

Peron Puts Down Revolution Attempt

PHS Graduates Complete High School Careers

SENIORS HEAR PRESIDENT—David Tarr, president of the June 1955 graduating class is shown addressing the audience which attended the graduation exercises last night at Pontiac High School. Some 359 seniors heard Dr. W. W. Whitehouse speak on the challenge of "Youth Faces Tomorrow." This commencement marked the final graduation ceremonies for retiring principal of Pontiac High School, John Thors Jr.

Pansy the Pig Moving in With Ike the Farmer

ROCHESTER, N. Y. (AP)—Pansy the pig is about to move in with the nation's best known farmer—President Eisenhower.

Of course, it's not going to be the White House, but then the President and the pig's present owner, 11-year-old Emily Lou Murphy, agree that the city is no place to raise a pig.

Emily Lou and her 16-year-old brother George wrote to the President asking him if he wouldn't take the 6-week-old pig and raise her on his farm in Gettysburg, Pa.

Yesterday, they received a letter from the President saying he would be glad to take her, that he would treat her well and that if he remembered he'd send Emily Lou a picture of Pansy when she came of age.

The President agreed that the city was no place to raise a pig.

Senate Debates Austrian Treaty

Solons Are Expected to Give Overwhelming Approval to Pact

WASHINGTON (AP)—The Senate takes up the Austrian treaty of independence today with overwhelming approval considered certain.

The Senate Foreign Relations Committee unanimously recommended ratification Tuesday. Austria already has ratified.

The document was signed formally in Vienna May 15, subject to ratification by Austria, the United States, Great Britain, France and Russia. The agreement broke a years-long deadlock between Russia and the Western powers.

Occupation troops are to be withdrawn, under terms of the treaty, within 90 days after ratification.

Other major terms:

1. Re-establishment of Austria's 1938 borders.
2. Compensation by Austria to Russia for Soviet abandonment of all present controls over extensive oil and shipping properties, other business and industrial enterprises and agricultural lands it now operates. Included in the repayment terms are one million tons of crude oil annually for 10 years. Russia now takes Austria's entire oil output of three million tons.
3. No limit on the size of Austria's military forces.

'60 Winter Olympics Site—California

PARIS (AP)—The skiing resort of Squaw Valley, Calif., today was selected by the International Olympic Committee to stage the 1960 winter games.

It will be the second time the winter games have come to the United States. In 1932 when the summer Olympics were held in Los Angeles, the winter games were held at Lake Placid, N.Y.

House Backs Ike on Dixon-Yates

Appropriation Measure Includes Money to Build New Transmission Link

WASHINGTON (AP)—In a big victory for President Eisenhower, the House has voted its approval of a transmission link between the Dixon-Yates private power project and the Tennessee Valley Authority system.

A \$1,372,122,800 public works appropriation bill including the project passed by voice vote yesterday and was sent to the Senate.

Supporters said they expected little difficulty getting approval in the Senate, where a marathon debate was waged over the private power plan last year.

House Democrats who had hoped to kill the project tossed in the sponge after an initial setback. They lost by a standing 198-169 vote their fight to allow the TVA to start work on a generating plant at Fulton, Tenn. This would have provided the power which the Dixon-Yates private utilities group has contracted to furnish.

They made no effort, after that defeat, to carry on a planned battle to prohibit the TVA from spending 6½ million dollars to build a transmission line from its system to the middle of the Mississippi River.

The Dixon-Yates group has contracted to build a power plant at West Memphis, Ark., and to deliver power to the TVA at a pickup connection in the middle of the river.

The fight centered around Republican claims that continued expansion of the TVA system would result in socialization of the nation's power facilities. Countering this, Democrats contended the Dixon-Yates contract was an initial step toward destroying the big TVA system.

Really Hard to Realize Margaret O'Brien Is 18

LOS ANGELES (AP)—Note for folks who feel they're not getting any younger:

Margaret O'Brien, erstwhile movie moppet, received her high school diploma yesterday. She's 18 now.

During his two-year tenure he signed charters setting up about 50 plank-road companies. They constructed highways to "last forever" made of oak boards three inches thick laid crosswise on heavy stringers, or directly on the ground.

Most of the roads were operated on a toll basis for many years, but gravel surfacing was later substituted for the "everlasting" planks which proved short-lived.

Arthur W. Selden, of 5480 Cooley Lake Rd., recalls three toll roads still operating here in 1899—one on what is now Woodward Avenue between Pontiac and Detroit, another on Orchard Lake Road from Pontiac toward Farmington, and a third on Auburn Avenue from Pontiac to Mt. Clemens.

Baldwin Avenue had been a pay road shortly before that, said Selden, and called the Steam Mill Road.

According to Pontiac Press writer and Oakland County historian Joe Haas, toll gates at one time or another were located: On South Saginaw Street, near present South Boulevard.

Commencement Held

Pontiac High Graduating Class Advised to 'Accept Responsibility and Reliability'

Dr. W. W. Whitehouse, principal speaker at the Pontiac High School commencement last night, told 359 members of the senior class that the main key in facing the challenge of tomorrow lay in "accepting responsibility and reliability, plus a sense of independence."

The president of Albion College pointed out in his speech, titled "Youth Faces Tomorrow," that this generation must maintain a steadfast faith, the right spirit and a balanced sense of values to succeed in the present day world.

"You are facing," he stated, "the second 50 years of a great era. You must set your direction, follow your trend and reach your predetermined goal."

The lack of independence of

thought, Dr. Whitehouse continued, has led to many of the great disasters of our time, and has been conducive to such things as the spread of communism.

"In a democracy such as ours," he concluded, "you must do your own thinking and not be misled by false ideals. Only in this way can we guarantee the freedom of the classroom, the pulpit, and the press."

GRIFFIN PRESIDES

Presiding over the commencement program was Glenn H. Griffin, president of the Board of Education. His remarks were followed by the Pontiac High School Band's rendition of the processional "Grand March." Dale C. Harris is director of the band.

Rev. Duncan McCall, pastor of the First Congregational Church, offered the invocation. The band presented "Concert Tango."

The president of the senior class, David Tarr, made a few remarks on behalf of the senior class, followed by the main address of the evening.

"The Quick Step March" offered by the band preceded the presentation of awards. Presenting the awards was the retiring principal of Pontiac High School, John Thors Jr.

Dr. Dana P. Whitmer, superin-

tendent of Pontiac Public Schools, awarded the diplomas.

The recessional "University (Continued on Page 2, Col. 1)

New Junior High Contracts Let

Three City Contractors Submit Low Bids, Get School Project

Three Pontiac contractors submitted low bids to take contract awards for building Pontiac's new junior high school at a board of education meeting last night.

Ward W. Ross, Inc. was named general contractor with a bid of \$937,000. Eames & Brown, Inc. will do the mechanical trades for the school at a cost of \$220,000 and the Ballard Electric Co. has been designated for electrical trades at \$84,646.

Competing with Ross were five other concerns, three of whom were Pontiac firms. Bundy Construction submitted a bid at \$953,000; Schurrer Construction, \$994,100; Kriehoff Co., Detroit at \$1,048,529; J. C. Nielsen, Royal Oak, \$1,095,218 and J. A. Freedman of Pontiac at \$1,118,039.

Runners-up for mechanical was Conrad Co. of Walled Lake at \$229,000 and for electrical trades, Fred W. Myote, Pontiac, at \$92,984. H. E. Beyer & Associates, a Detroit architectural and engineering firm, is serving as architects for the school.

Kill Snake Near Ike

EMERGENCY WHITE HOUSE (AP)—A military guard killed a five-foot rattlesnake yesterday about half a mile from President Eisenhower's Operation Alert headquarters.

Ike Asks Postal Funds

EMERGENCY WHITE HOUSE (AP)—President Eisenhower has asked Congress for 156 million dollars to cover the first year's cost of the 8 per cent pay raise recently voted postal workers.

Seamen Shout Their Approval of New Contract

Unemployment Benefit System Included; Strike to Be Halted

NEW YORK (AP)—By a voice vote, 5,140 National Maritime Union members today shouted their approval of a new contract agreement, clearing the way for the end of a coastwide work stoppage.

The terms provide an unemployment benefit system for seamen. A meeting of the union sailors here, largest segment of the Galveston-to-Maine union, voted unanimous approval.

Partial basis for a settlement between the NMU and Atlantic and Gulf Coast shippers had been reached earlier, but details had not yet been ready for submission to the striking workers.

It was estimated that benefits paid by the employers to supplement state unemployment insurance benefits would give an idle seaman a total of \$40 a week for up to 26 weeks.

The agreement affects 16,000 NMU members.

Francis T. Greene, chairman of the employers' bargaining committee, said he had "great hopes" that meetings would be held early today with two other maritime unions and that settlements would be reached quickly.

He said "our ships will sail immediately" if the agreements are reached.

Despite the passenger ship-freighter agreement, the NMU remained on strike against tanker operators.

Almost 1,000 ships—including transatlantic liners—and 33,000 men are involved in the four-union dispute.

Representatives of both sides plan to start today on the job of putting the terms on paper. No union membership vote on ratification is required.

Big 3 Ponders Bonn Problems

Adenauer Joins West's Foreign Secretaries in New York Talks

NEW YORK (AP)—The Western Big Three, preparing for high level talks with Russia in a hope that Soviet peace moves may be sincere, turned to Germany's problems today.

The three foreign ministers were to take up their new ally and World War II opponent after a morning session on procedures for the Big Four talks which begin Monday in San Francisco and culminate in the summit meeting at Geneva July 18.

West German Chancellor Konrad Adenauer came to New York to join U. S. Secretary of State Dulles, British Foreign Secretary Harold Macmillan, and French Foreign Minister Antoine Pinay at lunch.

The conferees were mum before-hand on whether the group would approve the date Adenauer will go to Moscow on a Soviet invitation.

Adenauer has made it clear that the date must follow the Geneva conference.

'A Nice Guy' Slugs Wife for Dirty Dishes

CHICAGO (AP)—A young mother testified in Circuit Court yesterday that her husband beat her twice because she left dirty dishes in the kitchen sink.

Mrs. June T. Dunne, 26, testifying in her divorce suit, said she didn't have time to do the dishes—she had to go to her office job. She said her husband Thomas, 35, a truck driver, had insisted that she work as a secretary.

"This seems a trivial thing to break up a marriage and cause a child to grow up in a fatherless home," remarked Judge Charles S. Dougherty as he granted Mrs. Dunne a divorce.

The Dunes have a 5-year-old daughter, whose custody was awarded to Mrs. Dunne. Dunne did not contest the divorce suit.

Judge Expands Turnpike View

Cities Cannot Interfere Unless Route Changes Existing Roadways

ANN ARBOR (AP)—Circuit Judge James R. Breakey Jr. has ruled the Michigan Turnpike Authority needs municipal consent for its proposed toll road route only if it intends to change, alter or open any established street or alley.

In expanding an earlier decision that held the turnpike law valid in every respect, Judge Breakey said yesterday:

"The turnpike will not be a road, street or public alley and therefore will not come under the reasonable control of cities and villages."

Judge Breakey said the State Legislature in creating the authority did not vest it with the power to vacate, change or alter the route of any road.

But at the same time, he ruled, the State Legislature did not intend that villages and cities have an absolute veto on the route and terminal points of a turnpike.

ADDS STRENGTH

Frederick Besimer, attorney for the authority, said Judge Breakey's expanded decision added strength to the powers that the State Legislature intended to confer on the Turnpike Authority.

"This additional explanation certainly clears up many points," Besimer said. "The judge pointed out that it would be possible for a turnpike to go through a city or village without providing ingress or egress to the turnpike in that community."

In that case," Besimer added, "the authority would not need the consent of local officials to plan, build and operate a turnpike."

Opponents of the proposed toll road have planned an appeal to the State Supreme Court in October.

Weather to Remain Warm for Weekend

Continued warm weather is expected in the Pontiac area Saturday and the four days following, according to forecasts of the Weather Bureau.

The thermometer may go up to 88 on Saturday, says the weatherman, and temperatures will average from 8 to 10 degrees above normal for the four day period ending Wednesday. Little or no precipitation is expected.

This morning's low in downtown Pontiac was 61, but the mercury mounted steadily to hit a "warm" 87 by 1 p.m.

News Blackout Stifles Details of Revolt's End

Official Radio Declares Rebels Defeated; Many Officers Flee Country

MONTEVIDEO, Uruguay

(AP)—The Argentine government's blackout on cable and telephone communications passed the 14-hour mark today. Save for broadcasts of the state radio, the nation torn yesterday by revolt was isolated from the outside world. Fleeing Argentine navy and air officers took refuge in neighboring Uruguay.

Commercial connections were cut late yesterday after President Juan D. Peron proclaimed the bloody attempt by navy rebels to unseat his regime had been put down. The last cable dispatch from Buenos Aires to the Associated Press came at 6:18 p.m. Air and sea traffic halted.

The Argentine radio stations, however, were hooked up to Buenos Aires and broadcast steadily throughout the night. They usually go off the air at midnight. Between announcements came such messages as:

1. The government has taken severe measures, undefined, against Communists who "took advantage of the fight between the rebels and the loyal forces yesterday in order to perpetrate wrongful acts in many parts of the capital."

2. "Any groups of persons found in the streets in a suspicious attitude will be tried by military authorities on the spot."

3. Rear Adm. Luis J. Corner was sworn in as the new navy minister by Peron to succeed Rear Adm. Anibal Oliveri, reported to have disappeared after the rebellion started.

ALL NORMAL

4. Everything is normal in Argentina. The General Confederation of Workers (CGT), which has supported Peron since the start of his rise to power in 1944, opened a 24-hour mourning strike at midnight.

Blaming the navy for the revolt, Peron said the Naval Ministry—"where the revolutionary command was located"—had given up and that the chief "culprits" were under detention. Peron's success apparently was due to army refusal to go along with the revolt.

"Not one corporal, not one soldier, has failed in his duty," he declared.

He said the "situation is entirely under control," although "there are still some small points to occupy, disarm and submit to justice."

The military refugees said they had to abandon the revolt because Peron's men had captured their naval base at Punta Indio, denying them their source of fuel and bombs. Some of the officers said army units in outlying provinces had been slated to join in their revolt but apparently did not.

The revolt erupted a few hours after the Vatican excommunicated Peron and his aides as a result of his expulsion from the country of Bishop Manuel Tato, one of Peron's chief adversaries in the President's running fight with the church.

Yesterday's attack was the second military rebellion against Peron since he was elected president nine years ago.

School's Out!

And many families are preparing to move into their summer cottages which makes this an ideal time to sell all kinds of household furnishings, sporting goods, fishing and boating equipment, lawn furniture, etc. This Want Ad brought buyers by the score and everything was sold.

'Pay-as-You-Go' Roads Not a New Idea in County

By BURDETT C. STODDARD

Toll roads were functioning in Oakland County long before most of us were born.

The pay-as-you-go idea behind the proposed Flat Rock-to-Saginaw turnpike was first boomed in Michigan more than 100 years ago.

Gov. Epaphroditus (no less) Ransom, elected in 1847, was a great believer in plank roads.

During his two-year tenure he signed charters setting up about 50 plank-road companies. They constructed highways to "last forever" made of oak boards three inches thick laid crosswise on heavy stringers, or directly on the ground.

Most of the roads were operated on a toll basis for many years,

but gravel surfacing was later substituted for the "everlasting" planks which proved short-lived.

Arthur W. Selden, of 5480 Cooley Lake Rd., recalls three toll roads still operating here in 1899—one on what is now Woodward Avenue between Pontiac and Detroit, another on Orchard Lake Road from Pontiac toward Farmington, and a third on Auburn Avenue from Pontiac to Mt. Clemens.

Baldwin Avenue had been a pay road shortly before that, said Selden, and called the Steam Mill Road.

According to Pontiac Press writer and Oakland County historian Joe Haas, toll gates at one time or another were located: On South Saginaw Street, near present South Boulevard.

On Orchard Lake Avenue, near the present corner of Voorheis Road.

On Auburn Avenue, near what is now East Boulevard.

On Mt. Clemens street, near current Paddock Street.

On Perry street, near present Montclair Street—later moved out near Bald Mountain.

Toll rates originally were two cents-a-mile for vehicles drawn by a team of horses and one-cent-a-mile for a single-horse conveyance.

A farmer could herd 20 sheep one mile along the "highroad" for a half-cent, but if he were in the cattle business it cost one cent to move 20 cows a mile.

The plank-and-foll system, however, was killed by a combination of faulty financing and unsound construction.

A full day's traffic at some gates totaled under \$2—and gate keepers by law received at least \$1 per day. They were making more money than the investors who had snapped up stock in the firms expecting bonanza-like returns.

On a road from Detroit to Rochester the largest weekly return during the period 1854-64 was \$32.88.

Holiday traffic in those days seemed no particular problem. On July 4, 1863 tolls on the route amounted to nine cents.

From the start the roads were difficult to maintain. The most buggy-worthy stretch was the route from Detroit to Pontiac.

It was 12 feet wide and, on good sections, four-horse stagecoaches could hit a "rapid" 10 miles an hour. The road cost \$1,000 to build.

In contrast, the modern day Flat Rock-Saginaw turnpike is planned as a divided four-lane highway and will speed traffic over its 113 miles

Air 'Family Plan' Ticket Problem

Airlines Must Know Who Is Boss Before Issuing 'Package' Fare

MEMPHIS, Tenn. (U)—Who's head of your house? The husband—or the wife? Think it over. The answer may cost you money.

Consider: Mr. and Mrs. Irving Bogatin decided to fly to Philadelphia last week under the "family plan," used by airlines under government regulations.

The plan allows husband and wife to travel on a fare and a half, instead of two fares—under certain conditions.

They must begin the trip together on a Monday, Tuesday or a Wednesday. Holder of the half fare must return on a Monday, Tuesday or Wednesday. Full fare can return any day.

Bogatin wanted to come home on a Wednesday. His wife had to stay over until Saturday. Could he ride the half-fare ticket, leaving full fare for his wife?

Why, no, said the young lady at the American Airlines ticket office. The head of the house was the one who traveled full fare.

Since arriving back in town, Bogatin, a lawyer, has been gleefully citing this as an example that, even in this modern age, man's superiority and domestic authority is conceded. Turns out, it's not that simple.

"Way I understand the regulations," said Pres Oliver, district sales manager, "either the husband or the wife can travel on half fare—depending on who they agree is head of the family. If they come to us and represent that the wife is the head, she gets the full fare and can return when she pleases. That's government regulations. We aren't going to decide who's boss."

What would Bogatin have done had he known then what he knows today?

"I would not have yielded my status as head of the family even for the sake of convenience," he boomed fearlessly.

He can afford to talk big. Mrs. Bogatin, traveling on her half fare, won't get home until next Monday.

Greece New Object of Moscow Affection

ATHENS, Greece (U)—Greece is the latest target of the Kremlin's new friendship campaign. The Russians say they would like to see an improvement in Athens' relations with both Moscow and the Soviet satellite states.

This was disclosed early today by Foreign Minister Stephanos Stephanopoulos following a dinner he attended at the Soviet embassy. Stephanopoulos told newsmen he had exchanged views with Russian Ambassador Mikhail G. Sergeev and other envoys on the improvement of Greek-Soviet relations.

The dinner guests also discussed the normalization of Greece's relations with the satellite states, he added. Athens has accused her neighboring Communist states of aiding Red guerrillas who attempted to seize power in Greece following World War II. The rebellion was finally quelled in 1949.

Robbery Suspect Jailed by Poughkeepsie Police

POUGHKEEPSIE, N.Y. (U)—Joseph Benedict McCoy, 40, a furniture mover, waived examination when arraigned on a burglary charge before Judge Bernard McCoy, 48, in City Court yesterday. The prisoner, who made no application for bail, was committed to Dutchess County Jail pending grand jury action.

Joseph McCoy was accused of breaking into a doctor's office and a beauty salon last Wednesday night. All that was missing, police said, was a roll of bandages.

Baby Chokes to Death on His Toy Telephone

NASHVILLE, Tenn. (U)—A 6-month-old boy, just learning to crawl, jammed a toy telephone into his throat and died before it could be withdrawn.

Mrs. Karl G. Fredebeil said she left her son Joseph alone yesterday for only a few moments. When she returned she found the boy in his throat.

Efforts to pull the toy out brought on severe bleeding, so the boy was rushed to a hospital. He was dead on arrival.

Norway is believed to be the only country to have exterminated brucellosis in cattle.

PHS CORP. will carry letter in Certificates. It is known as the Catskill and Adirondack mountains of New York State may have birth certificates put on their chests for hunters to "sprint at" before shooting or running. Assembly speaker Oswald D. Heck made the suggestion in re-

marking on an old conservation law which makes it a misdemeanor to shoot black bears less than 12 months old.

Gets Coffee Headache

CHICAGO (UP) — Too much coffee gave George Welter, 20, a headache. The coffee—6 quarts of it—was in a steel urn that fell off a 15-foot hydraulic lift and hit him on the head.

News of the Men in Service

Richard Bruske, 17, the son of Mr. and Mrs. Carl H. Bruske of 887 Sarasota, enlisted in the U.S. Air Force here on June 3. He will leave Pontiac next Monday for San Antonio, Texas, where he will receive basic training.

Richard previously attended Lincoln Junior High School and plans to take training while in the service.

William Fizzard, son of Mr. and Mrs. William Fizzard of Lowell St. recently spent 13 days at home after finishing his basic training in Georgia. He has returned to Fort Campbell, Ky. for advanced Airborne training.

His address is: Pvt. William Fizzard, RA 164961-32, 1st Platoon, Co. C, 76th Tank Battalion, Ft. Campbell, Ky.

Recently promoted to sergeant in Korea where he is a member of

the 7th Infantry Division was Gilbert Hancock, son of Mr. and Mrs. G. E. Hancock of Davisburg.

Hancock, a communications chief in Company I of the division's 32d regiment, entered Army in November 1953 and completed basic training at Fort Knox, Ky. He attended Milford High.

James F. Cardwell, 22, son of Mr. and Mrs. H. G. Cardwell of Pleasant Ridge, recently was promoted to sergeant while a member of the 2d Infantry Division's 38th Regiment at Fort Lewis, Wash.

A platoon sergeant in the regiment's company H, Cardwell completed basic training at Fort Lewis. He attended Wittenberg College in Springfield, Ohio.

A.C. Jesse Glazier Jr., son of Mr. and Mrs. Jesse Glazier, 385 Branch, has entered the U.S. Air Force Technical Training School at Sheppard Air Force Base, near Wichita Falls, Texas.

Glazier, who entered the Air Force in January 1955 will receive intensive training designed to provide him with the thorough knowledge and basic skills which he will be re-

quired to possess for his work as a jet mechanic.

Elmer Robert Betts Jr., son of Mr. and Mrs. Elmer Robert Betts of 230 Cottage St., was recently awarded the Order of Military Merit which is the Wharung medal with a gold star and full citation by the Korean Government. Betts served in the U.S. Marine Corps for two years, serving in the Far East.

Study New College for Bay City Area

SAGINAW (UP)—A committee representing Midland, Bay and Saginaw Counties will make a detailed study to determine whether it is feasible to establish a college in their area.

Gov. Williams has signed a bill authorizing the three counties to join in operating junior or community colleges. At present, there is only one institute of higher learning in this area—Bay City Junior College.

A committee of 30 conducted a preliminary survey last night and decided to place the project in the hands of a larger committee, which in turn will hire a director to survey the possibilities.

Under consideration is the possibility of starting a four-year college as well as a junior college.

The last ice age sheet melted from the Great Lakes area about 10,000 years ago.

Lighted Football Field at Clarkston Nearing Completion

SCAN FOOTBALL FIELD—Clarkston School officials (l-r) Ed Hintz, football coach, Robert Klingman, high school principal, and L. F. Greene, superintendent of schools, scan the revised football field being readied for next year. The field is being lighted for night games, and a benefit dance to help raise funds has been scheduled for Saturday night at the school.

2 Year Project in Final Stages

Dance Slated Saturday to Finance Bleachers for School Gridiron

CLARKSTON — Two years of fund-raising for a lighted high school football field are nearing fruition, with the project now in its final stages.

The Clarkston High field has been graded, seeded, and had an underground watering system installed. A fence is being put in, and poles for the lights are ready on the field, with preliminary wiring finished.

Only the final step of setting the poles and connecting the lights remains to be done.

To complete the picture for next fall, the high school student council in cooperation with the Clarkston High School Lighting Fund Committee is sponsoring a dance, "Autumn Frolic" Saturday night at the high school.

Proceeds from the dance will be used to provide permanent bleachers for the field.

Much of the material and work for the field has been donated, including the underground watering system, which was installed by committee members, along with the members of the Fire Fighters Assn., the football team of last year, and the baseball team.

The dance will be held in the school gym and cafeteria, with an orchestra in both rooms.

Rochester Village Council Mulls Truck Passing Act

ROCHESTER—The first reading of a new village ordinance prohibiting trucks from passing one another within the village limits was held at the council meeting this week.

The proposed ordinance would prevent vehicles in excess of 5,000 pounds, loaded or unloaded, to pass. Violation could bring a fine of \$100 or 90 days in jail.

In other action, Council President Clarence Burr appointed Councilwoman Elizabeth Maitrot as chairman of the committee on United Nations Day activities.

After a public hearing on the matter, Burr instructed the village assessor and manager Robert Slone to prepare an assessment roll for installation of water and sewer taps for several lots in the Oakbluff subdivision.

Bids were opened for a new police car, and the low bidder Larry Jerome received the contract. The price was \$675.31 and the present 1954 model in use.

New Office Readied for Telephone Firm

IMLAY CITY—New office locations for the General Telephone Company of Michigan have been secured in a section of the building on the corner of Almont and Third streets, J. M. Stimson, division manager has announced.

The company formerly had used it as a storeroom, but remodeling is in progress and the offices will be ready for occupancy in August.

The new quarters will include the division and district offices, along with the local business office, which is being moved from its present location on North Almont avenue, to provide additional room for switchboard operations.

As the result of a fire which destroyed its quarters in December, the division office is temporarily located in the Masonic Hall.

Harold J. Dawe to Be Honored for His Service

ROCHESTER — Members and friends of the First Congregational Church will join in giving recognition to Harold Dawe Sunday, when he celebrates his 35th year as church organist.

A short ceremony will take place at the 10:30 a.m. worship service.

A gift will be presented during the ceremony, and following the church service, the music committee and the choir will hold a reception in the parish hall.

School Consolidation Plan Discussed in Three Areas

METAMORA—Discussions concerning a proposed high school for the Dryden-Leonard-Metamora area are continuing, with several persons reporting on the possibility of the project.

It was suggested a building big enough to serve 400 high school students, including sections for a junior high school, be constructed.

Lawrence W. Smith, chairman of the finance committee, compared assessed valuation of the three districts recommended for consolidation with the valuation of newly formed Lakeville district in Lapeer County.

A combined assessed valuation of about \$5,000,000, is estimated, should the towns consolidate.

Building Site Committee Chairman Emerson French said if Dryden, Leonard and Metamora districts should combine it would be advisable to locate the proposed school equally distant from these communities, near the corner of Havens road and M181.

Three methods for annexation were discussed in Metamora recently by C. K. Schilder, superintendent of Lapeer city public schools.

They are: To annex to the

Lapeer district, to build a new high school, or continue to send persons to other high schools as non-resident students.

About half of Metamora's students go to Dryden, and half to Lapeer. The Lapeer school may be forced to discontinue admission to non-resident tuition students.

Five residents in the district have been requested by the Metamora school board to cooperate with them in reaching a solution to the problem.

They are: Mrs. Edward Brecht, Gordon Irish, C. W. Albertson, William Day, and Maude Martin.

County Deaths

ROCHESTER—Service for Christopher F. Holtz, 90, of 2855 Nortonlawn St., will be held at 2 p.m. Monday at the Pixley Funeral Home, with burial in White Chapel Memorial Cemetery. He died today.

Surviving are two daughters, Mrs. John McGorman of Rochester and Mrs. Leah Parker of Howell, a son, Orle, of Van Noyes, Calif., four grandchildren, eight great-grandchildren, and a brother, William Holtz of Pontiac.

Hans Hansen — Service for Hans Hansen, 72, will be held at 2 p.m. Saturday at the Juhl Lutheran Evangelical Church, with burial in the church cemetery by the Marsh Funeral Home. He died yesterday.

Surviving are his widow, Christina, two daughters, Mrs. Vigeo Christensen and Mrs. Joe Ravn, both of Marlette, 10 grandchildren and three great-grandchildren.

David A. Parry — Service for David A. Parry, 78, of 3012 Clarkston Rd., will be held at 2 p.m. Saturday at the Pursley Funeral Home, with burial in Perry Mt. Park Cemetery. He died Thursday.

Surviving are his widow, Ada, three daughters, Mrs. Jean Rackham and Mrs. Margaret M. Battle, both of Detroit, Mrs. Ada E. Decker of Pontiac, a son, Delbert of Berkeley, a brother Morgan of Chester, Pa., and a sister, Mrs. Madeline Payne, of Fairview Hills, Pa.

Kiwanis Club Helps Outfit Camp Oakland

KEEGO HARBOR — The West Bloomfield Kiwanis club has taken on the project of helping the youngsters at Camp Oakland enjoy the summer.

They have donated 50 fish poles, complete with lines, hooks, sinkers and bobbers, a set of bases for the softball diamond, two bats and a softball.

Slate Guest Minister

KEEGO HARBOR—The Rev. H. W. Collycott of Rochester will be the guest minister at the Methodist Church Sunday. Pastor Frank Fully is attending a conference.

Vacation School Bible Instruction Begins Monday

GROVELAND TOWNSHIP—The Mt. Bethel church vacation Bible school will open Monday for classes through July 1.

Children ages 4-14 have been invited to participate in the games, Bible teachings, handicrafts, singing and worship services.

The classes will be held from 9-11:30 a.m. Monday through Friday at the church, at the corner of Wildwood and Bald Eagle Lake Roads.

Great Britain imports half its food supply and two-thirds of its raw materials.

Charter Vote Check Sought by Petition

MADISON HEIGHTS—A petition has been filed with acting mayor Virginia M. Solberg for a recount of the Madison Heights recent balloting on a city charter.

The petition followed the check of tally books by the three-member board of canvassers, which certified that the charter had been defeated, 1,758 to 1,678.

Eugene Beinke, treasurer of the Madison Citizens League which opposed the charter, said his group would have an attorney present during the recount of the ballots.

The bream is a European fish not found in the United States.

City Best-Ball Test Saturday at Municipal

Defending Champs Out, Andonian - Wasik Rated Top Threat

A total of 27 teams to date have registered for the men's best ball golf tournament Saturday at Pontiac's Municipal Golf Course. Starting time is 12 noon.

Several strong teams are entered in the tourney. Rated as contenders for the crown was last year by Max Richardson and Dick Vershure is the team of Ed Wasik and Mike Andonian, the latter a member of 1934's runner-up team.

Other title threats include Paul Bada and George Hammett, Ronald Rothbarth and Clayton Wideman, and the Butler Cooper-Ed Gorom duo.

The Richardson-Vershure tandem is not defending its championship. They qualified Thursday for competition in the championship flight of the Pine Lake Invitational tournament.

Post entries are being accepted for the event, which is sponsored by the Pontiac department of parks and recreation.

Offers Safety Rules

Entry List Is Expected to Hit 60 Hydroplanes

Competition in Five Classes Sunday Over Sylvan Lake Course

Stage is set for the Oakland County Boat Club's 39th annual Power Boat Regatta Saturday and Sunday at Sylvan Lake. The Regatta is sanctioned by the American Power Boat Association.

Nationally-known drivers are expected to bid for trophies and prizes Sunday afternoon, piloting some of this country's speediest boats. Starting time for Sunday's races is 1:30 p.m.

Upwards of 60 hydros are expected Sunday, according to Ward Richards, who is in charge of registrations. Many last-minute entries are anticipated, Richards said.

Hydro power boats will vie for honors in five classes. Competition in the double heats will be in divisions of 48, 135, 136, 225, and 266 cubic inches.

Among the entrants are Alex Eberhardt of Rock Falls, Illinois, and Sam Guarino of Detroit, in the 266 division, and George F. English of Detroit and Dearborn's veteran Harry Vogel, driving 135's.

Saturday's races are for OCBC members only, with the MacDonaid, Kalbfleisch, Widrig, and Hickson club trophies at stake, as well as the club outboards free-for-all. All events are two heats and will begin at 1 p.m. The public is invited.

Gov. G. Mennen Williams is expected to put in an appearance at Sunday's program. Stan Roat, Oakland County Boat Club publicity chairman, reports.

Downtown Pontiac will be the scene of a parade Saturday at 11 a.m., exhibiting the various kinds of craft that will participate in the Regatta. The Regatta Ball will be held in the clubhouse Saturday night at 9 p.m.

Doug Leversha and Kevin Merchant, from Melbourne, Australia, will give a water-skiing show Sunday, including some barefoot skiing.

Outstanding water skiers in the Oakland County area will also perform. Art Hickson is the Regatta chairman.

Hardtop, 'Bike' Program Slated

Racing 'Twin Bill' Is Scheduled for Sunday at Pontiac Speedway

A "double header" racing program is scheduled for the Pontiac Speedway Sunday.

The track's regular hardtop show, which starts at 7 p. m., will be preceded in the afternoon by a program of motorcycle races, sponsored by the Thunderbird Motorcycle Club of Detroit, and sanctioned by the American Motorcycle Association.

Since last Sunday's hardtop show was rained out, four drivers still are seeking their 2nd feature victories of the season in the Speedway's 25-lap feature attraction. Winners thus far have been Mickey Katlin, Jack Conely, Bill Kourt and Ron Duman.

Others in the field bidding for points towards the NASCAR state circuit and also the local track championships are Pontiac's Joy Fair, Gene Lock, Felix Brooks and others.

In the most recent hardtop feature at Motor City Speedway, Katlin was the winner, with Fair running 3rd.

Jerry Bradford of Detroit, who won last year's Thunderbird motorcycle show at this track, heads the field for the 9-event "bike" program. Trials are at 12:30 p. m. with races at 2 o'clock.

Hardtop qualifying starts at 5:30 p. m. with the 1st race at 7.

Brooklyn Dodger first baseman Frank Keller began his athletic career as a basketball player. He won a scholarship in that sport to Oklahoma A & M in 1943.

TUNEUP RUN — Russ Jacobson (left) and Bill Hickson (right) help Commodore Lloyd Maddock of the Oakland County Boat Club take his 135-inch hydroplane, "Holiday," from the water following a tuneup run. Maddock was working the boat out for competition in the OCBC's annual regatta at Sylvan Lake this weekend.

Olympic Prospects to Ride in Show at BOH

Four top prospects for the 1956 U. S. Olympic team, and their famous horses, will take part in the Detroit Horse Show next week at Bloomfield Open Hunt Club.

Already tested in international competition at the gruelling Pan American games held in Mexico this spring, the four riders will lend a decidedly Olympic flavor to the Detroit competition, largest outdoor horse show in the United States, according to Irving A. Duffy, show chairman.

The four riders, all members of the U. S. Equestrian Team are: J. E. B. Wofford of Milford, Kansas; Charles Denney of Lake Forest, Illinois; Frank Duffy of Bloomfield Hills, and Major Robert J. Borg of Dallas, Oregon.

Wofford is a 24-year-old veteran of the 1952 Olympics at Helsinki. He placed second in the rough three-day trials for the Equestrian Team at Nashville in 1954. He won the preliminary competition for the team in 1951, again qualifying in 1953. Wofford will bring his Olympic horses Reno Kirk, Rattler and Hollanda to the Detroit show. Hollanda competed at the 1952 Olympics.

Denney, 23, will bring five top horses—Fortune Hunter, Ricochet, Black Watch, Alt Meister and Potato Chips—to the Detroit show. Denney won the Junior Hunter Class championship last year with Potato Chips at Bloomfield Open Hunt Club.

Waterford JC Links Test Is Slated June 27

Waterford Junior Chamber of Commerce will hold its 2nd annual junior golf tournament Monday, June 27, at Pontiac Country Club.

The five low scorers in the 18-hole medal play affair will receive trophies and qualify to compete in the state Jaycee tourney at Lansing. Golfers competing in any other JCC-sponsored tourney are ineligible for this event.

A banquet will follow the tourney at Decker's Cafeteria in Drayton Plains. Chairman of the event is Frank Richardson, assisted by Don Arsen.

Information concerning entries may be had by calling Richardson at MA 5-6481, or FE 2-0141 or Arsen at O R3-7206. Post entries will be accepted.

Darrell Floyd, All-America basketball player at Furman University last season, was named the athlete of the year in the Southern Conference.
