## Hospital Bonds Okayed; Voters Reject Courthouse

### City Electors Also Approve Pension Plan

**Courthouse Tax Fails to Pass for Second Time This Year**

Two local measures—including a $3,000,000 bond issue to finance a Pontiac General Hospital addition—were passed by Pontiac voters yesterday.

But Oakland County voters turned down for the second time a proposal to erect a new courthouse.

Of the local proposals, unofficial tallies show the authorization to increase city employes' pensions passed by the largest majority, a whopping 14,017 to 5,538.

**Failing when first presented to voters last April, the hospital measure passed by a 9,689 to 5,908 vote, more than the 60 per cent majority needed.**

For the second time, county voters rejected a plan to raise taxes one-half mill to finance a new $4,500,000 courthouse on a Telegraph road site.

See precinct chart page 17.

The proposal was one of the hottest issues in the pre-election campaign.

The total courthouse vote was 68,189 "no," and 45,180 "yes."

It had failed at the August primary although a sister measure calling for issuance of bonds to pay for the building was approved by property owners.

**The tax increase was needed to support the bond issue. Without it, general obligation bonds cannot be issued.**

A favorable vote by Pontiac

### GOP Captures County Offices in Record Vote

**Frank Irons Newcomer as Six Incumbents Are Returned**

Six incumbent Oakland County office holders and one new candidate were selected by voters yesterday as Republicans captured all county elective posts by sizable majorities.

About 151,000 county citizens went to the polls, setting a new voting high for an off-year election. The former peak was hit in November 1950 when 104,154 balloted.

Results from outlying county machine precincts were complete by 6:15 this morning, but the second last city precinct (paper ballot) was not received until 9:40 a.m., nearly 14 hours after the polls closed.

**The newcomer to county government circles is Frank Irons, 55, who will be sheriff for the next two years. He defeated Democrat George D. Hicks 83,223 votes to 66,979.**

Irons defeated present Republican Sheriff Clare L. Hubbell for nomination as the GOP candidate in the August primary.

The newly elected sheriff has a long background of police work, serving as Berkley police chief since 1926.

Incumbent Prosecutor Frederick C. Ziem won a second term by defeating Robert L. O'Connell 81,122 to 67,876.

Ziem, 38, served as assistant prosecutor and chief assistant prosecutor from 1947 until his election in 1952.

Lynn D. Allen, 55, was re-elected for a 12th term as county clerk. He turned back opponent Neil R. Crowe 81,885 to 67,234. Allen was first elected in 1932.

**Also renamed to a 12th term was County Treasurer Charles A. Sparks who defeated Donald E. Barrett by 80,074 to 68,989. Sparks, 64, has served since 1933.**

Orrin McQuaid, 49, won his ninth term as register of deeds by turning back Hazel A. Kuschinsky 81,340 to 67,562. He first was elected in 1936.

Drain Commissioner Ralph A. Main won re-election over Glenn D. Harper 80,291 to 68,337. Main, 50, was appointed to the post in 1951 and first elected in '52.

**Omar E. MacNutt, 45, ran unopposed for re-election as county surveyor. He was first elected in 1948.**

The GOP county candidates drew nearly the same percentage of the total vote cast for their respective offices as they did in 1952.

The men will begin their new two-year terms Jan. 1, 1955.

### Lead Is Taken by McNamara

**Democrat Gains Over Senator Ferguson as Wayne Votes Pour In**

DETROIT (UP)—Democrat Patrick V. McNamara slipped out in front of U.S. Sen. Homer Ferguson (R-Mich) by 180 votes for the first time in unofficial returns from Tuesday's election.

His margin of victory is expected to mount as laggard Wayne (Detroit) County returns filter in.

Democrats rode a wave of straight ticket ballots in the Detroit metropolitan area.

**McNamara of Detroit, a bussiness man and a minor AFL official knocked off Ferguson, chairman of the Republican Policy Committee and a veteran of 14 years in the Senate.**

McNamara actually was still a few thousand votes behind in a delayed unofficial count, but the bulk of the votes still to come were in big Wayne (Detroit) County where the Democrats were sweeping all before them by majorities reaching 72 per cent.

Shortly after noon, the vote stood:

### 6 Governorships Shift From GOP in Photo Finish

**Upper House May Split With Morse Holding Balance of Power**

From Our Wire Services

WASHINGTON — Democrats forged ahead today in a hot race for control of the Senate after capturing the House with seats to spare.

They also had won six governorships away from the Republicans in a wild and angry election so crammed with surprises, photo-finishes, and recount demands that it was unparalleled in the history of recent mid-term contests.

At mid-day, Eastern time, tabulations showed that the Democrats had won 226 House seats, eight more than they needed for control.

At the same hour Democrats had elected 22 senators and Republicans 12. In four close races Democrats led in two, the Republicans in two. With holdovers, if that trend continues, the Senate would be divided: Democrats 48, Republicans 47, Independent 1.

**With Independent Wayne Morse of Oregon voting for them, the Democrats would organize the new Senate.**

Just one switch to the Republicans could, however, give the GOP a chance to control the Senate with Vice President Richard M. Dixon voting to break a 48-48 tie.

The battle for control of the Senate centered in five crucial contests. Here is the situation, state by state, in the breath-taking climax:

**Michigan — Democrat Patrick V. McNamara defeated Sen.**

Victory Margin Growing

GOV. G. MENNEN WILLIAMS

### Williams Rolls to Fourth Term as Governor

**Feat Biggest Victory Since '36 Campaign Under Murphy**

DETROIT (UP) — Gov. G. Mennen Williams won the first fourth term as governor in Michigan history in Tuesday's general election and is dragging the Democratic party to its first state ticket sweep since 1936.

Williams is carrying his entire state ticket to victory.

That has not happened since the late Frank Murphy, former governor and United States Supreme Court justice, engineered a clean sweep at the height of the Roosevelt boom.

The question among 300 guests who spent the night at a big, old house on Grand Avenue in Lansing wasn't: "Is Soapy winning?" Instead it was: "How many will he take in with him?"

**The guests, of course, were Williams' supporters. They were jubilant from the start, but as night wore into day they still didn't know whether Michigan's champ vote-getter of all time had pulled in only a part or all of their state ticket.**

Some of the more enthusiastic proclaimed the full Democratic ticket, including Patrick V. McNamara for U. S. Senator, elected. All were fairly certain Williams' pal and former legal adviser, Philip A. Hart, had made it with him for lieutenant governor.

At 2 a. m. the 43-year-old governor slipped out of the throng for a breather. He and his bright-eyed wife, Nancy, sat on a step outside. He slipped an arm around her and kissed her. She tweaked his cheek playfully.

### 5 Republicans, Two Dems Go to State Legislature

Four Republicans and two Democrats won seats as state representatives for the Oakland County area in yesterday's balloting, and another Republican was returned to the state senate.

Royal Oak Republican William S. Broomfield assumed the 12th district state senator seat, defeating Democrat Fred Elias of Hazel Park, 80,817 to 68,251.

The 32 year old Broomfield had represented the fourth legislative district since 1948, before seeking the nomination for state senator.

In District One, Republican incumbent Fred G. Beardsley, 71, of Oxford defeated Waterford Township Justice of the Peace Donald E. Adams, 41, by a 11,435-10,478 margin. Beardsley has held the position since 1948. Adams has been unsuccessful in three previous attempts to gain the office.

**Thirty-two year old Pontiac resident Leslie H. Hudson, Democrat, edged out Republican Ernest Huthwaite in the second district, 12,633 to 8,287.**

Hudson defeated fourth term-seeking Democrat Leaun Harrelson in the August primary.

District three voters returned Republican incumbent Richard C. Van Dusen, 28, by a wide margin

### Ike Says Returns No Repudiation of Administration

WASHINGTON (UP) — President Eisenhower said today he sees no repudiation or disapproval of his administration's policies in Republican loss of the House to the Democrats.

The President told a news conference he plans to consult with the Democratic congressional leaders—as well as Republican—on both domestic and international matters during the new session of Congress convening in January.

With a trace of a smile, the chief executive said he sees no point in butting his head against a stone wall.

At the time of the conference, 10:30 a.m. Democrats had clinched control of the House. Party control of the Senate still was in doubt.

Eisenhower volunteered at the outset of his session with newsmen, that in a lot of cases he was absolutely astonished and surprised by the election outcome.

### Partly Cloudy, Cooler Forecast for Thursday

Partly cloudy and colder tonight and Thursday is the forecast for Pontiac and vicinity.

The U. S. Weather Bureau says the low tonight will be 32 to 36 with a high tomorrow 40-44.

Downtown temperatures yesterday ranged between 30 and 37 degrees. At 8 o'clock this morning the mercury stood at 32 degrees, rising to 45 by 1 p.m.

### Mother of Four Killed in Crash

**Children Hospitalized After Car Rams Tree on Willow Road**

A West Bloomfield Township mother of four children was killed yesterday afternoon when her car crashed headon into a tree on Willow road as she was returning her oldest children home from school.

The victim, Mrs. Margaret Lofft, 38, of 3314 Locklin Lane, was dead on arrival at Pontiac General Hospital.

**One of the children, Virginia, 9, is listed in critical condition by hospital authorities. The other three, reported in good condition with broken bones, cuts and bruises, are: Robert, 11, Patricia, 7, and Cathleen, 3.**

West Bloomfield Township Patrolmen Joseph Nephew and Glen Helgemo, who stated that there were no witnesses to the 3:30 accident, said the woman apparently lost control.

The car struck the tree, about six feet off the road, after traveling about 100 feet down the left side.

### Voters Give Dondero Nod for Return to Congress

Voters of the 18th Congressional District endorsed George A. Dondero's return to Washington Tuesday by defeating Paul Sutton 80,655 to 69,068, an unofficial tally of the county's 210 precincts shows.

The veteran incumbent from Royal Oak will mark nearly a quarter-century in January when he begins his 12th successive term in the House of Representatives.

His Democratic opponent, 43-year-old Paul Sutton, also of Royal Oak, failed to unseat the 71-year-old chairman of the House Public Works Committee and the champion of the St. Lawrence Seaway project.

**Congressman Dondero's political career dates back to 1905 when he hung out his law shingle in the then village of Royal Oak.**

Shortly after he was named to posts as township treasurer, township clerk and became Royal Oak's first mayor. He has also served as assistant Oakland County prosecutor and as a board of education trustee for 18 years in his home district.

In 1932 Dondero won his first seat in the House of Representatives in the former 17th district (changed in May, 1951, to Congressional District 18).

The Day in Birmingham

# GOP Sweeps to Victory With Record Vote Turnout

From Our Birmingham Bureau

BIRMINGHAM—While county, state, and the nation's candidates see-sawed back and forth in yesterday's election race, Republicans took an emphatic victory in Birmingham, as expected.

Records were broken right and left, as Birmingham, Bloomfield Hills, and Bloomfield Township voters cast more ballots than the 1950 off-year election.

**City Clerk Irene Hanley reported a 75.5 per cent total vote in Birmingham's 11 precincts, or 9,513 of the 12,596 registered voters.**

This topped the primary vote of two years ago by two per cent, and showed the usual 5-1 split in Republican and Democratic votes.

In Bloomfield Hills, election officials tallied 740 votes, of a possible 1,145, for a 6-1 Republican victory.

Republicans took a more than 7-1 margin in Bloomfield Township, where 3,414 of the 4,500 registered voters went to the polls.

**Incumbent Senator Homer Ferguson captured the greatest number of Birmingham's Republican votes, with a total of 7,785, while Gov. G. Mennen Williams played second fiddle to the Democrat's home town favorite, Philip A. Hart, of 537 Westwood Dr.**

Hart, running for lieutenant governor, took 1,922 votes as opposed to 1,885 cast for the governor. He also received the highest number of Democratic votes in Bloomfield Hills and Bloomfield Township.

The only local question put to residents received a stamp of approval, with a vote of 5,106 for, and 2,068 against the sale of city-owned lots 505-515 in Sheffield Estates Subdivision No. 1.

**A millage increase for construction of the new county courthouse was turned down here and in Bloomfield Township, but was approved in Bloomfield Hills.**

In all three municipalities, voters approved the first two amendments on the state ballot, preventing disqualification of electors because of having moved within the state during the 30 days prior to the election, and the controversial Conlin plan for administering the state aid to schools.

The other two amendments — a bonus for Korean war veterans and legalized bingo — were voted.

**Warren C. Pratt**

Warren C. Pratt, 67, of 622 Bloomfield Court, real estate broker with the firm of Warren C. Pratt and Associates in Detroit, died this morning at St. Joseph Mercy Hospital, Pontiac, after a short illness.

Mr. Pratt was a member of the Society of Automotive Engineers, and a graduate of Yale University.

Besides his widow, Louise, he is survived by four sons, Charles W. and James B. of Birmingham, John H. of Flint, and Warren K. of Augusta, Ga.; two daughters, Mrs. Norma Clark of Birmingham and Mrs. Elston Crane of Lakewood, O., and 17 grandchildren.

Private funeral service was held this afternoon at the Manley Bailey Funeral Home.

## Chicks Don Men's Boots as Ruse in Hen Thefts

LEXINGTON, S. C. (AP) — Footprints of two pairs of outsized men's shoes were the only clues officers here had to chicken thieves who made off with between 70 and 75 chickens in several forays over a period of weeks.

Sheriff H. M. Caughman finally called in bloodhounds, tracked the thieves — two teen-aged girls, caught with the goods, who had used the men's shoes for a false trail.

"Shoes were stolen, too," Caughman noted.

### Mrs. John Samples

Mrs. John (Rosa) Samples, 58, of 314 Howard McNeill St. died Sunday after a year's illness.

Born in Memphis, Tenn. Dec. 11, 1896, she was the daughter of William and Sarah Gates Cooper.

Mrs. Samples came here from East St. Louis, Ill. 34 years ago and was a member of the Church of Christ in God. She was also a member of the Miller Burial Society.

Besides her husband, she is survived by four daughters, and five sons, Bernice Cooper of Detroit, Dorothy Peters, Anna Marie Thomas, LeNetta Bowman, John Samples, Jr., Mansfield, Herbert, William, Leonard and 14 grandchildren, all of Pontiac.

The funeral will be held Thursday at 2 p.m. from the Church of God on Wesson St. with Elder James Markem officiating. Burial will follow in Oak Hill Cemetery. Arrangements are by the William F. Davis Funeral Home.

### Mrs. David E. Tricker

Mrs. David E. (Martha E.) Tricker, 94, of 335 E. Walton Blvd. died yesterday after an illness of four years.

The daughter of John and Mercy Smith Hay, she was born in Barna, Ind. July 26, 1860 and came to Pontiac nine years ago from Marion, Ind. She was a member of the United Brethren Church there.

Two sons survive, Homer F., of Marion, and Carl W., of Pontiac, with whom she made her home. Also surviving are five grandchildren and 10 great-grandchildren.

Mrs. Tricker was taken from the Pursley Funeral Home to the Needham & Son Funeral Home at Marion this afternoon for service and burial Friday.

FREDERICK H. JOHNSON

## Warren Alloy President Dies

### Frederick H. Johnson Suffers Heart Attack at Home Tuesday

Frederick H. Johnson, widely known in Denmark, Detroit and Pontiac for his love of children and desire to help needy persons, died yesterday at his home, 21 Elm Park, Pleasant Ridge. He had been ill with a heart condition for five years.

Mr. Johnson was born on Funen Island, just off the coast of Denmark, May 3, 1895. He worked on the farm and received his education in the local schools. At the age of 16, he came to America with his sister.

**With the assistance of a fellow Dane, Mr. Johnson landed a job as a machinist. He turned to tool making and developed the first automatic multiple point welding machine for use in auto production.**

He formed a company to manufacture the new equipment. It now does a multi-million dollar business annually.

Frederick Johnson was president and owner of Warren Alloy Mechanical Processing Co., 915 Oakland Ave., Pontiac.

He was also president of Progressive Welder Sales Co. and Progressive Welder Co., Detroit, president and owner of Warren Alloy Foundry at Warren, president of Ziking Products in Kalamazoo and Vicksburg, vice-president of the Hydro Manufacturing Co., president and owner of Progressive Welder Sales Co., Canada Limited in Chatham and Ridgetown, Ont., Canada.

His love of children led Mr. Johnson with the late Gen. W. S. Knudsen, to form a relief organization, "Save the Children Federation," in Rebild, Denmark.

**In 1950, he was knighted by King Frederick IX of Denmark and was decorated with the Medal of Freedom, the Danish Red Cross Medal and the Medal of Merit from the International Save the Children Federation. He was a member of the Detroit Athletic Club and Detroit Yacht Club.**

He was a life trustee of the American Scandinavian Foundation and president of Charitable Relief, Inc., a family foundation.

Besides his wife, Josephine, he is survived by a daughter, Marilyn; a son, Frederick Jr.; two stepdaughters, Mrs. William Paine of Royal Oak, Mrs. Howard Askelson of Prattville, Ala. and three grandchildren.

Also surviving are a sister, Mrs. Elvira Jorgensen; two brothers, John Johansen of Ferndale and Svend Johansen of Denmark.

The funeral will be held Thursday at 3 p.m. from the Wessell Funeral Home, Pleasant Ridge. Burial will follow in White Chapel Memorial Cemetery.

## Officer Finds Work for Idle Teenagers

CORVALLIS, Ore. (UP) — A Corvallis police officer set up his own "employment agency" to help teenagers find work to provide them with spending money and keep them out of mischief.

Officer Jess Howard said there was a greater dearth of jobs for teenagers this summer than in years and many had nothing to do to occupy their time with the result that petty thefts increased.

**So Howard, with the blessings of the rest of the police department, organized an employment center to get prospective employers and employes together for the balance of the summer to "keep the kids off the streets and out of trouble."**

Howard sent postcards to employers asking if they had occasional jobs that teenagers might do and details about them. The teenagers were asked to send cards to Howard giving telephone numbers, ages, addresses and types of work desired. The cards were filed, and when a job came up a suitable applicant was picked and sent to the employer for an interview.

## Ballot, Then Childbirth

KNOXVILLE, Tenn. (UP) — Mrs. Susie Badgett was Knoxville's first voter Tuesday. She marked an absentee ballot at 4 a.m., and then left for a hospital where she gave birth to a baby girl.

## Hospital Approved; Courthouse Rejected

(Continued From Page One)

property owners pushed the hospital proposal into the reality stage.

Hospital authorities have estimated that at least 150-beds will be added to the present 198-bed capacity, relieving dangerously overcrowded conditions.

"We're mighty happy it came across," said William F. Maybury, chairman of the hospital board of trustees.

"There are plans drawn up about 10 years ago, but they are too expensive," he said. "We're going to have to start from scratch, get a new architect and get as much hospital as we can for $3,000,000."

**City Manager Walter K. Willman, who termed the measure's passage "very fine," said the board of trustees and the City Commission will meet soon to arrange for new plans, the sale of bonds and contracting for construction.**

Construction should begin early in 1955, Willman said.

"We're very grateful to the community for recognizing our need and all of us will use all our means to use the facilities provided us to give better patient service in the community," said Lauretta Paul, hospital director.

The approved pension plan for Pontiac city employes provides for increased monthly payments and broader benefits for pensioners and their survivors.

## Plenty of Experience Behind These Votes

LIBERTY, Mo. (INS) — Fremont Booth, 105 years old, and two of his neighbors, Sam S. Smith, 95, and Judge Martin E. Lawson, 87, went to the polls together yesterday to cast their ballots in the Missouri election. Booth said he cast his first ballot in 1870.

And in Coalgate, Okla., John H. Shores, 112 years old, cast his vote in yesterday's election, declaring he is a "staunch Democrat" but refusing to tell how he marked his ballot.

## Dems Win House, Senate at Stake

(Continued From Page One)

**Homer Ferguson (R-Mich) with 894,692 votes to 894,512 on returns from 4,053 of 4,782 precincts. Many of the remaining votes were in the Detroit area where McNamara is strongest.**

Ohio—George H. Bender (R) led Sen. Thomas A. Burke (D) 1,228,811 to 1,215,980 in returns from 11,098 of 11,347 precincts.

New Jersey—A recount was certain, with Charles R. Howell (D) holding a 341-vote lead on the basis of incomplete returns. Howell had 855,908 to 855,567 for Clifford P. Case (R).

Montana—Sen. James E. Murray (D) had 92,121 to 89,642 for Wesley A. D'Ewart (R) on returns from 849 of 1,094 precincts.

**Oregon—Sen. Guy Cordon held an 8,000 lead over Democrat Richard L. Neuberger with 185,369 votes to 177,289 for Neuberger on returns from 2,095 of 2,369 precincts.**

There had been another doubtful Senate state—Wyoming—Democrats pulled that one out of the fire by electing former Sen. Joseph C. O'Mahoney.

In the House, tabulations at noon gave the Democrats 226 seats, an absolute majority with eight seats to spare.

Republicans had elected 184 house members at that hour. Republicans were leading in 18 and Democrats in seven other contests. If this trend continues, the new House would divide: Democrats 233, Republicans 202, a Democratic gain of 21.

Democrats had definitely won 17 Republican House seats—three in Pennsylvania, three in Illinois, two in Missouri, including former President Truman's home district; and one each in Delaware, Indiana, Maryland, Massachusetts, Michigan, New York, Wisconsin, Virginia and West Virginia. In addition they picked up the Ohio seat of Independent Rep. Frazier Reams.

Republicans had won four Democratic seats—one each in Florida, Kansas, Ohio and Texas.

**In Massachusetts, Senate Republican Whip Leverett Saltonstall, a staunch backer of the Eisenhower administration, trailed most of the night before edging ahead to victory over Democratic State Treasurer Foster Furcolo.**

Iowa produced another close one in a race in which Sen. Guy M. Gillette (D) was upset by Rep. Thomas E. Martin. The veteran Gillette survived President Roosevelt's "purge" in 1938 but lost his seat in 1944, returned to the Senate in 1948 and fell out again in Tuesday's vote.

The GOP wrested another seat from the Democrats in a close contest in Colorado. Lt. Gov. Gordon Allott (R) defeated former Rep. John A. Carroll (D) for the seat of Sen. Edwin C. Johnson (D), who was elected governor.

**However, the Republicans could not hold the Nevada seat of the late Democratic Sen. Pat McCarran. Republican Ernest S. Brown, who had been appointed to the vacancy, was defeated by Alan Bible (D), a McCarran protege.**

In Illinois, the race between Liberal Democrat Sen. Paul H. Douglas and Conservative Republican Joseph T. Meek ended in victory for Douglas. Meek's downstate majority was much too small to offset the Douglas margin in Chicago.

South Carolina produced an unprecedented type of upset when J. Strom Thurmond, the 1948 States Rights Democratic Party presidential nominee, won as a Democratic write-in candidate over Edgar A. Brown, the regular Democratic party nominee.

**In Idaho, Sen. Henry C. Dworshak (R) spoiled the comeback effort of former Democratic Sen. Glen H. Taylor, vice presidential nominee of Henry A. Wallace's Progressive Party in 1948.**

It takes 218 members to control the house. The Republicans held the minimum 218 majority in the last Congress.

## Top Dem May Pull In His Whole Ticket

(Continued From Page One)

**hand-knit herself. It was wool, interwoven with gold thread.**

Lucky, the Williams' parakeet, chattered noisly back at the crowd. Torchy, a Scottie, ran happily through legs, begging for scraps from a buffet loaded with ham, shrimp and turkey.

Mrs. Williams sent son Gery, 13, but almost as tall as his boyish-looking father, to bed at 1:45 a.m. He had presided as announcer at a news ticker much of the evening.

Nancy, 11, and Wendy, 8, were put to bed much earlier, after busy stints as waitress and busgirl.

At noon the vote for the governor was:

| | |
|---|---|
| Precincts | 4,782 |
| Precincts Reported | 4,048 |
| Leonard | 827,789 |
| Williams | 917,017 |

## Editor Urges More Farmers in Capitol

SPRINGFIELD, Ill (UP)—Samuel R. Guard, editor of the Breeder's Gazette, Louisville, Ky., said in a speech here that every delegation on world trade or peace "should have a shrewd farmer in the group.

"He would not only be a sound adviser on the disposal of our surpluses, but he would be able to determine how our American farm know-how might be applied to foreign fields," Guard said. "I urge the department of state to employ more farmers."

# Case Is Leading in New Jersey

## Unofficial Count Gives GOP Slim Edge; Dems Also Claim Victory

NEWARK, N.J. (AP) — New Jersey's race for the U.S. Senate was still undecided today — with Republican Clifford P. Case running slightly ahead — but leaders of both parties claimed victory by less than 200 votes.

Unofficial returns showed Case leading Democrat Charles R. Howell by 393 votes with only four of the state's 3,998 election districts yet to report. The unofficial total vote for 3,994 districts was Howell 854,592; Case, 854,985.

* * *

Case, endorsed four times by President Eisenhower, but opposed by some GOP conservatives, came up strong in the home stretch to overtake a 92,000-vote lead Howell had amassed shortly before last midnight.

The election yesterday was the closest and most dramatic in New Jersey history.

* * *

Leaders of both parties claimed victory by less than 200 votes, the Republicans saying they won by 196 and the Democrats reporting victory by 168 votes.

The Democrats charged Republicans in Morris County juggled returns in favor of Case and the Republicans accused the Democrats of tampering with votes in Essex County. The party leaders moved to impound ballots in both counties.

## Dem Holds Up Voters as Machine Misbehaves

LANSING (AP) — A sitdown strike by a Democratic candidate held up voters for an hour and 40 minutes yesterday in one of Lansing's second ward precincts.

John Leighton, Democratic candidate for the state Senate, found that the voting machine did not allow him to split his ticket in one of the representative races.

Leighton refused to yield the voting machine until it was repaired. About 50 voters waited in line until the machine was repaired while an estimated 30 others gave up and went away.

## 1st Woman Is Elected as Lieutenant Governor

MONTPELIER, Vt. (INS)—Mrs. Consuelo N. Bailey (R) today became the first woman in the nation to be elected a lieutenant governor as the Republicans swept all the major offices in the state's off-year election.

The former state's attorney and 1953 speaker of the Vermont House polled 48,287 votes in 228 of the state's 246 precincts as against 35,978 for William Burrage (D), to win election as lieutenant governor, traditional stepping stone to the governor's office.

# Ohio Governor Wins 5th Term

## Dem Lausche Makes History; GOP's Bender Leads in Senate Race

COLUMBUS, Ohio (AP) — Democrat Gov. Frank J. Lausche smashed to a history-making fifth term victory in Ohio today but his interim appointee fell far behind in a shifting race for the late Robert A. Taft's Senate seat.

Rep. George H. Bender, Cleveland Republican rounding out seven terms in Congress, jumped to a 31,427 lead over Democratic Sen. Thomas A. Burke after the lead changed five times.

* * *

Bender gained his plurality with the report of 600 polling places in traditionally Republican Hamilton County, which includes Cincinnati. But still to be heard from were 102 more polling places in that county and 880 in Democratic Cuyahoga County, which includes Cleveland.

Lausche appointed Burke after the 1953 death of Taft. The Bender-Burke contest was for the remaining two years of Taft's six-year term. Burke, like Lausche, is a former Cleveland mayor.

* * *

The victory for Lausche, first Ohio governor to serve more than three terms, enhanced his position as a possible contender for high national office two years hence.

State Auditor James A. Rhodes, Lausche's Republican foe, conceded defeat and offered his congratulations soon after the governor's lead passed the 100,000 mark. Rhodes, former Columbus mayor, has two more years of a four-year term as state auditor to serve.

* * *

In 23 congressional races, Republicans increased their 16-member Ohio delegation to 17. Democrats, however, kept their strength at 6 by capturing the seat held by an independent.

## Officer Answers Call on Son's Fatal Mishap

FORT FRANCES, Ont. (AP)—Constable Larry Sutton was on duty yesterday when the call came in . . . an accident and someone injured.

Sutton rode in the town ambulance to the accident, to find that the victim was his 5-year-old son Bobby. The child, hit by an automobile as he ran between parked cars into the street, died an hour and a half later in the hospital.

## Auto Injuries Are Fatal

ROTHBURY (AP) — Robert Stryker, 24, suffered fatal injuries early Sunday when he was struck by an auto as he walked along US 31 near Rothbury in Oceana County. Police said Stryker was hit by a car driven by Ray McDonald, 36, of Walkerville, and thrown into the path of an auto driven by H. A. Burton Jr., 24, of Shelby.

# Women Smoking Cigars Leave Most Men in Cold

By MARGARET LATROBE

They say women can't make up their minds. You should hear how mixed up are the cigar companies on the question of whether to encourage the ladies to smoke stogies.

First, a representative of cigar manufacturers states in the press that women are not wanted as customers. But later comes the shattering news that small and delicate cigaritas designed especially for madame are soon to be introduced to the petticoat trade.

**Let's hope my Boston friends won't mind my ringing this up, but 'twas a New England girl from a fine old family who startled the Victorians by puffing on the stogie in public. Imagist poet Amy Lowell enjoyed cigar smoking and her brother's disapproval of this unfeminine habit equally well. Frankly, I wouldn't say it enhanced either her poetry or her femininity to any appreciable degree.**

In today's elegant circles I understand Elsa Maxwell takes great care to provide cigars for certain princesses who deign to dine at her table. And I guess a number of other ladies, with or without royal blood, like to clench their teeth around a corona corona.

Girls, you may follow the dictates of your own heart and husband on this moving question. But if you want my advice, lay off the cigars. They just aren't becoming to a girlie girl. The only females on whom a cigar would have looked good were Gertrude Stein and Communist Ana Pauker (and whatever happened to her?).

**It is a miserably well-known fact that women have invaded men's territory in nearly every field. In business, about the only strictly masculine job left is attendant in the gents' section of a Finnish bath.**

It is common talk that women control the wealth of this country, except for a paltry percentage left to the fellows as pocket money.

It's nothing new that politicians have a very healthy respect for the women's vote. We all know that the little woman looks like a little man as often as slacks and toreador pants will permit.

I think we've gone far enough. Ladies, please no cigars. If this final masculine bulwark is attacked, if the stogie becomes fashionable for girls, girls may get unfashionable with boys.

And then we'll have a pretty kettle of fish!

# Arrest Parents on Check Spree

## Detroit Pair Picked Up in Oklahoma City After Leaving 5 Tots in Car

OKLAHOMA CITY (AP) — A Detroit couple, who police said took their five small children with them on a cross-country bogus check-cashing spree, was held here today for investigation.

Victor and Delores Demauro were arrested yesterday when the father left the youngsters — ranging in age from 3 months to 5½ years — unattended in the family automobile in a downtown parking lot.

The cries of the children attracted police.

**Detective Harold Hooper said "Those five children were alone in the car, crying and squalling because they hadn't eaten. "I was almost sorry I caught the mother," he said.**

"They and the children were dressed well," Hooper said, "and the children had lots of toys in the car," he added.

Police said the five-month tour netted the couple approximately $6,000.

Demauro and his wife said they cashed checks in Detroit and 16 other cities across the country.

Hooper said the woman would cash the checks and turn the money over to her husband who remained in the car.

The youngsters were placed in homes pending disposition of the case.

North Wales is said to produce the world's best slate.

## ADC's Big Problem

Air Defense Command, one of the most important subdivisions of our Armed Forces, is beset by a serious and continuing problem.

Too many of its personnel, carefully trained at great expense, are returning to civilian life at the end of their four year enlistments. Latest figures on those whose service ends in the next two months show only 8.5 per cent definitely planning to re-enlist. About half are leaving the service and the rest are undecided.

★ ★ ★

This problem has national importance because in wartime ADC would be charged with the task of discovering and shooting down enemy planes headed for this continent. Obviously, personnel in such a service not only must have high intelligence, but long and specialized training.

Already the low rate of re-enlistments is a matter of official concern. The most often mentioned cause is poor housing though there are some complaints about low pay.

★ ★ ★

Some ADC units naturally have to be located in isolated spots. This prevents these airmen from having any family life. Others are placed in areas where accommodations are available but only at too high rentals.

**Opinion in some quarters is that if the housing problem alone were solved, many ADC veterans would re-enlist. The situation certainly suggests search for an early solution of the problem of costly turnover in this important service.**

## Baseball Invades Italy

An interesting international development is the manner in which Italians have taken to our national game of baseball.

Italy's first closeup glimpse of the game came during World War II when GIs played it on rubble-cleared fields in the Anzio and Salerno areas. Italians' interest in baseball began when they first served as bat boys for the Americans. Before long they were playing the game themselves.

**Interest continued to grow until last summer there were 80 teams in Italy. Rome has two teams and regularly organized teams represent cities like Milan, Trieste, Bologna, Florence, Anzio and Genoa. Games draw as many as 5,000 spectators at 50 cents each.**

★ ★ ★

Our Government officials in Italy have been quick to appreciate the value of this interest in baseball. Believing that it will strengthen U. S.-Italian friendship they wisely are doing all they can to encourage the movement. To that end they have asked our Big League teams to donate their castoff equipment, the original cost of which is beyond the reach of the average Italian.

★ ★ ★

Such U. S. stars of Italian extraction as Phil Rizzuto, Yogi Berra, Joe DiMaggio and Vic Raschi lent a hand. They collaborated in making a film to show Italians the fine points of batting, fielding, base running and sliding.

While Italian baseball leaves much to be desired as far as skill goes, at least the game provides another common bond of interest between our two countries.

## U. S. Still Growing Fast

Latest word from the Census Bureau shows that this country's postwar population boom goes on unchecked.

In fact since 1950, according to the bureau, there are 9,400,000 more Americans, bringing the total to 162,400,000. That's like adding every year a new city with as many people in it as the metropolitan area of Detroit. The increase in four years is equivalent to half the present population of Canada.

★ ★ ★

**Another sign of the times is the bureau's announcement that once again the national baby crop this year will break all records, going above the 4,000,000 mark for the first time. At the same time death rates continue to decline.**

Most important feature of the report for Michigan is the news that this industrial State stands eighth, percentage-wise, on the list of those sharing in the national growth. Since 1950 our population has increased 649,000 or 10.2 per cent, to 7,010,000. The national increase was 6.3 per cent.

★ ★ ★

Mere growth alone is not important. What is important, as *U. S. News & World Report* points out, is that all these people need to be fed and clothed and housed.

That not only means more jobs and more business for everybody, but it helps explain why business activity continues at a high level in a peacetime period.

### Queer Animal at Large in Northeast Part of County

**Today: The day when it's all over except the shouting and sobbing.**

The fear that some unusual wild animal is on the loose in the northeastern part of Oakland County has been revived. A couple of years ago several people in that area saw what was supposed to be a black panther. People now are calling up from Leonard, Oxford and Lake Orion, stating that they have seen a strange black animal about the size of an average dog, which growled at them and then ran away. As their descriptions generally agree, it is feared that a mad dog may be at large, although one woman is quite sure that it is either a lynx or bob cat.

## Could We Follow Los Angeles' Plan and Eliminate Black Smoke in Our City?

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.)

I have recently noticed an article in the paper regarding the efforts being made by the city of Los Angeles, California to determine the cause of smog.

**They have set up 10 oxidant recorders throughout the city at a cost of $78,000 to determine the exact amount of oxidizing properties in the air. These hourly reports are then relayed to survey officials.**

I am just wondering if we could do something similar to eliminate the black smoke in our city of Pontiac.

### Who Is to Blame for Fiendish Acts?

Pity the poor dumb, defenseless animals! Take for instance the latest two fiendish acts perpetrated on two small dogs.

The inhuman creatures who did these horrible things could not come from homes where love and respect between parents and children is the rule.

**Which to blame, the parents or the children? If the blame rests on the parents then how does it happen that we have parents so devoid of everything that makes a good parent?**

Did they also come from unsuitable homes? To trace the blame seems an endless task. But we must start somewhere if we are to find a solution.

**When the parents fail then the responsibility shifts to schools, child institutions and the churches. Yet with the widespread delinquency the indication is that they too have failed their part. Where to now? Someone wiser than myself must give the answer.**

Children should be told that animals feel pain just as we humans do and that inflicting pain on them is never, never justifiable because they belong to the irrational portion of God's Creation and can have done nothing to deserve it. Somewhere I have read that what God is to us, we are or should be to the animals.

### 'School Sessions 9 to 4 Best for All Children'

This is in regard to the 12 girls from Birmingham who were shoplifters. I am a mother of five girls, all through high school but one and she is 17. When my girls were the age of those girls, I knew where they were day and night.

**If my daughters had brought home clothes and jewelry most assuredly I would have found out where they got them. I am old fashioned and I believe and always will believe all schools should be from 9 to 4 for every child.**

It would be the best thing for children. It would keep their minds occupied and the young 10, 12 and 14 year olds would not have to be envious of the clothes and jewelry their older sisters or friends earn money for. There would be less of one girl trying to outdress the other and they would put more time on their lessons.

School is not a style show. I am the same mother who approved of the curfew.

### Case Records of a Psychologist

## Outside Forces Often Prevent Normal Emotional Growth in Teenage Children

*Tom is regarded much as a social leper. But this is an unscientific view. We need to banish our fears of such things and act like mature adults when we face these cases. "Normalcy" is only that which 51 per cent or more indulge in. Tom's case fits possibly 10 per cent of our population. Moreover, it can be cured.*

By DR. GEORGE W. CRANE

Case M-357: Tom W., aged 29, is a brilliant young fellow who has been an officer in our military forces.

"But Tom has been discharged for homosexuality," his former school teacher informed me sadly. "It has just about broken his parents' hearts, too. And Tom is demoralized."

**"Dr. Crane, what can you do for such a patient? Are homosexuals born that way? Can they ever be cured? And, if so, how?"**

Homosexuality has been regarded in much the same diffident manner as leprosy.

So it is high time the general public got the plain, scientific facts about such cases.

First of all, almost everybody is a homosexual at the age of about 10 years. By that, I mean everybody prefers his own sex and depreciates the opposite sex.

**Thus, a boy in middle grammar school may resent girls and use the term "sissy" to ridicule his male playmates when he wishes to insult them.**

And little girls also prefer their own sex. They regard boys as rowdies, uncouth and only to be tolerated.

This homosexual stage in our emotional development is usually superseded in a few years by what

we psychologists call the heterosexual stage.

In the latter, we reverse our previous attitude and now strive to win favor with the opposite sex.

Girls thus doll up and use rouge, lipstick and nail polish to become more appealing to boys, for they now yearn for male adoration.

And boys wash behind their ears, slap oil on their hair to make it stay in place, and generally try to attract the attention of teenage girl classmates.

**But possibly 5 per cent to 10 per cent of children fail to make this natural transition from the homosexual level of their emotional growth, to this heterosexual plane.**

Those 10 per cent include many brilliant musicians, teachers and other professional types, as well as the average citizen.

The adult homosexual like Tom in today's case, is simply retarded in his emotional growth.

Although Tom is 29 years of age and a brilliant college graduate, he still is "fixated" at a juvenile level of emotional behavior.

Homosexuals are not born that way. And they can grow out of this stage by simply going through the proper motions that will lead to heterosexual feelings.

**It is also helpful to go back into the past of such a patient and point out the forces which helped prevent his proper emotional development. But that isn't actually essential.**

If children are restricted to their own sex while in the teens, as at boarding schools, they may develop this homosexual attachment for one of their own sex.

Homosexuality is common in prisons, too, or wherever the two sexes are kept separated, especially during those adolescent years when they should be growing enamoured of the opposite sex.

Tomorrow I shall explain this matter more fully. Save these cases for use in high school or college courses in psychology and hygiene.

### James Marlow Says:

## Senate Set to Plunge Into 2 Bitterest Fights of Year

WASHINGTON (AP) — Get ready for some real talking that may last till Christmas.

The scorching campaign oratory, which ended with yesterday's elections, may sound like giggles in a girls' finishing school when compared with what lies ahead.

**The Senate now plunges into two of the bitterest, and perhaps the noisiest, wrangles of 1954.**

**Starting tomorrow the Senate-House Atomic Energy Committee begins hearings on the Dixon-Yates proposal to feed private power into the lines of the Tennessee Valley Authority (TVA).**

And on Monday the full Senate opens debate on the motion to censure Sen. McCarthy (R-Wis). Sen. Kerr (D-Okla) predicts the Senate may spend the rest of the year arguing that one.

**It's an argument which may be interrupted for a full-blown debate on the power question, according to Sen. Langer (R-ND), chairman of a sub-committee which already has held some hearings on Dixon-Yates.**

**In fact, Langer says the McCarthy censure problem may shrink into insignificance when the Dixon-Yates dispute gets going.**

At this point most forecasts indicate McCarthy is going to be censured. No matter what the outcome, the debate will serve to pull McCarthy out of the comparative oblivion in which he retired, or was retired, during most of the election campaign.

It was pretty apparent this was one campaign which Republican Party strategists wanted McCarthy to sit out. He had planned some speeches but canceled them.

He could make good use of his time preparing for the debate ahead. It looks like a lulu.

**These past few weeks of McCarthy silence were the strangest in his life since that night in February 1950 when he first got a grip on the headlines with his charges of Communists in the State Department.**

Nothing that happened afterwards — until this fall — kept him out of the headlines. He practically monopolized them last spring at the public hearings on his fight with Army officials.

Before those hearings ended, Sen. Flanders (R-Vt) demanded punishment for McCarthy. For a while that was just Flanders talking. Eventually, others joined forces with him. The Senate created a special committee to consider censure charges.

**McCarthy made the headlines again, although now he seemed subdued, during the censure hearings. But when those hearings ended and the special committee recommended censure, McCarthy retired into the background.**

Since his political life may be at stake, McCarthy can be expected to give the censure debate all he has.

Under the Dixon-Yates contract ordered by Eisenhower, the Atomic Energy Commission (AEC) would buy power from that private utility group for delivery to the TVA at Memphis.

**This power, to be supplied by a 107-million-dollar plant built at West Memphis, Ark., would be used by TVA to replace a like amount of power TVA supplies to atomic plants.**

Critics have contended the private power would cost the government more than the same electricity if supplied by TVA. They argue it may be an entering wedge to destroy TVA. The Eisenhower administration says the proposal is a reasonable and practical way of supplying power to the area.

## Tonsil Operations Decreasing in U. S., but Number Still Too High for Brady

By WILLIAM BRADY, M. D.

From correspondence with readers it appears that some people choose to think the horse and buggy doc who runs this racket brands tonsil operations as unnecessary and unwarranted.

The wiseacres are away out ahead of me.

**I believe and teach that tonsillectomy is unnecessary and unwarranted, except perhaps in rare instances of malignancy. This attempt to "get every bit of tonsil tissue" is based on ignorance of pathology, particularly on the erroneous assumption that small round-cell, adenoid, lymphoid tissue, of which the tonsils and adenoids are composed, is in itself harmful in the body.**

If any physician or surgeon of standing wishes to refute this or any other assertion of mine, I promise to print his or her statement, within space limitations imposed upon me here, and to reveal or withhold the writer's identity, as he or she prefers.

In many pieces dealing with the tonsil question I have pleaded for simple old-fashioned tonsillotomy, which is a minor operation, to be sure, but far safer than, and at least as effective as the major operation (tonsillectomy) for children with enlarged (hypertrophic) tonsils.

**Authoritative medical textbooks of the present era scarcely mention such a quaint operation as tonsillotomy. In fact, I had to go back to 1906 to find it recommended as treatment of enlarged tonsil, in the 3rd edition of Kyle's "Diseases of the Nose and Throat" (W. B. Saunders Co.)**

Kyle's textbook mentioned tonsillectomy (with the tonsillotome), but only incidentally. The tonsillotome, by the way, is the instrument which was used to clip or slice off the obstructing portion of tonsil, before the medical profession went berserk on the removal of teeth and tonsils.

The principle, not just a theory, of focal infection was introduced to American medicine by Drs. Edward C. Rosenow and Frank Billings in 1910-1914. Despite the subsequent craze for removing tonsils and teeth on the bare assumption that they harbored or might one day harbor infection, the principle is firmly established in practice.

In an authoritative textbook published in 1922 — Holt and Holland's "Diseases of Infancy and Childhood" (Appleton) — appears this typical statement:

**"In any case of chronic sepsis (septicemia, blood-poisoning) of obscure origin the tonsils should be suspected and removed if any doubt exists."**

It didn't require much to raise such doubt in the mind of the doctor when the tonsillectomy craze was raging.

In England and in the United States there has been a decrease in the number of tonsil operations in the past fifteen or twenty years. In the United States there are still too many tonsillectomies, in my opinion. Here in Yankeeland, that is, where it is still possible for a good salesman to "perform" tonsillectomy wholesale and get the victims' picture in the paper besides.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

# Maker of Cureall Device Facing Federal Charges

GRAND RAPIDS (UP) — U. S. District Attorney Wendell A. Miles today filed an information against a Kalamazoo manufacturer who allegedly claims his vibrator will give "effective treatment" for 46 different diseases.

Miles said that Edwin M. Vogt, head of the Vogt Health Appliance Co., has violated the federal Food and Drug Act by labeling his device with "false and misleading" statements claiming it would provide "adequate and effective treatment" for diseases ranging from pneumonia to hay fever.

The three-count information charges that magnetic energy devices are of no value in the treatment of any diseased condition of the body. The district attorney said shipments of the device, known as the polorator, have been seized at Ft. Wayne, Ind., and Chicago.

He said the federal Food and Drug Administration has been investigating Vogt's firm since 1946 when the company first advertised its product in a Detroit newspaper.

Miles said instructions given to persons buying the device "contained statements which represented, suggested and created the impression that it would provide adequate and effective treatment" for the following diseases:

Nervous and physical tensions, sinus conditions, arthritis, neuritis, overweight, fibrous swelling or infiltration in the interior of the body, bony or cartilaginous growth in the joints; tired, droopy feeling; poor circulation, aching joints, bursitis, kidney conditions, gall bladder conditions, muscular and organic disturbances.

Pneumonia, conditions affecting the spleen, anemia, glaucoma, deafness, sore throat, enlarged tonsils, thyroid conditions, exophalmic goiter, glandular trouble, enlarged prostate, diabetes, eczema, heart conditions, liver conditions, varicose veins, bright's disease, dropsy, lumbago, apoplexy, rectal disorders, hemorrhoids, prolapsed rectum and inflammation of the bladder.

Vogt was ordered to appear in federal court here Friday for arraignment on the charges.

NAVAL HEAD — Adm. Earl Mountbatten was named chief of the British Navy. He will be Lord Commissioner of the Admiralty, First Sea Lord and Chief of Naval Staff succeeding Admiral of the Fleet Sir Roderick McGrigor.

# Ike Encourages Dispirited GOP

## Tells Workers to Take Setbacks in Stride as House Control Ebbs

By MERRIMAN SMITH
United Press White House Reporter

WASHINGTON (UP) — President Eisenhower went to bed early today apparently reconciled to the prospect his party might have lost the congressional elections.

Before calling it a day at 12:45 a.m. EST, the President told dispirited Republican campaign workers at the Mayflower Hotel here "there may be setbacks" but that this should not discourage their efforts to build a prosperous, peaceful America.

**At the time, the Democrats apparently had won control of the House, although the battle for the Senate was still very much in doubt.**

The White House announced in advance that Eisenhower would have his say about the final election results at a news conference at 10:30 a.m. EST. He was expected to amplify his earlier assertion that regardless of the balloting his program will win in the long run.

The President climaxed his own gruelling personal campaign for election of a Republican House and Senate with last-minute visits to Republican National Headquarters and the offices of the Citizens-for-Eisenhower movement.

**It was about 10 p.m. when he and Mamie dropped in on the Citizens workers, whose earlier gaiety had been sharply subdued as the teletypes ground out a steady diet of news they found less than encouraging.**

The President, conceding nothing, sensed their mood.

"Anyone realizes that there may be setbacks," he said, "but they have nothing to do with the worthwhileness or value of our cause."

The President explained he had heard the party workers were having a little party and he wanted to come by. He said that earlier in the day he had written James Murphy, head of the citizens movement, expressing his thanks for the group's support of GOP candidates.

## Lie Credits U. N. for World Peace

HOLLAND, Mich. (UP) — Trygve Lie, former secretary general of the United Nations, credited the world body last night with warding off a general world conflict during the period of the cold war.

Lie told an audience of 1,500 at the new Holland Civic Center that "the U.N. has been successful in coming between us and World War III."

He said the U.N. deserves credit for settling disputes in Greece, Iran, Indonesia, Palestine, Kashmir and Trieste.

**Lie said the world needs the United Nations "because we are living in an age of interdependence."**

He hailed the U.N. program of technical assistance to underdeveloped areas of the world and said 1,700 United Nations research technicians are now working to improve living standards in these areas.

"We must not stop this good work," Lie said.

Lie's speech was sponsored by Hope College.

# Non-Lawyer Loses Bid to Become Berrien Judge

ST. JOSEPH (UP) — Probate Judge Malcolm Hatfield failed in his bid to become Michigan's first non-lawyer circuit judge in more than 100 years, election returns showed today.

Hatfield, 54, who is one of southwestern Michigan's most controversial political figures, ran last in a four-way contest for two Berrien County circuit judgeships. Voters chose two of the three attorneys who ran for the $16,000-a-year job.

**Incomplete returns showed that Judge Thomas N. Robinson, 66, St. Joseph, and Philip A. Hadsell, 59, Niles, were elected to six-year terms over Karl F. Zick, 45, Benton Harbor, and Hatfield, who is not an attorney.**

Returns from 37 of the county's 68 precincts gave Robinson 10,392 votes, Hadsell 9,646, Zick 7,377 and Hatfield 5,793.

The "lawyer vs. layman" contest, one of the most torrid election contests in southwest Michigan history, was keenly watched by judges and attorneys throughout the state.

Robinson's victory came as no great surprise. He was appointed to the bench a year ago by Gov. G. Mennen Williams when the State Legislature created a second judgeship for the county, and nearly everyone believed he would be elected to a full term.

**The surprise was Hatfield's poor showing for the other judgeship, which has been vacant since the death of Judge Edward A. Westin a year ago.**

Hatfield, a former Niles High School teacher, will continue for at least two years to serve as probate judge at $10,000-a-year, however. He has been probate judge 22 years.

If elected, Hatfield might have been the first non-lawyer circuit judge in Michigan history. Officials of the State Supreme Court said they have no record of a non-lawyer having served as a circuit judge.

**Records on the matter, however, are incomplete. Supreme Court officials said many judges who served before 1900 did not attend law school but were licensed attorneys.**

One result of the judgeship contest here is expected to be introduction of a constitutional amendment proposal in the State Legislature next year to require all circuit judgeship candidates to be attorneys.

## Mitchell Said Ready to End Chairmanship

WASHINGTON (UP) —Democratic National Chairman Stephen A. Mitchell will formally announce his resignation within a few days, a Democratic spokesman said today.

The spokesman said Mitchell plans to step down before the end of the year — probably in December — and will set the exact date later this week.

At the same time, according to the Democratic official, Mitchell will arrange for a meeting of the Democratic National Committee to name his successor.

The spokesman pointed out that Mitchell, a strong supporter of Adlai E. Stevenson, said a year ago he would resign after the mid-term elections, regardless of the outcome.

GRAND RAPIDS (AP) — Officials of the Kent County chapter of the National Foundation for Infantile Paralysis said the chapter has been advanced a total of $52,500 this year for patient care. They said the latest sum for the national foundation, $22,500, was received Monday.

## Newago Official Dies

WHITE CLOUD (AP) — Albert D. Johnson, 83, Newaygo County treasurer from 1925 to 1936, died Sunday at the Newaygo County Convalescent Home. His post as treasurer was filled in 1936 by a son, Elmer, who still holds the position.

## Informal 'Customer' Sets Own Sale Price

GRAND HAVEN, Mich. (AP) — Storekeeper Charles K. Bugielski told police a thief shattered a plate glass window in his store and made off with three cap pistols. Three $1 bills were left behind, apparently in payment.

Bugielski wasn't happy with the transaction. He said the guns were valued at $2.98, $1.98 and $1.25. He said nothing about the glass.

# Copper Still Fascinating to Hunters Despite A-Age

WASHINGTON—Copper, one of man's first metals, still lures fortune-hunters despite the competition of new, more exciting materials of the atomic age.

Several Canadian prospectors are reported to have become wealthy overnight in the frenzied copper rush now under way in the lake country of northwest Ontario.

**Other prospectors tell of finding big nuggets of pure copper. From similar sources, they say, the Indians once fashioned spears, arrowheads, and tools found near Kiliala Lake, 40 miles southeast of booming Geraldton.**

Canada ranks fourth among the world's copper producers, notes the National Geographic Society. About half her annual output, nearly 234,000 metric tons in 1952, comes from the Sudbury basin, 200 miles northwest of Ontario's capital, Toronto.

From 1850 to 1880 Chile was the chief copper supplier. Now this south American nation is second. The United States leads. Northern Rhodesia is third. Ninety-seven per cent of U. S. production comes from Arazona, Utah, New Mexico, Montana, Nevada and Michigan, in that order.

**Uncle Sam is also the greatest consumer of the red metal found in a thousand and one everyday articles.**

Whether in peace or war, copper is vital. It resists corrosion. It conducts heat and electricity. With ease it is drawn into wire.

Enormous quantities go into telephone, telegraph, radio and television equipment. Electric power, light, and appliance industries find it indispensable. It is in high demand for building operations and for making automobiles, ships, locomotives and airplanes.

Man has used copper since the Stone Age gave way to the Bronze (copper) Age some 6,000 years ago.

**Relics of prehistoric Egyptian and Chinese civilizations, as well as of the Phoenician, Babylonian, and Assyrian, show that early peoples favored copper in art and industry.**

Around the 6th century A. D. it was discovered that solid copper could be pounded or stretched into wires by slow, tiring labor. Then, in the 14th century, German Craftsmen learned to draw copper through dies—a forerunner of efficient present-day processes.

It was not until the 1870s, however, that the commodity came into prominence to meet the needs of the newly invented telephone and the incandescent electric light. From then on, copper was one of industry's most sought after metals.

World War II and the Korean conflict brought a pinch in supplies, but today the metal is again plentiful.

## Spray-On Deicer Now Available for Planes

LONDON (AP) — A British firm has developed a surface heater de-icing system for planes which can be applied by spray-gun.

A coating of insulating material is sprayed on parts requiring protection. A thin layer of metal is sprayed on next. This is the heater element. It is covered with another spray of insulator.

Terminals and leads connect the plane's electrical system to the heater element.

# Roosevelt Wins California Race

## Son of F. D. R. Captures Congressional Victory Despite Party Fallout

LOS ANGELES (INS) — James Roosevelt (D), eldest son of the late President Franklin Delano Roosevelt, appeared to be the winner today of California's 26th Congressional District over his Republican opponent, Theodore R. Owings.

With more than a quarter of the heavily-populated district's precincts tallied in the final midnight check in Tuesday's election, Roosevelt, 46, was leading by 3,000 votes.

Owings, a family man who took a leave of absence as a Culver City clerk, waged an impressive campaign against Roosevelt but the man with the magic political name conducted a quiet door-to-door campaign in his district.

Roosevelt won the June primary nomination handily despite demands of the Democratic party that he withdraw because of the adultery charges aired against him by his estranged wife, the former Romelle Schneider.

### Approve New School

TRAVERSE CITY (UP) — By a vote of 462 to 121, residents of the newly organized Old Mission School District approved $300,000 bond issue to build a new school building, election returns showed today.

The Navajo Indian reservation is about four times larger in land area than Massachusetts.

**MULES' REPLACEMENT?** — Grand Canyon's awesome walls loom in background as pilot Fred H. Bowen hovers over the mile-deep gorge in his helicopter. He's the first man to fly a copter into the gorge and land.

# Detroit Council Seat Conceded to Lincoln

DETROIT (AP) — James H. Lincoln, 38, a lawyer, was elected to the Detroit Common Council yesterday in the city's non-partisan race.

Unofficial returns from 1,375 precincts out of 1,541 gave Lincoln 255,344 votes to 151,795 for his opponent, Richard T. Frankensteen, 47.

Frankensten conceded defeat at midnight and wished Lincoln a successful career as councilman.

Lincoln will fill the council vacancy for a term ending Jan. 6, 1958.

A political newcomer, Lincoln first entered city politics last year in an unsuccessful bid to unseat Mayor Albert Cobo.

Lincoln had the active support of the CIO United Auto Workers although Frankensteen was formerly a vice president of the union for 13 years before he became an industrial executive in 1945.

### Believe Burglars Intend to Set Up Housekeeping

ENID, Okla. (AP)—Police think burglars who entered two fashionable homes, a farm house and a school are about to set up housekeeping. They list as missing:

Sheets, bedspreads, pillow cases, towels, electric toaster, iron, canned goods, cooking utensils, cook books, soft drinks, silver ware, radio, electric fan, clock, two door stops and an electric hot plate.

# Sheppard Laid Squarish Egg at Coroner's Inquest

By BOB CONSIDINE

CLEVELAND (INS) — By all accounts, including those of his brothers, Dr. Sam Sheppard was a real persuasive man with the dolls. One of the few women jurors-to-be who solidly met his lustrous stare in court burst into tears.

But he laid a squarish kind of egg at the coroner's inquest 18 days after his wife Marilyn was found with her head stove in. Dr. Sam couldn't get in tune with the people he was talking to. He didn't come through . . . at least he didn't in the estimation of Cleveland Police Chief Frank Story who is, let's say, understandably a bit biased.

**The stenographic text of Sam's answers to the questions might seem to bear out Cheif Story's contention.**

One of these years Dr. Sam is going on the witness stand. Here are some of his replies when he had nearly three weeks to get set:

". . . The next thing I can remember in my haze recollection (early morning, July 4) was some thought that my wife had barely aroused me and indicated that she was going to bed, for me to come on up. Evidently I was not aroused very much, because I must have gone back to sleep.

"The next thing I knew, I heard her say my name loudly, screaming my name. It wasn't actually a scream, I really can't explain it . . . I rushed upstairs into the room, and several things happened almost simultaneously. I felt that I could see a white form of an individual. I was grappling with someone. I heard her moaning loudly some noises, and I felt that I was struck down from behind, but I can't say for sure. That was all."

**Dr. Sam then went on to explain that he regained consciousness at the side of his wife's bed. He was vaguely aware of a dull light shining out. Turned out to be his Bay Village special police badge. It was picking up light from a window or the light in the next room.**

"I picked that up and put it in my pocket. I recognized that I had been injured," he testified. "I was fearful for my wife. I looked at her and felt her. Although it was difficult to see clearly, I felt that she was gone. I am not sure."

He went from there into the room of his sleeping son and assured himself that Chip was all right. While there, he testified, he heard a noise downstairs.

"I ran down those stairs (the steps leading from his backyard to the little beach below). For a time," he went on, "I thought I could see a form of a, as I think of it now — I thought — I can't quite decide in mind what brings me to this feeling, of a big man, whether it is because he struck me down so easily or whether I can definitely visualize a large form, but it seems to me that it was a form that was relatively large, large head, good sized head.

**"But I grabbed and tacked this individual. I thought I had him from behind. The clothing from behind was dark. I felt as though I was twisted or choked or struck and that's all I remember at that time."**

Everything was black for a time, Dr. Sam cohtinued. Then —

". . . I came to some vague sensibility on the water's edge at the beach, my head facing toward the bank and my feet in the water. I started up the stairs and eventually I realized something was wrong, that I had been injured, that my wife was probably or had been injured.

"I went upstairs. The time element here is difficult to estimate. I went into the room and saw her. I felt her pulse on her neck. When I felt her I thought she was gone. Then I — I don't know. I can't explain my reaction. I thought I would wake up out of this horrible fantastic dream . . . I may have walked around upstairs. I may have gone into other rooms. I may have gone in — I don't know exactly what I did. I may have gone in and seen her again . . . I realize that this was at least momentarily real and I went downstairs searching my mind for what to do, where to turn."

**In time he called Spencer Houk, mayor of Bay Village, and cried, "for god's sake, Spence, get over here quick. I think they've killed Marilyn."**

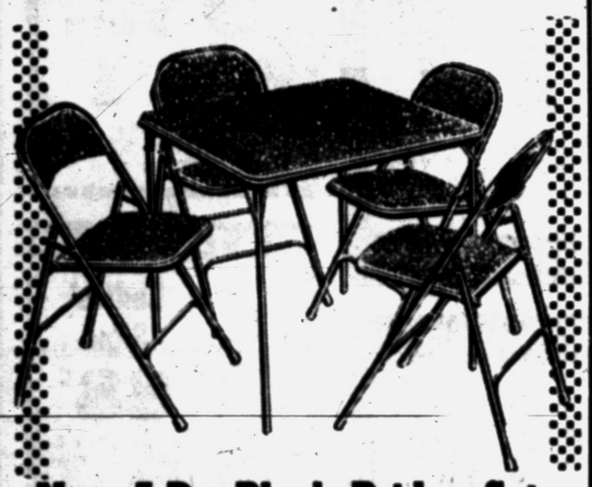

The grand jury, made familiar with this testimony, indicted Dr. Sam in one swift hour. All the witnesses now in the box have sworn that they do not regard an indictment as anything but a legal step to make the trial possible and orderly; that Dr. Sam is innocent until proved guilty.

But it would seem to behoove the good doctor to be a little faster on the draw than he was when the carp-eyed coroner asked him a few rudimentary questions last July 22.

Of all drivers involved in fatal traffic accidents, approximately 4 per cent are of the hit-run sneak variety.

## Nixons Flying to Miami for Indefinite Vacation

WASHINGTON (INS) — Vice President and Mrs. Richard M. Nixon will fly to Miami today for a vacation of undisclosed duration.

Nixon's office said that the vacation plans were made on short notice and that all the details have not yet been worked out.

The vice president has been one of the big guns in the effort to elect a Republican Congress and as such has made three extensive campaign trips into all parts of the nation.

He returned to Washington yesterday after making a final GOP appeal in a television appearance from Denver Monday night.

**WARNING** — Dr. John T. Rettaliata, president of the Illinois Institute of Technology in Chicago, says draft boards must liberalize deferment policies for engineers and scientists if the U. S. is to maintain world technical leadership. He said Russia has expanded engineering and scientific training rapidly and is seriously threatening American supremacy in those fields.

## Pennsylvanians Go Democratic

### George M. Leader, 36, Rises From Obscurity to Governor's Mansion

PHILADELPHIA (AP)—The Democratic party rode back to power in Pennsylvania today as 36-year-old George M. Leader won the governorship by nearly 250,800 votes to end 16 years of Republican rule.

The size of the Democrat triumph over Lloyd Wood, the Republican candidate and incumbent lieutenant governor, stunned political experts, who had predicted a nip-and-tuck election battle with the odds, if any, favoring the GOP.

Victory catapulted Leader, lanky York County chicken farmer, into the national political spotlight as chief executive of this politically crucial state. Six months ago when he was slated by the Democrats he was a virtually unknown first-term state senator.

* * *

Leader is Pennsylvania's youngest governor since 1882, when another Democrat, Robert E. Pattison, won election at 32.

Sweeping into office with Leader, with smaller majorities, were the entire Democratic statewide slate: Roy E. Furman, of Waynesburg, for lieutenant governor; Miss Genevieve Blatt of Pittsburgh for secretary of internal affairs, and three incumbent State Superior Court judges. Miss Blatt is the first woman ever elected to statewide office in Pennsylvania.

The Democratic victory also included defeat of three incumbent Republican congressmen, all carrying the personal endorsement of President Eisenhower.

* * *

However, Leader will face a hostile Senate as Republicans held at least 26 of the 50 seats. Republicans had a 32-18 advantage under Gov. John S. Fine last year.

Leader sewed up victory with big majorities in Philadelphia, Allegheny and Lackawanna counties —the state's three industrial centers—where his combined lead exceeded 215,000. In the remaining 64 counties, 28 of which he won, Leader's majority totaled about 25,000.

## Dems Get Five Governorships

### Snap Up 16 of 33 at Stake to Gain Slight Edge

WASHINGTON (UP) — Democrats captured at least five Republican governorships and held all their own statehouses Tuesday in an election sweep that crumbled such long-time GOP strongholds as New York and Pennsylvania.

New York fell to the Democrats for the first time since retiring Gov Thomas E. Dewey took the helm 12 years ago. And, in Pennsylvania, a 36-year-old state senator ousted the Republicans for the first time in 16 years.

In Connecticut, New Mexico, and Colorado, Democrats also took governorships away from Republicans, following the lead of traditionally Republican Maine which elected a Democratic chief executive Sept. 13.

**All in all, Democrats snapped up 16 of the 33 governorships at stake Tuesday and piled upleads for three others — Minnesota, Wyoming, and Arizona — which now have GOP chief executives. Republicans swept to victory in 13 states and led in one other where they already held control.**

The Democratic victories—some of the sharp upsets—gave the Democrats a majority of the nation's governorships. Before Tuesday, the lineup was: 29 Republicans, 19 Democrats, including the Democratic triumph in Maine.

The indicated new lineup: 28 Democrats, 20 Republicans. (including 14 holdovers).

The long Republican rule in New York ended when Averell Harriman, millionaire businessman and veteran aide to Democratic presidents, scored an eyelash victory over Dewey's handpicked candidate, Sen. Irving M. Ives (R).

**Ives conceded victory to Harriman Tuesday night but late returns so narrowed the margin—to about 13,000 votes—that Dewey ordered police to guard all ballot boxes until the votes can be recounted. This could lead to a GOP challenge.**

George M. Leader, a young state senator, carried Pennsylvania into the Democratic column in one of the biggest surprises of yesterday's election. The loser was Lt. Gov. Lloyd H. Wood who had hoped to succeed retiring Gov. John S. Fine, one of the leaders in President Eisenhower's 1952 presidential election campaign.

In Massachusetts, Republican Gov. Christian A. Herter won a second term in a see-saw battle with Democrat Robert F. Murphy. The lead passed back and fourth until early today when Herter spurted to victory.

**The Republicans won another close one in Wisconsin where Gov. Walter J. Kohler defeated his Democratic challenger, William Proxmire, by some 30,000 votes. Kohler had beaten Proxmire by about 400,000 votes two years ago.**

Two veteran Democratic governors — G. Mennen Williams of Michigan and Frank J. Lausche of Ohio — loomed as possible Democratic presidential timber in 1956 after winning unprecedented new terms. Williams won a fourth term; Lausche a fifth.

Former Democratic Congressman Abraham A. Ribicoff scored a comeback in Connecticut by defeating Gov. John D. Lodge's bid for a second term.

In Colorado, Democratic Sen. Edwin C. Johnson, who is retiring from Congress, was an easy winner over Donald G. Brotzman. The Democrats scored another gain in New Mexico with the victory of John F. Simms Jr.

Republican Gov. Goodwin J. Knight of California was elected for a full term in the office he inherited from Chief Justice Earl Warren. In Maryland, Gov. Theodore R. McKeldin became the first Republican to win a second term, defeating former Maryland University President Harry C. Byrd.

# Red China, Russia Seek to Lure Japan Into Trade

By CHARLES M. McCANN
United Press Staff Correspondent

**Japanese Premier Shigeru Yoshida's visit to the United States is likely to be both pleasant and profitable.**

Communist China and Soviet Russia are making a vigorous attempt to lure Japan away from its close ties to the United States.

**It is becoming evident that the United States has got to do something about it, and the something means additional aid to Japan in one form or another.**

The big lure that Red China and Red Russia have to offer Japan is the prospect of a huge market in China for its exports.

Japan's economy has been getting steadily worse for months. Japan desperately needs foreign trade, and the thought of the Chinese market must be appealing.

Washington dispatches said early in August that the administration was getting alarmed over Japan's plight and was giving priority to a study of means to better it.

**Direct American aid to Japan ended in 1951. But American military spending, which had totalled up to $800,000,000 a year, had helped to keep Japan going. This spending has been slashed drastically since the end of the Korean War, and soon may drop to $200,000,000 a year.**

The Japanese foreign trade balance is more than $1,000,000,000 a year on the adverse side.

On Oct. 11, at the end of their big conference in Peiping, Red China and Soviet Russia made a joint declaration concerning relations with Japan.

**The two Communist countries made the expected statements about the United States "trampling underfoot the interests of the Japanese people." Then they got down to business.**

Japan, the declaration said, would strengthen itself by taking the path of "establishing normal relations, broad economic cooperation and cultural ties with other states, in the first place with her neighbors."

"The governments of the Soviet Union and the Chinese People's Republic ... stand for the development of extensive trade relations with Japan on mutually profitable terms and the establishment of close cultural relations with her," the declaration continued.

**The Communists have followed this up actively in their propaganda. It may all be very transparent but Japan, which now restricts its trade with Red China as an ally of the United States, can not be deaf to such appeals.**

Yoshida was quoted in a shipboard interview on his way to the United States as favoring a middle-of-the-road policy toward Red China. He indicated that he was thinking primarily of a relaxation of trade restrictions.

Yoshida may be expected to ask President Eisenhower and Secretary of State John Foster Dulles in Washington what they suggest as the alternative to closer economic ties between Japan and Red China.

# Vertical Takeoff Plane Gets Test

## Experimental Fighter Makes First Attempt at Changing Direction

SAN DIEGO, Calif. (INS)—Convair's vertical-takeoff Navy fighter plane, XFY-1, zoomed straight into the sky from Brown Naval Auxiliary Air Station yesterday and then leveled off for horizontal flight for the first time.

The XFY-1 made its first transition from vertical takeoff to high-speed horizontal flight only a few seconds after it roared straight up from the San Diego air station with Convair Test Pilot J. F. (Skeets) Coleman at the controls.

**Coleman brought the delta-wing fighter to a horizontal position at an altitude of 175 feet, and the plane quickly picked up speed, circled and roared back over the field. The pilot then turned its nose up and backed it down to a gentle landing on its tail.**

The entire flight lasted only 21 minutes.

The radical new plane, designed to operate directly from the deck of an ordinary transport ship, has been making vertical takeoffs and landings at Brown Air Station since Sept. 1, but until today its designers had not attempted the transition to horizontal flight.

The plane takes off and lands on small wheels on the tips of its delta wing and upper and lower fins. It sits on the ground in a vertical position and the pilot reaches the cockpit by a 20-foot ladder.

The plane is powered by an Allison turbo-prop engine driving a six-bladed contra-rotating Curtiss-Wright turboelectric propeller with a diameter of 16 feet.

## Grand Haven Debtless

GRAND HAVEN (UP) — For the first time since the depression, the city of Grand Haven is out of debt. A final payment of $9,000 has been authorized by City Council on a $136,000 sewage disposal plant bond isue floated in 1934.

A common needle passes through the hands of 70 workmen before it becomes a finished product.

**URANIUM ON THEIR FARM**—Thomas Lopeman and his family have every reason to be happy—a geologist confirmed the claim that there's uranium on Lopeman's farm in Peoria, Ill. Things have been rough for the family (14 children, not all shown) but they hope there'll be better things ahead after the government inspects and approves the find.

## Public Hearing Slated to Air Convict's Pardon

LANSING (UP)—A public hearing will be held in Lansing Nov. 12 on pardons from three convictions for Clifford Louis Briggs, 38, West Covina, Calif., the State Parole Board announced today.

Briggs, now known as Clifton Leonard Bridges, served time for three crimes against property in Macomb County and Detroit. He is deportable to Canada if the pardon is not granted.

Trial officials have voiced no objection to favorable action, board members said.

# GOP Governor Survives Trend

## McKeldin Named Again as Democrats Sweep Election in Maryland

BALTIMORE (UP)—Gov. Theodore Roosevelt McKeldin smashed a precedent and survived a Democratic trend last night by becoming the first Republican governor ever re-elected in Maryland.

The 53-year-old Baltimorean defeated Democrat H. C. Byrd, former University of Maryland president, in an election which saw the Democrats:

* * *

1. Regain a 4-3 majority of the seven-man House of Representatives delegation, where the Republicans had won the same edge in the 1952 Eisenhower landslide.

2. Elect Democrat C. Ferdinand Sybert, former speaker of the House of Delegates, attorney general over the Republican incumbent, Edward D. E. Rollins.

3. Strengthen their control of the State Legislature.

With 1,095 of the state's 1,345 polling places reporting, McKeldin had 331,724 votes to 273,739 for Byrd.

# Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

**Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.**

**New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.**

**Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.**

**146 British and French doctors are so satisfied with this new help for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.**

**Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name InfraRUB®. The price of InfraRUB is only 98¢ for a large tube. InfraRUB is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get hours and hours of comforting relief or their money will be refunded in full.**

# California Stays in GOP Column

## Governor Knight and Senator Kuchel Both Victorious

SAN FRANCISCO, Nov. 3 (AP)— Victories by Sen. Thomas H. Kuchel and Gov. Goodwin J. Knight kept California in the Republican column today, but the GOP faced the probable loss of one of its 19 congressmen.

Of California's 30 House seats, Republicans and Democrats each retained four. Republicans were leading in 14 districts they hold now. Democrats stayed ahead in eight, seven of them presently Democratic.

Knight won an easy victory over Richard P. Graves, Democratic candidate for governor, with evident support from the state's 3-to-2 Democratic majority. Kuchel, who played up the pro-Eisenhower theme in his campaign, had a tougher time with Democratic Rep Samuel W. Yorty.

The latest vote for Senate and governor:

Senate — 12,070 of 22,811 precincts, Kuchel (R) 618,045, Yorty (D) 540,115.

Governor — Knight (R) 732,058, Graves (D) 558,531.

* * *

The 57-year-old Knight moved up from lieutenant governor in October 1953, when third-term Gov. Earl Warren went to the Supreme Court. Kuchel, then state controller, was appointed by Warren to Vice President Richard M. Nixon's Senate seat. His term ends in January, 1957. Knight won four years in the governorship.

All other Republican incumbents overcame stiff opposition in contests for statewide office, including Lt. Gov. Harold J. Powers. The state's only Democratic official, Atty. Gen. Edmund G. Brown captured both nominations in the primaries.

The voters, aroused by a liquor license scandal, agreed to transfer liquor control from the elected Board of Equalization to a new department responsible to the governor. Among others of the 20 propositions, pension promoter George H McLain's proposal to increase old age aid from $80 to $100 a month was defeated.

# *Executive Starts Moving to Top at About Age 41*

PITTSBURGH (UP)—The business executive destined for high places probably will begin to make his move to the top at the age of about 41.

This successful man is most likely to stand 5 feet, 10 inches in height and weigh about 180 pounds. In all probability he is the head of a family that includes "1½ children."

**This composite picture of the promising executive is furnished by C. L. Van Sickle, professor of accounting at the University of Pittsburgh, who since 1949 has been coordinator of an intensive eight-week course in management problems for executives.**

In the early sessions of the course, the average age was 39, according to Van Sickle. This year the average was 43, with the age range from the early 30s to the mid-50s.

**The statistical executive drawn by Van Sickle usually makes about $13,000 a year, but his salary may be as much as $25,000.**

He has been with his company about 20 years and in his present job about four years.

# Detroit Traffic Kills 5 Women

## Man Also Succumbs After Being Hit by Cab Monday Evening

DETROIT (AP)—Five Detroit women, three of them pedestrians, died yesterday as a result of traffic accidents on Detroit streets. A Detroit man also died of a previous injury.

Mrs. Bertha Williams, 55, was dead on arrival at Detroit Receiving Hospital after she was hit by a police scout car. Police said she was hit by a car driven by Patrolman James O'Brien, 29, when she stepped from a stopped car in front of the police vehicle.

Miss Irma Hoerman, 65, was killed when she was struck by a Detroit street railway bus.

**An unidentified woman, about 55, died last night at Receiving Hospital of a broken neck after she was struck by a car driven by Thomas Hewitt, 34, of Detroit. Police said Hewitt told them he did not see the woman until she was directly in front of his car.**

Mrs. Octavia Burton, 46, died 11 hours after she was injured in a collision at a busy Detroit intersection. She was riding in a car driven by her husband, the Rev. Alvin Burton, 49, pastor of the Second Grace Methodist Church in Detroit. Police said he pulled into traffic, where his car was struck by an oncoming car.

Irene Doshow, 35, who was injured when her car crashed into a streetcar safety zone last Thursday, died of injuries yesterday.

In another delayed traffic death, Emil Bloomquist, 65, of suburban River Rouge, died yesterday of fatal injuries suffered Monday night when he stepped into the side of a taxicab, police said.

## Employment Increases

GRAND RAPIDS (AP)—The Grand Rapids branch of the Michigan Employment Security Commission said Monday Kent County employment at mid-October totaled 106,300—up 900 over the mid-September figure. The commission estimated total county jobless at 6,300.

MANPOWER CHIEF—David S. Smith of Greenwich, Conn., is shown in Washington after being sworn in as assistant secretary of the Air Force for manpower.

## 'From the Grapes - - - '

GENOA (INS) — Donato Sodini piloted his motor ship out from Taranto, South Italy, with a cargo of 250 tons of black grapes and ran into rough seas. The vessel docked in Genoa three days later with a cargo of unfermented wine.

# *Voters' Opinions on Liquor Sales Vary Greatly*

By THE ASSOCIATED PRESS

Michigan voters split in Tuesday's election on proposals restricting the sale of liquor.

Ottawa County rejected prohibition 17,745 to 11,636.

Hillsdale County voters, with 19 of 25 precincts reporting, also were turning back restrictions on liquor sales, 6,168 to 3,494.

Voters in Buckley, in Wexford County, approved the sale of liquor by the glass, 54 to 47.

**Two Detroit suburbs, Highland Park and Oak Park, voted against the sale of liquor by the the glass. Highland Park voters, for the fifth time in 20 years, turned down the sales, this time by a 7,917 to 5,150 margin. Oak Park rejected the proposal 3,826 to 1,615.**

In other local issues, Ottowa County approved a proposal to replace the county coroner's office with a board of medical examiners.

Saginaw voters voted to discontinue fluoridation of its water supply. Advocates of fluoridation said they believed wording of the proposal caused defeat of the practice. The vote was 12,633 to 11,906.

NOTHING EVER HELPED MY ARTHRITIS UNTIL I TRIED O-JIB-WA

"To look at me now you would never believe that a year ago I was all crippled up with arthritis," says Mrs. George Green, 233 Pine St., Sault Ste. Marie.

Mrs. G. Green

"During the past 10 years, I tried about everything advertised for arthritis, but always ended up disappointed, as none of them came up to their claims. Last winter my shoulders and arms hurt so terribly bad that I just couldn't bear the thought of going through another long winter in such pain. My knees were swollen and painful too, and as I had tried so many medicines and treatments without help, I had about given up hope of ever getting better."

"I learned about O-JIB-WA BITTERS through my brother-in-law, who is in his 70's. He told me that after he took O-JIB-WA, every pain in his body left him, so I figured if it had done him so much good, that the least I could do was give it a fair chance ot help me. I am happy to tell you now that O-JIB-WA BITTERS showed me results in a couple of weeks. The pains diminished and the swelling began to go down. In a few months, I was completely better, and can do all of my housework again, and even bend over to pull weeds or pile wood when necessary."

"If you plan on trying O-JIB-WA BITTERS, don't waste your money by just taking it for a week and then quit, as I'm convinced that if a person gives it a fair trial, that O-JIB-WA BITTERS will help anybody. If you suffer from rheumatism or arthritis, try O-JIB-WA on my personal recommendation."

# Broadway Furor On--- Openings Everywhere

By EARL WILSON

NEW YORK—The Fall Furore—the Autumn Avalanche—is on with more openings than the cops can shake their nightsticks at. At the "Carmen Jones" movie premiere, I asked Linda Christian—there with socialite Albert Overton—if she'd give an autograph for somebody nice in Iowa.

Linda signed her name, then wrote the inscription: "To somebody nice in Iowa."

GENE TIERNEY

★ ★ ★

**Crooner Billy Daniel and his divorced wife Martha Braun put on one love scene—and Johnnie Ray and Jane Kean put on another one at Nat King Cole's big Copacabana opening. Never did see such pawin' (and mawin').**

★ ★ ★

It's now suggested that the phony war heroes, Stringfellow and DuPre, do a TV panel show called "What's My Lyin'?" . . . "What most girls fail to take into consideration after they marry," says Tony Pettito, the sage of Saugus, Mass., is . . . their husband."

★ ★ ★ ★

The charming Aly Khan not only confirmed our item here about his reuniting with Gene Tierney the other night but said, "Of course I expect to see her again . . . why not?" He's off to Lexington, Ky., fust, though, to sell a few hosses at the sales.

★ ★ ★ ★

**At the "Carmen Jones" premiere, a Rolls-Royce pulled up and everybody stared pop-eyed at such swank. Out stepped . . . Joyce Mathews and Billy Rose, each looking very cute. Monica Lewis arrived in black toreador pants with Bert Miller, who designed the britches. "Bill," whispered Monica, referring to her fiance, playwright Liam O'Brien, "is in California writing a movie," Hurry back, Bill!**

Chivalry isn't dead. In one of the clubs, where hoodlums loiter, a girl complained to the management that she was being annoyed by racket guys. The management threw the girl out of the place!

## THE MIDNIGHT EARL . . .

William O'Dwyer has no plans whatever to see Sloan Simpson here (in case you've been sitting up worrying about this) . . . Rudolf Bing, Met Opera head, made up with ex-opera head Edward Johnson, inviting him to m. c. the opening festivities on TV.

The House Un-American Activities Committee will question a dancing star in the spring . . . The cut version of "A Star Is Born" will only play out-of-town for now . . . Pretty Rita Dmitri's understudy to Lilo in "Can Can."

**Earl's Pearls . . .**

**A bigamist, according to Lester Lanin, is just a guy who thinks the plural of spouse is spice.**

WISH I'D SAID THAT: "A really small town," figures Sunny Gale, "is where 'Howdy Doody' is considered The Late Show."

TODAY'S BEST LAUGH: Florian Zabach explains why so many people stay home to watch TV: "They prefer wider seats to wider screens."

# Policewoman Fights Alleged Masher

DETROIT (AP) — A rookie Detroit policewoman threw a Detroit theater matinee audience into an uproar yesterday battling and chasing a man she said tried to accost her.

Policewoman Mary Jane Tomczak, who was graduated from the police academy only two months ago, was with her mother Helen, when the incident occurred.

She said John Tambasco of Detroit, sat down beside her and made improper advances. When she told him he was under arreast, he attempted to flee.

Tombasco was arrested when he ducked out a side entrance into the arms of police called by Miss Tomczak's mother.

# Bette Davis Tired Paying Alimony to Ex-Husband

NEW YORK (INS) — Actress Bette Davis declared yesterday she was "rather tired" of paying alimony to her third husband.

He has filed suit for $1,750 he claims the academy award winning actress owes him.

Bette, in a telephone interview with the New York Daily Mirror, told what she called "my sordid little tale."

Her former husband, William Grant Sherry, ex-boxer and painter, is now married to their child's former nurse, Marion Richards, and lives in Rockport, Me.

**He contended in a suit filed in Portland that Bette agreed to help with finances to the tune of $250 monthly for four years if he remarried. But, he said, she hasn't lived up to her part of the bargain since December.**

Bette had little good to say of her ex-husband. "Broke?" she asked. "He is no different now than he always was. It is simply that I am tired of paying. We made a written agreement — an out-of-court agreement — and now I simply want to find out whether or not it is legal."

Bette, who lives at Cape Elizabeth, Me., said her attorney has filed a demurrer on the ground it is against the state's policy to allow husbands alimony.

Sherry has described the couple's five years of marriage like this: "I had dinner ready when she came home. I took off her shoes and brought her slippers and a drink. I pressed her dresses when the maid wasn't there and drew her bath and gave her massages."

## Talk Nice to Voters, German Officials Told

STUTTGART (INS) — There'll be no back-talk to the public from the bureaucrats of Baden Wuerttemberg state in West Germany.

The Labor Ministry has told its officials that anyone who writes rude letters to the public will be forbidden to handle correspondence in the future.

Explosives were first manufactured in Europe about 70 years ago.

# Red Jamming Fails to Stop Vote News

LONDON (UP) — American-operated radio stations in Europe carried news of the United States election through Russian jamming to millions of listeners behind the Iron Curtain.

The Voice of America said in London that news of the voting was included in regular newscasts. The U. S. government-operated radio said a special broadcast was beamed to Eastern Europe and the Soviet Union beginning at 1 a.m. today and continuing until results are in.

The independent Radio Free Europe in Munich, Germany, broadcast special 10-minute election news hourly to listeners in Poland, Czechoslovakia and Hungary.

Rias, the American-operated station in Berlin, transmitted news in German to listeners in the Soviet Zone.

# Phenix City Elects Slate of 'Good Guys' for Office

PHENIX CITY, Ala. (INS) — In classic tradition of the western novel, the "good guys" won out in the crime town of Phenix City today.

A solid block of citizens—the new look in the once-bad temptation town—today hailed a solid flock of reform ticket candidates into office.

Without exception, every Russell County Betterment Association candidate swept into office by an overwhelming margin.

John Patterson, Democratic nominee for state attorney general, easily won his election with only spotty opposition from "write-in" balloters.

**Paterson's father, Albert L. Paterson, was killed last June 18, shortly after he won nomination to the state attorney generalship. He apparently was killed because Phenix City crooks didn't want him to carry out his threat to clean up the one-time gambling mecca.**

The younger Patterson, acclaimed by the State Democratic Executive Committee to take his father's place on the ballot, had pledged to carry out his father's projected reforms. He is expected to add a few of his own to the list.

In the Russell County state legislative race, J. W. Brassell was re-elected to a third term in the Alabama house. Brassell copped 2,210 votes of the 3,000 ballots cast.

**V. Cecil Curtis, who was tossed off the Democratic first team last summer when investigators discovered vote fraud in the Russell County primary election, polled 801 write-in votes.**

Shreiff Lamar Murphy, the law officer who was hand-picked by the National Guard to take over the county when the guardsmen stopped policing the place several weeks ago, polled 2,288 votes to ex-sheriff H. Ralph Matthews' 279.

One of the first actions taken by Guard Boss Gen. Walter (Crash) Hanna when troops took over at Phenix City last summer was to relieve Ralph of his hardware and badge.

**Final statewide tabulations in Tuesday's election were not available in Paterson't sweep to victory, but Russell County voters gave the crusading young attorney a 20 to 1 majority.**

The vote turn-out was the biggest in Phenix City's non-presidential election history.

No incidents were reported at the polls; though guardsmen stood outside the polling places and continued patrolling the town.

A pedigreed list of civilian poll watchers, approved under close scrutiny by military officials, supervised the election. Not one challenge nor false ballot was reported.

**The "good guys" are "in" in Phenix City, but the stench of the old town lingers on.**

The Russell County blue-ribbon grand jury yesterday returned 90 more indictments arising from the cleanup investigation, bringing the total number of cases ready for trial to 675.

Phenix City's population was 17,000. Almost one out of every 17 persons living in the town were indicted by the grand jury as a result of the vice probe touched off by Paterson's death—but an indictment has yet to be returned in the slaying of the man whose death led to de-lousing of the Alabama city.

## Transit Case Delayed

GRAND RAPIDS (AP) — Circuit Judge Fred N. Searl has delayed until after Dec. 8 the hearing on a petition to appoint a receiver to manage operations of the Grand Rapids Motor Coach Co. The petition is filed by City Coach Lines, Inc., of Detroit. Attorneys for both sides agreed to the adjournment order.

# Tennessee Vote Again Democrat

## Gov. Clement, Kefauver Returned to Office in Very Light Balloting

NASHVILLE, Tenn. (AP) — Sen. Estes Kefauver and Gov. Frank Clement, both Democrats, won easy re-election yesterday over weak opposition in one of the dullest elections in state history.

And Tennessee maintained its 7-2 ratio of Democrats and Republicans in Congress. Balloting was light in the heavily Democratic state due to inclement weather and general voter indifference.

With the counting almost complete, Kefauver held a better than 2-1 lead over his Republican opponent, Tom Wall Jr. of Nashville.

Clement, at 34 the nation's youngest governor, had only nominal opposition from perennial candidate John R. Neal of Knoxville, an independent.

## Judge Orders Woman to Repay $2,500 Taken

GRAND RAPIDS (AP) — A Traverse City woman who has admitted embezzling about $2,500 from her former employer, the late Floyd M. Patrick, has been ordered to pay a similar amount in damages to his estate.

Thelma Davison, 32, was sentenced the amount by Superior Judge Thaddeus B. Taylor. She had pleaded guilty to embezzling from her former insurance agent employer over a long period of time.

## Furniture Firms Merge

GRAND RAPIDS (AP) — Operations of the Charles R. Sligh Co. and Sligh-Lowry Furniture Co. of Holland were consolidated Monday. Charles R. Sligh Jr., president of both firms, said combining the two firms will result in simplified and streamlined operations. The companies operate plants at Holland and Zeeland in the manufacture of household and office furniture.

## Italy's Ex-King Remains Active

### Umberto's New Life Centers Around Villa in Portugal

CASCAIS, Portugal (UP) —After eight years of exile, ex-King Umberto of Italy leads a full, active life centered around his yellow-stucco "Villa Italia" on the cliffs outside this fishing town.

An ardent traveler, the 50-year-old former monarch is often abroad visiting kinsmen of the House of Savoy, of which is is the head, or attending international religious gatherings of the Roman Catholic Church.

**Ever when he's at home, Umberto admits he has "no idle moments." Besides being acknowledged social leader of the exiled royal colony here, Umberto is a student of history and world affairs, a writer, patron of the arts, and an enthusiast of gardening, swimming and tennis. Many former subjects who visit him say he takes keen interest in Italy's welfare.**

Besides his two younger daughters, Umberto's official household includes his chief of household, the Marquis Carlo Grazziani, and Capt. Mario Castellani. Umberto's eldest daughter is studying in Switzerland and England. Umberto's wife, the former Queen Maria Jose, lives in Switzerland with their son.

The tall slim Umberto's closest friend here is believed to be Don Juan, pretender to the Spanish throne, whose four children call the Italian royal exile "Uncle Umberto."

**When not working in the big gardens around his cliff-top Atlantic mansion, Umberto likes to exercise with long solitary walks in the green, castle-topped hills of nearby Sintra. He also swims in the cold sea beneath his house, whose grounds are drenched with salt spray on stormy days.**

One of his greatest interests is the mail he gets from former subjects of all political shades, many asking him to return. Umberto lost his throne when the 1946 plebiscite turned Italy into a republic.

## Cherokee Clan Names Unearthed by Lecturer

CHEROKEE, N. C.—According to Paul Catt, Indian lecturer at Oconoluftee, the replica of a Cherokee village of 200 years ago, the Cherokee nation was divided into seven clans at that time.

The names of three of those clans cannot now be translated, as the words have no counterpart in the English language.

The other four clans were named "Bird," "Wolf," "Deer" and "Paint"—"all things that were useful to the Cherokee," explains Catt.

## Breaks Arm in Sleep

IOWA CITY, Iowa (AP)—Gary Harding, 7, son of Mr. and Mrs. Paul W. Harding, broke his arm after he had been put to bed for the night. Gary, walked in his sleep, his mother said, and fell down a flight of stairs.

## Rewrite on Dreiser

VIENNA (INS)—Theodore Dreiser's "An American Tragedy," rewritten by Soviet playwright Bazilevskij into a "class-drama," is presently making its debut on Red stages behind the Iron Curtain. Refugees said the re-write is a "vulgar misinterpretation" of Dreiser's original play.

Corn is grown in every one of the American republics as well as in most of the countries of the world.

## Tomato Top Vegetable

NEW YORK (INS) — America's favorite vegetable is the tomato. Tomato consumption last year was enough to provide each man, woman and child in the United States with 53 pounds of the vegetable, according to an analysis of government statistics.

The U. S. Department of Agriculture is experimenting with disinfecting hatching eggs as a means to control the incidence of Newcastle disease among new-born

## India, U.S. Break Even

NEW DELHI (AP) — There are about as many Indian nationals in the United States as there are Americans in India. Government spokesmen say 5,232 persons of Indian origin reside in the United States and that 5,211 American citizens are in India.

The United States, Canada, Australia and Argentina normally produce about 90 per cent of the world's total supply of exportable grains.

## Treed Horse Rescued

MEVAGISSEY, England (AP) — It took 15 men to get a local pony out of a tree here yesterday.

The pony slipped and fell into the top branches while grazing on the edge of a small cliff. The animal was not hurt.

PIN-WORMS MAY BE A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms . . . ugly parasites that medical experts say infest one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W Vermifuge . . . the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

## Turkeys for City Help Illegal, Auditor Warns

CHEROKEE, Iowa (AP) — A state auditor's report on city finances agrees it was a nice gesture for the City Council to pass out 22 turkeys to city employes at a cost to the city of $169. But, the report adds, it was an illegal act.

The report says however, that apart from the gift turkeys and a few other minor matters, the city's finances are in "very good order".

## Hal Boyle Says

# Big Business Wants Man With Ideal Corporate Wife

NEW YORK (AP) — An ambitious girl today doesn't merely marry a man. She marries the corporation he works for, too.

It has become a kind of 20th Century bigamy.

For it is an open secret that many large corporations now don't make a man an executive solely on the basis of his work in the office.

No, indeedy. That is only half of it. The corporation spot checks his wife also, to be sure that she measures up to its requirements.

Thus arises a strange new industrial concept—"the ideal corporate wife."

* * *

The idea of being coldly studied by the bifocal gaze of a huge corporation is rather frightening to the average wife.

"I think I know how to please my husband," she says, "but how does a girl go about keeping a corporation happy?"

* * *

Suppose her husband sells Buicks. She is unnerved by the thought that in some mysterious way she may commit a blunder, a blunder that will not only cause her husband to lose out on a promotion to district sales manager but also cause General Motors itself to drop 30 points on the stock market. It's an awful big responsibility to put on the shoulders of one frail but well-meaning woman.

Fortunately, she has some tips to guide her. But they tend only to give her a feeling of inferiority. For surveys of the "ideal corporate wife" shows that washing behind her ears, keeping her husband well-fed and contented, and raising her kids are hardly enough.

* * *

She should dress well but not too well, be "the college type," develop social charm, put her husband's job first at all times, keep abreast of his business but keep her nose out of it, be active in the community, stay within her household budget, never be jealous of her husband's secretary or associates, and so forth and so on.

Put more simply, she should merge the qualities of Florence Nightingale, Mary Margaret McBride, Mother Machree, Catherine the Great of Russia, and a female Dale Carnegie.

* * *

Otherwise, if she asks her husband in 1974 why he hasn't had a raise in pay for 20 years, she is likely to be crushed by the reply:

Remember that time we went to the boss's house in 1954, and you ruined my career. The boss decided right then you'd never be the ideal corporate wife, and there was no point in promoting me because you'd only make the corporation look untidy."

This ideal-corporate-wife nonsense could break up a lot of happy homes. It may result in articles in the women's confession magazines entitled, "My Busted Telephone and Telegraph Co. "Why One Wife Failed with Anaconda Copper," and "The True Story of How I Let Down Standard Oil."

* * *

Some indignant ladies, however, say the mere thought of having their wifely qualifications judged by a corporation brings out the spirit of Lady Macbeth in them.

A few sample reactions:

"Would it help if I did the dance of the seven veils at the next stockholders' meeting?"

"Suppose I learn to sparkle for General Electric, and then my husband switches his job and goes to work for U.S. Steel. What do I do to help him — put on more tonnage, or just try to look more durable?"

"Personally, if I have to please all my husband's bosses as well as him, too, well — they'd better start looking for a lady robot. I'll take in washing."

* * *

One woman, I thought, had a very sensible solution to the problem of the ideal corporate wife.

"If wives are that important to a corporation," she said, "why don't they put us on the payroll, too? Then they'd get some real action."

Sounds like a good sound business idea. Any husband would work harder — he'd have to — if his corporation promoted his wife on a family performance basis.

A PHILLIPS EXCLUSIVE!

Flite-Fuel

FOR YOUR CAR—the only gasoline to which is added the super aviation fuel component Di-isopropyl.

Phillips Petroleum Company was the first to make Di-isopropyl and HF Alkylate. These two fuel components are so valuable to smooth motor performance that until recently they were restricted by government order for use *exclusively* in high performance aircraft gasoline. But now authorities have removed restrictions and these powerful components can be used in fuel for your car.

FLITE-FUEL brings you more power, higher anti-knock, longer mileage, plus the important advantages of Phillips *66 controlled volatility*. You also benefit from the *clean burning* qualities for which Phillips *66* Gasoline is famous. Get FLITE-FUEL at stations where you see the orange and black Phillips *66* Shield.

REVOLUTIONARY NEW OIL CAN REDUCE ENGINE WEAR 40%

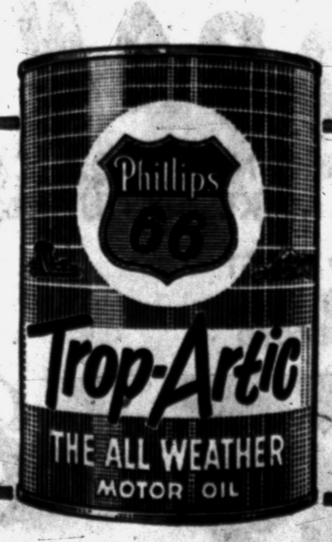

The toughest standard ever set up for automobile motor oil is the Mil-0-2104 Supplement 1 test. And the *first* all-weather motor oil to meet the severe requirements of this test is new Phillips *66* TROP-ARTIC.

Compared to ordinary motor oils, new TROP-ARTIC can *double* engine life. It can cut oil consumption 15% to 45%. It keeps pistons cleaner. It extends gasoline mileage by reducing friction.

Get new TROP-ARTIC Motor Oil for year around engine protection. It's the perfect companion to Phillips *66* FLITE-FUEL.

# Great Progress Reported Against Sleeping Sickness

LUANDA, Angola (UP)—Victory over human sleeping sickness, the most dreaded form of the longtime scourge of equatorial Africa, appears within grasp in Portuguese West Africa.

Although stressing that victory is not total, Dr. Pinto da Fonseca said the 20-odd medical flying squads of his government-run camapign had reduced new cases of sleeping sickness from more than 4,318 in 1949 to 574 this year.

**Carried mainly by the tsetse fly, trypanosomiasis (sleeping sickness) weakens men and prevents women from child-bearing. At its worst it is a killer, depopulating whole villages.**

Although not such a problem here, animal sleeping sickness, a more difficult type to control, is still ravaging eastern and central Africa, cheating native and white farmers out of millions of acres of fertile land.

In Kenyo, Rhodesia and Uganda, DDT spraying, the cutting down of bushland where the tsetse fly lives, and the breeding of cattle immune to the disease are resulting in some progress. The battle against the animal form of the multi-guised disease, however, will be long, experts said.

**Because of difficulties in clearing and spraying dense forests, mobile Portuguese medical units were formed in 1949 to administer wholesale injections of the preventative anti-trypanosomiasis drug pentamidine to natives in endemic areas.**

In people, sleeping sickness appears in its later stages as a fever, with a tendency to sleep. If caught early enough, it is relatively easily cured.

The biggest results in the 25-year battle against human sleeping sickness in Portuguese West Africa appeared between 1949 and 1951, when new cases were reduced from 4,318 to 989. In that period, 729,925 natives were examined, reducing the index of "circulating virus" in endemic regions from 4.77 to 0.24 per cent, official records showed.

**Although human sleeping sickness appears definitely on the wane, the forms affecting cattle are still a great problem. Drugs are still not the final answer, nor is breeding of disease-resistant types, experts said.**

The thing that will win the battle Africa-wide will be complete domination of the tsetse fly itself which lives in wooded areas along watercourses.

AQUA CALIENTE (Sonoma County), Calif. (AP) — The post office here was closed in 1952, but an old iron amil xobwasetfl but an old iron mail box was left outside. A passing post office official recently found the box stuffed with musty mail which he forwarded.

## Thief Pays for Shoes, Both Lefts, Stolen in 30s

LUDLOW, Vt. (UP)—A man who stole two left-shoes a long time ago reprented by sending a letter with $20 to the chief of police in Ludlow.

"Please use this money for worthy charity so I may be at peace with the world," said the letter which was signed "A. J. E." and postmarked Ludlow.

The writer explained that while a member of the CCC, 20 years ago he snitched two shoes from a display outside a store in Ludlow. Upon reaching a secluded spot, he said, the thief learned that both shoes were for the left foot. He wrote that he dumped them in a trash can.

## No Telling, Madam

WEST HARTFORD, Conn. (UP) — An excited mother telephoned School Supt. Edmund H. Thorne and inquired: "Could you please tell me if the school bus has passed my house yet." The town transports thousands of school children daily on 48 school bus lines.

## Kids Put Finishing Touch on Newly Built Walls

ARLINGTON, Va. (AP) — The height of the murals and the prints of bare feet were the clues to the persons who did several thousand dollars worth of damage to the almost complete addition to a new building. An 8-year-old girl and a 6-year-old boy admitted they painted the murals because they "liked to paint."

# Boys Town Is Exclusive

## Only Underprivileged Youths Have Chance to Be Admitted

BOYS TOWN, Neb. (INS) — Boys Town, spread over 1,200 acres of a sunbathed hill west of Omaha, is the most exclusive boy's club in America.

Last year, 3,100 boys applied for admission and all but 300 were rejected. You can't buy your son's admission, even if you are a millionaire with connections in Washington.

However, if the boy is neglected, homeless or underprivileged—but otherwise healthy and intelligent—he has a chance.

Monsignor Nicholas H. Wegner, director of the self-governing community of 900 little men, explains:

"We're interested in the type of kid no one else will give a chance."

**The program still centers around the philosophy of the founder, the late Mondignor Edward J. Flanagan, who believed "there is no such thing as a bad boy." There are no fences to keep the boys in and no racial or religious barriers to keep them out.**

Across the desk of Father Wegner comes a daily avalanche of mail. Some letters plead for help for a boy. Others thank Boys Town for the chance given a boy to make good after all other doors were closed to him.

**A typical letter reads:**

**"We are a middle-class family of some means . . . but our boy is in trouble . . . Please save him from reform school."**

**It goes into a stack to be answered politely that Boys Town is operated for the benefit of underprivileged boys and is not a boarding school for well-heeled delinquents.**

**Another letter tells of a boy, deserted by his parents, who is now living in his 15th foster home. This letter will be given immediate consideration.**

The alumni roster includes professional football player Tom Carodine, of the Cleveland Browns; heavyweight boxer Jake Williams; Pittsburgh businessman Carl Meckley; Dr. William Cole, a Mallard, Neb., physician; Dr. Frank Carlotto, the resident dentist at Boys Town; FBI men Sam Breci and John Gutowski; Donald RoyBal, who has returned to Boys Town as a counsellor after working three years with German lads at the Boys Town Buchhof at Starnberg; Omaha basinessman Tony Oddo; operator Tony Savorelli; Tony Villone, a research worker for M-G-M in Hollywood; and a half-dozen clergymen.

More than 200 Boys Town graduates served in the Korean War. Lavern Busch, the "one-man army who operated a machine gun and carried a Browning automatic rifle as a "sidearm," was awarded the French Croix De Guerre. Arnold Lederer earned the silver star. Four made the supreme sacrifice.

**Why is Boys Town able to take a neglected boy from a broken home and turn him into a responsible citizen when other agencies fail?**

Perhaps the answer is in its intensive program of religion and responsibility which is geared to produce high school graduates able to stand on their own feet. They enter the community as boys, but they leave as men.

## Weather Takes Beating

HASTINGS, Neb. (AP) — At a party, one man was complaining about the weather. He went on the defensive when the others began pointing out what the rain meant to the farmers.

"Well," he asked, "what besides the weather does a henpecked husband have to criticize?"

# Granny Knows Her Morse Key

## Queen of the Telegraph Still Punching Out Dots and Dashes at 88

SYDNEY, Nova Scotia (AP)—Operating a telegraph key is as natural as washing dinner dishes in the household routine of 88-year-old Mrs. Margaret Ross.

For the last 58 years, Mrs. Ross has been holding down the job as dominion government telegraph operator at nearby Northeast Margaree and hasn't the slightest intention of quitting.

**The "queen of the key" has stood by her Morse set since before the turn of the century and plans to continue her job "until I get too old to handle it." That, she says, will not be for some time.**

Back in the days before radio, and when newspaper deliveries were slow, the telegraph station was the district center for gossip and general information.

Mrs. Ross' biggest thrill was receiving word of the World War I armistice, relayed from Sydney to Baddeck and on to her station.

There's not too much telegraphic business during the winter months, but the wires are busy when the salmon fishermen hit the area and message folks back home about the big one they caught or the bigger one that got away.

**Many an angler has boasted of his luck or poured out his woes to the attentive ear of Grandma Ross.**

Grandma Ross is the veteran of a telegraph family. A son, Charlie, lives next to her and is the Margaree linesman. A daughter, Edna, once was an operator with Western Union at North Sydney and during the last war went back to the Morse key for emergency duty.

Mrs. Ross also watches over six Mutual Company and government telephone lines which are connected with the government telegraph service at her home.

**She does her own cooking and housekeeping and in her spare time makes patchwork quilts and hooked rugs—more than 200 so far.**

Needless to say, her formula for a long life is "lots of hard work."

# *Patti Page's Voice May Send You, but Her Feet Are on Solid Ground*

By EDDIE CANTOR

The first time Ida and I met the great recording star, Patti Page, was during that period when she had her own radio show in Chicago. Patti told us she grew up in Tulsa, Oklahoma—came from a large family.

I asked, "What do you call large?" "I am one of twelve girls." Ida turned to me with one word, "Quitter!" Then she said to Patti, "How on earth did your mother ever manage twelve girls? Just to get you bathed must have taken all day."

**"Oh, no," Patti answered. "My folks had a wonderful system. Mom washed and Pop wiped."**

Long before her "Tennessee Waltz," which sold two million copies, and the fantastic "How Much Is That Doggie in the Window?", Patti was a huge success.

From the time she worked on the famous Don McNeill's Breakfast Club program, people were talking about that wholesome, charming Page-age. Her voice may send you to the clouds, but her feet are very much on the ground.

**She makes no bones about not drinking, not going to nightclubs, getting eight hours sleep each night, and having a better than average appetite.**

"I want to stay healthy," she declares. "I know, by Hollywood standards, I'm overweight," but what's the good of having a trim torso if you haven't the strength to push it around?"

## New Station Licensed

GRAND RAPIDS (AP) — Joseph C. Hooker and Charles A. Sprague said they have received a federal license to operate a new 599-watt radio station, WMAX, in Grand Rapids. They said their station, the city's sixth, will be on the air by mid-November.

How Gulf's new super-refined gasoline delivers

# thousands of extra miles of full engine power

**Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 troublemaker in high-compression engines. Result: more power-with-protection than you've ever known!**

**Here's proof:** This spark plug is from one of the many sets of original equipment plugs used in Gulf test fleet cars. Though spark plugs normally need cleaning or replacement after 5,000 to 10,000 miles, this plug and its mates did not need cleaning or replacement in over 15,000 miles of city and country driving with Super-Refined NO-NOX Gasoline.

**Here's proof:** Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place, removes the cause—the "dirty-burning tail-end"—at the refinery. Just look at the plates in the unretouched photo at left and see what a difference Gulf super-refining makes!

**What's more,** besides giving your engine *more complete protection*, new Super-Refined Gulf NO-NOX gives you *extra gas mileage* in the short-trip, stop-and-go driving motorists do most . . . *no knock, no pre-ignition . . . stall-proof smoothness . . . instant starts* and *fast, fuel-saving warm-up.*

## Mumps, Chickenpox Increase in County

While polio was reported to have decreased throughout the county last week, chickenpox and mumps showed a sharp increase, according to the Oakland County Department of health.

The department reported 42 new cases of mumps as compared with seven the previous week, and 28 cases of chickenpox as compared with the recently reported 10.

Only five new polio cases were reported. The previous week 12 polio cases were reported. One death due to polio occurred in Royal Oak.

The department's full report follows:

| | Past Week | Week Ending Oct. 23, '54 | Oct. 24, '53 |
|---|---|---|---|
| Chicken pox | 28 | 10 | 9 |
| Measles | 6 | 0 | 29 |
| Pneumonia (all forms) | 2 | 0 | 0 |
| Poliomyelitis | 5 | 12 | 5 |
| Scarlet fever | 3 | 0 | 2 |
| Tuberculosis (all forms) | 15 | 4 | 2 |

| Diarrhea | 3 | 2 | 2 |
| Hepatitis | 4 | 2 | 1 |
| Influenza | 1 | 0 | 0 |
| Rabies (in animals) | 3 | 0 | 1 |

No polio cases were reported in Pontiac. A report by Dr. John D. Monroe, director of city's public health, follows:

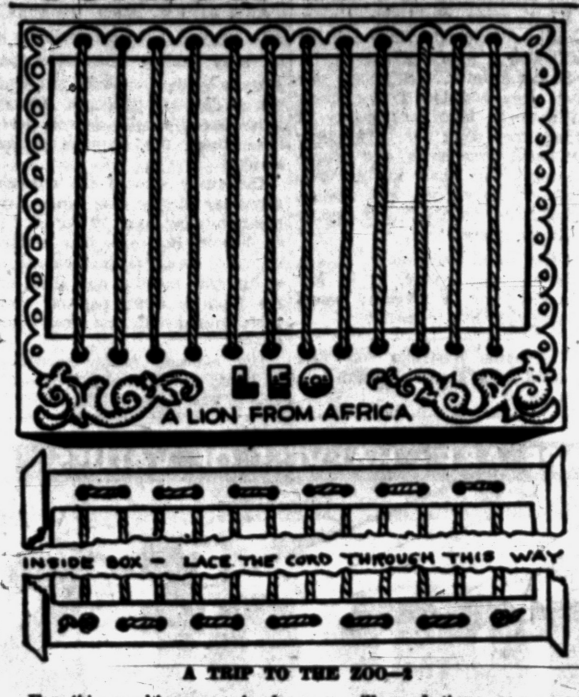

| | Past Week | Week Ending Oct. 23, '54 | Oct. 24, '53 |
|---|---|---|---|
| Chicken pox | 3 | 3 | 2 |
| Measles | 1 | 1 | 0 |

### Skipper Builds a Fleet

WHITE STONE, Va. (AP) — When Capt. Ocran Humphreys retired he couldn't forget the ships on which he had spent his life. Five years ago, at the age of 90, he began building models of the ships which meant so much to him. They now fill many glass cases in his home.

**A TRIP TO THE ZOO—2**

For this week's zoo animals, you will need three cages, and it is best to make them from cereal boxes of about the same size. Here's how:

1. On one side of the box, cut out a large window, as shown. The window in the drawing is crossed with pieces of string, which we'll add later.

2. With a sharp pencil, punch rows of holes, one along the top, the other along the bottom of the window. Make sure you have the same number of holes on top as on the bottom.

3. With water colors paint the box red. Use a pencil to decorate the box with a fancy design. Put the name of your animal on the lower part of the cage front, as shown.

4. Using the bottom picture as a guide, lace string through the holes to form bars. Put the animal in its cage, and close the top with a piece of gummed tape.

### Pretzel-Bending Girl, 11, Will Take Up Dancing

TUSCOLA, Ill. (AP)—Folks hereabouts are accustomed to seeing Peggy Pettit, 11, put herself in pertzel-like poses. They know the physical phenomenon which enables her to get into such crazy shapes is the lack of cartilages connecting the vertebrae in her back.

In the carnival world, she would be known as a contortionist. But she is studying to be a professional dancer.

# Single Girls Cheer Up---Bachelors Usually Change

By LAURA Z. HOBSON

NEW YORK (INS) — Cheer up, ladies. Young, old or in-between, bachelor girls, spinsters, divorcees, widows—any of you who've ever been discouraged about the stubborn ways of single men, cheer up.

Matrimonially speaking, there's renewed hope in the air for one and all.

The inveterate bachelor, the confirmed bachelor, the absolute die-hard non-marrying bachelor—even he can change his mind.

**For George Jean Nathan, 72, toughest of all Broadway dramatic critics, often a gloom but never a groom—he has just popped the question.**

After that, nothing is immutable. Nothing really stands. The Empire State Building is a mere cottage. "Ben Hur," "Quo Vadis" and "The Robe" were all nothing but colored postcards, and all the wind-up speeches of the election campaign could have been engraved on the head of a pin.

Even in formal reference works like "Who's Who," the autobiographical sketch of the gentleman from Fort Wayne, Indiana, and two-on-the-aisle always contained the stark adjective "unmarried."

**If that single word weren't warning enough to the world of women, the famous author-critic-editor had titled one of his 20 or 30 published books, "The Bachelor Life."**

That was back in 1941, and even pinheads know lots of adjectives can change in 13 years. And now, though no date for the wedding has yet been set, both "bachelor" and "unmarried" are due to be translated mighty soon, as well as all those others about inveterate and diehard etc. etc.

The translator is the gifted and talented actress, Miss Julie Haydon, 44, who starred in 1946 in Tennessee Williams' "The Glass Menagerie" and has been acting in television plays ever since.

**As well as appearing regularly for 16 or 17 years at most major Broadway opening nights—perfectly cast as the girl in the seat-next-the-seat-on-the-aisle.**

Which takes me right back to the theater, and the footlights, and the stage and happy endings for plots. Plots like actress-gets-critic, once-in-a-lifetime, it-'s-never-later-than-you-think, and whaddyaknow?

Instinctively most women and girls do know there's no such animal as the diehard bachelor—appearances to the contrary notwithstanding.

**They also know that even the most seeming inveterate will usually de-inveterate a whale of a lot easier than did Mr. George Jean Nathan.**

In principle, this knowledge applies even more strongly to the widower who says "never again" and to the divorced fellow who proclaims the same.

Not that they're putting on any hard-to-get act, any of them. Not that they're hypocrites, self-deluders, or out and out frauds. They're telling the full truth and nothing but—as they see it.

**But did they ever take any public oath on it? Did they ever get those sweeping statements notarized? With a nice notary stamp and a nice notary fee all properly paid?**

What's more, could any of them be used for changing their minds? Isn't that a man's prerogative?

Sooner or later, most people who live alone and like it are going to discover there are plenty of things they don't like, and plenty of basic drawbacks and disadvantages in that awful word "alone." Exceptions and famous folks aside, "sooner" will usually beat out "later."

"That awful word, alone." Not a bad title for a play, is it, Mr. Nathan? For a tragedy, would you think? Or a comedy?

## Average U.S. Family Is Financially Sound

ANN ARBOR, Mich. (AP)—America's average male breadwinner is in fairly healthy financial shape. A study by the University of Michigan's Survey Research Center found that although consumer debts have risen, the situation is not serious.

The study showed the average consumer family has time payments totaling some 20 per cent of its income. But more than a third except to complete their payments within nine months, and about all the families could pay off their debts with savings and other liquid assets.

The average family increased its liquid assets from $300 in early 1953 to $350 in early 1954.

## Man Not Bashful About Multiple Middle Names

BOWLING GREEN, Ky. (AP)—Circuit Court Clerk S. C. Lawson has found that some people are somewhat hesitant about revealing their middle names. But he met no such hesitancy from an applicant for a driver's license.

"My full name," the applicant said, "is William Haskel Starling Cicero James Thomas Samuel Andrew Howard Crawford."

The clerk settled for William Haskel Crawford.

## Town Springing Up at Gander Airport

GANDER, Nfld. (AP)—To thousands of Americans, Gander is a jumping-off place — the place where one pauses briefly for a cup of coffee before flying across the Atlantic. In their minds, it is just a big airport shed.

But Gander is home to 4,700 persons who directly or indirectly derive a living from the 62 stopovers that transatlantic planes make here every day. Most of them have lived, since World War II, in left-over barracks. Now a new Gander townsite is springing up, five miles from the airport, and one by one families are moving to it. Between 700 and 1,000 houses will be built along with stores and other facilities.

## *Keeping the Sun Beaming Is Rain-Stopper's Career*

OLYMPIA, Wash. (UP)—There's a weatherman here who chases rain with sunshine.

He's meteorologist Jack Hubbard, whose weather forecast set the time for the first atomic bomb test.

**Hubbard believes every cloud has a silver lining, and the way he disperses them brings a commercial precipitation of silver coins.**

Hubbard explained it this way: "We shoot chemicals into the air. Rain stops falling. The clouds break up, and there's Old Sol."

Actually it's not that simple. In general, Hubbard's system depends upon the fumes from chemicals heated in ground generators and carried upward by natural air currents.

**He said his chemicals formula, which he calls "goop," will remain a secret until a government agency with proper security precautions takes an active interest in his work.**

One of Hubbard's boosters is a former chief of Army Engineers, Lt. Gen. Lewis A. Pick, now an executive with an Olympia plywood firm.

"Hubbard has been able to do something about the weather that no one else has been able to accomplish," Pick said. "His control of precipitation is uncanny."

The fruit belt in central Washington puts great stock in Hubbard's ability.

**This year fruit-growers are paying him about $25,000 to keep the skies dry. This is his third season of operation in the fruit belt.**

His ability to stop the rain caused quite a wet and dry war between fruit and wheat men two years ago.

To offset the dry spell created by Hubbard, wheat ranchers hired a Denver rainmaking firm to make the clouds give down.

Hubbard, oddly enough, discovered his rain-stopping formula in 1950 while trying to develop a chemical agent that would produce rain.

**He set up his equipment and fired away at cloud banks, expecting rain to fall. Much to his surprise, a blue opening appeared in the clouds. He had achieved the reverse effect.**

To prove his new-found formula Hubbard conducted more than 300 experiments and obtained success in almost every instance. He announced his discovery to the American Meteorological Society.

## Farmer's Quick Action Puts Ambulance on Road

INDIANAPOLIS (AP) — An ambulance skidded to a stop with a flat tire.

A sheriff's car sped the interne to his patient. The interne, Dr. Charles Miller, found the patient needed immediate hospitalization and phoned for another ambulance.

But before it arrived, farmer David Lydy, 55, walked up and said he had changed the ambulance tire. And Dr. Miller rushed off with his patient.

## Least Unit of Time Measured by Device

LOS ANGELES (INS) — A University of Southern California graduate student has invented an electronic stopwatch that will measure and record as little as one ten-thousandth of a second.

Ebrahim Nuban, a 28-year-old student of electronics from Teheran, Iran, explains that his "precision time-base generator" also can start another machine in operation and stop it within a fraction of a second.

The device can, for example, measure the length of time it takes another machine to record the temperature or pressure inside a boiler room and print the results in numerals on adding machine tape.

Nuban, son of Iran's director general of the Ministry of Finance, developed the stopwatch for the Clary Multiplier Corp., where he does work while studying for his master of science degree at USC.

## Parking Meters Fancy

WISCONSIN DELLS, Wis. (UP)—D. Charles Van Wie, a businessman, attached attractive flower pots and clinging vines to the parking meters in front of his store. He said he hoped the decorations would eliminate some of the irritation that motorists feel when they have to put a nickel in a meter.

## Wellesley Girl Is Sheriff

JAMESTOWN, R. I. (UP) — A Wellesley College graduate is the law in these parts. Ruth D. Mitchell, Wellesley '54, is a deputy sheriff.

# Raymond Goodwin, Old Sea Dog, Finds New Career on Death Valley Desert

LAS VEGAS, Nev. (UP) — T. Raymond Goodwin spent his youth on the sea, even sailed a 21-foot boat across the Atlantic, but he sought out one of the driest spots in the world to make sure he would amount to something.

Goodwin, 77, retired March 31 as superintendent of the National Monument in southern California's Death Valley. He spent 31 years in the scorching desert waste that claimed the lives of many gold-seeking '49'ers.

**During his retreat from the sea, Goodwin invented a highway paving composition that is still used, watched Death Valley change from an inaccessible inferno to one of the nation's top tourist centers and met his share of notables.**

Goodwin was born in Norwich, Conn., and moved to Providence, R. I., where he developed a great love for the sea and yachting.

In 1911, he and two other men sailed the Atlantic to Italy in a 21-foot boat equipped with sails and a two-horsepower engine.

**"King Victor Emmanuel of Italy offered 5,000 lira for the winner of a trans-atlantic motorboat race," Goodwin recalled. "Thomas Fleming Day, publisher of a sea magazine (The Rudder) was trying to promote the race here in the United States, but he could get no entrants."**

Day didn't give up. He promised the King he would get the smallest boat he could find and make the trip.

The tiny Sea Bird was refitted for the trip and made the crossing in 38 days. The little boat was escorted up the Tiber River to Rome by an Italian destroyer, Goodwin said, and there he, Day and a Providence merchant, Fred B. Thurber, were guests of the government.

**"I was a gigolo for wealthy yachtsmen after the trip," Goodwin said, "but then I had to make a decision.**

"I knew if I was ever to amount to anything I had to make a clean break."

And he did. He left a thriving music store and the presidency of the Narragansett Bay Yacht Racing Assn. and went to Yuma, Ariz., a pretty dry spot in its own right. He eventually settled in Death Valley, which is as dry as they come.

**Goodwin worked as a Bureau of Reclamation project engineer on the Yuma project, later tried his hand at cotton farming, highway engineering and surveying.**

Goodwin discovered his highway paving composition by accident. He scraped some cheap oil off a gravel roadbed one night to allow traffic to pass. Re-spreading the oil-gravel mixture next day, he found it to be like asphalt paving which cost 10 times as much.

The discovery led to road superintendent jobs with the National Park Service. Goodwin served at Yosemite and Sequoia in California, Crater Lake, Ore., Yellowstone, and finally Death Valley.

**The Death Valley job put Goodwin in contact with the late famed "Death Valley Scotty."**

"Scotty and I used to kid each other about who was going to bury the other," Goodwin said. "Scotty visited me in the hospital after I had been hurt in a traffic accident in 1952, and I told him I still was going to bury him. He said you might do that, but right now I've got the edge on you.' "

Goodwin delivered one of the eulogies at Scotty's funeral last Jan. 7.

**Goodwin looks with pride on his accomplishments at Death Valley. His road-building campaign began in 1933 when 10,000 persons visited the monument. Last year 339,000 persons were logged in the blazing valley.**

Now that he is retired and has put down the stigma of being a yachting "gigolo" with solid accomplishment, Goodwin is getting the boating urge again.

Glittering Las Vegas is a good distance from the orean, but Goodwin has another out — vast Lake Mead just 30 miles away.

**"Who knows," he said. "I might consider piloting one of those fancy hotel yachts around the lake."**

If he does, he'll be well qualified. Goodwin helped write the regulations at the request of Franklin Roosevelt when the area first was opened to the public.

*Mrs. Daniel Foxman of Keego Harbor (seated) presided at a tea table when the Sisterhood of Congregation B'nai Israel gathered at the Cherokee road home of Mrs. Morris Simon Tuesday for a membership tea. Attending the event were (left to right) Mrs. Harold Blumeno of Berwick boulevard, the hostess and Mrs. Jack Gamburd of Berwick boulevard.*

## Sisterhood Introduces New Members Tuesday

Mrs. Morris Simon opened her Cherokee road home Tuesday afternoon to the Sisterhood of Congregation B'nai Israel for its annual membership tea.

Mrs. Jack Gamburd, membership chairman, introduced seven new members and presented them with corsages. The new members who were greeted by the president, Mrs. Daniel Foxman, were Mrs. Karl Berg, Mrs. Harold Blumeno, Mrs. Leonard Cain, Mrs. Irving Gordon, Mrs. Elliott Weston, Mrs. Lawrence Weston and Mrs. Charles Sandomir.

Guest speaker for the afternoon was Mrs. Richard Elliott, who was introduced by the program chairman, Mrs. Stanley Elbling.

She stated that decorating should be influenced by the personality of the person living in the home and also by the style of the home. Basic colors which are popular this season are charcoal and pink, which vary according to the size of the room being decorated. Second choice is usually gold and turquoise. Decorators find green is always a reliable color in any home.

Classical patterns in draperies may be used with modern, provincial or traditional furnishings.

Mrs. Gamburd donated an afghan to the group for a money making project.

Oneg Shabbott for the season will begin Friday evening with Mrs. Charles Eilender and Mrs. Irving Prizant serving as hostesses.

Closing prayers were given by Mrs. Helen Leibeskind and Mrs. Molly Messing.

## 'Sleeping Bag' Fits From Infancy to 3

There's a sleeptime gift for the 6-month old baby which he can continue to wear until he is 3 years old. This is a "sleeping bag" rather than a nightgown, which zippers on over the baby's regular nighties to assure complete coverage all through the night.

There's ample foot room at the bottom of the bag for free movement, and also there are bottom folds which expand the length of the bag by removal of snip-stitches. This comes in pre-shrunk flannelette in white, pink, blue, yellow or mint shades.

## Powder Puff Should Be Immaculate

Any dermatologist will tell you the importance of a clean powder puff. If your skin is to remain sparklingly clear, it must be kept immaculately clean.

In addition to keeping it freshly scrubbed, this means using a powder puff that's fresh as your newly laundered lingerie.

**The soiled powder puff, besides being a drawback to any woman's grooming routine, contains old makeup, powder and oil.**

Once soiled, you run the risk of dangerous infection each time you press it to your skin.

No well-groomed woman would ever think of using her comb and brush day after day without washing it. She knows the damage they can do her hair and scalp.

Nor would she ever use her toothbrush several times a day without rinsing it to prevent the spread of bacteria in her mouth.

**Why, then, shouldn't she be as particular with her powder puff. Her good skin is certainly as precious to her as her glossy hair, or nice, white teeth.**

You've noticed you use your powder puff much more than your brush or comb. Besides regular application of your makeup, you make several "touch-ups" during the day—before lunch, after daily coffee breaks.

Complete each day's grooming with a fresh, clean puff in your compact. One firm offers quilted cotton squares that slip into any size compact.

Besides using them as powder puffs, cotton squares saturated with witch hazel, then placed on the eyelids work wonders for tired-looking eyes.

## Baby's Clothes Soon Outgrown

**In his first two years, baby will outgrow clothes at an astonishing rate. Unless you are showered with gifts, make your purchases wisely.**

He needs little to wear if he's born in the summer. Get plenty of undershirts of the 6-month or year size.

Get a couple of pairs of waterproof panties and some nightgowns. A knit nylon sweater and cap will do him fine.

As fall comes on, add a few T-shirts and corduroy pants. He needn't be bundled up, just comfortably covered.

## To Please the Bride

**A lovely wedding gift—a blanket of all-acrilan. Warm, not too costly, quick drying. No need to store it carefully in the summer—moths just aren't interested in the fibers that are made in the laboratory.**

# Shirtwaists Now Easier to Care For

Teenagers have found the cotton shirtwaist to be a good wardrobe asset.

It's especially good for fall and winter wardrobes, since cotton goes with all the cool-weather fabrics—wool, jersey, corduroy and velvet.

**Can you think of a better mate for classic tweed skirts, or brightly colored corduroy jumpers? And a gaily striped shirt is just the thing to perk up last year's wool suit, too.**

At this point, you teenagers may be thinking: "But who wants to take the trouble to iron long-sleeved shirts? It's very difficult to produce a crisp, nonwrinkled shirt.

True, the whole beauty of the shirtwaist lies in its looking smooth and fresh.

But, as the labels on some shirtwaists will tell you, today's cotton blouses (if they require any ironing at all) respond wonderfully to the light touches of your iron.

**In addition, some cottons are treated to retain their crispness even after repeated washings.**

Plaid, striped or checked shirtwaists require less ironing fussiness than solid-colored shirtwaists, since the pattern in these shirts helps to divert the eye from any small wrinkles.

When washing any shirtwaist, remember to hang it to dry with as few wrinkles as possible. While still wet, finger-press as many creases as you can.

*MR. and MRS. ORVILLE ODDEN*

*Married Saturday in Parkdale Church of the Nazarene were Marilyn Sutton and Orville Odden. She is the daughter of the Clarence Suttons of South Tilden avenue and his parents are the Elmer E. Oddens of Stanley avenue.*

# Marilyn Sutton Is Wed

Parkdale Church of the Nazarene was the setting for the Saturday evening wedding of Marilyn Joan Sutton and Orville C. Odden.

The bride is the daughter of Mr. and Mrs. Clarence H. Sutton of South Tilden avenue and he is the son of Elmer E. Odden of Stanley avenue.

**Baskets of white and yellow chrysanthemums, palms and candelabra decorated the altar when the Rev. Wayne E. Welton performed the 7:30 ceremony before 200 guests.**

The bride wore a floor length gown of Chantilly type lace over tulle. Her headpiece secured a fingertip veil and she carried a Bible with a bouquet of white roses and baby chrysanthemums.

Mrs. Duane Guerin, the bride's sister, was matron of honor. She wore a floor length gown of aqua lace and net. She wore a matching heart shaped headpiece and carried a colonial bouquet of yellow chrysanthemums and yellow roses.

**Mrs. Robert Sutton and Sharon Sutton were the other attendants wearing gowns matching the honor matron's. They carried blue and gold colonial bouquets of chrysanthemums and talisman roses.**

Sue Ellen and Ronald Sutton preceded the bride down the aisle as miniature bride and bridegroom. Sue Ellen wore a replica of the bridal gown and carried a bouquet of yellow roses and baby chrysanthemums.

Vernon Odden served as best man. The bridegroom's other attendants were Arthur and Robert Odden. C. H. Sutton Jr. and Albert Sharp seated the guests.

**The bride's mother wore a blue gray crepe dress with winter white and blue accessories and a corsage of yellow and bronze roses.**

The reception was held in the Auburn Heights home of an uncle of the bride. The newlyweds will reside on Boston avenue.

# *Long Torso Prominent as Color, Fabric Flourish on Coast*

This is the second in a series of articles by Judith L. Clemence, Pontiac Press Women's Editor, who is in Los Angeles through Nov. 6 viewing the early Spring and resort showings during California National Press Week

By JUDITH L. CLEMENCE

LOS ANGELES — Fabrics and color continue to make headline news as California's top designers unveil their creations for members of the press. Italian silk, irish handkerchief linen, sheer wools, French cotton failles and pure silk taffetas are widely used in these masterfully designed clothes.

CLEMENCE

**Cotton is a favorite — some homespun and some with the look of silk. Tuesday's showings proved that jerseys aren't to be ignored either. Besides being very attractive, they make it possible for travelers to leave that iron at home.**

Designers make excellent use of colors with California's own orange hues prominent in the collections. Blue-green colors are drawing interest—particularly in the many prints shown here.

There's real beauty in Edith Small's "festive" collection. Vibrant colors are seen throughout, and Italian silk stands out as the most important fabric.

**Waistlines are gentle—not so defined, and suit jackets are slightly longer.**

In the late-day dress rhinestones wink out from almost everywhere. The short formal which dominates this collection, has skirts which are ablaze with crystal beadings.

Something new was added in the presentation of fashions this morning when former model and buyer, Jeri Holmes presented her "expandable" wardrobe.

**Doubling as commentator and model, Miss Holmes showed her entire collection which began with a sheath as the starter costume. Then she began to build her wardrobe with the blouson jacket or Spencer jacket, the fitted suit and the loose coat.**

There were countless combinations of styles and colors with detachable fox fur collars.

Unusual cottons marked the Pat Premo collections. These cottons have the silent touch, and throughout the entire showing, we felt the importance of this exquisite fabric. Hand rolled scarfs complemented several cotton dresses in the spring and summer collection.

**In almost every instance the long torso made its appearance, giving the waist the look of a long reed.**

We were guests of the motion picture designers' guild at luncheon Tuesday at which time we saw costumes from several unreleased motion pictures. Among the costumes was a magnificent creation designed for Susan Hayward in "The Conquerors" which dates back to 1100 A.D.

As we moved on to other showings, we noted the grace and simplicity of the dresses designed by Charles Cooper. Skirts range from straight and narrow to softly full, and waistlines are slightly dropped with attention given to the hip line.

Tomorrow we'll report the latest fashions in swim suits by California designers. Now we're off to see the filming of one of the "Dear Phoebe" television series.

*Colorful clowns will add to the gaiety at the Bailey School Fall Festival, Friday evening from 5 until 8 p.m. Oliver Burtch (center) will be among the clowns who will entertain the children. Eagerly awaiting the event are Karen Bray of North Cass avenue and Dale Jordan of Cortwright street.*

## *Committees Appointed by OES Chapter 503*

Mrs. Sidney Fellows, worthy matron of Areme Chapter 503, OES, appointed committees for the coming year when the group gathered Monday evening at Roosevelt Temple.

Serving on the hospitality committee are Mrs. A. W. Robinson, Mr. and Mrs. Fred Mittledorf, Mrs. J. Robert Parr, Mrs. James Hampton, Mrs. Thomas Cox, Mrs. Harry Stewart, Mrs. Orson Coe, Mrs Raymond Kneisel, Mrs. Hazel Heiby and Mrs. William Roberts.

**Mrs. Roy Clark and Mrs. Lester Oles are chairman of refreshments; Mrs. Clarence Crawley, banquet; and Mrs. Raymond Boatright, Mrs. Harry Eaton and Mrs. F. L. Eatsman, sunshine committee.**

In charge of relief and the sick are Mrs. Ralph Nixon, Mrs. Everett Monroe and Mrs. L. E. Lacy. Mrs. Theron Taylor is handling the publicity, Mrs. William Vogel, historian and Mrs. Clifford Mossey, parliamentarian.

Jurisprudence will be taken care of by Mrs. Grover Remley, Mrs. Harry Vernon, Mrs. Norman Dyer, Jane Danton, William Pfahlert, Edward Pritchard and Sidney Fellows.

**Mrs. Clarence Crawley, Mrs. Edward Pritchard and Mrs. Eugene Perkio are in charge of delinquent dues. The finance committee consists of Sidney Fellows, Mrs. Wayne Santala and Mrs. Fred Mittledorf.**

**The chapter is planning a Christmas party and cooperative supper for Dec. 20th. The dinner will be followed by a get acquainted parcel post party.**

Mrs. Theron Taylor and Lester Oles gave reports on Grand Chapter and presented the local chapter with a gift of eight white ritual covers.

**Mrs. Fellows announced that there will be an officers practice Nov. 14.**

Guest for the evening was Mary Alice Barham from Rolesville, N. C.

## Felt Hats Formed All in Single Piece

A felt hat is distinguished from every other article of apparel by the fact that it is formed all in one piece—not cut or sewed in any way. The major principle in hatmaking is shrinkage.

Cut fur fibers are blown on a large form about 3 feet high. This is then scientifically shrunk and formed into the final hat.

## Fair Scheduled by Bailey School

Bailey School will be a busy place from 5 until 8 p. m. Friday evening during the school's annual Fall Festival. Mrs. John Fox and Mrs. Graydon Dawson are co-chairman of the festival. They are being assisted by Mrs. Bruce Allen, Mrs. Troyace Doolin, Mrs. Jack Hodges, Mrs. Sidney Cunningham and Mrs. Harry Evans.

Clowns will be an attraction at the fair, along with a pastry booth, sweet bar, fish pond, rummage sale, fancy work booth and movies.

## Steam Droopy Plant

Plant beginning to droop and mourn? Give it a few days in your own hothouse. Where else but the bathroom? The warm steaminess of the bath and showers may do it more good than aspirin.

## Clothespin Trick

If you're the fortunate one with an outdoor clothesline, try this trick: Pinch the clothespins in your belt. When you get the sheet in conjunction with the line, you needn't stoop to the ground to get another pin.

*Ascension Lutheran Church was the setting for the Saturday wedding of Kaye V. Crawley and John Gibbs. She is the daughter of the Clarence Crawleys of Oliver street and he is the son of Mrs. Anna Gibbs of Foster street.*

*MR. and MRS. JOHN E. GIBBS*

## J. E. Gibbs Claims Bride

Kaye V. Crawley, daughter of Mr. and Mrs. Clarence W. Crawley of Oliver street became the bride of John E. Gibbs Saturday evening.

The Rev. George Garver performed the 7 o'clock ceremony in Ascension Lutheran Church. The bridegroom is the son of Mrs. Anna Gibbs of Foster street.

**The bride wore a gown of Chantilly type lace and net over satin. A pearl tiara held her fingertip veil and she carried a bouquet of baby chrysanthemums and roses.**

Barbara Fredericks wore a gown of shrimp colored lace as maid of honor. Bridesmaids, Ruth Ann Johnson and Mary Gibbs wore blue lace and shrimp colored lace respectively.

Jill Ashbaugh, as flower girl wore blue taffeta. Dickie Crawley was ring bearer.

**Clarence Gibbs, the bridegroom's brother was best man and seating the guests were William Gibbs, another brother, and Kenneth Crawley, brother of the bride.**

For her daughter's wedding, Mrs. Crawley wore a blue lace street length dress with navy accessories.

The bridegroom's mother wore a dress of dusty rose faille with black accessories.

After a reception held in the church parlors the bride changed to a blue wool jersey outfit for a trip to Northern Michigan. They will reside on Beverly avenue upon their return.

## Bridal Shower Held in Honor of Pat Reaume

Mrs. Ernest Guy was hostess in her Brookdale drive home Wednesday evening at a miscellaneous bridal shower given in honor of Pat Reaume.

Pat, who is the daughter of Mrs. Charlotte Reaume of Blaine avenue, will exchange her nuptial vows with Jerry Brewer in a ceremony to be performed Nov. 13. He is the son of Mr. and Mrs. J. R. Brewer of North Saginaw street.

Guests at the shower included Mrs. Reaume, Mrs. Brewer, Mrs. Fred Long, Mrs. George Polley, Mrs. Frank Morton, Mrs. Pearl Pierce, Mrs. Forest Bradburn, Mrs. Jack McLarty, Mrs. James McGuire, Jane McGuire, Mrs. Edward Mann, and Mrs. Walter Messer.

Others were Carol Fox, Mrs. William Fox, Mrs. Frank Bahan, Mrs. Homer Axford, Joan Kissock, Mrs. Ross Shotwell, Mrs. Forest Webb, Mrs. Marvin Redmond and Mrs. Lloyd Porter.

## T-Dress Is Praised

**The T-shirt dress turns up for winter, too. In wool jersey, with long sleeves, its crosswise stripes make it more formal than its summer counterpart. The belt gives it shape, a bright costume jewel gives it snap.**

## Sorority Group Plans Activities

**Plans were completed for a Thanksgiving basket to be given to a needy family when Zeta Eta Chapter of Beta Sigma Phi sorority met Monday evening at the South Tilden avenue home of Jean Brown.**

**The group addressed letters for the Central Volunteer Bureau during the evening and the program consisted of a talk on "Pride of Possession" by Laurene Pollard and "The Garden Beautiful" by Mrs. Richard Smith. Guests were Peggy Nelson and Sally Passmore.**

**A pledge ritual and dinner will be held at the Old Mill Tevern on Nov. 15.**

## Excessive Care Causes Timidity

The baby who's never been splashed in the face during his bath will be wary of swimming, says the nurse. And it's that way with many things. Excessive care will make fears. If you're oh-so-gentle in playing with baby, he may be timid about games.

This does not mean he is to be pushed around, but he'll enjoy flying in the air in daddy's hands and being allowed to climb over a parent tsitting on the floor.

Of course, if he's fragile, you will be feather-light in your play with baby.

## Wear Coat Right

Wear your clothes as the designer intended. Never, even in the greatest rush, go about with your coat hung on your shoulders and the sleeves dangling empty. The coat was cut to be worn by a woman with a ms and it won't hang right in back without them.

*JoAnne McGinty, daughter of the Harold M. McGintys of Lochaven road became the bride of Wayne F. Lundy, Saturday afternoon at Emmanuel Baptist Church. He is the son of the Frank X. Lundys of Woodbine drive.*

MR. and MRS. WAYNE LUNDY

## W. F. Lundy Claims Bride

Honeymooning in Chicago and Minneapolis are Mr. and Mrs. Wayne F. Lundy. The bride is the former Joanne Ida McGinty, daughter of Mr. and Mrs. Harold J. McGinty of Lochaven road. He is the son of Mr. and Mrs. Frank X. Lundy of Woodbine drive.

The couple spoke their vows in a ceremony performed Saturday at 4:30 p.m. in Emmanuel Baptist Church with the Rev. Tom Malone officiating.

**The bride wore a ballerina-length gown of lace and net, trimmed with pearls and rhinestones. The strapless bodice was topped by a lace jacket, fashioned with long pointed sleeves and lace peplum.**

A Juliet-style cap trimmed with pearls and iridescent sequins secured her veil and she carried a bouquet of black-lipped white orchids.

Corrine Davison attended the bride as maid of honor wearing a rust-colored princess-style dress fashioned with scoop neckline and trimmed with rhinestones. She wore rust accessories and carried rust and yellow chrysanthemums surrounded by matching pompons.

**Other attendants were Marilyn McCarthy of Detroit and Patricia McGinty, sister of the bride. They wore winter white dresses styled like the honor maids, accented by green accessories. They carried cascade bouquets of green pompons and carnations.**

Eugene Spring served as best man and Tom Glenn and Vern Dean seated the guests.

A reception was held immediately following the ceremony in the church parlors.

**The bride's mother wore a royal blue crepe dress with white accessories and the bridegroom's mother chose an aqua faille princess - style dress with black accessories.**

As the couple left for their wedding trip the new Mrs. Lundy was wearing a turquoise knit suit with charcoal accessories and a gray coat trimmed with fur.

Upon their return they will reside in Drayton Plains.

## Mothers' Group of Boys' Club Plans Event

Members of the Mothers Club of the Pontiac Boys' Club have completed plans for a benefit card party to be held at the Boys' Club Thursday evening, beginning at 8 p.m. Proceeds will be used to benefit the club.

Mrs. William Coulacos, general chairman, has announced that the highlight of the evening will be entertainment by the boys.

Refreshments will be served at the close of the event. Tickets may be obtained from any member.

Membership in the Mothers Club is open to anyone interested in helping the youth of our city.

## Don't Let Rain Spoil Baby's Daily Outing

It's the rainy day when everything will seem to go wrong with you and baby. Get dressed as waterproofed as you can, cover the carriage blanket with a plastic tablecloth and go out.

You both need to get out of the house. If he's stroller size, dress him in waterproof clothes and stroll. Rain is kind of fun for him, even if it seems bothersome to you. But the walk will do you good, too.

# Vocal Offerings Revealed

One of America's foremost choral conductors arrives in Pontiac about this time each year. This causes a fast turn of events in a normally slow period for Pontiac High School's vocal department.

Dr. Harry R. Wilson of Teacher's College at Columbia University in New York will command the attention of the 650 young people in this year's vocal clinic.

**The high rated composer-arranger-educator will add his name to the growing list of musicians who have led Pontiac's largest singing group in this traditional late autumn event, including Noble Cain, Don Craig, Peter Tkach and Maynard Klein.**

On Monday at 8:15 p. m., Pontiac High School's vocal department, its director George Putnam and his assistants Jeannette Weston and Eleanor Bryan will be ready for this year's exposition of vocal works.

The program will be held at the school and vocal students may be contacted for tickets.

**Members of the A Cappella Choir, senior boys ensemble and senior girls ensemble have announced their offerings for the evening.**

## Metropolitan Club Auxiliary Meets

Ladies Auxiliary to the Metropolitan Club, Spirit six, met at the Neome drive home of Mrs. Davy Gilpin, Tuesday evening. Hostesses for the evening were Mrs. Joseph Koren, Mrs. Harry Isenberg, Mrs. Cliff Hickmott and Mrs. Merrill Petrie.

Mrs. Glen Auten and Mrs. Forest Hatfield were welcomed as new members during the evening.

Mrs. Petrie and Mrs. Reuel Baker will represent the auxiliary at an Annual Roundtable to be held at Elkhart, Ind., Saturday.

## Pills No Substitute

Even the best vitamin pills will not make up for unbalanced meals or a diet that lacks essential elements. The body can absorb only a small percentage of the iron in a pill, but it will use most of the iron in liver, for instance.

## Coming Events

Queen Mary Section of the Needlework Guild will meet Thursday at 1 p.m. with Mrs. Charles Clarke, 84 Parke Place.

Executive board of WSCS of Central Methodist Church will meet Thursday at 10 a.m. General Meeting will begin at 11:30.

Frances C. Butterfield Tent 9, Daughters of Union Veterans will meet Thursday at 8 p.m. in Grotto Hall, 138 W. Pike St.

WSCS of Baldwin Methodist Church will meet at 7:30 p.m. Thursday with Mrs. Ed Hamill, 129 W. New York Ave.

**SKIN CARE**

The subject of cleansing the face always invites a question. Should the face be washed with soap and water? I will answer that question, in part, by asking you one. When you wash your hands or when you bathe do you use soap and water? The skin on the face isn't different from the rest of the body.

It is true that the face is exposed to the weather and may become dry but this is no reason to stop washing it. Think of how many times every day the hands are washed. If the skin on any part of the body becomes dry it may be protected with a lubricant. Many people find this hard water irritating and cover their entire body with oil after they bathe. A rich oil is applied to the hands, preferably lanolin, if they become dry and chapped. The same treatment works for the face.

The face is washed with a superfatted soap. After the skin has been thoroughly dried, apply a lubricant. Remove the surplus and you are ready to retire. In the middle of the day this same procedure may be followed with one exception. Remove the lubricant with a piece of cotton wrung out of cold water. This will remove every trace of greasiness. The skin is now ready for fresh make-up.

## Fancy Hats Keep Children Amused

How kids love fancy hats! Don't discard your old ones or father's. A big collection is wonderful for persuading baby to keep his head covered and for indoor rainy day play. Inexpensive and fun are the cowboy hats, engineer's hats and Indian hats you can buy.

A yellow sou-wester is fun for rainy days outdoors and more willingly worn than conventional rainhats. Does he wear it backwards? OK, it keeps the rain off, doesn't it?

## You Need Jumpers

It's like an axiom by now: The wardrobe that must be cramped to meet the ever-narrowing budget needs lots of jumpers and costumes that can be changed with a blouse. Mattress-ticking blouse for home or work, fabulous long sleeves and jewel neckline for going out.

A gusle is the national musical instrument of Yugoslavia.

## Sorority Chapter Holds Gathering

Members of Alpha Chapter of Beta Theta Phi Sorority entertained their husbands recently at a Halloween party and cooperative dinner. Twenty-five couples gathered at the Woodbine drive home of Mr. and Mrs. Harold Davidson for the event.

Mrs. Harvey Peck was chairman of the party, assisted by Mrs. U. C. Meeker, Mrs. Russell Beam, Mrs. John Kinzler, Mrs. Floyd Oswald and Mrs. Fred Ferguson.

## Don't Lend Comb

For the sake of your own scalp, don't lend a comb or hairbrush any more than you would lend your toothbrush. Place a supply of small, dime store plastic combs in the bathroom for guests. Clean them after each use.

Milk is the perfect food, perfect for beauty too. Instead of coffee, a morning glass of milk, even skim milk, will give nourishment and even out a diet that's long on stimulant, short on calcium.

# Question Your Ideals When They Fail in Bringing Peace, Freedom, Love

## Condolence Cards Not Answered

### But Personal Note of Sympathy Needs Acknowledgment

By EMILY POST

A daughter writes: "My father died two weeks ago. Will you please tell me whether or not it is necessary for the family to acknowledge receipt of condolence cards?

**"I have already written personal notes of thanks to those who sent flowers, but there seems to be a difference of opinion as to whether these cards have to be acknowledged.**

**"Also, will you please tell me if personal notes should be sent to those who sent pies and cakes and other food to the house during the mourning period. All such persons were thanked personally by a member of the family at the time."**

Answer: Cards of sympathy are not acknowledged unless a personal note was written on them. All those who brought food and were thanked verbally at the time do not require further thanks.

Dear Mrs. Post: My friend and I would like to give another friend a baby shower next month. At several showers to which I have gone in the past, I have noticed that many duplicate items were received and other really essential items omitted.

**In order to avoid this, would it be proper to write at the bottom of each invitation what each guest should bring so that the mother-to-be will have a complete layette and not all blankets or sweater sets? Will you please tell me what you think of this idea?**

Answer: I'm sorry but it would be impossible to take upon yourselves to tell others what they are to bring — practical as it may seem to be.

Dear Mrs. Post: It has always been my intention to have my best friend as maid of honor at my wedding. However, when my fiance's parents heard of this, they were very much put out.

**They think that I should have asked the bridegroom's sister to be attendant of honor. I feel it is my privilege to ask whomever I want. Will you give me your opinion?**

Answer: I agree with you. It is very improper for the bridegroom's family to offer any suggestions, nor would anyone consider the bridegroom's sister slighted because she was not chosen.

## Keep Eyes on Escort at Party

### Settle Differences in Quiet Manner at Correct Time

By ELIZABETH WODWARD

"Dear Miss Woodward: I'd been going with this boy about three weeks when I slowly found out I shouldn't, at my age, go out with only one boy. He asked me to a hillbilly recital. There were lots of boys there I knew and liked as friends.

I was joking around with them when I saw that I was slowly getting my date jealous. By the time it was over I was telling him I didn't want to go steady with him or anyone else! He got so mad he went home without me, he didn't even say good-bye. I could have gone home with other boys who asked me, but I didn't want to make him madder, so I went home with my brother.

**"He hates me now for what I've done, but my girl friends all agree that they would prefer to go out with more boys instead of going steady with one. Will you please tell me if I did the right thing? And what should I do now?"**

It's unfortunate that your feeling about going steady had to come to a head in such a violent way. It got itself all mixed up with several other issues the evening of the recital.

The lad you'd been seeing for only a few weeks was nice enough to invite you to go to the recital with him. He was your date for the evening, and you had the responsibility of making him feel glad he was. Instead you chose that moment to blow up in his face. It seems too bad you had to spoil not only that evening but everything else for him.

**When a girl's out with a boy she ought to keep her eyes on her own date and not joke around too much with all the other boys she knows. They didn't take her out that night. She should keep her mind on the boy who did. It's all right to speak to people you know. But too much attention to too many others is bound to make a date resentful.**

Your decision about not going steady rode you so hard you couldn't hold it. You had to spill it right then and there when tension had already been created. Unfortunate timing, that was. For I'm sure you wanted to keep this nice boy as a friend to date with occasionally. And it sounds as though you got rid of him for good.

But it's done now—and there's little else to do but apologize. You gave him a rough evening and you could tell him you're sorry about it. You undoubtedly gave him the idea you didn't want to see him again—but that idea you can correct.

Remember, then, that going out with different boys means going out with one boy at a time. On each date with each boy your eyes and attention should be on the lad you're with. Otherwise there's nothing in it for him—and no reason to come back for more.

## *Bad Situations Can Produce Changes*

By MURIEL LAWRENCE

Like you and I, Mrs. Dobbs' mother had a fault or two. One was her insistence on "love" among her children—a demand as premature as the demand for ripe fruit from an apple seed. Thus, to sustain her ideal of them as angerless people, her children learned to believe that they felt no anger.

As a result, Mrs. Dobbs finds it hard to deny her daughter her own way. But now that Linda has reached school age, denials have become necessary. Scenes always follow. A request that Linda change her school clothes is met by defiance and angry tears. Though Mrs. Dobbs recognizes her situation as intolerable, she doesn't know how to change it.

**Let her not despair. Intolerable situations are the ones that produce change. Instead of despairing, let's look at her inherited ideal of herself—the angerless person. Let's test it.**

Has this ideal of herself produced for Mrs. Dobbs' freedom, peace and love? If it hasn't, what makes it good? Why does Mrs. Dobbs keep it?

She keeps the ideal because she doesn't yet dare to question the wisdom that imposed it on her. Trust of her mother blinds her to the fact that fear of expressing anger at Linda's attacks is fear of disappointing her mother. She is not ready to see that the "loving" ideal was in fact training in dishonesty.

**The fact that it has produced neither freedom, peace nor love demonstrates its falseness.**

When Mrs. Dobbs can recognize the uselessness of this ideal of herself, she will find the strength to throw it out—and say to her angry child, "Hate me if you like. Cry your head off—but get those school clothes changed."

Mothers who have read this far in this column may have a problem like Mrs. Dobbs. They may not know what I'm talking about. If so, let's not worry. Let's just focus on this statement: "Any ideal of ourselves that has not produced freedom, peace and love is one to question and question and question."

**We do not untangle ourselves from the selves imposed by our parents in one day.**

It's a big leap when we speak plainly to Linda for the first time.

Before we are willing to take that leap, the situation must become "intolerable." Old trust must crumble under our feet. Then, because there's nothing else to do, we take our leap—and discover ourselves.

## Usual Hairdo Best

For a Christmas gift photograph or your wedding picture, don't go to a new hairdresser and get everything overhauled. You will be uneasy with the result. Look like your usual self. Then experiment with your hair, if you like.

*The straight jacket is small checked woolen black on gray is more flattering worn open than the tightly buttoned semi-fit type.*

Mrs. O. S. — It seems the costume dress and jacket is going to take the place of the suit this fall. It is more wearable for the plump and tiny figures because one color, one fabric gives the illusion of greater height and slenderness.

## Grandma's Recipe Is Still Liked

### Mrs. J. D. Goodson's Steamed Pudding Family Heirloom

By JANET ODELL
Pontiac Press Food Editor

This snowy weather encourages such warm desserts as Grandma's Steamed Pudding. It is a family recipe given us by Mrs. J. D. Goodson and makes a large pudding.

When we first knew Mrs. Goodson, she was just a school girl. Now she is a young mother with two pre-school sons, a Sunday school teacher and the leader of a King's Daughters group. The last time we talked with her she was painting the kitchen with the somewhat dubious "help" of the young sons.

**GRANDMA'S PUDDING**
**By Mrs. J. D. Goodson**

1 cup raisins
½ cup shortening
1 cup brown sugar
1 teaspoon cinnamon
¼ teaspoon nutmeg
1 teaspoon vanilla
1½ cups boiling water

Boil the above ingredients together 5 minutes. Cool. Then add:

2 cups sifted flour
3 teaspoons baking powder
1 teaspoon soda

Steam in a large mold for 2 hours. Serve with Brown Sugar Sauce. Serves 10-12.

**Brown Sugar Sauce**

½ cup butter or margarine
1½ cups brown sugar

Melt in a saucepan and let cook to butterscotch color. Add 4 cups water. When boiling, thicken with flour and water to desired thickness.

## New Beauty Preparation Introduced

### New York Chemist Lauds Turtle Oil for Women's Skin

South Americans follow turtle tracks as a first step in the process of gathering precious turtle oil. But Madame Eugenie Marchando of New York, a chemist formerly from South America has made it easy for Pontiac residents to get this precious beauty pick-up.

Summer sun tends to step up the production of wrinkles and dry skin. For those who have this trouble and are facing the fall fashions with a MARCHANDO not so brilliant face will welcome this new turtle oil preparation.

**This new cream, slanted to the humblest budgets promises as much to the skin as the high priced ones. The cream contains turtle oil, alpha-estradiol, a medically discovered skin aid; vitamin A and lanolin.**

Madame Marchando says that South American women rely on turtle oil to keep their skin smooth and flexible. Here is how it is collected:

Natives follow the tracks in the warm sand near the sea and dig for the eggs with a wooden spoon. The eggs are broken in a bucket partially filled with water.

**In time the oil rises to the surface, is skimmed off and refined for use in beauty creams. Madame Marchando imports the oil to her cosmetic factories in New York and Toronto.**

Madame Marchando, who took her degree 25 years ago at Heidelberg, is a firm believer in what turtle oil will do for the skin. She maintains that it contains all the natural properties found in the young human skin and therefore will keep young skin beautiful as well as restore youth to the older skin which needs added lubrication.

She says, "Don't fret about wrinkles, that will only bring more on. Don't try to hide them—get rid of them."

You will soon be able to find this product at Pontiac cosmetic counters.

# Congresswoman Well Qualified

## Mrs. Martha Griffiths Has Legal, Legislative Background for Work

DETROIT (INS) — Martha Griffiths, who replaces Republican Charles Oakman in Congress from the Seventeenth District, will carry to Washington a legal, legislative and judicial background.

Mrs. Griffiths, 42, the first woman representative from the Detroit area, graduated from the University of Michigan Law School. In 1946 she and her husband, Hicks, entered a law partenership with Governor Williams and her own career followed Williams' ascendancy.

**As a state representative she supported Williams and was rewarded in March, 1952, when Williams appointed her to a vacancy on the Recorder's Court bench. She was the first woman to serve with that body.**

Mrs. Griffiths' election yesterday follows an unsuccessful bid for the same seat two years ago.

Her victory has been attributed to personality and persistence. The trailer which served as her mobile campaign headquarters became such a familiar sight in the northwest section that most of the district's residents felt they knew Mrs. Griffiths personally.

# Harriman Takes Victory on 10,000 Vote Margin

By JAMES DEVLIN

NEW YORK (AP)—New Dealer Averell Harriman was elected governor of New York in a thriller-diller finish early today by only 10,000 votes of more than five million cast.

This was a plurality of about one fifth of 1 per cent for the former ambassador to Moscow and secretary of commerce over Sen. Irving M. Ives, his Republican opponent.

But Rep. Franklin D. Roosevelt Jr., the Democratic-Liberal candidate for attorney general, went down to defeat before Rep. Jacob K. Javits, the GOP nominee.

* * *

Republican Gov. Thomas E. Dewey, who did not seek re-election, ordered a police guard placed over all voting machines pending the official public recanvass of the votes.

The election appeared to be over midway through the counting last night with Harriman and his running mates leading by around 200,000 votes. Harriman claimed victory and Ives conceded defeat.

Then the gap began to shrink. It was reduced to 100,000, to 35,000, to 26,000, to 16,000, and for a time it looked as though it might disappear altogether.

Ives and Dewey hastily went into a conference at 1 a.m. in Dewey's hotel suite for a "reassessment" of the dramatic returns.

But by 3 a.m. it became apparent that Harriman had indeed won the highest office of the politically powerful state controlled by Dewey for the past 12 years.

It was the closest election ever for the governorship in the modern history of the nation's most populous state.

Harriman's victory was certain to project him into the national political picture with the 1956 presidential campaign approaching.

* * *

But when an interviewer asked him about his plans two years hence, he replied:

"Oh, I'm for Adlai Stevenson."

Harriman had been a candidate against Stevenson for the Democratic presidential nomination in 1952.

The closeness of the outcome indicated plainly that New York, with 35 electoral votes, the most of any state, will be a furious battleground in the next national election.

It is a crime to attempt to commit suicide in the U. S.

**But-Now's the time to Talk Turkey on the buy with the 3-way Bonus!**

We'll give it to you straight.

*Buick's percentage of the nation's total new-car sales has reached an all-time high for the past generation. Sales are soaring so high that Buick now is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three."*

We aim to keep it that way, and end the 1954 model year with a new record—and we're willing to go all out to make it.

So we're talking turkey right now with prices and trade-ins too good to miss. We're offering our best deals ever right now on the car that has the power, the ride, the room, and the *styling* that have taken America by storm.

Come in and see us, and you'll know what we mean.

*Budget-priced hit of the "hardtops" is this stunning Buick SPECIAL Riviera —priced just a few dollars above similar models of the "low-price three."*

**Here's the big 3-way bonus we offer in Buick today**

**Advanced Styling**
—the very look of the new '55 cars is yours in today's Buick at a '54 price and "deal." Long, low glamor lines—sports-car snap—that trend-setting panoramic windshield—fresh, stay-new styling that means a higher resale value for you at trade-in time.

**Better Buy**
—a lot more automobile for your money—more room and power and ride comfort—plus traditional Buick solidity of structure—and all at prices that start right next to those of the so-called "low-price three."

**Record-Making Allowance**
—from the tremendous volume that has put Buick into the nation's top 3 best sellers. And just to keep sales soaring, we're willing to give a whale of an allowance right now to keep success rolling in high. So come in—get the car and the deal that are far too good to pass up.

Weekend games—St. Frederick vs St. Michael (Friday); St. Mary OL at St. James, St. Mary RO at St. Benedict, St. Clement at St. Rita (Sunday).

By BILL MARTIN

St. Michael and St. Frederick will clash Friday night in the 19th annual renewal of their city parochial football rivalry.

**The game, scheduled for 8 p.m. in Wisner Memorial Stadium, is the only Suburban Catholic League contest for Friday. League's other six teams are in action Sunday.**

Featuring Sunday's slate will be the collision of St. Rita's Vikings, unbeaten in six loop starts, and once-defeated Center Line St. Clement. A St. Rita victory will make the Vikings undisputed Suburban League titlists. In other games, Orchard Lake St. Mary plays at St. James and Royal Oak St. Mary is at St. Benedict.

St. Michael, which has won the last four games in the intra-city series, again will be rated a strong favorite Friday.

St. Frederick's football fortunes have fallen into lean times during the past few years. In 1940, the last year Rams defeated St. Michael, they roared to a divisional championship with a perfect 8-0 record. Since then, southsiders have won only two and tied two in 36 starts.

While this is not one of St. Michael's better years from a won-lost standpoint, Shamrocks definitely are a better-than-average club. Mikes have outscored their opposition 110-60 points despite a mediocre 3-4 mark. Three of St. Michael's four losses were by a total margin of 19 points.

Coach Bob Mineweaser's northsiders will seek to retire the current Stephen J. Griffin Memorial trophy this year. They already have won three of four previous cups and have two legs toward permanent possession of this trophy.

**Award of the cup will be made by Rose Griffin, donor of the award named for her late brother who was for many years active in sports circles in Pontiac.**

Two of the league's top scorers will oppose each other in Friday's battle. Dick Doyon, St. Frederick's outstanding end, is currently 2nd in individual scoring while St. Michael's Bud Schwartz, who has played every position in the Shamrock backfield, is tied for 6th.

Leading scorers for the SCL follow:

| | G | TD | EP | Pts. |
|---|---|---|---|---|
| Daldine, Clems | 5 | 9 | 3 | 60 |
| Doyon, Freds | 6 | 6 | 4 | 40 |

| Pontiac | 0 | 2 | 26 | 65 |

Friday's games—Pontiac at Flint Northern; Arthur Hill at Bay City; Flint Central at Saginaw.

Pontiac High's fotball team, burdened by a 5-game losing streak, swing back into rugged Saginaw Valley Conference play Friday night at Flint.

* * *

Chiefs take on Flint Northern in one of three SVC games on schedule. Other contests send Arthur Hill to Bay City Central and Flint Central to Saginaw.

In Flint Northern, Chiefs will encounter a big and fast line and one of the Valley's best-balanced backfields.

**All four Viking backs—quarterback Bruce Campbell, halfbacks Tony Burton and Norm Bryant and fullback Shep Begay—are dangerous runners and all but Begay double as passers.**

* * *

Burton is the team's top ground-gainer and scorer, with a 10.4-yard average in 62 carries and 10 touchdowns. Bryant has a 6.4 average in 43 plays, Begay 6.1 in 48 tries and Campbell 5.6 in 36 runs. Nine of Campbell's 25 pass attempts have clicked for 201 yards, while Burton has added 93 more yards on four completions in five attempts.

* * *

Northern is an extremely explosive team, with only five of its 19 touchdowns coming from inside its 10-yard stripe. Burton's tallies include runs of 95, 65 and 62 yards and passes from Campbell for 67 and 38 yards.

Viking's only losses in six starts were a 25-0 blanking by undefeated Ann Arbor and a 16-19 decision to Bay City Central.

TOM TRACY Tennessee Fullback

JACK FEAR Purdue Tackle

## Travel in Fast Company

# Ex-Maple Ace Tracy, Jack Fear, Former Skipper Help Vols, Purdue on Gridiron

Five former Oakland County area prep athletes are playing major college football this fall.

At state schools are Edgar Meads of Oxford and Jim Bates of Farmington at the University of Michigan and Pat Wilson of Lapeer at Michigan State. Two others ventured out-of-state.

WILSON

Tom Tracy, all-state back at Birmingham High School in 1951, is at Tennessee and former Waterford High School back Jack Fear is on the Purdue University varsity.

Wilson, a brother of ex-Spartan star Johnny Wilson, was regarded as just another promising sophomore early this season, but his development, plus the shift of Johnny Matsock and Clarence Peaks to halfbacks, has made him 2nd string quarterback behind Earl Morrall.

The 6-1, 180-pounder is a fine passer and has seen considerable action for MSC.

**Fear was a center on the Purdue freshman team last year, but a tackle shortage appeared this season and the 6-foot, 200-pound sophomore was switched to that position. He played briefly in Purdue's victory over Missouri.**

Tracy is writing the most headlines among the county collegians. Nicknamed "Tom the Bomb," he is a fullback and with still another season to play looks like a strong All-America candidate.

The powerful 5-9, 186-pound fullback is a swift and elusive runner. He averaged nearly 5 yards per try as a sophomore and is hitting over 8 yards a clip this year.

A model of versatility, he is an excellent blocker, passer, pass receiver and punter. He handles extra points and kick-off assignments for the Volunteers and defensively is a deadly tackler.

**He sprinted 27 yards for a touchdown against Duke, but missed the conversion in a 7-6 loss to the heavily favored Blue Devils. His 73-yard run in the 4th quarter gave the Vols a 21-14 victory over Chattanooga.**

Possibly his best performance was last Saturday as Tennessee downed North Carolina, 26-20. Tracy raced 71 and 43 yards for touchdowns and had an 82-yard run called back due to a penalty. He rushed for 192 yards in 14 carries, an average of 13.7 yards a try. The performance earned him "back of the week" honors on the AP poll.

# Low Pressure Tactics Tried With MSC '11'

## Regulars Are Excused From Drills Tuesday; Will Return Today

EAST LANSING (AP) — Michigan State continued its low pressure tactics this week in preparing for Saturday's football game with Washington State.

**Coaches excused the top 25 players from the workouts Tuesday in an effort to rest the players and try to give them some kind of a lift after the setback of their 5th defeat.**

Subs were set to work rehearsing Washington State plays and regular practices will resume today.

Meanwhile, for the 1st time this season, MSC will be playing before a less than sellout crowd.

* * *

An attendance of about 40,000 is expected for the game, some 5,000 of the total high school students allowed in at a special price. Michigan-Illinois game at Ann Arbor is expected to draw some cash customers and Washington State is rated as only a luke-warm attraction.

Game will be the 5th meeting between the two teams in a series dating back to 1942. Cougars took that one 25-13 but Michigan State won the other three, the last by a 40-0 score in 1948.

## U. of I. Finding

# Exercise, Wheat Germ Oil Are Health Aids

CHAMPAIGN, Ill., (AP)—A champion athlete or a stoop-shouldered professor gets the same advice at the physical fitness laboratory at the University of Illinois.

* * *

The advice is this: Take exercise to improve blood circulation and wheat germ oil to supplement diet.

Dr. T. K. Cureton, head of the laboratory, says the formula got results for Roger Bannister, the world's fastest runner of the mile. He says he advised Bannister in England before Bannister ran the mile in less than four minutes.

* * *

He said it also aided Jody Alderson, the fastest girl free-style swimmer in the United States, members of teams at the university, and hundreds of professors and townsfolk who seek his advice on attaining pep and endurance in and beyond middle age.

* * *

Dr. Cureton says that, while athletes have benefited, he has obtained the best results with sedentary middle-aged men who were "sagging, bagging and falling to pieces."

He worked for years on the theory that circulation is the key to maintaining vigor in an aging body. Two years ago he coupled exercise with dietary supplements.

* * *

Cureton, a professor of physical education, says:

"We've tried vitamins, gelatin, fruit juices, hormones and other foods in the laboratory, but heat germ oil has consistently shown the best results in enabling men to bear hard stress without deteriorating.

## Tourney Fives Named

Opponents for the Third Annual Motor City Tournament, scheduled for Dec. 27 and Dec. 28 at the University of Detroit Memorial Building have been selected. In addition to host teams Wayne and the University of Detroit, the University of Toledo and Penn State will round out the quartet.

# Jeffs Trample Eastern, 19-0

## Archie Brooks Scores 13 Points as Team Finishes Season

Jefferson finished its City Junior High League football season in 2nd place yesterday after trampling Eastern, 19-0. It was the 3rd shutout in four starts for the Jeffs, whose only loss was a 6-0 defeat by champion Washington.

**Jimmy Hawkins returned an Eastern punt 85 yards in the 1st three minutes to give Jefferson an early lead. Archie Brooks kicked the extra point.**

Brooks scored the last two touchdowns, going 59 yards and 40 yards in the 4th period. Key blocks by halfback Buster Anderson and end Eugene Lawson paved the way to the 1st and 2nd scores.

Outstanding defensive performers for the winners were Anderson, ends Hudson Ray and John Herron and fullback Nick Herron.

## Relive Old Times At Marc Catlin Day

Charles Irish, prominent in Pontiac's baseball and other sports activities for many years, will be among those honoring Marc Catlin at Lawrence College, Appleton, Wis., on Saturday.

Catlin, an All-America at University of Chicago in the early 1900s later became coach at Lawrence and served many years. Irish will join Alden W. Thompson of Wayne's faculty in the trip to Appleton, leaving Thursday. Among other Michigan men who attended Lawrence or played football there during Catlin's era include Arnold Brown, Detroit; Walter Folley, Wayne University; Kendrick Kimball, Detroit. H. Guy Moats, Pontiac, worked with Catlin in officiating many midwest games.

# Hard-Running 49er Trio Pacing NFL in Rushing

PHILADELPHIA (AP) — If the San Francisco 49ers win the National Football League's Western Division crown they'll probably be the 1st pro team to "run" to the title in many years.

Pro football teams in recent seasons have used the running game merely as a diversion for the all-important forward pass. The Cleveland Browns with Otto Graham, Los Angeles with Bob Waterfield and Norman Van Brocklin, Detroit with Bobby Layne, they've all been great passing teams. Most fans probably couldn't tell you who the star runner or runners were for those clubs.

Now comes San Francisco with Hugh McElhenny, Joe Perry and John Johnson lugging the ball.

Latest National Football League statistics show McElhenny leading in ground gaining with an eight-yard average per carry. The former Washington U. ace, who has carried 64 times for 515 yards, suffered a shoulder separation in Sunday's game against the Chicago Bears and will be out for the season.

Perry has a 6.1 yard average on 73 attempts for 446 yards. Johnson ranks 4th behind Tank Younger of Los Angeles with a 5.9 norm for 56 carries good for 333 yards. Younger went 419 yards on 69 attempts for a 6.1 average.

Van Brocklin leads passers on a 10.3 average. He has thrown 145 passes, completed 78 for 1,501 yards and six touchdowns. Otto Graham, of the Browns, is 2nd with 8.7 average, 119 passes, 75 completed, 1,036 yards and nine TDs.

Jug Girard of Detroit ousted Van Brocklin from 1st place in punting with a 45.7 average on 22 punts and Jack Christiansen of Detroit is tops in punt returns with an average 18.6 yards on eight returns. Bill Bowman of Detroit leads in kickoff returns with an average of 33.8 yards on five returns.

# Grid Attendance Up in Western Canada

WINNIPEG (AP)— A total of 617,634 fans sat in on the 40-game regular season played by the Western Interprovincial League of Canadian pro football this season, the league reported Wednesday.

While no official figures were available from last year, a general increase resulted this season since all five cities in the league — Vancouver, Winnipeg, Edmonton, Calgary and Regina — added to the 1953 capacities of their stadiums. The Winnipeg Blue Bombers, playing their second season in the league, were tops in home attendance with a 136,591 total.

# Frisco Voters OK Bond for Stadium

SAN FRANCISCO (AP) — A five million dollar bond issue for a stadium, designed to attract big league baseball to San Francisco apparently was approved by the city's voters in yesterday's election.

The bond issue, needing a 2-3 majority, was leading 104,752 to 42,599 in returns from 1,200 of the city's 1,302 precincts.

## Saavedra Is Winner

GALVESTON, Tex. (AP) — Chino Saavedra, Texas featherweight and lightweight champ, took a unanimous 10-round decision here Tuesday night over Ralph Capone, former International Golden Gloves champion.

Saavedra, whose hometown is Tireon, Mex., weighed 135, to 134 for Capone, whose home is Chicago.

## Lightest Pivot Man

At 203 pounds, Detroit Lion's rookie center Andy Miketa of North Carolina is the lightest pivot man in the NFL.

# Oh, Oh! The Major Scents Another Upset

## Hoople Puts U. of M. on Loser's Side for Saturday Scrap

By MAJOR AMOS B. HOOPLE

Egad! Gentle readers, let me quote from my book "Quoits and Quartets" to give you a picture of what I am now enduring:

"Put a man in the public eye," I wrote, "and the people at once start trying to devise ways to pillory him!"

That has happened to, of all people, me!

**Several letters, couched in rather brusque English, have impertinently asked what I ever accomplished in life that I should be regarded as a football expert.**

It's a long story, replete with brilliant deeds and feats of derring-do. At 7 I was playing chess with world's chess masters, and wearing blinkers — er, I mean blindfolds — at that. I was a champion at curling, in the days of Dunbar and Griggs. The great Alfredo deOro of pocket-billiards fame used to study my style. Jim Jeffries learned about infighting from my bouts at the Owls Club — har-rumph! I am expert at more sports than I care to mention.

And all this experience is rolled up in every one of my weekly forecasts, that follow including the upset win for Illinois over Michigan at Ann Arbor (21-20).

Michigan State 20, Wash. State 0; Ohio State 20, Pitt 13; Purdue 19, Iowa 13; Minnesota 28, Oregon State 13; Wisconsin 14, Northwestern 7; Notre Dame 20, Penn 6; Duke 20, Navy 14; Oklahoma 34, Iowa State 6; Nebraska 27 Kansas O; Tennessee 20, George Tech. 13; Colorado 20, Missouri 13; Alabama 20, Tulane 0; Yale 14, Army 13; Columbia 14, Dartmouth 6; Harvard 7 Princeton 0; Rice 20, Arkansas 13; Texas 14, Baylor 7; Florida 21, Georgia 14; Kentucky 14, Vandy 0; SMU 14, Tex. # Indians Would Win Replay of Series – Mantle

COLORADO SPRINGS, Colo. (AP) — The Cleveland Indians would beat the New York Giants in a World Series if they played again, New York Yankee star Mickey Mantle told newsmen Tuesday.

The 23-year-old switch-hitting centerfielder, here on a business trip, figured that Cleveland is still the toughest team in the American League.

"Sure I was surprised when they didn't beat the Giants in the series," he said. "But the Giants got the jump and got real good pitching. That was the difference."

Mantle visited former Yankee teammate Pvt. Billy Martin at nearby Ft. Carson. They agreed that with some better pitching, the Yankees will be tough to beat in 1955.

# Allie Reynolds May Be on Way Out as Hurler

## Injury to Finger on Right Hand Adds Fuel to Retirement Talk

OKLAHOMA CITY (AP)—Allie Reynolds, the big Indian righthander who reached the major league heights during an eight-year span with the New York Yankees, may have pitched his last baseball game.

* * *

A nasty cut on the right index finger added new fuel to retirement rumors which were already persistent because of his age—he'll be 38 in February—and a chronic back ailment. He cut the finger to the bone in a shower room accident last Thursday in Colorado Springs, Colo., following a deer hunt.

* * *

With this development, there are three big question marks surrounding his baseball future:

1. Whether the grafting operation performed after the accident will prevent the crippling of his pitching hand.

2. How his back feels in spring training.

3. Success of his oil business, which will determine whether he wants to pitch another year for the $30,000 or so he can expect to earn.

* * *

Reynolds, who has often hinted at retirement the past two years, indicated he won't make his decision until he sees how the cut actually affects his pitching.

# Hollis Named Pan-Am Driver

## Pontiac Mechanic to Work With Mexican in Big Road Race

A Pontiac auto mechanic, Ed Hollis, who lives at Maceday Lake, will be co-driver of an entry in the annual Pan-American Road Race in Mexico this month.

* * *

The 26-year-old Hollis, a bump and paint man at Oliver Motor Sales in Pontiac will team with J. P. Zoccono, a Mexican driver, in a 1954 Buick Century. The car is on display at Oliver's today.

A total of 154 cars from 14 countries are listed for the grueling 1,908-mile test, which runs from the southern border of Mexico to the Texas boundary. The race is slated Nov. 19-23, and the entries are competing for $114,000 in prizes.

## Yale Coach Denies He's Headed for California

LOS ANGELES (AP) — Yale Football Coach Jordan Olivar says he has not been offered and is not considering an offer to coach the University of California football team, the Examiner reports.

# Ace 2-Year-Old Seriously Ill

NEW YORK (INS) — Veterinarians are striving to save the life of Mrs. Russell A. Firestone's two-year-old colt Summer Tan, winner of the Garden State Stakes and regarded as one of horse racing's top juveniles.

**Summer Tan, which brought his owner $151,095.75 when he won the world's richest race at Garden State Park last Saturday, is seriously ill from a blood clot in the arteries leading to the large intestine.**

The colt, being treated at his home stable at Belmont Park, was given some relief last night but trainer Sherill W. Ward said he "is far from out of the woods."

## Frank Tripucka Sets Canadian Pass Mark

REGINA (AP) — Frank Tripucka of Saskatchewan Roughriders, the leading passer in the Western Interprovincial (Canadian) Football Union this year, set a league record for percentage of passes completed in the regular season.

Figures by League Statistician Bill Hawrylak showed Tripucka, one-time Notre Dame quarter, heaved the most passes, 259, and completed the most, 152, for a completion average of 58.7 per cent. The previous record of 58.5 per cent was established a year ago by Rider Coach Frank Filchock who completed 62 of 106 passes.

## Gandee Likes Hunting

Duck hunting is the favorite recreation of Detroit Lion end Sherwin Gandee in free moments during the grid season.

# Voigts Proud of Wildcats' 11 Despite Record

## Fumbles, Injuries and Boners Cost NW Team 5 Straight Games

EVANSTON, Ill. (AP) — While coaches at other major football schools are disciplining athletes, Bob Voigts said Wednesday he was "kinda proud" of his Northwestern Wildcats who have lost five straight games.

* * *

Voigts, a top candidate for hard-luck-coach-of-the-year distinction, by rights should be tearing out the few tufts left on his balding head. Fumbles, injuries and boners have plagued him. And Voigts hasn't won a Big Ten game since 1952.

Yet, with deep sincerity, Voigts says:

"This is the most remarkable group of kids I've had in my eight years at Northwestern."

His Wildcats lost by one touchdown to Southern California, Michigan, Pittsburgh and Ohio State. Fumbles directly cost the Southern California and Michigan games and last Saturday against Ohio State, the nation's erstwhile No. 1 team, Northwestern just ran out of able-bodied men.

* * *

**Northwestern won its opener from Iowa State 27-14, then lost five. Minnesota is the only team which pushed around the 'Cats, 26-7.**

The Ohio State game cost the Wildcats the services for the rest of the season of their leading ground-gainer, halfback Jim Troglio, and their only seasoned quarterback, John Rearden.

The co-captain and center, John DaMore, and a good end, Bob Morman, still carry injuries from the 14-7 loss to Pittsburgh two weeks ago and may not play against Wisconsin at Madison Saturday.

So what's remarkable about this gang?

* * *

Explains Voigts: "Before the Ohio State game, everybody was thinking ways for us to hold down Ohio's score. But my kids were convinced and convincing me we could beat Ohio State.

"So last Sunday, when our training room was chock full of casualties what was the talk? They knew how they could beat Wisconsin."

## You Be the Quarterback

By Warren Gaer
Head Football Coach
Drake University

Western Michigan's Broncos trail Ohio University, 7-0, with six minutes to go in the 1st half. It is the Broncos' ball, 2nd down and goal on the Ohio nine-yard line.

A pass play with a fine right end making a great catch and run moved the ball 76 yards to the 10, and on the 1st down, the Broncos made one-yard with an off-tackle slant.

**Broncos have made only two 1st downs for the half. Both were on the 1st offensive move with the left half running off tackle from the single wing and the fullback hitting inside. Since then, Ohio has plugged the holes, a reverse has failed twice, and the passing attack has made seven yards aside from the one long gain.**

Ohio has been constantly shifting defenses and one linebacker seems to anticipate the Broncos' every move. The ball is 20 yards from the left sideline and there is virtually no wind.

As the Western Michigan quarterback, rate these plays 1, 2, 3 and 4 for this spot:

Quick pass to right end over the line

End-around play with right end carrying

Pass to halfback deep with good end going shallow

Pass to left end as he crosses with right end.

(Answer elsewhere on the sports pages).

## Filchock Signs for '55

REGINA (AP) — Frank Filchock, onetime New York Giants quarterback, has signed another one-year contract to coach the Saskatchewan Roughriders of the Western Interprovincial Football Union. Filchock, first signed as coach of the Canadian pro team in 1953, guided the Riders to the playoff semifinals for the past two years. They were eliminated in this year's playoff Monday by Winnipeg.

# Winkler Leads West German Team to Two Big Victories in International Horse Competition

NEW YORK (AP)—Hans Winkler who works for an aspirin manufacturer in Germany is giving headaches to the international horse set.

The world - champion jumper from Frankfurt helped the West German team win two important international events Tuesday as the National Horse Show opened at Madison Square Garden.

Winkler, a handsome dark haired man of 28, has been riding since 1948—the last two years in international shows. He won the world championship this year at Madrid after finishing second last year.

"It is very difficult to get good horses in Germany," he said Tuesday night in good English. He had just won the International Good Will Challenge Trophy over riders from Spain, Mexico, Canada and the United States on his 9-year-old mare, Halla.

* * *

"The military used to have plenty of horses," he said. "Now there is no military. We have no cavalry, just like you. It is all civilian. You have to buy your own horse and you're never sure what you'll get."

* * *

Hans is a little man, only about 135 pounds but he handles his mounts with the greatest of ease. Halla is his special prize. He believes his mare is fast developing into one of the best jumpers in competition.

Halla skimmed over the difficult, 10-jump course to win the Good Will trophy with the only faultless ride of the night. Seven others knocked down one barrier each.

Johnny Vaught is the 20th football coach at the University of Mississippi. The game was first played by the school in 1893.

# Change Anticipated in College Grid TV Setup

By HUGH FULLERTON JR.

NEW YORK (AP) — Football's four million dollar television show may cost the sponsoring network nearly two million dollars and the chances are the colleges will have to accept a lot less money for the rights to televise their games next fall.

• • •

The guess in the television industry is that the American Broadcasting Company will lose about $1,800,000 on its 4½ million dollar "package" this year. This includes 12 weeks of football televising supporting radio shows that are paying their own way, and a 26-week program of other college sports which will begin in December.

**ABC, naturally, isn't giving out any figures. But halfway through the football season, these facts can be fairly well confirmed through conversations—some off the record — with television executives, NCAA committee members and leaders of the opposition to the NCAA control plan.**

• • •

1. The broadcasting company is losing a peck of money because it couldn't find sponsors to pay the full costs of the NCAA "game of the week." This already has led, in part, to a shakeup of ABC executive personnel and likely will have an important bearing on future bids for college football rights.

• • •

2. The Big Ten, with some support from the Pacific Coast Conference, is campaigning vigorously for a change in the control system, putting the telecasts on a regional, instead of national basis. Tug Wilson, Fritz Crisler and other Big Ten leaders cite the shortage of sponsors and the 1954 difficulties as an argument for their plan.

• • •

3. Almost any day, Ed (Moose) Krause of Notre Dame will begin another strong pitch for unrestricted football television, which Notre Dame always has favored.

4. Members of the NCAA television committee believe strongly that a "hold the line" policy is necessary now. They'd be willing to make some concessions and already have made a few to help out ABC, but they feel any change in the basic concept of the NCAA controls would hurt. Protection of the colleges' gate receipts is the No. 1 factor.

• • •

**5. Virtually everyone familiar with the situation agrees that "something" is bound to happen before next season. No one can say what will happen, except that the price of the NCAA "package" is so high it will have to come down.**

• • •

All these factors could cause a terrific hassle at the NCAA convention next January unless the present committee comes up with a plan that can't be attacked or unless the potential sponsors are convinced by this year's program that college football is a good "buy."

## Deer Herds Approach Balance With Forests

MINNEAPOLIS (AP)—The burgeoning deer herds of the Great Lakes states now are more clearly in balance with their forest homes than at any time in the past 20 years. The U. S. Forest Service has several reasons for this good news in the wild life game field.

Three consecutive anterless deer seasons in Wisconsin have helped, the forest officials say. Also much help has been given by the continuing any-deer seasons of Minnesota and a special season in Michigan. Also helping has been this herd reduction which permits recovery of hard-browsed trees.

## 7 Horses From Four Countries in International

### Laurel Park's Event Today; Fisherman and Banassa Favorites

LAUREL, Md. (AP) — An aristocratic field of seven horses from four countries will battle it out today in the 3rd running of the Washington, D. C. International at Laurel Park for a winner's purse of $50,000, plus global honors and prestige in the thoroughbred racing world.

**Landau, an English colt owned by Queen Elizabeth, is the probable sentimental choice for this mile-and-one-half grind on the infield grass course. But the customers are expected to slap the heaviest bankrolls on Banassa from France and Fisherman from the United States.**

Fisherman, owned by the New York sportsman, C. V. Whitney, became an added starter to the race no American horse has been able to win when the King Ranch's High Gun was forced out by a hip injury.

Foreign contingent swings toward Banassa, one overseas visitor going so far as to rate this 4-year-old filly better than Warden, who won the 1953 International.

## 'Hunchy' Dependable

In eight seasons of pro football Detroit Lion halfback Bob Hoernschemeyer has averaged better than 500 yards rushing per season.

## *Fine Defensive Play Saves Lions' Leon Hart $25 Fine*

DETROIT (AP)—Lanky Leon Hart, a player who for four years has resisted playing defense for the Detroit Lions, made himself a quick $25 Sunday because he was forced to play that position.

Those who know say Hart's affliction against the defenseive end position isn't because he's a Prima Donna — it's just smart business. Those who play for money must maintain a reputation and oft-talked about defensive stars are rare.

• • •

But Sunday, when defensive end Sonny Gandee was injured against the Los Angeles Rams, Hart was sent in to replace him.

• • •

It was early in the second period when big Leon, who stands 6-5 and weighs 255, committed a bit of larceny that Coach Buddy Parker went for $25 worth.

Hart was rushing in the backfield. Norm van Brocklin had the ball when Leon, all arms at the time, swiped it from him, turned and ran 22 yards for the touchdown that put Detroit ahead 17-14 for the first time in the game. The Lions finally won, 27-24.

• • •

A few days ago Parker had fined Hart $25 for missing dinner at the Lions' pre-game camp in Pasadena. Following the game he yelled at Hart:

"Hey, Leon, you can forget about that dough. We are rescinding that fine after the great game."

## *Much of Titan Cage Hopes on Pontiac Star*

Guy Sparrow of Pontiac is one of the principal reasons for the optimistic view University of Detroit basketball coach Bob Calihan has for the forthcoming season.

**Sparrow rated a fine chance for All-America honors in this, his senior season, holds every scoring and rebounding record to be had at UD. He leads the list of returning players from last year's squad.**

In addition to the 6-5 Sparrow, guards Dan Halling and Ralph Golstein, center Bob Decker (6-6) and Capt. George Fefles are all back for another season. Another hot prospect is 6-3 sophomore Bill Ebben.

The Titans are expected to vastly improve last year's record of 11 wins and 17 losses. UD opens its season Dec. 1 at home against Assumption.

Included on the tough 26-game schedule are such powers as Bowling Green, Loyola, Marquette and Toledo as well as intra-city rival Wayne and the other member schools of the rugged Missouri Valley Conference, Houston, Oklahoma A&M; Tulsa, St. Louis and Wichita.

## Spartans Meet Wings

EAST LANSING (AP) — A exhibition game with the Detroit Red Wings will open the hockey season for the Michigan State team Nov. 17. The entire Red Wing championship squad is scheduled to appear on MSC ice.

# Wolverine '11' Warned About Illinois' Backs

### Illini Trio Is Called 'Most Dangerous Unit in Country'

By JOHN BARBOUR

ANN ARBOR (AP) — "When they see two feet of daylight, they're gone, brother, I mean gone."

That was the way Michigan assistant coach Pete Kinyon summed up what he calls "the most dangerous backfield in the country — Caroline, Woodson and Bates" of the Fighting Illini.

Kinyon, who has seen Illinois play against Minnesota, Syracuse and Purdue, briefed the Michigan players on the talents of the speedy Illinois backs they meet Saturday in Ann Arbor. He added:

"The Illinois squad has come a long way. They're improved every weekend."

**Illini had shared the Big Ten crown last year with Michigan State. Yet they started off the current season by losing to Penn State. Then they lost in succession to Stanford and Minnesota before beating Syracuse.**

Last week, while Michigan was losing to Indiana, Illinois lost to another Big Ten passing team, Purdue. But writers pointed out that Purdue's 1st two scores, the winning margin, were due to Illinois fumbles.

"Their line is not as inexperienced as some say," Kinyon added. "They have veterans at guard and at one tackle."

"I think they jelled against Syracuse."

Kinyon said that the Illinois team was always dangerous with its backfield speed, "and they'll be after Michigan."

Michigan coach Bennie Oosterbaan, who had to take the loss of his star right halfback, Tony Branoff, and defeat to Indiana in the same weekend agreed:

"Illinois should be very tough. All those backs need is a little room and they might go for anything up to a touchdown."

# Wind Can Become Drawback in Fixed Location Shooting

By JACK PATTERSON

The last week of October was a reasonably busy one for the writer, with duck hunting the feature attraction. Tuesday and Wednesday we spent some time near Amherstburg, Ont. with Atty. John Bell on a marsh owned jointly by Bell and sometime congressional hopeful Stan Brown of Bloomfield Township. The slaughter was light but mainly because opportunities were not always efficiently taken advantage of.

PATTERSON

Thursday and Friday we gave Houghton Lake's north weed bed a tryout with Bob Nelson, Henry Gaukler and Ross Thompson. There were plenty of redheads on the lake but for the two days we shot the wind was in the wrong direction to make the weed bed attractive.

* * *

This, of course, has always been the major drawback of fixed location shooting, and presumably always will be. When ducks are moving such a setup works well, but when they're rafting in an area other than the gunner's, he's pretty much left to twiddle his thumbs and pick off the occasional single. Under such conditions, sneak boating is about the only answer.

**Mrs. Gaukler and Mrs. Thompson joined their husbands for the girls' first crack at duck hunting. After a couple days of snow and wind and the kind of rough water for which Houghton Lake is noted, we probably wouldn't be far wrong in predicting it will be their last.**

Lake St. Clair duck hunters are advised via Oakland County Sportsmen's Club Secretary, George Zimmerman, that more redheads and broadbills are reported in the area than have been seen for many years.

Spent Saturday in Alcona County with Nelson for a change of pace crack at pats. The less said about it the better, except maybe to post, for the record, a batting — or shooting — average of a nice clean .000.

Got home to find that all the occupational hazards of an outdoor writer are not of the obvious outdoorsy kind. For some reason we've never clearly understood we have a wall telephone in the kitchen.

**Said phone suddenly decided to receive but not to send. After an hour or so of complete befuddlement, the repairman finally discovered that a fish hook had somehow insinuated itself into the dialing mechanism, effectively shorting the outbound circuit.**

Recent snowfalls and generally wintry weather remind us that it won't be long before we can: 1. Go north and shoot the pitiful remnants of the deer herd, sadly depleted by short-sighted Conservation Department practices, or 2. Go north and shoot plentiful, larger than average, big-racked bucks, substantially increased in numbers by far-seeing Conservation Department practices.

We won't make a prediction yet about the eve of season deer situation but will wager that of the thousands of hunters heading north, about half will have aim No. 1 (above) in mind, the rest aim No. 2. Because most of these guys run around with lethal weapons we'll take a position somewhere near the middle.

Joey Jay, young bonus pitcher for the Milwaukee Braves, has won two games and lost none in two years with the club.

## Michigan Outdoors:

# Hunters Find Ducks Unpredictable Game

By MORT NEFF

Ducks are funny critters! Ask any duck hunter. He'll tell you weird tales of his contacts with these rocketing waterfowl that nest in far-off places to the north, then shuttle southward with the first windy days of fall. The hunter tries in vain to prophesy these flights to lure the wary wings to his bobbing decoys, to estimate the wind and weather that will bring them to their feeding grounds near which his blind is skillfully rigged.

NEFF

**Put up the best-camouflaged blind in a marsh loaded with natural duck food. Install a champion duck-caller within, together with a dead-eye Dick and a trusty 12-gauge at his side . . . and what have you got? Maybe a limit in 20 minutes. Maybe all day and nary a bird within range.**

Sneak-shooters will tell you of days when they literally can't keep the ducks out of their set of decoys.

Next day, same weather, same ducks and you can't get within 100 yards of a single that just happened to plunk into the blocks.

Layout shooters recall a flock of bluebills jockeying straight in, plopping into the decoy pattern all around the tiny boat, purring contentedly to their new found friends. As the hunters sit up to shoot, the purring stops, but the ducks refuse to fly, preferring to dive under the boat, come up on the other side and look the gunner in the eye.

Shooting a sitting duck is poor sportsmanship . . . and a moment like this can bewilder the toughest veteran afloat! It can also steer him into a more prosaic sport, like rabbit hunting.

## 5 Contests Offered Hunters at Cadillac

Cadillac Chamber of Commerce has announced plans for its annual "get your buck at Cadillac" contest. There are 5 divisions for hunters who get their buick in the upstate area, to enter; biggest buck, buck with longest tail; most points, widest rack and smallest buck. Plaques go to winners. Backers say the outlook for good hunting is very good in Wexford County.

## Fewer Law-Breakers

LANSING (UP) — Conservation law violators numbered 228 last week, compared with 271 the previous week, the conservation department said today.

# 'Commercials' Defy State Law on Chub Fishing

## Make Hauls at Grand Haven, Under Ottawa County Injunction

GRAND HAVEN (UP)—A group of 19 Ottawa County commercial fishermen were hauling in chubs from Lake Michigan Tuesday despite a state law banning such catches from Nov. 1-30.

Ottawa County Circuit Judge Raymond L. Smith granted the fishermen a preliminary injunction Monday to permit them to fish for chubs, or lake herring, this month.

**The fishermen claim Michigan's 1933 law prohibiting chub fishing is "unreasonable and unconstitutional" because Wisconsin now permits the taking of chubs during November. Wisconsin lifted its November ban on chub fishing three weeks ago.**

State conservation officials promised they would give the fishermen a "legal scrap" as a matter of principle."

"We don't blame the fishermen for wanting to go after chubs," deputy conservation department director Wayland Osgood said. "But we are charged with enforcement of a state statute and we don't intend to back down—it's a matter of principle."

Conservation authorities agree that population of chubs is high and in need of harvest but claim "we don't make laws as we go along." Osgood said the conservation commission is expected to vote this week to ask the legislature to lift the ban during the 1955 session.

Meanwhile, conservation director Gerald Eddy said he will ask attorney general Frank G. Millard to take steps to dissolve the injunction.

California horse players failed to cash more than $400,000 worth of winning parimutuel tickets in 1953.

## 65,000 Permits Mailed for 'Any Deer' Season

LANSING (UP) — About 65,000 special season deer hunting licenses have already been mailed out to hunters, the conservation department said today.

Licenses will permit hunters to kill any deer, regardless of sex or age, on Dec. 1 in certain parts of the state.

About 16,000 permits were still unmailed Monday, the deadline for applications. Department spokesmen said, however, that a last-minute rush of applications would cut sharply into this surplus.

The department said it expected permit quotas for most areas would probably be filled.

## Compass, Matches, Map 'Musts' for Hunters

LANSING (UP) — A compass, matches and a map of the county being hunted are "musts" for hunting trips, the conservation department warned prospective deer hunters.

The department also reminded hunters game wardens and state police will cooperate in providing a message service during hunting seasons so sportsmen can keep emergency contact with their families.

## Heavy Kill of Geese at State Game Areas

LANSING (UP) — An unusual number of Canada geese have been shot in the Swan Creek highbanks and the Fennville game area this season, the conservation department reports.

The department said hunters bagged 449 geese in the Swan Creek area and 210 in the Fennville area. About 4,000 geese are estimated to be in the area—the largest number this fall.

## 'Sighting-In Day' Set

Sunday will be official "sighting-in day" for members of the Oakland County Sportsmen's Club wishing to try out deer rifles prior to heading north. Qualified riflemen will be on the range throughout the day to offer assistance to members.

# PKC Arranges Puppy Match

Arrangements have been completed for the annual puppy match under Pontiac Kennel Club auspices, to take place at Pontiac Armory Sunday afternoon, Nov. 28.

**The match is an all-breed affair. Entries are expected to cover some 30-35 different breeds, ranging from Brittanies, to Welsh Corgis and including spaniels, retrievers, pointers, setters, beagles, Basenjis, Afghans, Borzois, boxers, St. Bernards, Danes, Newfoundlands, Pinschers, Samoyedes, and all the other well known breeds.**

Besides the dozen or more group events, there will be showmanship class for junior exhibitors, up to 16 years of age. Silver trophy is offered by PKC for all best of breeds and varieties, besides many other trophies.

Judges include:

Mrs. H. F. Gasow, Birmingham; Joseph Frydrych, Warren; Chris G. Teeter, Birmingham; Edwin Kivela, Farmington; Fred G. Seaver, Detroit; Dr. E. E. Brayfogle, Marshall, O.; Stanley Alston, Detroit; Mrs. Verena Wisbon, Toledo; Dr. O. A. Richardson, Ann Arbor; Mrs. James Wheeling, Detroit; Joseph Faigel, Detroit and Mrs. A. S. McNeill, Rochester.

Judging schedule—working breeds at noon; sporting and hounds, 2 p.m.; terriers, toys and non-sporting, 3 p.m.; groups 5 p.m. and best in match at 6 o'clock.

# Tracy, Beagle Get Plaudits of Writers

By ED WILKS
The Associated Press

Navy's Ron Beagle, a 6-foot, 185-pound end who rocked Notre Dame on defense and ran the Irish ragged with his pass catches in the Middies' 6-0 defeat last Saturday, was named The Associated Press Lineman of the Week Wednesday.

At the same time, the AP writers selected Tennessee's Tom (The Bomb) Tracy, explosive fullback, as back of the week. Tracy, former Birmingham, Mich. prep star, outshone Dicky Moegle of Rice, a consistant contender for the honor. Tracy turned in a remarkable game against North Carolina last Saturday to win the vote. (See feature on Tracy elsewhere in today's Pontiac Press sports pages.)

* * *

It was Beagle, a 20-year-old junior from Covington, Ky., who teamed with quarterback Georgie Welsh in a passing attack that perked up the Navy offense and almost paid off in a tying touchdown in the third period.

* * *

Beagle snared a Welsh toss on the Notre Dame six and had an open path to the touchdown, but the slippery field spilled him as he tried to cut after making the catch. Four plays later the Middies fumbled just a foot from the goal and Notre Dame recovered in the end zone.

* * *

Beagle's defensive play matched his offensive work and prompted Edward (Moose) Krause, Notre Dame athletic director, to praise him as "one of the best defensive players I've seen this year. Truly an All-America."

An outstanding sophomore last year and the only letterman flanker on the 1954 Navy team, Beagle is the second end to be named in the Lineman of the Week series this season. The other is Fred Glatz of Pittsburgh.

* * *

It was Beagle's all-around excellence that gave him the edge over Notre Dame's Sam Palumbo. Palumbo made the bruising tackle that ripped the ball loose in the all-important fumble on the Irish goal line. Steve Delatorre, Florida's 5-foot-11 center and linebacker who made 12 unassisted tackles against Mississippi State was also outstanding.

REDSKIN STANDOUTS—These Milford High gridders lead their team into Friday's season finale at South Lyon with the rejuvenated Redskins seeking their 3rd straight win. Doing the blocking are (from left) Don Perkuchin, an outstanding end, and 2 big inner linemen, tackle Dave Slocum and center Tom Gould. Milford's top backs are both juniors, Tom Motley (left) and Fred Baker.

## Detroit Honors Devany, Parker

### Poll Picks Sportsman, Sportswoman of Year in Motor City

DETROIT (UP) — Pat Devany, Grosse Isle golfer, and Detroit Lions coach Buddy Parker today were named Detroit's "sportsman and sportswoman of the year".

**Parker and Miss Devany were chosen in a poll of 100 sports writers, broadcasters and sports officials conducted by the United Foundation Torch drive.**

Miss Devany has been a ranking star in Detroit district play for many seasons and has won both the district match and medal championships.

Parker has led the Lions to two straight National Professional Football league championships and currently has the Detroit club in a tie for 1st place in the league's Western Division.

### 1st 'Whitewash' Job

The Lions' 1954 shutout of the Baltimore Colts, 35-0, was Detroit's 1st "whitewash" job since stopping the Chicago Cards, 26-0, during the 1945 season.

### 31 Records Broken

## Breaking of 4-Minute Mile, 60-Foot Shot Put Barriers Topped Track Year

By STERLING SLAPPEY

LONDON (UP) — Track and field athletes broke 31 men's world records to make the 1954 season the greatest since ancient Greece both in quantity of records and quality of performances.

During the year two great landmarks were passed for the first time—a mile was run in less than four minutes and the shot was torsed through the air for more than 60 feet.

**Several performances were so outstanding that track experts again are asking, "just what is the human body capable of? What are the limits of its strength and endurance?"**

O major note was Russia's surpassing for the first time the United States in the parade of setting world marks. Russia set eight records in the 1954 season while the United States set seven. Little Czechoslovakia had six while Australia and Great Britain set three apiece.

The remaining four went to men from Norway, Finland, Hungary and Denmark.

During 1954 the 5,000 meters was run in less than 14 minutes five times. Meanwhile, the three mile record was broken four times.

Records fell at such a pace that Britain's Chris Chataway ran second in five world record setting races before he managed to set a mark of his own. Then his mark, in the 5,000 meters, lasted only 17 days.

Dr. Roger Bannister of Britain broke through the almost magic mile barrier with his 3:59.4 at Oxford, England, on May 6. Forty six days later Australia's John Landy broke Bannister's mark with a 3:58 clocking.

**Before another month and a half passed, both Dr. Bannister and school teacher Landy again had run a mile in under four minutes.**

America's Parry O'Brien passed the shot put landmark last May and during a 49-day period he repeated the heave four more times. His longest put was 60 feet 10 inches.

Wes Santee of America set a 1,500 meters record and 17 days later Landy broke it.

## Helinski Awarded Back of Week Title

ANN ARBOR (UP) — Florian Helinski, Indiana's two-way terror who directed the Hoosiers to a stunning upset victory over Michigan last Saturday, was named "Midwest Back of the Week" today by the United Press.

Helinski, a 21-year-old senior quarterback from Hurley, Wis., played a major part in all of Indiana's scoring against Michigan as he plunged for one touchdown, passed for another and kicked an extra point.

## Oregon Back Yardage Leader

### George Shaw Stands Between Cal's Larson and 2nd Title

NEW YORK (UP) — George Shaw of Oregon stands between California's Paul Larson and his 2nd straight total offense title.

Larson picked up 62 yards on the Oregon back last week, but figures released by the NCAA service Bureau today showed Shaw still leads all major college football players with 1,245 yards. Larson is 2nd with 1,117 yards. Each has three games left to play.

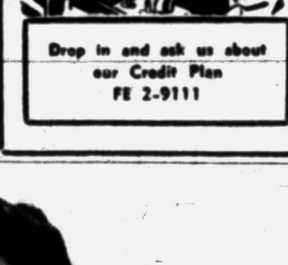

**Larson leads everyone in passing with 93 completions for 1,125 attempts. His completion average is 65.5 per cent. Record is 60.9 per cent, set by Washington's Don Heinrich in 1950. Last Saturday, Larson threw 38 passes, complete 25 for 280 yards.**

Art Luppino, the Arizona sophomore, still is far ahead in rushing with 892 yards, but Penn State's Lenny Moore has moved into 2nd place with 717 to 681 for Colorado's John Bayuk. Army's Tom Bell, with 660 yards, has the best average per play, 12.2 yards for 54 carries.

Alan Ameche, the workhorse of the Wisconsin backfield, is down in 11th place among the runners, but is closing in on a record. He has 3,127 yards rushing in four varsity seasons and needs 40 more to wipe out the college career standard of 3,166 set by San Francisco's Ollie Matson in three years (1949-51).

# Victory Stride Comes Too Late

## Milford, 'Jays Hot, but Can't Win Loop Titles

### Rochester Can Better '53 Record; Six Area 11s Undefeated

By JACK SAYLOR

The prep football season is coming to a close just a little too soon for Milford, Rochester and Southfield High Schools.

Coaches Dick Yaeger, Gene Konley and Monte Charles probably don't agree, having been thinking and working football since August, but their teams just now appear to be hitting their strides.

**For Milford and Southfield, it comes too late for title aspriations in the Wayne-Oakland and Inter-Lakes leagues. Rochester, an independent, has a chance to better last season's record if the Falcons can trip Berkley in their final game Friday.**

Following a mediocre start, Konley's crew has won 3 straight. Southfield also had an up-and-down early season record, but have come on fast to win its last 3 games. A 21-7 loss to Berkley, however, cost the Bluejays the Inter-Lakes crown and they settled for 2nd place. The 'Jays close Friday at Redford Union.

Yaeger's Milford 11 won only 1 of its first 4 games, but after playing a muddy 0-0 tie with Holly, the Redskins have scored decisive wins over Brighton and Keego Harbor.

The Holly-Milford tie has cost both teams any chance for a W-O title share.

Milford closes its campaign Friday at South Lyon. A victory means the 'Skins will match their 1953 record of 4-3-1.

**Two teams in the county and 4 others in the area are bidding for unbeaten seasons. North Branch winds up Friday against Capac. The Broncos have a streak of 8 wins and 23 games without a loss going as they shoot for their 2nd straight unbeaten campaign.**

Center Line (7-0) and Dryden (5-0) have 2 games remaining. Twice-tied Avondale and once-tied Fitzgerald also have 2 games left. Oxford (7-0) concludes Nov. 13 in Pontiac against St. Mikes.

Feature games this week are the Pontiac intra-city battle between St. Mikes and St. Freds, the Rochester-Berkley affair, and Wayne-Oakland games matching Keego and Clarenceville and Clarkston and Holly.

The schedule:

**FRIDAY**

Pontiac at Flint Northern; St. Fred's at St. Mikes; Walled Lake at Plymouth; Southfield at Redford Union; Berkley at Rochester; Farmington at Bentley; Van Dyke at Hazel Park; Keego Harbor at Clarenceville; Milford at South Lyon; Clarkston at Holly; Brighton at Northville; Romeo at Clawson; Avondale at Madison; Lake Orion at Troy; Roosville at Fitzgerald; Flint St. Mikes at Lapeer; Ferndale at Royal Oak; Bloomfield Hills at Huron Valley; Hamtramck at East Detroit; Mt. Clemens at Owosso; Flint Holly Redeemer at Ortonville; Imlay City at Almont; Capac at North Branch; Utica at Lakeview; MC St. Mary at Warren; Center Line at Eastland; Lake Shore at South Lake; Richmond St. Augustine at Dryden.

**SATURDAY**

Cranbrook at Western Reserve Academy.

**SUNDAY**

St. Gregory at Shrine; OL St. Mary at St. James; RO St. Mary at St. Benedict.

## You Be the Quarterback

4. End-around. No. It would be too late developing for this spot.

3. Pass to halfback deep. There isn't much room for completion. Pass patterns, of course are more complex than space allows us to describe here.

2. Pass to end crossing. Your good end serves as a decoy for this one.

1. Quick pass. Best call. Stay with your good end. He can't be held in too much at the nine-yard line. He can set out and get free if he has to.

## 'Ducky' Oertel Moves Into Baltimore Orioles' Family

By H. GUY MOATS

**A former Pontiac prep athletic star will get his chance next spring at a major league berth. He is Charles (Ducky) Oertel, 23-year-old ex-St. Frederick all-around sports star and a professional baseball player since 1950.**

**Oertel was signed recently by the Baltimore Orioles of the American League. His contract was bought outright from the San Antonio, Texas League club. Announcement of the deal was made by Tony Stiles who originally signed Oertel to a pro contract.**

MAJOR LEAGUER — Charles (Ducky) Oertel, 23-year-old son of Mr. and Mrs. George Oertel, 111 Raeburn, is now an Oriole. Ducky was bought by the Baltimore American League club recently and will report at the Daytona Beach, Fla. camp in February. He is a former St. Frederick athlete.

'Ducky' will report in February to the Orioles at Daytona Beach Fla., where the Baltimore club will train next spring. During the interim he has taken a job with the Oakland County Road Commission, on outside work, to keep in shape for the big trial. Oertel and his bride since Sept. 11, the former Barbara Terril of Vineta, Okla., will reside with Mr. and Mrs. George Oertel, "Ducky's" parents.

Oertel started at Baxley, Ga., in 1950, where he hit .352 for 150 games, including 10 homers. In 1951, at Appleton, Wis., he his .335 with 13 homers and 95 RBI's. During 1952-53 he was in the US Marine Corps. He played on the championship San Diego Navy club, in the Wichita, Kan., national series and hit 2 ofr 5. The club did not reach the finals.

Moving to San Antonio in 1954 "Ducky" finished 5th in Texas league hitting, with .286, including 10 homers and 85 RBI's. He worked in right field at San Antonio.

## Bowling Clinic

By BILLY SIXTY

**CASE—Fingers Apply Spin**

A while back we told of the function of the "V" grip, and how the fingers put "spin stuff" on the ball. It isn't done with a twist of the wrist (with a few exceptions).

Some of the strong-wristed stars apply the wrist method. But the "V" in bowling is a grip that's as standard as the Vardon-V grip (overlap) in golf—the most natural one, and the one to adopt.

**So we bring out a bit of repeat data on the "V" grip, this being early in the season and the proper grip being of utmost importance. Simply, the thumb and index finger form a "V" (sketch). The thumb, you'll notice, points toward the body (left) on the inside of the swing.**

As the ball passes the body—close to the body, mind you—the finngers are fairly well behind the ball, but they are never used to force or hurry the delivery.

Take it easy, all swing, so that the thumb comes out first at ball-release, leaving the fingers to come out last and put on the desired arm lift and hook spin. Remember this: Keep the wrist firm, straight.

## Panter-Olson Clash on TV

### Bobo's Title Not on Line in 10-Round Bout From California

RICHMOND, Calif. (AP) — Garth Panter, whose only ring finesse is to bore in and keep swinging, faces the slightly Herculean job of trying to beat the world middleweight champion, Carl (Bobo) Olson tonight.

The 10-round non-title clash will be nationally televised, CBS, at 10 p.m. EST.

This will be Olson's tune-up fight for his title defense against Joey Giardello in a 15-rounder at the San Francisco Cow Palace, Dec. 15.

The champ, who never takes an opponent lightly, is expected to set a fast pace. It will be his second meeting with Panter. Olson won a 10-round decision in Butte early last year and from all accounts had a tough battle on his hands.

Milt Schmidt of the Boston Bruins is the oldest player in the National Hockey League. He is 36 years old.

# Oakland Cities, Townships Vote on Local Issues

## Southfield Vetoes Tax Hike for Evergreen Sewer Cost

Residents of eight Oakland County cities and townships cast ballots on local issues in yesterday's voting on such varied issues as liquor-by-the-glass, pay raises for mayor and councilmen, and increased millage for sewers and street resurfacing.

Southfield Township residents added to the sewage disposal woes of the Rouge River valley when they turned down a tax boost to finance the township's $1,707,772 share of the Evergreen Interceptor Sewer, 3,843 to 2,969.

The proposed sewer was to serve Birmingham, Bloomfield Hills, the City of Lathrup Village, and Bloomfield, and Troy township in addition to Southfield.

If approved, the money would have been raised by a one-mill tax increase in 1955-59, and a two-mill boost in 1960-74.

**The Michigan Water Resources Commission has cited all but Troy township of the group for pollution of the Rouge River, and ordered it halted. The interceptor was the proposed means of ending the pollution.**

Also balloting on increased taxes, Troy Township residents disapproved a four-year two-mill tax increase slated to provide $50,000 for additional police, fire and protection and year-round recreation work.

The proposal to increase the tax limitation failed, with 1,130 against and 1,086 for. The motion to spread the tax increase went down, 1,154 to 875.

**For the fifth time in 17 years, Clawson residents turned down the issuing of Class C liquor licenses and the resulting sale of liquor by the glass, by a 1,522 to 1,127 vote.**

Liquor-by-the-glass was also a question facing voters in Oak Park, where it was also vetoed, 3,826 to 1,615. Oak Park voters approved abolishing zoning for multiple dwellings, by a 3,070 to 1,960 vote, and rezoning present multiple land to single family residence zoning, 3,495-1,553.

A pay raise for the mayor, city councilman, and justice of the peace failed to gain approval of Hazel Park voters, 3,607-844.

**Royal Oak residents, confronted by four issues, approved removing the city assessor from the Board of Review, 10,497 to 2,529.**

An amendment requiring a refund to special assessment taxpayers when special assessments collected exceed the full cost of the improvement by more than five per cent was approved, 10,976 to 2,415.

By a 5-1 measure, Royal Oak voters also approved an amendment permitting payment of taxes within 30 days of the filing of the tax roll, and the payment of special assessments and penalties involved for non-payment, 10,976-2,256.

**An amendment changing the city employe's retirement system to permit a beneficiary also was approved, 9,379-4,051.**

A charter amendment permitting the resurfacing of streets when needed with the cost to be levied as a special assessment against the adjacent property gained a margin of approval in Pleasant Ridge, where balloting totaled 1,038 for the move, and 696 against it.

Milford voters approved 180 to 70 a charter amendment eliminating the five per cent of assessed value limitation on the amount that may be raised by special assessment in any one year on the value of the property in the district chargeable.

## Davisburg Pastor Installing Officer at Grange Meet

DAVISBURG — The Rev. Marshall Sanders, pastor of the Davisburg Methodist Church, and Mrs. Sanders, who are delegates to the state Grange convention in Adrian will be the installing officers for the Davisburg, Holly and Rose Granges Friday evening at the Davisburg Methodist Church.

A cooperative supper will be served at 7 p.m.

Some of the officers elect of the Davisburg Grange are Floyd Vergin, master; Charles McCreedy, overseer; Norris Walls, steward; and Milton Poole, secretary-treasurer.

## Romeo Appoints Planning Group

### Council Adopts Rule, Names Commission to Make Master Plan

ROMEO—Following months of preparation, the Romeo Village Council formally adopted a planning ordinance at a special meeting held Monday evening. The governing body also approved the appointment by Village President Philip M. Stone of a nine-man planning commission.

The ordinance and appointment became effective Nov. 1.

Although the regular term of office for commission members is three years, it was necessary to appoint some men for one, some for two and some for three years in order that the membership be renewable by one-third each year.

**The function of the new commission is to make and adopt a master plan for the physical development of the community, including any outside area which the commission considers advisable to include. The commission will also regulate building and construction in the village.**

John Bartholomew, J. Gerald McLean and Edgar Priest were appointed to three-year terms; Philip Berthiaume, Maurice Foltz and Frederick Powers, two years, and Roy Davis, Dr. John Nott and James Lindsay, one year.

## County Births

**Keego Harbor**

Denise Lynn is the new daughter of Mr. and Mrs. Bert Nicholls, born Oct. 29.

Chicago is the nation's largest railway center and principal center for 22 trunk railroad lines.

**PICKPOCKET FUN** — Youngsters Margaret Taylor and John McClelland get an early sample of the fun forthcoming Saturday at the Pontiac Lake School PTA fair as they dip into the pockets of Mrs. Joseph De Croix. Looking on are Murlin Vaughn and Mrs. Robert Taylor, who clutches a group of the balloons to be seen there. Clowns with free favors for the children, will also be featured when the doors of the school open at 5 p.m. A cafeteria style supper will be served.

### Appoint James Stein to Scoutmaster Post

ROMEO — James Stein has been appointed scoutmaster of Romeo's Scout Troop 87, by members of the local committee.

The announcement was made by committeeman Edward Emmett, who, with other members of the committee, has spent several months looking for a successor to Ernie Maule, who retired recently.

### Seek Aid for Old People

LEONARD—Leonard Methodist Church women are making an appeal for canned fruit and vegetables for the Methodist Home for the Aged at Chelsea. Contributions left at Sutherby's Grocery will be picked up and taken to Chelsea early this month.

### Blue Ribbon Herd Sold Out of State

METAMORA — The blue ribbon Aberdeen herd of Mr. and Mrs. E. H. Jewett of Hunters Creek recently was sold to Jennings Brothers of South Dakota.

The herd, which included 78 animals, was started in 1942 by the Jewetts.

In 1945 they exhibited the grand champion bull of Michigan, and at the 1952 state fair they showed the grand champion steer.

### Bazaar Slated Saturday

SOUTHFIELD TOWNSHIP—The WSCS of Southfield Methodist Church will sponsor a Fall Bazaar Saturday, to be held at the church on 10½ Mile near Berg road.

## Fire Victims to Be Aided

### Avondale Forum Calls Open Meeting to Help Destitute Family

AVON TOWNSHIP—The Avondale Community Forum has called an open meting of residents for 8 p.m. tonight, to consider ways of aiding the family of Oren C. Maddox whose home was destroyed by fire Saturday.

Place for the meeting will be the Avondale Community Building on Auburn road one block west of Crooks road.

The Maddox family suffered loss of their home and possessions when fire razed the house at 2698 Dearborn Rd. while the family was away hunting. Only the clothes they were wearing and their hunting equipment was left.

**The forum hopes to choose a committee to accept donations of funds, clothing and furniture, at tonight's meeting, according to forum president Monroe J. Frederick.**

"If possible, we would like to arrange for volunteers to help rebuild the home, as we have done in other such cases," Frederick said.

"We have been contacted by various people who want to help. We are holding this meeting so that those who have suggestions or can offer aid will have the chance to do so.

"It's a very sad thing to come home from a trip and find yourself homeless," he added.

### Set Family Night Supper

LAKEVILLE — A family supper night will be held at the Lakeville Methodist Church at 6:30 p.m. Thursday. Speaker for the evening will be Supt. of Port Huron Schools Dr. Arthur Smith.

## Sashabaw School Plans Gala Fair Friday Evening

SASHABAW PLAINS — Final plans for a gala Sashabaw School Fair, to begin at 6 p.m. Friday at the school, are under way.

Children in costumes will add to the carnival atmosphere. Costume judging is set for 7 p.m., with winners becoming members of the royal court for the coronation of the school's king and queen.

A talent show, popularity contest, cake walk, and bake sale will spark the evening's entertainment. The home arts room will be laden with bazaar items, and a game room and spook room will add to the fun.

Refreshments will be available through the evening. Door prizes will be awarded at 9:30 p.m.

Tickets for the event will be 5 cents for children, 10 cents for adults.

## Substitute Wins Congressional Election in Utah

OGDEN, Utah (UP) — Utah's election went the way Douglas Stringfellow wanted it to go.

Two weeks ago last Saturday, Stringfellow, a 30-year-old crippled war veteran, tearfully admitted inventing a story that he'd been a wartime secret agent.

**He had represented Utah's First District in Congress for two years and had been renominated this year.**

Two days later, Stringfellow withdrew from the campaign and Utah Republicans hastily selected College President H. Aldous Dixon, 64, as his substitute.

Dixon was elected Tuesday, winning over a veteran Democratic campaigner, Walter K. Granger.

There had been reports Stringfellow might receive write-in votes, but none was reported.

## F. D. R. Jr. Sad in Bitter Defeat

### New York Democrats' 'Glamor Boy' Beaten; Won't See Friends

NEW YORK (INS) — Ambitious, Franklin D. Roosevelt Jr., fell hard into political defeat last night.

And the Roosevelt idyll crumpled with him.

The handsome 40-year-old lawyer remained secluded in his three-room suite at the Baltimore Hotel (Democratic headquarters) with his mother, Eleanor Roosevelt, and his secnd wife, Suzanne Perrin Roosevelt, and refused to see reporters, cameramen or close friends.

**He had fought hard for the gubernatorial nomination in the state of New York, stressing the "power of the Roosevelt name" — and had lost. It seemed unbelievable that he could lose the attorney - generalship, because he was the "glamor boy" of the Democratic state ticket.**

Dozens of friends clustered outside his hotel suite while young Roosevelt, inside, watched a traitorous TV set reveal the bad news. They were awe-struck — first, that he was losing; second, that he would not admit them in his hour of disappointment.

A four-by-five foot "Vote for Franklin D. Roosevelt Jr." sign hung mockingly on his door.

At 3 a.m., two hours after hardened, weary newspapermen figured he should have conceded to his Republican opponent, Jacob J. Javits, the sign was smeared with insults. His photograph bore a handlebar mustache, and there was a wad of chewing gum over his right eye.

"It can't be," murmured one woman who waited outside Frank Jr.'s door from 11:30 p.m. to 3:30 a.m., begging to be admitted. "Mr. Roosevelt, of all of them; cannot lose."

## TV Permit Canceled

WASHINGTON (UP) — The Communications Commission said yesterday it has granted a request by Booth Radio and Television Stations, Inc., that its construction permit for proposed station WBKZ-TV on UHF Channel 64 at Battle Creek, Mich., be cancelled.

## Jerry Lewis Back at Work With Old Vigor

By BOB THOMAS

HOLLYWOOD (UP)—Jerry Lewis is back and Paramount's got him.

The studio may have expected a more restrained Lewis after his recent serious illness with virus pneumonia and jaundice. He was required to stay abed for 35 days—if you can imagine the frenetic comic doing that.

But that setback hasn't changed his exuberance. When I saw him on the set of "You're Never Too Young," he was disguised as a dapper Frenchman, with wig, mustache and goatee. Some said he looked like Tony Curtis. A wacky Tony Curtis, maybe.

• • •

Jerry is the kind of fellow who can't be overlooked. He carried on four conversations at once, pausing in the middle of one to give an imaginary eye test to a passer-by. He disappeared behind a piece of scenery and let out a bloodcurdling shriek. He reappeared and started stuffing huge camera lenses in his shirt.

"I can use these for my home movies," he explained. Then he looked pained and returned the lenses. "I almost forgot—this is our production and I'd have to pay for them!"

Director Norman Taurog came up for a conference. Jerry took his arm and they danced a foxtrot unconcernedly as they discussed the next scene. Jerry was changing his shirt when he was called into the scene. When he didn't respond, Taurog and an aide dragged him bodily before the camera.

Afterward, Jerry simmered down long enough to talk seriously of the future. Despite his illness, he plans full steam ahead on his career.

"Oh, it's all right for me to resume full activity," he said. "The only thing is that I've got to rest in between. Sitting around and talking is all right between shots. But I've got to cut out the playing baseball or hopping on a scooter and going all over the place."

As if his schedule were not busy enough, Jerry also has the notion that he wants to direct a TV series. That will come during his vacation!

# GOP Wins in Lapeer; Conlin Plan Gets OK

LAPEER — By a general 3-2 margin, Lapeer County voters favored a full slate of Republican state, congressional, and county officers yesterday.

Also approved was the Conlin plan for the distribution of state financial aid to schools, the Korean veterans' bonus, and the state amendment to prevent the disqualification of electors because of having moved within the state during the 30 days prior to an election.

Legalized bingo suffered defeat by a 2,519 - 1,886 margin.

The Conlin amendment was carried locally by a 2,565 - 1,349 margin, and the Korean war bonus approved, 2,586 to 1,254 opposed.

In county offices, Republican Sheriff Clark W. Gregory defeated Democrat Harry B. Reynolds, 6,492-3,766. Other Republican winners were County Clerk John T. Conley, over Democrat Ethel A. La Fortune, 6,879 - 3,334; County Treasurer Lyle Goodrich over Democrat Lawrence Halpin, 6,701-3,188; Register of Deeds, Leona Hevener, over Democrat Dorotha B. Collier, 6,555 - 3,289; and County Drain Commissioner Claude A. Stewart over Democrat Percy O. Crawford, 6,540-3,296.

Republican candidate for prosecuting attorney George D. Lutz, and coroners Dorothy L. Leith and Henry G. Merz were unopposed.

Balloting in the 24 precincts disclosed a vote of 6,284 for Republican governor candidate Donald S. Leonard, compared to 4,069 for incumbent G. Mennen Williams.

By similar 3-2 margins, the figures showed approval of the entire Republican slate of state officers.

Lapeer voters picking Republican incumbent Homer Ferguson for U.S. Senator rolled up a 6,710 victory over backers of Democrat Patrick V. McNamara.

Another Republican incumbent, Jesse Wolcott, state representative ran up a 6,688 to 2,362 margin over challenging C. Clyde Arbaugh.

WELCOME GIFT—Auburn Heights Lions Club president Elton A. Platts presents a check for $500 to Avondale High School Superintendent Raymond N. Baker. The money, raised by a show staged recently at the high school by the Lions Club, will be used for lighting the school football field. The cub added $100 from its treasury to reach the $500 amount. The donation swells the lighting fund to $1,650.

## Farmington Builder Kenneth Kemp Dies

FARMINGTON TOWNSHIP — Kenneth G. Kemp, a building contractor in the township for 17 years, suffered a heart attack and died suddenly Tuesday at his home at 21400 Power Rd.

The 49-year-old builder was president of the Farmington Lions Club.

Born in Waupaca County, Wis., on Feb. 19, 1905, Mr. Kemp was the son of George G. and Sabe Whittington Kemp. In 1924 he married Edna Whitman at New London, Wis.

Mr. Kemp is survived by his father; his widow; two sons, Peter at home and Kenneth of the U. S. Navy; five daughters, Mollie, Bonnie, Karen, Mrs. Rosalie Ball and Mrs. Joan Smith, all of Farmington; one brother, Harold of Providence, R. I.; one sister, Mrs. Dessie Krause of Manawa, Wis.; and three grandchildren.

## Barryton Pastor Guest at Church in Armada

ARMADA — Rev. John King of Barryton will be guest pastor at Armada Methodist Church tonight through Friday for special services in conjunction with the Spiritual Life Mission of the denomination.

The local pastor will preach at a dedication service when the mission closes Sunday.

James K. Polk assumed the presidency in a drenching rain in 1845 and his is known as the "Umbrella Inauguration."

## Dismiss Charge of Tax Evasion

### Judge Discharges Case Against Orchard Lake, Birmingham Men

DETROIT (AP)— Federal Judge Theodore Levin yesterday dismissed income tax evasion charges against Auto Dealer Louis V. Thompson of Orchard Lake, whose wife Lydia was the victim of an unsolved murder in 1945, and his partner, Leo J. Golcar of Birmingham.

Thompson and Golcar are partners in the Carson Auto Sales of Highland Park. The two had been charged with evading $41,000 each in income tax payments in 1946 and 1947.

George E. Woods, assistant attorney, filed a motion to dismiss on the ground that 'evidence is insufficient to go to trial."

Woods said that dismissing criminal action does not preclude government action for civil liabilities against the two men. These, including penalties and interest, total approximately $100,000 against each.

Cases against two company employes, charged with aiding and abetting, also were dismissed. The two are Arthur J. Duke of Grosse Pointe and Lawrence H. Gross of Detroit.

## Elect State Osteopath

DALLAS (AP) — Dr. J. Calvin Geddes of Mount Clemens was elected president of the American Osteopathic College of Anesthesiologists yeaterday at the group's annual convention here. Other officers elected included Dr. Mahlon Ponitz, of Detroit, vice president.

## Stringham PTA Meeting Conducted by Teachers

WATERFORD TOWNSHIP — "Teaching the Fundamentals Today" is the subject of the Stringham School PTA meeting to be held at 8 p.m. Thursday.

Parents have been asked to go directly to their childrens' respective rooms, and the teachers will conduct discussions on the methods of teaching used today.

## Talks Today at Southfield

SOUTHFIELD TOWNSHIP—Virginia Traphagen, psychiatrist with the Detroit Board of Education, will be speaker at the Southfield Kiwanis meeting at 6:45 p.m. today, at Vaughn's restaurant. She will speak on "Delinquency — A Community Problem."

Recent members elected to the board of directors are Lee Stowell, Donald W. Hanford and Theodore R. Minke. Next meeting of the board will be at 8 p.m. Friday, at the home of Warren Reid, 29255 Southfield road.

## University Women to Name Officers

HOLLY — Fenton area branch American Association of University Women, will hold its next meeting at the home of Mrs. Douglas Godwin, 16083 Fish Lake Rd. at 8 p.m. today.

Business will include selection of officers and distribution of study group topics.

# 13 Years of Polio Study Lead Doctors to Suspect Insects as Virus Carriers

NEW YORK (UP) — Two medical doctors who 13 years ago assigned to themselves the detective work of finding out how polio viruses get around confess that they still don't know.

When they began their medical sleuthing in 1940, Dr. Hart Van Riper, medical director of the National Foundation for Infantile Paralysis, had just described polio as "a mysterious disease governed by a strange set of laws peculiar to itself."

**That is "still true," said Drs. William H. Robinson and Harley S. Gibbs who since 1940 have exhaustively investigated practically every polio case in Pittsburgh and Allegheny County in the hope of establishing patterns that would fit the spread of polio anywhere and in any season.**

In 13 years they studied 1,200 cases.

However, they seem to suspect insects, especially the housefly, although they are reluctant to say so.

"Since 1940, year by year, we have kept records on the water, milk and sewage facilites and on the presence of animals and insects about the residences of polio patients," they said.

"A very large majority of residences received their water supply from a competent water authority. In all these years only 33 families used raw milk. It was pasteurized in all others.

**"A great majority had sewer connections. As for animals, no evidence turned up that would implicate any particular beast or bird.**

**"Insects of all types were reported generally, with the common housefly markedly predominant."**

Contacts by new polio patients with previous polio patients were "relatively rare." There were only 27 cases of more than one polio illness in the same family.

But, "as is well known," more males than females came down—in this area in these years, 55 per cent males and 45 per cent females.

The doctors pointed out "the relatively low number of colored people who contract the disease"—their figures, only 4.4 per cent of the total.

**There was a wide distribution of cases through the city and county, "with relatively few cases in any one ward of the city or subdivision of the county."**

The number of cases increased "in an irregular manner" over the 13 years but this they attributed, in part, at least, to "a gradually increasing tendency on the part of the medical profession to report all cases."

"The death rate fluctuated from year to year, reaching a high of 11.4 per cent in 1949. But the average for the 13 years was 4.6 per cent.

Most cases appeared in August, September and October. "In this connection," they said, "it might be mentioned that this is the harvest season when most fruits are ripening and when windfalls cover the ground with decaying fruit on which some type of flies feed.

**"Also this is the period of the maturity of all insects including the housefly. It has been noted from year to year that there has been a sudden drop in the incidence rate with the first frost.**

"While it is not the intention to promulgate any theory as to why we have the polio problem on our hands, there are certain facts presented that may have a bearing on the epidemiology of the disease:

"(1) The seasonal nature of the disease, (2) the wide distribution of cases with so relatively few in one locality, (3) the rather large number of cases in which human contact cannot be proved, (4) the fact that the virus is known to exist in stools and sewage, and (5) the fact that the virus has been found on insects.

**"It is not a new idea that there may be some extra-human source of infection. We should not forget the possibility.'**

Their report was made in the Pennsylvania Medical Journal and their work was supported by the Allegheny County Chapter of the National Foundation for Infantile Paralysis.

## Fire-Fighting Service 'for Members Only'

MARSHALL, Mo. (UP)— A group of rural residents got together, formed a fire protection association, bought a fire truck and got ready to operate.

Then a call came in. But things were delayed 15 minutes to make sure the caller was a member and deserving of the organization's help. So by the time the pumper rushed up to the farm home, volunteers had the fire out.

# Soy and Grain Steady on Mart

CHICAGO, Nov. 3 (AP) — A slow market gain gave steady tone to grains and soybeans on the Board of Trade today.

Beans were a little easy at the start on weakness in soybean oil and meal, but covered in some contracts as trade progressed.

Grains were virtually at a standstill with most prices changing in only minor fractions in either direction.

Near the end of the first hour wheat was ¼ to ½ cent lower, December $2.23⅛; corn was ¼ higher to ¼ lower, December $1.56 ⅜; oats were ⅛ lower to ⅛ higher, December 82⅝, and rye was ¼ lower to ⅝ higher, December $1.36⅝. Soybeans were ¼ to 5 cents lower, November $2.90¼, and lard was unchanged to 17 cents lower, November $14.92.

## Cable Cars Lose Out

SAN FRANCISCO (UP) — Cold, hard economy won a victory over sentiment here. San Francisco's voters flatly turned down a proposal to restore the city's clanging little cable cars to their former glory.

NOTICE TO BIDDERS

1. Sealed proposals addressed to the City Commission, Pontiac, Michigan will be received by the City Clerk up to 2:00 p.m. Eastern Standard Time, Monday, November 8, 1954 for the construction of a Equipment Shelter for the City of Pontiac, Michigan in accordance with the drawings and specifications prepared by Leo J. Heenan, A.I.A., Architect, 18 Carlton Court, Pontiac, Michigan.

Proposals will be received as follows:

All Architectural Trades.

2. Proposals to be entitled to consideration must be made in accordance with the following instructions.

3. Proposals must be submitted in duplicate, on forms furnished by the Architect. A certified check, or properly executed bid bond, made payable to the City Treasurer of the City of Pontiac Michigan, in an amount equal to ten (10%) per cent of the bid shall be submitted with each bid as liquidated damage, in case of failure on the part of the successful bidder to execute the contract and furnish the necessary Surety Bonds, within ten (10) days after notice of acceptance of proposal. Proposals shall be signed in long hand by the head of the firm.

4. Two (2) Surety Bonds for one hundred (100%) per cent of the contract, in accordance with the laws of the State of Michigan, will be required, i.e., faithful completion and payments for all labor and materials used in the execution of the work.

5. Proposals shall not contain a recapitulation of the work to be done. No oral, telephonic or telegraphic proposals or modifications in any way to the bid forms will be considered.

6. Proposals shall be addressed to the City Commission, Pontiac, Michigan, enclosed in a sealed envelope and marked "Proposal for (state proposal, for Equipment Shelter and trade)" and bear the name of the bidder.

7. Should the bidder find discrepancies or omission from the drawings or specifications or should he be in doubt as to their meaning, he should at once notify the Architect, who will send written instructions to all bidders. Neither the City Commission or the Architect will be responsible for oral instructions.

8. Before submitting proposals, bidders shall carefully examine the drawings and specifications, visit the site of the work and carefully inform himself as to all existing conditions and limitations and shall include in his proposal a lump sum to cover the cost of all items included in the contract.

9. The competency and responsibility of bidders and their proposed subcontractors shall be considered in making the award. The City Commission reserves the right to waive any informality in any bid; to accept any bid; and to reject any or all bids should it deem this to be for the best interest of the City of Pontiac, Michigan.

10. Any bulletins issued during the time of bidding are to be covered in the proposal, and in closing the contract, they will become a part thereof. Proposals submitted shall remain firm for a period of thirty (30) days after official opening of bids.

11. Bids will be opened publicly and read aloud at the office of the City Clerk, at the time and date, set for receiving bids. Bids will then be tabulated and submitted to the City Commission on November 9th for their consideration.

12. Contractors and sub-contractors to comply fully with the provisions in Pontiac City Ordinance No. 1186, known as Pontiac Fair Employment Practices.

By order of the City Commission.
Dated: Nov. 3, 1954.

ADA R. EVANS,
City Clerk.

## Adenauer Faces Wide Opposition on Saar Treaty

BONN, Germany (INS) — West German Chancellor Konrad Adenauer now has returned from his "prestige-building" trip to the United States to face the angry hornets loosed over his concessions to France on the Saar.

Only the Social Democratic Party opposition disapproves of the entire series of Paris accords that would rearm a sovereign Germany in western defenses.

**But more widespread criticism is heard on the Saar agreement, and this extends into the ranks of the Adenauer coalition government.**

The sacrifice of the Saar through a proposed "Europeanization" of the coal-rich territory supervised by the newly-created Western European Union for the sake of European policy (for that is the way in which many Germans se it) is a painful sacrifice.

## Lame Woman of 93 Walks Blocks to Vote

PITTSBURGH (INS) — Tiny, 93-year-old Miss Mary Frazer, of Pittsburgh, walked several blocks to the polls to vote yesterday although she is recovering from a broken hip.

Miss Frazer stepped into the voting booth to cast her secret ballot, then proved her independent spirit by walking back to her home, refusing the ride home offered by a news photographer.

**The Cincinnati Red Stockings of 1869 were the first professional baseball players.**

# Election Spurs Market Upward

NEW YORK (AP)—The stock market took a quick glance at the election returns today and advanced smartly in early dealings.

Gains were substantial in many areas of the list — especially in steels, motors, rubbers, and some aircrafts and utilities.

**Quite a few leading issues pushed their gains to between 1 and 2 points. Losses were relatively mild and only a few reached a point.**

There was a rush of trading at the opening with many large blocks on the tape. The surge soon died away. Prices thereafter improved a little more with gains being extended and losses shaved down in many instances.

Last week the stock market declined steadily for the worst weekly fall in 14 months. On Monday it was a different story. The Associated Press average of 60 stocks advanced 80 cents at $134.70.

## Mountain Folk Building Own Jail for Only $900

SANDY HOOK, Ky. (AP) — Elliott County's mountain folks are building a jail. It became a volunteer community project after Judge D. L. Davis — disgusted at calling trials only to learn of prisoners' escapes—set out to do something about it.

He supervised construction — using the old jail's stones—and estimates costs at $900, all donated. The six room, one story structure is nearly finished.

## Airplane, Car Touch

MANISTIQUE, Mich. (AP) — John N. Bindon made an emergency landing on a highway in his light plane. He saw a car coming and swerved to the right side of the road. His wing-tip touched the passing car, but the driver kept going.

# Vote-Counting Gadget Breaks, Delaying Wayne

DETROIT (INS) — Officials of Remington Rand, Inc., promised Wayne County Clerk Edgar M. Branigin their vote tabulating machinery, broken down and short of help, will complete the tally by noon. But now there was some doubt as to its accuracy.

Branigin's elation at his re-election turned to a fuming frustration when he was routed out of bed and told that the newly installed system had bogged down when a key machine went haywire.

**He arrived at the County Building just in time to see five weary girl machine operators stalk out in disgust.**

Branigin looked at the mountain of uncounted tally books, representing at least 250,000 votes, and announced:

"We're going back to the old system, I'm disgusted."

It was after the collapse of the old method during last August's primary that Branigin paid Remington Rand $5,000 to install modern machinery and their own operators. A test run indicated that the entire county tabulation would be completed by 4 a.m.

When the machine was repaired shortly before 6 a.m. and work resumed, five of the girls walked out, claiming they had other jobs.

Remington Rand supervisor J. L. Flannigan said it would be 9 a.m. before replacements could be obtained.

# Two-Tone Pills Tempt Patients

## Newest Tablets Made in Contrasting Hues to Look Ultra-Modern

NEW YORK (UP)—The newest fashion in pills is a two-tone effect, like the jobs out of the automobile paint shops.

One half of the pill is green; the other half, purple. Or you can have them—or you will soon be able to have them—in contrasting delicate pastels.

**The differing colors are said to mark "incompatibles." One drug in the pill doesn't mix properly with another.**

Maybe one will deprive the other of its strength if they're mixed. Or maybe one will soften another. Yet they both belong in the pill; they're not incompatible once you've taken it.

So the two-tones have nothing to do with how you take the pill or what it does or doesn't do for you.

Pill-making keeps up with the modern world; and the maker of purple and green pills stands out in customer appeal from the maker of just plain pills.

**But they're not pills, really—even if we call them pills. They're tablets, meaning the ingredients are first reduced to powders and the powders are put under so much pressure, they stick together in whatever shape and size the mold was into which they were compressed.**

A true pill is rolled, and it used to be that a pharmacist was called a "pill-roller." To roll a pill—by hand—you made a dough of your ingredients and roll the dough into pellets.

Or you start with a single grain of a drug and roll it into a bit of dough, or a single grain of sugar and roll the drug around it.

So popular is pill-taking—pardon, tablet-taking — their mass production is a technical wonder to challeng the wonders of Detroit.

**Dr. Niels C. Kiendshoj, head of the Arner Company, Buffalo, N. Y., gives all this lowdown on how Americans are kept supplied with pills even beyond the hilt of their capacity to consume them.**

Arner is the world's largest maker of tablets, and pills, too. It is a name you'll never see in a drug store. But the chances are that many of the tablets you take were made in its factory — it makes some two billion tablets and pills every year, for a variety of drug houses and drug distributors.

The latter provide the blueprints —the formulas—and Arner mass-produces the product.

The two-tone pill was only a dream until Arner developed the machine for making it. These machines — rotary compressors — can turn out 500,000 two-toners in eight hours.

**It has other machines which spew 1,000,000 plain tablets in eight hours. Speaking of compression—these machines get up to 80,000 pounds of pressure per square inch.**

The capsule is a soluble container in which the druggist puts the medications the doctor prescribed.

Many people believe capsules are easier to swallow than pills or tablets—so Arner has designed a machine which makes tablets in the shape of capsules.

# Judge Excuses Tainted Juror

## Defense Mistrial Motion Denied; Sheppard Case May Finally Get Going

CLEVELAND (AP)—At his own request, a real estate salesman with a sex conviction in his past was excused today from the Sheppard murder trial jury.

The defense quickly demanded that a mistrial be declared, but this was overruled.

The dark-haired tall juror, James R. Manning, told Judge Edward Blythin:

"In my present emotional and mental state, I would not be able to listen to the case and be unbiased, unprejudiced and think unemotionally.

* * *

"I feel I would be a sub headline as long as this trial goes on."

The judge, saying Manning made a "very horrible mistake" in failing to disclose his 11-year-old morals conviction, then released Manning from the trial of Dr. Samuel H. Sheppard.

Manning's surprise move made unnecessary the state's plan to prove he failed to bring up his role as a witness in the sex case involving a 16-year-old boy.

The Manning affair was the last block to the actual business of trying the handsome osteopath for the murder of his pretty wife, Marilyn.

* * *

Defense attorney William J. Corrigan protested vigorously at the dismissal of Manning, saying: "I think its outrageous that this man has been subjected to this situation."

Judge Blythin ordered Manning's place in the jury box be taken by the first alternate, a tractor plant foreman named Jack H. Hansen.

Then followed a demand from defense attorney Fred Garmone that the judge declare a mistrial.

He was overruled immediately by the court.

## Teenaged Driver Fined for Reading at the Wheel

NORMAN, Okla. (AP) — Patrolman Neal Grover noticed a teenager driving down the street reading a comic book which lay on the steering wheel.

The boy stopped at the city's busiest intersection for a red light, then made a left turn on green with hardly a glance up from his book. Grover took the youth into Municipal Court.

The judge, fining him $5, told him to do his reading in the back seat.

Conlin Plan Well Ahead

# Bingo Amendment Falters as Bonus Wins Approval

By THE ASSOCIATED PRESS

With most of the state's 4,782 precincts reporting, Michigan's charity bingo amendment appeared to be doomed.

Three other amendments, including one authorizing the payment of a bonus to Korean War veterans, appeared to have gained the approval of voters in Tuesday's election.

**The controversial bingo amendment trailed 548,731 to 625,983 in tabulations from 3,061 precincts, including 731 from Wayne County.**

Heaviest opposition to the bingo provision came from outstate areas. Wayne County voters supported the amendment 131,198 to 83,124.

A proposal to allow voters to change their residences from one precinct to another before an election without losing their franchise was carrying by better than a 2-to-1 margin.

**Also favored was the proposal to grant Korean War veterans a bonus. Voters in 3,041 precincts favored the proposal 729,111 to 338,862.**

Proposal No. 3, "The Conlin Plan" to replace the diversion formula of the state sales tax, held better than 2-to-1 margin of support at the halfway point in tabulating Tuesday's results.

Supporters of the proposal that will replace the diversion plan operating since 1948 have termed it a financial "lifesaver" for Michigan. Opponents say it is not the right plan.

Schools would collect an outright two cents of the three cents sales tax instead of splitting one cent as the money is collected and then getting a holdover obligation two years later.

## Forging, Socket Club Installs New Officers

Annual installation of officers of the American Forging and Socket Company Management Club was held at a dinner meeting Monday evening. The newly elected officers are Ford Bird, president; Harley Bodamer, vice-president; Theodore Ferency, secretary, and John McMaster, treasurer.

William A. Landis, industrial relations director of the Automotive Body Division, Chrysler Corporation, and a regional director for the National Association of Foremen, served as special installation officer. Landis discussed the National Association's program for the coming year, pointing out that this organization, of which the management club is a member, is the largest management group in the world.

W. E. Gille, of the Great Lakes Steel Corporation, and area director of N.A.F., was also a guest. The business meeting was conducted by Noah Sturgeon, retiring president, and guests were introduced by David Hicks.

## City, Waterford Theme Contest Winners Listed

Finalists were announced today for the Waterford and Pontiac Junior Chamber of Commerce Voice of Democracy contest.

Selected as best from Waterford and Pontiac High speech students' compositions on the theme, "I Speak for Democracy," were those of Miles Watkins of Waterford, Charlotte Stark and Don Baumgardner, both of Pontiac High.

Judges for the contest were Judge Cecil McCallum, Dr. George Petroff, and Judge Willis Lefurgy of Waterford.

The winning local theme will be sent to state and national contests.

Winners of the national contest will be awarded an all expense-paid trip to Washington, D. C.

# GOP Holds Legislature, but Dems Show Strength

DETROIT (AP)—Early returns indicated little change in the political complexion of Michigan's Legislature, although there were signs that the national Democratic trend would have some effect on the traditionally Republican body.

With about one-third of the seats decided, the Republicans had lost one place in the House and had failed to elect any legislators from Wayne County, where they had hoped to benefit from the recent redistricting.

**The single turnover reported in early returns was in Monroe County where Democrat Charles J. Golden of Monroe defeated Republican nominee Delmont L. Chapman of Newport.**

Incumbents appeared to be universally successful in their fight for re-election in the Senate. Senators who claimed early victories included Carlton H. Morris (R-Kalamazoo), Haskell L. Nichols (R-Jackson), Clyde H. Geerlings (R-Holland), Harry F. Hittle (R-East Lansing) and Perry Greene (R-Grand Rapids).

Outstate, the election story was much the same as in recent years. Republicans were victorious in all early decisions except in the Gogebic representative district, where Democrat Louis Mezzano was unopposed.

**In Wayne County, the only threat to Democratic dominance came from Clarence A. Reid Jr., son of Lt. Gov. Clarence A. Reid. Reid was running slightly behind Democrat John B. Swainson.**

The following were elected to the Legislature:

**Senate**

6th, Carlton H. Morris, (R) Kalamazoo.

9th, Creighton R. Coleman, (R) Battle Creek.

10th, Haskell L. Nichols, (R) Jackson.

## Wyoming Dem Pulling Ahead in Senate Race

CHEYENNE, Wyo. (AP) — Former Democratic Sen. Joseph C. O'Mahoney, battling against Rep. William Henry Harrison (R-Wyo) in a bid to return to the Senate, edged ahead early today in a race that saw the lead change four times.

With an estimated 60 per cent of the vote counted in yesterday's election, the 69-year-old O'Mahoney led by only about 850 votes.

The tally from 539 of 672 precincts, was O'Mahoney 34,024, Harrison 33,225.

Figures at this point indicated a total vote of 100,000 or more.

Republicans counted the state's lone House seat safely in their camp. Now held by Harrison, it went to E. Keith Thomson, 37-year-old Cheyenne attorney, who held a substantial lead over Rawlins Mayor Sam Tully from the first.

In the governor's race, also nip and tuck, Republican Milward Simpson pulled ahead of Democrat William (Scotty) Jack.

## Democrat Wins Race in Ike's Own District

YORK, Pa. (AP)—A Democrat won the congressional seat in the 19th District, which includes President Eisenhower's farm at Gettysburg.

Republican incumbent S. Walter Stauffer conceded defeat today to Democrat James M. Quigley. Stauffer won the seat from a Democrat in 1952.

President Eisenhower made a special plea to voters of the district 10 days ago to re-elect Stauffer.

## Woman Slightly Hurt When Auto Overturns

Bertha P. Salkeld, 27, of 4198 Athens, Drayton Plains, suffered bruises Tuesday when her auto overturned on Sashabaw road near Maybee road, according to Oakland County sheriff's deputies.

Treated at St. Joseph Hospital, Miss Salkeld told police she lost control of her auto when she attempted to avoid a collision with another car pulling out of a driveway.

## Rain and Snow Delaying Harvests in Michigan

LANSING (AP)—Snow and rain during the past week further delayed a cleanup of harvest operations in Michigan, the Federal-State Crop Reporting Service said today.

Farmers made good prograss in corn picking and sugar beet lifting during the week in some areas.

As of Saturday, almost all the potatoes, about 60 per cent of the soybeans, about 65 per cent of the sugar beets and about 30 per cent of the grain corn had been harvested.

Little progress was reported in the field bean harvest during the week.

# Paris Spy Hunt Wired by Reds

## Anti-Communist Leader Claims French Secret Service Leaking Data

PARIS (INS)—France's greatest spy scandal took another sensational spurt today with the disclosure that the French Communist Party possesses a pipeline to the secret service organization conducting the espionage investigation.

Roger Guinot filed a formal protest with the military prosecutor against the fact that information contained in a notebook seized in his home by agents of the DST—France's FBI—turned up in the Communist party newspaper.

Guinot, a member of the anti-Red and pro-American "peace and liberty" movement, said the notethe data in it was printed in book was taken on Sept. 23, and L'Humanite on Oct. 28. He said:

**"I would not have dared imagine the pursuit of treason could lead to the Communist party being informed about documents put under seal by the police."**

The DST raided Guinot's home in connection with a military court's efforts to discover whether a link existed between suspended Paris Police Commissioner Jean Dides and the peace and liberty group.

The latter is a "private" organization which the Reds claim received information from Dides when he was directing the police anti-Communist intelligence network.

It was Dides' suspension from his post that set off the revelations that the top-secrets of France's national defense committee were leaking to the Reds.

The secretary-general of the committee since has been removed and indicted for negligence. Two of his close aides are under arrest on charges that he endangered the security of the state by piping the data to the Communist party.

## Classic Drama Will Be in Color

### Actors Off to Country With Script in Hand and Tape Recorder

By JACK GAVER

NEW YORK (UP) — Macbeth is busy again plotting the fatal carving of King Duncan of Scotland. His accomplice is a tape recorder.

**This doesn't mean that Shakespeare's famous tragedy, "Macbeth," is going to be given one of those souped-up, modern-dress productions on television Nov. 28 The tape recorder is just to help Maurice Evans learn his speeches for the title role.**

"This way I don't have to impose on some poor soul to sit around for hours on end and cue me while I get up in my lines," the star explained.

"I simply had the speeches other than Macbeth's put on the tape. I run it through the machine and speak my own lines as I get the cues. With the recorder, I can go off to the country alone for a few days and prepare without any distractions at all."

**This will be the third two-hour Shakespearian production Evans has done for the Hallmark program. During last season, he appeared in "Hamlet" and "Richard II." There is talk of his doing a fourth later this season, but there has been no decision as to what it might be.**

"More of 'Macbeth' will get into the television screen than was true in the case of the two earlier plays," Evans said. "That is because 'Macbeth' is a shorter work and less of it has to be cut to fit our limited time.

**"My staff and I have actually been working on this production since last spring. We started the preliminaries as soon as we knew we would do it. George Schaefer, who will direct, and I cut the script to TV size. The production problem is greater this time because the program will be done in color.**

"I can't say I fancy that too much, not so much because of the extra work necessary for color but because only four cameras can be used on a color show at present. We had five cameras for the extra two plays, and that fifth camera can be helpful in giving you extra values in certain scenes."

Evans hasn't played "Macbeth" for the general public since the spring of 1942 when he wound up a road tour in the play after a Broadway run. He did it for soldier audiences while an Army officer in World War II.

## Phone Crew Blushes — Muddles Party Wires

NEW YORK (INS) — Somebody at the telephone company got the wrong number today.

A telephone crew installed a network of special wires at Republican headquarters in the Roosevelt Hotel.

They blushed when they had to pull out the wires.

The phones were supposed to be for Franklin D. Roosevelt Jr.—at Democratic headquarters.

## Detroit Students Beat Parents to Dem Ballot

DETROIT (UP) — Detroit's public school students — 87,019 of them from 300 schools — voted strongly Democratic by a 3 to 1 margin in yesterday's mock election.

The students in the past have voted the same as their parents and relatives almost to the letter.

Democratic Gov. Williams was voted in with 66,084 votes to 19,398 for his Republican opponent, Donald S. Leonard.

**The students also elected Democratic candidate Patrick V. McNamara for the U. S. Senate over incumbent Sen. Ferguson, 60,553 to 23,525.**

Two years ago the school children gave Williams 73.7 per cent support. This time he received 77.3 per cent.

The closest issue in the election was charity bingo which was approved 45,891 to 39,318. Also passed was the Korean bonus proposal, 55,989 to 28,745.

The students also elected Philip A. Hart, Democrat, for lieutenant governor.

## GOP Favored in Rural Votes

### Victories by Republican Farm State Candidates Seen Boosting Benson

WASHINGTON (UP) — Despite a controversy over the flexible price support program, Republicans marked up significant election victories yesterday in politically important farm belt states.

Some successful GOP candidates differed with the administration but the over-all results did not represent, in the view of observers here, a repudiation of the new farm policies pushed through Congress by President Eisenhower.

Nearly complete returns indicated that congressional and statehouse gains made by Democrats were confined largely to urban areas of the country.

* * *

The Midwest results were viewed, too, as a farmer vote of confidence in Secretary of Agriculture Benson, who spearheaded the administration drive for variable farm price guarantees to replace war-born high, rigid floors.

Counted out by his critics several times since he started plugging a program aimed at "taking the government out of agriculture," Benson's position appeared to be stronger than ever. Benson's home state, Utah, sent two GOP House members back to Washington despite the late withdrawal of one candidate, Rep. Douglas Stringfellow. Utah had no Senate contest.

* * *

The GOP staged a major upset in defeating veteran Democratic Sen. Guy M. Gillette in Iowa—a key farm state.

In Kansas — where wheat farmers have been plagued by declining prices — GOP incumbent Sen. Andrew F. Schoeppel won the flexible support issue, defeating former Sen. George McGill.

The GOP showing in the Midwest probably means that Secretary Benson's standing at the White House has been strengthened considerably.

The farm area results also may weaken the hold of high price support backers in the Democratic party and strengthen the influence of a group led by Sen. Clinton P. Anderson of New Mexico, a staunch advocate of flexible supports. Anderson won re-election yesterday.

## Inmates of Sing Sing Hear Election Returns

OSSINING, N. Y. (INS) — Inmates of Sing Sing penitentiary were granted a special privilege last night of being allowed to listen to the election results by radio until 11:15 p.m.

The prisoners were especially interested in who was to be the new governor. He has the power of pardon and commutation.

# Tour Changes Official's View

## Texas Radio Executive Sees Good of U. S. Aid in Europe

By ROBERT A. WIENER

LONDON (INS)—A Texas newspaper and radio station executive said in London he had changed his opinion of the value of American economic aid to Europe as the result of a month-long tour through nine countries of Europe and the Middle East.

Dee Walker, of the Houston Daily Chronicle and Radio Station KTLW, Texas City, told INS:

"Before I left on this trip I was very hostile to the American aid program abroad. Now, after seeing almost half the world, I am not opposed to it."

**Walker is one of a group of 35 American newspaper and radio station executives who toured France, Germany, Austria, Yugoslavia, Turkey, Iran, Italy and Britain. The tour was organized by James L. Wick, publisher of newspapers in Ohio, Lousiana and North Carolina, and included interviews with leading statesmen in the countries visited.**

"This trip was a unique experience for me," said Walker. "I found out this is one world whether you believe it or not, and whether you like it or not.

"I am going home and tell people I found one set of ideals for peace and one for brotherhood, wherever I went. If man cannot learn to live by these ideals he may destroy himself with the hydrogem bomb."

**Walker said an elderly bearded peasant in Iran, whose home consisted of a mud hut on wooden piles, said to him:**

**"You know, we may seem different to you but we are all trying to do the same thing in the world and we must work together."**

Walker continued:

"I asked our guide in Rome, why so many Italians are leaning towards communism. He replied: 'There are too many rich and too many poor.'

"I asked him why Rome had lost its ancient glory. He said it was because the Italian people today are ignorant. I feel that wherever today there is ignorance and poverty communism thrives, and where there is sunshine and free enterprise, democracy is proving itself."

**Walker said he did not find that the people of Europe or the Near East "hate" America.**

"They admire us and sometimes even love us," he said, adding: "It may take 5 or even 100 years to assess properly what the American dollar is doing for the world."

Benjamin Franklin, of the Topeka, Kas., Daily Capital and the New Ulm, Minn., Daily Journal, said he found that "the 'United States' is not 48 states, it is 60 countries."
