Ike Suggests U. S., Reds Swap Military Data

Rebel Bombing Causes Unrest in Argentine

Airlines Halt Flights Despite Peron Report of 'Tranquil Nation'

BUENOS AIRES (AP) — A bomb exploded early today in front of a Peronista political school in downtown Buenos Aires, shattering windows in the vicinity and damaging a nearby automobile slightly.

There was no immediate report of any persons injured.

Police put a cordon around the area of the school, which gives courses in the principles and political practices of President Juan Peron's dominant Peronista party.

The postmidnight blast caused widespread alarm. It came after a day and night of all sorts of rumors sparked by the announcement yesterday that the Argentine fleet had sailed on its first maneuvers since the June 16 revolt by navy and marine corps fliers.

Argentine radio stations said today new "waves of rumors," some of them "fantastic," were circulating in Buenos Aires about the Peron government. The stations, controlled by the government, added the President was winning strong support for his program of pacification.

Two government communiques broadcast last night by the nationwide government radio network denounced rumor mongers and asserted, "The nation is tranquil."

Until the bomb blast, generally normal conditions had prevailed on the streets of Buenos Aires. The only unusual activity was the posting of extra guards at federal police headquarters and a few other strategic points for a few hours before dawn yesterday.

* * *

A report from Montevideo, Uruguay, said Pan American and KLM airlines had canceled flights from there to Buenos Aires yesterday, giving as the reason that the weather over Argentina was bad. However, reports from the Argentine capital said good weather prevailed there.

Rumors circulated in Rio de Janeiro yesterday that President Peron had resigned and that a bomb had been found in the Argentine War Ministry. A check with Buenos Aires disclosed no substantiation.

House Approves $1 an Hour Pay

Minimum Wage Starting Date Waits Conference With Senate

WASHINGTON (AP)—Only Senate-House agreement on an effective date stood in the way today of final congressional approval of a $1-an-hour federal minimum wage.

The House yesterday overrode, 188-145, President Eisenhower's request for a limit of 90 cents an hour and by a top-heavy 362-54 vote approved the higher wage floor for most workers in interstate commerce. The present minimum is 75 cents.

The Senate, which previously had approved the same $1 figure, had voted to make it effective next Jan. 1. The House voted for March 1.

The House sent its bill immediately to conference with the Senate for a compromise on the date.

Yesterday's House action climaxed two days of debate in which supporters of the administration's 90-cent top limit predicted a new inflationary spiral would be touched off if a higher pay figure was enacted.

Rep. Halleck (R-Ind), leader of the GOP forces, told the House the President would be "gravely concerned over the consequences to the economy of a figure greater than 90 cents." Republican spokesmen, however, gave no indication that the President would veto the higher level.

About 24 million workers in interstate commerce, with certain exceptions and exemptions, now come under the law's provisions. The approved increase would mean a pay hike for an estimated 2,100,000 of them.

Still in PGA Race

Pontiac Press Photo

BOLT AMONG LEADERS — The former "terrible tempered Tommy" Bolt, Chattanooga, Tenn., pro golfer was in fine, smooth form yesterday at Meadowbrook CC. Now, even-tempered, Bolt compiled a very good round of 35-34—69, two-under-par for the course, to land among the leaders at the halfway mark of the qualifying run. Above, Tommy, in a jovial mood, had just laced an approach to the green. He was still considered a threat, only three strokes off the pace set by Sam Snead, yesterday, with 66.

Hot and Humid Weather Remains for Pontiac Area

TODAY'S TEMPERATURES

8 a. m.	78	11 a. m.	88
9 a. m.	81	Noon	92
10 a. m.	88	1 p. m.	93
2 p. m.	95		

This week's torrid temperatures will continue today and through Sunday to provide another perfect summer weekend for Oakland County residents and vacationers.

Today the mercury edged past the high of 93 degrees registered here yesterday. The temperature should drop to 70 tonight, then bounce back up to the mid-90s, tomorrow.

It will become partly cloudy Saturday, the Weather Bureau says, but the hot and humid weather will continue. Scattered thundershowers predicted for the Upper Peninsula and the northern portion of lower Michigan are not expected to effect this area.

The weatherman says thermometer readings will be 4 to 6 degrees above normal for the next five days.

Reading at 8 a.m. today was 78. At 2 p.m. it was 95 degrees.

Ulrich Retains Margin in PGA

Skids to 2-Over-Par 38 on Back Nine, but Still Leads

Wally Ulrich skidded to two-over-par 38 on the back nine after a brilliant five-under 30 on the front, but still was the early leader in the 2nd round of qualifying in the National PGA golf tournament at Meadowbrook Country Club.

Ulrich's 36-hole total is 139, three under par. However, Sam Snead, 1st day leader with 66, was one over par after six holes on the back nine where he needs only to better 38 to take the lead.

Wednesday's other lowest scorers were late starters today, including Jackie Burke, Doug Ford, Skee Riegel, Jerry Barber and Tommy Bolt.

Following his brilliant 30, Ulrich maintained even par to the 16th hole, but bogied two of the last three holes. Back of his 139 were a trio of players at par 142. They were Don Fairfield of Casey, Illinois, 68-74; Tony Hol-

U.S. High Court Expected to Rule on Union Funds

District Attorney Says UAW May Enter Plea Whenever Convenient

DETROIT (AP) — The United States Supreme Court is expected to make the final decision in a controversy over use of union funds for political purposes.

A federal grand jury in Detroit yesterday laid the groundwork for the court fight in an indictment against the CIO United Auto Workers on charges of violating the Corrupt Practices Act during the 1954 election campaign in Michigan.

The indictment was against the union, without naming any officers.

U.S. District Attorney Fred W. Kaess announced that under a "gentlemen's agreement" Harold A. Cranefield, general counsel for the UAW, may enter a plea for the union at any time suiting his convenience.

The criminal charge is based on expenditure of $5,985 in general union funds last year for political programs on TV sponsored by the UAW.

The programs promoted the candidacy of Patrick V. McNamara, Democrat, for U.S. senator, and Democratic candidates for Congress. McNamara upset the Republican incumbent, Sen. Homer Ferguson, in the November election.

The government contended the expenditure was illegal because the money came from general funds obtained through the payment of union dues.

USE PROHIBITED

The Corrupt Practices Act prohibits general fund expenditure for political purposes by banks, corporations or unions.

Charges that the TV programs with Guy Nunn as moderator violated the law were made nearly a year ago by John Feikens, Republican state chairman.

Attacking Feikens, union leaders asserted the grand jury indictment was a "frantic use of the federal courts" to save face for Republicans.

TEST WELCOME

In Washington, Walter P. Reuther, president of the CIO and the UAW, says they welcome "a test of the constitutional right of a labor union to express its points of view on political issues and other matters of broad public policy through the purchase and use of radio and television time."

In a statement, Emil Mazey, secretary treasurer of the UAW, said:

"The UAW-CIO deplores the fact that Republican politicans have been able to use the courts in their frantic effort to save face following their sound trouncing at the hands of the voters of the state of Michigan last fall."

Vermont Lass Named Miss U. S. A.

AP Wirephoto

BEAUTY QUEEN SURPRISES HERSELF—Carlene King Johnson, a beauty queen who didn't think she had a chance when she arrived in Long Beach, Calif., to participate in the annual Miss Universe contest as Miss Vermont, poses with her royal adornments after being named Miss United States of America last night. As Miss U. S. A. she will compete against girls from over the world tonight and tomorrow night in the selection of Miss Universe. She also won a six-months movie contract.

Statuesque Designer From Vermont Crowned Miss U. S. A. in Long Beach

LONG BEACH, Calif. (INS) — Carlene King Johnson, a blue-eyed blonde from Rutland, Vt., who appears to have been poured from the same mold as last year's Miss Universe, was crowned Miss United States last night at Long Beach.

The 122-pound, 22-year-old beauty was crowned by Miriam Stevenson, last year's Miss U.S.A. who went on to win the Miss Universe contest. Ringsiders at Long Beach auditorium were struck by the close resemblance between the two girls.

Carlene, a part-time model and jewelry designer, won out over four other beauties: Margaret Anne Heywood, 19-year-old Miss Arkansas; 21-year-old Denna Streever, Miss Nebraska; Donna Schurr, Miss California; and Carol Ann Connor, Miss Georgia.

Carlene is what men usually describe as a "statuesque blonde"—she is 5'8" tall with 35-24-35 measurements. She impressed the judges with her self assurance and complete poise.

She is home manufacturer of costume jewelry and hopes to continue in the jewelry business in Hollywood where she will be under contract to Universal-International Studios—the prize for being selected Miss U.S.A.

As Carlene posed for a barrage of photographers, she appeared to be more concerned with hunger pangs than with tears of happiness.

"I'm so hungry. When I leave here I'm going to get two hamburgers and a chocolate shake."

* * *

Carlene was only lukewarm about a film career. She was more interested in talking about her jewelry business which is known as "Creations by Carlene."

She is a veteran beauty contestant having finished 13th in the 1953 Miss America contest. She was also crowned Miss New England in another contest.

Besides winning the movie contract, at $250 a week, Carlene won a pearl necklace, a sterling silver compact, a camera and a three-foot gold trophy.

Carlene will now compete with the foreign entries in the Miss Universe contest in preliminaries Thursday night and, she hopes, in the finals Friday night.

City Tax Bills Being Prepared

Forms to Be Mailed Soon; Levies Payable Aug. 8-Sept. 9

City Treasurer Walter A. Giddings said summer tax bills will be in the mail Aug. 5 and will be payable Aug. 8 through Sept. 9 without penalty.

The bills ordinarily are mailed by July 1, but the city has been holding them up pending an appeal by Waterford Township, which claims its share of county taxes is too high.

Although Waterford officials have not yet appeared before the State Tax Commission in the matter, Pontiac authorities resolved to send out the bills and collect the taxes.

"We decided that even if Waterford gets the reduction there won't be enough of a change to affect us," said W. Raymond Ransom, city assessor.

A revision of Waterford's percentage would require revamping the share of every tax-collecting governmental unit in the county.

Giddings said his office has been receiving many phone calls from residents wondering when the bills would be sent out.

The 1955 summer bills, which are for city and school taxes, are based on a rate of $33.54 per $1,000 assessed valuation. The winter levy, which covers the county tax, will total $6.74 per $1,000, Ransom said.

He pointed out the year's total of $40.28 per $1,000 is $6.08 higher than last year's. But, he added, under the recently voted additional school millage and special education tax the increase legally could have been $9.25.

State May Drop 'Wonderland' Ad From Car Plates

LANSING (AP)—Secretary of State James M. Hare said today Michigan likely will drop the "Water Wonderland" slogan from auto license plates in 1957.

Hare said a committee of experts which is studying the operations of his department probably will recommend elimination of the slogan because the license plates will be slightly smaller and because the National Safety Council has urged states to drop them.

"The trend is away from license plate advertising and slogans," Hare said.

The question arose when the Kalamazoo County Circuit Court yesterday overruled the conviction of a motorist who had covered the slogan on his license plate. The court held that the motorist was not required to advertise the state.

Hare said the slogan, instituted by his predecessor, former Secretary of State Owen J. Cleary, would remain on 1956 license plates because they are already being made at the Southern Michigan Prison.

Russians Hear American Plan in Stony Silence

President Includes Air Inspection of Facilities in Disarmament Move

GENEVA (AP) — President Eisenhower proposed today that Russia and the United States exchange blueprints of each other's military establishments and provide for mutual aerial inspection of such facilities.

The American press officer, James C. Hagerty, reported that Soviet delegates listened to the surprise proposal in stony silence.

This development came as the Big Four conference turned to the issue of disarmament and postponed until tomorrow consideration on a foreign ministers' report on plans for further study of the questions of German unification and European security.

The foreign ministers were reported in substantial agreement on arrangements to continue the talks on Germany and security some time after the summit talks. One reliable source said the foreign ministers would meet in October.

In discussing disarmament, a major topic on the conference agenda, the President said he would like to address his remarks particularly to the Soviet delegation. He added he wanted to do that because both the United States and Russia have new and terrible weapons in such quantities as to make horrible destruction possible.

Then Eisenhower proposed two practical steps which he urged be taken immediately.

The first was that the United States and Russia give each other complete blueprints of their respective military establishments. There was no immediate word as to whether that would include atomic installations. In reply to a question about that, Hagerty said details would have to be worked out.

* * *

As for providing such blueprints, the President told his Big Four colleagues — Premier Bulganin, Prime Minister Eden and French Premier Faure — he was speaking of military establishment blueprints from one end of the United States to the other and clear across the Soviet Union.

Wilson Buys Ranch on Florida Coast

An 8,000-acre cattle ranch on Florida's east coast has been purchased by Defense Secretary Charles E. Wilson, it was reported today.

Located in Indian River County on the Sebastian River, the ranch was purchased from Peter A. B. Widener, of Philadelphia, for a reported price of about $375,000.

Wilson is planning to raise Brahma and Angus cattle and cross the breeds to produce animals which will thrive in tropical climates.

Wilson, who has a home on West Long Lake road in Bloomfield Hills, recently purchased a plantation near Baton Rouge, La.

Water Pressure in City Staying at High Level

Water pressure in Pontiac is remaining at normal, or even above normal, levels despite the prolonged hot spell, Joseph W. Gable, water superintendent, reported today.

"I can't understand it, but I sure am happy," Gable said. Pressure was actually above normal throughout the city at mid-day, he said.

Earlier this month, it was feared a sprinkling ban might have to be imposed on Pontiac residents when water levels dropped to dangerously low levels after a lengthy heat wave.

One-Armed Bartender

FRANKFURT, Germany (AP)—To the dismay of some old-time German brewmasters, a Frankfurt department store began selling beer today from automatic coin machines. It sells at 30 pfennings (7.5 cents) a paper cup.

Pope Sees Harrimans

VATICAN CITY (INS) — Pope Pius XII granted a private audience today to New York Gov. Averell Harriman and Mrs. Harriman. The Harrimans, who are touring Europe, visited the Sistine Chapel and the Vatican museums.

Navy Launches 2nd Atom Sub, Lays Keel for Third

GROTON, Conn. (AP)—The Navy's second atomic submarine — the long, lean, deadly killer named Seawolf—went down the ways to the sea today.

Mrs. Sterling Cole, wife of a New York congressman, christened the ship but missed hitting the bow with the bottle of champagne.

Mrs. Cole turned for an instant to speak to John Jay Hopkins, chairman of General Dynamics Co. as he pressed a button releasing the great steel hulk.

In that instant, the Seawolf slipped swiftly out of reach of Mrs. Cole's arm. She hurled the bottle at the receding bow, but it missed and broke in foam on the launching machinery.

But the Navy always is ready for untoward happenings like this. It had a second bottle of champagne, attached to a line, on the deck.

* * *

As the Seawolf raced down the ways, a man aboard cracked this bottle on the bow. So the Seawolf did get her official christening, after all, says the Navy.

Three hours earlier, the keel of a third atomic submarine, as yet unnamed, was laid in a ceremony attended by relatively few.

The fact was unknown to most of the audience of 25,000 attending the launching. Their first word came when Navy Secretary Charles Thomas interpolated into his prepared speech the brief remark that "the keel of a third (submarine) was laid at an early hour this morning on an adjacent way, without pomp or ceremony."

* * *

The Seawolf is a trimmer, sleeker ship than the Nautilus. Unlike the bulbous snout of the Nautilus, the Seawolf has a sharp bow.

In his speech Thomas said the Navy, with eight atomic submarines already authorized, hopes to build many others "in rapid succession thereafter."

Indicating a belief that Russia so far has produced no nuclear submarine, Thomas told his audience in his prepared address that they were witnessing the launching of the second known nuclear propulsion submarine "in the entire world."

* * *

The Nautilus and the Seawolf look much alike on the outside, but are powered with different types of atomic engines.

AP Wirephoto

'SEAWOLF' JOINS 'NAUTILUS' — The atomic-powered submarine 'Seawolf' is shown in New London, Conn., before its launching today. The ship is the second atomic submarine to be built, the first being the 'Nautilus.' Mrs. W. Sterling Cole, wife of the congressman from New York, sponsored the vessel.

Reds Welcome President's Son

No One at Big 4 Talks Objects to Extra U.S. Delegate

GENEVA (INS) — The United States has one more delegate around the Big Four conference table than is officially permitted, but there is no objection from the Russians.

* * *

He is Maj. John Eisenhower, 33-year-old son of the President who is serving as his father's aide at the Geneva parley.

Each of the four participant countries is limited by agreement to ten men on its side of the huge square table. John, however, began attending with his father as the 11th American starting from the second day of the conference.

The Soviets, who, as most Europeans, have respect for strong family ties, appear happy to have him there.

KNOW ZHUKOV, TOO

Like his father, the younger Eisenhower is renewing his old friendship with Soviet Marshal Georgi K. Zhukov, whom he met and accompanied to Moscow in 1945 while serving as his father's aide.

* * *

John bears a strong physical resemblance to his father, including the same engaging grin, though tempered somewhat by his quieter personality.

FOUGHT COMMUNISTS

And he has one advantage over the President in appraising the smiling Russians on the other side of the table: He fought Communists in Korea as an infantry officer.

John's second tour of duty as aide to his father was when he spent a month with the White House staff in Washington last summer.

He interrupted his leave with his wife, Barbara, and three children to go to Geneva at his father's request.

* * *

He was graduated recently from the Army's General Staff School and will report shortly after his return to Washington as an infantry training officer at Fort Belvoir, Va.

Pontiac Press Photo

RIBBON CUTTERS — Officially opening the new Pontiac Federal Savings and Loan Association home office at 761 W. Huron Wednesday were left to right; John Q. Waddell, director; Fred T. Greene, of Indianapolis, president of the sixth district of the Federal Savings and Loan program; and Clark J. Adams, also member of the board of directors of the financial institution. Hundreds of people from this area of the county attended the first day of the Grand Opening which extends through Saturday.

Savings and Loan Opens Home Office

"Home financing institutions are playing an important part in the growth of our country," said Fred T. Greene, head of the Federal Home Loan program of Michigan and Indiana.

Green was in Pontiac Wednesday to perform the ribbon cutting cermony which marked the formal opening of the new home office building of the Pontiac Federal Savings and Loan Assn. at 761 W. Huron St.

"Every community should provide the accumulated savings with which to finance the building of new homes," he continued. "Then a community is not dependent on outside capital, which may be cut off at a time when there is great need for home building."

Greene pointed out that this type of service is being given by institutions like the Pontiac Federal Savings and Loan Assn.

"This new building is one of the most modern and beautiful I have seen anywhere. I am sure the people of Pontiac will recognize it as a fine addition to the business community and will want to visit and inspect it during its formal opening which is continuing through the balance of this week.

Commenting upon the tremendous demand for new homes, Greene said that "America is not overbuilt."

"We are shortly going to experience another big increase in the number of families being established, due to the increase in births in the years following the depression. This will create increased demand for new homes, and Pontiac is one of the most rapidly developing areas in the country."

The open house at the new building continues from 10 a. m. until 8 p. m. through Friday and from 10 to noon on Saturday. Special prizes have been planned for guests visiting the building.

Changing Date of Adjournment

Congress Loses Hope of Quitting July 30 Due to Lagging House

WASHINGTON (INS) — Hopes and plans for the adjournment of Congress on July 30 evaporated today into the hot, humid Washington air.

* * *

Congressional leaders abandoned the target date, conceding the legislative agenda is still too loaded with "must" matter for the House and Senate to quit at the end of next week.

Asked if he thinks a July 30th adjournment is possible, House Speaker Sam Rayburn, replied simply: "No I don't."

Democratic Floor Leader John W. McCormack, told a reporter: "We ought to be able to finish by then, but I don't expect that we will."

* * *

Neither Rayburn nor McCormack said when they think the first session of the 84th Congress will be able to go home, but their legislative schedule indicated that another two weeks might do the job.

LONG WEEKEND

Abandonment of the all-out effort to quit by the end of July became apparent when the House decided to call up only two minor bills today and then take a long weekend off, reconvening on Monday.

This was done despite the fact it's the House—not the Senate—that is holding up the works. The Senate, which usually lags behind on major bills, has left the House far behind in passing legislation this year.

Only two appropriations bills are left on the Senate agenda. One of these—the foreign aid program—is scheduled for approval tomorrow. The other, a billion-dollar-plus catch-all money measure, is expected to be cleared early next week. The House has passed them both.

On the other hand, the House has yet to act on a lot of legislation the Senate disposed of long ago—the multi-billion-dollar superhighway program, the Upper Colorado River basin reclamation project and the omnibus housing bill.

Sally, Wiffi Gain Semifinal Berths

Two favorites in the Michigan Women's Amateur golf tournament came through with match play wins in today's quarter-final round at Oakland Hills.

Wiffi Smith, despite her injured foot, inflicted a crushing 9-7 defeat on Mrs. Don Watkins. Sally Sharp, of Pine Lake another strong contender, downed Mrs. J. W. Menefee of the WMGA, 5-4.

Mrs Betty Courtright Wilson eliminated four - time champion Mrs. Don Weiss, 3-2.

The Pat Devany - Susie LeClair match is still in progress, but Miss Devany was 2-up on her Ann Arbor opponent at the turn.

The Day in Birmingham

City Looks to Evergreen as the Disposal Solution

BIRMINGHAM — The $2,740,000 Evergreen Interceptor Sewer project is still being looked to as the "preferred" method in solving Birmingham's disposal problem, City Manager Donald C. Egbert said yesterday, following a conference with Donald Pierce, of the Michigan Department of Health.

The discussion came as a result of suits filed in Oakland County Circuit Court last Friday against Birmingham and surrounding municipalities, asking that each community be refrained from further pollution of the Rouge River.

Birmingham, the City of Lathrup Village and Bloomfield Hills and Township have been declared in default of a Michigan Water Resources Commission order to halt the contamination.

A similar suit was filed against Southfield Township, but gives the township, now undergoing incorporation as a city, time to correct the problem. Southfield would be the sewer's heaviest financial contributor, but now must wait until it is chartered.

"The Evergreen interceptor also hinges on a time element," Egbert said. "We hope to have our answers in court by Aug. 8," he said, "and the decrees should be issued on that date."

If the five offending municipalities, plus Troy Township, another Evergreen Interceptor District member, can integrate their programs and are given time enough to construct the interceptor, Egbert felt that would still be the solution.

Not overlooking other possible corrective measures, Egbert said engineering studies made on enlargement of the city's present sewage treatment plant, will probably be included in next Monday's City Commission agenda.

* * *

City Commissioners were asked this week to hold off another week before making changes, if any, in the city's tightened sprinkling restrictions.

Effective last Friday, a no-sprinkling-between-9 a. m.-and-6 p. m. regulation was added to the ruling calling for the odd and even day watering, dependent on odd and even house numbers.

Fire Chief Park Smith said yesterday that weekend rain brought relief but water demands were on the upgrade again. "If any changes are made, it probably will only be to shorten the hours during which sprinkling is prohibited," he said.

* * *

One of the areas where the need for added school facilities is most pressing is the Pembroke School area, Board of Education members agreed this week, and subsequently named Lynn Smith as archiect for a six-classroom addition to the school.

Urgency is also the word for an addition at Beverly Elementary School, Supt. of Schools Dwight B. Ireland said.

Condemnation proceedings are under way in Oakland County Circuit Court for a school site at Greenfield and 13 Mile Roads. While a school for the 10-lot area is considered "imperative" by Ireland, he said a jury cannot be named until September.

Adding to the problem is a building project in Southfield Township, near the Greenfield-13 Mile property, where 100 homes are already up, said Ireland.

An eventual 82 new classrooms will be provided from a $5,500,000 bond issue approved by voters in June, which also calls for construction of two swimming pools.

Start Improvement on Hills Schools

BLOOMFIELD HILLS — Following passage of an $800,000 bond issue on July 11, Board of Education members swung into action this week. They approved Vaughan School renovations preparatory to converting it to an elementary school and agreed to take up options expiring in August on two sites for future elementary schools.

One is a 12 acre property on West Long Lake Road, between Middlebelt and Orchard Lake Roads. The other, an 18 acre site, is located on Westview, between Adams and Squirrel Roads.

The bond issue also covered a $155,000 five classroom addition at Wing Lake School, for which the board named the firm of O'Dell, Hewlett and Luckenbach as architects.

In other action, the resignation of David W. Lee as board treasurer was accepted.

Ontario Bans Bush Traveling

140 Forest Fires Rage Across Canada in Hot, Humid Weather

BY THE ASSOCIATED PRESS

Lands and Forest Minister Mapledorm of Ontario today banned bush travel in the north of the province as 140 forest fires burned across Ontario.

Areas affected are: Kapuskasing, Cochrane, Swastika, Gogama, Chapleau, White River, Sault Ste. Marie, Ont., and Sudbury. All highways are open however.

The department denied a report of an acute shortage of hose.

"There is sufficient hose in all areas and no fires have been lost for lack of it," officials said.

However hose is taken into department reserves as quickly as it is produced — at the rate of 8,000 feet daily — "In case of outbreaks in areas that are quiet at present."

Thirty one fires started during the last 24 hours and the same number were out of control. At least 17 fires were extinguished during that period.

The fire hazard across the province was "high and increasing," and temperatures in the high 80s and low 90s, together with low humidity were forecast.

The biggest fire in the province —60,000 acres of old burn, spruce, pine, balsam and assorted hardwoods — 50 miles north of Blind River — was termed "in pretty fair shape but still out of control."

About 4,500 men backed by 60 aircrafts were fighting fires across the province.

Area United Fund Official Adams Takes Post in Iowa

The resignation of Dwight S. Adams as executive secretary of the Pontiac Area United Fund was announced today by William B. Hartman, UF president.

Adams will continue in his position here until mid-August when he will go to Des Moines, Iowa, as executive director of the United Campaign of Greater Des Moines.

DWIGHT S. ADAMS

Adams, 37, came here May 1, 1951 after serving two years as executive secretary of the Warren Township Branch of the United Community Services and United Foundation of Metropolitan Detroit.

During his four-year tenure here, the Pontiac UF has grown from an agency raising $340,000 per year for 50 community service agencies to one which amassed $532,000 for 55 agencies last fall.

AGENCIES JOIN UF

Agencies added included the American Cancer Society. The American Red Cross was brought completely into the UF where previously it operated partially inside the once-for-all organization.

Adam's tenure has seen the UF staff expanded to include three professional persons plus four stenographic workers.

Individual citizen participation has been increased until this spring 42 persons met in committees to review agency budget requests and make certain contributors were getting their money's worth and that each agency was properly equipped to give the best community service.

Last year committees studied agency salary scales and set up pay ranges and job descriptions for the first time. A directory of social resources has been compiled and is in wide use throughout the county.

During the four years, the UF's area was expanded to include Waterford and Pontiac Townships.

STAFF TO TOTAL 20

In Des Moines, Adams will have about 40 agencies in his organization. The city of 200,000 people will attempt to raise $1,400,000 in its drive this fall. His staff will total about 20 professional and stenographic workers.

"Adams has done an exceptionally good job for us and we're sorry to see him leave," said Hartman. "But the new position is a step up for him and his loss is the kind of thing we have to expect. We hope to name a successor as soon as possible."

A World War II veteran, Adams secured a Master's Degree in Social Administration from the University of Michigan in 1949.

He resides at 4931 Old Orchard Trail, Orchard Lake, with his wife, Mary Louise, and six-weeks-old son, Jonathan.

State Highway Program Begins

Huge Contract Letting Starts Billion Dollar Arterial Plan

LANSING (AP)—In the biggest contract letting since before World War II, the State Highway Department today got started on Michigan's one-and-a-quarter billion dollar arterial highway program.

The Department announced low bidders on $7,870,860 worth of trunkline construction projects.

Among the 29 jobs were seven on the new arterial program to be financed with the one-and-a-half-cent-a-gallon gasoline tax increase ordered by the 1955 Legislature.

The arterial program projects include:

In Washtenaw County, 10 miles of grading, drainage and concrete pavement on M17, Julius Porath & Sons and Louis Garavaglia, Center Line, $2,173,407. Completion date Sept. 15, 1956. Also two bridges to carry U.S. 112 over M17, L. A. Davison, Lansing, $254,086.

In Kalamazoo County, two bridges in connection with relocating of U.S. 112, both to be completed by next June 15, total cost $160,465.

In Kent County — 5.1 miles of four-lane divided concrete pavement on relocation of U.S. 131 south of Rockford, L. W. Edison, Grand Rapids, $790,708. Completion date, July 31, 1956.

In Eaton County a bridge carrying U.S. 27 and M78 north of Potterville will be widened by K. G. Marks, Port Huron, for $52,442, by Oct. 31 of this year.

Grading on U.S. 27 for future divided highway is also on the agenda for Gratiot and Clinton Counties, with A. S. Leffler Gravel Co., Davidson, the contractor for $264,159.

No highway work on Oakland County is included in the contracts awarded yesterday.

3 U-M Crews Tabulating Data on Retail Survey

Three University of Michigan crews are now tabulating data supplied in 70,000 questionnaires circulated to parents of Oakland County school children in June by the Retail Committee of the county plan commission.

The information is expected to help plan future area growth by answering such questions as:

Where are the major retail shopping centers in the county and what are the market areas served by them? Why do people make purchases where they do and what effect do parking and road conditions have in determining buying habits?

Another 30,000 questionnaires will be sent out this fall, said County Planner Noland R. Heiden. The University will combine results with those arrived at this summer and make a complete report to the plan commission.

Plan Group's Hopes Fade for U.S. Aid

Oakland County Plan Commission hopes for federal aid to speed up its program have gone glimmering, according to George N. Skrubb, director.

The Detroit Metropolitan Area Regional Planning Commission has secured a $35,000 grant which is probably the only one this area will receive, at least for the present.

The money was available under an act passed last year by Congress setting aside $5,000,000 for urban planning use to be allocated on a matching basis.

Oakland applied for a portion of the funds, stating reasons why the county seemed eligible. No formal reply was ever received from the Housing and Home Finance Agency, which administers the money.

The head of the famous Statue of Liberty can accommodate about 30 adults.

Estate Owner in Waterford Appeals Taxes

The owner of the former Fisher estate at 2455 Lake Angelus Rd., Waterford Township, is appealing to the State Tax Commission claiming the assessed property valuation on his home is too high, according to Waterford Supervisor Lloyd Anderson.

Jack Rothberg first appealed to the township board of review, which upheld the $50,000 figure on the mansion which includes an indoor heated swimming pool, mahogany paneled living room and some gold-plated fixtures.

Taxes under the present assessed figure would total about $3,250 per year, said Anderson.

The state has accepted the appeal for consideration, but has not set a hearing date, the supervisor added.

Lead is 11.34 times as heavy as water.

Ulrich Retains Edge in PGA Tournament

(Continued From Page One)

guin of Midlothian, Ill., 73-69; and Claude Harmon of Winged Foot, N. Y., 74-68.

Like Ulrich, Holguin faded after a fast start. The young Illinois pro had a 32 on the front nine, but slipped to 37 coming home.

Dave Douglas, the string-bbean from Newark, Delaware, who had an unimpressive 75 Wednesday, booked 33-36—69 today to finish at 144. Three players were tied at 145, including Vic Ghezzi, of New York City, 73-72; Jimmy Gannett of Oklahoma City, 75-70; and E. J. (Dutch) Harrison of Ardmore, Oklahoma, 73-72.

Lew Worsham, who had a two-under-par 69 Wednesday, slipped to a one-over-par 36 on the front nine today. Marty Furgol, even par Wednesday, was two under with 33 for his 1st nine, while Johnny Palmer was even par at the end of 27 holes.

Audit Reveals Hubbell Overpaid During Tenure

Oakland County Prosecutor Frederick C. Ziem has been directed to collect $134.62 from former sheriff, Clare L. Hubbell.

An accidental overpayment to Hubbell during 1954 came to light in an examination of the county's records and accounts for last year conducted by the state auditor general, as required by law.

Auditor General Victor Targonski has directed Ziem to secure restitution of the overpayment.

First open pit mines to extract iron ore were uncovered or "stripped" in Minnesota in 1895.

Reds Condemn 'Spies'

PARIS (INS) — The Hungarian Telegraphic Agency reported today the execution of two men accused of "spying for the United States." The Agency identified the two as Sandor Szilard and Laszlo Gazdag but did not give their nationalities. They were sentenced to death by the Communist Hungarian Supreme Court.

Chicagoan Indicted in Shotgun Murder

CHICAGO (AP) — Arthur Abrahamsen, 36-year-old packing plant worker, was indicted by the Cook County Grand Jury yesterday for the shotgun murder of his wife, Rose, 34, during a quarrel.

Abrahamsen, an employe of Swift & Co., fled in his car to Michigan after shooting his pregnant wife Monday, police said.

The indictment was returned to Chief Justice Richard B. Austin in Criminal Court to permit immediate extradition proceedings.

Abrahamsen was seized Tuesday night at a state police roadblock near Escanaba in Michigan's upper peninsula.

In a formal statement to Escanaba police Abrahamsen said he shot his wife during a quarrel after she had threatened to "take a handful of sleeping pills."

Knows His Tongues

GALVESTON, Tex. (AP)—Charles T. Meyers has retired after 13 years as government foreign meat inspector for the Ports of Galveston, Texas City and Freeport, Tex. He had to be able to say "Meat Inspector" in 16 languages.

New Detroit Pump Site Averts Water Shortage

DETROIT (INS) — A record 730 million gallons of water was pumped in Detroit yesterday and with a predicted high of 94 degrees today — plus no relief in sight — tighter lawn sprinkling restrictions may have to be invoked again.

The record water pumpage was reached with the aid of the new northeast pumping station, which contributed 30 million gallons. Without that addition, the system probably would have been taxed beyond capacity.

Specials in Meat Tempt Shoppers This Weekend

By THE ASSOCIATED PRESS

Shoppers will find a tempting variety of special features in their meat markets this weekend. Chickens, lamb and various cuts of beef will be offered at special prices.

Frying chickens will be on sale in stores in many parts of the country. And here and there you'll find bargain prices on turkeys. One meat specialist commented that large turkeys are selling well.

"They last a long time," he explained. "Once they're cooked, the housewife can stay away from a hot oven."

Legs of lamb will be reduced a couple of cents a pound by selected stores. There's a good chance that both lamb and pork prices will be a bit lower next week because of declines at wholesale level.

CHUCK ROAST

Chuck roast will be a popular beef offering. Other cuts mentioned: top and bottom round roast, prime ribs, ground beef and boneless brisket. On the whole, beef prices show little change from a week ago.

Pork chops will probably be higher in your store. One chain is boosting them two to six cents a pound in a number of its outlets.

On the other hand, you may save a bit on eggs. Reductions of two cents a dozen are planned in many cities. Butter prices are mostly unchanged.

POTATO PATTIES

The frozen food people, busy figuring out ways to save housewives labor, have come up with still another item; frozen potato patties are being introduced in selected markets. They're made of raw-shredded Maine potatoes and weigh about three ounces each. They are seasoned with onion and salt and can be pan-fried, hash-browned, broiled, baked or used in potato soup or potato salad.

Corn on the cob is plentiful and inexpensive. The same goes for beans, cabbage, onions, bunched and topped beets, potatoes, squash and nearby radishes and green onions. Also recommended to thrifty housewives; cauliflower, topped and bunched carrots, celery, cucumbers, tomatoes and eggplant.

Some vegetables moved higher at wholesale, peppers, lettuce and spinach among them.

Limes are low-priced, despite the hot weather. Oranges and grapefruit, blueberries and plums also are worthwhile buys. The first pears from the West are arriving in markets over the country, but prices are rather high.

Watermelons are rated by fruit specialists as a particularly good buy these days. The U. S. Department of Agriculture estimates the early summer crop at more than 79 million melons, which would make it the largest on record. The late summer crop is expected to produce another 10 million melons, which means plentiful supplies well into August.

'Open but Clean' Galveston Aim

New Mayor Objects to Prostitutes 'Hustling in Taverns'

GALVESTON, Tex. (AP)—Galveston's mayor, who says he wants this island resort city to be "open but clean," is cracking down on prostitutes.

There are too many of them and they've got to quit "hustling in taverns," declares Mayor George Roy Clough.

It would be wrong to assume from this that Mayor Clough is against prostitutes. He won election last May on a platform that Galveston should continue to serve up whisky, gambling and women to all comers.

* * *

A seaport town, and especially one so dependent on the tourist trade as this island city of about 70,000 people, has to have bawdy houses, Clough believes.

But he would like to see them confined to one district, preferably their historic Postoffice Street area here. And he would like to see the number of bawdy houses held within some limits.

* * *

This week the American Social Hygiene Assn. reported to Clough that it found 18 bawdy houses operating here, 18 bars where prostitutes were soliciting, 1 hotel with a resident prostitute and 6 hotels where prostitutes rented rooms.

That, declared Clough, is too many. Last night police acting under his orders closed up one bar and arrested eight women "vagrants" at the site.

Beginning next week, the mayor declared, any tavern caught with prostitutes soliciting on the premises will be closed "and stay closed."

Show Fails to Show Up

LAWTON (AP)—Conspiracy warrants have been issued against a traveling wild west show which solicited ticket money and failed to show up Tuesday night. Instead the Lawton Lions Club put on a free outdoor movie. Police said advance agents solicited money from Lawton merchants to pay for free tickets. Named in warrants were Joe Admire and Cal Shaw.

Air Force Head Can Halt Quiz

Senate Investigators Offer Talbott an 'Out' in Collusion Probe

NEW YORK (AP)—A Senate subcommittee may drop its investigation of Secretary of the Air Force Harold E. Talbott's business connections if he disassociates himself from a New York City industrial engineering firm, it was reported today.

* * *

Another Washington report was that the Senate investigators have correspondence and documents purporting to show that Talbott, operating from his Pentagon office, actively promoted new business for the firm.

The Chattanooga Times, in a dispatch from its Washington correspondent, said Sen. McClellan (D-Ark), chairman of the Senate Investigating subcommittee, was reported last night to favor dropping the inquiry into the relationship between Talbott and Paul B. Mulligan & Co. if Talbott took steps to quit the firm.

McClellan, the story said, "is anxious to avoid smearing the secretary's reputation undeservedly by open hearings."

* * *

The newspaper said McClellan was expected to call a meeting of the subcommittee today and "press for approval of his move to dismiss the matter."

The dismissal, the story added, would be on the basis of Talbott's testimony at a confirmation hearing on the assumption that he would move to disassociate himself from the Mulligan firm, which specializes in consulting on personnel studies and clerical controls.

The New York Times said in a Washington dispatch that Talbott has continued to share in the firm's profits while in office, and added:

* * *

"It was reported that Mr. Talbott had under consideration a suggestion that he offer to sever all connections with Paul B. Mulligan & Co. for the future. However, members of the subcommittee said no such proposal had as yet been advanced by Mr. Talbott in formal terms."

Talbott, the story added, "was expected to present a more definite proposal" to the subcommittee today.

North and South Carolina were separated in 1729.

Officers Nab Member of Lucky Mutual Ring

ROSEVILLE (INS)—Frank Quasarno, 27, only one of 36 members of the Lucky Star Mutuels ring to escape arrest in 1953, was nabbed at hhis home in Roseville yesterday on a tip.

Vice Squad officers said Quasarano had moved to the east coast with his family and just returned to Roseville because he thought "everything had quieted down."

He was arrested on a warrant issued Nov. 20, 1953. Police described the Mutuels ring as one of the largest ever operated in the area.

Williams Bows to Added Gas Tax

LANSING (AP)—Gov. Williams apparently has let his interest in better highways override his standing objections to higher Federal gasoline taxes or to the Federal government collecting any highway taxes.

* * *

Williams yesterday endorsed Federal highway aid legislation now before Congress which provides for a one-cent-a-gallon increase in the Federal gasoline tax.

Previously Williams has objected to an increase in motoring taxes and has consistently urged the Federal government to abandon the gas tax field to the states.

Administration sources said, however, that the only Federal highway aid bill left before Congress calls for a one-cent increase and that Williams feels that Michigan's new arterial highway program is so closely bound up with increased Federal aid to the states that there is no other course but to accept the tax boost.

The governor was solicited yesterday by the Highways for Survival Committee of New York to express his opinion on the need for a Federal aid bill this year. The committee said highway legislation is in danger of being dropped during this session of Congress.

MOST ANXIOUS

Williams telegraphed the committee that "We in Michigan are most anxious that Federal highway legislation not bog down in the current session of Congress. We are ready to go forward on an enormously accelerated highway building program, the exact extent of which will, of course, depend on the amount of Federal aid allocated to Michigan.

"Lack of definite action by Congress this year would seriously hamper us in planning the roads we need and are determined to have.

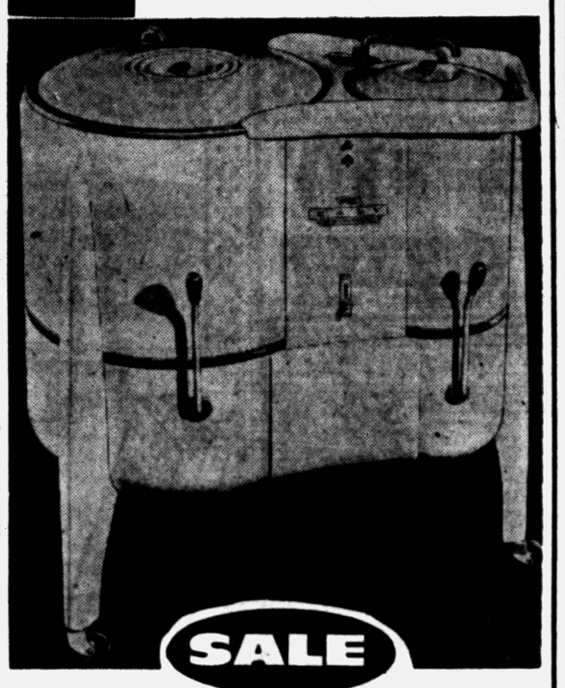

"I have urged that the increased Federal aid be made applicable this year rather than next. To put the decision off for yet another year will cause us to lose two full construction seasons. The public wants highways now."

* * *

The 1955 Michigan Legislature increased the state gasoline tax 1½ cents a gallon to finance an arterial program.

GOVERNOR'S SUMMER RESIDENCE—This three-story Victorian mansion situated on the second highest point of Mackinac Island was designated as the "Governor's Summer Residence" by the Mackinac Island commission in 1954 after money for its purchase was set aside by the Michigan legislature. It overlooks the Straits of Mackinac.

Governor's Summer Home Overlooks Mackinac Bay

MACKINAC ISLAND (AP) — The big, Victorian-turreted white frame house on the hill is the Michigan Governor's Summer Residence.

From its high place the half-century-old landscaped home of a romantic past overlooks this famed old town and port.

Its many windows gaze out across the waters of the straits over which come thousands of tourists every year for visits to the quaint island.

The Governor's Summer Residence, of three stories and 18 rooms, has been the official summer home of Michigan governors since the state bought it for a mere $15,000 in 1945.

Once a private home, the gracious big house with its broad porch, boxed geraniums and fringe-topped horse carriage today is the scene of dignitary conferences and a tourist acclaim.

So far, only two governors have dwelt in it — Republican Harry Kelly at the start and Democrat G. Mennen Williams in his string of four terms.

HAS CHARM

The Summer Residence has personality and charm.

A carriage driven by a yard man takes the guest up the long hill to the veranda, banked by pink geraniums.

At that point the visitor turns to look in wonderment at the great panorama of the bay.

Inside are pine-paneled walls and high, beamed ceilings. For comfort are large divans and casual wicker furniture and books and lamps and flowers from the garden.

The octagonal dining room contains a strong oval table. There is hand-blown crystal and enough china to serve 20 persons.

The present hostess, Mrs. Nancy Williams, wife of the governor and mother of their three children, has brought her own china and crystal in addition to silver and linens from the captal at Lansing.

BUILT IN 1903

The history of the big white house on the hill goes back to 1903.

It was built by a Chicago broker, Lawrence A. Young. For more than two decades Young entertained there. Many potent names in American society were his guests.

With the stock market crash of 1929, Young took his own life.

The house stood empty and all but ignored until a Chicagoan, Mrs. Hugo Scherer, bought it in the early 1930s. Ultimately, in 1945, she sold it to the State of Michigan.

Ten years ago it had its second grand opening — then as the "Governor's Summer Residence." Gov. Kelly was host. Gen. Douglas MacArthur was his guest of honor. This was at the National Governors' Conference of 1945 on Mackinac Island.

All Recognized

HOUSTON, Tex. (AP) — The 15 persons who organized an oil company here finally selected as a name: "The Fifteen Oil Co."

Quack Trips Over Easy Medical Term

LOUISVILLE, Ky. (AP) — Judge Richard H. Nash knows that the lumbro-sacrel area is in the lower part of the back.

As a result, he tripped up a self-styled doctor in Police Court last night.

James A. Stities, charged with drunkenness, told the judge he was a doctor.

"If you're a doctor," Nash said, "tell me where the lumbro-sacrel area is."

Stites looked puzzled and gestured helplessly.

"Ten dollars fine," said the judge.

The Name's the Same

LOS ANGELES (AP) — The local chapter of the National Safety Council has announced officers for a West Coast poise symposium, to be held here next December. Chosen yesterday as the general chairman was A. M. Noyes.

Corpus Christi Ends School Segregation

CORPUS CHRISTI, Tex. (AP) — This south Texas city of more than 150,000 will no longer bar a student from any public school because of race.

* * *

The 100 per cent compliance with the U. S. Supreme Court ban on segregation in schools was announced last night by the board of the Corpus Christi Independent School District.

Dr. H. Boyd Hall, Texas Conference president of the National Assn. for Advancement of Colored People, called it "the most perfect decision that has been issued in any of the 48 states."

Travel Is Educating

HOUSTON, Tex. (AP)—Hugh Lansford got his degree in civil engineering after 10 years of night school. He figured he drove 100,000 miles from his home to the school.

Woman Bookie Free Because Cop Erred

LONG BEACH, Calif. (AP)—Police officers had the right to use a sledge hammer in pounding open the door of Mrs. Ina J. Williams' home, but because they failed to knock and announce they wanted her on a bookmaking warrant, the case was dismissed yesterday.

Superior Judge Paul Nourse cited a statute which said officers are permitted to break in a door only after demanding admittance and stating the purpose of their visit.

Mrs. Williams, who lives in Wilmington, was arrested April 13 and charged with five counts of bookmaking.

Cancer Clinic Dates to '21

The first free diagnostic cancer clinic in the United States was opened in Columbus, Ohio, in 1921. Today hospitals at the State Health Center on the campus of Ohio State University admit more than 2,000 cancer patients a year.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, JULY 21, 1955

Mrs. Hobby's Successor an Able Administrator

President Eisenhower's choice of Marion Bayard Folsom to succeed Mrs. Oveta Culp Hobby as Health, Education and Welfare Secretary is a happy one.

When asked by the President to take over the new post, Mr. Folsom was Undersecretary of the Treasury for tax matters. In that capacity he had directed the first complete recodification of the Nation's lax laws in more than 70 years.

★ ★ ★

Before joining the Eisenhower team Mr. Folsom, now 61 and a graduate of Harvard's Business School, was treasurer of the Eastman Kodak Company. Over the years he had built a reputation as an expert on pension, tax and social security law. It was because of this background that the late FDR drafted him to help write the Nation's first social security statute.

★ ★ ★

Back in 1931 when depression unemployment was mounting, Folsom organized 14 companies including Eastester Plan." Under it workers were assured layoff pay on a basis similar to that recently incorporated into the new GM and Ford contracts with the United Auto Workers.

A native of McRae, Georgia, an economy minded Republican and a top flight business executive, Mr. Folsom deserves in full measure the speedy confirmation given his nomination by the Senate.

A Closed Issue

Reasoning behind several proposals for return of German assets seized here during the war isn't clear.

The effect of these would be to shift from German to American taxpayers the burden of compensating Germans for losses they suffered as a result of U.S. wartime seizure of their assets.

★ ★ ★

Least offensive of the giveaway plans has the support of our State and Justice Departments. It would compensate only individual owners of vested property and only up to $10,000 each.

It would turn back all German assets, the value of which has increased since the war to an estimated $450,000,000, whether they originally were privately or corporately owned.

★ ★ ★

No reasonable person would deny that German nationals who suffered losses as a result of seizures here should be compensated. But there are solid reasons why the compensation should be provided by German and not American taxpayers.

First, under the 1946 Paris Reparation pact the Allied powers agreed that German assets were to be held in lieu of reparations and should not be returned to Germany. There appears no sound reason for U. S. violation of this agreement.

★ ★ ★

Second, our War Claims Act provides that the claims of Americans should be paid out of the proceeds obtained from liquidating German and Japanese assets in this country. Under this act some $250,000,000 already has been paid out to American claimants. If the assets were returned such sums would have to come out of our Federal Treasury.

Finally, the Bonn Convention of May 26, 1952, specifically provides that the German government will compensate its own nationals and relinquishes claims in other countries.

Congress should consider the question of seized war assets closed.

Legislature's Approval Would End Any Doubt

Attorney General Kavanagh's opinion that there is no conflict between Michigan's unemployment compensation act and the GM and Ford agreements with the UAW, sounds sensible.

★ ★ ★

His stand should be welcome to all who benefit from these history making contracts as well as all who hope to see similar agreements entered into by other employers.

Mr. Kavanagh is fully aware that his opinion is only that and lacks the force of a court decision. Wisely, therefore, he has suggested that the next Legislature should amend the act to remove any possible doubt as to the agreements' legality.

★ ★ ★

Michigan's approval of this supplemental unemployment compensation plan is important. Under the agreements approval by states having two-thirds of the employes of both companies is required before payments can be made. Because 50 per cent of GM employes and 56 per cent of Ford's work in Michigan, ours is the key state.

★ ★ ★

We believe, therefore, that the next Legislature should lose no time in acting on the Attorney General's suggestion.

"It is rare that talking to oneself is an indication of mental unbalance," says a psychiatrist. And a person who listens to himself talk learns about as much as he does listening to others.

The Man About Town

Number Reduced

Board of Supervisors Change Brings Its Membership Down

Straight and narrow: A path where you may meet few people you know.

Under the new system, the Oakland County Board of Supervisors will have a much smaller membership than its present 92 the reductions all being in the cities. Each of the 25 townships will have one member, as at present. This means that the members from the most populous townships will represent a far larger population per man than those from the cities. In Waterford, for instance, the supervisor will represent over 30,000 people.

July is a prominent month in the birthdays of Oakland County residents who have attained national prominence, including that of

Secretary of Defense Charles E. Wilson

who is 65 years of age this week.

A letter from

Lieut. Gov. Philip A. Hart

states that his young daughter, Ann, who has been cured of polio under the care of

Dr. Ethel Calhoun,

already has chosen her profession. She says, "I want to grow up to be a doctor, just like Dr. Calhoun."

A hydrangea plant with 58 blossoms in all colors, and with many more coming, is in the yard of

Mr. and Mrs. Harold V. Harcourt

at 1865 Wellington Ave. It is nine years old, and has been left out of doors during winters most of the time.

A hark back to a much earlier age was found by

Mrs. Mildred Dorris

of Clarkston Road, in the shape of a petrified snail shell.

About the coolest name in the Pontiac city directory is that of

Roy Iceberg

of 83 South Johnson Ave. It also lists a dozen Snows and ten Frosts—but no Blizzards.

Since working on Bonanzagrams,

Eldon Amherst

of Auburn Heights phones that he's learned the importance of a fly speck.

While cherry pickers and other help now is badly needed in the Traverse City district,

Clifford R. Wolcott,

who is in charge of the employment commission there, sends word that people who wish to make it a vacation may be disappointed.

Could Be Bull's Eye Some Day

David Lawrence Says:

Geneva May Sow Seeds of Revolt Inside Russia

(This dispatch is written after analyzing all the pronouncements issued by the Big Four at Geneva, including the latest proposal by Marshal Bulganin of Soviet Russia for a 50-year collective security treaty for Europe.)

The men who rule Soviet Russia have listened to the fine, friendly words of their colleagues at Geneva and have been wined and dined by them, but the Soviet answer is just the same—the North Atlantic Treaty and the Paris Accords drawn up by the West must be scrapped and a new organization established in which Moscow wants to exercise a veto power.

* * *

Few persons outside Geneva are surprised by the bold and defiant maneuver which negatives all the words of conciliation that have been uttered before, but again few persons in Geneva probably are surprised either.

For the world's balance of power doesn't change because of a conference of the heads of governments. Nor are the facts of mutual distrust and fear removed by negotiation.

Perhaps the biggest story of the last 24 hours isn't in Geneva at all. It's down in Buenos Aires, where the ferment of discontent is slowly but surely forcing a dictatorship out of power. Previous attempts to remove President Peron have failed, but the murmurs have not been stilled. The fires of revolution are being kindled anew.

LESSON FOR RUSSIA

Argentina points a lesson to Soviet Russia. For, sooner or later, the people find high up in the armed services men who force the issue and compel the dictators to step down.

* * *

It could be that the seeds of revolution in Soviet Russia are being sown by the news emanating from Geneva. For it will be evident to the peoples of the Soviet Union and of the satellite states that there can be no hope of peace and no real relief from the threat of a nuclear war while a dictatorship rules in Moscow. It is being clearly demonstrated that the Communists are vetoing world peace.

The heart of the problem of European security is not in the treaties or proposals for mutual consultation but in the kind of governments that have the responsibility for maintaining peace. The form of government may seem to be an internal matter but the moment any government becomes an external menace the problem is not confined to any one country—it affects a whole continent and perhaps the whole world.

Whether Argentina is a dictatorship doesn't affect world peace, and hence what has been happening under Peron in Argentina is, theoretically, an internal affair, while the Communist government in Moscow is not content to confine its activities to the Soviet Union. It reaches out into all other countries with its plots and subversive activities.

ARGENTINA EXAMPLE

The example of Argentina, however, is significant. For a determined effort prevails there to avoid bloodshed, as the heads of the army and navy are engaged in a heroic attempt to restore constitutional government to the people.

When there is a truly free government in Soviet Russia, the signing of an all-European collective security treaty such as Bulganin has proposed would be acceptable to everybody. The words of the proposed text are, with some few exceptions, applicable to a system to European security to which all nations in the West could subscribe—if there were mutual trust. Bulganin, however, has forgotten the main point—the importance of the authority back of the government which is to perform the acts specified in the 50-year treaty.

If there is no authority other than the tyranny of a few men—an oligarchy which rules by force and can start an aggressive war at any moment—then the treaty loses any value it might otherwise have as a means of assuring peace.

If the treaty is backed by a freely elected parliament with constitutional guarantees to the individual citizen, then it could easily become a substitute for the North Atlantic Treaty and the Paris Accords when Germany is reunified and has its own national government freely chosen by the people.

There probably is widespread disappointment at the turn of events in Geneva, but the fact is Geneva developments have cleared the air and pointed the real way of peace—through the action of the people of Soviet Russia led by those men who know that the continuance of a dictatorship keeps alive the threat of war, but that the birth of a free government means the death of war.

(Copyright 1955, New York Herald Tribune Inc.)

Smiles

The average grade school child knows 4,000 words, according to a teacher. Five of them are, "School will soon be out!"

For a real pack of fun, most any time is a good time to start loading that vacation trunk.

If you take only one lump with your tee, you're past the stage of a dub golfer.

One objection to a cloudy morning is that lots of people use it as an excuse not to get up bright and early.

Fifty dollars was found in an old icebox left in a junk yard. Is there an easier way to get cold cash?

Voice of the People

Salesgirl Finds Exception Among People Who Are Usually Courteous, Appreciative

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Having worked in retailing positions for a number of years, I have had the privilege of knowing all kinds of people. And as the old saying goes, "It takes all kinds," etc.

I have found the vast majority to be kind, honest and appreciative of any extra services rendered. I am always aware of the innate dignity and courtesy of most people regardless of their station in life.

But, fortunately, such is not always the case, as indicated by the man who left a billfold on my counter Saturday, July 9.

This billfold, which contained almost $700, was turned over to police authorities within minutes for return to its rightful owner on the same day. Ten days have passed and this person has not found time or courtesy to even call to say thank you.

The wallet was not returned in hopes of a reward. Had I wanted money I had not earned I could have kept the entire amount. A clear conscience is its own reward.

This letter is only to remind you that two little words you learned as a child, thank you, are among the easiest said and most pleasant heard.

Salesgirl

'Proper Rearing Offsets Effect of Worst Comics'

I enjoyed the letter which said if children are brought up right even the worst comic books can't hurt them. I certainly agree because when a child is at home or elsewhere reading a comic and minding his own business, he's not getting under anyone else's feet or in trouble anywhere.

Also that child may like other books much better but he needs relaxation of that kind, and he may want to be a comic book publisher himself some day or perhaps become a cartoonist or artist of another sort.

Den Mother

'Trucker' Praises Press for Job on GMC Picnic

The Pontiac Press always does a swell job with our GMC picnic. In fact it does a swell job all the time.

Trucker.

Looking Back

15 Years Ago

GERMAN PLANES renew attack on Britain.

CORDELL HULL confident Americas will guard trade.

20 Years Ago

COUNTY SEEKS $220,000 office building.

DEMS BELITTLE inflation talk by Senator Borah.

Hal Boyle Says:

Mrs. America of Future Lacks Knowledge of KP

NEW YORK (AP)—Items from the mailbag:

Everyone knows what the American wife of today is like. But what about the wife of tomorrow?

* * *

Well, the chances are she'll be better groomed than her mother, and know more about the technique of understanding a husband than the technique of running a stove.

A test of some 180,000 senior high school girls by General Mills disclosed that—83 per cent were well informed on the art of keeping themselves looking neat and pretty, 71 per cent had studied up on how to keep a husband happy, 64 per cent had a good knowledge of the mechanics of housekeeping, but only 52 per cent had acquired real cooking skills.

One surprising result of the survey: Only 45 per cent could answer correctly questions on child care. This seems odd in view of the trend toward earlier marriage.

IT'S IN THE CARDS

It seems like everything a person does now—from sneezing to buying a greeting card—reflects his deep, hidden personality.

For example, do you always send your mother-in-law an expensive, highly sentimental greeting card on her birthday; do you hesitate to send her one in a humorous vein; well, it might be because you secretly are nursing a grudge against the old girl.

Anyway, this is one of the conclusions reached by a Chicago greeting card firm after a survey of several hundred thousand customers.

The survey, as interpreted by a psychiatrist, showed:

Children and young women prefer red cards. Most women avoid buying yellow cards as they associate it with a sallow complexion. The favorite color of men—and executives in general—is blue.

Those who choose green cards often are stingy and have a suspicious nature.

Those who like to send perfumed cards are generally extroverts with a tendency to show off—the "life of the party" type.

* * *

Do you ever pick a greeting card featuring a sea scene or a lake view? It may be a sign that privately you wish the water would wash away the person whom you send the card to.

Personally, I'd like to send a card like that to the psychiatrist. Just how complicated do we want to make life?

GIRLS WILL BE GIRLS

"I have lifted the bosom, and flattened it," Christian Dior, French fashion designer, announced last summer.

* * *

His edict aroused considerable concern among men who disliked the idea of American women getting a flat-chested look.

What happened?

"In spite of the headlines, the excitement, the hullabaloo about the return to the boyish form," says Sidney Schnur, executive of a rubber fabrics company, "American women kept right on buying padded bras, which last year hit an all-time high in retail sales volume of more than $54,000,000."

The brassiere and swimsuit manufacturers actually bought more than three times as much brafoam padding in the first nine months after Dior's new style came out as they had in the same preceding period.

Everybody feel better?

THOUGHTS FOR TODAY

And he saith unto them, Are ye so without understanding also? Do ye not perceive, that whatsoever thing from without entereth into the man, it cannot defile him.—Mark 7:18.

* * *

The more sand has escaped from the hourglass of our life, the clearer we should see through it. —Richter.

Weeds are very bad in the home vegetable garden. They keep the lettuce and cabbage from getting a head.

Case Records of a Psychologist

Psychologist Offers a Mental Antidote to Wife With Poisoned Outlook on Men

Jim's wife had driven him to liquor and was heading for a divorce, chiefly because her biased mother had given her the wrong information about a wife's proper function. So study this care carefully; then send for the booklet below. It has stopped thousands of divorces.

By DR. GEORGE W. CRANE

Case O-388: Jim J., aged 38, is a construction engineer.

He boarded the airplane at Louisville and sat down beside me while I was flying back from Atlanta recently.

"Aren't you Dr. Crane?" he asked.

"Yes," I replied in surprise.

Jim went on to say he reads my column every day. "In fact, my home is much happier nowadays because of your column."

"Thank you, I'm glad to know that," I answered. "But just how did my newspaper column make your home happier?"

"Well, I have been married for 12 years," Jim replied. "But my wife and I never saw eye to eye on marital relations.

"She was my college sweetheart at Butler University, and is one of the most charming girls you would ever be able to meet.

MIND POISONED

"But her mother poisoned her mind about men. So we led a typical 'cat and dog' existence.

"I had even taken to drinking, too, to keep away from the nagging and arguments at night.

* * *

"Then you wrote a frank column one day about marriage. That morning we had had another quarrel. So I tore the column right out of the paper and laid it beside her plate at the breakfast table.

" 'There, read that and get wise to the facts!' I said angrily, and then put on my hat and headed for the office without even saying goodbye.

"Well, Dr. Crane, I guess she read it more than once, too, for from then onward, our homelife changed.

"She later told me she thought I was just making up all the advice I had tried to give her before that moment, but when she saw your statement about the basic differences in erotic appetite between men and women, she decided maybe her mother had been wrong.

"Your column that morning had stated that Jacob had four wives and that modern husbands are likewise geared to have a harem.

"So you advised wives, if they wanted to hold their husbands' undying devotion through the golden wedding, to feign more

ardor and see that their husbands were fed an ample supply of erotic calories as well as the gastric variety.

"Now I've quit drinking and stay home for I have nothing to flee from. My wife is charming, sweet and satisfactory, so I don't need a whisky flask to drown my miseries."

WIVES, TAKE HEED

There is an axiom in psychology to the effect that neither man nor animal will voluntarily flee from pleasure!

So if your home life is happy, you don't need dread the competition of neighboring taverns, dance halls, poolrooms or immoral houses.

Men stay home when they are happier there than elsewhere!

A sweet wife, who adequately meets the usual husband's need for gastric as well as erotic calories, seldom experiences the problems of a drunken husband.

But many wives have a narrow, warped idea of what constitutes a wife's proper functions.

Sometimes a divorced mother or spinster aunt has so vividly impressed their girlish minds, that the wives fail to use the strategy that makes marriage permanently happy.

So send for my booklet, "Sex Problems in Marriage," enclosing a stamped return envelope, plus a dime.

It gives you the true facts from both the medical and psychological angles.

With this knowledge, any average wife can hold her husband's devotion through their golden wedding day.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Brady Wins, Loses Fans in Stand Against Alcohol

By WILLIAM BRADY, M. D.

West Virginia reader says she is sorry she has neglected for so many years to give me a word of encouragement in regard to my stand against alcohol. She surely does appreciate it, and more power to me.

* * *

She thinks I am exactly right about the preachers. They are afraid of losing their biggest contributor if they should take a stand against drinking. So pour it on, the lady says, and may the young people of our land read it and profit by it.

I'm not sure I understand who or what the biggest contributor may be.

But I thank the lady for her good will. A lot of people have offered to hold my coat, back in the bushes, while I do battle with the demon.

I'm sorry now that I made a dirty crack at the preachers who do not take a stand against drinking. If I were a preacher at the mercy of the loud mouths, I'd probably lurk in the bushes and let someone else pour it on.

LOSES FRIENDS

In my career as a PHD, Doctor (teacher) of Personal Health, I have lost at least a million followers, fans, pupils, readers for taking a stand against this and that evil. Not that it cuts my allowance; but—well, I'd do anything to get back even half of the followers I have lost since Tony was a pup.

For that matter, if some philanthropist were to endow this column as an educational institution, I'd be happy to carry on in my present capacity without pay, provided, of course, that my freedom to teach were restricted only by the Hippocratic injunction: Do good if you can but do no harm.

Of late years, for some reason I can't fathom, there have been a good many letters saying, in various ways, God bless you.

Most of these letters come from parents of young children, parents who, I take it, are nearly if not quite as poor (in this world's possessions) as my parents were when I was a boy on Chapel street in Canandaigua—where at this moment, which would be about 7 p. m. there, a robin, a real red-breast, not the drab nondescript bird that serves as stand-in here, is perched on some pinnacle singing his evening song. If you think this is homesickness, you're a good diagnostician.

BOYS TAKE PLEDGE

God and Hippocrates know I have done my best to promote temperance, total abstinence, taking the pledge and all that sort of thing. I have boasted and I'm still proud of the fact that my mother was an active member of the WCTU, and that her four boys took the pledge and kept it.

* * *

Some of the God bless you letters came from WCTU members and officers who approved; some from WCTU members and officers who chided me for my fondness for the Arcadia mixture or Granger with just a pinch of perique or latakia added for piquancy. So far no one has begged me to abstain from the use of tea and coffee.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Moslem School Drops Customs

Old Religious College Rejects Ancient Robes for Modern Clothes

By DAVID HINNAWI

CAIRO (AP)—Students at Al Azhar, oldest religious university in existence, are casting off their kuftans and ummas, tradiional robe and headdress of the Moslem sheikhs, and donning Western clothes.

* * *

The students nearly clashed with police recently when one of the ulemas, or instructors, barred from his lectures those who did not wear the traditional dress. The police posted before the door of the classroom were promptly withdrawn in face of the students' protests.

Today many of the 4,000 students on the campus wear ordinary shirts and trousers instead of the usual flowing robes. Until recently such a thing was unheard of.

* * *

This is part of the trend away from narrow tradition in this thousand-year-old seat of Islamic learning.

The most daring step is a proposal to admit women students into Al Azhar. This idea has been knocked about from one committee to another for the past two years with no solution reached. Recently Cairo newspapers said women will be allowed to follow religious studies at Al Azhar. Some university sources are skeptical.

* * *

The system of teaching at Al Azhar is unique. Students sit cross-legged on a straw mat on the ground in a semicircle while the ulema squats on a chair in the middle. There are no conditions of admission or fees imposed but applicans must be Moslems and able to recite half the Koran from memory. A student can stay at the university as long as he wishes, until he deems himself fit to attempt the final examination. Some students are 80.

One rule at Al Azhar is very rigid. Students must never have girl friends.

Tough Texans

HOUSTON, Tex. (AP)—Mrs. Patsy Ruth Walker, 19, told sheriff's deputies she was sitting on the patio at the ranch where she worked, bent down to scratch a mosquito bite and found she'd been shot. A doctor removed a stray bullet. Nobody heard a gun fired.

Who's Uncle to Who?

PORTLAND (AP) — Mrs. Hollis Luce, 44, became a grandmother for the 16th time on Thursday. The following Tuesday she gave birth to her 11th child, a son. Her newest grandson is the son of her daughter, Mrs. Donald Morse, 27.

The King of Hollywood

Happiness Predicted for Clark, Kay

(Editor's Note: This concludes Hollywood columnist Louella O. Parsons' personal story of Clark Gable, his loves and marriages.)

By LOUELLA O. PARSONS

HOLLYWOOD (INS) —What are the chances of "King" Clark Gable and his fifth queen, Kay Williams Spreckels, finding happiness in their marriage together?

Will Clark, who has in the past found all but one of his marriages confining, once again throw off the restraining chains of matrimony and go his own free way?

Will Kay, who found marriage to two other rich men and a young college student unbearable, again find herself straining at the marriage leash even with a man as attractive as the king?

Only time will answer these questions. But knowing them both so well and realizing Kay's deep love for Clark these many years, I personally believe the king and the beauty will build a happy life together.

HAPPIER NOW

It is my personal opinion that they will be far more happy now than they would have been had they married many years ago when they first met — and I'll tell you why:

Both have matured. The Gable of today is older and wiser — and the admiration of many women means nothing to him. For another thing, and an important one, he is in a much happier frame of mind about his career.

I have spoken previously of Clark's devotion to Kay's blonde children, Adolph and Joan, and they in turn adore him.

For the first time in is life, the king has a "mamma-and-papa-and-little-children" pattern of life, and much to his own (I suspect) surprise, he's loving it!

GROWN CHILDREN

Clark's second wife, Ria (Maria) Langham, 11 years his senior at the time of their marriage, also had children — a boy and a girl — but they were grown when he met her.

But there's a big difference between the friendship and affection Clark could give Ria's children and the absolute devotion he feels for Kay's 6-year-old son and 4-year-old daughter. Both blonde towheads, the boy has Kay's piercing blue eyes and the little girl is as snuggly as a kitten.

The marriage of Clark and Ria Langham lasted frm 1931 to 1939. Three weeks after their divorce Gable eloped with "the love of his life," the beautiful Carole Lombard.

OTHER WOMEN

After Carole's death there were other women in Clark's life — and one other marriage (before Kay) but I always felt he was seeking — and never finding — the woman who could approach Carole's place in his heart.

For a man so pursued by many, many women, Clark has always been a one-woman (at a time) man. One of his most publicized romances was with Dolly O'Brien, Palm Bach socialite, whom he came very close to marrying.

Dolly, who is a grandmother and a fabulous beauty, was deeply in love with Clark, but eventually they both realized her life and his were too far apart.

TOO MUCH CASH

I once asked him why he and Dolly broke up. "She is a charming, wonderful person," he said, "but she has too much money to be willing to settle down on my ranch and my work keeps me in Hollywood. I can't take time to loll in the sun at Palm Beach and get my exercise attending cocktail parties."

He added, gallantly, that it was Dolly's decision to break up their romance.

Of the "King's" first marriage to Josephine Dillon in 1924, when he was a mere boy of 23, I know little because he was married and divorced from the drama coach before I met him. He says to this day that this woman, many, many years older than he, taught him all he knows about acting.

NEVER ANOTHER

Josephine Dillon is a gray-haired woman now teaching dramatics to aspiring young actors. But, so far, there has never been another Clark Gable among her pupils or in her life.

As I conclude this series on Clark, I feel that an old friend who has been very, very lonely (yes, I say this despite the "loves" in his life) has found his finest chance at happiness, companionship and the joys of a full home life in his fifth queen, the sparkling Kay.

At the age of 54, Gable has found a woman who can look beautiful and bejeweled at the public affairs he must attend, but is just as happy and as much fun going on fishing trips with him, playing golf every day (the golf course is right in front of their future home in Palm Springs) and who

Boys Pin On Stars

CAMP PENDLETON, Calif. (AP)—A corpal and a private pinned the new stars on U.S. marine corps Brig. Gen. Randall M. Victory when he was promoted from colonel.

They were his sons, Cpl. Randall M. Jr., and Pvt. Wallis O., both in training at camp Pendleton, Pendleton, where their father is assistant commander.

That's Telling Them

KENDALLVILLE, Ind. (UP)—A State Highway Department official, ticketed for not paying a parking meter, "told off" city police, then reluctantly paid a 25-cent fine. In retaliation, Mayor Andrew Milnar sent a letter to the state highway chairman, demanding that the person be reprimanded and saying, "we don't have to stand for it and we don't intend to."

Planning Party? It May Be Illegal

States Pass, Propose Strange Laws on Wide Range of Subjects

CHICAGO (AP) — In California, it is now against the law for any group to have more than one picnic a month at which beer and liquor are sold.

Communism and subversion would have been grounds for revoking a beer seller's permit in Wisconsin had a bill passed the Legislature in that state.

Nevada had under consideration a measure which provides that a youngster could not register for kindergarden until his parent showed a receipt for real and personal property taxes.

These and other oddities in state legislatures during this year's session have been dug up by the Commerce Clearing House, a reporting service for lawyers and business executives. Most of these proposals did not make the law book.

The survey released also included.

Vermont's bill for the state to reimburse motorists up to $50 for damages done to cars by wild deer.

A bill banning Nudism in Kansas was suggested for consideration by the committee on horticulture, on the grounds "nakedness and fruit" are associated in the Book of Genesis.

In Wyoming, it is against tthe law to hunt wild horses by air without a special license.

All public beaches in Brevard County, Fla., have been declared highways and are subject to local speed laws.

California had before it a proposal to deny property tax exemptions to any church which had not executed a declaration of loyalty.

A measure in Pennsylavania would take away for 90 days the driver's license of anyone who asked for or received help in voting.

In New York state, cities no longer will be permitted to levy a special sales tax on persons selling goods from canal boats.

However, one lawmaker in Washington state wants to halt the steady flow of proposed bills. He offered a measure to limit each senator and representative in his state to the introduction of three bills in any one session.

First inauguration ceremony to be broadcast was that of Calvin Coolidge in 1924. The "national" network at that time consisted of 24 stations.

Queen Elizabeth May Lift Permit of Duke Cousin

LONDON (AP) — London newspapers said today Queen Elizabeth II may ban her speedy cousin, the 20-year-old Duke of Kent, from driving an automobile.

The duke, seventh in the line of succession to the throne, now is in a hospital recuperating from his third auto smashup in 13 months. He has been driving three years.

* * *

His third mishap occurred a week ago but the news only leaked out Tuesday.

The newspapers said today the Queen may tell the duke either to stop driving altogether, or at least not to take the wheel without an experienced driver in the car.

Her decision—which by royal custom must be obeyed without question—would likely depend on the outcome of a family conference.

Music Patroness Mrs. Sokoloff Dies

LA JOLLA, Calif. (AP)—Mrs. Ruth Ottaway Sokoloff, 68, one of the nation's foremost patronesses of music, died at her home here yesterday after a long illness.

A native of Howell, Mich., Mrs. Sokoloff was the wife of Dr. Nikolai Sokoloff, former conductor of the Cleveland Symphony Orchestra and now musical director of the La Jolla Musical Art Society.

She was editor of the National Federation of Music Clubs magazine from 1929 to 1933 and was a frequent contributor to musical journals.

Mrs. Sokoloff was president of the Michigan Federation of Music clubs from 1921 to 1925, music chairman of the National Congress of Parents and Teachers from 1927 to 1929, president of the National Federation of Music Clubs from 1929 to 1933 and representative at the Anglo-American music conference at Lausanne, Switzerland, 1929.

Chain Beatings Probed

DETROIT (AP)—Police are investigating reports that members of a girls' softball team beat teammates with dog chains when they failed to show up for games. Police report five girls 14 to 16 apparently are involved in the beatings. Police said the team, the "Head Hunters," forfeited several games when some of their players didn't show up. Officers learned of the beatings through neighborhood gossip.

More than 42 million cans of shaving lather was packed in cans under pressure to be sprayed out last year in the United States.

WHICH TWIN GETS TITLE? — One had to stop aside when identical twins were barred as a single entry in the "Miss Washington" beauty-talent search in the nation's capital. No one could decide which one, so 18-year-old Sandra Gould, center, tossed a coin. Rhoda Petgen, 18, right, was the coin's choice, and sister Eileen, left, said she'll wait till next year's contest.

Gang War Erupts in Montreal Cafes

MONTREAL (AP)— Unidentified gangs raided and wrecked two midtown night clubs early today in what some police officials believe is a war to gain control of Montreal's bustling cabaret circuit.

* * *

Gunfire punctuated the attacks on the All-American Bar and Grill and the Montmartre Cafe. There were no reports of anyone injured, however.

Gangs carried out similar raids early yesterday on two other clubs, the El Morocco and the Downbeat.

Postpone Vickers Talks

DETROIT (AP)—With talks bogged down, federal and state mediators have postponed contract negotiations between Vickers, Inc., and the CIO International Union of Electrical workers until Monday at 10 a.m. Mediators said they made no progress in attempts to settle the 27-day walkout Wednesday.

Police Seek Parrot With Odd Talents

CHICAGO (AP)—Police are looking for a parot that looks like an eagle, cackles like a duck and laughs like a human.

Summerdale police blamed crows for the disappearance of Sam Duke's parrot, Eagle. Police said that crows have been invading their North Side district and they may have ganged up on Eagle while the parrot was on the wing near Duke's home.

Duke said Eagle is a foot tall with yelolw head and green body and doesn't talk in parrot fashion." His only sounds, he said, are duck cackles and the human laugh.

Approval Given Milford Bonds

Michigan Finance Group OKs Special Assessment for Sewer Costruction

MILFORD — Village attorney Harry S. Mead has received word from the Michigan Finance Commission of the approval of a special assessment on a bond issue for $27,000 to be used for the construction of sewers here.

Work has already started on Crystal, East Commerce and Pleasure Avenue sewers and should be completed with in the next 30 days, Mr. Mead said.

The bond issue will be spread over a period of five years and will mature at approximately $5,300 a year, at a 4½ per cent rate of interest.

After proper publication of notice of the sale, the bonds will be offered to the public.

"When work on the sewers has been finished, this will pretty well complete public sewage facilities for all of the east side of Milford," Mr. Mead said.

Elect Mrs. Pearce at Thomas Meeting

THOMAS—At the recent annual meeting of Thomas school Mrs. Paul Pearce was re-elected director for a three-year term.

The 22 persons attending voted for a nine-and-one-half month school term, but voted down the issue on sending seventh and eighth grade pupils to Oxford High.

The school library is to be named the Charles Brauer Memorial, in honor of its director for 18 years, Charles Brauer.

'Pony Express' Comes to Town Daily for Shopping in Busy Milford Resort

By REBA HEINTZELMAN

MILFORD—A familiar sight on Milford Main street recently has been 10-year-old Joe Parrish, bringing his mother to town in his pony-drawn express wagon.

And this is strictly a business, due to a lack of other transportation at the present time.

Joe is the son of Mr. and Mrs. Earl Parrish, who live a mile and a half out of Milford at 957 South Hill road.

Although the Parrish family has two automobiles, Mrs. Parrish explained that one "just won't start," and Mr. Parrish uses the other car for transportation to Detroit

Additional county news on page 20.

every day. Consequently, young Joe has been bringing his mother to town for the past month.

"Honey Child," the 12-year-old family pet pony, hauls the little wagon loaded with supplies from Milford with the ease and dignity of a New York "hack horse" and pays no attention to the fast moving traffic of this busy resort town.

Not only does the unique combination serve as transportation for the Parrish famliy, but Joe explained that they haul grain to the barn and often transport wood after it has been cut, for the fireplace.

In fact, when there is anything too big for a human being to carry, Joe hitches up Honey Child, and the job is finished easier and faster.

When company arrives on Sunday, Honey Child is busy keeping the children happy, and has gone as far as ten miles on one continuous trip. He can pull the rubber-tired wagon all day long and seems to enjoy every minute of it.

Joe has two sisters, Elaine 12, and Valerie 11.

TRAVEL BY PONY EXPRESS — With the family's extra car out of commission, Mrs. Earl Parrish and her 10-year-old son Joe, of suburban Milford have taken to traveling by pony express. "Honey Child," the Parrish pony, seems to like the new arrangement too. A recent foot operation made it impossible for Mrs. Parrish to make the mile and a half trek on foot to Milford from the Parrish home at 957 South Hill Rd. But a way was found, and young Joe says "It's the greatest!"

Church to Mark 25 Years

AUBURN HEIGHTS—The United Presbyterian Church of Auburn Heights will celebrate its 25th anniversary Sunday.

A history of the beginning and the early years of the Bible school will be related at the 9:45 a.m. Bible school hour. The church grew from the Bible school.

At the morning worship service at 11:15 a.m., the speaker will be the Rev. S. C. Weir, who is the pastor of the Littlefield United Presbyterian Church in Dearborn.

Following the morning worship service, there will be a reception given by the church for former members and their friends.

200 in Township Sign for Ballots

Deadline Will Be Set on Charter Vote Following Governor's Approval

TROY TOWNSHIP — Registrations are coming in heavily from voters here who want to become eligible to vote in city charter and city council elections.

Norman R. Barnard, township supervisor and chairman of the charter commission, said today that approximately 200 registrations have been received out of an estimated 5,000 persons living within the designated city limits.

All residents within the 27.5 square mile area, incorporated popular vote on June 27, must be registered as city voters in order to be eligible to vote on city issues.

Registrations are being taken at the Troy Township hall at 60 West Wattles Rd., by the office of Clifton Truesdell, secretary of the charter commission.

Hours during which the office is open are from 8:30 a.m. to 5 p.m. daily and until 8 p.m. on Tuesdays.

The charter Commission, in a meeting last night; had progressed to a point where they are ready to set a date for a public hearing on the proposed charter, before submitting it to Gov. Williams.

The proposed charter must reach the governor on or before Sept. 7, for his approval.

Following his okay, a date will be set for a referendum on the charter and the city council.

The new supreme court building in Washington is said to contain more marble than is to be found in any other government building here.

JOY ELLEN PRATT

Mr. and Mrs. Keith Pratt of Drayton Plains announce the engagement of their daughter, Joy Ellen, to Era Jay Bedtelyon of West Branch. A fall wedding is being planned.

Detroit Man Killed in Lapeer-Line Crash

LAPEER (AP) — Harold Reynolds, 44, of Detroit, was injured fatally early today when he lost control of his car on a curve and ran off M-24 a mile south of the Lapeer-Tuscola county line.

Sheriff's officers said he was returning to Detroit after visiting his wife who is spending the summer at Caseville on Lake Huron.

'Called to Be Saints' Talk Set Sunday at Rochester

ROCHESTER—Miss Betty Jean Rector, director of Christian Education of the First Congregational Church, will fill the pulpit in the absence of Rev. E. John Yuells.

Her topic will be "Called To Be Saints." The service begins at 9:30 a.m.

Zoning Battle Enters 3rd Day

Lathrup City, Pure Oil in Circuit Court Over Building of Gas Station

LATHRUP —A zoning battle between Lathrup city and the Pure Oil Products Co. of Michigan entered its third day before Oakland County Circuit Judge Frank L. Doty today.

The firm hopes to gain court permission to build a gas station at the northeast corner of Glenwood and Southfield Roads. The city hopes to close its Southfield frontage to anything other than residential and professional-office-building construction.

Yesterday, Pure Oil Vice President J. J. Rinehart, of Bloomfield Hills, testified his firm considers a non-commercial zoning unreasonable. The area is not desirable for residential construction, he asserted.

Mrs. Charles D. Kelley, who with her husband sold the 148-foot frontage to Pure Oil for $31,000, alleged there was no zoning on the land when sold.

County Calendar

Commerce

The Elizabeth Asbury Circle will meet at 8 p.m. Monday at the home of Mrs George Ronan, of 320 Edgewood Dr.

Davisburg

The WSCS of the Davisburg Methodist Church is sponsoring an ice cream social, to be held at 6 p.m. Saturday on the lawn of the church.

White Lake Township

St. Patrick's Altar Society will hold its weekly fish fry from 4:30-8 p.m. Friday at the parish hall at Union and Round Lake roads.

Lake Orion

The Lake-Landers will hold their regular meeting and picnic at the Bald Mountain Recreation Area Sunday. Members and guests will meet at 200 N. Saginaw at 2:30 p.m. and proceed to the area.

Southfield Club to Hear Talk, 'Atomic Peace'

SOUTHFIELD TOWNSHIP—The local Optimists will hear Joe Kelly Jr., nuclear engineer, of the atomic power development associates, and Art Fvander, give views on things to come in the form of peace-time applications of Atomic Energy during the meeting tonight at Fruitridge Inn, beginning at 6:30 p.m.

Plans are in the making for the Optimist picnic early in August.

The Southfield Directory, sponsored each year by the club is reported as "shaping up nicely" by Ed Bush, chairman.

Farm Organizations Ask Farm-City Week

WASHINGTON (INS) — The big farm organizations are urging favorable action by Congress on resolutions which would make the last week in October "Farm-City" week.

As the National Grange explains: "For the first time, we face the problems of some of the older, more thickly populated nations.

One of these problems is understanding our fellow man—his problems, his way of life, how he makes his living, his working conditions, his standard of living, etc."

Sponsors of the idea say it is fitting that a time be set aside each year to foster among rural and urban people a better understanding of needs and problems of each.

Kramer Reunion Held

HADLEY — A family reunion at the home of Mr. and Mrs. Leonard Kramer recently drew 62 members of the clan, from the Oakland County area.

Aqua-Clowns Sometimes Play at Pagliacci

By PHYLLIS BATTELLE

MINNEAPOLIS (INS) — You don't have to be crazy in the head to be a good man. But if you're a bit of buffoon in heart and spirit, it helps.

This is the credo of Minneapolis, the only city in the land with a volunteer clown squad.

* * *

To Minneapolitans, one test of the good and true citizen is his ability to throw a pie, accurately, in a face. Another is a man's willingness to walk down the main street balancing a feather on his nose.

And if you are lucky enough to spot a fellow in an oatmeal-colored sack, wearing raisins in his ears, you know that here is a local cookie to be loved and admired and, most important of all, laughed at.

"It's a fairly new tradition in our town, intended to spread good humor and good will," said a five-foot-10-inch raisin cookie today. "And we think we succeeded. The 100 guys in the squad (officially called the 'Aqua-Jesters') are some of the biggest businessmen in town, and yet they spend many hours of their leisure time—and sometimes their office hours, when they're needed — being anonymously crazy for the good of the community."

The cookie refused to reveal charter member from the year himself, except to say he is a 1946 when the A. J.'s were formed with the purpose of "adding life to the Annual Aquatennial Parade," which is a glittering civic pageant to draw thousands of tourists to Minneapolis each July.

* * *

"We wanted to get elephants, but it was right after the war and they weren't importing elephants," he said, shaking his raisins mournfully, "so someone hit on the idea of getting town wheels to dress up as clowns."

PROMINENT HAMS

So the local papers, the Minneapolis Star and Tribune, proceeded to round up 20 conservative businessmen who, on parade night, turned out to be "20 prominent hams."

Not only the kiddies, but the sophisticated adults, found their businessmen - fuffoons uproarious. "From that point on," murmured old oatmeal immodestly, "the jesters were a dedicated society."

* * *

In 1947, the membership was enlarged to include exactly 100 volunteers — have flase-lace, will travel. And there are long waiting lists of bank presidents and truck drivers who want to get in. It is not easy, however, to make room for new clowns.

"Few jesters retire, in spite of the year-round work it involves," said the cookie, "because it is actually soul-satisfying duty. We go to hospitals and entertain kids. We take part in any civic entertainment we're asked to take part in. And — corny as this may sound—I don't think there's a one of us who hasn't become a better, happier man for the experienc.

"You can 'come out of yourself,' so to speak, when you have your inhibitions concealed in greasepaint. And the inner comfort of seeing that you—conservative, unfoolish you — are making people really forget their troubles . . . it's great. You feel like you amount to something."

* * *

Like other civic clubs in other communities, the Jesters are incorporated, meet regularly at luncheons during which many $10 ties are playfully snipped in twain, and pay modest dues.

COMPLAINTS—POW!

"Occasionally a jester complains that he doesn't see why he's paying out his own money for the privilege of having a pail of water dumped on his head," laughed Cookie, jiggling the almond on his nose. "But we just dunk him in a little lemon meringue to restore his sweetness and life, and he stops beefing immdiately."

The only time a Minneapolis Aqua-Jester has ever really fallen down on a job was recently when a band of buffoons appeared at the Shriners' Hospital for Crippled Children.

There was a small lad in the audience who had been paralyzed for 18 months and was incapable of rooling over in his bed. A psychological block, the doctors said.

Well, one of the jesters released some gas-filled balloons and, as they started to float to th ceiling, the little boy pulled himsef up and reached for them. He didn't catch a balloon, zut his "block" was broken and he rolled happily on the bed."

Then he suddenly looked up at the jester.

"Why, you aren't a real clown," he said, puzzled. "Real clowns don't cry."

You see? said Nut-Nose softly, why we love our jobs?

Madrone Trees Are Vanishing

Native Texas Variety Will Not Survive When Transplanted

AUSTIN, Tex. (UP) — One of Texas' least known but ornamental trees, the madrone, is disappearing.

The madrone,, sometimes called the "squaw leg" because of its smooth reddish trunk, can still be found in the hill country of central Texas, but only where the terrain is rugged and inaccessible. Texas legend has it that the tree does not like civilization.

Nor can the copper-colored tree, very similar to the popular mimosa, be transplanted. Practically every known method of propagating from seed or transplanting the young growth from a foot or up has failed.

The madrone, with its delicate pink flowers in the spring and brilliant red berries at autumn, is usually found in the poorest of soils and invariably on sloping ground.

The flowers, berries and leaves make good decorations since they will last for many weeks in fresh water without any discoloration.

This apparent hardiness is just as deceptive to the would-be transplanter, since the tree dies very slowly and gives the impression it will live after removal.

But the madrone never puts on a new leaf stock after transplanting. Mexican folklore says the "madrono" (mother) tree will always die if moved.

Sympathetic Mumps?

DES MOINES (UP) — Two brothers got mumps the same week although they weer many miles apart. Roger Caliger contracted the disease the first week in March. The family learned later that his older brother, Wesley, with the Army in Korea, came down with mumps the same week.

Shakedown Nets Cash

CHARLOTTE, N.C. (AP) — Police had to hold a real shakedown to retrieve the proceeds oa a social held by a neighborhood organization.

The treasurer left the money on a bed and it disappeared. Police finally checked a baby and found the money stuffed in his diaper.

Most in the Least

Most of Pakistan's population live in East Pakistan, only one-sixth the size of West Pakistan. East Pakistan covers 54,500 square miles of jungles, rivers and alluvial plains, and provides a home for 42,000,000 people.

Prop for Classroom

GUTHRIE, Okla. (UP) — A junior high school history teacher asked for a relic of the City Hall building used for the state constitutional convention in 1906, which is to be replaced by a new building. Don Odom told the City Council he wants an old speaker's rostrum for use as a "prop" in his classroom.

The fox was the first important fur-bearing animal to be raised in captivity.

Britain Eying Market for Export of A-Plants

LONDON (INS)—British private industry is mobilizing today for a dramatic bid to seize the coming export market in nuclear power plants.

Britain, with its 300 million pound project to construct 12 nuclear power stations in the next ten years, regards itself as well ahead of the rest of the world in this field.

1 Lb. of Coffee Per Tree

NEW YORK (INS)—The complete year's output of an entire coffee tree will barely supply a typical American family with coffee for a single week. Coffee trees produce only about one pound per tree annually.

Busiest Harbor

New York Harbor boasts 24,000 annual arrivals and departures of ocean-going vessels discharging gers, more than any other port in the world. Each month 1,000 ships sail away.

Flood Control Idea

The Muskingum Conservatory District of Ohio is planting 20,000 pine and hardwood seedlings daily on lands adjoining the flood-control reservoirs, says the National Geographic Society.

Stamp Honors 'Old Man'

WASHINGTON (INS) — New Hampshire's rocky profile, "Old Man of the Mountains," will soon become the first natural carving of a human likeness to adorn United States postage stamps. The 3-cent issue commemorates discovery of the Old Man by a partridge hunter in Franconia Notch of the White Mountains in 1805, the National Geographic Society says.

Club Out for Blood

FLINT (UP)—The Gold Drop Club has 583 members. It donates blood to the Red Cross and each member has given a gallon or more. In five years it has donated 5,229 pints.

Couldn't Buy Land, Didn't Have Boots

AUSTIN, Tex. (UP)—On his 85th birthday, W. J. Pannell recalled when he came here 84 years ago, land could be bought for a pair of boots.

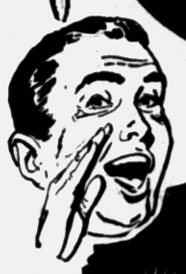

How come folks didn't buy a chunk of it?

"We didn't have the boots," he said.

Dr. Sam Begins Sentence as Just Another Convict

COLUMBUS, Ohio (AP)—The dark gray walls of Ohio Penitentiary held a new prisoner today.

He wasn't anybody special as far as prison authorities were concerned, just another number—98,860—with gray prison pants, blue and white striped shirt and a cap.

But there was something about this prisoner—Dr. Samuel H. Sheppard—something that attracted a horde of newsmen and a score of other persons when he arrived at the penitentiary yesterday afternoon.

* * *

Dr. Sam, as newspapers had headlined his name across the country, was convicted last Dec. 21 of the murder of his pregnant wife Marilyn, 31. Her battered body was found early July 4, 1954, in the bedroom of their home in Bay Village, a Cleveland suburb.

The 31-year-old osteopath denied his guilt throughout the long trial. He said his wife was killed by a "bushy-haired" intruder who also had attacked him and knocked him unconscious. Tuesday an appellate court in Cleveland had turned down his second appeal for a new trial.

* * *

Now comes the waiting—at least 10 years—before Sheppard will be eligible for parole on his second-degree murder conviction. He will spend the first 10 days at the penitentiary in a quarantine ward where he will be given tests to determine what work he is best suited for.

There is speculation that because of his medical background he might be placed in the prison doctor's office. He wouldn't be able to practice medicine, of course, but he could help out as an assistant.

* * *

Meanwhile, his attorneys are preparing to take his case to the Ohio Supreme Court. Sheppard already owes $4,562.43 in criminal and appellate court costs for the trial and subsequent appeals, a court clerk noted. And his attorney bill must be paid "within a reasonable time," the clerk added, or a lien will be taken against his real or personal property.

Sheppard spent almost a year in Cuyahoga County Jail awaiting the outcome of his case, a year that will not count toward his prison term.

Deaths Last Night

LA JOLLA, Calif. (AP)—Mrs. Ruth Ottaway Sokoloff, 68, clubwoman and one of the nation's foremost patronesses of music, former president of the National Federation of Music Clubs and president of the National Council of Women. Born in Howell, Mich.

PUEBLO, Colo.—Dr. Frank Crowther, 85, Republican congressman from New York's 30th District for 24 years until he retired in 1942. Born in Liverpool, England.

PORTLAND, Ore.—J. Scott Milne, 57, president of the 625,000-member AFL International Brotherhood of Electrical Workers since 1954 and a vice president and member of the executive council of the American Federation of Labor.

SAN ANTONIO, Tex.—Lily Cahill, 63, famous Broadway and London stage actress who started as a child star in New York.

CHICAGO—Dr. George Finlay Simmons, 60, a member of the Loyola University School of Medicine staff since 1944, former president of oMntana State University, and at one time Houston, Tex., newspaperman.

JOHNSTOWN, Ohio—Dr. Howard Conway Shaub, 63, head of the mathematics department of Washington and Jefferson College, Washington, Pa., and former mathematics instructor at Harvard and Cornell Universities.

NEW YORK—Albert Edward Cummings, 61, director of research of the Raymond Concrete Pile oC. of New York city and an authority on building foundations and soil mechanics.

PRESQUE ISLE—C. Kildow Lovejoy, 48, of Lexington, Ky., president and general manager of the Kildow Hotel Co., which owns and operates hotels in Columbus, Ohio, Georgia, Kentucky and West Virginia.

644 Rebels Killed by Colombia Army

CALI, Colombia (AP)—President Gustavo Rojas Pinilla says 644 Colombians were kiled in one province alone during the past three months of his government's efforts to stamp out rebellious elements.

* * *

In a speech last night marking Colombia's Independence Day, Rojas Pinilla gave this breakdown of the dead: Liberals 87; Conservatives 492; armed forces 65.

* * *

The President charged the insurgents are inspired by Communist elements and aided by dissident politicians and criminals.

Tar Who Takes Poke at Admiral Now in Pokey

PLYMOUTH, England (AP) — A Royal Navy seaman was held today for taking a poke at an admiral for no apparent reason.

The incident occurred yesterday aboard the maintenance ship Berry Head as 52-year-old Vice Adm. John Eaton was inspecting the crew at fire drill.

* * *

The admiral staggered back from the unexpected blow and his hat sailed over the side into the sea.

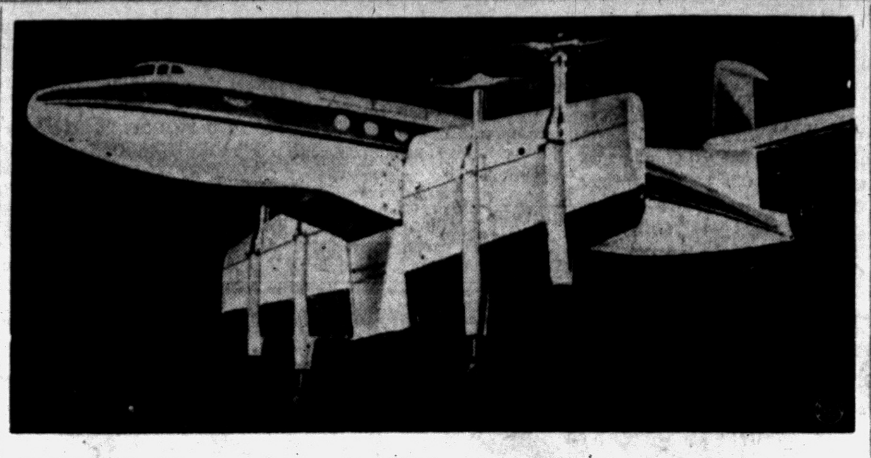

A navy statement said: "A rating (petty officer) assaulted the admiral and has been detained pending medical examination and investigation."

The seaman's name was not disclosed.

Horse-Pulling Contest

CUTLERVILLE (AP)—Prizes totaling more than $1,400 are ready for winners of the world's lightweight championship horse - pulling contest, Sept. 20, at the St. Joseph County Grange Fair. Officials said teams are entered from Michigan, Iowa, Illinois, Wisconsin and Ohio.

Airlines account for around 25 per cent of passenger miles in U.S. intercity travel.

UP SHE GOES—STRAIGHT UP, THAT IS — This model of a revolutionary transport plane that can take off and land vertically worked successfully in tests at the government's Ames Aeronautical Research Laboratory, Moffett Field, Calif. For vertical take-off, wings are tilted in a vertical position with the propellers pointing skyward. Once airborne, wings are swung into a normal horizontal position.

Foreign Aid Info Given Congress Claimed Untrue

WASHINGTON (AP)—Rep. Passman (D-La) accused foreign aid officials yesterday of giving misinformation to senators and said, "We will demand they either retract what they told the Senate or . . . be discharged."

* * *

If no retraction is forthcoming, he said, he will seek to have all foreign aid funds held up for an inquiry into "the whole mess."

Passman heads a House Appropriations subcommittee which cut 627 million dolars from new foreign aid funds. The Senate Appropriations Committee has voted to restore 565 millions; the Senate has not yet acted.

Passman said in an interview foreign aid officials had misrepresented to the Senate committee that Rep. Taber (R-NY) had given his sanction to their action in reserving money voted in previous years.

"I never approved such a thing," said Taber, senior Republican on the House Appropriations Committee. "It is a stinking mess."

Bell Helped Deaf School

Alexander Graham Bell, the inventor of the telephone, was active for 51 years as teacher, consultant, researcher and president of the board at Clarke School for the Deaf at Northampton, Mass.

Ryukyus Going Modern

The number of motor vehicles operating in the Ryukyu Islands southwest of Japan has increased greatly since World War II, says the National Geographic Society. Where there were only 300 before the war there are now 4,300 owned and run by islanders.

Family Hospitalized

DEEP RIVER, Conn. (AP)—Mrs. Frank Joy drove to Boston to visit her son, a patient at a hospital there, and herself became a patient in the same hospital. She had head injuries when her car was involved in a collision. Her husband was at home convalescing from an operation.

Although only iron, nickel and cobalt have marked magnetic properties, among the pure metals, some alloys of other metals also are magnetic.

Forgers Are Illiterate

SAN JOSE, Calif. (UP)—Ruben Buchanan and Herbert Spears, neither of whom can write, were sentenced to terms in the county jail for forging $236 in bad checks. The actual writer of the checks was permitted to go free with a warning from the judge to watch out for smooth-talking companions, illiterate or not.

From 1939 to 1953, the price of milk rose about 60 per cent compared with a 130 per cent average increase in food costs, says the Bureau of Labor Statistics.

It's Bang-Up Occasion

TOKYO (INS) — The Fourth of July is a piker compared to the mid-July Sumida River festival in Tokyo, designed to mark the opening of the river to summer traffic. Massed fireworks, shot off by the country's major fireworks manufacturers in competition with each other, light up the night sky.

For 25 years, Mrs. Blanche Elton of Dormont, Pa. has worked every Wednesday as a volunteer for the American Red Cross, making about 400 surgeons' masks every year.

Buys History in Ports

NORFOLK, Va. (AP)—A. J. Badeaux, retired from the Navy and operating a parking lot, thinks he has a unique history of World on Navy ships and bought news- War II. Badeaux toured the world papers in the ports he visited. He can follow the war by the dates of the papers and also see what else was going on in Bombay, Capetown, Glasgow, Reykjavik and other ports.

The Megatherium, a fossil ground sloth, was as big as an elephant.

Bob Considine Says:

Let Christ Make It 'Big 5', Graham Urges

GENEVA (INS)—Just inside the lobby of the Hotel Metropole, which the Soviet Union is using as delegation headquarters during the Big Four conference, I found myself invited to a religious rally. A huge poster in French shouted: "The Bible Speaks Today to You, Billy Graham."

* * *

Couldn't spot any Russians about, waiting to talk, so went out to the rally. I had never heard Dr. Graham speak. Nor for that matter had very many others heard him in a setting like the Parc des Eaux Vives, a most pleasant woodland on the edge of Lake Geneva. Perhaps ten or 15,000 sat in a clearing or in the shade of the great old trees.

The evangelist, a handsome man, very tall, bronzed from golf, blue-eyed and long-lashed, worked with a French interpreter named J. A. Blocher, a brisk and bald man who heads the Nogent Bible School in Paris. Blocher was Graham's French voice during his preaching in Paris and seemed to know just when to break in and shout, with evangelistic ferver, a translation of what Graham had said.

Blocher even translated the American preacher's fist-waving in the Park of the Living Waters, shaking his own when he reached certain portions of the translation. Dr. Billy kept him busy.

SUGGESTS "BIG 5"

"The next few days could determine the history of the world," the stalwart man from North Carolina told the congregation of shirt-sleeved Swiss and sweating tourists. "Never before in history have so many looked to so few for so much."

* * *

He prayed separately for each of the Big Four and wished mightily "they might be joined by a fifth—Christ." Prayer is needed to put it over as it now stands, he concluded.

Back of the preacher's platform I met a number of members of his "team," as he calls his aides, platform manager, soloist and pianist. They are all young and intensely proud of Dr. Graham and their association with him. Like the evangelist, they are intensely interested in the size of his gatherings.

"This crowd put us just under the million mark for the European mission," one said.

TO ADDRESS PASTORS

"We did three-fifty (350,000) in Great Britain and better than 600,000 on the continent. This is Dr. Graham's last such talk on the trip. He's speaking to 8,000 ministers at the World Baptist Alliance meeting in London and then home. In London he'll have a talk with the eight Russian delegates to the meeting. He'd like to preach in Russia next year, if the invitation comes through. He talked too about 600 people from behind the Iron Curtain while in Berlin — where one person heckled him and was quickly taken care of by other Germans—and they all spoke of a hunger for more religion behind the curtain.

* * *

"I asked him the other day, 'Dr. Graham, would you go to Russia and risk being humiliated and having God's word humiliated?' He answered, 'God's word can never be humiliated by hardened souls.' That's the kind of man Dr. Graham is."

Another disciple said, "I'll tell you about how Queen Elizabeth came to invite him to speak in her private chapel at Windsor Castle. She was watching him on television on Good Friday and was so impressed with his message she sent word to him immediately.

"Dr. Graham spoke to 115,000 in Wembley one night and fewer than 100 at the queen's service. Later in the tour, Queen Julianna had him in for a talk. He's the same with royalty as with a bum."

NO PAY FOR RALLIES

A third member of the Graham team explained that Dr. Graham accepts no income from his huge rallies. Groups of churches sponsor each event, arrange for choir, band and ushers and split the fruit of the collection plates. Occasionally they will make a contribution to the Billy Graham Evangelistic Association, with headquarters in Minneapolis.

The Graham radio show, which reaches 800 stations a week, costs the association about $25,000 weekly. Graham draws a salary of $15,000 a year. "Lot of ministers make more than that," the young man remarked.

Dr. Graham, son of a Charlotte, N. C., dairy farmer, was converted at 16 by an itinerant evangelist named Mordecai Ham. He had dreamed of bing a big league ballplayer but resigned from his team immediately. "We've been doing some thing together I can't do anymore," he said, and gave himself to spreading the word.

Could Be Russian Way of Showing Affection

GENEVA (INS)—An astonished American security guard got the most unusual greeting thus far in the Big Four conference from Soviet Premier Marshal Nikolai Bulganin.

After a lunch with Western delegates Wednesday Bulganin, in jovial mood, paused opposite the guard.

Instead of speaking he smiled, reached out, and pinched the guard's cheek.

Then he sauntered into the conference room.

Michigan in Road-E-O

NASHVILLE (AP) — Duane Hamilton, 18, winner of the Michigan Teenage Road-E-O at Lansing June 4, travels to Washington Friday to compete in the National Youth Drivers' Contest, July 25-29. Scholarship prizes of $1,500, $1,000 and $500 await National Road-E-O winners.

Wild horses were once nearly as numerous on the American plains as buffalo.

U.S. Ships Directly to Landlocked Nation

Direct shipping was established this year between landlocked Paraguay and the United States.

Previously goods aboard deep sea vessels were transferred at Buenos Aires or Montevideo to river boats and railroads.

But now river channels have been improved and small freighters go from the Atlantic up the Rio de la Plata, the Parana, and the Paraguay to Asuncion. Shipping time from New York has been cut from 8 to 4 weeks.

Brazilians Like Coast

Three-fourths of Brazil's 57,098,000 people crowd within a 100-mile-wide coastal strip, says the National Geographic Society.

Firefighters Honored by Detroit Boat Club

DETROIT (AP) — The swanky Detroit Boat Club is giving a party for the firefighters who helped put out a $100,000 fire in its clubhouse July 2.

It invited the 82 firemen, 18 Policemen and 40 workmen who fought the flames to the affair next Monday. It's being called "The Detroit Boat Club Two - Alarm Party."

SAGINAW AT WARREN, PONTIAC

NEARS COMPLETION — Work on the new shrine at the place where Pere Jacques Marquette died is nearing completion. Members of the Mason County AFL and CIO Allied Labor Council are donating their work on the monument, being erected near Ludington.

Pere Marquette Marker Takes Shape at Ludington

LUDINGTON (AP) — The Buttersville landspit, roughly a five-mile drive from Ludington is much the same as it was in 1675—except for a new shrine to mark the death site of the Jesuit explorer-priest, Pere Jacques Marquette.

A magnificent shrine, towering 80 feet above Pere Marquette Lake and Lake Michigan, is nearing completion with labor donated by Mason County AFL and CIO Allied Labor Council members.

The monument base is constructed of Indiana limestone to form a structure 14 feet square and eight feet high. A marble tablet in one wall describes Pere Marquette's life, his exploring discoveries and death.

A Jesuit known as the "angel of the Indians," Marquette died in a crude shelter among the barren, sandy mounds at the age of 38.

The monument's limestone base supports a steel tower which will be covered by masonry and tapered to give the effect of a steeple. It is topped by a 15-foot cross of rustproof, self-polishing metal.

PLAN LIGHTS

Concealed lights are planned to illuminate the cross at night.

A Chicago newsman, James O'Donnell Bennett, is credited with inaugurating research which accurately placed the Jesuit's death site.

Bennett wrote that a former marker placed by the Ludington chapter of the Daughters of the American Revolution was falsely placed by nearly a quarter of a mile.

He wrote:

"I think that the clergy of the region could do no more gracious thing in honor of their first colleague in the church's Great Lakes annals than obtain the proper data and, having obtained it, renew by erection of an enduring cross the sweet and pensive memory that lingers in benediction to this day upon the shore where Marquette died."

It resulted in Marquette University's organizing the Marquette Memorial Assn. to raise funds for a monument to mark the spot. Father Patrick Lomasney, SJ., then head of the university's history department, led investigators in research which definitely located the historic spot.

For more than 20 years the Marquete memorial funds drew interest.

Late last year, plans for the shrine were approved and the county's Allied Labor Council offered its services for the construction.

Spokesmen report the shrine's first section, in the form of a church steeple, symbolizes Marquette's founding of many missions in the Great Lakes area from Sault Ste. Marie to Chicago.

Backyard Circus Nets $5.75 for Polio

COLUMBUS, Ohio (AP)—A group of youngsters this week staged a back yard circus performance and raised $5.75 for the fight against polio.

* * *

Mark Paglione, 5, enacted the part of Bozo the clown. At one point in the show, he disdained the advances of one of the dancing girls.

* * *

"That's just like him," said his mother Mrs. Ermo J. Paglione. "Sometimes he pushes me away when I'm going to kiss him. He says, 'Don't kiss me. I'm not the type.'"

Businessman Jet Plane Planned by Fairchild

HAGERSTOWN, Md. (AP)—Fairchild Aircraft Division has announced plans to build a light jet plane suitable as an executive transport for industrial companies.

The company said the four-jet plane would carry a crew of two plus seven passengers, and would cruise at 560 miles per hour.

Wants Quiet Cemetery

LANCASTER, Ohio (AP) — Mayor John Harvey yesterday deputized superintendents of three city-owned cemeteries in what the mayor said was an effort to break up vandalism, drinking, card play and "petting" in the burial grounds.

AEC Head Sees A-Weapons Lag in Budget Cuts

WASHINGTON (AP)—The head of the Atomic Energy Commission says cuts in the agency's budget voted by Congress would force a slowdown in the production of weapons materials.

The Senate-House Atomic Energy Committee has promised to seek an added 101 million dollars for the AEC. Other legislators said the AEC money bill, already enacted into law, was inadvertently reduced more than was intended.

* * *

The Senate appropriations Committee, considering a miscellaneous money bill to which new atomic funds can be added, heard a plea for such action yesterday from AEC Chairman Lewis L. Strauss.

Strauss said the original cuts would "force us to cut programs . . . primarily . . . the production of weapons materials and the development of reactors for both military and civilian uses."

Burglar Tears Up Bible Used to Impress Court

HOUSTON (AP)—Carl Jackson, 23, charged with burglary, carried a big Bible as he was escorted into Judge Langston G. King's court.

"I've found religion," Jackson announced.

The jury gave Jackson 12 years in the penitentiary and he was taken to the court's confinement room. There, courtroom attendants said, he tore the Bible to shreds.

Security Panel Tags Taylor as 'Doubtful'

WASHINGTON (AP)—The Washington Post and Times Herald said today a U.S. security board has found "reasonable doubt" of the loyalty to this country of Wiliam Henry Taylor, an official of the International Monetary Fund.

The paper said the finding was made after a hearing by the International Organizations Employes Loyalty Board. Because the IMF is an international body not under U.S. government control, the board's finding was an "advisory recommendation." The agency itself must determine what action, if any, to take.

Taylor, a native of Canada and a naturalized U.S. citizen, has long fought charges that he was a subversive. He was named by Elizabeth Bentley, a onetime Communist spy courier, as one of a group of persons who she said were engaged in espionage.

Emperor's Letters Published

Napoleon Peeked at Mate's Mail

NEW YORK (AP)—Napoleon Bonaparte wasn't above opening his wife's mail "by mistake" when necessary. And in the field with the might of Europe arrayed against him, he could take time off to write her a scolding letter about stingy tipping.

* * *

These footnotes on the French emperor's career are revealed in recently uncovered correspondence between "Nap," as he usually signed his letters, and his 22-year-old Hapsburg wife, Marie Louise, during the dark days immediately preceding his first great defeat and exile to Elba.

Excerpts from some of the 127 letters are published in the Collier's magazine issue out today.

The correspondence was found a few years ago in an underground room in the Swedish royal palace where they had been consigned by Desiree, consort of the French Marshal Bernadotte who was later elected to the Swedish throne.

Napoleon's political marriage to the daughter of Austrian Emperor Francis I turned into a genuine love match. Although Marie Louise refused to follow him into exile—and later took lovers—Napoleon carried the letters with him until his final banishment to St. Helena. Then he turned them over to his older brother Joseph, King of Spain. Joseph in turn passed them along to his sister-in-law, Desiree, the Marseilles silk merchant's daughter who had been a youthful love of the little corporal.

* * *

Three years ago Swedish King Gustavus Adolphus gave permission to his private secretary, Baron Carl-Fredrik Palmstierna, for the translation and publication of the papers.

Portions of letters paint revealing self-portraits of Napoleon and his young wife. Bonaparte was 40 and divorced from Josephine when he married in 1810. He consistently wrote in an affectionate although slightly paternal manner to his wife, even when she was the titular regent of France, governing with the help of a traitor-ridden council when he was at the front—100 miles from Paris.

* * *

The wily strategist showed that he was not above using her as a cat's paw when he was faced with disaster before the allied forces of the English, Swedish, Prussians, Russians and Austrians. He intructed her to make a peace bid to her father, commanding the Austrian units, based on sentiment.

"You would do well to write to him and to complain that you do not hear from him, that he has forgotten you, that he could help us while being useful to his monarchy; that he should be reasonable and have a will of his own, and not be the tool of England and Russia," Napoleon wrote. "In short, write to him in strong terms and commend to him your interests and those of your son . . ."

* * *

Francis made a noncommittal answer which was delivered at Napoleon's headquarters. "I am forwarding you a letter from your father," Napoleon wrote. "I opened it by mistake; tell me what it contains if it is of interest to me. My health is good though I am a little tired . . ."

Most of Napoleon's letters are staccato reports of victory, instructions and messages to her and their 3-year-old child, the King of Rome. Marie Louise's are a mixture of wifely affection, small anecdotes mixed up with accounts of portentious events, reports on her son's health—and a steady stream of complaints about her own health.

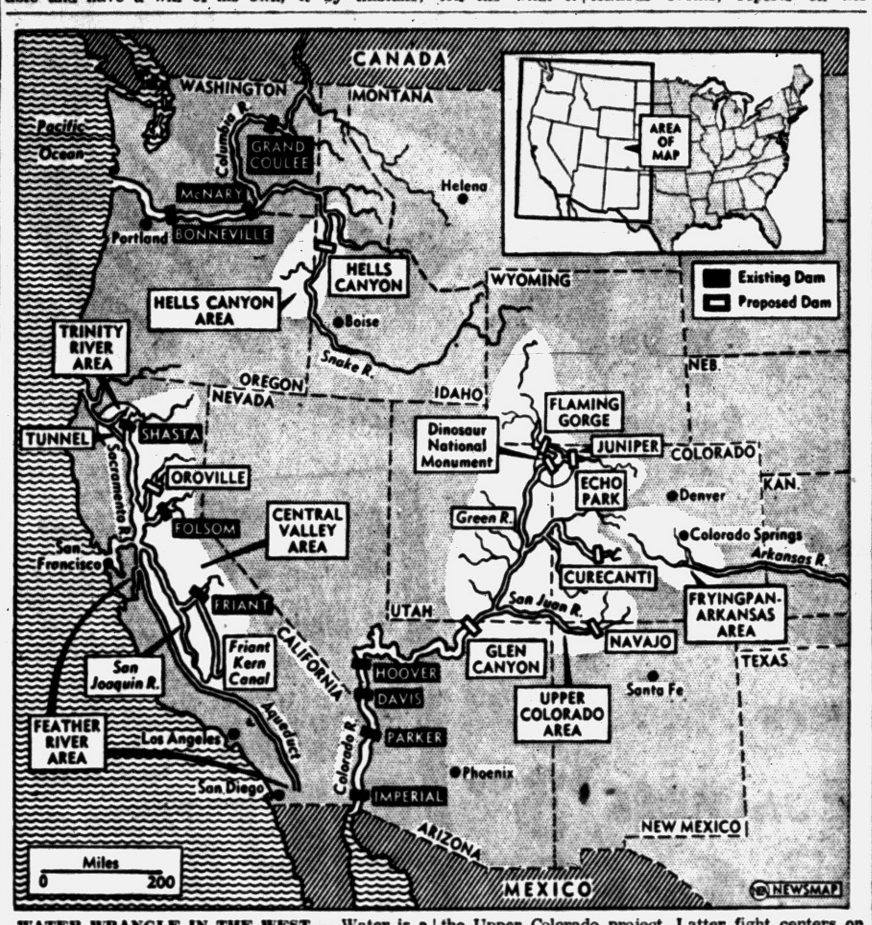

* * *

On one occasion, reporting a "bad cold in the head," the young Empress added: "All I wish for is not to be prevented by it from going to Mass tomorrow. However, since the news is good at present, there would be no harm . . ."

When Napoleon was winning, he sent her the sword of a captured Russian general. He also sent a large sum of money: 3,000 livres.

"I hope," he wrote sternly a few days later, "you have given 3,000 livres to the courier who brought you the . . . sword. You must be generous. When couriers bring you good news, you must give them money, and when they are officers, diamonds."

Napoleon apparently knew his wife's failings. Actually, it turned out, she had given the courier 20 livres.

WATER WRANGLE IN THE WEST — Water is a hot issue in the semi-arid West and in the halls of Congress. The antagonists: Those who believe in federal development of water resources and power vs. those, including President Eisenhower, who would like Uncle Sam to get out of the picture entirely — to be replaced by private utility interests. The battle boils around two projects—Hells Canyon, only big undeveloped water and power site in the U. S., and the Upper Colorado project. Latter fight centers on the proposed Echo Park dams. At Hells Canyon, U. S. Bureau of Reclamation blueprinted a 722-foot-high, $600,000,000 dam across the 7000-foot-deep gorge of the Snake River. Idaho Power Company wants the job and proposes to build three smaller dams costing only $154,000,000. Map shows principal water developments in the West and the states affected.

Russia's Newest Tour Attraction —the Kremlin

MOSCOW (AP)—Official opening of the Kremlin to the public meant more work for two first deputy premiers — A. I. Mikoyan and Lazar M. Kaganovich.

* * *

As the Soviet government's acting heads while other top leaders are in Geneva, the two acted as greeters and guides yesterday for opening-day crowds.

Conversion of the ancient seat of government into a giant museum has been progressing gradually. There was no rush at the gates yesterday, although Moscow newspapers said 22,000 persons entered the Kremlin grounds.

* * *

Mikoyan and Kaganovich asked the farmers and workers how things were going back home and answered questions about the Kremlin, Pravda said.

Removal of government functions from the wall-enclosed area has been going on since Stalin's death. For the past year and a half the Kremlin gates have been increasingly thrown open to Soviet citizens and foreign visitors.

The forest area of Canada is established to be about 1,220,405 spuare miles.

Skiing in Summertime? Si, Si — in South America

Summertime in the United States means winter in South America and snow on the Andes. So, if you're planning a summer trip to that part of the world, you'll be wise to take your skis along and enjoy some of the finest skiing in the hemisphere.

* * *

From June to mid-October, ski resorts in Argentina, Bolivia and Chile open their doors to winter sport enthusiasts. Skiing in the Chilean Andes is a relatively new fad that is fast catching on and luring both experts and novices from near and far.

The finest resort in the hemisphere are close to Santiago, Chile's cosmopolitan capital. The nearest and most popular is Farrellones, about an hour and a half by station wagon.

Perched on the side of 7,000-foot Mt. Colorado, Farrellones offers the best ski slopes and the most spectacular scenery in Chile. Here the Ski Club of Chile has a stone lodge, or refugio, which can easily accommodate as many as a hundred persons.

Two charming rustic inns also provide dormitory-type accommodations for another 110 persons and there are another 60 or so refugios in and around this alpine-like village. Rates for room and board run about 900 pesos or $2 a day. Tows are about $1 a day.

* * *

About two miles from Farrellones are the slopes of La Parva, the newest development on 2,000 acres of snow - covered mountain and boasting a brand new chair lift.

HIGH PLAYGROUND

A little farther is Portillo, another South American winter playground, high in the Chilian Andes at an altitude of 9,300 feet. Only four miles from the Argentine border, Portillo can be reached by train in 5½ hours fron Santago.

* * *

The skiing is excellent for either the novice or pro, with an amazing variety of slopes and long runs. The longest is a three-mile run to the next railroad station at Juncal, where skiers can take the next train back to Portillo.

The most wonderful feature of Portillo is that the slopes are right in front of the hotel and you actually ski right from the front door to the lifts.

The hotel is a modern, five-year-old, seven-story structure with the finest accommodations for 300 guests and such other luxuries as a nightclub, movie theater, shops, library, music room, sundeck and several game rooms and bars.

* * *

Rates here are about $5 a day for room with private bath, four excellent meals, tips, and other extras. A day ticket for two chair lifts and a platter lift costs about $1.25.

SPEEDS OF 80 M.P.H.

Farther south in the Argentine lake region is Barilache, on the shores of Lake Nahuel Huapi. An hour's drive from town are the slopes of Cerro Catedral, where downhill speeds of 80 miles an hour are not uncommon and facilities include modern lifts, the best European instructors, and excellent accommodations for about $4 a day.

* * *

In Bolivia, skiers will find something really different in Chacaltaya, a ski resort 18,000 feet up in the Andes, but only a short drive from La Paz. Here one can ski practically up in the clouds all year around.

Navy Airmen Escape Plane Crash Fire

RICHMOND, Va. (AP)—Ten Navy crewmen escaped safely yesterday when a twin-engine patrol bomber made an emergency landing in a farm field eight miles north of Richmond.

The plane, on a routine training flight from Jacksonville, Fla., to Washington, crash-landed when one engine caught fire and fell to the ground. The crew climbed out moments before the plane was destroyed by an explosion.

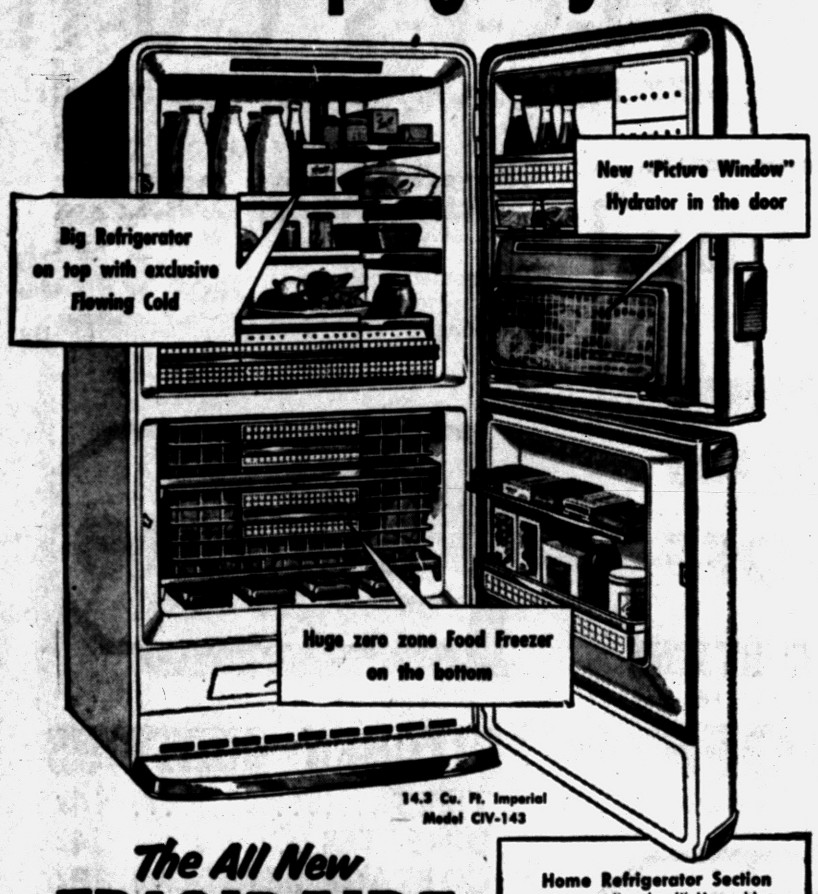

All of the crewmen were from Florida, including Aviation Machinists's Mate 3.C. Charles W. Schmehl, of Jacksonville, who was supposed to be celebrating his 30th birthday.

"But I didn't think I was going to get to celebrate it," said Schmehl of the narrow escape.

Western American rivers could produce as much electric power in a year as could be generated by 600 million barrels of peroleum.

July TRADE-IN SPECIAL

The most exciting new idea in food keeping in years!

The All New

FRIGIDAIRE *Imperial* COLD-PANTRY

Here's a new concept in food storage. This Frigidaire Imperial Cold-Pantry stores food the way you buy it —the way you use it, too. Each compartment has its own door and separate cooling system. See the new Frigidaire Imperial Cold-Pantry now!

Cooperative Artists

PORTLAND, Me. (UP) — Mrs. Claude Leadbetter recalls that it was a 1924 auction that started her on her life-long hobby of landscape painting. "A neighbor and I both wanted a painting we saw at the auction," she said. "We compromised. She bought it, and I got some paints and copied it."

Leaves Highway Fund

NEW HAVEN, Conn. (UP)—The will of the late Andrew R. Bradley bequeather $774 to the state of Connecticut for improvement of its highways.

Red Churchmen Invited

LONDON (INS) — The British Council of Churches has invited a delegation from churches in the U.S.S.R. to visit Britain. The Archbishop of Canterbury, Dr. Geoffrey Fisher, president of the British Council of Churches, and the Bishop of London, Dr. J. W. C. Wand, were among high church dignitaries signing the invitation.

Proves Her Point

HOUSTON, Tex. (UP)—While city councilman Shirley Brakefield, an advocate of more police, was at a council meeting, someone ransacked his parked car.

Horse Chestnut Origin

KENT, O. (INS)—The origin of the name horsechestnut is not clear. Some sources say the tree was so named because an Asian horse medicine was made from the crushed nuts. Others say the leaf scars on the twigs after leaf fall, resemble a horse's hoofs. Some 25 varieties, including Ohio's famous Buckeyes, grow in this country.

Old manuscrips show that manufacture of writing inks had reached a high degree of permanency and perfection even in the Middle Ages.

Tito Gets U.S. Corn

CHAMPAIGN, Ill. (UP)—Illinois corn soon will be growing in Yugoslavia. The Illinois Seed Producers Assn. reported it has shipped 40,000 pounds of foundation hybrid seed corn to that country. This will plant 6,000 acres to hybrid seed production in 1955 and 40,000 acres in 1956. Its potential for 1957 is 300,000 acres.

Clubby Cop

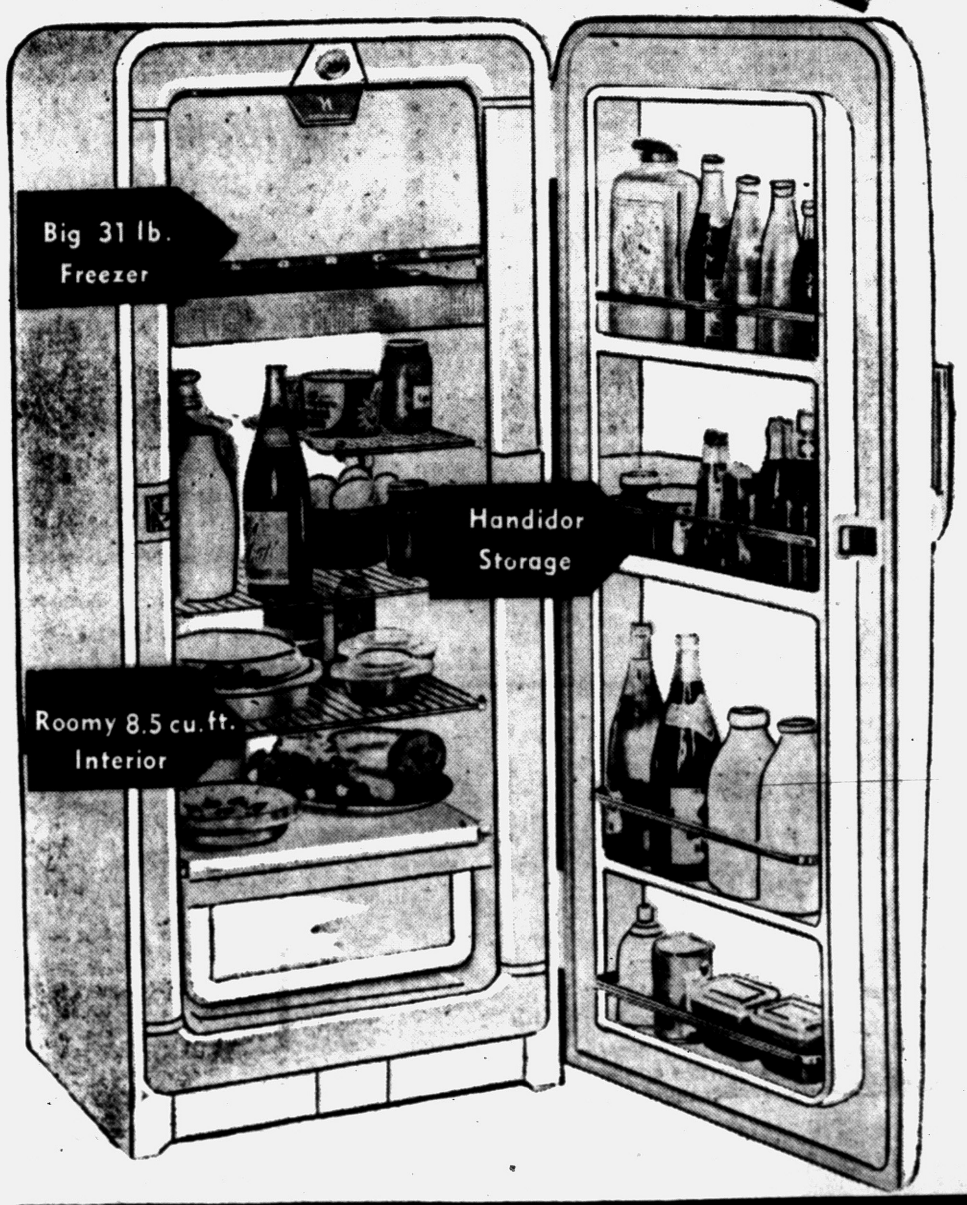

DEER PARK, Tex. (UP) — City Marshal Ben J. Royall asked the city council to buy him a new blackjack. His old one was worn out.

SAGINAW AT WARREN, PONTIAC
OPEN MON., FRI., SAT. NIGHTS TO 9

East State Fair to Open Aug. 2

57th Annual Event to Be Held at Imlay City Will Run Through Aug. 6

IMLAY CITY—Final plans have been completed for the 57th Eastern Michigan Fair which will open August 2 here and continue through August 6.

Judging the all-breed dairy exposition will begin at 10 a.m., Aug. 3, and judging of the 4-H livestock will open the first day's events at 10 a.m.

Other features will include the Lucky Lott's Stunt Drivers, and the Happy land shows which will be on the midway.

Aug. 3 will be Children's Day, with rides at reduced prices until 5 p.m.

Other events scheduled are a lightweight horse-pulling contest, the parade of champions, and Barnes and Carruthers Stage Revue.

Thursday, Aug. 4 will be Homecoming Day with the judging of livestock slated for 10 a.m. A heavyweight pulling contest is set for 2 p.m., a western horse race at 4, a county tug-of-war sponsored by the County Firemen at 7 and a stage revue scheduled for 8 p.m.

Farm Day will be Aug. 5 with judging in the F.F.A. departments beginning at 10 a.m., and a tractor hauling contest set for 2 p.m. Midwest Wrestling will be presented in the evening.

Aug. 7 will be Governor's and Michigan Day, with Gov. G. Mennen Williams expected to visit the fair at 8 p.m.

Highlights of the day include baton twirling contest preliminaries, parade of livestock and machinery, automobile racing and baton finals. A public wedding and a drill team will also be featured.

Clarence Bolander is president of the fair officials with James D. Morrison, first vice president, and C. Clair Gross, second vice president. Kenneth Rudy is secretary and manager, and Al Perceall is treasurer.

County Deaths

Mrs. Edna Hewitt

WEST HIGHLAND — Service for Mrs. Edna L. Hewitt, 64, of 171 North Hickory Ridge Rd., will be held at 2 p.m. Saturday at the West Highland Baptist Church, with burial in West Highland Cemetery by the Richardson-Bird Funeral Home, Milford. She died yesterday.

Surviving are two sons, Lloyd Hewitt of West Highland and the Rev. Robert Hewitt of Mayville; two brothers, Joe Lemmon of Highland and Ned Lemmon of Harrington, Del., a sister, Jennie Casey of Oxbow Lake. Mrs Hewitt will lie in state at her home before the rites.

Howard E. Lintz

NORTH BRANCH—Services for Howard Earl Lintz, two-day old son of Mr. and Mrs. Dwight Lintz of Davison, will be held at the Blackburn Funeral Home here at 2 p.m. Thursday. Burial will be in West Deerfield Cemetery.

Besides his parents, Dwight and Betty Lintz, he leaves one sister and one brother, Delilah Irene and Dwight Oliver, Jr., both at home; his paternal grandmother, Mrs. Howard Lintz of Oxford, and his maternal grandparents, Mr. and Mrs. Earl Stone of North Branch.

Green Lake Firemen Revive Detroit Girl

WEST BLOOMFIELD TOWNSHIP—Firemen of township Fire Hall No. 3 here used a resuscitator yesterday morning to revive a Detroit girl who fainted as she prepared for a swim in Green Lake.

The girl, Barbara Fieling, 16, was visiting the Alex Fergusons of 6499 Alden& Green Lake, when the incident occurred.

Following a check-up at Pontiac General Hospital, where she was taken by C. J. Godhardt of Keego Harbor, Barbara was taken home to her parents in Detroit.

Four Towns Boy Scouts to Meet at Ralph Allen's

FOUR TOWNS—Guy Poosch is the scoutmaster of the recently reorganized Boy Scout Troop 67. George Meyers and Wayne Wilcox are assistants.

Norval Parker is chairman of the troop committee, with Ralph Allen secretary, and Harry Garretson, Earl Taylor, Don Gregary and Jack Perry selected as committeemen. The group will meet at 8 p.m. Tuesday at the home of Allen.

Art Carney Could Read Signs Underneath Car

DETROIT (UP)—Detroit streetcars and busses are moving billboards inside and out. They carry ads on the inside walls, the outside walls and on the front and rear ends.

Now the Detroit Street Railways says it has found a buyer for one of the few remaining vacant spots.

A brewery has contracted to place ads on the inside roofs.

In 1939, the average North Carolina factory wage earner worked about 21 minutes for a quart of milk compared with 12 minutes today.

Buy Resuscitator as Memorial to Drowned Boy

WATERFORD TOWNSHIP—Residents from Waterford Township and Maceday Lake gathered recently to watch while Waterford firemen and sellers demonstrated the use and technique of the resuscitator which might have saved the life of 3 - year - old Randy Greshem. The tot, who was the the son of Mr. and Mrs. Walter Greshem of 4007 Maiden Dr., Waterford, drowned June 13.

After the tragedy, neighbors and friends decided to contribute a lasting memorial to Randy, and approximately 75 families donated money toward the nearly $500 resuscitator.

A benifit dance was held Friday at the Mountain View Country Club and the proceeds were added to the ever growing memorial fund.

The memorial will also include a first aid kit and a dolly to carry the resuscitator. A small plaque on the bathhouse will read to the effect these safeguards were purchased in the memory of Randy Greshem.

Warn Drivers of Troop Move

Hoosier Guard Starts Trek From Grayling at Noon Friday

CAMP GRAYLING (UP) — Motorists today were reminded that 9,000 Hoosier National Guardsmen will be returning to Indiana this weekend from summer field training here.

Capt. James E. Walker, 38th Infantry Division transportation officer, said southern Indiana units will leave here Friday noon. The last personnel will depart at 5 p. m. Saturday.

* * *

Military convoys will use the following Michigan routes: U. S. 131, U. S. 27, Mich. 72 and Mich. 66.

Highways to be traveled in Indiana include:

U. S. 27 from the Michigan line to Fort Wayne.

Ind. 15 from the Michigan line to U. S. 24 near Wabash, then to Peru on U. S. 24, south on U. S. 31 to Westfield.

Ind. 43 from the Michigan line to the junction of Ind. 231.

Ind. 3 from Fort Wayne to North Vernon.

Ind. 224 from the junction of Ind. 3 to Huntington, then south to Indianapolis on Ind. 37.

Bivouac sites for the homeward trip will be at Coldwater and Kalamazoo in Michigan and Fort Wayne, Goshen, Hartford City, Huntington and Michigan City in Indiana. All units should be back at their home armories by noon Sunday.

Speedometer Tests Urged by Auto Club

DETROIT (UP) — The Automobile Club of Michigan advised motorists today to have their speedometers checked once or twice a year.

Robert C. Nisbet, the club's road service manager, said there is a growing trend for enforcement officers, using radar and other speed determining devices, to insist on strict compliance with posted speed limits.

"Until recently, it was only necessary for a motorist to have a close approximation of his speed," Nisbet said, "but now if he wants to avoid a ticket he must know it exactly." He added:

"A few years ago, most new speedometers indicated a higher speed than the car was really going. Checks by AAA servicemen have revealed that on many new cars now the opposite is true.

"Speedometers on more than 50 per cent of the cars we have tested have been slow. Some were as much as 10 MPH off without the owners being aware of it."

Nisbet said garages specializing in speedometer service will test the instrument and set it properly for about $3.

Christian Life for All Adopted as Church Goal

RIO DE JANERIO, Brazil (UP)—Delegates to the International Eucharistic Congress assembled in Congress Plaza today for another of the colorful masses marking the Roman Catholic gathering.

Among the 20,000 delegates were members of the General Assembly of the International Catholic Organizations, which ended a four-day meeting yesterday.

* * *

The assembly adopted a report urging creation in every country in the world "the material and social conditions allowing every man an entirely Christian life." It said Christian doctrines are incompatible with coexistence of luxury and poverty.

Samuel Cardinal Stritch of Chicago, in a speech at the closing of the assembly, said problems of Catholicism in Latin America were about the same as in the United States.

In far northern latitudes, mirages often appear as ships upside down in the sky.

Russians Begin Farming Course

Reds Study Technique, Technology of Capitalist Agriculture in Iowa

AMES, Iowa (UP)—Twelve important Russian Communists start today a two-day course at one of the leading U.S. agricultural schools. Their subject—techniques and technology of capitalist farming. The school—Iowa State College.

* * *

The dozen visiting Soviet agricultural dignitaries cut quite a swath across the state of Iowa in their initial three-day journeyings through rich corn country and also stopped to inspect individual farms.

They got a glimpse of Iowans and Iowa farming, and Iowa farmers got a peek at the Russian visitors.

* * *

But for today and tomorrow the program is rather different.

The Russians are to be given a general picture of the activities of an American agricultural school and more important the chance to indulge their specific curiosity in partiular subjects.

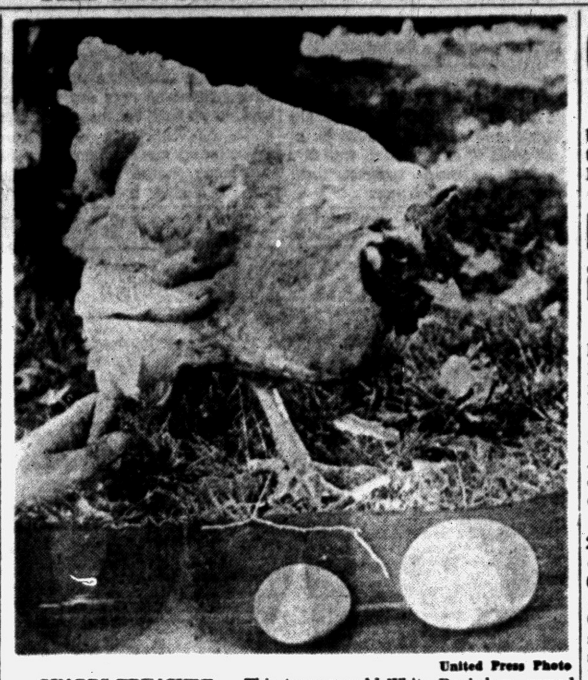

Those conducting them on this tour report they are very eager for this opportunity.

One of the Americans who is making arrangements for the Russians said, "Deputy Minister V. V. Matskevich, leader of the group, keeps asking me to arrange for him discussions with college officials on the organization and administration of the school."

* * *

Matskevich and all the rest of the Russians are going to get their opportunity in some measure today and tomorrow, aside from some general meetings and excursions for all the delegates.

Together there will be individual sessions for them with the college personnel they want to see most.

United Press Photo

GUARDS TREASURE — This two-year-old White Rock hen, owned by Mr. and Mrs. Walter Lubke of Michigan City, Ind., eyes one of the nine extra-large eggs she has laid in the last two months. All nine contained a regular yolk with a normal-sized egg inside. The larger egg measures 9 inches, weighs 9 ounces. The smaller one (from inside another large egg) measures 6¼ inches, weighs 2½ ounces.

'Aiova' Toasting Soviet Farmers, Pravda Reports

MOSCOW (UP)— Dispatches to Moscow newspapers from Sidar Rapids, Aiova—that's the way its spelled here—reported today that the visiting Soviet farm delegation is being welcomed heartily as it tours Iowa.

A Pravda story from a Tass news agency correspondent said the Russians had been banquet guests of the mayor and Chamber of Commerce at Cedar Rapids. It said they also had received a telegram of greetings from Rep. Fred Schwengel of the Iowa Legislature.

Meanwhile, an American farm delegation visiting Russia pushed on through the Ukraine and entered what the Soviets call their corn country. The Americans got their first look at Russian methods of hybridization and fertilization.

While touring an experimentation station, Lauren K. Soth, editorial page editor of the Des Moines Register and Tribune, presented the station head with seed corn from Iowa and the Dakotas. Soth first suggested that Soviet farmers visit the United States in an editorial in his paper.

There are more than 3,000 metal alloys containing nickel.

A vast belt of asteroids revolves around the Sun in orbits between those of Mars and Jupiter.

Open 4-H Camp at Island Lake Sunday

Oakland County 4-H Club members will gather at the Conservation Department group camp at Island Lake in Brighton for the week beginning Sunday.

An interesting program has been planned, according to 4-H club agent, Jack Worthington. Swimming, crafts, square dancing and conservation tours are some of the activities featured.

Assisting with the crafts and recreational program is Mrs. Mary Hixon, Oakland County home demonstration agent.

Counselors for the camp include: Mrs. Edith Wiggins of Rochester, Mrs. Ralph Walton of Clarkston, Mary Lou Abel of Pontiac, and Patsy Flanagan who is visiting from Tallahassee, Fla.

Junior counselors will be Irene McGill of Holly, Beverly Sanders of Royal Oak, Marilyn Sharpe of Novi, Phyllis Root of South Lyon, Lola Johnson from Pontiac, Delores Markel of Milford and Ken Smith from South Lyon.

Merrill Ray, of the U.S. Soil Conservation District in Pontiac will conduct two nature tours and a conservation treasure hunt.

Lapeer County Roads in New Contracts

Highway contracts awarded at Lansing yesterday by the State Highway Department included the following projects in Lapeer County:

On M90, 0.680 of a mile of bituminous aggregate surfacing from Jefferson Street easterly to the east limits of North Branch, Cooke Contracting Co., Detroit, $30,304.

Lapeer and St. Clair Counties—2.067 miles of bituminous concrete on M53 and U.S. 25 as follows: 0.326 of a mile on M53 from Water street to School street in Almont; 0.333 of a mile on U.S. 25 from south of the intersection with M146 southerly to the south limits of Port Huron; and 1.4 miles on U.S. 25 from Ravenswood Avenue northerly to Dove Street, also in Port Huron, M. T. Lardner, Port Huron, $54,710.

St. Patrick's Church Fund Now Stands at $56,110

WHITE LAKE TOWNSHIP—With two weeks of solicitatiaon remaining, the expansion fund campaign of St. Patrick's Church has now reached $56,110, according to chairman Ted Ostrowski.

The goal of $75,000 will be used to defray the cost of recent enlargement of the church, and to construct an eight classroom school and convent.

Can't Evict Non-Signers

WASHINGTON (UP)—Tenants can not be evicted from government housing projects for refusing to sign a "certfication of nonmembership in subversive organizations," the U. S. Court of Appeals ruled today.

Jean Wilkinson Marriage Announced by Parents

WEST BLOOMFIELD TOWNSHIP—Mr. and Mrs. Donald Wilkinson, of 1655 Cypress Rd., have announced the marriage of their daughter Jean Mae, to Huston Talley, of Pine street, Pontiac.

The marriage rites were read at the home of the bridegroom's parents in England, Ark., July 1.

JUNGLE JUGGERNAUT — The automotive monster pictured above is a "Tree Crasher," being tested at Longview, Tex., where it was built by R. G. LeTourneau, Inc. The jungle destroyer travels on the largest rubber tires in the world — 10 feet in diameter and 4 feet thick. The 120,000-pound machine is so light on its feet it can roll over a match without breaking it. Yet, in its work of uprooting heavy trees and underbrush, it packs three times the wallop of an M-24 tank. Each of the six wheels has its own electric motor.

Public Elevator Manners Important for Passengers

NEW YORK (UP)—A dog may be a man's best friend, but for his own sake and everybody else's, don't take him aboard a business elevator.

So advises a survey (made by the Otis Elevator Co.) on the subject of elevator etiquette. Thousands of elevator passengers were asked, "What can other passengers do to make your ride pleasanter and more prompt?"

The tip on dogs came up more often than you might think. The pattern of thinking was this: Man steps on dog's paw, dog bites man, general confusion.

Some other hints passed on by the passengers in the interest of happier elevatoring:

* * *

It's men first off an elevator provided the men are standing up front when the doors open. No need to make a path for women to come from the rear. The rule to keep in mind is: Leave the car in the order in which you're standing.

Don't gesture wildly in an elevator even if it's about a big business deal or the one that got away. Talking loudly also bothers fellow passengers.

POOR PORTERS

Elevator litterbugs drive porters mad and make things messy underfoot. Toss those gum wrappers and cigarette butts into a receptacle.

Don't lug big packages into a passenger elevator. You could hurt others besides making it awkward for everybody. Take the freight elevator.

By all means face front. It's safer, you can watch for your floor better and get faster service.

To keep tempers down, don't elbow your way into a car that's already bulging.

* * *

Holding up an elevator, with one foot in and one foot out, while talking to someone in the corridor, is a sure way to alienate fellow passengers.

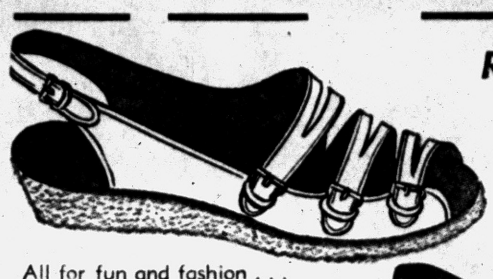

THAT PAPER

Here's one that's popular with nobody — reading your morning paper or that memo from the boss while riding the elevator. Passengers have to dodge around you and you'll probably go right past your stop.

Smoking on elevators can be a fire hazard, especially if you burn a hole in somebody's clothing. Besides the smoke annoys many people.

And men, there's no need to remove your hat in a business elevator; keeping it on not only saves space, it also saves the hat.

Chewing Habit Aged Custom

Present Day Islanders, Ancient Aztecs, Others Are All Masticators

WASHINGTON — Modern man perpetuates an old habit: he likes to chew tasty concoctions that he has no intention of swallowing.

Ancient peoples chewed sticky substances, the National Geographic Society says, and archeologists have found hardened gum among cavemen's relics in the American Southwest.

When Spanish conquerors splashed onto New World shores, they found the Aztecs chewing chicle, presumably to steady their nerves. The word chicle is an Aztec term for saliva or juice.

Elsewhere in newly discovered America, Europeans came upon Indians chewing tobacco leaves. At one time, the pungent leaves were considered a chewer's panacea for common cold, toothache, rheumatism, indigestion, blood poisoning and hydrophobia.

INDIANS HAD IT

In New England, Indians introduced early settlers to the resins of spruce, cherry and sweet gum trees.

Barefoot boys and girls all over the world have happily gnawed on succulent stalks of sugar, a plant whose origin is lost in time. Arabs carried it from India to North Africa and southern Europe in the Middle Ages.

The betel nut ranks as the foremost natural masticatory. It is estimated that 400,000,000 persons chew betel in India, Burma, Malaya, Indochina, southeast China, the East Indies, the Philippines, and parts of Oceania.

The nut is actually the seed of a widely cultivated betel palm native to Malaya. Devotees cut the ripe seed in thin slices, smear them with lime paste, roll the preparation in betel pepper leaves, and set to work.

Mom Saves 8 in Blaze

BAD AXE (AP)—Mrs. Henry Velmont led her eight children to safety Wednesday when an oil stove exploded, setting a fire that destroyed the interior of her home. Firemen estimated the loss at $3,500. Mrs. Velmont's children were sitting near the stove when it exploded.

ON TO NEW LIFE — A covered wagon drawn by two white mules rolls through Cairo, N. Y., carrying a large family to what possibly may be a new life in the West. Ernest Elfgren, his wife and their six children recently left their farm in East Killingly, Conn., and are averaging twenty miles a day in their trek westward. They have not decided whether to settle in Nebraska or Colorado. At left on the dark mule is the oldest of the Elfgren children, Oscar, 18.

Lava Flow Slowing Down on Slopes of Mt. Etna

CATANIA, Sicily (AP) — Volcano experts said today the lava flow from Mt. Etna is slowing down. Lava 60 feet wide and three feet deep crept down Mt. Etna today but experts said it appeared to be flowing to a stop.

Europe's tallest volcano began spilling lava Tuesday after shooting smoke and flames for three weeks.

Many chemical substances exist only in the solid form, disintegrating as soon as they melt.

Nobody Sees the Nags at Swank Ascot Derby

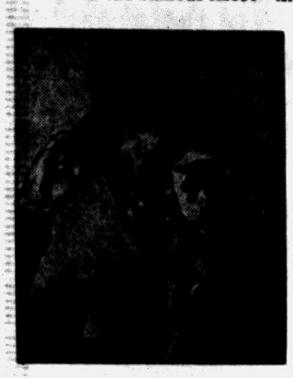

By EARL WILSON

LONDON—What kind of a dope would go to the races on the hottest day of the year in tails, striped morning pants, heavy vest, stiff collar—and grey top hat?

You're right. I would.

★ ★ ★

'Twas the famous Ascot—the fashion show race meet where Aly Khan's horse kicked him in the stomach, and where two people were killed by lightning.

WILSON

Personally, I didn't see a horse . . . nor anybody who'd seen a horse.

You see, my son craved a sandwich.

I lost him and the wife in a Kentucky Derby kind of mob, and hunted them for hours rather than betting. I lost my family instead of my money.

"The Ascot snobs" do dress up. Abe Aaronson, a New Yorker-Californian who owns clubs here, asked about wearing a soft shirt.

"About as proper, sir, as spurs with a dinner jacket," he was coldly informed.

I took along a spare stiff collar. When No. 1 wilted, I went "into the gents" and changed.

London was so jammed for the week, Diana Lynn couldn't get a hotel room. Mona Freeman took her in.

★ ★ ★

We drove out past Windsor Castle—also past the Horace Dodge-Gregg Sherwood castle of 100 rooms. At the track, I saw an American, Producer John Wildberg . . . the only one I saw all day.

The Queen strolled down from "the Royal Enclosure" between races to the paddock to inspect the nags. The Duke wasn't there.

"He doesn't like racing, nor wearing a hat," somebody said.

Aly Khan's filly Martine happened to kick him in the belly, knocking him flat, grey topper and all, down in the paddock.

★ ★ ★

Anyway, when I found the B.W. and Slug after two hours of searching, we left, tired, but also unhappy. Back in London I went with fellow journalist Art Buchwald, also grey-toppered, to call on Danny Kaye at the Palladium.

"How do we look?" I was unwise enough to ask.

Like a couple of idiots," he replied . . . jealously.

GINGER COOPER

THE MIDNIGHT EARL . . .

Paramount Pictures asked Joanne Dru to return the $5,000 they'd accidently overpaid her for a movie job . . . Rocky Marciano invested more than 100 G's in real estate back home in Massachusetts . . . The performers fired by Godfrey aren't welcome around his office, either.

Jess Barker wants ex-wife Susan Hayward to set up a trust fund for their two kids; says he can't afford it . . . Guy Lombardo will get a six-figure salary for the sweetest music this side of the crap tables in Las Vegas in October . . . Ginger Cooper, winner of a beautiful legs contest, will take a novelty boxing act to Italy.

Martha Raye's straight woman in her Las Vegas act is Sarah Seegar—Mrs. Ezra Stone . . . Terry Moore's taking French and Spanish lessons . . . The musicians union won't let Western Union sing anything but birthday greetings . . . Julia Darvas, of the dance team of Darvas and Julia, is breaking in her singing act in Honolulu, after each dance number. That's Earl, brother.

Military Flight Squabble Rages

Detroit Officials Seek Transfer of Air Units to Willow Run

WASHINGTON (INS) — The squabble between Willow Run and Detroit-Wayne major airports over commercial and military flight operations got all the way to the Pentagon today.

Defense Secretary Charles Wilson stepped into the controversy at the request of Sen. Charles Potter (R-Mich) and Rep. George Meader (R) from Ann Arbor.

Wilson scheduled a meeting with the two lawmakers and Air Force Secretary Harold Talbott to hear Willow Run's side of the story as told by Owen J. Cleary, former Michigan secretary of state who represents civic interests in Ypsilanti.

One source said Wilson was bypassing the Federal Air Use Panel which held hearings in Detroit earlier this month.

* * *

It was also reported that Postmaster General Arthur Summerfield had taken an interest in the airport fight, on the side of Willow Run.

Detroit and Wayne county officials seek the transfer of military air units to Willow Run, switching commercial flights to Wayne Major, which is 10 miles closer to the Motor City.

Airlines now using Willow Run, however, have refused to move because of the higher operating costs.

Meader has fought Wayne Major in behalf of the University of Michigan, which leases Willow Run to the airlines.

Nickel silver is used for architectural hardware and decorative fixtures because of its resistance to atmospheric corrosion and its ease of cleaning.

State Department Protest Handed Ngo Dinh Diem

SAIGON, South Viet Nam (AP) — The United States has lodged a formal protest with Premier Ngo Dinh Diem that his government failed to provide adequate protection to American lives and property during rioting yesterday that caused a million dollars damage.

* * *

Mrs. Perle Mesta, former U. S. Minister to Luxembourg, was among 57 Americans involved. She escaped injury and her property losses were limited to a portable typewriter.

* * *

U. S. Ambassador G. Frederick Reinhardt saw Diem last night and received verbal assurance that the Americans, residents of two hotels sacked by the rioters, would be reimbursed for their losses.

Eyewitnesses said police on duty took no steps for a full hour to halt the diturbances at the hotels Majestic and Gallieni.

Soldier Leaves Checks, Cash in Resort Town

STROUDSBURG, Pa. (AP) — Sgt. Andrew Nels Hegdhal, of Little Fork, Minn., stopped at a service station on Route 611 near this Pocono Mountain resort town three days ago.

He told the owners, Mr. and Mrs. Charles Gordon, he was hitchhiking to Ft. Carson, Colorado Springs, Colo., and asked permission to change into civilian clothes. They agreed and even gave him a meal.

* * *

But yesterday they asked the state police to be on the watch for him.

After Hegdhal left the station, they found his wallet with $60 in travelers checks and $10 in cash plus the soldier's identification.

"He probably didn't have another penny with him," Mrs. Gordon said, "We don't know how he's managing to eat. If he'd just contact us we'd be glad to send his billfold wherever he is."

THE BERRYS By Carl Grubert

Iowa 'Political Internship' Project Develops Future Leaders in America

By ARTHUR EDSON
AP Newsfeatures Writer

WASHINGTON, July 20 (AP)—Everyone seems to be visiting these days.

The Russian farmers are looking over our farms, our farmers are inspecting theirs, and Iowa students keep popping up here for a look at the political crops in the nation's capital.

* * *

The Iowa experiment, if it continues and spreads, conceivably could be a factor in future politics.

For the idea has been to give "political internships" to 12 college boys and girls who are active in politics, to bring them here in pairs for a week's stay, and to try and pep up their interest so they will keep right on politicking when they get out of school.

The plan was thought up by Rep. Fred Schwengel (R) of Davenport, Iowa, and it differs from other plans in this:

It's strictly political. The Republican and Democratic parties help pick the students and help foot the bills.

* * *

A reporter who dropped by Schwengel's office today to inspect the two fledging politicians found Lowell Doud of Douds, Iowa, and Franklin Hartman of Burlington, Iowa, both highly in favor of the internship idea.

"Most college students," Hartman said gloomily, "are tremendously politically indifferent."

Doud has an impeccable Republican background. His grandfather, Eliab Doud, who founded the town of Douds, was a Whig, the forerunner of Republicanism. Various descendants, including Lowell's father, served in the State Legislature.

* * *

Hartman has an impeccable Democratic background. His relatives got to the State Legislature, too. "Grand uncles," he said. "Before my time."

Doud thinks most visitors miss the point in Washington.

"They look at the physical things here, the buildings, the mnu-o ments. But they don't see how their government operates. They don't see a committee in session."

"It's difficult," Hartman said, "to convince people that politics has an intimate relation to their own personal lives."

Although they both have watched the Iowa Legislature, they were a little surprised at hos disorderly Congress sometimes seems to be.

"So few members present at any time," Hartman said, "so much confusion, and yet, when it's over, so much done."

Of the two, Hartman seems to have plunged deeper into the political waters.

* * *

During the last presidential campaign, at the age of 19, he was a precinct worker.

"I was a volunteer for Stevenson," Hartman said, "and I was on a radio panel in which we discussed the candidates and the is-

Doud smiled, a little smugly, during this recital.

"Eisenhower carried Iowa," he said.

On this partisan note, the meeting broke up, and the interns hurried away for more political inspiration.

No Checks, Please

PETERSBURG, Va. (AP) — Police Justice H. B. Gilliam said he would suspend a six-day jail sentence if defendant A. T. Short could pay court costs. Would the court accept a check? The court would not since it had just convicted Short of passing a couple of worthless ones.

Public May Buy Old Lighthouses

Radar Communication Eliminates Usefulness of 'Safety Sentinels'

WASHINGTON — Old lighthouses may lose the gleam in their eye but they always remain an object of romantic affection.

For people love old lighthouses. Even when their usefulness as sentinels of safety is over, their friends insist they stand unmolested to light up memories of bygone days.

Along the Atlantic coast the government has 16 lighthouses now on sale. The General Services Administration, handling the transactions, expects them to sell just as fast as the 17 snapped up in the last five years, says the National Geographic Society.

Some light stations sell for as high as $13,738 (Wings Neck, Cape Cod, built in 1849 for $3,251). Most are bought as picturesque vacation spots. A number are preserved as outdoor museum pieces.

Stamford, Conn., is negotiating for its steel and concrete harbor light. Barnegat Light, "grand old champion of the tides," helped Ocean County, N. J., celebrate its centennial five years ago.

The twin-towered Navesink Light of northern New Jersey, now set aside as a historic site, once possessed the most powerful navigation beacon on the coast, casting a 25 million candlepower beam.

The original octagonal Cape Henry Light is protected by the Society for the Preservation of Virginia Antiquities. Alexander Hamilton, first superintendent of lighthouses, ordered construction.

One of the landmarks of Atlantic City, N. J., is the 101-year-old Absecon Lighthouse, now obscured by hotels although the sea once washed its foot.

County Workers to Vote

GRAND RAPIDS (AP) — Kent County employes will vote Oct. 17 to determine wheather they wish to come under Federal Social Security coverage. The County Pension Board said employes approved the move nearly 100 per cent in a test ballot several months ago.

New Fisher Plant to Open in Indiana

MARION, Ind. (AP) — The Fisher Body Division of General Motors Corp., announced today it will build a 10-million dollar stamping plant on the western outskirts of Marion.

Announcement of plans for the plant was made after GM officials completed negotiations for purchase of the 189-acre site on which the plant will be built.

James E. Goodman, a GM vice president and general manager of Fisher Body, said ground will be broken for the plant about Aug. 1.

He said it will be a duplicate of a plant at Mansfield, Ohio. When in production it will employ about 3,000 workers, he said.

Callous Thought

SANTA FE, N. M. (AP)—The New Mexico Penientiary isn't going along with Santa Fe on daylight saving time. A prison official explained: Prisoners aren't going anywhere anyway.

A glass strand 15 times finer than human hair may be stronger than steel.

No Slip-Up Allowed

LOWELL (AP)—Dancers and specialty performers at the Lowell Showboat, opening July 25 for six days, will be protected from possible slippage on stage by low amperage wires which heat floorboards and ward off moisture.

About half of American popcorn sales are in theatre lobbies.

Working Pace Increases on Largest Power Plant

MADISON, Ind. (INS)—The largest power plant ever built by private enterprise a smooth, push-button operation—is being rushed to completion months ahead of schedule on the Ohio River bank near this southern Indiana community.

* * *

The immense Clifty Creek power plant, which has smokestacks 127 feet higher than the Washington Monument, is already supplying power to the giant Portsmouth, Ohio, atomic energy project. The plant's three 682-foot smokestacks are the tallest in the world.

This plant, together with its companion Kyger Creek project at Cheshire, Ohio, will supply the enormous power demands of the Portsmouth Atomic Energy Commission development.

The two plants, when completed next March, will be able to generate 25 per cent more power than is required by the entire city of New York, both for domestic and industrial uses.

COST LOW

Philip Sporn, president of the Ohio Valley Electric Corp., said they will be able to furnish power to the Portsmouth project at less than 3.8 mills a kilowatt-hour. This will mean, he explained, that the atomic energy development's power bill will be about $60,000,000 a year.

The $400,000,000 Ohio Valley Electric Corp. was formed in 1952 by 15 private utility companies in the Ohio Valley region to provide the power requirements of 1¼ billion dollar Portsmouth project.

The power plants are operated from control rooms located in the base of the smokestacks. These push-button systems are described as the last word in Clifty Creek plant will have fewer than 300 employes.

With their unequalled efficiency, the plants give a preview of what is coming in power plants. Sporn said even more efficient plants are under way now, and that the trend will continue.

This will make it harder for atomic power to overtake conventional power. There is a widespread assumption that eventually atomic power will be able to surpass conventional power costs. But Sporn said there is no prospect right now of an atomic facility that could produce power for less than 4 mills a killowatt-hour.

He predicted that by 1970 conventional power capacity in the U.S. will be more than three times what it is now, and that atomic power will represent about 3 per cent of the total.

LONDON 'ANGELS' — Londoners who never before saw a dream walking rubbed their eyes in disbelief as this triple vision strolled barefoot down a main street in England's capital. Left to right are Charlotte Dorte, 4, an orange fairy; Martia Donnelly, 7, a blue fairy; and Penelope Bruce, 3, an angel. They were heading for a dress rehearsal of a children's dancing matinee.

Millions Pour Into Israel From All Over the World

JERUSALEM (INS)—More than $1,384,000,000 in American money has been poured into Israel during the seven years since it became a nation dedicated to the task of providing a homeland for the Jewish people.

This country needs desperately a guaranteed peace with its Arab neighbors. The un-acknowledged war that has gone on for seven years despite an armistice cuts down the productive efficiency of the country immeasurably.

The defense and development of a frontier ringed with barbed wire, along which most of the settlers are trained army reservists, takes probably one-third of the country's income.

The problem of defense throws the whole economy out of balance. It distorts economic planning.

PEACE NEEDED

There will have to be peace, and a re-settlement within Israel of a great many thousands more refugee Jews from the Arab world, in the opinion of most people here, before the new Israel can achieve any real economic independence from the subsidies of Jews abroad or from richer nations.

* * *

The State of Israel Bond Drive, begun four years ago, had raised $175,000,000 up to last April 30. Grants in aid by the United States government from 1951 through 1955 have totalled $219,528,000. United States government technical aid in the same period has totalled $5,478,000. Export and Import Bank loans have totalled another $125,000,000.

DAY CAMP—4
Butterflies

Would you like to go on a butterfly hike? This is fun to do as part of your nature study in your home day camp.

You can do it in woods, or fields, or parks. Just walk along and see how many different kinds of butterflies you can spot.

Watch how lightly they flit from flower to flower, drinking nectar. The butterfly sucks up the nectar from the flower through a long hollow tube that it coils up under its mouth when it's not feeding.

Do you know that butterflies don't begin as butterflies?

A butterfly is first an egg. Then it hatches into a caterpillar — that long, squashy — often furry — creature that is sometimes taken for a worm. After the caterpillar sheds its skin several times it becomes a pupa. As a pupa it is covered with a case of hard skin. Inside this case it slowly becomes a butterfly as we know it. At last the hard shell of the pupa splits and out pushes the butterfly.

You may make your own butterfly, just like the one drawn here. Paste this picture on a piece of brightly colored construction paper. Yellow or light blue are good choices, for this will be the back of the wings. Color the front in bright colors.

Cut out the butterfly along the heavy outline. You can make the antennae, shown by the dotted lines, from thin, fine wire. Put it between the picture and the back paper before you paste them together. This will hold the antennae in place.

Cut out the openings in the body of the butterfly and put in a thin pencil or stick. Then you can run along holding the butterfly at arm's length. It will flutter in the breeze like a real one.

Tomorrow: Squirrels

Publicity Hound

Molotov Admits He's Out to Win Over the Masses

By EDDY GILMORE

GENEVA (AP) — Soviet Foreign Minister V. M. Molotov—mellow as a cello these days—confided to a member of the American delegation at the summit conference that he's out to make character with the masses.

The Soviet Sphinx is turning into a veritable publicity hound.

Discussing his recent visit to the United States, the once stern and severe Molotov turned the conversation to that day last month in Wyoming when he posed in a 10-gallon hat.

* * *

"Did you see the photograph of me in an American cowboy hat?" asked the man who used to be known in Communist party ranks as "Old Stone Bottom."

The American (who asked that his name not be used) said he could not have escaped the picture of Molotov in the 10-gallon headgear—it was printed in so many papers.

"What did you think of it as publicity?" asked Molotov.

"How do you mean?" inquired the American.

"I mean was it good publicity, or was it bad publicity?"

* * *

"Do you mean publicity for the Soviet Union, or for yourself?" the American inquired.

"Publicity for myself," Molotov explained. "You see, I'm getting old now and I'd like the people—including the American people—to think of me as something more than a man who says 'No.'"

The American said he replied: "You could say 'Yes' more often, Mr. Molotov."

* * *

The foreign minister grinned and said neither yes nor no.

The American said he asked Molotov if his cowboy hat was the right size.

"No," the Russian replied, "but it's more important to have good publicity than to have a hat that fits."

Birthdays Important

JACKSONVILLE, Fla. (AP)—Sailors and Marines at the Naval Air Station here really get the works on their birthdays if they mention it a week ahead of time. The man with the birthdays gets a special table with waiter service, white table cloth and plates—and steak if it's wanted.

The ancient Romans used polished metal for mirrors.

Death Has 3 Lives

by Brett Halliday

Distributed by NEA Service, Inc.

XXXIII

Agnew saw the car parked beside the road a short distance ahead, and the man standing beside it. He slowed and pulled up behind, discreetly cutting his headlights as he did so. Let her get in the back seat without being seen by him. That way, he could honestly deny in the future that he recognized her as the woman he had picked up that night.

Things like that were important, Joe Agnew thought smugly. A man like this, now, would recognize the delicate perceptions of the driver of this particular taxi.

He was walking toward Joe's taxi in the moonlight. He did not appear a particularly romantic figure in his gray suit with a gray felt hat pulled rather low over his eyes. Sort of middle-aged and heavy-built, he looked to Joe.

But that was the kind, he told himself. That was the kind that got into trouble and needed Joe's help to get out of it.

He didn't see any woman, though. Just the parked car and the man walking toward him. Maybe she was hiding out until the man fixed things up.

The man in the gray suit stopped beside Joe momentarily and asked in the same voice Joe had heard over the telephone:

"You're Joe Agnew?"

"That's right, Mister." Joe tried to make his voice light, but not too light; confidential, but not too confidential. "You wanted me to pick up a fare here?"

The man just grunted. He reached out his hand to open the back door of the cab.

At that exact moment the car that had followed Joe all the way out the Boulevard turned into the side street fast, switching on a powerful searchlight on the turn so the cab and the man were suddenly bathed in bright light.

The man in the gray suit whirled away from the cab and dived for the fringe of underbrush beside the road.

SHOOTING STARTS

Two things happened at the same moment. The oncoming car jerked to a stop on screeching tires, a man tumbled out brandishing a revolver, shouted, "Halt," and began firing at the man pinpointed by the searchlight.

At the same moment, the rear door of Joe Agnew's cab came open from the inside and Michael Shayne's rangy figure catapulted out from the cramped space in which he had been hiding since picking the lock of Joe Agnew's garage shortly after 1 o'clock.

He had a gun in his hand, and he was also shouting, but his voice was directed at the man from the other car, yelling for him to hold his fire.

The man stopped shooting.

Shayne was too late. In the glare of the searchlight mounted on the second car, their quarry was seen to stagger just on the fringe of the underbrush, plunge forward on his belly and wriggle convulsively a couple of times.

He had stopped wriggling by the time Michael Shayne reached his body. The redhead straightened to glare at the two police officers who came trotting up with drawn guns.

"Blundering idiots!" Shayne shouted hoarsely. "I'd have had him alive in one more second. Now he's dead. Of all the fast-triggered. . ."

"Shut up, Mike!" One of the officers was the same Sergeant Loftus whom Shayne had encountered earlier in front of Lucy's apartment. "I ordered Powell to shoot. How were we to know you were in the cab waiting to grab him? If we'd known you were there, we'd let you have him. But when we saw him escaping. . ."

He shrugged and knelt beside the body, rolled him over on his back and nodded somberly as he put his head down to listen for a heartbeat that wasn't there.

KILLER DEAD

"Dead, all right," he announced unnecessarily, since half the side of the man's head was torn off with a soft-nosed slug. "Know who he is, Mike?"

"Never saw him before," Shayne was breathing heavily, knotting big fists in an effort to control his futile anger at this outcome of his carefully prepared trap. "I think, though," he went on harshly, "you'll find out he's one of your pals from New Orleans. Detective First Class Mark Switzer, to be exact."

"Yeh," muttered Loftus defensively, spreading back the gray coat to go through the dead man's pockets. "Chief said something about a New Orleans cop maybe going bad."

He rocked back on his heels with a wallet, flipped it open and nodded soberly. "Here's his identification. He deserved killing, Mike. When a cop does turn wrong. . ."

Mike Shayne snarled a reply from his teeth. "But he's got Lucy Hamilton somewhere. And probably another innocent girl he kidnaped in New Orleans and brought here. All I wanted was two minutes alone with him. That's why I didn't tell you cops what I was planning. I knew you'd interfere. And now you did interfere. And now he'll never talk to me or anybody else."

"Tough about Lucy," said Sergeant Loftus gruffly. He began to explore the other pockets in the dead man's gray suit, came up with a folded sheet of paper which he opened and read carefully in the searchlight glare.

He looked up at Shayne with a troubled expression as he finished reading it, hesitated momentarily, then passed it to the angry detective, saying, "Guess this is meant for you."

It was a letter signed by Lucy Hamilton.

(To Be Continued)

Several million bushels of potatoes are lost each year as a result of sprout growth during storage.

BEST OF FRIENDS — "Blackie," a three-month-old kitten who lives in Istanbul, Turkey, shows how easy it is to get along with strangers — even rabbits with ears five times as big as his own. The friendly kitten even pals around with some local white mice!

Almost Lost Father

LAKE ZURICH, Ill. (AP) — While Mrs. Harold Giese was being taken to the hospital delivery room where she gave birth to a son, her husband fainted. He struck his head on a tile floor, suffered a brain concussion and had to be hospitalized, too.

Elephants Captured by Stockade of Logs

Private contractors capture elephants in southeastern East Pakistan by means of a keddah, a circular stockade 20 yards in diameter, with reinforced walls of heavy logs 12 to 15 feet high.

A log gate slides up and down like a guillotine. A funnel-shaped chute, with walls 200 yards long, leads to the entrance. It is 50 yards wide at the mouth and narrows to the width of the gate.

The stockade is carefully camouflaged with newly cut branhces and vines. Several hundred beaters drive the wild elephants toward the chute where they are finally corralled.

Gum Sold on Buses

PEORIA, Ill. (AP) — Passengers on buses chew all they please now that gum dispensing machines have been installed on them. John Quinn, superintendent of transportation, says there are no plans for providing popcorn or peanuts, and smoking still is forbidden.

Nitrogen can be distilled from liquid air because it boils at a temperature about 23 degrees below the boiling point of the oxygen in the air.

FUN

in the large economy size!

Surprising, how little it takes to put this big dreamboat in your driveway for keeps. And your dollars couldn't begin to buy more pure pleasure anywhere else. *Here's beauty that's putting the high-priced cars in the shade.* Here's action that'll have you driving the long way home just for the fun of it. You *owe* yourself this new Chevrolet. **Come in and see how easily you can swing it!**

YOU CAN PAY A LOT MORE MONEY AND STILL NOT GET ALL THESE CHEVROLET ADVANTAGES!

Body by Fisher

The fine craftsmanship of Body by Fisher is found in many of America's costliest and most luxurious cars. And only in Chevrolet in the low-price field!

12-Volt Electrical System

Delivers *twice* the punch of electrical systems in other low-priced cars! This means quicker starting in all weather, better ignition for finer performance, and a greater reserve of electrical power.

Ball-Race Steering

Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Nothing makes steering easier except Power Steering itself.

High-Level Ventilation

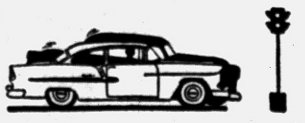

Takes in air at hood-high level, away from road heat, fumes and dust. A special chamber prevents rain from entering the car, and supplies a more even flow of air.

Outrigger Rear Springs

They're spaced wide apart, like outriggers on a canoe, to give you sure-footed stability on curves. The new Chevrolet corners like a sports car!

Anti-Dive Braking

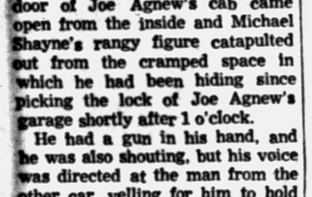

Chevrolet's the only car in the industry that stops with its head up! An exclusive Chevrolet development greatly reduces the tendency to nose down under sudden stops.

"Fine Furniture at Warehouse Price"

French Bill Wants Crime News Control

PARIS (AP) — The French national assembly has before it a bill to forbid any crime stories on the front or back pages of newspapers and magazines.

The bill was introduced yesterday by several members of the Catholic Popular Republican Movement. Sponsors said: "If such information cannot be suppressed on the grounds that it is demoralizing, at least it can be placed in proper prespective."

A fine of 50,000 to 500,000 francs ($143 to $1,430) was proposed for violations.

Commercial manufacture of grease began in the 1880's.

Constant Family Disunity Causes Murder-Suicide

AUBURNDALE, Fla., (AP) — A jealous husband used two weapons to kill his wife today, then turned a gun on himself and died beside her.

The dead were Mr. and Mrs. Johnny Earl Parker, about 40. They operated a tavern in Lakeland.

Neighbors told sheriff Ted Gordon the couple had argued for several months over another man's attentions to Mrs. Parker.

A son, Bobby, feigned sleep in another room during the shootings. Bobby told the sheriff his father shot Mrs. Parker twice with a pistol and once with a shotgun, then telephoned a brother, E. L. Parker of Lakeland.

"I did what I told you I would do. She is out cold," Parker was quoted as telling his brother. "Come on over."

E. L. Parker hurried to the house from Lakeand, 14 miles distant. His brother handed him his wallet, went into the bedroom and lay down beside his dead wife, and fired a shotgun charge into his own body. He died instantly.

Reveal Engagement

Mr. and Mrs. Daniel Stephens of Highland avenue announce the engagement of their daughter, Bernice, to Harold Ellsworth. He is the son of Mrs. Rebecca Ellsworth of Crawford street and Elmer Ellsworth of Jackson street. An Aug. 27th wedding is planned.

Scientist Proves St. Louis Is Still in the Middle

ST. LOUIS, Mich. (AP)—St. Louis is back in the middle of Michigan again.

That's according to the formula of Alma College Prof. Robert W. Clack. He came to the rescue after the State Conservation Department informed the town it wasn't really the geographical center of Michigan.

Suffering from wounded civic pride, St. Louis wondered if it would have to give up the big boulder in a city park that marks the town of 3,347 as Michigan's midpoint.

Prof. Clack says no. You have to consider specific gravity.

Clack, professor emeritus of mathematics and astronomy, illustrated by cutting out a map of the state and mounitng it on a spindle point.

The center of balance—the point where the map won't tilt—came out near Pleasant Valley, some three miles north of St. Louis. Allow a three per cent correction because a mercator projection map doesn't allow for the converging of north and south meridiens to the north.

That puts the center of gravity spang in the middle of St. Louis.

What about come-lately Coleman in Midland County, which the state had figured as the true center of Michigan?

In Prof. Clack's test, when Coleman was affixed to the point the map fell right off the spindle.

Canada Soo Joins U.S. in Centennial Celebration

SAULT STE. MARIE, Ont. (AP)—Thousands of visitors poured into this Great Lakes town yesterday for celebration of Canadian week of the Soo Locks Centennial.

Mayor Herb Smale opened the proceedings. He crowned Donna Wilson of Sault Ste. Marie, Mich., Miss Centenial IV to open the big pageant in which hundreds of residents will take part.

The nine-week centennial actually belongs to the U.S. side of the St. Mary's River, but Canada is taking part for one week.

Wind Cave national park in the Black Hills is 18-square miles where antelope, deer, elk, buffalo and other species can live undisturbed.

Cookies Go Well With Cool Drinks

SERVING SUMMER SNACKS — Mrs. Clark Morgan of West Walton boulevard is ready for guests on a hot summer day. She serves tall, frosty glasses of iced tea or punch, accompanied by a plate of delicately browned Sour Cream cookies.

By JANET ODELL

Long sweltering days call for long, cool drinks to keep one's temperature at a reasonable height. Oakland county residents find one of their favorite summer pastimes is sitting in the coolest spot they can find. Have the chief cook bring out a tray of iced drinks and a plate of cookies. What more can one want?

Mrs. Clark Morgan (Peggy) of West Walton boulevard is typical of today's young homemakers. Married for several years before her husband was released from the army, Peggy is spending the first summer in her new home. She's trying out all sorts of cooking in her efficient, well-equipped kitchen.

In addition to her home duties, Peggy has a part-time job which keeps her occupied six days a week. These new home owners are doing what thousands of others are attempting—putting in a lawn. They find it uphill work.

One of the most important pieces of furniture in the Morgan home is the blonde spinet piano. Peggy is an accomplished musician, and music is a vital part of her day. She plays the organ in the Drayton Plains Presbyterian church each Sunday.

When iced tea or fruit punch is served at the Morgans, the guests also enjoy some of Peggy's good Sour Cream Cookies. We're giving you the recipe for them, as well as for some interesting cool drinks.

SOUR CREAM COOKIES
By Mrs. Clark Morgan

2 cups brown sugar
1 cup shortening
2 eggs
1 cup sour cream
½ teaspoon nutmeg
4 teaspoons baking powder
1 teaspoon soda
4 cups sifted flour

Mix all ingredients together in order given. Drop from a spoon on greased cookie sheet. Bake 10 minutes in a 400-degree oven.

Makes 3 dozen.

Fresh limes are plentiful now. Try them in this interesting drink.

Lime Frosted

¾ cup fresh lime juice
¾ cup orange or grapefruit juice
28 ounce bottle chilled ginger ale
1 pint vanilla ice cream

Combine and blend liquid ingredients in large pitcher. Divide the ice cream into six portions, placing one portion in each of six tall glasses. Fill glasses to top with juice mixture and serve at once.

Canned black cherries and true fruit black cherry soda teamed up make a drink for any occasion. Be sure all ingredients are thoroughly chilled before mixing.

Cerises a la Creme

1 No. 303 can pitted sweet dark cherries
Black walnut flavoring
1 cup heavy cream
True fruit black cherry beverage

Drain cherries. Put through sieve or food mill. Add a few drops black walnut flavoring. Whip cream; fold in sieved cherries. Divide among 6 tall glasses. Fill glasses with ice cold black cherry beverage. Stir gently to mix.

Note to new cooks: Pastry shells must always be pricked well with a fork before baking in a hot (450 degrees) oven for 12 to 15 minutes.

Dessert Delight! Ice Cream with frozen Dunnyflake 1-minute WAFFLES

Bony Pieces of Chicken Best When Simmered

Young broiler-fryer chickens, 1½ to 3 pounds ready-to-cook weight, now account for a big share of chicken on the market. And July is a month of plentiful supply.

* * *

Mrs. Mary Hixon, Oakland County home demonstration agent, suggests that in many families the meaty pieces—legs and breast—are the most popular in broiling, frying and barbecuing. but, she says, the necks, backs and wings often are problems to homemakers, as well as retailers.

When these pieces are broiled and fried, some say they don't have enough meat or that the meat can't be separated from the bone very easily.

In answer to this problem, Mrs. Hixon suggests broiling or frying the meaty pieces for one meal and using moist cooking for the bony pieces in another meal's menu.

* * *

Cover the bony parts with water, add a little chopped onion, celery or other vegetables, or herbs for flavor, simmer about an hour or, until the meat easily comes loose from the bone.

The meat and thickened broth can be used to serve over toast, rice or dumplings—maybe with some mushrooms added. Or it can be used for chicken a la king or salad or sandwich filling.

Mrs. Hixon advises that the bony parts of a 3-pound (ready-to-serve) bird should give enough meat for two servings of any of the dishes suggested, and best of all, she adds, the meat will be tender, juicy and flavorful.

Mix Sherry, Lemonade

Sherry-Lemonade Salad Dressing is good on green salads, coleslaw or fruit salads. Mix one-half cup frozen concentrate for lemonade with one-third cup sherry wine and a dash of salt. Chill. To serve with fruit salads, add a few chopped mint leaves to the dressing.

...look for it on the shelf or in the freezer

COPPER-CLAD hot-or-cold BOWL
$3.00 value — only $1.00 and 2 labels

BREAST-O'-CHICKEN HI-PROTEIN TUNA

This 7-inch copper-clad bowl is an exclusive offer from Breast-O'-Chicken, the brand that brings you only the finest one-third of the tuna—only the prime portions of selected, top-grade tuna. And Breast-O'-Chicken Tuna is rated *excellent* in body-building protein.

For each copper bowl, just send $1.00 and two labels from Breast-O'-Chicken Tuna (either chunk style or solid pack) to Box 2-B, Hollywood, Calif. Order now! This offer expires September 30, 1955.

Here are just a few of the bowl's many uses:

Decorate your kitchen wall. Star hanger included.

Heat casseroles on the flame or in the oven.

Chill salads in the refrigerator.

Fill with candies or appetizers.

Make Sandwich With Ice Cream

Make ice cream sandwiches at home for small fry. They'll love you dearly for this treat!

Nutritious cookies made with rolled oats and flavored with chocolate can be prepared ahead, then sandwiched with slices of ice cream just before serving.

CHOCOLATE ICE CREAM Sandwiches

1½ cups sifted flour
½ teaspoon salt
1 cup sugar
¾ cup shortening (soft)
2 ounces (2 squares) unsweetened chocolate (melted)
1 egg
1 teaspoon vanilla
1½ cups uncooked rolled oats (quick or old-fashioned)
Prepackaged ice cream

Stir together the flour, salt and sugar. Add shortening, melted chocolate, egg and vanilla; mix together until smooth. (Dough will be quite stiff.) Mix in rolled oats.

Roll out between two sheets of waxed paper to one eighth-inch thickness. Cut into rectangles 2½ by 3 inches.

For a decorative edge, use a pastry wheel for cutting. Place on greased cookie sheets 1 inch apart.

Bake in moderate (350 degrees) oven 8 to 10 minutes. Cool a few seconds before removing from cookie sheets; remove to racks with spatula and cool thoroughly.

To make ice cream sandwiches, place a slice of ice cream between each two cookies and serve at once. Amount of ice cream needed will depend on how many sandwiches are to be served.

Store remaining cookies in tightly covered container to be served plain. Recipe makes 3 dozen cookies.

Pacific Dressing Adds Appeal to Your Salads

The way to salad taste enchantment is through new dressings. Here's one that will please your family with its tantalizing flavor.

Pacific Dressing

1 teaspoon grated orange peel
1 3-ounce package cream cheese
3 tablespoons orange juice
1 teaspoon lemon juice
2 teaspoons sugar
¼ teaspoon salt

Blend orange peel into softened cream cheese. Add remaining ingredients. Serve with lettuce and fresh fruit combination. Makes four servings.

Ever have some one say to you, "This dressing is fit for the gods!" You will when you serve this special dressing, which is very aptly named.

Green Goddess Dressing

Combine 1 cup mayonnaise, 1 clove garlic, minced, 3 chopped anchovies, one-fourth cup chopped parsley, 1 tablespoon fresh lemon juice, 1 tablespoon tarragon vinegar, one-half teaspoon salt, and coarsely ground black pepper to taste.

Blend well, then fold in one-half cup sour cream, whipped. Tear Iceberg lettuce into bite-sized pieces, or cut in wedges. Serve with a generous amount of the dressing. Makes 1 pint.

Serve Nutritious Liver at Least Once a Week

Liver is so nutritious, it's wise to serve it to a family once a week or so. Cook the liver lightly in a little butter or margarine, then put through the food chopper. Season with salt and pepper and moisten with mayonnaise; use as a sandwich spread.

For picking up flavor, put a little raw onion through the food chopper with the liver. Finely diced green pepper or celery also make a good addition to the liver because they provide crunchy texture.

BEANEE BURGERS — Why not combine two of your favorite foods in one super sandwich? Ground beef and baked beans are perennial favorites. Take them both along with you and give your family Dagwood-size sandwiches.

Hearty Beanee Burgers Blend Two Favorite Foods

Pork and beans are always a picnic favorite. Here is a handy way to serve them combined with ground beef and seasoned with catsup and green onions. This tasty sandwich filling is a natural for cooking on an outdoor fireplace. Spoon the hot filling onto buns and serve with potato chips and a big plate of crisp relishes.

* * *

Attach this easy recipe to a can of pork and beans and keep it in your picnic basket. It will be there to speed up preparation for a spur-of-the-moment picnic.

Pork and beans are good camping fare served either hot or cold as they come from the can. Before heating the cans over an open fire, be sure to puncture a small hole in the top or remove the tops completely.

Also, be prepared with tongs or potholders to handle the hot cans. Pork and beans are packed in several size cans ranging from one serving to a size which provides five or six generous servings.

Beanee Burgers

½ pound ground beef
1 tablespoon fat
½ teaspoon salt
⅛ teaspoon pepper
⅓ cup sliced green onions
1 can (1 pound) pork and beans, drained
⅓ cup catsup
6 round buns

Melt fat in skillet. Crumble meat in and cook slowly. Add salt and pepper, and sliced onions. Cook slowly until well done.

Add drained pork and beans and catsup. Heat. Spoon onto sandwich buns. Makes six sandwiches.

Gingerbread Cakes Good Picnic Fare

These cupcakes carry well, taste wonderful outdoors.

Gingerbread Cupcakes

2½ cups sifted flour
2 teaspoons baking powder
½ teaspoon baking soda
1 teaspoon salt
1 teaspoon ginger
2 teaspoons cinnamon
½ teaspoon ground cloves
½ cup shortening
½ cup sugar
1 cup old-fashioned molasses
2 eggs
1 cup hot water

Sift together the flour, baking powder, baking soda, salt, ginger, cinnamon and cloves.

Cream shortening and sugar; blend in molasses. Stir in one-half cup of the flour mixture; beat in eggs. Add hot water alternately with remaining flour mixture.

Place paper baking cups in 15 2¼-inch muffin pans. Fill each cup two-thirds full of batter.

Bake in moderate (350 degrees) oven 25 to 30 minutes. Cool on rack.

Molded Chicken Almond Stars Interesting Flavors

The urge to tote meals to terrace or porch comes along with the first warm days.

* * *

A meal in a dish, such as this Chicken-Almond Casserole, is c. iest for this kind of serving. Why not try it for your next luncheon entertaining?

Or add a fruit salad and let the family dine on the porch tonight.

For either occasion, include on the serving cart a pitcher of ice cold milk from the refrigerator and tall glasses.

If you don't have individual casseroles, arrange the rusks in a 9-inch square baking dish, add asparagus spears to each piece; cover with chicken almond sauce and bake in the oven for the same time. Toast may be substituted for rusks.

Chicken-Almond Casserole

12 cooked asparagus spears
1 cup cubed, cooked chicken
2 tablespoons butter
¼ cup chopped blanched almonds
2 tablespoons flour
½ teaspoon salt
⅛ teaspoon pepper
1½ cups milk
1 cup shredded sharp cheddar cheese
2 tablespoons grated Parmesan cheese
4 rusks

Melt butter in 2-quart saucepan and saute almonds in it until they start to brown. Add flour, salt and pepper and mix well. Slowly add milk and cook, stirring constantly, until smooth and thickened. Add shredded cheddar cheese and chicken and cook until the cheese melts.

Place a rusk in each individual casserole and top with three cooked asparagus spears. Pour cheese almond sauce over asparagus and sprinkle with grated Parmesan cheese.

Bake in a 375-degree oven for 10-15 minutes. Makes four servings.

CHICKEN-ALMOND CASSEROLE—Here chicken-almond casserole is served for lunch on the terrace.

Applesauce Mix Flavors Franks

For a warm weather outdoor supper party you couldn't choose a handsomer main dish than this platter of plump, stuffed frankfurters rolled in bacon strips. Fixed this way, frankfurters look imposing and festive . . . yet are easy to prepare.

Even more important, they have fine flavor and heartiness. The stuffing is unusual. The dish calls for canned applesauce for high zest and seasoned bread crumbs for body.

The applesauce also keeps the frankfurters juicy and succulent while the bacon strips curl crisp around them in the broiling.

With these frankfurters you might offer coleslaw in chilled tomato shells, together with big buns, split, buttered and heated.

All told, this is a supper that provides good honest fare . . . but fare perked up to tempt summer appetites. And it's a supper that's both simple to prepare and inexpensive.

Applesauce-Stuffed Frankfurters

1 cup soft bread crumbs
3 tablespoons melted butter or margarine
½ teaspoon poultry seasoning
1 cup canned applesauce
8 frankfurters
8 bacon slices

Combine bread crumbs, butter or margarine and poultry seasoning. Cook applesauce, stirring occasionally, until most of the water has evaporated (7 minutes). Combine crumb mixture and applesauce.

Split frankfurters almost through to bottom, lengthwise. Fill with applesauce mixture. Wrap one slice bacon around each frankfurter; fasten with toothpicks. Broil eight minutes. Yields four servings.

Tangy Dip or Spread

Dip or spread — take your choice, but here's the idea: Combine deviled ham with 1 cup creamy cottage cheese, one-fourth cup chili sauce, dash garlic salt and other seasonings to tate. Perfect tast-er for the TV set!

Follow 3 C's to Keep Milk Fresh, Flavorful

To preserve the good flavor and wholesomeness of milk, it's more important that proper care be given it in the home.

The proper way to care for milk is easy to remember if you will just think of the most important three "C" rules: Keep milk clean, covered and cold.

If the original food flavor and high quality of milk are to be retained, it should be stored promptly in the refrigerator after reaching the home. From a nutritional standpoint, prompt storage is important because the riboflavin and ascorbic acid in milk are sensitive to light.

Keep milk in its original container because that container is sterile. Milk should be stored in the coldest part of the refrigerator—on the top shelf next to or below the freezing compartment.

The fresh flavor of milk is protected by tightly covering the container after part of the milk has been used. It is also important to return the container of milk to the refrigerator immediately after use.

Kebabs Prepared With Liver, Bacon

These liver and bacon kebabs make an easy main course.

Liver and Bacon Kebabs

Beef liver
Bacon
Butter or margarine (melted)

Cut liver in 1 inch cubes, removing membrane and tubes. Fold strips of bacon in quarters. Alternate cubes of liver between folds of bacon on metal skewers. Repeat until skewer is filled. Brush liver with melted butter. Broil 5 inches from source of heat until liver is browned and bacon crisp — about 15 minutes. Turn to cook uniformly. Sprinkle with salt and freshly-ground pepper. Serve at once.

HOT BLUEBERRY SAUCE — Pictured here is a hostess' delight for a dessert that's different, delightful and delicious. Make thin, sweet pancakes and serve them with a hot blueberry sauce. Use blueberires often while they're in season. A pint box goes a long way.

Drench Sweet Pancakes in Hot Blueberry Sauce

Here's a blueberry time dessert recipe that hostesses will welcome for it is an out-of-the-routine idea —thin sweet pancakes served with hot blueberry sauce.

* * *

We're tempted to name this test kitchen recipe Blueberry Crepes for the delicious dessert pancakes made with liquefied instant nonfat dry milk are out of the everyday category of heart stacks of wheatcakes or breakfast pancakes. They are really something special!

And instant nonfat dry milk is really something special for American homemakers. It is so economical, so nutritious, so versatile and so convenient. Instant nonfat dry milk, which is top-quality pasteurized milk with only the fat and water removed, is a rich source of protein, calcium and riboflavin.

Instant nonfat dry milk fills many important roles in the home —drinking, cooking, baking, with cereals—and it will even whip. Instant nonfat dry milk dissolves instantly, even in ice water.

* * *

It comes in these handy foil-lined packages: (1) A family-size economy package which makes 3 gallons of nonfat dry milk for as little as seven cents a quart; (2) a 1-pound package which makes 5 quarts of nonfat milk, and (3) a pre-measured package containing three individual envelopes, each making 1 quart of nonfat milk.

Dessert Pancakes

1 cup sifted flour
2 tablespoons sugar
3 eggs, beaten
2 cups liquefied instant nonfat dry milk
2 tablespoons melted butter, cooled

Sift flour and sugar together into a bowl. Combine eggs, liquefied instant nonfat dry milk and butter. Add mixture to dry ingredients; stir just enough to moisten.

Place brazier over low heat until drop of cold water sputters when dropped in pan. Lightly butter pan. Pour one-half cup of batter into brazier; tilt pan to cover entire surface with batter. Cook over low heat until rim of each pancake is covered with broken bubbles and underside is golden brown.

With broad spatula, loosen edges and turn pancake; brown other side. When pancake is done place on cake rack until remaining pancakes are made.

Stack the pancakes in brazier; pour about one-fourth cup of the Hot Blueberry Sauce between pancakes. Serve hot. If covered, pancakes may be kept in brazier over low heat about one hour. Makes eight pancakes.

Hot Blueberry Sauce

2 cups fresh blueberries*
1 cup water
1 cup sugar
¼ cup orange juice concentrate, undiluted

Combine ingredients in small saucepan. Cook over low heat, stirring constantly, until sugar is dissolved. Cook until mixture begins to boil. Keep warm until ready to use. Serve over pancakes.

If frozen blueberries are used, use two (10-ounce) packages or cans of blueberries; omit the water and sugar. Makes 2 cups sauce.

Crown Berries With Meringues

Big juicy cultivated blueberries are around now. So let's get right down to the serious business of enjoying them.

Blueberries With Simmered Meringues

2 pints fresh cultivated blueberries
1 tablespoon lemon juice
⅛ teaspoon nutmeg
1 cup granulated sugar
2 egg whites
4 tablespoons granulated sugar
Few grains salt

Wash and drain blueberries. Bring to boil with lemon juice and nutmeg. Simmer five minutes. Stir in sugar, remove from heat. Chill thoroughly.

Within a few hours of serving time, beat egg whites to soft peaks. Add salt and sugar. Beat until stiff and glossy.

Fill a wide flat pan to within an inch of the top with water and heat until bubbles cover the bottom. Drop the egg white and sugar mixture by spoonfuls into the water, dividing it as equally as possible into the desired number of portions. (Wet spoon before dipping into egg white.)

Cook about four minutes to a side, making sure the temperature of the water does not increase.

Serve blueberry sauce in individual dishes and place a meringue in each or serve in large bowl of sauce garnished with meringues, whole berries and leaves. Serves five to seven.

Sauce Spices Up Barbecued Chicken

Brush chicken with this spicy sauce as it is cooked over the outdoor grill.

Barbecued Chicken

1 cup butter or margarine
1 cup catchup
1 cup cider vinegar
1 tablespoon salt
2 tablespoons light brown sugar
2 tablespoons Worcestershire sauce
½ teaspoon Tabasco sauce
2 teaspoons prepared mustard
¼ teaspoon chili powder

Melt butter over low heat; add catchup, cider vinegar, salt, brown sugar, worcestershire sauce, Tabasco sauce, mustard and chili powder; mix thoroughly.

Pour into a jar and cover tightly. For best flavor, keep in refrigerator at least one week before using. Makes about 3 cups.

Use Spiced Sugar to Sweeten Iced Tea

For an unusual way to sweeten your iced tea try this spicy sugar mixture.

Spiced Sugar

1 cup sugar
1 teaspoon ground cinnamon
¼ teaspoon ground cloves

Stir or sift sugar, cinnamon and cloves together so they are evenly mixed. Store in tightly covered jar.

Makes 1 cup — enough to sweeten and flavor 18 tall glasses of iced tea.

NEW! ESPECIALLY FOR AUTOMATIC WASHERS!

Now stop "Suds Hangover"* ...get blue VIM with the lowest suds made!

* MAKE THIS "SUDS HANGOVER" TEST!

1. **Next time** your washer finishes a load, take out a small garment and dip it in clear water. If suds *still* come floating out, *that's* "Suds Hangover." Too many suds can't rinse out, make your wash look dull!
2. **Now try it** with a garment washed in VIM. No suds! No "Suds Hangover," because Blue VIM has the *lowest* suds made.
3. **No "Suds Hangover"** means your wash turns out softer, fluffier, *really* clean. Blue VIM with *lowest* suds made lets your automatic washer do its best!

At last! Your automatic washer can do its best! Don't blame your washer when your wash turns out disappointing. Blame too many suds! You see, sudsy detergents saturate your clothes with suds so they can't rinse clean. That's why Lever Brothers developed Blue VIM, with the *lowest* suds made!

VIM gets out all the dirt—and VIM's lowest suds rinse away *completely!* No "Suds Hangover"! What's more, everything dries so much softer and fluffier. No unrinsed suds left behind to give your wash that dull, drab "Suds Hangover" look—that stiff, rough feel. New Blue VIM is *completely* new and different!

Even when your hot water runs low, you get whiter washes with Blue VIM. That's because Blue VIM has a remarkable new kind of whitener *built right in!* Blue VIM with the *lowest* suds made gives you cleanest, whitest clothes—that's unconditionally guaranteed by Lever Brothers, or your money refunded.

PICNIC MOLASSES CAKE — Ease of carrying is an important factor in deciding what you take on a picnic. This spicy molasses cake fills the bill. You carry it right in its baking pan. Top it with your favorite frosting and wait for the "ohs" and "ahs."

Nutritious Molasses Cake Fills the Bill for Picnics

Planning an all-day picnic? With so many outings during the summer months, sometimes we forget the importance of balancing the menus for proper nutrition. This becomes even more essential when we consider the extra physical energy expended during a long day outdoors.

Be sure the sandwiches contain some high protein, meat or eggs, and some greens as well. Bring along some fruit. And for extra iron, bake a simple cake made with real New Orleans molasses.

You can bring your cake right in the pan, iced and all! It's no trouble to carry and mighty easy to serve. (When the cake is eaten, you can use the pan to carry home all the odds and ends to be washed, forks, glasses, and so forth.)

Picnic Molasses Cake

2 cups flour
1 teaspoon cinnamon
1 teaspoon soda
½ cup shortening
1 cup New Orleans molasses
½ cup hot water
1 teaspoon salt
½ cup sugar
½ teaspoon each cloves and ginger
1 egg, beaten
2 level teaspoons instant coffee

Sift together dry ingredients, including sugar. Cut in shortening until mixure is fine as cornmeal. Mix molasses and egg, stir into dry ingredients. Combine hot water and instant coffee and beat in until mixture is smooth.

Pour into a greased square or oblong pan. Bake in a moderate oven (350 degrees) 45 minutes, or until done. Makes enough cake for 10 servings.

Peach Topping Good on Waffles Also Desserts

Peach almond sauce is made with sweetened condensed milk which gives it a rich creamy texture. It also adds nourishment as well as flavor since sweetened condensed milk is a combination of whole milk and sugar.

This recipe is an easy one to make. For one thing it takes advantage of a jar of strained peaches from the baby foods shelf. All you do is mix a can of sweetened condensed milk, lemon juice and rind, strained peaches, almond extract and slivered almonds together into a smooth creamy blend. Put your pitcher of sauce away in the refrigerator to chill until you are ready to pour it over each individual mound of pale yellow custard.

This sauce will also prove popular over waffles and ice cream, too, you will find.

Peach Amond Sauce

1 1-3 cup (1 15-ounce can) sweetened condensed milk
1-3 cup lemon juice
1 teaspoon grated lemon rind
½ cup (1 4-¾ ounce jar) strained baby food peaches
½ teaspoon almond extract
1-3 cup toasted slivered almonds

Mix sweetened condensed milk, lemon juice, lemon rind, strained slivered almonds together thoroughly. Chill until ready to serve. Serve over custard, waffles or ice cream. Makes 2½ cups sauce.

Almond Torte Frankly Fancy

This is an almond cake—aromatic with wine-soaked enriched yeast—raised bread crumbs topped with a feather-light meringue. It's a frankly fancy dessert which has no mercy on either waistline or budget—nor can it be assembled as quick as a wink.

But it's well worth the effort because the ultimate effect is elegant as well as delicious.

Almond Torte

1 cup fine bread crumbs
3 tablespoons lemon juice
2 tablespoons sherry
5 eggs, separated
1 cup sugar
1 cup blanched slivered almonds
1 teaspoon baking powder
½ teaspoon salt
Jam or jelly

Soak crumbs in lemon juice and sherry. Beat egg yolk until light. Gradually add sugar; beat until very creamy. Add bread crumb mixture, three-fourths cup slivered almonds and baking powder.

Whip egg whites and salt until stiff but not dry. Fold into the batter. Spoon into a greased shallow baking pan. Bake at 350 degrees (moderate oven) for about 35 minutes.

Cool slightly; spread with jam or jelly. Top with meringue. Sprinkle with remaining one-fourth cup slivered almonds and bake at 300 degrees for 15 minutes.

Meringue: Beat two egg whites plus one-fourth teaspoon salt until soft peaks form when the beater is raised. Gradually beat in one-fourth cup sugar.

Prepare Island Fare for Hawaiian Supper

It's fund to give a Hawaiian supper!

For a first course you might serve a cool drink with toasted coconut chips. Curried chicken with rice would be a fine choice for the main course accompanied by Macadamia nuts and chutney. A green salad and a dessert of sponge cake, pineapple and whipped cream will top off a delectable meal.

Dieter's Menu Needn't Omit Potato Salad

There's no reason to give up luscious potato salad just because you're on a diet. Make it according to our dieter's recipe and you'll find that it fits in very well with a reducing regime.

Our salad can be used whenever your diet calls for a starchy food item (potato, rice, starchy beans) . . . Such an item now appears as a daily requirement on modern reducing menus . . . so save this recipe as a legitimate substitution that will add variety to your diet.

Dieter's Potato Salad

Dressing

½ cup skim milk
Juice of one lemon
1 teaspoon salt
⅛ teaspoon pepper
⅛ teaspoon garlic powder

Combine ingredients and beat thoroughly to make sure seasonings are well mixed. Allow to stand in refrigerator at least half an hour while salad is being prepared.

Salad

5 medium potatoes
1 small onion, chopped
½ cup chopped celery
½ cup chopped cucumber
2 tablespoons chopped green pepper
1 teaspoon parsley flakes

Boil potatoes in their jackets until tender when pierced by fork. When cool, peel and dice. Combine with other ingredients and mix well.

Just before serving, pour dressing over mixture and toss. Eat at once as dressing will separate if allowed to stand.

Try Can-Opener Picnic for Lazy Day at Beach

For fun at the beach, try a can-opener picnic: No worry, no work, no fuss and fret. Choose an assortment of canned meats, fish and relishes that can be opened at serving time.

Bring along cheese, hard-cooked eggs and fresh vegetables as finger-food accompaniments.

Pack in some assorted rolls and bread, just to give your spread a lift, and let everyone make his own sandwiches. Bottled soft drinks and a ripe red watermelon will make a happy ending.

Roman Gleanser Bleach makes dingy, stained clothes snowy-white. Saves the work and wear of hard rubbing. For stubborn stains, see directions on label.

Sugar and Nuts Hidden in Batter of Coffee Cake

No one could help but enjoy this good quick coffee cake.

Brown Sugar Coffee Cake

½ cup firmly packed dark brown sugar
2 tablespoons flour
1 to 2 teaspoons cinnamon
2 tablespoons soft butter or margarine
½ to 1 cup coarsely chopped walnut or pecan meats
1½ cups sifted flour
2 teaspoons baking powder
¼ teaspoon salt
¼ cup butter or margarine
1 cup sugar
1 teaspoon vanilla
2 eggs (separated)
½ cup milk

Stir the brown sugar, 2 tablespoons flour and cinnamon together. Add 2 tablespoons soft butter and mix with back of spoon until combined; mix in nutmeats; reserve.

Sift together the flour, baking powder and salt. Cream one-fourth cup butter, sugar and vanilla. Beat in egg yolks, one at a time.

Stir in sifted dry ingredients alternately with milk in four additions; begin and end with dry ingredients. Fold in beaten egg whites.

Turn half the batter into well-greased deep heat-resistant glass pie pan (9½x1½ inches); sprinkle with reserved brown sugar mixture; spread remaining batter over top.

Bake in moderate (350 degrees) oven about 30 minutes or until cake tester inserted in center comes out clean.

Mash Diet Potatoes With Skim, Dry Milk

When your diet says "one potato"—remember that it can still be the fluffy mashed potato you recall with nostalgia. However, you'll have to prepare it a little differently. Moisten it with skim milk only and then beat it to creamy smoothness. You can eat such mashed potato with a clear consicence.

For a change from skim milk, try non-fat dry milk **solids**, whipped into the potato. Equally low in calories, this economical milk preparation imparts an added whiteness to the mashed potato and the flavor is excellent.

Spread Mint Frosting Over Chocolate Cake

Afternoon refreshment: Cover a chocolate cake with mint-flavored frosting and serve with hot or iced tea or coffee.

Use a standard 7-minute frosting recipe and when the frosting has been beaten and cooked over hot water for the required length of time, add two or three drops of green food coloring and one or two drops of mint extract. Beat until proper consistency and use for filling and frosting two 9-inch layers.

PINK LEMONADE FLOAT — When you feel like going into competition with the local soda fountain, try making a Pink Lemonade Float. It combines maraschino cherry juice with lemon juice and club soda. Pour over orange sherbet and garnish with cherries.

Tunato Rarebit Calls for Soup, Olives and Tuna

Satisfying hearty appetites with quick-and-easy luncheon that's "prepared in a jiffy" is, as most homemakers have discovered, next to impossible.

Once in a while, however, an exception in luncheon dishes comes along—a main course that requires little time, little effort and no skill at all and still pleases even the hungriest member of the family.

Here's just such a dish! It's a new and delicious rarebit, full of good flavor and good nourishment. Called "Crispy Tunato-Olive Rarebit," it combines tomato soup and milk, grated cheese and onion, tuna and olives, into a tasty blend that is served, very hot, over crispy salted crackers. Here's how to make it:

Crispy Tunato-Olive Rarebit

1 10½ ounce can tomato soup
¼ cup milk
1 6-ounce package processed American cheese, grated
1 tablespoon grated onion
½ teaspoon Worcestershire sauce
Dash of pepper
1 6½-ounce can tuna, drained and flaked
½ cup chopped stuffed olives
3 dozen crackers

Blend all ingredients in top of double boiler, cover, and heat over rapidly boiling water until cheese is melted and sauce is hot (about 15 minutes). Stir to blend well. Serve, piping hot, in individual dishes over layer of the crispy salted crackers. Makes 6 servings.

Quick Baked Beans Essential to Picnic

For a "filler-upper" picnic dish, there's nothing quite like baked beans. Here's a recipe for easy-to-prepare baked beans which have the same good flavor as long-cooked homemade baked beans.

Carry the dish out to the backyard or off to a picnic, covered with a lid or two layers of waxed paper or aluminum foil. Wrap in several thicknesses of newspaper.

Quick Home-Baked Beans

6 slices bacon
2 16- or 18-ounce cans pork and beans in tomato sauce
1 tablespoon prepared mustard
½ cup brown sugar (preferably dark)
½ cup chopped onions (optional)

With kitchen scissors, cut up ½ cup of the bacon into small pieces. Place in a 1½-quart casserole and mix with remaining ingredients.

Cut rest of bacon into pieces and lay on top. Bake at 375 degrees for 1¼ hours. Let stand 5 to 10 minutes before serving. Six servings.

Pink Lemonade Rates Cheers

Youngsters and oldsters . . . everyone loves sherbet. And when it floats in pink lemonade garnished with bright red maraschino cherries, watch out . . . you'll have your family and friends coming back for more.

Try making a Pink Lemonade Float next time you feel like going into competition with the local soda fountain. For luscious, unusual ice cream, try Frosted Cherry-Chocolate Ice Cream.

Pink Lemonade Float

1 cup lemon juice
½ cup sugar
½ cup maraschino cherry juice
3 7-ounce bottles club soda, chilled
1 pint orange sherbet
Whole maraschino cherries

Combine lemon juice, sugar and cherry juice; stir until sugar is dissolved. Add soda and mix well. Pour cherry lemon mixture over sherbet and garnish with cherries. Makes six servings.

Frosted Cherry-Chocolate Ice Cream

½ cup maraschino cherries with stems, drained (about 15 cherries)
¼ cup heavy cream, whipped
⅛ cup confectioners' sugar
1 pint chocolate ice cream

Dip cherries in cream and coat with sugar. Serve with ice cream. Makes four-six servings.

Quick Corn Relish Complements Meat

You're having dinner on the porch or the terrace. You want an unusual relish to go with the meat course you have planned. Here's a quick summer relish that will bring sounds of approval from your guests.

Quick Corn Relish

1 cup drained, canned whole kernel corn
⅔ cup sliced celery
2 tablespoons chopped onion
2 tablespoons diced green pepper
1 tablespoon diced pimiento
½ teaspoon salt
4 tablespoons French dressing
1 tablespoon vinegar
1 bunch watercress, coarsely cut

Combine all ingredients, except watercress; cover and chill several hours. When ready to serve, add watercress; toss lightly with fork. Makes eight servings.

Hollandise Varied

Vary prepared Hollandaise sauce by adding finely chopped parsley and tarragon (fresh or dried). Wonderful on steak! If you can't get the prepared sauce in your neighborhood you can make your own according to standard cookbook direction.

Canned Meat Is Handy for Lazy Summer Meals

By JANET ODELL
Pontiac Press Food Editor

For a while after World War II the mention of canned luncheon meat as a suitable article of food was liable to make any serviceman see red. We should think by this time that it might safely be put back on menus.

Canned meat is such a useful food to keep on your shelf. It's good emergency material. But do not limit its use to such times. Make plans for more occasional serving.

Use canned luncheon meat for breakfast. Slice and panbroil it until it's browned and heated through. Use chopped ham or chopped beef to spread between the folds of an omelet or cook with scrambled eggs.

Remember that chipped beef is another pantry shelf meat. It's good for breakfast, luncheon or supper menus. Chipped beef may be browned and added to scrambled eggs.

Since canned meats are already cooked, they can be used just as they come from the can. Try this recipe for a hearty meat salad. You know you must have protein as often in hot weather as you do in cold. This salad is an easy means of serving it.

Fruited Luncheon Meat Salad

1 pound spiced luncheon meat, cubes
1 cup pineapple cubes
½ cup red grapes, cut in half and seeded
½ cup diced celery
½ cup pecan pieces
3 tablespoons mayonnaise
2 tablespoons pineapple juice
4 to 6 lettuce cups

Mix together meat cubes, pineapple cubes, grapes, celery and pecans. Combine mayonnaise and pineapple juice, add to meat mixture. Toss lightly. Chill. Serve in lettuce cups. 4 to 6 servings.

Canned luncheon meat takes on new glamour when glazed with horseradish-jelly blend. Here's the recipe.

Jelly Glazed Luncheon Meat

1 can luncheon meat
½ cup crabapple or currant jelly
2 teaspoons prepared horse-radish

Cut luncheon meat into eight slices and place in a shallow baking dish. Mix jelly and horseradish and spread on meat slices. Bake in a 400 degree F. oven for 20 minutes. 4 servings.

When you organize a picnic on the spur of the moment, you'll be grateful for easy-to-tote canned meats. With several loaves of different kinds of bread, you can make sandwiches after you get to the picnic grounds.

To entertain a couple or a crowd, nothing could be easier for the summer hostess than a platter of cold cuts. You might consider slices of summer sausage, bologna, relish loaf, liver sausage, spiced ham, pepperoni and salami. Garnish with individual pineapple lime molds:

Pineapple Lime Molds

2 packages lime flavored gelatin
2 cups hot water
½ pint (1 cup) commercial sour cream
1 No. 2 can crushed pineapple

Dissolve gelatin in hot water. Chill until partially set. Then stir in sour cream and undrained pineapple. Pour into individual molds and chill until firm. Serve garnished with maraschino cherry. 8 servings.

The next time you go food shopping look over the various kinds of canned meat. Buy a couple of cans and see how many ways you can use the meat to pep up your summer meals.

Vegetables Spark Homestead Salad

In these days when tender new vegetables from the garden are abundant, make a hearty meat and vegetable salad for lunch or Sunday night supper.

Use potatoes and a variety of colorful vegetables and add diced cold cuts or canned luncheon meat to give "oomph" and added food value to the combination.

Old Homestead Salad

Cook equal amounts of carrots, potatoes, green beans, beets and peas separately in boiling salted water until just tender. Drain and cut into cubes (except for the peas).

Add one-third the amount of finely cut meat—salami, bologna, summer sausage (or an assortment of these or other cold meats).

Moisten with French dressing and let stand in the refrigerator for one hour.

Drain off any excess dressing, moisten well with mayonnaise and season to taste with salt, pepper and seasoning salt.

Veal, Mushrooms Combined in Dish

Prepare this dish ahead, if you like, and reheat.

Veal and Mushroom Dish

3 pounds veal cutlet (cut in 1-inch pieces)
Flour
Salt and pepper
¼ cup butter or margarine
½ cup diced onion
½ cup diced celery
½ pound mushrooms (washed and dried and sliced)
½ cup chopped drained sweet cucumber pickles
1½ cups chicken broth
1 cup tomato juice
¼ teaspoon thyme.

Roll veal in a mixture of flour, salt and pepper. Melt butter in large skillet over moderate heat; add veal and brown on all sides.

Add onions, celery and mushrooms; cook until onion is softened, adding a little more butter if necessary.

Add pickles, broth, tomato juice, thyme and salt and pepper to taste. Cover and cook over low heat one hour or until veal is tender. Makes six servings.

Add a little nutmeg to the dipping liquid for French toast. Serve with pan-fried peaches (fresh or canned) and crisp bacon for brunch.

Hounds Locate Grave of Girl, 14

U. of C. Student Is Held in Slaying of Teenager in California Wilds

WEAVERVILLE, Calif. (AP) — Bloodhounds led sheriff's deputies last night to the shallow grave of a 14-year-old girl near Dead Man's Cabin in the wilds of Trinity County.

Sheriff Harold Wilson tentatively identified it as that of Stephanie Bryan, missing since April 28 in Berkeley, where police held a University of California accounting student for investigation of murder.

* * *

He is Burton Abbott, a frail 29-year-old still under treatment for tuberculosis. He uses the cabin for weekends and has maintained consistently that he was there on a fishing trip the day the girl disappeared.

Last week, in his basement in Alameda, his wife found a red leather purse which was identified as belonging to Stephanie. Police subsequently unearthed other personal effects of the girl in the unpaved basement.

* * *

Last night Deputy Sheriff Harold Jackson led a party of searchers and the two bloodhounds from the cabin, which has a grisly history because of a murder committed here in 1948.

The two bloodhounds led the party to a shallow grave about a foot deep in a clump of manzanita bushes on a ridge back of the cabin.

* * *

The clothing on the body apparently had been torn by animals. The clothes looked like those Stephanie was wearing the day she vanished on the way home from school—a blue-green skirt, brown and white saddle shoes and a maroon upper garment.

The lonely northern California cabin in 1948 was the scene of a grisly slaying. Lloyd Snyder was convicted of shooting Ray H. Latham and dismembering the body. He is serving a life term in San Quentin.

United Press Photo

HONEYMOON VOYAGE — Capt. Harvey H. Hecker, 78, and his 74-year-old wife wave as they arrive in New York on a 7,000 mile honeymoon trip in a 16-foot homemade boat. They left New Port Richey, Fla., May 31, 10 days after their marriage. Hecker, a retired soldier-engineer who is partially paralyzed and cannot swim, plans to return to Florida via the Hudson River, Erie Canal, Great Lakes and the Mississippi River. In 1953, he became the first person to circumnavigate the eastern U. S. by outboard boat.

Court Vacates Warrant for Actress MacDonald

NEW YORK (AP)—A warrant for the arrest of singer-actress Jeannette MacDonald has been vacated and charges of violating the building code here dismissed.

Miss MacDonald had been charged with failing to keep a Manhattan apartment house she owns in proper repair. The warrant was issued May 25 when she failed to appear in court in the case.

Building inspectors testified yesterday that the conditions complained of in Miss MacDonald's house had been corrected.

An average railway freight train in the U.S. in 1918 had 34.4 cars. The number has increased until the average number now is 54.5 cars.

Drowns 'Keeping Cool'

DETROIT (AP) — James Coughlin, 24, of Detroit, jumped off the Bell Isle bridge into the Detroit River to "keep cool" today — and drowned. Robert Glidden, 26, a merchant seaman, jumped with Coughlin but managed to reach shore in the swift currents.

Pontiac to Gain by Airport Bill

Landing Area Extension Will Receive Priority if Ike Signs Measure

LANSING (AP)—Congressional approval of a near half billion dollar airport construction program will mean a boom in airport construction in Michigan, a State Aeronautics Department official said today.

"If the Federal funds don't carry too many restrictions it should mean a tremendous airport construction boom for the state," said Fred L. Waite, chief of the education division of the department.

Waite said plans for construction of landing strips at airports at Pontiac, Iron Mountain and Escanaba probably would be first on the priority list.

Airports with regularly scheduled commercial flights probably also will have top priority, he said. Those with a large numbers of private aircraft also will be high up in priority, he said.

"We're going to start our long-range planning when the President signs the bill," Waite said. "When the 1956 Legislature appropriates the state's share of the matching funds we'll be able to do more specific planning."

SENATE APPROVES

The Senate yesterday passed a measure previously approved by the House that will make 232 million dollars in Federal grants available to the states on a matching basis over a four year period.

It now goes to President Eisenhower for his signature.

Waite said that although some administration officials objected to the bill when it was before the Senate Commerce Committee he thought the President would approve it.

He estimated that on the basis of past allotments to the state, at least $1,765,000 a year would be available to Michigan for airport construction over the four-year period.

Extra funds granted on a discretionary basis should make about $2,300,000 a year available to the state, he said.

Hasty Spectator Calls Everyone but the Marines

SAN PEDRO, Calif. (AP)—A 12-foot outboard motor boat overturned in Los Angeles harbor yesterday, and then things really happened.

An unidentified spectator evidently turned in all sorts of alarms because, presently, two fire boats appeared, along with a police boat, three Coast Guard boats, a Coast Guard land rescue truck, a fire chief and assorted police cars.

Amid the marine hubbub, an unidentified water taxi operator nosed in among the official flotilla and calmly fished Harlan Silfies and Ed Burcham out of the drink.

They got back in their righted boat and went cruising about the harbor again, while the firemen, Coast Guards and policemen looked for a quiet, restful place to anchor.

Pair Held in Slaying of Macomb Recluse

MOUNT CLEMENS (AP) — Two men were held for investigation of first-degree murder today in the slaying of a 57-year-old recluse at his farm home in Chesterfield Township near here.

Macomb County sheriff's deputies said Gentiel Van DeGinste apparently had been killed with a fence post found in a wooded area near his home. A piece of baling wire also had been twisted around his neck.

Coroner Dr. Raymond G. Markle said Van DeGinste probably had been dead since Saturday or Sunday.

Arrested yesterday for investigation were Thomas Henning, 47, of New Baltimore and Joseph Durrell, 31, of New Haven. Sheriff Harley Ensign of Macomb County said Henning, a Studebaker-Packard Corp. worker, is on parole from Southern Michigan Prison. Durrell is a foundry worker.

Although private colleges and universities in the United States outnumber public institutions 1,000 to 350, the public institutions have slightly more students than the private.

Deceptive Peace of Will-O-Way Hides Activity

Pontiac Press Photos

"I can fly!" When you are the age of these young actors, you almost believe it yourself. Practicing a scene from that old favorite, Peter Pan are these members of the youngest apprentice class. They meet twice a week in the converted pigpen at Will-O-Way. From left to right are Bobby Bartlett, David Phillippi, both aged 6, and Billy Trowbridge, aged 4. Jackie Bartlett, aged 5, kneels in front.

Strenuous measures are called for in this scene from "Blithe Spirit." The adult apprentice class in acting, directed by Celia Merrill Turner, meets evenings to work out various problems in the thespian art. Marjean MacDonald watches with interest as Vance MacDonald applies artificial respiration to Carolyn Salo.

These hot summer evenings are hard to take when you have to be dressed up and in grease paint. Lillian Hicks, who has appeared in two of this summer's plays at Will-O-Way, cools off with ice water while waiting her cues.

Robert Bryson, one of Will-O-Way's most versatile actors, seems to be having difficulty explaining a point to his co-worker, Michael Keith. Bryson is well known in Detroit commercial and theatrical circles. Keith, who lives in Hollywood, has played the romantic lead in several of this season's plays.

Playhouse Area Abounds With Adults, Youngsters.

Informality's the Keynote at Theater, but Opening-Night Tempo Quickens as Curtain Rises

Warm summer breezes made the afternoon a lazy one. It was quiet at Will-O-Way theater. The apple barn where the plays are presented was dark and deserted.

★ ★ ★

The girl in the box office lounged in her chair. A youngster took a drink from the bubbler over the well.

It looked lazy; it was quiet. But there was much activity going on. A pleasant young man who was moving flats directed us out back to the old pigpen where, he said, "we cure the hams."

Half a dozen children, seven years old and younger, were pretending they were characters in Peter Pan. Unself-conscious as all children are, these young students went over and over the scene where Peter teaches the children to fly.

Three-year-old Kenny Way Turner delighted both himself and his audience when he climbed to the arm of the sofa to crow like Peter. Kenny made his debut in the theatrical world this summer as one of the choristers in "The Man Who Came to Dinner."

Celia Merrill Turner coaches both the "baby" and the adult apprentice classes in acting. That same evening we returned for a look-see at her older group. They were engrossed in a scene from Noel Coward's "Blithe Spirit."

* * *

In a small barn, made pleasant by the sun streaming through the large screened doors, Will-O-Way's director, Bill Merrill, was working with four actors on this week's play. Each play is in rehearsal for just one week. That means concentrated effort on everyone's part and sometimes all night sessions for the director.

Informality is the keynote during the day at Will-O-Way. Everyone dresses comfortably in casual summer clothes. Children wander in and out without disturbing anyone. The repair man comes to fix a recalcitrant dish washer. Each person has a job, but does it in a relaxed manner.

Just before a performance the tempo speeds up. No one seems flustered or particularly hurried. All the actors are professionals; as such, they do a calm and efficient job.

Grease paint goes on in the crowded, hot, dressing rooms. The property committee sees that all props are in place. The man in charge of lights checks his equipment, then puts on a jacket and straps on a revolver belt for his brief walk-on scene.

OPENING NIGHT

It is a hot night. The water cooler is in constant use. Someone sweeps up a dustpan full of pine needles. The Christmas tree used in one of the scenes of the last play has shed most of its needles and has had to be replaced. Treesa Sikorski, property mistress, went out with her little hatchet and cut down a new tree. One never knows what the props job will involve.

"Quiet, back stage!"

It's time for the curtain to go up. The audience has been filling the theater.

Light! Places! And the curtain rises on one more summer performance at Michigan's oldest theater in the straw-hat circuit . . . Will-O-Way.

Teamwork Might Help in Problem

Sharing Bedroom With Little Sister Not So Bad

It's all very nice, moans a teenager, this business of having dainty pillows on the bed and a neat closet with clothes carefully arranged. But what if you share a room with an awful little sister?

* * *

This problem crops up very often in these days of homes smaller than the families therein. The beauty-eager teenager settles down to a session with a razor and leg cream, only to be razzed out of the room by a sister and her gruesome cohorts, complete with repellent waterguns.

Pleading to the family that one has simply got to have a room of one's own does no good. There just isn't a room to spare.

The bathroom is shared by the entire family, so that's out as a beauty hideout.

The eventual answer is that that knobby-kneed specimen is soon going to want a little frippery of her own and will stay out of your lipsticks and keep her friends from playing hide-and-seek in your dressing table skirt.

* * *

Meanwhile, see if there is a closet or cabinet to spare someplace. Or build yourself one. Some families have ancient clothes-presses stored away that take a coat of pastel paint quite well.

Tear out and rearrange shelves. Paper and paint. Make it your beauty and clothes wardrobe, just as pretty as you please.

Then you can get your precious lipsticks and velvet hair ribbons out of harm's way. Make a deal with sister. She has friends in for their fiendish games on such and such an afternoon, but you get the room another day for record-playing with friends, or home permanents. And no butting in.

Throw in a small bribe if she needs convincing. An afternoon of basketball coaching or a drive to the country with some tolerant friends of yours.

Then, all you can do is wait.

Discuss Plans at Club Meeting

Mrs. Emerson Brown was hostess to members of the Community Homemakers extension club when they met Tuesday at her home on Pingree avenue. She was assisted by Mrs. Henry Kline.

Mrs. Brown taught the second lesson on the U.N. Mrs. Findley Crowe discussed community projects for the coming year, including help members will give the local office of the American Cancer Society.

Plans were made for a revelation party for secret pals in October. Mrs. Robert Dorman was welcomed as a new member.

Mrs. Andrew Macuga and Mrs. William Armstrong will be co-hostesses for the Sept. 20 meeting to be held at the Ogemaw road home of Mrs. William Tiberg.

Bathroom Items Need No Screws

An exclusive feature of a new array of inexpensive plastic bathroom and kitchen accessories for the home is a special adhesive-coated wood insert molded into the backing.

This permits various styles of plastic hooks, towel bars, a toothbrush and tumbler holder, utility shelf and soap dish to be stuck to any smooth wall without using nails or screws to hold them.

The new accessories can be put up in just a few minutes without using tools of any kind.

You simply moisten the adhesive with a few drops of water, work it into gluey consistency, then press the accessory into the desired position on the wall where it adheres firmly.

Plastic Baby Bottle Solves Travel Woes

Highly useful for travel or for the baby who weans to the cup quite late, is a plastic drinking bottle.

These can't get broken in transit or in the park. Be careful about boiling them, unless the directions specifically say it can be done.

THE PONTIAC PRESS

Women's Section

THURSDAY, JULY 21, 1955 PAGES 42-45

Treesa Way Sikorski, a member of the theatrical Merrill family, has charge of properties for all the summer productions. She also takes an occasional part. Last week Treesa was named one of five finalists in the "Search for the Star" contest. She is a sophomore at the University of Michigan where she is majoring in speech.

Two attractive young actresses, Maggie O'Hara (left) and Patricia Van Doninck (right) rehearse a scene for this week's production, "Clutterbuck." Auburn-haired Maggie (in real life, Mrs. Michael Keith) hails from California, while Pat comes from Oak Park.

Psychiatrist Leaves Staff

Doctor Honored at Dinner

A farewell dinner honoring Dr. John M. Stevens, given by the medical staff of Pontiac State Hospital was held Tuesday night at Bloomfield Inn.

* * *

Dr. Stevens, assistant medical superintendent of the hospital, will begin duties as director of the mental hygiene clinic at University of Pennsylvania August 1.

Joining the hospital staff in June, 1950 as a psychiatrist, Dr. Stevens was appointed to the position of assistant medical superintendent in October 1953.

Special guests attending were Dr. and Mrs. Ivan A. LaCore, Mr. and Mrs. Bartlet Wager, Dr. and Mrs. Max Steiner of Detroit, Dr. and Mrs. Paul Stimson of Lansing, Dr. Maurice E. Willis, Dr. Lorraine Awes, Dr. and Mrs. C. P. Barker, Dr. and Mrs. George Ross and Dr. S. A. Butler.

Among the 41 attending were staff doctors and their wives.

Former Governor's Wife Convalescing

Mrs. Murray D. Van Wagoner of Birmingham is convalescing from an operation in William Beaumont Hospital. Her daughter is here with her family, Captain and Mrs. Fred Karohs with their children Jimmy and Jeffrey from the Army Post in New Jersey.

Mrs. Van Wagoner is the wife of former Governor Murray D. Van Wagoner.

Boys' Boycott Ruins Girl's Birthday Party

By ELIZABETH WOODWARD

You might think the boys belonged to some secret society — blood-brothers pledged to boycott the girls — at least when invitations go out for a party.

* * *

They put their heads together — and the politicking begins. "did you get invited? Who else did? Wonder what girls will be there? She is? Well, that let's me out. Okay, if you feel that way too, let's all go swimming that night."

And there goes one perfectly good party down the drain. The boys don't show.

It's one thing to let the hostess know that she won't have much of a masculine showing. But it's unforgivable to accept her invitation, then on the big night, be most conspicuous by your absence. That, my hearties, though it's a cruel, cold world, just isn't done.

It's been know to happen, and the results are fairly devastating. As in this case:

"Dear Miss Woodward: My girl friend has had her first and her last party. You see, she invited fellows and they didn't come. It was terribly embarrassing, and she was awfully hurt.

"Later we found out their reason for not showing up was birthday presents!

"Now I'm planning to have a Sweet Sixteen party soon, and I'm scared to death the boys won't come even if they say they will. How can I make sure there will be enough boys to go around?

"And what food should I have for a buffet? I also need some games to get them better acquainted with one another. Difficult? I hope you won't find it hard to help me."

Answer: Your experience with birthday parties should make you very leery of celebrating your own. Not that you need to ignore that important date.

But frankly, I feel that a Sweet Sixteen party is rather girlish, sort of like a shower. Another type of party, minus presents, might be more tempting to the boys you know.

The first thing, of course, is to invite at least a half-dozen more boys than girls. That will insure you against occasional dropouts, and leave you with enough boys to go around.

Then make your eating plans very informal. If you can cook in your backyard, make it a roast. Or serve a cold buffet — sliced meat, potato salad, sliced tomatoes, hot rolls, and top it off with a big chocolate cake.

* * *

For entertainment, I'm sending you my booklet, "Games." You'll find plenty that will keep your guests amused.

Or you could guarantee masculine attendance by piling everybody in cars and taking them for a swim, or to the drive-in, or the local amusement park. A party with a different twist is one the boys will attend!

Anyone else who'd like a free copy of my "Games" booklet, need only write me for it in care of this newspaper, enclosing a stamped, self-addressed envelope.

(Copyright, 1955)

Pontiac Press Photo

Visitors from Miami, Fla. are Mrs. Clinton K. Parr and son, John Clayton. They will be here for several weeks with Mrs. Parr's parents, Mr. and Mrs. John H. Keller of Davisburg road.

Facial Depilatory Should Be Tested

There's a new depilatory made just for the face.

Even though it's specially made for the purpose, don't do a big job of hair removal without testing it on a small patch of your face, not your leg or arm.

Wide Belts Are Hot

Wide tight belts can be the hottest part of a cool summer dress. Try a narrow self belt buckled one notch looser for your sitting-down hours. You'll find yourself cooler.

Femininity Great Joy to Women

Colette, of all women novelists, probably is the one who most expressed the qualities of being a woman in her writing.

"Terrifyingly feminine" is the way her work was once described. Another critic, in speaking of her, said ". . . if you can imagine an enormous Parisian cat who could write, that would be Colette."

What clings in the mind of the reader, long after the names of her characters have vanished, is her women's delight in being as they are.

Old and young, foolish and wise, alone or besieged, they tick off their days with rueful, yet hopeful, female tasks.

Incomprehensible to a man are the pages Colette allots for her creations to go about their household duties. The rolling and ironing of a dress is as womanly, in her works, as having babies. The consideration, planning, selecting and purchase of a suit is as momentous as a divorce.

Care of toenails is vested with the sober significance of a wedding. Men are baffled by it all.

Women who have reached into womanhood and found pleasure in it understand. Beauty of form, face and voice, painstakingly care of however few clothes one has, organization and plotting of a closet—these are purely feminine.

Neighbors Barge Over Uninvited

Suburban Couple Can't Enjoy Patio in Privacy

By EMILY POST

"Dear Mrs. Post: My husband and I live in the suburbs. We have a very nice house with a patio in the back where we spend most of our time at this season of the year. When we have company we also entertain them out here.

"However, a problem has arisen which I don't know how to handle without being rude. We have very nice neighbors and like them very much but our neighbors to the right are a little to friendly to suit me.

"Whenever they see us sitting out at night they come over and join us without waiting to be asked. They even come over when we have company.

"I don't mind their coming over occasionally—in fact I enjoy talking to them, but never to be able to sit out there alone is becoming annoying. Will you please tell me how to cope with this situation?"

Answer: There really is no answer to your problem. Greeting them with a very cool manner is the only thing I can think of, although this would not be very good manners on your part.

"Dear Mrs. Post: My son's girl friend is coming here from the coast to spend two weeks with us. While she is here, he intends to give her an engagement ring. Since she is a stranger to our relatives and has no family of her own, would it be proper for me to announce their engagement at a small family gathering?"

Answer: As she has no family of her own to announce the engagement you may certainly do so and invite people to meet her immediately.

"Dear Mrs. Post: Hardly a day goes by that I don't hear someone telling a friend or acquaintance how bad, or tired, he or she looks. To me this is not only bad manners but extremely cruel. What is your opinion?"

Answer: I agree with you, and I am astonished you find so many who do this.

Coming Events

Ladies' Auxiliary FOE 1230 will meet at the Donelson-Johns Funeral Home at 12:30 p.m. Friday to attend the funeral of Mrs. Freeman Moyer.

Pontiac Coin Club will meet this evening at 7:30 in the YMCA.

MOMS of America, Inc., Unit 12, met Tuesday for a luncheon and business meeting at the home of Mrs. William Jones on North Cass avenue.

Plans were made for an election and installation of new officers to take place in August. Mrs. Harry Luzon will be hostess for the Aug. 2 meeting.

Tickly Hair Ends Need Trim Often

Does hair grow faster in the summer than in the winter? Some say yes, some say no.

But it is sure that those tickly ends feel more tickly in hot weather; so get it trimmed as frequently as is necessary.

Veils that have "wilted" can be perked up by pressing between two pieces of waxed paper.

Sailing Race Garners Spotlight in Weekend Plans

BLOOMFIELD HILLS—Interest this weekend is centered on the time-honored sailing race from Port Huron to Mackinac Island, being run this year for the thirty-first time.

Mrs. Everell E. Fisher of Pon Valley road and her sister Mrs. Philip A. Hart, who at present lives in Lansing, will sail their boat "Old Rarity" with Mrs. Fisher as the official skipper.

Guests of the skipper at dinner Monday evening were her other crew members including S. Gordon Saunders, Bernard Clark and Charles M. Bayer. The race will start on Saturday.

* * *

Mr. and Mrs. Roy J. Selby and their son Lee arrived from their home in Tulsa, Okla., Wednesday to stay over a long weekend with Mrs. Selby's brother-in-law and sister Mr. and Mrs. John W. Shenefield of Bennington drive.

On Saturday Mr. and Mrs. Shenefield and Mr. and Mrs. Selby will be cocktail guests of Mr. and Mrs. Preston Weir and go on to a dinner when Mr. and Mrs. H. B. Stubbs of Glengary drive will be hosts.

FAMILY GUESTS

Mr. and Mrs. John S. Bugas of Pembroke drive have as their guests for several weeks Mrs. Bugas' mother, Mrs. Edwin McCarty and her grandmother Mrs. Lee Baxendale of Birmingham, Ala.

Mr. and Mrs. John Munro of North Mill street announce the engagement of their daughter, Beverly, to David Zittel, son of Mr. and Mrs. Fred Zittel of Navajo road. She attends Mt. Carmel Mercy School of Nursing, and he is a student at Alma College and a member of Phi Phi Alpha. No wedding date has been set.

BEVERLY MUNRO

On Friday the ladies will be luncheon guests of Mrs. M. M. Burgess at her home on Country Club drive.

* * *

Mrs. Robert F. Grindley will give a luncheon and shower next Tuesday afternoon for bride-elect Ann McDonald. Ann will be married Aug. 5 to Harry A. Toulmin Jr. of Mobile, Ala.

On July 29 Mrs. William E. Blythe is planning a breakfast for Ann.

* * *

Mr. and Mrs. John B. Poole will spend the first two weeks in August cruising in Georgian Bay.

HOST PICNIC

Mr. and Mrs. James Morrison Taylor were hosts at a picnic supper Wednesday evening in their home on Bingham road.

The Taylors are spending this weekend at Grand Bend, Ont.

* * *

Mr. and Mrs. Simon Knudsen and their family are again settled in their home on Bingham road. They returned recently from Indianapolis where they have lived for the past two years.

* * *

Patsy, Josephine and Vicky Joy will spend the month of August with their father William M. Joy at Harbor Point.

They are daughters of Mrs. James H. Carmel of Long Lake road.

ON MOTOR TRIP

Mr. and Mrs. Jack Rothberg of Lake Angelus left Monday for a motor trip to Banff and Lake Louise. They plan to be gone a month.

* * *

Mr. and Mrs. Robert M. Critchfield of Lake Angelus have as visitors their daughter Mrs. Pete Smith and her two children from LaGrange, Ill.

Fill Wall Cracks Before Paint Job

Before painting a wall, make it as smooth as possible. Before cleaning, fill hairline cracks with spackle and let it harden a day.

Then sandpaper the surface with fine-grade sandpaper. Then clean walls and ceiling.

Peplum effects saw you off. The A-line tunic over full skirt takes the eye from underarm to hemline, gives length.

You'll notice there's a decided horizontal cut where tunic goes over tight skirt while the A-line flows onto the pleated skirt without a break in silhouette, so it can give a taller look to your petite figure.

Group Names Chairmen

The Lydia Circle of the CWF of First Christian Church met Tuesday evening at the church.

* * *

Mrs. Reid Graham, newly installed president, named her committee chairmen for the coming year. Mrs. Lowell Mount has charge of study; Mrs. J. P. Morgan, devotions; Mrs. Harry Stuart, service; Mrs. William Tompkins, literature and world call; and Mrs. Charles Neal, publicity.

Mrs. William DeRousse was named chairman of cards and flowers; Mrs. Harold Brown, membership; Mrs. J. O. Radenbaugh, stewardship and Mrs. James Boaz, hostess.

Serving on the telephone committee are Mrs. John Graham, Mrs. George Hodge, Mrs. Norris Luther, Mrs. William Hard and Mrs. Gilbert Davis.

Mrs. Stuart gave the program for the evening, using as her topic, "Home Missions." The program was presented as a newspaper office with reporters giving talks.

Refreshments were served by Mrs. Boaz and Mrs. Mount.

Let No Toe Show

Toes that crawl out of toeless shoes are not pretty. If the shoes really are too small, discard them. If it seems to be some structural defect, see what the shoemaker can do to repair it.

Adhesive tape wrapped around the first finger protects it from cuts and stains when peeling fruits and vegetables in large quantities.

Stereotype of 'Old Lady' Is Scarce

Mature Women With Real Class in Majority

When a movie or theater director is faced with a stage direction—"a funny old woman enters"—he knows from practice what to do. And when his production is viewed, there she is, to be sure.

She's wearing a rayon or silk dress in black or navy with a hideous large flower pattern. She walks stooped, with mincing steps, fingering the inevitable peplum with one hand, dangling a drooping handbag from the other. And she is funny. The audience laughs before she speaks a line.

Master artists like Josephine Hull can make such a character funny through mannerism, gesture and timing. But when a lesser actor is cast in such a part, the director can always get a cheap laugh with the entrance described above.

Such a director would pass by most mature women he saw on the street, for they simply don't fit into his stereotype.

They are smoothly and simply groomed; they walk with good posture; they are dignified and alive with their life and work. Yet they are trying to kid no one into believing that they aren't 40.

One would hope that the director had to go to costume archives to find the fantastic print dress, yet it is feared that such things are still offered to grown women as flattering costumes.

Tricky necklines, oddly cut jackets, cheap jewelry garnish in the wrong locations are out for most mature women. And most of them know it. From experience with mirrors, most know that prints, shiny surfaces, raised designs and fancy weaves enlarge the figure. They cling with a wise passion to classic lines and simplicity.

Jimmy Dey Auxiliary Holds Picnic Outing

The Women's Auxiliary of Jimmy Dey Amvets Post 12 held a picnic recently at the home of Mrs. Norman Windiate on Cass Lake. Mrs. Keith Bigger and Mrs. Louis Hadden were co-hostesses.

Mrs. Stewart Houghton presided at the short business meeting which followed the picnic. A discussion was held on H. R. Bill 7089, known as the Survivors Benefit Bill. Following the discussion members decided to write their congressmen.

The next meeting will be held at the home of Mrs. Leon Sirlin, Aug. 3.

Do Something About Improving Self

By ANNE HEYWOOD

There was a cartoon, years ago, which caught my eye and which I have never forgotten.

It pictured a confused-looking little man, sitting in a box, saying, indecisively. "I think I will review my thoughts just once more." And you could tell that his perpetual self-analysis was going to keep him boxed in forever.

* * *

That happens many times, I think, when we try to "improve" ourselves.

We read a lot of psychology and do a lot of thinking and self-analysis, but nothing much happens because we don't put our shiny new thoughts into action in our lives.

One day recently, I met a young woman from New Jersey, who seemed not to be making this mistake.

She was talking to me about a vocational problem she faces, but her approach was so sane and practical and well-adjusted that I commented on it.

IMPROVING ONESELF

"Oh," she said, "that's due to the course I'm taking in Improving Personal Effectiveness. We really try to do something, instead of just studying ourselves."

* * *

Naturally, I made it a point to find out more about this course. It is really an interesting story.

The course is conducted by Hubert Clay, who is on the staff of the American Management Association.

He does this course on the side, through the Ridgewood, N.J., Adult School. It is the result of years of experience in helping people to help themselves.

* * *

Here is what Mr. Clay says:

"Five years ago I began teaching adult evening classes at Western Reserve University in Ohio.

"The course was first called 'Understanding Yourself.' It was essentially a series of lectures on personality development and psychological adjustment. Participants learned a lot of new terms, but I became convinced that very few constructive changes in individual behavior took place as a result of the generalized knowledge which they acquired."

EMPHASIS ON DOING

Clay then conducted a course at Akron University, putting more emphasis on doing than on just studying.

And his present course is built around active participation, experimenting and checking on performance.

Certain individual goals are established and certain destructive habits and approaches are really worked on, day by day. Toward the end, each participant writes a report and these reports are discussed in class.

As Clay says, "The course ends with most participants realizing that they have just started down a trail which can yield rich rewards."

4747 12—20

by Anne Adams

You'll love the pretty way this ensemble looks—the way it flatters you on every occasion! Sundress in a lovely flared and fitted line, high or low-cut back—its step-in styling so convenient! Bolero is a perfect match—for town, travel, cool weather!

Pattern 4747: Misses' sizes 12, 14, 16, 18, 20. Size 16 dress, 4⅝ yards 35-inch; bolero, 1⅛ yards.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Weekend Food Hint: Accent Hot Muffins

Wonderful for a weekend breakfast: fresh muffins. Add accents of coarsely grated orange rind and light or dark seedless raisins.

Fancier ones can be made by rolling hot muffins in melted butter and then in cinnamon sugar.

Handy Travel Soap

A new travel soap is packaged in tiny bags for washing hands and lingerie while traveling on planes, trains or in an automobile. The bags may be discarded after each use.

Tool Kit Saves Time and Cash

By International News Service

A tool kit for minor repairs can save housewives time and money.

Home management specialists suggest a kit containing screw drivers, an oil stone, claw hammer, pliers, putty knife, an adjustable wrench and a 24-inch saw. Two and four-inch blade screw-drivers are the most practical size.

An oil stone eight inches long and two inches wide is a convenient size for sharpening knives—preferably a stone with a coarse side to grind out knicks, and a fine side for finished sharpening.

Tools should be stored in a portable kit, on a board or in a drawer, depending on available space. A thin coat of paste floor wax will prevent rusting.

Tee Club Entertains

The Tuesday Tee Golf Club entertained guests at Pontiac Country Club Tuesday. Following golf a picnic was held at the home of Mrs. James Slattery of Bald Eagle Lake.

Nylon Satin News

Nylon satin is another wonderful mutation of that wonder fabric. But to prevent snagging on this very freshest of materials, turn it inside out when su[illegible] and rinsing. Let it drip d[illegible] and touch it with the iron.

BPW Has Dinner Meeting at McLaughlin Home

The Pontiac Business and Professional Women's Club held a summer dinner - meeting Monday at the summer residence of Grace McLaughlin on Sashabaw road.

A picnic style dinner was served from the outdoor grill after which games and entertainment were enjoyed. Assisting the hostess were Bernie Mae Dragna, Mrs. Sanford Craft Jr. and Marjorie Smith.

Mrs. Loren Tyler, together with her children Wanda and Paul attended as guests of Mrs. Marjorie Baker. During the evening, a wedding gift was presented to Bernie Mae Dragna who will be married later this week.

Final plans were made for the the Pontiac delegation to attend the regional conference to be held at French Lick, Ind. on August 18-21.

Planning to attend are Mrs. C. William Salton, president of the group, Miss McLaughlin, Mrs. Raymond Cole, Vera Bassett, Eva Dyer, Jane Danton, Hazel McGirr and Fritzi Stoddard.

Arrangements are being made for another picnic to be held during August at the home of Mrs. Stoddard of Ottawa drive.

Protect Kid Gloves From Harmful Dyes

Few items of dress have the blottery tendencies that white kid gloves do. Even being packed in a suitcase, they can pick up wandering dyes.

They are pretty for very dress-up wear, but keep them well-protected when they're not being worn.

Shoes That Pinch Need Stretching Job

Shoes that seem to pinch after you've bought them, particularly in foot-swelling hot weather, can be stretched.

Take them to the shoe repair man and he may be able to squeeze another half size out of them.

Pops Whiteman Tells Why Some Names Stay Up in Lights After Others Fade

NEW YORK (INS) — Paul Whiteman, who has been a big man in the band business for long enough to know, thinks that American music is better than ever.

"Pops" Whiteman, who will take over the Jackie Gleason TV spot this summer and present "America's Greatest Bands," starting June 24, says:

"I think the bands are real good today, and there are many more of them. We like to reminisce and think things were better in the old days — but they weren't. Bands and music are getting better.

"You hear people ask why we hear the old songs if the ne wones are any good. Well, it's because the demand for music is so great.

"Take singers, for instance. In my day we had Bing Crosby and Russ Colombo. Today we have 20 good singers.

MORE SONGS

"We don't have as many records that sell in the millions today, but we have millions of records now. Songs don't last as long, but in 20 years these songs will be back."

Whiteman, who has been watching the music industry from the top of the ladder since the dazzling 1920's, is a native of Denver, where his father was superintendent of music in the city's high schools. Paul began his career in the classical field, but soon switched to "pop" music and hit success.

"I came to New York in a fabulous time," said the man who appeared in such stage extravaganzas as "The Ziegfield Folliess' and "George White's Scandals."

SUCCESS REASON

Whiteman feels there's a reason why some people remain in the public eye while others fade. He's had a chance to observe such stars as Crosby, the Dorsey brothers, Bix Beiderbecke, Morton Downey and Joan Eddards while they were with his band.

"Anybody can be a success overnight," Whiteman said. "I knew a man whose horse kicked over a rock and he discovered oil underneath. But it's what they do after that that counts.

"Take Crosby — everybody loves the guy. I can remember when he played golf as a kid. A pro would be nice to him and he'd say when he was a success he'd do something for the pros. Now he gives a big golf tournament for them every year.

"That's the thing that keeps you alive — good or bad, just so long as you're a character. God gives us a certain amount of talent. Unfortunately, he doesn't always give us sense enough to go head with it."

Formosa Literacy Rate High by Asia Standards

WASHINGTON—Formosa boasts a 65 per cent literacy rate, high by Asian standards, says the National Geographic Society.

Total enrollment in the island's 1,500-odd schools, including one university and eight colleges, is estimated at more than 1,250,000.

Military training is compulsory for all young men after high school or college graduation. Girls learn nursing.

City Hall Bought

KALAMAZOO (AP)—City Commission has approved the sale of the former city hall to a New York clothing firm. Spokesmen said the building, now occupied by a department store, brought $300,000.

Canada's North Country Called a Frozen Desert

Canada's high north is a frozen desert, says the National Geographic Society. The northern islands get little more precipitation than the Sahara.

Most of its comes down as snow that blows back and forth for months before it melts. In winter and spring, skies stay clear and sunny for weeks on end.

Making Muskegon Movie

MUSKEGON (AP) — A Grand Rapids commercial movie company is on location at Muskegon this week to shoot films of the beach, park and waterfront shipping activities for tourst, resort and port promotion.

Snead's 66 Sets Pace for PGA's Second Day

By H. GUY MOATS

The big field of sharpshooters representing the best in the nation among golf professionals, today was chasing that veteran campaigner, Samuel Jackson Snead.

Slammin' Sammy hung up a brilliantly constructed 66 for his opening run over the rolling Meadowbrook Country Club layout, at Northville, Wednesday. He was all alone at that figure, but only a stroke behind were three other determined hot shooters.

Several at 68, more than a half dozen at 69, an equal number at 70 and nearly a score each at the 71-72 level, bore testimony to the assault Meadowbrook's par is facing. Par is 71.

The Slammer's card showed five birdies, coupled with pars on all other holes. Four of the "birds" were taken on the back nine, with a 12-foot putt on the 18th setting off a big ovation from the large gallery.

Snead's play, in the opinion of many fellow-pros and other observers stamped him as probably the hottest prospect for medalist honors. However, this is only the halfway point in the qualifying run, and anything can happen between now and the close of the day's shooting.

Sammy collected birds on the 401-yard par 4 seventh, on the par 4 tenth (365 yards) par 3 eleventh (211 yards); par 4 (438 yards) 15th and on the par 4 (330 yard) 18th.

Snead made his fine round with the aid of a new putter. He was pleased with its performance and remarked, after leaving the 18th green where he dropped a 12-footer for his birdie, "Man, this thing sure acted just like a magic wand. Putting is 90 per cent mental — and I had the confidence."

Here's his card:

PAR	OUT.....	454	443	434—35
Snead,	out.....	454	443	334—34
PAR	IN.....	435	344	454—36—71
Snead	in.....	333	334	453—32—66

Right on Snead's heels, at 67 were Jack Burke, the Kiamesha Lake, N. Y. shooter, another Kiamesha pro, Doug Ford and Skee Riegel of Ithana, Pa.

Two strokes back of the White Sulphur Springs W. Va., three-time winner in this event were Eerie Ball of Oak Park Ill., and Don Fairfield of Casey, Ill.

At the 69 level were Lew Worsham, former National Open king; Tommy Bolt, no more not so terrible; Jerry Barber, Dr. Cary Middlecoff, the ex-Memphis Tenn. dentist; Guy Paulson, a new name to the top list, Ed (Porky) Oliver, a fine shotmaker, and Eric Monti, of Los Angeles.

Other "big names" were scattered among the long list of those in the 70-71-72-73-74 brackets.

These included National Open champion Jack Fleck, whose 72 wasn't what the Davenport Ia., pro had expected. He had a pair of birdies, but was disturbed enough to toss a club after making a poor shot on the 15th.

Today's qualifying windup will set the stage for the rough and tough "Black Friday," when match play begins. From then on it'll be a sizzling battle down to the finals on next Tuesday. This is the time when they separate the men from the boys. And it's the kind of action the golf fans love.

Good galleries marked Wednesday's show, with Snead, Middlecoff and the home pro, Chick Harbert drawing most of the attention.

Chick was in the 71 class, with 34-37. Middlecoff had 34-35—69. Former PGA king, Wally Burkemo, of Franklin Hills (37-35), Eldon Briggs of Saginaw (36-36), Mike Dietz of Indianwood (36-36), veteran Al Watrous of Oakland Hills (35-37), all at 72; Pete Cooper of Knollwood (35-36—71) Jimmy Johnson of Detroit and Warren Orlick, Tam O'Shanter, at 75 were the Michigan shooters.

Johnson voiced the opinion of many observers when he named 146 or 148 as the qualifying mark.

"I'm a member here," Jimmy commented. "This course is in great shape, and it's playing just about the way it was figured. Rough isn't too much of a factor, but the greens are where this event will be won, or lost." The "carpets" are hard and fast, but deceptive, as many discovered.

Club marshals got a chuckle out of the story about Snead's objection to the use of cameras near him when making shots. Vic Blakeslee, Meadowbrook member, and a marshall, told it this way:

"Sammy was disturbed, on the 13th green, by what he said was cameras grinding. We checked the crowd and stopped all cameras, then discovered that the noise came from — not the cameras — but from locusts in nearby trees".

Today's grind is another 36 holes, with the low 63 qualifying for match play, joining Harbert in the tourney's real battle.

Olympic Official Miffed

Spain Creates Stir Over Ban of Israel

NEW YORK (AP)—Col. Henry D. Henshel, a prominent executive of the U. S. Olympic organization, demanded today that the Olympic flag be lowered at the Mediterranean Games now in progress in Barcelona because Spain barred Israel's participation.

Spain first invited Israel and then withdrew the invitation under pressure from the Arab states, he said. The Mediterranean Games like other regional games are closely connected to the Olympic organization.

* * *

"I demand that the Olympic flag be taken down at Barcelona because they are making a mockery of the Olympic ideal," said Henshel in an interview. "This raises the serious question whether Spain should be admitted to future Olympic Games.

"I doubt whether Spain is morally prepared and whether their sense of sportsmanship is up to the Olympic ideal."

* * *

Competing in the games in Barcelona July 16-25 are Spain, Italy, France, Turkey, Malta, Monaco, Egypt, Greece, Syria, and Lebanon.

Henshel said he called the attention of Avery Brundage, Olympic international president to the exclusion of Israel, but the Olympic committee meeting in Paris last month failed to act.

"I feel that our American delegates to the International Olympic Committee did not take advantage of this opportunity to deplore the attitude of Spain in bringing politics into sports," said Henshel.

Champ Out, Youngsters Roll

With the defending titlist out of action as a result of yesterday's matches in the Michigan Women's Amateur golf tourney at Oakland Hills, the race today became a wide-open affair.

Former champion (1951) Betty Courtright (Mrs. C.U.) Wilson of Ann Arbor eliminated Mrs. Fonnie (E.O.) Reynolds of Lansing, 4-3, after taking a 2-up edge at the turn. She meets Mrs. Don Weiss of Flint also a former champion, (four times) in today's quarter-final. Mrs. Reynolds was 1954 champion.

Wiffi Smith, St. Clair River CC youngster, continues to hold the prime favorite's spot, but Pine Lake's young star, Sally Sharp, was also still in the title picture. Both won their matches yesterday with comparative ease.

Miss Smith disposed of Mrs. Rylma Strevel Marquardt (1953 titlist) with a 3-under-par for 12 holes exhibition for a resounding 8-6 win. Wiffi was still limping from the injury suffered while swimming, 1st of the week. Despite this she fired four birdies and carded only one bogey, on the 9th, when she missed a long putt.

Pat Devany breezed through a one-over-par effort, defeating Margie Watkins of Country Club of Detroit, 5-4. Pat was the 1950 state champion.

Mrs. Marquardt's defeat was the worst, she said, in her career. She had expected to lose to the long-hitting, accurate-putting Wiffi, but not by the count she was compelled to face. "Wiffi certainly is a great golfer," she added.

Mrs. Don Weiss eliminated Mrs. Irene Bretzlaff 2-1, but had to come from behind to turn the trick. She was one down after five holes but improved her position as the match wore on.

Sally defeated Mrs. J. G. Israel of Knollwood and today meets Mrs. J. W. Menefee of the WMGA. Mrs. Menefee defeated Mrs. L. W. Smead; Mrs. Susie (Keith) LeClair of Ann Arbor defeated Mrs. Robert Leahy of Orchard Lake; Mrs. Don Watkins, Birmingham, defeated Mrs. Robert Palms of CC of D.

Today's matches:

Miss Smith vs. Mrs. Don Watkins of Birmingham; Mrs. Wilson vs. Mrs. Weiss; Miss Sally Sharp, Pine Lake, vs. Mrs. J. W. Menefee, WMGA; and Mrs. Susie LeClair, Barton Hills, vs. Miss Devany.

'Chip Shots' From the PGA

By JACK SAYLOR

NORTHVILLE—Several Oakland County pros are going to be forced to hustle if they are to qualify for the match play phase of the 37th annual National PGA championship at Meadowbrook Country Club.

Chick Harbert, the host pro, of course is exempt from the qualifying chore as defending champion, but he carded an even par 71 in a bid for the $250 medalist prize.

Three other county players, Al Watrous of Oakland Hills, Wally Burkemo of Franklin Hills and Indianwood's Mike Dietz, all have a fine chance to make the grade, barring a complete collapse.

But another trio, Warren Orlick of Tam O'Shanter, Forest Lake's Bob Gajda, and Joe Watrous of Franklin Hills, will have to get very hot.

From the 1st day results, a score of 146 or 147 will be necessary to grab one of the 63 spots open for match play. Watrous (Al), Burkemo and Dietz all had one-over par 72s. Orlick and Gajda had 75s, and Watrous (Joe) was at 76.

* * *

At least 3 former champions, besides Harbert, appear apt to get into Friday's match play round. Sam Snead is a cinch after his pace-setting 66, and Burkemo and all-time great Gene Sarazen are at 72.

Vic Ghezzi can't afford to slip from his 1st day 73, while Denny Shute (75) and Jim Turnesa (75) will have to step it up considerably.

* * *

Snead and Shelley Mayfield recorded the day's best scores on the back nine with 32s. Skee Riegel had 32 on the front.

The 41-year-old Riegel, a former national amateur champ who has been a pro only 6 years, had a spectacular round. He had 9 birdies and none of his birdie putts were longer than 8 feet.

He was damaged on the 8th and 16th holes where he took double bogies. He was buried in a trap on the 230-yard 8th, flew an approach over the green and back into a trap on the par-4 16th.

Another visit to a trap caused him a bogie at the 11th, but his 67 still left him tied with Jackie Burke and Doug Ford a stroke back of Snead.

Union Holds to Early Lead for Win Over Elks

Three-Run 1st Frame Provides Cushion in 6-4 Victory

CIO-594 jumped off to an early lead, then went on to post a 6-4 verdict over Elks in a Class A City Baseball League game Wednesday night at Wisner Field.

Union nine pounced on Elks' pitcher John Keel for three runs in the 1st inning to establish an advantage it never relinquished. Elks twice narrowed the deficit to one run, but never caught up.

CIO's Bill Graham led off with a single and stole 2nd as Mike Slinvensky fanned. Jim Long reached 1st on an error, Graham taking 3rd. Long swiped 2nd, then followed Graham home on Ron Woodhull's single. Dick Ayling walked and so did Tom Studt to fill the bases. Paul Osika was hit with a pitched ball, forcing in Woodhull with the 3rd run of the inning.

Both teams garnered seven hits off the slants of opposing pitchers. Keel, bothered by wild streaks, issued six bases on balls, hit two, and fanned five. Bob Grady hurled the distance for CIO and recorded six strikeouts while walking three.

Ten errors marred play, six of them committed by the Elks. Outfielder Tom Studt paced the CIO with two hits. Chet Woodmore and J. D. Smith each got a pair of safeties for the losers.

CIO 594	.....	301	110	0—6 7 4
Elks 723	.....	111	010	0—4 7 6

Grady and Osika; Keel and Smith.

Bisplinghoff Is Pacesetter in Western Test

Star Amateurs Bid for Seven Berths in Match Play Field

ROCKFORD, Ill., (AP) — Eleven players, led by husky 20-year-old Don Bisplinghoff of Orlando, Fla., today opened a stampede for seven qualifying berths in the Western Amateur Golf Tournament.

Bisplinghoff, drawling blond blaster who won the North - South title at Pinehurst this season, rolled up a 67 Wednesday for a 54-hole tally of 206—seven under par for the exacting Rockford Country Club course.

* * *

The University of Florida junior, who has been playing golf since he was four and won his first tourney at nine, never has been a medalist. But he appeared headed for those honors today in the final round of a 72-hole qualifying marathon.

* * *

Seven survivors will join defending champion Bruce Cudd of Portland, Ore., in 36-hole match play for the title starting tomorrow and continuing through Sunday.

Bisplinghoff, a hot Walker Cup prospect who has a monopoly on the Florida State Amateur crown, featured his third round with an eagle three on the 460-yard 10th hole. He needed only a No. 6 iron on his second shot and planted the ball a foot from the cup.

* * *

Trailing him by four strokes at 210 were two more youngsters — Bob Brue of Milwaukee, 20, a steady bespectacled darkhorse just coming around in major tourney competition, and Edward Merrins of Meridian, Miss., 22, recent winner of the Colonial Invitational at Memphis.

* * *

Grouped at 211 were Jim Tom Blair of Jefferson City, Mo., long-hitting son of Missouri's lieutenant governor and a Western Amateur finalist in 1951; Alex Welsh of the host club, six-time Rockford City champion who skidded to 73 after holding the halfway lead, and Rex Baxter, 19, of Amarillo, Tex., runner-up the last two years in the Trans-Mississippi and 1954 Mexican Amateur winner.

* * *

Rounding out the top 11 at 213 were Harold Brink, 43, Grand Rapids, Mich.; Jim Jackson, Glendale, Mo., Trans-Miss champion the last two years; Walker Cupper Dale Morey of Indianapolis and Don Cherry of Wichita Falls, Tex., and Hillman Robbins of Memphis, State 1954 Intercollegiate King.

Cudd, who qualifies automatically, faded to a 76 for 216.

Pontiac Press Photo

READY FOR TOURNEY — All set to represent Oakland County's 18th District in the American Legion zone tournament at Flint Friday are these members of the Waterford Post 431 team, shown with their manager Dwight Thompson. From the left are pitcher Chuck Gillis, outfielder Leroy Nicholas, Thompson, catcher Ron Kind and pitcher Jerry Kruskie. They play at 10 a. m. Friday in Flint.

Early Favorite for '56

Huron Valley Grabs 2nd Straight Victory in District Legion Action

The 18th District American Legion baseball season is only half over, but already an early favorite for title honors next season is being established.

In fact, if their present pace is continued, Huron Valley Boys Clubbers could win the district title this year, since the winner of the 2nd half-season gets that award.

Victor in only 3 of 9 games the 1st half, the team handled by the energetic Jerry Blakely and his wife at the Duck Lake club has come along fast to win 2 straight 2nd half games. Only 3 players will be lost by age next season.

Clawson was the victim Wednesday, 7 - 3, as Dan Lancaster survived wildness to post a 3 - hitter. A 6-run 2nd inning, highlighted by Lee Averill's grand slam homer, put the decision away. John Zeman added a bases empty homer in the 5th.

In other games Wednesday, Rochester edged Birmingham, 4-3, and Waterford and Berkley played 8 innings to a 3-3 tie under the lights at Berkley.

Bill Henderson went all the way to get Rochester's win over Birmingham. The winning run was scored in the 5th on successive singles by Jack McDaniels, Karl Severance and Ron Nordquist.

Four walks and 2 hits in the 1st inning gave Berkley a 3-0 lead in its game, but Waterford tied the count in the 3rd. Chuck Gillis and Jerry Kruskie came on in relief of Ron Kind to blank Berkley the rest of the way.

Waterford, 1st half winner and district representative in the Legion's zone tourney, plays Friday morning at 10 a.m. in Flint. The draw for opponents is set at 9 a.m. at Whaley Park.

Teams entered, besides Waterford, are Livonia (which draws a bye for being the farthest from the tourney site), Flint Buick, Saginaw 439, and Imlay City. The 2-game inockout test is completed over the weekend.

Miller's 2-Hit Hurling Blanks City League Foe

Stadium Inn continued its winning ways in the City Men's Softball Leagues by blanking Riteway Softwater, 7-0, at North Side Park Wednesday night. Victory was Stadium's 14th in 17 games.

Ed Miller twirled a two-hit shutout to best Riteway's Roger Reynolds. Miller and Reynolds were locked in a scoreless duel until the 5th inning when Stadium broke the ice with a single tally.

Winners scored another run in the 6th, then broke the game wide open with five runs in the 7th. Reynolds permitted only four hits, but a leaky defense betrayed him in the late innings. Riteway committed four costly bobbles.

Mike's Used Cars, tied for the National loop basement, vacated that position last night by upsetting 3rd-place North Side Service, 4-3, at Beaudette. A single by John Schwartz, an error, and a single by Don Painter accounted for the winning run in the last of the 7th. Bill LaRose pitched for Mike's and fanned 11 batters.

In a girl's league tilt at North Side, GMC chased one run across in the 6th to edge Gingellville girls, 3-2. The teams were deadlocked, 2-2 after the 3rd frame, but two errors and Joann Swartz' single decided the issue.

Elks 810 racked up a win the easy way last night, decisioning Ashland Flying Octane, 7 - 0, at Beaudette, on a forfeit.

Harper Pulls Upset in AAU Diving Tourney

California Prep Ace Tops Record in Swim Test on Coast

LOS ANGELES (AP)—A new champion was crowned and a new record written into the books today as the National AAU Men's Swimming and Diving Championships headed into the second night of competition.

* * *

Don Harper, a compact 22-year-old trampoline expert in gymnastics from Ohio State University, pulled the first major surprise when he dethroned Joaquin Capilla Mexico's artist of the springboard, in the 3-meter diving event.

George Harrison, a lean 6-foot high school lad competing for the Berkeley, Calif., city club, twice lowered the American and meet record in the comparatively new 400-meter individual medley race.

The youngster from Orinda, Calif., swam the butterfly, backstroke, breaststroke and freestyle in 5:23.3.

* * *

Earlier Wednesday afternoon, before a sparse gathering in the Los Angeles Swimming Stadium, Harrison was timed in his qualifying heat in 5:27.4, breaking the record of 5:29.0 set in the meet last year at Indianapolis by Burwell (Bumpy) Jones of Michigan.

Ford Konno, the main attraction of the meet, who goes into action for the first time tonight in the 200-meter freestyle, did not defend his 1,500-meter freestyle title.

* * *

But his fellow Hawaiian, 16-year-old George Onekea Jr., named by many as a logical successor to the great Konno, stepped in admirably to win the closest race of the evening. He beat out George Breen, topflight American from Courtland State College, N.Y., in the 1,500.

Fuentes Winner in Dull Battle

NEW YORK (AP)—Some styles make fights but the styles of Ramon Fuentes and Hector Constance don't.

A national TV audience saw Fuentes, 29-year-old veteran from Los Angeles, win a split decision over the 24-year-old lad from Trinidad Wednesday night at Madison Square Garden in a dull battle of counter punches.

* * *

Nobody wanted to lead. When they moved inside at close range, they took turns slamming away. But most of the punches landed on arms and elbows.

The one solid punch of the night was thrown by Fuentes in the ninth, a solid right to the jaw that almost upended Constance. Because Fuentes failed to take advantage of his big chance, the bout dragged to a 10-round decision.

* * *

Judge Joe Agnello scored it for Fuentes 7-3 and Judge Frank Forbes also scored it for the Californian, 5-4-1. Referee Al Berl saw it 5-4-1 for Constance.

Bald Mt. 6th Hole Aced 'On the Fly'

Ralph Coin, 3662 Baldwin Avenue, Pontiac, fired a hole-in-one Tuesday at the Bald Mountain Golf Club while competing in Fisher Body league play.

Coin aced the 172-yard 6th hole with a four iron. The ball dropped into the hole on the fly, striking the pin and wedging itself between the pole and the rim of the cup. It marked the 2nd time this year that a hole-in-one was recorded on the same hole, in the same manner.

Witnessing Coin's feat were Jim Gillispie of Royal Oak and Gordon Shafto and Ken Schluchter, both of Pontiac. The 50-year-old golfer shot a respectable 38.

Cotton Bowl Visitors

Southeast Conference has supplied 6 teams for the Cotton Bowl. Tennessee, Alabama and Georgia Tech have each appeared twice and each of them has won and lost.

Shift of Infield Big Contribution

KANSAS CITY (AP)—Boston's Ted Williams claims that the defensive shift—devised originally against him—has been the foremost contribution to baseball in recent years.

"Baseball has improved since I first came into the league," the Red Sox slugger said before Wednesday night's game with Kansas City. "The most important progress is the way the infields shift for batters today."

* * *

Williams, a .348 lifetime hitter in the majors with a .344 average this season, was the subject of the now-famous shift in the second game of Sunday doubleheader with Cleveland in 1946.

It was the invention of Lou Boudreau, then Indian shortstop-manager who was Ted's manager at Boston last year and now pilots the Athletics.

Queen of Pacers

DETROIT (AP) — Worthy Queen, driven by Leon Boring, won the 1st of Michigan stakes for 2-year-old pacers at Northville Downs last night. Worthy Queen won easily in 2:11 and paid $3.40 straight.

Miss Hobart Lee was 2nd by a length and a half. Courageous Pick was 3rd.

WEDNESDAY'S HOME RUNS

Musial, Cardinals; Westrum, Hofman, Giants; Mathews, Braves; Ward, Pirates; Snider 2, Zimmer 2, Hodges, Dodgers; Chill, Cubs; Seminick, Jones, Phillies; Yost, Senators; Rosen, Doby, Indians; Boone, House, Tigers.

Sports Calendar

TODAY

Baseball

CLASS A—Don Nicholle Real Estate vs. L. C. Anderson Jets (Wisner, 5:30).

CLASS D—Clarkston vs. Griff's Grill (C-J north, 5:30).

CLASS E—Lunsford Market vs. St. George (C-J south, 5:30); Community Super Market vs. Boys Club (Washington, 5:30).

Softball

CITY MEN'S—Shaw's Jewelers vs. K. of C. (Beaudette, 7); Riteway vs. Elks 810 (Beaudette, 8:30); Louie's Tavern vs. Pontiac & Opdyke (North Side, 8:30).

CITY GIRLS—Avondale vs. Giles Realty (North Side, 7).

WATERFORD MEN'S — Waterford Lions vs. Dick & Wes Sporting Goods (Drayton, 8:30).

Ben Tompkins of the Phils was a football star at Texas and played in the 1951 Cotton Bowl game.

Junior Loop Action Hit by 3 Forfeited Contests

CLASS D

Mets *7, Clarkston 0.

CLASS E

Cass Ponts *1, Vivian's 0.
Boys Club 15, St. George 1.

KNOTHOLE

Dick & Wes *7, Earl's Mkt. 0.
Orioles 7, Wing Lake 6.
Red Sox 6, White Sox 2.
Boys Club 6, N. S. Aces 2.
*Forfeit.

Forfeits marred Wednesday's schedule in Pontiac's junior leagues as Mets in Clas D., Cass Ponts in "E", and the Dick & Wes Knotholers each took a decision without playing a game.

The winners in each case, thus stayed well in the running for berths in the post-season playoffs for city championships.

In other games, Boys Club grabbed victories in both Class E and Knothole Leagues. The midget Boys Clubbers stayed undefeated by downing North Side Aces, 6-2.

Darryl Thorpe limited the Aces to 2 hits, one a triple by Dave Moczarski. Bruce Norton's single and double paced the winners.

In the only game played in the older boys' leagues, Boys Club drubbed St. George in Class E., 15-1. Lew Waterfield pitching 3-hit ball while Ken McClintock led the attack with 3 singles.

In other Knothole contests, Orioles nipped Wing Lake, 7-6, in the last of the 7th when Bob Renfrow, last man in the Oriole batting order, walked, stole 2nd and 3rd and came in on a wild pitch. The Red Sox trimmed the White Sox, 6-2, behind Bob Smith's 3-hit hurling.

In their 1st 11 games with the Phillies this season the Cubs won seven. This is one more victory than they won from the same team during the entire 1954 season.

Robinson in Underdog Role Against Castellani, Defeat Probably Would End Once-Great Career

SAN FRANCISCO (AP)—Sugar Ray Robinson is at the end of the road, if the wise money in boxing circles here knows what it's talking about.

Robinson onetime world welter and middleweight champion, is a 9-5 unerdog today in his scheduled 10-round bout with Rocky Castellani in the Cow Palace Friday night. If the odds are right, and Castellani wins, Robinson's comeback bid is on the skids.

* * *

Actually, the odds against Robinson should come as no surprise. Castellani is rated as the No. 1 contender for Carl (Bobo) Olson's middleweight title. Robinson, trying a comeback after a shot at the entertainment world as a song-and-dance man, lost decisively to Tiger Jones only six months ago and isn't even listed in among the top 10 in the division.

Robinson himself, well aware his future is at stake, scoffs at the odds.

"I've still got plenty left to beat the likes of him," he repeated Wednesday as he wound up workouts.

An upset of the odds by Robinson almost certainly would win him a bout with Olson in September, perhaps for the title. A Castellani triumph would put a definite stop to the 34-year-old veteran's try for a return to fistic glory.

Castellani, the cutie from Cleveland who decked Olson last August but lost a 15-round decision, is even more confident than Robinson.

"I'll flatten him," said Castellani, who also concluded his training Wednesday. "I want to be champion and Robinson isn't going to stand in my way."

Robinson, whose last victory was a three-round knockout of Ted Olla at Milwaukee last spring, has lost only four times in 135 fights. Castellani, since this loss to Olson, has been beaten six times in 69 ring appearances.

The fight is scheduled for national radio television (NBC) starting at 7 p.m. (PDT), with a 150-mile area TV blackout around San Francisco.

Gidley Wipes Out Early Deficit to Beat Dairy Nine

Gidley Electric got back to the .500 level in Waterford Softball League play Wednesday night by beating Richardson Dairy, 9-4. It evened the Gidley record at 7-7.

Richardson's leaped away to a 4-0 lead in the 1st 3 innings and looked as though their long losing streak might end, but Gidley rallied for 9 runs in the 4th, 5th and 6th frames to hand the Dairy nine its 13th setback in 14 games.

Earl Lamberton's single, Jack Hagen's double, a passed ball and an error gave Richardson's 2 runs in the 1st, then Lloyd Knox doubled in a pair in the 3rd.

Gidley got 2 back in the 4th on singles by Jim Lesar and Ken Spears, an error and an infield out, and the deciding runs came in the 5th on Clare Johnson's triple, an error, Bill Wood's single, a double by Spears and Bob O'Neill's single.

Gidley Electric ..... 000 242 0—9 10 2
Richardson Dairy ..... 202 000 x—4 7 4
Spears and Lesar; Nelson and Richardson, Lamberton.

Rangers' Early Lead Beats All-Star Club

Ivory Rangers jumped off to a 7-1 lead midway in the 2nd chukker and went on to trim Walt Nicholl's All-Stars, 10-6, in the feature game of a polo double-header at Ivory Field. Jack Stefani sparked the Rangers with six goals, four in the 1st five minutes of action.

In the opening contest, Franklin Hills edged the Pontiac Chiefs, 8-7.

Susce, Newcombe Highlight Pitchers' Day

By THE ASSOCIATED PRESS

Every now and then this season the smoke sent up by the sluggers, zeroing in on the major league home run records with 1,400 to date, clears away, and some brilliant pitching shows through. Wednesday was one of those days.

Boston's George Susce Jr. was the leader, giving Kansas City just one hit in a 6-0 victory. It was the fifth one-hit job in the American League this year and eighth in the majors.

* * *

The 24-year-old righthander, son of the A's bullpen coach, gave up a leadoff single to Vic Power in the first and that was all.

Big Don Newcombe came close to his second one-hitter of the season, but Chicago wound up with two singles off the Brooklyn righthander as he won his 16th, 10-1 in the first game of a twi-nighter. The Cubs snapped a nine-game losing streak in the nightcap, 5-3.

It was relief pitching that won a fifth straight for Washington, with Pedro Ramos hurling 5 2-3 innings of hitless ball to beat Cleveland 6-4. Ray Narleski, Don Mossi and Mike Garcia, incidentally, tossed no-hit stuff in 6 1-3 innings of relief for the Tribe.

Saul Rogovin allowed just five hits as Philadelphia beat Cincinnati 6-0 and Curt Simmons followed it up with a four-hitter as the Phils won their ninth straight in the second game of the twi-nighter 4-2.

Susce, now 5-3, fanned five and walked three while toppling the A's to their ninth straight defeat.

Newcombe struck out eight and after Clyde McCullough's single in the second, didn't allow a runner until Dee Fondy singled to open the eighth. The Brooks smacked five home runs in his support, two each by Don Zimmer and Duke Snider, who now has 33.

The Cubs rallied for three runs in the seventh to salvage the nightcap with Frank Baumholtz' pinch hit eluding Jim Gilliam's shoestring try in left for a two-run triple.

The White Sox rapped loser Bob Turley for four runs in the first and tapped Johnny Kucks for four in the third—then Kucks and Bob Wiesler held them hitless the rest of the way. Dick Donovan won his 13th, although chased in a five-run Yank seventh.

Cleveland, still four games behind, tumbled in the third when the Nats scored four times.

Rogovin, released recently by Baltimore, batted home two runs with a double and Andy Seminick swatted a three-run homer in the Phils' first game victory. Willie Jones gave Simmons a 3-0 lead with his leadoff homer in the fourth of the nightcap.

The Braves lost their second straight to the Bucs despite Ed Mathews' 24th homer that fashioned an early 2-0 lead.

Kourt Annexes 3rd Speedway Feature of Year

Bill Kourt won his 3rd feature event of the hardtop season at Pontiac Speedway before a good midweek crowd Wednesday night.

Kourt maintained his lead in the 25-lap event, while Johnny Howell staged a hot battle for 2nd place. Wallace finally took 2nd and wound up only about 100 feet back of Kourt.

Chuck Partello was the only double winner on the program. He picked up 1sts in the dash and his heat race. Tom Hertzberg won the Australian pursuit and Cliff McKinney won the semi-final.

Other heat winners were Bill Stillwell, Jim Brown, Bill Dillard, and O. Meyer.

Hardtops race again at the track on M59 Saturday night at 8:30 p.m. following trials at 7 o'clock.

Green, Carter Meet in Junior Net Test

CHAMPAIGN, Ill. (AP) — Quarterfinal play in singles competition held the spotlight today in the Western Junior and Boys Tennis Championships.

The top match in the junior division pits Mike Green, Miami Beach, Fla., seeded No. 1 against Ken Carter, an unseeded product of Baton Rouge, La. Green advanced Wednesday by measuring Tom Frieberg, Los Angeles, 6-0, 6-4, while Carter eliminated Bob Macy of Coral Gables, Fla., 6-0, 6-3.

Chief's Mark Enviable

Chief Bender who came from Brainerd, Minn., had a 212-128 won-lost record with the Athletics, White Sox and Baltimore from 1903 to 1925.

Sam Snead's Golf Clinic

Take a look at your clubs. Notice that the shaft comes away from the clubhead at a slightly forward angle. This relationship is built into your club by the maker because tests have shown that that small difference means the face of the club contacts the ball with the loft the club was intended to provide. You can readily understand that if you use, say a straight-faced No. 1 wood, but tilt the handle back, you convert the No. 1 wood to a spoon, so far as the loft of the club is concerned, when it comes in contact with the ball.

And so to leave the loft of the club in correct relation to the ball the shaft is inserted in the head with a slightly forward angle. But since in the address position the clubhead is back of the ball, your hands are even with the ball due to this shaft adjustment.

Orioles Spoil Rookie's Start

Take 6-3 Win After Outburst in 8th Frame

Bunning Turns in Good Job, but Is Outdone by Birds' Moore

DETROIT (AP) — His 1st appearance is a major league ball game ended in defeat, but few would say rookie righthander Jim Bunning didn't do himself credit.

For 7 2/3 innings last night the lanky Kentuckian called up by the Detroit Tigers from their Buffalo farm club held the Baltimore Orioles to four hits. Then the strain began to tell.

With Detroit leading 3-2, the Orioles parlayed three singles, a double and walk into three more runs before Joe Coleman came in to relieve Bunning. By then the damage had been done and the Orioles held on to win 6-3 and end a four-game Tiger winning streak.

The loss dropped the Bengals 9½ games behind the front-running New York Yankees.

Though he turned in a creditable enough performance at the mound, Bunning was outdone by the Orioles' Ray Moore, who had a no-hitter going with two out in the 7th. Then big Ray Boone rifled his 13th home-run of the season into the lower left field stands, starting a three-run rally. A single by Charley Maxwell and another homer by Frank House, his 7th, accounted for the next two runs.

Baltimore went ahead 2-0 in the 4th inning, and held the lead until Detroit's three-run outburst in the 7th.

With one out in the 8th, Cal Abrams and Dave Philley hit successive singles to start the Oriole rally. Bunning fanned Gus Triandos but walked Jimmy Dyck to fill the bases.

Dave Pope promptly put Baltimore ahead 4-3 with a single that scored Abrams and Philley. Then Hal Smith, who had batted in the Orioles' 1st two runs with a double, socked out another two-bagger that rolled to the left center wall and scored Dyck and Pope.

The two clubs will meet for their series finale at Briggs Stadium today with Ned Garver slated to pitch for the Tigers. Hector (Skinny) Brown will go to the mound for the Orioles.

LEADER—Going into the 2nd round of qualifying action today, at Meadowbrook CC, Slammin' Sammy Snead, 3-time winner of the event, led the PGA field with a hot 66. Snead was only one stroke ahead of two others, and the medalist scrap was still wide open. Match play begins Friday.

WEDNESDAY's STARS

PITCHING — George Susce, Red Sox, 24-year-old righthander, one-hit Kansas City, giving up a lead-off single to Vic Power, in 6-0 triumph.

HITTING — Richie Ashburn, Phillies, connected for five hits in eight trips, driving in two runs, in 6-0, 4-2 sweep of twi-nighter, over Cincinnati.

Just One Bad Pitch Costs No-Hitter for George Susce

KANSAS CITY (AP) — George D. Susce Jr. today could have boasted the first no-hit game in the American League this season except for one bad pitch—his fifth offering of the game—in the Boston Red Sox' 6-0 victory over Kansas City Wednesday night.

Susce's fifth pitch, head high, was laced into dead center field by Vic Power for the Athletics' only safety off the steady Red Sox hurler.

It was the eighth one-hitter in the majors this season. Susce gave up four bases on balls and faced only 32 men.

The pitching job was especially pleasing to the 24-year-old rookie righthander since he was working for the first time in professional baseball before his daddy, George Sr., a coach of the Athletics.

"Naturally, I never thought about a no-hitter because the first man up got a hit," young Susce commented in the dressing room. "I was feeling real good and my Sox-mates came up with real support."

David (Boo) Ferris, pitching coach of the pennant contending Red Sox, said Susce had "a good variety" of pitches in the best pitched game by a Boston hurler this season.

Catcher Sammy White broke in to mention it was "a shame for Susce to lose a no-hitter on a throw that would have been a ball."

Susce's nifty performance must have been a treat to his father, too, even though it stretched the A's losing streak to nine games.

The victory over the A's was Susce's fifth of the season against three losses.

Young Susce was signed by Louisville in 1951 but had a 2-year stint in the Army before coming back for stretches with Albany and Scranton. He had a 14-6 record at Louisville last season.

Studt's Hit Gives Drug 8-7 Victory

John Studt's single drove in the run that gave Drayton Drug its 6th straight victory in the Waterford Township Junior softball league Wednesday. Drug edged White Brothers, 8-7.

In Little League play, Puertas Service whipped Maceday Gardens, 15-4, as Gordon Rice collected 4 singles at bat, in addition to hurling a 3-hitter and striking out 11.

Braves' first baseman Walter Holke had 43 putouts in a 26-inning 1-1 tie game with the Dodgers in 1920.

Yankees and the Browns played a doubleheader in 1926 and got it over with in just two hours, seven minutes.

Information about the classes may be had by calling Eicher at FE 2-4867.

Nashua, Swaps Matched for $100,000

CHICAGO (AP) — A supreme moment in thoroughbred horse racing history is destined for Chicago's Washington Park Aug. 31 when Nashua and Swaps line up in a winner-take-all $100,000 match race, by popular demand.

The announcement Wednesday that the country's two premier 3-year-olds would be matched at a mile and a quarter on the sleek south suburban oval surprised and delighted horse lovers everywhere.

Only Monday, it was thought that a run-off between them—talked about for months—never would come off.

Nashua, winner of Saturday's $148,500 Arlington Classic at Arlington Park, had been shipped to New York for a "much-needed rest." Swaps was on his home grounds in California. His owner, Rex Ellsworth, reported him champing at the bit for a personal duel with Nashua but distance and other factors of the "east-is-east-west-is-west" variety were considered insurmountable.

Bids to stage the match by one track and another—from Hollywood Park on the West Coast to Belmont Park in the East—had been discarded. Washington Park and its director, Benjamin Lindheimer, kept pluging but when William Woodward Jr. shipped Nashua out of Chicago, even Washington Park was considered out.

Lindheimer's announcement that the race finally had been agreed upon by Ellsworth and Woodward thus came at a most welcome time.

He said that each horse would carry 126 pounds and that Washington Park was putting up the entire $100,000 for the winner, plus appropriate trophies for owner and jockey.

* * *

The jockeys in this case are the country's best—Eddie Arcaro on Nashua and Willie Shoemaker on Swaps.

Why Washington Park? because said Lindheimer, it was "neutral ground" for the eastern and western greats and also because of the track's long home stretch—1,531 feet and the longest in racing.

A certain "grudge" element adds spice to the race. Nashua suffered his only loss as a 3-year-old to Swaps—in the Kentucky Derby. Swaps, racing on the West Coast, has won all seven of his starts this year, earning $328,950 of a lifetime total of $349,900. As a money-maker, However, Nashua far outshines the westerner. Woodward's pride has taken half a dozen $100,000 added events this year and and has lifetime earnings of $782,565—of which $589,700 was collected this season.

Match races in the past—at least the top ones—never have pitted two 3-year-olds at their peak.

The last match race was between Coaltown and Capot at Pimlico in 1949. This was a $15,000 special at a mile and three-sixteenths which Capot won by 12 lengths. He was a 3-year-old, Coaltown a 4-year-old.

Armed and Assault squared off in 1947 at Belmont Park when Armed was six and Assault four. The younger horse won by eight lengths.

Gene Baker of the Cubs had never played at the second base position until taking over as a regular there last year.

Shortest fence in the majors is the 250-foot left field barrier — a home run target — at the Giants' Polo grounds.

1,800 Muskies Planted in County Lake

Nearly 1,800 young muskies were planted in Wildwood Lake last week, according to Harold L. Hughes, superintendent of the Drayton Plains Fish Hatchery.

Muskies averaged about 5½ inches long, Hughes said, and were planted in the Oakland County lake earlier than planned because of a shortage of proper food.

Wildwood Lake was considered the most capable of supporting the fish, Hughes stated.

Muskies were also planted in two other Lower Peninsula lakes, the state conservation department reported. Budd Lake in Clare County received 1,300 of them and another 1,200 went into Bass Lake in Montcalm County.

Fish averaged slightly under six inches in length. The planting represents the majority of muskies to be freed this year, the department said.

Area Archers in National Test

Pontiac bow-and-arrow addicts will be among the estimated 800 archers at the annual National Archery field tournament in Ludington state park Monday through Thursday, July 25-28.

Area archers expected to compete in the national tourney are Kyle Wharff, Sid Stark, Joe Lavare, "Wimp" Harvey, Bill Carland, Al and Helen Orr, and Webb Grimes, who manufactures the Grimes bow.

Above-named archers represent the two registered archery clubs in this area, Oakland County Sportsmen's Club and Pontiac Archers. All shooters going to Ludington next week belong to both organizations.

National tournament is regarded as the largest of its kind and yearly draws contestants from all of the 48 states and abroad. About 600 attended the tourney in New Hampshire last year.

Competition will also be held Saturday and Sunday as a pre-tournament warm-up. Prizes are awarded to winners during the week-end shooting to set the stage for the major event. A get-together celebration is already in progress at the Lake Michigan city.

Duke Snider struck out 21 times in his first 32 games of 1955.

Mamie Hostess for Yacht Jaunt

Wives of French and British Officials Cruise on Lake Geneva

GENEVA (AP) — Mamie Eisenhower went yachting on Lake Geneva today — together with a whole fleet of small boats crammed with photographers.

The first lady of the United States was hostess to wives of members of the British and French delegations to the Big Four conference. In the party were: Mrs. Max Petitpierre, wife of the President of Switzerland; Lady Eden, wife of the British Prime Minister; Mrs. Edgar Faure, wife of the French Premier; Mrs. John Foster Dulles, wife of the American secretary of state; Mrs. Franklin C. Gowen, wife of the American consul general in Geneva; and Mrs. Livingston Merchant, wife of the U. S. assistant secretary of state.

* * *

Wives of the Soviet delegation would have been included if any had been here.

The party planned a 2½ hour cruise taking in such sights as the cottage on the Swiss-French border where Leon Trotsky and V. I Lenin plotted the Russian Revolution during World War I.

The ladies cruised aboard the 52-foot yacht L'Elma, which is named for the wife of Pierre Cartier, owner of the craft. Flashing a big smile, Mrs. Eisenhower boarded the boat late in the morning together with her guests.

* * *

The first lady was wearing a blue and white print summer gown. Her hat was a small white one and her accessories a white choker necklace, white purse and white shoes. As the party went aboard about two score photographers on hand called out:

"Mamie, wave please."

She responded with a wave and brought the other ladies in the party to her side for pictures.

The ladies planned to lunch during the cruise. On the menu were melon, cold salmon, roast chicken, string beans, salad and cheese, champagne and a light pink wine.

Susan Hayward Tried to Kill Self Twice, Ex Says

BURBANK, Calif. (AP)—Actor Jess Barker says his ex-wife, Susan Hayward, has twice attempted suicide by taking sleeping pills.

Barker filed a motion for full custody of his twin sons yesterday, asserting that Miss Hayward was emotionally unfit to retain custody of the boys.

* * *

In an affidavit attached to the motion he said the suicide attempt attributed to the red-haired actress by police last April was not her first try.

In April 1953 when they were still married she took an overdose of sleeping pills in Rome, Italy, Barker said. His affidavit said Miss Hayward "has a weakness for taking sleeping pills."

* * *

Judge Leroy Dawson denied the motion on the grounds that it was not in his jurisdiction because Barker has appealed the interlocutory divorce decree on which the original custody award was based.

The twin boys are Gregory and Timothy, 10.

In the American Red Cross, volunteer workers outnumber paid workers about 100 to 1.

Hollywood Headlines

Kids Don't Count on Mobs on 1st Visit to Disneyland

By BOB THOMAS

HOLLYWOOD (AP) — Child's-eye view of Disneyland:

Now that the adults have turned in their reports on Walt Disney's splendiferous playground, it might be well to hear the kids' reaction to the place. After all, the joint was built for them.

The guinea pigs are Nancy Thomas, 7 this week, with curly, taffy-colored hair and a lively interest in bugs, books and boys, in that order; and Janet Thomas, also blonde, sturdily-built and as resolute a three-and-a-half-year-old as you'll find.

* * *

The two subjects were immersed in the lore of Disneyland via the mass media of TV, newspapers, comic books, etc. Due to the Wednesday night TV show, Walt Disney has become virtually another father to them, and one they consider much more attractive, at that.

Nancy and Janet stood wide-eyed in the town square of Main Street U.S.A. and took in the fabulous sights. All around them were the oldtime stores and buildings in ⅝ths scale, which made the place seem more like the girls' kind of world. They were asked if Disneyland looked the way they expected.

"No," Nancy replied. "I didn't expect all these people."

* * *

It was true. All the pre-opening propaganda showed the Disneyland streets empty. There was no reason for her to anticipate the crowd which poured into the place.

Janet spotted the ancient horse drawn fire wagon pulling out of the firehouse. "I wanna ride the horsey," she said.

* * *

On to Adventureland, and now the girls' eyes began to grow bigger. They hopped aboard a river boat called the Ganges Gal and peered at the sights that went by.

"Look out!" shouted Nancy as a ⅝th-size (plasic) hippo swam menacingly toward the boat. She was fascinated by the munching giraffe, yawning crocodiles and chattering monkeys and feared we would all be dunked in the waterfall (the boat swerved at the final moment).

In Frontierland, the girls saw someone they recognized —Davy Crockett. "And his pal, Charlie Russell," Janet added.

Next came Fantasyland and the girls agreed with Walt that this was the best of all. They wanted to try all the rides, but settled for the Peter Pan fly-thru.

* * *

"Close your eyes until you round the corner," said the man as the girls settled into the tiny galleon. They clamped their hands over their eyes. When they looked again, they were sailing out the window of the Darling House. They zoomed over London, narrowly missing Big Ben, and headed for the second star to the right. Soon they were over Neverland, peering down on skull rock and almost being snared by Captain Hook.

The girls were tireless; not so their parents. Tomorrowland would have to wait until tomorrow.

Clark Gable States Marriage Not Hasty

ENCINO, Calif. (AP)—Honeymooners Clark Gable and Kay Williams Spreckels say their marriage, unannounced beforehand, actually was long-planned.

"I had it in mind to marry Kay for about a year," said the 54-year-old movie idol. He said he popped the question "three or four months ago."

They met the press yesterday at Gable's home — a ranch-style affair he said they would probably enlarge to provide space for the bride's children, Adolph Spreckels III, 6, and Joan Spreckels, 4.

Gable has no children of his own. He was asked if they planned to enlarge their family. "We hope so," he said.

Cyclist Hits Horse

CHICAGO (AP) — Herman Bishop, 12, was taken to the hospital with a brain concussion when his bicycle collided with Robin King, a white horse ridden by Judy Marks, 15, daughter of a riding academy owner.

Wally Cox Gets Warm Reception After First Flop

LAS VEGAS, Nev. (AP)—It looks as if Wally Cox has a steady job.

* * *

He appeared for two performances in the Dunes Hotel floor show last night, and the management—which fired him last week for "laying an egg" — said that television's Mr. Peepers got a "warm" reception.

Cox has to survive both tonight's shows to break his previous record. He finished three performances last week before the management canned him.

Instead of leaving town, Cox hired a writer and began to work up a new act. The Dunes, which originally agreed to pay him $11,000 a week for four weeks, said it wasn't mad at Cox, just the agency which booked him in "without adequate material."

At last night's performance a chorus girl presented the comedian with a two-foot plastic egg—as a symbol of his prior accomplishments.

Michigan State Centennial to Depict Farm Pageant

EAST LANSING — One hundred acres of Michigan State University campus will be transformed into a world of automation for the Centennial of Farm Mechanization Aug. 15-20.

Six hundred exhibits, representing 300 companies that supply equipment for the farm and home, will be featured.

With the atmosphere of a world's fair, exhibitors will show farm machines of the past and present and some—particularly foreign machines—the public will see for the first time.

Sharing the spotlight with the new will be a host of historic farm machines. A replica of the first combined harvester and thresher—invented by two Kalamazoo farmers in 1836—will acquaint visitors with the saga of early American enterprise.

All kinds of plows will be on hand—from the first cast iron model of 1797 to its modern counterpart.

A 1902 tractor, perfected by John Deere, will be shown. It was the first tractor to drive backwards as well as forward. The first tractor to experiment with rubber tires in 1932 will be exhibited.

A "Threshers' Roundup" will be one of the outdoor exhibits. The old fashioned steam engines belted to threshers will demonstrate the method grandfather used to thresh grain.

Another machine—a sweep power drawn by horses—will be put to work grinding grain for flour.

One exhibit will tell the story of isotopes and atomic energy as applied to agriculture. A model reactor devised for utilizing atomic energy will be shown.

On one section of campus a miniature town of pre-fabricated structures will be erected including grain storages and poultry houses.

Land drainage, soil tillage and home construction will be demonstrated.

A specially designed arena seating 6,000 will be built for the 1½ hour pageant which will be presented daily and four nights.

Never Mind Soup

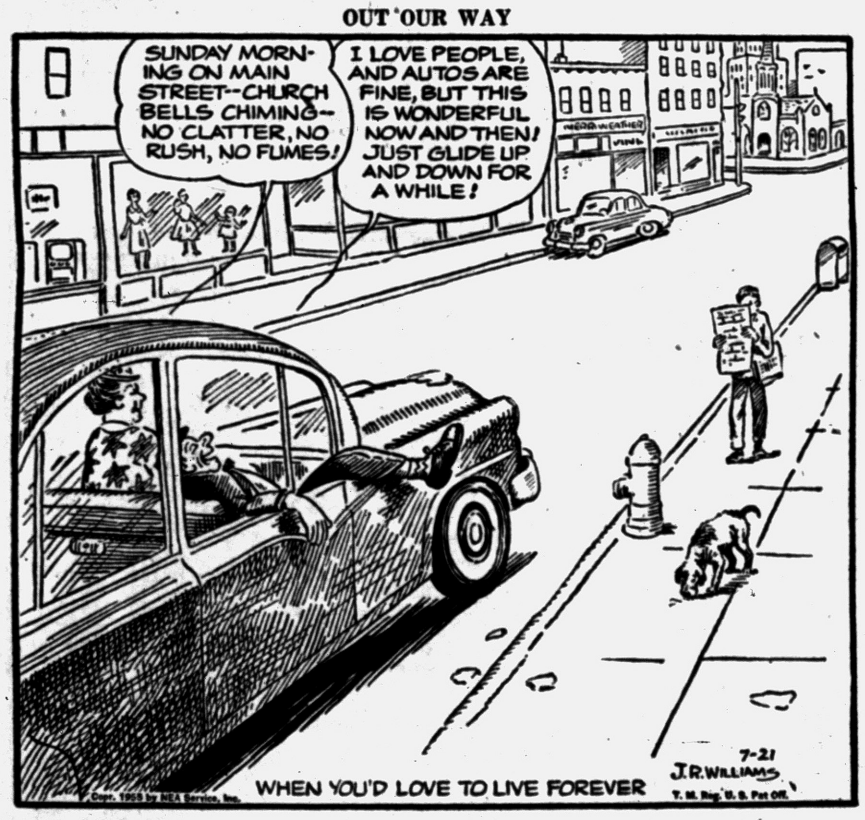

HAMDEN, Conn. (AP)—Lawrence Kelley was charged with driving through a red traffic light. His explanation in court was that he had a kettle of soup in his car and was afraid some of it would spill if he stopped. Judge John E. McNerney said: "Next time let the soup spill. Pay the clerk $9."

When a four-lane highway is built through a rural area, every mile of road requires the equivalent of 40 acres of farm land.

Corn Recovers From Weakness

CHICAGO (AP) — Corn bounded back a cent or so at times on the Board of Trade today from its recent extreme weakness. Oats, after lagging at the start, followed corn higher at a sedate pace.

Wheat showed a firmer trend, as did rye and soybeans. Buying in wheat was based in part on news from the Southwest that the run of new crop wheat to market was slackening and a majority of arrivals were being placed in storage.

Wheat near the end of the first hour was ¾ to 1⅛ higher, September $2.02¾; corn 1 to 1¼ higher, September $1.35¾; oats unchanged to ⅝ higher.

Grain Prices

Produce

DETROIT PRODUCE

DETROIT, July 21 (AP)—Today's Detroit Produce Terminal report:

Moderate supplies of most fresh fruits and vegetables met with a fair demand this morning. Potatoes, onions, tomatoes and new apples continued weak but no major price changes were noted. Green peppers and red raspberries were slightly higher while most other staples remained about unchanged.

Apples, eastern, bushel baskets, U.S. No 1, 2¼ and 2½ inch up, early red varieties, 3.50-3.75; early green varieties 2.50-3.00.

Lettuce: Iceberg type, dry pack, Calif., cartons 2 doz 3.00-3.50; Canada crates, 3 doz 3.75-4.00.

Onions, 50 lb sacks, Calif. yellows, medium 1.85-2.25; large 2.00-2.50; Mich. Yellow Globes, medium, 2.00; Iowa Yellow Globes, medium, 1.60-1.75.

Peaches, New Jersey, bu bskt, early red frees, 2 in up, 4.50; Calif boxes, early Elbertas, 45s smaller, 2.50-2.65.

Peppers: North Carolina and Miss. bushel baskets Calif. Wonder type, meduim-large 2.50-3.00.

Potatoes: Calif., 100 lb sacks, Long Whites, U.S. No 1, size A, washed, 3.25-4.00; Mich., 50 lb sacks, Round Whites, U.S. No 1, size A, unwashed, 1.10-1.25; Round Reds, unchanged.

Raspberires: Mich. reds 24 qt. crates 8.50-10.00.

DETROIT EGGS

DETROIT, July 21 (AP)—Eggs f.o.b. Detroit, cases included, federal-state grades:

Whites: Grade A jumbo 50-55 wtd avg 55, large 46-51 wtd avg 48, medium, 34-43 wtd avg 38; small 27-33 wtd avg 28½; grade B large 32½-45 wtd avg 40½.

Browns: Grade A large 45; medium 37. Grade B large 41; grade C large 27-33 wtd avg 28.

Checks: 22.

Commercially graded:

Whites: Grade A large 38-43, medium 38.

Browns: Grade A large 37-40, medium 36.

DETROIT POULTRY

DETROIT, July 21 (AP)—Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.

Heavy hens 26-28, light type hens 18-19, heavy type roasters over 4 lb 30; heavy type broilers or fryers 2½-3½ lb whites 29, gray crosses 30, Barred Rocks 31; caponettes 4-5 lb 34-36, old roosters 12. Market unsettled on hand as demand light and limited to good quality medium size offerings which are short of full needs. Farm offerings of hens are mostly big and rough and undesirable for live trade. Fryers steady. Supplies adequate and limited to the moderate demand.

Livestock

DETROIT LIVESTOCK

DETROIT, July 21 (AP)—Hogs—Salable 100. No. early sales, asking unevenly higher.

Cattle—Salable 200. Today's market: Cows very slow; no early sales; all other classes cattle steady. Compared last Thursday general trading slow and spotty; good clearance; good and choice fed steers and heifers steady to 50 cents lower; liberal waterfills softening declines; lower grade steers and heifers unevenly weak to $1.00 lower, most loss on lightweight grass cattle; cows 75-1.00 lower; bulls weak to 50 cents lower stockers and feeders weak; about two loads prime 1,084 lb. and 1,133 lb. steers 25.00; few lots high choice fed steers 24.25-24.50; bulk good and choice steers 20.00-24.00; most utility and commercial steers 14.00-18.00; bulk choice fed heifers 21.00-22.00; good heifers scarce; utility and commercial 600-900 lb. heifers and mixed steers and heifers 13.00-17.00; cutter grass steers and heifers down to 11.00; bulk utility cows 11.00-13.50, mostly 12.00-13.00 late; canners and cutters mostly 9.50-12.00; bulk utility and commercial bulls 13.50-15.50; few heavy high commercial bulls 16.00; lightweight cutter bulls down to 9.00; most good and low choice stock calves and yearlings 19.00-22.00.

Calves—Salable 25. Market opening steady. Compared last Thursday broad and aggressive demand for most vealers; market unevenly 1.00-2.00 higher, choice and prime up most; bulk good and low choice vealers 18.00-24.00; high choice and prime mainly 25.00-30.00; utility and commercial grades 14.00-18.00; lightweight culls 5.00-10.00.

CHICAGO LIVESTOCK

CHICAGO, July 21 (AP)—Salable hogs 5,000; fairly active, generally 25-50 higher on butchers and sows; most advance U.S. No. 1 and 2's 190-220 lb., and on sows 400 lb. and heavier; bulk U.S. No. 1 to 3's 190-240 lb. 17.50-18.00; largely 17.75-18.00 on mixed No. 1 and 2's 190-220 lb.; 130 head No. 1's 18.25; bulk 250-280 lb. 16.75-17.50; weights over 280 lb. scarce; a few lots 290-310 lb. 16.25-17.00, and small lots up to 375 lb. as low as 14.75; a few 160-180 lb. 15.00-17.00. Most sows 400 lb. and lighter 14.50-15.75; a few 300 lb. and lighter 16.00- 16.25; most 400-500 lb. in larger lots 13.50-14.50; odd head to 600 lb. down to 12.50 and slightly below; good clearance.

Salable cattle 1,500; salable calves 300; steers and heifers slow, but mostly steady at the week's decline; cows and bulls steady to 25 lower; vealers fully 1.00 lower; stockers and feeders slow, weak at the recent downturn; a few loads and lots choice and prime 1,175-1,335 lb steers 21.00-23.00; a load of choice and prime 1,100 lb. 23.00; average good to average choice steers under 1,100 lb. 20.00-22.25; a few commercial steers down to 16.25; good and choice heifers 19.00-21.50; light cutter grass heifers down to 11.00; utility and commercial cows 11.25-13.00; a few high commercial up to 13.50; canners and cutters 9.00-12.25; utility and commercial bulls 14.00-15.50; good and choice vealers 17.00-21.00; odd head 22.00; cull to commercial grades 10.00-16.00; two loads good and choice 500 lb. yearling stock steers 21.00; medium and good feeding steers and yearlings 17.25-20.00.

U.S. utility companies average $52,000 in investment for every one of their workers.

Market Shows General Upturn

NEW YORK (AP)—There was a general advance in the stock market today.

* * *

Gains ran to more than a point in some instances. Higher groups included the steels, motors, aircrafts, distillers, rails, oils and chemicals.

Volume wa not too impressive, however. After a fairly active opening, trading slowed.

The uptrend was a follow-through of the rally which got under way in late afternoon yesterday. Contributing to the rise were higher earnings reports and news of stock splits.

Improved earnings brought a 1-point gain in Clevite at 22⅛. Union Carbide also moved up on good earnings.

Business Briefs

Promotion of Fred Thompson to manager of the public relations department, Tractor and Implement Division, Ford Motor Co., was announced by Irving A. Duffy, vice president and general manager. He becomes a member of the division's operating committee.

A member of the division's public relations staff since 1953, Thompson before that was public relations supervisor with Dearborn Motors.

A native of Adrian, where he was graduated from Adrian College, he formerly was with the Adrian Daily Telegram as county editor.

He succeeds Walter T. Murphy who has been named assistant general sales manager—advertising, sales promotion and training.

The Detroit Chapter of the National Association of Cost Accountants has elected Charles A. Erdmann, 7455 W. Greenwich, Birmingham, director-editor of the News Letter for the 1955-1956 term.

Erdmann is assistant controller at Parke, Davis & Company.

News in Brief

Edward Schilling, 19, of Detroit, paid a $50 fine and $50 costs yesterday after he pleaded guilty to reckless driving before Bloomfield Hills Justice Alva J. Richardson.

After pleading guilty to driving with a revoked license, Frederick Lamb, 18, of Birmingham, paid $10 court costs and was sentenced to seven days in Oakland County Jail. Judge Cecil McCallum said the youth will serve the sentence on weekends.

Don Ahrens Is Named JA Board President

Don E. Ahrens, General Motors Corp. vice president and general manager of the Cadilac Motor Division, has been elected president of the board of Junior Achievement—of Southeastern Michigan, Inc.

Re-elected to another term on the JA board was William J. Dean, of Pontiac.

Ahrens succeeds Noble D. Travis, of the Detroit Trust Co., as president. He will head the board in JA's seventh year.

The elections were made at the annual business meeting of the board attended by top southeastern Michigan business and industrial leaders who help make possible the program through which teenagers go into business for themselves.

Cyclist, Passenger Hurt in Accident

A motorcycle driver and his passenger were injured yesterday afternoon when they rammed the side of a turning truck on M59 near Lochaven road, Waterford Township Police said.

Driver James Bell, 24, of Hazel Park, was treated for cuts and bruises. His passenger, Jack S. Greiv, 23, was reported in good condition with a broken right leg.

They told officers they ran into the side of a truck driven by Norman Deszell, 43, of Milford, who was making a left turn.

Holly Woman Iniured in Collision on Dixie

Mrs. Wilma R. Wolz, 28, of Holly, was treated for minor injuries at Pontiac General Hospital after her car collided with another early today on Dixie Highway in Springfield Township.

Sheriff's deputies said her southbound car struck the rear of one being driven by Scott Miners, 36, of Flint as he turned into a factory drive at 9620 Dixie. Miners was not injured.

Whirlpool May Shift Operations in Strike

BENTON HARBOR (AP)—Unless a strike at its St. Joseph factory is settled soon, Whirlpool Corp. may shift a "substantial" part of its home laundry manufacturing to other plants, a company official reported.

Don E. Alexander, vice president, told the St. Joseph-Benton Harbor Rotary Club that the walkout which started last Friday also might squelch company plans for expansion in this area.

The AFL International Assn. of Machinists has been negotiating for a new contract since March 10 after it displaced the Workers as bargaining agent following an election. Talks broke down last week.

The union is seeking a 15 cent hourly wage increase and fringe benefits. The company has offered five cents in wages and 6.7 cents in fringes.

Consumers Puts 373,689 Shares on Stock Block

JACKSON (AP) — Consumers Power Co. announced today it will offer 373,689 shares of additional common stock at $45.23 a share to present common shareholders and employes.

* * *

Common stockholders will be authorized to buy one additional share for each 20 shares now held. Shares not purchased by present stockholders may be bought by employes with a limit of 100 shares each.

Justin R. Whiting, chairman of the board, said the record date for subscription warrants is July 21. Subscription rights expire Aug. 5. Public offering for any unsubscribed stock is set for Aug. 11.

An investment banking group headed by Kuhn, Leob and Co. and Ladenburg, Thanlmann and Co. made the successful bid of $3,763 or 11.71 cents a share for underwriting compensation for purchase of any unsubscribed shares.

* * *

White said the company also has contracted with Morgan Stanley and Co. for the sale of 110,000 shares or $10,000,000, of a new issue of $4.16 preferred stock at $101 per share to the public to yield about 4.12 per cent.

The public offering is expected July 21.

Pontiac Deaths

William Dailey

William Dailey, 82, of 360 N. Perry St. died Wednesday in Pontiac General Hospital.

Born at Delta, Ohio March 4, 1873 he was the son of John and Helen Dailey. He came to Oakland County 32 years ago from Ohio and was a retired farmer.

His only survivor is a daughter, Mrs. Mable Cloutier of Detroit.

Funeral will be at 2 p. m. Friday from the Voorhees-Siple Chapel. The Rev. Wesley R. Wibley of First Assembly of God will officiate.

James D. Dolsen

James D. Dolsen, 65, of 6540 Fish Lake Rd., Milford, died at 7:15 p. m. Wednesday in Pontiac General Hospital.

Born at Wallaceburg, Ont. Oct. 15, 1889 he was the son of George and Ann Gates Dolsen. A retired farmer he had spent most of his life in Pontiac and Oakland County.

He was a member of Pontiac Lodge 21 F&AM.

Surviving are a daughter and five sons, Mrs. Sarah Holmes of Commerce, James Jr. of Lapeer, Willis, Francis and Maynard of Wayne and John of Jackson.

Also surviving are three sisters, Mrs. Matilda Hughes of South Gate, Mrs. Bertha Orr of Glendale, both in California and Mrs. Melissa Murphy of Wallaceburg.

The body is at Farmer-Snover Funeral Home.

County Deaths

Jacob VandenBerg

KEEGO HARBOR—Funeral arrangements are pending at the C. J. Godhardt Funeral home here for Jacob VandenBerb, 65, o 2260 Willow Beach. Mr. Vandenberg died today at Pontiac General Hospital.

Surviving besides his wodow, Dore B., are eight daughters, Mrs. Vida Brustick of Keego Harbor, Mrs. Geraldine Aten ofSan Antonio, Texas, Shirley of Albion, Frances of Pontiac, Mrs. Delores Thomas of Union Lake, Mrs. Phyllis Torrey of Albion, Alma of Texas and Mrs. Patricia Serbinoss of Washington, D. C.; two sons, Jay L. VandenBerg of Hillsdale and Robert of Keego Harbor; three brothers, John of Muskegon, Peter of Mt. Norris and Edward H. of Albion, and 16 grandchildren.

Mobs Barricade Auto of Pasha

80-Year-Old Leader Fights Back at Rioters in Morocco

MARRAKECH, French Morocco (AP)—Demonstrators blocked the car of the powerful old pro-French Pasha of Marrakech, Thami el Glaoui, today and fired a shot at him.

* * *

Unhurt, the fiery Berber chieftain—in his 80s—climbed out and tried to shoot back with his carbine but French police prevented him.

Moroccan police opened fire on the crowd and injured several persons. Finally the way was cleared and the Pasha was driven away.

El Glaoui had just left France's new resident general in Morocco, Gilbert Grandval, who was making his first official visit to this city of 200,000 at the foot of the Atlas Mountains.

Grandval's arrival aroused widespread excitement throughout the city. Demonstrators shouted "Ben Youssef! Ben Youssef!" at him, referring to the former Sultan, Sidi Mohammed Ben Youssef, whom the French deposed in 1953 because of his nationalist leanings.

Moroccan police killed two demonstrators in a crowd which set fire to a tobacco shop.

Ferry Workers Threaten Strike but Meet Tonight

LANSING (AP) — Employes of the state ferries at the Straits of Mackinac, who have threatened another strike this weekend, will meet tonight (at 8 p.m.) with the State Civil Service Commission to air their wage demands.

* * *

The ferry workers went out on strike shortly before midnight last Friday and kept the ferries docked for 16 hours. Then went back to work Saturday afternoon on the promise of tonight's meeting.

They have threatened to walk out again at midnight this Friday if their demands are not yet.

The ferry workers originally asked for a flat raise of 30 cents an hour or time and a half for Saturday and double time for Sunday.

"I don't know just what they want now," said C. J. Hess, Deputy Director of the State Civil Service Commission. "We haven't had any communication from them at all."

Hess said he wasn't sure whether the workers would stick by their original demand or were going to ask for both the 30 cent hourly hike and the extra pay for weekend work.

In the past year, about a million people have received certificates in the American Red Cross water safety program.

WATERFORD TOWNSHIP ORDINANCE NO. 28

An Ordinance providing for control, regulation, maintenance and operation of water systems in the Township of Waterford, Oakland County, Michigan other than Waterford Township Water System No. 1.

Whereas, the Township of Waterford has received numerous requests from persons, firms and corporations who desire the Township to assume jurisdiction over and control, regulate, operate and maintain water systems heretofore constructed in the Township of Waterford, and

Whereas, it appears that it is for the best interest of the inhabitants of the Township of Waterford, Oakland County, Michigan, if the said Township does assume jurisdiction of said water systems for the purpose of control, regulation, operation and maintenance:

Now therefore, be it ordained:

1. That upon resolution of a majority of the Township Board of the Township of Waterford, Oakland County, Michigan, the Clerk of the said Township shall assume jurisdiction for the purpose of control, operation, regulation and maintenance of any water system in the Township of Waterford other than Waterford Township Water System No. 1.

2. The Township Board shall establish by resolution of the majority of the Township Board, such rules, regulations and rates governing said system as shall be necessary.

3. This Ordinance shall take effect immediately upon publication.

Ayes: Barry, Tibbals, Loomis, Johnson
Nays: None
Absent: Anderson

LOUIS G. BARRY,
Waterford Township Clerk.

Published on this 21st day of July, A.D. 1955.

July 21, 1955

NOTICE OF REVIEW OF SPECIAL ASSESSMENT

To the owners of property abutting on Hillside Road, being a part of Section 3, Bloomfield Township, Oakland County, Michigan, and described as follows:

Lots 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43 of South Bloomfield Highlands:

PLEASE TAKE NOTICE

That a Special Assessment Roll No. 11 has been prepared by the Assessor for the purpose of levying a special assessment against all property abutting on the above street for the purpose of improving said street. Said Special Assessment Roll is on file with the Township Clerk and is open for public inspection during the regular office hours of said Clerk.

Take further notice that the Township Board will meet at the Bloomfield Township Hall, 4200 Telegraph Road, in Bloomfield Township on the 1st day of August, 1955, at 7:30 o'clock p.m., for the purpose of reviewing said special assessment roll and hearing of any objections thereto.

ROBERT H. DUDLEY,
Township Clerk
July 21, 28, 1955

In Memoriam 2

IN LOVING MEMORY OF George W. Hughes who passed away July 20, 1940.
You left sweet memories to blossom
Bearing fruit for the years to come
In the lives of those who loved you
Precious memories of days that are gone.
Sadly missed by his wife Pearl and daughter.

IN LOVING MEMORY OF OUR dear mother, Mrs. Stella Bigelow Murray, who went to her Heavenly Home 3 yrs. ago, July 20, 1952.
Out and oft our minds do wander
To that Heavenly Home where
God took our dear Mother.
Loving daughter and husband,
Ceeslie Murray Pierce, R. Morris Pierce.

IN LOVING MEMORY OF ALICE C. Beamer, who left us July 20, 1950. Gone but not forgotten. Sadly missed by Sons, Husband and Daughters.

IN LOVING MEMORY OF EUgene and Herbert Sallee, who passed away July 18, 1952.
It is lonesome here without you,
Sad and weary the way;
Life has not been the same,
Since you were called away.
Sadly missed by Mother, Father, Brother Lavern and little Sons, Mike and Pat.

Lake Privileges On Williams Lake

We are looking for an older couple that would like a good buy on a smaller home. There are 3 large rooms and a full bath. New automatic oil furnace installed 3 mos. ago. (Cost $1,000). New plumbing fixtures. Oak floors. Front porch. Located just 3 blks. from the lake with an A-1 sandy beach. Large lot 60x200. This is not an old house. It was built in 1950 however it does need some interior finishing. It's priced to sell as an investmtnt. Only $3,900. Call for appointment.

Lakefront New—All Brick

This is the home that you lakefront buyers have been looking for. Located just 5½ mi. north of Waterford on a well landscaped lot with an outdoor barbecue and a sandy beach on 3 sides. This location affords the seclusion of living on an island yet there is a good country road that ends where this property begins and just 2 blocks from U.S. 10. There are 2 large bedrooms with double closets. Large living room with a huge brick fireplace. 2 picture windows overlooking the lake. Dining room. Spacious kitchen with ceramic tile drainboard and back wall. Full ceramic tiled bath. Attached 1½ car garage. We are sure you will agree that this is a real buy at only $19,500 with $3,900 down. Call for appointment.

Watkins Lake Estates 10 Months Old

Here is a real ranch type, folks! 78 ft. long. Located on a large lot in a fine neighborhood. All brick with attached 2 car garage. Spacious living room with a raised hearth brick fireplace. Nice sized dining room that leads to a large kitchen with plenty of cupboard space. Large bedroom with big closets. Full tiled bath. Nowhere else will you see this much house for so little money. Only $15,750 — Just $5,000 down.

Not Worthwhile if It's Not Great

Phil Foster Lays Egg as Summer Stand-In for Sid Caesar

By JACK O'BRIAN

NEW YORK (INS)—Bette Davis turned down a TV series because: "A series has to be absolutely great or there's no point in doing it."

* * *

We keep hoping the Sid Caesar summer-sub will get better but the stuff just isn't there. Phil Foster fell back on his own dependable cafe material last night and it didn't help much . . .

"Dorothy & Dick," meaning Dorothy Kilgallen and husband Richard Kollmar, go coast-to-coast with their to-now N.Y.-only radio chattercast and stand to make a mint.

We suspect Matt Dennis' instrumental and vocal calisthenics are a touch too sophisticated, or advanced, for viewers attuned to simpler, more forthright pop stuff. Like a brilliant conversationalist who can't converse in anything but esoteric terms . . .

GENIAL GENIUS

Hope we're wrong, because Matt's a genial genius whose sturdy following insists he does nothing wrong; true, but maybe he's too darned right.

* * *

Be as snooty as you wish about soap operas but the top ten weekday radio programs are sudscasts, Godfrey someplace behind . . .

More than $300 million worth of movies made expressly for TV since '49 are rattling around seeking sponsors, explaining all the old familiar half-hours you dial in so often . . .

Notre Dame plans to peddle two of its fall games to box office television, meaning theater-TV . . .

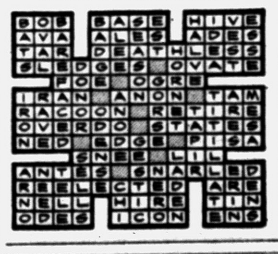

* * *

Peter Donald gets the substitute job for the greatest sub of them all — Robert Q. Lewis — starting Aug. 1.

Black Day at Kingstree

KINGSTREE, S. C. (AP) — Mrs. L. H. Cromer reports three squirrels came down her chimney and then, black with soot, ran all over the curtains, woodwork and mantle, overturned lamps and flower pots.

Answer to Previous Puzzle

Courtesy Is All Right, but This Is Too Much

DES MOINES, Iowa (AP)—A male customer was browsing through a grocery. The company's courtesy campaign was on. A cashier asked if she could help. He wanted to know where the can openers were kept. She showed him, and went to other duties.

He picked up a can opener, went to the soup counter, selected a can, opened it, drank it, put the can opener back, went to the cashier's counter, paid for the soup—and asked the cashier to dispose of the empty can.

De Gustibus

SAN DIEGO, Calif. (AP)—Waitress Muriel Kessel said a mid-afternoon customer came in and ordered strawberry shortcake. Still hungry when finished, the man ordered some fried eggs. Miss Kessel watched him eat the eggs, then folded her arms and asked him, "Now would you like your soup?"

Italian Church Built in 500 Feared Ready to Collapse

RAVENNA (UP)—One of Italy's oldest and most beautiful basilicas has been closed to the faithful upon orders of the Superior Council of Monuments and Antiquities. One of the church's walls is 14.5 inches out of perpendicular and threatening to collapse any minute.

The first warning of danger was sounded in 1949 when the aviation minnistry had decided to build an airport close to the Basilica of Sant'Apollinare, built in the year 500 by Theodoric the Great, king of the Ostrogoths.

As it was feared that the rumble of planes might imperil the church, the council checked its resistance. It was discovered that one of the walls of the church, which offers the rare spectacle of well-preserved interior decoration of the early Christian period, was 11 inches out of perpendicular.

It took the council over six years to get the government to allot 25,000,000 lire (about $40,000) for work to save the ancient church.

When the sum finally was earmarked for the job, the council received hundreds of plans from leading Italian and foreign architects on how to save the basilica. That of Arturo Danusso, of the University of Milan, was chosen. The details of his plan were not revealed.

CLOSE TO SEA

It is believed that one of the many causes of the condition of the church is its closeness to the sea. The Adriatic is barely three miles away, and it is feared that salt water has undermined the church's foundations. Its age is another reason, plus the fact that the church was hit by an Austrian bomb during World War I and heavy bombings during World War II also shook it up.

The church was named for Jesus when it was built by Theodoric and later was rebaptized in honor of St. Martin. It received he name of Sant'Appollinare in the 9th Century.

A mosaic on the left wall, the imperiled one, depicts the town of Classis with ith Roman buildings, the sea with tiny ships sailing about. There also is a huge mosaic of 26 virgins adoring the Christ Child, with the Three Wise Men standing on one side.

Cobbler Domenico Makes Special Shoes for Pope

By HENRY MacLENNON
United Press Staff Correspondent

ROME (UP)—Only a few of the thousands of visitors to Vatican City know of the little old shoemaking shop on the Borgo Pio not far from the grandeur of St. Peter's Square. But about the shop and its owner, 30-year-old, dark, tousle-haired, Domenico Cangiulli, there is a special distinction.

For Domenico Cangiulli is no ordinary cobbler, and the shoes he fashions are of a special kind.

* * *

This short and stocky ex-sailor from Taranto will tell you the story of how he started in business, if you have the time to listen. How, when he was an apprentice, the founder of the shop, old Giuseppe Cottafoglia, called him to his sickbed and said:

"Domenico, my son, the inheritance I leave you is burdensome. But you have clever hands and a quick skill. If you conduct yourself with seriousness and wisdom and put to good use my instructions, you may do even better than I have done for a long time, to make the precious shoes for the Santo Padre . . ."

Yes, Domenico Cangiulli, together with his beautiful wife, Roca, makes the "precious shoes" for Pope Pius XII. They are a special kind of shoe fashioned from fine leather, of cloth or multicolored velvets.

HAS RIGHT FORMS

With the shop, old Guiseppe left the 'forms' made to the measurements of the Pope's feet besides many other 'forms' of the dignitaries, the monsignors, and the bishops of the Vatican.

"It takes nearly three days to make these kinds of shoes," says Domenico. "You have to be very patient, but I'm a shoemaker of quality and my clients are exceptional."

* * *

To fashion a pair of shoes for the Pope, Domenico works on the soles and the cloth or velvet cuts to fit the special shoe-forms while Rosa meticulously embroiders the golden cross on their instep and the delicate golden olive leaves around the borders.

Together they have made two pairs for the Pope. The first pair was of red velvet and the other was of fine white leather.

Domenico has made many shoes for clients not in the Vatican, but he intends to close the shop on Borgo Pio soon and open elsewhere in Rome to "work until the end only for the Vatican, for the monsignors and the Santa Padre.

* * *

Domenico has never seen the Pope. It is his ambition to be allowed to kiss the hand of the Pope and hear from the Pope's own lips some words of praise for the shoes he has made. Many people in the Vatican have praised his work, Domenico said, "and have told me the Santo Padre was pleased, but it is not the same thing."

Do as I Say

PITTSBURGH (AP)—Not long after John Stewart began a new radio show here—titled "Open Road"—and designed to help motorists cooperate with traffic officers he had his first brush with the law. His car was hauled off to the auto pound because he parked overtime.

Chicago Minister Starts Rehabilitation Project

CHICAGO (INS)—Rev. James G. Jones Jr., an Episcopal minister who befriended prisoners at the county jail and the house of correction in Chicago, has solved a problem that threatened to move his family into the street.

Father Jones had counseled the prisoners in jail daily and when they were released from the institutions with only 20 cents for trolley fare and need for a roof over their head, they sought additional aid.

So the minister managed to find room in his small apartment for the released prisoners who called him for help.

But when his third child was born recently, Father Jones asked Bishop Gerald Francis Burrill to turn over a diocesan-owned three story residence for a rehabilitation center for former prisoners.

ST. LEONARD'S

He received permission, and the first thing he did was to rename the former Randall House for Boys "St. Leonard's House." He said the name was chosen for a sixth century French saint who founded a monastery for ex-prisoners.

Then the minister, aided by Rev. James L. Davidson, vicar of nearby St. Andrews mission, started the task of cleaning up the building which he had planned as a temporary home for parolees, ex-convicts and reformed alcoholics.

Only one parolee can stay at St. Leonard's at a time, however, because of a law which prohibits them from living together.

The Episcopal chaplain said "60 per cent of the prisoners have some sort of alcoholic problem involved in their criminality." He added:

"After a prisoner has been dry from two months to several years, you can help prevent the first slip if that person is given a home and a contact with the AA's—just so he has someone to turn to when it is most necessary."

* * *

The minister said the biggest gap in prison social work is taking care of the homeless, not men with families who "generally are taken care of."

St. Leonard's is able to exist, he said, because friends donate money, furniture and supplies. A lawyer's secretary, Robert Worster, 26, is part-time director of the home. He is given a free room but no salary.

Spies Seized in Water

TAIPEI, Formosa (AP)—Two Communist soldiers were seized at noon yesterday swimming toward Nationalist-held Little Quemoy Island off the Red China mainland, the Defense Ministry said today. It said the two were on a mission of spying and sabotage.

Ohio leads the nation in grass growing with almost 1,000 acres cultivated under greenhouse protection.

Beach Ball Rescuer Drowns in Niagara

NIAGARA FALLS, Ont. (AP)—Marlin Brown, of Bufalo, N.Y., noticed a little girl's beach bal being carried away in the upper Niagara River.

* * *

"Don't worry, honey, I'll get it," said the 21-year-old man as he jumped up from a picnic lunch yesterday with his wife and friends and dived into the water.

He swam after the ball for nearly half a mile, then disappeared.

Firemen dragged the river through the afternoon but could not locate the body.

Wyoming has about 1,925 miles of railway trackage.

Floating Moonshiners Give Sheriff Bad Time

LEXINGTON, S. C. (AP)—Sheriff H. M. (Bill) Caughman is having trouble with water-borne moonshiners. He couldn't find a still in an area where he was sure one was operating. After a frustrating search, he took a look at a raft anchored in a pond. There was the still.

Since then, he has found another amphibious outfit on a flatboat on the Edisto River.
