Sixty-six was the lowest temperature preceding 8 a.m. The mercury had climbed to 82 at 2 p.m.

Cuban Catholics Hit at Russians in Mass Protest

Hold Biggest Anti-Red Rally Since Advent of Castro Regime

HAVANA (AP) — "Cuba si, Russia no!" shouted crowds of Roman Catholics after an anti-Communist mass Sunday at Havana's cathedral. It was the most spectacular anti-Red demonstration since Prime Minister Fidel Castro's regime took the turn to the left.

It was a switch from the "Cuba si! Yankees no!" chanted by Castro's followers on every occasion. Churchgoers vented their feelings against the government trend after a mass dedicated to "victims of Communist persecution."

★ ★ ★

A handful of hecklers had to be rescued by a police car when they shouted "Cuba si! Yankees no!" at the throng which poured into Cathedral Square after the mass. Men and women pounded on the police car with fists and pocketbooks as the hecklers were escorted to safety.

Two uniformed but unarmed militiamen got the same treatment and had to be rescued by police.

Prime Minister Castro, reported mending after a lung infection, continued silent as the thorny dispute between his regime and the United States moved into world and regional organizations.

Ford Supporters Start Veep Drive

GRAND RAPIDS (UPI)—The Ford for Vice President Committee is sending its first platoon of troops to the battleground ahead of the main army. Strategy to put Rep. Gerald R. Ford Jr. (R-Mich) in the second spot on the Republican ticket was outlined here during the weekend in preparation for the GOP National Convention in Chicago next week.

Former Grand Rapids Mayor Paul Goebel, chairman of the committee, said the committee has taken a suite at the Congress Hotel in Chicago and is ready to start its maneuvers in advance of the convention. Two mailings have already gone out to all delegates and alternates to the convention, supplying background on the Grand Rapids congressman.

Michigan delegates to the convention have been assigned to specific delegations from other states to work in Ford's behalf, Goebel said.

"The 92 state delegates and alternates will report to the committee twice daily during the convention on how the Ford movement is going," he said.

"The enthusiasm both inside and outside Michigan is terrific," Goebel told high-ranking Republicans at the Saturday meeting.

★ ★ ★

The six-term lawmaker, who turned 47 last week, called the boom for him "very satisfactory," Goebel said.

Ford backers said they realized Ford didn't hold the top spot among the possible nominees for vice president. "But he is among the top four, we conservatively estimate," Goebel said.

Another committee spokesman said Ford was acceptable to Nixon as a running mate.

DEFENSE EXPERT

Congressman Robert (Griffin said Ford's chances for the nomination were dimmed, however, by the Democrats' selection of Sen. Lyndon Johnson as their vice presidential candidate.

Expect Nixon to Be Named by Acclamation

New York Governor Says He Won't Second Nomination of VP

CHICAGO (AP) — The Republican national chairman said today that "outside of New York, I haven't seen very much strength for drafting Rockefeller."

The chairman, Sen. Thruston B. Morton of Kentucky, commented as the Republican party swung into the final week of preparation for its national convention, which will open July 25.

★ ★ ★

Morton spoke at a news conference. He had been asked for his views on yesterday's statement by Gov. Nelson A. Rockefeller of New York that he would accept a "genuine draft" as GOP presidential candidate.

Every current sign points to the nomination of Vice President Richard M. Nixon by acclamation.

Rockefeller, meanwhile, headed for this convention city at odds with fellow Republicans on several points, including his refusal to second the nomination of Nixon.

★ ★ ★

Morton declined to comment on this refusal. The chairman said he had no details about it except brief accounts he had read.

Morton renewed his statement that he would not "badger" Rockefeller into accepting second place on the ticket. But, the chairman said, millions of Republicans feel that a Nixon-Rockefeller ticket would be a formidable one.

Rockefeller has said consistently he would not accept second place.

Morton told newsmen he did not think Rockefeller's activities involved any disloyalty to the party. Morton also rejected the idea that Rockefeller might be holding himself aloof from Nixon in anticipation of a Nixon defeat and his own nomination in 1964.

Although agreeing that Nixon "for all practical purposes" is

Kennedy Casts Hook at Virginia

Reveals Appointment of Ex-Governor's Son in Bid for State Ike Won

HYANNIS PORT, Mass. (UPI) — Sen. John F. Kennedy moved today to win for himself the votes which the State of Virginia cast for President Eisenhower in the 1952 and 1956 presidential elections.

The Democratic presidential candidate, vacationing at his Cape Cod summer home, announced appointment of William Battle of Charlottesville, Va., as executive director of his campaign in Virginia.

Pierre Salinger, Kennedy's press secretary, said Battle had accepted the appointment and "could expect to work closely with the regular Democratic organization including Gov. (J. Lindsay) Almond and Sen. (Harry F.) Byrd."

Salinger said Battle, son of former Gov. John S. Battle, was named "after consultation with the Democratic State Committee in Virginia."

KNOWN SINCE WAR

Kennedy has known him since World War II, when Battle commanded the group that rescued Kennedy after his own PT boat was sunk by the Japanese in 1943.

Asked whether Byrd, who declined to support Adlai E. Stevenson four years ago, approved Battle's assignment, Salinger said the senator himself would have to be asked that.

But Salinger did note Kennedy conferred with Almond after winning the presidential nomination in Los Angeles last week.

★ ★ ★

Salinger also was asked to clarify his statement of last night in which he said Kennedy and Sen. Lyndon B. Johnson, his running mate, would be happy to participate in top secret intelligence briefing which President Eisenhower had offered.

A newsman said the statement left some doubt as to whether

U2 Pilot's Wife Plans to Send Three Lawyers for His Defense

MOSCOW (AP) — Aug. 17 has been fixed for the trial of Francis Gary Powers, 30, the American U2 pilot shot down over Soviet territory May 1, the Soviet news agency Tass said today.

Powers is charged with espionage, for which the maximum sentence is death by shooting.

The pilot will be tried in open court before the military section of the Supreme Court of the U.S.S.R., Tass said.

In Milledgeville, Ga., Powers' wife reported today the Virginia Bar Assn. plans to send three lawyers to defend the pilot in Russia next month.

Western Union Asks for Hike in Rates

NEW YORK (AP)—Western Union today proposed higher rates on telegrams and money orders. The company asked the Federal Communications Commission to approve the increase effective Aug. 17.

A 15-word full rate telegram would cost 5 cents more and 50-word day letters, 10 cents more. Fifty word night letters would be boosted an average of less than 10 cents, Western Union said.

Telegraphic money orders would go up 5 cents for amounts under $100. The increase would be graduated for larger amounts.

Skin Divers Seek Body

Birmingham Youth Drowns

Skin divers from Pontiac area police departments this morning continued their search for the body of a 17-year-old Birmingham youth who drowned last night in Gilbert Lake, Bloomfield Township.

Sheriff's deputies have identified the victim as Robert D. Scott, 56i Rudgate St., son of George D. Scott, vice president in charge of Pure Pak sales for Ex-Cell-O Corp.

Scott was skin diving with a companion, Douglas Neumann, 17, of 6805 Colby Lane, Birmingham, when he disappeared shortly before 11 p.m. in the reed-choked water at the south end of the lake.

Neumann told officers they panicked after becoming entangled in thick weeds.

Neumann was pulled from the water by two fishermen. He later was under sedation unable to give authorities any details of the tragedy.

A friend of both boys, William McCombs, 17, of 3915 Quarton Rd., Bloomfield Township, told deputies of events leading to the drowning.

★ ★ ★

McCombs said he, Scott, and Neumann drove to a store in Birmingham last night where Scott and Neumann rented air tanks, masks, fins and rubber suits.

McCombs said his two friends waded into the water near his house, apparently headed for a raft 300 yards away. Then they dove under and disappeared.

McCombs said he went inside his home, but returned half an hour later upon hearing a commotion in the water. It was then that he learned Scott was missing.

★ ★ ★

McCombs told police that neither of the boys had a flashlight and that the pair had been warned against trying the sport at night.

Sheriff's department skin divers Medward Tessier, Henry I. Hansen and Ronald Breuer continued diving operations throughout the night.

They were assisted this morning by Pontiac state police, Waterford Township police, and a helicopter flown here from Selfridge AFB.

Deputies said thick weeds in the lake were hampering efforts to recover the body.

★ ★ ★

The victim's step-brother is George C. Scott, who played the big city prosecutor in the movie, "Anatomy of A Murder."

Congo Threatens to Ask Reds for Military Help

STANLEYVILLE, The Congo (AP) — The Congo government threatened Sunday night to appeal for Soviet military aid to kick out Belgian troops unless they withdraw within three days.

A minister of Premier Patrice Lumumba's government charged that the United Nations peace task force pouring into the country is incompetent to deal with the situation.

The U.N. Security Council, prodded by the Soviet Union, is expected to meet Tuesday for a report on implementation of a resolution calling on Belgium to withdraw its troops from the Congo.

Gen. Henry T. Alexander, British commander of Ghana's army and head of its contribution to the U.N. force, said the situation in the infant African republic had "worsened all over."

Alexander flew from Leopoldville to this picturesque city 775 miles north of the capital Sunday to plant the U.N. flag and confer with Premier Lumumba and President Joseph Kasavubu.

The disclosure that the Congolese leaders were planning to invite the Soviet Union to send troops came from Jacques Lumbala, one of nine secretaries of state in the government and leader of the left-wing faction in the regime.

Shocked by the leakage of his government's strategy, Lumumba upbraided Lumbala before newsmen and told him: "I will take the most serious measures against you."

NO DENIAL

The premier, 34, did not deny the plan, and it was learned reliably his government already has drafted a telegram for sending to Moscow.

The Soviet Union approved the sending of a U.N. task force to restore order in the turbulent Congo but at the same time condemned "imperialist intervention" in the African nation.

Soviet Premier Nikita Khrushchev last week promised Congolese leaders "the necessary help which may be required for the victory of your just cause."

Congolese leaders blamed the troubles in the country on the presence of Belgian troops, who showed no signs of withdrawing.

Even as Lumumba was conferring Sunday with Gen. Alexander, he got word that five planeloads dropped into Kindu, about 325 miles south of Stanleyville, to disarm Congolese troops in that river port on the banks of the Lualaba.

Soapy Calls Kennedy for Labor Day

By The Associated Press

Sen. John F. Kennedy, the Democratic nominee for president, has been invited by Gov. Williams to open his campaign in Detroit on Labor Day.

★ ★ ★

Kennedy has yet to decide if he'll accept the invitation of the Wayne County AFL-CIO Council.

Harry S. Truman kicked off his successful 1948 campaign on Labor Day in Detroit and Adlai E. Stevenson followed suit in 1952 and 1956.

Union officials have indicated they would play down their parade if Kennedy accepts. The emphasis would be on a large Cadillac Square rally for the presidential nominee.

HAPPY ENDING

Some of the Michigan delegates to the Democratic National Convention were concerned over the choice of Sen. Lyndon B. Johnson of Texas as the vice presidential nominee.

Still, the convention had a generally happy ending for the Michigan delegation. Mrs. Margaret Price of Ann Arbor was installed as the new woman vice chairman of the national committee.

Williams lost no time stumping, as promised, for the Democratic presidential candidate.

★ ★ ★

Wearing his familiar green polka-dot tie, he told 400 Polish-Americans Sunday in Los Angeles that Kennedy's "New Frontier" concept discussed in the senator's acceptance speech Friday means "a new look—a better life for people at home and a glowing hope for justice and freedom for people around the world.

100 Go to Colorado

Scouts Off for Jamboree

(Editor's Note: This is the first of several reports by Life Scout Warren Gooch, 16, special Pontiac Press correspondent for the Fifth National Jamboree of the Boy Scouts of America. Gooch, of 368 Hillcliff St., Waterford Township, will follow activities of Pontiac area scouts and adult leaders attending the Jamboree at Colorado Springs, Colo.)

By WARREN GOOCH

Early this morning the great adventure began for 100 Pontiac area boy scouts and eight adult leaders.

Amidst the sleepy yawns of parents and the excited shouts of scouts, the Clinton Valley Council's contingent headed for the Golden Jamboree in Colorado.

The scouts boarded buses at 5:45 a.m. at the Tel-Huron shopping Center for the first leg of their journey to Durand.

GOOCH

Because of the early departure time, many of the boys and their parents were up by 4 a.m.

At Durand, the boys boarded a special train which is taking them, by way of Chicago to the Jamboree.

First contingents of U. S. and world Boy Scout troops already were moving into Colorado today.

By Thursday night, there will be 55,000 youngsters on hand for seven days of fun, frolic and fraternization. Every state and almost 70 foreign countries will be represented.

TO ARRIVE TUESDAY

The Clinton Valley group will be among more than 11,000 boys and their leaders moving into the camp area Tuesday via train and special plane, with others showing up by bus.

The Jamboree at Colorado Springs officially opens Friday and

Outdoor Accidents Fatal to 22

By The Associated Press

Sunny skies lured thousands to Michigan highways and lakes Sunday. The good weather apparently figured in an upsurge in the accidental death toll — 22 victims compared with 18 in the previous weekend.

But not all were on weekend outings. Two small children were killed when they darted in front of cars near their homes. A 77-year-old man was struck and killed by a car in Detroit.

Traffic accidents took 13 lives and collisions accounted for only six of the deaths. Single vehicles out of control killed five persons.

A 3½-year-old Ontario girl on vacation with her family in Upper Michigan was killed when she was struck by a car near a park in Gladstone.

Five persons drowned in lakes, including a 23-year-old skin diver exploring the wreckage of an old schooner 50 feet down in Lake Charlevoix. And a 38-year-old water skier collapsed from a heart attack on an Oakland County lake.

★ ★ ★

Traffic fatalities:

John Willard, 12, of Burton Township, was killed Sunday when his bicycle and a car collided in Burton Township, just southeast of Flint city limits.

Cynthia Saul, 3½, of Kenora, Ont., died Sunday night of injuries suffered Saturday when she ran in front of a car at the intersection of M41 and U.S. 2 at Gladstone.

★ ★ ★

Lowell Collier, 27, of Hanover was killed Sunday when he lost control of his car and struck a tree along Moscow road in Hillsdale County.

Joe W. Owen, 42, of Warren, was killed Sunday when his car ran out of control on M53 a mile and half south of Romeo.

Mrs. Alypia Wendt, 60, of Boonton, N. J., was killed Saturday night when the car in which she was riding collided with another auto four miles west of Marquette.

Leon Brockway, 60, of Munising, was killed Sunday in a two-car collision on M28 in Alger County near Munising.

★ ★ ★

Glen Hopkson, 3, of Flint, was struck and killed Sunday by a car in front of his Flint home.

Larry D. Harrington, 18, of Flint was killed Saturday in an automobile collision on U.S. 23 10 miles north of Ann Arbor. He was riding in a car which was struck in the rear by another car. State Police said Harrington was thrown out and the car rolled over him.

Bonnie Sue Rush, 4, of rural Zeeland, died Saturday when she ran in front of a car in Olive Township in Ottawa County.

Mrs. Elmer Relf, 60, of Bay City was killed Saturday in a two-car collision on U.S. 31 near Holland. She was riding in a car which collided with a car driven by Lynn David Ward, 46, of LaPorte, Ind.

Ward and four passengers in his car and Mrs. Geneva Van Tassel, 52, of Bay City, driver of the other car, were injured.

★ ★ ★

Mrs. Myrtle Armstrong, 49, of rural Ludington was killed Saturday when she fell from a skidding pickup truck and struck her head against a steel fence post. Police said her husband, Reubin, 49, apparently lost control of the truck.

Ronald Dials, 23, South Bend, Ind., was killed Saturday night when his car failed to make a curve and rolled over on U. S. 112 in Cass County.

Elmer Bratton, 77, of Detroit was struck and killed by a car on a Detroit street Friday night.

James Harrington, 27, of Royal Oak was killed in a two-car collision in Redford Township of the Detroit area Friday night.

Mrs. Ida Denton, 68, of Jackson was killed Friday night in a car-truck collision in Jackson.

★ ★ ★

Drownings:

James Wayne Nulty, 24, of Sturgis drowned Saturday in Matteson Lake in Branch County. He had gone swimming. The body was recovered in six feet of water 100 feet from shore.

Arellie Baughey, 40, of Adrian fell from a raft and drowned Saturday in Round Lake 15 miles west of Adrian. Baughey was on a pontoon raft with his wife and three daughters.

He was leaning over the side trying to repair the broken shear pin on his outboard motor, when he fell in and went down in 35 feet of water 300 yards from shore.

Joseph A. Robbins, 23, of Frankenmuth, drowned Sunday in Lake Charlevoix while skin diving.

Charles Berner, 24, of Grand Lodge, drowned Sunday in Lake Michigan seven miles south of Pentwater. He was riding in a boat which capsized.

Frederick Reifert, 9, of Dundee, drowned Sunday while swimming at Edelena Park, five miles west of Dundee.

Mark Pierce, 8, of rural Dowling, drowned Sunday while swimming Clear Lake in Berry County.

★ ★ ★

Miscellaneous:

Michael Geary, 38, of Livonia, suffered a fatal heart attack Sunday while water skiing on Pine Lake in Oakland County.

Upsala is a cathedral and university city in Sweden, 50 miles north of Stockholm. Its population is about 30,000.

Nixon No Piker With Political Stiletto

Kennedy's Early-Blooming Barbs Promise Rip-Snortin' Campaign

By JAMES MARLOW

WASHINGTON (AP)—The 1960 presidential campaign will be the roughest and toughest in years. It has already started that way.

In his acceptance speech Friday night Sen. John F. Kennedy, the Democratic Presidential candidate, could have been strictly noble, leaving the gunplay till later.

Instead, he used the first speech of his campaign to make a savage attack on Vice President Richard M. Nixon, who almost certainly will get the Republican presidential nomination next week.

★ ★ ★

It was like deliberately warning Nixon he was in for a bad time. Kennedy, who acts cool, is a tough young man as he showed in his determined and successful effort to get the Democratic nomination.

His attack on Nixon was a shocker to newsmen who are used to the antics and tactics of politicians, not because it happened, since that was to be expected some time, but because it happened so early in the campaign.

Nixon himself knows what playing rough means. He has played so rough in the past that some Democrats, and none more than former President Truman, despise him.

★ ★ ★

Then there's Sen. Lyndon B. Johnson, Kennedy's running mate for the vice presidency. Johnson is no patsy, either. He got rough on Kennedy — some people thought too rough—before the Massachusetts senator beat him for the No. 1 place on the ticket.

Knowing Johnson, as this writer does, it seems safe to say he won't pull any punches, particularly on Nixon, who has given the Democrats such a brawny going over so many times in the past.

Ever since the 1954 congressional campaign, when his tactics left scars which still infuriate the Democrats, Nixon has been a fairly restrained campaigner. The Democrats refer sneeringly to the post-1954 Nixon as the "new Nixon."

It's doubtful Nixon will be able to restrain himself this year if the Democrats go for his throat as Kennedy did when last Friday he spoke of the vice president as sometimes showing "charity toward none and malice for all."

Kennedy said that before Nixon starts dealing in this campaign, someone had "better cut the cards." The fact that Kennedy didn't have to do this kind of thing so early in the campaign, but chose to, is a pretty good indication he will try to chop the Republican candidate to bits.

The Democrats' treatment of Dwight D. Eisenhower in 1952 and 1956 was fairly mild for a campaign. But they had to be careful since Eisenhower was a highly popular war hero.

Nixon doesn't enjoy such broad affection if only because, like Kennedy, he didn't have the same wartime distinction.

Some of the ammunition Nixon used against Democrats in the past—by playing on public fear that Communists might be infiltrating the government—has pretty well dried up. Communists-in-government is hardly an issue in 1960.

For instance, in 1954 he said the Communists were fighting hard for an anti-Eisenhower Congress—which could only mean a Democratic Congress—because, he said, many Democratic candidates belonged to a left-wing clique which "tolerated" a Communist conspiracy.

Paul M. Butler, then chairman of the Democratic National Committee, said Nixon was implying the Democrats were traitors.

This year Nixon can hardly suggest the two wealthy Democratic candidates—Kennedy, a Roman Catholic, and Johnson, a Texas Conservative—have any sympathy for Communists.

What he will probably try to do is poke holes in the Kennedy-Johnson voting records. They'll certainly try to do that to him. But that will be only the starting point.

160 From Pontiac Take Part

State Guard Maneuvers

GRAYLING (AP)—The 8,000 men of the Michigan National Guard's 46th Infantry Division were on the move today in an intensive four-day exercise.

Among them were the 160 guardsmen of Pontiac's Co. E., 2nd Battle Group, 125th Infantry Regiment.

The maneuvers follow memorial services yesterday in which the guardsmen honored the dead and rededicated themselves to the state and national defense.

Lt. Col. Horace G. Thurston of Royal Oak, the division chaplain, delivered the memorial tribute to 15 Michigan guardsmen who have died since the summer training encampment a year ago.

Families and friends joined the guardsmen and bowed their heads during the invocation by Chaplain Daniel H. F. Richert of Flint's First Battle Group, 125th Infantry.

Lt. Gov. John B. Swainson, representing Gov. Williams, addressed the assembly:

"We are inclined to take our patriotism and yours for granted, but those who have challenged us in other years of our young past have learned that a high standard of living did not soften our minds or muscle."

Hundreds of guardsmen and visitors went from the memorial gathering to outdoor services of their various churches among the oaks and maples that dot the billeting areas. Temperatures were in the pleasant 70s.

The traditional fried chicken luncheon was served at the mess halls at open house later in the day.

In Saturday's Division review, Sgt. Raymond J. Grant, 24, of Flint, was honored as the outstanding enlisted man of the year. Swainson presented him with the Stewart Medal.

breaks up with a gigantic outdoor ceremony Thursday, July 28.

Many of the early-arriving units will set up their two-man tents, establish camp, and head for the hills in a sight-seeing tour until the Jamboree begins officially.

Some groups will remain after the camp ends to make tours of historic areas in the West.

SPECIAL TRAINMEN

Railroads have authorized special rates for all Jamboree contingents traveling by train. The Boy Scouts of America and the American Assn. of Dining Car Operators have worked together to prepare a special menu for the trains' dining cars, guaranteeing that the boys will have adequate and nourishing meals traveling to and from the Jamboree.

The jubilee is being held on 2,000 acres of the Reverse J. Diamond Ranch, owned by Mr. and Mrs. R. E. Johnson. The site is eight miles north of Colorado Springs and adjoins the U.S. Air Force Academy.

As the first units neared the campsite in the shadow of historic Pike's Peak, everything was ready for the creation of what will become—temporarily—Colodo's fourth largest city.

It will have its own hospitals and churches, a newspaper, radio station and complete telephone network.

Postal service—geared to handle more than a million pieces of mail during the Jamboree period—started over the weekend. Reading posts already are in operation.

JAPANESE ON HAND

A 111-boy unit from Japan already is in Colorado, scattered with domestic units.

The biggest foreign delegation moves in Thursday when some 350 Canadian Boy Scouts set up their tents and start operating.

For the early arrivals, tours of nearby Ft. Carson and the Air Force Academy, plus the Denver mint and other sight-seeing attractions, are on the schedules.

On tap for the first several days are a two-night rodeo, appearance of Western movie and television stars, and the start of camp activities — featuring trading, proficiency tests in scouting activities, and the organization of a long series of campfire trading activities with units from other sections of the country and the world.

Central Plains Are Assailed by Wind, Rain

By The Associated Press

Thunderstorms lashed the central plains with heavy rain, swift winds and hail today.

The midsummer storm was concentrated in Iowa, Nebraska and Eastern Colorado southward into Oklahoma and the Texas Panhandle.

Winds gusts reached 75 miles an hour in a thunderstorm at Lubbock, Tex. Portions of north and central Oklahoma were raked by winds up to 95 miles an hour and golf-ball-size hail Sunday night.

Stillwater and Ponca City, Okla., reported 1½-inch rainfalls.

More than an inch of rain in six hours drenched wide areas of eastern Nebraska and southwest Missouri. More than two inches fell at Chanute in southeast Kansas.

Another storm dropped heavy rains in southern Minnesota and northern Iowa Sunday.

Rockefeller Heads for GOP Convention

(Continued From Page One)

the nominee, Rockefeller has kept himself open to a draft.

Some think his arrival today with a large corps of advisers and consultants marks the beginning of a last-ditch effort to win the nomination.

★ ★ ★

Rockefeller is chairman of the 96-vote New York convention delegation, which he so far has held neutral.

He may clarify his position today at a news conference, scheduled to be televised live in the East at 4:15 p.m. EST.

Rockefeller will appear Tuesday before a committee drafting the 1960 Republican platform. The committee, headed by Charles H. Percy, Chicago business executive, will organize Tuesday morning.

TO PUSH HIS VIEWS

Sen. Thruston B. Morton of Kentucky, Republican national chairman, and Sen. Barry Goldwater of Arizona also will appear before the committee Tuesday.

Rockefeller will urge the committee to adopt his views on subjects ranging from nuclear testing—he wants it resumed—to medical care for the aged which he thinks should be handled through existing social security machinery.

On these and several other points he is in conflict with the national Republican administration. He has said much has been left undone in the fields of civil rights, national defense and foreign policy, among others.

★ ★ ★

Rockefeller has refused consistently to endorse Nixon or state without qualification whether he thinks the vice president is fully qualified to become president.

In a television interview in New York Rockefeller said he had turned down an invitation to second Nixon's nomination. He declined to say who extended the invitation.

Rockefeller repeated his long-standing statement he would not become an active candidate for the nomination or accept second place.

★ ★ ★

This refusal to endorse Nixon or accept second place has touched off GOP charges Rockefeller is a divisive influence in the party.

★ ★ ★

Goldwater, a leading conservative and frequent Rockefeller critic who has some backing of his own for the presidential nomination, said in Phoenix, Ariz., he would ask delegates friendly to him to support the party's conservative wing if a convention fight developed.

★ ★ ★

Goldwater mentioned no names, but it was understood that he would support Nixon over Rockefeller.

Ford's Vanguard Enters Fray Early

have been stronger if the Democrats had selected Sen. Stuart Symington (D-Mo) because both are recognized as defense experts.

Ford is ranking Republican member of the House subcommittee on defense appropriations. He has consistently backed President Eisenhower's defense program.

★ ★ ★

He also is a member of the Republican policy committee for the House and has a reputation of being one of the hardest working lawmakers in Congress.

★ ★ ★

"We want Ford to speak to every delegation if he can," Goebel said, "And we also want to know how the favorite son situation is going and who are second and third choices on this thing." Thus the preconvention preparations and contacts by delegates at the start of the session.

★ ★ ★

Others mentioned as possible running mate for Vice President Richard M. Nixon are Attorney General William P. Rogers, Labor Secretary James Mitchell, United Nations Ambassador Henry Cabot Lodge Jr., and New York Gov. Nelson Rockefeller.

The Day in Birmingham

Outstate Trucker Charged With Negligent Homicide

BIRMINGHAM — An Indiana truckdriver has been charged with negligent homicide by Bloomfield Township Police in the traffic death of a Bloomfield Hills woman last week.

The warrant issued is against James F. Frakum, 49, of Monroe, Ind.

He is accused of running a red light at Telegraph and Maple roads and colliding with a car driven by Mrs. Henry Koltys, 39, of 980 Lone Pine Rd., resulting in her death.

Mrs. Koltys, who suffered a broken back, died a week later in St. Joseph Mercy Hospital, Pontiac.

Frakum was released on a $100 bond the day following the accident after a witness had brought charges against him for running the red light.

The new charge was brought by the police after Mrs. Kolty's death.

Frakum, now in Indiana, is to return to Michigan on the first charge for a July 26 hearing before Justice of the Peace Elmer C. Dieterle.

If he fails to appear, extradition on the negligent homicide charge would be necessary, Police Chief Norman Dehnke said.

Seven other persons were injured in the four-vehicle accident.

The four-day trip is scheduled for Aug. 22.

Traveling by car, the group will camp out each night in State and National Forest, take sight-seeing tours and attend an authentic Indian ceremony on the island.

Gordon A. Young

Service for former Birmingham resident Gordon A. Young, 51, of 1890 Crooks Rd., Troy, will be at 3 p.m. Tuesday at Manley Bailey Funeral Home.

Burial will be in Riverview Cemetery, Churubusco, Ind., Wednesday.

Mr. Young died suddenly at his home Saturday.

He is survived by his wife Beryle, sons Albert of Mackinaw City, and Archie Bliesath of Clawson and daughters Cheryl, Mrs. Charles Sternal of Berkley, Mrs. Jerry Mayle of Southfield and Mrs. Constance Rooke of Walnut Lake.

Kennedy Casts Hook for Votes at Virginia

they would do so alone or wanted to share these briefings with Stevenson and Rep. Chester Bowles (D-Conn), their liaison men with the White House.

"Sen. Kennedy and Sen. Johnson will be happy to participate in any way the President desires," Salinger replied. He also said he expected to be in communication with the White House today with respect to this.

The only other business, as such, that Kennedy transacted today was to ask Salinger to "let the people of Boston and Hyannis know how excited he was at the reception they gave him when he arrived here last night."

Salinger said Kennedy's wife Jacqueline presented her husband a welcome home gift of an oil painting she had done depicting the senator returning victoriously from the convention.

The painting, Salinger said, showed Kennedy in a sailboat named "Victura II" — a boat Kennedy had owned — arriving at shore with people greeting the senator.

Pope Names Agagianian World Mission Head

VATICAN CITY (AP) — Pope John XXIII today formally named Gregory Peter Cardinal Agagianian perfect of the Vatican's Congregation for the Propagation of the Faith.

Cardinal Agagianian succeeds Pietro Cardinal Fumasoni Biondi, who died a week ago after heading the congregation for 27 years. The congregation directs the Roman Catholic Church mission activities throughout the world.

Water Ski Death Is Attributed to Heart Attack

The death of a Livonia man while water skiing on Pine Lake, West Bloomfield Township, Sunday was caused by a heart attack, it has been ruled by the coroner.

It was first believed that Michael Geary, 36, of 32035 Washington St., was a drowning victim.

Sheriff's deputies said Geary collapsed while trying to get up on water skis.

Dr. William C. Noshay of 2672 W. Long Lake Rd., West Bloomfield Township, operating the boat pulling Geary, dived in and carried him to shore.

Deputy Coroner Dr. Douglas A. Haddock of Orchard Lake pronounced him dead of a heart attack.

Ford Underdog, Booster Says

Former Mayor Goebel Lists GOP Man's Rivals for Veep Nomination

GRAND RAPIDS (AP)—The chairman of a committee boosting Rep. Gerald Ford (R-Mich) for the Republican vice presidential nomination said Saturday that Ford currently is an underdog in the race.

Paul Goebel, a former Grand Rapids mayor, listed Ford's chief rivals for the nomination as United Nations Ambassador Henry Cabot Lodge of Massachusetts and Sen. Thruston Morton of Kentucky, the GOP national chairman.

★ ★ ★

Following a committee strategy session, Goebel said in an interview "we are amazed" at the widespread interest in Ford as a potential running mate for Vice President Richard M. Nixon, who is regarded as a shoo-in for the GOP nomination for president.

★ ★ ★

Goebel said the committee will open a Ford campaign headquarters in Chicago this week. The Republican convention opens there July 25.

Michigan's delegation is pledged to Ford for vice president.

Johnson Puts Stress on Rest and Relaxation

JOHNSON CITY, Tex. (AP)—Sen. Lyndon B. Johnson today put rest and relaxation ahead of political campaigning and Congress.

★ ★ ★

Johnson's aides said he had no scheduled conferences today and planned to spend much of the time going over the operation of the LBJ Ranch, 11 miles west of here, where he and his family are resting after the Democratic National Convention at Los Angeles.

"We are not going to talk any business the next few days except cow business," the vice presidential nominee said.

★ ★ ★

Johnson has indicated there will be no campaign planning session while hs is here, although he is in frequent telephone contact with the presidential nominee, Sen. John F. Kennedy of Massachusetts.

Rockefeller Issues N.Y. Antibias Code

NEW YORK (AP)—Gov. Nelson A. Rockefeller issued an executive order today establishing a code of fair practices governing all activities of the executive branch of the state government.

★ ★ ★

All state agencies were ordered to cooperate closely with the State Commission Against Discrimination.

The 11-point code reaffirmed the state policy of prohibiting discrimination because of race, creed, color, national origins or age in state government activities.

★ ★ ★

The code preamble noted that New York State has been a "leader in the furtherance of individual worth, justice, equality, and freedom."

THE AMERICAN WAY — Some Britishers think this new U. S. Embassy in London is "brash," but what they're really upset about is a huge golden eagle which will be mounted over the entrance near the roof line. The building was designed by Eero Saarinen of Bloomfield Hills, Mich., in Portland stone and straw-colored aluminum.

Russians Will Build Steel Plant in Cuba

HAVANA (AP) — The head of Cuba's Agrarian Reform Institute says the Soviet Union will build a steel plant in Cuba that will have an annual capacity of a million tons a year.

Capt. Antonio Nunez Jimenez told a television audience Friday night the steel plant will be a major unit of 56 industrial projects for which he contracted during a tour of Iron Curtain countries.

New Latin Affairs Chief Hinted for U.S.

WASHINGTON (AP) — Diplomatic sources say Thomas C. Mann may replace Roy R. Rubottom Jr. as assistant secretary of state in charge of inter-American affairs. Mann now is assistant secretary for economic affairs.

★ ★ ★

The State Department has not confirmed the report.

Such a change might reflect a recent shift in U. S. policy toward Latin America, including a hardening attitude toward Cuba and an economic aid split.

The diplomatic sources say that Rubottom would become ambassador to Argentina, replacing Willard Beaulac. The State Department previously denied a Buenos Aires report that Rubottom would become ambassador there.

Lava Flows Down Etna, but Rumble Has Stilled

CATANIA, Sicily (AP)—Molten lava flowed down the slopes of Mt. Etna today, but the rumble and explosions that accompanied the eruption subsided at least temporarily.

Etna, Europe's highest active volcano, erupted again Sunday, sending a mushroom-like cloud miles into the air, obscuring the sun, and causing panic both on the island of Sicily and on the Italian mainland.

Eisenhowers Hope to Visit Denver

NEWPORT, R.I. (AP) — President and Mrs. Eisenhower hope to visit Denver briefly late this month, the summer White House said Saturday.

The First Lady's mother, Mrs. John S. Doud, is seriously ill in the Colorado capital.

The vacationing President plans to leave Newport July 26 to address the Republican National Convention in Chicago that evening. The tentative plan is for him and his wife to fly on to Denver the next day.

James C. Hagerty, White House press secretary, indicated a Denver stay would be for only two or three days at most.

Sen. Jackson Heads Dem Committee

Started Career in Slot Crackdown

LOS ANGELES (AP)—Henry M. "Scoop" Jackson, the new chairmen of the Democratic National Committee, started his political career 22 years ago as a county prosecutor who cracked down on slot machines in his home town of Everett, Wash.

★ ★ ★

Now 48, he has been in public service ever since and never has been beaten for public office.

Usually serious, but always ready to react with a broad smile, Jackson is a handsome man of Norwegian descent.

He says being a bachelor has not hurt him in politics.

NOTHING SERIOUS

"I've been too busy looking after the public interest to get married," the brown-haired, blue-eyes senator says.

He does "date" in Washington, D.C., but says there is nothing serious.

In 1940, at the age of 28, Jackson stepped from the job of Snohomish County (Washington) prosecutor to a seat in the U.S. House of Representatives.

He was re-elected five times and in 1952 defeated Republican incumbent Harry P. Cain for a seat in the Senate.

Jackson beat Cain by 135,000 votes. In the same election President Eisenhower carried the state by 105,000.

Jackson was re-elected to the Senate in 1958 by a majority of almost 70 per cent, largest in the History of his home state.

KENNEDYS CLOSE FRIENDS

The junior senator from Washington is a close friend of Sen. John F. Kennedy, the Democratic presidential nominee, and Kennedy's brothers.

They play softball and touch football for relaxation between sessions of Congress.

He likes to swim and ski.

"No one should enter politics unless he is a good sport," Jackson said Thursday after Kennedy told him he had tapped Sen. Lyndon B. Johnson of Texas to be his running mate.

Jackson wanted the job. He said he was disappointed, but would do whatever Kennedy and Johnson wanted him to do.

★ ★ ★

After the decision for the vice presidential nomination went against him, Jackson was urged by Kennedy to take the job of chairman of the Democratic National Committee.

— In almost 20 years of congressional service Jackson's major interests have been national defense, natural resources and such welfare matters as education and medical research.

In 1950 he turned down an offer to be undersecretary of interior.

BUSY ON COMMITTEES

Currently, Jackson is on the Senate Armed Services Committee, the Joint Committee on Atomic Energy, the Interior and Insular Affairs Committee, the Select Committee on National Water Resources, and is chairman of the Government Operations subcommittee on national policy machinery.

The policy group is probing the operations of the policy-making machinery of government.

Jackson doesn't smoke (he is allergic to tobacco), lives alone in a bachelor apartment in Georgetown, and prepares his own breakfast of coffee, fruit juice, cereal and toast.

The nickname of "Scoop" was hung on Jackson by his older sister Gertrude, when he was four years old.

★ ★ ★

He reminded her of a comic strip character by that name, about Jackson's age, who was always scheming to get other children to do his work.

He was "Scoop" from then on.

His only newspaper connection to which the name "Scoop" is often attached, was when he delivered newspapers in Everett.

GETS DEGREE IN 1935

Jackson, who received his bachelor of laws degree from the University of Washington in 1935, is a Protestant.

His middle name, Martin, is after Martin Luther. His parents Mr. and Mrs. Peter Jackson were Norwegian immigrants who met and married in Everett in 1889.

The sextent, an instrument for measuring angular distances at sea, was perfected independently in 1730-31 by Godfrey of Philadelphia and Hadley of England.

Mrs. C. B. De Mille Dies at Age of 87

HOLLYWOOD (AP) — Mrs. Constance de Mille, widow of late producer-director Cecil B. de Mille, died Sunday night in the family home in Hollywood's Laughlin Park district. She was 87.

Mrs. De Mille had been in poor health for several years and recently contracted a severe case of pneumonia. Her noted husband died of a heart attack Jan. 21, 1959.

She met De Mille, then an actor, when both appeared in the Washington, D.C., production of Charles Frohman's "Hearts and Trumps." The couple was married Aug. 16, 1902.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles". It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by doctors' observations. This improvement was maintained in cases where doctors' observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in *ointment or suppository form* known as *Preparation H.®* Ask for Preparation H suppositories (convenient to carry if away from home) or Preparation H ointment with special applicator. Absolute satisfaction guaranteed or money refunded.

Plover Pilfers Croc' Dentures

Washington Zoo Won't Trust Tradition of River Friendship

WASHINGTON—When the Egyptian plover wants its lunch, it may pop into the mouth of a crocodile and pick the reptile's teeth.

So said Herodotus, the Greek historian, stirring up a discussion that has intrigued ornithologists for some 2,500 years.

The problem of crocodile teeth picking recently came up at the Washington National Zoo, the National Geographic Society reports. The zoo had received a flock of eight Egyptian plovers and debated whether to put them in the bird house or in with the zoo's 16 crocodiles.

In the end, the advice of Dr. Herbert Friedmann, Smithsonian Institution ornithologist, prevailed. "If they were my birds," Dr. Friedmann said, "I'd keep them in a safe place."

In spite of the zoo's caution, there is a persistent tradition of plover-crocodile friendship. Herodotus wrote that the crocodile's mouth often is covered with leeches, which the plover picks out while the reptile lies "with his mouth wide open, facing the western breeze. This benefits the crocodile, who is pleased, and he takes care not to hurt the crocodile bird."

Through the years, other observers have reported seeing this bird of blue-gray and white plumage removing leeches and insects from crocodiles.

Man Who Quit $50,000 Job Out of Work Again

LA JOLLA, Calif. (AP)—Tom Lanphier, who quit a $50,000-a-year job to attack government defense policies, is looking for work again — disappointed and about $30,000 poorer.

★ ★ ★

He was vice president of General Dynamics Convair Division.

Lanphier claims the Eisenhower administration is gambling with national safety by failing to approve construction of larger numbers of missiles and planes.

★ ★ ★

He quit his job with Convair because critics charged he was only trying to sell more Convair-built weapons.

Author, Playwright Vidal Downed by Pneumonia

LOS ANGELES (AP) — Gore Vidal, the author and playwright, is confined to a hotel suite here with pneumonia.

Cuban Shift to Russia Seems to Have Slowed

WASHINGTON (AP) — Cuba's swing toward the Soviet Union appears to be slowing under pressure from its Latin American neighbors, diplomats said today.

They pointed to: a recent statement by a top Cuban official that the Cubans would fight any attempt to make their island a Soviet satellite, Cuba's apparent retreat from veiled threats against the U.S. Naval Base at Guantanamo Bay, and Havana's mild reaction to a proposed review of threats to Western Hemisphere unity.

★ ★ ★

The observations came as the Organization of American States prepared to give final approval by an overwhelming vote to a call for its foreign ministers to meet to consider menaces which affect hemisphere solidarity, the regional system, and democratic principles.

The 21-nation OAS Council meets at 4 p.m. to approve Peru's resolution for the ministerial meeting.

RESOLUTION SEEN

Diplomatic sources at the United Nations said another resolution dealing with Cuba—a charge by the Havana government that the United States is guilty of economic aggression—may be relayed to the OAS.

★ ★ ★

U.N. representatives from Argentina and Ecuador were expected to propose the move today when the Cuban resolution goes before the Security Council.

Cuba's U.N. complaint accuses the United States of attempting what Havana called economic strangulation through government actions related to sugar and oil.

Representatives of 17 countries in addition to Peru approved the call for the OAS ministers' meeting. Mexican and Venezuelan representatives, awaiting instructions from their governments, did not vote on the council call at a preliminary session Saturday in Washington.

★ ★ ★

The one-sided expression of opinion in the Saturday meeting was interpreted as strong Latin American aversion to Soviet interference in hemispheric affairs. Cuba was not mentioned specifically by name in the resolution but is the obvious target as the beachhead for Soviet influence in the Western Hemisphere.

Eisenhower Is Right Man to Protect Our Country's Honor

DWIGHT D. EISENHOWER is exactly where we need him—in the White House.

★ ★ ★

Now, as never before, do we need a man of Eisenhower's stature and character to speak for the free world.

The head Red has manufactured a new pack of lies out of an airplane incident and charged us with infringing upon Russia's right and Russia's territory in worldwide denouncements.

The President replied.

And he didn't duck or dodge.

★ ★ ★

Flatly, he told the world that KHRUSHCHEV's statements were untrue and completely false. He nailed the voluble Russian right in his tracks and threw his words back in his teeth.

★ ★ ★

There are times when honor and decency must be protected and defended promptly. There have been times in the past, when this country has let Russia and other nations (notably Cuba) "get away" with minor incidents of no importance. There's no reason why the United States should set itself up as a prompter and critic of all Russia's misdeeds and mistakes. But there are times when action is demanded.

This was one of them.

And the President spoke.

★ ★ ★

We need a man in the White House who understands national and international complications and incidents. We need a man who understands foreign thinking and foreign psychology. In short, this is a very fortunate time for us to have a professional soldier in the White House—and a professional soldier who is wise to the wiles and the machinations of the Russian murder terrorism and intrigue.

★ ★ ★

No matter whom we elect President in November, this great nation and the world in general would profit by having Dwight D. Eisenhower Secretary of State.

Red China Challenged in Khrushchev Speech

Premier KHRUSHCHEV'S recent speech in Bucharest announcing that coexistence will be the basis of Russian foreign policy has presented Red China with a problem. He declared that the teachings of MARX and LENIN in this field have been superseded by events.

MAO TSE-TUNG and CHOU EN-LAI are said to feel that the speech was aimed at their conception of Marxist diplomacy. They don't know whether to denounce the KHRUSHCHEV doctrine and withdraw from the Communist bloc or to line up with Russia.

★ ★ ★

Foreign political experts believe that MAO wants to play for time while CHOU is urging that China modify her policy to meet the situation created by KHRUSHCHEV and accept the coexistence line.

Speaking at Peiping and without referring directly to the KHRUSHCHEV speech, Gen. LI CHINMIN criticized those "modern revisionists" (who are) "frightened out of their wits by imperialist blackmail of nuclear war, exaggerate the destructiveness of nuclear war and beg for peace at any price."

★ ★ ★

The fact that Premier Khrushchev announced his doctrine to the leaders of European Communism seems to be a deliberate challenge to the leaders of Red China.

Freezing Arctic Water 'Leaking' into Atlantic

Nine marine research ships from five countries have completed an international search to find a "leak" in the undersea ridge which forms the arctic basin.

Their scientists discovered a huge cleft in the ridge between Iceland and the Faroe islands. Through this opening the near freezing water from the bottom of the arctic sperads out along the bed of the Atlantic.

★ ★ ★

For a month the co-operating ships —three from Britain, two from Norway, two from Germany, one from Iceland and one from Russia—worked courses 10 miles apart. With sensitive instruments they measured the currents and tracked the arctic water by its temperature, density and salt content. Among other things the findings will affect fisheries and meteorology.

★ ★ ★

Proof of the existence of the outflow into the Atlantic also disposes of the suggestion that the arctic might safely be used as a dump for atomic waste. The escaping water would simply carry the contamination into the Atlantic and eventually into man's food supply.

Here is another potent argument for a ban on nuclear weapons.

Loads of Cure Alls

Dominated Advertising in Papers Years Ago

Travel: What broadens a person, also flattens—financially.

The principal source of income of Pontiac newspapers back in the last century was the advertising of patent medicines that guaranteed to cure everything. There were no legal restrictions on what they might promise. Laws now forbid such concoctions to even use the word "cure."

The front page of the

Pontiac Weekly Bill Poster

of Dec. 5, 1877, is principally occupied by such advertising.

There was a "Vegetine" that was guaranteed to cure all diseases of the blood, scrofula, cancer, salt rheum, canker, pimples, constipation, headache, humors, dizziness, dyspepsia, faintness, backache, diarrhea, consumption, kidney complaint, female weakness, stomach trouble, general debility and "anything else on which all other remedies have failed."

Then there was "Sanford's Radical Cure" that wiped out all of the above, with the addition of catarrh, bad taste, foul odors, mattery eyes, discharges from the ear, putrid sore throat, inflamed tonsils, hacking cough, bronchitis, bleeding lungs, loss of taste and smell, and "anything else wrong with the human system."

"Voltaic Plasters" did not palliate, but they cured everything the matter with the head, lungs, stomach, heart, liver, spleen, kidneys, spine, nerves, muscles, joints, hands, arms, legs, feet, bones, sinews, eyes, ears, nose and throat.

"Lawson's Curative" was equally positive in its magic influence, no matter of how long standing the trouble might be. It was both a solar plexus and knockout for rheumatism, diphtheria, dyspepsia, neuralgia, pleurisy, swollen joints, headache, lame back, erysipelas, sciatica, sore throat, toothache, chilblains, callouses, warts, sprains, burns and scalds.

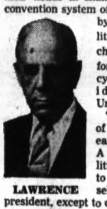
The Country Parson

"Low spots in our characters, like gullies in our fields, could be filled in if we had enough high spots to do it."

David Lawrence Says:

Here's How to Junk Conventions

LOS ANGELES—A travesty and a tragedy, a spectacle that should cause the American people to hang their heads in shame—this is the convention system of today, whereby the major political parties choose nominees for the presidency and vice presidency of the United States.



LAWRENCE

The majority of the voters in each party in America has little or nothing to say about the selection of their president, except to choose between two candidates, neither of whom was picked by the electorate as a whole.

★ ★ ★

This is not a democratic process. To hear the phrase "civil rights" nowadays as meaning "the right to vote" gives one a feeling of sadness. As long as the present convention system is retained, nobody should use that term again without a sense of guilt.

Members of each party everywhere in the country should have the right to select their nominees, and should not be handed the two nominees chosen by any political cliques, however powerful or well-financed they may be.

Just 47 years ago—a month before being inaugurated President of the United States—Woodrow Wilson wrote a letter to the Democratic majority leader of the House of Representatives saying: "There ought never to be another presidential nominating convention; and there need never be another."

What Wilson outlined was a plan to hold presidential-preference primaries throughout the nation. The proposal was not accepted by either party. Indeed, many states which had the primary system began gradually abandoning it as a means of making nominations for the presidency, though in many instances retaining primary elections for other offices.

EXPENSE JUSTIFIED

There is nothing wrong with two separate elections—one to nominate a candidate in each party, and one to elect the president. Certainly this would be expensive, but so are many things in the democratic way of life. It often is said in opposition that primaries by states involves extensive campaigning by the candidates. But television answers that argument.

It is urged, also, that such nationwide campaigns cost a lot of money and that only a rich man or a man with rich friends can run. But the American people will gladly raise the funds to help candidates who have been given substantial endorsement in their respective states.

A plan can surely be devised to take care of the finances, even if the federal government itself has to foot the bill. For, after all, what's a few millions of dollars to insure democracy, when we spend billions abroad to preach that same gospel?

The real defect of the convention system is that it is undemocratic, unfair and, in some respects, fraudulent. Manipulation and "rigging" are possible under it, and the whole thing reeks of hypocrisy, as promises made repeatedly in campaign speeches and platform pledges are blatantly disregarded.

BEING BAMBOOZLED

When will Americans begin to realize they are being bamboozled? Delegation after delegation went home from the Democratic Convention here with a feeling of bewilderment and helplessness. It was a feeling that someone else had decreed what they were to do and that their role as delegates was one of puppetry.

★ ★ ★

If a presidential-preference primary were held nationally by each party and the privilege of voting therein given only to those who had formally registered beforehand in a particular party—thus disqualifying them from participating in the opposite party's primary—there would be a chance to count the total number throughout the nation in a particular party.

The candidate who carried the popular vote of the whole country in his party would become the presidential nominee, and the second highest would be the party's vice presidential nominee.

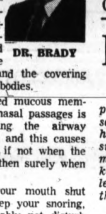
Dr. William Brady Says:

Too Much Salt Intake Can Make People Snore

Some persons snore because they take too much salt. They acquire the habit of sprinkling salt on everything, even before they taste the food, which the cook has already salted.



DR. BRADY

Habitually eating too much salt keeps the body tissues waterlogged. This waterlogged or boggy state is especially pronounced in the lining of the nasal passages and the covering of the turbinate bodies.

The water-logged mucous membrane lining the nasal passages is swollen, narrowing the airway through the nose, and this causes mouth breathing, if not when the person is awake then surely when he falls asleep.

If you keep your mouth shut when you're asleep your snoring, if any, will probably not disturb the neighbors. It is open mouth snoring that worries the captive audience.

WATER-LOGGED SNORER

A water-logged individual lying flat on his back with mouth open snores noisily.

If he is completely relaxed his tongue drops back and blocks the airway to the windpipe like a ball valve, momentarily choking or strangling him.

The common expression is "he swallows his tongue." Even though this rarely proves fatal it is distressing to anyone who has to listen to it.

To relieve or correct open mouth snoring, no matter whether the individual is just asleep or in coma, turn him to one side or the other, almost prone, that is, almost on his belly, in a position like that of the subject in Schafer's prone-pressure resuscitation.

At the same time raise the foot of the bed on blocks four or five inches high. A person lying with hips higher than shoulders does not so readily "swallow his tongue" when unconscious.

This maneuver not only eases the difficult breathing of a comatose person but relieves the strain on everyone around him.

If for any reason a snoring patient cannot be turned off his back, merely drawing his jaw forward and hooking his lower front teeth on his uppers—as in applying mouth-to-mouth resuscitation — keeps the tongue from falling back and blocking the airway.

Of course, it is necessary to hold the jaw in this position, if the patient can't be turned, but even so it is sometimes a tremendous relief thus to quiet the "death rattle."

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Prison Term Can Be Profitable

Smart men like Ned can profit from a prison term and salvage those years by learning how to play the game of life successfully. Everybody makes mistakes, but it is stupid to keep on doing so. Instead, learn how to win by playing the game legitimately.

By DR. GEORGE W. CRANE

CASE F - 419: Ned R., aged 39, is ending 10 years in prison.

"Dr. Crane, we have followed your column in the Columbus CITIZEN with great interest," he began.

"In fact, we now have classes in this prison where we study public speaking and other topics that involve Applied Psychology.

DR. CRANE

"You may not know it but hundreds of your educational bulletins are circulating among the inmates and are being used in our class work.

"I am due for a parole in a couple of months. I plan to return to my wife and two children who are now in high school.

"Although I've been away from them for a long time, I have tried to help make up in a small way, at least, by urging the children to study the 'worry-cliple' every day.

★ ★ ★

"Any my wife makes a scrapbook of all the cases, too. They have cleared up a lot of mistaken notions that I used to have, so I should be a far better husband and father when I return home."

NEVER TOO LATE

Christ was crucified between two thieves. One of them didn't profit from contact with the Great Teacher. But the other did.

It is thus possible for every human being to break his slavery to bad habits and direct his future behavior by his brain.

We can lop off excess fat by dieting. We can break the liquor habit or the tobacco habit or the gambling habit, or our addiction to drugs and thievery and other crimes.

Perhaps the vast majority will remain slaves to their past habits. But you don't need to do so. It is up to each person.

Saul of Tarsus was a vindictive, bigoted religious fanatic who persecuted even his own people. He was actually worse in this respect than Hitler.

But he received a new point of view on the road to Damascus, and ever afterward was just as zealous in the cause of Christianity.

Men like Ned, who have spent time in prison, can actually utilize those years as an opportunity for constructive education. A prison term can serve like four years in college as a time to acquire a lot of helpful information for happy, normal family life back home.

LIFE'S A GAME

Successful living is a game. It has certain rules. And violation of those rules leads to punishment.

In a similar manner, on the gridiron a player is penalized for violating rules. Thus, offsides and holding and unnecessary roughness, draw 5 to 15 yard penalties.

★ ★ ★

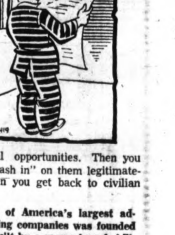
In the game of life, if a player tries to steal money, instead of earning it in an approved social manner, he is penalized. If a basketball player draws too many penalties, he may be taken out of the game, at least for a quarter.

A law breaker in modern society is likewise taken out of the game for a given space of time in prison.

But does that basketball player use that time to develop more ways of breaking the rules? Certainly not!

Nor should a prisoner of the law waste his time in jail studying other methods of committing crimes when he gets out. That is a stupid, juvenile attitude.

So if you are in jail or in military service or in college, take full advantage of all constructive educational opportunities. Then you can "cash in" on them legitimately when you get back to civilian life.



One of America's largest advertising companies was founded and built by a man who rehabilitated himself while serving a prison term.

I have personally written many letters to men like Ned who were in prison throughout America for they can make topnotch citizens when they return home.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long-to stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Gives Support to Editorial Against Fireworks Display

The editorial in The Press on July 11, regarding the disastrous use of fireworks over the July 4 weekend was excellent. I wish to add my wholehearted support to everything that was written.

★ ★ ★

I am very familiar with the particular fire loss that was mentioned. I have seen many bad fire losses, but I don't remember any that were any worse in a private residence.

★ ★ ★

Fire which destroys your surroundings and possessions and completely disrupts your normal pursuit of life (if you are lucky enough to live) is bad enough. But when it is caused by a fireworks display that provides only temporary pleasure for relatively few people, it is disgusting.

'Welfare State Will Support Families'

A word of advice to the poor unfortunate who wants to know how to keep his wife and girl friend on little money:

Where have you been the last few years? Apparently you don't know what has been going on in this welfare State.

★ ★ ★

Get the friend on the ADC — Aid for Dependent Children, and legitimate family on the welfare. That way the more children, legitimate or otherwise, the more you will have to spend on race horses. Then on the money your bookie makes for you, you have it made.

★ ★ ★

There's nothing to worry about—let the taxpayers support you. They love little children. To find fault with this system of underwriting potential juvenile delinquents is to make motherhood a crime, and we couldn't do that, now could we?

'Adlai Shows Mark of Spineless Man'

Adlai Stevenson was the most pathetic person at the convention. His expression of fright, eager search for approval is the mark of a spineless man and the thought of him as President or Secretary of State is frightening. Seeks to Aid Business

U.S. Nudges Economy

By SAM DAWSON

NEW YORK (AP)—Uncle Sam keeps giving this or that nephew a nudge toward getting more business done. One day he is trying to make money a bit easier for corporate or government borrowers. The next day he is trying to get home building to start up at a little faster pace.

The federal agencies involved point out that this is far short of pump priming. They also deny that their aim is to head off a recession, which they insist isn't in sight.

* * *

And those who manage the nation's money supply and availability shy clear of any involvement in the political debate over how fast the economy should grow—a debate that seems sure to do some growing itself before November.

But whether the nudges to the economy are negative in the sense of merely easing financial pinching here and there, or positive in the sense of getting business on a definite uptrend again, the nudges come along fairly regularly.

AID BANKING FIELD

In the banking field they are mostly attempts to give commercial banks more money to lend business. The Federal Reserve lowered its charges on loans to member banks. From time to time it buys U. S. securities in the open market to increase bank deposits so that more money can be lent. (Unused as yet is the Federal Reserve Board's power to lower the amount of reserves member banks must keep with it.)

* * *

The banks insist the effects so far have been scarcely noticeable in their case. They haven't much more, if any, money to lend. But the Federal Reserve's leaning toward easier money is there for all to see. And short term interest rates have generally turned lower.

In the home building field federal agencies have eased up on credit terms and tried to make home mortgages more attractive to investors. The aim is to pep up building and home buying, which have been running behind year ago figures.

* * *

The Federal Home Loan Bank Board puts outstanding mortgage loans at around 133½ billion dollars. But home builders complained that tight money last year and early this year made it hard to find more money for new mortgages, and thus cramped further building.

Send Troops to Congo, U.N. Requests Sweden

STOCKHOLM (UPI)—Swedish officials confirmed today that Secretary General Dag Hammarskjold has asked Sweden to contribute 1,000 troops to the U.N. force in the Congo.

* * *

The spokesman said the troops probably will be taken from the Swedish contingent in the Gaza Strip.

* * *

Prime Minister Tage Erlander called his Cabinet to an urgent meeting to discuss the Hammarskjold request.

Deaths Elsewhere

NEW YORK (AP)—Dr. Aaron N. Gorelik, 58, internationally known heart surgeon, died of a cerebral coma Sunday in Parkchester General Hospital. Last April Gorelik performed a delicate heart operation on Stellakis Parthenopoulos, 4, a Greek boy who had been considered beyond help. The youngster is now living a normal life in Greece.

* * *

NEWTON, Mass. (AP) — Edward F. McGrady, 80, former assistant secretary of labor and pioneer in the labor-management relations field, died Sunday. He left government service in 1937 to become labor relations official for Radio Corp. of America, later becoming a vice president and director of RCA.

* * *

OXFORD, England (AP)—Air Marshal Sir Raymund Hart, 61, radar pioneer, died Saturday at his home near Oxford. In 1936 he became associated with Sir Robert Watson Watt and was responsible for training the first radar operators and for developing the radar reporting system. He retired from the Air Force last year after 42 years service.

* * *

MODERN MAILBOX — Mrs. Norma Ivey of Harper Woods leans on a mailbox as mddern as her home. It is the first new design approved by the U. S. postmaster general in more than 50 years. The mailbox was designed by an industrial design firm of Harper Woods and is being manufactured in Waterbury, Conn.

Because faster trains require it, railroads have increased the number of ties per mile of track to 3,020. First railroads used 2,640 ties to the mile.

Lagging Steel Output Cuts Lakes Tonnage

CLEVELAND (AP) — June bulk cargo tonnage on the Great Lakes was more than a million net tons under a year ago, mainly because of a cutback in iron ore shipments due to lagging steel production, the Lake Carriers' Assn. reports.

* * *

June grain shipments of 1,803,264 tons were 8,933 tons above a year ago; coal shipments of 5,934,572 net tons compared with 6,153,664 tons in June of 1959; and iron ore cargoes were off nearly a million tons, totaling 12,038,328 gross tons.

* * *

For the three commodities, shipments in 1960 to July 1 amounted to 56,427,516 tons, compared with 53,926,931 tons last year.

Says Television Has Foul Effect on Egg Eating

MEMPHIS, Tenn. (AP) — A spokesman for the egg industry says poultry farmers are losing customers because people stay up too late watching television.

* * *

Ray E. Parmenter of Franklin, Mass., explained the drop in egg sales. He is president of The American Poultry and Hatchery Federation, here for its 44th annual exposition.

* * *

When people stay up too late, Parmenter said, they get up late. They don't have any time for a good breakfast. They don't have time for eggs.

Old NATO Buildings to Be Razed by Winter

PARIS (AP) — The old North Atlantic Treaty Organization buildings, long an eyesore, will be torn down by February.

★ ★ ★

Demolition started right after the collapse of the summit conference in May, for which the buildings served as a press center. NATO headquarters now is at the Porte Dauphine, near the Bois de Boulogne.

Has Phone Put in Bathroom

Rocky Girds for Battle?

By JOSEPH E. MOHBAT

CHICAGO (AP)—Here are some of the goings-on as Chicago primps for the Republican National Convention:

★ ★ ★

Gov. Nelson A. Rockefeller of New York can hear the latest from his staffers no matter what he's doing—even shaving. A gold-plated wall telephone has been ordered installed in the bathroom off the master bedroom of his five-room Sheraton Towers hotel suite.

★ ★ ★

Rockefeller's suite on the 21st floor has been redecorated at a cost of $10,000. The Sheraton chain has brought in special antiques from its Boston warehouse to decorate the hotel during his visit.

★ ★ ★

When the gavel thunders for order in the hall, it will strike a specially installed gavel post mounted on the concrete floor and not attached to the rostrum. This way, teleprompters, speakers and other items on the rostrum won't jiggle when the gavel is pounded.

★ ★ ★

GOP headquarters at the Conrad Hilton already is pouring out hordes of trinkets bearing the "Republican" message. Among the gimmicks are mechanical elephants, cigarette lighters, badges and hats. For the ladies, sample bottles of perfume are labeled "GOPtimism."

★ ★ ★

Estimated cost of revamping the amphitheatre for the convention is 2½ million dollars, mostly by the television networks.

★ ★ ★

Preconvention tourists can view the International Amphitheatre this week. Twenty-five dark-skirted, white-bloused college coeds and 25 male college students will conduct tours of the hall every 10 minutes, about 150 tours daily.

★ ★ ★

One of the last chores before the opening gavel will be a fine-toothed comb inspection of the hall by a police bomb squad. Thereafter only authorized persons will be permitted in the amphitheatre.

Arabs Boycott Jeff Chandler and Danny Kaye

DAMASCUS, Syria (AP)—The Arab League has extended its boycott for dealings with Israel to nine American companies and film stars Jeff Chandler and Danny Kaye.

★ ★ ★

Twelve European and Asian businesses also were added to the black list of companies barred from operating in or sending their products into all Arab countries.

Kaye and Chandler were blacklisted for "pro-Israel affiliations and services for Israel's interests."

★ ★ ★

The additional American companies banned for doing business with Israel include Firestone International, Bulova Watch Co. and its parent, Bulova Foundation, Studebaker-Packard, Cal Am Inc., Mitenberg & Samton Inc., Fairbanks Morse & Co., American-Palestine Trading Corp., Fairbanks Whitney, and the maritime company Garcia & Diaz, Inc.

FOR ROCKY — Jack Barnes is chairman of the national "Draft Rockefeller" committee, which is seeking to have New York Gov. Nelson Rockefeller nominated as president. Barnes says 273 of the 1,331 delegates to the Republican convention are aligned with Rockefeller — excluding the New York delegation.

GOP Demonstrators Will Support Anyone

United Press International

CHICAGO (UPI) — Don't be surprised if the same happy, enhanced faces show up in demonstrations for both Vice President Richard M. Nixon and New York Gov. Nelson Rockefeller at the Republican National Convention next week.

Young Republicans have gathered an army of marchers to throw onto the floor of International Amphitheater at any and every outburst of "I give you a great American . . ." oratory.

Their captains say they won't play favorites.

Not in this convention where candidates may be as scarce as Democrats and in this television age when hoopla helps glue Dad to the den instead of lawn mower.

★ ★ ★

"We'll have plenty of demonstrators for anybody who wants them," said Maurice Colburn, cochairman of the Young Republicans Committee on Arrangements.

"We're not going to try to force anybody to go cheer for anyone he doesn't want to cheer," he said, "but we'll have Young Republicans to coordinate the demonstration activities—see to it that the color and enthusiasm are put out front."

Colburn estimated he would have a pool of more than 5,000 Young Republicans from which to draw manpower needs.

U. S. Grants Preceded Forest Conservation

NEW YORK (UPI) — Before conservation of forests was thought about in the U. S., the Federal government distributed public land to settlers and purchasers in the form of grants, the Twentieth Century Fund notes.

In one instance, a railroad was granted nearly 40 million acres. One state sold some of its finest hardwood forests for 10 cents an acre.

Farmers' Share Is 38c

COLLEGE STATION, Tex. (UPI) —How much of your food dollar gets back to the farmer? Economists at Texas A&M College say it is about 38 cents. The remaining 62 cents goes for the costs of getting the food in the form you want it, at the time and place you want it.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge. Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAID moisturizes dry, hardened waste for easy passage without pain or strain. (2) COLONAID'S unequalled rebulking action helps restone flabby colon muscles. (3) And COLONAID acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONAID won't interfere with absorption of vitamins or other food nutrients. Get COLONAID today! Introductory size 43¢.

U2s Provide Fallout Data

Continue Flights Over Friendly Nations on Sampling Program

WASHINGTON (AP) — Flights by U2 planes have provided science with valuable information of the kind of global fallout a nuclear war might produce, the government reports.

★ ★ ★

The low-winged planes of the type downed by the Soviet Union last May 1 are still gathering information in their high altitude sampling program.

★ ★ ★

After the tempest stirred up by the May Day spy plane flight, the government announced that such flights over the Soviet Union had been discontinued.

★ ★ ★

A report on the high-altitude sampling program was released Sunday night by the Defense Department. It voiced the government's thanks for the right to conduct U2 flights over Argentina, Canada, Mexico, Venezuela, Brazil, Bolivia and Paraguay.

Annual Day Camp Sessions at Camp Oweki Attracts Record Number of Girls

Campfire Girls Out at Lake Learn What's Cooking

Pontiac Press Photos

Putting out Camp Oweki's daily newspaper is just one of the exciting activities area campfire girls find at their annual day camp sessions at Gullick Lake. From left are editor Mary Anne Walsh of Erie driev, Bluebird Carrie Brown of Howell street and Cathy Witherup of Clarkston.

Sometimes the best of campers require minor on-the-spot first aid. Responsible for this safety measure at day camp is Mrs. Bernard Stickney of South Frances street, at right. She bandages Diane Adams of Opaline street while Linda Shaw, left, of Elizabeth Lake road and Patti Searle of Hershey street look on.

Carry Two: Lend One, Use Other

By EMILY POST

Dear Mrs. Post: Will you please tell me how I can tactfully refuse to lend my fountain pen to those who ask to borrow it? I am a "crank" about my pen and dislike having anyone except myself, write with it, but never know how to refuse without seeming disagreeable. Can you help me?

Answer: I know exactly how you feel, because I write very lightly with my pen, hardly touching the paper, and anyone using one of mine and pressing even moderately hard can ruin it for me.

If you don't wish to explain this to every would-be borrower, you might carry two pens, one for use and one to lend.

★ ★ ★

Dear Mrs. Post: I have been going steady with a boy for five months. Yesterday, I received an invitation to a friend's wedding. The envelope was addressed to me alone and made no mention whatever of my boy friend. The bride knows that I have been seeing this boy. Would it be proper to call and ask her if my boy friend is included in the invitation, or should I accept the invitation and attend the wedding alone?

Answer: If you were engaged, you could properly ask for an invitation for your fiance, and if among your friends "going steady" is considered almost as being engaged, you may ask if you can bring this boy. Otherwise, you either regret the invitation or accept it and go alone.

★ ★ ★

Dear Mrs. Post: We have just had our furniture reupholstered with very expensive material. We saved quite a long time to have this done and are very pleased with it. However, we also have a problem because of it.

Some of our friends have a habit of sitting with one foot tucked up under them, resting on the chair. When I see this it almost makes me sick as our furniture is very light in color and every mark shows.

Must I sit in silence while my furniture is being ruined, or can I bring it to the attention of the offender, and if so, how?

Answer: The only thing I can suggest is that you keep a piece of material handy and when you see one of your guests put her foot on your furniture say, "Let me put this under you because that chair is a perfect nuisance and shows every mark."

★ ★ ★

Dear Mrs. Post: I recently went to a bridge luncheon given for an out of town guest. I won a prize, which I kept. I was told that I should have given it to the guest of honor. Was I wrong to have kept it?

Answer: You were quite right in keeping the prize you won, for yourself. In fact, I doubt that the guest of honor would have accepted a prize she had not won.

Face Facts, Quit Harping, Says Abby

Nonsocial Mate Redeemed by Extra Attention to Family

By ABIGAIL VAN BUREN

DEAR ABBY: Is my husband wrong in refusing to attend social functions, some of which concern our children?

We get invitations to school affairs and church suppers, but he flatly refuses to go. I blew my top when he refused to go to a Father-and-Son banquet at the church.

To be fair, I must admit he is a good father and a perfect husband. He spends all his spare time with the children and me — but he says he has no desire to make small talk with a crowd of people he barely knows.

ABBY

I say he owes it to his children to attend these affairs whether he likes them or not. If I am wrong, please tell me and I'll never argue the point with him again.

WILLING TO LISTEN

DEAR WILLING: Face it. Your husband is non-social. If he gives you and the children all his spare time, that more than offsets his refusal to attend social functions, whether they concern the children or not. Maybe if you'll quit harping about it, one day he'll decide to go.

★ ★ ★

DEAR ABBY: I have been married only five weeks and already I am having trouble. My husband told me he doesn't want me wearing pedal pushers or any kind of shorts in public. He absolutely put his foot down. I used to live in things like that before I was married and he never said a thing against them.

All he says is, "You are my wife now and it is different." Do you think he is fair in his demands?

EMILY

DEAR EMILY: I think he is fair and remarkably intelligent. Do as he says.

★ ★ ★

DEAR ABBY: Should not appointments be respected by everyone concerned? Why should a patient, who has made an appointment weeks in advance, be made to sit in a reception room for an hour and a half? Surely after years of experience, x-rays in advance, etc., a professional man knows approximately how long it takes to render all services.

My time is as valuable to me as a physician's or a dentist's time is to him. The last call cost me $4 for ten minutes with the physician, plus 2½ hours lost in his waiting room. The total was $9 plus a lot of aggravation.

SLOW BURN

DEAR SLOW BURN: Physicians are frequently called out on emergency calls. In some instances, patients rush into the office for emergency treatment. Physicians and dentists cannot always know how much time each patient requires. The secret to being a patient patient is to do something else while you're waiting. Your doctor is not fiddling, so don't burn.

Crafts in the out-of-doors is a wonderful way for a girl to spend part of a summer day. It's a sugar-coated way of developing coordination, too. MacLaren Vows Repeated

After candlelight nuptials in the First Congregational Church, George Franklin Vishnia of Amherst, N.Y., and his bride the former Gail Ann MacLaren left for a Pocono Mountain resort in Pennsylvania.

The Rev. Malcolm K. Hunter performed the ceremony in the chancel decked with white gladioli in tall standards. Altar flowers were white snapdragons.

★ ★ ★

Receiving with the Robert MacLarens of Delaware drive in the church parlors were Mr. and Mrs. Andrew Vishnia of Jamestown, N.Y., parents of the bridegroom.

The bouffant bridal gown of pure silk white organza and Chantilly lace featured a draped pouff and chapel train. Scalloped lace, re-embroidered with seed pearls, accented the modified scoop neckline and cascaded down the skirt front.

Silk illusion fingertip veiling fell from a crown of iridescent sequins and seed pearls. The bride held a hand-cascade of white cymbidium orchids, stephanotis and ivy.

★ ★ ★

The attendants, in pink organza over taffeta, wore matching petal hats with circular veils.

Mrs. Karlo Akerros of Rochester, her sister's honor matron carried a cascade of pale pink carnations and miniature pink roses.

Bridesmaids were Carol Cowgill of Birmingham; Mrs. Theodore Chassey of Rochester; Mrs. Jay Bates of Marquette, former college roommate of the bride; and the bridegroom's sister Mrs. Eugene Oberg of Akron, Ohio.

MRS. GEORGE F. VISHNIA

They held cascades of deep pink carnations and ivy.

★ ★ ★

Flower girl Heather Holt of Rochester, in white silk organza over pink taffeta with pink cummerbund, carried a nosegay of pale pink carnations and roses.

Lyle Sammons of Alma was best man. Guests were seated by Eugene Oberg, the bridegroom's brother Thomas Vishnia of Jamestown, Richard Calanni of Buffalo and Karlo Akerros of Rochester.

Mrs. Lee A. Kremer and Mrs. David Zamek assisted at the reception.

★ ★ ★

Before leaving on the honeymoon, the new Mrs. Visnia changed to an Italian silk sheath dress in a soft antique gold shade.

The newlyweds, both Michigan State University graduates, will live in Amherst, N.Y., where the bride has accepted a teaching position.

★ ★ ★

Violet-shade orchids and violet velvet hat complemented the dress of gale aulait embroidered silk organza over taffeta for the mother of the bride.

Mrs. Vishnia appeared in bone shade silk organza over taffeta, styled with side drape, and matching silk petal hat. Her corsage was of pink roses.

Guests were from Glasgow, Scotland, Worcester, Mass., Jamestown, N.Y., Buffalo, N.Y., Lake Geneva, Wis., and Chicago.

★ ★ ★

The bride's parents were hosts at the rehearsal dinner Friday in the Edgewood Country Club.

'Way Out' at Cranbrook Stadium

Brubeck Brews Cool Jazz

The Dave Brubeck Quartet played Sunday afternoon at Cranbrook Stadium to a large crowd.

★ ★ ★

Its appearance marked the final concert in Cranbrook Music Guild's summer series.

While performing with unity as a group, each of the musicians exhibited an individual flavor. Quartet members are Brubeck at the piano; Paul Desmond, alto sax; Joe Morello, drums; and Gene Wright, bass.

★ ★ ★

The impromptu style of playing and the flavor of leader Dave Brubeck's comments to the audience between selections gave a feeling of participation to the listeners.

Some of the music was red hot and some, c-o-o-l. Despite individual styles in solo, the quartet played in sympathetic ensemble. It is this quality that has gained it a reputation as a leading jazz organization.

After the quartet's version of Disneyland songs, Joe Morello beat out a splendid drum solo.

★ ★ ★

The slow movement of a symphony written by Dave's brother Howard was played — minus the symphony orchestra. Next month at Grand Rapids, the quartet will play the work in its entirety with orchestral accompaniment.

★ ★ ★

The audience enjoyed Brubeck's remarks, chuckling appreciatively throughout the program.

Meet for Weekly Bridge Tourney

Land - O - Lakes Duplicate Bridge Club held its weekly tournament Friday evening at the CAI Building, Waterford.

Winning first were Mrs. Robert Segula and Ernest Guy. Other winners were Mrs. Melvin Small and Mrs. Ernest Guy, and Dr. and Mrs. Maurice Willis.

Get Glue Out Fast

(UPI)—If you spill glue on clothing, soak it in lukewarm water immediately. The glue will dissolve. If you must wait until later, soak the spot in warm salt water. If the fabric is not washable, sponge the spot with white vinegar.

Going Abroad? Take Soap and Shampoo

(NEA) — If you're contemplating a first trip to Europe, there are definite beauty tips to keep in mind.

For one thing, European hotels do not place soap in the bathroom. So take your own and bear in mind that many cities (Paris, for one) have hard water. If your skin is delicate, take along water softener.

Undoubtedly, you'll have your hair done while you're abroad, European salons generally are excellent but you'll do best to bring your own shampoo. Many shampoos now come packaged in miniature plastic containers holding enough for one shampoo each.

Tuck some of these into the corners of your suitcase. Take along your own cleansing tissues. They are not easily available in Europe and where they are, they are expensive.

Methodist Women Set Gathering

One Circle Slates Picnic Tuesday in White Lake Twp.

The Women's Society of Christian Service of the First Methodist Church will meet this evening with Mrs. Lawrence W. Bergo on Myra avenue. Mrs. Norman J. Legge will be in charge of the program and devotions.

★ ★ ★

The Vivian Otto Circle has scheduled a picnic dinner Tuesday at the home of Mrs. Morton Jorgenson on Mead Lane, White Lake Township. Millicent Solley will give the devotions and program.

Mrs. Lewis H. Butler of Joycell drive, Waterford Township, will be hostess Wednesday at dessert luncheon to members of Maria Simons Circle. Mrs. Robert Tallman will present a program and Mrs. Dudley Colby will give devotions.

The Helen Des Jardins group will attend a brunch Wednesday at the church.

★ ★ ★

Two circles will meet on Thursday. Mrs. W. H. Bedard of Crescent Lake road will be hostess to the Margaret Johnson group. The Jean Bagnall Circle will meet with Mrs. Ralph Rowley on West Walton boulevard for a subscription luncheon.

★ ★ ★

Highlight of the cooperative picnic Thursday at the Watkins Lake home of Mrs. Glen E. Fries was the presentation of a life membership in the Woman's Society to Mrs. J. W. Green.

ELIZABETH T. BRADLEY

The James H. Bradleys of Spokane drive announce the engagement of their daughter Elizabeth Taft to William Peck Hampton, son of the Verne C. Hamptons of Bloomfield Township. The bride-elect attends Michigan State University where her fiance received his degree.

Hair Length Is Your Decision for Summer '60

(NEA) — Your hair length, this spring and summer, is a decision entirely up to you and not one dictated by fashion. It may be cut short, with a fairly sleek look, or it may be worn long enough to permit a quick change in hair styles.

Either way, it won't be as bouffant and bulky as in past seasons. The new look is smoother, closer to the head, with a gentle wave reinforced by a good but invisible permanent.

★ ★ ★

Though most hairdos suggest height in some way, it's not an exaggerated height.

Altogether, these simpler hair styles mean that summer driving, dancing or a day at the beach needn't turn you into the semblance of an unshorn French poodle. But once you've decided on a hair style, have an expert cut it and style it for you.

Most women like their hair shorter for summer. So have a good permanent, one that will hold the line in sun and surf.

Start Husband Right; It's Easier That Way

By RUTH MILLETT

Husbands CAN be spoiled.

Almost every batch of mail that comes to my desk contains letters from wives who have foolishly spoiled their husbands in the first years of marriage and then find it impossible to get their husbands to quit acting like the star boarders the wives have let them become.

So if you don't want to spoil your husband, don't get off to the wrong start in the first months and years of marriage.

Don't take over the heavy yard work because it is easier to do it yourself than to get your husband interested. If you do, you'll be the family "yard man" the rest of your married life.

★ ★ ★

Don't run around behind your husband picking up the things he carelessly throws down. Tell him right at the start that if he wants a well-run home, he can't act as though he were living in a hotel.

Don't let him get by with doling out money to you in bits and dabs.

Either say you would like a joint checking account or work out a household budget so that you get a set amount each week or month for housekeeping expenses, spending money and so on.

Of the two the joint checking account is better, for it makes you your husband's full business partner.

Don't make a practice of always giving in to your husband's wishes in order to avoid an argument. You have a right to get your way once in a while.

Don't let your husband become a stay-at-home stick-in-the-mud who never takes you anywhere or a gay blade who goes out with the boys all the time just as he did when he was single. (That doesn't mean your husband shouldn't ever have an evening out, but that the majority of his evenings out ought to include you.)

★ ★ ★

Just remember that it is easier to start a husband out in the way he should go than to try to change him after you have let him get headed in the wrong direction.

GET THE MOST OUT OF MARRIAGE; order your copy of Ruth Millett's new booklet, "How to Have a Happy Husband." Just send 25c to Ruth Millett Reader Service, care of The Pontiac Press, P. O. Box 489, Dept. A, Radio City Station, New York 19, New York.

Churchwomen in Family Picnic

Family picnic for the Women's Society of Christian Service, Oakland Park Methodist Church, was held at the Oxley drive home of the Bert E. Weddles in Waterford township Thursday. Deborah Circle was the hostess group.

Marie Adams, missionary from Japan, will speak to the subdistrict at 7:30 p.m. Sept 29 at the church.

Guests were Mrs. Frank Mash, Mrs. Charles Branscombe and the Joseph Sandersons. Frank Martin gave the devotions.

Rebecca Circle met for a brief business session following the picnic dinner.

A moist wad of steel wool, well lubricated with soap or detergent, will erase rubber heel marks from linoleum floors.

Homemaker Buys 4 Sheets at Once

NEW YORK (UPI)—The average housewife buys four bedsheets at a time, according to a survey by a trade publication.

Last year, distaff customers bought upwards of 140 million sheets, 10 million more than the previous year. About 25 per cent of these bed linens were colored; 23 per cent were fitted.

Skin Changes

Did you know that your skin type doesn't always remain the same? Not only can it change from year to year, but it usually changes with the seasons. In summer, for example, you may have twice as much oiliness as in winter. This need not be true for the entire complexion, as this come-and-go type of localized oiliness is fond of showing up in the center portion of the complexion—the forehead, nose and chin. The rest of the skin can be left perfectly arid and parched.

Did you know that you must have a new permanent if your hair is to be attractive and manageable for the remainder of the hot weather? Call us for a lovely new wave.

Shed It During Hot Weather

Fat Just Like a Fur Coat

By JOSEPHINE LOWMAN

Overweight may make you jolly but it also makes you hot. It's like wearing a fur coat in hot weather. And, extra pounds make your body and your heart work harder.

In some ways hot weather is a splendid time to reduce. It is easier to do so now because our appetites are not whetted by sharp winter winds and cold temperatures.

Fashions in hot weather eating have changed just as fashions in figure and clothes have. We seldom see the frozen salad which contains a great amount of cream, for instance.

* * *

In its place we find salads of crisp greens of great variety, lightly seasoned with oil and vinegar, lemon juice and herb dressing. If the salad is more elaborate, it is usually the gelatin-fruit variety.

VEGETABLES FRESH

Then, too, it is easier to plan slimming but appetizing meals since there is such a gorgeous variety of fresh fruits and vegetables on the market. Learn to enjoy fruit with only its natural sugar and vegetables only lightly cooked and buttered, and the crisp salads I have mentioned.

Add to this lean meats, skim milk, hard boiled eggs, fruit juices and a moderate amount of starch and you have a perfect summer slimming diet. It will be much easier now than later on because actually these foods are more appealing than the heavier, richer foods when the thermometer soars.

So, why not put your human fur coat away and feel and look more comfortable and lose weight more comfortably?

* * *

If you would like to have my calorie chart, send a stamped, self-addressed envelope with your request for leaflet No. 36. Address Josephine Lowman in care of this newspaper.

In the summer, salads of crisp greens of great variety, lightly seasoned with oil and vinegar, lemon juice and herb dressing, are in fashion.

Chocolate Cake Recipe Makes Large Size Loaf

By JANET ODELL
Pontiac Press Home Editor

Since chocolate is a universally favorite flavor, can we ever have too many recipes for chocolate cake? This one's absolutely foolproof, says the cook who shares the following recipe with us. It never lasts long at her house.

* * *

Mrs. Carson Kizer was busy getting things ready for her daughter's wedding when we talked with her. We think the daughter is the one who likes this cake most of all. Her family and her church keep Mrs. Kizer well occupied.

JANIE'S CHOCOLATE CAKE
By Mrs. Carson Kizer

1½ cups sugar
½ cup butter or margarine
2 eggs
½ cup cocoa
½ cup milk
1¾ cups sifted flour
Salt—just a dash
2½ teaspoons baking powder
½ teaspoon soda
¾ cup boiling water
1 teaspoon vanilla

Cream butter or margarine and sugar. Add eggs and beat well. Sift cocoa, flour, salt and baking powder. Add alternately with milk, blending after each addition.

Add soda and vanilla to boiling water and add to cake mixture just before pouring it into a 9x13 greased pan. Bake 30-45 minutes in 375-degree oven or until cake tests done. Frost as desired.

We Can Help Child Understand His Anxiety

By MURIEL LAWRENCE

Three days before leaving for his first summer at camp, Gordon asked his mother:

"Will they let me telephone you if I wanna come home?"

The next morning he wanted to know what you did about counselors who make you take hikes in shoes that hurt.

When he finally wondered how you handled bigger campers who tried to push you around, his mother put down the trowel with which she was working in the garden and set herself to the task, not of removing Gordon's anxiety but of reassuring him of his ability to survive it. She said:

"Do you remember that weekend trip you took with Whitey and his parents? At the last minute you weren't sure you wanted to go. But you went and had a fine time.

"Then there was the first time you went downtown along. You were afraid you couldn't dind the right bus to get home — but you did."

* * *

And she went on to find in Gordon's past experiences of separation from home, reassuring examples of his competence to deal with the approaching one.

So Gordon went off to camp with the appropriate "wait and see" attitude, his anxiety no longer resisted but accepted as natural and unavoidable.

Because we can never entirely remove a child's anxiety over new experience, we should not try to.

Instead, the task is always helping him to accept his anxiety as a natural part of his growth in responsibility for himself.

In his book, "The Meaning of Anxiety," Dr. Rollo May, one of my favorite psychoanalytic writers, says:

"To the extent that an individual seeks to avoid anxiety and responsibility by refusing to move from the familiar to the unfamiliar, he sacrifices his freedom and constricts his self-awareness."

* * *

"The positive aspects of selfhood develop as the individual confronts, moves through and overcomes anxiety-making experiences."

If mothers appreciate the constructive ends of tension, children's precamp anxiety will not disturb them. Nothing comes to birth without tension — neither babies nor a new piece of ourselves.

* * *

Just as we had to move through the physical tension involved in giving birth to Gordon, so must he move through his precamp anxiety to discover his power to survive it — and a greater trust of himself.

Let's not be afraid for him.

Canada's first airway, with airports, intermediate fields and radio and weather service, was established between Windsor and Hamilton, Ontario, in 1929.

PLAN UF DRIVE — Initiating plans for this year's United Fund Drive at Lake Orion are, from left, Joe Taylor, campaign president; Mrs. Alfred Dacey, chairman of Women's Division; Pete Hammelef, chairman of Industrial Division; and W. Sees Savings in Drain Job

Group in Avon Wants Township to Take On Work at Less Cost

AVON TOWNSHIP — Officers of Brooklands Improvement Assn. believe that a drainage ditch could be built in their area at half the $65,000 cost estimated by the Oakland County Drain Commission if the work were handled by the township.

Sam Cubba, president of the association, said today that the legality of the move is now under study.

* * *

A representative group of Brooklands residents last week voted to petition the Drain Commission for a new drainage ditch, but controversy arose over the size and cost of the proposed drain.

An old drainage ditch now runs through the area, but it is not recognized by the Commission. However, the Commission's proposed drain would follow the same route as the old one.

Cubba said the association felt that the old drainage ditch, built years ago by farmers in the area, could be cleaned and rebuilt in order to handle the needs of the area.

"There are still quite a few disgruntled persons in the area unhappy about spending $65,000 for a ditch," Cubba said. "The association feels that the old ditch could be reconditioned for approximately half that price."

Cubba said the association would like the work to be done through a private firm contracted by Avon Township. The residents then could be taxed by the township rather than the county, he said.

* * *

The problem still remains, however, that the Drain Commission would still not recognize the old ditch even if it were rebuilt and cleaned by the township.

"We are still discussing it with the people in the area and the Drain Commission," Cubba said.

* * *

He also reported that the Commission had not yet sent petitions to the association for the proposed work. The association president doubted that "enough residents would sign the petitions when they did come because of the Commission's estimated cost for the project.

$750,000 in Huron Valley

Seek School Bond Approval

Approval of a $725,000 bond issue will be asked of voters in the Huron Valley School District in an Aug. 29 special election.

* * *

Passage of the general obligation bond, to be used for elementary classroom contraction and additions, would mean a two mill increase in debt retirement taxes.

However, the bond issue would only increase the over-all school tax 44 cents over last year, since the Board of Education was able to reduce operational millage voted on several years ago.

With the proposed two mills for construction, total taxes for next year would be $23.42, compared with $22.98 this year, according to School Supt. Harold O. Hansen.

Without the additional two mills, taxes would total $21.42, or $1.56 lower than this year.

"If the bond issue is approved, it is set up to run for 17 years, but it should be paid off in 13 years or even less since valuation of the area is continually going up," Hansen said.

He cited three other bond issues approved by voters since 1952 that have already been paid off or reduced because of the increased valuation.

* * *

"In 1952 we asked and received approval of a $650,000 bond issue for addition to the Baker and Highland Elementary schools for a 12-year period.

"We were able to pay it off in half that time in 1958."

Two other bond issues approved by voters in 1955 and 1956 have been substantially reduced, he said.

The 1955 bond issue for $1,250,000 requiring eight mills has been reduced to four mills, and a 7½-mill bond issue for $1,200,000 has been reduced to 4.3 mills, Hansen said.

"Funds for additional elementary school construction is much needed in the district," Hansen said. "Enrollment increases are coming from all over the school district."

EXPECT 300 MORE

"We expect approximately 300 new students and we may be crowded to a point a year from now where we might have to have half-day sessions."

The superintendent, however, said there would be no need for half-day sessions for the school year starting this September.

"We're straining at the seams now, but we're utilizing all our resources to keep elementary classes full days by using three classrooms in the high school for lower grades.

"But with the increase expected in high school students, we are going to have to use the rooms for their original purpose."

Hansen said a survey made in the spring by the Detroit architectural firm of Hawthorne and Schmiedeke shows that 30 to 32 new classrooms are needed to handle the elementary load that is anticipated a year from September.

* * *

If approval is given by voters in August to the additional millage, new elementary classrooms could be constructed by the time school starts in September 1961.

There are five elementary schools in the district and an annex to the high school used for elementary classes at present.

Hansen said the additional funds would be used for a new school building, the site of which hasn't been chosen, along with a possible addition to elementary schools in Milford and Highland Township.

One addition for sure to be built, Hansen said, would be on the Brooks Elementary School in White Lake Township.

At present, it has only six classrooms. It would be expanded to 12 rooms if the bond issue is approved, he said.

* * *

Besides Brooks school, other elementary schools are the Baker Johnson, Highland, Duck Lake and the annex at Milford High School.

No definite architectural plans for the proposed construction have been developed yet, Hansen said.

Police to Allow 'Young Artists' to Finish Work

Two Orchard Lake youths who defaced a Bloomfield Hills Bridge with paint smears will be given an opportunity to further their "artistic" endeavors tomorrow.

* * *

Bloomfield Hills Police Captain Walter Sluiter has "sentenced" Robert C. Burrell, 17, and William H. Laitinen, 18, to repaint half of the besmirched bridge.

"This time regular cement colored paint will be used," said Sluiter. The youths had used a much wider range of colors on the Towbridge road bridge June 28 before being caught.

Their palette then included red, orange, black and blue among other colors.

* * *

Their excuse to police when caught was "we didn't have anything better to do."

"We'll be looking for a couple more 'recruits' with an uncontrolable desire to paint to finish the other half of the bridge," Sluiter said today.

The Burrell youth is the son of Mr. and Mrs. Frank C. Burrell of 3649 Wards Point Rd. Laitinen is the son of Mr. and Mrs. William Laitinen of 6310 Commerce Rd.

Parents of both boys agreed wholeheartedly with the justice of the sentence.

Referendum Thursday

To Vote on Wheat Quotas

Farmers who will have more than 15 acres of wheat for harvest as grain next year are eligible to vote Thursday in the referendum on marketing quotas for the 1961 wheat crop, it was announced today.

* * *

Growers taking part in the feed wheat program are excluded from the balloting, however, according to Robert H. Long of the Oakland County Agricultural Stabilization and Conservation office.

Long pointed out that at least two-thirds of growers in the referendum must approve if the quotas are to become effective.

If more than one-third of the voters opposes the quotas, there will be no restrictions on wheat marketing, but allotments will remain in effect as a condition for price support at 50 per cent of parity as directed by law.

* * *

The four polling places will be open from 8 a.m. to 6 p.m. Thursday.

Wheat growers from Addison, Brandon, Independence, Oakland, Orion and Oxford townships will vote at the Oxford Co-op in Oxford.

The Holly Township office is the place designated for voters from Holly, Rose, Springfield, Groveland and the parts of White Lake and Highland north of M59.

Others from Lyon, Novi, Farmington, West Bloomfield, Commerce, Milford and the parts of White Lake and Highland located south of M59 will cast their ballots at the Lyon Township Hall.

The other polling place will be at the County ASC office, 325 Hubbard Bldg., Pontiac, and will be available for voters from Waterford, Pontiac, Avon, Troy, Royal Oak, Southfield and Bloomfield.

Crash Is Fatal to Warren Man

Thrown From His Car, Out of Control on Hill, He Dies 2 Hours Later

WASHINGTON TOWNSHIP — A 42-year-old Warren man died in Almont Community Hospital yesterday two hours after being thrown from his car when it went out of control on a downhill curve on M53.

The victim was Joe Willie Owen of 24706 Van Dyke, Warren, an employe of the Grissom Restaurant, Center Line.

Trooper Orville Dalman of the Romeo State Police Post, who was southbound on M53, saw the accident.

Dalman said he pulled over to the side of the road when he saw Owen's northbound car skidding and bouncing out of the curve.

* * *

The windshield and front lights on the patrol car were shattered by stones thrown up from Owen's car as it bounced along the shoulder.

Dalman said Owen was thrown from the car as it turned over after skidding more than 600 feet.

Another witness, Victor Castell of Fraser, reported that he had been following Owen from just north of Utica.

* * *

Castell said Owen's car had been weaving back and forth on the highway before the accident. Police believe Owen had been drinking.

He was a bachelor, living alone.

Orion Twp. Aims at $6,849 for UF

ORION TOWNSHIP — A $6,849 goal has been set for this year's United Fund Drive here, being planned now by newly appointed directors.

Heading the campaign, to be undertaken this fall, are Joseph Taylor, Orion Community Chest president; Walter Shoup, treasurer; Mrs. Alfred Dacey, secretary and Women's Division chairman; and Peter Hammelef, Industrial Division chairman.

As chairman of the Women's Division, Mrs. Dacey will divide the township into four sections, and appoint a chairman in each.

The chairmen will in turn divide their areas into subsections and appoint a captain in each and assist in enrolling volunteer workers.

A date for the UF Campaign Kick-off Dinner will be set in the very near future, at which time campaign workers will be notified.

Agencies receiving funds from the Pontiac Area United Fund through the Orion Township drive this year are:

Orion Community Projects, Orion Youth Center, Gingejlville Youth Center, Orion Summer Recreation Program, Michigan Cancer Foundation, American Red Cross, Boy Scouts in the Clinton Valley Council, Girl Scouts in the Northern Oakland County Council, Big Brothers, St. Joseph Mercy Hospital Clinic, Salvation Army and the Michigan United Fund.

During the past 18 months, St. Joseph Mercy Hospital Clinic served 250 patients from the Orion area, Salvation Army assisted 210 people, the American Red Cross served 51 cases involving 178 persons, and the Michigan Cancer Foundation served 20 cancer patients.

Participating in the Pontiac Area United Fund are the City of Pontiac, Brandon, Independence, Orion, Oxford and Pontiac and Waterford townships.

Drastic Rise in Drivers Expected in 15 Years

DETROIT (UPI) — Another 30 million drivers are expected to take to American highways over the next 15 years, according to government forecasts.

The predictions are for 111 million drivers by 1975, a 35 per cent rise from the present 82 million drivers.

Most Photogenic Girl Is British 'Pollyanna'

HOLLYWOOD (UPI)—Walt Disney cameraman Russell Harlan says the most photogenic female in Hollywood is a 13-year-old British girl named Hayley Mills.

Harlan said Hayley, star of "Pollyanna," has features which, considered separately, are not particularly attractive. But, he added, "she has a mobile face, natural talent and is incredibly photogenic."

Man Out Bruin Hunting While Bear in Own Yard

GILLETTE, Wyo. (AP) — Rancher Floyd Reno didn't need to go all the way to Canada to hunt bear.

He could have done very well by remaining right on his own front porch.

While Reno was in Canada bear hunting, another rancher, Bob Isenberger, drove by Reno's home, spotted a 600-pound black bear about 400 yards from the doorstep.

Lamphere Schools Note $7,018 Surplus

MADISON HEIGHTS — A $7,018 surplus in Lamphere School District for the fiscal year just ended was shown in the financial support submitted by School Supt. Herbert E. Humbert to the Board of Education.

It is the first time the school district has been in the black for several years. The operating debt reached a $166,000 peak two years ago.

Figured in the report is $104,592 of state aid not yet received.

Lakeland Optimists to See Car Race Films

The Lakeland Optimist Club, at its 7 p.m. meeting Tuesday at the Old Mill Tavern will see films of the NASCAR races at Daytona Beach.

Each member will be fined $1 if he doesn't bring a guest to the meeting as part of the new membership campaign now in progress.

Venice Is Mystic City; Has 400 Hump Bridges

WASHINGTON — The old argument between wheels and keels is again stirring Venice.

For nearly 30 years a vehicular viaduct has been accepted as a necessary evil to link the Italian mainland with the many-isled city of canals and gondoliers. It carries more and more tourists by bus, train, and auto to and from the edge of Venice.

For the traveler who wishes to go on to famous Lido Beach, however, the only available transport is by water.

In consequence, so many time-pressed motorists have bypassed the trip that authorities are pondering the pros and cons of building a subway or a oridge directly to Lido Island.

In a mystic yet practical way, Venice has been married to the sea ever since the islands were first settled 1,500 years ago, says the National Geographic Society.

* * *

A 12th-century pope, Alexander III, performed the first of a series of annual rituals that came to symbolize the perpetual union.

"Each year," he said, as he presented the nuptial ring to the ruling doge, "thou shalt contract marriage with her (the sea) that posterity may know she is thine . . . and that thy power over her is consecrated by me as that of a husband over his spouse."

In the modern city the boatman is still supreme. No cars or motorcycles are permitted. Transit along the canals and lagoons is by gondola, motorboat and chugging water bus or vaporetto.

For pedestrians, Venice offers 400 hump-backed bridges, charming to view but sometimes leading to frustrating dead ends.

A baffled visitor, trapped in an island labyrinth of mysteriously numbered streets and alleys, soon learns that the shortest distance between two points is not always a straight line.

QUEEN OF TRADE AND ROMANCE

For a thousand years, the sea was a generous spouse to Venetian fishermen and traders. The city-state's fortunes reached high tide between the 12th and 15th centuries, when merchant ships of three continents called.

Marco Polo, returning from Asian adventures in 1295, found shops and warehouses of his home town filled with assortments of silks, rainbow-colored glass, precious stones, carved ivory, swords and spices.

* * *

After the 16th Century the Queen of the Adriatic began to decline. Her trade suffered as Orient-bound vessels rounded the tips of Africa and South America. Her Mediteranean empire broke up.

In 1797, the helpless republic was ceded to Austria, then in turn added to Napoleon's Italian conquests, restored to Austria, and finally incorporated into united Italy.

But the city of waters is still vigorous and growing, with a population of a third of a million and thriving industries in glass, lace and metal.

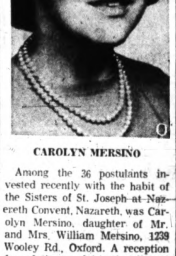
Tourism, its biggest business, brings an annual influx of some 700,000 visitors who come to see its literary landmarks and historic treasures in art and architecture; to attend its international regattas, exhibits and festivals of movies, music and painting.

Dickens called Venice a "strange Dream upon the water." It is a dream, however, that has a practical side.

U.S. Actress-Singer Greeted by Harrison

LONDON (AP)—American actress-singer Tammy Grimes arrived in London today for a week's holiday to "see some plays" with British actor Rex Harrison.

The Titian-haired Miss Grimes tilted her dark glasses so her host could welcome her with a kiss. Harrison's third wife, actress Kay Kendall, died last September.



CAROLYN MERSINO

Among the 36 postulants invested recently with the habit of the Sisters of St. Joseph at Nazareth Convent, Nazareth, was Carolyn Mersino, daughter of Mr. and Mrs. William Mersino, 1239 Wooley Rd., Oxford. A reception for relatives and friends followed the religious ceremony.

Two Street Light Hearings Tonight in Waterford

Two street light hearings will be held from 7 to 9 at tonight' Waterford Township Board meeting.

Residents have petitioned for 78 lights in the Elizabeth Lake Estates area bounded by Cass-Elizabeth Lake road, Winding drive and Lakeside street.

There are 648 assessments totaling $3,426 for the installation. Cost of each will be $3.30 yearly. The township would pay 10 per cent of the total cost.

Residents living in the Sashabaw road-Linda Court area have petitioned to have one light installed on that corner. There are 10 assessments involved, cost of each being $3.78 annually for maintenance of the light.

Firemen Will Squirt Children in Waterford

Children in the Donelson School area of Waterford Township will have a big splash at 2 p.m. Thursday when township firemen open the fire hydrants and squirt them with fire hoses.

Sponsored by the township recreation department, this event is only one of hundreds of extras planned for youngsters' summer leisure activities, according to Director Thomas Belton.

Quick Harmony Blankets Dems

'Loyalty Pledge' Feud With South Fizzles, States Sign Up

LOS ANGELES (UPI) — Southern opposition to the Democratic Party's "loyalty pledge" fizzled out Saturday in a sudden post-convention burst of North-South harmony.

★ ★ ★

All but one of the members of the party's national committee, Judge Tom R. Brady of Mississippi, readily signed the statement pledging their support to the national ticket of Sen. John F. Kennedy and Sen. Lyndon B. Johnson.

★ ★ ★

Outgoing party Chairman Paul M. Butler readily granted Brady a reprieve to consult with his Mississippi party superiors.

He said this was only "fair play" in the case of committeemen bound by their state executive committees.

NODs AGREEMENT

"I am certain his (Brady's) statement will be in the hands of our executive committee in the next two weeks," Butler said. Brady nodded his agreement.

Brady told the committee he did not feel he had the authority to sign the pledge without clearance from Gov. Ross Barnett and members of the Mississippi State Democratic Committee.

But he noted that Mississippi failed to support the Democratic ticket on only three occasions—when William Henry Harrison was elected, when U.S. Grant was elected and when Gov. Fielding Wright ran for vice president on the States' Rights ticket in 1948.

When he mentioned the state's failure to support Grant after the Civil War, Brady added: "You can forgive us that."

Future Clouded for McNamara

Say Williams Should Take Senator's Place in Race if Health Fails

DETROIT (UPI)—The political future of Democratic Sen. Patrick V. McNamara hung in doubt today in the wake of an operation which has touched off reports that he will be forced to withdraw from politics.

★ ★ ★

The 65-year-old "fighting liberal" has shaken off the reports that he will be forced to withdraw from his unopposed race for a second term but rumors persist that he is suffering from cancer.

McNamara, a former AFL labor leader who originally ran for the seat six years ago as a protest against CIO domination of the party in Michigan, was discharged from Harper Hospital Friday.

He is reported in "good condition" at his home and his administrative assistant, Robert Perrin, has reported that the senator will be "back in the race" shortly.

★ ★ ★

Democratic sources in Los Angeles with the Michigan delegation challenged Perrin's view, however, and said the seriousness of McNamara's illness would force him to withdraw from the campaign.

★ ★ ★

In this case, the high party officials said, Gov. G. Mennen Williams, stepping down after 12 years in office, should be named by the State Central Committee to replace McNamara.

New Jury to Hear Second Finch Trial

LOS ANGELES (AP)—A jury of eleven women and one man has been selected to hear the second murder trial of Dr. R. Bernard Finch and his sweetheart, Carole Tregoff.

★ ★ ★

Ten housewives are on the jury—which must weigh evidence in the slaying last July of Barbara Jean Finch, the doctor's wife.

★ ★ ★

The handsome surgeon and his former receptionist were tried on the same charges—murder and conspiracy—earlier this year. The trial ended in a jury deadlock.

★ ★ ★

It took 14 court days to select the new panel. This week four alternates will be chosen.

Man-Eating Fish, Kept in Homes, Alarm California

SACRAMENTO, Calif. (AP)—State officials are alarmed that Californians are stocking home aquariums with South American piranha—fish which devour people, cows, other fish, or anything they can get at.

The Fish and Game Department today announced it will ask the Legislature to ban importation of piranha.

The fish is only eight to 10 inches long, but has sharp teeth and strong jaws. They travel in schools and attack anything that enters the water.

A bill to ban them from the United States is pending in Congress.

Lear Service Center Set

GRAND RAPIDS (AP)—Establishment of a $300,000 service center at Harrisburg, Pa., by Lear, Inc., has been announced. The new unit, which will open in October, is to be operated with aviation supplies and precision flight control equipment.

Industrial Production Down One Notch

WASHINGTON (UPI)—Industrial activity slowed down a notch in June with the slump in steel production a major factor, the Federal Reserve Board reports.

The board's index of industrial production declined one point to 109, which was the March-April level. The index uses the 1957 level of industrial production for the base figure of 100.

"Most measures of economic activity continued to show little change in June at advanced levels," the board said in its national summary of business conditions. "Commodity prices generally were stable."

The production index dipped despite an increase in output of processed foods, apparel and new cars.

Dems Split Up in California

Vote Every Which Way With Governor Unable to Control Them

LOS ANGELES (UPI) — The Democratic Party in California is split six ways from Sunday, an analysis of the delegation's vote for president shows.

★ ★ ★

And if the delegation had had a chance when the Democratic National Convention chose Lyndon B. Johnson as Sen. John Kennedy's running mate, there would have been another California split—even though Johnson was unopposed.

Several delegates told delegation Chairman Clair Engle they would not vote for Johnson—but they never got a chance to register their objections because Johnson won the nomination by acclamation on a voice vote.

But one roll call is on the record—the vote which selected Kennedy.

★ ★ ★

Not only was Gov. Edmund G. Brown unable to muster a majority of votes on the 162-man delegation for Kennedy, but he had little if any control over Democratic congressmen, state senators, assemblymen or big money contributors to the party.

★

Take a look at the votes cast by the 15 congressmen on the delegation:

For Kennedy 5, Adlai Stevenson 6, Johnson 3, Sen. Stuart Symington 1. Plus the fact that Engle went with Symington.

As for the state Senate which had 17 of its members on what started out to be a "favorite son" delegation for Brown: For Kennedy 10, Stevenson 5, Johnson 1, Symington 1.

★ ★ ★

What all this proves won't be known until Nov. 8 when the Kennedy-Johnson ticket undoubtedly will face Richard M. Nixon in Nixon's home state.

Hoffman Rally Aug. 1

BERRIEN SPRINGS (UPI)—Republicans in Michigan's 4th Congressional District will stage a rally here Aug. 1 for Rep. Clare E. Hoffman (R-Mich), who is seeking his 13th term in the House of Representatives. Up to 4,000 persons are expected, rally organizers said, and Sen. Barry Goldwater (R-Ariz) will be the principal speaker.

Democrat Ticket Termed Cynical by Rep. Halleck

WASHINGTON (AP) — Rep. Charles A. Halleck of Indiana, House Republican leader and 1960 GOP National Convention chairman, today derided the Kennedy-Johnson ticket as a cynical combination housed under a "preposterous" Democratic party platform.

★ ★ ★

"Combining Sen. Lyndon Johnson, a veteran conservative, on a ticket with Sen. John Kennedy, a fledgling liberal, represents a political deal made with callous disregard for party integrity and principle," Halleck said in a statement.

★ ★ ★

"How can both Kennedy and Johnson live amicably under the preposterous platform hammered together in Los Angeles? We certainly know it runs diametrically counter to Sen. Johnson's often expressed views." He added "I firmly believe that during the coming presidential campaign, the cynicism of this arrangement will become thoroughly apparent to the American people, and will work to the disadvantage of the Democratic standard bearers."

35,000 Turn Out for Fun-Filled GMTC Picnic

It couldn't have been better.

That was the unanimous opinion of General Motors Truck & Coach Division employes as they went back to work today amidst talk of their 24th annual family picnic Saturday at the Walled Lake Amusement Park.

★ ★ ★

It was hard to tell who had the most fun, the kids or Mom and Dad. There was plenty for everybody to do.

★ ★ ★

It was a day of games, contests, eating, entertainment, such as baton twirling and strutting of majorettes and gazing at the products the employes help build.

★ ★ ★

An estimated 35,000 attended. This was one of the largest crowds in the nearly quarter-century run of the annual affair.

This year's picnic went electronic as key coordinators kept in touch with each other through the use of portable two-way radio sets.

★ ★ ★

And, of course, what's a picnic without the customary cry of "I want my mamma?"

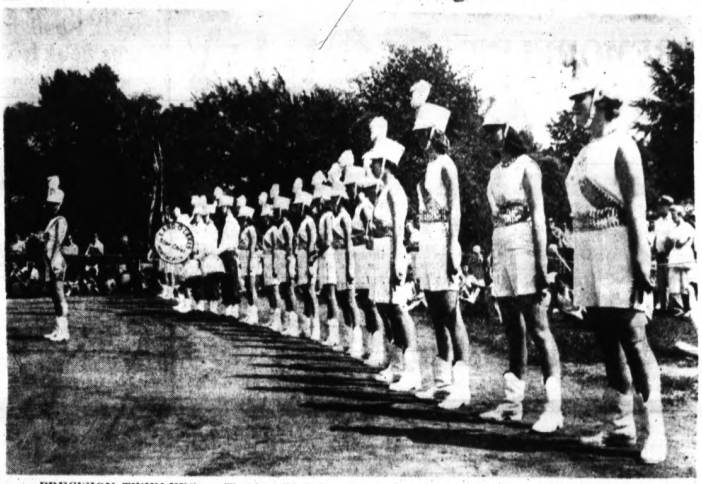
But that's all in a day's fun.

ATTENTIVE AUDIENCE — Eddie Ritter's clow n band serenades a group of youngsters.

POOPED — All good things must come to an end, little Lemar Blakley and Linda Mills found out at Saturday's GMC family picnic.

MEETS THE BOSS — Whether the topic of conversation was trucks and coaches or baton twirling, June Cianipa and Division General Manager C. J. Werner took time to chat during the show put on for GMC employes and friends.

ALL ABOARD — Boarding one of GMC's beautiful transit coaches are William Hymes and his family.

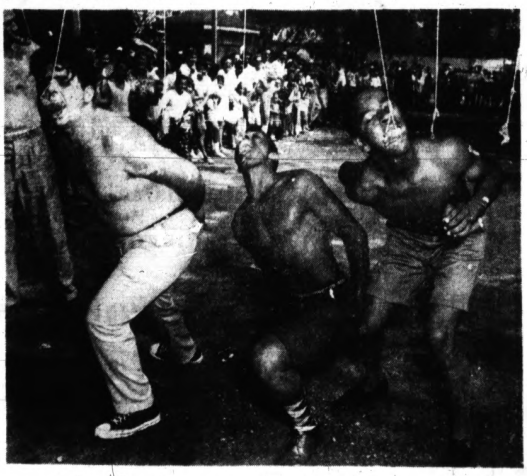


PRECISION TWIRLERS — The Land-O-Lakes Star Chief Precision Baton Twirling group put on a dazzling display of baton twirling and march routines for the big crowd.

ANNOUNCING THE WINNERS — Waiting to hear their names announced as prize winners are several hundred GMC employes and their friends.

FAMILY SCENE—The Raymond Cooper family cut into a watermelon during their picnic lunch at Walled Lake Park.

SHOW STOPPER — A real show stopper was little Michelle (Mickey) Burns, who set the crowd on its ear with her pantomime routines. Mickey was recently chosen for the junior lead in the forthcoming Pontiac Centennial movie.



CATCH THE DOG — The hot dog eating contest got a bit messy, as usual. In fact, the fellows shown here couldn't be identified because of their mustard covered faces.

PET DOCTOR

By A. W. Meller, D.V.M.

Q. Is it true that a cat's whiskers should never be cut, and if so, why?

A. I can't imagine anyone feeling the need or desire to deprive a cat of his whiskers. These sensitive hairs serve a definite purpose.

Those above the eyes ward off danger, and as a result eye injury is less common in cats than in other pets.

★ ★ ★

The length of the lower whiskers are in proportion to the girth of the body, and they too serve a purpose.

★ ★ ★

When quick judgment is necessary, the tips of the sensitive whiskers tell the cat immediately if his body will pass through a hole in the fence, for instance.

11 A-Blasts Planned by U.S. in 2 Years

WASHINGTON (AP)—The United States plans 11 small underground nuclear explosions and possibly 21 blasts with conventional explosives during the next two years.

★ ★ ★

The purpose of the explosions—first nuclear tests of any kind by this country since late 1958—is to improve methods of detecting subsurface atomic blasts.

★ ★ ★

The Joint Senate-House Atomic Committee made public Sunday a Defense Department document specifying the number of shots planned. On May 7 President Eisenhower had announced there would be a new series of underground tests.

Former Justice John D. Voelker Writes Book No. 5

LANSING (UPI) — Former Supreme Court Justice John D. Voelker, who quit the bench to write books, has written another.

A pre-publication copy of "Trout Madness," the first book Voelker has written since the best-selling "Anatomy of a Murder," was displayed by Gov. G. Mennen Williams' office.

The book, Voelker's fifth, was written under the pen name of Robert Traver. Voelker, in a personal note to Williams, said he hoped the book, a collection of stories about fishing in the Upper Peninsula, would explain Voelker's "affliction."

Voelker disclosed Nov. 24, 1959 he was quitting the court before his term expired because "I feel I must either leave the court or abandon writing, and I find the latter course a psychological impossibility."

Two Suits in Florida Request Separation of Religion, Class

MIAMI, Fla., (AP) — A professed agnostic and a group of Jewish leaders meet on common ground in a Miami courtroom today to challenge the constitutionality of religious practices in public schools.

Two civil actions will attempt to halt Bible reading in classrooms, required by Florida law.

An injunction is sought in one suit against classroom prayers, hymn singing, baccalaureate programs, use of religious symbols, and observances of religious holidays such as Christmas and Easter.

The other case was brought by Hurlow Chamberlin, a Dade County resident who said he wants to raise his children in a nonreligious atmosphere. He is backed by the Florida Civil Liberties Union.

A Jewish spokesman said his group's list includes Hanukkah programs. He explained: "The complaint also objects to Jewish religious observances on the ground the public schools should be free of all sectarian intrusions, no matter what the religion."

Regarded as one of the most significant test cases affecting religious liberty and separation of church and state in recent years, the Jewish action is expected to be carried to the U.S. Supreme Court ultimately.

"Religion in the home, in the church and in the synagogue serve incomparably to ennoble the spirit of mankind," said Leo Pfeffer of New York, general counsel of the American Jewish Congress.

"Religion in the public schools, however, serves only to harass, hurt and dislocate children of minority faiths, and to impair wholesome classroom relationships."

TAKE OVER POSTS — Sen. Henry Jackson of Washington and Mrs. Margaret Price of Ann Arbor pose together in Los Angeles Saturday after their election to top Democratic Party posts. Jackson is chairman of the national committee and Mrs. Price, vice chairman. He replaces Paul Butler and she Mrs. Katie Loucheim, who handled the job since 1956. Mrs. Loucheim still will campaign for Sen. John F. Kennedy in his bid for the presidency.

Illinois Faculty Asks Shield From Morality

URBANA, Ill. (UPI)—A faculty group at the University of Illinois has asked guarantees against being fired solely for expressing opinion "contrary to commonly accepted standards of morality."

The request, in an open letter to President David D. Henry, protested school procedures in dismissing assistant biology professor Leo F. Koch for advocating premarital intercourse and said the action threatened the "status of Illinois as a great university."

★ ★ ★

Economics Professor W. Ellison Chambers, group spokesman, said 229 faculty members signing the letter included 118 professors, 53 associate professors, 48 assistant professors and 10 instructors and research associates from among those available during the summer session."

Presley's Father Secretly Wed in Alabama

PANAMA CITY, Fla. (UPI) — Vernon E. Presley, 44, father of Elvis, beamingly presented his bride Saturday.

He confirmed that he married silver blonde divorcee Davada (Dee) Elliott, 34, in a quiet, secret ceremony at Huntsville, Ala., the night of July 3. They have been honeymooning the past two weeks at a hideaway lodge at this Gulf Coast resort.

The new Mrs. Presley shyly held hands and stood close to her husband at the announcement.

Despite reports of their marriage and discovery that the couple obtained a marriage license in Huntsville, there had been no official word from the principals. Sources in Huntsville said they were married by a judge in a civil ceremony and left immediately in a sports car packed with luggage.

★ ★ ★

Presley and his bride, mother of three sons, confirmed this. They indicated that Presley's famous son had not been told.

Prescriptions Filled

NEW YORK (UPI) — Approximately 655 million medical prescriptions were filled in the U. S. last year at a total cost of about $1,600,000,000, according to industry estimates. The average price of prescription drugs was $3.08 while "miracle drugs" cost about $4.40 each.

We'll Win, Says Kennedy's Mom Arriving in Paris

PARIS (AP)—Mrs. Joseph P. Kennedy arrived in Paris this morning by air and, with motherly pride, kept the campaign going for election to the presidency of her son, John F. Kennedy.

★ ★ ★

"We'll win, there's no doubt about that," Mrs. Kennedy told reporters at the airport. "John's victory at the convention was a team victory, because the whole family was working in the electoral campaign, except my husband, who preferred to stand aside because of his former diplomatic position."

★ ★ ★

Joseph P. Kennedy, former ambassador to Great Britain who was with his wife, kept mum today, too. Mrs. Kennedy explained that "a bad interpretation of his remarks might lead to difficulties for his son."

Calls Reds, Catholics 2 Most Deadly Threats

LITTLE ROCK, Ark. (AP)—The first vice president of the Southern Baptist Convention, the Rev. W.O. Vaught, Sunday night called Roman Catholicism and communism the two most "deadly threats" to world freedom.

"If John Kennedy sits in the White House," Vaught told his congregation, "he'll sit there over my protest."

Christians number more than 90,000 in Iraq.

Tigers Sweep Twin, Gain on Yanks

Good Hurling, Timely Hitting Bring Victory

12-2 and 3-2 Counts Include 7-Run Blast in Opener's 2nd Frame

DETROIT (UPI)—Jimmie Dykes didn't lose sight of the significance of Detroit's double-header sweep from the New York Yankees in the aftermath of Bill Skowron's disputed home run.

He quickly pointed out that the 12-2 and 3-2 triumphs moved the Tigers to within 6½ games of the front-running Yankees.

"This was a series we had to take," Dykes said. "We won three of four and picked up two full games. If the Yanks had won three of four, we'd be 10½ games back."

The Tigers thrived on two well-pitched games—one by long-time Yankee nemesis Frank Lary and the other by a vastly-improved Pete Burnside—plus long-ball hitting in the opener and timely hitting in the nightcap.

★ ★ ★

Detroit put together its biggest scoring spree of the season in the second inning of the opener, a seven-run outburst that included a grand slam homer by Norm Cash and a two-run homer by Rocky Colavito.

Al Kaline opened the rally with a walk and Colavito followed with his 19th homer of the year. Lou Berberet singled and should have been out trying to steal. But he kicked ball and glove away from Bobby Richardson as he slid into second and Richardson was charged with an error.

Ralph Terry retired the next two batters, but walked Eddie Yost. Frank Bolling singled off Cletus Boyer's glove to fill the bases and Charley Maxwell grounded a run-scoring single to third.

★ ★ ★

That set the stage for Cash's homer, his seventh of the season and the first bases-loaded homer of his career.

With the big cushion, Lary coasted to his 23rd win over New York against only eight defeats —the best record of an active pitcher against the Yankees and one of the best all-time marks ever compiled against the feared New Yorker.

But Detroit wasn't through scoring in the opener. Maxwell tripled in the seventh and was forced home when John Gabler walked Cash, Kaline and Colavito in succession. Chico Fernandez then doubled for three runs.

★ ★ ★

The final Detroit run came in the eighth on singles by Bolling and Maxwell plus a passed ball.

Lary gave up one run in the fifth on a triple by Richardson and an infield out. Boyer produced the other run with a two-out homer in the ninth.

Eddie Yost gave Burnside a quick lead in the nightcap when he rapped Eli Grba for a homer leading off the bottom of the first. Grba gave up only two more hits before departing for a pinch-hitter in the seventh. But they came in the fourth, singles by Maxwell and Fernandez, and produced a run since a walk to Colavito was sandwiched in between.

★ ★ ★

Burnside gave up one hit in each of the first six innings, retired the Yankees in order in the seventh, and served a lead-off single to Roger Maris in the eighth.

Skowron followed with his slice down the right field line which the Tigers and the fans insisted was a' couple of feet foul. But umpire Joe Paparellma ruled fair ball and the homer knotted the score.

After a wild demonstration, the Tigers put together singles by Maxwell, Kaline and Colavito to produce the winning run.

Burnside, in his second straight route-going performance, was rewarded with his fifth win against four losses.

Padres' Bad Showing Blamed on Manager

SAN DIEGO (AP) — Pitcher Bud Podbielan today blamed San Diego Manager George Metkovich for the club's poor showing in the Pacific Coast League.

★ ★ ★

Podbielan telephoned an unsolicited statement from Sacramento, where the team is playing, to the San Diego Union.

"The only change that will make any difference in this ball club is the manager," Podbielan said. "And why it hasn't happened long before this remains a mystery."

Metkovich, informed of Podbielan's statement, said: "It's his privilege."

★ ★ ★

San Diego currently is next to last in the standings. Podbielan is the club's leading pitcher with an 8-2 record.

LINING UP VICTORY PUTT — Canadian pro Stan Leonard carefully lines up his six-foot putt on the 1st green at Western Golf and Country Club in the sudden-death playoff with Art Wall for the Western Open Golf Championship. Leonard's putt fell into the hole for a birdie three and he won the crown. Wall had just failed to drop an eight-foot putt to take a par four.

Umpire Won't Back Down on Homer Call

DETROIT (AP) — Long after the wildest Briggs Stadium rumble since the Joe Medwick vegetable barrage in the 1934 World Series had ended, umpire Joe Paparella defended his controversial call that set it off.

The fact that the Detroit Tigers pulled the game out 3-2 a half inning later didn't stop their fans from booing and jeering and firing missiles at the New York Yankees.

Paparella's decision awarded Yankee Bill Skowron an eighty-inning home run that tied yesterday's second game 2-2. The ball floated into the right field seats within two feet of the foul line.

"I'll go to my grave thinking it was a fair ball," said Paparella in the umpires' dressing cubicle alongside the Tiger club house.

★ ★ ★

"If I thought I made a wrong call, deep down in my heart, I'd say, 'I blew it.' But no, I'd call it the same way again."

Veteran ballpark employes likened the fans' outburst to the famous Medwick incident.

"It was the worst we've had here since Ducky slid into Marv Owen," said an old-time usher.

★ ★ ★

In that World Series game, the St. Louis Cardinal outfielder slid hard into Owen, the Tiger third baseman, spikes high.

Medwick was pelted with vegetables, fruit and a variety of objects when he returned to left field.

The late judge Kenesaw Mountain Landis, then baseball commissioner, in one of his famous edicts, ordered Medwick from the game to protect him from injury.

★ ★ ★

The Yankees were seething about the bombardment of right fielder Roger Maris and their bullpen crops. Manager Casey Stengel pulled his relief pitchers into the safety of the dugout. But Maris had to stay out there and take it until the Tigers were out in the eighth. A torn-out seat plank, two bottles and a beer can narrowly missed him.

Maris came into the infield several times to complain to the umpires—Paparella in particular —about the danger in the outfield.

"Pap, they'll kill me if I go back out there," Maris told Paparella.

★ ★ ★

Four announcements for order among the 42,596 fans were to no avail.

Paparella was pelted as he headed toward the umpires' room after the game. An orange whizzed by his head. The umpire made a challenging motion to the thrower. But Tiger manager Jimmie Dykes quickly escorted Paparella into the dugout.

Once inside, Paparella gave his version of Skowron's looping shot.

★ ★ ★

"I followed the ball as it went to the height of the upper deck and then came down," he told a circle of newsmen. "It curved right around the foul pole fair and a kid caught it."

Rocky Colavito, whose single in the bottom of the eighth won it for Detroit, tore in from his right field position to argue. Dykes raced from the dugout. The litterbugs in the stands went wild.

"He must have had an optical illusion," said Dykes. "My argument was no ball can curve around a two-foot screen. Even a sliced golf ball wouldn't do that."

Colavito, the nearest player to the ball as it entered the stands, wasn't talking.

"I've got no comment to make about it," he said. "We won the game and I don't want to put Pap on the spot. But I know what it was."

After the Tigers won and were satisfied, Paparella cornered Pete Burnside who hurled his first victory over the Yankees, and shook hands.

Ironically, the Tigers had installed a new foul pole in right only last Friday.

"The old one had a belly on it—it was a bit curved," disclosed President Bill DeWitt. "The new one was supposed to prevent things like this."

WHICH WAY? — That was a question Detroit fans were still discussing today concerning Bill Skowron's disputed home run Sunday. Diagram shows path of ball to right field stands. Outfielder Roger Maris is shown, lower left, complaining to umpires about debris thrown at him. Tigers won both games.

Wall Slips, Leonard Zips to Title

By BILL CORNWELL

DETROIT — Balding, 45-year-old Stan Leonard won the 57th Western Open Golf Championship here Sunday afternoon with a fabulous comeback at Western Golf and Country Club.

In a fantastic story-book finish, the veteran Canadian pro birdied the first extra hole of a sudden-death playoff to snatch victory away from Art Wall Jr., who apparently had the title in the bag when yesterday's final 18-hole began.

Wall's 54-hole score of 204 was four strokes better than runnerup Pete Cooper and six shots ahead of Leonard, who was in a five-way tie for 4th place.

CRUCIAL BUNKER BLAST — Art Wall explodes from the sand trap and onto the 18th green in Sunday's thrilling windup of the Western Open golf tournament at Western Golf and Country Club. Wall almost sank the shot, then barely missed a seven-foot putt for his par four. Stan Leonard won the tourney, beating Wall in a playoff for the title.

Wall, gunning for his 2nd tournament victory in as many weeks, had nothing but compliments and congratulations for Leonard and no alibis for himself.

Last week's runaway winner of the Canadian Open could net only one birdie yesterday after compiling 15 through the first three rounds.

The absence of birdies, especially on the par five holes, proved disastrous. What's more, he bogied three times and one of them came on the par-five 15th where his 3rd shot landed in a sand trap. He had a front-side bogey four on No. 9.

Despite this, Wall still could have won the tourney in regulation distance by a single stroke with a routine par four on No. 18. It just wasn't in the cards.

With Leonard watching from the balcony overlooking the 18th green, Wall hit his approach into the left-hand bunker. He exploded excellently from the trap, the ball hit the hole and caromed off the stick to leave him with a seven-foot putt.

Wall's putt, which meant the difference between victory or a tie, dipped into the hole and popped out for a bogey five. It gave him 74 for the day to go with earlier rounds of 71-66-67 for a 72-hole total of 278, 10 under par.

Leonard rifled a brilliant 68 yesterday to go with previous rounds of 71-68-71 for an identical 72-hole total of 278.

★ ★ ★

In the dramatic playoff, both golfers used wedges for their 2nd shots on the 365-yard par-four hole. Leonard's ball stopped six feet from the cup and Wall hit within eight weet.

Wall's putt slid by the lip two inches for a par, then Leonard knocked his ball straight into the hole for a birdie three to win the crown and climax an amazing rally.

It was the 9th sudden-death playoff in Western Open history and the 3rd in the last five years.

Leonard, who finished his four-under-par round three groups in front of Wall, played boldly at the start and his aggressiveness paid off with birdies on three of the first four holes and another "bird" on No. 7 for a 32 at the turn. He bogied No. 11 and birdied the 15th for a back nine of 36.

★ ★ ★

"Stan the Man" cut Wall's lead to one stroke at the turn, dropped two behind after 11 holes, then pulled even on the 15th through the combination of his birdie and Wall's bogey.

Wall went ahead by one stroke on the 16th hole where he sank a 10-foot putt for a birdie three — his only "bird" of the day — to set the stage for the playoff-producing bogey on the 18th.

Leonard birdied the 1st hole with a 25-foot putt, the 2nd with a 10-footer and the 4th with a 20-footer. A chip and three-foot putt saved him from a bogey on No. 6, then he birdied the 7th and 15th holes with putts of 10 and four feet. His lone bogey on the 11th was the result of a weak approach and bad chip.

Wall, whose 2nd-round 66 over the par 36-36—72 layout set a new competitive course record, just didn't seem to have it on the 6,800-yard links Sunday.

He confessed that he played poorly and this is verified not only by his 37-37 scorecard, but also by his inability to birdie the "birdie" holes plus finding himself in the rough eight different times.

★ ★ ★

It was Leonard's first tourney triumph since April of 1958 when he won the Tournament of Champions at Las Vegas.

Strangely enough, Leonard played very poorly a week ago at Toronto where he should have felt right at home while Wall ran away from everybody to win the Canadian Open by six strokes.

Big Julius Boros, 1952 National Open champ and always at his best in the big ones, also made a great bid to overtake Wall and pulled within two shots after 13 holes. But Boros bogied No. 14, finished with a 71 and wound up in a five-way tie for 5th at 281.

★ ★ ★

Gene Littler and Doug Sanders each shot a closing 69 to share 3rd position with 279. Defending champion Mike Souchak, Dave Ragan and Jerry Barber tied for 4th spot at 280. Cooper slipped to 74 and divided 6th place with Jerry Pittman at 282.

Leonard's triumph netted him $5,000 while Wall pocketed $2,500 for 2nd place. The total purse was $25,000.

Of the 51 pros who competed in Sunday's final round, 32 broke par and four others equaled it. Thirteen players were below 70.

Michigan had just two representatives at the finish and Wally Burkemo of Franklin Hills was best with 283. Detroit's Joe Zakarian totaled 289, one above par.

An estimated 60,000 people attended the four-day medal play tourney, nearly half of them watching yesterday's fireworks on the tricky Western course.

New Western Champion Only Practiced 9 Holes

DETROIT — For whatever it's worth, the new Western Open golf champion only had nine holes of practice before the start of the 57th tournament at Western Golf and Country Club.

Stan Leonard, the veteran Canadian pro, can't be called lazy, however.

He had been competing in the International Cup matches at Buffalo, N.Y., and could not arrive on the tourney scene until Wednesday afternoon, the day before the Western Open began.

It rained hard that afternoon and Leonard was able to play only the front nine. He never saw the back side until the 1st round of the event and the 45-year-old shotmaker had never seen the course previously.

Furthermore, Leonard almost didn't enter the event. He had been playing so badly that he was thinking about skipping the Western.

★ ★ ★

Leonard didn't lose his sense of humor, even under pressure-packed circumstances. The 45-year-old Canadian tourist brought a howl of laughter from the crowd jammed around the 1st green watching his sudden-death playoff with Art Wall for the title.

Wall had just barely missed an eight-foot birdie putt and Leonard was faced with a six-footer which could win or extend the playoff to another hole. Leonard got ready to putt, then said, "Does anyone here want to make this putt for me."

Leonard, who is ineligible for the National PGA event this week at Akron, O., now takes off on an exhibition tour with Gary Player through western Canada and Australia.

Callison Sinks Caplin in Publinx

Aims for Amateur Title

HONOLULU (UPI) —Vern Callison, 41-year-old winner of the 35th National Public Links tourney here, said today he was taking dead aim on the U. S. Amateur tourney in September.

★ ★ ★

Callison, a Sacramento, Calif., tavern owner, relaxed here after his lop-sided Public Links triumph Saturday over 23-year-old Michigan State University golfer Tyler Caplin, 7 and 6.

When the final was over Callison had played 176 holes of golf in six days despite a two-day siege with the flu, a wilting sun and tension at times as thick as London fog. But Callison looked back over his battles over the tricky, wind-swept, Ala Wai golf course and sighed:

"I wish I had another week to play this course. I just can't believe it's that tough."

Callison appeared for the final morning round peaked and visibly weakened by a two-day bout with a virus.

"I was a bit shaky but I had some medicine and felt much better," Callison admitted.

Instead of wilting before his younger, stronger adversary, the old golf sage gained steam as he rolled along to the title.

In victory he had nothing but compliments and consolation for young Caplin.

"Ty (Caplin) got off to a bad start and I think he let me off the hook when he let me take a 5-up lead in the morning. I think this was the first time in any of my matches I was so far out in front," he said.

"That took the pressure off me. I just watched my game and played it close," Callison concluded.

Hogan, Maxwell Hot in Warmup for PGA Meet

AKRON, Ohio (AP) — Ben Hogan is rested and ready. That spells trouble for his rival golf pros in the 1960 PGA Tournament starting Thursday.

Hogan, absent from the PGA since he won it a second time in 1948, matched par 70 in a practice round yesterday over the 7,165-yard Firestone Country Club course.

Among the other early arrivals, Billy Maxwell of Odessa, Tex., would like to save a shot he made yesterday. He scored a hole-in-one on the 230-yard 15th, blasting a four wood shot that hit the green and rolled in.

Walking Champ Again

BALTIMORE (AP) — Rudolph Haluza, representing the New York Pioneer Club, repeated as national 20-kilometer walking champion Sunday, missing by one minute, 32.2 seconds his 1959 record for the distance.

HEATED ARGUMENT — Umpire Joe Paparella is restrained by Detroit manager Jimmy Dykes as Paparella challenged a fan from the Tiger dugout following Sunday's doubleheader. The argument concerned a long-disputed call which declared a drive by Yankee Bill Skowron a home run in the 8th inning of the 2nd game.

21-Footer Is Title Winner for Beman

WICHITA (AP) — Two strokes down with five holes to play, Deane Beman sank a 21-foot putt for a birdie on the final hole and won the Trans-Mississippi Golf Tournament yesterday. He defeated Jack Cupit 1-up.

Cupit, of Longview, Tex., Saturday sank a 66-foot birdie putt for a 1-up semi-final victory over Labron Harris Jr. of Stillwater, Okla.

On the 400-yard final hole, Beman's second shot landed 21 feet away from the cup. Cupit gambled with a 36-foot putt that just bounced off the rim. Beman putted in for the clincher.

Beman carded 70-73 —143 for the 36 holes over the 6,640-yard, par 70 course. Cupit shot a 72-71—143.

Liston Is Favored in Battle With Folley

DENVER (AP) — Sonny Liston, the Philadelphian with bombs in his 14-inch fists, rules an 11-5 favorite over boxing stylist Zora Folley in their scheduled 12-round heavyweight fight tonight at the Denver Coliseum.

★ ★ ★

Most experts here pick Liston, weighing 212, to knock out Folley, 195, in less than seven rounds. But Folley, from Chandler, Ariz., has plenty of backers who point to his greater experience and boxing ability along with a knockout punch that has flattened 29 opponents in 56 pro fights.

Wins Trans-Miss. Title

CINCINNATI (AP) — Sandra Haynie, 17, an Austin, Tex., high school girl, is the 1960 Women's Trans-Mississippi Golf Champion, but there is some doubt she'll defend her title next year.

Elks and Sno-Bol Win Softball Tilts

Elks No. 810 and league-leading Sno-Bol were winners Sunday night in American division City League softball games at Beaudette Park.

Home runs by pitcher Jake Mazur and Lynus Grant gave the Elks a 2-1 victory over Arro Realty. Mazur was the winning pitcher in relief of Gary Boe. Art Weiss and Walt Travis hurled for Arro with Weiss the starter and loser.

Sno-Bol clubbed 16 hits, four by Jerry Hesse and three by Dick Cooper, for an 11-2 rout of Smith Silo. Dick Shell was the winning pitcher and the loss went to R. D. Jacobs.

National League Expansion May Come Up Today

CHICAGO (AP) — The National League will hold its annual summer conference here today and expansion may be up for discussion.

Expansion isn't on the formal agenda, but could be brought up by club owners.

The American League already has voted in favor of expansion and has set up a committee on the subject. The junior circuit hopes the National will name a similar committee for Inter-League discussions.

Chisox Rolling, Beat Orioles Twice

By The Associated Press

When the Chicago White Sox were in spring training the experts wrote that Roy Sievers' hitting and the pitching of men like Bob Shaw and Early Wynn were going to help them win another American League pennant.

* * *

Wynn didn't win a game until May 15. Sievers was batting .182 on May 30 and Shaw had been just so-so. The experts were looking inexpert.

But the White Sox are rolling now, sitting in third place only a half-game behind the runner-up Cleveland Indians and only two games off the New York Yankee pace.

Sievers extended his consecutive game batting streak to 20 Sunday with a game-winning single in the 2-1 first game victory over Baltimore, and a two-run homer and single in the 14-2 second game romp. Shaw won the opener with a six-hitter and Wynn won his fifth behind an 18-hit attack in the second.

* * *

While the White Sox were quickening their steps, the Yanks and Indians both continued their slumps. Detroit knocked off the Yanks twice, 12-2 and 3-2. New York has lost eight of its last 11 games. Washington thumped Cleveland 3-2 and 5-3 after dropping 10 in a row to the Indians.

Boston ran its winning streak to seven with a 4-2 victory at Kansas City, where pitcher Tom Brewer won his sixth and also hit his first home run of the year.

* * *

Sievers' winning single in the first game at Chicago after catcher Clint Courtney had lost his foul in the sun. Two walks by loser Steve Barber and a sacrifice set the stage for Sievers' "second chance" hit. Sievers slammed his 14th homer with a man on in the first inning of the second game. Gene Freese added a three-run homer in the sixth.

Washington finally beat Jim (Mudcat) Grant after losing 14 in a row to him over a three-year span. Tex Clevenger won the opener from Grant, and Ray Moore took the second in relief. The Indians, with a chance to move out front, have lost seven of their last starts.

Earl Battey, Washington catcher whose seventh-inning single won the game.

first baseman, exchanged a few blows at home plate in the first game and were tossed out. Power had been nailed at the plate by a fine throw from Dan Dobbek, er, and Vic Power, Cleveland

Brewer's eight-hit pitching and homer did the job for the Red Sox, but Russ Nixon also hit a home run to help hang a seventh defeat on Dick Hall.

Night Event at Metro Beach

Water Ski Show Friday

For the eighth consecutive year water ski champions will present a water ski show at Metropolitan Beach on Lake St. Clair near Mt. Clemens on Friday, July 22 at 8:30 p.m.

It is free except for the usual 50-cent parking charge.

Joe Grimaldi, holder of many championship titles, and a host of other water artists will present spectacular tricks, jumps, and dare-devil numbers "under the lights" at the boat basin of the beach.

The troupe will present precision group skiing, syncronized ballet, barefoot skiing, jumping acts, pyramid formations, beautiful doubles exhibitions, plus acts on the "jitter boards" and on the "disc," which are round, saucer-shaped boards that glide over the waves.

Grimaldi, holder of the national mixed doubles title in 1959 and water ski school director at the beach, is expected to display his skill in several mixed doubles numbers that have won him national titles.

Detroit-area skiers in the show include Grimaldi, Patricia Weston, Lori Fontana, Henry Brenkus, Bob Carlson and Mike Barnwell.

Familiar Wilson Song—Changes

DETROIT (UPI) — Detroit Lions coach George Wilson had an old song to sing today which he hoped would put new life into his squad — there'll be some changes made.

The Lions plan to make some defensive and offensive changes in training camp sessions and carry them over into the regular season if they produce results.

Wilson said Terry Barr, a defensive back last season, will get a shot at becoming a running back as will Jerry Reichow, sometime quarterback and receiver last year.

The offensive line will take defensive tackle Darris McCord to bolster its forward wall, Wilson said.

Another offensive line experiment will put veteran tackle Ollie Spencer at center. Bob Grottkau may also get a crack at the center spot, Wilson said.

Bowling Loop Begins Draft Minus 2 Teams

OMAHA (AP) — The National Bowling League starts its player draft today with 12 teams instead of 14.

Houston and Raleigh, N. C., dropped out Saturday and the league announced no new teams would be admitted during the first season.

Each team will select 30 players — 10 today and 20 tomorrow.

The lineup now includes Detroit, Los Angeles, Fort Worth, Dallas, San Antonio, Omaha, Minneapolis-St. Paul, Kansas City, Chicago, New York, Birmingham, Ala., and Miami, Fla.

Leonard Homel of Los Angeles was elected president for a two-year term. Other officers named were J. Curtis Sanford of Dallas, vice president; Harry Todeschini of Detroit, secretary, and Harold Weber of Chicago, treasurer.

Joe Paulus of Detroit, former president of the Bowling Proprietor's Assn. of America, was mentioned as a possible commissioner.

RO, Berkley Men Seize Outboard Marathon Titles

CHEOBYGAN (UPI) — Two defending champions retained their crowns during the weekend Top O' Michigan Outboard Marathon race.

Ray Lenk, Detroit, again won in Class D with a time of one hour and 37 minutes, just 10 minutes slower than the record for the classic.

In class 36, for light motors, Bob Moore, Royal Oak, defended his championship by winning in two hours, 2-24 minutes.

New champions were crowned in classes A, B and C. Chris White, Jackson, won in Class A with a clocking of two hours and 12 seconds. Class B was won by Fred Miller, Trenton, in obe hour and 45 minutes, and Class C crown went to Al Myers, Berkley, in one hour and 45½ minutes.

THIS IS BASEBALL? — Cleveland's Vic Power, top center, tangled with Washington catcher Earl Battey in the first game of a doubleheader yesterday after Power was called out at the plate trying to score. Swinging in answer to a remark by Battey, Power landed several blows before the two were separated by teammates and umpire Charley Berry. Both were ejected. No. 8 is Tribe catcher Hank Foiles. Nat Pete Whisenant is at left.

Polo Grounds Soccer Addicts Attack Swedes

NEW YORK (AP)—In Europe and Latin America many soccer stadiums have protective barriers or moats to prevent spectators from storming the field to attack players or officials.

The promoters of the new International Soccer League may have to devise something similar for the Polo Grounds.

More than 20 of the fans at the Polo Grounds Sunday swarmed onto the field and attacked Swedish players after an Italian star was injured in the contest between Sampdoria of Italy and Norrkoping of Sweden.

Rune Lind, the Norrkoping right back, was hit on the jaw by a stick wielded by an unidentified spectator. Lind was knocked unconscious and lost one tooth.

Cards 'Double' on Cubs; Split Cuts Bucs' Edge

By The Associated Press

If the St. Louis Cardinals keep on winning, Solly Hemus will be in line for a bonus instead of the bum's rush.

Hemus was a Red Bird on a hot seat a few weeks back when the Cards had lead in their wings. His job was in danger as the St. Louis "youth movement" flouldered.

* * *

By winning 13 of their last 17 games, the Cardinals suddenly have become a factor in the National League pennant race. Two victories over Chicago Sunday, 6-0 and 8-1, left them in third place, only six games off the pace.

Ray Jackson, an "old folks" on the staff at 29, pitched the shutout a four-hitter, and 19-year-old Ray Sadecki, a $50,000 bonus boy, won the second with a six-hitter.

Just to prove the kiddie korps hasn't taken over completely, Stan Musial came up with two singles in the second game that gave him a career total of 3,252 hits, fifth in the all-time standings. He passed Hall of Famer Nap Lajoie, who had 3,251.

* * *

Pittsburgh's lead was cut to 2½ games when second-place Milwaukee thumped Philadelphia 7-3 while the Pirates were dividing two with Cincinnati. The Reds took the first game 6-5, but 25-year-old Tom Cheney, recently recalled from the Columbus farm, blanked the Reds with four hits in the second game, 5-0.

Willie Mays' eighth-inning triple stopped the march of the Los Angles Dodgers, who have lost only two of their last 10. Mays' hit gave San Francisco a 5-4 victory. During the game, the slumping Giants announced that first baseman Willie McCovey had been shipped to the Tacoma farm of the Pacific Coast League.

* * *

Jackson's first game victory was his 11th of the year. The Cards chased Dick Ellsworth in the fifth when they scored five runs. Rookie Julian Javier drove in two with a single and Ken Boyer triple with the bases loaded. Bill White hit home run No. 10.

Sadecki completed the job on the Cubs, who scored a total of two runs in their four-game series at St. Louis. Musial's hits were the big noise, but White had a double an dsingle to drive in two in the defeat of Bob Anderson.

Eddie Mathews hit his 19th homer and Lew Burdette won his 10th for Milwaukee as Del Crandall, who had a perfect four-hit night Saturday, ran his string to seven with three singles.

* * *

Cheney saved the day for the Pirates with his four-hitter to beat Ca' McLish after Don Newcombe was chased by an umpire before he threw a pitch. Newk became involved in a dispute about a long, loose left sleeve on his sweatshirt, to which the Pirates objected.

Dick Groat had seven hits in the doubleheader, four in the first game defeat when Vern Law lost to Bob Purkey.

* * *

The Giants' victory was only their second in their last 10. It dropped the Dodgers into fourth place.

Grand Rapids 9 Stays in Tournament Picture

GRAND RAPIDS (UPI) — Eleven teams were still in the running today in the state National Baseball Congress championships.

The defending champion Grand Rapids Sullivans, who routed Inkster, 8-1, yesterday, are among the survivors of the first two weekends of action in the tournament which spans a total of five weekends.

Doctoring Your Golf

PATIENT'S COMPLAINT: "Chips give me the yips."

DIAGNOSIS: Complicating a simple matter.

TREATMENT: The short chip shot, besides being one of the most valuable shots in golf, is essentially one of the simplest. The club-head should be taken straight back away from the ball, the downswing should bring the clubhead back along the same general line and take it straight through the ball, and the follow-through should send the clubhead straight toward the target.

Actually, the proper stroke for the short chip shot is but little different from the putting stroke. The main difference is that the putting stroke is more of a sweep, while the chipping stroke should send the clubhead down and through the ball.

Aim at keeping your chip-shot stroke smooth and simple. Determine in advance how hard you mean to hit the ball, how far you want the ball to travel in the air, and how far you want it to bounce and roll.

This done, there will be no need to suddenly increase or decrease the tempo of the swing while in the act of making the shot.

These sudden tempo changes cause your flubbed chip shots.

All-Star 9 Unable to Conquer Knights

K. of C. Defeats Class A Stars 8-6, at Jaycee

PBI Also Turns Back 'B' Threat, 3-2, in Amateur Day Show

Even an all-star aggregation is unable to put a stopper on the Knights of Columbus in the City Baseball League.

The finest players the Class A loop could assemble to battle the front-running Knights were not good enough Sunday afternoon at Jaycee Park in the feature game of the city's annual "Amateur Day" baseball program.

K. of C., defending Class A City League champion and current leader, broke a 6-6 tie with two run in the bottom of the 6th inning for an 8-6 win over the All-Stars.

The Class B Stars fared no better in their battle with the pace-setting Pontiac Business Institute squad. PBI tallied three times in the top of the 7th stanza, then staved off an all-star rally for a 3-2 triumph.

★ ★ ★

Ten games in six classes on four Jaycee Park diamonds comprised Amateur Day festivities, co-sponsored by the Pontiac Parks and Recreation Department and the Pontiac Baseball Federation.

Proceeds from the diamond show went to the Federation to help promote better baseball in Pontiac. Junior Leaguers had a hand in the program with all age groups represented from nine-year-olds through the adult level.

The "A" Stars threw 20 players against the Knights, all to no avail. Phil Rabaja and Stu Dell headed the Knights' eight-hit attack with two hits apiece.

Jim Wagner, the last of three K.C. pitchers to see action, received credit for the victory. The Stars also used three hurlers with Larry Demerick getting the loss. The losers were limited to five hits.

★ ★ ★

A home run by Greg Meadows sparked the rallying Class B Stars in the last of the 7th, but league-leading PBI managed to snuff the uprising behind the strong left arm of winning pitcher Al Levy.

Roger Rogers of PBI was the only player in the game to get more than one hit. He had two singles. PBI made five safeties and the Stars four.

Powell Trucking tallied twice in the top of the 7th for a 3-2 Class D triumph over Don Nicholie. In Class E action, the Pontiac Boys Club and Tel-Huron Tigers battled to a 6-6 tie with the tinie limit halting the contest after six innings.

Walker pitched a no-hit, no-run game in Class F as the Northside Kiwanis whipped the Pontiac Police, 3-0; Frye hurled a one-hitter as the Tigers trimmed the Civic Bears, 8-1; and Baldwin E.U.B. Church walloped the Dixie Dairy Dodgers, 10-3.

★ ★ ★

On the Widget front, Rappy's Raiders downed Tasty-Freeze, 7-1, with the loser's only run coming on a homer by Bob Price. Preston Brothers and the Pontiac Tigers fought to a 5-5 tie with the time limit ending the contest after six innings and the Hudson Hornets trounced the Pontiac Boys Club, 8-2.

Johnson, Pistons Agree

DETROIT (AP) — Ron Johnson, a 6-foot-7 center from Minnesota, has agreed to a contract with the Detroit Pistons of the National Basketball Assn. He was the Pistons' No. 2 draft choice. Terms were not disclosed.

U.S. Netters Blank Canada

By The Associated Press

Next step for the U. S. Davis Cup Tennis team is the series with Mexico, and the Yanks aren't figuring on any pushover.

One big reason is the thin air at the mile and half altitude of Mexico City, site of the Aug. 6-7-8 Americtn Zone series.

The United States qualified for the second round by blanking Canada 5-0 at Quebec over the weekend. Lanky Barry MacKay of Dayton, Ohio, whipped Bob Bedard, Canada's ace, 6-3, 6-3, 3-6, 6-3, and Bernie Bartzen, the steady Texan from Dallas, routed Francois Godbout, 6-1, 6-1, 6-3 in the concluding singles yesterday.

★ ★ ★

David Freed, captain of the U. S. team, was happy over his player's performances, but he won't let the Canadian sweep make his team overconfident.

Freed said the team will play in the U. S. Clay Court Championships at Chicago this weekend and then will head for Mexico City.

"Nobody likes to play at an 8,000 foot altitude," said Freed.

"But we'll be going to Mexico City as soon as possible to practice and get the feel of things."

Freed is leaving nothing to chance. He plans to have the players do lots of roadwork in addition to court practice. He also is bringing plenty of vitamins, pills and oxygen.

★ ★ ★

New Zealand, aslo playing in the American Zone, gained the second round piling up a clinching 3-0 edge over the West Indies at Port of Spain, Trinidad. Lew Gerrard and Mark Otway, winners in singles Saturday, scored the decisive point by beating Peter Valdez and Alan Price in doubles, 6-4, 6-2, 6-2 yesterday.

After completing the final two singles matches today, the New Zealanders will fly to Caracas Tuesday to prepare for their week-end series with Venezuela in the second round.

★ ★ ★

Sweden beat France 3-2 at Baastad, Sweden, to enter the European Zone final against Italy. That series will be played at either Baastad or Stockholm, July 29-31.

Ulf Schmidt and Jan-Erik Lundquist teamed for the decisive doubles victory, beating Jean Joel Grinda and Jean Claude Molinari 2-6, 6-4, 6-4, 6-2 in the completion of a match started Saturday. The match had been postponed by rain after two sets.

★ ★ ★

In the concluding, but meaningless, two singles contests, France won both. Pierre Darmon defeated Sven Davidson 6-2, 6-8, 9-7, 6-4, and Robert Haillet downed Torsten Johansson 9-7, 6-3, 6-1.

23 Records Fall in AAU Swim Meet

INDIANAPOLIS (AP)—George Haines, who coached the Santa Clara (Calif.) Swim Club to the Women's National AAU Championship in the last four days, today switched jobs and began planning strategy as coach of the U.S. Women's Olympic team.

He wouldn't say he will turn out a winner (American girls won only one gold medal in the last Olympic swims), but he did say:

"We're going to be stronger than Australia and the other foreign teams expected. I think we'll have the strongest team we ever had.

"The new 400-meter medley relay will be made to order for us. The U.S. team set the world record at 4:44.6 last fall in the Pan American Games. We can put together a combination right now that could do around 4:39."

The AAU girls broke four listed world records, eight American marks and 11 AAU national meet marks.

The world marks were in the 100 and 200-meter backstroke events set by Lynn Burke of Santa Clara, the 400-meter individual medley established by Donna de Varona of Berkeley, Calif., and the 200-meter butterfly set by Becky Collins of Indianapolis Riviera.

Little Miss Collin's 2:36.8 clocking in the butterfly probably will not stand, however. An even better time event was filed last month by Marianne Hemmskerk of The Netherlands. The Dutch girl's time was 2:34.4, well under the listed world mark of 2:37.

Haines believes that his own Chris von Saltza, only triple winner in the AAU championships, has not reached her potential. She repeated as freestyle champion in the 100, 200 and 400-meter events, breaking her own U.S. records in each.

Burke, von Saltza's teammate and another powerful blonde, turned the 100 meters in 1:10.1 and the 200 (unhappily not an Olympic event) in 2:35.

De Varona, a scrappy 13-year-old, cut the 400-meter individual medley record to 5:36.5. But that too, is an event that won't be contested at Rome.

Both von Saltza and Burke swam on Santa Clara relay teams that won the 400-meter medley in AAU record time of 4:49.1 and the 400-freestyle in 4:21.8, also a meet mark. The latter was the only time in the National Championships that would not have won a comparable event in the 1956 Olympics.

There were two other double winners, Collins, who repeated as butterfly queen, and Ann Warner of Santa Clara, who won both breaststroke races.

June Stover Irwin of Los Angeles, who has been on three U.S. Olympic teams, recovered the 10-meter platform diving title she won once before, in 1955.

★ ★ ★

Carolyn House, fierce little 14-year-old competitor from Los Angeles, picked up 19 points, second only to von Saltza's 26, by winning the 1500-meter freestyle. She was second in the 200 and 400 freestyle and placed fifth in the individual medley.

INDIANAPOLIS (AP) — The Senior Women's AAU Swimming and diving champions for 1960:

1500-meter freestyle — Carolyn House, Los Angeles, 19 (U.S. record).
100-meter freestyle — Chris Von Saltza, Santa Clara, Calif., 1:01.6 (U.S. record).
200-meter breaststroke — Ann Warner, Santa Clara, 2:53.1 (U. S. record).
200-meter backstroke — Lynn Burke, Santa Clara, 2:30.8 (World record).
400-meter individual medley — Donna de Varona, Berkeley, Calif., 5:36.5 (World record).
400-meter freestyle — Von Saltza, 4:46.9 (U. S. Record).
100-meter butterfly — Becky Collins, Indianapolis, 1:10.8.
100-meter breaststroke — Ann Warner, Santa Clara, 1:23.4.
400-meter freestyle relay — Santa Clara Swim Club, 4:21.8 (AAU record).
100-meter backstroke — Burke, 1:10.1 (World record).
200-meter freestyle — Von Saltza, 2:15.1 (U. S. record).
200-meter butterfly — Collins, 2:36.8 (U. S. record).
400-meter medley relay — Santa Clara, 4:49.1 (AAU record).
3-meter springboard diving — Patsy Willard, Mesa, Ariz.
10-meter platform diving — June Stover Irwin, Los Angeles.

Expect Only 4 Wins, However

U.S. Women's Olympic Track Squad Stronger

ABILENE, Tex. (AP) — The U.S. Women's Olympic track and field team is expected to make its best showing since 1932, but still not win more than four events.

All except two members of the 25-girl squad, determined in final trials here Saturday night, have moved on Emporia, Kans., for the 28-day training period at Kansas State Teachers College. Officials predict Wilma Rudolph of Tennessee State will win both the 100-meter and 200-meter sprints at Rome next month.

The 400-meter relay team hopes to add another gold medal, and discus throwers Earlene Brown and Olga Connolly may finish one-two in the opinion of Coach Ed Temple of Tennessee State.

Mrs. Connolly, from Santa Monica, Calif., and Mrs. Karen Oldham, from San Diego, the top javeline thrower, won't report to the camp until Aug. 5. They have to go home to see about the children.

In 1932, American women won five events in the Olympics, with Babe Didrikson taking two of the gold medals. Since then, however, the United States never has managed more than two in a single Olympics.

Miss Rudolph won the 100 meters in 23.9 without being pressed. Teammates Barbara Jones, Martha Hudson and Lucinda Williams were second, third and fourth in the 100 meters and the four will make up the 400-meter relay team.

The two "cripples" — Mrs. Brown, the Los Angeles weight star, and Willye B. White of Chicago — were stars of the trials because they came through with sparkling performances despite their ailments.

Mrs. Brown, with three sprained fingers that kept her from gripping the shot tightly, won the discus throw with 176 feet, 10½ inches, and the shot with 50-10¾. Miss White took one leap and not only won the broad jump, but set an American record with 20¼. She didn't jump again because of a leg injury.

Detroit Cyclist Loses Her National Crown

MILWAUKEE (AP) — Joanne Speckin of Detroit, defending National Women's bicycle champion, lost her title yesterday to Ada Johnson of Buffalo, N. Y.

Miss Johnson scored in each of the three events during the two-day competition, picking up 13 points. Miss Speckin was second with 8.

A third-place tie developed among Jeanne Omelenchuk of Detroit, Nancy Burghardt of Jackson Heights, N. Y., and Victoria Buck of Jamaica, L. I., each with seven points. Miss Omelenchuk won a race-off for the trophy.

In men's competition, Bill Freund and Tom Augustitus, both of Detroit, tied with Joe Saling of Somerfield, N. J., for tenth place. The flip of a coin gave Saling the trophy.

Tries for 30 Years; Finally Bags an Ace

Fifty-year-old Elmer Goetzke, 5504 Greencrest, Detroit, has been playing golf for the last 30 years, but had to wait until Saturday to card his first hole-in-one. Goetzke aced No. 6 at Bald Mt. course with a 4-iron shot, to give the layout its 4th ace of the season, the 2nd on that hole. He had 50 for the round.

Bill Klem, William Rowe and M. A. Babraith of Detroit were with Goetzke.

X-Touche First In at Mackinac

Leads Gypsy by Exactly Two Minutes in Annual Sailing Race

MACKINAC ISLAND (AP — X-Touche, an ocean sailboat owned by Moon Baker and Jerry Clements of Detroit, breezed across the finish line today, the first boat to complete the Port Huron-to-Mackinac Island race.. It was one of the closest finishes in the 36-year history of the event.

Gypsy, an all-aluminum yawl, finished exactly two minutes behind X-Touche. Gypsy is owned by Charles Kotovics of Milwaukee.

Racing officials here said because of fog they did not know how far behind the two finishers the other 81 boats were in the 235-mile race.

X-Touche reached Mackinac Island at 5:08.51 a.m. (est) today with Gypsy coming in right behind. X-Touche's time for the race through Lake Huron to this island on the Eastern Edge of the Straits of Mackinac was 53 hours, 8 minutes, 51 seconds. The craft's corrected elapsed time was 34:6.39.

Gypsy completed the race in 53:10.50 with a corrected elapsed time of 35.29.20.

Last year's winner, the Appache, owned by Gimeiner of Grosse Pointe, Mich., had a corrected elapsed time of 39:43.11.

Dem Nominee Really Man in a Hurry

Kennedy's Coolness Fools Many

By RELMAN MORIN
Associated Press
Special correspondent

Sen. John F. Kennedy looks like the casual man, relaxed, leisurely, the supreme practitioner of the cool sell.

* * *

When he is running hardest in a campaign, he seems to be strolling. Making a speech, he is more often thoughtful than fervent. He seldom shows his feelings. They lie behind the boyish grin. Neither personal attacks, campaign setbacks, nor political disappointments ever seem to crack his marble calm.

This is the surface image of John Fitzgerald Kennedy, the Democratic candidate for president.

It reflects very little of the real Kennedy.

STARTED 4 YEARS AGO

Actually, the senator is a man in a hurry.

Nearly four years ago, before he was 40, he began preparing his drive for the Democratic nomination. He raced around the country like a whirlwind, forever on the go, making speeches, meeting with politicians, exposing himself to potential delegates and voters, lavishing energy on political chores.

He is a fighter, a driver and a shrewd field general.

When he felt he was set, Kennedy announced early, breaking with tradition. Then he mapped a hard schedule, entering seven presidential primary elections. Some were calculated risks and some outright gambles — particularly Wisconsin and West Virginia. Again flouting tradition, Kennedy said on the eve of the Wisconsin primary, "This is it. If I lose, I'm out." He won that election and all the others.

* * *

He is thorough, meticulous, a man of intense concentration.

Kennedy briefs himself carefully on a wide range of subjects. Campaigning, he talked about foreign affairs, rackets, labor-and-management problems, unemployment insurance, depressed areas and farm problems. One of his most effective speeches was on the challenge to America. In it, he used a statistic about the undernourished. I asked him where he got it. Kennedy turned to an aide. "What's the authority for that figure?" The aide said he would have to look it up. "Yes, get it," Kennedy said. "If I'm going to use the figure, I want to be sure it's right."

He set up a beautifully-engineered organization.

SMOOTH TEAM OF PROS

In part, the Kennedy blitz was a product of his smooth-working team of professionals. They overlooked few bets in the tedious, complicated, many sided labyrinth of politics. Among the principals are Theodore C. Sorenson, Nebraska Protestant, head of the "brain trust;" Pierre Salinger, former California newspaperman, press chief; Steven Smith, the senator's brother-in-law, the appointments expert; Lawrence O'Brien, veteran Boston politician, the advance man when Kennedy came into a state, and Louis Harris, professional pollster.

* * *

In addition, Gov. Abraham Rinicoff of Connecticut, and John Bailey, Connecticut Democratic chairman, were out working for Kennedy before he ever announced.

They appear to have made no mistakes. "We made some," an aide grins, "but they didn't show."

* * *

The whole Kennedy family pitched in.

Kennedy's wife Jacqueline, his mother Rose, three sisters Patricia, Jean and Eunice, and his two brothers Robert and Teddy all went out into the hustings to help. They met the ladies, made speeches, gave teas, appeared on television. Bobby, the campaign manager, is a tousle-headed dynamo. Unlike his brother, who seems to run cool, Bobby "ran scared" through the whole campaign.

Kennedy presented an attractive figure, sharp sense of humor — but uses it sparingly to avoid the fateful tag, in politics, of appearing to be a wise-cracker.

* * *

He doesn't pretend to have been born in a log cabin. He campaigned by private plane and spent money where it was needed. Nor did he duck questions about his religion, Roman Catholic, or his age, 43.

He charmed audiences, particularly younger people and women. "We just love you, Jack," said a University of New Hampshire coed. "I'm a republican, senator," said an elderly California womgn, "but you're making a Democrat out of me."

U. of M. Regents OK Million for Cyclotron

ANN ARBOR (AP) — The University of Michigan Board of Regents has approved the expenditure of $1,100,000 for construction of a cyclotron to house a new type atom smasher.

* * *

The atom smasher was described as a 40-million-volt machine valued at $1,800,000.

The Atomic Energy Commission will provide the machine for installation at the campus.

The regents also named Dr. Myron E. Wegman to succeed Henry F. Vaughan as dean of the university's school of public health.

* * *

Dr. Wegman will give up his job as secretary-general of the Pan-American Sanitary Bureau and of the World Health Organization's regional office for the Americas.

In another action, the regents approved a $748,000 addition to the Student Activities building.

GOP Supporters Double Action for Veep Nixon

CHICAGO (UPI)—Midwest volunteers for (Vice President Richard M.) Nixon said today activity here has "doubled overnight" for the GOP presidential aspirant since the Democrats named a Kennedy-Johnson ticket.

William Harrison Fetridge, chairman of the citizens' organization for Nixon, said that "at least twice as many people have started calling in, offering help for the Nixon cause.

* * *

With several thousand volunteer members already signed up, he said, the volunteers campaign is getting ready to "roll into high gear."

The Democrats have already scuttled their high-sounding platform," Fetridge said, "by picking a Southerner for vice president.

Metro Cities on Increase

Census Report to Tell Areas Which Are Up Over 100,000

CHICAGO (UPI) — America's population shift South and West, expected to be confirmed by U.S. Census Bureau findings this year, has produced 11 new "metro areas."

★ ★ ★

A metro area, as defined by Rand McNally & Co. mapmakers, is one where estimated combined city and suburban population exceeds 100,000 persons.

Of 11 new areas announced in the current Rand McNally Commercial Atlas and Marketing Guide, five are in the South, three in the West and one is in the Midwest.

The other two are Newburgh, N.Y. (101,000) in Orange County not far from New York City, and Altoona, Pa. (103,000).

The Pomona-Ontario area in southern California tops the 11 new entries with an estimated 1960 population of 200,000. North Carolina produced three new metro areas: Fayetteville (125,000); High Point (102,000) and Asheville (101,000).

A 175 per cent population growth boosted Las Vegas, Nev., from 40,000 persons in 1950 to an estimated 112,000 this year for Las Vegas and its suburbs.

★ ★ ★

Four previously established metro areas all in Florida have more than doubled their estimated populations in 10 years. Orlando is up 141 per cent; Miami, 111 per cent, and West Palm Beach and St. Petersburg, both up 104 per cent.

The New York metro area, well out in first place at an estimated 15,175,000 in 1960, has grown only 14 per cent since 1950.

Exact Census Bureau figures may shed some light on the neck and neck battle between Chicago (6,485,000 and Los Angeles (6,475,000).

The first Commercial Atlas in 1876 had 212 pages and weighed about five pounds. The current 91st edition contains 566 larger pages and weighs 20 pounds.

★ ★ ★

Not all the Commercial Atlas' figures are overwhelming. Rand McNally estimates the 1960 population of Wickahoney, Idaho, at two persons.

Governor of R.I. Supports Mitchell

NEWPORT, R.I. (UPI) — Rhode sland Gov. Christopher del Sesto oday strongly endorsed Secretary of Labor James P. Mitchell for the Republican vice presidential nomination.

The governor said Mitchell would give party added strength in the nation's industrial areas that could mean the "difference between victory and defeat for the party in a close election."

He said that if Republicans nominate Vice President Richard M. Nixon at next week's convention n Chicago "Mitchell's chances are exceptionally good for the vice presidential nomination."

Men Blink Oftener Than Women Do

CHICAGO (UPI) — The average man blinks once every three seconds and the average woman once in four seconds, according to Dr. George N. Jessen, chairman of the National Contact Lens Month Committee.

A nervous person, Jessen added, may blink as much as 40 per cent of the time. Blinking is accomplished in 4/10 of a second and propels tears over the cornea at the rate of one-third dram each hour or several teaspoonsful a day. Actual crying increases the tear output 100 per cent, he said.

'Anatomy of Murder' Real? $9-Million Suit Says Yes

CHICAGO (AP)—Was "Anatomy of a Murder," a best-selling novel and hit movie, based entirely on fiction? or was its background taken from a real-life murder trial in Michigan in 1952?

The answer must now come from U.S. District Court Judge Michael L. Igoe, in a nine million-dollar libel suit filed by a Michigan nurse and her 18-year-old daughter.

★ ★ ★

Mrs. Hazel A. Wheeler, 47, and her daughter, Terry Ann Chenoweth of Three Rivers, Mich., claim in their suit that since the novel by John Voelker, who wrote under the pen name of Robert Traver, she and her daughter:

"Have been held up to public contempt, ridicule and shame, and have been placed in the glare of unfavorable and unwarranted publicity."

The suit was filed against Dell Publishing Co., Inc., and Columbia Pictures Corp.

'INVADES PRIVACY'

Mrs. Wheeler charges that the novel was taken from the actual trial of an Army lieutenant who was charged with fatally shooting her husband in their tavern in Big Bay, Mich.

Mrs. Wheeler's suit said the novel invaded her privacy and the movie placed the stigma of illegitimacy on her daughter.

The suit claims the novel interwove fact and fiction in such a way as to make them indistinguishable, and that Mrs. Wheeler and her daughter have become identified with the fictional characters, to the loss of their good reputations.

Heavy Sales Weaken Most Grain Futures

CHICAGO (AP)—Moderately heavy selling weakened most grain futures contracts today in early transactions on the Board of Trade but the setbacks were about a half cent or less.

★ ★ ★

Brokers said fairly heavy cash corn and wheat receipts over the weekend had a bearish effect on those commodities. Arrivals of 398 cars of wheat were the heaviest since the harvest began and the 511 cars of corn were the heaviest in many weeks.

★ ★ ★

Commercial demand will was slack and export business over the weekend was negligible. Traders heard that Brazil had postponed a scheduled purchase of about 3½ million bushels of wheat. Another report said it had received a cargo of the grain from Russia, the first in its long term exchange arrangement of coffee for wheat.

Rep. Burdick's Win Verified in N.D.

BISMARCK, N.D. (AP)—The State Canvassing Board today verified the victory of Rep. Quentin N. Burdick, the Democratic nominee, in the special election of June 28 to choose a United States senator.

The board said Burdick defeated Republican Gov. John E. Davis by 1,118 votes. The vote was Burdick 104,593, Davis 103,475.

The special election, held in conjunction with the regular state primary, was called to designate a person to serve the four and a half years remaining of the term of the late Sen. William Langer, a Republican.

Burdick is expected to be sworn in as a senator when Congress resumes Aug. 8 after a recess for the national political conventions.

His House seat will remain vacant until a representative is named at the Nov. 8 general election. There is no provision for an interim appointment to the House.

3 Photographers Get Certificates of Merit

Three Pontiac photographers have been awarded certificates of merit toward their masters in professional photography.

★ ★ ★

Clyle Haskill, Dimitri La Zaroff and Jerry Woolever were presented the certificates Saturday by the Wimona School of Photography, Winona Lake, Ind.

The three successfully completed an intensive course in direct color in portrait photography.

Twin-Engine Transport U.S. Gift to Himalayans

KATMANDU, Nepal (UPI) — The United States has presented a twin-engine DC3 transport to this remote Himalayan mountain kingdom to help develop its civil aviation system.

The United States agreed last year to give Nepal five planes, three DC3 transports and two light planes, to get an airline in operation. Two DC3s were delivered last year. The two light planes were to be delivered "soon."

Market Retreats in Dull Session

NEW YORK (AP)—The stock market had little ambition early this afternoon, showing a mixed price pattern with a tendency to go lower. Trading was dull.

Gains and losses of fractions to about a point prevailed among key stocks.

A few of the more volatile stocks fell more than a point as stop-loss orders were touched had turned down an invitation to off.

The market was still lurking in the vicinity of a "support level" which some Wall Streeters hoped would serve as a springboard for a technical rebound. The business news background provided not much in the way of stimulus for rising prices. International uncertainties still caused hesitation.

Some of the aircraft-missile and electronic stocks moved ahead but most major groups were irregular. Northern Pacific and Great Northern Railway rose about 2 points each in routine dealings as they responded to plans for merger.

Douglas Aircraft had a sinking spell, dropping 1¼ to 27 on successive blocks of 7,000 and 30,000 shares, then cutting the loss to a fraction.

Dupont picked up a point, remaining about the 200 level. Losses of about a point were taken by Union Carbide, Air Reduction, and Eastman Kodak, giving the rest of the chemical section a drab look.

U.S. Steel fell more than a point while Bethlehem and Republic Steel managed fractional gains.

General Motors and American Motors eased in an auto section which showed very little change.

A 1-point gain by Radio Corp and steady performances by Philco and Sperry Rand featured electronics. Boeing and United Aircraft were ahead slightly. General Dynamics off a fraction.

Asked what she and her husband said to each other on the phone after his victory, Mrs. Kennedy said, "We were just two happy people."

MSUO Scholarships Go to 10 Sophomores

Michigan State University Oakland today awarded scholarships to 10 sophomores on the basis of their academic work as freshmen.

★ ★ ★

Chosen from 40 applicants on the basis of need and performance, all 10 had made the university honors list with all A's and B's.

Five were given tuition scholarships of $270 each.

In addition, university officials are seeking outside funds to provide a special award for the first alternate, Mrs. Jean Parks of Royal Oak, a veteran's widow with three children, who missed out on a technicality because she had to drop an afternoon course to get home earlier.

SAVED TWO YEARS

Mrs. Parks, who plans to become a teacher, had been saving for two years to become a coed. She has a $650-a-month income from veterans insurance and social security.

Her son David, 17, and daughters, Laura, 10, and Sarah, 7, all have pitched in to help her through school.

David works in a shoe-repair shop after school and on Saturdays. But he will need money for college in the fall.

★ ★ ★

He does the scrubbing and each child is responsible for the care of their rooms. Other housekeeping tasks are rotated.

Mrs. Parks was able to start college last September because Sarah became a first grader.

The 10 scholarships announced today are one group of a total of 130 that will be awarded for MSUO's second year.

$500 WINNERS

Winners of the $500 scholarships are: Paul F. Allen, 481 S. Bellevue Rd., Orion Township; Robert J. Deneweth, Warren; James H. Drummond, Almont; Blaine M. Garwood, Center Line; and Robert L. Smith, 1828 Auburn Rd., Pontiac Township.

Winners of the tuition scholarships were: Dimitra Govenis, 330 E. Pike St.; Betty J. Potts, 25056 W. 12-Mile Rd., Southfield; Richard J. Trombly, Mt. Clemens; David W. Welsh, Royal Oak; and George R. Joyce, 4901 Fiddle Ave., Waterford Township.

Asks Fast Home Loans for Aged

Housing Administrator Tells of Adding Division to Finance Agency

WASHINGTON (AP) — Housing Administrator Norman P. Mason today ordered a fast start on the new federal program of direct loans for housing for the aged, signed into law by President Eisenhower last week.

Mason announced establishment of a new division in his Housing and Home Finance Agency and named the man to head it—Daniel G. Minto, former director of the San Francisco office of the Federal Housing Administration.

Minto told newsmen there is "a terrific need" for decent housing for the aged and promised an energetic effort to get projects under construction in the next six months.

Congress, in approving the direct loan program, provided a 200 million dollar appropriation for a test of the plan and directed Mason to have a report ready for submission to the new Congress in January.

★ ★ ★

The HHFA will back 98 per cent of the cost of rental projects designed specifically for the elderly. The loans will be made only to private nonprofit sponsoring corporations—usually church or fraternal groups, but also new civic bodies organized for the purpose.

★ ★ ★

Elaborate or extravagant projects are barred, but some are expected to cost two or three million dollars each.

Station Wagon Sales Up

NEW YORK (UPI) — Station wagon sales have been steadily increasing with our growing suburbia, and some industry forecasts are that 25 per cent of all passenger car sales within three years will be station wagons. The vehicle accounted for only a fraction of the auto market a decade ago.

Small Airlines to Get Uniform Subsidies

LOS ANGELES (UPI)—A member of the Civil Aeronautics Board told the short-haul airlines today that starting Jan. 1 their federal subsidies will be computed on a new, uniform basis.

★ ★ ★

Alan S. Boyd also said the board soon will begin a review of air service to smaller communities under its "use it or lose it" policy.

Cities which have failed to generate sufficient traffic will lose service he said, and "promising new points will be added" to the systems of the local service carriers.

The CAB has said a town must generate five passengers a day to retain service.

★ ★ ★

Boyd discussed the problems of the carriers in a speech prepared for the quarterly regional meeting of the Assn. of Local Transport Airlines.

Burroughs' Net Income 57 Per Cent Higher

DETROIT (UPI) — Burroughs Corp. announced today that its net income after taxes for the first six months of this year increased 57 per cent over the same period last year.

★ ★ ★

Net income for the period was up to $5,043,000, compared with $3,208,000 in the same period last year.

This amounted to earnings of 76 cents per share.

★ ★ ★

Revenues for the first six months of this year totaled $201,501,000, up 20 per cent over the same period last year.

Imported Cars Lagging in Sales

Marks First Time for Drop by Figure Under Previous Year

DETROIT (AP)—Sales of imported cars in the United States have fallen behind last year's pace.

★ ★ ★

Automotive News said today this is the first time the sales rate has dropped from previous year figures since the imports made their first big push into the American market five years ago.

Registrations for the first five months of 1960 as compiled by R. L. Polk & Co. total 227,401, compared with 234,182 through May of 1959.

May sales declined for the second month in a row, falling to 43,623, compared with 48,283 in April and 54,377 in May of 1959.

Imports accounted for 7.05 per cent of total new car sales in the United States in May. A month earlier they took 8.46 per cent their record penetration was 12.71 per cent last December.

Among individual makes, the two leading sellers, Volkswagen and Renault, continued to show increases.

Volkswagen has sold 64,723 cars in the first five months, against 42,530 in the similar period of last year. Renault gained from 30,401 to 33,270.

Skyliners Gain Second Baton Twirling Win

Pontiac's newest all-girl baton team, The Skyliners, has won the second contest it has entered.

The team, unfiler direction of Jackie Rae Voorheis, of 255 Dick St., took the first place team trophy in the junior division at the Blue Water Festival Contest in Port Huron Friday.

The girls competed against more than 25 teams from Midwestern and Eastern states and Michigan.

SPECIAL ELECTION—TO THE QUALIFIED ELECTORS OF THE COUNTY of Oakland, State of Michigan. Notice is hereby given, that a Special Election will be held in the

COUNTY OF OAKLAND, STATE OF MICHIGAN

at all of the regular voting precincts or places of holding the election in the City of Pontiac, City of Sylvan Lake, Township of Pontiac, and Township of Waterford on

TUESDAY, AUGUST 2, 1960

from 7 o'clock in the forenoon until 8 o'clock in the afternoon, Eastern Standard Time.

To vote on the Propositions set forth in the following Resolution Adopted by: The Board of Supervisors of said County on the 7th day of June, 1960, to-wit:

IN RE: Special County Election on Sinking Fund and Millage for Construction or repair of County Buildings

To The Oakland County Board of Supervisors:

Mr. Chairman, Ladies and Gentlemen:

Whereas, the new Court House and County Building now under construction at the Service Center Site was planned to be built in stages and the Court House Tower being the first stage is now under construction and funds are on hand to finance the cost thereof; and

Whereas, the rapid expansion of population of the County has necessitated providing increased services for the public which, in turn, has created a serious space problem which aggravates the pre-existing problem of housing for the various county offices; and

Whereas, it previously appeared that the construction of the remaining stages of the Court House and County Building could be delayed several years, it now appears not only expedient but vitally necessary that the last stages of construction should be commenced as soon as possible; and

Whereas, although the Board of Supervisors planned to pay for the several stages as monies accumulated from miscellaneous revenues and from the sale of various county owned properties, it will be necessary if the remaining stages of construction are to be commenced in the near future that a tax must be levied for that purpose; and

Whereas, Act No. 14 of 1926 (Extra Session) gives the Board of Supervisors the power to submit the question of voting millage for a sinking fund for the construction or repair of public buildings; and

Whereas, it appears from a study prepared for the Board of Supervisors by Dr. L. L. Friedland, Consultant, that the sum of Four Million Dollars will be required in order to complete the construction of the Court House and County Building;

Now therefore be it resolved that the following question, to-wit:

"To authorize the Board of Supervisors to levy a tax of one-half mill (50c per $1,000.00) of the assessed valuation as equalized, each year for a period of four (4) years from 1960 to 1963, both inclusive, to create a sinking fund to be used for the construction and/or repair of public buildings?"

☐ YES
☐ NO

be submitted to the electors at a special election to be held concurrently with the Primary Election on August 2, 1960.

Further Resolved, that there shall be submitted to the electors at a special election to be held concurrently with the Primary Election on August 2, 1960, the following proposition:

"Shall the limitation on the total amount of taxes which may be assessed each year against property in the County of Oakland, State of Michigan, for all purposes except taxes for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased for a period of four (4) years from 1960 to 1963, both inclusive, by 1/20th of 1% (50c per $1,000.00) of the assessed valuation as equalized, of the property in the County for the purpose of creating a sinking fund to be used for the construction or repair of public buildings?"

☐ YES
☐ NO

and the said proposition shall appear upon the ballots in the above form and shall appear upon the voting machines in the following form:

"Shall the tax limitation against property in the County of Oakland, for all purposes except taxes for obligations incurred prior to December 8, 1932, be increased from 1960 to 1963, both inclusive, by 50c per $1,000.00 of the assessed valuation as equalized, to create a sinking fund for the construction or repair of public buildings?"

☐ YES
☐ NO

When voting machines are used, the full text of said tax limitation proposition as set forth first above, shall be posted in each election booth.

Provided further that each City and Township Clerk shall give notice of the submission of the aforesaid propositions by including the same in the election notice for said Primary Election; the Notice of the Tax Limitation proposition shall contain the statement of the County Treasurer of all voted increases in the total tax limitation affecting property in the County of Oakland and the years such increases are effective.

Be it further resolved that the County Clerk be directed to serve a copy of this resolution upon the Sheriff and that the Sheriff be directed to give the Notice required by Act No. 14 of the Public Acts of 1926 (Extra Session) as amended.

Moved by Levinson supported by Cyril Miller the resolution be adopted. Ayes, 72. Nays, 0. Carried.

The following statement has been received from the County Treasurer as to previously voted increases in the total tax rate limitation affecting taxable property in the County of Oakland, to-wit:

COUNTY TREASURER'S STATEMENT AS REQUIRED BY ACT 293 OF THE PUBLIC ACTS OF 1947

I, Charles A. Sparks, County Treasurer of the County of Oakland, State of Michigan, do hereby certify that according to the records in my office, as of June 8, 1960 the total of all voted increases in the tax rate limitation above the 15 mills established by Section 21 of Article X of the Michigan Constitution, affecting taxable property in the County of Oakland, State of Michigan, is as follows:

Card of Thanks 1

WE WISH TO EXTEND OUR heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, and beautiful floral offerings received from our kind relatives and neighbors during our recent bereavement in the loss of our beloved mother and especially thank Rev. H. H. Savage and the Huntoon Funeral Home. The family of Pearl M. Kline.

In Memoriam 2

IN LOVING MEMORY OF OUR dear son LeRoy Crow who passed away 3 years ago July 17, 1957.
No one but God knows the heartache,
Only those who lose can tell
The grief we bear in silence
For the one we loved so well.
Sadly missed by Mother, Dad and family.

IN MEMORY OF CHARLES Elmer Henderson, our dear husband and father, Died July 18, 1957, three years ago today.
It's not the tears at the moment shed,
That tell of the hearts that are torn;
But the unseen tears
Throughout the years
And the heartaches
Known to God alone.
Loving wife, children and grandchildren, Mrs. Phebe Henderson.

Of Ballots and Bottles; Next Stop — Chicago

By EARL WILSON

WILSON

LOS ANGELES—Well, now we can look forward to Chicago and the Republicans—bearing in mind that the Hollywood stars proved to be violently partisan—partisan, that is, in favor of both parties.

A new political slogan burst from their throats here just at the close of the Democratic circus. "Play it cool, stay at the pool," was their fearless battlecry.

At the Beverly Hills pool, it looked like Scotch and water on the first ballot, with bloody Mary for Vice President. But Jack was gaining in the South—by Jack, I mean Jack Daniels.

Early returns indicated that Perle Mesta's party for Lyndon Johnson beat Phil Regan's party for Dave McDonald by a score of 8,000 guests to 1,400 guests.

★ ★ ★

Los Angeles taught us old-time party-goers some new tricks.

DIANA

Gertrude Niesen explained to me that on arriving at Perle's party and finding 1,800 delegates waiting in line, she cut out around the line, like a woman driver keeping her head up and her chest out, trying to look like a Democratic state committee woman.

Not wishing to be piggish, she didn't walk all the way to the very front of the line—but stopped two places from the rope and cut in there.

"That's not fair," screamed a delegate lady, a few places back.

Miss Niesen shot her a withering glance—as she firmly held her position — and said very tartly, "Oh, there's always somebody around like that" . . . Making the complaining woman very ashamed for having complained.

The Democratic party vittles have been very good. The wife, while stuffing herself on chili, commented, "I'm eating like there are no more conventions."

★ ★ ★

THE MIDNIGHT EARL . . .

Diana Dors concerning the nudes all over Las Vegas (including where she's starring), says, "Any show with clothes, would close" . . .

EARL'S PEARLS: Marriages may be made in heaven—but man is responsible for the maintenance work.

TODAY'S BEST LAUGH: Jackie Kannon describes a two-week Las Vegas vacation: One that was supposed to last four weeks.

WISH I'D SAID THAT: Many a man who still calls his wife "the little woman" hasn't looked lately.

AUTHOR DIES—The Saturday death of noted American author and humorist John P. Marquand, 66, has been attributed to a heart attack. He had about 30 books to his credit and a life membership on the best seller list. Marquand had been in good health through the last day, and was described as "in fine fettle" at a party in Boston Sunday. He died at his home on Kent's Island, Mass.

3 Southerners Won With Jack

2 From Carolinas and 1 From Alabama Went Against Johnson

By United Press International

LOS ANGELES (UPI)—Three Southern leaders — and only three — put their money on Democratic presidential nominee John F. Kennedy and won.

One did it a long time ago, a second made an agonizing decision two days before the National Convention opened, and the third could do it only privately.

Gov. John Patterson of Alabama made his decision several years ago and never wavered. He stayed with Kennedy even when the Massachusetts senator said he wanted a strong civil rights platform and was not seeking southern votes at the convention.

Gubernatorial nominee Terry Sanford of North Carolina waited until 48 hours before the convention opened and then, in a news conference, endorsed Kennedy. It was a difficult decision for Sanford. Kennedy was not the choice of the state nor of the delegation.

One delegate, casting his vote during a poll of the Tar Heels, looked at Sanford and said, "Johnson — for principle, not for patronage."

DELIVERED 9½ VOTES

Between them, Patterson and Sanford delivered 9½ presidential votes for Kennedy, a small number, but all there was for him in the South.

The silent supporter was South Carolina Gov. Ernest F. Hollings, who liked Kennedy personally. But Hollings came from a state bound by the unit rule. He knew he could not override the Johnson sentiment.

In the interests of state harmony, Hollings voted for Johnson along with the rest of the delegation.

Hollings and Sanford — and Southerners like them — will be among the men to whom Kennedy will turn for leadership during the campaign and, if elected, during his White House administration.

He indicated as much when he asked the two to his hotel suite to discuss a vice-presidential candidate along with leaders from all over the country.

Rocky's Interview Brings Republicans Back to Video

By FRED DANZIG

NEW YORK (UPI)—I don't think I accepted the fact that the Democratic Convention had come and gone until I looked in on the first postconvention interview show yesterday.

There, seated behind a table on ABC-TV's "College News Conference," was a Republican, the first to pop up on a TV screen in many hours.

Gov. Nelson Rockefeller of New York helped perk up more interest in the GOP's televised gathering that begins next Monday in Chicago.

But the Democratic convention is still in my thoughts. I didn't think it was "rigged," even though it was on TV, but I think that since it's all on videotape now, why not rig it?

SUMMER REPEAT

The tape could be run off in 1961 as a summer repeat series called "Guess the Nominee."

All that needs to be done is a snip of the tape here, an interpolation there, a splicing somewhere else. This would give us the same setting but a different result.

Viewers could try to guess who would come out on top as the edited tape unrolled.

It would provide lots of laughs, confusion and afford supporters of the losing candidates with some moments of pleasure.

We could make it a 16-week series and give the rerun nomination to the man who wins three out of five, in each convention.

These winners would each get valuable prizes, of course, but we wouldn't ask them to really run for president. That would only spoil the fun.

Silly me.

Just because the hour is called "The Mystery Show," I expected a mystery.

Last night, however, this series slipped in a suspense story called "The Last Six Blocks."

Since they haven't been having much luck with their mysteries in this NBC-TV summer series, I felt the unexpected turn would help matters.

Alas, in turning sharply to suspense, we were taken down another blind alley.

The last six blocks that script writer Adrian Spies laid out contained too many cracks in the pavement and a washed-out grout.

The story concerned Dane Clark, portraying a beaux doctor from the U.S.A. who settled down to physical and moral decay in an unspecified Central American village because he felt guilty about his wife's death.

Clark earned his cantina money by signing false documents for the local police chief, a tyrant played with the usual scowls and snorts by Kerry Kreager.

★ ★ ★

Clark's moment of truth arrived when he was asked to sign a phony death certificate after a young American adventurer was stabbed in the local jail.

Kreager thought it best to list the cause of death as "high fever."

The waste that the young man's life symbolized caused Clark to get a grip on himself and decide to go home and start anew. His rebellion led to a chase.

Clark made it to the U.S. consulate and safety just as Kreager and his cronies were aiming their automatics at him.

The cast included Jerome Cowan and Margarita Cordova. They all worked too hard to cover the potholes in those last six blocks.

THE CHANNEL SWIM: An hour-long dramatic series, "The Family," is being filmed by Hubbell Robinson productions for the 1961-62 season. The series will depict "The Search for Security" through the various members of one fictional American family.

Parke Levy, creator of the "December Bride" series, hopes to sell a situation comedy series starring the comedy team of Phil Ford and Mimi Hinces . . . Claire Trevor stars in "Revolt of Judge Lloyd" on CBS-TV's "Steel Hour" Wednesday, Nov. 11.

Your Appendix May Play Key Role Against Infection

PASADENA, Calif. (AP) — Lost your appendix?

The time may come when you'll wish you had it back, research at the California Institute of Technology indicated today.

The appendix, long considered a useless organ, may play an important role in the body's defense against infections, said immunologist Dieter Sussdorf.

It may also help protect these body demenses from damage by radiation such as x-rays or the rays given off in a nuclear explosion.

CAUSES RADIATION DEATHS

Dr. Sussdorf said the appendix has been found to be rich in lymphoid cells that are capable of producing disease-fighting antibodies.

Paralysis of the body's mechanism for making antibodies is a major cause of radiation deaths.

"With no antibodies to stop them, ever-present germs can invade the body uncontrolled and the victim dies of infection.

Dr. Sussdorf's research with rabbits, sponsored by the Atomic Energy Commission, shows that it is not necessary to shield the whole body from radiation to save the defense mechanism.

Shielding only certain organs, such as the spleen and the appendix can do it.

Shielding only the spleen, another lymphoid-rich organ just below the stomach, helped somewhat—but shielding the appendix alone gave much greater protection.

Dr. Sussdorf concluded that the lymphoid cells in the shielded appendix migrated through the blood stream to the spleen and there repopulated the radiation-damaged spleen with fresh antibody-producing cells.

"The results suggests a practical application in therapy requiring high doses of total body radiation, such as in leukemia and certain other forms of cancer," commented Dr. Dan H. Campbell Caltech professor of immunochemistry.

"Selectively shielding small areas such as the appendix and spleen could minimize the dangers of infection after such irradiation."

Missouri Governor Hit by Convention Fatigue

LOS ANGELES (AP)—Convention fatigue—that's the doctors' phrase—has put Gov. James T. Blair Jr. of Missouri in the hospital.

Blair was taken to Cedars of Lebanon Hospital Saturday after he had become ill at the Democratic National Convention. Examination showed nothing seriously wrong, physicians said, and the governor announced he was feeling fine Sunday.

He'll be discharged in a day or so, hospital officials said.

THE SILVER SHIELD—
Your Guarantee of Heating Comfort!

SILVER SHIELD Certified AIR CONDITIONING SYSTEM

ADD UP YOUR SAVINGS WITH SILVER SHIELD GUARANTEED HEATING...

Demand a Silver Shield Heating Guarantee — It Pays you 8 Ways

1. — A properly designed and correctly adjusted heating system eliminates long and uncomfortable cooling off periods, followed by hot blasts. You enjoy GREATER COMFORT ALL THE TIME with lower thermostat settings, for major savings on fuel bills.

2. — Silver Shield heating provides uniform temperatures from floor to ceiling, while inferior systems permit cold air to puddle on the floor and push the warm air up to the ceiling. There's no heat wasted with a Silver Shield system, which means greater savings, day after day, year after year.

3. — A Silver Shield installation gives you 26 years of service or more, while a heating system that is not properly balanced to offset heat loss is constantly overworked and wears out quickly.

4. — Silver Shield means quality. Maintenance and repair bills are kept to a minimum.

5. — Air is clean and filtered always for major savings in cleaning bills with a Silver Shield system guaranteed to be properly designed and adjusted. There's no need to pull out the filters as victims of inferior heating systems often do to obtain even a minimum of heat in certain rooms.

6. — A house with a good heating system has a better resale value, which means money in your pocket if you sell.

7. — Silver Shield heating offers the highest possible measure of health and comfort, with no chilly floors, cold rooms or wintry blasts of the type that result from poor heating systems. Good health saves time, suffering, tempers and money lost when you're off work or when you incur doctor bills.

8. — A Silver Shield system is inspected before the Silver Shield label is applied. This means that it must be right . . . that there will be no costs for expensive corrections after your system is installed.

SILVER SHIELD systems are available for all residential comfort needs . . . heating, cooling, or a combination of both.

Ford Vanguard Starts Battle for VP Post

GRAND RAPIDS (UPI)—The Ford for Vice President Committee is sending its first platoon of troops to the battleground ahead of the main army. Strategy to put Rep. Gerald R. Rord Jr. (R-Mich) in the second spot on the Republican ticket was outlined here during the weekend in preparation for the GOP National Convention in Chicago next week.

Former Grand Rapids Mayor Paul Goebel, chairman of the committee, said the committee has taken a suite at the Congress Hotel in Chicago and is ready to start its maneuvers in advance of the convention. Two mailings have already gone out to all delegates and alternates to the convention, supplying background on the the Grand Rapids congressman.

Michigan delegates to the convention have been assigned to specific delegations from other states to work in Ford's behalf, Goebel said.

"The 92 state delegates and alternates will report to the committee twice daily during the convention on how the Ford movement is going," he said.

"The enthusiasm both inside and outside Michigan is terrific," Goebel told high-ranking Republicans at the Saturday meeting

★ ★ ★

The six-term lawmaker, who turned 47 last week, called the boom for him "very satisfactory," Goebel said.

Ford backers said they realized Ford didn't hold the top spot among the possible nominees for vice president. "But he is among the top four, we conservatively estimate," Goebel said.

Another committee spokesman said Ford was acceptable to Nixon as a running mate.

DEFENSE EXPERT

Congressman Robert Griffin said Ford's chances for the nomination were dimmed, however, by the Democrats' selection of Sen. Lyndon Johnson as their vice presidential candidate.

The Traverse City Republican reasoned Ford's chances would

Kennedy Casts Hook at Virginia

Reveals Appointment of Ex-Governor's Son in Bid for State Ike Won

HYANNIS PORT, Mass. (UPI) — Sen. John F. Kennedy moved today to win for himself the votes which the State of Virginia cast for President Eisenhower in the 1952 and 1956 presidential elections.

The Democratic presidential candidate, vacationing at his Cape Cod summer home, announced appointment of William Battle of Charlottesville, Va., as executive director of his campaign in Virginia.

Pierre Salinger, Kennedy's press secretary, said Battle had accepted the appointment and "could expect to work closely with the regular Democratic organization including Gov. (J. Lindsay) Almond and Sen. (Harry F.) Byrd."

Salinger said Battle, son of former Gov. John S. Battle, was named "after consultation with the Democratic State Committee in Virginia."

Kennedy has known him since World War II, when Battle commanded the group that rescued Kennedy after his own PT boat was sunk by the Japanese in 1943.

Asked whether Byrd, who declined to support Adlai E. Stevenson four years ago, approved Battle's assignment, Salinger said the senator himself would have to be asked that.

But Salinger did note Kennedy conferred with Almond after winning the presidential nomination in Los Angeles last week.

★ ★ ★

Salinger also was asked to clarify his statement of last night in which he said Kennedy and Sen. Lyndon B. Johnson, his running mate, would be happy to participate in top secret intelligence briefing which President Eisenhower had offered.

A newsman said the statement left some doubt as to whether they would do so alone or wanted to share these briefings with Stevenson and Rep. Chester Bowles (D- Conn), their liaison men with the White House.

"Sen. Kennedy and Sen. Johnson will be happy to participate in any way the president desires," Salinger replied. He also said he expected to be in communication with the White House today with respect to his.

RECEPTION DELIGHTS

The only other business, as such, that Kennedy transacted today was to ask Salinger to "let the people of Boston and Hyannis know how excited he was at the reception they gave him when he arrived here last night."

Salinger said Kennedy's wife Jacqueline presented her husband a welcome home gift of an oil painting she had done depicting the senator returning victoriously from the convention.

The painting, Salinger said, showed Kennedy in a sailboat named "Victura II" — a boat Kennedy had owned — arriving at shore with people greeting the senator.

Cuban Catholics Hit at Russians in Mass Protest

Hold Biggest Anti-Red Rally Since Advent of Castro Regime

HAVANA (AP) — "Cuba si, Russia no!" shouted crowds of Roman Catholics after an anti-Communist mass Sunday at Havana's cathedral. It was the most spectacular anti-Red demonstration since Prime Minister Fidel Castro's regime took the turn to the left.

It was a switch from the "Cuba si! Yankees no!" chanted by Castro's followers on every occasion. Churchgoers vented their feelings against the government trend after a mass dedicated to "victims of Communist persecution."

A handful of hecklers had to be rescued by a police car when they shouted "Cuba si! Yankees no!" at the throng which poured into Cathedral Square after the mass. Men and women pounded on the police car with fists and pocketbooks as the hecklers were escorted to safety.

Two uniformed but unarmed militiamen got the same treatment and had to be rescued by police.

Prime Minister Castro, reported mending after a lung infection, continued silent as the thorny dispute between his regime and the United States moved into world and regional organizations.

Cuban Foreign Minister Raul Roa was to present a two-hour complaint against the United States in the U.N. Security Council today, charging U.S. economic

BELGIANS BACK — Belgian paratroopers stand guard over Congolese prisoners at the Leopoldville Airport after taking control of the field. Sunday, Congo Premier Patrice Lumumba received word that five planeloads of Belgian troops had been dropped into Kindu in the south. He denounced the return of the soldiers and asked that they leave.

Congo May Call on Soviets to Help Kick Out Belgians

By LYNN HEINZERLING

STANLEYVILLE, The Congo (AP) — The Congo government threatened Sunday night to appeal for Soviet military aid to kick out Belgian troops unless they withdraw within three days.

A minister of Premier Patrice Lumumba's government charged that the United Nations peace task force pouring into the country is incompetent to deal with the situation.

The U.N. Security Council, prodded by the Soviet Union, is expected to meet Tuesday for a report on implementation of a resolution calling on Belgium to withdraw its troops from the Congo.

Gen. Henry T. Alexander, British commander of Ghana's army and head of its contribution to the U.N. force, said the situation in the infant African republic had "worsened all over."

Alexander flew from Lepoldville to this picturesque city 775 miles north of the capital Sunday to plant the U.N. flag and confer with Premier Lumumba and President Joseph Kasavubu.

The disclosure that the Congolese leaders were planning to invite the Soviet Union to send troops came from Jacques Lumbala, one of nine secretaries of state in the government and leader of the left-wing faction in the regime.

Shocked by the leakage of his government's strategy, Lumumba upbraided Lumbala before newsmen and told him, "I will take the most serious measures against you."

NO DENIAL

The premier, 34, did not deny the plan, and it was learned reliably his government already has drafted a telegram for sending to Moscow.

The Soviet Union approved the sending of a U.N. task force to restore order in the turbulent Congo but at the same time condemned "imperialist intervention" in the African nation.

Soviet Premier Nikita Khrushchev last week promised Congolese leaders "the necessary help which may be required for the victory of your just cause."

Congolese leaders blamed the troubles in the country on the presence of Belgian troops, who showed no signs of withdrawing.

Even as Lumumba was conferring Sunday with Gen. Alexander, he got word that five planeloads of troops had dropped into Kindu, about 325 miles south of Stanleyville, to disarm Congolese troops in that river port on the banks of the Lualaba.

Youth Drowns in Gilbert Lake

Skin Divers Still Seek Body of Birmingham Boy, 17

Skin divers from Pontiac area police departments still were searching this morning for the body of a Birmingham youth who drowned last night in Gilbert Lake, Bloomfield Township.

The victim has been identified by township police as Robert D. Scott, 17, of 561 Rudgate St.

★ ★ ★

His father George D. Scott is a vice president of the Excello Manufacturing Co.

The teen-ager drowned while skin diving last night with Douglas Newman, 17, of 6805 Colby lane, Birmingham.

Newman told officers they panicked after becoming entangled in thick weeds.

Newman reportedly was pulled from the water by two unidentified fishermen, police said.

Sheriff's department skin divers Medward Tessier, Henry I. Hansen and Ronald Breuer continued diving operations throughout the night.

They were assisted this morning by Pontiac state police, Waterford Township police, and a helicopter flown here from Selfridge AFB.

Deputies said thick weeds in the lake were hampering efforts to recover the body.

The victim's step-brother is George C. Scott, who played the big city prosecutor in the movie, "Anatomy of A Murder."

A friend of the two boys told police that neither had a flashlight and that they had been warned against trying the sport at night.

Refuses to 2nd Nomination of Richard Nixon

All Indication Points to Acclamation Win for Vice President

CHICAGO (AP)—Gov. Nelson A. Rockefeller headed for this convention city today, at odds with fellow Republicans on several points including his refusal to second the nomination of Vice President Richard M. Nixon at the GOP National Convention.

Every current sign points to Nixon's nomination by acclamation at the convention, which opens July 25.

But Rockefeller, hailed by Republicans as a bright, new light in the party after his upset election victory ni New York in 1958, has kept himself out of this main stream of Republican activity.

Although agreeing that Nixon "for all practical purposes" is the nominee, Rockefeller has kept himself open to a draft.

Some think his arrival today with a large corps of advisers and consultants marks the beginning of a last-ditch effort to win the nomination.

"Rockefeller is chairman of the 96-vote New York convention delegation, which he so far has held neutral.

He may clarify his position today at a news conference, scheduled to be televised live in the East at 4:15 p.m. EST.

Rockefeller will appear Tuesday before a committee drafting the 1960 Republican platform. The committee, headed by Charles H. Percy, Chicago busines executive, will organize Tuesday morning.

TO PUSH HIS VIEWS

Sen. Thruston B. Morton of Kentucky, Republican national chairman, and Sen. Barry Goldwater of Arizona also will appear before the committee Tuesday.

Rockefeller will urge the committee to adopt his views on subjects ranging from nuclear testing—he wants it resumed—to medical care for the aged which he thinks should be handled through existing social security machinery.

On these and several other point he is in conflict with the national Republican administra-

'Anatomy of Murder' Real? $9-Million Suit Says Yes

CHICAGO (AP)—Was "Anatomy of a Murder," a best-selling novel and hit movie, based entirely on fiction? or was its background taken from a real-life murder trial in Michigan in 1952?

The answer must now come from U.S. District Court Judge Michael L. Igoe, in a nine million-dollar libel suit filed by a Michigan nurse and her 18-year-old daughter.

★ ★ ★

Mrs. Hazel A. Wheeler, 47, and her daughter, Terry Ann Chenoweth of Three Rivers, Mich., claim in their suit that since the novel by John Voelker, who wrote under the pen name of Robert Traver, she and her daughter:

"Have been held up to public contempt, ridicule and shame, and have been placed in the glare of unfavorable and unwarranted publicity."

The suit was filed against Dell Publishing Co., Inc., and Columbia Pictures Corp.

'INVADES PRIVACY'

Mrs. Wheeler charges that the novel was taken from the actual trial of an Army lieutenant who was charged with fatally shooting her husband in their tavern in Big Bay, Mich.

Scouts Off for Jamboree

(Editor's Note: This is the first of several reports by Life Scout Warren Gooch, 16, special Pontiac Press correspondent for the Fifth National Jamboree of the Boy Scouts of America. Gooch, of 368 Hillcliff St., Waterford Township, will follow activities of Pontiac area scouts and adult leaders attending the Jamboree at Colorado Springs, Colo.)

By WARREN GOOCH

Early this morning the great adventure began for 100 Pontiac area boy scouts and eight adult leaders.

Amidst the sleepy yawns of parents and the excited shouts of scouts, the Clinton Valley Council's contingent headed for the Golden Jamboree in Colorado.

The scouts boarded buses at 5:45 a.m. at the Tel-Huron shopping first leg of their journey to Durand.

Because of the early departure time, many of the boys and their parents were up by 4 a.m.

At Durand, the boys boarded a special train which is taking them, by way of Chicago, to the Jamboree.

GOOCH

First contingents of U. S. and world Boy Scout troops already were moving into Colorado today.

By Thursday night, there will be 55,000 youngsters on hand for seven days of fun, frolic and fraternization. Every state and almost 70 foreign countries will be represented.

TO ARRIVE TUESDAY

The Clinton Valley group will be among more than 11,000 boys and their leaders moving into the camp area Tuesday via train and special plane, with others showing up by bus.

The Jamboree at Colorado Springs officially opens Friday and

Soapy Calls Kennedy for Labor Day

By The Associated Press

Sen. John F. Kennedy, the Democratic nominee for president, has been invited by Gov. Williams to open his campaign in Detroit on Labor Day.

★ ★ ★

Kennedy has yet to decide if he'll accept the invitation of the Wayne County AFL-CIO Council.

Harry S. Truman kicked off his successful 1948 campaign on Labor Day in Detroit and Adlai E. Stevenson followed suit in 1952 and 1956.

Union officials have indicted they would play down their parade if Kennedy accepts. The emphasis would be on a large Cadillac Square rally for the presidential nominee.

HAPPY ENDING

Some of the Michigan delegates to the Democratic National Convention were concerned over the choice of Sen. Lyndon B. Johnson of Texas as the vice presidential nominee.

Still, the convention had a generally happy ending for the Michigan delegation. Mrs. Margaret Price of Ann Arbor was installed as the new woman vice chairman of the national committee.

Williams lost no time stumping, as promised, for the Democratic presidential candidate.

★ ★ ★

Wearing his familiar green polka-dot tie, he told 400 Polish-Americans Sunday in Los Angeles that Kennedy's "New Frontier" concept discussed in the senator's acceptance speech Friday means "a new look—a better life for people at home and a glowing hope for justice and freedom for people around the world.

Men Blink Oftener Than Women Do

CHICAGO (UPI) — The average man blinks once every three seconds and the average woman once in four seconds, according to Dr. George N. Jessen, chairman of the National Contact Lens Month Committee.

A nervous person, Jessen added, may blink as much as 40 per cent of the time. Blinking is accomplished in 4/10 of a second and propels tears over the cornea at the rate of one-third dram each hour or several teaspoonfuls a day. Actual crying increases the tear output 100 per cent, he said.

Station Wagon Sales Up

NEW YORK (UPI) — Station wagon sales have been steadily increasing with our growing suburbia, and some industry forecasts are that 25 per cent of all passenger car sales within three years will be station wagons. The vehicle accounted for only a fraction of the auto market a decade ago.

Central Plains Are Assailed by Wind, Rain

By The Associated Press

Thunderstorms lashed the central plains with heavy rain, swift winds and hail today.

The midsummer storm was concentrated in Iowa, Nebraska and Eastern Colorado southward into Oklahoma and the Texas Panhandle.

Winds gusts reached 45 miles an hour in a thunderstorm at Lubbock, Tex. Portions of north and central Oklahoma were raked by winds up to 95 miles an hour and golf-ball-size hail Sunday night.

Stillwater and Ponca City, Okla., reported 1½-inch rainfalls.

More than an inch of rain in six hours drenched wide areas of eastern Nebraska and southwest Missouri. More than two inches fell at Chanute in southeast Kansas.

Another storm dropped heavy rains in southern Minnesota and northern Iowa Sunday.

Outdoor Accidents Fatal to 22

By The Associated Press

Sunny skies lured thousands to Michigan highways and lakes Sunday. The good weather apparently figured in an upsurge in the accidental death toll — 22 victims compared with 18 in the previous weekend.

But not all were on weekend outings. Two small children were killed when they darted in front of cars near their homes. A 77-year-old man was struck and killed by a car in Detroit.

Traffic accidents took 15 lives and collisions accounted for only six of the deaths. Single vehicles out of control killed five persons.

A 3½-year-old Ontario girl on vacation with her family in Upper Michigan was killed when she was struck by a car near a park in Gladstone.

Five persons drowned in lakes, including a 23-year-old skin diver exploring the wreckage of an old schooner 50 feet down in Lake Charlevoix. And a 38-year-old water skier collapsed from a heart attack on an Oakland County lake.

Traffic fatalities:

John Willard, 12, of Burton Township, was killed Sunday when his bicycle and a car collided in Burton Township, just southeast of Flint city limits.

Cynthia Saul, 3½, of Kenora, Ont., died Sunday night of injuries suffered Saturday when she ran in front to a car at the intersection of M-41 and U.S. 2 at Gladstone.

★ ★ ★

Lowell Collier, 27, of Hanover was killed Sunday when he lost control of his car and struck a tree along Moscow road in Hillsdale County.

Joe W. Owen, 42, of Warren, was killed Sunday when his car ran out of control on M-53 a mile and half south of Romeo.

Mrs. Alypia Wendt, 60, of Boonton, N. J., was killed Saturday night when the car in which she was riding collided with another auto four miles west of Marquette.

Leon Brockway, 60, of Munising, was killed Sunday in a two-car collision on M-28 in Alger County near Munising.

★ ★ ★

Glen Hopkson, 3, of Flint, was struck and killed Sunday by a car in front of his Flint home.

Larry D. Harrington, 18, of Flint was killed Saturday in an automobile collision on U.S. 23 10 miles north of Ann Arbor. He was riding in a car which was struck in the rear by another car. State Police said Harrington was thrown out and the car rolled over him.

Bonnie Sue Rush, 4, of rural Zeeland, died Saturday when she ran in front of a car in Olive Township in Ottawa County.

Mrs. Elmer Reif, 60, of Bay City was killed Saturday in a two-car collision on U.S. 31 near Holland. She was riding in a car which collided with a car driven by Lynn David Ward, 46, of LaPorte, Ind.

Ward and four passengers in his car and Mrs. Geneva Van Tassel, 52, of Bay City, driver of the other car, were injured.

★ ★ ★

Mrs. Myrtle Armstrong, 49, of rural Ludington was killed Saturday when she fell from a skidding pickup truck and struck her head against a wire fence post. Police said her husband, Beubin, 49, apparently lost control of the truck.

Ronald Dials, 22, South Bend, Ind., was killed Saturday night when his car failed to make a curve and rolled over on U. S. 112 in Cass County.

Elmer Bratton, 77, of Detroit was struck and killed by a car on a Detroit street Friday night.

James Harrington, 27, of Royal Oak was killed in a two-car collision in Redford Township of the Detroit area Friday night.

Mrs. Ida Denton, 68, of Jackson was killed Friday night in a car-truck collision in Jackson.

Drownings:

James Wayne Nulty, 24, of Sturgis drowned Saturday in Matteson Lake in Branch County. He had gone swimming. The body was recovered in six feet of water 100 feet from shore.

Arellie Baughey, 40, of Adrian fell from a raft and drowned Saturday in Round Lake 15 miles west of Adrian. Baughey was on a pontoon raft with his wife and three daughters.

He was leaning over the side, trying to repair the broken shear pin on his outboard motor, when he fell in and went down in 25 feet of water 300 yards from shore.

Joseph A. Robbins, 23, of Frankenmuth, drowned Sunday in Lake Charlevoix while skin diving.

Charles Berner, 24, of Grand Lodge, drowned Sunday in Lake Michigan seven miles south of Pentwater. He was riding in a boat which capsized.

Frederick Reifert, 9, of Dundee, drowned Sunday while swimming at Edelena Park, five miles west of Dundee.

Mark Pierce, 8, of rural Dowling, drowned Sunday while swimming Clear Lake in Berry County.

HUNT DROWNING VICTIM — Trooper Lee Heatley of the Ypsilanti State Police Post prepares to aid in the search for the body of Robert D. Scott, 17, of Birmingham, who drowned last night in Gilbert Lake. Sheriff's Dept. divers searched through the night in the black weedy depths. Handing equipment to Heatley is Deputy Donald Kratt (left) water patrol director, while State Police Sgt. Lorenze Ahlgrim, commander of the Pontiac Post, holds swim fins. An unidentified person holding an oxygen tank is hidden behind Kratt.

100 Scouts From Area Set Out for Colorado

(Continued From Page One)

breaks up with a gigantic outdoor ceremony Thursday, July 28.

Many of the early-arriving units will set up their two-man tents, establish camp, and head for the hills in a sight-seeing tour until the Jamboree begins officially.

Some groups will remain after the camp ends to make tours of historic areas in the West.

SPECIAL TRAINMEN

Railroads have authorized special rates for all Jamboree contingents traveling by train. The Boy Scouts of America and the American Assn. of Dining Car Operators have worked together to prepare a special menu for the trains' dining cars, guaranteeing that the boys will have adequate and nourishing meals traveling to and from the Jamboree.

★ ★ ★

The jubilee is being held on 2,000 acres of the Reverse J. Diamond Ranch, owned by Mr. and Mrs. R. E. Johnson. The site is eight miles north of Colorado Springs and adjoins the U.S. Air Force Academy.

As the first units neared the campsite in the shadow of historic Pike's Peak, everything was ready for the creation of what will become—temporarily—Colorado's fourth largest city.

It will have its own hospitals and churches, a newspaper, radio station and complete telephone network.

Postal service—geared to handle more than a million pieces of mail during the Jamboree period—started over the weekend. Reading posts already are in operation.

JAPANESE ON HAND

A 111-boy unit from Japan already is in Colorado, scattered with domestic units.

The biggest foreign delegation moves in Thursday when some 350 Canadian Boy Scouts set up their tents and start operating.

For the early arrivals, tours of nearby Ft. Carson and the Air Force Academy, plus the Denver mint and other sight-seeing attractions, are on the schedule.

On tap for the first several days are a two-night rodeo, appearance of Western movie and television stars, and the start of camp activities — featuring trading, proficiency tests in scouting activities, and the organization of a long series of campfire trading activities with units from other sections of the country and the world.

Nixon No Piker With Political Stiletto

Kennedy's Early-Blooming Barbs Promise Rip-Snortin' Campaign

By JAMES MARLOW

WASHINGTON (AP)—The 1960 presidential campaign will be the roughest and toughest in years. It has already started that way.

In his acceptance speech Friday night Sen. John F. Kennedy, the Democratic Presidential candidate, could have been strictly noble, leaving the gunplay till later.

Instead, he used the first speech of his campaign to make a savage attack on Vice President Richard M. Nixon, who almost certainly will get the Republican presidential nomination next week.

★ ★ ★

It was like deliberately warning Nixon he was in for a bad time. Kennedy, who acts cool, is a tough young man as he showed in his determined and successful effort to get the Democratic nomination.

His attack on Nixon was a shocker to newsmen who are used to the antics and tactics of politicians, not because it happened, since that was to be expected some time, but because it happened so early in the campaign.

Nixon himself knows what playing rough means. He has played so rough in the past that some Democrats, and none more than former President Truman, despise him.

★ ★ ★

Then there's Sen. Lyndon B. Johnson, Kennedy's running mate for the vice presidency. Johnson is no patsy, either. He got rough on Kennedy — some people thought too rough—before the Massachusetts senator beat him for the No. 1 place on the ticket.

Knowing Johnson, as this writer does, it seems safe to say he won't pull any punches, particularly on Nixon, who has given the Democrats such a brawny going over so many times in the past.

Ever since the 1954 congressional campaign, when his tactics left scars which still infuriate the Democrats, Nixon has been a fairly restrained campaigner. The Democrats refer sneeringly to the post-1954 Nixon as the "new Nixon."

It's doubtful Nixon will be able to restrain himself this year if the Democrats go for his throat as Kennedy did when last Friday he spoke of the vice president as sometimes showing "charity toward none and malice for all."

Kennedy said that before Nixon starts dealing in this campaign, someone had better cut the cards." The fact that Kennedy didn't have to do this kind of thing so early in the campaign, but chose to, is a pretty good indication he will try to chop the Republican candidate to bits.

The Democrats' treatment of Dwight D. Eisenhower in 1952 and 1956 was fairly mild for a campaign. But they had to be careful since Eisenhower was a highly popular war hero.

Nixon doesn't enjoy such broad affection if only because, like Kennedy, he didn't have the same wartime distinction.

Some of the ammunition Nixon used against Democrats in the past—by playing on public fear that Communists might be infiltrating the government—has pretty well dried up. Communists-in-government is hardly an issue in 1960.

For instance, in 1954 he said the Communists were fighting hard for an anti-Eisenhower Congress —which could only mean a Democratic Congress—because, he said, many Democratic candidates belonged to a left-wing clique which "tolerated" a Communist conspiracy.

Paul M. Butler, then chairman of the Democratic National Committee, said Nixon was implying the Democrats were traitors.

This year Nixon can hardly suggest the two wealthy Democratic candidates—Kennedy, a Roman Catholic, and Johnson, a Texas Conservative—have any sympathy for Communist.

What he will probably try to do is poke holes in the Kennedy-Johnson voting records. They'll certainly try to do that to him. But that will be only the starting point.

Governor of R.I. Supports Mitchell

NEWPORT, R.I. (UPI) — Rhode Island Gov. Christopher del Sesto today strongly endorsed Secretary of Labor James P. Mitchell for the Republican vice presidential nomination.

He said that if Republicans nominate Vice President Richard M. Nixon at next week's convention in Chicago "Mitchell's chances are exceptionally good for the vice presidential nomination."

Metro Cities on Increase

Census Report to Tell Areas Which Are Up Over 100,000

CHICAGO (UPI) — America's population shift South and West, expected to be confirmed by U.S. Census Bureau findings this year, has produced 11 new "metro areas."

A metro area, as defined by Rand McNally & Co. mapmakers, is one where estimated combined city and suburban population exceeds 100,000 persons.

Of 11 new areas announced in the current Rand McNally Commercial Atlas and Marketing Guide, five are in the South, three in the West and one is in the Midwest.

The other two are Newburgh, N.Y. (101,000) in Orange County not far from New York City, and Altoona, Pa. (103,000).

The Pomona-Ontario area in southern California tops the 11 new entries with an estimated 1960 population of 200,000. North Carolina produced three new metro areas: Fayetteville (125,000); High Point (102,000) and Asheville (101,000).

★ ★ ★

A 175 per cent population growth boosted Las Vegas, Nev., from 40,000 persons in 1950 to an estimated 112,000 this year for Las Vegas and its suburbs.

★ ★ ★

Four previously established metro areas all in Florida have more than doubled their estimated populations in 10 years. Orlando is up 141 per cent; Miami, 111 per cent, and West Palm Beach and St. Petersburg, both up 104 per cent.

★ ★ ★

The New York metro area, well out in first place at an estimated 15,175,000 in 1960, has grown only 14 per cent since 1950.

Exact Census Bureau figures may shed some light on the neck and neck battle between Chicago (6,485,000 and Los Angeles (6,475,000).

★ ★ ★

The first Commercial Atlas in 1876 had 212 pages and weighed about five pounds. The current 91st edition contains 566 larger pages and weighs 20 pounds.

Not all the Commercial Atlas' figures are overwhelming. Rand McNally estimates the 1960 population of Wickahoney, Idaho, at two persons.

Asks Fast Home Loans for Aged

Housing Administrator Tells of Adding Division to Finance Agency

WASHINGTON (AP) — Housing Administrator Norman P. Mason today ordered a fast start on the new federal program of direct loans for housing for the aged, signed into law by President Eisenhower last week.

★ ★ ★

Mason announced establishment of a new division in his Housing and Home Finance Agency and named the man to head it—Daniel G. Minto, former director of the San Francisco office of the Federal Housing Administration.

Minto told newsmen there is "a terrific need" for decent housing for the aged and promised an energetic effort to get projects under construction in the next six months.

★ ★ ★

Congress, in approving the direct loan program, provided a 20 million dollar appropriation for a test of the plan and directed Mason to have a report ready for submission to the new Conress in January.

★ ★ ★

The HHFA will back 98 per cent of the cost of rental projects designed specifically for the elderly. The loans will be made only to private, nonprofit sponsoring corporations—usually church or fraternal groups, but also new civic bodies organized for the purpose.

★ ★ ★

Elaborate or extravagant projects are barred, but some are expected to cost two or three million dollars each.

The Day in Birmingham

Outstate Trucker Charged With Negligent Homicide

BIRMINGHAM — An Indiana truckdriver has been charged with negligent homicide by Bloomfield Township Police in the traffic death of a Bloomfield Hills woman last week.

The warrant issued is against James F. Frakum, 49, of Monroe, Ind.

He is accused of running a red light at Telegraph and Maple roads and colliding with a car driven by Mrs. Henry Koltys, 39, of 900 Lone Pine Rd., resulting in her death.

Mrs. Koltys, who suffered a broken back, died a week later in St. Joseph Mercy Hospital, Pontiac.

★ ★ ★

Frakum was released on a $100 bond the day following the accident after a witness had brought charges against him for running the red light.

The new charge was brought by the police after Mrs. Koltys death.

Frakum, now in Indiana, is to return to Michigan on the first charge for a July 26 hearing before Justice of the Peace Elmer C. Dieterle.

If he fails to appear, extradition on the negligent homicide charge would be necessary, Police Chief Norman Dehnke said.

Seven other persons were injured in the four-vehicle accident.

Registrations are being accepted for the 600-mile round trip to Mackinac Island for junior high students sponsored by the Birmingham YMCA.

The four-day trip is scheduled for Aug. 22.

Traveling by car, the group will camp out each night in State and National Forest, take sight-seeing tours and attend an authentic Indian ceremony on the island.

Gordon A. Young

Service for former Birmingham resident Gordon A. Young, 51, of 1930 Crooks Rd., Troy, will be at 8 p.m. Tuesday at Manley Bailey Funeral Home.

Burial will be in Riverview Cemetery, Churubusco, Ind., Wednesday.

Mr. Young died suddenly at his home Saturday.

He is survived by his wife Beryle, sons Albert of Mackinaw City, and Archie Bliesath of Clawson and daughters Cheryl, Mrs. Charles Sternal of Berkley, Mrs. Jerry Mayle of Southfield and Mrs. Constance Rooke of Walnut Lake.

Rockefeller has refused consistently to endorse Nixon or state without qualification whether he thinks the vice president is fully qualified to become president.

In a television interview in New York Rockefeller said he had turned down an invitation to second Nixon's nomination. He declined to say who extended the invitation.

Rockefeller repeated his long-standing statement he would not become an active candidate for the nomination or accept second place.

This refusal to endorse Nixon or accept second place has touched off GOP charges Rockefeller is a divisive influence in the party.

Water Ski Death Is Attributed to Heart Attack

The death of a Livonia man while water skiing on Pine Lake, West Bloomfield Township, Sunday was caused by a heart attack, it has been ruled by the coroner.

It was first believed that Michael Geary, 36, of 32035 Washington St., was a drowning victim.

Sheriff's deputies said Geary collapsed while trying to get up on water skis.

Dr. William C. Noshay of 2672 W. Long Lake Rd., West Bloomfield Township, operating the boat pulling Geary, dived in and carried him to shore.

Deputy Coroner Dr. Douglas A. Haddock of Orchard Lake pronounced him dead of a heart attack.

Has Phone Put in Bathroom

Rocky Girds for Battle?

By JOSEPH E. MOHBAT

CHICAGO (AP)—Here are some of the goings-on as Chicago primps for the Republican National Convention:

* * *

Gov. Nelson A. Rockefeller of New York can hear the latest from his staffers no matter what he's doing—even shaving. A gold-plated wall telephone has been ordered installed in the bathroom off the master bedroom of his five-room Sheraton Towers hotel suite.

* * *

Rockefeller's suite on the 31st floor has been redecorated at a cost of $10,000. The Sheraton chain has brought in special antiques from its Boston warehouse to decorate the hotel during his visit.

* * *

When the gavel thunders for order in the hall, it will strike a specially installed gavel post mounted on the concrete floor and not attached to the rostrum. This way, teleprompters, speakers and other items on the rostrum won't jiggle when the gavel is pounded.

* * *

GOP headquarters at the Conrad Hilton already is pouring out hordes of trinkets bearing the "Republican" message. Among the gimmicks are mechanical elephants, cigarette lighters, badges and hats. For the ladies, sample bottles of perfume are labeled "GOPtimism."

* * *

Estimated cost of revamping the amphitheatre for the convention is 2½ million dollars, mostly by the television networks.

* * *

Preconvention tourists can view the International Amphitheatre this week. Twenty-five dark-skirted, white-bloused college coeds and 25 male college students will conduct tours of the hall every 10 minutes, about 150 tours daily.

* * *

One of the last chores before the opening gavel will be a fine-toothed comb inspection of the hall by a police bomb squad. Thereafter only authorized persons will be permitted in the amphitheatre.

Arabs Boycott Jeff Chandler and Danny Kaye

DAMASCUS, Syria (AP)—The Arab League has extended its boycott for dealings with Israel to nine American companies and film stars Jeff Chandler and Danny Kaye.

* * *

Twelve European and Asian businesses also were added to the black list of companies barred from operating in or sending their products into all Arab countries.

Kaye and Chandler were blacklisted for "pro-Israel affiliations and services for Israel's interests."

* * *

The additional American companies banned for doing business with Israel include Firestone International, Bulova Watch Co. and its parent, Bulova Foundation, Studebaker-Packard, Cal Am Inc., Mitenberg & Samton Inc., Fairbanks Morse & Co., American-Palestine Trading Corp., Fairbanks Whitney, and the maritime company Garcia & Diaz, Inc.

U2s Provide Fallout Data

Continue Flights Over Friendly Nations on Sampling Program

WASHINGTON (AP) — Flights by U2 planes have provided science with valuable information of the kind of global fallout a nuclear war might produce, the government reports.

* * *

The low-winged planes of the type downed by the Soviet Union last May 1 are still gathering information in their high altitude sampling program.

* * *

After the tempest stirred up by the May Day spy plane flight, the government announced that such flights over the Soviet Union had been discontinued.

* * *

A report on the high-altitude sampling program was released Sunday night by the Defense Department. It voiced the government's thanks for the right to conduct U2 flights over Argentina, Canada, Mexico, Venezuela, Brazil, Bolivia and Paraguay.

GOP Demonstrators Will Support Anyone

United Press International

CHICAGO (UPI) — Don't be surprised if the same happy, enhanced faces show up in demonstrations for both Vice President Richard M. Nixon and New York Gov. Nelson Rockefeller at the Republican National Convention next week.

Young Republicans have gathered an army of marchers to throw onto the floor of International Amphitheater at any and every outburst of "I give you a great American . . . " oratory.

Their captains say they won't play favorites.

Not in this convention where candidates may be as scarce as Democrats and in this television age when hoopla helps glue Dad to the den instead of lawn mower.

* * *

"We'll have plenty of demonstrators for anybody who wants them," said Maurice Colburn, cochairman of the Young Republicans Committee on Arrangements.

"We're not going to try to force anybody to go cheer for anyone he doesn't want to cheer," he said, "but we'll have Young Republicans to coordinate the demonstration activities—see to it that the color and enthusiasm are put out front."

Colburn estimated he would have a pool of more than 5,000 Young Republicans from which to draw manpower needs.

U. S. Grants Preceded Forest Conservation

NEW YORK (UPI) — Before conservation of forests was thought about in the U. S., the Federal government distributed public land to settlers and purchasers in the form of grants, the Twentieth Century Fund notes.

In one instance, a railroad was granted nearly 40 million acres. One state sold some of its finest hardwood forests for 10 cents an acre.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge. Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas; take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new Colonaid gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) Colonaid moisturizes hardened waste for easy passage without pain or strain. (2) Colonaid unequalled rebulking action helps tone flabby colon muscles. (3) Colonaid acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

Colonaid relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And Colonaid won't interfere with absorption of vitamins or other food nutrients. Get Colonaid today! Introductory size 43¢.

Shed It During Hot Weather

Fat Just Like a Fur Coat

By JOSEPHINE LOWMAN

Overweight may make you jolly but it also makes you hot. It's like wearing a fur coat in hot weather. And, extra pounds make your body and your heart work harder.

In some ways hot weather is a splendid time to reduce. It is easier to do so now because our appetites are not whetted by sharp winter winds and cold temperatures.

In the summer, salads of crisp greens of great variety, lightly seasoned with oil and vinegar, lemon juice and herb dressing, are in fashion.

Fashions in hot weather eating have changed just as fashions in figure and clothes have. We seldom see the frozen salad which contains a great amount of cream, for instance.

* * *

In its place we find salads of crisp greens of great variety, lightly seasoned with oil and vinegar, lemon juice and herb dressing. If the salad is more elaborate, it is usually the gelatin-fruit variety.

VEGETABLES FRESH

Then, too, it is easier to plan slimming but appetizing meals since there is such a gorgeous variety of fresh fruits and vegetables on the market. Learn to enjoy fruit with only its natural sugar and vegetables only lightly cooked and buttered, and the crisp salads I have mentioned.

Add to this lean meats, skim milk, hard boiled eggs, fruit juices and a moderate amount of starch and you have a perfect summer slimming diet. It will be much easier now than later on because actually these foods are more appealing than the heavier, richer foods when the thermometer soars.

So, why not put your human fur coat away and feel and look more comfortable and lose weight more comfortably?

* * *

If you would like to have my calorie chart, send a stamped, self-addressed envelope with your request for leaflet No. 36. Address Josephine Lowman in care of this newspaper.

Long 'n' Low Look

Make 'em Match

(NEA) — If the windows in a room don't match and you'd like them to, you can make them seem the same with skillful use of draperies and valances, building up the smaller ones or paring down the larger.

Chocolate Cake Recipe Makes Large Size Loaf

By JANET ODELL
Pontiac Press Home Editor

Since chocolate is a universally favorite flavor, can we ever have too many recipes for chocolate cake? This one's absolutely foolproof, says the cook who shares the following recipe with us. It never lasts long at her house.

* * *

Mrs. Carson Kizer was busy getting things ready for her daughter's wedding when we talked with her. We think the daughter is the one who likes this cake most of all. Her family and her church keep Mrs. Kizer well occupied.

JANIE'S CHOCOLATE CAKE
By Mrs. Carson Kizer

1½ cups sugar
½ cup butter or margarine
2 eggs
½ cup cocoa
½ cup milk
1¾ cups sifted flour
Salt—just a dash
2¼ teaspoons baking powder
½ teaspoon soda
¾ cup boiling water
1 teaspoon vanilla

Cream butter or margarine and sugar. Add eggs and beat well. Sift cocoa, flour, salt and baking powder. Add alternately with milk, blending after each addition.

Add soda and vanilla to boiling water and add to cake mixture just before pouring it into a 9x13 greased pan. Bake 30-45 minutes in 375-degree oven or until cake tests done. Frost as desired.

We Can Help Child Understand His Anxiety

By MURIEL LAWRENCE

Three days before leaving for his first summer at camp, Gordon asked his mother:

"Will they let me telephone you if I wanna come home?"

The next morning he wanted to know what you did about counselors who make you take hikes in shoes that hurt.

When he finally wondered how you handled bigger campers who tried to push you around, his mother put down the trowel with which she was working in the garden and set herself to the task, not of removing Gordon's anxiety but of reassuring him of his ability to survive it. She said:

"Do you remember that weekend trip you took with Whitey and his parents? At the last minute you weren't sure you wanted to go. But you went and had a fine time.

"Then there was the first time you went downtown along. You were afraid you couldn't find the right bus to get home — but you did."

* * *

And she went on to find in Gordon's past experiences of separation from home, reassuring examples of his competence to deal with the approaching one.

So Gordon went off to camp with the appropriate "wait and see" attitude, his anxiety no longer resisted but accepted as natural and unavoidable.

Because we can never entirely remove a child's anxiety over new experience, we should not try to.

Instead, the task is always helping him to accept his anxiety as a natural part of his growth in responsibility for himself.

In his book, "The Meaning of Anxiety," Dr. Rollo May, one of my favorite psychoanalytic writers says:

"To the extent that an individual seeks to avoid anxiety and responsibility by refusing to move from the familiar to the unfamiliar, he sacrifices his freedom and constricts his self-awareness."

* * *

"The positive aspects of selfhood develop as the individual confronts, moves through and overcomes anxiety-making experiences."

If mothers appreciate the constructive ends of tension, children's precamp anxiety will not disturb them. Northing comes to birth without tension — neither babies nor a new piece of ourselves.

* * *

Just as we had to move through the physical tension involved in giving birth to Gordon, so must he move through his precamp anxiety to discover his power to survive it — and a greater trust of himself.

Let's not be afraid for him.

National League Expansion May Come Up Today

CHICAGO (AP) — The National League will hold its annual summer conference here today and expansion may be up for discussion.

* * *

Expansion isn't on the formal agenda, but could be brought up by club owners.

* * *

The American League already has voted in favor of expansion and has set up a committee on the subject. The junior circuit hopes the National will name a similar committee for Inter-League discussions.

Just Not a Cowboy

FOREST GROVE, Ore. (AP) — Tackle Jim Chastain from Michigan State was one of five rookies cut yesterday by coach Tom Landry of the Dallas Cowboys, the National Football League's newest entry.

Chisox Rolling, Beat Orioles Twice

By The Associated Press

When the Chicago White Sox were in spring training the experts wrote that Roy Sievers' hitting and the pitching of men like Bob Shaw and Early Wynn were going to help them win another American League pennant.

* * *

Wynn didn't win a game until May 15. Sievers was batting .182 on May 30 and Shaw had been just so-so. The experts were looking inexpert.

But the White Sox are rolling now, sitting in third place only a half-game behind the runner-up Cleveland Indians and only two games off the New York Yankee pace.

Sievers extended his consecutive game batting streak to 20 Sunday with a game-winning single in the 2-1 first game victory over Baltimore, and a two-run homer and single in the 14-2 second game romp. Shaw won the opener with a six-hitter and Wynn won his fifth behind an 18-hit attack in the second.

* * *

While the White Sox were quickening their steps, the Yanks and Indians both continued their slumps. Detroit knocked off the Yanks twice, 12-2 and 3-2. New York has lost eight of its last 11 games. Washington thumped Cleveland 3-2 and 5-3 after dropping 10 in a row to the Indians.

Boston ran its winning streak to seven with a 4-2 victory at Kansas City, where pitcher Tom Brewer won his sixth and also hit his first home run of the year.

* * *

Sievers' winning single in the first game at Chicago after catcher Clint Courtney had lost his foul in the sun. Two walks by loser Steve Barber and a sacrifice set the stage for Sievers' "second chance" hit. Sievers slammed his 14th homer with a man on in the first inning of the second game. Gene Freese added a three-run homer in the sixth.

Washington finally beat Jim (Mudcat) Grant after losing 14 in a row to him over a three-year span. Tex Clevenger won the opener from Grant, and Ray Moore took the second in relief. The Indians, with a chance to move out front, have lost seven of their last starts.

* * *

Earl Battey, Washington catcher, exchanged a few blows at home plate in the first game and were tossed out. Power had been nailed at the plate by a fine throw from Dan Dobbek, er, and Vic Power, Cleveland whose seventh-inning single won the game.

Brewer's eight-hit pitching and homer did the job for the Red Sox, but Russ Nixon also hit a home run to help hang a seventh defeat on Dick Hall.

Night Event at Metro Beach

Water Ski Show Friday

For the eighth consecutive year water ski champions will present a water ski show at Metropolitan Beach on Lake St. Clair near Mt. Clemens on Friday, July 22 at 8:30 p.m.

It is free except for the usual 50-cent parking charge.

Joe Grimaldi, holder of many championship titles, and a host of other water artists will present spectacular tricks, jumps, and dare-devil numbers "under the lights" at the boat basin of the beach.

The troupe will present precision group skiing, syncronized ballet, barefoot skiing, jumping acts, pyramid formations, beautiful doubles exhibitions, plus acts on the "jitter boards" and on the "disc," which are round, saucer-shaped boards that glide over the waves.

Grimaldi, holder of the national mixed doubles title in 1959 and water ski school director at the beach, is expected to display his skill in several mixed doubles numbers that have won him national titles.

Detroit-area skiiers in the show include Grimaldi, Patricia Weston, Lori Fontana, Henry Brenkus, Bob Carlson and Mike Barnwell.

Familiar Wilson Song—Changes

DETROIT (UPI) — Detroit Lions coach George Wilson had an old song to sing today which he hoped would put new life into his squad — there'll be some changes made.

The Lions plan to make some defensive and offensive changes in training-camp sessions and carry them over into the regular season if they produce results.

Wilson said Terry Barr, a defensive back last season, will get a shot at becoming a running back as will Jerry Reichow, sometime quarterback and receiver last year.

The offensive line will take defensive tackle Darris McCord to bolster its forward wall, Wilson said.

Another offensive line experiment will put veteran tackle Ollie Spencer at center. Bob Grottkau may also get a crack at the center spot, Wilson said.

Bowling Loop Begins Draft Minus 2 Teams

OMAHA (AP) — The National Bowling League starts its player draft today with 12 teams instead of 14.

Houston and Raleigh, N. C., dropped out Saturday and the league announced no new teams would be admitted during the first season.

Each team will select 30 players — 10 today and 20 tomorrow.

The lineup now includes Detroit, Los Angeles, Fort Worth, Dallas, San Antonio, Omaha, Minneapolis-St. Paul, Kansas City, Chicago, New York, Birmingham, Ala., and Miami, Fla.

Leonard Homel of Los Angeles was elected president for a two-year term. Other officers named were J. Curtis Sanford of Dallas, vice president; Harry Todeschini of Detroit, secretary, and Harold Weber of Chicago, treasurer.

Joe Paulus of Detroit, former president of the Bowling Proprietor's Assn. of America, was mentioned as a possible commissioner.

RO, Berkley Men Seize Outboard Marathon Titles

CHEOBYGAN (UPI) — Two defending champions retained their crowns during the weekend Top O' Michigan Outboard Marathon race.

Ray Lenk, Detroit, again won in Class D with a time of one hour and 37 minutes, just 10 minutes slower than the record for the classic.

In class 36, for light motors, Bob Moore, Royal Oak, defended his championship by winning in two hours, 2-24 minutes.

New champions were crowned in classes A, B and C. Chris White, Jackson, won in Class A with a clocking of two hours and 12 seconds. Class B was won by Fred Miller, Trenton, in one hour and 45 minutes, and Class C crown went to Al Myers, Berkley, in one hour and 45½ minutes.

THIS IS BASEBALL? — Cleveland's Vic Power, top center, tangled with Washington catcher Earl Battey in the first game of a doubleheader yesterday after Power was called out at the plate trying to score. Swinging in answer to a remark by Battey, Power landed several blows before the two were separated by teammates and umpire Charley Berry. Both were ejected. No. 8 is Tribe catcher Hank Foiles. Nat Pete Whisenant is at left.

Polo Grounds Soccer Addicts Attack Swedes

NEW YORK (AP)—In Europe and Latin America many soccer stadiums have protective barriers or moats to prevent spectators from storming the field to attack players or officials.

The promoters of the new International Soccer League may have to devise something similar for the Polo Grounds.

More than 20 of the fans at the Polo Grounds Sunday swarmed onto the field and attacked Swedish players after an Italian star was injured in the contest between Sampdoria of Italy and Norrkoping of Sweden.

Rune Lind, the Norrkoping right back, was hit on the jaw by a stick wielded by an unidentified spectator. Lind was knocked unconscious and lost one tooth.

Cards 'Double' on Cubs; Split Cuts Bucs' Edge

By The Associated Press

If the St. Louis Cardinals keep on winning, Solly Hemus will be in line for a bonus instead of the bum's rush.

Hemus was a Red Bird on a hot seat a few weeks back when the Cards had lead in their wings. His job was in danger as the St. Louis "youth movement" flickered.

* * *

By winning 11 of their last 17 games, the Cardinals suddenly have become a factor in the National League pennant race. Two victories over Chicago Sunday, 6-0 and 8-1, left them in third place, only six games off the pace.

Ray Jackson, an "old folks" on the staff at 29, pitched the shutout a four-hitter, and 19-year-old Ray Sadecki, a $50,000 bonus boy, won the second with a six-hitter.

Just to prove the kiddie korps hasn't taken over completely, Stan Musial came up with two singles in the second game that gave him a career total of 3,252 hits, fifth in the all-time standings. He passed Hall of Famer Nap Lajoie, who had 3,251.

* * *

Pittsburgh's lead was cut to 2½ games when second-place Milwaukee thumped Philadelphia 7-3 while the Pirates were dividing two with Cincinnati. The Reds took the first game 6-5, but 25-year-old Tom Cheney, recently recalled from the Columbus farm, blanked the Reds with four hits in the second game, 5-0.

Willie Mays' eighth-inning triple stopped the march of the Los Angeles Dodgers, who have lost only two of their last 10. Mays' hit gave San Francisco a 5-4 victory. During the game, the slumping Giants announced that first baseman Willie McCovey had been shipped to the Tacoma farm of the Pacific Coast League.

* * *

Jackson's first game victory was his 11th of the year. The Cards chased Dick Ellsworth in the fifth when they scored five runs. Rookie Julian Javier drove in two with a single and Ken Boyer tripled with the bases loaded. Bill White hit home run No. 10.

Sadecki completed the job on the Cubs, who scored a total of two runs in their four-game series at St. Louis. Musial's hits were the big noise, but White had a double an dsingle to drive in two in the defeat of Bob Anderson. Eddie Mathews bit his 19th homer and Lew Burdette won his 10th for Milwaukee as Del Crandall, who had a perfect four-hit night Saturday, ran his string to seven with three singles.

* * *

Cheney saved the day for the Pirates with his four-hitter to beat Cal McLish after Don Newcombe was chased by an umpire before he threw a pitch. Newk became involved in a dispute about a long, loose-left sleeve on his sweatshirt, to which the Pirates objected.

Dick Groat had seven hits in the doubleheader, four in the first game defeat when Vern Law lost to Bob Purkey.

* * *

The Giants' victory was only their second in their last 10. It dropped the Dodgers into fourth place.

Grand Rapids 9 Stays in Tournament Picture

GRAND RAPIDS (UPI) — Eleven teams were still in the running today in the state National Baseball Congress championships.

The defending champion Grand Rapids Sullivans, who routed Inkster, 8-1, yesterday, are among the survivors of the first two weekends of action in the tournament which spans a total of five weekends.

Doctoring Your Golf

PATIENT'S COMPLAINT: "Chips give me the yips."

DIAGNOSIS: Complicating a simple matter.

TREATMENT: The short chip shot, besides being one of the most valuable shots in golf, is essentially one of the simplest. The clubhead should be taken straight back away from the ball, the downswing should bring the clubhead back along the same general line and take it straight through the ball, and the follow-through should send the clubhead straight toward the target.

Actually, the proper stroke for the short chip shot is but little different from the putting stroke.

The main difference is that the putting stroke is more of a sweep, while the chipping stroke should send the clubhead down and through the ball.

Aim at keeping your chip-shot stroke smooth and simple. Determine in advance how hard you mean to hit the ball, how far you want the ball to travel in the air, and how far you want it to bounce and roll.

This done, there will be no need to suddenly increase or decrease the tempo of the swing while in the act of making the shot.

These sudden tempo changes cause your flubbed chip shots.

Time Downs Last of B17s

Dubbed Flying Fortress in 1935, Model Is Only a Memory Now

WASHINGTON (UPI)—Unnoticed but not unlamented, the gallant B17 has disappeared from the skies it once ruled.

The Air Force has destroyed the last B17 carried on its books as a missile-target aircraft, the Coast Guard has given up the B17s it used as air-sea rescue planes, and about all that remains is a flock of legends and memories.

One of them is being used as a flying aquarium. A couple still are flying as crop-dusters. But as an active aircraft, the B17 has gone into retirement.

Dubbed the "Flying Fortress" when Boeing brought out the first model in 1935, the B17 was undoubtedly the most famous warplane ever built. At the time it was widely criticized as too big a plane for pilots to handle.

By the end of World War II, however, Boeing and two other licensed manufacturers had turned out 12,731 of the four-engined giants, and they carried the brunt of the air war against Nazi Germany.

* * *

B17s dropped 640,036 tons of bombs on European targets — about 75 per cent of the bomb tonnage unloaded by all U.S. aircraft. In compiling this record, the B17 also managed to build a host of legends about its fantastic durability.

It was a noisy and drafty plane. Pilots claimed it was like taking off in a perforated box car. But there never was an airplane built that could absorb punishment like the B17.

They used to limp home on two engines, with tails half shot away and wings literally flapping.

One of the favorite B17 stories concerned the ship that developed engine trouble over Italy. The crew bailed out, leaving behind a couple of small dogs carried as mascots.

The B17 droned along on two engines, finally wound up over Turkey, ran out of gas and glided to a perfect landing.

When Turkish troops inspected the plane, all they found were the two dogs. To this day, some of those soldiers probably are convinced the U.S. trained canines to fly bombers.

Can Cut Cost of Hospital Food

Cafeteria Firm Also Gives Special Attention to Patients' Wishes

NEW YORK (UPI) — Scientific feeding management may improve the reputation of and reduce the costs of "hospital food."

The innovation, which offers substantial hope of reducing spiraling hospital costs, has been introduced by the Food Management Division of Manning's, Inc., a Pacific Coast coffee, bakery and cafeteria firm.

The firm now handles the entire feeding programs for 10 Pacific Coast and western hospitals, and expects to add more when suitable management personnel can be trained.

Edward M. Manning, vice president and general manager of Manning's, reports that it has cut food costs by as much as 20 per cent, as in the case of the San Francisco Children's Hospital.

He attributes the success of his institutional food program begun two years ago to three factors:

—Improvement of food quality.

—Reduced costs through greater efficiency.

—Freeing hospital administrative staffs from supervising the running of a restaurant.

* * *

When a hospital is signed, Manning's sends in a team of 12 to 16 persons who set up the feeding program and train existing hospital personnel in the new system.

When the training is completed the team is withdrawn, leaving only a Manning's cook, dietician and manager to oversee the program.

The program has resulted in some startling hospital food therapy.

Manning's dieticians make bedside visits to patients to ask for their food preferences, as waiters do in restaurants. Birthday cakes and favors to new mothers are not forgotten.

"We have tried to create a dining-out atmosphere for hospital patients," Manning said.

Twin-Engine Transport U.S. Gift to Himalayans

KATMANDU, Nepal (UPI) — The United States has presented a twin-engine DC3 transport to this remote Himalayan mountain kingdom to help develop its civil aviation system.

The United States agreed last year to give Nepal five planes, three DC3 transports and two light planes, to get an airline in operation. Two DC3s were delivered last year. The two light planes were to be delivered "soon."

Universal military service prevails from 17 years to 60 in Finland. Males reaching 19 are called up for one year for training.

Mart Continues to Yawn, Loll

NEW YORK (AP) — The stock market continued in the doldrums early today. Prices were mixed and trading slow.

* * *

Gains and losses of fractions to about a point were the general rule for most pivotal issues. Most changes were narrow.

Here and there a stock made a wider move. Northern Pacific spurted well over 2 points on a weekend report of impending merger with Great Northern which showed little response at the start.

Automatic Canteen, one of the wide gainers recently, ran into renewed profit taking and fell 1⅞ to 45 on a block of 6,000 shares.

* * *

Singer Manufacturing made its big board debut and opened at 62½, unchanged from its previous close on the American Stock Exchange.

Most steels, autos, rails and aircraft-missiles were uneven, with changes small. Bethlehem and Republic Steel nudged to the upside. U. S. Steel dropped a fraction.

General Motors eased. Chrysler rose a fraction. Kenecott was up slightly. Anaconda traded about unchanged.

* * *

Wall Street seemed unter the spell of international uncertainties and the cloudy immediate outlook for business.

Electronics were generally firm. Radio Corp. picked up a fraction.

Losses of about a point were shown by Air Reduction and Eastman Kodak. DuPont canceled an early loss and moved slightly to the upside.

Little action was shown by oils, airlines, tobaccos and rubbers.

UP, UP, UP — AND DOWN — Sequence camera records seat ejection system developed by Republic for the F-105D fighter-bomber. Lower left, ejection is begun by an exploding cartridge. Rocket then ignites, lifting pilot and seat 200 feet high to guarantee safe ejection even during take-off. Finally, the pilot drifts down via parachute while the empty seat hurtles on. Blast-off type ejector seat has been in use for a while but rocket booster is a new idea.

TWO HAPPY PEOPLE — Jacqueline Kennedy's face lights up as she greets her husband Sen. John F. Kennedy as he returns to Cape Cod Sunday after winning the Democratic presidential nomination in Los Angeles. Asked what she and her husband said to each other on the phone after his victory, Mrs. Kennedy said, "We were just two happy people."

MSUO Scholarships Go to 10 Sophomores

Michigan State University Oakland today awarded scholarships to 10 sophomores on the basis of their academic work as freshmen.

* * *

Chosen from 40 applicants on the basis of need and performance, all 10 had made the university honors list with all A's and B's.

Five were given tuition scholarships of $279 each.

In addition, university officials are seeking outside funds to provide a special award for the first alternate, Mrs. Jean Parks of Royal Oak, a veteran's widow with three children, who missed out on a technicality because she had to drop an afternoon course to get home earlier.

SAVED TWO YEARS

Mrs. Parks, who plans to become a teacher, had been saving for two years to become a coed.

She has a $350-a-month income from veterans insurance and social security.

Her son David, 17, and daughters, Laura, 10, and Sarah, 7, all have pitched in to help her through school.

David works in a shoe-repair shop after school and on Saturdays. But he will need money for college in the fall.

He does the scrubbing and each child is responsible for the care of their rooms. Other housekeeping tasks are rotated.

Mrs. Parks was able to start college last September because Sarah became a first grader.

The 10 scholarships announced today are one group of a total of 120 that will be awarded for MSUO's second year.

$500 WINNERS

Winners of the $500 scholarships are: Paul F. Allen, 481 S. Bellevue Rd., Orion Township; Robert J. Deneweth, Warren; James H. Drummond, Almont; Blaine M. Garwood, Center Line; and Robert L. Smith, 1828 Auburn Rd., Pontiac Township.

Winners of the tuition scholarships were: Dimitra Govenis, 339 E. Pike St.; Betty J. Potts, 2656 W. 12-Mile Rd., Southfield; Richard J. Trombly, Mt. Clemens; David W. Welsh, Royal Oak; and George R. Joyce, 4901 Fiddler Ave., Waterford Township.

German Youth Realizes Dream

Becomes U. S. Soldier After Escape From East Germany

FORT CARSON, Colo. (UPI) — Nearly 15 years ago an 8-year-old boy stood by and watched victorious American troops liberate his home in Sonneburg, Germany.

* * *

The boy, Peter R. Nolopp, quickly made friends with the Americans and dreamed one day of being one — an American and a soldier.

Today, Pvt. Peter R. Nolopp is assigned to the 60th Infantry Regiment here, having attained at least a part of his goal—he's a soldier now, an American soldier at that.

Realization of the 15-year-old dream, which never left Peter's mind, was not easy. A year after the Americans came to Sonneburg they left again — then the Russians came.

The Nolopp family moved back to its prewar home at Liepzig, and Peter was enrolled in a Russian school and eventually taught welding by the Soviets.

* * *

The trade stood him in good stead when, on the third try, he managed to get by guards and escape to West Germany, supposedly to visit an aunt who was nonexistent.

Small Airlines to Get Uniform Subsidies

LOS ANGELES (UPI)—A member of the Civil Aeronautics Board told the short-haul airlines today that starting Jan. 1 their federal subsidies will be computed on a new, uniform basis.

* * *

Alan S. Boyd also said the board soon will begin a review of air service to smaller communities under its "use it or lose it" policy.

Cities which have failed to generate sufficient traffic will lose service he said, and "promising new points will be added" to the systems of the local service carriers.

The CAB has said a town must generate five passengers a day to retain service.

Boyd discussed the problems of the carriers in a speech prepared for the quarterly regional meeting of the Assn. of Local Transport Airlines.

Burroughs' Net Income 57 Per Cent Higher

DETROIT (UPI) — Burroughs Corp. announced today that its net income after taxes for the first six months of this year increased 57 per cent over the same period last year.

* * *

Net income for the period was up to $5,043,000, compared with $3,208,000 in the same period last year. This amounted to earnings of 76 cents per share.

* * *

Revenues for the first six months of this year totaled $201,501,000, up 20 per cent over the same period last year.

Makers of Dog Clothes Will Gross $500 Million

NEW YORK (UPI) — A total of $500 million will be spent on dogs in the U.S. this year on items ranging from pajamas and opera cloaks to reversible raincoats and lounging robes, according to the Quaker Oats Co., makers of dog food.

The company also predicts that the poodle, the "clothes horse" of canine society, will be the country's most popular pure bred dog next year.

Imported Cars Lagging in Sales

Marks First Time for Drop by Figure Under Previous Year

DETROIT (AP)—Sales of imported cars in the United States have fallen behind last year's pace.

* * *

Automotive News said today this is the first time the sales rate has dropped from previous year figures since the imports made their first big push into the American market five years ago.

Registrations for the first five months of 1960 as compiled by R. L. Polk & Co. total 227,401, compared with 234,182 through May of 1959.

May sales declined for the second month in a row, falling to 45,623, compared with 48,283 in April and 54,377 in May of 1959.

RECORD IN DECEMBER

Imports accounted for 7.05 per cent of total new car sales in the United States in May. A month earlier they took 8.46 per cent. Their record penetration was 12.71 per cent last December.

Among individual makes, the two leading sellers, Volkswagen and Renault, continued to show increases.

Volkswagen has sold 64,723 cars in the first five months, against 42,530 in the similar period of last year. Renault gained from 30,563 to 33,270.

Dog Abuses Privilege by Inviting In Friends

NEW HAVEN, Conn. (AP) — Louis Milano rigged up an arrangement so his dogco dugeti in and out of the apartment when nobody was home.

Recently the dog brought seven friends home. The eight of them made such a racket that neighbors called the police.

The friends were all confined to the animal shelter.

Formidable Array Stops This Traffic Offender

MILWAUKEE (AP) — A formidable array of police officers confronted Patrick Kohloff when he was stopped on a traffic charge. One of the paraders stepped Police Chief Howard Johnson, Inspector Hugo Goehlen, Capt. Anton Komperda and a patrolman, who was driving his superiors home when they stopped Kohloff.
