

Lodge Warns Red Delegate

Floods Hit Iowa, Claim One Life; Hundreds Flee

Torrential Rains Part of Thunderstorm Belt Moving Eastward

DES MOINES (AP) — Floods hit more areas in Iowa today. Raging waters claimed one life and caused hundreds of fresh evacuations.

A flash flood in this capital city drove scores of families from their homes and closed U. S. Route 6 through Des Moines.

The torrential rains in Iowa and northeastern Nebraska were part of a belt of thunderstorms running eastward through northern Illinois, southern Wisconsin and lower Michigan.

Walsh and Winnebago, Neb., small towns south of Sioux City, Iowa, were flooded. Flood waters in Nebraska blocked highways 275 near Norfolk and 35 at Winslow and was threatening the town of Pender. Two tornadoes were sighted in Nebraska but no damage was reported.

The storms brought only limited relief from the stagnant, sultry heat that in Chicago, on this first day of summer, approached a record 11 straight days of 90 degrees or higher. Similar readings or higher were the rule yesterday from the storm area southward to the Gulf, and were expected again today.

The western Dakotas, eastern Wyoming and northwest Nebraska were a bit cooler, but to the west and south it was even hotter. Sunday readings of 110 were common in the desert Southwest, and Yuma Ariz., had 115.

Most of northern Iowa was polka-dotted with small lakes created by torrential rains. Crop experts said damage would run into millions. Highway and rail traffic were interrupted at many points.

The north-central Iowa city of Fort Dodge was among the new flood emergency points. Sioux City, in western Iowa, and Mason City, near the northern border, rode out flood crests and now face new crises.

Today was the beginning of the second week of daily outbursts of thunderstorms, occasional hail and high winds ranging up to tornado proportions. Rains have ranged to 10 inches and downpours of 5 inches or more have been common throughout the northwest and northern sectors.

Alfred Anderson, 18-year-old farm youth, disappeared while attempting to swim his horse across the raging Iowa River to reach some stranded cattle.

Developments included: Des Moines — Police boats evacuated more than 50 families along (Continued on Page 2, Col. 6)

Duke Is Convalescing

LONDON (AP) — The 18-year-old Duke of Kent injured in a high-way crash was reported making "steady and satisfactory progress" today.

Flash Flood Strikes Des Moines

AP Wirephoto

TRANSCONTINENTAL ROUTE CLOSED — Flash flood waters on Four Mile Creek race across the northeast corner of Des Moines late Sunday as they began their swift rise after a 5-inch cloudburst upstream. Continental route U. S. 6, traveled annually by thousands of tourists, was closed for hours. Police boats evacuated more than 50 Des Moines families living along the creek.

Weekend Traffic Victims Include 3 From Drayton

A single falling tree limb blacked out three Oakland County villages Saturday during a thunderstorm that touched off 24 hours of rain squalls.

Lake Orion, Oxford and the Goodison area groped in darkness for several hours Saturday night in what Detroit Edison Co. officials called "the most general blackout in five years."

Pontiac was drenched but unharmed.

Gallagher was employed at the Chrysler Tank plant in Centerline.

The lightning victim was John Sabluk, 62, of near-Luther in Lake County. He was struck down near the barn on his farm during a storm Saturday.

William R. Hurley, 54, of Holland drowned in the Black River there Saturday when a speedboat overturned in waves.

Raymond Sobleski Jr., 7, of Boyne City drowned Saturday in Deer Lake when a boat in which he was riding with his father and two other men capsized and sank.

Fred D. Reilly, 26, of Vandercook Lake, a Jackson County deputy sheriff, was struck and killed by a car Saturday after he and another deputy had stopped another car that was weaving down a road.

Frank Kucharski, 34, of Garden City was crushed against rocks in the Huron River rapids near Ann Arbor Saturday when he tried to rescue a niece from drowning.

Lee Russell Badger, 50, of Grand Rapids was killed Friday night when his car crashed into a (Continued on Page 2, Col. 7)

Reds Eulogize Chaplin

LONDON (AP) — Moscow Radio broadcast a lengthy eulogy today to Charlie Chaplin, who chose to live in Switzerland after the United States ordered an inquiry into his fitness to live in the United States.

Robert's body was found in about nine feet of water near a speedboat dock. It was recovered by John P. Elrich, 14, of Highland Park.

Tot, Boy Drown Over Weekend

Tiny Novi Area Girl Falls From Dock; Youth Dies in Walled Lake

Two children drowned in Oakland County over the weekend.

The victims were: Denise McNamara, 22-month-old daughter of James McNamara of 359 S. Shore Dr., Novi Township.

Robert R. Snyder, 10, the son of the Raymond Snyders of 11400 Auburndale, Livonia.

Denise fell off a dock behind her parent's home Saturday afternoon and drowned in four feet of water, said Oakland County sheriff's deputies. The dock juts out over a stream.

Her body was discovered by Ernest Berkley of Detroit and recovered by Edward Davis of 23101 Middlebelt Rd., Farmington. Deputies are investigating the safety of the dock.

Deputies said Robert drowned in Walled Lake during Saturday's late afternoon thunderstorm.

The boy's father said Robert was swimming with his four brothers and sisters when he disappeared.

Robert's body was found in about nine feet of water near a speedboat dock. It was recovered by John P. Elrich, 14, of Highland Park.

Guard Is Slain in Escape Try

2 prisoners, Hostage Wounded; Hide Behind Human Shields

LANSING, Kan. (INS) — Six desperate convicts killed a guard and used a baby girl, four women and a man for human shields in a wild attempt to escape from the Kansas State Prison at Lansing before a 45-minute gun battle forced them to surrender yesterday.

One of the women hostages and two prisoners were wounded in the furious fusillade of bullets.

The six long-term convicts, armed with handmade pistols and knives, gave up when they were trapped at a locked gate by a squad of guards who moved in behind them and sniped away at them with revolvers and rifles.

Warden Charles A. Edmonson said the escape attempt began as prisoners were taking their morning exercise in the prison yard.

One of the hostages, Marjorie Capchart, 19, of Topeka, Kan., related that the convicts then burst into the visiting room while she and her parents, Mr. and Mrs. Glen Capchart, were chatting with her brother, an inmate. She said:

"They picked out five of us—six, counting my two-year-old niece, Janet in my arms. We were marched single file out of the visiting building into a vestibule of the administration building."

Edmonson reported Henry Kenaga, 55, a 30-year veteran of the prison guard, was shoved along with the hostages and shot to death in the vestibule.

Among the convicts participating in the unsuccessful break for freedom was Donald E. Davis, 27, of Sturgis, Mich.

Has Surgery in Israel

JERUSALEM (AP) — President Izhak Ben-zvi of Israel underwent an operation in Jerusalem today. A bulletin described his condition as "satisfactory."

Martial Law Is Proclaimed in Guatemala

Red-Backed President Musters for Showdown With Insurgents.

TEGUCIGALPA, Honduras (AP) — President Jacobo Arbenz Guzman of Guatemala proclaimed martial law throughout his invaded country today as his Communist-backed government mobilized for a showdown battle with anti-Red rebels. Insurgent leaders claimed their forces were pushing ahead in a three-pronged drive aimed at key rail and road communications in the southern part of the country.

The martial law decree was announced late last night after a government appeal for all private cars to be turned in for use in moving troops. Reports from Guatemala said the decisive phase of the battle for that neighboring Central American nation may come within 48 hours.

Associated Press Correspondent Jack Rutledge, in Guatemala City, quoted Guatemalan army officers as saying no field action had yet been fought. They added, however, that a battle could not be delayed much longer.

The U. S. Embassy in Guatemala City announced it is making plans to evacuate wives and children of U. S. citizens. With a wave of anti-U. S. feeling sweeping the city, the embassy reportedly feared violence might break out against North Americans. There are about 1,300 U. S. citizens in Guatemala.

Part of the rebel force was reported striking toward the Pan-American Highway, near the Salvadorean border. This is a two-headed drive from Nueva Ocotepec, Honduras toward the town of Jutiapa.

Another invading column reportedly was moving in from Maculizo, Honduras, about 20 miles west of Puerto Barrios, Guatemala's chief Caribbean port.

The third was reported toward Zacapa, midway on the vital rail line between Puerto Barrios and Guatemala City.

Rebel sources said their planes also are dropping arms in western (Continued on Page 2, Col. 2)

Milford Dentist's Discharge Eyed

Naval Training Station Recommends He Be Returned Home

Officials of the Naval Training Station at Great Lakes, Ill., have recommended the honorable discharge of a disabled Milford dentist who was given the alternative of seeking a commission or being drafted recently.

The discharge of Dr. Robert J. Lawrence, 36, will be on the basis of the hardship his tour of duty is working on his wife and five children.

If the move is successful, it will climax the efforts of Milford area residents who fought the drafting.

Dr. Lawrence suffers from chronic osteomyelitis, a bone infection which has shortened one leg by two inches, forcing him to work from a stool in his office. He has undergone nine operations.

Residents and local civic groups protested the drafting of Dr. Lawrence, because of his disability and his children, and also because of the essential nature of his work to the community.

He is one of three dentists serving the Milford area, one of whom has a limited practice.

Sen. Homer Ferguson and Rep. George A. Dondero Saturday wired Milford attorney Bartlett Smith, who sparkplugged the move to keep the dentist home, that the case was being considered by the proper authorities.

Truman Doing Well After Rush Operation

KANSAS CITY (AP) — Former President Harry S. Truman was reported today to have spent a restful night after an emergency operation in which his gall bladder and appendix were removed.

"He slept well last night," reported a nurse who had just come from his bedside at Research Hospital where the surgery took place early Sunday morning.

The subcommittee which conducted the marathon McCarthy-Army hearings, excused Hensel as a "principal" in the case by a 4 to 3 vote midway in the investigation.

Hensel urged the seven-man committee to revive the motion to dismiss charges against him and that he be cleared unanimously as a "rebutte" to the senator.

LEADERS CONFER — Two members of the "Liberation Army" confer over a map of Guatemala pointing to invasion spots. Left to right are Manuel Orellana Cardona and Carlos Recinos. The picture was made at Copan, Honduras, one of the resistance centers only four miles from the Guatemala border.

Weekend Storm Cuts Off Power for County Towns

By THE ASSOCIATED PRESS

Three members of a Drayton Plains family were among 19 persons killed in Michigan during a weekend of severe electrical storms and hot, humid temperatures.

Traffic accidents claimed the lives of 10 victims; eight drowned and one man was struck by lightning.

Killed in the worst traffic accident was Francis Gallagher, 52; his wife, Agnes, 50, and her mother, Mrs. Josephine Coppy, 79. All three lived at 4473 Dixie Highway.

The only survivor of the two-car crash, Careid Childers, 32, of Flint, told State Police he was driving west on Mt. Morris road, near Flint, in a heavy rainstorm Saturday afternoon when he saw another car approaching in his lane.

Hensel Wants Charges Lifted

Requests Subcommittee to Rebutte McCarthy for Attack on Him

WASHINGTON (INS) — Sen. Joseph R. McCarthy (R-Wis.) was hit by a new blast from the Pentagon today even as members of a special subcommittee tried to sift conflicting testimony compiled in 36 days of hearings on his dispute with the Army.

The new attack on McCarthy was made by Assistant Defense Secretary H. Struve Hensel who demanded that the subcommittee completely clear him of charges made by the Wisconsin senator and administer a "severe rebuke" to McCarthy.

Hensel made public a 13-page sworn statement submitted to the subcommittee asserting that McCarthy admitted that his charges that the defense official "masterminded" the Army case in the dispute were groundless.

He contended McCarthy offered to withdraw his charges against Hensel if the senator could do so without appearing to be a "fool."

McCarthy initially charged that Hensel had prompted the Army attack because the assistant secretary had been under investigation by McCarthy's own group because of his World War II financial transactions.

The subcommittee which conducted the marathon McCarthy-Army hearings, excused Hensel as a "principal" in the case by a 4 to 3 vote midway in the investigation.

Hensel urged the seven-man committee to revive the motion to dismiss charges against him and that he be cleared unanimously as a "rebutte" to the senator.

Speaks Sharply at U. N. Meeting; Says 'Go Home'

Cease-Fire Resolution for Guatemala Passed After Soviet Veto

UNITED NATIONS, N. Y. (INS) — A blunt warning to Soviet Russia to stay out of the Western Hemisphere has been issued by U. S. Ambassador Henry Cabot Lodge Jr. in the United Nations.

Soviet Delegate Semyon K. Tsarapkin was sharply rebuked by Lodge during yesterday's Security Council debate on Guatemala's charge that Nicaragua and Honduras were guilty of open aggression.

Turning to Tsarapkin after he had cast Russia's 60th veto to block a 10-to-1 Council vote to refer Guatemala's complaint to the organization of American States, Lodge snapped: "Stay out of this hemisphere and don't try to start your plans and conspiracies over here."

Following the outburst the Council passed unanimously a resolution calling for an immediate end to all bloodshed and urging all U. N. members to desist from aiding the battle.

Guatemalan delegate Eduardo Castillo-Arriola, who demanded the emergency Sunday session of the Council, insisted the edict required Nicaragua and Honduras to close their borders to rebel forces seeking to overthrow the Red-tinged government of President Jacobo Arbenz.

Castillo-Arriola originally had wanted the Council to "warn" Nicaragua and Honduras and to send a fact-finding commission to Guatemala but settled reluctantly for the unanimously-passed resolution.

Tsarapkin previously charged that the U. S. was the "convinced" power behind the anti-Communist forces and that OAS is "under American domination."

He said the U. S. planned to "settle accounts with Guatemala through OAS."

Neither Council adoption of the resolution calling for an end to the bloodshed in Guatemala nor the Soviet veto of the resolution referring the complaint to OAS prevents the OAS from taking action.

The OAS is fully empowered in its organizational charter to deal with disturbances or Communist threats within this hemisphere.

It was pointed out at the U. N., however, that reference of the Guatemalan complaint by the Security Council to OAS would have endowed the matter with "moral" significance and prestige.

Castillo-Arriola told the council that two American aviators crashed in Mexico Sunday and were interned after American-made P-47 planes bombed and strafed Guatemalan cities.

Birmingham Girl Was Neighbor

Police Investigate Death of Young Chicago Heir

CHICAGO (AP) — Authorities today intensified their investigation of the mysterious death of the 20-year-old heir to a million dollars after being told the young man revised his will recently to make his fiancée principal beneficiary and had expressed doubt he would live to come into his own inheritance.

Montgomery Ward Thorne was found dead in his studio apartment at 54 E. Scott St. Saturday, and Coroner Walter E. McCarron said there were four needle marks on his arms. The coroner said there was no evidence Thorne was a user of narcotics.

The coroner has ordered an analysis of vital organs, which he said may take three weeks.

McCarron said he also has sent investigators to Birmingham, Mich., to interview Mary Louise Millman, 25, an art student who occupied an apartment adjoining Thorne's until Friday.

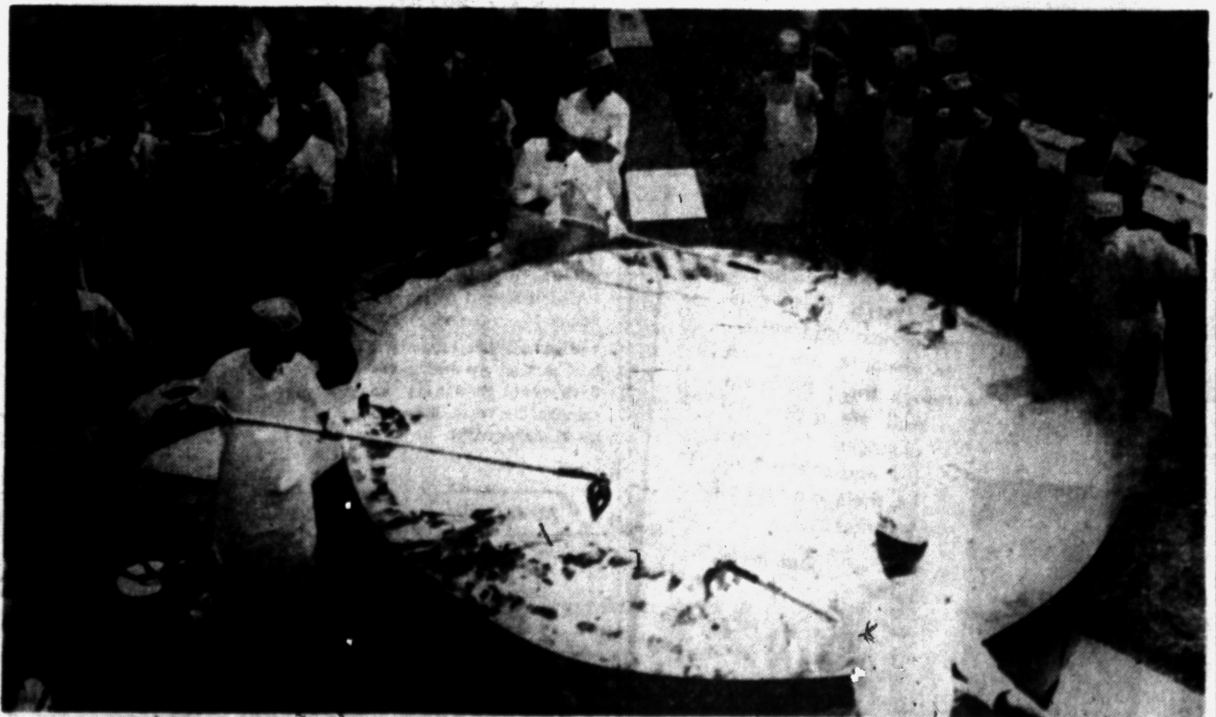

In Birmingham Miss Millman was not available for comment.

Her mother, Mrs. Dain W. Millman, said, however, that Miss Millman had been with the family since 4 p. m. Friday, "when we picked her up on the steps of the Chicago Art Museum."

"She made a statement to the prosecuting attorney in Chicago this morning, and she is not going to have to appear today," Mrs. Millman said.

MAKE OVER PAST

Birmingham Commission to Hear Formal Resolution Over Home Fire Inquiry

From Our Birmingham Bureau
BIRMINGHAM—A resolution formally authorizing a board of inquiry to investigate possible negligence or misconduct on the part of the Fire and Police Departments, in connection with the fire which took three lives last Monday, will be read at tonight's City Commission meeting.

In other scheduled action, contracts for the west-side fire station to be constructed at Maple avenue and Chesterfield road will be awarded.

Keeping the fire department in the spotlight, City Manager Donald C. Egbert will recommend moving the auxiliary fire area from its present location

Service Is Set for Industrialist

Funeral Rite Scheduled at Christ Church for Rawson Vaile

BIRMINGHAM—Funeral service for Rawson Vaile, 67, a Detroit industrial executive who died Saturday, will be held at 3 p.m. tomorrow at Christ Church Cranbrook.

Mr. Vaile, of 864 Pilgrim, was executive vice president and director of the American Blower Corp. and a director of the Canadian Siroc Co., Ltd., of Windsor.

He was born in Kokomo, Ind., and was graduated from Purdue University in 1900. He joined American Blower in 1913 as a sales engineer.

He held membership in the Economic Club of Detroit, the Detroit Board of Commerce, the American Municipal Assn., the Detroit Citizens League, the American Management Assn., the Orchard Lake Country Club and the Detroit Boat Club.

Mrs. Vaile is survived by his wife, Elizabeth; a daughter, Mrs. Charles D. McCall Jr.; a sister and two brothers. The body will be at the Bell Chapel of the William R. Hamilton Co. until tomorrow noon.

Mysterious Death of Heir Investigated

(Continued From Page One)

Millman said, "As far as we could determine, it wouldn't be necessary for her to appear at any time."

Mrs. Millman said her daughter had seen Thorne but once, and that she did not even know his name. He had moved into the apartment only a week ago.

She had lived there since just after Christmas. She was attending the School of the Art Institute of Chicago, where she was specializing in illustration.

Mrs. Millman said because of the heat in Chicago Friday night, Miss Millman spent the night with the family at a hotel.

Early the next morning, the whole family went to the apartment to help her pack. No one saw Thorne.

Jay Stough, who said he had been young Thorne's lawyer for some time, told detective Capt. Harry Penzin that Thorne less than 10 days ago changed his will making Miss Maureen Ragen, 18, chief beneficiary and executor.

Penzin quoted Stough as saying Thorne, grandson of a former president of Montgomery Ward & Co., "was afraid he would never live to collect his inheritance. He asked me to assure that there would be a very thorough investigation . . . if he died."

Stough said Thorne would have begun receiving \$1,000 a month income from the estate of his father, Gordon C. Thorne, after his 21st birthday. The father's will provided the income would jump to \$3,000 a month at age 30 and the son would be allotted the principal of his inheritance—estimated at a million dollars—at age 35, the lawyer said.

'Killed Woman in Self Defense'

Royal Oak Area Man Claims Mrs. Spencer Threw Hot Grease

Theodore Edwards, 35, admitted fatally shooting Mrs. Willie H. Spencer, 31, following an argument in her Royal Oak Twp. home early Sunday, but told Oakland County Assistant Prosecutor Donald A. Brown he shot in self defense.

Edwards, who is being held in Oakland County Jail for investigation of first degree murder, told Brown he shot Mrs. Spencer with a .32 revolver after she threw hot grease at him. She was dead on arrival at Mt. Carmel Mercy Hospital from a bullet wound in the chest.

Edwards, of 21011 Fenner Ct., Royal Oak Twp., was arrested at 8 a.m. yesterday. Township police said they made a search of relatives' homes and found him under a bed in a brother-in-law's home at 21023 Barstow Ct.

He said the argument in Mrs. Spencer's home at 20797 Woodside Rd., was over money for a loaf of bread, according to Brown.

Youngsters taking part in the De-Y program of the local YMCA, visited the Detroit Zoo today, and will receive the first of a series of swimming lessons tomorrow at a nearby pool. The day will include crafts and singing.

At its last meeting until fall, the MOMS elected Mrs. Howard R. Estes to take over presidential duties. The slate also includes Mrs. P. G. Burnett, first vice president; Mrs. William W. Ostrander, second vice president; and Mrs. M. G. Hillman, recording secretary.

Others are Mrs. Norman Porter, corresponding secretary; Mrs. L. J. Bid, treasurer; Mrs. Earle Cunningham; Mrs. Edgar Colenso, historian; and Mrs. John Martz and Mrs. Ralf Cookston, directors.

Holding a dinner meeting at 7 tonight, the Men's Club of St. James Episcopal Church will have as guest speaker Major Nicholas Shields of the U.S. Marine Corps. He will give an authentic military lecture on recent operations.

Charlotte Suttin, of 464 Oak St., is one of 300 state high school girls attending the 12th annual Wolverine Girls' State at the University of Michigan. The program, which ends Wednesday, trains the girls in citizenship, leadership and educational guidance.

Young delegates from every Episcopal parish in the diocese are attending the annual Youth Conference, which opened yesterday at Christ Church Cranbrook.

Open to boys and girls above the ninth grade, the conference theme is "The Holy Communion and Its Implications for Daily Life." Bishop Richard S. Emrich, head of the diocese, will deliver four sermons on the subject. Bible study periods and recreation are included on the program.

William Spence, sales representative with the local Detroit Edison Co., will be the guest speaker at tomorrow's noon luncheon meeting of the Exchange Club at the Community House.

Spence and his wife have just returned from Japan, where they were able to visit their son, Robert. An Army corporal stationed in Korea, young Spence visited his family in Japan. Spence also toured four of the six Lions Clubs in Japan. He is a member of the local club.

Guatemala Placed Under Martial Law

(Continued From Page One)

Guatemala, where uprisings against the government have been reported.

President Arbenz reportedly has taken personal charge of defense strategy. It was speculated the taking-over of private automobiles could mean he plans to emulate the famous "taxicab army" which French rushed up to defend the Marne River during World War I.

An American woman correspondent in the Guatemalan capital, broadcasting over the Columbia Broadcasting System, reported yesterday the Guatemalan army did not seem to be making any preparations to resist the invasion. She said few troops were to be seen on the streets of the capital city. The correspondent, Flora Lewis, is representing the London Daily Express in Guatemala City.

Rebel headquarters here reported the capture of three towns near the Honduran border—Asquipulas, Jocotan and Quezatepeque. It also said insurgent forces had cut the vital railroad from Puerto Barrios to Guatemala City near Morales.

Red Cross Makes Appeal for Donors

Oakland County Chapter, American Red Cross today sent out a last-minute appeal for "walk-in" blood donors at today's Bloodmobile visit here.

The mobile unit will take donations until 8 tonight at Pontiac Elk Temple, 114 Orchard Lake Ave.

"We still need over a hundred donors," Mrs. N. E. Durocher, blood recruitment chairman, said today. "Vacations and heat have cut into our donations, but the demand for blood for patients in local hospitals is just as high."

Birmingham Death First Traffic Fatality

BIRMINGHAM—An accident which took the life of a Detroit man early yesterday morning marked Birmingham's first traffic fatality of the year.

Earl H. Chapman, 49, died at St. Joseph Mercy Hospital, Pontiac, several hours after he was found in a field at E. Maple and Edenborough next to his demolished English Austin.

Police believe Chapman, traveling east on Maple, swerved at a point where the road narrows and lost control of his car. They said it rolled over several times and landed 150 feet north of the road.

Chapman was evidently thrown through an opening in the roof of the sports car, police said. Neighbors reported the mishap after they saw headlights glowing in the field.

2 Residents Injured in 3-Car Collision

BLOOMFIELD TOWNSHIP—A three-car collision on Telegraph Rd. at W. Maple, sent two Pontiac residents to Pontiac General Hospital yesterday morning.

Treated for minor injuries were Francis Madera, 21, of 37 Orchard Lake Ave. and Mrs. Catalina Felix, 23, of 123 Center St., a passenger in Madera's auto.

Police said John A. Salter, 53, address unknown, was stopped for a light at the intersection when the rear of his car was struck by an auto driven by Lucio Rodriguez, 24, also of 37 Orchard Lake Ave.

Rodriguez told police he skidded on the wet pavement, as did Madera. Madera's auto hit the Rodriguez car in the rear.

BOYS' STATE GOVERNOR—Gerald Rider, 16-year-old all-A Lansing student was elected governor of the 17th annual American Legion sponsored Wolverine Boys' State at East Lansing Sunday. More than 1,000 Michigan youths are assembled for an 8-day course in practical government. Sessions end Thursday with Gov. Rider and his staff taking over the State Capitol for one day.

TO OUR LOYAL CUSTOMERS, DRIVERS and EMPLOYEES—

We appreciate your continued patronage and co-operation during the recent interference in our business.

PONTIAC CAB COMPANY
3 West Pike
FE 5-6111

NAMED AT ANN ARBOR—Elected to head 300 state high school girls attending annual Wolverine Girls' State at University of Michigan, June 15-23, were governor, Mary Lovewell (center top), Northville; lieutenant governor, Kay Mangan (left top), Ann Arbor; secretary of state, Janice Crosby (right top), Mason; treasurer, Gayle Burns (left center), Detroit; attorney general, Sandra Johnson (right center), Remus; justices, (first row, left to right), Gayle Ashburn, Northville; Judy Bement, Detroit; Susan Beasley, Dearborn; auditor general, Beverly Terry, Royal Oak.

3 Get 10-20 Years in Armed Robbery

Three Pontiac men found guilty of a \$75 armed robbery by a Circuit Court jury June 7 were sentenced to long prison terms today by Judge Frank L. Doty.

Arthur C. Hewitt Jr., 19, of 1654 Giddings Rd., and Robert K. Smith, 19, of 1024 Hospital Rd. were each sentenced to 10 to 20 years in Southern Michigan Prison at Jackson for the Walton Dairy Bar holdup April 20.

Richard Parks, 17, of 22 McNeil St., was sentenced to 5 to 10 years in prison.

The three were implicated during their trial by Francisco M. Mendez, 26, of 61 Pine St., now serving 2½ to 15 years, and Lee D. Bates, 20, of 80 Omar St., returned to parole officers.

Man Sentenced to Prison in Liquor Store Breakin

Allen B. Carr, 63, of 193 Perry St., was sentenced to 1½ to 15 years in prison today by Circuit Judge George B. Hartnack for the April 25 break-in of the State Liquor Store at 681 Oakland Ave.

Carr pleaded guilty to the break-in June 14 after being apprehended by police while ransacking the building.

Pontiac Deaths

Mrs. Laura Mae Love

Funeral for Mrs. Laura Mae Love, 48, of 41 Warner St., will be Tuesday at 2 p.m. from the Providence Missionary Baptist Church of which she was a member. The Rev. T. Walter Harris, her pastor, will officiate and burial will be in Oak Hill Cemetery. The body is at the William F. Davis Funeral Home.

Born in Mounds, Ill., Feb. 19, 1906, she was the daughter of Billy and Sarah Blakemore Woods. She came to Pontiac 25 years ago from there and died Friday morning after a prolonged illness.

Surviving are a brother and two sisters, Almus Smith and Mrs. Agnes Seney of Pontiac and Mrs. Nellie Johnson of DuQuoin, Ill.

Mrs. William A. Smith

Word has been received here of the death of Mrs. William A. (Maude A.) Smith of 1601 N. Bond St. in Saginaw. She died Friday in the Saginaw General Hospital.

Born at Beech Creek, Pa., Dec. 23, 1880, she had resided in Pontiac from 1925 until going to Saginaw. She was a member of the Methodist Church.

Surviving are a son, George A. Smith of Pontiac; a daughter, Mrs. Ray Roth of Saginaw and two grandchildren. Also surviving is a sister, Mrs. Julia Bitner of Beech Creek.

The body was taken on Saturday from the Reitz Funeral Home in Saginaw to the Bechtel Funeral Home in Beech Creek for service and burial this afternoon.

Car Hits Turning Auto, Injuring Two Youths

James L. Moore, 23, of 1850 E. Grand Blvd., Detroit, and his passenger Donald K. Rosser, 18, of 1460½ Baldwin Ave., were admitted to Pontiac General Hospital Saturday night after an auto accident.

Both in good condition, Moore suffered severe cuts and Rosser suffered a broken leg, Pontiac Police quoted Moore as saying he was unable to avoid an auto, driven by Frank W. Kelly, 47, of 1769 Beechmont, Keego Harbor, which was making a U-turn in front of 488 N. Sangaw St.

Minister Visits Ankara

ANKARA, Turkey (U)—Prime Minister Mustafa Ben Halim of Libya arrived here today by air on a three-day official visit.

Floods Claim Youth as Hundreds Leave

(Continued From Page One)

Four-Mile Creek after a 5-inch rain fell near Ankeny, just north of Des Moines.

Sioux City — A 21-foot crest passed at midday yesterday on the Floyd River after more than 500 families had left their suburban homes as a precaution. A new peril rose after 3½ inches of rain fell in five hours last night. More hard rains fell in the Floyd Valley above Sioux City.

Mason City — A 4-inch downpour in four hours last night cut off all highways into Mason City and caused new flooding.

Fort Dodge — The Red Cross used all available trucks yesterday to evacuate 30 homes when the Des Moines River rose swiftly to flood stage.

In Western Iowa, between Sioux City and Council Bluffs, thousands of acres were inundated when dikes broke near Turin and Kennebuc.

Boys' State Holds Election of Officers

EAST LANSING (U)—John Kelley of Birmingham and Wayne Millington of Fenton were elected secretary of state and treasurer, respectively in balloting at the American Legion Boys' State here yesterday.

Gerald Rider of Lansing will reign as governor of the 17th annual Boys' State.

Another Birmingham youth, Charles Hay, and Jerome Wilson of Orionville were named members of the Boys' State Board of Agriculture. Fred Bell of Lake Orion is one of the members of the state's Board of Education.

Man Gets Probation

Paul D. Lane, 18, of 23057 Eastering Dr., Hazel Park, was placed on two years probation and assessed \$250 costs today by Circuit Judge George B. Hartnack on a charge of negligent homicide.

Lane pleaded guilty June 14 to killing one pedestrian and injuring another when he struck them with his auto on equidistant road near Twelve Mile road, Royal Oak Township, last Jan. 20.

Lane said he was passing another auto when the accident occurred and that he didn't see the men in time because of fog.

Auto Crash Claims Three From Drayton

(Continued From Page One)

tree while police were chasing him at Battle Creek.

Howard Girst, 19, of Drayton Plains was injured fatally Friday night when his car overturned on M-15 north of Pontiac.

Lester Leggs, 35, of Detroit drowned in Lake Erie Saturday when a fishing boat in which he was riding capsized. Another member of the party, George Smith, 36, of Melvindale still was missing Sunday. A third member, James L. Sexton, 41, of Detroit was rescued after clinging to the overturned boat on an oar for 10 hours in the chilly water.

Asio Charukinan, 17, of Highland Park was killed in a two-car collision early Sunday near Detroit. Seven of the 11 persons in the two vehicles were injured, two critically.

William Hahn, 32, of Detroit died early Sunday after his motorcycle and a car collided in Detroit.

Earl Chapman, 49, of Detroit died Sunday at St. Joseph's Mercy Hospital in Pontiac after he had been found critically injured beside the car. Police were puzzled because his car showed no sign of a collision.

Ten-year-old Henry A. Gorsecki of Detroit drowned Sunday in Lake Erie, near Monroe. He disappeared from a family picnic. His body was found in about four feet of water.

Five-year-old, Diane Essington, whose stepfather, Homer Rippey, works for the Sargent Construction Co., of Saginaw drowned Sunday when she fell off a dock while fishing with her family on Lake Charlevoix.

Mrs. Caroline Butterfield Allen, 30, prominent Grand Rapids civic leader, was killed Sunday in a two-car collision at an intersection of the U. S. 16 bypass. State police said the other driver, Robert Kucharek, 21, of Vanderbilt was not held. He was treated for minor injuries at St. Mary's Hospital in Grand Rapids and released. Mrs. Allen was the wife of C. Dewey Allen, Grand Rapids investment banker and chairman of the City Planning Commission. Her father, the late Col. Walter S. Butterfield, founded Butterfield Theaters, Inc. She was one of the founders of the Grand Rapids civic theater.

Tin Can Tourists Set Reunion at Traverse City

Returning to Traverse City for the 17th year, members of the Tin Can Tourists of the World, Inc., will hold their annual summer reunion at the fair grounds July 19 to August 2.

Founded as a non-profit organization of auto tourists, in 1920 with 22 units, it has grown to the largest group of its type. Representatives of every state and Canada are expected to attend.

Detroit Assessed \$200, Gets 3-Years Probation

Circuit Judge George B. Hartnack today placed George Barton, 17, on three years probation and assessed him \$200 costs for breaking into the New Hudson School March 27 and causing \$900 damage.

Barton, of 12456 W. Outer Dr., Detroit, pleaded guilty to breaking and entering June 14, admitting that he and two juveniles forced their way into the school after a three-day spree of auto thefts.

Storm Blacks Out 3 County Towns

(Continued From Page One)

en to 76 degrees by 8 a.m. today and 86 by 1 p.m.

The branch that caused Saturday's three-village blackout fell across a 40,000-volt line between Goodison and Orion at 4:58 p.m. The high-voltage "chain reaction" galloped along wires, popping fuses like firecrackers, until it knocked out three separate sub-stations supplying the areas.

Goodison had its lights back at 7:15 p.m. Service for Orion's 500 families was restored at 8 p.m.; but part of Oxford was dark until 11:15.

Eerie darkness, blinding rain and 35-mile-an-hour winds scattered picnickers at parks and beaches as Saturday afternoon's storm drove through Oakland County. Temperatures nosedived from 82 degrees to 68 in less than half an hour.

Some 300 Boy Scouts at Camp Agawam saw weeks of work destroyed as cardboard totem poles, shields and gateways and five teepees gave way only a few hours before a parents' program scheduled for Saturday night.

Oakland County Road Commission sent out forestry crews as falling limbs and trees blocked Rose Center, Hadley, Granger, Hummer Lake, Horton and White Lake roads. Washouts were reported on Grange Hall, U.S. 10 and Oakwood road.

Expects Defeat of Dem Moves

Knowland Sees Senate Checking Trade, Tax Bill Revisions

WASHINGTON (U.S.) — Republican Leader Knowland of California said today he is confident the Senate will beat down Democratic efforts to revise the administration's reciprocal trade and tax revision bills.

"I may be unduly optimistic," he said in an interview. Knowland and other Republican congressional leaders planned the usual Monday conference with President Eisenhower to map immediate steps in the legislative program.

They are aiming at adjournment by July 31 while conceding there will have to be a speedup to meet that target.

Neither the Senate nor the House planned any business today. Both arranged brief sessions to pay respects to two members of Congress who died over the weekend—Sen. Hunt (D-Wyo) and Delegate Farington (R-Hawaii).

The House has no major legislation calendared for action this week.

The Senate plans to open debate tomorrow on a one-year extension of the Reciprocal Trade Act, which gives the President authority to reduce tariffs in exchange for similar concessions from other nations.

Sen. Gore (D-Tenn) and a band of 22 Democrats and Sen. Morse (Ind-Ore) planned to offer as a substitute a three-year extension, with added tariff-cutting authority, which Eisenhower originally asked. The President later announced willingness to settle for a one-year extension, without change. The House has approved such an extension.

Knowland said the one-year extension is all the Congress can be expected to act upon this session if it holds to the adjournment deadline. He predicted the trade act will take two or three days.

Then he hopes to call up the \$75-page, House-passed tax revision bill, which emerged from the Finance Committee in about the form sought by the Eisenhower administration.

Debate on Dams May End Soon

Cross-Examine Last Witness in Hearing on Hells Canyon

WASHINGTON (INS) — The end of the year-long Hells Canyon hearings appeared in sight today as cross examination of the last Federal Power Commission witness moved into the final stretch.

Lester S. Wing, San Francisco regional engineer for the FPC, was expected to remain under cross examination for another day or two.

The Idaho Power Co., which is seeking permission to construct three dams on the Snake River, then will bring back two or three witnesses for rebuttal, and the hearings will end.

It was July 7, 1953, when the hearings began, and at that time none of the principals expected the proceedings to run the course of a full year.

Once all witnesses are heard, FPC Examiner William J. Costello will pour over the voluminous testimony and make a recommendation to the commission itself.

It is quite probable, however, that the case will be carried to the courts on any of a number of pretexts, so that even after one year of hearings a decision on the power project may be stalled.

Proponents of public power development banded together under the National Hells Canyon Association, Inc., and are seeking to block any move to let the Idaho Power Company develop the river. The association wants the federal government to build a single high dam at Hells Canyon.

LIKES HER PRODUCT — This Jersey calf apparently was happy to hear that Evelyn Ay, better known as "Miss America," drinks milk and likes it. The calf was moved to kiss the young beauty, appearing at a dairy festival in Edmonton, Ga.

Letter Given to Rhee by U. S. Ambassador

SEOUL (U.S.) — Diplomatic sources speculated today on the reported delivery of a letter by U. S. Ambassador Ellis O. Briggs from President Eisenhower to President Syngman Rhee of South Korea.

A reliable source said Briggs flew to Rhee's summer home at Chinhae. There was no indication

of what the letter contained.

Sources speculated the missive dealt with future moves in light of the failure of the Korean peace talks at Geneva or a potential United States-sponsored buildup of Korean military forces.

Briggs' visit preceded by a few hours the return to Seoul of retired Gen. James A. Van Fleet, President Eisenhower's military surveyor in the Far East.

Thomas Jefferson said "If angry, count 10 before you speak."

Immigrant Shooting Has Police Baffled

WYANDOTTE (INS) — Police are baffled as to why a stranger yesterday drove into a gasoline station, mumbled a few words in Italian and then fired three shots at a 42-year-old laborer.

Dominico Manzella, who has been in this country for four years on a visa from Sicily, was shot down and taken to Wyandotte General Hospital with wounds through the chest, forearm and right side. He is in serious condition.

Witnesses told police that the stranger jumped in a car and drove away after firing the shots. Lt. Paul Hellshorn said police will attempt to talk with Manzella today through an interpreter.

Actor Is Ailing

MANILA (U.S.) — Academy Award-winning film actor William Holden left today for Singapore, nursing indigestion which he blamed on an "overdose of Philippine hospitality."

Japs Sell Jet Fuel

TOKYO (U.S.) — Kyodo news service said today the first jet fuel to be purchased by the U.S. Air Force from a Japanese firm will be delivered in September.

Guatemala Is Comparable to Pennsylvania in Size

By UNITED PRESS
Guatemala is a small Central American republic about the size of Pennsylvania with a population of almost 3,000,000 persons. It was established first as a republic on April 17, 1823. Its present constitution dates from March 15, 1945.

On the map, it looks like an inverted keyhole. It is bounded on the north and west by Mexico, on the east by British Honduras and the Caribbean Sea, on the south and south by Honduras, and on the southwest by the Pacific Ocean.

A range of mountains containing many volcanic peaks runs from the northwest to the southwest near the Pacific. The narrow west slope is well-watered, fertile and the most densely settled part.

More than half of the population is made up of pure Indians, descendants of the ancient Mayas. The rest are of mixed Indian and Spanish blood, with the ruling classes of European descent. There are several famous Maya ruins in the country.

Roman Catholicism is the prevailing religion, but all creeds are tolerated. Education is compulsory. Spanish is the language of the country.

Agriculture is the most important industry of the country, with coffee making up 80 per cent of the exports. Other important crops are bananas, sugar, beans, corn and wheat, as well as chicle gum. Guatemalan mines produce silver, gold, copper, iron, lead and chrome.

In the west, the country extends about 150 miles from north to south. In the east, it runs about 200 miles north to south. The capital city is Guatemala City, which lies about 1,000 miles due south of New Orleans.

Puerto Barrios on the east coast, reported under attack, is the most important port of the country. It lies 800 miles south of New Orleans. It was there that a shipment of 1,900 tons of arms arrived last month from behind the iron curtain and drew sharp warnings of future trouble from the U. S. State Department.

San Jose, also reported under attack, is the most important west coast port of the country. Zapaca, the third major port under attack, is a principal rail center with connections to San Salvador.

The U. S.-owned United Fruit Company owns extensive plantation lands in the country. Some of these holdings have been expropriated.

A land reform law, passed June 15, 1952, expropriated untitled or share-cropped farms over 667 acres.

Alaska's Possibilities Interest Big Oil Men

FAIRBANKS, Alaska (UP) — Nearly every major oil company in the United States will be exploring petroleum possibilities in Alaska this summer, according to a consulting engineer.

Ted C. Mathews, who returned here recently after a series of conferences with top officials in the petroleum industry, said he found "tremendous interest in Alaska existing among top geologists working for major oil companies."

Mathews, who now works for the Fairbanks Oil and Gas Co., formerly was consulting engineer for the Navy's Petroleum No. 4 exploration project at Point Barrow.

Congress to Render Tribute to 2 Dead

WASHINGTON (UP)—Both houses of Congress arranged to suspend their business sessions today after paying tribute to Sen. Lester C. Hunt (D-Wyo.) and Delegate Joseph R. Farrington (R-Hawaii) who died Saturday.

Hunt, depressed because of a kidney ailment, shot and fatally wounded himself in his Senate office. Farrington, 56, died of a heart ailment at his desk in the House office building.

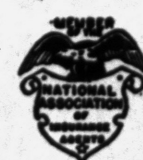

Funeral services for the 61-year-old Hunt will be conducted at 2 p.m. today at Trinity Episcopal Church by the Rev. Raymond

Ryland. Funeral arrangements for Farrington, who became Hawaii's nonvoting House delegate in 1942, have not been completed. However a spokesman for the family said services would be held tomorrow, with the body being flown later to Honolulu for burial.

French General Shot, Wounded, in Morocco

CASABLANCA, French Morocco, (UP)—Gen. Marie-Antoine D'Hauterville, French commander of the Marrakech, Morocco, military region, was shot and seriously wounded by a terrorist yesterday while en route to church at Marrakech. He is expected to live. The terrorist escaped.

Get the one and only **Summer-Formula Gulf No-NOX** gasoline, with **Evaporation Control!** Specially made to give peak performance in all your hot-weather driving.

Action PROOF of extra power

Millions of TV viewers have seen this demonstration from start to finish—on Gulf's popular "Life of Riley" show.

Remember: The part of any gasoline that evaporates first is extra-high octane. Guard that vital power part—get Summer-Formula Gulf NO-NOX, specially made to resist hot-weather evaporation.

1. Test car "twins" are expertly tuned—one for top performance on Gulf NO-NOX, the other for best possible performance on a regular gasoline.

2. Showdown hill test: When the going is easy, gasolines may seem pretty much alike. But not on this hill! Within yards, Gulf NO-NOX proves its superiority.

Speedometer proof: Regular gas "falls" away. This photo, snapped halfway up the hill, shows how car with regular gasoline is losing speed.

Speedometer proof: Gulf NO-NOX pulls away. This photo, snapped at same time as one at left, shows how car with NO-NOX is gaining speed.

3. Remember this picture Here's graphic proof that there is a big difference in the amount of knock-free power your gasoline dollar can buy. From now on—for the extra power that makes your driving smoother, and safer—stop in at the Gulf sign and fill up with Summer-Formula Gulf NO-NOX!

Stop at the Gulf sign for the one and only
Summer-Formula GULF NO-NOX
The Gasoline with Evaporation Control

Hedging Causes Wheat to Sink

CHICAGO (U) — Mild hedging pressure sank wheat prices on the board of trade today. Feed grains held steady while soybeans turned downward, the July contract losing several cents.

Cash wheat receipts topped corn at Chicago, 140 cars against 126. This was a rather small supply of corn for a Monday, but traders think the Commodity Credit Corp. has temporarily cut down on corn shipments in order to make cars available for wheat.

Wheat near the end of the first hour was $\frac{1}{4}$ to $\frac{1}{2}$ lower, July $\$1.90\frac{1}{2}$, corn $\frac{1}{4}$ to $\frac{1}{2}$ higher, July $\$1.57\frac{1}{2}$, oats $\frac{1}{4}$ lower to $\frac{1}{2}$ higher, July $\$1.73\frac{1}{2}$, rye unchanged to $\frac{1}{4}$ higher, September $\$1.03$, soybeans $\frac{1}{4}$ to $\frac{3}{4}$ lower, July $\$3.81\frac{1}{2}$ and lard $\$12$ cents a hundred pounds higher, July $\$15.50$.
