

Miss Front Page for April

Miss Front Page for April has light blue eyes as clear as a spring sky. Her golden hair is full of sunshine.

That's why Charlene Gaffney is an ideal choice to act as Page One representative of the new season.

The 17-year-old Miss, a Waterford Township High School senior, is the daughter of Mr. and Mrs. Charles Gaffney, 2644 Sylvan Shores Dr. on Sylvan Lake. Gaffney is a sales engineer at National Twist Drill and Tool Co. in Rochester.

As a water sports enthusiast, Charlene (her friends call her "Char") is really looking for-

ward to warm weather. She loves swimming and water-skiing.

In high school, Charlene is known as a varsity cheerleader. She's a representative of the senior class board, secretary of the French Class and a member of the Girls Athletic Assn.

After graduation this June, Charlene plans to attend Western Michigan College to major in dental hygiene. We're looking forward to the time she gets her college degree and takes a job, we hope, in a dental office.

With an attractive girl like Charlene on hand, the trip to the dentist would be a pleasure.

Baruch Raps Tax Cut Talk

Financier Also Tells Congress He Opposes Pump-Priming

WASHINGTON (AP)—Bernard M. Baruch told Congress today that in the face of a tremendous national debt and expenditure, it is folly to talk of tax reductions.

The 87-year-old financier also contended this is not the time to embark on vast federal works or other pump-priming programs requiring deficit financing.

Baruch gave his opinions to a Congress teeming with tax reduction and public works schemes.

His appearance before the Senate Finance Committee marked a resumption of hearings, begun last year, into the nation's financial condition.

Baruch told the committee that inflation is the most important fact of the time—the single greatest peril to economic health.

"We are now suffering a hang-over after a long inflationary binge," he said.

"This recession is the inevitable aftermath of a period of inflation that could at least have been mitigated if not prevented."

WANT TO SELL YOUR CAR?

If you do, here's how to find a buyer the quick, easy way. Just pick up your phone and call the Pontiac Press Want Ad Department. Hundreds of cash buyers read them every night to find just the car they want. This little ad brought a cash buyer the first night.

No Judge Assigned to Sullenberger Suit

Dr. Neil H. Sullenberger's \$250,000 damage suit against Pontiac General Hospital is scheduled for trial a week from today but no one is sure which judge will try it.

Although one of Oakland County's four circuit judges has disqualified himself, at the ousted staff surgeon's request, the others have not officially done likewise.

And the state official who must assign an outside judge to the case if Oakland's bench won't handle it is watching the calendar.

He has only a handful of days left in which to canvass the state to find some jurist who could afford time to leave his own courtroom for several weeks, perhaps a month, to hear what promises to be a lengthy courtroom battle here.

Red tape and formalities seem to account, at least in part, for much of the delay.

Circuit Judge Clark J. Adams

Christ's Ordeal as Mark Might Have Seen It

'And a Certain Young Man Followed Him...'

(The world has heard much about the principals of the Easter story: Christ Himself, Pilate, Judas, the high priests. But also involved in the great event were obscure persons, mentioned by the Gospels only in passing. This is the first of four articles on some of these minor actors, drawn by apparent happenstance into the Easter drama.)

By GEORGE CORNELL
AP Religion Writer

The youth pulled a linen wrap about his shoulders and dashed out of the house. He must find them. They probably had gone to their usual place, to the olive press across the valley, to Gethsemane.

The young man cut through open squares, taking the shortest route...

Some urgent motive had driven him to quit his home in the third watch of night, and go in search of Jesus and his little band.

John Mark, the gospel writer, was a lad in his teens when Jesus made His final entrance into Jerusalem in the spring month of Nissan, about 29 A. D.

This had been, at first, a jubilant occasion for the friends of Jesus, and Mark's family was among them.

They had streamed out through Benjamin Gate to meet Him, strewing the road with flowers and palm branches.

"Hosanna!" they had shouted. "Blessed be He who comes in the name of the Lord!"

JEALOUS UNDERCURRENT But amid the adoring fervor were also the muffled sneers, the jealous scowls of the religious rulers.

Mark did not grasp it fully then, but he later would record it, in all its stark implacability.

The reigning Sadducees, who controlled the powerful priesthood, sent agents to harass Jesus.

Dreadful rumors passed from mouth to mouth that the authorities were bent on destroying Him.

Yet, admiring crowds flocked about Him daily, and the bare-chested Temple guards hung back, tight-jawed, muttering.

JOHN MARK

With only a day remaining before the Passover, Jesus and His apostles had come to the upper room to share a festive meal. The spacious, hospitable home of Mark's mother, Mary, was a regular meeting place of the apostles, and most appropriate place for the supper.

Mark had not been present in the room, but the voices, along with the piquant odors of roast lamb and spices, drifted down into the dark court outside. Something Jesus said—if Mark heard it aright—jolted him.

"Truly... one of you will betray Me." A hush, then the hurt responses, "Is it I? ... Is it I?"

In a moment, someone emerged, hurrying down the outside steps. It was one of the twelve, Judas Iscariot, of Kerioth. He seemed in great haste.

The supper continued. Astonishing sayings floated from the door-

way. "Take, eat, this is My body." Then, later, "Drink... this is My blood... poured out for many..."

Mark froze. He could hardly believe his ears. After a time, they sang the hallel, and then, with a scuffling of feet, came filing out the door, and down the stairs. Mark stayed out of sight. They stood a while under the trees.

"It is expedient for you that I

Canada Amazed by Huge Margin of Diefenbaker

Conservatives Win 209 of 265 Seats to Shatter All Political Opposition

TORONTO (AP)—Canada was amazed today by Prime Minister John Diefenbaker's political triumph which shattered the opposition in Parliament and placed his Conservative party in complete command with the biggest majority in history.

Yesterday's general election—the country's second in 10 months—gave the Conservatives 209 of the 265 seats in the House of Commons.

The 62-year-old Prime Minister will be in a powerful position to rule as his party wills for the next five years.

The largest number of members any party ever had before was the 190 seats the Liberals won in 1949. Since his surprise victory last June, Diefenbaker had been governing with only 113, 20 less than a majority.

The Prime Minister swung into action immediately. He announced he was calling Parliament back into session at the

JOHN DIEFENBAKER

earliest moment to tackle the unemployment problem, which he described as the No. 1 issue before the country.

Unemployment was one of the big campaign issues. Diefenbaker proposed a billion-dollar development program to take up some of the slack. He opposed Liberal Leader Lester B. Pearson's plan for tax cuts of approximately 400 million dollars.

This election victory foreshadowed a toughening of Canadian trade policies toward the U.S.

The Conservatives promised during the campaign to divert some \$600,000,000 a year of Canadian imports from the U. S. to the sterling area.

There was no pat explanation for the runaway vote. Diefenbaker had been generally picked to win a majority in the House, but not even his most ardent supporters expected such a sweep.

"I've not yet received an an-

Top Hit in New York

"MUSIC MAN" — Shown during one of the captivating sequences from the hit Broadway show "Music Man" are the star, Robert Preston, and one of showdom's youngest discoveries, Marilyn Siegel. Billed as one of the outstanding shows in recent New York history, "Music Man" is among the five top productions scheduled for The Pontiac Press Theater Tour, June 23-28.

Theater Trippers to See Spectacular 'Music Man'

Could be that a couple years from now the 1958 Pontiac Press theater trippers will still be the envy of theater-lovers.

For the lucky 150 persons able to get reservations for the June 23 to 28 trip to Broadway may get in on the ground floor of one of the most spectacularly successful musical comedies of the decade.

That's what New York City critic's think of "Music Man," a lyrical, charming serving of Midwestern America at the turn of the century.

The way they praise the show, it looks as if the rest of the nation will still be clamoring for hard-to-get tickets long after Press theater-goers have returned home with the enviable knowledge they have seen one of Broadway's great hits while still in its infancy.

For "Music Man" opened on Broadway less than four months ago and it's been standing room only at the Majestic Theater there ever since.

The show is so popular that many persons think it will eclipse the fabulous run of "South Pacific" at the same theater.

Imagine being one of the com-

Success Greeted 'Auto Buy' Sale in Pontiac

The "You Auto Buy Week's" opening day sale Saturday was a resounding success, all members of the Pontiac Trade Assn. agreed today.

A tally of sales during Saturday showed the nine dealers sold 124 used cars and 24 new cars.

What struck the dealers forcefully was that more cars were sold than were on display on W. Huron street.

Almost all the dealers reported that customers who did not see what they liked on the street, which was roped off for the sale until 2 p.m. Saturday, went to the showrooms and used car lots to continue their search.

Robert Oliver, president of the association, said that the promotion far exceeded expectations.

The sale, which continues this week, is designed to stimulate the automotive business and the economy in general.

U.S. Dismisses Soviet Proposal

Discuss Ban on Nuclear Tests Through U.N., Russians Told

WASHINGTON (AP)—The United States has dismissed the Soviet Union's proposal for halting nuclear tests as mere words, subject to evasion in secrecy, and no reliable basis for the free nations to abandon their capacity to deter aggression.

In a statement, the State Department called on the Kremlin to approach the problem through the United Nations "in an orderly way" rather than seeking to impose a one-country, unsupervised, test ban "for which there is no system of verification."

The United States, the statement said, "stands ready instantly to respond" to a supervised suspension of nuclear tests, as approved overwhelmingly by the U.N. General Assembly.

The State department fired back at the Soviet announcement, within minutes after Foreign Minister Andrei Gromyko made it in Moscow.

The United States announced months ago that it would conduct a series of tests beginning this spring. The Soviets have just completed a test series.

The first American shot will automatically free the Soviet Union from its test ban promise since Gromyko said that if other nations continued their tests his country would consider itself "free to resume tests."

Only One Lost During Drama on Indian Ocean

'City of Sydney' Saves Emigrants and Others From 'Skaubryn'

BOMBAY, India (INS)—A British liner today rescued 1,200 persons who abandoned the Norwegian ship Skaubryn in the Indian Ocean after fire broke out in the engine room and spread through the vessel.

Only one life was lost—and that as a result of a heart attack—in the dramatic rescue on the high seas by the liner City of Sydney.

More than 200 children under 10 years of age were among those saved from lifeboats after the Australia-bound Skaubryn was abandoned. Many of those aboard were emigrants heading for a new life in Australia.

(The Inter-Governmental Committee on European Migration said in Geneva that the Skaubryn's master had messaged representatives in Bremen that the fire started in the engine room.

(The captain said: "All passengers and crew safely took to lifeboats with excellent discipline. One man among the private passengers died in a lifeboat due to a heart attack. From the lifeboats all passengers were taken aboard the City of Sydney."

(The ICEM reported that 904 migrants and 176 other passengers were aboard the Skaubryn, which had sailed from Bremerhaven, West Germany.)

CREW INCLUDED

The City of Sydney radioed Bombay that it has "rescued 1,200 passengers from the Skaubryn." The difference between the 1,080 passengers reported aboard the 1,200 picked up probably accounted for the crew.

The survivors will be transferred to the Italian liner Roma, which also responded to the distress call.

The City of Sydney has already left the scene — after standing by until daylight to make sure no one had been missed — to make contact with the Roma, which was bound from Colombo, Ceylon, to Aden.

The Roma will take the survivors to Aden on the Arabian peninsula, where it is expected Thursday or Friday.

The fire broke out on the 9,786-ton Skaubryn about 4:50 p.m. GMT (Continued on Page 2, Col. 7)

Tricksters Rule Today

FRANKSTER'S VICTIM — Looks like Rosemary Hoenstine, 11, of 54 Dakota Dr., is going to be one of the first victims of Wesson E. Schulz II, 10, of 221 Chippewa Rd., today as he sneaks up to tape a "kick me" sign to her back as an April Fool stunt. See the picture on Page two for the results of the prank.

CHIEF MILLARD PENDER

Police Captain Gets Promotion

Millard Pender Named Chief of Department at Waterford Township

The Waterford Township Board promoted Police Captain Millard J. Pender to chief of the township department last night.

Pender, 43, has been in charge of the department under the jurisdiction of Supervisor Elmer Johnson since the release of former chief Frank Van Atta last June.

Before that, Pender served as captain and detective and was one of the first patrolmen in the 4-year-old police department.

He also has served as chief of police of Oxford as well as a deputy sheriff for several years.

Johnson said that a salary adjustment would be made, retroactive to today, after the township budget had been set up.

Johnson also indicated that one and possibly two more patrolmen will be added after the budget is scheduled by April 15.

"The Waterford Township Police Department's six-man force has been working a 48-hour week and sometimes more," Johnson said.

By E. H. SIMS

What is the tropical year? Is it getting longer?

The tropical year, about which many people know little, is the time required for the sun to return to the vernal equinox (Spring). In other words, it is the actual year from vernal equinox to vernal equinox. And this time is less than that in the sidereal year, or the calendar year.

The length of time it requires for the sun to return to the vernal equinox each year is decreasing. But the decrease is so slow you will never notice it in your lifetime or feel any effect from the shortening tropical year. It is growing shorter by only something over 5 seconds a century.

Thus it will take about one hundred twenty centuries for the tropical year to grow as much as one full minute shorter. In other words, you probably have more immediate problems.

Driest Month Since 1910, Says Mr. Weatherman

DETROIT (INS) — Detroit weatherman W. W. Oak reports that this March was the driest since 1910.

Not one drop of rain fell and only a very little snow. Precipitation was less than half an inch. The dry record 48 years ago was four tenths of an inch.

The March dryness brings the precipitation total for the first three months of the year to 4.69 inches, making it the driest first quarters on Detroit records.

Joke's on the Trout

ALL OUTDOORS, USA (INS) — Only 25 more days until trout season—that's no April Fool's Day joke!

Two County Officials Seeking Renomination

Two more Oakland County officials announced today they will seek renomination to their posts on the Republican ticket in the August primary.

They are veteran County Treasurer Charles A. Sparks, who will be after a 14th term, and Register of Deeds Daniel T. Murphy Jr., who will be vying for a second term.

With Sparks and Murphy throwing

Mark's Perspective on Christ's Ordeal

(Continued From Page One)

go away," Jesus told them. "... A little while, and you will see Me no more. . . . You will weep and lament. . . . But your sorrow shall be turned into joy. . . . In the world you will have tribulation, but be of good cheer; I have overcome the world."

Then they left, strolling slowly, their conversation fading into the night. Mark fretfully went inside to bed.

Hours later, however, something happened to send the young man flying across the city toward the Mount of Olives. Why did he go?

Was it simply a compelling desire to be with Jesus? Perhaps word reached Jesus' supporters, including Mark's household, and someone was sent to warn Him.

So the night streets echoed with the youth's running footsteps. Then as he neared the walled garden of the olive press, he heard the metal clank of armor and saw the leaping lights of torches.

He was too late! Scared, dismayed, he crept forward in the darkness.

The white-robed Jesus stood there in a little clearing. His face tired and strained, and the torchlights fell on Him. A knot of priests shuffled forward.

"Have you come out as against a robber, with swords and clubs to capture Me? He paused. "But let the Scripture be fulfilled."

Two soldiers grabbed His arms, twisting them behind Him. Then they tied His hands, looped the rope several times around His body and knotted it, leaving a length of rope to lead Him away.

"And a certain young man followed Him, with nothing but a linen cloth about his body." Mark set down this incident a year later. No other Gospel sources knew about it, for the apostles had run away. But Mark knew, because it must have been he.

As he related, the soldiers spied him trailing along behind the bound Jesus and tried to seize him, grasping his garment. But he squirmed out of his skimpy dress. "He left the linen cloth and ran away naked."

Tomorrow: The Wife of Pilate.

18 at Fisher Body Win in GM Contest

A total of 18 employees at the Fisher Body Division's Pontiac plant, have been announced as winners in General Motors Golden Milestone letter-writing contest. The winners will each receive an award certificate designating a point total. The individual may then pick his prize from a catalog with a point value equal to that which he has won.

The 18 local winners are: Frank Ajello, Laverne J. Brenay, James R. Blumenschein, James M. Brown, Verne E. Dodge, Francis E. Dumbrieque, Milton I. Galbraith, William G. Green, Floyd E. Jones, Michael Koumandrakis, Lawrence P. Kratz, Leo R. Martin, George T. Mize, Raymond M. Niebauer, Ward L. O'Brien, Cecil J. Pascoe, Charles E. Pierson, Stanley D. Themm.

Sparks, like Allen, will be hoping for his 14th consecutive two-year term in his county post, a position he was first elected to in 1932. Sparks is 65 and lives at 7010 Hatchery Rd., Waterford Township.

Along with Barry, Murphy is the youngest member on the county GOP "team" in length of service. The 34-year-old resident of 344 W. Iroquois Rd. was first elected in November of 1956, after filling the post of former Register Orrin McQuaid in April of that year.

Warehouse Plan Under Scrutiny

Waterford Eyes Buick's \$3 Million Expansion Project in Area

Building plans and specifications for an addition to the Buick warehouse on Williams Lake Road in Waterford Township costing approximately \$3 million are being studied by the township building inspector's staff.

The contemplated structure would contain 268,000 square feet and employment would be from 250 to 400 people, according to the report.

The character of occupancy of the building would not be changed, and it would still be a storage warehouse with no manufacturing operations.

Plans specify that the steel, concrete and brick structure would be one story high, with a possible second floor of office space.

Reports to the Oakland County Drain Commission, indicate that the present waste disposal system now in operation is sufficient to serve the warehouse. It was designed and approved for some 400 people on a 24-hour basis, and for 800 people on a 12-hour basis.

There has been no date set for the awarding of construction bids. However, plans indicated May 5 as the day the building permit will be issued.

Ford Negotiates With Auto Union in Lavish Room

DEARBORN (INS) — Opening contract negotiations between Ford and the United Auto Workers Union were very colorful yesterday in the company's new multi-million dollar office building.

The conference room is in white, trimmed in stainless steel. The bargaining table, 54-feet long, is of blond birch. Chairs around the table, 40 in all, are covered with rust leather.

Lighting is diffused under a serrated plastic ceiling. There are two white "blackboards" in the room. Blue chalk is used. The subject under discussion is a well-known green.

Flint's 'Auto Buy Now' Campaign Booming

FLINT (P) — Flint auto dealers today tabulated first returns from their "Auto Buy Now" campaign which started Friday, and found business booming.

The 23 dealers who make up the Flint Automobile Dealers Assn. reported sales of 199 new cars and 167 used ones on Friday and Saturday. They said sales for the same two days of the previous week were 58 new and 85 used cars. The campaign runs through Saturday.

JOKE BACKFIRES — Wesson E. Schulz's (right) of 235 Linden Rd., thinks it would be more fun to joke the joker on April Fool's Day. All three are students at Webster Elementary School.

'In Heaven, We'll Enjoy Love Without Hindrance'

(Editor's Note: This is the seventh in a series of articles on Heaven, written by local residents and compiled by Mary Anglemier, Pontiac Press church editor.)

By REV. LENWORTH R. MINER

One of the few things not for sale in this materialistic age, so often disfigured by the dollar sign, is a real conviction.

An earnest belief in heaven and heavenly things is the real need of mankind today.

Civilization is held together by convictions which are more dear than mortal life.

In fact, no man has really lived until he has some principles for which he would die. Our actions must be viewed by the motives that prompted them.

I believe heaven is represented both as a place and a state. It is the abode of God and His angels and the future abode for believers. Wherever Jesus is, we have heaven on earth.

What is heaven like? It is like happiness at its best. There is

No Judge Assigned to Sullenberger Trial

(Continued From Page One)

swer," said Judge Hartick today, "so as a result the whole question is up in the air."

Doyle explained, however, that he has received no request based on formal disqualifications by all four Oakland judges.

"If they send me word they have disqualified themselves, this office will do everything it can to assign another judge to the case by April 8, when it is scheduled to begin," Doyle said.

Doyle added, however, that Hillsdale Circuit Judge Charles O. Arch, who is scheduled to visit the Oakland circuit beginning April 8, will not be assigned the Sullenberger case.

"Judge Arch has been assigned to visit Oakland County on an intermittent basis, to help out with the docket," Doyle said. "He has other cases, in his own circuit and in Washtenaw County, that he is scheduled to hear this month also."

Building Collapses, Trapping 2 Women

JACKSON (P) — A building being wrecked collapsed on the S.S. Kresge store next door at 9 a.m. today, carrying down a portion of the store's roof and trapping two women kitchen workers under two tons of debris.

One woman was pulled free by rescuers, who said they were able to talk with the other.

Extent of the women's injuries was not determined immediately.

The building which collapsed was the Jackson Moose Temple, burned out by fire in February.

The section of store roof carried down was over the store's kitchen, where the women were at work.

Identity of the women was not established immediately.

What Is Depression?

MEMPHIS, Tenn. (P) — The former lord mayor of Dublin, Ireland, says the United States would never have an economic depression if it were like his own country — "we've never been prosperous enough to have one." Robert Briscoe spoke at a meeting of the Memphis Jewish Welfare Fund.

Pastor of Macedonia Baptist Church, the Rev. Lenworth R. Miner is a former director of the Urban League, a member of NAACP Assn., Oakland County Ministerial Assn., and Hospital Chaplains' Group. He also serves the community as a member of the Baptist Ministers' Assn. and the Pontiac Pastors' Assn.

Theater Trippers to View Top Hit

(Continued From Page One)

paratively few theater-goers to have seen such great hits as "Oklahoma!" or "My Fair Lady" during the first few months of their showing! Yet that kind of distinction may be in store for the 150 Pontiac area residents who get their reservations into The Press by the May 23 deadline. Speaking of "Oklahoma!", that's the show with which most critics compare "Music Man."

Just as the Rodgers and Hammerstein production brought musical fame to the state of Oklahoma, they expect Meredith Willson's "Music Man" to put Iowa in the limelight.

Willson, who wrote the musical in its entirety, is from Iowa himself and has put into the show musical impressions from his childhood in a small Iowa town.

In expressing their enthusiasm for "Music Man," critics have said it "is as warm and American as apple pie," contains "the thump and rattle-dazzle of brass band lore."

Looking for adjectives to describe it, they seemed to settle on one expressive superlative — "the happiest musical."

The cost for the theater trip is \$187, covering air-transportation, hotel accommodations, theater tickets, New York delivery of The Press and other scheduled events.

Judge Refuses to Free Goff

Asks Prosecutor Drop Murder Charge Against Former Flint Racer

Oakland County Circuit Judge Frank L. Doty once again has refused to free accused killer Ray Goff of Flint.

Whether the 36-year-old former Flint motorcycle racer is to win his freedom now rests with the prosecutor's office, which has fought hard to send Goff to prison for the 1955 murder of the woman who jilted him.

Judge Doty suggested to Prosecutor Frederick C. Ziem and his Chief Assistant George F. Taylor yesterday that they drop the first-degree murder charge against Goff.

Will we know one another? Are we not to know all things; to know even as we are known, and if all things, then certainly one another? We must connect and identify the saints with Christ, who says that "where I am, there may ye be also."

Judge Doty made the suggestion after first listening to a defense motion that he drop the charge against Goff. At the conclusion of the five-day trial last month the judge denied a motion by the defense that Goff be acquitted on grounds of insanity.

He is accused of killing Mrs. Rita M. Cummings, 27, a Flint divorcee, back in August of 1955. He was declared insane by four psychiatrists and sent to Ionia State Hospital. The prosecution pressed for conviction when he was discharged last December.

A jury was dismissed March 4 by the judge when it could not reach a verdict. Although he refused to dismiss the charge himself, Judge Doty said "no self-respecting judge would allow a verdict of guilty to stand" against Goff.

GI Homeowners Warned of Gyp

Don't Give Up Equity to Racketeers, Advises VA Office

Veterans Administration and county officials have issued a warning to GI home buyers in the Pontiac area that they should check with them as soon as they encounter difficulty in making payments on home mortgages.

Floyd E. Cremer, deputy director of the Oakland County Veterans Affairs Dept., made this warning today on the heels of a disclosure of an alleged racket where GI's are being "fast-talked" out of their homes.

"In order that they do not fall into the trap of this scheme," Cremer said, "we urge those in trouble to check with us or their Veterans Administration office."

In brief, the scheme develops when a GI is about to have his mortgage foreclosed. He then is approached by one of the men in the alleged racket who offers to take over the equity on the home. The owner is unaware that under Michigan law he can stay in his home up to a year without making further payments.

The man that has taken over the home then rents it without making payments for the rest of the year, making a possible \$1,000 or more on it.

Bike Stolen, He Skates

DENVER (P) — A thief rode off with Edward Vigil's racing bike, Vigil, 21, immediately went out and bought roller skates, commenting, "A fellow's got to have some exercise."

The Day in Birmingham

City Commission Okays New Zoning Ordinance

BIRMINGHAM — The new zoning ordinance for the city of Birmingham was adopted by the City Commission last night. It will become effective immediately after publication.

Revised parking station and sign ordinances, brought into line with the regular zoning ordinance, also were adopted.

Commissioners approved the printing of 2,000 ordinance booklets to be sold to the public at a nominal fee.

Mayor William Roberts said he felt the Planning Board and City Planner Herbert Herzberg deserved a great deal of credit for the way they drew up the new ordinance.

There has been a minimum of public criticism against it, he said.

In the second public hearing last night, commissioners adopted a motion to recognize the need of access drives on the east side of Hunter boulevard north of Maple avenue. Plans and costs will be prepared shortly, the board said.

Birmingham Police today urged better care of bicycles. The department is getting its usual spring wave of stolen bike reports, due mainly to youngsters leaving them overnight in yards, drives and on unlocked porches.

Police also said that proper licensing of a bike will aid officers in its recovery if lost or stolen. As with motor vehicles, the bike license creates a police record of serial number and other valuable information in identifying the bike.

Liner Saves 1,200 From Burning Ship

(Continued From Page One)

Monday (11:50 a.m. EST) as it was playing through the northern Indian Ocean between the Red Sea and India.

HULK STILL AFLOAT

The City of Sydney radioed that the Skaubryn had been abandoned by 3:30 a.m. GMT today (10:30 p.m. EST Monday).

The burned-out, smoking hulk was still afloat when last seen by the City of Sydney.

Details of the rescue were slow in reaching the Western world because of the great communication distance.

School Aid Bill Passed Without Signature

LANSING (INS) — Michigan has a new \$236 million school aid bill today.

The governor permitted the bill to become law without his signature because he said it is a "second-best" plan for education. The controversial bill contains a special state tax on whisky and cigarettes to help finance state school aid.

Service for Michael Vettraine, 73, of 1 Valley Row, Bloomfield Hills, will be held at 9:30 a.m. Friday at St. Hugo of Hills Church.

Mass will be sung Monday at 10 a.m. Officiating will be the Rev. Francis T. Stack with burial in Holy Sepulchre Cemetery.

The Rosary will be recited at 8 p.m. Thursday at the Manley Bailey Funeral Home.

Mr. Vettraine died this morning at his home after a long illness. He had been gardener for the George Roth family and Cranbrook Institute for 33 years.

Surviving are his wife, Michela; three daughters, Mrs. Leon Ricelli of Birmingham, Mrs. Gerald Ross of Royal Oak and Annette at home; three sons, Dominic, John and Samuel, all of Bloomfield Hills; two brothers and three sisters in Italy.

SEN. McNAMARA RESIGNS FROM COMMITTEE — Sen. Pat McNamara (D-Mich) yesterday announced his resignation from the Senate Rackets Investigating Committee. McNamara, who has accused some committee colleagues of anti-labor bias, told newsmen he was quitting because "I don't want to waste any more time on this committee."

Waterford Flushing Out Water System at Night

The entire Waterford Township water system is in the process of being flushed, according to Clerk James Seeterlin, and the operation is being done during the night.

Seeterlin explained that residents would get a certain amount of rust, if they were to use the water during the flushing operation, so employees are working throughout of being flushed, according to Clerk James Seeterlin, and the operation is being done during the night.

Deaths in Pontiac and Nearby Areas

J. BURTON BAILEY

J. Burton Bailey, who owned and operated the Pontiac Heating Co., Drayton Plains before moving to Temperance 11 years ago died yesterday in Temperance. He was 57.

A member of Temperance IOOF No. 65, he also belonged to Rebekah Golden Glow No. 414 and the Rodd Encampment No. 32.

Survivors include his wife, Betty; his mother, Mrs. C. Hattie Bailey of Breckenridge; a daughter, Mrs. Louise Albertson of New York City; three stepchildren, Howard Wright of Ortonville, Joseph Wright of Clarkston and Mrs. Martha Winkler of Pontiac.

Also surviving are three sisters, Mrs. Edna Ferguson of Breckenridge, Miss Hattie A. Bailey, of Pontiac and Mrs. Clarice Mills of Mason; and three brothers, Stanley of Breckenridge, Harold of Walled Lake and Kirt of Novi.

Following the service at 1 p.m. Thursday in the Barnham Funeral Home in Temperance, his body will be brought to Ottawa Park Cemetery for burial at 3:30 p.m.

'..Hate Everything I Do,' Says Judy Holliday

By PHYLIS BATTELLE

NEW YORK (INS) — All you who are shy unto shaking at the thought of appearing before the public — behold your mentor, the titan of the twitch: Miss Judy Holliday.

"I am," said Miss Holliday, gently applying her false eyelashes. "Miss Coffee Nerves" of any year.

"I always hate everything I do. I throw up. Even if it's a crummy radio show with a script, I am scared senseless. You think other people get it this bad? ... Look at my palms."

She stretched out her palms. They were a dermatologist's dream on a bad night. "They start out just being sweaty, then they get blisters, then they peel. Any time you look at my hands and they're bumpy, you know I'm trying something new."

What's new? Miss Holliday was asked.

She replied that she is recording an album of songs, her first, with the throaty, belting voice she has developed for her role in the long-run musical "Bells Are Ringing." She says it's ridiculous, of course, that she should be nervous about singing in front of a mike, with no audience, but it's "new."

That's what she can't take, the newness of doing anything. "It's too much imagination, I guess. I can picture great failure and great success in my mind, with equal vividness. But when it comes to the moment to TRY the something new, only the failure stands out."

"When I'm day-dreaming, I know I'm just day-dreaming. But when I'm night-maring—that looks true. Very true."

Miss Holliday, who's known as a perfectionist in the theater, thinks most actresses are likely to be nervous, but not quite so violent about it as she. "Tallulah Bankhead, for instance, got really mad at me. I was appearing on a radio show she used to have, and Tallulah called in Ethel Barrymore to calm me down."

"She told Ethel, 'You've got

to do something with this girl—she gets nervous and cries and vomits.' And this made me

feel good—Ethel tells Tallulah, 'Lay off her. I'm 72, and every time I try a new show I don't

think I'm gonna make it.'" Judy smiled beatifically. "That

Then she shrugged. "It didn't help." There are two phases of her

personal life Judy doesn't want to discuss, from either a vision view-point or from fact. They are her recent divorce from David Oppenheimer after eight contented years of marriage, and the rumors of a once-hot, now-cold romance between Judy and her leading man, Sydney Chaplin. Of the latter, she says glibly: "That was a newspaperman's dream, that one—not mine." But you know how glibly her mind is. "They almost had me believing it."

Queen Mary No Longer to Rock 'n' Roll

SOUTHAMPTON, England (P) — Marine engineers took the \$1,237-ton steamship Queen Mary out to sea and deliberately rocked the boat as hard as they could. They announced today that they had taken just about all of the roll out of the luxury liner.

After the overhaul, costing nearly 1½ million dollars, the ship will resume her trips across the Atlantic Wednesday on the first real run with her new stabilizers. She is due in New York April 7. The designers predicted that the ship will not roll more than 3 degrees—that is 1½ degrees each way. The saving in smashed dishes alone should amount to thousands of dollars a year.

In her 23 years at sea, the Queen Mary has sailed through some ferocious weather, and on occasion has rolled 30 degrees.

The big vessel was taken off Land's End for the trials yesterday, and astonished skippers of other craft reported there seemed to be a drunken driver at the helm.

The ship was made to roll, by erratic steering and by using the twin stabilizers — two fine-like protruberances under the water on either side.

Rolls of 9 degrees were attained and then, with adjustment of the stabilizers, the vessel was brought to an even keel in a matter of seconds.

Cure Several Ills at Once

These 2 Exercises Are Bargains

By JOSEPHINE LOWMAN

I bend and sway,
 Do rolls and leaps,
 Until my family almost weeps.

But when I'm slim
 They brag and say,
 "Sure am glad
 You got that way."

Today exercise is so much a part of woman's life that it is not at all unusual for a man, upon his return home, to find his wife standing on her head in a corner, swinging her leg back and forth over the coffee table, or rolling

and bumping with sound effects somewhat similar to distant thunder.

Men may not like the mechanics of a beauty routine but they love the results.

Today I want to give you a couple of bargains in exercise. Actually, the average modern woman does not have time for long, laborious exercise routines. She wants a few exercises which do several things each. The following one is reducing and firming the hips and abdomen

and gives the waist a nice work-out.

Lie on the floor on your back with your legs straight and your arms out at your sides, shoulder height (resting on the floor). With stiff knees swing both legs over toward the left hand. Raise the legs up to right angles to the body.

Continue on toward the right until legs are resting on the floor at the right side of the body. Swing the legs from the right hand on around to the left hand, keeping the feet close to the floor but not

touching the floor. Again raise the legs up and continue.

Here is another which gives the abdomen a nice stretch and is corrective to round shoulders:

Lie on the floor on your abdomen, legs straight. Place the hands on the floor, one hand just a little in front of each bust. Straighten the elbows as you raise the head and trunk and arch the back. Keep the legs on the floor.

Quickly release the hands and rock forward. Place the hands on the floor and again straighten elbows, push from the hands and arch the back.

This is an easy exercise but it takes certain timing or knack. The secret is to keep the knees stiff (women always want to bend them) and arch the back well. Tilt your head backward as you arch your back. Soon you will find yourself rocking back and forth.

If you would like to have my "Combination Exercises" send a stamped, self-addressed envelope with your request for leaflet No. 5 to Josephine Lowman in care of The Pontiac Press.

Tomorrow: "Are You a Color Sissy? Get Out of 'One-Color Rut.'"

Scrub for Fitness

Scrub floors for physical fitness, advises a feminine expert on health. Some of the best exercises for women, she says, are done on hands and knees and utilize floor-scrubbing motions.

TELEGRAPH at HURON

Mon., Thurs., Fri. 10 to 9—Tues., Wed., Sat. 10 to 6—Sunday, 2 to 5

Even Girls Can Work for the FBI

NEW YORK (INS)—Even girls can work for the FBI—as office workers.

Like special agents, male and female clerical workers must undergo extensive investigations before they are hired, with special note made of their good character, associations, schooling, lack of police records, etc.

According to John E. Edwards, assistant special agent in charge of the administrative division of the New York office, clerical workers, typists, stenographers and secretaries all must hold high school diplomas. They must be at least 17 years old.

START AT \$2,900
 Clerical workers for the Federal Bureau of Investigation earn a starting salary of \$2,900, with typists receiving \$3,165 and stenographers \$3,450. From 5,000 to 6,000 hold such positions today.

The FBI holds classes for office workers to improve their typing and shorthand speed, enabling job-holders to jump from one category to another. Another possibility for would-be FBI employees is the specialized technical fields, in which Edwards admitted "There aren't too many openings."

Chemists, toxicologists, cryptanalysts and similar highly specialized people are hired from time to time as laboratory staffers.

Girl Scouts Invited to Visit Sherwood

Troop Tramping Day will be held at Camp Sherwood, Girl Scout resident camp near Lapeer, on Monday, April 7, from 10 a.m. to 2 p.m.

Brownies, Intermediate and Senior Scouts, accompanied by their leaders, have been invited to visit and to explore the camp. Visitors have been advised to bring lunches as no cooking facilities will be available that day. Candy and beverages will be sold at the snack bar.

Low, Shapely Heels Hold Spring's Colorful Shoes

Send 35c in coins for this pattern—add five cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Once upon a time, a girl went out and bought a pair of navy blue pumps for spring.

In 1958, she'll need (and want) a shoe wardrobe which includes the T-strap pump, the low-heeled evening shoe, the eyelet tie, the sandal combining two or more colors and the pump in one or two colors. She may, of course, want shoes other than these but these are certainly basic.

She'll have her pick of soft, light leathers which have a glove-like feel on the foot. She'll also be able to buy, for the first time, the shoe with the washable white leather sole.

As heel heights become lower, they also become much more shapely. They curve under the shoe in a very good semblance of 18th Century elegance.

Brilliant prints on leather and vivid colors coupled with lightweight construction make shoes a real spring tonic.

The trend to lower heels has brought back that favorite of the 1930's: The stacked heel. It's used both for casual and for daytime shoes.

But the 1958 version is slimmer and more graceful than the original. And it's paired with a leather upper in a far lighter weight.

Extended leather soles appear on dressy shoes as well as on casual styles. The new white washable sole leather is a story in itself, and a fascinating one.

In addition to the operas he wrote with W. S. Gilbert, Sir Arthur Sullivan also composed, on his own, songs and oratorios.

Citizens, Police Join Roundup of Cattle in Streets

EL DORADO, Kan. (AP)—An impromptu rodeo developed in El Dorado's business district last night, with all available policemen and about 2,000 residents taking part.

A Santa Fe freight train and a truck hauling 22 yearling cattle collided at a downtown crossing. The impact spun the truck into a parked car and both vehicles crashed through the front of a store.

The cattle got loose and stampeded through the business district. A big crowd gathered and finally rounded up all the cattle. The truck driver, William Rosenkrantz, 65, Moline, Kan., was not hurt seriously.

Anna Taylor, a woman, was the first person ever to go over Niagara Falls in a barrel and survive. This was in 1901.

Hal Boyle Says:

If He Smokes Your Pack, Look Out, Girls

NEW YORK (AP)—Science at last has done something positive for single girls anxious to pick the right kind of husband.

How can a sincere girl be sure what kind of a personality a man

has? It's very simple. All she has to do is find out whether he smokes—and how much.

For a recent scientific study of some Harvard students disclosed

an interesting thing about the habit of smoking. It seems to divide the sheep and the goats.

The study showed that heavy smokers have peppery personalities. They are independent, rest-

less, and if there is a war on they want to grab a gun and go right into combat. But this same aggressiveness and independence makes them something of a problem in the home. They have a lot of marital troubles.

Nonsmokers, on the other hand, tend to have porridge personalities, the survey found. They are bland as skim milk and dependable as a time clock. If there is a war they prefer to be the man behind the man at the front. They are more likely to make safe, obedient husbands.

A girl now has a simple guide for picking the kind of mate she wants. All she has to do is carefully open a pack of cigarettes and hand it to the potential victim.

If he draws back with a look of utter horror on his face, she knows another girl.

that here is a guy who will carry out the garbage for her uncomplainingly all his life. He will probably also hang the living room drapes for her, and perhaps even sew them himself.

If he accepts a cigarette, takes a tentative puff and turns green, she knows about him, too. He will always bring his paycheck home in his mouth, have a peaceful basement hobby, and hold the umbrella over her head when it rains—and let his own head get wet.

But if he snatches the pack, smokes them all himself, then tries to borrow money from her to buy another pack, well—a girl had better beware of this cad. He may become a great boudoir buddy and make a million dollars. But he is just as likely to run away from home and spend most of his million bucks entertaining

Security for You

No More Ulcers, Says Retired Walter

Walt House had the usual fears about retirement:

Will my wife and I have enough money to live on? What will I do with my time? How long will I last without a full-time job?

He wished he had more time to think, to get ready. But, he had no choice. He had to face the fears.

Although only 62, his nerves were shot and his ulcers were painful.

His doctor told him: Stay on your job six months longer and we'll put you six feet under.

"The way I feel now," he told me recently at his home in North Cape May, J. J., "I'll never die."

His employer, a container company of N. J., relieved him of one of his fears. It gave him a lifetime pension, although it had no regular pension plan for its employees at the time.

Combined with his Social Security and some money he'd saved, the pension is enough to keep the Houses financially sound.

"We do worry some about the rise in the cost of living," Mrs. House explained. "Things are going so high that we may not be able to live as well as we have been."

Walt House easily handled most of the other worries himself. The solution: He's been active in retirement, just as he was active on his job.

The difference is that he no longer has to meet any time schedule for his activity. The change in pace has calmed his nerves and healed his ulcers.

Much of his retirement activity has been possible because the Houses moved into a new home shortly before he retired.

Since moving in, he's done such things as add a porch-sitting room on their home, build a picket fence and make his yard look like a flower show.

His home improvements have been so extensive that House figures the place is now worth about \$11,000 instead of the \$6,700 he originally paid for it.

But, he hasn't confined his activities to changing the scenery around home.

Because of the large number of retired people living in the same housing development, House also spends a lot of time using his car to take neighbors to the doctors, to the grocery store or anywhere else in the vicinity they might want to go.

And during the fishing season, House spends a good deal of time

in his boat out on Delaware Bay which is only a few hundred yards from his front door.

"You know, since I've retired," he told me, "I've discovered it's against my nature to sit around and do nothing. So, I don't have to force myself to work or be active. I've got to keep putting around. It just takes a little longer to get started than it used to."

Questions on Social Security problems may be addressed to "Social Security," care of The Pontiac Press. Questions will be answered by mail from the Pontiac office of the Social Security Administration. There is no charge for this service. You may obtain Ray Henry's new social security handbook by sending 35 cents in coin to this newspaper and requesting "Security for You" booklet.)

Karakelic, Turkey is the world's most law-abiding community. Not one of its inhabitants ever has been arrested or brought into court in 99 years. Karakelic has an approximate population of 450.

RELIEVES ALL 5 KINDS OF MINOR ARTHRITIC-RHEUMATIC-BURSITIC PAIN

New Rub-On Medicine Gives Quick, Temporary Relief of Pain Due To: (1) Stiffness (2) Aching Joints (3) Irritated Nerve Endings (4) Muscle Spasms (5) Swelling

From Anahist Research Laboratories comes a new, safe, medically proved formulation named Stim-U-Rub, because it stimulates blood. Minutes after you apply it, you can see a warm, red glow appear on the skin... as blood is rushed to the area.

You can also feel the blood heat spread like a blanket of soothing warmth over painful joints and muscles. Scientists, using electronic skin thermometers, report: "Stim-U-Rub raises skin temperature over pain areas

as much as two full degrees, in minutes." Stim-U-Rub also speeds pain-relieving medication right to where blood circulates.

(1) Pain of stiffness is relieved. (2) Joint aches eased. (3) Irritated nerve endings soothed. (4) Muscle spasms decreased. (5) Swelling of swelling eased. So, Stim-U-Rub relieves all 5 kinds of minor arthritic-rheumatic-bursitic pain for periods that may last for hours, helping you to sleep the whole night in comfort.

Get Stim-U-Rub at any drug counter. If not 100% satisfied, return the unused portion and your money will be refunded. Anahist Research Laboratories, Yonkers 2, N. Y.

After Struggling to Top Academy Award Winners Riding Crest of Popularity

(This is the last of three articles tracing the life and career of Alec Guinness, who won an "Oscar" for his portrayal of the colonel in "The Bridge on the River Kwai.")
By ALLEN R. DODD JR.
LONDON (INS) — If the first stage of Alec Guinness' theatrical career was a struggle toward success, the first stage of his movie career was a headlong flight from it.

Guinness' portrayal of eight roles — including an aged woman — in the 1949 hit "Kind Hearts and Coronets" led to a string of other comedies, including "The Lavender Hill Mob" and "The Man in the White Suit." He could have carved a comfortable movie career by sticking to such roles.

But Guinness recalls that "my reaction was one of deep depression when a friend suggested I concentrate on playing comic little men."

So in between the comedies he returned to the stage to play the psychiatrist in T. S. Eliot's "The Cocktail Party" in London and New York and Hamlet in a 1951 London production.

His most notable dramatic role in films prior to "River Kwai" was that of the cardinal in "The Prisoner," a story loosely based on the experiences of Hungary's Cardinal Mindszenty.

Guinness made his first and only foray to Hollywood in September, 1955, to star with Grace Kelly in "The Swan." The picture was not what would be called a "box office" smash.

The quiet Briton — he'll be 44 next Wednesday — is determined not to be "typed" by his "Oscar-winning" performance as the humorless duty-bound colonel in "River Kwai." So he has plunged into filming a version of Joyce Cary's novel "The Horse's Mouth," an off-beat comedy. He's also writing the screen play — his first venture of this nature.

In the film, Guinness plays an elderly artist, just out of prison and penniless, but determined to resume painting. It is admittedly a box-office gamble, but Guinness, who isn't terrorized by box office polls, has a strong suspicion that formula movies are poor business. "It's usually the safe looking ones that are disastrous," he says.

Bandits Kill Mother, Injure Her Husband

LAWTON, Okla. (P) — Two bandits shot and killed a young mother and critically wounded her husband last night after binding the couple to chairs. The couple's 5-month-old child was unharmed.

Police said the bandits escaped with \$300 taken from a store where the husband worked.

The victim was Mrs. Ruth Zimmerman, 19.

Her husband Reggie, 22, was shot three times with a .25-caliber automatic pistol. He managed to get free about 30 minutes after the men escaped and stagger across the street to the home of a Lawton policeman.

Before going into surgery at a hospital, he told officers that the two men came to his apartment above Kenny Kleingraham's Army Goods Store. He said they forced him to give them cash from a safe in the store.

Then, he said, they took him back upstairs, tied him and his young wife with cord to the chairs and gagged him, then started firing.

Police Question Woman for Frying Dozing Mate
GRAND RAPIDS (P) — A wife who reportedly mixed boiling water, hot grease and a lye solution and dumped it on her sleeping husband faced police questioning in the case.

The 26-year-old woman told officers yesterday she and her husband quarreled when he denied her 30 cents for a pack of cigarettes. She waited until he was in bed, she told officers, mixed the solution in a pan and dumped it on him. The 34-year-old husband was treated for burns at a hospital.

Regular overhauling of a locomotive is considered necessary after every 60,000 miles; of a truck, after every 20,000 miles; of aircraft, after every 30,000.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And it's not just with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills. Doan's Pills act 8 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 16 million of kidney tubules. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

Hollywood Headlines Anita Ekberg in Bed; Hopes to Travel to Spain

By LOUELLA O. PARSONS
HOLLYWOOD (INS) — I wasn't surprised when Anita Ekberg said she was bedded with a severe cold. When I talked with her and Anthony Steel at the Academy banquet she had just flown in that day and, pretty as she is, she really looked sick.

Anthony told me that he leaves for Spain April 16 to star in a romantic comedy, "Honeymoon," by Michael ("Red Shoes") Powell who will also produce and direct.

"I am trying," Anita told me, "to leave with Tony the same day so that I can spend a week in Spain before I start 'The Man Inside' with Jack Palance in London."

In England, Steel has been voted one of the top ten stars for eight years.

A note from Sam Spiegel written just before he took off with his pretty wife for New York. He said he has definitely decided to do "The Chase" as his next picture.

With his Academy Awards for "Bridge on the River Kwai" and "On the Waterfront," he'll have no trouble getting the five top stars for whom he is negotiating.

He plans to make the entire picture in Texas, and a little bird tells me that he really wants Gary Cooper for one of the male leads.

No rest in sight for Rosalind Russell and Freddie Brissom. Freddie leaves the day after Easter for New York to activate three Broadway productions.

He tells me that "Roar of the Dove," the play he flew to London to see, will be one of these. Doris Day has the lead in the movie version but he hasn't yet set his star for the stage.

Another Brissom property, Patrick Dennis' "The Loving Couple," is being turned into a musical with Dennis and Carmen found.

Over 100 Persons Lost in Riverboat Sinking
RANGOON, Burma (P) — More than 100 persons are missing and believed drowned after the sinking of a Burmese river steamer caught in a cyclone.

The steamer went down near the port of Bassein, about 200 miles from Rangoon. It carried 123 passengers as well as crew. Patrick Dennis' "The Loving Couple," is being turned into a musical with Dennis and Carmen found.

Cured Cancer Group Opens Fund Drive

WASHINGTON (P) — The nation's first Cured Cancer Congress dramatized with messages of hope today the opening of a 1958 crusade to raise 30 million dollars to combat the disease.

The director of the government's National Cancer Institute, Dr. John R. Heller, said that 700,000 Americans now are being treated for cancer — but 800,000 have had it and been saved.

Heller reported that "we are on the threshold of breakthroughs" in understanding the nature of the disease and finding powerful new drugs to control it.

Of the 800,000 who have been cured, 40 met under sponsorship of the American Cancer Society. They were 9 to 76 years old, from 29 states and the District of Columbia, representing varied occupations and many types of cancer and its treatment.

The program included a reception at the White House by Mrs. Dwight D. Eisenhower, honorary chairman of the 1958 cancer crusade, and the lighting of a 30-foot Sword of Hope in a park on Pennsylvania Avenue.

Stock Prices Down Slightly

NEW YORK — Stock market prices drifted irregularly early today with a slight tendency toward the downside. Trading was quiet.

Most leading stocks showed fractional changes.

Steels, nonferrous metals and rails were slightly lower. Motors were barely changed with Chrysler easy. Aircrafts, oils and utilities were mixed.

The stock market embarked on the second quarter of 1958 with a net gain for the year so far. Brokers awaited the flood of first quarter reports of earnings and dividends which are expected to reflect the current lower rate of business.

The market was backgrounded by new reports of cutbacks and layoffs, a drop in the steel operating rate and lagging orders for steel.

U. S. Steel dropped a fraction. Bethlehem and Republic Steel were easy. Lukens was down about a point.

Phelps Dodge and International Nickel also took small losses. Anaconda eased. Southern Railway dropped a fraction. New York Central was easy.

Slight gains were posted for Boeing, Douglas Aircraft, American Telephone, American Tobacco and American Cyanamid. Union Carbide was off a major fraction. Gulf Oil dropped around a point. Royal Dutch, International Telephone and Radio Corp. were steady.

Opening blocks included: Aluminum Ltd. off 1/4 at 23 1/2; Raytheon off 1/4 at 24 1/2; General Motors unchanged at 25 1/2; Union Carbide off 1/4 at 8 1/2.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Markets by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Monday.

Livestock

DETROIT LIVESTOCK
DETROIT, March 31 (AP) — Cattle, calves, 2500. Bulk early supply slaughterers, limited showing, better bulk than good to low choice; cow supply increased over last Monday, about 40 per cent of early run; early trade choice steers and heifers steady to weak; good grade and under 25-30 cents lower; cows very slow, 50-60 lower; fall decline on utility carners and cutters mostly 50 cents lower; choice 80-110 to 100 cents lower; good to low choice steers 25-30-40, mixed good and choice steers 25-30-40, standard steers 22-30-35; utility 20-30-35, few choice lots heifers 85-90 to 27-30-35, good to low choice heifers 24-30-35, utility and standard 19-24-30, utility cows 17-20-25, later price paid rather sparingly early; calves and cutters 15-20-25.
Vealers, available 200. Opening slow, around steady, choice and prime 30-40, 30-40, standard and good 24-30-35, utility and utility 15-20-25.
Hogs, available, 900. Early sales butchers around 100 lower, some not fully established mixed No. 2 and 3 180-240 lb. butchers 21-20-21-25, mixed No. 1 and 2 21-20-21-25, few lots mostly No. 1 20-22-25, No. 2 and 3 240-300 lbs. 20-20-25.
Sheep, available, 2000. Early sales slaughter lambs weak to mostly 25-30; lower, sheep steady, most choice and prime shorn lambs 22-24-25, good shorn lambs 21-20-22-25, two lots choice wooled slaughter lambs 23-30, utility and good wooled lambs 18-20-22, cull to choice slaughter sheep 6-10-12-15.

Poultry

DETROIT POULTRY
DETROIT, March 31 (AP) — Prices paid per pound for No. 1 top quality live poultry up to 10 a.m.
Heavy type hens, 30-32; light type hens, 28-30; heavy type broilers and fryers, 24-26; white, 24-25; capons under 3 lbs., 25-27; 3 1/2-4 lbs., 30-33; ducklings, 31-32.
More newspapers, 58,000,000, are purchased every day than the total number of major league baseball tickets bought in the past three years.

CALL ON SENATOR POTTER — While in Washington, D. C. last week to testify before the U. S. Senate Banking and Currency Committee, Harold K. Schone (fourth from left), acting director of the Oakland County Public Works Dept., and other county officials, visited with Michigan Sen. Charles E. Potter. From left to right other officials included: Bernard Hillenbrand, director of the National Assn. of County Officials; Hiland M. Thatcher, vice chair-

man of the Board of Supervisors; Robert Allen, deputy corporation counsel; Schone; Daniel W. Barry, drain commissioner; Sen. Potter; R. J. Alexander, deputy director of public works for Oakland County; John G. Semann, chairman of the supervisors' drain committee; and Delos Hamlin, Oakland County Board of Supervisors' chairman.

To Preview City's Traffic Study

A preview of Pontiac's eagerly-awaited transportation and highway study will be staged before a host of officials at City Hall next week.

A score of local, county and state agencies plus representatives from 12 nearby communities have been invited to hear a preliminary report on the \$17,000 study by the Evanston, Ill., firm of George W. Barton & Associates concerning the Pontiac area's street, highway and parking needs.

Heading the list of invited organizations is the Downtown Pontiac Assn., which financed the study.

The study covers four big points:

1. A 1975 pattern of thoroughfares for the city.

2. Evaluation and recommendation of the best interstate route for Pontiac.

3. Listing of traffic improvements that can be made now to fit in with the 1975 pattern.

4. General overall appraisal of downtown off-street, on-street and private parking facilities.

Other agencies and organizations invited to send representatives to the meeting: The State Highway Department, Oakland County Board of Supervisors, Road Commission, Planning Commission and Department of Public Works; Detroit Metropolitan Area Regional Planning Commission, City of Detroit De-

partment of Public Works, Inter-City Highway Commission, Huron-Clinton Metropolitan Authority, Michigan State University, Pontiac State Hospital, General Motors Corp. divisional plants in Pontiac, Grand Trunk Railroad, Pontiac City Lines and Greyhound Lines.

In addition, representatives are expected from Rochester, Keego-

Harbor, Sylvan Lake, Troy and Avon, Bloomfield, Independence, Orion, Oxford, Pontiac, Waterford and West Bloomfield Townships.

Pontiac City Commissioners and members of the city's administration and Planning Commission will be on hand along with representatives from the Barton firm and Geer Associates, the city's planning consultant firm.

Transport Strike Idles 4 Million French Workers

PARIS — A nationwide 24-hour transport strike today left an estimated four million French workers off the job.

A million transport and allied workers went on strike. Lack of transportation kept the others from their work.

The walkout was called by France's three major trade unions in protest against rising living costs. It went into effect at 4 a.m.

Trains, buses and subways were idled all over France. A few suburban trains were running. Airline traffic was halted.

Garbage collectors were out. Gas workers stayed home. Pressure was low in all the Paris gas mains.

Electric power also was curtailed.

The strike put a crimp in the start of a much-heralded campaign to clean up Paris. Garbage was not collected, streets were not swept, and 6,000 wastepaper baskets scattered throughout the city to discourage littering the sidewalks were not emptied.

Tot Struck by Auto Driven by Father

A two-year-old Leonard boy is in fair condition today at Pontiac Osteopathic Hospital after being accidentally run over by a car driven by his father Monday, according to Oakland County Sheriff's Deputies.

William Wolfe, son of Mrs. and Mrs. Lee Wolfe, of 4991 Haggerman Rd., suffered a compound fracture of the right leg and a fractured skull, said deputies.

His father said he had just left the house to go get a can of oil and didn't know his son was following him. He ran over his son while backing from the driveway, he told deputies.

Accused Arsonist Mute Facing Court in Lapeer

LAPPER — LeRoy L. Roberts, 20, charged with arson, stood mute when arraigned in Circuit Court yesterday afternoon.

A plea of not guilty was entered for him by Circuit Judge Timothy C. Quinn.

Roberts, of 1432 N. Saginaw St., is accused of setting fire to six homes and barns in Lapeer, five of them within the past three months.

Ruling on Dixie Under Protest

No Left Turn Proves
Confusing to Motorists,
Blocks Access

An official protest will be sent to Michigan State Highway Department from Waterford Township officials concerning the no left turns from Dixie highway to Williams Lake road on the west and Walton Boulevard to the east.

The action was approved at last night's regular board meeting, and members said no prior provisions had been made for traffic access to either of the roads from Dixie highway.

Motorists have become confused by the newly installed no left turn overhead light and signs on the sides of Dixie highway.

The only access for traffic approaching Pontiac from Flint is a small road that cuts across a black-top parking lot owned by the National Food Store and traffic moving from Pontiac to Flint must use an unimproved gravel road near the A & P store on the east side of Dixie.

In other board action, members heard protests from a delegation of residents living in the Chetolia Shores subdivision because of public dumping of refuse on two vacant lots at Chipmunk and Oregon streets. The board plans to investigate the situation today.

The problem of parked cars in the Cass-Dodge Park area was again brought to the board's attention. A resident of the area, J. R. Fitzpatrick, requested board action be taken as to charging parking rates on owner's vacant lots. He said, "The people park their cars on our property anyway so we feel that we should be paid for that privilege." The board agreed but no action was taken.

Recreation director Tom Belton presented a request for \$1,500 for improvements at the Drayton Athletic Field. He specified that a new backboard, score sign and drainage facilities were needed. A personal survey will be made by board members today before taking action.

A request from the board of education for the extension of a water main from the Watkins Hills subdivision 470 feet to a proposed elementary school was tabled for further consideration.

The offer by a local real estate firm of two lots on Woodhull Lake for recreation purposes was also tabled. The property has three year delinquent taxes owing and this must be cleared up before township acquisition.

The board voted to close the township offices at noon Good Friday.

We Help Renters Become Home Owners

Come in real soon and let's have a chat about homes and see how we can help you own one of your own.

Hospital visitors began using the Seminole avenue entrance on the west side of the hospital addition.

The former main entrance, on Johnson avenue, has been closed temporarily, hospital officials said, while contractors work on that portion of the original building.

The hospital's new information booth, admissions office, administrative wing and emergency suite are all accessible from the new Seminole avenue entrance.

Teachers Leave Fields

WASHINGTON — Of the 1956 college graduates prepared for high-school teaching, 9.3 per cent chose other occupations, according to the National Education Assn. Only 2.1 per cent of those prepared for elementary-school teaching during the same year chose other jobs.

Rules on Heating to Be Considered in Waterford

All heating contractors and persons interested in a heating ordinance for Waterford Township have been asked to attend the Electrical board meeting at 7:30 p.m. Thursday, April 10, according to Clerk James Seeterlin.

Purpose of the meeting is to discuss the possible adoption of rules regulating new heating installations and the relocation of heating units in older establishments.

Although there are rigid regulations pertaining to every other phase in construction work, there is no set standard for building inspectors to follow regarding furnace installations.

The need for the adoption of such an ordinance, became apparent when complaints from new homeowners regarding inadequate heating facilities, were received at the township hall during the recent sub-zero weather.

Waterford Township Fire Chief Edward Smith, said that many fire calls were due to faulty installations of heating units, and that here is danger in the lack of adequate inspection.

Prescribe Bread, Honey

ROME — Bread and honey were popular applications for eye disorders among the early Romans. Celsus, a famous Roman doctor, believed honey soothed and gave strength to his patients. On the swelling of sties he applied wads of soft, hot dough from inside loaves of freshly baked bread.

REWARD PONTIAC MOTOR — A plaque has been presented to the Pontiac Motor Division by Junior Achievement groups of Southeastern Michigan, in appreciation for the company's sponsorship during the past six years. Enoch Eley,

center, assistant divisional comptroller, accepts the award from Douglas Presto. Looking on is Peggy Lesner. The birdcage planter and wheel-can planter are JA products.

News in Brief

Mrs. Charles Ware, of 50770 Pontiac Trail, Wixom, reported to Oakland County Sheriff's Deputies Monday that someone had stolen a total of 60 chickens from a chicken coop behind her home.

Oakland County Sheriff's Deputies reported Monday that a total of about 75 gallons of gas had been stolen from school buses at the main bus depot in Ortonville.
