City Commissioner Demands Showdown on Chief Straley

By PETE LOCHBILER

City Commissioner Robert A. Landry last night demanded a showdown on Police Chief Herbert W. Straley within three weeks.

"Any charges against the chief should be filed with the Civil Service Commission by then," said the District 7 commissioner.

"If they aren't, I am going to ask for a citizens committee to investigate the chief's record, which I believe is the source of troubles in the police department."

Edging for Talks on Berlin Issue

U.S. Officials Predict Parley With Reds May Follow Mikoyan Visit

From Our News Wires

WASHINGTON — The United States appeared today to be edging cautiously toward a showdown conference with Russia on German reunification and European security.

Some officials predicted that a four-power foreign ministers conference would be held within the near future.

They said arrangements might be made soon after Soviet Deputy Premier Anastas I. Mikoyan confers this weekend with President Eisenhower and Secretary of State John Foster Dulles.

At the same time the United States seems willing to modify its policy on German reunification if it can get West Germany and other Allies to agree on some revised formula.

The whole German situation is under intensive review in the State Department for new exchanges on the subject with the Soviet government.

Dulles gave the tipoff on possible modification of the U.S. stand at a news conference Tuesday. He said reunification of East and West Germany through free elections—the formula the Allies have backed for years—is not the only method by which East and West Germany could be merged.

But he declined under questioning to specify what other methods were possible.

West German Chancellor Konrad Adenauer has always opposed any alteration of this formula.

Traffic Signals Bewilder Man in Strange City

BATON ROUGE, La. (P)—A visitor unfamiliar with pedestrian traffic signals telephoned police headquarters Tuesday asking directions to the state Capitol.

Desk Sgt. M. K. Gunby asked the caller his location.

The man stepped outside his phone booth, then returned: "I'm at the corner of 'Walk' and 'Don't Walk.'"

Errol Flynn, Wife Sued

LOS ANGELES (UPI)—Errol Flynn and his wife were sued yesterday by a former model who charged the couple's pet terrier dog caused her to fall and receive serious injuries.

Official Denies Cuba Executions Are Suspended

Government Men Had Claimed Halt Due to Pressure From U.S.

HAVANA, Cuba (P)—A presidential secretary today denied that executions of persons accused of crimes under the Batista regime had been suspended—but there were no new reports of executions.

A government press source quoting a presidential spokesman announced suspension of executions Tuesday night after criticisms in the United States.

More than 150 persons have been executed after hurried military trials since the New Year's Day revolution which overthrew President Fulgencio Batista.

It is estimated 3,000 persons are in jail awaiting investigation and trial on charges of crimes under the Batista regime.

Many of those already executed have been tried in secret.

The denial of a halt in the executions was given to reporters assigned to the presidential palace. It said executions were continuing in accordance with due process of law.

Both the statement of the presidential secretary and of the press source Tuesday night said the names of the accused and the charges against them would be made available to newsmen. Reporters also were invited to cover the trials.

The secretary also denied that Provisional President Manuel Urrutia and Fidel Castro, leader of the revolution, met Tuesday.

The statement on suspension of executions was issued after it was reported the two men had met.

Earlier Tuesday Castro had defended the executions as "necessary to purify the nation." And Foreign Minister Roberto Agramonte said that unless the regime meted out "fast justice," the public would take the law into its own hands to avenge the torture and murder of an estimated 20,000 Cubans by Batista police and soldiers.

News Flash

LANSING (P)—Gov. Williams said today he has not decided five adoption of a personal income tax law.

"I have been studying the matter for some time," he told a news conference, "but have come to no conclusion."

This was the governor's response to questions about a published report that he had decided against advocating income tax.

Oakland's Voices in Lansing

Royal Oak Tribune Photo

ALL PRESENT — When the 1959 session of the Michigan Legislature opened today, Oakland County's six state representatives and State Senator L. Harvey Lodge (R-Drayton Plains) were ready to take their seats. Pictured at a get-together were (seated, from left) Rep. Lloyd L. Anderson (R-Waterford Township), Sen. Lodge, Rep. Arthur J. Law (D-Pontiac), and (standing, from left)

Rep. James Clarkson (D-Southfield), William Hayward (R-Royal Oak), John C. Hitchcock (D-Hazel Park), and Farrell E. Roberts (R-West Bloomfield Township). Lodge, Anderson, and Roberts are incumbents, while Law, Clarkson, Hayward, and Hitchcock are beginning their first terms.

Hospital Plans Given Go-Ahead

Commission Approves 'Emergency' Label on Expansion

City Commissioners last night placed an "emergency" label on the Pontiac General Hospital expansion program and authorized City Manager Walter K. Willman to plot a course out of new financial difficulties.

Willman asked commissioners to study agreements drawn up to cancel existing contracts. He said he would ask permission to execute them next week.

With emergency powers, Willman said he would seek new agreements with local contractors to complete construction on a time-and-material basis, instead of through overall bids.

The latest crisis came to a head when Willman estimated it will cost \$300,000 to \$350,000 more than expected to complete remodeling of the original hospital building.

The extras cover costs of replacement of roof, plumbing, and electrical work.

Says County Home-Rule Won't Infringe on Cities

Special to The Pontiac Press

LANSING — Sen. Frank Andrews (R-Hillman) said autonomy of cities would not be jeopardized should counties adopt home-rule governments.

"The charter drawn up by the county should be so drafted as not to step on the toes of the present city charters," said Andrews, who hopes to present a resolution to the Senate calling for a home-rule constitutional amendment to go on the April ballot in a week or so.

"It would help should Oakland County approve it," the 10-year veteran of the senate said.

To help steer Oakland in this direction, John G. Semann, Berkeley supervisor in charge of the board of supervisors' legislative committee, met briefly with Sen. Andrews to iron out a chink put in the path of home-rule for the county.

This developed when supervisors from several Oakland cities viewed the step with alarm, claiming their present charter governments would be interfered with. Such an argument was put forth by Birmingham supervisor and mayor, Carl F. Ingraham.

"I have the assurance from Sen. Andrews there won't be any abridgement of their powers," said Semann.

"This can be best accomplished by putting representatives of cities, townships, labor, business, and mayors, plus citizens at large, on the charter commission assigned the task of designing the county home-rule framework," he said.

The Hillman senator made it clear that his special senate committee, which has been studying county home-rule, seeks only permissive legislation which would allow should the constitutional amendment be approved by Michigan voters, counties to set up such new governments.

Semann's committee was told to look further into the question after Oakland supervisors turned down a request that they support home-rule immediately.

Semann indicated yesterday he still is in hopes Sen. Andrews will have Oakland's backing in this direction before long.

He said his group plans a meeting with Oakland legislators in Lansing Jan. 27, and that he feels the board of supervisors will be asked to vote again on the home-rule question at a February meeting.

Mason Heads HHFA

WASHINGTON (P)—Norman P. Mason, now federal housing commissioner, was nominated today to be chief of the Housing and Home Finance Administration.

Minister Jailed After Wife Dies

Detroit Says Shooting Was Accident, Relates Struggle for Gun

DETROIT (P)—The Rev. Elzie Miles Kaigler, 66, who described himself as a minister, was jailed for investigation of murder in the fatal shooting of his wife, Clara, 48, today.

Detective Kenneth Perry of the homicide squad quoted the Rev. Mr. Kaigler as saying the shooting was accidental and climaxed a violent argument at the couple's home.

The argument began, the minister told the detective, when his wife objected to his plan to attend a convention in Hot Springs, Ark.

The minister was quoted as saying, "I ran into the bedroom and got a revolver. She charged at me and I fired a warning shot into the ceiling. We had both fallen and were on the floor fighting for possession of the gun when it went off."

The Rev. Mr. Kaigler told police he is minister of the Miles Fellowship Baptist Church on Detroit's near east side.

Cannonball Only Human

MIAMI (UPI)—Human cannonball Louis Munos, 35, was under treatment for shock today. Too much powder was loaded into his cannon, circus officials said, and he made a faulty landing in his net.

Fog and Drizzle Cause Hazardous Road Conditions

A heavy blanket of fog mixed with drizzle this morning created extremely hazardous driving conditions in parts of Oakland County, State Police reported today.

Fog and drizzling rain began freezing on major highways and side roads, causing a rash of minor accidents and slowing traffic to a crawl, police said.

The weather bureau said the fog would last throughout the day and the freezing rain would disappear as the temperature rose to a predicted high of 40 today.

The drizzle will continue tonight with a predicted low of 32, turning colder tomorrow with a high of 34 and snow flurries.

Air travel was at a standstill across the state this morning due to the heavy fog, which extended over Wisconsin and Illinois.

Highways were reported extremely slippery in the western sector of the Lower Peninsula.

Twenty-five was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 33.

Get \$5,260 in 6 Jobs

Seek Two Fleet Bandits

DETROIT (UPI)—Police throughout Michigan hunted for two armed bandits today who pulled six lightning-like robberies last night and criminally attacked a woman clerk during one of the holdups.

Between 6 p.m. and 8:40 p.m., the bandits gathered about \$5,260 in the robbery rampage that swung through southwestern Wayne County.

Police were also looking for a cream or white 1958 Oldsmobile that was used in the robberies.

Lt. Ronald La Rue of the Wayne County Sheriff's office said the two robbers began their night of terror at 6 p.m. in Wayne where they struck the Wayne Cleaners and Laundry. They escaped with \$100.

About an hour later, they hit the

Republicans Set Plan to Capture House Control

Unanimous Vote Would Elect Pears as Speaker; One Democrat Missing

By GEORGE T. TRUMBULL JR.

LANSING — Democrats today were ready to do battle after Republicans last night pulled a sneak attack and announced a "go for broke" plan to keep their firm grip on the State House of Representatives.

What the political scars will be on either side of the House floor won't be known until this afternoon's showdown battle to decide leadership in the unprecedented 55-55 membership deadlock created by the November election.

Pontiac's new Democratic representative, Arthur J. Law, sees the biggest damage being done to the people of Michigan by "the Republicans putting the welfare of themselves above the welfare of the state."

Republicans emerged from a top level caucus last night to announce their "no compromise" deal with the Democrats, and introduced 59-year-old Don R. Pears of Buchanan, last year's speaker pro-tem of the lower chamber, as their unanimous choice for speaker this year. They also picked Allison Green (Kingston) to repeat as majority floor leader.

Oakland's GOP delegation, Reps. Lloyd L. Anderson of Waterford Township, Farrell E. Roberts of West Bloomfield Township and William Hayward, representative-elect from Royal Oak, sided with the choices made at the caucus.

DEMS PROTEST

But loud protests came from a Democratic committee of three, Reps. Louis Mezzano (Wakefield), Joseph J. Kowalski (Detroit) and Michael J. O'Brien (Detroit), when they learned Republicans appeared to have the best chance to capture leadership by having all 55 answer roll call today.

The thorn in the Democrats' side is the expected absence of one of their members, Rep. Josephine D. Hunsinger of Detroit, who is recuperating from an emergency operation performed last Friday.

As seemingly confident Republicans and fighting Democrats readied for today's opening of the 70th session of the Legislature, it appeared the roll call might show (Continued on Page 2, Col. 5)

Blind Can Learn Music by New Method

Sightless Vocalist Helps Others

By DICK SINNOTT
BOSTON, Mass. (AP)—Her name was Bede Best and when she sang with Joe Rines' orchestra at the St. Regis Hotel in New York 25 years ago, young men would stop, look, listen and sigh. A petite brunette, she could belt out a song like a Louisville slugger. Her favorites were "I Only Have Eyes for You" and "With My Eyes Wide Open."

But these times behind the tragedy in her heart. For in 1934 Bede Best was going blind. One eye was lost, the other had 40 per cent vision. Eventually, doctors said, she would live in a world of darkness.

Later she sang with Carl Ravizza's orchestra, but the band business soon became too difficult. There was always the fear she would stumble and fall as she made her way through a clutter of instruments en route to a microphone.

An offer came from "Al Pearce and His Gang" and Bede found a niche in radio. Then came the Emory Deutsch Variety Show, but her sight continued to fail her. It was time to return home to Boston and here she made her way as a pianist at local night spots. She married, had a son, and for a while Bede, now Mrs. Elizabeth C. Welker, found happiness.

But misfortune shadowed her. Her husband died, her mother be-

Objections Greet Norfolk Ruling

Council Resolution on Closing Schools May Face Court Challenge

NORFOLK, Va. (AP)—A city council resolution that could close all secondary schools here if Virginia's anti-integration laws are ruled unconstitutional appears headed for a court challenge.

The resolution, passed Tuesday by a 6-1 vote, said the council "does not propose at this time to authorize funds for public schooling above the sixth grade after Jan. 31."

Immediate protest came from Edmund D. Campbell, an Arlington lawyer. "Norfolk cannot be permitted to stop education at the sixth grade," Campbell said. "Some legal remedy will be found."

Archibald L. Boswell, a local attorney, told the council the resolution "is an illegal act and he is going to sue for its annulment." Mayor W. Fred Duckworth said the resolution means the second day schools "will not open unless there is some radical change in the present situation." He declined to say what a radical change might be.

State and federal court rulings are expected next Monday on the constitutionality of the state's massive resistance program.

The council's action was regarded as a move to prevent school integration in the event the massive resistance laws fail to survive the court tests.

Wary of Choice of Goldwater

Cooper Says He Would Brand GOP Antilabor as Campaign Chairman

WASHINGTON (AP)—Sen. John Sherman Cooper (R-Ky.) said today Republicans will be laying themselves open to charges they are antilabor if they name Sen. Barry Goldwater (R-Ariz.) as their campaign chairman.

Cooper, who was the unsuccessful candidate of Senate Republicans for floor leader,

said he has no objection to a proposal that GOP members running in 1960 pick the campaign director.

The Kentucky senator made it clear, however, that he regards Goldwater as the likely choice of the 1960 class if this proposal is approved. The Conference of all GOP Senators was called into session today to consider the matter.

"Sen. Goldwater is a good man and his views are honestly held," Cooper said. "But if he is selected as head of the campaign committee it will give the Democrats a chance to label the Republicans as antilabor in 1960. I think that would be unfortunate."

Goldwater, who was re-elected last November, has campaigned aggressively against the use of compulsory union dues for political purposes.

Who created the idea that went into the message

that sent the reader out of the house to buy?

SINCE A MAJOR AMOUNT OF ADVERTISING is created by advertising agencies, the chances are that one of the country's 3,000 skilled advertising agencies thought up, wrote, designed and placed the newspaper ad that sent this lady out to buy.

Last year advertising agencies and other advertisers in the U.S. and Canada placed over \$10 billion worth of advertising in newspapers, magazines, radio, television and outdoor advertising.

The largest amount, by far, was invested in daily newspapers.

The function of an advertising agency is to increase the sales and profits of its clients. In the relatively few years that agencies have been in existence they have helped to make thousands of products household words. Through their contribution to greater sales, they as well as their clients have helped us to enjoy the highest standard of living anywhere in the world.

And, from the start, agencies and newspapers have worked closely to bring news of products and services to *you*, the consumer. Most agencies, like the clients they serve so well, recognize the daily newspaper as the most effective advertising medium to introduce and *maintain* any product on the market.

THE TOTAL SELLING MEDIUM IS THE DAILY NEWSPAPER

Ask Extra Stage for Atlas Missile

Will Kick Vehicles Free of Gravity on Trips to Venus and Mars

WASHINGTON (AP) — The Air Force has ordered an extra firing stage that could permit use of the Atlas missile for shots to the vicinity of Mars and Venus.

It announced today the award of a contract for the upper stage to Convair Astronautics Division of General Dynamics. Convair makes the huge Atlas intercontinental missile. Company officials said the contract would amount to about seven million dollars in its first year.

The new upper stage will contain a high-powered rocket engine designed to kick vehicles to gravity-free speeds.

The upper stage will also make possible the launching of vehicles weighing as much as five tons into orbits at altitudes of 100 or 200 miles, Pentagon experts said. Using only the Atlas itself, with out the added stage, loads of one to 14 tons can be fired into orbiting paths, they estimated.

One apparent use for the Atlas upper stage combination would be to launch a manned satellite under the Project Mercury program.

He Should Identify Cow Whatever the Color Is

PONCA CITY, Okla. (AP) — "Check on a cow going down Hillcrest," said the police radio.

"What color is it?" came the reply.

"I haven't any idea," said the dispatcher, who wanted a moment then added, "Cow, c-o-w."

Yule Letter for Lublin

Sent by Way of Dublin

LUBLIN, Wis. (AP) — Steve Plecko of Chicago, sent \$5 to his son here at Christmas time. Christmas rolled by and the money failed to arrive.

Months later the letter finally got here. It had taken an unscheduled trip to Dublin, Ireland.

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations, making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

Doan's

Group Suggests Difference Is Inferiority

By MURIEL LAWRENCE
A group of psychiatrists, psychologists and social workers has paid tribute to the late Dr. Lawson G. Lowrey, one of our great child psychiatrists.

One reason that he was great is that he could write words like these: "Must the individual have an inferiority to feel inferior? No."

4646

donnell Hair Stylists
Miracle Mile Shopping Center—in the Bazaar Area

It is seldom a question of his actual inferiority. It is instead a question of the difference between the individual and the group to which he must adjust. Conflict over difference is a major problem in children's emotional disorders.

These words hold very explosive truths.

Your Joan's hair is ash blonde and straight; her little sister's is dark and curly. As Joan's "group," your relatives, neighbors, friends are always making flattering comments on Baby's hair, Joan believes that hers is inferior.

But the fact is, Baby's hair on Joan would be horribly wrong.

Joan's skin tone and her facial structure are unlike Baby's rosy-cheeked roundness. Her straight, blonde hair is exactly the kind she needs to set them off.

Yet that old old craving for "group" approval has done its dirty work, corrupting this reality. So Joan keeps teasing for the permanent that will make her "inferior" hair as curly as Baby's, not because it is actually inferior but because her "group" keeps suggesting that difference is inferiority.

We too are exploited by this basic confusion.

Our sister-in-law criticizes our new drapes. At once we begin

to feel that our taste is inferior to hers. We either start to defend the drapes, sulk in silence or exchange the drapes for the kind she approves. We cannot tolerate our difference from our "group."

Your husband's family believes in "steady" jobs. Your husband gets fired from his, and is so discouraged by his difference from his "steady" family that he cannot see that their superior "steadiness" is simply lack of initiative.

Dr. Lowrey had the gift of seeing through very complex matters to their simple meaning.

Isabella Group Plans Jan. 26 Card Party

Plans for the annual card party were completed when Daughters of Isabella met Monday at the Knights of Columbus Hall. The affair will be held Jan. 26 at St. Michael's Hall.

Mrs. Daniel Scott was named general chairman for the event. Other committee heads are Mrs. Arthur Birchmeier, refreshments; Mrs. Lloyd Sanchez and Mrs. John Schenkenfins, dining room; Mrs. William Donahue, tables and cards; and Mrs. Louis Koprince and Mrs. Frank O'Neill, prizes.

Also chosen chairmen were Mrs. Omer DeConick, tickets; Mrs. Richard Ashton, decorations; Mrs. Joseph Pfeffer, program; and Rose Griffin, publicity.

31 Turn Out for Meeting of Yomar Group

Thirty-one members attended the meeting of Yomar Group of First Presbyterian Church held at the church Tuesday.

Vera Gray gave the world service study entitled "The Circles We Live In." Virginia Wood also assisted with the program.

Mrs. Leslie Ellis, president of the association, and the November group were guests.

Refreshments were served by Mrs. Lester Carlson and Mrs. Robert Pritchett poured.

Lucky 13 Club Fetes Mrs. Deem

Mrs. Ralph Deem's birthday was celebrated by the Lucky 13 Birthday Club at a meeting held Monday evening at the Westbrook avenue home of Mrs. Stephen Sap-elah.

Alcott School PTA to Hold Study Session

Alcott School PTA will join in the area PTA major project, "Studying Michigan Schools," when it meets at 7:30 p.m. Thursday at the school.

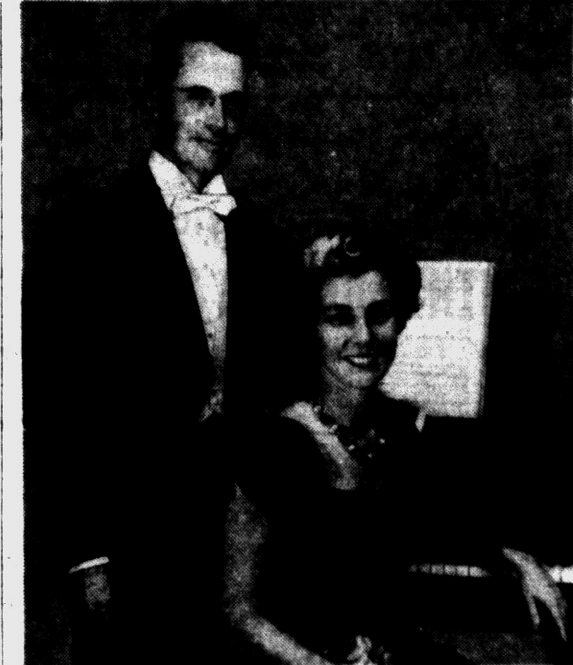

Invitations to join this study have been extended to leaders of community service, agricultural, women's fraternal, religious, labor and management groups.

Mrs. William Anderson, president of Pontiac PTA Council will be at the Alcott school meeting to answer any questions.

Madison PTSA Discussion Set

A program on Studying Michigan Schools will be given when Madison Junior High School PTSA meets at 7 p.m. Thursday in the school cafeteria.

Discussion groups will be led by George Yansen, principal; Dean Hall, teacher; William Anderson, member of the Board of Education; and Dr. Philip Proud, assistant superintendent of schools.

Concert artists John and Florence Richardson of East Lansing appeared before members of Pontiac Tuesday Musicale at Grace Lutheran Church yesterday. Both pianists, the couple presented an original musical-dramatic interpretation entitled "Robert and Clara: Romantic Duo," based on the life and works of Robert Schumann.

Tuesday Musicale Hears Program on Schumanns

By CHRISTINE GAENSBAUER

Members of Pontiac Tuesday Musicale met Tuesday afternoon in Grace Lutheran Church Fellowship Hall. Mrs. M. A. Wager introduced John and Florence Richardson of Michigan State University, who presented the program.

"The Schumanns, Robert and Clara," was the subject, and the music and story were presented without scenery, few props and only a suggestion as to the dress of the period. The stormy courtship of composer Robert Schumann and pianist Clara Wieck was revealed through conversations and dialogue taken from their letters and diaries.

The dramatic sequences ended 13 years and 6 children after their marriage (1833). Only a hint was given concerning Robert's illness which was to lead to a suicide attempt the following year and death in a mental institution three years later.

MUSIC WOVEN IN

Musical excerpts from the works of Schumann were smoothly woven into the plot as it covered the periods of his life that inspired them.

Both the Richardsons are pianists and performed in solo ending the program with portions of Bilder aus Osten "Pictures from the East" for four hands. Other compositions were sections of Etudes Symphoniques, Kinderszenen

(Scenes from Childhood), Aufschwung from Fantastische, the Song Cycle Myrthen, themes from the First Symphony, Forest Scenes and Carnival.

Mr. and Mrs. Richardson are charming personalities as well as able musicians, and they have developed a method of presenting history music in a way that makes it a fascinating story for the audience, and a lesson that will be remembered by all those present.

SERVE AS HOSTESSES

Mrs. I. S. Corwin and Mrs. O. R. Briney were door hostesses for the day. Presiding at the tea table were Mrs. L. V. Ostrander and Mrs. H. S. Pearce. Floral committee was Mrs. George Shearer and Mrs. E. H. Buddenbaum.

On the social committee were Mrs. F. J. Morau, chairman; Mrs. H. V. Phipps, co-chairman; Mrs. W. D. Thompson, Mrs. William Cashion Jr., Mrs. J. C. Walker, Mrs. J. C. Covert, Mrs. Cecil McCallum and Mrs. C. B. Kinney.

Art Club to Meet

Mrs. Alex Bartholomew will be guest speaker and critic of the day when Pine Lake Art Club meets for luncheon and a board meeting at 1 p.m. Jan. 21 at Rotunda Inn.

Have You Tried This?

Man Offers Hot Recipe for Spaghetti Sauce

By JANET ODELL
Pontiac Press Home Editor

We are always delighted to get a recipe from a man who enjoys cooking. We'd love to have more. Please help us find them.

Howard White is a fireman. Perhaps that explains his cooking ability, since firemen do their own cooking at work. At any rate, here is his recipe for spaghetti.

WHITE'S SPAGHETTI SAUCE

By Howard White
1 green pepper, diced
1 onion, diced fine

1 pound ground beef
2 cans tomato paste
4 tomato paste cans of water
1 small can mushroom pieces
Red hot sauce
1 pound spaghetti, cooked

Cook green pepper and onion in a little fat until soft, but not brown. This will take about 25 minutes. Add meat and brown. Add tomato paste, water and mushrooms. Simmer for 30 minutes.

Add red hot sauce to taste. Simmer for 2 hours. Keep hot in double boiler until you have to go to a fire! Serve over cooked spaghetti. Add cheese as desired when serving.

Anyone Recognize Women Listed Here

By RUTH MILLETT

You can't generalize about women, but you can bank pretty well on the following:

The woman who can turn on charm like a light switch can turn it off just as quickly when things aren't to her liking.

The woman with five children is more likely to find time to be a den mother, a home room mother or a Girl Scout leader than a woman with a smaller family. Don't ask me why.

Nothing makes a real glamour girl willing to abdicate the throne until her own daughter is old enough to start training to follow in Mama's footsteps.

Cruise Club Elects Officers, Plans Program

Officers were elected when 35 members of the Family Cruise Club attended the group's annual meeting at the Thomas H. Brooke residence in Clarkston.

Harley Hyatt was named commodore at the Saturday gathering. Also named to office were Dick Carlson, vice commodore; Mr. Brooke, cruise master; Jay Smith, assistant cruise master; George Barber, secretary-treasurer; Glenn Fries, membership chairman; and Mrs. Peter Joyce, publicity chairman.

The club is planning a new program which will include a number of contests to be held during the season and is outlining the itinerary for future cruises.

VFW Women Plan Party for Veterans

Plans to sponsor a party at the Veterans Administration Hospital, Ann Arbor, were made and a donation to the Michigan Cancer Fund was given when VFW 1008 Auxiliary met Monday.

President Mrs. Paul Bolter will attend a testimonial dinner for department presidents Jan. 24 at Roseville.

Women's Auxiliary Plans Jan. 31 Project

The Women's Auxiliary of Italian-American Club met Monday at the Hall. Mrs. Al DeSantis and Mrs. Charles DeSantis were hostesses.

A money-making project will be held Jan. 31 with Mrs. Ralph Puertas a chairman.

Australia produced 5,000,000 gallons of wine in 1957 compared with 3,500,000 gallons in 1946.

Child Custody Case
Before High Court

LANSING (AP) — The plea of a
mother for custody of the three-
year-old child she bore but never
saw rested with the Michigan
Supreme Court today.

The justices were told the
parents by adoption have loved
and cared for the little girl, Loren
Ray Lewis, since the first week
of her life.

It was the kind of case that tugs
the heart strings.

Mrs. Norma Hill, 36, is the natural
mother. A graduate of London
University and the Sorbonne in
Paris, she lives in a fashionable
Detroit apartment hotel and is
vice president of an employment
agency.

On the other side are Mr. and

Mrs. Alfred Lewis, who success-
fully fought a challenge to
legality of the adoption in circuit
court. Mrs. Hill appealed.

Mrs. Hill's lawyer, Hugh Daven-
port, said in oral arguments yes-
terday that the mother was under
opiates, confused, ill and friend-
less when she consented to give
away her baby.

"Mrs. Hill's husband, a British
architect, was killed in an auto
accident before the baby was
born," he said.

"The mother, a six-year mem-
ber of the British Army in
World War II, was alone and
helpless when her time came."

He contended the adoption was
a nullity, that a woman who
posed as her friend persuaded her
to go through with it.

Representing the Lewises, Atty.
Emil Leib said they were blame-
less and the adoption was legal.

"The foster parents raised
this child from birth," he said.
"The only plan the real mother
has is to take her to New York."

"The future of other children—
nameless and homeless—is at
stake."

Mrs. Hill, dark haired and
slender, sat quietly at the side of
the high-ceilinged Supreme Court
chamber during the argument.

The eight black-robed justices,
all fathers, took the case under
advisement.

Twin Crimes
Put Twins in
Twin Jail Cells

NOTTINGHAM, England (UPI)—
Identical twin girls with identical
criminal records went to identical
jail cells Tuesday.

Dark haired Ella and Doreen
Colley, 18, admitted guilt to a joint
charge of stealing a \$2.32 sweater
from a store. Ella also admitted
stealing another sweater.

Police said when the twins were
10 they were put on probation for
stealing a bicycle. Two years later
they were sent to the same ju-
venile detention center.

They were on three years' proba-
tion when they were accused of
stealing the sweater. A court
yesterday remanded them to Bir-
mingham Prison until Jan. 26 when
their probation reports will be
studied.

One Father Wishes Son
Could Answer Draft Call

CALTANISSETTA, Sicily (UPI)—
Little Rosario Pilato died a few
days after birth in 1941.

The other day, his father re-
ceived a postcard from the draft
office asking Rosario to report for
military service.

Sell Capitol
for Parking
Is Proposal

LANSING (AP) — A novel solution
for the state's cash shortage has
been advanced — in brief, tear
down the capitol and sell the
grounds to the city of Lansing for
three million dollars for use as a
downtown parking lot.

"Business in the downtown area
will increase 500 per cent, the
taxes on which will erase the re-
maining 97 million dollar state
debt," said Albert E. Holliday, a
student in a letter to the Lansing
State Journal.

"I suggest the legislative com-
mittees meet at the local taverns
and bars," he continued, "and when
they are in a proper frame of
mind to satisfy all the pressure
groups, the House and Senate
should convene in the civic audi-
torium."

New Congress Is Young,
22 Are Under Thirty

WASHINGTON (UPI) — Rep.
Frank Thompson Jr. (D-NJ) has
reported that one of the most
impressive things about the new
Congress was the "youth" of its
members.

He said a survey showed that
22 of the new Congressmen were
in their twenties, 22 in their
thirties and 9 in their fifties.

The average age of House mem-
bers is 52 years, 7 months, Thomp-
son said.

42-Carat Engagement
Announced by Zsa Zsa

NEW YORK (UPI)—Actress Zsa
Zsa Gabor has announced that she
will marry millionaire Hollywood
builder Hal B. Hayes in about
three months.

Miss Gabor and Hayes made
public their engagement yesterday.
Her engagement ring is a 42-carat
diamond.

Exports of Turkish tobacco to
the United States totaled 88,000,000
pounds in 1957, an increase of 83
per cent over the year before.

Artificial Respiration
Causes Cracked Rib

ST. PETERSBURG, Fla. (AP) —
Mrs. Albert Sandy, 69, volunteered
to be the subject at a Red Cross
artificial respiration class.

A few minutes later she was in
a hospital receiving treatment for
a cracked rib.

Boy Questioned
After 2 Fires
Start in School

CHICAGO (AP) — Police juvenile officers held a 14-year-old boy for questioning about two separate fires that broke out in a South Side public grade school during the lunch hour Tuesday.

A fire marshal said he believes a pupil started the blazes. Firemen quickly "put out" the flames in two adjoining rooms on the first floor of the Shoop Elementary School on the far South Side. No one was injured, but about 40 teachers eating lunch and a few pupils who returned to class early were forced to flee the two-story brick building. Most of the 1,400 pupils were home for lunch.

The fire was the third reported in the school since Thanksgiving. The Shoop School is across the city from Our Lady of the Angels Parochial School, where 90 students and three nuns died in a fire Dec. 1.

Cow Bolts Stock Pen,
Joins Western Picture

ROYERSFORD, Pa. (AP) — The audience watching a cowboy picture at an outdoor showplace recently had an added touch of the old west.

A cow bolted from a slaughterhouse yard and casually made its way into the outdoor show, and sat right in the middle of the most exciting western scene. The animal was quickly rounded up by slaughterhouse cowboys and returned to its stockyard.

Girls Average 3 Books
Daily for Seven Weeks

ELIZABETH, N. J. (AP) — Some people took their summer reading casually, but some sure didn't. Eileen Foley, 9, and Patrick Polny, 11, averaged three books a

day for the first seven weeks of the summer, according to records at the reading club of the Elizabeth library.

Grass and brush fires on the open range burn over an average of about 250,000 acres annually.

First Oil Analysis in 1853

HANOVER, N.H. — Two members of Dartmouth college's faculty made the first chemical analysis of oil — in 1853. They were Dr. Dixie Crosby of the Medical School and O. P. Hubbard, chemistry professor.

In Farmington Township

4 Fire Stations Proposed

FARMINGTON TOWNSHIP—The regular meeting of the township board last night was devoted chiefly to the disposal of routine business and a report by the Planning Board on future sites for fire stations.

The financial statement for the first nine months of 1958 and a proposal for the reconversion of the old library were moved to the agenda of the next meeting because of the absence of two board members.

Treasurer Elise Avery and Clerk Floyd Cairns are attending the Township Assn. Convention in Lansing.

Howard Wiest, secretary of the Planning Board reported that the board had made a study of the township and recommended that new fire stations be located at Grand River avenue, west of Halsted road; at 12-Mile road near Middlebelt road; at 13-Mile road, west of Drake road; and at 9-Mile road, east of Gail road.

Wiest stated that with stations so located \$10,000 could be saved by residents in fire insurance rates for one year. Supervisor Frank J. Stephenson invited all interested citizens to attend the Jan. 15 meeting of the Planning Board at 8 p.m. in the town hall when the fire station sites will again be discussed.

The board amended the dating of a \$36,000 street and paving bond issue for Stamen Acres subdivision. It was amended from August 1958 to March of this year.

In further action the board adopted and confirmed a special

assessment in Greencastle subdivision for street paving. Cost of this program will be \$44,096.18 or \$306.55 assessed cost per lot.

A letter from Harold K. Schoen, director of the Oakland County Dept. of Public Works requesting an amendment to the Farmington Township sewage

disposal system agreement was read and approved.

The amendment states that if the township is unable to tax enough to pay for the proposed sewer, it will from time to time raise money through fees resulting from sewer additions to meet installments on the bonds.

A general complaint was that the state tax commission now can change tax rolls right up until last minute certification on Dec. 1. Township officials asked for an earlier deadline—Nov. 1 was suggested—after which no tax changes could be made.

As delegates prepared to consider resolutions, a major question was how the townships would vote on the Conlin tax proposal. Two other major rural groups have taken opposite sides on the tax package—the Michigan State Grange for it and the Michigan Farm Bureau in opposition.

LANSING (AP)—State officials were again in the line of fire today at the annual meeting of the Michigan Townships Assn.

The secretary of state, state treasurer, attorney general and auditor general were scheduled as panel discussion members.

Louis M. Nims, state revenue commissioner, was the target at a panel discussion yesterday afternoon.

Nims mostly heard individual tax complaints from township representatives.

The League of Catholic Women will hold its second organizational meeting in the St. Andrew Church hall at 8 o'clock.

Purpose of the organization, as explained by Mrs. Robert Girardot, publicity chairman, is to unite Catholic women for the promotion of religious, civic, intellectual and social service work.

The group plans to help promote young people's social groups, work with the St. Vincent de Paul Society, provide lectures for needy mothers, volunteer cooperation with civic groups, help provide First Communion outfits for the needy, assist the Red Cross when needed, and cooperate with school and welfare boards. Mrs. Girardot said.

Meetings of the Rochester League of Catholic Women will be held on the second Wednesday of each month. Catholic women of Rochester, Romeo and Utica have been invited to attend.

PTA Fathers Invited to Wrestling Match

WALLED LAKE — A program designed to appeal particularly to fathers has been planned for the Wall Lake Junior-Senior High School PTA meeting Thursday at the school.

The parents have been invited to attend a wrestling match at 7:30 between Wall Lake Junior-Senior High and the Berkeley High School. There will be no charge for admission providing they present the PTA notices which students bring home.

Following the match a short business meeting will be held. Afterward Coach Dave Smith will present films from last fall's football games.

Pick Superintendent for Dublin School

WHITE LAKE TOWNSHIP — Nelson O'Shaughnessy has been named superintendent of the Dublin School District, the board of education here announced yesterday.

O'Shaughnessy replaces William Vander Ven who resigned Dec. 2 with no reason given.

A graduate of the former Roosevelt High School in Kewego Harbor, O'Shaughnessy later was graduated from Hillsdale College.

Prior to his appointment his wife, he had taught in the Dublin District, which consists of one elementary and junior high school, for the past two years. He was a physical education teacher and athletic coach.

He was first appointed acting superintendent in December following Vander Ven's resignation.

For Michigan Grain Farmers

Could Bring Foreign Markets Closer

LANSING (UPI)—An organization may be in full operation about midsummer this year to bring its Michigan farmers—customers in closer contact with overseas grain markets.

The organization is the Mid-States Terminals Inc., formed a few months ago. It includes five grain marketing cooperatives from Michigan, Indiana and Ohio.

George G. Greenleaf, short course coordinator at Michigan State University, said the effectiveness of the organization "depends on how active it becomes," but indicated it could mean the farmer would have a much more direct contact with the overseas markets.

"It probably won't cut out the exporter or middle man entirely,"

Greenleaf said, "but it should mean a more direct touch with foreign markets and probably give cooperatives here a better overall look at the markets."

J. R. Bliss, general manager of the Michigan Elevator Exchange, one of the groups in the five-cooperative organization, said the Mid-States Terminals Inc. was formed "primarily to investigate and do business in the export field when it becomes feasible through the St. Lawrence Seaway."

Bliss indicated the aim of the organization was to get a better price for grain for the Midwest area including the three states and make the foreign market more competitive.

"We think the move will put

Oxford Included in Sewage Plan

Council Tentatively OKs Rezoning of 400 Acres Annexed in March

OXFORD — The village council learned last night through a letter from the Oakland County Dept. of Public Works that Oxford will be included in the county's master plan for sewage disposal.

Council members gave tentative approval to rezoning over 400 acres of property, located between Lakeville and Drahner roads, which were annexed by the village last March. The rezoning will be partly manufacturing and commercial and the balance residential.

The next move will be to have a public hearing on the proposed rezoning in the near future. Ralph Precious, village manager, said today.

Police Chief Al Roberts was authorized to purchase a used car for the town's radar unit.

Village officials voted to offer the local library floodlights to illuminate the front and side of the building. The offer is subject to approval now by the library board.

GOLDEN ANNIVERSARY TODAY — Looking over a hand-painted plate that they received as a wedding gift fifty years ago today, are Mr. and Mrs. Ben Phillips of 1018 Atlantic St., Milford. They were both born and raised in the area, and have always lived in the house they moved into as a bride and groom. From 2 to 5 p.m. Sunday there will be an Open House celebration for friends and relatives of the well-known Milford couple.

Germans Feel Indignation --Not Guilt--for Nazi Deeds

By WELLINGTON LONG
FRANKFURT, Germany (UPI) — Most Germans are indignant about — but feel no guilt for — crimes committed by Nazi concentration camp doctors and SS "liquidation" squads.

That is the view of Eugen Kogon, Germany's best known historian of Hitler's infamous concentration camp system.

Kogon was commenting, in an interview, on the reasons for and results of the recent rash of trials by West German courts of former Nazis.

Medical associations for the first time formally are disassociating themselves as a group from the concentration camp doctors who used their syringes to murder for the Nazis.

Similarly, he said, the Waffen SS as a group has disassociated itself from the liquidation squads whose job was to exterminate Jews and other "Non-Aryan" races.

"And with state judicial officers and the newspapers turning a searchlight on the former Nazis," Kogon added, "any possible 'rehabilitation' of Germany has been delayed."

But he added, he knows of no case in which a university has withdrawn a medical degree or title from a concentration camp doctor-murderer, although all such men obviously broke the Hippocratic Oath.

Kogon, a writer, magazine editor and university professor, was active early in the anti-Nazi movement in Germany and Austria and spent many years in Buchenwald concentration camp, from which the American army freed him in 1945.

ALLIED AFFAIR
"From 1945 to 1948, the Allies handled all the war crimes trials of Nazis, and the Germans apparently considered it was strictly an affair for the Allies. After 1948 (when the Allied trials ended), the Germans considered the whole business settled," Kogon said.

"Beginning in 1950 there was an occasional German trial of Nazis. All of these, note well, were based on denunciations. Some individual who had been in a concentration camp would see one of these former doctors who had killed inmates walking on the street and report to the police. A case would be prepared, and from that case would come perhaps one or two new cases."

"Another element was the return, beginning in 1955, of the prisoners of war from Russia. These returnees included some Nazi criminals who were tried, and their cases in turn caused new cases."

Corp., a group formed only last October. Bliss said several other regional groups deal through the Producers Export Corp. also.

Most of the Michigan firm's business is handled through exporters now but by July 1, Bliss said, it was expected the tri-state organization would be in operation.

Bliss said the idea of a combined organization was new for cooperatives although there are nationwide and worldwide grain companies. The new group, he said, would combine the strengths of the various cooperatives in the three states.

The other four cooperatives in the organization include the Ohio Farmers Grain Corp., Ohio Equity Exchange, Indiana Grain Cooperative and Farm Bureau Cooperative Assn. of Ohio.

3 Cars Pile Up; Driver Is Injured

Victim Suffers Possible Skull Fracture, Falls Unconscious

FARMINGTON TOWNSHIP — A driver suffered a possible skull fracture when three cars piled up on 8-Mile road at the Brentwood avenue intersection yesterday.

Claude C. Hinson, 40, of 30030 W. 8-Mile Rd., was taken to Redford Receiving Hospital where he fell unconscious while being questioned by township police. He was on his way home from work when the accident occurred.

According to police, cars driven by David Bittker, 28, of 20124 Brentwood St., and Irvin Taylor, 32, of 20050 Maplewood St., were stopped on 8-Mile waiting to make a left turn onto Brentwood when Hinson's car rammed Taylor's car, smashing it into the rear of Bittker's vehicle.

Taylor was treated for lacerations on both knees at Redford Receiving Hospital and later released.

Taylor told police that his turn indicator was blinking at the time of the crash, but Hinson denied seeing it, police reported.

Hinson then fell unconscious and the police are still waiting to question him further. No charges have been made.

Psychologist Will Speak at Dublin PTA Meeting

WHITE LAKE TOWNSHIP — A special education program for this area will be discussed by Dr. Leon P. Hall, psychologist for the Special Education Dept., Oakland County Board of Education, at the Dublin PTA meeting at 8 p.m. tomorrow.

Also a film, depicting how the March of Dimes aids those afflicted with rheumatoid arthritis and certain types of birth defects as well as polo victims, will be shown during the course of the meeting. The fifth grade mothers will be in charge of refreshments.

U. S. In for \$8 Billion Farm Investment Rises

WASHINGTON (UPI)—The Agriculture Department's total investment in price-supported farm commodities rose to \$8,261,186,000 last Nov. 30, up more than one billion dollars from the same date in 1957, the department reported.

The increase was apparently caused by heavy movement of supported crops into government hands as a result of bumper 1958 harvests.

Surplus wheat was the biggest single item in the price support stockpile. As of last Nov. 30, the department owned or held under support loans about 1,253,000,000 bushels of wheat valued at about \$5,059,000,000.

The department also reported net

GAIL ANN COOK

The engagement of Gail Ann Cook to George Zsolnai has been announced by her parents, Mr. and Mrs. Edward Cook of 1176 Forest Lake Rd., Lake Orion. Her fiancé is the son of Mr. and Mrs. George Zsolnai of 792 Hemingway Rd., Lake Orion. No date for the wedding has been set.

Oakland Delays Franchise Vote

Township Learns It Cannot Hold Election on Gas in February

OAKLAND TOWNSHIP — Officials of the township decided last night to postpone the vote on granting a 30-year franchise to Consumers Power Co. until a future date after learning an election could not be held near the time of the spring primary to nominate its justices of the peace.

Board members then set 2 p.m. Feb. 14 as the time for the caucus to nominate for township posts in the township hall at 433 Collins Rd., Rochester.

Paint Creek Church, Goodson, was authorized to use the township hall for Sunday school classes from 9 to 11 every Sunday morning.

Clarkston Boy Scouts to Take Compass Hike

CLARKSTON — An all-day compass hike is being planned for Jan. 24 for Boy Scouts in Troop 126. The boys' fathers will meet Saturday to lay out the course.

An annual Fathers and Scouters Banquet and a Court of Honor is scheduled for 6:30 p.m. Feb. 9 at the Methodist Church, according to Scout Leader Jack Frost.

JOAN SUSAN STAVE

Mr. and Mrs. Gordon F. Stave of 5804 Winslow St., Waterford Township announce the engagement of their daughter, Joan Susan, to Arman L.C. Richard J. Bebeau. He is the son of Mr. and Mrs. Richard E. Bebeau of Minneapolis, Minn., and is currently stationed with the U.S. Air Force in Lincoln, Neb. No date has been set for the wedding.

PTA Fathers Invited to Wrestling Match

WALLED LAKE — A program designed to appeal particularly to fathers has been planned for the Wall Lake Junior-Senior High School PTA meeting Thursday at the school.

The parents have been invited to attend a wrestling match at 7:30 between Wall Lake Junior-Senior High and the Berkeley High School. There will be no charge for admission providing they present the PTA notices which students bring home.

Following the match a short business meeting will be held. Afterward Coach Dave Smith will present films from last fall's football games.

Pick Superintendent for Dublin School

WHITE LAKE TOWNSHIP — Nelson O'Shaughnessy has been named superintendent of the Dublin School District, the board of education here announced yesterday.

O'Shaughnessy replaces William Vander Ven who resigned Dec. 2 with no reason given.

A graduate of the former Roosevelt High School in Kewego Harbor, O'Shaughnessy later was graduated from Hillsdale College.

Prior to his appointment his wife, he had taught in the Dublin District, which consists of one elementary and junior high school, for the past two years. He was a physical education teacher and athletic coach.

He was first appointed acting superintendent in December following Vander Ven's resignation.

For Michigan Grain Farmers

Could Bring Foreign Markets Closer

LANSING (UPI)—An organization may be in full operation about midsummer this year to bring its Michigan farmers—customers in closer contact with overseas grain markets.

The organization is the Mid-States Terminals Inc., formed a few months ago. It includes five grain marketing cooperatives from Michigan, Indiana and Ohio.

George G. Greenleaf, short course coordinator at Michigan State University, said the effectiveness of the organization "depends on how active it becomes," but indicated it could mean the farmer would have a much more direct contact with the overseas markets.

"It probably won't cut out the exporter or middle man entirely,"

Greenleaf said, "but it should mean a more direct touch with foreign markets and probably give cooperatives here a better overall look at the markets."

J. R. Bliss, general manager of the Michigan Elevator Exchange, one of the groups in the five-cooperative organization, said the Mid-States Terminals Inc. was formed "primarily to investigate and do business in the export field when it becomes feasible through the St. Lawrence Seaway."

Bliss indicated the aim of the organization was to get a better price for grain for the Midwest area including the three states and make the foreign market more competitive.

"We think the move will put

Michigan farmers in the competitive world market because when the seaway is finished he can move grain almost directly to international markets by water," Bliss said.

The present operation is to send grains through exporters, depending on them for information and shipment requirements.

Bliss said a shipment of white wheat has been sent to Pakistan with the elevator exchange furnishing the wheat and shipping it direct. Formerly, the wheat would have gone to an exporter, he said, and the exporter would have shipped the wheat.

The new organization has a New York office and deals through the Producers Export

Corp., a group formed only last October. Bliss said several other regional groups deal through the Producers Export Corp. also.

Most of the Michigan firm's business is handled through exporters now but by July 1, Bliss said, it was expected the tri-state organization would be in operation.

Bliss said the idea of a combined organization was new for cooperatives although there are nationwide and worldwide grain companies. The new group, he said, would combine the strengths of the various cooperatives in the three states.

The other four cooperatives in the organization include the Ohio Farmers Grain Corp., Ohio Equity Exchange, Indiana Grain Cooperative and Farm Bureau Cooperative Assn. of Ohio.

Would Change Wayne Board

Bill in Legislature to Appoint Six Members, Not Elect Them

LANSING (AP)—A bill was filed in the legislature today to change the Wayne State University Board from an elective to an appointive basis.

If it wins speedy approval, the proposal by Sen. Edward Hutchinson (R-Fennville) would have the effect of heading off selection of a first permanent six man board in the April 6 statewide election.

Instead, a seven member board appointed by the governor, with senate confirmation, would be substituted.

It appeared likely the bill would be the first formally introduced in the upper chamber following today's organization activities.

Hutchinson said he had the proposal drawn before President Clark

once B. Hilberry of the Detroit institution started pushing for a merger with the University of Michigan, but has known of Hilberry's plan for some time.

He said the appointive system, now in effect at Ferris Institute and the Michigan College of Mining and Technology, would better insure selection of well qualified board members.

U. of M. Regents, members of the State Board of Education and members of the State Board of Agriculture, Michigan State University governing body, are chosen by popular election.

Unless the legislature acts quickly, six nominees apiece for an elective Wayne board will be chosen by Republicans and Democrats at their state convention next month, since this is now provided by law.

Schools Build for Sports

NEW YORK—More school bonds were sold throughout the United States during 1957 than ever before. About 20 per cent of the total, or about \$400,000,000, was raised for the construction of gymnasiums, stadiums, swimming pools, and other sports facilities.

Says Handling on Ground Inadequate Jets Need Faster Service

DETROIT (AP)—Ground servicing of jet airliners must be expedited if full advantage of their faster air speeds are to be realized, members of the Society of Automotive Engineers were told today.

P. G. Neelsen of Pan American World Airways, Inc., described faster jet plane servicing as equivalent to ground-handling two piston aircraft simultaneously, but in less time.

Servicing of the jet airliners calls for loading and unloading a larger number of passengers, refueling, food handling and baggage dispatch.

Neelsen said the airlines will use conveyor belts for handling baggage and cargo. One objective, he said, is to put baggage on the claim counter within 10 minutes after the plane lands.

Train Jumps Track, 13 Hurt in Florida

LAKELAND, Fla. (AP)—The conductor and 12 passengers were injured today when seven cars of a Seaboard Air Lines Railroad passenger train jumped the tracks 20 miles northeast of here.

James H. Granger, the 70-year-old conductor from Waldo, Fla., was taken to a Winter Haven hospital for treatment of head and chest injuries.

None of the passengers was badly hurt, but a number were hospitalized for precautionary examinations. Most of it, he said, would have to be built to order.

Hal Newhouser Talks at Rotary Club Meet

Featured speaker at yesterday's Waterford-Drayton Rotary Club meeting was former Detroit Tiger pitcher ace Hal Newhouser.

Midwest supervisor of scouts for the Baltimore Orioles, Newhouser spoke on the search for new baseball talent.

Newhouser's off-season time is devoted to his post as director of recreation at the Oakland County Children's Home in Waterford Township.

Report Albino Platypus

SYDNEY, Australia—Moss Vale, a New South Wales farmer, recently reported seeing an albino platypus "with yellow legs" that lived on a dam on his ranch. Sydney naturalist Alexander Chishold said the animal was a rarity, especially since it lived in a dam rather than the customary running water.

Accidents in traffic cost the American people about \$3 billion a year.

'Listen Closely to Mikoyan' Hart Advises Americans

WASHINGTON (AP)—Sen. Philip A. Hart (D-Mich.) says American leaders and Congress members should lose no opportunity to listen to Soviet Deputy Premier Anastas Mikoyan.

Noting there had been some objections to receiving Mikoyan as an official guest of this country, Hart said at a news conference:

"Although we abhor much that that nation stands for, we would be unwise to close our eyes and ears to the No. 2 man in that country."

"We should be willing to contest with the Russian ideology at any time," Mikoyan is visiting the United States as a guest of the Russian ambassador, not as a guest of this country.

Hart said he has received a flood of letters from Michigan citizens on a wide variety of subjects.

But surprisingly, he said, he has received more mail protesting the 10 per cent tax on telephone service than on any other subject. He added:

That part of the N.E. 1/4 of the N.E. 1/4 section 25, T. 3 N. R. 8 E., White Lake Township, Oakland County, Michigan, described as:

Beginning at the N.E. corner of section 25, thence due south 365.00 feet along the east line of section 25; thence S. 77° 15' W. 230.00 feet; thence S. 89° 45' W. 145.00 feet to a point on the north line of section 25; thence due north 145.00 feet to the point of beginning.

The above stated amendments are hereby declared to be immediately necessary for the preservation of the public health, safety and morals, and are hereby ordered to take effect thirty (30) days after publication.

Passed and adopted this 14th day of January, 1958 by the White Lake Township Board.

NOTICE TO BIDDERS

Sealed proposals will be received by the Board of County Road Commissioners of the County of Oakland at their office, 2420 Pontiac Lake Road, Pontiac, Michigan, until 1:30 o'clock p.m. Eastern Standard Time, Monday, February 18, 1958, for the construction of a 10 mile section of road, to be known as the "Mikoyan Road," and to be located as follows:

That part of the N.E. 1/4 of the N.E. 1/4 section 25, T. 3 N. R. 8 E., White Lake Township, Oakland County, Michigan, described as:

Beginning at a point on the east line of section 25, that is due south 125 feet along said line from the N.E. corner of section 25; thence due south 125 feet along said line to the point of beginning.

Death Notice

CARROLL, JAN 12 1958 JAMES E. 38, father of Mrs. Marvin Neelsen, died at St. Mary's Hospital, Detroit, Michigan, after a long illness.
