

REASON TO SMILE Up to \$1 million was pledged today by General Motors to the St. Joseph Mercy Hospital building drive. In a brief ceremony (from left) Thomas F. Wiet, chairman of the GM Plant City Com-

\$1 Million Pledged to Hospital Fund

The St. Joseph Mercy Hospital Building Fund campaign was given a tremendous boost today with the announcement that General Motors has pledged \$1 million toward the \$3,250,000 goal.

The announcement was made by Calvin J. Werner, a General Motors vice president and general manager of GMC Truck & Coach Division, and Thomas F. Wiet, chairman of the GM Plant City Committee and general manager of the Pontiac Fisher Body Plant.

In a joint statement they said the pledge was made "in recognition of the increasing need for expanded hospital facilities to better serve both our employees and their families and other area residents."

"We recognize the importance of the availability of a modern hospital and realize the great need that exists at St. Joseph," Werner and Wietborn stated.

Werner and Wietborn turned over a giant-sized pledge card to E. M. Estes, general chairman of the St. Joseph's Hospital Fund Drive.

ESTES, a GM vice president and general manager of Pontiac Motor Division, said he was both "pleased and gratified" by the pledge.

The General Motors gift is in the form of a subscription to be paid over a three-year period, and is the nature of a challenge to the rest of the communities served by St. Joseph.

Estes revealed that payment of the gift is contingent upon other industry and individuals providing the balance of the campaign goal.

General Motors will give \$1 for every \$25 contributed from other sources, up to the total pledge of \$1,000,000.

The pledge, it was pointed out, was one of the largest single hospital campaign gifts ever made by General Motors.

Werner and Wietborn, in their statement, pointed out that the GM pledge was determined by the number of beds actually used at St. Joseph each year by General Motors employees and their families and in accordance with a formula developed by the campaign leaders.

"General Motors recognizes that the continued development of any industrial community extends beyond the plant facilities."

"Because of the large percentage of Pontiac area residents who are employed by General Motors there is an even stronger interdependence between GM and the community of Pontiac," Werner and Wietborn added.

Commissioners Rule Out Citizens' Tax Study Group

Pontiac will not have a citizens' committee study of the city's fiscal problems, it was formally decided last night by the City Commission.

Despite strong expressions by the commission's leadership, the seven-member panel voted 5-2 against appointment of a citizens' committee.

Mayor William H. Taylor Jr. and Mayor Pro Tem Leslie H. Hudson were alone in voting in favor of the study group.

Prior to the vote, both commissioners claimed that there had been no decision made on the committee question at Monday night's informal meeting.

The commission discussed the matter at its informal session, but commissioners were not polled at that meeting.

DISCUSSION RENEWED

Discussion was renewed last night on the proposal for a study of city finances and possible recommendations for added revenue.

Commissioner John A. Dugan led off the opposition to the study committee. He said he would not be rushed into appointing a committee that could only recommend some other tax.

Dugan added that he thought the city had the best committee it could have when the income tax was proposed.

"We had the best committee in the city in the city manager, the staff and this commission," said Dugan.

ONLY 2 WAYS

"Let's not kid ourselves," continued the District 5 commissioner, "there are only two ways (the income tax and a property tax) to get more revenue."

Asks Pay Hike for Military, U.S. Workers

WASHINGTON (AP)—President Johnson asked Congress today to give pay increases costing \$853 million a year to military personnel and federal white collar workers.

Johnson, in a special message, proposed a 3 per cent across-the-board pay raise for all Civil Service workers, postal employees and members of the Foreign Service.

For military personnel who have had at least two years' service, an average increase of 4.8 per cent in total compensation—base pay plus allowances and fringe benefits—was proposed. Enlisted men who have served less than two years would get an increase averaging 2.7 per cent.

Millage Plan Backing Given by Tax Board

Vote to Ask Hearing Immediately Before Senate Committee

Oakland County's Tax Allocation Board went on record today as strongly endorsing passage of proposed legislation to retain the variable millage concept which permits a different tax rate in sections of the same school district.

In action following hearings this morning on preliminary school budgets, the board voted unanimously to request an immediate hearing before the State Senate Taxation Committee regarding the proposed legislation.

Loss of variable millage would mean an estimated revenue loss of \$550,000 for Pontiac Schools. Waterford Township Schools would lose \$43,000.

Senate Bills 624 and 625 introduced by Senator Sander M. Levin of the 15th District would retain the variable millage concept and are currently the subject of hearings by the Senate Taxation Committee.

If the bills don't leave committee before Friday's deadline, they will automatically die.

SEND TELEGRAM

Daniel T. Murphy, chairman of the Oakland County Board of Auditors, said that a telegram was sent immediately to the Taxation Committee.

He said he was hopeful that a hearing can be scheduled tomorrow in Lansing.

The Oakland County Allocation Board began its hearings yesterday preparatory to spreading the 15-mill tax limitation for the county, school districts and townships by May 27.

In order for the pending Senate bills to take effect by then, they must pass both the House and Senate and be signed by the governor.

CAPTURE SUSPECT Robbery suspect Frank Capobianco (center) is held by police after he was flushed out of the Hazel Park city hall last night. Capobianco and two other captured men are suspected of being members of a wide-ranging post office burglary ring. (See story, Page A-2).

Tells of Trouble Marines, Paratroops Added to Viet Forces

Captain Had Repairs Made on Ship's Radar

SAIGON, South Viet Nam (AP)—Nearly 1,000 U.S. Army paratroopers and another combat battalion of 1,400 U.S. Marines landed in South Viet Nam today.

The paratroopers are members of the 173rd Airborne Brigade who came by boat from Okinawa to join about 2,000 members of the brigade already in Viet Nam.

A U.S. spokesman said they would help defend American installations at the Bien Hoa air base, 20 miles north of Saigon.

The Marines landed at Chu Lai, 52 miles southeast of the strategic U.S.-Vietnamese air base at Da Nang. They banded to 14,000 the force of leather-things thrown into the war against the Communist Viet Cong.

The Marine landing lacked the usual fanfare of pretty girls with flowers and official welcoming parties. A spokesman called it a "routine administrative affair."

The new arrivals raised the total U.S. military force in Viet Nam to about 46,500 men.

The paratroopers included an artillery battalion which its commander, Lt. Col. Lee E. Sullivan, 40, of New York City, said (Continued on Page 2, Col. 5)

St Ignace (AP) The captain of the sunken freighter Cedarville testified today he had been having trouble with the ship's radar equipment earlier this spring.

But, said Capt. Martin E. Joppich, he had received no complaints about the Cedarville's radar since it was serviced about a month ago.

The Cedarville sank Friday with the presumed loss of 10 lives following a collision with the Norwegian freighter Topdalsfjord in the fog-shrouded Straits of Mackinac.

Joppich appeared today at a Coast Guard board of inquiry, which had convened to hear testimony about the crash.

By the end of the morning session, he still had not referred to testimony by the Topdalsfjord's captain, Baarnus Hauland, that the Cedarville made a drastic turn immediately before the crash.

A surprise development at today's session of the hearing was introduction of the still-wet log of the Cedarville, which divers (Continued on Page 2, Col. 5)

Craft Expected to Send Back Surface Facts

Spaceship May Pave Way for Future Visit by Crew of Soviets

MOSCOW (AP) The unmanned Soviet spaceship Lunik 5 hurtled toward a rendezvous with the moon today. The Russians hoped it would land gently and start sending back information needed for a manned flight to the moon.

The 3,250-pound spacecraft, launched Sunday from an orbiting earth satellite, was expected to come down gently near the moon's south pole on a plain known as the Sea of Clouds.

The official news agency Tass said the Lunik would reach the moon about 10:15 p.m. — 2:15 p.m. Pontiac time.

The United States does not plan to soft-land an instrument package on the moon until 1966.

If Lunik succeeds in letting itself down gently on the moon's surface, it will take two big steps forward in the space race:

- It can sit on the surface and radio back to earth data of a kind that has not been possible to obtain from photographs made by craft that crashed into the moon.
- It will show whether a man can land on the moon with presently available types of space systems.

FIRST TESTING

Tass said that "elements of the system of soft landing on the moon are being tried out for the first time on the automatic station Lunik 5."

An earlier version of this announcement said only that the spacecraft carried equipment for a soft landing.

Previous Soviet and American moon shots have either crashed into the moon, stopping the flow of radioed information, or missed it.

Scientists have said that once a soft landing is achieved, electronic devices could analyze substances on the moon's surface and send the information back to earth. Such information could be a big factor in the continuing controversy over the moon's origin.

ESTABLISH FACTS

Scientists have said, too, that similar soft landings on the planets could establish if life exists there and perhaps reveal the origin of the solar system.

Tass said that according to (Continued on Page 2, Col. 7)

Federal Money for Area Needy

Grant to Aid Families in 4 School Districts

The Oakland County Economic Opportunity Commission will receive a federal grant of \$192,357 earmarked to help needy families in Pontiac and three other county school districts.

Announcement of the grant was made today by U.S. Senators Patrick McNamara and Philip A. Hart.

It comes from the Office of Economic Opportunity which last month gave the county an initial grant of \$77,331 to launch an antipoverty program.

Also benefiting from the grant announced today will be the Oak Park, Ferndale and Hazel Park school districts.

No breakdown of the total between the four districts was specified, however Pontiac had requested \$75,000.

Funds earmarked for the Pontiac school system will be used to establish three school community action centers to serve the 7,000 predominantly Negro students in census tracts 99 and 100, the South Central area of the city.

Services at these centers will include job training, work study programs and classes for the handicapped, illiterate and dropouts.

Remedial reading classes will be enlarged to serve 400 tract residents and 100 residents of other parts of the city.

Of State Osteopathic Group

City Doctor Named Chief

A local physician and former chief of surgery at Pontiac Osteopathic Hospital is to be installed tonight as head of the Michigan Association of Osteopathic Physicians and Surgeons (MAOPS).

Dr. Ben F. Dickinson, 50, will officially assume his duties as MAOPS president at the banquet which concludes a five-day MAOPS convention and House of Delegates session in Grand Rapids.

Dickinson is slated to address the convention on progress made in the effort to establish a new Michigan College of Osteopathic Medicine here.

A 164-acre site at Opdyke and Auburn has been offered for the new medical school. The site was purchased through a local fund drive.

Dickinson, instrumental in the local campaign, has been ac-

active in the MAOPS, serving four years on the association's state board of trustees.

ONE-YEAR TERM

In 1960, he served a one-year term as president of the Oakland County Osteopathic Association.

He was chairman of the surgery department at Pontiac Osteopathic Hospital for eight years.

Dickinson also has been chairman of the staff at Detroit Osteopathic Hospital and was president of the Pontiac Hospital Corporation for 10 years.

Married and the father of three children, Dickinson resides at 2108 Vinsetta, Royal Oak.

He has offices in the Pontiac State Bank building.

DR. BEN F. DICKINSON

Sunny and Warmer Seen for Tomorrow

Sunny skies and warm temperatures are the forecast for the Pontiac area through Friday morning, with a chance of showers late Friday afternoon or evening.

Temperatures will fall into the 40s tonight, then climb to 65 to 73 tomorrow.

Morning winds, southwest-ly at 10 to 20 miles, will shift to northwest to north late this afternoon or evening, then become light and variable by tomorrow afternoon.

A low of 48 was recorded in downtown Pontiac prior to 8 a.m.—The 2 p.m. reading was 75.

Clerk Pleads Guilty to Driving Charge

County Clerk-Register of Deeds John D. Murphy this morning pleaded guilty to driving under the influence of liquor and was fined \$100 by Birmingham Municipal Judge John C. Emery Jr.

Murphy's drivers license also was taken away, an automatic procedure under state law. It will be sent to Lansing for official revocation.

Murphy's trial was scheduled for 1 p.m. today, but he arrived at the court at 8 a.m. and entered his plea.

Murphy, 51, of 710 Catalpa, Royal Oak, was charged March 31 after his car swerved off Woodward at Merrill and narrowly missed hitting a store, according to Birmingham police.

Support 'Defender'

County Dems Back Addition of Judge

By JIM LONG

The Oakland County Democratic Committee last night endorsed the addition of an eighth circuit judge to the Oakland bench and the establishment of a public defender system.

Both actions were in opposition to the stand already taken on the two issues by the Republican-controlled Oakland County Board of Supervisors.

The judges themselves also have stated that they do not need help at this time.

Bills are currently pending in the state legislature that would increase the size of the county circuit court by one and set up a full time office that would provide legal counsel for indigent defendants.

The committee, meeting in the supervisors' auditorium for its quarterly session, unanimously supported both proposals. Resolutions were recommended for the public defender bill which will be forwarded to county legislators in Lansing.

BILL CHANGES

Two significant changes were made in the original bill, according to Birmingham attorney George Fulkerson, who headed a study committee to investigate the public defender system.

The committee, meeting in the supervisors' auditorium for its quarterly session, unanimously supported both proposals. Resolutions were recommended for the public defender bill which will be forwarded to county legislators in Lansing.

The committee, meeting in the supervisors' auditorium for its quarterly session, unanimously supported both proposals. Resolutions were recommended for the public defender bill which will be forwarded to county legislators in Lansing.

BILL CHANGES

Two significant changes were made in the original bill, according to Birmingham attorney George Fulkerson, who headed a study committee to investigate the public defender system.

These modifications call for having a public defender enter the case in the very early stages of the proceedings and the deletion of a provision that would permit the public defender to act as counsel in civil actions where a person was unable to pay for an attorney.

The bill, as introduced in Lansing in February, does not state at what time a public defender should enter the case.

The Board of Supervisors opposed the public defender system on the basis that it would be too costly.

OWN DECISION

The board has asked for permission legislation that would allow counties to decide if the system is needed.

The pending bill makes it mandatory for counties with over 200,000 population to create the public defender post.

Presently, indigent defendants are provided court appointed attorneys.

Fulkerson said that the study showed "instance after instance where the appointed attorney was not properly compensated for the time spent on the case."

In answer to a question from

a committee member on whether a study had been made to determine the needs of a public defender in Oakland County, Prosecutor S. Jerome Brown, a Democrat, said that his office gets requests daily from convicts in prison who say their constitutional rights have been violated and want to appeal.

Their requests are sent to judges who appoint an attorney to pursue the case once the indigency of the defendant is confirmed.

In urging the adoption of the bill for the additional judge, Madison Heights attorney Ralph Johnson, spokesman for the committee of eight lawyers who studied the problem, said the Board of Supervisors apparently did not take into consideration the future growth of Oakland County and subsequent increased legal activity.

Three factors were cited by the board in opposing the eighth judge. They were cost, the constitution of the current docket and the fact that a county-wide judicial system of lower courts would be established in the near future to lessen the burden.

WEAK COMPARISON?

"The docket is good compared to Wayne or other counties," said Johnson, "but it doesn't mean that it is good enough."

He noted that there is now one circuit judge for each 99,000 persons in Oakland County and based on a projected population of 300,000 by 1970 each of the seven judges will be representing about 130,000 residents.

"Wayne County now has one judge for every 130,000 and their docket is pretty miserable," said Johnson.

BASIC NEED

"The addition of one judge is the very basic need for judicial strength in Oakland County."

He said that the bill for the additional judge should be kept mandatory so that the board of supervisors will have to accept the responsibility of providing facilities for the new jurist.

The judge would be elected in November, 1966, and take office in January, 1967.

The legislative committee of the Board of Supervisors has said that it would cost about \$100,000 to establish an additional courtroom plus an operating cost of \$400 a day.

RECOMMENDED

The additional judge for Oakland County, as well as increases for other circuit benches, were recommended to the legislature by the Michigan Supreme Court.

The study committee, which will continue its study of the entire court system, noted that its findings revolved the size of the Probate Court should also be increased.

The probate court needs six additional judges, the committee stated.

Another change has been tossed in to the confusing whirl of pairings for Mayors Election Day, the leadoff event of the Village of Pontwater, a small community near Lake Michigan.

However, Mayor William H. Taylor Jr. will not journey to Pontwater on May 17, the designated day for the switch.

Instead, Taylor will be in Pontwater May 21, because that's the day Pontwater has planned its celebration.

However, Pontwater Village President Edward A. Schimke will visit Pontwater May 17 as planned.

The exchange with Pontwater was arranged after two communities, Mattawan and Adrian backed out of previous pairings with Pontwater.

E. Pakistan Disfranchises

Prakist by Cyclones

Dacca, Pakistan (AP) — Cyclones raged through Dacca and other East Pakistan districts today — killing 20 people, injuring more than 100, uprooting trees, sinking barges and damaging hundreds of homes.

DANGER BEYOND—An American soldier puts barbed wire up at a barricade separating United States held territory in the corridor in Santo Domingo in the Dominican Republic. Tension continued in the divided city today.

Rebel Leader Won't Retreat

SANTO DOMINGO, Dominican Republic (AP) — Col. Francisco Caamaño Domo met a U.S. representative for the first time since the Dominican rebels named him provisional president, then vowed Tuesday night he would not "take a step back ward."

Caamaño conferred at his headquarters with former Ambassador John Barlow Martin, President Johnson's special envoy. The talk aroused speculation

can dead in the Dominican Republic rose to 14. **SNIPER CROSSFIRE**

A U.S. Army lieutenant was killed and seven other U.S. paratroopers were wounded Monday night when they were caught in sniper fire. The rebels continued the paratroopers were five blocks outside the U.S.-policed international safety zone. A U.S. spokesman said they were inside the zone.

U.S. forces brought up a 160mm field gun and blasted two rooftops where the snipers were believed hidden. At least two Dominican civilians were reported wounded.

A rebel spokesman charged that the U.S. troops have killed 22 unarmed civilians and wounded 11 since May 2.

The Organization of American States ordered part of its peace mission back to the Dominican Republic from Washington in a new effort to find a settlement.

Argentine Ambassador Ricardo Canabarro, chairman of the five-nation committee, flew to Santo Domingo accompanied by Ambassador Carlos Garcia Bauer of Guatemala. The three other committee members remained in Washington.

DETERMINED JUNTA

He derided the junta as "an imperious force" and charged anew that President Johnson sent 20,000 soldiers and Marines to the Dominican Republic on the false assumption that the country was threatened by a Communist take-over.

Caamaño has refused to meet with United States officials who purges several leading officers from the armed forces. His chief foe is Brig. Gen. Elias Wessin y Wessin, commander of the U.S.-led training base, who directed the forces that opposed Caamaño's rebel forces.

U.S. Embassy officials said Monday that Wessin had agreed to resign but later changed his mind. Instead, he would accept Wessin's resignation "if it is his wish."

The unofficial total of American deaths in the Dominican Republic rose to 14.

Captain Tells of Trouble

(Continued From Page One)

He recovered only shortly before from the sunken bulk of the U.S. Steel freighter—now under about 90 feet of water.

Divers also recovered today the body of Frank Donald Lamp, 46, of Rogers, Ark., chief engineer aboard the Cedarville. The find reduced to four the number of men still unaccounted for in the disaster.

Joppich said the Cedarville's radar equipment and its two radiophones both had been serviced March 16, but he said the ship had received complaints since about malfunctions of both.

He said the radar equipment was serviced a month ago after it failed completely, and that it had apparently been working satisfactorily since then.

A pledge of \$30,000 toward construction of a Michigan College of Osteopathic Medicine (MCOM) in Pontiac was announced yesterday.

The Women's Auxiliary of the Michigan Association of Osteopathic Physicians and Surgeons made the pledge at the closing session of the auxiliary's House of Delegates in Grand Rapids, where the 66th annual convention of the state association is under way.

The \$30,000 is to be donated to the Michigan Osteopathic College Foundation in installments over a five-year period.

Dr. Ben F. Dickinson, president-elect of the state association, said the \$30,000 pledge would be an incentive in the \$3 million fund-raising campaign.

The MCOM is to be built on a 164-acre site on Pontiac's east side.

Police Flush 3 From Building

Open Fire on Trio at Hazel Park Hall

HAZEL PARK (AP) — State and local police opened fire on the Hazel Park city hall Tuesday night in an 80-minute siege that flushed three alleged safecrackers from the building.

One of the three was cut slightly by flying glass as some 35 officers, fired pistols and lobbed tear gas grenades into the newly built structure. None of the men was armed when captured, and there was no return fire from the building, police said.

Police from nearby Detroit, Ferndale, Berkley and Oak Park joined in the siege.

Held at Hazel Park for further investigation were Kenneth Patterson, 25; Cashman Grabowski, 46; and Frank Capobianco, 30, Detroit, police said. No addresses for Patterson and Grabowski were immediately available.

Patterson was hospitalized with cuts.

Lt. Raymond McConnell of the state police said they had received a tip that a burglary was planned and he said police were watching the city hall.

Commissioners Nix Tax Study

(Continued From Page One)

Dugan added that at the state level both political parties were playing "loosey" on the state income tax issue.

Commissioner Robert C. Irwin commented, "It would appear that people would rather see us tighten our belts."

Commissioner T. Warren Fowler said that good publicity was the only reason he could see for appointment of a committee.

SEES NO NEED

"We just came through a battle," said Commissioner Wesley J. Wood, "and I think we know how the people feel. I can see no need for a committee."

Commissioner James Marshall said that Pontiac citizens had definitely rebelled against further taxes in dumping the income tax proposal.

Taylor and Hudson maintained that the city's fiscal problems could not be abandoned.

"I realize the state is moving this way (toward an income tax)," said Taylor, "nevertheless, we can't sit by and not consider the problem."

NEEDS STILL HERE

Hudson said the needs were still here and the commission should come up with a solution and recommendation for the people.

He contended that a property tax hike was not the only answer. Hudson claimed the city as a whole could be reappraised.

"We do need more money," said Taylor, "and the people will have to face up to this fact."

Although not a voting member of the commission, City Manager Joseph A. Warren was asked his opinion on working with a study committee.

Warren said that citizens' committee was a good device, but he thought that right now was not the proper timing for such a group.

The troops arrived at Vung Tau, at the southern tip of Viet Nam, on the troop transport Mann. Landing craft brought them up the Saigon River in Saigon. Sixteen trucks and ten buses took them to Bien Hoa, an hour away.

Other men of the brigade who arrived last week already have started some patrol activity in the vicinity of the Bien Hoa base but have not pushed out into the countryside.

An earlier report said additional U.S. helicopters would also arrive today, but military spokesmen said they knew of no

plans to bring in more choppers in the immediate future.

Twelve U.S. Air Force F105 fighter-bombers supported by 12 other planes attacked targets along five highways 160 miles south of Hanoi and then hit the North Vietnamese port of Vinh.

HIT ON WATER

A spokesman said buildings, trenches and a number of oil tankers and other maritime traffic in the harbor of Vinh were hit, then the Thunderchiefs on a second strike sank two 70-foot junks, heavily damaged a third and shot up a number of barges and boxcars. All the planes returned safely, the spokesman said.

Scattered ground clashes were reported throughout the country in what appeared to be a general upturn in the tempo of the war.

About 5,000 Marines are now concentrated at Chu Lai, U.S.

sees are to build an 8,000-foot jet airstrip there for two Marine attack squadrons that will give added air muscle in central Viet Nam.

The Marines at Da Nang, who now total about 9,000 men, have been assigned more than 100 square miles of additional territory west of the airbase to be cleared of Viet Cong. Originally the Da Nang Marines were said to be assigned only defense positions around the airbase.

To the south, the battle for the provincial capital of Song Be appeared over as an estimated 1,500 Communist guerrillas pulled back into the hills after a fierce daylong struggle that cost the lives of five American military advisers and 27 of the Vietnamese defenders.

AREA OVERRAN

The Viet Cong overrun Song Be, 74 miles north of Saigon,

early yesterday and held it for seven hours until U.S. air strikes opened the way for Vietnamese troops to retake the town of 15,000 people. Thirteen Americans and 86 Vietnamese were wounded. Viet Cong losses were estimated at up to 170 killed.

The retreating Reds tried to ambush reinforcements who were dropped by helicopter at the Song Be airstrip, but the troops landed south of the field.

There was speculation that the attack on Song Be signaled the start of a major Viet Cong offensive during the monsoon rainy season, which severely hampers air operations.

In Saigon, Deputy U.S. Ambassador Dr. Alexis Johnson had a narrow escape when a load of ammunition blew up in a movie studio adjoining his residence,

several days last night.

Other personnel shifts were reflected in the ouster of W. B. Hartman as city attorney, the appointment of the mayor to serve on the Oakland County Board of Supervisors and the resignation of Robert J. Stadler as director of public safety.

David C. Pence, a Pontiac attorney, was recommended by the new mayor as a replacement for Hartman, who has served as the city's counsel for some 30 years.

VOTE ON CHANGE

Vote on the change was three to two, with Colombo and Berardoff casting the negative ballots.

Frye, who said he had talked to Hartman as well as several candidates for the post, noted that Pence and his predecessor would work together to provide a smooth transition.

The new mayor also will represent the city on the board of supervisors, replacing City Manager Elmer Kephart.

In seeking the change, Frye said the new method would be more democratic.

The people of Bloomfield Hills should be represented in county government by someone they have elected, someone directly responsible to them — not an appointed official to whom the job has been delegated, he said.

TEMPORARY JOB

Stadler's resignation as director of public safety ended a "temporary" job which he started in 1957 when the post was created.

He asked that he be freed from the job to allow more time for his work as city clerk and treasurer.

House, Senate Units \$53 Million Apart on State School Bill

LANSING (AP)—The Senate and House were on a school aid collision course today as their education committees reported out bills a whopping \$53 million apart.

The House group went for a \$103 million increase over this year's aid program but it appeared likely to run into trouble in the House Ways and Means Committee.

The Senate Education Committee voted for a \$50 million increase after it was told by the appropriations committee that no more money would be available.

Both plans are well over the \$32 million increase recommended in Gov. George Romney's budget.

AID PROGRAM

The House aid program embodies the recommendations of state Schools Superintendent Lynn Bartlett plus a \$12 million aid program for building school plants.

The Senate pared down the \$91 million Bartlett proposal.

What finally happens to the school aid program apparently will determine how the 1965-66 state budget resembles Romney's proposals. Other spending

programs being drafted by the Democratic legislative majority are generally close to the Republican governor's recommendations.

The House committee recommendations are for a basic grant of \$200 per pupil and a deductible millage factor of 4.675. The higher the deductible millage factor, the more that aid tends to be channeled to needy districts.

\$245 GRANT

The Senate education committee proposal is for a \$245 grant and deductible millage of 4.25.

The existing formula is \$236.50 and 4.25. Romney proposed \$242 and 4.25.

The House included a \$2 million special aid grant for low valuation districts. The Senate proposed instead a \$9 million hardship aid grant administered under a more rigid formula.

Both education committees included \$7.5 million aid to the underprivileged, a \$6 million increase in payment of transportation costs and \$4.5 million for improved vocational education.

The House bill would mean school spending of \$484 million next year versus the \$380 million spent this year. The Senate version would cost \$431 million.

MUSCULAR ACHES-PAINS

Take PRUVO tablets when you want temporary relief from minor aches and pains, and body stiffness often associated with Arthritis, Rheumatism, Bursitis, Lumbago, Backache and Painful Muscular Aches. Less these discomforts or your money back.

SIMMS BROS. Dept. Store
98 N. Saginaw — Drug Dept.

Temperatures slightly in the 60s when the Senate Education Committee when Sen. Robert VanderLaan, R-Grand Rapids, sought to increase the basic grant to \$248.50 and the deductible millage to 4.50.

Thus, he said, would cost the same amount of money but distribute it more on a basis of district need.

Ask State Senate to OK College Building Funds

LANSING (AP) — A resolution required by practicality, not politics, was introduced in the Senate Tuesday to give legislative approval to \$30.6 million in self-liquidating building projects at seven state colleges and universities.

Atty. Gen. Frank Kelley ruled earlier this year that legislative approval is not needed by the autonomous school governing boards for self-liquidating projects whose cost is paid from revenue they generate.

But Sen. Garland Lane, D-Flint, Senate Appropriations Committee chairman and introducer of the resolution, said bond companies will not purchase revenue bonds issued for the projects without legislative approval of them.

Most of the projects are for student housing.

Controversy over the self-liquidating projects had been generated in the past when schools later asked for state money to pay utility costs at the buildings.

The resolution directed that

all operating costs of the projects, including utilities and depreciation be paid out of revenues and fees received from project operations.

The projects include:

- University of Michigan \$6.4 million dormitory, \$8.6 million dormitory, \$5 million basketball pavilion.

- Grand Valley \$1 million dormitory, \$250,000 kitchen and dining facility.

- Michigan Tech \$1.64 million dormitory, \$60,000 Wadsworth Hall dormitory addition, \$100,000 Houghton Hall kitchen remodeling, \$125,000 ski facility, \$300,000 Soo campus dormitory.

- Central Michigan \$3.08 million dormitories, \$633,000 married student housing, \$500,000 land acquisition.

- Eastern Michigan \$86,500 land acquisition.

- Northern Michigan \$6 million dormitories, \$1.5 million addition to University Center, \$250,000 acquisition of Northland Hotel property, \$137,000 land acquisition.

- Western Michigan \$125 million married student housing.

AP Photos

CHOW TIME — Mrs. Lyndon B. Johnson helps herself to the food at a picnic yesterday on the patio of Thomas Jefferson's Monticello in Charlottesville, Va. The First Lady was concluding a two-day trip through Virginia.

First Lady Pays a Visit to Famed Barter Theater

ARLINGTON, Va. (AP) — "This is my ticket," said Mrs. Lyndon B. Johnson, smiling, as she presented a tiny green seedling from a magnificent magnolia grandifolia that grows at the White House.

In their tradition of 33 years, the famous Barter Theater here accepted the offering of the nation's First Lady instead of a \$3 ticket to their performance of Shakespeare's "Julius Caesar" Tuesday night.

Behind Mrs. Johnson came a troop of prominent ladies, the vice president's wife and the wives of nine Cabinet members, to barter their way in, too, with sacks of potatoes, sorghum, cornmeal and a jar of pickles.

Mrs. Hubert H. Humphrey had some help tending a pot full of vegetables "to make a stew." Mrs. John T. Connor, wife of the commerce secretary, thought the theater might like a flash-light and Mrs. Honey Fowler, wife of the secretary of the Treasury, handed the ticket takers a pecan pie.

JOINS SPIRIT

To the delight of founder actor Robert Porterfield, the touring First Lady entered into the spirit of the theater, launched in the depression when victuals and gifts were considered as good as cash to the impoverished company of New York actors that sought to bring culture to the people here.

Porterfield told Mrs. Johnson

PERIOD DIFFICULTY?

(Advertisement) Irregular or acutely menarche may be symptomatic of functional disorders. Thousands find relief from periodic physical distress with this gentle homeopathic preparation. Ask your druggist for HUMPHREY'S "31." Note: No irritation, no prescription needed.

her potted seedling would be planted across the street from the Barter Theater, which is proudly advertised as located midway between New York and New Orleans on U.S. 11 in this southwest Virginia community.

The White House magnolia, a tall, inspiring tree near the south portico entrance, was planted by President Andrew Jackson and came from his home, "The Hermitage," near Nashville, Tenn.

Mrs. Johnson's overnight stop here was part of her two-day "landscapes and landmarks" trip through Virginia to boost tourist travel and highway beautification, two of her pet projects.

CITE PRODUCER

She gave a boost to culture, too, by joining the Barter Theater to present its annual award to Roger Stevens, a New York theatrical producer, honored for outstanding contributions to the American theater.

Fifteen years in the theater and producer of over 200 plays, Stevens, 55, a native of Michigan, is the president's advisor on the arts and heads the John F. Kennedy Center for the Performing Arts and the new National Council on the Arts.

With actors in costume standing alongside on the stage, Mrs. Johnson, in an apron and white brocade evening dress and coat, got a big hand when she paraphrased Shakespeare in making the award.

"Friends, Romans, countrymen, lend me your ears," she said. "We come to praise Roger Stevens because he is a man who deserves to be honored."

Goldwater Opposes TV Series

WASHINGTON (AP) — Barry Goldwater has told national Republican officials he opposes the plan of some party conservatives to finance a televised political series with left-over 1964 campaign funds.

National Chairman Ray Bliss and the heads of the party's Senate and House campaign committees have made it known they are distressed by the apparent intention of the conservatives to produce a series of documentaries plugging for the election of a Republican Congress next year.

Their objections have been based on the proposed format of the show — which would deal with crime, narcotics and such matters — and the fact that in their view it would be likely to drain off contributions that otherwise might become available to the National Committee.

The Washington officials were reported to have appealed to Goldwater, the 1964 GOP presidential nominee, to use his influence to help get the left-over campaign funds into the National Committee's currently lean treasury. Goldwater is understood to have agreed to help.

As outlined recently to the congressional campaign committee headed by Rep. Bob Wil-

son of California, the conservative project would be financed with a \$150,000 fund. In the programs, donations would be solicited to keep the series going.

Wilson's committee didn't think much of the idea of thus providing competition for its own congressional boosters club's campaign to snag donations of \$1,000 or more from big

givers to finance support of its publican candidates for the House next year.

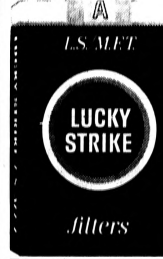

From what they learned of plans for the television program, the House Committee members decided they didn't want their group identified with the image that this might be created.

Bliss and Sen. Thurston B. Morton of Kentucky, chairman of the senatorial campaign committee, felt the same way about it.

Denied the official sponsorship they sought, the conservatives were reported to have decided they will go ahead without it.

"All I said was:

Show me a filter that delivers the taste and I'll eat my hat."

Carole Tyler Never Got a Chance to Write Her 'Inside' Book

WASHINGTON (AP) — Carole Tyler, a 26-year-old beauty with hazel eyes, knew how to keep her own counsel at the crucial moment.

Twenty years hence, with the

situation cooled off, she might have written a fascinating "I knew them when" book about operations in the nation's capital.

But that was not to be. The covers of the not yet written book were sealed forever Monday when her body, the chic hair-do straggly with sea brine, was recovered from the Atlantic just off Bobby Baker's Carousel Motel at Ocean City, Md.

Over the Carousel the plane flew, wagging its wings in greeting.

Then over the sea, where it looped and fell like a rock.

When the bodies were brought ashore, wrapped in purple blankets, Baker was there, weeping and saying:

"She was a very great lady, and to me, she was the greatest friend."

BAKER ASSISTANT

Miss Tyler was administrative assistant to Baker, who rose to affluence by extra-curricular deals when he was secretary to the Democratic majority of the Senate. When Baker's downfall came, she continued to work for him, lately on secretarial duties at his Carousel Motel.

Called before a Senate investigation, she denied any wrongdoing. Refusing three dozen times to answer questions, including questions about Baker's operations, she took the Fifth Amendment and said on advice of counsel:

"I pray that the public will keep an open mind regarding me in order to insure that no further irreparable injury results to my reputation."

HER TOWNHOUSE

Later she took the press to

task as unfair to her. It was not really true, she said, that Baker bought a \$28,000 townhouse in Washington for her and another

secretary, Baker, in signing the papers, listed her as a cousin. She had put up the money, she said, though as a single person

she could not get FHA financing in her own name. Nor was it true that the house had French wallpaper or lavender

carpets, she said. She described the wallpaper as American and the carpeting as periwinkle.

Miss Tyler came from Lenoir City, Tenn. pop. 6,000 and as a high school girl proved to be both bright and beautiful. She won two scholarships and also the "Miss Lenoir County" beauty contest.

Coming to Washington, she posed for the arms of the statue of Peace at the east front of the Capitol. "I needed the money," she remarked, and the most she got paid \$5 an hour for three hours.

ENTER BAKER

She went to work for Baker, rising to an \$8,200 annual salary, and thus came eventually to nationwide attention.

But she liked to refer to her

self as a "small town girl" — just the same kind of girl she was back in Lenoir City.

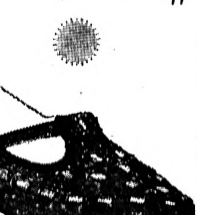

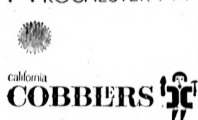

Vernon McKinney, editor of the Lenoir City News-Herald, said Tuesday:

"Everybody here considers her death a terrible tragedy. When I say everybody, I mean everybody. Carole was a fine girl and highly respected here. This has been the universal comment of people who knew her."

Said Mrs. Glenn Clark, "Carole used to babysit with our four children. She was a real sweet person and had a fine personality. The children just loved her. We feel like we have lost one of our own."

Funeral services were scheduled for this afternoon at Calvary Baptist church, Lenoir City.

PLANE WRECKAGE — Workers remove the tangled mass of plane wreckage from an Ocean City, Md., fishing boat after its recovery yesterday from the ocean. The plane crashed Sunday killing Bobby Baker's former secretary, Carole Tyler, and the pilot.

AP Photos

Early Bird Was Boost to Medicine

HOUSTON, Tex. (AP) — Doctors in Geneva watched on television as surgeons in Houston operated on the heart of Saba Jadue, 43, a salesman from Chile.

This was made possible by the Early Bird satellite, put into stationary orbit over the Atlantic last month.

Millions of Americans and Europeans also looked on and listened while world-famed Dr. Michael E. DeBakey inserted an artificial valve in the patient's heart, explaining each step.

Jadue, cheered by fan mail from as far away as England, is

recovering nicely, spokesmen for Houston's Methodist Hospital said Tuesday.

ENTERED HOSPITAL

Jadue entered the hospital in serious condition April 23. The aortic valve in the upper left chamber of his heart had to be replaced or he would die.

The operation, rare a few years ago, was common enough for Dr. DeBakey. He agreed, at the request of the three television networks, to insert the artificial valve May 2 at exactly 10:18 a.m.

That was 18 minutes after the start of Early Bird's one-hour

inaugural program. As the engineers switched to the operating room, DeBakey was inserting the valve, about the size of a small marble.

Moments later it bobbed back and forth rhythmically while the world looked into Jadue's chest.

CASUAL TALK

DeBakey, who operated on the Duke of Windsor last year, spoke in casual tones muffled by his surgical mask.

Doctors in Geneva asked several questions. DeBakey answered them without pausing in his work.

There once was a baby who wore these cute shoes...

and his mother had them bronzed during

Sugar Is Back as Cuba 'King'

Start Crash Program
to Increase Output

HAVANA (AP) — Before Fidel Castro came to power 6½ years ago, every Cuban knew the truth in the saying, "As sugar goes, so goes the economy."

After unsuccessfully trying to change that fact, today's Communist leaders are reviving the old capitalist refrain.

They are embarked on a program to push sugar production up to its pre-Castro level, and even beyond, in an effort to stabilize the island's wobbly economy.

The aim is to produce 10 million tons of sugar a year by 1970, almost double the usual pre-Castro crop.

YEAR'S PRODUCTION
This year's production already has passed five million tons, officials say, and it will hit six million by June 10.

The effort this year has consisted primarily of starting the harvest earlier than usual, of sending thousands of volunteers into the fields to cut the cane, and an increase in the use of cutting and loading machines.

A master plan calls for spending \$451.6 million between now and 1970 to increase sugar mill capacity and further mechanize the harvest.

The money apparently will come from the Soviet Union.

Cuba's sugar industry minister, Orlando Borrego, spent three weeks in the Soviet Union last month discussing the plan with Soviet officials. He reported that the talks proceeded well.

AIDES NEGOTIATE
He left several aides in Moscow to continue negotiations.

The major expenditures would be to improve transportation and rehabilitate mills.

The new emphasis on sugar production came after the failure of an all-out industrialization drive which Castro began on taking power.

That drive, plus a series of setbacks at the hands of nature, drove sugar production down to 3.8 million tons in 1963. Last year's crop wasn't much better. The government never released an official figure for it.

Agriculture in general has suffered from neglect. Food shortages plague the island.

Prosecutor Aide Is Chosen for County Office

The appointment of Ronald E. Covault of Washington, D.C., as an assistant prosecutor was announced yesterday by Oakland County Prosecutor S. Jerome Bronson.

Covault, 28, a native of Detroit and a 1961 graduate of the University of Detroit Law School, has been with the Office of the Comptroller of the Currency, U.S. Treasury Department.

He was in private practice in Dearborn before joining the federal agency in December 1962.

Boycott Is Supported in Houston

HOUSTON (UPI) — Houston Negroes' jubilation that their first try at school boycott was a 90 per cent success today prompted more boycotts unless the school board approves total integration.

Battle plans were laid last night at a closed door meeting of local civil rights officials and a spokesman for the National Association for the Advancement of Colored People (NAACP) said these plans would be announced today.

The NAACP sponsored a boycott of five Negro high schools Monday and 90 per cent of the registered students did not show up for class. They returned to class yesterday, but were given unexcused absences for the day they missed school.

The boycott, designed to protest Houston's grade-a-year integration plan, was one of the few racial incidents the Gulf Coast city has ever seen.

The grade-a-year plan which has reached through the first five grades, was generally accepted by Houston Negroes until the recent decision by the U.S. Office of Education, setting up new guidelines for school integration.

LOSS OF AID

The new guidelines threaten the loss of federal aid to schools if they are not integrated completely within the next two years.

"The boycotts will be repeated — you can believe that," said George Nelson of the NAACP after reviewing the Monday activities. The boycott was followed by a march to the school administration building in order to present a protest to the school board.

The school board meeting, which had been scheduled for Monday night, was cancelled by Houston Mayor Louie Welch for "safety reasons."

But even though the board did not meet, Nelson said the members still received the protest petition.

"We mailed it to them," he said.

ENCOURAGED

Nelson said the signs following the first boycott were "very encouraging, because of the participation of so many people."

The Negroes' protests did not disturb school board president Bob Eckels. He said he did not believe the city would change its current plan.

Eckels said Houston, with the south's biggest school system, is following a court order and integration is going smoothly and as quickly as possible.

He said that because the school board was under the court order, the new guidelines did not apply to Houston.

U.S. Jets Fire at S. Koreans

SEOUL (UPI) — A U.S. Air Force F-105 Thunderchief jet fighter today accidentally fired 38 ground-to-air rockets into an emplacement of South Korean soldiers, killing one and injuring four others.

The accident happened during a monthly training exercise at a range north of Seoul. None of the injured troops was in serious condition.

A U.S. spokesman said the F-105 was on a training mission with United Nations forces when 2.75 mm rockets accidentally fired outside the target area into the group of Korean troops.

The United Nations command formally expressed its regret over the "unfortunate incident" and said a board of officers would investigate.

Named for Churchill?

NEW YORK (AP) — The Board of Education said Tuesday it is considering naming a new high school on Manhattan's West Side after the late Sir Winston Churchill. The school is scheduled to open next fall.

Dems Victors in Mississippi

GOP Gets Token Vote in City Primaries

JACKSON, Miss. (AP) — Democratic candidates smashed the Mississippi Republican party's first efforts to win voters in municipal primaries and turned today toward completing their victory in the general election.

The GOP staged its first primaries in three cities Tuesday, but its candidates drew little more than token votes. Unopposed Republicans in 15 other municipalities will join GOP primary winners in facing Democrats in the general election June 8.

DEMOS SWARMING

Republicans had primary elections for mayor in Hattiesburg and Laurel and for City Council posts in Pascagoula. In each case, the Democrats out-patched the Republicans by 9-1 margins.

The first primary voting by Republicans was more a curiosity than a contest in this traditionally Democratic state.

Republican state headquarters said this year's efforts were merely a beginning of efforts to secure "a vigorous two-party system for Mississippi at the grass-roots level, where the greatest mass of the strength of any political party lies."

The Republican primary effort was set up by the Barry Goldwater tide which swept the state in the last presidential voting, when it rolled up 86 per cent and helped carry Republican Prentiss Walker to victory in the only contest for a House seat.

NEGRO LOSES

The only Negro candidate, a woman, ran in Greenwood for street commissioner and lost 2,400 to 61.

The predominantly Negro Freedom Democratic party held a mock election in Greenwood for Negroes who are not registered voters. Two Negro women, who opposed official candidates in the mock vote, had failed to qualify as candidates — one because she had not registered in the city and the other because she had not paid poll taxes.

Cuba Delays Trial of 53 Churchmen

HAVANA, Cuba (AP) — The trial of 53 Baptists, including two American missionaries, on charges of spying for the United States has been postponed until Friday.

The trial was scheduled to start today. No reason was given for the delay.

The Americans are the Rev. Herbert Caudill, 61, a native of Clinchport, Va.; and his son-in-law, the Rev. James David Fite, 31, a native of Fort Worth, Tex.

HEADS MISSIONS

Caudill is superintendent of missions in Cuba for the Southern Baptist Home Mission Board. Fite taught in the Cuban Baptist Theological Institute and was pastor of the Buena Vista Baptist church in Marianao, near Havana. Caudill has been a missionary in Cuba for 35 years.

They were arrested April 8 in a roundup of 40 Baptist preachers and 13 laymen in western Cuba. The Cuban government accused them of spying for the U.S. Central Intelligence Agency.

The U.S. State Department termed the charges absurd and said they had "absolutely no basis in fact." The Southern Baptist Mission Board in Atlanta, Ga., also denied that the men were engaged in espionage.

Havana Radio Reports Arrest of 31 Cubans

MIAMI, Fla. (AP) — Havana radio said today that the Cuban government arrested 31 Cubans on charges of supplying valuable military and economic secrets to the U.S. Central Intelligence Agency.

The broadcast, monitored in Miami, claimed that the Cubans passed the secrets through the U.S. naval base at Guantanamo.

CONTINUES HUSBAND'S WORK — Mrs. Barbara Spruill of Suffern, N.Y., holds the hand of her 5-year-old daughter, Elizabeth, next to a photo of her late husband, Capt.

James P. Spruill, killed in Viet Nam. Mrs. Spruill continues to send food and supplies to a village her husband wrote about.

Viet War Widow Aids Village

SUFFERN, N.Y. (AP) — A pretty, young Army widow who aided a Vietnamese village with medicines and infant food in memory of her husband now proposes to help children there with school supplies.

From her farmhouse outside this village of 5,500, Barbara Spruill discussed her interest in the Mekong River delta village of Cai Son, 10,000 miles away.

"Jim had talked often about the school and the children," said Mrs. Spruill, 32. "He was teaching a small English class." Her husband, Capt. James P. Spruill of Plymouth, N.C., lived in Cai Son for five months as military adviser until his Jeep touched off a Communist land mine a year ago. The blast killed him, a U.S. Army sergeant and three Vietnamese soldiers.

LETTERS HOME

In the captain's letters, and later in his diary, Mrs. Spruill read of another Viet Cong mine explosion that had gravely injured four children. The diary noted that this emergency had wiped out the village's medical supplies.

"Jim was trying hard to do something there," Mrs. Spruill said.

She wrote to several U.S. pharmaceutical companies, asking for medicines, infant formulas and powdered milk. They responded with the gifts and paid for shipping them.

"The Vietnamese made a big ceremony of accepting them," Mrs. Spruill said, opening a scrapbook to copies of speeches by local dignitaries. The main speaker had been Lt. Col. Nguyen Khai Tuan, chief of the Vinh Long Province.

SENDS MONEY

"I don't think I'm going to contact any school supply firms," she said. "I probably will just send the money and maybe they can purchase Vietnamese supplies and that way it wouldn't be another isolated American gift."

Mrs. Spruill was Barbara Brodhead, a Bronx girl starting in an advertising career when she met Jim Spruill on a blind date at West Point. They were married in the old cadet chapel there during the "June Week" of his 1954 graduation.

LETTER EXERPTS

The Army compiled excerpts from his Viet Nam letters in a 12-page booklet, "The Line is Drawn."

This and other mementos

adorn the farmhouse apartment, a Purple Heart and other medals, framed behind glass. A portrait of the West Point cadet. A snapshot of the captain in Viet Nam, a sub-machine gun casually held in one hand. A fat scrapbook.

They keep alive the memory for Barbara Spruill and her two children, Mark, 8, and Elizabeth, 5.

On the wall hangs a work of Vietnamese art, lacquered wood, sent to her by the colonel on behalf of his people.

The villagers also erected a stone monument on the spot where the Jeep was blasted. It bears the names of the victims, the date and the words, "Well done. Be thou at peace."

Music Club Federation Opens Annual Session

INTERLOCHEN (AP) — The 48th annual session of the Michigan Federation of Music Clubs opens here today. The federation, with approximately 6,000 members, encourages performances by young musicians through competitions and scholarships.

Pontiac City Affairs

Defer Zoning for Apartments

Action on a disputed rezoning for a parcel of land on Pontiac's north side was deferred two weeks last night by the City Commission, but not before an hour's heated discussion of the issue.

The commission deferred action to permit time for negotiations to take place between the land owner and the adjacent Columbia Avenue extension of the Pontiac Boys Club.

Rezoning had been sought by a Birmingham developer for a four-acre parcel next to the Boys Club.

The rezoning would permit construction of a proposed apartment complex.

Residents of the area and Boys Club representatives opposed the rezoning and the proposed development. The Boys Club seeks to acquire the land to enlarge its site.

HAD BACKING

The City Planning Commission and the city's planning staff recommended that the City Commission okay the rezoning.

Attorney James Howlett, representing the developer, said the current single-family zoning was unreasonable in light of other development in the area.

The area contains a church

and a shopping center, and is close to bus lines. The city needs rental property, he added.

Residents of the area said they favored expansion of the Boys Club site, stating that the club was needed.

SPACE NEEDED

Club representatives emphasized that they needed more space to use as play areas.

Residents also objected to the congestion and the prospect of noise created by residents of the proposed apartment.

Commissioner Leslie H. Hudson urged that negotiations be carried on between the executive board of the Boys Club and the land owner.

In other business last night, City Manager Joseph A. Warren presented a report on plans for the extension of water to an area in the northeast end of the city.

WATER MAINS

Warren reported that plans call for the construction this summer of arterial water mains on segments of Joslyn, Walton and Giddings.

Total cost is estimated at \$238,818. He estimated the assessed cost — spread on the

basis of \$2.25 per front foot — to total about \$35,000.

Funds for the city's share of the project are to come from proceeds of the water revenue bond issue floated two years ago for expansion of the city's water system.

Warren urged residents on streets running off of Walton, Joslyn and Giddings to petition for water main extensions down their streets, which could be planned for late summer or early fall construction.

EXPECT BIDS

Warren said that bids for the water main construction would probably be received by late June. Construction would get underway in July or August.

A series of City Planning Commission recommendations were received last night by the City Commission.

Commissioners concurred with a recommendation that rezoning be denied the southwest corner of West Huron and Ottawa for an apartment house.

Meantime, commercial rezoning was approved for five lots on the northeast side of Oakland between Monticello and Pontiac Creek.

Commercial rezoning was also granted for parts of three lots at the southwest corner of Perry and Wide Track.

Waterford Firemen Answer 90 Alarms

Waterford Township's fire department answered 90 alarms during April to bring the total for the first four months of the year to 255.

Damage from fires during April was \$17,390 compared to \$27,120 for the same month last year.

California has air pollution sampling stations at Los Angeles, Oakland, San Diego and San Francisco.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their false teeth slipped or wobbled at just the wrong time. On such occasions, a little **PASTETH**, the alkaline (non-acid) powder on your plates, has false teeth more firmly, so they feel more comfortable. **PASTETH** does not stain or harm your natural teeth. **PASTETH** is sold everywhere.

Old Laws Key in Plan to Guard Negro Rights

By BARRY SCHWED

WASHINGTON (AP)—The Civil War made the United States rights conscious and in the years following Congress burst forth with a flurry of civil rights legislation.

One of the laws passed in the Reconstruction Days made it a crime for two or more people to conspire to deprive anyone of his constitutional rights. A second and companion statute prohibited such action "under color of any law."

Now, almost a century later, they are the key weapons in the administration's program to protect Negroes' civil rights in the South.

The weapon has been blunted by federal judges who think the laws are stretched out of shape when they are used in racist murder cases.

But until Congress provides more appropriate legislation, the Justice Department has to depend on them to see that at least some punishment is meted out in civil rights crimes.

STATE CRIME

Murder is a state crime unless it is committed on federal property. But Southern juries rarely have convicted white men in the slaying of a Negro.

And when state officials won't prosecute in a murder case, federal authorities find themselves hard put for a way to intervene.

So the Justice Department continues to travel the 1870 road and keeps running into roadblocks. The Supreme Court recently agreed to consider its request that the road be cleared.

The case that the court agreed to review - probably not until next fall - grows out of the slayings of three young civil rights workers near Philadelphia, Miss., last June 17.

Last January, a federal grand jury returned felony indictments against 17 white men under the 1870 conspiracy law, accusing them of acting together to deprive the slain rights workers of their constitutional rights by plotting their murder.

The maximum penalty upon conviction would be 10 years in prison and a \$5,000 fine.

A month later, U.S. Dist. Judge Harold W. Cox, sitting in Meridian, Miss., dismissed the indictment, ruling that the law had been misused to cover a "benign crime against the State of Mississippi but not a crime against the United States."

A misdemeanor indictment under the second law was allowed to stand against three law enforcement officers. This "police brutality" statute carries a lesser penalty of not more than a \$1,000 fine, a year in prison, or both.

DISMISS INDICTMENT

Last December, another federal judge, William A. Ruffe, sitting in Macon, Ga., dismissed an indictment obtained under the conspiracy law against four Ku Klux Klansmen accused of slaying Lemuel Penn, a Negro educator.

The "color of law" statute was before the Supreme Court in 1951. The justices divided, but ruled against the government.

In the majority opinion, the

late Justice Felix Frankfurter said the 1870 law has only limited application under the 14th Amendment; which it was designed to implement.

The amendment, added to the U.S. Constitution to ensure the rights of Negroes and other citizens, prohibits restrictions on liberty without due process of law.

Cox, in his ruling, appeared to rely on Frankfurter's opinion and Ruffe cited it.

Since 1951, though, the Supreme Court has been taking a

more liberal stance and gradually has used the 14th Amendment as a means to assure the same civil rights in state proceedings that the Constitution established on the federal level.

Upholding use of the 1870 laws would be another big step along this road.

Camera Angles

New System Introduced

By IRVING DESFOR
AP Newswriters

IPX, the largest photographic get-together in America thus far, held its nine-day, "International Photographic Exposition" recently in New York.

It was the result of planning and pooling the resources and annual conventions of half a dozen major trade associations and photographic societies so as to meet at the same time during the final 1965 season of the World's Fair.

While each group held individual business sessions at separate headquarters hotels nearby, all public exhibitions, lectures, demonstrations and the world's newest in cameras and equipment were spread over three floors of the city's Coliseum.

It was an impressive display of talent, techniques and tools designed to interest all camera fans.

IPX will go down in photo history, however, as the occasion for the introduction of the new Kodak Super 8 movie system.

COMPLETE CHANGE

It means a complete change in 8mm movie making as we now know it: in cameras, film format, projectors, editors, splitters and accessory equipment.

The Super 8 system is not compatible with our present 8mm movies. This means that the new Super 8 film cannot be used in present cameras nor can our reels of 8mm movies be shown on the new Super 8 projectors except in some special models.

In addition, a Japanese version of the Super 8 system was shown by Fuji Photo Film Co.

The American and the Japanese Super 8 film cartridges differ from each other so they cannot be used interchangeably but after processing they can both be shown on any Super 8 projector.

SEALED CARTRIDGE

The revolutionary change consists in providing 8mm film enclosed in a sealed cartridge in a single 50-foot length. The film has smaller sprocket holes and each frame has about 50 per cent larger image area.

The No. 1 advantage, therefore, of the Super 8 system is instant, fumble-free loading. The cartridges fit in the camera only one way and there is no threading of any kind.

The second big feature of the cartridge is that it holds the full 50 feet of film for continuous

running. This eliminates the present method of shooting 25 feet after which the film must be unloaded, reversed and reloaded, a troublesome nuisance usually accompanied by fogged film at the midpoint.

The third advantage of the new system is the enlarged image pictures on the screen will be sharper and brighter because less magnification of the image is required.

REALIGNMENT

The realignment of the sprocket holes now puts sound stripping on the opposite edge away from the sprocket holes and will improve the sound rendition also.

The Super 8 cartridges are notched to provide automatic setting of their ASA speed rating when they are inserted in the cameras.

The film is held in critical focus by an aperture plate in the camera and a pressure pad in each cartridge. The cartridges are not re-used.

In the Kodak Super 8 system, all the cameras have a built-in Type A filter. This swings automatically into position for daylight picture taking when a cartridge of improved Kodachrome II, Type A film is inserted.

The filter is automatically swung aside when a movie light is attached to the camera for indoor picture taking.

Three new Instamatic movie cameras for the Kodak Super 8 system are all electrically powered. There are six Instamatic movie projectors ranging from a budget-price model to a transistorized sound unit.

Among them, model M80 is a convertible, dual purpose projector which can show regular 8mm movies also.

The Japanese version of the new movie system is called "Single-8." The Fuji Single-8 is on a thinner film base and the cartridge is about half the width of the Kodak cartridge.

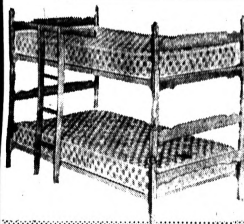

The Fuji Single-8 camera, consequently, is a very streamlined model.

Bell and Howell, Bolex, Keystone, Dejar-Amico, Kaminig and Baurer are some of the companies making cameras and projectors for the Kodak Super 8 system. Argus, Yashica, Minolta, Canon and Agfa-Gevaert are among those who have adopted the Fuji system.

Kodak's equipment will reach camera dealers starting in mid-May but Fuji film and cameras are scheduled for fall availability.

Meanwhile, film and cameras for the present 8mm movie system will be maintained by all companies.

TAKES A BREAK — There Salinger, for mer press secretary to the late President John F. Kennedy, bends under a canopy to order a drink from a sidewalk vendor in Moscow.

AP Photo

Salinger is in the Soviet capital to attempt to arrange coproduction of a film by American and Soviet movie companies.

Raps Critics of Dominican, Viet Policies

WASHINGTON (AP) — President Johnson says "we would rather men would quarrel with our action to insure peace than curse us through all eternity for inaction which might lose us both our peace and freedom."

The President's apparent reply to criticism of his Viet Nam and Dominican policies was included in a brief speech Tuesday night to some 1,500 persons at a meeting of the National Association of Home Builders.

Johnson, speaking from notes, first commented on domestic matters and then turned to the foreign field.

NEEDLESS FEAR

"Let no one anywhere entertain either the needless fear or the futile hope that this nation will ever falter in meeting all its responsibilities," he said.

"Yes, we have responsibilities to freedom and we shall meet them."

"We have responsibilities to peace and we shall honor them."

"We seek accord among all nations and understanding with all people."

"America's first purpose and our only purpose is to work with others for the good of all mankind."

Noted Artist Dies

NEW HOPE, Pa. (AP) — Lloyd Raymond Ney, 72, widely known artist, died Monday. Ney exhibited his paintings in several cities in the United States and in France, Germany, Switzerland and Mexico.

State Court Kills 1925 Billboard Law

LANSING (AP) — The Michigan Supreme Court struck down Tuesday a 1925 state law giving the State Highway Department power to remove advertising signs from highway rights of way.

The court unanimously held that the law is unconstitutional because it gave the state highway commissioner "the power to discriminate at will."

The law requires approval of the commissioners for signs on or along any highway.

In an opinion written by Justice Eugene Black, the court added, though, "we agree that the legislature may validly regulate roadside advertising devices, provided its enactment is related reasonably to the exercise of the police power, is free from individual discrimination and includes no power of discrimination."

BEAUTY FACTOR

Black added that the legislature could include factors of beauty in its consideration of regulations for billboards.

Two Upper Peninsula motel owners brought the case to the supreme court. Despite the court's ruling, Walter A. O'Brien, owner of Birch Creek Motel in Delta County, still must remove his sign.

The court said O'Brien had entered an agreement with the state that billboards must not be erected on his land within 300 feet of the highway centerline.

In the case of Donald A. Froberg, owner of Christmas Motel in Alger County, the court struck down a summary judgment by Alger County Circuit Court that Froberg's sign must be removed.

JURISDICTION

The court said the 1925 law "simply attempts to vest, with the commissioner 'having jurisdiction,' the power to approve or disapprove at will the erection or maintenance of right-of-way signs and advertising devices."

It added: "In poorly concealed fact, the policy under which the

defendant commissioner so far has assumed to act has not come from Michigan's legislature. It has come from federally promulgated policies and procedures requiring removal of all advertising signs from all federal aided highways."

The highway department has contended it will lose federal money if it doesn't remove advertising signs from rights of way.

Court injunctions have stopped it from removing signs in many areas of the Upper Peninsula.

7 Offices in Oakland and Wayne Counties — One in Miraculous Mile

She's Do-It-Yourselfer at 74

SEATTLE (AP) — Today is Mrs. E. H. Harvey's 74th birthday and any aches or pains she may feel could be due to her chimney work.

Mrs. Harvey, a widow who manages an apartment house, spent yesterday repairing a chimney which lost a few layers of brick in the April 29 earthquake.

"Course I could get someone in here to do the work," she said as she slugged a trowel of mortar onto the chimney, "but that just makes more work for me because I've got to follow 'em around and clean up after 'em and make sure they do a good job."

"I used to be able to carry two five-gallon buckets of roofing far up those steps. This time I had to use the hand truck most of the way. Of course, I did carry that five-gallon bucket of cement mortar up the last flight of stairs."

It takes more than a Peso* for most money needs

\$163,350 Village Budget Earns Oxford Council OK

OXFORD — The village council last night approved an operating budget of \$163,350 for the coming year.

This is an increase of \$6,093 over the current budget of \$157,257.

Village Manager Robert Smalley said the tax rate will remain at 20 mills.

Assessed valuation of the village is presently \$2,543,365.

Smalley said the addition of a patrolman and a police car accounts for the increase.

BUDGET FIGURES

The new budget sets aside \$47,595 for the police department, \$21,332 for the water de-

partment, \$39,582 for the department of public works and \$17,900 for the fire department.

In other action, the council accepted a proposal by Bush-

AREA NEWS

man Disposal to provide rubbish collection for the village at a cost of \$152.50 per week.

The new three-year contract represents an increase of \$42.50 per week.

The council also accepted the offer of American Fire Apparatus Co. of Battle Creek to provide a 750-gallon-per-minute pumper at a cost of \$11,614.

The pumper will be mounted on a new GMC chassis which the council had previously purchased at a cost of \$4,865.

Romeo Players to Do Comedy

ROMEO — The Romeo Players will present "The Shirt Off His Back," a three-act comedy, Friday and Saturday at the Community Center.

Curtain time for both performances will be 8:15 p.m. Tickets will be available at the door.

The plot revolves around Edison Filmore, a collector of delinquent accounts, and his favorite Tuesday shirt.

Richard McLean plays the role of Filmore. Other members of the cast, in order of their appearance are:

Jackie Geismar, Hetty Smith, David Pear, Maxine Wolf, Eleanor Ferrara, Eleanor Downey, Fred Noyes, Art Farrell, Don Geismar, Mike Pousch and Bill McNeill.

CODIRECTORS

Joanne Hart and Helen Stone are codirectors of the play, which is the Romeo Players' spring production.

Norman Engel is production manager.

Choir to Sing at WLHS

The Michigan Chorale's only concert in eastern Michigan before its European tour will be presented Saturday night at Walled Lake High School.

The 70-voice choir is composed of outstanding high school students from all over the state.

Proceeds from the 8 p.m. concert will go into the Walled Lake High School exchange student scholarship fund. The school is located at 2978 S. Commerce, Wolverine Lake.

Milford Adopts Higher Budget

MILFORD — A \$284,255 operating budget for 1965-66, which will take the tax levy up to its 12.5-mill ceiling, has been approved by the Village Council.

The action taken after a public hearing Monday night will add 1.5 mills to the taxes of village property owners, who now are paying \$11 per \$1,000 of assessed valuation.

Revenues from property taxes are expected to total \$128,900.

Of the sum, \$122,955 is earmarked for general fund spending.

Some 50 cents per \$1,000 of valuation has been designated for a public works building and site fund. This will provide about \$5,945 during the fiscal year.

SALARY HIKES

The increase of \$32,505 over this year's figure is accounted for in raises for employees, purchase of major equipment and increased operating costs.

The \$135,500 allocation for the department of public works is up some \$13,750.

School Board OKs Two Purchases

OXFORD — The board of education voted last night to purchase two school bus chassis from the GMC Truck & Coach Division retail store in Pontiac at a total cost of \$7,107.

Sixty-six passenger bodies for the buses were purchased by Oakland Schools recently for \$2,885 each, bringing the unit cost to \$6,438.

In other action the board approved a list of census takers for the annual school census and election inspectors for the June 14 school election.

It includes funds for an across-the-board raise of 10 cents an hour for the department's seven hourly rated employees and a \$200 raise for the superintendent.

Workweek for the employees will be decreased from 44 to 40 hours and they will be paid time-and-a-half for all overtime.

\$250 RAISE

Councilmen gave Manager Donald G. Weidner a \$250 raise and Clerk Margaret L. Knight and Treasurer Janet Kingsbury, \$200 each.

"Every major department is responsible for increases in equipment expenditures," according to Weidner. He noted expenditures for major equipment amount to \$17,950.

Higher operating costs will be reflected in election expenses, up \$1,100; refuse pickup, \$1,177; legal services, \$1,300; contingencies, \$1,000; justice court, \$1,100; engineering, \$3,550; and insurance, \$300.

While general fund spending will total \$220,005, expenditures for the self-supporting sewer, water and auto parking funds will amount to \$64,250.

FUND TOTAL

The new auto parking fund will contain \$5,250, including \$3,600 for salaries and \$1,600 for 30 new meters.

By establishing the separate fund, councilmen nominally reduced the amount set aside for the police department — from \$50,275 to \$47,800.

Other accounts are administration, \$22,000; fire department, \$5,750; building inspection, \$2,100; building maintenance, \$6,150; contingencies, \$6,000; recreation, \$1,700; civil defense, \$55; planning commission, \$1,300; village council, \$2,350; and other expenses, \$54,300.

The last category includes such as refuse collection, legal services, justice court, insurance and street lighting.

Pontiac Press Photo

Union Lake Baptist Church To Be Dedicated Sunday

First of Three Projects

Church Dedication Scheduled

COMMERCETOWN — The first unit of a projected three-phase building program will be dedicated by the Union Lake Baptist Church Sunday.

The new building, which eventually will be the chapel for the three-wing structure, is located at 8370 Commerce.

Rev. Harry Love, general director of the Conservative Baptist Association of Michigan, will deliver the dedication address at 3 p.m.

Special music will be provided by Pontiac violinist John Toroni and his wife, who will sing.

Rev. Love also will speak at the church's 11 a.m. and 7 p.m. services.

The multipurpose building is

dominated by a sanctuary which, with the 13 adjoining Sunday school rooms, has a seating capacity for 450.

DETROIT ARCHITECT

Billy Stewart of Detroit was the architect for the building, constructed by Earl James of Union Lake.

The congregation hopes to start the second phase of the

building program, an educational unit, in about two years, according to Rev. Hiram J. Jones Jr., pastor of the church.

The third unit will be a large sanctuary.

Organized as the Keith Sunday school, the church now has 130 members.

Romeo Petitions Would Place School Bond on June 14 Ballot

ROMEO — Twenty-seven hundred signatures is the goal of the citizens committee which is circulating petitions asking that the school board resubmit a recently defeated \$14 million bond issue to the voters.

The committee will meet at the junior high school at 7:30 p.m. Monday to map further strategy for its signature campaign.

Mrs. Conrad Friedemann, whose husband is acting chairman of the committee, said they have about 500 names now.

"We're trying to avoid a door-to-door canvass," she said, "but if we can't get enough signatures we may have to resort to that."

If the committee can present the school board with 2,700 signatures by May 24, the board can resubmit the bond issue at the June 14 election.

Otherwise it would be six months under the law before it could again be put to a vote.

The bond issue was defeated April 12 by a 416 to 372 vote.

It would have been used for additions to the junior and senior high schools, and a new elementary school near the corner of Campground and 29 Mile.

If it had passed, the bond issue would have raised school taxes in the district by 3.29 mills (\$2.29 per \$1,000 of state equalized valuation).

DAVID O. LAIDLAW

Recreation Areas Topic of Park Exec

MILFORD — The delegation from Pewamo for mayor exchange day will learn about area recreational facilities as well as Milford government when it visits here Monday.

David O. Laidlaw, Kensington Metropolitan Park superintendent, will speak at a noon luncheon for the visitors and village officials.

Sponsored by the Milford Chamber of Commerce, the event will be held at the First Federal Savings Association of Oakland.

Laidlaw will present a color film entitled "Recreation Unlimited," which illustrates the facilities of the eight parks in the Huron-Clinton Metropolitan Authority.

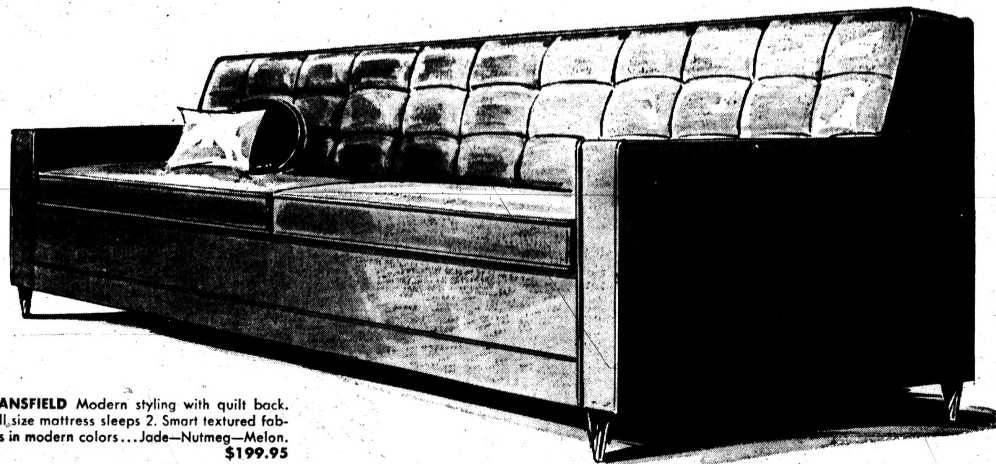

Scheduled to participate in the exchange program are Pewamo Mayor Jack Davarn, Mrs. Davarn, another village councilman and his wife.

Blanche Simms PTA Slates Annual Fair

LAKE ORION — The Blanche Simms PTA will hold its annual school fair from 12 to 4 p.m. Saturday at the school.

There will be games, pony rides, fortune telling, a bake sale, a tea room, a retail store, and Indian lore dancing. Lunch will also be served.

Simmons and House of Bedrooms Presents NEW 1965 Golden Value Hide-A-Bed Sofa by Simmons

NEW OPENING MECHANISM
Glides open smoothly, easily... a minimum pull required.

FULL LENGTH MATTRESS
The only convertible with a full length mattress... designed just for Hide-A-Bed so that it folds properly and without harm.

Mrs. Victor Lindquist, Ottawa Drive, president of Pontiac Tuesday Muscalle and Charles Fisher, pianist from the University of Michigan, took time before Tuesday's luncheon to pose for The Press photographer. Fisher presented a program of dances of J. S. Bach.

Musicale Hears Bach Program

One hundred and fifty members and guests of Pontiac Tuesday Muscalle heard Charles Fisher of the University of Michigan School of Music play Bach dances yesterday.

The pianist who teaches at the University discussed the selections he presented.

Mrs. Fisher and Mark Wesels, well known piano teacher in the Pontiac area, were special guests.

Mrs. George Putnam, chairman of the scholarship com-

mittee, reported that several hundred dollars will be available for next year's aspirants. The money was made at the annual "Dollars for Scholars" night in April.

Members working on luncheon arrangements included Mrs. William Delaney and Mrs. Robert C. Irwin. Hostesses were Mrs. Richard C. Poadé and Mrs. B. A. Benson. The decorations committee, Mrs. A. D. Esler and Mrs. F. E. Bonner, used geraniums being sold this week by the

Pontiac Symphony Women's Association.

GOING NORTH

Mrs. Victor Lindquist, president of the club, Mrs. Walter A. Schmitz, first vice president and Mrs. Putnam, state federation choral chairman, will attend the state convention at Interlochen later this week.

Fifteen local students from the junior music clubs of Tuesday Muscalle will attend the junior convention on Saturday.

Past presidents of Pontiac Tuesday Muscalle and present officers alike attended the annual luncheon Tuesday at Central Methodist Church. Center and right are past presidents Mrs. Gordon Woolcock,

Otsego Drive and Mrs. James Forman, Chippewa Road. At the left is Mrs. John F. Radenbaugh, Elizabeth Lake Road, second vice president. That delightful hat she is wearing arrived the night before from Paris.

Pontiac Press Photos

At WNFGA Council

Mrs. Wilson to Preside

Two annual council meetings will bring to a close the fiscal year for the Michigan division, Woman's National Farm and Garden Association.

The national council meeting in Washington, D.C., May 17-20, is of particular interest to Michigan branches this year because Mrs. Alfred G. Wilson of Meadow Brook Farms is national president of WNFGA.

She is a member of the Bloomfield Hills branch.

Mrs. Lynn McNaughton of the Grosse Pointe branch is honorary national president; Mrs. Frank Chapman of Rochester, is a national vice-president and Mrs. Marvin Katke

of Kirkway Drive is national recording secretary.

ON COUNCIL

Mrs. Nelson Miles, Mrs. Charles Crane, Mrs. George Cutter, and Mrs. F. Gordon Davis, all of Birmingham; Mrs. Edwin J. Anderson, and Harold Tanner of Bloomfield Hills; Mrs. L. Clancy Nanny of Huntington Woods and Mrs. Parker Rockwell of Green Lake are national council members.

Others attending from this area include Mrs. William McCallum of Birmingham, national chairman of extension; Mrs. H. Earl Hanson, Lathrup Village, national chairman of

publications, and Mrs. Wilson McClellan of Birmingham.

PURPOSE

This four-day conference will draw women from many areas of the country, all interested in the original objectives of the national association: conservation, education in agriculture and horticulture, a closer relationship between women on the farm and city women, and international cooperation with women of other countries having similar interests.

Shortly after returning from Washington, these women will be on their way to Flint for the Michigan division annual meeting May 26 and 27.

Fenton, Grand Blanc and Holly branches are assisting the hostess branch with arrangements.

Members attending this conference will visit Flint's renowned cultural center, enjoying one luncheon within the art institute with a talk by Dr. G. Stuart Hodge, institute director.

A program in the Longway Planetarium has also been planned and Dr. Ralph Lee of Birmingham will speak at the banquet in the Flint Country Club.

Michigan division chairman of the day for the council meeting is Mrs. Paul Barrett of Lansing, while Mrs. Thomas of Waco, Texas, is general chairman.

Dorsey Band to Appear

Jimmy Dorsey's original band will come to Oakland Hills Country Club Friday evening, complete with vocal list and special show.

The evening's theme of "Swing on the Left Bank" is taken from Oakland's Port-O-Call series. Both decorations and the menu will be Parisian.

During the cocktail hour, the Bert Djerikis trio will play.

WOMEN'S SECTION

Stick Like Glue

Time, Nature, Real Team

By ABIGAIL VAN BUREN

DEAR ABBY: My husband has been a woman-chaser all the 44 years I have been married to him. We are now both in our early 70's. I never divorced him because we had four lovely children and, besides, I can honestly say he never mistreated me. He always provided well for the children and me, and our only arguments were over his weakness for women.

When he was 69 years old he got a young girl in trouble. There was a lot of expenses connected with that but no publicity, thank heavens.

My lawyer says I could get a divorce and a very substantial settlement, but do you think it's advisable to break up after all these years? We have nine grandchildren who think "Gumpa" is tops.

GUMPA'S MATE: DEAR MATE: "Gumpa" appears to be YOUR weakness. My guess is you'd be lost without him, so stick with him.

If Father Time doesn't take care of his "weakness" Mother Nature will.

DEAR ABBY: As a man who has to contend with the telephone in his office, I anticipate retreating to my nice quiet home at the end of the day.

But, alas, this seems to be the prime time for the ladies to call each other to arrange their bridge parties, church socials, car pools, etc. What do these women do all day that they can't get these things arranged beforehand?

SICK OF PHONES

DEAR SICK: They're attending bridge parties, church socials and they're driving the kids around.

DEAR ABBY: I am a 17-year-old boy with a big problem — my parents. They are the most wonderful parents a boy could want, but between the two of them they smoke three cartons of cigarettes a week.

My mother is very nervous and the doctor told her to cut down. She promised she would, but she hasn't.

My father smokes uncon-

sciously. He'll set a cigarette down in an ash tray, let it burn and light another one. Roth Dad and Mom cough all the time.

What can a 17-year-old boy do to get his parents to quit smoking? I know nobody can live forever, but why can't people take better care of their health?

CONCERNED SON

DEAR CONCERNED: Obviously your parents are not strong enough to set a good example for you. So YOU set one for them, and my hat's off to you!

DEAR ABBY: I am a 24-year-old divorcee and I've never had any trouble getting dates. My problem is that every man I date thinks that just because I've been married anything goes.

It is very discouraging to have to fight off men all the time. The first thing they suggest is going up to their apartments, or to a motel or something like that.

I love to dance and I enjoy good clean fun. What happened to all the decent men?

SUZANNE: DEAR SUZANNE: They're still around. You seem to be attracting the wrong kind. Change bait.

Troubled? Write to ABBY, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, in care of The Pontiac Press.

Mr. and Mrs. James Rosenthal, West Iroquois Road, board a plane at Metropolitan Airport for a three-week trip to Europe.

Personals

Mr. and Mrs. A. C. Kirby, Maceday Lake, have returned to their home after a five-week vacation in Chula Vista, Calif.

They were guests of their nephew, Lt. and Mrs. Clyde Kizer, formerly of Clarkston.

★ ★ ★

The Don Gutermans of Rugby Circle are home from a month in Ft. Lauderdale, Fla.

★ ★ ★

Mr. and Mrs. Lyle Venner, Salmer Street, were hosts at the rehearsal dinner for Barbara Ann Marker and their son, James. The bride's parents, Mr. and Mrs. Bertram Marker, and members of the bridal party attended the party at Ted's Restaurant.

Tell of Fair at School

Parents, teachers, students and friends of Emmanuel Christian School will sponsor an "Old Fashioned County Fair" at the school on Friday from 3 to 10:30 p.m.

A barber shop quartet will present a performance at 10 p.m. followed by a surprise event.

The fair will feature baked goods, cotton candy, go-carts, a ferris wheel and pony rides.

Branch Has Annual Gala on Tuesday

Mrs. George Gable, retiring president of the Rochester branch, Woman's National Farm and Garden Association (WNFGA), presided at her last meeting of the group on Tuesday.

Not only will she be a past president of the group, but an ex-resident of the area. The Gables are moving to New Orleans.

New officers elected for the coming year at Rotunda Country Inn are Mrs. Harry Freeman, president; Mrs. Joseph Watson, first vice president; Mrs. George Keragis, second vice president and Mrs. Ronald Scott, corresponding secretary.

Re-elected were Mrs. Thomas Kruger, recording secretary and Mrs. Tage Ketelsen, treasurer.

Branch historian, Mrs. John Bigham, presented a summary of the year's activities.

Cochairmen of the luncheon were Mrs. Charles Arrivee and Mrs. William Dunseith.

New officers of the Rochester branch, Woman's National Farm and Garden Association, held their closing luncheon at Rotunda Country Inn on Tuesday. Early arrivals

were (from left) Mrs. J. A. Watson, Rochester; Mrs. George C. Keragis, Washington; and Mrs. Ronald L. Scott, Rochester.

Amvet Auxiliary Officers Take Over Jobs

New officers of District No. 3, Amvets Auxiliary, were installed Monday at a meeting in the Sylvan Lake home of Mrs. Albert Emsley.

Mrs. Charles Hadley of St. Joseph, department president of the organization, was the installing officer. Re-elected to serve as president was Mrs. James Houck.

Others assuming duties were Mrs. Emsley, vice president; Mrs. Robert Adsl, secretary; and Mrs. Harold Willis, treasurer. Mrs. Victor Maiden and Mrs. Joseph Waring.

The department convention will be held in Bay City on June 25, 26 and 27.

More Classes in Ballet

Mrs. Dolye Dibley of Utica will begin teaching another 10-week ballet and tap dance class for boys and girls beginning Friday at the YMCA.

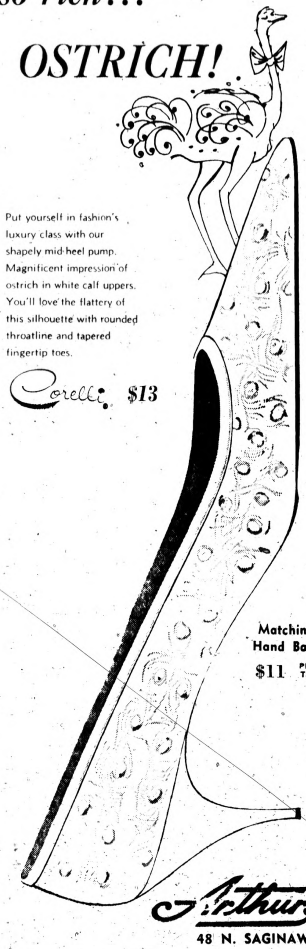

Schedule of classes is as follows: kinderballet (four- to six-year olds) 4-4:45 p.m. Ballet (six years and older) 4:45 to 5:30 p.m. Tap dance (six years and older) 5:30 to 6:15 p.m.

More information may be obtained by calling John McClure, youth director at the Pontiac "Y".

so rich... OSTRICH!

Put yourself in fashion's luxury class with our shapely mid-heel pump. Magnificent impression of ostrich in white call uppers. You'll love the flattery of this silhouette with rounded throatline and tapered fingertip toes.

Christy Jo Hightstreet of
North Paddock Street and
Dennis Matrynowski were
recently in St. Francis de
Sales Catholic Church, Hol-
land. Their parents are the Jo-
seph Hightstreets of Holland,
and the Edmund J. Matrynow-
skis of Sherwood Drive. "An
English situation, well com-
plemented her princess line gown
and train of white delustrated
satin styled with lace bodice.
Attendants were Sandra
Mulder, Pamela Klokert of
Holland and Diane Matrynow-
ski. With best man, Gregory
Matrynowski were ushers Jim
Hightstreet and Larry Huizen
on both of Holland.

Louisiana Vows Said

Elizabeth Marie Hamalain-
en and Donald Rex Tison ex-
changed recent vows in the
Munich Memorial Metho-
dist Church, New Orleans,
La. Their parents are the
Carl Hamalainens of Melar-
ie, La. and the Pearly H.
Tisons of Pontiac Township.

A white crepe street-length
frock styled in the Empire
fashion was worn by the bride
with a crown of seed pearls
attached to a shoulder length
veil. Katherine Sue Hamalain-
en attended her sister.
Along with P. H. Tison,
best man, were ushers, Craw-

ford Best and David Roberts
of New Orleans where the
bride graduated from Louisi-
ana State University. Her
husband was graduated from
University of Michigan.
The couple left for a Smoky
Mountains honeymoon follow-
ing the church reception.

What Mother Should Tell You If You're Getting Married

Don't risk disappointment
by having a friend attempt to
photograph your wedding.
Photographs can't be taken
over again. In years to come
your wedding picture story
will recall the happy mo-
ments. Don't trust it to an
amateur.

Professional portraits are
not as expensive as most
brides think. Per picture cost
is about the same as paying
for your own film, flash bulbs
and having prints made.

Visit two studios before you
decide on a photographer—
compare quality and price.
But don't be talked into black
and white. It's obsolete. Look
into a mirror. Much of your
beauty is color.

If your wedding is within 6
months make your appoint-
ment soon as professionals
take only one wedding a day
and must be already booked
for months. Kendale Studios,
who have been photographing
weddings for 30 years, has a
complete h.w. wedding for
\$69.95. Price includes four
extra-hi newspaper glossy,
car wedding sign, album and
information sheet for news-
paper.

Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and
hips, I tried DeWitt's Pills and won-
derful relief," says Mrs. R. Gardner,
Waterloo, Iowa.

People who in every day praising
the remarkable relief they get with
DeWitt's Pills.

DeWitt's Pills act fast with a proven
analgesic to relieve pain of back-
ache. Their mild diuretic action helps
to eliminate retained fluids and flush
out irritating bladder wastes that can
cause physical distress. If pain per-
sists, see your doctor. DeWitt's Pills
often succeed where others fail—
quickly relieve minor muscle aches
and pains, too. Insist on the genuine
DeWitt's Pills.

Over 1 1/2 million DeWitt's Pills are
sold by druggists day after day after
day, the world over—a tribute to their
amazing action!

SECOND BABY

Q: Will you please tell me
if it is proper to give a stork
shower for a second baby?

A: There is no reason why a
shower may not be given for
a second baby.

It should not, however, be
given by a member of the
mother-to-be's family or a
close relative.

Would Boost Cost \$6 Million a Year

Blues Object to Proposed Senate Bills

LANSING (AP) — Michigan Blue Cross and Blue Shield representatives objected before a Senate committee Tuesday that several proposed bills would cost their subscribers at least \$6 million a year, and perhaps several times that amount.

William McNary, Blue Cross president, said the bills, in addition to boosting costs, "would make a mockery" of efforts by the hospital service to safeguard health standards for its 3.5 million members.

McNary voiced particular objections to a measure that would require Blue Cross to admit as a participating member any hospital certified for welfare cases by the State Health Department.

If the approximately 35 hospitals affected by the bill were given participating status, he said, the cost to Blue Cross

subscribers would be "perhaps \$6 million a year."

RATE INCREASE

"This alone would require a 3 per cent Blue Cross rate increase," he said. "In addition the number of new hospitals that almost certainly would spring up might easily double or triple this cost."

Spokesmen for the Blues also argued against bills which

Gave podiatrists specialists in foot ailments the same status in hospitals as physicians.

Permit a subscriber to take current court action against the two services and substitute public control for control by physicians.

SECOND GUESSING

Dr. Sidney Adler, Blue Shield president, said no corporation could function properly if its

board were subject to "constant guessing" by customers.

Adler said public members now constitute 40 per cent of the board of Blue Shield and they recognize that physicians should have a predominant role in controlling and supervising any medical care plan.

Osteopathic Auxiliary Installs New Leader

GRAND RAPIDS (AP) — Mrs. Lawrence M. Jarrett of Lansing was installed Tuesday as president of the Michigan Women's Osteopathic Auxiliary. The organization was meeting here in conjunction with the 66th annual convention of the Michigan Association of Osteopathic Physicians and Surgeons. Mrs. Jarrett succeeds Mrs. William Athens of Trenton.

Arizona Probes Its Universities

Schools Are Hit by
Riots, Fire Bombs

PHOENIX, Ariz. (AP) — An Arizona Senate committee was to begin a probe today into student riots and other disturbances at the state's two universities.

A summons issued Tuesday by the Senate Institutions Committee was directed at administrators of the University of Arizona in Tucson and Arizona State University at nearby Tempe.

It followed nearly a week of spasmodic riots, a teach-in at the Tucson school and a recent speech at Arizona State critical of the administration's Viet Nam policy.

The committee, headed by Democratic Sen. Sol Ahee of Tucson, also called on members of the State Board of Regents to appear before the legislative body.

WITHOUT CLUES

In Tucson, university officials said they were without clues to a wave of "prankish pyromania" that followed student rioting last week.

Security chief Doug Paxton said 15 to 20 fire bombs have been found on the campus since last Wednesday night when the trouble began.

One of the gasoline-filled bottles with firecracker wicks turned up Monday night on the steps of Old Main, a landmark for more than half a century and the only wooden building on the Tucson campus. Its fuse had been lighted but a passing student saw the sparks and called a policeman who snuffed it out.

A few minutes later, a pipe bomb blew down the doors of an empty tailor shop near the campus. And at about noon Tuesday, a palm tree burst into flames in front of Yavapai Hall, a men's dormitory.

FIRECRACKERS

Paxton said the tree fire was started by firecrackers tossed from a dorm window.

The rash of malicious mischief started last Wednesday when someone set fire to a parking lot booth across from the campus. A crowd gathered and the incident triggered two nights of "panty raiding" rumble fights by as many as 80 police officers and deputies.

Reorganize Berkeley, Says Report

LOS ANGELES (AP) — If the University of California is to avoid future student revolts of the sort that have plagued its Berkeley campus since last autumn, the university must reorganize its structure to keep pace with the times that produce such, socially committed students.

So, in essence, says a special report to university regents on basic causes of student unrest, as evidenced by the Berkeley disorders of the past eight months.

The 85-page report on a four-month study headed by Beverly Hills attorney Jerome C. Byrne was delivered to a regents' committee last week and made public Tuesday.

In a news conference Byrne stressed that he and his eight-man staff sought not to assess blame for the conflict but to identify its causes and propound a cure.

NO ACCUSATIONS

Accordingly, the Byrne report is a positive, constructively worded document which points no finger at individuals and names no names.

But implicit in it is a sympathetic acceptance of the source of student unrest, coupled with a critical representation of the university's disciplinary methods, administrative structure and Board of Regents' conception of its purposes.

It faults the controversial Free Speech Movement on one tactic — alleged abandoning of the principle of due process in its demand for recognition of the students' right of advocacy.

It faults the administration on several counts — ranging from alleged ineptness and vacillation in handling the disorders to structural flaws of wide scope and long standing.

Communist Chinese Haven't Forgotten About Quemoy; Still Shell Island

TAIPEI, Formosa (AP) — Whatever attention Communist China is paying its other frontiers, it is not forgetting Quemoy, the Nationalist island just off the Chinese mainland.

Peking's forces ordinarily bombard the island on odd-numbered days and refrain from shelling it on even-numbered days, in accord with an announced pattern. But over the years there have been nearly 500 lapses from shelling on odd-numbered days.

The Communists have made no new attempt to crush Quemoy since their massive effort in the summer of 1958.

SOME FLAREUPS

But there have been some flareups, including massive bombardments which marked President Dwight D. Eisenhower's visit to Formosa in June 1960.

Since the big eruption in 1958, Communist shelling of Quemoy

has had two main objectives—harassment and propaganda.

More than half the shells fired carry only enough explosives to burst them and scatter leaflets.

In the first four months of this year the Communists, by Nationalist count, have fired an average of 666 shells a month at Quemoy and its satellite islands.

HEAVY TROOPS

Upward of 70,000 troops garrison the Quemoy islands, which have a total area of about 57

square miles and a civilian population of about 50,000.

Quemoy, which the Chinese call Kinmen, meaning "Golden Gate," accounts for 36.5 square miles of the area.

Quemoy in 1949 had to import practically all its food. It still has to get rice from Formosa but is self-sufficient in vegetables, fish, poultry, fruit and pigs.

EXTEND SCHOOLING

Quemoy is the first and so far

the only place in Nationalist China where compulsory free education has been extended from six to nine years.

In 1949, Quemoy was mostly desert. Since then millions of trees have been planted.

The highways built on Quemoy compare favorably with those in Formosa. Quemoy also boasts a seven-hole golf course with an unusual hazard — the danger of gunfire.

The island has five movie theaters with a total of 3,362 seats. The troops have five army bands.

One of the strangest things about the most heavily shelled island in the world is its grip as a tourist attraction.

The Defense Ministry cannot cope with the demand by foreigners and Chinese for passage to the island.

ROOSTER CROSSING—A chicken crosses the road because it lives in a city park on one side of Main Street, and residents who put out chicken feed live on the other side. City authorities put up this sign to protect the road-crossing rooster, who has been a pet for more than a year in Whitewater, Wis.

Revised Earnings Figure Seen as Bargaining Guide

WASHINGTON (UPI)—The typical American worker must now earn \$123 a week—or \$648 a year—to provide a modest but adequate living for a family of four.

That was the conclusion drawn today by the AFL-CIO in its revision of the Labor Department's family budget for city workers for 1959.

The labor federation urged union negotiators to use the new earnings figure—which comes to \$3.07 an hour—in collective bargaining to justify demands for pay increases.

"This amount is required to meet the necessities of life, pay taxes and enjoy a few of the amenities of life—but with no allowance for luxuries or savings," the AFL-CIO said.

"The budget clearly points up the fact that millions of American families have incomes that are not high enough to maintain reasonable family living standards."

AVERAGE WORKER

The average factory worker, it said, had straight-time earn-

ings of \$2.58 an hour at the start of 1965—about 50 cents an hour below the suggested rate.

The typical retail worker was even worse off with weekly earnings of \$70.13 a week, the analysis said. Construction workers averaged \$131.36 a week—about the yardstick—but the labor economists noted that they typically suffered many weeks of seasonal unemployment each year.

Some employers have argued that the family budget is not appropriate for bargaining purposes. Many families have fewer than four persons, they contend, and often have two or more wage-earners.

Dismissing these contentions as having little merit, the AFL-CIO study said the family of four was the most typical and added that wives should not have to work to help the household's bills.

NO STANDARD

Furthermore, it said, the budget does not represent a luxury standard. It provides for less than one egg per person a day and one suit every two years for the man of the house. The standard allows 3.5 dresses a year for the housewife.

The Labor Department first developed the family-of-four budget in 1946-47 at the request of Congress for a guide to workers' living costs.

It was last updated by the government in 1959 but the AFL-CIO revision takes account of price increases since that time and the changes in federal taxes.

Budgets for 20 major cities were totaled and the average figure was calculated for the nation. The report appeared in the May issues of the AFL-CIO's official magazine, American Federationist.

Dr. Wayne G. Brandstadt Says:

Rubber Bands Are Used on Hemorrhoids

Q—What do you think of the new treatment for hemorrhoids, in which the doctor places rubber bands lightly around them and they disappear in about a week?

A—When properly applied this method is painless and effective. It has been used successfully for bleeding as well as non-bleeding piles.

Some persons get a recurrence of their hemorrhoids after having had them cut out.

Although such persons often object to a second operation, it is not always possible to use the constricting rubber bands on them because of the presence of scar tissue.

This method also cannot be used in the presence of infection, cancer in that area or anal fissures.

Q—How important is that Pap test? My doctor says it isn't necessary to do it unless a tumor is present.

A—The whole purpose of the Pap test for cancer of the uterine cervix is to discover a malignant tumor before it can be detected in any other way.

The only way to prevent needless deaths from cervical cancer is to find them before they have had a chance to spread and then to remove them completely. Specialists in women's diseases now advise a routine Pap test at least once a year for all women over 40.

Q—My uterus was removed six months ago. I get terrible hot flashes day and night. My doctor has me taking one Premarin pill daily. Would these pills cause cancer or any bad side effects? Are they habit-forming?

A—Premarin is a female hormone. In women in the men-

opause, whether natural or as in your case following operation, they help to relieve unpleasant symptoms.

They are not habit-forming. If they make you feel better you can take them indefinitely. Such undesirable side effects as soreness of the breasts can be avoided by carefully regulating the dosage and by skipping the tablets every fourth week.

Far from causing cancer, they may help to prevent cancer of the breast.

W. German Political Shift May Boost Socialist Party Power

BOON, Germany (AP)—A new political pattern may be emerging in West Germany to give Willy Brandt and his Socialists their first taste of national power in over a generation.

The new setup would be a partnership between the Socialists and Chancellor Ludwig Erhard's Christian Democrats, who have dominated the country ever since West Germany acquired its own government after World War II. The Socialists have not held a national cabinet post since before Adolf Hitler took power in the early 1930s.

A shift probably would mean Brandt's taking over either the chancellorship or the Foreign Ministry this fall. He now is mayor of West Berlin.

Many Christian Democrats oppose such a partnership, particularly ex-Chancellor Konrad Adenauer, who still is the nominal party leader. But they may be forced into it, and Erhard has tried not to shut the door on it.

LOWER SAXONY

Just this kind of partnership seems to be forming in Lower Saxony, one of West Germany's largest states. Under the parliamentary system practiced there, coalitions are necessary when no single party controls a clear majority in the legislature.

The same system applies on state and national levels.

In Lower Saxony the Socialists happen to be the biggest party, but they have no majority.

They have been governing with the help of the smaller Free Democratic party.

Now this local team is breaking up. The Free Democrats are refusing to go along on an agreement with the Socialists about church schools, since they traditionally stand for separation of church and state.

NATIONAL ELECTIONS

With national elections coming up Sept. 19, many Free Democrats also feel they can make a better showing by going into opposition.

Georg Diederichs, the Socialists' prime minister of Lower Saxony, is having to turn to the Christian Democrats. He is offering them a handful of influential cabinet posts in return for their support in the legislature, where they will be glad to

approve the agreement with the Vatican.

On the national level, the Christian Democrats are the biggest party in Parliament, but they have no clear majority either. They too have been in partnership with the Free Democrats.

The strength of the three parties may be different after the election. At the moment, Brandt's Socialists seem ahead of the Christian Democrats. They may turn out to be the big party in the new Parliament.

THIN MAJORITY

Even if the Christian Democrats hold their present plurality, Erhard and his friends may decide that their partnership with the Free Democrats on the national level will not give them

enough votes. It is not considered practical in Germany to govern with a tiny majority, as Prime Minister Harold Wilson does in Britain.

The answer may have to be what the Germans call a "big coalition" of Socialists and Christian Democrats, to distinguish it from smaller coalitions between the Free Democrats and either one of the major parties.

Partnerships between Socialists and Christian Democrats are unusual in West German state governments. If leaders in Lower Saxony can make it work, it may take on a new future in national politics.

The Socialists, though often attacked as "Reds" and "class conscious" by the other parties,

no longer favor nationalization. They have dropped other Marxist ideas and on Atlantic defense problems they go along more readily with the United States and Britain than some Christian Democrats do.

Royal Oak Attorney

Named to State Post

LANSING (AP)—Gov. George Romney has announced the appointment of Avern Cohn, Royal Oak attorney, as a member of the State Social Welfare Commission.

Cohn, a Democrat, succeeds the late Herbert Schindler Jr. of Lincoln Park on the five-member, bipartisan commission for the remainder of his unexpired term through June 30.

Rusk to NATO: Air Opinions

Makes London Flight Looking for Backing

LONDON (AP)—U.S. Secretary of State Dean Rusk explained U.S. policy in Viet Nam and the Dominican Republic to the Atlantic alliance allies to-day and asked them to show how these delicate problems could be handled any better.

Rusk, just arrived from Washington, went into a secret session of the North Atlantic Treaty Organization conference hoping for understanding and backing.

Adies said he was not anxious to have the members of the 15-nation alliance make a series of prepared speeches on Viet Nam and the Dominican Republic.

Instead, he preferred an intimate question-and-answer discussion, bringing into the open the misgivings felt by some of the nations in NATO, particularly Norway, Denmark and Canada.

RELAY REMARKS

The NATO foreign ministers met for an hour and 15 minutes in a semi-secret session—one in which the substance of their remarks were relayed later to newsmen. Then came a secret session limited to delegation heads, and one with press officers and other delegation members excluded.

Diplomatic sources said Rusk, in his talks, intended to stress the diplomatic complexities of the Viet Nam problem.

Rusk is expected to tell other members of the 15-nation NATO alliance that the Viet Cong seems to be massing its forces, presumably for the seasonal offensive the Communists often launch with the coming of the monsoon season.

Because of the explosive situation in the Dominican Republic, Rusk originally had planned to leave the London conference to Undersecretary of State George W. Ball, who represented him at the opening session. But he flew in overnight.

DEVELOPMENTS

Informants said several developments at the opening NATO session Tuesday prompted the change of plans.

One development was the unrest voiced over the Viet Nam and Dominican Republic situations. Several foreign ministers expressed uneasiness over these American policies. Maurice Couve de Murville of France said the Vietnamese war would lead to conflict with Communist China or the Soviet Union.

Another factor was a complaint by British Prime Minister Harold Wilson that high-pressure sales campaigns by American arms manufacturers were shutting Britain out of the alliance's arms market. He warned that Britain might have to consider the effect on its reserves of hard currency.

This was taken as a threat to cut British forces in West Germany, which are assigned to NATO, unless the cost of their maintenance is eased by arms sale to West Germany.

The United States, Britain and France formally reaffirmed that they share with the Soviet Union the responsibility for a final all-German peace settlement. The decision had been announced Tuesday.

The median annual family income of \$9,327 in Montgomery County, Md., is the highest of any county in the nation. Arlington, Va., ranks second with \$8,670, according to the Census Bureau.

Again this year, they're sending Osmun's to Europe.

(And it will do you a world of good.)

Once more, Osmun's has been selected to attend the renowned Petrocelli International Fashion Festival for men's clothing.

Quite an honor.

And Mr. Abe Lapides of Osmun's knows it. He boards the plane knowing he is in good company. Because only the leading merchandisers in the nation are invited to this famous event.

Next stop: the fashion centers of three countries, where the next important developments in men's clothing will be charted. Which brings us to you.

Ousted GOP House Leader Halleck Finds Life More Relaxing in His New Quarters

WASHINGTON (AP) — The view from Charlie Halleck's window is very different these days.

He looks up at the Capitol dome from across the street now, instead of sitting under it in the inner sanctum of the House Republican leader's office, as he did for six years.

The view is magnificent, but it takes some getting used to for the "gut-fighter" from Indiana. It should be magnificent, because Halleck had first pick of

all the choice offices in the new Rayburn House Office Building.

LOST HIS POST

That was because he was voted out of his leadership post in January by a rebellion of "Young Turk" Republicans who installed Rep. Gerald R. Ford of Michigan in his place.

Halleck had to move on, and so he became the first congressman to settle in the new building, even though it wasn't quite finished then.

Halleck sits in solitary splen-

dor now surrounded by the souvenirs of bygone political wars. A row of miniature elephants parades along the edge of his desk, and there is a golden telephone, the same one he used on the platform at the Republican convention of 1960 in Chicago. The Illinois Bell Telephone Co. gave it to him.

At 64, the ex leader seems not quite so bouncy as in the days when he marshaled the Republican troops against the Democrats. But he insists a recent

medical checkup showed him in good shape.

PRESSURE OFF

"The pressure is off now. I don't have to be on the floor for the opening prayer," he said in an interview.

The fact is his stocky form is seldom seen on the House floor since his downfall from the leadership.

As to the party's crushing defeat last November, Halleck said, "I was here when things

were a heck of a lot worse. We were down 40 Republicans in the House back in 1937. We came back, and we will again." There are 140 Republicans now, and 294 Democrats.

He analyzed the election this way: "We should have clothed the Democrats among the farm folks. But there was a sort of whispering campaign that if you elected Barry Goldwater, the whole farm program would be out the window overnight. So we were on the defensive instead of giving the Democrats

hell for not delivering on their farm promises."

CIVIL RIGHTS

"Civil rights—" He paused and said with a sigh, "I worked so hard for that. Both the Kennedys bragged on me so much people in my district didn't understand."

But with Goldwater heading the ticket, Halleck said "the colored people in my district wouldn't even vote for me." There was a note of disbelief in his voice.

Halleck said he has no quarrel with President Johnson's policies in Viet Nam and the Dominican Republic, but felt they were bound to be an issue in the next congressional elections.

"Many times down there with Democrat presidents. I've backed them on foreign policy. It goes back to the Truman Policy in Turkey. I'd say, 'Mr. President, if that's the policy I'm for it.' But sometimes it seems we get called in when the sirens are blowing for a crash

landing. Instead of when the whistle blows for the takeoff."

PARTY UNITY

Halleck said he sometimes disagrees with the new leader, Ford, on policy matters, but he believes in party unity.

The "new image" Republicans who worked to oust Halleck said the party leadership must do more than oppose, that it must develop reasonable alternatives to Democratic programs.

Oklahoma Teachers Are Ready to Boycott Schools Next Year

OKLAHOMA CITY, Okla. (AP) — Inspired by national support, Oklahoma teachers were ready today to boycott public schools next year to obtain upgraded educational standards.

The Oklahoma Education Association board of directors appeared more reluctant to go along with the vote Tuesday at a statewide meeting. The parent National Education Association agreed to apply nationwide

sanctions against the Oklahoma school system. "We're not ready to wreck the Oklahoma school system," OEA President Raymond Knight said for the state board of directors. More than 8,000 of the state's 22,000 teachers attended the one-day meeting to protest failure of the legislature to increase educational appropriations and failure of a statewide vote April 27 to boost the state sales tax from 2 to 3 per cent to aid school financing.

The OEA has set a goal of \$1,000-per-year salary increase for teachers. The average salary is \$5,100 compared with the national average of \$6,235. Beginning salary with a bachelor's degree is \$3,800. After the meeting, 900 teachers paid a visit to Gov. Henry Bellmon's office and signed a visitors book, but failed to see the governor.

At a news conference before the teachers' arrival Bellmon

criticized the National Education Association sanctions as "disgusting, distasteful and disgraceful."

Teachers draped a banner around a railing in the Capitol rotunda and posted wall signs which were quickly removed by police.

BLAMES DEFEAT
In a Washington news conference, William G. Carr, NEA president, held Bellmon, organ-

ized labor and conservative groups responsible for the April referendum defeat. Supporters said the proposed tax increase would have provided \$37 million for common schools. "Labor threw its full energies into the defeat," Carr said. "The governor of the state hasn't been very helpful. He certainly is not one of the great champions in spending public funds for the schools."

Bellmon, Oklahoma's first

Republican governor, campaigned for election on a promise of no new taxes.

The sanction by the NEA was requested by the Oklahoma subsidiary group which imposed its own last March.

HIGH STANDING
Carr said: "I'm amazed that the state has been able to attract any teachers at all." He said the academic standing of Oklahoma teachers is high

ed in the nation — that 99.7 per cent have bachelor's degrees and 37 per cent master's.

He said this was the second time the NEA has applied sanctions against a state. A year ago similar action was taken against Utah but lifted last March when the legislature increased educational appropriations.

Oklahoma teachers voted 5,383 to 1,275 in favor of next

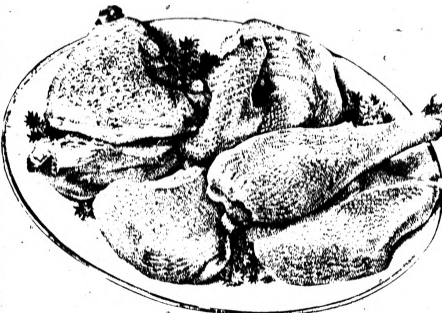

year's boycott. There were 1,038 "not sure" ballots.

Legion Founder Dies

LONDON (AP) — Maj. Gen. Sir Brunel Cohen, 78, founder of the British Legion and prominent as a worker for wounded veterans, died Monday. Cohen, son of a lord mayor of Liverpool, was badly wounded in World War I and had both legs amputated above the knee.

Hot Breads Improve Any Meal

By JANET ODELL

Pontiac Press Food Editor

Southerners who have come to live in the north are often up set because we do not have hot bread at every meal. That's a delightful custom, but a bit fatening. So we're not to take it up.

Rolls or muffins for breakfast really start the day right, and fresh homemade bread or rolls are acceptable with any dinner.

Here are three new recipes to please the most discriminating taste. Try them this summer with salad lunches.

Corn flakes are mixed with 1 1/2 honey, butter and raisins to fill a baking powder bun.

Corn Flake-Honey Buns

2 cups sifted all-purpose flour
3 teaspoons baking powder
1/2 teaspoon salt
1 cup shortening
2 cups milk
1/2 cup honey
1/2 cup butter or margarine
3 cups corn flakes, crushed to make 2 cups
1/2 cup chopped raisins

Sift flour, baking powder, and salt into mixing bowl. Cut in shortening with pastry blender until mixture resembles coarse meal. Add milk; stir just until dry ingredients are moistened.

Turn out onto lightly floured board. Knead lightly 10 to 12 strokes. Roll into a 12-inch square.

Beat honey and butter or margarine until smooth; stir in corn flakes and raisins. Spread evenly over surface of dough; roll up as for jelly roll. Cut into 1-inch slices.

Place slices in greased 9-inch square pan, in round tin, or in individual heart-shaped pans. Bake in hot oven (400 degrees) until done. About 25 minutes.

Another cereal, shredded wheat biscuits, are mixed right into the dough for Apple Biscuits. You'll have everyone wondering what the flavor is.

Apple Biscuits

1/2 cup apple juice
1/2 cup grated raw apple with peel
1 cup bite size shredded wheat biscuits crushed to 1/2 cup
1 1/2 cups sifted enriched flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt
1/2 teaspoon nutmeg
1/2 teaspoon cinnamon
1/2 cup shortening

Heat oven to very hot (450 degrees). Pour apple juice over apples and cereal crumbs.

Sift together flour, baking powder, salt, nutmeg and cinnamon. Cut in shortening until mixture resembles coarse meal. Add apple mixture. Stir until it forms a ball.

Knead lightly about 10 times on floured board. Roll or pat 1/2-inch thick. Cut with floured cutter. Place on unbuttered cookie sheet.

Bake 15-18 minutes or until biscuits are lightly browned.

Start with a package of corn muffin mix, add a few dates and chopped peanuts and glaze it all with sweet orange juice. The result: Orange Glazed Date Nut Muffins.

This is an example of making a convenience food something different.

Orange Glazed Date-Nut Muffins

One 12-oz. pkg. corn muffin mix
1/2 cup chopped pitted dates
1/2 cup chopped salted peanuts
1 egg
1/2 cup milk
2 tablespoons brown sugar
1 tablespoon orange juice

ONION FILLED FLOUNDER — Brush one side of eight flounder fillets with bottled deluxe French dressing. Sprinkle with contents of package of onion soup mix and 1 cup soft bread crumbs. Roll up fillets and place side by side in casserole. Pour on remaining French dressing. Bake 30 to 40 minutes at 350 degrees or until fish flakes easily with fork. Garnish with snipped parsley. Makes 8 servings.

Use Rice Mix for Casserole

Spring fever? What you need is a spring casserole... filled with luscious vegetables, yet quick and easy to prepare.

This is a tasty combination of rice, green pepper, onion, zucchini squash and corn, all blended together with a tangy cheese sauce. Perfect for meatless meals... so quick and easy for lunch.

Begin with a packaged cheese rice mix, and you can go from start to finish in minutes!

Springtime Casserole

2 medium green peppers, cut in strips
2 medium onions, sliced
2 tablespoons butter or margarine
1 pkg. cheese rice-a-roni
2 1/2 cups water
2 zucchini, cut in 1/2 inch slices
1 small can corn

Saute peppers, onions in butter or margarine. Add cheese-rice mixture. Add rice-a-roni. Sprinkle with package mix. Stir frequently until brown.

Remove from skillet to large pan; allow to stand a few minutes. Pour water into sauted mixture, add zucchini pieces and allow to simmer 15 minutes or until rice is tender. Add corn; heat gently.

After mixture is cooked, but before all moisture is absorbed, stir contents of cheese sauce mix envelope into mixture. Mix gently, serve immediately.

POPPY SEED FINGERS — Czechoslovakian Poppy Seed Finger Rolls feature honey glaze. The ever-so-slightly-sweet rolls may be served as dinner breads or tea sandwiches.

Glaze and Poppy Seeds Top Rolls

The mild flavor, unusual texture and blue-black color of poppy seeds makes them a valuable addition to yeast breads. In Czechoslovakian homes, poppy seed rolls and coffee cakes are practically staple foods; to us they're somewhat of a novelty.

In fillings and toppings for yeast breads, poppy seeds are often combined with honey. Here they are used as a glaze for finger rolls made from a delicately sweet dough. The honey glaze holds the poppy seeds in place, and adds a distinctive flavor to the rolls.

Poppy Seed Finger Rolls may be served as dinner breads or tea sandwiches.

Poppy Seed Finger Rolls

1 cup milk
1/2 cup sugar
1 teaspoon salt
1 cup (2 sticks) margarine (105 to 115 degree F.)
2 packages or cakes yeast, active dry or compressed
5 1/2 cups unsifted flour (about)
1/2 cup honey
2 tablespoons sugar
1 tablespoon margarine
2 tablespoons poppy seed
Scald milk; stir in 1/2 cup sug-

ar, salt and 1 cup margarine. Cool to lukewarm. Measure warm water into large warm bowl. Sprinkle or crumble in yeast; stir until dissolved.

Mix in 3 cups flour; beat until smooth. Add enough additional flour to make a soft dough. Turn out onto lightly floured board.

Knead until smooth and elastic, about 8 minutes. Place in greased bowl, turning to grease top. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour.

Punch dough down; divide in half. On lightly floured board roll half the dough to an 8-inch square. Cut into 6 strips of equal width. Then cut each strip in half making twelve 4-inch long strips.

Place side by side in a greased 8-inch square pan, making 7 rows. Repeat with remaining half of dough. Cover; let rise in warm place, free from draft, until doubled in bulk about 45 minutes.

Combine honey, 2 tablespoons sugar and 1 tablespoon margarine in a saucepan. Cook over

Perfect Gravy Is Easy If Directions Followed

CHICAGO — Good gravy! If your husband is a meat-and-potatoes man, you know just how important those two words can be.

There's no great mystery to making gravy. If you follow these simple directions from the American Meat Institute.

For pot roast gravy, remove meat from pan to hot platter, and pour all liquid and fat into a separate container. The meat juices will settle to bottom, and the fat will rise to the top.

Skim off the fat with a spoon, returning 4 tablespoons to the pan. Heat fat and stir in 4 tablespoons flour gradually. Add two cups of cooking liquid, and meat juices. If necessary, add enough water to make this quantity.

Cook over low heat, stirring constantly until smooth and

thickened. Scrape bottom of pan to loosen any meat particles. Season to taste with salt and pepper, and if desired, a dash of Worcestershire sauce, pinch of herbs or a spoonful of horseradish.

For onion gravy, lightly brown finely sliced or minced onions in fat before adding flour.

The procedure is slightly different in making gravy from an average-sized roast of beef or pork, veal and lamb roasts. Because no water is added to the roast during cooking, only fat and drippings are left in the pan.

Skim off all but two or three tablespoons of fat; stir in 2 or 3 tablespoons flour and slowly add 1 to 1 1/2 cups water. Cook over low heat until well thickened, stirring constantly. Season to taste.

When a rib roast of beef is cooked to the rare stage, there will be few drippings, and it will not yield much gravy. In this case, use less fat, flour and liquid.

Cubed Meat, Corn Fortify the Eggs

Convenient canned foods, as handy as your cupboard shelf, make it possible for a busy housewife to fix a hearty meal in minutes. Corn Scramble is a prime example.

Canned luncheon meat and sweet-pepper sparked, vacuum-packed corn are its inspired base. Scrambled with sunny eggs, it makes a jiffy-fix, fill-'em-up dish.

Corn Scramble

One 12-oz. can luncheon meat, cubed
1/2 cup butter or margarine, melted
One 12-oz. can golden whole kernel corn with sweet peppers, drained
6 eggs, slightly beaten
1/2 teaspoon salt
1/2 teaspoon pepper

Brown luncheon meat in melted butter or margarine in large heavy frying pan. Add drained corn with eggs and seasonings. Cook over low heat, stirring frequently until eggs are set.

Yield: 4 to 6 servings.

Cabbage Best When Cooked a Short Time

Crisp tender cabbage is about 90 per cent water, itself, so it will cook with little or no additional water. Add salt to speed the cooking, enhance the flavor and help retain both the vitamin C and color.

Melt 3 tablespoons butter in a heavy skillet. Add 6 cups shredded cabbage, cover tightly and cook until just tender (5 to 7 minutes).

Stir frequently, adding water if necessary. Season with salt and pepper.

For Fried Cabbage follow the above directions, but remove cover after 5 minutes. Cook uncovered until cabbage is nicely browned. Season to taste.

GREAT SHAKES

Morton Miniature Salt and Pepper Shakers—no bigger than your thumb. Pack them in lunch boxes and picnic baskets. Tuck them in pockets, purses, glove compartments. Morton Miniatures are shatter-proof, spill-proof. Self-serve. At your grocer's now.

BLOOMFIELD MIRACLE MILE SHOPPING CENTER

Male Outdoor Cooks, Get Your Recipes

The Detroit Edison Company will mark the observance of Fathers Day this year with a "King of the Patio" cooking contest for all males who enjoy outdoor culinary art.

The first prize for the "King of the Patio" will be a General Electric outdoor living Patio Cart. It is a complete all electric cooking center. Eleven other awards will be presented.

The contest is open to all males 18 years of age and over who reside in Wayne, Oakland, and Macomb counties. All contestants need to do is to send their favorite patio recipe to the Electric Living Division, 2000 Second Avenue, Detroit, Michigan, 48226. Entries must include name, address, and telephone number.

The deadline for entries is midnight May 28.

Professional chefs, cooks, Edison employees, and members of their immediate families are not eligible.

The judges will select the 12 most interesting and promising recipes, and the talented 12 will compete in the Cook-Off for

the "King of the Patio" honors on June 8, at 1:00 p.m. All finalists must be available to compete on June 8 in Detroit.

Marion Ryan, Electric Living Director, feels it's best not to depend on Mr. Weatherman for ideal conditions for an outdoor cook-off, so she and her staff will convert the Edison Sales Auditorium into a real honest-to-goodness outdoor patio setting.

Miss Ryan and her staff will provide the groceries and cooking equipment for each finalist. There will be an assortment of electric broilers, ovens, rotisseries, and grills for the finalists to use.

Second prize will be a patio table complete with table service for six and an electric rotisserie-broiler.

Third prize will be an open hearth broiler-rotisserie complete with a shish kebab attachment.

Other electric appliances will be given to the nine runners-up.

The contest is sponsored in connection with the Annual Father of the Year Award presented

by the Detroit Central Business District Association.

The "King of the Patio" and the two other top prize winners will be special guests at the award luncheon on June 15.

George Pierrot of WXYZ-TV, Mark Belaire of the Detroit Free Press, Len Barnes—Motor News Outdoor Editor, and Mort

Neff of WXYZ-TV will serve as judges.

And in the event the judges need any assistance, three other experts will be present as honorary judges. They are Kay Savage of the Detroit Free Press, Cyrrila Riley of the Detroit News, and Edythe Fern Melrose of WXYZ-TV.

Mint Canned Pears

To Serve With Lamb

Minted canned pears add a touch of spring to roast lamb. Just drain the liquid into a saucepan, add green food coloring, and bring this to a boil. Remove from heat and blend in mint extract or jelly.

Add syrup to drained pears in

a refrigerator dish and cover dish lightly. Refrigerate overnight and serve chilled with hot lamb.

Hot Beginning

Ever combine tomato juice and chicken consomme for a hot broth? Serve with crackers and a cheese spread as a first course.

Lettuce-Bean Salad

The swallowing of one pomegranate seed brought about the winter season.

When Persephone, daughter of mother earth, was kidnapped by Hermes, keeper of Hades, mother earth threatened to destroy the race of man with famine.

As a typical son-in-law, he tried to passify mother earth

and return the daughter for a visit.

However, it was important that no food should be eaten while in the dark underworld. Before taking Persephone back to earth, Hermes forced a pomegranate seed into her mouth.

This small act made it impossible for Persephone to remain with her mother. A truce was made: when Persephone returns to live in Hades it is winter and the leaves fall, all seems dead upon the earth. But in the springtime, when Persephone comes to earth again, the trees put forth leaves, flowers bloom and the earth grows up.

Fortunately for us, the southern areas of our country are blessed by the sun year around. Fresh western vegetables appear in the markets from Arizona and California when much of the nation's earth is sleeping.

A hearty entree to serve for Sunday night supper is a version of the wilted lettuce salad.

Winter Lettuce Salad
1 head iceberg lettuce
2 cups cooked navy beans*
3 slices bacon, diced
1 beaten egg
2 green onions, chopped fine
1 tablespoon sugar
½ teaspoon salt
¼ cup garlic flavored vinegar
2 tablespoons water
¼ teaspoon dried savory

Wash, drain and tear lettuce into bite-size pieces. Drain beans and heat.

Fry bacon until crisp; pour off excess fat except for two tablespoons. Combine egg, onion, sugar, salt, vinegar and savory and add to bacon. Heat to boiling point.

Pour over lettuce and toss. Add hot beans and serve immediately.

*Drained can of garbanzo beans or hominy can be substituted.

Marines 'Take Ten' to Honor Viet Boy

By HAL BOYLE

HOA PHAT, South Viet Nam (AP) — It was the proudest day of his life for 11-year-old Nguyen Duc Tan. In a simple and moving ceremony not far from the Da Nang battlefield, the U.S. Marines honored the slender boy for being the top student in his class at the village Buddhist school here.

BOYLE

The scene was the thronged schoolyard in front of a colorful Buddhist temple. Black robed monks set out tiny cups of tea. On a screechy public address system, a prominent local man made the customary graduation speech.

The high point of the ceremony came after Nguyen Duc Tan had read his valedictory address in an earnest, high pitched voice. He stood at rigid attention in his blue shirt and shorts as Lt. Col. Jim Williams of Coronado, Calif., read the boy a letter of commendation on the scholarship from the commanding U.S. Marine general.

Williams then gave him a pen

and pencil set and told him, "keep up the good work, son."

DISPLAYS PRIZE:

Nguyen Duc Tan seemed almost suffocated with pride as he showed off his prize to his schoolmates. We left after Williams and Lt. Donald W. Harris of Phoenix, Ariz., had helped distribute 20 packets of books and pencils to other honor students.

As civil affairs officer, Harris, a lawyer in civilian life, is responsible for pacification missions designed to win friends and influence people. He is enthusiastic about his work and has asked that his tour out here

be extended so that he can continue it.

"We just want to show them that we are interested in them and that the American servicemen aren't a bad guy," he said. "We feel that if the children like us, so will the parents."

"I like kids. I spent seven summers as a camp counselor in New York State, and the kids here are no different basically than those in our country."

FREE CLINIC

Harris is proud of a free medical clinic which he set up with the help of two Navy corpsmen. In three days, we treated 150 children and adults," he said.

"I believe the best medicine is soap and hot water. Most of the diseases we treat are dirt caused. So the first thing we do with these kids is to give them a good scrubbing."

"It's really gratifying to see the scores on these kids head up, and feel that we are really doing something to help them. But some parents are bringing in kids who don't have anything wrong with them. They just want us to give them a good bath."

Marines in the Da Nang area also are chipping in to send three children with cleft palates to a hospital near Saigon for operations. The operations will cost only \$5 each, but that is more than the parents have been able to afford.

MARINE KILLED

Pacification has its own reward but it also has its perils. On the same day that young Nguyen Duc Tan got his gift pen and pencil set, a goodwill mission of Marines in a nearby village was fired on by Viet Cong guerrillas. One marine was killed.

"It upsets me," Harris said, "to realize that the people in

that village knew the enemy was there and didn't warn us."

Subway Patrolling Drops Crime Rate

NEW YORK (AP) — The city's Transit Authority reports that intensive night patrolling of subways has sharply reduced serious crime during the first 30 days of Mayor Robert F. Wagner's war on crime.

Wagner asked City Council Tuesday to provide budget funds to cover the \$6,182,508 cost of the action. Of the total, \$5,638,250 would pay for police overtime from April 7 to June 30.

The authority said that in the first 30 days of the program, the number of felony complaints dropped to 61, with 28 arrests, compared to 111, with 64 arrests in the corresponding period of 1964.

Vote to Strike Hotel

LANSING (AP) — Employees at the Lansing Jack Tan Hotel, a rendezvous for legislators opposite the State Capitol, have voted to strike at midnight, May 18, if their contract demands are not met.

TEAR GAS ATTACK — South Korean students and police—the latter having the advantage of gas masks—battled for a year the streets last month. Quiet for a year the streets last month.

Oppose Ties With Japan

S. Korean Student Protests Flare Again

By C.S. CHIN

SEOUL, South Korea (AP) — South Korean students, after a year of silence, are back on the warpath against the government over moves to bring about a diplomatic and political rapprochement with Japan.

The United States is caught in the middle of the dispute.

The student campaign seems to put a crimp in nearly successful negotiations for reestablishment of relations which have lapsed for 14 years. The reasoning behind the campaign is sometimes obscure but the fear seems to be that Japan will dominate South Korea economically and return to the commanding position it held during

35 years of colonial occupation that ended in 1945.

Demonstrations a year ago forced President Chung Hee Park to suspend his talks with Japan. But the president, a former general, doesn't seem inclined to back down this time.

NORMAL TIES

He says normal ties with Japan will give the South Korean economy a needed shot in the arm. The United States feels the same way, would like to see uni-

ty between these old enemies who now are U.S. allies and by the forefront of anticommunism.

The student slogans have centered chiefly around abolition of the Rhee line which bars Japanese — and all other — fishermen from fishing in waters within 100 miles as 100 miles from Korea.

The fishermen are believed less concerned than the students since the new agreements would limit the number of Japanese boats in the area and Japan would extend important financial help to modernize the South Korean fishing industry.

The deeper worry was spelled out by a 22-year-old student at Seoul National University, who said:

Japan will try to make Korea a market for her own products as she did during her colonial rule. Billions of dollars of American aid money poured into our country before and after the Korean War, but the economy is still very weak.

"I don't see how 400 or 500 million dollars of Japanese money spread over a period of 10 years could make any significant contribution," especially when the money would be spent in such a way that Japan would benefit from it."

Part of the final settlement is that Japan make a \$200 million grant against Korean property claims and \$200 million in government-to-government loans. This package is sweetened by a Japanese guarantee of \$400 million more in commercial loans.

INDIRECT WAY

The United States comes in for criticism in an indirect way.

Earlier, this century, the United States served as go-between Japan and Russia ending the Russo-Japan War of 1904. This opened the way for Japanese annexation of Korea, in an effort to check Russia's increasing influence over Korea.

Now, the United States is trying to justify an economic invasion of Korea by Japan in an effort to make Japan the leader among Asian countries in opposing Communist China's expansionism," one student said.

Park calls the students "puppets" being used by older, anti-Japanese intellectuals and politicians.

The warpath would already have approved the bill by then.

He also predicted the full committee would approve it without change tomorrow.

The administration is seeking legislation to continue the program, enacted last year, until June 30, 1967, and increase its authorization from \$800 million to \$1.5 billion a year.

In return for supporting the measure without change, Powell is understood to have demanded a letter from Sargent Shriver, director of the anti-poverty program, promising to carry out administratively the changes Powell wants.

The president of Israel is elected by the Knesset (Parliament) for a 5-year term.

war against the administration's "War on Poverty."

Powell met with officials of the anti-poverty program yesterday and reached an agreement that is believed to include an administration promise to carry out reforms Powell has insisted on.

In return, Powell's Education and Labor committee would bring out the administration bill unchanged.

During public hearings last month Powell blasted local officials in charge of the anti-poverty program, charging they were using funds granted to help the poor for their own political purposes.

HAD SUPPORT

Powell had prepared several amendments designed to meet his objections and had gathered widespread support for them on a special subcommittee due to take final action on a bill today.

On the eve of the subcommittee meeting, the administration sent a delegation from the Office of Economic Opportunity to Powell's office to see if an agreement could be reached. The seven other Democrats on the special subcommittee also attended.

After the meeting, Powell scheduled a press conference this morning to announce its results and predicted the subcommittee would already have approved the bill by then.

He also predicted the full committee would approve it without change tomorrow.

The administration is seeking legislation to continue the program, enacted last year, until June 30, 1967, and increase its authorization from \$800 million to \$1.5 billion a year.

In return for supporting the measure without change, Powell is understood to have demanded a letter from Sargent Shriver, director of the anti-poverty program, promising to carry out administratively the changes Powell wants.

The president of Israel is elected by the Knesset (Parliament) for a 5-year term.

Rep. Powell Winning His War on Poverty

Spending Curb in Shaky Start

White House Assists Puts Bill on Floor

WASHINGTON (UPI) — President Johnson's bill to curb U.S. tourist spending abroad is off to a shaky start today with signs of trouble on the horizon.

The House Ways and Means Committee approved the legislation yesterday, but only after the White House had stepped in to put down a Democratic revolt during closed committee sessions.

The bill, part of Johnson's effort to reduce the dollar outflow, would reduce from \$100 to \$50 the value of duty-free goods which U.S. tourists may bring home. It also would knock down the liquor allowance from one gallon to one quart in most cases.

The committee said the restrictions would mean an additional \$105 million worth of duty income for the United States each year.

Opponents argued that the amount of money involved was only a drop in the federal till, and that the bill would work a hardship on a group that deserved better treatment.

A "FLY-SPECK" Rep. A. S. Herlong Jr., D-Fla., tagged it a "fly-speck approach" to the balance of payments problem.

Republicans launched an attack on the bill during public hearings. It was reported earlier this week they were picking up Democratic support and that the bill was in trouble.

White House aides got on the phone, however, and when the roll was called yesterday, the votes were there.

Republicans were expected to carry the fight to the house floor when the bill comes up for a vote. Some administration stalwarts admitted the legislation would be less popular than other Johnson proposals.

Mexican Food Can Easily Be Prepared in Your Kitchen

A stay in Mexico is an adventure in eating, and for those with a taste for the hot and spicy, the various dishes, both native and Spanish-inspired, are

Long or Short?

If you want cabbage for slaw or for pan-frying, use in long thin shreds, use a sharp knife if you want short shreds, you may use a coarse grater.

a culinary delight. And many of the recipes can be simulated easily right in your own kitchen.

Beer or ale, cool and refreshing, makes the perfect light beverage to serve with these unusual foods — just as the Mexicans enjoy them.

Flank Steak Stuffed With Sausage

1 large flank steak (about 2 pounds)
1 garlic clove
1/2 pound hot or sweet sausage

1 small onion, chopped
1/2 cup parsley
1 egg beaten
3 tablespoons flour
1/2 teaspoon salt
2 tablespoons oil
1 can (8 ounces) tomato sauce (1 cup)
12 ounces (bottle or can) beer or ale
1/2 teaspoon chili powder
1/2 teaspoon sugar
1 bay leaf
Garnish, optional
Place flank steak on board

and rub with garlic clove, pound to flatten steak. Remove casing from sausage and combine meat with onion, parsley, and egg.

Add Three Inches

When you are rolling out pastry for the bottom of a 9-inch pie plate, shape it into a 12-inch round; this way there will be enough overhang to trim neatly and fold under.

Spread on length of steak and roll; fasten with string or tooth picks. Dredge with flour and salt; brown on all sides in oil in large skillet. Add tomato sauce, beer, chili powder, sugar and bay leaf.

Cover and simmer until meat is tender, about 2 hours. Strain fat from sauce, if necessary. If desired, garnish with slices of onion, tomato, avocado and a sprig of parsley. Yield: 4 to 6 servings.

Frijoles

2 cans (1 pound each) pink or red beans
4 tablespoons oil
1 teaspoon salt
2 tablespoons chopped onion

Drain liquid from beans; mash beans to an almost smooth consistency. Heat oil in skillet; stir in mashed beans, sprinkle with salt. Stir beans often while frying until fat has been absorbed. Serve hot,

sprinkled with chopped onion. Yield: 4 to 6 servings.

One pound of dry pink or red beans may be substituted for canned beans. Cook dry beans according to package directions and proceed as above.

Note: If desired, fried beans may be refrigerated and then fried again the next day in 2 tablespoons of oil — Frijoles Refritos (Refried Beans). Serve also sprinkled with chopped onion.

American Servicemen Are Responsible for Popularity of Intriguing Herb, Oregano

Why do Americans eat what they eat when they eat it? This question about our mix-and-match cuisine is discussed in one of the most absorbing chapters in the fascinating new "American Heritage Cookbook."

"Most our recipes," we may read, "came from the Old World, many of them as part of that great migration from Europe to the United States that began in 1820."

"This century - long movement of peoples created not only a melting pot, out of which has emerged the composite American, but also a cooking pot, from which is slowly emerging what promises to be one of the world's finest eating cultures."

Some times, however, we've acquired an appetite for a certain food or flavoring with amazing suddenness. Our yen for the aroma of oregano, for instance.

Before World War II, oregano was virtually unknown on American spice shelves - with the possible exception of those in homes of the Southwest. Occasional trips to nearby Mexico familiarized homemakers of this area with the savory south-of-the-border dishes which needed what was then called "Mexican sage."

When American G.I.'s during World War II tasted such exciting specialties as pizza and really good spaghetti sauces, in

homes and restaurants along the Mediterranean, they learned that the unfamiliar, but completely intriguing aroma was oregano.

After the war American homemakers took the hint and marched to grocery stores demanding this Old World herb.

When cooks discovered what oregano would do for pizza and chili con carne, they began trying it with roast lamb, omelets, beef stew, soups, cheese dishes of all kinds. They found also

that any tomato dish tastes twice as good for a sly pinch of this herb.

Prosciutto and Oregano Pie
Pastry using 1 cup flour
2 tablespoons instant minced onion

2 tablespoons water
1/2 cup shredded carrots
1/4 cup finely chopped seeded tomatoes
1/4 cup finely chopped prosciutto or boiled ham
1 teaspoon sugar
1/2 teaspoon dill seed
1/2 teaspoon oregano leaves

1/2 teaspoon celery salt
1/2 teaspoon ground black pepper
1 large egg, well beaten
1 thin slice prosciutto or boiled ham

Roll pastry 1/8-inch thick and line an 8x8x2-inch pan, allowing pastry to come up only 1/4 inch on the sides. Add water to instant minced onion and set aside for 10 minutes.

Blend together next 8 ingredients and then stir in softened onion. Spoon mixture

into pastry-lined pan. Pour beaten egg over top of the mixture. Cut ham into 1/2-inch squares and arrange over top of pie.

Bake in a preheated hot oven (425 degrees) 10 minutes. Reduce heat to 350 degrees and continue baking for 30 minutes or until crust is lightly browned and filling is firm in the center.

Remove from oven and allow to cool thoroughly. Cut into 2-inch squares and serve as an appetizer. Yield: 16 squares.

Foreign News Commentary

Farm Policy Big Question for Euromart

By WILLIAM ANDERSON
BRUSSELS (UPI) — Deciding who pays for the Common Market's agricultural policy is the biggest single question facing the six-nation community between now and midyear.

It is a \$2.5-billion-a-year question — by far the most expensive bill ever to be presented by the community's executive commission to the member governments of West Germany, France, Italy, Belgium, Holland and Luxembourg.

Deciding who pays what and who gets what is going to strain the relations between "the six," notably between France and the others, in the coming weeks.

Subsidies and other artificial aids to farmers in the member countries must be leveled out if they are to be free to compete with each other in a single market.

At present West Germany's food producers are the most heavily subsidized. French farmers get the least state aid.

MONEY NEEDED
The community's nine-man executive commission has moved that subsidies be taken out of the hands of individual governments and run by it. To do this the commission needs money.

It has suggested all levies on food such as grains, from nonmember countries such as the United States, go into a central fund.

The commission headed by Prof. Walter Hallstein would administer this fund with democratic control being provided by the European Parliament.

So far so good. But this would

guarantee farmers their income, but not industrial workers.

ANOTHER STEP
So the commission has gone one step further. Tariffs and

levies on all industrial imports should also go into the central fund, giving it an income of nearly \$2.5 billion a year by 1967.

Area Realtor Is Named to GOP Fund Position

Bloomfield Township realtor Howard T. Keating has been named chairman of the Oakland County GOP Community Committee fund-raising drive.

The appointment was made by Republican county chairman Dale A. Feet.

Keating, 3588 Darcy, will work with J. Bruce Donaldson, GOP vice chairman of finance, in coordinating the local drive with the over-all tri-county effort directed by the Southeast Michigan United Republican Fund.

Keating is president and owner of the Howard T. Keating Co., the Keating Building Co., and Keating of Florida, Inc.

Driver License Camera Makes State Debut

LANSING (AP)—The first of 48 new color-photo cameras to produce the new Michigan driver licenses will be installed today at the Lansing Police Department.

Drivers obtaining new licenses and renewals today can expect to receive their new color licenses by late May or early June, said Secretary of State James Hare.

Ask Power to Arrest in Knife Acts

LANSING (AP) — Detroit officials are asking the legislature to strengthen their powers of arrest of knife-carrying youths, without increasing penalties for the offense.

Juvenile Division Judge James E. Lincoln, councilman James Brickley and Police Inspector Robert Potts were among Detroit representatives to testify for a new bill. It would make the carrying of a knife by anyone under 21, or a switchblade or a knife with more than a three-inch blade by anyone of any age, a felony.

Rep. William Fitzgerald, D-Detroit, sponsored the measure, along with a companion bill to increase the liability of parents whose children violate the law. "What we are really interested in," Brickley told the House Judiciary Committee Tuesday, "is allowing arrest on reasonable grounds for violation of the law rather than hunking knife-carrying, a felony on a statewide basis."

The bill also would prohibit the selling or carrying of "any dangerous weapon" defined as "one which is calculated or likely to produce death or serious bodily injury to any person."

Detroit, where 1,700 serious assaults last year were committed with knives, "would be happy just to get some legislation covering knives," Brickley said.

He asked for arrest powers in regard to knives similar to those that exist when there is reasonable cause to believe a felony has been committed.

Detroit adopted an ordinance making the carrying of a knife a misdemeanor late in 1963. But it hasn't curbed the assault rate, Potts said.

'OUT OF ORDER' — Mrs. Wilma Sass of New York, a perennial heckler at corporation meetings, makes a statement after being ejected from the annual meeting yesterday of the Communications Satellite Corporation in Washington. She was hustled from the room after being ruled out of order in an attempted discussion of the advance notice of the meeting.

Pioneers New Form

Computer Enters Art Field

ANN ARBOR (AP) — Want to help pioneer what may become a new art form? All you need is paper, ink, a talent for mathematics and computer equipment worth about a quarter of a million dollars.

Computers, which are rapidly expanding their roles in the life of each of us, have chalked up another breakthrough. Works by one of them are being featured in an art show at a gallery here.

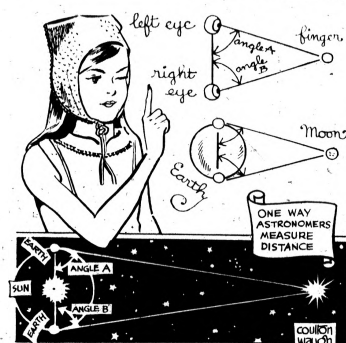

Under the spare-time direction of three young men connected with the University of Michigan's department of meteorology and oceanography, an analog computer turns out color sketches of whales, clowns, dragons — as well as abstract designs which can't be readily described.

And are they good? Prof. William Lewis of the school's art department thinks so. He helped get the three a chance to exhibit their "computer art" this month at Ann Arbor's Forsythe Gallery.

BOUGHT EYE

Arny Miller, president of

Junior Editors Quiz on DISTANCES

QUESTION: How do astronomers find out the distance between the heavenly bodies?

ANSWER: Karen is looking at her finger with one eye, the other being shut. But when she uses only the other eye, the finger seems to change its position. This is because of the different angles made by each eye (diagram).

By using the distance between eyes and these angles, it would be easy to figure out the distance from eyes to finger, using mathematics. This same system can be used for finding distances between Earth and many other heavenly bodies.

The middle diagram shows two observations being taken of the moon from opposite sides of the earth at the same time. In this way, Earth's distance away from the moon can be determined.

The stars (lower diagram) are so very far away that the distance to only the closest ones can be determined in this way.

Observations can be taken in January, when Earth is on one side of the sun, and again in July, when it is on the opposite side, thus getting the two angles, A and B, necessary to measure distance to a close star.

For more distant stars, astronomers use another method, which is based on the dimming and brightening of certain variable stars, which are found in many parts of the visible universe.

FOR YOU TO DO: Angles are measured in degrees. Hold out your left forefinger pointing straight ahead, and the forefinger of your right hand pointing out directly to the side. The distance between the two will be 90 degrees. Move the side arm halfway to the other; now you will have 45 degrees.

Ford Motor Co. thinks so. He bought five of the drawings on the exhibition's opening day — at prices ranging around \$20 each.

In fact, a lot of people apparently think so. Computer artist W. Gale Biggs says more than half of the 70 offerings were sold during the three-hour first day of the show.

Turning out the "art" involves a fairly complex application of a simple mathematical principle, say Biggs and his fellow "artists," Fred V. Bock and Paul R. Harrison.

As most high school students know, the different solutions to a differential equation can be represented as a series of points, or a line, on a graph. Usually, the more complicated an equation is, the more complex is the visual picture of its solutions.

INTRIGUING PATTERN
Now, ask an analog computer to draw you the solutions to one or two or three — of these complicated problems. And give it some colored ink with which

to do it. The result? A pattern — and often an intriguing one.

Next, change the pattern around to suit yourself, by altering the equation's variables, changing the equation a little, or just plain "diddling around."

The result? Computer art.
"In a few cases, I set out deliberately to make something, but this is quite an effort," says Biggs, a student, instructor and staff researcher at U.M.
"Usually, I just keepiddling around until I see something that looks good, and then I work on it a little."

DON'T CARE
Often, he adds, the artists don't know or care what equation they're solving.
"Okay, so it looks good. But is it art?"

"Our idea of art is that it's something which communicates and has aesthetic values," says Harrison, a student. "Our work communicates and it does have aesthetic values. Therefore, it's art."

"Now if you ask us if we're artists — that's different," he adds.

Does this mean the artist is about the next victim of automation? Certainly not, say the three young scientists.

EXACTNESS OF COMPUTER
"The artist can't produce the exactness of the computer," Harrison explains. "But the computer can't draw portraits or scenes."

"The machines only do what we tell them to," adds Biggs. "The equipment costs more than most artists can afford, about \$350,000. And it's not only the price. I don't think there are many scientists who are real artists, either."

Briggs, Harrison and Bock all stress that their artistic endeavors are only spare-time activities. In fact, the computer art show was planned as a project to raise funds for student activities in the department.

"I enjoy this," grins Harrison, "but I don't think I'll ever give up being a scientist to be an artist."

TOOL OR PLAYTHING
"A computer can be used either as a serious research tool or as a plaything," he adds. "I don't know anyone who does either one exclusively."
"Besides," Harrison says, "sometimes progress comes from just playing around."

Teen Lands Crippled Plane on Foam Cover

OKLAHOMA CITY, Okla. (AP) — A 17-year-old pilot landed his T34 trainer plane without incident on a foam-covered runway at Tinker Air Force Base Tuesday after the craft developed landing gear trouble.

Veterans who witnessed the landing by Alec Caudell, son of Air Force Sgt. William C. Caudell, said it was nearly perfect. The elder Caudell is manager of the base's Tinker Aero Club, a civilian organization permitted to borrow military craft for training.

While Fighting Rages in Capital

Dominican Republic Interior Is Tense

(EDITOR'S NOTE — Reports of the rebellion in the Dominican Republic have told mostly of the effect on Santo Domingo, the capital. William L. Ryan is now touring the interior. Here is his first report.)

By WILLIAM L. RYAN
AP Special Correspondent

SANTIAGO, Dominican Republic (AP) — Every evening at sundown this "second capital" of the tortured little Dominican Republic becomes suddenly, eerily silent.

For almost three weeks a "toque de queda" — a tight curfew — has been in effect from 6 p.m. until morning.

Santiago is a city of restlessness, of anxiety, of worry about when the next blow will fall. The fighting, the bloodshed, the excitement has been in Santo Domingo, where rebels hold less than 10 square blocks against forces lacking a junta government while 20,000 U.S. military personnel look on almost like embarrassed referees.

But there is more to the Dominican Republic than Santo Domingo, and the rest of the nation has suffered from the impact of the events in the capital.

The economy of Santiago, Puerto Plata, the nation's second port, La Vega and others in the breadbasket area of the republic has been hard hit. It had been in trouble even before the explosion in the capital. Now it faces prospects of crisis and possibly violence should the situation in Santo Domingo remain long unresolved.

The April 24 coup in the capital staged in the name of constitutionalism and with the announced intention of restoring elected President Juan Bosch to the office from which he was ousted in 1963 — was hailed by crowds in the streets of Santiago with noisy jubilation. Then came the reckoning.

In a manner which suggested

to many the hand of leftist exiles and the Castro stamp, crowds of young men possibly 2,000 strong marched toward the Fortaleza, the armed forces headquarters. As crowds did in Santo Domingo, these youngsters loudly demanded arms.

Passions were worked up to a fever pitch by Radio Norte Young men regarding the word constitution with sentiment and emotion were exulted in violent terms to break into the army headquarters if necessary and seize weapons.

ALMOST SUCCEEDED
If they had succeeded, there would have been a bloodbath in Santiago, say those in a position to know. They almost did. It was touch and go while army

officers judged the situation and possibly while they weighed which side was likely to win in Santo Domingo.

In the end, the officers stood firm. This might have been due in part to the efforts of the U.S. consul, a Texan named Francis M. Wilkey, so well known and so popular on all sides in Santiago that he could walk with confidence through the mob and into army headquarters to confer with the officers.

The weapons were denied to the crowd — as they were also in Puerto Plata, some 30 miles to the north, where evidently a similar signal had been given.

Radio Norte's commentator stepped up his violence and the crowd marched again — to the Fortaleza, to the police station, to air force headquarters, screaming for arms. Then the officers moved.

4 WERE KILLED
Troops moved into Radio Norte on April 27. They ran into the armed resistance and killed four men. The commentator was not among the casualties. His diatribes had been on tape and he was not there.

Radio Norte was dismantled and put out of business. The curfew was clamped on the city.

It becomes strict as darkness descends and armed police man checkpoints in strategic areas.

Three Seattle Children Die in Home Blaze

SEATTLE (AP) — A two-story frame house burst into flames in Seattle's Ballard area and burned three screaming children to death in their upstairs bedroom early today.

A fourth child, Roy Hill, 13, escaped unharmed and sounded the first alarm. The dead were identified as Jay Hill, 14; Rob Hill, 12, and their two-year-old brother, Mike. The children's mother, Mrs. Barbara Hill, was not home when the fire broke out shortly after midnight.

The median annual family income in the nation is \$5,600, according to the Census Bureau. The number of persons with incomes of \$10,000 or more is 15.1 per cent, while 21.4 per cent make less than \$3,000 a year.

Iraq Breaks Ties With West Germany

DAMASCUS, Syria (AP) — Iraq today became the first Arab government to break diplomatic relations with West Germany because of its decision to recognize Israel.

The Bonn government said Tuesday night that official announcement of West German

recognition of Israel would be made Thursday.

An official statement broadcast by Baghdad Radio said the Swiss government has agreed that its embassy in Bonn will take care of Iraq's interests in West Germany, while the French will take care of West German interests in Iraq.

Rev. King Anticipates Negro Voting Rights Bill Passage and Shifts to Other Problems

SELMA, Ala. (AP) — Dr. Martin Luther King Jr., anticipating passage of the federal voting law, is shifting the emphasis in his civil rights campaign to other problems.

More than anything else during his just concluded checkup tour of Alabama's black belt, he dwelt on what he calls the cancerous evil of segregation.

King spoke of voting rights as

he has from the outset of the four month old struggle, but no longer did he beckon his followers to march on the courthouse.

The integration leader apparently is convinced that enactment of a federal right to vote law will take the edge off that issue and leave other needs still unmet.

MUST LEARN

For one thing, he pointed out, the chance to register as voters

will make it imperative for illiterate Negroes to learn to read and write. To meet that challenge, he said, clinics will be started here shortly to teach those "who haven't had these advantages of an education."

King spelled out some of the other problems his civil rights campaign will tackle.

He told a predominantly student audience at nearby Cam-

den Tuesday: "Negroes are tired of living in slums and broken down houses. They are tired of getting the worst jobs, tired of living as sharecroppers and not being able to own their land."

One of the first projects, he said, is finding a way to get federal funds to put the poverty program in motion. Government aid is available to provide surplus food for hungry Negro families, King said, and efforts are

being made to get those benefits for needy Selma residents.

LOST JOBS

He blamed the plight of poverty-stricken Negroes in part on the civil rights campaign, saying that almost 200 have lost their jobs in Selma because they participated in demonstrations. King did not say just how he hopes to make more job opportunities available.

However, the fair employment provision of the 1964 Civil Rights Act goes into effect this

summer, prohibiting racial discrimination.

And, as King has said before, Negroes hope to use the boycott weapon to force employers to heed their demands for better jobs.

DEMONSTRATIONS

King also has threatened renewed street demonstrations at the state Capitol in Montgomery unless the legislature responds to the grievances of Negroes.

He said small delegations

from each county in the soil-rich black belt will petition their legislators to grant the demands.

He called it a "good faith attempt to talk with the people who are supposed to be representing us."

If that fails, he promised to "fill up the jails all over the state of Alabama" with demonstrators.

CHURCH SPEECH

King climaxed his two-day tour Tuesday night with a

speech to a throng of singing, handclapping Negroes crowded into Browns Chapel AME church, headquarters of the civil rights movement in Selma.

He referred again to the jury deadlock which halted last week's civil rights murder trial of a young Ku Klux Klansmen at Hayneville, and declared: "Alabama is a state where murder is a popular pastime. There is still a climate of terror in the state."

Indian Leader Shastri Arrives in Russia to Talk, Seek Aid Funds

MOSCOW (AP) — Indian Prime Minister Lal Bahadur Shastri arrived today for political and economic talks with Soviet leaders at a time when U.S.-Indian relations are at a low ebb.

He was met at the airport by Soviet Premier Alexei N. Kosygin.

Informed sources said during his one-week stay the Indian prime minister would exchange views with Soviet leaders on Viet Nam and other world trou-

ble spots as well as discuss Soviet economic aid to India. Soviet military aid to India may also come up in the talks.

VISIT ITINERARY

Shastri will spend four days in Moscow and then visit Leningrad, Kiev and Tashkent.

India receives large amounts of economic and military aid from both the Soviet Union and Western countries, primarily the United States.

U.S.-Indian relations are ruf-

fled at the moment because President Johnson asked Shastri to postpone a visit to Washington which was to follow his stay in Moscow. The postponement brought anti-U.S. outbursts in India, and Shastri announced he had canceled the trip.

SECOND POSTPONEMENT

Johnson postponed a visit by President Mohammed Ayub Khan of Pakistan at the same time, saying he would be too busy with Congress and the cri-

sis in Viet Nam to see the two leaders.

Khan had visited Communist China and the Soviet Union shortly before the announcement.

India has also charged that Pakistan had used U.S.-supplied tanks during the fighting between the two countries in the Hums of Kutch last month. Pakistan has denied this and charged in turn that India used U.S. arms.

India's top economic development official, Asoka Mehta, has been in Moscow for a week seeking a Soviet commitment for aid to India's fourth five-year development plan, which begins next April.

SEEKING MONEY

Indian sources said Mehta is seeking nearly \$12 billion dollars. He met today with Nikolai Patolichev, Soviet minister of foreign trade.

Sources here indicated the Soviet Union is unlikely to make a commitment at this time. Mehta is expected to visit the United States on a similar mission this autumn.

The Soviet Union contributed \$700 million to India's second and third five-year plans.

The United States, nine other Western industrial nations and the World Bank last month pledged \$1 billion in credits and

grants to enable India to complete its current plan. The U.S. pledge of \$315 million brought the American contribution to the plan to almost \$2.3 billion.

China Charges U. S.

TOKYO (UPI) — Communist China charged that a U.S. warship violated Chinese territorial waters three times yesterday off Fukien Province. Peking issued its "381st serious warning" over the alleged intrusions.

Astros' Giusti Gets Good Grades

By the Associated Press
Dave Giusti, an off-season school teacher, has moved to the head of the class.

As a pitcher, that is, Giusti recorded his sixth victory without a defeat as Houston

edged the Los Angeles Dodgers 2-1 Tuesday night and joined Bob Gibson as the winningest pitchers in the major leagues. A couple of hours earlier Gibson reached the same level, 6-0, in St. Louis' 4-3 triumph over the New York Mets.

The rise of the 25-year-old right-hander has been as meteoric as that of the Astros, who are in third place, two games behind first-place Los Angeles.

BEST RECORD

Prior to this season Giusti had managed a poor 2-3 record in 100 innings of hurling for Houston in 1962 and 1964. His over-all record this season is the best in the majors.

While continuing his unbeaten streak, the former Syracuse

University baseball and basketball star has compiled a 1.82 earned run average, completed three of four starts and has given up less than one walk per game.

That's an even better performance than Gibson, the hero of the 1964 World Series. The Cardinal ace has completed five of seven starts but has a 2.57 ERA and has averaged about four walks a game.

In other National League games, San Francisco blanked Chicago 3-0. Cincinnati bombed Philadelphia 9-1 and Pittsburgh clipped Milwaukee 4-3.

Giusti allowed the Dodgers only four hits while walking one and striking out six. Other than in the second inning when Los Angeles scored its lone run, the Dodgers had just two baserunners, Wes Parker on a third-inning single and John Kennedy on a walk in the fifth.

The Astro ace, who retired the last 14 Dodgers in succession, received all of the support he needed from Joe Games' two-run homer off Claude Osteen in the second inning.

METS GROUNDED

The Mets got to Gibson for 10

hits, but the Cardinals beat them on an eighth-inning run. Dick Groat tripled and scored on Tim McCarver's ground out. Ron Herbel blanked the Cubs on four hits until the ninth when Billy Williams and Ron Santo singled with two out. Frank Linzy then came on and struck out Ernie Banks. Willie Mays rapped three San Francisco hits and drove in the first run in the third.

Pete Rose collected four hits, three of them key singles, for Cincinnati. Rose scored the first Reds' run in the fourth inning, singled across the lead run in the fifth and triggered a six-run uprising in the eighth.

Del Crandall's two-run single in the sixth inning plus Manny Mota's bases-loaded sacrifice fly in the eighth lifted the Pirates past the Braves.

7 Divide Honors in Ladies' League

Seven ladies shared the honors yesterday in the weekly Silver Lake Tuesday ladies' golf league.

Jean Looney took low gross honors (49). Peggy Dorman's 15 putts were low, and five women took flight laurels.

Gladys Bornak and Margaret DeBeauvoir tied with 41 net in the first flight. Lola Dalton and Dawn Zamoith had 40 in the second group; and Lyle Bailey's 38 was best on the third flight.

Trout, Bluegills, Walleyes Active

Pike Season Opens Saturday

Northern pike and muskellunge move into the fishing spotlight Saturday in all inland waters of the state.

In a matter of days after that May 21 to be exact, both species also will be legal catches in lakes Superior, Michigan and Huron.

Meanwhile, action on muskies will be delayed until June 5 in Lake St. Clair, and the St. Clair and Detroit rivers to time that

species gained complete protection during their entire spawning period when they otherwise would have been vulnerable to being cropped too heavily.

During the regular season in inland waters, muskies will continue to draw greater protection to give them a better break in maintaining their numbers.

Under tighter regulations going into effect this spring, the minimum size limit on these

fish will be 34 inches while the catch quota will be two per day.

No changes have been made in size and catch limits covering northern pike.

Some of the better pike lakes in Oakland County are Oxbow, Cass, Otter, Deer, Pontiac and Stony Creek (lake).

The muskies planted in Stony Creek Lake last year will not be legal for another two or three summers.

The splake catch remains very good on Cass Lake off the state park beach. Conservation officers are becoming concerned over reports that some anglers are "filling burlap sacks" with the recently planted splake.

FIVES THE LIMIT

The limit is five per day.

Rainbow fishing continues good on Pine, far on Orchard and Elizabeth. A few bluegills of good size are showing up in shallow water at Elizabeth.

Crappies are being caught from shore at Kent Lake.

Gary Hopp, 2945 Oakland Oaks, Lake Orion, caught a two and three-quarter-pound, 16½-inch rainbow from Paint Creek last Friday night.

Willard Birchett, 5390 Sunny-side, Clarkston, took a four-pound, 22-inch brown from the Ausable River Sunday night.

Walleyes are beginning to hit in Lake St. Clair between the spillway and 13 Mile Road. Some catfish and perch are being caught at the spillway.

10 Areas in State Designated Plans Set for Special Teal Season

A maximum of 15,000 Michigan sportsmen will get a nine-day taste of what they've been missing in teal hunting if the Conservation Commission approves a proposal on its May meeting docket Thursday and Friday in Lansing.

Recommended by the Conservation Department's game section is an experimental Sept. 16-24 season on teal in 10 special areas of the state which the birds are known to use on their southern journeys in the fall.

Under a framework of federal regulations already set, the season, if adopted, will have bag limits of four birds per day and eight in possession.

These quotas will include blue-winged, green-winged, and cinnamon teal, singly or combined.

The test season, offered in the Mississippi and Central Flyways by the U.S. Department of the Interior, is aimed mainly at giving hunters early action on blue-winged teal to provide added sport and to see how the birds stand up to shooting pressure during their peak migrations.

Normally, most blue-wings pass through this part of the country before the regular waterfowl seasons get under way.

Because of this, it is generally felt by state and federal game officials that these early fall migrants, with a breeding population of over 4,000,000 birds in North America, are being underhunted.

HUNTING AREAS

To minimize the chances of other dark species being shot by mistake and to geographically spread the sport throughout the state, the department is recommending that these teal be open to the season's action in: Portage Lake, Houghton County; Little Bay De Noc, Delta County; St. Marys River, Chippewa County; Manistee River, Manistee County; Houghton Lake, Roscommon County; Muskegon River marshes, Muskegon County; Grand River marshes, Ottawa County.

Lake Erie and adjacent marshes, Monroe County; portions of Lake St. Clair, St. Clair County; and Saginaw Bay, Tuscola Bay, and Arenac counties.

Hunting pressure would be regulated in these special areas under a system in which the department would issue up to 15,000 free permits.

The department has tentatively set July 14-31 as the period when it would accept applications for these permits.

If it were to receive more

Some Trout Lost During Chemical Lampricide Work

LANSING (UPI)—The Michigan Conservation Department reports that losses of trout during a chemical lampricide treatment of the White River in Oceana County were "greatly exaggerated."

Department Fish Chief Howard A. Tanner said there were only moderate losses.

"There was some loss of brown trout, most of them small but a few as large as 18 inches. 'I feel we must be willing to accept some losses of trout and other fish as a small price to pay for control of the lampricide,' he said.

Audubon Members See Slides Tonight

Award winning slides on chickadees will be included in a presentation tonight by Mrs. John Plassey before the Pontiac Audubon Club in All Saints Episcopal Church at 7:30.

Mrs. Plassey's program is titled, "Flowers, Birds and People." She received a blue ribbon from the Greater Detroit Council of Photography in a nature competition.

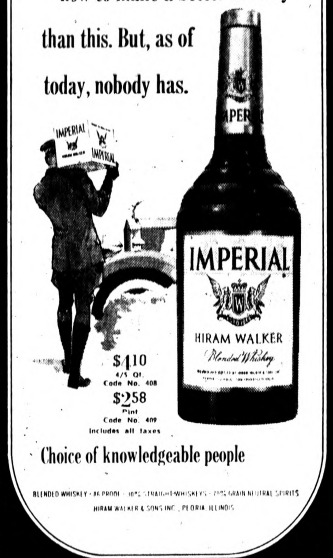

Recent spawn-taking operations have netted the Conservation Department nearly 700,000 muskellunge eggs from Murphy Lake in Tuscola County.

Retired Auto Exec, 79, Dies

Albert McCoy Wibel, one of the first vice presidents of Ford Motor Co. and a retired vice president of American Motors Corp., died yesterday after a long illness.

Mr. Wibel, 79, of 3025 Oakland Drive, Birmingham, retired from AMC in 1956 after 23 years with the firm. At the time of his retirement he was vice president in charge of procurement.

Once a clerk in Ford's engineering department, he was named director of purchasing by Henry Ford in 1927. He became a vice president of the firm in 1941.

He was also a director of the Detroit Board of Commerce and served as chairman of the national defense committee of the Automobile Manufacturers Association.

Surviving are his wife Ada, two daughters, Mrs. Stanley Conrad and Mary; two sons, William M. and Herbert L.; two brothers, and 12 grandchildren.

SERVICE SET
Service for Mr. Wibel will be 11 a.m. Friday at Christ Church Cathedral. Burial will be in Acadia Park Cemetery.

Defend Action on Senior Trips

Speaking to the Greater Waterford Community Council last night, two members of the Waterford Township Board of Education explained why senior trips had been discontinued by the school board.

Mrs. Dorothy Barningham reviewed the history of the class trips and pointed out that the percentage of participants had dwindled in recent years.

Edna Rosegard said that the diminishing interest plus a disciplinary problem prompted the board to pass a resolution in 1962 ruling out the trips if and when less than 50 per cent of a senior class signed for a trip.

When less than half the seniors at Waterford Township High School registered for this spring's trip, the board last March ruled out any trips after this year.

This action was disputed by some students at Waterford-Kettering High School whose future trips also were ruled out even though 67 per cent of this year's senior class signed for the trip.

10 STUDENTS ATTEND
Approximately 10 Kettering students attended last night's meeting. All favored continuing the trips.

The council made no recommendation on the trips but suggested that Kettering people interested in retaining the annual event appeal to the school board.

In other business last night, the council presented some 40 award certificates to organizations that participated in the month-long township clean-up campaign that ended this week.

Deaths in Pontiac, Neighboring Areas

MRS. CHAUNCEY SMITH
Service for Mrs. Chauncey (Pauline) Smith, 83, of 8750 Arlington, Waterford Township, will be Friday at the Hulton Funeral Home with burial in Oak Hill Cemetery.

Mrs. Smith died this morning after a long illness. Surviving are four daughters, Mrs. Alice Elderson of Oneonta, Mrs. Fern Robertson, Mrs. Eleanor Reid and Mrs. Charlotte Helley, all of Union Lake.

Also surviving are three sons, L. K. Smith of Waterford Township, George W. and R. J. Smith, both of Pontiac; and a brother.

BENJAMIN A. HOLBEL
Requiem Mass for former Pontiac resident Benjamin A. Holbel, 73, of Detroit, will be offered at 10 a.m. Friday in St. Benedict's Catholic Church with burial in Mt. Hope Cemetery. The Rosary will be recited at 8 p.m. tomorrow in Dunsen-Johns Funeral Home.

Mr. Holbel, a retired office manager at Pontiac Motor Division, died yesterday after a long illness. He was a member of St. Benedict's Church.

Surviving are his wife Veronika, three sons, James B. of Flint, Paul R. of Detroit and Vincent J. of Atlanta, Ga.; six grandchildren; two sisters and two brothers.

CHARLES A. SANFT
Service for former Pontiac resident Charles A. Sanft, 69, of 6546 Hawthorn, San Jose, Calif., will be 10:30 a.m. Friday in St. Jude's Episcopal Church, Cupertino, Calif., with burial following in Golden Gate Cemetery, San Bruno, Calif.

The family suggests any memorials be made to St. Jude's Church.

Mr. Sanft, a retired employee of Pontiac Motor Division, died yesterday after a brief illness. He was a member of Elks Lodge No. 810 and All Saints Episcopal Church in Pontiac.

Surviving besides his wife, Betty, are a son Bruce C. of New York City; a daughter Mrs. Martha Jewell of San Jose; and four grandchildren.

FRED M. WHITE
Fred M. White, 25, of Kodiak, Alaska, a former Pontiac resident, died from injuries received there in an automobile accident. His body will be brought to the D. E. Pursey Funeral Home for service and burial.

Mr. White, an employee of Northeast Airlines Corp., leaves

his wife Patricia, his parents Mr. and Mrs. Estes White; two sons Kevin and Keith, both at home; and four brothers, James of Ft. Riley, Kan., Herbert, Arthur and Robert, all of Pontiac. Also surviving are six sisters, Mrs. Madeleine Lawler of Hillsdale, Fla., Mrs. Ann Skelton, Mrs. Elva Strahan, and Mrs. Sue Crisman, all of Pontiac; and Mrs. Marjorie King and Mrs. Aline Herring, both in Mississippi.

JOSEPH D. BUNTING
TROY — Joseph D. Bunting, 81, 6312 Donaldson Street, died early this morning after a long illness.

His body is at the Price Funeral Home.

WILHARD I. MIKKO
HIGHLAND TOWNSHIP — Service for Wilhard I. Mikko, 83, of 2833 Lakeside, will be 1 p.m. Friday at the Birchwood-Hird Funeral Home, Milford. Cremation will be at White Chapel Memorial Crematory, Troy.

Mr. Mikko died yesterday after a long illness. He was a former employee of Ford Motor Co.

Surviving are his wife, Wilma; four sons, Wilhard Jr., Francis, and Henry, all of Detroit, and Rudy of Barstow, Calif.; five daughters, Mrs. Bertha Stehler, Mrs. Lillian Dunn and Mrs. Freda Rogers, all of Detroit; Mrs. Edna O'Rourke of Lake Linden and Mrs. Martha Pojkey of Clawson.

Also surviving are two stepdaughters, Mrs. James Jokela of Detroit and Mrs. Erro Heikinen of Birmingham; two stepsons, Arthur Korpi of Fostoria, Ohio; two sisters; 23 grandchildren; and three great-grandchildren.

WILLIAM P. NICOLEY
GOODRICH — Service for William P. Nicoley, 84, 8162 South State, will be 2 p.m. Friday at the C. F. Sherman Funeral Home, Ortonville. Burial will be in Goodrich Cemetery.

Mr. Nicoley died yesterday after a long illness. He was owner and operator of a gas station for 30 years.

Surviving is his wife Amy. His body will be at the funeral home after 7 p.m. today.

MRS. GUY H. WEEKS
CLARKSTON — Service for Mrs. Guy H. (Mary) Weeks, 82, 30 S. Holcomb, will be 10 a.m. Friday at the Lewis E. West Funeral Home. Burial will be in Vickeryville Cemetery, Vickeryville.

Mrs. Weeks died suddenly yesterday. She was a member of the First Methodist Church of Edmore and the Order of Eastern Star.

Surviving are a daughter, Mrs. Clayton L. Scroggins of Cincinnati, Ohio; a son, Leonard

C. of Ortonville; and five grand children.

HERMAN WEYER
ALAMONT — Service for Herman Weyer, 81, 7018 Bardman, will be 2 p.m. Friday at Muir Brothers Funeral Home. Burial will be in Scotch Settlement Cemetery.

Mr. Weyer died today after a long illness. He was a retired farmer.

Surviving are one daughter, Mrs. Joyce Carmichael of Cleveland; two sons, Ralph and Oliver of Almont; one brother, one sister; and six grandchildren.

His body is at the Price Funeral Home.

Ousting Envoy May Hurt Reds

Attention Is Focused
on African Discontent

MOSCOW (UPI) — The Soviet Union's expulsion of an American Negro diplomat may develop into a propaganda boom for the Kremlin, diplomatic observers said today.

The American, Norris D. Garnett, 32, of Los Angeles, Calif., was declared "persona non grata" yesterday and ordered to leave the country for "hostile activities" among African students.

Soviet newspapers called Garnett a "spy," but at the same time focused on unrest among African students.

The United States Embassy and Garnett denied all charges.

Soviet authorities began a counterpropaganda campaign last night. One African student charged in a Moscow television program that Garnett had engaged in "dirty activities," trying to entice African students to the West "to deprive African countries of specialists."

SLANDER RUSSIA
Izvestia, the official newspaper of the Soviet Union, said it made "slandering" statements against Russia and offered students "all kinds of benefits" if they would leave the country.

Garnett said he spoke the African Swahili language and had been in contact with students from Kenya.

"They came to me with their trouble but I told them there was nothing I could do for them," Garnett said.

A group of 29 Kenya students left the Soviet Union last month after complaining about racial discrimination at the university in Baku. Ghana diplomats reported that a Ghana student was apparently murdered in Baku recently.

LETTER PRINTED
The newspaper Trud published a letter from Omar Nasser, a student at Moscow's Lomonosov Friendship University, who said:

"Some members of the American Embassy urge students to break Soviet laws, engage in dirty dealings, offer them scholarships for studies in the U.S.A. and egg them to leave the Soviet Union provided they make false statements about racial discrimination in the U.S.S.R."

The newspaper Komsomolskaya Pravda, organ of the Young Communist League, declared that "a saboteur is not only a spy equipped with poison, explosives and instructions to destroy any material values."

Charity's Behalf

Stars Unite, SHARE Talents

By JAMES BACON
AP Movie-Television Writer
HOLLYWOOD — Some of movieland's most important husbands are now seeing their wives around the house for the first time in three months.

Which means that the 12th annual SHARE boomtown party is history. And the wives of the men who run the industry no longer are rehearsing for their annual roles as chorus girls.

The SHARE party is the year's swinger and each year it tops itself.

The entertainers this year included such names as Frank Sinatra, Andy Williams, Jack Benny, Lucille Ball, Wayne Newton, Phil Silvers, Joe E. Lewis, John Wayne, Dean Martin, Polly Bergen, Joe Starfo, Paul Weston, Henry Mancini. And even a Beatle-like combo that featured Dino Martin Jr. and Desi Arnaz Jr.

LONG HOURS
But it's always the SHARE girls themselves who steal the show. For three months, they rehearse long hours and come

up with routines that would make a Ziegfeld proud.

Some of the girls in the group are pros like Laraine Day, Janet Leigh, Barbara Rush, Miss Bergen and Miss Stafford, but mostly they are the wives of show business executives or stars like Mrs. John Wayne, Mrs. Dean Martin, Mrs. Martin Rackin, Mrs. John Meredith Lucas, William Wilder, Mrs. Andy Williams, Mrs. How and Keel and Mrs. Henry Mancini.

SHARE was founded 12 years ago to help mentally retarded children. In the 12 years, the girls have raised more than a million dollars and built a clinic and guidance center at the Exceptional Childrens Foundation.

It's the only facility of its kind in the western half of the United States and so far has treated 35,000 mentally retarded children.

The most recent party raised \$250,000, enough to operate the clinic for a year.

Everybody wears Western or historic garb.

Joe E. Lewis showed up as a Confederate general. Dean Martin, whose wife is one of the founders of SHARE, is always the master of ceremonies.

REASON TO SMILE—Up to \$1 million was pledged today by General Motors to the St. Joseph Mercy Hospital building drive. In a brief ceremony (from left) Thomas F. Weithorn, chairman of the GM Plant City Com-

mittee, and Calvin J. Werner, a GM vice president and general manager of GMC Truck and Coach, presents a replica of the giant pledge to E. M. Estes, general chairman of the fund drive.

\$1 Million Pledged to Hospital Fund

The St. Joseph Mercy Hospital Building Fund campaign was given a tremendous boost today with the announcement that General Motors has pledged \$1 million toward the \$3,250,000 goal.

The announcement was made by Calvin J. Werner, a General Motors vice president and general manager of GMC Truck & Coach Division, and Thomas F. Weithorn, chairman of Pontiac's GM Plant City Committee and general manager of the Pontiac Fisher Body Plant.

In a joint statement they said the pledge was made "in recognition of the increasing need for expanded hospital facilities to better serve both our employees and their families and other area residents."

"We recognize the importance of the availability of a modern hospital and realize the great need that exists at St. Joseph," Werner and Weithorn stated.

Werner and Weithorn turned over a giant-sized pledge card to E. M. Estes, general chairman of the St. Joseph's Hospital Fund Drive.

PLEASED AND GRATIFIED—Estes, a GM vice president and general manager of Pontiac Motor Division, said he was both "pleased and gratified" by the pledge.

The General Motors gift is in the form of a subscription to be paid over a three-year period, and is in the nature of

a challenge to the rest of the communities served by St. Joseph.

Estes revealed that payment of the gift is contingent upon other industry and individuals providing the balance of the campaign goal.

ONE OF LARGEST—General Motors will give \$1 for every \$2.25 contributed from other sources, up to the total pledge of \$1,000,000.

The pledge, it was pointed out, was one of the largest single hospital campaign gifts ever made by General Motors.

Werner and Weithorn, in their statement, pointed out that the GM pledge was determined by the number of beds actually used at St. Joseph each year by General Motors employees and their families and in accordance with a formula developed by the campaign leaders.

"General Motors recognizes that the continued development of any industrial community extends beyond the plant facilities."

"Because of the large percentage of Pontiac area residents who are employed by General Motors there is an even stronger interdependence between GM and the community of Pontiac," Werner and Weithorn added.

MAJOR EXPANSION

Hospital officials recently announced plans for major expansion and remodeling which will add 150 beds and completely renovate and remodel the existing buildings. Total cost of the project is estimated at \$6,500,000. A minimum of \$3,250,000 is being sought by public subscription.

\$853-Million Pay Raise for Military, U.S. Workers

WASHINGTON—President Johnson asked Congress today to give pay increases costing \$853 million a year to military personnel and federal white collar workers.

Johnson, in a special message, proposed a 3 per cent across-the-board pay raise for all Civil Service workers, postal employees and members of the Foreign Service.

The only ones within the executive branch excluded from the proposed increase would be top policy-making officials and some 600,000 blue collar workers whose pay already is geared to prevailing wages in the communities where they are based.

For military personnel who have had at least two years' service, an average increase of 4.8 per cent in total compensation—base pay plus allowances and fringe benefits—was proposed. Enlisted men who have served less than two years would get an increase averaging 2.7 per cent.

In another major proposal, Johnson asked Congress to authorize a government-wide salary review every four years that would compare federal pay with compensation offered by private industry.

Johnson said that, after such a study, the President should be authorized to propose changes in salaries for top positions in the executive, legislative and judicial branches which would go into effect automatically unless disapproved by either House of Congress.

NOT ON SPOT

This would permit members of Congress to approve pay increases for themselves without being put in the spot of having to vote directly on the issue.

The President also plans to send Congress within the week three other measures—one authorizing overtime pay for postal workers now excluded from it, another to provide severance pay to those losing their jobs due to such developments as base closings, and a third to underwrite the moving costs of transferred personnel, military and civilian.

Of State Osteopathic Group

City Doctor Named Chief

A local physician and former chief of surgery at Pontiac Osteopathic Hospital is to be in-

stalled tonight as head of the Michigan Association of Osteopathic Physicians and Surgeons (MAOPS).

Dr. Ben F. Dickinson, 50, will officially assume his duties as MAOPS president at the banquet which concludes a five-day MAOPS convention and House of Delegates session in Grand Rapids.

Dickinson is slated to address both the House of Delegates and the convention on progress made in the effort to establish a new Michigan College of Osteopathic Medicine here.

A 164-acre site at Opdyke and Auburn has been offered for the new medical school. The site was purchased through a local fund drive.

Dickinson, instrumental in the local campaign, has been ac-

tive in the MAOPS, serving four years on the association's state board of trustees.

ONE-YEAR TERM

In 1960, he served a one-year term as president of the Oakland County Osteopathic Association.

He was chairman of the surgery department at Pontiac Osteopathic Hospital for eight years.

Dickinson also has been chairman of the staff at Detroit Osteopathic Hospital and was president of the Pontiac Hospital Corporation for 10 years.

Married and the father of three children, Dickinson resides at 2108 Vinland, Royal Oak.

He has offices in the Pontiac State Bank building.

'Drastic Turn' by Cedarville Told to Board

Norwegian Skipper Links Collision to 'Poor Seamanship'

SAULT STE. MARIE—The captain of the Norwegian freighter Topdalsfjord charged at a Coast Guard hearing yesterday that the Cedarville made a drastic turn, which he termed "poor seamanship," before the fatal collision last Friday.

Six men were killed and four are missing and presumed dead in the fog-shrouded mishap.

Divers searching the sunken Cedarville today recovered the body of Frank Donald Lamp, 46, the ship's chief engineer. Lamp, of Rogers City, leaves his widow, Alice, and two sons aged 14 and 12.

Capt. Rasmus Haaland, 55, told the Coast Guard Board of inquiry he was on the right wing of the Topdalsfjord's bridge when he saw the Cedarville looming up from the right. He said the ship's radar earlier showed the Cedarville far to the right.

"I never expected such a drastic move to turn a ship 90 degrees in poor visibility, that's poor seamanship," Haaland said.

Haaland said he heard a "long screaming blast" from the Cedarville's whistle immediately prior to the collision.

REVERSED ENGINES

He said he ordered his engines in reverse at that moment and the ship was barely under way at the time of impact.

Divers yesterday brought up the bodies of two more victims from the Cedarville, which lies some 80-90 feet beneath the surface.

The bodies of Arthur J. Fuhrman, 29, a watchman, and Wilbert W. Bredow, 49, a steward, both from Rogers City, were found still clad in foul weather gear and life jackets.

Both leave wives and two children.

The body of William B. Assam, 38, a wheelman from Rogers City was found Monday wedged in a doorway aboard the Cedarville.

Sunny Weather Is Predicted; Rain Late Friday

Sunny skies and warm temperatures are the forecast for the Pontiac area through Friday morning, with a chance of showers late Friday afternoon or evening.

Temperatures will fall into the 40s tonight, then climb to 65 to 73 tomorrow.

Morning winds, southwest-erly at 10 to 20 miles, will shift to northwest to north late this afternoon or evening, then become light and variable by tomorrow afternoon.

A low of 48 was recorded in downtown Pontiac prior to 8 a.m. The 1 p.m. reading was 75.

Federal Money for Area Needy

Grant to Aid Families in 4 School Districts

The Oakland County Economic Opportunity Commission will receive a federal grant of \$192,357 earmarked to help needy families in Pontiac and three other county school districts.

Announcement of the grant was made today by U.S. Senators Patrick McNamara and Philip A. Hart.

It comes from the Office of Economic Opportunity which last month gave the county an initial grant of \$77,331 to launch an antipoverty program.

Also benefiting from the grant announced today will be the Oak Park, Ferndale and Hazel Park school districts.

No breakdown of the total between the four districts was specified, however Pontiac had requested \$75,000.

Funds earmarked for the Pontiac school system will be used to establish three school community action centers to serve the 7,000 predominantly Negro students in census tracts 99 and 100, the South Central area of the city.

Services at these centers will include job training, work study programs and classes for the handicapped, illiterate and dropouts.

Remedial reading classes will be enlarged to serve 400 tract residents and 100 residents of other parts of the city.

CONG VICTIM—A Vietnamese policeman, stabbed and beaten on the head yesterday by attacking Viet Cong, awaits evacuation from Song Be in South Viet Nam after government troops recaptured the city. He was maimed a road-block when the large-scale attack began.

Marines, Paratroops Added to Viet Forces

SAIGON, South Viet Nam—Nearly 1,000 U.S. Army paratroopers and another combat battalion of 1,400 U.S. Marines landed in South Viet Nam today.

The paratroopers are members of the 173rd Airborne Brigade who came by boat from Okinawa to join about 2,000 members of the brigade already in Viet Nam.

A U.S. spokesman said they would help defend American installations at the Bien Hoa air base, 20 miles north of Saigon.

The Marines landed at Chu Lai, 52 miles southeast of the strategic U.S.-Vietnamese air base at Da Nang. They boosted to 14,000 the force of leathernecks thrown into the war against the Communist Viet Cong.

The Marine landing lacked the usual fanfare of pretty girls with flowers and official welcoming parties. A spokesman called it a "routine administrative affair."

The new arrivals raised the total U.S. military force in Viet Nam to about 46,500 men.

The paratroopers included an artillery battalion which its commander, Lt. Col. Lee E. Surt, 40, of New York City, said would be the Army's "largest single concentration of firepower in the country." He said it is the first army artillery sent to Viet Nam.

ON TRANSPORT

The troops arrived at Vung Tau, at the southern tip of Viet Nam, on the troop transport Mann. Landing craft brought them up the Saigon River to ten buses took them to Bien Hoa, an hour away.

Other men of the brigade who arrived last week already have started some patrol activity in the vicinity of the Bien Hoa base but have not pushed out into the countryside.

An earlier report said additional U.S. helicopters would also arrive today, but military spokesmen said they knew of no plans to bring in more choppers in the immediate future.

Twelve U.S. Air Force F105 fighter-bombers supported by 12 other planes attacked targets along five highways 160 miles south of Hanoi and then hit the North Vietnamese port of Vinh.

HIT ON WATER

A spokesman said buildings, trenches and a number of oil tankers and other maritime (Continued on Page 2, Col. 3)

Red Spaceship to Get Data on Manned Flight

Craft to Radio Back Facts Unobtainable From Studying Photos

MOSCOW—The unmanned Soviet spaceship Lunik 5 hurtled toward a rendezvous with the moon today. The Russians hoped it would land gently and start sending back information needed for a manned flight to the moon.

The 3,250-pound spacecraft, launched Sunday from an orbiting earth satellite, was expected to come down gently near the moon's south pole on a plain known as the Sea of Clouds.

The official news agency Tass said the Lunik would reach the moon about 10:15 p.m.—2:15 p.m. Pontiac time.

The United States does not plan to soft-land an instrument package on the moon until 1966.

If Lunik 5 succeeds in letting itself down gently on the moon's surface, it will take two big steps forward in the space race: • It can sit on the surface and radio back to earth data of a kind that it has not been possible to obtain from photographs made by craft that crashed into the moon.

• It will show whether a man can land on the moon with presently available types of space systems.

FIRST TESTING

Tass said that "elements of the system of soft landing on the moon are being tried out for the first time on the automatic station Lunik 5."

An earlier version of this announcement said only that the spacecraft carried equipment for a soft landing.

Previous Soviet and American moon shots have either crashed into the moon, stopping the flow of radioed information, or missed it.

Scientists have said that once a soft landing is achieved, electronic devices could analyze substances on the moon's surface.

War Hero Falters in Modern Traffic

BRIDGWATER, England (UPI)—War hero Henry Cross, 72, winner of the Croix de Guerre at Paschendaele, and seven times commended for bravery under fire, has resigned as a school crossing attendant at the local junior school.

He says the work is too dangerous.

Commissioners Rule Out Citizens' Tax Study Group

Pontiac will not have a citizens' committee study of the city's fiscal problems, it was formally decided last night by the City Commission.

Despite strong expressions by the commission's leadership, the seven-member panel voted 5-2 against appointment of a citizens' committee.

Mayor William H. Taylor Jr. and Mayor Pro Tem Leslie H. Hudson were alone in voting in favor of the study group. Prior to the vote, both commissioners claimed that there had been no decision made on the committee question at Monday night's informal meeting.

The commission discussed the matter at its informal session, but commissioners were not polled at that meeting.

DISCUSSION RENEWED

Discussion was renewed last night on the proposal for a study of city finances and possible recommendations for added revenue.

Commissioner John A. Dugan led off the opposition to the study committee. He said he would not be rushed into appointing a committee that could only recommend some other tax.

Dugan added that he thought the city had the best committee it could have when the income tax was proposed.

"We had the best committee in the city in the city manager, the staff and this commission," said Dugan.

ONLY 2 WAYS

"Let's not kid ourselves," continued the District 5 commissioner, "there are only two ways (the income tax and a property tax) to get more revenue." (Continued on Page 2, Col. 7)

Support 'Defender'

County Dems Back Addition of Judge

By JIM LONG

The Oakland County Democratic Committee last night endorsed the addition of an eighth circuit judge to the Oakland bench, and the establishment of a public defender system.

Both actions were in opposition to the stand already taken on the two issues by the Republican-controlled Oakland County Board of Supervisors.

The judges themselves also have stated that they do not need help at this time.

Bills are currently pending in the state legislature that would increase the size of the county circuit court by one, and set up a full time office that would provide legal counsel for indigent defendants.

The committee, meeting in the supervisors' auditorium for its quarterly session, unanimously supported both proposals. Its actions were recommended for the public defender bill which will be forwarded to county legislators in Lansing.

BILL CHANGES
Two significant changes were made in the original bill, according to Birmingham attorney George Fulkerson, who headed a study committee to investigate the public defender system.

These modifications call for having a public defender enter the case in the very early stages of the proceedings and the deletion of a provision that would permit the public defender to act as counsel in civil actions, where a person was unable to pay for an attorney.

The bill, as introduced in Lansing in February, does not state at what time a public defender should enter the case.

The Board of Supervisors, opposed the public defender system on the basis that it would be too costly.

OWN DECISION
The board has asked for permanent legislation that would allow counties to decide if the system is needed.

The pending bill makes it mandatory for counties, with over 200,000 population to create the public defender post.

Presently, indigent defendants are provided court appointed attorneys.

Fulkerson said that the study showed "instance after instance where the appointed attorney was not properly compensated for the time spent on the case."

A committee member on whether a study had been made to determine the needs of a public defender in Oakland County, Prosecutor S. Jerome Bronson, a Democrat, said that his office gets requests daily from convicts in prison who say their constitutional rights have been violated and want to appeal.

Their requests are sent to judges who appoint an attorney to pursue the case once the indigency of the defendant is confirmed.

In urging the adoption of the bill for the additional judge, Madison Heights attorney Ralph Johnson, spokesman for the committee of eight lawyers who studied the problem, said the Board of Supervisors apparently did not take into consideration the future growth of Oakland County and the increased legal activity.

Three factors were cited by the board in opposing the eighth judge. They were cost, the condition of the current docket and the fact that a county-wide judicial system of lower courts would be established in the near future to lessen the burden.

WEAK COMPARISON?
"The docket is good compared to Wayne or other counties," said Johnson, "but it doesn't mean that it is good enough."

He noted that there is now one circuit judge for each 99,000 persons in Oakland County and based on a projected population of 900,000 by 1970, each of the seven judges will be representing about 130,000 residents.

"Wayne County now has one judge for every 130,000 and their docket is pretty miserable," said Johnson.

BASIC NEED
"The addition of one judge is the very basic need for judicial strength in Oakland County."

He said that the bill for the additional judge should be kept mandatory so that the board of supervisors will have to accept the responsibility of providing facilities for the new judge.

The judge would be elected in November, 1966, and take office in January, 1967.

The legislative committee of the Board of Supervisors has said that it would cost about \$100 net to establish an additional courtroom plus an operating cost of \$400 a year.

RECOMMENDED
The additional judge for Oakland County, as well as increases for other circuit benches, were recommended to the legislature by the Michigan Supreme Court.

The study committee, which will continue its study of the entire court system, noted that its findings revealed the size of the probate court should also be increased.

The probate court needs six additional judges, the committee stated.

Mayor Swap Is Switched for 3rd Time

Another change has been tossed in to the confusing whirl of pairings for Mayors Exchange Day, the leadoff event for Michigan Week.

Pontiac will exchange with the village of Pentwater, a small community near Lake Michigan.

However, Mayor William H. Taylor Jr. will not journey to Pentwater on May 17, the designated day for the switch.

Instead, Taylor will be in Pentwater May 21, because that's the day Pentwater has planned its celebration.

However, Pentwater Village President Edward A. Schimke will visit Pontiac May 17 as planned.

The exchange with Pentwater was arranged after two communities, Mattawan and Adrian backed out of previous pairings with Pontiac.

E. Pakistan Districts Struck by Cyclones

Dacca, Pakistan (U) — Cyclones raged through Dacca and other East Pakistan districts today — killing 20 people, injuring more than 100, uprooting trees, sinking barges and damaging hundreds of homes.

ANGER BEYOND An American soldier puts a barred wire up at a barricade separating United States held territory in the corridor in Santo Domingo in the Dominican Republic. Tension continued in the divided city today.

Rebel Leader Won't Retreat

SANTO DOMINGO, Dominican Republic (AP) — Col. Francisco Caamaño Domo met a U.S. representative for the first time since the Dominican rebels named him provisional president, then vowed Tuesday night he would not "take a step backward."

Caamaño conferred at his headquarters with former Ambassador John Barlow Martin, President Johnson's special envoy. The talk aroused speculation that the rebel leader would meet soon with Brig. Gen. Antonio Imbert Barreras, president of the rival civilian-military junta.

Mr. Emanuel Chariz, papal nuncio to the Dominican Republic, said in the talk between Caamaño and Martin and said later he was "highly optimistic" of a settlement of the 17-day old civil war.

Caamaño, however, in an address over the rebel radio Santo Domingo said: "I will not take a step backward in spite of the enormous U.S. force."

DERIDES JUNTA
He derided the junta as "an imperious force" and charged that President Johnson sent 20,000 soldiers and Marines to the Dominican Republic on the false assumption that the country was threatened by a Communist take-over.

Caamaño has refused to meet with Imbert until he purges several leading officers from the armed forces. His chief foe is Brig. Gen. Elias Wessin y Wessin, commander of the U.S.-trained training base, who directed the forces that opposed Caamaño's rebel forces.

U.S. Embassy officials said Monday that Wessin had agreed to resign but later changed his mind. Imbert said Tuesday he would accept Wessin's resignation "if it is his wish."

The unofficial talk of American

Lunik 5 to Land on Moon Today

(Continued From Page One)

face and send the information back to earth. Such information could be a big factor in the continuing controversy over the moon's origin.

ESTABLISH FACTS
Scientists have said, too, that similar soft landings on the planets could establish if life exists there and perhaps reveal the origin of the solar system.

Tass said that according to telemetric measurements, the systems aboard Lunik 5 were working normally.

Lunik 5 was sent aloft on the day of the giant Red Square parade celebrating the 20th anniversary of the end of World War II in Europe. The first announcement gave no indication that the spacecraft would try to soft land.

Western scientists have said that a soft landing would have to be made on blast rockets that would slowly lower the capsule. The moon has no atmosphere and a parachute would be useless.

KNOWN PROBLEMS
Scientists have also said that a soft landing on the moon should present no unusual problems and might be easier than bringing an orbiting satellite back to earth. The moon's gravity is much less than the earth's and retro-rockets could be smaller and less powerful than if used on an earthbound ship.

The lack of atmosphere on the moon would also eliminate some of the immense heat caused by friction that earth-bound ships have to pass through, scientists say.

The last two Soviet manned spacecrafts to orbit the earth, Vostok 1 and 2, used retro-rockets to brake their final descent after initially using parachutes. The cosmonauts aboard the ships said they touched down gently.

The Soviet Union took an early lead in lunar exploration in 1959 when it sent three probes to the moon in quick succession. One of these rocketed back the first pictures of the dark side of the moon.

Officials of the U.S. space agency had no immediate comment on the Soviet soft-landing attempt. But U.S. Space administrator James E. Webb said in a speech that U.S. plans for sending a man to the moon by 1970 were improved by the smooth progress of the Gemini space program.

France to Keep in Contact With Dominican Rebel

PARIS (AP) — France has authorized its diplomatic representative in the Dominican Republic to maintain contact with rebel leader Col. Francisco Caamaño Domo, pending formation of a government based on the "free will of the Dominican people," a French Cabinet spokesman said today.

The spokesman stressed that this did not mean diplomatic recognition. He said that France extends recognition to a country and not to any specific government.

Questioned whether the French ambassador in Santo Domingo also was authorized to establish contact with the civil-military junta headed by Brig. Gen. Antonio Imbert Barreras, Information Minister Alain Peyrefitte declined to comment.

A pledge of \$30,000 toward construction of a Michigan College of Osteopathic Medicine (MCOM) in Pontiac was announced yesterday.

The Women's Auxiliary of the Michigan Association of Osteopathic Physicians and Surgeons made the pledge at the closing session of the auxiliary's House of Delegates in Grand Rapids, where the 66th annual convention of the state association is under way.

The \$30,000 is to be donated to the Michigan Osteopathic College Foundation in installments over a five-year period.

Dr. Ben F. Dickinson, president-elect of the state association, said the \$30,000 pledge would be an incentive in the \$3 million fund-raising campaign to help begin construction on the projected institution.

The MCOM is to be built on a 164-acre site on Pontiac's east side.

Birmingham Area News

New Mayor Chosen for Bloomfield Hills

ROBERT S. FRYE

BLOOMFIELD HILLS — Robert S. Frye was named mayor of Bloomfield Hills last night in one of several change-of-command moves made by the City Commission.

Frye's election, although unanimous, was indicative of a split which has tipped the power balance toward the "two-story" men.

Frye succeeds as top man, Louis J. Colombo Jr., one of

four commissioners who last year adopted a new zoning ordinance which allows construction of two-story apartment units in the city.

Of the four, only Colombo and James A. Beresford remain on the commission.

Frye, a former commissioner, was elected to the governing unit at the height of the controversy last year.

TWO PROPOSERS

Two other proponents of a two-story limitation on multiple units, Martin M. Cummings and E. H. Davies, were named to the commission last month in the election which also saw Colombo returned to office.

Davies was elected mayor pro tem last night.

Other personnel shifts were reflected in the ouster of W. B. Hartman as city attorney, the appointment of the mayor to serve on the Oakland County Board of Supervisors and the resignation of Robert J. Stadler as director of public safety.

David C. Pence, a Pontiac attorney, was recommended by the new mayor as a replacement for Hartman, who has served as the city's counsel for some 20 years.

NOTE ON CHANGE

Vote on the change was three to two, with Colombo and Beresford casting the negative ballots.

Kephart, Stadler and the two new department heads were given salary increases during consideration of a proposed \$315,000 operating budget for 1965-66.

Expected to boost the tax levy to \$29 per \$1,000 of assessed value, the budget will be reviewed at a 5 p.m. public hearing May 25.

Included in the proposed budget, up some \$42,000 over this year, are three per cent raises and increased insurance benefits for all employees.

In place of the three per cent raise, Kephart will get \$1,000; Stadler, \$700; Sluiter, \$650; and Wachter, \$625.

Frederick W. Case Jr., who recently authored the book "Wild Orchids of the Western Great Lake Region" will lecture on that subject tonight in the Cranbrook Institute of Science auditorium.

The 8:15 p.m. lecture is geared to adults and high school students. It is open, without charge, to the public.

BIRMINGHAM — The Soroptimist Club of Birmingham will hold a benefit concert at the Community House tonight.

Proceeds from the 8 p.m. party will go toward the support of the summer program at the Tyler School for handicapped children in Oak Park.

J. F. Kennedy Family

Flies to England Today

NEW YORK (U) — Accompanied by her two children, Mrs. John F. Kennedy left for England today to participate in the unveiling of a memorial to her husband, the president, at Runnymede.

The party traveled in a White House jet plane which departed from Kennedy Airport at 9:14 a.m. EDT, for the six-hour flight to London.

Filing Deadline Nears in School Board Races

Deadline for filing a nominating petition for the June 14 Pontiac school election is 4 p.m. Saturday.

Monday is the final day to register to vote in the election. Application for voter registration should be made to the clerk of the city or township in which the voter resides.

Two school board posts will be filled at the June election. William H. Anderson and Victor P. Stutz currently hold the positions.

No petitions have as yet been filed by candidates. Only property owners in the school district are eligible.

SIGNATURES
Petitions, which may be obtained at the school's administrative offices at 350 E. Wide Track, must contain the signatures of at least 50 qualified voters to be valid.

The board offices will be open from 2 p.m. to 4 p.m. on Saturday for the purpose of receiving petitions.

NATIONAL WEATHER — Scattered showers and thunderstorms are predicted for parts of New England and the southern Plains tonight with occasional rain along the Pacific northwest coast, and some showers in the northern Rockies. It will be warmer in the Plains and Mississippi Valley and cooler from the Lakes to the Appalachians.

'WHAT'S GOING ON HERE?' Students of West Junior High School are shown rehearsing the Japanese bathhouse scene from "Around the World in 80 Days." The play will be presented at the school, on Old Perch in Avon Township at 8 p.m. tomorrow and Friday.

\$163,350 Village Budget Earns Oxford Council OK

OXFORD — The village council last night approved an operating budget of \$163,350 for the coming year.

This is an increase of \$6,093 over the current budget of \$157,257.

Village Manager Robert Smalley said the tax rate will remain at 20 mills.

Assessed valuation of the village is presently \$2,543,365.

Smalley said the addition of a patrolman and a police car accounts for the increase.

BUDGET FIGURES

The new budget sets aside \$17,595 for the police department, \$21,332 for the water de-

DAVID O. LAIDLAW

Recreation Areas Topic of Park Exec

MILFORD — The delegation from Pewamo for mayor exchange day will learn about area recreational facilities as well as Milford government when it visits here Monday.

David O. Laidlaw, Kensington Metropolitan Park superintendent, will speak at a noon luncheon for the visitors and village officials.

Sponsored by the Milford Chamber of Commerce, the event will be held at the First Federal Savings Association of Oakland.

Laidlaw will present a color film entitled "Recreation Unlimited," which illustrates the facilities of the eight parks in the Huron-Clinton Metropolitan Authority.

Scheduled to participate in the exchange program are Pewamo Mayor Jack Davarn, Mrs. Davarn, another village councilman and his wife.

Blanche Simms PTA Slates Annual Fair

LAKE ORION — The Blanche Simms PTA will hold its annual school fair from 12 to 4 p.m. Saturday at the school.

There will be games, pony rides, fortune telling, a bake sale, a tea room, a retail store, and Indian lore dancing. Lunch will also be served.

Pontiac Press Photo
In the scene above are (from left) Diana Methven, Gloria Garwood, Mike Spink, Tom Butters and Chris Gullen. Jarvis Lamb will direct the play and Bernard Lesley is musical director.

Budget With Pay Raises Is Approved

UTICA — A 5 per cent across-the-board pay raise for all employees was included in a \$338,812 budget adopted by the City Commission Tuesday night.

The raise, about \$250 per year for each employee, amounts to \$3,500 in the budget.

The \$19,000 increase over last year's budget also includes a retirement pension plan for the employees. This amounts to about \$6,500 in the budget.

The general fund allowance is \$227,324. This includes \$67,914 for general administration, \$67,036 for public safety, \$11,612 for the fire department, \$61,980 for public works and \$11,767 for the public library. The water department allowance is \$111,408.

AREA NEWS

man Disposal to provide rubbish collection for the village at a cost of \$152.50 per week.

The new three-year contract represents an increase of \$42.50 per week.

The council also accepted the offer of American Fire Apparatus Co. of Battle Creek to provide a 750-gallon-per-minute pumper at a cost of \$11,614.

The pumper will be mounted on a new GMC chassis which the council had previously purchased at a cost of \$4,865.

Romeo Players to Do Comedy

ROMEO — The Romeo Players will present "The Shirt Off His Back," a three-act comedy, Friday and Saturday at the Community Center.

Run time for both performances will be 8:15 p.m. Tickets will be available at the door.

The plot revolves around Edison Filmore, a collector of delinquent accounts, and his favorite Tuesday shirt.

Richard McLean plays the role of Filmore. Other members of the cast, in order of their appearance are:

Jackie Geismar, Hetty Smith, David Pear, Maxine Wolf, Eleanor Ferrara, Eleanor Downey, Fred Noyes, Art Farrell, Don Geismar, Mike Pooch and Bill McNeill.

CODIRECTORS

Joanne Hart and Helen Stone are codirectors of the play, which is the Romeo Players' spring production.

Norman Engel is production manager.

Choir to Sing at WLHS

The Michigan Chorale's only concert in eastern Michigan before its European tour will be presented Saturday night at Walled Lake High School.

The 70-voice choir is composed of outstanding high school students from all over the state.

Proceeds from the 8 p.m. concert will go into the Walled Lake High School exchange student scholarship fund. The school is located at 2978 S. Commerce, Wolverine Lake.

Milford Adopts Higher Budget

MILFORD — A \$284,255 operating budget for 1965-66, which will take the tax levy up to its 12.5-mill ceiling, has been approved by the Village Council.

The action taken after a public hearing Monday night will add 1.5 mills to the taxes of village property owners, who now are paying \$11 per \$1,000 of assessed valuation.

Revenues from property taxes are expected to total \$128,900.

Of the sum, \$122,955 is earmarked for general fund spending.

Some 58 cents per \$1,000 of valuation has been designated for a public works building and site fund. This will provide about \$5,945 during the fiscal year.

SALARY HIKES

The increase of \$32,505 over this year's figure is accounted for in raises for employees, purchase of major equipment and increased operating costs.

The \$135,500 allocation for the department of public works is up some \$13,750.

School Board OKs Two Purchases

OXFORD — The board of education voted last night to purchase two school bus chassis from the GMC Truck & Coach Division retail store in Pontiac at a total cost of \$7,107.

Sixty-six passenger bodies for the buses were purchased by Oakland Schools recently for \$2,885 each, bringing the unit cost to \$6,438.

In other action the board approved a list of census takers for the annual school census and election inspectors for the June 14 school election.

It includes funds for an across-the-board raise of 10 cents an hour for the department's seven hourly rated employees and a \$200 raise for the superintendent.

Workweek for the employees will be decreased from 44 to 40 hours and they will be paid time-and-a-half for all overtime.

\$250 RAISE

Councilmen gave Manager Donald G. Weidner a \$250 raise and Clerk Margaret L. Knight and Treasurer Janet Kingsbury, \$200 each.

"Every major department is responsible for increases in equipment expenditures," according to Weidner. He noted expenditures for major equipment amount to \$17,950.

Higher operating costs will be reflected in election expenses, up \$1,100; refuse pickup, \$1,177; legal services, \$1,300; contingencies, \$1,000; justice court, \$1,100; engineering, \$3,550; and insurance, \$300.

While general fund spending will total \$220,005, expenditures for the self-supporting sewer, water and auto parking funds will amount to \$64,250.

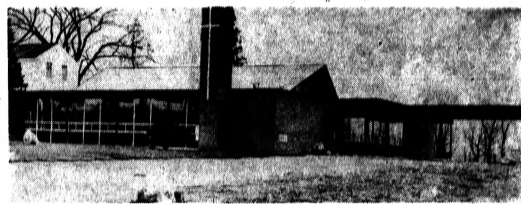

FUND TOTAL

The new auto parking fund will contain \$5,250, including \$3,600 for salaries and \$1,600 for 30 new meters.

By establishing the separate fund, councilmen minimally reduced the amount set aside for the police department — from \$50,275 to \$47,800.

Other accounts are administration, \$22,000; fire department, \$5,750; building inspection, \$2,100; building maintenance, \$6,150; contingencies, \$6,000; recreation, \$1,700; civil defense, \$55; planning commission, \$1,300; village council, \$2,350; and other expenses, \$54,300.

The last category includes items such as refuse collection, legal services, justice court, insurance and street lighting.

Union Lake Baptist Church To Be Dedicated Sunday

First of Three Projects

Church Dedication Scheduled

COMMERCE TOWNSHIP — The first unit of a projected three-phase building program will be dedicated by the Union Lake Baptist Church Sunday.

The new building, which eventually will be the chapel for the three-wing structure, is located at 8370 Commerce.

Rev. Harry Love, general director of the Conservative Baptist Association of Michigan, will deliver the dedication address at 3 p.m.

Special music will be provided by Pontiac violinist John Toroni and his wife, who will sing.

Rev. Love also will speak at the church's 11 a.m. and 7 p.m. services.

The multipurpose building is

dominated by a sanctuary which, with the 13 adjoining Sunday school rooms, has a seating capacity for 450.

DETROIT ARCHITECT

Billy Stewart of Detroit was the architect for the building, constructed by Earl James of Union Lake.

The congregation hopes to start the second phase of the

building program, an educational unit, in about two years, according to Rev. Hiram J. Jones Jr., pastor of the church.

The third unit will be a large sanctuary.

Organized as the Keith Sunday school, the church now has 130 members.

Romeo Petitions Would Place School Bond on June 14 Ballot

ROMEO — Twenty-seven hundred signatures is the goal of the citizens committee which is circulating petitions asking that the school board resubmit a recently defeated \$14 million bond issue to the voters.

The committee will meet at the junior high school at 7:30 p.m. Monday to map further strategy for its signature campaign.

Mrs. Conrad Friedemann, whose husband is acting chairman of the committee, said they have about 500 names now.

"We're trying to avoid a door-to-door canvass," she said, "but if we can't get enough signatures we may have to resort to that."

If the committee can present the school board with 2,700 signatures by May 24, the board can resubmit the bond issue at the June 14 election.

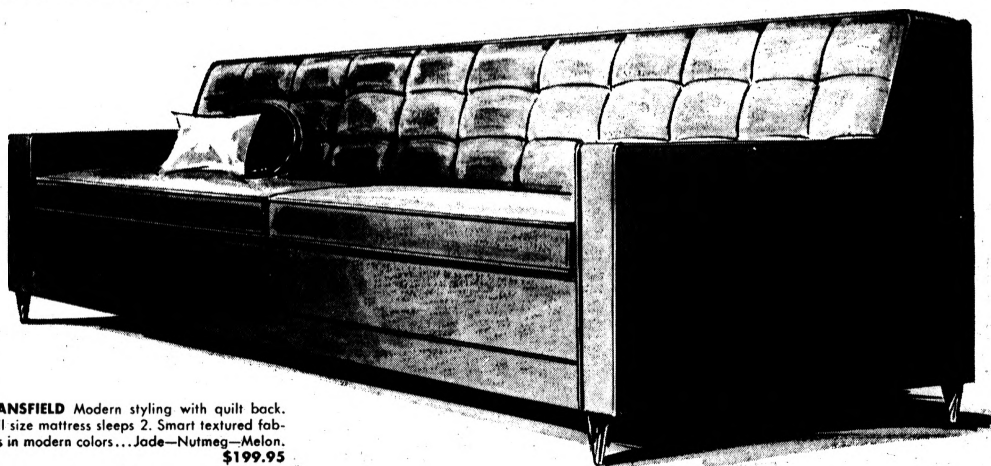

Otherwise it would be six months under the law before it could again be put to a vote.

The bond issue was defeated April 12 by a 416 to 372 vote.

It would have been used for additions to the junior and senior high schools, and a new elementary school near the corner of Campground and 29 Mile.

If it had passed, the bond issue would have raised school taxes in the district by 3.29 mills (\$3.29 per \$1,000 of state equalized valuation).

Simmons and House of Bedrooms Presents NEW 1965 Golden Value Hide-A-Bed Sofa by Simmons

MANSFIELD Modern styling with quilt back. Full size mattress sleeps 2. Smart textured fabrics in modern colors... Jade-Nutmeg-Melon. **\$199.95**

Beautifully styled sofas... and each one conceals a full-length comfortable bed... available instantly—almost effortlessly.

Grace your home with a superbly designed sofa and get an extra bed at the same time. These new Hide-A-Bed sofas by Simmons are the smartest-looking, most-comfortable, easiest-operating convertibles we have ever

shown. New features, never available before, give greater comfort—more convenience. Gives you an extra bed for the price of the sofa alone. Come see them. Many styles and a wonderful selection of fabrics and colors to choose from.

Mrs. Victor Lindquist, Ottawa Drive, president of Pontiac Tuesday Musicales and Charles Fisher, pianist from the University of Michigan, took time before Tuesday's luncheon to pose for The Press photographer. Mr. Fisher presented a program of dances of J. S. Bach.

Musicales Hears Bach Program

One hundred and fifty members and guests of Pontiac Tuesday Musicales heard Charles Fisher of the University of Michigan School of Music play Bach dances yesterday.

The pianist who teaches at the University discussed the selections he presented.

Mrs. Fisher and Mark Westcotts, well known piano teachers in the Pontiac area, were special guests.

Mrs. George Putnam, chairman of the scholarship com-

mittee, reported that several hundred dollars will be available for next year's aspirants. The money was made at the annual "Dollars for Scholars" night in April.

Members working on luncheon arrangements included Mrs. William Helaney and Mrs. Robert C. Irwin. Hostesses were Mrs. Richard C. Poole and Mrs. B. A. Benson. The decorations committee, Mrs. A. D. Esler and Mrs. F. E. Bonner, used geraniums being sold this week by the

Pontiac Symphony Women's Association.

GOING NORTH

Mrs. Victor Lindquist, president of the club, Mrs. Walter A. Schmitt, first vice president and Mrs. Putnam, state federation choral chairman, will attend the state convention at Interlochen later this week.

Fifteen local students from the junior music clubs of Tuesday Musicales will attend the junior convention on Saturday.

Pontiac Press Photos

Past presidents of Pontiac Tuesday Musicales and present officers alike attended the annual luncheon Tuesday at Central Methodist Church. Center and right are past presidents Mrs. Gordon Woolcock,

Otsego Drive and Mrs. James Forman, Chippewa Road. At the left is Mrs. John F. Radenbaugh, Elizabeth Lake Road, second vice president. That delightful hat she is wearing arrived the night before from Paris.

Personals

Mr. and Mrs. A. C. Kirby, Maceday Lake, have returned to their home after a five-week vacation in Chula Vista, Calif.

They were guests of their nephew, Lt. and Mrs. Clyde Kitzer, formerly of Clarkson.

The Don Tottmermans of Rugby Circle are home from a month in Ft. Lauderdale, Fla.

Mr. and Mrs. Lyle Venner, Salmer Street, were hosts at the rehearsal dinner for Barbara Ann Marker and their son, James. The bride's parents, Mr. and Mrs. Bertram Marker, and members of the bridal party attended the party at Ted's Restaurant.

Tell of Fair at School

Parents, teachers, students and friends of Emmanuel Christian School will sponsor an "Old Fashioned County Fair" at the school on Friday from 3 to 10:30 p.m.

A barber shop quartet will present a performance at 10 p.m. followed by a surprise event.

The fair will feature baked goods, cotton candy, go-carts, a ferris wheel and pony rides.

Branch Has Annual Gala on Tuesday

Mrs. George Goble, retiring president of the Rochester branch, Woman's National Farm and Garden Association (WNFGA), presided at her last meeting of the group on Tuesday.

Not only will she be a past president of the group, but an ex-president of the area. The Gobles are moving to New Orleans.

New officers elected for the coming year at Rotunda Country Inn are Mrs. Harry Freeman, president; Mrs. Joseph Watson, first vice president; Mrs. George Keragis, second vice president and Mrs. Ronald Scott; corresponding secretary.

It-elected were Mrs. Thomas Kruger, recording secretary and Mrs. Tage Ketelsen, treasurer.

Branch historian, Mrs. John Bigham, presented a summary of the year's activities.

Cochairmen of the luncheon were Mrs. Charles Arrive and Mrs. William Dunseith.

New officers of the Rochester branch, Woman's National Farm and Garden Association, held their closing luncheon at Rotunda Country Inn on Tuesday. Early arrivals

were (from left) Mrs. J. A. Watson, Rochester; Mrs. George C. Keragis, Washington; and Mrs. Ronald L. Scott, Rochester.

At WNFGA Council

Mrs. Wilson to Preside

Two annual council meetings will bring to a close the fiscal year for the Michigan division, Woman's National Farm and Garden Association. The national council meeting in Washington, D.C., May 17-20 is of particular interest to Michigan branches this year because Mrs. Alfred G. Wilson of Meadow Brook Farms is national president of WNFGA.

She is a member of the Bloomfield Hills branch.

Mrs. Lynn McNaughton of the Grosse Pointe branch is honorary national president; Mrs. Frank Chapman of Rochester, is a national vice-president and Mrs. Marvin Katke

of Kirkway Drive is national recording secretary.

ON COUNCIL

Mrs. Nelson Miles, Mrs. Charles Crane, Mrs. George Cutler, and Mrs. F. Gordon Davis, all of Birmingham; Mrs. Edwin J. Anderson, and Mrs. Harold Tanner of Bloomfield Hills; Mrs. L. Clancy Nancy of Huntington Woods and Mrs. Parker Rockwell of Green Lake are national council members.

Others attending from this area include Mrs. William McCallum of Birmingham, national chairman of extension; Mrs. H. Earl Hanson, Lathrup Village, national chairman of

publications; and Mrs. Wilson McClellan of Birmingham.

PURPOSE

This four day conference will draw women from many areas of the country, all interested in the original objectives of the national association: conservation, education in agriculture and horticulture, a closer relationship between women on the farm and city women, and international cooperation with women of other countries having similar interests.

Shortly after returning from Washington, these women will be on their way to Flint for the Michigan division annual meeting May 26 and 27.

Fenton, Grand Blanc and Holly branches are assisting the hostess branch with arrangements.

Members attending this conference will visit Flint's renowned cultural center, enjoying one luncheon within the art institute with a talk by Dr. G. Stuart Hodge, institute director.

A program in the Longway Planetarium has also been planned and Dr. Ralph Lee of Birmingham will speak at the banquet in the Flint Country Club.

Michigan division chairman of the day for the council meeting is Mrs. Paul Barrett of Lansing, while Mrs. Thomas Wolcott of Flint is general chairman.

Dorsey Band to Appear

Jimmy Dorsey's original band will come to Oakland Hills Country Club Friday evening, complete with vocal and special show.

The evening's theme of "Swing on the Left Bank" is taken from Oakland's Port-O-Call series. Both decorations and the menu will be Parisian.

During the cocktail hour, the Bert Djerkins trio will play.

WOMEN'S SECTION

Stick Like Glue

Time, Nature, Real Team

By ABIGAIL VAN BUREN

DEAR ABBY: My husband has been a woman-chaser all the 44 years I have been married to him. We are now both in our early 70's. I never divorced him because we had four lovely children and, besides, I can honestly say he never mistreated me. He always provided well for the children and me, and our only arguments were over his weakness for women.

When he was 69 years old he got a young girl in trouble. There was a lot of expenses connected with that but no publicity, thank heavens.

My lawyer says I could get a divorce and a very substantial settlement, but do you think it's advisable to break up after all these years? We have nine grandchildren who think "Gump" is tops.

"GUMPA'S" MATE: DEAR MATE: "Gump" appears to be YOUR weak-ness. My guess is you'd be lost without him, so stick with him.

If Father Time doesn't take care of his "weakness"—Mother Nature will.

DEAR ABBY: As a man who has to contend with the telephone in his office, I anticipate retreating to my nice quiet home at the end of the day.

But, alas, this seems to be the prime time for the ladies to call each other to arrange their bridge parties, church socials, car pools, etc. What do these women do all day that they can't get these things arranged beforehand?

SICK OF PHONES

DEAR SICK: They're attending bridge parties, church socials and they're driving the kids around.

DEAR ABBY: I am a 17-year-old boy with a big problem — my parents. They are the most wonderful parents a boy could want, but between the two of them they smoke three cartons of cigarettes a week.

My mother is very nervous and the doctor told her to cut down. She promised she would, but she hasn't.

My father smokes uncon-

sciously. He'll set a cigarette down in an ash tray, let it burn and light another one. Both Dad and Mom cough all the time.

What can a 17-year-old boy do to get his parents to quit smoking? I know nobody can live forever, but why can't people take better care of their health?

CONCERNED SON

DEAR CONCERNED: Obviously your parents are not strong enough to set a good example for you. So YOU set one for them, and my hat's off to you!

DEAR ABBY: I am a 24-year-old divorcee and I've never had any trouble getting dates. My problem is that every man I date thinks that just because I've been married anything goes.

It is very discouraging to have to fight off men all the time. The first thing they suggest is going up to their apartments, or to a motel or something like that.

I love to dance and I enjoy good clean fun. What happened to all the decent men?

SUZANNE

DEAR SUZANNE: They're still around. You seem to be attracting the wrong kind. Change bait.

Troubled? Write to ABBY, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, in care of The Pontiac Press.

Amvet Auxiliary Officers Take Over Jobs

New officers of District No. 3, Amvets Auxiliary, were installed Monday at a meeting in the Sylvan Lake home of Mrs. Albert Emsley.

Mrs. Charles Hadley of St. Joseph, department president of the organization, was the installing officer. Re-elected to serve as president was Mrs. James Houch.

Others assuming duties were Mrs. Emsley, vice president; Mrs. Robert Adsit, secretary; and Mrs. Harold Willis, treasurer. Mrs. Victor Maiden and Mrs. Joseph Waring.

The department convention will be held in Bay City on June 25, 26 and 27.

More Classes in Ballet

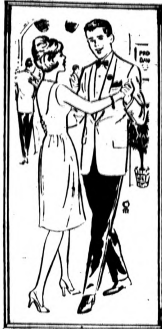

Mrs. Dolly Dibley of Utica will begin teaching another 10-week ballet and tap dance class for boys and girls beginning Friday at the YMCA.

Schedule of classes is as follows: kinderballet (four- to six-year olds) 4:45 p.m. Ballet (six years and older) 4:45 to 5:30 p.m. Tap dance (six years and older) 5:30 to 6:15 p.m.

More information may be obtained by calling John McClure, youth director at the Pontiac "Y".

Christy Jo Hightstreet of North Paddock Street and Denis Murzynowski were used recently in St. Francis de Sales Catholic Church, Holland. Their parents are the Joseph Hightstreets of Holland, and the Edmund J. Murzynowski of Shornell Drive. An English illusion veil complemented her princess-line gown and train of white delustered satin styled with lace bodice. Attendants were Sandra Mulder, Pamela Klokkert of Holland and Diane Murzynowski. With best man, Gregory Murzynowski were ushers Jim Hightstreet and Larry Huisenga both of Holland.

**It's Proper
to Speak
to Her First**

By The Emily Post Institute

Q: When telephoning a dinner invitation to a married couple and the husband answers the telephone, may the hostess give the message to him, or must she ask to speak to the wife and extend the invitation to her?

A: She should ask to speak to the wife, but if she is unable to come to the telephone, the hostess may properly give the message to the husband, inviting them both to dine with her.

DOUBLE WEDDING

Q: A very dear friend and I are planning to be married at a double wedding.

As we are not sisters or in any way related, must separate invitations be sent or would it be proper to send one invitation with both our names, and if so, how should it be worded?

A: One invitation with both your names would be proper and the wording would be:

Mr. and Mrs. John Jones
and
Mr. and Mrs. Henry Brown
Request the honour of your
presence at the marriage of
their daughters

Mary Ellen Jones
to
Mr. Judson Gray
and
Elizabeth Ann Brown
to
Mr. Robert Lake
etc.

SECOND BABY

Q: Will you please tell me if it is proper to give a stork shower for a second baby?

A: There is no reason why a shower may not be given for a second baby.

It should not, however, be given by a member of the mother-to-be's family or a close relative.

The Emily Post Institute booklet, entitled, "Table Rules of Importance," describes how to eat spaghetti as well as other difficult foods.

Louisiana Vows Said

Elizabeth Marie Hamalain and Donald Rex Tison exchanged recent vows in the Muholland Memorial Methodist Church, New Orleans, La. Their parents are the Carl Hamalains of Metairie, La. and the Pearly H. Tisons of Pontiac Township.

A white crepe street-length frock styled in the Empire fashion was worn by the bride with a crown of seed pearls attached to a shoulder length veil. Katherine Sue Hamalain attended her sister.

Along with P. H. Tison, best man, were ushers, Craw-

ford Best and David Roberts of New Orleans where the bride graduated from Louisiana State University. Her husband was graduated from University of Michigan. The couple left for a Smoky Mountains honeymoon following the church reception.

**What Mother
Should Tell You If
You're Getting
Married**

Don't risk disappointment by having a friend attempt to photograph your wedding. Photographs can't be taken over again. In years to come your wedding picture story will recall the happy moments. Don't trust it to an amateur.

Professional portraits are not as expensive as most brides think. Per picture cost is about the same as paying for your own film, flash bulbs and having prints made.

Visit two studios before you decide on a photographer—compare quality and price but don't be talked into black and white. It's absolute. Look into a mirror. Much of your beauty is color.

If your wedding is within 6 months make your appointment soon as professionals take only one wedding a day and most are already booked for months. Kendale Studios, who have been photographing weddings for 20 years, has a complete b.w. wedding for \$69.95. Price includes four extra-3x7 newspaper glossy, year wedding sign, album and information sheet for newspaper.

**Weeks
Of Back Pain
Now Relieved**

"After weeks of pain in my back and hips, I tried DeWitt's Pills—got wonderful relief," says Mrs. R. Gardner, Waterloo, Iowa.

People write in every day praising the remarkable relief they get with DeWitt's Pills.

DeWitt's Pills act fast with a proven analgesic to relieve pain of backache. Their mild diuretic action helps to eliminate retained fluids and flush out irritating bladder wastes that can cause physical distress. If pain persists, see your doctor. DeWitt's Pills often succeed where others fail—quickly relieve minor muscle aches and pains, too. Insist on the genuine DeWitt's Pills.

Over 15 million DeWitt's Pills are sold by druggists day after day after day, the world over—a tribute to their amazing action!

W. German Political Shift May Boost Socialist Party Power

BONN, Germany (AP) — A new political pattern may be emerging in West Germany to give Willy Brandt and his Socialist party their first taste of national power in over a generation.

The new setup would be a partnership between the Socialists and Chancellor Ludwig Erhard's Christian Democrats, who have dominated the country ever since West Germany acquired its own government after World War II. The Socialists have not held a national Cabinet post since before Adolf Hitler took power in the early 1930s.

A shift probably would mean Brandt's taking over either the chairmanship or the Foreign Ministry this fall. He is now a mayor of West Berlin.

Many Christian Democrats oppose such a partnership, particularly ex-Chancellor Konrad Adenauer, who still is the nominal party leader. But they may be forced into it, and Erhard has tried not to shut the door on it.

LOWER SAXONY

Just this kind of partnership seems to be forming in Lower Saxony, one of West Germany's largest states. Under the parliamentary system practiced there, coalition is necessary when no single party controls a clear majority in the legislature.

The same system applies on state and national levels.

In Lower Saxony the Socialists happen to be the biggest party, but they have no major

ty. They have been governing with the help of the smaller Free Democratic party.

Now this local team is breaking up. The Free Democrats are refusing to go along on an agreement with the Vatican about Church schools, since they traditionally stand for separation of church and state.

NATIONAL ELECTIONS

With national elections coming up Sept. 19, many Free Democrats also feel they can make a better showing by going into opposition.

Georg Diederichs, the Socialists' prime minister of Lower Saxony, is having to turn to the Christian Democrats. He is offering them a handful of influential Cabinet posts in return for their support in the legislature, where they will be glad to

approve the agreement with the Vatican.

On the national level, the Christian Democrats are the biggest party in Parliament, but they have no clear majority either. They too have been in partnership with the Free Democrats.

The strength of the three parties may be different after the election. At the moment Brandt's Socialists are ahead of the Christian Democrats. They may turn out to be the biggest party in the new Parliament.

THIN MAJORITY

Even if the Christian Democrats hold their present plurality, Erhard and his friends may decide that their partnership with the Free Democrats on the national level will not give them

enough votes. It is not considered practical in Germany to govern with a tiny majority, as Prime Minister Harold Wilson does in Britain.

The answer may have to be what the Germans call a "big coalition" of Socialists and Christian Democrats, to distinguish it from smaller coalitions between the Free Democrats and either one of the major parties.

Partnerships between Socialists and Christian Democrats are unusual in West German state governments. If leaders in Lower Saxony can make it work, it may take on a new allure in national politics.

The Socialists, though often attacked as "Reds" and "class conscious" by the other parties,

no longer favor nationalization. They have dropped other Marx-ist ideas and on Atlantic defense problems they go along more readily with the United States and Britain than some Christian Democrats do.

Royal Oak Attorney Named to State Post

LANSING (AP)—Gov. George Romney has announced the appointment of Avern Cohn, Royal Oak attorney, as a member of the State Social Welfare Commission.

Cohn, a Democrat, succeeds the late Herbert Schindler Jr. of Lincoln Park on the five-member, bipartisan commission for the remainder of his unexpired term through June 30.

Rusk to NATO: Air Opinions

Makes London Flight Looking for Backing

LONDON (AP) — U.S. Secretary of State Dean Rusk explained U.S. policy in Viet Nam and the Dominican Republic to the Atlantic alliance allies today and asked them to show how these delicate problems could be handled any better.

Rusk, just arrived from Washington, went into a secret session of the North Atlantic Treaty Organization conference hoping for understanding and backing.

Adies said he was not anxious to have the members of the 15-nation alliance make a series of prepared speeches on Viet Nam and the Dominican Republic.

Instead, he preferred an intimate question-and-answer discussion, bringing into the open the misgivings felt by some of the nations in NATO, particularly Norway, Denmark and Canada.

RELAY REMARKS

The NATO foreign ministers met for an hour and 15 minutes in a semisecret session — one in which the substance of their remarks were relayed later to newsmen. Then came a secret session limited to delegation heads, and one with press officers and other delegation members excluded.

Diplomatic sources said Rusk, in his talks, intended to stress the diplomatic complexities of the Viet Nam problem.

Rusk is expected to tell other members of the 15-nation NATO alliance that the Viet Cong seems to be massing its forces, presumably for the seasonal offensive the Communists often launch with the coming of the monsoon season.

Because of the explosive situation in the Dominican Republic, Rusk originally had planned to leave the London conference to Undersecretary of State George W. Ball, who represented him at the opening session. But he flew in overnight.

DEVELOPMENTS

Informants said several developments at the opening NATO session Tuesday prompted the change of plans.

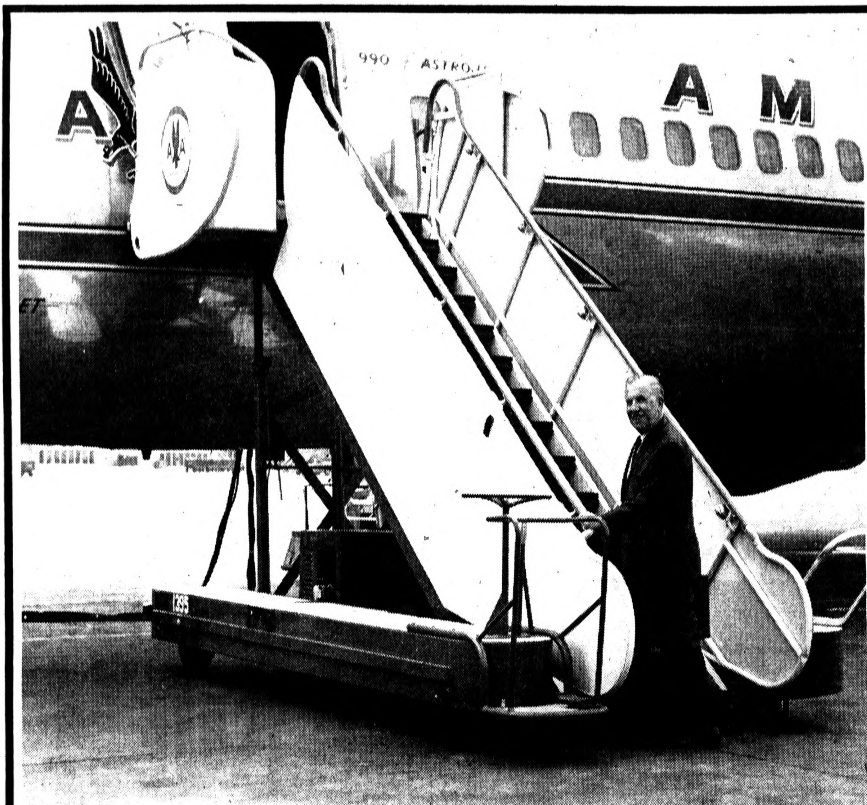

One development was the unrest voiced over the Viet Nam and Dominican Republic situations. Several foreign ministers expressed uneasiness over these American policies. Maurice Couve de Murville of France said the Vietnamese war would lead to conflict with Communist China or the Soviet Union.

Another factor was a complaint by British Prime Minister Harold Wilson that high-pressure sales campaigns by American arms manufacturers were shutting Britain out of the alliance's arms market. He warned that Britain might have to consider the effect on its reserves of hard currency.

This was taken as a threat to cut British forces in West Germany, which are assigned to NATO, unless the cost of their maintenance is eased by arms sale to West Germany.

The United States, Britain and France formally reaffirmed that they share with the Soviet Union the responsibility for a final all-German peace settlement. The decision had been announced Tuesday.

The median annual family income of \$9,327 in Montgomery County, Md., is the highest of any county in the nation. Arlington, Va., ranks second with \$8,670, according to the Census Bureau.

Again this year, they're sending Osmun's to Europe.

(And it will do you a world of good.)

Once more, Osmun's has been selected to attend the renowned Petrocelli International Fashion Festival for men's clothing.

Quite an honor.

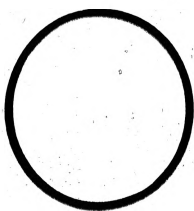

And Mr. Abe Lapides of Osmun's knows it. He boards the plane knowing he is in good company. Because only the leading merchandisers in the nation are invited to this famous event.

Next stop: the fashion centers of three countries, where the next important developments in men's clothing will be charted. Which brings us to you.

Osmun's leadership in styling is your assurance of correctness . . . year in and year out. You can rely on it. And you can rely on the other Osmun's extras, too: The best name brands (e.g., Petrocelli Suits) . . . your choice of charge plans . . . free parking . . . free alterations . . . and the people of Osmun's.

They're always going out of their way for you. Even if it means going to Europe.

Corner of Dixie Highway and Telegraph Road — Pontiac

Marines 'Take Ten' to Honor Viet Boy

By HAL BOYLE
HOA PHAT, South Viet Nam (AP) —

It was the proudest day of his life for 11-year-old Nguyen Duc Tan. In a simple and moving ceremony not far from the Da Nang battlefield, the U.S. Marines honored the slender boy for being the top student in his class at the village Buddhist school here.

BOYLE

The scene was the thronged schoolyard in front of a colorful Buddhist temple. Black-robed monks set out tiny cups of tea on a sereely public address system, a prominent local man made the customary graduation speech.

The high point of the ceremony came after Nguyen Duc Tan had read his valedictory address in an earnest, high-pitched voice. He stood at right attention in his blue shirt and shorts as Lt. Col. Jim Williams of Colorado, Calif., read the boy a letter of commendation on his scholarship from the commanding U.S. Marine general.

Williams then gave him a pen

and pencil set and told him, "Keep up the good work, son."

DISPLAYS PRIZE

Nguyen Duc Tan seemed almost suffocated with pride as he showed off his prize to his schoolmates. We left after Williams and Lt. Donald W. Harris of Phoenix, Ariz., had helped distribute 20 packets of books and pencils to other honor students.

As civil affairs officer, Harris, a lawyer in civilian life, is responsible for pacification missions designed to win friends and influence people. He is enthusiastic about his work and has asked that his tour out here

be extended so that he can continue it.

"We just want to show them that we are interested in them and that the American servicemen isn't a bad guy," he said. "We feel that if the children like us, so will the parents."

"I like kids. I spent seven summers as a camp counselor in New York State, and the kids here are no different basically than those in our country."

FREE CLINIC

Harris is proud of a free medical clinic which he set up with the help of two Navy corpsmen. "In three days, we treated 150 children and adults," he said.

"I believe the best medicine is soap and hot water. Most of the diseases we treat are difficult. So the first thing we do with these kids is to give them a good scrubbing."

"It's really gratifying to see the smiles on these kids' heads, and feel that we are really doing something to help them. But some parents are bringing wrong with them. They just want us to give them a good bath."

Marines in the Da Nang area also are clipping in to send three children with cleft palates to a hospital near Saigon for operations. The operations will cost only \$5 each, but that is more than the parents have been able to afford.

MARINE KILLED

Pacification has its own reward but it also has its perils. On the same day that young Nguyen Duc Tan got his gift pen and pencil set, a postwar mission of Marines in a nearby village was fired on by Viet Cong guerrillas. One marine was killed.

"It upsets me," Harris said, "to realize that the people in

that village knew the enemy was there — and didn't warn us."

Subway Patrolling Drops Crime Rate

NEW YORK (AP) — The city's Transit Authority reports that intensive night patrolling of subways has sharply reduced serious crime during the first 30 days of Mayor Robert F. Wagner's war on crime.

Wagner asked City Council Tuesday to provide budget funds to cover the \$6,182,508 cost of the action. Of the total, \$5,638,250 would pay for police overtime from April 7 to June 30.

The authority said that in the first 30 days of the program, the number of felony complaints dropped to 61, with 28 arrests, compared to 111, with 64 arrests in the corresponding period of 1964.

Vote to Strike Hotel

LANSING (AP) — Employees at the Lansing Jack Tar Hotel, a rendezvous for legislators opposite the State Capitol, have voted to strike at midnight, May 18, if their contract demands are not met.

TEAR GAS ATTACK — South Korean students and police—the latter having the advantage of gas masks—battled in a Seoul street last month. Quiet for a year the stu-

dents again are on the warpath against government efforts to bring about diplomatic and political rapprochement with Japan.

Oppose Ties With Japan

S. Korean Student Protests Flare Again

By C.S. CHIN

SEOUL, South Korea (AP) — South Korean students, after a year of silence, are back on the warpath against the government over moves to bring about a diplomatic and political rapprochement with Japan.

The United States is caught in the middle of the dispute.

The student campaign seems to put a crimp in nearly successful negotiations for reestablishment of relations which have lapsed for 14 years. The reasoning behind the campaign is sometimes obscure but the fear seems to be that Japan will dominate South Korea economically and return to the commanding position it held during

35 years of colonial occupation that ended in 1945.

Demonstrations a year ago forced President Chung Il-se Park to suspend his talks with Japan. But the president, a former general, doesn't seem inclined to back down this time.

NORMAL TIES

He says normal ties with Japan will give the South Korean economy a needed shot in the arm. The United States feels the same way, would like to see uni-

ty between these old enemies who now are U.S. allies and in the forefront of anticommunism.

The student slogans have centered chiefly around abolition of the 1965 line which bars Japanese — and all other — fishermen from fishing in waters within as much as 100 miles from Korea.

The fishermen are believed less concerned than the students since the new agreements would limit the number of Japanese boats in the area and Japan would extend important financial help to modernize the South Korean fishing industry.

The deeper worry was spelled out by a 22-year-old student at Seoul National University, who said

Japan will try to make Korea a market for her own products as she did during her colonial rule. Billions of dollars of American aid money poured into our country before and after the Korean War but the economy is still very weak.

"I don't see how 400 or 500 million dollars of Japanese money spread over a period of 10 years could make any significant contribution, especially when the money would be spent in such a way that Japan would benefit from it."

Part of the final settlement is that Japan make a \$300-million grant against Korean property claims and \$200-million in government-to-government loans. This package is sweetened by a Japanese guarantee of \$400-million more in commercial loans.

INDIRECT WAY

The United States comes in for criticism in an indirect way. "Earlier this century, the United States served as go-between and helped arrange the Portsmouth Peace Treaty between Japan and Russia ending the Russo-Japanese War of 1904. This opened the way for Japanese annexation of Korea, in an effort to check Russia's increasing influence over Korea."

"Now, the United States is trying to justify an economic invasion of Korea by Japan in an effort to make Japan the leader among Asian countries in opposing Communist China's expansionism," one student said.

Park calls the students "puppets" being used by older, anti-Japanese intellectuals and politicians.

He also predicted the full committee would approve it without change tomorrow.

The administration is seeking legislation to continue the program, enacted last year, until June 30, 1967, and increase its authorization from \$800 million to \$1.5 billion a year.

In return for supporting the measure without change, Powell is understood to have demanded a letter from Sargent Shriver, director of the anti-poverty program, promising to carry out administratively the changes Powell wants.

The president of Israel is elected by the Knesset (Parliament) for a 5-year term.

Spending Curb in Shaky Start

White House Assistants Puts Bill on Floor

WASHINGTON (UPI) — President Johnson's bill to curb U.S. tourist spending abroad was off to a shaky start today with signs of trouble on the horizon.

The House Ways and Means Committee approved the legislation yesterday, but only after the White House had stepped in to put down a Democratic revolt during closed committee sessions.

The bill, part of Johnson's effort to reduce the dollar outflow, would reduce from \$100 to \$50 the value of duty-free goods which U.S. tourists may bring home. It also would knock down the liquor allowance from one gallon to one quart in most cases.

The committee said the restrictions would mean an additional \$105 million worth of duty income for the United States each year.

Opponents argued that the amount of money involved was only a drop in the federal till, and that the bill would work a hardship on a group that deserved better treatment.

A 'FLY-SPECK'

Rep. A. S. Herlong Jr., D-Fla., tagged it a "fly-speck approach" to the balance of payments problem.

Republicans launched an attack on the bill during public hearings. It was reported earlier this week they were picking up Democratic support and that the bill was in trouble.

White House aides got on the phone, however, and when the roll was called yesterday, the votes were there.

Republicans were expected to carry the fight to the house floor when the bill comes up for a vote. Some administration stalwarts admitted the legislation would be less popular than other Johnson proposals.

Drink, Drive to Get Job

MADISON, Wis. (AP) —

Wanted: A young man who drives and drinks on the job.

The Wisconsin Bureau of Personnel listed these among the qualifications in a notice seeking a traveling investigator in the State Beverage and Cigarette Tax Division "to enforce the laws protecting minors."

The bureau said it sought a man 21-30 years old with the ability to drink moderately, drive a car, and work nights and weekends.
