

South Blvd. Not to Be State Road

By PETE LOCHBILER

A State Highway Department official has all but sunk city planners' hopes for designating South boulevard as state trunk line M59.

M. T. Ataman, a location engineer with the Highway Department, asserted that an interchange of South boulevard with the proposed interstate highway a mile east of Pontiac had become "an engineering impossibility."

South boulevard couldn't function properly as a trunkline if it had no access to the important interstate highway between Detroit and Sault Ste. Marie, Ataman pointed out.

Population Up 22 Pct. in State

Preliminary Figures of Census Show Detroit in Tumble

DETROIT (AP)—Michigan's total population increased by more than 22 per cent but the City of Detroit fell off 9 per cent in the past 10 years, preliminary 1960 census figures showed today.

The 1960 census gives Michigan a population of 7,785,182 compared with 6,371,735 in 1950. This is an increase of 1,413,447.

The new census figures emphasized the population explosion in the suburbs and posed a serious financial problem for Detroit.

COULD LOSE \$1 MILLION
The suburbs have grown at the expense of the city which stands to lose \$3,300,000 in revenue from the state sales tax and other levies which are apportioned by the state on basis of population.

Wayne County, which includes Detroit, showed a population increase of 10 per cent.

Figures showed a spectacular increase in population of neighboring counties where suburban communities have more than doubled their population in the past 10 years.

Oakland County went up from 386,001 in 1950 to 687,611 this year—an increase of 77.5 per cent.

Macomb County increased from 194,961 in 1950 to 405,346 in 1960. This was an increase of 109.4 per cent.

The census figures were announced in the office of Detroit Mayor Louis C. Mirani by John E. Tharaldson, regional field director of the Bureau of Census.

Detroit's Budget Director Ed. Ward J. Novak advised the mayor that the estimated \$2,300,000 loss in revenue from state taxes would be in addition to an already estimated deficit of six million dollars in next year's city budget.

Fisher Body Union Vote Is Reversed

Incumbent Gerald Kehoe's three-vote margin election win yesterday for the presidency of UAW Local 596 (Fisher Body) was negated to date when a "protest recount" turned up five more failures for Kehoe.

Yesterday's vote was announced as 627 to 624 in favor of Kehoe. Today's count showed 629 votes for Kehoe and 627 for Kehoe. An election committee official said the union's rank and file would be polled for a "no contest" ruling Sunday. An "interpretation" would then be sought from International headquarters, he said.

Carillonner to Give Concert Here Tomorrow

Anton Brees, world-renowned dean of carillonners in the United States, will appear in three concert performances in downtown Pontiac tomorrow.

He will play the Community National Bank carillon console from the bays of the County Courthouse on the corner of Saginaw and Huron streets.

Performances will be given at 11 a.m., 2 p.m. and 4 p.m. The Community National Bank's 68-bell carillon is the largest commercial carillon in Michigan. Brees, the carillonner of the Boston Singing Tower at Lake Wales, Fla., will be able to play the console on the courthouse lawn via a cable connection from the bank.

The Pontiac merchants are offering special sales in observance of Downtown Pontiac Carillon Day and providing free parking for the city's preferred parking lots from 8:30 a.m. through the day.

Confer Reasonably, Ike Tells Russ

STARTLINGLY CLEAR — President Eisenhower, near the end of last night's report to the nation, showed this detailed picture of the San Diego, Calif., Naval Air Station. He said it was photographed from 70,000 feet up. The President

referred to white lines six inches wide clearly visible. They are not the diagonal lines shown here, which are the wider airstrip markings. The lines to which he referred are not reproduced, nor were they visible on television.

Report Beamed to Soviet Union in 7 Languages

President Declares His Wish to Go On Seeking Better Relations

WASHINGTON (AP)—The United States bombarded the Soviet Union today with a broadcast appeal from President Eisenhower to forget the failure of the Paris summit conference and join in "businesslike dealings" for East-West peace.

"The path of reason and common sense is still open if the Soviet will but use it," Eisenhower declared Wednesday night in a radio-television broadcast from the White House.

Translations of the speech, carried throughout the world by the Voice of America, were being beamed to the Soviet Union today in 22 separate broadcasts in seven languages spoken in that area.

Eisenhower asserted his intention to seek improved relations with the Soviet Union "despite our recent disappointment" and said specifically that the United States will continue to take part in conferences at Geneva on disarmament and on prohibition of nuclear weapons tests.

At the same time he made emphatically clear that in spite of cancellation of U.S. flights—he intends to continue gathering intelligence information about the Soviet Union's military developments by all practical means.

NEW TECHNIQUES
Obviously referring to spy-planes, satellites, he said "new techniques, other than aircraft, are constantly being developed" to do this.

But Eisenhower stressed that he would much prefer that the United Nations undertake the task of keeping watch on the military efforts of all the great powers.

He reaffirmed his intention to propose a new open skies plan to the U.N., and announced that the United States would supply "part of the aircraft and equipment required." Press Officer James C. Hagerty said this offer would include the high-flying U-2 jet planes used by the United States in aerial espionage of the Soviet Union for the past four years.

At this point in his speech Eisenhower dramatically turned away from his prepared text, as if he had turned off a rural road near Pontiac and struck a tree.

LATEST EISENHOWER IMAGE — This is how President Eisenhower looked last night as he reported to the nation on the collapse of the summit conference. The picture was taken just before his address.

Eisenhower Replies to World's Queries

WASHINGTON (AP)—President Eisenhower has given answers to some of the questions most frequently raised by Democrats and other critics of the handling of the U-2 spy plane flight.

Two of these questions were posed by the President in his television speech to the nation Wednesday night.

1. Why was the spy plane sent over the Soviet Union just two weeks before the summit conference?

2. Why was a false statement issued at first that the flight was for gathering weather information and had penetrated the Soviet Union accidentally?

These are the answers Eisenhower gave:

"As to the timing, the question was really whether to halt the program and thus forego the gathering of important information that was essential and that was likely to be unavailable at a later date. The decision was the program should not be halted."

"Next, as to our government's initial statement about the flight, this was issued to protect the pilot, his mission, and our intelligence processes, at a time when the true facts were still undetermined. What is known in intelligence circles as a 'covering statement' was issued."

"It was issued on assumptions that were later proved incorrect. Consequently, when later the status of the pilot was definitely established, and there was no further possibility of avoiding the exposure of the project, the factual details were set forth."

EXPLAINS ALERT

Eisenhower also answered another question that has been asked about the events leading to the collapse of the summit: Why did the President allow Secretary of Defense Thomas S. Gates to order a worldwide alert test of U.S. armed forces the night before the summit meeting was to start?

"The President said 'while the secretary of defense and I were in Paris, we were, of course, away from our normal command posts. He recommended that under these circumstances we test the continuing readiness of our military communications. I personally approved. Such tests are valuable and will be frequently repeated in the future.'"

And the President took on another question raised by his critics: If he had halted the U-2 flights the Thursday before leaving for the summit, why didn't he announce it then to remove some of the cause for anger of Soviet Premier Nikita Khrushchev? Why did he wait until the talks already had opened and it was too late?

Eisenhower said "before leaving Washington, I had directed that these U-2 flights be stopped. Clearly their usefulness was impaired. Moreover, continuing this particular activity in these new circumstances could not but complicate the relations of certain of our Allies with the Soviets."

Aggression Charge Slapped Down

U.S. Beats Reds in U.N.

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council rejected by a one-sided vote today a Soviet attempt to brand the United States as an aggressor for sending spy planes over Russian territory.

Despite a vigorous last-minute attack on the United States, Soviet Foreign Minister Andrei A. Gromyko failed to win any western or neutral support for his tough resolution.

The vote was 2 in favor, 7 against and 2 abstaining. Only Communist Poland joined the Soviet Union in voting for the resolution.

The vote was 2 in favor, 7 against and 2 abstaining. Only Communist Poland joined the Soviet Union in voting for the resolution.

The device Lodge charged the Kremlin with maintaining a vast spy ring, and he dramatically displayed a listening device which he said the Soviet authorities had manufactured.

Then he asked: "Why is the Soviet Union, after sponsoring friendship and coexistence, suddenly beating the drums of the cold war? I do not know but surely the peoples of all the world must be asking this question."

The device Lodge showed the Council was a wooden carving of the Great Seal of the United States presented to the U.S. ambassador by a group of Russians. The seal, Lodge showed, was hollow and contained a hidden microphone.

"It was right under the beak of the eagle," Lodge said. Gromyko bluntly rejected Eisenhower's bid for an international surveillance system. He called it a scheme to spy on the Soviet Union. He also warned that any new flights over Soviet territory would be "duly repulsed."

Proposes Christmas Bill
WASHINGTON (AP)—All Christ-mas season mail would be stamped by postal officials with the legend "Keep Christ in Christmas" under a bill proposed today by Sen. Thomas J. Dodd (D-Conn.).

Check for Scholarship Fund
FRED STALEY (center), president of the Pontiac Central High School Student Council, presents a \$5,000 check to Chancellor D. B. Varner (left) to set up a scholarship trust fund at the university. On the right is Francis Staley, principal of the school. The money will be used to grant a scholarship annually to a Pontiac Central graduate. Students raised the \$5,000 through magazine sales.

Rain With Thunder Tonight and Friday

Scattered showers and thunderstorms are predicted for the Pontiac area tonight and Friday. The low temperature will be near 57 tonight.

The mercury is expected to climb to 76 tomorrow. Fair and mild change in temperature is Saturday's outlook.

Morning winds easterly at eight M.P.H. will become southeast at 10-18 M.P.H. this afternoon and tonight, and shift to northwest late Friday.

Fifty-two was the lowest recording in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 64.

Waterford High Goes for Nixon in Mock Election
Waterford Township High School students like Richard M. Nixon.

The vice president, an apparent shoe-in for the GOP presidential nomination, outdistanced Democratic presidential candidate Sen. John F. Kennedy by 212 votes in a mock election yesterday.

The final tabulation showed Nixon with 667 votes to Kennedy's 455.

The two candidates had led the field of presidential aspirants in a "primary" at the school on Monday, Nixon with 749 to 444 for the Massachusetts senator.

The purpose of the mock election was "to feel the pulse of the township residents will vote at the November election," said history instructor David L. Christensen, director of the project.

News Flashes

TOKYO (AP)—Wildly dancing, screaming columns led by Leftists laid siege to Parliament today in a demonstration of 100,000 people against Prime Minister Nobusuke Kishi's pro-American policies and President Eisenhower's visit here next month.

MADAWASKA, Maine (AP)—A car plowed through a 71-member high school band assembled in a parking lot to play for a parade today. Thirteen band members were injured, 20 critically. Maine's Gov. John H. Reed, standing only 25 feet away, described the accident as "horrible."

SANTIAGO, Chile (AP)—A steady series of tremors, now diminishing in force, brought new panic today to lower Chile where five days of horror piled upon horror left 5,100 persons dead or missing.

Rockefeller Open for Draft but Won't Push Campaign

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller was offering himself as a reserve candidate for the Republican nomination for President today but there was no discernible sign he would be called to active duty.

Rockefeller said Wednesday he would accept a draft to run as GOP candidate for President, a development possible only if the party rejects Vice President Richard M. Nixon.

But Rockefeller agreed with the almost unanimous view that Nixon's nomination "obviously is to be expected."

Nixon remains the party's only declared candidate. He has

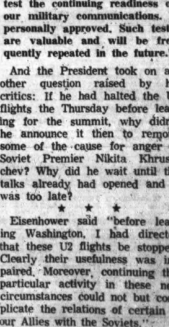

Rockefeller's current assets as a contender for the nomination consist of the assumption he would get all 96 of New York's convention votes plus one Arkansas vote pledged to him and a New Jersey vote promised if a floor fight developed.

A majority of 666 of the 1,331 delegates will be needed for nomination at the convention which opens July 25 in Chicago.

Basically, Rockefeller's entire strategy is keyed to the possibility, however remote, that something might happen between now and convention time to turn the party away from Nixon.

"These are very fast changing times," Rockefeller told a news conference he held after explaining his position to a meeting of Republican county chairman and the state party's executive committee.

Rockefeller sees himself as a contender the party could turn to if Nixon were forced to drop out of the running. The governor will not speculate on what he considers possible developments that could affect Nixon's position. And, the governor said, he will neither encourage nor authorize any campaigning in his behalf.

NELSON ROCKEFELLER

Pasternak Periled by Three Ailments

MOSCOW —Physicians have found author Boris Pasternak to be suffering from cancer of the lung in addition to a heart ailment and stomach trouble. Informed sources said today.

Pasternak has been coughing blood and attendants expressed belief a crisis is approaching for the 70-year-old writer.

His brother, Alexander Pasternak, reported his condition worsening. Attendants described his condition as "extremely grave."

Laos in State of Alert After Rebel's Escape

VIENTIANE, Laos (U)—Laos is in a state of military alert following the escape of the rebel Pathet Lao leader Prince Souvanna Vong. A strict 10 p.m. curfew was decreed in Vientiane and other cities. All roads were closed to civilian traffic.

The prince had been under arrest since mid-1959 on charges of rebellion. A nine-man military guard fled with him and 15 Pathet Lao followers Tuesday. Military leaders fear the pro-Communist prince may try to unite scattered bands of Pathet Lao that have been harassing army outposts.

Aunt Jane Will Build Warehouse for Pickles

DETROIT (UPI)—Aunt Jane's Foods, Inc., has announced it will construct a new \$150,000 warehouse at Croswell, with completion slated for July 1.

The warehouse, to be used to store pickles, is furnished with \$250,000 worth of equipment.

Rep. Bentley Endorsed by Polish Americans

DETROIT (UPI)—The executive board of the Polish American Congress of Michigan has endorsed Congressman Alvin M. Bentley, Democrat, for the office of U.S. Senator. Bentley is opposing incumbent Democrat Pat McNamara.

The board of the Polish American organization voted unanimously to support Bentley. The group has nearly a million members.

Two essential ingredients in the manufacture of synthetic rubber are butadiene and styrene, both of which are petroleum derived products.

Fate of Shirk Going to Jury

Accused Murderer of Carlo Vitale Insisting He's Innocent

The fate of accused murderer Richard H. Shirk, who insists he's innocent in the slaying of Carlo E. Vitale, will be placed in the hands of a Circuit Court jury tomorrow.

Circuit Judge Stanton G. Dondero is expected to instruct the

jurors as to possible verdicts after they return Friday morning from a one-day recess.

All circuit courts were closed today because of a regional meeting of circuit judges with State Supreme Court justices in Pontiac.

Shirk, 29, of Detroit, is being tried for the first-degree murder of Vitale, 21, also of Detroit, last November as the pair and a third companion sought to get Vitale, a robbery suspect, out of town.

Vitale's body was found nearly two months later, buried in Commerce Township.

The companion, Gerald A. Mackay, 23, of Detroit last week pleaded guilty to a redacted charge of second-degree murder. He'll be sentenced June 6.

Called to the stand yesterday as a rebuttal witness for the prosecution, Mackay said he was "scared of Shirk" and refused to testify.

Shirk took the stand in his own defense and denied the slaying. He said he went with Vitale to Chattanooga, Tenn., and never saw him again.

Explosion Rips Hole in Kingsley

Bloomfield Hills, State Police Investigate Blast at Inn on Woodward

State police have joined Bloomfield Hills police in investigating a bomb explosion that tore a hole through the wall of the Kingsley Inn last night.

Of the 200 persons dining in the restaurant, only a few said they heard a muffled blast at 9:28 p.m. No one was injured.

Kingsley Inn owner Fotis "Nick" Takis reported receiving a telephone threat earlier this month, to the Bloomfield Hills police. He said the anonymous caller demanded \$50,000 "or else."

Takis said he ignored the threat as he had on similar occasions in the past.

The Oakland County Bar Assn. was meeting at the inn when the explosion occurred. Supreme Court Judge Eugene F. Black was speaking at the time.

The explosion evidently was much louder outside the building. It was heard by residents as far away as Birmingham. The Bloomfield Hills police switchboard was flooded with calls.

A two-foot hole was ripped into the 16-inch brick and concrete wall by what appeared to be a planted bomb. It spread debris over a five-foot area inside.

The night club's furnace room bore the brunt of the blast. It was unoccupied at the time.

Police found an eight-inch length of fuse near the outside wall and reported a strong smell of gunpowder. The evidence is being taken to state police laboratories at Lansing today for analysis.

Actual damage to the building was slight and confined to the rear.

New type Suntan Lotion works with or without sun!

Wake Up Tomorrow Morning With A Glorious Golden Tan!

Not a color, iodine, stain, paint or make-up!

Amazing new POSITAN gives a safe golden tan look in about 4 hours—that lasts for days

Now you can have a fabulous tan look for days, weeks or months, winter or summer... rain or shine—with new Positan Suntan Lotion. An effective sunburn preventive, Positan helps you tan faster, in the sun without burning, or given you a healthy, tan look right in your home. The secret... a remarkable discovery, called Protosol that acts on the top layers of the skin producing a golden, tan look in about 4 hours. The tan won't

rub off or wash off like make-up. Your first day's tan lasts for days. Get tan—get Positan today!

TESTED—SHOWN SAFE

Positan's "tanning" ingredient Protosol was found safe in clinical and laboratory tests for all normal skin, even around eyes and on tender skin; it is non-toxic, will not irritate or sensitize.

- Not a stain, color, paint, or make-up
- Safe, contains no iodine—not sticky.
- The tan won't wash off or rub off like make-up.
- Fades naturally like a real suntan.

Swear affidavits from models and photographer prove these tans were taken without special lighting, make-up or retouching. The "after" tans show the actual result of using Positan.

Tans without sun... protects in the strongest sun!

Accidents Cost Area 14 Million

Dollar Toll Revealed by National Safety Unit for 1959

The cost of highway accidents and fatalities last year in Oakland County came to \$14,105,000, according to estimates of the National Safety Council revealed today.

There were 82 traffic deaths in the county last year, according to The Pontiac Press count.

State Police reported that 11,408 accidents occurred and 8,048 persons were injured in 1959 in Oakland.

James M. Hare, chairman of the Michigan State Safety Commission, said the estimated cost of Michigan's 1,469 fatalities and 198,771 recorded accidents came to an appalling \$227,655,000.

"In calculating the costs of motor vehicle accidents the Safety Council takes into consideration medical expense, wage loss, cost of insurance and property damage," Hare said.

First doctor of philosophy degree was awarded by Yale University in 1861. In 1892 women were admitted to Yale as doctor degree candidates in the philosophy field.

Niagara Is Still Safe — Not Ready to Collapse

NIAGARA FALLS, N.Y. (AP) — Several new cracks at the brink of the American Falls have been discovered but officials say there is no immediate danger of a slide.

Arthur Williams, executive secretary and chief engineer of the Niagara Frontier State Park Commission, said the cracks had been formed by temperature changes in a section of the falls now blocked by a cofferdam near Prospect Point.

Acting President Brings Needed Korean Reforms

Acting President HUI CHUNG of South Korea, an independent former premier once dismissed by President RHEE, is proceeding methodically to clean up the cause of the rioting and the political mess in the March 15 presidential elections.

Because of army complicity in these elections and demands by junior officers that the top brass be purged, Hui Chung has replaced the chief of staff and other high personnel. Korea army generals had pocketed much of the money intended to provide only a minimum ration for the ranks. As a result the army existed on a starvation diet.

Three important officials of former President Rhee's Liberal party have been arrested on charges of having helped rig the general elections. The former National Police Director and two police officials also were taken into custody on charges of having misused their positions under the Rhee regime.

The elections in question had resulted in a fourth presidential term for Dr. RHEE and election of his running mate, Lee Ki Poong (who has since committed suicide) by suspiciously large majorities. There is no doubt that elections had been tampered with and that the methods used were "unsuited to a free democracy" as our State Department pointed out.

While ruling under martial law, as the circumstances warrant, Mr. Hui pledges to restore constitutional government, adopt reforms that would take the hated police out of politics and to stop waste in American aid — no small item. New elections are to be held in July.

President EISENHOWER's planned visit to Korea next month will have an encouraging effect on democratic leaders and perhaps help to reopen trade with Japan which had been cut off capriciously by Dr. RHEE because he objected to repatriation of Korean nationals living in Japan.

Two More Languages Add to Indian Troubles

India's State of Bombay has a population of about 48 million—18.5 million of them speaking Gujarati and 29.5 million speaking Marathi. In 1956 hundreds were killed in rioting because of the Congress party's refusal to split the state along language lines.

The Indian government finally has capitulated. Bombay is now the states of Gujarat and Maharashtra, which bring to 15 the number of Indian political divisions. Bombay city will be the capital of Maharashtra and Gujarat plans to establish a temporary capital at Ahmedabad, 300 miles north of Bombay. Later a permanent capital will be built at the village of Mehana to be called Gandhinagar after Gandhi who was a Gujarati.

English continues to be the chief language for business and government. Indian leaders are educated in that tongue and would like to keep it as the easiest means of communication. Official recognition of two more state dialects adds to the difficulties of communication and tends to be a divisive force.

U.S. International Trade Shows Steady Growth

Some months ago Americans were told that decline in foreign trade was a serious matter and something had to be done about it.

Now the U.S. Department of Commerce announces that exports in March were over \$1.751 billion, the

highest figure for any month since July, 1957. It also was a 20% increase over March, 1959. The annual rate of exports during the first quarter of 1960 was \$18.4 billion or \$3 billion above the 1959 export volume.

During the three month period foreign imports leveled off. The March figure was \$13.55 billion, only 5% higher than the same month last year. This leaves a favorable trade balance of \$400 million which is expected to increase during the next few months.

All Western nations report an upsurge in international trade. India and Japan are industrializing rapidly and the effects on their populations will be to increase their standards of living and open larger markets for imported goods, much of which will come from the United States.

"It has been conclusively determined that crows can count up to seven," says a naturalist. That's better than many a golfer can do.

The Man About Town

Jump O'er Sunday

Three Day Weekends Find Promise of Much Fatality

Teenagers: Whom we should respect, for they're going to run things, in many homes having already started.

This being leap year, the Memorial Day and July 4 holidays leap over Sunday, and occur on Monday. They were on Saturday last year and had it not been for leap year, would each be on the Sabbath in 1960.

This means another pair of three-day holidays, and opportunity for extra carnage on our highways. It will begin on Friday night and end until Tuesday morning. However, Sheriff

Frank W. Irons is preparing to curb it as far as possible within human power.

He will have extra officers on duty, and all regular men will be working overtime on both of these holiday weekends. Advance notice is given to start early enough so you won't be compelled to push the accelerator through the floor boards and draw one of those greetings to appear in court. And you know where drunk drivers go.

Here's hoping that everybody will do his (or her) part to give the Pontiac area a good record on the celebration of both Memorial and Independence Days.

Too Handy for Comfort!

David Lawrence Says:

Ike's Calm Speech Rates Praise

WASHINGTON—What a contrast there is between the ill-mannered and abusive outbursts of a personal nature emitted by Nikita Khrushchev in the last 10 days and the calm and restrained address which President Eisenhower delivered last night to the American people.

Forbearance in the face of an adversary's insults is a Christian virtue that is not always easy to maintain.

LAWRENCE But the President showed he was above the sort of controversy indulged in by the Soviet Premier in his unprecedented attack on the Chief Executive of another state.

Never in the annals of diplomacy, so far as this writer can recall, has an international conference yielded such intertemperate language and such utter disregard of the amenities of states in their relations with each other.

But Eisenhower, while not conceding this, plainly decided not to allow any sensitiveness because of an affront against him personally to be influential in setting a course that might lead to an estrangement as between the people of the United States and the Soviet people.

The President frankly told the full details of the U2 incident and explained why, in the interest of possibly saving the life of the pilot, it was necessary for a few hours to cover up some of the facts.

SHOULD EASE CRITICISM Certainly this should brush aside many of the criticisms and focus attention on the main issue, which Eisenhower described when he said:

"Our safety, and that of the free world, demand, of course, effective systems for gathering information about the military capabilities of other powerful nations, especially those that make a fetish of secrecy."

"This involves many techniques and methods. In these times of vast military machines and nuclear-tipped missiles, the ferreting out of this information is indispensable to free world security."

"This has long been one of my most serious preoccupations. It is part of my grave responsibility, in the overall problem of protecting the American people, to guard ourselves and our allies against surprise attack."

The President stressed the fact that Premier Khrushchev knew about the U2 flights when he visited the United States last September but raised no question then.

As for discourtesy of the flights after Francis Powers was downed, Eisenhower made it clear

that this particular type of operation now is no longer necessary.

SATELLITES WILL GAP Obviously the new satellites currently in the latest stages of development can take care of the same needs of aerial inspection.

Evidently the Soviets have never objected to space satellites because they themselves use them.

The President, moreover, answered effectively the question of why the flights were made just before a summit meeting.

He said: "The plain truth is this: When a nation needs intelligence activity, there is no time when vigilance can be relaxed."

"From Pearl Harbor we learned that even negotiation itself can be used to conceal

preparations for a surprise attack."

The tragedy of Pearl Harbor is still fresh in the minds of the American people, so many of whose sons were lost in the war which we were compelled to enter in December 1941.

MIGHT'VE STOPPED JAPAN Proper collection and use of intelligence information might have frustrated the conspiracy of the Japanese militarists.

But Eisenhower said something even more to the point as he declared it was obvious that Khrushchev was bent on torpedoing the summit conference and upon canceling the invitation for the President's visit to the Soviet Union.

(Copyright 1960)

Dr. William Brady Says:

Teeth Worth \$1,000 Each—Losing One Cuts Vite

"Dear Dr. Brady: I have been reading your column for years and I love it (and you)."

"You were instrumental in my never having acquired the long-suffering smoking habit. Now when I read reports of doctors concerning the link of cigarette smoking with cancer,

I ask God to bless you and keep you well and happy in your work, for at times you must feel that your efforts are not appreciated."

"I'm old-fashioned enough not to want to dye or 'trim' my graying hair, for I'm a healthy and well-preserved 49, thanks to your teachings."

"P.S. Have all my teeth, including four wisdom, three of which are filled with pinhole cavities."

Probably not more than four or five persons in a thousand have all their teeth at 49. No wonder you are healthy and well stocked — I mean well preserved."

Health, vite, good digestion, good nutrition preservation of the characteristics of youth, functional efficiency, good looks and longevity's life depends on the condition of your teeth."

This is the reason why I say every functionally efficient tooth, whether it is in your own or your dentist's contribution to your health and well being, is worth at least \$1,000. Your teeth, I say, if it were my tooth it would be priceless.

For every tooth lost and not immediately replaced by a functionally efficient denture your vite declines, even though you hold your mouth so it won't be too obvious."

I wish the lady who has all her teeth at 49 had mentioned whether she brushes her teeth. It doesn't matter so far as conservation of the teeth are concerned, but it is always interesting to hear from people who, like myself, have no use for namby-pamby tooth

brushes and dentifrices. My teeth and mouth are as clean as any body's — I wash with plain soapy water once or twice a day.

Signed letters, not more than one page or 100 words long pertaining to eye, dental, or treatment, will be answered. Write to: Dr. William Brady, 1000 E. 12th St., Pontiac, Michigan. Self-addressed envelope is required to the Pontiac Press, Pontiac, Michigan. (Copyright 1960)

Case Records of a Psychologist:

Bachelor Desires to Provide All

Joe is like timid swimmers who may waste half the afternoon at the beach, testing the cold water with their big toes and shivering. After the plunge, the water is fine and you wish you hadn't stayed on the shore a single minute. So it is with marriage. If you pick a congenial certified mate, and also if you use the sex techniques in the booklet below.

By DR. GEORGE W. CRANE CASE E-470: Joe W., aged 35, is the bachelor chemistry teacher mentioned yesterday.

"Dr. Crane, I disagree with you," he argued, "for I think a bachelor is a much better marriage prospect for a girl like Peggy than a man who has already been married."

"Besides, I hesitate to marry until I have my home all paid for. It doesn't seem right to me for a man to ask a girl to skip and save and make such sacrifices."

"He should be financially well established before he proposes marriage, don't you think?"

FALSE GALLANTRY A lot of such bachelor gallantry is either a means of stalling off the vital decision to marry, or else is a carryover from teenage romantic notions.

Actually, the usual woman prefers to struggle and save and build her home WITH her husband."

She doesn't want a man to be dependent on her. She wants a man who has already had the fun and struggle and thrills of accomplishment that arise when a young husband and wife work TOGETHER.

Voice of the People

'What's Needed to Prove Our Need of Protection?'

We residents of Jordan road wanted a street light at the end of the road to prevent parkers and loiterers from annoying us at night. We were told we couldn't have it unless police thought it necessary.

Since then a bulldozer was run off a cliff by vandals. We've had to call the police several times about parkers, not to mention theft of automobile parts and gasoline. Saturday night our baby sister was annoyed by window peckers and prowlers several times. They even tried to get in by smashing a screen door.

I and other neighbors are sleeping with guns by our beds and will use them if necessary. We don't even have a police patrol after all this. What else must happen to prove we need protection?

One of Many Concerned

451 Jordan Rd.

'Why Can't We Get City's Cooperation?'

The Press editorial and comments some time back about business and the Commission hit the nail on the head when it said: "more consideration should be given business. Recently I asked the City Engineer to set up a fence between my business and adjoining City property, which the City promised to do 11 years ago. If they hadn't said they would do it, I wouldn't have asked, but they refused."

Three years ago a contractor employed by the City did about \$5,000 damage to my property. The City would not make restitution. Why can't we get some cooperation?

'It's Time We Had City's Cooperation' If Donaldson wants to get the job for keeps, he might just as well start talking to Walter Reuther right now, for the gold dust twins in Washington will never do anything in the Senate until the boss gives his official O.K. and Reuther might do it, for he might want a good postmaster in Pontiac.

L. L. L.

'Our Teen-Agers Are Better Than Others'

Pontiac and Waterford have a very high type of teen-ager and we should be very thankful that we are not like Detroit and other cities that seem to have about 50-50 delinquents and normal people.

H. W.

'Detroit Income Tax Backers Are Done'

Those councilmen in Detroit that approved that one per cent income tax are serving their last term on the council, whether they know it or not. Michigan is sick of any more, bigger or added income taxes. I live out here, but I work in Detroit and I know what people are saying.

Stuck

The Almanac

By United Press International Today is Thursday, May 26, the 17th day of the year, with 219 more in 1960.

The moon is approaching its first quarter.

The morning stars are Mars, Jupiter and Saturn.

In 1854, the Senate passed the Kansas-Nebraska Act which created the separate territories of Kansas and Nebraska and permitted the residents there to decide whether or not they wanted slavery.

In 1868, President Andrew Johnson was acquitted of impeachment proceedings.

In 1886, Al Jolson, American star of stage, screen, radio and television was born.

In 1913, Actors' Equity was organized.

"M54," the funeral ship of Egyptian Pharaoh Cheops was unearthed in Egypt.

Portraits

By JOHN C. METCALFE He is the modern slouching gypsy in a covered wagon.

'Ride When They Should Walk'

Life Made Too Easy for Kids

PHILADELPHIA (AP)—Kids will be kids, if adults will only let them. Instead, an authority on youth said Wednesday, parents are trying to speed their children into early maturity.

Shane McCarthy, executive director of the President's Council on Youth Fitness, said parents must recognize youth and adults live in two separate worlds.

"Youth wants discipline, and adults give them license," said McCarthy in an interview. "Youth loves roughness and adults give them ease. Youth craves activity and adults manufacture idleness for them."

McCarthy, here to address the 6th annual convention of the National Congress of Parents and Teachers, said adults do not demand or expect enough physical activity from their children.

"We build them playgrounds, and then put up signs that say 'no roller skating, no bicycling, no dogs,'" McCarthy said. "And where is the fun in that?"

"We build miles and miles of turnpikes, but where are the hiking trails? Our children camp out in junior-size country clubs," he said.

"Why should they walk when we make it so easy for them to ride? Why should they stand when they can sit? Or use energy when they can flop?"

"Adult example is the most compelling force in democracy—and it is very doubtful that today's adults can be looked upon as paragons of fitness."

"We buy our run and watch others participate."

"Work is frowned upon as a hangover of serfdom."

McCarthy said the present fad for "togetherness" is often carried to unreasonable lengths.

"Youth must have the opportunity to grow and develop on its own," he said. "And adults must recognize that our boys and girls who acquire sluggish habits early in life—habits handed to them by their parents on silver platters—will become increasingly inactive of mind, will and body as the years go by."

Arrested in Raid Shocking to Five

TULSA, Okla. (AP)—Vice squad Capt. Louis Skinner stepped in front of the crowd of 500 persons; most of them women attending a club event, and urged them not to be alarmed.

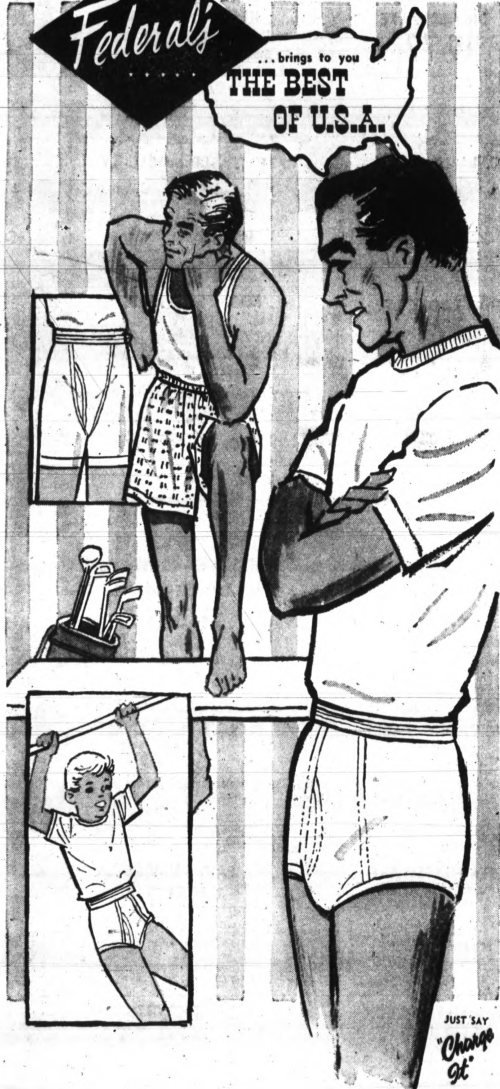

"This is a raid," he announced. "How shameful!" replied one woman. "most of us are widows."

Five persons were arrested for operating an illegal lottery.

MIAMI, Fla. (AP)—A Miami firm which promotes living in Florida has the unlikely title "Calif Construction Co."

Calif stands for Come And Live In Florida.

University Students
Know Their Chickens

KNOXVILLE, Tenn. (AP) — At Oklahoma State University, the students almost can count their chickens before they hatch.

In a recent Southern poultry judging contest, OSU students racked up 4,002 of a possible 4,500 points to take team honors over teams from eight other colleges and universities. The OSU judges won six of eight individual and team classifications.

Formosa Wants
Tourist Harvest

Has Beautiful Climate;
Resents Big Business in
Japan, Hong Kong

TAIPEI (UPI) — Formosa is attempting to cash in on Asia's skyrocketing tourist business.

But it is having trouble entertaining guests and training for war against the Communists at the same time.

The Nationalist Chinese government has established an agency to study and promote tourism.

The tourist trade blossomed into a major industry in Japan and Hong Kong while remaining a stunted bud in Formosa.

But not for lack of attractions. Early Portuguese sailors took one look and called the island Formosa, which in their language meant "beautiful isle."

U. S. Sen. Hiram L. Fong flew up and down the island last autumn and made a rare admission for a native of Hawaii: "Formosa has scenery which surpasses that of any native state."

The island abounds in rugged mountains, sweeping plains lush with rice and tropical fruits, glittering lakes tucked into quiet valleys, beaches 30 minutes from Taipei and scores of villages populated by peaceful aboriginal tribesmen who descended from headhunters.

But only a handful of tourists have even seen these sights.

Tourist interests want the government, largely preoccupied with military and anti-Communist affairs, to relax entry controls.

They have asked, for example, that police stop registering foreign travelers and that tourists staying less than three days be admitted without visas.

Easy Winners Used
Democrat Labels

TUCSON, Ariz. (AP) — Three Tucson city councilmen running for re-election on the Republican ticket were labeled by the Democrats as "Winkin, Blinkin and Nod."

When Charles E. Branin, James L. Kirk and Ray O. Weaver easily won another term on the council they walked into the council room for the next meeting, silently removed their name plates from the desks and replaced them with brand new plates reading, "Winkin, Blinkin and Nod."

Fulton Letters Donated to Boat

WINONA, Minn. (AP) — Letters written by Robert Fulton, inventor of the steamboat, have been donated to the Steamboat Museum here by L. I. Lighton, Robert and James Wilkie of Des Plaines, Ill., Winona natives and owners of a

manufacturing plant in Des Plaines. The museum is an actual steamboat berthed on land in Levee Park. The boat plied the Mississippi River for 56 years. Of 22,427 miles of railway in the United States in recent years, about 22,334 miles or 99 per cent were of standard gauge. There were 584 miles of 3-foot gauge in some localities.

Schools Win Extra Mills in Tax Split

Schools emerged as victors today in the contest for the 1960 division of the 15-mill taxing limitation.

Thanks to a painless reduction in the county rate from last year by 14 of a mill, the Oakland County Tax Allocation Board in its final session passed out to the majority of the 31 school districts this extra millage.

The Pontiac School District was one of the beneficiaries. Its 1959 share of the 15 mills (not including the variable rate for the city) of 7.98 was upped to 8.12 as the five-member board unanimously approved the final rates.

The county's rate was set at 5.48 for every \$1,000 of state equalized valuation, which climbed \$18,705,000 over last year's valuation. For the last two years it was 5.62.

Some townships, too, profited from the increased county valuation and the corresponding drop in the county rate.

With the county's state equalized valuation being approved in Lan-

sing Tuesday by the State Board of Equalization, county statisticians came before the county board this morning with the recommended final rates based on the new figures.

This morning's only change came when William J. Emerson, county school superintendent, lopped off .05 from Bloomfield Township's rate of 1.35 and gave it to the Birmingham School District in all but the West Bloomfield Township section of the district.

Emerson said the district's budget called for this added millage while Bloomfield's, considering increased sales and intangible tax receipts from population hikes, wouldn't.

Tommy Sands to Start His AF Training Friday

SAN ANTONIO, Tex. (AP) — Singer Tommy Sands is due here today to start eight weeks of Air Force basic training.

Lackland Air Force Base said Sands will get four months' additional training after basic, and then will go to a reserve squadron in the Los Angeles area.

Don't Expect Much of a Jump in Longevity

NEW YORK (UPI) — The average length of life of United States residents reached 69.7 years in 1959, and cannot be expected to go much higher, the Metropolitan Life Insurance Co. reports.

The previous high of 69.6 years was recorded in 1954 and 1956, but dropped to 69.5 years in 1958, according to company statisticians. The life expectancy for babies born in 1959 was 69 years.

and one-quarter of them can expect to live 83 years.

"It should be noted that there has been virtually no improvement in longevity since 1954," the company said. "It is doubtful whether the record of gain in life conservation during the past century can ever again be paralleled."

It's Real Fire Water

HECTOR, Minn. (U) — Underground gas, believed to be methane, permits a blue flame to burn from water faucets here although it doesn't affect quality of the water. City officials hope engineers can solve the "fire-water" problem.

OLD QUAKER

A BARREL OF QUALITY IN EVERY BOTTLE

STRAIGHT BOURBON WHISKY • 86 PROOF • OLD QUAKER DISTILLING CO., LAWRENCEBURG, IND.

Grandma, 74, Shuns Rocker for Golf Club

By KYLE THOMPSON
United Press International
HOUSTON, Tex. (UPI)—Mrs. A. J. (Terena) Schill, who will be 74 in the fall, is a veritable bundle of energy whose last thought is of the quiet rocking chair into which many younger persons already have settled in retirement.

Mrs. Schill, a part grandmother, took up golfing at the age of 70, and today she blazes away almost every day in her determination to break 100 before her 75th birthday.

She has been described as having the enthusiasm of a hobby-walker, the gaiety of the 1920s, the optimism of the 30s, the attitude that life begins in the 40s, the maturity of the 50s, and the wisdom of the 60s — all rolled into one.

Mrs. Schill, a five-footer who looks as if she is in her 40s, hesitantly went to Pine Forest County Club golf professional Dudley Bell four years ago and asked:

"Mr. Bell, am I too old to take up golf?"
Bell told her she wasn't, but asked her to "promise you'll take it easy and not try to do too much at the beginning."

She did, but after three lessons on the practice tee, the only time Bell saw her was when Mrs. Schill went through the pro shop before teeing off.

Mrs. Schill is not a good golfer, carrying a handicap of 38. Her

best score to date for 18 holes is 115, but she's determined to break 100 before her 75th birthday.

She sets a fast pace on the golf course, and often is so eager to hit the next shot she goes off and leaves her electric cart.

Her only regret in golf is that it has made her feet larger. She wore a size 4½ four years ago but now takes a "big" size 5.

Mrs. Schill can be found on the course at Pine Forest on the coldest days, the wettest days and the hottest days. And her infectious laughter rubs off on everyone around — regardless of how her shots go.

Train Union Talks Will Resume June 1

CHICAGO (UPI) — Negotiations will resume June 1 between the Brotherhood of Locomotive Firemen and Enginemen and the Joint Carriers Conference Committee, it was announced Wednesday.

H. E. Gilbert, the Union's president, said the National Mediation Board will meet with the Brotherhood's wage committee and the carriers in a renewed bid to settle a Union request for a 14 per cent wage increase and other benefits.

The carriers have proposed that the firemen take a 15-cent-an-hour wage cut. The dispute was turned over to the NMB on Dec. 1.

OAS Sets Up Rights Group

Toothless Council Can Make Suggestions and Studies; Asks Data

WASHINGTON (UPI)—The Organization of American States Wednesday voted to establish an inter-American commission of human rights, but left it with small powers.

The 21-nation OAS council, after rejecting key articles of a proposed statute for the seven-member committee, finally approved the remaining articles by 20 favoring votes, the Dominican Republic abstaining.

The articles rejected were in sections establishing the powers of the commission.

At the statute's 19th stands, the commission can promote respect for human rights by making recommendations to member governments, asking information from them, and preparing studies which it deems convenient.

A section which would have authorized it to receive communications from individuals was rejected by a 9-2 vote with 10 absences.

Also rejected was a series of alleged articles outlining the procedure for the commission in its discussion of human rights. Specifically rejected was a section providing for a classification of violations of human rights.

Speedway, Xway Races Await Memorial Gun

DETROIT (AP)—Memorial Day brings the Indianapolis Speedway Race and summer's opening traffic jam of vacation travelers to the nation's highways.

It takes a well-tuned and safety-checked car to be successful either place. And predriving precautions, plus alert handling, are keys to avoidance of disaster.

For those who will begin automobile travel vacations Monday and thereafter, industry and safety experts have considerable advice, in addition to: "Don't try to beat the Indianapolis speeds!"

Mechanically they advise checks to avoid four major troubles: 1. Brake failure; 2. Blowouts; 3. Engine stalling; 4. Cooling system breakdown.

On the safety side, experts advise those not accustomed to driving with passengers and luggage

to get the weighted feel on turns and stops before revving up to speed limits.

In trailing another vehicle, one car length of distance for each 10 miles of speed is recommended. And the safest speed, say the experts, is that at which the majority is driving—anything faster or slower is dangerous.

Stalled vehicles, according to the National Safety Council, is the major cause of highway accidents. Thus, your own breakdown could be your undoing. So could the failure of your brakes.

More miles every day are being added to the country's speedier expressways and turnpikes, and more and more people are buying cars. Sudden traffic pile-ups grow quickly when an auto stalls and can't be gotten off the road in a hurry.

Windshield and light checks are among recommendations in addition to the four major ones. Then come such recommendations as:

Plan to get road and detour information, plus laws and regulations on your route.

Don't be too ambitious in terms of mileage or demand the right-of-way, even if you're right.

Dim your lights to approaching traffic or for the car you're following. Avoid heavy meals because they may cause drowsiness. Take turns at the wheel, if possible; take a breather and stretch occasionally.

Don't load the rear window ledge. A sudden stop will throw the ledge's load on rear seat passengers, and the load will block your rear vision while driving.

But, says the Automobile Club of Michigan, "Don't stay home because of scare talk about carnage on highways over long holiday weekends."

"Figures prove," it says, "It is safer to drive on long holiday weekends than on normal weekends in terms of people on the road and miles driven."

Editor Undergoes Surgery

GRAND RAPIDS (AP)—Monsieur Joseph C. Widen, editor of the Western Michigan Catholic, a diocesan weekly newspaper, and superintendent of St. John Home at Grand Rapids, was reported in fair condition Wednesday after surgery for kidney stones. He has been hospitalized since May 6.

An average railway passenger's journey in the United States is about 72 miles, according to current estimates.

Make Duke Captain

LONDON (AP)—The Duke of Kent, 24-year-old first cousin of Queen Elizabeth II—has been promoted from lieutenant to captain in the British Army. His daily pay rises as a result from the equivalent of \$3.32 to \$6.44. The duke is serving with the Royal Scots Greys in West Germany.

About three of four private automobiles in the United States are used wholly or in part in the earning of a living.

Little to Brog About

GUNNISON, Colo. (AP)—Hinsdale County thinks it may be the most thinly populated county in the United States. Hinsdale County's census count recently, was an official 216.

The shake-up was an answer demanded by stockholders, the Civil Aeronautics Board and Capital's creditors that the derelict airline turn over a new management team.

A British aircraft maker, Vickers-Armstrong, had demanded that Capital pay \$33,500,000 it owes on 60 Viscount jet-prop airliners or face forced sale proceedings.

The airline's action obviously was a bid to get Vickers to change its mind.

The "deal" turned over by President David H. Baker revealed the former Senior Operations Vice President James B. Franklin resigned and will return to active flight duty as a DC4 captain.

His salary will drop from \$31,000 a year to about \$14,000.

One Good Brain Deserves Other

Electronic Whiz to Speed Up Approval of U.S. Patents

WASHINGTON — The United States Patent Office has installed one of the marvels of American invention—the automatic computer—to speed approval of other inventions.

Granting a patent involves technical research. The electronic machines save examiners' time by using the shorthand of symbols coded on disks to compare a new device with older ones in the field.

Only a small fraction of nearly three million on file has been examined in the past 10 years. In time, however, Patent Commissioner Robert C. Watson hopes the mechanized record search, plus other efficiency aids, will speed the agency case.

One of the most promising of current plans is the establishment throughout the country of branch search centers where engineers, chemists and inventors may conveniently consult patents of interest.

The U. S. patent system is one of the oldest and most active in the world. The National Geographic Society, the Constitution provides that Congress shall "promote the progress of science and useful arts by securing for limited times to authors and inventors the exclusive right to their respective writings and inventions."

Urged by President Washington to encourage home skills, Congress in 1790 set up the first patent board under the Department of State. Its three members—the secretaries of state and war and the attorney general—were empowered to issue patents for "any useful art, manufacture, engine, machine or device, or any improvement thereon not before known or used."

The first U. S. patent, granted in 1790, offered an improvement in making "Pot ash and pearl ash by a new apparatus and process."

Since then an endless procession of mechanical and technological innovations has opened successive chapters in the nation's development into the world's greatest industrial power.

Out of Eli Whitney's cotton gin of 1794 sprang America's huge textile industry. The McCormick reaper (1834) cut loose a golden flood of grain to feed the burgeoning population. The "revolving gun," the first six-shooter patented by Samuel Colt in 1836, helped pioneers conquer the West.

Anyone Know Where to Get Peach Pits?

HOLLYWOOD, Fla. — With the coming of the peach season, Laurie Bennett figures to be busier than ever with his hobby.

Bennett carves trinkets out of peach pits. He makes rings, crosses, earrings and Stars of David, which he distributes to hospitals to help cheer up the patients.

Bennett ran out of pits last fall and has been searching for supplies ever since. He found some at a factory in Georgia, but they were unsatisfactory for carving because the grain wasn't right.

Then he wrote to a canning factory in Sanger, Calif., and received a sample that was just what he wanted. The factory offered to ship him all the pits he wanted, at \$10 a ton plus freight.

Bennett thinks a supply might be available closer to home, and for less.

Live Just Like Back Home

GI Families Alone in Germany

FRANKFURT, Germany (UPI) — One of the greatest paradoxes among Americans in Germany is the popularity of the controversial "The Ugly American" in U.S. Army libraries here.

For the book, which blasts Americans abroad for living an insular life completely removed from that of the natives, mirrors in a hundred ways the lives of the inhabitants of "Little America" dotted around the German countryside.

Many American officials are not happy at this shutting off of the outside world by families of servicemen living here. But the obstacles, they say, are just too many, and the segregation of the two nations will have to continue.

The Germans in cities with large American populations generally are fatalistic about the whole affair.

The general opinion is, "If the Americans don't want to mix with

IN MEMORY — Mrs. Fred Coble, Fort Scott, Kan., kneels to place flowers beside memorial headstone for her son who was listed as missing in action in World War II. Headstones for such missing in action cases are now available from the government.

U.S. Provides Memorial for GI Missing in Action

FORT SCOTT, Kan. — A World War I memorial stone and a place of flowers on the grass.

"We know it isn't the real thing," says Mrs. Fred Coble of Fort Scott, "but it's a place where I can come and feel close to my son — a spot where I can place a few flowers even though I know he's not there."

Her son, Joseph Robert Coble, had already been awarded the Purple Heart and was serving on the USS Houston in the Java Sea when he was reported missing in action on March 1, 1942.

Like thousands of other World War I casualties reported missing in action and presumed to be dead, the body of Coble was never found.

Last August, Congress provided that headstones for such missing in action cases dating back to the Civil War should be made available to families and placed in National Cemeteries.

At the National Cemetery here and at others across the country, special sections will be set aside for the memorial markers. The markers will be placed five feet apart.

Mrs. Coble first asked for a memorial marker for her missing son five years ago. It is designated MA-1, meaning "Missing in Action, Marker No. 1."

"It isn't like having your son buried here but when we would go out to decorate the grave of our son Linville (who died after 16 years Navy service) it was such an empty feeling to know that there was nothing we could do for him (Joseph Robert)."

HOPE OTHERS ASK

Of the marker, Mrs. Coble says, "It's nice and we're proud of it."

For Safety, for Appeal, for Contrast, for Beauty

Color in Factory Tells Story All Its Own

By SAM DAWSON

NEW YORK (AP) — Color is spreading from the products you buy to the machines that make them and to the factories where they are produced.

Merchants have long known that color can affect sales volume — both the hue of the product itself and its packaging and display.

Next business learned that white-collar workers were depressed or pepped up by the color of their offices. And the right tints were sought to get the maximum of work.

From that business went on to the equipment that office workers use. The gadgets now may be blue, green or red instead of the once standard black or dark gray. Also the paper and forms they fill out increasingly take on pastel shades.

Of late it's the factory and its tools that are getting the color treatment.

Color stylists have popped up across the land to counsel businessmen on how factories and other business buildings should look outside and in.

As just one example, out of many, Howard Ketchum, Inc. recently styled a factory this way: At one end the interior wall was finished in medium light green with contrasting areas of deep paly.

Oil Fortune Age Gone

NEW YORK (UPD) — The age that created the oil millionaires appears to have come to an end. Jean Paul Getty, the Texan who inherited an oil fortune and became the world's richest man, may be the last great oil tycoon.

For the oil business is getting so tough, new companies just can't get in it. Even governments find the going rough.

An oil strike can make the owners of the land on which it is found comfortably well off. But the chances of wildcat operators striking huge gushers and opening new fields on private farm lands virtually no longer exist.

The remaining oil fields with great potential in the world—in Africa, Asia, Canada, Latin America and even in the United States—largely have been staked out and the rights to explore them bought up by the existing big oil companies.

Most of the lands are owned outright by governments or subject to government control and to laws that give the people as represented by government royalty rights equal or superior to those enjoyed by the private land owners.

Even if this were not the case, chances would be against oil strikes creating any more great fortunes like those of the Rockefeller and the generation of Texas oil tycoons typified by the Murphys and McCarthys.

For, even in the face of steadily growing consumption of petroleum products, the world has a glut of oil that apparently only a wartime consumption could wipe out.

Canada and even some of the Latin American and Middle East countries with the lowest production costs are having trouble marketing all their oil. Production is severely curtailed in many U.S. oil fields.

Oil publications say a company or a nation opening a new oil field has merely made a start when it invests millions of dollars in exploration and drilling.

Thereafter, about \$3,000 in capital must be raised for every barrel per day of production to refine it and take it to market.

That means a 10,000-barrel-a-day field requires an immediate further investment of 30 million dollars to take the oil and its products to market. Then it must be sold in competition with oil on which these costs already have been amortized in whole or in part.

That doesn't leave to newcomers in the oil business room for the kind of profits that made the Rockefeller and Getty fortunes.

Julie Goes to Ozarks

JASPER, Ark. (U)—Actress Julie Adams has bought a 40-acre tract of land near here. Real Estate agents Mr. and Mrs. Ernie Comany said Miss Adams asked for a place in the Ozark Mountains "to get away from it all."

2-Cents-an-Hour Pay Hike for Many

Cost of Living Shoots Up 4 of 1 Per Cent in April

WASHINGTON (UPI)—The cost of living shot to a new record high in April, registering the biggest monthly increase in almost a year. Food prices jumped 1.5 per cent for their sharpest rise in more than two years.

The Labor Department said the increase brought wage boosts of two cents an hour for 975,000 workers in auto and farm equipment industries whose pay scales are tied to the Consumer Price Index.

About 105,000 Westinghouse employees got a penny-an-hour raise. General Motors announced that 460,000 of its workers would get two-cent raises.

The department's price index rose four-tenths of 1 per cent, the largest increase since last June. Average prices were 1.9 per cent higher than in April last year and 2.2 per cent higher than in the 1947-49 base period.

This means it now costs \$12.62

to buy what took only \$10 in the base period.

The April price rise cut the buying power of the average factory worker's take-home pay by 1.5 per cent. The take-home pay of the average worker with three dependents declined by 85 cents to \$80.20. The drop resulted from shorter working hours and the Good Friday holiday.

The price of all foods except dairy products and some vegetables rose last month, due chiefly to poor growing weather and lower production of eggs and hogs. Pork prices rose 4.2 per cent, the biggest April increase in four years. Eggs jumped 12.6 per cent.

Arnold Chase, Labor Department price expert, said he did not expect the special factors which led to the April rise to occur again.

He predicted living costs would level off in May and then rise moderately during the summer because of higher food prices.

"This does not mark the beginning of a strong, upward trend in the Consumer Price Index," Chase said of the April increase.

The only appreciable price drop occurred in the used car field, where competition from the lower-priced compact cars is being felt. Used car prices fell 2.8 per cent in April. They have dropped 10 per cent since last fall.

In addition to the auto and farm equipment workers, about 4,000 employees of the American Bosch-Arma plant in New York City will get a one-cent hourly wage hike. About 12,000 employees of the Chicago Transit Authority will receive a half-cent an hour raise.

Another 115,000 workers in the aircraft and missile industry were scheduled to receive a one-cent or two-cent hourly pay hike based on the increase in the April index. But their contracts have expired and the Labor Department said it was doubtful they would receive the pay hike.

Yes, middle age has its compensations. So says author W. Somerset Maugham, who added: "Youth is bound hand and foot with the shackles of public opinion. Middle age enjoys freedom."

Says Forced Mixture Morally Wrong

Collins Balks at Integration 1st Label

By United Press International
Gov. Leroy Collins of Florida, a fast rising southerner and a moderate on segregation, who will be chairman of the Democratic National Convention in Los Angeles in July, has been accused of being an integrationist by opponents in his home state.

Collins has repeatedly denied the charge and although he has said he thinks legal segregation is morally wrong, he maintains that enforced integration is just as wrong.

The race question, he says, will not be resolved until people can be less emotional about it.

In Florida, Collins has led the way toward gradual integration in schools and has several committees trying to decide if there are other areas where Negroes and whites are ready to associate more.

Gov. Leroy Collins

Eyes Brand New Start

PORTLAND, Ore. (AP)—Among the 102 persons scheduled to become U.S. citizens in U.S. District Court today is Srdin Stojanovich, from Yugoslavia, who announced he is changing his name to Sam Johnson.

It costs the U.S. more than 40 million dollars a year to clean up the litter strewn by careless people along highways and in public parks.

NOTICE OF HEARING TO REVIEW

Special Assessment Roll.
Oakland County Department of Public Works.

Notice is hereby given, that the following Special Assessment Roll, heretofore made by the Director of Public Works is now on file in his office in the Public Service Building, 800 South Michigan, Detroit, Michigan, for public inspection, to-wit:

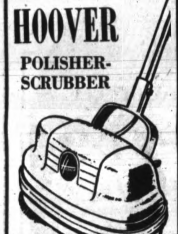

Special Assessment Roll for Farmington Sewage Disposal System—Eight Mile Road and Area.

Notice is also hereby given, that the Oakland County Board of Public Works will meet in the Public Service Building, 800 South Michigan, Detroit, Michigan, on Thursday, June 2, 1960, at 2:30 o'clock p.m., to consider the assessment roll.

At which time and place persons interested to be heard, any person objecting to the assessment roll, shall file his objection thereto in writing with the Director of Public Works before the close of such hearing or within such further time as the Board of Public Works shall grant.

Dated: May 27, 1960.

R. J. ALEXANDER,
Director of Public Works.

71 N. Saginaw

But he has been labeled by some as a traitor to southern traditions. He just shrugs this off as the price he must pay for standing by his conscience.

One of the amazing aspects is that he has been able to sell a large part of Florida on gradual integration.

Collins is viewed as one of the most persuasive politicians ever seen in the South — the only Florida governor to win two successive terms.

Acting as chairman of the Democratic convention will be Colville, top national political honor to date, although he received scattered support for vice president on the Democratic ticket in 1956.

Recently, he was mentioned as

contender for the vice presidential nomination this year, but has insisted he is not seeking the nomination.

He is married and the father of four children, has a fine war record, 18 years' legislative experience, and is moderately well off.

PARAMUS, N.J. (AP)—It would be impossible for an enemy spy plane to sneak over the North Pole and take photographs of America, say Air Defense Command officials.

The officials, in charge of the U. S. Distant Early Warning (DEW line) system of radar sta-

tions in the Far North, made the comment Wednesday at the end of a two-day meeting to discuss the system in light of the U2 spy plane incident.

Richard H. Cruzen, civilian project manager of the warning system, said "extensive attempts to sneak test planes through the DEW line have failed completely."

California's industrial output is estimated to be three times greater than the products of the soil.

The announcement said Hurley stepped down "in order to devote his entire attention to development of new products," but did not elaborate on his plans.

T. Roland Berner, an attorney who has been a director since 1949, was elected chairman.

The board declared a quarterly dividend of 25 cents on common stock, payable July 6 to shareholders of record June 7. The same amount was paid in April.

APPROVAT OF CAMPAIGN EXPENSES
STATE OF MICHIGAN
COUNTY OF OAKLAND

Notice is hereby given, that the following Public Notice is now on file in the office of the City Commissioner in the City of Pontiac, at the Municipal Building, held April 18, 1960.

There are no unpaid debts or obligations of this applicant as such capital.

Further deponent says that he is not a candidate for any office.

Swainson to Steer State Four Weeks

LANSING (AP)—Lt. Gov. John B. Swainson will enjoy the prestige and added attention of acting governor for nearly four of the crucial six closing weeks of the Aug. 2 primary campaign.

Right along it has been known that Swainson, seeking to succeed Gov. Williams, would gain some advantage along this line because of the National Governors' Conference and the Democratic national convention.

Williams plans to attend both, and when he is out of the state duties of his office temporarily devolve on Swainson. The Governor's Conference at Glacier

Wave Victims Get U.S. Aid

Okinawa Island Cut Off From Food, Water; 16 Die in Philippines

TOKYO (AP)—U.S. military boats and helicopters rushed relief to 4,000 persons stranded on Yagaji Island off Okinawa today as the Far East cleaned up after the tidal waves exploded by the Chilean earthquake.

Walloping waves washed away the lone bridge connecting Yagaji with the main island of Okinawa and the isolated residents were left short of food and without drinking water.

The Philippine News Service reported 16 dead in the wake of the tidal waves that battered the eastern Philippine coast Monday night and Tuesday.

It was the first report of deaths in the Philippines, which previously had reported only property damage.

Japanese police, reckoning the toll of the savage tides, estimated property damage at 60 million dollars and listed 99 dead, 46 missing, 836 injured and 167,147 homeless.

Leftists Shout 'Ike Don't Come!'

45,000 March in Japan

TOKYO (AP)—Shouting "Ike don't come!" and "Down with Prime Minister Kishi!" 45,000 leftists paraded before Japan's Parliament and the U.S. Embassy today in a massive new protest against the new U.S.-Japan mutual defense treaty.

The march was the biggest of the daily demonstrations the leftmost initiated the treaty last Wednesday. But the crowd fell far short of the 170,000 the Socialist party and the Sohyo Labor Federation had predicted would answer their call.

There was only one brief outbreak of violence. Two rightists hurled ammonia at Socialist Party Chairman Ichiro Asanuma and former chairman Mosaburo Suzuki and attacked them with their fists.

Colums after columns of the singing, shouting and chanting marchers surged into the streets around the Diet building and Kishi's Liberal-Democrat ma-

chineses adjoining official residence then marched on to the U.S. Embassy, and the prime minister's private home.

10,000 POLICE ALERTED

Ten thousand police were deployed through the city. A barricade of trucks and riot cars kept the marchers away from the main gate of the Diet building.

The Socialists are demanding that Kishi resign, that Eisenhower cancel or postpone his visit next month and that the Diet be dissolved to nullify the treaty ratification before it automatically takes effect June 19.

Kishi has said he would not resign or dissolve Parliament until the ratification is accomplished. The Socialists contend continuance of American bases in Japan, provided for in the treaty, will involve the country in war if the United States gets in a fight with the Far East.

Kishi's Liberal-Democrat ma-

No Water Shortage

Scenic Kent Lake of Kensington Park covers 1,200 acres of water area. It has two boat launching

sites, boat rental service and slip rentals for fishermen and small craft owners.

Fever-root is a purgative herb of the honeysuckle family.

WEST - BLOOMFIELD TOWNSHIP, 4000 Grand Lake Road, Orchard Lake, Michigan, is accepting bids for automobile fleet insurance. To be posted at 8:00 p.m. on June 16. Proposal forms are available at the Township Clerk's Office.

Sailor's Relative So Poor

LONDON (AP)—Countess Nelson said today she must sell some of the heirlooms left by England's greatest sailor, Horatio Nelson, to make ends meet. She also plans to take in boarders.

"All I get now is an allowance of 400 pounds—\$1,120—a year from my brother-in-law, the present earl," she explained in an interview. "I find it so difficult to live on that."

The Nelsons' ancestor, Adm. Lord Nelson, was killed at the Battle of Trafalgar. In recognition of his victory, the British government made his brother an earl and provided an annual annuity of 5,000 pounds for holders of the title and their widows.

A Labor government in 1947 abolished the grant and made the family trust fund liable to death duties. Subsequent Conservative governments did not restore the annuity.

The countess now lives in a modest house in Alford, near London.

Say Israeli Fighters Down Egyptian Plane

TEL AVIV, Israel (AP)—Israeli fighters today shot down an Egyptian army plane near the Israeli-Egyptian border, an Israeli army spokesman announced.

The official statement said four Egyptian MIGs from the northern Sinai Desert crossed the Israeli border but were intercepted by two Israeli planes which opened fire.

One MIG was hit and was seen falling apart, the spokesman said. The Egyptian planes were intercepted after they had penetrated nearly two miles into Israeli airspace over the southern Negev Desert, the spokesman said.

He added that both Israeli planes and their crews returned safely to their base.

Deaths in Pontiac and Nearby Areas

EARL W. BOYT
Earl W. Boyt, 55, of 91 W. Beverly St., died yesterday at St. Joseph Mercy Hospital after an illness of three months.
An inspector at Pontiac Motor Division, he was a member of Parkdale Church of the Nazarene.
Surviving are his wife, Beatrice; his mother, Mrs. William Boyt; a son and daughter, Donald and Jeanette, both at home; and two sisters, Mrs. John Ford of Pontiac and Estel Boyt of Holly.

Mr. Boyt's body is at the Pursley Funeral Home.

TIMOTHY L. FINK
Prayers were offered yesterday morning at the Pursley Funeral Home, Rochester, for Timothy L. Fink, five-day-old son of Mr. and Mrs. James O. Fink of 3411 Shaw St., Drayton Plains. Burial was in the Union Corners Cemetery at Troy.
Surviving beside his parents is a sister.

MRS. FRED JESCHKE
Mrs. Fred (Mabel) Jeschke, 68, of 144 Reburn St., died yesterday at her home. She had been ill several weeks.
She is survived by a sister. Service will be held at 1 p.m. Friday at the Apostolic Church of Christ of which she was a member. Burial will be in Forest Lawn Cemetery. Mrs. Jeschke's body is at the Pursley Funeral Home.

MICHAEL R. MARTIN
Prayers will be offered for Michael R. Martin, four-day-old son of Mr. and Mrs. Michael G. Martin of 29 Florence Ave., at 1:30 p.m. Friday at the Pursley Funeral Home. Burial will be in Ottawa Park Cemetery.
The child died yesterday at Pontiac General Hospital.

MRS. EDWARD SUTTON
Mrs. Edward (Bessie) Sutton, 80, of 324 N. Lake Avenue Rd., died yesterday at the home of her niece, Mrs. Iva Carpenter, 2124 Silver Bell Rd. She had been ill several months.
A member of the Republican Women's Club and the Pioneer Sisters, Mrs. Sutton leaves a sister, Mrs. Henry Neubaumer of Pontiac. Service will be held at 2 p.m. Saturday at Sparks-Griffin Chapel with burial in Oak Hill Cemetery.

MRS. WILLIAM G. NELSON
CLARKSTON — Service for Mrs. William G. (Bessie D.) Nelson, 72, of 223 County Lake Rd., will be at 2 p.m. tomorrow at Verheyden Funeral Home, Grosse Pointe.

Burial will be in Woodlawn Cemetery, Detroit.

George R. Thompson
Funeral Friday at 9
Funeral service for former state budget director, George R. Thompson, 74, of 216 Orchardview St., Royal Oak, will be held at Gesù Catholic Church in Detroit at 9 a.m. Friday. Burial will be in Mount Olivet Cemetery, Detroit.

Mr. Thompson died Tuesday in William Beaumont Hospital of a heart ailment.

He was a member of the Detroit Metropolitan Regional Planning Commission and a past president of the Engineers Society of Detroit. Formerly he had been building inspector for the City of Detroit and superintendent of building construction at the Ford Motor Co.'s Highland Park plant.

His body is at the William R. Hamilton Co. Chapel in Detroit. Surviving are his wife, Myrtle; a daughter, Mrs. Claude L. Nemzek of Royal Oak; two sons, Vincent and James, of Royal Oak, and 10 grandchildren.

Deaths Elsewhere

SEVILLE, Spain (AP)—Rafael Gomez Ortega, 77, famous Spanish bullfighter known during his import prime as "El Gallo," died Wednesday of a kidney infection.

SAN DIEGO, Calif. (AP)—Vice Adm. David Worth Bagley, 77, U.S.N. ret., died Tuesday.

KANSAS CITY, Mo. (AP)—Louis Edward Holland, 81, died Wednesday after a lengthy illness. He served at various times as president of the American Automobile Assn., the National Better Business Bureau and the Associated Advertising Clubs of the World.

Gets Up Off the Floor and Asks for Divorce

OPALOCKA, Fla. (AP) — Pierre Van Boeschoten, 57, filed suit for divorce, claiming his wife made him sleep on the floor.

Van Boeschoten said he had put up with the hardwood bed since they were married, but the situation had "become intolerable." The marriage was in 1924.

Vatican City is only one-sixth square mile in area.

Minor Sue Minor? It's Perfectly Legal

RICHMOND, Va. (AP) — The Virginia Supreme Court of Appeals has found no legal reason why a minor can't sue another minor in

the same family to recover damages for personal injury. It reversed a lower court decision dismissing a suit brought by a 13-year-old boy who said he was injured because his 17-year-old brother operated a car negligently.

Menagerie Rustler Nets Wild Pet Assortment

MIAMI, Fla. (AP) — A midnight safari into the display window of a Miami pet shop may have put a would-be zoo operator in business. Thieves took a rare Australian

white cockatoo, a deodorized skunk and a monkey.

Parrots were flying loose in the store next morning and the owner theorized the birds bit the burglars as their cages were opened.

Yale has the oldest school of forestry in the United States.

Have Tolerant Attitude Toward Christian Folk

CAIRO (UPI) — The Kuwait government has contributed substantially toward the construction of a Roman Catholic church al-

though there is not one Christian citizen in the sheikdom.

Explained Deputy ruler Emir: "It is for our Christian residents."

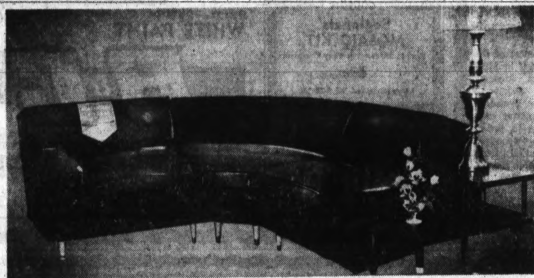

Mark Twain said: "When angry, count four; when very angry, swear."

Aldous Huxley Joining Tech Institute Faculty

CAMBRIDGE, Mass. (UPI)—British writer Aldous Huxley will join the faculty of Massachusetts Institute of Technology next fall as a visiting professor of humanities. Huxley, 66, who has written through difficulties,

novels, essays, criticisms, poetry, plays and short stories, will discuss "The Nature of Man" during a series of public lectures at MIT, conduct a humanities seminar and participate in discussion meetings. Motto of Kansas is "Ad Astra per Aspera" or "To the stars through difficulties."

Redford Twp. Blocks Roads in Tax Reaction

Detroit Suburbs Plot Retaliation

DETROIT (UPI)—Redford Township became the first suburb yesterday to start a retaliation against Detroit's forthcoming city

income tax. Township Supervisor Richard E. Morell ordered two policemen station at each of the three main roads leading into the township for a few hours yesterday.

Becoming motorists were asked where they lived and other questions similar to those asked by custom officials.

Morell said officers would conduct a similar survey during the morning hours, today.

Traffic was slowed but Morell said most motorists were very agreeable. The purpose of the questioning, he said, was to determine how much service the township furnishes to Detroit motorists.

"That's no crazier than Detroit taxing our residents without representation," he said.

Morell said he did not know what the township, an unincorporated unit, could do to fight the Detroit income tax—"except perhaps put up turnstiles and charge Detroiters for driving on township streets."

Officials in other nearby communities threatened to initiate their own income tax programs, thereby relieving residents of the burden of the Detroit levy.

Roseville Mayor Arthur W. Ferma said he planned to call a meeting of suburban mayors "to see what we can do about the tax."

The tax, due to take effect Jan. 1, was almost certain to prompt a court test, Detroit officials said. It calls for a "1 per cent levy" on the gross income of all persons living or working in the city.

Corporation Counsel Nathaniel H. Goldstick said he expected "at least one" suit, either by individuals or companies, would develop when the tax goes into effect.

Opposition to the tax also came yesterday from the United Auto Workers. The Union called the tax "a hastily drawn and ill-conceived program which aggravates an already inequitable tax system in the city."

The Union said the tax was "harsh and inequitable" because it did not provide for personal exemptions, dependency exemptions or deductions, and did not tax income from property ownership.

Details of the tax program and

means of collection were to be drawn up following public hearings on the plan, scheduled sometime in June.

The UAW said it hoped the Common Council "will take appropriate action" following the hearings "to correct these and other inequities."

The tax was now in the hands of Mayor Louis C. Miriani, who made little comment on it except to say "You can be sure I won't pocket it."

Miriani, by next Tuesday's formal Council meeting, can approve it, veto it or let it pass without his signature.

Soviet Jams Ike's Talk on Summit

LONDON (AP)—The live broadcast of President Eisenhower's report on the summit conference apparently did not get through to the Soviet people.

Washington headquarters of the Voice of America said the Soviets let the first 10 minutes of the speech get through, then jammed the last 15 minutes. But the U.S. Embassy in Moscow said the U.S. government radio was jammed all night.

Since Eisenhower's broadcast began at 12 a.m. Moscow time, it was doubtful that any Soviets would have been listening anyway.

There also was no report of the speech or comment on it in Moscow's morning papers, Moscow time is seven hours ahead of Washington's, and the President spoke long after the Soviet capital's papers had gone to press.

Associated Press Correspondent Stanley Johnson reported from Moscow that newspapers in the Soviet capital might mention the speech in their editions Friday but any extensive quotation from it appeared unlikely in view of the current state of U.S.-Soviet relations.

AP Photofax

TIDAL WAKE — Bent almost to the street by tidal waves, these parking meters in Hilo, Hawaii, bear mute testimony to the force of the behemoth waters that killed 38, injured 53 and left 21 missing in the worst natural disaster to strike the Hawaiian Islands in 24 years.

Stassen Starts His Own Dump-Nixon Movement

PHILADELPHIA (AP) — Harold E. Stassen said Wednesday Vice President Richard M. Nixon can't win the presidential election.

Stassen, who four years ago failed in a bid to keep Nixon from the vice-presidential nomination, urged the nomination of one of four Republicans he thinks can win.

The former adviser to President Eisenhower called for dumping of Nixon and the selection of Gov. Nelson A. Rockefeller of New York, U.N. Ambassador Henry Cabot Lodge, Secretary of the Treasury Robert B. Anderson or Secretary of the Interior Fred A. Seaton.

Stassen, in a memorandum mailed Tuesday to the 69 other Pennsylvania delegates to the Republican National Convention, said it appears that Nixon would carry only Maine, Indiana, Vermont, New Hampshire and Alaska.

ASKS OPEN CONVENTION

A delegate to the convention which opens in Chicago July 25, Stassen pleaded for an open convention, and failing that, asked that his party's leaders withhold selection of a presidential nominee until after the primary June 7 in California.

Stassen said if Nixon makes "an impressive showing in his home state" he will drop his fight.

"This means that I will not bat-

tle against him at the convention," Stassen said. "I will give in for the sake of the party."

Asked if he thought any of the Democratic presidential hopefuls could defeat Nixon, Stassen said: "I'm not going to say who I think the Democrats will nominate. But they will pick their best ticket. And the man they nominate will defeat Nixon."

Rockefeller has said repeatedly he will not be a candidate for the presidential nomination, and that he won't attend the convention. Lodge, Anderson and Seaton have not been mentioned seriously for the nomination which is considered Nixon's without a contest.

Stassen's Pennsylvania delegation is on record as solid for nomination of Nixon.

U.S., 9 Other Nations to Talk Naval Concepts

WASHINGTON (UPI) — The nine other Western Hemisphere nations will confer next week at Key West, Fla., on effective naval operations around South America.

A prime subject of the meeting will be antisubmarine warfare concepts and plans.

Represented in addition to the United States will be Argentina, Brazil, Chile, Colombia, Ecuador, Mexico, Peru, Uruguay and Venezuela.

Name Bradley Manager Official of Limestone

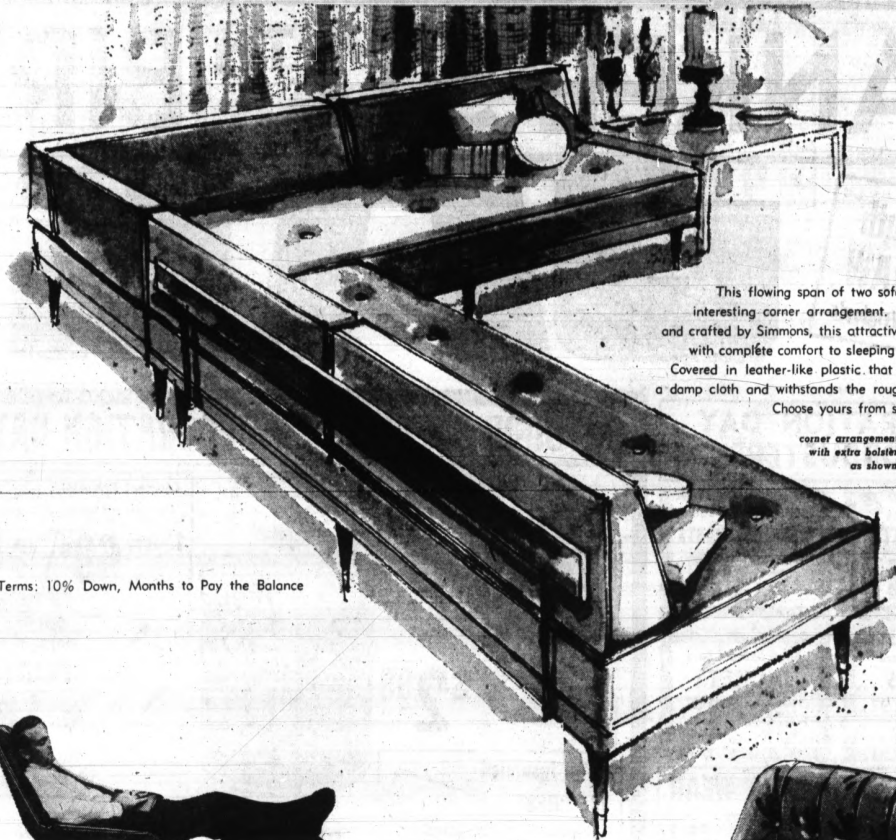

DETROIT (UPI) — Norman O. Hoelt, manager of the Bradley Transportation Line of Michigan Limestone Division of U.S. Steel for the past five years, has been named assistant manager of sales for Michigan Limestone effective June 1.

Capt. Joseph Parrilla, assistant manager of Bradley, will become manager of the line with headquarters in Rogers City. Bradley operates eight self-unloading vessels.

Marc Antony married Octavia, sister of Caesar.

IT'S SIMMONS

IN CARE-FREE DURABLE PLASTIC

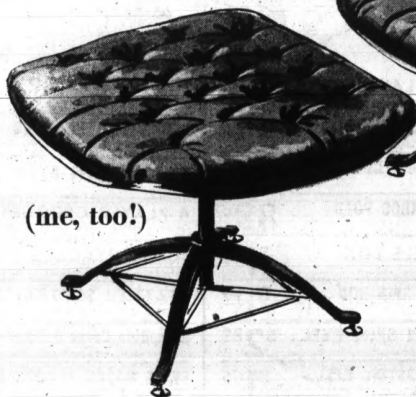

This flowing span of two sofas creates a most interesting corner arrangement. Beautifully styled and crafted by Simmons, this attractive duo lends itself with complete comfort to sleeping as well as sitting. Covered in leather-like plastic that wipes clean with a damp cloth and withstands the roughest, toughest wear. Choose yours from six glorious colors.

Mr. CHAIR (himself!)

(me, too!)

CHAIR \$139.50

OTTOMAN \$39.50

Meet "Mr. Chair!"

Here's style — here's comfort — here's value! Before you even guess the price, you know it offers supreme bliss in sitting, lounging, lolling, dozing, reading (you name it!) . . . and it swivels, too! The sculptured shell is a first-time engineering triumph of beautifully grained genuine walnut. The cushioning is deep diamond-tufted vinyl for wear, wear, wear! And foam rubber added for downright comfort! Yes, this is the 'chair you r "Mister" will want for his very own . . . he deserves the soothing relaxing restfulness of this "cradle of comfort!" The price is equally comforting!

Boulevard Gets Face Lifting

Hollywood Finds New Glamor

By BOB THOMAS
HOLLYWOOD (AP) — For decades, the appearance of the movie capital remained the same. While most of Los Angeles boomed, its much-publicized suburb continued static, even a little seedy.
Now famed Hollywood Boulevard is taking on a modern look, getting a touch of needed glamor. The Chamber of Commerce is leading a campaign to reclaim the street from the orange stands and close-out stores. Buildings and theaters, most of them dating back to the 20s, are refurbishing their fronts. A handsome office building at Hollywood and Highland Ave. is the first big addition to the skyline in years.
Tourists have long complained that there was little to see in Hollywood itself, aside from the footprints at Grauman's Chinese. Now they'll be able to see a glittering sidewalk along the Boulevard, imprinted with the names of show biz stars. Plans are under way to build a motion picture museum opposite Hollywood Bowl.
The city council has approved a master plan to develop the brush-covered Hollywood hills into a vast residential area. Some day, two million people will live where the deer and coyote still roam.
The movie studios are changing, too.
The most dramatic change planned will be on the 130 acres that house 20th Century Fox's backlot. The outdoor sets will be swept away for the half-billion-dollar Century City. Within 15 years, the Westwood plot is expected to contain massive, gleaming buildings that will accommodate 25,000 workers by day and 35,000 residents by night.
Another big chunk of movie real

estate facing development is the Warner's ranch, where Errol Flynn once saved Burma and other beaches of the British Empire. A thousand acres of rich San Fernando Valley land, it will be cut up into shopping centers and housing under a plan recently submitted to the city.
The stars live and shop and dine in Beverly Hills, and that community is fast changing, too. New office buildings are towering above Wilshire Boulevard, and the shops are getting poshlier all the time.
Oil derricks are rising over some of the lots may parcel out more of their land for development.
Oddly, no studios have disappeared. Backlots and ranches have been sold, but the demand for TV films for space is so great that scarcely a sound stage has been torn down.

PET DOCTOR
By A. W. Moller, D.V.M.

Question: Approximately how much food should our dachshund consume daily?
Answer: Assuming your dog is full grown and enjoys a normal amount of exercise, this and other breeds of comparable size require one pound of canned dog food or two full cups of dried food daily.
As you must know from television commercials, the variety of today's prepared dog food is endless. We are offered meat, meat and vegetables, pellets, kibbles, biscuits, etc.
Experiment a little to find which food your dog prefers, but bear in mind that he needs daily vitamins, minerals and about 15 per cent protein of meat and milk origin.
(Address your question to Dr. Moller in care of this paper. He will answer selected inquiries in this column, but cannot reply to them.)

New Car, New Dent
So Delivery Delayed

MEMPHIS (U) — Harold Bottenfield's new automobile traveled only three feet, and then — WHAM!
Bottenfield had just taken delivery of his new model. The salesman assured him everything was in readiness.
"Does it have any gas in it?" Bottenfield had asked.
The salesman reached in and flipped the ignition switch. The shiny car, in reverse gear, jerked backward and smashed into an other auto.
Bottenfield left his new car for repairs.

Trees, Shrubs Flying
Along With the Rumors

ST. LOUIS (U) — Frank Frisella was dismayed when he heard a rumor that a nursery planting area was to be developed into a subdivision and that plants there could be had for the taking.
Frisella owns the area, which he uses in his nursery business, and he knew the rumor to be false. He rushed right out, but was too late.
Missing were some 300 trees, shrubs and other plants, valued at \$1,000.

About 75 per cent of Canada's population lives along the southern frontier adjoining the United States.

Denise Darcel's Ex
Convicted in Fraud

NEW YORK (AP)—Francis P. Crosby, ex-husband of actress Denise Darcel, has been convicted of conspiring to use the mails to defraud in the sale of \$2,300,000 of unregistered oil stock.
He could draw up to five years in prison and a \$10,000 fine.
Crosby was found guilty by a federal jury Tuesday night along with six other individuals and two corporations. Judge Lloyd F. McMahon set June 17 for sentencing.
William J. McCarthy, brother of

Texas oilman Glenn McCarthy, pleaded guilty three days after the trial opened Feb. 15.
Guy Watson Gully, a banker of Farrell, Pa., and Joseph Castagna of North Hollywood, Calif., a brother-in-law of William McCarthy, were acquitted by the jury.
The two firms involved were the Texas-Adams Oil Co., stock of which was involved in the deal; and Philip Gordon Co., a brokerage firm now defunct.
Crosby of Spring Lake, N. J., was described by the prosecution as an architect of the scheme. He was an officer of Texas-Adams.
The Great Smoky Mountains have a 36-mile crest more than 5,000 feet high.

Votes Millions
for N-Aircraft

House Approves AEC
Funds by Big Margin
After Committee Fight
WASHINGTON (U) — The House Wednesday voted 73 million dollars in new funds to expedite development of a nuclear airplane.
The money, requested by President Eisenhower, was included in a \$3,914,736,965 appropriation bill financing the Atomic Energy Com-

mission and various government public works programs. The bill was passed by roll-call vote 387-18 and sent to the Senate.
Although the nuclear aircraft proposal was hotly contested in the Appropriations Committee, which approved it by a vote of 19-18, it was not debated in the House itself.
The new plane funds, only 38 million dollars of which may be spent during the fiscal year starting July 1, supplement a 75 million dollar allotment already given the Defense Department for its part of the nuclear aircraft program.
About 92 per cent of all farm products go to first markets by truck.

No Moonshine Whisky
—Just Possum Huntin'
KNOXVILLE, Tenn. (U) — When Charlie Gunter was killed before a U.S. Commissioner on charges of making moonshine whisky in the Great Smoky Mountains National Park, he explained he was "possum huntin'."
This satisfied the commissioner that he wasn't moonshining. But it resulted in a 30-day suspended sentence, anyway. "Possum huntin'" is illegal in the park.
No Rush, No Rosh
NORMAN, Okla. (U) — A sign posted by a housewife near a graveled road close to her home reads: "Drive Slowly—Diapers Drying."

Food Prices Remain About as Last Week's

As the days get warmer, it's time to think of your picnic cooler. There is more variety, more color, more homegrown foods, states the Consumer Marketing Information Agent for Oakland County, Mrs. Josephine Lawver.

Overall meat prices look much the same as they have been for the past several weeks. Fryers, turkeys, frankfurters, ham, ground beef, frankfurters and ocean perch are several protein foods which appear as "special" items this week.

District marketing agents report that cool, wet weather has cut Michigan asparagus yields. Nice weather could improve the supply, but it is doubtful if the total yield for this year will be of normal size. Food shoppers, wanting homegrown asparagus, will find the heaviest supplies during the last of the month.

More strawberries for shortcake or other uses are available in the quart size. Check the container, and select one that shows no stains caused from bruising or crowding. Fresh berries will be bright and shiny in appearance; will have the best flavor.

Price and quality tells you that the markets now display more Michigan green onions and crunchy red radishes. Team these with the increasing supplies of salad greens for salad goodness.

Weather conditions and the way tomatoes are marketed explain the variation in quality. You may find greenhouse, tube and vine-ripened tomatoes. The difference? Greenhouse tomatoes are grown in glass houses under controlled soil, temperature and moisture conditions. The tube tomatoes, packed 3 or 4 to a container, are grown in southern states, picked when green and shipped to this area where they are ripened in special rooms. The vine-ripened tomatoes are picked when they reach a specified color on the vine.

If tomatoes are not a true red color, leave them out of the refrigerator until they are. This assures better flavor development.

Few fresh vegetables can match the nutritive value of carrots at present prices. You will find them in one and two pound cello-bags.

If you buy potatoes grown this year or last, they need special care. They need a cool, dark storage place, and they need to be used within a week. Maturity and flavor of the new crop potatoes should improve within a week or so.

Family likes and dislikes may be the only consideration when buying protein foods. But if money enters into the decision, shoppers may want to double check some of the meats on "special" as well as large size eggs, cottage cheese and other kinds of cheese.

Retailers report that red meats and poultry prices are generally steady, which simply means that they continue at the same price.

Onions in Salad Add Crispness

Here's an easy way to put springtime on your table. It's colorful, crackly, crispy good—with a tang such as you seldom experience—in a boiled dressing salad that had its beginning back in the countryside. It's called the "Texas Spring Salad" and whether you live in Texas, Maine or Montana this is very likely to become one of the top favorites of folks in every State in the Union.

The secret is the new flat-shaped Springgreen hybrid onion—a new onion so mild and crisp it can be sliced thin and eaten only with salt, as you'd eat a tomato. Springgreen, nicknamed by growers because it seemed to exactly fit this new onion grown in the far southwest, are now arriving on the market in quantity. If your grocer looks blank, ask for Texas whites.

Texas Spring Salad
3 large Springgreen onions
2 large firm ripe tomatoes
1 large cucumber
1 cup water
1 tablespoon sugar
1 teaspoon celery seed
1 teaspoon mustard seed
1/4 teaspoon salt
1/4 teaspoon onion pepper

Peel onions, slice and separate into rings. Slice tomatoes and cucumber. Place onion rings in bowl and surround with alternate slices of tomato and cucumber. Combine vinegar, water and sugar. Bring to boil and add remaining ingredients. Boil 1 minute. Pour over vegetable salad and chill thoroughly, 8 servings.

Pineapple Adds Fillip to Canned Baked Beans

Supper's being served on the porch tonight... picnic style. The hot dish is an old family favorite. In case you haven't tried this, here is the recipe:

Partially cook 4 slices bacon; pour off drippings. Combine 2 cans (1 pound each) pork and beans with tomato sauce, 1 cup pineapple tidbits (3-ounce can, drained), and a dash of ginger in a 1 1/2-quart casserole; arrange bacon on top. Bake in a hot oven (400 degrees F.) about 20 minutes. Makes 4 servings.

Ingenious Device Helps Fry Eggs

RICHMOND, Va. (UPI)—Edwin Gangwer, food service manager at the Virginia State Penitentiary here, faced with the giant job of trying more than 2,000 eggs a morning, solved it with his own invention.

Gangwer came up with a device consisting of a set of 12 stainless steel rings mounted in a frame of

the same metal. A stainless steel cup is suspended over each ring. Eggs are broken into the cups, then the unit is set onto a hot grill. At the flip of a single lever all the cups tilt simultaneously and empty the eggs into the rings resting on the grill surface.

Fish Almondine

Unsuspected Friday company? Fried or broiled fish fillets take a crunch interest when they are served with silvered blanched almonds browned in butter.

Honor Your Guests With Prime Rib

Extra-special fare for guests.

Scheduled Roast Beef
Prime ribs of beef over first 3 ribs weighing about 8 pounds with short ribs (served)
large clove garlic
1 tablespoon olive
1 teaspoon salt
1/4 teaspoon pepper
1/4 teaspoon paprika
Place beef on waxed paper; insert slivers of garlic whenever possible without making knife cuts in meat. Mix flour, salt, pepper and paprika; rub into entire surface of meat and fat. Place fat side up in a shallow roasting pan so ribs keep meat off bottom of pan; insert meat thermometer. Roast in a slow (325 degrees) oven to desired doneness. If desired, meat may be placed in an extremely hot (500 degrees) for the first half-hour of roasting.

Quartered Parsnips Glazed in Skillet
Attention, all parsnip lovers. Here's a new way to prepare this pungent vegetable.
Glazed Parsnips
1 pound parsnips (4 medium-size)
1/2 cup boiling water
2 tablespoons butter or margarine
1/4 cup firmly packed light brown sugar
1/4 teaspoon lemon juice
1/4 teaspoon salt
Pare parsnips, wash in cold water, cut in quarters. Boil in a small amount of boiling water in a covered saucepan just until tender—20 to 30 minutes; drain.

Quartered Parsnips Glazed in Skillet

In a medium-sized skillet over low heat stir together the butter, brown sugar, lemon juice and salt until sugar melts. Add parsnips. Cook over low heat, turning as necessary, until parsnips look glazed and sauce is reduced. Makes 4 servings.

Dice some of that leftover roast beef and add it to a potato salad.

Beets Need Tangy Taste of Orange

Beets benefit from this nicely flavored sauce.

Beets With Orange Sauce

1 can (1 pound) sliced beets
1 cup drained orange juice
1 tablespoon honey
1 tablespoon butter or margarine
1 teaspoon cornstarch
1 teaspoon salt
1 to 1½ teaspoons grated orange rind

Drain liquid from beets and refrigerate for some other use. Heat orange juice, honey and butter in a 1½-quart saucepan. Mix cornstarch and cold water until smooth and add; cook and stir constantly until slightly thickened and clear.

Add sliced beets; gently reheat in sauce, turning over the beets a few times. Stir in grated orange rind. Makes 4 servings.

Potted Steaks Cooked in Catchup Mixture

That's right, here is your chance to prepare potted steaks. Just have six steaks, cut from the round or chuck. Have them cut into individual servings and be sure they're about one inch thick.

Dredge steaks in flour and brown in lard or drippings. Add a sliced onion, 3 or 4 carrots which have been sliced, 2 cloves, 2 bay leaves, 1 cup catchup and 1 cup hot water. Season with salt and pepper and cover the meat tightly and cook slowly until tender, about 1 hour.

Fresh Lime Pie Is Spring Itself

As gay as spring—with delicate texture, lovely to look at and delightful to eat—this ice cream parfait pie with the excitement of fresh lime flavor is menu news.

LIME PIE DELICACY

Crust:
¾ cup sifted enriched flour
1½ teaspoons salt
1 egg
1 cup rolled oats (quick or old-fashioned)
3 to 4 tablespoons cold water

Filling:
1 3-ounce package lime gelatin
1½ cups hot water
1 cup fresh lime juice
1½ cups granulated sugar
1 pint vanilla ice cream
1 cup flaked or shredded coconut
1 egg

Heat oven to hot (425 degrees F.). For pie crust, sift together flour and salt. Cut in shortening until mixture resembles coarse crumbs; add oats, mix lightly. Add water, a tablespoon at a time, stirring until pastry can be formed into ball. Let rest 5 minutes.

Roll dough on lightly floured board or canvas to form 12-inch circles; fit loosely into 9-inch pie plate. Fold edge under; flute. Prick bottom and sides. Bake in preheated oven (425 degrees F.) about 15 minutes.

For filling, dissolve gelatin in water, add lime juice and rind. Spoon ice cream into hot gelatin mixture, stir until ice cream is melted. Chill until mixture begins to thicken. Pour into pie shell. Sprinkle coconut to form a band near edge. Chill several hours until set.

Badminton Sandwiches—Large round slices of sausage on buns with lacings of smoky cheese spread make these interesting badminton sausage sandwiches. Whole sweet pickles are the handies. Serve these after a spirited game and listen to the players rave.

Badminton Enthusiasts Honored With Snacks

An exciting game of badminton thick and smooth. Blend in the is backyard exercise that builds appetites. Between games the call goes out for food and the teenage hostess who wants to make a hit with the crowd will keep hearty snacks handy for the spectators.

the well-as-the-players. If she likes to use a bit of ingenuity in preparing the food, she'll surely want to serve Badminton Sausage Sandwiches.

Bologna, cooked salami or New England brand sausage are among the sliced cold cuts ideally suited to net compliments. Handy vacuum packages are easily identified in the refrigerated meat case.

Tomato Juice
Badminton Sausage Sandwiches
Relish Mayonnaise Sauce
French Fries
Cakes

BADMINTON SAUSAGE SANDWICHES

16 slices New England brand sausage, 16 or cooked salami
16 slices French bread
4 slices chopped ham
8 bread and butter pickle slices
1 cup mayonnaise
1 cup pickle relish
1 teaspoon dry mustard
1 teaspoon paprika
2 sandwich buns
8 whole sweet pickles

Remove the pulp and seeds from the center of each bread and butter pickle slice. Put pickle rings aside. Chop the center portion of the pickle and combine with mayonnaise, pickle relish, mustard and paprika.

Split sandwich buns in half. Spread each bottom half generously with relish-mayonnaise mixture. Place 2 slices of sausage on bottom half of each bun. Using the 'cheez Presto' decorator cap, squeeze ribbons of cheese-in-a-tube on sausage to make the strings of the racquet.

To make the handle, fasten whole sweet pickles to bun with wooden pick. To make the badminton birds, cut each slice of chopped ham in half. On one side of each slice make several deep cuts. Roll up each slice of chopped ham and encircle with a pickle ring.

Offer the remaining relish mixture and tops of buns for those who wish to make second sandwich. Makes 8 servings.

BOLOGNA BISCUITS

16 slices bologna, cooked salami or New England brand sausage
2 tablespoons butter
8-ounce package refrigerator biscuits

Melt butter in a small saucepan. 1 can chicken bouillon
1 cup boiling water
1½ cups flour
1½ teaspoons salt
1½ teaspoons pepper
1½ cups paprika
1½ cups milk

On lightly floured board, roll out each biscuit into circle about 4 inches in diameter. Spread half the biscuits with mustard and place 2 slices of bologna on top of each. Top with the remaining biscuits and pinch the edges together to seal. Place on an ungreased baking sheet and bake in a very hot oven (450 degrees F.) for about 5 minutes.

To make sauce, dissolve chicken bouillon in boiling water. Melt the butter in a saucepan. Stir in, until well blended, the flour, salt, pepper and paprika. Add the bouillon. Cook, stirring constantly, until

1960 Picnic Season Opens Soon

By JANET ODELL
Pontiac Press Home Editor

Although there is no official proclamation, Memorial Day heralds the opening of the picnic season. Some years the weather man is kinder to us in May and lets us start sooner. But not this year. As we have done every other year, we want to remind you of the precautions necessary during hot months. The best picnic

in the world can turn into tragedy if your food is spoiled. The villains haven't changed. They are salad dressings, eggs, custards and meat. Combinations of these foods kept at a lukewarm temperature can become as deadly as pure poison.

So what do you do? If you want mayonnaise potato salad, get everything ready but the dressing and add that at the last

minute. You take it to the picnic in a plastic box or with ice in another container.

Marinating your salad in french dressing keeps the ingredients fresh, adds a good flavor and may retard just a bit the chances of spoilage (the vinegar, you know). You do the same thing with ground meat sandwiches. Add the mayonnaise just before you make the sandwiches at the picnic.

This holds true for fish and egg salad sandwiches too. Just forget about custards and custard mixtures when you plan picnic lunches. This includes pie and cake fillings.

Chili, spaghetti sauce and ham must be kept very hot or very cold. Don't let either one sit for long periods of time at a halfway temperature. Better to use electricity in the refrigerator to cool these mixtures quickly.

That still leaves you thousand of food combinations to enjoy at picnic meals.

Here's a different tuna sandwich filling:

Celery-Tuna Filling
1/2 cup drained fish
1/2 cup condensed cream of celery soup
2 drops Tabasco

Combine all ingredients. Make filling for 4 sandwiches.

There's no reason why you can't fry chicken at home and take it in the picnic basket. This recipe calls for herbs in the dipping flour.

Skillet Herb-Fried Chicken
1/2 cup evaporated milk
1/2 cup all-purpose flour
1/2 teaspoon salt
1/2 teaspoon paprika
1/2 teaspoon pepper
1/2 teaspoon each rosemary and thyme
2 broiler-fryer chickens, cut in serving pieces
Corn oil for frying

Pour evaporated milk into bowl. Combine flour, salt, paprika, pepper and herbs in shallow dish. Dip chicken pieces in evaporated milk, then roll in flour mixture.

Pour corn oil in skillet to a depth of 1/2 inch; heat. Place chicken, skin side down, in skillet and brown. When chicken is brown on one side, turn and brown second side. For crisp fried chicken, cook uncovered 15 to 25 minutes on each side, turning once. 6 to 8 servings.

Cake with frosting that travels well is always welcome. This golden yellow cake has a brushed frosting of brown sugar and coconut. Carry the cake right in the pan it's baked in.

Do have lots of happy safe picnics this summer.

Sunshine Cake
2 cups sifted enriched flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1/2 cup sugar
1/2 cup milk
1/2 cup melted butter or margarine
1/2 cup vanilla extract
1/2 cup coconut

Sift together flour, baking powder and salt. Beat eggs until thick and light in color. Add sugar gradually, beating constantly un-

LET'S GET STARTED — "What are we waiting for?" Five months old Amy Lou Fell is all ready for her first picnic. She'll help unpack the food — and sample most of it. Amy is the daughter of Mr. and Mrs. Barrie Fell of Drayton Woods. She and her parents are leaving Friday for Ft. Knox, Ky. where Daddy will start his tour of duty as 2nd Lt. in the Army. There should be some time for picnics this summer.

You're all set for... a Picnic or Party!

Roast 'em indoors Roast 'em out

Frank's taste better .. There's no doubt!!!

Frank'n foil

wrapped in Aluminum Foil

The Open Pit Way!

So Easy—So Good! A luscious, juicy, steaming hot FRANK 'n FOIL, is a special treat for kids of any age. Try 'em—just for the fun of it! Enjoy the succulent tangy outdoor flavor of Frank's made the Open Pit way. Wonderful cooked on an outdoor grill... Perfectly delicious made in your home oven.

How to make Frank'n Foil THE OPEN PIT WAY

1 Split Frank's lengthwise not quite through and place in split foil. Drench inside with Open Pit Barbecue Sauce (add tablespoon of chopped Onion or Piccalilli if desired).

2 Tear off a 12-inch length of Aluminum Foil. Place Sandwich at one edge and roll it up, using entire length of foil. "Twirk" the ends (twist the foil lightly).

3 Place on grill 8" over coals. Heat approx. 12 minutes (turn often). Or place on broiler rack in oven about 2" from heat source. Broil approx. 15 minutes (turn once).

4 Remove from grill or oven. Aluminum Foil will cool quickly to allow handling. "Unleash" and Enjoy hot and tasty FRANK 'n FOIL, made the Open Pit way.

PANCAKE PAGODAS — Baby food fruits and custards are used for fillings in this adult dessert, "Pancake Pagodas." Accompanying recipes are in two versions — a quick-and-easy way for busy weekdays, or a more elaborate method for more leisurely weekends.

These Pancakes Call for Baby's Food

With more than 100 different kinds of baby food on the market, it's no wonder that so many of them are adaptable to grownup tastes. . . like strained vegetables for pureed soups and strained meats as the basis of hors d'oeuvre spreads. . .

Here's a novel idea for combining the everyday pancake with common baby food fruits and custards to make an out-of-the-ordinary dessert — "Pancake pagodas."

PANCAKE PAGODAS

Pancakes (weekend version):
1/2 cup thick sour cream
1 egg
1/2 cup sugar
1/2 cup flour
1/2 cup milk
1/2 cup baby food
1/2 cup oil
1/2 cup salt
1/2 cup raisins

Combine sour cream, well beaten egg yolks, sugar, flour, salt, and nutmeg. Fold in stiffly beaten egg whites. Drop by spoonfuls onto hot griddle or frying pan; turn once to brown both sides. Cakes should be small.

Serve hot with an assortment of fillings (see below) to be spread between piled up cakes to taste. Add melted butter, cinnamon-sugar, in a sauce of whipped cream (colored maraschino cherries added to whipped cream) for topping off pagodas. Makes enough for 4 servings.

On weekdays, when you have less time you can substitute your favorite pancake mix and season with cinnamon.

FILLINGS

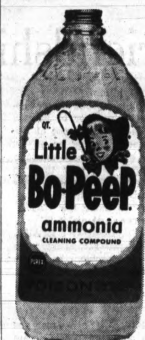

For **SPICY PRUNE**, combine 2 jars pureed baby food prunes with 3 tablespoons-sugar, 1 teaspoon lemon juice, 1/4 teaspoon cinnamon. Mix until smooth.

For **APRICOT CUSTARD**, combine 2 jars pureed baby food apricots with 2 tablespoons sugar, 1 egg yolk, 3-4 tablespoons evaporated milk or cream. Simmer until mixture thickens slightly; serve warm or cold.

For **PEACHY MELBA**, combine

2 jars pureed baby food peaches with 1/4 cup seedless raspberry jam, 1 teaspoon grated orange or lemon rind.

For **TROPICAL WHIP**, combine 1 jar baby food bananas (dessert or pureed fruit), 1 jar baby food pineapple dessert, 2-3 tablespoons of honey and 1 cup whipped topping or whipped cream. Mix smooth. Other baby food fruits and des-

County Bar Assn. Auxiliary Huddles to Organize

Committee members check reservations for Wednesday's organizational luncheon meeting of the Oakland County Bar Assn. Auxiliary. From left are Mrs. Robert V. Parenti of Oxford, Mrs. William B. Hartman of Pitt road and Mrs. Arthur W. Kollin of Rochester.

The organizational meeting of the Oakland County Bar Assn. Auxiliary was held at Devon Gables Wednesday.

Chairman of the organizational committee, Mrs. Cecil McCallum of Cherokee road, presided at the reading and acceptance of proposed bylaws and election of officers.

Philip Pratt of West Iroquois road, president of the Oakland County Bar Assn., welcomed the group and explained the auxiliary's objectives.

He presented a gavel, gift of the association, to Mrs. McCallum. Announcement was made of the state convention of the bar association, slated Sept. 28, 29 and 30.

EXTEND GREETINGS

Greetings from the Lawyers Wives of Michigan group were extended by Mrs. David C. Pence of Ferndale, membership chairman.

Mrs. Philip E. Rowston of West Iroquois road was elected first president.

Other officers are Mrs. Arthur E. Moore of Royal Oak, president-elect; Mrs. Adair Stewart of Waterford, recording secretary; Mrs. Harry Slater of Lake Orion, corresponding secretary; Mrs. Howard I. Bond of Farmington, treasurer; Mrs. Gene Scholz of Walled Lake, auditor; Mrs. Clark J. Adams of West Walton boulevard, parliamentarian; Mrs. McCallum, historian; Mrs. William B. Hartman of Pitt road and Mrs. Arthur W. Kollin of Rochester, directors.

The group was informed of two classes of membership in the auxiliary: active, open to wives of lawyers who are members of the Oakland County Bar Assn. or to widows of such lawyers; and associate membership, open to wives of lawyers who are members of the State Bar of Michigan and who reside in Oakland County or to the widows of such lawyers.

Eligible persons interested in joining the auxiliary may contact any member.

Mrs. Hartman, Mrs. Kollin and Mrs. Robert V. Parenti of Oxford had charge of reservations and name tags.

WELCOME GUESTS

Mrs. George B. Hartwick of Royal Oak, Mrs. H. Russel Holland of East Iroquois road and Mrs. Frederick C. Ziem of Sylvan Shores drive greeted guests.

Mrs. Rowston announced chairmen of standing committees as Mrs. Robert C. Anderson of Silverdale drive, program; Mrs. Pence, membership; Mrs. Parenti, hospitality; Mrs. Edward P. Barrett of Bloomfield Hills, house; Mrs. Robert G. Lagre of Menominee road, publicity; and Mrs. Joseph F. Kosik of Rochester, ways and means.

Mrs. McCallum was appointed delegate to Lawyers Wives of Michigan.

The auxiliary's next regular meeting will be in October. Mrs. Rowston has called a meeting of the board of directors at 10 a.m. June 7 in her home.

Philip Pratt of West Iroquois road, president of the Oakland County Bar Assn., presents his group's gift gavel to Mrs. Cecil McCallum of Cherokee road. Mrs. McCallum was chairman of the organizational committee of the newly-formed auxiliary.

Officers elected at the Devon Gables luncheon included from left Mrs. Philip E. Rowston of West Iroquois road, president; Mrs. Howard I. Bond of Farmington, treasurer; Mrs. Clark J. Adams of West Walton boulevard, parliamentarian; and Mrs. Harry Slater of Lake Orion, corresponding secretary.

Tea Features Culture a la Newberg

Met Stars, Lincoln Expert Entertained

By MARJORIE EICHER
Women's Editor
The Pontiac Press

Metropolitan Opera stars and one of Michigan's leading Lincoln authorities were guests at a tea Wednesday in the Bloomfield Hills home of Mrs. William C. Newberg.

Mrs. Newberg is chairman of the June 19 "Evening with Carl Sandburg," climax event of the third annual Birmingham Arts Festival.

Seventy-five of her committee workers reported on ticket sales for the Sunday evening affair and met and chatted with Lincoln authority William Springer of Wing Lake, a friend of Sandburg's.

A number of the company of the Metropolitan Opera currently appearing in Detroit dropped in at the tea to lend a colorful note to an afternoon concerned with culture.

Assisting Mrs. Newberg as cochairmen for the Sandburg presentation which will be at Cranbrook Stadium at 7 p.m. are Mrs. Theodore O. Yntema of Bloomfield Hills and Mrs. Robert Wardrop of Birmingham.

Working with them are 10 divisional chairmen who report more than 80 per cent of the 90 available tickets have been sold.

Divisional chairmen are Mrs. Rinehart S. Bright, Mrs. Lester L. Colbert, Mrs. John H.

Longley, Mrs. Robert P. Lytle and Mrs. Ernest F. Kern.

Others are Mrs. Lawrence R. McIntosh, Mrs. Thomas Morrow, Mrs. John E. Quirk, Mrs. W. Ogden Vogt and Mrs. Harold L. Weckler.

Judy Newberg and Mt. Holyoke roommate Joby Fredericks will be in charge of ushers, Frank Audette, Paul McKenney and John Sauer have taken on the problems of staging, lighting and production at the stadium.

Music, poetry and philosophy and a strong projection of the man himself is expected when Carl Sandburg returns to his former home state. A giant among creative talents of our time, his platform appearances

are noted for their intimacy and pith.

The Arts Festival opening June 11 centers around Birmingham's Shain Park where daily demonstrations by artists will be featured. Here an artist's market will operate, with most of the works priced under \$50.

Ballet, young people's theater, art films, a string ensemble, ethnic group dancing, band concerts, adult theater and a jazz session will all be part of the events called "Center Stage Activities."

Opening night excitement will be supplied by an Arts Festival Ball at Bloomfield Hills Country Club. Proceeds from the \$100-a-couple formal dinner dance will be added to the Bloomfield Art Assn. fund to explore the needs of a cultural center for the area.

Tea guests join their Bloomfield Hills hostess Wednesday afternoon for a view of the lake and distant KirklintheHills. From left are Mrs. Robert Wardrop of Birmingham, Metropolitan Opera singer Giorgio Tozzi and hostess Mrs. William C. Newberg of Bloomfield Hills.

Women's Section

He Sounds Possessive, Childish

Sever Bonds of Friendship Clean

By ABIGAIL VAN BUREN

DEAR ABBY: I am 21 and everyone says I am pretty enough to be in the movies, on TV or on Broadway. I date a lot. I don't like to hurt men, so I tell them from the start I don't want to get serious for a long time.

One young man (26) won't accept this. He keeps talking about marriage. We argue about this all the time. No matter how I treat him, he won't break up with me. The dirtier I treat him, the better he likes me. He always wants to know who else I date and where we go. I never lie to him. He has even gone out looking for me when I'm with someone else. And if he finds me, he will sit in a corner and sulk. How can I get rid of him?

PESTERED

DEAR PESTERED: The next time he calls, tell him you do not want to go out with him any more. And don't feel sorry for him, no matter what he says, because if you date him

again, you'll be back where you started. This man sounds possessive, jealous and childish. And people who react favorably to being treated "dirty" are also a little sick.

DEAR ABBY: The wife and I are in our late fifties and she is getting on my nerves so bad I can hardly stand it.

We have five grandchildren. I think they are cute—but my wife thinks there are no five children in the world to compare with them. She carries about 300 pictures everywhere she goes. When she runs into someone on the street, she hauls out these pictures and you can see the bored expressions on their faces as they try to get away. All she ever talks about is her grandchildren and the cute things they said. It is sickening! People are starting to run when they see her coming. I am ready to run myself. Is there any cure?

GRANDPA

DEAR GRANDPA: There is no cure for the doting grandmother. Pray for the day she meets her match head-on.

DEAR ABBY: What do you do with a man who refuses to let his wife get sick? Whenever I get sick he gets twice as sick and I have to get up and take

care of him.

I took to my bed Easter Sunday with a fever of 102. An hour later he had one of 103. He wasn't putting on an act either because I saw the thermometer. The only time he has been sick is when I have given him the idea. Does any other wife have this trouble? What can I do about it?

DOROTHY ELAINE

DEAR D. E.: Many wives have this problem and there is nothing you can do about it. Stay well and you'll probably live to be a hundred.

DEAR ABBY: Because you reach so many people, I am writing this letter in hopes that you will print it. If you do, you could be indirectly responsible for saving many lives.

Recently I was in a automobile accident. Only because less than a month ago I donated blood to a friend of mine did I know my own blood type. I had it printed on a card and tucked in wallet. It saved my life.

Men carry pictures of their wives, sweethearts, children, grandchildren and dogs; credit cards, other people's cards and membership cards by the dozens. But I wonder: how many men reading this know their own blood type? And

have sense enough to write it down and carry it with them? "TYPE O"

"What's your problem?" Write to Abby in care of this paper. For personal reply, enclose a stamped self-addressed envelope.

For Abby's pamphlet, "What Teen-agers Want to Know," send 25 cents and a large self-addressed stamped envelope in care of this paper.

Soulers to Hold 25th Wedding Open House

The silver wedding anniversary of Mr. and Mrs. Frank Souler will be observed Saturday at an open house from 2 to 7 p.m. in their home on Thirza Court, Waterford Township. The Soulers formerly lived on Reaborn street.

Party arrangements are being completed by Mrs. Souler's son and daughter-in-law, the Ora Conleys of Orionville, and her sons-in-law and daughters, the Wilbert Nowles of Clarkston and the Kenneth Bredows of Stirling avenue, Pontiac Township. There are 10 grandchildren.

The Frank Kinneys of Atlanta will attend their daughter's anniversary, as well as the John Kinneys of Orionville and the Mark Kinneys of Mt. Clemens, street. Mrs. Souler's sister and brother-in-law, the Lyle Schells, will come from Sterling and her sister, Mrs. William Friesen, from Cheboygan.

Child Study Group Meets for Luncheon

Reports were submitted and offers presented at the Child Study Club Group III annual meeting and cooperative luncheon Tuesday. Mrs. E. E. Elder Jr. opened her home on Wabash street, Orchard Lake, to the membership, with Mrs. James Jenkins, Mrs. William Wright and Mrs. William Belaney as cohostesses.

Guests were Mrs. Gerald Frericks and Mrs. James Hubbard.

Recently elected to office were Mrs. E. W. McDowell, president; Mrs. Wright, first vice president; Mrs. Robert Bogo, second vice president; Mrs. Maynard Raye, recording secretary; Mrs. Elwood Bigler, corresponding secretary; Mrs. Jenkins, treasurer; Mrs. Clark Kimball, parliamentarian, and Mrs. Robert Knight, auditor.

Lincoln authority William Springer of Franklin road discusses the forthcoming "Evening with Carl Sandburg" with Mrs. Robert Vanderkloot of Lone Pine road. Mrs. Lester L. Colbert of Bloomfield Hills, presiding at the tea table, chats with divisional ticket chairman Mrs. John E. Quirk of Orchard Lake.

City Women's Chorus Elects Officers

Mrs. Frank Weger was elected Carl Leonard, vice president; Mrs. president of the Pontiac Women's Chorus, secretary; and Chorus at the final dinner meeting Janet Lawless, treasurer.

Committee chairmen appointed were Mrs. Michael G. Patterson, membership; Mrs. James L. Absher, social; Mrs. Char-

Working with her will be Mrs.

JOYCE A. WHITFIELD

Joyce Ann Whitfield, daughter of the Thomas Jones Whitfields of Oakwood street, Sylvan Lake, and Richard Alan Harris, son of Mr. and Mrs. Earle W. Yickoff of Trenton, N.J., plan August vows. She is an alumna of Michigan State University where her fiancé is a senior

Win Kudos at Music Festival

Several Pontiac area music students of Joyce Love participated in a spring music festival at Flint's Durant Hotel. Over 300 contestants from Flint, Pontiac, Saginaw, La- peer and Rochester participated in the Sunday program.

Gerald Kahler won first place in the advance accordion division, with James Barab and Gary Stelmach placing second, John Tom and Patricia Barab placed third.

In the Spanish guitar competition Jack Moss and William Gottschalk earned first place trophies. Dennis Fogler placed second and Jerry Zabal, third.

Douglas Preston placed second in the Hawaiian guitar division, as did Charles Spencer and Michael Fitch in their respective divisions. Barbara Przybylski placed third.

First place band division honors went to the Pontiac Tune Twisters, Donald Stanger, Jeff Blye, Vern Cole, Paul Veen, Kay Mad-

sen, Christine Hadden and Douglas Preston. The Rochester Sate-lites placed third.

Pontiac earned further recognition when Charles Schatzky of the local music school was elected prince to reign over the proceedings.

Newlyweds Will Live at Newport, R.I.

St. Mary's-in-the-Hills Episcopal Church, Lake Orion, was the setting for the nuptials of Gwendoline June McIlquham and USN Rd. 3 Larry Clifford Morrison. The Rev. Wilbur R. Schurte officiated.

Mrs. Henrietta McIlquham of North Astor street and Carter H. McIlquham of South Tasmania street are parents of the bride. The bridegroom is the son of the Clifford Morrisons of Oldsmobile avenue, Waterford Township.

Attendants at the May 10 rit- were Mrs. James Keadall, mat- tron-of-honor, and the bride's sis- ter, Diana, junior bridesmaid. Deborah K. Orniston of Linden was flower girl and Bobby Jack- son carried the rings.

Michael Odle was best man the bride's brother Carter and William Adams of Drayton Plains ushered.

The newlyweds will live at New- port, R.I., where the bridegroom is stationed aboard the USS Destroy- er Lester.

Bethany Church Groups Finish Season's Meetings

The seven groups of Bethany Baptist Church Woman's Society have concluded individual meet- ings.

Martha Group met with Mrs. James Amburn of Pontiac drive. Mrs. Omer Lewis was cohostess. Mrs. William Dorris, chairman, introduced Barbel Sasse, German exchange student who attends Pontiac Central High School. Mrs. Fred Haushalter gave devotions on the 23rd Psalm.

Mrs. Cora Scott of Niagara avenue was hostess to the new- ly organized Rebekah Group whose chairman is Mrs. Clifton Dennis. Mrs. George Cameron assisted. After devotions by Mrs. Edward Lewis a program on "Group Conversation" was pre- sented.

Ruth Group members met with Mrs. Ben Wilton of Lakewind drive, assisted by Mrs. Charles Kelly. Mrs. James Mercer, chair- man, led the discussion which was followed by a devotional message from Mrs. Noble Smith.

The Osceola drive home of chair- man Mrs. Lawrence Taylor was opened to Dorcas Group members. Mrs. D. R. Veazey was in charge of devotions. Mrs. Lynn Eri- bacher was named chairman of the cancer pad project and White Cross details.

Mrs. Harry Taylor was de- votional leader when Esther Group was entertained by its chairman Mrs. Walter Willson of Murphy avenue. Mrs. Basil LaFountain and Mrs. Virgil

Jaynes assisted. Members will send a delegate to the annual Women's Home Party at Hills- dale in June.

Cooperative luncheon was served when Naomi Group met with Mrs. Clifford Mosey of Mark avenue. Mrs. Etta Hibler was business ses- sion chairman. Devotions were given by Mrs. Grace Steeves who also reported on the recent state convention of United Church Wom- en of Michigan held in Midland. Mrs. Hibler will be delegate to the Hillsdale College House Party.

Lydia Group, the business and professional women's section, elected Mrs. Florence Miller chairman when they met with Mrs. Lewis Cornell of Lansdowne street, Drayton Plains. Mrs. May- nard Johnson assisted and led in devotions and a book review.

Farm, Garden Assn. Has Picnic, Election

Pine Lake Manor branch of the Women's National Farm and Gar- den Assn. elected officers follow- ing a picnic luncheon at the West Long Lake road home of Mrs. John R. Foster. Mrs. Kenneth Peterson was cohostess.

Mrs. Clarence W. Suhr is in- coming president; Mrs. Carl R. Giese, vice president; Mrs. Har- old E. Schneider, recording sec- retary; Mrs. Frank A. Grosse, corresponding secretary; and Mrs. Edna Keller, treasurer.

Pioneer Group Hears Plans for Centennial

Stuart E. Whitfield, vice president of the Pontiac State Bank and chairman of the Greater Pontiac Centennial Committee, Wednesday described plans for Pontiac's 1961 Centennial Celebration.

He spoke at the 86th annual luncheon of the Oakland County Pioneer and Historical Society at All Saints Episcopal Church.

Philip J. Mason, professor of history at Wayne State University, reported on research of early Michigan history during Civil War Days, showing slides of scenes in Detroit, the battlefield and camps.

Miss Alice Serrell reported the abstracting of early Oakland County Probate records has been completed by Dr. Sarah Van Housen Jones and herself.

The records comprise 2600 files beginning with the year 1822 and going through Jan. 1, 1868. Four copies were made, completely indexed. They were given to the DAR Library in Washington, D.C. the State Library in Lansing, Burton Historical Library in Detroit and Pontiac City Library.

Mrs. E. V. Hewlett has added 603 cards of vital statistics and genealogical data to the society's files since June 1959. She has furnished much data to persons attempting to establish records of ancestors who formerly lived in this area.

Members voted to give \$100 to the Oakland County Historical Foundation.

Arthur W. Selden, retiring president, conducted the business meeting, and toastmaster John H. Patterson led the singing, accompanied by Mrs. Joseph L. Bennett.

Colonial Motif Frames Annual May Affair

Nearly 300 Attend GM Girls Club Dinner

Greeting arrivals at General Motors Girls' Club annual May dinner are from left John Marcin of Farmington, new president Arlene Newcombe of Drayton Plains, J. F. Brady of East Iroquois road and Mrs. Elsa Leece of Clarkston, dinner chairman. The gala affair was held at Oakland Hills Country Club.

Over 170 members and 108 guests were present when General Motors Girls Club of Pontiac observed its annual May dinner at Oakland Hills Country Club Wednesday evening.

Guests were executives of the three General Motors plants in Pontiac who have contributed to the club's efforts during the past year.

Special guest was Nancy Kelly, recipient of the club's scholarship to Michigan State University Oakland.

Arrangements were under the general chairmanship of Mrs. Elsa Leece, who was assisted by Lawrence Woodley.

PLAN DECORATIONS
Decorations in a Colonial motif were planned by personnel division employees of Pontiac Motor Division. Music was supplied by the GMC Truck and Coach Division.

Hostesses were Mrs. Dale Houbler, Mrs. Robert Schom, Mrs. Margaret Francis, Mrs. Theron Korton, Julie O'Brien, Pauline Sender and Mrs. Wallace McSorley. The invocation was composed and offered by Mrs. Houbler.

After the dinner, a brief business meeting was conducted by Club President Arlene Newcombe, who gave a resume of funds raised, charitable work done by the group and social events sponsored.

An election of officers followed, with Miss Newcombe re-elected president.

Others named to office were Mrs. Otis Brookshier, vice president; Mrs. Donald DeLong, secretary; and Mrs. George Wilcox, treasurer. Mrs. Melvin Bond was nominating committee chairman.

King and Zerita, master mentalists, entertained. Demonstrations of thought transference, mind reading and mental inspiration were given.

Dress Up Today and Live

Don't Hoard Your Clothes

By JOSEPHINE LOWMAN
It is always gratifying to a writer to know that something she has written had an important impact on even one reader, that perhaps it added some happiness to her daily life. I want to share the following letter with you.

"Dear Mrs. Lowman: A million thanks for your article 'Enjoy Yourself.' It struck the nail on the head so far as I am concerned. I have beautiful slips, blouses, robes and perfumes, given me by my daughters on such occasions as my birthday, Mother's Day, Christmas and so forth. What did I do with them? Here I have been saving them for special occasions, visits and trips (which are quite rare in my life). I have been wearing old, mended articles."

"Well, I am turning over a new leaf. I am giving all of my old, wearable suits and dresses and underwear to charitable organizations and am going to 'live it up' as you suggested."

"I never have believed in saving the best for tomorrow which may never come. Today is the BEST since it is vibrating in our hands at this very moment. Let us enhance it in every possible way."

Let us enhance it with happiness and with a deep appreciation for just being alive. Let us fashion it with understanding, tolerance and laughter. And let us use all of the props available, such as the small luxuries mentioned in today's letter."

We don't need the props so much on these wonderful, special, sparkling days which fly along by them-

cial occasions, visits and trips (which are quite rare in my life). I have been wearing old, mended articles."

"Well, I am turning over a new leaf. I am giving all of my old, wearable suits and dresses and underwear to charitable organizations and am going to 'live it up' as you suggested."

"I never have believed in saving the best for tomorrow which may never come. Today is the BEST since it is vibrating in our hands at this very moment. Let us enhance it in every possible way."

Let us enhance it with happiness and with a deep appreciation for just being alive. Let us fashion it with understanding, tolerance and laughter. And let us use all of the props available, such as the small luxuries mentioned in today's letter."

We don't need the props so much on these wonderful, special, sparkling days which fly along by them-

self and take us with them into the heights. We do need what help we can obtain from material props on everyday, mundane discouraging or frustrating days. So, don't hoard your luxuries!"

by Anne Adams

Sew the POP-ON — coolest, gayest, easiest fashion of summer! Fits at neckline, flares freely below in deep pleats that allow a little girl to romp, run, have fun, without restraint.

Printed Pattern 4515: Children's sizes 2, 4, 6. Size 6 takes 2 yards 35-inch fabric. Printed directions on each pattern part. Easier, accurate. Send 50 cents in coins for this pattern — add 10 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 245 West 17th St., New York 11, N.Y. Print plainly Name, Address with Zone, Size and Style Number.

If you decide to change the color of your hair in order to try a completely new look, don't forget to change the shades of your makeup, too.

A Close Friend Should Go

By EMILY POST
Dear Mrs. Post: A girl friend and I went to Florida for a two-week vacation. On the fourth day of our vacation, my girl friend received a telegram stating her mother had died suddenly and to please return home at once.

She flew home as soon as she could. I did not, however, go with her but stayed on for the remainder of my vacation. She is very much hurt because I did not leave with her. I would like to know if I was wrong not to accompany her home?

Answer: If you were intimate friends so that your presence beside her would have been a real help and comfort to her in her grief, your not going with her was heartless.

If you were hardly more than acquaintances and taking your vacations together as a matter of mutual convenience and not because of great friendship, I do not think she should have been hurt because you stayed behind to finish the rest of your vacation.

Dear Mrs. Post: My husband has a habit of pushing his plate away from him when he has finished eating. He not only does this at home but also when we dine out.

I think this is bad table manners and I have told him so, but he says he can't see anything wrong in the habit and continues to do it. Perhaps if I can show him something from you, he will stop this practice.

Answer: Pushing his plate from him when he has finished eating is indeed bad table manners and I hope that this answer will help you break him of the habit.

Dear Mrs. Post: When someone is moving to a distant city, whose place is it to visit who to say goodbye? Is it up to those who are moving away to call on their friends to bid them goodbye, or do their friends go to see them before they leave? Also, is a going away gift customary?

Answer: It is up to those who are leaving to say goodbye to their friends who otherwise might not know of their plans. A going-away present is not customary.

If you find certain fabrics difficult to cut straight, pick one or two threads and draw them out. This will create a completely straight line for you to cut across.

Many Hatlets Using Veils

(UPI) — Look for whimsical veil hatlets this spring. Veils are gathered at the top, curved out and down, scalloped, or bouffant.

New forms of chicken wire veiling make airy "bird's nests" in clothes and lampshade shapes. Circlets, wreaths, half circles, and disks also abound. Many hatlets are open-crowned to allow room for top knots.

MIDDLE CHARM — Naval Academy midshipmen, toss pennies at a statue of the Indian Teacumseh who is their "God of 2.5," the minimum grade average for passing. They are marching

to final exams which began Wednesday. Children of naval officers eagerly await the coming of the good-luck custom every spring and fall and here scramble for the pennies.

Regatta June 18

33 College Crews Meet

SYRACUSE, N.Y. (AP) — Major rowing powers will be bunched in the middle and on the far outside for the Intercollegiate Rowing Assn. Regatta on Onondaga Lake here June 18.

ITA Secretary Asa Bushnell, in announcing lane assignments Wednesday, emphasized they give no advantage to a crew on the broad lake, free of appreciable tides and currents.

Thirty-three crews from 13 schools will compete in the varsity, junior varsity and freshman events.

Cornell is favored in the 3-mile varsity pull, in what usually amounts to the championship of the college rowing. However, this country's Olympic heavyweight representative will be selected.

from the rowing trials July 7-9, also on Onondaga Lake. The lineup, from the shoreline, for the 12-crew varsity races: Dartmouth, Brown, Columbia, Rutgers, Washington, Pennsylvania, Rutgers, defending champion Wisconsin, Cornell, Princeton, California, Syracuse and Navy.

Junior varsity, 11 crews at 3 miles: Columbia, Princeton, Rutgers, Dartmouth, Wisconsin, Navy, defending champion California, Pennsylvania, Washington, Cornell and Syracuse.

Freshman, 10 crews at two miles: Rutgers, Dartmouth, MIT, Columbia, Princeton, defending champion Cornell, Washington, Syracuse, Navy and Pennsylvania. California and Wisconsin will compete only in the varsity and junior varsity races. Brown only in the varsity and MIT only in the freshman.

Wasn't Employed of Castro, Says Louis

GROSSINGER, N.Y. (UPI) — Former heavyweight champion Joe Louis denied Wednesday that he worked for Cuban Premier Fidel Castro, but said a public relations firm he is connected with did business with the Cuban Tourist Bureau.

Louis, a member of the firm, said "We don't work for Castro." Reached on the golf course at Grossinger where he is scouting the Ingomar Johansson training camp, Louis said "We have nothing to do with politics." All we do is stimulate and develop tourism for the Cuban Tourist Bureau.

Farmers of the United States use twice as much petroleum driven power as the total used by all of the nation's factories and industries.

Will Construct Garage

LANSING (AP) — A 100-car garage will be built under the Hotel Old

as part of a million-dollar renovation program planned by the new Tar hotel chain which purchased owners, it was reported today. The Capital City landmark last week.

Ed C. Leach, president of the Jack Oil composes 92 per cent of the exports of Venezuela. About 64 per cent of its imports come from the United States. Thomas A. Edison slept only four hours a day. On his 67th birthday he said: "I shall begin to loaf when I am 80."

Jo Ellen Schafer Reigns

Crown Rochester Queen for 4th

ROCHESTER—Good looks, charm and the ability to "sell" a song proved to be a winning combination for Jo Ellen Schafer who was named Miss Rochester Independence Day Queen last night.

A senior at Rochester High School, Jo Ellen, 17, won the title over a field of six other attractive contestants. She is the daughter of Mr. and Mrs. John W. Schafer of 224 W. Auburn Rd.

The new queen is a brunette with hazel eyes whose ambition is to enter show business. She displayed her talent by singing "I Can't Say No."

Second maid of honor was Barbara Curtis, also 17, of 382 Elizabeth St. She did a jazz ballet number to the music of "Fever." She is the daughter of Mrs. Robert F. Curtis and the late Mr. Curtis.

All of the contestants first appeared in all-white bathing suits, then returned to the stage in the talent portion of the competition. Her parents are Mr. and Mrs. Rochester High School auditorium

for judging in the talent show division.

Their final appearance was in formal attire. Before the close of the contest each drew a question out of a bowl and answered it extemporaneously.

Master of ceremonies was Lloyd Christensen, and between acts songs were sung by Jerry Annina.

The other four aspirants for the crown were Sharon Dodman, Josette Beauchamp, Pamela Roberts and Diana Almas.

The new queen was crowned by 1959 Queen Carol Bird Chekaluk and was given a complete wardrobe and a modeling school gift certificate.

She and her two attendants will reign over the second annual Ki-

wans "4th-Rama" celebration on Independence Day. In the meantime the three will make a number of public appearances to publicize the event.

Contest judges were Ardis Kennedy, Dorothy Seiffert, Gar Meadowcroft, Loren Pope and Gordon Miller. Heading the contest committee was Mrs. Walter V. Sawyer assisted by Mrs. Oscar J. Sorenson Jr.

Troy Firm Indicted on Antitrust Charges

TROY — A Troy firm was one of seven of America's biggest manufacturers of transformers for electrical power companies indicted by a federal grand jury yesterday on charges of conspiring to violate antitrust laws by fixing prices and rigging bids.

Kühnl Electric Co., 2565 E. Maple Rd., was named only in an indictment concerning sale of distribution transformers which transform the electrical energy of high voltage lines to a voltage and current usable by the consumer.

Joel Watkins, vice president, was the individual named.

Square Dancers to Hold Jamboree Saturday

ORION TOWNSHIP — The Quadrilles square dance group from Webster School will sponsor a "Jamboree" dance from 8 p.m. to midnight Saturday at the Gillingville Community Center.

The Chase and Furney orchestra will play.

A winner roast will follow the dance. All planning to attend are asked to bring their own winners and buns. The club will furnish the trimmings.

Proceeds from the event will be divided between the club and the bathing suits during preliminaries. Webster School PTA.

Beauty Pageant Preliminaries Start in Detroit

Preliminaries in the Miss Michigan-Univers Beauty Pageant 1960 are being held now through June 16 each Tuesday and Thursday evening at the Gay Haven Supper Club, Detroit.

State finals in the international beauty contest will be held at the Michigan State Fair Coliseum June 18, along with a variety show featuring top-flight entertainers, according to publicity agent Harold Berg.

Entrants must be between 18 and 28 years old to qualify for the preliminaries. Fifty girls from throughout the state are expected to compete in the finals.

The contestant selected as Miss Michigan-Univers 1960 will go to Miami Beach, Fla., where early in July she will match her beauty against winners from other states and foreign countries for the title of Miss Universe.

The Gay Haven Supper Club is at West Warren near Greenfield. Contestants are being judged in the bathing suits during preliminaries.

Pauline Press Photo

BIG MOMENT — High point of last night's Miss Rochester contest was the coronation of the new queen Jo Ellen Schafer, 17, by last year's queen Carol Bird Chekaluk. Seven girls entered

the competition which is the main event leading up to the Kiwanis "4th-Rama" celebration on Independence Day. The contest was held in the Rochester High School auditorium.

Lake Orion Cub Pack Slates Paper Drive

LAKE ORION — Cub Scout Pack 128 of Lake Orion will conduct a paper drive Saturday, starting at 9 a.m., to raise funds for the pack.

The boys and their den dads will canvass the village and surrounding area for bundled newspapers and magazines throughout the day. Arrangements for pickup may be made by contacting Floyd W. Fetter, 686 Lawson Dr.

Set Clifford Services

CLIFFORD — The American Legion and the North Branch Band will conduct public Memorial Day services Monday in front of the Clifford Honor Roll at 10:30 a.m.

Novi Manager Fred E. Olson Resigns in Wake of Criticism

NOVI — The manager of Michigan's largest village has resigned under criticism of citizens and several members of the Village Council.

Fred E. Olson, administrative head of Novi since it incorporated in October 1958, said today the resignation would become effective June 7.

The effective date is the day following the next regular Council meeting when the resignation is expected to be acted on.

Olson, 44, said the resignation was submitted to Council President Joseph Crupi 10 days ago, the day after the last Council meeting.

350 PETITION REMOVAL. At that time a citizens petition with 350 signatures asked for Olson's removal. However, Council took no action.

In the past, Council has voted

3 to 2 in favor of keeping Olson on the payroll.

Strongest opposition on the Council towards Olson has come from recently elected Councilwoman Eugenie Choquet.

She claims the village is not in sound financial condition.

Olson said it is, "and the annual audit next month will show it is."

It is expected that when Olson leaves Novi each councilman will be assigned to work with department heads until a new manager can be hired.

SALARY \$6,000. Under the village charter, Crupi can take over the manager's position.

Olson's salary as manager is \$6,000. An attorney, Olson is a retired policeman with 20 years on the Highland Park force.

He is a resident of that city, married and the father of three children.

He has been criticized for not living in Novi but, Olson, has stated that "if I were given a contract, I might move here. As it is now, my job is from month to month."

SHARON JEANNE VERNAGUS

An August wedding is planned by Sharon Jeanne Vernagus and Richard L. Valko. The bride-elect is the daughter of Mr. and Mrs. Adam Vernagus of 2830 West St., Milford. Her fiancé lives at 841 Duke St., Milford.

Lake Orion Appoints New Building Inspector

LAKE ORION — A lifelong resident of Lake Orion, Charles Sharrow, 48, has been made building inspector for the village. He succeeds the late Harold Maphis, who died in February.

Sharrow, who lives at 397 Atwater St., is married and has two children. He is employed at the Pontiac Motor Division in the repair department.

Lee BeGole Resigns at Cheboygan

NOVI — This village's traveling police chief, Lee BeGole, said today he has given up his week-end commuting to Cheboygan where he has also headed the police department since February.

BeGole, 38, has been back in Novi since May 1, but every week-end he has been traveling the 300 miles to the Northern Michigan community to handle police affairs there.

"I think the city now will be able to appoint someone as chief right from their own force," BeGole said. "Every man on the department there is highly trained."

"From now on I'll devote all my time to Novi," BeGole took the Cheboygan job early in February after he re-

signed in Novi over a policy matter. However, he withdrew his resignation after residents urged him to stay. But it was too late. Cheboygan had already appointed him its new police chief.

The Novi Village Council then gave BeGole an indefinite leave of absence so he could go to Cheboygan until they could appoint a permanent department head.

While in Cheboygan, BeGole committed to Novi every week-end to take charge of the four-man police force he has handled since Novi incorporated in 1958.

Last month there was a change in the Cheboygan administration, so BeGole thought it would be a good time to submit his resignation. He did and the City-Council refused it.

Police Chief to Park Car in Novi

Thinking that the resignation would be accepted BeGole had told Novi that he would be back for good. He kept his promise but a police chief, so BeGole kept up his traveling.

"I was awfully tempted to stay in Cheboygan," BeGole said, "but I've promised Novi that I'm here to stay."

"Cheboygan is one of the most pleasant communities I have ever worked in. But all my family ties are in the Detroit area."

The Cheboygan job pays \$5,700 a year, \$300 more than in Novi. Novi's police force covers an area of 32 square miles and has a population of about 5,400, while Cheboygan's seven-man department handles a compact city of more than 7,000.

Evangelist to Preach at 3 Leonard Services

LEONARD — Evangelist Arlie R. Collins will preach at three services, June 2, 3 and 4 at 7:30 p.m. at Leonard Methodist Church.

The Rev. Collins, a former pastor, now works for Christian Service Centers, Inc., whose motto is "Holding Forth the Word of Life to Servicemen."

Centers are maintained at Rantoul, Ill.; San Antonio, Tex.; Norfolk, Va.; and Lawton, Okla. The Rev. Collins and his wife are from Mount Pleasant.

1st: Flag-Raising in Rochester To Mark Memorial Day

ROCHESTER — The traditional flag-raising ceremony at the American Legion Hall at 10 a.m. Monday will mark the opening of the Memorial Day observance in Rochester.

Members of the GAR, Women's Relief Corps will read "Gen. Logan's Orders" calling for a memorial service for Civil War dead, which dates back to 1868.

The parade will start at the Hall and proceed to Main and Second streets where women's auxiliaries from various veterans' organizations will place

flowers at the foot of the World War II monument.

"Paraders will turn onto Second street and continue on to Mount Avon Cemetery where flags will be placed on some 300 graves. Also included in the line of march will be Boy Scouts, Cub Scouts, Indian Guides, village, township and veteran organizations' officials."

Otis Gatewood, president of North Central Christian College will deliver the Memorial Day address at the cemetery. He will be honor guest at a reception in the Hall after the parade.

Don't Drive Yourself to Death This Weekend

Over Holiday, Recall These County Fatafs

The pictures on this page are a grim reminder to you, Mr. Motorist, if you plan to do any driving this Memorial Day weekend.

These six photos represent 16 human lives lost on Oakland County roads in the short time since Jan. 1.

Should you venture behind the wheel this weekend, take heed: don't speed; stay on your side of the white line.

There have been seven multiple fatal smash-ups in the county already this year. There were only four all last year and all were double fatalities.

Last year the county recorded its second such accident when the Memorial Day holiday period was less than three hours old. More significantly, as the weekend dawned in 1959 the county traffic death toll was 26. This year it stands at 44.

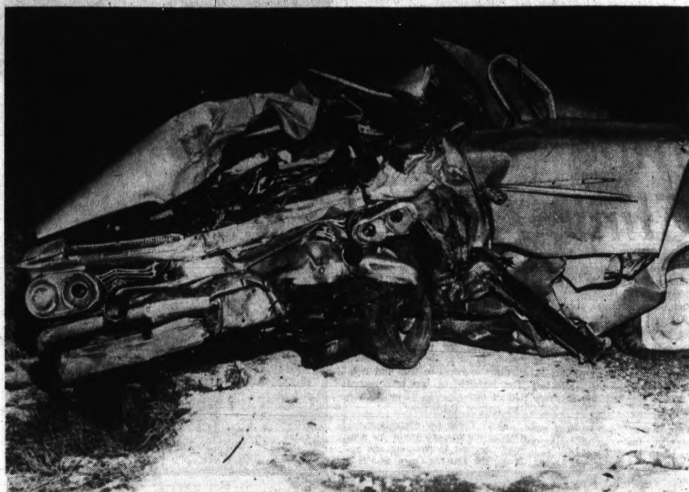

Of those who died in the accidents pictured here were seven men, eight women, and a boy and girl, both under five years old.

So remember, it's not only your life at stake, but that of every man, woman or child riding with you.

Last year's two deaths occurred on a two-day Memorial Day weekend. This year it's a three-day weekend. The last three-day Memorial Day weekend, in 1958, killed a record 371 persons in the nation.

The National Safety Council says that record will be broken by Monday midnight, with 375 deaths and 13,000 injuries in weekend traffic.

If you plan to drive any of the 7.2 billion miles the Council estimates will be driven this weekend, stop, think, do it well or don't do it at all.

THREE DIED — Jan. 1. The year 1960 was only four hours old when the county recorded its first three traffic deaths. This was the Pontiac State

Police Post's first call of 1960, and the first Pontiac Press photo taken this year. Two others in the car were injured critically.

TWO KILLED — May 13; 8 p.m. Three injured, two critically.

TWO KILLED — March 23; 6:30 a.m. One person injured.

FOUR KILLED — Feb. 28; 9:45 p.m. Eight others injured, 5 seriously.

TWO KILLED — April 2; 11:20 p.m. One was injured.

THREE KILLED — March 14; 8:02 a.m.

Just Can't Tell About Those Yankee-Killer Tigers

2-Game Sweep Over Yankees Amazes Dykes

Clutch Hitting Pushes Winning Streak to 4 as Lory Wins, 9-3

DETROIT (U-P) — The Detroit Tigers never cease to amaze their manager, Jimmie Dykes.

They are a team capable of winning five or 10 in a row, or losing five or 10 in a row, at the drop of a fly ball.

When they were struggling along, so helplessly in the east, they lost two games to New York in Yankee Stadium, yesterday, on their home grounds, they completed a two-game sweep over the same club.

Frank Lary, a Yankee killer from way back, was the winner of the 9-3 contest.

Dykes admits that all of this has been a bit frustrating, if not educational.

"You just can't figure things, because you're dealing with human beings," said Dykes.

"When you're losing, you'd give your bottom dollar for just one lousy little single. When you're winning, you wish you could save just a hit or two for another game — when it'd come in real handy."

The feeling persists that this is an inconsistent club, one that will piddle around here and there, win a few, lose a few, and wind up somewhere around the 500 mark — just as it has for the past few seasons.

Dykes doesn't want to call it an inconsistent team. As the manager, he puts it more politely.

"If we get consistent pitching and hitting, we have as much chance as anybody in the league."

Now that Dykes has seen every club he was asked for an updated opinion on the American League race.

"One is going to make a runaway of it," Dykes predicted.

"I still feel Chicago is the best team in the league. But it will be a good scramble for positions all the way."

Wherever the Tigers might be in the standings, Oct. 2, they're just about as much in the race now as the next fellow. Their recent surge has them tied with New York for fourth place, three games out of the lead.

Yesterday's win — put together by Lary's eight-hit pitching and the hitting of Frank Bolling, Red Wilson and Charlie Maxwell — was their 10th in fourteen games. The newest winning streak stands at four.

The Tigers stalked Lary to an early lead, scoring four times in the first inning off Ralph Terry.

Wilson knocked in two runs with a double and Bolling batted home two more with a single.

Bolling kayaked Terry with an other two-run double in the third and Maxwell hit a two-bagger, good for two runs, off John Gahler in the sixth.

Lary himself drove in a run in the seventh with a double.

Roger Maris hit a pair of base-empty home runs to account for two of the Yankees' three runs.

The victory, Lary's fourth in seven decisions, was his 22nd in 29 lifetime verdicts with the Yankees. No other pitcher in baseball has such an outstanding mark against the Yanks.

DETROIT (U-P) — The Detroit Tigers never cease to amaze their manager, Jimmie Dykes.

They are a team capable of winning five or 10 in a row, or losing five or 10 in a row, at the drop of a fly ball.

When they were struggling along, so helplessly in the east, they lost two games to New York in Yankee Stadium, yesterday, on their home grounds, they completed a two-game sweep over the same club.

Frank Lary, a Yankee killer from way back, was the winner of the 9-3 contest.

PUTTING TOWARD PONTIAC — Beverly Hanson, pictured here stroking a short putt into the cup, will give women golfers in Pontiac and the Oakland County areas some helpful putting hints next Tuesday when she comes to Pontiac Country Club as one of four professional instructors in The Pontiac Press golf clinic.

Kuenn's Throw Saves Indians; Bosox End Slump

Estrada, Perry Hurl Win

By The Associated Press

Pitching is getting to be a young man's game in the American League. And if you need a convincer take a squint at the Baltimore Orioles and Cleveland Indians, running 1-2 in the pennant chase.

Chuck Estrada, 22, a right-handed rookie, allowed only five hits for a 3-2 victory over 40-year-old Early Wynn at Chicago Wednesday that gave the Orioles a sweep of the two-game series. It was Steve Barber, a 21-year-old southpaw rookie, who plunked the White Sox out of first place with a seven-hit pitching.

And last night, Jim Perry, an old hand at 24, pitched an 11-inning shutout for Cleveland as the Indians defeated Washington 1-0 and stayed within a half-game of Baltimore.

DETROIT (U-P) — The Detroit Tigers won their fourth game, three games out of the lead.

Yesterday's win — put together by Lary's eight-hit pitching and the hitting of Frank Bolling, Red Wilson and Charlie Maxwell — was their 10th in fourteen games. The newest winning streak stands at four.

The Tigers stalked Lary to an early lead, scoring four times in the first inning off Ralph Terry.

Wilson knocked in two runs with a double and Bolling batted home two more with a single.

Bolling kayaked Terry with an other two-run double in the third and Maxwell hit a two-bagger, good for two runs, off John Gahler in the sixth.

Lary himself drove in a run in the seventh with a double.

Roger Maris hit a pair of base-empty home runs to account for two of the Yankees' three runs.

The victory, Lary's fourth in seven decisions, was his 22nd in 29 lifetime verdicts with the Yankees. No other pitcher in baseball has such an outstanding mark against the Yanks.

DETROIT (U-P) — The Detroit Tigers never cease to amaze their manager, Jimmie Dykes.

They are a team capable of winning five or 10 in a row, or losing five or 10 in a row, at the drop of a fly ball.

When they were struggling along, so helplessly in the east, they lost two games to New York in Yankee Stadium, yesterday, on their home grounds, they completed a two-game sweep over the same club.

Frank Lary, a Yankee killer from way back, was the winner of the 9-3 contest.

Dykes admits that all of this has been a bit frustrating, if not educational.

"You just can't figure things, because you're dealing with human beings," said Dykes.

ton finally junked its losing slump at 10 games, defeating Kansas City 5-3.

Estrada (3-1), who was in Class C ball three years ago and had a 14-6 record in Triple-A at Vancouver last season, walked four out of the five in the ninth when pinch-hitter Bob Boyd singled and came around on Estrada's sacrifice and Clint Courtney's pinch single.

Sherrn Lollar drove in both White Sox runs, tying it 1-1 in the fourth with a double and deadlocking it at 2-2 in the seventh with a home run. Wynn (2-2), beaten by Baltimore in only five of 24 career decisions, gave up 10 hits and struck out eight as the three-place Sox lost their

fourth straight and fell 1½ games behind.

Tito Francona's two-out single broke up Perry's shutout duel with right-hander Bill Fischer (0-1), who had a four-hitter until the 11th. Then Jim Piersall and ex-Nat Ken Agnew singled ahead of Francona's clincher.

This was Fischer's first start after working only 14 1/3 innings this season in five relief performances.

Perry (3-2) allowed eight hits, walked two and struck out eight. He was touched for three singles in the 10th, but got out of that jam when Jose Valdiviazo was nailed at the plate by Harvey Kuenn's peg from right. It was the third 11-inning shutout job of the season in the majors, all by the AL, and the second against the Senators.

Don Buddin's second double

Long-Hitting 'Bev' Adds Clinic Appeal

By BILL CORNWELL

There isn't a golfer living who doesn't like to belt a long tee shot and few players on the women's professional tour represent power more than Beverly Hanson.

With the exception of Mickey Wright, it is doubtful that any feminine tourist socks 'em harder off the tee than Miss Hanson, who will stop at Pontiac Country Club next Tuesday as a guest instructor in The Pontiac Press golf clinic.

Women golfers in Pontiac and the Oakland County area who want to hit sound tee shots but can't do so with any consistency should be rewarded handsomely by attending the Press school and watching "Bev" in action.

"Bev" must be regarded as one of the nation's best female pros today. Her record speaks for itself.

She topped all professional rivals in money winnings in 1958 with \$12,639.55 and last year, oddly enough, her earnings went up to \$14,000, yet she dropped to 4th place in the cash list.

In 1955 she won the coveted Vare Trophy by averaging 74.92 strokes per round for 24 rounds. She won three tournaments last year and finished 2nd in three others.

Born in Fargo, N.D., and now living in Indio, Calif., Hanson turned pro in 1951 and has been a consistent threat on the tourney trail.

Hanson and Joyce Ziske will form the feminine appeal in the Press clinic and local pros Al Watrous of Oakland Hills and Pontiac's Gene Bone, head man at Warwick Hills, will spice things up for male players.

Thomas Swings, Jets Lose, 3-2

Terry's Two-Run Blow in 7th Nets Class A Victory for Knights

A two-run single by Terry Thomas in the bottom of the 7th inning gave the Knights of Columbus a 3-2 triumph over the Jets yesterday at Wanser Field.

Two men were out when Thomas cracked his game-winning safety to pin a heart-breaking defeat on Jet pitcher John York and net victory for K.C. hurler Marv Caswell.

Thomas' blow clinched a three-run rally in the 7th stanza. Willness led York's downfall as he walked the first two batters and an inflamed error further aided the K.C. cause.

The Jets scored their two runs in the 1st inning and clung to a 2-0 lead until the fatal 7th.

Thomas accounted for two of the four fatalities off York, who fanned eight and walked six. Caswell also limited the Jets to four hits while fanning five and walking two.

Jets' 1-2-3: 1-0-0 0-0-0 0-0-0 York and Estes; Caswell and Berg.

Merchants Nip Silo Team, 3-2

A three-run uprising in the 5th inning was enough to give the Pontiac Merchants a 3-2 triumph over the Silo in American division City League softball action Wednesday night at Beaudette Park.

Jerry Thomas of the Merchants and Roger Voorheis of the Silo Club locked horns in a fine mound battle with Thomas allowing three hits and Voorheis six. Smith's club tallied twice in the 1st inning and the margin looked good on the Merchant spree in the 5th.

Norm Hovis and Floyd Hicks combined for a one-hit mound job as the Silo trounced Dave's Beeshagen, 7-1, in another American loop game at Beaudette. Hovis was the starting and winning pitcher.

A pair of International League games took place at Northside in the 10:45 Track Championship at Villanova, Pa., Friday and Saturday.

The MSU team will include pole vaulter Mike Kishan, Willie Atkinson in the 40-meter hurdle and the 440-yard dash, and Billy Reynolds and Gerald Young in the three-mile run.

Drivers Tune-Up Cars After Final Workouts

INDIANAPOLIS (AP) — Top-ranking drivers in Mondays 500-mile auto race tuned their engines Wednesday at speeds around 140 miles an hour in the final workout permitted before the Memorial Day grid.

Sensational Jim Hurtubise had to skip the session. Chief mechanic Danny Oakes tore down the car's engine after Hurtubise set a 10-mile qualifying record of 149.066 miles an hour last Sunday.

All parts that might conceivably be worn are being replaced. The 146-mile-an-hour carburetors run by defending champion Roger Ward, Jim Rathmann, Eddie Sachs and other strong contenders indicate they expect a record pace.

Rathmann set a record of 140.146 for the first 75 miles last year and Ward's record average for the full distance was 135.857.

A car driven by Len Sutton of Portland, Ore., one of the faster qualifiers, stalled on the back stretch in a tuneup run and it was feared he had burned a piston. Mechanics have plenty of time to replace it before the race.

Tony Bettenhausen's car was dropped unintentionally, with the right front wheel off, during a test run in the 500.

of air jacks, but there evidently was no damage. Don Branson of Champaign, Ill., was handling the car for Tony, who was busy on his big farm at Tingley Park, Ill.

Most of the cars this year are equipped with the built-in air jacks to speed up pit stops. Crews practicing Wednesday were replacing tires in less than 25 seconds.

The 33 starters in Monday's 44th "500" have survived literally scores of frightful wrecks.

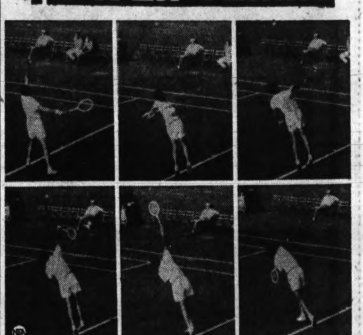

A broken axle piled up Ward in the 1955 Indianapolis race, triggering the crash that killed two-time winner Bill Vukovich.

Tony Bettenhausen of Tingley Park, Ill., two-time national champion who is starting for the 14th time Monday, figures he had been upside down in a race car 25 times. He was badly injured in a midjet car wreck at Chicago in 1954 and suffered a broken shoulder in the '56 Memorial Day race.

Al Herman of Allentown, Pa., starting his fifth 500, also survived severe burns at Milwaukee in 1953 after winning "rookie of the year" honors for a seventh place finish here.

O'Connor was the last driver killed in the 500.

Pancho Gonzales' POWER TENNIS

PANCHO GONZALES SERVE

By PANCHO GONZALES

The service requires more coordination than any other part of tennis, plus the proverbial strong back.

Mervyn Beasley, the veteran coach, always counsels that the basic stroke is like striking a nail with a hammer. That's for the beginner. To get the proper grip, hold the racket by the throat in your left hand, directly in front of you. Fasten the fingers of your right hand on top of the handle. You're doing the Continental.

To put something into the delivery is where you need the pliable, agile back.

Stand behind the base line with the left foot perpendicular to the right. The feet should be well apart and evenly distributed. Swing back on the right foot, shifting all the weight.

You have more time to storm. Throw the ball two or three feet net.

Houtteman Talks at Our Lady Fete for Sport Teams

Former Major League pitcher Art Houtteman was the guest speaker last night at a banquet honoring athletes at Our Lady of the Lakes school.

The Rev. Frederick J. Delaney, pastor, and coach Tom Spriggs presented awards to 49 boys for football, basketball and baseball.

Ex-St. Michael coach Bob Mine-winner was among the guests. Over 125 youngsters attended the affair sponsored by the Dad's Club.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

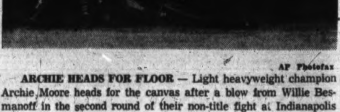

PATIENT'S COMPLAINT: "I can't play in high wind. DIAGNOSIS: A problem in psychology. TREATMENT: It is undeniably harder to score well in golf when the wind is blowing hard than when it is calm. It's not as hard, however, as many players think it is.

Most of the trouble comes on shots played into the wind. The strong tendency in this situation is to try to hit the ball extra hard—and this is exactly where most players go wrong.

What you must do to recognize the tendency to overwind when the wind is blowing against you, and overcome this tendency. Use your normal swing regardless of the wind conditions. Don't let the wind tempt you to try to kill the ball.

Another thing, don't go to a lot of trouble to try to keep your shots low into the wind. Just try to hit the ball solidly. A ball hit solidly at medium height will go a lot better than a ball hit low but off center.

ARCHIE HEADS FOR FLOOR — Light heavyweight champion Archie Moore heads for the canvas after a blow from Willie Beamanoff in the second round of their non-title fight at Indianapolis last night. Moore came off the floor to win a 10th round TKO.

Washington State University will drop boxing from its athletic program June 3, the end of the school year. Wisconsin dropped the sport recently.

THE MOST-WANTED

Graduation Gift

hoshō Tape Recorder

A thoughtful—and practical—graduation gift... a valuable companion for years to come.

ONLY \$99.95

Including accessories: * Electronic remote control * Monitor earphone * Clip-on microphone * Patch cord * Reel-to-reel stand * Extra reel

TOP QUALITY—It's superior in quality to machines costing much more.

VERSATILE—Take it anywhere... it weighs just 18 lbs! Records voices, music up to 2 hours on single tape reel. Superb hi-fi playback.

AN AID TO FUTURE STUDIES: For study outlines... music, speech and drama classes... foreign language study... lectures... laboratory sessions... important current events.

By CHUCK ABRAH

Congratulations have been making the rounds in recent days with Pontiac Central taking state track honors, Northern capturing inter-Lakes baseball championship and Walled Lake winning The Press golf crown. For the Chiefs, it was a happy climax to a frustrating season made up of losses by the slimmest of margins. Bill Pritchett stole the show by recovering from a sore arm in time to set a new shot record.

PNH is finishing a very successful first year in the I-L with two title trophies tucked away. Bruce Norton and Steve Thompson had a hand in winning both the hoop and baseball crowns.

Walled Lake's veteran golfers broke Birmingham Seaborn's dominance of the Press meet giving the Vikings their first championship since football season.

Seaborn and Cranbrook have been in the state tennis finals coming up June 3 at Kalamazoo. Cranbrook is also having one of its top baseball seasons under the direction of Fred "Squeeze Play" Campbell.

Orionville has selected Ed Tallman to take over football next fall. The Hillside grad will switch from Vermontville High. Oxford still debating about its spot. An area parochial coach may be changing jobs.

Retiring Seaborn swim skipper Jay Myers has turned down fabulous offer to coach Turkish Naval Academy in Istanbul. Al Van Wel has been named head grid man at Alpena and Jim Fowler will move up from assistant to boss football at Petoskey.

SKIPPING AROUND
Dave Theobald of Bloomfield Hills is in his second year on the Athletic Assn. of Western Universities side before the session.

4 Wins in 6 Races

DETROIT—Jockey Ronni Baldwin galloped to four victories and a second in six races at Detroit race course yesterday.

He finished out of the money in the third race with only the second race.

Trusty Polly, the fourth on Light Command, the fifth on Marless and the sixth on Caden.

The jockey took second in the eighth race with Seven Knots. He finished out of the money in the third race with only the second race.

25 Nominated at DRC

DETROIT—Twenty-five horses have been nominated for the \$15,000 greatest stakes on Monday at the Detroit Race Course.

The six-furlong sprint for three-year-olds and upwards was named

after a former Michigan mile winner. A field of 12 is likely for the event, the eighth and feature race of Monday's nine-race program.

The Chicago Cubs haven't finished in the National League's first division since 1946.

Lone American in British Quarterfinals

On McCormick Victory; Howard Socks 550-Foot Homer

Giants Ahead by 1 Game

By The Associated Press
There was nothing wrong with
the San Francisco Giants that two
games with the Philadelphia Phil-
lies haven't cured.

They went into Philadelphia in
the second place. Sam Jones, their

right-handed ace, was winless on
the road. Southpaw Mike McCor-
mick had lost two in a row after
winning his first five. And the
hitters couldn't match the runs given
up by a suddenly wobbly pitching
staff.

But in those two games Jones

shutout that put the Giants back
in the National League lead.
Wednesday night the Giants made
a two in a row behind McCor-
mick's five-hitter, winning 5-1 in
a game cut to eight innings by

rain and picking up a one-game
lead over second-place Pittsburgh.
Los Angeles swept a three-game
series against the second place
Pirates with a 5-1 decision on
three home runs — one a 500-
foot wallop by rookie Frank How-

Cochran Beats Irish Amateur Champ, 6 and 4

47-Year-Old St. Louis
Golfer Carries U. S.
Hopes in Tourney

PORTTRUSH, Northern Ireland
— Bob Cochran, 47-year-old busi-
nessman from St. Louis, defeated
John Duncan, Irish Open amateur
champion, 6 and 4 today winning
his way into the quarter finals of
the British Amateur Golf Cham-
pionship.

The cards:
Cochran out
435 435 444 — 35
Duncan out:
435 444 444 — 38
Cochran in:
435 43
Duncan in:
435 54

The American, playing immacu-
late golf, took only eleven putts
on the outgoing nine and shattered
the 38-year-old Irishman with a
four-under-par 32 for those nine
holes.

Cochran, lone American remain-
ing, turned on the pressure this
morning at the 510-yard second
hole. The graying St. Louis golfer
landed his 4-wood approach 15 feet
from the hole and sank the putt
for an eagle three. He followed
that with a birdie two at the short
third, where he potted one from
six feet to go two up.

The match ended on the 14th
when Duncan was to the right and
in the rough from the tee and took
two putts for a four. Cochran was
down in a par three.

In the fifth round yesterday he
trounced a 5 and 4 victory over
Ian Menzies of Ireland.

Ralph Morrow of Oklahoma City,
Okla., who upset former champion
Red Jack of Scotland, 5 and 4, in
the third round, lost his touch
after lunch and bowed to John
McEvel of Ireland, 1-up.

Four other Yanks, including
highly-touted Tim Holland of
Rockville Centre, N.Y., suc-
cumbed in the third round as a
heavy rain, driven by hot
gusts up to 90 miles an hour,
blew across the Royal Portrush
course.

Cochran, although complaining
that "two 47-year-old bones
are stiffening up like bell," was
equally impressive in the morning
round as he routed B. R. Pitchford
of England, 5 and 4.

The elimination of five of the
six surviving Yanks today virtu-
ally completed the fastest annihi-
lation of the U.S. invaders since
World War II. And it left Cochran
to carry on alone in this tourna-
ment, in which an American has
failed to reach the final only twice
in the past 14 years.

Bat-Throwing Causes Forfeit at Waterford

A thrower-but-forfeited in a
forfeit last night in Waterford
League softball activity at Dry-
ton Plains.

Rod's Sunoco held a 3-0 lead
over Dryton Drug after four
innings behind Wayne Janes, shut-
out hurling when a Dryton
player angrily tossed his bat. He
was promptly ejected from the
game and since the Drytons had
no replacement on the bench, a
forfeit victory was awarded to
Sunoco.

Dale Ryan had clouted a double
and an inside-the-park homer for
Sunoco in the Class B game prior
to the bat-throwing incident.

In Class C play on the Dryton
diamond, Bob Almas pitched
one-hit ball as Hobbs defeated
the Eagles, 7-2. Almas had a no-
hitter until the 7th inning. Hobbs's
climbed victory in the 4th with
four runs and Don Vachon led
the winner's attack by making
two hits and scoring twice.

Top Table Tennis Stars Here Friday

Highly Ranked National Aces in Invitational

PTTA Holds Tourney Tomorrow at Webster School at 8:00 P.M.

The top names in local, state and national table tennis ranks will gather Friday night at Webster school for the Pontiac Invitational Table Tennis Tournament.

The tournament, co-sponsored by the Pontiac Table Tennis Association and the Michigan Table Tennis Association, will feature eight highly ranked men's singles players and five women in singles competition.

Bob Guskoff, 1959 men's national singles and doubles champion from New York, will head the list of entries along with Ervin Kile of Los Angeles who was the U.S. champion in 1956 when he was 18 years old.

Sol Schiff, rated number three among U.S. singles players and winner of 29 national titles, will also be among the top contenders.

Two of Michigan's top players, Chuck Burns of Detroit and Ed Brennan of Dearborn, ranked 6th and 7th respectively, along with local star Glenn Whitcroft and Jerry Krukis and Bob Stage of Grand Rapids will complete the singles list of entries.

Whitcroft is former Michigan champion and Krukis is the recent winner of the city championship.

In women's ranks, Carol Ryan, outstanding local star from Bloomfield Hills, and four time state champion will head the list in competition against Barbara and Donna Chalmers of Washington, D.C.

Barbara is national and Canadian junior champion and Canadian Open Champ and at 15 years of age she is currently ranked third in the United States.

Roseville took the Tri-County while Orchard Lake St. Mary finished second in the Catholic League in Wednesday track meets.

St. Frederick went after Catholic golf honors at Rackham Golf Club today following a one-stroke turnup victory yesterday.

Roseville won five events and tied with runnerup Rochester for another in compiling 70 1/2 points. The host Falcons had 83 1/2, L'Anse Creuse 37 1/2, Lapeer 12 1/2 and Romeo 8. Rochester and L'Anse Creuse each had three first and Lapeer one.

Top individual was Howard Taylor of Roseville with 16 1/2 points. Joe McDaniel had 10 1/2 and Bill Lovelace 6 1/2 for Rochester.

Nine league records were set featured by Taylor's 220 and a 52-6

shot put by Barry Wickstrom of Lapeer.

Ol. St. Mary beat out 20 other schools but was far behind recent champion DeLaSalle with 24 1/5 points to 61 7/10.

The Eagles made their best showing in the low hurdles with Rosewitz second and Krol 3rd. Glen Hass ranked No. 3 in the 100-yard dash as did the 880 relay team.

The St. Fred golfers, Suburban League and regional champs, nipped Clarkston 162-163 yesterday at Clarkston Golf Club paced by Charlie Dean's 36 and a 39 by Pat Secoy. Jim Ginter of the losers matched par with 35 and Dan Allhouse had 38.

U. of Detroit High and Dearborn Sacred Heart will meet the

Rams today to settle provincial honors.

Cranbrook won its 13th baseball game Wednesday beating Birmingham Seaholm 6-2. Freshman Dick Mosher hurled the triumph with relief help. Dave Schultz had three singles and George Martin slammed a double and a single for five of the six hits off lower Bob Becker. George Forrest had two of six singles for the Maples.

The Crane netters also won, downing Ferndale 5-2. They now own a 5-9 record.

Coast Guard Auxiliary to Hold Examinations

Motorboat examinations, conducted through the courtesy of the Coast Guard Auxiliary, will be held Sunday, June 5th from 9:00 a.m. to 4:00 p.m. at Slaybaugh's Marina on Dixie Highway.

Free use of the launching ramp has been arranged for those having their boats checked.

The Coast Guard Auxiliary will have several inspectors on hand and the boats which fulfill the requirements will receive a safe boat decal.

The requirements of the Coast Guard Auxiliary include:

1. Registration papers must be aboard. (This is the card received from the Secretary of State which must be in the owners possession during the inspection.)
2. Registration numbers must be visible on the boat. (The numbers must be three inches high and contrasting color to the boat.)
3. Fire extinguisher.
4. Paddle or boat hook.
5. First Aid kit.
6. One life preserver for each person on board.
7. Bailing device or bilge pump.
8. Running lights (red and green 10 point lights) and 30 point white stern light.
9. Anchor and line.
10. Horn or whistle.
11. Emergency flare.
12. Minor tools.

The boats will be inspected in order of arrival at the marina. Each boat will be inspected afloat and consideration is given to the seaworthiness, and cleanliness of the boat.

tired of your Gas Gulper?

Electric Starting

The Golden Shark will plane a runabout at speeds of 42 mph and will pull up to three skiers easily. Yet, it runs an hour at full throttle on four gallons of fuel. Built-in fuel economizer lowers fuel consumption to three gallons per hour at cruising speed. In fact, you can run a pair of Golden Sharks on the fuel a single "big" motor requires. A one year warranty is given on all West Bend motors.

PAIR OF LAUNCHINGS—Boat clubs and boatmen were getting their motorboats, sailboats, rowboats and commodores into the water during the past week. In the above photo, Glenn Fries Jr. and Mr. and Mrs. Chuck Morris, members of the Watkins Lake Yachting Assn. launched their sailboat last Sunday afternoon. Meanwhile at the Oakland County Boat Club, it was the annual day for the breakfast and the "launching" of the Commodore. John V. Pemberton, newly elected Commodore of the OCBC had a hearty breakfast and then went into the cool Sylvan Lake water for his dunking around noon. It officially opened the season for the Oakland County Boat Club.

Bulky Moore Clubs Will Into Submission in 10th

INDIANAPOLIS (AP)—Old Archie Moore (43) still has the punch, but the paunch must go before he defends his light-heavyweight title against Erich Schoppner of Germany next July 18.

Moore, carrying a billowy 265-pound, Wednesday night scored technical knockout over a blood-spitting Willie Besmanoff of Milwaukee in a nationally televised heavyweight bout in the Indiana State Fairgrounds, Coliseum.

The 175-pound king from San Diego, Calif., was dropped to one knee by a right-hand blast from Besmanoff in the second round which apparently served to knock

off the ring rust accumulated in ancient Archie's nine months of idleness. Moore went to work, dropped Besmanoff for a mandatory eight-count in the fifth and then really wrecked the plucky German with a right "arched at 90 degrees" which caught Besmanoff flush on the back and decked him near the end of the ninth.

Besmanoff's nose was bleeding, profusely over everybody in the ring in the 10th round, and Referee Frank Gilmer, chairman of the Illinois State Athletic Commission, called it quits at 1-32.

Promoter Jack Fugazy of New York disclosed after the bout that Moore would defend his 175-pound crown against Schoppner on July 18, a Monday night. The site, he said, would be announced within a few days.

New \$150,000 Marina at Metropolitan Beach

The newly completed \$150,000 marina at Metropolitan Beach can accommodate up to 70 lake cruisers. It features electrical and running water outlets at 60 of the boat wells. The wells will rent for 25 cents an hour with utilities and 10 cents an hour for non-utility spaces. An innovation at this facility will be the use of parking meters to collect rental fees.

Holly Pair Started in 1955

By BRUNO L. KEARNS
Sports Editor, Pontiac Press
Canoeing was just a passing pastime for the Widings brothers of Holly until they watched their first marathon race from Grayling to Oscoda in 1954.

That race was enough to influence Al and Leroy Widings that they should take part in the marathon the following year. They bought a 16 foot canoe and in the 1955 race, their first competitive entry, the boat had gone only 20 miles when it hit a snag and was punctured.

They continued for another 80 miles before dropping out of the race with 140 miles to go. That was it for 1955.

The next year, the Widings bought another boat, this time an 18 footer. They took part in several races without winning any, and it wasn't until the International championship on the Rifle river in 1958 that they finally won their first race.

—This still is the biggest they've ever won. They won the Ladington race the same year and finished third in the Grayling-Oscoda marathon.

Since then, there have been numerous victories, and in 1959 they were ranked third in the Michigan Canoe Racing Association. Currently, they hold the number one spot in Michigan, having won three of five races to date.

There are four Widings brothers. Al, the oldest, is 35 and his canoe mate Leroy is 30. Pat, 24, also races but his partner is not Henry, 27, but Ron, 26, of Flint.

Only once have the two pair of brothers raced against each other. That was couple years ago in Bay City when Al and Leroy finished 4th and Pat and Henry took 7th. Henry, however, works the night shift and cannot devote his time to racing.

The most hectic race for the Widings took place in British Columbia last year. The 140 mile run had seven sets of rapids and one set was seven miles long. More than one-third of the entries tipped over and it was another Michigan pair, Ralph Sawyer and Jerry Wagner of Oscoda who won with the Widings taking second.

This year they plan on entering 17 races, including three Canadian races and the one they want to win is the Grayling-Oscoda marathon, the race which started their interest in canoeing.

Four-Run Rally in 6th Brings PBI 8-5 Win

A four-run uprising in the bottom of the 6th inning brought Pontiac Business Institute an 8-5 decision over Talbot Lumber yesterday in a Class B City League baseball game at Joyce Park.

Duane Schell made two of PBI's eight safeties and Bob Garrett was the winning pitcher in relief of Jerry Pointer. Del Norman, who relieved Dick Deschaine in the 5th stanza, was tagged with the defeat. Frank Johnson had two of Talbot's four safeties.

Eight men batted in the big 6th inning, whether made singles by Jerry Hill and Al Levy plus a walk and three errors.

Talbot meets Grifl today at 5:30 p.m. on the Joyce diamond and PBI faces Don Nicholich tomorrow at the same time and place.

Area Stars Play Canada Olympic Cagers at Troy

Several area basketball players will make up an All-Star aggregation which will meet the Canadian Olympic team in the opener of a 12-game tour at the Troy High gym tonight at 8.

John Meadows of Royal Oak, Dondero, Ferndale's Dennis Stinson, Merv Gallup and Jon Srodl, star of Birmingham Seshom, Bud Acton of Troy, Dave Richey of Royal Oak and Michigan State, Austin star Walt Connolly, Don Petroff of East Detroit and Michigan, Ron Schram, Grose Pointe, Mike Halstead, Edsel Ford, Tom Eveland, Bentley and "M" 69 Wayne prospect Tarpon Leland, Dick Meredith of Dearborn, Adrian's Ron Schulte and U. of Detroit trio Frank Chickowski, Neil Kelly and Dick Dylis will oppose the Canadians.

Veteran American coach Elmer Ripley bosses the Olympians. City's Sach is the All-Star skipper. Proceeds from the game will go to the Troy Baseball Boosters and the Canadian Olympic fund.

Beginner's Rules for Adults and Kids

Youngsters like to run a boat alone, but when is it safe to let them?

First the child must learn the basic rules of good boating and good judgment—then you can decide.

Surveys show children often receive more careful training in seamanship than older boatmen who start as adults. As a result, they are frequently better sailors and have fewer accidents, though they often show weakness in applying common sense.

Young or old, the new boatman should not be frightened by the

water, but should keep a healthy respect for it.

Learning to swim is the first step for children. This can help them overcome any special fears. Until a child reaches school age at least, however, he should wear a life jacket when out in a boat—even if he is a good swimmer. While moving around on deck, a youngster could slip and fall overboard.

For adult guests who hesitate to wear a life jacket, there are now available small clip-on packages which inflate when they are squeezed and expand into sturdy flotation bags.

The child should learn to keep his weight low in the boat. Standing and moving can unbalance a hull and cause it to tip.

Most children start by handling small boats. These are especially likely to tip over. By always stepping down to the center of the boat

and staying seated amidships while it is under way, the young skipper learns an important lesson.

Once you entrust a boat to a youngster, keep an eye on him.

Most accidents are caused when boatmen, fully grown and presumably smart, go off by themselves and manage to fall overboard when no one is around.

Does the child open up the outboard engine? Explain that speed causes waves which can capsize a fisherman at anchor, or cause even big boats to roll and break apart.

A boatman is legally responsible for his wake and the damage it might cause. Slow speeds in crowded harbors and reasonable speeds beyond require the kind of self-control it takes longest to develop. By going slowly at first, you let your child learn how to approach a dock without banging into it—boats have no brakes—and how to maneuver in tight quarters without collisions.

Tawas City Canoers Stroke to Victory

LANSING UP—A Tawas City team of Steve Kolonich and Larry Kindall won the Jackson to Lansing canoe race down the Grand River last weekend. They stroked the approximate 85 mile distance in eight hours and 50 minutes.

Leroy and Albert Widings of Holly placed second, about 15 minutes behind the winners. Norman Brown and Dick Whitney of Greenville were third in the first running of what is hoped to be an annual event. Bad weather held the entry list to 14.

Other finishers included: fourth, Gary Kolonich and Ed Wojan of Tawas City, fifth, Ron Frosh and Pat Widings of Flint, sixth, Buland Batdorf and Gerald Randolph of Stockbridge, seventh, Bob Gillings of Lansing and Don Gillings of Flint, eighth, Jack Taylor and Don Smoky of Flint, ninth, Dick Wright and Nelson Jachalich of Diamond.

No State Session on Income Tax Plan

LANSING (AP)—Gov. Williams says he has no plans to call a special legislative session on the Detroit income tax plan.

Fourteen state lawmakers yesterday urged the governor to call on the Legislature in Lansing to outlay application of the proposed one per cent levy on persons who work in the Motor City but don't live there.

Williams was reached by telephone in New York where he was to give a political speech.

"I have no present intention of calling a special session of the Legislature before the general election in November," he said.

Toll in Chile Near 3,000; Nature Still on Rampage

By THOMAS J. STONE

SANTIAGO, Chile (AP)—No respite appeared in sight today for southern Chile, wrecked by five days of continuing earthquakes, tidal waves, avalanches and volcanic eruptions.

The official death toll so far

was 2,829 dead or missing, 2 million—fourth of the nation's population—homeless and 300 million dollars property damage. And the count was mounting steadily.

The U.S. Air Force joined in flying relief through the smoke billowing from volcanoes.

"There are countless communities still cut off and the upheavals of nature continuing, officials could not even predict the final toll. Low-flying clouds and rain hampered aerial rescue operations. Smoke and ash from volcanoes hung over much of the southern part of the mountainous land.

The Interior Ministry listed the known dead at 1,766 and 1,123 missing and presumed dead.

The face of the country itself was altered by the disturbances which began Saturday. Three new earth tremors were reported Wednesday. Tidal waves up to 15 feet high still pounded along 750 miles of the southern coast. Many islands along the coast could not be reached for word of their inhabitants.

In Quin Province the earth's surface dropped as much as 1,000 feet over a 25-mile stretch. Two new lakes formed in the Andes.

Driver Is Killed in Kensington

Northville Passenger of South Lyon Victim, 22, on Critical List

A drive through Kensington Park near Milford ended in death yesterday for Manuel Clair, 22, of 420 W. Liberty St., South Lyon. His woman passenger was critically injured when Clair's convertible missed a curve, rolled over and plunged into an embankment.

Clair was pronounced dead at the scene. His companion, Pauline Gross, 22, of 344 First St., Northville, was taken to Pontiac General Hospital with head injuries.

She remained on the critical list today.

There were no witnesses to the crash which occurred at about 7 p.m. on Park Route 3 between the Springfield picnic area and Orchard Lodge. Kensington Park police on patrol discovered the accident.

They said the driver evidently was traveling too fast downhill to negotiate a curve in the road. Both victims were thrown from the car.

Hearing Tonight for Herrington Teacher

A group of parents will attend a special appeal hearing at the Board of Education meeting tonight in protest of the firing of a Herrington School fourth grade teacher.

A petition bearing signatures representing 23 families already has been submitted in behalf of Mrs. Isa Vogel.

The Board of Education has notified her that her contract will not be renewed.

A letter she received from Asst. Supt. Dr. Philip J. Proud stated, "It was determined that your work has not been satisfactory."

Your services will be discontinued at the close of the year," the letter stated.

Complaint was brought against Mrs. Vogel by Herrington Principal Mrs. Effie Mitchell.

The teacher is charged with two counts, as stated in a letter by Dr. Walter Godsell, Board secretary:

"Mrs. Vogel has not demonstrated the level of confidence of a tenure teacher in using good judgment in dealing with children or parents."

"Mrs. Vogel has not demonstrated the level of competence required of a tenure teacher in accepting professional assistance."

Beginning teachers in the Pontiac school system are placed on probationary status for two years. At the end of two years, as is the case with Mrs. Vogel, the teacher can be dismissed, placed on a third year of probation or achieve tenure.

Mrs. Vogel has demanded her right, under the State Tenure Act, for an appeal hearing, which will be held in open meeting at 9 p.m. today. The Board will open its regular meeting at the Willis School at 7:30 p.m.

A teacher for 15 years before coming to Pontiac, Mrs. Vogel says she doesn't understand the charges brought against her.

Proud said a bill of particulars supporting the Board's action for dismissal will be aired at tonight's meeting.

"The incidents or personalities involved have never been told to me," said Mrs. Vogel. "I don't know what I am supposed to have done."

Without knowing the specific incidents, Mrs. Vogel said she has been told that the nature of the bill of particulars concerns "poor discipline of children, teacher judgment, arriving late and leaving early at PTA meetings, avoid-

Drunk Driving Major Factor

County Takes 75 Drivers Off Road

The driver's licenses of 75 more Oakland County residents have been suspended or revoked, according to the Michigan secretary of state's office.

Ordered to furnish proof of financial responsibility due to one or more drunk driving convictions were:

- Albert B. Dittels, 818 Orchard Lake Rd., Farmington Hills.
- Robert L. Atkins, 254 Walnut St., Farmington Hills.
- Hugh Hutchinson, 11 Virginia Ave., Farmington Hills.
- Donald L. Michon, 484 W. Goshen St., Farmington Hills.
- Waterford Township, 4411 Hamlet Rd., Farmington Hills.
- Robert P. Knight, 248 Minnesota St., Farmington Hills.
- James O. Duffley, 10018 Robert Ct., Farmington Hills.
- David R. Macadam, 342 1/2 Northlawn Rd., Farmington Hills.
- Donald E. Miller, 484 W. Goshen St., Farmington Hills.
- Harold P. Oster, 116 Walsted Lake Ct., Farmington Hills.
- Michael A. Mack, 438 E. Hackley Ave., Farmington Hills.
- Madison Heights, 3015 Silaswood Rd., Farmington Hills.
- William Taylor, 5106 Prithian St., Farmington Hills.
- William W. Valdez, 1800 Rochester Rd., Rochester.

Losing the right to drive because of unsatisfactory driving records were:

- Albert P. Boushland, 48 E. St. Clair St., Farmington Hills.
- James P. Perry, 60 State St., Farmington Hills.
- Jack D. Dunbar, 47 N. Adams St., Farmington Hills.
- John J. Manick, 615 Orchard Lake Rd., Farmington Hills.
- Joseph P. Northey, 1580 W. 10th St., Farmington Hills.
- Joseph H. Mills, 1433 Oakwood Rd., Farmington Hills.
- Paul E. Allen, 2515 Benton St., Wixom.
- Robert L. Anderson Jr., 478 Albany St., Farmington Hills.
- Burney Spade, 432 Alberta St., Farmington Hills.

No Coffee for Hiking Dr. Moore

HAYS, Kan. (UPI) — Dr. Barbara Moore walked briskly past the highway mark in her cross-country hike from California to New York Wednesday and declined a breakfast invitation with the Hays Chamber of Commerce because "coffee is a drug."

Taking big strides and swinging her arms freely, Dr. Moore reached Yocemento, a ghost town near here, which she considered the halfway mark in her 1,300-mile stroll, about five hours after she started this morning.

"I thanked God for reaching Yocemento," she said. "This gives me a big psychological lift and it will be easier from now on."

Douglas MacLaury, chamber of commerce manager, drove out to meet Dr. Moore on U.S. 40 and extended her an invitation at the chamber's regular Wednesday morning "coffee."

"Coffee is a drug," she said. "Sorry, but I'm running late."

MacLaury had to walk along with the 56-year-old English vegetarian to extend the invitation. After declining, she dismissed MacLaury curtly.

"Please stop walking with me," she said. "You're too slow and you're holding me up."

Plan Industrial Area Near Capital City

LANSING 48 — A Greater Lansing industrial park will be established one mile west of Capital City Airport, it was revealed today.

The N. A. Fedewa Co. reported a 306-acre farm in Clinton County has been sold to a development group for the project.

Price of the farm, located on U.S. 16, was reported to be about \$250,000.

Fedewa said development of the park would begin almost immediately. He was named by the owners to handle its management, building and leasing programs.

He reported several plant owners, including some from out of state, had expressed interest in relocating in the project.

The Chesapeake and Ohio Railroad is ready to lay two spur lines to the park and has agreed to spend several thousand dollars to promote it, Fedewa said.

She Needs a Lesson, She's Not Very Sharp

BALTIMORE 48 — At a barber shop, a woman met a supply salesman so she could buy a straight razor for one of her friends.

After the purchase, she asked the salesman in all sincerity: "Where do you get the blades for it?"

because of two drunk and disorderly convictions were Ralph H. Henry of 748 Cortwright St.; James G. Harrington of 1139 Myrtle St., Waterford Township; and Opal L. Hall of 54813 Shelby Rd., Rochester.

Others losing their licenses were Jerry C. McFarland of 245 S. Edith St.; John P. O'Brien of 376 W. Pearl St. and Leo K. Osborn of 2029 Kenney Ave., both of Hazel Park; and George E. Arnold of 20791 Randall St., Farmington, all for unsatisfactory driving records and failure to appear for re-examination.

Deadly Arrow Pilled From African Museum

CAPE TOWN, South Africa (AP)—A poisoned bushman arrow capable of causing death even from a scratch is missing from the South African Museum in Cape Town.

The case containing the bushman exhibit, including a figure holding the arrow, was opened Monday to enable it to be photographed. When the window was replaced, it was noticed the arrow had gone.

The arrow tip had been treated with a vegetable poison known to remain deadly for years. The museum appealed to the thief to return the arrow immediately.

Nature Takes a Hand but in Opposite Way

MORRIS, Conn. (U-P). Abraham Ribicoff was about to address a political meeting here one night.
 "The governor will enlighten us," said the broadcaster—and then a flash of lightning the lights went out.
 When the meeting resumed, Ribicoff quipped: "Once in a while, nature takes a hand in politics."

Mayor Views Show, Kicked About Laws

By EARL WILSON
 NEW YORK—Mayor Wagner came into the Latin Quarter the other morning while beautiful Sherry Britton of burlesque fame was doing a strip—a very polite strip—which gave Comedian Phil Foster a chance to twit the Mayor about law enforcement. The occasion was the Troupers' warm tribute to Joey Adams, pres. of AGVA. The Mayor praised Joey for fighting juvenile delinquency. "Look, Mr. Mayor," said Foster, "we like juvenile delinquency. Let it alone! Why don't you clear the streets so we can get our cars through? There's all this diggin'—they must be building down!" Comedian Corbett Monica added that N.Y.'s traffic's so bad, when he was walking and was offered a lift, he said, "No thanks, I'm in a hurry." (Sherry's strip-tease was so interesting that the Mayor, just sitting down, almost missed his chair.)

James Thurber was given the good luck medal of the Ohio State Society, which had also given such a medal to Wm. McKinley. "Was McKinley wearing his," Thurber asked "when he was shot?"
 Heard in Paris: "A journalist is a man who spends his life of his life writing about the things he doesn't know about and the other half not writing about the things he does know about."

Ex-airline stewardess Audrey Ballo of Jacksonville, Fla., and Beacon, N.Y., says: "While on a date struggling for my honor with a cab reporter, I suddenly realized the power of the press." ... J. Holiday wears asbestos britches in "Bells Are Ringing" because she does a scene where she bends over and her bustle catches fire. Will this become a new end trend?

"Dear Ol': You recently stated that Texan John Nance Garner introduced bourbon and branch water to Washington. SUH! I AM A KENTUCKIAN and assure you that NO Texan introduced good likker to Washington. My cousin, John Carlisle, made a practice of carrying and sharing Kentucky's best in Washington, just as Henry Clay did. I shudder to think of a Texan, Tennesseean, New Yorker or any other than a Kentuckian introducing bourbon because only in Kentucky is real bourbon made—Mary K. Zeak, Tucson, Ariz. P.S. The K is for Kalntuck."

THE MIDNIGHT EARL ...
 Ex-Governor Earl Long of La. passed notes to Tony Martin's pretty dance partner at the Copa ("To a gorgeous girl ..."), drank bourbon and Coke, lemonade, beer and Scotch, and called a reporter for a song, "It Had to Be You." ... Mrs. Alan King, wife of the comic, sends out these invitations: "The King and I cordially invite you."
 Gary Crosby will work alone, has Sammy Cahn and Jimmy Van Heusen putting together his act ... Yet Brynner'll make no more films in '60; he'll work for the U.N. Refugee Children's Committee.

Vivien Leigh told a N.Y. interviewer there'd be no divorce—just a day after she announced the bust-up.
 Ex-bonnie Billy Graham, now a liquor company representative, is driving a Rolls Royce ...
 EARL'S FEARS: A back fence gossip whispered to another: "Listen carefully, because I can tell this only once. I promised not to repeat it."
 WISH I'D SAID THAT: Someone described a penny-pinching Broadway character: "He quit drinking whisky when he discovered he couldn't get a deposit back on the bottle ... That's earl, brother."

State Police Reveal Command Changes

EAST LANSING — State Police have announced the appointment of new commanders for the New Buffalo and Jackson posts.

Sgt. Raymond H. McConnell has been transferred from command of

the New Buffalo post to command the Jackson post, succeeding Sgt. John Horvath, retired.

Cpl. Richard Graham has been promoted to sergeant and transferred from the East Lansing operations headquarters to command of the New Buffalo post.

More than 300 generals and admirals have offices in the Pentagon in Washington.

Wisconsin Considers State Park Sticker Fee

MADISON, Wis. (UPI) — Legislation that would require an annual sticker fee for use of Wisconsin state parks and forests received support from the administration, Conservation Department, legislators, and conservation groups yesterday.

There was no opposition to the

measure at a public hearing before the Senate conservation committee. It is certain to meet opposition in the assembly. The committee did not vote on the bill.

More than 43 million young Americans have come to voting age the past 20 years. The Census Bureau predicts the U.S. population may reach 300 million by the year 2000.

To Tag Bottlenecks on Memorial Day

LANSING — Three Highway Department traffic engineers will spend Memorial Day making an aerial check of possible highway bottlenecks.

The observers will fly over Mon-

roe, sections of Oakland County, the Saginaw-Bay City-Midland area, Standish and Mount Pleasant.

All Up in the Air

PONCA CITY, Okla. — Mike Payne, 11, has a unique hobby. He releases toy balloons with his name attached and waits for word of where they land. One went as far as Louisiana.

Year's Last Meeting Held by Cub Scout Pack

Cub Scout Pack 51, sponsored by the Donelson School, held its final meeting of the school year last night.

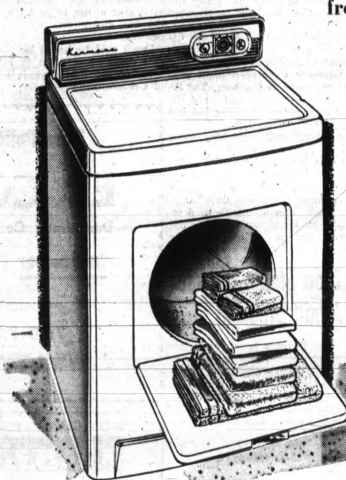

Webelos badges were presented to John Spence, Jack Lindstrom, David Cousey, Wayne Addison, Raymond Pickrell, and Gene Shaw.
