Senate Passes Health Care Bill, Social Security Raise

WASHINGTON (AP) — The Senate and House now have approved an historic program of broad protection against medical costs for 19 million older Americans and boosting all Social Security checks.

The Senate passage by a 68-21 vote late yesterday sent the legislation to conference with the House. That branch approved its version 313 to 115 April 8. Now the differences must be adjusted.

Democratic leaders said today they hoped the conference could begin next Wednesday and that final agreement could be reached on the measure by the end of the week.

But the long battle to enact a medicare bill, as it is often called, ended in effect with the Senate vote since both versions contain the same essential features. These include:

★ ★ ★

- A basic health plan financed under Social Security covering hospital stays, posthospital nursing home care, outpatient hospital diagnostic services, and home health visits for persons 65 or over.

★ ★ ★

- A voluntary, supplemental insurance plan covering doctors' fees for services at home, in the office or the hospital, as well as other services not included in the basic plan. The premium would be $3 a month.
- A seven per cent increase retroactive to Jan. 1, in all present Social Security benefits for retired persons, families and disabled persons.

The estimated $7-billion approximate yearly cost of the programs would be largely financed through increased Social Security taxes on both employers and employes. The programs would start next year.

The higher Social Security payments will go to 20 million beneficiaries now on the rolls. About 19 million Americans are 65 or over and qualify for the health plan.

At his Texas ranch, President Johnson said; "This is a great day for older Americans. And it's a great day for America.

END TO FEAR

"Older citizens will no longer have to fear that illness will

ON-THE-JOB SPEAKERS—Pontiac Area United Fund campaign leaders and labor officials speak to more than 200 union employes at the construction site of the new Pontiac Motor division warehouse at Joslyn and Columbia. On the back of the car are (from left) Arthur Heaton, director of the United Fund AFL-CIO Community Service; Thomas Dorais, labor relations, Pontiac Motors; and James Dickerson, vice president, Community National Bank, and chairman of the UF Commercial Division.

UF Tests Early Start in Building Trades

The Pontiac Area United Fund solicitation of building trades and construction workers has begun in advance of the annual UF drive in October.

The pilot effort to reach this group in the season of peak employment will be conducted during the next four weeks, according to James Dickerson, vice president of the Community Bank and chairman of the UF Commercial Division.

Some 20 construction firms and local contractors will be participating in the program.

Steve Kruchko, president of the Kruchko Plumbing and Heating Co., and Richard Kirby, business representative, Detroit Building Trades Council, head the United Fund Building Trades Advisory Committee.

Other members of the committee are Fred Poole, Poole Hardware; Robert Ryan, Michigan United Fund labor staff representative; and Donald LaMarbe, business representative, Oakland County Bricklayers Local 29.

★ ★ ★

Also attending the kickoff rally were: Thomas Dorais, labor relations, Pontiac Motor Division; Fred Haggard, president, Oakland County AFL-CIO Labor Council; Grandy Pinner financial secretary of Carpenters Local 998; George Brown, business representative, Painters Local 430; Donald Frey, executive director, Pontiac Area United Fund; and Arthur Heaton, director PAUF — AFL-CIO Community service.

★ ★ ★

Employes were asked to pledge one day's pay as their fair-share contribution toward the 55 community agencies supported by the drive.

Personnel Changes Announced in Texas

JOHNSON CITY, Tex. (AP) — The Texas White House announced today that President Johnson has accepted the resignations of Eugene M. Zuckert as secretary of the Air Force and of Carl Rowan as director of the U.S. Information Agency.

Zuckert's resignation will become effective Sept. 30. Appointed in January 1961, Zuckert has served longer than any previous Air Force secretary.

Rowan asked that his resignation become effective "at the earliest reasonable date," but has agreed to stay on indefinitely until his successor has been chosen.

Rowan said he expects to return to a career in journalism.

★ ★ ★

Rowan had risen higher in the federal government than any other Negro.

DEPUTY ASSISTANT

He formerly was a deputy assistant secretary of state for public affairs and ambassador to Finland.

Dr. Harold Brown, the Pentagon's director of defense research and engineering, will succeed Zuckert as Air Force secretary.

Norman S. Paul, now assistant secretary of defense for manpower, was designated to become undersecretary of the Air Force. Paul will succeed Brockway McMillan, whose resignation was accepted effective Sept. 30.

To replace Paul, Johnson will nominate Thomas D. Morris, who was assistant secretary of defense for installations and logistics from January 1961 to December 1964.

State Economy Is Growing at Record Pace

Romney Cites Factors, Including New Firms and Plant Expansion

GAYLORD (AP) — Plant expansions, new industries, diversification and a tendency for industries to stay in Michigan are moving the state toward another year of record economic growth, Gov. George Romney said yesterday.

Romney, speaking at ceremonies marking the opening of a U.S. Plywood facility here, said plant expansion totaling $881.6 million was recorded in the first six months of the year, more than half of the 1964 total of $1.6 billion.

We started the third quarter of the year with an announced $100 million expansion by the White Pines division of Copper Range Co. in the Upper Peninsula," Romney said. "This brings us close to the $1 billion level — which we didn't reach until Sept. 1 in 1964."

Citing the fact that no industries have moved from Michigan in 1965, Romney said, "we apparently have crossed the embarrasing bridge when firms were moving out of Michigan to locate in other states."

Romney said two new tools are needed to keep the state's economic climate progressing: more foreign trade and fiscal reform.

County Farms Quarantined Due to Beetle

Due to the cereal leaf beetle, all of Oakland and surrounding counties were placed under agricultural quarantine yesterday by the State Agriculture Commission.

Rose Township was placed under quarantine last week and Lyon Township has been under the state restrictions since last July.

The quarantine means that small grains, corn, hay, fodder, forage crop seed, straw, sod, plant litter and used harvesting machinery cannot be transported to nonquarantined areas without inspection certificates issued by Michigan Department of Agriculture field men.

Other counties placed under the quarantine yesterday included Wayne, Macomb, Washtenaw and Lapeer and all of the Thumb area counties.

★ ★ ★

This brings to a total of 45 the Lower Michigan counties in which state field men have found specimens of the cereal leaf beetle, a tiny insect which feeds on the leaves of oats, wheat, corn and other grains.

BUG HAS SPREAD

First discovered in southwestern Michigan in 1962, the European insect has gradually spread throughout the lower half of the state, despite extensive spray programs conducted by the Department of Agriculture.

Yanks Down 2 MIGs Deep in N. Viet Nam

SAIGON, South Viet Nam (AP) — U.S. Phantom jets bagged two Communists MIGs while other American planes flew their deepest bombing mission in North Viet Nam today, U.S. military officials reported.

The Phantoms downed the enemy planes—identified as Korean War vintage MIG17s — 40 miles south of Hanoi while U.S. Air Force planes destroyed two bridges and five buildings at an ammunition depot 85 miles northwest of Hanoi, a U.S. spokesman said.

It brought the number of MIG kills in the air war to five.

U.S. Navy Phantom jets, armed with heat-seeking air-to-air missiles, shot down two Communist MIGs near Thanh Hoa about 90 miles south of Hanoi on June 17, and three days later four propeller-driven U.S. Navy Skyraiders shot down one of two attacking MIGs in a five-minute battle 60 miles south of Hanoi.

In announcing the new bags, the U.S. spokesman said the nationality of the two MIG fighters was not determined but they were presumed to be North Vietnamese.

★ ★ ★

The U.S. spokesman said the Phantoms were on "combat air patrol" in support of the day's air strikes on northern installations.

NO OTHER DETAILS

He said there were no other details of the air clash.

Four other U.S. Air Force F105 jets dropped 750,000 leaflets over Nam Dinh, 40 miles southwest of Hanoi, informants said.

Government naval junk forces were active off the coast of South Viet Nam. A U.S. spokesman said a junk unit captured a Viet Cong junk loaded with

Pleasant Sunday Forecast for Area

A pleasant Sunday is in store for Pontiac area residents.

The weatherman promises fair and cool tonight with lows near 50 to 58. Tomorrow will be sunny and a little warmer, the high heading for 76 to 82.

A low of 56 was recorded in downtown Pontiac at 6 a.m. The mercury had climbed to 79 by 2 p.m.

Crashes Leave 3 Children, Couple Injured

Collisions Occur at Intersections in City, White Lake Township

Traffic accidents early today claimed the lives of four persons, three of them in a head-on collision in Pontiac. Among those killed was a young couple, the parents of three children.

The dead are Albert Rose, and his wife Euna, both 32, of 4334 Green Lake, West Bloomfield Township; Tor-Olav Hegland, 21, of 6058 Cramlane, Independence Township; and Mrs. Gloria D. Hawkins, 36, of 3300 Elizabeth Lake, Waterford Township.

All were dead on arrival at Pontiac General Hospital.

Five others were injured in the crashes, including the Rose children, one of them critically.

The Roses and Hegland were killed shortly before 2 a.m. when their cars smashed head-on on Mount Clemens at Stirling.

AUTOS COLLIDE

Mrs. Hawkins was killed at 12:40 a.m. when her car collided with another at Highland and Pontiac Lake roads in White Lake Township.

The other driver, Jessie Lee Pruitt, 19, of 1275 Basch, Highland Township, was admitted to the hospital. He is in satisfactory condition with facial lacerations and a fractured leg. His wife, Patricia, 17, was treated and released.

White Lake Township police said Mrs. Hawkins was traveling south on Pontiac Lake Road and apparently failed to halt for a stop sign.

There were no witnesses to either accident, according to police.

Voting Bill Gets House Approval

WASHINGTON (AP) — A tough voting rights bill aimed at clearing the way to the polls for Negroes in the South has won solid House approval, but still faces obstacles.

★ ★ ★

The House, after a stirring appeal by one of its Southern members for support of the bill, passed it by an overwhelming 333-85 vote last night, setting up a clash with the Senate over poll taxes.

The differences in the two versions now must be reconciled in a Senate-House conference.

Twenty-three members from the states of the old Confederacy voted for the bill, which aims a heavy blow at Southern centers of resistance to Negro voting.

★ ★ ★

Under both the House and Senate versions, literacy tests would be suspended in Alabama, Mississippi, Louisiana, Georgia, South Carolina, Virginia and parts of North Carolina, and federal registrars could be used to sign up Negroes to vote.

WOULD APPLY

It would apply to those states because less than 50 per cent of their adult populations voted or were registered in the 1964 elections.

The bills part company over poll taxes, however. The House bill would outlaw them, a step the Senate refused to take, with the administration leading the fight against such a move.

Now the two versions will have to be reconciled before a bill can be enacted.

★ ★ ★

In nailing down a big victory for the administration, the House mowed under a Republican substitute backed by the House GOP leadership.

21 REPUBLICANS

The vote was 248 to 171 against it, with 21 Republicans joining 227 Democrats to help defeat it. Fifty-six Democrats and 115 Republicans voted for it.

The voting came after four days of debate and exhortation that reached an emotional climax when Rep. Hale Boggs of Louisiana, the assistant Democratic leader, pleaded for support of the administration bill over the milder GOP version.

Boggs said, "I love my state. I love the South with every part of me, and I love my country." He said a belief in the fundamental right of every American to vote prompted him to call for passage of the bill — "drastic though it may be."

MOUSE THAT ROARED—This 7-foot-long rat snake has had things pretty much its own way since it was purchased by a Hagerstown, Md., snake enthusiast, five years ago. Once every three weeks it would get a live mouse to eat. However, a month ago the worm (or mouse) turned. "Spunky" entered the snake's life. So much did the mouse like its new surroundings that it built a home there. Now mouse and snake share one cage, and the snake is back eating chicken eggs.

Caution Seen for Ethics Unit

WASHINGTON (AP) — Members of the Senate's new bipartisan Committee on Standards and Conduct indicated today they will proceed cautiously in their task of policing senatorial ethics.

Although the Senate voted to establish the committee nearly a year ago in the midst of the furor over the Bobby Baker case, it was only Friday that Vice President Hubert H. Humphrey announced appointments to it. Senate leaders had agreed to hold up naming the committee until after the Baker investigation was completed.

* * *

The Democratic members are Sens. John Stennis of Mississippi, A. S. Mike Monroney of Oklahoma, and Eugene J. McCarthy of Minnesota. The three Republicans are Wallace F. Bennett of Utah, John Sherman Cooper of Kentucky, and James B. Pearson of Kansas.

No date has been set for an organization meeting of the committee to elect a chairman and vice chairman.

BROAD POWERS

Under the resolution creating it, it has broad powers to receive complaints and investigate allegations of improper or illegal conduct by senators and officers and employes of the Senate.

It also is directed to recommend disciplinary action to the Senate when it finds misconduct and to report any violations of law to federal and state authorities.

* * *

Another responsibility of the committee is to propose any measures it deems necessary to insure proper standards of conduct by senators and Senate employes — a field that may engage its attention first rather than the launching of any new investigation.

* * *

"We are going into unplowed ground and uncharted courses in some ways," Stennis told newsmen in predicting the committee would proceed slowly and carefully.

wipe out their savings, eat up their income, and destroy lifelong hope of dignity and independence." He said it was another stone in an enduring monument of the greatness of the late President John F. Kennedy, who also pushed for its passage.

Many senators said they regarded the bill as the most important they had voted on or expect to vote on in their careers.

The Senate adopted more than 100 amendments to the bill as it came from the House, increasing the first-year benefits total to about $7.5 billion compared with $6 billion when it left the House.

* * *

But Senate managers of the bill said privately many of these amendments would be dropped in conference. They said there was no question that a final product fully acceptable to President Johnson would be worked out.

HIGHER TAX RATE

As the final amendment, the managers of the bill presented a new scale of slightly higher tax rates to take care of the increases in benefits voted by the Senate.

Plane Skids; 79 Are Safe

TIJUANA, Mexico (AP) — All 79 persons aboard escaped injury when an airliner skidded for approximately half a mile on its belly when its landing gear failed during an emergency landing.

Aeronaves de Mexico reported that its Flight 171 from Tijuana to Mexico City was called back Friday after the crew had trouble raising the landing gear.

Witnesses said the main landing gear collapsed after the plane touched down on the runway. The airliner had circled the Tijuana-San Diego area for about three hours to use up fuel.

LAST LAP — The end of many years' association led to this almost tearful parting between Eldon M. (Curly) Blocker, foreman of the Roeding Park Zoo in Fresno, Calif., and Tehrana, one of the zoo's camels. Curly has retired after almost 20 years as zoo keeper and foreman of the big managerie.

Mother Accused of Kidnap Is in England With Her Son

LONDON (AP)—A red-haired young English mother sought in Michigan on a kidnaping charge in the disappearance of her 2-year-old son has arrived in Britain with the boy, the Daily Mirror reported today.

The newspaper said Mrs. Diane Judith Nauyokas, 25, estranged wife of an American airman stationed in Britain, landed at London Airport yesterday with her son, Richard.

* * *

Earlier in the day the Macomb County prosecutor's office in Michigan issued a warrant against Mrs. Nauyokas. Authorities said Mrs. Nauyokas took the boy from the home of her husband's parents in Mount Clemens Thursday and failed to bring him back.

Mrs. Nauyokas and her son arrived in London aboard a nighttime flight from Canada, said the Daily Mirror. It said she arrived to take Richard for his usual morning walk on Thursday but instead smuggled him by cab and coach across the Canadian border.

TWO HOURS

For two hours they hid in the women's rest room at the airport in Windsor, Ont., it added.

At 4:30 p.m. Thursday, the mother and child took off from Windsor for the two-hour flight to Toronto. There they caught another plane which took off for London.

* * *

Mrs. Nauyokas claims her husband, Richard, 23, grabbed their child from his home in Lincolnshire, England, and took him secretly to Detroit. She had the child made a ward of the English courts which ordered the husband to return the child.

Then Mrs. Nauyokas flew to the United States. She found a divorce petition awaiting her—and a temporary court order giving temporary custody of the child to her parents-in-law. Her husband had flown back to his base at Alconbury, Huntingdonshire, England.

* * *

Mrs. Nauyokas said she persuaded his parents to let her stay at their home. But two weeks later they told her to leave, she said.

Plane Crash Story Spurs Bomb Theory

100 MILE HOUSE, B.C. (AP) — "The plane was flying normally. Then there was this awful blast, a boom, and we could see it sort of split apart."

Tom Shaylor, 59, Friday described Thursday's crash of a Canadian Airlines plane in which all 52 persons aboard died.

His account, and that of John Hyra, 25, a sawmill watchman who was with him, led to speculation the four engine DC6B was blown apart by a bomb.

A senior officer of the Royal Canadian Mounted Police said police were investigating that possibility. A spokesman for the airline said it was too early to reach a conclusion.

STRAIGHT DOWN

The main cabin was found intact, a half mile from the tail section. Both appeared to have plummeted straight down, cutting no swath through 70-foot-high trees.

The airliner was en route to Whitehorse, Yukon Territory, from Vancouver, B.C. All of the crew and most of the passengers were Canadians.

The pilot, Capt. John Alfred Steele, 41, of North Vancouver, B.C., radioed about 15 minutes before the crash that he was changing course to avoid turbulence.

Freak Accident With Train Costs Family Car, Dog

A family's car was demolished and their dog killed in a freak car-train accident in Bloomfield Township about 6:40 a.m. today.

Bloomfield Township police said Mr. and Mrs. Albert O. Roberts, 3670 Larkwood, Bloomfield Township, and their three children were starting on a vacation, going north on Opdyke, when the warning flasher at Kensington and the railroad tracks apparently panicked Mrs. Roberts, who was driving.

Police said the car's engine then stalled. Roberts tried to start it and ordered everyone out of the car. The family dog balked at jumping over the seat and escaping out the front door.

The Roberts family had to stand back while the '65 station wagon, loaded with vacation luggage and with the dog trapped inside, was hit and strewn along the tracks.

* * *

The engineer, Thomas Kruies of Detroit, told police he was going between 50 and 60 miles per hour and couldn't stop.

The family was about a mile from home.

FIRE EXCHANGE

Five men reportedly jumped out and began firing at the government junk which fired back. Three Viet Cong were reported killed and two wounded.

American sources reported that as many as 100 Vietnamese civilians were killed when caught in the fire of battle of An Ho Island yesterday.

This estimated toll far exceeded the official count of casualties among combatants.

The clash began early yesterday when Viet Cong raiders overran a Vietnamese naval headquarters on the island 345 miles northeast of Saigon. The guerrillas killed 16 Vietnamese sailors, six militiamen and two U.S. Navy advisers.

Copters Join in Search for Kidnaped Girl

KANSAS CITY, Mo. (AP) — Six helicopters joined the search today for 9-year-old Denise Clinton who was kidnaped from a motel early Thursday by a bandit.

On the ground, a small army of volunteers and officers resumed their foot-by-foot sweeps over the rural terrain at the north edge of the city.

* * *

Hope dimmed for the safety of the girl.

The FBI issued a pickup order for Robert Lee Hays, 32, a former mental patient, on an old federal warrant charging unlawful flight to avoid prosecution.

RESEMBLED ABDUCTOR

A picture of Hays was described by the girls' grandparents, Mr. and Mrs. Chelcie Reynolds, as resembling the man who robbed them of $256 at the Great Plains Motel and then carried away the sleeping child. Denise had been visiting her grandparents, who manage the motel.

Karl Dissly of the FBI said Hays had not been officially connected with the kidnaping. The federal warrant was issued in February after the robbery of a laundry in Topeka, Kan.

* * *

Hays was released in 1958 after treatment in the state hospitals at St. Joseph and Nevada, Mo.

In 1961 he was identified as the man who broke into nine Kansas City apartments.

Big Projects Sap City on Street Repair

By L. GARY THORNE

Much like an acid that slowly eats away metal, new major street projects in Pontiac are eating up city funds that could go for street reconstruction.

The new projects sap the city's financial ability to improve badly decayed local streets, forcing the city to fall farther behind on annual resurfacing programs, say city officials.

Major street projects have soaked up what gas and weight tax funds are available. The city's share of Wide Track construction ran $750,000, M59 freeway construction will cost the city $540,000 and Square Lake Road work another $113,000.

City Engineer Joseph E. Neipling said that these three projects alone ($1.4 million) total about 4½ years of major street gas and weight tax monies. Thus the city must make use of the time payment plan.

Street paving and resurfacing funds come from two main sources, the capital improvement fund and the city's share of gas and weight tax monies. The latter funds come from the state as a rebate. Gas and weight-tax monies are returned to the city in designated lump sums.

EARMARKED

For example, some monies are earmarked to be spent on local streets, while other funds must go for improvements to major thoroughfares and state trunklines.

Of course, there is a third source for street construction funds — the property owner. Abutting property owners to street projects pay on a per-front-foot basis.

Current special assessment rates, which date back to 1958, average $7.30 per front foot on local streets and about $8 per front foot on major streets, according to Neipling.

News Analysis

* * *

Neipling said there is a trend toward the property owner paying less of the total cost with the city picking up a bigger share. This poses some problems, he added.

GETTING SMALLER

While the property owner's share is getting smaller in relation to the total street improvement bill, construction and maintenance costs are climbing. Also, gas and weight tax revenues are no longer sufficient as they were in years past to cover the difference.

Supplementary funds must come from the city's general fund or capital improvement fund.

Thus, Neipling contends the property owner should be picking up a bigger share of street improvement costs. Otherwise, the city is left each year with less funds for street projects.

* * *

Neipling supports his contention with a comparison of maintenance costs. This year the city has programmed $313,000 for local street maintenance, while the total rebate in gas and weight tax funds for all local street work is estimated at $195,000.

* * *

Accounting procedures at City Hall make it difficult to isolate the figures that actually go into the cost of street pavement.

OTHER CONSTRUCTION

The annual report of the city engineer totaled street work last year at $2.9 million. This expenditure, however, included some storm sewer, curb and gutter and sidewalk construction.

However, some figures can be extracted to show that the city pumped nearly a million dollars into city streets.

Incorporating $283,915 in street maintenance, a total of $350,058 was spent on local streets, while $627,230 was expanded on major and trunkline streets.

* * *

Similar expenditures for 1965 are not completely programmed yet, but so far $331,000 has been scheduled in major street work and $197,930 worth of local street projects.

ON REVENUE SIDE

On the revenue side, in 1964 Pontiac received $739,182 in gas and weight tax revenues. A similar amount is anticipated this year.

Expenditures last year that can be isolated show that $977,288 was spent, including maintenance. The total figure was much higher, according to Neipling, nearing the $2.9-million mark.

Neipling said the difference comes from capital improvement monies, the general fund and special assessments.

* * *

The city engineer said that the lifetime of a city street varies considerably. A local street should last ten years, but some last 30 years.

INCREASING USE

Neipling said the difference in time depends on the wear, the ground underneath and the weather.

In addition to annual paving and maintenance operations, city administrators recognize plans must be made to modernize to provide for the seemingly unending increase in traffic and street useage.

Pontiac motorists register complaints about railroad crossings on major streets — North Johnson, Saginaw and West Huron — as often as they complain about holes in the streets.

* * *

Neipling points out that grade separations are expensive. Half a million dollars has been the construction cost estimated on one such overpass.

* * *

In addition to the actual construction, there is the expense of acquiring the proper amount of road right-of-way and no doubt in some instances there would have to be street widening.

Lull Is Tense in Bogalusa

Both Sides Agree to Halt Demonstrations

BOGALUSA, La. (AP) — Militants on both sides poised in a tense lull in the civil rights fight today while lawyers carried on a legal skirmish.

Demonstrations were suspended — through today, at least — in response to urgent pleas from Gov. John J. McKeithen and Bogalusa Mayor Jesse H. Cutrer Jr. The governor blamed the uproar on small minorities of both races which he said are determined to head into "chaos and violence."

* * *

At New Orleans, 65 miles to the south, U.S. Dist. Judge Herbert W. Christenberry schedule a hearing today on the city of Bogalusa's petition for a court order forbidding demonstrations for an indefinite time.

The great majority of Bogalusa's 22,000 residents seemed to welcome the respite.

CAN'T CONTROL

The city's court petition, filed Friday said racial tensions in this southeast Louisiana area, a Ku Klux Klan stronghold, are now so great that police cannot guard against major violence.

A. Z. Young, president of the Bogalusa Civic and Voters League, said the national director of the Congress of Racial Equality, James Farmer, will be on hand Sunday.

* * *

Young said a permit for a Sunday march will be requested. The demonstrations are against alleged police brutality, segregation and the lack of job opportunities.

Livonia Educator Gets Covington Principalship

BIRMINGHAM — George G. Dexter of Livonia has been appointed principal of Covington Junior High, which is scheduled to open in September 1966.

With his appointment effective Sept. 1, 1965, Dexter will have a full year to plan and organize operations for the new school.

The building now is under construction at the corner of Quarton and Covington.

Dexter, 42, has spent the last year working on his doctorate in education at Wayne State University. He plans to complete requirements for the degree during the next school year.

* * *

A native of Lansing, Dexter earned his bachelor's and master's degrees from Michigan State University.

AS TEACHER

He has taught English and social studies in both East Lansing and Highland Park, Ill.

In 1956, Dexter was appointed assistant principal of Union Junior High School in Redford and he served as principal of the unit from 1958 to 1963.

Before beginning his studies at WSU, Dexter was curriculum coordinator for the Wayne Community Schools.

* * *

Dexter has been assistant director of the Metropolitan Detroit Bureau of School Studies since 1964.

WORKED ON PROJECTS

The new principal has worked on a number of projects to improve the quality of education, including a pilot program in team teaching, a study of dropouts, a developmental reading program and in-service educational programs.

His memberships include the national and Michigan associations of curriculum development and the national and state associations of secondary school principals.

Greek Queen Has Baby Girl

First Child Is Born to Young Royal Pair

CORFU, Greece (AP) — Joy swept Greece today as the world's youngest queen, 18-year-old Anne-Marie, gave birth to her first child, a girl weighing 9 pounds, 11 ounces.

A 21-gun salute and pealing church bells announced that the throne of Greece had an heir. Radio Athens broadcast the news throughout the nation.

King Constantine, the 25-year-old father, was with his Danish-born wife as the baby was delivered in a specially prepared room in the summer palace on the Ionian island of Corfu.

Immediately after the birth at about 7 a.m., Constantine telephoned Premier George Papandreaou in Athens. Then he announced the news to a crowd which had gathered outside during the night.

* * *

As the jubilant young monarch hastened to the gates, the sun came out of a mist. The king, dressed in an open-neck shirt and slacks, was grinning broadly.

'IT'S A GIRL'

"It's a girl! And she weighs 4 kilos and 400 grams," he said.

Also present during the birth were Anne-Marie's mother, Queen Ingrid of Denmark, Constantine's mother, Queen Mother Frederika, and Crown Princess Irene, Constantine's sister.

The royal infant automatically became first in line of succession to the throne, replacing Crown Princess Irene. However, the new heir will be superseded, if a son is born to the couple.

If Anne-Marie gives birth to girls only, her first child will become Greece's first ruling queen, according to a constitutional amendment enacted in 1952.

Tuition Rates Raised at U-M

ANN ARBOR (AP)—The University of Michigan Board of Regents approved a boost in tuition rates for fiscal 1965-66 in a special meeting yesterday.

The increases average $24.81 per term for Michigan residents and $40.65 per term for out-of-state students.

* * *

The increases range from a minimum of $15 for Michigan resident graduate students in music, natural resources, social work and nonclinical dentistry to a maximum of $100 for non-resident graduate students in the school of graduate health.

* * *

The board estimated U-M will receive $18,716,800 from student fees in 1965-66, based on an estimated enrollment of 30,900—up 6.2 per cent from last year's enrollment.

General Takes Civilian Job

Ousted State Guard Officer Joins Firm

LANSING (AP) — After eight months of no pay, Michigan's dismissed National Guard adjutant general, Maj. Gen. Ronald McDonald, has taken his first civilian job since 1947.

Meanwhile, he is awaiting court action on his move to appeal his dismissal by Gov. George Romney.

McDonald was under suspension without pay from last Nov. 8 until Romney dismissed him May 20 after a 93-hour hearing on charges of gross neglect of duty, misfeasance and malfeasance.

McDonald, 54, said Friday he joined the staff of Lansing Lithographers, Inc., this week and will work as an assistant to the president of the company, Thomas Young, a long-time friend.

REFUSED OFFERS

The general previously had declined to accept other employment, fearing if he did so it could be construed as an admission he was not available for full-time military duty.

He accepted his new job after Romney informed his attorney, George E. Bushnell Jr. of Detroit, that no objection would be raised as to his availability to be adjutant general.

* * *

In the military, McDonald has been transferred to the Army reserve as a major general on the standby unassigned officers list.

He said one factor delaying appeal action is typing of a transcript of the governor's hearing. He said he now has in hand 694 pages of the estimated 2,800, at $1 a page.

Mayor of NY Will Be Wed to Socialite

NEW YORK (AP) — Mayor Robert F. Wagner, whose first wife died of cancer 16 months ago, will be married July 26 to Barbara Joan Cavanagh, a blue-eyed New York socialite.

She is the sister of Deputy Mayor Edward F. Cavanagh Jr.

* * *

The three-term mayor said Friday night he planned to have his elder son, Robert Jr., 21, serve as best man. Wagner said he wanted his younger son, Duncan, 18, as second best man "if I can have the both of them."

The marriage ceremony will be performed by Francis Cardinal Spellman, Roman Catholic archbishop of New York, in the private chapel of St. Patrick's Cathedral.

FIRST MARRIAGE

Wagner, 55, and Miss Cavanagh, 36, are Roman Catholics. It will be her first marriage.

Wagner said no honeymoon plans have been made. He said it would not be a long one. "I have a lot of work to do."

The announcement, made Friday by the bride-to-be's mother, Mrs. Edward F. Cavanagh Sr., came as no surprise. Wagner had been seen frequently with Miss Cavanagh, a tall, lithe blonde.

Amendment Can Give Executive Continuity

It's been a long time coming — ever since the Constitution was adopted 177 years ago, to be precise — but Congress has finally gotten around to providing against an emergency in the executive branch of the national government that could hold dire consequences for the Country.

The measures adopted would become the 25th Amendment to the Constitution when ratified by three-fourths (38) of the state legislatures, expected to be within two years.

It spells out procedure for selection of a vice president when the office has been vacated by the incumbent's succession to the presidency on death of the president, and the ticklish matter of moving the vice president into the top executive spot when the president has become disabled.

* * *

Solution of the first contingency is relatively simple. After a vice president has succeeded to the presidency, he merely nominates a successor vice president subject to confirmation by both houses of Congress.

The method of dealing with the second extremity is somewhat more involved. Specific action is prescribed when:

* * *

- **A president because of disability voluntarily relinquishes his powers to the vice president and resumption of them when he has recovered;**
- **A president is unable or unwilling to declare such disability and it is deemed necessary for the vice president to take over, and prevention of the president's resuming active status if his condition does not warrant it.**

Fate has been kind to America in her long neglect of Constitutional safeguard of administrative continuity in the office of the Chief Executive. There have been but two interruptions of it in the history of the United States — the 80-day period that elapsed between the shooting of President GARFIELD and his death, and the last months of President Wilson's administration when he lay an invalid after suffering a crippling stroke.

But as classicists aver, tempting Fate can be fraught with peril. Thankfully, Congress has moved to end our dependence on it.

Area Scouting Seen Broadening Horizon

Finalized last week after prolonged survey was a project holding great benefits for both young and old of the area.

The Clinton Valley Council, Boy Scouts of America, has committed itself to the acquisition and development of a 2,000-plus acre camp site near Clare, supplementing the Council's Camp Agawam home base near Lake Orion established in 1918.

* * *

During the intervening half-century, the population of the area served by the Council has mushroomed, and the capacity of the 115-acre Agawam has been critically outgrown. Last year, the total number of new Scouts alone exceeded the camp's capacity of 1,200.

In a 10-year look ahead, Council President ART BROOKS sees the Council's scout enrollment reaching 20,000, compared to the 11,000 now on the rolls.

With the stress and flux of daily living posing complex and uncharted social forms, the importance of indoctrinating the Nation's youth with traditional qualities of Americanism cannot be overstated.

* * *

Moreover, the Scouting program is by no means confined to the youthful element of society. It involves parents as well, thus reinforcing the pattern of family unity, from which there has been lamentable drift in recent years.

The PRESS heartily commends the Clinton Valley Council's expansion program and urges its full support by every area resident.

PEOPLE worry about the drop-outs. They also deplore the drop-ins, i.e., bores who drop in and at long last leave their victims exhausted from being overtalked to.

IT seems medical science is well on the way to providing people with serviceable artificial hearts. Who knows? — some day even bankers may have hearts.

IT is becoming more and more of an exaggeration to call television a medium of entertainment.

Change of Aides, Criticism Tied?

By JAMES MARLOW
AP News Analyst

MARLOW

WASHINGTON — A sudden rash of stories in the New York press this week raised some rough, critical questions about President Johnson, and Thursday he named a new press secretary.

There was not necessarily any connection between the two events. Johnson picked Bill D. Moyers, 31, as press secretary to succeed George E. Reedy, 48, who gave foot trouble as his reason for leaving.

Although both men had worked for Johnson for years, there is quite a difference between them.

Moyers, very bright and personable, is Johnson's top aide and one of his closest friends and advisers. The slow-talking, friendly Reedy never had that close relationship with the President.

This was what was most unusual about the change: While Reedy had long experience as a newsman before going to work for Johnson, Moyers had no real news experience outside his college days.

* * *

And, besides, he had a very important White House job preparing programs for Johnson to submit to Congress.

STORIES FILTERING OUT

Last Sunday in the New York Herald-Tribune, Douglas Kiker reported that more and more stories are filtering out of the White House about Johnson's personality and his relations with others from aides to members of Congress and government officials.

After listing a number of critical questions about the President, Kiker said: "The White House is tremendously concerned about this growing image."

Kiker said of Johnson: "His charm is overwhelming frontier charm, and so are his vengeances. He demeans his staff; then imposes great trust and confidence in it. The prospects are that a more subtle, gloved hand will be offered by the White House in the time immediately ahead."

* * *

Tom Wicker in the New York Times of July 7 reported that Washington "has only one real topic of conversation — the man in the White House. The news out of Washington these days is that Mr. Johnson is irascible, moody, high-handed, peeved at his critics, and generally hard to live with."

* * *

And Alan L. Otten in the Wall Street Journal of July 6 said "while the President apparently retains overwhelming popular support across the nation, a small but influential group of people who see him up close are increasingly uneasy, unhappy and uncharitable about him."

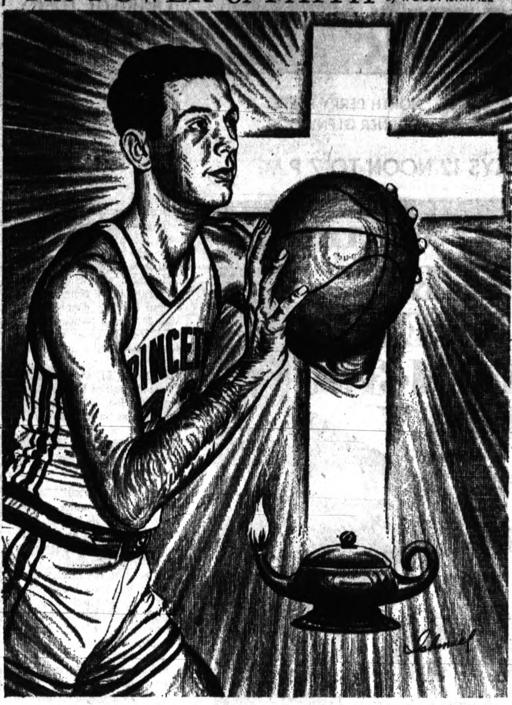
The POWER of FAITH

By WOODI ISHMAEL



Bill Bradley, one of the truly great athletes of our time, exemplifies, as one of his contemporaries put it, "the whole man concept." At Princeton University for four years he was one of the most renowned of collegiate basketball players. For the past three years he has been named to All American teams. But Bill's power of faith goes far beyond basketball, for he lives what he has taught his Sunday school class at the First Presbyterian Church in Princeton.

After the 1964 Olympic Games in Japan, where he was a member of the U.S. basketball team, Bill got to go to the University of Tunghai in Taiwan and Chung Chi College in Hong Kong to speak on Christian Life and Athletics. He finds many areas of similarities in the two subjects—self discipline, self denial, and moral courage.

A top student, he will be a Rhodes Scholar for two years at Oxford University in England, where he plans to read philosophy, politics and economics. "Then what?" he was asked. He said, "I want to come back and study law." The final question, "Bill, what do you want to do in your life?" His answer was simple and direct, "I want to be of service to my fellow man."

The faith of William H. Bradley of Crystal City, Mo., has created an area of tolerance for individual integrity in a wasteland of cynicism on our campuses today.

Days of All Faiths:

False Legends of Saint Swithin

By Dr. HOWARD V. HARPER

Just about everything they say about St. Swithin is false. They call him a "drunken saint," which has no basis in fact at all. Swithin, Bishop of Winchester in the ninth century, was a Saxon, one of that rough and ready nation that owned England before the days of William the Conqueror, and he probably liked a cup of cheer as well as most Saxons did. If he was an average man in the Saxon culture he lived in, then drinking was routine with him. But the records show no excess on his part.

* * *

This slander on the good bishop seems to indicate that people a thousand years ago had a double standard for clergy and laity just as so many do now. Things that are all right for the layman to do are not all right for the clergy. The clergyman, they say, is "a man of God," as if every layman were not a man of God, too. The clergyman, they say, is expected to "set an example," but the layman is in no way expected to follow the example. The result is two kinds of Christians and two standards of Christian behavior.

Apparently that's the way it was with St. Swithin. His drinking habits were just like everybody else's, but he was singled out and called drunken.

The other untrue story about St. Swithin is the one that made him famous: the myth about his connection with the weather. Today, ten centuries after the false legend started, many people still believe that if it rains July 15, it will rain for the next forty days, and if the day is dry the next forty days will be dry.

* * *

Here is the legend in full.

Being a humble man, Swithin directed that he should not be entombed inside his cathedral, which was the position of honor normally accorded to bishops, but that when his time came they should put him underground in a certain part of the churchyard. Some say there was a sinister superstition about that section of the yard, and that Swithin was hoping to break it by being buried there himself. At any rate, that is where they put him.

All went well for a hundred years, but there came a time when the cathedral dignitaries decided it was wrong for the bones of a great and saintly bishop to lie in so ignominious a spot. So they set the day, July 15, 971, for the removal ("translation," in church language) and proceeded to make their plans.

But the legend says St. Swithin would have none of it and made his displeasure known by sending a rain so torrential that the event had to be postponed, and just so that nobody would think it was an accident, he kept it up forty days. By that time, everyone got the mesage. Swithin was left in peace in his corner of the churchyard.

So goes the story.

*

As a matter of record, there isn't a word of truth to this. The translation went off exactly as scheduled. The weather was great. Swithin's bones were placed in the cathedral and many miracles are said to have taken place there. There was even a case where a hunchback's hump was removed through prayer at Swithin's tomb.

There are people who like to test out the accuracy of folklore, and some of them have investigated the matter of how much effect St. Swithin's Day has on the subsequent weather. In general, their findings are that there are more rainy days in the next forty when St. Swithin's is dry than when it is wet.

But this is a time of year when a lot of rain falls, and no statistical facts are likely to upset a legend that has persisted for a thousand years.

They have a lovely saying in England when the rain falls on the orchards in July and August. They say, "St. Swithin is christening the apples."

In 1953, Lavrenti Beria, the Russian chief of internal security forces, was purged from the Communist Party hierarchy.

In 1962, the Telstar satellite relayed television pictures from the U.S. to Europe and America received clear pictures back from Britain and France.

Washington Notebook:

GOP Committee Wasn't Invited

WASHINGTON (NEA) — At the recent Republican National Committee meeting, Maine's Fred Scribner—high in GOP councils for many years — was complaining about the torrid Washington heat.

"Why didn't you invite everybody up to Maine?" somebody asked.

Answered Scribner dryly:

"They might have come."

* * *

Seconds later, Texas GOP Committeeman Albert Fay strolled by, nodding hello to Scribner as he passed. One of Scribner's companions remarked that Fay, a sailboat enthusiast, had just returned from international boat races in Italy.

"How'd he do?" asked Scribner.

"He won one out of 17 races," came the answer.

"Even at that," said Scribner, "he did better than the Republican party last fall."

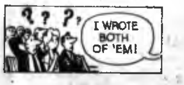
In 1952, Adlai Stevenson—then Democratic presidential nominee — delivered a speech at Los Angeles' Town Hall. Stevenson recalled that 10 years earlier Navy Secretary Frank Knox, his boss at that time, spoke from the same rostrum.



I WROTE BOTH OF 'EM!

"Mine will be a better speech than Secretary Knox's," Stevenson remarked.

"And I should know, because I wrote both of them."

Last month, Labor Secretary Willard Wirtz — who accompanied Stevenson in 1952 — put the record straight when he too addressed a Town Hall audience.

"I must warn you," he said, "that my speech will not measure up to the one heard here during the 1952 campaign.

"And I should know, for I wrote both of them."

Postmaster General John Gronouski got a big kick out of a recent letter to the editor of a famous newspaper. It was from a correspondent who had been sent a franked letter from a government agency only two miles from his office.

"The sender telephoned me at noon on Friday to make sure it had arrived," the correspondent wrote. "It hadn't arrived, and I was not at all surprised. It finally came in just after 5 p.m. This sort of thing, and worse, goes on all the time."

The reason for Gronouski's elation over this letter: it was published in the Manchester Guardian and referred solely to Her Majesty's mail service in Great Britain.

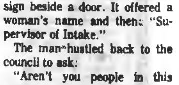
The Washington Area Council on Alcoholism, an information center, is housed in a building wherein are found several other "family life services."

Strolling down a corridor from the council's offices, a local observer caught sight of a small



sign beside a door. It offered a woman's name and then: "Supervisor of Intake."

The man hustled back to the council to ask:

"Aren't you people in this building working at cross purposes?"

'Judge Moore's Proposal Should Become a Reality'

I agree completely with Circuit Judge Moore's proposal for compulsory courses in morality in public schools. It is good to know there are people concerned with the growing decadence in our country and will take a stand against it. I hope people will do all they can to help this proposal become a reality.

At the same time, I disagree completely with Ed Grieger who feels schools should omit summer vacations. With the tensions and uncertainties children are growing up in, they need the brief summer months as never before to relax and just be children. The time comes soon enough when they are no longer able to do this and must face the world and its conditions as they are.

In reply to Ludwig Von Botch and others advocating year-round school, there is far too much book education today and not nearly enough practical and manual education. There is also a serious lack of Christian education.

* * *

I recommend to parents what I am doing to teach my ten-year-old son the true values of living. One day I drill him on the Bible and the next on engineering principles and the theory of relativity. Next we play, and then we work. A well-rounded day makes a well-rounded life. This kind of living makes well-rounded people.

'Let's Join to Clean Up Our Neighborhood'

This is an appeal for all interested residents on West Sheffield Street to join to help rid our neighborhood of the slum-like area around us. Lawns aren't kept tidy, houses are run down, and children are allowed to run all over and destroy the property of the residents that do take care of their homes.

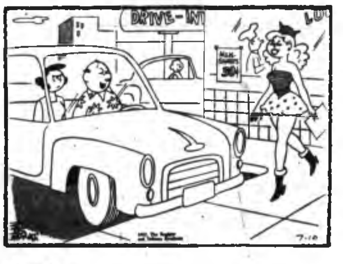
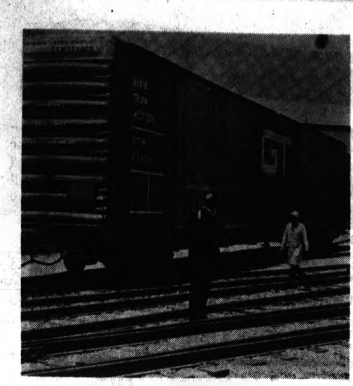
The Better Half



"If you had a cute little uniform like that I might forgive you some of the things you serve."



NEW EQUIPMENT—This is the first of 112 new 94-feet-long boxcars being made for Grand Trunk Western Railroad. With internal loading devices, they cost $38,000 each. They will be used by Chevrolet Division of General Motors.

100,000 Mark Not Far Off in Viet Manpower Buildup

WASHINGTON (AP) — President Johnson — predicting darker days to come in Viet Nam — has signaled a new surge in the U.S. military buildup which could reach 100,000 men by late summer.

This would be a boost of about 25,000 over the currently scheduled level.

* * *

"We expect it will get worse before it gets better," Johnson told a news conference in assessing the course of the war which has involved the United States ever more deeply.

He spoke against the background of a Communist offensive which has brought more South Vietnamese people under Red guerrilla control in the past six months, isolated parts of the country, slashed roads and rail lines.

NEEDS INCREASING

"Our manpower needs there are increasing and will continue to do so," the President said.

A previously announced reinforcement up to 75,000 American troops will be completed very shortly, Johnson said.

* * *

"There will be others that will be required. Whatever is required I am sure will be supplied."

At the Pentagon, informed authorities said it is impossible now to say just how far the U.S. commitment will climb.

TOP-LEVEL MISSION

They said the extent of the increases probably will hinge on Secretary of Defense Robert S. McNamara's findings after he leads a top-level mission to South Viet Nam next week. This will be McNamara's first on-the-spot look at the situation in Viet Nam since May 1964. The newly named ambassador to Saigon, Henry Cabot Lodge, will go with him.

Most officials used the term "substantial" in discussing the scope of the impending new buildup.

* * *

Some key officers suggested the U.S. force might vault to 100,000 — more than four times what it was six months ago.

* * *

A tentative plan, which called for more than 129,000 U.S. troops to be in Viet Nam by Oct. 1, might be accelerated, it was felt.

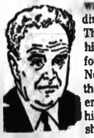
Opening lead—♣ Q

By JACOBY & SON

When North followed up his two no-trump response with a mere preference for spades he was underbidding a trifle. Therefore, when his partner bid four diamonds, North decided that he should emerge from his shell and show strength.



JACOBY

The four-heart bid was a starter but South could do no more than try four spades in view of his partner's previous weak action. North's five diamond bid was real slam encouragement and South jumped right to the spade slam. He made no effort to get to seven because of the fact that North's first two bids had been so discouraging.

The slam was a good one but it was the sort of contract that many players would fail to bring home. The simple and losing line of play is for South to take his ace of clubs and run off all the trumps. Assuming that East hung onto three of his diamonds and West never let a heart go South would wind up complaining about his bad luck in never getting a suit to break.

The winning line of play is a trifle more complicated. South should cash his ace and king of trumps and continue by playing ace of hearts, a low heart to dummy's king and a heart back toward his own hand.

East will probably ruff and make some comment about people who forget to draw trumps but South won't mind. Later on he will discard a diamond from dummy on the queen of hearts and ruff his third diamond with dummy's last trump.

If East fails to ruff the heart South will win the trick with the queen and ruff his last heart with the ten of trumps. This will hold his losses to that one diamond loser so that this line of play succeeds against any defense.

State Road Group Gets Signboard Parley Report

LANSING (AP) — The State Highway Commission heard a report Friday on a state delegation's trip to Washington in efforts to solve the signboard problem that imperils Michigan's share of federal highway aid.

Fred Tripp, the highway department's director of administration, said he felt the State Senate Highway Committee was making a sincere effort to come up with signboard control legislation needed to qualify Michigan for the aid.

Tripp and the committee met with officials of the U.S. Bureau of Public Roads. He said the bureau told the Michigan group that to qualify for aid the highway department needs authority to clear all encroachments from highway rights-of-way.

Michigan's 1925 sign control law was struck down by the State Supreme Court which said the measure gave the department too much authority.

Tripp told newsmen the department believes it has police powers connected with its construction and maintenance of highways. He said the right-of-way is considered to extend at least 60 feet from the edge of the pavement.

In other action, a Pleasant Ridge delegation, led by mayor Ted Barr, protested the proposed route of the I-696 freeway along the city's northern border on Ten Mile Road.

Sam Travis, an attorney acting as spokesman for the group, said he believed the Pleasant Ridge City Commission's approval would be needed for that route. He said because of a petition signed by 96 per cent of the city's residents, the commission is unalterably opposed to the route.

Travis said the loss to Pleasant Ridge if the route is adopted would be $1.4 million out of the city's total assessed valuation of $13 million.

Astrological Forecast

By SYDNEY OMARR

For Sunday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): You can now begin to see results of previous efforts, correspondence. Encouraging communication could be received. Check details. Be quiet within. Seek "spiritual nourishment."

TAURUS (Apr. 20 to May 20): Your disposition improves because of pleasant surroundings. Day to relax and forget money-business cares. What you seek is close at hand. Enjoy looking for it!

GEMINI (May 21 to June 20): Discussion of unusual ideas could prove fruitful. Key is relaxation amid family members. Exchange of ideas in spirit of harmony pays dividends. Act accordingly.

CANCER (June 21 to July 22): Need to spend some time alone indicated. Figure out motives, directions. Try to get some privacy. Self-analysis is important in present situation. Have faith . . . don't panic.

LEO (July 23 to Aug. 22): Get house in order. Take stock and sum up. Means this is a time to gather forces. By getting needed rest now . . . you will be in better position to formulate creative decision.

VIRGO (Aug. 23 to Sept. 22): Relief from some restriction, details indicated. There is greater freedom of thought, action. May be need for being with young persons. Keep promises. Give attention to loved ones.

LIBRA (Sept. 23 to Oct. 22): Best to stick to familiar routine. Stepping too far from home base could prove costly. Excellent for entertaining within family circle. Hobby, relaxation highlighted.

SCORPIO (Oct. 23 to Nov. 21): Avoid direct decision now where money is concerned. Indirect approach can gain ultimate goal. Your sense of what is of true value comes to forefront. Heed "hidden" meanings!

SAGITTARIUS (Nov. 22 to Dec. 21): Important now to be VERSATILE. Day to experiment, to balance recreation and "concentration" periods. Gain indicated through reading, being curious. Find out the WHY of things.

CAPRICORN (Dec. 22 to Jan. 19): Cycle moves up. Means circumstances due to turn in favorable direction. You are able to see and impress important persons. Be thorough. Heed words of spiritual adviser.

AQUARIUS (Jan. 20 to Feb. 18): Changes based on ADDED INFORMATION featured. Unusual facts could come to light. Evaluate data. Engage in creative activity — especially one involving hobby.

PISCES (Feb. 19 to Mar. 20): Fine time for being with friends, articulating hopes and wishes. One close to you could offer encouragement. Obtain clue from AQUARIUS message. Stop, look, listen . . . then DECIDE.

* * *

IF SUNDAY IS YOUR BIRTHDAY . . . you tend to be introspective, artistic and capable of fine creative work. You would make fine problem analyst or attorney.

* * *

GENERAL TENDENCIES: Cycle high for CAPRICORN, AQUARIUS. Special word to SCORPIO: Journey could prove profitable.

For Monday

ARIES (Mar. 21 to Apr. 19): Unusual methods can gain you the most success today. Investigate, give full play to curiosity. Find answers from out-of-way sources. Friend with unique interest could be helpful.

TAURUS (Apr. 20 to May 20): Ties of affection could be under unusual strain. Be understanding. Vacation journey revitalizes you. Appreciate beauty that surrounds you. Seek pleasure!

GEMINI (May 21 to June 20): You awaken to fact that there is intrigue. Means you are now drawn to mystery. You may feel associates are taking unfair advantage. Take chip off shoulder! Be analytical to find answers.

CANCER (June 21 to July 22): Erratic statements made now could be held against you. Be aware of meanings. Improve public relations. Do plenty of listening, observing. Obtain hint from GEMINI message.

LEO (July 23 to Aug. 22): Practical affairs dominate scene. Finish projects. Look to future with optimism. Express yourself. Fine time for outlining plans. Gain indicated through writing and reading.

VIRGO (Aug. 23 to Sept. 22): Sound out associates. Your creative resources may require constructive outlet. Take initiative. Be original and independent. Combine proven techniques with daring theory.

LIBRA (Sept. 23 to Oct. 22): You could now find what you have been seeking. Evaluate plans, hopes, ambitions. Build solid base. Check real estate opportunity. Improve conditions at home. Trust hunch!

SCORPIO (Oct. 23 to Nov. 21): Pleasure gained through unusual interest, hobby. Maintain open mind. Friend may suggest unique plan. Examine it. Don't commit yourself . . . but do express sincere interest.

SAGITTARIUS (Nov. 22 to Dec. 21): Your time is valuable. Make others aware of this fact. Be tactful, but firm. Check possessions. Get your money's worth. Emphasize knowledge. Make others appreciate your ability.

CAPRICORN (Dec. 22 to Jan. 19): No time to harbor ill feelings toward one who makes mistakes. Be generous . . . offer guidance. Cycle high. You can win friends by sharing knowledge. Set fine example.

AQUARIUS (Jan. 20 to Feb. 18): Money could be obtained from unusual source. Investigate — ask questions. Display your unique interests. Others apt to be favorably impressed. Obtain valid hint from SCORPIO message.

PISCES (Feb. 19 to Mar. 20): Excellent time for attracting attention, gaining public acceptance. Good possibility you will get publicity which aids personal cause. Maintain pleasant, tactful manner.

Is LBJ Grooming Lodge for Rusk Post?

WASHINGTON (AP) — Sen. George D. Aiken suggested today that President Johnson may be grooming Henry Cabot Lodge as a successor to Dean Rusk as secretary of state.

Aiken, senior Senate Republican in point of service and a member of the Senate Foreign Relations Committee, commented on President Johnson's appointment of Lodge to succeed Gen. Maxwell D. Taylor as ambassador to South Viet Nam:

* * *

"It looks to me like a refresher course for Lodge before taking over as secretary of state."

The Vermont senator's view found little support, however, among his colleagues. Sens. Jacob K. Javits, R-N.Y., and Vance Hartke, D-Ind., said in separate interviews they doubt the President has any such future course in mind.

State Department sources said they believe the secretary's relations with Johnson and McGeorge Bundy, presidential adviser on security matters, are extremely good at this time.

When Rusk was asked at election time last year to stay on as secretary of state he reportedly agreed with the stipulation that he would not remain indefinitely. But he has given no sign recently that he intends to quit. If Rusk should bow out, Bundy, once a Republican, is regarded as his most likely successor.

The shuttling of Lodge, the 1960 GOP vice presidential nominee, back into the Saigon job he held before Taylor replaced him last year seemed unlikely to quiet Republican blasts on the President's course in Viet Nam.

* * *

Aiken observed that he heard "no wild cheering" among Republicans about Lodge's appointment.

Girl Testifies in Rape Case

LOS ANGELES (AP) — The Los Angeles County grand jury heard 35 minutes of testimony from the teen-age daughter of a police lieutenant and later indicted three men on charges of forcible rape.

Two other youths were charged in the indictments with aiding and abetting the alleged rapists.

The principal witness, Shirley Diane O'Neal, 19, reportedly maintained her composure during her testimony Friday. Earlier she had been in what police described as a state of severe emotional shock.

Named in the indictments were Matthew Melville, 20; Ford Wood, 20; Wood's brother, Ronald, 21; Eric Forrest, 19, and George Ulatowski, 18.

FATHER FREED

Miss O'Neal's father, Lt. Thomas E. O'Neal, 41, is free on $3,300 bail after he shot and seriously wounded Carl E. Norman, 21, at the West Valley police station July 2. Norman was under questioning about the alleged June 29 assault but has since been cleared of suspicion in the case.

Breaks Bigotry Barrier Through New Membership

ABBY

DEAR ABBY: Our family has lived in this town for three generations, and no one of our religion has even been invited to join a certain club here.

Suddenly, a man of our faith was invited to become a member. Perhaps I should add that he is an outstanding civic leader, has done much for the community and is very wealthy besides.

Much to the disappointment of his many friends, he considered this an "honor" and accepted. We feel that since the club has pointedly excluded people of his faith in the past, he should have declined membership in their club to show his contempt for their policy of discrimination. What is your opinion?

LEAVE NAME OF CITY OUT

DEAR LEAVE: I disagree with you. Why snub a club that once "discriminated," but has now changed its policy?

He deserves congratulations, not criticism for breaking the bigotry barrier.

* * *

DEAR ABBY: My husband stayed out of work for a week as he was ill. On the third day, he recevied a note from one of the girls at the office.

It read:

"Marty, Dear,

Please get well soon as we all miss you.

Take good care of yourself, Honey-boy, 'cuz things are not the same around here without you. If there's anything I can do for you, please let me know.

Love,
Judy"

I became very upset over this because if it was really from ALL the girls at the office, why didn't they all sign it?

Only Judy's name appeared on the note, and she had her home address on the envelope. And what kind of crack was that, "take good care of yourself?"

She knows he does not have to take care of himself as he is a married man and has a wife to take care of him. And what is this "Honey-boy" business?

He is almost 60 years old. Also what does she think she can do for him that I can't? I cried all day. My husband says I am being silly. Am I? Am I?

MARTY'S MISSUS

DEAR MISSUS: Yes. Your are being slightly silly and hypersensitive. She was probably only trying to cheer your husband up. Forget it. I'd say her message was in poor taste, but her motives were pure.

* * *

DEAR ABBY: I am an ordinary 17-year-old girl except for one thing. I hate my father. He is not an alcoholic and he doesn't beat me, so I have no real reason for hating him.

He gives me money and lets me go out as often as I wish. He gripes when I go out too much, but he never makes me stay home. One big thing I hate about him is the way he acts around my mother.

He is always kissing her, or hugging her, or swatting her on the rear.

I hate to look at him. I hate to watch him eat and I hate to do anything for him. I have been thinking seriously about asking my mother to let me see a psychiatrist.

Do you think it would help me to quit hating my father like this?

FATHER-HATER

DEAR HATER: Yes. It might not help you to quit hating your father, but it could possibly reveal to you the reason why you "hate" him (if indeed you do).

And even more important, it could alleviate your guilt feelings for being so full of hate, which you obviously are.

Pilot Club Slates Picnic

Oil Receives First Place

Postscript to an art show; Mrs. Robert Porter of Lakeview Drive, Independence Township, received first place for her oil painting in the recent show of the Clarkston Arts and Crafts.

She entered the painting in the Detroit Freedom Festival art exhibit, a juried show. Only 80 artists out of 400 were selected.

Mrs. Porter's painting won the popular vote at the show, automatically giving her third place and $50. To cap the climax, an interior decorator bought the painting.

Mrs. Porter now lives on cloud 11 which is just a bit higher than cloud nine.

Lesson - Sermons by Mrs. Mary Eddy

By MARY ANGLEMIER
Church Editor
The Pontiac Press

What is Christian Science?

According to the office of the manager at the Mother Church in Boston, Mass., Christian Science is a religion based on the words and works of Christ Jesus.

It draws its authority from the Bible, and its teachings are set forth in "Science and Health With Key to the Scriptures" by Mary Baker Eddy, the discoverer and founder of Christian Science.

The Church of Christ, Scientist has no clergy.

It is a church of laymen, any one of whom, without distinction of sex, may rise to any position for which he has demonstrated fitness.

* * *

In a branch church the services are conducted by a First and Second Reader elected by and from the membership. In the Mother Church the two readers are appointed by the board of directors for a three-year period.

* * *

In a Sunday church service the First Reader reads passages from the Christian Science textbook, "Science and Health With Key to the Scriptures."

READS BIBLE

The Second Reader reads references from the King James version of the textbook, constitute the sermon. The same lesson-sermon is read in all churches throughout the world on the same Sunday.

* * *

These weekly lesson-sermons are prepared by The Mother Church from 26 subjects selected by Mrs. Eddy.

The local church gives three lectures a year. The speaker is obtained through the board of lectureship of The Mother Church.

Teachers in the Sunday School are appointed by the board of directors. The younger children are taught the Lord's Prayer, the Ten Commandments, and the Sermon on the Mount.

Older students study the weekly lesson-sermon and discussions are held on various aspects of the lesson. There is a nursery for tiny tots.

* * *

Each branch church maintains a public Reading Room.

Literature sold or exhibited in Reading Rooms of Christian Science churches consist only of "Science and Health With Key to the Scriptures" and other writings by Mrs. Eddy, and the King James Version of the Bible.

Literature published or sold by the Christian Science Publishing Society may also be found there.

LOOKS OVER BUILDING—Checking the roof and siding of the First Church of Christ, Scientist, 164 W. Lawrence is Rufus Campbell of 4128 Quillen, Waterford Township. Mr. Campbell and other members of the board of directors sees that the building is kept painted and in good condition on the exterior as well as the interior.

STUDY BIBLE—Barbara Treacy of 4695 Commerce, Orchard Lake, Larry Schiese of 2633 Elsinore (center) and Tim Pohlman of 1544 Eason read and discuss their Sunday School lesson at First Church of Christ, Scientist every Sunday. They are members of the youth group.

Clergymen Leave Area

Three area clergymen are moving to and from their current offices to take over new positions.

* * *

The Rev. Robert P. Patterson, associate rector at Christ Church Cranbrook, has accepted a call to be rector of The Church of the Redeemer in Baltimore, Md. effective Sept. 1.

The Rev. Mr. and Mrs. Patterson came to this area in November 1961, from St. Mary's Church, Rockport, Mass. They will be leaving for Maryland the middle of July.

Arriving Aug. 1 to replace the Rev. Mr. Patterson will be Rev. Walter Neds, currently associate - rector - in - charge at St. Thomas's Church, Washington, D.C.

The Rev. Mr. Neds, a native of Lima, Ohio, received his education there and at Creighton University, Omaha, Neb. He received his theological education at Virginia Seminary.

The Neds and their three children will reside on Lone Pine Road.

* * *

TO BE DEDICATED — The former school for Seventh-Day Adventist children at 81 E. Howard purchased a year ago by the newly organized United Faith General Baptist Church will be dedicated tomorrow. Members have repaired, painted and renovated the building to make it suitable for worship services and Sunday School classes. The Rev. Edward Dunavant is pastor.

Basket Dinner on Grounds

Dedication of Year-Old Church Sunday

Rev. John Meyers, pastor of West Bloomfield Baptist Church, will preach the sermon for the 2 p.m. dedication of the United Faith General Baptist Church, 81 E. Howard tomorrow.

* * *

The day will begin with Sunday School for all ages at 10 a.m. and worship at 11. A basket dinner on the church grounds will follow at noon.

* * *

A special hymn sing is planned for 1 p.m. with the dedication at 2 p.m.

The congregation was organized as the United Faith General Baptist Church April 25, 1964 with 21 charter members.

The group purchased the former Pontiac Junior Academy, day school for Seventh-day Adventist children.

INTERIOR RENOVATED

During the year the interior has been renovated. Mahogany paneling lines the walls of most of the interior.

The sanctuary floors are covered with beige tile except the chancel area which is carpeted in cocoa brown. A pastor's study and rest rooms are also on the first floor.

The nave will seat some 200 persons with an additional space for 20 choir members. A new piano and organ were purchased.

When the basement is completed there will be 12 Sunday School class rooms.

Members did the painting and remodeling with no outside help at a cost of approximately $2,000. There is ample room for parking at the back of the church.

* * *

Rev. Edward Dunavant of 36 Lewis is pastor.

Assisting as an advisory board are Rev. Lloyd Gregory, Rev. James Knight, Johnie Knight and Pearl G. Hendrikson. Rev. Mr. Knight is also superintendent of the Sunday School.

8th Annual Festival at Fair Grounds

The Michigan State Fair Grounds will be one of the liveliest places in Detroit July 18 when the Eastern Orthodox parishes of Greater Detroit with some 150,000 communicants and friends join to celebrate the Eighth Annual Eastern Orthodox Festival.

* * *

Every Orthodox Church will celebrate Divine Liturgy early in the morning.

* * *

Gates will open at 10 a.m. at the fair grounds. Later in the afternoon a vesper service will be celebrated at the band shell with robed choirs singing the responses.

Each nationality will feature its favorite foods which will include exotic dishes from main dishes to an assortment of pastries.

Singing groups and roving musicians will be a part of the festive occasion. For the children there will be space rides, games and pony rides.

* * *

During afternoon festivities dance groups in colorful native costumes will perform. The festival will close at midnight. Everyone is welcome.

At Kirk in Hills

Guest Pastor to Preach

Dr. Harry A. Fifield, pastor of First Presbyterian Church of Atlanta, Ga., will be guest preacher at Kirk in the Hills, Bloomfield Township at the 9:30 and 11:30 services tomorrow morning.

DR. HARRY A. FIFIELD

The full Chancel Choir will sing at both worship hours and two sessions of the Kirk School will be held concurrently with worship services.

Dr. Fifield has just returned from Europe where he served as retreat minister for chaplains and lay personnel of the Armed Forces in Western Europe.

A graduate of the University of Florida and Princeton Theological Seminary, he was awarded the D. D. degree from Hampden - Sydney College in 1953.

A member of the board of Agnes Scott College, Dr. Fifield presently serves as chairman of the committee on assembly operation of the Presbyterian Church USA.

The Kirk congregation will hear outstanding ministers during the summer months through Sept. 5, according to Dr. Harold C. DeWindt, pastor.

Rev. Paul Bersche at Alliance Church

Rev. Paul D. Bersche, associate pastor of the Christian & Missionary Alliance Church in Cuyahoga Falls, Ohio, will preach at the 11 a.m. service in the Alliance Church, 220 N. Cass tomorrow.

* * *

The guest speaker is the son of Rev. and Mrs. G. J. Bersche in charge of the local pastorate.

* * *

A former pastor of the denomination in Vassar, Rev. Mr. Bersche is in charge of youth work in the Ohio church. The congregation is currently founding a Christian Day School in Cuyahoga Falls, headed by the associate pastor.

Pastor Lists Services

Worship is scheduled for noon tomorrow at the True Church House of Prayer to All Nations, 128 W. Pike. Sunday School is at 10 a.m.; youth service at 6:30 and evening worship at 7:30.

Senior High Boys on Weekend Trip

Twenty senior high boys from Marimont Baptist Church accompanied by leaders Gordon Matthews, Rod Attwater, Brock Manning and Robert Hassenzahl are on a canoe trip this weekend on the Au Sable River.

* * *

Returning tomorrow from the Youth for Christ Conference at Winona Lake, Ind., will be Susie Titsworth, Matt Smith and Larry Gavette. These three junior high youths won the trip to Winona Lake for excellence in Bible quizzing.

Barbara Cowley will be in charge of the senior high program at 6:30 p.m. tomorrow.

Those taking part include Barbara Williams, Linda VanHorn, Cheryl Clark, Tony Bowers and Mary Matthews.

The Stockade Boys will participate in an All Star softball game against First Baptist Church team at 6 p.m. Monday at Owen School field.

* * *

The Brigade Softball Team of Marimont who won this year's title, will play the league's All-Stars Monday night at Wever Field. A picnic will follow at Hawthorne Park.

Crime Spree Now Court Case

SACRAMENTO, Calif. (AP)—The hostages were home safe and the gunmen behind bars today as a modern Wild-West suspense drama that had ranged over three states moved into the calm of a California courtroom.

Two ex-convicts accused of a crime spree that began in Oregon and ended in a moonlit Sierra Nevada pass in California were to appear before a federal grand jury on the charge of kidnaping the California finance director, Hals Champion, and his wife and baby daughter.

* * *

Bail for the accused pair, Wilford Marion Gray, 30, and Carl Cletus Bowles, 24, was put at $100,000 each by U.S. Dist. Judge Thomas J. MacBride in Sacramento Friday.

In Oregon, the two face six federal kidnaping counts, a bank robbery charge and the accusation that they murdered a deputy sheriff. The Oregon bail was set at $150,000 each.

HIGHEST PENALTY

U.S. Atty. Cecil F. Poole of San Francisco, representing the government, said after Friday's arraignment that the maximum penalty an the kidnaping charges was life imprisonment. If bodily harm was involved, Poole said, the federal government could have sought the death penalty.

Maximum penalty in Oregon also is life imprisonment. The death penalty in that state was recently abolished.

* * *

At Eugene, Ore., Lane County Dist. Atty. William Frye said that Poole would not relinquish custody of the two prisoners to Oregon authorities. The two are charged in Lane County with first-degree murder in the slaying of Sheriff's Deputy Carlton E. Smith, 33, shot to death Tuesday night after stopping a car registered to Gray.

"The Champions are good friends of this Poole," Frye said. "He apparently feels his friends are more important than the death of a Lane County deputy sheriff. It looks like they will go ahead in Sacramento."

THREE STATES

Authorities of three states accuse Gray and Bowles of cutting a trail of robbery, kidnaping and murder that got under way early Monday when they robbed a motel near Portland, Ore.

* * *

Police said that Gray then raped the woman motel owner.

They are charged with robbing an Oregon bank of $12,000 Tuesday. Deputy Smith, a rookie, was shot Tuesday night on his first night patrol.

Six persons were kidnaped in Oregon in the next few hours and then released in Sacramento. Even while the released hostages were making their way back north, Champion, his wife Marie and 19-month-old daughter Katherine Marie were awakened in their Sacramento home early Thursday and forced into flight in their own car.

ALERT SOUNDED

When Champion failed to appear for a scheduled statehouse conference Thursday morning an army of peace officers was put on alert.

The speeding Champion car was finally spotted in the high Nevada desert country and cornered at Tonopah.

* * *

Champion suffered a minor wound when a bystander fired at the fugitives. He was put out of the auto.

Their captors commandeered a police car and fled with Mrs. Champion and the baby in it.

* * *

Over the police radio the captors dickered with police for safe passage. Finally the mother and daughter were set free at a point five miles inside Californa. Roadblocks went up and Grey and Bowles suddenly abandoned their commandeered car and surrendered.

U-M Budget Figure Over $167 Million

ANN ARBOR (UPI) — The University of Michigan has a budget of $167,634,390 for the 1965-66 school year.

* * *

The Board of Regents yesterday approved the budget, up $20,357,004 from the past year.

* * *

The effective date of the budget was July 1. It had been delayed until the legislature and Gov. George Romney completed work on appropriations.

Police Unrest Worries Cities

By The Associated Press

Officials of several southeast Michigan cities are becoming increasingly concerned by signs of dissatisfaction among their police officers.

In the Detroit suburb of Livonia, Mayor Harvey Moelke has asked for a State Police investigation into reasons behind the resignations of nine patrolmen and three cadets.

* * *

Wives of Highland Park patrolmen have demonstrated twice outside recent City Council meetings, protesting what they feel is an insufficient $206 annual salary increase for officers.

There are indications in Warren that two-thirds of the city's force has signed a petition threatening to resign if they did not receive pay raises. Police sources have had no comment on the reports.

In approximately four months, six Ferndale officers have resigned to take jobs with private business, another police department and a state agency.

Feelings of discontent were allayed slightly in Hazel Park recently with a raise in a patrolman's maximum pay to $6,906 and authorization for time-and-a-half pay for overtime patrol duty at Hazel Park Race Track.

Primitive Americana Stressed

Home Turns Back Calendar

By JODY HEADLEE

Walking into the quaint A. P. Ripley home on Abbey Road, Birmingham, is like turning back the calendar to an earlier era.

If you arrive at dinner time, flickering shadows from the antique coal oil lamp dance across the kitchen ceiling as the familiar smell of kerosene blends with the cooking food odors, taking you back to grandmother's kitchen on the farm

And if you listen, you can hear the syncopated schottische played by the assorted pendulum clocks located throughout the house.

In the corner of the kitchen on a raised hearth stands a cast-iron 5 o'clock stove dating back to the 1780s. This type of stove was usually used in bedrooms in the early days to take off the morning chill.

Above the stove is mounted a shelf exhibiting an assortment of Early American kitchen utensils.

"I like the informality and warmth of primitive Americana," said Mrs. Ripley.

"The house was designed to serve as a backdrop for family pieces and the bits of Early Americana my husband and I have collected throughout the years."

Woodwork in the kitchen is finished in white with black wrought-iron hinges and handles used on the cupboards.

Lighting the adjoining dining room is a Victorian hanging lamp with hand-painted apple blossoms on its shade and base.

On the walnut chest is a tureen of Englishware which has been passed down through the Ripley family.

"Though the whole set is in the same shades-of-brown with bittersweet accents," said Mrs. Ripley, "each piece is different."

Also on the chest top is a revolving silver caster set with a servant's bell which belonged to Mrs. Ripley's grandmother.

Centering the antique walnut oval dining table which extends to seat 25 is a fruit arrangement in a milk-glass compote.

Mrs. Ripley's tea-leaf lusterware can be seen through the glass doors of the walnut china cabinet.

In front of the living room fireplace are grouped a wing-back chair covered in a floral print of blue, rose and green on gray and a rosewood rocker.

Mr. Ripley upholstered the rocker in a crewel-emboidered fabric of cranberry, aqua and gold on beige.

Its needlepoint footstool was made by Mrs. Ripley.

IDIVIDUALITY: There's plenty of it in this split entry house, with a main and a lower level, outdoor decks on both sides, a sunken porch on the right, a semi-octagonal living room and many other dramatic touches.

Prices Stable in Residences

Houses and lots are getting bigger, but house prices remain stable.

* * *

A recent survey by the National Association of Home Builders of its 800-member Builders' Economic Council revealed that half of the new homes being built in 1965 will contain more than 1,370 square feet, with 11 per cent over 2,000 square feet. This is an increase of approximately 100 square fee over 1964.

The typical lot size among respondents this year is expected to be 9,720 square feet, as compared to 9,464 last year.

Today's "typical house" sells for $19,575, up only slightly from last year's $19,225, in contrast to larger increases in recent years.

* * *

The typical house is most likely a one-story brick. Survey respondents said 28 per cent of their homes have brick exteriors, 15 per cent wood facing, and 30 per cent a combination of two or more exterior materials.

They expect about 62 per cent of their houses to have one story. In 1964, two-story homes accounted for 17 per cent of the total, and split-levels 21 per cent.

The typical home has a garage or carport, a family room, and two bathrooms. Forty per cent of the respondents' new units have two bathrooms, while 23 per cent have 1½ baths.

* * *

A third of the houses have a fireplace, and a third are air-conditioned, although the figure rises to three out of four in the South. Three-fourths of new apartment units are air-conditioned.

Hot Homeowners Seek Cool Shade

Most warm homeowners like to head for the backyard in search of the cool shade during summer months.

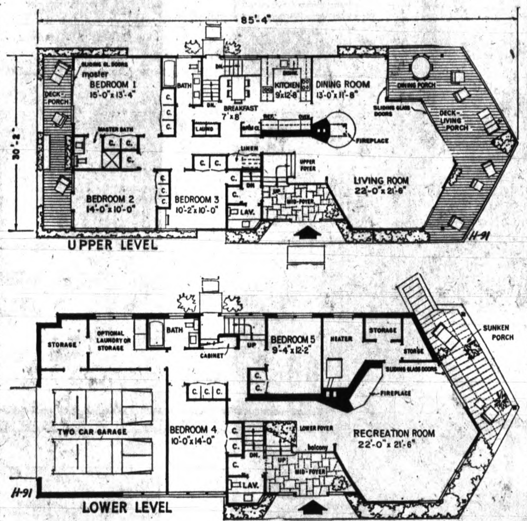
* * *

This year many will be enjoying an outdoor quarry tiled terrace.

Quarry tile or ceramic mosaic tile is ideal for terraces because they are some of the most durable materials nature has given mankind.

* * *

They're waterproof, stainproof and will dry clean within minutes after a hosing.



FLOOR PLANS: Two-level plan permits all main rooms to be located on upper floor, with huge areas for outdoor living; extra rooms, including fireplaced recreation section and two-car garage, are on the lower floor.

Split Entry Design Has Glamor Touch

You might as well face it: If you like things that are ordinary, you're not going to be too pleased with the latest House of the Week,

It's for people who want something different, something with a touch of glamour.

Architect Rudolph A. Matern has provided it in a two-level contemporary home replete with dramatic effects both inside and out.

Despite the many design features of this house, it is basically a split entry, a type of home that has risen to mass acceptability in recent years.

* * *

You may have seen it referred to as a raised ranch.

SPLIT ENTRY

To get a good mental picture of the split entry, think of a one-story ranch with basement which has been pulled out of the ground a few feet.

The main part of the house is thus a little above ground level, the basement part a little below ground level.

One of the principal advantages of this construction is that the lower floor can have larger windows, more light and ventilation and, consequently, more all-around livability.

There are three bedrooms, two baths and a lavatory on the elevated or main level.

The lower floor can be finished when the house is constructed or done at a later date, if desired, but there are two extra bedrooms in this area as architect Matern has designed it.

But either or both of these extra rooms can be used for studying or following a hobby if they are not required as sleeping quarters.

* * *

Note the unusual upper level layout. There are raised outside decks at either end.

The one at the left of the house can be reached from either of two bedrooms.

The one at the right is accessible through sliding glass doors from the living room or dining room.

There is a four-sided view from the semi-octagonal living room. While this is sufficiently dramatic in itself, a circular-hooded wide open fireplace provides an additional highlight.

* * *

The service area at the rear of the house is modern in every respect, with a kitchen, railed breakfast section, plenty of cabinet and closet space, and a separate entrance.

The recreation room on the lower level is a twin of the living room above it.

It also has a fireplace, with a sunken porch under the deck and sliding glass doors leading to it.

* * *

This floor also has two bedrooms, previously mentioned; storage and closet space almost everywhere you look; an extra bath and an extra lavatory; and an oversized two-car garage.

Traffic control in a split entry house is excellent, since from either the front or rear entrace no one enters either level unless it is his destination, thus avoiding unnecessary steps.

Another advantage in having the main floor raised above ground level is that the bedroom windows are four feet higher than normal, adding that much more to the privacy.

The main entrance or midfoyer of this home has a slate floor, an angled wall, a wrought-iron railed balcony and a 90-degree turned staircase. The foyer ceiling is one and one-half stories high.

* * *

For the family interested in a house with individualtiy — and with a plot that can handle the over-all dimensions of 85' 4" by 30' 2" — Design H-91 is the answer.

H-91 STATISTICS

Design H-91 has a living room, dining room, kitchen and breakfast area, three bedrooms, two baths, a lavatory, and two deck porches, on the upper level. The lower level has a recreation room, sunken porch, two bedrooms, a bath, a lavatory, a large amount of storage space and a two-car garage on the lower level. There is a midfoyer and two smaller foyers. There are 1879 square feet of living area on the upper level, not including the decks and porches, with 1509 square feet on the lower level, not including the sunken porch and garage. Over-all dimensions are 85' 4" by 30' 2".

If you want to keep the enamel coating on your sink glistening and unmarred for years to come, use soap and water regularly and remember that fruit and vegetable acids may stain even acid-resisting surfaces if left on the fixture for lengthy periods of time.

Tile Countertops Will Take Abuse

What's the most desirable material for kitchen counters and backsplashes?

Many homeowners specify ceramic tile for these areas, possibly because they have seen it being used so extensively in the heavy-duty areas of public eating places. Whatever the reason, it's a fact that the trend to tile counters that started in the West is now spreading to the East.

* * *

What has brought about this increased popularity of tile in kitchens? For one thing, a tile countertop can't be burned, not even if a sizzling frying pan is placed atop it. Also, while some substitute materials can be scratched, neither the sharpest razor nor knife will damage tile.

The many new decorative patterns in which tile is now available also have contributed to making it a preferred material in kitchens. The almost endless number of sizes, shapes and colors tile comes in means this versatile material can harmonize with any decorating scheme.

Steel output in 1964 was at a record 126.8 million tons, topping the old 1955 high of 117 million.

Effective Emergency Alarm System

By DOROTHEA M. BROOKS
United Press International

What to do in an emergency Reach for the telephone; dial operator. It's the automatic — and correct — response in case of fire, theft, injury; almost any emergency in the home.

Fire breaks out during the night; your first concern is for your family — or a blaze gets started when you are not at home.

There's a prowler in the house; you dare not alert nor anger him.

The furnace fails in dead of winter while you are off on a holiday.

* * *

An elderly parent, alone, falls; a diabetic or cardiac family member suffers an attack when help is not near.

IMMEDIATE HELP

In any of these situations an emergency report to the telephone operator will bring immediate help — if the call is made at once and the necessary information reported calmly and clearly.

This is just what is promised by a new emergency alarm system for home and business: immediate, automatic notification of police, fire or other emergency service via ordinary telephone, whether premises are occupied or unattended.

The electronic Tel - Guard system, being marketed nationally by Tel - Guard of America, Inc., New York, makes use of ordinary telephone facilities rather than leased wires connected to private protection companies.

* * *

There is no internal connection to the telephone which, the company explained, would conflict with regulations that forbid attachments or modifications to telphone company equipment.

The Tel - Guard unit consists of a cradle-like stand for a telephone (generally placed in an inconspicuous, out-of-the-way location) and a number of sensing devices which, in case of emergency, trigger the system.

The telephone receiver is lifted automatically and a mechanical arm dials "O" for operator.

* * *

A pre-recorded tape reports the necessary information in a calm, professional voice, repeating the message continuously for three minutes so there can be no errors concerning location or nature of the emergency.

WIDE USE

The variety of sensing devices which can be utilized is almost limitless and applicable to just about any use in home, store, business office, factory, warehouse, church, hospital or school.

They can be installed to detect fire, smoke, fumes change in temperature, and water.

Devices such as inconspicuous foot mats or electric eyes can be installed to detect break-in or tampering.

* * *

Tiny, easy-to-carry remote control radio transmitters will alert the device (for watchmen, elderly persons, invalids or others who might find it necessary to summon aid when unable to reach a telphone.)

The system can be operated manually by "panic buttons" and, in situations such as fire where an on-premises alarm is desirable, will set off such a warning signal at the same time the emergency call is being made.

The taped messages are provided with the system and are tailored to give the proper information for any situation.

* * *

They may be changed at any time.

Oregon ranks first in the nation in the production of logs, lumber, plywood, particle board. Its principal lumber species is Douglas fir, the most widely used single species in the nation.

Be Prepared Before Shopping

Air Conditioner Hints

It takes months and even years to design the giant air conditioning systems that go into large buildings.

On the other hand, the home air conditioner can be installed in the window and operating in a matter of minutes.

Nevertheless it takes a certain amount of planning by the shopper to get the model that fits her specific needs properly.

With the air conditioning season now coming into full swing, qualified engineers have just released the following pointers which can save time and effort in buying a room air conditioner:

Before starting out on a shopping trip, note the following information on a slip of paper.

- The approximate length width and height of the room to be cooled.
- Indicate whether the room is on the sunny side of the house.
- Remember the width of the windows and the number and type; (that is, whether they slide up and down or open out).
- Bear in mind the location of electrical outlets in the room and whether these outlets operate on 115 or 230 volts.
- If the room is exposed on three sides or it it's directly below an uninsulated attic, mention this to the retail salesman.

Institutions Install Tile

Research laboratories need safe, sanitary and fireproof interiors.

For these reasons, many take a tip from hospitals and other institutions and install ceramic tile on floors and walls.

This economical, durable and colorful material has also long been a standard for packing houses, bottling works and food processing plants.

Plastic Handles Add Decorative Touch

Many manufacturers make faucets for sinks and lavatories with stylish plastic handles that add a smart decorative touch where installed.

More important plastic handles are not hot to the touch.

Patio Living Room Tops in Summer

As the temperature goes up and up, so does the desire to enjoy outdoor living.

Hence the desire for a patio which is really an outdoor living room.

You can create patios in a wide assortment of styles and shapes. There are a great many materials you can use.

You can have a concrete slab, patio blocks or just a gravel area. You can use stone, brick or even wood.

★ ★ ★

Shapes can be round or square, formal or no particular shape at all.

SIMPLEST PATIO

Even the simplest patio is a success if it is useable.

One of the elementary ways to make a patio is to excavate, level and fill with gravel.

One thing about a gravel patio, it looks completely natural.

★ ★ ★

If one end of the area is deep, you may need a retaining wall or at least an edging to hold in the material.

A wall can be built of stone or blocks. But the wall will be needed only in extreme cases.

Generally, an edging will hold the material and give a finished look to the project.

★ ★ ★

You can use brick set on end or diagonally in a sawtooth design.

FIELDSTONE

You may be able to find enough flat fieldstones to make an edging. Aluminum strips sold as grass barriers make a neat edging.

Next easiest is to fill your excavation with sand and lay bricks or patio blocks in the sand.

Allow for about three inches of sand when you excavate plus the thickness of the paving material you intend to use.

★ ★ ★

Bricks, blocks or flagstones can be laid in a variety of patterns. Set them as closely as you can and keep checking them with a level.

Outside edges should be held in place. Bricks on end, stakes or a strip of redwood set in the ground and held with stakes are some of the ways of bracing the outside rows.

Wet the sand before laying the bricks and allow it to settle.

★ ★ ★

Another informal and simple patio can be made by using flagstones or concrete blocks set right in the ground.

MATCH STONE SHAPE

Excavate to match the shape of each stone and to a depth that will make the surface of the stone flush with the ground level.

Allow the grass to grow between the paved areas.

For a permanent patio consider concrete. Since a simple concrete slab can be unattractive, consider ways to vary its appearance.

★ ★ ★

You can set flagstones into the concrete, use wood dividers between areas of concrete, vary surfaces from rough to smooth in alternating spots.

After you excavate, a bed of gravel or cinders is put in and the concrete poured over that.

If you place flagstones or other stone in the surface, do not build it as high. Set the stones into the wet gravel mix. Check with level frequently.

Leave a depression of a half-inch or so between the irregularly shaped stones. When the base has hardened, fill between the stones with a thin mixture of cement grout.

Thomson Wins 5th, Eyes 6th British Title

AP Photofax

REASON FOR SMILE—Australian Peter Thomson, who seldom shows any emotion on the golf courses, broke into a wide grin after accepting the trophy for his victory in the British Open yesterday. Thomson turned in a 72-hole score of 285.

SOUTHPORT, England (AP) — Peter Thomson, the quiet Australian who never seems to sparkle but never seems to lose, set his sights today on one of golf's highest pinnacles.

The 36-year-old Thomson, who never chuckles and seldom even grins, won the British Open golf championship Friday for the fifth time.

Without emotion, he said, "I want the sixth."

* * *

The reason: Only the immortal Harry Vardon won it that many times in its 105-year history and Thomson has dedicated himself to matching it and perhaps even exceeding the target.

* * *

It's a pretty large assignment but Thomson had behind him such champions as Tony Lema, last year's winner, Arnold Palmer, two-time British champion, Jack Nicklaus, Gary Player and Kel Nagle when he racked up his 74-68-72-71 — 285 Friday.

GREATEST WIN

"It was the greatest of my five Open wins because I was against the toughest field this time — a field with great golfers," Thomson said.

Thomson won this one by two shots. His 285 on the 7,037-yard, par 73 windswept Royal Birkdale Links on the Irish Sea was not a record but it was good. Palmer, the struggling master from Latrobe, Pa., won here four years ago with 284. He limped in with a 295 Friday after a final round 79.

* * *

Lots of others succumbed to rain and wind, sudden sun and greens that were treacherous. They included Ireland's Christy O'Connor and Welshman Brian Hugget, tied for second at 287, Argentina's Robert de Vicenzo at 288, Lema, Nagle and England's Bernard Hunt at 289.

* * *

Nicklaus, the overwhelming pre-tourney favorite, finished far back in the field with a 295 while U.S. Open winner Player pulled out after 18 holes of the 36-hole windup with a sore neck.

* * *

Thomson won it like a real champ. He was one shot ahead of Lema on the 16th hole of the final round when Lema's putt for a birdie to square it popped out of the hole. Getting a half as a consequence, Thomson shot two straight birdie fours to close it out.

* * *

Thomson's triumph was worth $4,900 but it qualified him for a lot more. He now will play in the U.S. World Series of Golf, limited to winners of the British Open, American Open, Masters and PGA. The World Series has a value of $100,000, with half that as first prize.

Lema won the British Open last year at St. Andrews and then captured the World Series. He said his title in this part of the world gave him, all told, "much more" than $100,000."

Thomson credits his resurgence — he hadn't done too much lately — to the departure of his hay fever.

"It's gone," he said. "I've had no troubles at all lately."

In years past, Thomson suffered from the malady, as did Byron Nelson at his peak.

"My fingers are crossed," said Thomson.

Birds' Pappas in Top Shape

By The Associated Press

Milt Pappas now has an earned run average to go with his boiling point.

Both are among the lowest in the American League.

The firey Greek, who may add a mid-year flourish to what could be his finest season by starting the All-Star Game, pitched the Baltimore Orioles to their fifth straight victory Friday night, checking the Chicago White Sox 1-0 on four hits.

A consistent winner who has never hit the 20-victory circle but always has managed to surround himself in controversy, Pappas says he is learning to control his temper. That just might be partly responsible for his 9-3 record and 1.74 ERA — lowest among AL starters.

After blanking the White Sox, Pappas lingered on the field to say a couple of words to Plate Umpire Cal Drummond. Asked why, Pappas said simply:

"To congratulate him on the great game he called."

ORIOLES THIRD

Pappas' victory kept the third-place Orioles 4½ games behind the first-place Minnesota Twins, who ran their winning streak to eight games by belting the New York Yankees 8-3 behind the homer hitting of Don Mincher and Harmon Killebrew.

* * *

The Los Angeles Angels dropped second-place Cleveland 3½ games back by sweeping a doubleheader 4-3 and 2-0, the night victory coming on Marcelino Lopez' two-hitter. Boston walloped Washington 10-1 after the Senators took the first game 2-1 and Detroit nipped Kansas City 7-5 in 10 innings.

Pappas built his lifetime record against the White Sox to 16-4, getting the only aid he needed from a second inning run put together on Brooks Robinson's double and a single by Boog Powell. The loser was Bruce Howard, who allowed only three hits in seven innings.

* * *

Killebrew and Mincher slammed consecutive first-inning homers off Jim Bouton and Mincher later added a three-run homer in the seventh inning. Dave Boswell was tagged for homers by Elston Howard and Roger Repoz, but posted his first complete game in the majors and brought his record to 6-4.

HOMERS TWICE

Willie Smith kept the Angels in the first game with a pair of homers that twice tied the score before Los Angeles won in the ninth when Joe Adcock singled, stole second and scored on a single by Vic Power. Max Alvis and Leon Wagner homered for the Indians, each collecting No. 15.

Rose Paying for Night Life

CINCINNATI (AP) — Running a red traffic light cost Pete Rose, All-Star second basemen of the Cincinnati Reds, a $13.50 fine plus an additional penalty from the ball club.

Rose, 24, was picked up at 4:25 a.m. Friday in Newport, Ky., across the Ohio River from Cincinnati. A friend pleaded guilty for him in Police Court.

Manager Dick Sisler announced that the club also fined Rose for breaking training rules, but the amount was not disclosed.

Reports late Friday night said Rose was fined $250 by the club.

Ohio Pilot Triumphs

ADRIAN (AP)—Dean Svec of Bedford, Ohio, was named the 1965 U.S. National Soaring Champion Friday — despite the fact he finished second in the annual contest which concluded here Thursday.

The winner of the contest, Hans Grosse of Lubeck, Germany, could not hold the title because of his foreign citizenship.

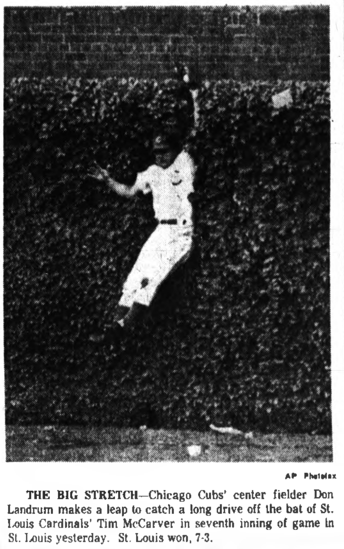
Wickersham Still Has Woes



AP Photofax

THE BIG STRETCH—Chicago Cubs' center fielder Don Landrum makes a leap to catch a long drive off the bat of St. Louis Cardinals' Tim McCarver in seventh inning of game in St. Louis yesterday. St. Louis won, 7-3.

But Bengals Beat Kaycee

Willie Horton Sparks 7-5 Victory Over A's

KANSAS CITY (AP)—Neither of the Detroit Tiger ace lefthanders, Hank Aguirre or Mickey Lolich, are on the American League All-Star team, but the real compassion must go to Dave Wickersham, the hard-luck right-hander.

Wickersham, who won 19 games for Detroit last year, was just one strike away from his first victory since April Friday night. Leading 5-3 in the ninth inning, he then gave up one run and left a man on second base.

* * *

Manager Charlie Dressen called in Fred Gladding to protect the one-run lead. He served up a single to Mike Hershberger, tying the game, before retiring the side.

That sent the game into extra innings. It didn't help Wickersham's record when the Tigers won it 7-5 in the tenth on Ray Oyler's bases-loaded single, also with two out. When the box score was printed it showed Fred Gladding (4-2) the winner. Wickersham remained at 1-8.

HORTON DOUBLES

In the tenth, a double by Willie Horton, a walk to Al Kaline and a single by Don Wert loaded the bases for Detroit. Oyler's game-winning hit followed, slammed off Kansas City relief ace John Wyatt.

The Tigers took a 2-0 lead in the first on an inside-the-park homer by Norm Cash with a man on. Horton put Detroit ahead 4-3 in the sixth with a 475-foot homer, his 20th of the season.

* * *

The other Tiger run came in the eighth when Horton walked, stole second and came home on a single by George Thomas.

Gridder Finds Ability Opens Door of Cell

PITTSBURGH (AP)—Robert Bullard walked out of jail a free man Friday because he's a pretty fair football player.

Theodore Botula, superintendent of the Allegheny County Workhouse, saw Bullard play and figured he had pro possibilities as a defensive player.

Botula contacted the Baltimore Colts of the National Football League. The Colts scouted Bullard and agreed to give him a tryout with their farm club at Harrisburg, Pa.

In releasing Bullard 16 months ahead of time, County Judge Joran L. Lewis said "If you don't make the team don't get into any trouble . . . Just come back to Pittsburgh and I'll find you a job."

Bullard, 23, of the city's Hill District, was doing three to six years for his part in a burglary. He is 5-foot-10, 185 pounds.

Day's, Dixie 9s Post Victories

Day's Sanitary led all the way but Dixie Bar had to rally for victories last night in the Waterford Township Men's Softball League at Drayton Plains park.

* * *

Bob Frasier's three-hit hurling and Dave Brown's slugging — single, inside-the-park solo homer, four runs accounted for — paced an 11-0 romp by Day's over Midget Bar.

The win was the 10th for Day's in 14 tries. Dixie Bar (7-6) climbed over .500 with an 8-5 triumph over Howe's Lanes.

The winners scored four runs in the last inning. Ray Jergovich slapped a two-run single to put Dixie ahead. He had three of its eight hits.

* * *

A makeup schedule tomorrow will have Lakeland Pharmacy meeting Midget Bar at 7 p.m. and Huron Bowl playing Bob and Larry's Bar at 8:30 p.m.

UP AND OVER — Olie Ellstrom, Jr., watches his chip shot head for the 6th green at Forest Lake where the club's 3rd Invitational is now in progress. Ellstrom and Ted Kondratko defeated Russ Downey and Al Johnson, 5 and 3 in the opening round of match play yesterday.

Lead at Lakepointe

Jim St. Germain and Dick Drager of Meadowbrook scored an easy 8 and 6 victory over Frank Brown and Chris Miel in the Lakepointe Invitational tournament.

St. Germain and Drager tourney medalists dropped in six birdies in their win.

Golfer Felled, Champs Ousted

Forest Lake Start Bloody

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

They're playing for blood in the 3rd annual Forest Lake Invitational golf tournament entering its second round of match play today.

The defending champions, Harry Nederlander and Gene Eyler not only fell along the wayside yesterday along with qualifying medalists Chuck Granader and Chuck Byrne, and several other top teams, but blood was actually spilled on the 15th tee at FLCC.

The victim, George Stark, playing with Oakland Hills partner Dave Cameron, was hit in the head with a golf ball.

He suffered a severe gash and was taken to St. Joseph Mercy hospital, where no concussion was found. However it required 10 stitches to close the wound.

He and Cameron had a 2-up lead at the time and substitute Dan Moses of Orchard Lake finished against Stan Koska and Harold Titus.

EVEN MATCH

Koska-Titus evened the match by winning the 15th and 16th holes but Cameron and Moses won the 17th and 18th to win it 2-up.

When Stark returned, the match was over and he was welcomed by pro Bob Gajda's bit of humor — a sign on the 15th reading "Casual Blood."

* * *

Gajda and Stark were basketball teammates at Central High in Detroit where Stark was an All-State player. The injured golfer said he would start in today's 2nd round match against Olie Ellstrom and Ted Kandratko.

Red Run team George Linklater and Dick Lurie gave defending champs Nederlander and Eyler a 4 and 3 beating, standing 4-under par at the time.

Linklater and Lurie will meet Mike and Pete Jackson in the top match today. Jackson and Jackson also of Red Run defeated Mike Kukes and Richard Kotiler of Franklin Hills, 1-up.

EX-CITY CHAMPS

Also an interesting match in the upper bracket of championship flight pits Bob Podlesak of Forest Lake and Frank Jarrard of Warwick Hills against ex-Pontiac city champs, Dick Robertson and Ed Wasik.

Robertson and Wasik were 3 and 2 winners over ex-Forest Lake champ Al Conner and Knobby Walsh of Indianwood.

Granader and Byrne of Birmingham CC were eliminated in the lower bracket by Ed Erickson and Ed Shurley of Grosse Ile, 5-4. The losers were the top qualifiers of the tournament with a 68 Thursday.

There were some interesting matches in other flights also.

* * *

John Panelli of Birmingham CC and Harry Hyvonen ousted Tom Draper and Barry Everett, 1-up.

Panelli noted that he had faced Draper in other invitational tournaments six times in the past and was the loser each time.

Waterford '9' Triumphs, 3-2

Bruce Mahalic's relief hurling carried Waterford to a 3-2 win over Southfield last night and left the two teams tied for first place in the American Legion District 18 race.

Mahalic relieved Joe Durso with the bases loaded and no one out in the fifth. He was touched for only one run over the last three innings. Dan Giroux and Jack McCloud paced the winner's offense with two hits each.

Waterford will be host to Walled Lake at 2 p.m. tomorrow on the Wisner Field diamond in a double-header.

NEW LION — Former University of Michigan end John Henderson signed a contract with the Detroit Lions yesterday. Henderson was the No. 3 draft choice of the Philadelphia Eagles and the Lions gave up a future draft choice for him. Detroit plans to give Henderson a try as a pass receiver and defensive back.

Golfers After Berths in Michigan Open

The drive for honors in the 1965 Michigan Open golf championship will open Monday morning when 152 players tee off at Spring Meadows Country Club near Linden in a battle for 71 berths in the Open field.

The Michigan Open will be held at the I.M.A. Brookwood Golf Club near Flint on July 30-31 and Aug. 1.

The 71 players who qualify Monday will join 121 exempt golfers for the 72-hole play at Brookwood.

Among the golfers trying for berths in the tourney are Mike Murphy of Pine Lake, Charles Zahm of Bald Mountain, Jerrod Almas of Bald Mountain, Troy Hornberger of Oakland Hills, Ted Stephens of Pine Lake, George Ferguson of Waterford Hills and Carl Rose of Carl's Golfland.

Win No. 10 by Bunning 5th in Row

By The Associated Press

For Jim Bunning and Chris Short, more victories now may mean less work later.

It was Bunning's turn to put that theory into practice Friday night as he joined teammate Short on the 10-victory plateau in Philadelphia's 10-2 triumph over San Francisco.

Bunning held the Giants hitless for 6⅓ innings and wound up with a five-hitter, winning his fifth straight game for a 10-5 record.

Elsewhere in the NL, Cincinnati climbed into first place again by defeating Milwaukee 6-2 while Pittsburgh stopped Los Angeles 4-1. St. Louis knocked off Chicago 7-3 and Houston trimmed New York 6-2.

The first hit off Bunning was Tom Haller's home run with one out in the seventh. Johnny Callison, meanwhile, drove in four runs with a three-run homer and a triple, and Cookie Rojas knocked in three with a double.

LEADS ATTACK

Vada Pinson drove in three Cincinnati runs, singling across one in the first and tripling home two in the eighth. John Edwards snapped a 2-2 tie for the Reds with a run-producing single in the sixth. Jim Maloney, 10-4, scattered nine hits, including Ed Mathews' two-run homer in the second.

The Dodgers dropped one-half game behind the Reds as Bob Veale stopped them on five hits. Veale, 9-6, held the Dodgers hitless until Wes Parker doubled with two out in the sixth. Pittsburgh's Robert Clemente extended his hitting streak to 19 straight games with a two-run homes and two singles.

The Cardinals downed the Cubs with the help of Tito Francona's tie-breaking three-run homer off Lindy McDaniel in the eighth inning. Tracy Stallard allowed Chicago only one hit until Ron Santo homered in the seventh. Mike Shannon doubled across two St. Louis runs in the ninth.

Pontiac Golfer in Publinx Play

Pontiac school teacher Mke Andonian is one of 11 Michigan golfers who will tee off Monday morning in the first qualifying round of the 40th Amateur Public Links Championship at North Park Golf Course in Pittsburgh, Pa.

Andonian, former Michigan amateur champion, and the other players in the 150-man field will play 18 holes Monday and 18 Tuesday.

The low 64 scorers after the 36 holes will move into the first of six rounds of match play on Wednesday. Defending champion in the event is William McDonald of Topeka, Kan.

Also at stake will be team championships, and representing Michigan will be Andonian, Raymond Cane of Detroit and Claude L. Dwight of Detroit. The team trophy will go to the squad with the lowest total for the 36-hole qualifying round.

OTHER GOLFERS

Other Michigan golfers in the field are Howard Slocum of Ann Arbor; George Williams of La-Salle; Gary M. Pageau of Livonia; Allan W. Thompson of Pleasant Ridge; and Detroiters Dr. Roy C. Smith, Robert Steelman, Lee Gohs and Dennis J. McInerney.

Will Complete Lady Carling

COLUMBUS, Ohio (AP) — The $10,000 Lady Carling Midwest Open shapes up as a test of endurance for the stars of women's golf.

Weather permitting, the 36 touring pros competing for the $1,500 top prize will go a stamina-testing 36 holes Sunday to wind up the scheduled 54-hole event at Walnut Hill Country Club. The opening round, washed out Friday, was rescheduled for today and the second 18 holes were doubled up with Sunday's final round.

Eagles Sign 3 Players

PHILADELPHIA (UPI)—The Philadelphia Eagles Friday announced the signings of All-Pro tackle Floyd Peters and veteran defensive ends Bobby Richards and George Tarasovic.

New Man With Navy

ANNAPOLIS, Md. (AP) — Capt. Alan R. Cameron relieved his former football teammate, Capt. William S. Busik, as director of athletics at the Naval Academy Friday.

Busik was left halfback and Cameron fullback on the 1941 team.

Hydros Tuned for 8th Race on Idaho Lake

COEUR D'ALENE, Idaho — (AP)—The high-pitched drone of unlimited hydroplanes dominated Lake Couer D'Alene as the field began taking shape for Sunday's eighth annual Diamond Cup Regatta.

Ten boats were in the pits Friday, with three and possibly five more expected to show for the race. Only two of the nation's top boats still have not checked in. Miss Exide, the defending champion, is expected in time to qualify, but Miss. U. S. V, third place winner in the season's first regatte, is expected to bypass the Diamond Cup.

Boats which have not raced previously this season must qualify at a speed of at least 100 miles an hour.

The Miss Bardahl could not get into the water Thursday because of a problem with a crane. The Miss Bardahl is one of the boats that must qualify.

Changes Lead to Win for Clipper 9

Lineup changes proved decisive Friday night as the R. T. Clippers upset Huron-Airway, 6-5, in a key Class A city baseball makeup game at Jaycee Park.

The loss dropped Huron-Airway, the defending city champion, from a second place tie; and the Clippers moved within a half game of third place.

The H-A nine lost a 5-0 lead as the winners scored six times in the final three innings, and four of those came with two out in the seventh.

Rich Miholek, a late pick up from the M. G. Collision team, and Rick Trudeau, just released by Talbott Lumber, delivered the key blows for the Clippers.

Trudeau singled with the bases loaded and two out to plate two runs, cutting the gap to 5-4. A wild relay throw following his hit enabled the tying run to score and sent Trudeau to third from where he scored the winning run on Miholek's single.

Manager Gene Cox inserted relief hurler John Billesdon into the game in the fourth and he picked up the win with three-hit hurling over the final four frames.

Huron-Airway starter Don Picmann left for a pinch hitter after allowing three hits and two unearned runs on the mound, and rapping two singles for three runs batted in during his five-inning stint.

JUNIOR PLAY

Fine pitching dominated junior league play yesterday.

Victor Quince held the Warriors hitless in a 16-1 romp by the Yankees in Class E; and Class F American Division no-hit efforts were pitched by the Moose's Rod Clancy (10-1 over the Yankees) and the Met Clubs Jim Kilgore (11-1 over St. Mike).

Safety Features to Be Standard on AMC Models

DETROIT (AP) — Several safety features will be standard equipment on American Motors Corp.'s 1966 models, AMC President Roy Abernathy said Friday.

A new laminated, shatter-resistant windshield will be included on all AMC models. The firm said it also will include the following optional equipment as standard items: padded instrument panel, padded visors, backup lights, outside rear view mirror, windshield washers and rear seat belts.

Earlier this week General Motors Corp. announced it would include six optional safety items as standard equipment on its 1966 model cars. Chrysler Corp. indicated it would follow suit.

$24,800 Loss in Novi

NOVI (AP) — A fire yesterday at the farm of Milo F. Measel killed 12 riding horses valued at $14,800. A $10,000 barn was destroyed in the blaze.

EMERGENCY VEHICLE — This special patrol-ambulance, built by GMC Truck & Coach Division, is one of eight now in service in Cleveland, Ohio. It is a half-ton panel truck complete with ambulance, riot and security equipment.

Clues Slender in Hunt for Train Robber Escapee

LONDON (UPI) — Scotland Yard followed up a half dozen slender clues today in hopes of tracing Ronald A. Biggs, the "great train robber" who escaped from a prison here Thursday with three "armed and dangerous" companions.

Scores of detectives scanned crowds at airports, railway stations and seaports without result.

Police located the garage where a truck used in the prison break was painted to resemble a post office vehicle and where a hole was cut in the top.

The man who did the work described a number of persons connected with the job.

Bond Prices Slightly Higher

NEW YORK (AP) — Prices improved slightly in the treasury, corporate and municipal bond markets during the past week.

U.S. Treasury bond prices advanced on balance for the week after showing slight declines at the beginning, following the Fourth of July weekend.

Treasury bond prices scored their advance without any special help from the Federal Reserve System, which was a heavy bond buyer the previous week. The system reported it made no bond purchases during the fiscal week ended Wednesday.

Of the 40 Treasury bond issues, 34 advanced in price last week and six were unchanged.

Bond volume on the New York Stock Exchange dropped sharply during the past week, partly because of the four-day week and partly because of greatly reduced daily volume.

Volume totaled a par value of $37.52 million, compared to $75.23 million the previous week.

Price advances outnumbered declines by 206 to 141. In the previous week declines outnumbered advances by 205 to 171.

During the past week 92 issues were unchanged in price.

Small Gains for Week on Stock Mart

NEW YORK (AP)—The stock market failed in this holiday-shortened week to follow through on last week's strong rally.

The market was closed Monday for observance of the Fourth of July.

* * *

Trading fell off sharply and the averages managed to post only small gains for the week.

Of 1,509 issues traded, 511 advanced and 800 declined. There were 115 new 1965 highs and 69 new lows.

VOLUME

Volume for the four-day week totaled 15,618,870 shares against 33,860,195 for the previous week and 25,594,771 a year earlier.

The Associated Press 60-stock average rose 2.6 for the week to 323.7. The Dow Jones Average of 30 industrials gained 4.23 for the week to 879.49.

* * *

On Wednesday, the market dragged through its most lethargic session in nearly two years. Volume fell to 3.03 million shares, lowest since 2.94 million shares changed hands Aug. 2, 1963. Another small loss was registered.

The market showed its only spark of the week on Thursday, when it pulled out of the doldrums with a sudden sharp rally in late trading.

MILD GAIN

On Friday the market tried to extend the rally of the previous day but was able to show only a mild gain.

The five most active stocks this week on the New York Stock Exchange were:

* * *

Polaroid, up 5⅛ at 65 on 306,800 shares; Fairchild Camera, up 5 at 47; Control Data, up ⅞ at 39; General Motors, off 1 at 97⅛; and Chrysler, off 1 at 46⅜.

Reflections

UNDERSTAND LIFE

Marie Curie said, "Nothing in life is to be feared. It is only to be understood." Madame Curie became famous with that thought; you and I may never be famous but we can be informed.

Charles Steinmetz never feared the unknown gave us among many things electric lights from generators many miles distant. We send satelites into space to discover an unknown, take photographs of the moon. Tomatoes, once thought to be poison, are harvested by the millions of tons — because someone had the audacity to "not believe the myth." Our pharmacopoeia is replete with medicine once considered lethal.

We refuse to subscribe to some new philosophy — until we understand it. When we understand it we heartily endorse it. Understand and you will light a candle to dispel darkness.

Little Change in Prices on Hog Market

CHICAGO (AP) — Day-to-day prices in the butcher hog market were little changed this week, although it showed nothing of a firming trend.

After starting with a peak of $25.50 Tuesday, prices never topped above $25.25 thereafter and some days that was paid very sparingly. However, the supply was rather liberal each day and for the four trading days of the week the offerings amounted to 22,000 head, equal to the total for five days last week.

* * *

The week's average price was estimated at $24.40, compared with $24.26 last week, when the top for a single day reached $25.75.

The cattle supply for the holiday week fell short of the previous week's total by more than 3,000 head but slaughter steers were 25 to 50 cents lower. Mixed high choice and prime showed the extreme decline. On Friday, prime grade went at $28.75, compared with $29.25 on Tuesday, the week's high. A week ago, they topped at $29.75.

* * *

In the sheep market, spring slaughter lambs sold as much as $1 a hundredweight higher, largely because of a considerably curtailed supply.

News in Brief

Tight Security on Stamp Aimed at Preventing a Printing Error

WASHINGTON (AP) — The tightest security money can buy has been ordered to ensure that nobody makes a killing on an intricate commemorative stamp to be issued next month.

Electric eyes, mechanical fingers and keen-eyed human beings are on guard against a repetition of the "Dag Hammarskjold stamp crisis" of 1962. A printing error then made some stamps potentially valuable to collectors.

* * *

The vivid, tricolored Florida quadricentennial now being printed goes on sale Aug. 28. For the Bureau of Engraving and Printing and the Post Office Department, it's a philatelic first.

Never before has a stamp required three separate passes through the big Giori presses in order to complete the design. Because of the layout and colors of the Florida stamps, three sets of engraved plates — and three press runs — will be required.

This increases the possibility of error and has the skilled government printers on their toes.

One of the monumental stamp controversies of all time blew up around former Postmaster General J. Edward Day in the fall of 1962. Four sheets of Hammarskjold commemoratives came off the presses with their yellow field upside down.

* * *

When Day learned that some collectors were about to cash in on the error — the department's first stamp error since 1918 — he ordered several more million inverts printed, thus washing out the value of the original few. Day earned the undying enmity of many stamp hobbyists.

* * *

With that lesson in mind, the Bureau of Engraving and Printing has trimmed off the lower corner of every pregummed sheet before the press run. Thus printers may tell at a glance at the pile whether any sheets are upside down.

* * *

Should their eyes deceive them, a sensitive electronic "finger" glides along the trimmed corner of the stack as the sheets are fed into the press. If it meets a protuding, untrimmed corner, the press jerks to a stop while printers check for an upside down sheet.

Good Crop Outlook Brings Out 'Bears'

CHICAGO (AP)—The outlook for production of major crops improved almost daily this week and imparted a generally bearish influence to the grain futures market.

Nearly all commodities were under selling pressure most of the time and finished with small to broad losses on the board of trade. The only net gainer was the July new standard grade wheat and it was up only a minimum fraction.

* * *

At the end of the week, soybeans were 1¾-6¼ cents a bushel lower than a week ago, July $2.87-87¾; new standard grade wheat ⅛ higher to ⅜ lower, July $1.42¾-5; corn 1½-2½ lower, July $1.28⅞; oats ¼-⅞ lower, July 67¼ cents; rye ⅞ to 1 cent lower, July $1.28⅞; oats ⅛-⅞ lower, July 67¼ cents; rye ⅞ to 1 cent lower, July $1.10⅝.

Release Man Who Took Shot at Hoffa

NASHVILLE, Tenn. (AP) — Warren Paul Swanson, who fired a pellet gun at Teamsters President James Hoffa during his 1962 trial here, has been released from the Federal Medical Center in Springfield, Mo.

* * *

The U.S. District Court clerk's office said it has been notified Swanson "expects to reside with an aunt" in Lexington, Neb.

Hoffa, on trial in 1962 on a conspiracy charge, was not injured in the shooting, which occurred in the federal courtroom. He helped subdue Swanson.

2 Hearings Are Set in Waterford

Public hearings on two proposed special assessment districts are slated for Monday night's meeting of the Waterford Township Board.

* * *

A 7:30 p.m. hearing is set for the proposed Cass Lake Road sidewalk improvement project and an 8 p.m. hearing is scheduled on the blacktopping of Indianview.

In other business Monday, the board will take final action on the Lakeland Estates No. 1 plat.

The plat of a 58 lot development in the area of Eagle and Woodhull lakes was approved by the Township Planning Commission last Tuesday and referred to the Township Board for final disposition.

* * *

Also slated for board attention is a request from Emaleen Hewitt for a beer and wine license at 5177 Cass Elizabeth.

Another request, from Harry Cicotte, is for a pool hall permit at 4293 Windiate.

Pair Arraigned in Break-Ins

An unemployed blonde model and her boyfriend were arraigned yesterday on charges resulting from two weekend break-ins in Bloomfield Township.

Nancy Gillespie, 24, and Richard Rich, 23, both of Royal Oak, stood mute at their arraignments before Justice of the Peace Mrs. Alice Gilbert.

Bloomfield Township police allege that the pair stole more than $2,500 worth of goods from two homes during the July 4 weekend.

They said the loot taken from the George Jones home at 992 Dowling and the Donald Brownlee home at 656 E. Square Lake included two television sets, a mink cape and jewelry.

* * *

Rich and Miss Gillespie are being held in the Oakland County jail on $5,000 bonds pending preliminary examination July 15.

June Building Shows Rise in Waterford

Building construction in Waterford Township last month was higher than June 1964, according to Richard Lawson, township building inspector.

* * *

Lawson reported that 156 building permits were issued last month for construction valued at $1,359,798. This compares with 149 building permits for construction valued at $1,325,297 in June 1964.

Total valuation for the first six-month period in 1964 was almost $400,000 more than the corresponding period this year — $5,884,023.50 against $5,490,535.

Thirty-four permits were issued for new family dwellings in June 1965 for construction valued at $639,873 compared with 45 and $725,285 in 1964.

* * *

Five new commercial building permits were granted last month for construction valued at $516,200, including an estimated $410,000 apartment building on Watkins Lake Road between Scott Lake and Covert roads.

Senate Passes Health Care Bill, Social Security Raise

WASHINGTON (AP) — The Senate and House now have approved an historic program of broad protection against medical costs for 19 million older Americans and boosting all Social Security checks.

The Senate passage by a 68-21 vote late yesterday sent the legislation to conference with the House. That branch approved its version 313 to 115 April 8. Now the differences must be adjusted.

Democratic leaders said today they hoped the conference could begin next Wednesday and that final agreement could be reached on the measure by the end of the week.

But the long battle to enact a medicare bill, as it is often called, ended in effect with the Senate vote since both versions contain the same essential features. These include:

★ ★ ★

- A basic health plan financed under Social Security covering hospital stays, posthospital nursing home care, outpatient hospital diagnostic services, and home health visits for persons 65 or over.

★ ★ ★

- A voluntary, supplemental insurance plan covering doctors' fees for services at home, in the office or the hospital, as well as other services not included in the basic plan. The premium would be $3 a month.
- A seven per cent increase retroactive to Jan. 1, in all present Social Security benefits for retired persons, families and disabled persons.

The estimated $7-billion approximate yearly cost of the programs would be largely financed through increased Social Security taxes on both employers and employes. The programs would start next year.

The higher Social Security payments will go to 20 million beneficiaries now on the rolls. About 19 million Americans are 65 or over and qualify for the health plan.

At his Texas ranch, President Johnson said, "This is a great day for older Americans. And it's a great day for America.

END TO FEAR

"Older citizens will no longer have to fear that illness will

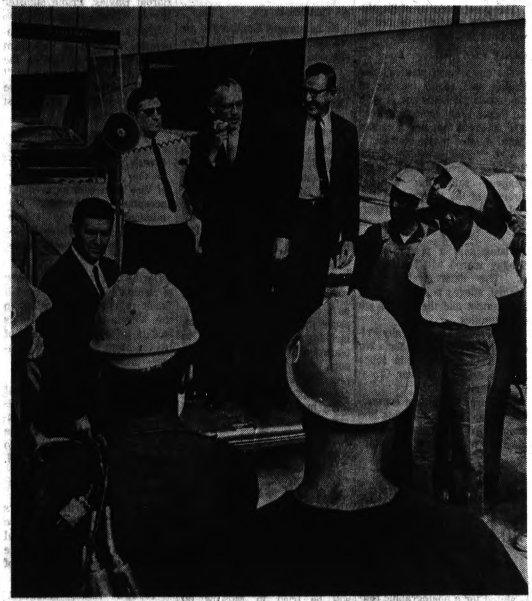
2 Area Traffic Accidents Claim 4 Lives



ON-THE-JOB SPEAKERS—Pontiac Area United Fund campaign leaders and labor officials speak to more than 200 union employes at the construction site of the new Pontiac Motor division warehouse at Joslyn and Columbia. On the back of the car are (from left) Arthur Heaton, director of the United Fund-CIO Community Service; Thomas Dorais, labor relations, Pontiac Motors; and James Dickerson, vice president, Community National Bank, and chairman of the UF Commercial division.

UF Tests Early Start in Building Trades

The Pontiac Area United Fund solicitation of building trades and construction workers has begun in advance of the annual UF drive in October.

The pilot effort to reach this group in the season of peak employment will be conducted during the next four weeks, according to James Dickerson, vice president of the Community Bank and chairman of the UF Commercial Division.

Some 20 construction firms and local contractors will be participating in the program.

Steve Kruchko, president of the Kruchko Plumbing and Heating Co., and Richard Kirby, business representative, Detroit Building Trades Council, head the United Fund Building Trades Advisory Committee.

Other members of the committee are Fred Poole, Poole Hardware; Robert Ryan, Michigan United Fund labor staff representative; and Donald LaMarbe, business representative, Oakland County Bricklayers Local 29.

★ ★ ★

Also attending the kickoff rally were: Thomas Dorais, labor relations, Pontiac Motor Division; Fred Haggard, president, Oakland County AFL-CIO Labor Council; Grandy Pinner financial secretary of Carpenters Local 998; George Brown, business representative, Painters Local 430; Donald Frey, executive director, Pontiac Area United Fund; and Arthur Heaton, director PAUF — AFL-CIO Community service.

★ ★ ★

Employes were asked to pledge one day's pay as their fair-share contribution toward the 55 community agencies supported by the drive.

Greek Queen Has Baby Girl

First Child Is Born to Young Royal Pair

CORFU, Greece (AP) — Joy swept Greece today as the world's youngest queen, 18-year-old Anne-Marie, gave birth to her first child, a girl weighing 9 pounds, 11 ounces.

A 21-gun salute and pealing church bells announced that the throne of Greece had an heir. Radio Athens broadcast the news throughout the nation.

King Constantine, the 25-year-old father, was with his Danish-born wife as the baby was delivered in a specially prepared room in the summer palace on the Ionian island of Corfu.

Immediately after the birth at about 7 a.m., Constantine telephoned Premier George Papandreaou in Athens. Then he announced the news to a crowd which had gathered outside during the night.

★ ★ ★

As the jubilant young monarch hastened to the gates, the sun came out of a mist. The king, dressed in an open-neck shirt and slacks, was grinning broadly.

'IT'S A GIRL'

"It's a girl! And she weighs 4 kilos and 400 grams," he said.

Also present during the birth were Anne-Marie's mother, Queen Ingrid of Denmark, Constantine's mother, Queen Mother Frederika, and Crown Princess Irene, Constantine's sister.

The royal infant automatically became first in line of succession to the throne, replacing Crown Princess Irene. However, the new heir will be superseded, if a son is born to the couple.

State Economy Is Growing at Record Pace

Romney Cites Factors, Including New Firms and Plant Expansion

GAYLORD (AP) — Plant expansions, new industries, diversification and a tendency for industries to stay in Michigan are moving the state toward another year of record economic growth, Gov. George Romney said yesterday.

Romney, speaking at ceremonies marking the opening of a U.S. Plywood facility here, said plant expansion totaling $881.6 million was recorded in the first six months of the year, more than half of the 1964 total of $1.6 billion.

We started the third quarter of the year with an announced $100 million expansion by the White Pines division of Copper Range Co. in the Upper Peninsula," Romney said. "This brings us close to the $1 billion level — which we didn't reach until Sept. 1 in 1964."

Citing the fact that no industries have moved from Michigan in 1965, Romney said, "we apparently have crossed the embarrasing bridge when firms were moving out of Michigan to locate in other states."

Romney said two new tools are needed to keep the state's economic climate progressing: more foreign trade and fiscal reform.

County Farms Quarantined Due to Beetle

Due to the cereal leaf beetle, all of Oakland and surrounding counties were placed under agricultural quarantine yesterday by the State Agriculture Commission.

Rose Township was placed under quarantine last week and Lyon Township has been under the state restrictions since last July.

The quarantine means that small grains, corn, hay, fodder, forage crop seed, straw, sod, plant litter and used harvesting machinery cannot be transported to nonquarantined areas without inspection certificates issued by Michigan Department of Agriculture field men.

Other counties placed under the quarantine yesterday included Wayne, Macomb, Washtenaw and Lapeer and all of the Thumb area counties.

★ ★ ★

This brings to a total of 45 the Lower Michigan counties in which state field men have found specimens of the cereal leaf beetle, a tiny insect which feeds on the leaves of oats, wheat, corn and other grains.

BUG HAS SPREAD

First discovered in southwestern Michigan in 1962, the European insect has gradually spread throughout the lower half of the state, despite extensive spray programs conducted by the Department of Agriculture.

Yanks Down 2 MIGs Deep in N. Viet Nam

SAIGON, South Viet Nam (AP) — U.S. Phantom jets bagged two Communists MIGs while other American planes flew their deepest bombing mission in North Viet Nam today, U.S. military officials reported.

The Phantoms downed the enemy planes—identified as Korean War vintage MIG17s — 40 miles south of Hanoi while U.S. Air Force planes destroyed two bridges and five buildings at an ammunition depot 85 miles northwest of Hanoi, a U.S. spokesman said.

It brought the number of MIG kills in the air war to five.

U.S. Navy Phantom pets, armed with heat-seeking air-to-air missiles, shot down two Communist MIGs near Thanh Hoa about 90 miles south of Hanoi on June 17, and three days later four propeller-driven U.S. Navy Skyraiders shot down one of two attacking MIGs in a five-minute battle 60 miles south of Hanoi.

In announcing the new bags, the U.S. spokesman said the nationality of the two MIG fighters was not determined but they were presumed to be North Vietnamese.

★ ★ ★

The U.S. spokesman said the Phantoms were on "combat air patrol" in support of the day's air strikes on northern installations.

NO OTHER DETAILS

He said there were no other details of the air clash.

Four other U.S. Air Force F105 jets dropped 750,000 leaflets over Nam Dinh, 40 miles southwest of Hanoi, informants said.

Government naval junk forces were active off the coast of South Viet Nam. A U.S. spokesman said a junk unit captured a Viet Cong junk loaded with

Pleasant Sunday Forecast for Area

A pleasant Sunday is in store for Pontiac area residents.

The weatherman promises fair and cool tonight with lows near 50 to 58. Tomorrow will be sunny and a little warmer, the high heading for 76 to 82.

A low of 56 was recorded in downtown Pontiac at 6 a.m. The mercury had clombed to 77 by 1 p.m.

Crashes Leave 3 Children, Couple Injured

Collisions Occur at Intersections in City, White Lake Township

Traffic accidents early today claimed the lives of four persons, three of them in a head-on collision in Pontiac. Among those killed was a young couple, the parents of three children.

The dead are Albert Rose, and his wife Erma, both 32, of 4334 Green Lake, West Bloomfield Township; Tor-Olav Hegland, 21, of 6058 Cramlane, Independence Township; and Mrs. Gloria D. Hawkins, 36, of 3300 Elizabeth Lake, Waterford Township.

All were dead on arrival at Pontiac General Hospital.

Five others were injured in the crashes, including the Rose children, one of them critically.

★ ★ ★

The Roses and Hegland were killed shortly before 2 a.m. when their cars smashed head-on on Mount Clemens at Stirling.

AUTOS COLLIDE

Mrs. Hawkins was killed at 12:40 a.m. when her car collided with another at Highland and Pontiac Lake roads in White Lake Township.

The other driver, Jessie Lee Pruitt, 19, of 1275 Basch, Highland Township, was admitted to the hospital. He is in satisfactory condition with facial lacerations and a fractured leg. His wife, Patricia, 17, was treated and released.

Pontiac police said that Hegland drove his car left of the center lane.

SKULL FRACTURE

In critical condition is the Roses' 2-year-old daughter, April. She suffered a skull fracture and a fracture elbow.

Their two sons, John, 7, and Robert, 6, are listed in satisfactory condition. John suffered a concussion and a fractured arm, and Robert, facial lacerations.

Voting Bill Gets House Approval

WASHINGTON (AP) — A tough voting rights bill aimed at clearing the way to the polls for Negroes in the South has won solid House approval, but still faces obstacles.

★ ★ ★

The House, after a stirring appeal by one of its Southern members for support of the bill, passed it by an overwhelming 333-85 vote last night, setting up a clash with the Senate over poll taxes.

The differences in the two versions now must be reconciled in a Senate-House conference.

Twenty-three members from the states of the old Confederacy voted for the bill, which aims a heavy blow at Southern centers of resistance to Negro voting.

★ ★ ★

Under both the House and Senate versions, literacy tests would be suspended in Alabama, Mississippi, Louisiana, Georgia, South Carolina, Virginia and parts of North Carolina, and federal registrars could be used to sign up Negroes to vote.

WOULD APPLY

It would apply to those states because less than 50 per cent of their adult populations voted or were registered in the 1964 elections.

The bills part company over poll taxes, however. The House bill would outlaw them, a step the Senate refused to take, with the administration leading the fight against such a move.

Now the two versions will have to be reconciled before a bill can be enacted.

★ ★ ★

In nailing down a big victory for the administration, the House mowed under a Republican substitute backed by the House GOP leadership.

21 REPUBLICANS

The vote was 248 to 171 against it, with 21 Republicans joining 227 Democrats to help defeat it. Fifty-six Democrats and 115 Republicans voted for it.

The voting came after four days of debate and exhortation that reached an emotional climax when Rep. Hale Boggs of Louisiana, the assistant Democratic leader, pleaded for support of the administration bill over the milder GOP version.

Boggs said, "I love my state. I love the South with every part of me, and I love my country." He said a belief in the fundamental right of every American to vote prompted him to call for passage of the bill — "drastic though it may be."

MOUSE THAT ROARED—This 7-foot-long rat snake has had things pretty much its own way since it was purchased by a Hagerstown, Md., snake enthusiast, five years ago. Once every three weeks it would get a live mouse to eat. However, a month ago the worm (or mouse) turned. "Spunky" entered the snake's life. So much did the mouse like its new surroundings that it built a home there. Now mouse and snake share one cage, and the snake is back eating chicken eggs.

Caution Seen for Ethics Unit

WASHINGTON (AP) — Members of the Senate's new bipartisan Committee on Standards and Conduct indicated today they will proceed cautiously in their task of policing senatorial ethics.

Although the Senate voted to establish the committee nearly a year ago in the midst of the furor over the Bobby Baker case, it was only Friday that Vice President Hubert H. Humphrey announced appointments to it. Senate leaders had agreed to hold up naming the committee until after the Baker investigation was completed.

* * *

The Democratic members are Sens. John Stennis of Mississippi, A. S. Mike Monroney of Oklahoma, and Eugene J. McCarthy of Minnesota. The three Republicans are Wallace F. Bennett of Utah, John Sherman Cooper of Kentucky, and James B. Pearson of Kansas.

No date has been set for an organization meeting of the committee to elect a chairman and vice chairman.

BROAD POWERS

Under the resolution creating it, it has broad powers to receive complaints and investigate allegations of improper or illegal conduct by senators and officers and employes of the Senate.

It also is directed to recommend disciplinary action to the Senate when it finds misconduct and to report any violations of law to federal and state authorities.

* * *

Another responsibility of the committee is to propose any measures it deems necessary to insure proper standards of conduct by senators and Senate employes — a field that may engage its attention first rather than the launching of any new investigation.

* * *

"We are going into unplowed ground and uncharted courses in some ways," Stennis told newsmen in predicting the committee would proceed slowly and carefully.

Health Care Bill Approved

wipe out their savings, eat up their income, and destroy lifelong hope of dignity and independence." He said it was another stone in an enduring monument of the greatness of the late President John F. Kennedy, who also pushed for its passage.

Many senators said they regarded the bill as the most important they had voted on or expect to vote on in their careers.

The Senate adopted more than 100 amendments to the bill as it came from the House, increasing the first-year benefits total to about $7.5 billion compared with $6 billion when it left the House.

* * *

But Senate managers of the bill said privately many of these amendments would be dropped in conference. They said there was no question that a final product fully acceptable to President Johnson would be worked out.

HIGHER TAX RATE

As the final amendment, the managers of the bill presented a new scale of slightly higher tax rates to take care of the increases in benefits voted by the Senate.

Plane Skids; 79 Are Safe

TIJUANA, Mexico (AP) — All 79 persons aboard escaped injury when an airliner skidded for approximately half a mile on its belly when its landing gear failed during an emergency landing.

Aeronaves de Mexico reported that its Flight 171 from Tijuana to Mexico City was called back Friday after the crew had trouble raising the landing gear.

Witnesses said the main landing gear collapsed after the plane touched down on the runway. The airliner had circled the Tijuana-San Diego area for about three hours to use up fuel.

Teamsters OK Pact, End Strike in Detroit

DETROIT (AP) — A three-week strike against the Detroit Independent Slaughterers and Wholesalers Association ended Friday when members of Teamsters Local 337 voted 74-43 to accept an expanded wage offer.

* * *

Union members agreed to a 35-cent per hour increase in a three-year contract span, rather than the originally proposed 40-cent raise during a 3½-year pact.

* * *

The agreement put 45 of the city's meat suppliers back in business. Other wholesalers supplied retail stores during the walkout.

LAST LAP — The end of many years' association led to this almost tearful parting between Eldon M. (Curly) Blocker, foreman of the Roeding Park Zoo in Fresno, Calif., and Tehrana, one of the zoo's camels. Curly has retired after almost 20 years as zoo keeper and foreman of the big managerie.

Mother Accused of Kidnap Is in England With Her Son

LONDON (AP)—A red-haired young English mother sought in Michigan on a kidnaping charge in the disappearance of her 2-year-old son has arrived in Britain with the boy, the Daily Mirror reported today.

The newspaper said Mrs. Diane Judith Nauyokas, 25, estranged wife of an American airman stationed in Britain, landed at London Airport yesterday with her son, Richard.

* * *

Earlier in the day the Macomb County prosecutor's office in Michigan issued a warrant against Mrs. Nauyokas. Authorities said Mrs. Nauyokas took the boy from the home of her husband's parents in Mount Clemens Thursday and failed to bring him back.

Mrs. Nauyokas and her son arrived in London aboard a nighttime flight from Canada, said the Daily Mirror. It said she arrived to take Richard for his usual morning walk on Thursday but instead smuggled him by cab and coach across the Canadian border.

TWO HOURS

For two hours they hid in the women's rest room at the airport in Windsor, Ont., it added.

At 4:30 p.m. Thursday, the mother and child took off from Windsor for the two-hour flight to Toronto. There they caught another plane which took off for London.

* * *

Mrs. Nauyokas claims her husband, Richard, 23, grabbed their child from his home in Lincolnshire, England, and took him secretly to Detroit. She had the child made a ward of the English courts which ordered the husband to return the child.

Then Mrs. Nauyokas flew to the United States. She found a divorce petition awaiting her—and a temporary court order giving temporary custody of the child to her parents-in-law. Her husband had flown back to his base at Alconbury, Huntingdonshire, England.

* * *

Mrs. Nauyokas said she persuaded his parents to let her stay at their home. But two weeks later they told her to leave, she said.

Plane Crash Story Spurs Bomb Theory

100 MILE HOUSE, B.C. (AP) — "The plane was flying normally. Then there was this awful blast, a boom, and we could see it sort of split apart."

Tom Shaylor, 50, Friday described Thursday's crash of a Canadian Airlines plane in which all 52 persons aboard died.

His account, and that of John Hyra, 25, a sawmill watchman who was with him, led to speculation the four engine DC6B was blown apart by a bomb.

A senior officer of the Royal Canadian Mounted Police said police were investigating that possibility. A spokesman for the airline said it was too early to reach a conclusion.

STRAIGHT DOWN

The main cabin was found intact, a half mile from the tail section. Both appeared to have plummeted straight down, cutting no swath through 70-foot-high trees.

The airliner was en route to Whitehorse, Yukon Territory, from Vancouver, B.C. All of the crew and most of the passengers were Canadians.

The pilot, Capt. John Alfred Steele, 41, of North Vancouver, B.C., radioed about 15 minutes before the crash that he was changing course to avoid turbulence.

Freak Accident With Train Costs Family Car, Dog

A family's car was demolished and their dog killed in a freak car-train accident in Bloomfield Township about 6:40 a.m. today.

Bloomfield Township police said Mr. and Mrs. Albert O. Roberts, 3670 Larkwood, Bloomfield Township, and their three children were starting on a vacation, going north on Opdyke, when the warning flasher at Kensington and the railroad tracks apparently panicked Mrs. Roberts, who was driving.

Police said the car's engine then stalled. Roberts tried to start it and ordered everyone out of the car. The family dog balked at jumping over the seat and escaping out the front door.

The Roberts family had to stand back while the '65 station wagon, loaded with vacation luggage and with the dog trapped inside, was hit and strewn along the tracks.

* * *

The engineer, Thomas Kruies of Detroit, told police he was going between 50 and 60 miles per hour and couldn't stop.

The family was about a mile from home.

three and one-half tons of rice and Communist documents about 290 miles northeast of Saigon.

The junk was spotted about 35 miles north of Qui Nhon in an area strongly controlled by the Viet Cong. The junk reportedly headed for shore and tried to evade the coastal patrol boats.

FIRE EXCHANGE

Five men reportedly jumped out and began firing at the government junk which fired back. Three Viet Cong were reported killed and two wounded.

American sources reported that as many as 100 Vietnamese civilians were killed when caught in the fire of battle of An He Island yesterday.

This estimated toll far exceeded the official count of casualties among combatants.

The clash began early yesterday when Viet Cong raiders overran a Vietnamese naval headquarters on the island 345 miles northeast of Saigon. The guerrillas killed 16 Vietnamese sailors, six militiamen and two U.S. Navy advisers.

Copters Join in Search for Kidnaped Girl

KANSAS CITY, Mo. (AP) — Six helicopters joined the search today for 9-year-old Denise Clinton who was kidnaped from a motel early Thursday by a bandit.

On the ground, a small army of volunteers and officers resumed ~~their foot-by-foot sweeps~~ over the rural terrain at the north edge of the city.

* * *

Hope dimmed for the safety of the girl.

The FBI issued a pickup order for Robert Lee Hays, 32, a former mental patient, on an old federal warrant charging unlawful flight to avoid prosecution.

RESEMBLED ABDUCTOR

A picture of Hays was described by the girls' grandparents, Mr. and Mrs. Chelcie Reynolds, as resembling the man who robbed them of $256 at the Great Plains Motel and then carried away the sleeping child. Denise had been visiting her grandparents, who manage the motel.

Karl Dissly of the FBI said Hays had not been officially connected with the kidnaping. The federal warrant was issued in February after the robbery of a laundry in Topeka, Kan.

* * *

Hays was released in 1958 after treatment in the state hospitals at St. Joseph and Nevada, Mo.

In 1961 he was identified as the man who broke into nine Kansas City apartments.

Lull Is Tense in Bogalusa

Both Sides Agree to Halt Demonstrations

BOGALUSA, La. (AP) — Militants on both sides poised in a tense lull in the civil rights fight today while lawyers carried on a legal skirmish.

Demonstrations were suspended — through today, at least — in response to urgent pleas from Gov. John J. McKeithen and Bogalusa Mayor Jesse H. Cutrer Jr. The governor blamed the uproar on small minorities of both races which he said are determined to head into "chaos and violence."

* * *

At New Orleans, 65 miles to the south, U.S. Dist. Judge Herbert W. Christenberry schedule a hearing today on the city of Bogalusa's petition for a court order forbidding demonstrations for an indefinite time.

The great majority of Bogalusa's 22,000 residents seemed to welcome the respite.

CAN'T CONTROL

The city's court petition, filed Friday said racial tensions in this southeast Louisiana area, a Ku Klux Klan stronghold, are now so great that police cannot guard against major violence.

A. Z. Young, president of the Bogalusa Civic and Voters League, said the national director of the Congress of Racial Equality, James Farmer, will be on hand Sunday.

* * *

Young said a permit for a Sunday march will be requested. The demonstrations are against alleged police brutality, segregation and the lack of job opportunities.

Segregationists, at a rally Friday night, heard a call for a Ku Klux Klan gathering in robes and hoods July 17 near Crossroads, Miss.

The rural Mississippi community is just across the state line from Pearl River, La., located about 40 miles south of Bogalusa.

Mariner 4 Speeds to Date With Mars

PASADENA, Calif. (AP) — The U.S. spacecraft Mariner 4 — slated for a photographic rendezvous with Mars next Wednesday — was speeding toward that appointment today at 9,870 miles per hour.

Four days from now, the space vehicle is scheduled to intercept the planet's orbit around the sun and snap up to 21 close-up photographs.

The Jet Propulsion Laboratory reported that the space voyager was 130,036,000 miles from earth at 6 p.m. Friday and 1,187,572 miles from mars. The photographic fly-by will be within 6,000 miles of the planet.

Livonia Educator Gets Covington Principalship

BIRMINGHAM — George G. Dexter of Livonia has been appointed principal of Covington Junior High, which is scheduled to open in September 1966.

With his appointment effective Sept. 1, 1965, Dexter will have a full year to plan and organize operations for the new school.

The building now is under construction at the corner of Quarton and Covington.

Dexter, 42, has spent the last year working on his doctorate in education at Wayne State University. He plans to complete requirements for the degree during the next school year.

* * *

A native of Lansing, Dexter earned his bachelor's and master's degrees from Michigan State University.

AS TEACHER

He has taught English and social studies in both East Lansing and Highland Park, Ill.

In 1956, Dexter was appointed assistant principal of Union Junior High School in Redford and he served as principal of the unit from 1958 to 1963.

Before beginning his studies at WSU, Dexter was curriculum coordinator for the Wayne Community Schools.

* * *

Dexter has been assistant director of the Metropolitan Detroit Bureau of School Studies since 1964.

WORKED ON PROJECTS

The new principal has worked on a number of projects to improve the quality of education, including a pilot program in team teaching, a study of drop-outs, a developmental reading program and in-service educational programs.

His memberships include the national and Michigan associations of curriculum development and the national and state associations of secondary school principals.

N. Viets Again Reject Parley

British Left-Winger Is Welcomed to Hanoi

TOKYO (UPI) — Communist North Viet Nam today reiterated its rejection of a British Commonwealth peace mission despite a welcome to Hanoi for Harold Davies, Prime Minister Harold Wilson's special envoy.

"The government of the Democratic Republic of Viet Nam does not agree to receive the so-called peace bid mission," the official North Vietnamese news agency said in a broadcast monitored here.

"All rumors tending to associate the current visit of British M.P. Harold Davies to the Democratic Republic of Viet Nam with an eventual acceptance of the peace bid mission headed by Prime Minister Harold Wilson is entirely groundless and ill-intentioned."

Davies is a left-wing member of Britain's Labor party and a junior minister for pensions in the Wilson government. He is said to be a personal friend of Ho Chi Minh, the North Vietnamese president.

* * *

North Viet Nam reported that Davies arrived in Hanoi Thursday and was welcomed by Communist officials as "one of the many British personalities who have protested against the U.S. agressive policy in Viet Nam.

USEFUL INFORMATION

In London, British leaders hoped that Davies would be able to report back with useful information on Hanoi's attitude toward a peaceful settlement of the Viet Nam fighting.

Today's Hanoi broadcast was but another Communist roadblock in the path of the British attempt to send a delegation of Commonwealth ministers to North Viet Nam, the Soviet Union, Communist China, South Viet Nam and the United States for a kind of round-robbin peace conference.

Hanoi rejected the idea when it was first proposed last month.

So did Communist China and the Soviet Union. Only the United States and South Viet Nam welcomed the proposal.

Russia Charges British Teacher With Subversion

MOSCO W(AP) — The Soviet Union announced today that British teacher Gerald Brooke will be tried in Moscow on charges of "conducting subversive anti-Soviet activities on the territory of the U.S.S.R."

The announcement by the Soviet news agency Tass was the first mention of Brooke in the Soviet press since he was arrested April 25.

* * *

The brief announcement gave no trial date, nor did it spell out the alleged subversive activities involved. It is believed that Brooke will be charged with handing out anti-Soviet literature.

Big Projects Sap City on Street Repair

By L. GARY THORNE

Much like an acid that slowly eats away metal, new major street projects in Pontiac are eating up city funds that could go for street reconstruction.

The new projects sap the city's financial ability to improve badly decayed local streets, forcing the city to fall farther behind on annual resurfacing programs, say city officials.

Major street projects have soaked up what gas and weight tax funds are available. The city's share of Wide Track construction ran $700,000, M59 freeway construction will cost the city $500,000 and Square Lake Road work another $113,000.

City Engineer Joseph E. Neipling said that these three projects alone ($1.4 million) total about 4½ years of major street gas and weight tax monies. Thus the city must make use of the time payment plan.

Street paving and resurfacing funds come from two main sources, the capital improvement fund and the city's share of gas and weight tax monies. The latter funds come from the state as a rebate. Gas and weight tax monies are returned to the city in designated lump sums.

EARMARKED

For example, some monies are earmarked to be spent on local streets, while other funds must go for improvements to major thoroughfares and state trunklines.

Of course, there is a third source for street construction funds — the property owner. Abutting property owners to street projects pay on a per-front-foot basis.

Current special assessment rates, which date back to 1958, average $7.30 per front foot on local streets and about $8 per front foot on major streets, according to Neipling.

[redacted]

* * *

Neipling said there is a trend toward the property owner paying less of the total cost with the city picking up a bigger share. This poses some problems, he added.

GETTING SMALLER

While the property owner's share is getting smaller in relation to the total street improvement bill, construction and maintenance costs are climbing. Also, gas and weight tax revenues are no longer sufficient as they were in years past to cover the difference.

Supplementary funds must come from the city's general fund or capital improvement fund.

Thus, Neipling contends the property owner should be picking up a bigger share of street improvement costs. Otherwise, the city is left each year with less funds for street projects.

* * *

Neipling supports his contention with a comparison of maintenance costs. This year the city has programmed $313,000 for local street maintenance, while the total rebate in gas and weight tax funds for all local street work is estimated at $195,000.

* * *

Accounting procedures at City Hall make it difficult to isolate the figures that actually go into the cost of street pavement.

OTHER CONSTRUCTION

The annual report of the city engineer totaled street work last year at $2.9 million. This expenditure, however, included some storm sewer, curb and gutter and sidewalk construction.

However, some figures can be extracted to show that the city pumped nearly a million dollars into city streets.

Incorporating $283,915 in street maintenance, a total of $350,058 was spent on local streets, while $627,230 was expended on major and trunkline streets.

* * *

Similar expenditures for 1965 are not completely programmed yet, but so far $331,000 has been scheduled in major street work and $197,930 worth of local street projects.

ON REVENUE SIDE

On the revenue side, in 1964 Pontiac received $720,182 in gas and weight tax revenues. A similar amount is anticipated this year.

Expenditures last year that can be isolated show that $977,258 was spent, including maintenance. The total figure was much higher, according to Neipling, nearing the $2.9-million mark.

Neipling said the difference comes from capital improvement monies, the general fund and ~~special~~ assessments.

* * *

The city engineer said that the lifetime of a city street varies considerably. A local street should last ten years, but some last 30 years.

INCREASING USE

Neipling said the difference in time depends on the wear, the ground underneath and the weather.

In addition to annual paving and maintenance operations, city administrators recognize plans must be made to modernize to provide for the seemingly unending increase in traffic and street useage.

Pontiac motorists register complaints about railroad crossings on major streets — North Johnson, Saginaw and West Huron — as often as they complain about holes in the streets.

* * *

Neipling points out that grade separations are expensive. Half a million dollars has been the construction cost estimated on one such overpass.

* * *

In addition to the actual construction, there is the expense of acquiring the proper amount of road right-of-way and no doubt in some instances there would have to be street widening.

2 Hearings Are Set in Waterford

Public hearings on two proposed special assessment districts are slated for Monday night's meeting of the Waterford Township Board.

* * *

A 7:30 p.m. hearing is set for the proposed Cass Lake Road sidewalk improvement project and an 8 p.m. hearing is scheduled on the blacktopping of Indianview.

In other business Monday, the board will take final action on the Lakeland Estates No. 1 plat.

The plat of a 58 lot development in the area of Eagle and Woodhull lakes was approved by the Township Planning Commission last Tuesday and referred to the Township Board for final disposition.

* * *

Also slated for board attention is a request from Emaleen Hewitt for a beer and wine license at 5177 Cass Elizabeth.

Another request, from Harry Cicotte, is for a pool hall permit at 4293 Windiate.
