# Three Die in County Auto Crashes

## Hurry! Only 10 More Seats Remain on Theater Special

The swift Pontiac Press Special couldn't streak down the rails to New York City much faster than readers hurried to their mailboxes last week to reserve seats.

In fact, there is room for only 10 more places.

The group which will make the trip to see five Broadway shows in September overwhelmed the train's station master with a flood of applications which started coming in soon after the Press issued its first "All Aboard" last Monday.

**The last 10 seats will be reserved on a first come-first filled basis from completed forms (on Page 2 of today's Press). Applicants who miss being in the last 10 will be put on a waiting list and added to the party as cancellations occur.**

Under the deluge of requests for seats, planners of the train trip neared the completion of final arrangements for the excursion. Each event promises six days of fun and a lot of excitement.

Heading the schedule of events, of course, are the five top Broadway shows which train-members will see:

**"Damn Yankees," "New Faces of '56," "The Most Happy Fellas," "Will Success Spoil Rock Hunter?", and "No Time for Sergeants."**

Excursionists will also tour the United Nations Building and have luncheon in its Delegates' Room, tour Manhattan Island by boat, see several television shows, gather at arrival and after-theater parties, and spend five days at one of New York's finest hotels.

The schedule also calls for plenty of free time for those who make the trip to see other sights in the city.

You still have a chance to go along, but time is short. Fill in the form on Page 2, enclose a check or money order for $140 and mail it to the Pontiac Press.

You couldn't invest your money in a better vacation.

## Marine Counsel Asks Removal of Drunk Charge

### Trial of 'Death March' Sergeant Opens; Faces Manslaughter Count

PARRIS ISLAND, S. C., (AP)—The general court-martial of S. Sgt. Matthew C. McKeon opened here today with the defense making a bid to sever for later trial all charges relating to drinking.

McKeon, a former drill instructor from Worcester, Mass., is charged with manslaughter in the April 8 drowning of six Marine recruits under his command.

Other charges accuse him of oppression of recruits, possession of alcoholic beverages and drinking in the presence of a recruit.

**Defense Atty. Emile Z. Berman of New York City, asked the court's law officer, who decides the legal questions of the trial, to eliminate the two drinking charges.**

Berman made the motion and presented his arguments with members of the court panel excused from the courtroom.

Berman claimed that both drinking charges are minor and prejudice the case. He pointed out that neither of the graver charges mentions alcohol.

He said he did not ask for "a final disposition" of the drinking charges, only that they not be considered by this court.

**The law officer, Navy Capt. I. N. Klein, continued to hear arguments from both sides about Berman's motion but has made no ruling yet.**

McKeon, ramrod stiff, was lacking because of his confinement the deep tan of his fellow Marines who have been in the sun at this training base, moistened his lips, glanced about the room and nervously fumbled with his hands.

Both the defense and Marine commandant, Gen. Randolph McC. Pate, agreed that McKeon's trial has become almost incidental.

The larger issue, both said, is whether the Marines' past methods of turning out hardened, disciplined fighting men were justified and, if so, was McKeon merely following known customs.

## *Capt. Townsend Reported Seeing Margaret Again*

HAMBLEDEN, England (AP) — Princess Margaret and Group Capt. Peter Townsend shared headlines again this weekend amid speculation that they were having a last meeting before he starts a round-the-world jeep trip.

Margaret spent the weekend with seven other guests at the home of bookstall millionaire Lord Hambleden in this village 35 miles from London. Lady Hambleden declined to identify the other guests.

**The World War II hero whom the princess gave up last year also was reported in the country with friends for the weekend but his mother refused to say where. He returned to England last week from Brussels, where he is air attache at the British Embassy.**

The 41-year-old airman, who is quitting the Royal Air Force, plans to leave in October on his solo jeep tour. He is to be gone 18 months.

## Rochester Fire Takes 2nd Life

### Boy, 12, Dies of Burns Received When Paint Thinner Exploded

A Rochester fire claimed its second victim yesterday afternoon.

Leroy Roggow, 12, of 1135 N. Oak St., died in St. Joseph Hospital of burns suffered when paint thinner exploded as three children played behind a factory Friday afternoon.

A girl, Mary E. Bougimer, 4, of 1305 N. Oak died at the hospital Friday night. Her brother, James, 9, is listed in fair condition.

Police said the paint thinner was in an overturned drum and may have exploded when the children lit a match.

## Dynamite Warning Grounds Airliner

SAN FRANCISCO (INS)—A telephone warning that "dynamite" was aboard a San Francisco-to-Chicago United Air Lines DC6 caused the airline to ground the plane at Elko, Nev., last night for 3½ hours.

Airport officials and police thoroughly combed the plane and the luggage of the 63 passengers aboard before the DC6 resumed its flight to Chicago at 11:18 p.m. (PDT). They found no trace of explosives.

The order for the Elko landing was issued after an unidentified man called the San Francisco office of the airline to inquire if UAL had an east bound plane departing at 5:30 p.m.

Assured that one took off at that time, he said: "Oh, my God, my wife's on board and there's dynamite on the airplane." He immediately hung up and efforts to trace the call were unavailing.

## He Grabs 40 Winks at Picnic

**WHILE 30,000 PLAYED** — Thousands of GMC employes and their families were having fun, but Ralph Pahl was blissfully pounding his ear Saturday as the GMC Family Picnic reached its height at the Walled Lake Amusement Park. Like thousands of other children who attended, the little grandson of John Pahl, Plant 1 maintenance employe, became tuckered out as the afternoon wore on — with Ralph, it just happened a little earlier. (Other pictures of the picnic on Page 15).

## Doctor Crushed; Drayton Headon Collision Kills 2

### Southfield Physician Was Medical Director in Detroit Hospital

A Drayton Plains man and a Southfield Township doctor were among three persons killed in Oakland County traffic accidents over the weekend. Twenty-four others died throughout Michigan in traffic mishaps, drownings, and a plane crash.

Dead in county accidents were: Robert D. Slade, 36, of 4520 Thirza St., Drayton Plains; Dr. Ned B. Kalder, 43, of 18270 Kirkshire St., Southfield Township; and, Chris DeMos, 60, of Detroit.

Slade and DeMos were victims of a head-on collision on U.S.10 near Hatchery Road in Waterford Township last night. Two others in the crash were hospitalized.

**Robert Yost, 29, of Detroit, one of the drivers, is in "satisfactory" condition at Pontiac General Hospital today with severe body cuts and multiple jaw fractures. His wife, Elizabeth, 24, is also listed as "satisfactory" with multiple head injuries.**

Slade, driver of the other vehicle, was traveling alone, Pontiac State Police said. Troopers reported the Slade car went off the right side of the road and then returned, striking the oncoming Yost car head-on.

Two other cars piled up behind the accident but there were no injuries.

**DOCTOR PINNED UNDER CAR**

Dr. Kalder suffered injuries which proved fatal at a blind intersection at Evergreen and 12 Mile Rd., Southfield Township.

**Investigating police said the doctor's car was in a collision with one operated by Donald Gillies, 17, of Berkley, as he drove through the intersection, apparently failing to see a stop sign.**

The medical director of the resident education program at Mt. Carmel Mercy Hospital was pinned beneath his car. Gillies and a passenger, Richard DeMara, 18, also of Berkley, were treated and released at Beaumont Hospital.

**OTHER FATALITIES**

Elsewhere around the state:

George Stanfield, 65, Sterling, and William Maranda, 18, of Saginaw, Saturday night on M76, near Standish.

William Cameron, 33, Detroit, died yesterday of injuries received Saturday in a Detroit accident.

## *FBI Arrests Phone Caller in Weinberger Kidnap*

MINEOLA, N.Y. (INS)—Police announced today the surprise arrest of a reported former business employe of Morris Weinberger in connection with the investigation of the unsolved kidnaping of Weinberger's infant son, Peter, July 4th.

The man allegedly tried to make several telephone calls Sunday afternoon to the Weinberger home and was booked on a charge of "disturbing the public peace."

The complaint against him was signed by the missing baby's mother, 32-year-old Mrs. Beatrice Weingerber.

Nassau County authorities identified the man as Harold Snyder, a salesman, 32, of Brooklyn. They said his attempts to phone the Weinberger home were made from the home of a sister he was visiting in Westbury, only half a mile from the Weinberger residence where the child was stolen from his carriage.

**There was nothing in the police statement to indicate any direct connection between Snyder's arrest and the actual kidnaping. It was pointed out that the "disturbing the peace" charge was a minor one.**

Snyder was held this morning at Nassau County police headquarters in Mineola. Although arrested shortly after 3 p.m. Sunday, he was not booked at the station until 12:15 a.m. today. Mrs. Weinberger made a midnight visit to the headquarters to sign the complaint.

Police at first said Snyder was employed until 18 months ago as a salesman for a wholesale drug firm at Garfield, N. J., owned by Weinberger's brother and in which Weinberger also has an interest. Later, however, detectives said they were still checking whether Snyder actually had been employed by the firm.

### Hopes to Contact Soviet 'Ham' Again

## Pontiac Soldier Studies Russian

A Pontiac soldier stationed in Japan is studying the Russian language so that he might again contact a Russian amateur station.

Specialist William H. Bressler, picked up on his U. S. Army radio the Russian "ham" station Vaokja Friday and talked to "someone named Wladimir for about 10 minutes," the Army reported.

**Bressler, 24, is a radio operator at Camp Schimmelpenning, near Sendai in the Military Affiliate Radio Service (MARS), an army-sponsored "ham" network. Sendai is at the southern tip of Japan.**

He said he monitored this message from the Russian: "My name is Wladimir. I live in the little town of Blagoqnsy near Moscow. The weather is fine. You are the first American I have ever talked to."

The Russian operator then asked Bressler to send him an acknowledgment of the contact to Box ZZ, Moscow.

WILLIAM H. BRESSLER

The army's announcement of the contact said "after a little more conversation, Wladimir signed off, wishing Bressler good luck and saying he would call later. No further signals have been reported.

**"It might be that he is memorizing a few more English passages and will call back when he can send them," said Bressler. He added he had begun studying Russian between calls.**

Bressler's mother, Mrs. Ann Bressler, lives at 101 Hillside Dr.

Bressler graduated from St. Michael High School in June 1946 and entered the Army a year later making the service his career.

During the Korean War, when a prisoner of war, he gained freedom from the Chinese Reds by offering a guard a fountain pen his mother had sent him.

## *Fire KOs Subway Lines During Gotham Rush Hour*

NEW YORK (AP)—A weekend fire that destroyed the old, abandoned John Wanamaker department store building and knocked out a section of the subway caused an unprecedented jam of riders at Grand Central Terminal today.

Nearly a dozen persons were felled by the heat during the morning rush hour as commuters pressed alternate routes to the busy Wall street and downtown sections because one subway line was closed.

Water from fire hoses poured onto the burning building cascaded into the IRT Lexington Ave. line and the BMT subway. Both link Brooklyn and Manhattan and serve a large area of Manhattan.

BMT trains were halted last night by water in the 8th street station. Today they were getting through on three of the four tracks:

**The IRT line, however, was out of service between Grand Central and Brooklyn Bridge. Commuter crowds that normally use the IRT trains to get to the Wall street area and other down-down points had to get off at Grand Central. They jammed the huge station.**

Loud speakers blared instructions for the riders to take other subway lines, and also announced extra buses had been pressed into service.

**20 HOSPITALIZED**

The stubborn fire smoldered into a third day in the ruins of the old block-square building in lower Manhattan.

The toll of firemen treated for smoke poisoning, cuts and burns mounted to 216. Twenty were hospitalized.

Officials said a spark from an acetylene torch may have started the blaze Friday. Wreckers had recently begun demolishing the ornate stone and iron structure.

The building, a Manhattan landmark, was left a hollow shell.

The store closed its doors for the last time Dec. 18, 1954, after 58 years in business. The management said the location was no longer profitable.

## Good Weather Seen for Tonight, Tuesday

The U. S. Weather Bureau predicts tonight will be fair and cool with a low near 60 degrees.

The forecast for tomorrow is mostly fair and pleasant. The high will be 76 to 80 degrees.

The lowest temperature reading preceding 8 a.m. in downtown Pontiac was 61 degrees. The thermometer registered 79 degrees at 2 p.m.

## Fire Floods Two Subways

**WEEKEND BATTLE** — Eight streams of water are directed against the shell of the former Wanamaker Department Store in downtown Manhattan as firemen fought throughout the weekend to quell the blaze in the abandoned building. The waters flooded subways beneath the building, causing a commuter tieup.

# House Tackles Civil Rights Bill

## Would Provide Greater Protection for Negroes; Has Ike's Backing

WASHINGTON (INS) — —The House tackles the civil rights issue today for the first time since 1950.

* * *

The measure, designed generally to provide greater legal safeguards for Negroes in the exercise of their civil rights, including voting, is backed by President Eisenhower. It is strongly opposed by Southern Congressmen.

**The bill is apparently headed for House passage. However, opponents planned every delaying move possible in an effort to postpone a final vote.**

While Senate action this year is not considered likely, many House members desire an opportunity to vote for a civil rights bill in an election year.

**TWO DAY DEBATE**

The measure will be debated for two days and voting will then get under way. Speculation was that it would take three to five days to complete action.

Under the proposed legislation, the Attorney General would be authorized to bring civil court suits on behalf of anyone whose rights were threatened or violated or who was prevented from exercising his right to vote. At present, a civil suit must be brought by an individual.

The bill also sets up a special civil rights division in the Justice Department and creates a Presidential commission to study allegations of civil rights violations.

# Six Injured in Crash at Bagley-Rockwell

A family of five received hospital treatment after a two-car collision Saturday night.

The other driver, Lonnie Conley, 31, of 96 Jackson St. was hurt slightly when his car struck the front of the Colbert auto on Bagley street at Rockwell avenue. He was treated for knee and wrist cuts, hospital authorities said.

## Fire Hits Old Home in Bloomfield Hills

Fire in a long-unused home on Quarton Road, Bloomfield Hills, at 11:26 last night was apparently lit by someone, according to Fire Capt. Ray Walker of Bloomfield Hills. There is no wiring in the old home where all windows are broken out, he says.

**Interiors were damaged heavily, he said, but no estimate was given since remodeling planned by the new owner, Rocco DiMarco, will mean tearing down much of the structure anyway, Walker said.**

The home is one where dozens of stray cats once were housed, and where police have arrested several teenagers for trespassing.

## Hamtramck Men Hurt in Unexplainable Crash

A Hamtramck man was hospitalized and his companion slightly injured when their car went off the highway and struck both a tree and a post yesterday.

Michael Shindak, 28, was in fair condition at Pontiac General today with neck injuries and a lacerated hand. William Furgol, 62, also of Hamtramck, was released after treatment.

Shindak, the driver, told investigating deputies of the Oakland County Sheriff's Department he could not explain how the accident happened on Avon Rd., Avon Township.

# Reds Claim Invasion--- by American Tourists

By EARL WILSON

KIEV — "The Soviet is being invaded and occupied!" a Russian woman exclaimed to me dramatically.

"Invaded?" I said, wondering if war had come while I slept off too much borscht.

**"Not by enemy troops—but by American tourists," she smiled. "Next year I think there will be more Americans here than Russians."**

"What gang is that?" I asked our Intourist guide, Sofia Mironova, when a flock arrived with overnight plane bags.

"The architects," she said. "Can't you tell the way they look up at the buildings?"

★ ★ ★

Many sights reminded us of America; we even saw one Russian who looked like a hillbilly—a shaggy-haired guy carrying a baby.

RUSSIAN HILLBILLY

Then we flew to Minsk and on to Kiev in a no-seatbelt plane, to be met here by a German-speaking guide. It was midnight and only by use of my Russian vocabulary book could I figure out we were at the Hotel Ukrainia.

Next morning I thought I'd wander about. I was sure I'd find no English spoken here.

On the stairway was an American-looking man with a camera.

After a few words I said: "I'm a newspaper man."

"So am I," he said. "From Iowa."

I told him my name and he told me his and we broke out laughing.

He was Harlow Miller, Des Moines and Ladies Home Journal columnist whom I've been trying to meet for years. He writes about his B.W. also—started long before I did. Only his B.W. means "Biotic Warling," so he kiddingly says.

We went sightseeing together. Were we watched? I doubt it. The only person following me was a clerk making sure I paid for a call to Helsinka.

We found we were not nearly in as much danger of getting shot as getting half shot from the "wodka." One American told me that Americans are inclined to wear too much red when they visit here.

"They shouldn't bother," he said. "Red is the one thing Russia's got more than enough of."

# Marilyn Monroe Wants To Play Lady Macbeth

LONDON (AP) — Marilyn Monroe, who is about to costar with one of Britain's foremost Shakespearean actors, says she would like to portray Lady Macbeth — "sometime."

Asked if Britain's chill nights had changed her views about sleeping in Chanel No. 5 and nothing else, Marilyn pondered a moment.

"Let's say that now that I'm in England I like sleeping in just Yardley's Lavender," she smilingly replied.

Marilyn's new husband, playwright Arthur Miller, who was present, was asked, "How do you see Miss Monroe?"

"Through two eyes," he said, adding, "She's the most unique person I ever met."

# Supervisor Vacates Post for City's New Manager

BIRMINGHAM — Clarence Blenman's formal resignation as city supervisor goes before city commissioners tonight.

He has indicated to City Manager D. C. Egbert that he is leaving the post so that Egbert's successor, Harold Schone, may be named by this city to the county board of supervisors.

**Commending the city for its choice of new city manager, he says, "Schone has done an outstanding job as a supervisor and is on several important committees of the board."**

He asks the board to make his resignation effective simultaneously with Schone's appointment to the board of supervisors.

Blenman was named to the board this spring, but had served previously until the city's delegation had been reduced by one member.

At tonight's meeting, bids will be received from companies wishing to buy Automobile Parking System Bonds and from possible purchasers of lots 56, 57 and 58 in Adams Park Subdivision.

**It will be the second issue of revenue bonds, and the funds secured, $305,000, will be used for planned parking lots No. 3-A and 3-HH.**

Minimum bid acceptable for the Adams lots will be in the amount of $29,100, according to City Clerk Irene Hanley, who says one bid previously received is for $28,100.

Other items on tonight's agenda are reports on the Twelve Town Drain, a Fairfield Property Owners zoning request, action on the Oak-Hunter - Woodward intersection, landscaping plans for Shain Park, and a hearing on the Maple-Bates-Martin alley.

**Consideration is slated for Parking Lot No. 4, property acquisition for Parking Lot 3-HH, purchase of DPW Radio equipment and a Police three-wheel motorcycle, and flood plain restrictions.**

# No Break Seen in Steel Strike

## Federal Mediator Waits for Call to Negotiate 16-Day-Old Walkout

PITTSBURGH (AP) — The nationwide steel strike went into its 16th day today with no sign of an immediate break.

From all outward appearances the industry and the United Steelworkers were standing pat as they gathered for a negotiating session.

A source close to the industry said there was no present indication it will change its offer of a 52-month contract, which it says would provide a package pay boost amounting to 17 2-3 cents an hour in the first year.

David J. McDonald, USW president, has estimated the package at 14 cents an hour for his 650,000 strikers, who averaged $2.46 an hour under the old contract. He reported no progress has been made since the negotiations resumed last Thursday.

Joseph F. Finnegan, director of the Federal Mediation and Conciliation Service, came back to Pittsburgh for resumption of the talks after making a report to Secretary of Labor Mitchell in Washington during the weekend. Finnegan said he would merely stand by in case his services were needed.

John A. Stephens, vice president of U. S. Steel Corp. and the industry's chief negotiator, has had no comment on the negotiations. He is being aided in the talks by representatives of Bethlehem Steel Corp. and Republic Steel.

## Grocery Store Breakin Solved by Blood Trail

A two-block trail of blood allegedly led to the arrest of a 23-year-old man, charged with breaking into a grocery store early Sunday, Pontiac police said.

Det. Olin Hoffman said the trail led from a broken window in the store at 338 Central St. to the home of Bacilio A. Ortega at 381 Irwin St.

Ortega admitted cutting his right hand and wrist as he smashed the window, Hoffman said. Nothing was missing from the store.

# Freedom Won by Track Star

## Olympic Hurdler From Romania Flees Reds During London Race

LONDON (AP) — Romanian track star Ion Opris finished fourth in a hurdles race but won a prize he wanted more than a blue ribbon—freedom.

The 120-yard high hurdles was just another race to the 25,000 British sports fans at the AAA Championships in London Saturday. But it was a "race to freedom" for Opris, 27-year-old member of Romania's Olympic team.

Just before the event, Opris explained later, the editor of the Free Romanian Press Agency in London approached him. Opris said he wanted to escape his Communist homeland, and the editor agreed to help him secure refuge in England.

"I remember hardly anything about the race. All I knew as I jumped the last hurdle was that the prize for me was liberty," Opris said.

The crowd cheered the winner, P. B. Hildreth of Britain. While the attention of the Communist officials who accompanied Iron Curtain athletes to the meet was distracted, Opris slipped to the dressing room and changed clothes. Then he hurried out of the stadium.

"Life was unbearable in Romania," he said.

Granting political asylum in such cases is almost automatic in Britain.

## Pickets Picket Pickets in Picketing Confusion

EUREKA, Calif. (AP) — Pickets picketing the pickets had things somewhat confused around here today.

It started Saturday night when members of the North Coast Restaurant and Tavern Owners Assn. picketed places which had signed contracts with Locals 220 and 318 of the Bartenders, Waiters and Culinary Workers Union.

Union officials assigned pickets to picket the pickets.

# Soviet Commercial Airline to Begin Regular Service

MOSCOW (AP)—The Soviet Union plans to inaugurate regular service next month with its big twin-engine TU104 jet transport, a Russian pilot stated.

* * *

Gerald Dmitrievich Kuznetsov, a command pilot for the Soviet airline Aeroflot, said initial service will be between Moscow and Copenhagen, and Moscow and Prague. The distances to the Danish and Czech capitals are about 1,100 miles.

Kuznetsov said service will begin later this year between Moscow, Peiping, China, and Jakarta, Indonesia.

The 33-year-old pilot proudly showed off the liner that will be used. It is the plane that impressed observers this spring when it carried the Soviet security chief, Ivan Serov, to London to prepare the way for the visit of Soviet Premier Bulganin and Communist party boss Nikita Khrushchev.

Kuznetsov also said he has flown a four-engine Russian jet airliner, the TU110, which he said has greater speed, range and altitude capability than the TU104 but is only a little bigger. He said the TU110 is still being tested.

Airplane designer Andrei Tupolev, for whom both planes are named, said Monday, at a Kremlin reception that the TU104 already had begun regular service to Prague. Aeroflot officials said Tupolev was mistaken; test flights had been made but regular service would not begin for two or three weeks.

Kuznetsov said the 3,600-mile distance from Moscow to Peiping will be covered in eight hours.

The TU104s are clearly modifications of the Tupolev 'twin engine medium bomber, dubbed the "Badger" by the U.S. Air Force. The TU110 is believed to be an adaptation of Tupolev's four-engine "Bison" heavy bomber.

The TU104 has seats for 50 passengers plus a dining room with seats for four.

# Major Parties Pick Platform Leaders

WASHINGTON — New Englanders will lead the convention platform committee of both major political parties.

* * *

Democratic National Chairman Paul M. Butler announced the selection of Rep. John W. McCormack of Massachusetts as platform chairman, a post he held also in 1952.

Butler said the selection was approved by spokesmen for Adlai Stevenson, Sen. Estes Kefauver and Averell Harriman, who are seeking the party's presidential nomination.

The Republicans earlier had designated Sen. Prescott Bush of Connecticut to head their Platform Committee.

# Seventh Chance! Sixteen Words Can Mean $700

Once again the Press offers another chapter in its challenging summer word game, Pot-O-Gold, the eighth puzzle of which appears below. Aside from the cash prize it offers to whoever can reach a solution, Pot-O-Gold is fun and a worthy exercise of the mental processes. First read the directions on how to play — and then be sure to read the rules (or no matter how good you are at picking words you can't win if you break one). Good luck!

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below

**You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.**

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

# Smiths and Johnsons---America's 2 Top Names

By RAY HENRY

From J. S. of New Orleans: "A friend and I had an argument last night about the most common names in the United States. I said Smith was the most common and he insisted it was Johnson. I understand Social Security probably has the most complete list of names of persons in the United States. Can you tell me, according to this list, what is the most common American name?"

**There are nearly 1,400,000 Smiths and slightly more than 1,100,000 Johnsons among the Social Security records. They are the top two most common names. The most common first and last name is John Smith (51,468). Running second is William Smith (32,268).**

From L. O. B. of New York City: "I have worked for years. Now I'm 78 years old and have been under my doctor's care for a year with heart trouble. I draw $63 from Social Security each month. Can I draw any more?"

**Your Social Security benefits are based on your earnings and not on need. Unless you have had additional earnings on jobs or self-employment covered by Social Security since you started to receive benefits, your present payments can't be increased.**

From R. E. of Washington, D. C.: "My son owns a repair garage which he bought with the GI Bill loan. My husband has been working for our son in the garage. I talked to the local Social Security office about my husband being covered by Social Security. I was told he couldn't be. Is this right? Why?"

**You were correctly informed. Work of a parent for his son or daughter cannot count toward Social Security benefits.**

From J. W. of Los Angeles: "My wife and I will both be 65 by next October. I have worked at the same place for nearly eight years and paid Social Security taxes. I plan to retire when I reach 65. However, I will have a personal income of about $3,200 from rents on property, interest on bonds and loans and some insurance. I understand that I can only have earnings of up to $1,200 per year before my Social Security payments are reduced. Will this $3,200 be counted?"

**No. Your income from rents and other investments would not have any effect on your Social Security benefits. You could receive Social Security for all months in the year if your earned income, that is wages or income from operating a business, does not exceed $1,200 a year.**

From Mrs. S. S. M. of Minot, N. Dak.: "I'm a farmer's wife and have never had a Social Security number. My husband is now covered by Social Security as a farm operator and I understand that I will be entitled to benefits as his wife. Will I need a Social Security card?"

**No. The card is issued to a wage earner or self-employed person to help the Social Security Administration in keeping a record of the amount of earnings for which he will claim Social Security credit.**

(You may write Ray Henry in care of this newspaper about your Social Security or retirement problem. Please enclose a stamped, self-addressed envelope and 25 cents in coin.)

Cadillac

# His Last Switch in Motor Cars !

We have no way of knowing, of course, how many different makes of motor cars this gentleman has owned through the years. But we'd wager that he has changed his preference a great many times in his years on the highway.

And we're also willing to bet that he has now made his *last* switch in motor cars!

For this time it's a Cadillac! And it is historically true that once a motorist makes the move to the "car of cars", he is usually a Cadillac owner for life.

What are the reasons for this great loyalty? Well, let us count them off.

First of all, there are the things which *everyone* recognizes in Cadillac. There is its great beauty . . . its matchless luxury . . . and the unquestioned respect which the car commands the world over.

Then there are those qualities with which anyone who has ever *driven* a Cadillac is familiar. There is its marvelous comfort and ease of handling . . . its magnificent power and performance . . . its wonderful balance and agility . . . and its extraordinary quietness of operation.

And, finally, there are those things which only Cadillac owners *themselves* can fully appreciate. There is the car's remarkable economy of operation and upkeep—its incredible longevity—its marvelous resale value—and the great pride and happiness that it bestows upon the man at the wheel.

* * *

If this little check list of Cadillac virtues coincides with what *you've* been looking for in a motor car, you ought to come in and see us very soon.

You'll find, by the way, that we have recently made two additions to this list of things you get when you make your decision for Cadillac.

We're talking about prompt delivery and a generous trade-in allowance!

Better come in while the circumstances are so favorable—and make *your* last switch in motor cars!

## U.S. Aided Red Schools

**The U.S. Senate's Permanent Subcommittee on Investigations has discovered that the United States Government used more than three million dollars of taxpayers' money to pay for the education of war veterans in four schools owned wholly or in part by members of the Communist Party.**

★ ★ ★

**This was during the years from 1946 to 1952. Legislation which it is hoped will make such a thing impossible in the future, or at least extremely unlikely, is now being drawn up. It has the unanimous support of the entire committee, including both Republicans and Democrats.**

**Clumsy administration in the U. S. Veterans Bureau is blamed by the committee. Also at fault were some State administrations which had approved these schools.**

**The saddest part of the information is that most of the veterans were sent to these schools after the Veterans Administration was aware of the Communist domination. Despite this fact, no protest was raised by the Veterans Administration, and no request made to Congress for remedial legislation.**

★ ★ ★

**The Senate subcommittee unanimously reports that its recent hearings served to re-emphasize the important contributions that may be made by confidential informants to the exposure of the Communist conspiracy before the courts and Congressional committees.**

**"It is to be expected," the report continues, "that Communists and Communist sympathizers will launch smear campaigns against these former members who have a unique knowledge of the real purposes of the Communist Party, USA.**

**"However, the subcommittee is particularly disturbed by a recent increase in similar unjustified attacks from misguided quarters avowedly anti-Communist. By such activity they are either unwittingly or deliberately promoting Communist causes.**

**"It is of interest that those groups attacking informants are not heard from when informants on non-Communist matters are involved.**

★ ★ ★

**"The very nature of the Communist conspiracy has always rendered its exposure exceedingly difficult. Now that the party has gone underground, that difficulty has greatly increased, necessitating an even greater dependence on confidential informants within the party in order to keep abreast of its activities and to expose its real objectives.**

**"Reckless and unjustified attacks against all confidential informants are strongly condemned by this subcommittee. They accomplish nothing except the rendering of assistance to the Communist party."**

**These are strong words, but they seem wholly justified. It is to be hoped that loyal Americans generally will not be so easily misled by secret friends of Russia in our midst who continue to mislead the unthinking into attacking these informants who testify against Communists. How else are the Red snakes in our midst to be exposed, in many cases, if it is not to be by those who have worked with them in the past?**

---

**The most implausible theory so far advanced to explain why business is slowing down was that people have begun to save money.**

## State School a Leader

One of Michigan's outstanding institutions of higher education is the Michigan College of Mines & Technology. Not so much is heard of this school in the Southern Peninsula, as it is located at Houghton, in the State's mining country. However, it stands high in the ranks of mining schools.

**Its graduates occupy many high positions in the mining and allied industries. One of those who has just reached the top executive post in his company is Clyde E. Weed, who recently was promoted to the presidency of Anaconda Copper Company.**

He is the first mining engineer to head this big producer since 1915. He had previously served as executive vice president for some years.

## Seventy Year Record

Thomas Dumas has been no rolling stone.

This Southbridge, Massachusetts man retired the other day as an employe of the American Optical Company. He has worked for that company for seventy years. He is eighty-four years old.

Two of his brothers still work for the company. He and four others now have retired. The seven have worked there for a grand total of 367 years. That is an average of more than half a century for each.

Here is a record for steady employment which sets a fine example. Thomas Dumas has set a mark which few will ever equal.

James Marlowe Says:

## Social Security Changes Certain

WASHINGTON (AP) — Congress, despite a rush to wind up its work for the year, will probably make changes in the Social Security law before it goes home.

* * *

It's too soon to say what the changes will be. The House voted some changes last year. The Senate is expected to tackle the problem this week. It will start work on a bill prepared by its Finance Committee.

**This committee, headed by Sen. Byrd (D-Va), put in a lot of time on what it thinks the Senate should do. As always, the full Senate can go along with its committee or ignore or change its recommendations.**

There can be no changes at all until both houses reach agreement. But there is still time for that.

Under present law no working woman and no wife of a retired worker can receive any Social Security benefits herself until she's 65. For such women the House would reduce the age to 62. Not the committee.

**SENATE MAY AGREE**

But the full Senate may agree with the House and let such woman start receiving benefits at 62. This is an election year and there is a lot of pressure on Congress to do this.

**The Byrd committee wants to let only the widow of a worker covered by Social Security — whether or not he died before reaching 65—start receiving her benefit at 62.**

There is another difference between the House and the Senate committee.

The House voted to let totally disabled workers begin receiving their benefits at 50, if they are qualified for them, instead of having to wait, as everyone now does, until reaching 65. The committee doesn't agree.

But Sen. George (D-Ga) is trying to convince the Senate it should go along with the House. The 78-year-old senator, who is retiring this year, says he wants this to be his life's crowning work.

**SENTIMENT HIGH**

He may have his way. There is a lot of sentiment for it in the Senate. But the Eisenhower administration is opposed. If House and Senate agree, President Eisenhower will be in a dilemma if he wants to veto it, because he would have to veto other new provisions along with it.

The House has approved, and the Senate will probably do the same, letting the child of a deceased eligible worker receive Social Security benefits if he's totally disabled, even though he's over 18.

**There's no such provision in present law for over-18 children of eligible workers who die. Such a child recieves a payment until reaching 18. Then it stops. There will be some other changes.**

The House has approved bringing all self-employed professional people under Social Security except doctors. The Senate committee agrees but would exclude both doctors and osteopaths. This would add more than 200,000 people.

* * *

Both the House and the Senate committee agree there should be some modifications in the law as it applies to farm operators and share-farmers.

Dr. William Brady Says:

## Drink Plenty of Skim Milk —if You're Going on a Diet

Since skim milk (separator milk) was renamed nonfat milk, it is used in the diet by many consumers who formerly regarded it as suitable for pigs.

Skim milk is second only to whole milk as an all-around food, and whole milk is probably the best all-around food available. A glass (½ pint) of whole, fresh, sweet milk yields as many calories (160) as two glasses of skim milk, separator milk, nonfat milk or buttermilk. Whether it is good economy to pay half as much for skim milk as you pay for fresh whole milk, I don't know, but I'm inclined to believe a large family should buy a gallon of skim milk or buttermilk if you prefer, rather than two quarts of fresh whole milk daily.

Teen-agers assure me they like skim milk and do not like whole milk.

Personally I druther go hungry.

**Skim milk or buttermilk contains virtually no vitamin A or vitamin D, for they are in the milk fat or butter fat removed by skimming or separating. In the other vitamins skim milk or buttermilk is as rich as whole milk. As a source of calcium, skim milk or buttermilk is richer than whole milk. And most Americans, from childhood to mature age, suffer from calcium deficiency, as I explain in the pamphlet Young Foks and Old Folks, for which send stamped, self-addressed envelope.**

Skim milk or buttermilk (or Bulgarian fermented milk or Acidophilus milk) is one of the best food sources of riboflavin. Riboflavin, formerly called vitamin B-2 or vitamin G, is essential for the health of skin, hair and nails. It is the vitamin Prof. E. V. McCollum, a famous nutrition authority, said tends to preserve the characteristics of youth. People who take tea, coffee, pop etc., instead of milk, cream, butter, skim milk, separator milk, buttermilk as a daily beverage, seldom retain the characteristics of youth very long. They feel, look, behave, and are prematurely aged.

The basic, corrective, protective, regeneration, rejuvenation, reduction, or model health diet given in Little Lesson 16, The 7 Keys to Vite, for which send 35c and stamped, self-addressed envelope, calls for not less than a quart (four glasses) of milk (whole milk) daily, for one item. The milk alone represents 640 calories a day. In a reduction diet, mind you, Tillie.

On the other hand, in the pamphlet How to Gain Weight, for which send stamped, self-addressed envelope, I say:

**Anyone who will take a pint of milk with a slice of plain or whole wheat bread and butter, with or without sugar, each night at bedtime will gain 20 pounds in a year.**

Milk is "the most nearly perfect food." An exclusive milk diet will not supply adequate amounts of three elements which are essential for good nutrition and good health —namely, iron, iodin and vitamin E. Yet a minimum of 1½ pints (three glasses) of milk daily is irreplaceable in a health diet.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Mich.

## Readers Tell of Gratitude for Beaudette's Gift to City

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Many thanks to the Beaudette family for their generosity. Could more be said about the proposed new city library . . . which is past the much-needed point?

**An Interested Party**

The generous offer by the Beaudette family is a truly magnificent gift and a most welcome one. I hope other citizens and other civic groups will lend moral and financial support to this project.

### 'You Have 8 Days to Buy in Season'

July 13 I went shoe shopping. This isn't ordinarily a horrible chore. All I wanted was a pair of dancing shoes, preferably with an open toe. This, it seems, is "summer stock." They didn't have what I wanted because, the clerk told me, their sale has been on for two weeks and they were just about cleaned out.

**Two weeks ago from July 13 was June 29. Since June 29 they have been desperately trying to get rid of their summer stock.**

Officially, from what I've learned all my life, summer begins June 21, which leaves eight days in which summer shoes are sold in the summer!

## Many Britons Now View Red Threat as Economic

**By JOHN H. MARTIN**
**INS Foreign Director**

Britain's announcement of a $213 million cut in government expenditures this year is part of a fight against inflation.

* * *

But more than half of the sum will be squeezed out of the national defense—in contrast to the U.S. Senate's move to add nearly a billion more dollars to the American Air Force budget.

**The argument in Britain domestically is whether the announced government cuts go far enough.**

The Laborite opposition considers the cuts "chicken feed" and "squalidly inadequate to deal with the national crisis." The Laborites charge that no real effort has been made to reduce the main cause of inflation—the big arms burden.

* * *

Chancellor of the Exchequer Harold Macmillan was careful—for the benefit of NATO allies—to say that the reductions in defense do not reflect any change in the "size or shape" of Britain's fighting services.

**ECONOMIC THREAT**

Yet British Conservatives ascribe to Prime Minister Sir Anthony Eden the view that the main threat from the Soviet Union now is not military but economic. Changes are therefore in order.

* * *

If that view is correct, then very large defense cuts may be forthcoming in Britain's battle against the inflationary bogey.

**Eden and his ministers currently are discussing the vital questions of Russia's "new look," defense and inflation.**

Inflation is a threat not only to the British. Most European nations and others in the British sterling currency area are facing the same problem.

* * *

European governments, weary of playing umpire in the race between prices and wages, are applying credit squeezes through various measures. These range from drastic restrictions on installment buying to hikes in bank interest rates.

**TROUBLES MULTIPLIED**

French troubles are multiplied with the heavy drain on the treasury in trying to wipe out Algerian nationalists demanding complete freedom from France.

* * *

One report says that rapidly rising prices are such that it now costs a family of four 13 per cent more to live than it did last year.

**In Germany the purchasing power of the mark has dropped by four per cent since last year.**

Even neutral Switzerland is threatened by inflation. The government of the little nation, which has been undergoing the comfort of an unprecedented industrial boom, now is consulting employers and workers on the inflation danger.

Case Records of a Psychologist:

## Teaching No Longer Poor-Paying

*Harry would make an excellent teacher and that is a wonderful profession. Nowadays it pays reasonably well, and offers a talented person a chance to sculpture in human clay. Teachers become foster parents to thousands of youngsters and can help offset the poor home backgrounds by planting idealism in their pupils.*

**By DR. GEORGE W. CRANE**

Case S-313: Harry G., aged 19, is a college sophomore.

"Dr. Crane, I don't know what I want to do as a life work," he began.

* * *

"My grades are excellent and I enjoy college. But should I become a physician or a business man, a lawyer or what?

"I've won a letter in track, for I run the mile, so I am in good physical condition. And I enjoy mingling with people."

**BE A TEACHER**

"Why not plan to become a teacher?" I asked him.

"But they get such poor salaries," he protested.

Then I gave him the following facts. Teachers in the Chicago school system get $5,250 per year, as a median, with only a bachelor's degree.

**If they hold a Master's Degree, they obtain $250 more. And if they have 36 or more hours of college training beyond the Master's Degree, they also rate an additional $250 per year.**

Moreover, they have two full months off in summer, plus about two weeks over Christmas and New Year's Day.

And the demand for teachers is zooming. For the number of children is increasing so fast we can't recruit enough teachers.

In the next decade there will be a much greater demand than supply, so people who prepare for teaching will not lack positions when they finish college.

**COLLEGE TEACHERS**

The average college professor nowadays earns $5,000 per year. Due to the generous Ford contribution to hundreds of American colleges, which has now boosted the salary by $200 annually, the average in such schools will now reach $5,200.

Those college teachers also get three months off in summer, plus

two weeks at Christmas, and often a week during spring vacation.

**So their $5,200 for 9 months' work actually amounts to an annual salary rate of $6,933, which compares quite favorably with the average net income of American dentists and physicians.**

Many teachers can also give themselves as great a salary boost as the recent Ford contribution does just by quitting tobacco for the average smoker burns up $100 annually on the ends of his cigarettes.

If a teacher and wife who now smoke, will eliminate that dangerous medical habit, they will thus add $200 per year to their income, which is exactly the amount the Ford gift offers each professor.

**MOLD PERSONALITIES**

Once you earn enough for food, rent, a car and a TV set, it makes little difference whether your income is $5,000 per year or $50,000, for you wear but one suit of clothes at a time and eat but three meals per day.

* * *

And molding human personality is one of the most fascinating jobs on earth.

Teachers stand in a critical position where they can plant ideals and high resolves into children from the other side of the tracks and thus greatly offset poor home environments.

**A good teacher is also a foster parent to literally thousands of boys and girls during his lifetime in the classroom, and ranks next to our clergy in constructive influence.**

So, if you want a fascinating job in a field that isn't overcrowded, and that pays at least enough to enjoy our American standard of living, choose school teaching.

For thereby you become a sculptor of human personality.

# Gettysburg? And Where on Earth Is That?

NEW YORK (INS)—The passing show . . .

NBC put in a call from the recent Democratic meeting in Chicago to Jim Hagerty, the President's press secretary, at Gettysburg.

* * *

"Gettysburg?" the Voice With a Smile asked, with a frown. "Gettysburg, Ind., or Gettysburg, Pa.?"

"Pennsylvania," the NBC fellow said.

**There was a long pause, a kind of time out for station identification. Then Long Distance came back on the pipe.**

"You'll have to have the county," she ruled.

"Adams County," said the NBC fellow, who works in the reference room with Shirley Booth.

* * *

Finally Hagerty answered.

"Jim," said the NBC fellow, "you don't have an unlisted number, you have an unlisted city."

**LETTER LETDOWN**

The Philadelphia Kellys heard from Her Serene Highness Princess Grace the other day, after too long. Eager hands ripped open the letter.

Was she indeed That Way? How was the honeymoon voyage? Was she happy? Would she return to Hollywood? How was the Prince? Having landed, did she find the natives friendly?

**These and other breathless questions formed in the mind of the clan as Mrs. Kelly unfolded the letter.**

"Please send some Kleenex," Her Highness wrote, pretty much like every other American tourist.

A fine, honest woman named Ruth T. Todd of Overland Park, Kan., may have provoked one of the greatest economic spasms in the history of the republic. On July 7 she took pen in hand and wrote as follows to United Airlines:

**"Dear Sir—Enclosed check is for two guest towels taken from one of your airplanes. Sincerely, Ruth Todd."**

Enclosed was a check for $1. This could lead to chaos unless it is only an isolated case of conscience.

* * *

Suppose all the people who have taken away bath towels, silverware, ashtrays, glasses, pepper mills, salt shakers, stationery, Gideon Bibles, brass rings, holy water, grand pianos and the like decide suddenly to purge their souls and return them or their equivalent in money?

**BURDEN ON MAILMAN**

The postal service would collapse under a shipment of goods countless thousands of megatons heavier than the peak traffic of Christmas packages.

* * *

Banks would be forced ot handle the greatest blizzard of small checks and money orders in their history. They would have no time to lend money, and thus would fail.

**In the resultant passion of honesty, people would start paying so much more in taxes that the government could afford to buy Tito an H-bomb plant, with which he would promptly destroy us.**

All on account of Ruth Todd, the person for whom Diogenes has been searching, man and boy, since the invention of the lamp.

At the "Millionaire Dinner" the other night in the Harwyn Club the menu read "Champagne cocktail, canape Russe, boula boula with amontillado, aiguillette de sole Anglaise V'eronique with pouilly fuisee, faisan roti en cocotte suvorof with chateau lafitte, pommes souffles, haricots verts au gratin, endive and beet salad, bombe abricontine, petite fours—with chateau d'iquem, cafe flambe, mints and liquers (optional.)"

# 11 Communities Eye Child Guidance Clinic Needs

## South Oakland Unit Is Planned

### Oak Parker Is Chairman of Steering Committee; Slate Meetings

A Child Guidance Clinic is to be established somewhere in Southern Oakland County, according to preliminary plans by representatives from 11 communities in that area.

Abraham Brickner, 21970 Marlow, Oak Park, is heading a steering committee that has recognized that over half of the referrals to the Oakland County Child Guidance Clinic in Pontiac were from Southern Oakland County in March and April.

**The same percentage holds for the waiting list at the clinic. Over half of the 113 children on the list were from Southern Oakland.**

Goal of July 1, 1957 for having a clinic in operation in the SOC area has been set by Brickner's committee.

Working with him are Benjamin Frank, 25831 Ivanhoe, Huntington Woods, as vice-chairman and Mrs. Burton R. Tabbert, 1815 East 12 Mile, Madison Heights, secretary.

**Officials of the existing clinic board and the various citizen and school groups in the area lent support to the contention that such a need existed when the committee organized recently at Berkley High School.**

Representatives of Hazel Park, Lathrop, Huntington Woods, Oak Park, Madison Heights, Ferndale, Royal Oak, Pleasant Ridge, Berkley, Southfield Township and Troy were present.

Statistics show that four out of every 1,000 children need such a clinic's services, and that over 112,000 children between one month and 19 years live in the Southern Oakland area, officials say.

**A budget for staff and facilities will be projected by early September, it is planned.**

A request to the county's present clinic and to the Michigan Department of Mental Health for permission to begin the clinic, which would be a branch of the Oakland County one, is being submitted.

Interested citizens are being invited to join efforts by contacting Brickner.

Meetings with committee chairmen of the Oakland County Board of Supervisors are being arranged by Brickner's committee, which will meet next on August 8.

The clinic would consist, according to present plans, of a half-time basis psychiatrist, four psychiatric social workers, two clinical psychologists and two secretaries.

## Almont School Board Elects New Officers

ALMONT—In the annual meeting of the school board here, L. T. Bishop was elected president.

* * *

Graham Terry was named treasurer of the board; Mrs. Gertrude Richards, secretary, and Harold Hough and Donald D. Bowman are trustees.

**ISLAND HOUSING**—Units such as this 20-section one will provide vacation housing for many city dwellers and give haven to retired couples, if plans of Mr. and Mrs. Willard Dawson materialize. The 20 buildings, with from 20 to 60 units in each, would cost in total $600,000 she estimates. Township red-tape is holding up construction, she charges. Units would be owned, individually.

### Owners Seek Township Approval

## Vacation Unit-Housing Is Dream for Island in White Lake

A suit asking Oakland County Circuit Court to compel the White Lake Township board to approve multiple-dwelling plans for a 106-acre island in White Lake will be filed in the near future, Pontiac attorney Howard I. Bond said yesterday.

Bond said the suit stems from the efforts of Mr. and Mrs. Willard Dawson, owners of the island, to get township approval for a "vacation paradise for retired couples" on the island.

**Touching on its history, the wooded isle was deeded to Joseph and Ann E. Fisher in April, 1896, by the U.S. Government and bought from the Fisher family by Judge Frank L. Doty in 1944.**

Previously called Doty's Island, the property was purchased by Mr. and Mrs. Dawson in September of 1944 and thence forward known as Dawson's Island.

Down through the years the natural beauty of the spot had been preserved and during the summer Boy Scouts were allowed to camp there.

**In the winter of 1954 the property was surveyed and platted by Sam Walker of Birmingham as the Dawsons considered putting the lots up for sale in the spring.**

"However," relates Mrs. Dawson, "after a number of meetings with Walker, and several chance remarks about the beautiful trees, the hills and the long, natural shorelines, we began to feel as did the two previous owners, that it would be a crime to cut down the trees and destroy one of Oakland County's natural beauty spots."

* * *

It was soon afterward that the Dawsons got the idea of building multiple dwellings designed for easy living, each unit to be individually owned, but with a caretaker to look after the grounds, the beaches and the apartment exteriors.

With the help of Hurless Banks, architect, and Braddock, Slaven and Hart, builders and engineers, the couple came up with the layout for the first 20 units of the dwelling. (There were to be 110 apartments costing over $600,000 when the project was complete, with 60 apartments in the last building and 20 in the first one —which is pictured—with more to be added to this.)

**Each apartment was to have a front and back balcony. Walks and gardens and recreation areas were planned and all units were to be built along the 5,300 feet of shore line.**

The couple called upon James A. Scott of the Oakland County Sanitation Department, who assisted them in engineering sewage and water plans. These plans were later reviewed and approved by the department, says Scott.

In the spring of 1955, on May 3, Mrs. Dawson applied for the building permits for the project and she said her checks for these were accepted, but returned several weeks later by mail, with no reason given for the rejection.

**The Township Board then asked the couple to change the plans for the multiple dwellings, making the units larger, which they did, Mrs. Dawson says.**

Back from Florida in the spring of 1956, Mrs. Dawson said the board had still other requirements, which were met, she added.

Mrs. Dawson says she has been referred back and forth to the Zoning Board and the Zoning Board of Appeals. She has asked special meetings of the appeal board and the Township Board, she says, and has paid fees to unsalaried members of both boards who attended the meetings.

* * *

According to Bond, Mrs. Dawson's original application for the multiple dwelling building permit came before the township passed its permanent zoning ordinance.

The interim ordinance then in effect, says Bond, did not prohibit multiple dwellings. In the first permanent ordinances passed, he adds, no mention was made of multiple dwellings.

He says the township now is contending it must pass an amendment to the permanent ordinance which will allow multiple dwellings.

The attorney says the Dawsons have complied with all of the requirements necessary and that they cannot be bound by later ordinances passed.

**He said he wrote the Township Board on June 8 and on June 11, but received a letter "passing the buck" to the Zoning Board. Mr. Bond feels that his clients will now have to resort to a court suit in order to progress any further.**

According to Township Board member Richard O. Paschke, "The Board is just opposed to the plan taking effect before the township is ready for it.

"This is a big thing in the township, and it could be a good thing, if handled properly," he said.

"But there are a lot of obstacles. For instance, how are they going to transport all the people who will live on the island? The Dawsons say all the families will have boats, but apparently they only have access to 20 feet of frontage on the mainland."

According to Mrs. Dawson, she owns 20 feet of frontage and has a right-of-way on an additional 120 feet.

* * *

"Nothing like this has ever happened before in White Lake Township," Paschke emphasized. "We are taking time to make sure it's done properly and doesn't hurt anybody."

Township supervisor Forest Brendel said he had no comment on the situation. Township Clerk Bert A. McKeachie and zoning board member Charles Harris also had no comment.

## Romeo Schools Being Repaired

### Plans for High School Near Completion; Begin Grandstands for 480

ROMEO — Maintenance problems and plans for the new high school continue to be main issues under considertaion for the Romeo Community Schools Board of Education.

* * *

Jack Penning, of the Penn-Rich Co., of Mt. Clemens, has been given the job of putting on cornices and re-roofing the old high school building.

**Old wooden eavestroughs had rotted out, he said, and in a recent severe rain storm had allowed water to loosen outside bricks and flood the school library floor.**

Workmen have begun the cement work in Memorial Stadium. Start of construction of new grandstands to seat 450 to 480 spectators is expected anyday, according to Supt. T. C. Filppula.

* * *

Ernest M. Tennant, engineer with the George Wagschals Engineering Assts., of Detroit, will work with the superintendent in contacting plumbers to ascertain costs of repairing water lines and heating ducts in the old high school building.

**After maintenance problems were discussed at the Thursday meeting, the new high school's architect brought new plans to the board's attention.**

Three small boilers were decided upon for the boiler room, after much discussion of size and number needed not only for the new building but also for additions and a swimming pool which might be planned in the future.

A July 30 meeting to approve final plans for the building was set by the board.

Construction must start soon to assure completion by the September 1957 school opening, the board feels.

# The Blonde Cried MURDER

By Brett Halliday

THE STORY: A frightened woman reported at the Hibiscus Hotel that her murdered brother's body was in room 316. An investigation disclosed no frightened woman and no body. Meanwhile at Mike Shayne's quarters in another hotel Bert Paulson appears seeking his sister Nellie, who he believes has retained Shayne. Nellie also disappears. Paulson returns to the Hibiscus and is invited to have a chat with the hotel detective.

XV

They had no proof whatsoever that it had been Nellie Paulson who made the phone call from 360. Indeed, there was evidence that she could not have made it, for Dick thought he recalled seeing her go out some time previous to the call, and she hadn't shown up in the hotel since it happened.

* * *

So he said placatingly, "The way it looks then is that someone else was trying to play a joke on her. Calling downtstairs to say there was a dead man in her room."

**Paulson's face expressed complete surprise. "A dead man in Nellie's room?" he gasped as though this were the first he'd heard of such a thing. "When? Who was he?"**

Patton waved a fat hand. "There wasn't anybody as a matter of fact. I checked right away, of course, and that's why I say it must have been a joke of some sort. But we got to check every angle of a thing like that. That's why I asked what sort of girl your sister is. Whether she's the type to pull a practical joke."

RUNNING WILD

Paulson shook his head decidedly. "She isn't." He paused, looking away from Patton and seeming to nerve himself to speak further. "On the other hand I—now that you've brought it up, maybe you'll tell me something. I don't suppose it has anything to do with what happened her tonight," he went on hastily, "but I'm afraid she has been running sort of wild and getting mixed up with some queer characters recently. At home, that is. In Jacksonville. So maybe you could tell me something about how she's been conducting herself here."

**Patton hesitated, rubbing the third fold of fat beneath his chin and studying Paulson speculatively. "It isn't the sort of information we're supposed to hand out about our guests. This ain't the F. B. I., you know. We don't keep any dossier on our guests."**

"I know that," said Paulson impatiently, "but I also know something about the way hotels are run. The bell-boys and the maids and the clerk. They always know pretty well what's going on." He smiled winningly at Patton. "You're the house detective, arent you? Don't tell me you didn't ask around and check up on my sister's conduct during the past two weeks when this thing happened tonight."

I'VE BEEN WORRIED

Patton clasped his hands together in front of his paunch and looked down at them seriously. "I wouldn't say I didn't. But it still isn't the kind of information we give out."

**Paulson grimaced and got out his wallet. He half withdrew a ten and glanced covertly at Patton, then sighed and made it a twenty instead. He folded the bill lengthwise four times and said, "I wouldn't expect you to give it out to anyone except her brother. But I certainly have a perfect right to know. I tell you I've been worried about the way she's been acting—and now with this thing tonight—and her not being here to meet me as she promised—"**

Patton unclasped his hands from in front of his paunch, and the bill was whisked out of sight. He said, "Sure. Being her brother and all, it wouldn't be right not to tell you.

"Well, your sister has been mighty pleasant and quiet in the hotel, and minds her own business. I did go over the room service charges on her bill tonight, and most nights she's had ice and sometimes soda up. A bottle of whisky twice in two weeks." He spread out his hand. "No, I'm not denying the bellboys and maids like you say, notice things that go on. The way I get it, your sister has entertained, but never too late. And never no commotion or trouble at all. Just the sort of thing any nice, attractive girl in a hotel in Miami on her own might be expected to do."

NO BODIES AROUND

He nodded benignly at Paulson. "Mostly one particular fellow, the way I get it. But she minds her own business, and so do they. She paid up her first week's bill promptly and we haven't any complaints at all. That the sort of stuff you wanted to know?"

**Paulson wet his lips and nodded. "Exactly. Thanks, Mr. Patton." He arose. "And now is it all right for me to go up to her room to wait?"**

Patton arose with him. "Sure. I'll go up and let you in myself. give me a chance to check around a little more to be plumb certain she hasn't got any bodies concealed. That's strictly against the rules, you know." He winked jovially at his own joke. "And then I reckon I might just as well wait there with you."

Paulson stopped abruptly in midstride. "It's getting so late maybe I'd better get my baggage and check into a room of my own. Take me half an hour perhaps. I had a little accident outside of town and had to leave my car at a garage. If Nellie comes in before I get back, tell her to stay put, will you?"

"Sure."

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

## Canines Beat The Heat — Go Underground

SHAWNEE, Okla. (AP)—A group of canine residents of Shawnee have solved the problem of how to escape the 100-degree weather.

Poundmaster Troy Clay says the pups have been crawling into the city's storm sewers where they open into creek beds at the edge of the city. Clay said a humane society member called asking him to pick the dogs up, but decided the pups were smarter than humans.

"They just want a cool place to sleep on these hot days," he said. "Besides, there's enough dogs on top of the ground without me going underground to pick them up."

TODAY'S ASSIGNMENT FOR:

## JUNIOR EDITORS

IN THE WOODS — 1

Long, long ago much of the earth was covered by forests, but careless cutting and burning by man through the ages have greatly reduced them.

In America, when settlers arrived, they found vast forests, which they cut down as fast as possible for lumber and to clear the land for farming. Now the government protects many forest preserves, communities plant and care for trees, schools observe Arbor Day, and some Lumber companies have their own tree planting programs.

Here are two Junior Editors on a hike to learn what they can about the woods. They have stopped at a fallen log for lunch.

Color this picture with your crayons, paste it on cardboard, and cut out the parts. Fasten Jane's right arm behind her shoulder through the indicated holes with a brass fastener or bent pin. Fold the end panels under and the center panel forward, so the picture will stand up.

(Willie B. Patton, Sayreton, Ala., first submitted this idea. If you have a suggestion for Junior Editors send it in care of this newspaper and it may be worth $10 to you. Violet Moore Higgins; AP Newsfeatures).

The Queen's London home is Buckingham Palace, and when she is there the royal standard flies from the flagstaff.

## U. S. Farm Show To Be Held in Russia

NEW YORK (AP)—The New York Herald Tribune said that the Soviet Union has signed a contract granting U.S. businessmen the right to stage an agricultural fair in the heart of Moscow.

The contract guarantees that the purchase by the Soviet Union of 15 million dollars worth of exhibited goods, including agricultural machinery.

There will be no strategic machinery shown at the fair. It will be the first big American exhibit behind the Iron Curtain.

More than 36,000 persons are employed aboard Norwegian ships engaged in foreign trade, an increase of nearly 2,000 over the total of a year ago.

# Elegance Keynotes Fall Hats

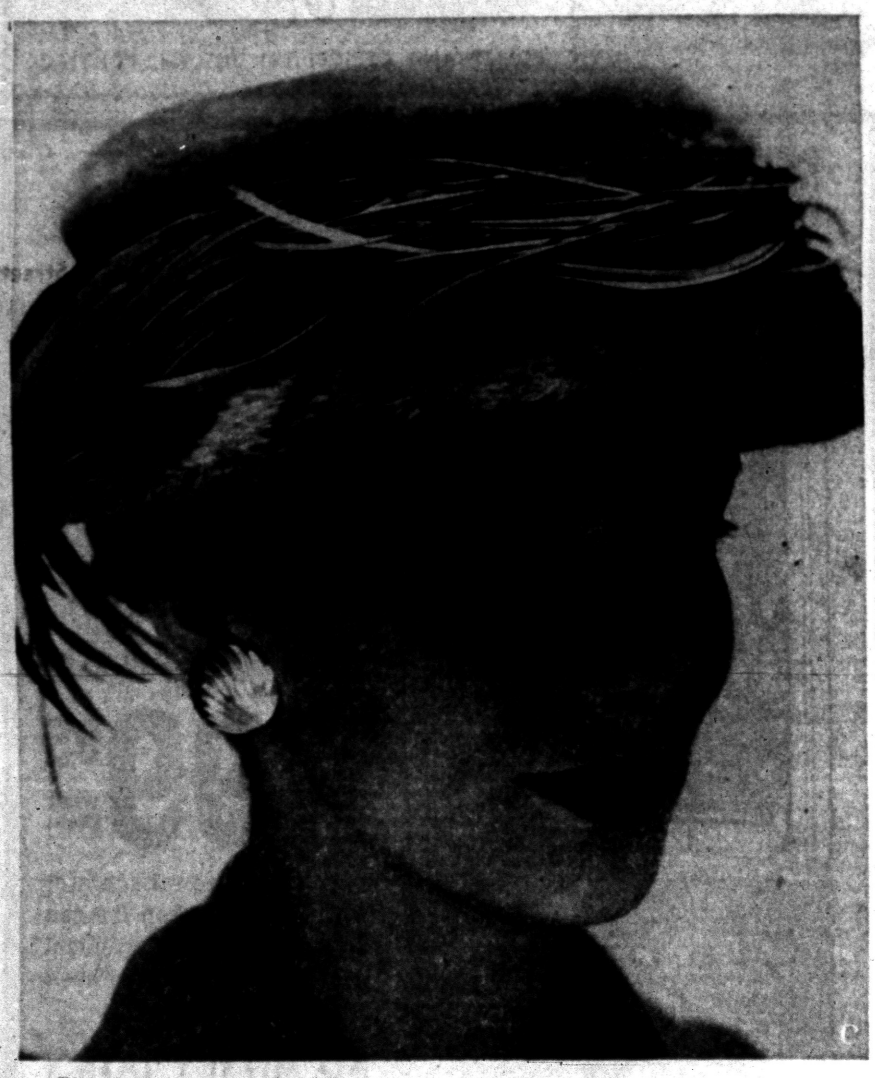

*Mr. John P. John, couturier-milliner, says that "the 1956 silhouettes have extreme elegance in extreme silhouette with accent on the smooth, uncluttered line." To bring an air of sophistication and well bred gaiety to the American country scene this Autumn, he designed this dashing fashionable rustic silhouette of Palamino grey beaver. Named "Ascot," the hat is from Mr. John's autumn and winter "Edwardian Collection."*

*A toque of pre-World War I elegance is designed for the petite woman by Beatrice Martin. Fashioned of black felt, the cuffed brim is crowned with a flaming pink rose outlined with vivid pink feathers.*

*John Frederics drapes a stunning turban of glistening turquoise satin and braids a tall, conical Moyen Age crown from the turquoise satin and two tones of green velvet.*

*The castles in the air collection of Damozel Hats by Joe Cohn makes a storybook heroine out of every woman, and her Ivory Tower is reflected in the height of silhouettes, the leit motif fashion. Crown and brim both substantiate the importance of size in this cloche interpreted in romantic rose velours. Feathers in confetti colorings band the crown to fall over the brim at one side.*

*Laddie Northridge presents this hat from his autumn collection entitled, "Eve's Modern Paradise." The cuffed brim swings upward in new fashion to reveal the eyes. The cloche is in mink panne velvet. The fine veil symbolizes the monochromatic effect.*

## Every Man Who Marries Should Know This Much

### Wife May Be Unable to Live on Love, but It Makes Sacrifices Easier

By RUTH MILLETT

Every man who marries ought to know at least this much about women:

That a woman may not be able to live on love, but so long as she feels loved she can do without an awful lot of things that cost money.

**That no woman can bear to have her husband criticize her in front of her mother-in-law. That's always dynamite.**

That when a woman really makes up her mind to do something or have something there is no stopping her. She'll still be working for what she wants long after her husband smugly thinks he has heard the last of it.

That a woman may admire the strong silent type of man in a movie or novel, but to live with day in and day out she wants a man who will talk to her.

**LACKING IN CHIVALRY**

That in any woman's book a man who asks "What's for dinner," before kissing his wife is lacking in all chivalry.

* * *

That it is foolish for a man to raise cain when his wife moves the living room furniture around. That is as inexpensive a way as women have of working out their dissatisfaction with life as it is.

**That when a wife "lets herself go" it is almost always her husband's fault. He just hasn't made her want to look her best for him.**

That though women may not be able to take criticism well—and most of them can't—they are suckers for compliments and will work their heads off for a little praise.

* * *

That the wife whose middle-aged husband says, "What a dish," every time some cutie appears on television may smile sweetly. But secretly she is probably thinking she would like to bounce the ashtray off the top of his bald head.

**GREATEST COURAGE**

That a woman never shows more courage than when she makes up her mind once and for all to "make do" with the husband she has instead of comparing him with the man she thought she married or wondering what her life would be like if she had married someone else.

**Loom Up Like Giants**

## Big Lamps Seen in Fall Picture

NEW YORK (INS) —Today's lamps loom up in the living room like giants.

Overscaled lamps were the biggest items at the New York lamp show, where manufacturers unveiled their fall lines for trade inspection.

There's a reason for these tall lights. Much of modern furniture—particularly coffee and end tables—is being built very low and close to the ground. The large lamps make a good size contrast and bring up the balance of the room.

One of the tallest stands 50 inches high. It has a brass stand, while the body of the lamp is ceramic made to look like wood. The front of the bowl-like body is scooped out and painted white with a yellow and cocoa design. It has a white shade.

A touch of the Scandinavian influence is seen in a 46½ inch table lamp which puts the accent on wood and wood grain, combining it with brass. A slim brass shaft extends from the walnut base to the top of the lamp, and it is surrounded by carved out curves of walnut. This gives a light look to a massive lamp, and also employs another fashion feature for fall—brass.

The Oriental influence, which is responsible for much of the low furniture, has carried over into the motif—if not size—of lamps.

One example is a 49 inch ceramic model fashioned after a ming type vase shape. It is done

*There are four pages in today's Women's Section*

in the blue-green-gold accents of antique bronze, and an Oriental dragon twists around the base. The shade is natural linen with turquoise piping to match the "oxidized bronze" of the base.

These supersized lamps, in some cases, combine the new with the old for a piece of furniture that can fit into either a modern or a traditional room.

One white-and-brass lamp, 43½ inches off the table, had a white inverted cone body with a brass cuff along the bottom. Stemming from the base are five white fake candles on a brass candelabra. The "candles," of course, are electrically lit and are an adjunct to the bowl bulb at the top of the lamp.

If you want a really spectacular look, you can use a floor lamp on a table for a super-duper lamp.

To get this exaggerated effect, you might use a lamp like one 61½ inch floor light which came with a companion 46 inch table lamp.

The lamp is made up for either silver or brass globes, separated from each other by chunks of walnut. It's topped with a white shade.

## Cook Chicken Slowly

The beginner's tendency in cooking chicken outdoors is to try to cook it too quickly and with a fire much too hot. This results in the skin becoming blistered, hard and leathery, while the meat next to the bone is often undercooked. Poultry specialists remind that chicken must be cooked slowly and thoroughly.

# She Profits From Mom's Mistake

By ANNE HEYWOOD

Mencken says we learn not so much from experience as from observation—the things that happen to us teach us less than what we see happening to others.

This gift of really looking at other people, seeing their mistakes as well as the things they do well, can be a very valuable one.

**Barbara L. has proved that this is so.**

Barbara is a young mother, with three children now in grade school.

* * *

"I made up my mind a long time ago," she told me earnestly, "that I didn't want the same thing to happen to me that happened to Mother!"

**A GOOD JOB**

Barbara's mother, it seems, had also raised three children. She had worked hard at it—as who doesn't?—and done a good job.

* * *

"But when we all married," Barbara told me, "Mother had a perfectly awful period of about three or four years, when she was nearly beside herself.

**"Father was busy at his job, but her job, so to speak, was over. She was really unemployed and she drove us, as well as herself, nearly crazy. She wanted to live our lives, because she had none of her own.**

"Mother finally went back to school," Barbara continued, "and learned typing and shorthand.

"Eventually, she found a very interesting job. But she had had that horrible three-year period in between.

**20-YEAR PLAN**

"I decided then and there that I was going to take steps to keep from ever being in that spot myself. I was expecting my second child at the time, but I decided to have a 20-year plan!

**"I had always liked arithmetic and was good at purchasing and keeping the family accounts.**

**"I decided to prepare myself for a bookkeeping job some day—even if I could only devote 10 minutes or so a day to it. For a long time, I was lucky to get even that 10 minutes!**

"But it was worth it," she concluded. "I slowly built a library of good books on bookkeeping and studied them. I handled all the family accounts and later was treasurer for the club.

* * *

"I'm pretty good at it now and feel sure of myself. I have a part-time job as assistant bookkeeper in an interesting office and work while the kids are in school.

**MONEY IS HANDY**

"The money comes in plenty handy. But best of all, I'll never have to go through the readjustment period that poor Mother suffered!"

* * *

It pays to maintain some kind of sideline, as Barbara did.

If you are interested in bookkeeping, send me a stamped, self-addressed envelope care of The Pontiac Press, and I'll send you my list of books in the field of bookkeeping.

## So, That's Why!

Charcoal is used as an outdoor cooking fuel because it gives off little or no smoke and does not discolor the food. Either lump or briquette charcoal takes a considerable time to ignite. So, many beginners, not realizing how hot their fires will become, continue to add more charcoal before the first lot has really started to function. The result is a fire which is too hot and burned food.

Of America's half million music teachers about 300,000 teach piano.

## Mom Uses Teacher's First Name

### Instructor Resents Familiarity From Virtual Stranger

By EMILY POST

"Dear Mrs. Post: The mother of one of my music students has been most persistent in using my first name when talking to me. I never met her before her daughter started to take lessons from me. We have nothing in common that would give her a basis for being so familiar.

"Am I old-fashioned, or is this woman just plain rude in her lack of respect in addressing a teacher? How do I politely let her know I prefer to be called Mrs. Blank, or do I just ignore her?

**"I have always called her Mrs. even in direct answer to a question she puts to me when using my first name, but she has failed to take the hint. I would appreciate hearing from you on this matter."**

Answer: You can tell her frankly, "I do wish you would call me Mrs. . . . because if my pupils hear you, they will start calling me by my first name too."

"Dear Mrs. Post: My brother and his wife live in a town about 25 miles from here. I occasionally spend a weekend with them.

**"It never occurred to me to write a bread-and-butter letter after a visit with members of my own family, but I understand my sister-in-law thinks me very lax for not doing so. I know a bread-and-butter letter is customary after a weekend visit, but isn't this unnecessary between members of one's own family?"**

Answer: Although a letter is not necessary, it would be more polite to write and tell them what a nice time you had.

The bride wore summery white organdy, shirred at the neckline and cap sleeves. The full skirt with ruffles below the knee fell in a chapel train, and a solid crown of daisies held a finger-tip veil of illusion. Her flowers were Shasta daisies.

**Mrs. Don Parker Button was matron of honor, and other attendants were Nancy Clarke of Detroit, Betsey Fell and Mrs. Bert Fell. Junior bridesmaids were Jane Carlson and Ruth Ann Fell, sisters of the bride and bridegroom.**

All the attendants wore waltz length dresses of white eyelet embroidery over pale yellow with scoop necklines and short sleeves. They also carried Shasta daisies.

Bert Fell was his brother's best man with Glen A. Carlson Jr., Robert Fell, John Lerch and William Burns acting as ushers.

**A reception was given in the home of the bride's parents on Country Club drive, Bloomfield Hills. Both Mrs. Carlson and Mrs. Fell wore gowns of Heaven blue crepe.**

For her wedding trip to Bermuda the bride wore a gold and white print sheath under a gold-color straight coat.

The couple will live in Bloomington, Ind. where Mr. Fell will finish his last year at the University of Indiana Law School.

# Child Won't Read if Parents Don't

By MURIEL LAWRENCE

A mother signing herself Worried writes: "My 9-year-old boy is a reading problem. To enter the fourth grade this fall, he has to go to remedial school this summer.

"He doesn't want to. He says he'd rather repeat the third grade. Should I allow this? His teacher says that as he has this reading block, he may need special psychological help . . . "

**I'll leave the "reading block" to the psychologist whose language it is.**

In the meantime, let me ask her these questions: Does she enjoy reading herself? Do books come and go in her house constantly? Do her children love her to tell them stories and read from their books to them?

* * *

If her answer is "No" to these questions, her son's disinterest in reading may reflect her own negative feeling for it.

**SCHOOLS BLAMED**

Today, it's the thing to blame schools' new sight-reading method for our shocking increase in children's reading disability. Though I prefer the phonetic method myself, I think the new method has little to do with the problem.

* * *

Gordon Dupree of the Great Books Foundation expresses my view exactly in the Saturday Review of Literature:

**"Ours is a society which does not honor reading. We turn our own depreciation of it to indignation and blame the school. If Johnny's parents don't read, why should he submit to the rigors of acquiring that discipline? When his parents read, he will too."**

In America today, only 17 per cent of our adult population can be found reading a book at any given time as against 55 per cent of England's population.

Comments Dupree: "To presume that public education will conspire with Johnny to reverse the American trend to illiteracy is nonsense. We are asking the next generation to exhibit a virtue of mind which we ourselves have debased through indifference."

A parent who loves books transfers his feeling to his child spontaneously. Because he experiences his own reading skill as a source of joy, he never presses the child to develop his as a piece of educational equipment. He just happily shares his own skill with the child.

* * *

And so the magical thing takes place. He creates the passion to read in the child—that fertile situation in which the eager youngster grabs at any teaching method you offer to unlock for himself the treasures glimpsed through his parent's reading skill.

**He can't wait to read for himself any more than he can wait for you to reach down the jam pot for him.**

So Mrs. Worried's real problem, instead of involving school grades, promotions and demotions, may be her own disinterest in books. In which case, she, not a psychologist, is the person to solve it.

*Mr. and Mrs. Paul Tod Reed of Birmingham announced the engagement of their daughter, Margaret Ann, to Richard Lawrence Moran at a dinner party Saturday evening. He is the son of Mrs. Frederick L. Moran of Grosse Pointe and the late Mr. Moran. A fall wedding is planned.*

# Ann Spademan Is Wed in Birmingham Rite

Ann Spademan and Ensign Howard H. Liverance were married at a 4:30 o'clock ceremony Saturday. The Rev. Harold E. Towne of St. James Episcopal Church, Birmingham, officiated.

* * *

The bride is the daughter of Dr. and Mrs. Loren C. Spademan of Warren court, Birmingham and the bridegroom is the son of Mr. and Mrs. Howard J. Liverance, also of Birmingham.

**For her wedding the bride wore a gown of Italian silk. The bodice featured a bateau neckline with Chantilly lace trim and cap sleeves. The bouffant skirt had Chantilly lace applique extending into a court train.**

Her crown of Chantilly lace embroidered with seed pearls held her fingertip veil of silk illusion, and she carried a bouquet of stephanotis and white orchids.

Mrs. Loren C. Spademan Jr., was matron of honor. Bridesmaids were Sherrell Adams of Lorain, Ohio and Martha Fuller of Ridgewood, N. J. They were gowned alike in pervenche-blue crystalette.

**CRYSTALETTE BOWS**

Deep square necklines and cap sleeves accentuated their princess line bodices and full waltz-length skirts. Tiny bows of crystalette accented the skirt at the front and back hipline. Their flowers were arrangements of blue delphinium and white Fugi chrysanthemums.

Bert H. Liverance of Cleveland, Ohio, was his brother's best man. Seating the guests were Loren C. Spademan Jr., C. Frederick Spademan and Richard G. Spademan, brothers of the bride, and Dean Berry and Lt. Robert Hardy, all of Birmingham.

**The bride's mother wore a silk dress in shades of blue with a small white hat and an orchid corsage. Mrs. Liverance wore a gray-silk organza dress with satin trim. A beaded shell-pink hat and gloves completed her costume.**

After a reception at the Detroit Boat Club, the couple left for Astoria, Ore., where Ensign Liverance is stationed.

# Middle Age Can Be Satisfying, Fascinating

By JOSEPHINE LOWMAN

If you are resigned to an uninteresting life from middle age on, you are behind the times. This can be, and is for many women, one of the most satisfying and fascinating phases of life.

Age, even physical age, cannot be measured in years because there is such a difference in individuals. One person may be younger at 60 than another at 50.

Our real age can be much more accurately measured by our outlook, by how aware we are, by our enthusiasm, by how alive we are to the world about us and by how much in love we are with life, by our energy, our gaiety, by our understanding and our glands.

Here are a few suggestions which I believe will make the years from middle age on more vibrant for you and will keep you your most attractive self:

1. If you have reached middle age in one piece, regardless of former abuses, do not try your luck any further. Begine eating scientifically. Even though your food habits were fine for 30 they may not be best for 45 or 50.

LESS FOOD NEEDED

You need less food than you did when you were younger, and overweight will be more dangerous for you from now on. The protective foods are especially important to you. The average man or woman of 65 is calcium-poor, iron-poor and protein-poor. Adopt measures which will sidestep those traps.

* * *

2. Watch your posture. Do not give in as the years accumulate.

3. Do not give up sports and outdoor life. Choose those which are fitted to your age and indulge in them sensibly.

4. Do not use such expressions as "at my age," "we're not as young as we were," and so forth. This attitude will lead to early aging. It has a subtle and damaging effect on your outlook.

5. Develop your sense of humor.

* * *

6. Do not use too much rouge. This makes you look older. Never put rouge over wrinkles but you can blend it over puffs.

SWEEP HAIR UP

7. Never pull your hair down. Sweep it up first and then work it into a becoming line. Do not wear tight curls.

* * *

8. Do not wear skirts longer or shorter than current styles. Do not become dated in appearance.

9. Don't be afraid to wear earrings and fresh flowers.

10. Add new interests to your life.

If you would like my free leaflet "Watchwords of Science for Youth After 40," send a stamped, self-addressed envelope with your request for leaflet No. 61 to Josephine Lowman in care of The Pontiac Press.

Most people know a lot more about their next door neighbors than they do about their own muscles. We have around 300 muscles on each side of our body. These are of all sizes and are made up of thousands of muscle fibers which are held together by connective tissue and are covered with sheaths.

* * *

Far too many people grow soft in body and have less vibrant health because they do not use their muscles enough. Our sedentary life detracts from body firmness and from physical stamina.

The use of our muscles speeds circulation, helps us to get rid of toxic poisons and aids nutrition. It is also relaxing, if it is not carried to extremes. Remember, too, that it is practically impossible to worry while exercising.

EFFECT ON FIGURES

Our muscles also have a tremendous effect on our figures. Our body contour is to a great extent dependent on our musculature. We can build up a muscle and keep it supple with regular exercise.

* * *

A body which has beautifully coordinated muscles leads to grace, better posture and increased energy. Regular exercise will delay the shrinkage and aging of the muscles themselves.

If you have neglected yourself in this matter and wish to begin exercise see your doctor first for a check on your heart and blood pressure. If he approves begin slowly and work up gradually.

You should feel only pleasant fatigue after your exercise period. If fatigue does not disappear after a short rest you are doing too much. Do not confuse a feeling of relaxation with fatigue. Exercise is one of the finest antidotes for emotional stress and does relax one wonderfully.

* * *

If you would like to have my leaflet "Six Introductory Exercises," send a stamped, self-addressed envelope with your request for leaflet No. 25 to Josephine Lowman in care of The Pontiac Press.

# Bunny Salad Will Please Youngsters

## Mrs. Avery Places Filled Pear Half on Bed of Gelatin

By JANET ODELL
Pontiac Press Home Editor

Sometimes children will eat better because Mom has done an interesting job of preparing the food. If you will make this Bunny Salad, we'll guarantee you'll please the small folks. Today's recipe comes from Mrs. Joseph Avery.

Mrs. Avery is teaching her nine-year-old daughter to cook this summer. She also has a college-age son and 6 grandchildren.

Redecorating the house and crocheting a lot are two of Mrs. Avery's hobbies. She is a member of the Fashion Your Figure Club.

BUNNY SALAD
By Mrs. Joseph Avery

1 package lime gelatin
2 cups hot water
6 pear halves
4 tablespoons cottage cheese Mayonnaise
1 tablespoon chopped blanched almonds
Lettuce
24 whole blanched almonds
Soft pimiento cheese
Parsley
Red food coloring

Dissolve gelatin in hot water. Pour into a pan and chill until firm.

For each salad fill pear half with cottage cheese mixed with mayonnaise and chopped almonds. Invert on lettuce leaves on a bed of shredded gelatin, made by forcing firm lime gelatin through a ricer.

Make bunny's ears, mouth and tail of almonds. Make eyes by dipping the pointed end of a toothpick into red food coloring and drawing them.

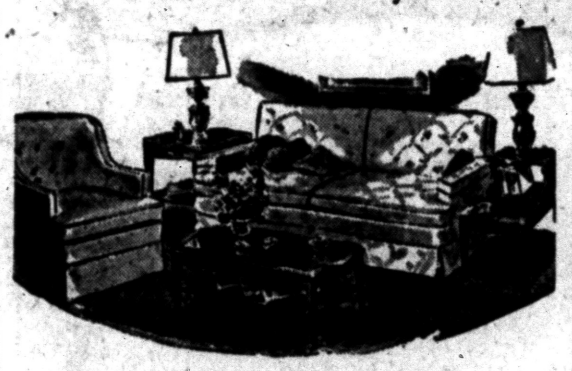

Garnish with a small carrot shaped from cheese with a sprig of parsley for the top. Serve with mayonnaise. Makes 6.

MRS. LEAUN W. HARRELSON

*At a single ring ceremony Saturday Judith J. Lindsey and Leaun W. Harrelson were married. She is the daughter of Mr. and Mrs. William Chapman of Royal Oak and his parents are Mr. and Mrs. Leaun Harrelson of Delaware drive.*

# Harrelson-Lindsey Rite Read Saturday in Ferndale

First Methodist Church, Ferndale was the scene of the Saturday wedding of Judith J. Lindsey and Leaun W. Harrelson. The single ring 5 o'clock ceremony was read by the Rev. Allen F. Kerns. The bride was given in marriage by her stepfather in the presence of 250 guests.

Judith, the daughter of Mr. and Mrs. William Chapman of Royal Oak chose a floor-length princess style gown of Duopioni silk with the front panel and neckline trimmed with imported Venice lace. A crown of Venice lace with seed pearl trim held her fingertip veil of illusion.

The bridal bouquet was a cascade of white roses with touches of blue tinted pompons in the center.

Barbara Jane Chapman of Hart wore a waltz-length princess style dress of turquoise crystalette for her duties as maid of honor. She carried white pompons centered with peacock blue carnations. Bridesmaid Alice Jean Winchester of Davisburg wore a similar gown in a shade of peacock blue. She carried white pompons centered with turquoise carnations.

Leaun, the son of Mr. and Mrs. Leaun Harrelson of Delware drive, asked Robert Angel to be best man. Also assisting him were Doug Austin, Roger Hoyt and Jack Miller of Birmingham.

For the reception held at the Royal Oak Elks Lodge, Mrs. Chapman wore a rose-pink peau de sole sheath with pink accessories. Her corsage was of white pompons and pink miniature roses. Mrs. Harrelson wore a beige peau de sole dressmaker suit with bronze accessories. She wore a corsage of bronze rubrum lilies.

Gov. G. Mennen Williams was among the guests attending the reception.

For their honeymoon trip to Niagara Falls the bride changed to an apricot silk shantung sheath with white accessories. A corsage of white carnations completed her ensemble.

WEST COAST GUESTS

Out-of-town guests attended from Los Angeles, Calif., Wooster, Ohio, New Cumberland, West Va., Illinois and Canada.

The rehearsal dinner was held Wednesday evening at the Fox and Hounds. Mr. and Mrs. Harrelson were hosts for the occasion.

The bride was feted at several pre-nuptial showers. Her hostesses were Mrs. Fred Lindsey, Mrs. Orvin Lindsey, Mrs. Jack Miller, Mrs. Glenn Davis, Mrs. Fred Maguire and Mrs. Norman Koss.

# Nation Offering Prayers for Lad Facing Blindness

ORLANDO, Fla. (AP)—This city's Baptist churches will hold special prayer services tonight for 4-year-old Mike Sibole, who will lose his sight in an operation Wednesday.

One of the services will be at the Forrest Hill Baptist Church, where the boy's father, the Rev. James M. Sibole, is pastor.

Sibole, who hasn't told Mike that doctors must blind him to save his life, said to his congregation yesterday, "We must accept the fact that God is on our side."

* * *

Reading from the Old Testament, he told how Joshua led the Israelites to victory over a group of other tribes after God had killed many of the enemy in a hail storm.

He pointed up the moral: The Israelites fought hard although they knew God was on their side.

The minister said his family has received "scores of calls" from people all over the country," most of them sympathetic but some condemning them for submitting the boy to the operation.

* * *

He said he and his wife have no choice. Mike lost one eye to cancer when he was 2 and now the other eye is infected and must be removed, he said.

An Ohio truck driver and a Texan were among the phone callers yesterday. Sibole quoted the truck driver as saying he received such a "spiritual shock" from Mike's story he is going to straighten out his own life and offered the child one of his eyes.

Insertion of another eye, however, will not be practicable in Mike's case as it will not arrest the ailment, the minister said.

* * *

The Texas offered to fly the family to Niagara Falls to help fill Mike's memory with wonderful sights in the time remaining. He also asked to fly the boy to Yellowstone National Park and return him in time for the operation. But there isn't "time," Sibole said.

## Two-Buck Bet Nets Woman $20,887.20

AGUA CALIENTE, Mexico (AP)—The winner of a record $20,887.20 on a $2 horse racing bet was going to work as usual today as manager of a women's dress shop, unless she has changed her mind.

* * *

Mrs. Virginia Peace, Gray-haired widow from San Diego, Calif., said that was her plan as she collected yesterday.

She had picked five of six winners in the fifth through tenth races and won the entire Caliente Sunday 5-10 pool, less the track's 10 per cent.

* * *

Track officials said the previous high payoff for $2 at North American tracks was $12,724.80 paid to horse meat; they thrive on hors a daily-double winner at Caliente July 4, 1954.

About one-half of the chronically ill in the U.S. are age 65 or more.

## 7-Year-Old Escapes Electrocution Death

SAN DIEGO, Calif. (AP)—Seven-year-old William Daniel Enger climbed into a fenced substation of the San Diego Gas & Electric Co. and touched a copper bar.

* * *

It carried 4,000 volts. The contact caused a short circuit which automatically cut the current, sparing the boy's life.

His shirt and some of his trousers were burned away. He was in critical condition at the Naval Hospital.

* * *

Electricity to the area was disrupted for half an hour.

Farms of the U.S. had 1,000 combines in 1910 and about 887,000 in 1952.

# Giant GMC Family Gathers for Annual Picnic

**THE BIG STRUGGLE** — This tangle of legs, arms and heads testifies to the grim expressions on the faces of contestants in the penny scramble at the GMC Family Picnic. Seconds after this picture was snapped, one of the strugglers emerged from the pile triumphantly holding five of the coins hidden in the heap of sawdust, thus becoming one of the contest's top winners.

**PEANUTS OFFER CHALLENGE** — Aspirants for prizes in the peanut rolling contest get on their marks at the GMC Family Picnic, held Saturday at the Walled Lake Amusement Park. Object of the event was to roll the tiny peanuts over a distance — the fastest got the prizes. About 30,000 employes of the GMC Truck & Coach Division and relatives gathered at the area during the day to make the picnic one of the largest industrial outings in the country. Besides participating in various field contests, the picnickers viewed exhibits of GMC products and got the county's first glimpse of the new Firebird II, General Motors family "dream car."

**YOEMAN DUTY**—"Workhorse" of the annual celebration was a large helicopter whose crew hovered over the crowd of 30,000 directing its attention to the various events, games and displays on the grounds. The "whirly-bird" was itself one of the stellar attractions as evidenced by the picnickers in the background who have collected to watch as it nears the ground during one of its flights across the area.

**WHEE! ICE CREAM** — Mixed expressions — one thoughtful, most happy — show on the faces of youngsters at the ice cream stand where thousands lined up to receive free "internal refrigeration." This phase of the GMC picnic was one of the most popular of the gigantic celebration.

**CLOWNS CAVORT** — Huffing and puffing, pounding and strumming, a motley team of clowns awes youngsters with a rendition of something or other while thousands of others were engaged in vying for prizes in field events. The band was one of the outstanding attractions as it moved through the crowd happily turning out its versions of popular picnic numbers.

**BALLOON CONTEST** — Mrs. David St. Dennis poses triumphantly at the left after winning the balloon-blowing competition for wives, daughters and mothers of GMC employes. Mrs. St. Dennis' husband is employed in the company's maintenance division. Object of the contest was to find out who could blow up the balloon the fastest and the biggest.

**POP-DRINKERS EXTRAORDINARY**—Linking arms, GMC employes aspire to fame as soft drink guzzlers in one of the contests staged by planners of the picnic. This contest, like others in the schedule of events, was not for the overly dignified. Separate contests were staged for women, children and men.

**Europe's Reigning Movie Queens: Part 5**

# Spain's Sevilla--Woman Among Girls

This is the fifth of a series of six articles by Joe Hyams, Hollywood correspondent of the New York Herald Tribune, who has interviewed Europe's top feminine movie stars to find out the secret of the charm of the European woman.

By JOE HYAMS

Of the many glamorous European film stars interviewed for this series I met only one real woman. She is Carmen Sevilla, the leading actress of Spain.

Since I was unable to speak sufficient Spanish to conduct an interview and Miss Sevilla speaks no English, her glamour had to be visual, not oral.

**What counted was the impression she made as a woman. Miss Sevilla survived a test of glamour the other European film stars would have failed because, for the most part, it's what they say not what they are that impresses interviewers.**

Miss Sevilla, who is 24, has starred in 20 films. She began her career as a flamenco dancer in Sevilla, the capital of Andalusia. She took the name of Carmen as being symbolic for a dancer and took the name of her home town because she wanted to bring it honor.

* * *

Like most women of Andalusia, Miss Sevilla is small, 5' 4" and has a tendency to be plump by American standards.

**She wore very little makeup; her black hair was shoulder length and done very simply. Her dark brown, flashing eyes were darkened lightly on the lashes and around the lid.**

Miss Sevilla sat demurely on a stool in the best finishing school tradition, back erect, legs crossed. Every sentence was emphasized by a graceful gesture of the hands or with a smile.

* * *

Actually, Miss Sevilla is little more than a very beautiful, slightly plump brunette who might be a high school football queen. What is the added ingredient that makes her, in my opinion, one of the most glamorous film stars in Europe?

**Her trick was to be genuinely interested in me—or in any person she talked with. She made me feel important.**

Over the years I have been a Hollywood columnist some of the most glamorous women in the world have tried to impress me with their glamour. The usual technique is to combine outright flirtation with cleavage but inevitably their eyes betray them. They are always searching for a reaction or additional audience.

* * *

At no time did Miss Sevilla give the impression she was flirting. She wore a simple high necked black dress which de-emphasized rather than called attention to her bust. Her eyes reflected my interest in the conversation.

**When my interpreter asked questions, Miss Sevilla devoted herself as completely to him. Later in the evening I was to see that she could multiply her ability to project interest to an entire crowd.**

I was also able to get an impression of her popularity in Spain.

Miss Sevilla and I went to see Sophia Loren perform a flamenco dance for Stanley Kramer's motion picture, "The Pride and the Passion."

* * *

When the chauffeur opened the door and Miss Sevilla stepped out of the car a low murmur began among the five or six hundred townspeople who were working as extras in the scene.

**Suddenly, the people nearest the car began to applaud. Within minutes everyone was applauding. The crowd opened a way for Miss Sevilla and as she walked through their ranks they applauded. No one asked for an autograph or tried to touch or interfere with her.**

At dinner with the cast and crew later I saw Miss Sevilla charm a crowd—simply by being herself. She carried on only one conversation at a time, devoting herself completely to it, before beginning another.

* * *

Although it was well past midnight and I knew she had had a tiring day there was not a hint of boredom. By devoting herself completely to one person at a time she was able to make every person in the room who talked with her feel important.

Later, I asked one of the townspeople why he believed Miss Sevilla was so popular.

"In Spain to be glamorous is to be without scandal," he said. "Carmen is untouched by scandal. She is also of the people. She is the perfect woman. Every Spanish boy dreams of having for a wife the perfect woman. We must all settle for less, but it is good to know there really is a Carmen Sevilla."

(Copyright 1956 New York Hearld Tribune Inc.)

**LADY OF SPAIN** — Carmen Sevilla, Spanish filmdom's leading movie actress, drew plaudits from Correspondent Joe Hyams during a recent interview in which her poise and "womanly" qualities prompted him to write that she was the "one, real woman" among the six European stars he has talked with. "Every sentence was emphasized by a graceful gesture or with a smile," the veteran Hollywood writer wrote.

# THE POWERHOUSE

By JIMMY POWERS

I don't know just how critics of today qualify themselves as judges or how they rate Casey Stengel. But I feel certain that those writing about baseball a quarter of a century from now will inspect the record books and concede that a man who wins six pennants in seven years and five world championships is not a clown.

**Stengel is shrewd. His double talk is patently a false front. While he may confuse most listeners he, himself, is always crystal clear on what he has to do and how to do it to win. And win he does.**

He has the boys in the press box entertained trying to second-guess him.

Casey has had established stars fold up on him, yet he comes through without their services where other men would be content with the obvious alibi.

In '55, the Yanks were considered a sure bet with the trade that brought Bob Turley and Don Larsen. They also expected a great deal from Bob Grim, a 20-game winner. The three failed to live up to expectations, although Larsen did come through in the closing months when he returned from Denver.

**When 1956 opened it was another sure flag because Casey needed a southpaw and he got Maury McDermott. McDermott hasn't lived up to his record, but that didn't send Casey into his corner weeping.**

He has been able to maneuver cunningly with Johnny Kucks, Grim, Tom Sturdivant, Tom Morgan, Rep. Coleman and Tommy Byrne. Of course, there is the always reliable Whitey Ford.

★ ★ ★

Another gent not given his due is Gil McDougald. This all-around infielder is my choice, at this time, as the most valuable in the league. At the start Casey had trouble filling the shortstop post. He tried young and old candidates.

**Then suddenly out of his rabbit hat, he pulled Gil. It was another great Stengel move. The Yanks are well on the way to the major league record of 117 set by the A's in '49.**

There is no need to remind you of Mickey Mantle's great year, but, hidden in Mickey's shadow, is the slugging of Bill Showron and the productive batting and hustle of Hank Bauer.

★ ★ ★

It is generally agreed a club must win at least 50 games on the home grass before it is given any chance at a pennant. The Yanks have won 25 of 40 with 37 to go at the Stadium.

Another reason why I favor the Yanks is the favorable schedule from Aug. 31 on.

# Orioles Bump Tigers From 5th Place

BALTIMORE (AP)—The Detroit Tigers, on the heels of a winning spurt that showed promise, rested limply today in 6th place.

The Baltimore Orioles demoted the Tigers from the 5th spot in the American League yesterday, and moved up from 6th place in the standings.

**The Orioles tamed the Tigers twice, 7-2 in the opener and 6-3 in the nightcap of a doubleheader.**

The Bengals will be idle today, the date set for the announcement of their new owners-to-be at Detroit. They'll open a three-game stand with the Yankees at New York tomorrow.

Tito Francona's seventh inning homer in the final game yesterday spurred Baltimore's 6-3 victory. The Oriole rightfielder also homered and singled in the first game for a total of six runs batted in.

**Hal (Skinny) Brown limited the Tigers to six safeties scattered over four innings for his 5th victory against two setbacks. Virgil Trucks took the Detroit loss, his 4th against three victories.**

Trucks held Baltimore to four hits until he was relieved by Steve Gromek following Francona's seventh inning homer.

Despite Francona's accomplishments, Dick Williams was the Orioles batting star. His six hits for the two-game battle included a leadoff homer in the final game, two doubles and three singles.

**Ray Moore held the Tigers to five hits in the opener while contributing two singles and a double to the 10-hit Oriole attack. The victory game him a 7-6 record.**

Detroit's Ned Garver, whose ailing arm had kept him out of action since May 24, lost his second game of the campaign against no wins.

Five Detroit errors helped the Orioles' cause.

## Casper Scores First as Pro

### Wins Canadian Tourney With 72-Hole Total of 274 at Boischatel

BOISCHATEL, Que. (AP) — Bill Casper Jr., a pleasant, 25-year-old San Diego golfer, went fishing today to rest up after winning the fourth annual $26,800 open tournament. It was his first pro-circuit victory since turning professional two years ago.

* * *

Richer by $5,000, Casper said after finishing the 72-hole route in 274:

"I've been waiting a long time for this to happen, especially this year. I wanted just one victory so I could qualify for the Tam O'Shanter tournament and take a rest."

Casper's four rounds of 68-68-67-71 were 14 strokes under Royal Quebec's par and proved two strokes better than Jimmy Demaret's 276. Demaret, who plays out of Kiamesha Lake, N.Y., went through the final round with a sprained finger.

Ted Kroll, Fort Lauderdale, Fla., was playing in Casper's threesome, along with Al Besselink of Grossinger's, N.Y., who finished in third place, one stroke behind Demaret at 277.

### First Inning Blast Wins for White Nine

A first-inning six-run blast iced a 7-4 victory for White Brothers softball club yesterday over Drive-In Cleaners of the Drayton League. Game was an exhibition, played at Oriole Field.

Drive-In got its tallies on a homer in the 2nd and three counts in the 4th frame.

Sid Gregory was top hitter with three.

"BIG KLU" OUT—Ted "Muscles" Kluszewski, Cincinnati first baseman, hits the dirt a little late as Red Schoendienst of the New York Giants already made the out at second and begins his toss to first to complete the double play. The Redlegs defeated the Giants twice in extra innings by the same 4-3 score in the doubleheader played at Cincinnati.

# Tiger Sale Today

DETROIT (AP)—The biggest money deal in baseball history will be consummated today with the sale of the Detroit Tigers and Briggs Stadium.

Only a radical change of heart by the six-man board of directors could keep an 11-man syndicate headed by Michigan radio executives Fred Knorr and John Fetzer from gaining control of the franchise.

The directors scheduled a late-afternoon meeting—3:30 p.m., EST—to wrap up negotiations on a five-million-dollar transaction that will swing control of the Tigers away from the Briggs family for the first time in more than 20 years.

Four syndicates, including the Knorr-Fetzer group, remain officially in the running. But insiders say only the combine headed by Bill Veeck has even an outside chance of upsetting the radio executives.

* * *

Each of the four groups bid at least five million dollars. Veeck, Baltimore brewer Jerold Hoffberger and New York broker John Hilson supplied nearly all the money for their syndicate's offer of $5,250,000.

Knorr and Fetzer are the big money men in the group whose bid may run as high as $5,500,000.

Others in their party include crooner Bing Crosby, Kenyon Brown, New York and Hollywood businessman, and R. F. Woolworth, New York investor and member of the dime story family.

* * *

Big cash outlays in recent years for major league franchises include the $3,400,000 put up by Dan Topping, Del Webb and Larry MacPhail for the New York Yankees in 1945, and $3,500,000 reportedly paid by Arnold Johnson and a group of Chicago industrialists for the Philadelphia Athletics.

## Nashua Looks to Future

NEW YORK (AP) — Nashua was back in his barn at Aqueduct race track today, and looking forward to the $50,000-added Brooklyn Handicap Aug. 4 after absolutely smothering seven opponents in the $114,400 Monmouth Park Handicap.

Mr. Millions didn't have much to beat, but he ran a terrific race Saturday at Monmouth Park, giving the seashore folk their first thrilling glimpse of the colt who has won more money than any horse in history.

Eddie Arcaro let Nashua take charge going into the back stretch of the mile and one quarter gallop, and the 4-year-old bay son of Nasrullah simply took off and hid from the others.

Master Eddie never laid a whip on Nashua, and they coasted home 3½ lengths ahead of the Castle Rock Farm's Mr. First, with Mr. and Mrs. R. C. Markus' Mielleux third, another five lengths away.

* * *

Nashua will never pick up an easier purse, as he collected $78,200 without raising a sweat, and jacked his world-record earnings to $1,236,965. It also helped the Leslie Combs II syndicate get out of hock a bit more. They bought him from the estate of the late William Woodward Jr., last December for $1,251,200, and he's now returned $291,500, or about 23 per cent.

* * *

The colorful box-office attraction brought out 38,893 fans, largest Monmouth crowd of the season, and they bet Nashua down to a confident 3-10 as he was winning his 21st victory in 28 starts, and his ninth $100,000 race.

## Pontiac Yacht Club Race Won by Windfall

Windfall, piloted by Mack Goodwin took top honors in the Pontiac Yacht Club race at Cass Lake yesterday by finishing the three-mile course in 51 minutes and 47 seconds.

**Bill Klintworth skippered Eyee to second place in a time of 54 flat with Escape finishing third in 54:5.**

Marilyn Goodwin and Roualet made up the crew with the winning skipper.

The Pontiac Yacht Club and Orchard Lake sailors will meet the weekend of July 28th.

### Detroit Poloists Fall

MILWAUKEE (AP) — The Detroit Triple C club was outpointed, 10-7, yesterday by the Milwaukee Polo Club.

Detroit, the National Polo champions, fell to the tight riding of Milwaukee.

## Decathlon Artist Shrugs Off Injury After Sweep

CRAWFORDSVILLE, Ind. (AP) — Rafer Johnson, slightly crippled, is still the best all-around athlete in the United States and probably the world.

Given four months to get ready for the Olympics, the UCLA giant is capable of making the world decathlon target of 8,000 points a goal as obsolete as the 4-minute mile and 7-foot high jump.

He showed the potential in Olympic Tryouts and AAU national decathlon at Wabash College Friday and Saturday, falling off a record pace only after he bruised a left knee nerve in the high jump.

The 20-year-old, 200-pounder failed to equal his 1955 world record of 7,983 points, scoring 7,754. He injured a nerve in his left knee Friday in the high jump.

The injury cut down Johnson's performance in the pole vault event in the 1500-meter run.

He ran the 100-meters before he was hurt in 10.6 seconds, only one-tenth off his mark in the record decathlon.

* * *

The muscular Negro boy was disappointed but he shrugged off his injury.

"I always bang my knees in the high jump," he said.

Milt Campbell of the Navy, runner-up to Bob Mathias in the 1952 Olympic decathlon, was a strong second with 7,555 points.

Campbell matched the decathlon record of 14.1 seconds for the high hurdles.

* * *

The third member of the U.S. decathlon team is uncertain. The Rev. Bob Richards of the Los Angeles Athletic Club took third place in the trials with 7,054 points but said he may yield to fourth place Bob Lawson, University of Southern California student, who scored 6,885.

Richards, whose 15-foot ⅛-inch pole vault broke his own decathlon record of 15 feet even, already is an Olympic team member in his specialty.

## 2 More Marks by Hungarian

LONDON (AP)—Sandor Iharos, the great Hungarian runner who now has added two more world records to the five he smashed in 1955, set the track and field world wondering today just what is his best Olympic event.

Or, perhaps, is Sandor the Wonder capable of winning everything he enters?

* * *

Running in Budapest yesterday he slashed more than 11 seconds off Emil Zatopek's world mark for the 10,000-meters. En route, Iharos also chopped a huge slice off the 6-mile world mark held by Zatopek of Czechoslovakia, but since improved upon by Australia's Dave Stephens.

The wonder of Iharos' latest feat is that yesterday's 10,000-meters in Budapest was the first he ever ran in competition.

Iharos' new 10,000-meter mark of 28 minutes 42.8 seconds compares with Zatopek's 28:54.2. His new 6-mile record is 27:43.8 compared to Zatopek's listed mark of 27:59.2 and Stephens' pending record of 27:54.

## Clarkston 9 Victor in Tri-County Test

Clarkston's Tri-County baseball club had to break a 5-5 tie in the 3rd frame to get the lead over Holly, and eventually win the league contest 11-5 at Holly, Sunday afternoon. Win solidified Clarkston's 2nd place loop standing behind Flint Indians.

Fred McAndrews was winning pitcher. He gave up six hits. Loser was Wheeler, who replaced starter Keener in the 7th. Clarkston got 14 hits, led by Pete Thompson with 3 for 5, Leo Ross, Chet Graves and Roger Johnson each with two for four.

Clarkston plays a rough one next Sunday, meeting Fenton in a 2 p.m. encounter.

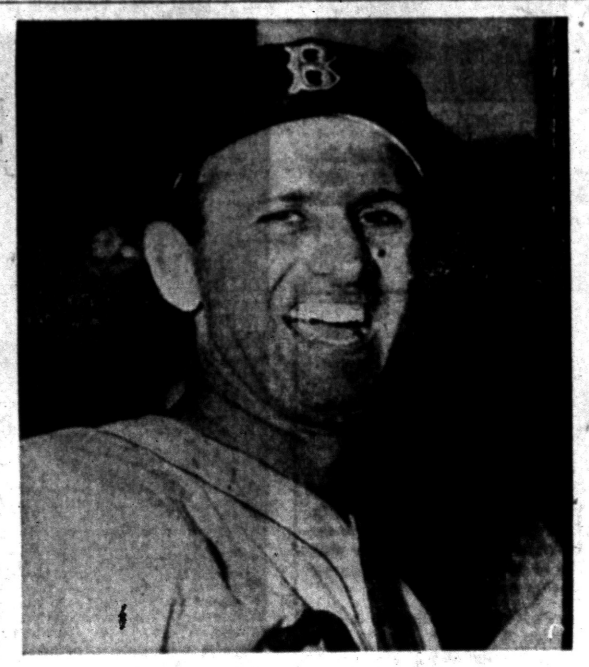

SUNDAY'S HOME RUNS

Skowron, Yankees; Hatfield 2, White Sox; Gernert, Red Sox; Francona, 2, Williams, Orioles; DeMaestri 2, Athletics; Berberet, Valdivielso, Senators; Furillo 2, Hodges, Dodgers; Baker, Hoak, Cubs; White, Mays, Brandt, Giants; Kluszewski, Redlegs; Mathews, Adcock, Braves; Thomas, Pirates; Musial, Cardinals.

### Detroit Racer Sixth

MILWAUKEE (AP) — Don Schisler of Detroit, driving a Chevrolet, finished sixth yesterday in the 150-mile feature stock car race at State Fair park.

Winner Troy Ruttman of Lynwood, Calif., averaged a record 83.1 miles an hour in his Mercury.

**NO HIT PARNELL** — Boston Red Sox pitcher Mel Parnell is all smiles after hurling a no-hit 4-0 game against the Chicago White Sox Saturday. Plagued by injuries for the last three seasons, he walked two batters and another got on base on an error. Only five balls went into the outfield.

### Beat White Sox Twice, 2-1, 6-5

## Yanks Running Away With AL Race

The Associated Press

How about a split season in the American League? With the New York Yankees 10½ games out front, they can start the second half any day now.

With the exception of Boston and Baltimore, the rest of the league has taken off in a southerly direction while the Yanks pile it on. Chicago dropped to third place and Cleveland struggled back into second only because the White Sox have dropped eight straight.

Perhaps Boston will make a second-half challenge like last year but they'll have to learn how to beat the Yanks first.

Casey Stengel's runaway Yanks shaded Chicago twice Sunday afternoon, 2-1 behind Whitey Ford and 6-5 in 10 innings on Hank Bauer's two-run pinch single. Cleveland clubbed Boston 10-7 in the first game with Sam Mele driving in four runs but the Red Sox got even 3-1 in the second as Dave Sisler and Ike Delock teamed up with a two-hitter.

* * *

Baltimore stormed past Detroit into fifth place by bumping the Tigers twice 7-2 and 6-3 on complete game jobs by Ray Moore and Hal Brown. Kansas City split two at Washington, winning the first 8-0 on a six-hitter by Wally Burnette, just purchased from Denver, but losing the second 7-3 when the Senators clubbed Bobby Shantz in a six-run rally.

The National League race remained tight with Milwaukee still leading Cincinnati by two full games and Brooklyn five games back. The leading Braves used walks and Pittsburgh errors to take a pair 3-2 and 4-1 while Cincinnati went into extra innings twice to beat New York 4-3 in 10 innings on Bob Thurman's pinch single and 4-3 in 11 innings on Rocky Bridges' single.

* * *

Two homers by Cari Furillo, one with the bases loaded, helped Brooklyn to a 10-8 victory over Chicago in a rowdy game that turned into a beanball contest in the sixth inning. Manager Walter Alston of the Brooks yanked pitcher Don Newcombe, fearing a 10-day suspension for his ace for throwing at a batter. Newcombe had been hit by a pitch and told Alston, "If they throw at me, I'll throw at them."

### Yankees Too Tough!

## Chisox See Flag Fading

NEW YORK (AP)—As far as some of the Chicago White Sox are concerned, the New York Yankees can start playing the World Series tomorrow. The pennant race, they believe, is over for them.

Naturally, those thoughts following Sunday's double loss to the Yankees, 2-1 and 6-5, which dropped the Sox into third place 11½ games off the pace, were voiced only in private and the players knew they would not be identified. One White Sox player, a big gun on the team, put it this way:

* * *

"The Yankees'll win it as they please. They're just too good for the rest of us. They've got guys on the bench who could play regularly on our team. And if that's not enough, they can always bring up their Denver boys."

Another player, who insisted he was not a defeatist but a realist, said wryly:

* * *

"Even when we whipped them four in a row in Chicago, we knew it would take a miracle to beat them. Sure you can knock them off once in a while but there's no club in the league that can do it consistently. That's the trouble. Neither we nor the Indians nor the Red Sox are consistent enough, like those Yankees. Since we beat them four in a row, they've won 17 out of 19. At one stretch we won 12 of 14 but lost a half game to the Yankees. How can you beat a team like that?"

One who did not abide by the theory than the Yankees were invincible was Marty Marion, the White Sox's popular manager.

* * *

"I confess our outlook has never looked blearier," Marion said.

### New Champions

## Kocsis, Ritzenheim Victors in City Two-Ball Playoff

By H. GUY MOATS

Joe Kocsis and Betty Ritzenheim today hold the 1956 Pontiac mixed two-ball golf championship. They are the new champions, after the Glen Harding-Betty Sue Syron "dynasty" was overthrown Saturday at Municipal Golf Course.

**The new champs had a tough time, however. They had to go an extra hole against Ross and Zada DeBolt of Pontiac, after both had carded 77s for the regular round of 18 holes. Joe and his partner fired a par 4 to a bogey 5 for the DeBolts on the extra hole.**

At the turn the WMGA player and her husband held a one stroke edge 39-40, but the deficit was picked up on the last nine by the eventual champions with a 37 to the DeBolt's 38.

* * *

The Harding-Syron duo finished down the list with a 83 to share 7th place with Andy Condon and Eleanor Hawley. Glen and Betty Sue had 40-43 for the event. They were champions for the last three years.

Only one other pair besides the two at the top broke into the 70s. Joe Burgdorf and Mrs. J. Zahn carded 79.

The cards:

| Kocsis, Ritzenheim | 40-37—77 |
| Ross, Zada DeBolt | 39-38—77 |
| Burgdorf, Zahn | 41-38—79 |

### Boys' Club Winner in 2nd Round Game

Pontiac Boys' Club baseball team got away to a good start in the opening game of the District Junior American Legion second round. Playing at Clawson, Sunday, Pontiac laced the host nine 10-7, making the most of walks and errors, plus five good hits, in the 1st frame.

Win was Gerry Orr's 5th of the season.

Waterford hosts Pontiac Boys' Club on Wednesday in the next league counter.

## PH, Jewelers Rained Out; Pulvers Win Short Clash

Weather interfered with a promised evening of redhot softball Sunday, at both North Side and Beaudette Parks.

**One legal game was played in the card of two double-headers involving Port Huron clubs and Pontiac girls and men's league squads. Pulver Tires girls managed a 3-0 victory over Russ Dawson Fords of Port Huron, in a contest shortened to five innings by rain. Second game of the twin bill at North Aide was also washed out.**

It was three-up, three-down for three innings for Skidges' Bombers of Port Huron, at Beaudette Park. And the same formulae followed for Pontiac's ace squad, Shaw's Jewelers for two frames. The rain came before Jewelers could take their 3rd turn at the plate, and when it continued, the game was called, along with the planned nightcap. Neither team scored, nor was in scoring position up to the washout.

* * *

Pulver girls nailed down their win with tallies in the 2nd and 4th frames. A walk, single and errors sent Jackson and Bone around for tallies in the 2nd. Wasik scored in the 4th after singling and going around on hits by Bone and Dawson, and Tibbits' infield play. Dawson allowed Port Huron only one hit.

### City League Action

## Jets, Griffs 'A' Victors

Two completed games and a forfeit marked the Class A baseball activities on Pontiac diamonds Sunday afternoon.

L. S. Anderson Jets grabbed an early lead to down CIO No. 594 by an 8-3 count on the Columbia-Joslyn South diamond. Griff's Grill ran over Fowlers 10-1 and Oliver's Buick forfeited to General Motors. Buick had only eight players at game time.

**Unionists were square once, with the Jets—at the end of opening frame after each had scored a single run. They didn't tally again until the 5th and 6th, when they counted single runs. In the meantime Jets got two in the 3rd on a single, Leroy Baines' triple and an error. Four more in the 4th iced the win. Four hits, errors and a walk combined to set the runs.**

Griffs needed only one inning to clinch a victory over the Fowlers' Fine Foods club. The 3rd was it. Two walks, a single and two doubles produced three counters. The three each in the 6th and 7th were merely superfluous. Fowlers got only two blows off Bob Johnston.

# Johnson Wins 3rd Straight Amateur Title

JACKSON (AP) — Smooth-stroking Glenn Johnson of Grosse Ile won a breathless, 1 up, victory over Jackson's Dr. Bob Corley yesterday to become the second man ever to capture three straight Michigan Amateur Golf Championships.

The only other time the three-in-a-row feat was performed was in 1927, 1928 and 1929 by Johnny Malloy of Ann Arbor.

**Johnson, 33-year-old insurance executive, earned his biggest niche in Michigan record books on the golden anniversary of the state amateur tournament and before one of its biggest galleries —estimated between 3,000 and 4,000.**

The crowd divided its applause between the winner and Dr. Corley, the courageous 35-year-old challenger who has sought the state amateur crown for 15 years despite a three-year bout with tuberculosis and a major throat operation.

* * *

The crucial moment came on the final green. Corley, one down since the 14th, was on the 18th green with a four-foot putt for a birdie four. Johnson, lying two, was trapped at the side of the green.

**The defending champion blasted from the trap to within eight feet of the pin. In the face of Corley's almost certain birdie, Johnson canned the putt to halve the hole.**

It was his 18th straight victory in state amateur tournament matches.

* * *

Johnson made his final tour of the par 36-36—72 country Club of Jackson layout in 37-34—71. Corley had 38-35—73.

Corley, a heart specialist, first played in the state amateur when he was 20. This was the first time he had gotten past the second round.

**He jumped to an early lead when Johnson bogied the third and fourth holes. But the unruffled defending champion came right back with winning birdies on the 5th and 6th.**

Johnson earned the winning one-hole margin on the 14th, a 422-yard stretch and one of the most difficult on the course. A fine second shot put him 24 feet from the cup and he got down in two putts for a par. Corley took a bogey.

The last four holes were halved, with both carding birdies on the 15th and 18th.

In the semifinal play during the morning, Johnson defeated Joe Grace Jr. of Detroit, 4 and 3. Corley knocked out former champion Tom Draper of Detroit, 1 up in 20 holes.

## Winds Prevail in Yacht Race

### Lead Boats Are Spotted 65 Miles From Mackinac Sunday Night

MACKINAC ISLAND (AP)—Weathermen predicted freshening southwest winds up to 15 miles per hour today to drive home the becalmed boats of the Port Huron-Mackinac Island Yacht Race.

* * *

In the flat, still waters, somewhere north of Thunder Bay, sailors sought to eke some sail out of the lifeless canvas.

**The two lead boats in the field of 62 were spotted at 7 last night at Middle Island, above the bay off the Michigan shore. They were still 65-70 miles from finish.**

There has been no word from the U. S. coast guard cutter Mackinaw, bringing up the rear.

To Gypsey, a 52-foot sloop owned by Joseph Schoendorft Jr. of Milwaukee, and the Hilaria, a 54-foot yawl owned by Hugh Schaddelee of Detroit, were reported leading in the 235 mile race.

Coast guard radio on Mackinac Island has been out since about midnight Saturday, relying on a small auxiliary transmitter with a range of only 40 miles.

Since a good takeoff Saturday at 1 p.m., the boats have been handicapped by slight if any winds.

### Hockey Idols Die

## Bonds of Brotherhood Hold Even at Death

MONTREAL (AP) — Even death could not break for long the bonds between the brothers Cleghorn, the famed Sprague and Odie.

Hockey idols of yesteryear, Sprague and Odie now are joined in death. Odie was found dead in bed Saturday, a few hours before he was to attend Sprague's funeral.

* * *

Sprague, 66, the "Hard Rock," and Odie, 65, the "Duke," brought to the National Hockey League a color, verve and skill that fans still talk about, and will for many years.

Recalling the boisterous, roughhouse early days of the NHL, many of the oldtimers spoke of the brother-teammates with tears as Sprague, the victim of a traffic accident, was laid to rest Saturday.

* * *

On Tuesday, funeral services will be held in the same church for Odie.

* * *

A touching feature of the lifelong loyalty between the two was that Sprague, a battling 170 pounds, was Johnny-on-the-spot countless times to take the part of his 160-pound "kid brother."

A fastidious dresser and polished performer, Odie was the opposite in many respects to his explosive brother who loved practical jokes.

## Gale VI Wins Boundary

ST. CLAIR (AP) — Gale VI, piloted by Lee Schoenith, won the St. Clair Race yesterday, piling up 1,000 points in three five-lap heats.

Second, with 925 points, was Gale IV, another Schoenith entry and the defending gold cup champion.

**Some 50,000 spectators watched the six entries speed around the three-mile course on the St. Clair river.**

Such Crust, owned by Jack Schafer of Detroit and driven by Fred Alter, was third with 563 points. By winning the third heat Such Crust also collected 400 points toward the Harmsworth trophy.

Dora My Sweetie, owned by Horace Dodge, was forced to drop out of the race because of a damaged hull.

Ending up in fourth place with 563 points was Chuck Thompson's short circuit, smallest boat in the race. Fifth with 479 was Miss Wayne, owned and driven by Bud Saile. Miss U. S., owned by George Simon and driven by Joe Taggert, was sixth with 123.

Fastest time of the day was turned in by Gale IV, averaging 86.537 miles an hour in the third heat.

## One Big Frame Beats Motors

Only two innings — one a big frame — were needed by Saginaw's State Amateur League baseball club to take a victory Saturday from the General Motors nine, representing Pontiac.

Upstaters compiled a six-run 4th inning to add to a pair of 1st inning counters to clinch their win, 12-6. They added three more in the 6th and one in the 8th to make it stick, while GMC was collecting five in the 5th and one more in the 6th.

Saginaw had the pitching and hitting, including a 3-run homer in the big 4th by Patton.

Only three American Leaguers have hit more than 50 home runs in one season. Babe Ruth did it four times, Jimmie Foxx hit 50 and 58 and Hank Greenberg belted 58 in 1938.

### Heavy Scoring Marks Little League Action

Drayton Little Leaguers were in action Sunday at the Drayton ball park, with three games on the program. The scoring was heavy, led by a 26-1 win for Red Caps over Drayton Plains. Jack's Service dumped Rogers' Electric 16-7 and Union Lake Lumber won from Tenuta's Super-Market 8-5.

Jimmy Elliott got two homers and two singles for Red Caps, with both 4-baggers coming in the 3rd frame. Bob Belland held losers to four hits.

Jack's got six runs in the last on the 6th to nail the win. Playing manager-pitcher Paul Proksch for Jack's got two hits, gave up seven hits.

## Middlecoff on— Doctoring Your Golf Game

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Smothering the ball.

DIAGOSIS: Swing too flat.

TREATMENT: An intentional, regulated hooked drive with overspin on the ball for roll and distance, naturally has its advantage. It's good to be able to hook a shot when it's needed.

But it isn't recommended as a regular diet because it's too difficult to control. You hook a ball by turning your body abruptly into a pivot in the back swing, so that the swing is definitely flat. And "inside the arc."

What you then invite is a smothered shot, hitting the ball in the heel of the club or hitting high on the ball when the right hand turns over too quickly at impact.

**We on the tournament trail dread a hook. If anything, we groove our swings with the wooden clubs for a slight fade — a little drift to the right — for control.**

To do this we pay particular attention to ball position at address. As sketch shows, we have the ball approximately even or in line with the left heel. For more fade we play it up forward a bit more. And we swing back straight from the ball, low and sweeping, in one piece movement. No wrist break.

Thus we develop a wide arc with a natural, free body turn. So that at contact with the ball the clubhead is dead center, exactly in the position it was at address. If anything, the swing is ever so little from the outside for a fade — and control.

# Navy Announces Air Penetration

## Claims Sending Planes Into U.S. Through Radar Without Detection

WASHINGTON (AP) — The Navy says it has succeeded in sending low-flying bombers 1,000 miles into the heartland of the United States without being detected by American radar.

* * *

The penetration was successful even though defense forces were alerted that the attempted would be made, senators were told.

Senior naval officers also say a new, ship-launched atomic missile now under development with the Army will be able to hit any target within nine tenths of the vast Communist holdings in Europe and Asia.

This was contained in hitherto secret testimony before the Senate Airpower Investigating subcommittee headed by Sen. Symington (D-Mo). A censored version was made public.

* * *

The assumption that the atomic missile would hit a Communist target was based on the ability of the launching ship to get close enough, but Navy officers were optimistic in praising the 1,500-mile Jupiter missile.

Rear Adm. C. D. Griffin, speaking for Adm. Arleigh Burke, chief of naval operations, said the Jupiters will hit the chosen targets with "a relatively high degree of accuracy," whether launched from submarines or surface ships.

* * *

Griffin and Vice. Adm. Thomas S. Combs, chief of naval operations for air, said the Navy now has 10 ships equipped to launch the 500-mile-range Regulus missile with an atomic or hydrogen warhead.

### Just Plain Forgot

LITTLETON, Colo. (AP) — George A. Hinshaw won't be a candidate for the Republican nomination for state representative, after all.

He forgot to register as a Republican.

There are about 23 million bicycles in the United States.

NORTHERN BEAUTY — Elaine Bishenden, 18, from Toronto, poses prettily for photographers after being named "Miss Canada." She'll represent the Maple Leaf country in the 1956 Miss Universe contest.

# 'You Take Mink,' Miss Universe Contestant Says

LONG BEACH, Calif. (AP)—Miss Vermont is surrounded by mink, live ones, in her normal daily life but she doesn't have too high a regard for the valuable animals.

* * *

She is Dolores Wettack, 21, Westminster, Vt., a contestant in the Miss Universe contest.

There are 500 mink on the Wettack family ranch and Miss Wettack says:

"Mink can be unpleasant little beasts, inclined to eat their own young. My job is to water them five times a day and grind up the horse meat; they thrive on horse meat.

"I don't have a mink coat. We sell all the fur."

# North Carolina Calls Polio Emergency

GREENSBORO, N.C. (AP) — A statewide emergency has been declared in North Carolina in an effort to get more people to take Salk anti-polio shots.

* * *

Mass free clinics are planned, starting next Monday.

The North Carolina Medical Society's polio vaccine committee said that North Carolina ranks next to last among the states in the number of eligible persons immunized against polio.

Dr. Donald Koonce of Wilmington, president of the society, said 1,935,000 North Carolinians are eligible to receive the shots and only one third of that number have done so.

## Hollywood Headlines

# Nightclub Act Lands Role For Talented Janis Paige

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Great to be born both lucky and talented, and that's the enviable position of Janis Paige. She has the co-starring role in "Silk Stockings" with Fred Astaire.

* * *

It happened when Marvin Schenck saw Janis' nightclub act at the Cocoanut Grove. He told MGM producer Arthur Freed about her. Arthur took a look for himself and promptly signed Janis.

**She will continue with her nightclub tour until the end of next month, but will cancel $100,000 in engagements that had been set for fall and winter.**

Her husband, Art Stander, who produced Janis' TV show, has been signed by Danny Thomas as script consultant on his TV show, "Make Room for Daddy."

---

Bob Hope returns home tomorrow after a whirlwind trip appearing with "That Certain Feeling." He has done a grand job, both for himself and the industry in the public relations department.

**I was very interested to hear that Darren McGavin, who has been in the Broadway play "The Rainmaker," will have the role of Charles Handy, secretary to Jimmy Walker, in "Beau James," Bob's next picture.**

I knew Charlie very well in the old days, and covered stories on censorship in Albany when he was on the world. He was very popular and later did much to smooth Mayor Walker's political path.

Happy birthday to Barbara Stanwyck—and if there ever was a gal whom birthdays leave looking younger than ever, it's Missy Stanwyck.

**I have a little birthday news for Barbara today which even she doesn't know. Her devoted friend and press agent, Helen Ferguson, has teamed up with Ralph Wheelwright, one of MGM's best writers, on an original, tailored expressly for Ia Stanwyck and James Cagney.**

They aren't telling the plot but it has a background of early vaudeville days. I hear that Jimmy and Barbara do a hoofing number in "These Wilder Years" that's a show-stopper.

---

The combination of Frank Sinatra and Tommy Dorsey together on the stage of the Paramount Theatre in August should shake the building! Tommy is appearing with Frankie in connection with "Johnny Concho."

**You may recall that these two practically had a deathless hate on for each other when Tommy had Frankie under contract and would not let him go earlier in his career. But all is sweetness and light now, and their getting together for this stage appearance is a real piece of showmanship.**

Frankie returns to this country July 29 and goes into the Sands Hotels in Las Vegas on September 12.

**SNAPSHOTS OF HOLLYWOOD:**

George Jessel says that he and Joan Tyler will set the date tomorrow. Joan says, "No. We're still officially engaged but I am going to wait."

Harry Belafonte's wife, a child psychologist in New York, will join him at the Riviera in Las Vegas next Wednesday.

**The Paul Munis are in town for a holiday before Paul returns to his Broadway role in "Inherit the Wind" following his summer vacation.**

Tough for an agent not to be able to talk. Danny Winkler has had a bad throat for a week, but he's better now.

## Survey to Ask How Many Here Work Two Jobs

DETROIT (AP)—"How many workers in Michigan have more than one job?"

The answer to that question will be sought today when the U. S. Bureau of Census in Detroit conducts its regular monthly "current population survey." It will be part of a nationwide poll.

The last decennial census showed about three per cent of those employed in 1950 held more than one job.

The bureau said the Michigan survey will be conducted in what it termed "13 primary sampling units, each containing one or more counties."

These counties, a bureau spokesman said, are chosen according to various characteristics, such as the size of the population and whether the county is classed as an industrial, business or agricultural area.

## Race Track Interest Whets Voting Appetite

FARMINGTON TOWNSHIP—Interest in a proposal to rezone a section of the township for a race track is credited for the sharply increased voter registration here.

Floyd A. Cairns, township clerk, estimates that 700 new electors had been added to the rolls when registrations closed last week. He stated that on the last day of registration, when approximately 300 persons were registered, lines outside his office became so long that it was necessary to call in extra help to process applicants.

**With an estimated 6800 persons now registered to vote, the township's six precincts are rapidly reaching their capacity. According to State law, machine-equipped precincts can handle 1400 voters. With the new registrations, there is now an average of 1133 per precinct.**

Cairns stated that he has been authorized by the township board to purchase three more voting machines, and that he expects delivery on them some time next week. The township now has 12 machines.

It is expected that the new machines will be set up and in operation for the vote on the Consumers Power Co. franchise, Puly 25.

## Clarkston Man Okay After Car Rams Train

Charles B. Smith, 25, of Clarkston, was only shaken up early Sunday morning when his car ran into the side of a train at a Waterford crossing, deputies of the Oakland County Sheriff's Department said today.

The incident occurred at Andersonville and Clement Roads. Smith told investigators he had stopped to allow the train to pass but must have fallen asleep.

Fred Johnson, conductor on the Grand Trunk train, disclosed the Smith car rolled into the passing train. He said the impact broke the coupling between two cars disconnecting them.

## Waterford Girl Injured

Jacqueline Javerdine, 14, of 3120 Duck Lake Rd., Highland Township, was treated for minor injuries by a doctor yesterday after she was thrown from a horse while riding along Duck Lake Rd., North of M59. The girl fell to the pavement, according to the Oakland County Sheriff's Department.

# Wheat Soars on Grain Market

CHICAGO (AP) — Wheat prices soared on the Board of Trade today and the gains in this cereal created some firmness in other grains.

Buying in wheat followed news the Agriculture Department had accepted in part the grain trade's plan relating to wheat exports. The plan was expected to create a greater demand for this year's wheat crop.

* * *

At the start wheat had gains extending to more than 9 cents. This upturn was cut about in half in subsequent dealings on profit taking. Rye also was sharply higher. Feed grains and soybeans were ahead only slightly.

Wheat near the end of the first hour was four cents to 5⅝ higher, July $2.13; corn ½ lower to ½ higher, July $1.51; oats ⅜ lower to ⅜ higher, July 72⅝; rye 1 to 3 cents higher, July $1.34½; soybeans ½ lower to 1½ higher, July $2.64½; lard 15 to 23 cents a hundred pounds higher, July $11.05.

# Speed 120 M.P.H.: 2 Seriously Injured

Two Flint men are in critical condition today after their car went out of control on a curve near Lapeer yesterday, rolling over several times. Police reported the pair was going 120 miles per hour.

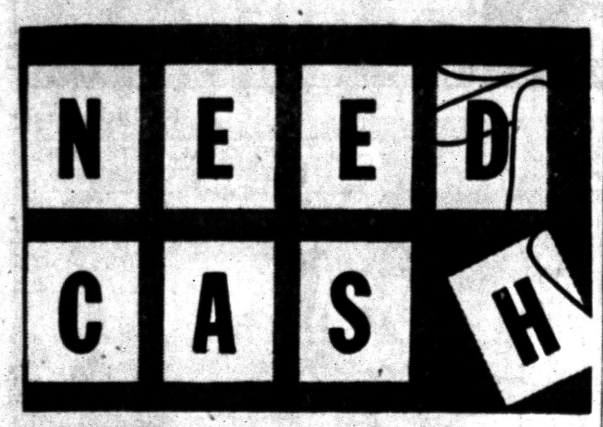

In Hurley Hospital, Flint are Robert L. Truitt, 33, and Forrest C. Lockwood, 29.

Davison police officers began chasing the men when they went through the town at a high rate of speed. Lapeer County Sheriff's Deputies had thrown up a road block, but the pair never reached it.

The city of Nazareth, home city of Christ, is not mentioned in the Old Testament.

NEW YORK (AP)—Oils, steels and rails boosted the stock market a shade higher early this afternoon.

But coppers edged off after an earlier rise. Aircrafts and chemicals were mixed.

## In Memoriam 2

IN LOVING MEMORY OF ELIZabeth Gaskins, who passed away July 15th, 1955

We do not forget her, we love her too dearly
For memory to fade from our lives like a dream
Our lips need not speak when our hearts mourn sincerely,
For grief often dwells where it seldom is seen
Sadly missed by husband Carl Gaskins, daughters, Son in laws and grandchildren.

IN LOVING MEMORY OF PRESton Hibler passed away July 16, 1955.

Do not ask us if we miss him,
For there is such a vacant place.
Often we think we hear his footsteps
And see his smiling face.
Sadly missed by the Hibler Family.

## 'Ex-Wife' Hage Clings to Youth

### Quits as Video Mother to Play Glamor Parts in the Movies

By JACK O'BRIAN

NEW YORK (INS) — Danny Thomas, divorced professionally from TV "wife" Jean Hagen, has about decided to come back in the fall as a TV widower . . .

Jean quit Danny's show for a realistic professional reason: Her "daughter" in the Thomas "family" is obviously and rapidly maturing and Jean wants to play young glamor roles in movies for a few more years . . .

**Lilli Palmer returns to TV in the fall via films; Dumont gets her literate klatches.**

June's top 10 (Pulse) were Sullivan, $64,000 Question, Lucy, Perry Como, Groucho, $64,000 Challenge, Gleason, Disneyland, Jack Benny, December Bride . . .

June Carter was seen on Grand Ole Opry by Elia Kazan and Budd Schulberg and was signed for their movie "A Face in the Crowd," one of three major movies being made about a big TV personality.

Lou ($64,000) Cowan has fathered a new cash hurlaway, "One Giant Step," which General Mills will sponsor if a fall network spot opens . . .

Patti Page replaces Shirley Yamaguchi as guest star on the premiere "Frankie Laine Time" Aug. 1 . . .

**Art Carney's "Seven - Year Itch" straw-HAT tour is making a mint of friends and cash for the manhole man of the year . . .**

Studio One's device for identifying its actors—as TV does with ballplayers, printing their names across the bottom of the TV screen first time they appear—should be copied by other shows . . .

Perle Mesta will be played by a younger doll when CBS-TV gives her eager career the spectacular treatment . . .

**HELEN TO COMMUTE**

Helen O'Connell will commute from the Russ Morgan Show to Hollywood, where her youngster busted a leg . . .

The CBS board has decided to take CBS out of the radio and TV set manufacturing field, rumored and denied for months . . .

**"This Is Your Life" changed sponsors but the old lipstick sponsor gets a fine free ride by having its name all over the scenery during summer reruns . . .**

"Dear Phoebe," thanks to Peter Lawford, is worth repeating this summer. He's about the brightest TV charmboy available . . .

Helen Hall of "Monitor" is in Russia gathering commentary for a filmed series to be shown on "Today" some day soon.

**Peggy Wood has been out of "Mama" because of German measles and the cast is hoping it won't spread German measles on top of cancelation would be too much . . .**

The kiddies' cartoon shows are worst offenders in the desperate trend toward repeating old filmed programs . . .

## Danny Thomas Hurt

BEVERLY HILLS, Calif. (AP) — Comedian Danny Thomas planned to start filming today for the return of his television show to the air in September but a broken ankle has upset his schedule.

He was treated at home, hospitalized long enough yesterday for X-rays and application of a cast, then returned home.

### Youthful Philanthropy

CORPUS CHRISTI, Tex. (AP)—A publisher-philanthropist gave the income from one issue of his news service, plus other income, to the Red Cross. It totaled 50 cents. Kenneth Peery, 8, used his toy printing press to publish eight copies of a story about how a parakeet died and sold them for 5 cents each. That money, plus a dime he had, was his contribution.

### Red Libraries to Share in Jewish Documents

MOSCOW (AP)—Leningrad's priceless collection of old Jewish documents, manuscripts and books is being split up for distribution among other Soviet libraries.

This was reported today by Rabbi George B. Lieberman of Rockville Center, Long Island, N. Y., member of a group of American rabbis visiting the Soviet Union.

# Townsend Profits From Royal Investment

By PHYLLIS BATTELLE

NEW YORK (INS) — Last autumn in London, when even the pigeons were flying at half-flutter over the plight of Capt. Peter Townsend, there were a number of unsentimental rumors going around.

* * *

I was there and I heard them. In fact, I may have started a few.

**"Townsend has been offered a job by Sam Goldwyn," went one story, "and after a decent interval he'll take it."**

"Pete's going to write his memoirs," said a correspondent from Brussels where Townsend was stationed before his climactic revival meeting with Princess Margaret. "I believe it will outsell the Bible."

* * *

The Aly Khan wanted the handsome air attache for his associate in the horse-breeding business—this was a rumor.

**BIDS FROM U. S.**

Dozens of financial interests in the States had offered him high-toned jobs with bachelor estates in Darien and Bel-Air—these were common gossip. A motor car company and an aircraft company in England wanted him to take public relations posts.

* * *

"Cahn't you see, Townsend cahn't do anything now except go back to his post with his head hanging," said a British newspaperman. "But wait a year and see what happens. He will be well off, this fellow, well off indeed."

**The British reporter turned out to be somewhat of an oracle. The tall, gaunt, soulful, martyred Capt. Townsend has announced that he is resigning his 20-year post with the Royal Air Force; and next October, a year to the month from the evening he was formally cast off from Buckingham Palace, he will start a new job for private industry.**

He will drive around the world in a British "Landrover" auto. No one is telling what the salary will be for this publicity (more politely known as "goodwill") tour, but, considering his many real and rumored offers, the chances are he is decidedly on his way to being "well off indeed."

* * *

In a news conference to announce his plan, Peter said he will be going alone. "One gets quite used to being alone," he announced. There was no record of a catch in his voice.

He confessed also that he might turn out a book about his travels, since "there will be quite a lot to write about."

**WILL PLEASE CYNICS**

It's all most gratifying, I imagine, to the more cynical members of the European set who felt, last fall, that Princess Margaret had led the hero of World Warr II on an embarrassing and unnecessary wild goose chase . . . with Townsend ending up the goose, chased back into the wilds.

* * *

The story was sweet and tear-jerking on the surface, but many an old pro around London believed that Townsend would have preferred anonymity to the showdown, and that after half a decade of operating at a princess' whim, he was well "off the hook."

**However one feels about the romance, it is now evident that the captain is not going to suffer the eternal Siberian life many writers predicted for him a short nine months ago.**

In his "lonely" trek from Burma to Australia, Hong Kong to New York and Rio, he is sure to get sweet returns for his five-year investment in a beautiful princess.

* * *

It's hard to predict what the Malayans and Japanese may do for Capt. Townsend, beyond giving him hero parades.

But when he reaches America (early next year) the chances are he'll have his choice of movie stardom, literary fame, business tycoonery and a mob of picturesque women to take his pick from.

If Capt. Townsend's heart truly was broken, this is the surgery that can put it together again.
