Sparrow Sounds Alert

RIGHT UP THERE—Leader of the anti-tie faction Paul Sparrow points to the thermometer which signals the freedom from the heat-containing tie and buttoned shirt-collar.

Off With Those Ties, Men

Soaring of Mercury Issues 'Cool' Signal

Tuesday the mercury hit 90.

It was two o'clock.

Uncle Sam's experts said it would pass 90 today and again tomorrow. That means sport shirts with no collars for the men in this area are official.

★ ★ ★

"My boys will appear today and Thursday with no ties and with shirts open at the throat," said President Paul Sparrow of the Male Emancipation League.

★ ★ ★

"The bulk of the masculine population has joined my organization with enthusiasm. We're free and comfortable. My boys greet me on the street with a big smile and yell: 'Hi Pres.' That's the official greeting. I always respond, 'Hi, pal.' That's protocol."

Everyone with an open shirt is legally entitled to address President Sparrow at any time. Others must meet him socially or through an introduction in business or professional circles.

★ ★ ★

"Today and tomorrow," says President Paul, "are 'Sparrow Days.' Leave off your tie, unbutton your shirt and join the Pontiac area's swelling legions of happy men."

"Oh, a few of the sticky, puffy faced diehards still plod dismally ahead in the light of antiquity. They're locked in the deadly clutches of tradition, the stuffed shirt and possible apoplexy. We feel sorry for them in a magnanimous sort of way, but they're a hopeless and helpless minority."

DAYTON, Ohio (AP)—More than 1,100 friends from across the nation will help Charles F. (Boss) Kettering, famed inventor and retired General Motors Executive, celebrate his 80th birthday today.

Secretary of Defense Charles E. Wilson and GM president Harlow H. Curtice head the list of birthday guests who are to attend a party at the National Cash Register Golf Course.

The American Medical Assn. will present a plaque to Kettering for his "lifelong enthusiasm and ingenuity in charting new courses in medical research." Ventriloquist Edgar Bergen and singer James Melton will furnish entertainment.

FBI Cracks Riesel Blinding

4 Racketeers Held as 'Brains' in Acid Attack

Phony Union Official and Brother Arrested for Conspiracy

NEW YORK (AP) — FBI agents have seized notorious racketeer Johnny Dio and three other men as the underworld masterminds behind the acid blinding of labor columnist Victor Riesel.

The four were charged with conspiracy in allegedly setting up a sneak attack on Riesel shortly after he strolled out of a Broadway restaurant in the dark early morning hours April 5.

The FBI said a young hoodlum, Abraham Telvi, was hired for $1,000 to fling the acid. Telvi was later found shot to death.

DIO

After the arrests yesterday, U. S. Atty. Paul W. Williams said:

"Johnny Dio, among others, was the man who directed, instigated and arranged the payoff to Telvi in the acid attack on Victor Riesel. This is in direct relation to Riesel's planned testimony about labor racketeering before the federal grand jury."

Riesel, 41, long a syndicated newspaper crusader against criminal elements in labor unions, has also said the acid attack was planned to scare him out of testifying.

Schools to Open Next Thursday— Motorists Beware

Motorists have their lesson to learn as children return to school next week, according to Clyle R. Haskill, chairman of the Chamber of Commerce Safety Committee.

Haskill sums up the lesson in this nut-shell: "Drive slow, let 'em grow."

That's the motto of a campaign the safety committee is waging next month to protect school children on city streets, Haskill said.

Children swarming to and from school demand extra care from the driver, he said. "Children are careless—it's up to the driver to expect the unexpected from them and to act quickly to save a heedless youngster from harm."

Haskill gave these rules to protect youngsters in traffic:

Keep a sharp lookout for children at all times, especially in school zones, near playgrounds and at other places where they gather.

When driving in school zones, be alert for traffic signs, signals, police and school patrols, as well as for the children.

Give bicycle riders a break. "Don't be a juvenile yourself by trying to compete with them for the road," Haskill urged.

Optimism High on Suez Solution

Dulles Reveals Bright Outlook to Ike; Nasser Calls for Cairo Parley

WASHINGTON (INS)—Secretary of State John Foster Dulles met with President Eisehhower today to report that chances are good for a peaceful solution of the Suez Canal crisis.

For in London, Egyptian president Gamal Abdel Nasser today asked the five-nation Suez committee to come to Cairo "soon" to discuss the West's plan for international control of the canal.

Nasser proposed Cairo as the site of the meeting and also suggested an opening date. The latter was not disclosed, but informed sources said it was "soon."

Nasser agreed in a message received yesterday in London to hear the 18-nation plan for internationalization of the canal. His note today was in reply to a second message from the Menzies committee.

Other member states besides Egypt are the United States, Sweden, Iran and Ethiopia.

The prompt reply from Nasser was a good sign, but offsetting it was the sharp blow to Anglo-Egyptian relations caused by the arrest of two Britons in Cairo and the expulsion of two British diplomats on spy charges.

Egypt today announced the arrest of "several more" persons allegedly implicated in an anti-Nasser spy ring by two jailed Britons.

The government-controlled press claimed that one of the Britons, James Swinburn, had confessed planning a coup d'etat apparently aimed at the overthrow of President Nasser.

Ziegler Answers County Protests Over Proposal

Highway Boss Claims Routes Are Not Definite —Promises Hearings

By GEORGE T. TRUMBULL JR.

LANSING—Plans for a north-south highway which may bisect Oakland County are still incomplete on the drawing boards and far from reality, State Highway Commissioner Charles M. Ziegler said yesterday.

Ziegler met with a group of Oakland County officials to answer a flood of protest letters arising from a newly-formed Southfield-Bloomfield Assn. opposing a proposed Detroit-Bay City freeway.

He stressed that plans were far from definite and that as yet two alternate routes hadn't even reached the drawing boards due to a shortage of highway engineers. He added that hearings will be held when the time comes to decide which route should be built.

"We're not going to bust through property just because we have the authority to do so," the commissioner said. "We are just trying to serve the needs of the people without trying to crucify them."

He said the primary purpose of the meeting was to explain what progress had been made on one route and secure ideas from county officials.

Robert Swanson, chairman of the Oakland County Planning Commission, advanced the suggestion that the new route should use the existing right-of-ways by extending Northwestern Highway to the northwest and swinging north on a widened Telegraph road west of Pontiac.

Pontiac City Engineer Lewis Wrenn offered an opposite suggestion. "Why not do something on the east side of Pontiac," he questioned.

Other persons present at the session were Mayor William Donaldson, City Manager W. K. Willman, City Commissioner Philip E. Rowston, members of the county planning and highway commissions, representatives of the Tri-County Highway Commission and Bloomfield and Southfield Townships. State Senator William Broomfield also attended.

County officials were told that the extension of Northwestern Highway to M59 and then to M23 north to Saginaw was progressing rapidly. State highway officials emphasized this project was divorced from the new route under question.

Ziegler said two additional expressway routes should be on maps within three months. "The final answer on this is whether the federal government will okay it because they are paying 90 per cent of the cost," he said.

The incompleted first route, outlined at the meeting, begins at the Southfield - Northwestern interchange in southern Oakland County and runs in a general northwesterly direction just west of Birmingham and Pontiac to a point near the Telegraph and West Long Lake intersection.

The plan is for this route to jog north past the southwest corner of Flint and link-up temporarily with US 10 at Clio just north of Flint.

Ziegler said this route had just reached its "finalized" form in the past three months.

Carl Weber, state highway dept. engineer, said the department would "push the development of the two alternate routes which had been done for two weeks."

Ike Back on Job After Vacation

4 Days of Golf Refresh President for Duties, Active Campaign Role

WASHINGTON (AP) — President Eisenhower takes up his White House duties again today, refreshed by a four day golfing vacation in California.

Eisenhower also is expected to begin slipping more firmly in the next few days into the role of active campaigner for re-election.

There was no immediate announcement of his schedule, but Republican National Chairman Leonard Hall and Secretary of State Dulles were expected to be among the earliest callers.

Eisenhower had spent four days golfing and relaxing at the Cypress Point Club on California's Monterey Peninsula after two days at the Republican National Convention which unanimously nominated him for a second term.

County GOP for Van Dusen

Push Birmingham Man for Attorney General on State Ticket

Oakland County Republican delegates—124 of them are going to the state convention in Grand Rapids Saturday as strong supporters of State Rep. Richard Van Dusen of Birmingham for the party's nomination as attorney general.

★ ★ ★

The convention begins with an informal session Friday.

Plans for an all-out fight in November are expected to be overshadowed by the selection of nominees for attorney general and three other unselected posts on the ticket.

Mayor Albert E. Cobo of Detroit, nominated for governor in the August primary along with Clarence A. Reid for lieutenant governor, has said he will keep hands off in the competition, except possibly to reject candidates he feels would be out of step with his aims.

OTHER POSSIBILITIES

Van Dusen's possible competition includes State Rep. George Van Peursem of Zeeland; Arthur T. Iverson of Detroit, former deputy attorney general; State Rep. John J. McCune of Lansing; State Sen. Creighton R. Coleman of Battle Creek, and Kenneth D. Plaxton of Alma, Gratiot County prosecuting attorney.

The convention also will nominate candidates for auditor general and state treasurer. Two choices will be made for the nonpartisan judicial ballot to oppose incumbent Supreme Court justices. Electors for President of the United States also will be selected.

Among those who may figure in competition for the auditor general nomination are Francis D. Criqui of St. Ignace, John Bellamy of Petoskey, William Forsythe of Otsego County, and William L. Burns of Ironwood.

Sift 350 Infants' Deaths to Check on Burly Nurse

FROM OUR WIRE SERVICES

NEW HAVEN, Conn.—Police moved today to obtain death certificates of 350 New Haven babies to determine the possibility of further infant killings by a burly nurse who admits killing three babies.

New Haven County Coroner James J. Corrigan said he has asked the State Health Department to release all information surrounding the deaths of babies in the New Haven area since 1953. He estimates there have been 350 infant deaths in that period.

The action followed refusal by six-foot, 220-pound Virginia B. Jaspers, 33, to answer questions at a coroner's inquest yesterday.

Previously, police said she admitted in a signed statement to shaking three babies to death and injuring two others.

Yesterday, five parents reported to police their children had been injured while being cared for by Miss Jaspers, daughter of a former state senator who is now New Haven county treasurer and assistant personnel manager of the New Haven Railroad.

Corrigan said Miss Jaspers' refusal to testify yesterday will cause at least a two-week delay in resumption of his inquest.

★ ★ ★

Attorneys for the distraught and remorseful woman said they are advising her to refrain from further statements until she undergoes psychiatric examination.

They called for a reduction in the $50,000 bond to enable her to submit to mental examination outside the surroundings of the jail which they called "unfavorable."

Miss Jaspers was arrested Monday after 11-day-old Abbe Kapsinow was discovered to have died from head and body injuries under "suspicious circumstances."

★ ★ ★

"It was all uncontrollable," police reported Miss Jaspers as saying, "I don't know why I did it. Children sometimes get on my nerves. I ought to be put in an electric chair."

The towering woman has served for 12 years as a pediatric nurse, mainly in private homes. But the State Board of Examiners insists she was neither licensed nor registered.

Boy Describes Beatings, Shuns Return to Parents

Thirteen-year-old Aaron Wilkinson, the oldest of 10 children found abandoned in a Keego Harbor home last week, expressed no desire to go back home and described several alleged beatings he and a sister had received as Oakland County Prosecutor Fred iem began taking statements from the five oldest children of Mr. and Mrs. William Wyatt today.

The Wyatts are being charged with cruelty and can be sentenced to four years in prison or fined $2,500 if convicted. They will be examined by W. Bloomfield Township Justice Elmer C. Dieterle, Sept. 5.

Two other members of the family had run away from their Pridham street home several days before the others were found.

All have been living at the Oakland County Children's Home with the exception of Sherry, 7, who is being treated for a severely burned hand and cuts and bruises at Pontiac General Hospital.

"I just don't want to go back home," Aaron told the prosecutor during this morning's questioning. When asked if it was because he was afraid of his stepfather, he replied: "When he whips me I just don't like him."

Aaron told Ziem the last time he was beaten by the 29-year-old Wyatt was while the mother was in the hospital. He said his stepfather beat him "five or six times with a belt."

Aaron said that a dispute over some potatoes he cooked resulted in the last beating. He said his father was visiting a neighbor when he (Aaron) cooked the potatoes and the children ate them.

A neighbor child, who was eating with the Wyatt children, told Wyatt the potatoes had not been cooked enough, according to Aaron.

The boy said he tried to tell his father the potatoes had been "all right" but that he refused to listen

But Press Worries About Them

Train Fun Has Serious Aspects

All over but the fun . . . well, nearly.

With just under two weeks remaining before The Pontiac Press Theater Special points its prow toward New York City, planners and travelers this week turned their attentions to the "serious" aspects of their Sept. 10-15 trip.

The travelers, 100 strong, could almost hear the engine's departing whistle as they looked over the task of selecting clothes and looking up addresses.

But no one had to give a thought to the other details of reaching the Eastern city and returning. Those were taken care of today when envelopes containing train tickets, itinarary folders, seating arrangements and baggage checks were mailed from the Press.

The schedule of events lists each phase of the trip from departure time at 6:45 a.m. Sept. 10 to arrival back in Detroit at 9:35 p.m. the following Saturday.

Illustrated by a picture of the Special's first registrant, Miss Joan Lewis, the folder includes the names and addresses of each traveler and the train car to which he or she has been assigned.

Each step is then outlined in a series of paragraphs about the train trip, the hotel stay and the itinerary.

First of the events, according to the folder, will be an arrival party at Greenwich Village. The next day, travelers will view Manhattan Island from a boat and see "No Time for Sergeants."

Successive events through the five days will include "The Most Happy Fella" and New Faces of 1956" on Wednesday; United Nations tour and luncheon, and "Damn Yankees" on Thursday; and "Will Success Spoil Rock Hunter" and an after theater party on Friday.

In addition to the main features of the trip, the itinerary lists several periods of free time.

And that's just the "fun" portion. Also included in the packet are tickets, baggage checks and a detailed account of where each traveler will sit.

It's serious business, but it's all a part of making sure that Theater Special guests spend their time in enjoying the spirit of our "special adventure"—having fun.

The Day in Birmingham

CD Program Sept. 9-15 Slates Dedication, Parade

BIRMINGHAM — Civil Defense Week in Birmingham from Sept. 9 to 15 will include dedication of the Ground Observer Post, a parade and showing of five movies to interested groups.

The tentative program for the week was presented to city commissioners by Dana Whitman Jr., civil defense director Monday night.

Mrs. Melvina Eberle, county coordinator of the Ground Observer Corps, says she has the assurance that a representative of Governor Williams will attend the ceremony at 4 p.m. Sept. 13 dedicating the GOC post on East Maple road.

She expects, also, that Roger Kyes of Bloomfield Hills, who is active in national defense work, will arrive in town from a Chicago appointment in time for the parade.

The parade, set for 7 p.m., will include bands, fire equipment, emergency communications truck, and numerous floats, Whitman says.

A "Miss Civil Defense" will be named, churches will observe the week, and other publicity aides will be utilized to tell citizens of need for protecting people in time of war-caused or natural disaster.

Junior Chamber of Commerce, members are working with the civil defense director in planning.

The movies or a talk by the civil defense director or an office representative will be available to groups during the week, Whitman advised. He tendered his resignation as CD director Monday, but a successor is expected to be named by early next week.

Most of the arrangements have been completed so that my resignation will in no way affect this program," he said.

A helicopter-arrival of an air force official is hoped for by Mrs. Eberle, but someone from the Air Force will attend, she says.

The post is in operation, with partial hours taken by available volunteers. Mrs. Donald St. John, director, is seeking additional volunteers to complete the 24-hour daily watch.

City Manager Harold Schone advises that a replacement for Dana Whitman, who leaves Friday for Newton, N. J. to take a city managership there, will not be revealed until early next week.

He indicated that he would not make his appointment definite until the return from vacation of L. R. Gare, public works director who acted as city manager in the two-week interim before Schone took his post from D. C. Egbert.

City commission will meet on Tuesday instead of Monday next week because of Labor Day, and the successor's approval will be asked at the time, Schone says.

Arrest Masterminds in Riesel Blinding

(Continued From Page 1)

a Brooklyn baker; and Charles Tuso 44, a garment worker. All have long criminal records.

BANDO

A fifth man, Charles Carlino, also was charged yesterday with conspiracy. He Aug. 18 and held in $100,000 bond as a material witness.

Two other alleged conspirators in the attack were arrested Aug. 17. They are Joseph P. Carlino, 43, who is not related to Charles, and Gondolfo Miranti, 37.

The FBI gave this account of how the gang allegedly mapped out and executed the attack:

* * *

TUSO

Johnny Dio and Tuso met in candy store a few days before the attack. Miranti then got in touch with Bando, who, through Joseph Carlino, procured the services of Telvi.

After the attack, Miranti hurried to a meeting with the two Dios and Tuso. He reported to them that the job had been done.

But he had some bad news. Some of the sulphuric acid aimed at Riesel's eyes had splashed on Telvi's face.

* * *

Miranti was therefore ordered to make certain Telvi did not run to a doctor for treatment.

The FBI has said Telvi was later wiped out because his acid-marked face made him a living, tell-tale link to the crime.

AFL-CIO leaders, gathered at Forest Park, Pa., said that if Dio is guilty of complicity in the Riesel case he should get "what is coming to him."

* * *

Dave Beck, president of the Teamsters Union with which Dio has had connections, said "He's no labor leader to the best of my knowledge. He doesn't belong to our organization."

Dio obtained Teamsters Union charter for a number of non-existent locals earlier this year to help try to seize control of the New York area teamsters organization. AF-CIO leaders are expected today or tomorrow to change AFL-CIO policy so as to prevent such future chartering of "paper locals."

Low-Grade Lunch Meat Costs Salesman $100

A salesman for the Hygrade Food Products Corp. of Detroit, yesterday was fined $100 for selling substandard bologna in Pontiac.

Jeremiah P. Ryan, 47, of 175 Rundell St., was arraigned before Municipal Judge Cecil McCallum on a charge brought by the Michigan State food inspector.

Romance for Adlai? He Denies Rumors

PORTLAND, Ore. (INS)—Adlai Stevenson was questioned yesterday about rumors naming him in a romance with a wealthy Alabama widow.

He took time out while inspecting Bonneville Dam to comment, "You may say that I was never more flattered, but I am afraid there is no truth to the reports."

His name had been linked with Mrs. Dorothy Vredenburgh, who was secretary of the Democratic National Convention. When questioned at Birmingham, Mrs. Vredenburgh had told reporters coyly: "I think you'd better ask Adlai Stevenson about it."

Mrs. Vredenburgh is the widow of Peter Vredenburgh III, Alabama lumberman who died earlier this year.

Primary Canvass Shows 30 Pct. Voted

By ROGER LANE

LANSING (AP)—The combined Republican-Democratic vote for governor in the Aug. 7 primary totaled 933,321, or a bare 30 per cent of the state registration of 3,128,442.

* * *

This has been reported by the State Board of Canvassers which met to certify statewide and district returns.

The ballot for governor was about 40,000 heavier than in the 1954 primary, but fell a half million short of the last comparable primary in 1952 when 1,436,530 votes were cast.

A comparatively light turnout was expected because of the lone statewide contest — that matching Detroit Mayor Albert E. Cobo and Donald S. Leonard, former State Police commissioner.

OFFICIALLY IT'S COBO

The official figures showed Cobo outdistanced Leonard, the 1954 Republican gubernatorial nominee, 348,652 to 156,822.

Gov. Williams, unopposed for a fifth consecutive Democratic nomination, pulled 427,821 votes.

The board of canvassers did not overturn the outcome of a race on any level. It promptly received three petitions for recounts, with the possibility that others might be submitted within the 48 hours allowed.

* * *

The recount petitions were filed by Dr. Ira D. McCoy of Bad Axe, a Democratic candidate for Congress in the Seventh District; Robert L. Patterson of Port Huron, a Republican candidate for the State Senate in the 34th district, and Preston H. Johnson of Rosebush, a Republican candidate for the House of Representatives.

Only Patterson fully met all the technical requirements, leaving temporarily open the question whether McCoy and Johnson will go through with their demands.

Both Republican and Democratic statewide leaders had professed satisfaction with the unofficial returns, which were little changed in the canvass.

FEIKENS PLEASED

John Feikens, Republican state chairman, cited a five per cent gain over the Republican share of the vote for governor in Wayne County, setting up his comparison with 1954.

Top Democrats called the results "encouraging."

Williams corralled 67 per cent of the Wayne County gubernatorial vote. His percentages in previous primaries were 71 in 1954, 58 in 1952 and 58 in 1950.

On a statewide basis, Williams had 46 per cent of the vote for governor. He received 48 per cent in 1954, 39 per cent in 1952 and 38 per cent in 1950.

* * *

Because of varying conditions in these years, a variety of interpretations would be placed on the figures.

Robert H. Montgomery, state elections director, declined to hazard any judgment on significance of the returns.

In the big 1952 primary, Republicans Fred M. Alger Jr., Donald S. Leonard and William C. Vanderberg combined for 869,712 votes to 566,818 received in that year by Williams running unopposed.

TOTALS DIFFER

The Wayne County totals four years ago broke down 264,973 Republican to 365,471 Democratic. The outstate ratio was slightly better than three to one Republican.

In the Aug. 7 balloting for unopposed candidates for lieutenant governor, Republican Clarence A. Reid polled 374,091 votes and Lt. Gov. Philip A. Hart, Democrat, 348,777.

McCoy, who has indicated he will challenge the nomination of Jacob F. Theut of Centerline, in the Seventh District, received 10,066 votes in the canvass to 10,876 for Theut, a difference of 810.

* * *

McCoy had in mind challenging the count in all 121 of the precincts in Macomb County, where Theut formerly was sheriff.

Patterson was declared a 10,143 to 10,071 loser to State Sen. Frank D. Beadle of St. Clair. He has challenged the outcome in 28 St. Clair County precincts.

Johnson, beaten by nine votes—1,789 to 1,780 — by Russell H. Strange Jr., of Clare, indicated he wants a recount in 19 precincts.

In one of the contests that attracted wide primary interest, Atty. Robert P. Griffin of Traverse City, was declared the winner over Rep. Ruth Thompson of Whitehall, for the Ninth District by a vote of 14,476 to 9,971, giving him a margin of 4,505. Ralph B. Olthouse, a third candidate, received 3,246 votes.

Policeman Held as Hit-Runner

Charge Detroiter Fled After Hitting Teenager Crossing Street

DETROIT (AP) — A Detroit policeman was suspended yesterday and accused of hit-run driving. Both he and a friend riding with him were held for investigation of leaving the scene of an accident in which a 5-year-old boy was injured.

* * *

Suspended is Patrolman Joseph W. LaMarre, 36. The other man is Frank Roels. Both live in Detroit.

The victim, John Meranatti, was seriously injured when struck while crossing an intersection Monday.

Motorcycle Patrolman James Townsend, who was writing a ticket nearby, said he overtook the off-duty LaMarre six blocks away. Patrolman George Daschke said he saw the accident from a parked police car.

ADMIT DRINKING

Inspector Thomas Arrington suspended LaMarre when the latter declined to make a statement to the prosecutor's office. Townsend said LaMarre told him he and Roels had been watching the Harmsworth Trophy race on the Detroit River and admitted having two shots of liquor and two beers.

They were towing a boat behind LaMarre's car and said they didn't know there had been an accident because of the noise and jerking of the boat trailer.

Williams Still Seeks Bank Commissioner

LANSING (AP) — Gov. Williams said yesterday he is having difficulty filling the post of state banking commissioner.

* * *

The position was vacated nine weeks ago by the death of Maurice C. Eveland.

Williams said he has interviewed a number of possibilities for the post and is continuing his search.

He said the position carries "tremendous responsibilities."

WARY OF MONOPOLIES

The governor said he wants to be sure to get a man who will preserve the balance between large and small banks, and prevent establishment of a banking monopoly controlled by a few giants.

Some older man with good qualifications would be willing to fill in on an interim basis, he indicated, but would not accept the responsibilities over a long haul. The position pays $10,500 a year.

The acting commissioner, Deputy Herman G. Taylor, reportedly is not interested on a permanent basis.

You Can't Do That —He Certainly Did

CHARLESTON, W. Va. (AP) — City Patrolman Dallas Montgomery tagged the brand new Cadillac for overtime parking and started to walk away when an excited man ran after him.

"Officer, you can't do that," the man complained. "I haven't any money to pay parking tickets."

"Well, if you're that hard up, here's a dollar," said Montgomery. "I'll pay it for you."

The motorist grabbed the dollar bill and walked quickly away while the officer stood speechless.

Rugged Youth Rejected by Marine Recruiters

MEADVILLE, Mo. (AP) — Recruiters for the U.S. Marines know of one willing volunteer — but his age isn't quite up to snuff.

Jack Stratton of Meadville wrote this to the St. Joseph, Mo., recruiting office:

"I sent a letter to you but I never got a letter back. I hear the Marines are pretty rugged. I'm pretty rugged myself. I'm four feet tall, 22 inches around the waist. I'm 8 years old. I'll soon be 9."

Patience, boy, you are eight years under the limit set by regulations.

A Wholesale Solution to Classroom Troubles

ANN ARBOR (AP) — Mass production of classrooms at a low cost and rapid pace is the only way to meet the demand posed by a constantly soaring birth rate, says Charles J. Leonard. He has organized a firm and thinks he can build mass produced classrooms at $11.87 a square foot compared to from $14.95 to $20.90 for conventional building costs.

* * *

His firm builds school rooms from masonry-surfaced panels. Most of the rooms are 30 feet by 32 feet but can be made larger because of standardized components. Almost any number can be hooked together in a variety of plans.

Research Corporation Names 2 Administrators

Kinsey Dead, but Partners Carry On Massive Compilation of Data About Sex

INDIANAPOLIS (INS) — Dr. Alfred C. Kinsey's mammoth research into human sexual behavior, begun in 1938, will continue without interruption.

He made sure of this by delegating responsibility to his associates in the Institute for Sex Research, Inc.

Today, his associates still were too stunned by the 62-year-old scientist's death to plan for the future, except to say they'll continue the project with Dr. Wardell Pomeroy and Dr. Paul Gebhard as joint administrators.

Current projects include studies of prison inmates and Europeans and detailed reports on homosexuality, heterosexuality and other phases of human sex behavior.

BURIED NEAR SON

Kinsey, who died Saturday of a heart ailment, pneumonia and a kidney complication, was buried Monday in Rosehill Cemetery at Bloomington, Ind., in a plot with a son who died at the age of four.

In a letter written four weeks before he became ill, Kinsey said it was "part of our established policy" to shift responsibilities among all six associates in the sex institute.

There are five Kinsey associates, four men and a woman, to carry on his work. All are trustees in the institute. They are Clyde E. Martin, economist and statistician; Alice W. Field and J. Douglas Short, comparatively recent additions to the staff, and Pomeroy and Gebhard.

* * *

Pomeroy, a clinical psychologist, and Martin were listed with Kinsey as co-authors of "Sexual Behavior in the Human Male," the book which startled the nation in 1948. These three and Gebhard were co-authors of the second volume, "Sexual Behavior in the Human Female."

Only Pomeroy, Martin and Gebhard know the secret code in which the sex histories of some 19,000 persons have been written and filed in locked, fireproof rooms at Indiana University.

Kinsey said shortly before his death the code never has been broken although some persons tried to make sense out of the "international gibberish" which was produced as a sample history in one of the volumes.

SWORN TO SECRECY

It was largely through the promise of utmost secrecy that Kinsey and his workers were able to get the thousands of men and women from all walks of life to reveal the most intimate experiences of their lives and thoughts.

The financial structure of the institute also seems secure. It was set up with the hope of continuation after its chief architect's death.

Kinsey said a few months ago one-third of the money financing the institute's work comes from the National Research Council, one-third from Indiana University and the other third from book royalties.

Wants Limpy Back — but, Please, Alive

STATE COLLEGE, Pa. (AP) — Mark Smythe placed an ad in the lost and found department of the newspaper asking that his pet be returned to him — but alive.

He had good reason for adding the "alive" stipulation.

The pet is a red fox Smythe has had penned in his home for some time.

He said the animal won't be hard to identify. It has a broken leg which isn't in a cast. As a result, Smythe said the animal is sure to be limping.

"Older persons can't afford to be indifferent to this immunizing vaccine," Chase said.

SEATTLE, Wash. (AP)—Bob Chang, a special Chinese representative for an airline, ran into a new problem in trying to put Orient-bound passengers at ease.

Predates 1st Maryland Settlers

Famed 'Wye Oak' Must Go

WYE MILLS, Md. (INS) — Death, as it must to all trees, has come to America's oldest and most famous oak.

The end for the 450-year-old "Wye Oak" was signaled just before dawn yesterday when residents of Wye Mills, a Maryland Eastern Shore village, were awakened by what they described as "a tefrible, crackling sound."

* * *

The sound was made as a limb, three feet in diameter, ripped away from the mighty oak and crashed upon picnic tables in the grove which surrounds the towering tree.

Tree surgeons, summoned by state officials, said nothing could be done to save the landmark which already was an object of admiration among the Indians when Lord Baltimore's brother, Cecilius Calvert, led the first white settlers to Maryland in 1634.

The experts said death was caused by old age and that the end probably was hastened by last year's hurricanes and this year's summer storms.

* * *

The Wye Oak furnished inspiration to poets like Maryland's Edgar Allan Poe and has been described in travel literature in many languages.

Deadline Approaches for Korean Bonuses

About 35,000 veterans in Michigan have failed to apply for the state Korean bonus, according to Floyd E. Cremer, deputy director of veterans affairs in Oakland County.

Many are from Oakland County, Cremer says, and he stressed only five months are left to apply.

The deadline is March 7, 1957, Cremer said. This applies to all Korean veterans even those still on active duty.

Veterans from Delaware, he added, who are eligible for a bonus from that state have until Jan. 1 to apply at the Veterans Military Pay Commission in Wilmington. The Delaware deadline for a World War II bonus is Dec. 30, Cremer said.

German Thanks State With Gift of Oil Painting

LANSING (UP) — Gov. Williams has accepted for the state an oil painting of the four chaplains who lost their lives during a troopship sinking in World War II.

The painting was the gift of Heinrich Funke of Detroit, who came to this country from Germany about four years ago.

Funke, who said he has prospered here as a tool and die maker, said he presented the painting to the State of Michigan "in gratitude for the kindness shown to us in this country."

Williams said the painting will hang in the office of the Michigan Veterans Trust Fund.

YOU MAY HAVE PIN-WORMS AND NOT KNOW IT!

Virginia Rests Integration Fight

Recess Maneuver Seen as Move to Up Support for Governor's Plan

RICHMOND, Va. (UP) — Both houses of the Virginia General Assembly met briefly today and recessed until Tuesday—apparently in line with the administration's timing to garner support for the governor's school program.

* * *

Many of the lawmakers opposed to Gov. Thomas B. Stanley's proposal to withhold state funds from integrated schools saw the long recess as a move "to gain more time."

Generally, they admit the governor's program seems headed for passage in the House of Delegates but see its chances as "about an even run in the Senate."

* * *

Administration leaders in the upper house say they "are encouraged" over the outlook, though, and add the recess extending over the Labor Day weekend simply is to allow for the printing of the various school bills.

This, they contend, will give the people opportunity to digest all the proposals in time to give their views at public hearings set for Tuesday.

Delegate Fred G. Pollard of Richmond introduced a bill to allow parents or guardians to indicate whether they wished their children to attend segregated schools or schools designed as integrated schools.

* * *

"Presumably all the white children would choose the segregated schools, but no one choosing the integrated school could complain because it would be open to both races," Pollard said of his proposal.

His bill brought to 34 the number of school measures offered since the Assembly convened at noon Monday. Thirteen bills to carry out the governor's program were introduced in each house yesterday.

Almost Fatal Rope Trick

LOUISVILLE, Ky. (UP)—A game with a rope ended in near-tragedy for one of two six-year-old boys. They tied the ends of a rope around their waists and stood on opposite sides of a road. When a bus came along, they pulled the rope taut. They were snapped to the ground, both suffering injury.

Alloy Cuts Ship Weight

NEW YORK — The largest marine aluminum structure is in the upper decks of the liner United States. The weight of the aluminum alloys involved is 2,000 tons; this produces a direct weight saving of 2,500 tons and a fuel saving estimated at 8 or 9 per cent.

Alabama OKs Anti-Negro Bill

Votes to Change Public School System to Keep Segregation

BIRMINGHAM, Ala. (UP)— Alabama voters have approved a constitutional amendment to keep Negroes and whites in separate schools even at the cost of abolishing the public educational system.

The measure allows the State Legislature to end public educational facilities and give public funds to private schools.

* * *

It, and a similar amendment covering public park facilities which also apparently passed, are designed to provide a bypass of the Supreme Court's decisions outlawing segregation in schools and recreational facilities.

Counties with heavy Negro populations went overwhelmingly for the two racial measures. Those with few Negroes generally opposed them.

Returns from 1,875 of the state's 2,700 boxes gave the school amendment a margin of 97,720 to 63,302.

The same returns, on the parks proposal, gave 86,629 for and 63,439 against.

* * *

Another amendment of statewide application, proposing to increase the income tax ceiling on corporations from 3 to 5 per cent was defeated. The count of 1,860 boxes showed 101,999 for and 50,414 against.

4 Murder Cases Top List of Fall Term Court Trials

Four murder cases top the list of 155 felony cases on the Oakland County Circuit Court calendar for the September term, it was announced today by prosecutor Fred C. Ziem.

The first degree murder charge against Howard W. Moore, 26, accused in the slaying of his three-year-old Lake Orion neighbor, Martha Little, July 28, is expected to be among the more important cases if he is found sane in a sanity test scheduled for Sept. 11 in Circuit Court.

Also facing charges of first degree murder are Cecil Edgil, accused of bludgeoning another man to death with a baseball bat in Royal Oak Township, and R. D. Davis. The latter is charged with a Pontiac murder of two monthss ago.

Milton P. Evans, 38, of 8620 W. Eight Mile Rd., Ferndale, will appear on a second degree murder charge. He was arrested June 14 by Royal Oak Township Police after the shooting of another man there allegedly following an argument over a woman.

A pre-trial conference on all the cases is scheduled for Sept. 12 before Judge H. Russel Holland. The conference is held to schedule the case for trial.

Boy Splashed by Acid in Critical Condition

ST. LOUIS (UP) — James Badger, 13, sprayed by sulphuric acid which had leaked from a truck, was burned critically as he rode a bicycle in suburban Lemay. A passing car splashed the acid on him. He lost control of the bicycle and fell to the street. His shirt and trousers fell away. A quick thinking witness sprayed him with a hose he was using to water his lawn. Badger was burned on his chest, arms, face and legs.

The truck driver said a valve apparently jarred open as he crossed some railroad tracks. About 4,000 gallons of acid escaped.

IF YOU SUFFER FROM ARTHRITIS
I KNOW WHAT'S BEST FOR IT!

"I believe that people are put on earth to help others, and that is the reason I offer this true testimonial" says Mrs. Anna Knack, 1518 Avenue B, Flint, Michigan.

"I am glad to tell others of my experience with O-JIB-WA BITTERS, as I have suffered so much for over 30 years, and have found the medicine that brings the relief that you want. I had rheumatism and arthritis in both knees, but especially the right one, and was often forced to sit down because of the severe pain; but I just wouldn't stay in bed. I also had it in the back of my neck, and the pain was so fierce that I couldn't sleep nights. I discovered years ago that O-JIB-WA BITTERS brought results where other medicines failed, and besides, it seems to build me up and gives me lots of pep too. I sew for others, baby sit and keep up my house, and I am strong and healthy for a lady of 76. I also find that by using your tea with the medicine, that its good for indigestion, as before, I couldn't eat cabbage, beans, onions, etc., as these foods would upset me, but now I can eat anything and enjoy it. I have read in the Bible how God created herbs for the service of man, and after trying other medicines, know that nothing compares with O-JIB-WA BITTERS. That is why I offer this true testimonial, so that others who have rheumatism or arthritis may know of the wonderful results obtainable from this herb medicine."

Benson Defends Farm Policies

Secretary of Agriculture Speaks at Joint Meeting in Battle Creek

BATTLE CREEK (AP)—Secretary of Agriculture Ezra Taft Benson says the farm plank of the Democratic platform is filled with promises "impossible to fulfill," but the Republican plank "while not perfect . . . is sound."

* * *

Benson told a farmer's-businessmen's meeting here last night current policies "will create the widest markets and highest incomes attainable for farm and ranch families." He said farm markets are enlarging and prices are "up over 10 per cent since last December."

Benson said agricultural legislation over the past 3½ years has been largely bipartisan. He added:

"I abhor the efforts that are now being made to place agriculture on the political auction block. Farmers' votes cannot be bought by the highest political bidder."

RAPS HIGH PROOPS

Benson rapped the Democrats for supporting in their platform rigid price supports at 90 per cent of parity.

"Rigid price - fixing shrinks markets and lowers prices," he said. "It stimulates foreign competition and creates income-depressing surpluses. It increases government domination of farmers, increased taxes and reduces opportunity for farm people."

Benson blamed farm surpluses on "the insatiable demands of war and failure to adjust to postwar conditions."

* * *

"I mean, specifically, the high rigid price supports of the previous administration—an emergency program that was instituted to help win World War II—but that was continued for 10 years after the shooting stopped because our predecessors lacked political courage," Benson said. "Emergency programs should be terminated as soon as the emergency is over," he added.

He claimed three major victories for the Eisenhower administration in the field of farm policy. They are, he said:

1. Winning the battle against rigid price supports.
2. Creation of the soil bank program.
3. Legislation to speed up movement of stocks of government-owned farm commodities. Excluding cotton, U. S. agricultural exports in the fiscal year ended June 30 were the highest in 30 years, Benson said.

Candlelit Marlette Church Sees Feick - Hager Rites

MARLETTE—The Rev. J. Arthur Murfin performed the candlelight service which united Arlene Lenore Feick and Carlyle H. Hager in marriage Friday evening, in the Griswold Street Baptist Church.

The bride is the daughter of Mr. and Mrs. Frank Feick, Port Huron, and the bridegroom's parents are Mr. and Mrs. Carl Hager, Marlette.

The rose pointe lace gown worn by the bride buttoned down the back and was styled with a long torso bodice. The neckline was scooped, and the bouffant skirt of nylon tulle was over slipper satin.

Seed pearls and rhinestones trimmed the coronation crown she wore to hold her French illusion veil in stylish fingertip length.

She carried a bouquet of white roses and stephanotis.

Mrs. Gaylord Feick, sister-in-law of the bride, was matron of honor, and the bridesmaids were Mrs. Lloyd Hoist, Marlette, and Marilyn Jones and Deanna Touma, Port Huron.

Jack Hager, brother of the groom served as best man. Ushers, all from Marlette, were Lloyd Hoist, Roger Sparking and Loren Hager, another brother of the groom.

The bride's niece, Wendy Lynn Feick, was flowergirl and Ronnie Feick, nephew, was ringbearer.

James Lattin, soloist, was accompanied by organist Gaylord Feick.

After a reception in St. John's Hall, the couple left for a ten day honeymoon in Florida. On their return they will be at home on their farm, south and west of Marlette.

Seeks to Stem Flow of Hazel Park Liquor

HAZEL PARK (INS)—A former Hazel Park councilman today began circulating petitions aimed at stopping the city's 12 bars from serving hard liquor.

Van Buskirk seeks 2,000 signers on the petition to force the question onto the Nov. 6 ballot.

Cooper Ties WGC Mark in Tuneup

Nation's best touring golf professionals have been "feeling out" Western Golf Club's tricky layout in advance of the 5th Motor City Open tournament, and yesterday at least three found it not too difficult.

Knollwood's Pete Cooper, starting with a front nine 33, went on to equal the course record of 67, best of the tuneup rounds for which any cards were taken.

The $20,000 event, making the tourney the country's top money test of the moment, gets under way Thursday and runs through Sunday. It's a straight medal-play feature with the champion getting $4,000 of the big pot. A pro-member feature was under way today.

Other sub-par rounds were fired by Jay Hebert with a 69, Dow Finsterwald with 68 and former National Open champion Jack Fleck and Indianwood's Mike Dietz with 70s. Western plays par 72, over a 6,770 yard distance and the club pro Bill Brown estimated today that it would take at least a 276 to win. That's 12-under par for the 72-hole grind.

More than a dozen of the nation's "big names" of golf are already at the course, Brown reported today. The yincluded Julius Boros, former National Open and "World" champion, who played 14 holes yesterday for a one-under total. Freddie Haas, long-hitting George Bayer, ex-National Open champ Ed Furgol and the always dangerous Tommy Bolt were also among the entries.

Doctoring Your Golf Game

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Scooping sand

DIAGNOSIS: Weak left arm

TREATMENT: The most hopeless way to try to get out of sand is to raise the body and lift the

arms as the ball is struck. A sort of scooping effort that nine times in 10 pops the ball feebly upward and leaves it in the sand for further tries.

Body balance throughout the swing is the top factor. That's why it pays, first of all, to dig in. Get sound footing. Swing the club back with the left arm in absolute control. Grip firmly with the left hand and don't let go, because if the grip weakens in the backswing, the right hand will take over, and you'll lose the all-important downward pull of the left arm that is so clearly shown in the sketch.

* * *

With the downward pull of the left arm, as you see, the weight shifts easily to the left leg. The only movement in the upper half of the body, you'll notice is the pull of the left arm. Nothing else. The left hip is out of the way when the stance—the open stance—is taken, with the right foot closest to the ball.

* * *

From the position shown, the sand is struck about one to three inches behind the ball, so that the ball, in this explosion action, rides out on the sand. Important: The left arm pulls down into the sand and on out after the ball. No pull-up of the body. No sudden lifting of the arms to scoop the ball out. The loft of the clubhead, with the face slightly open (turned to the right) will do the job.

Mantle Hits 45th Homer

Brooks Gain as Bucs Clip Braves

By THE ASSOCIATED PRESS

Are Dale Long and the rest of Pittsburgh's short-lived heroes to become Milwaukee's pennant-block, just as the Pirates were to Brooklyn in 1954?

Brooklyn had edged to within a half game of first place in '54 and looked good and healthy with 10 games remaining against Pittsburgh in the last month and a half of the season. But the last-place Pirates, who had lost 10 of their first 12 games with the Brooks, won five of those last 10, standing the Dodgers on end while the New York Giants copped the flag and the world championship.

The Pirates, who lost 12 of their first 18 games with Milwaukee this season, looked like the spoilers of old last night, coming from behind as Long hit a three-run homer to beat the Braves 5-4 and trim their National League lead to 1½ games over the Dodgers.

And except for the fact Brooklyn was playing a doubleheader in the only major league park without lights, the Dodgers might have been only a half game shy of the Braves today. The Brooks split the twinbill with Chicago's Cubs, winning the opener 6-4 on three ninth-inning runs, but losing the nightcap 4-3 when play was halted after 7⅓ innings by darkness.

Third-place Cincinnati rose to just three games off the pace with an 11-1 barrage against the Giants. Philadelphia clipped St. Louis 6-4.

In the American League, Mickey Mantle belted his 45th home run in New York's 4-0 victory over Kansas City in a game held to six innings by rain. The Yankees regained an eight game first-place bulge as Cleveland lost at Baltimore 1-0. Chicago's White Sox split a pair with Washington, winning 5-3 after a 6-2 defeat. Detroit defeated Boston 6-3.

Calhoun, Webb in TV Battle

CHICAGO (AP) — Unbeaten Rory Calhoun of New York and Spider Webb of Chicago clash in a 10-round middleweight bout at Chicago Stadium tonight.

The fight will be nationally televised (ABC, 9 p.m. EST).

Calhoun, 22-year-old former dishwasher who will be seeking his 24th straight victory, was an early 9-5 favorite.

Rory has scored 12 knockouts and recently defeated Charlie Cotton in 10 rounds at New York. Before meeting Cotton, Calhoun stopped Willie Vaughn in eight rounds at New York.

Frank Gilmer, chairman of the Illinois Athletic Commission, said the five-point scoring system will be introduced in tonight's fight. Heretofore, the 10-point system had been used. The winner now gets five points and the loser four or less.

Corn, Soybeans Most in Demand

CHICAGO (AP)—Demand for grains centered largely in corn and soybeans on the Board of Trade today, two cereals which have been having rather rough going lately.

* * *

Wheat and rye, which have been stronger than other grains in recent markets, encountered some difficulty in extending their advance. This was particularly true of nearby futures, which at times sank under the previous close.

* * *

Wheat near the end of the first hour was unchanged to ½ higher, September $2.19; corn ⅞ to 1¼ higher, September $1.45¼; oats ⅝ to ¾ higher, September 72; rye 1 to 1½ higher, September $1.43½; soybeans 1⅜ to 1¾ higher, September $2.36-36¼; and lard 8 to 13 cents a hundred pounds higher, September $10.80.

* * *

One reason for buying in corn and soybeans was a belief that, at current price levels, producers will be inclined to impound these commodities under the government loan rather than offer them freely in the market.

Phones Police During Destruction Spree — 'Felt Like Doing It'

SAGINAW (INS)—A 17-year-old youth was held for investigation of malicious destruction of property today for wrecking the interior of a one-room schoolhuse with a baseball bat "because I felt like doing it."

* * *

Clyde Warren Jr., telephoned State Police yesterday and said he was at the Orville School, five miles southwest of Bridgeport.

"I'm smashing the place up," Warren told troopers.

The youth was still wielding the bat when Trooper Joseph W. Colnar of the Bridgeport post arrived at the school.

Thomas E. White, Bridgeport school superintendent, estimated damage at $1,000 and said he doubted if repairs could be finished in time for the school to open next Tuesday.

Desks, a piano, chests of drawers, chairs and a radio were overturned and smashed. Most of the 10 sets of windows were shattered.

The washbowls in the girls' and boys' washrooms had been stoppered and the water turned on, flooding into the classroom.

Warren, who had never been in trouble before, told police he dug a ditch at his home yesterday morning, watched television for a while and then set out for the school.

Detroit's Voters Rush to Register

DETROIT (AP) — A wave of registrations has caused concern for Louis A. Urban, Detroit director of elections. He says registration facilities are liable to be swamped before the Oct. 8 deadline.

Urban was called from his house last night to help register voters at a precinct police station. He said 60 persons still were in line at 8 p.m.

Police stations have been taking registrations from noon to 8 p.m. each Monday. Voters may register any day at City Hall from 8 to 4:30.

"We'll be making a big drive for registrations in the last week, Oct. 1 to 8," Urban said. "That week we'll have every police and fire station in town taking them.

Urban said 159,000 more registrations will beat the 1952 record of 988,307.
