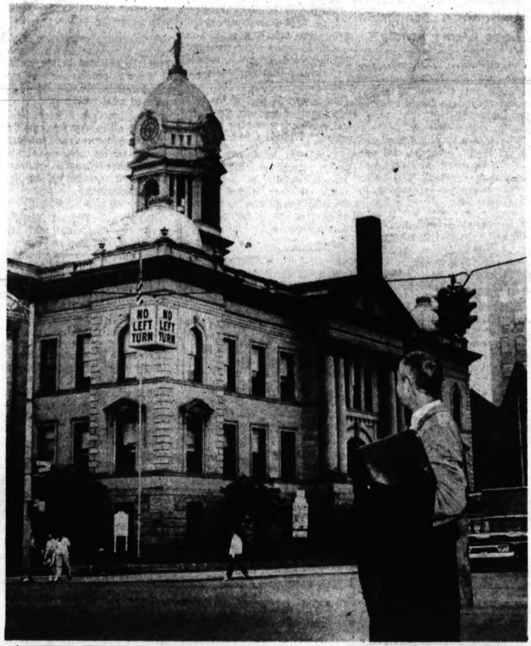
End of an Era



Pontiac Press Photo

FAREWELL OLD FRIEND—Twenty-five years flashed back for senior Oakland County Circuit Judge H. Russel Holland yesterday as he moved out of the old downtown courthouse for the last time. Judge Holland tried his first case as a lawyer in the old building and took the bench as a judge in January 1936. Courts have moved to the new courthouse in the County Service Center.

New Courthouse Awaits Premiere

Only limited business was transacted at the new Oakland County courthouse today as employes prepared to post the "open for business" sign for Monday.

The two-mile route between the old downtown courthouse in Pontiac and the new building in the County Service Center on Telegraph Road was traveled many times yesterday by moving vans.

Downtown offices of the five circuit courts, the clerk's office and the probation department closed for the last time Wednesday at 5 p.m.

The clerk's office at the new courthouse was closed today, except for necessary legal transactions, said Clerk-Register Daniel T. Murphy Jr.

Probate and juvenile courts, and their allied functions moved into the new six-story, $3½ million structure last week.

* * *

Remaining in the County Office Building, at 1 Lafayette St., were the offices of county treasurer, board of auditors, friend of the court, corporation counsel, equalization, veterans bureau, justice court probation and personnel.

High Schools in Pontiac Start Enrolling Monday

Junior and senior high school students in Pontiac may begin enrolling Monday, school administrators announced last night.

All Pontiac secondary schools will be open for registration of new students from 8 a.m. to 4 p.m. Monday through Friday.

All seventh and tenth grade pupils and all new pupils will attend orientation classes Sept. 7. Secondary schools will begin regular classes Sept. 8.

Parents of elementary school children previously enrolled will find school offices open beginning Sept. 5.

Children are to be enrolled before classes start Sept. 7.

$32,500 Slated for Child Clinic

Temporary '62 Budget for County Would Give Employes Pay Raise

County employes would get a pay raise and the Oakland Child Guidance Clinic $32,500 if a 1962 county operating budget which began moving toward completion yesterday is passed by the board of supervisors.

The clinic's appropriation — the same as last year — is only temporary pending a special report due next week, cautioned David Levinson, chairman of the ways and means committee of the board of supervisors.

The committee met yesterday for the first of several times to reshape the $14,775,941 tentative county budget before it is submitted to supervisors for final acceptance Sept. 18.

URGED THE $32,500

With advance appropriations sheets handed out to committee members showing no appropriation for the clinic, Levinson later urged giving $32,500 "on the basis that

The Time of My Life . . . Richard Rodgers

Fork in the Road Offered a Chance

(Editor's Note: Life is often compared to a road with occasional forks to harry its travelers. One fork leads to fame and fortune; the other to obscurity. Composer Richard Rodgers tells about the forks on his road of life in the fifth of six articles on "The Time of My Life.")

By RICHARD RODGERS
Written for (AP)

Life for all of us is a series of turning points, moments of decision when we are forced by circumstances to choose one road over another leading in a completely opposite direction.

Today I still get a thrill in looking back at the major fork in the road of my life.

I was 23 and a failure.

* * *

This was not the ordinary despair of immature ambition. My sense of failure was all the more real and terrifying because, at 16, I had been a success.

I had heard my songs played in two Broadway shows. I had been hailed by the critics as "a comer" and thrilled to the applause, of a real, live audience.

My early success had come about through a chance collaboration with lyricist Lorenz Hart, whom I met when I was 15 and he 22.

* * *

Together we wrote a song called "Any Old Place With You," which Lew Fields, of the famous comedy team of Weber and Fields, put into his show, "A Lonely Romeo," at the Casino Theater.

1ST PUBLISHED SONG

It was our first published song and our first in a Broadway show.

The following year I entered Columbia University and, with Larry Hart, wrote the score for the Varsity Show.

Once again Lew Fields was impressed. He interpolated seven of our songs from the Columbia show into "Poor Little Ritz Girl," along with eight more by a better known composer named Sigmund Romberg.

From these dizzy heights, we fell with a resounding crash of egos. For seven years, there was nothing, absolutely nothing, that we could do to get us back into a Broadway theater. We kept trying, trying, but to no avail.

We wrote amateur shows for clubs, camps, churches and synagogues. We made the rounds of all

Reds' Ulbricht Would Be Boss of Berlin 'Lanes'

But Soviet Chief Says He'll Wait Until Treaty Signed With Russia

BERLIN (AP) — East Germany's Communist chief Walter Ulbricht demanded full control of West Berlin's air, land and water links with the West today.

But he said he would not interfere with the Western military communications until conclusion of a separate peace treaty with the Soivet Union.

In effect he promised not to attempt to take over controls until the end of the year—when Soviet Premier Khrushchev has said there will be such a treaty.

Speaking at a mass rally of invited party faithfuls in East Berlin, he said: "In the opinion of all sensible people there must be negotiations soon over disposing of the remains of World War II, through the conclusion of a peace treaty so that peace will reign at last — 16 years after the end of the war."

A few hours before Ulbricht spoke, Communist guards fired warning shots to scare away about 30 West Berliners who had crowded to the barbed wire barrier in the French sector to watch Red activity on the other side.

* * *

West Berlin police said of the incident at Frohnau that a Communist suddenly ordered: "Go back 100 meters (110 yards) or we will shoot." The crowd did not move. Then came a rattle of gun fire.

Western police persuaded the people then to pull back for their own safety.

The incident was another in outbursts of violence on both sides of the border that kept tension and tempers high in this 13th day of the border war of nerves.

For the first time since 1946 the U.S. Army garrison in Berlin has artillery support—six 105mm howitzers. The howitzers, however, are still in their canvas covers and parked at McNair barracks, miles from the city border.

The howitzers have a range of about 12,000 yards. An Army spokesman said they are fitted to use only standard shells and not

'Give Me Liberty'

Death Is His Fate

BERLIN (UPI) — "I know not what course others may take, but as for me, give me liberty or give me death!"

These immortal words were uttered by Patrick Henry, an American politician and orator, at the second revolutionary convention of Virginia in 1775.

But they may well have been the words of a young East Berlin refugee who was gunned down viciously Thursday as he tried to escape Communist tyranny and oppression.

The refugee was the first killed by East German "People's Police" since the Communists closed the border Aug. 13.

"I didn't hear a scream, nor a cry for help, nor even a murmur . . . it happened that fast."

This was how a stunned West Berliner described the incident. The account of the shooting by the eyewitness who stood by helplessly was carried by the newspaper "Bild Zeitung."

The eyewitness reported that a People's policeman shot and missed the refugee who tried to flee to the West on a sandbar across the Humboldt Pool—a stretch of water separating the East and West sectors.

* * *

He said the refugee went into the water, either because the guard were shooting at him or in an attempt to swim across.

* * *

"After the first People's policeman fired, three more of them on the bridge suddenly came awake," he said. "One raised his machine pistol and pressed the trigger. The shots were scattered across the water.

"But the refugee was in the field of fire. The man went under. I didn't hear a scream, nor a cry for help, nor even a murmur. The last thing I saw was the hand of the refugee above the water. It went under. Then everything was quiet . . ."

* * *

West Berlin police later reported that three East Berlin frogmen fished the body out after a two and a half hour search.

'We'll Fly Into W. Berlin,' Say Three West Powers

WASHINGTON (AP)—U.S. authorities said today civilian airliners will keep flying into West Berlin despite a "scarcely veiled threat" by the Soviet Union to clap down on flights.

The authorities cited both precedent and past agreements signed by the Soviets as allowing commercial flights to Berlin without interference.

French sources said in Paris the Big Three Western powers will vigorously assert their determination to maintain unrestricted use of their air corridors to West Berlin.

In a tough-worded statement approved by President Kennedy and Secretary of State Dean Rusk, the U.S. government Thursday rejected as false Soviet charges that the Western powers are airlifting West German spies and saboteurs to West Berlin.

The new Kremlin note said that in transportation of Germans to West Berlin the Western powers are abusing the air corridors to the city, "taking advantage of the absence of control over air communications."

The U.S. statement, issued at the White House, denounced the Moscow protest as cynical and irresponsible at a time when the Reds, in "direct violation" of the agreements to unify Germany, built a barricade sealing off East Berlin.

* * *

The Soviet complaint about relations between West Germany and West Berlin cannot be taken seriously at a time when Moscow is claiming East Berlin is part of East Germany, the U.S. statement said.

"What must be taken seriously

(Continued on Page 2, Col. 5)

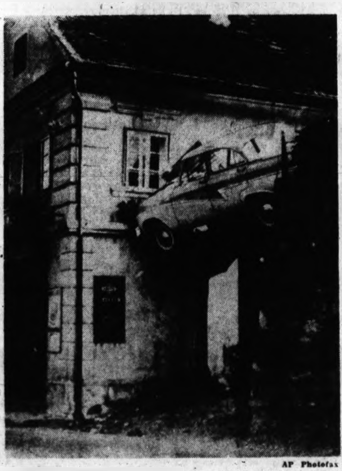
Want to Oust Winnie From Parliament Seat

LONDON (UPI) — A campaign is under way in Sir Winston Churchill's Wanstead-Woodford constituency to have him resign from parliament to make way for a younger man.

* * *

The 86-year-old Sir Winston has returned to the House of Commons regularly since 1945.

Weird Parking Space



AP Photofax

TIGHT SQUEEZE — It looks impossible, but this Austrian driver found a way. The motorist, Joseph Kump, 63, explained that he turned down a private road in error Thursday. The road led to an elevated garden (visible at right) and Kump drove through the garden wall into his unusual parking place. Both the driver and his wife were lowered to safety when a truck was driven underneath the suspended vehicle.

News Flashes

WASHINGTON (AP) — A scout rocket roared skyward today from the Virginia coast in a new attempt to loft a "beer can satellite" to study tiny space bullets that might kill improperly protected astronauts.

NEW DELHI, India (UPI)—Prime Minister Jawaharlal Nehru said today his recent statements should not be taken to mean the Western Allies had no right of access to Berlin. He made his statement following an hour and 15-minute talk with U.S. Ambassador John Galbraith.

Profit-Sharing Contract to Make Industry History

By ROBERT IRVIN
UPI Automotive Editor

DETROIT — The United Auto Workers Union and American Motors Corp. are believed close to a settlement in their efforts to write a trail-blazing contract providing the industry's first profit-sharing plan.

This could be the day. To prepare for the possibility of a settlement announcement, both sides had a ballroom reserved at a downtown hotel.

UAW President Walter P. Reuther, AMC Vice President Edward L. Cushman and 10 other officials from both sides met through the night in their third day of secret negotiations to reach an agreement for 25,000 workers.

Reuther and Cushman took a rest period of several hours this morning before resuming talks at 10:30 a.m. at the Whittier Hotel.

Reuther wouldn't say whether a contract agreement was in sight.

"I don't bet on anything," he said.

The UAW hopes to reach an agreement with AMC by this weekend and then use it as a lever against General Motors, Ford and Chrysler, whose contracts for 500,000 workers expire in six days. The AMC-UAW pact does not run out until Sept. 8.

Negotiations at the Big Three were placed on the back burner while the AMC-UAW talks neared a climax. But if no AMC agreement is reached this weekend, the union is expected to turn again to the Big Three.

STILL UNCERTAIN

While a news blackout was imposed on the UAW-AMC talks, sources close to the negotiations—said both sides already had reached agreement on "substantial" areas of the contract but it was not yet certain that a settlement would be reached before the weekend.

Teamsters Face New Trouble

Chicago, St. Louis are Danger Areas; Hoffa Flying to Cincinnati

By United Press International

The monolithic Teamsters Union faced new challenges today from insurgent taxi drivers in St. Louis and self-styled rebels in Chicago.

Teamster's President James R. Hoffa fought back directing his anger at AFL-CIO President George Meany. He charged that Meany, in supporting another group of 4,000 maverick teamsters in Cincinnati was guilty of "a shameful performance."

Teamsters headquarters in Cincinnati also announced that Hoffa would fly to the city Saturday, a day earlier than planned, to fight the revolt there.

Hoffa was scheduled to address a general meeting of Cincinnati Teamsters Sunday night.

Hoffa's Teamsters, the nation's largest single union, has been plagued by a mounting tide of defectors.

* * *

Anti-Teamster leaders recently won a National Labor Relations Board (NLRB) election among Chicago taxicab drivers.

In Cincinnati, dairyworkers voted last week to cut themselves loose from the Teamsters and petitioned the NLRB for an election designed to protect their bargaining rights.

The latest showdown came today in St. Louis, where 225 drivers for the Mound City Yellow Cab Co. voted under the auspices of the NLRB. The issue was whether the drivers would sever all ties with the Teamsters.

SPLIT FROM LOCAL

A group of the Mound City drivers split off from the Teamsters Local 405 last year and formed the Taxicab Drivers Independent Union of Greater St. Louis.

The purpose of today's election was to determine whether all of the 225 drivers wished to throw in their lot with the independent union or whether the cabbies would continue to be represented by the Teamsters.

The independents made no bones about their plans to affiliate with the AFL-CIO if they win today's election. Independent union Secretary-Treasurer E. B. Forest said "it is definitely understood that if we are successful we will join the AFL-CIO."

* * *

The St. Louis taxi drivers charged that Teamster Local 405 merely collected dues from its members and didn't represent them properly. Much the same charges came from Chicago, where the new Rebel Teamsters Union

(Continued on Page 2, Col. 1)

Sunday Warmer, Saturday Only 76

Except for Saturday when the high will hit near 76, Pontiac area residents will bask in temperatures near 80 until Tuesday when temperatures will drop again. Tonight's low will dip to near 66.

Precipitation for the period will total one half to one inch as showers Saturday and rain Monday.

Morning southerly winds will increase to 10 to 20 miles per hour tonight and become northerly tomorrow.

From 10:15 a.m. yesterday until the same time this morning .3 of an inch in showers fell in the Pontiac downtown area.

Sixty-four was the lowest recording before 8 a.m. The mercury had climbed to 78 at 2 p.m.

BULLETIN

RIO DE JANEIRO (AP) — President Janio Quadros of Brazil submitted his resignation today, the palace at Brasilia announced.

* * *

The president was reported already to have left the capital of Brasilia when the announcement was made by his press secretary. He was reported en route to Rio de Janeiro or Sao Paulo.

* * *

Carlos Lacerda, governor of the State of Guanabara, reported Thursday night he knew of a plot to overthrow democratic rule in Brazil.

School Lunches Hiked 2 Cents

Board of Education Blames Raised Price on Drop in U. S. Aid

School lunches in Pontiac will cost two cents more this year.

The Board of Education yesterday raised the price of meals from 25 to 27 cents for pupils. Adults eating in the 23 cafeterias operated in the school system will pay 40 cents for meals.

Board members said the increased price was necessitated by a drop in federal subsidies for school food services, and by a wage increase granted yesterday to food service workers.

The board hiked the prices of lunches after granting wage increases which school officials said amounted to 2.3 per cent for the school system's 103 food service employes.

* * *

The action meant increases of from two to five cents for cafeteria employes.

Strong objections were raised when the board ruled that managers of food service operations could not belong to the same union in which cooks and helpers were members.

Board members said they were not opposed to managers joining a union. But, they said, managers were supervisory personnel and should, if unionized, not be in the same bargaining unit with cooks and helpers.

'UNION-BREAKING'

Victor L. Smothers, president of Local 719 of the American Federation of State, County and Municipal Employes Union (AFL-CIO) termed the board's action "union-breaking" and an "unfair labor practice."

Smothers said he would file a complaint with the State Labor Mediation Board protesting the barring of managers from his union.

The local had originally asked for a blanket raise of 10 cents for all cafeteria employes.

Rebels Give Teamsters Woes

(Continued From Page One)

(RTU) was challenging Hoffa's leadership of the city's truck drivers.

* * *

The RTU's leader is William J. Burns, a 40-year-old trucker who has been fighting the Teamsters for 10 years. He sought to enlist members of Teamster Local 710, composed of meat and highway drivers, and Teamster Local 705, a truck drivers and chauffeurs union. The two locals have represented Chicago truckers for 38 years.

* * *

From Washington, Hoffa fought back Thursday against Meany and the insurgents with a bristling telegram directed to the presidents of all 134 AFL-CIO unions.

* * *

He called upon them to repudiate Meany for his support of the Cincinnati rebels and his praise for their attempt to break with the "gangster dominated" Teamsters.

Free Press Back After Injunction Halts Picketers

DETROIT (AP) — The Detroit Free Press was publishing again today as a federal court injunction halted picketing by striking Miami (Fla.) Herald pressmen. The picketing had prevented production for five days.

U.S. District Court Judge Theodore Levin issued a five-day restraining order Thursday after the National Labor Relations Board (NLRB) held the picketing was a secondary boycott and thus illegal.

The pickets, members of Miami Pressmen's Local 46, vanished from the sidewalks within minutes after Levin issued the injunction.

Ulbricht Wants Hold Over Berlin Traffic

(Continued From Page One)

atomic warheads. Tank guns have been the biggest armament of the garrison, swelled by reinforcements last Sunday to 6,500 men.

* * *

"Our orders are to be able to shoot, move and communicate," said Sgt. John L. Sanders of Amarillo, Tex.

QUIET IN WEST

There has been no shooting from the West Berlin side of the border. From East Berlin, all the serious shooting has been at refugees.

Ulbricht said that until the conclusion of a peace treaty, his regime was prepared to hold its agreement of 1955 with the Soviet Union over the control of transit traffic of members of the Western Allied garrisons in Berlin.

That was an exchange of letters between Lothar Belz, East German foreign minister; and Deputy Soviet Foreign Minister V. A. Zorin. It specified that Allied traffic would be exempted temporarily from the sovereignty granted East Germany by the Soviet Union.

By limiting his promise until the time a German peace treaty is signed, Ulbricht was serving notice his regime expects to take over after then. The Soviet Union has said it will sign a separate peace treaty with East Germany this year if the West does not agree to treaties with East and West Germany that would make German division permanent.

* * *

Toward the end of his speech Ulbricht aroused wild applause by announcing that Soviet astronaut Gherman Titov would visit East Berlin on Sept. 1.

Graham Doubts Americans Can Be Awakened

PHILADELPHIA (AP)—Evangelist Billy Graham says he doubts whether the American people can be awakened to the fact that "the zero hour" of war is approaching.

* * *

He told a meeting of 12,500 persons Thursday night that this August reminds him of August 1939—except "Today we have atomic and hydrogen bombs."

* * *

Graham termed this a sober hour. He said it is not a time for "drunkenness or loose thinking."

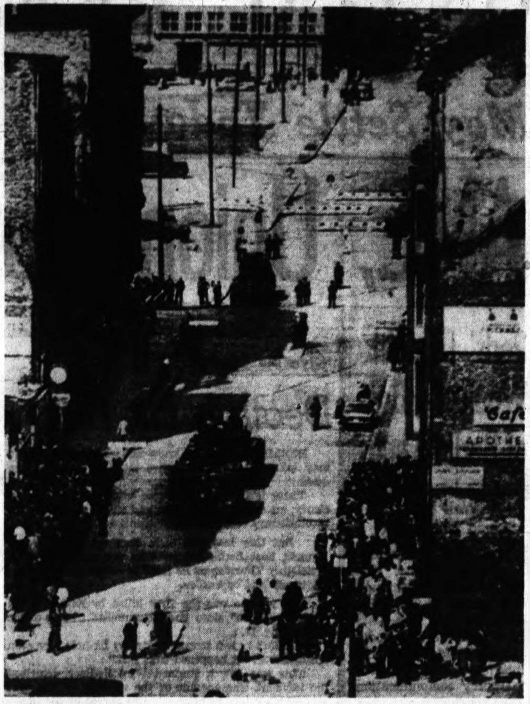
NATIONAL WEATHER—Scattered showers and thundershowers are expected Friday night along the Atlantic coastal states, the Gulf region, in the Tennessee Valley, the Pacific Northwest and the Upper Mississippi Valley. Warm and humid weather is expected in most of the eastern third of the nation, with somewhat cooler weather likely along the Pacific Coast and eastward through the Northern Plains and Upper Mississippi Valley.



VIEW OF BORDER — This view from a house in West Berlin illustrates the touchy situation at the Friedrichstrasse checkpoint as U.S. and Communist forces face one another at short range. American tanks in the foreground stand ready near the intersection marking the border. East German soldiers and a waterhose vehicle occupy a similiar position on the east side of the line. The stripped steel barrier in the background was put up by the Reds to slow traffic.

Composer Recalls 'Fork in the Road'

(Continued From Page One)

the big producers and then all the small ones.

My father, who was a doctor and a very practical man, still believed in me enough to finance further musical training at the Institute of Musical Arts, which later became Juillard. But even he was beginning to have his doubts. So was I. And so was Larry Hart, who was seven years my senior.

FUTURE WAS BLACK

In order to keep my hand in the theater, I toured the Shubert vaudeville circuit for a season as orchestra conductor. The future looked blacker and blacker.

Then came that first fork in the road.

A friend of father's, who manufactured children's wear, offered me a chance to go on the road selling baby's underwear at $50 a week, with a promise of more if I succeeded.

Fifty dollars a week in 1925 was awfully tantalizing, especially to an insecure composer who couldn't fall asleep at night for brooding over his failure. Father didn't push me, but I knew he was anxious for me to settle down and make something of myself.

The next morning the other fork presented itself in a phone call from Benjamin Kaye, a lawyer friend and theater buff who had been meeting with a group of youngsters who hung around the Theater Guild and played bit parts in its productions.

It seems Kaye and the kids had decided to stage a small, sophisticated review to pay the costs of two tapestries for the new theater the Guild was putting up on 52nd Street.

The show would be a benefit, staged, acted and written by newcomers, all dying for a chance to perform before a live, critical audience. Kaye suggested me as composer, and I, in turn, suggested Larry as the lyricist.

In two weeks of feverish concentration, we completed half a dozen songs. I can still remember how my heart beat when we played and sang them for Lawrence Langer and Theresa Helburn, the directors of the Guild. I can still remember how it beat even harder and faster when I reluctantly told the underwear man to look about for another salesman.

Had I chosen the right fork in the road? Was I doing the right thing for myself and my father and his faith in me? Those were exciting days, daring days, full of a sense of youthful courage and adventure that would never come again.

* * *

"The Garrick Gaieties," as the review was called, had no stars, but a lot of them later became stars and in other ways left their mark on the theater: Sterling Holloway, Libby Holman, Lee Strasberg, Philip Loeb, Herbert Fields, Harold Clurman.

It was supposed to run for two performances, an evening and a matinee, at the Garrick Theater. Critics like Robert Benchley and Alexander Woollcott were so enthusiastic, the Guild arranged for four more charity performances and then decided to give it a regular Broadway run. It ran for 25 weeks and, in process, launched the team of Rodgers and Hart.

Years later, Larry and I visited the Guild Theater.

"Dick," he said, pointing to the tapestries in the lobby, "we are responsible for them."

"No," I replied, "they are responsible for us."

Like a captain with his first command or a ballplayer with his first big league hit, nothing in life has thrilled me as much as the applause of that first Sunday matinee audience at "The Garrick Gaieties" in May 1925.

It was pretty heady wine for a 23-year-old failure who had known success and almost gone into the baby wear business.

Echo Schedule

You can see Echo I tonight at 8:20 rising out of the south and traveling along a path to the southeast at 78 degrees.

Says U.S. Site in Puerto Rico

Cuba Hurls A-Base Claim

UNITED NATIONS, N.Y. (UPI)—Cuba accused the United States today of setting up an atomic base and a "remote control rocket base" in Puerto Rico.

* * *

"This certainly puts Puerto Rico in danger of extermination," Cuban Ambassador Mario Garcia-Inchaustegui told a special session of the General Assembly debating the French-Tunisian dispute concerning Bizerte.

"The United States, which has bases all over the world, reasons along colonial lines when its bases are being considered," he said.

Garcia-Inchaustegui renewed the attack he began Thursday with a charge that the United States was marshalling mercenary forces at Guantanamo Bay and in Puerto Rico for aggression against Latin American countries.

* * *

U.S. Ambassador Adlai E. Stevenson observed after the Cuban's first attack that "some respect for the truth would improve the credibility, if not the emotional quality, of the gentleman's rhetoric."

BRINGS UP INVASION

"It is most lamentable that this gentleman (Stevenson) should speak of credulity," Garcia-Inchaustegui said today. "It was that representative himself who, in the first committee of the 15th session (last spring), denied the fact that his government was participating in a mercenary invasion of Cuba, only to be publicly rebutted by the President of the United States himself a few days later . . . perhaps the same applies now."

The Cuban said "many millions of dollars that were invested to export democracy made in Little Rock were turned into grenades and bombs that were dropped on a small neighbor."

Romania earlier accused the United States of subsidizing French colonial wars.

TO END DEBATE

The U. N. General Assembly winds up its Tunisian debate tonight, and all indications point to overwhelming approval for a resolution calling on France to take her troops off Tunisian soil.

* * *

The resolution calls on France to withdraw her troops from territory seized during last month's fighting around the Bizerte naval base and to negotiate a schedule for complete troop withdrawal from Tunisia.

They Drive Out of East but Push Auto Back

BERLIN (AP)—Three young men drove up under the guns of American tanks to a crossing point between East and West Berlin today. They got out, and gave the car a push so that it rolled over to astonished Red People's Police.

* * *

The driver explained to newsmen that he had escaped from East Germany in his boss' car and decided he really ought not to keep it any longer.

Will Keep Flying Corridor to Berlin

(Continued From Page One)

by the whole world, however, is the scarcely veiled threat of aggression against the Allied air routes to and from West Berlin," it said.

"The United States must serve a solemn warning to the Soviet Union that any interference by the Soviet government or its East German regime with free access to West Berlin would be an aggressive act for the consequences of which the Soviet government would bear full responsibility."

Ahead of the White House statement, the State Department had referred to postwar agreements with the Soviets, which, it said, provided "absolute and inherent . . . rights of the Allies to enjoy unhindered routes of access . . . to Berlin."

White House press secretary Pierre Salinger said a formal diplomatic reply to the Soviet note would be sent within a few days.

Three commercial airlines, one for each of the Western occupying powers, now fly the three 100-mile air corridors that connect West Berlin with West Germany.

Peace Corps Bill Passes

Measure to Establish Unit on a Permanent Basis Clears Senate

WASHINGTON (AP)—President Kennedy's bill to establish the overseas Peace Corps on a permanent basis was passed today by the Senate.

* * *

The measure, which now goes to the House, authorizes $40 million for the corps' first year with the intent of putting 2,700 volunteers abroad or in training by next June 30.

* * *

Just before pasage on a voice vote, Sen. Bourke B. Hickenlooper, R-Iowa, withdrew an amendment proposing to cut the money authorization to $30 million.

'SETTLES ISSUE'

Hickenlooper said Thursday's 59 to 32 defeat of his previous amendment to cut the fund to $25 million substantially settled that issue.

Hickenlooper joined in supporting passage with what he called "mixed emotions."

* * *

He said some of the Peace Corps volunteers have been attracted by the idea of seeing "strange and exotic places and eating exotic food."

* * *

"But I predict it will not be a picnic," he added. "And I hope we do not delude ourselves into thinking this is the answer to all human relations."

A. MAITLAND COMB II

Ex-City Resident Dies Suddenly

Service to Be Saturday at 3 P. M. in Detroit for A. Maitland Comb II

A. Maitland Comb II, a former engineer with the Michigan State Highway Department and located in Pontiac for many years, was taken suddenly ill at his home Thursday morning and was dead on arrival at William Beaumont Hospital. He was 68.

Mr. Comb of 27984 Meadowbrook Way, Lathrup Village, Birmingham, was with the Oakland County Road Commission before moving to Detroit where he was president of an industrial heating contractors' business known as Comb and Groves Co.

He served with the U.S. Army in World War I.

* * *

He belongs to First Presbyterian Church of Pontiac but transferred his membership to the North Congregational Church in Southfield when moving to that area.

A graduate of Michigan State University, Mr. Comb had belonged to the Wednesday Dancing Club and Pine Lake Country Club.

* * *

Surviving are his wife, the former Lorna Mingay; a daughter, Mrs. Mark E. Kremer of Columbia, S.C.; a son, A Maitland III of Birmingham; five grandsons; and two sisters, Miss Willis Comb of Sault Ste. Marie and Mrs. C. W. Bemer of Muskegon.

* * *

Also surviving are three brothers, William G. of Detroit, Raymond L. of Southfield and Walter E. of Port Washington, Long Island, N.Y.

* * *

Service will be held at 3 p.m. Saturday at the Haley Funeral Home, 24525 Northwestern Highway, with burial in Woodlawn Cemetery, Detroit.

* * *

His body was taken from the Sparks-Griffin Funeral Home at noon today to the Haley Funeral Home.

The Day in Birmingham

Study by Bloomfield Twp. Shows 1980 Land Needs

BIRMINGHAM—Only 30 per cent of Bloomfield Township's commercially zoned land — 87 of 375 acres — will be needed for the area's 1980 projected population, reported the Township Planning Commission today.

The report is part of the township's market analysis, one of several master plan studies being developed to guide future growth.

Population level, average income, spending patterns and shopping habits of area residents all were studied by the planning commission in arriving at the township's 1980 commercial lands needs.

Predictions for 1980 show a population of 51,000, more than double the 1960 level of 22,500. Total 1980 earnings in the township are estimated at $283 million.

* * *

Of this figure $127 million or 45 per cent will find its way into local retail outlets, according to the report.

* * *

With the Birmingham market encompassing most of the township, the planning commission anticipates the spending of about $50 million in the township.

In terms of 1980 commercial land needs this would mean that only 87 acres would be required for retail outlets in the township according to the report.

The planning commission is now seeking to determine which areas should be retained in the current 375 acres to provide the best business locations for the day-to-day needs of local residents.

* * *

Special office districts, multiple family developments and industrial research zoning categories are being considered for the excessive commercial acreage by the planning commission.

* * *

Edward A. Proctor, planning commission chairman, said the township master plan and new zoning ordinance are nearly completed.

A series of meetings with township citizens to explain the planning commission's land use plans are expected to be scheduled late next month, he said.

Gregory H. Frederick Jr.

A Requiem Mass for Gregory H. Frederick Jr., 28, of 15636 Birwood Road, will be said 9:30 a.m. Monday at Holy Name Church. Burial will be in Holy Sepulchre Cemetery, Southfield.

Mr. Frederick died yesterday at St. Joseph Mercy Hospital, Pontiac, following a brief illness.

An area resident 23 years, he was employed in the office of the McLouth Steel Co. He attended the University of Detroit.

Surviving are his wife Patricia; a daughter, Elizabeth D.; parents, Mr. and Mrs. Gregory H. Frederick of Birmingham; a brother, John C. and a sister, Elizabeth, both of Birmingham.

A Rosary will be said 8 p.m. Sunday at the Bell Chapel of the William R. Hamilton Co.

Mrs. Andrew C. Maier

Service for Mrs. Andrew C. (Elizabeth) Maier, 73, of 4835 Dover Road, Bloomfield Township, will be 11 a.m. tomorrow at the Bell Chapel of the William R. Hamilton Co. Entombment will be in the Oakwood Memorial Mausoleum, Saginaw.

Mrs. Maier died Wednesday at St. Joseph Mercy Hospital, Pontiac, following a short illness.

Surviving are her husband, a son, James G. of Allen Park; four sisters, two brothers and four grandchildren.

Supervisors Work on Budget Figures

(Continued From Page One)

the special report will justify this sum."

* * *

Levinson's committee has fought the past several years with clinic officials over the appropriations.

"Maybe it (the report) can justify a lot of money, maybe not even 82 cents, but we can't proceed further until we see the study," the Birmingham supervisor said.

He said if the report justifies allocating more, the funds are available in the proposed $127,500 "contingent fund" bigger by $103,252 than the 1961 amount.

The supervisors' salaries committee presented a detailed report asking for 30 new employes next year, costing $141,089, and salary increases ranging from $100 to $2,000 for 1,500 employes.

Slated to receive the highest pay raise — if the recommendations pass the committee and board — is County Health Director Dr. John D. Monroe, with $2,000 more in 1962.

"It's because he's assisting Dr. Cheng (Dr. James T. Cheng) at the tuberculosis sanatorium," explained Frazer W. Staman, chairman of the salaries committee.

* * *

Other substantial increases are slated for William B. Grabendike, director of the equalization department, and Norman R. Barnard, corporation counsel. Both are recommended for $1,000 raises.

Three-quarters of the 1,500 employes would benefit with the suggested minimum $100 pay boost, county personnel director, John Witherup, said.

Reds 'Aid Independence'

MOSCOW (AP)—The newspaper Izvestia belittled U.S. plans to assist Latin America economically and served notice the Soviet Union intends to step in. Soviet aid will be given to Latin Americans "in their struggle for national independence," Izvestia said.

Lone Wolf De Gaulle Opposes Allies on Peace Talk Timing

BY JOSEPH W. GRIGG

PARIS (UPI) — France's President Charles de Gaulle is playing his odd-man-out role again.

Once again the lone wolf of the Western Alliance appears to be out of step with the United States and Britain.

This time it's the question of Berlin peace talks with the Russians that finds de Gaulle in a minority of one. If the haughty, obstinate French leader digs in his heels, as he has done so often in the past, diplomats here would not be surprised if he gets his way again.

* * *

The issue, on the face of it, is largely one of timing—When should the West approach the Soviets to get East-West talks started?

The British want to do so without delay. The United States appears to favor an approach between the Sept. 17 West German elections and the Oct. 17 Communist Party Congress in Moscow.

But de Gaulle is in no hurry at all.

He argues that negotiations on Berlin would be pointless until there is a let-up in the existing high state of tension between the Soviets and the West.

PEACE TALKS WORTHWHILE

But over and above the question of timing, there is the more basic question whether the West should offer peace talks at all.

The United States and Britain think it should. They believe the move should be made before Soviet Premier Nikita Khrushchev puts into effect his 2½-year-old threat to sign a separate peace treaty with the East German Reds.

The United States and Britain argue that once Russia has taken this plunge, it would be impossible for Khrushchev to back down and the danger of war over Berlin would be greatly increased.

* * *

But de Gaulle never has been really convinced of the wisdom of offering Berlin negotiations, even though he reluctantly accepted the idea in principle during the Western foreign ministers' meeting in Paris at the beginning of August.

Like West German Chancellor Konrad Adenauer, de Gaulle takes the view that even to offer to negotiate means losing one move or surrendering one point.

Furthermore, he argues that the West can not hope to improve the present Berlin situation by talking with the Russians and might even greatly weaken its own position there.

SITTING PRETTY

"When you're sitting pretty, why give anything away?" is approximately what he tells visitors.

De Gaulle's allies are going to find it hard to convince him otherwise.

$100,000 in Jewelry Taken From Apartment

KANSAS CITY, Mo. (UPI) — About $100,000 in jewelry was stolen from the apartment of Helene Scott Jaccard Thursday night.

Mrs. Jaccard is the widow of E. Gilbert Jaccard, a vice president of the Jaccard Jewelry Corp., who died in 1949.

Her South Side apartment was ransacked while she was out for the evening.

False Orders Issued to W. Reich Reserves

BONN (UPI) — A large number of false call-up orders have been sent out by Communist agents to West German reserve troops, a defense ministry spokesman said Thursday.

The orders informed reservists in the area around Stuttgart to "report for military duty within 24 hours."

Purpose of the Communist ruse was to create confusion, the spokesman said.

The "orders" were quickly recognized as false by the soldiers, he added.

His Men Like His Religion

N-Squadron Commander Looks to God

COLUMBUS, Ohio (AP) — The commander of one of America's nuclear weapon striking forces says he has found divine guidance an absolute must in his professional and private life.

* * *

"I think it's the basic concept that has made our country strong from its inception," says Maj. Eugene J. Budnik, a 40-year-old Air Force officer who commands a squadron in the Strategic Air Command.

Each of the more than 20 aircrews in Budnik's 515th Bomb Squadron flies a B47 Stratojet bomber capable of delivering more destructive force than all the military planes used on all the aerial missions of World War II.

* * *

"When I was given command," Budnik says, "I wanted my men to know that when it came to decisions that would have an influence on their lives, all the decisions I would make would be tempered by my belief in God.

"This is not original with me. I see it as merely renewing the basic philosophy of the country. It's too often forgotten that our country stands for more than material gain."

* * *

Budnik and his men must be prepared to fly to predetermined enemy targets with less than 10 minutes notice.

"This is where we need the philosophy of divine guidance more than anywhere else," Budnik says, "discipline, training and all the other factors are necessary, but if our crews get off on that trip, they'll have only one Power to answer to."

* * *

His squadron has reacted "very favorably" to the philosophy of divine guidance in military leadership, the major says, adding:

THEY LIKE IDEA

"We don't put this on a sectarian basis. I'm a Roman Catholic, but if you ask me how many Catholics there are in the squadron, I wouldn't know. I know we have men from all kinds of backgrounds, and all like the idea.

* * *

"Our men are true professionals and we treat them like professionals. We don't drive them, we promote individualism under God consistent with ethical procedure. We give them all the flexibility they need."

* * *

Budnik, whose home is Montello, Wis., has been in the Air Force since 1940, has served in most of its major commands, flew fighters in World War II and monitored the documentary filming of the first H-bomb tests.

* * *

He and his wife live in a military housing area at Lockbourne Air Force Base south of Columbus, where the 515th is stationed. They have six children, four girls and two boys ranging in age from 5 to 13.

* * *

When Budnik took command of the 515th on July 1, 1959, he asked one of the chaplains to discuss divine guidance with squadron members. A year later Budnik again arranged for a chaplain to discuss such motivation, and the squadron members say this will be an annual tradition.

* * *

First Lt. Martin F. Foutz Jr., one of the base chaplains and a minister of the United Lutheran Church in America, thinks highly of Budnik's philosophy of leadership. Chaplain Foutz says: "I think we find ourselves not so much in a combat of weapons as a combat of ideas. Men like Maj. Budnik will help us win."

State Highway Official Nominated by President

WASHINGTON (UPI) — President Kennedy Thursday nominated Louis A. Mezzano, a Michigan state official, to be collector of customs for the customs district centered in Detroit.

Mezzano, 43, is now an inspector of the Michigan Highway Department. He was Democratic leader in the State House of Representatives in 1960.

U.S. Telling the World About Concrete Curtain

WASHINGTON (AP)—The U.S. Information Agency (USIA) is waging an intensive campaign around the world to inform people on the Berlin issue.

It has run into disinterest in neutral and underdeveloped countries of Africa, Asia and Latin America. There the common attitude is that the Berlin crisis is a big power or a white man's struggle that has no bearing on more pressing questions like food for the next meal.

USIA wants to spread the idea that the Soviet threat to Berlin is a danger to free people everywhere.

USIA portrays the Berlin situation as "Khrushchev's crisis," brought on by bankruptcy of the Communist system. USIA stresses unity and determination of the Western allies and their preference for negotiation rather than conflict to settle the issue.

IMPORTANT!

Armed with large chunks of material from refugees, the USIA output seeks to impress on more distant peoples the thought that self-determination for Germans is as desirable for them as it is for those recently freed from colonislism.

U.S. Information officers shot 10,000 feet of film in connection with the recent heavy outflow of refugees from East Berlin and the Communist erection of a barbed-wire and concrete curtain along the East Berlin border. The comparison with refugees from Tibet, Cuba, Hungary and other Red lands is used to reinforce the U.S. argument.

* * *

Specific undertakings by the U.S. propaganda agency to tell the Berlin story abroad include:

30 LANGUAGES

A 30-minute film documentary, "Journey Across Berlin," distributed in 30 languages.

A 30-minute TV documentary, "Anatomy of Aggression," also in 30 languages.

A three-part series prepared by the Voice of America (VOA) on tape for use by radio stations in foreign countries. The series is entitled "The Manufactured Crisis."

A broadcast over VOA's own short wave transmitters of a one-hour documentary on Berlin, that is based mainly on interviews with refugees. The broadcast has been repeated several times.

* * *

Fifteen illustrated background articles sent overseas for placement in local publications.

Worldwide distribution of 300,000 copies of President Kennedy's July 25 speech on Berlin, plus 700 film prints of the speech dubbed in 29 languages.

Books and window displays on Berlin sent to the approximately 200 USIA posts in 80 countries.

Russia Leading U.S. in Space Race Only

Some of the Communist propaganda is sickening and yet we let it pass without refutation.

A few point-blank denials bob in that are well-worth repeating. Try some of these statements on the next parlor pink that explains with a long face that we must "catch up" with Russia.

★ ★ ★

To "be even" with Russia, the United States would be compelled to:

"Abandon three-fifths of our steel capacity, two-thirds of our petroleum capacity, 95 per cent of our electric motor output, and get along on one-tenth of our present volume of natural gas.

★ ★ ★

"We would rip up fourteen of every fifteen miles of paved highways and two of every three miles of our main-line railway tracks. It would be necessary to scrap nineteen of every twenty cars and trucks and cut our civilian air fleet to a shadow.

★ ★ ★

"We would have to reduce our living standard by three-fourths, destroy 40 million television sets, cut off nine of every ten telephones and tear down seven of every ten houses; and we would have to put about 60 million Americans back on the farm.

★ ★ ★

"Where we are short, and dangerously so, is in national dedication to the fight to save the individual freedom that makes those accomplishments possible."

★ ★ ★

The "catching up" is all on one side — Russia's side. They're the ones to worry and struggle. True, they may have a definite edge in the outer space race, but right now we all happen to be living in another place and so the conditions on earth come first.

Political Parties Today Confuse Most Voters

Political parties are becoming so confused and interlocking, voters are hard pressed to differentiate.

The Hillsdale *Daily News* has some interesting comments in this connection:

"Time was when a man could cast his vote for candidates that reflected his political philosophy. A Republican was a Republican, and a Democrat was a Democrat. The voter could make a clear cut choice.

★ ★ ★

"Look what we have today. Liberal Democrats, conservative Democrats, old line Democrats and just plain Democrats. Liberal Republicans, conservative Republicans and Republicans of several political shades in between.

"Now here in Michigan we have a group of legislators calling themselves 'moderate' Republicans.

★ ★ ★

"What in the name of our founding fathers is a moderate Republican? Is he a conservative Democrat in disguise? He can't be because most conservative Democrats (southern variety) are farther to the right philosophically than conservative Republicans, and one would guess the label moderate is used to set this new group somewhat to the left . . . or liberal side . . . of the garden variety . . . or conservative . . . Republican. But how far to the left?

"It's all very confusing.

★ ★ ★

"At election time we find two presidential candidates standing for pretty much the same things, and that happens in our gubernatorial race. The voter must choose his top officials on the basis of charm.

★ ★ ★

"One of the big reasons for the growing popularity of Barry Goldwater is that he stands for something different and offers a simple citizen a chance to make a clear cut choice.

★ ★ ★

"Candidates can stand for what they please, but it would make it simpler if you could walk into the polling place and cast a ballot with some measure of confidence that you were voting your convictions.

"More people might vote, too."

"THE Atlanta Commissioner of Internal Revenue Service asks tax collectors to smile on the public."—News item. Any tax collector who complies with this request should be careful, for his own safety, not to let his smile break into a titter or a guffaw.

The Man About Town

Doings of Nature

Some Extra Large or Very Unusual Growths Reported

August: A month whose weather is sometimes too august.

Hollyhock plants 10 feet tall are reported in the garden of

Mr. and Mrs. Winfield Glady

of Birmingham; and still growing an inch or two every day.

With sunflowers 13 feet high,

Mrs. Alvin Caverly

of Clarkston, says the birds seem to look at the blossoms as if they knew they would produce sunflower seeds, which she has found to be a favorite bird winter diet.

Gladioli plants 5 feet high are spreading glory in the garden of

Mrs. Jerome Smithfield

of Waterford, who has them in 8 colors, some with 40 blossoms and buds on a single stalk.

A magnolia tree is blooming profusely for

Mrs. Gregory Malworth

of Bloomfield Hills, after a careful nursing of 5 years.

Delphinium plants 7 feet tall are reported by

Mrs. Harrison Plumford

of Drayton Plains, some with blossoms over a stretch of 5 feet.

An unusual freak of nature is taking place in the garden of

Mr. and Mrs. Blair Whitney

of Keego Harbor, who have tulips in bloom for the second time this year.

Castor bean plants with leaves 24 inches across in the garden of

Mr. and Mrs. Graham Garretson

in Auburn Heights, have trunks three inches in diameter.

Don't complain about any little inconvenience caused by repairs on our highways. The work is being done for you. Better say "Thanks."

"What has become of the Golden Bantam sweet corn?" phones

Bert Tramway

of Lake Orion. We hadn't missed it. Climbed around six delicious ears for dinner yesterday. It has many imitations, but no equals.

Many of us are quite in agreement with

Burton Burrington

of Oxford, who phones that he's ready to disagree with the official statistics on this August weather, no matter what they say.

That astute observer and brainy watcher of affairs as they appear on the world's kaleidoscope,

Arnold Rossfield

of Bloomfield Hills, says we need have no further fear of Russia. He asserts that they will have no more astronaut flights that succeed, as success means going through that terrible ordeal of being kissed, hugged and slobbered over by Mr. K.

Verbal Orchids to—

Mrs. Janie Griffin

of 1365 Baldwin Ave.; 101st birthday.

Mr. and Mrs. Arnold V. Doub

of Orchard Lake; 51st wedding anniversary.

Fred Kile

of Drayton Plains; 88th birthday.

Mr. and Mrs. Earl Austin

of Holly; 51st wedding anniversary.

Putnam Galleway

of Walled Lake; 80th birthday.

Mrs. Harriett Fangboner

of Lapeer; 80th birthday.

Elmer Fordney

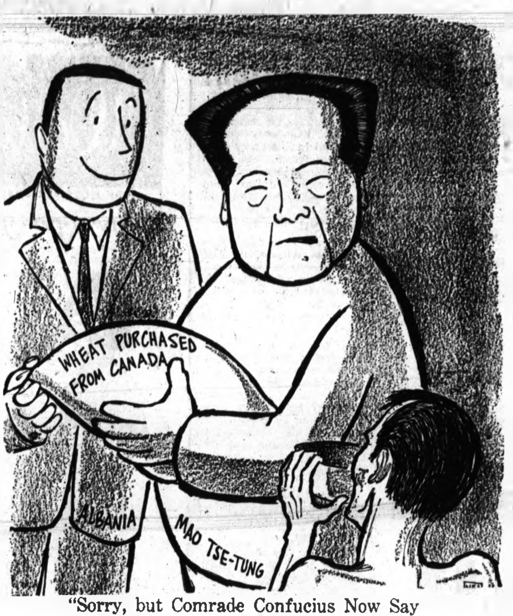
of Metamora; 82nd birthday.

Mr. and Mrs. William Avenall

of Oxford; 53rd wedding anniversary.

Mr. and Mrs. Shelton Deaton

of Rochester; 51st wedding anniversary.



"Sorry, but Comrade Confucius Now Say Charity Doesn't Begin at Home"

David Lawrence Pleads:

Uncle Sam, Win Some Friends!

EN ROUTE FROM EUROPE—One of the most effective instruments for the spread of America's ideals and its concepts of human brotherhood throughout the world is not being utilized by the United States government.

LAWRENCE

There is plenty of emphasis on "cultural exchange" in the arts, music and drama, and lots of talk about the need for technical and educational help to be furnished by the new Peace Corps project. But there is a tendency to overlook a powerful institution in the world today—the churches and religious organizations.

★ ★ ★

The contact between the American government and the Roman Catholic headquarters in the Vatican is tenuous. There is little contact with the high-ranking ministers of the Church of England. There is little contact with the high churchmen of the Asian religions.

From 1939 to 1950, Presidents Roosevelt and Truman maintained an unofficial representative—the late Myron C. Taylor—at the Vatican.

This relationship was especially valuable during the war and postwar periods, and was thereafter lost in a controversy that arose when President Truman recommended establishment of formal diplomatic relations with the Vatican and Congress refused to approve.

A FEW VISITS

Since that time, the contact between the American government and the Vatican has been confined to a few visits by dignitaries on both sides.

★ ★ ★

Yet the Roman Catholic church has tremendous influence in every country in Latin America—each of which is predominantly Catholic in its religious affiliation—as well as in France, Austria, Germany, Spain and Italy.

★ ★ ★

The Vatican could do more to help the "alliance for progress" to succeed in Latin America than any other single ally.

What is needed is a special organization in the United States government devoted entirely to contacts with all national church and religious groups, both inside and outside the United States.

A special representative should be sent to Britain to maintain regular contacts with the clergy in the Church of England and with other Protestant church groups.

★ ★ ★

Another envoy should be sent to Rome as a contact with the Roman Catholic Church. Other representatives of the United States government should go on similar missions to the centers of the Middle Eastern and Asian religions.

What could these American representatives do? Nearly every one of the big churches has a vast personnel of missionaries who serve all around the globe—Africa, Asia, South America. They are in close contact with the peoples of those continents. They not only can transmit information, but they can gather it.

Sometimes the church organizations get a misconception of American purposes and policies, and their representatives repeat such misconceptions, not necessarily in the pulpits but in their informal relationships with local leaders of thought.

It is vital to the whole communication policy of the United States that a means of briefing the principal church leaders of the world should be set up by the United States government—just as it spends a lot of time and money in contacting the press and movie people of various countries, as well as other organizations included in the objectives of our "cultural exchange" programs.

★ ★ ★

The United States should neglect no means of communication, formal or informal, which seeks earnestly and sincerely "to win friends and influence people."

(Copyright 1961)

The Country Parson

"I'm not as shocked by our frequent uncovering of corruption as I would be if we got so we couldn't recognize it."

Dr. Harold Hyman Says:

Maybe It's Only Nerves but Maybe It's Allergy

The practical importance of recognizing a tuberculin-type allergy and of identifying the causative allergen, rests of course in the preparation of a program for prevention and treatment.

If we clear the throat of streptococci, we prevent recurrences of rheumatic fever.

If we persuade our patients to stop smoking, we arrest the progress of thrombo-angiitis obliterans, a cruel disease that may require amputation of both legs.

And if we filter out harmful rays of the sun, we may save the lives of those who are afflicted with the "butterfly disease."

Unhappily, the list of known allergens in the tuberculin-type allergies is altogether too short.

★ ★ ★

While skillful use of products that possess the properties of the adreno-cortical principle of the pituitary master gland (ACTH) succeeds in relieving some of the manifestations of some of the tuberculin-type diseases, we effect no true cures.

★ ★ ★

The most we can offer is incomplete and temporary benefit in afflictions such as psoriasis, pemphigus, scleroderma, the scleroses of the nervous system and other diseases too numerous to mention.

If your parents, your children or you have ever experienced any type of any of the allergic reactions previously mentioned, you are justified in suspecting a family hypersensitivity.

If there is evidence of a familiar hypersensitivity, give this information to each member of the family and to every member of the medical profession before any type of treatment is prescribed or administered.

If you are hypersensitive, exert extreme precaution before exposing yourself to known allergens.

Such allergens are poison ivy, goldenrod, timothy grass, insecticides, medicinals containing sulfa drugs or penicillin or any product that is new and strange.

If you feed your potentially hypersensitive baby a food for the first time, begin with an infinitesimal dose such as a single drop of a mixture prepared by adding a single drop of the undiluted substance to a full glass of water.

If you are buying a new cosmetic, try it out on the skin of the inner surface of your thigh before applying it to your face.

★ ★ ★

If you drive your golf ball into the rough where there may be poison ivy, oak or sumac, drop a new ball and take a penalty stroke. You'll find it cheaper than the cost of an attack of dermatitis venenata.

If you actually develop some recognized allergic reaction put on your Sherlock Holmes cap and look for clues, like sunlight or cold, sun tan or sunburn lotions or ointments.

Maybe it's milk or eggs, or fish, or shell food or something that went into the cake mix?

Or just "nerves"?

For a copy of Dr. Hyman's leaflet, "What About Hardening of the Arteries?" send 10 cents to Dr. Hyman, care of The Pontiac Press, Box 489, Dept. B, Radio City Station, New York 19, N.Y.

Voice of the People:

'Auto Buyers Would Pay for Increased Wages'

V. J. Smith says the workers are very important in automobile plants and they are (and in everything else). But he accepts unions' propaganda blindly on economics.

★ ★ ★

He says the executives get a few million dollars and all the workers want is a few more dollars a week. Well, let's give them $6 a week apiece and that means $150 million a year for the industry. Who's going to pay that bill? I will tell you. It's the buyers, and already in 1961 20 per cent less buyers are buying cars than bought them in 1960.

★ ★ ★

If we drive still more buyers out of the market through higher prices of $25 or $50 a car, there will be more unemployment than there is now and who wants that?

Part-Time Worker Already

Would Rather Have 'The Girls' Comic

I wish who ever is responsible for taking "The Girls" out of The Press and putting in "Our Ancestors" would do a switch. "The Girls" was much funnier. Also I think "Marmaduke" is a howl and I was glad to see him get a swift kick (accidental) in the Aug. 22 paper.

Mary

'Now We Must Pay for Friendship'

The nations of South and Central America made it clear that, if they are going to go along with the United States in containing—not ousting—communism from this hemisphere, they must have the money or else.

In common parlance, this is known as blackmail.

H. L.

'Foreign Aid Getting Govt. Nowhere'

What will it profit us to lavish aid upon foreign governments if our electorate loses confidence in the candor and sincerity of its own government officials?

A fundamental issue is one of candor on the part of officials. It is an issue of an ebbing faith in the honesty and sincerity of the public servants who run our affairs.

P. S.

Portraits

By JOHN C. METCALFE

I have always loved to look at . . . Lamp posts giving off their light . . . With a warm and friendly greeting . . . To the stranger in the night . . . They are like the shining beacons . . . That are sought by men at sea . . . And along the darkened highways . . . Help the traveler to see . . . When I come into a city . . . That has fallen fast asleep . . . They are like the jewels monarchs . . . On their ermine mantles keep . . . But I often think that lamp posts . . . Never should be painted black . . . For if gowned in lovely colors . . . Olden charms they would bring back . . . So if I should own a garden . . . And to visitors be host . . . I shall greet them with a lanter . . . On a gaily painted post.

The Almanac

Today is Friday, Aug. 25, the 237th day of the year with 128 to follow in 1961.

The moon is full.

The morning star is Venus.

The evening stars are Jupiter and Saturn.

On this day in history:

In 1836, American author Bret Harte was born.

In 1928, the Byrd Antarctic Expedition left New York.

In 1944, United States troops liberated Paris in World War II.

In 1950, to forestall a general strike, President Harry Truman seized all railroads in the nation.

A thought for today: Bret Harte said: "One big vice in a man is apt to keep out a great many smaller ones."

How Tough Is Kennedy?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — After seven months in office there is still a major unknown about President Kennedy: Just how tough is he?

★ ★ ★

Headaches piled up on him after he became president, forcing him to look and operate in 10 different directions at once. But this is how he's been:

1. With Congress—Mild and not tough-talking at all, although three of his most important programs were slaughtered.

Question: Is this how he'll deal with Congress the next three years?

2. In foreign affairs—Generally restrained but tough-talking with the Soviets when they pushed him into it on Berlin. There's a difference between tough talk and tough action.

★ ★ ★

Question: How tough will he be in a showdown? Judging from the way the Soviets have been probing and testing him, they want to know the answer too.

At home two things may have been a psychological handicap to him, giving him the feeling he didn't have a so-called mandate to get rough with Congress:

1. The narrow margin by which he squeaked through in the 1960 election.

2. While his Democrats outnumber Republicans 65-35 in the Senat and 263-174 in the House, the margin is thinner than it looks.

Smiles

It's nice to go away on vacation to forget things until you discover you need what you've forgotten.

★ ★ ★

Even harder to hold these days than a straight flush is your own.

★ ★ ★

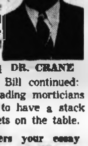
Some little kids take after their parents and parents often have to take after the kids.

Case Records of a Psychologist:

Surveys Important to Businesses

By DR. GEORGE W. CRANE

CASE J-477: Bill Krieger is director of the National Selected Morticians, and a topnotch applied psychologist.



DR. CRANE

"Dr. Crane," he began at our recent luncheon, "don't you think that a lot of the practical rules of psychology are devised by shrewd folks out on the firing line of life?"

As I nodded emphatic assent, Bill continued:

"One of our leading morticians makes it a rule to have a stack of inspiring leaflets on the table.

"He thus offers your essay on the importance of 'Flowers at Funerals' as well as printed sermons by Dr. Peale and other positive thinkers.

"Recently he decided to conduct a little test. So for one week he would place the heading 'Take One' over the stack of leaflets.

"The next week he would change it to 'You may take one'. Then he'd go back to 'Take one', for the 3rd week, etc.

"He found that one of those headings was far superior to the other in causing people to pick up their free copy of the leaflet.

"Another device that he used was to vary the size of the pile of leaflets under those signs. First, he'd try a big stack.

"Then he'd place only a small pile of leaflets on the table.

"Dr. Crane, which one of those two headings mentioned above was better? And did the large stack of leaflets or the small one cause more people to act?"

Many of our best Applied Psychologists are not the professors of that subject in the colleges, despite their Ph.D degrees.

No, they are the merchants and editors and clergymen and attorneys and doctors who have a scientific outlook and thus pick up the practical rules that later are codified under the heading of applied psychology.

For instance, merchants have long realized that when soap or other items are not moving rapidly, they can often zoom sales by posting a sign over the soap that reads "Only 2 bars to a customer."

★ ★ ★

Grocers have likewise learned that when the orange bin is almost empty, customers tend to ignore the fruit, probably feeling it is picked-over stuff or culls.

So shrewd merchants place a cardboard box inside the fruit bin to lift those same oranges up to the top. Then patrons eagerly select the very same fruit they had ignored the day before.

Another common device used on the vegetable counter is to separate the head lettuce into two piles, instead of having all of them in one pile at a fixed price of maybe 19 cents per head.

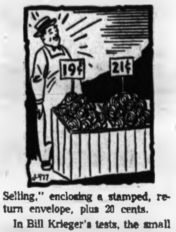
The larger heads are then placed in a compartment by themselves with the higher price of 21 cents listed above them, while the smaller heads of lettuce remain in the old section at the 19 cent price.

Now both grades of lettuce move faster and the grocer also gets 2 cents extra for the solid, larger heads.

Often an item such as perfume that doesn't move fast, can be made a smash hit by actually raising the price tag and adding the

It is now vital to success to conduct consumer surveys and learn these psychological devices that help produce sales.

So send for the booklet, "The New Psychology of Advertising &



Selling," enclosing a stamped, return envelope, plus 20 cents.

In Bill Krieger's tests, the small stack was far more successful, and also the heading "You may take one."

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4 cent stamped, self-addressed envelope and 20 cents to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1961)

The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.

Old Bridge Toll May Hurt State

U.S. Could Deny Aid Because of Charge on Blue Water Span

WASHINGTON (AP)—Because it still is charging a 25-cent toll at the Blue Water Bridge in Port Huron, Michigan may be in danger of losing millions of dollars in federal highway aid.

* * *

The U.S. Bureau of Public Roads says it is "deeply concerned" by the fact that Michigan has continued to charge toll since the bridge bonds were paid off in 1956.

Officials say this apparently is a violation of the original agreement under which the $3.9 million span, linking Port Huron with Sarnia, Ont., was built. The federal government was a contributor to the original cost.

* * *

The road agency says there is a question whether Michigan is entitled to reserve federal assistance—90 cents of each dollar spent—for the interstate system, while the original bridge pact is disregarded.

Rex M. Whitton, administrator of the bureau, says his legal staff has taken the question under study and a decision is expected soon.

Howard E. Hill, managing director of the State Highway Department, said there was a legal question of whether any agreement between Michigan and Ontario that the bridge should not collect toll after the bonds were paid had any binding effect since it is an international bridge.

* * *

He said Ontario officials wanted to keep the toll to pay the maintenance costs.

Gets Bay County Post

LANSING (UPI) — Appointment of Robert J. Binkowski, 29, of Bay City as assistant county juvenile officer for Bay County was announced Thursday by Gov. Swainson.

Frederic August Bartholdi not only created the Statue of Liberty, the sculptor also pledged his personal fortune to defray construction expenses.

Religions to Work Out Policies

'Common Spiritual Market' Under Study

By GEORGE W. CORNELL
Associated Press Religion Writer

NEW YORK—A wide-ranging search began today for ways to help reconcile the clashes between American religious groups over public issues.

Top leaders of various faiths, from Rome to Geneva to Jerusalem, were to be consulted in the process.

Also, examples in the old world were expected to provide some answers to problems in the new world.

* * *

The effort is being led by a key interdenominational diplomat Dr. Lewis Webster Jones, president of the National Conference of Christians and Jews.

* * *

Noting intensified conflicts between religious groups in this country over various questions, such as public support for parochial schools, birth control policies, Sunday closing laws and other matters, he said: "Unless some clearer consensus can be reached, the strength and unity which America has drawn from the common acceptance of the Judeo-Christian tradition will be weakened and dissipated.

"Neither at home nor abroad can Americans afford such a loss."

GET FORD GRANT

As an initial part of the new four-year project, underwritten with a $325,000 Ford Foundation grant, Dr. Jones left today for conferences with high religious officials, and to survey advanced interfaith amity in Europe.

"There is a great deal we can learn in Europe," he said, citing the increased associations and active teamwork between Catholics and Protestants in many European countries.

* * *

"Both in Germany and elsewhere," he added, "there is a new spirit of inter-religious good will—something like a common spiritual market—in which we in the United States are anxious to be actively linked."

Particularly to be examined, he said, is the "dialogue approach" to community cooperation and mutual understanding, a movement that has mushroomed abroad and is spreading in this country.

* * *

It has chiefly involved Protestant-Roman Catholic parleys.

"New, and multiplying discussions between church leaders in Europe now are taking place," Dr. Jones said, pointing out that the trend arose in the face of "growing pressure of communism on both religion and democracy."

Leaving on the liner Staatendam for Rotterdam, Dr. Jones will be joined there by Dr. Dumont Kenny, the national conference's vice president for program, who will take part in the consultations.

They are scheduled to meet in Geneva with World Council of Churches leaders, including General Secretary Dr. W. A. Visser 't Hooft, and in Rome with top Vatican officials, including Augustin Cardinal Bea, head of the new Catholic secretariat on Christian unity.

Conferences also were set with the Archbishop of Canterbury, Dr. Arthur M. Ramsey, a score of other Protestant, Catholic and Orthodox prelates in Europe, and in Jerusalem with the chief rabbi and Prime Minister David Ben-Gurion.

Red Build-Up to Be Clue

West to Have Attack Tip

SAN FRANCISCO (AP)—Roger Hilsman, State Department intelligence and research director, says the West probably will get considerable advance notice of a planned Soviet major attack in Europe. A build-up of Soviet strength in East Germany will be the tip-off, he said.

* * *

But so far, Hilsman told a World Affairs Council meeting on Thursday, there is no indication of such a Red build-up.

* * *

He said only a few divisions could be brought up by the Communists before launching hostilities without the NATO powers knowing about it.

"Thus, the West probably would have considerable advance notice if a major Soviet attack was in prospect."

Army Will Replace GI's Fatigue Caps

TAMPA, Fla. (UPI) — Secretary of the Army Elvis Stahr had some sartorial news for American GIs Thursday.

Stahr said the Army would soon replace the fatigue caps now in use with baseball-type hats with long visors.

Rep. Cornelius E. Gallagher, D-N.J., complained in a letter to Stahr Wednesday that fatigue caps now being used make soldiers look like "flat heads."

She Saw It: Lightning Hits Tree Twice

Mrs. Margaret Curtis and her two sons, of White Lake Township, yesterday saw it happen — lightning striking twice in the same place.

Mrs. Curtis, 9190 Little Farms Drive, said she was on the porch of her home at about 4:50 when a lightning bolt crashed into a poplar tree on her property. Not once but twice, with the bolts coming seconds apart.

"It sounded like two cars coming together," Mrs. Curtis, a Keego Harbor postal carrier, said. "It went right up the trunk to the top of the tree, which was lit up all around in a yellow and red ball."

Other than two big chunks taken out, the tree survived.

JFK Plans to Join Family for Weekend

WASHINGTON (AP)—President Kennedy plans to leave today for another weekend at his summer home at Hyannis Port, Mass., where Mrs. Kennedy and their two children have been vacationing.

Kennedy expects to return to Washington Monday morning.

* * *

Any extended vacation for the President this summer and fall appears to be out, but press secretary Pierre Salinger said he may get out of Washington for a week or 10 days. When this will happen or where he will go is uncertain, but it is likely he will wait until Congress adjourns. Congressional leaders are aiming for adjournment in mid-September.

Plan Man Shot but Debris May Interfere

SAN FRANCISCO (AP) — An official of the National Academy of Science says the United States will be ready to fire a manned moon shot by 1970.

* * *

But, Dr. Lloyd V. Berkner, the chairman of the academy's Space Science Board, told a news conference Thursday, gigantic thermonuclear blasts on the sun may clutter space with so much debris that a major expedition to the moon may not be attempted until 1975.

By 1974, he said, the series of blasts from the sun, called the sun spot cycle, will have dropped to its cyclical low.

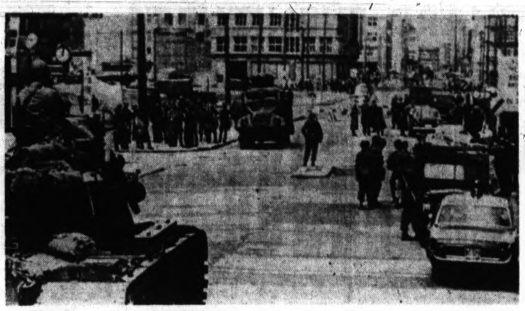
Mayor Wagner Okay in Utilizing Servants

NEW YORK (AP)—The district attorney's office says Mayor Robert F. Wagner did not violate the city charter by using three city-paid servants to help out at his summer home on Long Island.

The servants were assigned to his official city residence, Gracie Mansion.

Acting Dist. Atty. Alfred J. Scotti said no violation of the city charter had been established. He said neither the charter nor the city administrative code defines the duties of the servants.

The charge reached the district attorney's office Wednesday from City Comptroller Lawrence E. Gerosa, a Democrat and a rival of Wagner for the mayoralty.



AP Photofax

FACING EAST — U.S. tanks and infantrymen hold positions on West Berlin's Friedrichstrasse close to the border as they face Communist East German water-armed cars across the dividing line Thursday. The Red hose cars face the west in the left and right background. The Friedrichstrasse border point was the scene of an incident Thursday when one of the Red tank cars loosed a stream of water at newsmen.

'The Boil on the End of Her Nose'

Berliners Don't Talk of Their Troubles

BERLIN (UPI) — Berlin is an armed camp of troops, submachineguns, bayonets and tanks today. One false move and it could explode.

You wouldn't think this were possible while sitting at an outdoor cafe on the colorful Kurfuerstendamm — the main street — sipping a cup of coffee and eating a delicious torte.

The white-jacketed waiters, the pretty, chic women, the savory beef stroganoff, the chit-chat of the relaxed guests give no inkling that Friedrichstrasse is the only passageway in the 25-mile city border now open to foreigners. It is in the heart of what used to be Berlin before the onetime German capital became a divided city.

* * *

On one side of Friedrichstrasse are East Germany's "People's Police" and on the other U.S. troops. Anything could happen here.

But the talk in the sidewalk cafe is of everything but Berlin's troubles.

"If you have a boil on the end of your nose, you don't go around talking about it, do you?" said one irritated coffee-sipper when asked.

THEY'RE WORRIED

But anyone who thinks West Berliners are not worried or not thinking about the guns, the tanks, the troops and the tense situation, is sadly mistaken.

Any American GI who rolled along the Kurfuerstendamm last Sunday and saw the sea of white fluttering handkerchiefs from the cafes can give the answer.

When the Communists were putting up their five-foot high concrete wall along the border, it was possible to peek over the top and watch elderly East Germans sitting on park benches chatting and talking and doing their best to ignore the troops.

* * *

Many West Berliners have long complained that the Communists got the better sections of the city proper, but they are thankful that the Kurfuerstendamm stayed in the Western sector.

For years in postwar Germany a hit song has been "Ich Hab Heimweh nach dem Kurfuerstendamm (I'm Homesick for the Kurfuerstendamm)."

Berlin may be an armed camp ready to explode any moment, but at least West Berliners can enjoy the Kurfuerstendamm.

* * *

The East Berliners just have to stay homesick for it.

Mac, Lord Home to Meet at Resort

LONDON (AP)—Prime Minister Harold Macmillan and Lord Home, the foreign secretary, will meet at the Scottish golfing resort of Gleneagles Sunday to discuss the Berlin situation.

* * *

The prime minister has been on a shooting holiday in Yorkshire. Lord Home is vacationing in Lanarkshire.

Porter Accused of Killing Doctor

Police Hold Man, 28, in Stabbing of N.Y. Physician and Wife

GARDEN CITY, N.Y. (AP)—A department store porter was accused today of the murder of a well-to-do Long Island physician and the stabbing of his wife, also a doctor, in their home.

Police lodged a first-degree murder charge against Theodore Roosevelt Stovall, 28.

* * *

Dr. Paul Behrendt, 65, was stabbed so viciously that three of his ribs were cut through. He died almost immediately.

* * *

His wife, Dr. Frances Behrendt, 55, was stabbed several times and is in fair condition at Nassau Hospital in Mineola.

DENIES CRIME

Stovall, booked on the murder charge at 2 a.m. after hours of questioning, denied any connection with the crime. He had been arrested three blocks from the murder scene Thursday.

* * *

Police refused to reveal the evidence they claimed to have against Stovall. Neither would they disclose how they traced him to the home of his sister, where he was seized.

CLARENCE D. SAGE

Service for Clarence D. Sage, 58, of 261 Orchard Lake Ave. will be held at 1 p.m. Saturday at the Sharpe - Goyette Funeral Home in Clarkston with burial following in Evergreen Cemetery, Detroit.

He was a crane operator at the American Forging & Socket Co. and a member of Sunny Vale Chapel.

Mr. Sage leaves his wife, Grace; six sons, Clarence Jr. of Clarkston, Edward of Pontiac, Howard Robert, Leonard and Donald, all of Walled Lake; three daughters, Mrs. Carl Budrow of Pontiac, Jean and Patricia Sage, both of Walled Lake; a brother Louis of Pontiac; and a sister, Mrs. May Cunningham of Bay City.

Mr. Sage died Wednesday at his residence after an illness of several months.

MRS. MAE STAGE

Mrs. Mae Stage of 4881 Filer, Waterford Township died unexpectedly of a heart ailment at her residence yesterday. She was 68.

A former employe of Banner Linen Co., she leaves a daughter, Mrs. Marie Schooley of Pontiac; two sons, Cassius of Elk Rapids and Parnell C. Hulbert of Royal Oak; nine grandchildren; a great-grandchild; and a brother Lee Wells of Lake Orion.

Service will be held at 1:30 p.m. Monday at the Huntoon Funeral Home.

JOSEPH W. THOMPSON

Service and burial for Joseph W. Thompson, 62, of 440 Hickorynut Road, Waterford Township, will be held at the Paul Forsaith Funeral Home, 126 Hazelwood Ave., Pittsburgh, Pa. His body was taken there yesterday.

Mr. Thompson, a retired policeman of the city of Pittsburgh, died Wednesday at Mt. Sinai Hospital, Detroit, after an illness of several months.

A member of St. Benedict Catholic Church, he is survived by his wife Hazel; four sisters and a brother.

MRS. DELBERT FORBESS

ALMONT — Service for Mrs. Delbert L. (Marie) Forbess, 42, of 314 Juliet St., will be at 2 p.m. tomorrow at the Methodist Church in Leonard.

Mrs. Forbess died yesterday at the Community Hospital after an extended illness.

Her body will be at Muir Brothers Funeral Home until noon tomorrow at which time it will be moved to the church.

Surviving besides her husband are her mother, Mrs. Mary Kramarick of Hazel Park; two sons, Randall and Michael, both at home; a brother and a sister, Mrs. Katherine Eitker of Birmingham.

OREN FRICK

ORTONVILLE — Service for Oren Frick, 61, of 32 Cedar St., will be at 2 p.m. Sunday at the C. F. Sherman Funeral Home. Burial will be in Andersonville Cemetery.

Retired from Pontiac Motor Division in 1960, Mr. Frick died yesterday at his home after a two-year illness.

Surviving are his wife Flossie; three daughters, Mrs. Janice Alkins of Prescott and Mrs. Audrey Hellas and Mrs. Marilyn Hagler, both of Ortonville; three sons, Peter of Goodrich, Jack of Ortonville and Dwayne, at home; a stepbrother and 10 grandchildren.

EUGENE H. MORNEAU

METAMORA — Service for Eugene H. Morneau, 59, former owner of White Horse Inn here, will be at 10 a.m. Monday at Our Lady of the Lakes Catholic Church, Waterford Township. Burial will be in Lakeview Cemetery.

Also former owner of Twin Gardens Inn in Fenton, Mr. Morneau died Wednesday in Miami, Fla., after a long illness.

His body will be at Coats Funeral Home, Drayton Plains, after noon tomorrow. The Rosary will be recited there at 8 p.m. Sunday.

Surviving are his wife Eldora; a daughter, Mrs. David Boomer of Drayton Plains; two grandchildren; two brothers and a sister.

JAMES O'NEILL

LAPEER — Service for James (Tip) O'Neill, 70, of 240 Park St., will be 2 p.m. Saturday at the Muir Brothers Funeral Home. Burial will be in Brucefield, Ontario.

Mr. O'Neill died yesterday at St. Joseph Mercy Hospital, Flint, following a short illness.

Retired, he was a former newspaperman, at one time sports editor of the Flint Journal; Flint City commissioner and realtor.

He is survived by his wife Verne and two daughters, Mrs. Jack Lawrence and Mrs. Mac McCrandall, both of Flint.

DE WITT SCOTT

LAPEER — Service for DeWitt Scott, 70, of 140 S. Main St., will be 3 p.m. Sunday at the Muir Brothers Funeral Home. Burial will be in the Stiles Cemetery.

Mr. Scott died yesterday at his home following a short illness.

He was a member of North Branch Lodge 312, F&AM.

Surviving are his wife Jennie; a daughter, Mrs. Charlotte Kelley of Lapeer; three sons, Carl of Detroit, Ralph of Lapeer and George of Guadalajara, Mexico; a brother, William of Deerfield Township; and 10 grandchildren.

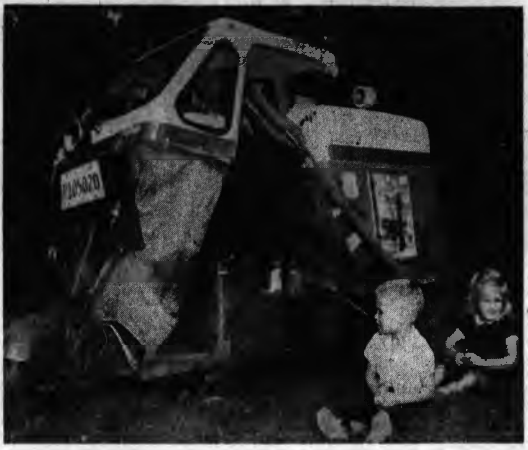
'No Cause for Action' Verdict in Death Case

MUSKEGON (AP) — A coroner's jury Thursday determined negligence on the part of both drivers in the Aug. 14 traffice death of Johnsson M. P. Oden, 28-year-old son of a Muskegon physician.

Coroner Basil Young said the finding indicated no cause for criminal action in the case.

* * *

Oden died in the crash of his small foreign car against a truck which police say was left partly blocking a road while driver Joseph P. Daout and a helper were loading asphalt-spreading equipment.



AP Photofax

SPECIAL DELIVERY—Three-year-old twins James Arthur Buster and Susan Gay Buster of Kansas City look none too happy as they sit in front of their handiwork—a wrecked mail delivery vehicle. They had climbed into the unattended three-wheeler near their home, released the emergency brake and tumbled out as the vehicle rolled down the hill. The mail truck went over a 15-foot embankment after moving 200 feet and was heavily damaged. The twins weren't hurt. Their mother said afterward: "I feel sick."

'Troubles' Force Father to Kill 4 Kids and Self

COUNCIL BLUFFS, Iowa (AP) —Judila Maguire was supposed to go home from the hospital today or Saturday to her husband and four children.

Officials delayed telling her she doesn't have a family anymore.

The distraught husband, Wilfred J. Maguire, 33, a Council Bluffs truck driver, killed the children and himself Thursday and left a note saying he couldn't take it any longer.

* * *

In the morning, before the oldest children, Mary Frances, 14, Floyd, 13, and William, 12, awoke from their sleep, Maguire strangled them with a cord ripped off a venetian blind.

But the youngest child, Danny, 6, had awakened. Maguire put him in the family car and drove out on Interstate Highway 29. A stalled stock truck was parked on the shoulder there.

Maguire crashed into the rear of the truck deliberately, according to Dr. A. L. Sciortino, county medical examiner. Maguire and Danny died in the wreck.

* * *

This was the story put together by the sheriff's office after brothers of Maguire found the older children dead in their beds.

A suicide note Maguire had written referred to his troubles, his bills and a traffic accident last February in which both he and his wife had been injured.

* * *

Mrs. Maguire had sufferrd from recurrent headaches and a week ago she went to the hospital for treatment.

Miss McCambridge, 41, Being Sued for Divorce

LOS ANGELES (AP) — Mercedes McCambridge, 41, Academy Award-winning actress, is being sued for divorce.

Her husband, Fletcher Markle, 38, movie director-producer, filed the suit in Superior Court Thursday, charging extreme mental cruelty.

Miss McCambridge won an Academy Award in 1950 for her supporting role in the movie "All the King's Men."

Miss America Joins MSU Freshman Class

EAST LANSING (UPI) — Nancy Anne Fleming, Miss America of 1961 from Montague, Mich., began her life as a Michigan State University student this week.

Miss Fleming joined several hundred other freshman students here at a counseling clinic prior to the opening of the school year.

She plans to major in home economics, MSU officials said.

A "traffic-pacing" system is being tried on a four-mile stretch of highway. Lighted signs show motorists the speed they must maintain in order to make the green lights at the next traffic signal.

Refugee Doctor Tells of Dash to Freedom With Family

(Editor's Note—Dr. Ernst Lehnhardt, a staff doctor at East Berlin's Charite Hospital, fled to West Berlin with his family shortly after the Communists closed the border Aug. 13. Writing for The Associated Press, he tells of his mounting dissatisfaction with life under communism and of his final desperate dash to "a completely new life—but such a better one.")

By DR. ERNST LEHNHARDT
Written for The AP

BERLIN—My wife, our 6-year-old son and I lived in Karlshorst, a good residential area in East Berlin. We had our own house. It

Dr. ERNST LEHNHARDT

was large, with a pleasant garden, but run down. We could not get any repairmen because of the labor shortage.

From a strictly selfish point of view, I held a position of responsibility at the Charite Hospital, East Germany's best. My salary from the state was 2,000 marks ($500 at the official exchange rate) a month, which put me in a high income group under the Communist regime.

* * *

This had all come about in a relatively short period of time.

After serving as a tank officer in World War II, I received my medical education at Kiel University, being graduated in 1950. For the next nine years I was on the staff of the Rostok Hospital and at one time was the only eye, ear, nose and throat specialist for 500,000 people in that area.

CAN'T ABIDE REGIME

But although my professional career was advancing, I could not abide the Communist regime and often spoke out against it even though I knew the risks. Because of the doctor shortage I was not bothered much, and my feeling of obligation to my patients kept me from fleeing.

In the first two weeks of August our neighbors—when sure they were not being overheard—could talk of only one thing: Would the sector border between East and West Berlin remain open? Since hundreds of people were escaping to the West daily, we all knew that something had to happen. The question was what and when.

* * *

Conditions at the hospital were becoming catastrophic during these days. Three doctors failed to come back to work in our clinic one Monday morning. They had fled to the West. The Communist functionaries told me, the acting administrative head of the clinic, that I would be held responsible for further defections.

The number of nurses and cleaning women grew smaller from day to day. West Berliners we employed were deciding not to cross over.

SUPPLIES SHORT

Supplies and equipment were very short. What we did have came mostly from the West.

We remaining doctors could do only the most necessary work. All operations not of an emergency nature were postponed.

On the evening of Aug. 11 a telephone call came from friends in East Germany. They wanted to visit us the next day. Why so suddenly, we asked. They said they had decided to flee to West Berlin. I was to drive them over the border Sunday morning, with their few pieces of luggage. Since I was a doctor, with a certain freedom of movement, there would be no trouble.

ASKS QUESTION

How many friends already had come to us under these circumstances. It had happened so often that we had practically none left. Why did we remain? We asked ourselves that Saturday. What was holding us in East Berlin, which we hated so much?

Saturday night, after our friends had arrived and we had all gone to bed, I thought I heard the rumble of moving tanks. But I was only half-awakened and fell back asleep again without looking.

Early in the morning our friends rushed in from the living room, where they had turned on the radio. They had just heard the announcement that the border had been closed.

FRIENDS FRIGHTENED

They were white from fright and despair.

My wife and I decided immediately that the time had come for us—for our own sakes, for the sake of our child.

I had to put my own family first. My little car could not carry us all. We bade the saddest of farewells to our friends.

Hurrying all of us—including our dog—into the car, I made for the Brandenburg Gate by the shortest route. It seemed to be the likeliest place to get through, if that was still possible, because of the great width of the crossing there.

* * *

The nearer we got to the Brandenburg Gate, the thicker became the people's police, the Communist soldiers, the tanks.

When we were about 100 yards away, a policeman stopped us. As of today, he said, only I could go over to West Berlin, and then not unless I could prove I had official business. My family would have to stay behind.

I argued that I was needed urgently and could not waste time by taking my family back to the house. The policeman would not yield. Finally I asked to speak with his chief.

Then it happened. The fear of pistols and submachineguns disappeared before the fear of a lifetime of captivity.

I threw the car into gear and raced forward. The soldiers and policeman stared, too startled to act. One stood in my way but jumped aside as I kept coming. Before they could recover I had reached the safety of the traffic on the West Berlin side. My car was lost among the others.

Freedom at last.

* * *

But the next day I felt sad. It was Monday, and normally I would have been going to the clinic. I thought about my duty to the patients. To me, the son of a minister, this is like the duty of a minister to his congregation. I wondered if I had done wrong.

* * *

But no, I said, I could not have stayed there longer, not with all hope of escape cut off forever. That was too much to ask.

I went to friends in West Berlin, who are finding me a place on the staff of a Hamburg hospital. I will go there with my family in a few days. We have nothing. We have to start all over again.

* * *

It will be a completely new life—but such a better one.

Russian Hijacker to Die

MOSCOW (AP)—A Soviet court sentenced a truck driver to death by shooting for hijacking furs and textiles from a state enterprise, the Soviet news agency Tass reported.

HE TAKES A BRIDE—Horst Eichmann, 21-year-old son of Adolf Eichmann, and his bride, Elvira Teresa Pummer, 21, stand in the registry office at Tigre, near Buenos Aires, Argentina, following their civil marriage. Horst is the son of the man now on trial in Israel for the mass slaughter of Jews under Hitler. The bride is a member of an Argentine family.

Nazi Broadcaster Rejected by U.S.

NEW YORK (UPI) — Edward Vieth Sittler, who renounced his American citizenship to become a Nazi propaganda broadcaster in Germany during World War II, has been denied reinstatement as an American citizen.

* * *

Federal Judge Lloyd F. MacMahon Thursday turned down the application, saying it was "motivated not by bonds of affection for the United States and attached to the principles of the Constitution but by the opportunistic demands of self-interest."

The judge added that, had the Nazi regime not been defeated, the 45-year-old Sittler "would still be 'Dr. Vieth,' your Nazi commentator."

3 Killed as Typhoon Moves From Formosa

TAIPEI, Formosa (AP) — Typhoon Lorna blew down to an ordinary storm today and moved into the Formosa Strait after causing at least three deaths in southern Formosa and disrupting rail and highway traffic in some areas.

Two Chinese air force drivers were killed at Pingtung when a tree uprooted by strong winds landed on their jeep.

New Speed Rules Not Yet in Effect

EAST LANSING (UPI) — Michigan's new and higher speed limits for some freeways don't go into effect until after Labor Day, State Police Commissioner Joseph Childs reminded motorists today.

"We want to put out this caution so people won't be driving their cars the extra five miles faster," Childs said. "We also hope motorists know that the new limit, effective Sept. 6, is only for about 500 miles of freeways."

The new maximum speed limits will be 70 miles an hour during the day and 60 at night on the freeways, replacing the former 65 and 55 limits.

* * *

The State Highway Department and state police said this will only apply on divided highways which can be reached by interchanges.

* * *

"Existing speed limits will remain in effect on freeways in major cities, such as Detroit," said Highway Department traffic division director Harold H. Cooper. "Nonfreeways, such as divided U.S. 27 north of Lansing, will qualify only when they are brought up to standard."

* * *

More than 200 freeway speed limit signs will be changed or replaced, the department said.

The earth's largest living thing, the giant sequoia tree, sprouts from a tiny seed resembling a rolled oat. It takes 3,000 seeds to make an ounce.

27 Americans Seek Cuban Exit Permits

HAVANA (UPI)—Swiss embassy officials today sought exit permits for 27 Americans who were stopped at the last moment from leaving Havana on a special repatriation flight.

* * *

Cuban officials refused to let the 27 depart on the flight Thursday night because they could not produce exit permits from the Cuban security police as demanded unexpectedly at the airport.

Swiss embassy officials said the permits had not been required of Americans leaving on previous repatriation flights.

Honeybees carry water as well in cells or even act as storage as honey. Special carriers bring tanks themselves until the water it to the hive, dole it out, seal it is needed.

COL. WILLIAM M. BANKS

Acquit Colonel in Tower Case

AF Officer Not Guilty in Collapse of Texas Radar Structure

NEWBURGH, N.Y. (AP)— Air Force Col. William M. Banks has been acquitted by a court-martial on a charge of negligence in the collapse of a Texas radar tower that took 28 lives.

* * *

Banks, 46, said at the end of his trial Thursday: "With a fair and just court my innocence was established." He was stationed at Stewart Air Force Base here and had over-all charge of the radar tower that collapsed in an Atlantic storm 80 miles off the New Jersey coast Jan. 15.

* * *

After the trial, Banks returned to his present post as assistant to the director of materiel management of the San Antonio air materiel staff.

Eight witnesses were heard at the three-day court-martial before a board of three generals and five colonels at Stewart Air Force Base.

* * *

A major charge on which Banks was tried was that he failed to keep himself apprised of the storm threat to the tower, which had been damaged in previous storms. Others were that he failed to hold himself in readiness for any action necessary to rescue the men on the tower, and to keep in touch with the officer in direct charge of the tower.

A person who watches an average moive sees about 250,000 separate pictures.

Doctor Optimistic for Cancer Serum

CLEVELAND, Ohio (AP) — A Cleveland scientist says he is ready to prepare for tests on humans an anticancer vaccine that has worked on laboratory animals.

* * *

Dr. Sergio de Carvalho said actual production and use of such a vaccine would take about a year to prepare for. Antibodies that would be used to fight cancer in humans, he said, would be grown in horses.

* * *

He said efforts are being made to develop serum that would work effectively against different but related types of cancers. He does not think a single serum would fight all types of cancer.

TO TAKE TIME

Dr. de Carvalho announced on Thursday he has developed an imunizing serum that was used to treat and prevent cancer and leukemia in animals. Preliminary reports are encouraging, he said, but it may be some time before any conclusive findings can be reached.

* * *

With this serum, he said, he has protected rats with a high susceptibility to cancer so that no cancer implants take hold in them.

* * *

Dr. de Carvalho, director of cancer research with Rand Development Corp. here, reported his findings at the 19th annual meeting of the Electron Microscope Society of America in Pittsburgh.

He said he worked closely with scientists from Parke, Davis & Co., a Detroit pharmaceutical firm.

* * *

He said these research results have led him to believe he may develop a vaccine for a successful fight against cancer in humans:

1. Material extracted from cancer tumors and grown in the laboratory looks, under an electron microscope, just like a virus, long suspected as a possible cause of cancer in humans.

* * *

2. He has been able to take this material, inject it into a horse, and have the horse manufacture an antibody serum that later inhibited cancer in animals.

3. He has developed a theory of the mechanics of virus behavior that would account for the cancer-inhibiting effects on animals.

* * *

4. Although the end products have so far been tested on animals, he said, the original cancer-causing agents were grown from extracts of human cancer cells.

The Boston rocker with its high spoked back, curved seat and floral trim once was so popular in America that it was called "the chair that rocks the nation."

Parties Join to Ask Kenya Independence

NAIROBI, Kenya (AP)—With Jomo Kenyatta's blessing, Kenya's two leading political parties patched up their differences today to demand independence from Britain by next February.

Tom Mboya's Kenya African National Union (KANU) and the Kenya African Democratic Union (KADU) said they are ready to unite in an interim coalition government.

* * *

The parties demanded the colony be given full internal self-government immediately without having to pass through the stage in which the British would still hold veto control.

Today a tenth of the earth's surface lies under ponderous ice. Antarctica and Greenland account for most of it but there are small mountain glaciers in many parts of the world.

Powder Puff Politicians Have Gone Far

(Editor's Note: Following is the second of two dispatches on women's suffrage. Today discussion focuses on the political gains of U.S. women who on Saturday will mark the 41st anniversary of the enactment of the 19th Amendment granting suffrage.)

By GAY PAULEY

NEW YORK (UPI) — The progress of women in political life has shown steady gains since they won suffrage Aug. 26, 1920.

So has their say on who wins presidential elections, although the Republicans claim 1960 was a notable exception.

And, at the rate the female population is gaining on the male, women could be the decisive voice in all future general elections.

Consider these statistics from the U.S. Bureau of the Census, on the eve of the 41st anniversary of women's suffrage.

★ ★ ★

In 1960, there were more than 108 million persons of voting age, with a feminine majority of 3,283,000. The bureau estimated that by 1970, there will be close to 124 million persons over 21, with a feminine margin of 4,686,000; by 1980, a total of 148 million potential voters, with 5,454,000 more women than men.

Experts studying recent Presidential elections already credit the women with decisive roles.

The American Heritage Foundation, analyzing a Gallup survey, found that women represented 51.9 per cent of the vote for Dwight D. Eisenhower in 1952; 52.5 per cent for him in the 1956 election.

WOMAN PRESIDENT

The Republican National Committee cited a Gallup study of the '60 election also—it showed 51 per cent of the women voters supported Richard M. Nixon, although John F. Kennedy won.

Will the increasing voting power of women mean that one day they will help put a woman in the White House?

Mrs. Margaret Price, chairman of the women's division of the Democratic National Committee, could not be reached for comment.

★ ★ ★

Mrs. Clare B. Williams, assistant Republican National Chairman, said "Men will walk on the moon before a woman is elected President."

Women presidents or not, the petticoat influence in government has gained steadily since women (two senators, 17 representatives) in Congress, a record number.

Previous administrations have had women Cabinet members — Mrs. Frances Perkins in Roosevelt's administration, Mrs. Oveta Culp Hobby in Eisenhower's. No woman holds full cabinet rank in the Kennedy Administration.

ASST. LABOR SECRETARY

However, Mrs. Esther Peterson last week was sworn as assistant secretary of labor.

A survey made in 1959 by the Republican National Committee is the last complete report on women in government.

It showed women gaining in numbers in state legislatures, as state officers including secretary of state, in county and municipal offices, in the judiciary although no woman has been named to the U.S. Supreme Court, and at least 400 key government positions including the ambassador to Norway and the treasurer of the United States.

★ ★ ★

The report listed 2.4 million women in the federal service, 24.2 per cent of the government's entire civilian personnel.

Fashion Club Meets at Library

The Fashion Your Figure Club of Pontiac met at the Adah Shelly Library Thursday evening.

Trophy winner for the week was Mrs. Edward Ruthenberg with Mrs. Thomas Hereford, runner-up. Mrs. Donald Beacom gained the most weight during the same period.

The group welcomed Mrs. Charles Miracle, Mrs. Alfred McLaughlin and Mrs. Eldon Adams as possible new members, and enjoyed movies of previous club activities.

Officers will be elected at next week's gathering. Nominating committee members are Mrs. Conrad Burlison, Mrs. Park Nique and Mary Trask. Sponsored by the Pontiac Parks and Recreation Department, the group extends a membership invitation to those with weight problems.

Concert Music Will Highlight Peach Festival

Felix Reznick, conductor of the Pontiac and Grosse Pointe symphony orchestras, will conduct a portion of the Detroit Symphony Orchestra at a concert Sept. 4, highlighting the Romeo Peach Festival. The program will begin at 8:30 p.m.

The orchestra, including a number of first chair men, will present Brahms' Hungarian Dances, Nos. 5 and 6, and selections from Sibelius and Tchaikovsky.

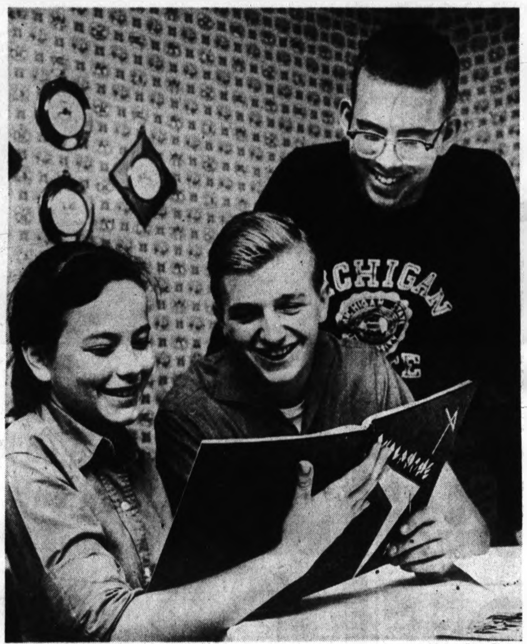
Donations from the Detroit Federation of Musicians and residents of the Romeo area have made the concert possible.

Sizing's Cover-Up for Poor Quality

Sizing is a common cover-up for poor quality, according to the American Institute of Laundering industry. Underneath the smooth surface of a heavily-sized kitchen towel, say the A.I.L. textile technicians, may be short yarns which will fuzz up after laundering and cause linting on dishes. And "loaded" sheets, they add, are usually so sized to cover up loose weaving.

If sizing content cannot be judged by feel, the Institute suggests "rubbing" the material above a dark surface. If a powdery film filters out, an over-supply of stiffening has been used to improve the appearance of the fabrics.

Women's Section



Pontiac Press Photo

A favorite get-acquainted medium, the school yearbook, brings a smile to international student Peter Gareis of Gottingen, Germany (center) and his hosts Barbara Jeanne and Larry B. Thomas. A senior this fall, Peter will be Pontiac Northern High School's first exchange student while staying at the Thomas home on Northfield Avenue. He arrived in Pontiac this week.

Time for College News Again

Commencement exercises Saturday at the Pennsylvania State University, University Park, Pa., will mark the close of the summer term, the first one to be held under Penn State's new year-round academic calendar.

Area candidates for degrees include Jacqueline A. Dailey of Acorn Court, master of science in physical education, and J. Philip Rea, of Bloomfield Hills bachelor of architecture in architecture.

★ ★ ★

Among area students entering Hillsdale College in September are Barbara Alton of West Iroquois Road, Patsy Muldowney of James K Boulevard, and Jan Oakley of Cherokee Road, all of Pontiac; Karen Brown of Blackburn Drive, Orchard Lake and Charles Leneschmidt of Petrolia Street, West Bloomfield Township.

★ ★ ★

Willis LaVire, son of the Joseph LaVires of Richmond Avenue, has received his doctorate in philosophy from the University of Florida, Gainesville, Fla. He was former principal of the Drayton Plains Elementary School.

★ ★ ★

Mrs. David Dennis, 1953 graduate of Pontiac Central High School, was recently on the Ball State Teachers College campus at Muncie, Ind., for the pre-entrance examination and orientation program.

Daughter of Mr. and Mrs. J. F. Blain of LeGrande Avenue, Mrs. Dennis plans to major in teaching.

★ ★ ★

Margaret Gegovich of Ward Road in enrolled at South Macomb College this fall.

★ ★ ★

Joy Ann Rattew of Joslyn Avenue is the recipient of an academic scholarship from Northwood Institute at Alma. She plans to take a medical secretarial course.

Entering as a freshman this fall at Michigan College of Mining and Technology at Houghton will be Karen Ann Antolich, the daughter of the M. J. Antolichs of Navajo Drive.

★ ★ ★

At the University of Michigan, David H. Gustafson, son of Mrs. Harold Gustafson of Forest Avenue and the late Mr. Gustafson, will be a senior in engineering school.

★ ★ ★

Some 155 Michigan State University students who made the all A list during spring term will be feted at President John A. Hannah's fall term dinner.

From the Pontiac area are Marcia L. Shepard of Summit Street, Richard O. Singleton of Mohawk Road, Monte C. Alkire of Orchard Lake, Constance A. Gordon of Birmingham and Judith C. Carlson of Highland.

★ ★ ★

John Saum of Voorheis Road is transfering to MSU from Central Michigan University for the fall term. He will be a junior, majoring in fisheries and wildlife.

Members Grow

NEW YORK (UPI) — The National Association of Banking Women now has a membership of more than 35,000. All members hold executive or official positions in banks. Ten of the members are chairman of the board in their respective banks.

KATHRYN ILENE OLMSTEAD

Dr. and Mrs. Lester E. Olmstead of Orchard Lake announce the engagement of their daughter Kathryn Ilene to Rudolf E. Radocy, son of the Rudolf V. Radocys of Connellsville, Pa. She attended the University of Michigan where her fiance is a graduate music student.

Best to Sit With Guest and Visit

By The Emily Post Institute

Q: My husband always drives me to my bridge club and on the way we usually pick up a woman friend of mine who also belongs to this same bridge club, and drive her to the meeting.

I would like to know if it is discourteous of me to sit in the front seat with my husband while she sits alone in the back. My husband does not like to drive with three in the front seat.

A: Unless the drive to your bridge club is a very short one, it would be more polite for you to leave your husband alone in the front seat and sit beside your friend in the back.

★ ★ ★

Q: What is the correct way to eat fairly thick stalks of asparagus? At a dinner recently, one of the guests shocked everyone present by taking up the stalks in his fingers as though they were celery. Wasn't this wrong?

A: When served as a vegetable with the meat course, the stalks are properly cut into inch-size lengths and eaten as any other vegetable. When asparagus is served as a separate course, either hot or cold, and stalks are whole, the soft part should be eaten with a fork and if not covered with sauce, the ends may then be picked up in the fingers.

★ ★ ★

Q: Though I am employed as a secretary, I also make outside business contacts and am often asked to leave my business card. Since I am married, I am wondering whether it is proper or in good taste to have my name preceded by Mrs. on my business card. Should they be printed Jane Jones or Mrs. Jane Jones?

A: Your name should be preceded by title, and while Mrs. followed by a woman's Christian name is not socially correct, it is permissible in business.

★ ★ ★

Q: I am going to visit my daughter and her husband who live out on the West Coast. I plan to fly. This will be my first airplane flight. I understand that dinner will be served on the plane. Am I supposed to tip the stewardess who serves me, and if so, how much?

A: The stewardess is not given a tip. Tipping airplane personnel is strictly against airline regulations.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

★ ★ ★

The Emily Post Institute offers readers booklets on a variety of subjects concerning etiquette. If you would like the booklet entitled "Table Rules of Importance" send 10 cents in coin and a self-addressed, stamped envelope to The Emily Post Institute, care of The Pontiac Press.

Hold Prenuptial Fetes

By RUTH SAUNDERS

BLOOMFIELD HILLS — Bride-elect Margaret Anne Wilson was honored at a luncheon and shower Wednesday given by Mrs. Roger M. Kyes and her daughter Katharine in their home on Cranbrook Road.

Kathie will be a bridesmaid at the Sept. 9 wedding of Anne and John Patrick MacManus in St. Hugo of the Hills Church.

Anne is the daughter of Mr. and Mrs. Thomas E. Wilson of West Long Lake Road and her fiance's parents are Mr. and Mrs. John R. MacManus of Guilford Road.

SISTER'S MAID OF HONOR

Jane Wilson will be her sister's maid of honor and the bridegroom-elect has asked his brother Michael Hugo MacManus to be best man. Bridesmaids besides Miss Kyes will include Jeanne Hargreaves and Mandy Matthews, Miss Wilson's cousins; Jocelyn Schofield, Lee Ellison, Sandra Shrank, Elizabeth Tarloe and Judith Hoffman Richter, the latter two from New York.

Mrs. E. E. Hammonds will give a luncheon Saturday in her home and Mrs. Ernst F. Kern is planning to entertain at luncheon Aug. 30.

On Sept. 2 Elliott Trumbull will be host at a poolside cocktail and supper and on Sept. 6 Anne's grandparents, Mr. and Mrs. C. E. Wilson, will give a dinner dance at Bloomfield Hills Country Club.

Sept. 7 is the day chosen by Mr. and Mrs. Louis J. Colombo Jr. for a brunch at Bloomfield Hills Country Club and Mrs. E. Curtis Matthews and daughter Mandy will give a similar affair at their home on Bennington Drive, with swimming either before or after brunch.

A large H-shaped table with blue satin forming a stripe down the center will hold bridal bouquets at the rehearsal dinner Mr. and Mrs. MacManus will give that evening at Bloomfield Open Hunt Club.

★ ★ ★

Mr. and Mrs. Robert H. Taylor have returned from a long weekend at the Colonial Hotel at Wequetonsing.

★ ★ ★

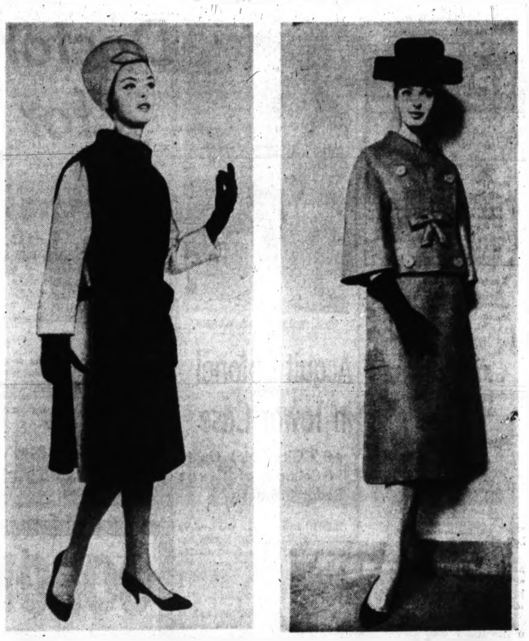
Mr. and Mrs. Edward S. Wellock will be hosts at a dinner Sept. 9 honoring Patti Dockson and Hazen Pingree whose wedding will take place in Grosse Pointe Sept. 23.

★ ★ ★

Mr. and Mrs. William T. Gossett have invited friends for a cookout Friday evening beside the pool at their home on Goodhue Drive.

★ ★ ★

Mr. and Mrs. John B. Poole, their daughter Kathie and her guest Gail Hammonds are cruising on Lake Huron this week aboard the Poole boat.



Fresh from Florence where Italian autumn and winter styles were displayed recently are the fashions above. The heavy coat, left, of dark gray and sand-colored Shetland wool is worn with a small hat of the same sand color. The red tailored dress, right, in two pieces features the new long line with four big buttons and a bow on the jacket. The hat is of silken velvet.

Abby's Advice

Baby Sitter Gets Stuck!

By ABIGAIL VAN BUREN

ABBY

DEAR ABBY: I am so upset I can hardly write. Last night I was asked to baby-sit for some people who have two children, 6 and 8. I came at 6:00 p.m. and gave the children their supper, bathed them and put them in their beds. The parents didn't come back until 3 the next morning. The lady gave me two dollars.

I am no teen-ager, Abby. I am an adult woman with many years' experience caring for a home and children. I was so hurt I couldn't think straight at the time. I even drove my own car there and back. Is it too late to speak up now? What should I say?

SPEECHLESS

DEAR SPEECHLESS: You should have agreed on the fee BEFORE you started your baby-sitting services for this woman.

If she paid you, and you did not speak up at the time, she had a right to assume you were satisfied. Don't sit for her (or anyone else) unless you have an understanding of how much you will be paid.

★ ★ ★

DEAR ABBY: I like a boy who lives in my block. I have liked him for about two months now. He has only spoken to me once, and that was when he called my pocketbook a fish basket. How can I get this boy to show an interest in me? I am 14 and so is he.

GOT A CRUSH

DEAR GOT: You'll never do this alone. Get one of your girl friends to tell one of his boy friends that the girl with the fish basket is in the market for a live one.

★ ★ ★

DEAR ABBY: I knew my father had a younger brother living in Europe, but we didn't meet until a few months ago. I am 18 and my uncle is 25. When we met it was love at first sight. Everyone in the family has been trying to break us up. What is our crime? We want to get married. Abby. They say it is against the law in this State. We have been told our children will be born feeble - minded or deformed. Is there any State where we can be married? Please help us.

TWO IN LOVE

DEAR TWO: Your clergyman (or local Justice of the Peace) can tell you about the marriage laws of your State. Ask a doctor for the facts regarding the problems that arise from marrying one to whom you are closely related.

★ ★ ★

CONFIDENTIAL TO GETTING MARRIED: If you wish to display a check among your wedding gifts, cover the amount, and leave only the signature visible.

★ ★ ★

"Are things rough?" Let Abby help you solve your problem. For a personal reply, enclose a stamped, self-addressed envelope and send to The Pontiac Press.

★ ★ ★

For Abby's booklet, "How To Have A Lovely Wedding," send 50c to Abby, The Pontiac Press.

REA C. WATTERWORTH

Mr. and Mrs. Clarence N. Watterworth of Davisburg announce the engagement of their daughter Rea Corinne to David Harold Gustafson, son of Mrs. Harold Gustafson of Forest Avenue and the late Mr. Gustafson. Both attend the University of Michigan. No wedding date has been set.

Top Fashion Not for Her

U. S. Housewife Goes to Europe, but Buys Little

NEW YORK (UPI) — A 27-year-old housewife from "Main Street, U.S.A." has been to Rome, Florence and Paris to see the fashion showings of Europe's haute couture houses and come back with only one purchase—a little denim suit.

"It's the only thing I bought and I got it in a little shop in Paris because it was too chilly for my American wardrobe," said pert blonde Sue Avers, mother of three from Allentown, Pa. "The clothes I saw at the big fashion houses aren't for Main Street, U.S.A., not by a long shot."

★ ★ ★

Mrs. Evers, whose husband is a draftsman for a cement company, won the high fashion tour in a contest conducted by the Allentown Call-Chronicle newspaper. She wrote a poem saying she'd like to make the trip because "to meet people of the world wasn't my destiny."

"The trip was everything I ever dreamed it would be," she said. "Everyone was so gracious to me and made me feel at ease. But the designers think only of their elegant audiences when they create clothes. They certainly aren't thinking about housewives like me."

WON'T DO

Mrs. Evers said almost none of the evening clothes would do for Allentown and many of the day clothes would have to be adapted to American needs. She did like the sports clothes, especially in Italy, but found them much too expensive.

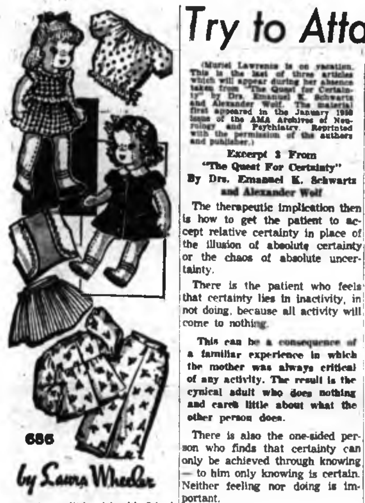
"They were simple enough to design for me to copy on my own sewing machine, and perhaps I will," she said. "But I won't copy the Bikini bathing suits. Who'd have the nerve to wear one of those in America?"

★ ★ ★

Mrs. Evers was entertained by mayors, movie stars, and nobility, saw her first opera at Rome's famed Baths of Caracalla, made a TV film with Susan Strasberg, visited Paris' naughtiest nightclubs, toured the Louvre, and dined at the best restaurants everywhere. She also had the opportunity of visiting the apartments of two young mothers of her own income bracket in Paris and Rome.

APPRECIATIVE

"That made me appreciate what I have back in Allentown, believe me," she said. "I'll never take refrigerators, washing machines, vacuum cleaners, supermarkets and laundromats for granted again."



Surprise a little girl with 9-inch sister dolls — and clothes they both can wear and share.

Make one doll blonde, other brunette, and let daughter sew their wardrobe from mom's scrap basket. Pattern 686: transfer patterns for dolls, dresses, lingerie.

Try to Attain Only Compromise Certainty

(Muriel Lawrence is on vacation. This is the last of three articles which will appear during her absence taken from "The Quest for Certainty" by Drs. Emanuel K. Schwartz and Alexander Wolf. The material first appeared in the January 1959 issue of the AMA Archives of Neurology and Psychiatry. Reprinted with the permission of the authors and publisher.)

Excerpt 3 From
"The Quest For Certainty"
By Drs. Emanuel K. Schwartz
and Alexander Wolf

The therapeutic implication then is how to get the patient to accept relative certainty in place of the illusion of absolute certainty or the chaos of absolute uncertainty.

There is the patient who feels that certainty lies in inactivity, in not doing, because all activity will come to nothing.

This can be a consequence of a familiar experience in which the mother was always critical of any activity. The result is the cynical adult who does nothing and cares little about what the other person does.

There is also the one-sided person who finds that certainty can only be achieved through knowing — to him only knowing is certain. Neither feeling nor doing is important.

On the other hand, there are those who feel that only feeling is certain; and that knowing, reason, intelligence, thinking and doing only lead to uncertainty; and they therefore avoid these other forms of activity.

There are those who feel that in the doing there is uncertainty; and therefore, limiting themselves to thinking and reflecting, become obsessive thinkers or feelers. The need to be smart, to be liked or to be right fits into this concept.

Many people in their quest for certainty or in dealing with their own uncertainties seek confirmation from peers or from authority figures.

We want to mention that conformity in anything, in friends, clothes, sexuality, relatedness and society is related to the quest for certainty in a confirmation of the self and a denial of difference.

Only in conformity can there be some certainty in oneself. There are those who then also seek to develop a conforming environment for themselves as well as others.

This was seen in its most pathological sense in the Nazi movement where the attempt was made to convert the entire world into a homogeneous society by wiping out all who were different.

Even within their own accepted group, slightest differences were to be avoided. The concept of leveling, of making everybody like everybody else in uniform, gait, thought and action to the last degree was basic.

Whenever all doubts are denied and all differences obscured, we face pathologic consequences. Through psychological certainty is always a little uncertain, of this we may be certain.

Last Rinse Best to Use Softener

URBANA, Ill. (UPI) — Fabric softeners work best when used in the last rinse water advises University of Illinois home economist Ruth Galbraith.

* * *

She cautions against using the softener simultaneously with the detergent or soap flakes.

Fabric softeners work by leaving an invisible deposit on the fibers, letting them slide over themselves within the fabric and resulting in softer, fluffier fabrics.

They are most useful when line-drying laundry, particularly bath towels, diapers, and sheets.

The selvages on sheets, for example, don't curl as much when treated with softener and are easier to iron.

* * *

Fabric softeners are also good anti-static agents. They help reduce clinging of orlon or acrilan sweaters and nylon slips.

If the fabric tends to yellow after using a fabric softener, wash it several times without the substance. Remedy the situation the same way if too much softener build-up makes the fabric less absorbent.

* * *

Fabric softeners have no relation to water softeners.

Buyers' Group to Bid Men Join Starting in Fall?

OTTAWA, Canada (UPI)—Beryl Plumptre, a tall, silver-haired woman, is the national president of the Canadian Association of Consumers, a 30,000-member woman's organization whose aim is to protect, educate and represent today's buyers.

* * *

She's the wife of Wynne Plumptre, Canada's assistant deputy minister of finance, and the mother of two teenagers.

"I am vitally interested in welfare work and things affecting the way of life of Canadian women," the fifth-generation Australian says.

At next fall's annual meeting she will ask delegates to open association membership to men "because basically consumer problems are common to men and women who make the decisions jointly."

* * *

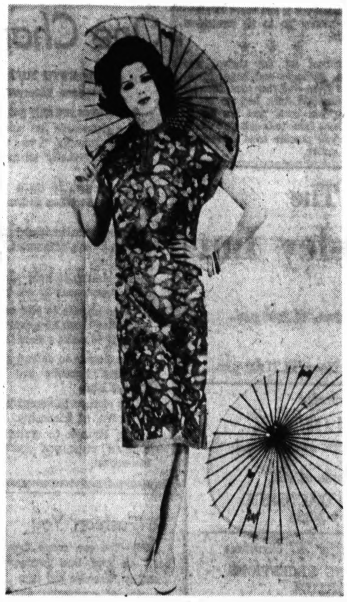
Mrs. Plumptre will back proposals to solicit support and more recruits from groups other than those in the middle-income bracket and to initiate a department to test consumer products to inform the buying public better.

The association also would like to see a cabinet minister handling a consumer's department in the federal govern-

Natural Fibers Take to Mildew

In the summertime clothing made of natural fibers is very susceptible to mildew damage. The housewife can combat this fungus effectively by using a little extra care, according to technicians at American Institute of Laundering, research and education center for the professional laundry industry.

To combat this vicious fungus, the housewife should be certain that her soiled clothing and other fabrics are dry before putting them in her laundry basket or bag. This is particularly true, say the technicians, of towels, washcloths, or underclothing.



She's Madam Butterfly in flying colors by Vanity Fair. Flights of brilliant butterflies wing over poppy red or blue-fire background in this smart sleep shift to wear either sashed or unsashed, as it is here. Nylon tricot that washes easily at home or away, the butterfly print also comes in lingerie.

Glamour Perks Up an Outlook

If you are growing tired of having the same appearance day after day, give yourself a glamour-lift by trying new trends in make-up fashion.

* * *

According to a famous beauty authority, this can be done in the following ways. Experiment with a new shape to your eyebrows. A wider or more narrow line, or one which comes to a flirty center arch, will do wonders for your expression.

* * *

A change in lipstick colors will give the tone of your complexion a beautiful new freshness, and the fashionable new lipstick shades, particularly the no-shine pastels, will enhance the colors to your costumes and make them look new again.

TRY ROUGE

If you are not accustomed to using rouge, try it. This is a very important fashion requisite, especially for evening wear, that gives the cheeks a romantic bloom.

* * *

Also, for a unique feel and look, try a different facial make-up, one that is sheer and light and imparts a modern new matte finish to your complexion.

Natural ice has a tensile strength of 200 pounds per square inch. When fiberglas is added — as little as 4 per cent of the volume — the ice has a tensile strength of 2,000 pounds per square inch.

Friends, Class Are Reunited at Luncheon

Hunters Whip Restaurant at Franklin was the setting Thursday for a luncheon attended by eight childhood friends and members of the 1951 graduating class of Pontiac Central High School.

Reacquainted at the get-together were Sally Barnett of New York City, Mrs. Frank Salerno of Oak Park, Ill., Mrs. Arthur Hatcher of Garden City, Mrs. Roger Berlin of Bloomfield Hills, and Mrs. Bruce Jacobsen of Oxford.

Others present were Mrs. John Weber of Drayton Plains, Mrs. John Ostrander of Waterford and Mrs. Kurt Bemman of Pontiac.

Mamma Bear Has Her Shopping Problems

By JOY STILLEY

NEW YORK (AP) —Every housewife needs a purse-size electronic computer, to take to the supermarket along with the grocery list.

Failing this, she should at least have a master's degree in higher mathematics if she hopes to make her money go to its stretchiest limits.

* * *

Arrayed on the shelves are cans, packages and boxes in all sizes from wee tiny ones, through middlesized ones and on up to great big ones. And it's up to Mamma Bear to decide just which one will provide most dinner for her dollar.

For instance, two packages of cheese sit chummily side by side. But Mamma's frugal eye notes that one is 29 cents and the other 35 cents.

"Six pennies saved is six pennies earned," she mutters happily to herself as she tosses the cheaper one into her basket.

WEIGH THE SAME?

But it's not that easy. The two brands look just alike but there may be more to this than meets the eye. How about seeing if they weigh the same, a thrifty inner voice cautions.

The search is on! Somewhere on that label the net weight just has to be listed, even though it takes a microscope and a Pinkerton detective to find it.

Located at last between "keep in refrigerator" and "sodium propionate added as a preservative" is the sought-after information.

* * *

Aha! Just as she thought. The 29-cent package contains six ounces, but the 35-cent kind boasts a full eight ounces.

Now poor Mamma, long since having forgotten her multiplication tables, to say nothing of her division tables, must somehow figure out which is the better buy.

By adding 29 to 35, multiplying by 16 and dividing by the number of holes in the cheese, she comes out with a headache—and a four-ounce can of grated cheese.

Everything comes in the large economy-size tube, jar, box, can, package or bottle nowadays. But by a lot of fancy figuring a math-minded shopper often discovers it's more economical to buy two of the uneconomical sizes than one of the economy sizes.

WHAT FOR SUPPER?

Cans are the biggest problem. These require a special algebraic formula to arrive at the price per ounce of avoirdupois.

If A equals the No. 303 can and B equals the buffet-size can and C equals the No. 2 can and the buffet-size can is really 227 grams, whereas the 8-ounce can serves 1 to 2, what can we have for supper tonight that the whole family will like?

It might be easier at that just to count the number of peas.

One Chance, and That Is All

By RUTH MILLETT
Newspaper Enterprise Assn.

Sometimes you only get one chance—

One chance to put aside your pride and say, humbly, "I was wrong," or "It was all my fault," or even "We were both foolish."

One chance to do a real kindness for someone when it would mean the most.

One chance to explain a misunderstanding that, if ignored, would sour a friendship.

One chance to hear what a child or adolescent needs to tell you.

One chance to give another person the break he needs when he is trying to make a start in the world.

One chance to defend a friend when slighting remarks are being made against him.

One chance to accept a shy but sincere offer of friendship.

One chance to stand up and be counted when you don't agree with the crowd.

One chance to say "No" when it is important to say "No" but easier to say "Yes."

One chance to show your appreciation for another's kindness.

One chance to refuse to be talked into doing something you know you shouldn't.

One chance to right a wrong you've done.

One chance to choose the right road when you come to a crossroads in your life.

One chance to say, "I'll keep on trying," instead of, "What's the use?"

One chance to stand up and face a hard situation instead of running away from it.

Sometimes you only get that one chance.

You get more than one chance with him when you read Ruth Millett's booklet, "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

To 'Fashion' You

(UPI)—You can create the basis of your own fashion look. Diet, exercise and regular care of complexion and hair will give you the inherent good looks that are hallmarks of American women and the basic principle of looking tops in fashion.

Study Club Is Hosted by President

Mrs. Lester Oles was hostess to the Parliamentary Study Club of which she is president Wednesday afternoon in her Knollwood Street home.

Present were Mrs. Joseph Panter, Mrs. William Pfahlert, Mrs. I. J. Gouin, Mrs. J. C. Norton, Mrs. Lewis Swartz, Mrs. J. R. Shaffer, Mrs. Fred Goines, Mrs. John Gemmell, Mrs. Lee Hill, and Mrs. Oles.

* * *

Those attending the affair included Mrs. Daniel Peterson and Mrs. Ross Elliott who were elected to membership.

Mrs. Oles named Mrs. Robert Nienstedt and Mrs. James Hampton as a committee to arrange luncheon plans for Oct. 4.

The Naval Observatory in Washington measures time within one thousandth of a second.

Mom, Save Drying Time, Enjoy Bundle of Joy

CHICAGO—A new baby may be a bundle of joy. But when you consider that a young mother with her first child adds approximately 4,000 diapers a year, plus extra bedding and baby clothes to her regular laundry load, there's no denying that mother has taken on a new bundle of time and energy-consuming work, too. Consequently, it's important for her to cut down on this extra work load and keep up her high standards of cleanliness at the same time.

* * *

The American Home Laundry Manufacturers' Association gives six reasons why a clothes dryer could be her greatest helpmate. For with this appliance, Mother can:

1. Save time. Over 37½ eight hour work days per year, or nearly six hours per week, are saved by using an automatic clothes dryer. Mothers with new babies and daily wash loads will save even more time.

2. Save energy. A dryer eliminates having to carry clothes to and from and hanging them up on the clothesline, thus eliminating a 40-mile walk annually when based on the average size wash. Of course, a mother who is on daily diaper duty is covering considerably more ground.

SAVE CLOTHES

3. Save clothes. Brightly colored garments can be faded when dried outdoors in direct sunlight. But even more important for baby, even the gentlest breeze picks up minute particles of soot and smog, dirt and dust, pollen and parasitic irritants and deposits them on wet clothes as it passes, including those diapers that you want as sterile as possible. If you are a disciple of the belief that outdoor drying makes clothes smell fresher, consider this.

Ozone lamps or "fresh air" scented liquids that come with most new model dryers take over Mother Nature's work in giving a delightful outdoors aroma to the wash.

4. Save health. Using a dryer eliminates all possibility of strain from lifting heavy laundry loads and carting them to the clothesline.

5. Save worry. No need to fret over sudden showers, high winds, broken lines, or neighborhood children or dogs tangling with the laundry when it's being safely and gently tumbled dry in an automatic dryer.

6. Save you. The time and energy saved by using a dryer will certainly make it easier to keep a pleasant disposition by taking over some of the work load.

During the next decade, upward of 45 million new babies will be born in the United States, according to estimates compiled by the U.S. Census Bureau. And if mother uses a dryer as one of her methods of saving time and energy, she'll more fully appreciate that new bundle of joy.

Teen-age Girls Study and Select Styles Like You

(NEA)—Teen-age girls want to be one of the crowd. So study what the other girls wear. But be selective. Choose only those styles that are most becoming to you. Get a full-length mirror. It's the best investment in your appearance you can make.

Invest in separates and accessories. You can make many outfits by switching jackets, blouses, sweaters, scarves and pedal-pushers. Also, a variety of costume jewelry can give many "new looks" to one good dress-up dress.

Shop — compare costs. Buy only what you set out to buy. Don't splurge on a party dress when you set out to get a top coat. Stick to your plan. Take advantage of sales. Buy ahead. Don't wait until you're invited somewhere.

EFFECTIVE!

Newspaper Advertising Is a Powerful Factor in Effective Retailing

In local advertising there's just one Champ—the daily newspaper. It's the retailer's own ad medium, and local advertisers back up their belief in this power-packed medium with a $2.7-billion-a-year investment—more than in all other media combined. The flexibility of newspapers makes it easy for retailers to tie-in with national advertising, adding to their own local selling effectiveness. Put more power in your advertising punch. Use the hard-hitting daily newspaper.

Swimming Is Good

What Exercises, She Asks

Whether you're fat or lean, swimming is a wonderful, all-around beautifier.

By JOSEPHINE LOWMAN

Q. "Please help me with my problem. I know a lot of girls who have the same problem. I am very thin. My mother tells me to take exercises, but I don't know which ones to take."

A. First, be sure that you get enough sleep and eat a well-balanced diet. Vitamin deficiency is one reason for underweight, so do not neglect the fruits and vegetables, meat, eggs, cereal and milk for rich, in-between time snacks. Vitamin B has sometimes been found helpful in gaining weight.

Swimming is a wonderful, all-around beautifier of the figure. Exercise is splendid for you if it is not too strenuous. You can take special exercises to build up the muscles of the chest, calves and arms.

* * *

Q: "Is there any way to slim the fingers? I am not overweight, but my fingers are awfully fat and make my whole hand look chubby."

A. I do not know of any way to slim the fingers, but you can make them look more slender by wearing your nails fairly long and tapered. Then use a colored nail polish.

* * *

Q. "I am 5 feet 3 inches tall and weigh 115 pounds. I am 33 years old and have three children. When my last child was born, my measurements were bust 36 inches, waist 24 and hips 36. Now they are bust 31½ inches, waist 24 and hips 36. I have read ads for bust creams and pills you can take to increase the bust measurement. Do these work?"

A. Consult your physician concerning this.

* * *

Q. "I am 14 years old and have a well-developed bust, but my mother thinks I am too young to wear a bra. This is very embarrassing for me. What do you think?"

A. I think the time to begin wearing a bra depends more on bust development than on age. Ask your mother again about this.

* * *

Are your legs in shape? You may need to exercise. If you would like the free leaflet, "Take Steps Toward Lovely Legs," send a stamped, self-addressed envelope with your request for leaflet No. 13. Address Josephine Lowman in care of The Pontiac Press.

Airlines Go All Out Over Lost and Found

NEW YORK (UPI) — Air travelers lost sight of their eyeglasses more than any other item, says a lost and found expert at Idlewild International Airport.

They also have misplaced girdles, jewelry, shoes, trousers, a zither, an alpenstock, cameras, umbrellas, brief cases and once a canary got loose in the vast reaches of the terminal.

"I never thought we had a chance to nab that canary," said James McCabe, proprietor of the Trans World Airlines lost and found office. "But I took one look at the face of the woman who owned it and decided to try."

He filled out the usual form on missing items and then spread the word of the bird on the wing. Half an hour later, an airlines agent developed the unsettled feeling of being watched. He turned and saw two bright, beady eyes set in a yellow head starting from a shelf near the counter.

The agent scooped up the bird, and phoned McCabe who in turn phoned the owner.

* * *

"She hardly said thank you," said McCabe. "But she was an exception. Most passengers are grateful for the location of lost property."

* * *

"I don't think the traveling public is careless," said McCabe, in an interview. "It's the excitement that causes them to forget. Some of them are taking their first plane flight . . . some for the first time on a jet. Others are meeting relatives they haven't seen in years."

GIRDLES AND SHOES

"Eyeglasses are the things most frequently lost. Men's hats run second. Women lose everything mentionable . . . and sometimes unmentionables. We've had a few girdles located by clean-up crews. I presume the women have removed them for more comfortable travel and forgotten to change back. Same for shoes—but can you imagine a passenger walking off barefoot! We presume the trousers are because the traveler has changed into shorts for the flight."

"Once," McCabe recalled, "we had an irate husband call us. When he got home he'd found a bra in his luggage. His wife wanted an explanation."

The airlines still hasn't solved that mystery; the only thing its baggage handlers could figure was that some unlocked suitcase came open in transit and in repacking, contents had gotten mixed up.

McCabe, 40, has worked for the airlines for five years. He is a native of County Caven, Ireland, has been in the United States 10 years, is married, has six children, and on weekends is a bandleader playing for dances and teas in the New York area.

GETS PASSES

He sold insurance until the desire to travel got the better of him. By working for an airline, he and his family are entitled to a certain number of passes each year and the number increases as his years with the line add up.

McCabe said that the importance attached to a lost object bears little relation to its value.

One woman burst into tears when she reported an old-fashioned brooch missing on a flight from St. Louis to Chicago. She was 80 and the brooch had been given her by her mother when she was a girl. The ending was happy; the Chicago office located the brooch.

Mrs. David Suskind, wife of the television producer, walked off a plane leaving $300,000 worth of jewelry behind in a cardboard box. She recovered it later with equal aplomb—"It was a drop in the bucket to her," said McCabe.

* * *

McCabe finds owners for most lost items, but eyeglasses rarely are claimed. TWA sends the unclaimed to Eyes for the Needy, Short Hills, N.J.

* * *

He said almost all the major airlines now have lost and found departments because they've learned "that this is just good public relations . . . helping to keep passengers happy.

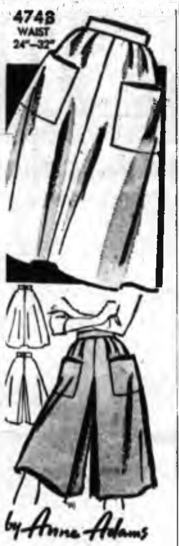
"Idlewild is the world's largest clearing house for lost and found," he added. "We're the axle in the wheel of travel."

When one cubic foot of natural gas is completely burned, it produces one cubic foot of carbon dioxide and two cubic feet of water vapor as well as some minor by-products.

Relieve Tenseness

(NEA)—The best cure for a tired, tense feeling in the facial muscles is to close your mouth and puff out your cheeks with air. Do this repeatedly for a period of five minutes daily. Not only does it relax facial muscles, it helps to iron out wrinkles around the mouth.

Do it while you're reading or watching TV, but don't do it when others are around for you will look funny with cheeks puffed out.



A gracefully flared skirt to wear everywhere PLUS culottes for an active life! Revolve a wardrobe of tops around these two smart, easy-to-sew styles for city, campus or country.

3rd Rummage Sale Is Opened at Hall

The third annual rummage sale sponsored by the Junior Women's Aide Society of Oakland County opened at noon today in the Baldwin Rubber Union Hall on West Pike Street. The sale will continue until 9 this evening and from 9 to 3 p.m. Saturday.

Proceeds go to the underprivileged and the Oakland County Medical Care Facility.

Have You Tried This?

Toast Pecans in Butter, Add to Cake, Frosting

By JANET ODELL
Pontiac Press Home Editor

You're planning a cooperative picnic this weekend and something different in the cake line is your assignment. Mrs. George Tripp's Butter Pecan Cake is just the recipe for you.

* * *

Mrs. Tripp lives at Hammond Lake. She is active in school and church work and likes to sew.

BUTTER PECAN CAKE
By Mrs. George Tripp

2 cups pecans, chopped
1⅓ cups butter or margarine
3 cups sifted flour
2 teaspoons baking powder
½ teaspoon salt
2 cups sugar
4 unbeaten eggs
1 cup milk
2 teaspoons vanilla

Place nuts and ¼ cup of the butter or margarine in a pan and toast in 350-degree oven 20-25 minutes. Stir frequently.

Cream remaining butter, add sugar gradually and beat well. Add eggs, one at a time, beating well after each addition. Add vanilla.

Sift dry ingredients together and add alternately with milk, beginning and ending with dry ingredients. Blend well after each addition. Stir in 1⅓ cups toasted nuts.

Turn into 3 greased and floured 8- or 9-inch layer cake pans. Bake 25 to 30 minutes at 350 degrees. Cool 5 minutes and remove from pans. Put together with following frosting:

¼ cup butter or margarine
1 pound sifted confectioners sugar
1 teaspoon vanilla
4-6 tablespoons evaporated milk or cream

Stir in remaining pecans.

Personal News

A daughter, Laura Sue was born Aug. 17 to the John R. Mains (Maxine Hurt) of Indianapolis, Ind.

The baby's grandparents are Mrs. M. A. Hurt of Auburn Avenue and the John S. Mains of Bloomfield Hills.

* * *

Among the guests at the golden wedding anniversary celebration of the Bert Bargers of East Kennett Road on Sunday were Mr. and Mrs. Roy Wasson, Mr. and Mrs. Charles V. Wasson and daughter Jane, all of Harrisburg, Ill., Mr. and Mrs. Maurice Black of Richmond, Ind., Mrs. Joe Baker and daughter Jan of Elwood, Ind., Mr. and Mrs. Ray Wasson and Mr. and Mrs. Jim Moorhouse of Detroit, and Charles A. Wasson of Taylor Center.

Also present were Mr. and Mrs. Grover Wasson of Wixom, Mr. and Mrs. Don Foreman and granddaughter Kathy of Lake Orion, the Bernie Rheaults of Clakrston and the Mike Mondoleks of Livonia, among many local friends and relatives.

Painting With Skill

(NEA)—Know your directions when painting inside. Ceiling is painted first, across the width of the room so that you always have a wet edge to work to. Start walls in a top corner, work downward on strips as wide as the arm can reach comfortably.

Wheat Support Okayed; State Farmers Say No

WASHINGTON (AP) — Wheat farmers have approved marketing quotas for their 1962 crop and will get $2 a bushel price support.

In a national referendum yesterday in the 39 commercial wheat states, the growers also supported a 10 per cent cut in acreage and a government plan to turn millions of acres of wheat land over to conservation uses.

Michigan wheat producers, however, stood—just barely—against the new wheat stabilization program.

They turned it down 4,790 to 3,047.

About 19.6 per cent of the 40,000 eligible farmers, who were faced with no wheat surpluses, turned out to vote.

* * *

This was about double the number who went to the polls last year, said Edwin J. Lunde, program specialist for the State Agricultural Stabilization and Conservation Service.

About 62 per cent of Michigan farmers whose soft, white winter wheat is much in demand last year voted in favor of the program.

Out of 265,886 votes cast in the referendum, 211,199 favored the Agriculture Department's proposed program. This represented 79.4 per cent of those voting. Two-thirds had to approve the program to put it into effect.

This was the ninth consecutive year wheat farmers have approved marketing quotas.

Secretary of Agriculture Orville L. Freeman had urged farmers to approve the program, saying it would increase their income next year 10 to 15 per cent.

* * *

Approval of the government program means farmers will get a $2 a bushel price support—84.4 per cent of parity—from the Agriculture Department next year if they comply with their acreage allotments and participate in the wheat stabilization program.

This year's support was $1.79 a bushel or 75 per cent of parity. Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them for things they buy.

The stabilization program requires farmers to place at least 10 per cent of their wheat land into conservation practices. The growers receive payments for this and for any more wheat land they retire up to an additional 30 per cent of their wheat acreage.

They would be paid 45 per cent of the normal return from the diverted acres in cash or wheat from government-owned stores for the first 10 per cent cut and 60 per cent of the normal return from any additional wheat land retired.

Farmers who don't sign up under the program do not receive the payments.

AREA NEWS

To Begin School in Rochester

Schedule Construction of $1.1 Million Building for Early Next Week

ROCHESTER — Construction of the $1.1 million West Junior High School will begin early next week, Richard F. Huizenga, assistant superintendent of the Rochester Community Schools, said today.

Three of the four major contracts have been awarded by the school board and work on the 23-classroom school can get under way immediately, he said.

Awarded the general construction contract was the Schurrer Construction Co., Pontiac for its low bid of $725,782. Nine firms had submitted bids on this phase of the project.

The Lyons Plumbing and Heating Co., Romeo received the mechanical contract for $223,700, the lowest of 17 bids, and the electrical contract went to the Yauch Electrical Co., Detroit for $89,728.

All contracts were kept within funds allocated in the budget for the construction of the school, Huizenga said.

The total amount of the contracts awarded is $1,039,210.

Equipment bids were tabled for further study, according to the assistant superintendent, but will not interfere with the progress of the school construction.

TO EQUIP KITCHEN

The board of education, he said, probably will let the equipment contract at its meeting of Sept. 5. The contract calls for equipping the kitchen, science laboratory, library, homemaking and arts and crafts rooms.

The school, the second junior high in the district, will be built on a 22-acre site on Old Perch Road, midway between Avon Road and Walton Boulevard.

It is scheduled for completion in September 1962.

In addition to the 23 classrooms there will be two teaching stations provided in the gymnasium. The building was designed by Linn Smith and Associates of Birmingham.

MSU to Open Center to Study Dairy Cattle

EAST LANSING (AP) — Michigan State University will open its new facilities at the Dairy Cattle Research and Teaching Center Sept. 1.

The facilities, including four one-story, pole construction barns, will be open for public inspection and dedicated that day, MSU spokesmen said.

The buildings also contain analytical laboratory and classroom facilities.

Lansing Man in Bathtub While House Is Burning

LANSING (AP) — While his house burned, Eugene McGowan of Lansing, bathed. McGowan was unaware that a $4,500 fire was in progress in his home until two neighbor boys burst into the bathroom to tell him.

The boys told Lansing firemen they spotted the smoke while playing a block away. Firemen said the blaze apparently started from an overheated light bulb.

Daniels-Hagerty

Couple Wed in Milford

HIGHLAND — Carole Jean Hagerty became the bride of James Richard Daniels in an afternoon ceremony Saturday at Milford Methodist Church. Rev. William E. Lovejoy of the First Methodist Church, Birmingham, officiated.

The bride, daughter of Mr. and Mrs. James E. Hagerty of 3350 Clarice Ave., wore a gown made by the bridegroom's mother.

MRS. JAMES R. DANIELS

Of white dull luster satin, it was designed with a princess style bodice and a soft, pleated full skirt which was adorned with appliques of lace and ended in a brief train. To complete the costume, the bride wore a long-sleeve Chantilly lace jacket with an Elizabethan collar.

A Swedish crown held her waist length veil, and she carried a cascade arrangement of white chrysanthemums, carnations and roses.

The bridegroom is the son of Mr. and Mrs. Charles T. Daniels of 3202 Highland Court.

Attending as maid of honor was Lois Eckstrom of Birmingham. Bridesmaids were Carol Edgar of Birmingham, Michelle Daniels of Highland and Peggy Sweetland of Lansing.

Shevawn Jackowicz was flower girl.

* * *

The brother-in-law of the bridegroom, Leon Jackowicz, served as best man. Ushers were Daniel Barnett of Detroit, James Barnett of Highland and James Hagerty brother of the bride.

* * *

The home of the bride was the setting for the reception immediately following the rite. After a honeymoon trip to Northern Michigan, the newlyweds will make their home at 3784 Golfers Drive.

Pontiac Press Photo

CROWNED AT FAIR — Tom Whiting, 18, Ray Township, and Shirley Toles, 17, Romeo, last night were crowned King and Queen of the 89th annual Armada Fair that runs through Sunday. Doing the honors was Raymond Apley Jr., state representative from the 3rd District. Shirley lives at 76040 McFadden Road, and Tom's home is at 19691 29-Mile Road.

Select Thomas E. Culbert

Oxford School Principal Named Novi School Head

Thomas E. Culbert, elementary coordinator of the Oxford Area Community Schools and principal of Axford School, has been named superintendent of the Novi School District.

Culbert, 37, succeeds Dr. William H. Medlyn who resigned his post July 31 to head the college and university placement bureau of the University of Indiana.

The new superintendent, like Medlyn, will serve a dual role in the Novi school system. Besides being chief administrator of the school district, which is entirely elementary, he will serve as principal of the Orchard Hills Elementary School.

High school students in the Novi district now attend classes in Northville but a high school is planned within the next couple of years.

Culbert, a 1949 graduate of Eastern Michigan College, began his teaching career in Britton where he served as an instructor-principal for two years. He received his master's degree at the University of Michigan.

He has been on the Oxford staff 11 years, being named elementary coordinator when the district reorganized in 1956. The position was created at that time to provide the same elementary program to all pupils, improve parent participation and expand curriculum.

TO DISCONTINUE POST

With Culbert's resignation as elementary coordinator, the Oxford Board of Education has approved discontinuing the post.

Indications that the responsibilities of the job will be assumed by the superintendent were made by the school board early this year. No decision, however, has been made.

A year prior to the reorganization of the Oxford district, Culbert, who lives at 213 Tanview Blvd., Oxford Township, with his wife and four children, spent a year in the Clawson School District.

The Culberts plan to move to the Novi area as soon as a home is found.

Named to succeed Culbert as principal of Axford is Joseph T. Raymer, 26, who served as principal of the Lakeville Elementary School last year.

Donald Woodbeck, a junior high school teacher, will take over Raymer's duties at Lakeville.

Raymer has been on the Oxford staff for one year, teaching previously in the Avondale District. Woodbeck has been in the Oxford School System four of the nine years he has been a teacher.

Kalamazoo Apple Queen

KALAMAZOO (UPI) — Lynn Maxan, 18, was crowned Apple Queen of the 115th annual Kalamazoo Fair last night. The strawberry blonde is a shapely 5-feet-4 and weighs 124 pounds.

Revival Meetings Planned at Troy

TROY — Rev. Robert Downing of Temple Baptist Church, Garden City, will be the speaker at the Trinity Baptist Church revival meetings Sunday through Sept. 1.

Rev. Downing, originally from Clawson, was called to his present pastorate seven years ago when the church had a weekly attendance of 11. Through his ministry he has built the total up to 521 members.

A speaker at evangelistic campaigns throughout the country, Rev. Downing will be preaching nightly at 7:30 at the Troy church on Square Lake Road.

DOLORES BAILEY

The engagement of Dolores Bailey and Kenneth D. Keller is announced by the bride-elect's parents, Mr. and Mrs. Carleton Bailey, 8782 Sashabaw Road, Independence Township. The prospective bridegroom is the son of Mr. and Mrs. Ira N. Keller, 6438 Snow Apple Drive, Independence Township. A June wedding is planned.

Acting Mayor Tops Clarkson

Council President in Southfield Signs Pact of Easlick

SOUTHFIELD — Former City Assessor Gerald Easlick is this city's new assessing consultant.

Council President C. Hugh Dohany, as acting mayor, signed Easlick's contract yesterday in the absence of Mayor S. James Clarkson.

The controversial issue started six weeks ago when Clarkson fired Easlick over differences of opinion on appraising and assessing procedures.

The City Council then named Easlick as assessing consultant and turned down one and tabled another of Clarkson's appointments to the city assessor's post.

VETOED ACTION

Clarkson vetoed the council's action. The council then overruled Clarkson's veto but the mayor refused to sign Easlick's contract.

Dohany said today that he had received a letter from Clarkson, who is vacationing in Grand Rapids, asking him to carry out certain functions in his absence.

The acting mayor said, however, that there had been some legal question as to whether the city clerk and treasurer could issue paychecks to Easlick without his contract being signed by the mayor.

* * *

According to the city charter, Dohany explained, the council president can perform all the duties of the mayor in his absence when authorized by the council.

950 Die in State Traffic

EAST LANSING (AP)—Traffic accidents have killed 950 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll during the same period in 1960 was 930.

Wed at Lady of Lakes

Diane Pace Marries

INDEPENDENCE TOWNSHIP— Our Lady of the Lakes Catholic Church was the setting for the noon wedding Saturday of Gerald N. Wiggins and Diane Marie Pace. Rev. F. J. Delaney officiated.

Daughter of Mr. and Mrs. Charles A. Pace of 6527 Maple Drive, the bride chose a floor length gown of Chantilly lace and organza for the ceremony. It was designed with a jeweled bodice, Sabrina neckline and huge organza bustle bow.

MRS. GERALD N. WIGGINS

A jeweled lace headpiece held her fingertip veil of illusion, and she carried her missal topped with stephanotis and miniature carnations.

* * *

Her gold sweetheart drop necklace with a diamond in the center was a gift from the bridegroom. He is the son of Mr. and Mrs. Gerald E. Wiggins of Dearborn.

Kathryn J. Simenson of Pontiac was maid of honor. Bridesmaids were Vivian L. Rusch of Drayton Plains, Jeannette P. Ohanesian of Pontiac and Susan C. Palmer of Detroit.

Serving as best man was Richard E. Wiggins of Detroit. Ushers were Thomas A. Wiggins of Dearborn and Robert C. and Richard A. Pace, both of Independence Township.

A reception was held at the UAW Hall in Pontiac after the ceremony. The newlyweds took a honeymoon trip through the Midwestern states to Phoenix, Ariz., where they will reside.

66-Year-Old Lifer Dies in Prison Leap

JACKSON (UPI)—A 66-year-old prisoner, sentenced to life for second-degree murder, leaped to his death Thursday from a catwalk along the fourth tier of cells at Southern Michigan Prison, authorities said.

They identified the man as Harry Potter, formerly of 1327 Hadley Road, near Lapeer. He was sentenced in 1945.

Gov. Swainson Sees Challenge to 1975 Farmers

ESCANABA (AP) — A diminishing number of Michigan farmers will be called on in future years to produce bigger crops than ever before, Gov. Swainson said today.

* * *

There are indications that by 1975, Michiganians will consume 30 per cent more food than they do today, the governor said.

"This presents a great challenge to our agricultural community," he said in remarks prepared for the Governor's Day luncheon at the Upper Peninsula State Fair.

Swainson, saluting agriculture as Michigan's second biggest industry, noted that sales of farm products now total nearly $750 million. Business directly connected with the processing, storing, distribution and transportation of farm products totals another $1.8 billion, he said.

PEEK AT PROGRESS—In days gone by, the knothole gang usually had a ball game as its visual objective. This week, Pontiac Press photographer Eddie Vanderworp aimed his camera through a knothole in a fence on East Huron Street. The result shows progress on Pontiac Osteopathic Hospital's new $3-million, 276-bed addition. A workman looks down at foundations of the old Central Methodist Church, razed recently, that will hold the two-story addition scheduled for completion in September, 1962.

Allied Soldiers in 'Mousetrap,' Claims Pravda

MOSCOW (AP)—Pravda, the Communist party paper, asserted today that Allied soldiers in West Berlin are caught in a "mousetrap."

* * *

"The strengthening of the American garrison in West Berlin is of course of no military significance," the paper said. "The size of the forces in the West Berlin mousetrap is a political and not a military question."

* * *

Pravda said, however, the fact that the United States chose to increase the garrison rather than seek a peaceful settlement is significant.

* * *

"In this sense," Pravda said, "the measure is a provocation which cannot be left without attention."

Reds Foil Escape Try by Young E. German

COPENHAGEN (AP) — An East German youth tried to jump from the East German ferry Seebad Warnemuende at Gedser, Denmark, Thursday but was overpowered by Communist police; the Danish Radio said.

* * *

The would-be defector was subjected to extremely rough treatment, the radio said. Plainclothes East German police have been posted on the ferry following several attempts by East Germans to escape.

Showers are quicker but baths are better for the skin, according to a recent dermatological report.

Dutch Princess in Love

MILAN, Italy (AP)— Holland's Crown Princess Beatrix, 23, is reported by the Italian press today to be in love with Prince Alessandro Borghese, member of one of Italy's noblest families. Papers published photographs of the couple at Porto d'Ercole, seaside resort 60 miles north of Rome.

Writer Leaves All to His Wife

Hemingway Asks Mary to Provide for 3 Sons by Former Marriage

NEW YORK (AP) — Ernest Hemingway's handwritten will leaves his entire estate to his widow, Mary, and asks her to provide for his three sons by a previous marriage.

The Nobel and Pulitzer prizewinner died July 7 from a self-inflicted shotgun wound at his home in Ketchum, Idaho.

* * *

His will was filed for probate in surrogate's court Thursday, and his estate was listed as "over $20,000" pending further appraisal.

The will is on both sides of a single sheet of personal stationary, topped with red-tinted letters reading "Finca Vinia, San Francisco de Paula, Cuba," and dated Sept. 17, 1955. It was couched in legal language.

In the will, Hemingway wrote, "I have intentionally omitted to provide for my children as I repose complete confidence in my beloved wife, Mary, to provide for them according to written instructions I have given her."

3 Seamen Defect to West

TRAVEMUENDE (AP)— Three crew members of an East German Coast Guard cutter overpowered nine shipmates Thursday night and made a dash for freedom. As soon as the mutineers jumped onto West German territory, their former shipmates gunned the boat's motors and headed back out to sea.

Some Flower Stems Need Searing at Once

Any flower with a milky substance in the stem like poppies must be seared immediately after cutting. Use a candle or a cigarette lighter or place stems in one or two inches of boiling water for 1 minute. Protect heads from steam by wrapping paper around them. If recut they must be seared again. A few drops of wax in the center will keep the petals open and intact a little longer.

One of the few remaining places where bald eagles persist in numbers is Everglades National Park in Florida.

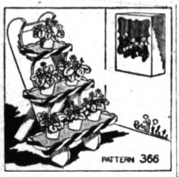
Farm and Garden News



Outdoors or inside your house plants will like this terraced stand. The shadow-box plant holder breaks the monotony of a blank outdoor wall. Shade-loving plants will do well in it in the house. Pattern 366, which gives actual-size guides, material lists and directions for both, is 35 cents. This pattern is in the Yard and Garden Brightener Packet No. 59 with three other patterns all for $1.

The Pontiac Press Pattern Dept. Bedford Hills, New York

Mulch Will Save Time, Kill Weeds

The hoe is by no means obsolete. It should still be used, but lightly, to scuffle off young weeds that appear at the same time as the cultivated plants, if not earlier. Then the mulching should begin.

First give the soil a good application of high nitrogen fertilizer, such as is used on lawns, to promote decomposition of the mulch layer in contact with the surface.

Then apply whatever vegetative material you have available. Hay and straw are probably the best, but need to be put on about a foot deep, which will mat down to three or four inches, and exclude sunlight. Leaves are not so good because they either blow away or stick together in a wet mat that prevents soil aeration, but they can be mixed with other materials.

Grass clippings from the mower are very suitable, particularly if they are allowed to dry first. Peat moss costs money but lasts well and is notably useful in planting of perennials.

Sawdust has been much debated. Some gardeners allege that it sours the soil, but all it needs is extra nitrogen, say a pound of nitrate of soda or half a pound of ammonium nitrate to 100 sq. ft., of the mulched area. Sawdust has also been advantageously mixed with dried manure, poultry or other.

Sheets of black plastic are being used by some commercial growers but are inconvenient in the garden where you frequently walk.

At the end of the season, the mulch can lie where it is, or may be turned under. If you dig it in, bury it deeply and put plenty of fertilizer with it, so that it will thoroughly decompose in time for the following season.

Chemicals Can Irritate Gardener

Residues must be considered when using garden chemicals. Don't apply pesticides closer to harvest than directed.

It is always wise to wash all vegetables and fruit that have been sprayed or dusted.

Chemicals can burn if spilled on skin or clothing.

Wear rubber gloves and old clothing when you apply pesticides. Wash thoroughly when you finish. If pesticide poisoning ever is suspected call a physician or hospital for treatment.

Empty containers often don't receive the respect they deserve. Often they contain residues. Destroy or discard containers with caution. If you burn paper containers, avoid inhaling the smoke.

Drowned Trees Shown by Roots

Spring plantings that failed to leaf out — or perhaps leafed out and then withered — are a lost cause by this time and should be removed. If you had excessive loss of transplants — say, over ten per cent — you had better examine things from the ground up.

Chances are the tender young plants drowned. But you can be your own backyard coroner by exhuming the remains to find out, advises R. J. McWilliams, field representative of the Davey Tree Expert Co.

Poor drainage often is the culprit, but other factors may play a part, too. Sometimes careless handling, or failure to give stock adequate protection in storage or transit, is a cause. Then again, excessive exposure to hot Spring sunshine on the planting day, inadequate root systems, poorly selected or diseased stock are also possible reasons.

The waterlogging problem, however, may have been aggravated this season by the overabundance of Spring rainfall in many sectors. It's easy to find if your new trees or shrubbery were engulfed. Roots tell the story. Here's the check list: bluish color, absolutely no new root growth, strong odor of putrefaction.

To double check, dig small test pits in the new planting areas and fill them with water. If they don't completely empty in 24 hours, you can be sure there's a drainage problem.

There are two ways to counter. One is by installing agricultural drainage tile. The other is to plant the new woody pets higher than the surrounding terrain. Trees, planted above the level of their surroundings, usually sneer at waterlogging.

Match flower pots to a newly painted room. It's an easy matter to put each flower pot over a milk bottle and paint it with left-over paint.

Start Poincianas Now for Long Time Bloom

Sparkling red dwarf poincianas, started in red clay pots from fresh seed in August, will reward you with several years of colorful repeat performances. Water lightly and seeds should germinate within a month, ready for transfer to three-inch clay pots and larger sizes as they grow.

By the second summer your potted poinciana should start blooming and climbing to a peak growth of two or three feet, ready to keep flowering between March and early winter for at least five years. The porosity of clay pots will automatically safeguard against overwatering, a must for this lively long-lasting flowering plant.

NEW **SCOTTS "ERASE"**

Enables You to Convert a Hopeless Lawn into A GOOD LAWN without digging it up.

Complete Line of Scotts Products

BURR HARDWARE

429 Main Street, Rochester OL 1-5311

Banish that crabgrass without bending down!

There still seem to be a few people who think the way to get rid of crabgrass is to pull it up by hand. Fewer and fewer each year, though. Once a man sees his neighbor wipe out even toughest crabgrass with a simple spreader application of CLOUT,® there's another convert for sure. Made the discovery yet yourself? No better time than now. Just fill the Scotts Spreader, set the dial — and walk!

1 Bag of Clout Covers 5,000 Sq. Ft. $6.95
10 Bags . . $62.50

Enormous Writing Job

The New York Botanical garden is engaged in a monumental, 30-volume encyclopedia of vegetation of the world. Dr. Pierre Dansereau reports that the first, and possibly the second, volume may be ready in five years. The initial volume will deal with eastern North America. The subjects of the books will range from primeval conditions to weeds.

Fountain pens were not practical or in common use until after 1880.

Only Three Essentials

Don't use fertilizers in the soil when first planting a new rose bush. Instead, use four shovelfuls of wet peat moss per plant. Remember, in planting roses the only essentials, beside the plant, are soil and water.

You'll Save at . . . .

BIG 4 HARDWARE STORES

Dramatic NEW Cure for Hopeless Lawns

Scotts.

How would you like to start a completely new lawn one week from today — without the agony of digging up, or the expense of bringing in topsoil? That's exactly what you can do, thanks to a revolutionary new Scotts product called ERASE!

With ERASE, you wipe out crab grass, weeds, grass — all in a simple spreader application. ERASE doesn't affect seed or soil — so you can plant the new Scotts lawn you want promptly.

The dead stubble of your old lawn makes a perfect seed bed — and with TURF BUILDER you grow a good lawn on the soil you've got — yes, even if it's subsoil. Come in today for full details of this new ERASE program. It's simple, sure — and GUARANTEED!

Combination Offer:

ERASE to kill existing vegetation . . . . $ 9.95
SCOTTS SEED for the kind of lawn you want $11.90
TURF BUILDER to insure steady new growth . . . . $ 4.95
★ 2,500 Sq. Ft. . . . . Only $26.80

If Crabgrass is your main problem . . . you can eliminate it with CLOUT (5,000 Sq. Ft. Bag . . . . $6.95)

TRAFFIC STOPPER — Members of a square dance club of Sault Ste. Marie swing their partners on the Mackinac Bridge as they rehearse for a role in the Labor Day Bridge Walks scheduled for the forenoon of Sept. 4. The club will join 2,000 or more people who are expected to walk across the structure on the one day in the year pedestrians are permitted. Two traffic lanes will be reserved for walkers but auto traffic will continue on the rest of the bridge.

Canaveral News Will Bring Boom

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—Brevard County, which missiles transformed from a sleepy citrus area to the nation's fastest growing county, prepared for a new boom today in the wake of Cape Canaveral's selection as America's jumping-off place to the moon.

* * *

The National Aeronautics and Space Administration announced Thursday that it will purchase 80,000 acres of land north and west of the Cape on which to construct launch pads and facilities for the monster Nova rocket, the multimillion-pound thrust vehicle assigned to carry astronauts to the moon and beyond.

* * *

Several other sites had been considered.

* * *

The land acquisition, which NASA reported would cost $60 million, may erase thousands of acres of lush citrus groves, three Atlantic Ocean recreation beaches and three unincorporated towns and will force about 500 persons to move from their homes.

SOME UNHAPPY

The citrus groves, some of the richest in Florida, are located on North Merritt Island, west of the Cape. The beaches, popular with central Floridians, are on a narrow strip of land extending about nine miles north of the Cape.

* * *

Most persons who will have to relocate were unhappy with the news. But the majority felt the government would give them a fair price for their property.

* * *

Charles W. Skelly, an orange grove owner, commented: "It hurts anyone who is a farmer at heart to lose land. But if it is the proper action and for the good of the majority, we naturally will go along with it."

Gov. Farris Bryant termed the decision "the biggest development ever in the Florida economy." He estimated the project would mean a [illegible] expenditure of $80 billion in the state.

Many missile companies which have been awaiting naming of the moon base are expected to establish plants in the state.

* * *

An official estimated a billion dollars would be spent on construction of at least four Nova and two additional Saturn launch pads.

* * *

The missile test center's 23,000-man work force is expected to increase by 5,000 to 10,000 persons within a few years.

Brevard County will add about 25,000 to its population in the same period, estimated Don Holt, president of the Chamber of Commerce in the nearby missile and resort town of Cocoa Beach. Holt foresees a gigantic building boom in Brevard County.

Freedom Rider Loses Appeal

All-White Jury Finds Negro Student Guilty of Breach of the Peace

JACKSON, Miss. (AP) — A 12 man, all-white jury Thursday convicted Henry Thomas, 19, of St. Augustine, Fla., on a breach of peace charge in the first appeal trial of a convicted "freedom Rider."

The jury deliberated 45 minutes.

Thomas, a Negro and student at Howard University, had appealed his earlier conviction in City Court.

"Turn him loose . . . and blood will flow and there will be violence," said Hinds County Prosecutor Jack Travis in his final argument.

ATTORNEY RETORTS

Defense counsel William Kunstler countered: "What Travis is telling you is that if any person, including yourselves, fails to move on, regardless of whether he has committed an offense, blood will flow in the street."

Kunstler, the American Civil Liberties Union attorney from New York who plans to defend all 190 integrationist riders appealing convictions, said he would appeal Thomas' case—all the way to the U.S. Supreme Court if necessary.

Thomas was given a $200 fine and a four-month jail term by Judge Russel Moore. The penalty was stiffer than the original City Court sentence of $200 and a 60-day suspended jail term.

The teen-ager came to Jackson last May 24 as one of the first of nearly 300 freedom riders to attempt to desegregate bus, train and airline terminal facilities.

Jar Carries Letter Across the Atlantic

COPENHAGEN, Denmark (AP)—Torben Hansen, 15, found a jam jar on the beach near his home in Gilleleje, north of Copenhagen.

Inside was a letter from a Canadian girl, Susan Baldwin, 13, of Harrow, in South Ontario. The letter said she threw the jar into Lake Erie in June 1960.

Torben went home and wrote her a letter.

Pontiac General Hospital Expects Financial Gains

Occupancy reports at Pontiac General Hospital continued to show evidence that the hospital would end the year with revenues over and above its predicted break-even budget.

* * *

Last week's patient occupancy was 87 per cent, the highest since a rate of 94 per cent was recorded the last week of July.

This brings average occupancy for 1961 to more than 84 per cent, normal for this time of year.

* * *

The hospital's eighth accounting period, which ended Aug. 12, showed occupancy at 89 per cent. About 83 per cent had been expected, according to Harold B. Euler, hospital administrator.

Occupancy for the ninth accounting period is expected to be around 84 per cent.

During the eighth accounting period, income exceeded expenses by $2,049 although expenses have increased with new patient services. Billings to patients reached a new high of $466,000.

So far this year, income exceeds expenses by $8,657. Although the balance is favorable, it falls far short of the excess of $31,000 for the same period in 1960, Euler said.

Rusk's Son Weds Argentine Girl, 20; Met 4 Years Ago

BUENOS AIRES, Argentina (AP)—U. S. Secretary of State Dean Rusk's son David married a 20-year-old Argentine brunette at a Roman Catholic ceremony attended by 700 persons Thursday night.

The bride, Delcia Bence, is the daughter of a wealthy physician and cattleman. She and David met in 1957, when she was a student in Scarsdale, N. Y., his home town.

David's mother was among the guests but the secretary was unable to leave Washington.

Young Rusk and his bride, who went through a civil ceremony here July 12, will honeymoon in Mexico and then go to Berkeley, Calif., where he is studying economics at the University of California.

Newfoundland Gets Fire Help

Forest Flames Raging Over Huge Areas of Top Timber Land

ST. JOHN'S, Nfld. (AP)—Two hundred soldiers and additional fire-fighting equipment were rushed into Newfoundland by plane today to help battle forest fires that have raged over 832,000 acres of prime timber land.

* * *

The province was under a state of emergency as the flames continued to advance. Hot, dry weather was forecast and there was no hint of rain.

* * *

Resources Minister W. J. Keough asked Newfoundlanders to offer special prayers for rain. One forestry official described the fires as "hundreds of little hells."

Hardly a spot in Eastern and Central Newfoundland was not ablaze or covered with smoke. Most of the burned forests contained black spruce, vital to the province's two newsprint mills.

Mechanic Wins Right to See Heiress Bride

MINEOLA, N. Y. (AP)—Garage mechanic George Lisberg has won the right to see his teenage heiress bride, starting tonight—but it will be a chaperoned affair.

Lisberg, 20, eloped July 1 with Jane Ellen Haughey, 17, of Old Brookville, daughter of a Wall Street broker. The father Robert A. Haughey Jr., learned of the marriage last week and forbade Jane Ellen to see Lisberg again. The youth said he last saw his wife Monday.

Lisberg sought a writ of habeas corpus. Thursday a State Supreme Court hearing was put over to Sept. 6 but the following temporary agreement was reached: George and Jane Ellen may be together from 8 to 10 p.m. on Fridays and Tuesdays, and from 1 to 5 p.m. on Sundays—with Jane Ellen's mother present. Justice Mario Pittoni ruled the father may not be present.

See Fast Passage of Peace Corps Bill

WASHINGTON (AP) — Administration leaders predicted quick passage today for President Kennedy's bill to put the Peace Corps on a permanent basis.

* * *

Sen. Hubert H. Humphrey, D-Minn., floor manager for the measure, said the bill, carrying out one of Kennedy's campaign pledges, would be approved by an overwhelming majority.

* * *

He was strengthened in his confidence by the 59-32 roll call vote Thursday by which the Senate defeated a Republican-sponsored proposal to cut the money authorization for the first year from $40 million to $25 million.

A million earthquakes shake our planet every year.

AP Photofax

HAPPY EVENT—Actress Audrey Meadows and her new husband, Robert F. Six, cut into a cake at a reception following their wedding in Honolulu Thursday. The couple will take an extended honeymoon in the Far East, leaving Hawaii tonight for Tokyo. Miss Meadows plans to continue her work in television and movies. Six is president of Continental Air Lines.

Ex-Governor's Wife Dies

MILWAUKEE, Wis. (AP) — Eliza C. Heil, 83, widow of former Wisconsin Gov. Julius P. Heil, died Thursday. Heil, a Republican who was governor from 1939 through 1942, was founder and head of the Heil Co. in Milwaukee.

$100,000 Jewel Theft

ANTIBES, France (AP)— Jewels valued up to $100,000 were taken at gunpoint Thursday night from a salesgirl near the fashionable Hotel du Cap d'Antibes. The jewels belonged to jeweler Jean Martin, who has a shop at the hotel.

HOLLYWOOD'S HITLER — Actor Richard Basehart (right), playing the title role in the movie "Hitler," lectures his associates in this scene at "Berchtesgaden." Others are (left to right): Eva Braun, played by German actress Maria Emo; Himmler, Rick Traeger; Martin Borman, G. Stanley Jones; Hermann Goering, John Mitchum; Julius Streicher, Theofore Marcuse; Hitler, and Joseph Goebbels, Martin Kosleck.

Hitler Crowd to Come Alive in New Biographical Movie

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — There they were, the whole Hitler gang — Goering, Goebbels, Himmler, Streicher, Bormann, Strasser, Jodl, Keitel and Adolph himself with girl friend Eva Braun.

THOMAS

The gruesome bunch was holed up in Der Fuerher's Berchtesgaden Aerie overlooking the Bavarian Alps. They were once again plotting new conquests as Hollywood was preparing to cash in on the revival of interest in the Nazi chapter of world misery.

* * *

Allied Artists is making a film called "Hitler." Notably missing from the cast is Rudolph Hess. He is still alive and hence might sue for invasion of privacy. The film company is taking a chance on the missing Martin Bormann. In fact, the studio would be happy if he turned up to file suit.

The film's Hitler is Richard Basehart, and the transformation is amazing. I found him sitting in a corner of the set, as if shunned by his fellow men. Actually, he was saving his voice.

TOUGH ROLE

"This is the roughest role I've ever had," he croaked hoarsely. "I'm shouting at the top of my voice most of the time, even when I'm making love."

Love, or lack of it, plays a major role in the film, Basehart disclosed.

* * *

"We'll show the major events of Hitler's life, from the beer hall putsch in the early '20s to his death with Eva Braun in 1945," the actor said. "But the major aim of the picture will be to show what kind of a man he was."

* * *

And what kind of a man was he?

"Apparently a very mixed-up man with megalomania, an Oedipus complex and all kinds of problems," said Basehart. "We'll show his affairs with two women. One was his niece, Geli Raubal, who was apparently the only woman he ever loved, but whom he caused to be killed. The other was Eva Braun."

Says Millions Being Duped by Air Insurance

CHICAGO (UPI) — Two economics professors claim pre-flight jitters and the gambler spirit dupe millions of air travelers into wasting money on air-accident insurance.

* * *

Professors Robert Eisner and Robert H. Strotz of Northwestern University, writing in the Journal of Political Economy, advised with few exceptions against even the "slight amount" of air insurance.

"Airplane insurance provides a kind of sweepstakes for one's family," Strotz said. "It offers a gamble on behalf of one's heirs.

"People who would want to gamble on behalf of their estate might find it prudent to buy air insurance policies as though they were lottery tickets," he said.

Continental Asks Longer Air Route to East Coast

WASHINGTON (UPI) — Continental Airlines asked the Civil Aeronautics Board (CAB) Thursday for authority to extend its routes to the East Coast.

Continental's application said the carrier wanted the right to fly between Chicago, Cleveland and New York, between Cleveland and Philadelphia and between Philadelphia and Detroit.

The airline presently is certified to serve a 7,000-mile system west of Chicago.

If the application is approved, Continental would become the nation's fifth transcontinental carrier, joining American, Trans World, United and Northwest.

Judge Favors Rebelling Locals

Gives Cincinnati Group Time for NLRB Ruling (Against Hoffa?)

CINCINNATI, Ohio (AP) — James R. Hoffa has suffered the greatest defeat of his career in Cincinnati, according to James Luken, leader of 4,000 rebelling Teamsters.

* * *

The rebels, in four locals, voted last week to leave the Teamsters Union and join the AFL-CIO.

FREEZES FUNDS

Luken was referring to the decision of Judge Charles S. Bell of Hamilton County Common Pleas Court Thursday to grant a temporary restraining order tying up the funds of the rebel locals while refusing to recognize Teamsters Vice President Harold Gibbons as trustee for the locals.

* * *

"What this amounts to," Luken said Thursday night, "is that the judge told us to carry on until the Teamsters take the matter up again later. By that time we'll have had our National Labor Relations Board election and this thing will be settled."

* * *

Luken filed a petition with the NLRB last week to conduct an election by secret ballot on whether the members of his 2,200-member dairy drivers local want to quit the Teamsters.

The members of the local took a standing vote on the question. Hoffa and Gibbons refused to recognize the validity of this and when Luken resisted Gibbons' attempt to take over the local, the Teamsters asked for the court order.

* * *

The revolt, meanwhile, spread to Middletown, where Luken's agents signed up some 60 members of Teamsters Local 836 for his new Milk and Ice Cream Drivers and Dairy Employes Union of Greater Cincinnati and vicinity.

A general production growth of between 15 and 20 per cent in the output of consumer goods was shown in Australia in 1960.

In 1792 France was certain to fall when a strong Prussia-Austrian army marched against the inexperienced army of the French Revolution. But dysentery-carrying horseflies struck the invaders, sending them back across the Rhine.

The setting for Robert Louis Stevenson's "Treasure Island" was the Isle of Pines off the coast of Cuba.

It's the "CHAMPAGNE CROWD" vs. the "CAMPUS SET" ...with the Romantic Riviera as the Playground!!

Refuses Funds for Segregation

Judge Rules Tax Money May Not Be Used for Private Schools

RICHMOND, Va. (AP)—A federal judge has ruled that public funds may not be used to support private segregated education in Prince Edward County as long as the county's public schools remain closed.

But Judge Oren R. Lewis, in a 19-page opinion made public Thursday, did not rule on a more fundamental question — whether Prince Edward can be compelled to reopen its public schools.

He said a suit on the state constitutional questions involved in this issue should be brought in state courts within 60 days.

* * *

He also ordered the county to submit by Nov. 15 a report on plans for desegregation of elementary schools as he had directed April 20, 1960.

Prince Edward closed its public schools two years ago rather than submit to court-ordered desegregation. Judge Lewis commented that the county and state have tried to thwart this order by providing tuition grants for private segregated schooling.

Besides ordering the county to stop providing tuition grants, he ruled out county tax credits permitted for contributions to white segregated schools.

NCAA Rule Stops Oakland County All-Star Game

Two-Faced Attitude by MHSAA Helps Kill Jaycee Classic

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Hypocrisy at its best!

This feigning trait has long been common with the Michigan High School Athletic Association and of recent years with the powerful National Collegiate Athletic Association.

* * *

The inadequacies and inconsistencies of the MHSAA and its rules have been mentioned many times in the past.

* * *

The latest rule engendered by the NCAA, with contrary powers given to state athletic associations, was passed in January forbidding high school graduates from participating in local all-star games.

This is the rule which has prevented the Pontiac Jaycees from holding the 2nd annual Oakland County All-Star football game this year.

In essence, the NCAA ruled that any high school graduate of the previous year who is a member of a squad which participates in an all-star football or basketball game which is not APPROVED by the local state high school athletic association is ineligible for one year of varsity competition in the sport concerned in any NCAA member school in which he may subsequently enroll.

* * *

This has started the NCAA and the MHSAA along with many other state high school associations, to start talking from both sides of their mouth at the same time.

Some states are now illegally enforcing the rule; some are ignoring it; some are fighting it and some refuse to be a policing body but are ready to squeal on any sponsoring group.

The Michigan High School Athletic Association, directed by Charles Forsythe, is in the last category.

All-Star games have been held in states across the country for many years. The NCAA, in passing the rule, claimed that high school graduates have been exploited by profit-making groups who sponsor such games.

This may be true on certain levels, but not in every case:

* * *

Last year, the Jaycees drew 7,300 fans to the first such game in Michigan played at Wisner Stadium for Oakland County players only.

The Jaycees are not a profit-making group. All proceeds went into numerous youth activities and civic projects. The boys enjoyed it, the fans liked the game and the success could hardly be measured strictly in terms of money.

The NCAA has no regulating power over high school athletic associations such as the Michigan High School Athletic Association, yet in its rule it imposes on the state body the right to approve or disapprove a graduate prep all-star game.

The MHSAA in May, made these written statements:

"It is the position and unanimous action of the Michigan Representative Council that since this is not a game of high school students and not connected with or sponsored by the MHSAA, there is no basis for the Council to either approve or disapprove this game.

"The MHSAA is in no way connected with the NCAA and has no authority to establish or enforce the latter's regulations.

"High school graduates who may wish to take part in such proposed game may do so as far as the Michigan High School Athletic Association is concerned."

* * *

This is the attitude which has been taken by most state high school athletic associations in the country. The Pennsylvania High School Athletic Association gave sponsoring groups the same kind of answer.

As far as these groups were concerned this was an approval to hold the game despite the non-existent jurisdiction of the state over the participating players. In fact, in the last two weekends, there were four county and sectional all-star games played in Western Pennsylvania.

What right has the NCAA to give powers to state groups over which it has no jurisdiction and involving subjects, who once they are graduated, have no obligations to high school athletic governing bodies?

Even Fritz Crisler, University of Michigan athletic director who has always been a strong NCAA man and a lifetime member of the NCAA rules committee, has personally labeled the rule an "absurdity under the facts and circumstances in Michigan."

State athletic director Charles Forsythe and the MHSAA can't really tell the Pontiac Jaycees he is absolved in the matter.

A few days after the Jaycee meeting with the MHSAA representative council, Forsythe, with the same stroke of the pen of "unofficial permission," made it a personal point to notify every principal in Oakland County to heed the NCAA rule.

It would have been just as easy for Forsythe to say "We have no jurisdiction, but if its sanction you want, we will give it to you." This would have closed the matter with a green light as far as the Jaycees were concerned.

The NCAA couldn't kill the game alone with its rule. The rule itself states it needs the help of high school associations, not stating whether it should be official or unofficial.

The letter contradicted that "unofficial" approval given to the Jaycees. It clinched the death of the game. Forsythe saw to this.

SPORTS

Tigers Have Easy Time With Cleveland

Bengals Gain on New York as Lary Wins

Detroit Hurler Picks Piersall off 1st Base in 6-0 Triumph

CLEVELAND (AP) — Frank Lary, who didn't need much help from anybody, won his 19th game last night. And the Detroit Tigers, who got help from the Los Angeles Angels, now are again just two games behind the first-place New York Yankees.

Lary's four-hit shutout pitching, supported by 16 Tiger hits, gave Detroit a 6-0 victory over the Cleveland Indians.

It war the Tigers' sixth victory in seven games. They swept four from Boston at home in Detroit and two of three from the Indians at Cleveland.

Meanwhile, the Angels dumped New York two of three times at Los Angeles. Last night they won 6-4.

* * *

The Tigers now move on for four games at Washington while the Yankees go to Kansas City.

Lary had the Indians completely under control all the way last night. He allowed only one walk —to Jimmy Piersall—and then promptly picked Piersall off first base.

In five of the nine innings Lary faced only three men. He went the distance in two hours and two minutes for his 18th complete game.

* * *

The Tigers' 16-hit attack included a four by Billy Bruton (in five trips) and a perfect 3-for-3 for Norm Cash.

The Tigers took a 1-0 lead in the first on singles by Jake Wood and Bruton plus Rocky Colavito's infield out. Bruton boosted it to 2-0 in the third with his 14th home run.

The Tigers loaded the bases in the fourth on starter—and loser—Jim Perry, but Perry got Mike Roarke on a foul and Lary on a short fly. Then Wood walked, forcing in Cash, and Bruton struck again, singling home McAuliffe. Fernandez was thrown out at the plate trying to score from second.

* * *

Lary scored an unearned run in the sixth to make it 5-0. He singled to left with two out, went to second on Wood's single and scored on Perry's error at first base.

The Tigers needed four hits for their final run—off reliever Bob Allen in the seventh. Colavito and Cash singled, and McAuliffe beat out a perfect bunt down the third base line. After Fernandez went out on a short fly to Piersall in center, Roarke beat out a roller to short and Colavito scored.

Jim Bunning (14-9) is scheduled to pitch for Detroit tonight against Ed Hobaugh (6-7).

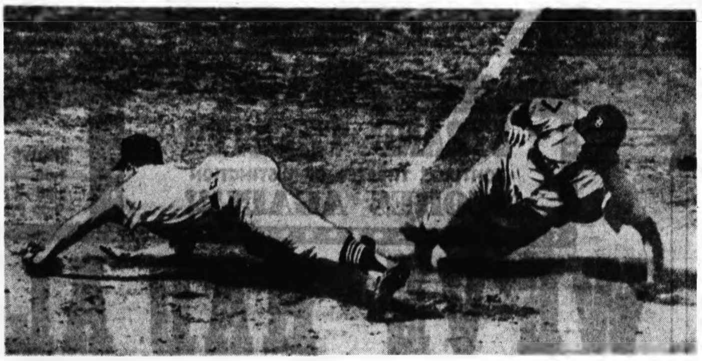
Rain Is Triumphant

PHILADELPHIA (AP) — Rain and wet courts Thursday forced postponement for the second straight day of the U. S. Girls Grass Court Tennis Tournament at Philadelphia Cricket Club.



AP Photofax

ROCKY'S SAFE AT THIRD—Rocky Colavito (7) of the Tigers slides into 3rd base safely as Cleveland's Bubba Phillips sprawls on ground to take a throw from pitcher Bob Allen in last night's game at Cleveland. Detroit won 6-0 for Frank Lary's 19th triumph and moved back within two games of 1st place.

Los Angeles Posts 6-4 Triumph Over Leaders

Small Park Bothers Yanks

By The Associated Press

Remember when the Brooklyn Dodgers were heading for Los Angeles and looking for a place to squat until their park was built? It looked for a while as though they'd settle in Wrigley Field, a prospect that sent up a holler about short fences and home runs and a travesty of Babe Ruth's record.

The Dodgers found an out, moving into the Coliseum. But when the American League followed the National to Los Angeles this season, the Angels had to set up shop in Wrigley Field for lack of anything else.

* * *

Well, the joint's still the same, still so short in spots that the Angels sheepishly hid the distance markers (345 feet) under a splash of paint on the fences in right and left center.

Yet Wrigley Field has looked as big as they come for Roger Maris and Mickey Mantle, the M-M men of the New York Yankees, in their assault on Ruth's record 60 of 1927.

In nine games at Wrigley Field Maris and Mantle, who have hit 96 home runs between them, each managed to jolt only two out of the park—and each was shut out Thursday night as the Yankees lost 6-4 to the Angels in their last visit to Wrigley Field.

* * *

In the final three-game series, Maris and Mantle each had just three hits in a combined total of 22 at bats against Angels pitching, and only one was a home run. That came in the series opener and it was No. 50 for Maris, now just 11 games ahead of Ruth's 1927 pace. Mantle, with 46, is five games ahead of the Babe.

The loss was New York's sixth in the nine games at Wrigley Field and trimmed the Yankees' lead over Detroit to two games again. The second place Tigers whipped Cleveland 6-0 behind the four-hit pitching of Frank Lary, who won his 19th.

* * *

Kansas City defeated Baltimore 5-3, Minnesota smacked the Chicago White Sox 3-0 and Boston beat Washington 5-4 in 10 innings.

The Angels were out-hit 13-6 by the Yanks and didn't get a hit after the fourth inning. They didn't need any. Four unearned runs in the fourth had put it away against Jim Coates (9-4), with Joe Koppe's two-out, three-run double breaking a 3-3 tie.

* * *

Bobby Richardson was 5-for-5, but Maris was 0-for-4 and Mantle 1-for-4 against southpaw starter Ted Bowsfield and winning reliever Tom Morgan (6-2), a right-hander. Maris found seven men on base in his five trips but brought in just one, with a sacrifice fly.

Deron Johnson's two-run homer broke up a 3-3 tie in the eighth inning for the A's and beat Dick Hall (6-5). Bill Kunkel (3-3) was the winner.

* * *

Southpaw Jim Kaat (7-12), who tripled and scored the Twins first run in the second inning, hung up his first major league shutout by limiting the White Sox to five singles. Ray Herbert (8-12) was the loser as the Sox suffered their second straight shutout.

The Red Sox made it on Jackie Jensen's second home run of the game, snapping a 4-4 tie with one out in the 10th. His first homer, good for two runs, had deadlocked it in the sixth inning. Mike Fornieles (8-8) was the winner and Pete Burnside (1-6) the loser, both in relief.

* * *

Maris-Mantle vs. Ruth

The following table shows how Roger Maris and Mickey Mantle of New York compare with the record homerun pace of Babe Ruth in 1927:

Player	Homer Number	Games Played	Date hit
Maris	50	127	Aug. 22
Mantle	46	127	Aug. 20
Ruth	50	138	Sept. 11

Borrowed Gun Means $6,500

Ohio Shooter Shatters 100 Targets for Prize in Grand American

By FRITZ HOWELL
Associated Press Sports Writer

VANDALIA, Ohio (AP)—Elbert Lesley, a 42-year-old real estate salesman from Reading, Ohio, borrowed a shotgun Thursday and won about $6,500 at the 62nd Grand American Trapshoot.

* * *

Lesley had never fired at a registered target until March of this year, but he broke 100 targets in a row from 20 yards to win the preliminary handicap — only the seventh perfect score in the event's 62-year history.

In defeating a field of 1,969, third largest ever attracted by the preliminary race, Lesley picked up the top prize of $1,000 and about $5,500 in other awards.

The women's championship went to Gail Pierson of Natchitoches, La., with 95 from the 19½ yard line.

* * *

Ed Leavanvusky of Kansas City, Kan., broke 96 from 20 yards to lead the juniors, a target ahead of Craig T. Hall of West Concord, Minn., and James McMasters of New Philadelphia, Ohio, who fired from 18 yards.

The professional title went to F. D. Missilvine of Sea Island, was second with 95 from 23 yards. R. A. Baldwin of Danberry, Conn., was second with 95 from 23 yards.

Drayton Putt-Putter Leads Suburban Open

The final 54 holes in the Suburban Putt Putt Open will be played at the Northwestern layout Sunday at 7:30 p.m. with Andy Lawson of Drayton Plains, the Dixie Highway champion, leading Oscar Swearengin, the Northwestern champ, 1-up after 54 holes.

In the weekly tournament at the Dixie Putt Putt center, Rock shot a 118 for 54 holes to win it Thursday in the rain. The tourneys are held each Thursday evening.

GDBA Selects Ware Officer, Huron for Meet

The Greater Detroit Bowling Association has made two announcements concerning the Pontiac area.

Ralph Ware, veteran keg official of Elks Lodge 810, was selected an executive director in the GDBA representing its northern section.

The group chose Huron Bowl to host the team competition for the northern district part of the annual association tournament late in the coming bowling season.

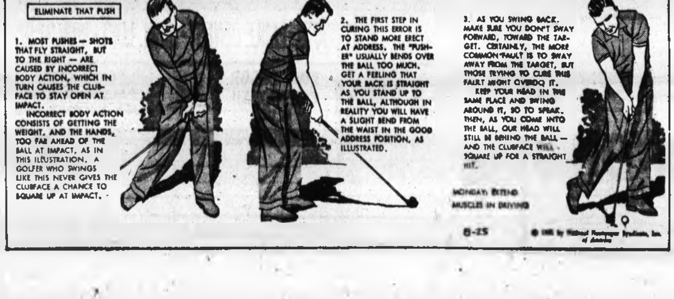
Betters Are Rewarded

DETROIT (AP) — A 38-1 shot, Meadowdale, and an 11-1 shot, Candie Lea, rewarded their backers with a $1,039.20 daily double at Hazel Park race course yesterday. One bettor collected $5,196 on a $5 ticket.

THE PALMER METHOD by Arnold Palmer



ELIMINATE THAT PUSH

1. MOST PUSHES — SHOTS THAT FLY STRAIGHT, BUT TO THE RIGHT — ARE CAUSED BY INCORRECT BODY ACTION, WHICH IN TURN CAUSES THE CLUBFACE TO STAY OPEN AT IMPACT.

INCORRECT BODY ACTION CONSISTS OF GETTING THE WEIGHT, AND THE HANDS, TOO FAR AHEAD OF THE BALL AT IMPACT, AS IN THIS ILLUSTRATION. A GOLFER WHO SWINGS LIKE THIS NEVER GIVES THE CLUBFACE A CHANCE TO SQUARE UP AT IMPACT.

2. THE FIRST STEP IN CURING THIS ERROR IS TO STAND MORE ERECT AT ADDRESS. THE "PUSHER" USUALLY BENDS OVER THE BALL TOO MUCH. GET A FEELING THAT YOUR BACK IS STRAIGHT AS YOU STAND UP TO THE BALL, ALTHOUGH IN REALITY YOU WILL HAVE A SLIGHT BEND FROM THE WAIST IN THE GOOD ADDRESS POSITION, AS ILLUSTRATED.

3. AS YOU SWING BACK, MAKE SURE YOU DON'T SWAY FORWARD, TOWARD THE TARGET. CERTAINLY, THE MORE COMMON FAULT IS TO SWAY AWAY FROM THE TARGET, BUT THOSE TRYING TO CURE THIS FAULT MIGHT OVERDO IT.

KEEP YOUR HEAD IN THE SAME PLACE AND SWING AROUND IT, SO TO SPEAK. THEN, AS YOU COME INTO THE BALL, OUR HEAD WILL STILL BE BEHIND THE BALL — AND THE CLUBFACE WILL SQUARE UP FOR A STRAIGHT HIT.

MONDAY: EXTEND MUSCLES IN DRIVING

8-25

From The PRESS BOX

Space has been reserved for 14 Pontiac teams at the Michigan State Bowling Association tournament scheduled for Airway Lanes early in 1962. There are four openings for the 9 p.m. squad on Feb. 17 and 10 for March 10 at 6:30. Anyone interested should contact Lou Koprince or Leonard Biallas. Reservations total 1,700 at present.

* * *

Veteran Ham Richardson could replace young Dennis Ralston on the U. S. Davis Cup team if he wants to but will not unless the matches with India are held in Texas where he lives. Net officials were unhappy with Ralston's behavior recently.

* * *

Defensive back Ike Grimsley of Michigan State has been dropped by Houston of the AFL. Ex-Lion Dave Middleton has signed with the Minnesota Vikings. The Oakland Raiders Thursday acquired Fred Williamson from the Steelers.

* * *

Hamtramck can clinch the Pony League World Series by beating San Antonio tonight. Battle Creek starts play in the Connie Mack series as does Adrian in the Women's World Softball Tournament. El Campo, Tex., and El Cajon, Calif., meet for Little League honors Saturday.

* * *

San Diego's fleet may turn the the 1961 World Championship Regatta of the International 110 Yacht Racing Association into a strictly California show at Bay City. Albert Frost appeared on his way to becoming the 1st three-time winner of the meet today after elected president of the association.

Seattle Oarsmen Quality Strong in Europe Meet

PRAGUE (AP)—A Lake Washington rowing club of Seattle crew qualified Thursday for Friday's semifinals in the European rowing championships by finishing second in its heat.

The Seattle foursome with coxswain was clocked in 6 minutes, 37.60 seconds. The Americans' heat, the third, was won by Italy in 6:34.63. They will be grouped Friday with Czechoslovakia and Austria in the semifinals.

American Seymour Cromwell wound up second in the first heat of the single sculls, being clocked in 7:28.70. The heat was won by Vyacheslav Ivanov of Russia in 7:27.23.

Improvement Shown by Detroit Boxer

CHICAGO (AP) — Michael E. Conner of Detroit, a junior welterweight, who boxes under the name of Baby Watusi, Thursday regained his speech and hearing and will be reeased from the hospital within several days.

* * *

Conner, 23, was hospitazlied after a bout Monday.

A hospital spokesman said Conner's doctor has announced flatly: "His boxing days are over."

SAD LOSERS — Three members of the Monterrey, Mexico Little League team sit in their dugout crying after their team lost 1-0 to a Texas team in the annual World Series yesterday.

Lions-Eagles Clash Can Provide Answers

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

It will be the World Champions against the "Runnerup" Champions when the Philadelphia Eagles and the Detroit Lions, both unbeaten in exhibition play, tangle tonight at Tiger Stadium.

The Eagles, with the great passing of Norm Van Brocklin, defeated the Green Bay Packers 17-13 for the NFL championship, while the Lions scored a 17-16 win over Cleveland in the first runnerup bowl game in Miami.

Coaches of both teams feel tonight's game will bear out the answers to many questions.

How good is the Lions' defense? Will Warren Raab make the grade as a quarterback? Can the Lions uncover some kind of running attack? Will the Eagles find the loss of Van Brocklin too big? How good is that Eagle offensive line and running attack Coach Skorich claims he has? These are the questions which must be answered.

Like the Lions, in using Raab as starting signal caller, the Eagles have also given the starting assignment to King Hill for the first time since obtaining him from the St. Louis Cardinals.

* * *

Hill and Sonny Jurgensen are expected to share the quarterback duties with the Eagles who now feel they will have better balance between the running and passing departments since Van Brocklin has gone to coach the Minnesota Vikings.

The Lions have a few injuries but none of a serious nature. Newcomer Johnny Gonzaga, whom they obtained only this week in a trade which sent guards Bob Grottkau and Houston Antwine to Dallas, suffered an ankle injury in practice. Tackle Alex Karras has a broken thumb, back Jim Steffen an injured leg and Dan Lewis a sprained ankle.

Karras may possibly see some action. The kickoff is set for 8 p.m.

* * *

Only other action in the NFL tonight sends the Cleveland Browns to Los Angeles to battle the Rams. The Browns, regarded by many as a team that could go all the way in the Eastern Division, were clobbered by Detroit 35-7 Aug. 11 and last weekend nipped San Francisco 27-24. Los Angeles, beating Washington 26-7 for its only triumph, scrambled last week to a 17-17 tie with the New York Giants.

Over in the rival American Football League, three games are slated Friday night. The Dallas Texans, leading the exhibition parade with a 3-0 record, test Denver (1-1) at Fort Worth, the New York Titans (1-2) run up against Houston (1-2) at Greenville, S.C., and Buffalo (0-1) invades Boston (1-1).

British Tennis Duo Blasts Aussie Girls

BROOKLINE, Mass (AP)—British Wightman Cup members Ann Haydon and Christine Truman blasted their way into the quarter-finals of the 81st USLTA National Doubles Tennis Championships Thursday with a slam-bang second round victory over third-seeded Australian girls Jan Lehane and Margaret Smith.

* * *

Slipping and skidding their way to the upset victory on the rain-slicked grass courts at Longwood Cricket Club, the unseeded English girls posted an 11-9, 6-1 decision in a 90-minute match.

* * *

The fifth-seeded men's team of veteran Gardnar Mulloy of Miami Fla., and Australian Bob Mark had first set trouble before eliminating Dave Reed of Glendale, Calif., and Henry Kamakana of Honolulu, Hawaii, in a second round match, 1-6, 6-1, 6-2, 6-4.

Hutch Finds Winning Combination

By The Associated Press

Managers Fred Hutchinson and Walt Alston had the same idea when it came to doing something about losing streaks, but only Hutch had the right answer—and it gave his Cincinnati Reds a 3½-game lead again over Alston's still-slumping Los Angeles Dodgers in that National League race.

Hutchinson, after losing four in a row, juggled his line-up and came up with Leo Cardenas and Dick Gernert, who paired for five hits and four RBI as the Reds cooled off San Francisco 8-5 Thursday night.

* * *

Alston also juggled his line-up, inserting old pro Duke Snider. But the Duke was 0-for-4 and the second place Dodgers lost their 10th in a row, 10-1 at St. Louis, before shoving off for Cincinnati and tonight's opener of a four-game series with the Reds.

The Reds shook their slump with four unearned runs in the seventh inning, triggered by Cardenas' winning three-run double, and ended San Francisco's winning string at six. That dropped the third place Giants five games behind once more with their third loss in 16 games.

* * *

Milwaukee beat Pittsburgh 6-1, with Warren Spahn winning No. 303, and Philadelphia tagged the Chicago Cubs 7-4 for their third straight success after a record 23 consecutive defeats.

Cardenas, stepping in for Ed Kasko at shortstop, had two doubles and a single among the Reds' 13 hits off loser Jack Sanford (10-7) and reliever Stu Miller. Two errors, by Willie McCovey and John Orsino, and two walks loaded the bases for Cardenas' two-out two-bagger off Miller, giving the Reds an 8-2 lead. Gernert, taking over for Gordy Coleman at first base, had two singles.

Southpaw Jim O'Toole (13-10) was the winner with relief help from Jim Maloney in the eighth.

The Cards, winning four in a row with the three-game sweep over Los Angeles, socked loser Stan Williams (11-10) quick, scoring in the first on Bill White's two-run homer. Alex Grammas, a .148 hitter, drove in five runs, three with a seventh-inning double, for the Cards, who out-hit the Dodgers 16-8 as Lindy McDanil won his 10th in relief.

Snider, subbing in center for the benched Tommy Davis, and Maury Wills were the only Dodger starters who failed to hit. The Dodgers, scoring on a wild pitch in the fifth inning, have totaled just 23 runs while losing 10 in a row for the first time since 1944.

* * *

The Braves cracked a 1-1 tie in the second inning at Pittsburgh when Frank Thomas singled off loser Bob Friend (12-16). Spahn, who singled home the first run, gave up 10 hits but breezed in for his sixth straight success in a push for his 12th season of 20 or more victories.

A three-run homer by Don Demeter sewed it up in a six-run second inning for the Phils as they matched their longest winning string of the season. Jim Owens (2-8) was the winner, after losing eight in a row since June 26. Jack Curtis (8-9) was the loser.

Horse Show Planned Near Holly Sunday

The Holly Moose Lodge will stage its seventh annual benefit horse show Sunday at the Mayrand Stables, a mile and a half east of Holly on M-87.

The Oakland County sheriff's posse will lead a parade from the Holly VFW hall to the stables beginning at 9 a.m. The Wolverine Trail Riders plan a drill demonstration.

There are 21 events scheduled. William Grubaugh will be the ringmaster and Bud Leach of Detroit will be the judge.

Semi-Final Round for Senior Golfers

COLORADO SPRINGS, Colo. (AP)—Two of the winners of quarter-final matches at the World Seniors Golf Tournament Thursday shot sub-par rounds to advance into the semifinals.

Howard Creel of Colorado Springs, tourney medalist, was 5-under-par for the 13 holes it took him to eliminate Forrest Peters of Billings, Mont., 6 and 5.

His round was the best of the tournament over the 6,257-yard, par 72 Broadmoor course. Creel shot a 70 to qualify for the meet. He is a former national left-handed champion.

Adrian McManus of Pasadena, Calif., also was 1 under par for 12 holes as he defeated John W. Roberts of Chicago, 8 and 6. Roberts was runnerup in the meet last year.

Playoff Game Tonight

Spencer Floor Covering plays Five Spot tonight at 7:00 in a Waterford softball American League playoff game.

Two National playoff games rained out last night will be played Sunday. A & W takes on Pontiac Rockcote at 7 p.m. and Big Jim's meets Lakeland Pharmacy at 8:30.

Net 'Unknowns' Rally to Upset Seeded Tandem

BROOKLINE, MASS. (AP) — In the first upset of the 81st USLTA National Doubles Tennis Championships, comparative unknowns Ron Fisher and Dave Snder came back from the brink of defeat Wednesday and ousted seventh-seeded Jon Douglas and Chris Crawford, 7-9, 4-6, 6-1, 7-5, 10-8.

* * *

The 21-year-old Fisher of Houston, Tex., and Snyder, 26-year-old University of Arizona tennis coach from Tucson, turned the trick amid a steady drizzle that forced suspension of play at one point.

* * *

The rain also caused postponement of all the women's matches and many of the men's at water-soaked Longwood Cricket Club.

Wasik Leads Qualifiers in Publinx Tournament

By BILL CORNWELL

Ed Wasik hasn't been winning any championships lately, but don't ever underrate him on the golf course.

Wasik, 43-year-old Pontiac Motor employe, let everybody know that he is still one of the best public links players around in Thursday's 18-hole qualifiers for the State Publinx golf crown at Pontiac Country Club.

Seven birdies and an eagle deuce highlighted Wasik's card as he fired a six-under-par 68 to capture medal honors by two strokes in yesterday's rain-soaked trials at Pontiac C.C.

Wasik scored 37-31 over PCC's par 37-37—74 course to edge local rival Mike Andonian by two strokes.

* * *

Andonian, gunning for an unprecedented 4th state title, posted 14 pars and four birdies as he shot 35-35—70 to share runnerup honors with Al Whited of Wayne.

The three-day stretch run for the Michigan Publinx Golf Association's match play championship got under way today with 63 players joining defending champion Doug Wilson of Ypsilanti in head-to-head combat.

Wilson, who won last year's Michigan Publinx crown at Loch Alpine, was exempt from qualifying.

Wasik really had things going his way on the back nine after an even par effort on the front side.

* * *

He reached the green in two and putted twice for a birdie four at No. 3, then canned a 15-foot putt for a birdie three at No. 7. These "birds" were offset by bogies on the 2nd and 6th holes.

Coming home, he birdied the 10th, 12th, 14th, 15th and 18th holes with putts of 2, 1, 20, 3 and 3 feet, respectively. Wasik sank a 25-foot chip shot on the 16th for his eagle and slipped to a bogey on the 13th.

Wasik is by no means a newcomer to Oakland County area golf ranks. He won the city title in 1955 and came close to taking city honors on three or four other occasions. Twice he teamed with Paul Bada to win the city best-ball crown.

He shot a scorching 66 last month in Pontiac Motor's annual industrial tournament on the same PCC course.

* * *

Andonian, state match play champ in 1956-57-58, was steady as usual. He birdied the 4th hole with a 6-foot putt, got home in two for a "bird" at No. 9, dropped a 4-footer on the 13th and sank a 3-footer at No. 16.

* * *

Bada, current city champion who lost to Andonian in the 1958 MPGA match play finals at Pontiac C.C., met Detroit's Bob Farmer in the 1st round. Bada qualified with 39-35—74.

Wilson was scheduled to meet Pontiac's Roy Iceberg in the 1st round while Andonian tangled with John Beaverkov of Detroit. Iceberg is a former Michigan Publinx champ.

Ten golfers tied at 82 and had to play off for the remaining seven spots in the championship flight.

* * *

Losers in the sudden-death playoff were Bruce Clemons of Detroit, Livonia's Tom Murphy and Frank Babis of Dearborn. An 11th player at 82, Livonia's Bob Hawthorne, was unable to compete and consequently fell into the 1st flight. Ninety-six entered.

Double matches, all set for 18 holes, are scheduled daily with the two finalists meeting Sunday afternoon for the title.

CHAMPIONSHIP FLIGHT QUALIFYING SCORES

Ed Wasik, Pontiac	37-31—68
Mike Andonian, Pontiac	35-35—70

Opposes Mrs. Hume in WDGA Final

Sally Eyes 'Triple Crown'

Mrs. Ted Werner, eyeing her second "triple crown" in three years, and Mrs. John Hume Jr., the defending champion, collided at Orchard Lake Country Club this morning in the 18-hold finals of the annual Women's District Golf Association match play tournament.

Mrs. Hume of Essex C.C. in Windsor, winner of last year's WDGA match play title at Pine Lake, worked her way into the final round with a 6-5 rout of Mrs. H. G. Marquardt of Gowanie Thursday.

Mrs. Werner, formerly Sally Sharp, won her semifinal match almost as easily yesterday with a 5-4 conquest of Mrs. Frank Campsie of Grosse Ile.

Neither early-morning fog nor intermittent showers could prevent Sally and Mrs. Hume from shooting excellent golf.

* * *

Mrs. Marquardt's decisive defeat squelched her hopes of getting another crack at Mrs. Werner this summer. Mrs. Marquardt lost to Sally in July in the finals of the Michigan Amateur tourney at Knollwood.

This will be a rematch between Sally and Mrs. Hume and a torrid battle is expected.

Sally, who registers from Forest Lake, overcame Mrs. Hume's five-stroke lead on the last nine holes to win by one shot in the WDGA 54-hole medal play event at Detroit Golf Club in June.

The two rivals met again in the State Amateur semis at Knollwood and Mrs. Hume lost to Sally on the 19th hole. Sally won the title the next day.

* * *

Mrs. Hume, WDGA match and medal champ a year ago, is a veteran and talented performer who starred for many seasons as Marjorie Row. The State Amateur event is the only major women's title to escape her.

Sally won these same three tournaments in 1958 to gain her first "triple crown." She's on the threshold of another one today.

CIO Will Start Series Saturday; Softball Begins

The Pontiac champion CIO Local 594 nine heads into district playoffs tomorrow. State softball play starts tonight.

CIO will meet Pepsi Cola of Detroit in the best two-of-three series playing here at Jaycee Park at 7:45 p.m. Saturday at Detroit Sunday and back here Monday if necessary. University of Detroit star Dave DeBusschere pitches for Pepsi.

* * *

Sno-Bol meets Ypsilanti in Class AA, Elks meets the Flint-Port Huron victor at 8:30 at Beaudette in "A," Fyke & Son of Rochester vs Port Huron in Class B at Flint, Shelby Oil of Rochester meets the Flint-Port Huron C winner at Northside at 8:30 and McNeill Insurance, Rochester, plays Port Huron at Flint in Class D. All but AA are regionals.

Soviets Out-Bounce U.S.

MOSCOW (AP) — The Russian gymnastic team defeated the United States, 288.05 to 282.35 Thursday, wining every event on the program.

The top American, Don Tonry of Brooklyn, finished sixth in the individual competition with 56.90 points. Russia's Pavel Stolbov won the individual title with 58 points.

AP Photofax

PUSH UPS? — Tom Arnold of Asheville, N.C., appeared to be doing upsh-ups yesterday at the International Jaycee Junior Golf Tournament in Denver. He was carefully checking the green before missing a putt here.

West Fires 74 in 3rd Round of Jaycee Meet

Special to The Pontiac Press

DENVER, Colo.—Charles West of Bloomfield Hills fired a 37-37—74 in the third round of the Jaycee Junior Golf tournament giving him a total of 220 to lead the local entries.

* * *

This, however, is 10 strokes off the lead which is held by Jay Sigel of Norberth, Pa., and Marty Fleckman of Port Arthur, Tex., who stand at 210.

West birdied the 3rd and 10th holes with 10-foot putts but he took bogies on 4, 10, 13 and 15 because of bad chip shots.

Bob Bond of Jackson had a 77 for 232 total.

2 Gridders Dropped From Princeton Team

PRINCETON, N.J. (AP)—Two of Princeton University's better football players were dropped from the squad, Coach Dick Colman said Thursday.

* * *

Colman said Roger Hoit, 170-pound senior tailback, was ordered to quit football by his doctor because of a pinched nerve resulting from the improper healing of a collarbone. Hoit broke his collarbone during a game with Brown last fall.

* * *

The other player, Bill Guedel, the 1960 captain of the freshmen team, is ineligible because of low grades, Colman said.

Teeing Off

By BILL CORNWELL

Unless somebody else steps front and center to prove otherwise, Indianwood pro Leo Daigle is the only golfer of our acquaintance to have a hole-in-one recorded on color film.

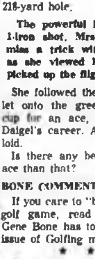
As a matter of fact, we would guess that a motion picture in any color of a hole-in-one is a rarity indeed. Daigle not only did the unusual — he did it in color.

Leo, who became Indianwood's head professional this year after 11 years as a member there, shot his movie ace at his home country club in 1953. It goes without saying that the incident was a most fortunate surprise.

This is the way it happened.

* * *

Indianwood's 51-year-old "apprentice" pro had been giving lessons to his wife Helen, trying to help her with her golf game.



DAIGLE

On this particular afternoon — oh lucky day! — the beefy Daigle was demonstrating various shots and swing mechanics while his wife put them on motion picture film for later study.

Mrs. Daigle was taking color movies of her husband when he stepped to the tee at No. 5, a 218-yard hole.

The powerful Daigle belted a 1-iron shot. Mrs. Daigle didn't miss a trick with that camera as she viewed his swing, then picked up the flight of the ball.

She followed the little white pellet onto the green and into the cup for an ace, the only one of Daigel's career. And it's on celluloid.

Is there any better proof of an ace than that?

BONE COMMENTS

If you care to "bone up" on your golf game, read what Pontiac's Gene Bone has to say in the July issue of Golfing magazine.

* * *

In an article entitled "Problem Pupils," the 29-year-old Bone discusses the evils of swaying.

The Drayton Plains resident and head pro at Warwick Hills is firmly convinced that 75 per cent of those who play poor golf are guilty of swaying, either on the backswing or downswing or both.

Bone offers a rather simple remedy or this evil, something that all of us can practice in the back yard.

* * *

Why not check Golfing magazine and digest Bone's remarks? Better yet, talk with Gene personally if you get the chance. He's very emphatic on the subject.

Warren Orlick, Tam O'Shanter's veteran professional, comments on shanking miseries in the same article.

SHORT PUTTS

Farmington Country Club members are to be congratulated for their splendid management of the Michigan Open golf tournament. It was a smooth, well-coordinated operation.

Preston Meisel, host pro at the State Open who failed to survive the 36-hole cut, made this quip: "I'm the only player in the tourney who had an unplayable lie on the tee."

College Touch at Indianwood

Cochran and Hargraves Shoot 67 in Best Ball Tournament Play

An Indianwood team with a collegiate touch captured medal honors Thursday in 18-hole qualifying rounds for match play in the annual Indianwood Invitational Best Ball golf tournament.

Don Cochran Jr. of Berkley, a varsity golfer at Michigan State University, and partner Don Hargraves joined forces for a five-under-par 67 in yesterday's qualifiers. Cochran rifled a 68 with his own ball.

There are 16 teams in the championship flight, including defending champion Andy Purdo and teammate Buzz Lewis. Single matches are scheduled today and Saturday with semifinals and finals set for Sunday, all on an 18-hole basis.

Today's 1st-round pairings in the championship flight with Thursday's 18-hole qualifying scores in parentheses:

Don Cochran, Indianwood and Don Hargraves, Indianwood (67) vs. Fred Wilt, Gowanie and Howard Hamilton, Red Run (70).

Gib Mason, Indianwood and Tom Carmichael, Indianwood (69) vs. Andy Purdo, Indianwood and Buzz Lewis, Indianwood (70).

Owen Davis, Indianwood and Bob Erdelon, Indianwood (70) vs. Bill Healy, Indianwood and Don Reid, Forest Lake (71).

Gerald Larson, Farmington and Walter Handsllk, Farmington (70) vs. Bill Kargetta, Indianwood and Carl Ruebelman Jr., Indianwood (72).

Jim Haggerty, Indianwood and Joe Kocsis, Highland Hills (69) vs. Larry Michaels, Pine Lake and Bill Michaels, Pine Lake (70).

John Atelean, Red Run and Barry Solomon, Tam O'Shanter (69) vs. Bruce Studebaker, Dearborn and Ralph Ellstrom, Dearborn (71).

Doug Wright, Bald Mountain and Lou Mitselfeld, Indianwood (69) vs. Fred Henkel, Indianwood and George Wilson, Red Run (72).

Don Nancarrow, Red Run and Jim Haverty, Indianwood (70) vs. Ed Flowers, Royal Oak and Frank Brooks, Pontiac (72).

Young Links Star Threatens Veterans

TACOMA, Wash. (AP) — Anne Quast Decker of Seattle moved into the semifinal round of the USGA Women's Amateur Golf Tournament today against Mrs. Gaines Wilson Jr. of Louisville, Kh., three-time winner of the Kentucky State title.

In the other 18-hole match, Roberta Albers of Tampa, who, at 14, could become the youngest champion in the tourney's history, met Phyllis Preuss of Pompano Beach, Fla., and Gregory, Mich.

ELEVEN TO GO—Rudy Maris, of Fargo, N.D., proud father of Yankee slugger Roger Maris, points proudly to headline announcing son's 50th homer. He is hoping for 11 more but declines to predict whether Roger or Mickey Mantle can top Babe Ruth's 60.

M-M Boys Hit in Friendlier Parks

NEW YORK (AP)—Roger Maris and Mickey Mantle have the advantage of friendlier parks in their twin assault on Babe Ruth's home run record, but they are hitting against pitchers as formidable as those in the Bambino's record breaking season of 1927.

Ruth slammed a majority of his 60 home runs off mediocre pitchers. The outstanding American League hurlers of 1927, such as Lefty Grove, Ted Lyons, Bump Hadley and Willis Hudlin, were stingy with Ruthian drives.

Mantle and Maris also have been fattening up on second rate pitchers. Such stalwarts as Frank Lary, Jim Bunning and Don Mossi of Detroit; Don Schwall of Boston; Chuck Estrada, Skinny Brown and Milt Pappas of Baltimore; Jim Grant and Barry Latman of Cleveland, and Camilo Pascual and Jack Kralick of Minnesota have more than held their own with New York's M and M boys.

Lyons, who won 22 games for Chicago, surrendered only one four-bagger to Ruth, as did Grove. The Philadelphia Athletics' southpaw won 20 games that season to join Lyons and Waite Hoyt of the Yankees as the American League's only 20-game winners. Hudlin (18-12) of Cleveland also yielded but one home run to Ruth. Washington's Hadley (14-6) did not give up any.

* * *

Lary, whose 19 victories are second only to Whitey Ford's 21, has been stung only once by the Yankees' slugging duo, a four-bagger by Maris. Roger also has the only homer off Mossi. Mantle has the only one off Grant and Pappas. Estrada and Pascual have been tagged once each by Mantle and Maris. Neither Mickey nor Roger has been able to hit any off Schwall, Brown, Bunning, Latman or Kralick.

Ruth's home runs had to go a longer way. The American League stadiums in 1927 were larger than they are today. Yankee Stadium's right field home run sector, where all three sluggers hit many of their home runs, was reduced by some 30 feet in 1936. With the extension of the stands. Ruth was left-handed, like Maris. Mantle is a switch-hitter.

In the right center and center sectors of other parks, Washington's Griffith Stadium is now 25 feet closer, Boston has a 45 foot shorter range, Chicago 25 feet; Cleveland 60 Detroit 25. Kansas City is 45 feet shorter than Philadelphia in right center and Baltimore is 25 nearer than St. Louis.

* * *

Ruth's favorite club was Boston. He hit 11 against Red Sox pitchers. His lowest homer output was six against Chicago. White Sox pitchers, on the other hand, have been Maris' best friends. He has rapped them for 13 four-baggers as against only one against Baltimore pitchers. Mantle's coziest cousins have been Washington's pitchers who have yielded 10 homers to Mickey. The switcher has found the Indians toughest, solving for only two homers.

Ruth hit 32 homers on the road as compared to 28 at home. Mantle and Maris have found foreign fields friendlier than their home grounds, too. Mickey has hit 27 on enemy soil as compared to 19 at Yankee Stadium. Maris also has 27 away as compared to 23 at home.

Ruth walked 138 times and struck out 89 times in 1927. Maris has 75 bases on balls and 52 strikeouts this season while Mantle has walked 103 times and fanned 87.

TAKE THAT!—It appears as though Frank Umont is being whacked on the back of the neck by a bat swung by an unidentified member of the Boston Red Sox at Cleveland Municipal Stadium. But it's only the camera angle.

Richards Sets Houston Price

Birdies, Luck Help Wall Gain 1st Place

AKRON, Ohio (AP)—Art Wall Jr. says "one round doesn't make a tournament but it sure helps."

As a result of a sizzling 3-under-par 67, Wall held the lead in the $50,000 American Golf Classic going into today's second round of the 72-hole tournament over the tough Firestone Country Club course, a 7,165-yard layout.

Five birdies and one lucky shot helped Wall take a one-stroke lead over Bob Goalby, Billy Maxwell and Frank Boynton.

* * *

Only three others managed to crack the 35-35 par 70. They were Ted Kroll, Ken Venturi and Huston LeClair Jr.

Matching par were Jay Hebert, who won the 1960 PGA crown on this same course with a 1-over-par 281, Arnold Palmer, Jim Ferrier, Al Balding, and diminutive Jerry Barber, the current PGA champion.

* * *

Among those failing to break par were masters champion Gary Player and old pro Sammy Snead. Both were included in the 71 bracket. Player called the course the most difficult he has played with the exception of the Masters.

Wall said he had only four bad drives. Two of them cost him bogies, another he maneuvered into a lucky par and still another turned into a birdie. That came on the par-4 17th.

"My drive went into the rough," said Wall, "and I hit a five iron over the trees and then made a 12-foot putt. What could have been a bogie turned out to be a bird and made my round."

* * *

Wall made his lucky shot on the par-3 230-yard No. 5. His drive hit a rope post and bounded onto the green, where he 2-putted from 35 feet for a par.

"I'm surprised and thankful," said Wall. His surprise was over the fact he made five birdies.

Golaby was one player who stood a good chance to catch Wall. After 15 holes he was 3-under-par. He parred the 16th, but 3-putted for a bogey 5 on the 17th and missed his chance for a tie when he failed to make a 12-foot birdie putt on No. 18.

* * *

The tournament, which carries a top prize of $9,000, ends with a final round Sunday. In case of a tie, there will be a sudden death playoff.

Detroit Harbors Atlantic Yacht

DETROIT (UPI)—A 42-foot yacht sailed across the Atlantic by a crew including a Detroiter and three Kalamazooans is now berthed at Bay View Yacht Club here.

The racing sailing ship Ann Gail, built at Malahide, Ireland, in 1952, was bought by Harold Hybel and Tom Krookston of Kalamazoo and a Chicago man after the yawl won the Isle of Man race.

Jack White of Detroit and Bob Ball, an empoye of Hybel, and two English sailors took the yacht from Dublin to Vigo, Spain. There Hybel and Krookston joined the crew and the ship sailed to the Canary Islands and the Bahamas. The ship was then brought up the Atlantic Coast and down the Great Lakes. White, still with the ship, plans to sail it around Michigan to Chicago.

He said he expects the Ann Gail to be a frequent competitor in the Mackinac Island races.

Three College Stars Still in Trans-Miss

OKLAHOMA CITY (AP)—Only three collegians remained in the field once crowded with them as the 58th men's Trans-Mississippi Amateur Golf Tournament went into the quarter-finals today.

* * *

There will be even fewer youths when play ends because Jim Wright of Enid, Okla., who became a mild favorite with a pair of victories in Thursday's double round, takes on Oklahoma State University teammate George H[illegible]on of Oklahoma City.

Would Leave Birds for GM Post in Texas

Oriole Boss Outlined Conditions to Be Met Before Accepting

BALTIMORE (AP)—If the price is right, Paul Richards will quit as manager of the Baltimore Orioles after the current season to become general manager of the new Houston team in the National League.

Both Richards and Joseph A. W. Iglehart, chairman of the Orioles' board of directors, confirmed persistent rumors Thursday that connected Richards with the Houston job.

In Kansas City, where the Orioles are now playing, Richards said he had "outlined certain conditions" that would have to be met before he would consider the Houston post. He said he had turned down a managerial offer with Houston, and reiterated he would not manage any club after leaving Baltimore.

Sports Editor Bob Maisel of the Baltimore Sun, in a column written from Kansas City, quoted Richards as saying:

"They (the Houston representatives) told me they would think it over and probably contact me later. As yet they have not come back. If they meet all the conditions, I would probably take the job."

Iglehart, contacted here said Oriole officials have known about the Houston offer, and had given Richards permission to negotiate.

In his column, Maisel guessed Richards would want a $60,000 annual salary, a guaranteed fixed expense account, no business office duties and off seasons free from baseball worries.

Iglehart said the figures were on the low side, and added Richards "also is asking for an option on club stock."

No Pay for Missed Games

Jensen Declines to Fly

BOSTON (AP) — Fear of flying apparently is bringing veteran outfielder Jackie Jensen closer to a third and final baseball retirement after a self-imposed "grounding."

Jensen says he has made no decision about returning next season but the Sox announced Thursday night Jackie would not play the weekend series in Los Angeles starting today.

Instead, Jensen will take a train to Kansas City where he will join the club Monday.

General Manager Dick O'Connell said Jensen would not be paid for the games he misses.

Jensen's aversion to airplanes is deep-seated and stems from childhood.

He has received help from a hypnotist and encouragement from his wife on the subject.

The fear was a major factor in his one year retirement in 1960 and his 10-day re-retirement this spring, April 29-May 8 when he quietly boarded a train in Cleveland and headed for his Lake Tahoe, Nev., home.

"I honestly havn't decided about 1962," Jensen said. "It's a long way off yet."

At least one Red Sox spokesman believes this definitely is Jensen's last year.

"It isn't anybody's business but mine how I travel," Jensen steadfastly maintains.

Jensen's request to be excused, at loss of pay, for the Los Angeles series, takes him out of the lineup at the very moment when he is playing his best ball since 1958 when he recived the American League's Most Valuable Player award.

Hydros Have Trouble Making Speed at Reno

RENO, Nev. (AP) — The 1961 Gold Cup, national championship for unlimited hydroplanes, faced a skimpy field today.

Only four of the 13 boats at Pyramid Lake had matched the 100-mile-an-hour qualifying requirement going into today's time trials, and even the defending champion wasn't in that quartet.

Jones Is Favorite

NEW YORK (AP)—Undefeated Doug Jones of Philadelphia rules a 12-5 favorite to run his record to 3-0 against Von Clay in a nationally televised 10-rounder Saturday night in Madison Square Garden.

Contract for a Rambler

PHILADELPHIA (AP)—Ellard (Obie) O'Brien, eight years with the Hershey Bears and the last two with Quebec in the American Hockey League, agreed Thursday to terms as coach of the Philadelphia Ramblers' Eastern Hockey League entry, Ramblers' President Bud Dudley announced.

Better Business, the Answer

No Tax Changes This Year!

By SAM DAWSON
AP Business News Analyst

NEW YORK — Uncertainties may pile up daily in this and that part of the globe but one thing businessmen can now be sure of: Federal tax policies will be about the same for another year.

This can affect some business planning, many tax returns, and also the hopes of the U.S. Treasury in holding down a prospective deficit that seems to grow and grow.

Businessmen who were eyeing some tax relief as an incentive for expanding their plants can forget it. There won't be any special help that way this year.

* * *

Those who were fearing a crackdown on expense spending as one of the pleasanter ways of doing business can relax. Congress has put all that over until next year, if then. And the same goes for the withholding at source of taxes on interest and dividend payments.

DIVIDEND TAX AS IS

Those who were bemoaning the chance of losing present partial deductions of dividends from taxable income also can relax. That too has gone by the board.

The Internal Revenue Service may tighten up its scrutiny of returns and could be a little less lenient in allowing deductions, but changes along that line are a normal uncertainty in doing business.

* * *

True, the tax changes that President Kennedy proposed early in the year had been running into increased opposition, and the final decision to postpone such revisions wasn't exactly unexpected.

* * *

But at least now business can plan along one line instead of having to set up alternates.

The biggest change in plans may come for those who were expecting to expand activities

* * *

next year.

Most such expansion was probably based on indications that a general economic upswing is fairly certain. But the chance the proposed tax bill held out of getting some tax deductions doubtless will make a difference in some marginal cases.

MAY COME IN '62

The Democratic majority on the House Ways and Means Committee has promised to take up this proposal as the first order of business in 1962.

Such tax relief would cut into Treasury receipts, but the Treasury had counted on getting that much and more back from other proisvions of the shelved bill. In addition to the withholding tax on dividends and some kinds of interest payments, and tighter rules on business expense accounts, the tax-raising proposals included a controversial tighter tax treatment of some income earned abroad.

* * *

How much the loss of this prospective take will cut from anticipated Treasury receipts is open to debate. But the Treasury now is looking to another source of increased revenue anyway.

* * *

That is the extra take it expects to come from present corporate and individual income taxes due to the expected surge in economic activity.

The Treasury doesn't expect any gains along this line to be enough to make up for all the increased spending for defense and for some civilian projects. But it is counting heavily on increased revenues to change this fiscal year's deficit into a surplus for fiscal 1963.

A lot of unhatched eggs are involved in these expectations. But most businessmen hope the Treasury is right.

32,018 State Employes

LANSING (AP)—State employes in Michigan totaled 32,018 in June, the State Civil Service Commission reports. Another 3,262 employes are working in unclassified positions.

A juvenile delinquent, according to one definition, is a kid who, when he takes the family car, doesn't care which family he takes it from . . . A TV summer re-run is a thing of the past, shown in the present, that we'll probably see again in the future. — Earl Wilson.

NOTICE OF HEARING ON ESTABlishing normal height and level of waters in Lakeville Lake, Addison Township, Oakland County, Michigan.

To whom it may concern.

Particularly: Garnet West, Gerald Dunn, Anna Haddix, Hayes and Agnes Dopp, Charles Gunn, Russell Randall, Paul C. Johnson and wife, John and Edna Dunn, John and Gerald Dunn, Grenville and Betty Ford, and all owners of property fronting on, abutting or having access to rights in Lakeville Lake, or who are interested in having fixed and maintaining the normal level of said lake pursuant to the provisions of Act 146 Public Acts of 1961.

You are hereby notified that the Oakland County Board of Supervisors has caused to be filed in this Court a petition praying for the establishment by this Court of the normal height and level of Lakeville Lake, said Lake being located on Section 15, 21, 22, 26, 27 and 28 of Addison Township, Oakland County, Michigan.

You are further notified that a hearing on the petition will be held in the Circuit Court for the County of Oakland on Monday, the 9th day of October, 1961, at the opening of Court on that day at 1:30 p.m. or as soon thereafter as counsel can be heard.

You are further notified that on said date the petitioner intends to ask this Court to establish the normal height and level of said lake at 952.3 feet above sea level and if you desire to oppose the establishment of the level at 952.3 feet above sea level you should then and there appear and show cause, if any you have, why.

(A) The normal height and level of said lake should not be established;

(B) Why 952.3 feet above sea level should not be the level fixed as the normal height and level of said lake;

(C) Why such other and further relief as to the Court seems fitting and proper should not be granted to petitioners.

Grain Futures Mart Shows Rally Trend

CHICAGO (AP)—The grain futures market showed a rallying tendency today after two days of general weakness on the board of trade.

Nearly all contracts posted small gains during the first several minutes on buying described as largely short covering. Rye was ahead major fractions in spots.

MSUO Course to Aid Managers

Development Seminar for Small Business Owners Begins in Fall

Michigan State University Oakland, in cooperation with the U.S. Small Business Administration (SBA), will conduct a management development seminar this fall for owners and managers of small businesses.

In planning the program, an attempt was made to determine management areas in which small businessmen needed the most help, said Dr. William F. Rhode, assistant director of continuing education.

The program will cover such phases of management as planning and organization, implementation of plans, financing, communications, marketing, legal principles, taxation, record keeping, labor relations and industrial purchasing.

The 10-week course will meet from 7:30 to 10 p.m. Tuesdays, beginning Sept. 26.

Special lecturers will include Dr. Bruce DeSpelder of Wayne State University; Kenneth Porter of the Detroit Employes Association; Charles Rene, president of Strategic Planning, a Grosse Pointe management consultant firm; and Douglas McGarrity, chief of the Loan Administration Section of the SBA Detroit regional office.

Enrollment is limited to 30 persons.

LAUNCHED BY SBA

The small business management development program was launched by the SBA in 1954.

Additional information may be obtained from the Office of Continuing Education on the MSUO campus.

Farmington Man Heads Auto Sales at Pellon Corp.

Pellon Corp., producers of nonwoven textiles, announces the immediate appointment of Daniel L. Shakotko, of Farmington, to the post of automotive sales manager.

SHAKOTKO

He will make his headquarters in Detroit.

Shakotko spent the past ten years with Chrysler Corp. For the last three years, he was purchasing agent on the corporate staff of Chrysler Corp. at Highland Park.

He also worked with Dodge Division as purchasing agent of paint and trim from 1956 to 1958. For five years prior to this, he was buyer and purchasing supervisor with Dodge Division.

Before joining Chrysler, Shakotko was with production control at Lincoln-Mercury from 1946 to 1957.

Shakotko lives at 28984 Kendallwood Drive, Farmington.

Poultry and Eggs

DETROIT POULTRY

DETROIT, Aug. 25 (AP) — Prices per pound delivered to Detroit from No. 1 quality live poultry:

Heavy type hens 14, light type 8-10; heavy type roasters over 5 lbs 18-20; broilers and fryers 3-4 lbs. whites 16-17. Barred Rocks 20-21

DETROIT EGGS

DETROIT, Aug. 25 (AP) — Egg prices paid per dozen by first receivers delivered in Detroit, loose in 30-dozen cases. Consumers Grade (including U.S.):

White—Grade A jumbo 44-48; extra large 42-47, large 40-45; medium 31½-34; small 21-23

Browns—Grade A jumbo 44½; extra large 41-41½; large 41; medium 30-31½; small 20. Grade B checks 26-27½.

Livestock

DETROIT LIVESTOCK

DETROIT, Aug. 24 (AP) — (USDA) — Livestock:

Today's receipts—Cattle 250, calves 25, hogs 100, sheep 100.

Cattle — Compared last week, slaughter steers and heifers 25-50c lower; cows fully steady, bulls fully steady; several loads high choice and mixed high choice and prime 970-1130 lb. steers 25.00-25.25; most choice steers 1300 lb. down 24.00-25.00; mixed loads high good and low choice steers 1150 lbs. down 23.50-24.25; good steers 22.50-23.50; standard steers 21.00-22.50; utility steers 19.00-21.00; most choice heifers 22.50-23.25, good to low choice heifers 21.50-22.50. standard heifers 20.00-21.50; utility heifers 18.00-20.00; utility cows 16.50-17.50; canners and cutters 13.00-16.50; utility bulls 20.00-21.50; cutter bulls 18.00-20.00.

Vealers — Compared last week. Vealers fully 1.00 higher, most prime vealers 35.00-38.00; good and choice 28.00-35.00; standard 24.00-28.00; cull and utility 19.00-24.00.

Sheep — Compared last week. Slaughter lambs 1.00 lower, slaughter ewes fully steady; most choice and prime slaughter lambs closed 19.00-20.00; good and choice spring lambs 17.00-19.00; cull to choice slaughter ewes 3.50-7.00.

Cattle — Salable 250. Trade on limited supply slaughter classes steady: four head prime 1078 lb. yearling club calves 26.50; few small lots high good to average choice slaughter steers 23.50-24.00; scattering good grade steers 22.50-23.50; few small lots good grade heifers 21.50-22.00; utility and standard mixed offerings 18.00-22.00; utility cows 16.50-17.50; few strong weight utilities up to 18.00; canners and cutters 13.00-16.50.

Vealers — Salable 25. Not enough to set up quotations.

Sheep — Salable 100. Not enough of any one class to set up quotations.

Hogs — Salable 100. Butchers and sows steady; limited early supply butchers mostly No. 2 and 3 grade 190-230 lb. weights. these 18.00-18.40; mixed No. 1 and 2 and No. 1 these weights absent. No. 2 and 3 230-300 lbs. 16.75-18.00; mixed sows 300-400 lbs. 14.75-16.50; No. 2 and 3 400-600 lb. sows 11.75-14.50; boars 12.50-13.50. Compared last week barrows and gilts 25c lower; sows steady.

Award Scholarship to Pontiac Student

Richard E. Gustavson, 2361 Mt. Royal, has been awarded a Consumers Power Co. engineering scholarship for the coming year at the University of Michigan, according to an announcement by District Manager Charles F. Brown of Consumers.

★ ★ ★

This will be the third consecutive year that Gustavson has been awarded the Consumers Power Co. honor.

Brown said awards are made by Consumers to students at 20 Michigan colleges on the basis of ability. Only students who live in the company service area are eligible to receive them.

Many trees near the coast in Brittany bend permanently toward the east.

Market Steady, Good for Friday

NEW YORK (AP)—The stock market steadied and showed a slightly higher trend in moderate trading early this afternoon.

Gains of fractions to about a point outnumbered losers in the same range among key stocks. Specially-situated or more volatile issues displayed some wide gains.

The market was mixed and extremely uncertain at the start as Wall Street watched for new developments in the Berlin crisis and the auto labor negotiations. A certain amount of guarded optimism on both counts took hold as the session wore on.

At the same time, analysts were pleased at the ability of the market to start a recovery movement near the end of Thursday's session after declining steeply for most of two days.

Motors edged irregularly higher. The trend was mostly on the upside for electrical equipments, tobaccos, chemicals and aircrafts. Rails and nonferrous metals tended to ease on balance.

In a ragged drug group, Parke, Davis spurted more than 4 points in active trading as news was circulated that a scientist had isolated a cancer virus and that this eventually may lead to production of anticancer vaccine.

Gov. Rockefeller Gives Swainson 3-1 on Pennant

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller gave 3-1 odds today — in bushels of apples — that the New York Yankees would win the American League pennant over the Detroit Tigers.

The Republican governor made the bet with Gov. John B. Swainson of Michigan, a Democrat, in an exchange of letters heavy with home-state pride in apples, butter, eggs, missiles and college scholarships, as well as baseball.

★ ★ ★

Swainson proposed a bet on July 20, when the Yankees and Tigers were practically tied for first place. New York had 72 games left to play at that time and the Tigers had 70.

Rockefeller's reply was dated Wednesday, when the Yankees led the league by two games and had 36 left to play, compared with Detroit's 37.

AP Photofax

REFUGEES FROM FREEDOM — Harold Hatch of Cuyahoga Falls, Ohio, is disgusted with life in these United States, so he is going to start a new life in Russia. Hatch, an ex-Marine, is shown with his family as they pack for the trip. From left are Shawn, 14; Debra Lee, 10; Lelani, 33; Mrs. Hatch, holding 4-month-old Lloyd; Karo Lynn, 4; Camille, 13; and Hatch.

Miss Cochran Sets Air Speed Record

EDWARDS AIR FORCE BASE, Calif. (AP) — **Famed aviatrix Jacqueline Cochran has returned the women's air speed record to the United States with an 842.6 mile-an-hour jet plane flight.**

That's 126.7 m.p.h. faster than the 1955 mark held by a French woman.

Miss Cochran made the flight Thursday in a twin-jet trainer—the world's first supersonic one—accepted by the Air Force last March.

Living Costs Hit New High in July

WASHINGTON (AP)—**Living costs rose to a new high in July. The increase as compared to June was nearly one-half of one per cent, the biggest advance in nine months.**

The exact amount of the increase from June to July was 0.4 per cent.

Higher food prices were the biggest single factor in the increase. There also were important advances in prices of gasoline, sporting goods, used cars and women's clothing.

McConnell Told to Keep CD Job If He Wishes

BATTLE CREEK (AP)—Maj.-Gen. John W. McConnell, who was to have served his last day today as director of region four of the Office of Civil and Defense Mobilization (OCDM), has been continued in the post.

OCDM Director Frank B. Ellis advised McConnell in a wire today that the former Indiana adjutant general and civil defense director my remain on the job if he so desires.

Ellis had given McConnell notice of his discharge as OCDM region four director on July 23, effective today. In his letter of dismissal, Ellis indicated the action was a result of the change in the national administration and did not imply any inadequacy in McConnell's performance of duties.

Berlin or Africa: Freedom Vital, Says Williams

SALISBURY, Southern Rhodesia (AP) — "Freedom is indivisible and equally vital in West Berlin and in Africa," G. Mennen Williams, U.S. assistant secretary of state for African affairs, declared here today.

Williams addressed the Rhodesia National Affairs Association, a nonpolitical study organization, during his fact-finding tour of the federation of the Rhodesias and Nyasaland.

"The new nations of Africa do not wish to be involved in the Cold War and there is no need for them to be directly involved provided they can work out solutions to their basic problems of misery and despair, of human rights and essential justice," he said.

News in Brief

Robert C. Crase, 22, of 2580 Frankson Road, Avon Township, pleaded guilty to a reckless driving charge before Springfield Township Justice of the Peace Emmett J. Leib yesterday and was fined $50 plus $25 costs, and sentenced to 15 days in the county jail, or 45 days if not paid.

Theft of a 35-horse power outboard motor from his boat on White Lake was reported to the sheriff's department yesterday by Hartwell Gray of 4111 Jackson Road, Springfield Township.

Gasoline Truck Flips, Burns on Telegraph

A motorist changed his mind and a gasoline tanker truck behind him flipped and burst into flames on Telegraph Road in Southfield early this morning.

No one was seriously hurt but the truck driver, Maynard Thompson, 45, of 3812 Gardner St., Berkley, barely escaped with a sprained ankle as flames licked at the overturned cab.

He crawled and limped 100 yards to safety as the flames raced over 1,200 gallons of spilled gasoline, turning the highway surface into a blazing inferno.

★ ★ ★

Thompson said his double-tanker truck flipped when he applied the brakes to avoid crashing into the rear of a car ahead.

He said the car passed him from the rear and started to make a left turn into a motel entrance just north of Eight Mile Road when the driver apparently changed his mind.

Thompson told Southfield police the car suddenly swerved back careening wildly in front of him. It was then Thompson hit his brakes. His rig jack-knifed and rolled on its side. The car continued south.

SKIDDED 50 FEET

The rig skidded on its side 50 feet down the center of the four-lane highway.

A blaze immediately covered the road for 50 feet.

Residents in the Valley Garden trailer court at 21301 Telegraph Road said "explosions" shook their trailer homes at 2:55 a.m. They notified Southfield police.

★ ★ ★

Officers said the truck's tanks did not explode but safety valves blew off the top causing a series of loud reports.

The tanks were nearly empty when the crash occurred as Thompson was returning to the Standard Oil Co. yards in Detroit after making nighttime deliveries.

Southfield firemen fought the blaze for an hour and a half before bringing it under control.

CLOSED TO TRAFFIC

Telegraph road was closed to traffic, which was rerouted to Lahser Road, for nearly four hours until Detroit Edison Co. workers repaired the power line damage by 6:40 a.m.

★ ★ ★

The mishap came less than 24 hours after a similar truck was involved in a fatal collision with a train at a Taylor Township crossing. Three men died in Thursday's accident.

Third Salesman Arrested in Local Swindling Case

A third magazine salesman has been arrested in the case of the elderly Oakland Township man who recently was swindled out of $20,000, Romeo state police reported today.

★ ★ ★

Being held for extradition in Los Angeles, Calif., is Thomas Duncan, 24, of North Hollywood.

Duncan is the third member of a quintet apprehended for investigation of bilking Frank R. Cook, 89, of 1800 Dutton Road, out of the large sum over a three-month period.

Melvin Powers, 21, of St. Louis, Mo., is awaiting arraignment in Oakland County Circuit Court Monday on a charge of obtaining money under false pretenses.

Another salesman is in police custody in Abbington, Va., also awaiting extradition.

Bible Groups Allowed Off-Hour School Use

LANSING (AP)—Bible study clubs and other religious groups can use public schools during off hours, Atty. Gen. Paul L. Adams ruled today.

State law confers on local school boards the authority to furnish space for such meetings if they don't disrupt the regular education programs of the schools, he said.

Adams' opinion clarified one last March 15 that prohibited religious instruction in public schools at Williamston during the school day and at lunch time. The decision abolished similar instruction at a number of schools in southern Michigan.

France Hit for Atrocities

TUNIS (AP)—The Tunisian government claims France summarily executed 100 persons—many of them women—during last month's bloody fighting for the Bizerte naval base. France has denied Tunisian charges of atrocities.

Car Dealers Feeling Early Output Cutoff

DETROIT (AP) — New car dealers "already are feeling effects of this year's earlier production cutoff," Ward's Automotive Reports said today in predicting a decline in new car sales for the last 10 days of August.

The statistical agency said many dealers "may be rationing sales in the face of an impending near-shortage in inventory availability."

New car sales in the Aug. 11-20 period totaled 115,749 vehicles, approximately the same number sold during the Aug. 1-10 period, Ward's said.

The daily average dropped from 15,721 units to 14,468 units over the two periods.

★ ★ ★

The statistical service reported a slash in the inventory to 696,000 units from 788,000 and 885,000 on Aug. 10 and July 31, respectively. Ward's said the reduction in the Aug. 21-31 period "will be far less spectacular."

★ ★ ★

General Motors Corp. dealers took 44.1 per cent of midmonth sales of domestic-built cars, Ward's said. Ford Motor Co. took 34.7 per cent and Chrysler Corp. 12 per cent. American Motors' share was 8.3 per cent and Studebaker-Packard's nearly 1 per cent.

Romney Talks About Compacts

Says They'll Soon Be Called 'Standard' Car of American Public

MUKWONAGO, Wis. (AP) — George Romney says the average length of an American car has been trimmed by almost a foot since the mid-50s when he began preaching against what he called Detroit's gas guzzling dinosaurs.

★ ★ ★

Romney, at the national press preview of 1962 Ramblers, maintained the compact car concept he popularized at American Motors has become so widely accepted the word compact may disappear from automotive terminology.

"The compact car is taking over the rolde of the standard U.S. car," Romney said in a speech Thursday. "It will account for between 55 and 60 per cent of all car sales in the coming model year and will replace the old standards as the top volume cars in a matter of months."

The American Motors president said he first used the term compact in 1956 when he introduced the middle-size Rambles, now called the Rambler Classic.

★ ★ ★

American Motors also markets the Rambler American, smaller than the classic, and the Rambler Ambassador, which to date has been considerably bigger with a 117-inch wheelbase and an over-all length of just under 200 inches.

★ ★ ★

The 1962 Ambassador is definitely smaller. Although Romney declined to give exact statistics, he said "there is no question about the Ambassador being a compact in 1962."

Rusk Insists Disarmament Agency Needed

WASHINGTON (AP) — Secretary of State Dean Rusk said today a U.S. disarmament agency is needed to keep alive hopes for world order — hopes he said have been dashed by Russia's "rogue government."

★ ★ ★

In founding the United Nations, Rusk told a House committee, "mankind almost had it made to keep the peace."

Only Russia refused to go along, he said, and embarked on a policy of imperialism.

★ ★ ★

Rusk declared that events of the past 15 years have "made it clear that this rogue government is not willing to support world law, but, following the way of the outlaw, has adopted the law of the jungle."

★ ★ ★

Rusk testified before the House Foreign Affairs Committee on the Kennedy administration proposal for a permanent disarmament agency.

Five Are Unhurt When Lightning Hits in Waterford

Five persons escaped injury when lightning struck the Communications Engineering Services building, 5939 Andersonville Road, in Waterford Township yesterday afternoon.

Norman Echtinaw of 7866 Hatchery Road was knocked five feet when the bolt traveled through radio equipment next to him. He landed on his feet unhurt.

Owner of the business, sheriff's deputy Mike Felice, said he thought at first "someone had thrown a firecracker into the building."

★ ★ ★

He estimated that the lightning bolt caused $400 damage to his equipment. Burned out fuses prevented a fire from breaking out in the building, he said.

★ ★ ★

The other three men in the shop were not identified.

A 50-foot communications tower atop the single-story building attracted the lightning bolt which then traveled through wires into equipment inside.

Federal's Announces 2 New Departments

Martin Meeron, store manager, announced the opening of two new units this week at Federal's Department Store, 91 N. Saginaw St.

A new record department on the landing between the main and basement floors has been stocked with a complete line.

Also newly opened is a discount patent-medicine department which will include household aids and prepackaged candies on its shelves. The department is at the rear of the store's main floor.

Hold Bargaining Talks in 25-Day Bus Strike

DETROIT (AP) — Management and labor today were studying contract proposals exchanges Wednesday in only the fourth bargaining session held in the 25-day-old strike at Intertown Suburban Lines Corp.

Federal mediator James J. Burke said negotiators for the bus line and Division 1265 of the Streetcar and Bus Operators Union would notify him when they have finished studying proposal and wish to set up another meeting.

Hulburt, Cassius Stage and Mrs. Marie Schooley; dear sister of Lee Wells; also survived by nine grandchildren and one great-grandchild. Funeral service will be held Monday, Aug. 28, at 1:30 p.m. from the Huntoon Funeral Home. Mrs. Stage will lie in state at the Huntoon Funeral Home.

In Memoriam 2

IN LOVING MEMORY OF MY HUSBAND, Arthur R. Fuller, who passed away 3 years ago, August 25, 1958.

Days when I am lonely,
Nights when I am blue,
I say a prayer in silence
While God watches over you.
For you are in his keeping
There's no more I can do
But remember all the happiness
That you and I once knew.
Sadly missed by wife, Blanche.

Model of New Miniature Hearing Aid Given

BOSTON, MASS., Aug. 24, 1961. A most unique free offer of special interest to those who hear but do not understand words has just been announced by Audivox, Inc.

A true-life, actual size replica of the smallest Audivox ever made will be given absolutely free to anyone answering this advertisement. Wear-test it in the privacy of your own home without cost or obligation of any kind. It's yours to keep, free. The size of this Audivox is only one of its many features. It weighs less than a third of an ounce, and it's all at ear level, in one unit. No wires lead from body to head. Here is truly new hope for the hard of hearing.

These models are free while the limited supply lasts, so we suggest you call or write for yours now. Again, we repeat, there is no cost and certainly no obligation.

Japan to Back Up All U.N. Policies

TOKYO (AP)—The Foreign Office today announced Japan henceforth will base its actions in the United Nations solely on a U.N.-first policy.

* * *

A 340-page book titled "The Recent State of Japan's Foreign Policy" declared Japanese foreign policy will entail enhancing the prestige of and strengthening the United Nations and that if such policy conflicts with the position of other African-Asian nations, "it cannot be helped."

* * *

The bulky document said Japan's aim is to see the United Nations evolve into an organization with enough prestige and power to maintain world peace.

Flash Floods Hit Thailand

BANGKOK, Thailand (AP) — Three persons were reported dead and hundreds homeless after flash floods hit throughout Thailand.

TV Is a Fine Forum in Nasser Interview

By JOSEPH FINNIGAN

HOLLYWOOD (UPI)—When television isn't spending most of its valuable time with mediocre entertainment, it can be a fine forum and CBS proved that Thursday night with "At the Source," one of the better documentary programs.

CBS correspondent Eric Sevareid and Howard K. Smith interviewed Gamal Abdel Nasser, president of the United Arab Republic, at his seashore residence. Watching waves lapping up near the stylish home, you couldn't help but think of the place as an Arab Hyannis Port.

Nasser spoke softly and with a trace of an accent, occasionally using the wrong word and often smiling, during the interview, described by CBS as "informal."

Sevareid and Smith questioned the Arab leader on a variety of subjects ranging from the current Berlin crisis to domestic problems facing the U.A.R. President.

* * *

On the subject of Berlin, Nasser, who sat behind a desk and faced his interviewers, said "We look to the Berlin crisis as the result of World War II" and added "neither threats or declarations" will solve the problem.

NIKITA'S LETTER

Nasser spoke of a letter he received from Nikita Khrushchev and said the Russian leader wrote about Germany. A letter from President Kennedy, Nasser said, expressed a desire for an end to tension in the Arab world.

As for his own position on Germany, Nasser said, "We are against partition and for unity."

The two correspondents asked about the neutralist nations and he answered "I think neutrality is something that should be said only during war."

* * *

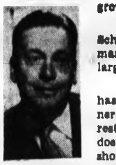
Regarding the relations between the Arab Republic and Israel, Nasser was more specific and said "I can not escape to be bitter" on certain aspects of the problem.

He said the Israelis were arming. His own military build-up, he said, was only done in response to Israeli actions.

Durante's Famous Nose Appears to Be Growing

By EARL WILSON

DEL MAR, Calif.—I came down here to this beautiful racetrack city to report on the fact that Jimmy Durante's nose is growing.



WILSON

Man and boy, I've been looking at Schnoza's schnoz for years. But since his marriage to Margie Little, it looks much larger.

Finally I realized that bridegroom Jimmy has taken off some weight — his face is thinner—his nose is larger in proportion to the rest of his face than formerly. When Jimmy does "Jumbo" for Producer Joe Pasternak shortly, his nose will be qualified, at least, to play the title role.

Jimmy's bride Margie told me the final outcome of her good luck in winning around $1,000 on a daily double in San Francisco weeks ago.

"Jimmy took the thousand, stuck it in his pocket and said, 'Yuh know, Margie, we have community property in California!'"

DURANTE

Beautiful Jo-Ann Morrow, the San Antonio-born actress who recently successfully contradicted an agent's claim that she was overweight, was here with Producer - Writer Jackie Barnett. If that gal's overweight, she's certainly overweight in the right places. She introduced a new betting system here. She closed her eyes tightly and thought of a number. The number was 3, and she bet on No. 3. (It came in 4th).

* * *

THE MIDNIGHT EARL IN NEW YORK . . .

Anita Gillette, who subbed for Anna Maria Alberghetti in "Carnival," will get an MGM screentest . . . **Phil Silvers** returned to "Do Re Mi" 10 lbs. lighter . . . **Jean Seberg**, who'll make a movie in the Congo, says: "We have their government's promise of safety—but we'll see!" . . .

Doris Day'll have her name on a strong of ice cream parlors . . . Jason Robards Jr. has been watching old movies of his dad, who played a villain in the Tom Mix horse operas in the '20s.

* * *

EARL'S PEARLS: A local fellow insists that if his wife saved money as carefully as she saves trading stamps, they'd be millionaires.—Hugh Allen.

WISH I'D SAID THAT: Politicians are like cantaloupes. Every year you wonder if the new crop is as good as it promises to be—Ima Washout. . . . That's earl, brother.

(Copyright, 1961)

LA DJ Surrenders on Payola Indictment

LOS ANGELES (AP) — Disc jockey Hunter D. Hancock has surrendered on a federal indictment which alleges he owes $4,500 in income taxes on payola.

The indictment, returned Thursday, said Hancock failed to report $18,000 received in 1956, 1957 and 1958 for plugging rhythm and blues records on his program. He has been heard on several Los Angeles stations.

He was arraigned and released on $250 bond.

The U. S. attorney's office said investigations of other disc jockeys are in progress.

Kentucky Area Doubts Voting Machine Private

BARDWELL, Ky. (AP)—They are still in the dark in this Carlisle County community over whether new voting machines are secret enough.

A judge ordered a court demonstration of one of the machines Thursday after a suit was filed to stop their purchase.

But the test had to be postponed. It overloaded an electrical circuit.

Poland's Grain Crop Doomed by Rains

WARSAW (AP)—Poland's hopes for a bumper crop this year have been shattered by almost continuous rains throughout the nation for the last two months.

The newspaper Trybuna Ludu Thursday said that only in the Lublin Province of central Poland are crops better than last year.

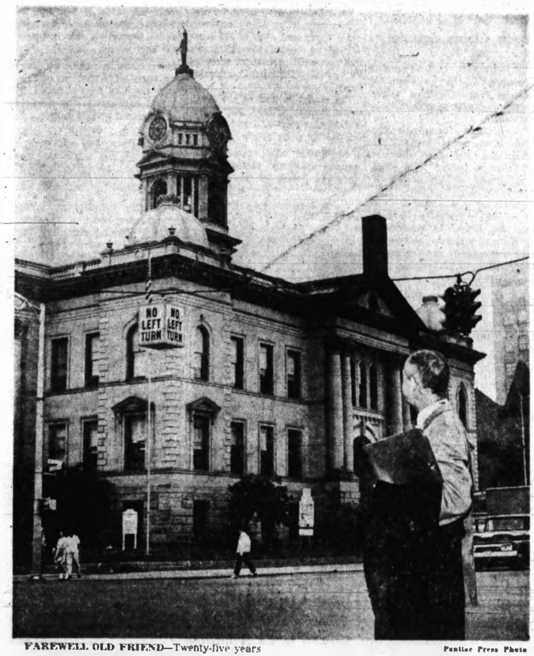
End of an Era



Pontiac Press Photo

FAREWELL OLD FRIEND—Twenty-five years flashed back for senior Oakland County Circuit Judge H. Russel Holland yesterday as he moved out of the old downtown courthouse for the last time yesterday. Judge Holland tried his first case as a lawyer in the old building and took the bench as judge in January 1936. Courts have moved to the new courthouse in the County Service Center.

New Courthouse Awaits Premiere

Only limited business was transacted at the new Oakland County courthouse today as employes prepared to post the "open for business" sign for Monday.

The two-mile route between the old downtown courthouse in Pontiac and the new building in the County Service Center on Telegraph Road was traveled many times yesterday by moving vans.

Downtown offices of the five circuit courts, the clerk's office and the probation department closed for the last time Wednesday at 5 p.m.

The clerk's office at the new courthouse was closed today, except for necessary legal transactions, said Clerk-Register Daniel T. Murphy Jr.

Probate and juvenile courts, and their allied functions moved into the new six-story, $3½ million structure last week.

★ ★ ★

Remaining in the County Office Building, at 1 Lafayette St., were the offices of county treasurer, board of auditors, friend of the court, corporation counsel, equalization, veterans bureau, justice court probation and personnel.

High Schools in Pontiac Start Enrolling Monday

Junior and senior high school students in Pontiac may begin enrolling Monday, school administrators announced last night.

All Pontiac secondary schools will be open for registration of new students from 8 a.m. to 4 p.m. Monday through Friday.

All seventh and tenth grade pupils and all new pupils will attend orientation classes Sept. 7. Secondary schools will begin regular classes Sept. 8.

Parents of elementary school children previously enrolled will find school offices open beginning Sept. 5.

Children are to be enrolled before classes start Sept. 7.

County Officials Allow Raises

Temporary Budget Also Lists $32,500 for Child Guidance Clinic

County employes will get a pay raise and the Oakland Child Guidance Clinic $32,500 in a 1962 county operating budget which began moving toward completion yesterday.

The clinic's appropriation — the same as last year — is only temporary pending a special report due next week, cautioned David Levinson, chairman of the ways and means committee of the board of supervisors.

★ ★ ★

The committee met yesterday for the first of several times to reshape the $14,775,941 tentative county budget before it is submitted to supervisors for final acceptance Sept. 18

URGED THE $32,500

With advance appropriations sheets handed out to committee members showing no appropriation for the clinic, Levinson later urged giving $32,500 "on the basis that

The Time of My Life . . . Richard Rodgers

Fork in the Road Offered a Chance

(Editor's Note: Life is often compared to a road with occasional forks to harry its travelers. One fork leads to fame and fortune; the other to obscurity. Composer Richard Rodgers tells about the forks on his road of life in the fifth of six articles on "The Time of My Life.")

By RICHARD RODGERS
Written for (AP)

Life for all of us is a series of turning points, moments of decision when we are forced by circumstances to choose one road over another leading in a completely opposite direction.

Today I still get a thrill in looking back at the major fork in the road of my life.

I was 23 and a failure.

★ ★ ★

This was not the ordinary despair of immature ambition. My sense of failure was all the more real and terrifying because, at 16, I had been a success.

I had heard my songs played in two Broadway shows. I had been hailed by the critics as "a comer" and thrilled to the applause, of a real, live audience.

My early success had come about through a chance collaboration with lyricist Lorenz Hart, whom I met when I was 15 and he 22.

★ ★ ★

Together we wrote a song called "Any Old Place With You," which Lew Fields, of the famous comedy team of Weber and Fields, put into his show, "A Lonely Romeo," at the Casino Theater.

1ST PUBLISHED SONG

It was our first published song and our first in a Broadway show.

The following year I entered Columbia University and, with Larry Hart, wrote the score for the Varsity Show.

Once again Lew Fields was impressed. He interpolated seven of our songs from the Columbia show into "Poor Little Ritz Girl," along with eight more by a better known composer named Sigmund Romberg.

From these dizzy heights, we fell with a resounding crash of egos. For seven years, there was nothing, absolutely nothing, that we could do to get us back into a Broadway theater. We kept trying, trying, but to no avail.

We wrote amateur shows for clubs, camps, churches and synagogues. We made the rounds of all

AMC-UAW Edging Up

Red Guards Fire Shots to Scatter Border Crowd

BERLIN (AP)—Communist guards fired warning shots today to scare away about 30 West Berliners who had crowded to the barbed wire barrier in the French sector to watch Red activity on the other side.

West Berlin police said of the incident at Frohnau that a Communist suddenly ordered: "Go back 100 meters (110 yards) or we will shoot." The crowd did not move. Then came a rattle of gun fire.

Western police persuaded the people then to pull back for their own safety.

★ ★ ★

The incident was another in outbursts of violence on both sides of the border that kept tension and tempers high in this 13th day of the border war of nerves.

For the first time since 1946 the U.S. Army garrison in Berlin has artiller support—six 105mm howitzers. The howitzers, however, are still in their canvas covers and parked at McNair barracks, miles from the city border.

The howitzers have a range of about 12,000 yards. An Army spokesman said they are fitted to use only standard shells and not atomic warheads. Tank guns have been the biggest armament of the garrison, swelled by reinforcements last Sunday to 6,500 men.

★ ★ ★

"Our orders are to be able to shoot, move and communicate," said Sgt. John L. Sanders of Amarillo, Tex.

QUIET IN WEST

There has been no shooting from the West Berlin side of the border. From the East Berlin, all the serious shooting has been at refugees.

★ ★ ★

The howitzers are designed to be towed wherever they are needed. The garrison has been posting tanks as well as infantrymen at the border.

Neues Deutschland, the official organ of the Communist party in East Germany, contended today there is no "practical sense" to American tank movements.

The paper described the action as a provocation "and an insult to the entire German people, on whose table once again rest the dirty boots of the American soldier."

★ ★ ★

There was a series of incidents Thursday.

A West Berlin mob attacked a bus loaded with Soviet soldiers. Saboteurs halted the Red-run railway and elevated system in the Western sector for 10 minutes. East German police shot and killed a fleeing refugee.

★ ★ ★

Indication of the Communists' next moves against West Berlin was expected Friday afternoon from Walter Ulbricht, East Germany's chief of state and Communist party boss. He scheduled a television appearance in East Berlin, speaking on "What Comes Next in Berlin."

★ ★ ★

To Keep Flying Berlin Corridor

Kennedy and Rusk Use Tough Words Denying Charge About Spies

WASHINGTON (AP) — U.S. authorities said today civilian airliners will keep flying into West Berlin despite a "scarcely veiled threat" by the Soviet Union to clap down on flights.

The authorities cited both precedent and past agreements signed by the Soviets as allowing commercial flights to Berlin without interference.

'CHARGES FALSE'

In a tough-worded statement approved by President Kennedy and Secretary of State Dean Rusk, the U.S. government Thursday rejected as false Soviet charges that the Western powers are airlifting West German spies and saboteurs to West Berlin.

The new Kremlin note said that in transportation of Germans to West Berlin the Western powers are abusing the air corridors to the city, "taking advantage of the absence of control over air communications."

The U.S. statement, issued at the White House, denounced the Moscow protest as cynical and irresponsible at a time when the Reds, in "direct violation" of the agreements to unify Germany, built a barricade sealing off East Berlin.

★ ★ ★

The Soviet complaint about relations between West Germany and West Berlin cannot be taken seriously at a time when Moscow is claiming East Berlin is part of East Germany, the U.S. statement said.

★ ★ ★

"What must be taken seriously by the whole world, however, is the scarcely veiled threat of aggression againt the Allied air routes to and from West Berlin," it said.

"The United States must serve a solemn warning to the Soviet Union that any interference by the Soviet government or its East German regime with free access to West Berlin would be

(Continued on Page 2, Col. 5)

Sunday Warmer, Saturday Only 76

Except for Saturday when the high will hit near 76, Pontiac area residents will bask in temperatures near 80 until Tuesday when temperatures will drop, again. Tonight's low will dip to near 66

Precipitation for the period will total one half to one inch as showers Saturday and rain Monday.

Morning southerly winds will increase to 10 to 20 miles per hour tonight and become northerly tomorrow.

From 10:15 a.m. yesterday until the same time this morning .3 of an inch in showers fell in the Pontiac downtown area.

Sixty-four was the lowest recording before 8 a.m. The mercury had climbed to 73 at 1 p.m.

News Flash

WASHINGTON (UPI) — Secretary of State Dean Rusk said today the United States should continue the "great quest" for disarmament and world peace even though "one rogue government"—the Soviet Union—tries to thwart it at every turn.

'Give Me Liberty'

Death Is His Fate

BERLIN (UPI) — "I know not what course others may take, but as for me, give me liberty or give me death!"

These immortal words were uttered by Patrick Henry, an American politician and orator, at the second revolutionary convention of Virginia in 1775.

But they may well have been the words of a young East Berlin refugee who was gunned down viciously Thursday as he tried to escape Communist tyranny and oppression.

The refugee was the first killed by East German "People's Police" since the Communists closed the border Aug. 13.

"I didn't hear a scream, nor a cry for help, nor even a murmur . . . it happened that fast."

This was how a stunned West Berliner described the incident. The account of the shooting by the eyewitness who stood by helplessly was carried by the newspaper "Bild Zeitung."

The eyewitness reported that a People's policeman shot and missed the refugee who tried to flee to the West on a sandbar across the Humboldt Pool—a stretch of water separating the East and West sectors.

★ ★ ★

He said the refugee went into the water, either because the guard were shooting at him or in an attempt to swim across.

★ ★ ★

"After the first People's policeman fired, three more of them on the bridge suddenly came awake," he said. "One raised his machine pistol and pressed the trigger. The shots were scattered across the water.

"But the refugee was in the field of fire. The man went under. I didn't hear a scream, nor a cry for help, nor even a murmur. The last thing I saw was the hand of the refugee above the water. It went under. Then everything was quiet . . ."

★ ★ ★

West Berlin police later reported that three East Berlin frogmen fished the body out after a two and a half hour search.

St. Louis, Chicago Rebels Give Teamsters New Woe

BY UNITED PRESS

The monolithic Teamsters Union faced new challenges today from insurgent taxi drivers in St. Louis and self-styled rebels in Chicago.

Teamster's President James R. Hoffa fought back, directing his anger at AFL-CIO President George Meany. He charged that Meany, in supporting another group of 4,000 maverick teamsters in Cincinnati was guilty of "a shameful performance."

Hoffa's Teamsters, the nation's largest single union, has been plagued by a mounting tide of detectors.

★ ★ ★

Anti-Teamster leaders recently won a National Labor Relations Board (NLRB) election among Chicago taxicab drivers.

In Cincinnati, dairyworkers voted last week to cut themselves loose from the Teamsters and petitioned the NLRB for an election designed to protect their bargaining rights.

The latest showdown came today in St. Louis, where 225 drivers for the Mound City Yellow Cab Co. voted under the auspices of the NLRB. The issue was whether the drivers would sever all ties with the Teamsters.

SPLIT FROM LOCAL

A group of the Mount City drivers split off from the Teamsters Local 405 last year, and formed the Taxicab Drivers Independent Union of Greater St. Louis.

The purpose of today's election was to determine whether all of the 225 drivers wished to throw in their lot with the independent union or whether the cabbies would continue to be represented by the Teamsters.

The independents made no bones about their plans to affiliate with the AFL-CIO if they win today's election. Independent union Secretary-Treasurer E. B. Forest said "It is definitely understood that if we are successful we will join the AFL-CIO."

★ ★ ★

The St. Louis taxi drivers charged that Teamster Local 405 merely collected dues from its members and didn't represent them properly. Much the same charges came from Chicago, where the new Rebel Teamsters Union (RTU) was challenging Hoffa's leadership of the city's truck drivers.

The RTU's leader is William J. Burns, a 40-year-old trucker who

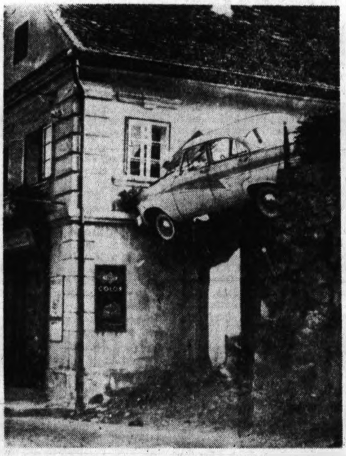
(Continued on Page 2, Col. 1)

Want to Oust Winnie From Parliament Seat

LONDON (UPI) — A campaign is under way in Sir Winston Churchill's Wanstead-Woodford constituency to have him resign from parliament to make way for a younger man.

The 86-year-old Sir Winston has returned to the House of Commons regularly since 1945.

Weird Parking Space



AP Photofax

TIGHT SQUEEZE — It looks impossible, but this Austrian driver found a way. The motorist, Joseph Kump, 63, explained that he turned down a private road in error Thursday. The road led to an elevated garden (visible at right) and Kump drove through the garden wall into his unusual parking place. Both the driver and his wife were lowered to safety when a truck was driven underneath the suspended vehicle.

Profit-Sharing Contract to Be Industry's First

Union to Use Figures as Lever in Pay Debates With Big Three

By ROBERT IRVIN
UPI Automotive Editor

DETROIT — The United Auto Workers Union and American Motors Corp. are believed close to a settlement in their efforts to write a trail-blazing contract providing the industry's first profit-sharing plan.

This could be the day. To prepare for the possibility of a settlement announcement, both sides had a ballroom reserved at a downtown hotel.

UAW President Walter P. Reuther, AMC Vice President Edward L. Cushman and 10 other officials from both sides met through the night in their third day of secret negotiations to reach an agreement for 25,000 workers.

The UAW hopes to reach an agreement with AMC by this weekend and then use it as a lever against General Motors, Ford and Chrysler, whose contracts for 500,000 workers expire in six days. The AMC-UAW pact does not run out until Sept. 6.

Negotiations at the Big Three were placed on the back burner while the AMC-UAW talks neared a climax. But if no AMC agreement is reached this weekend, the union is expected to turn again to the Big Three.

STILL UNCERTAIN

While a news blackout was imposed on the UAW-AMC talks, sources close to the negotiations—being held at an East Side riverfront hotel—said both sides already had reached agreement on "substantial" areas of the contract but it was not yet certain that a settlement would be reached before the weekend.

AMC President George Romney said that "unless UAW negotiations are settled within the next day or so we may not reach a settlement before the contract expires."

Romney said, however, that "we're making progress" in the talks and appeared hopeful of a settlement.

Romney, in a speech Thursday at Mukwanago, Wis., stressed the importance he placed on AMC's offer of a profit-sharing plan for union members.

"I believe the idea of progress (profit) sharing is an American fundamental," he said. "We are determined to move ahead in this respect."

It was unlikely, however, that the Big Three would go along with the AMC profit-sharing plan.

School Lunches Hiked 2 Cents

Board of Education Blames Raised Price on Drop in U. S. Aid

School lunches in Pontiac will cost two cents more this year.

The Board of Education yesterday raised the price of meals from 25 to 27 cents for pupils. Adults eating in the 23 cafeterias operated in the school system will pay 40 cents for meals.

Board members said the increased price was necessitated by a drop in federal subsidies for school food services, and by a wage increase granted yesterday to food service workers.

The board hiked the prices of lunches after granting wage increases which school officials said amounted to 2.3 per cent for the school system's 103 foor service employes.

The action meant increases of from two to five cents for cafeteria employes.

Strong objections were raised when the board ruled that managers of food service operations could not belong to the same union in which cooks and helpers were members.

Board members said they were not opposed to managers joining a union. But, they said, managers were supervisory personnel and should, if unionized, not be in the same bargaining unit with cooks and helpers.

'UNION-BREAKING'

Victor L. Smothers, president of Local 719 of the American Federation of State, County and Municipal Employes Union (AFL-CIO) termed the board's action "union-breaking" and an "unfair labor practice."

Smothers said he would file a complaint with the State Labor Mediation Board protesting the barring of managers from his union.

The local had originally asked for a blanket raise of 10 cents for all cafeteria employes.

Rebels Give Teamsters Woes

(Continued From Page One)

has been fighting the Teamsters for 10 years. He sought to enlist members of Teamster Local 710, composed of meat and highway drivers, and Teamster Local 705, a truck drivers and chauffeurs union. The two locals have represented Chicago truckers for 38 years.

From Washington, Hoffa fought back Thursday against Meany and the insurgents with a bristling telegram directed to the presidents of all 134 AFL-CIO unions.

He called upon them to repudiate Meany for his support of the Cincinnati rebels and his praise for their attempt to break with the "gangster dominated" Teamsters.

In Berlin 'to Stay'

WACO, Tex. (AP)—The commander of the U.S. ground forces in Europe, Gen. Bruce C. Clarke, said Thursday night of the Berlin situation that "We're there to stay."

Free Press Back After Injunction Halts Picketers

DETROIT (AP) — The Detroit Free Press was publishing again today as a federal court injunction halted picketing by striking Miami (Fla.) Herald pressmen. The picketing had prevented production for five days.

U.S. District Court Judge Theodore Levin issued a five-day restraining order Thursday after the National Labor Relations Board (NLRB) held the picketing was a secondary boycott and thus illegal.

The pickets, members of Miami Pressmen's Local 46, vanished from the sidewalks within minutes after Levin issued the injunction.

Says Gamblers Flash Race Info

Engineer Tells About Electric Divices Used to Signal From Track

WASHINGTON (AP) — A government radio engineer testified today that gamblers, defying federal law, use special electronic devices to flash horse racing information from race tracks to clandestine wire services.

Arthur Gilbert of Miami, radio engineer for the Federal Communications Commission (FCC), said he participated in a Miami police raid in 1958 durng which a suspected gambler, a former Miami area policeman, apparently smashed one of the divices with a croquet mallet to prevent its use as evidence in court.

The former policeman, Elum (Bill) Caudell, was described by a state prosecutor Thursday as an artist at smuggling racing information out of the tracks in violation of state law. He is scheduled to testify later in the day.

Gilbert told the Senate Investigation subcommittee the devices appear to have been built to order by "a perfectionist" in electronics. He said he believed Sergei Kirpatowski, a Miami technician, is one of those who builds them. Kirpatowski also is a scheduled witness.

HOOKS ON WIRE

Gilbert testified one of the devices can be hooked onto a telephone wire, pick up illegal radio signals from a race track and automatically flash them by phone to some confederate who then relays them to bookmakers.

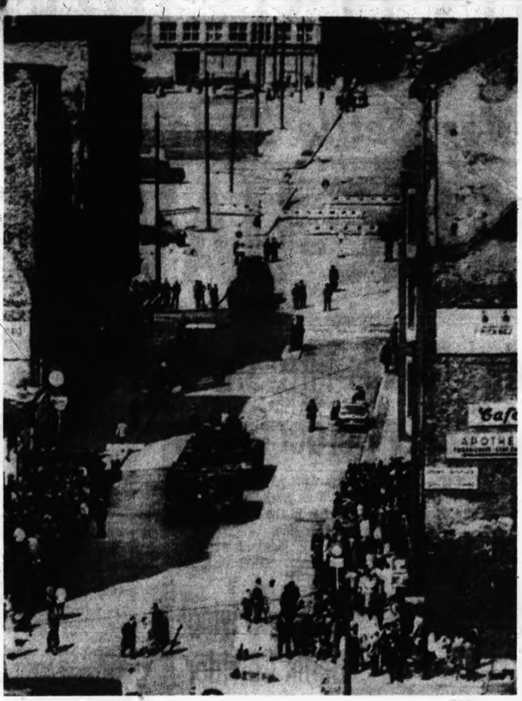
He said there is no law against possession and use of such a receiver, but the federal law forbids the unlicensed transmission of the radio signals.

The subcommittee's hearing got off to a late start as Chairman John L. McClellan, D-Ark., found it difficult to locate a second senator to participate. Subcommittee rules require the presence of at least two members before testimony may be received.

* * *

After waiting 45 minutes, the senator served notice he would wait five more minutes and adjourn the hearing if no one else showed up.

Sen. Sam J. Ervin, Jr., D-N.C., summoned from another hearing, showed up in time, but was called away before long and the hearing had to suspend temporarily.



VIEW OF BORDER — This view from a house in West Berlin illustrates the touchy situation at the Friedrichstrasse checkpoint as U.S. and Communist forces face one another at short range. American tanks in the foreground stand ready near the intersection marking the border. East German soldiers and a waterhose vehicle occupy a similiar position on the east side of the line. The stripped steel barrier in the background was put up by the Reds to slow traffic.

Composer Recalls 'Fork in the Road'

(Continued From Page One)

the big producers and then all the small ones.

My father, who was a doctor and a very practical man, still believed in me enough to finance further musical training at the Institute of Musical Arts, which later became Juillard. But even he was beginning to have his doubts. So was I. And so was Larry Hart, who was seven years my senior.

FUTURE WAS BLACK

In order to keep my hand in the theater, I toured the Shubert vaudeville circuit for a season as orchestra conductor. The future looked blacker and blacker.

Then came that first fork in the road.

A friend of father's, who manufactured children's wear, offered me a chance to go on the road selling baby's underwear at $50 a week, with a promise of more if I succeeded.

Fifty dollars a week in 1925 was awfully tantalizing, especially to an insecure composer who couldn't fall asleep at night for brooding over his failure. Father didn't push me, but I knew he was anxious for me to settle down and make something of myself.

The next morning the other fork presented itself in a phone call from Benjamin Kaye, a lawyer friend and theater buff who had been meeting with a group of youngsters who hung around the Theater Guild and played bit parts in its productions.

It seems Kaye and the kids had decided to stage a small, sophisticated review to pay the costs of two tapestries for the new theater the Guild was putting up on 52nd Street.

The show would be a benefit, staged, acted and written by newcomers, all dying for a chance to perform before a live, critical audience. Kaye suggested me as composer, and I, in turn, suggested Larry as the lyricist.

In two weeks of feverish concentration, we completed half a dozen songs. I can still remember how my heart beat when we played and sang them for Lawrence Langer and Theresa Helburn, the directors of the Guild. I can still remember how it beat even harder and faster when I reluctantly told the underwear man to look about for another salesman.

Had I chosen the right fork in the road? Was I doing the right thing for myself and my father and his faith in me? Those were exciting days, daring days, full of a sense of youthful courage and adventure that would never come again.

* * *

"The Garrick Gaieties," as the review was called, had no stars, but a lot of them later became stars and in other ways left their mark on the theater: Sterling Holloway, Libby Holman, Lee Strasberg, Philip Loeb, Herbert Fields, Harold Clurman.

It was supposed to run for two performances, an evening and a matinee, at the Garrick Theater. Critics like Robert Benchley and Alexander Woollcott were so enthusiastic, the Guild arranged for four more charity performances and then decided to give it a regular Broadway run. It ran for 25 weeks and, in process, launched the team of Rodgers and Hart.

Years later, Larry and I visited the Guild Theater.

"Dick," he said, pointing to the tapestries in the lobby, "we are responsible for them."

"No," I replied, "they are responsible for us."

Like a captain with his first command or a ballplayer with his first big league hit, nothing in life has thrilled me as much as the applause of that first Sunday matinee audience at "The Garrick Gaieties" in May 1925.

It was pretty heady wine for a 23-year-old failure who had known success and almost gone into the baby wear business.

Spanish Exile Arrested

PARIS (AP) — Exiled Spanish Gen. Valentino Gonzales has been put under house arrest in northern France, the Interior Ministry announced today. Gonzales, a Communist leader known as El Campesino during the Spanish Civil War, was accused of directing a recent series of raids into Spain by Spanish exiles based in France.

Will Keep Flying Corridor to Berlin

(Continued From Page One)

an aggressive act for the consequences of which the Soviet government would bear full responsibility."

Ahead of the White House statement, the State Department had referred to postwar agreements with the Soviets, which, it said, provided "absolute and inherent . . . rights of the Allies to enjoy unhindered routes of access . . . to Berlin."

White House press secretary Pierre Salinger said a formal diplomatic reply to the Soviet note would be sent within a few days.

Three commercial airlines, one for each of the Western occupying powers, now fly the three 100-mile air corridors that connect West Berlin with West Germany.

They Drive Out of East but Push Auto Back

BERLIN (AP)—Three young men drove up under the guns of American tanks to a crossing point between East and West Berlin today. They got out, and gave the car a push so that it rolled over to astonished Red People's Police.

The driver explained to newsmen that he had escaped from East Germany in his boss' car and decided he really ought not to keep it any longer.

'Get Out of Tunisia'

U.N. Set to Warn France

UNITED NATIONS, N.Y. (UPI) — Cuba accused the United States today of setting up an atomic base and a "remote control rocket base" in Puerto Rico.

UNITED NATIONS, N. Y. (AP) — The U. N. General Assembly winds up its Tunisian debate tonight, and all indications point to overwhelming approval for a resolution calling on France to take her troops off Tunisian soil.

In an effort to reach a vote tonight, Assembly President Frederick H. Boland of Ireland scheduled morning, afternoon and night sessions to clean up the list of 15 speakers.

Supporters of the resolution predicted it would poll far more than the two-thirds vote needed for adoption despite expected abstentions by the United States and other allies of France.

The sponsors anticipated no more than half a dozen negative votes from colonial powers. Others opposed to the resolution in effect censuring France were expected to abstain.

PULL OUT TROOPS

The resolution calls on France to withdraw her troops from territory seized during last month's fighting around the Bizerte naval base and to negotiate a schedule for complete troop withdrawal from Tunisia. Tunisia and the resolution's 32 sponsors rejected efforts by the Western powers and African nations allied with France to delete the passages implying censure of the French.

In Tunis, Tunisian President Habib Bourguiba declared that if the French fail to evacuate their forces from Tunisia "the world can say goodby to the United Nations and peace."

Bourguiba told a crowd at Medenine, about 300 miles from Tunis, that the dispute between France and Tunisia could have deep repercussions.

Graham Doubts Americans Can Be Awakened

PHILADELPHIA (AP)—Evangelist Billy Graham says he doubts whether the American people can be awakened to the fact that "the zero hour" of war is approaching.

He told a meeting of 12,500 persons Thursday night that this August reminds him of August 1939—except "Today we have atomic and hydrogen bombs."

Graham termed this a sober hour. He said it is not a time for "drunkenness or loose thinking."

NATIONAL WEATHER—Scattered showers and thundershowers are expected Friday night along the Atlantic coastal states, the Gulf region, in the Tennessee Valley, the Pacific Northwest and the Upper Mississippi Valley. Warm and humid weather is expected in most of the eastern third of the nation, with somewhat cooler weather likely along the Pacific Coast and eastward through the Northern Plains and Upper Mississippi Valley.

Peace Corps Bill Passes

Measure to Establish Unit on a Permanent Basis Clears Senate

WASHINGTON (AP)—President Kennedy's bill to establish the overseas Peace Corps on a permanent basis was passed today by the Senate.

The measure, which now goes to the House, authorizes $40 million for the corps' first year with the intent of putting 2,700 volunteers abroad or in training by next June 30.

* * *

Just before pasage on a voice vote, Sen. Bourke B. Hickenlooper, R-Iowa, withdrew an amendment proposing to cut the money authorization to $30 million.

'SETTLES ISSUE'

Hickenlooper said Thursday's 59 to 32 defeat of his previous amendment to cut the fund to $25 million substantially settled that issue.

Hickenlooper joined in supporting passage with what he called "mixed emotions."

* * *

He said some of the Peace Corps volunteers have been attracted by the idea of seeing "strange and exotic places and eating exotic food."

"But I predict it will not be a picnic," he added. "And I hope we do not delude ourselves into thinking this is the answer to all human relations."

Supervisors Work on Budget Figures

(Continued From Page One)

the special report will justify this sum."

* * *

Levinson's committee has fought the past several years with clinic officials over the appropriations.

"Maybe it (the report) can justify a lot of money, maybe not even 32 cents, but we can't proceed further until we see the study," the Birmingham supervisor said.

He said if the report justifies allocating more, the funds are available in the proposed $127,500 "contingent fund" bigger by $103,252 than the 1961 amount.

The supervisors' salaries committee presented a detailed report asking for 30 new employes next year, costing $141,089, and salary increases ranging from $100 to $2,000 for 1,500 employes.

Slated to receive the highest pay raise — if the recommendations pass the committee and board — is County Health Director Dr. John D. Monroe, with $2,000 more in 1962.

"It's because he's assisting Dr. Cheng (Dr. James T. Cheng) at the tuberculosis sanatorium," explained Frazer W. Staman, chairman of the salaries committee.

* * *

Other substantial increases are slated for William B. Grabendike, director of the equalization department, and Norman R. Barnard, corporation counsel. Both are recommended for $1,000 raises.

* * *

Three-quarters of the 1,500 employes would benefit with the suggested minimum $100 pay boost, county personnel director, John Witherup, said.

Death Notice

Gregory H. Frederick Jr.

A Requiem Mass for Gregory H. Frederick Jr., 28, of 15636 Burwood So., will be said 9:30 a.m. Monday at Holy Name Church. Burial will be in Holy Sepulchre Cemetery, Southfield.

Mr. Frederick died yesterday at St. Joseph Mercy Hospital, Pontiac, following a brief illness.

An area resident 23 years, he was employed in the office of the McLouth Steel Co. He attended the Pniversity of Detroit.

Survivin gare his wife Patricia; a daughter, Elizabeth D.; parents, Mr. and Mrs. Gregory H. Frederick of Birmingham; a brother, John C. and a sister, Elizabeth, both of Birmingham.

A Rosary will be said 8 p.m. Sunday at the Bell Chapel of the William H. Hamilton Co.

Reds 'Aid Independence'

MOSCOW (AP)—The newspaper Izvestia belittled U.S. plans to assist Latin America economically and served notice the Soviet Union intends to step in. Soviet aid will be given to Latin Americans "in their struggle for national independence," Izvestia said.

The Day in Birmingham

Study by Bloomfield Twp. Shows 1980 Land Needs

BIRMINGHAM—Only 30 per cent of Bloomfield Township's commercially zoned land — 87 of 375 acres — will be needed for the area's 1980 projected population, reported the Township Planning Commission today.

The report is part of the township's market analysis, one of several master plan studies being developed to guide future growth.

Population level, average income, spending patterns and shopping habits of area residents all were studied by the planning commission in arriving at the township's 1980 commercial land needs.

Predictions for 1980 show a population of 51,000, more than double the 1960 level of 22,500. Total 1980 earnings in the township are estimated at $283 million.

* * *

Of this figure $127 million or 45 per cent will find its way into local retail outlets, according to the report.

* * *

With the Birmingham market encompassing most of the township, the planning commission anticipates the spending of about $50 million in the township.

In terms of 1980 commercial land needs this would mean that only 87 acres would be required for retail outlets in the township according to the report.

The planning commission is now seeking to determine which areas should be retained in the current 375 acres to provide the best business locations for the day-to-day needs of local residents.

* * *

Special office districts, multiple family developments and industrial research zoning categories are being considered for the excessive commercial acreage by the planning commission.

* * *

Edward A. Proctor, planning commission chairman, said the township master plan and new zoning ordinance are nearly completed.

A series of meetings with township citizens to explain the planning commission's land use plans are expected to be scheduled late next month, he said.

Mrs. Andrew C. Maier

Service for Mrs. Andrew C. (Elizabeth) Maier, 73, of 4835 Dover Road, Bloomfield Township, will be 11 a.m. tomorrow at the Bell Chapel of the William R. Hamilton Co. Entombment will be in the Oakwood Memorial Mausoleum, Saginaw.

Mrs. Maier died Wednesday at St. Joseph Mercy Hospital, Pontiac, following a short illness.

Surviving are her husband, a son, James G. of Allen Park; four sisters, two brothers and four grandchildren.

A. MAITLAND COMB II

Ex-City Resident Dies Suddenly

Service to Be Saturday at 3 P.M. in Detroit for A. Maitland Comb II

A. Maitland Comb II, a former engineer with the Michigan State Highway Department and located in Pontiac for many years, was taken suddenly ill at his home Thursday morning and was dead on arrival at William Beaumont Hospital. He was 68.

Mr. Comb of 27204 Meadowbrook Way, Lathrup Village, Birmingham, was with the Oakland County Road Commission before moving to Detroit where he was president of an industrial heating contractors' business known as Comb and Groves Co.

He served with the U.S. Army in World War II.

He belongs to First Presbyterian Church of Pontiac but transferred his membership to the North Congregational Church in Southfield when moving to that area.

A graduate of Michigan State University, Mr. Comb had belonged to the Wednesday Dancing Club and Pine Lake Country Club.

* * *

Surviving are his wife, the former Lorna Mingay; a daughter, Mrs. Mark E. Kremer of Columbia, S.C.; a son, A Maitland III of Birmingham; five grandsons; and two sisters, Miss Willis Comb of Sault Ste. Marie and Mrs. C. W. Berner of Muskegon.

Also surviving are three brothers, William G. of Detroit, Raymond L. of Southfield and Walter E. of Port Washington, Long Island, N.Y.

* * *

Service will be held at 3 p.m. Saturday at the Haley Funeral Home, 24525 Northwestern Highway, with burial in Woodlawn Cemetery, Detroit.

His body was taken from the Sparks-Griffin Funeral Home at noon today to the Haley Funeral Home.

Religions to Work Out Policies

'Common Spiritual Market' Under Study

By GEORGE W. CORNELL
Associated Press Religion Writer

NEW YORK — A wide-ranging search began today for ways to help reconcile the clashes between American religious groups over public issues.

Top leaders of various faiths, from Rome to Geneva to Jerusalem, were to be consulted in the process.

Also, examples in the old world were expected to provide some answers to problems in the new world.

* * *

The effort is being led by a key interdenominational diplomat Dr. Lewis Webster Jones, president of the National Conference of Christians and Jews.

* * *

Noting intensified conflicts between religious groups in this country over various questions, such as public support for parochial schools, birth control policies, Sunday closing laws and other matters, he said: "Unless some clearer consensus can be reached, the strength and unity which America has drawn from the common acceptance of the Judeo-Christian tradition will be weakened and dissipated.

"Neither at home nor abroad can Americans afford such a loss."

GET FORD GRANT

As an initial part of the new four-year project, underwritten with a $325,000 Ford Foundation grant, Dr. Jones left today for conferences with high religious officials, and to survey advanced interfaith amity in Europe.

"There is a great deal we can learn in Europe," he said, citing the increased associations and active teamwork between Catholics and Protestants in many European countries.

* * *

"Both in Germany and elsewhere," he added, "there is a new spirit of inter-religious good will—something like a common spiritual market—in which we in the United States are anxious to be actively linked."

Particularly to be examined, he said, is the "dialogue approach" to community cooperation and mutual understanding, a movement that has mushroomed abroad and is spreading in this country.

* * *

It has chiefly involved Protestant-Roman Catholic parleys.

"New and multiplying discussions between church leaders in Europe now are taking place," Dr. Jones said, pointing out that the trend arose in the face of "growing pressure of communism on both religion and democracy."

Leaving on the liner Staatendam for Rotterdam, Dr. Jones will be joined there by Dr. Dumont Kenny, the national conference's vice president for program, who will take part in the consultations.

They are scheduled to meet in Geneva with World Council of Churches leaders, including General Secretary Dr. W. A. Visser 't Hooft, and in Rome with top Vatican officials, including Augustin Cardinal Bea, head of the new Catholic secretariat on Christian unity.

Conferences also were set with the Archbishop of Canterbury, Dr. Arthur M. Ramsey, a score of other Protestant, Catholic and Orthodox prelates in Europe, and in Jerusalem with the chief rabbi and Prime Minister David Ben-Gurion.

Philippines Orders Children Deported

MANILA, Philippines (AP) — Seven children of U.S. diplomats stationed at Jakarta, Indonesia, who came here to study were ordered deported from the Philippines, the Manila Chronicle reported today.

* * *

The immigration commissioner, Emilio Galang, was quoted as saying the children, 13 and 14 years old, had erroneously been issued student visas. Galang said holders of student visas must enroll in colleges or universities and that the children were enrolled at a private high school.

* * *

An eighth student, identified only as Judith Anne Schwann, of Valparaiso, Ind., was also included in the order.

Dick and June Likely to Stick, Forget Divorce

HOLLYWOOD (AP)—A spokesman for actor Dick Powell says he and wife June Allyson probably will reconcile.

* * *

The couple was granted an interlocutory divorce last Jan. 31 after a 15-year marriage. Under California law, the divorce is not final until Jan. 31, 1962.

* * *

The spokesman said Thursday Powell, 56, and his actress wife, 37, had been living together since they visited their children vacationing in Monterey, Calif. Miss Allyson recently suffered a kidney stone ailment there.

Hungary Plans Try for German Treaty

MOSCOW (UPI) — Hungary today pledged to "do everything" to have a German peace treaty signed by year's end, the Soviet news agency Tass reported.

* * *

The Hungarian statement described the current German situation as "intolerable" and said action to solve it is "urgently necessary."

"Sixteen years after the end of the second world war, no peace treaty has been yet concluded with Germany and the sovereignty of the German Democratic Republic (Communist East Germany) has not been fully insured and an abnormal situation has taken shape in West Berlin," the Hungarian statement said, according to Tass.

FAA Receives Signal Device for Air Safety

WASHINGTON (UPI) — The Federal Aviation Agency (FAA) has received a "push-button" air safety device designed to reduce drastically time-consuming voice communications between air traffic controllers and pilots.

The FAA said Thursday the new system, developed jointly by Motorola, Inc., and General Precision, Inc., was called aircraft communications electronic signaling system or ACCESS, for short.

The device makes it possible to handle electronically all routine communications such as aircraft identification, weather information and flight clearances merely by pushing a button.

The data would be flashed to pilots and controllers visually instead of verbally. It would be transmitted on voice radio channels and could be used any time there was a delay in establishing voice contact.

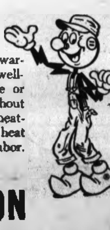
SPECIAL INSTALLED PRICE
INCLUDES WIRING

Look for this seal displayed by your electric appliance dealer.

COSTS LESS TO BUY—Model for model, electric clothes dryers cost less than other types because they're simpler in design, have fewer operating parts.

YOU PAY NO MORE TO INSTALL—Buy now and the price you pay for a 220-volt electric dryer includes normal wiring installation on Detroit Edison lines in dwellings up to and including four-family. "Normal wiring installation" means one 220-volt dryer circuit.

FREE SERVICE



Over and above the manufacturer's warranty, you are protected by Edison's well-known service policy. We will replace or repair electrical operating parts without charge, including motor, thermostats, heating unit, timer, door switch, cord and heat control. There's never any charge for labor.

Wheat Support Okayed; State Farmers Say No

WASHINGTON (AP) — Wheat farmers have approved marketing quotas for their 1962 crop and will get $2 a bushel price support.

In a national referendum yesterday in the 39 commercial wheat states, the growers also supported a 10 per cent cut in acreage and a government plan to turn millions of acres of wheat land over to conservation uses.

Michigan wheat producers, however, stood—just barely—against the new wheat stabilization program.

They turned it down 4,790 to 3,047.

About 19.6 per cent of the 40,000 eligible farmers, who were faced with no wheat surpluses, turned out to vote.

* * *

This was about double the number who went to the polls last year, said Edwin J. Lunde, program specialist for the State Agricultural Stabilization and Conservation Service.

About 62 per cent of Michigan farmers whose soft, white winter wheat is much in demand last year voted in favor of the program.

Out of 265,886 votes cast in the referendum, 211,199 favored the Agriculture Department's proposed program. This represented 79.4 per cent of those voting. Two-thirds had to approve the program to put it into effect.

This was the ninth consecutive year wheat farmers have approved marketing quotas.

Secretary of Agriculture Orville L. Freeman had urged farmers to approve the program, saying it would increase their income next year 10 to 15 per cent.

* * *

Approval of the government program means farmers will get a $2 a bushel price support—84.4 per cent of parity—from the Agriculture Department next year if they comply with their acreage allotments and participate in the wheat stabilization program.

This year's support was $1.79 a bushel or 75 per cent of parity. Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them for things they buy.

The stabilization program requires farmers to place at least 10 per cent of their wheat land into conservation practices. The growers receive payments for this and for any more wheat land they retire up to an additional 30 per cent of their wheat acreage.

They would be paid 45 per cent of the normal return from the diverted acres in cash or wheat from government-owned stores for the first 10 per cent cut and 60 per cent of the normal return from any additional wheat land retired.

Farmers who don't sign up under the program do not receive the payments.

AREA NEWS

To Begin School in Rochester

Schedule Construction of $1.1 Million Building for Early Next Week

ROCHESTER — Construction of the $1.1 million West Junior High School will begin early next week, Richard F. Huizenga, assistant superintendent of the Rochester Community Schools, said today.

Three of the four major contracts have been awarded by the school board and work on the 23-classroom school can get under way immediately, he said.

Awarded the general construction contract was the Schurrer Construction Co., Pontiac for its low bid of $725,782. Nine firms had submitted bids on this phase of the project.

The Lyons Plumbing and Heating Co., Romeo received the mechanical contract for $223,700, the lowest of 17 bids, and the electrical contract went to the Yauch Electrical Co., Detroit for $89,728.

All contracts were kept within funds allocated in the budget for the construction of the school, Huizenga said.

The total amount of the contracts awarded is $1,039,210.

Equipment bids were tabled for further study, according to the assistant superintendent, but will not interfere with the progress of the school construction.

TO EQUIP KITCHEN

The board of education, he said, probably will let the equipment contract at its meeting of Sept. 5. The contract calls for equipping the kitchen, science laboratory, library, homemaking and arts and crafts rooms.

The school, the second junior high in the district, will be built on a 22-acre site on Old Perch Road, midway between Avon Road and Walton Boulevard.

It is scheduled for completion in September 1962.

In addition to the 23 classrooms there will be two teaching stations provided in the gymnasium. The building was designed by Linn Smith and Associates of Birmingham.

MSU to Open Center to Study Dairy Cattle

EAST LANSING (AP) — Michigan State University will open its new facilities at the Dairy Cattle Research and Teaching Center Sept. 1.

The facilities, including four one-story, pole construction barns, will be open for public inspection and dedicated that day, MSU spokesmen said.

The buildings also contain analytical laboratory and classroom facilities.

Lansing Man in Bathtub While House Is Burning

LANSING (AP) — While his house burned, Eugene McGowan of Lansing, bathed. McGowan was unaware that a $4,500 fire was in progress in his home until two neighbor boys burst into the bathroom to tell him.

The boys told Lansing firemen they spotted the smoke while playing a block away. Firemen said the blaze apparently started from an overheated light bulb.

Pontiac Press Photo

CROWNED AT FAIR — Tom Whiting, 18, Ray Township, and Shirley Toles, 17, Romeo, last night were crowned King and Queen of the 89th annual Armada Fair that runs through Sunday. Doing the honors was Raymond Apley Jr., state representative from the 3rd District. Shirley lives at 76040 McFadden Road, and Tom's home is at 19691 29-Mile Road.

Select Thomas E. Culbert

Oxford School Principal Named Novi School Head

Thomas E. Culbert, elementary coordinator of the Oxford Area Community Schools and principal of Axford School, has been named superintendent of the Novi School District.

Culbert, 37, succeeds Dr. William H. Medlyn who resigned his post July 31 to head the college and university placement bureau of the University of Indiana.

The new superintendent, like Medlyn, will serve a dual role in the Novi school system. Besides being chief administrator of the school district, which is entirely elementary, he will serve as principal of the Orchard Hills Elementary School.

High school students in the Novi district now attend classes in Northville but a high school is planned within the next couple of years.

Culbert, a 1949 graduate of Eastern Michigan College, began his teaching career in Britton where he served as an instructor-principal for two years. He received his master's degree at the University of Michigan.

He has been on the Oxford staff 11 years, being named elementary coordinator when the district reorganized in 1956. The position was created at that time to provide the same elementary program to all pupils, improve parent participation and expand curriculum.

TO DISCONTINUE POST

With Culbert's resignation as elementary coordinator, the Oxford Board of Education has approved discontinuing the post.

Indications that the responsibilities of the job will be assumed by the superintendent were made by the school board early this year. No decision, however, has been made.

A year prior to the reorganization of the Oxford district, Culbert, who lives at 213 Tanview Blvd., Oxford Township, with his wife and four children, spent a year in the Clawson School District.

The Culberts plan to move to the Novi area as soon as a home is found.

Named to succeed Culbert as principal of Axford is Joseph T. Raymer, 26, who served as principal of the Lakeville Elementary School last year.

Donald Woodbeck, a junior high school teacher, will take over Raymer's duties at Lakeville.

Raymer has been on the Oxford staff for one year, teaching previously in the Avondale District. Woodbeck has been in the Oxford School System four of the nine years he has been a teacher.

Kalamazoo Apple Queen

KALAMAZOO (UPI) — Lynn Maxan, 18, was crowned Apple Queen of the 115th annual Kalamazoo Fair last night. The strawberry blonde is a shapely 5-feet-4 and weighs 124 pounds.

Revival Meetings Planned at Troy

TROY — Rev. Robert Downing of Temple Baptist Church, Garden City, will be the speaker at the Trinity Baptist Church revival meetings Sunday through Sept. 1.

Rev. Downing, originally from Clawson, was called to his present pastorate seven years ago when the church had a weekly attendance of 11. Through his ministry he has built the total up to 521 members.

A speaker at evangelistic campaigns throughout the country, Rev. Downing will be preaching nightly at 7:30 at the Troy church on Square Lake Road.

Acting Mayor Tops Clarkson

Council President in Southfield Signs Pact of Easlick

SOUTHFIELD — Former City Assessors Gerald Easlick is this city's new assessing consultant.

Council President C. Hugh Dohany, as acting mayor, signed Easlick's contract yesterday in the absence of Mayor S. James Clarkson.

The controversial issue started six weeks ago when Clarkson fired Easlick over differences of opinion on appraising and assessing procedures.

The City Council then named Easlick as assessing consultant and turned down one and tabled another of Clarkson's appointments to the city assessor's post.

VETOED ACTION

Clarkson vetoed the council's action. The council then overruled Clarkson's veto but the mayor refused to sign Easlick's contract.

Dohany said today that he had received a letter from Clarkson, who is vacationing in Grand Rapids, asking him to carry out certain functions in his absence.

The acting mayor said, however, that there had been some legal question as to whether the city clerk and treasurer could issue paychecks to Easlick without his contract being signed by the mayor.

* * *

According to the city charter, Dohany explained, the council president can perform all the duties of the mayor in his absence when authorized by the council.

950 Die in State Traffic

EAST LANSING (AP)—Traffic accidents have killed 950 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll during the same period in 1960 was 930.

Wed at Lady of Sorrows

Diane Pace Marries

INDEPENDENCE TOWNSHIP—Our Lady of the Lakes Catholic Church was the setting for the noon wedding Saturday of Gerald N. Wiggins and Diane Marie Pace. Rev. F. J. Delaney officiated.

Daughter of Mr. and Mrs. Charles A. Pace of 6627 Maple Drive, the bride chose a floor length gown of Chantilly lace and organza for the ceremony. It was designed with a jeweled bodice, Sabrina neckline and huge organza bustle bow.

A jeweled lace headpiece held her fingertip veil of illusion, and she carried her missal topped with stephanotis and miniature carnations.

* * *

Her gold sweetheart drop necklace with a diamond in the center was a gift from the bridegroom. He is the son of Mr. and Mrs. Gerald E. Wiggins of Dearborn.

Kathryn J. Simenson of Pontiac was maid of honor. Bridesmaids were Vivian L. Rusch of Drayton Plains, Jeannette P. Ohanesian of Pontiac and Susan C. Palmer of Detroit.

Serving as best man was Richard E. Wiggins of Detroit. Ushers were Thomas A. Wiggins of Dearborn and Robert C. and Richard A. Pace, both of Independence Township.

A reception was held at the UAW Hall in Pontiac after the ceremony. The newlyweds took a honeymoon trip through the Midwestern states to Phoenix, Ariz., where they will reside.

MRS. GERALD N. WIGGINS

66-Year-Old Lifer Dies in Prison Leap

JACKSON (UPI)—A 66-year-old prisoner, sentenced to life for second-degree murder, leaped to his death Thursday from a catwalk along the fourth tier of cells at Southern Michigan Prison, authorities said.

They identified the man as Harry Potter, formerly of 1327 Hadley Road, near Lapeer. He was sentenced in 1945.

Gov. Swainson Sees Challenge to 1975 Farmers

ESCANABA (AP) — A diminishing number of Michigan farmers will be called on in future years to produce bigger crops than ever before, Gov. Swainson said today.

* * *

There are indications that by 1975, Michiganians will consume 30 per cent more food than they do today, the governor said.

"This presents a great challenge to our agricultural community," he said in remarks prepared for the Governor's Day luncheon at the Upper Peninsula State Fair.

Swainson, saluting agriculture as Michigan's second biggest industry, noted that sales of farm products now total nearly $750 million. Business directly connected with the processing, storing, distribution and transportation of farm products totals another $1.8 billion, he said.

Daniels-Hagerty

Couple Wed in Milford

HIGHLAND — Carole Jean Hagerty became the bride of James Richard Daniels in an afternoon ceremony Saturday at Milford Methodist Church. Rev. William E. Lovejoy of the First Methodist Church, Birmingham, officiated.

The bride, daughter of Mr. and Mrs. James E. Hagerty of 3350 Clarice Ave., wore a gown made by the bridegroom's mother.

MRS. JAMES R. DANIELS

Of white dull luster satin, it was designed with a princess style bodice and a soft, pleated full skirt which was adorned with appliques of lace and ended in a brief train. To complete the costume, the bride wore a long-sleeve Chantilly lace jacket with an Elizabethan collar.

A Swedish crown held her waist length veil, and she carried a cascade arrangement of white chrysanthemums, carnations and roses.

The bridegroom is the son of Mr. and Mrs. Charles T. Daniels of 3202 Highland Court.

Attending as maid of honor was Lois Eckstrom of Birmingham. Bridesmaids were Carol Edgar of Birmingham, Michelle Daniels of Highland and Peggy Sweetland of Lansing.

Shevawn Jackowicz was flower girl.

* * *

The brother-in-law of the bridegroom, Leon Jackowicz, served as best man. Ushers were Daniel Barnett of Detroit, James Barnett of Highland and James Hagerty, brother of the bride.

* * *

The home of the bride was the setting for the reception immediately following the rite. After a honeymoon trip to Northern Michigan, the newlyweds will make their home at 3784 Golfers Drive.

DELORES BAILEY

The engagement of Dolores Bailey and Kenneth D. Keller is announced by the bride-elect's parents, Mr. and Mrs. Carleton Bailey, 8782 Sashabaw Road, Independence Township. The prospective bridegroom is the son of Mr. and Mrs. Ira N. Keller, 6438 Snow Apple Drive, Independence Township. A June wedding is planned.

MSUO Course to Aid Managers

Development Seminar for Small Business Owners Begins in Fall

Michigan State University Oakland, in cooperation with the U.S. Small Business Administration (SBA), will conduct a management development seminar this fall for owners and managers of small businesses.

In planning the program, an attempt was made to determine management areas in which small businessmen needed the most help, said Dr. William E. Rhode, assistant director of continuing education.

The program will cover such phases of management as planning and organization, implementation of plans, financing, communications, marketing, legal principles, taxation, record keeping, labor relations and industrial purchasing.

* * *

The 10-week course will meet from 7:30 to 10 p.m. Tuesdays, beginning Sept. 26.

Special lecturers will include Dr. Bruce DeSpelder of Wayne State University; Kenneth Porter of the Detroit Employes Association; Charles Rene, president of Strategic Planning, a Grosse Pointe management consultant firm; and Douglas McGurrity, chief of the Loan Administration Section of the SBA Detroit regional office.

Enrollment is limited to 30 persons.

LAUNCHED BY SBA

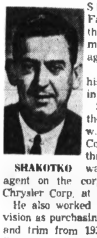
The small business management development program was launched by the SBA in 1954.

* * *

Additional information may be obtained from the Office of Continuing Education on the MSUO campus.

Farmington Man Heads Auto Sales at Pellon Corp.

Pellon Corp., producers of nonwoven textiles, announces the immediate appointment of Daniel L. Shakotko, of Farmington, to the post of automotive sales manager.



SHAKOTKO

He will make his headquarters in Detroit.

Shakotko spent the past ten years with Chrysler Corp. For the last three years, he was purchasing agent on the corporate staff of Chrysler Corp. at Highland Park.

He also worked with Dodge Division as purchasing agent of paint and trim from 1956 to 1958. For five years prior to this, he was buyer and purchasing supervisor with Dodge Division.

* * *

Before joining Chrysler, Shakotko was with production control at Lincoln-Mercury from 1946 to 1957.

Shakotko lives at 28984 Kendallwood Drive, Farmington.

Gov. Rockefeller Gives Swainson 3-1 on Pennant

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller gave 3-1 odds today — in bushels of apples — that the New York Yankees would win the American League pennant over the Detroit Tigers.

The Republican governor made the bet with Gov. John B. Swainson of Michigan, a Democrat, in an exchange of letters heavy with home-state pride in apples, butter, eggs, missiles and college scholarships, as well as baseball.

* * *

Swainson proposed a bet on July 20, when the Yankees and Tigers were practically tied for first place. New York had 72 games left to play at that time and the Tigers had 70.

Rockefeller's reply was dated Wednesday, when the Yankees led the league by two games and had 36 left to play, compared with Detroit's 37.

No. 2 and 3 230-300 lbs. 16.75-18.00; mixed sows 300-400 lbs. 14.75-16.50; No. 2 and 3 400-600 lb. sows 13.75-14.60; boars 12.50-13.50. Compared last week barrows and gilts 25c lower; sows steady.

Award Scholarship to Pontiac Student

Richard E. Gustavson, 2361 Mt. Royal, has been awarded a Consumers Power Co. engineering scholarship for the coming year at the University of Michigan, according to an announcement by District Manager Charles F. Brown of Consumers.

* * *

This will be the third consecutive year that Gustavson has been awarded the Consumers Power Co. honor.

Brown said awards are made by Consumers to students at 20 Michigan colleges on the basis of ability. Only students who live in the company service area are eligible to receive them.

Many trees near the coast in Brittany bend permanently toward the east.

Trade Moderate at Opening

NEW YORK (AP) — The stock market moved unevenly in moderate trading at the opening today.

Gains and losses of most key stocks were small.

The list was staggered by a sharp loss Thursday as concern mounted over the Berlin crisis and the possibility of an auto strike. Wall Street seemed biding its time as it watched for clues to see which way these major situations would develop.

Big Three autos held their ground fairly well. Athough General Motors was off a fraction, Ford held steady and Chrysler traded about unchanged.

The independents, American Motors and Studebaker-Packard, edged to the upside as expectations continued that they would reach a settlement with the United Auto Workers.

Steels also moved a little to the upside on balance but chemicals were mostly lower except for Union Carbide which rose ¾ to 137 on 4,500 shares.

Electrical equipments were on the upside. General Electric held a fractional gain.

Cities Service was off a fraction and Columbian Carbon up a fraction in further response to their proposed merger.

Up slightly were Lorillard, Johns-Manville and Pennsylvania Railroad. Slight losers were American Telephone, DuPont, Texaco and Boeing.

See Car Output Reach 60,622 Units This Week

DETROIT (AP) — With 1962 models beginning to roll off production lines, U.S. passenger car output is expected to reach 60,622 units this week.

Automotive News reported only Checker at Kalamazoo and Ford's Atlanta plant still were producing 1961 models.

Last week, 17,046 cars were produced and 39,062 cars were built in the comparable week of 1960.

Truck production in U.S. plants expected to total 21,625 units, compared to 12,698 units turned out last week and 14,673 trucks built in the comparable week of 1960.

Woman Prof, 81, Dies

MINNEAPOLIS, Minn. (AP) — Karen Larsen, 81, professor emeritus of St. Olaf College, Northfield, Minn., died Thursday. Miss Larsen served in the college history department from 1919 until her retirement in 1952.

AP Photofax

REFUGEES FROM FREEDOM — Harold Hatch of Cuyahoga Falls, Ohio, is disgusted with life in these United States, so he is going to start a new life in Russia. Hatch, an ex-Marine, is shown with his family as they pack for the trip. From left are Shawn, 14; Debra Lee, 10; Lelani, 33; Mrs. Hatch, holding 4-month-old Lloyd; Karo Lynn, 4; Camille, 13; and Hatch.

Moderate Wing to Meet Tonight

Republican Leaders to Talk About Legislative Program for State

ANN ARBOR (AP) — Some 30 or 40 Republican leaders of the "moderate" wing will meet here tonight to discuss a legislative program formulated by eight state senators in Traverse City last week.

Sen. Farrell E. Roberts, R-Oakland County, will be among them.

The meeting, which will resume Saturday, is regarded as the second step in the lawmakers move to revitalize the party.

Among others expected to attend are Paul D. Bagwell, GOP candidate for governor in 1958 and 1960; Congressman Robert P. Griffin of Traverse City, National Committeeman John B. Martin and former State Chairman Lawrence B. Lindemer.

* * *

Host for the meeting is Sen. Stanley Thayer, R-Ann Arbor, one of the members of the so-called moderate bloc in the upper chamber.

Thayer and his seven colleagues adopted a middle-of-the-road legislative program during their Traverse City meeting. They said they hoped to sell it to the rest of the GOP, frowning on reports they might seek a coalition with the Senate Democrats.

State Road Official Hits Federal Plaint

LANSING (AP) — The State Highway Department today took issue with a complaint by federal accountants that road contractors in Michigan are not being charged adequate penalties for failure to complete jobs on schedule.

In virtually every instance of delay in opening a project to traffic, the contractor was not to blame, said Howard E. Hill, the department's managing director.

"Unreasonably bad weather, strikes, failure to obtain right-of-ways on schedule, delay in removal of buildings or some similar reason has always been responsible," Hill said.

"We don't charge penalties for such delays and we have never been told by the Federal Bureau of Public Roads that they should."

Signs Bill to Buy Lincoln Shrine in Springfield

SPRINGFIELD, Ill. (AP)—Gov. Otto Kerner has signed a $1,015,000 bill for purchase of the weatherworn Sangamon County courthouse, an Abraham Lincoln shrine and famed tourist attraction.

Kerner said Thursday he signed the bill as "my patriotic duty." Sangamon County had threatened to tear down the courthouse if the state did not acquire it.

The courthouse, where Lincoln served as a state legislator and delivered his famous "House divided" address, is located in the heart of downtown Springfield.

News in Brief

Robert C. Crase, 22, of 2500 Frankson Road, Avon Township, pleaded guilty to a reckless driving charge before Springfield Township Justice of the Peace Emmett J. Leib yesterday and was fined $50 plus $25 costs, and sentenced to 15 days in the county jail, or 45 days if not paid.

Theft of a 35-horse power outboard motor from his boat on White Lake was reported to the sheriff's department yesterday by Hartwell Gray of 4111 Jackson Road, Springfield Township.

Gasoline Truck Flips, Burns on Telegraph

A motorist changed his mind and a gasoline tanker truck behind him flipped and burst into flames on Telegraph Road in Southfield early this morning.

No one was seriously hurt but the truck driver, Maynard Thompson, 45, of 3812 Gardner St., Berkley, barely escaped with a sprained ankle as flames licked at the overturned cab.

He crawled and limped 100 yards to safety as the flames raced over 1,200 gallons of spilled gasoline, turning the highway surface into a blazing inferno.

* * *

Thompson said his double-tanker truck flipped when he applied the brakes to avoid crashing into the rear of a car ahead.

He said the car passed him from the rear and started to make a left turn into a motel entrance just north of Eight Mile Road when the driver apparently changed his mind.

Thompson told Southfield police the car suddenly swerved back careening wildly in front of him. It was then Thompson hit his brakes. His rig jack-knifed and rolled on its side. The car continued south.

SKIDDED 50 FEET

The rig skidded on its side 50 feet down the center of the four-lane highway.

A blaze immediately covered the road for 50 feet.

Residents in the Valley Garden trailer court at 21301 Telegraph Road said "explosions" shook their trailer homes at 2:55 a.m. They notified Southfield police.

* * *

Officers said the truck's tanks did not explode but safety valves blew off the top causing a series of loud reports.

The tanks were nearly empty when the crash occurred as Thompson was returning to the Standard Oil Co. yards in Detroit after making nighttime deliveries.

Southfield firemen fought the blaze for an hour and a half before bringing it under control.

CLOSED TO TRAFFIC

Telegraph road was closed to traffic, which was rerouted to Lahser Road, for nearly four hours until Detroit Edison Co. workers repaired the power line damage by 6:40 a.m.

* * *

The mishap came less than 24 hours after a similar truck was involved in a fatal collision with a train at a Taylor Township crossing. Three men died in Thursday's accident.

Premier Debre Given Power

De Gaulle Concentrates Control in Reshuffle of His Cabinet

PARIS (UPI)—President Charles de Gaulle's drastic shakeup of the French cabinet appeared today to have concentrated control of the government more directly in the hands of Premier Michele Debre.

* * *

Thursday's reshuffle was De Gaulle's first major cabinet shakeup since he took office in January 1959.

One of Debre's bitterest opponents, minister for the Sahara and overseas territories Robert LeCourt, resigned.

To assume LeCourt's functions, deputy Jean de Broglie was appointed secretary of state in charge of the Sahara and overseas territories, attached to minister of state Louis Jacquinot.

De Gaulle also named former information minister Louis Terrenoire as Debre's special delegate and appointed Christian de La Malene secretary of information. Malene and Debre are old friends.

* * *

The determined French president apparently was solidifying the government to counter criticism of his domestic farm and labor policies and to prepare for a possible international showdown in the coming months.

* * *

De Gaulle scheduled one of his rare press conferences for Sept. 5, and reliable sources said he will deal primarily with foreign policy problems — notably the Berlin and Bizerte crisis.

France Hit for Atrocities

TUNIS (AP)—The Tunisian government claims France summarily executed 100 persons—many of them women—during last month's bloody fighting for the Bizerte naval base. France has denied Tunisian charges of atrocities.

Romney Talks About Compacts

Says They'll Soon Be Called 'Standard' Car of American Public

MUKWONAGO, Wis. (AP) — George Romney says the average length of an American car has been trimmed by almost a foot since the mid-50s when he began preaching against what he called Detroit's gas guzzling dinosaurs.

* * *

Romney, at the national press preview of 1962 Ramblers, maintained the compact car concept he popularized at American Motors has become so widely accepted the word compact may disappear from automotive terminology.

"The compact car is taking over the roide of the standard U.S. car," Romney said in a speech Thursday. "It will account for between 55 and 60 per cent of all car sales in the coming model year and will replace the old standards as the top volume cars in a matter of months."

The American Motors president said he first used the term compact in 1956 when he introduced the middle-size Rambles, now called the Rambler Classic.

* * *

American Motors also markets the Rambler American, smaller than the classic, and the Rambler Ambassador, which to date has been considerably bigger with a 117-inch wheelbase and an over-all length of just under 200 inches.

* * *

The 1962 Ambassador is definitely smaller. Although Romney declined to give exact statistics, he said "there is no question about the Ambassador being a compact in 1962."

Plans New Program to Fight Delinquents

GRAND RAPIDS (UPI) — The mayor of Grand Rapids has announced a new program designed to combat juvenile delinquency, including publishing the names of under-age offenders.

* * *

Mayor Stanley Davis said his two-point program included having a vandal personally repair the damage he inflicted, as well as permitting newspapers, radio and television stations to use the offenders' names, even though they are younger than 18.

* * *

The antidelinquency program came out of a Wednesday meeting Davis held with Grand Rapids area police, judges and civic leaders.

Reds Select Elvis as Typical American GI

BERLIN (UPI) — The Communists today unwittingly selected singer Elvis Presley as a typical American soldier.

* * *

The East Berlin newspaper Berliner Zeitung, illustrating an attack on the U.S. Army, printed part of a photograph showing American soldiers lined up in formation at ease.

* * *

Presley, in a fatigue uniform of the sort he wore when he served as a draftee in West Germany 18 months ago, stood in the foreground taking up half of the photograph. It was obvious that the newspaper's photo editor did not know the identity of the soldier.

Presley was not identified. The caption read "American recruits are drilled and made ripe for war at West German training grounds."

Third Salesman Arrested in Local Swindling Case

A third magazine salesman has been arrested in the case of the elderly Oakland Township man who recently was swindled out of $20,000, Romeo state police reported today.

Being held for extradition in Los Angeles, Calif., is Thomas Duncan, 21, of North Hollywood.

Duncan is the third member of a quintet apprehended for investigation of bilking Frank R. Cook, 89, of 1880 Dutton Road, out of the large sum over a three-month period.

Melvin Powers, 21, of St. Louis, Mo., is awaiting arraignment in Oakland County Circuit Court Monday on a charge of obtaining money under false pretenses.

Another salesman is in police custody in Abbington, Va., also awaiting extradition.

Federal's Announces 2 New Departments

Martin Meeron, store manager, announced the opening of two new units this week at Federal's Department Store, 91 N. Saginaw St.

A new record department on the landing between the main and basement floors has been stocked with a complete line.

Also newly opened is a discount patent-medicine department which will include household aids and prepackaged candies on its shelves. The department is at the rear of the store's main floor.

Five Are Unhurt When Lightning Hits in Waterford

Five persons escaped injury when lightning struck the Communications Engineering Services building, 5939 Andersonville Road, in Waterford Township yesterday afternoon.

Norman Echtinaw of 7050 Hatchery Road was knocked five feet when the bolt traveled through radio equipment next to him. He landed on his feet unhurt.

Owner of the business, sheriff's deputy Mike Felice, said he thought at first "someone had thrown a firecracker into the building."

* * *

He estimated that the lightning bolt caused $400 damage to his equipment. Burned out fuses prevented a fire from breaking out in the building, he said.

* * *

The other three men in the shop were not identified.

A 50-foot communications tower atop the single-story building attracted the lightning bolt which then traveled through wires into equipment inside.

Hold Bargaining Talks in 25-Day Bus Strike

DETROIT (AP) — Management and labor today were studying contract proposals exchanges Wednesday in only the fourth bargaining session held in the 25-day-old strike at Intertown Suburban Lines Corp.

Federal mediator James J. Burke said negotiators for the bus line and Division 1265 of the Streetcar and Bus Operators Union would notify him when they have finished studying proposal and wish to set up another meeting.
