Accident Victim

FRANK C. VORE

Pontiac Youth Killed by Train

Body of Frank Vore, 20, Found Beside Track in Waterford Twp.

The body of a Pontiac television repairman was found beside Grand Trunk Western Railroad tracks about one thousand feet south of Williams Lake road Wednesday by Waterford Township Police.

Frank C. Vore, 20, who roomed at 33 Gilling Ct., according to Police Chief Frank J. Vanatta, apparently had been struck by a train about five miles north of Pontiac. His body was found about six feet from the tracks.

Oakland County Deputy Coroner Dr. I. C. Prevette said Vore had been dead about 13 hours when found shortly after 1 p. m. yesterday. He suffered a fractured skull and a broken right leg. Vanatta and Dr. Prevette termed the death accidental.

T. O. Hamp, engineer of a train traveling from Pontiac to Durand yesterday afternoon, reported to police the sighting of the body, according to Vanatta.

The son of Mr. and Mrs. Clellan O. Vore of 4920 Hatchery Rd., Drayton Plains, the victim had been employed at the Mitchell TV store, 109 N. Saginaw St., since December.

Notified of her son's death, Mrs. Vore told police that Frank was planning to get married late this month.

A Korean War veteran, Vore had been out of the Army one year. He had spent four years in service, according to his mother.

Besides his parents he is survived by three brothers, Clellan Jr., 18; Jerry Lee, 17; Donald Kenneth, 13, and two sisters, Linda, 8, and Christina, 22.

Funeral arrangements are pending at the Coats Funeral Home in Drayton Plains.

U.N. Halls Echo With Ike's Forceful 'No' on Red China

UNITED NATIONS, N. Y. (INS) — President Eisenhower's forceful warning against seating Red China in the U.N. jolted many Western diplomats today into re-examining their position on the issue of the showdown.

Eisenhower's emphatic "no" to replacing Nationalist China with Peking's Communist regime next September in the Assembly resounded through all the corridors of U.N. headquarters.

It overshadowed pointedly the impact of Britain's abstention in yesterday's voting on Free China's credentials in the U.N. Trusteeship Council.

Britain's U.N. spokesman insisted that Sir Alan Burns' abstention from the vote which approved by 9 to 2 the Peking regime's credentials for this Council session "constituted no change in British policy."

Russia and India cast the negative votes.

Stiff U. S. Note Calls for Return of Kidnaped Gls

Demands That Czechs Release Captain and 6 Enlisted Men

WASHINGTON (A.P.) — The United States has served Red Czechoslovakia with a brusque demand for the "immediate return" of seven U. S. soldiers who this government charged were kidnaped last Sunday.

The State Department disclosed last night that an exceptionally stiff note was delivered to the Czech Foreign Office in Prague yesterday.

That note dismissed as unfounded Czech claims that the seven — a captain and six enlisted men — were spying when they were seized by a Czech border patrol near the West German town of Baunau July 4.

But a few hours after the U. S. note was handed to Czech diplomatic officials, the Communist satellite government repeated its espionage charge in a Prague radio broadcast heard in Vienna.

The U. S. note, protesting "in the strongest terms this abduction of American soldiers," said the Americans "were proceeding innocently without arms along the (Czech-German) border . . . when they were seized by a Czech patrol."

The men, whose home towns and ages have not been disclosed by the Defense Department, were identified by Prague Radio as Capt. Jack Davis, Pvt. Richard Jumper, Pfc. Leonard Tennis, Cpl. John Glasson, Pvt. Ross McGinnis, Pfc. George Switzer and Pfc. Jerry Griffith.

However the Czech reply note to the United States as read over the Prague radio insisted that "their confession and behavior con-

Berkley Police Fire 3 Shots at Speeding Auto; Car Rolls Over

A 15-year-old Southfield Township juvenile is reported in good condition today in Mount Carmel Mercy Hospital following a 70 mile an hour chase last night in which Berkley policemen fired three shots at his car, hitting it twice.

According to police, Patrolmen Don Cole and James Cole and Sgt. John Wilson began chasing the youth when they saw his car speeding on 12-Mile road in Berkley.

Unable to catch him after several miles, the officers opened fire, striking the youth's car in the trunk and rear fender.

The youth lost control of his car on Pierce street, and it rolled over twice. The officers found him lying in weeds a few feet from the car. Police say the boy's father told them he had taken the family car without permission. According to hospital officials he is suffering head injuries.

Molotov Returns to Geneva Talks

Major Diplomats Head Back to Conference on Indochina

GENEVA (U.P.) — Soviet Foreign Minister V. M. Molotov returned to the Indochina conference today. His arrival promised a step-up in the negotiations for a cease-fire in the war which for nearly eight years has ravaged the French territory in the Far East.

The Russian was the first of the major diplomats to return to the party which they left two and a half weeks ago after it settled down to negotiations between military representatives on details of a ceasefire.

Other key figures also were expected to return soon.

French Premier Pierre Mendes-France, who is acting as his country's foreign minister, announced in the National Assembly yesterday he would go to Geneva soon to take personal charge of the French delegation.

British Foreign Secretary Anthony Eden also is expected back in Geneva early next week, and Communist China's Premier-Foreign Minister Chou En-lai likewise is expected to come back from Peking.

There has been no indication here, however, whether U.S. Secretary of State Dulles or Under Secretary of State Walter Bedell Smith will return from the United States.

In the absence of the top diplomats, conference activity has been confined chiefly to negotiations between representatives of the rival military commands in Indochina.

4 Puerto Rican Terrorists Get Maximal Terms

3 Men Receive 25-75 Years, Woman, 16-50 for House Shooting

WASHINGTON (A.P.) — Four Puerto Rican terrorists who shot up the House of Representatives March 1 and wounded five of its members today were given maximum prison sentences ranging up to 75 years.

A fiery brunette, Lolita Lebron, 34, self-styled leader of the group, received a sentence of from 16 years and 8 months to 50 years.

Her three male companions received sentences of from 25 to 75 years each.

U.S. Dist. Judge Alexander Holt-off said he felt maximum sentences were justified because the crime was "so heinous, so infamous, so daring and so atrocious as to shock the conscience of the nation."

The longer sentences for the three men resulted from the fact that a jury convicted them last month on five charges each of assault with intent to kill and five charges each of assault with a dangerous weapon.

Mrs. Lebron was convicted only on five charges of assault with a dangerous weapon.

Before hearing their sentences, the four Puerto Ricans protested anew that they merely staged a demonstration in behalf of Puerto Rican independence, and did not intend to kill anyone.

In their own minds, the Puerto Ricans said, they did not feel they were guilty of any crime.

Judge Holt-off took a different view. He called the pistol attack on the House "dastardly, wicked and ruthless." Except for the skillful work of surgeons, the judge said, the Puerto Ricans would have been before him to hear death sentences, instead of sentences on lesser charges.

Their lawyers said they would file notices of appeal.

The men are:

— Rafael Cancel Miranda, 25; Andres Figueroa Cordero, 28; and Irving Flores Rodriguez, 28.

All are from New York City, as is Mrs. Lebron, 34.

Testimony was taken during the dramatic two-week trial from the four defendants and from the five wounded congressmen—Reps. Clifford Davis (D-Tenn.), Alvin H. Bentley (R-Mich.), George H. Fallon (D-Md.), Ben F. Jensen (R-Iowa), and Kenneth A. Roberts (D-Ala.).

EL SEGUNDO, Calif. (U.P.) — The Douglas A1D Skyhawk, America's smallest jet combat plane, has made a successful 45-minute test flight.

Douglas and the U.S. Navy said the flight was at Edwards AFB in California's Mojave Desert last June 22. Test pilot Bob Rahn was quoted as saying the flight was "beyond all expectations."

Although less than half the size of some jet fighters, the Skyhawk is capable of carrying an atom bomb in takeoffs from an aircraft carrier.

House, Senate Attempting to Resolve Housing Split

WASHINGTON (UP) — House and Senate conferees squared off today for a pitched battle to try to resolve their sharply conflicting positions on President Eisenhower's public housing program.

Advance statements from leaders of both sides indicated agreement would not come easily. Each predicted the other would back down.

Rep. Jesse P. Wolcott (R-Mich.), powerful chairman of the House Banking Committee and ardent foe of government-subsidized housing, said he expects the Senate to retreat and adopt the House provision to ban all future public housing starts.

But Sen. Homer E. Capehart (R-Ind.) said his Senate colleagues have no intention of giving in. He said they would stand by the administration's request to build 140,000 public housing units over the next four years.

Battle lines over the public housing issue were drawn after the conference group agreed Wednesday on legislation to make it easier for millions of Americans to buy their own homes by slashing down payment requirements on government-insured home mortgages.

The conferees, ironing out differences in the Senate and House versions of the administration's housing bill, resume their compromise efforts this afternoon.

Under the compromise, a down payment of only five per cent would be required on homes costing \$9,000 or less. A \$16,000 house could be bought with a \$2,200 down payment instead of the \$3,200 now required.

Home buyers would have to put \$700 down on a \$10,000 home, compared to the present \$1,250.

Williams' Aide Gets Liquor Board Post

LANSING (U.P.) — Gov. Williams appointed Frank Blackford of East Lansing, one of his administrative aides, to the State Liquor Control Commission today.

Blackford's appointment clears the way for George J. Burke Jr., to leave the chairmanship and take the post of the business manager which he won in a recent civil service examination.

Blackford, 35, was named to a term expiring Dec. 15, 1955.

A member of the governor's staff since 1951, Blackford is a political science and public administration graduate of Michigan State College, where he received a master's degree. As a graduate assistant at the college he was assistant project director for the Little Hoover Commission task force on elections and on health.

U.S. Would Use Veto on China

Dulles States Position on Keeping Chinese Out of U. N.

WASHINGTON (U.P.) — Secretary of State Dulles said today the United States would use its veto, if necessary, to keep Red China out of the U.N. Security Council.

Dulles expressed complete confidence the Red China regime would be unable to gain admittance at the fall session to any of the principal U.N. organizations, including the Assembly.

At a news conference, Dulles denounced the Peking regime for flouting the United Nations in Korea, supporting the Communists in Indochina and generally failing to fulfill international obligations.

Dulles said firmly, in answer to questions, he did not believe there would be any occasion for the United States to withdraw from the United Nations if Red China is admitted, as Sen. Knowland (R-Calif.) has proposed.

Talk of pulling out of the United Nations, he said, strikes a note of defeatism which is entirely unjustified because the United States and like-minded countries have a powerful case for blocking Red China's membership.

Police at Miami Grill 30, Hold 7 in Child's Slaying

MIAMI, Fla. (AP) — More than 30 men were questioned and seven were being held by police today to crack the kidnap-murder of 7-year-old Judith Ann Roberts.

Lt. Chester Eldridge, head of the homicide bureau, said however that his men were without a "definite" suspect.

The police still had about 40 men listed for questioning, all known sex perverts and child molesters.

The body of blue-eyed Judith Ann was savagely beaten and ravished when found yesterday a few blocks from Miami's City Hall at Dinner Key.

"We will work around the clock until this vicious killer is in jail," said Eldridge.

A report that the FBI was calling signals in the case was denied by Edward J. Powers, special agent in charge of the Miami office.

He pointed out that the FBI lacked jurisdiction because the body was not taken across state lines and there was no ransom demand.

Court of Appeals Dismisses Main Perjury Count

Term of 'Sympathizer' Is Called Too Vague to Sustain Indictment

WASHINGTON (A.P.) — The U. S. Court of Appeals today upheld, 8-1, dismissal of the main count of the perjury indictment against Owen Lattimore—that he lied in denying he was a Communist sympathizer or a promoter of Red causes.

The court reinstated by a 5-4 vote two more counts which a district court judge had thrown out when the controversial Far East specialist was called to trial. But these two were accusations which attorneys had treated as side issues.

Today's ruling confronted the Justice Department with this choice:

1. To ask the Supreme Court to put the key count back in force; or
2. To go to trial on the two reinstated counts plus three which U.S. Dist. Judge Luther W. Youngdahl had let stand with a comment that he doubted they would "pass the test of materiality so as to present a jury issue."

When the trial court threw out the charges government lawyers said they planned to go all the way to the highest court if necessary to get them back.

Today, however, the department said the appeals court opinion will have to be studied carefully before a decision is reached on the next step.

Lattimore himself, reached at his home in Baltimore, said the ruling was "clearly a major victory."

And in Washington his lawyers, Joseph C. O'Mahoney and Thurman Arnold, said the 8-1 vote of the court of appeals on the major count "has destroyed any substantial case" against Lattimore. They added in a statement:

"The remaining counts are trivia, involving Lattimore's memory as to unimportant events in his long career which happened from 10 to 15 years before the indictment."

They made a point of the 5-4 div-

Demaret Tops U. S. Golfers in Britain

SOUTHPORT, England (U.P.) — Jimmy Demaret of Klamath Lake, N. Y., fired a sub-par 71 today for a halfway total of 144 to lead the small group of Americans in the British Open golf tournament.

Demaret's 36-hole total left him only three strokes back of the early leader, Bill Spence, a 42-year-old English professional who added a 72 to his opening 69 for 141.

Three players were bracketed at 143. They were Englishman Sam Lead with Spence and who shot a 74 today; Peter Thomson of Australia and Syd Scott of England. Scott fired the best round of the tournament, a record 67, for the Royal Birkdale course, while Thom, son went around in 71.

STONIA HEAD TAKEN

Shows Adams as West Limit of Business District

From Our Birmingham Bureau
BIRMINGHAM — There are only two major differences in the city's existing zoning as compared with the preliminary 1970 land use plan, City Planning Director Robert Boatman told members of the Southeast Planning Council at a meeting here last night.

One is that the central business district extends east to Adams road, except for a small residential strip zoned for business.

Boatman said the plan also shows the industrial area east of Eton road extending south of Lincoln, while city planning calls for designating Lincoln as the southern boundary.

With an eye to future sewage and water needs for outlying areas, along with other joint problems, the Detroit Metropolitan Area Regional Planning Commission started development of a master land-use plan several years ago.

Listing some statistics, Boatman said Birmingham's population now stands at 22,600 and shows a 46 per cent increase since 1950. Mass production building is over except for Porritt property development, because there are no large properties remaining, he said.

Assessed valuation has jumped from \$30,604,020 in 1950 to a 1954 figure of \$48,807,260. He estimated that Birmingham is now 85 per cent developed, residentially, and 50 per cent, commercially.

The local Civil Air Patrol has again been honored and for the third consecutive year will play host in this summer's foreign exchange program.

Marking the first time that girl cadets have visited the United States under the exchange system, eight Alaskan CAP cadets will spend next Tuesday through Thursday in the community.

Accompanied by a WAF member and a senior CAP officer, the young women will be flown into Selfridge Air Force Base by the Military Air Transport Service in cooperation with the CAP. The Alaskan group will proceed to Flint following activities here.

Barely recovering from this whirlwind, the Birmingham CAP will greet a second exchange group on July 28, when six boys in the Chile equivalent of CAP, stop here.

Cadets from Portugal and Great Britain were guests of the local CAP in 1952 and 1953, respectively.

Still another honor has come to the CAP here — Cadet Capt. Robert Owen, 18, of 303 Park St., was named by the CAP and the Air Force to represent the local group in the overseas exchange, and leaves next Thursday for Belgium, via France and Germany.

James Spencer, chairman of the three-man board investigating possible negligence on the part of the Fire or Police Departments at last month's fire in which three persons died and firemen rescued a fourth, said yesterday the committee will hear the facts as presented by firemen and policemen at meetings tonight and tomorrow.

Sessions with residents in the area are about over, Spencer said, and added he hoped that all statements would be taken by the end of next week.

The investigating committee was formed when several residents complained to the City Commission.

Bloodmobile Here Monday

Donations to Be Taken at All Saints Episcopal Church

Harold B. Euler, chairman of Oakland County Chapter, American Red Cross, today urged everyone who can to give blood at Monday's bloodmobile visit here.

The mobile unit will take donations from 2 until 8 p.m., July 12 at All Saints Episcopal Church, West Pike and Williams streets. Red Cross offices are taking calls for appointments from 9 a.m. until 5 p.m. today and Friday.

"We need 200 blood donors," Euler said. "Blood donations throughout the whole Detroit area have dropped off since summer started."

Euler commented that the Red Cross, like a baseball team, has blood workers lined up "two deep," so if one leaves for vacation, another can pinch-hit. He urged organizations with blood banks to follow the same system with blood donors.

"But baseball has a season," he said. "And the need for blood knows no season. Hospitals need about the same amount of blood for our sick and injured people now as they do during the winter."

30 Quizzed, 7 Held in Kidnap-Slaying

(Continued From Page One)

A night gown had been ripped from her body.

One piece of the garment and a handkerchief were tied tightly around her throat. What appeared to be a venetian blind cord held her hands tied behind her back. Her eyes were swollen shut.

The children and their parents, Mr. and Mrs. James Roberts, arrived Sunday night from Baltimore for their annual two weeks visit with the Rosenbergs, parents of Mrs. Roberts.

The father was on a night club tour with Mrs. Dorothy Lawrence, 21, a client and friend, when Judith Ann was kidnaped about 1 a.m. Mrs. Lawrence came to Miami with the Roberts family and said she planned to get a divorce here.

The killer apparently entered the Rosenberg home through a front door which was left unlocked because Roberts did not have a key. Then, police theorized, the kidnaper went to the bedroom, where he took the car key from Rosenberg's trousers, took Judith Ann from the couch in the living room where she was sleeping, and left.

He drove off in the automobile and the sound of the machine roaring away awakened Mrs. Rosenberg, who noticed the front door ajar and awakened the others. They searched the neighborhood, thinking the child had wandered off, before notifying police.

Roberts returned home about 2:45 a.m. He kept saying over and over, "Nobody would take a little girl and hurt her."

The Rosenbergs and Mrs. Roberts said they were convinced the killer was familiar with the duplex apartment and knew the children would be there.

Hazel Park Pair Waives Hearing

Two Hazel Park brothers waived examination Wednesday when they appeared before Hazel Park Justice Robert C. Baldwin on charges of breaking and entering in the nighttime.

Larry Alexander, 18, and his brother, Allan, 17, of 98 W. Elza St., were bound over to Oakland County Circuit Court for arraignment Monday. They were remanded to Oakland County Jail when they failed to post \$1,000 bond each.

They are charged with a break-in at Westfall Hardware at 20840 John R. on or about June 20.

Arrangements for Frank C. Vore, 20, of 33 Gingell Ct. will be announced later by the Coats Funeral Home, 3141 Sashabaw Rd. in Drayton Plains.

Born in Pontiac Aug. 23, 1933 he was the son of Clellan and Dorothy Brown Vore. He was employed as a television technician.

Mr. Vore was a veteran of the Korea War, 1949-1953.

Besides his parents he is survived by his grandparents, Mr. and Mrs. Frank Vore of Leonard and Mr. and Mrs. Glenn Brown of Pontiac.

Also surviving are two sisters and three brothers: Mrs. Christina Mann in Long Beach, Calif.; Clellan, Jr. in the Marine Corps; Gerald, Donald and Linda at home. He died Wednesday.

MRS. EDWARD VAN TASSEL

Children's Shop in New Location

Margaret Ann Moves to Larger, Remodeled Store in Riker Bldg.

What began nearly 19 years ago as a knit shop on Lawrence street today had its grand opening as the new, enlarged Margaret Ann Shop, featuring a complete line of children's apparel.

Located at 37 W. Huron St. in the Riker Bldg., the store has an additional 600 feet of sales space compared to the store five doors away which the firm occupied for the past 14 years.

Owned by Mrs. Edward Van Tassel of 51 E. Iroquois Rd. and her sister, Mrs. T. F. Carson of Toledo, the Margaret Ann Shop was named after the partners' mother.

"We thought it made an ideal name for a knitting shop," recalled Mrs. Van Tassel. "And, of course, we didn't know we were going to have a children's shop, but the name worked out just fine."

After five years as a knit shop, the firm moved to 55 W. Huron St. and began carrying a line of children's apparel.

In completely remodeling the new location, Mrs. Van Tassel selected an aqua and sand beige color scheme "to tie in with children's apparel."

National brands for infants, girls through sub-teens and boys through 12 are carried at the shop.

In addition to the modern counters, cases and display boards, and new flooring and dressing rooms, the shop features fluorescent lighting fixtures, making shopping easier, said Mrs. Van Tassel.

Mrs. Van Tassel is the mother of three children, Jo Ann, 16, Susie, 13, and Edward III, 10. Her husband operates a business in Rochester.

The grand opening will continue through tomorrow and Saturday. The shop will be open from 9:30 a.m. to 5:30 p.m. daily and until 9 p.m. Friday.

Pontiac Boy Injured in Fall From Truck

James H. Hudson Jr., 14, of 309 N. Paddock St., suffered a possible skull fracture Wednesday when he fell from the rear of a pickup truck at Baldwin and Strathmore Aves., according to Pontiac Police. He is reported in good condition at Pontiac General Hospital.

Lt. Joseph Koren, head of the traffic and accident bureau, said police have been unable to locate the driver of the truck, Charles Ford, 24, of 84 Lincoln St., for a statement.

Police quoted Joseph McCauley, 15, of 101 Kemp St., 1 of 3 youths riding in 'ae cab, as saying Ford swerved his truck which hit a curb, throwing James onto the pavement.

Ford, according to McCauley, let the three youths out of the vehicle and drove off. Police, summoned by the youngsters, took the boy to the hospital.

Risk Few Seats in Fall Elections
Hot Contests Expected for Only 16 Senatorial Posts This November

WASHINGTON — As of today, the 1954 race for control of the Senate looks like a photo finish, according to a survey by Congressional Quarterly.

In the 37 regular Senate contests to be decided in November, 21 seats should stay in the same party. Seven of these are solidly Republican and 14 are pretty firmly Democratic, so the battle for Senate control narrows down to 16 "hot" races.

But the politicians are in general agreement that, at this point, Republicans have the edge in five of the hot races, while Democrats are leading in only four.

Outcome is uncertain in contests for four "doubtful" seats now held by Democrats — in Colorado, Delaware, Montana and Ohio — and three held by Republicans — Kentucky, New Jersey and Wyoming.

Here is the lineup of the 21 seats that the survey shows are likely to remain in control of the same party:

Solidly Republican: Kansas, Maine, Nebraska (two), New Hampshire (two) and South Dakota.

Solidly Democratic: Alabama, Arkansas, Georgia, Louisiana, Mississippi, North Carolina (two), Oklahoma, South Carolina, Tennessee, Texas, and Virginia.

Considered almost certainly Democratic: Rhode Island and West Virginia.

Sen. Styles Bridges (R. N. H.), President pro-tem of the Senate and Chairman of the Senate Appropriations Committee, and Sen. Lyndon B. Johnson (D. Tex.), Democratic floor leader, are conceded re-election. Sen. Homer Ferguson (R-Mich.), Chairman of the Senate Republican Policy Committee, and Sen. Leverett Saltonstall (R. Mass.), assistant Republican floor leader, are given the edge in the battles to keep their seats.

On four Democratic aspirants for the 1952 Presidential nomination, only Sen. Richard B. Russell (D. Ga.) is conceded re-election to the Senate without a fight. Sen. Estes Kefauver (D-Tenn.) and Sen. Robert S. Kerr (D. Okla.) have tough primary fights and former Vice President Alben W. Barkley, a bitter contest in November.

The "battering average" of the Eisenhower Administration is expected to be a big issue in the Senate races, along with Communism in government, foreign policy, farm income, taxes, and unemployment.

Lions Parade Despite Rain in New York

NEW YORK (AP)—The Lions had a whale of a time yesterday during their 5th Avenue parade — despite downpour and drizzle which sent thousands of spectators running for cover.

Some 15,000 members of the international service club put on a spectacular show as they marched down the avenue from 95th Street to 62nd Street.

The clever floats, pretty girls, bands and colorful costumes would have drawn probably a quarter-million onlookers if the weather had been good. As it was, police estimated that some 50,000 persons watched the proceedings between intermittent rains.

The parade, featuring 40 floats and about 50 bands, got under way at 5 p.m.

Vernor Estate Goes to Family

Widow to Get Home; Son, 2 Grandchildren Also Beneficiaries

The will of James Vernor, president of the Vernor Manufacturing and Bottling Co. who died in his Bloomfield Hills home June 6, named his widow, son and two grandchildren as beneficiaries.

His widow Emma F., was bequeathed the family residence, a 178-acre farm at 4805 N. Harsdale Ave., and 40 per cent of the estate's residue plus all personal property and furnishings in the home.

His son, James Vernor Jr., of 707 W. Long Lake Rd., Bloomfield Hills, was left the remainder of the Bloomfield Hills property.

The Detroit Trust Co. was named administrator and Detroit attorney Raymond Berry was named executor in the 15-page will.

Vernor directed that a trust fund be established with all remaining real and personal property for the benefit of his son and grandchildren, James Vernor III, 14, of the Long Lake road address and Gracey Shannon Vernor, 13, of Garden City.

Evaluations of the estate filed with the will in Oakland County Probate Court listed real estate at \$200,000 and upwards and personal estate at \$50,000 and upwards.

Real estate in the Vernor holdings include the sprawling Arcadia Farms near Lapeer and one of the most modern and complete bottling plants in the country at 4501 Woodward Ave. in Detroit.

James Jr. was designated to receive two shares of the trust fund and the two grandchildren one share each, according to terms of the will.

The fund is to be distributed one-fourth in 1965; one-half in 1970 and the balance in 1980.

Lattimore Perjury Charge Is Dropped

(Continued From Page One)

sion putting the two counts back into force.

In addition to the count alleging Communist sympathy and promotion of Communist causes, the appeals court upheld the dismissal of a charge that Lattimore lied in telling the Senate Internal Security subcommittee it was not necessary for him to have the permission of Communist authorities for a visit to Yenan, former Red stronghold in China, and that he had no prearrangement for a visit he made.

The vote on that issue was 8-1 as on the main charge but a different judge dissented. On the principal accusation the dissenter was Chief Judge Harold M. Stephens. On the Yenan visit issue the dissent was filed by Judge John Danaher.

Judge E. Barrett Prettyman, writing for the majority in upholding the dismissal of the two counts, said:

"We are of the opinion that this first count of the indictment is void for vagueness.

"The word 'sympathizer' is not of sufficiently certain meaning to sustain a charge of perjury. The count is that Lattimore said he had never been a sympathizer whereas he had been a sympathizer. There is no definition of the term 'sympathizer' or any concrete specification of its content either in the indictment or in the statute. Without such definition or specification the term has no certain meaning."

The two counts reinstated by the court related to the question whether Lattimore knew certain writers for the magazine "Pacific Affairs" which he formerly edited, were Communists.

In the 5-4 split for reinstatement of those charges, the court majority was made up of Chief Judge Stephens and Judges Prettyman, Charles Fahy, George T. Washington and Danaher.

The minority consisted of Judges Henry W. Edgerton, Bennett Champ Clark, Wilbur K. Miller and David L. Bazelon.

The counts the court reinstated were based on this testimony by Lattimore:

That he didn't know that Asiaticus, a writer for Pacific Affairs, a magazine of the Institute of

Pacific Relations which Lattimore edited, was a Communist. Asiaticus is alleged to be a German Communist, Hans Mueller, who was a protégé of Communist Gerhart Eisler.

Also that he never published articles in IPR magazines by persons he knew to be Communists, other than from Russian contributors.

Money Preserved

ATLANTA (UP) — Claude Ridley, of Chatsworth, Ga., protested a \$106,674 federal income tax lien for the 1941-51 period although he did not deny a government claim that he bought \$98,500 worth of government savings bonds during

that time, yet filed no tax returns. Ridley testified at his civil trial that he had buried his earnings in fruit jars from 1935 to 1941 and dug up the money to buy bonds when World War II broke out.

Mendes-France
Wants Draftees

Premier Will Ask OK for Sending Conscripts to Indochina War

PARIS (AP)—Premier Pierre Mendes-France said today he will ask the National Assembly to approve the sending of draftees to reinforce French forces in Indochina if the Geneva negotiations end in failure. The Premier also told the lawmakers he would be leaving soon to take personal charge of the French delegation at Geneva.

"I have already said that the reasons to hope for a favorable and honorable outcome are present," he declared. "That is still my opinion today."

The Premier told the Assembly there would be no means of assuring the safety of French soldiers already in Indochina if conscripts were not sent.

Since the war started in 1947, all the fighting in Indochina has been done by French volunteers, North African troops, and Foreign Legionnaires. The dispatch of draftees to a combat zone was specifically forbidden by the National Assembly.

Mendes-France reminded the deputies he has promised to resign unless he can bring an end to the fighting by July 20. He also reminded them he has promised to take all necessary measures in the meantime to provide for the safety of French forces already on the scene.

The Premier said French military leaders concurred in his decision to call on conscripts if the attempts for a negotiated settlement fail. The Premier recently conferred with Gen. Paul Ely, France's new commander-in-chief in Indochina.

Mendes-France took office June 18 with a promise to resign as Premier if the Geneva conference did not result in a cease-fire by July 20. He since has assured France he does not mean to surrender Indochina to the Communist-led Vietminh, but will fight on if he cannot get a settlement.

Hearing Aids Hasten
Repair of Television Sets

NEW YORK (UP) — The hearing aid has a new use—helping television repairmen to spot trouble in faulty sets.

These precision instruments, according to the American Hearing Aid Association, enable the TV serviceman to "tune in" quickly on a wide range of vibration noises, including transformer hums. This cuts down the time required to repair the set.

The garment trade is the leading industry in New York City.

Dem Says GOP Used Pressure

Rep. Abernathy (Miss.) Claims - Republicans Bitter on Farm Vote

WASHINGTON (AP)—Rep. Abernathy (D-Miss.) said today he has been told House Republicans were subjected to "terrific pressures and stringent disciplinary action" to line them up last week for flexible farm price supports.

Abernathy is a member of the House Agriculture Committee and a backer of the present system of rigid price supports, which the House refused to extend, voting instead for a flexible plan modified somewhat from administration proposals.

"Many Republicans quietly complained that every possible method of disciplinary action was exercised to whip some of their colleagues in line," Abernathy said in a statement.

"It was strongly rumored that officials in the offices of the Republican National Committee had told members who were inclined to vote for the committee bill that unless they voted with

the administration . . . that no money would be made available for their forthcoming campaigns." Abernathy said one Republican who was "very bitter about it" told him Republicans were "subjected to terrific pressures and stringent disciplinary action." He did not name this GOP member.

The test came on an amendment, approved 229-170, providing flexible price supports for basic farm crops ranging between 82½ per cent to 90 per cent of parity, a standard said by law to give farmers a fair return in relation to their costs.

The Agriculture Committee had recommended rigid supports at 90 per cent of parity. The administration asked for flexible supports ranging from 75 to 90 per cent of parity.

Abernathy said the plan finally accepted was a "surprise compromise" offered by Republican leaders.

President Eisenhower told his news conference yesterday he did not regard the House action as a compromise, since it embraces the principle of flexible price drops.

He said he regarded the House vote as "a great and sweeping victory" for the administration.

Capt. William J. Stannard was the first leader of the United States Army band, being appointed by General Pershing in 1923, after competitive tests for the position.

Baby Won't Play With His Toys Until 4 Months

ITHACA, N. Y. (INS)—Adults have fun buying toys for baby, but don't expect baby to have fun with the toys right away.

According to child specialists at Cornell University, baby won't play with toys until he's about four months old.

Before then, he enjoys playthings with his eyes but not with his hands. In other words, he follows with his eyes first and then uses his hands and eyes together.

He may hold a rubber ring or a small animal, but it'll take about two months before he really learns to shake that pretty rattle.

As soon as baby learns to sit up, his interest in new toys begins to soar. But at this point, just about everything goes straight into his mouth. Don't tell him he shouldn't do this, for his mouth tells him things that his hands can't.

Just give him washable toys with non-poisonous paint and make sure there aren't any parts he can bite or pick off. As long as the toys are clean, go right ahead and let him chew to his heart's content.

When baby is about six months old, he wants more variety in this recreation. Toys that shake and strings of beads or buttons are favorites.

The brighter the colors, the better. Soft, cuddly toys are popular but don't over-do them, for babies at this age love bright shiny things that make a noise.

Practice Patience in Teaching Child

When Baby gets to the toddler stage, you'll need a good deal of patience to teach him to obey. For example, five minutes before dinner time, you might tell him he will have to put his toys away and get ready. If he ignores the command, ignore him in turn and put the toys away yourself.

At this point he probably will be quite angry and tearful. But don't scold him for bad behavior. Instead, take him to wash his hands, continue to ignore his protests and chatter pleasantly. As you wash his hands, tell him a story. By then, he will have forgotten his toys and his annoyance, and you should be fast friends again.

Coming Events

Royal Neighbors of America will meet this evening at 8 o'clock in Grotto Hall, West Pike street. Frances Willard Unit of WCTU will hold its annual noon picnic Friday at the home of Mrs. L. L. Marion, 1105 James E. Blvd. Mrs. Julia Burton, state secretary, will be special speaker.

Virginia E. Elmy Speaks Vows in Double-Ring Rite

Virginia E. Elmy became the bride of William D. Cole Saturday evening in the First Baptist Church.

Dr. H. H. Savage performed the 7:30 ceremony before 100 guests.

The bride is the daughter of Mr. and Mrs. Roy W. Elmy of Roselawn drive, and the Ross

Coles of Third avenue are his parents.

An altar banked with white gladioli and snapdragons formed the background for the double-ring candlelight ceremony.

The bride approached the altar wearing a gown of Chantilly lace and silk yarn-dyed taffeta with a lace bodice and long tapered sleeves. Lace ruffles at the side of the taffeta skirt formed a sweep train.

Her fingertip-length veil was attached to a queen's crown of orange blossoms and she carried a cascade bouquet of shattered white carnations centered with a white orchid.

Doris Elmy attended her sister as maid of honor wearing a gown of aqua nylon net over taffeta, fashioned with a shirred bodice. She carried a bouquet of yellow shattered carnations.

Mozelle Seaman and Patricia Stone were other attendants wearing identical gowns of pale yellow and carrying bouquets of aqua shattered carnations.

Robert E. Cole, twin brother of the bridegroom, was best man and John Hendry and James Hilly seated the guests.

An ice blue linen dress with lace appliques, white accessories and a corsage of pelargonium carnations were worn by the bride's mother.

Mrs. Cole chose a light blue dress with hand-drawn work on the bodice and white accessories. She wore a corsage of Scarlet King carnations.

Following a reception in the church parlors, the new Mrs. Cole changed to a blue print dress with white accessories, for the wedding trip through the Smoky Mountains. Her corsage was the orchid from her bridal bouquet.

The bridegroom attended Wayne University.

Make Waist Look Trim
Work for Erect Posture

More of you shows in summer—so take this wonderful opportunity to show yourself off to best advantage.

Begin with your figure. Cultivate the priceless habit of sitting, standing, and walking straight. Hold your shoulders back, your chest up, and pull your stomach in.

Make a conscious effort to do this for several days, and you'll find yourself doing it automatically. Before you know it, your stomach muscles will be tightened and your waist will look slimmer.

Touch your toes each morning, your feet together. Knees straight. Remember it isn't how many bends you do—it's how you do them and how often.

Start with five, and add one a day until you're doing ten. Do them slowly, but not lazily, and never with a fast, jerky tempo. Use the same even and rhythmic pace for summer sports too.

The best trick for pretty hair is the simplest: Wash it often and rinse it well. If you've got a short cut like Audrey Hep-

burn's and Jeanne Marie's, shampoo daily. Otherwise your hair will look stringy because of irregular cutting.

And, of course, brush, brush, brush for glossiness. The sun is apt to dry your scalp so it's wise to massage a good treatment cream into your scalp once a week.

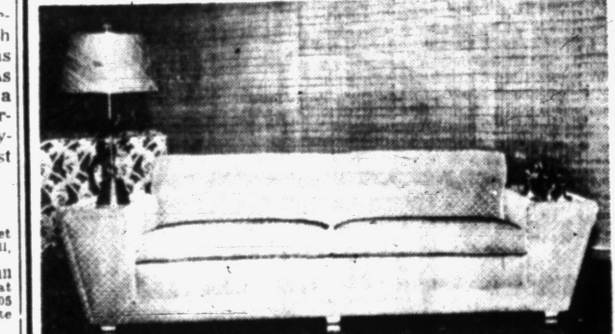

A free-and-easy hairdo is best for summer. Try letting it grow. Let it fly with the breezes during the day, and tuck it under a sophisticated chignon when night comes.

TASTE-TEMPTING SANDWICH—Serve glamorous sandwiches made with bacon, tomato, chicken and grated cheddar cheese, and served with big glasses of cold milk. These sandwiches are a meal in themselves, one truly rich in proteins.

Succulent Chicken-on-Bun Goes Lusciously High-Hat

These sandwiches are a delicious way to use leftover chicken, or the boned canned chicken will do just as well. To make them, hamburger buns are split, buttered and browned under the broiler.

One half is spread with mayonnaise and topped with a slice of tomato and two strips of bacon that have been slightly cooked. On the other half a slice of chicken is heaped with grated cheese, preferably sharp cheddar or blue cheese. Both halves are then whisked under the broiler only long enough to cook the bacon until crisp and melt the cheese.

When the two halves are put together, the flavor combination is one which is hard to beat. Be sure to serve these sandwiches piping hot.

To accompany the sandwiches, serve a few pickles, olives, or some celery and carrot strips. For variety try slipping a few short celery straws through a carrot ring. Just something as simple as this dresses up ordinary relishes and adds a touch of glamour.

When this protein-rich cheese and milk tray is seen, the television set may be forgotten for a few minutes in favor of hearty appetite appeal.

Chicken, Cheese, Tomato Bacon Sandwich

1 cup grated cheddar cheese
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon paprika
1/2 teaspoon Worcestershire sauce
1/2 teaspoon lemon juice
Dash of celery salt
1/2 teaspoon garlic salt
4 slices bacon
4 hamburger buns
1 cup sliced, boned chicken
2 tablespoons mayonnaise
2 tomatoes, sliced

Combine cheese, salt, pepper, paprika, Worcestershire sauce, lemon juice, garlic salt and celery salt. Cut bacon strips in two and saute until lightly brown.

Split buns in half and butter them. Place under broiler until

Save Money on Meat

Economy cuts of meat, when properly prepared, can be the basis of delicious meals. And they contain as many vitamins and minerals as the more expensive cuts. Get acquainted with the possibilities of Swiss steak, pork shoulder, briskets, etc.

Correctly Cooked Potatoes Have 'C' Needed Each Day

Ordinary spuds can do a lot for you. A good-sized potato can give you as much as a fourth of the Vitamin C (ascorbic acid) you need daily because your body does not store this nutrient.

It can also give you some of the B vitamins, iron and other important minerals.

And of course, spuds have plenty of energy value. We have a large potato crop this year, so make good use of this valuable budget-wise vegetable in family meals.

When boiling potatoes take these two precautions in order to get all the food value spuds have to offer. Don't peel the potatoes early in the day and soak them in water.

Don't drown them in water when cooking them; use any of the potato water you do drain from the cooked spuds in soups or sauces.

Wonderful Way to Bake Pork

The stout porker provides more than forty per cent of the meat consumed in America, and is second only to beef in popularity. Among the top pork favorites are pork chops.

For a variation, lemon pork chops are good for family meals or party menus.

Lemon Pork Chops
4 loin, rib or shoulder pork chops cut 1/2 inch thick
1/2 teaspoon paprika
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 cup raw rice
1 medium onion, sliced
4 thin slices lemon
1 large green pepper cut into 4 rings
2 1/2 cups tomato juice
2 teaspoons sugar
1 teaspoon salt
1/2 teaspoon chili powder
1 bay leaf, finely crushed
Trim excess fat from chops and score edges one inch apart. Sprinkle with paprika, 1/2 tsp. salt, pepper and brown well on both sides in skillet. Pour off excess fat. Cook rice five minutes in boil-

ing water while chops brown; drain. Reserve four onion rings and chop remainder into rice.

Place lemon and onion ring on each chop. Arrange pepper rings around chops and fill with rice-onion mixture.

Combine tomato juice, sugar, salt, chili powder and bay leaf and pour over chops to depth of 1/4 inch. Cover pan tightly and simmer 1 hour (or until chops are tender) moistening as needed with remaining sauce. Serve.

Rosebud, Police Nines Victors

Teams Take Lead in City Class E and D Loops by Winning

Rain and wet grounds cut Wednesday's City Junior Baseball League activity to 2 games with Rosebud Market and Pontiac Police taking undisputed leads in Class E and D, respectively.

Rosebud won its 3rd straight game by beating Boys Club, 8-4, behind the 5-hit pitching of Bob Reeves, who fanned 11. A 4-run rally in the 7th inning on 4 errors and Larry Lamphere's single, decided the game.

In Class D, the Police won their 3rd game in 4 starts and handed Lytell-Colegrove its 1st loss, 9-7. Lytell's blew a 7-3 lead in the 6th frame as the Police came up with 6 runs.

Four singles and Dave Blower's double brought the Police from behind.

All morning games were rained out in Class F and Knott-hole Leagues, while wet grounds forced postponement of the Class D game at Washington between Clarkson and Griff's Grill.

CLASS D: Lytell-Colegrove, 110 023 6-7 6 4 Pontiac Police, 011 016 6-9 9 10

CLASS E: Rosebud Market, 001 120 4-8 5 7 Boys Club, 202 000 6 4 5 7

Olympic Group Seeks to Raise Million Dollars

NEW YORK (AP)—The U. S. Olympic Committee needs a million dollars and is going all out to raise the money.

It needs the funds to help equip, transport and maintain our national Olympic team.

Nearly 700 athletes will represent the United States at three special games—the Pan American Games at Mexico City next March, the 1956 winter Olympics at Cortina d'Ampezzo, Italy, and the summer Olympics at Melbourne, Australia.

President Eisenhower has given his blessings while proclaiming Oct. 16 as Olympic Day.

Olympic Committee President Kenneth L. "Tug" Wilson stated that "Olympic Day" will be an annual affair. It is designed to stimulate interest in the Olympic Games in the four years between competitions and to serve as a focal point for a nationwide effort to raise part of the funds.

200 Boats to Start in Florida Marathon

MIAMI, Fla. (AP)—More than 200 contestants from all parts of the country are expected to start in the 136-mile Gold Coast marathon to be run July 17-18.

2 Golfers Ace Same Hole Few Hours Apart

FRANKLIN, Mass. (AP)—Two golfers—a man and a woman—aced the ninth hole only a few hours apart yesterday at the Franklin Country Club.

James Lyons of Franklin and Mrs. Daniel T. Malone of Plainville each used a No. 7 iron on the 130-yard hole.

Scoring Hard Way

BOSTON (AP)—The Red Sox score their runs the hard way. In a game against the Tigers at Fenway Park the Sox put five successive men on base—a hit batsman, three singles and a double—yet scored only one run. Two men were thrown out at the plate on consecutive hits.

OUT AT THIRD — Jim Rivera, Chicago White Sox outfielder, is out at 3rd as he attempted to advance from 1st on Johnny Groth's single to right field in the 3rd inning of Wednesday's game at Detroit. Tiger 3rd baseman Ray Boone makes the tag after taking the throw from Al Kaline. Umpire Berry calls the play. White Sox won, 9-0.

Jets Tangle With Motor City Giants

Annual baseball battle between the Pontiac Jets, currently sharing the Class A City League top place with General Motors, and the Motor City Giants from Detroit, is set for this weekend.

Giants, with a former Pontiac boy in the box, boast one of the strongest amateur club lineups in the area.

Southpaw Cecil Kaiser, who has been playing recently in the Cuban and South American circuits, will pitch for the Giants. Opposing him will be 19-year-old right hander Ward Hagyard, who hurled a recent no-hitter against the Pontiac Elks club.

Game is set for Wisner Field at 4:30 p. m. Saturday.

A regulation baseball weighs 5 1/4 ounces.

Chisox Pleased by Debut of Bonus Rookie Jackson

DETROIT (AP)—The Chicago White Sox are learning that the \$25,000 they invested as bonus money for rookie Ron Jackson probably was money well spent.

Jackson, a 20-year-old first baseman fresh from Western Michigan's campus, has started the last two games for the Sox.

His home run in the nightcap of Monday's doubleheader against Baltimore was the margin in a 2-1 Sox triumph. Yesterday he singled in the first Chicago run in a 4-0 decision over the Tigers at Detroit. He later doubled.

The Sox management had to trust the first sack position to the youngster because both Ferris Fain and Phil Cavarretta, the club's two first basemen, have been "over the roof."

Jackson has been fielding well and, on at least three occasions has made brilliant plays.

Jackson is a tall 220-pounder from Kalamazoo, Mich. He is married and the father of a nine-month-old daughter. He signed with the White Sox June 15 for a reported \$25,000.

Jackson had just finished his junior year at Western Michigan.

Under Bonus Regulations, Jackson Must Spend Two Seasons with the Sox, Foregoing Minor League Experience

The Sox apparently are satisfied his career won't be hurt too much by the jump.

"Listen, if we'd waited another year for Jackson to graduate from college he'd have cost us twice as much," reported John Rigney, farm director.

National Caddie Test Set at Columbus Aug. 17

COLUMBUS, Ohio (AP)—The 10th annual National Caddie championship will be held in Columbus Aug. 17-21, the National Caddie Assn., Inc., announced yesterday.

Browns Trade Jagade

CLEVELAND, July 7 (AP)—Full-back Chick Jagade, who told Cleveland's Browns his sales job would prevent his playing pro football next fall, was traded Tuesday to the Chicago Bears for Curly Morrison and a high draft choice.

Precision Castings Co. of Chicago consented to give him time off from his sales job if he stayed in the Illinois area during the football season.

Britisher Fires One-Under Par 72 Early Today

Sarazen's 149 Figured Low Enough to Qualify; Ends Round in Rain

SOUTHPORT, England (AP)—Bill Spence, 42-year-old Kent professional, gave the late starters something to shoot at today when he fired a one-under-par 72 to take the early lead at the halfway mark of the British Open Golf tournament with 141 strokes.

Spence had only a slight breeze to contend with on the seaside, 6,837-yard, par 36-37-73 course as he put together his second fine round.

Yesterday he and Sam King, a 43-year-old British pro, carded four-under-par 69s to tie for the 1st round lead of the tourney proper.

Gene Sarazen, the 52-year-old, Germantown, N. Y., farmer-golfer, came home with a 74 for a total of 149 which appeared to be low enough to qualify him for tomorrow's final two rounds.

Only the low 50 of the remaining 97 will qualify for the 36-hole windup tomorrow.

Sarazen was the 1st of the six-man American contingent to complete the 36 holes. Just as he finished, a downpour started.

Spence got off poorly and was two over par for the last four holes. From there on he recovered beautifully and knocked in every putt from six feet out or less.

Dai Rees, the tiny Welsh pro, came in with a 71 for 143 and 2nd place behind Spence with one-third of the field in. Flory Van Donick of Belgium scored a 71 for a safe 148 total.

Sarazen was out in 37 and back in the same figures.

"All in all, it was a very disappointing round," said the veteran who won this championship in 1932.

Frank Stranahan, Toledo, O., amateur who tied for 2nd behind Ben Hogan last year, carded a two-over-par 83-75-78 for 148. The Elks strong boy had putting trouble.

He missed long putts on the first and third and on the second he missed a chance for a birdie when he flubbed a six-footer. Frank three-putted the ninth, missing with a three-footer which bounced around the lip and came out.

Henry Cotton, three-time winner of the Open, racked up a 76 for a 153 total. The British veteran had little chance of making the final 50.

Australia's Norman Von Nida, who won the qualifying medal with a 137, took a 74 for 150. The 36 hole qualifying score does not count in the tournament proper.

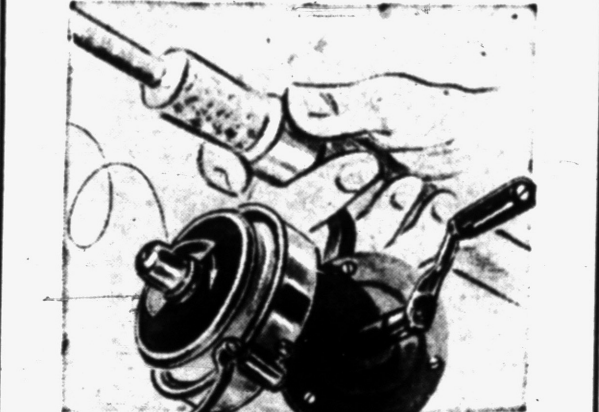

Lea Wins in Sweden

MALMO, Sweden, July 8 (AP)—Jim Lea, the University of Southern California, won the 200-meters in 21.4 seconds in an international track meet on Wednesday. Hills, Chiefs Win

The Williams brothers, Larry and Dave, accounted for 12 goals Wednesday night as Strawberry Hill whipped Franklin Hills, 15-5, in the feature polo game at Ivory Field. Jury Judges Mayor Innocent of Drunk Driving

LANSING (UP) — A justice jury of four men and two women Wednesday found Mayor William Harvie of the city of Lathrup Village not guilty of drunk driving charges, thus ending a drawn-out legal sparring session that began last December.

The jury took 30 minutes to reach its decision.

After several postponements, the trial started June 30 but moved into an adjournment until Wednesday after lengthy testimony.

Justice George B. Hutter said the case had been on his docket since December.

Harvie was arrested Dec. 16 when his car hit the rear of a State Police limousine assigned to Commissioner Joseph A. Childs. A state trooper driving the limousine filed the charges against Harvie.

Victor C. Anderson, a Lansing attorney, represented Harvie, while Assistant Prosecutor Gerrold Keyworth, directed the prosecution.

Abundance of Pork, Beef Seen During Summer, Fall

WASHINGTON (INS) — Pork and beef should be in great abundance during the remainder of the summer and fall as hog slaughter increases and cattle slaughter remains at its current high level.

The Agriculture Department sees a substantial rise in pork production, reflecting the increase number of pigs in the spring crop. Production of beef and veal should remain high, since cattle numbers on farms and ranches hit an all-time record high last January.

Department livestock experts predict that cattlemen will be receiving prices above those of a year ago for their cattle and calves during the next few months.

Hog farmers, however, are expected to suffer a financial setback due to increased production. The department forecast for hog prices in the months ahead is "moderately lower" than during the same period of 1953.

It is uncertain yet how the high production of pork, beef and veal will affect the consumer prices. During the heavy cattle output of the past few years, consumer beef prices have not dropped correspondingly with prices paid to producers.

County Communities Study Rabies Issue

DETROIT (UP) — Representatives from southeastern Oakland County communities met yesterday in Royal Oak to study the rabies problem in their areas.

City managers, health authorities and police officers from a dozen neighboring communities heard the suggestion that they adopt a uniform dog ordinance and central dog pound for better control of rabies.

Dr. Frank J. Sordani, deputy county health director, said rabies cases are on the increase. He said 22 rabid dogs have been found in the area this year so far and 139 of the 400 dog-bite cases have required anti-rabies treatment.

Monday Election to Fill Vacancies

District Electors Must Also Vote on 8 Other Propositions

ROCHESTER — Four citizens are contending Monday for the two vacant Board of Education posts with terms running from 1954 to 1957.

Dr. Eve Schlechte, incumbent and sole female board member, is seeking one of the three-year terms. Mother of six school-aged children, Dr. Schlechte is a physician and wife of Dr. Carl Schlechte.

Wallace Hodges, chairman of the Rochester Community Citizens' Committee, who promoted the recent bond issue program for new school construction, is also running for the board. He is a farmer by profession, a graduate of Dartmouth College, and has two school-aged boys.

Third contender is William McClelland, assistant general sales manager of Winter Brothers, a division of National Twist Drill and Tool Company in Rochester. McClelland graduated from Williams College and is the father of two young sons.

Roy Plautman, member of the former Brooklands School board and resident of the Brooklands area, is seeking a three-year term on the Rochester board. He is with the United States Postal Department and has two children.

After eleven years of service on the board Earl Dean declined to run again. During his tenure he has performed the duties of secretary and treasurer of the board and worked with the citizens' committee in promoting the recent bond issue.

Superintendent Donald Baldwin announced today that the electors of the district besides selecting two trustees for the board, will determine eight other propositions Monday when they vote.

"Shall the board of education of the Rochester Community School District be given the authority to sell at private or public sale the interest of the district on and to the land and/or buildings known as Christian Hill, Hubbe, Brewster, Bigler, Snell, Kline, Brush and Mt. Vernon Schools."

Baldwin explained that these were former one-room rural schools now a part of the entire community consolidation and it is no longer either economical or practicable to operate these buildings.

The electorate will also vote Monday on whether or not they will come under the new Special Education Act for which they approved millage on June 14.

Legally it is necessary to vote on this proposition although county-wide approval in June makes the new act to educate handicapped children already effective.

Polls will be open from 7 a. m. to 8 p. m. at the following three district precincts: No. 1 — Oakland Township Hall on Collins road in Goodison, (all citizens residing north of Dutton and Mead roads will vote here.) No. 2 — Avon Township Hall, at Pine and Fourth sts. (all residents between south side of Dutton and Mead roads and North side of Hamlin are required to vote in this precinct.)
