

Press Theater Tour Filling Up

"WE CAN'T WAIT"—And neither can 90 other eager Press readers who have submitted reservations for the 1957 Pontiac Press theater trip to New York City. Just ask Mrs. Mel Werden (left) of 5765 Edgewood Park Dr., Commerce Township. She and her husband went last year and were the first to submit applications for this fall's junket, Sept. 9 to 14. Joining with Mrs. Werden in displaying posters of just two of Broadway's five top plays-travelers will see, is Mrs. Ivan C. Wilcox, of 2803 Old Orchard Trail, Orchard Lake. There are still some 60 spaces open.

1957's First Hurricane Strikes Coast of Texas

Reverses Order to Put Romeos Back on Force

City Manager Suspends Policeman After Review of Charges

City Manager Walter K. Willman yesterday reversed an earlier decision and suspended Patrolman Louis Romeos in what looms to be the first test case before the new Civil Service Commission.

The Pontiac police officer was charged with insubordination by Sgts. Frederick J. Wirth and Telton E. Rogg.

Willman Tuesday afternoon overruled an earlier suspension of Romeos by Chief Herbert W. Straley and reinstated him. The manager questioned the legality of the chief's act.

Explaining his reversal, Willman said yesterday: "I needed time to study provisions of the Civil Service Act and the charges, which I saw for the first time in writing."

He referred to the act as "screwball," and subject to a different interpretation by whom-ever might read it."

The official criticized the act for not giving the power of suspension to the chief. He recommended a thorough review of it by the Legislature.

MANY INTERPRETATIONS
Various interpretations as to who has what power to do what, and when, have been tossed about since Pontiac voters approved city policemen coming under the state law in April.

City Attorney William A. Ewart says the manager is within his right as appointing officer to suspend the officer.

"He (Romeos) now has five days in which to submit an answer in writing to the Civil Service Commission, which can affirm or deny the suspension," Ewart said.

The three commissioners, he (Continued on Page 2, Col. 6)

'It Was Cold in There'

STUBENVILLE, Ohio.—Fred Sabol, one of the five miners saved after being trapped 200 feet underground for 14½ hours, exclaimed: "My God, it was cold in there."

Bean Crop Damaged

BAD AXE.—Agricultural agent Lee Warschewsky estimated today that recent heavy rains have destroyed 15 per cent of Huron County's 105,000-acre bean crop.

Flown at Pontiac Airport

One Man Copter Tested

By REBA HEINTZELMAN
Of Our Waterford Bureau

A dare-devil flyer yesterday made nearly a dozen test flights in his Gyro-Copter before making a forced landing just inside the Pontiac Airport boundary line.

James Cole, 33, of 4045 E. Commerce Rd., Milford, flew the first one-man whirlybird known to take off officially from any field in Michigan.

According to Homer Hoskins, Airport manager, there was a 25-hour gusty wind hampering the take-off of the new-type copter.

Despite this, Cole made eight or ten test-hops to "get the feel" of the plane, and at one time was up more than 50 feet in the air.

The accident occurred, Cole said, in an attempt to turn back on the field at the end of the run-way. He slacked back on the throttle, lost

too much of his "lift" to settle down easily and crashed.

The machine traveled approximately 2,000 feet in the air according to officials watching the procedure.

The propeller and rudder were

smashed and the landing gear badly bent. Neither the 55-horse power motor nor over-head free-wheeling rotor were damaged.

Hoskins and Assistant Airport Manager Howard McArthur kept a close watch on the flight ready for any emergency.

Each time that Cole left the ground, he became more accustomed to controlling the machine.

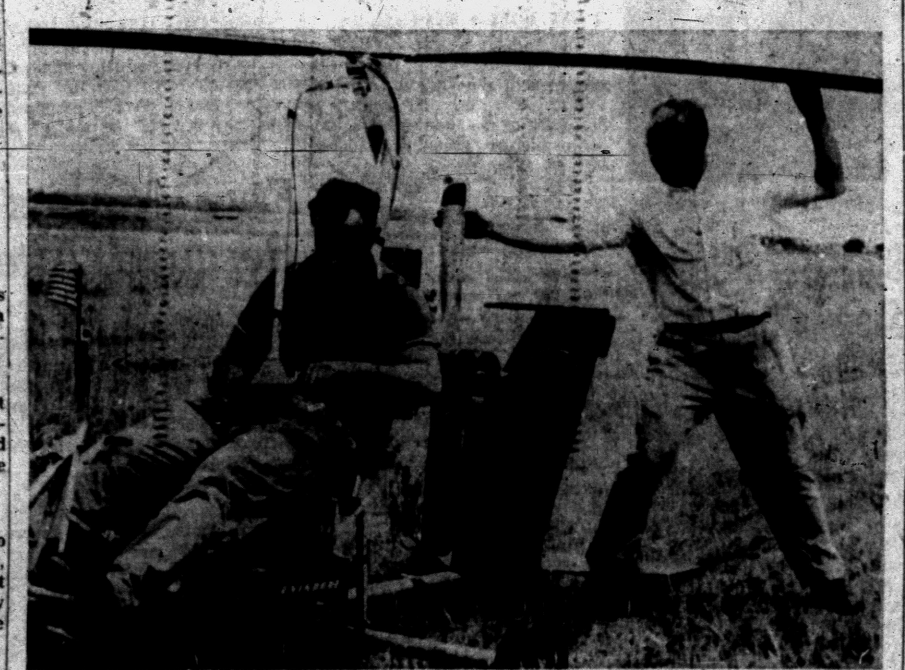

"He did a pretty good job of teaching himself how to fly in less than an hour," McArthur said.

Despite the forced landing, Hoskins remarked, "This was a very successful test-flight. The damage to the copter is not too severe and within a short time Cole should be back testing his one-man plane."

Damage to the \$3,200 aircraft was estimated at \$150.

Cole is the Michigan distributor of the Gyro-Copters, which are built in North Carolina.

IT REALLY FLIES

WHIRLYBIRD—James Cole (seated) needed a little help getting started from Dwight Holton, of 3265 Cooley Lake Rd., Milford, yesterday before taking to the air 10 or 12 times at Pontiac Airport in his one-man helicopter. He later crashed-landed, damaging the craft slightly.

Tells Hoffa Trial Jury About 'Sale' Of Union

WASHINGTON (U)—Testimony of John Conlin, Teamsters vice president from Hoboken, N.J., that a Detroit Teamsters Union local was bought and sold has gone before a federal court jury hearing Midwest labor boss Jimmy Hoffa's trial on bribery-conspiracy charges.

PLANT SPY
The testimony came from John Cye Cheasty, Brooklyn lawyer-investigator whom Hoffa and Hyman I. Fishbach, Miami attorney, are accused of planting as a spy on the Senate Rackets Committee.

Cheasty said part of the alleged sales price of Detroit Local 985, known as the "Juke Box Local" of the Teamsters there, was to put the wives of Hoffa and an associate, Owen Bert Brennan, on the local's payroll at \$100 a week.

Cheasty, in his second day as chief government witness against Hoffa, said yesterday that while paid by Hoffa to spy on the Senate Rackets Committee, he let the committee in on the deal and was under constant surveillance by FBI agents.

The 49-year-old Cheasty said Hoffa wanted him to find out anything the Senate committee had in its files on such figures as Johnny (Dio) Dioguardi, the New York labor racketeer; Charles Johnson, influential New York vice president of the Carpenters Union; and

Weather Forecast: Cool and Pleasant

The U. S. Weather Bureau predicts mostly fair and a little cooler tonight with a low of 58 to 62 degrees.

Pleasant temperatures are expected tomorrow, with a high of 76 to 80.

Southwesterly winds at 5 to 12 miles an hour will become westerly tonight and variable at 4 to 8 miles an hour.

The lowest temperature recorded in downtown Pontiac preceding 8 a.m. was 65. At 1 p.m. the mercury registered 72.

Divorces to Get Pontiac Yearly From Husband

DETROIT (U)—Among other things Mrs. Marie E. Packer won with her divorce from auto-dealer William M. Packer Jr. yesterday was "a new car every year." Packer is a Pontiac dealer.

Packer, 31, agreed to the new auto in a property settlement with his wife, 29. She also gets custody of their two children, plus \$970 a month and a home in nearby Birmingham.

Pontiac area Barber Shops will be closed all day Friday & Saturday following July 4th. Open Wednesday.

Name It, Win \$100 Bond July's Hottest Moment?

If you're the kind who abhors contests which require the literary skill of a Hemingway or Steinbeck, we have a little weather guessing game that's just the ticket for you.

A post card, pencil, and short trek to the nearest mail box are all you need to be a candidate for a \$100 U.S. Savings Bond.

All you need do is write on the card your name, address, and prediction, a.m. or p.m., for July's hottest moment, and mail it to:

Weather Man
Pontiac Press
P. O. Box 40
Pontiac, Michigan

You don't need to name the temperature. The contest is open to all Press subscribers and carriers, too.

Deadline for all "guesstimates" to be in The Press is 2 p.m. Saturday, whether mailed or delivered in person.

For a crack at \$100, what can you lose?

Historical Marker Set in Park

MEMORIAL TO A DREAM—Viewing the historical marker at Rochester State Park which shows the terminal point of the Clinton-Kalamazoo Canal are, from left, Willard C. Wichers, president of the Michigan Historical Commission; Mrs. Whitney M. Pratt, secretary of the Oakland County Pioneer and Historical Society; and W. E. C. Huthwaite, society president. Begun in 1838, the canal was intended to provide passage across southern Michigan, but work ended near Rochester when a depression struck and the era of the railroad opened.

Man Who Bought Soviet-Made Car Now a Celebrity

CHICAGO (U)—Because Iowa industrialist Vern L. Schield bought a Russian-made automobile, he's now a celebrity.

Schild drives his brand new 1956 model Russian M-20 Pobeda around his hometown of Waverly, Iowa.

Schild, who heads the Schield-Bantam Co., a Waverly earth moving equipment firm, got his Russian curiosity last March in Helsinki, Finland, through a representative.

The 4-cylinder, 40 H.P. M-20 Pobeda is the first Russian automobile to be displayed in the United States. It was tested and shown in Chicago by Science and Mechanics magazine which details its performance and specifications in an upcoming issue.

Schild paid \$1,890 F.O.B. by the time he picked up the 3,125-pound car in New York, he had sunk \$2,400 into the deal.

Schild drove the Pobeda cross-country to Iowa and says he averaged around 30 miles per hour and received 30 miles per gallon of regular gasoline.

Schild paid \$1,890 F.O.B. by the time he picked up the 3,125-pound car in New York, he had sunk \$2,400 into the deal.

Draft Director Hershey Declares: We Still Need Manpower

SANTA BARBARA, Calif. (INS)—Lt. Gen. Lewis B. Hershey, director of selective service, declared today that push-button warfare never will eliminate the need for manpower.

Speaking before the annual convention of the Reserve Officers Association of the United States in Santa Barbara, Hershey said:

"We will still have to have trained men to push the buttons, to provide the material, and to move in when the machines get through."

He added: "Let's be frank about it—the average young man between 18 and 23 who carries a 1-A draft card has a perfect chance of being drafted within three or four years."

The draft boss said that while scientists and specialists "are all very fine in their field . . . human intelligence and human muscle will always be needed."

Endorses Fluoridation

PAW PAW (U)—Fluoridation of Paw Paw's municipal water supply has been endorsed by Dr. George Stiglich, one of Paw Paw's three dentists. He predicted the move would be "one of the greatest contributions ever made to a community interested in the health of its citizens."

Foul Blow at Romance

HOLLYWOOD—Yvonne De Carlo, speaking on Jane Russell's view favoring the old fashioned red flannel nightgown as bed time wear, said: "I think Jane struck a foul blow at romance—and in this weather, too!"

Audrey Moves Into Port Arthur With Wild Wind

10 Lives Already Lost as Storm Bears Down on Gulf States

PORT ARTHUR, Tex. (INS)—Hurricane Audrey, the first of the 1957 season, hit the Texas coast shortly after 8:30 a.m. CST today and moved rapidly into Port Arthur and toward Beaumont.

In less than five minutes the wind gusts jumped from 75 miles per hour to 90 miles. The barometer dropped rapidly.

As the wind hit 90 miles an hour, autos still were moving on Port Arthur streets, but limbs of trees and small articles not fastened down were blowing wildly. Some plate glass windows were broken. Rainfall had not been excessive up to that time. Clouds were heavy and black.

Audrey already has claimed 10 lives, including nine fishermen whose vessel sank in the Gulf of Mexico off Galveston, Tex.

Latest reported death was that of Lamar Lister of Chaffield, Tex., who was swept under in heavy seas by the vicious undertow and drowned on Galveston Beach.

In a 7 a.m. (CST) bulletin, the New Orleans Weather Bureau placed the season's first hurricane "just off the coast south of the Port Arthur area."

The bulletin said: "Highest winds and tides reported so far, were 75 m.p.h. and 7 feet at Sabine, Tex., at 5 a.m. (CST) before communications failed in that area."

WINDS OF 100 M.P.H.

The Weather Bureau predicted winds of "100 m.p. or slightly higher" in the area later today.

Nine fishermen were presumed lost when gales parted a tow line with which the Coast Guard cutter Cahoon was pulling the disabled fishing ship Keturah into Galveston.

The Coast Guard dispatched a helicopter this morning to Shell Island Pass, some 10 miles south of Morgan City, La., to attempt the evacuation of a family of four reported stranded there.

A Coast Guard helicopter was also trying to reach Cameron, La., on the coast near the entrance to Calcasieu Lake, where it was believed an undetermined number of (Continued on Page 2, Col. 3)

Reds' Radio Assails NATO Commander

LONDON (INS)—A Moscow radio commentator today called Gen. Lauris Norstad, allied supreme commander in Europe, "A cannibal, murderer and madman." The commentator, Alexey Leonov, said: "The NATO commander loves atom bombs. He dreams of dropping dozens of them over our country."

Ohio Governor Sees State as Auto Center

WILLIAMSBURG, Va. (U)—Michigan's Gov. G. Mennen Williams has accused Gov. C. William O'Neill of Ohio of "trying to take advantage of a Michigan family argument."

Williams' statement last night was in answer to O'Neill's claim that Ohio "could well rival Michigan in automobile manufacturing and allied fields in the next generation."

"We believe the spread of automotive plants to Ohio is a snowball that's just beginning," O'Neill predicted. "Give us 10 or 15 years and I predict we will be the motor center of America."

O'Neill said, in an interview, that "our strategic location, our natural resources, our economic and governmental climate make Ohio a very attractive place for new industry to locate and old industry to expand."

"Our economic and governmental climate is more favorable than that of Michigan."

"We are expanding in industrial development at a very rapid rate," he said. "I believe that if this expansion continues, within 10 to 15 years Ohio could well be first in manufacturing."

"A great many automobile manufacturers have been locating plants in Ohio with very substantial investments. Our economy is tied closely to the automobile industry, with rubber, glass and steel plants."

Both governors are here at

Bitter at High Officials Who May Get Army Out of Missiles Race

HUNTSVILLE, Ala. (INS)—Col. John C. Nickerson Jr. was ready today to unleash his full bitterness against those high in America's defense circles who would deprive the Army of its own guided missiles capable of hitting an enemy 1,500 miles away.

How much of his testimony would be given in public and how much behind guarded doors for security reasons was a question as

Related Story Page 55

the 41-year-old colonel's general court martial entered its third day at Redstone Arsenal near Huntsville.

Nickerson said he would cover in open court many of the circumstances, as he sees them, which led him to a would-be anonymous campaign to reverse a policy decision made by Defense Secretary Charles E. Wilson.

His testimony in secret session, he said, would go much further.

The Wilson decision gave the Air Force operational control of guided missiles with a range exceeding 200 miles. According to Nickerson that means the death knell for the Jupiter, the 1,500-mile missile now being perfected at Redstone.

Kiss in the Dark Warrants High Bond

A kiss in the dark warranted a \$10,000 bond, according to Municipal Judge Cecil B. McCallum.

Frank R. Kotek, 40, of 319 N. Saginaw St., was returned to the Oakland County Jail yesterday after he failed to furnish the bond.

Kotek demanded examination yesterday when accused of breaking into a Pontiac home Thursday night and then stealing a kiss from a woman while she was sleeping.

Examination was set for July 10.

Mrs. Clayton Cunningham, of 325 N. Saginaw St., identified Kotek as the man who awoke her with the kiss while she was sleeping beside her husband in twin beds about 3:45 p.m. Friday morning, about 3:45 a.m. Friday morning.

By E. H. SIMS

Should you be afraid of lightning in summer thunderstorms? Will you be able to see the bolt that strikes you, if you're hit?

There is no reason whatsoever to be afraid during a lightning storm. There is reason to be sensible, and to stay out of places where lightning is most likely to strike. But you will not see the lightning that hits you—if you're hit.

It's technically possible, of course, that if you were standing outside in the open and saw the streak of lightning high above, starting down toward the earth, that same bolt might hit you. But chances are that it wouldn't. And chances that you'll see the discharge that strikes you are almost nil.

So there is no reason to fear lightning; if it hits you, you'll know nothing about it, and there will probably be no agony before-hand, if it's fatal. Therefore, take sensible precautions and do not risk unnecessary exposure, and then sit back and enjoy the great show that is lightning. If you'll spend some time at a window with a sweeping view, you'll find it is a magnificent sight.

BURRO FOR KIDS — Camp Oakland will profit by this Mexican burro as the result of a contest entry blank cast by Edward Karkau (left), district manager of Consumers Power. Here he presents the burro to Probate Judge Arthur E. Moore (right), an official of the camp, after receiving it from Henry Gotham (center) of Pontiac Retail Store, local sponsor of the Pontiac contest. The burro will receive a name from the boys at the camp, where it will be used to pull a cart and for rides. The camp is under the supervision of Juvenile Court and is used to provide a camp vacation for needy children of Oakland County.

SHERWIN M. BIRNKRANT

B'nai B'rith Elects Sherwin Birnkrant

Sherwin M. Birnkrant, of 173 Oneida Rd., has been elected president of Pontiac Lodge No. 850 of B'nai B'rith for the coming year.

Other officers of the organization installed at last night's meeting were: first vice president, Charles Jacobs, 1059 Canterbury Dr.; second vice president, Eugene Ketchel, 128 Illinois Ave.; financial secretary, Phil Marlowe, 145 Mohawk Rd.; recording and corresponding secretary, Arthur Kollin, 334 Pioneer Rd.; treasurer, Sam Messing, 16 Rosshire Ct.

Others are: warden, Sam Levin, 106 Chippewa Rd.; chaplain, Fred Niedelson, 14 Rosshire Ct.; and trustees, Ralph Merkowitz, 803 Menominee Rd.; Nat Morrison, 371 Elizabeth Lake Rd.; and Solomon Newhouse, 44 Mohawk Rd.

Birnkrant had previously held the posts of warden, corresponding and recording secretary and first vice president of the group.

JACK MURRAY

UF Public Relations Director Appointed

New public relations director of the Pontiac Area United Fund is Jack Murray.

The appointment of the 21-year-old Michigan State University graduate was announced today by William B. Harman, president of the local fund.

Murray received a bachelor of arts degree in journalism from the School of Communication Arts at MSU this month.

Murray, formerly from Grosse Pointe, intends to reside with his wife, Mary Lou, in the Pontiac area. He succeeds Simon O'Shea, who recently resigned.

Red wine can be made from white grapes and conversely white wine can also be made from red grapes.

Hurricane Audrey Rams Texas Coast

(Continued From Page One)

persons was stranded in the town courthouse.

The cutter Cahoon elected to ride out the hurricane when the fishing vessel sank.

The Weather Bureau said tides of 9 to 10 feet are expected within the next few hours today along the extreme upper Texas and extreme western Louisiana coasts.

VERY ROUGH SEAS

The bulletin added:

"Dangerously high tides with very rough seas are expected to continue today from the upper Texas coast to the Mississippi sound. All precautions should be continued against these tides.

"High winds and heavy rains of 4 to 8 inches will spread northward through western Louisiana and extreme eastern Texas today."

Meanwhile, in the eastern portion of the state, New Orleans was receiving winds of 21 m.p.h. as the hurricane neared the coast some 200 miles to the west. Winds in this area of the state were not expected to reach hurricane force, however.

Hurricane warnings were up from High Island, Tex., eastward along the entire Louisiana coast and storm warnings were issued at Galveston.

The Weather Bureau added that winds along the southeast Louisiana coast are not expected to reach hurricane force but that rough seas and high tides justified continuing the warning. Small craft from Corpus Christi, Tex., to Pensacola, Fla., were advised to remain in port.

COAST BUETED

Gale force winds buffeted the coastal region in advance of the hurricane.

The tropical storm is pushing gale-force winds over an area up to 200 miles east and north of its center.

Keesler Air Force Base officials at Biloxi, Miss., and an Air National Guard field at Gulfport, Miss., began preparing for Audrey.

At Gulfport Field, Tennessee and Arkansas Air National Guard units evacuated 60 jets to Memphis, Little Rock and Fort Smith, Ark.

Coast Guard officials ordered all Port O'Connor, Tex., units to Apalachicola, Fla., under a hurricane alert.

Civil defense units are expected to be placed on a regular alert within hours.

City police were placed on a standby basis in New Orleans. Several thousand offshore oil riggers have been evacuated from more than 100 gulf drilling locations, a move which could cost millions of dollars in production cutbacks. Many were brought to shore in helicopters.

SHELTER STATIONS

The Red Cross mapped plans to open shelter stations in Orleans, Jefferson, St. Bernard and Plaquemine Parishes. They were to be placed into operation at the direction of civil defense directors.

U. S. Navy hurricane hunter planes continued to track the storm's progress.

of Salk Vaccine

State to Relay 147,000 Doses; Officials Deny 'Pressure' Charge

LANSING (AP)—Two new shipments totaling 147,000 doses of Salk anti-polio vaccine were being broken down by the State Health Department today for relay to communities throughout the state.

"This will help relieve the pressure of demand," said Dr. Albert E. Heustis, state health commissioner.

Dr. Heustis said yesterday's shipments, from the Pittman-Moore drug supply firm in Indianapolis and Wyeth Laboratories in Cleveland, brought to nearly 200,000 doses the receipts so far this month.

The health commissioner said the state still was having trouble in getting vaccine supplies in the desired volume, but that the situation appeared to be improving.

SHARE FOR DETROIT

About 50,000 doses from the new shipments were allocated to Detroit, and the rest to other counties of the state on a percentage basis.

Ingham County, where complaints were voiced yesterday by organized doctors about an immunization program for state employees, was down for 5,000 doses.

Dr. George Sherman, president of the Ingham County Medical Society, charged that vaccine was obtained for the program by "pressurizing" while pregnant women and children went without.

The charge was denied today by Alfred B. Pitt, legal adviser to Gov. Williams.

Pitt said 3,150 doses of vaccine were obtained for the program from Parke, Davis & Co.

"Parke, Davis President Harry J. Loynd advised me that no pressure whatsoever had been applied, and that the order for the state employees had not been filled ahead of priority orders," he said.

Five Miners in Cave-In Rescued After 14 Hours

By ARTHUR A. PARKS

STUEBENVILLE, Ohio (AP)—Five grimy miners, trapped for more than 14 hours by a cave-in, scrambled to safety last night through a hole which a huge mechanical auger had bored 230 feet into a hillside.

When the 42-inch auger was pulled from the hole, the miners followed it out one by one. They blinked at the floodlights which lit the desolate strip mine pit.

A great cheer rose from about a thousand persons—rescue workers, relatives, spectators and newsmen—as the miners rushed to their families, who had waited all day in the hot sun and far into the night.

Doctors examined the men quickly at a shack nearby and said they were not harmed by their ordeal.

"My God, it was cold in there," said Fred Sabol, 33, Harrisville, one of the first out.

The others are Hank Horvath, 35, Glenn Robbins; Martin Kovalski, 40, and Joseph Supinski, 47, both of Mount Pleasant; and Kenny Hamilton, 38, Adena.

BIRMINGHAM — Summer recreation activities have gone into full swing, with one of the most featured items being the teen center started Monday at Eton Park.

Although only 30 teenage reported Monday, Robert Girardin, recreational director, said the evening's activities were well received. He said he felt the enthusiasm of this comparatively small group was sufficient to bring in others and increase the program nightly.

Girardin said there is room for many more. Sports equipment such as a pool table, ping pong, miniature golf and many other games are available. The nightly program from 7 to 10 p.m. Mondays through Fridays features dancing to records. Girardin added that efforts are now being made to have popular disc jockeys in the area make personal appearances at the teen dances.

This Friday the Birmingham High School new pool will be open for a special teen swim.

Continuing in the recreation field, Monday through Friday mornings from 9 to noon, the tennis instructions at Eton Park are meeting with marked success. Directors say would-be tennis players of all ages are participating.

Playground activities are open with the day camp at Springdale.

Guilty in Traffic Deaths

BENTON HARBOR (AP)—A jury convicted Edward Martin, 32, of Benton Harbor, of manslaughter in the traffic deaths June 26, 1956, of James Akins, 39, and Michael Seeley, 31, of Benton Harbor. Sentence was delayed pending a probation report. Akins, father of seven, was killed when his tractor collided with Martin's hot rod car. Seeley was riding with Martin.

Of the total U. S. annual production of buses about 70 per cent are built to transport the school children.

Romeos, 28, has been a member of the department since Aug. 3, 1953. He could not be reached for comment.

THE BERRYS

By Carl Grubert

Junior Editors Quiz on KNIGHT IN ARMOR

QUESTION: Did knights have to be bold?

ANSWER: The idea behind the bulletproof vests worn by soldiers in the last part of the Korean War was probably inspired by the knights of old. The knights wore armor from head to foot to protect them against sword blows. They were so well protected that they did not have to be as brave as we sometimes think.

The armor was beautifully made and awfully heavy. To get into his armor, the knight needed the help of his squire. To get on his horse, he would climb a platform. Later there were derricks and cranes to lift a knight onto his horse.

If the knight were ever thrown to the ground, he was as helpless as a turtle on its back.

FOR YOU TO DO: Ask your librarian to help you find the books that will show you some ancient weapons — like the cross, bow, the bow and arrow, the old catapult. Make a list of these and see if you can write a story on how modern weapons developed. You may also color the picture above.

(Ellen Yonemori, Kahuku, Hawaiian Islands, wins \$10 for this idea. Send your suggestion in to your newspaper. Tomorrow: How far can a monkey jump? Violet Moore Higgins, AP Newsfeatures.)

Stage Fright Can Help You Present a Better Speech

ANN ARBOR (U) — You're about to step out on the stage in front of an impassive audience. Your throat is parched, your knees tremble. You are suffering from stage fright.

You shouldn't be, says G. E. Densmore, a University of Michigan speech professor. But since you are, your speech will probably be better delivered and better received.

He explains that knocking knees and butterflies are common among almost anyone who stands up to speak, before a gathering of people.

"This fear simply means that the speaker is responding to the stimulation created by the presence of listeners," says Dens-

more. "But the mind always does its best work when stimulated."

"If the speaker does not respond to audience stimulation, he is not functioning to the best of his ability. Since platform fear is a product of imagination, it can never be eliminated, but it can be reduced and controlled and be made to improve your speaking."

Densmore offers an antidote to combat the butterflies: Select a good subject. Make sure it is logically planned and organized. And keep it short.

Feminine Invader

ALLIANCE, Ohio (U) — The Mount Union College boys' choir had a girl in its ranks for a while. She's Natasha Andreevsky of Miami, Fla., a music major at the college here. Of Russian background, she helped the choir arrange a Russian folk song.

MR. AND MRS. JAMES H. BROWN

Honeymoon in Chicago

Dorothea Colombatto Wed

HUNTINGTON WOODS — At a 12:30 p.m. ceremony Saturday, Dorothea Carolinda Colombatto became the bride of James Howard Brown, in St. Mary of Redford Church, Detroit.

The bride, daughter of Mr. and Mrs. Joseph W. Colombatto of Detroit, chose for her wedding a floor length gown of nylon organza. Nylon appliques studded the bouffant skirt and fitted bodice was embroidered.

Her fingertip veil was secured by a modified beaded pill-box, which cascaded over her straight-cut neckline. She carried a bouquet of white roses, surrounded by ivy with long streamers.

Attending as maid of honor was Patricia Abel of Detroit, while Marge Morrison and Mrs. Joseph Colombatto Jr. of Detroit served as bridesmaids.

Daughter of Mr. and Mrs. Joseph Colombatto of Detroit, Kathy Co., and daughter of Mr. and Mrs. Mario Petrin, Lisa, both of Detroit, assisted as flower girls.

An open house at the home of the bride's parents preceded the reception at Devon Gables, in Bloomfield Hills. The bridegroom's parents, Mr. and Mrs. Howard Brown of Huntington Woods, gave

an open house following the reception. The couple is honeymooning in Chicago and will go to Indianapolis where the bridegroom will be stationed as a lieutenant in the army.

MR. AND MRS. DAVID C. FEIGHT

Margie Schook, Raymond Green Wed in Leonard

LEONARD — After a ceremony at 2 p.m. Saturday in the Methodist Church here, Mr. and Mrs. Raymond L. Green left for a honeymoon in northern Michigan. Rev. Stephen Chapko officiated at the service in which Nancy Schook of Leonard, cousin of the bride, attended as maid of honor. Evelyn Green, sister of the bridegroom, was the bridesmaid while Joyce Stenkl of Hillman was flower girl.

Ted Wells of Leonard served as best man while Keith Long of Peck, Dick Green and Carl Webster seated the guests. Donny Stranahan of Leonard was the ringbearer.

A reception was held for about 100 people at the Rowland Hall. The bride, the former Margie Ann Schook, is the daughter of Mr. and Mrs. Roy Schook of Hillman and the bridegroom's parents are Mr. and Mrs. Kenneth Green.

Rural Mail Route to Serve Milford

WASHINGTON — A rural delivery route will be extended to provide better mail service for residents of Windhurst road, Milford, announced Congressman William S. Broomfield (R-Oakland County) today.

Broomfield said the route extension near Sugden road was approved by the Chicago Regional office of the Post-Office Department after he requested the extension.

The improved mail service will go into operation Saturday. Broomfield said the extension of the mail route came about when a number of residents on Windhurst road signed petitions asking for the change.

County Births

Mr. and Mrs. Joseph Phing (nee Thomas) announce the birth of a son, Thomas Joseph, on June 22. Grandparents are Mr. and Mrs. George H. Thomas of Clarkston and Mr. and Mrs. H. S. Phing of Pontiac Lake.

Lisbon Is Destination of Dr. and Mrs. Blaney

MILFORD — Dr. and Mrs. Donald Blaney, married June 15, will be at home in Philadelphia Pa. next week after a wedding trip to Lisbon, Portugal.

The ceremony uniting the couple in marriage was held in St. Mary Catholic Church here, and performed by the Rev. Fr. Richard Haney.

The bride, former Arlene Joyce Buell who was given in marriage by her father, chose a gown of white Chantilly lace and nylon pleated tulle. The floor length costume featured a train, portrait neckline edged with iridescent and seed pearls and a fitted lace bodice. Long, pointed sleeves and bouffant nylon tulle skirt over satin completed the dress.

Her cap veil also was encrusted with iridescent and seed pearls. She carried a white Mother of Pearl prayer book centered with an orchid.

Attending the bride were matron of honor, Mrs. Stanley Cook, and bridesmaids Mrs. Murray Durley, Gloria Jean Hall, Jan Beechler and Elaine Schwenberg.

Harry Blaney Jr. was the best

man while Dr. Robert McDonald, Tom Conway, Don Gruber and Dr. Forest VanDam seated the guests.

Ring bearer and flower girl were Jimmie and Linda Barley.

A reception was held in Highland Manor for the pair, whose parents are Mr. and Mrs. Charles Buell of Brighton and Mr. and Mrs. Harry Blaney Sr. of Cincinnati, Ohio.

May Realize Flood Stoppage

Board Decides Axford Drain Necessary for Bunny Run Area

ORION TOWNSHIP—The end of the springtime flood conditions in the Bunny Run Area, which caused some owners to vacate homes and created a health hazard, may soon be realized.

A board appointed by Oakland County Probate Court, comprised of H. M. Thatcher, Luther Heacock and John McDonald; after careful consideration and surveying the area have determined the Axford Drain a necessity.

Five years ago a similar action was planned but residents of the area rejected the drain because the assessments were considered excessive at the time.

The Drain Commission is securing the right of ways from all property owners through which the drain must go. Plans for the location were made and approved by the Oakland County Drain Commission.

Orion Township School Census Totals 4,949

ORION TOWNSHIP—The school census of the Lake Orion District records a final total of only 18 over the 1956 figure. This year 4,949 names were enumerated, with 1540 under five years of age, and 3,409 between five and twenty.

In the various areas the registrations were: Original Lake Orion district, 3,478, a loss of 100; Webster, 882, a gain of 40; Proper 667, same this year; Carpenter 309, a gain of 75; Eaton 84, a loss of 3; Howarth 29, a gain of 6.

Advanced Scholarship Given Mrs. Wonnberger

BERKLEY — Granted a full scholarship for advanced study on the basis of her substantial achievements, Annette Wonnberger of Berkley High School will employ a year's leave of absence given her by the Berkley Board of Education for continued work in the field of English.

Mrs. Wonnberger, past president of the Berkley Education Assn., is the local consultant of the National Educational Assn's. Committee on Teacher and Professional Standards and is chairman of the Michigan Council of Teachers of English, Committee on Teacher Training and Certification, and a member of the Joint Committee of the Michigan Council and the Michigan College English Assn's. Committee on Certification. For her outstanding accomplishment she was recently awarded a life membership in the National Education Assn. by fellow members of the Berkley Education Assn. at the Centennial Celebration of NEA.

Woman Serves Time for Unpaid Tickets

LOS ANGELES — Mrs. Helen Guild, 45, is serving 49 days in jail—one day for each parking ticket stuck on her car—but she's not mad at anybody.

"If you're going to have laws, then they've got to be enforced," she said yesterday, although insisting that her husband, Dale, 32, and friends got the tickets and she knew nothing about them. The judge held her guilty because the car was registered to her.

Although not exactly mad at her husband, Mrs. Guild did make a promise as she went off to jail. "We'll have a few things to talk over when I get home," she said.

Orion Center Meeting

LAKE ORION — Tonight at 8 p.m. the Orion Community Center, Inc. will hold its public meeting at the Township Hall. Agenda will include the report of the building committee on the selection of an architect; presentation of the last format of the progress report and discussion of progress on fund raising activities.

About 1,700 passenger trains and 2,400 freight trains enter or leave Chicago daily.

ACCEPT A DONATION — Here members of the St. William's of Walled Lake Church Expansion Fund Campaign accept one of the many large donations announced at the first general report meeting. Pictured, (l-r) are: Al Secunda, general chairman; Rich-

ard Murphy, associate chairman; and George Kovacs, Memorial gift chairman. The drive, to expedite the building of a convent, has received \$44,000 in subscriptions to date, according to the Rev. Fr. John L. Foley.

To Decide on Charter, Officials

Wixom Will Vote July 15

WIXOM—A total of 18 candidates for village offices will be on the ballot when Wixom voters go to the polls on July 15 to approve or reject a proposed charter for incorporation as a village.

Only one member of the Charter Commission is running for an office. He is Everett N. Pearsall, chairman of the Wixom Civic Association, who is a candidate for village president along with

Joseph T. Stadnik and Wesley E. McAtee.

The other 15 candidates are bidding for six positions on the village council. They are John S. Rydning, James F. Sereno, Mrs. Johanna Ware, Gunnar E. Mettala, Paul DePodesta, Edward R. Wendt, G. O. (Bill) Abrams, Vernon M. Spencer, Del H. Bourgeois, Reece Lacy, Jesse R. Birchard, Mrs. Lottie E. Chambers, Norman Brackett,

Robert C. Wagnitz and Walter S. Tuck.

Those elected will assume office only if the charter is approved by a majority. Should the charter be rejected, it will be revised and submitted to voters for a second time.

Only voters who registered at Wixom will be eligible to vote on July 15. Registration with Novi or Commerce Townships does not

make a voter eligible for the charter election.

All candidates have been asked to appear at the next meeting of the Wixom Civic Assn. scheduled for 8 p.m. Thursday, July 11. Candidates are expected to outline their views and intentions during the meeting.

Voting machines will be set up in Wixom Elementary School, only precinct which will be open on July 15. Voting will take place from 7 a.m. until 8 p.m. on that date.

Newlyweds to Make Home in Marlette

MARLETTE—Following a two weeks honeymoon trip to northern Michigan, Mr. and Mrs. Robert Donald Kohner will make their home at 2379 Juhl Rd.

The couple was married June 15, at 3 p. m. in the First Presbyterian Church in Marlette. The Rev. Harry Anderson officiated.

The bride, the former Marilyn Louise Appel, daughter of Mr. and Mrs. Lester P. Appel of Marlette, wore an embroidered net over satin gown with a portrait neckline and long, pointed sleeves. Her fingertip veil was of scalloped silk illusion. She carried an arrangement of white sweetheart roses, lilies of the valley and ivy streamers on a white Bible.

Matron of honor was Mrs. Leslie Wallace of Detroit while Scharia Rasmussen of Marlette, cousin of the bridegroom attended as brides-

maid. Junior bridesmaid was Paulette Appel of Marlette, sister of the bride. Another sister, Melinda, was the flower girl.

James Polewach of Sandusky attended the bridegroom, son of Mr. and Mrs. Marcus L. Frued of Lake Orion, as best man. Seating the 300 guests were John Leonard of Lake Orion, Don Anderson of Lincoln Park, Rex Rasmussen and Russell Appel, both of Marlette.

Plan 'Real Cool' Day

OXFORD — Friday is being hailed here as Bermuda Shorts Day. Nearly every business place will have its clerks wearing shorts and everyone has been invited to join in the fun by wearing their cropped pants wherever they go. Indications show that men and women alike are preparing to make the day a big success. Oxford is expected to look "real cool" on Friday.

MR. AND MRS. ROBERT L. BEATHAM

Beatham-McLeod Vows Spoken in Romeo Rite

ROMEO — Patricia Gail McLeod and Robert Lee Beatham repeated their marriage vows before the Rev. Ellis A. Hart in a double ring ceremony at 8 o'clock Saturday evening in First Methodist Church here.

The bride is a daughter of Mr. and Mrs. Donald E. McLeod. The bridegroom's parents are Mr. and Mrs. Harry J. Beatham.

Given in marriage by her father, Patricia was lovely in her crystal-embroidered gown, a fashion with Empire waistline, Sabrina lace-sleeved neckline and long sleeves ending in points over her hands. Her seed pearl crown held a fingertip veil of

French illusion. She carried a cascade arrangement of feathery and French carnations centered with a tiny bluebird.

Mrs. Betty Hopkins was matron of honor. The bride's only other attendant was her sister, Lila, who was a bridesmaid.

Best man was the bridegroom's brother, James. Seating the guests were LeVern Tucker and Mickey Konarski.

A reception for 150 guests was held in the church parlors following the ceremony. The young couple left on a honeymoon trip through northern Michigan. Upon their return they will reside in an apartment on South Main street.

Billie Joyce Inbel Weds at Waterford

WATERFORD TOWNSHIP — Billie Joyce Inbel, daughter of Mr. and Mrs. Robert Sharp of Waterford Township, became the bride of Robert L. Johnson, son of Mr. and Mrs. Lawrence Johnson of Walled Lake, in a recent afternoon ceremony.

Sally Hyde, of Pontiac, was maid of honor for the service held in the Christ Lutheran Church. Vern Rettastorff of Walled Lake served as best man with Al Inbel, brother of the bride, and Jerry Johnson, brother of the bridegroom, seating the guests.

A reception, following the wedding, was held at Dublin Community Center, White Lake Township. The pair left for a trip to Houghton Lake and will make their home in Texas where the bridegroom is stationed with the U. S. Air Force.

Romeo Man Running for State Amvet Post

ROMEO — A local man is a candidate for the Michigan Department Commandership of the Am-Vets, veterans organization now meeting in a state convention in Detroit.

Samuel Bentley of 220 E. Gates St. present State Senior vice-commander, will be opposed by Richard Oele of Grand Rapids in Sunday's annual election.

Highlights of the four day convention which opens today will be a moonlight trip to Bob-Lo Friday night and a convention parade at 4 p.m. Saturday.

Four Milford Boys to Return From MSU

MILFORD—Boys will be returning from the annual Boys State held at Michigan State University today after a week of experience in government affairs at all levels. The event is sponsored by the American Legion.

Youths from Milford are George Johnstone, Pat Melley, Tom Hubbell and Mike Arvidson.

Southwest Unit Ending Event

First Girls Day Camp Held at Proud Lake, Director Mrs. Huber

Approximately 125 girls comprising the Brownies and Intermediate Scouts of the Southwest District are completing their day camp today at Proud Lake Recreation Area.

Girls attending the first of two camp sessions are from Milford, Union Lake, West Acres, Westlakes, East Highland and Highland.

The outing is being held under the direction of Mrs. Herbert Huber, with Mrs. J. S. Goodell and Mrs. David Eicher as assistant directors.

Two features of the event have been the formal opening and closing Flag ceremonies and an overnight camp, held last night.

Closing program today is entitled "Regional America, Our Country's Roots," and will feature skits, songs and dances from the various regions of the U. S.

Fifteen trained adults have provided the volunteer leadership for the camp, in its sixth day today. Another camp, for the other half of the Southwest District, will be held next month at Proud Lake, under the direction of Mrs. Charles Cox.

ALICE L. AVERY

Announcing the engagement of their daughter, Alice Louise, to Harold Jay Robson, are Mr. and Mrs. Kenneth Avery of Dryden. He is the son of Mr. and Mrs. Jay Robson of Brown City. No date has been set for the wedding.
