Bill Goes to Senate

Draft Extension OK'd

WASHINGTON (AP) — A four-year extension of the draft law passed by the house with only three dissenting votes, begins its senate journey today.

The Senate Armed Services Committee opens hearings on the Pentagon proposal with Assistant Secretary of Defense Norman S. Paul as the leadoff witness.

The bill cleared the House Monday on a 387-3 roll call vote. The only votes came from Reps. Homer E. Abo, R-Ohio, H. R. Gross, R-Iowa, and George E. Brown Jr., D-Calif. *

House Will Vote Today on Record Military Bill

WASHINGTON (AP) — The House today on a record \$15.8 billion military buying bill.

The measure would pay for 3,000 combat aircraft, some 60,000 missiles—and a pair of 7,000-mile-an-hour airplanes the Kennedy administration doesn't want to build.

The RS70, a reconnaissance strike plane that hasn't been flown, is expected to touch off fireworks during the four hours set aside for debate of the bill.

It is the first major authorization measure to reach the House floor this session. The bill is subject to later appropriations.

Republicans, who have talked about cutting the administration's budget by \$10 billion or more, are not expected to take the military procurement bill one of their targets.

Dems to Stump Through County

Two Democratic candidates for state educational posts will meet with Oakland County educators for an 11:45 a.m. luncheon during a day of campaigning in the county tomorrow.

Lyne M. Bartlett and Donald M. D. Thurber plan to lunch with school superintendents, principals and board members at Kingsley Inn in Bloomfield Hills.

Bartlett is seeking re-election as state superintendent of public instruction in the April 1 election. Thurber is an incumbent candidate for the University of Michigan Board of Regents.

The two also plan a 10:30 a.m. campaign stop at Miracle Mile Shopping Center and a meeting with Waterford Township teachers at 3:45 p.m. at Pierce Junior High School.

Also on Thurber's schedule is an early-morning stint of greeting Pontiac Motor Division employees as they arrive for work.

Satisfactory After Accident

A 30-year-old Pontiac man is in satisfactory condition after his car rolled on its side into the path of another vehicle in Pontiac yesterday.

Lester M. Young, 2 Hazel St., suffered a possible concussion when his car was hit broadside by a car driven by Abraham Pearl, 35, of North Branch.

Shirley's deputies said Young, traveling east on Brown Road, failed to stop at the M21 intersection. Pearl was going south on M24 when the accident occurred at 3:24 p.m.

The Weather

Full U. S. Weather Bureau Report—PONTIAC AND VICINITY — Some drizzle with heavy fog thinning by afternoon, high 39. Cloudy, mild with a little rain or drizzle tonight, low 31. Cloudy turning colder with rain or snow Wednesday, high 36. Light variable winds becoming east, northeast 8 to 15 miles tonight and 12 to 20 miles Wednesday.

Clarkston Teacher Pay Hike Schedule OK'd

CLARKSTON — A proposed salary increase schedule for Clarkston community school teachers calling for an approximate \$100,000 annual budget increase was adopted last night by the school board.

Schools Supt. Dr. L. F. Greene said in order to put the new salary schedule into effect this September, a proposal calling for a five-mill increase would have to be approved at the polls.

No election date was set last night. The vote will probably take place in May or June, Dr. Greene said.

First proposed for board consideration in January, the new salary schedule specifies a boost of \$300, from \$4,600 to \$4,900, for starting teachers with bachelor's degrees.

It calls for an increase of \$216, from \$4,800 to \$5,016, to beginning teachers with master's degrees.

ANNUAL HIKES

The schedule, which spans an 11-year period, specifies annual increments in all teacher categories until maximum rates have been reached.

Top pay for a teacher with a bachelor's degree would be \$7,450, an increase of \$21 over the present limitation. Holder of a master's degree could reach a maximum annual salary of \$7,700, which is \$335 over the present maximum.

Teachers with special degrees would earn from \$5,242 to \$8,140 under the new schedule over the 11-year period. Holders of doctor's degrees would begin at \$8,578 and attain a top salary of \$8,506.

At the present the school district allocates 13 mills for debt service, for a total of 24.32.

The proposed boost would increase the total to 29.43. No breakdown of the proposed five mills between operating and debt service was specified last night.

When teachers first offered the new salary schedule for board consideration, it was presented with the intent of bringing the teacher pay more in line with other county school systems.

The school system, which includes four elementary schools, and a junior and senior high school, employs 154 teachers.

NEWS OF THE AREA

as village clerk with 38 votes. She replaces Mariene Mallia, who chose not to run for office.

Other officers picked and the votes they received are: incumbent trustees Charles Hamilton, 45; Dwight Patterson, 41; and John Sutherby, 35. All were elected to another two-year term of office.

Elmer Powell was elected to his first term in the vacated assessor's post with 46 votes.

Incumbents Provide Main Attraction

Village Voting Varies With Contest Interest

Voters in 12 area communities cast ballots yesterday in numbers that varied with interest in local contests.

In most instances, balloting amounted mainly to polling for incumbents seeking re-election.

The Citizens party was largely victorious in Metamora and Lake Orion, while in Rochester, Village President Roy Rewold was elected to a one-year council term.

Councilman John Boeberitz and two other candidates were elected to two-year terms.

John O'Donnell was the voters' choice to fill the one-year unexpired term in Rochester.

Following is a roundup of returns in each village.

Clarkston

Balloting in Clarkston's village election was back to normal this year after an unprecedented upsurge last year because of pro-

Dryden

Seven incumbents won re-election to Dryden Village posts in yesterday's election.

Village President Robert L.

White, Clerk Mrs. Mildred Gray, Treasurer Mrs. Gladys Harrington, and Assessor Robert Wedgartz, all received 47 votes, the total number of ballots cast.

Despite a mix-up on the ballot, all three incumbent councilmen were re-elected to office.

Irvine Talmage received 47 votes, William Farnum 46 and Charles Carlsson 36. The three were elected to fill two-year terms on the council.

The mix-up occurred when the name Robert McCauley mysteriously appeared printed on the ballot as a candidate for the council.

Although there is no such person living within the Dryden Village limits, according to Mrs. Gray, McCauley polled six votes.

Despite the bad weather, 16 more votes were recorded in this year's election than last year's.

Holly

The only nonoffice-holder running in yesterday's village election here received the highest number of votes.

Lott Everly, elected to the village council, received 108 votes to place all candidates.

Elected to fill two other vacancies on the council were Aaron Ganshaw and Clarence Lester. Both polled 104 votes.

Also elected to one-year terms were Village President John P. Oldani, who polled 104 votes; Treasurer Hulda Anderson, 102; and Assessor Grant Hulet, 107 votes.

All candidates were unopposed for office.

Lake Orion

Village party candidates won two of three vacant trustee seats in yesterday's election, giving them a 4 to 3 majority on the council.

However, they failed to unseat Citizens party incumbent candidates for other village offices.

President Irvine J. Unger (C) spilling the bid of Robert D. Stokes (V) who received 153.

Mrs. Mary Parkinson (C) was unchallenged for the clerk's position. She won 284 votes.

Incumbent Gilbert Woodcock's re-election bid was spoiled by Michael LaMagna (V), who received 267 votes, and Stewart J. Draher (V), 196.

Unopposed for another one-year term as assessor was Mrs. Geraldine Storey (C). She received 274 votes.

Six candidates competed for three two-year council vacancies. Incumbent Robert J. Hauxwell (C) was re-elected with the most votes cast for trustee, 220.

Incumbent Gilbert Woodcock's re-election bid was spoiled by Michael LaMagna (V), who received 267 votes, and Stewart J. Draher (V), 196.

Unsuccessful candidates, in addition to Woodcock were Thomas Arthur (C), 188, and G. Eugene Thompson (V), 179.

Leonard

The slate of officers chosen in last night's balloting will come as a surprise to no one. All candidates were unopposed.

Replacing Village President Lawson Sheik, who served eight years in this position, is Jesse Sutherby Jr. He received 43 votes.

Incumbent Treasurer Mrs. Lucille Porter was re-elected with 47 votes, leading the other candidates.

Mrs. Calvin Scheall was voted

Metamora

The Citizens party swept its candidates, most of them incumbents, into office yesterday by sizable margins over Progressive party challengers.

President Percy Clark (C) was re-elected to another one-year term with 56 votes. Progressive party candidate Billy Skellenger polled 29.

In the race for the one-year clerk's post incumbent Grove C. Morse (C) outpolled Mrs. Darlene Bracy (P) by a 60-25 vote.

Progressive party challenger Mrs. Dorothy Turner, polled 16 votes, failed to unseat incumbent Treasurer Mrs. Janette Schenkel (C), who tallied 68.

Citizens party candidates also topped the field in the race for the three two-year trustee vacancies. Elected were Clarence Perwilliger (C), 77; incumbent George Schenkel (C), 66; and Edward Haver (C), 55. Progressive party candidate Jack Morse polled 31 votes.

Vying for the unexpired one-year post vacated by Sammy A. Ray, Citizens party candidate Charles Flower received 63 votes, while Russell Sweet (P) polled 17.

Assessor Victor Maslin (C) unopposed, won re-election with 79 votes.

A total of 87 votes were cast, which represents about 50 percent of the registered voters. Last year only 61 votes were cast.

Milford

In what was described as "a very light vote," Mrs. JoAnn Cotton provided a mild upset by unseating Ralph Weise for a three-year term on the village council.

Elected to fill two vacancies on the council were Mrs. Cotton, who received 219 votes, and incumbent John Dodd, who polled 212.

Weise with 208 votes and David Ward Young, who received 165, were defeated in council bids.

Incumbent Village President Wilbur Johnson was top vote getter with 309 votes. His opponent, James Bryant, received 101.

Orionville

Although he was re-elected to office, Village Assessor Weber Ware may feel slightly by yesterday's election results. He was the only candidate here who did not poll 45 votes, the total number of ballots cast.

Because of one write-in vote, Ware received 44.

Also re-elected were trustees Donald Barnes, Robert Sutton and John Teare. Village Clerk Laverne Bort and Treasurer Mrs. Jennie Saunders.

Charles F. Sherman was elected village president to fill the vacancy created by the resignation of Raymond Barrick who previously headed the council for four years.

Local officials reported a good voter turnout despite the bad weather.

Oxford

Top vote getters in the village election here yesterday were in-

cumbent Councilmen Edmund A. Unger and Gerald C. Olrich with 70 and 57 votes, respectively.

They will serve two more years on the council.

Elected to a one-year term was the third candidate for re-election, Councilman E. Wayne Converse. He polled 52 votes.

Despite the inclement weather the balloting was up some 50 percent over last year with 78 votes cast as compared to about 47 in 1962. All candidates were unopposed.

Rochester

Voters here returned President Roy Rewold and incumbent John Boeberitz to the council and elected three new trustees. All of the new councilmen have indicated that they favor urban renewal.

Leading the polling with 384 votes was Kenneth C. Van Nocker. Boeberitz, 283, James McCarthy, 258, and Van Nocker were elected to serve two-year terms on the council.

Running in fourth position, thus awarded a one-year term, was Rewold, with 350.

John O'Donnell outpolled council appointee Neil Roscoe, 376 to 326. The two were vying for the year remaining in Rose R. Martin's unexpired term. Martin resigned for health reasons.

Other losing candidates and their respective votes are Harold Milton, 240; Jerry L. Dahmann, 228; Earl G. Van Norman, 206; and Owen Smith, 243.

The new officers will be installed at the March 25 meeting. They will begin their duties at that time.

Should the urban renewal question once again be introduced, planning could be reactivated, if the council chose to do so.

At the Feb. 25 meeting the issue was, in effect, killed by a 4-3 vote against addition of a \$25,000 federal grant application for urban renewal study.

Based on previous voting and statements of council members, the official body now stands 5 to 2 in favor of the planning.

Romeo

Wayne N. Black was elected to his fourth term as village president here yesterday. He garnered 65 of the total 74 votes cast.

Incumbent Marvin Slewke polled 63 votes in the race for the three council vacancies. He was followed closely by Stanley J. Holmes, running for his second council term, with 61 votes.

The other candidate for re-election to the council was Edward Pallister, who received 58 votes.

Also retained in office were Clerk Dorothy Carl, 71 votes; Treasurer Elaine Hosner, 70; Assessor Elgin Anger St., 70; and library board members Helen M. Stone and H. Dale Palmer, 67 and 63 votes respectively.

The total vote was up six over last year, when the lightest turnout in several years was recorded. All candidates for office were unopposed.

Wood Creek Farms

Bad weather cut in half the expected voter turnout in the village election in this southwest Oakland County community yesterday.

Elected to his second term as village president was Norman E. Kreider, who polled 44 votes.

Benjamin G. DeCooke and Mrs. Robert J. Swift polled 42 and 40 votes respectively to fill the two vacancies on the council.

All candidates were unchallenged for public office.

FAST TALKERS — The Romeo High School debating team has reached the quarter finals in state competition, having won the district and regional contests in recent weeks. Members (from left) are Ken Seifert, Bill Volz, Kim Kaiser and Cary Kilner, all 16-year-old juniors. They will meet the Lansing School for the Blind team next Monday. Romeo coach is English teacher Richard L. Hill.

Reassessment Fight Grows in Southfield

SOUTHFIELD — The uproar here over reassessment is growing. Councilman C. Hugh Dohany said this morning.

From the time residents received their reassessment statements from the assessor's office last week, council members have been deluged with hundreds of phone calls protesting the additional charges, he said.

Dohany noted that the increases are the result of a Clemishaus Report demanded by Mayor S. James Clarkson.

Dohany is opposing Clarkson for the mayor's seat in the April 1 election.

"FIRST JOLT"

"In his budget message last year the mayor recommended that Southfield base its taxes on state equalized values, a move that would serve to raise our seven-mill tax limitation by more than 50 percent," he said.

"The city assessor should not be a political tool of the mayor, especially as we have a mayor who is obsessed with assessments," Dohany warned.

He pointed out that in Southfield the assessor is appointed by the mayor and "serves at the pleasure of the mayor."

"If elected mayor, I will propose that an appraising department be established to replace the assessor," he said.

He noted that he has received many telephone calls, and has been stopped on the street by people who want more information about the proposed city hall purchase.

The council declared its intent to purchase the Ramsey Building adjacent to the present city hall for \$20,000.

The vote was 6 to 1, with James the lone dissenter.

The purpose of the special session is to answer "a lot of questions people want to discuss," the mayor said.

He noted that he has received many telephone calls, and has been stopped on the street by people who want more information about the proposed city hall purchase.

The council declared its intent to purchase the Ramsey Building adjacent to the present city hall for \$20,000.

Ceremonies Honor Area Girl Scouts

Girl scouts of two area communities will be feted in separate ceremonies tonight.

A rededication ceremony is scheduled by Orionville scouts, and the Auburn Heights Lions Club is featuring scouts of Troop No. 217 in the entertainment portion of its meeting.

Beginning at 7:30 p.m. in Brandon High School, Orionville, several scouts of Troop No. 215 will be initiated into the second class rank.

A rededication ceremony will be led by members of Troop No. 155.

LIONS TO MEET

In Auburn Heights, members of the Lions Club will meet at 7 p.m. in the Boys Club Building on Squirrel Road.

The club, sponsor of Girl Scout Troop No. 217, plans to present a check to the organization. This completes a drive for funds for a trip to a national girl scout camp in Bethesda, Md.

The 12 scouts will leave Aug. 4 for the week's camping trip.

Featured in tonight's program will be slides on the international girl scout convention, which took place in July at Bussan Bay, Vi.

A discussion of the girl scout's Camp White Deer, in Wisconsin, will round out the program.

Both events are being staged in conjunction with the national celebration of Girl Scout Week.

Judge to Speak on Delinquency in South Lyon

SOUTH LYON — The Youth Guidance Organization of South Lyon is sponsoring a public meeting tonight to highlight the problems of juvenile delinquency.

Featured speaker will be Oakland County Probate Judge Donald E. Adams, who will explain the purpose of the organization and assess its value to the community.

Organized here this past year, Youth Guidance works cooperatively with the Oakland County Juvenile Court.

Its efforts are directed toward the preventive aspect of delinquency.

The program will begin at 7:30 p.m. at the high school gymnasium.

Attorney Killed by Bus

DETROIT (AP)—Marvin A. Smith Jr., of Detroit, an attorney, was killed last night when he was struck by a bus at Woodward Avenue and Cadillac Square.

REAR ADM. O. H. DOBSON

Oxford Lions to Host Navy

OXFORD — A retired rear admiral will pay a visit to Oxford last two weeks before the U.S. Navy Band is scheduled to appear.

Rear Adm. Oscar H. Dobson, USN (Ret.), will address Oxford Lions Club members and guests at 7 p.m. March 21 in the Veterans Hall on North Washington Street.

The Lions Club also will present the Navy band in two concerts, at 1 and 8 p.m., April 4 in the Oxford Area High School auditorium.

Now director of the Money Museum at the National Bank of Detroit, Adm. Dobson is widely known as a lecturer on naval subjects, international relations and coin collecting.

Subject of his talk in Oxford will be "Meet the Russian People."

Drawings for Holly School Seen

HOLLY—Preliminary sketches and drawings of the new Holly Elementary School were displayed last night at a meeting of the board of education in the high school library.

Keith Welland of Charles Lane Associates was on hand to explain the plans. He is project engineer for the proposed structure.

A tentative schedule calls for construction to begin April 10, with completion slated for late October.

The deadline for bids on construction is April 2.

A \$13,100 increase in teachers' salaries has been approved by the board of education.

Purpose of the rate increase is to bring pay of Holly public school teachers in line with that of other school districts and to encourage retention of experienced teachers.

The new schedule boosts starting salaries \$200.

Teachers with a bachelor of arts degrees will begin at \$4,800, while those with master of arts degrees will start at \$5,100.

Sewer Bond Issue Fails

WHITE PIGEON (AP) — Voters Monday failed to give enough support at the polls to a proposed \$545,000 sewer bond issue.

The proposal, which required a 60 percent cent edge, drew only 171 yes votes to 165 no.

Important Message About Your Income Tax!

Pontiac Board of Realtors

Pontiac, Michigan

March 12, 1963

We are sure you have read the newspaper accounts of the Treasury Department's recent recommendation to the Congress for changes in our Federal Income Tax Laws.

As a homeowner you will be adversely affected by one change which, if approved by the Congress, will take away your present right to deduct all of certain expenses in computing your net income for tax purposes.

These expenses which are now fully deductible are:

- Interest payments on your home mortgage or land contract.
- Interest charges on consumer installment purchases and personal loans.
- Real property taxes.
- Other state and local taxes.
- Contributions to your church and to charities.
- Casualty losses to property from wind, flood, weather, fire, etc.
- Medical expenses.

The Treasury is asking Congress to change this to permit deductions only to the extent that they exceed 5% of your income. Thus if your taxable income is \$8,000 and you have \$1,400 in deductions, you will be permitted to deduct only \$1,000. Under present law you can deduct the entire \$1,400.

In addition only those casualty losses and medical expenses in excess of 4% of income are included in listing the deductions which are subject to the 5% rule.

The tax bill provides for some tax reduction in order to "sweeten" this cutback in itemized deductions. However, there is always the risk that budget deficits and resulting inflation may force Congress to increase the rates. But once you lose part of your deductions, the chances of getting them back are very slim.

The deductions allowed for home mortgage interest and real estate taxes were approved by the Congress many years ago as an inducement for the growth of home ownership. As a result we are a nation of 60% home owners. We are sure that when you bought your home you were influenced by the fact that you could deduct all the interest on the mortgage and all the real property taxes. Now the Treasury wants you to deduct less at a time when your expenses and taxes are increasing.

We hope that you will make known your views on this important matter to your representatives in Washington.

Very truly yours

Pontiac Board of Realtors

This effort to assist home owners, home buyers, and others is sponsored by The Pontiac Board of Realtors, Pontiac, Michigan

Crater lake national park in Oregon records about 17 feet of snowfall, the average set in the 1950-51 season.

The textile and apparel industries use more than eight million tons of coal in one normal year.

Inmate Hurt in Escape Try

LINCOLN, Neb. (AP) — An inmate from Michigan was critically injured yesterday in a Nebraska penitentiary when a rope on which he was attempting to slide to freedom from the roof of the penitentiary broke and let him fall, Warden Maurice Sigler reported.

Sigler said the injured convict was Frank Lucas, 50, Benton Harbor, serving 30 years on charges of robbery and shooting with intent to kill, would or main, for the abduction and wounding of a Gothenburg, Neb., policeman last October. Lucas also is wanted in Michigan for parole violation.

Sigler said Lucas suffered fractures of the spine and hip when a small rope broke and he plunged to the ground. Two companions in the escape attempt, Jerry Lewis Thomas, 21, and Edward Yates, 20, both from the state of Washington, were found on the roof of the cell block.

The warden said the men tore toilet stools from the floor of their cells on the top tier of the cell house, bore into a service corridor and broke into the attic. Then they knocked a small hole through and was attempting to slide 60 feet to the ground when the rope broke.

Norwegian manufacturers now offer low-cost breakage insurance on most types of skis.

50,000 American Families are Buying Now... For the Future!

During the past ten years... the sunny Southwest has undergone one of the most fantastic population booms of any era in our nation's history. And where did all the people come from? From every section of this country... from your State... even from your city!

The people pictured in this advertisement represent the 50,000 families who have already bought property in our Southwest subdivisions during the past three years. Some are buying their land now, with definite plans to retire in the sunny Southwest... wisely assuming that if they wait until they retire... the land may well be far too costly for their retirement incomes! Far better to buy the land now... while the prices are still well within their budgets!

Others are buying their land as a deeply cherished investment. Not especially to "get rich" or to "make a killing in real estate" but as a most satisfying addition to their particular savings and holdings. Ownership of land brings with it one of the most proud and satisfying feelings man can ever acquire. And these thousands of families have taken advantage of the opportunity to buy a fine parcel of land... from a dependable organization.

Big things are happening in this sun-drenched region of the Land of Enchantment! Today, Rio Grande Estates is a growing community of attractive homes, a splendid golf course... with lush fairways creating a carpet of green under the bluest of blue skies! In the short months ahead, even more homes will rise as Rio Grande Estates takes its place among the new, vigorous communities in the Southwest where the living is truly "easier!" Located just 32 miles south of Albuquerque, and less than 5 miles from the town of Belen (where city conveniences are available) Rio Grande Estates enjoys a magnificent view of both the majestic Manzanito Mountains and the romantic Rio Grande Valley and River!

AN "ARMCHAIR LANDLORD" FOR ONLY \$10 A MONTH!
That's right! Think of it! You too can become the proud owner of a spacious half-acre homesite in sunny Rio Grande Estates for only \$10 monthly! Your half-acre homesite measures 100 feet frontage on an unimproved ranch road, and 217.8 feet of depth. This is a lot of land... yet the total price today is only \$299! No interest charges... no carrying charges... no credit applications... and the terms are just \$10 a month! Small wonder that so many, many families have already bought their "estate under the sun!"

SUNSHINE SPLENDOR!
The "guest book" at the Rio Grande Estates reception office is crammed with comments similar to these shown here. **MANY, MANY FOLKS HAVE ALREADY DECIDED TO "COME OUT TO THIS SUNSHINE VALLEY TO ENJOY A SPLENDID, NEW WAY OF LIFE!"** Yes... The Land of Enchantment is beckoning! And small wonder when you realize that thousands upon thousands of families are finding that LIFE UNDER CONSTANT SUNNY SKIES IS TRULY THE GREATEST WEALTH THAT ONE CAN POSSESS!

Where else in this nation can you find an average of 350 days of SUNSHINE SPLENDOR each and every year? Where else in this nation can you find such crystal-clear air... low humidity... and enough space to "GROW AND EXPAND?"

WONDERFUL REAL ESTATE INVESTMENT
Looking for property with high possible profit? Best rule to follow is to "BUY LAND... AT A LOW PRICE... WHERE GROWTH AND DEVELOPMENT ARE TAKING PLACE!" This is Rio Grande Estates! Now in its third year of development... Nearly half a million dollars worth of homes have been built or are now under construction! Mile upon mile of unimproved ranch roads have been built. A FINE GOLF COURSE is under construction. **GREATER DEVELOPMENT IS ANTICIPATED DURING THE COMING YEAR!**

IMPORTANT FACTS ABOUT RIO GRANDE ESTATES
• Founded in 1960.
• Half-acre lots measure 100 ft. frontage by 217.8 ft. in depth (typical size).

Upon inspection of my property my wife and I are very pleased with my particular parcel of land which we purchased over a year ago. We are very happy and pleased with the development of Rio Grande Estates. At the present time, we are contemplating investing some more of our money into this project. We feel that Rio Grande Estates has a great future.

Mr. & Mrs. Alex Gutierrez
1028 Africa Drive, S. W.,
Albuquerque, New Mexico

This is my third trip from Detroit — and each time I am more desirous of building here when my husband retires.

Mr. C. J. Marins
21 Lakeside Lane
Grosse Pointe, Michigan

Was very well pleased with the land. They have some beautiful homes already built. I came to look and left after purchasing another 1-acre tract. It has a beautiful view as I have seen.

David E. Hobbs

Farmington, Michigan

FACTS ABOUT HORIZON LAND CORPORATION

1. Horizon Land holds a leading position among the sound, conservative group of major American land development companies.
2. In the past three years, Horizon Land has invested millions of dollars in its developments in Arizona, New Mexico and Texas. This investment has gone into land, engineering, surveys, water, electric power, golf courses in the developments, lake construction and roads.
3. Today, anyone can build a modern, up-to-date home in any Horizon Land community, fully equipped with utilities furnished at rates comparable to any Southwestern city.
4. Over \$5 million in homes have been built in Horizon Land developments in the past three years.
5. Horizon Land Corporation is publicly owned... there are over 2,700 stockholders, and a detailed financial report, audited by Lybrand, Rice, Bess & Montgomery, is published annually.
6. Horizon Land is a member of the Chamber of Commerce in each area in which it develops land. Horizon Land actively encourages all government and trade groups in their most careful scrutiny of all land being sold to the public.
7. Horizon Land has over 150 persons engaged in land acquisition, planning and engineering, building and construction, and office functions.

Air Force Fires ICBM

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force launched an Atlas ICBM toward an unspecified target area Monday night in what was described as a routine training launch.

Poison Kills Life in Italian Stream

TURIN, Italy (AP)—Scientists caused a cyanide solution was accidentally dumped into its waters. Several rabbits that had gone to the river to drink also were found dead.

Thousands of poisoned trout and other fish washed up on the river banks this week. Several rabbits that had gone to the river to drink also were found dead.

All plant life over a nine-mile stretch of the river was killed. Scientists said fish would not be able to breed in the waters until the plant life grew back, probably in two to three years.

Police said about 30 pounds of sodium cyanide, diluted in 90 gallons of water, had been emptied into the river from a factory manufacturing radio sets.

FATHERS 18 TO 45:

Here's the
one plan
that can
provide all the
life insurance
you need now!

Just one plan provides lump sum insurance on your life... it also protects your wife... and each dependent youngster is insured, too. If a new baby comes along he's automatically covered after 15 days at no increase in premium.

Best of all, it provides for a cash monthly income for your family if you die... income that can last as long as 30 years. This cash income really rounds out your family's protection. And you pay for no waste coverage. When your children are tots, the length of income benefits is at a maximum. As they grow older and protection needs lessen, your protection tapers off, too. One plan does the whole job... and it's available through just one man, your Nationwide agent. Call him—he's in the Yellow Pages.

NATIONWIDE INSURANCE

Women Gather for 6th Golden Gavel Dinner

About to speak on the film "The Eighth Sea," shown at City Federation of Women's Clubs' 6th annual Golden Gavel dinner Monday at Oakland University, is former congressman George

A. Dondero of Royal Oak. Mrs. Merrill D. Petrie of Cherokee Road (at right) is federation president. Seated is Mrs. John Napley of Kellen Lane, chairman for the event.

The Gold Room in Oakland University's student center was the setting for the sixth annual Golden Gavel dinner sponsored by City Federation of Women's Clubs on Monday.

Recipients of the golden gavel for attendance at the dinner were the American Business Women's Association, Tipacon Chapter, for membership over 50, and the Italian American Club Auxiliary in the membership-under-49 category.

Mrs. Merrill D. Petrie, president, welcomed the assembly and Vera Bassett offered the invocation. Mrs. Richard Vezay, program chairman, introduced Howard Heldenbrand, Pontiac Press Man About Town.

Former Congressman George A. Dondero of Royal Oak, spoke preceding a film showing of "The Eighth Sea" made by the Caterpillar Tractor Co. of Rockford, Ill., and narrated by Walter Cronkite.

Construction of the St. Lawrence Seaway, according to Mr. Dondero, is the greatest earth-moving feat in our time. Delegations from all parts of the world have viewed this 27-foot-deep waterway which takes ships up to 800 feet in length.

SIX CASUALTIES

There were only six casualties among some 22,000 laborers who worked on shifts 24 hours a day, six days a week, for five years. Three thousand pieces of heavy equipment valued at \$75 million were brought from the

Panama Canal for the mammoth project.

The St. Lawrence waterway is the only place on this continent where tolls are charged for the use of water.

Former past presidents introduced were Mrs. B. B. Rousch, Mrs. Paul Gorman, Mrs. William McClure and Mrs. Raymond L. Cole.

Hostesses were Mrs. Henry Healy, Mrs. Fritz Stoddard, Mrs. Charles Crawford, Mrs. Charles Barrett, Mrs. Russell French, Mrs. Gorman and Mrs. McClure. On the courtesy committee were Mrs. Paul Spadafore, Mrs. Donald Lucarelli and Mrs. Sam Calabrese.

Mrs. John Wilson assisted Mrs. Dyer with reservations; Mrs. Cole handled publicity; Mrs. John Schroeder and Mrs. Randall E. Spurgeon, decorations; Mrs. William Belaney, programs. Mrs. Roland Zilka played organ background music.

Mrs. Norman Dyer, Shore View Drive (center), ticket chairman for the federation dinner, welcomes Mrs. Albert DeSantis, Winkelman Road, of the

Italian-American Club Auxiliary, and Pontiac Press Man About Town Howard V. Heldenbrand, who was toastmaster.

Members Gather for Meetings

Congregational Church groups met Friday.

Mrs. Mary Howell showed pictures by famous early Italian artists of Holy Week at the meeting of the Saybrook Group. Mrs. Raymond Swaney opened her home on Middle Belt Road for the meeting.

The luncheon committee was comprised of Mrs. Mason Rich, Mrs. William Coleman and Mrs. Wilbur Ott.

Twenty-five members and one guest, Mrs. Harold Dudley, were present at the meeting of the Colonial Group at the home of Mrs. Elwood Bigler on West Iroquois Road.

Mrs. Everett Russell, Mrs. L. L. Dunlap, Mrs. F. C. Castell and Mrs. Roy Smith were hostesses for the luncheon.

The group sewed cancer pads during the meeting.

Nothing's Wrong With Girl! What's Wrong With Son?

By ABIGAIL VAN BUREN

DEAR ABBY: What is wrong with a mother who will let her 14-year-old daughter accept a \$40 present from a 20-year-old boy who is trying to get through college?

My husband and I can't understand it. I told our son tonight that if this little gold digger has to have a \$40 present he can quit school and go to work.

We are having a tough time putting our son through school. Her family apparently didn't think a thing of it. Why doesn't her mother keep her in where she belongs? Thank you.

CONSTANT READER

DEAR READER: Don't blame the girl's mother because your son spent more than he could afford on a gift for the girl.

When a girl gets a gift from a young man, her parents have a right to assume he could afford it.

The world is not going to lock up its daughters so young men like your son will be out of temptation's way.

DEAR ABBY: I share a party line with a woman in her sixties who can't speak a word of English. She is

Osteopathic Auxiliary Sets Party

The Oakland County Osteopathic Auxiliary will hold a salad luncheon and card party 12:30 p.m. Wednesday at First Federal Savings of Oakland.

Spring hats will be modeled by members. Proceeds of the luncheon will benefit the auxiliary's scholarship fund.

Mrs. James H. Quatres, president of the group will be assisted in arrangements by Mrs. Andrew Berry, Mrs. H. V. Larabee, Mrs. L. Gale Huddle, Mrs. Harvey R. Bridenstine and Mrs. James G. Matthews.

president of a club of old ladies who can't speak English either.

Listen to this: Almost every time I am talking on the telephone she breaks into my conversation with "DOCTOR" or "HOSPITAL!" This means I have to get off the line immediately. I understand it's the law.

A couple of minutes later I pick up the phone and she is laughing and talking to one of her friends. She has pulled this so many times it isn't even funny. What can I do about it?

ANNOYED

DEAR ANNOYED: Call your telephone company and ask it to investigate.

DEAR ABBY: I wish to take issue with you. You said it is bad manners to use a toothpick in public. Well, why do the finest jewelry stores sell solid gold toothpicks?

HAS ONE

DEAR HAS: Back scratchers and toenail clippers are sold in the "finest" stores, too. But that doesn't mean it's proper to scratch one's back or clip one's toenails in public.

Hate to write letters? Send

District Head at Amvets Meeting Here

District No. 3 president Mrs. Margaret Willis was guest for the Sunday meeting of the Wright-Fourmier Amvets Auxiliary Post No. 161. Mrs. Edward Mason will represent the post at the Camp Oakland dinner April 15.

Books will be collected by the group before April 1 to be distributed to Dearborn Veterans Hospital.

Plans have been completed for the golf league to resume at Morey's Golf Course. Beginning May 2, golfing will be held each Thursday. Former league members are invited to join.

The Amvet ladies' bowling banquet will be held May 7 at Airway Lanes.

Use Soap on Your Face

By JOSEPHINE LOWMAN

Q. For years, I used creams of all kinds. I used the full treatment of many well-known brands. The more I lubricate my face, the more wrinkles I get. I talked with friends and they said, "Just use more cream."

Finally, I talked with my son, who while he is not a dermatologist, is a physician. He said that nature usually provides sufficient oil and that he thought the wisest treatment for any woman's skin is to cleanse the face thoroughly each night with a mild soap and water and then rinse well with cold water.

Then, he advised, apply a coating of pure lanolin because lanolin is the nearest substitute for our own natural oils. In the morning, he said, cleanse the face with witch hazel.

That was two years ago. I have followed these instructions and you should see my clear, unwrinkled skin. Do you think this method is just for a few people? My son said, "I don't think women need all that glop on their faces."

A. I have to disagree with your son in two respects. If I had used soap and water on my face habitually, I would be as wrinkled as a dried-up prune. Women differ. Some just naturally have drier skins than others and as

the years pass the natural oils diminish.

I agree that many women work on their faces with strenuous manipulation, rubbing this and that in until it's a wonder the poor face does not fall apart.

3rd Lecture
in Series Set
at Oakland

"The Public School in the Space Age" is the title of the third lecture to be presented in the World Report Series, sponsored by the scholarship committee of Oakland University.

Norman Roseman, assistant professor of teacher education at the university, will deliver the talk at 10 a.m. Monday in the Gold Room on campus. A question and answer period will follow.

An award by the university's continuing education department will provide a free course, of the winner's choice, in the liberal arts section of the continuing education department for the best question submitted.

You probably have a normal skin and for that soap and water are tops. Also, remember that you applied lanolin every night and lanolin is the base for creams.

Q. Is it true that arranging one's hair in a pony tail makes the hair thin?

A. Some experts feel that this style, when used habitually, may play some part in thinning hair. If you wear your hair in this way, do not pull it too tightly.

Q. Why is swimming considered to be such beneficial exercise?

A. Because your body weight is supported by the water. Therefore, it is not too strenuous an exercise and does not build lumpy contours but rather streamlines.

Also, there is something extremely relaxing about water. Water therapy, with special exercises, is used in many illnesses—polio, for example.

Many people who are not allowed more strenuous exercises are permitted to swim. For this reason, swimming is an exercise you can take through the years.

It is extremely helpful to those who are nervous or underweight.

PTAs in Action

Pontiac PTA groups are meeting this week.

WHITFIELD PTA will meet Wednesday at 7:30 p.m. Officers will be elected. A physical education exhibition will be presented by students under the direction of Elaine Roe.

HERRINGTON PTA will meet Wednesday at 7:30 p.m. Election of officers will be held. Mrs. William Wright of the Pontiac PTA Council will speak. A short film entitled "So This is PTA" will be shown.

WHITTIER PTA will meet Wednesday at 7 p.m. William Lacy, assistant superintendent of schools, will speak on plans for transferring Whittier students to Franklin School.

McCARROLL PTA will meet Wednesday at 7:30 p.m. Speaker will be detective Wayne Budemier of the Michigan State Police juvenile division.

McCONNELL PTA will meet Thursday at 7:30 p.m. A member of the Michigan Optometric Association will present a program on "Seeing Fit as a Fiddle."

LONGFELLOW PTA will meet Thursday at 7:30 p.m. Election of officers will be held. Mrs. Henry Storer, reading specialist of the Pontiac schools will speak.

WILLIS PTA will meet Thursday at 7:30 p.m. Election of officers. A demonstration of gym classes will be given.

CORA BAILEY PTA will hold a "book fair" Thursday at 7:30 p.m. with Mrs. Orville Gauthier, head elementary librarian for Pontiac schools as speaker. Election of officers will follow.

BAGLEY PTA will meet Thursday at 2:30 p.m. Election of officers will be held. William McKinley, physical education instructor will speak on

Physical Fitness while students demonstrate gym exercises.

LEBARON PTA will meet Thursday at 7 p.m. for election of officers. Cranbrook teacher Nancy Bower will speak on "Social Studies Today." There will be a nursery for children.

WEBSTER PTA will meet Thursday at 6:30 p.m. for a "meet, eat, and greet" smorgasbord. Arnold Embree, director of guidance and pupil personnel services for the Pontiac School District will be the speaker.

WILL ROGERS PTA will meet Thursday at 7:30 p.m. Election of officers will be held. Girl scouts will present the program. Baby sitters will be available.

PEO Chapter
Elects Officers
at Meeting

Officers for Chapter CL, PEO Sisterhood were elected Monday afternoon in the home of Mrs. Martin Wager on Dixie Highway.

Incoming officers are: president, Mrs. Harry Chapman; Mrs. George Putnam, vice president; Mrs. William Irons, recording secretary; Mrs. B. C. Mitchell, corresponding secretary; Mrs. Wager, treasurer.

Mrs. Paul Thoms was elected chaplain and Mrs. Victor Lindquist, guard.

One way to clean Junior's grubby nails is to dip a nailbrush into dry baking soda and scrub.

Company Sets
Koffee Klatch

The Home Service Department of Consumers Power Co. will present a demonstration on home lighting Thursday at 9:30 a.m. This is the second in a series of Koffee Klatch sessions open to the public.

Nasser Welcomes Unity..but..

CAIRO (AP)—President Gamal Abdel Nasser was reported taking a cautious but welcoming attitude today toward Iraq's proposal for a new Arab union.

Taleb Hussein Shabib, foreign minister of the new Iraqi revolutionary regime, proposed to Nasser Monday that Iraq, Syria and Nasser's United Arab Republic (Egypt) make a start by setting up a joint military command and

an organization to coordinate political planning.

Indications were that the progress toward union would be slow and gradual. There was speculation that an Arab summit meeting might be called to discuss the idea.

The Iraqi plan calls for Yemen and Algeria to join the group later.

Nasser has not committed himself although informed sources said he welcomed the proposals warmly. There was no official comment from the new Syrian government. Pro-Nasser mobs in Damascus demonstrated in the streets chanting for unity with Egypt.

PROGRESS SLOW

An Iraqi delegation in Damascus, headed by Deputy Premier

Alli Saleh El Saadi, proclaimed that the three nations "will definitely unite." But he told a news conference progress would be slow.

"We shall meet frequently to coordinate efforts," El Saadi said, "and work to eliminate regional difficulties in order to bring about identical conditions in the three Arab countries. These conditions will then help us to take the next step for forming a union or federation. And we will definitely unite."

Opposition to the plan, he said, was expected from "imperialist agents, local reactionaries, Zionists and local Communists since local Communists have always resisted the nationalist movement."

He said the Communists never will be allowed to operate in Iraq again because they are regarded as "a fifth column of Moscow." Nasser joined Egypt and Syria to form the United Arab Republic

in 1958. An anti-Nasser coup in Syria in 1961 broke it up. Iraq never joined, although Yemen—then a federal monarchy—was associated for a while.

4 Explosions in Stars Seen in One Week

PASADENA, Calif. (AP)—Four explosions in far-away stars have been observed in one week, the most ever noted in such a short time span, astronomers at Mt. Wilson and Palomar observatories say.

Only 126 of these explosions, called supernova, have been recorded since 1885.

A supernova is an explosion of stars or gas with the brightness of perhaps a billion suns. It flares to peak brilliance in a few days, then fades over a period of months. As soon as an observatory spots one they notify all others and they analyze its light makeup.

Dr. Fritz Zwicky of the California Institute of Technology said finding four in one week doesn't mean they're happening more frequently. He said this is a quiet time in our solar cycle, hence the night sky is darker and faint objects can be more easily detected.

Close Guinea's Borders for Currency Change

CONAKRY, Guinea (AP)—President Sekou Toure yesterday announced Guinea's borders have been closed and all communications put under strict control during a changeover in the nation's currency. Old currency must be exchanged by Thursday. The new and old money has the same value. Toure told a meeting of party leaders the currency change was necessary to stop counterfeiting.

"Truth is the cornerstone of all honorable and successful business. Let us build our business on this cornerstone and faithfully serve our patrons."

WILLIAM H. KINDY, Founder

The Kindy Code

1963 marks our 55th year of service to optical patients. It is good from time to time to set forth a statement of principles. The following is our code, as important today as at any time in our half-century of service.

PHILLIPS KINDY
President

**Prescriptions**

Registered Optometrists are in attendance at all Kindy offices to examine your eyesight and to prescribe the proper lenses. Vision not correctable by lenses shall be called to the patient's attention with advice to consult with his family physician. Should you have your eyesight examined elsewhere, simply bring your prescription to Kindy and it will be faithfully filled.

Lenses

All Kindy lenses shall be ground of the finest quality optical glass to the exact specifications called for by their prescription. This accuracy shall be guaranteed in writing. Any changes necessary will be made for a period of 90 days without additional charge.

Frames

All Kindy frames shall be designed to grip lenses securely with no strain-producing high spots. Physical frame adjustment shall be made without charge for the lifetime of the glasses. A person's glasses cover one-third of his face and affect his appearance more

than any other accessory. It shall be the duty of each Kindy dispensing optician to conscientiously recommend the frame style and material that most enhances the wearer's appearance.

Contact Lenses

Each person who chooses Kindy contact lenses shall be thoroughly fitted and acquainted with the sensations that contact lenses produce before they order such lenses. Your ability to wear contact lenses shall be further protected by a 90-day guarantee of satisfaction during which any changes necessary will be made without additional charge. Kindy contact lenses shall be warranted against loss or breakage for the lifetime of the prescription at a nominal service charge.

Hearing Aid Glasses

For those who need complete service for hearing as well as vision, Kindy supplies convenient hearing aid glasses built to the highest standards of the hearing aid industry. Transistorized design gives you high power, compact dimensions, light weight and long battery life.

Service

To the Kindy staff, the most important consideration in every case shall be the patient's irreplaceable eyesight. It shall be our duty to make as certain as humanly possible that your glasses are absolutely correct—that you are satisfied with your glasses.

LIMBO DRAWS GALLERY — John Gever, Jr. shows a CAI teen dance gallery how low he can go in the limbo. Joining hands to form the limbo "stick" are Karen Holgerson and Luke Sharpe.

Bosa Nova to Bonnie-Knee-Hop

Yesterday's Twisters Fly Today

By JOE MULLEN
It may be in vogue for adults, but the twist is already considered nearly passe by Waterford Township teenagers.

Hop youngsters who dance twice a month at the Community Activities, Inc., building have all but abandoned the

twist for dance steps such as the bosa nova, limbo, bird, fly, social, bonnie-knee-hop and others.
Variations of these and numerous unnamed chorus line dances are also popular with the young set. Most of today's teen-agers like

their music fast said Robert Bauer, CAI director.

Bauer spins the "platters" at Friday night dance sessions when the band takes an intermission. Various local teen bands alternate in playing at the dances.

"I play about four fast pieces to every slow one," he explained. "Then later in the evening, when the dancers become weary, the ratio is about 50-50."

Bauer is pleased with the fine attendance at CAI dances, as well as with behavior of the participants.

"We average between 550 and 600 youngsters and have had as many as 550," he said.

MORE GIRLS THAN BOYS.
Usually more girls than boys attend the 8 to 11 p.m. dances.

Parents seem assured that the program is well supervised and don't hesitate to allow their daughters to go. The young ladies seem generally more enthusiastic about dancing than boys.

There are usually about six adult chaperones and from two to four auxiliary police officers at the dances. Trouble occurs rarely. What little has, was minor.

Bauer's only lament is that the same chaperones are carrying the burden. He would like to have other parents pitch in and volunteer services.

Most of the dancers come from the northern part of the township, according to Bauer.

"But, we also get several youngsters from the southern area and still others from outside the township," he said.

"Groups from Clarkston and Pontiac, for example, are always there."

PARKING'S PLENTIFUL.
Even when the CAI gymnasium is crowded with dancing teens, there is plenty of parking space available in the lot.

"Some of the boys drive to the dances, but not too many," Bauer said. "Most of the kids are brought by their parents and picked up when the dance is over. It's a common practice for a parent to drive five or six youngsters in the neighborhood."

Majority of the dancers hold membership in the Waterford Community Center Teen Club. The dollar membership fee enables them to attend eight dances in the current winter and spring series.

Nonmembers are welcome, but must pay 50 cents for admittance to each dance. The dances are open to teens 14 to 18.

Catholic Leader Dies in Pennsylvania Hospital

MOUNT CARMEL, Pa. (AP) — Bishop Lawrence F. Schott, 55, auxiliary bishop of the Harrisburg Catholic Diocese, died yesterday in Geisinger Medical Center at nearby Danville.

He was admitted to the hospital several days ago. Cause of death was not disclosed.

Fewer People Flew in 1962

There were fewer than two passengers a day on North Central Airlines (NCA) flights out of Pontiac Municipal Airport last year.

Figures released this week show a total of 421 outbound airline passengers last year, less than half the number recorded in 1961.

Outbound passengers in 1961 totaled 896.

Only increase last year was in air freight, according to J. O. Edwards, station manager.

There were about 4,000 pounds more freight carried on outbound flights last year and some 28,400 more on inbound flights.

A decrease was noted for passengers on inbound flights with 347 patrons recorded last year compared to 784 inbound passengers the year before.

Some of the slip in patronage is due to fewer flights last year. There were four flights daily during the summer of 1961, but two were canceled in September of that year.

It is also possible that a 3 percent hike in airline fares, which became effective Feb. 1, 1962, accounted for some of the decrease.

CAB RULING DUE

The Civil Aeronautics Board (CAB) is slated to rule on the need for airline service here in the near future. Much of the decision will be based on patronage.

Originally, the CAB authorized NCA service at Pontiac Municipal Airport on a "use it or lose it" basis, setting the minimum quota at five passengers a day to justify continued airline service.

The Pontiac Area Chamber of Commerce Airport Committee has argued that flight schedules here don't satisfy needs of area business and industry.

Civic leaders have been urging direct flights to Cleveland and Chicago in the morning with return trips at night. Recently, NCA initiated a flight to Cleveland.

The CAB will find that outbound patronage averaged a little more than two passengers a day in 1961 and 1.15 a day last year.

With the monthly "use it or lose it" quota at 150 passengers.

Judy Garland Returns

NEW YORK (AP) — Singer-actress Judy Garland returned Monday night from London where she attended the premiere of her latest motion picture and made a live television appearance.

the monthly average in 1962 was only 34.5 passengers.

Only once did outbound patronage ever match or exceed 150 for a month—in August 1961 with 180 passengers on a four-flights-per-day schedule.

LAST YEAR'S HIGH

Last year's high month was July, with 53 outbound passengers and two flights daily.

Last year, 79,165 pounds of cargo, exclusive of passengers' baggage, was carried on outbound and inbound flights. There were 202,555 pounds carried in 1961.

One reason for the cargo decrease, in addition to fewer flights, is that the air express depot at the airport was discontinued last year.

Outbound air express dropped from 62,851 pounds in 1961 to 4,448 pounds last year. Inbound express totaled 48,022 in 1961 and only 494 pounds last year.

Air mail on outbound flights totaled 12,183 pounds in 1962 compared to 46,215 the year before; on inbound flights, there were 6,671 pounds in 1962 and 20,886 in 1961.

Air freight totaled 13,858 pounds on outbound flights last year and 9,833 the year before. Inbound freight reached 42,105 pounds in 1962, compared to 13,574 in 1961.

WAVES AT RECORDS — The official flag of Pontiac Motor Division is displayed in the hall of the division's administration building every time the company sets a new sales record. Pontiac has set five consecutive monthly sales records since the 1963 models were introduced. Mrs. Maxine Renter, a secretary in the sales department, is shown admiring the flag.

Bus Riders Dip in February

Pontiac Transit Corp. buses carried 2,200 fewer passengers last month than in the same month a year ago.

Patronage on regularly scheduled runs totaled 77,947 in February, according to Glen Crawford, general manager.

The passenger total for February 1961 stood at 75,158. Crawford said there was no clear cut reason for the decrease.

FREE PARKING, FLU?

"It could have been the advent of free parking downtown, or the flu that's going around might have kept people at home," Crawford said. Maybe it was just weather.

"There are many things that could have affected bus patronage. A drop of 2,000 could result from just one bad day."

The February total was substantially under the 80,113 passengers reported for January. This is a normal drop due mainly to the shorter month.

Buses used some 6,902 gallons of gas in driving about 37,264 last month.

Tot Dies of Injuries

DETROIT (AP) — Four-year-old William Dudley of Detroit died Monday of injuries suffered last Thursday when he was struck by a truck at a Detroit intersection.

Bus Patronage Up in '62

There were some 70,549 more bus riders in Pontiac last year than the year before.

Pontiac Transit Corp. buses carried 900,801 passengers in 1962, according to a tally of monthly patronage figures released by Glen Crawford, general manager.

It was the corporation's best calendar year since beginning operations here in June 1960.

Last year's total compares to a reported 830,252 passengers in 1961.

The weekly average also went up last year, although it still remains slightly below the 17,500 per week originally estimated by the firm as the minimum needed to make any money.

Last year's patronage averaged about 17,300 per week. The year before it was about 16,000 per week.

Revenues won't be tabulated and reported until July since the company operates on a fiscal year ending June 30.

MAY SET PROFITS

It is anticipated, however, that a weekly average below the 17,500 minimum may result in profit.

During the first six months of last year the total patronage was 476,302 for a weekly average of 18,319.

There were about 411,225 passengers in the same period of the year before for a weekly average of 15,816.

The last half of 1962 saw 424,499 passengers carried on buses for a 16,326-per-week average. Passengers totaled 419,025 and

averaged 16,100 per week during the last half of 1961.

It is normal for the last half of any calendar year to produce fewer passengers since it contains the bulk of summer vacation for students, when patronage is at its lowest ebb.

REVERSED IN '61
That balance was reversed in 1961 due to a sharp increase in the Pontiac area's economic climate during the last half of the year.

Last year's figures, showing 51,802 more passengers in the first half, indicated a more stable economy for the whole year.

The best month of 1962 was March when 88,508 rode Pontiac Transit buses. The worst was August with 60,349 passengers.

For the year before, the high was reached in October (79,553) and the low in July (57,900).

While monthly patronage never slipped below 60,000 last year, it was lower than that twice in 1961.

Also last year patronage hit 80,000 or better in three months. There were no 80,000-passenger months in 1961.

In all, there were four months last year when patronage was better than the highest month of 1961.

Figures represent student and adult fares on regularly scheduled runs. They don't include student trips and chartered buses.

Bartlett, GOP Foe

to Talk in Waterford

State Superintendent of Public Instruction Dr. Lynn Bartlett and his Republican opponent for the office in the April 1 election, Ray Hatch, will both speak in Waterford Township this week.

Bartlett is slated to talk tomorrow at 3:45 at Pierce Junior High School and Hatch will speak Thursday at the same time and place.

Sponsored by the Waterford Education Association, the speaking engagements are open to the public.

Roads Unit Set to Acquire Right-of-Way Property

The Oakland County Road Commission is proceeding with plans to acquire right-of-way property for 24 paving, widening and reconstruction projects.

A Board of Supervisors resolution eliminates need for Circuit Court condemnation proceedings.

State law permits bypassing a condemnation jury hearing in order to expedite road projects, Road Commission Chairman Sel D. Lomerson explained.

Under a faster proceeding, Lomerson said, a public hearing on necessity of taking property for a project is held before the county's three road commissioners.

If necessity is established, the road commission may proceed with the project, putting money into an escrow account to pay for property taken without reaching purchase agreements with owners, Lomerson said.

INDEPENDENT APPRAISALS
The amount of the money put in escrow is determined by independent appraisals of the disputed property, he said.

A three-man commission appointed by Circuit Court later determines just compensation for the disputed property, according to Lomerson. If the money in escrow is inadequate

to meet the awards, the road commission makes up the difference, he said.

Jury proceedings take much more time and may delay road projects beyond the construction season, Lomerson said.

All but four of the projects are scheduled for this summer, he pointed out.

Lomerson said no difficulty is expected in acquiring needed right-of-way property for most of the projects, but the road commission requested the supervisors' resolution "just in case."

Roads to be affected by the projects are Bogie Lake Road, Livernois, 11-Mile, Southfield, Adams, Baldwin, Big Beaver, Cooley Lake, Crooks, Fagington, 14-Mile, Cranbrook, Haggerty, Halstead, Maybee, Milford, Voorhees, Avon, Nine Mile, South Greenfield, Mount Clemens, South Boulevard and 12-Mile.

Should Use Tree Spray in Winter

Spraying is not for the birds.

That is the finding of Walter P. Nickell, naturalist at the Cranbrook Institute of Science.

He urges area residents to have their trees sprayed now when the leaves are off the trees — to avoid killing migratory birds coming through Michigan in the spring and fall.

About 325 species of birds migrate through Michigan during nesting season, while normally there are no more than 35 species present during winter, he noted.

By spraying during winter months, when the trees are bare, less than 25 percent of the bird population would be affected, he said.

He explained that birds feed on tree buds and ultimately die from the poison they absorb.

Sick Children Learn 'Ps', Qs Hard Way

Several Massachusetts school children were taken ill recently after eating poisonous jequirity beans. And in Louisiana more than a dozen school children were hospitalized after a 9-year-old boy shared a "pocketful of peas" with his friends.

Jequirity beans are about the size of a small pea, are reddish orange with one black spot so that they resemble a lady bug, and are used for costume jewelry in countries such as Haiti. Chewing or swallowing one can cause death.

The Louisiana boy's "peas" were laburnum pods, which look temptingly edible but can be quite poisonous.

One Cadillac in a million! With all its models, colors, interiors and equipment choices, it is possible to specify a Cadillac that will never be duplicated. No other fine car even comes close to providing Cadillac's opportunity for self-expression. No wonder it's Cadillac's greatest year!

Republicans Ease Up on War Talk Over Cuba

By JACK BELL
WASHINGTON (AP) — Republican leaders appear to be veering away from the kind of criticism of President Kennedy's Cuban policies that might let the Demo-

crats try to hang a "war party" label on them.

Sen. Kenneth B. Keating, R-N.Y., who has been the No. 1 GOP critic of the administration's course, came up with an endorsement Monday night for actions he said appeared to be hardening the President's policies toward Cuba.

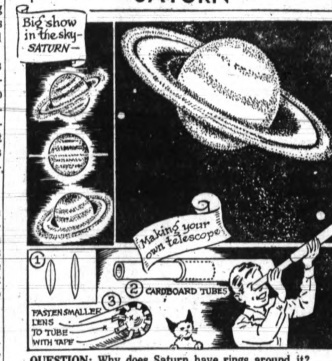

He felt it as important, Keating said, "to speak up in support of the government when it moves toward a more vigorous policy on Cuba as it is to criticize when it is not."

This seemed to fit the pattern laid out earlier by Senate Republican Leader Everett M. Dirksen of Illinois when he said he agrees with Kennedy that a full blockade of Cuba would amount to an act of war and "I don't want to go to war."

Keating, whose mail is flooded with letters about Cuba, seemed to be happy to find some presidential moves he could praise instead of condemn.

He told a Rockville Centre, N.Y., audience that "bipartisan support like the rock of Gibraltar will back up whatever measures may be necessary to end the Cuban menace." He added that "when the government adopts a

Junior Editors Quiz on SATURN

QUESTION: Why does Saturn have rings around it?

ANSWER: When Galileo, one of the first astronomers, was studying this big yellow planet in 1610, he noticed something strange about its shape. In 1656, Charles Huygens, with a better telescope, was able to see there were bright rings around the planet.

Since then, many astronomers have studied this magnificent spectacle which many feel to be the most remarkable in the sky far, as far as our telescopes can see, there is no other heavenly body with a ring around it.

Experts believe the three rings, which lie in the same flat plane together, are composed of billions of small gravel-sized particles. The rings are only 10 miles thick and are transparent enough so that other stars may sometimes be seen through them.

They may be material left over after the planet was formed. Saturn carries nine moons along with it; one, Titan, is the largest in the solar system and the only one with an atmosphere.

Don't figure on a trip to Titan, however, for its atmosphere is composed of poisonous gases.

FOR YOU TO DO: You won't be able to see Saturn's rings with a small handmade telescope, but you can have wonderful fun making it. Lenses (1) can be bought, or you might get them from a discarded camera or magnifying glass (don't use anything valuable.) The small lens (3) will be near your eye. Slide tubes in and out (2) to make image sharp.

Youth Recounts Slaying of Wyandotte Teacher

DETROIT (AP) — Robert Samuel Brezner said a request that Juvenile Court waive jurisdiction to permit the youth to be tried as an adult will be filed after all his statements have been transcribed.

The youth gave details of the killing of Mrs. Beniah Sechler, 55, similar to those he made in a statement to the Wayne County prosecutor's office.

He told authorities he strangled her with a belt and drowned her in her bathtub because she refused to lend him her car to go on a date.

The youth's parents, Mr. and Mrs. Alexander Trombley, were not present at the hearing. He had refused to see them when they appeared at the Wyandotte police station following his arrest Sunday.

Kurland ordered young Trombley held at the Wayne County Youth Home pending a formal Juvenile Court hearing in about three weeks.

Kurland said Trombley appeared sad, quiet and reserved during the questioning.

Chief Assistant Prosecutor

State to Pay \$2 Million for Paving of Shoulder

LANSING (AP) — Two million will be spent to pave the shoulders on 50 miles of interstate highways during the next year, the State Highway Department reports.

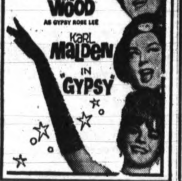

The highways were built or designated before interstate freeway specifications were changed to require the shoulder paving.

Giants Have Questions at First Base

Homers May Prod Holdout Cepeda

By The Associated Press
About two more home runs like the ones Willie McCovey hit Sunday and Monday and Orlando Cepeda ought to be ready to end his

holdout battles with the San Francisco Giants.
While Cepeda sits out his salary

Detroiters 'Moved' From ABC Top Spot

BUFFALO, N.Y. (AP)—United Van Lines, an eight-man blend of youngsters and veterans, held the lead today among classic teams at the American Bowling Congress tournament.

United Van Lines tacked on a 3,139 three-game block Monday night to the 3,071 it shot Sunday to take the lead with 6,157 total. Helin Tackle of Detroit, which had led since Feb. 26 with its 6,157 dropped to second place.

John Snodell of St. Louis gained first place in regular singles with a 727 three-game series. Andy Hudoba of Youngstown, Ohio, who had led since he shot 725 Tuesday, fell to second place.

King and Hulsey teamed for 1,341 to take second place in classic doubles behind Joe Joseph and Billy Golembiewski of the Helins, who shot 1,378 Feb. 26.

dispute with the National League baseball champions at his home in Puerto Rico, McCovey — the man who'd like nothing better than to camp at first base and stay there — is acting like the happiest man in baseball. In two days, he has rapped four tremendous home runs, a pair each game, while putting solid support behind out in the ninth, the tying and winning runs on base, and the Yanks leading 1-0 in the seventh game. Right-hander like Delock of Boston was the victim of McCovey's

two 400-foot plus drives Monday, each with one on, that carried the Giants to a 9-7 exhibition victory at Phoenix.

In other games in Arizona, the Chicago Cubs downed Houston 5-1 at Mesa, and Cleveland toppled the Los Angeles Angels 5-1 at Tucson.

At the Florida camps, unbeaten Baltimore made it three in a row, 7-5 over Washington at Pompano Beach; Minnesota edged the Los

Angeles Dodgers 8-7 at Orlando; Kansas City edged Pittsburgh 10-9 at Bradenton; the New York Yankees beat Milwaukee 9-5 at Fort Lauderdale; St. Louis whipped Cincinnati 11-3 at St. Petersburg; the Chicago White Sox downed Detroit 4-2 at Lake Forest; and the New York Mets—best—won their second in a row, 9-3 over the Phillies at Clearwater.

LATE RALLY
Baltimore, trailing by one entering the ninth, pulled it out with a three-run burst, two on a double by Boog Powell, Bob Allison and Earl Battey cracked home runs for the Twins' victory over the Dodgers, and ninth-inning doubles by Dick Green and Gino Cimoli won for the A's after Ted Savage of the Pirates had tied it 9-9 with a three-run homer in the top of the ninth.

With ailing Mickey Mantle still sidelined, Roger Maris took up

the clubbing for the Yanks, rapping a three-run homer, his first of the spring, and five hits by rookie outfielder Duke Carmel led the Cardinal's romp over the Reds.

Elsewhere: Two unearned runs in the first inning handed the loss to Bo Belinsky in the Indians' victory over Los Angeles; a two-run homer by Billy Williams touched off a four-run first inning that featured the Cubs victory, and the Mets, who'll take 'em any way they can get 'em, got some help from second-line Philadelphia pitching.

Monday's FIGHTS
LEWISTON, MAINE — Sugar Ray Robinson, 1st. New York knocked out Billy Thurman, 1st. Memphis, Tenn., 3. PARIS — Francisco Pavilla, 10th. Mexico 10.

Procs. anticipated Charley Scott, 10th. Philadelphia, Pa. — Ray Walk, 10th. Los Angeles, defeated Memo Lopez, 10th.

WATCH THE FORDS GO BY... GO BY... GO BY... GO BY...

1ST 2ND 3RD 4TH 5TH! In the test that tears 'em apart...the Daytona "500"... Ford durability conquered the field!

Score another big win for Ford—this time at Daytona, February 24! The Daytona "500" is one of the toughest tests of automotive machinery. The twisting, turning, acceleration and braking a car gets in a little over 3 hours and 15 minutes at Daytona easily equals the wear and tear of 2 or 3 years' normal driving. And over 70,000 spectators saw dramatic proof of the stamina and durability built into the '63½ Super Torque Ford. Outperforming competitive cars in a field of 50, Fords finished 1st, 2nd, 3rd, 4th and 5th! Daytona was open competition, too—not a "private" test arranged by one car builder to favor his car's strong points. Never before has one make dominated so completely a major U.S. 500-mile track event. Ford's 5-in-a-line victory at Daytona stands as a spectacular demonstration of total performance!

Would Let Cities Issue Bonds

Development Bill Ready for Vote

LANSING (AP) — A proposal to give cities power to finance industrial development sites through revenue bonds was ready for a decision by the House today after emerging from debate little the worse for wear.

No serious objections arose Monday night as the bill — a key part of Gov. George Romney's program to put new life in Michigan's economy — and two companion bills moved up for a vote.

A facts-and-figures sales talk by Rep. Gilbert Bursley, R-An Arbor, helped the three-bill package along, and Democrats, who earlier had raised questions on the constitutionality of the bonding proposal, gave the issue no more than passing mention.

Bursley said he was "hopeful" but uncertain of the bonding bill's chances of gaining enough support when it comes to a vote today or tomorrow.

"I'd rather say nothing at all than go out on a limb," said Bursley, "but I think the constitutional question in this bonding proposal has been settled."

Democrats had challenged the bill on grounds that cities, by pledging their full faith and credit behind bonds issued as an inducement to private investment, would be risking loss of taxpayer's money.

Bursley explained that the bonds would not be general obligation issues, but would be repaid through income from rents and leases of the industrial properties.

In addition, he said, companies

would pay taxes as if they owned the properties they use.

"I concede that there still is some risk involved," said Bursley, "because bondholders are very cautious people."

But these provisions are designed to appeal only to reputable companies who wouldn't be likely to default on their investment.

Bursley, who is the chief sponsor of the Romney economic pro-

gram in the House, admitted the question of constitutionality might ultimately have to be resolved in court if seriously challenged.

He said, however, that some \$250-million worth of such bonds have been issued by municipalities in 18 other states where similar enabling legislation has been passed.

Among them, he added, are states competing with Michigan for industrial investment.

The bill provides that a city may issue bonds without a vote unless 5 per cent of the registered voters petition for a referendum. In an amendment added last night, the 5 per cent figure was substituted for 10 per cent.

Another amendment — to limit cities to financing properties within their own borders — was defeated. Rep. Alexander Petri, D-Ecorse, proposed it, suggesting that "we should proceed with a little bit of caution."

Waterford Trustees Get Increase in Pay

Waterford Township Board members last night voted to increase weekly meeting compensation from \$10 to \$15 for its four trustees.

The pay boost, which will amount to \$1,640 a year, was proposed by Trustee Byron Cole

and supported by Trustee Joseph McGee. It becomes effective April 8.

In suggesting the pay boost, Cole pointed out that prior to Waterford's becoming a charter township in 1961, trustees were paid \$20 a meeting. At that time, according to state statute, the limitation for trustee meeting compensation in charter townships was \$10. This figure was revised to \$15 last year.

The terms of both Cole and McGee expire at the end of this month. Neither is seeking reelection to the board in the April 1 election.

OTHER BUSINESS

In other business last night, board members authorized the police department to negotiate immediately for rental of a teletype system at a cost of \$60 monthly.

Captain William Stokes told the board the teletype system would save the department numerous long distance phone calls to other police departments as well as improve efficiency of the local communication system.

Representatives of the Waterford Township Friends of the Library were advised last night that a report by a township board library committee on a proposed public library is forthcoming.

APPROPRIATION PUZZLES
Library Friends President Mrs. Ralph Eaton told board members she was puzzled about the ease with which the board recently appropriated more than \$20,000 to the recreation department, but won't allocate funds for the library.

The group's vice president, Mrs. John Naz, cited the fact that the Library Friends first petitioned for consideration of the public library last August.

Board members approved a request for the purchase of a new typewriter for the clerk's office but tabled a request from the fire chief for 1,000 feet of all-dacron fire hose pending receipt of written price quotations.

An application from The Mail shopping center to operate an amusement concession to coincide with its first anniversary celebration May 6 through 20 was approved. A fee of \$150 will be imposed by the township.

Construction Down in Waterford Twp.

Building permits issued by Waterford Township during February were valued at \$164,010, less than half of the \$380,852 valuation for the same month last year.

Last month a total of 28 permits was issued compared to 34 in February 1962. This February six residential permits valued at \$112,610 were issued.

Last year in February nine such permits were issued at a valuation of \$191,990. During the past month, no commercial permits were issued. Last February commercial permits valuation amounted to \$134,400.

To Air Liquor License Bill
LANSING (UPI) — Sen. Paul Younger, R-Lansing, announced today the Senate Liquor Control Committee will hold a public hearing at 10 a.m. tomorrow on a bill that would increase the number of resort liquor licenses in Michigan.

AP Photo

SOX AND FRIENDS — Mrs. Pat Johnson (right) and Peggy Hayes, Media, Pa., humane society officials, spent two hours running down little Sox to remove a collar slowly strangling the dog as it grew.

Little Sox Is Safe After Long Chase

WILMINGTON, Del. (AP) — Little Sox, a homeless dog described as about 90 per cent beagle, didn't like people—and as a result nearly died.

Sox lives today because people, especially two women, like the dog.

Sox was seen wandering in the suburban community of Green Acres about two months ago, a tight leather collar around its neck. Residents became concerned and notified the Delaware Humane Association.

Mrs. Pat Johnson, president, and Peggy Hayes, another official, brought food to the dog, who gobbled it, standing aloof and alone, rebuffing all affection.

TRANQUILIZER DOSE

A week ago the two women put a dose of tranquilizer in the food. The dog was wobbly but still ran off when they approached. The next day they added a sleeping potion. They then gave chase, trapping the dog with a leash.

Dr. William Butler, a veterinarian, removed the collar. The dog is now in the Johnson home, adjusting to people and other dogs, and apparently enjoying both equally.

"He could not possibly have survived the tightening collar," said Mrs. Johnson.

Soon, she said, he will be offered for adoption.

It is estimated that 17 million Americans suffer from an allergic disease.

Enters Guilty Plea to Burglary of Hotel

Michael D. Brown, 22, of 6002 Terrell St., Waterford Township, yesterday pleaded guilty to Oakland County Circuit Court to a March 5 nighttime burglary.

Brown was accused of breaking into the Waterford Hotel, 5803 Dixie Highway, and taking liquor, cigarettes and a portable radio.

He was arrested a few minutes after the burglary when Waterford Township police officer Ray Wilhelm saw him toss empty cigarette cartons out the window of his slow-moving car.

Wilhelm trailed Brown's car after spotting it near Andersonville and Airport roads.

Circuit Judge William J. Beer set sentencing for March 26.

SEPARATION ENDS - Twins Roger D. Brooks (left) of Miami, Fla., and Anthony J. Milasi, Binghamton, N. Y., were reunited after 24 years yesterday. Orphaned after birth, the youths were adopted by different families. Roger traced Anthony after a stranger in Miami mistook him for his brother.

Firm President Didn't Know

Everything's in Mrs. Jones' Department

WASHINGTON (AP)—Waiting small Kansas City radio audience for Mrs. Jones' might well be the survey firm, Robert S. Conlan title of the program on tap today. Associates, got a big build-up in absentia Monday when the subcommittee attempted to check on the accuracy of the firm's program ratings.

Halle Jones, co-owner of the

Let the Kennedys Walk—Tony Perkins Will Run

By EARL WILSON
NEW YORK—The Kennedys may walk to keep trim—but Tony Perkins runs, when he sees a green light. "I start running no matter where I am, to make the green light before it turns," he says. Tony streaks for the green light whether he's on 5th Ave. or Broadway, and so far he hasn't knocked anybody down. "Everybody in New York's hurrying away, so they don't think I'm crazy. They just think I'm slightly extreme," he says. "Still, I hope this isn't taken up by the masses, for we'd see great herds of people huffing and puffing on all our streets."

The rumor ran around town that Joan Crawford was marrying Gov. Rockefeller — I reached Joan at home (she had high temperature). "I repeat I've only met the man once," she said. "I swear on my Girl Scout oath and Screen Actors Guild card it's not true—but of course I'm flattered."

THE MIDNIGHT EARL . . .

London papers front-paged "Judy Garland in Plane Drama" when her jet made two passes at the fog-bound airport, then went elsewhere. . . . Bob Hope at the Blue Angel gave pianist Bobby Short one request: "Don't play 'Thanks for the Memory'!" William Holden angered some Parisians — he told an interviewer some of 'em were impolite and bad-tempered.

TODAY'S BEST LAUGH: Jack Cassidy spotted this sign in a fortune-teller's window: "Will Be Clothed because of Illness—Next Friday."

WISH I'D SAID THAT: With income tax day coming around, a fellow told Larry Lipkins: "I don't want to take it with me—I just want to have it around to say goodbye to."

REMEMBERED QUOTE: "I never knew my accompanist drink—till one day he showed up sober." —Joe E. Lewis

EARL'S PEARLS: Well, anyway, there's one thing to be said for baldness. It's neat.

Frank Ross wonders at all the fuss about the walking craze: "I always walk home from Las Vegas." That's earl, brother. (Copyright, 1963)

Saw 'Strangers on Train' 79 Times

Carol Burnett 'Back' in Movies

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD — Carol Burnett was fired from her first movie job.

"For a while I was in the box office of the Ivy Theater on Hollywood Boulevard," she recalled. "It wasn't a bad job. They piped the sound track into the box office so I could at least listen to the pictures. I can tell you every line and sound effect in 'Ivanhoe'."

"Then I moved across the street to the Warner Hollywood. I was an usherette, so I got to see the pictures. I saw 'Strangers on a Train' 79 times. I got fired because of it."

"You see, I was a big fan of Alfred Hitchcock and Robert Walker, the director and the star. I didn't want the picture spoiled for anybody."

"One night a couple wanted to go inside during the last five minutes of the picture. I wouldn't let them. They complained to the manager and he tore off my epaulettes and told me to turn in my uniform."

"It is a pleasure to report that Miss Burnett has been rehired by the film industry. This time as costar with Dean Martin in a Paramount romp called 'Who's Been Sleeping in My Bed.'"

NAME FOR HERSELF
During the decade between the two jobs, the Hollywood high-school grad managed to make a name for herself on Broadway ("Once Upon a Mattress"), in television (The Garry Moore Show), and lately on television specials, in Las Vegas and on the road with her own show.

Whether Carol is happy about Hollywood now is a question. I saw her on the first day of her work in the movie, and she was slightly dazed.

"The hours," she moaned. "I went to bed early last night because I knew I had to get up at 4:30 to be at the studio at 5:45 to get my hair curled."

"I finally got to sleep at midnight and woke up bright-eyed at 4:30. 'Go back to sleep,' I kept telling myself; 'you've got another hour and a half to sleep.' I couldn't. I finally got up, made some coffee, opened up a can of peaches and made some cinnamon toast."

"If this keeps up, they'll have to fill in the bags under my eyes with putty."

SHOOT OVER AND OVER

That wasn't the only source of Carol's bewilderment.

Miami Beach Impressive, Report Dems

MIAMI BEACH, Fla. (AP)—The Democratic Party's convention site selection committee looked over Miami Beach's qualifications as a location for the 1964 presidential nominating convention and then headed for San Francisco.

"This is a very impressive place," William S. Potter of Wilmington, Del., chairman of the site committee, said Monday.

"Miami Beach is definitely in the running."

Miami Beach offered \$500,000 of any city, for the convention.

Other cities besides San Francisco bidding for the convention are Chicago, Detroit, Philadelphia and Atlantic City.

The decision will be made late in May.

Make Square Spaghetti

LOWELL, Mass. (UPI)—The Prince Marconi Manufacturing Co. announced yesterday it has begun producing a new product—square spaghetti.

The Conlan firm is the first in the ratings and survey field to come under the subcommittee's public scrutiny in a wide investigation that has been 18 months in the making. Other bigger firms are scheduled for later in the week, including the Nielsen Co., which dominates the television audience rating field.

"There is no civil aviation in the Soviet Union," Halaby said. "They do not operate on the free trade exchange of rights and rates and routes that we seek in the world. . . . We think the fuselage is for fares, not flags."

Negotiations between the United States and Russia on a bilateral air agreement broke off several months ago. At least two U.S. carriers are known to be anxious to get authority for Moscow flights, but Halaby's comments made it clear that official government policy is "thumbs down" for the time being.

"The work," she groaned. "I don't know how film actors do it. Everything I've ever done has been in sequence. My first scene was one in the middle of the picture. How do I know how I'm supposed to feel?"

"And we shoot scenes over and over. I've always done things once. The last special I did (with Robert Preston) was all done straight through without a break. Film actors have to make scenes again and again and do them well every time. My admiration for a performer like Jack Lemmon is greater than ever."

Radio Free Europe Reaches Communism's Weak Spot

... And hits it with the Free World's most powerful weapon—truth.

80,000,000 once-free people in Eastern Europe get strength and hope from that truth coming through them every day from the transmitters of Radio Free Europe.

In Poland, in Czechoslovakia, Hungary, Bulgaria, Romania, throughout the uneasy Soviet empire captive peoples are still resisting Red domination. Here is Communism's weak spot.

Hitting Hard
Here Radio Free Europe acts as one of the Free World's major weapons in the cold war. It is hitting hard at Communism's soft underbelly.

These powerful broadcasts are supported by private American citizens . . . thousands of them. Your help is urgently needed.

Stand up with them and be counted. Send whatever you can contribute.

HERO CITATIONS—Our Lady of the Lakes students Thomas Sirbaugh (left) and David Miller were awarded citations during last night's Waterford Township Board meeting for their parts in saving the life of Cynthia Markee Jan. 22. Cynthia, 7, of 4111 Baybrook St. nearly strangled when her snow suit hood caught between two branches of a tree. The boys took her down and then Mrs. Robert Sirbaugh, Thomas' mother, applied mouth-to-mouth resuscitation, reviving the child. Mrs. Sirbaugh, a nurse, was also cited.

Explanation's Due From Defense Aide

WASHINGTON (AP)—Assistant Secretary of Defense Arthur Sylvester has the job of explaining to Senate investigators today why he questioned the fairness of their hearings on the disputed TFX warplane contract.

The Senate Investigations subcommittee accepted a letter of apology from Sylvester Monday but Chairman John L. McClellan, D-Ark., said he wanted to hear more from the assistant secretary, who handles the Pentagon's public affairs.

Sylvester's remarks have landed him in hot water before his statement that the administration managed the flow of news during last fall's Cuban crisis brought wide and sharp criticism from the press and from some members of Congress.

McClellan's subcommittee is investigating whether favoritism was involved in the granting of the estimated \$5.5-billion TFX contract to General Dynamics Corp. of Fort Worth, Tex., purportedly the high bidder.

Witnesses have testified that military evaluation boards unanimously judged a rival design by the Boeing Co. of Seattle, Wash., promised better performance and lower cost, but were overruled by the Pentagon's civilian chiefs.

Secretary of Defense Robert S. McNamara, invoking one of the subcommittee's rules, asked and received permission to file a statement giving the civilian Pentagon officials' side of the story. McClellan said he expected the statement tomorrow and that McNamara would be questioned about it in later hearings.

Sylvester's letter of apology acknowledged that he was the hitherto anonymous Defense Department spokesman who last Friday questioned the subcommittee's ability to judge the evidence fairly because of what he called "state self-interests" of various members.

Bavaria Offers Bidault Asylum With Provisos

Anti-Gaullist Leader Must Abandon Politics, File Written Request

MUNICH, Germany (AP)—Bavarian state authorities may grant political asylum to former French Premier Georges Bidault if he agrees to abandon his underground campaign to topple French President Charles de Gaulle.

But first he must file a written application.

Bidault verbally requested asylum when police discovered him Sunday at a lakeside resort south-east of Munich. Then he sent a handwritten appeal to West German Chancellor Konrad Adenauer.

Adenauer, a postwar associate of Bidault in the European unity movement and a close ally of de Gaulle, tried to wash his hands of his country's embarrassing guest by returning the letter unsigned.

Adenauer's government said it is up to the state government to grant asylum.

The Bavarian Interior Ministry said it cannot decide whether to give Bidault refuge until he applies in writing. If he doesn't apply, he can stay as a visitor in West Germany for three months.

Interior Ministry officials stressed that if a foreign visitor violates German laws, he can be expelled immediately.

VIOLATED REGULATIONS
The officials said Bidault had been living in Bavaria under a false name, a violation of German entry regulations.

Bidault, 63, heads the political arm of the terrorist Secret Army Organization and its campaign to overthrow the French president. He is wanted in France on treason charges.

Bavarian Interior Minister Heinrich Junker said Monday night Bidault stands a good chance of getting asylum if he applies formally and fulfills certain conditions. He did not specify the conditions, but it was understood the Germans want a pledge from Bidault to abstain from all political activity.

Adenauer's government said it has no objection to Bavaria granting a haven to Bidault under certain conditions, apparently meaning if he lives quietly and eschews politics. The West German constitution allows each of the 10 states to grant residence permits to foreigners.

There are about 62 structures in the proposed contract, most of them residential properties. They were originally included in the first R20 demolition contract with Dore Wrecking Co. of Kawkawin.

That contract was cancelled last November when the firm was unable to complete demolition on some 74 of the 300 structures under contract.

Commissioners will also be asked to okay an agreement for purchase of property in the R44 urban renewal area from Grand Trunk Western Railroad for the extension of Cass Avenue south of Orchard Lake Avenue.

Action is also due on planning concerning requests to rezone property from 667-81 Glendale Avenue and three lots on Parkdale Avenue near Baldwin Avenue.

'Rocking State Olympic Booi'

Romney Blasts Fair Official

LANSING (UPI)—Gov. George Romney today accused the manager of the State Fair Commission of "trying to upset the whole state program" on bills to enhance Michigan's bid for the 1968 Olympic Games.

Romney said Walter A. Goodman was "running around trying to stir up trouble" on the Senate and are under consideration in a House committee.

During his morning news conference, Romney openly criticized Goodman during a general discussion about the administration of state government.

"This is the sort of thing that happens under an administrative structure that's disorganized," he said.

"You bring everyone in on something and get things set . . . and some little guy down the line moves in to try and upset things."

'HAS NEW IDEAS'
Romney said Goodman participated in meetings which resulted in the Olympic bills being proposed. He declined to comment on Goodman's activities except to say he had appeared before legislative committees proposing new ideas for the Olympic bills.

The governor said he did not think Goodman's efforts would hinder the program, scheduled for clearance through the second house this week.

Romney's tirade about Goodman's activities stemmed from a complaint in Detroit by Prostate Judge James H. Lincoln that the governor's budget recommendations for Boys' Training School were too low.

The governor said this was an example of the fact that "the people think the governor is the chief executive and head of state government" and that he is fully aware of everything going on in state government.

"The fact is he's just one of the bunch that mill around in this administrative hodge-podge," he said.

"Few people realize what a mess this executive structure is," he said.

"There are some 120-130 organizations and agencies supposed to report to me personally. It's ridiculous. It's idiotic. I don't know how to express it strongly enough."

Swimming and diving teams from Pontiac Central, Pontiac Northern and Birmingham Seaholm high schools will perform in the new pool.

STUDENTS VS. FACULTY
Oakland University's top intramural basketball teams will compete on the new courts, while students will square off against faculty in a volleyball game.

Faculty members also will participate in a doubles tennis match in the huge gym.

A University of Michigan team will demonstrate its gymnastic prowess before the spectators.

Short talks will be given by Bonnie Rae Carlson, 19-year-old sophomore from Caro and Howard Hinkel, 21-year-old senior of 215 Perrydale St., Rochester.

Pontiac School Superintendent Dr. Dana Whitmer will speak on behalf of the University Foundation.

Area AF Pilot Killed in Crash

Was Flying Plane in Texas for Pleasure

An Air Force pilot from Pontiac was one of two men killed when a flying club plane crashed in cattle country near Abilene, Tex., Sunday, the Air Force announced today.

Lt. John R. Kline Jr., 25, the victim, is the son of Mrs. Evelyn K. Stoner, 178 Judson St., George, 22, of Brooklyn, N.Y.

An Air Force spokesman at Dyess Air Force Base, where the men were stationed near Abilene, said it is believed that Kline was flying at the time of the crash.

A board of inquiry was investigating the accident today in an effort to determine its cause.

The victims were pleasure flyers in a Beechcraft two-seater belonging to a flying club for personnel at the base. The crash occurred 10 miles northeast of the base.

The governor said this was an example of the fact that "the people think the governor is the chief executive and head of state government" and that he is fully aware of everything going on in state government.

"The fact is he's just one of the bunch that mill around in this administrative hodge-podge," he said.

"Few people realize what a mess this executive structure is," he said.

Rain, Twisters Set Stage for River Eruption

States of Emergency Declared in Number of Dixie Areas

From Our News Wires
Pounding rains and deadly tornadoes set the stage for some of the worst floods on record in the Southland today.

Thousands of persons fled their homes, cities were isolated and states of emergency, and disaster were declared as rivers roared from their banks in Kentucky, Virginia, West Virginia and Tennessee.

It was the east's second major flood disaster in a week. More than 4,000 families were driven from their homes and more than 20 persons were killed in floods, which poured through the Ohio River Valley last week.

March violence punished other parts of the nation. Snows of blizzard intensity piled up 8 to 10 inches deep in northwest Kansas.

All roads in the affected areas were impassable, cars and trucks were stalled on highways and in ditches, and the weather bureau called the blast "a prolonged affair and extremely dangerous."

Thick fog and murky weather spread from the Middle West to the Atlantic seaboard.

DIES IN DIXIE
One death was blamed on the dixie floods — A man killed when a train overturned at a washout east of Shebina, Ky.

A man whose truck was believed swept into a creek in Kentucky's Pike County was also believed to be dead.

The worst flood in history for parts of southeast Kentucky chased thousands of residents from their homes and caused property damage running into as estimated millions of dollars.

State police reported that about 75 children were marooned in Riverside School in Breathitt County, several miles north of Hazard.

Officers said there was no immediate danger. Roads in the area are under water.

W. VIRGINIA HIT
Rapid - rising creeks and rivers toppled homes off their foundations in southwestern West Virginia, forcing hundreds to flee to higher ground and isolating at least one city.

Disaster crews went into action at Logan, as the city of 4,100 suffered extensive damage from the swirling Guyandotte River. Mayor H. H. Cuden declared the city a disaster area after the stream reached 30 feet at 6 a.m.

Four more persons were dead (Continued on Page 2, Col. 3)

Bill Goes to Senate

Draft Extension OK'd

WASHINGTON (AP) — A four-year extension of the draft law, passed by the house with only three dissenting votes, begins its senate journey today.

House Will Vote Today on Record Military Bill

WASHINGTON (AP) — The House votes today on a record \$15.8 billion military buying bill.

The measure would pay for 3,000 combat aircraft, some 60,000 missiles—and a pair of 2,000-mile-an-hour airplanes the Kennedy administration doesn't want to build.

The RSTO, a reconnaissance strike plane that hasn't yet been flown, is expected to touch off fireworks during the four hours set aside for debate of the bill.

It is the first major authorization measure to reach the House floor this session. The bill is subject to later appropriations.

Republicans, who have talked about cutting the administration's budget by \$10 billion or more, are not expected to make the military procurement bill one of their targets.

Behind the committee action is a controversy between Congress and the Pentagon over the role of the manned bomber in U.S. defenses in the years ahead.

The committee's report accuses

Congo Crowds Hail Tshombe

ELISABETHVILLE, The Congo (AP) — President Moïse Tshombe returned to Elisabethville today and got an almost hysterical welcome from thousands of his people.

Tshombe had been away six weeks. He has been in Europe for medical treatment, leaving shortly after ending Katanga's secession from the Congo.

Thousands of Africans, dancing and shouting, lined the 20-mile route from Kipushi airport to Elisabethville.

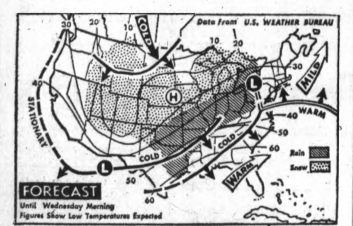

The Weather

Full U. S. Weather Bureau Report
PONTIAC AND VICINITY: Some drizzle with heavy fog thinning by afternoon, high 39. Cloudy, mild with a little rain and drizzle tonight, low 31. Cloudy turning colder with rain or snow Wednesday, high 36. Light variable winds becoming east to northeast 8 to 15 miles tonight and 12 to 20 miles Wednesday.

Table with 2 columns: Location, Temperature. Rows include Pontiac, Detroit, Ann Arbor, etc.

Winds in Pontiac (as recorded downtown):
Highest temperature: 33
Lowest temperature: 26
Mean temperature: 29
Weather: Windy, sunny and warm

One Year Ago in Pontiac:
Highest temperature: 45
Lowest temperature: 29
Mean temperature: 37
Weather: Wet snow 1 inch.

NATIONAL WEATHER — Snow showers tonight will spread across portions of northern and central Plains, the central Plains and upper Great Lakes. Rain is expected in portions of lower Great Lakes, the Ohio, Tennessee and lower Mississippi valleys into the southern Plains. It will be generally warmer in eastern third of nation. Colder temperatures are due in Mississippi Valley, the Plains states and into the Plateau.

only no votes came from Reps. Homer E. Abele, R-Ohio, H. R. Gross, R-Iowa, and George E. Brown Jr., D-Calif.

"I can't understand for the life of me, with all the stories I hear about the unemployed youth of this country, why the armed services can't get all the manpower we need on a voluntary basis," Gross complained.

Two Democrats and a Republican sought to have the bill amended, but their proposals never got off the ground.

Rep. Henry S. Reuss, D-Wis., wanted the draft extension held to two years. He said with the world situation in a state of flux, the next Congress should have a chance to act on the draft, too.

The amendment was rejected on a 154-43 standing vote after Chairman Carl Vinson of the House Armed Services Committee said "of all times for letting the world see we are reducing our force, this would be the wrong hour and the wrong time."

The other amendments had similar goals. Rep. Roman Pucinski, D-Ill., wanted the maximum draft age cut from 26 to 22 years.

Rep. Charles E. Goodell, R-N.Y., proposed an amendment declaring that the desire of Congress that more men should be drafted when they are 18 or 19, instead of at the present average of 23 years.

Pucinski's amendment was turned down on a voice vote. Goodell's on a standing vote of 134 to 29.

PROVISIONS

The bill extends the draft law to July 1, 1967.

It also — Keeps in effect for four more years a suspension of statutory ceilings on the size of the military forces. Without that, the armed manpower would have to be trimmed by more than 500,000.

— Extends the system of dependent's assistance allowances, ranging from \$55 to \$105 a month, for enlisted men in the lower grades.

— Extends the doctors' draft, and the provisions for special pay for medical men ordered to military service.

French Strike Hits Railroads

PARIS (AP) — A series of two-hour strikes in support of the striking "airles" — miners threw the country's railway system into confusion today.

Many suburban and long-line trains were delayed from 15 minutes to two hours. Commuters were thrown off schedule. Many were unable to crowd into the few trains running and had to take buses or private cars.

The rail workers set no precise time for shutting down any particular line. Instead, they planned each strike for a sum of surprise action. Uncertainty hovered over the whole rail system.

The coal strike entered its 12th day with neither the government nor the 200,000 idle miners giving ground.

WANT NEGOTIATIONS

The miners continued to defy a government draft order which threatened them with fines, imprisonment or loss of pension rights as long as they refused to go back to work. They demand lifting of the draft and opening of negotiations as conditions for their return to the pits.

The government has said it will not negotiate while the miners flout the draft order. It has taken no action to enforce it.

and more than 20 were injured in tornadoes which raked Mississippi, Alabama and Tennessee late yesterday and early today.

The threat of more twisters hung over the southland

The Birmingham Weather Bureau flashed an alert of possible twisters in the Gulf area, which took the worst of yesterday's storms, and in Sylacauga and Tuscaloosa areas.

Tornado damage was estimated at more than \$4 million in Alabama alone. At least 24 communities were hit by the tornado long space flights.

MICHIGAN'S JUNIOR MISS — Diane Girard, 17, of Lincoln Park arrives in Mobile, Ala., to participate in America's Junior Miss Pageant and is welcomed by Judy Prothro, Mobile's Azalea Trail Queen. Diane, sponsored by the Southgate Junior Chamber of Commerce, was selected in competition in Pontiac. Preliminary judging begins tomorrow with the finals scheduled for Saturday.

Poisoning of Fish Frightens Italians

SANT' ANTONIO, Italy (UPI) — A "cyanide psychosis" today hung over the tiny villages along the banks of the Dora Riparia, northwestern Italy's "River of Death."

Thirty pounds of poisonous sodium cyanide from an appliance plant were dumped into the river by mistake Saturday, killing an estimated 500,000 trout and other fish, 25,000 birds, 3,500 wild rabbits and 200 foxes.

News of the poisoned water spread fear of human deaths but none has been reported so far. Health authorities said the poison now has been diluted sufficiently so that there is little chance the river water would kill a human.

"Only a miracle prevented the accident from becoming a major disaster," a local official said. He said a number of farmers picked up fish dying from the poison, cleaned, cooked and ate them.

Health officials said the poison apparently had not spread to the edible parts of fish that were still alive when they were landed.

DANGEROUS

But dead fish washed ashore could cause almost instant death when eaten, they said.

It will be a long time before residents of this area 30 miles west of the industrial city of Turin get over the psychological and financial effects of the accident.

Piero Franzini, 29, a carpenter, said he will never eat fish again.

"I ate four trout Saturday night and I am still alive," he said "but I spent two sleepless nights after the first alarm was flashed."

Franzini was eating the fourth fish when a radio news bulletin warned the villages sodium cy-

Father Slays Wife, Children

Former Mental Patient Uses Claw Hammer

MANCHESTER, N.H. (UPI) — A demented father beat his entire family — his wife and four children — to death with a hammer early today, police reported.

The father, Joseph M. Simichak, 39, a former mental patient and onetime Connecticut police, gave himself up to police. He was looked on five counts of murder.

Police said he battered his family with a claw hammer because he apparently was in financial difficulty and unable to support them.

Dead are his Japanese wife Nobuko, 38, and their children: Franklin, 4, Patricia, 3, Elizabeth, 2, and Katherine, 6 months.

"I have hurt my family," Simichak told the desk officer after walking into police headquarters. He was wet and disheveled from walking in the rain. His clothes were stained with blood.

At the Simichaks' first-floor apartment in downtown Manchester, police found three of the children dead in bed. The wife and another child, Franklin, were on the floor near by, mortally injured.

They died a short time later at a hospital.

"SCHIZOPHRENIC TYPE"

Simichak, unemployed and a former airman, was treated nearly three years ago as a mental patient. He was described then as a "schizophrenic, catatonic type."

Doctors said he had a split personality that bordered at times on imbecility.

A few hours before the killings, Simichak went to a corner store to buy food for his family.

The grocer, John Damalas, said Simichak told him: "I have to look after my kids. If we have to, we'll eat cornbread and water. I brought them into the world. I got to take care of them."

Airliner Skids Into Snowbank

No Injuries Reported Among 19 Aboard

BOSTON (AP) — An Eastern Air Lines plane with 15 passengers and a crew of four skidded on a slushy runway at Logan Airport today and bumped into a snowbank. No injuries were reported.

Frank Sweeney, chief inspector for the Massachusetts Aeronautics Commission, said after viewing the plane and the accident scene, that it appears the plane made a normal landing, but skidded on slush.

The plane knocked down a few landing lights along the runway and crushed its own right main landing gear, causing it to list badly to the right, Sweeney said. The only other damage appeared to be bent propellers.

Sweeney quoted the pilot of the DC 7 plane, Capt. Edward B. Leiecker of McLean, Va., as saying he felt no braking action when his plane touched down on the runway.

The plane came in from Washington, D.C.

That was the prediction today of Sen. Farrell E. Roberts, R-Oakland County, one of 29 sponsors of the bill.

Roberts said the bill either will be substantially amended before it comes up for a vote, or it will be tabled pending study of ramifications in transportation costs for school districts.

One of the provisions sure to be dropped, according to Roberts, is a requirement that a district transport its private and parochial students to schools within eight miles of the district.

Legislators heard receiving objections to the bill this week.

Roberts heard strong opposition from the Bloomfield Hills School District, which complained that passage of the bill would cost it an extra \$216,000 a year.

Roberts said a number of unanticipated problems have come up concerning costs that must be worked out before the legislation is passed, but he indicated the bill's backers were not retreating from its principle.

The bill may be amended to require districts to provide bus service only for children attending private or parochial schools within the district in addition to public school students, Roberts said.

Bloomfield Hills School Superintendent E. Johnson told a joint meeting of the school board and district PTA members Saturday that the measure in its present form would almost double the \$123,000 spent annually for operation of school buses.

It also would require some 20 more school buses at a cost of \$126,000 and possibly result in a request for a two-mill school tax boost, Johnson said.

He noted there were about 1,000 school children in the district attending 18 private or church-run schools.

Birmingham Area News:

Put Off Consideration of Pay Hike for Judges

BIRMINGHAM — The City Commission postponed consideration last night on a revision of salaries for municipal judges requested by Judge John C. Emery Jr.

The current salary for a municipal judge is \$5,000 while a senior judge receives \$12,000.

EYE ANNEALING

The commission authorized the city attorney to take steps necessary to annex the section of Springle Park not within the city limits.

The remaining 11,000 square foot section was purchased by the city in 1947, but never annexed.

In response to a letter from the East Maple Property Owners' Association, the commission decided to work with the group to alleviate city parking problems.

Members agreed to investigate what is being done in other cities with similar problems.

The association had requested that the commission set up a committee to evaluate "problems created by public versus private parking."

The group includes property owners on East Maple Avenue between Hunter Boulevard and Adams Road.

The Michigan State University Concert Band will present a concert at Grove High School March 21.

Proceeds from the concert will provide music scholarships.

Tickets may be obtained from school band directors, at Peck Tailors, Demery's, Inc., and the Wabek Pharmacy.

The annual Kite Flying Contest, sponsored by the Birmingham Optimist Club and the City Recreation Department is scheduled for March 23 at Derby Athletic Field.

The contest is open to children between the ages 5 and 12.

Awards will be given to the child with the highest flying kite, the most beautiful kite and the most unusual kite.

In the last two categories, only home made kites may be entered.

Mrs. W. Gordon Stoner

Servant to Mrs. W. Gordon (Margaret M.) Stoner, 79, of 1377 Henrietta St. will be 3 p.m. Thursday at Bell Chapel of the William R. Hamilton Co. Interment will follow in White Chapel Memorial Cemetery, Troy.

Mrs. Stoner died yesterday after a brief illness.

Surviving are a daughter, Mrs. Clair Curtis of Alexandria, Va.; a son, John G. of Birmingham; a sister, Miss Ruth McLaughlin of Birmingham; and four grandchildren.

'Bus Bill Will Fail'

LANSING — A controversial bill to require school districts to provide bus service for students at nonpublic schools was defeated in the Michigan Senate today.

That was the prediction today of Sen. Farrell E. Roberts, R-Oakland County, one of 29 sponsors of the bill.

Roberts said the bill either will be substantially amended before it comes up for a vote, or it will be tabled pending study of ramifications in transportation costs for school districts.

One of the provisions sure to be dropped, according to Roberts, is a requirement that a district transport its private and parochial students to schools within eight miles of the district.

Legislators heard receiving objections to the bill this week.

Roberts heard strong opposition from the Bloomfield Hills School District, which complained that passage of the bill would cost it an extra \$216,000 a year.

Roberts said a number of unanticipated problems have come up concerning costs that must be worked out before the legislation is passed, but he indicated the bill's backers were not retreating from its principle.

The bill may be amended to require districts to provide bus service only for children attending private or parochial schools within the district in addition to public school students, Roberts said.

Bloomfield Hills School Superintendent E. Johnson told a joint meeting of the school board and district PTA members Saturday that the measure in its present form would almost double the \$123,000 spent annually for operation of school buses.

It also would require some 20 more school buses at a cost of \$126,000 and possibly result in a request for a two-mill school tax boost, Johnson said.

He noted there were about 1,000 school children in the district attending 18 private or church-run schools.

Female Foot Race to Psychiatrist's Couch

Sugary Little Girls Soon Exceed Bad Boys' Spice

By PHYLLIS BATTELLE
NEW YORK—FBI Director J.

Edgar Hoover recently revealed of these thefts are committed by boys under 18. Girls were not involved in the crime picture. At least, they don't steal cars. In fact, girls don't cheat, lie, buy answers to tests, run away from home, adopt windows—girls don't do ANYTHING morally wrong or purely mischievous nearly as often as boys. Why is this?

Are girls more moral, by nature? Are they repressed? Are they smarter? More scared of society's reactions? Or what?

Some fascinating opinions on this subject were given some years ago by the late psychiatrist Dr. John Levy, who noted that "girls are just as human as boys."

However, they don't show it until their late teens.

"Of every 11 thumb tacks placed under a teacher's seat by Park Avenue (or well-to-do) 10-year-old children, only one was

PHYLLIS BATTELLE
as often as boys. Why is this?

HOW TO FIGHT ASTHMA & BRONCHITIS ATTACKS
At the first sign of wheezing, short breath, or coughing from recurring bronchial asthma or bronchitis, start taking New, quick acting MENDACIO. It works fast to combat allergy, relax bronchial tubes, thin and help remove thick, sticky phlegm. This results in easier breathing, less coughing, thus promotes normal sleep. Get MENDACIO at drugstore. Feel better fast.

BACKACHE
If backache and symptomatic pains in joints and muscles make you feel miserable and tired, try world-famous DeWitt's Pains Expeller. This powerful analgesic action. Besides bringing fast palliative relief of pain, DeWitt's Pains Expeller has a mild diuretic action to help your system clear out acid wastes left by sluggish kidneys. DeWitt's Pains Expeller can relieve backache miseries and help you lead a more active life.

Important Message About Your Income Tax!

Pontiac Board of Realtors Pontiac, Michigan

March 12, 1963

We are sure you have read the newspaper accounts of the Treasury Department's recent recommendation to the Congress for changes in our Federal Income Tax Laws.

As a homeowner you will be adversely affected by one change which, if approved by the Congress, will take away your present right to deduct all of certain expenses in computing your net income for tax purposes.

- These expenses which are now fully deductible are:
- Interest payments on your home mortgage or land contract.
 - Interest charges on consumer installment purchases and personal loans.
 - Real property taxes.
 - Other state and local taxes.
 - Contributions to your church and to charities.
 - Casualty losses to property from wind, flood, weather, fire, etc.
 - Medical expenses.

The Treasury is asking Congress to change this to permit deductions only to the extent that they exceed 5% of your income. Thus if your taxable income is \$8,000 and you have \$1,400 in deductions, you will be permitted to deduct only \$1,000. Under present law you can deduct the entire \$1,400.

In addition only those casualty losses and medical expenses in excess of 4% of income are included in listing the deductions which are subject to the 5% rule.

The tax bill provides for some tax reduction in order to "sweeten" this cutback in itemized deductions. However, there is always the risk that budget deficits and resulting inflation may force Congress to increase the rates. But once you lose part of your deductions, the chances of getting them back are very slim.

The deductions allowed for home mortgage interest and real estate taxes were approved by the Congress many years ago as an inducement for the growth of home ownership. As a result we are a nation of 60% home owners. We are sure that when you bought your home you were influenced by the fact that you could deduct all the interest on the mortgage and all the real property taxes. Now the Treasury wants you to deduct less at a time when your expenses and taxes are increasing.

We hope that you will make known your views on this important matter to your representatives in Washington.

Very truly yours

Pontiac Board of Realtors

Inmate Hurt in Escape Try

Constitution Supporters Name Muskegon Chief

LINCOLN, Neb. (AP) — An inmate from Michigan was critically injured yesterday in a Nebraska penitentiary when a rope on which he was attempting to slide to freedom from the roof of the penitentiary broke and let him fall, Warden Maurice Sigler reported.

Sigler said the injured convict was Frank Lucas, 50, Benton Harbor, serving 30 years on charges of robbery and shooting with intent to kill, would or maim, for the abduction and wounding of a Gothenburg, Neb., policeman last October. Lucas also is wanted in Michigan for parole violation.

Sigler said Lucas suffered fractures of the spine and hip when a small rope broke and he plunged to the ground. Two companions in the escape attempt, Jerry Lewis Thomas, 21, and Edward Yates, 20, both from the state of Washington, were found on the roof of the cell block.

The warden said the men tore toilet stools from the floor of their cells on the top tier of the cell house, bore into a service corridor and broke into the attic. Then they knocked a small hole through and was attempting to slide 60 feet to the ground when the rope broke.

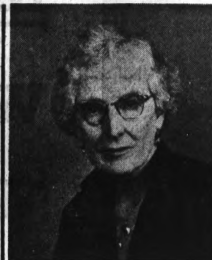

Why invest in these bargain homesites?

Thousands of Satisfied Land Owners Can Give You the Answer

The property we've purchased is just about as we imagined it to be from the description in the folder. The scenery is beautiful. We are satisfied with our tract and plan to live here in the future.

Joseph Malczuk
Rural Route #3
Farmville, Michigan

The climate is desirable; topography interesting, scenery inspiring. Prospect of desirable water supply and possibility of plentiful vegetation — trees, grasses, etc. Rio Grande Estates seems to be a good prospect for a future of promise, adventure and successful business opportunity.

Lincoln, Nebraska

Big, Beautiful, Sunny HOMESITES
(100 Ft. Frontage by 217.8 Feet of Depth)
FULL HALF-ACRE
BELEN, NEW MEXICO
RIO GRANDE ESTATES
\$1 HOLDS your land

Think of it! It takes only \$1 to reserve your spacious half-acre ranch site in beautiful Rio Grande Estates! This means that your \$1 deposit gives you the exclusive option on this sunny property... while you take the time to examine every single detail and advantage about this land. That's right! You will receive full information, and we hold this land in your name while you make your own decision! You must be completely delighted with this land bargain... or your \$1 deposit will be promptly sent back!

TOTAL PRICE \$299 / NO INTEREST CHARGES
PAY ONLY \$10 MONTHLY!
50,000 American Families are Buying Now... For the Future!

During the past ten years... the sunny Southwest has undergone one of the most fantastic population booms of any era in our nation's history. And where did all the people come from? From every section of this country... from your State... even from your city!

The people pictured in this advertisement represent the 50,000 families who have already bought property in our southwestern subdivisions during the past three years. Some are buying their land now, with definite plans to retire in the sunny Southwest... wisely assuming that if they wait until they retire... the land may well be far too costly for their retirement income! Far better to buy the land now... while the prices are still well within their budgets!

Others are buying their land as a deeply cherished investment. Not especially to "get rich"... or to "make a killing"... rather... as a most satisfying addition to their particular savings and holdings. Ownership of land brings with it one of the most proud and satisfying feelings man can ever acquire. And these thousands of families have taken advantage of the opportunity to buy a fine parcel of land... from a dependable organization.

Big things are happening in this sun-drenched region of the Land of Enchantment! Today, Rio Grande Estates is a growing community of attractive homes, a splendid golf course... with lush lawns creating a carpet of green under the bluest of blue skies! In the short months ahead, even more homes will rise as Rio Grande Estates takes its place among the new, vibrant communities in the Southwest where the living is truly "easier!" Located just 32 miles south of Albuquerque, and less than 5 miles from the town of Belen (where all city conveniences are available) Rio Grande Estates enjoys a magnificent view of both the majestic Manzanito Mountains and the romantic Rio Grande Valley and River!

AN "ARMCHAIR LANDLORD" FOR ONLY \$10 A MONTH!
That's right! Think of it! You too can become the proud owner of a spacious half-acre homesite in sunny Rio Grande Estates for only \$10 monthly! Your half-acre homesite measures 100 feet frontage on an unimproved ranch road, and 217.8 feet of depth. This is a lot of land... yet the total price today is only \$299! No interest charges... no carrying charges... no credit applications... and the terms are just \$10 a month! Small wonder that so many, many families have already bought their "estate under the sun!"

SUNSHINE SPLENDOR!
The "guest book" at the Rio Grande Estates reception office is crammed with comments similar to those shown here. MANY, MANY FOLKS HAVE ALREADY DECIDED TO "COME OUT TO THE SUNSHINE VALLEY" TO ENJOY A SPLENDID, NEW WAY OF LIFE! Yes... The Land of Enchantment is beckoning! And small wonder when you realize that thousands upon thousands are finding the LIFE UNDER CONSTANT SUNNY SKIES IS TRULY THE GREAT-EST WEALTH THAT ONE CAN POSSESS! Where else in this nation can you find an average of 350 days of SUNSHINE SPLENDOR each and every year? Where else in this nation can you find such crystal-clear air... low humidity... and enough space to "GROW AND ENJOY" your life?

WONDERFUL REAL ESTATE INVESTMENT
Looking for property with high possible profit? Best rule to follow is to "BUY LAND... AT A LOW PRICE... WHERE GROWTH AND DEVELOPMENT ARE TAKING PLACE!" This is Rio Grande Estates! Now in its third year of development! Nearly half a million dollars worth of homes have been built or are now under construction! Mile upon mile of unimproved ranch roads have been built. A FINE GOLF COURSE IS NOW IN DAILY USE! AND EVEN GREATER DEVELOPMENT IS ANTICIPATED DURING THE COMING YEAR!

IMPORTANT FACTS ABOUT RIO GRANDE ESTATES

Air Force Fires ICBM

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force launched an Atlas ICBM toward an unspecified target area Monday night in what was described as a routine training launch.

Poison Kills Life in Italian Stream

TURIN, Italy (AP)—Scientists cause a cyanide solution was accidentally dumped into its waters. Several rabbits that had gone to the river to drink also were found dead.

Thousands of poisoned trout and other fish washed up on the river banks this week. Several rabbits that had gone to the river to drink also were found dead.

All plant life over a nine-mile stretch of the river was killed. Scientists said fish would not be able to breed in the waters until the plant life grew back, probably in two to three years.

Police said about 30 pounds of sodium cyanide, diluted in 90 gallons of water, had been emptied into the river from a factory manufacturing radio sets.

FATHERS 18 TO 45:

Here's the one plan that can provide all the life insurance you need now!

Just one plan provides lump sum insurance on your life... it also protects your wife... and each dependent youngster is insured, too. If a new baby comes along he's automatically covered after 15 days at no increase in premium.

Best of all, it provides for a cash monthly income for your family if you die... income that can last as long as 30 years. This cash income really rounds out your family's protection. And you pay for no waste coverage. When your children are tots, the length of income benefits is at a maximum. As they grow older and protection needs lessen, your protection tapers off, too. One plan does the whole job... and it's available through just one man, your Nationwide agent. Call him—he's in the Yellow Pages.

Sample plan for a father and mother, both age 30, with a 3-year-old child and newborn baby.

THIS ONE PLAN provides lump sum insurance on Dad's life.....	\$ 5,000
THIS ONE PLAN provides life insurance for Mom.....	1,000
THIS ONE PLAN provides life insurance for each child under 18.....	1,000
THIS ONE PLAN provides automatic coverage for new babies (after 15 days).....	1,000
THIS ONE PLAN CAN ALSO PROVIDE \$200 monthly cash income for the family if Dad's not there—for as long as 20 years.....	48,000*
THIS ONE PLAN is available for this low monthly cost.....	24.19

*This example shows benefits available at plan's beginning. If Dad's death occurs in eleventh year, for example, this amount would be half of \$48,000. In this way you pay for no coverage "overload".

Bear in mind, also, that the above plan is just one of many possibilities. Above all, this is flexible life insurance. The monthly income you select may be considerably less than the \$200 of this example, depending on your Social Security and Group benefits.

Would Let Cities Issue Bonds

Development Bill Ready for Vote

LANSING — A proposal to give cities power to finance industrial development sites through revenue bonds was ready for a decision by the House today after emerging from debate little the worse for wear.

No serious objections arose Monday night as the bill — a key part of Gov. George Romney's program to put new life in Michigan's economy — and two companion bills moved up for a vote.

A facts-and-figures sales talk by Rep. Gilbert Bursley, R-Ann Arbor, helped the three-bill package along, and Democrats, who earlier had raised questions on the constitutionality of the bonding proposal, gave the issue no more than passing mention.

Bursley said he was "hopeful" but uncertain of the bonding bill's chances of gaining enough support when it goes to a vote to day or tomorrow.

"I'd rather say nothing at all than go out on a limb," said Bursley, "but I think the constitutional question in this bonding proposal has been settled."

Democrats had challenged the bill on grounds that cities, by pledging their full faith and credit behind bonds issued as an inducement to private investment, would be risking loss of taxpayer's money.

Bursley explained that the bonds would not be general obligation issues, but would be repaid through income from rents and leases of the industrial properties.

In addition, he said, companies would pay taxes as if they owned the properties they use.

"I concede that there still is some controversy," said Bursley, "because bonding attorneys are very cautious people."

But these provisions are designed to appeal only to reputable companies who wouldn't be likely to default on their investments.

Bursley, who is the chief sponsor of the Romney economic pro-

gram in the House, admitted the question of constitutionality might ultimately have to be resolved in court if seriously challenged.

He said, however, that some \$250-million worth of such bonds have been issued by municipalities in 18 other states where similar enabling legislation has been passed.

Among them, he added, are states competing with Michigan for industrial investment.

The bill provides that a city may issue bonds without a vote unless 5 per cent of the registered voters petition for a referendum. In an amendment added last night, the 5 per cent figure was substituted for 10 per cent.

Another amendment — to limit cities to financing properties within their own borders — was defeated. Rep. Alexander Petri, D-Ecorse, proposed it, suggesting that "we should proceed with a little bit of caution."

Waterford Trustees Get Increase in Pay

Waterford Township Board members last night voted to increase weekly meeting compensation from \$10 to \$15 for its four trustees.

The pay boost, which will amount to \$1,040 a year, was proposed by Trustee Byron Cole

and supported by Trustee Joseph McFee. It becomes effective April 8.

In suggesting the pay boost, Cole pointed out that prior to Waterford's becoming a charter township, in 1961, trustees were paid \$20 a meeting. At that time, according to state statute, the limitation for trustee meeting compensation in charter townships was \$10. This figure was revised to \$15 last year.

The terms of both Cole and McFee expire at the end of this month. Neither is seeking reelection to the board in the April 1 election.

OTHER BUSINESS

In other business last night, board members authorized the police department to negotiate immediately for rental of a telephone system at a cost of \$60 monthly.

Captain William Stokes told the board the telephone system would save the department numerous long distance phone calls to other police departments as well as improve efficiency of the local communication system.

Representatives of the Waterford Township Friends of the Library were advised last night that a report by a township board library committee on a proposed public library is forthcoming.

APPROPRIATION PUZZLES

Library Friends President Mrs. Ralph Eaton told board members she was puzzled about the ease with which the board recently appropriated more than \$20,000 to the recreation department, but won't allocate funds for the library.

The group's vice president, Mrs. John Naz, cited the fact that the Library Friends first petitioned for consideration of the public library last August.

Board members approved a request for the purchase of a new typewriter for the clerk's office but tabled a request from the fire chief for 1,000 feet of all-dacron fire hose pending receipt of written price quotations.

An application from The Mall shopping center to operate an amusement concession to coincide with its first anniversary celebration May 6 through 20 was approved. A fee of \$150 will be imposed by the township.

Construction Down in Waterford Twp.

Building permits issued by Waterford Township during February were valued at \$164,010, less than half of the \$380,852 valuation for the same month last year.

Last month a total of 28 permits was issued compared to 34 in February 1962. This February six residential permits valued at \$112,610 were issued.

Last year in February nine such permits were issued at a valuation of \$191,990.

During the past month, no commercial permits were issued. Last February commercial permits valuation amounted to \$134,400.

To Air Liquor License Bill

LANSING (UPI) — Sen. Paul Younger, R-Lansing, announced today the Senate Liquor Control Committee will hold a public hearing at 10 a.m. tomorrow on a bill that would increase the number of resort liquor licenses in Michigan.

AP Photos

SOX AND FRIENDS — Mrs. Pat Johnson (right) and Mrs. Peggy Hayes, Media, Pa., humane society officials, spent two months running down little Sox to remove a collar slowly strangling the dog as it grew.

Little Sox Is Safe After Long Chase

WILMINGTON, Del. — Little Sox, a homeless dog described as about 90 per cent beagle, didn't like people—and as a result nearly died.

Sox lives today because people, especially two women, like the dog.

Sox was seen wandering in the suburban community of Green Acres about two months ago, a tight leather collar around its neck. Residents became concerned and notified the Delaware Humane Association.

Mrs. Pat Johnson, president, and Peggy Hayes, another official, brought food to the dog, who gobbled it, standing aloof and alone, rebuffing all affection.

TRANQUILIZER DOSE — A week ago the two women put a dose of tranquilizer in the food. The dog was wooily but still ran off when they approached. The next day they added a sleeping potion. They then gave chase, trapping the dog with a leash.

Dr. William Butler, a veterinarian, removed the collar. The dog is now in the Johnson home, adjusting to people and other dogs, and apparently enjoying both equally.

"He could not have survived the tightening collar," said Mrs. Johnson.

Soon, she said, he will be offered for adoption.

It is estimated that 17 million Americans suffer from an allergic disease.

WEDNESDAY AFTERNOON

Enters Guilty Plea to Burglary of Hotel

Michael D. Brown, 22, of 6902 Terrell St., Waterford Township, yesterday pleaded guilty in Oakland County Circuit Court to a March 5 nighttime burglary.

Brown was accused of breaking into the Waterford Hotel, 5803 Dixie Highway, and taking liquor, cigarettes and a portable radio.

He was arrested a few minutes after the burglary when Waterford Township police officer Ray Wilhelm saw him toss empty cigarette cartons out the window of his slow-moving car.

Wilhelm trailed Brown's car after spotting it near Andersonville and Airport roads.

Circuit Judge William J. Beer set sentencing for March 26.

AP Photos

SEPARATION ENDS - Twins Roger D. Brooks (left) of Miami, Fla., and Anthony J. Milasi, Binghamton, N. Y., were reunited after 24 years yesterday. Orphaned after birth, the youths were adopted by different families. Roger traced Anthony after a stranger in Miami mistook him for his brother.

Firm President Didn't Know

Everything's in Mrs. Jones' Department

WASHINGTON (AP)—Waiting small Kansas City radio audience for Mrs. Jones' might well be the survey firm, Robert S. Conlan title of the program on tap today. Associates, got a big build-up in a House Commerce subcommittee attempt to check on the accuracy of the firm's program ratings.

Hallie Jones, co-owner of the

Let the Kennedys Walk—Tony Perkins Will Run

By EARL WILSON
NEW YORK—The Kennedys may walk to keep trim—but Tony Perkins runs... when he sees a green light. "I start running no matter where I am, to make the green light before it turns," he says. Tony streaks for the green light whether he's on 5th Ave. or Broadway, and so far he hasn't knocked anybody down. "Everybody in New York's hurrying away, so they don't think I'm crazy. They just think I'm slightly extreme," he says. "Still, I hope this isn't taken up by the masses, for we'd see great herds of people huffing and puffing up all our streets."

The rumor ran around town that Joan Crawford was marrying Gov. Rockefeller—I reached Joan at home (she had high temperature). "I repeat I've only met the man once," she said. "I swear on my Girl Scout oath and Screen Actors Guild card it's not true—but of course I'm flattered."

THE MIDNIGHT EARL...

London papers front-page "Judy Garland in Plane Drama" when her jet made two passes at the fog-bound airport, then went elsewhere... Bob Hope at the Blue Angel gave pianist Bobby Short one request: "Don't play 'Thanks For the Memory'." William Holden angered some Parisians—he told an interviewer some of 'em were impolite and bad-tempered.

TODAY'S BEST LAUGH: Jack Cassidy spotted this sign in a fortune-teller's window: "Will Be Closed Because of Illness—Next Friday."

WISH I'D SAID THAT: With income tax day coming around, a fellow told Larry Lipkin: "I don't want to take it with me—I just want to have it around to say goodbye to."

REMEMBERED QUOTE: "I never knew my accountant drink—ill one day he showed up sober."—Joe E. Lewis.

EARL'S PEARLS: Well, anyway, there's one thing to be said for badness. It's new.
Frank Ross wonders at all the fuss about the walking craze: "I always walk home from Las Vegas." That's carl, brother.
