County Offering TB Sanatorium for \$2,000,000

Action of Supervisors Takes Place During Informal Session

The Oakland County Board of Supervisors voted this morning to offer its Tuberculosis Sanatorium for sale to the state for \$2,000,000.

This was an informal meeting of the body, and the action does not constitute approval of the sale, since this could only be done in a formal session.

The state had asked for an expression from the Board as to whether the county would sell the institution on Cooley Lake Road.

The state legislature is meeting in special session today to consider providing more beds to house mentally retarded children.

A call was put through to Lansing, informing the legislature of the Supervisor's action.

The State House of Representatives last week approved \$2,000,000 to buy the TB institution, but the Senate balked and the measure died.

Gov. Williams reconvened the legislature today for the express purpose of taking action on the mental health program.

The patient load at the TB Sanatorium has decreased from an average of 19 in 1950 to 108 this morning. The Board feels it could take part of the sale money and expand the Oakland County Contagious Hospital to adequately care for TB patients.

Special Building Committee chairman Harold K. Schone of Oak Park recommended that the money excluding that needed to provide new TB quarters, be used to partially finance a new county courthouse.

He said a large sum of money would be saved because size of the bond issue to complete financing would be reduced, and interest rates cut.

Negroes May Sit on Kidnap Jury

Mississippi Prosecutor May Try Brothers Freed in Till Boy Death

GREENWOOD, Miss. (AP)—Dist. Atty. Stanny Sanders said Negroes may be on the panel from which a grand jury was to be drawn today in the Emmett Till kidnap case.

"We've had them before . . . There may be some on there this time," Sanders told reporters last night.

A 20-member grand jury chosen from the panel will decide whether white half-brothers Roy Bryant and J. W. Milam will stand trial for kidnaping Till, a 14-year-old Chicago boy who disappeared while vacationing in Mississippi.

An all-white criminal court jury in neighboring Tallahatchie County found Bryant and Milam innocent of murdering Till. Both are free in \$10,000 bail in the kidnap charge.

The jury decided there was "reasonable doubt" about identification of the battered, bullet-pierced body pulled from the Tallahatchie River Aug. 31, Mrs. Mamie Bradley, Till's mother, said the body was her son. Several defense witnesses however, including an undertaker and a sheriff, testified the body had been in the water too long to be Till's.

Sanders said most of the local witnesses who testified for the state in the murder trial will be summoned before the grand jury, including Mose Wright, the boy's uncle, and Willie Reed, an 18-year-old Negro farm hand who worked for Milam's brother. Both have since left the state to live in Chicago.

Mississippi has two kidnapping statutes; one provides a death penalty, the other a maximum penitentiary term of 10 years.

Honor British Seamen

QUEEN AT UNVEILING OF MEMORIAL — Queen Elizabeth II, accompanied by J. Boyd Carpenter, minister of transport and civil aviation, officiates at the unveiling of a memorial on Tower Hill in London, England, commemorating more than 24,000 men of the British Merchant Navy and fishing fleets who lost their lives in World War II. The memorial is an extension of the existing stone building previously erected in memory of lost merchant sailors and fishermen of the 1914-18 war. The Archbishop of Canterbury presided at the services.

Silent Israeli Guns Await Arab Raids Along Border

TEL AVIV (INS)—Guns were at readiness today along the "critical" Israeli-Egyptian frontier with the Israelis set to hand out punishing retaliation for any Arab raids.

This policy of preparedness was in keeping with Premier David Ben-Gurion's declared policy that Israel wants no war but will not "commit suicide" by standing still.

Several developments yesterday added to the tension in the simmering Middle East.

The Israeli Army said a band of Egyptians tried to break into the Beit Kama settlement near the Gaza Strip but were repulsed.

An army spokesman said guerrillas whose tracks were tracked back to Jordan tried to blow up three houses at Sdeh Hamed near the Jordanian border.

In Cairo, thousands of Egyptians, following a funeral procession for those who died in the fighting with Israel, shouted "Death to Israel."

Jordan complained to the U. N. Armistice Commission, a report from Radio Cairo said, that Israeli troops had fired mortar shells into Jordan and had crossed the border before being driven back.

In Damascus, Syrian President Shukri El Quatly was scheduled to sign a pact with Egypt providing for a joint military command.

Report Record Gain in Personal Income

WASHINGTON (INS)—U. S. personal income increased two billion dollars from August to September with the annual rate totaling 307 and one-half billion dollars in September.

The Commerce Department's Office of Business Economics reports gains for "all major types of income."

Winners of the \$300 in U. S. Savings Bonds in the Man About Town Football Contest is George Nesterick of 253 Rockwell St. Out of the 3,273 entries he is the only one to correctly predict the winning team in each of the contest games that have been played.

All others had been eliminated previous to Saturday's contest game between North Carolina and South Carolina, which the former team won, 26-7, except Nesterick who picked North Carolina, and Edwin L. Skelley of Sylvan Lake, who predicted that South Carolina would win.

He is 40 years of age and a long time football enthusiast, both in his local interest and participation, and on a nation wide basis. Nesterick is employed at the GMC plant.

Returning Red Experts Give Opinions of U.S.

NEW YORK (INS) Touring Soviet housing experts who returned to New York after visiting some 14 American cities, had definite opinions about the American way.

The ten men, who leave Wednesday for home, said they had come to the following conclusions: Scotch is a national drink and ham and eggs are monotonous.

Williams Again Bids for Mental Health Facilities

Urges 2nd Legislative Session to Support New Plan for More Space

LANSING (AP)—Gov. Williams went back to the Legislature's second special session of the month today with a renewed request for more than five million dollars to buy and lease mental health facilities and a new program of \$165,000 to plan additional hospital space.

He addressed the opening meeting of the special session which he called at midnight Friday when last week's first session failed to agree on a program to take 1,221 mentally retarded children off state hospital waiting lists.

The governor formally threw his weight behind the program of the "Young Turks" and Democrats in the House which calls for purchase and remodeling of the Oakland County Tuberculosis Sanatorium for \$2,230,000 and the purchase and remodeling of the Farmington Children's Hospital for one million dollars. It includes leasing the Fort Custer Station Hospital for 600 children.

In addition, Williams asked planning money for a recreational building at the Caro State Hospital, for two buildings for trainable children at the Mount Pleasant State Home and training school, for an occupation-recreational therapy building and a building for trainees at Newberry State Hospital for a new 2,500-bed hospital.

The Legislature has already provided site selection money for the latter institution.

The Senate maintains the Fort Custer Hospital, with 800 beds available, is enough. Senate leaders said purchase of the two local hospitals would endanger plans to build a large permanent state hospital in eastern Michigan.

Williams called the Senate stand "intolerable," arguing that the Fort Custer Hospital was the "least acceptable" of all the facilities.

Backers of the House plan were led by Rep. George W. Sallade (R-Ann Arbor).

Guatemala Chief Asmas Touring Detroit Today

DETROIT (INS)—Carlos Castillo Armas, colorful president of Guatemala, is scheduled to arrive in Detroit for a whirlwind visit to the city.

Armas, who 14 months ago seized the reins of government in his nation from the Communists, will arrive with his wife, Senora De Castillo-Armas, and eight of his top officials for a one-day tour.

They will be met at Detroit-Wayne Major Airport by Walker L. Ciesler, president of the Detroit Edison Co.; Seldon B. Dume, president of the Detroit-Wa-beek Bank & Trust Co., and Mrs. Ruth Stevens, coordinator, office of International Relations.

Armas is scheduled to visit the Ford Motor Co. and will lunch at the Dearborn Inn. He also will attend a reception in the office of Mayor Albert E. Cobo and a later afternoon reception in the Veterans Memorial building.

servance will come at 7:30 p.m. Tuesday, when the Pontiac White House Conference on Education is held at Pontiac High School. The conference, sponsored by the Pontiac PTA Council, is expected to attract close to 1,000 educators, parents and civic leaders.

Invitations have been issued to 50 community organizations to send delegates, who will report back to their various organizations. In addition, a blanket invitation has been issued to all parents, educators, industrial and civic leaders to attend.

There is no charge and the meeting is open to all. The conference, first of its kind in the city, will seek to analyze what is being done to educate youth in this area, and then look objectively to what might be done to raise the present standards to a higher level.

There will be a short general session in the Pontiac High auditorium, after which the assembly will go to separate classrooms

Morocco Sultan to Return Nov. 18

France's Pinay Claims Arab Leader Will Take Throne on Anniversary

PARIS (AP)—Foreign Minister Antoine Pinay said today newly restored Sultan Sidi Mohammed Ben Youssef will be back in the capital of Morocco by Nov. 18, the anniversary of his enthronement 28 years ago.

Pinay spoke to reporters as Youssef, in a gesture of amity, laid a wreath on the tomb of the French Unknown Soldier.

Before leaving for today's ceremony, Youssef saw a delegation of Moroccan rabbis and told them he would make no distinction between his Moslem and Jewish subjects.

Traditionally, Moroccan Jews have had the inferior status of "protégés" of the Sultan. During Youssef's exile, Moroccan Jews have been speeding immigration to Israel.

But even as the Moroccan flag flew over Henry IV pavilion near St. Cloud to show that Youssef had regained his throne, there was still violence in Morocco. At least one Moroccan was killed and 19 wounded yesterday in a terrorist attack at Agadir, in the southern part of the country. Two bombs went off this morning in Casablanca, the commercial capital, but there were no casualties.

Ike to Decide Departure Date From Hospital Today

DENVER (AP)—This is a big day for President Eisenhower. He decides today on the basis of doctors' advice whether to leave the hospital Friday and fly back to Washington.

Dr. Paul Dudley White, the eminent Boston heart specialist, arranged to give the President a full report on his condition, outline a further convalescence program for the immediate future, then let him pick the date for return to the capital.

In advance of the White session with Eisenhower, White House Press Secretary James C. Hagerty said the "best guess" still is that the President will check out of Fitzsimons Army Hospital Friday, the day tentatively fixed by physicians there.

That will be seven weeks after his Sept. 24 heart attack and near-fatal stroke.

Company Deserts Ranks of Family-Owned Firms but Keeps Voting Bloc

NEW YORK (AP)—Stock of the Ford Motor Co., which revolutionized America with its mass production methods, is to be sold to the public after the first of the year.

The price and precise timing have not yet been set, but nearly seven million new common shares with voting rights will be offered.

Financial analysts say it is expected to bring between 400 and 500 million dollars, indicating a price of \$60 to \$70 a share.

Announcement that Ford, richest private business enterprise in the world, would desert the ranks of family-owned firms was made last night. It came from the Ford Foundation, multi-million-dollar philanthropic trust set up by Henry Ford, who died in 1947.

The new stock will be offered by the Ford Foundation—not by the company.

Henry Ford II, grandson of the founder and president of the Ford Co., has agreed with other Ford heirs to transfer 60 per cent of their exclusive voting control of the company to the new common stock, it was reported by H. Rowan Gaither Jr., Foundation president.

The other 40 per cent of voting rights will remain with the Ford family.

With the public sale of the stock, the company will have to disclose for the first time its assets and earnings, one of its most carefully guarded secrets for 33½ years.

Only last Wednesday, Ernest Breech, Ford board chairman, declared the company's 1955 earnings, before taxes, would surpass the firm's total earnings for the 21 years before World War II. Neither figure was revealed, however.

Three new classes of Ford stock will be issued and, after stock splits, the company will have a total of 53,461,470 shares of stock. There are now outstanding 3,322,335 shares of no voting class A stock. These will be split 15 for 1.

There are now 172,645 shares of voting Class B stock, all held by members of the Ford family or their interests. These will be split 21 for 1.

The Ford Foundation, set up in 1936, holds 88 per cent of the nonvoting A stock or 3,089,908 shares. The Ford family also owns 190,347 shares of A stock. The balance is held by 108 key employees of the company.

When the reorganization is complete, the only no voting A common will be held by the Ford (Continued on Page 2, Col. 3)

Weekend Traffic Takes 2 Lives

Crash Kills Detroit Resident of Clarkston Struck by Auto

Two men died in Oakland County traffic yesterday, one in New Hudson and one on the Dixie Highway near Clarkston.

Chester P. Kuhn, 35, of Detroit and William B. Caskey, 57, of Clarkston were fatally injured.

Kuhn, who police say ran through a red light on US16 in New Hudson, died on the way to University Hospital in Ann Arbor. He hit a car driven by Richard Fletcher, 57, of New Hudson, bounced off and hitting another driven by James M. O'Sullivan, 56, of Milford.

Police said he suffered a concussion, severe lacerations and internal injuries.

Caskey, a pedestrian, was crossing the Dixie Highway when a car driven by Donald G. Jones, 52, of Flint, struck him down.

Jones told Sheriff's deputies he didn't see Caskey until the moment of impact. Deputies said there was no indication of improper driving. Caskey was pronounced dead on arrival at Pontiac General Hospital.

Celebrate Education Week Locally

Special displays, student assemblies and open house programs are being featured in schools today as Pontiac joins the nation in observing American Education Week.

The week will take as its theme "Schools—Your Investment in America," and its aim will be to promote wider understanding of the need, purpose and accomplishments of our educational system.

PTA programs are scheduled throughout the city and out-county areas. Five city schools—Malkin, McCarroll, Linda Vista, Webster and Central—will hold open house during the entire week.

Police Pressing Hunt for New York Tot, 2

EAST MEADOW, N. Y. (INS) — Nassau County police were continuing today their search for a two-year-old boy who has been lost since last Monday.

Stephen Damman, who will be three in December, was last seen outside a food market where he was left watching his 7-month-old sister while his mother picked up groceries.

Detectives have made some 2,500 door-to-door calls on East Meadow residents in the hope of turning up some evidence as to the whereabouts of the blond, blue-eyed boy, who is believed to have been kidnapped.

The special squad of 30 detectives, the largest ever assigned to such a case by Nassau County, was working around the clock. Tomorrow, fingerprints and footprints of the child will be sent to New York city police and the FBI in Washington.

Actress to Drop Bop Case Against Susan Hayward

HOLLYWOOD, (AP)—Actress Jill Jarmyn's attorney said she would like to drop her request for a battery complaint against red-haired Susan Hayward stemming from a clothes brush bopping incident in the bedroom of actor Don (Red Ryder) Barry.

Lawyer Saul Ross said his 23-year-old blonde client telephoned him yesterday to say, "after all, her children might get dragged into this."

She apparently referred to Miss Hayward's twin sons, objects of custody litigation between the 34-year-old actress and her ex-husband, actor Jess Barker.

The hassle started last Thursday when, Miss Jarmyn told police, she went to Barry's home to have coffee with him. She said

Miss Hayward, clad in polka dot pajamas, was there and started swinging at her with a clothes brush.

Miss Hayward told officers she had dropped by Barry's for coffee. She said Miss Jarmyn walked into the house and "made an insulting remark and it infuriated me." A wrestling match ensued, she said, later describing the incident as "a temper in a very small teapot."

Press Previews Range in Detroit

Electrons Cook Meal in a Wink

DETROIT (INS)—An electronic range that bakes a cake in six minutes, a roast in 30 and heats baby foods in 45 seconds, was introduced in Detroit recently.

The box-like range, was made by an Ohio stove company to retail for \$1,200, was previewed for newsmen.

The cooking is done with high-frequency microwaves that gen-

erate heat in the food itself — the oven and utensils remain cool, with obvious advantages in safety.

Cooking dishes can be removed from the oven without potholders. The range can be installed as a built-in unit or stacked on another cabinet.

Engineers licked the problem of browning meats and casseroles by

installing a super-speed coil element in the top of the oven. At the bottom is a card file of over 400 detailed recipes for easy reference.

Some examples of the range's speed:

Bacon broils in two minutes. Potatoes bake in five minutes. Corn cooks in two minutes, without water, on a paper towel. Coffee is heated directly in the cup — and

the cup handle remains cool.

Company officials said in field trials, homemakers also reported that microwave cooking cuts down on dishwashing, since food does not stick to the surface of cooking utensils. Most foods are cooked directly, on the serving dishes.

The range operates on 220-volt

electric current, on the same outlet and cable as an electric range. Its backers claim an advantage in economy, however, since it takes only a fraction of the customary time to prepare a dish. A Thanksgiving turkey, for example, can be whipped up in an hour.

SUMMER COOKING

Mrs. Pauline Treisch the company's home economics director, said families can do more mealtime entertaining in hot weather, since kitchens — and cooks — remain cool.

In the matter of safety, one

mother who tested the range found:

"Our 10-year-old daughter could use the electronic range without danger of being burned."

The only controls are high and low speed setting, and individual timers for both the microwave unit and the broiler.

The oven's timer, calibrated in seconds instead of minutes, automatically shuts off the range.

Then, too the electronic unit will not operate unless the range door is latched. Thus it is impossible for the user to come in contact with the microwaves.

Blossom Parade May 6

BENTON HARBOR (AP) — The directors of Blossomtime, Inc., have announced May 5 as the date of the 1956 annual Southwestern

Soviet's 'Waiting' Strategy Put to Acid Test

THE PONTIAC PRESS, MONDAY, NOVEMBER 7, 1955

By JOHN E. MARTIN
INS Foreign Director

The old Soviet thesis that the Western Allies will fall apart — if the Kremlin waits and maneuvers enough — now is being put to the test.

The Middle Eastern theater is a dangerous one and a place where many conflicting territorial, political and religious problems emerge, as they did in pre-biblical times.

Secretary of State John Foster Dulles negotiates with the Russians in the Big Four Foreign Min-

isters' meeting in Geneva on chronic European problems. Old ones with a new glint arise in the Holy Land.

SPLIT RANKS AMONG ALLIES

The Western Allies themselves are divided and confused on just what should be done. Old rivalries, new blocs, and cross-purposes abound.

For instance, Spain is friendly with the military regime in Cairo and hostile toward the French handling of nationalist aspirations in Morocco. Spain is a new ally of the United States,

but is held outside of the North Atlantic Treaty Organization, of which the United States is the bulwark.

France is a main ally of the United States. Its colonial policy in Morocco may shake down to controllable proportions. The turns of French policy are vital to the United States because of American military bases in French North Africa.

The United States carefully tries to keep out of these quarrels, but is deeply involved no matter which way it turns.

Israel wants U. S. guarantees of its frontiers and arms aid.

Egypt, getting arms now from the communist bloc to the alarm

of Israel and the Western Allies, deliberately is playing off the Western Allies against the Soviet Union in its policy. It wants to see which way the American dollar jumps.

The United States does not want to provoke the excitable Egyptians or other Arabs unnecessarily because: Egypt controls to a great extent the Suez Canal Waterway; other Arab governments sit atop the immense oil riches in the Middle East.

Britain goes along with some elements of American policy. The London government also would like to see peace restored to the Middle East, but it has diversionary policies of its own.

Britain is an old hand in the

Arab world. It supports the Arab Legion army in Jordan, another neighbor of tightly-squeezed Israel. It tries to keep a hand in the affairs of other Arab lands, but is in bitter quarrels with Egypt and Saudi Arabia.

Iraq is a partner with Moslem Pakistan, Turkey, Iran and Britain in the Baghdad Pact, yet is hostile to Israel. Saudi Arabia hates the British but collaborates in mutual richness with American oil brains. Saudi Arabia also has joined the Syrian-Egyptian military alliance.

Into this stew the Soviet Union is tossing its own condiments. Washington still is trying to form a policy under almost impossible conditions.

Business Increasing, Says County Official

One of the indications of business trends in Oakland County can be found in the facts-and-figures report of the Register of Deeds office.

The upgrade tendency continued to be reflected in the October report, just released by county Register of Deeds Orrin McQuaid. Comparison figures show the department processed 13,913 papers last month, an increase of 292 over the October 1954 period, and collected \$21,883.95, or \$781.80 more than last October.

There were 23 new plats recorded in the county.

In comparison with the same period last year, 423 more deeds, or a total of 3,728, were filed. Mortgages totaled 1,796, a drop of 29; and chattel mortgages increased 53 for a total of 4,835. There were six bills of sale as against five last October.

The balance of the overall total was made up of 1,299 photostats and miscellaneous papers.

Headquarters Is Symbol

WASHINGTON (INS) — AFL President George Meany said the teamsters union's swanky new five million dollar headquarters building which he helped to dedicate is a symbol of "the forward look that inspires our whole trade union movement today."

Y Toastmasters Schedule Guest Night Program

A drive to acquaint potential members with its objectives will be launched tomorrow night by the Pontiac Y Toastmasters Club 643 during a special "guest night" program in the Y.M.C.A. building.

The 6:15 p.m. program will be conducted by Sidney Siegel, toastmaster of the evening. Speakers will include George Crabtree, John Greisen, Floyd Levley and Charles Gersten. General critic will be Arthur Canon.

The club's fundamental purpose, according to President Otto Millbrandt, is to aid members to "master the art of public speaking and to train them for leadership through instruction in standard club procedure."

Warren's Eloping 'Honeybear' Back From Las Vegas

BEVERLY HILLS, Calif. (U) — Nina Warren Brien, youngest daughter of Chief Justice Earl Warren, and her doctor husband began housekeeping duties today after a five-day honeymoon in Las Vegas, Nev.

The former Miss Warren, known affectionately as "Honeybear," 22, and Dr. Stuart Brien, 33, a Beverly Hills obstetrician, were wed last Tuesday.

Alighting from a plane last night, the radiant Mrs. Brien told news-

men that her mother will visit them in two weeks. But she said her father "can't get away until later."

The couple eloped after going together for three months. She was born in Oakland, Calif. Dr. Brien is a native of Pittsburgh.

Clothes Localize 'Em

MEXICO CITY — The distinctive dress of the Tehuana women, from Mexico's Tehuantepec peninsula, serves to identify as well as adorn ruffe on the skirt or the design the wearer. The width of the lace of the blouse tells the wearer's home town.

Family Quarrel Ends in Murder-Suicide

ATLANTA (U) — Police said a 44-year-old odd jobs man shot and killed his wife yesterday, then took his own life, ending a family quarrel.

Dead are Robert Lee Kincaid and his 41-year-old wife Madge, both of this Montgomery County Community.

Sheriff Charles Brown said witnesses reported the couple quarreled continually Saturday and that Kincaid shot his wife with a deer rifle.

The police report, said Kincaid then shot himself in the left side of the chest, staggered to a neighbor's home to tell them to notify police, and made his way back to his home where he fired another shot, killing himself.

Political Tempest Seen Returning to Greek Parties

ATHENS (U) — The political instability that plagued Greece for generations seems to be on the way back.

For nearly two years Marshal Alexander Papagos maintained stability in this NATO country. His death last month virtually disintegrated his Greek Rally party, which had 205 of the 300 seats in Parliament. Constantine Karamanlis, the new prime minister, is the recognized leader of the Rally remnants. His government exists have been pledged for spring. Karamanlis has promised his government will make no major policy decisions without consent of the opposition.

Ten major political groupings, plus a dozen individuals, are negotiating for lineups in the elections. Perennial names in the Greek political picture, submerged by the Papagos landslide in 1952, are coming back.

In five years after their liberation the Greeks saw more than 20 governments come and go—all coalitions.

"Sure proud of my Peggy!"

I'm just as proud as a peacock of my Peggy for the efficient way she manages our home. For instance, many of her friends are still knocking themselves out scrubbing wood floors. But not my Peggy! She cleans and waxes them in one easy operation with Bruce Cleaning Wax. And I'll be hanged if Peggy's floors aren't the talk of our block. I sure have to hand it to my Peggy and her Bruce Cleaning Wax for making easy work of a tough job. And I love 'em both for it!

Don't Be Afraid to Charge Friends

By ANNE MEYWOOD
The biggest complaint of the woman who starts a home service or a home product is usually, "But I simply cannot charge my friends."
And yet, giving people something for nothing does nobody any good. It keeps them from valuing or enjoying it to the maximum and it makes you feel resentful and put-upon.
What is the answer? Well, one of my readers in Ohio has solved it pretty well and has some interesting ideas on the subject.
I will call her Mrs. J.
"I used to be a beauty operator," Mrs. J. writes, "and a good one, if I say so myself."
"I worked in the city, in a deluxe salon, where I did hair styling, facials and makeup. I took my work seriously and studied hard, with the result that I can now tell almost any woman how to make the most of her own particular kind of looks."
TAUGHT DAUGHTERS
"When I was married and started our family, I gave up my work. But then, when our two daughters reached 12 and 14, I quite naturally began styling their hair and teaching them the right kind of makeup for their age and looks.
"They are always well groomed and attractive, and first thing I knew, their friends, and the mothers of their friends, were commenting on it, and asking my help."
"Now, of course, I love to do it, so I began helping many of the girls in our community—for free, of course. But the trouble is, you're never really finished.
"Beauty care and grooming is a permanent thing, which goes on week after week. Hair has to be cut and styled regularly.
"And it takes hours and hours to teach a girl how to apply makeup correctly, how to care for hands and nails and what exercises will improve and maintain the proper posture."
"I found myself working like a dog—for nothing. And more than that, the girls, much though they appreciated it, did take it for granted, and often missed their appointments."
"Finally, I decided to put a stop to it.
DEPRIVED OF SERVICE
"I told everybody—the girls and their mothers—that I simply could not spend this much time, etc., etc. Once they were deprived of my services, they really began to appreciate what they had had.
"Finally, they approached me and insisted that I continue for a fee.
"I made this arrangement: "I 'book' six girls every Tuesday afternoon and six every Thursday, at 50 cents each. One week I'll do hair, one week I'll teach skin care, or hand and nail care, or posture, or clothes. I make six dollars a week.
"It begins to look as if I'll have to take on another weekly session, my 'service' has grown so popular.
"The extra money is nice to have, the work is fun and now, because they're paying for it, the girls really value what I do!"

MRS. PAUL HAGLE

MRS. ROY WILTON

Mrs. Paul Hagle and Mrs. Roy Wilton were honored by Pontiac Chapter of OES Saturday evening at Waterford Township High School. Mrs. Hagle is the worthy grand matron of the grand chapter of Michigan and Mrs. Wilton is the grand Martha.

Two Honored at Reception Held Saturday Evening

The Pontiac chapter 228 of OES honored Mrs. Paul Hagle, worthy grand matron of Grand chapter of Michigan, with a reception and dinner dance Saturday evening at Waterford Township High School. Among Mrs. Hagle's achievements are terms served as worthy matron of her chapter, president of Oakland County Association, eight years as grand guardian and grand secretary of the state and senior custodian of supreme council of Job's Daughters. She was appointed as grand Electa in 1931-32, elected associate grand conductress in 1933 and associate grand matron 1934.
She also organized Bethel No. Five Jobs Daughters of Pontiac.
Also honored Saturday evening was Mrs. Roy Wilton who was appointed to serve as grand Martha. She is a former worthy matron of Pontiac chapter 228.
Mrs. Iva Campbell served as mistress of ceremonies. The Rev. Fred Tiffany gave the invocation. The Rev. T. C. Sleete of the Littlefield Baptist Church of Detroit gave the address.
Mrs. Hagle, worthy grand matron, and W. Tom Cromley, worthy grand patron, led the grand march.
Greetings were given from guests of the chapter. Ervin Mills, worshipful master of Pontiac Lodge 21, Elizabeth Rockefeller, honored queen of Bethel Number Five, Keith Middelort, senior counselor of Pontiac DeMolay and Richard Krugler, state master counselor of Michigan.
Serving on the reception committee were Mrs. Frank Green, Mrs. Ronald West and Mrs. William Sherwood.
Mrs. Earl Ross was general chairman and Mrs. Peter D. Larson, co-chairman of the affair. Invitations were handled by Mrs. Sidney Fellows.

Not Prudish to Display Good Taste Woman Who Lives Alone Keeps Dates Out of Apartment

By EMILY POST
"I am a young businesswoman in the early 30's. I live alone in a three-room apartment. I have dates with men friends quite often.
"When I return home from a date, the young man sees me to my apartment door and usually expects to be asked in. Will you please tell me how I can tell a man that he cannot come in without seeming prudish?"
Answer: It certainly is not prudish to show the young man that you have been well brought up.

"Dear Mrs. Post: The other evening while I was on my way to visit a friend who lives in the suburbs, I got a flat tire. As I was not near a garage (and I do not know how to change a tire myself) I pulled over to the side of the road and flagged a passing car.
"A man stopped and changed my tire for me. I thanked him of course for doing this, but I would like to know if I should have given him a tip."
Answer: You certainly should have offered him what it would have cost you in a garage.

"Dear Mrs. Post: Is it, or is it not proper, for a teenager to greet an older person first when meeting on the street? I have taught my children always to greet an older person first, but it seems in this community to which we have just moved, young people wait for the older person to speak first. Which is correct?"
Answer: For the reason that the sight of the young is so much more alert than of the old, it is obviously best that the young not only make the first move, but also announce themselves when doing so.

Old Sparkle Jewelry for Evening Fading

In evening jewelry the movement is away from "Sparkle," which stands alone, and towards the subtle blend of tone-on-tone bits and bracelets, the perfect complement for that starlight look.
In five different gem colors combined with smooth, satiny pearls, "Brocade" is especially created for the new delicate laces and sophisticated satins.

'Old World' Atmosphere Puts Zip in Apartment

A touch of "old world" atmosphere can put zip into a dreary apartment or the basement recreation room and leave change from a 10-dollar bill. Set the pace with posters.
After all, you don't need to go to France to collect a handsome travel poster of one of La Belle's famous landmarks. Nor need you have a ringside seat at the bull fight to acquire a Spanish advertisement of the event. And it's not necessary to stroll the English countryside to pin up a brilliantly colored view of same.
Foreign tourist offices, travel companies and agencies can be persuaded to part with a poster or two. If you'll take a few minutes at the public library to look through ads in the backs of literary magazines you can locate mail-order houses that sell posters by the bundle.
A few years ago when I was a career girl (turned homemaker) it was considered atmospheric as all got out to stick a candle in an Italian wine bottle and plant it on a red-checked tablecloth. Mine never quite achieved the interesting, multicolored candle drippings I thought so provincial and gay. And I spent a lot of time scraping tallow off the cloth.
Today's version, the cognac brandy-bottle lamp complete with a shade nicely decorated with foreign labels is to my mind, just as good looking and considerably more practical.
I hasten to add that you don't need to drink up the contents to get the empty bottle. Empty cognac bottles about 20 inches high with a five-inch diameter base can be purchased for about \$2.50. One young New Yorker took such a bottle, added a lamp adapter (cost \$1.50) and a burnished-gold lamp shade (on sale at 49 cents) to make the lamp.
To decorate the shade, she wrote to individual liquor importers who obligingly sent labels of their better brands. These she glued onto the shade with rubber cement. Result is a handsome lamp that looks as if it's worth more than its actual cost.
She plays up the lamp on a table below a poster acquired from the French tourist office of a scene from the cognac-producing area. A similar idea could be played on another theme. Luggage stickers from steamship companies or airlines could decorate the shade and take their cue from a vivid ship or air travel poster.
Posters to dress up the walls can be mounted temporarily with masking tape. If you want to make

Roll Dough Into Sheets for Cookies

Mrs. Boice Fills, Cuts Date Strips Before Baking

By JANET ODELL
Pontiac Press Home Editor
Filled date cookies are not new, but the method of making them, as given by Mrs. Gordon Boice, is. It is a quicker method than rolling and cutting, then filling. With a job outside her home, Mrs. Boice doesn't find time for many social or club activities. She has two sons, one in the Navy and one in grade school. She's a member of the Mother Club of the Boys Club. A favorite sport is bowling.

DATE COOKIES
By Mrs. Gordon Boice
2 cups chopped dates
1/2 cup cold water
2 1/2 cups rolled oats
2 1/2 cups sifted cake flour
1 cup brown sugar
1 cup butter or shortening
1/2 teaspoon baking soda
1 cup sugar
2 tablespoons hot water
1/4 teaspoon salt

Combine dates, sugar and cold water. Simmer until dates are soft and sirup is thick. Cream butter or shortening and brown sugar. Sift flour, measure and resift with soda and salt. Add rolled oats. Combine with creamed sugar and shortening. Add hot water. Mix thoroughly.
Divide dough into 2 portions. Turn onto lightly floured board. Roll each portion into an oblong 14-inch thick. Spread date filling on one sheet. Cover with second sheet. Cut in oblongs 1x3 inches. Place on lightly floured baking sheet. Bake in hot oven (425 degrees) about 15 minutes. Makes 30 servings.

Old Fashioned Supper Can Be Taste Treat

Try a menu of ham scrapple, lima beans, cottage cheese, bread with celery butter and baked apples for an old-fashioned country supper.

To make ham scrapple, add chopped cooked ham to hot cornmeal mush and pour into a pan to mold; then chill, slice thin and pan-fry over the direct flame of the top burner until the slices are a golden brown.

Serve the cottage cheese as a relish; whip the cheese until smooth and add chopped chives, tomatoes and green peppers.

Betty Furness — The Leader of 'Best Salesmen'

This is the eighth of ten articles by a noted INS reporter on the private and professional lives of America's most glamorous and successful models.
By JAMES L. KILGALLEN
Television is the modeling profession's new "million dollar baby."

Models with special talent are discovering a potential "gold mine" in TV, which is reaching out and hiring glamorous young women to advertise products ranging from cigarettes to motor cars. Ex-model Betty Furness has led the way. TV has "made" her.

The new present-day crop of models are following in Betty's footsteps, notably a young woman known as "Roxanne."

"Roxanne" is a blonde beauty, 25 years old, formerly Dolores Rosedale of Minneapolis, and now Mrs. Thomas Roddy, wife of a

manufacturer of collapsible motor scooters. "Roxanne" has been modeling in New York for the past five years but — like other youngsters — she long since recognized and took advantage of the possibilities of television.

Modeling is a dollar-studded profession for girls who know how to "sell." TV is even more alluring than modeling, financially — and perhaps otherwise. One appearance on TV can make a model known from coast to coast.

FOREMOST SALESMAN

Blonde and stylish Betty Furness, a one-time Powers model, is today generally conceded to be the foremost feminine "salesman" on TV — the leader of them all. She appears every Monday evening on the Westinghouse award-winning series, "Studio One," and is a fine example of a career woman who has made good in a big way. She has played roles on stage, screen, radio and television.

Betty is without a peer in selling kitchen gadgets and other home appliances on TV. She owes a lot to her early training as a model. Years ago the refined, well-educated Betty impressed John Powers, the famous agency man, when she was one of his models. She had looks, clear and precise diction, and a well-modulated contralto voice.

Powers arranged a screen test for Betty. This was in 1932 when talking pictures were begging for intelligent, good-looking people who could talk — as well as act.

She went to Hollywood and made 35 pictures. Her next venture was the legitimate stage. She appeared on Broadway and on tour with national companies of two stage hits, "My Sister Eileen" and "Dough-boys."

These experiences equipped Betty for her spectacular advent on TV.

STARTED PARADE

When Betty started talking about electrical products on television — back in June, 1949 — sponsors were just beginning to realize that a woman salesman had a certain commercial manner that was far more convincing than the male announcer who seemed out-of-place in the kitchen.

As Betty began talking to the TV cameras on "Studio One" about kitchen gadgets, sales of such electrical appliances jumped. Betty became a TV personality.

Then came the Westinghouse-sponsored Chicago political conventions, the football telecasts, the Betty Furness daytime show — and Betty's new career skyrocketed her once again to fame and fortune to the tune of a reported \$75,000 a year.

Betty came by her talents naturally. Her father was the late George C. Furness, one of the early pioneers of radio — a director, producer and announcer.

THE REAL SPRINGBOARD

"Modeling was undoubtedly the springboard that led to my career as a motion picture actress, and what followed afterwards," Miss

Furness told International News Service.
"I think modeling is a wonderful start for any kind of a career, as it teaches physical poise and grace, which is important in any line of work."

If a girl appears to have poise when she enters a room, she immediately puts everyone else at ease. This can be a big help, even if the poise is at first only on the surface.

"I believe a modeling course can be valuable whether a girl plans a career or not, for this very same reason."

Betty, now at the peak of her career, lives in a beautiful apartment on New York's East Side with her daughter Barbara, aged 15. Betty was divorced in 1943 from Johnny Green, the composer, whom she had married in 1938.

HERE'S ROXANNE

Now, let's get to "Roxanne," the comparative newcomer who is making great strides on TV. "Roxanne" is finding television so remunerative that she does not do as much modeling as she did a few years back.

"Roxanne," a striking-looking blonde with toothpaste smile and

a simple, started modeling when she arrived in New York from Minneapolis in 1938. She found no trouble getting her first job as a model. Within a year or so, she was on TV, too.

For the past four years she has been seen by millions of viewers on the TV "Best the Clock" program, introducing contestants, doing commercials and giving away prizes.

She also did commercials on the Perry Como (Chesterfield cigarettes) show for a couple of years. Sylvania Electric (advertising TV sets and parts) sent her around the country attending sales meetings and making personal appearances.

Her first three years as a model were with the Conover Agency, the next three years with Huntington Hartford. She had a fling at the movies, playing the dream girl in "The Seven Year Itch" — a take-off on the "From Here to Eternity" beach scene.

OUT OF ACTION

"Roxanne" is temporarily out of action on TV because she is expecting a baby. She spends much of her spare time at the neighborhood playhouse school of the theater in Manhattan studying drama under the direction of Sandy Meisner, the well-known coach.

She says it's easier to make big money on TV than modeling. Sometimes her TV commercials are filmed and if they run thirteen weeks on television she is paid additionally for the subsequent showings. She does not sing on commercials but some day she hopes to, after she becomes more proficient in her singing lessons.

Other top New York models have their eyes on TV. They realize the value of personal publicity and know what television can do for them. TV is a "show window" deluxe.

A Nelson TV survey early this year showed that an 18-year-old Conover model — actress on the Dinah Shore network — was seen in 6,164,000 homes. As she delivered the commercial portion of the program.

QUALIFICATIONS

Models proficient in ice-skating, fencing, water skiing, horseback riding, tennis, swimming and bowling are highly suitable for delivering certain commercials. And girls who are musically inclined and can play the piano, violin, harp or other instrument are able to put their talents to profitable use.

Girls acceptable in TV must have the right physical assets — facial animation, poise and self-confidence, good diction, voice quality and tone and a smoothness of delivery and expression.

Often an automobile sponsor will accentuate the low, long-slung lines of a motor car by using a tall model-actress; a smaller girl will be used to illustrate the roominess of the automobile.

The sexy, siren-type is ruled out because they do not register "believability." Personality and charm count heavily. Excellent teeth, expressive eyes and a thin, straight nose are distinct assets. The hair shade is optional but TV seems to have a preference for models whose hair colorings are strawberry blonde or titian red. (Tomorrow: Mannequin Joan Pederson, the pride of the garment trade.)

Birmingham Social News Sparkles With Betrothals

YWCA Slates Annual World Fellowship Vesper Service

For the first time, the Pontiac YWCA this year will hold a World Fellowship vesper service at the same time, and duplicating as

close as possible, the National YWCA's annual observance of World Fellowship week at the vesper service in the National Cath-

dral in Washington, D. C. The local, like the National service, is scheduled for Sunday, Nov. 13, at 4 p.m.

The Pontiac service of which Mrs. Robert Anderson is chairman, will be held in the First Presbyterian Church.

Guest speaker will be Helen Kirchner, who was director of the Refugee and Escapee division of the World Council of Churches, will take for her topic the theme of the sermon being delivered in the Washington service by Dr. Eugene Carson Blake, President of the National Council of Churches, "They Saw and Believed."

The vesper service will be open to the public, with an informal coffee hour following at the YWCA on Franklin Blvd., so that everyone will have a chance to meet Miss Kirchner, who is what would be called, in this country, a medical social worker.

A feature of the local service will be a procession of Y-Teens, representing the 60 countries of the world in which the YWCA operates. In Washington, Y-Teens from all 48 states, Alaska, Honolulu and the District of Columbia, as well as many foreign delegates to the service, will take part in the gift-bringing ceremony and procession.

Money raised in the United States for World Fellowship is used to send American staff members to service abroad, bring foreign staff here for training, assist war-torn and otherwise devastated YWCAs in carry on their work, and in setting up new Ys in countries asking for them.

New president of the World's YWCA, Isabel Catto of London, will be a special guest at the Washington service. Following the service, the British Ambassador to the United States, Sir Roger Makins, and Lady Makins will give a reception at the British Embassy to representatives of the YWCA. The Washington YWCA will give a dessert party preceding the service for the hundreds upon hundreds of visitors from all parts of the country and elsewhere throughout the world who will journey to Washington especially for the service, which is one of the traditional highlights of the YWCA year.

The Women's Guild of St. John Lutheran Church is sponsoring the annual bazaar and dinner, Nov. 10, at the church. Pictured are (left to right) Mrs. Francis H. McClellan of East Beverly street, Mrs. Henry Engholm of Going street, Mrs. Julia Nelson of Virginia street and Mrs.

Kenneth B. Anderson of Wenonah drive. Mrs. McClellan and Mrs. Anderson are cochairmen of the event. Luncheon will be served from 11 a.m. to 1 p.m. and dinner from 5:30 p.m. to 7:30 p.m. The bazaar will be held from 10 a.m. 'til evening.

Bloomfield Hills Garden, Farm Society Meets

The Bloomfield Hills Branch of the Woman's National Farm and Garden Association met today at the Bloomfield Hills home of Mrs. Edward S. Wellock.

Mrs. J. Hawley Otis, president, presided at the business meeting. Taking part in the club's discussion were Mrs. Leslie H. Green, Mrs. Donald D. James, Mrs. Frederick G. Weed, Mrs. Dean Draper, Mrs. William E. Beresford and Mrs. Henry C. Johnson.

Following the business meeting, Mrs. Edgar B. Flint, program chairman, introduced Lawrence

Davis, the club's scholarship student. Mr. Davis attends the University of Michigan and works with the conservation program at the University. He spoke on "The Activities of a Student of Forestry."

Mrs. William C. Ferguson was in charge of the social hour and Mrs. DeForest W. Candler, Mrs. S. V. Norton, Mrs. Edward P. Turner and Mrs. L. R. Twyman poured.

New plastic tableware items are ideal for small fry.

Tumblers, cups and partitioned plates with interesting decorations can be just as attractive as real china and your little one will never know the difference. Wash them carefully after each use.

Church Puts on Fashion Show

A fashion show will be presented Nov. 10 at St. Trinity Lutheran Church. The show is sponsored jointly by the St. Trinity Lutheran Ladies Guild and the school Parent-Teacher Council.

Both adult and children's clothes will be modeled, with fashions from J. C. Penney Store. Mrs. Helen Schlie will be the representative.

Co-chairmen for the event are Mrs. William Dick and Mrs. Ralph Claus have announced that refreshments will be served and prizes will be distributed. Tickets may be obtained from members of either organization or at the door.

Bob Considine Says:

Phony Red Smiles Are Hangover From Czar

NEW YORK (INS)—The passing show...

Last week the Big Four foreign ministers knocked off for 24 hours to commemorate All Saints Day, a day given over to the honor and further glorification of the likes of Peter, Paul, John, Matthew, Mark, Luke, Jude, James, Mary, Elizabeth, Joan and all the others who lived honorably and helped bring a new faith and code of ethics to the world.

The Russians countered with a holiday of their own, the 38th anniversary of the November 7 Communist overthrow of the Russian government—an event that has brought untold death, destruction and deprivation to hundreds of millions.

It seems fitting to remind ourselves on this rim of the phony sunshine of their smiles that the Reds did not put aside the wicked Czar when they took over. Nicholas II, Alexandra Feodorovna,

Congregational Meeting Called

Anti-Merger Groups
Gather in Detroit to
Form New Association

Representatives from Congregational Christian churches throughout the United States will meet at Hotel Fort Shelby, Detroit, Nov. 9 and 10 to set up a new national organization.

The call to the meeting stresses the fact that "the present General Council of Congregational Christian Churches has not taken the position that it is not a representative body of the churches of our faith and order." "It seems proper," the call continues, "that the churches of our order should form a permanent national body for the preservation of our great heritage as genuinely free churches."

This meeting grows out of the dispute over a proposed merger of Congregational Christian Churches with the Evangelical and Reformed Church. Although denying that it is a representative body, the General Council of Congregational Christian Churches has devised plans by which it intends to unite with the General Synod of the Evangelical and Reformed Church to form the United Church of Christ.

Announced date for the merger is June 25, 1957. Officers of the General Council and of the Evangelical and Reformed Church have already claimed that the 5,536 Congregational Christian churches will be united on the date set for the General Council to take action.

A lawsuit was entered against the proposed union by the Cadman Memorial Church of Brooklyn, N. Y., in November 1948. During that trial the General Council's officers and attorneys admitted that they had no power to unite the churches and "that said General Council has not now and never has had any power or authority to enter into any commitment binding upon plaintiff church or any other of the said Congregational Christian Churches or in any manner affecting the status of said Churches as independent and autonomous Churches of the Congregational Christian faith."

During the trial officers of the General Council denied that any Congregation of Christian church had any rights of membership in the General Council or any rights in it or its funds.

In printed statements the officials of the denomination have insisted that the merger proposal is "undebatable." They refuse to let articles against the proposed merger appear in the denominational magazine and refuse to furnish speakers for debates on the merger.

The Detroit meeting is planned only for taking the initial steps of setting up a new organization. Creation of this new National Association of Congregational Christian Churches is designed to give opportunity for the churches to assemble and freely discuss matters concerning the proposed merger.

Rev. Malcolm K. Burton, pastor of the First Congregational Church of Pontiac, is director of the Continuation Committee.

Rasputin and the others were pushed out the previous March 15 of 1917, after the Czar got tough with his Duma, or Congress.

The Duma set up a provisional government headed by Prince Lvov and including Millyukov and Kerensky.

Everybody seemed happy for a time but a malignant force was growing within the country. It sold the Russian People on something they wanted: peace. The mob's descendants are still selling the same ersatz merchandise today at Geneva. The provisional government, certainly not strong, struggled to keep the Russian armies on the front against Germany. The Reds yelled to get the boys home by Christmas.

The Kerensky group freed all political and military prisoners of the Czar, declared the press free, came out for the right of free assembly, banned social, religious and racial discrimination, and restored local self government.

It was this administration, not that of the Czar, which the Communists whipped and replaced before it could really get its program started. It is this historic treachery and miscarriage of justice which we and the British and French at Geneva toasted in vodka and song.

At the time of his recent death, Dale Carnegie's "How to Win Friends and Influence People" had reached a sale of more than 4,000,000 in 70 editions printed in

39 languages. If the book had been sold at the rate of one copy per day the sale would have had to start 8,000 years before the birth of Christ to achieve its present total.

Carnegie's courses in human relations and effective speaking are now being taught in 28 countries. His widow will continue to operate them.

My mother and a million others of her generation recognized the effectiveness of moldy bread as a poultice for cuts, infections and the like. She and they didn't know it but they were discovering penicillin. The chief medicine she wielded in her long-forgotten war against Spanish influenza was hot lemonade. We drank it until it ran out of our ears.

Now the Grover Laboratories people, who make most of the cold tablets, infer that she discovered citrus bioflavonoid, the new drugless wonder drug concealed in the meaty sections of citrus fruits.

Grove is adding the stuff to its cold pills and they say it's the greatest thing since the invention of bottled beer. But not a word of gratitude to my mother, who also got left out in the cold when the Nobel Prize people gave Sir Alexander Fleming credit for penicillin. The kid needs a better publicity man.

"Chico" Carrasquel's been in this country seven years and has

learned only two words of English, 'friend of the Venezuelan shortstop' 'flet mignon,' a malaprop said the other day.

Soviet Marks
38th Milestone

**Zhukov Hails Progress
on Communist Regime
in Industry, Farming**

MOSCOW (AP)—The Soviet Union today celebrated the 38th anniversary of the Bolshevik Revolution with a massive parade which played down Soviet military might.

No new guns, armor or aircraft were displayed in a brisk 20-minute arms demonstration, the briefest observers ever witnessed on this holiday.

While the ceremony steered clear of emphasis on military potential, there was no lack of pomp on this biggest holiday in the Soviet Union.

Standing atop the Lenin-Stalin mausoleum, party and government leaders watched stolidly as the marchers filed past in sunny but cold weather. Heading the party of top leaders were Premier Nikolai Bulganin and Communist party chief Nikita S. Khrushchev.

Defense Minister Marshal Georgi K. Zhukov, who took the salute, made a mild opening address.

Some spectators thought the Soviets were bending over backward to support their contention they are peace-loving, unaggressive and friendly and thus help their own position at the Big Four foreign ministers' conference in Geneva.

Zhukov hailed the technical progress of Soviet agriculture and industry under communism. He listed such developments as the normalization of Soviet-Yugoslav relations as an example of Soviet striving for lessening of international tension. He made no mention of the United States or a capitalist threat.

"In its foreign policy, the Soviet government is guided by Lenin's principle of peaceful coexistence and continues to struggle for the cause of peace," Zhukov said.

Fail to Save Woman

IONIA (AP)—Firemen pounded down an apartment door Sunday, but were too late to save the life of a 94-year-old woman who suffered a cerebral hemorrhage. Neighbors, alarmed when they did not see Mrs. Elizabeth Redpath around her apartment, called police and firemen. The elderly woman was rushed to the hospital, where she was pronounced dead on arrival.

Rubber Workers Ratify
St. Clair Firm's Contract

PORT HURON (AP)—CIO United Rubber Workers, voting for the second time, ratified a new three-year contract with the St. Clair Rubber Co. of nearby Marysville yesterday.

The workers rejected the offer in a vote last week. The auto accessories and parts firm said the contract gave the 300 members of Local 47 a 15-cent hourly package.

Included is a four-cent hourly wage increase, a new pension and insurance plan and other fringe benefits.

Negotiations were conducted for more than six weeks before reaching agreement.

IONIA (AP)—A buck deer running full tilt down the middle of M21 near Ionia Saturday night caused an auto accident in which two persons were injured. Ernest F. ... suffered head and neck injuries when their car grazed the deer, knocked down several guard rails and plunged down an embankment.

IMPORTANT Medical Facts For Every Man
Who Has Passed His 40th Birthday
Men, Too, Go Thru "Change of Life"
DOCTORS CALL IT "MALE CLIMACTERIC"

New Safe Discovery Compounded For Counteracting Effect on Body and Blood Changes Due To Usual Reactions That Often Occur During Middle Age.

Doctors, employers and scientists all agree that after the first 40 years, the human body undergoes important normal changes. This change occurs in MEN as well as WOMEN! Men, if you are over 40, to good health...but feel nervous, physically weak in legs, back and arms, can't sleep, find it difficult to make decisions...you must remember, always tired and suffer from that terrible "what's the use" feeling...chances are you are going through "change of life," or as doctors call it, MALE CLIMACTERIC. And of this time it's more important than ever that your system isn't deficient in the very vitamins and minerals nature needs to control and offset the disturbing symptoms of these "after 40" body and blood changes. Amazing new power-packed capsules called AFTER 40 CAPSULES, have been created especially for men and women over forty...each hospital recognized ingredient carefully chosen and carefully compounded for its benefit on every man and woman...Yes, one point AFTER 40 CAPSULES daily builds your system a special and particular combination of vitamins and minerals to supply your blood, body organs, glands and nerves, including iodine-iodine and Vitamin B-12, the vitamin source of blood, stimulating B-1, Iron, Calcium, Phosphorus, and other potent vitamins and minerals. Don't be deprived of life's pleasures by these nutritional deficiencies where science has given you a second chance to recharge body and blood this new easy way.

Amazing New "Health in a Capsule" Discovery You've Long Heard Was Coming. Every Ingredient Works Immediately To Only Strengthen Body and Blood.

Just recently a well-known scientist perfected AFTER 40 CAPSULES. He combined a group of THE RECOGNIZED VITAMINS AND MINERALS and administered by one after 40. Common sense, and your doctor will tell you vital organs often require the supplement of different vitamins and minerals in different amounts of maturity than they do during younger years. Amazing AFTER 40 CAPSULES were created specifically to provide a rich source of these essentials, needed by mature men and women. ORDER TODAY!

WHAT IS CLIMACTERIC?
Medical dictionaries tell us "climacteric" is the time of life when the body undergoes a radical change. The first change, when boys become men and girls become women, is usually between the ages of 13-17. Another climacteric occurs usually between 40 and 50.
WHO DOES IT AFFECT?
Both men and women. In women it is called "menopause" or "change of life." In men, doctors call it "male climacteric."
WHAT ARE THE COMMON SYMPTOMS?
Because the body and blood are undergoing important changes during climacteric, the entire system may become upset and symptoms are varied. Here are usually extremely nervous, tire easily, become irritable, feel weak in arms, legs and back and often are very "grumpy." Often there are "hot flashes" accompanied by that "what's the use" feeling. And very often a special supplementary source of certain vitamins and minerals is needed such as you find in this important discovery called AFTER 40 CAPSULES.
WHAT CAN BE DONE?
Medical science has discovered many medicines that aid this you only the distinct "change of life" period. Today, try the new capsule called "AFTER 40" that supplies the body with an unusual combination of vitamins and minerals, often needed during this period. Full mouth supply only \$5.00...be absolutely delighted with results or cheerful, unquestioned refund.

Chicagoan's Dominate State Net Test

Junior girls under 16—Carol Ryan of Waterford, 15—Robert French of Alderbrook, Ont. Senior men over 40—Howard Thomas of Dayton, O. Men's singles—Mildred Shalhan of Chicago. Junior men's singles (under 18)—Steve Isaacson of Chicago. Women's doubles—Diana Wisniewski of Chicago and Carol Ryan of Waterford. Men's doubles—Tim Boggan and Steve Isaacson of Chicago. Mixed doubles—Mildred Shalhan and Marion Prager. Carol Ryan, 17, of Waterford, reigns today as the state's Junior Girl's (under 18) table tennis champion as the two-day Michigan Open Table Tennis Tournament was concluded yesterday at the Pontiac Boys Club.

Carol, a Central Michigan College coed, defeated Diana Wisniewski of Toronto, 12-21, 21-16, 21-12, 21-12, 21-12 to gain the only title for an area player entered in the tourney. Carol also holds the Michigan Girls' Junior Girls' Championship. Chicago entries dominated the matches which attracted more than 100 participants. Four titles went to players from the Windy City. Marvin Prager of Chicago pulled an upset win over Russian-born Max Marenko of Toronto to walk away with the men's singles trophy.

Brilliant defensive play, using a conventional rubber backed paddle, enabled Prager to down Marenko who was ranked No. 1 in Canada and a strong advocate of the "sponge backed" bat.

Women's singles honors were grabbed by Mildred Shalhan of Chicago when she defeated Jenny Kapostins of Toronto. Chicagoan Steve Isaacson captured the junior men's singles and joined with Tim Boggan of Dayton, O. to win the men's doubles.

DROPPED IT!—Cranbrook's Herb Stanton breaks up a pass attempt in Saturday's Crane-Shady Side title football game at Cranbrook. The pass was intended for Dave Daum (ball just slipped away from Daum as picture was snapped). Cranes shut out the eastern club, 26-0, to win the school's 1st Inter-State Prep League title since 1933.

Santee Appeal May Be Heard a Month Hence

Missouri Valley Body However, Sets No Date for Session

KANSAS CITY (AP)—The Missouri Valley AAU's Board of Managers probably will hear Wes Santee's appeal on his suspension some time this month. America's fastest miler was suspended last Sunday by the Missouri Valley AAU Registration Committee. He was found guilty of accepting excessive expense allowances for three meets in California last May. A few days later Santee filed his appeal.

Yesterday the Missouri Valley's Executive Committee considered the runner's case in a lengthy closed session. The session was a formality for clearing the way for the appeal. No date was announced but it was understood the hearing would come prior to the AAU's national convention in Louisville, Ky., Dec. 14.

Santee, now a Marine lieutenant stationed at Quantico, Va., has run the mile in 4:00.5. If his appeal is turned down it would keep him out of the Olympics as well as other AAU events.

The National Board of Governors can be appealed to if the Missouri Valley board upholds the suspensions.

Missouri's Fautot Given Confidence Vote by Prexy

CAPE GIRARDEAU, Mo., Nov. 7 (AP)—Don Fautot, University of Missouri football coach who's been under fire during one of his rare losing seasons, has been given a personal vote of confidence by the president of the university's Board of Curators.

Last week there were reports of petitions, not signed by their originators, being circulated in the state for the ouster of Fautot, head man since 1935. Then petitions backing him were circulated.

James Finch, the board president and a Cape Girardeau attorney, said yesterday he was "fully confident" the board is "all for the present Missouri athletic program and will not change it."

Finch, asked if this could be called a vote of confidence for the 53-year-old Fautot, replied:

INS Poll Retains UM in Third Spot

NEW YORK (INS)—Here are the country's top ten college football teams, with won-loss records in parenthesis, as voted this week by International News Service's panel of experts:

- 1—Maryland (9-0)
- 2—Oklahoma (7-0)
- 3—Michigan (6-1)
- 4—CLA (7-1)
- 5—Michigan State (6-1)
- 6—Notre Dame (6-1)
- 7—West Virginia (7-0)
- 8—Texas A & M (6-1-1)
- 9—Navy (6-1-1)
- 10—Georgia Tech (6-1-1)

Veteran Mountaineers

West Virginia's football team has five men playing in their 4th year of varsity grid competition. They are: Tackles Sam Huff and Bruce Bosley, quarterback Freddy Wyant, halfback Bobby Moss and fullback Joe Marconi.

"As far as I'm concerned it can."

Vinch said the impression he's received "is that this affair has turned out more in Don's favor than against him."

Fautot, also the athletic director at Missouri, has received a lot of mail, but it was almost all favorable.

The creator of the split-T formation is headed for one of his worst seasons in the won-loss columns. His team has won only once in eight games, losing its last game to Oklahoma Saturday, 20-0.

Ft. Wayne Loser in Two Games

By THE ASSOCIATED PRESS
The opening weekend activity in the National Basketball Assn. took its toll with the result that Fort Wayne, the Western Division champions last year, already has two defeats. Three teams remain unbeaten.

Fort Wayne dropped a 114-113 overtime game to Syracuse Saturday night and also lost another one-point game to the Minneapolis Lakers last night 96-95.

In Saturday night action Minneapolis dropped its opening game to St. Louis, 101-89 as Frank Selvy and Bob Pettit dropped in 21 points apiece for the Hawks. In other games the New York Knickerbockers nipped Rochester 100-98 in overtime despite a 32-point scoring spree by rookie Maurice Stokes of the Royals. The Boston Celtics defeated the Philadelphia Warriors 98-87 as Bob Cousy collected 31 points for the Celtics. On Sunday, Rochester evened their won-loss record by defeating Syracuse 83-80.

The Minneapolis - Fort Wayne game was settled in the final seconds as Clyde Lovellette, who tallied 31 points, dropped in a hook shot for the clincher. Five Pistons hit in double figures with Larry Foust collecting 25 points.

Nathan Denies Lack of Plans for Olympics

DALLAS (AP)—Maurice A. Nathan, chairman of Melbourne, Australia's 1956 Olympic Games committee, said yesterday rumors that Melbourne won't be able to host the games properly "are all poppycock."

"We'll have the best Olympic Games of all times," Nathan said in an interview. "The main Melbourne cricket grounds will seat 110,000 people and everything will be ready by July. Everyone is jolly enthusiastic about the games."

Nathan said he came here from New York to visit friends and squelch rumors that Melbourne's preparation for the games is lagging.

Heroic Mother Gives Life to Save Babies

PORT LAUDERDALE, Fla. (AP) — A mother drowned but saved her children by holding their heads above the water in a car that overturned in a canal yesterday.

The dead woman was Mrs. Hazel Wolin, 33. She and the children, Irene, 6, and Roy, 3, remained in the upside-down car some 15 minutes while her husband, Martin, got out through a window and frantically tried to rescue them.

The bottom of the car remained above the water, leaving a narrow breathing space inside. Rescuers tipped the car on its side. Efforts to revive Mrs. Wolin were not successful. Wolin and the children suffered minor injuries.

The dollar value of United States imports and exports added together declined from 20.8 per cent of national income in 1880 to 8.0 per cent in 1950.
