Bit of Summer Brings Death to 18 in Michigan

Drownings Kill Nine; Nine Others Perish on Roads During Weekend

By The Associated Press
Summer-like weather lured thousands into Michigan's outdoors during the weekend. Eighteen of them will never go home again. Strange accidents brought nine drowning fatalities. The same number died in traffic.

The drowning toll was the highest of the year. Highway deaths were down from the previous weekend's 17.

Three of the drowning victims were young boys. Another was a mother of three children who lost her life in a freak accident.

Mrs. Nancy Herro, 28, of Escanaba, drowned Sunday when a cloudburst undermined the foundations of a cottage she was in and toppled it into a rain-filled ravine near Sault Ste. Marie. She was trapped inside.

Donald R. Landryour and Steven Myrtle, both 15 and both of Saginaw, drowned Sunday in the Cass River near Saginaw.

Police said Myrtle fell into the river and shouted for help as he was swept along. Landryour swam to the boy in an effort to rescue him but both drowned while struggling in the water.

William H. White, 66, of Pontiac, drowned Sunday when a canoe he was in tipped over in North Lonto Lake near East Tawas.

HORSE FALLS
Donald Estelle, 10, of Tekonsha, drowned Saturday when the horse he was riding in a water-filled gravel pit near his home tripped and fell.

Roy Prater, 27, of Lasalle, drowned in Lake Erie near Bolles Harbor Saturday when a boat he was fishing from capsized.

Ralph Lahue, 45, of Woodland Beach, drowned Sunday while swimming in Lake Erie.

Ross M. Cady, 35, of Grand Rapids, drowned in the Betsie River near Benzie Saturday night while swimming.

Sylvan Man Drowns in Lake Near Tawas

Dragging operations continued today in the search for the body of William H. White, Sylvan Lake man who drowned in a canoeing accident in Lonto Lake, near Tawas, yesterday.

White, 66, of 1739 Woodland Dr. was alone when the canoe turned over in the middle of the small lake, said the Isco County Sheriff's Dept.

On shore was the victim's daughter, Mrs. Mary Menard, 8105 Studebaker St., Warren, who said White struggled briefly to swim, then sank from sight.

Husband Satisfactory at Pontiac Hospital After Sunday Morning Attack

A 65-year-old husband, Henry Wainee of Novi, is reported in satisfactory condition at Pontiac Osteopathic Hospital after his wife, Aino, 55, stabbed him with a hunting knife Sunday morning and then took her own life.

The incident took place at breakfast in the Wainee home at 45082 Grand River Ave. "I sat down to eat and suddenly blacked out," Wainee was quoted as saying.

"As I tried to get up I realized she'd hit me with a rolling pin. Then she stabbed me," he explained. He ran next door to the Young Door Co., 45340 Grand River, where a night watchman called Novi police.

Police Chief Lee BeGole said Wainee's wife was found moments later in the bathtub. Oakland County Deputy Coroner Dr. Preston W. Ports of Farmington pronounced her dead and counted 18 slashes on her arms inflicted by a razor blade.

Men Lead MSUO List

By MAX SIMON

Male students are going to dominate the Michigan State University Oakland campus when the new center of learning opens its doors next fall if current application figures hold true.

Of 474 applications processed by Herbert N. Stoutenberg, directed of admissions and registrar, 274 are from men and only 200 from the opposite sex.

So far the university has conditionally accepted 256 high school students pending the results of their final grades, while 43 persons have been admitted outright.

The fate of 35 applicants rests on the results of entrance exams they will take May 21 while 46 persons have been found not acceptable.

Forty-eight per cent of the applicants were in the top quarter of their high school classes while another 34 per cent were in the second quarter.

In fields of interest, more students indicated a desire to major in teacher education than the other three major fields to be offered at MSUO.

Thirty-six per cent of the applicants were interested in the teacher education program, 28 per cent in liberal arts, 23 per cent in engineering and 13 per cent in business education.

Most of the female applicants (121) indicated a desire to major in teaching while the greatest number of men (107) said they desired an engineering education.

Most of the applications (362) were from Oakland County, 76 per cent of the total. Another 100 or 21 per cent came from Macomb County, with scattered applications received from Wayne, Lapeer, Delta, Osceola and Saginaw Counties.

Four hundred and forty-nine applicants indicated they would stay at MSUO until receiving a degree. Thirty of the applicants wished to attend MSUO part time.

Fails in Desperate Freedom Try

Red Goons Hijack Envoy

RANGOON, BURMA, (AP)—A Soviet military attaché who apparently had tried to escape by leaping from a hospital window was flown out of Rangoon on a Communist plane yesterday.

A screen of 40 hefty Russians from the Soviet embassy, roughed up newsmen and prevented them from questioning him.

Sources at the hospital said the attaché was Col. Mikhail I. Stryguine, who apparently wanted to get political asylum in Burma. The embassy neither confirmed nor denied published reports of his identity.

The slightly built, haggard looking man was brought to the airport in a Soviet embassy car minutes before a Chinese Communist transport plane took off for Kunming and Peiping.

A weeping woman identified as his wife, a Russian nurse and two guards accompanied him.

Hospital sources gave this account: Stryguine was brought to the hospital a week ago suffering from an overdose of sleeping pills. It was reported he had tried to commit suicide when told he must return to the Soviet Union. His wife and two Russians sat with him all night, the woman weeping almost continuously.

The next day, upon recovering, Stryguine shouted invectives in English against the Soviet regime and against his associates at the embassy.

The two Russians then demanded that he return to the embassy and tried to remove him when he refused.

He broke away and threw himself through a first floor window in what one witness said was "a leap for life," not a suicide attempt.

He was brought back, given a sedative and bundled into a car by the Russians, who drove off.

The newsmen waited at the airport all night. Three hours before the plane's departure, members of the Russian embassy staff began to arrive.

By plane time 40 of them were on hand. They kept a close watch on the newsmen, following them wherever they went.

Ten minutes before takeoff time, a car carrying Soviet Ambassador Alexi D. Shiborin and the Stryguines drew up. As Stryguine stepped out, a newsman called out: "Have you anything to say to the press?"

Before he could say a word, a wedge of three Russians rushed the reporter and threw him several feet. Guards shoved and pushed the other newsmen aside and seized the cameras of two photographers.

Looking bewildered, Stryguine was almost lifted from the ground by two Russians, who rushed him inside the customs room and locked the door.

Shortly afterward, he was escorted to the plane, his wife trailing behind.

Annual Auto Safety Check Begins Today in Pontiac

Today is the first day of Pontiac's annual May vehicle inspection program.

Autos are being given thorough but brief checks at five safety-check lanes throughout the city at no cost to drivers.

Sponsored by the Pontiac Area Chamber of Commerce Traffic and Safety Committee in cooperation with the Pontiac Automobile Dealers Assn., the safety checks will be given through Friday.

The five lanes will be open from 9 a.m. to 3 p.m. and from 5:30 p.m. to 8 p.m. today through Friday.

The check points are at Huron street at the Crofoot School playground; Auburn avenue at East boulevard; Moficall street at Lincoln Junior High; Johnson avenue near State street; Orchard Lake avenue at Berwick boulevard.

One police officer, four volunteer workers and mechanics will be stationed at each lane to operate the check.

Warning violations will be issued to motorists whose cars have serious defects.

These must be cleared up at an inspection lane or at the Public Safety Building police garage within 72 hours or tickets will be issued, according to Public Safety Director George D. Eastman.

Approximately 10,000 vehicles are expected to pass through the lanes during the week.

The group asked the Court of Appeals to overturn a ruling of last July 31 by U.S. District Judge Richmond B. Keach. He dismissed two suits, saying the complaints failed to show there were a controversy within the court's jurisdiction. He held also that none of the 39 plaintiffs had standing to sue.

Williams, offering to meet with Republican leaders "around the clock," made his offer in a telegram last night to senate majority leader Frank D. Biddle of St. Clair.

He told Biddle: "I will reconsider all tax recommendations which I have made, and discuss with an open mind not only my own ideas on taxes but all tax proposals otherwise have or may wish to put forth."

Williams and the Democrats have plunked for a graduated state income tax and a corporations tax. Biddle said he and Sen. Clyde Geerlings (R-Holland) chairman of the Senate Tax Committee, would be willing to meet with Williams. But he gave no hint that the GOP would change its position on the trust fund.

Biddle said he would present Williams' proposal to the Republican caucus but that he was satisfied the group would "not be inclined to go along with passing the trust fund bill until after the tax question is settled."

As the political poker game went on, pressure mounted from other sources for a solution.

The Michigan State Employees Assn., meeting at Jackson, adopted a resolution demanding a quick solution to protect employee paydays "now and in the future."

By order of the governor, all payments from the general fund except for welfare and debt service were stopped last week.

Williams, calling the Senate's use tax (sales tax) increase proposal "hastily devised and highly defective," said it was "unacceptable."

He told Sen. Biddle he was making his new offer to assure that the May 7 payroll could be met. He said the Senate tonight could make sure of this "in 10 minutes," if it desires, by approving use of the trust fund.

In the telegram, Williams referred to the trust fund as a "bargaining weapon in the tax fight."

But GOP Nixes Bid to Barter for Use of Fund

Governor States He'd Reconsider Tax Plans in Compromise Request

LANSING (AP)—Gov. Williams has offered to trade reconsideration of his tax program for use of the veterans trust fund in solving Michigan's cash emergency.

But he was met with an immediate Republican rebuff. First reaction from the GOP indicated little chance of agreement.

The Democratic governor acted as the state's financial muddle moved toward the impending payless payday — Thursday — for 28,000 state employees.

Unless there's a solution, the bi-monthly payroll will come and go without pay checks.

That would be the second such instance. Last week members of the Legislature and state court judges failed to get paid as a result of depletion of the general fund.

Williams' new proposal — his reconsideration of "all tax proposals," including his own — and those of others — was tied directly to Senate approval of using the 50-million-dollar veterans fund in the crisis.

MEETING TONIGHT
The Republican-controlled Senate, which already has once rejected liquidation of the fund unless this were accompanied by an indirect one per cent sales tax increase, meets tonight as the Legislature reconvenes.

The Legislature is now in its fifth month of grappling with the financial dilemma.

Williams, offering to meet with Republican leaders "around the clock," made his offer in a telegram last night to senate majority leader Frank D. Biddle of St. Clair.

He told Biddle: "I will reconsider all tax recommendations which I have made, and discuss with an open mind not only my own ideas on taxes but all tax proposals otherwise have or may wish to put forth."

Floods Plague Texas Area After Rains

Severe thunderstorms raked sections of the plains and rain drenched many other parts of the country today in the wake of damaging storms over the weekend.

Tornado winds and funnel clouds were reported in Kansas, Oklahoma and Texas during the night and early morning. No injuries were reported.

Hail and heavy rain swept across areas in the storm belt from southeast Nebraska southward into western Oklahoma and across the Texas Panhandle. Hail stones reported as big as into east central New Mexico. Golf balls pelted Leedey, Okla., as tornado winds lashed the area.

Sections of east Texas were drenched with heavy rain Sunday, causing much flooding. Property damage was estimated unofficially at more than a half million dollars. Heaviest rainfall, nearly a foot, was in the Kilgore-Henderson-Overtown area. Wind gusts reached 70 m.p.h. in the Henderson district.

The flood waters washed out dams, blocked some roads and stranded scores of motorists.

Earlier Sunday, hail rain and strong winds hit northern Illinois. Showers were reported this morning in the extreme Northwest, the central Rockies and parts of the northern plains, upper Great Lakes region and the Carolinas. Snow fell in the higher elevations of the Rockies. One inch of snow was on the ground at Big Piney, Wyo.

Wet weather was the outlook for wide areas but fair to partly cloudy skies were indicated in New England, parts of the mid-Atlantic states, the Southeast, the far Southwest and parts of the northern plains.

Pontiac School Board to Discuss Band Issue

A special meeting of the Pontiac Board of Education has been set for next Monday to discuss the controversial Pontiac Central High School Band.

Dr. Dana P. Whitmer, superintendent of schools, announced today that the Board has invited interested citizens, school administrators and members of the Band Parents and Alumni Committee to discuss the issue.

The band has been in the spotlight since April 9 when 100 members of the Band Parents and Alumni Committee protested Board policies concerning the band, particularly the reducing of practice time and not allowing junior high instrumentalists to practice with the senior organization.

The meeting will begin at 7:30 p.m. in the multi-purpose room of the McCarrall School.

"This citizens group will not be asked to make any decisions," Whitmer said, "but will be asked for their ideas."

"We want to present all the information in this controversy. Those who attend will have an opportunity to present their viewpoints and ask questions."

MAY RELEASE REPORT

Whitmer said that a school administration report on the controversy might be released at the meeting's conclusion, but that no official decision on the report's release has yet been made by the meeting.

Representatives of his committee have recently refused to meet with the school officials, saying

Ike Determined to Have Strauss for Secretary

WASHINGTON (AP) — Wide-ranging Democratic attacks apparently have strengthened President Eisenhower's determination to have Lewis L. Strauss for his secretary of commerce.

Strauss' nomination has been opposed by Sen. Estes Kefauver (D-Tenn.) and others in appearances before the Senate Commerce Committee. They have centered their fire on his activities when he was chairman of the Atomic Energy Commission.

Republican leaders quoted Eisenhower as telling them in recent White House conferences he regards it as a shame that Strauss has been deprived of confirmation for so long.

Strauss will be confirmed when his nomination is finally brought before the Senate. He has been serving in the Cabinet post under a recess appointment. His formal nomination was sent to the Senate Jan. 17.

Detroit Adviser on Investments Is Jaycee Speaker

Third speaker in the Pontiac Area Junior Chamber of Commerce lecture series on investments and securities will be George A. Nicholson Jr., a Detroit investment adviser.

Nicholson, head of the investment advisory department of Smith, Hague & Co., will speak on inflation and business and market cycles.

His talk is at 8 p.m. tomorrow in the little theater at Pontiac Northern High School.

A graduate of the University of Michigan and Harvard University Business School, Nicholson was one of the originators of the investment club movement.

He is chairman of the advisory board of the National Assn. of Investment Clubs and a director of the Financial Analyst Society of Detroit and the National Federation of Financial Analysts Societies.

The lecture series is scheduled to continue on Tuesday nights through May 26.

Tickets are available through Clyde R. Haskill, Jaycee president, 1 Mt. Clemens St.

British Cite Decline of the Camp Follower

LONDON (UPI)—Times certainly have changed in 150 years for Britain's crack Guards Regiments.

The newspaper "Public Ledger" reported in January 1809 that troops leaving for the Napoleonic War were "not much encumbered with women, having only 33 embarked with them, a very small complement for 2700 men in comparison to what are usually suffered to accompany the regiments abroad."

Automobile driver training for students is now offered to about 50 per cent of all students in U.S. public and private secondary schools.

City's Spring Value Days Set Downtown Booming

Downtown Spring Value Days provided a busy retail weekend in Pontiac, probably the busiest of the year.

George Richman, Downtown Merchants Assn. chairman of the sale, said that downtown crowds Thursday through Saturday were the largest so far in 1959.

Norman Pattison, DMA president, said reports indicated business was "very active" during the sale, and described the whole promotion as "very successful."

Several stores reported their weekend business as the heaviest of the year, said Pattison.

One indication of public interest in the promotion was the fact that most of the 600 gift certificates distributed were turned in for retail goods almost immediately, said Pattison.

MANY AWARE

Another indication was brought out by one of the half-dozen "mystery shoppers" who roamed the downtown section handing out the gift certificates to shoppers.

"Many of the shoppers were aware through the newspaper advertisements that there were mystery shoppers circulating," said Mrs. Al Steinman, of 7 Bloomfield Terrace.

"They were on the lookout for me, and some of them even spotted me because of the large manila envelope full of certificates which I was carrying."

Mrs. Steinman, visiting downtown streets and municipal parking lots, handed out \$1, \$2, \$5 and \$10 certificates, the latter to parents of large families and to shoppers with lots of bundles.

"I haven't seen so many people downtown in three years," said Mrs. Steinman, who enjoyed her task as mystery shopper so much she echoed the slogan of the sales campaign: "It was lots of fun being downtown."

Story of Revolt in Castro Book

Chicago Tribune Man Writes of Rebellion, Leader's Personality

Fidel Castro: Rebel, Liberator, Dictator? By Jules Dubois

By Corena M. Aldrich

"He has known how to win the admiration and affection of all. He will make law his career and we do not doubt that he will fill with brilliant pages the book of his life. He has good timber and the actor in him will not be lacking."

The student who wrote this for a high school yearbook couldn't have known how prophetic a description it would prove to be in the life of Fidel Castro, leader of the Cuban revolution.

From his first political skirmishes in college to the last moments of the revolt, this determined doctor of law, with a flare for dramatic appeal and eloquent language, gained the hearts and loyalty of outraged Cubans fighting to regain freedom.

"Fidel Castro: Rebel, Liberator, Dictator?" could have been written only by a man so intimately aware of the situation as Jules Dubois. The book describes events which led to the rebellion and propelled it to victory. Direct quotation from both rebel leaders and members of the Batista regime give a dramatic picture almost impossible to achieve any other way. Much of the material has never been published in English; some never before published.

Dubois brings into clearer focus many points Americans have been questioning. Some of these concern Castro's sincerity, his rumored Communist ties and the revolutionists' antipathy toward United States foreign policy. The author deals with problems and contradictions of the present provisional government, but offers no sure prediction for Cuba's future.

Whether the reader is vehemently anti-Castro or passionately pro-revolution, the book will provide an insight of Castro and his cause which few persons have known until now. The author, brilliant correspondent of The Chicago Tribune, knows more about Latin America and Latin American politics than any one there is. He stands as the unchallenged authority. Hence his book is authoritative.

Food Prices Seen Lower This Spring

WASHINGTON (UPI) — Retail food prices should be "slightly lower" this spring and early summer than they were in the same period last year because of prospective heavier supplies, according to the Agriculture Department.

The drop mainly will reflect lower prices to farmers. Partially offsetting this will be slightly higher food marketing charges.

Somewhat more real disposable income per person will cause strong consumer demand, the department said last night in its publication "The National Food Situation."

It said total outlays for food, including marketing services, probably will be up some because of the increased population and the likelihood of a small gain in consumption per person.

Bloomfield Dems Club to Hear James Hare

James M. Hare will be guest speaker tomorrow night at a meeting of the Bloomfield Democratic Club at Rotunda Inn, 3230 Pine Lake Dr., West Bloomfield Township.

Hare will deviate from his chores as Secretary of State and talk on Michigan's financial problems, according to Mrs. William A. Clemmons, chairman of the club.

The meeting is open to everyone and will begin at 8:30 p.m.

The Day in Birmingham School Census Scheduled on Last 20 Days of May

BIRMINGHAM — Census takers for the Birmingham school system will make annual house-to-house calls in the district during the last 20 days of this month.

Dr. Wright B. Ireland, school superintendent, said today that all official census takers can be identified by badges which he has signed. He added that all information will be kept confidential.

Purpose of the census is to record all persons in the district under 20 years of age as an index to possible service schools can render, Dr. Ireland said.

Census figures are used in planning to meet the schools' requirements, as well as the basis for distributing primary school interest funds, he explained.

Money received from this source is deducted from the state aid allotments to the district, Dr. Ireland said.

He added that census takers would be prepared to give dates for kindergarten roundups.

The schedule is: Beverly and Valleywoods Schools on May 5; Harlan School, May 6; Greenfield, May 8; Franklin, May 12, 13; Pierce and Midvale, May 13; Walnut Lake, May 18; Pembroke, May 20; Quarton, May 22; Adams and Baldwin, June 3.

Birmingham City Commissioners tonight will discuss the problems of weed growth on vacant lots in Birmingham and what steps the city should take to assure proper control measures.

A survey of city costs as compared to private contractor charges has been made, and they are found to be practically equal, according to commissioners.

Officials also will consider necessary steps for Birmingham to pump water into the South Oakland Water Authority System should the need arise.

Asst. City Manager Robert S. Kenning suggests that Birmingham charge the same amount to the authority as the city pays for water it purchases.

Jackie Schwerin, 20, of 256 York St., Pontiac, and a juvenile companion were arrested by Bloomfield Township Police Saturday night at Square Lake and Adams roads as they prepared to break milk bottles on the pavement, according to Police Chief Norman Dhenke.

He said the two boys, who had been drinking, admitted to having broken 10 cases of milk bottles on Squirrel Road, near the intersection of South boulevard.

Two other youths, Jerry L. Hill, 19, of 2940 St. Clair St., Auburn Heights, and James H. Lane, 20, of 2466 Willow Beach, Kego Harbor, were arrested early yesterday morning at the parking lot of Ted's Drive-in on Woodward avenue.

They were charged with disturbing the peace after they allegedly got in a fight over some girls.

Invasion of Panama Condemned by Castro

MONTEVIDEO, Uruguay (U.P.) — Prime Minister Fidel Castro of Cuba condemned today the invasion of Panama by a group of Cuban adventurers.

"We do not hesitate in condemning it because it was a mistake detrimental to the Cuban people and their revolution," Castro told a news conference.

No revolution would get Cuba's support, he added, unless it was an uprising by the people.

Three women who played an important part in the AAUW luncheon Saturday are, left to right, Grace Clark who introduced the speaker, Mrs. Berit Aas of Norway, and Mrs. John M. Bills, publicity. The Pontiac branch met at the Olive Thomas home on Gale road.

Mrs. Aas Is Luncheon Speaker

U. S., Norwegian Ways Contrasted for AAUW

"Women are taking a more prominent place in society in Norway," said Mrs. Berit Aas, AAUW grantee, when she spoke at the Saturday luncheon of the Pontiac Branch of the American Association of University Women. Mrs. Aas is studying in the department of psychology at University of Michigan working on social-

psychological theory. She was graduated from the University of Oslo in 1953.

Mrs. Aas is here in this country with her husband, who received a Rockefeller Foundation scholarship for study at the U. of M., and their four children.

"Man has been pushed forward for years, but now women are becoming equally educated, have equal jobs, are drawing equal pay for equal work, and are assuming roles other than that of just homemaker," Mrs. Aas told the group. "All this is a result of the feminist movement taking place in Norway."

The speaker also contrasted the social customs and behavior patterns of the United States and Norway.

The luncheon was held at the home of Mrs. Olin Thomas on Gale road. Assisting her were Mrs. A. L. MacAdams, Mrs. Lloyd Wait, Mrs. George Snyder, Mrs. Thomas Peterson, Mrs. Thomas Hollis, Lillian Davidson, Ora Hallenbeck, Mrs. Kenneth Olin, Helen Voss and Mrs. Melvin Taig.

Mrs. Duane Miller was in charge of the table decorations. Guests included Mrs. Gordon Earhart, Mrs. William Haddell, Mrs. Paul Hedden, Mrs. Glenn Hustad, Mrs. Charles Koella, Mrs. Philip Lockhart and Mrs. Charles Wiseman.

Answer: Your husband is right, your interest would have pleased her and she could have refused gracefully by saying, "I'm so sorry I can't take you through the house now because it is not yet finished enough to be shown to anyone."

"Dear Mrs. Post: Somewhere I read lately that four o'clock was the fashionable hour for a formal wedding. Is this true?"

Answer: For Protestant church weddings in New York, yes, or else at noon. The hour of the day has no special effect on "formality," since the hour of a wedding depends upon the denomination of the church, personal choice, climate and local custom. Many Catholic weddings take place in the morning; Southern weddings in the cool of the evening, and so on.

"Dear Mrs. Post: I have just received an invitation to a cocktail party. It is written on one of those fold-over cards, which I believe are called 'informals,' and asks for a reply. Will you please tell me the proper way to reply to such an invitation. I do not have visiting cards."

Answer: As you have no visiting cards you will have to write your answer on your note paper either formally in the third person, or informally in the second.

"Dear Mrs. Post: Is it proper to cut hard rolls with a knife, or must they always be broken by hand?"

Answer: They should be broken by hand.

"Dear Mrs. Post: When serving dishes are put on the table and the person seated a place away from me asks to have a dish which is in front of me, passed to her, do I hand it directly to her, passing it in front of the person next to me, or do I hand it to the one seated next to me and have 'her pass it'?"

Answer: You hand it to the person next to you who will pass it to her.

Prince Charles Tries Patience of Queen Lisbet

LONDON (AP)—A boy of 10 can be an awful pest even if he happens to be the future king of England.

His mother can also get annoyed at his behavior even if she happens to be the Queen of England.

This was demonstrated Sunday at a polo game between Ascot and Windsor Park, led by Prince Charles' father, Prince Philip.

Queen Elizabeth II, wearing a green raincoat, scarf and low heeled shoes, drove to the game from Windsor Castle. Accompanied by Charles and his 8-year-old sister, Anne, she went to a canvas-roofed canopy because it was raining.

The roof sagged from the weight of pools of water on either side of the center pole. Suddenly Charles punched the canvas, causing water to splash on his mother's stockings. Mother frowned. Charles repeated the maneuver against the other bulge.

As 4,000 spectators watched, the Queen's high girlish voice was heard saying:

"Charles! Sit down!" Philip's team won, 4 goals to 3½.

The bride is the daughter of the late Mr. and Mrs. Hugh B. Graham. Mr. Clark is the son of Mr. and Mrs. James Russell Clark of West Huron street.

The bride wore a white silk organza ballerina-length gown with a shirred front panel of horizontal gathers. The bodice featured an oval yoke of Alencon lace frosted with pearls and iridescent sequins.

A court hat held her tiered illusion veil and she carried a semi-cascade bouquet of lilies of the valley and white cymbidium orchids.

Mrs. Ned D. Trissell was the only attendant. She was dressed in an outfit of Dior blue, with a corsage of Rubrum lilies fastened to her purse.

Marion H. VanSoy of Grosse Pointe Woods was best man. Ushers were Theodore Sevigny, Robert A. McKenna of Detroit, Richard Williams of Fenton and Richard V. Jensen of Mt. Clemens.

A reception was held in the church parlors. Before leaving for a honeymoon to Nassau and the Bahama Islands, the bride changed to a blue wool crepe suit with white hat and patent

accessories and the orchid from her wedding bouquet.

The couple will live in Detroit. The bridegroom is a graduate of Michigan State University.

Mrs. Clark wore a periwinkle lace dress with matching flower hat and navy accessories with a corsage of white alstroemeria for the wedding.

Your hands—your nails—in particular—are always on display. While you cannot change their shape, you can make your hands attractive by keeping them meticulously clean and well cared for. To keep your nails really clean, you should make use of a small

nailbrush as religiously as you do your toothbrush and hairbrush. Keep them shaped and shortened with an emery board. To look attractive at all times, we suggest one of the newer "dos" adopted for you alone. A new hairstyle is a great morale booster. MRS. WILLIAM A. BRIAN JR.

Rae Marie Shaver Wed in Congregational Rite

First Congregational Church was the scene of the Saturday evening wedding of Rae Marie Shaver and William A. Brian Jr. The Rev. Malcolm K. Burton officiated at the ceremony before 175 guests.

Parents of the couple are Mr. and Mrs. Robert Shaver of Parkinson drive and William A. Brian of Clarkston.

The bride's gown of white silk organza featured a Sabrina neckline and basque waistline. The full skirt formed a chapel train topped by a bustle bow.

An Imperial crown of seed pearls and sequins held her fingertip veil of French illusion and she carried a cascade bouquet of white rosebuds. She wore a pearl necklace, a gift of the bridegroom.

Barbara Shaver was her sister's maid of honor. Her dress was of aqua nylon and taffeta with a bustle back and full skirt. She carried a fan of pale yellow carnations.

Bridesmaids were Claudette Marden of Saginaw, Etselene Wilcox of DeFord, junior bridesmaid; and the bridegroom's sister, Betty Brian of Clarkston. Their dresses were identical to the maid of honor's. All wore jeweled and beaded headbands with short veils.

Flower girl Jo Ann Shaver of Fostoria wore a yellow organza and lace dress with a headband of carnations. She carried a basket of colored rose petals.

Lee Perry of Clarkston was best man. Ushers were Robert Brian, Jack Parr of Brown City and Warren Frusher, Junior ushers were Russell Shaver of Kingston and Thomas Brian, the brother of the bridegroom.

A reception was held in the church parlors. Before leaving for a honeymoon to Niagara Falls and Canada, the bride changed to a tangerine colored suit with white accessories and the corsage from her bridal bouquet.

The couple will live on Onelda road. The bride attended Michigan State University. Mrs. Shaver wore a dress of pink organza over taffeta with rose accessories, and Mrs. Brian was dressed in beige linen and lace with lime green accessories. Both had orchid corsages.

Five Nations Will Confer on 'Food for Peace' Plan

WASHINGTON (AP)—The United States will be host to a five-nation conference here tomorrow and Wednesday on using surplus wheat in a "food for peace" program of aid to countries needing more food.

Other nations to participate in the conference are Canada, Argentina, Australia and France. All are wheat exporting countries. Participation will be by officials of cabinet and ministerial rank.

The conference was arranged by Secretary of Agriculture Ezra Benson with State Department aid to put into operation a "food for peace" plan promised by President Eisenhower in a message to Congress in January.

The idea, as sketched by the President, is to help make larger amounts of surplus foods in this and other countries available to those countries needing more food but unable to make adequate commercial purchases.

\$3 BILLION SURPLUS
The United States alone has more than three billion dollars worth of surplus wheat and about nine billion dollars worth of all surplus farm products.

Under questioning, the secretary said he could not say just what specific plan might come out of the conference for moving more food to needy areas. He speculated, however, that there should be a coordinated program involving supplies from all the countries.

Benson emphasized that this country, as well as some of the others, already has contributed large quantities for charitable use abroad.

Since mid-1956 the United States has donated or sold at easy terms more than 3½ billion dollars worth of its food surpluses to foreign countries.

Love at First Sight

AKRON, Ohio (AP)—It was pain—not love—at first sight for Ed Gill and Gerry Marzano. Love came later.

The young couple met when Gill, with a speck of dirt in his eye, went to the B. F. Goodrich Co. dispensary where Miss Marzano works to have the eye treated. They will be married in May.

100TH ANNIVERSARY—The Armada Methodist Church was the scene of a centennial celebration yesterday marking the 100th anniversary of its founding in February, 1859. Three special services were held including one at 2 p.m. at which Bishop Marshall R. Reed delivered the

sermon. A luncheon and dinner were served during the day-long event. Members of the church and guests are shown leaving the church after the 2 p.m. service. The original structure was destroyed by fire in 1942. The present building was completed on Aug. 3, 1943.

Lapeer Man Badly Hurt

2 Cars, Tractor Pile Up

LAPEER — A Lapeer factory worker was badly injured Saturday, when hurled from the tractor he was driving, in a chain reaction accident involving two cars, Lapeer County sheriff's deputies reported today.

The tractor burst into flames after overturning.

Harry E. Holman, 59, of 1458 N. Saginaw St., suffered two broken shoulders, four broken ribs, cuts and bruises. Taken to Lapeer County General Hospital he was first reported in "serious" condition, but is considered much improved today.

Driving the two cars were Joseph E. Morey, 49, of 1383 Cedar Dr., Birmingham, and Kenneth L. Wilcox, 48, of 396 E. Neppessing St., Lapeer.

Morey told sheriff's deputies he was traveling on M24, north of Lapeer, when he saw the tractor on the shoulder swing out in front of his car. He said he tried to

stop but his car was hit in the rear by Wilcox's forcing him to run into the tractor.

Morey lost control of his car but was unhurt in the mishap.

Police said Wilcox was unable to tell how the accident happened. He also escaped injury.

4 Persons Hurt in 2-Car Crash

Driver Pulls Out on M59, Oncoming Vehicle Hits Her Auto Broadside.

SHELBY TOWNSHIP — Four persons were injured Saturday night in a two-car crash on M59 east of Dequindre road, Romeo State Police reported today.

Injured in one car were the driver, Mrs. Joyce L. Baker, 18, of 3972 Dequindre Rd., her husband John, 20, and another passenger, David Kutchev, 16, of 4546 Custer St., Utica.

The driver of the other car, Lyle L. Root Jr., 31, of 583 Lenox St., Pontiac, suffered a cut mouth, bruises and abrasions. He was treated by his own physician.

Mrs. Baker suffered possible head and neck injuries and bruises. Her husband had a cut forehead and bruises and Kutchev suffered cuts, bruises, broken teeth and possible head injuries.

All three were taken to Van Dyke Memorial Hospital where Mrs. Baker and young Kutchev were reported in satisfactory condition today. Baker was treated and released.

Mrs. Baker told troopers that she pulled out onto the highway after stopping and did not see Root's car approaching. Her car was hit broadside.

Officers ticketed Mrs. Baker for unsafe starting and Root for driving with a restricted license.

Action Delayed Several Times

Home Owners Fight Rezoning of Property by Township

SHELBY TOWNSHIP — Barring any further postponements, the trial brought last January by a group of area home owners against the township for rezoning the Curtiss-Wright property here to permit big car automobile racing is scheduled to get under way at 9:30 a.m. Wednesday in Macomb County Circuit Court.

Since the case was initiated a number of events have occurred which add to the complexity of the suit.

One is that the April 6 election brought a change of command in the township. Republicans, formerly in power, were defeated by the Democratic slate, necessitating the appointment of a new township attorney to handle the court case.

In the beginning the township was the sole defendant. Soon after the suit was launched, Curtiss-Wright joined the township as a party-defendant.

The case was slated to come to trial early this spring, but a series of postponements in pretrial hearings and subsequent delays in scheduling the trial itself have forestalled any court action thus far.

Curtiss-Wright officials, who had hoped for an early settlement of the case, now have given up plans to construct the big car track this year, they said. The first of the year they set up a tentative construction program which covered about six months.

The corporation had announced plans to convert the former Packard Motor Car Co. test facility into a track for national and international races of Indianapolis-type cars.

COVERS 675 ACRES
A smaller track was to be built inside the existing 2½-mile oval for sports car races, they said.

The Curtiss-Wright property covers 675 acres and is bounded by 22 Mile, 23 Mile, Mound road and Van Dyke.

Home owners protesting the big car track said in their bill of complaint that the township acted illegally in rezoning the Curtiss-Wright property to permit auto racing.

They also said the proposed track would create a nuisance due to excessive noise, litter, traffic and other factors, which, they added, would depreciate property values in the area and cause a hike in taxes.

Will Explain Area Summer Music Program

There will be an Open House held every night this week (May 4-9) at Waterford Township's two junior high schools to acquaint pupils and parents with the summer musical program.

Teachers will be in their classrooms from 7 to 9 p.m. at the Isaac Cray junior high school on Cass Lake Rd. and at the new John Pierce junior high school on Hatchery rd. near Crescent Lake rd.

The summer music program will get underway June 22, and will conclude July 31. Three-hour classes will be scheduled five days a week, during the series, and a band concert will be presented at the close of the program.

More than 150 pupils are expected to enroll for beginning and advanced band classes, as well as beginner stringed instrument classes, according to band director Donald Perrin.

Russian Teacher Leapt to Freedom 11 Years Ago

With leap 1130
NEW YORK (AP)—Oksana Kasenkina, a Russian school teacher, jumped to freedom from a third-floor window of the Soviet consulate here almost 11 years ago. She now lives in seclusion.

Mrs. Kasenkina, now 53, then a teacher for children of Russia officials here, had been ordered back to the Soviet Union and was being detained at the consulate when she made the leap.

Seriously injured, she was in a hospital for 39 days. On leaving the hospital she said: "I didn't think of the pain. I had freedom." She was allowed to stay in this country, and she became a U.S. citizen two years ago.

Ask Price Boosts in Washington

Egg Farmers Steeped in Depression

WASHINGTON (UPI)—American consumers are enjoying cheap eggs. But egg producers are caught in their worst depression since the 1930's.

Some poultry men are so desperate they have come to Washington to demand government action to boost egg prices and save them from bankruptcy.

A price report issued at the Agriculture Department yesterday gave the statistics: farmers in mid-April averaged 28.1 cents a dozen for eggs. That's a drop of 10.4 cents — or 27 per cent — from a year ago. Measured against feed costs, egg prices

were the lowest on record for April except in 1937.

What this means in human problems was related by poultry farmers to a House agriculture subcommittee in an inquiry into depressed broiler and egg prices. Almost 200 poultry farmers, mostly from New Jersey, showed up to testify and listen.

Mrs. Rita Brandenburg, Lakewood, N.J., with a threatening letter about a mortgage payment in her purse, said she and her husband were going broke even though each worked 80 hours a week.

She suggested that the agriculture department official who explained that prices were low be-

cause egg production was too high should spend a day in her husband's shoes "and see how he liked it."

WANT HELP
"These fine and elaborate statistics are for colleges," she said. "This is a human problem. Me and my husband would like to have help. . . . We are on the verge of bankruptcy."

The farmers' proposals included (1) expanded government buying of eggs; (2) government purchase and slaughter of hens to reduce production; and (3) government production controls with a guaranteed fair price.

They got little hope for drastic government action from Hermon I. Miller, agriculture department poultry chief. Some farmers groaned at his testimony and applauded needing questions asked by Democrats.

Miller said outlets for government purchases of eggs were limited. The government already has bought 36 million dozen in dried form since October and is still buying.

Government purchase and slaughter of 15 million hens wouldn't even cut production to last year's level, he said, and superficial.

what would the government do with the poultry meat?

To assure fair prices over the long haul, Miller said, would require "restraints on production." He didn't recommend a compulsory control law, suggesting instead that farmers could curb themselves.

Guard Yemen Women From Cameras in Italy

ROME (UPI)—Scimitar and pistol-packing guards today watched over the Imam of Yemen's suite at a beach hotel near here to make certain no one again gets close enough to photograph his women.

Some 70 members of the suite of the ailing king of the Arabian peninsula kingdom were moved under guard yesterday in a fleet of limousines from a hotel in the Alban hills south of Rome to the beach resort of Fregene on the Mediterranean coast.

The move followed attempts by Italian and foreign photographers to take pictures of the veiled women in the party at the hotel.

One photographer was slashed by the scimitar of a Yemen guard earlier in the week. The wound was superficial.

To Auction \$5 Billion in U. S. Securities

WASHINGTON (AP)—Five billion dollars worth of government IOUs go on the auction block during the next four days.

It's significant that this is the highest total on record for one week. It points up the Treasury's difficulties in managing the biggest national debt in history, 286 billion dollars.

Most government securities sell at fixed prices. But because of unsettled market conditions, debt managers have held more and more auctions in recent months, permitting investors themselves to determine the price and interest rate.

Under the auctions, the high bid gets them. Then the securities mature, the government will pay them off at face value. The lenders will collect what amounts to interest in the difference between the purchase price and the cash-in-price.

Cattle Can Be Harmed by Too Much Stilbestrol

EAST LANSING (UPI) — Addition of stilbestrol to beef cattle feed can do more harm than good if an excessive amount is used.

Hugh Henderson, extension beef cattle specialist at Michigan State University, says some state farmers have found this out the hard way.

"Some farmers are putting too much of it in the ration," Henderson says.

Side effects from feeding an excessive amount of stilbestrol reduce the carcass quality and lower its sales value. Female animals sometimes go into prolapse.

When prolapse occurs, animals must be disposed of immediately even though they haven't reached slaughter finish.

Henderson says many farmers are adding 10 milligrams of stilbestrol to the ration for light steers and heifers.

CAN'T TAKE IT
"Heifers under 500 pounds just can't take that amount," according to Henderson.

The extension specialist points out that farmers can often see the side effects developing. In that case, he can cut stilbestrol from the ration completely and generally thwart final prolapse.

Henderson doesn't discourage use of stilbestrol or other feed additives. He says the modern cattle feeder can't afford not to use them. But the feeder must exercise extreme caution in use of additives to his rations because losses resulting from over-use of them can more than offset the benefits of faster growth.

Henderson advises using no more than five milligrams of stilbestrol in rations until steers and heifers scale more than 500 pounds.

By the time the steers attain

weights of 600 to 700 pounds, they can make profitable use of 10 milligrams of stilbestrol in the rations.

But 10 milligrams of stilbestrol is advisable for heifers only after their weight exceeds 750 pounds.

ROAD COMMISSION HEADQUARTERS—On May 16 this large \$800,000 structure will have housed the Oakland County Road Commission offices for two years. It was on May 16, 1957 that the last worker and filing cabinet moved out of the old headquarters at 550 S. Telegraph Rd. and into these spacious and modern quarters at 2420 Pontiac Lake Rd., Waterford Township. This aerial photograph shows the

nearly 21 acres occupied by the Commission. Pontiac Lake road is in the foreground, while just a small section of Telegraph road can be seen in the very upper right of the picture. It is from these offices, warehouses, and garages that 150 Commission personnel control supervision of hundreds of miles of Oakland County roads.

PCH Tops UD Relays Field

Edges Redford
by 2½ Points
in Tight Duel

Chiefs Score in 9 of
10 Events, Grab Title
on 880-Relay Place

It took the Chiefs three years to do it, but the Pontiac Central High track squad today holds the University of Detroit Relays title. Coach Dean Wilson's crew has a fine big trophy to show for its 34-point victory in Saturday's big meet.

PCH was forced to beat out Redford for 3rd place in the 880-relay, the final event, to achieve the title. Redford, which edged Pontiac last year, was only 1½ points behind at the time.

Pontiac won with 34 points. Redford had 31½. Detroit Eastern 27½. Mumford 25½. Among the top contenders. Ecorse won the Class B Division with 51 points, followed by Lake Shore with 37. Bloomfield Hills and Lutheran West tied at 12. Troy had 11 and Romeo 10.

Team balance was the "big thing" for the Chiefs. Coach Dean Wilson said today. "These sophomores and juniors did a fine job. The all-around balance, with our nine seniors eight juniors and nine sophomores was a fine one. The boys all turned in great jobs."

Wilson pointed out that the final race, the two-mile relay (2nd) by PCH's all-soph team, Johnson, Nelson, Byrd and Anderson, the record-breaking shot-put trio of Bill Pritchett (51-3½), (Jarley Brown (50-10½), and Jerry Rush (49-4½) were outstanding performances. The shot record was broken by 10 feet, 151-5½. Chiefs also won the shuttle-hurdles.

PCH placed in nine of the 10 events in which it was entered. Bloomfield Hills in Class B was responsible for a new record in the 4-mile relay, a 19:53.6 mark, set by Ulrich and Goetz Klopfer.

Winners, with area placements: Shot—Pritchett, Brown, Rush (P, record, 151-5½). High jump—Detroit Eastern. Pontiac 2nd (Brooks, Robinson, Kimbrell), record, 18 1/4. Pole vault—Redford (33 feet); PCH 2nd. Pennell tied 3rd (PCH jumpers—Finley, Shorter, Anderson). Broad jump—Mumford (60-8¼); PCH 4th (Walker, Carson, Ledinger). 4-mile relay—Redford (19:53.6). 440 relay—Mumford (43.8 record); PCH 2nd (Brooks, Pritchett, Howe, Ratcliff). Shuttle-hurdles—Pontiac (Terry, Drayton, Prentiss, Howe, 50.3). Medley relay—Southwestern (3:42.3). PCH 3rd (Richards, Brooks, Ratcliff and Jefferson). Mile—Redford (3:30.2). Pennell 2nd. 2-mile relay—Redford (8:36.5). PCH 2nd (Johnson, Nelson, Byrd, Anderson). 880 relay—Mumford (1:38.4 record). PCH 3rd (Brooks, Richards, Pritchett, Ratcliff).

Teacher Wins Walking Title

NEW YORK (AP)—Bruce MacDonald of the New York Pioneer Club won the National AAU 10,000-meter championship walk for the second straight year Sunday.

MacDonald, a driver education teacher at Port Washington, N. Y., High School, finished strongly to overtake teammate William Omeltchenko in the last 100 yards. His time for the 10,000 meter course was 49 minutes, 42 seconds.

Falcons CMC Kings

Paced by the brilliant performance of Warren Cawley, and aided by disqualification of the Birmingham 880-yard relay team, Farmington High thinslads Saturday grabbed its first Central Michigan Relays title.

Cranbrook repeated in Class B, with 42 points. Cawley won the high and low hurdles, tied for first in the high jump, and anchored the Central Relay team which set a record 5:07.7. Running with Cawley were Mike Agee (broad jump winner), Clappison and Gordon.

Maples placed 2nd with 44, three back of the Falcons' 47. Others in the top list were Lansing Sexton 43, Walled Lake 31½.

Traverse City 30, Redford Union 3½, Muskegon Heights 22. Hazel Park had 13, Waterford 7, Rochester 4, Lapeer 2, among area entries.

Maples won the 2-mile relay (Cocks, Reid, Kelley, Reilly) 8:27.2 (Rathbun, Jacobson, Danielson, Green) 2:38.8; 440-relay (Zaino, Kulow, Purvis and Jacobson) 45.45; Bill Alcorn in the pole vault 12-9½ (record).

Birmingham also placed 3rd in the medley relay, Jacobson was 4th in broad jump, Zaino 5th in 100, won by Walled Lake's Frank Fink at 10.1.

Waterford's Mike Kaines was

2nd in the mile, won by Hazel Park's Jerry Bashaw at 4:31.7, and Larry Warner of the Skippers was 3rd in the 100.

Ross Whitcomb was 5th in shot, for Walled Lake, and the WL medley relay team was 3rd.

Cranes grabbed first in the Class B Central relays with Hoffman, Crouse, Frie and DeWette turning 1:08.65 or the event, and in the mile relay, Hoffman, Cameron, Seyfarth and DeWette ran this event for a 3:33.35 time.

River Rouge was tied with Wilcox Run for 2nd with 36, Lansing Everett 30, Flint Bendle 25, and Clawson 12.

Injured Driver Called Improved

INDIANAPOLIS (AP)—Veteran race driver Jerry Unser, seriously burned in a practice run accident at the Indianapolis motor Speedway Saturday, was reported improved and resting quietly Sunday.

"His condition is serious but I don't believe it is critical any longer," said Dr. C. B. Bonner, Speedway medical director.

He added that Unser definitely

would miss the 500-mile race on May 30.

Dr. Bohner went on to say that X-rays and further examining showed that Unser did not break his neck, as first reported.

But the 26-year-old driver suffered burns over 40 per cent of his body when his Hulse Special burst into flames after spinning into a concrete retaining wall.

The worst of the third degree burns were on the lower parts of Unser's legs, his left arm and the back of his right hand.

"The burns are intensive," said Dr. Bohner, "but not as extensive as they might have been."

Unser's first words when rescuers reached him after the accident had been, "my legs are on fire. Call my wife."

Martha Hyer to Play Role of Marie in 'Robespierre'

By LOUELLA O. PARSONS
HOLLYWOOD — Won't Martha Hyer make a lovely Marie Antoinette? She'll play this historically romantic figure in "Robespierre" (great French revolutionist), Roland V. Lee's next picture.

When Martha called to say au revoir before she took off for Dallas en route to Cannes, she said she had just signed the contract.

"I tested for Marie Antoinette in Norma Shearer's beautiful clothes and wigs," she told me, "which are still intact at MGM." (Norma made "Marie Antoinette" in 1938.)

Roland will release "The Big Fisherman" in August, and he'll start "Robespierre" shortly after that. Martha will tour Europe after she leaves the Cannes Film Festival.

Talked to Dr. Milko Skofic, Gina Lollobrigida's husband, who said that Yugoslavia will not be the location of Gina's next picture. "Joudnka" now called "Seven Women."

"There's a political line in the story and a partisan viewpoint that the government will not accept," said Dr. Skofic, "but Northern Italy will do just as well for a location."

He says there are now only

five women so the title no doubt will be changed. I don't believe Shirley MacLaine has fully made up her mind about playing another one of the top femme roles in the picture.

"Gina, the baby and I love California," said Dr. Skofic. "He just loves the park and he is getting so brown in the California sunshine."

Snapshots of Hollywood collected at random:

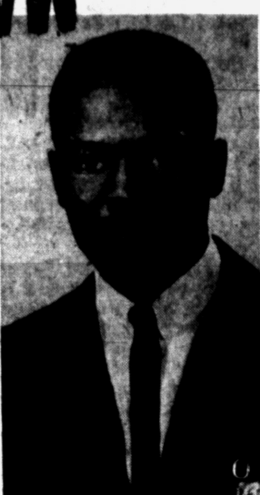

Kathy Grant Crosby telephoned Muriel Roberts, former publicist at Columbia, and told her, "You are on salary at \$400 a month until you get a new job."

Writer-director Dudley Murphy, who has two daughters, age 7 and 17, becomes a father again in November. Naturally he's hoping for a boy.

It's an accepted fact now that Ingrid Bergman and Lars Schmidt are expecting a baby in October.

The Freddie Brissons entertained Friday night at dinner for Mr. and Mrs. Marcus Sieff of England, who are on their honeymoon, the house guests of Roz and Freddie.

Congratulations to the Macdonald Careys on their 18th wedding anniversary tomorrow. Betty is still in bed following her recent surgery but she and Mac and the six children will have a bedside dinner.

Thieves Like Seeds

CARMI, Ill. (UPI) — Thieves shoveled about 3,500 pounds of uncleaned lespedeza seed through a window into a truck, and also hauled off 1,500 pounds of cleaned lespedeza seed and 1,400 pounds of maize seed in bags.

Strikers' Wives End Blockade, Return to Dishes

OKMULGEE, Okla. (AP) — Striker's wives, who maintained a five-day around-the-clock human blockade of an oil refinery here, are back home today with their housekeeping.

They gave up their unauthorized blockade at the strike-bound Phillips Petroleum Co. plant Saturday. Some weren't too happy.

"I just feel like we've lost something," said one of the women with tears in her eyes. But according to another, the end came just in time.

"Now I can go home, clean house and get the dishes done," she said.

During the five days of their blockade, which kept oil trucks from entering the plant, the women had ignored "go home" demands from their husbands and officials of the striking oil, Chemical and Atomic Workers Union.

They also ignored a court injunction against their impromptu blockade and five were called into court Sunday on contempt citations.

The charges were dropped when the women agreed to give up their stand. Ten minutes later trucks began rolling into the refinery.

The plant has been struck since February on a dispute between union and management over seniority issues.

U. S. Steel President to Retire Tomorrow

HOBOKEN, N. J. (AP)—Clifford F. Hood today said he will step down as president of U. S. Steel Corp. tomorrow.

Hood, at the company's annual meeting, explained he passed the company's mandatory retirement age of 65 in February. He succeeded Benjamin Fairless as president in 1953 and has been with the nation's largest steel firm since 1917.

A stockholder, Wilma Soss, President of the Federation of Women Shareholders of America, asked who would succeed Hood as president. Chairman Roger Blough replied that a successor has not been picked.

Mrs. Soss, heckling the chairman repeatedly, asked if Hood had been drawing salary as president since he passed his 60th birthday. Blough said Hood had been paid full salary.

News in Brief

Fifteen packs of cigarettes and \$20 cash, mostly in silver dollars, were reported stolen by thieves who broke into the home of Archie McArthur, 3136 Rockhaven St., Avon Township, Oakland County. Sheriff's Deputies reported Sunday.

Burglars broke into the Nelson Bros. Store, 42 N. Saginaw St., and stole merchandise valued at \$110. It was reported to Pontiac police over the weekend.

Passes Bill to Control Uppity House Janitors

JEFFERSON CITY, Mo. (AP)—Some janitors have become too uppity to suit members of the Missouri House of Representatives.

The Legislature hires only two janitors and others are loaned by the director of public buildings. Members complained that they got nothing but backtalk when they made a request of one of the "borrowed" janitors. So the House approved a bill giving it complete control over all janitors on the premises.

Youth Fined, Jailed in Simple Larceny

BLOOMFIELD TOWNSHIP—Gerard T. Offer, 19, son of Mr. and Mrs. Edwin F. Offer, 165 E. Highland Rd., Pontiac, was fined \$50 and sentenced to three days in the Oakland County Jail when he pleaded guilty to simple larceny before Justice of the Peace Elmer Dieterle Saturday morning.

The youth was arrested Thursday night by Bloomfield Hills Police when he attempted to remove the tire and wheel from a car in the Grand Trunk Railroad Station parking lot there.

Business and Finance

Soybean Prices Drop Sharply

CHICAGO (AP)—Heavy selling took old crop soybean futures down sharply today in early dealings on the Board of Trade while wheat weakened moderately and other grains held about steady with small gains and losses.

May and July soybeans skidded well over a cent a bushel within the first few minutes on an unconfirmed report that large offers of deliver on the May contract would be made later today.

The setback in wheat ran to major fractions of a cent.

After about an hour, wheat was 3/4 cent a bushel lower to 5/8 higher, May \$1.93 1/2; corn 1/4 lower to 3/4 higher, May \$1.25 1/4; oats 1/4 higher, May \$1.39 1/4; soybeans 1/4 lower to 1/2 higher, May \$2.28 1/2.

Nehru Reaffirms India Neutrality

Denies Border Unrest Might Force Country Into Armed Alliance

NEW DELHI (U)—Prime Minister Nehru closed a parliamentary debate on the Tibetan revolt today with a declaration India will hold to its policy of nonalignment multilaterally.

He denied that India might join an armed alliance because of troubles on the northern border. He said Peiping charges of Indian interference and expansionism were a shock.

He reiterated his statement of April 27 that he hopes for continued friendly relations with Red China, whose overlordship has been denounced by Tibet's refugee ruler, the Dalai Lama, from asylum in India.

In Washington, Vice President Richard M. Nixon and other officials today opened a two-day conference intended to win support for a bigger and long-term program of American aid to India.

Sponsors of the conference, led by businessmen-economist Eric Johnston, hoped to persuade Congress and the administration that India is the vital Asian battleground in the struggle between democracy and communism.

The United States, they said, must lend billions of dollars to help India win the economic race against Red China.

Indian Ambassador M. C. Chagla said in an address prepared for the opening session that "a great and decisive battle is being waged in the world between dictatorial and democratic methods of solving the problem of poverty."

"India is the battleground," he said, "and the victory or defeat of democracy will be registered in that country. If democracy fails in India, freedom will be the casualty over the whole of Asia and Africa."

Waterford High Unit to Hold Open House

An Open House featuring student displays will be held from 7:30 to 9 p.m. Wednesday at Waterford Township high school sponsored by the Parent-Teacher-Student Association.

Every classroom and department in the school will exhibit the year's projects and teachers will host the attending visitors.

Beginning at 9 p.m. there will be a general meeting in the gymnasium for the election of next year's P.T.S.A. officers. The Speech, Vocal and Band departments will each present a 10-minute program.

Parents of ninth grade pupils at Cary and Pierce Junior High schools especially have been invited to the evening's activities to be acquainted with their children's next-year program.

Sizable Expropriation Cheered in Mexico

HERMOSILLO, Son, Mex. (U)—If there ever was any doubt as to the vastness of the Greene Cattle Co. ranch at Cananea, a headline in the *Hermosillo El Regional* settled it.

When the ranch was expropriated by the Mexican government, the newspaper proclaimed in two-inch type:

"At Last Cananea is Mexico's."

Medical Center to Rise

DETROIT (U)—Ground will be broken this week for a new medical center at Detroit's Eastland shopping center. The \$1,500,000-building will house 70 doctors and dentists. Completion date for the project is June 1960.

Homesteaders Need Big Stake for Alaska Start

ANCHORAGE, Alaska (U)—A family planning to homestead in Alaska should give up the idea unless it has a \$5,000 stake to get started, the president of the Anchorage Chamber of Commerce recommended today.

C. Kip Hiddleston referred to other groups of Detroit 59ers who plan to follow the original band of about three-dozen Detroiters who arrived here in March and now are trying to establish themselves.

Hiddleston said the first group "arrived about two months too early when the land they hoped to farm was covered by five feet of snow."

He said he doubted if homesteaders could make a go of it from farming alone and they probably would find it necessary to get summer jobs to carry them through the winter.

"Right now the job situation here is tough with about 20 per cent unemployment," Hiddleston said. "That isn't unusual for this time of year because the construction season, which offers the most job opportunities, doesn't start until late May or early June."

Although Alaska offers no ready-made means of livelihood for most newcomers, Hiddleston said the 49th state "has more opportunities for a new start than other states, but a person must use good judgment before he comes here."

Hiddleston said Alaska has need for workers with definite technical skills but has more than its share of unskilled laborers.

"What we need most of all are persons with investment capital who are willing to put their money to work," he said.

Board to Review Zoning Change

Request for Gas Station at Clintonville - Walton on Waterford Agenda

A new request for a zoning change from residential to commercial on Clintonville rd. at Walton Blvd. will be reconsidered when the Waterford Township Board meets tonight, according to Township Clerk James Seeterlin.

A request for the change for construction of a service station was turned down two years ago by a 3-2 vote of the township board. The zoning board has held hearings on the change, and approved it.

In other business, there will be an appointment of a member of the zoning board to replace Lewis Ruelle, who was elected as a trustee to the township board.

The board is expected to terminate a water operation agreement with the Burkshire Villa Homes for Lotus Lake subdivision. The firm will receive \$1,366 of its original \$2,500 deposit. The balance was used to operate the water system until 70 users were connected to the system.

Another request to rezone from residential to commercial a lot in Elizabeth Park Acres on Ascot Road near Elizabeth Lake Road wants to use the lot for storage of machinery. Most of the area is zoned commercial, Seeterlin said. Builder Samuel Block is expected to protest the township's water fee on seven lots in Lorraine Manor subdivision.

Waterford Woman Hurt in Crash on Gale Road

Virginia Pratt, 32, of 6327 Elizabeth Lake road, was taken to Pontiac General Hospital early Sunday with face cuts and left knee injuries after her car smashed into a tree on Gale road near Williams Lake road.

Her condition was reported as satisfactory today.

\$500 Carpeting Stolen From Waterford Home

New carpeting valued at \$500 was stolen from an unoccupied new home at 3010 Angelus Dr. in Waterford Township during the weekend, according to police.

A Detroit resident, Meyer Keneck, told police he was buying the house from the Gordon Williams Builders. When he entered the home Sunday, all of the carpeting and padding had been removed from the living room, dining room and hallway.

The Alamo, famous Texas and American shrine, was originally built as a chapel for the mission San Antonio de Valera of the Franciscans.
