Governor Asks New Mental Health Legislation

Knight's Exit Tightens Race in California

Most Leaders Agree Move Advances Nixon Toward Nomination

SACRAMENTO, Calif. (AP)—Goodwin J. Knight's exit from the 1962 campaign tightened up California's race for governor today.

Political leaders differed on the eventual effect, but most agreed it enhanced Richard M. Nixon's already bright chances for the Republican nomination.

Knight, 65, announced Tuesday he would not file for his old job in the June 5 primary. He was stricken last November by infectious hepatitis—a liver disease.

★ ★ ★

The decision by the colorful ex-governor removed the prospect of a Republican slugfest between Nixon and Knight, who had pledged a "real gloves-off fight."

It installed a hard-charging state assemblyman, Joseph C. Shell, 43, of Los Angeles, as Nixon's chief challenger on the Republican ticket.

★ ★ ★

Shell, an avowed conservative, has been making evident headway against Nixon's early commanding lead in polls. A wealthy oilman, he has delivered at least 400 talks throughout the state while Nixon has been busy on a book and other matters.

★ ★ ★

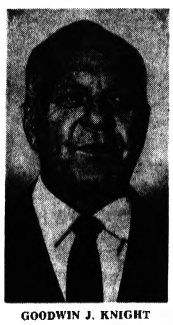

A third GOP candidate, former Lt. Gov. Harold J. (Butch) Powers, made a pitch for Knight's votes, saying "he and I always saw eye to eye." Knight, governor from 1953 through 1958, remained silent on whether he'll take sides in the Republican primary.

★ ★ ★

Democrats probably were disappointed by Knight's action. They had hoped that a serious cleavage in Republican ranks would help Gov. Edmund G. Brown in November.

★ ★ ★

Brown, who is expected to announce his own candidacy next Wednesday, got a lift in 1958 when Knight gave up his bid for re-election under heavy Republican pressure and handed the party's nomination for governor to former Sen. William F. Knowland. Brown defeated Knowland by more than a million votes.

GOODWIN J. KNIGHT

New Civilian-Military Junta Replaces Balaguer After Riot

SANTO DOMINGO, Dominican Republic (AP)—A new civilian-military junta took over the government of this Caribbean nation today under a state of siege, a modified form of martial law.

★ ★ ★

President Joaquin Balaguer resigned and his 7-man council of state collapsed under the pressure of bloody rioting after only 16 days of rule.

★ ★ ★

At least four persons were killed and a score wounded when air force tanks opened fire on a defiant crowd in the heart of the capital last night.

Gen. Pedro Rodriguez Echvarria, the armed forces chief who thwarted an attempted coup d'etat by the brothers of former Dictator Rafael Trujillo last November, emerged grim faced from the Presidential Palace and announced the change of government.

Opposition crowds have been accusing him of dictatorial ambitions and have demanded his resignation.

LED DISCUSSIONS

It was clear he led the discussions which resulted in the change of government.

★ ★ ★

The center of Santo Domingo was quiet this morning. Many stores were closed. Shattered glass littered some streets. Many store fronts were shattered in the night of violence.

Conditions through the interior also were reported quiet.

The official announcement said four members of the old council, besides Balaguer, resigned.

Highly informed sources said, however, that they refused to go along with creation of a new civilian-military junta and were placed under arrest.

The new junta's first communique promised to carry on with "the utmost clarity and patriotism," the task of establishing "real democracy."

It promised elections, but did not say they would be held in time for an elected government to take over on Feb. 27, 1963, the target date of the old state council.

The communique said the new regime assumed the "solemn obligation" of holding elections "when social order is fully re-established, and political parties give more attention to formidable needs of the people than to creation of disorders."

Freedom Brings Smile

Pontiac Press Photo

HAPPY AT LAST—Mrs. Frances Dewey clutches her pet china kitten, Tizzie, and smiles because of her joy to be free after spending 49 years in jail for first degree murder. Alone in the world, she has found her first real home in half a century at Sammond Pleasant Lodge, Romeo, where she is the newest resident.

Woman Gains Freedom After 49 Years in Prison

By LEE WINBORN
Area News Editor

Windows without bars — spacious grounds with no walls surrounding them — and freedom to roam and do as she may choose.

That's the kind of life Mrs. Frances Dewey now has after spending 49 years in prison for first-degree murder.

The diminutive (under five feet) fragile old lady was paroled by Gov. Swainson last month through the efforts of the Athena Club, an organization of Detroit business and professional women who had learned that the woman's one wish was "to die free."

The state's oldest woman prisoner, Mrs. Dewey was sentenced from Ypsilanti in 1912 to a life term at the Detroit House of Correction after being found guilty of beating to death her year-old adopted son.

Through arrangements made by the Detroit club, Mrs. Dewey is now a resident of Sammond Pleasant Lodge in Romeo, a home for the aged and convalescents.

Her pleasant little room is her chief concern. At 83, she can barely see. She has a bad heart. About all she can do is keep the room neat and tidy.

This comes naturally to her because most of her life she has been a housekeeper—both before she went to prison and during her nearly half a century behind bars.

When asked about the incidents that led up to her conviction, Mrs. Dewey still professes her innocence, blaming the crime on her second husband.

She said he had underworld connections and when she wouldn't join him in his activities, robbing, passing counterfeit checks and drinking — he would "get mad."

It was one of these times, she (Continued on Page 2, Col. 3)

Ike: 'Romney Attractive Candidate'

NIAGARA FALLS, N. Y. (AP) — Former President Dwight D. Eisenhower says American Motors Corp. chief George Romney would make an "attractive candidate" for the Republican presidential nomination in 1964, according to GOP National Chairman William E. Miller.

★ ★ ★

Eisenhower, said Miller in an interview last night, felt Romney was "a very impressive fellow, with a very articulate, pleasant personality, and attractive-looking."

★ ★ ★

Romney, 54, was born in Chihuahua, Mex. The constitution says "no person except a natural born citizen . . . shall be eligible to the office of President," but according to a law passed by Congress in 1790, children born abroad of American parents are American citizens.

★ ★ ★

Romney is reportedly considering running for the Michigan GOP gubernatorial nomination this year.

Spells Out Need for Improved State Facilities

Message to Lawmakers Declares Program Shamefully Overdue

LANSING (AP) — Gov. Swainson appealed to the Legislature today to get started immediately on a "shamefully long overdue" program to expand facilities for care of the mentally ill and the mentally retarded.

The governor, in a special message to the lawmakers, mapped out sweeping plans for improvements, ranging from construction of hospitals to new research facilities to community treatment facilities.

He called for an immediate $601,-000 appropriation for operating costs and four construction projects at homes for the mentally retarded.

Michigan, the governor said, has failed to face up to the needs of its mentally deficient citizens since 1935 when the legislature went into special session to make extra appropriations for mental health.

This year, the needs are even more acute than they were seven years ago, Swainson said.

★ ★ ★

He said it was "almost unbelievable" that the legislature had weakened the program by failing to provide adequate funds.

MANY WAITING

Today, there are 1,637 persons waiting for admission to facilities for the mentally retarded, he said, 400 more than in 1955. The waiting lists at hospitals for the mentally ill is about 900, he added.

"They must wait no longer," the governor declared.

Without delay, he said, the legislature should appropriate:

— $95,000 to remodel five buildings at Fort Custer near Battle Creek, for use of 200 mentally retarded.

— $300,000 to start construction of five buildings at Plymouth State Home and Training School.

They include a 220-bed facility for the severely retarded, a 110-bed unit for toddlers, habilitation of an out patient building and the first phases of a storage and food service building. The program would cost more than $1 million.

CITES NEEDS

The governor said another $208,-500 is needed to operate the new 190-bed infirmary at Plymouth; operation of additional buildings at Fort Custer, and placement of 38 additional patients in Southwestern Tuberculosis Sanatorium at Kalamazoo and Copper Country Sanatorium at Hancock.

"A crisis is upon us in full measure, in care of the mentally retarded," Swainson said, asserting that 800 new beds will be needed each year to keep up with requirements.

To meet future demands he proposed:

—Construction of new buildings (Continued on Page 2, Col. 8)

10 Plead Guilty in Video Probe

Ex-Quix Stars Given Suspended Sentences on Perjury Charges

NEW YORK (AP) — Ten cash-winning contestants on rigged TV quiz shows, including Charles Van Doren, Elfrida Van Nardroff and Hank Bloomgarden, today pleaded guilty to perjury charges and were given suspended sentences.

Their pleas constituted admission that they had been coached in answering the television quiz questions.

All of them had been scheduled for trial in special sessions court today. But when they appeared, the court permitted them to change their pleas of innocent to guilty, subjecting themselves to a possible year in jail.

But Justice Edward F. Breslin, adjudging them repentant and saying that they already had been deeply punished by humiliation, suspended sentences.

★ ★ ★

Van Doren, who won $129,000 on the now defunct TV program, "Twenty One," was the first to switch his plea to guilty to a second degree perjury charge, admitting that he lied to a grand jury probing the affair.

Flashes

WASHINGTON (UPI) — The United States is considering withdrawing recognition of the Dominican Republic because of the takeover there by a military junta which has all the aspects of a new dictatorship, American officials said today.

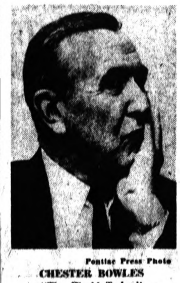

DETROIT (AP)—American Motors today announced net income of $8,220,018, equal to 50 cents a share, for the first quarter of its fiscal year. This compared with $10,163,324, or 55 cents a share, for the first quarter of last year.

MSUO Hears Thinking on World Problems

U.S. Must 'Adjust,' Bowles Says

By GEORGE T. TRUMBULL JR.

The United States can be neither an isolationist nor a dictator of policy for growing independent nations, Chester Bowles asserted in a talk at Michigan State University Oakland last night.

Pontiac Press Photo

CHESTER BOWLES
"The World Today"

Citing "a pretty appalling array of problems" in the world, the special representative and adviser to President Kennedy on African, Asian and Latin American affairs sought to strengthen free world ideals among his 450-member audience.

"We cannot withdraw from the world and neither can we run it," said the former undersecretary of state. "The world is too big and diversified. We can't have all the peoples buy the American way of life.

"Rather we have to adjust ourselves to live in this world, full of its infinite complexities, and to help create opportunities for others," he said.

"We can't buy the loyalty of nations, but we can help these people achieve a freedom of choice to build their nations within the framework of their individual cultures."

He said Russia, on the other hand, was trying to run the world.

Bowles' 50-minute talk, which was followed by a question-and-answer period, initiated a six-part MSUO "World Report" series on major trends and world problems. Proceeds will benefit the university's scholarship program.

DON'T SHUT DOOR

Although the 61-year-old former ambassador to India and Connecticut governor said chances of negotiating for peace with the Soviet Union and Red China were "very bleak," he added that the door to negotiations must never be shut.

He urged a four-point awareness program in foreign policy
(Continued on Page 2, Col. 8)

WALTER P. REUTHER
"No Comment"

Walter Reuther, UAW president, is going to wait until American Motors Corp. president George Romney makes up his mind whether to run for GOP governor before commenting.

Reuther, who had praised Romney for instituting the first "progress sharing" for auto workers, said after the Chester Bowles talk last night at Michigan State University Oakland: "I'll reserve comment until he makes up his mind one way or another."

State GOP Moderates Voice Stand

Four Favor Income Tax

Sen. Farrell E. Roberts, R-Oakland County, is one of four leaders of the so-called Senate Republican "moderates" who have come out in support of a state income tax.

The four indicated their stand in separate interviews Tuesday, reflecting a general softening of Republican opposition to an income tax.

Earlier, George W. Romney, a constitutional convention vice president and potential GOP candidate for governor, reasserted his endorsement of a levy on personal and corporate income.

"I think it is paramount that we face up to the fiscal responsibility of this state," said Sen. Stanley G. Thayer, R-Ann Arbor.

"We are never going to solve our tax revenue problem until we accept a form of flat rate income tax, either as proposed by Citizens for Michigan or embodying the basic principles of shifting the tax burden from nonproductive areas of our economy to productive areas."

A flat rate income tax and business tax relief is "inevitable" if Michigan is to solve its unemployment problem, said Sen. William G. Milliken, R-Traverse City.

The fourth backer is John W. Fitzgerald, R-Grand Ledge.

All four are members of the group that frequently bucked GOP "conservative" leadership in the Senate last year.

SEN. FARRELL E. ROBERTS

Romney, American Motors Corp. president, is chairman of Citizens for Michigan, a nonpartisan, statewide organization.

The group voted last fall to urge adoption of a 1½ or 2 per cent income tax on private and corporate income, continue $50 million in "nuisance" taxes that expired last year, repeal the business activities tax and reduce taxes paid by business on personal property.

PLAN DEFEATED

Gov. Swainson's program, rejected by the 1961 legislature, was similar. However, it proposed a 3 per cent income tax with exemption of food and prescription drugs from the sales tax.

It also made no mention of revising nuisance taxes on beer, telephone bills and other items.

Romney noted Tuesday that he already had endorsed the Citizens for Michigan blueprint.

"This program represented the views of leading citizens from the very political and economic groups that were involved in the crisis and tax deadlock of 1959," he said.

Unit Reverses Self on School Prayers

Some 500 Bloomfield Hills School District parents appeared at the regular board of education meeting last night to express their near unanimous opposition to a policy adopted Dec. 13 banning oral classroom prayers by teachers.

The policy was rescinded by a split vote of the board.

The three-point resolution adopted following the 2½ hour public hearing provides:

"1. That teachers may at appropriate times, in the presence of their students, orally thank God for the blessings that surround us and ask His help and guidance.

"2. That Christian holidays of Christmas and Easter may be observed in the schools and the music, decorations and symbols commonly associated with these holidays may be used.

"3. That the school administration and teaching staff shall develop and submit to the board for approval a plan for explaining the several great religions of the world to the student body and for giving appropriate recognition to the holidays and symbols of these religions.

NOT REQUIRED

"That attendance at or participation in any religious observance or performance by any student shall not be required when the student's parent has requested that the student be excused. The staff will give consideration to the religious beliefs of individuals and will actively seek to avoid causing mental distress or embarrassment to any student.

The school board, which has no written policy dealing with the subject of religion in the classroom, drew up the contro-
(Continued on Page 2, Col. 5)

Mercury Expected to Plunge to Zero

A Canadian-born cold wave hit Michigan today as winter kept its icy grip on most of the state. Once again Pontiac temperatures came tumbling down. The low was 6 degrees at 8 a.m.

★ ★ ★

The Weather Bureau said the current cold wave is expected to continue for five more days with temperatures averaging 10 to 15 degrees below the normal high of 33 and normal low of 19. Tonight's low is expected to hover near zero.

But there is a brighter side. The weatherman said there will be no great accumulation of snow. Some snow and a few light flurries totaling less than .33 of an inch of snow is the forecast for the week end.

Morning northwesterly winds at 10 miles per hour will diminish tonight. At 2 p.m. the thermometer registered 8 above.

Sink 15 Rebel Sampans

SAIGON South Viet-Nam (AP) — The South Viet Nam government claimed today that its fighter planes sank 15 Viet Cong sampans and killed 80 rebels at two coastal villages about 240 miles southeast of Saigon Jan. 11 and 12.

★ ★ ★

The company had $18,887 to clear 219 homes and 101 smaller structures. Their bid was $4,000 under the closest of six other bids for the job.

★ ★ ★

City Manager Robert A. Sherer said he would set up a meeting between himself, Harrelson, a company representative, City Attorney William A. Ewart and city engineers to discuss the problem and see if a solution can be reached short of canceling the contract.

Asks Contract Be Canceled by City

Teamster Chief Says Wrecking Firm Broke Terms of Agreement

At last night's City Commission meeting, Leann Harrelson, president of Teamsters Union Local 614 in Pontiac, asked city administrators and commissioners to cancel their urban renewal demolition contract with Dore Wrecking Co., of Kawkawlin.

★ ★ ★

The Teamster local represents truck drivers and some laborers working on demolition crews.

★ ★ ★

Harrelson confronted commissioners with a list of 17 alleged violations of the city's contract which he said "should either be straightened out or the contract canceled.

★ ★ ★

"I have notified the State Labor Mediation Board of these violations and expect they will be investigated," Harrelson said. "Dore should fulfill their contract obligations or be disqualified."

CHARGES VIOLATIONS

Harrelson charged that Dore "is not using the local labor force they agreed to in contract terms and are not observing the local wage structure."

The contract was awarded last August on the basis that the company would hire local labor at the prevailing wage scale.

"Their equipment is not safe, they are knocking down walls and leaving open foundations that are a hazard to area children, and our drivers have been ticketed because the Dore trucks are not licensed properly," the Teamsters boss charged.

★ ★ ★

The company had $18,887 to clear 219 homes and 101 smaller structures. Their bid was $4,000 under the closest of six other bids for the job.

★ ★ ★

City Manager Robert A. Sherer said he would set up a meeting between himself, Harrelson, a company representative, City Attorney William A. Ewart and city engineers to discuss the problem and see if a solution can be reached short of canceling the contract.

Says Discrimination Hurting U.S. Abroad

WASHINGTON (AP)—Asst. Secretary of State G. Mennen Williams said today racial discrimination in the United States damages the country's position of world leadership.

★ ★ ★

Beyond that, he added, racial discrimination is wrong.

★ ★ ★

"It is counter to the spirit of our laws," Williams said in testimony for a House Labor subcommittee hearing on a fair employment practices bill.

★ ★ ★

Williams did not specifically endorse the bill, which is being backed by liberal House Democrats without open encouragement from the administration.

Bank's Assets Top $35 Million

Pontiac State Reveals Increase at End of '61; All Officers Re-Elected

The Pontiac State Bank during the annual meeting of stockholders last night reported total assets at the end of 1961 at an all-time high of $35,523,137.86.

All directors and officers of the bank were re-elected at the meeting.

President Milo J. Cross, in submitting the year-end report, also stated that stock earnings in 1961, before payment of a one-dollar per share dividend, were equal to $3.28 a share.

Assets at the end of 1961 showed an increase of $576,361.33. Total capital accounts including reserves increased $193,939.53.

* * *

An additional $225,000 in common shares of stock was sold during the calendar year of 1961, making an over-all increase in capital of $418,939.53 above the end of 1960, Cross said.

BUYING BANQUET TICKET — Mrs. LaVon Ryden, owner of the Oxford Shop, 59 W. Huron St., is shown here making a sale, but it's not a retail sale. It's a ticket to the testimonial dinner being given Jan. 24 by the Pontiac Area Chamber of Commerce for former City Manager Walter K. Willman. Buying the ticket is Mayor Philip E. Rowston. Supervising the sale is Monroe Osmun, local merchant, who is chairman of the event. It will be held at Pontiac Elks Temple. Pontiac Press Photo

Boun Oum Stiffens Resistance to Talks

GENEVA (AP) — Pro-Western Prince Boun Oum stiffened his resistance to an agreement with Laos' other two political princes Tuesday night, and it appeared a Geneva conference of the princes would not even meet unless the United States could pressure Boun Oum to the table.

* * *

Boun Oum, premier of the conservative royal government in Vientiane, (1) refused to address the 14-nation Geneva conference on Laos because it had also asked pro-Communist Prince Souphanouvong to speak; (2) repeated that he would not agree to giving the defense and interior ministries in a coalition government to neutralist Prince Souvanna Phouma's faction, (3) said again he would not hold formal negotiations here with the other two princes on formation of a coalition government.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

Attorney's Motion to Dismiss 'Unfair' Jury Denied by Ziem

Circuit Judge Frederick C. Ziem yesterday refused a Pontiac attorney's motion to dismiss the new Circuit Court jury panel on the grounds it doesn't represent all cross-sections of the community.

Attorney Milton R. Henry paraded 36 witnesses, most of whom were city and township clerks and assessing officers (supervisors), before Judge Ziem in an attempt to show they had not followed the law under which they select jurors.

It was Henry's fifth venture into questioning the constitutionality of local jury arrays, all of which might eventually lead to the county adopting a three-member jury commission system, some lawyers say.

Jerome E. Mulligan, Pontiac attorney and chairman of a special committee of the Oakland County Bar Association studying the present system, said Henry's arguments "put new vigor" into a report he'll submit to the association Monday noon.

* * *

Henry fought to spare a client, a 21-year-old Louisiana man charged with attempted murder in Pontiac, from being judged by a 12-member jury picked from the controversial array.

Henry said: "It does not contain a fair sampling of working people and blue collar workers, but is over-supplied with retirees, housewives, Republicans and persons over the middle and young ages, all to the prejudice of the respondent."

This will not, he said, guarantee his client a fair and impartial trial.

TO CHALLENGE AGAIN

After the judge's ruling Henry promised today to challenge the individual jurors selected to hear the trial of John E. Stinson, 21. He is charged with striking a Pontiac General Hospital nurse with a cement trowel last March 23.

Henry also indicated he would appeal Judge Ziem's ruling on his motion to the State Supreme Court after the trial is over. The judge denied a stay and ordered Stinson tried beginning today.

"The challenge of the array can only be made for such prejudicial defects or irregularities shown in the selecting of the jury list," the judge ruled.

"Although there has been some irregularities," he went on, "there has not been a complete disregard of the law."

Ziem, a former GOP prosecutor, said the law in question might need changing. Senior Assistant Prosecutor Jerome K. Barry Jr., in defending the selection, said this was not the court's prerogative.

Barry objected to Henry's calling of the officials, who had been subpoenaed by the attorney, until he substantiated his allegation that there had been a "studied and deliberate design" by them in forming the alleged "select" jury. Henry insisted he had to call the witnesses to do so.

'DELAYING TACTIC'

He labeled as 'a delaying tactic' Barry's objection that this should have been shown by supporting affidavits.

The majority of the township and city officials said they chose the jurors mostly from people they knew in their communities, but had no means to question their good character and integrity as required by law.

One official, Winson S. Moberly, Pleasant Ridge clerk, testified his wife Isabelle was one of the 10 jurors picked from his city.

Bloomfield Hills Unit Changes Policy Vote

(Continued From Page One)

versial temporary policy in December after a member of a minority group had approached the board seeking a clarification of the school district's feelings in the matter.

A group of residents formed an opposition block and some 40 of them appeared at the December 19 meeting of the board to protest. However, the issue was not on the agenda of that meeting and the board refused to take any action.

At a meeting of dissidents Jan. 4, a resolution was adopted that objected to that portion of the school board policy prohibiting oral prayer.

Last night two reasons were given for concern over the action taken by the board:

"1. The December policy draft does not tend to promote freedom and tolerance, but rather reflects a disturbing nation-wide minority pressure to remove all semblence of religion from schools and public meetings and places.

"2. The propriety, if not the legality, of the manner in which the policy was made operational appears questionable."

APPLAUD MOTION

A thunderous standing ovation followed the presentation of these reasons by Robert Sinclair of 1052 Rock Spring Rd.

President David Lee said the action was taken in the best judgment of the members and was not the result of pressure from a minority group.

Lee disagreed with certain points of Sinclair's presentation, especially to the phrase citing the board as being presumptuous in their action. He said the board has the right to act.

Lee also stated that no blame for the stopping of prayers should fall on the shoulders of the superintendent of schools because the action was backed by the majority of board members.

But a motion was made from the floor that nonsectarian prayer should not only be tolerated in the schools but encouraged. A standing vote was called for and less than ten persons stood in disagreement to the motion.

When Lee offered his motion which had been prepared prior to the meeting, the only dissenting vote was cast by Board treasurer Max Miller. W. Earl Givens, trustee, abstained.

The Day in Birmingham

Baldwin Library to Hold Children's Book Sessions

BIRMINGHAM — To help mothers guide their children toward the best books available, the Baldwin Public Library is inaugurating a weekly series of discussions.

* * *

Children's librarians from the Mary Lambie Room will lead the four programs in the library auditorium at 10 a.m. Thursdays, beginning Feb. 1.

The series is designed to offer guideposts for selecting from among the variety of reading matter now offered for children, according to Mrs. Charles R. Birch, head of the children's library.

The discussions will cover classics, series books, book clubs for children and reference books for the home.

* * *

The first program will be devoted to a talk on distinguished children's books illustrators, and books for reading aloud and for the beginning reader.

On Feb. 8, the librarians will discuss selecting books for the 8 to 12-year-old. Reading for ages 12 and up will be the subject on Feb. 15.

A panel discussion based on questions from mothers attending the meetings is scheduled for the final session Feb. 22.

Discussion leaders will be Mrs. Birch, Mrs. David T. Wilder, Mrs. John P. King and Mrs. Donald G. Horwarth.

* * *

Registration for the discussion group, which will be limited to 25 persons, will be accepted at the boy's and girl's department at the library.

The Congregational Church of Birmingham will hold its annual budget meeting at 8 p.m. tomorrow at the church.

The Future Plans Committee will present a report on its findings.

Birmingham Community House Newcomers Club will observe its 14th anniversary at 8 p.m. tomorrow with a party and election of officers.

* * *

An original production entitled "Women Through the Ages" will be presented by members of the club's Little Theater group.

Admission to the show will be by donation. Proceeds will go to the Community House.

U. S. Must Adjust to World - - Bowles

(Continued From Page One)

thinking. This included cementing our country's national purpose, building a military shield against totalitarian forces, keeping aware of the great dangers of the intense arms race, and prohibiting consideration of the world in simple "black and white" terms.

The gap growing between the free and Communist nations still could result in a thermonuclear war, the speaker said.

* * *

"We must maintain our dignity, keep a firm position and keep a crack in that door," said Bowles.

Bowles' frank analysis of the world today laid the groundwork for future talks in the series on communism, China, the Communist block to the Western Alliance, problems of European unity and the United Nations and Latin American problems.

Bowles didn't touch on the explosive situation in Congo during the presentation. During a press conference before hand, he said, "Things have been going surprisingly well" with the U.N. forces helping pull the country together since the succession of Katanga.

"But I could eat my words next week," he added.

* * *

In his major speech, Bowles scoffed at those who, he said, suggest we reverse our foreign policy by "abandoning all alliances, pulling out of the U.N., raising tariffs, abandoning our income tax, cutting the federal budget by 25 per cent and declaring war on anybody we don't like."

Open 'Little Summit'

LONDON (UPI) — Italian Premier Amintore Fanfani and Foreign Minister Antonio Segni today began a one-day conference with top British officials in the latest series of Western "little summit" meetings.

Mental Health Plan Given to Legislature

(Continued From Page One)

at Mount Pleasant State Home and Training School and Caro State Hospital to provide facilities for 370 more patients.

—Remodeling of the old nursery building at Lapeer.

—Completion of preliminary plans for the next phase of construction to complete the Plymouth and Mount Pleasant institutions with 850 more beds.

* * *

Swainson also recommended legislation to permit establishment of joint state and community day care centers for the severely retarded and continued expansion of the program of community-located case workers.

* * *

In Michigan's mental hospitals, Swainson said, more and more patients are being left unattended for lack of adequate operating revenues.

* * *

He said the legislature should act quickly to provide more ward nursing and attendant care, improve drug therapy programs and bolster safety training and maintenance programs.

The replacement of the women's center building at Kalamazoo State Hospital, more than 100 years old, should continue, he said.

Emotionally disturbed children need special attention, the governor said.

He recommended:

—Construction of special children's units at Northville, Pontiac, Traverse City and Ypsilanti hospitals.

—Erection of a day-school building and an addition at Hawthorn Center to enable the institution to double its out-patient programs.

* * *

—Increased staffs to improve special programs for children in hospitals and establishment of a day-school program at the University of Michigan Children's Hospital.

Algerian Blast Kills 10

BONE, Algeria (AP)—Authorities said at least 10 persons were killed and an equal number injured Tuesday night when an explosion ripped apart an apartment building in a Moslem quarter.

Subzero Temperatures Head East

Cold Blows Into Midwest

By The Associated Press

Subzero cold stung the snow-covered Midwest today and headed eastward toward New England. Freezing weather spread south to Texas and the Gulf Coast area.

Fargo, N. D., recorded a -40 reading at 5 a.m. and the -30 temperature at Bemidji, Minn., tied the record low for the date set in 1943.

* * *

The Boston Weather Bureau issued cold wave warnings for northeastern New York and Vermont, predicting overnight lows of 5 to 10 below. Below zero cold also was forecast for Maine and New Hampshire.

The subzero belt stretched across the northern and northern central Plains, the Upper Mississippi Valley and the western Great Lakes region. Some ice-box readings: -30 in Duluth, Minn.; -20 in Minneapolis; -28 in Minot, N.D.; -26 in Alexandria, Minn.; -22 in Bismarck, N. D. and -16 in Eau Claire, Wis.

* * *

No immediate break in the severe cold was indicated. Even colder temperatures were expected in the frigid belt. Cold wave warnings were issued for northern Ohio, western Pennsylvania and western New York. Weather Bureau forecasters said the icy air will hold tight through the Ohio Valley and the middle Atlantic states.

The Weather

Full U.S. Weather Bureau Report

PONTIAC AND VICINITY — Partly cloudy and colder with chance of few light snow flurries through tomorrow, high today 18, low tonight near zero, high tomorrow 12. Wind westerly 15 to 25 miles diminishing tonight.

NATIONAL WEATHER — Snow is expected tonight in parts of the Northern and Central Plateau and Central Plains with rain or snow mixed with rain in the Northwest and a few snow flurries in the Lakes region. It will continue cold in the Northern Plains, northern half of the Mississippi Valley and Upper Lakes and it will be colder east of the Mississippi and in the Central Plains and Northern Plateau. A warming trend is expected in the Southern and Central Plateau and Southern Plains.

Gains Freedom After 49 Years

(Continued From Page One)

said, when he bought another house and wanted her to move in and leave the home she loved that led up to the murder.

Mrs. Dewey sent her husband out to shovel snow and then locked the door behind him, so he wouldn't bother her anymore. She said she made the mistake of opening the door and letting him in to get some boots and he pushed his way around her and went upstairs where their adopted son was in bed.

The 91-pound woman said she heard the baby scream once, but she did not realize at the time it wasn't just because of a sharp pain from cutting four teeth at once.

Her husband then took his suitcases that she had thrown out the window and left. She said she didn't realize until later that the baby had been seriously injured. She said her husband had kicked it.

The baby died about a week later.

This is her story. Mrs. Dewey said her husband told her if she had made up with him while she was in jail awaiting trial, he would have confessed he had kicked the child.

Now all this is but a bitter memory and she can spend her final days finding pleasant things to talk about and meeting new friends.

She hasn't ventured out of her room much as yet, but Mr. and Mrs. Richard Sammond, owners of the lodge, hope it won't be long before she feels she is "home."

Guinea, Cuba Sign Pact

CONAKRY, Guinea (AP)—Guinea and Cuba have signed an agreement for $500,000 worth of trade in 1962. Products to be exchanged were not announced.

Pravda Blasts Him

Molotov in Soup Again

MOSCOW (AP)— Pravda today accused former Foreign Minister V. M. Molotov of waging dogmatic and stubborn opposition to Premier Khrushchev's policy of peaceful coexistence.

The attack in the Soviet Communist party newspaper was the first propaganda blast against the old Bolshevik since the Soviet government announced Jan. 8 that he would return to his former post as permanent Soviet representative to the International Atomic Energy Agency in Vienna.

* * *

The blast was so strong that foreign observers in Moscow felt the battle against Molotov and his so-called anti-party group could still be under way.

"Lenin's views on questions of foreign policy," said Pravda, "and above all on problems of war, peace and peaceful coexistence are being distorted not only by bourgeois ideologists but also by people who slip from the living and creative Marxist-Leninist position to the path of dead dogmatism.

* * *

"This refers directly to the anti-party group headed by Molotov, (Lazar M.) Kaganovich and (former Premier G. M.) Malenkov. As is known, Molotov, in his dogmatic stubbornness, slips down to making statements alleging that Lenin never and at no time spoke about coexistence of states with different social systems."

* * *

Molotov, now 71, returned home from Vienna Nov. 12 to fight a move to expel him from the Communist party after Khrushchev had denounced him and other members of the anti-party group once again at the 22nd Soviet Communist party congress. It was generally assumed that Molotov would be expelled from the party and at best would be allowed to live out his days in obscurity.

The announcement that he was returning to Vienna aroused immediate speculation in diplomatic quarters that Khrushchev had suffered a setback.

* * *

The Foreign Ministry at first said Molotov already was en route to the Austrian capital. Later that week the ministry said it did not know when he was going back. The ministry now will not even discuss the matter with Western correspondents. Neither will the headquarters of the Soviet Communist party.

Reservation Application

Press Theater Tour

Please make the following reservation for me on The Pontiac Press Theater Tour to New York City, departing Tuesday morning, May 8 and returning May 13.

.... Miss

.... Mrs.

.... Mr. ....

Address ....

City .... Phone ....

I understand that the $199 I have enclosed includes transportation, hotel, theater tickets, plus other extra features mentioned in Press articles.

I also understand that if I have any preferences for a room companion or am going with a small group that this information will accompany this reservation.

(Single Room $10 Extra)

I agree to participate in The Pontiac Press Theater Tour under the following conditions:

I have included the full payment with this reservation. If I am unable to make the tour I understand that I shall be given a full refund providing I give notice by April 1. I understand that reservations will be made in order of the receipt of applications and that my name will be placed upon a waiting list if I am not included among the first 80. I understand that I may participate in all of the schedule of events except for possible changes or additions made necessary by some event beyond control of The Pontiac Press.

Let Youngsters Shovel

Don't Throw Your Life Away in the Snow

By WILLIAM C. OWEN

WASHINGTON (AP) — Today, this winter, you may throw your life away.

Or, to put it precisely, shovel or push yourself into the grave.

It probably won't be easy to do; you'll have to put your heart into it—literally.

A SURPRISE JOLT

But you won't be expecting it, or you wouldn't be shoveling snow, pushing a stalled car out of a snowbank, climbing up a snow-mantled hill toward the deer stand, or doing one of a dozen other strenuous activities in the snow.

* * *

For snow—crystallized water vapor—is bringing death to many persons—death by heart attack, and at times, by stroke.

* * *

That's the warning the American Heart Association has for you this winter, especially if you're one of the nearly 55 million Americans over the age of 40.

To stay alive, don't overexert yourself in snow. That's the first rule, the association says. During last week's big storm more than 50 deaths were attributed by authorities to overexertion in shoveling snow, car pushing and similar activities.

"Don't let winter be your Waterloo," says Dr. John W. Latimer Jr., president of the Washington Heart Association.

* * *

Approach snow-handling with common sense, and first get a health and heart check, he says.

Don't, for example, try to push your stalled car out of a snowbank singlehanded. Don't tackle the job of snow shoveling with the vigor of a teen-ager, unless you are a teen-ager, and a healthy one at that.

* * *

People are lured to their deaths because snow looks innocent enough, says Latimer's association.

A physiologist has calculated the energy cost of shoveling snow with the usual 5-pound shovel. A shovelful of snow usually weighs about four pounds. Shoveling 10 loads per minute is equivalent to walking up three flights of stairs in the same period of time. Wet snow, which is heavier, makes the job equal to climbing to the seventh floor in one minute.

MUSCLES FLABBY

Latimer says the unaccustomed exertion of snow work can play havoc with flabby muscles.

If you're overweight, get rid of the excess, he says. Even putting on bulky winter wraps can be a strenuous job for portly men.

Latimer says overexertion in the snow can cause death by cerebral hemorrhage (stroke), but heart attacks are the big killer.

He makes these other points—

"If you have heart disease (whatever your age), don't shovel snow without your doctor's approval.

"It's better to shovel before eating or wait an hour after eating.

"Never shovel to the point of exhaustion.

"When you shovel, lift with your entire body, letting your back and legs share the hard work with your arms.

"Probably the best piece of advice: hand the snow shovel to an ambitious youngster and go to the nearest skating pond for your exercise."

Merit Seen in Poetic Jest

Editorial Bard Blasts Design for FDR Memorial

By DICK WEST

WASHINGTON (UPI) — Behind many a newspaper editorial desk, cloaked in the anonymity of the all-embracing "we," sits a scrivener with the soul of a poet.

At least one such bard currently labors for the Washington Post and Times Herald, and this week he summoned the muses in a manner that I admire immensely.

Taking his text from Edward Lear, the limerick man, he administered a versified bludgeoning to the proposed design for the projected Franklin D. Roosevelt memorial.

In case you came in late on this controversy, I should explain that plans are afoot to monumentalize our 32nd president with an abstract arrangement of concrete slabs that would protrude from a prominent place in the capital.

RIDICULED IDEA

Some critics have ridiculed the design as being reminiscent of Stonehenge, a prehistoric pile of stones located near Salisbury, England.

The Post editorialist suggested, therefore, that this type of memorial architecture be known as "instant Stonehenge." In his view, however, it would more closely resemble "a neglected country churchyard."

This image aroused in him the dark suspicion that the design possibly was inspired by someone seeking to get revenge on the late President by creating "a sort of New Deal burial ground."

If such were the case, he continued, it might then be considered appropriate to have the slabs engraved, tombstone fashion, with epitaphs commemorating various new deal measures that flopped.

For instance, he conjectured that a slab designating the National Recovery Administration might be inscribed as follows:

"Here lies beneath this pillar gray
"The late-lamented NRA.
"It lived and breathed and had its day
"But thank the Lord it went away."

PROGRAM BURIED

Another slab, fancied the poetic editorialist, might immortalize the Agricultural Adjustment Administration thusly:

**"The agency that's here interred
"Proposed to cut our crops a third,
"But every summer since it tried
"They've all increased and multiplied."**

The editorialist ended his lampoon by proposing that the design be amended to include "an heroic reproduction" of Roosevelt's cigarette holder giving forth clouds of "derisory smoke."

* * *

Although he obviously meant it as a jest, I think there may be some genuine merit in that final suggestion. I mean, a good many of the memorials that already have been erected here would look a lot better under a cloud of smoke.

Remember when you used to go to bed with the curfew? Today they just blow it to wake you up.

WHO NEEDS DISNEYLAND? — The perpetual beauty of Niagara Falls is enhanced by the ice bridge that has formed below the falls. In the background are the American Falls.

41 From Pontiac Area

157 Make MSUO Dean's List

A record number of 157 students—41 of these from the Pontiac area—have made the fall semester dean's list at Michigan State University Oakland, Registrar Herbert N. Stoutenberg announced today.

Nearly 16 per cent of all MSUO students achieved academic honors on a list one-third larger than that issued last year for the same period. Well over a third of all grades were A's and B's.

"The fact that more and more of MSUO's students are getting better grades each term," Stoutenberg said, "is evidence that intelligent students with a real desire to learn can and will prosper here."

The students, he said, are demonstrating that a top quality program does not have to be restricted to a tiny intellectual elite.

Of the 157 students, seven made straight A's. One of these, Robert L. Smith of 1400 Mack, Leonard, made five A's. Four courses is a normal load. Smith also won the freshman chemistry award last spring.

The other six students, as listed by the MSUO public relations department, were:

James W. Anderson, 19, of 1254 Avon Circle and Jacqueline K. Sheehan, 18, of 2661 Norton Lawn, Rochester; Shirley M. Bryce (Mrs. Robert J.) of 7750 Eston Road, Clarkston; Beverly A. Donato, 20, of 2124 Ostrum, Waterford Township; M. Sondra Forsyth, 19, of 18981 Ferguson, Detroit; and Marcia Weis (Mrs. C. Arthur) of 335 Barden Road, Bloomfield Hills.

Six students on the honors list are married women with families. One, Alice V. McLeod (Mrs. George R.), sophomore, of Berkley is the mother of three children, all under the age of 4.

Thirty-seven of those listed made at least two A's and two B's, and 113 had no grade lower than a B.

AREA STUDENTS

Listed by MSUO from the Pontiac area were:

Scholar of the Class: Miss Donato.

Students of Great Distinction: Judith B. Bank (Mrs. Thomas R.) of 58 Franklin Blvd.; Marshall E. Bishop, 19, of 2240 Dexter Road; Dimitra Govenis, 20, of 330 E. Pike St.; Nancy J. Keily, 23, of 114 E. Howard St.; Shirley J. Long (Mrs. Lewis S.) of 5324 Clinton River Drive, Waterford Township; Judith C. Thiese, 20, of 917 N. Perry St.; Kay Cline, 18, 131 Elizabeth Lake Road; Francine Langland (Mrs. Arthur M.), 90½ Marlva St.; Robert E. Richardson, 20, 44 Poplar St.; Virginia L. Watson (Mrs. William A.), 21, 2151 Kircher Court.

WHAT DO 3 out of 4 DOCTORS RECOMMEND for TENSE, NERVOUS HEADACHES?

A Survey Also Reveals What Many Doctors, Themselves, Take When They Have Headache Pain.

New York, N.Y. — Medical reports confirm tense, nervous headaches are by far the most common kind and are caused by tension that presses on the nerves. But fortunately, one can get remarkable relief in *minutes* with a special tablet that not only relieves pain but also the emotional tension, mental fatigue and depression that usually accompany such headaches.

Tense, nervous headaches call for the *stronger yet safer* medication in Anacin®. A survey reveals 3 out of 4 doctors recommend the fast, pain-relieving ingredients in Anacin. In fact, many doctors themselves rely on this same type relief when they have a headache.

Anacin Tablets give fast, prolonged and – more complete relief than aspirin or buffered aspirin. You see, Anacin is *different* and contains special medication *not found* in aspirin or buffered aspirin. It's this extra medication that not only relieves pain, but also relaxes its tension and releases painful pressure on nerves.

Despite their strength and effectiveness—Anacin Tablets contain no narcotics, do not form a habit or leave one depressed. Anacin Tablets are so safe, they may be taken as directed as often as needed without upsetting or irritating the stomach.

See if the extra medication in *stronger yet safe* Anacin doesn't work better for you. Change to Anacin for fast, long-lasting and more complete relief.

Acquire 'Interested Eyes in Controlled Head'

Takes More Than Goo for Gleaming Orbs

By PHYLLIS BATTELLE

NEW YORK — And now, ladies, the 64-cent (plus tax) question:

Do you have "eye radiance"?

It is very important, you know. In Japan it is the Year of the Tiger, in Africa it is the year of decision, in Europe it is the year of economic crisis. In America it is the year of the eye. The cosmetics people say so — and so they are almost as big in American culture as the cigarette people.

* * *

Do you have that sickly, post-holiday look? The cosmetics people seem to say in their releases. Maybe your face needs a shot in the arm (a neat trick), and the quickest way to make a comeback from the ravages of rejoicing is to choose one of the new, glamorous shades of mascara and eye shadow and lather them on.

There is nothing new about the idea that "eye radiance" is highly commendable; many surveys of men have indicated that the mule species looks first at a woman's eyes—then at her legs. And it is quite true that eye make-up, adroitly applied, can cover a multitude of sleepless hours.

MORE THAN MERE GOO

However, it seems here that loading the lids with shadow and larding the lashes with goo is not nearly enough. There are other rules that must be followed if a woman is to look radiant of orb.

"The true clue to facial radiance," says Miss Joyce Jackson (author of a book, "Guide to Glamor"), "is radiant, interested eyes in a very quiet, controlled head.

* * *

"Keep your head quiet most of the time, but make your eyes jump with life. When you must move your head, the eyes should move first and the head should follow.

"Most people use eyes and head together, thereby diminishing by half the power of their facial expression," continues Miss Jackson. "Fish move head and eyes together. And that's what people mean by that 'fishy stare.'"

PRACTICE ON PHONE

The author suggests that a woman hang a mirror near the phone, where she can study her face, from the eyes up, while she's conversing with someone. The idea is that a woman should feel happy while she is conversing on the phone (this seems to us to be shaky reasoning, but anyway—), so she can practice smiling with her eyes.

"Nothing is more attractive than a genuine smile with the eyes.

"So practice smiling without closing your eyelids at all. If your eyes persist in shutting partially, just hold them open with your fingers" till you get the knack. (This may be hard, since you're also trying to hold a phone and a conversation, but hear up.)

CMU Senior Candidate for State Legislature

MANISTEE (AP) — Central Michigan University senior Charles R. Thames, 23, of Manistee, today announced he would be a candidate for Republican nomination to succeed Rep. Charles A. Boyer, R-Manistee. Boyer has stated he will not seek re-election.

Thames, completing work for a bachelor degree in commerce, is treasurer of the State Federation of College Young Republican Clubs.

Patented Yo-Yo in 1867

NEWARK, N.J. (AP)—The yo-yo is a toy with a past.

Research has disclosed it was patented by a Newark man in 1867 as the "return wheel." It didn't sell and was discontinued.

World Havoc Predicted on February 4

CLEATOR, Ariz. (AP) — Predicting a world catastrophe on Feb. 4, a group which calls itself Understanding Inc., has taken a 10-year lease on this Bradshaw Mountain mining camp 50 miles northwest of Phoenix.

* * *

Cleator, they say, is one of 12 locations that will be unaffected by havoc created at the conjunction of seven planets.

Mrs. Tahnibita Mantzuarni, a spokesman for the 22 adults in the group, says an astrologer forecast a disaster that would be "hell in nature—with storms, tidal waves, earthquakes."

* * *

Henry Giclas, an astronomer at Lowell Observatory, said the planetary conjunction Feb. 4 is unusual only because the planets will be in the same part of the sky.

* * *

"It will exert only a barely perceptible force upon the earth," he said.

Protest Bombings Blamed on Rightists

TOULOUSE, France (AP)— An estimated 6,000 demonstrators paraded through town Tuesday night protesting a recent flurry of plastic bomb explosions blamed on the right-wing Secret Army Organization.

* * *

Police stood by as the crowd waved banners and chanted anti-Secret Army slogans. There was no violence.

* * *

The demonstration was called by student and teacher organizations, labor unions, a farmers union, and the Communist and Socialist parties.

Sal Mineo Loses License

NEW YORK (AP) — Actor-singer Sal Mineo lost his driver's license and was fined $50 today as the result of a speeding charge. He was convicted on a third such count within 18 months, which brings an automatic license revocation under state law.

Seek Separate Facilities for Mentally Ill Children

At the top of the list of legislative recommendations by the Michigan Society of Mental Health is separate facilities for mentally ill children in State mental hospitals.

E. W. ALLISON, President of the Mental Health Society has repeatedly pointed out that there are more than 600 children now housed in State mental hospitals, side-by-side with adult patients.

★ ★ ★

Most authorities are quick to emphasize the hardship this type of care makes. Mr. Allison said, "There is no question that this works against the children and adults, too, in effecting treatment of their illness."

★ ★ ★

At the present time in Michigan the only separate facility for mentally ill children is the Mary Huff unit at the Kalamazoo State Hospital. This unit is doing an excellent job, but is not physically large enough to handle the case load for the entire State.

The Press understands the limited facilities and consequently, we feel the Society's recommendation for money from the legislature for a similar unit at Ypsilanti State Hospital deserves serious study.

★ ★ ★

At the same time, the Society is asking for $35,000 planning money for a Pontiac State Hospital children's facility. This, too, seems reasonable for the long range planning.

Our mentally ill and emotionally disturbed need help. Without proper facilities it is next to impossible to give the treatment and rehabilitation they need.

★ ★ ★

Governor JOHN B. SWAINSON put a top priority rating on the entire mental health program and we feel the Governor is on solid ground.

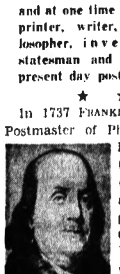

Pay Tribute to Franklin on Anniversary of Birth

Today marks the 256th birthday of one of America's founders and most beloved citizens — BENJAMIN FRANKLIN.

Franklin was a man of many skills passionately devoted to the free exchange of ideas and information. He was a versatile man and at one time or another was a printer, writer, publisher, philosopher, inventor, scientist, statesman and founder of our present day postal system.

★ ★ ★

In 1737 FRANKLIN was appointed Postmaster of Philadelphia. Before long he realized that the royal post office service was a legal monopoly, granted by the Crown to private individuals who were at liberty to charge whatever the traffic would bear to make a profit for themselves.

FRANKLIN

★ ★ ★

He decided on a reform. With the aid of businessmen who had to have a reliable method of communicating business information to carry on trade with other communities and colonies, he started a new system.

By the year 1753 he was appointed Deputy Postmaster General and immediately set up some new standards. One of his first moves was to get the Legislature to build "post" roads with general tax funds as a military need.

★ ★ ★

This idea alone was a big step since it made it possible for a man to write a letter in New York one day and receive an answer the next. Following this he commenced moving the mails at night and then established the "penny post" and local delivery.

Modernization and efficiency followed with his ideas. Today some 30,000 post offices of our postal system stand as monuments to his genius.

The Man About Town

They Defy Time

Brothers Refuse to Be Governed by His Edict

Walking distance: That between the phone and the garage.

George Haddrill

and his 86 year old brother,

Louis Haddrill,

who for 35 years were in partnership as Oxford merchants.

Louis now does all of the cooking and housework, still driving his car, and looking after his brother who admits that he's not quite as young as he used to be.

A recent guest tells me that they never sat down to a more sumptuous meal than in the Haddrill home, with all the trimmings and service of a high class tavern; and there were ten at the table.

A Pontiac suburban firm,

Vilican and Lemen

of Southfield, is working with the Fenton Chamber of Commerce on a plan to revive that village's business section.

A good one drifts in from

Ernest O. Myers

of Keego Harbor. He asserts that a man in a Pontiac hospital developed big openings in the rear of his feet, and the doctors diagnosed it as

"Wide-Crack Heels."

Five pheasants, including two absolutely beautiful cocks, were seen Tuesday by

Mrs. Dorothy White

in her yard at 233 West Ann Arbor St.

People who drive in adjoining counties tell me that our Oakland County continues to do a better job at battling the snow and ice on its highways than any of its neighbors.

There's a Pontiac area echo to a clipping from a Detroit paper of Dec. 15, 1909, when a

Dr. Bela Cogshall

predicted that the new automobile era would "bring people here from all over the world, desirous of bettering their condition." Cogshall was a native of Holly, which has a street named in his honor.

Thanks are extended to

Elmer Ballenger

of Keego Harbor for a clipping from the Pontiac Weekly Post of Jan. 5, 1896, showing that even then we had traffic fatalities, as a boy was killed on the West Huron Street hill when his sled was run over by a horse-drawn sleigh. The item suggests that the word should be spelled "slay."

The safest 1962 prediction, according to a phone call from

Mrs. Beatrice Treft

of Waterford is that the year will witness the death of the alleged dance known as the twist.

After reading that a skunk is an agreeable animal if you always keep in front of it,

Jake Onaway

of Rochester phones that he has a good friend who evidently didn't.

Fishing through the ice on Loon Lake,

Mike Osterly

of Drayton Plains caught a black bass with a special hook in its jaw, that Mike had lost last winter when fishing on Silver Lake.

We cannot give you the weather predictions for this week, as there seems to be some delay in our receipt of

The Old Farmer's Almanac.

But Will It Rub Off?

David Lawrence Says:

JFK 'Frontier' Just Demagoguery

WASHINGTON — Lots of things are "new" under the Kennedy administration besides the "New Frontier," and one of them is the new demagoguery.

LAWRENCE

Webster's new world dictionary defines a demagogue as "a person who tries to stir up the people by appeals to emotion, prejudice, etc., in order to become a leader and achieve selfish ends."

Officials of the Kennedy administration from the President down, as well as some members of Congress, have launched a crusade to cause social clubs in Washington to admit Negroes as members.

Although these clubs are private institutions—like a private home—high officials of the Kennedy administration have used their power of publicity to denounce those clubs which for years have selected their members without regard to outside pressures.

The purpose, of course, is to win votes not only in this area but in all the northern states of the Union.

★ ★ ★

President Kennedy told his press conference that his application for membership to a local club, which had been recently withdrawn, would not be resubmitted. It had been sponsored by Prof. Galbraith, U.S. ambassador to India, who resigned from the club when it turned down the application of a Negro for membership.

No information has been made available as to whether the club did or did not reject the application on racial grounds or whether it was done because of some failure of the applicant to meet all requirements for membership. Various white applicants also have not been admitted.

A more drastic step has been taken by Rep. Herbert Zelenko, Democrat, of New York, who has just introduced in Congress a bill that would prohibit the District of Columbia from issuing food and beverage licenses or occupancy permits to any club that practices racial or religious discrimination in the admission of members.

Who is to find out why an admissions committee declines to elect an applicant?

WHAT OF OTHER CITIES?

What of the clubs in other cities? This is supposed to be a state and municipal matter, but the federal government these days is not dismayed by such barriers. Kennedy, in his State of the Union message, boasted that his administration "has shown as never before how much could be done through the full use of executive powers."

The plight of government officials themselves, incidentally, now is an unhappy one. The President said in a statement to his press conference this week about the Cosmos Club episode:

"I have said from the beginning that I thought this was a personal matter which involved not only the members of this government, but involves everyone in the city and everyone in the country, and every individual must make his judgment in the way that he believes to be right and I have stated that my application for the Cosmos Club was not being renewed."

★ ★ ★

Is this a hint that all government officials should follow the lead of the President? His brother, the attorney general, resigned from a club here that declines to admit Negroes.

How long can other officials withstand the pressure being exerted? Many of the clubs here have members employed by the government or members who do business with the government.

To the new demagoguery, however, there may have to be added the "new hypocrisy." For there are lots of officials in the Kennedy administration—including President Kennedy and Vice President Johnson—who belong to clubs here, and in New York and other parts of the country which practice various forms of racial and religious discrimination.

★ ★ ★

Will some administration official soon go to the annual meetings of such clubs and demand the passage of resolutions condemning what their admissions committees do when they bar certain applicants?

(Copyright 1962)

THOUGHTS FOR TODAY

Which of you convicts me of sin? If I tell the truth, why do you not believe me?—John 8:46.

★ ★ ★

Give us that calm certainty of truth, that nearness to Thee, that convictions of the reality of the life to come, which we shall need to bear us through the troubles of this.—H. W. Beecher.

Dr. Harold Hyman Says:

Examples Help Explain Kinds of Blood Pressure

In a previous column, I explained how blood pressure is recorded and the meaning of the figures you are given. In short, to take a simple example, if you are told your reading is 150 over 100, that means your systolic level (force of the heart pump) is 150 millimeters of mercury (written mm.Hg.) and that 100 mm.Hg. is your diastolic level (written 150/100).

★ ★ ★

What do these figures mean in terms of health and disease?

Well, the diastolic level is the more important and the easier to define. It's easier to define because it is not subject to all sorts of variations. In other words, it's fixed, like the price of a postage stamp.

It's more important than the systolic level because it represents the resistance against which the cardiac pump must work. So there's general agreement that the normal range of the diastolic tension is between 80 and 90 mm.Hg.

The answer to "how high is up?" so far as the diastolic level is concerned is anything over 90 or, at most 100 mm.Hg. Indeed, an elevation over 100 mm.Hg. is a matter of grave consequence.

DIFFICULT PROBLEM

When we come to systolic levels, which are emphasized most often to the exclusion of the more important diastolic, we're going to have a difficult time defining the height of "up." The systolic pressure is subject to as many fluctuations as April weather.

Within the course of a few minutes it can vary as many as 50 mm.Hg. These variations can be caused by any number of factors most of which have nothing to do with the state of the heart or its blood vessels.

For examples, systolic levels are influenced by age (higher as we grow older), sex (higher in women), weight (higher in the obese), body build (higher in Mr. Five-by-Five than in Mr. High Pockets), heredity, the position of the subject during the test (higher when lying flat), the place of the test, the identity of the observer (higher when taken by a doctor than when taken by a nurse or by the subject himself), the emotional state of the observer, the emotional state of the subject, the purpose of the examination, etc.

★ ★

But, so as not to beg the question entirely, let's say that any systolic reading in excess of 200 mm.Hg. constitutes hypertension. And in the last of these columns, we'll go into the meaning of an elevated systolic tension.

★ ★ ★

For a copy of Dr. Hyman's leaflet, "Your Heart: Angina Pectoris," send 10 cents to Dr. Hyman, care of The Pontiac Press.

The Country Parson

"Pretense, like snow, will cover up a lot of ugliness—but won't make it go away."

Voice of the People:

'Contribution Will Help Buy Laboratory Equipment'

We wish to express sincere thanks to The Pontiac Press for its generous contribution of $1,500 to the Pontiac General Hospital laboratory.

★ ★ ★

DR. MARRA

We will use this money to assist in purchasing automatic electronic equipment which will assist us in initiating more rapid methods and more accurate methods in the analysis of body fluids, especially blood.

★ ★ ★

I sincerely extend an invitation to visit our laboratory and see this in action.

John J. Marra, M.D.
Director of Laboratories

'Parking Conditions Poor Along U.S. 10'

I am protesting the "no parking" signs placed along U.S. 10 in Waterford. A sign has been placed in front of almost every business. How can small businesses ever survive when the only place for customers to park is taken away?

★

I have read much about the small business that can't survive because of competition. Now they have more competition from the state which is supposed to be promoting small business. The reason for these signs is supposed to be traffic accidents, yet the state built a truck scale which causes endless confusion at the intersection of Williams Lake Road and U.S. 10.

I have always tried to patronize the small business in hopes that they can survive, but how can I when there is no place to park?

A Small Business Supporter

Trade Pact Scrutinized

WASHINGTON (AP) — Both sides in the gathering congressional fight over President Kennedy's foreign trade program looked for ammunition today in the new U.S. trade agreement with the European Economic Community.

Proponents of Kennedy's five-year trade expansion law, which would authorize sweeping cuts or abolition of tariffs by mutual agreement, said the more limited pact signed Tuesday proves the European economic unit wants to talk business. But they said more negotiating elbow room is badly needed.

Opponents predicted that when the imports made possible by the Brussels agreement begin to hit home producers, more and more Congress members will join the attack on Kennedy's proposal.

Rep. Hale Boggs, D-La., a leading proponent of Kennedy's plan, said the new agreement uses up all the tariff negotiating authority available under present law—a 20 per cent cut in existing tariffs. The present law expires June 30.

"Now there can be no further reciprocal trade negotiation unless Congress acts," Boggs said. "It should be clear by now that trade expansion must not be halted at this point—although there will always be some people to say we have already gone far enough."

Rep. Cleveland M. Bailey, D-W. Va., a long-time opponent of lowered tariffs, said he was concerned about the new agreement. He said he has asked the State Department for a detailed list of products on which tariffs would be reduced under the agreement.

'Let's Give U.N. Final Burial Rites'

The taxpayers of this country have consistently contributed up toward 50 per cent of the total cost of U.N. operations, while at the same time harboring the greatest base for espionage and international intrigue the world has known.

★

What the United Nations needs, in my belief, is surgery and final services to be held over this International organization, long dead and in pitiful need of the final rites of burial.

K. B.

Portraits

By JOHN C. METCALFE

I send to you this written message . . . Of thoughts that lie within my heart . . . Because each time I tried to speak them . . . My whole composure came apart . . . When I am in your presence . . . I somehow never seem to find . . . The words that would convey the meaning . . . Of what I really have in mind . . . You see, for some peculiar reason . . . The moment that I see your eyes . . . My heart will suddenly stop breathing . . . And everything inside me dies . . . And even worse conditions happen . . . When you are softly kissing me . . . For then I feel like I'm exploding . . . In realms of soaring ecstasy . . . And so I know that I had better . . . Sit down and write a line or two . . . While I can still retain my senses . . . To state the love I have for you.

The Almanac

By United Press International

Today is Wednesday, Jan. 17, the 17th day of the year with 348 to follow in 1962.

The moon is approaching its full phase.

There are no morning or evening stars.

★ ★ ★

On this day in history:

In 1806, the first baby ever born in the White House occurred when Martha Jefferson Randolph, daughter of President Thomas Jefferson, gave birth to a son.

In 1917, the United States bought the Virgin Islands from Denmark for $25-million.

In 1944, Gen. Dwight Eisenhower assumed command of the Allied liberation forces of World War II.

In 1946, delegates to the Security Council of the United Nations held their first session in London.

★ ★ ★

A thought for the day: Roman lyric poet and satirist, Horace, once said: "Learn calm to face what's pressing."

Case Records of a Psychologist:

Don't Subsidize Newlyweds' Budget

BY DR. GEORGE W. CRANE

CASE L-409: Mabel M., aged 22, is engaged to be married. "Dr. Crane," her wealthy father began, "I am happy about Mabel's choice, for her fiance is a good man.

"He has just finished college and now has a job with a future. But his salary is not enough to permit Mabel to live on the scale to which she has been accustomed.

DR. CRANE

"I'd guess he makes $125 per week. So my wife argues we ought to place them on a monthly allowance of $250 more per week so they could enjoy more advantages and social prestige.

"But I grew up as a poor boy and realize that it robs a young husband of his pride and self-respect if he is subsidized by in-laws.

"My wife and I had our most enjoyable times when we were skimping and trying to live on a rigid budget during those first few years.

"She has forgotten that, apparently, and now wants our daughter to splurge beyond her husband's income.

"So what can I do? I don't wish to be stingy, but I hesitate to spoil a young couple's independence and thrill of budgeting."

BEWARE THE DOLE

It is very dangerous to subsidize the living expenses of a young couple, for they soon begin to expect this "dole" and thus cultivate an inflated standard of living.

Don't spoil their thrill of having to live within their own fixed income. To do so causes a lot of divorces.

Moreover, no red-blooded American male likes to be regarded as a gigolo or "remittance" man, on the subsidy of his in-laws.

But you wealthy in-laws can help your children without upsetting their budget.

To do this, you must not furnish money for their current living expenses.

Instead, apply it as a down payment on a little home for them. For they will then be required to meet the monthly payments, just like rent, and your gift will not disturb their budget one iota.

But use "horse sense" and don't make that down payment on a home that is so expensive or "ritzy" that even the monthly payments thereafter will bankrupt the young couple's budget.

★ ★ ★

Heed Dr. Donaldson's wise advice, as reported in this column yesterday, and remember that the carrying charges including insurance, etc., should NOT exceed one-third of the owner's salary.

Applied to Mabel's husband, who is making $125 per week, the total carrying charges should thus not exceed one-third of his annual salary of $6,500.

BUY HOMES

Newlyweds will derive a lot of advantages from buying a home.

First, it tends to make them cooperate better regarding neighborhood improvements. And they become more critical voters, too, since they see their real estate tax payments every year.

Second, their children will be more likely to attend the same school steadily throughout all 8 grades, and thus they will not be jerked out of one neighborhood and entered into a new school just as they are meeting the multiplication tables, etc.

Frequent moving is one of the reasons youngsters make low grades, or withdraw shyly into

a shell, or even become delinquents.

So buy a home! And to figure the proper price, send for my booklet "How to Live on a Budget," enclosing a stamped return envelope, plus 20 cents.

★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4 cent stamped, self-addressed envelope and 20 cents to cover typing and printing costs when you send for his psychological charts and pamphlets.

Children's Diseases Soar in County, but No Flu Yet

Children's diseases appear to be zooming in Oakland County, with new cases in chicken pox, measles and mumps leading the field in the report for December by the Oakland County Health Department.

However, while other states reported influenza outbreaks, local reports indicate the Type B virus expected this season has not arrived here so far.

* * *

In each of the three children's diseases, the total of new cases reported in the county for December was about double the number of cases reported in December 1960. Figures released by the county department are:

	Dec. 1961	Dec. 1960
Chicken pox	164	93
Measles	297	93
Mumps	212	88

The City of Pontiac was left nearly untouched by the increase in mumps: six cases last month, three cases in December 1960.

However, the city reported the most radical increase in new cases of chicken pox (43 last month; five in December 1960) and measles (50 last month; three in December 1960.)

The increases were described tentatively as not unusual, pending a study of the location of the new cases by County Deputy Health Director Dr. Bernard Berman.

HEPATITIS GOING UP

The liver disease, hepatitis, continued its upward trend in the county. There were 44 new cases reported in December, compared with 24 cases in November and eight in December 1960. The same figures for Pontiac are: nine, five and two.

* * *

Dr. Berman described as seasonal an increase in impetigo, an inflammatory skin disease characterized by isolated pustules. New cases for all the county reported in December, stood at 17. There were 12 in November 1961 and six in December 1960.

The December new case count for other communicable diseases in the county was as follows:

* * *

Scarlet fever, 18; rheumatic fever, five; pneumonia, four; salmonella infections, four; whooping cough, four; meningitis, two; rubella, two; and mononucleosis, one.

There were no cases of polio in December.

College Aid Bill Given Priority

Leaders in Congress See Good Chance of Measure Passing

WASHINGTON (UPI)—Congressional leaders today hung a priority label on President Kennedy's $2.7 billion college aid bill.

They said its chances of enactment were good. It was set for debate in the Senate starting Jan. 29.

The House meantime readied for almost certain passage next week a compromise version of the President's proposed increase in postal rates, including a five-cent stamp for letter mail.

As both House and Senate settled into the legislative grind, Democratic leaders promised early action on other administration measures to:

—Create a new cabinet-level Department of Urban Affairs.

—Set up a Youth Conservation Corps modeled after the old CCC of the late 1930's.

—Finance retraining of workers thrown out of their jobs by automation.

Notable not on this priority list as agreed to yesterday at the White House were the President's $2.5 billion program of federal aid for construction of grade and high schools; his plan for medical care for the aged under the Social Security program; and his request for brand new authority to make further reductions in import duties as a means to bolster U.S. sales overseas.

On the thorny issue of a general program of school aid, House education experts have agreed to nothing more so far than a new testing of House sentiment.

After last year's loss of all school legislation in the House, the most enthusiastic backers of the President's program are doubtful that a general school bill can now be revived, despite the fact the Senate already has passed it.

Medical care was still locked up in the House Ways & Means Committee and nobody had figured any way to pry it out.

Recreation Dept. and PTA Sponsor an 'Open Forum'

The Pontiac Department of Parks and Recreation in cooperation with the Webster Elementary School Parent - Teacher Association is sponsoring a program for the person who likes to stand up and speak his piece.

The series, "Open Forum," is part of the family night recreation program at Webster School every Wednesday from 7-9 p.m.

Tonight's topic will be the current Constitutional Convention with John Burton as discussion leader and featured speaker.

Future topics include radioactive fallout and physical fitness.

"The series is based on the premise that your point of view is as important as the next," said Leonard T. Buzz, assistant director.

Other Wednesday night activities include beginners and advanced bridge and lessons in photography.

To Dedicate New Center

ANN ARBOR (AP) — The University of Michigan will dedicate its new center for Chinese studies here Saturday with a public lecture by Dr. John K. Fairbank, Harvard University professor and expert on China.

The hallmark, a plate mark or impress on silver or gold work officially approving the purity of the metal, was introduced by statute in England in 1300. It was enforced by the Goldsmith's Hall in London.

Couple Reveals Birth of 3rd Child; He's 92, She 27

KNOXVILLE, Tenn. (AP)—Mr. and Mrs. Jesse Messer are celebrating the birth of their third child, a son.

Messer is 92, Mrs. Messer 27. They have been married 12 years.

* * *

Despite the 65-year age difference, Mrs. Messer said, she and her husband have shared what she considers a perfect marriage except for "those little arguments everybody has."

* * *

Their son, Randall Anthony, was born Monday. The other children are Patricia, 8, and Bobbie Lynn, 5.

Senators to Accompany Rusk to OAS Meeting

WASHINGTON (AP) — Two members of the Senate Foreign Relations Committee will accompany Secretary of State Dean Rusk to the Jan. 22 meeting of the Organization of American States at Punta del Este, Uruguay. Sanctions against Communist-aligned Cuba are to be considered there.

* * *

The senators are Wayne Morse, D-Ore., chairman of a Foreign Relations subcommittee on Latin American affairs, and Bourke B. Hickenlooper, R-Iowa, the subcommittee's ranking GOP member.

Pershing Missile Takes Longest Run

CAPE CANAVERAL, Fla. (AP) (AP)—The Pershing artillery missile has scored its longest test flight success to date, racing more than 400 miles down the Atlantic range.

* * *

Longer burning of both solid fuel stages and a reduction of instrumentation gear enabled the rocket to travel the longer route Tuesday. Longest previous Pershing flight was about 250 miles. The weapon is scheduled to be deployed in Western Europe later this year.

DORWOOD E. BEDFORD

Pick Firefighter as New President of Local Unit

Firefighter Dorwood E. Bedford of 600 E. Columbia Ave. is the new president of the Pontiac Firefighters Association Local 376, AFL-CIO.

Bedford succeeds Sidney J. Miller who was named president in a special election last month to fill the unexpired term of the late Lt. M. Robert Sartell.

Other newly elected officers are Gene Mielke, first vice president; Clyde Soucie, second vice president; Charles W. Theis, secretary; and Lt. Donald H. Thorpe, treasurer.

Serving as trustees will be Lt. Junior Deneen, Lt. Jack McKenna and Carl Waldis. Guards are Bill C. Gleney and Benjamin Cooper. Kenneth Barnett and Donald Goodwin were elected ...

New species of frogs usually are discovered by their call, not their physical characteristics.

AIRLIFT EXERCISE — U.S. 4th Infantry Division troops leave a C135 jet transport after arriving at the Rhine-Main airport near Frankfort, Germany, Tuesday. They have just completed a nonstop polar flight from McChord Air Force Base in Washington. They are the spearhead of the U.S. Army force flown into West Germany in a major test of U.S. capability to rush troops to Europe in an emergency. The operation was dubbed Long Thrust II.

The Murderers—3

Teen-Agers Big Market for Marijuana

By HARRY J. ANSLINGER
U. S. Commissioner of Narcotics
AND WILL OURSLER

In 1930 there was no federal law against smoking marijuana, and the average American citizen in an average community had probably never heard of "reefers" or "tea." But by the middle Thirties we began to see the serious effects of marijuana on our youth. Reports from 30 states showed an "invasion" by this drug.

* * *

Marijuana was something new and adventuresome. The angle-wise mobsters were aiming their pitch straight at the most-impressionable age group — America's fresh, post-depression teen-agers.

One adolescent gave a picture to an agent of a typical smoker in an apartment or "pad":

"The room was crowded. There were 50 people, but it seemed like 500. It was like crazy, couples lying all over the place, a woman screaming out in the hall, two fellows trying to make love to the same girl and this girl was screaming and crying and not making any sense.

'SEEMED BIG'

"It was crazy wild. But I didn't want to do anything. I didn't want to sleep with those women or like that. I just wanted to lie down because the room seemed big and like a great tremendous crowd like at a ball game or something . . ."

Made from the hemp plant that is almost a twin brother to hashish, marijuana grows best in warm climates, but has also been found along roadsides north of Boston. Its leaves, seeds and flowers contain a substance that produces hallucinatory effects.

Marijuana effects on the average user are described in a brochure we published in the Bureau:

* * *

"The drug produces first an exhaltation with a feeling of well being, a happy, jovial mood, usually: an increased feeling of physical strength and power.

"Those who are accustomed to habitual use of the drug are said eventually to develop a delirious rage after its administration during which they are temporarily, at least, irresponsible and prone to commit violent crimes. The prolonged use of narcotics is said to produce mental deterioration."

Physicians who have made hundreds of tests with it report there is no way to predict what effect it can have on the individual. One man has no reaction at all; the next may go berserk. Because of this, the medical profession was forced to drop the narcotic as a possible analgesic.

Much irrational juvenile violence and killing is traceable directly to hemp intoxication.

CAUSES CRIME

A gang of boys tear the clothes from two school girls and rape the screaming girls. A 16-year-old kills his entire family of five in Florida; a man in Minnesota puts a bullet through the head of a stranger on the road; in Colorado a husband tries to shoot his wife, kills her grandmother instead, and then kills himself. Every one of these crimes had been preceded by the smoking of one or more marijuana reefers.

The ruthlessness of the narcotics business is hard to believe. The boy goes into crime to pay for his habit; the girl sells herself. With the use of heroin, the sex urge is almost obliterated; a girl no longer has any feeling about it, neither desire nor restraint. The sex act becomes an avenue to the money she needs for heroin.

Our agents in New York City the worst district for teen-age addiction in America, picked up a girl named Peggy, 19. She came originally from Michigan to follow up a number of theatrical offers, but none worked out. Meanwhile, she met a musician who became her boy friend. Soon he had her smoking marijuana. Then he introduced her to heroin.

ARRESTED 75

We arrested the boy friend and also brought in the girl. Frightened, only half willing to admit to us or to herself what she had gotten into, she told us a story that eventually unfolded a full-dress picture of teen-age addiction flourishing in the honky-tonk world of midtown Manhattan. On the basis of the evidence, we rounded up 75 persons, all under the age of 21.

Under my direct orders, there began a mass exodus of such youngsters to the U. S. Public Health Service Hospital at Lexington, Ky. Many were cured and enabled to begin a new life.

We developed a new technique, making use of intended teen-age victims to bring in the school yard pushers. When the judges and juries began to get a picture of what was going on, they started to give the pushers not suspended sentences but the heaviest penalties possible under revised laws.

* * *

The hospital at Lexington was bursting with teen-agers. In 1945, less than one patient in 30 at Lexington was under 21. By 1955, approximately one patient in six was under 21.

We had predicted an outbreak of adolescent addiction after World War II and it had come, as it came also after the first war. The more recent outbreak was more widespread and more prolonged.

Most seriously involved were colored children of the poorer slum sections in Northern cities. Ninety per cent of the Negroes and Puerto Ricans are not users — but these groups are under assault by the mobs. Some candy stores in the Puerto Rican section of East Harlem are purveyors of dope to the neighborhood children.

NEEDED MORE MEN

To cope with such crime-incubating conditions, I needed more men. The operational personnel of the Bureau was only 175 strong. Congress gave us more men and doubled the penalties for those convicted of selling to persons under 21. In addition, I called on the city police departments to help. Many organized narcotic squads.

The two most difficult spots were New York City and Los Angeles. Runner-ups included Detroit and Chicago. Because of the contiguous Mexican border, both Texas and California as states presented addiction problems.

In Ohio, Governor William O'Neill launched his own personal campaign against illegal drug usage, marshalling every available police agency and joining with the federal agents.

* * *

He also pushed through a law setting the minimum sentence at 20 years. The result: an almost overnight vanishing act by the pushers, proving that rough laws and rigid enforcement are the main answers on the front lines of this problem.

Congress, in 1956, passed a bill that provided the death penalty for the sale of narcotics to teen-agers, provided the jury in the individual cases so recommended.

It also passed a bill providing a minimum penalty of five years for any illegal sale of narcotics. We at the Bureau have been seeking such legislation for two decades.

REDUCED MARKET

In Baltimore, Seattle and in cities throughout the South, relentless rigid enforcement under these laws have brought the teen-age problem under control.

* * *

In other cities, as soon as the states themselves enact stiff penalties paralleling and supporting federal laws, they will also begin to dry up the juvenile market in dope that has netted the syndicate such enormous profits — and cost the lives of so many of our children.

After the Second World War, the narcotic branch of the underworld was given a new lift by the publication of an extraordinary document which has come to be known as the La Guardia Report.

The title was a misnomer; it was actually a report of a committee on marijuana which has been appointed by the "Little Flower" of New York to give an objective picture of marijuana from a scientific point of view. La Guardia was always not only an honest official who warred against the syndicate "tin horns," as he called them, but also a good friend of the Bureau of Narcotics.

* * *

The men who issued this document were men of science. Their report declared, in effect, that those who had been denouncing marijuana as dangerous, including myself, were not only in error, but were spreading baseless fears. I say the report was a government printed invitation to youth and adults — above all to teen-agers — to go ahead smoke all the reefers they felt like.

Relying solely on a series of experiments with a group of 77 prisoners who volunteered to make the tests, the experts asserted that they found no major menace in the use of this narcotic, which they termed "a mild drug smoked by bored people for the sake of conviviality."

Doctors and other authorities, however, tore the report apart for its inaccuracies and misleading conclusions. The Journal of the American Medical Association joined the Bureau in condemning it as unscientific.

* * *

There can be no doubt of the damage done by the report. Syndicate lawyers and spokesmen leaped upon its giddy sociology and medical mumbo-jumbo, cited it in court cases, tried to spread the idea that the report had brought marijuana back into the folds of good society with a full pardon and a slap on the back from the medical profession.

* * *

This carefully nurtured public doubt was to pay off with extra millions in the pockets of the hoods. One killer who helped to nourish the idea — a hoodlum called Lepke — took a multi-million dollar cut in exchange for the terror inspired by the mere mention of his name.

Africans in U.N. Take Up Angola

Seeking Resolution on Demand Acceptable to Western Powers

UNITED NATIONS, N.Y. (AP) —African delegates sought today to draft a U.N. demand for Angola's independence acceptable to the major Western powers.

* * *

"It doesn't matter much whether the resolution is a strong one calling for punitive steps against Portugal or a mild one limiting itself to condemnation," said a veteran African delegate. "The only way to get the Portuguese out of Angola is to drive them out the way India drove them out of Goa."

Most African delegates acknowledged, however, that force was out of the question at present and that even a call for economic penalties against the Lisbon government—as the Soviet bloc is demanding—would fall flat. They said the North Atlantic Alliance would hardly impose sanctions on one of its members.

* * *

The 50-nation Asian-African group is expected to come up with a proposal before the end of the week omitting any reference to penalties. The resolution will condemn Portugal for alleged terrorism in Angola and reaffirm Angola's right to determine its own political future.

Such a resolution is expected to win support from the United States, which reportedly believes too harsh a proposal might drive Portugal still farther into isolation.

Ferris Institute Sets Snow Statue Contest

BIG RAPIDS (AP) — Ferris Institute is taking advantage of recent heavy snowfalls to provide material for an annual snow statue contest among students.

Hundreds of visitors are expected Saturday and Sunday on the campus to view giant statues produced from snow in the sixth annual contest.

* * *

Sculptures depicting famous landmarks of the world are limited to 20 feet in height in the competition sponsored by Kappa Sigma Kappa Fraternity.

10.7 Million Visit TVA

KNOXVILLE, Tenn. (AP)—Tennessee Valley Authority dams and steam power plants attracted almost 10.7 million visitors in 1961, TVA reported today.

Cold Costs Mobile, Ala. $1.75 Million in Damage

MOBILE, Ala. (AP) — Last week's record cold wave sent the temperatures in Mobile down to 7 degrees and damage costs up to $1.75 million or more.

* * *

Plumbing fixtures received the worst clobbering. Repairs have cost about $1 million and plumbers say they still have about 4,000 calls to go.

Births

The following is a list of recent Pontiac area births as recorded at the Oakland County Clerk's Office (by name of father):

Touch-Typing Class Clicks With Jr. Grade Moppets

AUSTIN, Tex. (UPI) — Staying after classes is a privilege at Bryker Woods elementary school.

Some children even complain because they can't come to the one-story brick building more than an hour before regular classes begin.

The reason is a touch typewriting program for selected pupils from the third through sixth grades. Principal J. G. Perkins believes it is the only program of its kind.

★ ★ ★

Girls generally type better at first than boys, but Perkins said "once the boys get started they catch up fast."

All pupils take their typing seriously at Bryker Woods, he said. They treat the machines so well there were only two service calls during the last school year for minor typewriter repairs.

The program began when Mrs. Dorothy Ellison and Mrs. Elizabeth Hampton, both skilled typists as well as elementary teachers, volunteered to teach typing in addition to their regular classes. Mrs. Ellison began teaching 60 pupils last year.

Perkins and teachers chose the typing students on their scholastic ability, cooperativeness, perseverance and genuine interest in the subject.

Parents promised to keep their children in the extra-curricular program through the school year, and not a pupil dropped out. The program was expanded this year and again there is a waiting list of youngsters who want to learn to type.

★ ★ ★

Each typing student was matched with a nontyper with the same relative grades and IQ score.

Reading and spelling tests at the end of the year showed the typists generally had advanced faster in those subjects.

"We can't say that typing did it alone, but there is reason to believe so," said Mrs. Ellison.

U.N. Concerned Over Slaughter

Report of Massacre of European Priests Still Unconfirmed

LEOPOLDVILLE, The Congo (UPI) — The United Nations displayed concern today over reports of the massacre and mutilation of from 18 to 20 Roman Catholics by bands of Congolese troops and youths at Kongolo, in North Katanga.

★ ★ ★

Reports received by the U.N. said 20 European priests were killed. Vatican representatives said, however, 17 European priests and a lay brother were the victims.

Neither the U.N. nor the Central Congolese government could confirm the report of an African seminarian who fled from Kongolo after the attack.

But in passing the account on to Prime Minister Cyrille Adoula the U.N. noted that the story was told under oath in the presence of the Roman Catholic bishop for Kivu Province.

★ ★ ★

The seminarian said the troops were inflamed against the Roman Catholic priests because they were "poisoning the minds" of young people in the area by "preaching against procreation."

Kennedy Aide 'Bowles Over' MSUO Student

A young Michigan State University Oakland student made a "crisis" out of the Cosmos Club controversy in Washington as he questioned Chester Bowles at a press conference last night.

Paul Turk, a Kent, Ohio sophomore on the university's newspaper "The Oakland Observer," asked Bowles, special adviser to President Kennedy, what he planned to do with his membership "in the Crisis Club."

A school official quickly nudged Turk and said, Cosmos Club.

The President and other high officials have dropped their memberships in the exclusive Washington social club after it barred a Negro state department official.

★

The Crisis Club is a Detroit organization.

Bowles answered the red-faced Turk by saying he never belonged to the Cosmos Club.

Police Find Caller Needs a Little Help

TOLEDO, Ohio (UPI) — Police desk Sgt. Leo Niese asked the man with the pained look if he could help.

Robert Atkins turned around to display a butcher knife protruding from his back. Rushed to a hospital, attendants said the knife penetrated about 4 inches without serious injury.

★ ★ ★

Police learned the knife was thrown by a man involved with others in a scuffle at a bar. It hit Atkins as he drove away in his car.

Atkins said he continued to the Toledo Safety Building for help with the knife "because it only hurt a little."

Polar Explorer Dies

CAMBRIDGE, England (AP)—Sir James Wordie, 72, explorer, geologist and geographer, died Tuesday after a long illness. Wordie was closely associated with polar exploration for 40 years and took part in numerous expeditions.

Says Need Exists for Technical Aides

CINCINNATI (UPI) — The nation is not so much lacking in scientists and engineers as in competently educated personnel to work with such specialists, says Dr. G. Ross Henninger, president of the Ohio College of Applied Science and the Ohio Mechanics Institute.

★ ★ ★

"On the basis of American industry's need," Henninger claims, "there should have been 114,000 engineering technicians graduated last June to balance the 38,000 graduate engineers."

Actually, Henninger says, only 11,000 engineering technicians were graduated from accredited or acceptable technical institutes.

Pitcher Collection Around 300 Mark

HOMER, Ill. (UPI) — Mrs. Nolan Craver, Sr., collects pitchers.

Not baseball pitchers but pitchers used to pour liquids. There is a difference. She has about 300 of the of many sizes and descriptions.

The smallest, a barely a half-inch tall can rest on your thumb nail. It came from the Alamo, she said.

The largest is represented by an Adm. Dewey glass pitcher of the type once popular on dining tables.

"Many of my pitchers are antiques that have come to me from the family," Mrs. Craver said. "They are family heirlooms and are 70 years old or more."

Boy Shoots Father When Signal Fails

DENVER, Pa. (AP) — Richard Firestone, 34, will make certain his communication system works the next time he takes his 14-year-old son, Gary, skeet shooting.

★ ★ ★

Firestone was standing behind a garage tossing out 4-inch-square blocks of wood for his son to shoot at, when the release signal failed.

★ ★ ★

He extended his arm from behind the garage to toss out another block. The boy fired, showering the arm with 12-gauge buckshot.

Movie Man-Actor Dies

HOLLYWOOD (AP) — Kenneth MacKenna, 62, former head of the story department at MGM studio and a former stage and film actor, died Monday after a long illness. He made his stage debut in 1919 and came to Hollywood in 1939. His last movie role was in "Judgment at Nuernburg."

Automation has not displaced the blacksmith. Many modern steel mills still have one or more blacksmiths, whose job it is to make special parts.

Pontiac Area Deaths

DONALD E. FERRELL

Service for former Pontiac resident Donald E. Ferrell, 31, of Long Beach, Calif. will be 1 p.m. Thursday at Voorhees-Siple Chapel with burial following in White Chapel Memorial Cemetery.

Surviving besides his wife, Wilma, are parents, Mr. and Mrs. Ira Ferrell of Charleston, W. Va.; three children, Cynthia, Paul and Teresa; three brothers and two sisters.

Mr. Ferrell died Saturday in a hospital in Los Angeles, Calif. after being struck by a car.

MRS. WALTER GORTHY

Former Pontiac resident Mrs. Walter (Laura) Gorthy, 84, died this morning at the home of her daughter, Mrs. Thomas Adams, 1595 Ford Court, Grosse Pointe Woods where she made her home. Mrs. Gorthy's body is at the Sparks-Griffin Funeral Home.

GALE M. HARRIS

Gale M. Harris, 56, of 84 W. Rutgers St., was dead on arrival at Pontiac General Hospital this morning. His body is at the Sparks-Griffin Funeral Home.

MRS. WINFORD SHERSTON

Service for Mrs. Winford (Ann S.) Sherston, 76, of 2149 Pontiac Drive, Sylvan Lake, will be 2:30 p.m. Thursday at the C. J. Godhardt Funeral Home, Keego Harbor, with burial in Oak Hill Cemetery.

Mrs. Sherston was a member of First Baptist Church, Berean Class and Missionary Society of her church, Wayside Gleaners, the Women's Christian Temperance Union and Young Women's Christian Association.

She died yesterday at her residence after an illness of several months.

MRS. THOMAS P. HODGSON

SPRINGFIELD TOWNSHIP — Service for Mrs. Thomas P. (Ida L.) Hodgson, 82, of 7034 Bridge Lake Road will be 2 p.m. tomorrow at the Sharp-Goyette Funeral Home, Clarkston. Burial will be in Andersonville Cemetery.

Mrs. Hodgson died yesterday following an illness of six months. She was a member of the Andersonville Community Church and of the Clarkston Pioneers.

She is survived by two sisters and two brothers.

JAMES G. KENNEY

LAPEER—Service for James G. Kenney, 53, of 1538 Bowers Road, will be 2 p.m. tomorrow at the Muir Brothers Funeral Home. Burial will be in the Goodland Township Cemetery.

Mr. Kenney died Monday at the Community Hospital near Almont after a long illness.

He was the Imlay City manager of Patzer Food Products.

Surviving is his wife Mildred.

CLARENCE E. LAND

AVON TOWNSHIP — Prayer service for Clarence E. Land, 77, of 1215 Harding Road, will be 10 a.m. tomorrow at the William R. Potere Funeral Home, Rochester.

Another service will be held later at the Schmidt Funeral Home in Keokuk, Iowa, with burial to follow there.

Mr. Land died early today after a long illness.

Surviving are his wife Viola May; three sons, Clarence W. of Rochester, Lester of Keokuk, Iowa, and Chester of Pontiac; five daughters, Mrs. Viola Burkholder of Keokuk, Iowa, Mrs. Maxine Falcon of Chicago, Ill., Mrs. Juanita Turner of Washington D.C., Mrs. Ruth Hurbert of Milwaukee, Wis., and Mrs. Bernadine Kinney of Rochester; a brother and three sisters.

11-Year-Old Boy Cooks Up Storm in the Kitchen

TURON, Kan. (UPI) — Eleven-year-old Bobby Fluke is proof that girls aren't the only ones who like to cook.

Young Bobby started in the fourth grade when he needed a 4-H club project. He began with sandwiches, then progressed to cookies, gingerbread and finally cakes. He has won 33 blue ribbons with his cold water white and chocolate special cake. And he delivers them daily to a local cafe for $1.25 each.

This summer he prepared three meals for members of the Turon Lyons Club. One time it was fried chicken, mashed potatoes and cole slaw; the next cold cuts and potato salad, and the last, a ham loaf.

★ ★ ★

Bobby's baking has netted him a bank balance of more than $125. But he is still a typical boy. He plays basketball, softball, and football, wrestles with his two brothers and helps on the family farm.

Does he want to be a professional cook when he grows up? "No. I don't like to do the dishes," he replied.

Economic Historian Dies

LONDON (AP)—Prof. Richard Henry Tawney, 81, a pioneer British Socialist and one of the nation's most distinguished scholars, died Tuesday. Tawney, who was appointed professor of economic history at London University in 1931, was recognized as the greatest English economic historian of his generation.

Highway Hearing Set in Kalamazoo Jan. 25

LANSING (UPI) — A public hearing on the proposed location and improvement of three state highway business routes through Kalamazoo will be held Jan. 25 at the Kalamazoo City Hall.

★ ★ ★

The State Highway Department plans to spend some $2.5 million on improvements to U.S 131, Interstate 94 and the M43 business route in the city.

Approval Seen for Army Plan

Congress Is Expected to OK Proposal for Revamping Military

WASHINGTON (AP) — Congress appears willing to accept President Kennedy's plan to streamline the Army's high command.

★ ★ ★

The reorganization program caused little surprise and no declared opposition when it was announced by the Pentagon Tuesday. Its major provisions were known beforehand to key members of both House and Senate, either of which could kill it by passing a resolution.

2 NEW COMMANDS

The plan—the first major Army reorganization in nine years—involves creation of two new commands under which will be concentrated (1) research, (2) development, (3) procurement and (4) other functions now performed by such individual technical services as the Ordnance, Quartermaster and Signal Corps.

★ ★ ★

It does not affect the Army's combat structure or any of the field command organizations.

"The prime purpose of this reorganization is to develop an army with the best possible command structure, management, training, doctrine, weapons, equipment and morale," said Secretary of the Army Elvis J. Stahr Jr.

NO STRONG OPPOSITION

A House Armed Services Committee member said he had heard of no strong opposition to the scheme and doubted whether any member would even go through the motions of offering a disapproving resolution.

Sen. Stuart Symington, D-Mo., member of the Senate Armed Services committee, commented that "I am convinced that the proposed changes will give us a better army—and also the maximum return for the taxpayer's dollar."

Six Men Sentenced in Attack on Bus

BIRMINGHAM, Ala. (AP) — Six men charged in the burning of a "freedom rider" bus last May changed their pleas to no contest today. U.S. District Judge H. Hobart Grooms placed five of them in one-year probation and sentenced the sixth to a year and a day in prison.

Charges were dropped against two other men.

Trial of seven of the eight men ended in a mistrial when a federal court jury was unable to agree on a verdict last fall.

The seven were scheduled for retrial next month. The eighth man was not arraigned because of injuries suffered in an automobile accident.

★ ★ ★

A ninth man indicted in the bus burning — the first incident of freedom ride violence in Alabama — was set free on a directed verdict of acquittal last fall.

Pleads Guilty at Trial for Murder of Woman

BATTLE CREEK (AP) — James Hall, 32, interrupted his murder trial Tuesday to plead guilty to second-degree murder in the fatal stabbing of a woman.

Hall went on trial in Calhoun County Circuit Court Monday, charged in the slaying of Mrs. Lynette Morgan, 27, of Battle Creek. She was killed during an argument Sept. 10.

The Olympic Games, the principal athletic meetings in ancient Greece, began according to tradition, in 776 B.C. and were first confined to running.

Back in an American Movie

It Was Only Au Revoir for Miss Calvet

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — Corinne Calvet, the Americanized French pastry, is getting her career on the ground after a hiatus of a few years.

THOMAS

The start of Corinne's renewed activity is a role as the contessa in Hemingway's "Adventures of a Young Man." It may well start her phone jingling again, but she isn't waiting around for that happy sound.

★ ★ ★

She has a new career: painting. To my own unstudied eye, it would seem this new career might overshadow the other one.

Corinne showed me some of the canvases in her Trousdale Estates home, a stone's throw from those of Richard Nixon, Dinah Shore and Groucho Marx—if you're the kind who throws stones.

★ ★ ★

The paintings are everywhere, even in the bathroom, and some of them seem brilliant. They are splashed with color, and in many of them you can see what the picture is about.

★ ★ ★

She classifies herself as "an impressionist who lets you know what she is doing."

DABBLED IN PARIS

Art is not new to her. When she started dabbling in drama in Paris, she was also studying sculpture and architecture at the Beaux Arts. Drama took precedence as she won fame in French and American films. When good roles stopped coming, she returned to art.

★ ★ ★

Now she is working till dawn each day to finish 45 paintings for a one-woman show in London in late spring.

★ ★ ★

Three years ago she was upset by her divorce from actor Jeffrey Stone and by the procession of expot roles that were submitted to her. She packed up son Robin and went to live in Paris. She remained a naturalized American citizen.

★ ★ ★

"I went back to Paris and I lived quietly, avoiding show business friends and the press," she said. "The friends I saw were the ones I had known before I started acting. I went to the market every day and lived just like a Frenchwomen who was fairly well off.

"I tried it for 18 months and it didn't work. The thing that convinced me was going out with American friends who were visiting. We naturally spoke English, and I could overhear the Frenchmen saying terrible things about the Americans. I would get into a state of pure rage and would start waving the American flag.

★ ★ ★

"It got so I was carrying the American flag wherever I went. That's when I decided it was silly to remain in France if I had become so much of an American."

JFK Rates Tops on Swedish Quiz, but Poor Winnie

STOCKHOLM (AP) — President Kennedy emerged as the best known foreign personality in a survey taken among Swedish school children between the ages of 14 and 16.

All but 3 of the 106 boys and girls quizzed identified Kennedy correctly but description of other leaders of recent history ran the gamut.

★ ★ ★

Winston Churchill was "somebody in Germany" . . . Tito an African chief . . . Hitler a German Communist . . . Mussolini an opera composer . . .

Dan Waern, Sweden's famous miler, was known by all participating in the poll taken by the Stockholm newspaper Svenska Dagbladet. And only one missed on Swedish film star Ingrid Bergman.

Bankruptcy Petitions Filed for State Plant

GRAND RAPIDS (AP) — Creditors of Recordio Corp. of Charlotte Tuesday filed petitions of involuntary bankruptcy for the firm at U.S. District Court.

A schedule of liabilities and assets was expected to be filed at a later date.

Recordio Corp., a subsidiary of Creative Electronics of Chicago, at peak operations employed approximately 250 persons but averaged 180 workers throughout the year. It closed down last December.

It is an outgrowth of the Wilcox-Gay Corp. which shuttered its Charlotte operations in December 1958.

★ ★ ★

Recordio Corp. organized in 1959 under Daniel Helmlach, manager of the former Wilcox-Gay plant, with financing in part by contributions of $500 each by 200 former Wilcox-Gay workers to get their plant back in operation. It produced tape recorders, phonographs and radios.

TV's 'Ev and Charlie' to Go Back on Show

WASHINGTON (AP) — The weekly "Ev and Charlie" televised news conferences will be resumed Thursday at 11 a. m. EST.

★ ★ ★

Sen. Everett M. Dirksen of Illinois, Senate Republican leader, and Rep. Charles A. Halleck of Indiana, GOP leader in the House, announced today a resumption of their joint news conferences in the old Supreme Court chamber at the Capitol.

★ ★ ★

The sessions with reporters became a vehicle for GOP leadership pronouncements last season and acquired the nickname of the "Ev and Charlie" shows.

The finest quality of tea grows at altitudes of 3,000 to 7,000 feet where temperatures are moderate. Slower growth at these heights produces a smaller leaf with less water content and more flavor.

Russ-China Rift Real Problem

Bowles Tells Detroit Press Split Hits at Basic Strength

DETROIT (AP) — Chester Bowles said today the Soviet-Red Chinese rift poses a real military problem for the Russians and strikes at the heart of Communist cooperation and policy making.

* * *

Bowles, a former undersecretary of state who now advises President Kennedy on underdeveloped areas, referred to the Moscow-Peiping gulf in a speech prepared for the Detroit Press Club. Bowles said:

"Certainly the Communist world is not happy over the growing rift between Russia and China. This division not only strikes at the very base of Communist cooperation and policy making, it opens up a genuine military problem in the Soviet rear."

Bowles declared that "striking evidence of the failure of the Communist system" can be seen also in the erection of the Berlin wall and in "the continuing bitterness and political undependability from the Soviet point of view, of the peoples of Poland, Hungary and other satellite countries."

* * *

He added that Soviet policies in many other parts of the world notably Africa, the Middle East, Japan and India have become notably sterile in recent months.

* * *

The United States cannot run the world, but Russia can't either, Bowles said.

Senate Will Probe U.N. Congo Action

WASHINGTON (AP) — Sen. Albert Gore, D-Tenn., announced today he will launch on Thursday a full-scale public inquiry into United Nations operations in the Congo.

* * *

Gore said the hearing will give high ranking officials of the state department a full opportunity to present the administration's case.

* * *

The inquiry, grows out of congressional criticism of U.S. support of the United Nations military action against President Moise Tshombe's secessionist Katanga Province. It will be conducted by the Senate Foreign Relations subcommittee on African affairs. Gore is chairman of the subcommittee.

Taxpayers Complain of High Cost of Royalty

Tony's Honeymoon With British Public at an End

By HARRY FERGUSON

LONDON (UPI) — Tony Armstrong-Jones (Lord Snowdon) had two honeymoons. One was with Princess Margaret and the other was with the British public. Both are now ended.

You would think it would be blue skies all day long for a man who had a beautiful wife, a good job, excellent social connections and a handsome new son.

Instead, it's suddenly stormy weather for Tony and the forecast today is that things are about to get worse.

When he and Margaret return from their vacation in Antigua, they will find a letter from the ministry of works telling them work can be started at any time on their new home. This is a 22-room apartment at No. 1A Kensington Palace.

The catch is that it is going to cost $196,000 to renovate the crumbling building. Queen Elizabeth will pay $56,000 of it from her private income. The British taxpayer will have to pick up the rest of the tab, and that's where the trouble is going to start.

It is inevitable that the question will be asked what the taxpayer is getting for his money.

The question already has been asked in a slightly different form. The British government pays Princess Margaret $42,000 a year. In return she is supposed to christen ships, appear at trade fairs and occasionally visit the Commonwealth nations.

Tony is not paid anything but he is expected to accompany her, three paces in the rear, and smile.

Right now that is a tough assignment because two British newspapers—the Express and the Guardian—have raised the question of whether Margaret is earning her money. She has been preoccupied with motherhood.

* * *

Tony did what any head of a family would do in such circumstances. He got a job (for maybe as much as $28,000 a year) as artistic director of a new magazine which will become part of the Sunday Times. Published by Roy Thomson, Canadian newspaper magnate.

* * *

On Sunday, the Observer, a rival of the Sunday Times, cried foul: "It will inevitably seem unfair to rival newspapers and magazines that the queen's close relative is used for the enlargement and enrichment of the Thomson empire."

Today, Daily Mirror columnist Cassandra (William Connor) wrote with tongue in cheek that until Tony "persuades his charming wife to become women's feature editor of the Daily Mirror, we shall soldier on alone, but not without a friendly cheer for Tony flying into the dark, dark tangled jungle (of journalism)."

The Daily Mail ran a cartoon parody of the Daily Times ad which says, "Top People Read the Times." It showed Tony with a crown on his head holding a camera and was captioned: "Top People Run the Sunday Times."

By tradition members of the British royal family do not engage in commercial pursuits, but the Sunday Times was careful to point out that Tony was not of royal blood and that, anyway, his new job had been cleared in advance with Queen Elizabeth.

The matter might have died there, but yesterday morning the Times of London (no connection with the Sunday Times) placed on its main news page a deadpan account of the Observer's criticism of Tony and his job.

The Times of London is a quality newspaper of comparatively small circulation. Its influence is much wider than its distribution. For years it has been known as "The Thunderer."

When it spoke, politicians listened and sometimes governments fell. Had "The Thunderer," too, turned against Tony? If so, the young man's troubles were only starting.

Where all this could end nobody knows, but the question is whether Tony's trouble will rub off on the entire royal family.

* * *

There are occasional signs that this already has happened as per the case of a cleaning woman who remembered that the queen's ancestors were members of the German house of Hanover. When asked to comment on the current activities of the royal household, she replied: "Oh, they're all Germans, you know."

To provide a pension of $100 per month at age 60 requires a cash reserve of $17,700 compared with $15,700 at age 65, and only $12,700 for persons who have reached age 70.

Nominated C. of C. Head

TRAVERSE CITY (AP) — Buell E. White, district manager of Michigan Consolidated Gas Co., has been nominated to become 1962 president of the Traverse City Chamber of Commerce. The choice is expected to be confirmed Feb. 8 at the chamber's annual meeting.

PIN-WORMS

A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and safely.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults.

Try Buttermilk Desserts for Unusual Taste Treat

Buttermilk, long a popular ingredient for pancakes and biscuits, can be used to add flavor and tenderness to a number of delightful recipes. And two buttermilk recipes are destined to become new favorites in your recipe file.

One is a banana-buttermilk pie, with a crunchy graham cracker crust. Its smooth filling has a subtle hint of orange and spice . . . and tastes especially delightful topped with sweetened sour cream.

"Buttermilk Sponge Surprise" is a dessert that will be welcome again and again. This unusual dish features a double treat — a sponge cake texture on top, with a delicious pear custard below.

Both desserts have another advantage. They can be prepared in advance, at your leisure, and served chilled.

BANANA BUTTERMILK PIE

Crust:

1½ cups graham crackers (16 squares)
⅓ cup melted butter
1/3 cup sugar
¼ teaspoon cinnamon.

Combine ingredients. Press firmly into greased 9 inch pie pan. Chill.

Filling:

3 tablespoons butter
2/3 cup sugar
2 tablespoons flour
¼ teaspoon salt
¼ teaspoon nutmeg
1 tablespoon grated orange rind
3 eggs, separated
1 cup buttermilk
2 tablespoons orange juice
1 banana

Melt butter and cool. Combine sugar, flour, salt, nutmeg, and orange rind and add to slightly beaten egg yolks. Mix in buttermilk. Blend together orange juice and mashed banana with blender or spoon. Add to egg mixture. Fold in stiffly beaten egg whites gently but thoroughly.

Pour into the chilled graham cracker pie shell and bake at 350 degrees for 45 minutes or until a silver knife inserted in the center comes out clean. Chill. Top with slightly sweetened sour cream, if desired.

Buttermilk Sponge Surprise

Grated rind and juice of 1 orange
3 eggs, separated
2 tablespoons flour
¾ teaspoon cinnamon
1 cup sugar
1 cup buttermilk
1 No. 2 can pears, drained

Add orange rind and juice to thickly beaten egg yolks. Combine the flour, sugar, and cinnamon. Stir into egg mixture. Add the buttermilk slowly. Fold in the stiffly beaten egg whites gently but thoroughly.

★ ★ ★

Put a layer of diced pears on the bottom of a shallow one quart baking dish or 8 custard cups and fill two-thirds full of egg and buttermilk mixture. Set containers in a pan of water and bake at 325 degrees for 60 minutes or until a silver knife inserted in the center comes out clean. Serve warm or chilled.

BUTTERMILK SURPRISE — Knowing what flavor and tenderness buttermilk adds to many recipes, you should not be surprised to read it as an ingredient of a baked dessert. This one has cake on top with a custardy sauce below.

Heat New Salad on Top of Range

An unusual Waldorf-type salad with exotic, far-Eastern overtones offers something uniquely different for your next party. The recipe combines sliced celery, diced apple and onion all tossed together.

These ingredients are then put into a packet made from quilted cooking foil. Next, add a piquant lemon juice, soy sauce and mustard. Triple fold the end of the packet to seal it and then put it directly over the burner on your range to heat.

★ ★ ★

This has two advantages. The quilted foil packet seals in the intriguing flavors so they permeate the salad ingredients and it also eliminates a washing up chore since the foil can be discarded quickly and easily.

Taiwan Waldorf in a Packet

1½ cups very thinly sliced celery
1½ cups diced, unpeeled apple
1½ tablespoons finely diced onion
3 tablespoons water
1 tablespoon salad oil
1½ teaspoons lemon juice
1½ teaspoons soy sauce
¼ teaspoon prepared mustard
14"—quilted cooking foil

Cut off a 20-inch length of 14" quilted cooking foil. Fold in half, then again in half. Leaving one end of packet open, seal remaining two sides by triple folding ½ inch.

Toss together celery, apple and onion; place in packet. Mix remaining ingredients; add to packet. Triple fold to seal. Place over low medium heat on element or burner for about 12 minutes. Serves 3 to 4.

Pouring cold water on a hot broiler pan may cause it to warp or crack.

Touch of Wine in Sauce Complements Turkey

You might call this dish a "left-over", if you're lucky enough to have some slices of turkey left from the big bird. No one who tastes it, however, would ever classify it in so prosaic a manner.

Bathed in an elegantly rich wine gravy flavored with butter-browned onion and paprika, your leftover turkey becomes a first-class entree in its own rights. The wine sauce, a delectable concoction, owes its success to the simplicity of a can of full-flavored chicken gravy to which the onion, seasoning, and sauterne (or other dry white wine) are added. In a shallow casserole, the whole is baked until bubbling hot and fragrantly irresistible.

To set forth a superb little supper for four, serve the casserole with hot fluffy rice (especially good when cooked in hot beef broth or consomme), a green salad, your best hot rolls, a chilled bottle of dry white wine, pears and grapes with a wedge of sharp cheese for the grand finale.

Turkey Slices In Wine Gravy

¼ cup finely chopped onion
2 tablespoons butter or margarine
2 teaspoons paprika
1 can (10¾ ounces) chicken gravy
2 tablespoons sauterne or other dry white wine
4 servings sliced cooked turkey
Chopped parsley

In saucepan, cook onion in butter until tender but not browned. Stir in paprika; add chicken gravy and wine. In shallow baking dish (10 x 6 x 2") arrange turkey; cover with sauce. Bake in moderate oven (375 degrees) 30 minutes. Garnish with chopped parsley. Makes 4 servings.

Color, Flavor Come With Orange Juice

Here's a quick way to give flavor interest to the applesauce you want to serve with roast pork.

Golden Applesauce

1 can (8 ounces) applesauce or 1 cup
¼ cup frozen orange-juice concentrate (undiluted)

Stir together the applesauce and undiluted orange-juice concentrate until blended. Refrigerate, covered, until serving time. Turn into an attractive small bowl and serve with roast pork. Makes 1¼ cups.

Throw a handful of seedless green grapes into that salad of tossed greens and French dressing; serve with poultry or fish.

Sweet Coconut Topping

A tasty topping on your favorite flavored ice cream can be made by tossing 1 cup moist, shredded coconut with ¼ cup brown sugar and 1 tablespoon melted butter. Brown in a 300 degree oven, then cool and serve.

STYLISH CHOPS — Foreign cookery needn't be a costly venture. As an example you might like to try this recipe for Scotch Lamb Chops. It's a thrifty lamb entree that highlights lamb shoulder chops and barley. The Isle folks — the English, Irish and Scots — are noted for many recipes which the American homemaker now endorses.

Here's Answer to 'What's for Dessert Tonight, Mom?'

By JANET ODELL
Pontiac Press Home Editor

We were undecided whether to call this an article on puddings or on desserts. Mr. Webster settled the argument. According to him, pudding is "a dessert having flour or some other cereal as a foundation, with added eggs, milk, fruit, sugar, spices, etc." Only one of our recipes can qualify as a pudding.

So we'll talk about desserts.

At our house we go by spells; some weeks we have dessert several times. Other weeks we let the family wander down to the freezer for an evening dish of ice cream. We're due for just such a week since we had custard, gingerbread and a coffee mousse last week — oh, yes, big sugar cookies too, one night.

The first dessert recipe we're giving you is for a bread pudding. By using raisin bread, you add one special flavor; coffee adds another. This is a hearty dessert that can and should follow a light meal.

Coffee Bread-and-Butter Pudding

1 cup strong coffee
1 cup light cream
2 cups milk
6 thin slices raisin bread
Soft butter or margarine
2 eggs
½ cup sugar
½ teaspoon salt
1 teaspoon vanilla
¼ teaspoon nutmeg

Combine coffee, cream and milk; bring to scalding point. Spread bread slices lightly with butter or margarine; do not trim off crusts. Cut in ½-inch cubes and add to coffee mixture. Beat eggs slightly; add sugar and salt; mix well. Add bread mixture and vanilla.

Pour into 1½ quart casserole. Sprinkle with nutmeg. Set casserole in pan of warm water. Bake in moderate oven, 325 degrees, 1 hour and 15 minutes or until knife inserted near rim of casserole comes out clean. Chill. Serve with plain or whipped cream. Makes 8 servings.

Do you have some mincemeat left over from your holiday baking? Combined with sliced apples, it appears in a spicy wine-flavored warm dessert:

Apple Mince Crisp

4 cups sliced, pealed apples
1½ cups mincemeat
1-3 cup Sauterne wine
1 cup firmly packed light brown sugar
¾ cup enriched flour
½ teaspoon cinnamon
1 teaspoon mace
¼ teaspoon salt
½ cup softened butter or margarine

Spread half the apples on the bottom of a greased shallow baking dish; spread mincemeat over apples; top with remaining apple slices. Pour wine over all. Combine sugar, flour, spices and salt. Mix in butter until mixture is crumbly; spread evenly over the top; pat down. Bake in moderate oven, 350 degrees, about 1 hour or until apples are tender. Serve warm with hard sauce. Makes 6 servings.

By serving custard you can give your family any added milk and eggs you feel they need. Here is a place you can use nonfat dry milk without a qualm. Custard is excellent made with it. The pineapple in the bottom of the cups is a pleasant surprise.

Pineapple Custard

¾ cup crushed pineapple
½ cup sugar
2 eggs
½ teaspoon vanilla
1½ cups milk
⅛ teaspoon salt
½ cup shredded coconut

Cook pineapple and ¼ cup of sugar together five minutes. Divide into 6 custard cups. Beat eggs, add remaining sugar and milk. Add salt, coconut and vanilla. Pour carefully on top of pineapple mixture, using a spoon so ingredients will not mix.

Set cups in a pan of water and bake in a moderate oven (350 degrees F.) 25 to 30 minutes or until a clean knife inserted in the center comes out clean. Serves 6.

Custard Flavor Dessert is used in our last recipe. Trifle is very English and is considered very elegant. But it's simplicity itself to make. Again, you may use nonfat dry milk. Whipped dessert topping can take the place of the whipped cream for a less rich version.

Trifle

12 lady fingers, split
¾ cup apricot jam
¾ to ½ cup rum or orange juice
1 package Custard Flavor Dessert
2¼ cups milk
1 cup heavy cream
2 tablespoons toasted slivered almonds

Spread lady fingers with jam. Put back together sandwich style and stand around sides of 1-quart souffle mold. Soak lady fingers with rum or orange juice.

Combine Custard Flavor Dessert and milk in saucepan. Cook over medium heat, stirring constantly, until mixture comes to a full boil. Remove from heat and cool until tepid. Pour into souffle dish and chill until firm.

Whip cream and pile into center of mold. Sprinkle with almonds and serve. Makes 6 servings.

Tang of Sour Cream Goes Well With Fruit

Cooks have taken to coupling flavored gelatin with sour cream — with delicious results.

Creamy Fruit Melba

1 can (9 ounces) crushed pineapple
Orange juice
2 tablespoons lemon juice
1 package (3 ounces) peach-flavored gelatin
½ pint commercially prepared sour cream

Drain pineapple well. Add enough orange juice to the pineapple syrup to make 1½ cups; heat until almost boiling. Add to gelatin; stir until gelatin dissolves. Chill until preparation begins to set. Add sour cream and beat until combined. Fold in drained pineapple. Turn into six ½-cup molds. Chill until set. Unmold; garnish as desired. Makes 6 servings.

Pink Plum Bavarian Is Almond-Flavored

Plum Almond Bavarian: A dessert that's just plum delicious is this creamy pink bavarian. The combination of plum and almond is a perfect blend for shortbread cookies, served as an accompaniment.

Plum Almond Bavarian

½ cup sugar
1 envelope unflavored gelatine
¾ teaspoon salt
2¼ cups milk
4 egg yolks, slightly beaten
½ cup plum preserves
1 cup heavy cream, whipped
½ cup slivered almonds
½ teaspoon almond extract
2 or 3 drops red food coloring

Mix sugar, gelatine, salt, milk, egg yolks and plum preserves in saucepan. Cook over medium heat stirring frequently just until mixture comes to a boil. Cool; chill until mixture mounds when dropped from spoon.

Fold in whipped cream, almond extract, almonds and food coloring. Pour into lightly oiled 1-quart mold. Chill until firm (about 4 hours). Unmold on serving dish. Garnish with whipped cream and blanched almonds. Serves eight.

Try Lamb Chop and Barley Bake

If you're interested in culinary history, you'll realize that barley is used as a staple by the English and Scottish people. That is the reason for this unusual combination of barley and lamb shoulder chops.

The other ingredients found in this recipe are all ones which can be found in your refrigerator or on the pantry shelf.

To begin the preparation of this recipe, first cook 1 cup of barley in 5 cups of water. Just simmer the barley for 1 hour in a tightly covered saucepan. When tender, drain and rinse the barley thoroughly.

Next, brown 4 lamb shoulder chops in 2 tablespoons lard or drippings. To achieve an even brown on both sides of the chops, brown them at a moderate temperature. Pour off drippings and season the chops with 1 teaspoon salt and ¼ teaspoon pepper.

Now dissolve 2 bouillon cubes in ¾ cup boiling water. Combine the bouillon with the barley and one 4-ounce can of drained mushrooms, ¼ cup finely chopped celery, ¾ cup finely chopped onion, one 16-ounce can of tomatoes, 1½ teaspoon marjram and 1 teaspoon salt.

Pour the barley mixture into a greased 8x12-inch baking dish. Place the browned lamb chops on top. Bake in a slow oven (300 degrees F.) 1 hour and 15 minutes.

Makes 4 servings.

Add Coconut to Casserole of Sweets

Sweet potatoes seem to be a part of holiday meals at most homes, and clever is the hostess who can come up with a new way to serve them this year. Here's an idea to add a fruity "candied" flavor and appearance to the sweet potatoes.

Prepare enough for "planned leftovers," the next day, as they are as tasty cold as they are with a hot meal.

Candied Coconut Sweet Potatoes

4 medium sized sweet potatoes
½ cup butter or margarine
¼ cup bottled lemon juice
½ cup shredded coconut
½ cup white corn syrup

Wash potatoes, pare, slice one quarter inch thick, and lay immediately in butter or margarine heated in a heavy skillet. Cover, cook over low heat about 5 minutes or until delicately browned on the underside. Turn over and brown on other side.

Add corn syrup, bottled lemon juice and shredded coconut. Continue cooking 10 minutes or until potatoes are tender and shiny in appearance. Place on a heated serving platter, and garnish with parsley.

Creamy Pudding Fills Brownie 'Napoleons'

Great men of the past have often been remembered when it comes to choosing names for American products, and Napoleon is no exception. Named for the French Emperor is a brownie version of a familiar pastry — Brownie Napoleons.

These rich chewy brownies are filled with a light creamy pudding, perfect to satisfy your sweet tooth.

As he conquered his way across the great expanse of Europe, you can be sure that Napoleon never dreamed that anything as luscious as Brownie Napoleons could be so easy to make from a mix. All you do is bake thin brownies, then form pudding-filled "sandwiches" and top with creamy icing and nuts.

And Brownie Napoleons will disappear right before your eyes as these sumptuous morsels are enjoyed by all brownie fans. Why not serve them at your next bridge party or Dessert at Eight?

Brownie "Napoleons"

Prepare 1 package vanilla pudding mix (not instant) according to package directions except add ½ teaspoon vanilla and ½ teaspoon almond flavoring after cooking. Immediately cover entire surface of hot pudding with plofilm to prevent film from forming.

Follow directions for Tea Brownies on Brownie mix package —except omit nuts. Cool. Cut into 2x2" oblongs; spread half of the cut brownies with Easy Creamy Icing (recipe below) or a small amount of the pudding (thin layer), then sprinkle with nuts. Spread pudding on remaining oblongs. Put oblongs together in pairs with iced one on top. 12 servings.

Easy Creamy Icing: Blend 1 cup sifted confectioners' sugar, ¼ teaspoon salt, ½ teaspoon vanilla or other flavoring and liquid to make easy to spread (about 1 tablespoon water or 1½ tablespoons cream).

Note: Brownies may be spread into a 15x10" rectangle on lightly greased baking sheet.

Bacon Is Ideal Flavor for Corn and Cabbage

A vegetable delight, country style, is a combination of corn and cabbage. Cook 3 slices of bacon until crisp; remove and drain.

Add ¼ cup liquid from canned whole kernel corn and 2 cups thinly shredded cabbage to bacon fat; cover and cook until cabbage is just tender. Add drained corn and salt and pepper to taste; mix lightly and heat. Makes 6 servings.

Every Bit Helps

It's the little things that make the big difference between a fashionably (and healthfully) slim figure and a not-at-all stylish stout. Eating just 100 calories a day more than your body needs will cause a weight gain of over 10 pounds a year. You can save more than 100 calories on every salad by using one of the delicious new low calorie dressings instead of the usual oil-laden type.

Pontiac Press Photo

Pre-lecture conversation on world affairs occupied from left Edward Lerchen; Chester Bowles, special adviser to the President and speaker Tuesday evening at a forum sponsored by the Michigan State University Oakland Foundation scholarship committee; Mrs. Lerchen, member of the scholarship committee; and D. B. Varner, MSUO chancellor. Mr. Bowles' address opened the six lecture series on world affairs at MSUO's Oakland Center.

Women Preview Concert

Mrs. Vernon C. Abbott of Illinois Road opened her home Monday afternoon to members of the Women's Association of the Pontiac Symphony Orchestra.

* * *

In the absence of Melvin Larimer, Mrs. Ferdinand Gaensbauer gave a preview of the numbers to be presented at the Jan. 30 concert in Pontiac Northern High School, directed by Felix Resnick.

Opening the evening's program will be the Donna Diana Overture by Resznicek, followed by Gretry's Ballet Suite arranged by Motti and Matinee Musicales, Second Suite, Chabrier's Joyeuse Marche will follow the intermission.

Some 150 students from the combined Pontiac Northern and Pontiac Central High School orchestras will be heard in the final numbers: Ave Verum Corpus by Mozart, Halleluna Amen from Judas Maccabeus by Handel and Polovetzian Dances, Prince Igor, by Borodin.

CHORAL DIRECTORS

Mr. Larimer and Jerry Liby are choral directors in the two schools.

Mrs. M. P. Bacon, Mrs. Elwood R. Bigler and Mrs. George Shearer comprised the social committee for the coffee hour, with Mrs. Paul Gorman pouring.

Pontiac Press Photo

Card party plans are keeping Daughters of Isabella members busy this week. Mrs. Susan Carry, general chairman, displays a freshly painted poster announcing the annual event at 8 p.m. Monday in St. Michael's Hall, as (from left) Mrs. Albert Schoenemann, tickets chairman; Rose Griffin, hostess; and Mrs. Arthur Birchmeier admire attractively wrapped prizes.

Theater Party Set by Alumnae of Kingswood

Kingswood School Alumnae plans a March 23 theater party at Detroit's Fisher Theater for benefit of the Kingswood Scholarship Fund.

Mrs. Paul Wheaton is chairman of the pre-Broadway showing of "Rx Murder," starring Joseph Cotten, Agnes Morehead, Thomas Mitchell and Patricia Medina.

Mrs. William Seibert, alumnae association president, will be hostess at a Friday tea for the benefit's committee heads and various area ticket salesmen. Chairmen are Mrs. John B. Dixon, tickets, Mrs. John L. Lovett Jr., invitations and mailings; and Mrs. Robert C. Neumann, program. Mrs. Clark D. Matthews is in charge of publicity.

Deadline for orders is March 1.

Slate Installation for Tuesday Night

Fannie E. Tompkins, Temple 41, Pythian Sisters, will conduct a joint installation of officers with Knights of Pythias, No. 19, at 8 p.m. Tuesday in Castle Hall on West Huron Street.

Mrs. Clarence Smith and Don Eakle will be installing officers. Grand officers also will participate.

Committee chairman for January is Mrs. Clyde Lankton.

Sewing Hint

Hint to home sewers: to void later puckers, some quality interfacings and interlinings should be pre-shrunk by laundering before being teamed with washable fabrics.

Churchwomen to Meet

Episcopal churchwomen in the Pontiac area have been invited to attend the Oakland Convocation of Episcopal Churchwomen Jan. 29 at Royal Oak's St. John's Church.

Mrs. Roland Diemer of Adams Road announces that Holy Communion at 10 a.m. will be followed by a brief business meeting featuring reports on the recent Conference on Inter-Group Relations sponsored by Michigan State University's Kellogg Institute of Continuing Education.

After luncheon at 12:30, Rev. Malcolm Boyd, chaplain to Wayne State University students, will speak on "Missions at Our Doorstep."

Reservations for the event and for preschool nursery can be made through parish presidents by Jan. 25.

Unit to Hold Fashion Show

Oakland County Medical Assistants Society will stage a benefit luncheon and fashion show in Kingsley Inn at 12:30 Saturday.

Fashions will be courtesy of a Birmingham shop with models drawn mainly from the society's membership.

* * *

Proceeds will be donated to World Medical Relief Fund, one of four nonprofit organizations in the Detroit area. Started seven years ago by Mrs. Lester Auberlin, the fund provides medical supplies and clothing to all parts of the world. Mrs. Auberlin has established a free medical and dental clinic in Oak Park.

Tickets for the show may be purchased at the door.

Recipe Addition

In the recipe for Crisp Rich Coffeecake printed last Friday the temperature was omitted. Bake this coffeecake 60 to 70 minutes at 350 degrees. Several readers have called, asking about sugar in the recipe. There is NO sugar, except in the icing.

To Practice Special Rite

Women of the Moose, Pontiac Chapter 360, will meet for a special ritual practice at 7:30 p.m. Monday in Moose Hall. Mrs. Clarence Cavalier, ritual director, announces that all officers, appointed officers, escorts and chairmen will attend the meeting.

Twenty members gathered at the hall for a business session Monday evening. After reports from committee chairmen, Mrs. Richard Rohrer, senior regent, announced the group's midwinter conference Jan. 28 at Port Huron.

A bus will leave the hall at 10 a.m. for the conference where local member Mrs. Ferman Huston will be presented her red stole.

Mrs. Jud Hancock, hospital chairman, will arrange for a Gray Lady to speak at the next meeting on Feb. 5.

Pack a Stole

For the woman who travels, the stole is indispensable. Available in everything from mohair to chiffon, it packs flat and provides a handy wrap at a moment's notice.

50 Members at Bible Class Dinner

Some 50 members and guests of the Fellowship Bible Class attended a dinner Tuesday in the First Baptist Church. Mrs. Ira Davis gave devotions from the Book of Psalms.

* * *

John Toroni, minister of music at the church, presented a group of vocal numbers with Mrs. Toroni at the piano. She also sang to violin accompaniment by her husband.

A letter was read from Dr. and Mrs. John Slater who are medical missionaries serving on the Ivory Coast of Africa.

Church Unit Sets Dinner and Dance

St. Vincent de Paul Church's Society of Our Lady of Guadalupe will sponsor a Mexican dinner from 2 to 6:30 p.m. Saturday at the parish hall on South Parke Street. Carry-out orders also will be taken.

Dinners and refreshments also will be sold during a dance from 8 to midnight.

Janett Bedford Speaks Vows

Some 500 guests attended a dinner-reception in the Italian-American Club following the marriage of Janett Marilyn Bedford to Richard S. Sokol, Saturday in St. Michael Church. Rev. Francis J. O'Donnell performed the morning ceremony at an altar banked with white gladioli.

* * *

Daughter of the Theodore Bedford's of Sheridan Street, the bride appeared in white peau de soie. Medallions of Alencon lace accented the scalloped sweetheart neckline and bustle-skirt which cascaded to a chapel train. Her bubble veil of silk illusion was caught by a pearl tiara.

* * *

White roses, stephanotis, carnations and ivy, comprised the bridal cascade bouquet.

* * *

Mary Louise Taylor served as maid of honor. Ruth Ann Bedford and May Ann Sokol, sisters of the bridal couple, and Virginia Muz of Caro, cousin of the bridegroom were bridesmaids.

MRS. RICHARD S. SOKOL

Their dresses of cotillion blue nylon organdy over taffeta, featured bateau necklines and obi drape. Their flowers were blue-tipped white carnations.

Thomas Sokol stood as best man for his brother. They are the sons of the Stanley Sokols of East Brooklyn Avenue. Seating guests were Thomas Sokolnicki, Dearborn, John Dover and Harold Kinder.

Returning from a honeymoon in Chicago, the couple will be at home on Fairgrove Avenue.

Bentley-Saari Vows Made in Bride's Home

Rev. Henry E. Wrobbel officiated at the marriage of June Saari to Bruce Bentley, Jan. 6 in the home of her parents, the Leonard Saaris of Robbinann Street, Waterford Township.

* * *

For the small family ceremony followed by a buffet dinner, the bride chose street-length white wool styled along sheath lines and a corsage of red roses. Paula Webster, her only attendant, complemented her wool sheath dress with a shoulder arrangement of white carnations.

James Wert of Waterford performed the duties of best man for the bridegroom, son of the Clifford Bentleys of North Hospital Road, Waterford Township.

The couple will reside on Dixie Highway. The new Mrs. Bentley is a sophomore at Western Michigan University, Kalamazoo.

Hosts Sylvan Gals for Work Meeting

Mrs. William Herrman of Woodbine Drive was hostess to 18 Sylvan Shores Women's Club members for a work meeting Monday.

Preceding a brief business session members sewed cancer dressings. Hostesses were Mrs. Austin Esler, Mrs. Robert Evans and Mrs. Robert Moore.

Classroom's 'All Paris'

Finishing School Turns Out to Be Only a Beginning

In Paris, the newest finishing school for young ladies has no name, no building and no Principal. It is simply referred to as L'Academie, without further definition. All Paris is its classroom, and the civilization of France, past and present, its curriculum.

AIM IS AWARENESS

Its creator, Maggie Vaudable (wife of Louis Vaudable, owner of Maxim's) has innovated an after-school education which not only bestows savoir-faire, but that which is more attractive in a woman, savoir-vivre . . . It aims to bring out girls alive, alert, interested and interesting, aware of how much more there is to learn.

The school year is from October to June, and has a maximum of thirty pupils, ages eighteen to twenty-five. The girls live apart from each other as guests of French families and take part in the social life of the people with whom they live. In addition, their acquaintances are further extended by a welcoming committee of about seventy young Parisians including married couples, French girls, and an adequate number of French men, all with impeccable credentials, who are drawn upon as escorts for dances, cocktail parties, cinemas and the theater.

HARD WORK

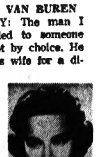

But to stress the social life is to put the play before the work, which is in Madame Vaudable's eyes, an unforgiveable error. The young ladies are warned that they must work hard . . . harder than they have ever worked before. French literature, history, philosophy, art from the Middle Ages and most of all, a practical course on the French language, are taught in a special room at the Sorbonne. Lectures and visits to museums, art galleries and historic houses, as well as meetings with contemporary writers, painters, musicians and critics form an essential part of the syllabus.

Can You Top This, Asks Abby

Give Him His Freedom!

By ABIGAIL VAN BUREN

DEAR ABBY: The man I love is married to someone else — but not by choice. He has begged his wife for a divorce ever since he met me eight years ago, but she will not give in. She uses her children as her first line of defense.

ABBY

I would like to surprise him with a divorce as a gift, but don't know how to go about it. I have plenty of money for the lawyer, and am willing to pay whatever it costs to get this done in another state fast, without any public notices. In what state can I do this?

NO TIME TO WASTE

DEAR NO TIME: The only state in which a woman can "surprise" a married man with a divorce is the state of delirium. If you want to give him a present, why not give him something his whole family can enjoy? His freedom — from you!

* *

DEAR ABBY: I like a boy who I am sure likes me because all of his friends have told me so. We are both 15. He comes over to see me very often, but he never comes alone. He always brings anywhere from one to six boys with him.

When he is with his boy friends, he usually ignores me. But once in a while, if I get him alone, like last night when I asked him to come in the kitchen and help me get the ice trays loose so I could make lemonade, he was just marvelous. How can I tell him I would rather see him alone without hurting his feelings?

GOT A CRUSH

DEAR GOT: You can't. And if you could, I would advise against it. The boy needs his friends around him to give him courage. He's a bit shy. Don't try to get him alone or you'll be the one who's alone.

* * *

DEAR ABBY: My problem is lending clothes to my girl friends. I am 16 and have very nice clothes, all bought for me by my generous parents. A few months ago a girl asked me if she could wear one of my sweaters. I let her wear it.

When she didn't bring it back, I asked her for it. She told me she had already given it back to me. (She didn't.)

Another girl asked to wear my stiff petticoat, I let her, and then she told me she rang my door bell and no one answered, so she left it on the porch. (I never found it.)

Now another girl wants to wear my car coat to a football game out of town. Should I punish this girl because the others were dishonest and tell her so? My parents refuse to replace what I've lost through lending.

TOO EASY

DEAR TOO EASY: Since you appear to have rather poor judgment in sizing up your "customers," you'd be wise to lend nothing. It's frequently the nice people who must suffer because the not-so-nice ones abuse friendships.

* * *

How is the world treating you? Unload your problems on Abby, care of The Pontiac Press.

* * *

For Abby's booklet, "How To Have a Lovely Wedding," send 50c to Abby, The Pontiac Press.

Pontiac Press Photo

Auditions again are open to any girl or woman interested in singing with the Pontiac Women's Chorus. Selecting music for the group's annual May concert are Charles A. Wilson Jr., accompanist, and Mrs. John W. Keinert, music chairman. Directed by George R. Scott, the chorus rehearses at 8 p.m. Tuesdays in Mark Twain School. Tryouts will be conducted the end of February. Pontiac Parks and Recreation Department sponsors the chorus.

BARBARA A. PFEIFFER

The engagement of Barbara Ann Pfeiffer, daughter of Mrs. Frank H. Pfeiffer, of Collier Drive, and the late Mr. Pfeiffer, is announced to Jack D. Freed. The bridegroom elect is the son of Mrs. Hazel Domas, of Dwight Avenue, and the late Delbert Freed.

NINA MARIE STEVENS

Mr. and Mrs. Ramey Leroy Stevens of Short Street announce the engagement of their daughter Nina Marie to Gary Lee Marshall, son of Mr. and Mrs. Ivan Murry Marshall, also of Short Street.

No More Plastered Look, Just Curves

Spring Suits Are Softest, Shapeliest Ever

By GAILE DUGAS
NEA Women's Editor

NEW YORK — The suits of spring are the softest and shapeliest in many seasons. And keeping pace with them is the suit costume.

This soft look is achieved by curvy lines. Gone are the straight little suits that ignored curves. Figure lines are gently molded; the "plastered look" belongs to the past. This is shaping with a difference; it's this difference that gives spring suits their newness.

* * *

Many jackets are waist length and some are belted. Nearly all are shaped at the front, even though they are eased a bit at the back. Small, notched collars and narrow, set-in sleeves identify a suit as 1962.

Some jackets have a high closing; some a side closing. And some close front and center. Many skirts show a fortunate easing at the hipline, since most skirts taper down to the hem and remain short. Just a bit below the knee, as a matter of fact.

The important pink suit of last spring has been replaced by the suit done in peach or apricot. Both are actually flattering colors and easy to wear; easier, perhaps, than the strong pink proved to be.

Capes, capelets and cape sleeves are part of the spring suit story. These carry over into late day and evening wear where they flutter gracefully in silk chiffon. (Peach and apricot are big for evening too.)

In addition to the gathered skirt, you'll find apron-paneled, gored, flared and unpressed pleats in an obvious move to offer both softness and freedom of movement.

Completely feminine are spring's soft and shapely suits. Harry Frechtel uses gray, white and beige tweed (left) for suit with semifitted jacket front. Seaming on the jacket is repeated in panel down skirt front. Costume effect suit (center) is by George Carmel in pale pink tweed with complementary print silk blouse. Costume look appears again (right) in a design by Herbert Sondheim. Cutaway jacket in beige tweed tops a sheath skirt. Grosgrain belt with bow and large shiny buttons are black.

Just Killing Time

(UPI) What to do to kill time waiting for a New York garment industry fashion show to begin? At the recent openings, one observer was knitting a sleeveless evening sweater. Another pulled needlepoint from her handbag.

Parents Can't Always Unite Before Child

BY MURIEL LAWRENCE
Newspaper Enterprise Assn.

Dear Mrs. Lawrence:

Shouldn't parents side with each other in arguments with a child instead of one taking the child's side?

My husband has taken our 8-year-old's side against me over an argument we had in a store. She was fresh to me in front of a salesclerk and to punish her, I wouldn't buy her a new bathrobe.

As usual, her father took her part and right in front of her said I should have bought her the bathrobe anyway. He encourages her to be defiant. . . .

Answer: Are you asking me to agree that you have the right to your husband's support regardless of his opinions?

If so, I too have to disagree with you.

As to the evil effect upon your daughter of your husband's refusal to "side" with you, the effect, I'm afraid, doesn't interest me.

Adults can't spend their lives worrying about the effects on children of everything they do. They are just as important as children.

If your husband objects to your depriving your daughter of a bathrobe because she expressed herself rudely, he is, so far as I'm concerned, entitled to his difference from you.

As in general I don't go for parental self-sacrifice, neither do I go for the idea of sacrificing adult conviction in order to maintain a cozy appearance of grown-up unity for children.

And as no human being can manage indefinite submission to another one, the submitting parent usually solves his problem by losing interest in his children's discipline.

The training of children isn't all picnic. We can't deal with young values involved.

As two people can't possibly hold identical moral positions, the training of children inevitably exposes parents' differences.

If the parents are interested in each other, they don't evade these conflicts, resent them or try to squash them out of existence.

They use them to discover more about each other. They say, "Why did you object to what I did?" Just as they revealed themselves to each other to beget the child, they continue to reveal themselves to each other in the process of raising the child.

That's one of the big dividends of parenthood.

We lose it if we must have unconditional loyalty. Under such circumstances we cannot use a husband's objection to our treatment of his child to learn more about him. We can feel only rage at his treachery.

Artist's Doe-Eyed Look Paintings Are Appealing

BY EDITH CURREN
United Press International

SAN FRANCISCO — Margaret Keane's paintings of big-eyed girls with doleful faces are finding an appeal that ranges far outside the art world.

"I think sadness appeals to people," said the artist, whose recent portrait was of Zsa Zsa Gabor, "leaning in sad-eyed reverie from the confines of a picture frame."

* * *

Brought to the attention of the world's art critics and invited to display her work at the World's Fair in Belgium in 1958 — the young artist is now making a name in her own right.

"I'm looking for a masterpiece," she said in her San Francisco studio where she paints from midnight to dawn.

But unlike her more gregarious artist husband, Walter, Margaret is content to wait for the world to recognize her work.

* * *

Recently she did Adlai Stevenson, showing the ambassador in a half-smile as he gazed thoughtfully into the distance.

"I try to bring out the underlying drives in my subjects," she said.

For all the impressionism in her work, Margaret is first of all a draftsman. And, while painting with feeling, keeps "a sharp eye on harmony of line."

In working for her masterpiece, Margaret says she is trying "to make all the things I feel in my paints . . . well, sort of jell."

That she paints with a psychological insight has been mentioned by more than a few critics, and Margaret believes this is why the eyes dominate the work.

"The inner quality of a person is reflected in the eyes," she said.

Her impressions of different subjects are well remembered by Margaret. In Adlai Stevenson she detected "a deep, sad loneliness." In Zsa Zsa Gabor she tried to portray the actress's "deep, ingrained sophistication."

'Link' to the Past

(UPI) Jacqueline Kennedy's much publicized interest in American antiques is expected to make even more popular the cuff links fashioned from old American coins.

Church Class Aims Stated

Objectives for the new year were outlined by Ray Ritter, newly elected president of Baldwin Evangelical United Brethren Church's Fellowship Class, when members met Saturday in the Ritter home on Hamilton Street.

Committee chairmen appointed were Mrs. Albert Lovse and Mrs. William Killen, assistant secretaries; Mrs. William Gaddes, sympathy and relief; and Mrs. Robert Walker, reporter.

* * *

Devotions were by George Reuter. Paul Spragg was social hour chairman, and Mrs. William Wall assisted the hostess with refreshments.

February's meeting will be in the Walker residence on Beverly Road.

While Losing Weight

Keep Your Fresh Face

By JOSEPHINE LOWMAN

The time has passed when a woman must pay for a girlish figure with extreme fatigue and loss of freshness and youthfulness in her face.-Today the family does not run for the tranquilizers when Mama diets because Mama's disposition is just as good as ever.

* * *

It is true, however, that many women fear the loss of overweight because it might make them look older in the face. I believe that the tired look which folks so often attribute to loss of weight is most often the result of poorly planned and faddish diets. You will not look as pretty or as young if you do not provide the body with essential foods whether you are reducing or not.

Also, many women try to lose a large amount of weight too rapidly. The skin must have time to shrink to its new proportions.

It is important to keep the skin pliable with careful and regular lubrication. Lubricating creams and oils are essential for the face and neck, and it is wise to use a good body lotion, also.

* * *

Exercise is a dramatically valuable ally in any reducing routine. It not only burns up calories, but it helps normalize the measurements.

It is entirely possible to increase the bust measurement while you slim the hips during your period of reduction. Unless there is some reason for not exercising, this should be a part of your reducing routine. This also combats flabbiness.

I cannot overemphasize the importance of proper nutrition and exercise for lovely results. If you have a lot of weight to lose, be satisfied with a gradual reduction of no more than 2½ pounds a week. You can use a more rapid plan for the first encouraging start but for the long haul, take it gradually.

* * *

If you would like to have my calorie chart, send a stamped, self-addressed envelope with your request for leaflet No. 36. Address Josephine Lowman in care of The Pontiac Press.

Any sound reducing plan should contain exercises, and what good is a weight loss if you don't have grace and poise? This exercise will help you attain these qualities. Raise knee as high as you can, then bring leg back as pictured, and hold for two counts. Bring leg forward. Repeat with each leg eight times.

Better to Fill Than to 'Pull'

NEW YORK (UPI)—Tooth extraction is declining where children are concerned.

American pedodontists, specialists in children's dentistry, report that dentists do not extract children's teeth unless it is absolutely imperative. Generally, the dentist prefers to fill a small cavity in a child's baby tooth.

Admitting Weaknesses Is Key to Organization

Gilbert Youth Service

Do your parents ask why can't you be better organized? Do your teachers complain you don't follow through?

Probably you yourself would like to be as efficient as an automatic computer, but you're not. You forget, you waste time, and wind up hating yourself for handling your life so poorly.

* * *

Well, you can do something about it.

REMIND YOURSELF

Try prodding the lagging memory by writing yourself notes. Some teen-agers scotch tape these reminders to themselves on their mirrors. Others prefer a list. Star the musts in the list, like returning library books when they're due, and work down to the chores that can wait a bit.

* * *

A large wall calendar, with ample space to write notations under each day, helps the disorganized plan ahead. For those in the social as well as the school whirl, the calendar points a warning finger when weekends get too cluttered.

Say no. It admonishes you, when one weekend shows you're committed to baton practice Saturday morning, a committee meeting in the afternoon, and a sock hop at night.

LOOK AHEAD

Anticipate a busy day by getting organized the night before. If it's band day, put the trombone where you'll fall over it on your way to breakfast. Prepare tomorrow's wardrobe the night before, pack your books up before you go to bed, and check yourself on those items you're most likely to forget. Pencils sharpened? Rainy day gear available in case the weather changes? Shoes polished?

* * *

When it seems unlikely you'll survive an unusually hectic week, train yourself to do first things first. Start early on the paper that's going to require research. Look over your music assignments and tackle the toughest first. Strip all nonessentials from your week, and skip your usual soda stop.

* * *

It will take a bit of time before you rate an A in efficiency, but you're well on your way if you take a try at admitting your weaknesses and taking steps to correct them.

A Clean Sweep!

A dusty dust brush may shed more dust than it sweeps up. So wash the brush often in soap or detergent suds, rinse, shake off drippy water, and hang it to dry. The dustpan needs sudsing, too; after rinsing, wipe both sides dry.

Have You Tried This?

Dutch Apple Pie Made With Spices, Rich Milk

By JANET ODELL
Pontiac Press Home Editor

There are new ways of making apple pie. If you are a traditionalist, you won't be interested in this recipe., If you like new ways of preparing familiar foods, Mrs. Joseph Abby's recipe will please you.

* * *

Mrs. Abby is a member of the Lakewood Village Women's Club. Her hobbies include sewing, ceramics and knitting. We wonder if she has finished that purple afghan.

DUTCH APPLE PIE
By Mrs. Joseph Abby

Unbaked crust
Apples
1½ cups sugar
2 tablespoons flour
2 teaspoons cinnamon
2 teaspoons nutmeg
¾ cup evaporated milk, undiluted
Butter or margarine

Put 1 tablespoon of flour and 1/3 of the sugar onto the crust in the pan. Slice peeled apples into 8ths and pack closely into crust. Sprinkle remaining flour and sugar over apples. Add spices. Pour milk over apples. Dab top with butter or margarine.

Bake uncovered 10 minutes at 400 degrees. Cover with a cake pan and bake 50 minutes more.

Wifely Phrases Put Husbands on Guard

BY RUTH MILLETT
Newspaper Enterprise Assn.

For men who haven't been married long enough to know—these are wifely phrases that should put you on your guard for what's to follow:

* * *

"Oh, by the way" . . . Sounds casual, doesn't it? But your wife is about to announce something she has been waiting to spring on you until just the right moment. "Oh, by the way . . . I had a letter from my sister, Sue, and she and Bill and the six children are planning to spend their vacation with us. Isn't that nice?"

* * *

"I've got a surprise for you . . ." This will be a surprise, all right, usually in the "it-was-such-a-bargain-I-just-couldn't-resist-it" department—though it may be anything from a fur coat for her to a new sofa for the living room. But don't expect it to be anything for YOU—not with that opening.

* * *

"Now don't say a word until I've finished . . ." This is going to be bad. She's smashed a fender, overdrawn your joint checking account, or something of the sort. This is the time when you can make yourself a hero in her eyes just by not reacting the way she expects you to react. And with this opening you can be sure she expects the worst.

"Oh, I almost forgot to tell you." . . . She hasn't almost forgotten. She has just been putting off telling you something you aren't going to be happy about . . . like accepting an invitation from a couple who bore you to death, or volunteering your services as a handy man or something of the sort.

"I've got the most wonderful idea. . . ." She'll look excited and starry-eyed when she begins with this one, because she knows good and well that while you may have your faults, you just can't disappoint her when she really has her heart set on something very special.

Many are the ways discussed in Ruth Millett's booklet on "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, care of The Pontiac Press, P.O. Box 489, Dept. A Radio City Station, New York 19, N.Y.

Collegians Eye Bright Fashions

'Kookieness' Part Italian

By JEAN SPRAIN WILSON
AP Newsfeatures Writer

Latin may not be a favorite subject among the college crowd, but sportswear spelled out the modern Italian way is.

Not many can afford originals from Florence, Rome or Milan and still pay tuition. Nevertheless, students with high fashion I.Q.'s are keeping their eyes on this year's innovations, knowing full well that many will be next year's campus fads, and at American ready-to-wear prices.

Italian high spiritedness, whimsey and love of vivid hues appeal to uninhibited coeds on the nation's campuses.

BASICALLY BEAR

For example, Italian beachwear is bare basically. But cover-ups such as Roman striped knit shirts that reach the ankles are outrageous enough to stop the ships at sea.

And ski clothes with fringe, saucer-like buttons, pompons, fur ankle rings and bat wings, all in bright colors of course, are ridiculous enough to warm the heart of a snowman.

* * *

Italian shoes with eyes and teeth like alligators, or with the eyes and feathers of a chicken; hoods shaggy like a lion's mane, and hats with giant wings are not to be worn by the faint but the young in heart.

* * *

Thus next year campus belles will be wearing versions of these titillating styles down to the sea shore, up the ski slope, to the football rally or on the hay ride.

Kookieness is now in part an Italian import.

Movies, Speakers on Tap

Waterford PTA Plans

Movies, speakers and special educational programs have been scheduled for four Waterford Township Parent-Teacher Association meetings Thursday night.

DOUGLAS HOUGHTON

Members of Douglas Houghton School PTA will hear the reading of new bylaws and have an election of officers at the 8 p.m. meeting.

Guests assisting in the organizational meeting will be Mrs. Richard Morgan, Oakland County PTA Council president, and Mrs. William Porter, District PTA president.

JAYNO ADAMS

"Children's Emotions," a movie, will be presented by mental health chairman, Mrs. John Stoppert at 8 p.m. at the Adams School. This will be followed by a panel discussion.

The panel will include Mary Lou Kalchmarchik, visiting teacher; William Hadsell, teacher; Howard Barling, a father; Mrs. William Baer, a mother who will also serve as moderator.

WILLIAM BEAUMONT

Following a short business meeting at 7:30 p.m., guest speaker, Dr. Chandos Reid, assistant to the superintendent of schools, will speak on "Changes in Curriculum."

THOMAS COOLEY

A traditional Father's Night program has been planned for 7:30 p.m. by father vice president of the Cooley PTA, Stanley Colby.

After a short business meeting, Virginia L. Warren, emergency welfare coordinator for Oakland County will show a film depicting the evacuation of a school under attack. She will also describe provisions for food, clothing, lodging, medical aid and registration for children under emergency conditions.

MONTEITH

Beginners and experts will be welcome when Monteith School PTA sponsors a square dance Friday evening at Waterford Community Center. Hours will be from 9 to 12 with Doug Rieck calling the steps. Tickets may be purchased at the door.

Try Quickie Hair Set in Morning

Do you hate to look at yourself in the mirror these school mornings? What happened to the handsome hair-do of the night before, in spite of your efforts with rollers and hair net?

It's possible to do a quickie job in those precious minutes before breakfast that will restore both your hair style and your spirits.

Put your top hair up quickly on three rollers, pop bobby pins in strategic places, and spray lightly with your favorite hair spray. By the time you're dressed, your hair will be dry, and ready to comb out — but gently.

If you shower before school, follow the same practice, cover your hair with an oversize shower cap, and see what wonders the steam from the shower will work for a quick set.

FLAT TOP?

If your hair has flattened down unbecomingly because you didn't have time to set it the night before, brush it vigorously from the roots up. Calm it down a touch with a comb, carefully smooth over the top layer.

If the situation seems utterly hopeless — or you've overslept — abandon all thoughts of your usual coiffure, and brush your hair smartly back into a pony tail, tied with ribbon or wide clip. Time enough for curls when there is time!

Garden Group at Oliver Home

Mrs. Oliver P. Dunstan demonstrated basic rules for home flower-arranging Monday afternoon to members of Pontiac Branch of Woman's National Farm and Garden Association meeting at the West Iroquois Road home of Mrs. Robert B. Oliver.

Mrs. Dunstan advised novice arrangers to learn the basic rules well, for only when becoming more skillful can arrangers break rules and still achieve proper balance.

For the pink lace-covered tea table, Mrs. C. R. Gatley's centerpiece was Italian roses and white pine in an antique bottle, complemented by a Chinese figurine.

Serving with Mrs. Philip M. Hubbard, who headed the social committee, were Mrs. Dexter Craig, Mrs. J. Alfred Hubbard, Mrs. Glenn H. Griffin and Mrs. John P. Livingston.

BEAUTIFUL FLOWERS

Express Beautiful Thoughts

. . . Your most tender thoughts can best be expressed by the delicate loveliness of flowers.

PEARCE FLORAL COMPANY
559 ORCHARD LAKE FE 2-0127
TWO DAILY DELIVERIES TO DETROIT AND INTERMEDIATE POINTS

SEW SIMPLE

By Eunice Farmer

Winner of this week's Tailor Trix award is Mrs. Eunice Walsh, St. Louis, Mo., who sends this suggestion:

"After cutting my garment, I refold each piece of the pattern to a uniform size with the name of each section on top, such as FRONT, BACK, COLLAR, etc. When I have to go back to refer to any piece of the pattern, which we all have to do frequently, it saves a lot of time and patience."

★ ★ ★

Dear Readers:

Once again I am going to explain the directional cutting of fabric with nap. Because of the volume of mail received about this one particular question, I hope you will all save this for easy reference.

Velvet, velveteen and corduroy are fabrics with "nap" or pile, and all of the pieces of your garment must be cut in the same direction.

These fabrics should be cut with the "nap" running UP. If you hold the fabric up to yourself, it should feel "rough" as you run your hand from your shoulder down to your waist.

Once you have determined the correct direction, place arrows on the wrong side of the fabric near the selvage with marking chalk. After the large pieces of your garment have been cut, you will still know the correct way to cut any additional pieces because of the directional arrows.

USE FEATHERBONING

"Dear Eunice:

"I made my daughter a formal recently and although we used the tiny spaghetti straps at the shoulders, the bodice didn't want to stay up nice and smooth. We lined the bodice and nothing seemed to help."

Mrs. M.E.L.

There is a very simple solution to this problem. Your fabric was probably light weight and, even though it was lined, it would still not have enough "body" to stay up without wrinkling.

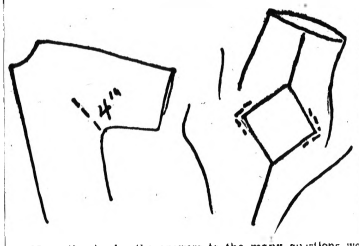

Sew a strip of featherboning* on each side seam. This is hand whipped to the seam on the wrong side of the bodice. Be sure to cut the boning back from the ends and bring the fabric covering over the ends to avoid the rough edges cutting into you. It may also be necessary to add the feather-boning to the darts at the back of the bodice, but usually the side seams will take care of it beautifully.

HOW TO ADD GUSSET

"Dear Eunice:

"Is it possible to add a "gusset" to a dress that is cut with raglan sleeves? The dress seems to pull so much whenever I raise my arms I am afraid it will tear at the underarm. Please tell me where to cut the dress and how large to make the gusset. Many thanks for the answers to the many questions we home sewers have, I feel you are sitting beside me when I am sewing."

Mrs. R.F.

Yes, it is possible to add a gusset when there is none. The sketches should help you understand the details a little better.

At the highest point of the underarm curve of the bodice front and back, make a diagonal slash about 4" long.

Before cutting to the end of the slash, place a square of firm fabric or press on tape on the WRONG SIDE. Now with a small machine stitch, re-inforce the point.

For a gusset this size, you will need a square of fabric about 5½". After gusset has been applied, top-stitch close to the seam line, about 1" each side of the slashed area. Since this is only held together by a mere thread, the top stitching will keep it from pulling out.

YOUR SEWING GLOSSARY:

Featherboning: This is a firm strip of plastic which is covered with fabric. It is used for support in strapless gowns, bathing suits, cummerbunds, etc.

We would welcome any letters from you telling us your little sewing problems. Also, please tell me what segment of sewing you would like discussed in detail for future leaflets. Send your letters to Eunice Farmer, in care of The Pontiac Press.

★ ★ ★

For the first time! Over 200 patterns in our new, 1962 Needlecraft Catalog—biggest ever! Pages, pages, pages of fashions, home accessories to knit, crochet, sew, weave, embroider, quilt. See jumbo-knit hits, cloths, spreads, toys, linens, afghans plus free patterns. Send 25 cents.

Fold a Pocket Into Napkins

Here's a napkin fold that's especially appropriate for a buffet, because it makes it easy for your guests to pick up their napkin and silverware at the same time.

★ ★ ★

Open a napkin into a square, turn down one end about one-and-one-half inches and crease it with your finger. Fold the opposite end up about three inches, then turn this fold over once again, so that it overlaps the first upper fold slightly. Now, turn the napkin over, fold in one side about four inches and fold the opposite side on top of it.

Very Nice to Plan Shower

By the Emily Post Institute.

Q: A friend of mine who is in her late 30s has just bought a small bungalow type house. She is not married. I would like to know if it would be proper to give a household shower for her.

There are many things she needs as she has never set up housekeeping before. Heretofore she lived in a furnished apartment. This friend has gone to many showers throughout the years for friends and relatives and I thought it would be nice to give a shower for her and invite all those whom she gave presents.

Would such a shower be in order, and if so, what would it be called?

A: It will be quite proper to give this friend a household shower. It would be called just that.

★ ★ ★

Q: What obligation is there for the bride's family to put up the various guests coming from out of town to our daughter's wedding? Are there any who have to be taken care of and any who don't have to be?

A: The bride's attendants who come from out of town have to be provided for by the bride's family, but not necessarily any others. It would of course be very hospitable to take care of the bridegroom's immediate family, if possible. But this is the exception rather than the rule.

★ ★ ★

Q: We are a family of moderate means and live a simple life. Our youngest son who has graduated from the Naval Academy has recently become engaged to a girl who comes from a very social and well-to-do family. Will you please tell me what our duties and obligations are toward the girl and her family? I do so much want to do the right thing and not embarrass our son.

A: You and your husband should call on the girl's parents, telephoning first to find out when would be a convenient time for them to receive you. After this one formal requirement you let your future relationship with them take its natural spontaneous course.

★ ★ ★

The Emily Post Institute offers readers booklets on a variety of subjects concerning etiquette. If you would like the booklet entitled "The New Baby" send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

Canada's Northwest Territories cover a third the area of the United States. Yet the region has only 23,000 inhabitants. Lone trading posts in the Territories receive supplies once a year by means of "cat swings," treks made by tractors pulling sleds.

In Next Disarmament Talks

West to Push for Ban on N-Tests

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The United States plans a determined new effort in the next round of disarmament negotiations to get the Soviet Union to agree to a treaty banning nuclear weapons tests under an international inspection system, officials said today.

The United States will go ahead, meanwhile, with its program of underground test explosions, and the probability is that in the next couple of months President Kennedy will make a final decision to conduct nuclear tests in the atmosphere.

SEE TESTS FAVORED

Informants said today that the present trend of administration thinking is strongly in favor of atmospheric tests aimed at improving U.S. nuclear weapons performance and developing an anti-missile missile.

★ ★ ★

The next round of disarmament negotiations is expected to open in Geneva March 14. The date and place are tentative pending approval of the 18 nations which will participate in the conference under U.N. auspices.

Nuclear test ban talks, which opened at Geneva almost three years ago, came to a dead end Tuesday.

DIDN'T BREAK

However, the United States and Britain stopped just short of making a final break in the negotiations with Moscow. Representatives of the two Western powers told the Soviet delegation their governments were willing to take up the test ban problem as part of general disarmament negotiations.

★ ★ ★

The State Department put the full blame for the collapse of the nuclear test talk on the Soviet Union.

★ ★ ★

The Soviet government, the department said in a statement, had categorically rejected "the objective of reaching agreement on a separate nuclear test ban treaty under effective international safeguards."

ONLY PART OF ISSUE

Furthermore, the department said, the Soviet Union long had insisted "that it will only discuss such an arrangement (a test ban) in the context of general disarmament negotiation."

★ ★ ★

The nuclear test sessions resumed in Geneva Tuesday after a holiday recess. The United States and Britain immediately made an appeal, the State Department said, for the Soviet Union to agree to engage in "serious negotiation."

★ ★ ★

This appeal the Russians flatly rejected, the State Department said.

'HIGHEST PRIORITY'

At the same time, the State Department added, "the United States and the United Kingdom continue to view the conclusion of a test-ban treaty as a matter of the highest priority."

Officials said that this means that negotiations on a test-ban treaty will be a primary objective of the Western powers in the forthcoming 18-nation disarmament conference.

The failure in the three-nation talks at Geneva after three years of painstaking negotiation is regarded here as a severe blow to all disarmament prospects.

CHECK PATROL CAR — James T. Eatmon, center, superintendent of service on Oakland County vehicles, is shown here with mechanics, Oliver Arnold (left) and Ernie Novanety performing a routine monthly check on a Sheriff's Department patrol car. The cars which are driven about 70,000 "hard" miles per year are carefully maintained to insure maximum use during their one-year lifetime.

Troop Airlift in Second Day

Four Transport Planes Land in Germany From Ft. Lewis, Wash.

FRANKFURT, Germany (UPI) —The biggest U.S. troop airlift to Europe since World War II swung into its second day today with four giant transport planes arriving at Rhein-Main Air Base.

★ ★ ★

The flights were part of "Operation Long Thrust II," designed to test the United States' ability to reinforce its Western European defenses with speed and efficiency.

A total of 5,400 soldiers are scheduled to be flown from Fort Lewis, Wash., to Germany by the end of the week. The first troops arrived Tuesday.

The soldiers, members of three battle groups of the 4th Infantry Division, will participate in maneuvers in Bavaria.

TWO TO REMAIN

One of the three battle groups will return to the United States Feb. 12, while the other two, totaling almost 4,000 men, will remain in Germany for an indefinite period.

The three battle groups are part of a strike command formed last September. Its force is capable of fighting brush fire wars at scattered points around the globe.

Seventy-two officers and men of the 4th Infantry Division were the first to arrive aboard a CL-44 jet transport, a military version of the four-engine Boeing 707 civilian airliner.

★ ★ ★

It landed at Rhine-Main 10 hours and 7 minutes after leaving McCord Air Force Base, Wash., a record flying time for the 5,160 miles non-stop.

Charlotte Mourning Mayor and Worker-Supported Plant

By ED MARKAITY

CHARLOTTE (AP) — Temporary closing of downtown shops today reflected a dual period of mourning in this Eaton County seat of approximately 8,000 residents.

★ ★ ★

Specifically, the afternoon shutdown observes funeral services for Charlotte Mayor Kenneth H. Fletcher, 54, who died Sunday.

It also reflects the death through bankruptcy of worker-supported Recordio Corp., a tape recorder manufacturing firm. Until last December it was the city's second largest employer and a subsidiary of Creative Electronics of Chicago.

Creditors filed petitions of involuntary bankruptcy for Recordio at U.S. District Court in Grand Rapids Tuesday.

It dashes hopes of approximately 200 employes who had taken on mortgages or dug into life's savings to contribute toward working capital of their plant in 1959.

"BLEAK PICTURE"

"It's a pretty bleak picture when you look at it," said Mrs. Wilma Mott, president of United Auto Workers Local 529.

The picture dates back to December, 1958, when Wilcox-Gay shut down its Charlotte plant. Ex-plant manager Donald Heinbach sparked a drive among fellow workers and businessmen to raise capital for a new organization to take over the plant.

About 200 workers contributed $500 each as stockholders of Recordio Corp. with Heinbach as president in April, 1959.

Many chipped in later through promissory notes which brought only part returns.

★ ★ ★

"At the time I figured it was a good investment," says widowed Mrs. Grace Young, a worker at the plant since 1953. "I was at an age where I couldn't go and get another job.

"I first invested $550 then a $400 note. On the note I got half of that back last June and that's all. They still owe me the rest plus a week's pay."

She is eligible to draw unemployment compensation — until next June.

Widowed Mrs. Thelma Shumaker, a plant worker 26 years, had planned to retire at age 65. She called the turn of events "a dirty deal . . . after they had promised us we would have work as long as we put our money in."

'DIDN'T GET HALF'

She put up $500 as an original investment, plus $250 on a note later. "I didn't get back half on the note," said Mrs. Shumaker.

"I'm drawing unemployment compensation. I'd like to find employment but, with my age and all, it would be hard to pick up anything except housework."

Both claimed that none of the employe-stockholders received an annual report.

★ ★ ★

William Stetler, 60, who leads Local 529 members in seniority with his work record at the plant reaching back to June, 1928, says:

"It's a bad deal and a black mark against Michigan for future references. I can't find employment although I've applied and applied.

"It would help some if I could get about $1,040 out of the company in back wages, promissory notes and stock."

The turning point, according to former treasurer William M. Cox, came about two years ago.

"A stockholder's meeting voted to issue 500,000 shares of common stock," he said. "It changed the stockholders from a common to preferred base and 400,000 shares of common were sold to Creative Electronics of Chicago which gained control."

★ ★ ★

Stephen Barr of Chicago assumed presidency of Recordio.

Pontiac Press Photo

NEW DEVELOPER — X-ray film developers are following in the footsteps of the auto industry nowadays. They haven't come up with a sports model developer yet, but this new rapid-process device at St. Joseph Mercy Hospital is the latest thing in compacts. Lawrence Ashby, head X-ray technician, is shown taking a finished negative from the unit. It's only three feet long and one of the first of its size to be used in America.

State to Outline Murder Case

First-Degree Murder Trial of Flint Man Enters Second Day

NEWBERRY (AP) — Prosecutor John P. Shimmens planned to outline to a jury of eight men and six women today the state's case against James Yenik, 38, of Flint, who is being tried for first-degree murder in the roadside shooting of 14-year-old Michael Richmond of Newberry.

★ ★ ★

The 14 jurors were chosen at the opening of the trial Tuesday. Two will be eliminated by lot when the case goes to the jury.

Before the jury was completed, Circuit Court Judge George S. Baldwin had to call on the sheriff to bring in additional panelmen because the original panel of 42 was exhausted.

The prosecutor's opening statement was to be followed by that of defense attorneys, a father-son team—Frank B. Ferguson of Sault Ste. Marie and Frank B. Ferguson Sr., a retired Detroit Circuit Court judge now living in nearby Paradise.

★ ★ ★

The state subpoenaed 42 witnesses but the first of these probably won't take the stand until late today or Thursday morning.

Yenik's attorneys announced he will testify in his own defense after the state completes its case, probably late this week or early next week.

The state is relying on circumstantial evidence in its attempt to convict Yenik of shooting the youth. So far it has established no motive.

40,000 to 75,000 Miles First Year

Patrol Cars 'Age' Quite Rapidly

Patrol cars used by the Oakland County Sheriff's Department and the City of Pontiac Police Department are often "old cars" less than a year after they roll off the assembly line.

★ ★ ★

City Police patrol cars average about 40,000 miles in their first year of use. The automobiles driven by the Sheriff's Department personnel show a reading of from 65,000 to 75,000 miles on the speedometer after a year on the road.

"After a year, our patrol cars are through", James Eatmon, superintendent of service for Oakland County vehicles, said. "Even though the patrol cars are lubricated and road tested every thousand miles, their life span is short because those 70,000 or so miles are 'hard miles'."

Eatmon explained that in covering the entire area of Oakland County, patrol cars must travel some pretty bad roads, often at high speeds which is a severe test for the tires and shock absorbers.

★ ★ ★

Eatmon said that tires wear out twice as fast on patrol cars as on an auto subjected to only normal driving conditions. Shocks are replaced often on cars that travel the washboard roads, Eatmon said.

QUICK STARTS

"Another factor in tire wear is quick starting and stopping," Eatmon said, "and police cars cannot avoid this in their day to day use."

The service superintendent pointed out that all 57 of the cars used by the Sheriff's Department, 15 patrol cars and 17 plain, are serviced according to needs determined by the monthly road test. Cars that break down are, of course, serviced immediately and put back on the road.

"We use the best oil obtainable for the monthly lubrication on the cars and as a result a ring job is very seldom required, Eatmon said.

Service on the county vehicles is performed at the Board of Auditors Central Garage behind the new Court House on Telegraph Road.

Sergeant Eugene Hendren of the Pontiac City Police Department is responsible for the maintenance program on the department's 45 cars, 15 of which are patrol cars and the other 30 plain cars.

40,000 FIRST YEAR

City police cars do not accumulate as much mileage as those used by the Sheriff's Department. Sgt. Hendren said that the city cars are driven about 40,000 miles the first year and another 40,000 in a perior of from one to two years before the car is taken off the road and replaced.

Cars are never kept over three years and seldom that long, according to Sgt. Hendren. At the present time only two 1958 models are being utilized and both of these cars will be gone by May, he said.

Under the city police maintenance program each car is checked monthly at which time they are lubricated. Six other operations are performed during these monthly checks on a regular basis. They are: oil change, criss-crossing tires, cleaning wheel brakes, front end alignment, tune and test and joint lubrication.

When a car requires immediate attention by the service department, an observation report is filled out by the patrolman to whom the particular car is assigned and the service department gives the auto prompt attention to get it back in service as quickly as possible.

Though the city police do not have to contend with as many rough roads as the men manning the Sheriff's Department patrol cars, they must do a great deal of starting and stopping and as a result are equally hard on tires.

As with the Sheriff's Department, the life of a set of tires on a city police car is estimated at about half that of tires used normally.

Berkley Mother of Three Makes MSUO Dean's List

The Berkley mother who is finishing her education in the morning and taking care of her three small children in the afternoon, made the dean's list last semester at Michigan State University Oakland.

For Mrs. Alice V. McLeod of 2765 Sunnyknoll Ave. Berkley, the dean's list is another logical step in a return to education program that started for her in 1957. That year she began taking night courses to complete her high school career.

In 1960 she won her high school diploma and immediately aimed for greater horizons — a degree at MSUO. Holder of a $500 annually renewable scholarship, Mrs. McLeod was an honor student in her freshman year.

Mrs. McLeod attends classes each day from 8 a.m. to noon, then hurries home to Berkley to take over the household chores from her mother, who takes care of the little ones while their mom is in school.

★ ★ ★

Afternoons are spent looking after the children, doing housework, preparing dinner and cramming in a little study when time permits. Mrs. McLeod often gets out of bed at 5 a.m. to complete her preparations for the daily school routine that will lead to a degree in education and a teacher's certificate.

The young mother enjoys sewing but has little time to devote to this pastime during the school year. However, she makes up for lost time during the summer months when she manages to make much of the children's clothing.

Put Pinball Machines in the House?

WASHINGTON (AP)—Take an austere congressional hearing room. Bring in a couple of garish pinball machines. Set them to chugging and dinging, banging and whirring, winking and blinking, and what have you got?

★ ★ ★

You have a row of congressmen grinning like a bunch of kids who know they're not supposed to smile in church, but can't help noticing the minister is still wearing his bedroom slippers.

★ ★ ★

That was the situation Tuesday with the House Interstate Commerce Committee. The amused smiles didn't last long, because the subject at hand was serious —a proposed law to ban gambling type pinball machines that can't be touched under current federal laws.

★ ★ ★

Lawyer Rufus King demonstrated the difference between an amusement type pinball machine made by one of his clients, and a gambling type that looks much the same but has an electronic device inside that "looks like the control section of an ICBM rocket."

★ ★ ★

King said his client, the Gottlieb Co. of Chicago, and the American Bar Association support the proposed measure to ban interstate shipment of the gambling machines and require their makers to register with the Justice Department.

Raid in State Nets 37 on Gambling Charges

GRAND RAPIDS (AP)—Gambling violation charges have brought into custody at least 37 persons following one of the largest raids by police vice squads in Grand Rapids history.

Raiders coordinated by Lt. Edward Szumski struck late Tuesday at 14 dwellings, two gas stations, a grocery and a department store.

Named on charges of conspiracy to violate state gambling laws and described by Szumski as kingpin of an estimated $1,500-a-day numbers lottery was Theodore (Ted) Rasberry, 47.

★ ★ ★

At least six others were charged in similar warrants and still others were cited for frequenting a place where an illegal activity was operating.

Spain to Close Prisons; Not Enough Prisoners

MADRID (AP)—While some countries are struggling with a crime problem, the Spanish director general of prisons reported today he has a prison problem of another kind.

★ ★ ★

He asked and obtained permission from the ministry of justice to close more than a dozen prisons in various parts of Spain. The reason—no prisoners.

★ ★ ★

A spokesman said Spain still has crime but it also has more prison space than is needed.

X-Ray Machine at St. Joseph's Shrinks in Size

It used to be that X-ray laboratory technicians could brew a few cups of coffee while the films were being developed, but not any more.

Both the time of development and size of developer is becoming smaller at St. Joseph Mercy Hospital.

The hospital's latest addition is a compact rapid process developer. There is only one other of its type in use in the country today.

The latest model Eastman Kodak X-Omat is only three feet long. When the machine was first designed 10 years ago, it measured a bulky 16-feet long in length.

The model immediately preceding this took about seven feet of floor space according to Lawrence Ashby, head technician.

The apparatus takes X-ray film at one end and gives a completely developed and dried negative at the other end in seven minutes.

The unit costs about $12,000 and was installed last week.

Famed Sculptor Dead

SOUTH BEND, Ind. (AP) — Prof. Ivan Mestrovic, 78, resident sculptor at the University of Notre Dame and known internationally for his modern religious sculptures, died Tuesday of a stroke. Mestrovic came to Notre Dame in 1955 after serving as professor of fine arts at the University of Syracuse for eight years. He was born in Vrpolje, Croatia, and came to the United States in 1947.

Pair in Grand Rapids Definitely 'Won't Run'

GRAND RAPIDS (AP)—J. C. Kolderman Jr., and Fred Eardley affirmed Tuesday their earlier declarations not to seek re-election in the Feb. 19 primary to their posts in suburban Wyoming.

Kolderman is mayor and Eardley commissioner-at-large. The mayor said he was answering hundreds of letters asking him to seek the post again.

Last Dec. 11 he cited the press of his real estate business as grounds for leaving office.

Rep. Griffiths Bug on Foreign Trade

First Woman on Powerful Committee

WASHINGTON (AP) — A mailman's daughter who has been debating foreign trade since high school has invaded the male stronghold of the powerful House Ways and Means Committee.

She is Martha Wright Griffiths of Detroit, who also answers to Mrs. Hicks G. Griffiths.

★ ★ ★

"My father always was adamant against high protective tariffs years ago in Pierce City, Mo.," the Democratic congresswoman recalls. "That's how I got interested in it. I debated the subject for the high school debating team and have been following it ever since."

★ ★ ★

She said foreign trade and tariff agreements will be her main concern on the ways and means committee.

AP Photofax

NAMED TO HOUSE POSTS — Rep. Martha W. Griffiths, D-Mich. and Rep. Clara W. Thompson, D-Tex., strike a victory pose after being named to the House Ways and Means Committee by a party caucus. Mrs. Griffiths is the first woman ever named to the committee. The ways and means group will have a powerful voice in determining what measures of President Kennedy's program gets to the floor of the House.

"I'm strongly, for reduced tariffs," she said. "Michigan is one of the largest sellers of goods abroad. Had we reduced tariffs long ago, the huge auto industries in some foreign countries would never have been born. I'm astounded at the tariffs abroad against American cars today."

Mrs. Griffiths will have her chance to debate the matter where it counts—on the 25-member tax-writing Ways and Means Committee. Elected to the post by a party caucus Tuesday, she is the first woman ever to serve on the committee.

★ ★ ★

The committee will be the major battleground for proposals to broaden the President's authority to reduce tariffs on import goods. It also will be the focal point of debate on President Kennedy's proposal to provide medical care for the aged under Social Security.

Sources close to Michigan's congressional Democrats said there was some doubt that Mrs. Griffiths would give whole-hearted support to medical care for the aged.

DENIES CHARGE

"Ridiculous!" she said. "Of course I want that bill passed. I've always said that when the bill hits the floor, it's going to go through. Even the Republicans won't all vote against it. I think it's got a fine chance to come out of committee, and I'm going to help it."

★ ★ ★

Mrs. Griffiths, who seldom makes House speeches, will be 50 on Jan. 29. She is serving her eighth year in the House, representing a middle-class suburban area with a population of more than 500,000.

GOP State of Union Message Dies

WASHINGTON (AP) — Senate and House Republican leaders have quietly vetoed National Chairman William E. Miller's effort to write a GOP state of the union message.

Miller circulated among party chieftains a 4,000-word document M. Dirksen of Illinois and Rep. Charles A. Halleck of Indiana, vigorously criticizing the Kennedy administration's record and proposing a series of political stands to be taken by Republicans in the new session of Congress.

★ ★ ★

Miller predicted 10 days ago the issuance of such a statement. He said the idea was to advance "affirmative programs" which Republican candidates could cite in the campaign as being more effective than President Kennedy's proposals.

The Republican leaders in the Senate and House, Sen. Everett Dirksen of Illinois and Rep. Charles A. Halleck of Indiana, declined to go along with the idea.

★ ★ ★

They put the project, in mothballs for possible consideration later in the year of some statement of broad principles on which a majority of Republicans could agree.

Dirksen and Halleck in the past have discomfited some colleagues by pronouncements the more liberal GOP members regarded as entirely too conservative. But most of these liberals look on Miller as even more conservative —and often more impulsive—than the congressional leaders.

Halleck and Dirksen were reported to believe that some of Miller's proposals would prompt an outburst of dissenting statements which would bring out for a public airing the split of opinion within the party.

They were said to have shied away, particularly, from Miller's suggestion that the GOP consider the possibility of proposing a new organization of nations which would operate without the veto power contained in the United Nations.

Dirksen and Halleck will continue to lay down Republican tenets in their weekly "Ev and Charlie" news conference, uninhibited by any guidelines Miller wanted defined in advance.

The first of their 1962 news conferences is scheduled for Thursday.

Modifies Stand on Lake Levels During Hearing

CHICAGO (AP) — A Michigan engineer Tuesday modified his earlier testimony on the effect Chicago's diversion of Lake Michigan water might have on communities in his state.

R. L. McNamee, a consulting engineer of Ann Arbor, Mich., had testified that a permanent lowering of the lake level would reduce the efficiency of waterworks in 41 Michigan municipalities by 6 per cent.

McNamee had said a lowered lake level would mean pieces of lake ice could clog intake pipes of the waterworks. The complaining states charge that the diversion is lowering the level of the Great Lakes.

Under cross-examination Tuesday by a Chicago Sanitary District lawyer, McNamee said that he knows of no records to prove corrections between lake levels and ice-clogged water intake pipes.

Fires Fatal to Four

MELBOURNE, Australia (AP)—A man, a woman and two children aged 11 and 14 perished Tuesday, the third day of Victoria's bush fires.

Swainson Hails Plant

TESTS A PRODUCT — Having fun trying out a sample aerosol house spray at the Rochester Aerosol Corp. opening yesterday was Mrs. John B. Swainson. Amused onlookers (from left) were Robert Willihnganz, company president; Gov. Swainson, who was the principal speaker at the open house; and Thurley E. Allen, president of the Rochester Area Development Corp. The plant, at 607 Woodward Ave., Rochester, is scheduled to be open for business the middle of next month.

Pontiac Press Photo

ROCHESTER — "A dramatic demonstration of confidence in the industrial future of Michigan" was the way Gov. John B. Swainson described the opening of the Rochester Aerosol Corp. plant here yesterday.

The governor spoke briefly at the company's open house, attended by state and local officials, leading stockholders, marketers of aerosol products and suppliers to the aerosol industry.

Stating that he had participated actively in "making hopes for this plant become a reality," the state's chief executive also acknowledged the efforts put forth by other individuals and agencies to bring the new facility to Rochester.

★ ★ ★

He cited the work done on the proposed venture by the Rochester Area Development Corp., the State of Michigan through its Economic Development Department, the federal government through the Small Business Administration and company officials themselves.

★ ★ ★

"I can assure all our Michigan people that nothing brings greater returns than the efforts expended in assisting a new plant to locate in Michigan or in encouraging one of our present industries to expand here," Swainson said.

★ ★ ★

He pointed out that "the knowledge that successful efforts mean more jobs for Michigan people is the finest reward that can be received."

CONDUCT GUIDED TOURS

Guests were conducted on guided tours of the plant by company officials. Gov. Swanson and his party were attended by Carl Durant, chairman of the board of Rochester Aerosol, and Robert Willihnganz, president of the firm.

Approximately 300 people toured the plant at 607 Woodward Ave. to view the new aerosol packaging facilities. It is on the site of the old Oakland Foundry and Machine Co.

Organized last July, Rochester Aerosol will start operation of its new facilities next month. The plant is equipped to package a complete line of aerosol products, including insecticides, hairsprays, home maintenance products, shave creams and pharmaceutical sprays.

★ ★ ★

In addition to these standard products, Willihnganz announced Rochester Aerosol Corp. has entered into a licensing agreement with Powr-Pak Inc. of Bridgeport, Conn., to fill Powr-Pak's formulations of lower cost water-based aerosol products for various marketers.

These products include hair spray, room deodorant, snow, flying insect spray, and house and garden spray.

Under a reciprocal arrangement between Rochester Aerosol, Powr-Pak, and Aerocide Dispensers, Ltd., all products will be available f.o.b. Rochester, Mich.; Bridgeport, Conn.; Toronto, Ontario; or Montreal, Quebec, with resultant savings in shipping costs and custom duties.

FEATURE NEW FACILITIES

The new facilities at Rochester Aerosol include a modern compounding room equipped with stainless steel tanks and mixing equipment. A key feature of the plant is a laboratory that, according to Willihnganz, will "provide quality control and product development facilities equal to the best in the industry."

Other directors of the company who were present at the opening ceremonies were Gordon B. Morrison, vice president and treasurer; Kenneth G. Mitchell, executive vice president of Aerocide Dispensers, Ltd.; Alton J. Deutzer, president of ChemCrest Corp.; J. Vaughan Blanchard, sales manager; and William A. Mitzelfelt. Board Chairman Durant is president of Aerocide Dispensers, Ltd., the largest customer packager of aerosol products in Canada.

AFS Is Seeking Host for Pupil

Accepting Applications for Family to House Exchange Student

The Avondale Chapter of the American Field Service is accepting names of families interested in having a foreign exchange student in their home for the 1962-63 school year, Chapter President Mrs. Robert Vogel announced today.

★ ★ ★

AFS students come to the United States for one year and are carefully chosen for personal qualities as well as academic achievement, Mrs. Vogel said.

They are between 16 and 18 years of age, speak English passably well, if not fluently, and are required to return home at the end of the year. They come from 50 or more different countries to the U. S. A. each year.

The student who comes to Avondale will attend the senior high school while residing with a local family.

Persons interested in sharing their home with such a student can call Mrs. James Laughlin, home placement chairman, or Mrs. Vogel.

This year's Avondale foreign exchange student is Rhodes Garwen of Southern Rhodesia, who is staying with the Earl Wright family on Nichols Drive, Auburn Heights.

Time Runs Short to Enter Troy Commission Race

TROY — Candidates who hope to run for the two commission seats and mayoralty in the April 2 election will have to file their nominating petitions with the city clerk before 4 p.m. Monday.

The first three-year terms of commissioners Wallace B. Hudson and Vincent J. McAvoy and Mayor Robert J. Huber are expiring.

Candidates need the signatures of 60 registered voters on their petitions to be nominated. No one has filed for any of the posts to date.

A primary election will be required if more than 3 candidates file for the mayoralty post more than five for the commission seats. It would be Feb. 19.

Area Mission School to See Film on Indians

COMMERCE TOWNSHIP — A film strip on the Jivaro Indians of Ecuador will be shown at the Commerce Methodist Church's school of missions Sunday.

The film, entitled "Mid-Century Martyrs," tells of the death of several missionaries at the hands of the Indians in recent years. The mission classes will begin at 3 p.m. and Robert Krause of Berkley will show his film at 7 p.m.

Will Discuss Mission Field

Detroit Minister Set Sunday in Series on Combating Communism

ROCHESTER—Rev. Jesse De-Witt, missionary secretary for the Detroit conference of Methodist Churches, will speak here Sunday on how the church's mission program counters the threats of communism to faith and freedom.

His talk, entitled "What Are Methodist Missions?" is one of a series of special 7 p.m. meetings Sunday meetings at St. Paul's Methodist Church, 620 Romeo Road.

The series will be devoted to the subject, "The Christian Answer to the Communist Imperative."

Judd Eldred and Jim Parker will present their views of South America at the Jan. 28 program.

"An Internal View of Cuba" will be the topic of a presentation by Dr. Samuel Shapiro, assistant professor of history at Michigan State University Oakland, Feb. 4. This is the last session in the series.

★ ★ ★

During these programs, the church will provide a nursery for preschool children and special programs for school children not wishing to attend the presentations.

The public has been invited.

Farmers Week to Emphasize Shelter Foods

LANSING (UPI) — Farmers' roles in a nuclear war and the importance of their survival will be emphasized during farmers' week starting Jan. 29 at Michigan State University.

A "survival luncheon" will be served at the MSU auditorium Jan. 31 with the menu including foods that would be usable in a fallout shelter. The auditorium will be set up like a fallout shelter.

A movie called "Fallout and Agriculture" will be shown during the meal.

The next day a program called "Survival From Nuclear Attack" will include a film explaining effects of fallout on Michigan if Chicago were bombed.

Walled Lake District to Vote Monday

School Ballot to Test Drive

WALLED LAKE — The effectiveness of an educational campaign the last several months will be determined Monday when voters in the Walled Lake School District decide three major proposals.

Since November when the school board scheduled the special election, numerous informational programs regarding the issues involved have been arranged by the Citizens Committee on School Needs with parent-teacher associations, civic and social organizations and homeowner groups.

The last effort of the committee will be on election day when eligible electors are contracted by telephone to remind them to vote.

Approval is being requested by the board of education on a $2.1 million bond issue, to be used primarily for new elementary schools; a $400,000 bond issue for a 900-seat auditorium adjacent to the senior high school; and a two-mill operational tax increase.

★ ★ ★

Supt. Clifford H. Smart said it has been estimated it will be necessary to increase taxes up to two mills for bonded indebtedness in addition to the two mills being requested on the ballot.

It also has been necessary to state on the ballot that the school board is seeking to rescind the two current operational mills approved by voters in 1959 and substitute them with four mills for the next four years.

The total school tax levy in the district, including that allocated by the county, would be 24.35 mills if all three proposals are approved, according to the superintendent. He said it may be less.

20.35 MILL TAX RATE

The current tax rate is 20.35 mills for each $1,000 of state equalized valuation.

Smart explained if the bond issues are approved, the school board doesn't need voters' approval to hike the millage for bonded indebtedness.

The board will determine at a later date the actual amount to be levied for indebtedness, but it will not be more than two mills, the superintendent said.

The two mills being asked for the operation of schools would provide the district with about $140,000 annually. This is based, however, on a 100 per cent tax collection.

In addition to erecting and furnishing new elementary schools, the $2.1 million bond issue would be used to finance construction of a new administration building, garage and service building, additions to existing schools, remodeling and acquiring and improving sites for new buildings.

The proposed senior high auditorium could be expanded to seat an additional 300 persons.

AFTER 6-MONTH STUDY

The school board set the election just two weeks after the Citizens Committee presented it with findings of a six-month study of school facilities.

Four subcommittees submitted their proposals.

Essentially, the proposals on the ballot are the same as those requested by the committee. Only an additional $100,000 was tacked on to the larger bond proposal.

Firm Threatens to Leave Because of Assessment

WALLED LAKE—A large manufacturing firm has threatened to move its operation out of the city if its tax assessment is brought in line with other city taxpayers.

City Manager Harold Millspaugh, who is also city assessor, informed the City Council last night that he had recently discovered the inequity since taking office and intends to rectify it even if it means a tax loss of $7,000 a year if the firm leaves.

Members of the council agreed wholeheartedly, saying it would be a despicable of their duties if the assessment wasn't corrected.

Millspaugh did not reveal the name of the company involved, saying that it was not important at this time since the assessment would be increased anyway.

"Regardless of the threat to relocate," said Millspaugh, "we cannot allow this inequity to continue."

"In effect, we as taxpayers, are

★ ★ ★

subsidizing this company," he added.

"Maybe the problem could be remedied by arranging payments on installments. Even then the firm still might move."

Councilman Richard Watkins said taxes should be fair and equitable to all.

"It must be made certain that taxes in town are as fair as our assessor can make them under state law."

He cited his own case and that of Councilman Clyde Mottor when they appeared before the State Equalization Board and won tax relief on what they considered were too high assessments.

Mottor, who compiled a brief case of assessment information during his tax fight a year ago, said that the particular plant in question should have been assessed at 55 per cent on its personal property.

"It hasn't," he said. "Two years ago it was only paying 17 per cent and last year the assessment was doubled. That means the remainder had to be spread against other city taxpayers."

Mottor indicated that he had figures showing other business with low assessments.

"John Doe here doesn't have that kind of money to subsidize businesses and we can't ask them to subsidize," Mottor said.

Millspaugh said the inequitable assessment had been brought to his attention by the county equalization office during a sampling of assessments throughout the area.

Educator to Discuss 'Creative Dramatics'

A talk on "Creative Dramatics" will highlight tonight's dinner meeting of the South Oakland branch of the Association for Childhood Education (A.C.E.).

Speaker at the session, 6:15 p.m. at Kimball High School, Royal Oak, will be Dr. Margaret Woods, professor at Seattle Pacific College, Seattle, Wash.

Author of many articles on creative dramatics that have appeared in national education pamphlets, Dr. Woods is president-elect of the elementary-kindergarten-nursery department of the National Education Association. She also is a member of the A.C.E. board of editors.

Lions Governor Sets Auburn Heights Visit

AUBURN HEIGHTS — The district governor of the Lions Club International will make his official visit to the Lions Club here next Tuesday.

Roger Heath, governor of 55 clubs in the district will meet with club members at 7 p.m. in the Avon Lounge, 3982 Avon Road.

He will advise and assist club president Harold Newlingham and secretary Ned Niedjelski on the Lions' administration and humanitarian programs.

'62 Traffic Kills 43

EAST LANSING (UPI) — Traffic accidents have killed 43 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 58.

NEWS OF THE AREA

Lake Orion Senior Seeks State Junior Miss Title

SANDRA E. HUERTH

LAKE ORION — A 17-year-old Lake Orion High School senior will be one of eight area girls competing Feb. 3 for a scholarship and a chance to represent Michigan in the America's Junior Miss Contest in March.

Sandra E. Huerth is being sponsored in her bid for the title of Michigan's Junior Miss by the Lake Orion Area Junior Chamber of Commerce.

Daughter of Mr. and Mrs. Philip Huerth, of 70 Highland Road, she has been a member, past president and regional vice-president of the high school's Student Council.

She is captain of the varsity cheerleaders and a member of the Future Homemakers of America. For her talent act in the Michigan finals, Sandra will dance and twirl the baton.

In addition, she is the recipient of a 1961 good citizenship [illegible] from the Daughters of the American Revolution which cited her for service to the community and for her leadership and patriotism.

Sandra's favorite sports include swimming, ice skating and snow and water skiing.

The state Junior Miss finals will be 7:30 p.m. at Pontiac Northern High School. Tickets for the contest may be purchased at the door.

Fire Destroys Storage Building

Loss in Farm Equipment and Produce Estimated at More Than $30,000

IMLAY TOWNSHIP — Flames levelled a large vegetable and tool storage shed here yesterday afternoon and destroyed over $30,000 worth of farm equipment and produce before firemen from four departments were able to put out the blaze.

Owner of the building at 1561 Sisson Road is Reed Sisson of the same address. Firemen from the Arcadia and Imlay townships, Lum and the State Conservation Department fought the fire from shortly after 2 until about 6 p.m.

The fire fighters had to rig a shield and spray nearby buildings in order to save them from the flames.

Sisson said his insurance of $30,000 wouldn't begin to cover the damages to the building and contents.

According to firemen, the 40-by-100-foot insulated frame shed contained three tractors, a cornpicker, car, wagon, field chopper, a grain drill and hand tools as well as about 400 bushels of vegetables and 275 bales of straw.

The blaze, which was reported by Sisson, began near the building's furnace, firemen said.

Book Exhibit Set for Teachers at Avondale High

Avondale teachers will have an opportunity to talk with publishers and salesmen of many of the major book companies tomorrow afternoon at the second annual Avondale staff library book exhibit.

★ ★ ★

In addition to the display of library books at the Avondale High School, the exhibit will feature some 1,100 volumes being shown throughout the county by the Oakland County Board of Education.

★ ★ ★

School officials said the exhibit will give staff members a chance to browse and to select firsthand the books they intend to use in the classrooms.

The display will be open to the public from 1 to 3:30 p.m.

Morse PTA to Sponsor Benefit Party Friday

TROY — The Morse School Parent-Teacher Association will sponsor a card party Friday in the women's guild auditorium of the Federal Department Store, 14-Mile and Crooks roads.

A luncheon will be served. Tickets for the 1:30 p.m. party will be on sale at the door. Proceeds from the party will go toward the association's charitable activities. The public is welcome.

SALLY JEAN RAY

Mr. and Mrs. William Ray of 1890 M-15, Ortonville, announce the engagement of their daughter, **Sally Jean**, of Boca Raton, Fla., to Cpl. Robert G. Leedom, son of Mrs. and Mrs. Robert Leedom of Boca Raton. A spring wedding is planned

CAROLYN D. ALEXANDER

A June 9 wedding is planned by Carolyn Diann Alexander and Clarence Lee Trott whose engagement is announced by her parents, Mr. and Mrs. William Alexander of Warren. The prospective bridegroom is the son of Mr. and Mrs. Clarence B. Trott of 5600 Bordman Road, Dryden.

Andersonville PTA to Hear Consultant

CLARKSTON—Members of the Andersonville School Parent-Teacher Association will hear John N. Addison, arithmetic consultant of the Scott Foresman Company, Detroit, present a talk on mathematics at tomorrow's 8 p.m. meeting at the school.

All interested persons have been invited to attend the meeting and refreshments will be served by members of second grade pupils.

Avon Methodist Men to Hold Square Dance

AVON TOWNSHIP — The men of St. Paul's Methodist Church will sponsor a "Square Dance and Fun Night" Saturday in the Church Friendship Hall, 620 Romeo Road.

Calling for the 8:30 to 11:30 p.m. dance will be the men's club trio, Ralph Price, Jack Ralph and Frank Strubler. The public is welcome.

SANTA CLUB GIFT — Mrs. Vera Duffy (left), manager of the Haven Farm School for Retarded Children, Romeo, accepts the gift of 140 Ford Motor Co. Proving Ground employes who pooled the money they would have spent on exchanging Christmas cards to buy this 16mm sound movie projector for the children. Supervisor George Gormly explains the controls to Mrs. Duffy and Mrs. Evelyn Anderson (second from left) and Mrs. Ellen Sommers, both secretaries at the plant.

Blasts Politics in Courtroom

Detroit Lawyer Tells County Assn. Judges Influenced by Voters

The chief trial lawyer for the Wayne County prosecutor's office at a meeting in Bloomfield Hills last night charged that decisions of many judges in Michigan and throughout the nation are being influenced by voters.

★ ★ ★

"Politics has played havoc with laws as upheld by the U.S. and state supreme courts," declared John W. Coury, speaking before more than 100 members of the Oakland County Law Enforcement Association.

"Many of our liberal jurists read something into the constitution that isn't there," Coury asserted.

"We (police officers and prosecuting attorneys) are being handcuffed in the courts," he said.

Recent court decisions regarding cases involving "search and seizure" by policemen came under fire by the Wayne County officer, guest speaker at the meeting of Oakland County law enforcement officers.

★ ★ ★

Supreme Court judges on both the Michigan and federal benches, Coury alleged, have ruled on individual cases where the matter of search and seizure was in question, but they have failed to lay down a plan which law enforcement officials can follow.

Many judges elected by "certain factions of voters" have not handed down comprehensive judgments on the matter because they feared the outcome in the next election, he charged.

Under the state constitution certain items, including narcotics, concealed weapons and explosives, may be introduced as evidence in court even though they were obtained by police stopping cars for other violations, Coury said.

★ ★ ★

Michigan's amendment on search and seizure is not included in the federal constitution.

Citing varying judicial opinions in this type of case in the state and across the country, Coury said "there should not be two interpretations of the law."

★ ★ ★

Judges are "freeing criminals and endangering society" because good cases are thrown out of court over the search and seizure matter," he said.

Armed Bandit Takes $38 From Area Motel

Police today are seeking an armed bandit who escaped with $38 in a holdup yesterday of the Ritz Motel at 1000 S. Woodward Ave.

A man armed with a gray revolver entered the motel office at 11:30 a.m. yesterday and demanded money from the desk clerk, Eugene M. Brown, 79, 140½ Mt. Clemens St.

Brown said the bandit reached over the counter and grabbed bills and change from the cash drawer. Brown didn't know in which direction the thief escaped. The desk clerk said the man's face was covered with a rag.

Echo to Pass Twice

Early to bed, early to rise . . . Do both and you'll have a chance to see the Echo satellite tonight. This evening, it'll appear in the south, 22-28 degrees above the horizon, moving northeast, at 8:35 p.m. tomorrow morning there'll be a repeat performance at two minutes before 5. Again, the direction will be south. Elevation will be 33-38 degrees and the course southeast.

'Prisoners Confirm Indonesian Invasion'

HOLLANDIA, West New Guinea (AP)—The Dutch said today captive Indonesians confirmed that three Indonesian torpedo boats intercepted by Dutch naval units Monday were on a military landing mission.

★ ★ ★

Rear Adm. J. E. Reeser, commander of the Dutch armed forces in this jungle territory, reported details of the torpedo boat action.

60 SURVIVE

Fifty men survived the sinking of one of the boats. The Dutch said they will be treated as prisoners of war.

Reeser gave this account:

The three boats were first spotted on the radar screen of a Dutch Neptune plane as they streaked northward from the Indonesian Aru Islands, 100 miles south of New Guinea.

★ ★ ★

They were tracked entering an area 12 miles from the New Guinea coast, then sighted visually by a Dutch naval vessel.

One of the Indonesian boats opened fire on the Neptune. Shells from a Dutch frigate set that boat afire and it later exploded.

The battle then changed to a stern chase. The Dutch called off the pursuit 12 miles north of the Arus.

A few of the 50 captives were Papuans of the racial stock of West New Guinea natives.

The admiral said he could not say how many Indonesians were killed.

★ ★ ★

The boats were not Soviet-built, as reported here at the time of the action, but were Jaguar-class vessels built in 1956-60 in Bremen by the West German firm of F. R. Lurssen.

Kennedy Turns Pitchman for Trade Program

WASHINGTON (AP) — President Kennedy began his trade policy "educational job" today, starting with Democratic senators.

Kennedy entertained Senate Democrats at a coffee hour in the White House. He will have Democratic members of the House in for morning refreshments later this week.

After coffee, it was reported Vice President Lyndon B. Johnson reviewed the leadership's program for the senators. Then Kennedy spoke about his proposals for broader tariff cutting authority and for U.S. purchase of United Nations bonds.

★ ★ ★

Sen. Hubert H. Humphrey, D-Minn., said Kennedy backed up his trade recommendations with charts to illustrate how patterns of commerce affect each state.

Will Remedy Water Woes

City to Move Quickly to Cut Down Increase in Iron Content

The city will take immediate steps to remedy a rapid increase in the iron content of water on the north side of Pontiac.

City Manager Robert A. Stierer said the city will tackle the problem by increasing flushing and decreasing the Calgon treatment of Northside water.

Stierer's statements were in answer to a request from City Commissioner Winford E. Bottom at last night's City Commission meeting.

Bottom complained of the "dirt and rust in Northside water."

Stierer said the city may also shut off one or two wells, but that it would not affect water pressure in the area.

Cutting down the Calgon treatment will result in harder water, but it is necessary because the treatment occasionally knocks iron and rust loose from water lines, Stierer explained.

Opening several fire hydrants and flushing out the system should bring it back to normal, he said.

Report Blasts Cuban Actions

OAS Paper Condemns Rights Violations, Red Ties, Intervention

WASHINGTON (AP)—An inter-American peace committee report due today or Thursday is reported to condemn Cuba for acts of intervention, human rights violations, and Communist ties.

★ ★ ★

The Organization of Aerican States report is based on the committee's investigation of Prime Minister Fidel Castro's regime in Cuba. The investigation was requested in a resolution introduced by Peru.

THREE MAJOR CHARGES

Authoritative sources have said the report contains these major points:

★ ★ ★

1. Citation and condemnation of Cuba for acts of subversion and political intervention. This reportedly is backed by nine examples of political intervention on the part of the Castro government. In each case, sources said, evidence is presented by the government concerned.

HITS RIGHTS VIOLATIONS

2. Condemnation of human rights violations. Six broad categories of these violations are cited, including executions, jailings, deportations, and deprivation of property.

3. Condemnation of Castro's proclaimed ties with the Sino-Soviet bloc.

Latin American experts regard the report as one of the strongest documents ever presented against a country. One diplomatic source said the report is "a serious document that makes no affirmation that is not backed by fact."

Kekkonen Wins New 6-Year Term as Finnish Chief

HELSINKI (AP) — President Urho Kekkonen today looked forward to a new six-year term as chief executive of Finland after solidly beating Communist and Social Democrat candidates at the polls.

Kekkonen, who has had a ticklish time keeping Finland neutral in the face of recent Soviet pressure, was assured of victory when his electors polled 45 per cent of the popular vote in this week's election. The electors will meet later to officially name him president.

Communist candidate Paavo Altio got 20 per cent and Social-Democrat Rafael Paasio 13 per cent of the vote, with the rest scattered among four others.

School Election Date May Be Scheduled

Waterford Township Board of Education members tomorrow probably will establish a March date for a special election to increase taxes five mills for school operation.

The hike is designed to raise salaries of teachers and administrators into line with those of surrounding communities, the board said.

The meeting opens at 7:30 p.m. at school board offices on Walton Boulevard.

AP Photofax

HUGHES SWORN IN — One hand upraised, the other on a Bible, Richard J. Hughes, 52-year-old political unknown is sworn in as governor of New Jersey at Trenton Tuesday. A Democrat, Hughes is the first Catholic to become chief executive of the state. Officiating at the ceremony is Chief Justice Joseph Weintraub, right, with Chief Clerk Robert F. Falcey holding the Bible. Mrs. Hughes is at the left.

County Road Death List Includes Those of All Ages

Death respected neither age nor youth on the streets, sideroads and highways of Oakland County in 1961.

One hundred and three lives were lost as the result of county traffic accidents during the past year, according to a provisional report of the Michigan State Police.

The county's oldest and young-

17 People Die in Large German Warehouse Fire

NURENBERG, Germany (UPI) — Seventeen persons, including four who leaped to their death from a fifth floor window, died today when Nurenberg's biggest postwar blaze swept a department store warehouse.

Police said the toll of dead and injured undoubtedly would rise when the brick and masonry building can be searched for bodies.

The injured total was between 20 and 30, including three firemen who were overcome by smoke and heat.

Persons watching from the street said two women and two men apparently panicked and jumped when the fire reached the top floor housing the purchasing department.

Boy Struck by Car on Satisfactory List

A 14-year-old Orion Township boy, injured when struck by a car near Lake Orion Community High School yesterday afternoon, is in satisfactory condition today at Pontiac General Hospital.

Robert C. Hester, 51 N. Baldwin Road, was struck on Scripps Road, just east of Lapeer Road.

The driver of the car, Richard McClintock, 18, 1028 Miller Road, Orion Township, told Oakland County Sheriff's deputies he looked away from the road to adjust a heater vent after pulling out of the school parking lot. He glanced up, saw the boy and was unable to avoid hitting him, McClintock said.

Magician Succumbs

AYR, Scotland (AP) — John Ramsey, 84, a magician who had performed in Europe and the United States, and a first-rate gardener, died Tuesday. He served as president of the International Brotherhood for Micromatic of Close-up Magic in 1950-1910.

eat traffic victims died just a day apart. Both were pedestrians hit by cars in Waterford Township.

Of those killed, the youngest was a year-old Waterford Township girl run over in the driveway of her home July 25.

★ ★ ★

The county's oldest traffic fatality, an 84-year-old Portland, Ind., woman, was killed while crossing the busy Dixie highway a day later.

Unofficial statistics recorded by The Pontiac Press showed that the majority of pedestrians killed in traffic were children under 10 and elderly persons above 60.

Most of these killed in collisions involving two or more vehicles and in crashes between automobiles and fixed objects were from 18 to 60 years old.

MANY PARENTS

The greater percentage of these victims were in their 20s. Many were the parents of small children.

★ ★ ★

The worst single accident of 1961 took place July 23 when four persons, including a young Detroit policeman, his wife and their 3-year-old son, died in a fiery, three-car crash in Ferndale.

The period from July 21-23 was the deadliest weekend of the year as seven persons met their deaths on county roads.

July and December ranked as the bloodiest months of the year. Fifteen persons died each month.

★ ★ ★

Total traffic deaths in 1961 showed a decrease from the previous year in Oakland County. However, 13 persons have died as the result of 1961 traffic accidents in Pontiac, an increase of three over the previous year's figure of 10.

The county total for 1960 was 111.

The number of fatalities in other months of 1961 were January, 5; February, 10; March, 5; April, 5; May, 9; June, 8; August, 6; September, 7; October, 12, and November, 6.

Noted Restaurateur Dies

CHICAGO (AP) — Drio L. Toffenetti, 72, who started in the restaurant business as a bus boy and dishwasher and rose to the ownership of a chain of restaurants, died Tuesday, apparently of a heart attack. Toffenetti operated six restaurants in Chicago, one in Times Square in New York City and a hotel in St. Petersburg, Fla. He was born in Italy and came to the United States in 1910.

City Fathers OK Board for Counting Absent Votes

After hearing a report from City Attorney William A. Ewart last night, city commissioners adopted a resolution approving the establishment of an absent voting counting board.

Ewart explained that the bipartisan board would be appointed by the election commission and that its members would have the same power as persons counting ballots at any city precinct polling place.

When the resolution was first proposed last week by City Clerk Olga Berkeley, commissioners had questioned the number of persons that would be on the board and what power they would have.

Under the new setup all absentee ballots in the March 5 primary and April 16 general elections will be counted at city hall.

In the past, all such ballots were transported to their various precinct polling places where they were counted and added to the precinct's total.

This year, following a directive from the state allowing the establishment of absentee voting counting boards, the ballots will be kept in one place.

The absentee voting counting board will be in the city clerk's office. Ballots will still be classified by precinct.

Negro Churches Bombed in South

Three Damaged During Night at Birmingham; 1st in 3½ Years

BIRMINGHAM, Ala. (AP)—Dynamite explosions at three Negro churches—the first such violence involving churches here in 3½ years—damaged the buildings and nearby houses Tuesday night.

No one was in any of the church buildings at the time and no injuries were reported by nearby residents.

Two police officers near one of the blast scenes received minor injuries from the force of the explosion.

Fire Marshal A. Rosenfeld said the blasts were caused by dynamite.

The first explosion occurred at New Bethel Baptist church shortly after 10 p.m.; the second seven minutes later at St. Luke's African Methodist Episcopal Zion church three blocks away; and the third about 40 minutes later at a small independent church—Triumph Church of Kingdom of God in Christ—about three miles from the area of the other explosions.

Several bombing incidents—some with racial implications — have occurred here in recent years. The last was an unsuccessful attempt to dynamite a Negro church in 1958.

Pastors of the churches bombed Tuesday night said they could give no reasons for the blasts.

Spasmodic racial trouble has erupted here several times in recent years.

Guilty of Reckless Use of Water Skis

A Waterford Township man was found guilty yesterday in Justice John McGrath's court on a charge of reckless use of water skis.

Thomas Duford, 4812 Sashabaw Road, was accused of skiing too close and splashing water on two fishermen Aug. 30 on Maceday Lake. Keith Kiffinger of 1734 Tam Street, Rochester, was the complainant.

Duford will be sentenced at 9:30 a.m. Saturday.

Tornado Hits England

LONDON, (UPI) — A tornado, rare in Britain, struck Northern England early today, injuring several persons and spreading destruction over a path two miles long.

Con-Con Eyes Rights Provision

Would Guarantee Equal Protection to Every Race, Sex, Creed

LANSING (UPI) — A new civil rights provision guaranteeing equal protection to all — regardless of race, religion, sex or national origin — is expected to be adopted by a constitutional convention committee.

★ ★ ★

The provision, to be included in the declaration of rights article gained support Tuesday in a tentative vote by members of the committee on rights, suffrage and elections.

Under the proposal, the legislature would be directed to implement the section by appropriate legislation.

As first suggested by Committee Chairman James K. Pollock, Ann Arbor, the provision would merely have stated that the legislature "shall have the power to enforce this section."

Five Democrats on the committee said they preferred a stronger proposal which would ban discrimination in employment, housing, public accommodations or education by the state or "any firm, corporation, institution, labor organization or any other person."

★ ★ ★

But they indicated willingness to accept the Pollock proposal as amended.

It is expected to be reported out on the floor as follows:

"No person shall be denied the equal protection of the laws; nor shall any person be denied the enjoyment of his civil or political rights or be discriminated against in the exercise thereof because of race, religion, sex or national origin.

"The legislature shall implement this section by appropriate legislation."

If adopted by the convention, it would be the first such civil rights provision ever included in the Michigan constitution.

Sen. Goldwater Says:

'Let's Pull Out of U.N.'

OXFORD, Ohio (AP) — Sen. Barry Goldwater says he would like to see the United States pull out of the United Nations.

He also criticized anew the Kennedy administration, but the Arizona conservative said Tuesday night he has no intention of running for the presidency.

★ ★ ★

Goldwater said, "There are too many extremists or people on the left in government. There are never any on the extreme right in government."

The Republican senator spoke to an audience of students and townspeople at Miami University.

As for the United Nations, he said, "Let's forget the whole thing and join up with our allies and induce the neutrals to join us.

"The world isn't ready for the United Nations."

pbi

The Better Career Opportunities Are in Business

Picture you in an office. You can be earning a good income at pleasant work, enjoying the company of interesting men and women . . . with security and opportunity yours . . . within a very short time.

Secretarial, Accounting, General Business and Office Machine programs are available, leading to improved starting jobs, and the capacity for rapid promotions. Why take a job at once which may be boring and dead end? A business education is rapid and reasonable in cost.

FOILED ON THIS ONE — University of Detroit's Dave DeBusschere (22) loses the ball to Western Michigan's Bill Street (45) as he makes a shot in 2nd half of last night's game at U. of D. Despite this shot being broken up, DeBusschere became the Titans' greatest scorer with a three-season total of 1,092 points. He scored 31 against Western, but the Broncos upset U-D, 69-57.

Waterford Quintets Record Easy Triumphs

★ ★ ★

Ferndale Tops Seaholm; Capac Rolls Past Dryden, 105-36

St. Fred, OLSM Gain Victories

St. Frederick, Orchard Lake St. Mary, unbeaten Utica, Ferndale and Farmington Our Lady of Sorrows all posted basketball league victories last night.

The Rams, 61-31 conquerors of Our Lady of the Lakes, and Eaglets moved into a tie for 2nd place with St. James in the close Suburban Catholic race. St. Mary whipped St. Michael, 53-42.

Utica kept rolling in the Bi-County on a 55-36 trouncing of Fraser. Ferndale breezed 57-33 in an Eastern Michigan contest at Birmingham Seaholm and OLS triumphed 50-43 over St. Francis Xavier.

Heavily favored Capac got the Southern Thumb tournament off with a bang by bombarding Dryden 105-36 after Brown City had defeated Armada 69-58 at Capac.

At Anchor Bay, the host team played its best ball of the season to upset Memphis. New Haven defeated Almont, 66-52.

St. Fred and Orchard Lake improved their SCL records to 4-2, one-half game behind co-leaders St. Clement and Royal Oak St. Mary.

Coach Gene Wright's defending loop champions had no trouble at Waterford. They led all the way. Charley Dean and Jim Schachern combined to outscore the home team with 22 and 17, respectively. George Sharpe hit 19 for the Lakers in their 2nd loss to the Rams.

★ ★ ★

St. Mike led in the opening minutes by 3 points and by 4 late in the 1st half but never again.

St. Mary pulled ahead 23-20 at the intermission and hit three quick buckets in the 3rd quarter to lead by 8. It was later cut to 3 but the period ended 35-26. The upset-minded Shamrocks cut a 15-point deficit to 7 with 1:46 to play but could get no closer.

Alvin Miller rung up 23 points and John Rompel 12 to lead Father John Rakoczy's team to its 2nd win in as many tries against Pontiac parochials. Charlie Daul canned 15 in defeat.

★ ★ ★

Our Lady of the Lakes and Mikes still share last place. The only Big Blue victory was outside the league. St. Mary has five wins overall.

Utica had little trouble extending its streak to six. The Chieftains had a 29-18 halftime advantage. George Staelgraeve sparked the offensive with 16 points, Tony Palazollo added 12 and Tony Angel 10.

Ferndale advanced to a tie for 3rd with Kimball at 2-2 in the EML by taking its 4th game in seven tries. The Dales piled up a 33-16 last half lead and coasted the rest of the way.

★ ★ ★

Balance was the big factor for the Dales. Ed Woodard caged 14, Bob Micheau 11, Don Brooks and Dave Neilson 10 apiece. Bruce Nyberg had only 6 but led the Maples.

Sophomore Rick Barth, benched as a starter for disciplinary reasons, came on to highlight Sorrows' 2nd Southwest Division triumph and 3rd over-all with 18 points. Rick Goyt chipped in with 13. Xavier led all the 1st half which ended 18-18. The losers had a four-point edge midway through the last period when the visitors pulled it out.

Capac, figured to be a state title contender in Class C, started with a 40-7 1st period margin and averaged 20 or more from there in. Ken Adamski topped 14 scorers with 17, John Scheuer hit 16, John Staniloui and Ray Petz 14 each. Brown City was in charge all the way. Jim Clarke scored 19, Gary Grosline 16, Ken Miller and Al Martus 11. Jim Porte chalked up 25 and Bill Luoma 19 for Armada.

Anchor Bay had things all its own way after a 13-10 opening quarter in a 62-39 romp featuring Larry Teller's 18 points and 14 for Ralph Hellebuyck. Fred Wahls got 11 for Memphis. Almont opened with a big 21-point start to lead by 6 but fell apart soon after despite Ray Bollaert's 22 points. Bill Harris hit 12, all in the 1st half. Dwight Lee fired in 24, Irv Chopp 14, Ron Lee 11 and Gerry Harris 10 for NHHS. Dwight converted eight straight free throws in the final quarter.

Thumb action resumes tomorrow night. Dryden vs Armada at 7 and Capac meets Brown City at 8:30 at Dryden. New Haven games will have Almont playing Memphis at 7 and the host five against Anchor Bay in the nightcap.

Parochial Loop Setup Changed

Suburban Will Become Northwest in Attempt to Create Balance

Some big changes have been made in the area parochial league setup, which involves the Pontiac area schools.

A new Northwest League will replace the present Suburban Catholic setup starting next fall.

Making up a seven-school field will be St. Michael and St. Frederick of Pontiac, Orchard Lake St. Mary, Our Lady of the Lakes, Royal Oak St. Mary, Farmington Our Lady of Sorrows and Detroit St. Agatha.

Sorrows and St. Agatha will be switched from the Southwest division.

Former SCL members St. James, St. Rita and St. Benedict will move into the West Side bracket of the Second Division. St. Clement will join the A-East group.

The changes were reportedly made to create better balance.

20-Point Effort All for Naught in 'D' Contest

A 20-point scoring effort by New Hope's Chuck Rollins was wasted last night as Victor Paints scored a 42-39 victory in Class D City League basketball action at Lincoln. Gary Lee made 17 for the winners.

In another "D" contest, the Bombers piled up a 31-17 halftime lead and coasted to a 54-50 win over Pablo's Raiders. John Hurner had 16 points for the Bombers and Pablo's Jon Blocher tallied 17.

Unbeaten 300 Lounge whipped Newman AME, 76-65, for its 7th success in American loop activity at PCH. Felix Brooks netted 27 points for Lounge while Newman's John Bandy collected 25.

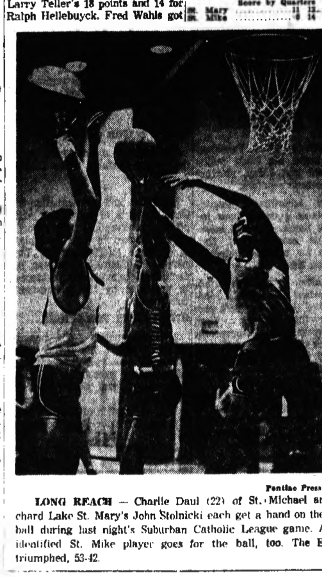

Tuesday's scheduled National League games between Police-Bell and Colonial-Reeves will be played Thursday on the Madison court.

Hat Trick Leads Zephyrs

MUSKEGON, Mich. (AP)—A three-goal hat trick by Bryan McLay gave the Muskegon Zephyrs a 7-4 victory over Indianapolis in an International Hockey League game here last night.

It was the 13th victory in 14 starts for the Zephyrs and put them in second place by one point behind league leading St. Paul.

Larry Lund scored twice for Muskegon.

Pontiac Press Photo

LONG REACH — Charlie Daul (22) of St. Michael and Orchard Lake St. Mary's John Stolnicki each get a hand on the loose ball during last night's Suburban Catholic League game. An unidentified St. Mike player goes for the ball, too. The Eaglets triumphed, 53-42.

PNH Matmen Edge PCH in Return Dual, 22-21

The wrestling teams of Pontiac Central and Pontiac Northern had their 2nd battle in as many months last night and the two were almost carbon copies.

Northern won in December by two points and last night squeezed out a 22-21 verdict.

Dennis Hubble, 138-pounder who competes in the 180 class, was a hero while losing his own match in the 1st meeting because he avoided a pin. He did the very same thing at PNH Tuesday.

The Huskies, who led all the way after a 3-3 tie, went from an 11-8 advantage to 22-8 leaving the Chiefs needing pins in the last three bouts to win. They got two but young Hubble would not cooperate. As a matter of fact, Dave Orser had his hands full gaining a 2-0 win.

Wayne Lee won a fall before and Tom Eichhorn did the same after the Hubble-Orser affair.

Chuck Mick got the only Northern pin but it was a big one when the going was close. There were only three pins as compared to seven previously.

It was the 6th time the Huskies have beaten the Chiefs on the mats in seven meetings. PCH is now 2-3.

Both schools jump right back into action tomorrow night.

Central starts Valley competition at Flint Central while PNH has a big test at Walled Lake on a full night of Inter-Lakes action. Waterford will host Farmington and Southfield vs. Berkley.

Northville will visit Redford Union, Kettering returns after a layoff of over a month to face North Farmington there and Port Huron hosts London, Ont.

The Northern-Central summary:
95—Gary Cobb (N) edged Mike Gaydos, 2-0. 103—Bill Roach (C) defeated Rick MacAuley, 5-0. 112—Skip McIlroy (N) took Art Fowlkes, 4-1. 120—Ken Kimmel (N) whipped Alex Kirk, 7-0. 127—Bill Cunningham (C) and Jim Kimmel drew. 133—Charles Decvera (C) downed Don Teets, 4-2.
138—Mick pinned Jesse Gonzales. 145—Don Weyer (N) nipped Gene Luppino, 4-3. 154—John Green (N) decisioned Gary Kosiba, 3-0. 165—Lee pinned Mike Lorenzen. 180—Orson won over Hubble. Hvy.—Eichhorn pinned Larry Cheek.

Pontiac Press Photo

PINS OPPONENT — Charles Mick of Pontiac Northern (top) is about to pin Pontiac Central's Jesse Gonzales in their 138-pound wrestling match last night. The referee is Don Hanley. Northern won, 22-21.

Cranes, Orion Are Defeated; Avondale Wins

Roseville Upsets Fitz in Non-League Contest by 54-48 Count

The two Waterford public high schools won court contests without too much difficulty Tuesday night but it was a different story for Avondale. The Jackets nipped Clintondale in the last second of play, 57-55.

Twice-beaten Roseville surprised by dumping Fitzgerald from the perfect-record ranks, 54-48. Lamphere downed St. Ambrose, 54-51. North Branch had to postpone its game at Elkton-Pigeon-Bay Port until Feb. 6 due to heavy snow.

Cranbrook's visit to Waterford was nothing like the 59-54 final indicates. The Cranes, playing for the 1st time since Dec. 15, scored 28 points in the 4th quarter.

The Skippers held period leads of 21-10, 31-17 and 46-26 on the way to their 4th successive success and 5th in seven tries.

Gary Moran continued his steady point-getting with 17 to easily top 10 Waterford scorers. Eight made the grade for Cranbrook featuring Bill Estes with 17. The Cranes are 1-5.

Kettering took Lake Orion 54-43 to snap a losing streak at four. The Captains piled up a 21-12 1st quarter advantage and made it 37-25 at halftime before showing down.

Earl Hook tallied 17 points and Dick Shipman 16 in the 2nd season triumph for Kettering. It was Orion's 7th game without a win. Jon Cucksey topped the Dragons with 15.

A field goal from 25 feet away by Biff Rice enabled Avondale to reach the .500 mark. Dale Yarger, No. 1 Yellowjacket scorer with 17, had tied it and a jump ball followed at the Clintondale end of the court with only 9 seconds to go. Avon got the jump and gave the ball to the right man.

Clintondale led most of the way although it was 28-28 at halftime. The losers were in front 45-42 starting the 4th period and was up by six for part of the final before the Jackets could come back. Inability to hit free throws helped make the task rough. Yarger wound up with 17 and Roger Van Conant hit 10 for Avondale.

Lamphere never was in front the 1st 30 minutes but won the important last two. Behind all the opening half, the Rams rallied to even the count at the three quarter mark only to have Ambrose take command again until Phil Freer made a basket and four fouls to break the spell. Freer fired in 16 for the night. Alex Zaborowski 13 and Ron Beeman 11.

Johnson & Anderson, Nesbitt's Post Wins

Johnson & Anderson defeated Don Nicholie 69-50 and Nesbitt's topped O'Neil Realty 62-45 in Waterford Class B recreation basketball last night.

Bob Davidson scored 26 points to lead J & J while Ron Hetherington hit 18 for the losers. Dick Hobson paced Nesbitt's with 20 markers.

Maples Sink Ferndale

The word is getting around that Grosse Pointe will be the team to beat in the state swimming meet this year. At least Southfield High School will attest to that. In fact, Oakland County's strongest team, Birmingham Seaholm, with its only loss to Grosse Pointe, will give this statement support.

★ ★ ★

The Pointers splashed away from Southfield 80-25 last night allowing the Jays to win only the diving event by Don Buddemeir with 59.7 points.

The oddity was the fact that two thirds which Southfield won were school records.

Birmingham meanwhile had an easy time with EML rival, Ferndale, 60-45. Top Maple swimmers Don Spencer and Bob Wolf weren't needed in their butterfly and backstroke specialties.

West All-Stars Roll Over East, 150-130

ST. LOUIS (AP) — The West holds an edge in top talent with the likes of Oscar Robertson, Elgin Baylor and Jerry West and, with youth on its side, soon may catch the East in the National Basketball Association All-Star game series.

That's the opinion of Fred Schaus of Los Angeles, who coached the West in its convincing 150-130 victory over the veteran East stars in the 12th annual game before 15,112 here Tuesday night. The East still leads the series 7-5.

★ ★ ★

"Understand, I'm talking about individuals not teams," Schaus said. "You have to concede the Boston Celtics still are the best team in pro basketball.

Bob Pettit, the 8-year veteran of the St. Louis Hawks, won the game's most valuable player trophy with a record 27 rebounds. Wilt Chamberlain, the 7-1 Philadelphian who holds a 49 point season scoring average, set an NBA All-Star scoring record with 42 points.

OSCAR BIG DIFFERENCE

Yet most observers felt the cat like Robertson was the difference with his smooth play-making and 14 point third quarter burst which put the West out of reach.

★ ★ ★

"Oscar got us running again in the third quarter and that broke open the game," Schaus said. "But I won't argue that Pettit deserved the MVP award. Any time a man gets 27 rebounds over the heads of Chamberlain and Bill Russell, you have to hand it to him."

Pettit had 27 votes from writers, Robertson 11 and Baylor 5.

Baylor, playing on an Army pass from Ft. Lewis, Wash., after a two week layoff, led the West with 32 points. He admitted, "I was tired and a little out of shape." Robertson had 26 points and Pettit 25.

BELLAMY STARS

Schaus said 6-11 rookie Walt Bellamy of Chicago was a major factor with his 23 points and 17 rebounds.

★ ★ ★

"Walt took over from the start," Schaus said. "You expect great ball from Pettit and Baylor, but Bellamy's tremendous game was too much to count on."

Boston's Red Auerbach, coaching the East for the 6th straight year, thought Cincinnati's Jack Twyman "really killed us" with 9 quick third quarter points.

The West had conceded a rebounding edge to the East but despite Chamberlain and Russell, the West had a 95-80 bulge. New York's Richie Guerin was the No. 2 East scorer with 23 points.

EAST	G	F	T	WEST	G	F	T
C'berlain Philadelphia	17	8	42	Baylor Los Angeles	10	12	32

Scheffing Hopes Kline Will Become a Starter

DETROIT (AP) — Greater pitching depth is what Bob Scheffing wants fore the season starts — rarely has solution could be provided by a renovated Ron Kline.

The strapping right-hander — who'll reach his 30th birthday before the season starts — really has lived up to expectations since Pittsburgh brought him to the majors 10 years ago.

He journeyed through stops at St. Louis and Los Angeles before the Tigers acquired him as emergency help in the pennant race last August.

He never has had a winning season in the majors. But he did his best pitching in the last seven weeks of the 1961 campaign after the Angels sold him to Detroit.

★ ★ ★

Kline had a 5-3 record in 10 games with the Tigers after a 3-6 mark at Los Angeles.

NEED MORE DEPTH

Now, Scheffing is hoping Kline will be a full-time starter in 1962. The Tiger manager said while in Detroit last week he believes he has the best pitching staff in the American league.

"But last year we needed more depth," Scheffing said. "I think we have it now."

Kline has an excellent chance to become a starter behind Frank Lary, Jim Bunning and Don Mossi.

Vice President Rick Ferrell signed Kline to his 1962 contract yesterday, the 10th Tiger in the fold. It was Ferrell who made the deal for Kline . . . and was dubious about it afterwards.

"I didn't expect him to do nearly as well," Ferrell said. "His record after we got him surprised me. He had bag legs at Los Angeles and he always was a high ball pitcher. Keeping the ball high means he gave up a lot of home runs and we have a small ball park.

Inks $50,000 Contract With Yankees

Ford Plans to Deliver Screwball

NEW YORK (AP) — Whitey Ford, with a $50,000 contract tucked away in his back pocket, has something else up his sleeve with which to befuddle the American League hitters next season.

The clever New York Yankee southpaw isn't content to rest on his laurels—25 regular season triumphs and two World Series victories last year. He thinks, with luck, and perhaps an extra pitch, he can make it two 20-plus victory campaigns in a row.

★ ★ ★

"I have decided to take on a screwball," said Ford, who last year baffled the opposition with a varied assortment of curves, fast balls and changeups. "I fooled around with it a little last year. Now I am going to work at it more earnestly, and get John Sain (Yankee pitching coach) to help me."

Ford, who never had won 20 before last year, credited his big season to a new pitching rotation devised by Sain and Manager Ralph Houk. For the first time since he joined the Yankees in 1950, Ford pitched every four days. Thus, he was able to get 40 starts, more than he ever had before. He lost only four of them.

★ ★ ★

"I discovered that I was stronger pitching with only two full days of rest," he said. "I didn't tire until near the end of the season. I hope to follow the same schedule this year.

"I've been ribbed quite a bit for not finishing many games," Ford added. "As you know, Luis Arroyo had to bail me out quite a bit. Naturally, I would like to finish them all, but I'm more interested in the club winning those games. My idea is to pitch as hard as I can and as long as I can. I was given that advice years ago when we had such great relief pitchers as Joe Page and Allie Reynolds. Then along came Sain and now Arroyo. It's good to know you've got such guys in the bullpen ready to take over."

TOPS FOR PITCHER

Whitey's 50-grand salary is the highest ever paid a Yankee pitcher, topping Reynolds' $48,000 in 1952. It was still $2,000 shy of the $52,000 contract signed by Yogi Berra Tuesday. Yogi, erstwhile Yankee catcher who turned to the outfield last year, received a $2,000 raise over his 1961 salary for hitting 22 homers and driving in 89 runs on a .271 batting average.

Ford's raise was a whopping $15,000.

"I signed the first contract offered me," said the 31-year-old southpaw ace. "It called for just about the figure I had in mind."

Area Ski Conditions

WEDNESDAY CONDITIONS

GRAMPIAN MT. — Skiing excellent with one inch new powder. All facilities operating.

MT. CHRISTIE — All facilities in operation. New powder makes skiing very good to excellent.

MT. HOLLY — Skiing very good with one inch of new powder.

ALPINE VALLEY — Fresh powder added by natural snowfall and machines. Skiing very good to excellent.

DRYDEN — Snow machines and natural snowfall have added fresh powder to all areas and skiing is very good.

By CHUCK ABAIR

The Pontiac 700 Bowling Chapter has a new candidate. Sidney Harris hit 704 in the Nor-West Senior House League recently featuring games of 259 and 241.

His 1st feat in the select group took over as season high series in the league.

Les Williams came close in the Montcalm Senior House League with 691. Needing a strike in the 10th frame of his last game to make 700, he left the 3 pin. A 246 was his big game. Bill Nunez fired 237-245-645, Ed Gibbs 234-622 and Tom Mayes 616-323 there.

Joe Fisher scored 257, Al Olsen 243, George Kazarian 245-223-622 in the Pontiac Motor Parts Warehouse section.

Bruce Brede of GMT Engineering won a watch from Lakewood Lanes for 256-637, Don Setter got a lighter for 240. John Streit hit eight straight strikes in 267 in City of Pontiac bowling at Airway.

Army Giglio hit 225-627 and Mike Andonian made 4-6 split in 300 House loop. A Burling had 227, A. Heimberg 223 in Pontiac Motor Inter-Office play, Len Myling put together 219-214-556, Jerry Earnest 225-566, John McConnell 195-538 in Kettering High loop there.

Howe's Senior Classic reports 24 200s. Karl Froling had three of them in 650 but his 1st place Colonial Lumber team bowed to 2nd place Stroh's, led by Gar Gehl 226-634. Howe's Blue Lounge, No. 3 team, helped tighten race by matching Stroh's sweep. Hal Dobratz rolled 235-643.

Among the women, Olive McCarty paced Wonderland Ladies Senior House standings with 224-582, Alice Richards had 223-551. Adkins Bar had high team scores of 853-2504. Elise Leece turned in 230-547 at 300.

* * *

Two ladies won prizes given by Lakewood. Bonnie Kuzak took home a watch for her 231 among 59ers. Phyllis Stine of Housewives was presented a radio for 226. Sad Sacks 1st alone there now among Women's Oakland County Employees. Nancy Cates' 188, Phyllis Wright's 465 latest top scores.

Monroe Moore keeping busy at 300 preparing for next appearance on "Make That Spare" and also big pro tourney starting week from today at Albany, N.Y. He faces Al Savas Saturday on the TV show. Savas was at Joe Puertas' establishment during the grand opening there.

Moore is planning to instruct some regular bowling classes at 300. Marguerite Young has classes going Wednesday afternoons and Thursday mornings at West Side.

A. Strand and C. Holeman of host Waterford lodge leading state Eagles tourney doubles with 1279 followed by fellow members J. Hogan-R. Ripperberger 1278. C. McDermott 3rd in singles at 664. A 705 by Carl Morris, Grand Rapids, is tops at Airway.

* * *

Incidentally, that house and Huron are planning a battle of unbeaten teams in home-and-home matches. Airway recently took West Side again 2924 to 2865 paced by Ed Gibbs' 242-616. Dick Carmichael topped the losers with 223-634. "Huron better sharpen up," warns Airway co-owner Frank Benning.

HERE 'N' THERE

How about that Ernie Babcock of Lincoln Park? He set an all-time Detroit record and took 2nd place in the nation with an 838 series on games of 238-300-300. The production supervisor, who averages 200, had all 24 straight strikes in the pocket . . . Ken Blindman fired an 853 in Minneapolis last Saturday . . . Randy West Hair Stylists of Pontiac happy state women's leaders.

Former Tiger greats Hal Newhouser and Charles Gehringer and present club member Vic Wertz aiding in March of Dimes key tourney promotion. Northern finals will be Lakewood Feb. 11 . . . East disc jockey Mike Irvin claims to have set a new marathon bowling record. He kept rolling for 46 straight hours in a fund-raising drive recently. Averaged 139 for 75 games.

Jim Walker had quite a time at West Side in match play. Started with a strike, had a spare, and then 15 consecutive strikes . . . Three members of a New Mexico family are bowling league presidents . . . Firing starts Saturday at Elk's Ladies National Invitational here.

'Second Wind' Helps Ranked Powers

Western Upsets Detroit, 69-57, Behind Soph

Bronco Ace Socres 28; DeBusschere Pumps In 31 for Titans

By The Associated Press

DETROIT — It was the classic battle—the good little man against the good big man.

Both won.

Detroit's 6-6 Dave DeBusschere outshot Western Michigan's 5-9 Manny Newsome by three points in their individual duel last night. But Newsome's amazing jump shooting provided the Broncos with a 69-57 upset victory over the skidding Titans.

DeBusschere, having one of his finest nights in a brilliant career, scored 31 points. Newsome, hitting one jump shots from 15 to 25 feet, scored 28.

* * *

The difference was that Newsome had help. None of DeBusschere's teammates was able to help out with more than eight points.

Tom Woodruff assisted Newsome with 19, while Bill Street added 16 and Bob (Sticks) Bolton 14. Western led at halftime 37-32.

DeBusschere's 31 points gave him a total of 1,632 in his 2½ seasons at Detroit. He now holds the Titan career record, bettering Guy Sparrow's mark of 1,608 in four seasons, 1951-55.

Western's victory boosted its season record to 8-6. Detroit is 9-5 and has lost its last three games.

The unbeatable "second wind" that separates the good basketball teams from the ordinary kind has kept Cincinnati's Bearcats and surprising Bowling Green rolling right along today among the nation's top college teams.

The scarcity of games continues tonight, with 10th ranked Mississippi State the only top team in action. The Maroon takes on Alabama in a reschedule of last week's game that was postponed because of snow.

Cincinnati, ranked third, hit 18 of 30 field goal attempts in the second half en route to a solid 80-61 victory over Dayton at Cincinnati. Bowling Green's eighth-ranked Falcons also got hot late as they belted down Kent State 68-56. Bowling Green nailed 16 of 28 in the second half on the visitors court, and now lead the Mid-American Conference with a 5-0 record.

Cincy, now 12-2, trailed 33-26 at halftime after a miserable 9-for-32 first half shooting performance. But a 16-2 spurt at the start of the second half sent Dayton reeling. Paul Hogue led the Bearcats with 21 points before fouling out and Bill Chmielewski tossed in 17 for the losers, whose chief scorer, Arlen Bockhorn, got only five, as he too left with five personals.

Bowling Green (13-1) had 16 performances from Bob Dawson and Elijah Chatman as four of five starters hit double figures. Wavey Junior's three-point play just before the half put Bowling Green in front for good after the lead changed hands several times in the first half. Paul Walker of Kent State led all scorers with 17 points.

Notre Dame snapped out of the doldrums with an 88-80 upset of DePaul but Syracuse continued its winless ways, losing 86-78 to Cornell.

Hitting 26 of 30 fouls pulled the Irish over DePaul, with Armand Reo chipping in with 27 points and 7-for-7 at the foul line. John Andreoli got 22, eight on fouls.

W. MICHIGAN (69)	G	F	T	DETROIT (57)	G	F	T

Imlay City Cagers Are Sharp Shooters

By DON VOGEL

That old saying, "If at first you don't succeed, try, try again," could very well apply to Lyle (Cub) Powers.

* * *

Six weeks from now, the veteran Imlay City basketball coach will try for the 14th time to get his team over the rocky tournament trail and into Lansing for the state finals.

Although he has coached several highly rated teams during his tenure at Imlay City, the Spartans have reached the quarter-finals only once. He is hoping the tide changes in Imlay's favor this time around.

The Spartans are on the march again. They are unbeaten in nine games and are rated the No. 1 Class C team in the state by the Associated Press panel of experts.

"I would feel better if we were down the line, shooting at some other team," said Powers. "Being at the top makes us a prime target for future opponents."

RATES OTHERS

"I don't know whether we deserve to be No. 1, there are several other very good Class C teams, but we are proud to be up there."

One of the teams Powers is thinking about is Capac, eight miles east of Imlay City. The Chiefs (8-0) are ranked fourth in Class C.

Unfortunately, the schools are not scheduled during the regular season, but will play in the same district.

North Branch entertains the Spartans Friday night.

The Spartans have had only one close call this season. That came in the championship game of the Caro holiday tournament against Sebewaing. Imlay ran into foul trouble in the first half and trailed by as much as 18 points before rallying in the fourth quarter for a 65-64 victory.

The other eight foes were defeated rather handily by the Spartans who are averaging 65.1 points a game. The opposition has averaged 49.8 points to date.

"Before the season opened, I had hopes," said Powers," but that is about all. The team has jelled much faster than I anticipated."

* * *

Main reason for the success has been accurate shooting. All five starters are hitting better than 40 per cent of their field goal tries and guard Gary Buike is connecting at a 54 per cent pace.

LACK HEIGHT

"The boys need to make a good percentage," Powers pointed out. "Our tallest starter is Terry Ignasiak at 6-1 and that doesn't give us too much rebound strength. And they are making over 70 per cent of their free throws."

Top scorer is guard Doug Perkins who has been averaging 18.6 points a game. Ignasiak is the only other starter scoring in double figures. He has an 11.7 mark.

Buike is hitting at an 8.9 clip. Forwards Gene Thompson and Mike Folk are under Buike.

The coach also gives credit to his reserve strength for the team's success. Tom Hall, a transfer from Kentucky, is the No. 6 player and has been averaging almost 10 points a game. Don Maison did not play last year, but is top replacement behind Hall.

The Spartans are not a fast-break team.

"We run only when the opportunity presents itself," explained Powers.

The coach was a top athlete at Morenci High School, located on the Michigan-Ohio border. He stepped into the Imlay post after graduating from Adrian College.

His 1950 quintet was eliminated in the quarter-finals by Saginaw SS Peter & Paul, 58-41. The Saginaw school lost to East Grand Rapids in the championship game.

* * *

Imlay City has claimed eight championships while competing in Tri-County and South Central League play. The Spartans have copped four district crowns.

They are defending champs in the South Central and are heavy favorites to repeat. The league will fold after this school year.

Bulky Field Competes in Crosby's Pro-Am

PEBBLE BEACH, Calif. (AP) —Bing Crosby's $50,000 golf production opens Thursday with a bulky field of 324 scattered over three courses with nature providing treacherous problems in a picturesque setting.

Celebrities in fields of entertainment, business, professions and sports team with golfing pros who also shoot individually for a top prize of $5,300.

Crosby's event formally is known as the National Pro-Amateur with the field boosted this year to 162 teams. Each pro has an amateur as his partner.

* * *

ROSEBURG DEFENDS

Bob Rosburg, former PGA champion, defends his individual title. He captured last year's event with a 72-hole total of 282.

Pro Wes Ellis teamed with San Francisco attorney Frank Tatum, Jr., to take the pro-amateur crown with a best ball score of 252. They're also seeking to defend a championship no team has won two years in a row.

Each golfer plays one round over Monterey Peninsula Country Club, Cypress Point and Pebble Beach before the field is reduced for Sunday's final at Pebble Beach.

As usual fingers are crossed for good weather but the weatherman, in the long range forecast sees a possibility of showers. Rain is no novelty here and winds whipping off the Pacific Ocean compound the problems on the trick courses. On a windy day, nature aids the golfers at the Monterey Peninsula Club where trees break the breezes.

* * *

MANY YOUNG CHALLENGERS

Eleven pros who have won the Crosby are in the field. They face a host of young challengers including 1961 Amateur champion Jack Nicklaus; Phil Rodgers, who won the Los Angeles Open, and Tommy Jacobs who captured the top prize Sunday at San Diego.

The former champions, in addition to Rosburg, are Ed Furgol, Byron Nelson, Jimmy Demaret, Lloyd Mangrum, Dutch Harrison, Cary Middlecoff, Jay Hebert, Billy Casper, Art Wall and Ken Venturi.

Teaming with professionals are such amateur notables as Bob Hope, Phil Harris, Gordon MacRae, Dean Martin, Johnny Weissmuller, Jon Arnett, Red Hickey, Del Shofner, Alvin Dark, Tom Harmon, Fred Hutchinson, Jackie Jensen and Duffy Daugherty.

Generally though, the celebrities have a tough time making it into the final round with low-handicap amateurs usually giving their pro partners the most help.

Mulcaster Up to 26.1

Scoring Leader Gains

It's beginning to look like the 1961-62 Oakland County individual scoring race may be a one-sided affair. At least Tim Mulcaster of Ferndale St. James is trying to make it that way.

He poured 38 points through the hoops last time out to boost his average to 26.1 on 209 in eight games.

A distant second is Madison's Tom Redinger at 19.4 and he may be finished for the season. The Eagle star is on crutches recovering from a leg injury.

Jerry Olsen of Rochester dropped to third this week at an even 19, while bespectacled Clarkston ace Chuck Funk moved to third from a tie for fourth with 18.6. Steve Showerman of South Lyon advanced to fifth with 18.4 for 10 contests.

Rudy Ransom, PCH, dove from fourth to seventh.

South Lyon continues to head the top 20 with three boys on the list. No other school currently has more than one included among the 18 represented.

Dick Moores of Royal Oak Shrine and Oak Park's Al Ruby are new on the list, while Bob Micheau, Ferndale, is a returnee. They replaced city boys Clarence Douglas (Central), Charley Dean (St. Fred) and Chuck Daul (St. Mike) and Bob Moroski, Royal Oak St. Mary.

* * *

Moores hit 40 points in two outings, 33 in just one. Ruby has 47 in two tilts after totaling only 42 for four. Micheau bounced back with a 22-point output.

The most interesting race is in the area where the lead keeps changing hands. Lynn DeGrow of North Branch is head man this week.

* * *

He tallied 39 playing two successive nights to take the top slot at 19.2. Imlay City ace Doug Perkins dropped to 18.6 but held the runner-up slot. Ron Zormeier, East Detroit, took third at 18.5. DeGrow's teammate Ray Stuewer dropped from first all the way to sixth.

McGraw's Goal Wins for Boys Club, 3-2

Vaughn McGraw's goal after five minutes of sudden-death overtime brought the Boys Club a 3-2 triumph over Union Lake Heating last night in a city National League hockey game at Northside Park. Mike Cady fired the winner's other two goals.

A three-goal outburst by Larry Lewis paced the Mountain View Rangers to a 7-2 victory over the Drayton Spades in another NL game. Mike Lochrie tallied both of the loser's counters.

Two American League games are slated Thursday on Northside ice. Dallas Tool meets the Mountain View Rangers at 6:30 p.m., followed by an 8:00 duel between Pontiac Northern and Standard Forge.

Committee Will Approve Games

Prep All-Star Ban Eased

FORT WORTH, Tex. (AP) — NCAA President Dr. Henry Hardt indicated Tuesday summer all-star high school football games will soon have a new recourse open to gain sanction.

A year ago the NCAA issued its verdict against summertime football games because high school groups in two southern states requested the ban due to irregularities in their post-season games.

* * *

The all-star contests were put under control of national and state high school athletic associations, carrying the penalty of one year's loss of college varsity eligibility of any high school players competing in an unapproved all-star game.

COMMITTEE NAMED

As only 22 of the 50 state high school athletic associations assumed jurisdiction, the NCAA took a further step Sunday to govern the all-star games in the other states. It designated a committee to approve or disapprove the summer bowls.

"We fully realized there are some worthy bowl games using all-star high school youngsters," Hardt said in Fort Worth after returning from the NCAA convention at Chicago.

* * *

"It was not our intention to destroy them. At the same time, there were many unworthy ones being staged in the name of charities."

He said one of the NCAA's executive committees probably will take on the extra responsibility of riding herd on the all-star games. The committee, he added, will be set up soon in order to take a stand on the all-star games this spring and summer.

Dogs Take Over Retail Store Sunday

498 Canines Are Entered in PKC Show

Press Best in Show Trophy to Be Awarded to Top Dog

The Pontiac Retail Store is going to the dogs Sunday.

Cars will be moved out of the show rooms and service areas Saturday in preparation for the invasion of 498 dogs.

The canines will begin moving into the building at 63 Mt. Clemens St. Sunday morning for the annual Pontiac Kennel Club all-breed show and obedience trial.

All but 19 of the dogs will be competing for the Pontiac Press best in show trophy.

Judging is scheduled to start at 9 a.m. and end about 6 p.m. when the top dog will be picked by John A. Cuneo of West Medford, Mass.

Among the entries are a few breeds unfamiliar to the average dog owner. These include the Brussels Griffon, papillon, Lhasa apso, schipperke, borzois, Rhodesian ridgeback, whippet, Newfoundland and old English sheepdog.

* * *

Top breed in the number of entries is the German shepherd dog with 26. This is followed by 25 boxers, 25 rough collies, 23 toy poodles, 23 miniature poodles and 22 English springer spaniels.

There are 22 dogs entered in obedience. Four also will compete in the bench show. Obedience judging gets under way at 9 a.m. on the store's lower level.

Junior showmanship is at 3:30 p.m.

Here is the judging schedule:

RING ONE

9 a.m. — Dachshunds, basenjis and Labrador retrievers.

10 a.m. — Pointers, German wirehaired pointers, golden retrievers, English setters and Brittany spaniels.

11 a.m. — Weimaraners and beagles.

12 noon — Terriers and schnausers.

1:30 p.m. — Cocker spaniels.

2:30 p.m. — English springer spaniels.

3:30 p.m. — Basset hounds.

RING TWO

9 a.m. — Dalmatians and bulldogs.

10 a.m. — Boston terriers, greyhounds, miniature pinschers and pugs.

11 a.m. — Chihuahuas, griffons, Pomeranians, papillons and Irish setters.

12 noon — Maltese, silky and Yorkshire terriers, chows, French bulldogs, apso and schipperke.

1 p.m. — Cairn and West Highland terriers.

1:30 p.m. — Toy poodles.

2:30 p.m. — Pekingese and standard poodles.

3:30 p.m. — Miniature poodles.

RING THREE

9 a.m. — Great Danes, bullmastiffs, malamutes, huskies and St. Bernards.

10 a.m. — Corgis and Doberman pinschers.

11 a.m. — Boxers.

12:30 p.m. — Afghans, borzois, Rhodesians, whippets, Newfoundlands and old English sheepdogs.

1:30 p.m. — Elkhounds and Shetland sheepdogs.

2:30 p.m. — Collies.

RING FOUR
(Lower Level)

9 a.m. — Utility, Open A and Open B obedience.

10 a.m. — Novice A and Novice B obedience.

1 p.m. — German shepherds.

2:30 p.m. — German shorthaired pointers.

RING TEN

3:30 p.m. — Junior showmanship competition.

4:30 p.m. — Variety group judging begins. Best in show judging to follow.

* * *

Problems Outlined for Feeding Deer

"Trying to help Michigan's hungry whitetails through the winter by feeding them with hay, corn or some other kind of artificial deer food is something like a person taking aspirin for a bad tooth," according to Harry D. Ruhl, game chief of the Conservation Department.

* * *

"It may give a temporary relief in a small way, but it doesn't get to the heart of the problem," Ruhl explains. Large-scale artificial feeding amounts to treating the symptoms (hungry deer) rather than the ailment (a 'tired' range overworked by more deer than it can handle), he added.

The game chief stressed that the most workable and lasting cure for what ails deer in this state is a combination of regular buck seasons and special antlerless seasons coupled with commercial tree cuttings and other range improvement programs.

"Together, they can bring a balance between whitetails numbers and the food-producing ability of the winter range."

Ruhl noted that "feed 'em with artificial food" is one of the most commonly offered bits of advice on helping out Michigan's deer during the winter.

BIG PROBLEMS

It may look good in the "back yard" of a hunting club and resort, but artificial feeding would suddenly run into a hard core of big problems and shortcomings if applied to the sprawling winter range of whitetails, he cautioned.

"The biggest single drawback to artificial deer feeding is that it defeats its own purpose; it causes whitetails to gang up in feeding areas, promoting overbrowsing on natural foods which already are in short supply in too many parts of the state," he said.

Limited artificial feeding might be useful under some short-term emergencies, but on a large scale, if it did work, it could pyramid Michigan's deer-winter food problems unless the extra animals saved by feeding each winter were harvested the following fall, Ruhl said.

Thinking in terms of surplus grain to be made available, department game biologists estimate it would take at least 600,000 bushels of shelled corn to feed hungry whitetails in this state most winters.

* * *

Since the bulk of Michigan's grain is stored in the southern part of the state, money would be needed to package and transport corn to northern counties. Once there, it would take $100,000 to $300,000 to distribute this food, depending on the weather and how far the program was carried out, the department estimates.

There are other considerations which loom as big as costs.

NO TURNING BACK

Once feeding is started, there's no turning back or stopping through the course of the deep-winter weeks, Ruhl explained.

"If their food supply is cut off before spring, they're left holding an empty feed bag, oftentimes trapped in areas where they normally wouldn't concentrate because of poor natural food conditions."

The result: serious starvation.

Getting food to deer in deep-snow areas would not be easy. Some feed-line areas would be inaccessible for days after storms.

What Keeps Ice Anglers Heading Toward Lakes?

LANSING (AP)—Are ice fishermen nuts?

Don't laugh. You've probably heard it said, or said it yourself from your heated car as you whisked by a frozen lake and watched a clutter of bundled-up figures trying to catch fish through holes in the ice:

* * *

"Those guys must be nuts, or something."

Insanity, as such, is relative. How about the skier who risks broken bones on the snow-covered slopes of the north country? Or the bird-watcher who creeps into the jackpines at daylight to hear the first morning tweets of a Kirtland's warbler?

The same thing can be said for various reasons about trout fishermen, deer hunters, rock collectors and sundry other outdoor types. They all have their share of detractors.

What, though, impells a man to venture out into bone-chilling weather, hack a hole through the ice of a frozen lake and then sit there for hours on end to haul in a string of panfish?

WARM AGAIN

One ready-made answer, appropriate to one who has lost his marbles, might be: "Because it feels so good to get warm again when he comes in from the cold."

There is, of course, more to it than that.

Most devotees are quick to point out that the simple act of sitting on a stool and dangling a line through a hole in the ice takes more finesse than some might think if the fisherman is going to catch fish. Also that the success of an outing in terms of the number of fish caught is usually only a secondary consideration.

A city dweller who might not dream of striking up a conversation with the man in the apartment down the hall, will share his beer, his jokes, his fishing tips and even his fishing gear with the guy in the next shanty, stranger or not.

An outing on the ice is a good excuse to duck out of home chores and swap a few stories and a few beers with the boys. When the house gets stuffy and confining in mid-winter, ice fishing offers fresh air and low voltage exercise that doesn't necessarily demand much skill.

Ice fishing can be about as simple or about as complicated as you want to make it. The real fan can take a lot of time and trouble looking for the best lures and lines and developing the best fishing techniques. And he never knows when he'll land a prize walleye or other choice species to go with the perch and bluegills.

The greenhorn can have just as much fun with only rudimentary tackle and if his luck is good, he can come home with a good catch, once he learns the fundamental techniques.

Except for fancy shanties, the cost, happily, is minimal, unless the angler goes in for extra-curricular or after-hours diversions that have little to do with fishing.

BACK SEAT — Art Lawton of Delmar, N.Y., landed the world record muskie in 1957 — 69 pounds, 15 ounces — and has repeatedly won muskie contests since. His wife, Ruth (above), took family honors in 1961 with a 68 pound, 5 ounce giant.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been prepared by John Alden Knight. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

	A.M.		P.M.	
Day	Minor	Major	Minor	Major
Thursday	3 40	9 50	4 05	10 15
Friday	4 35	10 40	4 55	11 05
Saturday	5 15	11 30	5 45	11 50
Sunday	6 00		6 35	12 20
Monday	6 50	12 40	7 20	1:05
Tuesday	7 40	1 30	8 10	1 55
Wednesday	8.30	2 20	8.58	2 40

OCSC Shooting Clubs Elect Officers for '62

Two gun clubs with headquarters at the Oakland County Sportsmen's Club have elected officers for 1962.

D. R. Wilson Rifle and Pistol Club officers are Charles Fallon, president; Thomas Kessler, vice president; Robert Brooks, secretary-treasurer; Charles Wyman, executive officer; and Robert Waggoner, instructor.

Officers of the OCSC Rifle and Pistol Club are Charles E. Luxmore, president; Clarence Burck, vice president; Merrick E. Guy, secretary-treasurer; Robert Beard, executive officer; and Don Bennett, instructor.

Both clubs are affiliated with the National Rifle Association and the Michigan Rifle and Pistol Association.

Deer Now 'Yarding'

LANSING (UPI) — Recent snow storms spurred yarding of wintering deer in Northern Michigan, the Conservation Department reports.

Department game men said deer were yarded in the deep snow belt which runs generally along Lake Superior. The animals remained near wintering concentration areas in Southern Michigan.

LONGEST PERCH — Top winner in the ninth annual Ice Fishing Derby at Metropolitan Beach last Saturday was Milan Velansky of Mt. Clemens with his 11½-inch perch. Over 2,000 anglers competed in the contest. Velansky's perch was the longest entry.

Pontiac Press Photo

PIKE WERE HUNGRY — Northern pike were prowling the St. Clair flats Sunday. Lloyd Berry (left), 180 Riviera St., Pontiac, and Pete Voydanoff, 3881 Elizabeth Lake Rd., display the results of a day with the spear. The four pike on the left weighed a total of 27 pounds. A wooden decoy was used in about a foot and a half of water. As is usually the case, anglers spearing in the same area Monday had little luck.

Drayton Angler Catches Nice Bass

Pike Fooled by Wooden Decoy

By DON VOGEL

"I wasn't ready when the big one came in. He grabbed the decoy and spit it out before I could get the spear in the water.

* * *

"When I jigged the decoy up and down a little, in he came again. This time I was ready and nailed him good."

Lloyd Berry, 180 Riviera St., Pontiac, was describing how he speared an eight pound northern pike Sunday on the Lake St. Clair Flats. There were six other pike being shown by Berry and Pete Voydanoff, 3881 Elizabeth Lake Road.

All were speared Sunday from the same hole at the flats. The four largest totaled 27 pounds. Three over the 20-inch minimum length completed the catch.

"Four others about the size of the small ones speared rapped the decoy," said Berry. "There was no sense bothering with more small pike, so no attempt was made. Thirteen came through the hole and there were a couple of big ones that just stuck their snouts under enough to see, but that was all."

VERY SHALLOW

The spearing was done in about a foot and a half of water while inside a portable tent. The action took place three miles off shore.

Berry gave full credit to the red and white, shovel-nosed decoy.

"Everyone else was using big perch. They said a wooden decoy wouldn't work. This was the best catch of the day. I've always had better luck with a wooden decoy."

The Pike moved well Saturday, too, in the Goose Bay area. One 17-pounder was reported speared. There was little action in the area on Monday.

'LEGAL' BASS

Robert K. Olsabeck, 6567 Lanman St., Drayton Plains, caught a "legal" black bass Sunday.

Pontiac Lake is the only body of water in the county open to the taking bass year around. The season on lakes and streams closed Dec. 31. Because it is an experimental take, Pontiac is left open for bass by the Conservation Department.

Olsabeck caught three pike on tipups on the lake Saturday and was there again Sunday. The only fish he caught was a 4½-pound largemouth. It measured 20 inches.

He was fishing with his father, Joseph L. Olsabeck, 4450 Kempf St., Drayton Plains.

* * *

Although noted as a good bass lake during the summer, very few of these fish are taken from Pontiac when it is covered with ice. This is generally true on all lakes during cold months. Once a lake is covered with ice, black bass become less active.

TIPUP TOWN

The annual Tipup Town festivities at Houghton Lake will take place Saturday and Sunday.

Village officers will be elected for the weekend. Those judged the "biggest liars" during the campaign become commissioner, mayor and village marshal.

There will be ice sculpture judging, selection of a queen from among the ladies actually on the ice fishing, a banquet and dance.

The main event, of course, will be the fishing.

Headquarters will be along the southwest shore near the intersection of US-27 and M-55.

* * *

The Enterprise Manufacturing Company, 110 North Union St., Akron 9, Ohio, has the new Pflueger fishing tackle catalog ready. It can be obtained free by writing to the above address.

The Pflueger Free Spool Akron reel is the big new item, according to the Enterprise people.

Dogs 'On Stage' at 2 Locations

Demonstrations Tonight at Waterford Building, Royal Oak School

Two Southern Michigan Obedience Training Club demonstrations are scheduled tonight.

The dog work and registration for obedience classes will be at the CAI building on Williams Lake Road in Waterford and at Barton School in Royal Oak. Starting time at both sites is 8 o'clock.

There will be a demonstration at Whitfield school in Pontiac Thursday beginning at the same time.

Experienced dogs are put through the different obedience routines in these demonstrations. Training classes will start at all three sites next week.

Persons planning to attend the demonstrations are urged by SMOTC officials to leave their dogs home. No instruction will be given until regular classes get under way.

Ventilate Shanties

Ice fishermen are urged to be sure their shanties have proper venting, regardless of the type of heating equipment they're using this winter.

Scholle Calls for Decisions Based on Science

Will Seek Longer Grouse Season

LANSING (AP) — The State Conservation Commission, relying on the findings of game biologists rather than fears of hunter objections, has called on the legislature to extend the Lower Peninsula grouse season into December.

* * *

"Let's take the buck by the horns," said commissioner August Scholle, president of the Michigan AFL-CIO. "We should make our decisions on the basis of 20th century scientific knowledge rather than the emotional reaction of people."

The unanimous commission decision countered recommendations of state conservation officials. Game men reported that the grouse could stand heavier pressure and a longer season without reducing the population. They cited considerably longer seasons in Minnesota, Wisconsin and other states.

Hunters took about 450,000 ruffed grouse last year, the most in eight years. However, game men said the population appears to be at the peak of a population cycle and it might be bad timing to lengthen the season in a year that the population is likely to decline naturally.

The commission specified no dates for an extended season. Harold Glassen, Lansing attorney and former commissioner, has called for an Oct. 1 to Nov. 14 season in the Lower Peninsula, breaking off for the two-week deer season, then resuming shooting from Dec. 1 to Dec. 31.

CURRENT SEASONS

The season now runs from Oct. 1 to Nov. 5 in the Upper Peninsula and the northern Lower Peninsula, and from Oct. 20 to Nov. 19 in the southern Lower Peninsula.

In other action, the commission set beaver and otter trapping regulations for 1962, generally reducing the bag limits because of a population decline and increased trapper interest.

The commission heard a recommendation from the department game division to prohibit oil and gas exploration in state game areas "where intensive recreation is or may become the dominant use."

A loophole would permit drilling if oil or gas is found on adjacent private land and is being drained from beneath state land.

The commission probably will take action on the proposed policy next month. It stemmed from objections raised over drilling in the Port Huron game area, an operation that produced "nothing but a dry hole," according to conservation director Gerald E. Eddy.

Eddy announced appointment of Louis F. Twardzik, assistant professor of resource development at Michigan State University, as interim consultant on recreation for the department.

Twardzik, who will continue to draw his salary from the university, will start to map out a plan for a state recreation program ordered by Gov. Swainson.

Claims Agreement Near on Dunes, Pictured Rocks

LANSING (AP) — State conservation director Gerald E. Eddy says Michigan conservation authorities are close to agreement with Sen. Philip A. Hart, D-Mich., and the U.S. Department of Interior on the proposed Sleeping Bear dunes and Pictured Rocks national recreation areas.

Eddy said he has learned that revised versions of Hart's bills to establish the two recreation areas in Michigan would be submitted to Congress "in a very few days."

"I expect that they will contain some of the amendments that the State Conservation Department has asked for," he said.

Eddy and some of his aides joined the commission for a special meeting with John A. Carver Jr., assistant secretary of the interior; and Muriel Ferris, an administrative aide to Hart; and Allen T. Edmunds, regional planning chief for the National Park Service.

The commission has given a strong endorsement, with certain reservations, to the bill to establish a recreation area at Sleeping Bear Dunes along northern Lake Michigan and the Pictured Rocks northeast of Munising on Lake Superior.

Eddy said he expected the new bills would specify that hunting and fishing in the recreation areas be governed by state law. There is a good chance that timber harvesting also will be permitted, he said.

AAA

Join the Auto Club

SAMPLE THE SAVINGS

SAMPLE NO. 1 (of a series) You receive, as a no-extra-cost part of Auto Club membership, broad, personal accident insurance that pays helpful cash benefits (up to $10,000) for injuries or death resulting from common transportation, pedestrian or sports accidents. Worldwide coverage and increased cash benefits have recently been added to the policy to protect the member and his family even further.

Most people pay extra for this protection. Auto Club members can list it as just one of the specific ways their membership saves them money. Call your nearby Auto Club office and find out more advantages of membership.

Poultry and Eggs

DETROIT POULTRY

DETROIT, Jan. 17 (AP)—Prices paid per pound at Detroit for No. 1 quality live poultry:

Heavy type hens 20-22; light type hens 8-9; heavy type roasters 4-5 lbs. 22-24; broilers and fryers 3-4 lbs.; whites 20-21; Barred Rock 21-22; ducklings 31.

DETROIT EGGS

DETROIT, Jan. 17 (AP) — Egg prices paid per dozen at Detroit by first receivers (including U. S.)

Whites—Grade A jumbo 43-46; extra large 38½-42; large 37½-41; medium 33-37.

Browns—Grade A jumbo 43; extra large 37½; large 37-37½; medium 33-37; grade B checks 26-28.

CHICAGO BUTTER AND EGGS

CHICAGO, Jan. 17 (AP)—Chicago mercantile exchange—butter steady; wholesale buying prices unchanged; 93 score AA 58¾; 92 A 58¾; 90 B 56¾; 89 C 56¾; cars 90 B 56¾; 89 C 57¼.

Eggs steady to firm; wholesale buying prices unchanged to ½ higher; 70 per cent or better grade A whites 36; mixed 35½; mediums 34; standards 31½; dirties and checks 29.

CHICAGO POULTRY

CHICAGO, Jan. 17 (AP) — (USDA) — Live poultry: wholesale buying prices unchanged; roasters 23-24; heavy hens 19-20; special fed White Rock fryers 20-20½; Plymouth Rock fryers 21½-22.

Livestock

DETROIT LIVESTOCK

DETROIT, Jan. 17 (AP) — (USDA) — Cattle 800. Bulk early supply slaughter steers and heifers, utility and standard grades predominating; only a scattering of good to low choice steers in early run; cows in moderate supply; good and choice steers steady; steers and heifers standard grade and down 50c lower; cows fully steady; scattering good to low choice steers 24-26.26; standard steers 21-23.60; utility steers 19-21; standard heifers 20-22.50; utility heifers 17-20; utility cows 15-16; canners and cutters 12.50-15.

Hogs 150. Limited early trade on barrows and gilts 25-50 cents lower but not enough of any one grade or class to set up quotations; sows 25 cents lower; few scattered sales 300-600 lb. sows 13-15.25; boars 12.75-14.

Vealers 75. Steady, prime 38-42; good and choice 30-39; standard 24-30; cull and utility 19-24.

Sheep 300. Unchanged but not enough of any one grade or weight to set up quotations.

CHICAGO LIVESTOCK

CHICAGO, Jan. 17 (AP) — (USDA) — Hogs 8,500; slow, butchers and sows 25 to 50 lower; fair shipping demand; 1-2 190-220 lb. butchers 17.50-17.75; 57 head around 215 lbs. 18.00; mixed 1-3 190-230 lbs. 17.00-17.50; 230-260 lbs. 16.75-17.25; 2-3 260-300 lbs. 16.00-16.75; load 2-3 around 320 lbs. 15.75; mixed 1-3 300-400 lb. sows 14.50-15.50; 2-3 400-600 lbs. 13.00-14.50.

Cattle 14,500; calves none; slaughter steers slow and mostly 25 to 50 lower with the exception of choice under 1,100 lbs. which are fairly active and steady to 25 lower; heifers mostly steady to 25 lower; spots 50 lower on kinds grading low choice and below; cows and bulls steady to 50 lower; vealers firm; stockers and feeders about steady; few loads prime 1,250-1,375 lb. slaughter steers 27.75-28.00; bulk choice and prime 1,000-1,450 lb. steers 25.50-27.50; load lots mixed good and choice 25.00-25.25; good steers 23.00-26.00; utility and standard 19.50-23.00; few loads mixed choice and prime heifers 26.75-27.00; choice heifers 25.25-26.50; most good heifers 22.50-24.75; utility and commercial cows 14.00-16.25; scattered head 16.50; canners and cutters 12.00-15.50; utility and commercial bulls 18.50-21.00; few good and choice vealers 30.00-33.00; several loads medium and good 775-900 lb. feeding steers 21.50-23.40.

Sheep 2,000; moderately active, all classes steady; choice and prime native and western fed wooled slaughter lambs 90-108 lbs. 17.00-18.00, largely 18.00; mixed good and choice 14.00-17.00; cull and utility 10.00-14.00; load choice and prime 116 lb. wooled slaughter lambs 17.25; couple decks choice and prime 92-108 shorn slaughter lambs with No. 1 pelts 17.00; cull to choice wooled slaughter ewes 4.50-6.00.

Treasury Position

Sports Models' Prices to Be Above Fury List

DETROIT (AP) — Plymouth says its two new Sports Fury models will carry factory list prices above those of comparable models in the Fury line.

The Sports Fury convertible was listed at $2,822 against $2,675 for the Fury convertible. The Sports Fury two-door hardtop lists at $2,607 compared with $2,460 for the Fury two-door hardtop.

The Sports Fury models have special interiors and exterior trim.

Ex-ICC Member Dies

WASHINGTON (AP) — Clyde B. Aitchinson, a member of the Interstate Commerce Commission for 33 years before he retired in 1952, died last night. He was 86.

Puts on Dull Performance

Market Snubs Economic News

NEW YORK (AP)—Economic news was bright but the stock market put on a dull performance, displaying a mixed pattern in quiet trading early this afternoon.

* * *

Gains and losses of most key stocks were fractional, some moving a point or so. A few specially-situated issues made wider gains.

The market was lower early in the day but improved in routine trading to show a roughly even balance between gainers and losers.

* * *

Wall Street seemed to draw little inspiration from news that industrial production was at a record in December, that retail auto sales in the first third of January were the highest since 1957 for that period, and that applications for FHA mortgage insurance in December were at a two-year peak.

* * *

Steels and motors recovered as the session wore on but rails eased for a change. Tobaccos and rubbers were mostly lower. Airlines, chemicals, aircrafts and nonferrous metals were mixed.

* * *

Market technicians looked for a test of support levels around 700 in the Dow Jones industrial average. At the same time, brokers reported a build-up in short sales —a technically bullish sign because this provides a cushion of orders below present prices.

* * *

Prices were irregular on the American Stock Exchange with a slight tendency to the upside. Trading was moderate. Duro-Test dropped more than a point as profits were taken on its recent upsurge. Talon "A" took a similar loss. Louisiana Land and Cinerama were off about a point each. Sherwin-Williams and Arkansas Louisiana Gas picked up about a point each. Pacific Petroleum, R. C. Williams, Signal Oil "A" and Terry Industries were fractional gainers. Webb & Knapp eased in active trading.

Bond Markets Mixed

NEW YORK (AP)—The bond markets were mixed at the opening of trading today.

* * *

Over the counter dealers in U.S. Government securities quoted the World War II issued 2½s off 4/32 to 6/32 and other intermediates unchanged. Some long bonds gained 2/32 in quiet dealings.

Among corporates traded on the New York Stock Exchange only the industrial section showed any trend and that was lower.

There were few changes overall and outside the convertibles few of the moves amounted to a full point or more.

Among corporates, Pittsburgh, Cincinnati, Chicago & St. Louis Railroad 5s of 1970 gained 1¼ at 89⅝.

Fractionally higher were: Southern Pacific Railroad 4½s of 1981 at 89¼, Foremost Dairy 4½s at 90⅛ and AT&T 4⅜s at 99¾.

The New York Stock Exchange

NEW YORK (AP)—Following is a list of selected stock transactions on the New York Stock Exchange with noon prices:

Sales figures are unofficial.

Rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Unless otherwise noted, special or extra dividends are not included.

a—Also extra or extras. b—Annual rate plus stock dividend. d—Declared or paid in 1961 plus stock dividend. e—Paid last year. f—Payable in stock during 1961 estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid so far this year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1960 plus stock dividend. t—Payable in stock during 1960, estimated cash value on ex-dividend or ex-distribution date. y—Liquidating dividend.

z—Sales in full.

cld—Called. xd—Ex dividend. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies.

January Sales of Cars Higher

Ward's Reports Autos Going at Fastest Rate Since 1957

DETROIT (AP) — Sales of new cars in the first 10 days of this year were the highest for the period since 1957, Ward's reports said Tuesday.

* * *

Ward's said sales averaged 17,668 for each selling day, compared with 14,967 in the first 10 days of last year and 18,582 in the first 10 days of last month.

December's selling rate is normally higher than January.

Ward's predicted that sales should pick up from 5 to 20 per cent late in the month.

New car inventories increased from 820,000 on Dec. 31 to 875,000 on Jan. 10. Ward's forecast a total of 930,000 to 950,000 by Jan. 31 and more than one million sometime during February.

GM SALES UP

General Motors accounted for 54.9 per cent of all sales in the first 10 days this month compared with 47.8 per cent in the similar period of 1961 and 51.9 per cent during December.

* * *

Ford held 28.3 per cent of the market against 30.4 per cent in early January last year and 30.5 per cent in December.

Chrysler had 10.6 per cent of sales, up from last month's 9.3 per cent but well under the 13.6 per cent of last January.

American Motors declined to 4.6 per cent of the market compared with 6.9 in December and 6.6 last January.

* * *

Studebaker-Packard moved up to 1.6 per cent compared with 1.4 per cent last month. Last January S-P also had 1.6 per cent of all sales.

Grain Mart Prices Hold Barely Steady

CHICAGO (AP) — Grain futures prices held barely steady today in slow early dealings on the board of trade.

Brokers said there appeared to be a rather thin demand against a lighter volume of offerings than usual but that no new significant commercial factors were present.

Kennedy Trying to Shift Pattern of Labor Crises

By SAM DAWSON
AP Business News Analyst

NEW YORK — The Kennedy Administration is giving the old college try in its hope of changing the pattern of prime labor crises.

Americans are used by now to important labor-management negotiations going down to the final deadline for strike, with tension mounting over possible calamities to companies, workers and public alike. The suspense often takes a toll itself—in nerves, in bitterness, in money, in economic disruption.

* * *

In the upcoming steel contract talks, widely labeled this year as crucial, the administration is hoping to get a pact well in advance of the July 1 strike deadline. The public would doubtless be the gainer, especially if the hurried-up talks don't set off another inflationary wage-price spiral.

* * *

But even the well-wishers for the success of the administration effort, and they are many, wonder a little if the goals the President set in his news conference Monday can be reached, human nature being what it is.

BUILDUP-LETDOWN

The President wants the early pact to halt a buildup in steel inventories already under way and likely to get up steam if the talks later should appear headed for deadlock. Such a buildup could upset the time table of the current recovery, and a subsequent letdown could disrupt the economy.

* * *

It is only natural for both labor and management negotiators to want to use any tool they can to win their points. One traditional tool is an approaching deadline whose increasing nearness inspires concessions to avoid a strike. Neither side would want a strike if it could get in other ways the concessions on which it has set its heart.

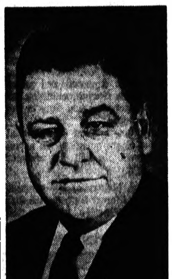

* * *

While the administration strives to get the steel talks under way and hopes for an early pact, it is urging steel users to avoid piling up steel stocks. Their increased orders, apparently for a hedge against a possible strike, has sent steel output to its highest weekly volume since early April 1960.

CAN'T GAMBLE

It is to the steel users advantage to avoid piling up stocks beyond their current needs, the Iron Age points out today. The metalworking weekly says this would ease pressure on the market, eliminate the cost of carrying heavy stocks, and help prevent a possible business decline in the final months of the year, which would hurt them along with many others.

But the magazine also notes that many steel users feel they can't afford to gamble on any evidence to date that there won't be a strike or a hike in prices as a result of it or of a pact averting it. Company executives feel they can't afford to be caught without steel.

M. E. DANIELS

M. E. Daniels, 1355 Suffield St., Birmingham, of the Daniels Insurance Agency, 563 W. Huron St. is the new president of the Pontiac Association of Insurance Agents. Assisting Daniels are W. A. Pollock, 20 Salmer St., as vice president and James Huttenlocher of Clarkston, secretary-treasurer.

U. S. Picks Michigan and 3 Others for Aid

WASHINGTON (AP) — The Area Redevelopment Administration today gave provisional approval to long-range economic programs in five years in four states — Connecticut, Michigan, Ohio and Oregon.

This brings to 255 the total number of redevelopment areas which have had their long-range plans for economic growth and new employment opportunities accepted by the agency.

All approvals have been provisional, in order to speed local action on specific problems. Local development committees must file more detailed plans within a year.

* * *

Provisional approval, however, makes it possible for the areas to submit requests for various types of federal funds.

Iron Mountain's Biggest Employer to Move Oct. 1

IRON MOUNTAIN (AP) — General Controls, Iron Mountain's largest employer with a $1.3 million annual payroll, will close its operation Oct. 1 and move to Des Plaines, Ill.

A. W. Ray, executive vice president, and R. G. Ray, vice president for production, came here from Glendale, Calif. Tuesday to announce the move.

They said the company, which makes heat controls, will offer its employes here employment at Des Plaines.

They said any employe who chooses not to move but stays with the firm through Oct. 1 will get a two-week bonus.

* * *

The company said the overall production of the Iron Mountain Division has not been profitable; the operation here is far removed from markets and sources of supply, and the location of the plant has prevented the company from obtaining and retaining competent supervisory personnel and skilled workers.

State Defense Jobs to Total $700 Million

DETROIT (AP) — A Defense Department aide said today government defense spending in Michigan will total at least $700 million this year, an increase of $105 million over 1961.

Ron M. Linton, special consultant to Defense Secretary McNamara, said the increase reflected new emphasis on such things as tanks, engines, trucks, personnel carriers and spare parts.

Detroit headquarters of the Ordnance Tank-Automotive Command (OTAC) will channel most of the awards to Michigan plants.

News in Brief

A 13-room house on the estate of Mrs. Wesson D. Seyburn, 1885 Squirrel Road, Avon Township, was ransacked sometime between 4 p.m. Monday and 9 a.m. yesterday while the owner was in Florida, according to Oakland County Sheriff's deputies. A small radio and a letter opener were the only articles reported stolen.

A power saw valued at $95 was discovered missing from his truck yesterday morning by Willard Cox, 2525 W. Drahner Road, he told sheriff's deputies.

Request Study of Iron Jobs

Both Michigan Houses Want Committee to Consider Cure

LANSING (AP) — Both houses Tuesday received resolutions asking Congress to appoint a committee to investigate the causes and possible cures of the halt of production and unemployment in the Gogebic iron range area.

* * *

The resolutions noted the majority of the deep-shaft iron mines in the Gogebic area have stopped producing, working serious hardship on the peoples and communities involved.

Proof exists, the resolutions said, that there are tremendous reserves of iron ore that can be beneficiated and pelletized, creating a product in demand by steel companies. These processes, however, it said, demand large quantities of natural gas not now available.

Such an investigation, the resolutions said, could restore economic recovery and stability in the area and preserve the use of these valuable iron deposits.

* * *

Sen. Phillip Rahoi, D-Iron Mountain, introduced the resolution in the senate, where it was passed and sent to the House.

Sen. John W. Fitzgerald, R-Grand Ledge, said Minnesota and Wisconsin already had adopted similar resolutions and wanted Michigan to join in the appeal to Congress.

Rep. Joseph S. Mack, D-Ironwood, produced a similar resolution in the House.

Record Steel Year Seen With Pellets

DULUTH, Minn. (AP) — A Cleveland steel official says blast furnace operators are looking ahead to record steel production through increased use of taconite pellets.

R. W. Liggett, chairman of Republic Steel Co.'s blast furnace operating committee, predicted a continued rise in the use of pellets from Minnesota and other areas.

Liggett spoke Tuesday at a University of Minnesota mining symposium attended by about 600 representatives of the ore and steel industry.

Republic is half owner of Reserve Mining Co., operating in Minnesota and gets its taconite pellets from reserve's plant at Silver Bay, Minn., on Lake Superior's north shore.

Autolite Moves Alternate Line to Bay City

TOLEDO, Ohio (UPI)—Electric Autolite Co. has discontinued production of alternators here and set up a pilot line to make them at its Bay City, Mich., plant.

A company spokesman said the action trimmed Toledo production to generators and starting motors.

He said the Electric Autolite plant at Bay City has a long recall list and any additional personnel needed for the manufacture of alternators will be taken from the list.

Electric Autolite and United Auto Workers Local 12 in Toledo have been discussing a number of proposals aimed at keeping the company's operations in this northern Ohio city.

The company set a deadline of last Dec. 1 for the union to accept proposals which Electric Autolite said would assure continued operations in Toledo.

Propose Acquisition of Fruit Canners Firm

FENNVILLE (AP)—Proposed acquisition of Michigan Fruit Canners, Inc., by Consolidated Foods Corp. by stock exchange was announced Tuesday by executives of both firms.

The transaction, subject to approval of Michigan Fruit stockholders, calls for transfer of 250,000 shares of Consolidated's common stock.

Treasury Thinking Over Issue of 'Education Savings Bond'

WASHINGTON (UPI)—The Treasury is considering offering the public a new "education savings bond" to encourage families to save for the college education of youngsters.

* * *

The new bond, if issued, would return to eligible savers somewhat more than the 3¾ per cent now earned by Series E and H bonds held to maturity.

In 1959 the Treasury favored bringing out such a bond but dropped the idea after learning of opposition by key members of Congress.

An education bond—which might be designated Series EE—could help strengthen the savings bond program in the face of new competition from banks for thrift money. It also would give parents and youngsters a special way to save for the rapidly mounting cost of going to college.

* * *

Under a change in federal regulations which went into effect Jan. 1, banks may pay up to 4 per cent interest on savings deposits undisturbed for a year or more. How much, if any, this will hurt savings bonds will not be clear for several months.

Sales so far this month, Treasury officials said, indicate no shift from bonds to bank deposits. One reason is that nearly half of all bond sales are through the Payroll Savings Plan.

The education bond idea is being actively considered as part of a general review of the bond program to find the ways to strengthen it.

If adopted and approved by Congress, the education bonds probably would be like regular Series E bonds—discount securities sold for less than their future redemption value.

If held by a family with a son or daughter attending an accredited school of higher education, they could be cashed in for more at any time than a regular E bond held equally long.

One of the major problems under study is how to determine that an individual is actually entitled to the higher educational interest rate.

* * *

One way might be for the Treasury to send the proceeds from redemption of the bond directly to the college or university.

Practice With Logical Outlines

Study Goes Around and Around

By LESLIE J. NASON, Ed.D.
Professor of Education,
University of Southern California

Lose something? Well, don't look in that drawer again. You've checked it 10 times and it isn't there! You're just going 'round and 'round!

DR. NASON

You can go 'round and 'round studying for tests, too.

Sometimes students say, "I went over these materials for hours, and I still got a low grade." What happened? Probably their study habits are wrong.

Habit patterns can lead to some pretty silly repetitions of futile actions. They can cause you to spend as much study effort on the unimportant things as on the important ones. You're literally spinning your wheels!

If you really want to make higher grades on examinations and can't understand why you don't, try changing your pattern of study. You may hate to change if you are already "squeaking by," but at least try a new system. Who wants to be satisfied with just "squeaking by"?

PRACTICE TEST SUBJECTS

First, stop to think. What are the sensible things to practice? The answer should be easy. Practice the things you will be expected to do on the tests, of course.

If you listen for it, most teachers will give you a pretty good idea of the kind of test they are going to give. Figure out what they could ask on that kind of test. Then practice answering those questions.

Let's suppose you are worried about an upcoming history test and you have a pretty good idea that it will be an essay-type examination. Stop to think of the key words used in these tests: trace, outline, compare, contrast. What do they mean?

★ ★ ★

If you must trace the development of democratic government, you will be expected to give a description of its progress from the beginning. When and where did it start and what were the important gains? Try jotting down the events in such a sequence. If you can write them, you understand them.

An outline is a systematic arrangement of key points. To compare, you must emphasize similarities. To contrast, you must emphasize dissimilarities, differences or unlike qualities.

PREDICT REQUIREMENTS

Now, if you know what the words mean, check the table of contents, chapter headings and your notes. What could the instructor ask you to do? Take a pencil and paper and practice tracing, outlining, or whatever you feel you may be required to do.

I knew one student who guessed five out of six questions on a test in advance. He had the answers down cold.

Botany, biology or life science tests are almost sure to call for sketches. Practice making the sketches most likely to be asked with the book closed. Put on as many labels as you can remember. Check your sketch with the book, then throw the sketch away and try again. Each new sketch should become more detailed and more accurate.

Mathematics, physics, chemistry or any course calling for problem-solving requires the analysis of problems. Tests present a mixture of several kinds of problems.

★ ★ ★

Your first task will be to determine the kind of problem each presents and how this kind is solved. Leaf through your text, stopping at each set of problems. Ask yourself, "What kind of problem is this? How is it solved? What principles are used? How can I recognize these things by reading the problem?"

★ ★ ★

If you are able to identify quickly the type of problem you get in an examination you will find the correct answer much more easily — and more quickly.

Each course has its own rough spots. Gear your approach to them and stop spinning your wheels!

★ ★ ★

(If you have a question for Dr. Nason, write him in care of The Pontiac Press. He will discuss in his column those of most general interest.)

Cadillac Sportscaster Seeks State House Seat

CADILLAC (AP) — Radio news and sportscaster Jack Toepp, 41, of Cadillac annouced Tuesday that he is a candidate for Republican nomination Aug. 7 as state representative for the Wexford-Manistee County district.

★ ★ ★

Toepp is Wexford County's 1962 cancer drive chairman and was a delegate to the 1960 state Republican convention.

Congressional Discrimination Thing of Past

WASHINGTON (AP)—It's official now. The House and the Senate are equal branches of Congress and from now on will share top billing in the official Congressional Record.

No longer will the official proceedings of the so-called "upper body" appear first in the record, to be followed by a recital of what happened in the House.

At the instigation of Rep. John W. McCormack of Massachusetts, new speaker of the House, the Government Printing Office has agreed to rotate first billing between the Senate and the House. The Senate's proceedings appeared first in the initial issue of 1962; the House had top billing the following day.

The name "upper body", McCormack notes, was applied to the Senate before the capital moved to Washington. The House sat on the ground floor and the Senate gathered upstairs.

The world's greatest butterfly traveler is the monarch butterfly. It is found all over North America, as far north as Hudson Bay, and in South America, too. It has traveled to Europe and to the Pacific Islands.

STATE OF MICHIGAN IN THE PROBATE Court for the County of Oakland, Juvenile Division

In the matter of the petition concerning Robert Darcy, minor. Cause No. 18507

To William Darcy, father of said minor child

Petition having been filed in this Court alleging that the present whereabouts of the father of said minor child are unknown and said child has violated a law of the State and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Oakland County Service Center, Court House Annex, 1200S West Blvd., in the City of Pontiac in said County, on the 24th day of January, A.D. 1962, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

If being impractical to make personal service hereof this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Donald E. Adams, Judge of said Court, in the City of Pontiac in said County, this 15th day of January, A.D. 1962.

(Seal) DONALD E. ADAMS
(A true copy) Judge of Probate
DELPHA A. BOUGINE
Deputy Probate Register
Juvenile Division

Show Biz Veteran Dies

LOUISVILLE, Ky. (AP)—John Frank Bradel, 79, a veteran in show business who helped the late Florenz Ziegfeld in the first Broadway Follies, died Monday. He became stage manager of the old Penn theater in Wilkes-Barre, Pa., in 1908, the same year he helped organize the International Alliance of Theater Stage Employes, of which he was secretary-treasurer about 40 years.

IN LINE OF DUTY — This scene could come straight from some historical movie — but it doesn't. These are mounted policemen lined up beyond a row of trees near Rome's Olympic Stadium. Like equestrian statues they stand guard at important soccer matches, where riots are bred from fist fights among fans. That's when the police go into action.

Britain, U.S. Envious

Common Market Attains Its Goal

By PHIL NEWSOM
UPI Foreign News Analyst

A train rumbles northward from Italy, through France and into West Germany's Ruhr district carrying Italian workers to fill a labor shortage in Germany.

The French Renault competes on even terms in Germany with the Volkswagen.

★ ★ ★

Belgian coal, closer than the nearest French source, feeds a French industry — free of restrictive tariffs or other nationalistic protective measures.

This is part of the 1969 goal of the European Common Market which already has advanced far toward its goal of welding the 170 million people of West Germany, France, Italy, Luxembourg, the Netherlands and Belgium into a single economic unit.

This week the six nations of the Common Market passed another important milestone. They reached agreement on a general farm policy which on July 1 will lift import controls from wheat, other grains, pork, poultry, eggs and high-quality fruits and vegetables.

EYES OPENED

It has led Britain to apply for membership over the strong objections of some members of the British Commonwealth and it has caused the United States to review its own tariff policies.

Industrially, it has led some U.S. firms to establish factories inside Common Market countries to make sure they are able to participate in the benefits. These moves have raised accompanying fears of an increase in the outflow of U.S. gold.

Fears also have been voiced for the future sales of U.S. farm produce abroad. These are an important source of income, chiefly from grains, fats and oils and citrus fruits. Reportedly, the new agreement among the six assures that U.S. farm goods exports will not be hurt.

It is most doubtful that even the most ardent supporters of the Common Market could have foreseen its success. It not only has gone far toward removing the sources of friction that lead to wars, it has seriously disrupted Communist plans to take over Europe piecemeal.

AP Photofax

SURVIVES — Sondra Posey, 16, of Borger, Tex., spent 7 hours locked in a drive-in deep freeze Monday night after someone apparently slammed the door behind her. She was found Tuesday morning by her mother and an employe of the drive-in where she works.

Thailand Calls to Peace Corps

Ann Arbor Contingent of 45 Departing for Two Years of Service

ANN ARBOR (AP) — Forty-five members of the Peace Corps were saying final goodbys to friends and relatives today prior to leaving from Willow Run Airport tomorrow for a two-year stay in Thailand.

The 31 men and 14 women have undergone a 13-week training program at the University of Michigan. The group includes four married couples.

Nearly all are university graduates and they range in ages from 22 to 34, with an average of 24.

Tonight they will be honored at a graduation banquet. Peace Corps Director R. Sargent Shriver is expected to outline major objectives and prospective programs in a banquet address.

★ ★ ★

Most of the corpsmen will serve as teachers of English, Thailand's second language.

The confidence of the group was expressed by John R. McLean, 27-year-old Detroit corpsman who holds a master's degree in political science from the University of Detroit.

"I think we have reached the peak of an intensive period of preparation and are ready to face almost any foreseeable situation," McLean said.

★ ★ ★

Robert S. Leestma, U-M Associate Professor of Education and director of the Peace Corps program here, termed corpsmen confident of success and eager to put their training to the test.

The group is scheduled to make overnight stops at San Francisco and Hong Kong before arrival in Bangkok, where three to four weeks of orientation awaits them.

The Amazon is the world's only major river which flows east and west. It is about 3,300 miles, the distance from Los Angeles to New York.

Mouse Brigade Helps Scientists Battle Disease

WASHINGTON (AP) — A huge army of mice is taking part this year in the battle of medical science to conquer such diseases as cancer, cardiovascular ailments and mental disorders.

★ ★ ★

An estimated 30 million mice have been put to work by medical schools, research institutions and pharmaceutical firms in their never-ending search for new drugs and methods of treatment, says Medicine at Work, publication of the Pharmaceutical Manufacturers Association.

★ ★ ★

Mice are used as basic test animals because biologists can inbreed them to produce strains exhibiting precise characteristics — mice which are highly susceptible to cancer, others that are highly resistant, fat mice or thin ones.

★ ★ ★

In lesser numbers other animals have been enlisted in the fight against disease, says Medicine at Work. These include rabbits, guinea pigs, monkeys, pigeons, alligators, cattle, reptiles, goldfish and even the giant squid from Chile.

Three Great Lakes Deeper This Year

DEARBORN (AP) — Lt. Col. L. F. Kengle Jr. of the U.S. Lakes Survey had good news for ship operators on three of the Great Lakes today, but bad news for those on the other two.

★ ★ ★

In a report to the 24th annual joint conference of the Great Lakes Carriers' Association and the Dominion Marine Association, Col. Kengle said that his agency forecasts Lakes Superior, Huron and Michigan will be higher this year than last but lakes Erie and Ontario lower.

★ ★ ★

Great Lakes shipping companies measure inches in millions of dollars over the ice-free shipping season.

MSU Forming Extra-Milk Club

Research Shows Right Feeding Can Produce Ton More Yearly

EAST LANSING (AP) — Michigan State University has formed an "Extra-Ton-O-Milk Club."

Research on-the-farm observations indicate that more than half of Michigan's dairy herds can produce an extra ton of milk per cow yearly, said Don Hillman, MSU dairy extension specialist. This can be done with better feeding management — including heavier grain rations, he said.

"Many dairy herds in Michigan are not being fed adequately to get the most profitable level of production," Hillman observed.

Any Michigan dairyman interested in increasing milk production or finding out if his present feeding program can be improved is eligible for membership, he said. Members must keep some accountable from of milk production records and must be willing to follow practical feeding recommendations, he said.

The records are needed, he said to show which cows are responding to the heavier grain feeding and to avoid wasting grain on cows which do not produce more milk.

Sterilize Mail for Virus

ROME (AP) — The Italian Post Office Ministry Tuesday night ordered sterilization of all mail coming from Asian countries as an antismallpox measure.

City Grants Hospital Right to Run Lines

City commissioners last night okayed a license and lease agreement with Pontiac Osteopathic Hospital for a portion of Mill Street clearing the way for heating and oxygen lines to the hospital's new wing.

★ ★ ★

The agreement will allow the hospital to run underground lines from its heating plant on Mill near East Lawrence Street to the new addition on East Huron between Mill and Perry.

★ ★ ★

The lines will run under Mill Street.

City Accepts Estimate on Locke Street Work

City Engineer James N. Carlisle's estimate of $5,291 to grade and gravel Locke Street from Bay to the east end of Locke was accepted by the City Commission last night and a public hearing on the project scheduled for the Jan. 23 meeting.

★ ★ ★

Carlisle said the city would pay $2,590.17 and the other $2,700.83 would come from special assessments to affected property owners.

Death Notices

FERRELL, JAN. 13, 1962, DONALD E., 3690 Long Beach Blvd., Long Beach, Calif., formerly of Pontiac, age 31; beloved husband of Wilma Chancey Ferrell; beloved son of Mr. and Mrs. Ira Ferrell; dear father of Cynthia, Paul and Teresa Ferrell; dear brother of Robert and James Ferrell, Ira Ferrell Jr., Mrs. Louella Crouch and Mrs. Joyce Milliam. Funeral service will be held Thursday, Jan. 18, at 1 p.m. from Voorhees-Siple Funeral Home with Rev. Ralph L. Hart officiating. Interment in White Chapel. Mr. Ferrell will lie in state at Voorhees-Siple Funeral Home.

HARRIS, JAN. 17, 1962, GALE M., 84 W. Rutgers, age 36; beloved husband of Alice Harris. Funeral arrangements are pending at the Sparks-Griffin Funeral Home where Mr. Harris will lie in state.

HODGSON, JAN. 16, 1962, IDA L., 7054 Bridge Lake Road, Springfield Township, age 82; dear sister of Mrs. Elizabeth Edwards, Mrs. Jewell Mashinney, Turnbull McEwen and Grant McEwen. Funeral service will be held Thursday, Jan. 18, at 2 p.m. from the Sharpe-Goyette Funeral Home, Clarkston, with Rev. E. H. DuBois officiating. Interment in Andersonville Cemetery. Mrs. Hodgson will lie in state at the Sharpe-Goyette Funeral Home, Clarkston.

COX, JAN. 15, 1962, JOSEPHINE, 624 Adam St., Owosso, Mich., formerly of Pontiac, age 83; dear mother of Mrs. Geneva Starr, Charles W., Gordon R. and Jay V. Cox; dear sister of Mrs. Laura Rich and Mrs. Louise Hopping; also survived by seven grandchildren and one great-grandchild. Funeral service will be held Thursday, Jan. 18, from the Pursley Funeral Home at 2 p.m. with Rev. James Welker officiating. Interment in Ottawa Park Cemetery. Mrs. Cox will lie in state at the Pursley Funeral Home.

SHERSTON, JAN. 16, 1962, ANN Sarah, 2140 Pontiac Drive, Sylvan Lake; age 75; beloved wife of Winford Sherston; dear mother of Mrs. Robert B. (Evelyn) Silvers; dear sister of Mrs. Elizabeth Rich. Funeral service will be held Thursday, Jan. 18, at 2:30 p.m. from the C. J. Godhardt Funeral Home, Keego Harbor, with Rev. John T. Oroni officiating. Interment in Oak Hill Cemetery. Mrs. Sherston will lie in state at the C. J. Godhardt Funeral Home, Keego Harbor.

Card of Thanks 1

THE FAMILY OF ADLAR CRIVEA wishes to express their sincere appreciation to all of the friends and relatives for their acts of kindness to Father Thomas of St. Benedict church, to the Donelson Baptist Church and also to Voorhees-Siple funeral home.

In Memoriam 2

IN LOVING MEMORY OF Charles T. Young who passed away January 17, 1962. Sadly missed by Mom, Dad and brothers.

TV Features

By United Press International

WAGON TRAIN, 7:30 p. m. (4). "The Hoble Redman Story." Scout Duke Shannon (Scott Miller) must lead a small group through the desert and is opposed by Hobie Redman (Lin McCarthy), whose family perished on the same trail.

SPECIAL REPORT, 7:30 p. m. (7). "Stars—Pathway to Space," a report on astronomy and its contributions to space probes.

CHECKMATE, 8:30 p. m. (2). "The Renaissance of Gussie Hill." The investigation of a health farm employe's disappearance turns up a murder, missing money, and a case of double identity. Costarring Eleanor Parker and Herschel Bernardi.

★ ★ ★

PERRY COMO'S MUSIC HALL, 9 p. m. (4). Guest star Polly Bergen joins Perry and the music hall players in a spoof of "To Tell the Truth." (Color).

DICK VAN DYKE SHOW, 9:30 p. m. (2). Rob's (Van Dyke) neighborhood is disrupted when dentist Jerry Helper (Jerry Paris) spreads the word that Rob is the author of a bad TV show.

"SECURITIES FOR SUCKERS," 10 p. m. (2). The story of a ruthless band of gangsters who produce counterfeit stock certificates and sell them to respectable businessmen who are in need of money. This "Circle Theater" script by Harold Gast also shows the counter-measures that officials have taken to protect stockholders from financial loss because of the boom in bogus stocks and bonds. Featured are Fred Clark and Howard Caine.

★ ★ ★

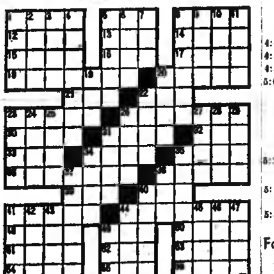

NAKED CITY, 10 p. m. (7). "The Night the Saints Lost Their Halos. A boy urges his pal to rob a store in order to lose some inhibitions. Guest stars: Jo Van Fleet and Peter Fonda.

DAVID BRINKLEY'S JOURNAL, 10:30 p. m. (4). A report on the conservative movement among college students and a feature on a day in the life of a very special dog. (Color).

Forced to Post Bond

IZMIR, Turkey (AP) — The American Export lines freighter Export was allowed to leave this Turkish port Tuesday night after its agents posted 377,000 Turkish lira—$41,888—bond. The 10,589-ton vessel and a Turkish motor vessel collided last Friday near here. An inquiry is under way.

RUNS AGROUND — Seas break over the rail of the 70-foot Boston fishing dragger Margaret Rose after it grounded Tuesday at the tip of Cape Cod. Seven crewmen were rescued earlier, six by Coast Guard breeches buoy. Crewmen said the vessel's engine failed. At the right on the beach is a Coast Guard amphibious duck.

'Wife Gives Free Rein,' Boasts Actor Tucker

By EARL WILSON

NEW YORK — Handsome 6-foot-5 Forrest Tucker, 43, has celebrated the second month of marriage to pretty little Marilyn Fisk, 22, a dancer in his show — and he consented to let me reveal the secret of their prolonged contentment.

WILSON

"It's just by lettin' me have a lot of loose rein," Tuck told me just before the veteran Hollywood star and his California-born bride moved on to Boston.

"She never pounces on me and says 'Where you been' or 'Who'd you see?' She says things like 'How'd you feel?'

"A guy can't trap himself too much answering quiestions like that," Tuck philosophized. "She's such a cute little pixie — she was only 18 when she came on the show" — which is "The Music Man" road company. "Before I started dating her, I dated other kids on the show, and I don't think she'd object if I still did. I really don't!"

MARILYN

"Aw now, Tuck," I said, as I am still very Ohio.

"Not that I ever would!" hastened the trimly-tailored star who has beaten Ben Hogan at golf, whom Walter Hagen thinks should play the Walter Hagen story. "But she knows all guys have a lot of little boy in them, but they always come home.

"My grandfather was a pretty good goer," Tuck smiled. "My grandmother said, 'They always come home.'"

I asked him what the little girl from San Jose who'd never been in a show before thought of marrying the star last Oct. 23 in Chicago, which he considers his lucky town.

Tuck smiled. "All she said," he answered, "was 'I decided not to leave the show till I got you.'"

(Aside to Tuck: You'd better always come home!)

'61 Figures at $10 Million

Waterford Sees Building Boom

Never before in its history has Waterford Township had such a building boom as in 1961, with construction work totaling almost $10 million.

Of this figure, commercial building hit an all-time high of $3,800,000, and 226 houses were built at a total valuation of $3,768,326, according to township building reports.

Three major shopping centers plus the Pontiac Mall on Telegraph Road and two new bowling alleys sent building department figures soaring. Schools, churches, office and store buildings and gasoline stations added to the over-all construction picture.

April was Waterford's biggest permit month, with more than $2,400,000 recorded.

★ ★ ★

That month, permits were issued for a $300,000 bowling alley on Cass Lake Road; the $750,000 Montgomery Ward store and $785,000 enclosed area in the Pontiac Mall. Permits totaling $44,500 also were issued for additions to commercial buildings.

★ ★ ★

Permits for a supermarket, a bowling alley and two large cement silos boosted June's building to almost $1 million.

In July permits for a Pontiac State Bank, an extension to the Pontiac Mall and a new hangar at the airport totaled more than June's building figure.

There was a slight construction drop in August but in September a permit for the new $760,760 Pontiac Methodist Church again sent the total building permits to well over $1 million.

TOTAL SHOOTS UPWARD

In October a $376,000 permit was issued to the J. L. Hudson Co., and another $350,000 for a department store at Telegraph and Dixie Highway. This brought the total figure to $1,216,434 for that month.

As the year ended, $9,525,530 in building permits had been issued. This was about $2 million more than the figure of the previous year.

U. of M. Will Honor Bishop, Ex-Dem Leader

ANN ARBOR (AP) — Rev. Richard S. Emrich, Episcopal bishop of the Diocese of Michigan, and former Democratic State Chairman Neil Staebler will receive honorary degrees at the University of Michigan's midyear commencement Saturday.

An estimated 1,600 graduates will hear Rev. Emrich deliver the commencement address.

Economy Plan Attacked by 2

Republican Pair Claims Swainson's Program Skips Two Problems

LANSING (AP) — Gov. Swainson's program to boost Michigan's economic growth fails to deal with two basic problems holding up business and industrial expansion, say two Republican lawmakers who have studied the situation.

The Democratic governor, they said, should concentrate his efforts on reducing the tax burden on business and amending workmen's compensation and unemployment compensation laws.

The criticism came from Rep. Gilbert E. Bursley, R-Ann Arbor, and Sen. John H. Stahlin, R-Belding, chairman and co-chairman, respectively, of the Joint Legislative Committee on Economic Growth.

The committee recently toured the state to sound out businessmen and industrialists on what the legislature could do to strengthen the state's economy.

The governor's 14-point program for economic growth "failed to get at the crux of the problem," said Bursley.

"He has some good ideas, some of which require appropriations and some of which our committee has already talked about," he said. "Most of his proposals, however, should come after we have corrected the basic problems."

Bursley and Stahlin said members of the business community complained most frequently of what they considered unfair and excessive jobless pay and workmen's compensation taxes as well as "too liberal" interpretation of the laws by the courts.

They also maintain that business pays more than its share of taxes, the lawmakers said.

"We must face up to these problems now and not stick our head in the sand like an ostrich," Stahlin said.

Swainson's blueprint called for elimination of the business activities tax, which he described as a deterrent to research. He will make further proposals in a special message on tax reform expected later this month.

Asks 4 More Judges for Wayne County

LANSING (AP) — A bill to give Wayne County four more circuit judges, raising the total to 22, was filed for introduction in the legislature today by Rep. Joseph A. Gillis, D-Detroit.

The new judges would be elected Nov. 6 and take office Jan. 1, 1963.

★ ★ ★

Wayne County judges have long complained of the heavy backlog of cases and asked for additional judges, pointing out that the total has not been increased for many years.

Famous Clown Says TV Revived Big Top

By CYNTHIA LOWRY

NEW YORK (AP)—That great institution, the circus, in recent years has fallen upon hard times.

But now, in the measured opinion of Emmett Kelly, probably the nation's most famous clown, television is reviving interest in the big shows.

★ ★ ★

Kelly, whose "Weary Willie" character has delighted cotton candy-eating crowds for two generations, said that around 1950 he felt the circus had really "started to go."

'THINGS PICKING UP'

"But now things seem to be picking up," he continued. "People seem to want to go to the circus again. And I think TV is completely responsible — particularly because the children are interested."

★ ★ ★

Kelly will be narrator Sunday night of a Project 20 documentary showing behind-the-scenes circus life on NBC's "Show of the Week."

ABC's decision to go ahead on Jan. 23 with the taped comedy special made by Ernie Kovacs shortly before his death could be a mistake in view of the tragic circumstances. It will be difficult for viewers to catch the spirit of his comedy. It may be a pretty morbid half hour.

Ramsey Happy at Russian Entry to Church Group

LONDON (AP) — The Archbishop of Canterbury told the convocation of Canterbury Tuesday that he welcomed the admission of the Russian Orthodox Church to the World Council of Churches at its recent meeting in New Delhi.

★ ★ ★

"It is hard to guess what might be the effect upon Christendom if the stores of spiritually in Eastern Orthodoxy, long isolated from the West and represented by historical experience utterly unlike our own, came into vigorous contact with the other parts of Christendom," said Dr. Arthur Ramsey, head of the Church of England.

Names Flint Attorney to Fill Judgeship

LANSING (AP) — George D. Stevens, Flint attorney, was named by Gov. Swainson today to fill the unexpired term of William E. Doran, Genesee County probate judge who retired last month.

★ ★ ★

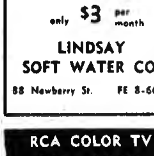

The term runs until Dec. 31, 1964, but Stevens must run for the post in November if he wants to retain it.

Doran is scheduled to go before the State Supreme Court Jan. 22 for a hearing on the court's charge that he used money in the Genesee County Probate Court fund for his own purposes.

★ ★ ★

The high court started ouster proceedings against the judge prior to his retirement.

Sukarno Arrests Ex-Party Chiefs

Roundup Believed Due to Tension Over Clash With the Dutch

JAKARTA, Indonesia (AP) — Former Premier Sutan Sjahrir, a pioneer in Indonesia's struggle for independence, has been arrested along with a dozen other leaders of dissolved political parties, informed sources said today.

★ ★ ★

The arrest of Dr. Sjahrir, former Foreign Minister Mohammed Roem and others took place early Tuesday, apparently on orders from President Sukarno, sources said.

EX-PARTY LEADERS

All those reported taken into custody were leaders or associates of the Socialist party or the right-wing Masjumi Moslem party.

★ ★ ★

There was speculation that the arrests were due to political tension in the country generated by the clash with the Netherlands over West New Guinea.

OUT OF PUBLIC LIFE

Sjahrir, a leader of the now-dissolved Socialist party, was premier of the unrecognized Indonesian republic from 1945 to 1947, during the first two years of its fight for independence from the Dutch. He had been mostly out of public life since the nation became independent in 1949.

★ ★ ★

Both the Masjumi and the Socialist party had bitterly opposed Sukarno's "guided democracy" government until he banned them on August 17, 1960.

Col. Glenn Orbit Postponed Until Next Wednesday

CAPE CANAVERAL, Fla. (AP) —The attempt to launch astronaut John H. Glenn Jr. into round-the-world orbit has been postponed one day, until Jan. 24, because of a faulty valve in a unit designed to cool Glenn's space suit.

★ ★ ★

Reliable sources reported the delay. The National Aeronautics and Space Administration has not announced a specific date for the launching and had no comment on the report.

Two previous launching dates, Dec. 20 and Jan. 16, slipped by because of other problems. Glenn is scheduled to orbit three times around the earth in 4½ hours.

Friends of Library to Meet in Waterford

An organizational meeting for the Friends of the Library, sponsored by the Greater Waterford Community Council, has been set for 8 p.m. Monday at the Community Center on Williams Lake Road.

The purpose of the group is to promote library facilities in Waterford Township.

★ ★

Mrs. E. L. Windeler, chairman pro-tem of the organization, said minimum standards for the township call for the book volume to be increased to 120,000 books. Some 6,000 books are housed in the Community Center now.

Monday, the group will adopt a constitution and establish a library board as initial steps toward eligibility for state aid.

Budget to Occupy Congress for Awhile

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — One of the most awful things about the federal budget—and it is awful if you're not good at arithmetic—is that it will monopolize Washington conversation for quite a while.

★ ★

In two plump volumes President Kennedy at noon Thursday unfolds for Congress the national budget, his estimate on the cost of running the government another year.

TO BE SIMPLE

One of the most delightful things about Kennedy's budget, in a gruesome kind of way, is that it is supposed to be more simplified and streamlined than any budget of the past.

★ ★ ★

The only one likely to think so is the superintendent of a digit factory. Nobody could enjoy this budget, or any other budget, except an accountant. Having to read it is like being sentenced to frustration.

★ ★ ★

Many people in government, thousands, have been putting this estimate together since last summer.

BIGGEST BUDGET

The all-time peak for budget spending in any one year — $98,416,000,000 — was reached in 1945. That was the big, climactic year of World War II.

★ ★ ★

Kennedy's budget is expected to be around $92.5 billion, the highest of any peacetime year. It is for the fiscal year beginning next July 1 and ending June 30, 1963.

★ ★ ★

If this seems like a shocker, it needn't be. The cost of running the government has been going up. In the fiscal year ending next June 30 spending will probably top $89 billion.

TREND UPWARD

The budget trend under President Dwight D. Eisenhower was up, too, although it dipped a couple of times. It has been that way ever since President Harry S. Truman's time when, after a post-war low point of $32,955,000,000 in 1948, there was an almost steady march up.

★ ★ ★

In the various departments and agencies of government, beginning last summer, officials began estimating their next fiscal year cost. Department heads went over the figures. They are supposed to cut where they can.

SUPPOSED TO CUT

When all that is done, the figures go to the Budget Bureau, which not only is supposed to reduce dollars to pennies but insist that department heads justify every dime they say they need.

★ ★ ★

After that the President and his advisers go over the estimates. The final, finished bundle, covering everything from pencils to missiles, is what Kennedy hands Congress.

Then the fun begins. Some members of Congress have regular reflex actions every year when the budget arrives. This time, before he ever saw it, Rep. Clarence Cannon, D-Mo., announced as he has in the past: "We will have to cut it."

Cannon is chairman of the House Appropriations Committee which will divide itself up into a lot of subcommittees and then for months hold hearings to quiz government officials on why they need so much.

New Mental Health Program Sought

Balaguer Quits, Junta Sworn In

SANTO DOMINGO, Dominican Republic (AP) — Pressured by bloody rioting, President Joaquin Balaguer resigned Tuesday night and a new civil-military junta was sworn in to rule this troubled Caribbean island nation.

The junta was installed at the National Palace several hours after air force tank troops fired into a defiant crowd of hundreds in the heart of the capital, killing at least four persons and wounding a score more.

The shooting touched off the most violent rioting in the city in months, and demands mounted for the resignations of Balaguer and his armed forces chief, Air Force Gen. Pedro Rodriguez Echavarria, who had been accused of planning to set up a military dictatorship.

News dispatches from Santo Domingo were subject to censorship and made no mention of the fate of Gen. Rodriguez Echavarria. However, he told newsmen of the government change and Balaguer's resignation after a long emergency meeting of the State Council, and it was assumed he was still in control of the armed forces.

★ ★ ★

The junta — four civilians and three military men — took over the government from the all-civilian seven-man council which had ruled for only 16 days. The council, headed by Balaguer, was installed Jan. 1 to guide the nation for 13 months toward its first free elections after 31 years of iron-fisted rule by the late dictator, Generalissimo Rafael L. Trujillo.

The change in government drew immediate fire from the National Civic Union, the largest anti-Trujillo faction, and leader of the opposition to Balaguer.

A spokesman called it a military coup d'etat and said all Civic Union members in government posts would resign. However, associates of one of them, Foreign Minister Antonio Bonilla Ades, said he had no plans to step out.

TO SERVE TILL ELECTION

Radio Caribe, a government station, said the new junta will rule until Feb. 27, 1963, the date Balaguer had set for an elected government to take over.

★ ★ ★

(In Washington, a State Department spokesman described the situation in the Dominican Republic as fluid and withheld immediate comment. The United States resumed diplomatic ties with the Dominican government after the installation of the State Council.)

The junta, to rule without a presiding officer, retained two members of the deposed council — Antonio Imbert and Luis Amiamatio, prominent businessmen and the only survivors of the band of 12 that plotted Trujillo's assassination last May.

The other members are Maj. Wilfredo Medina Natal, Lt. Col. Neil Rafael Sena and Rear Adm. Enrique Valdez Valdaure, and two government officials dining the Trujillo era, Armando Oscar Pacheco and Huberto Bogaert.

★ ★ ★

Unconfirmed reports said three members of the old State Council were placed under arrest. They are Rafael Bonnelly, lawyer-teacher who had been scheduled to replace Balaguer as head of government; Dr. Nicolas Pichardo, president of the University Professors' Association and a Civic Union member; and Eduardo R. Barreras, second vice president of the council and former president of the Supreme Court.

★ ★ ★

This report could not be verified.

The seventh council member, Msgr. Elisco Perez Sanchez, Roman Catholic vicar general of the nation and a long-time opponent of the Trujillo regime, was reported to have asked to be taken prisoner also but was sent home.

Knight's Exit Tightens Race in California

Most Leaders Agree Move Advances Nixon Toward Nomination

SACRAMENTO, Calif. (AP) —Goodwin J. Knight's exit from the 1962 campaign tightened up California's race for governor today.

Political leaders differed on the eventual effect, but most agreed it enhanced Richard M. Nixon's already bright chances for the Republican nomination.

Knight, 65, announced Tuesday he would not file for his old job in the June 5 primary. He was stricken last November by infectious hepatitis—a liver disease.

The decision by the colorful ex-governor removed the prospect of a Republican slugfest between Nixon and Knight, who had pledged a "real gloves-off fight."

It installed a hard-charging state assemblyman, Joseph C. Shell, 43, of Los Angeles, as Nixon's chief challenger on the Republican ticket.

Shell, an avowed conservative, has been making evident headway against Nixon's early commanding lead in polls. A wealthy oilman, he has delivered at least 900 talks throughout the state while Nixon has been busy on a book and other matters.

A third GOP candidate, former Lt. Gov. Harold J. Butch Powers, made a pitch for Knight's votes, saying "he and I always saw eye to eye." Knight, governor from 1953 through 1958, remained silent on whether he'll take sides in the Republican primary.

Democrats probably were disappointed by Knight's action. They had hoped that a serious cleavage in Republican ranks would help Gov. Edmund G. Brown in November.

Brown, who is expected to announce his own candidacy next Wednesday, got a lift in 1958 when Knight gave up his bid for re-election under heavy Republican pressure and handed the party's nomination for governor to former Sen. William F. Knowland. Brown defeated Knowland by more than a million votes.

State GOP Moderates Voice Stand

Four Favor Income Tax

Sen. Farrell E. Roberts, R-Oakland County, is one of four leaders of the so-called Senate Republican "moderates" who have come out in support of a state income tax.

The four indicated their stand in separate interviews Tuesday, reflecting a general softening of Republican opposition to an income tax.

Earlier, George W. Romney, a constitutional convention vice president and potential GOP candidate for governor, reasserted his endorsement of a levy on personal and corporate income.

"I think it is paramount that we face up to the fiscal responsibility of this state," said Sen. Stanley G. Thayer, R-Ann Arbor.

"We are never going to solve our tax revenue problem until we accept a form of flat rate income tax, either as proposed by Citizens for Michigan or embodying the basic principles of shifting the tax burden from nonproductive areas of our economy to productive areas."

A flat rate income tax and business tax relief is "inevitable" if Michigan is to solve its unemployment problem, said Sen. William G. Milliken, R-Traverse City.

The fourth backer is John W. Fitzgerald, R-Grand Ledge.

All four are members of the group that frequently bucked GOP "conservative" leadership in the Senate last year.

SEN. FARRELL E. ROBERTS

Romney, American Motors Corp. president, is chairman of Citizens for Michigan, a nonpartisan, statewide organization.

The group voted last fall to urge adoption of a 1½ or 2 per cent income tax on private and corporate income, continue $50 million in "nuisance" taxes that expired last year, repeal the business activities tax and reduce taxes paid by business on personal property.

PLAN DEFEATED

Gov. Swainson's program rejected by the 1961 legislature, was similar. However, it proposed a 3 per cent income tax with exemption of food and prescription drugs from the sales tax.

It also made no mention of reviving nuisance taxes on beer, telephone bills and other items.

Romney noted Tuesday that he already had endorsed the Citizens for Michigan blueprint.

"This program represented the views of leading citizens from the very political and economic groups that were involved in the cash crisis and tax deadlock of 1960," he said.

Gov. Swainson Calls for Action by Legislature

Special Message Tells of Sweeping Plans for 'Acute Needs'

LANSING (AP) — Gov. Swainson appealed to the Legislature today to get started immediately on a "shamefully long overdue" program to expand facilities for care of the mentally ill and the mentally retarded.

The governor, in a special message to the lawmakers, mapped out sweeping plans for improvements, ranging from construction of hospitals to new research facilities to community treatment facilities.

He called for an immediate $601,500 appropriation for operating costs and four construction projects at homes for the mentally retarded.

Michigan, the governor said, has failed to face up to the needs of its mentally deficient citizens since 1955 when the legislature went into special session to make extra appropriations for mental health.

This year, the needs are even more acute than they were seven years ago, Swainson said.

★ ★ ★

He said it was "almost unbelievable" that the legislature had weakened the program by failing to provide adequate funds.

MANY WAITING

Today, there are 1,637 persons waiting for admission to facilities for the mentally retarded, he said, 400 more than in 1955. The waiting lists at hospitals for the mentally ill is about 900, he added.

"They must wait no longer," the governor declared.

Without delay, he said, the legislature should appropriate $95,000 to remodel five buildings at Fort Custer, near Battle Creek, for use of 200 mentally retarded.

$390,000 to start construction of five buildings at Plymouth State Home and Training School.

They include a 220-bed facility for the severely retarded, a 110-bed unit for toddlers, rehabilitation of an old patient building and the first phases of a stores and food service building. The program would cost more than $1 million.

CITES NEEDS

The governor said another $,96-,500 is needed to operate the new 190-bed infirmary at Plymouth, operation of additional buildings at Fort Custer, and placement of 58 additional patients at Southwest Era Tuberculosis Sanatorium at Kalamazoo and Copper Country Sanatorium at Hancock.

"A crisis is upon us in full measure, in care of the mentally retarded," Swainson said, asserting that 500 new beds will be needed each year to keep up with requirements.

To meet future demands he proposed:

Construction of new buildings at Mount Pleasant State Home and Training School and Cave State Hospital to provide facilities for 370 more patients.

—Remodeling of the old nursery building at Lapeer.

Completion of preliminary

Freedom Brings Smile

Pontiac Press Photo

HAPPY AT LAST—Mrs. Frances Dewey clutches her pet china kitten, Tizzie, and smiles because of her joy to be free after spending 49 years in jail for first degree murder. Alone in the world, she has found her first real home in half a century at Sammond Pleasant Lodge, Romeo, where she is the newest resident.

Woman Gains Freedom After 49 Years in Prison

By LEE WINBORN
Area News Editor

Windows without bars — spacious grounds with no walls surrounding them — and freedom to roam and do as she may choose.

That's the kind of life Mrs. Frances Dewey now has after spending 49 years in prison for first-degree murder.

The diminutive (under five feet) fragile old lady was paroled by Gov. Swainson last month through the efforts of the Athena Club, an organization of Detroit business and professional women who had learned that the woman's one wish was "to die free."

The state's oldest woman prisoner, Mrs. Dewey was sentenced from Ypsilanti in 1912 to a life term at the Detroit House of Correction after being found guilty of beating to death her year-old adopted son.

Through arrangements made by the Detroit club, Mrs. Dewey is now a resident of Sammond Pleasant Lodge in Romeo, a home for the aged and convalescents.

Her pleasant little room is her chief concern. At 83, she can barely see. She has a bad heart. About all she can do is keep the room neat and tidy.

★ ★ ★

This comes naturally to her because most of her life she has been a housekeeper—both before she went to prison and during her nearly half a century behind bars.

When asked about the incidents that led up to her conviction, Mrs. Dewey still professes her innocence, blaming the crime on her second husband.

She said he had underworld connections and when she wouldn't join him in his activities, robbing, passing counterfeit checks and drinking — he would "get mad."

It was one of these times, she said, when he bought another house and wanted her to move in and

Negro Churches Bombed in South

Three Damaged During Night at Birmingham; 1st in 3½ Years

BIRMINGHAM, Ala. (AP)—Dynamite explosions at three Negro churches—the first such violence involving churches here in 3½ years—damaged the buildings and nearby houses Tuesday night.

No one was in any of the church buildings at the time and no injuries were reported by nearby residents.

Two police officers near one of the blast scenes received minor injuries from the force of the explosion.

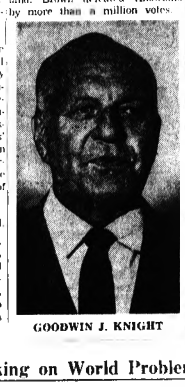

Fire Marshal A. Rosenfeld said the blasts were caused by dynamite.

The first explosion occurred at New Bethel Baptist church shortly after 10 p.m., the second seven minutes later at St. Luke's African Methodist Episcopal Zion church three blocks away, and the third about 40 minutes later at a small independent church—Triumph Church of Kingdom of God in Christ—about three miles from the area of the other explosions.

Several bombing incidents—some with racial implications—have occurred here in recent years. The last was an unsuccessful attempt to dynamite a Negro church in 1958.

Pastors of the churches bombed Tuesday night said they could give no reasons for the blasts.

Spasmodic racial trouble has erupted here several times in recent years.

GOODWIN J. KNIGHT

Tornado Hits England

LONDON (AP) — A tornado, rare in Britain, struck Northern England early today, injuring several persons and spreading destruction over a path two miles long.

Unit Reverses Self on School Prayers

Some 500 Bloomfield Hills School District parents appeared at the regular board of education meeting last night to express their near unanimous opposition to a policy adopted Dec. 13 banning oral classroom prayers by teachers.

The policy was rescinded by a split vote of the board.

The three-point resolution adopted following the 2½ hour public hearing provides:

"1. That teachers may at appropriate times, in the presence of their students, orally thank God for the blessings that surround us and ask His help and guidance.

"2. That Christmas holidays of Christmas and Easter may be observed in the schools and the music, decorations and symbols commonly associated with these holidays may be used.

"3. That the school administration and teaching staff shall develop and submit to the board for approval a plan for explaining the several great religions of the world to the student body and for giving appropriate recognition to the holidays and symbols of those religions.

'NOT REQUIRED'

"4. That attendance at or participation in any religious observance or performance by any student shall not be required when the student's parent has requested that the student be excused. The staff will give consideration to the religious beliefs of individuals and will actively seek to avoid causing mental distress or embarrassment to any student."

The school board, which had no written policy dealing with the subject of religion in the classroom, drew up the contro-

(Continued on Page 2, Col. 5)

Asks Contract Be Canceled by City

Teamster Chief Says Wrecking Firm Broke Terms of Agreement

At last night's City Commission meeting, Leann Harrison, president of Teamsters Union Local 614 in Pontiac, asked city administrators and commissioners to cancel their urban renewal demolition contract with Dore Wrecking Co. of Kawkawlin.

★ ★ ★

The Teamster local represents truck drivers and some laborers working on demolition crews.

Harrison confronted commissioners with a list of 17 alleged violations of the city's contract which he said "should either be straightened out or the contract canceled.

"I have notified the State Labor Mediation Board of these violations and expect they will be investigated," Harrison said. "Dore should fulfill their contract obligations or be disqualified."

CHARGES VIOLATIONS

Harrison charged that Dore "is not using the local labor force as they agreed to in contract terms and are not observing the local wage structure."

The contract was awarded last August on the basis that the company would hire local labor at the prevailing wage scale.

"Their equipment is not safe, they are knocking down walls and leaving open foundations that are a hazard to area children, and our drivers have been ticketed because the Dore trucks are not licensed properly," the Teamster boss charged.

★ ★ ★

The company bid $38,887 to clear 219 homes and 101 smaller structures. Their bid was $1,000 under the closest of six other bids for the job.

★ ★ ★

City Manager Robert A. Storer said he would set up a meeting between himself, Harrison, a company representative, City Attorney William A. Ewart and city engineers to discuss the problem and see if a solution can be reached short of canceling the contract.

Algerian Blast Kills 10

BONE, Algeria (AP)—Authorities said at least 10 persons were killed and an equal number injured Tuesday night when an explosion ripped apart an apartment building in a Moslem quarter.

MSUO Hears Thinking on World Problems

U.S. Must 'Adjust,' Bowles Says

By GEORGE T. TRUMBULL JR.

The United States can be neither an isolationist nor a dictator of policy for growing independent nations, Chester Bowles asserted in a talk at Michigan State University Oakland last night.

Pontiac Press Photo

CHESTER BOWLES
"The World Today"

Citing "a pretty appalling array of problems" in the world, the special representative and adviser to President Kennedy on African, Asian and Latin American affairs sought to strengthen free world ideals among his 450-member audience.

"We cannot withdraw from the world and neither can we run it," said the former undersecretary of state. "The world is too big and diversified. We can't have all the peoples buy the American way of life.

"Rather we have to adjust ourselves to live in this world, full of its infinite complexities, and to help create opportunities for others," he said.

"We can't buy the loyalty of nations, but we can help these people achieve a freedom of choice to build their nations within the framework of their individual cultures."

He said Russia, on the other hand, was trying to run the world.

Bowles' 50-minute talk, which was followed by a question-and-answer period, initiated a six-part MSUO "World Report" series on major trends and world problems. Proceeds will benefit the university's scholarship program.

DON'T SHUT DOOR

He urged a four-point awareness program in foreign policy

(Continued on Page 2, Col. 8)

Pontiac Press Photo

WALTER P. REUTHER
"No Comment"

Walter Reuther, UAW president, is going to wait until American Motors Corp. president George Romney makes up his mind whether to run for GOP governor before commenting.

Reuther, who had praised Romney for instituting the first "progress sharing" for auto workers, said after the Chester Bowles talk last night at Michigan State University Oakland: "I'll reserve comment until he makes up his mind one way or another."

Mercury Expected to Plunge to Zero

A Canadian-born cold wave hit Michigan today as winter kept its icy grip on most of the state. Once again Pontiac temperatures came tumbling down. The low was 6 degrees at 8 a.m.

★ ★ ★

The Weather Bureau said the current cold wave is expected to continue for five more days with temperatures averaging 10 to 15 degrees below the normal high of 33 and normal low of 19. Tonight's low is expected to hover near zero.

But there is a brighter side. The weatherman said there will be no great accumulation of snow. Some snow and a few light flurries totaling less than .33 of an inch of snow is the forecast for the weekend.

Morning northwesterly winds at 10 miles per hour will diminish tonight. At 1 p.m. the thermometer registered 10 above.

Bank's Assets Top $35 Million

Pontiac State Reveals Increase at End of '61; All Officers Re-Elected

The Pontiac State Bank during the annual meeting of stockholders last night reported total assets at the end of 1961 at an all-time high of $35,523,137.86.

All directors and officers of the bank were re-elected at the meeting.

President Milo J. Cross, in submitting the year-end report, also stated that stock earnings in 1961, before payment of a one-dollar per share dividend, were equal to $3.28 a share.

Assets at the end of 1961 showed an increase of $376,361.33. Total capital accounts including reserves increased $193,929.53.

* * *

An additional $225,000 in common shares of stock was sold during the calendar year of 1961, making an over-all increase in capital of $418,939.53 above the end of 1960, Cross said.

Pontiac Press Photo

BUYING BANQUET TICKET — Mrs. LaVon Ryden, owner of the Oxford Shop, 58 W. Huron St., is shown here making a sale, but it's not a retail sale. It's a ticket to the testimonial dinner being given Jan. 24 by the Pontiac Area Chamber of Commerce for former City Manager Walter K. Willman. Buying the ticket is Mayor Philip E. Rowston. Supervising the sale is Monroe Osmun, local merchant, who is chairman of the event. It will be held at Pontiac Elks Temple.

Boun Oum Stiffens Resistance to Talks

GENEVA (AP) — Pro-Western Prince Boun Oum stiffened his resistance to an agreement with Laos' other two political princes Tuesday night and it appeared a Geneva conference of the princes would not even meet unless the United States could pressure Boun Oum to the table.

* * *

Boun Oum, premier of the conservative royal government in Vientiane, (1) refused to address the 14-nation Geneva conference on Laos because it had also asked pro-Communist Prince Souphanouvong to speak; (2) repeated that he would not agree to giving the defense and interior ministries in a coalition government to neutralist Prince Souvanna Phouma; (3) said again he would not hold formal negotiations here with the other two princes on formation of a coalition government.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

Attorney's Motion to Dismiss 'Unfair' Jury Denied by Ziem

Circuit Judge Frederick C. Ziem yesterday refused a Pontiac attorney's motion to dismiss the new Circuit Court jury panel on the grounds it doesn't represent all cross-sections of the community.

Attorney Milton B. Henry presented 36 witnesses, most of whom were city and township clerks and assessing officers (supervisors), before Judge Ziem in an attempt to show they had not followed the law under which they select jurors.

It was Henry's fifth venture into questioning the constitutionality of local jury arrays, all of which might eventually lead to the county adopting a three-member jury commission system, some lawyers say.

Jerome E. Mulligan, Pontiac attorney and chairman of a special committee of the Oakland County Bar Association studying the present system, said Henry's arguments "put new vigor" into a report he'll submit to the association Monday noon.

* * *

Henry fought to spare a client, a 21-year-old Louisiana man charged with attempted murder in Pontiac, from being judged by a 12-member jury picked from the controversial array.

Henry said: "It does not contain a fair sampling of working people and blue collar workers, but is over-supplied with retirees, housewives, Republicans and persons over the middle and young ages, all to the prejudice of the respondent."

This will not be said, guarantee his client a fair and impartial trial.

TO CHALLENGE AGAIN

After the judge's ruling Henry promised today to challenge the individual jurors selected to hear the trial of John E. Stinson 21. He is charged with striking a Pontiac General Hospital nurse with a cement trowel last March 23.

Henry also indicated he would appeal Judge Ziem's ruling on his motion to the State Supreme Court after the trial is over. The judge denied a stay and ordered Stinson tried beginning today.

"The challenge of the array can only be made for such prejudicial defects or irregularities shown in the selecting of the jury list," the judge ruled.

* * *

"Although there has been some irregularities," he went on, "there has not been a complete disregard of the law."

Ziem, a former GOP prosecutor, said the law in question might need changing. Senior Assistant Prosecutor Jerome B. Barry Jr., in defending the selection, said this was not the court's prerogative.

Barry objected to Henry's calling of the officials who had been subpoenaed by the attorney, until he substantiated his allegation that there had been a "studied and deliberate design" by them in forming the alleged "select" jury. Henry insisted he had to call the witnesses to do so.

DELAYING TACTIC'

He labeled as 'a delaying tactic' Barry's objection that this should have been shown by supporting affidavits.

The majority of the township and city officials said they chose the jurors mostly from people they knew in their communities, but had no means to question their good character and integrity as required by law.

One official, Winson S. Moberly, Pleasant Ridge clerk, testified his wife Isabelle was one of the 10 jurors picked from his city.

Bloomfield Hills Unit Changes Policy Vote

(Continued From Page One)

versial temporary policy in December after a member of a minority group had approached the board seeking a clarification of the school district's feelings in the matter.

A group of residents formed an opposition block and some 40 of them appeared at the December 19 meeting of the board to protest. However, the issue was not on the agenda of that meeting and the board refused to take any action.

At a meeting of dissidents Jan. 4, a resolution was adopted that objected to that portion of the school board policy prohibiting oral prayer.

Last night two reasons were given for concern over the action taken by the board:

"1. The December policy draft does not tend to promote freedom and tolerance, but rather reflects a disturbing nation-wide minority pressure to remove all semblence of religion from schools and public meetings and places.

"2. The propriety, if not the legality, of the manner in which the policy was made operational appears questionable."

APPLAUD MOTION

A thunderous standing ovation followed the presentation of these reasons by Robert Sinclair of 1052 Rock Spring Rd.

President David Lee said the action was taken in the best judgment of the members and was not the result of pressure from a minority group.

Lee disagreed with certain points of Sinclair's presentation, especially to the phrase citing the board as being presumptuous in their action. He said the board has the right to act.

Lee also stated that no blame for the stopping of prayers should fall on the shoulders of the superintendent of schools because the action was backed by the majority of board members.

But a motion was made from the floor that nonsectarian prayer should not only be tolerated in the schools but encouraged. A standing vote was called for and less than ten persons stood in disagreement to the motion.

When Lee offered his motion which had been prepared prior to the meeting, the only dissenting vote was cast by Board treasurer Max Miller. W. Earl Givens, trustee, abstained.

The Day in Birmingham

Baldwin Library to Hold Children's Book Sessions

BIRMINGHAM — To help mothers guide their children toward the best books available, the Baldwin Public Library is inaugurating a weekly series of discussions.

* * *

Children's librarians from the Mary Lambie Room will lead the four programs in the library auditorium at 10 a.m. Thursdays, beginning Feb. 1.

The series is designed to offer guideposts for selecting from among the variety of reading matter now offered for children, according to Mrs. Charles R. Birch, head of the children's library.

The discussions will cover classics, series books, book clubs for children and reference books for the home.

* * *

The first program will be devoted to a talk on distinguished children's books illustrators, and books for reading aloud and for the beginning reader.

On Feb. 8, the librarians will discuss selecting books for the 8 to 12-year-old. Reading for ages 12 and up will be the subject on Feb. 15.

A panel discussion based on questions from mothers attending the meetings is scheduled for the final session Feb. 22.

Discussion leaders will be Mrs. Birch, Mrs. David T. Wilder, Mrs. John P. King and Mrs. Donald G. Horwarth.

* * *

Registration for the discussion group, which will be limited to 25 persons, will be accepted at the boy's and girl's department at the library.

The Congregational Church of Birmingham will hold its annual budget meeting at 8 p.m. tomorrow at the church.

The Future Plans Committee will present a report on its findings.

Birmingham Community House Newcomers Club will observe its 14th anniversary at 8 p.m. tomorrow with a party and election of officers.

* * *

An original production entitled "Women Through the Ages" will be presented by members of the club's Little Theater group.

Admission to the show will be by donation. Proceeds will go to the Community House.

U. S. Must Adjust to World - - Bowles

(Continued From Page One)

thinking. This included cementing our country's national purpose, building a military shield against totalitarian forces, keeping aware of the great dangers of the intense arms race, and prohibiting consideration of the world in simple "black and white" terms.

The gap growing between the free and Communist nations still could result in a thermonuclear war, the speaker said.

* * *

"We must maintain our dignity, keep a firm position and keep a crack in that door," said Bowles.

Bowles' frank analysis of the world today laid the groundwork for future talks in the series on communism, China, the Communist block to the Western Alliance, problems of European unity and the United Nations and Latin American problems.

Bowles didn't touch on the explosive situation in Congo during the presentation. During a press conference before hand he said, "Things have been going surprisingly well" with the U.N. forces helping pull the country together since the succession of Katanga.

"But I could eat my words next week," he added.

* * *

In his major speech, Bowles scoffed at those who, he said, suggest we reverse our foreign policy by "abandoning all alliances, pulling out of the U.N., raising tariffs, abandoning our income tax, cutting the federal budget by 25 per cent and declaring war on anybody we don't like."

Open 'Little Summit'

LONDON (UPI) — Italian Premier Amintore Fanfani and Foreign Minister Antonio Segni today began a one-day conference with top British officials in the latest series of Western "little summit" meetings.

Mental Health Plan Given to Legislature

(Continued From Page One)

plans for the next phase of construction to complete the Plymouth and Mount Pleasant institutions with 850 more beds.

* * *

Swainson also recommended legislation to permit establishment of joint state and community day care centers for the severely retarded and continued expansion of the program of community-located case workers.

* * *

In Michigan's mental hospitals, Swainson said, more and more patients are being left unattended for lack of adequate operating revenues.

* * *

He said the legislature should act quickly to provide more ward nursing and attendant care, improve drug therapy programs and bolster safety training and maintenance programs.

The replacement of the women's center building at Kalamazoo State Hospital, more than 100 years old, should continue, he said.

Emotionally disturbed children need special attention, the governor said.

He recommended:

—Construction of special children's units at Northville, Pontiac, Traverse City and Ypsilanti hospitals.

—Erection of a day-school building and an addition at Hawthorn Center to enable the institution to double its out-patient programs.

* * *

—Increased staffs to improve special programs for children in hospitals and establishment of a day-school program at the University of Michigan Children's Hospital.

NEW YORK (AP)—Charles Van Doren, big-winning contestant on a rigged television quiz show, pleaded guilty today to second-degree perjury and was given a suspended sentence.

HOLLANDIA, Dutch New Guinea (AP) — The Dutch said today captive Indonesians confirmed that three Indonesian torpedo boats intercepted by Dutch naval units Monday were on a military landing mission.

Spreads Into South

Cold Wave Hits Mid-U.S.

By The Associated Press

Bone-chilling cold stung broad areas of the nation's northern midsection today and freezing weather spread deep into parts of the south.

* * *

The core of the arctic air held an icy grip over South Dakota and Minnesota. Temperatures fell as much as nearly 40 degrees below zero in International Falls, Minn., on the Canadian border. It was 37 below this morning after a high of 14 Tuesday in the northernmost Minnesota city.

Freezing weather chilled South and Ohio western Pennsylvania sections as far as central and western New York Weather Bureau forecasters said the icy Tennessee mass of North air will hold tight through the Carolina and in parts of Georgia Ohio Valley and the middle Alabama.

The sub zero belt stretched across the northern and northern central Plains, the Upper Mississippi Valley and the western Great Lakes region. Some low readings: 30 in Duluth, Minn., 29 in Minneapolis, 28 in Minot, N.D., 26 in Fargo, N.D. and Alexandria, Minn., 22 in Bismarck, N.D.

* * *

No immediate break in the severe cold was indicated. Even colder temperatures were expected in the frigid belt. Cold waves moderating were issued for north and

NATIONAL WEATHER — Snow is expected tonight in parts of the Northern and Central Plateau and Central Plains with rain or snow mixed with rain in the Northwest and a few snow flurries in the Lakes region. It will continue cold in the Northern Plains, northern half of the Mississippi Valley and Upper Lakes and will be colder east of the Mississippi and in the Central Plains and Northern Plateau. A warming trend is expected in the Southern and Central Plateau and Southern Plains.

Pravda Blasts Him

Molotov in Soup Again

MOSCOW (AP)— Pravda today accused former Foreign Minister V. M. Molotov of waging dogmatic and stubborn opposition to Premier Khrushchev's policy of peaceful coexistence.

The attack in the Soviet Communist party newspaper was the first propaganda blast against the old Bolshevik since the Soviet government announced Jan. 8 that he would return to his former post as permanent Soviet representative to the International Atomic Energy Agency in Vienna.

* * *

The blast was so strong that foreign observers in Moscow felt the battle against Molotov and his so-called anti-party group could still be under way.

"Lenin's views on questions of foreign policy," said Pravda, "and above all on problems of war, peace and peaceful coexistence are being distorted not only by bourgeois ideologists but also by people who slip from the living and creative Marxist-Leninist position to the path of dead dogmatism.

* * *

"This refers directly to the anti-party group headed by Molotov, Lazar M. Kaganovich and former Premier G. M. Malenkov. As is known, Molotov, in his dogmatic stubbornness, slips down to making statements alleging that Lenin never and at no time spoke about coexistence of states with different social systems.

* * *

Molotov, now 71 returned home from Vienna Nov. 12 to fight a move to expel him from the Communist party after Khrushchev had denounced him and other members of the anti-party group once again at the 22nd Soviet Communist party congress. It was generally assumed that Molotov would be expelled from the party and at best would be allowed to live out his days in obscurity.

The announcement that he was returning to Vienna aroused immediate speculation in diplomatic quarters that Khrushchev had suffered a setback.

* * *

The Foreign Ministry at first said Molotov already was en route to the Austrian capital. Later that week the ministry said it did not know when he was going back. The ministry now will not even discuss the matter with Western correspondents. Neither will the headquarters of the Soviet Communist party.

Gains Freedom After 49 Years

(Continued From Page One)

leave the home she loved that led up to the murder.

Mrs. Dewey sent her husband out to shovel snow and then locked the door behind him, so he wouldn't bother her anymore. She said she made the mistake of opening the door and letting him in to get some heads and he pushed her way through her and went upstairs where they adopted son was in bed.

The 71-pound woman said she heard the baby scream once, but she did not realize at the time it was and not her one of a sharp pain from cutting four teeth at once.

Her husband then took his suicides that she had thrown out the window and left. She said she didn't realize until later that the baby had been seriously injured. She said her husband had kicked

The baby died about a week later.

This is her story. Mrs. Dewey said her husband told her if she had made up with him while she was in jail awaiting trial, he would have confessed he had kicked the child.

* * *

Now all this is but a bitter memory and she can spend her final days finding pleasant things to talk about and meeting new friends.

She hasn't ventured out of her room much as yet, but Mr. and Mrs. Richard Sammond owners of the lodge hope it won't be long before she feels she is "home."

Guinea, Cuba Sign Pact

CONAKRY, Guinea (AP)—Guinea and Cuba have signed an agreement for $500,000 worth of trade in 1962. Products to be exchanged were not announced.

Reservation Application

Press Theater Tour

Please make the following reservation for me on The Pontiac Press Theater Tour to New York City, departing Tuesday morning, May 8 and returning May 13

.....Miss

.....Mrs.

.....Mr.

Address.....

City.....Phone.....

I understand that the $199 I have enclosed includes transportation, hotel, theater tickets, plus other extra features mentioned in Press article.

I also understand that if I have any preferences for a room companion or am going with a small group that this information will accompany this reservation.

(Single Room $10 Extra)

I agree to participate in The Pontiac Press Theater Tour under the following conditions.

I have included the full payment with this reservation. If I am unable to make the tour I understand that I shall be given a full refund providing I give notice by April 1. I understand that reservations will be made in order of the receipt of applications and that my name will be placed upon a waiting list if I am not included among the first 80. I understand that I may participate in all of the schedule of events except for possible changes or additions made necessary by some event beyond control of The Pontiac Press.

Russ-China Rift Real Problem

Bowles Tells Detroit Press Split Hits at Basic Strength

DETROIT (AP) — Chester Bowles said today the Soviet-Red Chinese rift poses a real military problem for the Russians and strikes at the heart of Communist cooperation and policy making.

★ ★ ★

Bowles, a former undersecretary of state who now advises President Kennedy on underdeveloped areas, referred to the Moscow-Peiping gulf in a speech prepared for the Detroit Press Club. Bowles said:

"Certainly the Communist world is not happy over the growing rift between Russia and China. This division not only strikes at the very base of Communist cooperation and policy making, it opens up a genuine military problem in the Soviet rear."

Bowles declared that "striking evidence of the failure of the Communist system" can be seen also in the erection of the Berlin wall and in "the continuing bitterness and political undependability from the Soviet point of view, of the peoples of Poland, Hungary and other satellite countries."

★ ★ ★

He added that Soviet policies in many other parts of the world notably Africa, the Middle East, Japan and India have become notably sterile in recent months.

★ ★ ★

The United States cannot run the world, but Russia can't either, Bowles said.

Senate Will Probe U.N. Congo Action

WASHINGTON (AP) — Sen. Albert Gore, D-Tenn., announced today he will launch on Thursday a full-scale public inquiry into United Nations operations in the Congo.

★ ★ ★

Gore said the hearing will give high ranking officials of the state department a full opportunity to present the administration's case.

★ ★ ★

The inquiry, grows out of congressional criticism of U.S. support of the United Nations military action against President Moise Tshombe's secessionist Katanga Province. It will be conducted by the Senate Foreign Relations subcommittee on African affairs. Gore is chairman of the subcommittee.

PIN-WORMS

A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First —a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults.

Taxpayers Complain of High Cost of Royalty

Tony's Honeymoon With British Public at an End

By HARRY FERGUSON

LONDON (UPI) — Tony Armstrong-Jones (Lord Snowdon) had two honeymoons. One was with Princess Margaret and the other was with the British public. Both are now ended.

You would think it would be blue skies all day long for a man who had a beautiful wife, a good job, excellent social connections and a handsome new son.

Instead, it's suddenly stormy weather for Tony and the forecast today is that things are about to get worse.

When he and Margaret return from their vacation in Antigua, they will find a letter from the ministry of works telling them work can be started at any time on their new home. This is a 22-room apartment at No. 1A Kensington Palace.

The catch is that it is going to cost $196,000 to renovate the crumbling building. Queen Elizabeth will pay $56,000 of it from her private income. The British taxpayer will have to pick up the rest of the tab, and that's where the trouble is going to start.

It is inevitable that the question will be asked what the taxpayer is getting for his money.

The question already has been asked in a slightly different form. The British government pays Princess Margaret $42,000 a year. In return she is supposed to christen ships; appear at trade fairs and occasionally visit the Commonwealth nations.

Tony is not paid anything but he is expected to accompany her, three paces in the rear, and smile.

Right now that is a tough assignment because two British newspapers—the Express and the Guardian—have raised the question of whether Margaret is earning her money. She has been preoccupied with motherhood.

★ ★ ★

Tony did what any head of a family would do in such circumstances. He got a job (for maybe as much as $28,000 a year) as artistic director of a new magazine which will become part of the Sunday Times. Published by Roy Thomson, Canadian newspaper magnate.

★ ★ ★

On Sunday, the Observer, a rival of the Sunday Times, cried foul: "It will inevitably seem unfair to rival newspapers and magazines that the queen's close relative is used for the enlargement and enrichment of the Thomson empire."

Today, Daily Mirror columnist Cassandra (William Connor) wrote with tongue in cheek that until Tony "persuades his charming wife to become women's feature editor of the Daily Mirror, we shall soldier on alone, but not without a friendly cheer for Tony flying into the dark, dark tangled jungle (of journalism)."

The Daily Mail ran a cartoon parody of the Daily Times ad which says, "Top People Read the Times." It showed Tony with a crown on his head holding a camera and was captioned: "Top People Run the Sunday Times."

By tradition members of the British royal family do not engage in commercial pursuits, but the Sunday Times was careful to point out that Tony was not of royal blood and that, anyway, his new job had been cleared in advance with Queen Elizabeth.

The matter might have died there, but yesterday morning the Times of London (no connection with the Sunday Times) placed on its main news page a deadpan account of the Observer's criticism of Tony and his job.

The Times of London is a quality newspaper of comparatively small circulation. Its influence is much wider than its distribution. For years it has been known as "The Thunderer."

When it spoke, politicians listened and sometimes governments fell. Had "The Thunderer," too, turned against Tony? If so, the young man's troubles were only starting.

Where all this could end nobody knows, but the question is whether Tony's trouble will rub off on the entire royal family.

★ ★ ★

There are occasional signs that this already has happened as per the case of a cleaning woman who remembered that the queen's ancestors were members of the German house of Hanover. When asked to comment on the current activities of the royal household, she replied: "Oh, they're all Germans, you know."

To provide a pension of $100 per month at age 60 requires a cash reserve of $17,700 compared with $15,700 at age 65, and only $12,700 for persons who have reached age 70.

Nominated C. of C. Head

TRAVERSE CITY (AP) — Buell E. White, district manager of Michigan Consolidated Gas Co., has been nominated to become 1962 president of the Traverse City Chamber of Commerce. The choice is expected to be confirmed Feb. 8 at the chamber's annual meeting.

STYLISH CHOPS — Foreign cookery needn't be a costly venture. As an example you might like to try this recipe for Scotch Lamb Chops. It's a thrifty lamb entree that highlights lamb shoulder chops and barley. The Isle folks — the English, Irish and Scots — are noted for many recipes which the American homemaker now endorses.

Try Lamb Chop and Barley Bake

If you're interested in culinary history, you'll realize that barley is used as a staple by the English and Scottish people. That is the reason for this unusual combination of barley and lamb shoulder chops.

The other ingredients found in this recipe are all ones which can be found in your refrigerator or on the pantry shelf.

To begin the preparation of this recipe, first cook 1 cup of barley in 5 cups of water. Just simmer the barley for 1 hour in a tightly covered saucepan. When tender, drain and rinse the barley thoroughly.

Next, brown 4 lamb shoulder chops in 2 tablespoons lard or drippings. To achieve an even brown on both sides of the chops, brown them at a moderate temperature. Pour off drippings and season the chops with 1 teaspoon salt and ¼ teaspoon pepper.

Now dissolve 2 bouillon cubes in ¾ cup boiling water. Combine the bouillon with the barley and one 4-ounce can of drained mushrooms, ½ cup finely chopped celery, ¼ cup finely chopped onion, one 16-ounce can of tomatoes, ½ teaspoon marjoram and 1 teaspoon salt.

Pour the barley mixture into a greased 8x12-inch baking dish. Place the browned lamb chops on top. Bake in a slow oven (300 degrees F.) 1 hour and 15 minutes. Makes 4 servings.

Creamy Pudding Fills Brownie 'Napoleons'

Great men of the past have often been remembered when it comes to choosing names for American products, and Napoleon is no exception. Named for the French Emperor is a brownie version of a familiar pastry — Brownie Napoleons.

These rich chewy brownies are filled with a light creamy pudding, perfect to satisfy your sweet tooth.

As he conquered his way across the great expanse of Europe, you can be sure that Napoleon never dreamed that anything as luscious as Brownie Napoleons could be so easy to make from a mix. All you do is bake thin brownies, then form pudding-filled "sandwiches" and top with creamy icing and nuts.

And Brownie Napoleons will disappear right before your eyes as these sumptuous morsels are enjoyed by all brownie fans. Why not serve them at your next bridge party or Dessert at Eight?

Brownie "Napoleons"

Prepare 1 package vanilla pudding mix (not instant) according to package directions except add ½ teaspoon vanilla and ⅛ teaspoon almond flavoring after cooking. Immediately cover entire surface of hot pudding with plastic to prevent film from forming.

Follow directions for Tea Brownies on Brownie mix package except omit nuts. Cool. Cut into 2x2" oblongs, spread half of the cut brownies with Easy Creamy Icing (recipe below) or a small amount of the pudding (thin layer), then sprinkle with nuts. Spread pudding on remaining oblongs. Put oblongs together in pairs with iced one on top. 12 servings.

Easy Creamy Icing: Blend 1 cup sifted confectioners' sugar, ⅛ teaspoon salt, ½ teaspoon vanilla or other flavoring and liquid to make easy to spread (about 1 tablespoon water or 1½ tablespoons cream).

Note: Brownies may be spread into a 15x10" rectangle on lightly greased baking sheet.

Add Coconut to Caserole of Sweets

Sweet potatoes seem to be a part of holiday meals at most homes, and clever is the hostess who can come up with a new way to serve them this year. Here's an idea to add a truly "candied" flavor and appearance to the sweet potatoes.

Prepare enough for "planned leftovers" the next day, as they are as tasty cold as they are with a hot meal.

Candied Coconut Sweet Potatoes

4 medium sized swet potatoes
½ cup butter or margarine
¼ cup bottled lemon juice
⅓ cup shredded coconut
½ cup white corn syrup

Wash potatoes, pare, slice one-quarter inch thick, and lay immediately in butter or margarine heated in a heavy skillet. Cover, cook over low heat about 5 minutes or until delicately browned on the underside. Turn over and brown on other side.

Add corn syrup, bottled lemon juice and shredded coconut. Continue cooking 10 minutes or until potatoes are tender and shiny in appearance. Place on a heated serving platter, and garnish with parsley.

Bacon Is Ideal Flavor for Corn and Cabbage

A vegetable delight, country style, is a combination of corn and cabbage. Cook 5 slices of bacon until crisp, remove and drain.

Add ¼ cup liquid from canned whole kernel corn and 2 cups thinly shredded cabbage to bacon fat. Cover and cook until cabbage is just tender. Add drained corn and salt and pepper to taste. Mix lightly and heat. Makes 4-6 servings.

Every Pit Helps

It's the little thing that make the big difference between a fashionably (and healthfully) slender figure and a not at all stylish one. Eating just 100 calories a day more than you need can cause a weight gain of over 10 pounds a year. You can save more than 100 calories on every salad by using one of the delicious new low calorie dressings instead of the usual oil-laden type.

Here's Answer to 'What's for Dessert Tonight, Mom?'

By JANET ODELL
Pontiac Press Home Editor

We were undecided whether to call this an article on puddings or on desserts. Mr. Webster settled the drgument. According to him, pudding is "a dessert having flour or some other cereal as a foundation, with added eggs, milk, fruit, sugar, spices, etc." Only one of our recipes can qualify as a pudding.

So we'll talk about desserts.

At our house we go by spells; some weeks we have dessert several times. Other weeks we let the family wander down to the freezer for an evening dish of ice cream. We're due for just such a week since we had custard, gingerbread and a coffee mousee last week — oh, yes, big sugar cookies too, one night.

The first dessert recipe we're giving you is for a bread pud- add one special flavor; coffee add one specail flavor; coffee adds another. This is a hearty dessert that can and should follow a light meal.

Coffee Bread-and-Butter Pudding

1 cup strong coffee
1 cup light cream
2 cups milk
6 thin slices raisin bread
Soft butter or margarine
2 eggs
½ cup sugar
½ teaspoon salt
1 teaspoon vanilla
¼ teaspoon nutmeg

Combine coffee, cream and milk; bring to scalding point. Spread bread slices lightly with butter or margarine, do not trim off crusts. Cut in ½-inch cubes and add to coffee mixture. Beat eggs slightly; add sugar and salt; mix well. Add bread mixture and vanilla.

Pour into 1½ quart casserole. Sprinkle with nutmeg. Set casserole in pan of warm water. Bake in moderate oven, 325 degrees, 1 hour and 15 minutes or until knife inserted near rim of casserole comes out clean. Chill. Serve with plain or whipped cream. Makes 8 servings.

Do you have some mincemeat left over from your holiday baking? Combined with sliced apples, it appears in a spicy wine-flavored warm dessert.

Apple Mince Crisp

4 cups sliced, peeled apples
1½ cups mincemeat
1-3 cup Sauterne wine
1 cup firmly packed light brown sugar
¾ cup enriched flour
½ teaspoon cinnamon
1 teaspoon mace
¼ teaspoon salt
½ cup softened butter or margarine

Spread half the apples on the bottom of a greased shallow baking dish; spread mincemeat over apples; top with remaining apple slices. Pour wine over all. Combine sugar, flour, spices and salt. Mix in butter until mixture is crumbly; spread evenly over the top; pat down. Bake in moderate oven, 350 degrees, about 1 hour or until apples are tender. Serve warm with hard sauce. Makes 6 servings.

By serving custard you can give your family any added milk and eggs you feel they need. Here is a place you can use nonfat dry milk without a qualm. Custard is excellent made with it. The pineapple in the bottom of the cups is a pleasant surprise.

Pineapple Custard

¾ cup crushed pineapple
½ cup sugar
2 eggs
½ teaspoon vanilla
1½ cups milk
⅛ teaspoon salt
½ cup shredded coconut

Cook pineapple and ¼ cup of sugar together five minutes. Divide into 6 custard cups. Beat eggs, add coconut and vanilla. Pur carefully on top of pineapple mixture, using a spoon so ingredients will not mix.

Set cups in a pan of water and bake in a moderate oven (350 degrees F.) 25 to 30 minutes or until a clean knife inserted in the center comes out clean. Serves 6.

Custard Flavor Dessert is used in our last recipe. Trifle is very English and is considered very elegant. But it's simplicity itself to make. Again, you may use nonfat dry milk. Whipped dessert topping can take the place of the whipped cream for a less rich version.

Trifle

12 lady fingers, split
¼ cup apricot jam
¼ to ½ cup rum or orange juice
1 package Custard Flavor Dessert
2¼ cups milk
1 cup heavy cream
2 tablespoons toasted slivered almonds

Spread lady fingers with jam. Put back together sandwich style and stand around sides of 1-quart souffle mold. Soak lady finers with rum or orange juice.

Combine Custard Flavor Dessert and milk in saucepan. Cook over medium heat, stirring constantly, until mixture comes to a full boil. Remove from heat and cool until tepid. Pour into souffle dish and chill until firm.

Whip cream and pile into center of mold. Sprinkle with almonds and serve. Makes 6 servings.

Tang of Sour Cream Goes Well With Fruit

Cooks have taken to coupling flavored gelatin with sour cream — with delicious results.

Creamy Fruit Molds

1 can (9 ounces) crushed pineapple
Orange juice
2 tablespoons lemon juice
1 package (3 ounces) peach-flavored gelatin
½ pint commercially prepared sour cream

Drain pineapple well. Add enough orange juice to the pineapple syrup to make 1½ cups; heat until almost boiling. Add to gelatin; stir until gelatin dissolves. Chill until preparation begins to set. Add sour cream and beat until combined. Fold in drained pineapple. Turn into six ½-cup molds. Chill until set. Unmold; garnish as desired. Makes 6 servings.

Pink Plum Bavarian Is Almond Flavored

Plum almond Bavarian: A dessert that's just plum delicious is this creamy pink bavarian. The combination of plum and almond is a perfect blend for shortbread cookies, served as an accompaniment.

Plum Almond Bavarian

½ cup sugar
1 envelope unflavored gelatine
¼ teaspoon salt
2¼ cups milk
4 egg yolks, slightly beaten
¼ cup plum preserves
1 cup heavy cream, whipped
½ cup slivered almonds
½ teaspoon almond extract
2 or 3 drops red food coloring

Mix sugar, gelatine, salt, milk, egg yolks and plum preserves in saucepan. Cook over medium heat stirring frequently just until mixture comes to a boil. Cool; chill until mixture mounds when dropped from spoon.

Fold in whipped cream, almond extract, almonds and food coloring. Pour into lightly oiled 1-quart mold. Chill until firm (about 4 hours). Unmold on serving dish. Garnish with whipped cream and blanched almonds. Serves eight.

Book Reveals Commie Plans for U.S.

BY RUTH MONTGOMERY

WASHINGTON — A dead Communist leader and a live Democratic congressman have collaborated to produce a fascinating book which will enrich only its capitalist publisher.

Under his government franking privilege, Chariman Francis E. Walter of the House Un-American Activities Committee has mailed out review copies of "Toward Soviet America", a book originally written thirty years ago by William Z. Foster while chairman of the Communist party of the U.S.A.

Foster died in Moscow last September, and after a massive state funeral his ashes were deposited in the Kremlin wall as a tribute to this American citizen who helped direct the stealing of our atomic and defense secrets.

Since the copyright on the original book has expired, and since on orders from Moscow most of the copies had been systematically looted from American libraries, Walter thought a purpose would be served in having the book reprinted by Elgin Enterprises, Inc.

★ ★ ★

According to his office staff, Walter will not profit financially from the book, although it includes a foreword by him, and also detailed "notes" on each of the chapters.

By far the most interesting chapter is the fifth, titled "United Soviet States of America", in which Foster blueprinted the Commie plans for subverting and remaking the U.S.A. in the Russian image.

★ ★ ★

To read the grandiose plans would be to laugh, were it not that virtually the identical scheme has recently been put into effect 90 miles off our shore in Castro's Cuba.

'TOLD TOO MUCH'

Walter in his foreword points out that Foster wrote the book while the Communist line was "hard" in the '30s. When it became "soft" for a time, the Red international ordered its agents to expunge the book "because it told too much about the Red plans for world conquest."

Some of the goodies which Foster said the Communists have in store for us Americans are these: "Capitalists, landlords, clericals and other non-producers" will have their citizenship and voting rights revoked. The capital is to be moved to "Chicago or some other great industrial center."

★ ★ ★

The courts will be taken over by the Reds' central executive committee, and "the pest of lawyers will be abolished." The courts will be "class-courts, definitely warring against the class enemies of the toilers."

Foster further wrote: "Under the dictatorship all of the capitalist parties, Republican, Democratic, Progressive, Socialist, etc. will be liquidated . . . Likewise all political props of the bourgeois rule, including chambers of commerce, Rotary Clubs, American Legion, YMCA, the Masons, Odd Fellows, Elks, Knights of Columbus, etc."

The state will take over "all large factories, mines and power plants, together with all municipal and state industries, the whole transport services of railroads, waterways, airways, bus lines; the entire communication organization including telegraph, telephones, post office, radio, etc."

Foster also promised to, confiscate all landed estates "including church property" and all forests, mineral deposits, lakes and rivers: to nationalize the banking system; and to take over department stores, chain stores and other trading organizations.

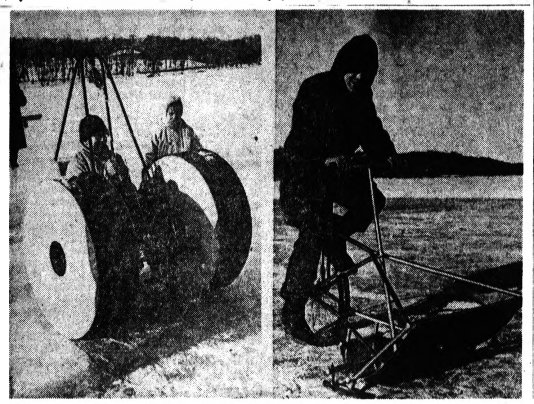

FARMERS 'SLUMP'

The Red leader enthusiastically recited how he would communize U.S. agriculture, and declared: "It is no surprise that while the Russian farmers are blazing ahead to progress and prosperity, the American farmers slump deeper into poverty, stagnation and crisis." Roly - poly Nikita Khrushchev could weep over the falseness of that prophecy.

Foster even had "comforting" words for us girls. The American Soviet government, he assured, "will immediately set about liquidating the elaborate network of slavery in which (American) woman is enmeshed. She will be freed economically, politically and socially."

Praising the glories of Russian society, he added: "To free the woman from the enslavement of the perpetual care of her children is also a major object. The woman's children are recognized as legitimate by the state and society, whether born in official wedlock or not. The free American woman, like her Russian sister, will eventually scorn the whole fabric of bourgeois sex hypocrisy and prudery."

It was Soviet Premier Khrushchev who more recently said they will "bury us."

AP Photofax

FRESH APPROACH — Zany ice get-abouts included these two as a result of a senior industrial design class at Minneapolis School of Art. Left, Carl Ahlberg tries out his wide-wheeled contraption on ice. The seat is an old wicker chair; locomotion by pulling on rope strung around pulleys. Right, Charles Weber shows his "ice-cycle" which was easy winner in the race involving a dozen of the weird entries. Catch in class assignment was rule that cost of materials not exceed $2.50. Reason: To educate minds to seek fresh approaches.

Con-Con Eyes Rights Provision

Would Guarantee Equal Protection to Every Race, Sex, Creed

LANSING (AP) — A new civil rights provision guaranteeing equal protection to all — regardless of race, religion, sex or national origin — is expected to be adopted by a constitutional convention committee.

The provision, to be included in the declaration of rights article gained support Tuesday in a tentative vote by members of the committee on rights, suffrage and elections.

★ ★ ★

Under the proposal, the legislature would be directed to implement the section by appropriate legislation.

As first suggested by Committee Chairman James K. Pollock, Ann Arbor, the provision would merely have stated that the legislature "shall have the power to enforce this section."

Five Democrats on the committee said they preferred a stronger proposal which would ban discrimination in employment, housing, public accommodations or education by the state or "any firm, corporation, institution, labor organization or any other person."

★ ★ ★

But they indicated willingness to accept the Pollock proposal as amended.

It is expected to be reported out on the floor as follows:

"No person shall be denied the equal protection of the laws; nor shall any person be denied the enjoyment of his civil or political rights or be discriminated against in the exercise thereof because of race, religion, sex or national origin.

"The legislature shall implement this section by appropriate legislation."

If adopted by the convention, it would be the first such civil rights provision ever included in the Michigan constitution.

Search Old Clay Mine for Two Lost Boys

CLEARFIELD, Pa. (AP)—Rescue workers pressed a search of an abandoned clay mine for two missing boys today after finding a wallet and some pieces of clothing inside the pit.

★ ★ ★

About 200 persons are taking part in the hunt for Larry Husted, 10, West Decatur, and Wesley Lowe, 13, Morgan Run, who have been missing since Sunday.

★ ★ ★

The search has centered on the mine about 15 miles south of here since another boy reported seeing Husted and Lowe enter the pit on Sunday.

House Is Entitled to Keep Media From Committees

WASHINGTON (AP)—The House of Representatives' ban on televising, broadcasting or photographing of its committee proceedings will continue unless the House itself votes a change.

Speaker John W. McCormack, D-Mass., ruled this Tuesday in reply to a formal parliamentary inquire by Rep. George Meader, R-Mich., who seeks a relaxation of the ban.

Citing rulings by the late Speaker Sam Rayburn, McCormack said he thinks they were well-considered and that he will "follow them until the House by its own action of amending its rules provides for a different method of proceeding."

★ ★ ★

A resolution seeking a change in House rules, introduced by Meader, remains in the Rules Committee which refused last year to approve it.

School Election Date May Be Scheduled

Waterford Township Board of Education members tomorrow probably will establish a March date for a special election to increase taxes five mills for school operation.

The hike is designed to raise salaries of teachers and administrators into line with those of surrounding communities, the board said.

The meeting opens at 7:30 p.m. at school board offices on Walton Boulevard.

Dead Battery Causes No Problem to Dealer

GRAND RAPIDS (AP) — R. J. Stender had no problems with a replacement Tuesday when his car battery went dead in a supermarket parking lot.

★ ★ ★

He merely called his office and asked employes to bring him one. Stender, manager of a battery sales firm, had 500 spares in stock to choose from.

Out on Bond Until Jan. 24

GRAND RAPIDS (AP) — Alan R. Smith, 27, was free on $500 bond Tuesday pending a Jan. 24 hearing in police court on a charge of negligent homicide in a traffic death. Smith was charged in the Dec. 6 collision death of Anthony J. Basrabski, 41. The two were in separate autos.

Judge Tempers Justice With Lessons in English

NEW YORK (AP)—A youthful, non-English speaking first offender in this city of many tongues is apt to find himself sentenced to night school.

General Sessions Judge Charles Marks says he believes the language barrier often is a main cause of this type of problem.

★ ★ ★

At the start of the year he began sentencing youthful defendants who appeared good risks to attend school to learn English. He said the program has been so successful that other judges had agreed to give it a try.

OK Renaming of Root

LANSING (AP)—The Senate Tuesday confirmed the reappointment of Dr. Claude B. Root of Greenville to the State Council of Health for a term expiring June 30, 1967. Root was given immediate confirmation because he is a former senator.

Monroe Woman Hurt as Train Hits Box Car

DE SOTO, Mo. (AP)—The Missouri Pacific's Texas Eagle passenger train crashed into a box car on the outskirts of De Soto Tuesday, knocking 15 of its 20 cars and three diesel units off the track.

★ ★ ★

Only one of the 248 passengers, Mrs. Robert Krieger, 21, of Monroe, Mich., was injured seriously. She was taken to a hospital at Festus for treatment of possible head injuries.

Eleven other passengers, the engineer and the fireman were treated by a De Soto physician and released.

★ ★ ★

Engineer William H. Wagner, 63, of St. Louis and his fireman, Jerry Sievers, 48, of Poplar Bluff, Mo., were trapped inside their twisted diesel for 30 minutes before rescue crews pried them free.

★ ★ ★

Wagner told newsmen the train was traveling 55 miles per hour.

County Road Death List Includes Those of All Ages

Death respected neither age nor the busy Dixie highway a day youth on the streets, sidetoads and later.

highways of Oakland County in 1961.

★ ★ ★

One hundred and three lives were lost as the result of county traffic accidents during the past year, according to a provisional report of the Michigan State Police.

★ ★ ★

The county's oldest and youngest traffic victims died just a day apart. Both were pedestrians hit by cars in Waterford Township.

Of those killed, the youngest was a year-old Waterford Township girl run over in the driveway of her home July 25.

★ ★ ★

The county's oldest traffic fatality, an 84-year-old Portland, Ind. woman, was killed while crossing

Unofficial statistics recorded by The Pontiac Press showed that the majority of pedestrians killed in traffic were children under 10 and elderly persons above 60.

Most of these killed in collisions involving two or more vehicles and in crashes between automobiles and fixed objects were from 18 to 60 years old.

MANY PARENTS

The greater percentage of these victims were in their 20s. Many were the parents of small children.

★ ★ ★

The worst single accident of 1961 took place July 23 when four persons, including a young Detroit policeman, his wife and their 3-year-old son, died in a fiery, three-car crash in Ferndale.

The period from July 21-23 was the deadliest weekend of the year as seven persons met their deaths on county roads.

July and December ranked as the bloodiest months of the year. Fifteen persons died each month.

★ ★ ★

Total traffic deaths in 1961 showed a decrease from the previous year in Oakland County. However, 13 persons have died as the result of 1961 traffic accidents in Pontiac, an increase of three over the previous year's figure of 10.

The county total for 1960 was 111.

The number of fatalities in other months of 1961 were January, 5; February, 10; March, 5; April, 5; May, 9; June 8; August, 6; September, 7; October, 12, and November, 6.

HUGHES SWORN IN — One hand upraised, the other on a Bible, Richard J. Hughes, 52-year-old political unknown is sworn in as governor of New Jersey at Trenton Tuesday. A Democrat, Hughes is the first Catholic to become chief executive of the state. Officiating at the ceremony is Chief Justice Joseph Weintraub, right, with Chief Clerk Robert E. Falcey holding the Bible. Mrs. Hughes is at the left.

Noted Restaurateur Dies

CHICAGO (AP) — Dario L. Toffenetti, 72, who started in the restaurant business as a bus boy and dishwasher and rose to the ownership of a chain of restaurants, died Tuesday, apparently of a heart attack. Toffenetti operated six restaurants in Chicago, one in Times Square in New York City and a hotel in St. Petersburg, Fla. He was born in Italy and came to the United States in 1910.

Hepatitis Is Fourth on Dangerous List

LANSING (AP)—Recent extensive outbreaks have made infectious hepatitis the fourth most dangerous infectious disease in Michigan, the State Health Department reports.

★ ★ ★

The 4,067 cases reported last year ranked hepatitis as fourth behind measles, scarlet fever and gonorrhea, the department said.

Hepatitis was eighth three years ago with 1,136 cases but since has passed tuberculosis, syphilis, rheumatic fever and whooping cough.

★ ★ ★

Although infectious hepatitis is seldom fatal, the department said, a related disease — serum hepatitis — was blamed for 37 deaths during the first 10 months of last year.

Kekkonen Wins New 6-Year Term as Finnish Chief

HELSINKI (AP) — President Urho Kekkonen today looked forward to a new six-year term as chief executive of Finland after solidly beating Communist and Social Democrat candidates at the polls.

Kekkonen, who has had a tickish time keeping Finland neutral in the face of recent Soviet pressure, was assured of victory when his electors polled 45 per cent of the popular vote in this week's election. The electors will meet later to officially name him president.

Communist candidate Paavo Aitio got 20 per cent and Social-Democrat Rafael Paasio 13 per cent of the vote, with the rest scattered among four others.

Praising the glories of Russian society, he added: "To free the woman from the enslavement of the perpetual care of her children is also a major object. The woman's children are recognized as legitimate by the state and society, whether born in official wedlock or not. The free American woman, like her Russian sister, will eventually scorn the whole fabric of bourgeois sex hypocrisy and prudery."

It was Soviet Premier Khrushchev who more recently said they will "bury us."

Sen. Goldwater Says:

'Let's Pull Out of U.N.'

OXFORD, Ohio (AP) — Sen. Barry Goldwater says he would like to see the United States pull out of the United Nations.

He also criticized anew the Kennedy administration, but the Arizona conservative said Tuesday night he has no intention of running for the presidency.

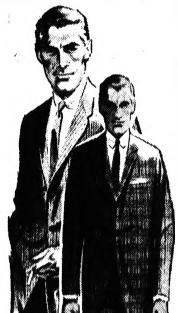

★ ★ ★

Goldwater said, "There are too many extremists or people on the left in government. There are never any on the extreme right in government."

The Republican senator spoke to an audience of students and townspeople at Miami University.

As for the United Nations, he said, "Let's forget the whole thing and join up with our allies and induce the neutrals to join us.

"The world isn't ready for the United Nations."

Despite Good Business News

Stock Market Continues Slump

NEW YORK (AP) — The stock market continued to slump in quiet trading today despite encouraging business news.

Losses of fractions to about a point were the general rule for key stocks. Some specially situated issues declined more widely and an assortment of issues bucked the downtrend.

The political upheaval in the Dominican Republic where it has resources brought selling to South Puerto Rico Sugar which dropped 4⅛ to 34½ on successive blocks of 4,100 and 8,100 shares, then recovered fractionally.

International Business Machines fell more than 3 and Lorillard more than 2. Bestwall Gypsum lost ½ at 42 on a big opener of 13,000 shares.

Steels, motors and oils were mixed, with Anaconda recouping more than 2 points of recent losses.

American & Foreign Power, Tuesday's volume leader, was up ⅛ at 10¾ on 5,700 shares.

Du Pont lost more than a point amid congressional debate on legislation regarding disposition of its vast holdings of General Motors stock in line with the U.S. Supreme Court order.

Minor gains were posted for U.S. Steel, Boeing, Public Service Electric & Gas, Westinghouse Electric and United Air Lines.

Rails were mostly lower, although Chesapeake & Ohio gained a fraction. Slight losses were shown by Texaco, American Tobacco, General Electric, Ford and International Nickel.

Prices were mixed on the American Stock Exchange. Gainers included Sherwin-Williams, Arkansas-Louisiana Gas and Mead Johnson. Among losers were Insurance Co. of North America, Polarad Electronics and Draper.

Bond Markets Mixed

NEW YORK (AP)—The bond markets were mixed at the opening of trading today.

★ ★ ★

Over the counter dealers in U.S. Government securities quoted the World War II issued 2½s off 4/32 to 6/32 and other intermediates unchanged. Some long bonds gained 2/32 in quiet dealings.

Among corporates traded on the New York Stock Exchange only the industrial section showed any trend and that was lower.

There were few changes overall and outside the convertibles few of the moves amounted to a full point or more.

Among corporates, Pittsburgh, Cincinnati, Chicago & St. Louis Railroad 5s of 1970 gained 1¼ at 89¾.

Fractionally higher were: Southern Pacific Railroad 4½s of 1981 at 89¼, Foremost Dairy 4½s at 90¼ and AT&T 4⅝s at 99¾.

Sales figures are unofficial.

Rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Unless otherwise noted, special or extra dividends are not included.

a—Also extra or extras. b—Annual rate plus stock dividend. d—Declared or paid in 1961 plus stock dividend. e—Paid last year. f—Payable in stock during 1961, estimated cash value on ex-dividend or ex-distribution date. g—Declared or paid so far this year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1960 plus stock dividend. t—Payable in stock during 1960, estimated cash value on ex-dividend or ex-distribution date. y—Liquidating dividend.

z—Sales in full.

cld—Called. xd—Ex dividend. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies.

January Sales of Cars Higher

Ward's Reports Autos Going at Fastest Rate Since 1957

DETROIT (AP) — Sales of new cars in the first 10 days of this year were the highest for the period since 1957, Ward's reports said Tuesday.

★ ★ ★

Ward's said sales averaged 17,668 for each selling day, compared with 14,967 in the first 10 days of last year and 18,582 in the first 10 days of last month.

December's selling rate is normally higher than January.

Ward's predicted that sales should pick up from 5 to 20 per cent late in the month.

New car inventories increased from 820,000 on Dec. 31 to 875,000 on Jan. 10. Ward's forecast a total of 930,000 to 950,000 by Jan. 31 and more than one million sometime during February.

GM SALES UP

General Motors accounted for 54.9 per cent of all sales in the first 10 days this month compared with 47.8 per cent in the similar period of 1961 and 51.9 per cent during December.

Ford held 28.3 per cent of the market against 30.4 per cent in early January last year and 30.5 per cent in December.

Chrysler had 10.6 per cent of sales, up from last month's 9.3 per cent but well under the 13.6 per cent of last January.

American Motors declined to 4.6 per cent of the market compared with 6.9 in December and 6.6 last January.

★ ★ ★

Studebaker - Packard moved up to 1.6 per cent compared with 1.4 per cent last month. Last January S-P also had 1.6 per cent of all sales.

Sports Models' Prices to Be Above Fury List

DETROIT (AP) — Plymouth says its two new Sports Fury models will carry factory list prices above those of comparable models in the Fury line.

★ ★ ★

The Sports Fury convertible was listed at $2,822 against $2,675 for the Fury convertible. The Sports Fury two-door hardtop lists at $2,607 compared with $2,460 for the Fury two-door hardtop.

The Sports Fury models have special interiors and exterior trim.

Ex-ICC Member Dies

WASHINGTON (AP) — Clyde B. Aitchinson, a member of the Interstate Commerce Commission for 35 years before he retired in 1952, died last night. He was 86.

Echo to Pass Twice

Early to bed, early to rise . . . Do both and you'll have a chance to see the Echo satellite tonight. This evening, it'll appear in the south, 22-28 degrees above the horizon, moving northeast, at 8:35 p.m. tomorrow morning there'll be a repeat performance at two minutes before 5. Again, the direction will be south. Elevation will be 33-38 degrees and the course southeast.

Magician Succumbs

AYR, Scotland (AP) — John Ramsey, 84, a magician who had performed in Europe and the United States, and a first-rate gardener, died Tuesday. He served as president of the International Brotherhood for Micromatic of Close-up Magic in 1950.

Colorado has more than 25 known hot springs.

Kennedy Trying to Shift Pattern of Labor Crises

By SAM DAWSON
AP Business News Analyst

NEW YORK — The Kennedy Administration is giving the old college try in its hope of changing the pattern of prime labor crises.

Americans are used by now to important labor-management negotiations going down to the final deadline for strike, with tension mounting over possible calamities to companies, workers and public alike. The suspense often takes a toll itself—in nerves, in bitterness, in money, in economic disruption.

★ ★ ★

In the upcoming steel contract talks, widely labeled this year as crucial, the administration is hoping to get a pact well in advance of the July 1 strike deadline. The public would doubtless be the gainer, especially if the hurried-up talks don't set off another inflationary wage-price spiral.

★ ★ ★

But even the well-wishers for the success of the administration effort, and they are many, wonder a little if the goals the President set in his news conference Monday can be reached, human nature being what it is.

BUILDUP-LETDOWN

The President wants the early pact to halt a buildup in steel inventories already under way and likely to get up steam if the talks later should appear headed for deadlock. Such a buildup could upset the time table of the current recovery, and a subsequent letdown could disrupt the economy.

★ ★ ★

It is only natural for both labor and management negotiators to want to use any tool they can to win their points. One traditional tool is an approaching deadline whose increasing nearness inspires concessions to avoid a strike. Neither side would want a strike if it could get in other ways the concessions on which it has set its heart.

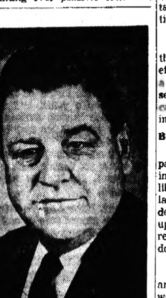

★ ★ ★

While the administration strives to get the steel talks under way and hopes for an early pact, it is urging steel users to avoid piling up steel stocks. Their increased orders, apparently for a hedge against a possible strike, has sent steel output to its highest weekly volume since early April 1960.

CAN'T GAMBLE

It is to the steel users advantage to avoid piling up stocks beyond their current needs, the Iron Age points out today. The metalworking weekly says this would ease pressure on the market, eliminate the cost of carrying heavy stocks, and help prevent a possible business decline in the final months of the year, which would hurt them along with many others.

But the magazine also notes that many steel users feel they can't afford to gamble on any evidence to date that there won't be a strike or a hike in prices as a result of it or of a pact averting it. Company executives feel they can't afford to be caught without steel.

M. E. DANIELS

M. E. Daniels, 1355 Suffield St., Birmingham, of the Daniels Insurance Agency, 563 W. Huron St. is the new president of the Pontiac Association of Insurance Agents. Assisting Daniels are W. A. Pollock, 20 Salmer St., as vice president and James Huttenlocher of Clarkston, secretary-treasurer.

U. S. Picks Michigan and 3 Others for Aid

WASHINGTON (AP) — The Area Redevelopment Administration today gave provisional approval to long-range economic programs in five years in four states — Connecticut, Michigan, Ohio and Oregon.

This brings to 255 the total number of redevelopment areas which have had their long-range plans for economic growth and new employment opportunities accepted by the agency.

All approvals have been provisional, in order to speed local action on specific problems. Local development committees must file more detailed plans within a year.

★ ★ ★

Provisional approval, however, makes it possible for the areas to submit requests for various types of federal funds.

Iron Mountain's Biggest Employer to Move Oct. 1

IRON MOUNTAIN (AP) — General Controls, Iron Mountain's largest employer with a $1.3 million annual payroll, will close its operation Oct. 1 and move to Des Plaines, Ill.

A. W. Ray, executive vice president, and R. G. Ray, vice president for production, came here from Glendale, Calif. Tuesday to announce the move.

They said the company, which makes heat controls, will offer its employes here employment at Des Plaines.

They said any employe who chooses not to move but stays with the firm through Oct. 1 will get a two-week bonus.

★ ★ ★

The company said the overall production of the Iron Mountain Division has not been profitable; the operation here is far removed from markets and sources of supply, and the location of the plant has prevented the company from obtaining and retaining competent supervisory personnel and skilled workers.

State Defense Jobs to Total $700 Million

DETROIT (AP) — A Defense Department aide said today government defense spending in Michigan will total at least $700 million this year, an increase of $105 million over 1961.

Ron M. Linton, special consultant to Defense Secretary McNamara, said the increase reflected new emphasis on such things as tanks, engines, trucks, personnel carriers and spare parts.

Detroit headquarters of the Ordnance Tank-Automotive Command (OTAC) will channel most of the awards to Michigan plants.

News in Brief

A 13-room house on the estate of Mrs. Wesson D. Seyburn, 1885 Squirrel Road, Avon Township, was ransacked sometime between 4 p.m. Monday and 9 a.m. yesterday while the owner was in Florida, according to Oakland County Sheriff's deputies. A small radio and a letter opener were the only articles reported stolen.

A power saw valued at $95 was discovered missing from his truck yesterday morning by Willard Cox, 2525 W. Drahner Road, he told sheriff's deputies.

Request Study of Iron Jobs

Both Michigan Houses Want Committee to Consider Cure

LANSING (AP) — Both houses Tuesday received resolutions asking Congress to appoint a committee to investigate the causes and possible cures of the halt of production and unemployment in the Gogebic iron range area.

★ ★ ★

The resolutions noted the majority of the deep-shaft iron mines in the Gogebic area have stopped producing, working serious hardship on the peoples and communities involved.

Proof exists, the resolutions said, that there are tremendous reserves of iron ore that can be beneficiated and pelletized, creating a product in demand by steel companies. These processes, however, it said, demand large quantities of natural gas not now available.

Such an investigation, the resolutions said, could restore economic recovery and stability in the area and preserve the use of these valuable iron deposits.

★ ★ ★

Sen. Phillip Rahoi, D-Iron Mountain, introduced the resolution in the senate, where it was passed and sent to the House.

Sen. John W. Fitzgerald, R-Grand Ledge, said Minnesota and Wisconsin already had adopted similar resolutions and wanted Michigan to join in the appeal to Congress.

Rep. Joseph S. Mack, D-Ironwood, produced a similar resolution in the House.

Record Steel Year Seen With Pellets

DULUTH, Minn. (AP) — A Cleveland steel official says blast furnace operators are looking ahead to record steel production through increased use of taconite pellets.

R. W. Liggett, chairman of Republic Steel Co.'s blast furnace operating committee, predicted a continued rise in the use of pellets from Minnesota and other areas.

Liggett spoke Tuesday at a University of Minnesota mining symposium attended by about 600 representatives of the ore and steel industry.

Republic is half owner of Reserve Mining Co., operating in Minnesota and gets its taconite pellets from reserve's plant at Silver Bay, Minn., on Lake Superior's north shore.

Autolite Moves Alternate Line to Bay City

TOLEDO, Ohio (UPI)—Electric Autolite Co. has discontinued production of alternators here and set up a pilot line to make them at its Bay City, Mich., plant.

A company spokesman said the action trimmed Toledo production to generators and starting motors.

He said the Electric Autolite plant at Bay City has a long recall list and any additional personnel needed for the manufacture of alternators will be taken from the list.

Electric Autolite and United Auto Workers Local 12 in Toledo have been discussing a number of proposals aimed at keeping the company's operations in this northern Ohio city.

The company set a deadline of last Dec. 1 for the union to accept proposals which Electric Autolite said would assure continued operations in Toledo.

Propose Acquisition of Fruit Canners Firm

FENNVILLE (AP)—Proposed acquisition of Michigan Fruit Canners, Inc., by Consolidated Foods Corp. by stock exchange was announced Tuesday by executives of both firms.

The transaction, subject to approval of Michigan Fruit stockholders, calls for transfer of 250,000 shares of Consolidated's common stock.

Treasury Thinking Over Issue of 'Education Savings Bond'

WASHINGTON (UPI)—The Treasury is considering offering the public a new "education savings bond" to encourage families to save for the college education of youngsters.

★ ★ ★

The new bond, if issued, would return to eligible savers somewhat more than the 3¾ per cent now earned by Series E and H bonds held to maturity.

In 1959 the Treasury favored bringing out such a bond but dropped the idea after learning of opposition by key members of Congress.

An education bond—which might be designated Series EF—could help strengthen the savings bond program in the face of new competition from banks for thrift money. It also would give parents and youngsters a special way to save for the rapidly mounting cost of going to college.

★ ★ ★

Under a change in federal regulations which went into effect Jan. 1, banks may pay up to 4 per cent interest on savings deposits undisturbed for a year or more. How much, if any, this will hurt savings bonds will not be clear for several months.

Sales so far this month, Treasury officials said, indicate no shift from bonds to bank deposits. One reason is that nearly half of all bond sales are through the Payroll Savings Plan.

The education bond idea is being actively considered as part of a general review of the bond program to find the ways to strengthen it.

If adopted and approved by Congress, the education bonds probably would be like regular Series E bonds—discount securities sold for less than their future redemption value.

If held by a family with a son or daughter attending an accredited school of higher education, they could be cashed in for more at any time than a regular E bond held equally long.

One of the major problems under study is how to determine that an individual is actually entitled to the higher educational interest rate.

★ ★ ★

One way might be for the Treasury to send the proceeds from redemption of the bond directly to the college or university.

MAKE OVER PAGES

Sukarno Arrests Ex-Party Chiefs

Roundup Believed Due to Tension Over Clash With the Dutch

JAKARTA, Indonesia (AP) — Former Premier Sutan Sjahrir, a pioneer in Indonesia's struggle for independence, has been arrested along with a dozen other leaders of dissolved political parties, informed sources said today.

* * *

The arrest of Dr. Sjahrir, former Foreign Minister Mohammed Roem and others took place early Tuesday, apparently on orders from President Sukarno, sources said.

EX-PARTY LEADERS

All those reported taken into custody were leaders or associates of the Socialist party or the right-wing Masjumi Moslem party.

* * *

There was speculation that the arrests were due to political tension in the country generated by the clash with the Netherlands over West New Guinea.

OUT OF PUBLIC LIFE

Sjahrir, a leader of the now-dissolved Socialist party, was premier of the unrecognized Indonesian republic from 1945 to 1947, during the first two years of its fight for independence from the Dutch. He had been mostly out of public life since the nation became independent in 1949.

* * *

Both the Masjumi and the Socialist party had bitterly opposed Sukainos' "guided democracy" government until he banned them on August 17, 1960.

Col. Glenn Orbit Postponed Until Next Wednesday

CAPE CANAVERAL, Fla. (AP) —The attempt to launch astronaut John H. Glenn Jr. into round-the-world orbit has been postponed one day, until Jan. 24, because of a faulty valve in a unit designed to cool Glenn's space suit.

* * *

Reliable sources reported the delay. The National Aeronautics and Space Administration has not announced a specific date for the launching and had no comment on the report.

Two previous launching dates, Dec. 20 and Jan. 16, slipped by because of other problems. Glenn is scheduled to orbit three times around the earth in 1½ hours.

Friends of Library to Meet in Waterford

An organizational meeting for the Friends of the Library, sponsored by the Greater Waterford Community Council, has been set for 8 p.m. Monday at the Community Center on Williams Lake Road.

The purpose of the group is to promote library facilities in Waterford Township.

* * *

Mrs. E. L. Windeler, chairman pro-tem of the organization, said minimum standards for the township call for the book volume to be increased to 120,000 books. Some 6,000 books are housed in the Community Center now.

Monday, the group will adopt a constitution and establish a library board as initial steps toward eligibility for state aid.

Budget to Occupy Congress for Awhile

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — One of the most awful things about the federal budget—and it is awful if you're not good at arithmetic—is that it will monopolize Washington conversation for quite a while.

* * *

In two plump volumes President Kennedy at noon Thursday unfolds for Congress the national budget, his estimate on the cost of running the government another year.

TO BE SIMPLE

One of the most delightful things about Kennedy's budget, in a gruesome kind of way, is that it is supposed to be more simplified and streamlined than any budget of the past.

* * *

The only one likely to think so is the superintendent of a digit factory. Nobody could enjoy this budget, or any other budget, except an accountant. Having to read it is like being sentenced to frustration.

* * *

Many people in government, thousands, have been putting this estimate together since last summer.

BIGGEST BUDGET

The all-time peak for budget spending in any one year — $98,416,000,000 — was reached in 1945. That was the big, climactic year of World War II.

* * *

Kennedy's budget is expected to be around $92.5 billion, the highest of any peacetime year. It is for the fiscal year beginning next July 1 and ending June 30, 1963.

* * *

If this seems like a shocker, it needn't be. The cost of running the government has been going up. In the fiscal year ending next June 30 spending will probably top $89 billion.

TREND UPWARD

The budget trend under President Dwight D. Eisenhower was up, too, although it dipped a couple of times. It has been that way ever since President Harry S. Truman's time when, after a post-war low point of $32,955,000,000 in 1948, there was an almost steady march up.

* * *

In the various departments and agencies of government, beginning last summer, officials began estimating their next fiscal year cost. Department heads went over the figures. They are supposed to cut where they can.

SUPPOSED TO CUT

When all that is done, the figures go to the Budget Bureau, which not only is supposed to reduce dollars to pennies but insist that department heads justify every dime they say they need.

* * *

After that the President and his advisers go over the estimates. The final, finished bundle, covering everything from pencils to missiles, is what Kennedy hands Congress.

Then the fun begins. Some members of Congress have regular reflex actions every year when the budget arrives. This time, before he ever saw it, Rep. Clarence Cannon, D-Mo., announced as he has in the past: "We will have to cut it."

Cannon is chairman of the House Appropriations Committee which will divide itself up into a lot of subcommittees and then for months hold hearings to quiz government officials on why they need so much.
