

Three Detroiters Die in 10-Mile Road Crash

Cherry Festival Queen

AP Wirephoto

REIGNS AT TRAVERSE CITY—Sharon Dolan, a stately 19-year-old blonde, is to preside as queen of the National Cherry Festival at Traverse City, July 13-15. Miss Dolan, of Traverse City, was selected from a field of 19 contestants from West Michigan cherry growing centers. This is the first time in 15 years for a Traverse City entry to take the crown.

Expect Capacity Steel Output by First of Week

Industry Predicts Jump to \$7.50 Ton to Offset Given Wage Increase

PITTSBURGH (INS)—The nation's steel mills will be producing at full capacity by the end of the holiday weekend with a 15-cent hourly wage increase throughout the industry being passed on to consumers by a hike in steel prices.

The announcement of the pay boost at noon yesterday was followed six hours later by the release of the new price scale by the United States Steel Corp., traditionally the industry leader.

The country's largest producer said the average increase, effective July 6, would be \$7.50 per ton.

Agreement between "big steel" and the United Steel workers, ended a 12-hour strike by 600,000 members of the CIO union. The five other major steel companies—Bethlehem, Republic, Jones and Laughlin, Inland and Youngstown Sheet and Tube—signed with the steelworkers last night.

Continuation of the strike would have halted production of 90 per cent of the nation's steel and gradually led to a shutdown of other industries producing everything from bobbypins to locomotives.

Although some of big steel's workers were back on the job before the contract was signed formally, 36 to 48 hours was estimated as the time necessary to get the mills back into full production. Blast furnaces were banked Thursday in preparation for the weekend which proved to be the shortest in the industry's history.

HIKE STEEL COST

The 5.8 per cent increase pushed the average cost of steel from \$125 to \$132.50 a ton.

U. S. Steel President Clifford F. Hood said the increase was due to both the pay boosts and the rising cost of purchased goods and services, "of state and local taxes and of new construction." The amount of the price boost was about \$1.50 higher than forecast before the settlement.

For consumers it will mean increase of, for example, \$15 in the price of an automobile costing between \$2,500 to \$3,000.

For the 600,000 who struck, it meant the average hourly wage went up to \$2.38 an hour. A similar pattern is expected to be followed in negotiations on behalf of another 600,000 U.S.W. members in the aluminum and steel-fabricating industries.

The risk also will be the scene of the hobby show, in which GMC employees will display more than 35 different and unusual hobbies.

A top attraction in last year's picnic, the hobby show will bring together such leisure-time interests as miniature railroads, detailed needlework and crocheting, and unique collections.

Billed as the "GolyMpiCs," GMC's own Olympics will provide athletic events for everyone, as well as team contests. Special prizes will be awarded winners. Chairman for the 19th annual picnic will be Owen J. O'Neill.

My Mother-in-Law Now Is Me, Myself

HOUSTON, Tex.—As nearly as Crime Prevention Division officers can figure out, a 50-year-old woman is her own mother-in-law.

She is also the grandmother and the stepmother of two children. Her situation resulted when she married her daughter's ex-husband.

She had already taken the two children, born of the earlier union, into her home to rear.

The woman complained that one of the children ran away to join her real mother. She asked police to help recover the girl.

Police, confused, they said, after considering the various angles, referred her to a lawyer.

Detroit Slum Study

WASHINGTON—The Urban Renewal Administration has approved a \$35,000 grant to the Detroit Metropolitan Area Regional Planning Commission to study slum and blight prevention.

Register of Deeds Office Measures Area Growth

Statistics released today by the Oakland County Register of Deeds office reveal a whopping 32 per cent increase in papers processed during the past six months, as compared to the same period in 1954.

This June and the preceding five months were the busiest in the history of the office, announced Orrin McQuaid, register.

If the deeds office business is any barometer, Oakland County is growing rapidly.

The office recorded 15,655 deeds and 7,011 mortgages the first half of 1955—an increase of 6,988 papers over last year's period.

Fee received by the office to date total \$131,962.35, compared to \$100,459.50 for the 1954 period.

McQuaid said he thought the expansion was due to the upswing of new industries and businesses in the county, among other factors.

"Oakland county's location on the fringe of the industrial center of Detroit, which has little room for new housing, is bringing thousands of residents to less congested areas," he said.

New subdivision plats recorded this June amounted to 21, bringing the total of plats for six months to 98, 12 more than last year. (Continued on Page 2, Col. 5)

Nearly Half-Inch of Rain Dumped on Pontiac Area

Showers Bringing Short Respite to Holiday Heat

Severe thunderstorms raked the state last night and this morning in the wake of yesterday's heat, and .47 of an inch of rain fell in the Pontiac area in the last 24 hours.

The cooler breezes that followed brought only temporary relief, however, with high temperatures and humidity forecast for the long holiday weekend.

The U.S. Weather Bureau reported today that thunderstorms are expected to continue a hopscotch pattern over Michigan tonight and Sunday.

A sharp thunderstorm hit Detroit last night, moving in behind 90-degree weather, hottest of the year for the Motor City. Chrysler Corp. sent 6,450 employees home yesterday, because of the heat.

Temperatures in the top 80s and low 90s were forecast today throughout the Lower Peninsula, and highs ranging from 80 to 88

were predicted in the Upper Peninsula.

A tornado warning covering the northern part of the Lower Peninsula prevailed between 2:30 p.m. and 8 p.m. yesterday, but no twisters were reported.

Traverse City was struck by a brief, heavy thunderstorm that buffeted the city with winds up

to 50 miles per hour late yesterday. It toppled temperatures from 88 degrees to 70.

Small craft warnings flew on the Great Lakes today and squalls were forecast.

Weekend weather is due to be continued hot and humid with occasional showers and thunderstorms today, tonight and tomorrow.

Thunderstorms are supposed to be locally severe today. A little cooler Sunday is forecast.

Today's high in Pontiac is expected to hit 93 degrees and the mercury will go down to around 64 tonight.

Downtown, today's low before 8 a.m. was 70 degrees. The thermometer registered 88° at 1 p.m.

Soo Centennial Beard Gets Attention

Committee Sits on Housing Bill

Rep. Rains Says House Banking Group Won't Reconsider Measure

WASHINGTON—Rep. Rains (D-Ala.) said today the House Banking Committee is "going to sit tight" on its controversial housing bill stalled by public housing foes on the House Rules Committee.

Rains, a senior banking committee member, said he foresaw no prospect that his group would reconsider the bill and vote out an altered version.

But an administration official said efforts would be made to get a bill more to the administration's liking. He described the stalled measure as carrying "a lot of cats and dogs" not originally sought by President Eisenhower.

The powerful rules group split 6-6 yesterday on a request to clear the measure for House action. A solid lineup of four Republicans reportedly joined two Democrats in opposing the bill, while the six favoring it were said to be all Democrats. The tie vote kept the bill locked in the rules committee.

The measure includes a provision for 35,000 public housing units a year for the next two years, the same number sought by Eisenhower.

All sides apparently agree that something will have to be done fairly soon. A month's extension, enacted this week, still leaves various housing programs due to expire by July 31.

Quaker Oarsmen Win Grand Challenge Cup

HENLEY-ON-THAMES—The University of Pennsylvania rowing eight today won the Grand Challenge Cup of the Royal Henley Regatta, defeating the Vancouver Rowing Club of Canada in a nip and tuck race.

The Pennsylvanians finished a third of a length ahead in 6 minutes, 56 seconds for the one mile, 550 yard course.

Congress Seen Giving In to Ike on Military Reserve

WASHINGTON—Rep. Vinson (D-Ga.) predicted today Congress soon will give President Eisenhower "the kind of military reserve program he wants."

Vinson, chairman of the House Armed Services Committee, said in an interview he expects "no trouble" in the Senate for a measure to swell the nation's 700,000-man reserve to a trained force of 2,900,000 by 1960.

Sen. Russell (D-Ga.), chairman of the Senate Armed Services Committee, said a subcommittee soon will begin hearings on the bill.

Breaking a six-week impasse over an antisegregation proposal, the House passed the bill yesterday by voice vote.

In an earlier key vote, Republicans and Southern Democrats combined to defeat a new effort by Rep. Powell (D-N.Y.) to bring about racial integration in the National Guard. The Powell amendment went down on a 156-105 standing vote.

The measure would set up a new six-months training program for teenage volunteers who would be obligated to serve 7½ years' reserve duty, but would escape the two-year draft.

It also provides that reservists failing to maintain prescribed training standards could be recalled for 45 days' active duty.

Vinson called it a "good strong bill, the kind the President wants."

In other sections the bill would lower from eight to six years the total time a service man must spend on active duty and in the reserves. It also would authorize the President, in an emergency, to call up one million reservists without congressional approval.

Pontiac Motor Boosts Turnout

Division Helps Pace GM Production Figure for 6 Months

A sharp production increase at Pontiac Motor Division helped pace General Motors' highest 6-month production in history, figures announced today reveal.

The division produced 312,310 of the 2,458,646 vehicles manufactured by GM divisions in the United States and Canada. Of this total, 44,581 were turned out in June, compared to 28,489 made in June 1954.

GM assembled 377,183 passenger cars and trucks during June, an increase of more than 65,000 over the previous June, the corporation announced.

GMC Truck & Coach Division output for June was double that of June 1954. The division made 11,691 trucks and coaches, compared to 5,259 last year. Through June 30, GMTC has manufactured 51,858 units.

Americans Madder Than Rest of World

PARIS (INS)—The French League for Mental Hygiene reported today that the world is getting madder—and maddest of all is the American.

A report published by the league said one in every 200 Americans, one in every 300 Frenchmen and one in every 1,000 Egyptians was insane.

Noise and the wild rhythm of city life was given as one of the major reasons for the increase in insanity.

Car Slams Tree After Skidding on Wet Highway

Novi Township Mishap Mays Generally Safe 4th of July Exodus

Highway death got off to an early start in Oakland County this Independence Day weekend as three persons were killed when their car skidded on wet pavement and slammed into a tree on 10-Mile road in Novi Township last night.

Witnesses told State Police of the Redford Post the car containing the three, all Detroiters, had just passed another auto going west on 10-Mile near Napier road when it started to skid, turned around completely and wrapped itself around a tree.

Police said it took an hour to pry the bodies out of the car.

The dead are: William C. Dagg, 62; Phillip Bauman, 51, and Bauman's wife, Loree.

Meanwhile, police officials were keeping their fingers crossed that the returning crowds of fun-seeking motorists Monday will be as generally accident-free as yesterday.

"If we can get them home as smooth we're all set," said Sheriff Frank W. Irons.

The triple fatality was the only serious accident to mar the traffic record in the county so far.

Only a scattered number of accidental violent deaths were reported today as the nation's celebration got under way.

By this morning, only 23 accidental deaths had been reported since 6 p.m. Friday. There were 13 traffic deaths, 5 drownings and 5 deaths from miscellaneous causes.

The National Safety Council has estimated that 380 persons will be killed in highway accidents by the end of the year.

MACKINAW CITY—Cars of Fourth of July weekenders headed for Upper Michigan and Canadian resorts stacked up in lines five miles long today waiting for ferries across the Straits of Mackinac.

Monday midnight. Drownings and violent deaths from miscellaneous causes will swell the toll.

The three-day Fourth of July holiday last year took an overall toll of 623 lives—348 in traffic, 12 drownings and 83 in other accidents, including four fireworks deaths.

The National Safety Council estimates that 40 million automobiles will be on the highways during the holiday period. The period of greatest peril is near the end, when motorists, tired from hours of travel, are returning home on crowded highways.

Tourist Council Head

GRAND RAPIDS—Robert W. Budd of Detroit was named early this week to a third consecutive term as chairman of the board of the Michigan Tourist Council. Budd is president of the Great Lakes Greyhound Lines.

Chile Minister Eyes End of Public Service Strike

SANTIAGO, Chile—Interior Minister Osvaldo Koch has predicted an end today of the strike by 60,000 government public service employees which has forced a state of emergency in parts of Chile.

After a long conference last night with strike leaders Koch said he was confident a friendly settlement would be reached today.

But the government still ordered reserve troops to active duty, re-enforcing local garrisons.

President Carlos Ibanez declared workers in the government-owned railway, streetcar and bus systems and postal and telegraph departments walked out demanding wage increases and extra compensation to offset rising living costs.

The president's decree covered four states and sections of several others, placing all the nation's industrial areas under military control. Some trains were operated by soldiers, but the internal telegraph service and all postal services were paralyzed. Privately owned buses continued operating.

ORRIN MCQUAID

Outlook Bright
for Fiscal YearLess Deficit, Balanced
Budget and Tax Cuts
May Be in Offing

WASHINGTON (U)—New Year's Day for the government started yesterday — the beginning of fiscal year 1956, which may see a sharply reduced deficit or even a balanced budget and tax cuts as well.

If the government can do that, it will be by grace of the current upswing of business activity, plus some neat footwork by the treasury in the thickets of government finance.

The Eisenhower Administration appeared to be set for a major attempt to drain most if not all of the red ink from its accounts in the next 12 months prior to the presidential election campaign of 1956.

And administrative spokesmen have been careful not to back-track on Eisenhower's expressed hope that "tax reductions will be justified next year."

DEFICIT WHACKING

Administration acceptance of an only temporary continuance of the legal debt limit at 281 billion dollars — approved by the Senate and signed by President Eisenhower — signaled the deficit-whacking or budget balancing trend.

Secretary of the Treasury Humphrey told Congress last week "We hope and believe" the treasury can get along on the one-year extension of the debt ceiling at 281 billion.

This meant he believed he could get by with no more than about 1 1/2 billion dollars of more-or-less permanent borrowing, because a year from now the debt ceiling will revert to 275 billion. Humphrey starts this book-keeping year with a debt of 273 1/2 billion.

Humphrey told newsmen he expected to wind up fiscal year 1955, under the 4 1/2 billion dollar deficit predicted for the year, but over 4 billion. Final figures will not be available until about July 20th.

BUDGET MESSAGE

Last January, Eisenhower in his budget message predicted a deficit of about 2 1/2 billion dollars in the fiscal year opening today, that would normally mean borrowing of about 2 1/2 billion dollars during the year.

If borrowing is to be limited to 1 1/2 billion, as Humphrey anticipates, the government must either spend less or borrow less than was planned last January.

Just how the Treasury plans to manage the deficit-whacking feat suggested by acceptance of a temporary debt ceiling of 281 billion dollars level remains to be seen. Much will depend on spending plans approved by Congress in the next month or so. Much also will depend on such unpredictable outlays as those for crop price support.

However, it is known that the treasury is expecting current tax revenue next spring, because the economy has been expanding swiftly this year and government economists expect the boom to last at least through the calendar year.

Better Not Try Keys

OMAHA (U)—A burglar reached through a window yesterday at the home of Mrs. Carol Hite and snatched her purse. His loot was a small amount of change and keys to the psychiatric ward at the hospital where she worked.

June Weather Was Dry,
Survey of Month Shows

In a look backward to June weather, one word would best describe it—dry.

The temperature for June was .04 over the normal average temperature of 68.1. The area enjoyed 67 per cent of the total possible sunshine, which was two per cent above normal.

Rainfall was 1.3 inches under

MSU Panel to Discuss
Polio Program Handling

EAST LANSING (U)—A panel discussion of the administration of the Salk polio vaccine program will be held at Michigan State University July 21 as part of a governmental forum.

Speakers will include Rep. Charles A. Wolcott of New Jersey, member of a congressional committee which studied the program; Dr. Thomas Francis Jr. of the University of Michigan, who evaluated last year's mass tests of the vaccine; Lt. Gov. Philip A. Hart and a representative of Parke-Davis Co. of Detroit, one of the leading vaccine manufacturers.

INTERRUPTED JOURNEY — Mrs. Ruth Keith, mother of triplets born at Gander, Newfoundland, is shown with her two other children, Tordis, 3, and Bruce Eric, 1, in Gander Hospital. A Transatlantic plane bringing Mrs. Keith and the older children from Norway made an unscheduled stop at Gander for her benefit. Her husband, Gordon Keith, a Minnesota country newspaperman, caught a plane from New York to see his triplet daughters.

Expect 2 GOP Appointees
to Spark Turnpike Board

By JACK I. GREEN

LANSING (U)—The Williams Administration believes that it has pointed the Michigan Turnpike Authority toward a more aggressive and popular operation by the appointment of two leading Republicans to the agency.

Williams, in a move which surprised both Republicans and Democrats, named former State Sen. George N. Higgins of Farmington Hills and Carl H. Smith of Bay City to fill two vacancies.

Higgins got the term expiring Feb. 28, 1957, and Smith that ending Feb. 28, 1961.

The surprise was Higgins' appointment because he led the legislative fight for six years against Williams' corporation profits tax.

But insiders say that Williams was willing to forget this in order to pull the Turnpike Authority out of its confused state and restore its prestige.

PUBLIC RELATIONS

Administration spokesmen said Williams has high regard for Higgins' aggressiveness and believe that he will spark the authority to get started on a Saginaw-Flat Rock toll road and will be adept in overcoming bad public relations which got the authority into dispute with some southeastern Michigan communities.

While the administration has no say in the matter, it is betting that Higgins will be chosen by the authority to be its new chairman.

It is no secret that Williams, as well as Republicans, felt that the former chairman, William E. Slaughter Jr. of Birmingham, was tactless in handling community and public relations along the proposed toll road route.

The administration reportedly believes that Higgins and Smith will get the authority a more friendly treatment in the Legislature also.

2 MOVES BEATEN

The recent legislative session was torn with two moves to abolish the authority entirely and to trim its power to set toll road routes.

Although both these moves were beaten, the legislative hostility erupted in the Senate's refusal to confirm Slaughter, a virtual vote of no-confidence in the agency.

The governor's aides deny vigorously capitol gossip that Higgins' appointment resulted from a trade with Senate Republicans to get rid of Slaughter. They say that Higgins was not under consideration for the job then and only was sold to the governor in recent days.

State Education Board
Investigates Loan Fund

LANSING (U)—The State Board of Education today scheduled two public hearings July 8 on regulations to govern Michigan's new 100 million dollar state school construction loan fund.

One hearing will concern standards of cost for projects on which the state will lend construction funds to local school districts.

The State Department of Public Instruction has suggested a maximum standard of \$16 per square foot.

The second hearing will cover rules and regulations for qualifying school districts for the loans.

Salk Serum Talks

WASHINGTON (U)—Experts advising the Public Health Service on clearance of Salk antipolio vaccine supplies are meeting here for the second day. The Health Service said it doesn't know whether the group will recommend release of more vaccine—the first since June 6.

Moving-day drudgery holds no fears for James Morrow, in fact he can hardly wait to get started, despite the heat.

Morrow, his wife Charlotte, and their five children hit the once-in-a-life jackpot yesterday, and they are ready to forget their five-room, second-story flat at 1460 Baldwin Ave.

They won an \$18,000 house and a new MG car when their "lucky number"—510—was picked as winner on the "Feather Your Nest" morning television show in Detroit.

Morrow recently appeared on the show and was given the number three weeks ago. It was the

first time they had entered the contest. The one try was enough, as 510 was the lowest number, and the winner.

All the Morrows were viewing the television when their name was announced.

"I can't believe it," Mrs. Morrow said simply. A soft spoken ex-Bostonian, she said the new pre-fabricated home will be constructed in the Berkeley area, near her husband's job.

Morrow, 26, is a machine operator at Condematic Company, Inc., 2700 E. Nine Mile, Hazel Park. They hope to move into six-room house, complete with a dining "L" and car port, by September.

Paper Charges
'Intervention'National Committeemen
Naming Delay Blamed
on Summerfield

DETROIT (U)—The Detroit News said yesterday that Postmaster General Arthur E. Summerfield is trying to delay further the naming of a Republican national committeeman for Michigan.

The News said Summerfield held a "secret" meeting at the Willow Run airport last Wednesday with Wayne County Republican leaders to urge them to hold off the selection of a successor to David W. Kendall of Jackson.

Kendall has been general counsel for the U.S. Treasury Department for six months, forcing him to limit his duties as national committeeman. Some party quarters reportedly have been arguing that he should have quit a long time ago. Summerfield formerly held the post.

The News said Summerfield's "intervention" in the situation "served to point up anew the breach" between him and State Chairman John Felkens.

A Republican state central committee meeting has been called for Lansing July 8-9 to choose Kendall's successor. But Summerfield, returning to Washington from the Sault Ste. Marie Locks Centennial celebration, argued that there would be "plenty of time" to pick a committeeman after "new leadership" had been given the state organization, the News said.

Deeds Office Sees
Signs of Expansion

(Continued From Page One)

Money loaned on Oakland county real estate mortgages totaled \$38,170,673 for the first five months. Most of the mortgages represent new construction, McQuaid pointed out.

The mortgage summary, prepared by the Abstract Title and Guaranty Co., showed an average of more than \$17,500,000 loaned per month.

Breakdown of Deeds office totals for June, as compared to June 1954 follows:

Papers processed totaled 15,863, with \$24,449.80 in fees received. This is an increase of 1,844 papers and \$4,645.30 in fees over last year.

Two Judges Slated
for County Courts

Two outside judges are slated to come in at various times this month and next to handle matters in Oakland County Circuit Court while regular jurists are vacationing or the docket is heavy.

Michigan's only woman circuit judge, Lila M. Neuenfeldt of Wayne County, will be here next Tuesday, then again July 18 through 29, August 15 through 18 and August 29 through Sept. 2.

Judge Edward T. Kane, of St. Clair County, is scheduled for July 11, August 1 and August 8.

Two Hurt as Seaplane
Overtakes in Lake Huron

MOSCOWA (U)—Three persons were rescued from their capsized seaplane in Lake Huron 3.5 miles south of Oscoda yesterday.

The pilot, Charles Sutliff, 43, of Dearborn, escaped injury. His passengers, Albert King, 48, of Allen Park and King's 44-year-old wife, suffered minor injuries.

The plane was forced down by bad weather over the lake. Sutliff landed safely but a strong tail wind flipped the plane over as he taxied to shore.

Coastguardsmen rescued the trio.

America leads all other countries in the number of tourists visiting Berlin. In 1954 there was an increase of 30 per cent over the previous year.

No Harm Seen
in Plane StorySolon Willing to Accept
Newspaper's Word on
Alleged Security Slip

WASHINGTON (U)—Sen. Eastland (D-Miss) says he accepts the New York Times' word that no security violation was involved in its publication of a story during the Korean War that the U.S. Air Force was using F86 Sabre Jets.

Eastland, chairman of the Senate Internal Security subcommittee, said late yesterday the group never has made "any such charge," but that "I am glad to make this statement in the interest of complete fairness."

The story was written in 1950 by Charles Grutzner, a Times reporter, who acknowledged at a subcommittee public hearing Thursday that he had been a Communist party member from 1937 to 1940.

Grutzner was among a dozen former employees of the now-defunct Brooklyn Eagle who were named by CBS newsmen Winston M. Burdett as people he knew as fellow Communists in 1937-1940. Grutzner testified he became fed up with communism and quit just before joining the Times staff.

Eastland indicated in his questioning of Grutzner he felt that the story disclosing U.S. Sabre Jet planes were in action in Korea had been helpful to the Communists, but the newsmen and the Times said the Pentagon had cleared it for publication.

Eastland's statement yesterday said the subcommittee has been informed by the Defense Department that it is "unable as yet to state from its own records" whether Grutzner's story was cleared for publication at the Pentagon.

Woman Jockey
Is Sidelined in
'Toughest Race'

SIENA, Italy (U)—Pretty Lullu Caliva, the 23-year-old Sicilian girl who came all the way to Siena to ride today in the Palio, the town's famed horse race, will have to sit it out.

She had planned to be the first woman rider since the 16th century in the organized mayhem run twice annually around Siena's town square. But last night the "Tortoise" team which had signed held held jockey and decided to get another jockey. Their horse has been neglected in the betting.

The Palio is considered the world's roughest horse race. Its jockeys get from \$500 to \$2,500 for five minutes of tearing bareback around the square armed with padded clubs. The winning horse usually comes in riderless, its jockey having been knocked, pushed, kicked or clubbed from its back. The entries are mostly rugged farm horses. Each represents a section of Siena named for an animal.

Lullu said she figured any girl from Sicily is as tough as any man from Siena. There was a "Virginia the Courageous" who posed as a man to ride in the Palio. There is no record of how her horse finished.

Court Fines Follow
Raid by Vice Squad

Pleading guilty in Municipal Court to operating an illegal gambling place, Margaret C. Zolman, of 1217 Baldwin Ave., today was fined \$100 by Judge Cecil McCallum.

Cecil P. Green, 37, of the same address, pleaded guilty to an aiding and abetting charge and also was fined \$100.

Seven others, arrested on loitering charges when vice squad detectives raided the Baldwin avenue house early this morning, pleaded guilty and paid \$25 fines. The raid was conducted by Sgt. Donnie Ashley and Ray Meggett, who confiscated a deck of cards and \$58.

MSU Publicist Named
to GM Post in Detroit

EAST LANSING (U)—Alvie L. Smith, Michigan State University publicist, has been appointed to the public relations staff of General Motors Corp., it was announced today.

Smith, who joined MSU as news editor in 1948, will join the central public relations staff in Detroit. The appointment is effective Aug. 24, General Motors officials said.

Two Hurt as Seaplane
Overtakes in Lake Huron

MOSCOWA (U)—Three persons were rescued from their capsized seaplane in Lake Huron 3.5 miles south of Oscoda yesterday.

The pilot, Charles Sutliff, 43, of Dearborn, escaped injury. His passengers, Albert King, 48, of Allen Park and King's 44-year-old wife, suffered minor injuries.

The plane was forced down by bad weather over the lake. Sutliff landed safely but a strong tail wind flipped the plane over as he taxied to shore.

Coastguardsmen rescued the trio.

America leads all other countries in the number of tourists visiting Berlin. In 1954 there was an increase of 30 per cent over the previous year.

The Day in Birmingham

Re-elect Incumbent Slate
to Board of Education

BIRMINGHAM (U)—At its annual reorganizational meeting last night, the Birmingham Board of Education re-elected its incumbent slate of officers.

Heading the board for the ninth consecutive year is Ernest W. Seaholm. Seaholm was first elected to the school board in 1939 and has served as president since 1947.

Rounding out the slate are Amos F. Gregory, secretary, and Wylie E. Groves, treasurer.

Appointed was a three-member building committee which will guide and make recommendations to the full board on the \$5,000,000 school expansion program recently given voter approval.

On the committee are Mrs. Peter Loomis, Mrs. Alec Parnie and Richard A. Sauerbrun and Seaholm, who serves in an ex-officio capacity.

Seaholm said the first activities on the program will be additions to the Beverly and Pembroke schools. "Then we will push on what will be known as the Harlan Elementary School on Adams, north of Big Beaver road," he said.

Other projects slated for early work, he said, are another elementary school on Greenfield and a

Film Club Plans
British Picture
Tuesday Night

A humorous film starring the British comedienne Beatrice Lillie will be offered the public at 8:15 p.m., Tuesday, in the Cranbrook Institute of Science auditorium by the Foreign Film Club.

Entitled "On Approval," the story deals with a search for ideal mates by two young Englishmen, an American and a Scotch girl.

Second feature on the program is "Ai-Ye," which, in a series of images filmed in the Pacific coast region of South America, tells the story of mankind's voyage through life.

The program is one of a series sponsored by the Foreign Film Club, a non-profit group, and is financed by voluntary contributions from the audience.

California to Detroit
Air Race Is Today

ONTARIO, Calif. (U)—Twenty-two of the hottest National Guard pilots, representing 21 states, race today in the 1,945-mile Ricks Trophy dash to Detroit.

Takeoffs at four minute intervals start at 6 a.m.

The swiftest is expected to get there in less than 3 1/2 hours, but handicaps have been assigned to equalize speed differentials among the six types in the race.

Flying are F80 Shooting Stars, F84 Thunderjets, F84F Thunderstreaks, F86 Sabre Jets, an F89 Scorpion and F94 Starfires. All are planes operated by the National Guard in the various sectors of the nation.

This flight features the opening day of the International Air Show in Detroit. Last year's winner, also an entrant in this race, was Lt. Charles J. Young Jr., of Ft. Dix, N.J., whose victorious time was 3 hours 27 minutes 13 seconds.

COVERS EAST

The regional survey covers the whole east Mediterranean area and discusses specifically development plans in seven countries—Egypt, Iran, Iraq, Israel, Lebanon, Syria and Turkey. It notes in passing that "political events constituted a disturbing factor in several countries."

In oil, the review said that gross investment in properties, plant and equipment was about \$2,200,000,000 in 1954, more than double the 1954 figure. Proved oil reserves of the whole area were estimated at about 12,500,000 metric tons, an increase of 240 per cent over the 1945 figure.

Crystal Auto Races Set

SAGINAW (U)—The first national championship big car race in Michigan sponsored by the All-American Racing Club will be held tonight at the Crystal Speedway in Crystal.

City Choir Union to Give
Annual Sacred Concert

The ninth annual concert of the City Wide Choir Union will be at 4 p.m. Sunday in New Bethel Baptist Church, 175 Branch St.

The choir consisting of all the Negro choirs of the city was organized April 9, 1946, by Jimmie Lee Keel for the purpose of promoting a better understanding and closer fellowship between the churches.

A concert is held monthly in different churches with proceeds left with the host church. However, at the annual concert the proceeds go to the union.

The program Sunday will consist of the following numbers:

"The Negro National Anthem," "Hymn of Peace," "Mary's Song," "Gospel Song," "Rocky Road," "Neva," "Bells of St. Mary's," "Adams," "Cherubim Song," "Bornto," "Dry Bones," "Wagon," "Holy City," "Arnold and the 'Hallelujah Chorus,'" "Handel."

A group of spirituals will include "He's Able to Carry You Through," "Cotton Field," and "City Called Heaven."

John Leonard Jr. will sing "For You Alone" and "Thine Alone."

"Glorious Road" and "Tavians" will be sung by Charles Twitty.

The Rev. Donald E. Morris of St. John Methodist Church will read the scripture and the Rev. J. Allen Parker of Newman AME Church will give the prayer.

Searchers Fail
to Find MarinesHunt for Missing Fliers
Drags Into 6th Day Off
Coast of Japan

TOKYO, July 2 (U)—The search for two missing Marine fliers dragged into its sixth day with no sign of either man today.

Capt. H. P. Montague, of Jackson, Miss., and 2nd Lt. David Winton Bell of Wayzata, Minn., were presumed drifting helplessly on life rafts in the fog off Japan.

Their Marine Sky Knight jet ran out of gas in fog Sunday night.

The Marines said it was believed Lt. James R. Day of Minneapolis went down with his helicopter when it crashed in the sea Wednesday in the search. Three crew mates were rescued.

The body of a second Marine lost in the search was found yesterday beside the wreckage of his F4U jet on Oshima, an island 65 miles south of Tokyo.

He was Lt. Alan M. McAneny of Yonkers, N.Y., who vanished in fog Tuesday night.

Expansion Seen
in Middle EastU. N. World Reports
Reveal Industrial Rise
Among Arab Nations

UNITED NATIONS, N.Y. (U)—Oil industry expansion continues to pace Middle East economic progress but new industries are also springing up, the United Nations reported today.

Oil income and growing yields from investment since World War II are helping the expansion by fueling internal markets, an economic review of the post war years up through 1954 said. Increase in agricultural production, reforms in public finance and land reform in Egypt are among other factors, it said.

The review noted that the rise in national income in the whole area outstripped population fields will be even more rapid than the pace accelerated in recent years.

The U.N. Economic and Social Council will examine the report, along with the world economic survey and other regional reports, at its Geneva sessions this month.

The world report said that the U.S. recession last year did no harm to other parts of the world but cautioned against overoptimism.

COVERS EAST

The regional survey covers the whole east Mediterranean area and discusses specifically development plans in seven countries—Egypt, Iran, Iraq, Israel, Lebanon, Syria and Turkey. It notes in passing that "political events constituted a disturbing factor in several countries."

In oil, the review said that gross investment in properties, plant and equipment was about \$2,200,000,000 in 1954, more than double the 1954 figure. Proved oil reserves of the whole area were estimated at about 12,500,000 metric tons, an increase of 240 per cent over the 1945 figure.

Wakes Up to Find Hedge Stolen From Front Lawn

HAMILTON, Ont. (P) — Somebody's "hedging" in Hamilton. Police would like to know who it is. John Finocchio of Hamilton told police he went to bed early yesterday morning there was a hedge in front of his house.

Six hours later the hedge—all 20 shrubs of it—was missing.

CORRESPONDENT SAYS HE WAS ONCE RED—Columbia Broadcasting System News Correspondent Winston Burdett is shown as he testified before the Senate Internal Security Committee that he was a member of the Communist party from 1937 to 1942, and that he engaged in espionage abroad for the Communists. CBS Vice President Sid Mickelson said in a statement that Burdett took his story to the FBI shortly after he disclosed it to network officials in 1951, and that "it is our judgment that Mr. Burdett's break with communism was complete and final 13 years ago and that he has been a loyal and honest citizen since."

Doctor's Will Probated

GRAND RAPIDS (P)—Dr. John T. Hodgen, Grand Rapids physician who died Oct. 9, left an estate value at \$276,854. The estate goes to his widow, Ruth G. Hodgen. The figure was revealed Wednesday in an inventory filed at probate court.

Los Angeles Ponders 'Psycho' Customers

LOS ANGELES (P)—Unless they depart from normal diagnostic procedure, psychologists are going to need a great big couch when they psychoanalyze Los Angeles.

The Downtown Businessmen's Assn., has ordered the three-month treatment, to find out why people don't come downtown oftener and in greater numbers. Dr. Ernest Dichter of New York and his staff of psychologists arrived yesterday to do the job. He said they plan to interview people from all parts of the city.

Civic pride seems to be below average in American cities, at first glance, said Dichter, president of the Institute for Motivational Research. He was quick to say business isn't really suffering in downtown Los Angeles, but, he added: "We hope to find ways and means—and recommendations—to bring more people downtown because they love the downtown area and want to come downtown."

Profit Outlook Shines Brightly

Big Industry Earnings Run 12 Per Cent Higher Than a Year Ago

NEW YORK (P)—Profit prospects are bright as business enters the second half of the year today.

The first 34 industrial corporations to report on earnings for the first six months of their fiscal year show net income after taxes, on average, running 12 per cent higher than a year ago. More than half of them noted improvement, and in some instances the gains were substantial.

Railroad profits are even more impressive when compared with a year ago. In the first five months of this year, net income was running nearly double.

Bank earnings are expected to be very satisfactory when the financial institutions make their reports in the next week or two. Higher interest rates from investments, and increasing demand for loans to business, have aided the bank.

Utilities are enjoying increased sales volume. Electrical power output is now at an all-time peak.

The 34 industrial corporations that have already reported had a combined first-half net income of \$74,007,509. A year ago the same 34 had combined profit of \$65,967,988. The increase was 12.1 per cent.

Some industries still haven't worked out of the slump. Others have been booming. Some companies within prosperous industries have had rough sledding.

The number of groceries in the United States has dropped from 596,000 in 1929 to 485,000 in 1953.

Nancy Leland Awarded Honor

Whitmore Lake Girl Given Scholarship to Michigan State

EAST LANSING (U) — Eight scholarship and eight award winners were named at the closing sessions of 4-H club week at Michigan State University.

Four \$250 scholarships awarded by the National Farm and Garden Association went to Nancy Ann Leland of Whitmore Lake, Louise Lucille Lagoy of Albion Route 2, John Drew of Munnich and Betty Louise Sargent of St. Clair Route 1.

Recipients of \$225 scholarships given by the National Farm Underwriters Association were Mary Ann Toppan of Harbor Beach and Eldon H. Olson of Kingsley.

The Danforth scholarships awarded by the Ralston Purina Co. for two weeks at a leadership training camp included Milford Jones of Bellevue Route 3 and Mary Sue Hodge of Snover.

Eight Prairie Farmer-WLS leadership awards of \$25 savings bonds were given to Kay Louise Aerts of Hart, Alan Cook of Stockbridge, Ann Marie Engle of Williamsburg, Beverly Kohlman of Monroe, Walter Lund of Fife Lake, Ann Meredith of Snover, Rex C. Smith of Galien and Nina Jean Steel of Kalamazoo.

Walled Lake Has Fireworks, Clown for Amusement

Walled Lake Amusement Park will celebrate the July Fourth weekend with gigantic fireworks displays on Sunday and Monday.

Rickey, the WXYZ-TV clown, will appear in person at the park this afternoon from 1 to 5 p.m., and children will receive free rides and refreshments.

The park bath house is remodeled this year and besides the sand beach and picnic grounds there are many other facilities. The dancing attraction at the Casino Ballroom tonight and Sunday will be Les Elgart and his orchestra.

JEAN ELIZABETH BENTLEY

Mr. and Mrs. George D. Bentley of 75 Grandview, Lake Orion, have announced the engagement of their daughter, Jean Elizabeth, to Lawrence F. Taylor, the son of Mr. and Mrs. Lawrence S. Taylor of 375 Summit, Lake Orion. No wedding date has been set.

SHIRLEY MAY ROBTOY

Mr. and Mrs. Dale S. McLean of Ortonville are announcing the engagement of their daughter, Shirley May Robtoy, to William J. Barnard. He is the son of Mr. and Mrs. William Barnard of Waterford. No date has been set for the wedding.

Marlette Pool to Be Dedicated

July 10 Date for Event, Beauty Contest, Water Ballet Planned

MARLETTE—Dedication of the new Marlette community swimming pool will be an event of Sunday, July 10, at 2 p.m. On the program is a beauty contest, with 16 local girls vying for the crown.

Another highlight will be a water ballet presentation by a nationally recognized team from Detroit.

The program is being planned by various Marlette organizations. Members of the planning committee include Mrs. Beulah Rudd, Mrs. Roy Heusser, Lionel Thompson, Verlin Morgan, Riley Ramsey, Lloyd Savoie and Dr. James Avery.

Lions Club members are sponsoring the procuring of tables for the park. Each organization is asked to purchase one, after which their name will be inscribed on the table.

Ministers to conduct talks and prayers are the Rev. J. Paul Humphrey of the Methodist Church and the Rev. Francis Murray of St. Elizabeth Catholic Church.

Carol Lounsberry, Robert Elliott Wed in Marlette

MARLETTE — A double ring ceremony Saturday in the First Presbyterian Church united Carol Ann Lounsberry, daughter of Mr. and Mrs. Harold W. Lounsberry and Robert Douglas Elliott, son of Mrs. Ida Elliott both of Marlette.

The bride wore a waltz-length white net and nylon lace gown over slipper satin. The lace bodice featured a high neckline with princess collar and finger-tip sleeves.

Her finger-tip veil of illusion net was secured by a tiara of seed pearls. White roses and stephanotis were her flowers.

Mary Wilson was Carol's maid of honor and Annette Weaver was the bridesmaid.

Attendants for the bridegroom were Thomas Redman, his cousin, and Donald Smith. Nick Hanchuck and Vern Giester seated the guests.

The couple received guests at a reception following the ceremony in the American Legion Hall. Upon return from their wedding trip, the newlyweds will live in Marlette.

County Deaths

Mrs. Roy C. Kruger HADLEY — Service for Mrs. Roy C. (Inez E.) Kruger, 53, who died yesterday at her home at 4573 Hadley Rd., will be held at 10 a.m. Monday in the Church of the Immaculate Conception, Lapeer. She is at the Muir Brothers Funeral Home, Lapeer, where a Rosary will be recited Sunday at 8 p.m.

Surviving are her husband, Roy; three daughters, Mrs. Margaret Starr of Hadley, Mrs. Renee Veselsky of Flint, Elizabeth Kruger of Hadley; two sons, Roy L. of Flint, Gary O. of Hadley; three brothers, Harry Sharp of Chicago, William of Detroit, Herbert of Flint, and four grandchildren.

Mrs. Cora O. Wagner ROCHESTER—Service for Mrs. Cora O. Wagner, widow of the late James Wagner, who died this morning in Pontiac following several years of illness, will be held from the Pixley Funeral Home, Tuesday at 2 p.m. Burial will be in Avon Cemetery, Rochester.

Mrs. Al Adams NORTH BRANCH — Service for Mrs. Al Adams, 47, of 4474 Jones Rd., will be held at the Blackburn Funeral Home here at 2 p.m. Sunday. Mrs. Adams died at Lapeer County General Hospital Thursday morning. Burial will be in Greenwood Cemetery, near North Branch.

Besides her husband, she leaves two sons and one daughter, Pvt. Virgil Adams of Fort Leonard Wood, Ga., and Norman and Rosemary Adams, both at home; two sisters and two brothers, Mrs. Olive Simpson, Mrs. Lester Grove and Elwood Juneau, all of Flint, and Hubert Juneau of Gladwin.

Rochester Fireworks Display Set for Monday

ROCHESTER — The annual Fourth of July display of fireworks will be held on Northwood street here at 8:30 p.m. Monday. The Rochester fire department is in charge of the display which is made possible by local manufacturers, the township and the village.

Catechism Class Starts

NORTH BRANCH—Sisters of the 2nd Dominican Order of Sierra Heights College, Adrian, are conducting a catechism school for 150 children of St. Peter and Paul Parish here during a three-week period.

BARBARA JEAN SLATTON

Mr. and Mrs. William Slatton of Drayton Plains announce the engagement of their daughter, Barbara Jean, to Kenneth Earl Martin. He is the son of Gordon Martin of Lake Orion and Mrs. Robert Peckinpaugh of Buckingham drive, Pontiac Lake. Kenneth is stationed with the U.S. Marines at Camp Lejeune, N. C. An Aug. 6 wedding is planned.

Hearing Postponed in Patrolman Firing

ROYAL OAK TOWNSHIP — A hearing of charges against Royal Oak Township Patrolman Dolphus Christenbery, scheduled for last night, was postponed because of the absence of Wilfred Coles, member of the trial board.

Christenbery and Paul H. Myatt were ousted May 24 by the township board on the charge that they had criticized the police and fire departments. Myatt has since been reinstated.

The hearing will be resumed at 7:30 p.m. Tuesday in the basement of Township Hall, when witnesses Lt. Harry Kendall of the township police and Al Koski of the Royal Oak Daily Tribune will be recalled to testify.

Shorted Floor Lamp Electrocutes Baby

ROYAL OAK — Ten-month-old Timothy A. Guest of Royal Oak was electrocuted last night in his parents' summer cottage at Oscoda.

Timothy, son of Mr. and Mrs. Philip Guest of 1117 Hickory St., brushed against the metal base of a shorted floor lamp.

Part of the child's body was touching a cold air register which grounded the shock, police said.

Will Name Two Men to Board, Settle Issues

CLARKSTON — In addition to choosing two members for the Board of Education at the July 11 election, electors of the Clarkston Community School District will be faced with two ballot propositions.

First, voters will be asked if they wish to rescind a three-mill building and site sinking fund levy, approved in the Sept. 6, 1951, election.

Second, in the event the three-mill levy is rescinded, voters will be faced with a decision on making the three mills available during the remaining years from 1955 to 1970. The fund would be used for operating expenses in the school district.

Keith Leak and Walton Robbins are unopposed for the two 3-year school board posts.

Polls will be open from 7 a.m. to 8 p.m. in the Clarkston elementary school building. A school board meeting will be held at 8 p.m., when the polls close.

Nonagenarian Injured in Rochester Pond Fall

ROCHESTER — Mrs. Florence Everett, of 15651 W. Fourteen Mile Rd., over 90 years old, was taken to St. Joseph Mercy Hospital, Pontiac, last evening. She had been visiting her niece, Mrs. Floyd Walker at 56767 Mt. Vernon Rd. when she fell into a small pond in back of the home.

Ambulance driver Bill Potere said Mrs. Everett suffered a broken hip.

Lapeer County Women Plan Booth at Imlay Fair

METAMORA — Several auxiliaries of Lapeer County will have a booth at the Imlay City Fair, to be held Aug. 2-8. Members are asked to prepare donations for this booth which will handle baked goods, candy, aprons, jam, jelly, fruit, or other produce.

Metamora members should leave their donations at the home of Mrs. Arthur Stimson, 2920 North Oak St., not later than Aug. 1, to be taken to the fair.

Next meeting of the Metamora unit of the Lapeer County Hospital auxiliary will be Aug. 15, at the home of Mrs. Merle Russell.

Post Office Moves

UNION LAKE—The Union Lake Branch Post Office has been moved from Mac's Radio and Television Service to the Verder Appliance and Furniture Center, 8238 Cooley Lake Rd.

Post to Go Up Before August

Installation Is Planned Atop Knoll Overlooking Peaceful Valley

DAVISBURG—Construction on a Civil Defense ground observer post here is scheduled this month, with completion expected by Aug. 1, it was announced today.

Plans are already drawn up and bids for lumber for the sky watch tower are being accepted, according to William Cullen of 242 Broadway, who recently was appointed supervisor of the proposed unit.

The tower will be built on a knoll on Hickey road overlooking Peaceful Valley. Official dedication is expected to take place in August.

Cullen has issued a call for volunteers to man the post, and a meeting is scheduled for 8 p.m. Thursday in the Town Hall. Program will include a 15-minute movie on the work of the Ground Observers Corp and a talk by S. Sgt. Nicholas A. Chizewsky of the U. S. Air Force.

Approximately 75 volunteers will be needed, Cullen said, and asked all Springfield Township men and women to turn out for the meeting.

"The post is a vital link in the Air Force air detection system," Cullen said. "Observers here would help provide essential information needed to intercept hostile planes before they could reach and attack America's key industrial centers."

Volunteers will be given official identification cards and, following training by a USAF training team, silver lapel wings. First aid and nurses' aid courses will be given in conjunction with the program for those who wish the training.

Assisting in the organization of the new post is the Springfield Township Civil Defense group which was formed June 2. Robert Haslock is director of the Springfield unit, with Robert Broegman assistant director.

LEADERS LISTED

Deputies are Harold Hutchinson, communications; Charles Hillman, auxiliary fireman; Gil Turner, engineering; Myron Goforth, medical; Bill Cullen, ground observer corps; Fred Kramer, police; Evelyn Broegman, supplies; Kenneth Aldrich, transportation; Ralph Guthrie, welfare; Merle Kinney, registration, and Jean Goforth, information.

Sector wardens are Will Cullen and Mrs. Fred Kramer, Davisburg; Bill Moore, Dixie Lake; Sherman Lowery, Andersonville; Mrs. Cara Mae Thurman, Joslyn Acres; Allan Whittingham, Big Lake.

Drive-In Features 'Largest Screen'

TROY—The new Troy Drive-In Theater, which opened here yesterday, is said by the management to have one of the largest Cinemascope screens (120 feet wide by 80 feet high) in the Pontiac-Detroit area.

Six entrance lanes have been provided to eliminate waiting or line-up. The refreshment building contains a serve-self snack bar featuring up-to-the-minute facilities.

The theater manager here is called the "host" and has a staff of assistants to aid and add to the customers' comfort and pleasure.

Unordered Merchandise

The increasing number of inquiries and complaints being received by the National Better Business Bureau concerning unordered merchandise prompts this statement as to the responsibilities and liabilities of recipient.

If you receive unordered merchandise you are NOT obliged

- to acknowledge its receipt
- to return it
- to pay for it, unless used
- to give it particular care
- to keep it beyond a reasonable period of time

If you receive unordered merchandise you ARE obliged

to surrender it to the shipper, or his agent, if called for within a reasonable period of time—in which event you may demand payment for storage charges before relinquishing it.

The most practical way to curb the unordered merchandise nuisance is to make it unprofitable. This can be done effectively by holding such goods for a few months, at which time your liability ends.
