle and end on defense.

The Knights struggled in their first three games this fall but Termerian then switched Gary from guard to the tackle slot next to Doug and the Kimball championship drive began.

Doug was second and Gary third in defensive points on the ROK squad this fall, and they rank one-two for their three seasons.

This is the 12th year that Thom McAn Shoe Co. and The Press have cosponsored the outstanding football player award. Last year's honoree was Jim Ball of Rochester.

Pontiac Pro Cage Squad Makes Home Debut Tonight

Wings Tumble LA's Kings, 4-1

LOS ANGELES (AP) — The Detroit Red Wings decided to do some blitzing of their own after losing their goalie, their cool and the game against the Los Angeles Kings two weeks ago.

The result: They've ended up in first place in the National Hockey League's East Division. Detroit, outplayed for two periods Friday night by the surprising Kings, scored twice in less than 1 1/2 minutes, handing Los Angeles its second straight defeat, 4-1.

The Wings were leading 4-2 in the final period of the Nov. 5 game but fell apart under a four-goal onslaught in the final period and dropped the game, 6-4.

The next day netminder Roger Crozier said he'd had it. Since then, with Roy Edwards in the goal, Detroit has moved into

Old Amateur Steals Show in Golf Play

LAS VEGAS, Nev. (AP) — Smiley Quick still leads in the \$70,000 U.S. National Seniors Golf Championship's third round but the tourney sensation was a 75-year-old amateur.

Walter Wassum of Oklahoma City, Okla., shot a second round score of 72 at the sponsoring Tropicana Golf Course. The course plays to a par 70.

Quick's two-day total of 153, achieved with rounds of 66 and 87 at the Tropicana, were just enough to stay ahead of Pete Fleming, a Las Vegas casino boss, who blasted out a 67-87 at the Winterwood Golf Club. The tourney is being staged at three courses—the Tropicana, Winterwood and the Paradise Valley Country Club—to accommodate the 466 players entered.

Accuracy Gives Mickey Wright 3 Stroke Lead

PENSACOLA, Fla. (AP) — Mickey Wright hit 15 greens Friday to take the first-round lead in the 54-hole Pensacola Ladies Invitational Golf Tournament with a three-under-par 69.

Wright, 34, of the Los Angeles area, was the only player to reach the 100-yard mark in the first round. She was the only player to reach the 100-yard mark in the first round.

Defending Champ Four Shots Behind

CARACAS, Venezuela (AP) — Art Wall, the defending champion from Honesdale, Pa., hoped to catch up with the leaders in the third round of the Caracas Open Golf Tournament.

Wall, despite muscular pains, shot a one-under-par 69 Friday for a 38-hole total of 148. This put him four strokes back of the co-leaders, Al Bessellink of Merchanville, N.J., and young Chick Evans, of Long Grove, Ill.

Bessellink and Evans each posted 68 for their 138s. Eldridge Miles of Madison, Wis., and Rick Rhoads of Puerto Rico were tied for third at 137. Alvie Thompson of Canada, the first-round leader with a 64, skidded to a 74 and dropped into a tie at 138 with Jerry Pittman and Ramon Sota.

Ramon Munoz and Chuck Courtney, tied at 139, also were ahead of Wall.

Art Wall, 34, of the Los Angeles area, was the only player to reach the 100-yard mark in the first round. She was the only player to reach the 100-yard mark in the first round.

THIRD PERIOD

Red Wings Norm Ullman, Dean Prentice and Alex Delvecchio overwhelmed Los Angeles in the third period Friday after second-period goals by Detroit's Gordie Howe and the Kings' Lowell Macdonald had brought the teams to a 1-1 standstill.

The Wings and Kings have today off while Montreal plays in Oakland, Chicago is at Toronto, New York journeys to Boston, Philadelphia plays in Minnesota and St. Louis hosts Pittsburgh.

The Kings' next game will be Sunday at home against Montreal. Detroit faces the Black Hawks in Chicago Sunday. Ullman drilled his seventh goal of the season past Los Angeles goalie Terry Sawchuk at 8:06, connecting on a rebound shot to give Detroit a 2-1 lead.

Prentice also scored his seventh of the season at 7:34, picking up a Los Angeles pass to skate in on a breakaway and beat Sawchuk.

Delvecchio closed the Red Wing attack at 14:48, deflecting a Jim Peters shot into the King goal.

Pontiac Open Gets Started in Qualifying

Qualifying squads for the Pontiac Open Bowling tournament will go into the evening tonight at Cooley Lanes and 300 Bowl, and tomorrow qualifying will resume at these two sites along with Howe's Lanes.

All three sites will have qualifying squads starting at noon and continuing through the day. Howe's will have squads at noon, 2:00 p.m. and 4:00 p.m. Sunday.

Bowlers can bowl on any of the squads which have open spots or for the purpose of re-entering should they fail to reach the target score of 600 in the first attempt.

Next weekend the qualifying will switch to Lakewood Lanes, Huron Bowl and Fairgrounds Bowling.

Haig Lead Deadlocked

Golfers Setting Hot Pace

RANCHO LA COSTA, Calif. (AP) — Lee Trevino, rookie pro from Horizon City, Tex., and his partner, Howie Johnson of Palm Springs, Calif., are performing better than Trevino expected.

Yet they're only tied for the lead in third round play Saturday in the \$115,000 Haig Scott tournament.

"I expected 20 under par or 288 to win the tournament," said Trevino, "but the other pros said it was a long shot. I was shooting that good to win. Now here Howie and I are 13 under after two rounds and we're only tied for the lead."

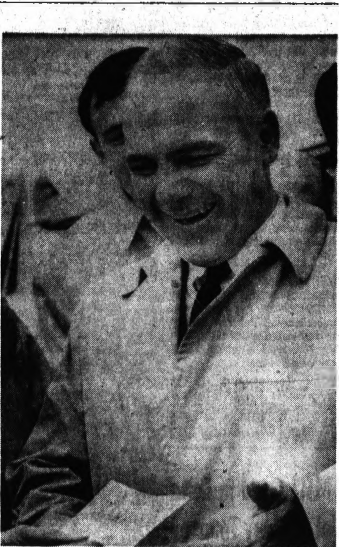

Trevino and Johnson finished late in the day Friday with an eight-under-par 31-33-64 to tie Californians Richard Martinez, 26, Laguna Beach, and big Bob Lunn, 22, Sacramento, for the 36-hole lead with 131, 13 under par.

Martinez and Lunn, who hadn't done much individually on the PGA tour, were a smash as a team. They combined for 10 birdies, but made two bogeys for 32-33-64 in this selective drive, alternate shot competition.

Both teams three chances to assume sole leadership when they bogeyed their final holes. They had identical rounds of 67-64.

Billy Casper, Bonita, Calif., and Don Collett, Houston club pro—first-round co-leaders with 66-68 on Friday and were third with 135.

Fifty-five teams of the original 73 continued play today after the 35-hole cut of 146 or less. Forty of these were under par and six others were at par 144.

WIN OR ELSE — Indiana University football coach Johnny Pont, gives with a smile as he is served with a warrant by Marion County sheriff's deputies yesterday as he and the Hoosiers left Indianapolis for Minnesota and today's showdown with the Gophers. The warrant charged Pont with stealing gift games. He was issued a summons ordering him to win the ninth against Minnesota. Indiana has posted an 8-4 record and with a win today could set up a trip to Pasadena and a date in the Rose Bowl New Year's Day.

Detroit Visits Baltimore

Lions Next for Unitas

Has anybody told Johnny Unitas he could be walking into "Lost" den Sunday?

The handwriting was on the wall during the exhibition season after Baltimore beat Detroit 14-5. Going on team performance of 1966, when the teams split a pair, it's Detroit's turn to win.

The Colts are 13-point favorite for the game at Memorial Stadium in Baltimore.

The odds makers are pinning this point-spread on two factors — that Baltimore is pinning for the first undefeated season in the National Football League since 1942 and that Unitas can tie a consecutive passing record if he connects on his first toss.

Two out of two puts Mr. U. in the record books as the guy who breaks the record of 13 straight pass completions held by three players.

Undaunted Detroit won't be psyched by the mere presence of Unitas. The Lions point to a four previous meetings, with the most of the half-raising action performed in the last two minutes of each game.

The Cowboys lead second place Philadelphia by 215 games in the Capitol Division and bartering a sudden letdown should wind up in the Eastern Conference title game.

Donny Anderson and Ben Wilson, the new Rover Boys in the Green Bay backfield, are out to average one of the two beatings the Packers absorbed last year.

St. Louis quarterback Jim Hart, turning into more than an ample sub for Army-based Charley Johnson, faces a pair of equally young single-college in the Chicago firing line, Larry Rakestraw and Jack Concanon.

The Cards are a half-game ahead of Cleveland in the Century Division race.

Tickets are \$2 per adult and \$1 per student at the door. Season tickets remain on sale for the 12 home games at \$15 and \$7.50. The only reserved seats are the season tickets.

Billy Cunningham had 38 points for the 76ers, who moved the one-half game in front of Boston. With Wilt Chamberlain in a playmaker role and guards Wal-

ley Jones and Hal Greer in foul trouble, Cunningham took over the scoring lead, collecting 22 of his points in the final period.

The Hawks, who suffered only their third defeat in 19 games, were led by Lenny Wilkens' 26 points. Gus Johnson and Don Ohl led the Hawks to a comeback for Baltimore, which trailed the Lakers, 67-64.

Ex-PNH Grid Star Listed on All-MIAA

Unbeaten Alma College and once-beaten Olivet dominated the MIAA All-Conference selections announced today following balloting by the conference coaches. At least three good pro prospects are among the All-MIAA picks, coaches indicated.

Alma placed nine men on the offensive and defensive teams, Commissioner John C. Hoekje reported, with Olivet landing six. Adrian, Albion and Hope Colleges each placed two and Kalamazoo College one on the all-league roster.

Dean Soeden, former Pontiac Northern athlete, now at Olivet was chosen as an offensive tackle on the team.

Tackers Guests of Tomahawks

Game Set for 8 p.m. at Pontiac Northern

The Pontiac Tomahawks of the North American Basketball League begin a three-game-in-six-days spell at 8 o'clock tonight against the Grand Rapids Tackers at Northern High School.

The North American Basketball League home debut of the Tomahawks finds them entering the contest with an 8-1 mark while the tough Tackers are 1-0 and highly enthused over their title chances.

Grand Rapids trimmed Muskegon, the defending champ, last Saturday in the Tackers' opener on the Panthers' court.

Visiting floor victories are rare in the NABL and this one was doubly enjoyable for the Grand Rapids' club since it came against arch-rival Muskegon. Both are in the NABL's Western Division along with Holland and Chicago.

Holland beat Pontiac and currently shares the division lead with the Tackers.

NEXT GAME

The Tomahawks are in the Eastern Division along with Columbus, Battle Creek and Lansing. They will open play within the division Wednesday when Columbus invades the PNH court.

Thanksgiving Day the Tomahawks will visit Lansing. The next three games should give coach Bob Duffy a good chance to evaluate the club's material.

With Detroit Piston rookie, Sonny Dove and Paul Long traveling with the National Basketball Association club for the next eight days, Duffy will have to depend upon the other 15 members of the club's active control list.

Added this week to the active roster for tonight's game were: Ernie Thompson of Saginaw; Dave Gaines, Ken and Arnie Nevels of Detroit.

The starters will likely come from among Jim Patterson, Joe Madgry, Dick Dzik, Lou Hyatt, Marnie Jackson and Gaines. Thompson, Marty Letzmann and Ken Nevels are the top reserves.

Grand Rapids comes in with a 6-10 center Bob Woollard; Dr. M. C. Burton, John Berends, Willie Jones and Larry Commey at the forwards; plus Bob Wilkinson and player-coach Nick Mantis in the backcourt.

Tickets are \$2 per adult and \$1 per student at the door. Season tickets remain on sale for the 12 home games at \$15 and \$7.50. The only reserved seats are the season tickets.

Nagle Takes Golf Title

AUCKLAND, New Zealand (AP) — Australian Kei Nagle won his fifth New Zealand Open, Golf Championship today at Hamilton. His 70-64-70-71-275 points.

He was nine under par and four strokes ahead of countryman Ted Ball.

In addition, the Raiders' closest pursuers, San Diego and Kansas City, will be meeting on the Chiefs' field. New York is at Boston and Denver at Buffalo in the other games. Houston is not scheduled.

The Raiders will have almost everything going for them Sunday when they'll attempt to solidify their Western Division lead in the American Football League by defeating the Miami Dolphins in one of four games on the circuit's schedule.

The Raiders will be at home, well rested because they were off last week. They are riding a four-game winning streak while the Dolphins have lost seven in a row.

In addition, the Raiders' closest pursuers, San Diego and Kansas City, will be meeting on the Chiefs' field. New York is at Boston and Denver at Buffalo in the other games. Houston is not scheduled.

DUGGAN said tentative plans call for a boxing show at Pontiac Central High School Jan. 13.

TALENTED TACKER — Among the visitors' starters tonight when the Pontiac Tomahawks open their North American Basketball League home season is guard Bob Wilkinson, a 6-2 former sharpshooter at Indiana University. The former coach of Benton Harbor in the NABL, Wilkinson poured in 37 points last week as the Tackers upset defending titlist Muskegon. Game time is 8 p.m. at the Northern High School gymnasium.

Celts Tumble; 76ers Take Lead in East

By the Associated Press

The Cincinnati Royals must be happy to have Happy Hairston in their lineup. So, too, are the Philadelphia 76ers.

Hairston's heroics in the final minutes helped Cincinnati beat the Boston Celtics 120-119 Friday night, knocking the Celtics out of first place in the Eastern Division of the National Basketball Association.

Philadelphia replaced the Celtics in the top position by defeating the St. Louis Hawks 125-117 in the opener of a doubleheader at Baltimore. In the second game, the Bullets downed the Los Angeles Lakers, 116-107.

In other games, San Francisco edged Chicago 111-109 and Seattle topped San Diego 130-124.

Hairston sank a free throw with 1:47 remaining at Boston to pull the Royals into a 114-114 tie.

He then took a pass from Connie Dierking and scored on a fast break moments later. Jerry Lucas followed with two free throws to make it 118-114, and the Celtics couldn't catch up. Hairston paced Cincinnati with 26 points while Sam Jones had 27 for Boston.

Billy Cunningham had 38 points for the 76ers, who moved the one-half game in front of Boston. With Wilt Chamberlain in a playmaker role and guards Wal-

ley Jones and Hal Greer in foul trouble, Cunningham took over the scoring lead, collecting 22 of his points in the final period.

The Hawks, who suffered only their third defeat in 19 games, were led by Lenny Wilkens' 26 points. Gus Johnson and Don Ohl led the Hawks to a comeback for Baltimore, which trailed the Lakers, 67-64.

The 38-year-old Tiger floored Rouse three times before referee Jimmy Olivas called a halt with just 52 seconds gone in the 12th round.

He smiled quietly when his American representative, Jersey Jones, said the 39-year-old Japanese and Italian Piero Del Papa were the only challengers under consideration.

N.Y. Bowler Leads Tourney

DURHAM, N.C. (AP)—Ralph Engan of Monsey, N.Y., shot the highest six-game block of the tournament, a 1,388 Friday night to move from 30th place into the lead after two rounds in the Professional Bowlers Association's \$27,500 Durham open.

Engan's total for 12 games was 2,611. Don Glover of Bakersfield, Calif., was in second place with 2,561.

The 36-man field goes another 12 games Saturday with the top 16 moving into Sunday's match game finals.

The leaders after 12 games: Ralph Engan, Monsey, N.Y., 2,611; Don Glover, Bakersfield, Calif., 2,561; Jerry Jones, Seattle, Wash., 2,540; Mike Linnquist, Seattle, Wash., 2,540; Wayne Zandt, Atlanta, 2,527; Bud Hays, Los Angeles, 2,521; Alvin Tarr, Oak Park, Ill., 2,511; George Howard, Kalamazoo, Mich., 2,501; Tommy Little, King, N.C., 2,491.

Dick Kayos Rouse; Looks to Ex-Champ

LAS VEGAS, Nev. (UPI) — Ageless Dick Tiger, a technical knockout victor over Roger Hanes Friday night in the Las Vegas Convention Center, hinted today he may make the next defense of his world light heavyweight title against another veteran, former champion Harold Johnson.

The 38-year-old Tiger floored Rouse three times before referee Jimmy Olivas called a halt with just 52 seconds gone in the 12th round.

He smiled quietly when his American representative, Jersey Jones, said the 39-year-old Japanese and Italian Piero Del Papa were the only challengers under consideration.

Wins Riding Title

U.S. Gal Shines in Canada

TORONTO (AP) — The combination of Kathy Kusner and her horse Untouchable proved too much for the opposition Friday night when the American girl won the Canadian individual championship at the horse show of the Royal Agricultural Winter Fair.

The 28-year-old from Arlington, Va., toured the championship course twice without fault to take the title.

Neal Shapiro of Long Island, N.Y., on Night Spar, and Caroline Bradley of Canada, on Franco, tied for second. Both had clean rides on the first round, but each knocked down a fence on the second.

Ted Williams, 56, of Canada was fourth. On the first round, Williams took 65.3 seconds to complete the 14-obstacle course and was assessed a quarter of a fault because the limit was 65 seconds. He had one knockdown on the second round.

Canadian team captain Jim Elder, praised Miss Kusner. "With anyone else riding, that horse is hard to control, but she's a fabulous horsewoman."

The victory gave the U.S. team 132 points against Great Britain and 64 for Great Britain. The final event of the show takes place tonight.

Miss Kusner took the lead in the individual championship with 42 points. Shapiro and Christine Jones of Bloomfield Hills, Mich., are tied for third with 24 points.

In afternoon competition, Motlat Dunlap, riding Argyle, and Jim Day, on Mr. 79, rallied the Canadians to defeat the United States and Britain in the international one-chance stakes.

Blue Plum, owned by Chance Hill Farms of Wilton, Conn. won the Formula 1 grand prix circuit.

England's John Surtees, world formula 1 champion in 1964, will be among the drivers.

The USAC championship for 1967 is basically a race between A.J. Foyt and Mario Andretti. Foyt led Andretti by 740 points as they go to the post Sunday in a 200-miler at Phoenix, Ariz., the next-to-last stop on this year's USAC trail.

The races at Phoenix and Riverside will award 1,000 points each. If Foyt wins, he'll be the first man in history to win five national titles. If Andretti wins, it will be his third in a row and he's only been racing on the USAC tour for four years.

LA, Orioles Talk Trade

SAN JUAN (AP) — Luis Aparicio, outfielder, or big Boog Powell, could be wearing a new uniform next season if, and this includes some big names, a deal could be swung between the Baltimore Orioles and the Los Angeles Dodgers.

The Dodgers are very much interested in Aparicio, scout Al Campanis and Friday, "but the Orioles want one of our prized youngsters for him."

Campanis said he and General Manager Buzz Bavasi have talked to several Baltimore officials, including General Manager Harry Dalton, and that apparently they are ready to deal the veteran shortstop in exchange for pitcher Don Sutton, the 22-year-old who was the mainstay of the Dodgers pitching corps last season.

According to Campanis, the deal could be through if the Orioles include somebody also in the package.

We want either Curt Blefary, who can play first base and the

OGDEN, Utah (AP) — Big Lee White likes to throw his weight around on the football field. At 5-foot-4 and 240 pounds, the senior fullback of Weber State College gets plenty of opportunities. "Sometimes I actually feel violent toward the defense," says White, who often carries the ball 30-35 times a game. "I want to punish the tacklers and pass rushers."

ONE OF THE BEST

The only thing cheap about a Grosvenor cloth suit is the price. The material is smooth and hard. The cut is as close to tailor made as you can come without tacking on a tailor made price. The style is so enduring, the cloth and stitching so durable, you'll be wearing your Grosvenor cloth suit years from now. The patterns and colors wear well, too.

Home Editor, The Pontiac Press
Color the West Bloomfield Township home of the Carl Jakust family comfortable. Designed for contemporary living with a teen-ager and a pre-teen, the home is furnished in a colonial vein against a background of earth tones.

"The colonial pattern in our living room draperies determined our upholstery colors," said Mrs. Jakust. The fabric introduces shades of pumpkin, spruce green, beige, black and brown on an off-white background.

Colorful ceramic tiles highlight the maple coffee table in front of the shell-

back love seat upholstered in burnt orange. Completing the conversation grouping are wing back and cane back chairs.

The sailing ship on the room's fireplace mantel is flanked by a pair of decoy ducks and a hand-carved bust of a man. A Japanese doll is displayed on the hearth.

"The doll was given to us by a Japanese friend," said Mrs. Jakust.

MET ON FORMOSA

"He and my husband met on Formosa during World War II when he served as

my husband's interpreter. The two men corresponded for years after the war and, when he came to the United States on a visit, he brought us the doll."

Balancing the fruit-in-glass lamp on the maple library table is an original oil of Long's Peak in Colorado by J. L. Green.

Folding louvered doors open up onto the formal dining area. The beige background of the shades of green wallpaper print repeats the room's dado.

An artificial arrangement of white roses centers the oval maple table.

Head Start Reveals

Poor Housing Slows Learning

Substandard housing slows the development of children despite the efforts of such programs as Operation Head Start, a housing research project found.

Prof. Richard Ragatz, of the New York State College of Home Economics at Cornell University, says the Head Start program has produced a "dramatic" improvement in children.

"But the children from substandard housing as well as those not in Head Start had by far the lowest scores of the four groups studied," he said.

Subjects of the study were 208 Negro children in Kansas City who were divided into four groups — those in public housing, in substandard housing, enrolled in Head Start and not enrolled in Head Start.

The research project was one of seven under way at Cornell.

LOW PARTICIPATION

The researchers found that cities in the country are taking advantage of the federal rent subsidy program and that little is known of its problems, advantages, or disadvantages.

They also found that persons displaced by urban renewal projects often have a hard time getting into the housing projects which replace their homes.

The conflict between urban "invaders" in rural areas and long time residents does not become intensive until the pressure on local facilities is felt

throughout the community, another project shows.

The study focused on the rapidly growing urban-rural fringe areas surrounding Rochester, Buffalo and Syracuse, N.Y.

"Schools appear to be the initial area of strain, but the economic base of the community is complete but it is expected to

show the influence of second homes in the overall housing industry.

Ragatz discussed the Cornell research projects at a recent meeting of the American Home Economics Association in Dallas, Tex.

He said the study is not yet complete but it is expected to

Police Advocate Closed Door Policy

An open garage door is an invitation to burglary, a substantial percentage of these resulting from open garage doors.

This warning comes to homeowners from police departments all over the country, via Alliance Manufacturing Co.

Alliance, which makes automatic garage door openers, says police experts in Chicago told the company an empty garage quickly attracts the would-be burglar because it indicates a strong possibility that the house, too, is empty. Furthermore, a garage often holds the very ladder or tools a burglar might need to gain entry.

Oakland, Calif., police point out the empty garage with the door standing open is a clear invitation not only to the experienced burglar, but to the opportunist as well.

The crime rate, Oakland police noted, "has been increasing at alarming proportions for the past several years, and burglary offenses in particular are causing great problems, with a

Home Dryer Is Changed

The first dryers were developed in the 1920's. Intended for use in large apartment buildings, they were merely large, hot sheet-metal chambers.

Garments were hung inside to be dried with the aid of a gas burner and a fan.

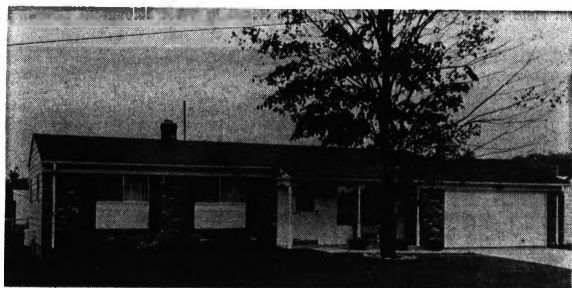

Tumble dryers didn't come along until shortly before World War II.

Versatile Ceiling

Gadgets Aid
Handymen

Gadgets are a big labor-saver for the do-it-yourself painter. Ask your paint dealer about edging rollers that let you paint the corner of a wall without getting any paint on the adjacent wall.

Metal shields will do the same job. Inexpensive plastic drop cloths, disposable paint buckets, new brush cleaners, and many other ingenious gadgets make painting — and cleaning up — easier than ever before. Ask your paint dealer how you can save time and energy on your next painting project!

America's woodlands grow enough sawtimber every day to build five times as many houses as are actually being built.

Ceiling Tips for Handymen

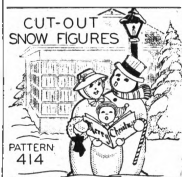

If your remodeling plans call for board panels to control for a new ceiling in the kitchen, noise or translucent "luminous" workshop or family room, don't overlook the versatility of suspended ceilings.

The Insulation Board Institute points out that you can of the room and the luminous accomplish both with a suspended ceiling. 2x2 or 2x4 foot ceiling panels supported by a metal framework or "grid" hung from the existing ceiling structure or joists by wires.

To install the suspended ceiling grid, you first nail the L-shaped metal molding to the walls of the room at the desired ceiling height. This provides support for the ceiling panels around the perimeter of the room.

Next, hanger wires are attached to the joists at 4-foot intervals and fastened to main runners. Finally, 4-foot cross tees are snapped to the main runners at 2-foot intervals.

In this opening, the homeowner can drop acoustical insula-

CONTEMPORARY BIVEL. A most interesting and highly modern version of the bungalow house, in which the main rooms are on a level a few steps above ground and the

basement is on a level a few steps below ground. Vertical exterior features create a lofty dignity. See Page C-5 for floor plans and order blank.

Front Foyer Design Adds Novel Touch

The continuing interest in the bungalow house and the need to find new ways to treat its architectural features inspired architect Herman York to go all out with a new concept in front entrance foyer design.

One of them is so situated that, if not required as a bedroom, it could be used as a sitting room by cutting an archway between it and the master bedroom. On the other hand, if even more than four bedrooms were needed, the den on the lower level would make an excellent 5th bedroom.

Besides the bathroom in the master bedroom and the one on the lower level, there is an extra-large, split bath in the garage hall.

While the over-all dimensions of the house are modest—30'4" by 25'9"—a wider plot would be required if the garage door is located at the side as shown in the plans.

In the event that the house is not situated on a corner and the extra land is not available, the garage door could be placed at the end of the house.

At the head of the stair, the visitor's attention is drawn to a pierced wall or decorative screen, giving added appeal to the entryway.

MAIN LEVEL. As with all bivelevs, the living room, dining room, kitchen and bedrooms are located on the main level, a few steps above the entrance. What ordinarily would be the basement, but lifted partly out of the ground, has been divided into a family room, refreshment area complete with sink and counter, den, laundry room, bath, storage room and two-car garage.

Deserving special mention is a huge wood deck at the rear, providing outdoor dining and lounging on the same level and in back of the dining room, living room and kitchen.

This does away with one of the early criticisms of bivelevs: that the kitchen, because it was above ground, did not give ready access to outdoor living at the rear. In this case, you can move directly from either the kitchen or the living room to the deck.

All of the principal rooms face the rear and, hopefully, a garden or private lawn. In addition, the living room, 25' long, also looks out toward the front an excellent cross-ventilation feature.

Fireplaces are shown in the plans in both the living room and the family room below. If cost is a factor, one of them could be eliminated. The present trend is to utilize the fireplace in the family room, but this

Garden Club to Hear Expert

Paul W. Thompson, chairman of the Big Tree Committee Michigan Botanical Club, will speak to members of the Rochester Men's Garden Club Tuesday at 8 p.m. at Dan Callahan's, 354 Hill View, Avon Township.

Each year the American Forestry Association lists champion sized trees by state. Michigan leads the list with 43 champions, 16 of which are found in Oakland County, three in the Rochester area.

A candidate for a champion tree is rated on points equaling the sum of the girth (given in inches 4 1/2 feet from the ground) height and spread both measured in feet.

Thompson will supplement his talk with slides of specimens.

Latest Government figures show that Americans bought about 2 billion square feet of resilient tile flooring during 1966.

WILLIAM P. HAMPTON

Legislator Speaks at Church Service

William P. Hampton, representative in the Michigan Legislature from the 65th district, will speak in the sanctuary of First Methodist Church, Birmingham at 7 p.m. tomorrow.

Born in Oakland County, Hampton is familiar with the problems confronting the Pontiac-Birmingham area.

He will address the congregation on "The Role of the State Legislature With Respect to Social and Moral Issues." Hampton is floor leader of the House. Questions and answers will follow. Everyone is welcome.

From 1345 to 1350 some 43 million deaths from the Black Death or plague were recorded.

College Heads Lead Services

Dr. James T. Jeremiah, president of Cedarville College, will be guest speaker at the 9:45 Sunday School and 11 a.m. worship at First Baptist Church in Romeo tomorrow.

Music will be furnished by students from the school. In the evening service the college film, entitled "Higher Than Higher Education" will be shown.

Cedarville College is a Baptist college of arts and sciences. It was founded by the Reformed Presbyterians in 1887 and transferred to the Baptist group.

The college offers the framework of conservative, evangelical Christianity degrees in business administration, education, fine arts, language, literature, mathematics and theology.

CHURCH OF NAZARENE

The Rev. Crawford Howe of Olivet Nazarene College will conduct the revival at the Olivet Nazarene Church of the Nazarene, 3005 Mann, Waterford Nov. 26.

The Galleon Quartet will furnish music as will the Ray Overholt family.

Services will be held each evening at 7:30.

Men Observe Day at Library

Men's Day will be observed at Liberty Baptist Church tomorrow with guests present from Cleveland, Ohio, and the McLean Gospel Singers of Newark, N.J.

The Rev. Alvin Hawkins and members of Friendship Baptist Church will be guests of Pastor's Aide at 3:30 p.m. The McLean Singers will offer several numbers.

Plan Musicales

Professor Melvin Britten of Detroit and the Northeastern State Choir of the Churches of God in Christ will present sections at the 3:30 p.m. musicale in Macedonia Baptist Church, tomorrow.

The program will celebrate the anniversary of the choirs of Macedonia Church.

U.S. Life Span Steadily Rising

Science May Make Age of 100 Common

WASHINGTON (UPI) — The other day Brig. Gen. William J. Glasgow, a retired army officer, died in El Paso, Tex. He had fought in the Spanish-American War and chased Pancho Villa through Mexico, but that isn't what made him news.

It was the fact that he was 101 years old.

It was the fact that in the 21st century the fact that the average American has passed 100 will cease to be so much of a news item.

Each year the life span of the average American increases. Death is in steady retreat from the advances of science.

The Social Security Administration says there are about 13,000 Americans over the age of 100. How did they get it? A survey of a cross-section of them failed to produce any data that would shed light on the matter. Some of the replies:

"I got where I am by avoiding blunders."

"I try to follow the Ten Commandments."

"Always looking at the bright side."

"A swig of wine in the morning and another swig at night."

"The only reasonable conclusion is that these oldsters were blessed with a rugged body to start with and then enjoyed considerable luck."

It cannot be proved, but it seems to be close to the fact that 110 is about the maximum age a man can live.

An Englishman named Henry Jenkins was reported to have died at 160 and Thomas Parr at 152. One reads of Russian peasants credited with equally incredible ages.

But careful research into such legends invariably turns them up as unsupportable. Usually there has been a mistake in filling out the birth certificate or some relative has a faulty memory. And some people just live longer.

There is no myth and no life, however, about the way Americans are enjoying a longer life span. In 1940 the life expectancy of the average American was 49.2 years. Today it is 70.2.

For some reason the life expectancy varies as between men and women and whites and non-whites. The white female has the best chance because she has an expectancy of 74.6 years. Next comes the white male (67.7 years), the nonwhite female (67.2) and the nonwhite male (61.1).

One obvious conclusion drawn by sociologists to account for the shorter life expectancy of non-whites is that white persons in the United States have a superior diet, starting in infancy.

The strike, affecting some 4,500 workers scheduled to work over the weekend, was called yesterday. The union further ordered all its members to go home after eight hours during next week's shifts.

A company spokesman said, "In a meeting Thursday, the union advised us it was calling a strike which would prohibit its members from working beyond eight hours a day, 40 hours per week."

"We pointed out to the union that this most unfortunate and unnecessary action will result in a reduction in scheduled hours and short workdays and short workweeks for a number of Pontiac employees due to the lack of capacity in certain operations."

Union locals at Fisher Body and GMC Truck and Coach report no change in their plans at present.

All three city plants were hit by one-day work stoppages in the last 10 days. Negotiations with General Motors and the UAW are proceeding on a national basis at present.

ATLANTA, Ga. (AP) — A University of Georgia student who wants to launch a write-in campaign as a Republican candidate for mayor of Athens says he's asked for federal help to get qualified.

Jack Williamson, 23, has not been able to register to vote in Athens, thus disqualifying him as a candidate. He said he appealed to the Justice Department right to register because his occupation was a student.

Williamson said Friday in a news conference he was proud to assist the U.S. district attorney's office in Macon, Ga., in his efforts to register.

Registration deadline for the upcoming city election is Nov. 21. A spokesman for the county registrar said it is policy not to register students.

Waterford Township police apprehended two youths following a break-in this morning at Bowler's Party Store, 6450 Dixie, Independence Township.

The suspects are a 16-year-old Detroit youth and Timothy Gault, 17, of 2829 Costa Mesa.

Oakland County sheriff's deputies, who investigated, said the loot consisted of more than 30 cases of beer, wine and cigarettes.

Later, it was determined that \$242 was taken from a cash drawer.

Township police said the youth was arrested at 6 a.m. outside Dunham's Sporting Goods, 33866 Northwestern, where a burglary alarm was tripped.

Police said two rifles were found outside the building, which had a hole broken in a wall. A second youth fled from the scene and was being hunted today by police.

Sandra Dee Is Not in Love With Sandra Dee's Image

By EARL WILSON

NEW YORK—"I don't like Sandra Dee," said Sandra Dee. "If I were a young child and read about me, I'd go 'Eech'."

Sandra had bidden me to lunch at the Regency, and the champagne was already flowing before food had been thought of. This was the new, the real Sandra that Sandra could like . . . not that Miss Goody Two-Shoes the studios had created.

"Wouldn't it be silly to sit here having coffee if I really wanted a drink?" she asked me. "They'd have me in pig tails till I was 50! It's just recently that I've started being myself in public. I was not that angelic as a child. You'd have to be a moron."

Sandra accepted more champagne. "I don't like the taste of whiskey so I drink champagne," she said.

It seems with those "Tammy" pictures, which put Sandra in the top 15 worldwide, she had to be "angelic." And that's the way her biographies were twisted by the publicists, until Sandra couldn't stomach reading them.

"I used to be a mouse, now I guess in some people's opinions, I've become a rat," she said.

"Even my mother fell into believing those stories," she smiled. "My mother used to say I never had to punish her as a child. I know she believed it because when I've had to punish my son Dodd, she's said, 'That's funny, I never had to punish you.' Can you imagine any child never having to be punished?"

"Ross Hunter understands it all. He came over to the studio when we started 'Roseie!' and he said, 'Fellas, this is not a baby.'"

Sandra has a major adult role in "Roseie!" and due to Ross Hunter's orders, she doesn't even look like Sandra Dee.

quality & economy with Stran-Steel buildings

You get economy with Stran-Steel buildings because economy is literally designed and built into every steel component. It is the natural result of quality planned, mass production techniques that are not only better, but also economical. The savings are being along to you.

Before you build any building, discover why a Stran-Steel building is a better investment. Find out why Stran-Steel is able to offer written guarantees to back-up the performance of the steel components. Lower heating and cooling bills are the direct result of exclusive insulated wall systems. Faster construction, often 60 to 90 days, will get you in business sooner.

Call us for a free literature or copy of our brochure "10 Costly Mistakes to Avoid Before You Build." We are able to handle your complete turnkey project. Arrangements can be made for financing.

'Too Few Members in Chamber'

House Vote on Court Bill Postponed

LANSING (AP) — Several representatives began their 25-day recess a little early Thursday, forcing postponement of a House vote on the big court reorganization bill.

House leaders kept the chamber in session until late in the afternoon, hoping to dispose of the complex measure before recessing until Dec. 12.

But some members reportedly had left for deer hunting country and others were absent for various reasons. One roll call showed 73 of the 110 House members voting—one short of the majority needed for the court bill.

"The membership is dwindling," noted Rep. Donald Holbrook, R-Clare, sponsor of the measure. "I consider it improper to consider a bill of this magnitude with so few people in the chamber."

AMENDMENTS OK'D

Before the session ended, the House approved amendments bringing Detroit into the dis-

trict court system which the judgeships that would be filled by election from four districts.

Holbrook and his House Judiciary Committee had left Detroit out of the original bill, fearing a battle within the Detroit delegation might scuttle the measure.

Passed easily Thursday were amendments abolishing Detroit's Recorder's Court, removing misdemeanors from Recorder's Court and Common Pleas judges run establishing 28 new district in citywide elections.

The Detroit amendment passed 63-23. Of the city's 24 representatives, 13 voted for it, six opposed it and five did not vote.

A proposal by Rep. Joseph Swallow, R-Alpena, to give each county at least one district judge will be before the House when it takes up the court bill again next month.

Roundup Time at Bronx Zoo

NEW YORK (AP) — It was pelican roundup time at the Bronx Zoo Thursday and the doughty keepers donned their hip boots and readied rowboats for the fray.

Seven pelicans, obviously determined not to be corralled and sent to their winter quarters skinned to opposite directions over Lake Cope in the zoo.

The bird flapped but the boatmen paddled furiously and 2 1/2 hours later the last recalcitrant was safely stowed for transportation in the back of a station wagon.

"They used their half-wing flip-flop offense this year," sighed Gordon Cyler, membership chairman of the New York Zoological Society. "We just weren't prepared for them."

Someone suggested the battle could have been shortened by using outboard motors. But Andy Winnegar, head keeper, defended paddle power saying, "Aw, motors would take all the fun out of it."

A safety device for jet aircraft that automatically relights its engines in flight if a flameout occurs has been developed.

The Birmingham home of Mrs. R. Jamison Williams will be the setting for a luncheon and kitchen shower on Dec. 6.

Cohosting this event are Mrs. Francis T. Reith and Mrs. Westlau Wright.

On Dec. 9, Mrs. John P. Livingston and her daughters, Ann and Erma Jean, will host a luncheon at Orchard Lake Country Club.

The Detroit Athletic Club has been chosen by Dr. and Mrs. Luther R. Leader and their daughter, June, for a cocktail and dinner party honoring the couple.

Dr. and Mrs. Lawrence J. Richard of Franklin will host the rehearsal dinner on Dec. 22 in Fox and Hounds.

The bride-elect and her fiancé will repeat wedding vows Dec. 23 in St. Hugo of the Hills Church.

Japanese Prime Minister and Mrs. Eisaku Sato are greeted by U.S. Ambassador to the United Nations and Mrs. Arthur Goldberg at a reception in New York City Thursday night. The affair, an interlude in a series of official meetings in this country for the visiting diplomat, was at the Waldorf hotel. The Goldbergs presented the visiting couple with a gift.

Case No. B-573

All Want Importance

By DR. GEORGE W. CRANE

CASE B-573: Matthew, aged seven, and Peter, aged six, are the two oldest children of our daughter Judy.

During the summer they visited us at our farm home in Indiana.

Since we have a little pond about an acre in size, I usually take them fishing.

First, we went to a little creek to seine for some minnows, since fishworms were scarce, due to the drought.

Then we baited our hooks and fished for an hour, but never got a bite.

LEAVE BAITED

So the boys decided to leave their poles floating on the lake but still with a minnow on each hook.

Next morning we rushed down to the pond to see if we might have any fish.

We got into the boat and rowed over to where Matthew's pole was tangled in some overhanging willow branches.

As he retrieved the pole and started to lift it, he saw he had a catfish 14 inches long.

He was so excited he could hardly pull it in, so I told Peter that he use the landing net and scoop the fish out of the water.

My suggestion had a double motive, for note the dialogue that followed:

"Isn't he a whopper. Grandpa?" Matthew began. "He is mine, too, for he was on my hook and I pulled him in!"

"But I helped," chimed in Peter. "Grandpa, isn't he half mine, for I handed him with the net?"

This debate grew more heated, so I finally tried to make a compromise by saying that each boy could claim half of the honor.

That left them bubbling over, for to a child a catfish 14 inches long is almost the equivalent of an adult's catch that runs twice that length.

"Grandpa," asked Peter as he tried to beat Matthew to the draw, "may I carry the fish home?"

Since Peter had been having a difficult time trying to establish his 50-50 claim to the catfish, I assented.

"But I get to take him into the house to show Mamma!" angrily exclaimed Matthew.

The reason I cite their intense rivalry is to show you that we are all born with this motto on our chests:

"I WANT TO FEEL IMPORTANT!"

PBX Club Attends Buffet, Discusses Plans

A buffet supper in the Huntington Park Drive home of Mrs. William Webb was held Tuesday for members of the PBX Club of Pontiac.

Mrs. Faith Kirby was honored as a new member and guests included Mrs. Carl Peterson and Mrs. Gladys Meyers.

Plans for a benefit sale Saturday from 8 a.m. until noon at the American Legion Hall on Auburn Road, were discussed.

Christmas charities were named and a holiday party planned for Dec. 17 in K Falls Restaurant.

ELIZABETH A. MCKENNEY

February vows are planned by Elizabeth A. McKenney and Spec. 5 Robert J. Titus, Army Medic currently stationed in Vietnam. A graduate student at the University of Michigan, she is the daughter of the Henry F. McKennys of Franklin Road. Her fiancé is the son of Mr. and Mrs. Myron Titus of Rochester.

Widow's Home to Remain Surrounded by Parking Lot,

BIRMINGHAM, Ala. (UPI)—A little homestead to the parking lot. The stark blackness of the new parking lot contrasts strangely with the neat white house sitting in the midst of it.

The residence is that of Mrs. N. R. Wilhelm, 65.

And shouldered up to the lot and the street in front is Baptist Hospital, run by Administrators who understand the love of this woman for her home of several decades.

Representatives of the hospital recently asked Mrs. Wilhelm to sell her property for use as a greatly needed parking lot.

Her neighbors sold and moved away, but Mrs. Wilhelm's attachment to her home she occupied in 1923 and the memories in it of her late husband meant she couldn't bear the thought of leaving.

She and the hospital agreed to sale of everything except the house and a small front yard. Later the hospital elected to spare a lot of the garage and two large shade trees in back.

After Mrs. Wilhelm passes on, the earth-movers and tractors will come back and at an extra cost of almost \$4,000 add her

little homestead to the parking lot.

RESPECTS' RIGHT

Says Charles Loar, hospital administrator: "I can appreciate a lady wanting to live in the home where she is happy and comfortable."

The other day the hospital wanted to excavate a little of the tiny front yard for a permanent gate to the parking lot.

Mrs. Wilhelm said yes, but asked special care to be used not to damage a cedar tree planted by her husband 20 years ago.

It wasn't hurt.

Aw, Gee Whiz, Fun Is Spoiled

NEWCASTLE-ON-TYNE, England (UPI)—England, inventor of the miniskirt, has decided to put a mask on a bridge.

Women using the footbridge, over a main highway, complained that wind through the bridge's open sides reveals too much to Peeping Toms below.

So the Newcastle City Council will spend more than \$1,400 boxing in the sides.

Gals Model for Diners

Club members will model fine jewels and elegant fashions at tonight's pre-holiday dinner and dance at Orchard Lake Country Club.

Mrs. Theodore Van Meter, assisted by Mrs. Leslie G. Brownlee Jr. and Mrs. Charles C. Hilton, is head of the planning committee.

Modeling gems from Lake Jewelers of Birmingham and clothes from Milgrims will be Mesdames: Thomas Bramson, Herbert Swain, Arthur Merriam, Peter Green, Lawrence Finn, Joseph Conway, Franklin Theis and J. C. Wright.

Others are Mesdames: Robert Backstrom, Samuel Greenswail Jr., John Thornhill, Richard Dann, Richard Erust and Gould Flagg.

Bargain in Meat

WASHINGTON (UPI)—The Interior Department said today it has a bargain for budget-conscious housewives looking for meat bargains—steaks for 40 cents a pound.

For that price families could feast on elk filets or buffalo prime ribs.

The department said anyone interested can order a whole buffalo carcass, unfrozen, for \$180 or an elk carcass for \$90.

Freezing adds \$20 to the cost. No cuts smaller than a half carcass will be sold.

Orders should be directed to the manager of the Wichita Cache, Okla., which is cutting down its herds of elk and buffalo. The purchaser pays the shipping cost.

U. N. Decision on Korea Cited

Broomfield Lauds Plan to Keep Force

Congressman William S. Broomfield, R-Royal Oak, today praised the United Nations for its decision to continue a force in Korea to "preserve peace and security" and to seek reunification through free elections for all Korea.

The General Assembly approved by a vote of 68 to 23 with 26 absences yesterday a resolution introduced and supported by Rep. Broomfield as a member of the delegation to the 22nd Assembly.

Speaking in opposition to Soviet efforts to end U.N. presence and interest in Korea, Congressman Broomfield told the plenary meeting of the U. N. that the resolution sponsored by the U.S. "reaffirms the determination of the U. N. to continue working for the very right and very just objectives to which it has committed itself in Korea."

A member of the House of Representatives Committee on Foreign Affairs is one of two congressional delegates who are assisting Ambassador Arthur J. Goldberg, U.S. representative to the U.N. during the current assembly.

Congressman Broomfield spoke in support of UN action in Korea and led the fight in committee to thwart Soviet and Communist bloc efforts to reverse the 17-year history of U.N. defense of Korea and Korean freedoms.

Broomfield of Oakland County's 18th District said the resolution adopted by the Assembly means the U.N. will continue to seek a reunified peaceful democratic Korea through free elections. It will also continue U.N. presence in the area.

Like's Checkup Cancels Trip

GETTYSBURG, Pa. (AP) — Another physical checkup has been scheduled for former President Dwight D. Eisenhower, forcing the cancellation of a trip to Toronto this weekend.

An aide who assured newsmen Thursday that Eisenhower, 77, was "feeling fine," indicated the examination might be this weekend. No firm arrangements were announced.

Eisenhower reportedly was advised on his last trip to Walter Reed Hospital in Washington that he should have more frequent checkups.

The pending examination presumably would be a prelude to the departure Nov. 28 of Eisenhower, his wife and aides for an annual winter vacation in California. He was released from Walter Reed last Oct. 20, after spending four days there for treatment of a swollen prostate gland.

The five-star general had planned to attend the closing events of the Royal Agricultural Winter Fair in Toronto on Saturday.

4 Held in Theft of Brass Fittings

KALAMAZOO — Four Kalamazoo men were arrested Thursday and charged with grand larceny in the theft of \$3,000 worth of brass fittings and flashings taken from an Otsego company.

Arrested were Richard Kemp, 19, Gary Kemp, 23, and Kenneth Kemp, 25, all brothers, and Larry Campbell, 21.

Overtime Refused

Pontiac Div. Strike Called

UAW Local 653 at Pontiac Motor Division has called a strike for tomorrow and Sunday and will refuse to work more than eight hours a day next week, according to Wayne Anable, local president.

Anable said work is to resume on Monday, but workers are instructed to go back on strike after their eight-hour shift is over and then come back the next day.

NATION'S HIGHEST HONOR — Army Staff Sgt. Charles B. Morris of Galax, Va., yesterday was awarded the Medal of Honor for heroism in Vietnam in June 1966. President Johnson presented the award to the sergeant in a White House ceremony, and Gen. William Westmoreland (right), commander of U.S. troops in Vietnam, presented the citation.

Thieves Rob 2 Men Near Bars in City

Two Oakland County men were robbed outside Pontiac bars in separate incidents early today, it was reported to city police.

Elmer Bryan, 40, of Clawson told officers he was about to enter his car parked in a lot outside the Jet Bar at 714 Woodward about 2 a.m. when he felt a gun at his back.

He said a man ordered him to drive to the Greendale-Central area, where a second assailant, who had apparently followed in another car, approached.

— Bands scuffed with him, forced him to get out and lie on the ground, then took his wallet, \$200 in cash from the car's glove compartment and his ring, Bryan said.

William Bright, 42, of 7620 Clintonville, Independence Township, told officers he was approached by a woman outside Casper's Bar, 374 Franklin Road, about 2 a.m.

WOMAN HITS HIM

He said the woman struck him on the head several times with a hard object, then was about to enter his car when he was hit by three men who took more than \$100 in cash from his wallet.

The handoffs fled on foot, investigators were told.

Rock Studies Cut Earth Age

WASHINGTON — Earth became a recognizable planet some 4.53 billion years ago, give or take 40 million years. This is the estimate of Dr. T. J. Ulyrch of the University of British Columbia, Vancouver, Canada, who bases his figures on studies of rocks from the ocean floor and under the Atlantic and Pacific Oceans and from Llano, Tex. Earlier estimates of earth's age ranged to 4.75 billion years.

Age calculations made from analysis of the basalt rocks resulted in a range of possible ages for the earth from 4.46 billion to 5.58 billion years, he writes in the journal Science.

Dr. Ulyrch's calculations are based on the relative quantities of three different chemical forms of lead and two of uranium — one of which is radioactive — found in the basalt samples.

The equations Dr. Ulyrch depends on for the age determination take into account not only the decay of uranium into lead, but also the quantities of lead and uranium isotopes already in existence when the earth was formed — long before the basalt samples he used came to the surface and solidified.

PRIME FACTORS

Most significant, he feels, is that the age determinations do not depend on knowledge of the ages of the particular rocks used in the work, but only on the amounts of lead and uranium in them.

Man Is Bound Over in Shooting Case

Delmon Lee Green was bound over to Oakland County Circuit Court yesterday for a hearing by Bloomfield Township Justice Court on the charge of assault with intent to murder.

Green, 47, of Detroit turned himself in to police Oct. 25 after he allegedly shot and wounded a Pontiac man who was driving north on Woodward with a former girlfriend of Green's.

Wounded in the leg with a 22-caliber slug was Edgar Stetson, 42, of 319 S. Paddock when an assailant pulled alongside his car and fired through the window at the girlfriend.

Greenwich Village to Get 69-Ton Picasso Sculpture

NEW YORK (AP) — A Picasso sculpture as big as the head of the great sphinx of Egypt is going to stand on Bleeker Street in the heart of Greenwich Village.

The "Bust of Sylvette" — a 69-ton work soaring 36 feet — will be built of sandblasted concrete in a court at New York University's Washington Square Center apartment complex.

Allan D. Emil, a lawyer and philanthropist, and his wife are presenting the work to the university and it is expected to be complete in 11 weeks.

The original of the work, done by Picasso in 1954, is a two-foot-high piece of folded metal with the features of the woman painted on it. It is in the Museum of Modern Art here on loan from the artist.

SHOULD APPLAUD

Alfred H. Barr Jr., former director of collections at the museum and an authority on Picasso, said the city should applaud its acquisition.

Barr said Picasso first dreamed of colossal sculpture 60 years ago and completed a series of figure drawings, "but no one stepped forward to make the dream come true until the 1950s."

"Now, in our city, we shall have a monument spring from the two-foot-high painted bust of the head of a girl with pouty hair, as big as the head of the great sphinx of Egypt."

Carl Nesjar, a Norwegian artist who has worked with Picasso on previous large sculptures, will do the work on the outdoor version with the artist's approval. The cost was not revealed.

11 Suspects Arrested in City Numbers Raid

Pontiac police officers, aided by Internal Revenue agents, arrested 11 persons yesterday in a raid at two alleged city numbers racket offices.

Lt. Fred Goines, head of the department's vice squad, led the simultaneous raid at 195 O'Riley and 150 Wessan about 2:30 p.m.

Nine of those arrested were charged with conspiracy to violate state gambling laws.

They were Charles Miller, 69, of 540 Wyoming; Cecil Hewland, 65, of 275 Fisher; Fred Barr, 45, of 294 Luther; William H. Myers, 52, of 494 Bloomfield; Arthur Williams, 51, of 175 Vernon; Winthrop Ingram, 36, of 185 O'Riley; Frank Dunn, 65, of 150 Wessan; Lelia May Vinegar, 51, of 185 Howard McNeill; and Freddie L. Carr, 35, of 441 Kuhn.

The other two, Leander Jackson, 46, and James T. Johnson, 50, both the Wessan address, were charged with possession of gambling equipment.

ARRAIGNED YESTERDAY

All were arraigned yesterday before Municipal Judge Maurice E. Finnegan and are free after posting \$500 personal bond.

They face preliminary examination Nov. 29.

Goines, who said his division had been working on the raid for about a year, said more than \$2,000 in cash was confiscated, along with six cars allegedly used in the operation and a variety of gambling paraphernalia such as betting slips and "dream books."

More arrests are pending, he said.

Maximum penalty upon conviction is five years in prison on each conspiracy count and three years on each count of possession.

It said gross national product, the value of all goods and services produced in the economy, increased by \$16.1 billion — instead of \$15 billion — to an annual rate of \$791.2 billion.

The report gives the Johnson administration new ammunition in its running battle with Congress over President Johnson's proposed 10 per cent surcharge on individual and corporate income taxes.

Government economists contend the economy, which was slowed by strikes, will be moving faster in the fourth quarter. Figures on this quarter will be available next year.

This pace, they said, cannot be sustained without heavy inflation unless Congress raises taxes.

The department report indicated there was a heavy dose of inflation during the third quarter. It said half the gain was in real output and half in price increases.

Good Samaritan Has Red Face

JOPLIN, Mo. (AP) — A Joplin man had watched with interest the building of some new homes across from his residence. One day he saw a man trying unsuccessfully to lift a heavy gasoline mixer into his truck.

"You can't lift that by yourself," he called out and went across the street to lend his assistance. The two men lifted and struggled and finally got the mixer into the truck.

The man drove off, leaving a tired and dirty Good Samaritan behind. So the builder of the homes showed up. Noticing the dirty clothing of the Joplin man, he asked how he had become so soiled.

It then was found that a stranger had stolen the gasoline mixer — and the solicitous neighbor had helped him with his theft.

Mrs. Charles G. Long

ROCHESTER — Service for Mrs. Charles G. (Elsie) Long, 68, of 308 Drake will be 11 a.m. Monday at the William R. Hamilton Co., Birmingham, with burial in White Chapel Memorial Cemetery, Troy.

Mr. Long died yesterday. He was co-owner and one of the founders of the Rumpel Co. of Detroit and a member of the Mayflower Congregational Church.

Probers Fear X15 Failed at High Altitude

EDWARDS AIR FORCE BASE, Calif. (AP) — The high-flying X-15 rocket plane which crashed in the desert, killing its pilot, may have started to break apart at 80,000 feet.

This was indicated by a preliminary report of an Air Force-U.S. Space Agency board investigating the crash of Wednesday.

A spokesman said a final report on the accident, which killed Maj. Michael J. Adams, 37, the pilot, may not be completed for several months.

"There is a strong possibility the aircraft exceeded its structural limits," the board said.

After flying more than 50 miles high, the X15 sent back radar and radio information in its descent to 60,000 feet.

PIECES SEEN

When investigators reached the scene shortly after the crash, wing and tail surfaces were missing. Pieces later were found strewn over the desert.

The pilot radioed during descent that he had gone into a spin. Earlier, he reported loss of power, loss of dampers, electronic devices which damp out control surface vibrations automatically.

Here's How Vote Went on Adjournment

LANSING (AP) — How the Senate voted Thursday in approving, 17-11, a House resolution to adjourn until Dec. 12.

Republicans: (17) — Beardsley, Beebe, Burleson, DeMunnick, Fleming, Hungerford, Kuhn, Lockwood, Lodge, Richardson, Rockwell, Schweigert, Slamm, Toeppe, Vander Laan, Zaagman, Zollar.

Democrats: (11) — Brown, Cartwright, Craig, Dezendel, Fitzgerald, Hart, Levin, McCauley, O'Brien, Rozicki, Young.

Village Politics a Family Affair

BLOOMINGBURG, Ohio (AP) — After Max Grim was elected without opposition as mayor of this central Ohio village of 800, he named his brother George a special consultant.

Two other brothers, Robert and Raymond, then were elected to the Board of Public Affairs, and their mother, Mrs. Irene Grim, was elected to the Village Council—all by write-in votes.

Merchants Get Warning on Bogus MESOC Checks

The Michigan Employment Security Commission (MESOC) today warned merchants to be alert for counterfeit Michigan Employment Security benefit checks.

Police in Royal Oak, Southfield and Roseville are investigating attempts to pass the bogus checks in their areas, according to the commission.

The commission said that all merchants should be alert to carry the serial number 1700772 in the upper right hand corner. They appear to be photo copies of a legitimate MESOC check.

Malcolm R. Lovell Jr., director of the MESOC, said merchants should ask for good identification when cashing checks and should record identification on the reverse side of the checks they cash.

Drivers' licenses may not be valid, said Lovell, since the persons involved are known to be using fictitious documents.

Man Injured in Area Crash

A 58-year-old man was admitted to William Beaumont Hospital, Royal Oak, after his car collided with another car this morning on icy West Maple near Haledale, West Bloomfield Township.

Dwight W. Doney, of Berkley, was the driver of the eastbound car which collided with a car driven by Robert C. Boerner, 55, of 775 Oakwood, White Lake Township, police said.

The accident occurred at 8:32 a.m., according to township police.

Romney Enters Race for Presidential Bid

By JIM LONG
Using the theme "A New America," Michigan's Gov. George Romney announced today he will be a Republican presidential candidate in 1968.
The 60-year-old Bloomfield Hills Republican said he had decided to fight for, and win his party's nomination and the election as president of the U.S.
In a Detroit press conference he said he had made his final decision only late last week.
"I am concerned about America," was the governor's reasoning and his platform will be based on "leadership," he said.
Placing himself in the underdog role, Romney told a questioner he was used to that and depicted himself as an under-

dog most of his life—when he went into the automobile business and when he first went into politics.
Serving his third term as governor, Romney announced he would not resign.
NEW YORK (UPI)—Gov. Nelson A. Rockefeller of New York today pledged he would "wholeheartedly" support Gov. George Romney of Michigan in his campaign for the 1968 Republican presidential nomination.
his governor's position to campaign, pointing out that governors in the past had run for president and this had led him to decide to stay on.
A devout Mormon, Romney said he would not campaign on Sunday but

would set that day aside to "church and family."
He attacked the administration's performance on both domestic and foreign policies.
He decried the Vietnam war, saying "We are mired in an Asian land war which sacrifices our young men and drains our resources; with no end in sight."
HITS FOREIGN POLICY
"Our foreign policy has no clear, positive purpose."
Hitting at the administration's fiscal policies, Romney said "The richest nation in the world is in a fiscal mess."
"Our magnificent economy which of-

fers an impoverished and hungry world the only model that can head off greater deprivation and unprecedented famine, is being systematically jammed by inflation."
Flanking him as he spoke in somber, but emphatic tones, were two daughters and a son, plus his attractive wife, Lenore, who wore a beige dress with a matching coat casually slung from her shoulders.
CHEERING THROG
The coat concealed a cast encasing the arm she broke last week in a bathtub fall.
Following his half hour news conference, he went to the ground floor of the Veterans' Memorial Building and was greeted by a cheering throng of his supporters while a band struck up "Hail to the Victors," University of Michigan's fight song.
He also announced during a question period that he told his supporters to enter his name in the primaries in four states, New Hampshire, Wisconsin, Oregon and Nebraska.

House Defies LBJ on Aid

WASHINGTON (AP)—President Johnson's statement to the nation that Congress would make a serious error in slashing his foreign aid bill was followed shortly by a House decision to cut it by a whopping one-third.
By a vote of 187 to 142, the House voted yesterday for an appropriation figure of \$2.196 billion, compared with the \$3.226 billion sought by the President. If the Senate goes along, this would be the deepest cut in the 20-year history of foreign aid.

But Secretary of State Dean Rusk plans to appear Monday before the Senate Appropriations Committee in an attempt to restore at least some of the funds.
The measure, including provisions to restrict purchases of modern weapons by underdeveloped nations receiving the aid money, was passed by a coalition of 124 Democrats and 43 Republicans. It was opposed by 55 Democrats and 38 Republicans.

This kept in the bill language sponsored by Rep. Silvio O. Conte, R-Mass., to curb purchases of weapons such as jet planes and missiles systems by underdeveloped nations by withholding economic assistance in the amount they spend for the equipment. This also bars use of any military aid funds for similar purchases.
Exempted from the provision are Greece, Turkey, Iran, Israel, Nationalist China, the Philippines and South Korea.

Snow Flurries Will Follow Showers

Light showers turning to snow flurries with falling temperatures is the outlook for the Pontiac Area over the weekend.
Here is the U.S. Weather Bureau's official day-by-day report:
TODAY—Cloudy and windy with light showers ending early today. High in the upper 30s. Cloudy, windy and colder with occasional snow flurries tonight, possibly beginning late today.
Low tonight 24 to 28.
West to northwest winds at 20 to 30 miles per hour today and tonight.
TOMORROW — Mostly cloudy and cold with some snow flurries likely.
MONDAY — Partly cloudy and continued cold.
Precipitation probabilities in per cent are: today 30, tonight 50, tomorrow 40.
The mercury registered a low of 35 in downtown Pontiac prior to 8 a.m. The reading at 2 p.m. was 40.

Action came only a few hours after Johnson, during a news conference on television and radio, said he felt it was "a serious mistake" for Congress to cut what he called a very low aid request at a time when the United States, richest country on earth, is enjoying great prosperity.
FOR 100 COUNTRIES
The aid program is for 100 countries and 5 territories in the year ending next June 30.
During the debate, an attempt to give the President discretion in making decisions on withholding economic assistance to underdeveloped countries buying sophisticated weapons was rejected.

Also defeated was an attempt to revoke discretion of the President in permitting the Export-Import Bank to give credit to Communist countries.
The bill provides \$1.831 billion of the \$2.630 billion sought for economic aid and \$365 million of the \$596 million requested for military assistance. It is \$740 million less than Congress provided last year.
Other provisions also set aside \$105 million for the Peace Corps, \$14,856,000 for administration of the Ryukyu Islands, \$300 million for the Inter-American Development Bank and \$104 million for the International Development Association.

House Fires in City Claim 2

Two Pontiac residents died in house fires last night and early today, and another person overcome by smoke was revived by city fire fighters.
Two other major fires broke out during the last 24-hour period, one at a Birmingham apartment construction site and the second at a Pontiac home.
Pontiac police identified the fire victims as Ray Fortin, 63, of 118 E. Chicago and Mrs. Jessie L. Johnson, 36, of 412 California.

Fortin who lived on the second floor of a two-story frame home died last night in a fire which started in a chair.
Police said he apparently thought he had extinguished the fire before going to bed. However, the chair caught fire again, causing \$3,000 damage to the dwelling and \$2,000 damage to the contents.
City firemen said the home is owned by R. W. Magness. Firemen received the alarm at 9:57 p.m.
Mrs. Johnson was killed in a fire at her home this morning in which damage was estimated at \$7,900.
The home is owned by Grady Mac-Coffe of 37 Walnut.

The flames spread to the Jean Powell home at 408 California, causing \$1,000 damage.
OVERCOME BY SMOKE
Joe Garcia, 26, of 530 Judson was overcome by smoke early today in a fire which firemen said was caused by smoking in bed.
However, fire fighters managed to revive Garcia who didn't require hospital treatment.
Damage to the apartment was listed at \$150, all to the contents. The two-story frame building at 528-530 Judson is owned by Robert Edmones.
Birmingham Fire Department fought a blaze at the construction site of the luxury Piety Hill Place apartments at Southfield and Brown last night.
The fire erupted in the building's fifth floor about 7 p.m. Units from Royal Oak and Pontiac aided the city's department.

His Third Term Is a Busy One

LANSING (AP)—Here are the highlights in the activities of Gov. Romney since his reelection in 1966.
Nov. 8, 1966 — reelected to a third term as governor of Michigan by a landslide margin.
INAUGURATED
Jan. 2, 1967 — Inaugurated for third term as governor of Michigan.
Jan. 12 — Calls on Michigan Legislature to enact a state income tax, vowing not to approve additional spending unless fiscal reform measures are adopted.
Feb. 2 — Presents Legislature with his plan for a state income tax and a proposed \$1.153 billion state budget for fiscal 1967-68.
Feb. 25 — Criticized for referring to Sen. Charles Percy, R-Ill., as a "political opportunist" at Michigan GOP Convention.
March 6 — Predicts the Vietnam war will be the principal issue in the 1968 election unless it is settled by then.

Romney drive and determination is evident in all that he does.
Called a "supersalesman" by admirers, Romney took over American Motors Corp. while it was in the red, left it solidly in the black when he stepped out to run for governor in 1962.
WON WIFE
The Romney drive could be said to have won him his wife, the former Lenore La Fount, a delicate, attractive former movie actress who generally is considered his No. 1 asset and aide.
Not always an asset, the Romney drive sometimes erupts in what he calls "intensity," but others call temper.
Mormon tenets also have gotten Romney into controversy, notably over the church's exclusion of Negroes from the priesthood.
Romney is generally considered to have a good record on civil rights. A Romney bill for a statewide open housing law is now before the legislature but its future is uncertain.
RACE RIOTS
Racial riots that swept half dozen Michigan cities last summer, including Detroit, didn't help the image. Romney accused President Johnson of delaying deployment of federal troops.
One of the highlights of the Romney political career, that started with his part in convening and guiding Michigan's 1961 constitutional convention and extended through three terms as governor, was passage this year of the state's first income tax.

Nov. 16 — State Legislature adjourns for three weeks without passing Romney's open housing bill.

U.S., N. Viet Battle for Hills Continues

SAIGON (AP) — Heavy new hill fighting broke out today nine miles west of Dak To in South Vietnam's embattled central highlands where American forces drive North Vietnamese troops from two strategic peaks yesterday.
The new fighting came as U.S. artillerymen repelled a mass Vietcong charge on their positions in the Mekong Delta, the U.S. Command announced four new plane losses over North Vietnam and the Vietcong declared three cease-fires, totaling 13 days, for upcoming holidays.

Lawn Course by Correspondence

The ultimate purpose of good lawn is to neutralize dust and mud, says Walter Haldebrand of The Pennsylvania State University.

A Penn State correspondence course on home lawns tells you how to prepare the soil and plant the seed.

Send \$2.75 with your name and address to Home Lawns, Box 5000, University Park, Pennsylvania 16802.

Make checks to PENN. STATE. A course copy comes to you by mail.

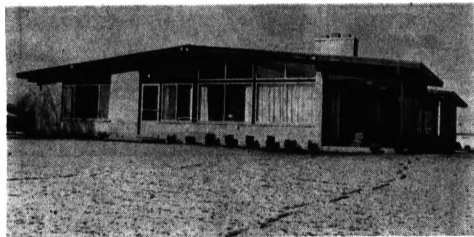

Use Enamel on Exterior Trim

When painting wooden trim, such as window sashes, shutters and doors, The National Paint, Varnish and Lacquer Association suggests making them more attractive by using a colorful exterior enamel.

These coatings dry with a relatively glossy surface. These can be obtained in either high-gloss or semi-gloss sheens to suit your taste.

Tree planting and seeding by forest industries in the Pacific Northwest average 100,000 acres a year, or ten times more than 15 years ago.
