

SPACE TEAM AT WHITE HOUSE — President Johnson hands a framed citation today to astronaut Gordon Cooper Jr. after planning the National Aeronautics and Space Administration's Exceptional Service Medal on him. Charles Conrad Jr., who accompanied Cooper on the marathon eight-day flight through space, awaits his turn. Beside the astronauts are their wives. (See story, Page 2).

Coroner Cuts Death Toll

Rush Storm Aid to Louisiana

NEW ORLEANS, La. (AP) — President Johnson pumped men, money and materials into hurricane-torn Louisiana today as the New Orleans coroner slashed his estimate of the probable death toll.

The White House dispatched \$2 million as a token start to help helping rejuvenate the tragedy-stricken state, where 32 were known dead.

Plans were afoot to convert Louisiana's antipoverty program into a war on Hurricane Betsy. A million dollars was earmarked to put the Youth Corps to work cleaning up the debris.

Sixty freight carloads of surplus foods were sent by the Department of Agriculture.

The flood tides and fierce winds of Hurricane Betsy inflicted the greatest destruction on Louisiana in the state's storm-scarred history.

Pontiac at Full Strength; Model Changeover Ends

The full complement of some 15,000 Pontiac Motor Division production employees is back on the job with the return of final assembly workers yesterday.

The first body was "dropped" — fitted to an already assembled chassis — at 6:18 last night.

Pontiac Adds 29th Record

Even though the new model introduction is less than a month away, Pontiac Motor Division sales continue at a record-setting pace.

It was the 29th 10-day record for Pontiac in the current model year.

E. R. Pettengill, divisional general sales manager, announced today that sales in the first 10 days of September were 14,324, a 33 per cent increase over sales in the same period a year ago.

Pettengill also pointed out they surpassed the previous record of 13,964 set in 1955.

Possibly Suicide

Pursued Youth Found Dead

India Striving for Cease-Fire

NEW DELHI, India (AP) — Prime Minister Lal Bahadur Shastri told political leaders today India will work for an "honorable and just" halt in the war with Pakistan, informed sources reported.

Shastri conferred with U.N. Secretary-General U Thant on details of a possible cessation of hostilities.

A government spokesman said Shastri will announce his decision to parliament tomorrow.

The government told Parliament major objectives had been achieved on important sectors of the West Pakistan front. Only minor clashes were reported, although the air war continued. There was no assurance that Shastri and Thant would reach

PATRICK BURKE

Police Corner Teen in Garage After Manhunt

Suspect Was Wanted for Crime Rampage in Two-County Area

Dennis D. Dickinson was killed by a shot from his own gun yesterday in the rafters of a Holly garage, ending a 30-hour crime spree which had reached its climax in a scrap yard gunfight.

Whether the fatal shot was accidental or a suicide will remain officially unknown — as will other factors in the last days of the 18-year-old Shelby Township youth.

Dickinson had eluded police for some 30 hours before being cornered in the garage.

DENNIS D. DICKINSON

MSU to Open Medical School

Class of About 20 Due Next September

EAST LANSING (AP) — Michigan State University said today it will open its two-year college of human medicine in September 1966, with a class of about 20 students.

The new medical school, which has been in the planning stage since before 1961, has the support of the Michigan Medical Society but is opposed at this time by Gov. George Romney's Blue Ribbon Higher Education Committee.

The committee recommended earlier this year that medical enrollments at the University of Michigan and Wayne State University should be increased before a medical program is offered at MSU.

State Board of Education President Thomas Brennan said the board has taken no position on the matter, and plans hearings late in October.

CITIES GREAT DEMAND

In announcing the 1966 opening, Dr. Andrew D. Hunt Jr., dean of the new college, said: "There is a great demand everywhere for more physicians and this demand seems destined to grow greater as the benefits of medical advances become increasingly available to the public."

The school had been scheduled to open this fall, but a delay was recommended by the Liaison Committee of the Association of American Medical Colleges and the American Medical Association, which accredits the nation's medical schools.

The accrediting group recommended that more time be taken to complete physical facilities and recruit staff members.

The two-year program will prepare students for transfer to the third year of medical schools offering the degree of Doctor of Medicine.

Area Showers for Tomorrow

Scattered showers and thundershowers will arrive sometime tomorrow in the Pontiac area.

The weatherman predicts cloudy and slightly cooler with temperatures falling into the high 50s tonight.

Highs will register 72 to 78 tomorrow. Partly cloudy, w-bly and cooler is Thursday's forecast.

A mild 60 was the low prior to 6 a.m. in downtown Pontiac. At 2 p.m. the registered thermometer reading was 73.

WASHINGTON (AP) — The U.S. Air Force will airlift some 1,100 to 1,300 Americans, mainly women and children, from West and East Pakistan today, State Department officials said.

agreement or that Pakistan would join in if one were reached. But it appeared the great powers, especially the Soviet Union and the United States had thrown their weight behind Thant's failing mission in an effort to get peace talks started.

In Moscow, Soviet Communist Party leader Leonid Brezhnev renewed the Soviet plea for a cease-fire, saying: "I would like to express the hope that the Indian and Pakistani governments will understand it is not in their interest to further sharpen the conflict and will agree to end it with peaceful means."

In Washington, officials were reported banking on Thant. But they believed the next few days could be critically important in determining the course of the conflict.

They feared Red China might intervene on a limited scale with military incidents on the Indian border.

Red China continued its needling of India, sending a new protest note because the Indians "so far failed to return the assets of the Bank of China in India" seized in 1962 during the border war.

Red China has sided with Pakistan and has been threatening India.

Thant was reported more optimistic than he had been since arriving in Pakistan last week.

He told U. N. employees stationed in New Delhi both India and Pakistan in the last day or so had shown interest in halting the fighting.

Legislature Set to Start Fall Session

LANSING (AP) — The legislature returns to Lansing today for a quick decision on whether or not to consider an income tax at its fall session.

The gavel was to bang at 2 p.m., and within hours the House and Senate were expected to pass a resolution stating the agenda of business for the session.

Gov. George Romney and a bipartisan group of lawmakers want the legislature to consider a tax package which includes a 3 per cent personal income tax, 4 per cent corporate levy and various items of tax relief.

Romney asked yesterday for permission to address a joint session of the legislature to spell out the tax program and other items he believes should be acted on this fall.

Observers see little chance any taxes will be passed in 1965, but legislative leaders are reluctant to say flatly the tax package is dead.

Romney declared yesterday that the legislature should also take up Mackinac Bridge refinancing, a \$125,000 appropriation for a study of Michigan water resources and military reorganization.

But Senate Majority Leader Raymond Drendzel, D-De-troit, said the bridge question would not be on the agenda.

Consideration of it was approved by the House Democratic Caucus but matters must win approval from both chambers to be on the agenda.

Drendzel said there is "no rush" and that the bridge question can be taken up next year.

Refinancing of the bridge with state-backed bonds would mean lower interest rates, hence lower tolls, say backers of bridge action.

Hospitals Win Federal Grant

Will Be Used in Joint Research Program

The joint research program involving the medical staffs of Pontiac General Hospital and Pontiac State Hospital has won a coveted five-year federal grant.

Dr. Donald Dawson, slated to head up the program to be known as the Pontiac Medical Research Center, said the grant was from the U. S. Office of Naval Research.

Essentially, the grant will enable the research project to secure excess equipment from the Navy at no cost to the center.

According to Dr. Dawson, the grant application has been approved by the Michigan Department of Mental Health.

The grant is for research in organ transplantation, infectious hepatitis and in the training of graduate physicians, said Dr. Dawson.

The research program is to be housed in Pontiac Medical Research Center facilities at Pontiac State Hospital. Former hospital facilities are now being converted for reuse for research.

The joint program, supported primarily from private funds, is to embrace the medical staffs of Pontiac General and Pontiac State.

Dr. Dawson, who said the grant was the new program's first major recognition, said the grant was one of about 20 awarded across the nation.

U.S. Buildup Is Continuing in Viet Nam

WASHINGTON (AP) — Thousands more Army infantrymen are expected to be shipped to South Viet Nam in a continuing buildup beyond the 125,000-man troop level announced by President Johnson.

Defense sources indicated that the remainder of the 1st Infantry Division is likely to follow one of its brigades already in Viet Nam.

Dimensions of the additional buildup in Viet Nam are unclear. Final presidential decisions may still be pending.

However, knowledgeable sources said they look for a substantial increase in U. S. troop strength in Viet Nam.

An estimated 11,000 members of the 1st Infantry Division still are at Ft. Riley, Kan. There have been a number of indications they may be getting ready to move out.

Among other things, it is reported the Army will train a new division, probably an infantry outfit, at Ft. Riley. That post can accommodate only one division-size force at a time, sources said.

SCENE OF SHOOTING — Cornered in this Holly garage, 18-year-old fugitive Dennis D. Dickinson of Shelby Township yesterday took his own life. His death ended a 30-hour manhunt by area law enforcement officers.

Spacemen Given Medals at Ceremony Before Goodwill Trip

WASHINGTON (AP)—With four young boys clowning in the background, President Johnson welcomed to the capital today record-setting astronauts L. Gordon Cooper and Charles Conrad.

Conrad's four boys, ranging in age from four to ten, grined and fidgeted behind the presidential desk, as Johnson presented the astronauts with the Exceptional Service Medal of the National Aeronautics and Space Administration.

They were honored for their eight-day Gemini 5 flight last month that set a record for manned orbits in space.

The medal presentation in the presidential office was the briefest yet for returned space heroes. Johnson made no speech and, apart from relatives of Cooper and Conrad, just about the only other official present was NASA Administrator James E. Webb.

There was a third medal winner. Dr. Charles Berry, director of space medicine at the Manned Space Flight Center in Houston, received from Johnson NASA's exceptional service medal. He was honored for contributions to space medicine.

CONTRIBUTIONS
Cooper and Conrad were cited for "outstanding contributions to the technology of manned space flights."

In a sense, the two-headed Conrad boys stole the show. Three of them were sitting in the presidential chair. The fourth stood nearby watching a White House stenographer record what was said at the ceremony.

The presidential call was to be followed by lunch with the Space Sciences Board of the National Aeronautics and Space Administration, a motorcade to the Capitol and a welcoming reception at the House of Representatives.

During the day Cooper and Conrad also hope to find out more about their 12-day, six-county goodwill tour that begins tomorrow with a trip to the congress of the International Astronautical Federation at Athens, Greece.

OTHER STOPS
Other stops will be at Izmir and Ankara, Turkey; Addis Ababa, Ethiopia; Tananarive, Madagascar Republic; Nairobi, Kenya, and Lagos and Kano, Nigeria.

No itineraries have been announced for the badly arranged tour. A NASA official said most of the details have been left to the American officials in each country.

Fire, Explosion Ruin Freighter

Fear Five Men Killed
in Montreal Mishap

MONTREAL (UPI)—An explosion and fire shattered the 7,000-ton freighter Port William early today, and the vessel turned over on her side at her pier in Montreal Harbor.

At least five of her 21-man crew were trapped in the burning ship and were believed dead.

The remaining 16 crew members escaped, including the captain who was pulled through a porthole. Three suffered minor injuries.

Most of the survivors left by way of the wheelhouse which came to rest on the dock as the Port William listed onto her side.

The explosion occurred less than an hour after the 400-ft., \$6 million vessel, carrying general cargo, pulled into her berth after an all-night voyage from Sarnia, Ont.

The decision of the commission was contrary to the recommendation of the City Planning Board and the Planning Department.

The board had reported that the two-story structure will provide living quarters for approximately 25 students from Pontiac Business Institute and other schools, in addition to businesswomen.

Franklin Mason Co., comprising Pontiac Business Institute personnel has purchased the building from the YWCA for \$15,000.

The building is already being limited use and will be fully utilized by PBI as soon as remodeling is completed.

The YWCA has moved to newly acquired quarters at the southeast corner of West Huron and Franklin Boulevard.

Principals of the firm are B. J. Chapin, president-director of the school; R. L. Tull, secretary-treasurer; Dr. Dennis Michael, an instructor; and Howard Weaver, dean.

Residence cost, which includes general maintenance and cleaning services, is \$50 a month, according to Tull.

Tull indicated that the school's present enrollment, approximately 500, consists mostly of Oakland County residents.

He stated that it is the school's hope to attract students from farther away with the addition of the new facility.

HOUSING VENTURE
"We expect to draw more from the Michigan Thumb area and from Mount Clemens," he said, emphasizing that it is the school's "first housing venture."

Tull said the building is only a 10-minute walk from the school which is located at 18 W. Lawrence.

Students living in the dormitory will have kitchen facilities, although no food will be provided.

According to Tull, at least 60 per cent of the students are females.

DEPUTY WAITING
A deputy is waiting outside her hospital room to turn her over to her father. Ernst claims the grandparents have poisoned the child's mind against him and refused to let him visit her.

"I understand that laws have to be obeyed," Const. said.

"But from a medical standpoint, her mind and body can't take much more."

Conti said the girl's grandmother, Mrs. Martin Flynn, was staying in the hospital room with Gerri and trying to prepare her for the change.

OBEY ORDER
Sheriff Richard Zink, told he must carry out a court's order, said he will do nothing until Conti gives the word. Zink and Conti have hired a woman social worker.

"We're hoping she can win the child's confidence and talk to her about living with her father," Const. said.

Gerri's mother died when she was a baby. Her father was unable to care for her and the Flynn, Gerri's maternal grandparents, took her in.

Birmingham Area News

Office Building Proposal Rejected by Commission

BIRMINGHAM—The proposed construction of an office building on Adams near Maple was rejected by the City Commission last night.

Plans for the development were upset when the commission voted 4-3 against rezoning the site to a nonretail business classification.

The vacant property is presently zoned residential. It is located on the west side of Adams and faces Yosemite Street across the road.

The Directors Realty Co. of Birmingham, owner of the parcel, had petitioned for the change.

The decision of the commission was contrary to the recommendation of the City Planning Board and the Planning Department.

The board had reported that the two-story structure will provide living quarters for approximately 25 students from Pontiac Business Institute and other schools, in addition to businesswomen.

Franklin Mason Co., comprising Pontiac Business Institute personnel has purchased the building from the YWCA for \$15,000.

The building is already being limited use and will be fully utilized by PBI as soon as remodeling is completed.

The YWCA has moved to newly acquired quarters at the southeast corner of West Huron and Franklin Boulevard.

Father's Donating Kidney to Save His Daughter's Life

An operation in which a kidney was transplanted from 47-year-old Frank Farrell to his daughter, Mrs. Patricia Shontz, 24, of Avon Township, went "very well" today, according to a hospital spokesman.

An operation began at 8 a.m. today in a Cleveland hospital in which a father, by donating his healthy kidney, is giving his daughter a chance to live.

Frank L. Farrell of St. Clair Shores had been waiting for several weeks for word that he was acceptable as a kidney donor for his daughter, 24-year-old Mrs. James Shontz of 1895 Tamm, Avon Township.

An inspector at Chrysler Corp. in Detroit, he received an urgent call Friday telling him to check into the Cleveland Clinic yesterday.

He was chosen as the kidney donor after extensive examinations. One of Mrs. Shontz's kidneys was damaged in a fall when she was five years old. It was removed a few years later.

BEGAN TO DETERIORATE
Her remaining kidney began to deteriorate after the birth two years ago of her son, James.

In the first of two operations, her remaining kidney was removed three weeks ago.

Following that operation, a kidney machine was used to purify her blood until today's transplant.

Farrell pointed out several weeks ago that the transplant operation itself is usually successful but the problem arises in getting the body to accept the new kidney.

REJECTS FOREIGN TISSUE
The body tends to reject foreign tissue.

The Cleveland Clinic is one of the few hospitals in the nation which performs such operations.

Farrell estimated the cost of the operation at \$30,000. Mrs. Shontz's husband is a \$125 a week apprentice at the Ford Motor Co., Sterling Township plant.

Friends and neighbors have been helping to raise money through fund-raising projects to help cover the cost of the operation.

P.O. BOX FOR DONATIONS
The latest is a post office box sponsored by the Metropolitan Club 83 Auxiliary, the Avondale Fire Department and the Avondale Community Forum.

Donations may be sent to P.O. Box 4293, Auburn Heights.

A shot rang out from the garage and officers assumed Dickinson was shooting at them.

"We lobbed five cans of tear gas into the garage and he still didn't come out," Burke said. "We waited a good length of time and still heard no sound."

Burke entered the gas-filled building and saw Dickinson's arm hanging from the rafters.

The bullet from the .38-caliber pistol he carried had entered his stomach and come out the back of his neck.

Burke said he could only guess that Dickinson had pulled the trigger intentionally.

The gun could have fired when the youth rolled over on it.

Arizona Car
Crash Fatal to
City Doctor

Dr. Sullivan Chowchuevich, 43, chief surgical resident at Pontiac General Hospital since 1963, is dead as the result of a two-car accident near Sanders, Ariz., according to word received by relatives.

Dr. Chowchuevich was killed last night when his car collided head-on with another car on U.S. 86 east of Sanders.

He was en route to Long Beach, Calif., where he was to undertake a heart-lung research project.

He received B.S. and M.S. degrees at the University of Michigan and graduated from Harvard University Medical School.

Dr. Chowchuevich was a native of Thailand. A sister, Mrs. Jack Gurney, 750 Lombardy, said his body is being flown to Pontiac from Sanders.

A new crisp-line

Commissioners OK Parking Rental

City Commissioners last night agreed to rent to the county off-street parking space for employees of the County Annex Building on Lafayette.

The County Board of Auditors requested the use of 12 metered parking spaces on the west side of Pine between Lafayette and Fenley on weekdays. The spaces will be leased for \$15 per week.

The commission directed the city manager to negotiate terms of the contract.

In other business, the commission authorized taking bids for an aerial platform truck for the fire department. Bids are to be received Sept. 30.

City Manager Joseph A. Warren reported that the new aerial ladder truck would exceed \$54,000, the amount appropriated in the 1965 capital improvement fund.

LENGTHY WAIT

However, delivery of the new fire apparatus is expected to take 12 to 14 months. Thus, the 1966 improvement fund can make up the difference, he said.

Warren said that the city's present ladder truck, a 1942 model, is obsolete.

The new truck would have an 85-foot aerial ladder with an operating platform on top of the ladder. The truck would come with a booster tank and booster pump.

The commission last night accepted a deed to a substantial house, now vacant at 34 Allen

City Officials to Attend 67th League Confab

A contingent of City Commissioners and other Pontiac officials will attend the 67th annual convention of the Michigan Municipal League beginning tomorrow in Grand Rapids.

More than 1,000 municipal officials from over 300 Michigan cities and villages will gather for the three-day convention.

Among the active participants will be Mayor William H. Taylor Jr. and James L. Bates, Pontiac planning and urban renewal director.

Taylor will preside over a discussion of coordinating state, local fiscal needs in an afternoon session tomorrow. The mayor is chairman of the League Finance and Taxation Committee.

Bates, meantime, will be on a four-member panel discussing urban renewal for smaller cities in a workshop session planned for Thursday morning.

THEY'RE NOT DYING YOUNG
Since the beginning of this century, the human population has been doubling. Most people just aren't dying as young as they used to. In fact, the number of people over 65 has not only doubled—it has quadrupled since 1900. Folks are living longer, healthier, happier lives because of the wonder drugs in the prescriptions that doctors write today. That's why we say

and accepted the deed to lots 95 to 98 of Baldwin Park Subdivision from the Michigan Department of Conservation.

DEMOLITION DUE

The house is to be demolished. Lots 95 to 98 are located at the east end of Longfellow and Strathmore.

In related action, an offer by Consumers Power Co. to purchase the lots for a power line right-of-way was approved. The price was \$1,750 per lot.

The commission approved a contract with architect Harry Denyes for work in connection with the projected construction of a three-story addition to Hangar No. 3 at Pontiac Municipal Airport.

Approval of the contract had been tabled at last week's commission meeting pending a report on the architect's fee.

DISSENTING VOTE

Commissioner Leslie H. Hudson was the only one voting

against the contract. Hudson said he voted no on the basis of his opposition to expansion of the airport solely at city expense.

Hudson maintains the airport should not be expanded by the city alone when it should be a county-owned facility and negotiations between the city and county are already under way.

The architect will be paid \$300 for preliminary work already done and six per cent of the total project costs, estimated at \$34,000.

In other business, the commission approved a contract for demolition of a vacant house at 32 Parkhurst. A \$650 contract was okayed for Elkins Wrecking Co.

PUBLIC HEARINGS

Public hearings were held on several street and alley vacations. Final action was held up

on vacating Tallahassee, Oakland to Sarasota, pending receipt of a deed for part of a lot there.

However, resolutions were approved to vacate Lowell, Glenwood to the alley east of and parallel to Glenwood; the alley parallel to Glenwood, Lowell to Kennett, and Glenwood, from the north line of Kennett.

A parking lot is proposed in the area.

Final action was taken to rezone property on the northwest corner of Mount Clemens and Stirling to residential-3. A small apartment building is slated to be built there.

REFER PETITION

A petition to rezone property at 30, 32, 42 and 44 Green to personal service was referred to the City Planning Commission.

Bids on a tree planting contract were ordered to be taken Oct. 4. The trees are to be planted in the city's two urban renewal projects.

A public hearing was set for Sept. 28 to determine necessity

for a sewer on the north side of Kennett, Fairview to Carlisle.

City Manager Warren reported progress on the city's program to provide street lighting along Cass and North Johnson to Montclair. Warren said new lights were turned on there for the first time on Cass to Oakland.

SAFETY CONDITIONS

At the request of Commissioner T. Warren Fowler,

the commission directed Warren to petition the Michigan Public Service Commission to review safety conditions at the Grand Trunk Railroad crossing at Western and Jackson.

Fowler said that motorists are ignoring the automatic street gates because of the long waits. He said the gates were closed for a 40-minute period last Friday.

The state commission will hold a hearing at the site to review the crossing's safety.

Village Chief to Give 'Proof'

LAKE ORION — Village President Clarence B. Rossmann was scheduled to appear in the office of Oakland County Prosecutor S. Jerome Bronson some time today to provide proof of "illegal dealings" in the use of village property.

Rossmann had been scheduled to appear yesterday at the request of Bronson. He did not make the appearance, however, because his attorney, Wallace

D. McWay of Waterford Township, was not available.

McWay said he hoped to be able to appear on Rossmann's behalf sometime today.

Rossmann was asked by Bronson in a letter Sept. 3 to provide proof of statements he made to a Detroit newspaper reporter alleging that Lake Orion had been made "the fall guy" in deals involving village property.

He said he had affidavits to back his statement, but he was withholding them pending the outcome of the controversy over his powers and duties as chief executive officer of the village.

HAS A DUTY

Bronson said he has no information on Rossmann's allegations, "but if a crime has been committed, it is my duty as chief law enforcement officer of the county to bring it out in the open."

Lake Orion Passes Weed Ordinance

LAKE ORION — A noxious weed ordinance was passed by the Village Council last night as part of its continuing program to beautify the village.

The standard weed law provides fines of \$10 to \$100 for violation and/or up to 90 days in jail.

Notices will be sent to violators. If they do not comply, the village will spray or cut weeds on private property at the owner's expense.

Police Chief Neil Leonard was named responsible for enforcement of the ordinance.

In other action the council voted to open future council meetings with an invocation, to be provided by members of the Lake Orion Ministerial Association.

Rezoning Bid Gets Approval

Go-Ahead Is Given Apartment Building

ROCHESTER — The Village Council last night approved rezoning a portion of Parkdale to multiple dwelling despite objections from several residents who attended a public hearing.

The rezoning request was made several weeks ago to allow construction of a 24-unit apartment building.

The public hearing was rescheduled from last month because developers had obtained only seven signatures of the 46 residents to be affected.

Last night, the developer presented 23 signatures. He said he was unable to contact some of the other property owners.

One objection to the rezoning came from Evelyn Cunningham of 368 Charles, at the corner of Parkdale.

She said she felt the area could not absorb any more apartments and that spot zoning in a single dwelling area "will contribute to much that is not good," and will depreciate the property.

The area, she said, has historical significance in showing Rochester as it was in the past with well-planned homes.

She pointed out that many residents of Rochester "want to enjoy the advantages of a small community" and they like the "charm and stability of the village as it is."

Councilman John Boeritz said he has lived in the area all his life and has seen this particular property deteriorate. He said "we would probably wait a good many years before this property is developed."

"We would get a high caliber of people in to pay the rent prices," he said.

The developer said the one-bedroom apartments will cost between \$150 and \$175 monthly and the two-bedroom between \$175 and \$225 monthly.

EMPTY ORCHARDS, EMPTY CRATES — The containers that would hold shipments of apples now are lying empty in the West Bloomfield Township orchard of J. Leo DeConick and his brother Emmett. Leo, treasurer-manager of the Southern Michigan

\$46,521 Goal Set by UF in W. Bloomfield

WEST BLOOMFIELD TOWNSHIP — A \$46,521 goal has been set for the West Bloomfield United Fund drive.

The goal was established by a board of directors headed by president and campaign chairman Duane Sanford, 5535 Wild Ridge, and budget chairman N. D. Alt, 8546 W. Maple.

An educational dinner will be held Sept. 20 for all area chairmen and volunteers.

Agencies participating in the West Bloomfield United Fund include the American Red Cross, Big Brothers of Oakland County, the Michigan Cancer Foundation, Camp Oakland, Cass Lakeside Community Center and Catholic Social Services of Oakland County.

Others are the Clinton Village Council of the Boy Scouts of America, Family Service of Oakland County, Michigan Children's Aid Society of Oakland County, Michigan United Fund, the Oakland Child Guidance Clinic and the North Oakland Girl Scout Council.

Others aided are the South Oakland Girl Scout Council, Pontiac Visiting Nurses Association, Salvation Army, St. Joseph Mercy Hospital, North Farmington Baseball for Boys and a welfare fund.

Harvest Fete in Ortonville

ORTONVILLE — Bazaar booths and a turkey dinner will be featured in the annual harvest festival at the Ortonville Methodist Church Thursday.

Booths of fancy work, baked goods, candy, mystery packages and a fish pond will open at 3:30 p.m. for the event, sponsored by the Woman's Society of Christian Service.

The women will start serving dinner at 5:30 p.m.

Under present marketing order rules, farmers are paid a single "blend price" representing the combined average value of bottling and surplus milk.

In addition to the milk plan, the farm bill also provides four-year programs for cotton, wheat, feed grains, wool and rice and includes a long-term program for retiring croplands from production.

Apple Growers Start Harvest With Acute Shortage of Pickers

Area apple growers are starting their harvest with an already acute shortage of pickers.

An Oakland County grower has estimated that area orchard owners will be short some 300 pickers for the harvest.

"We have a fairly good crop. This is discouraging," J. Leo DeConick, 5788 W. Maple, West Bloomfield Township, said.

DeConick is treasurer-manager of the Southern Michigan Cooperative Growers Association, an organization of some 40 growers within a 35-mile radius of his orchard.

He and his brother Emmett own the DeConick Brothers Orchard, which he said is a relatively small operation.

NEED 3 MORE
"We have three pickers and need nine more," he said. "Some need as many as 65."

Recruitment has been spotty at best.

Members of the association last weekend took a 250-mile swing through the cucumber producing area north of Saginaw, DeConick said.

They attempted to enlist men who soon would be through with the harvest there but found that many had already returned to their homes in southern states.

DeConick cited Congress' ban on foreign labor as the prime cause of the shortage.

This same complaint from cucumber growers has prompted a study by state officials on the effect of the ban.

Andrew Kramarz of the Michigan Employment Security Commission said yesterday the study

Hospital Auxiliary Begins Annual Drive

ALBANY—The Women's Auxiliary of Community Hospital will begin its annual membership drive tomorrow with a house-to-house campaign.

The proceeds of the drive will be used to finance one registered nurse and one practical nursing scholarship in accredited nursing schools.

Farmington Board Adds 2 Proposals, Sets Election Date

FARMINGTON — The board of education last night added two operational millage propositions to its approaching request for funds and set Nov. 15 as the date for balloting on the package.

School trustees in July decided to seek \$2.1 million for a district building program.

At the same election, they will ask for renewal of a 2-mill tax and the addition of 4 mills to the levy for operations.

The 3 mills would replace a levy due to expire next year.

It has been estimated that the \$2.1-million building program would cost another 4 mills.

SAME TAX RATE

Both the building bond issue and the new 4-mill operations levy can be handled without an increase in taxes, according to Schools Supt. Gerald V. Harrison.

Much of the cost would be offset by a decrease in the current debt retirement levy, he said.

"It may require borrowing from the state bond loan fund, but we can do it," he said.

Districts with building programs requiring more than a 7-mill levy can borrow additional funds from the state at a low interest rate.

PRESENT RATE

Property owners in the district currently are paying school taxes totaling \$32.50 per \$1,000 of assessed valuation as equalized, with 21.50 mills of it going for operations.

Schedule for the new spending, if approved, calls for a debt retirement levy of 16 mills the first year.

Of the 4-mill new levy for operations, just 1 mill would be collected the first year.

The following year, it would be increased to 2 mills, balanced by a decrease in the debt retirement levy.

NEW SCHOOLS

Included in the building program plans are a third high school, a junior high school, a 26-room elementary school, additions to two elementary schools, an addition to Farmington High School and permanent site improvements, Harrison said.

The superintendent estimated that operational costs will jump 1 mill a year for the next four to five years.

The new millage requested would cover increases in teachers' salaries and the current "built-in inflationary cycle," he said.

Schools now are experiencing

an average cost increase of three per cent a year, according to Harrison.

In other action last night, the board decided to reauthorize for construction bids on the new Fairview Elementary School.

Original bids on the work were some \$70,000 above the \$480,000 estimated cost.

In an attempt to trim the figure, architects at Linn Smith Associates, Inc., of Birmingham made some 30 changes in the specifications.

They hope this will reduce the cost by \$50,000 to \$70,000, Harrison said.

SCHOOL SITE
The 14-room school is to be completed by the fall of 1966 on an Oak Crest Drive site in the center of the section bound by 13 Mile, Middle Belt, 14 Mile and Inkster roads.

New bids will be opened Oct. 13.

Harrison told the board last night that portions of the new Lakeshire Elementary School should be in use in about two weeks.

After several summer delays, work on the unit as shown "remarkable progress," he said.

Man, 32, Stands Mute to Charge of Murder

TRAVERSE CITY (AP) — Lyle H. Woodcock, 32, of Traverse City stood mute Monday to a charge of murder in the June 21 beating death of Mickey Frederickson, 26, of Manistee.

Woodcock was remanded to jail to await a trial date. The victim's body was discovered in a car abandoned here.

City Planner Resigns From Post in Troy

TROY — Judge Norman R. Bernard resigned his position on the City Planning Commission last night because of plans which "make it necessary to withdraw from some other community responsibilities."

He said he recently accepted responsibilities with the Oakland Planning Division of United Community Services, and also plans to devote more time to the program of the Boy Scouts of the Detroit Area Council.

In his letter of resignation he said he has "been very pleased with the progress which our city has made during the 10 years since incorporation, and it has been an honor for me to have the opportunity to continue to serve on various citizens committees under the City Commission."

A replacement has not been named.

In other action last night, the City Commission approved drawings of plans and specifications for sidewalk construction in several locations throughout the city.

The action is the result of an order from the board of education to share the cost of sidewalk construction in the school district to improve safety conditions.

City Manager Paul York said questions would be sent to the property owners affected by the proposed construction produced little response.

In spite of the few replies, he said he feels "We should take advantage of the school board order and it would result in a 50 per cent savings to those who would be assessed."

Troy Library to Open

TROY — With a new schedule of hours, the Troy Public Library will resume operations tomorrow.

The facility at 61 E. Square Lake will be open from 3 to 8 p.m. Monday through Thursday, from 3 to 5 p.m. Friday and 10 a.m. to 2 p.m. Saturday.

Amendments May Bring Fight

Senate Likely to OK Farm Bill Today

WASHINGTON (UPI) — Administration forces, saved from defeat on a key amendment by Vice President Hubert H. Humphrey, were confident of final Senate approval today of the farm bill.

But before the final vote, probably late in the day, the Senate had to dispose of a number of other amendments to the big package of farm programs. And some of these could touch off a fight.

The most controversial of the amendments dealt with the minimum price at which the government sells its surplus wheat. Sen. Karl E. Mundt, R-I.D., sought to raise the price from the present 116 per cent of the price support loan rate to 115 per cent.

If Mundt's proposal, which was opposed by the administration, is defeated, Wheat Belt senators were prepared to try again with an amendment by Sen. Frank Carlson, R-Kan., to raise the resale price of wheat to 119 per cent of support.

Other amendments would limit the amount of government subsidies to individual farmers. Sen. A. Willis Robertson, D-Va., would make the limit \$25,000 for individuals and nothing for co-operators.

Terms of the proposal, which both boards of directors have approved, provide for an exchange of stock.

"There will be benefits for customers through lower loan limits, and such things as trust service, leasing programs and mortgage insurance," said C.

A. Laesch, president of Metamora State Savings and chairman of the board at First National.

In December, 1956, a group of First National stockholders bought the majority interest in the Metamora bank. They also own a majority interest in First National.

INDEPENDENT
Although the banks have been interlocked through ownership and by common directors, the institutions have operated independently.

Laesch said there will be no change in the staff of either bank if the merger goes through.

The milk amendment, offered by Sen. William Proxmire, D-Wis., was adopted on a 57-27 vote.

Proxmire's plan would give individual dairy farmers quotas representing their share of the local market for bottling milk. All milk sold by a farmer within this quota would get a comparatively high price; sales of over-quota milk would bring a low surplus price.

With Humphrey voting, the Senate decided 46 to 45 to adopt the Bass amendment, thus striking out a provision of the farm bill which would have shifted the control of the foreign laborer program to the Agriculture Department.

Labor Secretary W. Willard Wirtz has come under heavy fire this year from various growers and some farm state legislators because of his policy of restricting the number of foreign laborers who come to the United States to help with the harvest. Wirtz has argued that this work should be done by jobless Americans.

The Senate worked another

change in the bill reported by its Agriculture Committee yesterday when it wrote into the measure a milk marketing section.

Deep-Seated Rifts Emerge at Arab Summit Meeting

CASABLANCA, Morocco (UPI) — Deep-seated rifts emerged today at the Arab summit meeting.

Issues in dispute included the liberation of Israeli Palestine, the form of an appeal to end the Indo-Pakistan war and the very structure of the Arab League itself.

Twelve heads of state opened the meeting yesterday. The 13th, President Habib Bourguiba of Tunisia, refused to attend.

He questioned the sincerity and purpose of the league and sharply criticized President Ga-

mal Abdel Nasser of the United Arab Republic.

"Never in the course of the history have the Arabs been more divided, never have they slaughtered each other more ferociously than since the day Egypt took upon herself to unite them," Bourguiba said in Tunis.

CHIEF SUBJECT

Palestine, a perennial source of debate among the Arabs, was the chief subject today. Informed sources said a closed session after last night's opening ceremony was devoted to Palestine.

The sources said King Hassan II of Morocco called for frank discussion and urged the delegates to steer a moderate course. An official communiqué made no mention of the subject.

At the opening ceremony, Hassan warned that disunity in the Arab world would hinder the attainment of Arab goals in Palestine and elsewhere, and said grave harm would be inflicted on the Arab sector if the meeting ended in disarray.

Informed sources said discussion emerged over action on the Kashmir conflict. Suggestions that the Arabs offer to mediate were turned down, as were proposals to call India the aggressor against Moslem Pakistan.

Iraq was said to be preparing a memorandum with proposals for reform of the league. At least five other states were expected to support the memo.

Many members claim the Arab League is ineffectual in its present form. There also have been charges of "domination" by Egypt, which is said to provide about 60 per cent of the finances.

Some sources suggested that the problem of Syrian-Egyptian tension was the subject of a private meeting yesterday between Nasser and President Amin Hafez of Syria.

Rate Increase Hearing

LANSING (AP) — A second hearing on Blue Cross' request for a 5.75 per cent increase in hospital insurance rates will be held Monday in Lansing.

Girlfriend Is Charged in 2 Deaths

FLAGSTAFF, Ariz. (AP) — Sixteen-year-old Dixie Radcliff says she followed her boyfriend, an admitted killer of four, because "I loved him too much to leave him."

Miss Radcliff, daughter of an Amesville, Ohio, minister, said she couldn't bear to watch as the men were killed.

Authorities released Monday the girl's statement on how two New Hampshire men who befriended her and Donald Melvin Boggs were slain.

She said Robert Willis, 23, and Halvor Johnson, 28, both of Newport, N.H., gave them a lift in their car after she and Boggs abandoned a pickup in Oklahoma.

The girl, who was charged with murder Monday in the two deaths, disclosed the beating of a man in Ohio and the theft of two cars before the fatal beating of H. N. Flory of San Antonio, Tex., which authorities say Boggs had admitted.

"The man drove down and Don went over to talk to the man," she said in her statement. "And Don came back in the pickup. I stayed in the car and slept. He didn't tell me anything. He knew I could not stand to see anyone hurt."

Flory's body was discovered in the San Marcos River in Texas. Officers said Boggs also had admitted the slaying in Utah of Warren Leiker, a Brigham Young University student from Elizabethtown, Pa.

Recounting the Willis and Johnson slayings, Miss Radcliff said in the statement the two men "bought food and things for us and Don asked if we should rob them. I said no. I liked them too well and they were nice to me."

"He said it was the only thing to do."

On Sept. 5, the girl said Boggs ordered the two men from the car and ordered her to tie their hands behind their backs.

"They begged and pleaded with him not to shoot them, that they wanted to live. I cried. I then went back to the car. I didn't see it happen but I heard it."

"Don drug Hal off first and then came back and drug Bob off. At first he only wounded Bob and I said, 'Bob, be quiet,' and Don shot him again."

Now—McMaster's is the largest-selling Scotch in Michigan!

Introduced less than 3 years ago, McMaster's now outsells any of the other 67 Scotches in the State. This is the fastest growth of any Scotch in Michigan. Here's why:

McMaster's is aged in the barrel, imported in the barrel, and taxed in the barrel. We save handsomely on taxes and other costs that way, and pass these savings on to you. So instead of the \$7.00 you'd expect to pay for a Scotch this smooth and mellow, you pay only \$4.97 (tax included). Or \$2.50 for a tenth. \$12.95 per half gallon. Sorry, they won't let us sell it by the barrel.

SCOTCH WHISKY. A BLEND. NO PROOF. IMPORTED IN ORIGINAL CASKS BY McMASTER IMPORT CO., DETROIT, MICHIGAN.

FOUR ON THE FLOOR — The son of new Assistant Secretary of Commerce Eugene P. Foley, 21-month-old Paul, crawls over the foot of Vice President Hubert Humphrey (left) at a reception yesterday at the Department of Commerce in Washington. The reception followed the swearing in of Foley, standing next to Humphrey, at the Department of Commerce.

See New Cabinet Dept. Boon to Urban Areas

With the stroke of his pen on a Congressional authorization bill, President Johnson created another cabinet jurisdiction. It became the 11th such Federal department, the seventh to be added since the four Cabinet posts that sufficed for the Nation's first government, set up by GEORGE WASHINGTON.

To be known as the Department of Housing and Urban Development, the new entity will at the outset do little more than supersede on Cabinet level the present Housing and Home Finance Agency — an independent Federal agency.

Housing and Urban will initially be one of the smallest Cabinet divisions. Its personnel will number 14,000, next fewest to Labor Department's 9,000, who will supervise government programs totaling about \$4.3 billion a year.

Despite our deep-seated disaffection with the proliferating Federal bureaucracy, we can see some justification for the new department.

As a consequence of the rapid urbanization of the Country's mushrooming population (it is projected that by the year 2000, 80 per cent of Americans will live in urban areas) the economic, social and government problems arising from the tremendous concentrations of inhabitants are becoming increasingly unmanageable on a local level.

With the establishment of the Housing and Urban Department, the voice of the city will for the first time in history be heard in the high council of government and given the full representation to which it is so justly entitled.

Past Asian Maneuvers Backfire Against U.S.

Unless United Nations efforts to effect a cease fire and workable peace bear fruit, the conflict between India and Pakistan seems likely to become another full-fledged war.

Ironically, the United States with all its emphasis on world peace pretty well set the stage for the present aggression by supplying both countries with the tools of war.

The fact that we beamed up both countries stems from shifts in our evaluation of political forces affecting Southern Asia.

Ten years ago, our State Department lent Pakistan substantial military support as a move to contain the rising tide of Red China.

But the U.S. found itself squarely in the middle when in 1962 we sent war materiel to India to assist in repelling the Chinese invasion of that country.

This action understandably alienated the Pakistanis who, seeing red, promptly allied themselves with the Chinese Communists. A treaty was

Verbal Orchids to —

Mr. and Mrs. Edward P. May of 37 N. Marshall; 56th wedding anniversary.

Mr. and Mrs. Frank Stadler of 5186 Sashabaw; 50th wedding anniversary.
Mr. and Mrs. Henry Brandt of Hadley Township; 52nd wedding anniversary.
Mr. and Mrs. Wilbur Beard of Leonard; golden wedding anniversary.
Mr. and Mrs. Clyde Whitman of Blinfield; 54th wedding anniversary.

signed giving the Chinese special landing rights in Pakistan for a new air route to Africa. This has enabled Peking to send thousands of agents, technicians and agitators there.

All in all, it very much appears that our military chickens have come home to roost.

Delay Is Costly, Deadline Nears

No Truer Words Spoken
'I Could Have Won That'

Of all sad words of tongue or pen, the saddest are these: "It might have been."

Usually you don't associate a classical quotation with pigskin, but in this case no words could be more apropos. For if you don't bestir yourself and get your entry in to the Press' Annual Football Contest by the Saturday noon deadline, you just might be echoing the tragic sentiment come the final game Nov. 27... if you had sat idly by and watched each game turn out exactly as you would have called it.

Not only that, but you'd kick yourself the rest of your life for having let the winner's award of a \$500 U.S. Savings Bond slip through your fingers.

M'gosh! The Japanese have known to commit har-kari for lesser lapses than that.

Well, as the fella said, there's nothing like starting the week off on a note of cheer. But the news isn't all bad, for you still have time to take the entry form (or facsimile), supplicate the gods of grid for guidance and indicate the outcome of each of the 15 games.

After that, you'd better check the rules below to be sure the contest judges can't blow the whistle on you—and then get your handiwork off post-haste. (The only thing faster than post-haste is a small boy headed out of the house for football when he thinks his mother is about to call his signal for a little yard work.)

Good luck.

1. Everyone is eligible to enter contest, but entries are limited to one for each family member. Employees of The Press and immediate members of their families are ineligible.

2. The contest deadline is noon of Sept. 18. Entries must be on hand at The Press by that time. Even though postmarked earlier, they will be disqualified by late arrival.

3. To facilitate handling, please do not enclose entries in envelopes. Affix them to postal cards—or cards of similar size—and address to Football Contest, The Pontiac Press, Box 9, Pontiac. A bonus of another \$50 bond will be awarded if the winning entrant fully complies with this request. Entries may be mailed, or dropped in the newspaper's Huron Street drop box.

4. The decision of Contest Judges will be final on all questions relating to the contest.

David Lawrence Says:

Ruling Hit Arbitrary Integration

WASHINGTON — Discrimination against white children or against white teachers in the operation of public schools in America has just been declared to be unconstitutional in a ruling by Judge F. M. Scarlett of the U. S. District Court of the Southern District of Georgia.

The decision strikes a blow at various schemes being offered in Lawrence different cities in the North as well as the South to create "racial balance" by arbitrarily enrolling students on the basis of color and not educational qualifications.

Judge Scarlett supports his ruling by quoting from decisions of the Supreme Court of the United States, and contends that while segregation of schoolchildren by race or color is no longer permissible, the assignment of students to schools or classrooms by age, ability and mental qualifications is specifically permitted by court decisions.

The new order also forbids continued discrimination against white schoolchildren in those areas where college degrees rather than merit have been used to determine compensation.

Judge Scarlett issued his ruling in a case in which the parents of white and Negro children differed on how the public schools should be desegregated. Judge Scarlett says:

"The court takes judicial notice of the fact that in all well-regulated school systems at all times schoolchildren in general and regardless of race are permitted to progress on a basis of intelligence, ability, achievement or other aptitudes."

"In no case called to the court's attention has it been held that there is any constitutional requirement that children differing in ages and qualifications be educated together..."

"Since the original Brown case (Brown vs. Board of Education) decided by the Supreme Court in 1954 held that only children of 'similar age' and the 'same educational qualifications' are entitled to be classed together in schools under the equal protection clause of the 14th Amendment, this court was free to find and did find upon the unchallenged and unquestioned evidence that in order for schoolchildren to be effectively educated in Savannah, Georgia, they must be separated and classified as to age and educational qualifications."

"Facts thus established are final and are not subject to reversal. It is the law of this case and the law of the land."

Now would seem to be the time to face the problem head-on, while the Senate Appropriations Committee is still considering foreign aid appropriations for the fiscal year ahead.

NO BETTER WAY

What better way to begin phasing out the program than to strike off Pakistan, which is using American-provided jets to bomb its neighbor's territory; and India, which received more U.S. economic aid than any non-European country and is flying Russian-made jets against Pakistan?

In the years since World War II we have given some \$5 billion to India and \$3 billion to Pakistan. The latter, which was once our staunchest ally in Asia, has recently renege on its aid by forging a treaty with Red China.

India, which has never even pretended to be our ally, not only votes against us in the United Nations on major East-West issues, but recently an-

let is upheld by higher courts, it could mean that no state laws or city ordinances could prescribe a percentage system for enrollment of Negroes or whites in public schools, anywhere in the United States.

The basis for enrollment and promotion from grade to grade would be solely educational qualifications and tests. If these are applied without regard to race or color, there would be no legal intervention.

If the ruling by Judge Scar-

Capital Letter:

Ingrates India, Pakistan Don't Deserve U.S. Aid

By RUTH MONTGOMERY

WASHINGTON: Looks like the silly season is on, if the U.S. continues to pour economic aid into India and Pakistan while they set paratroopers, jet bombers and daggers at each other's throats. Who but Red China could profit from such a course?

The time-honored axiom that a nation must choose between butter and guns loses all meaning if Uncle Sam provides the butter so that warring nations can concentrate their own economies on guns.

Not so many years ago, one of the prime arguments for continuing our gargantuan foreign aid payments to "less developed" nations was that otherwise Russia would enlarge her own foreign aid program, and thus her sphere of influence.

Judging by the way we have lost friends and failed to influence peoples of the globe through our donations, it might have been better to let Russia play the thankless Santa Claus role.

Now would seem to be the time to face the problem head-on, while the Senate Appropriations Committee is still considering foreign aid appropriations for the fiscal year ahead.

Voice of the People:

'Economy Is Undermined by Foreign Aid Handouts'

The House foreign aid appropriation of \$4 billion is slightly more than half of aid appropriations which the administration seeks and doubtless will get. The White House juggernaut continues to roll.

Forty Republicans, including party leaders voted for the bill. The Republican party is desperately seeking a cause. One wonders why the party does not unite against this monstrous foreign handout which undermines our economy and is unpopular among taxpayers. The administration is irrevocably committed to enormous foreign spending which has taken us into a position of humiliation. Having poured out \$115 billion on a global scale we find aid recipients view us with scorn. From 1950 through 1964 foreigners heaped 134 insults upon the United States. Today the rich and dynamic United States sends its Secretary of the Treasury, hat in hand, seeking help on how to continue our foreign spending folly and at the same time cure it.

Wire your views on foreign aid to your Senators and Representative.

'Day of Reckoning Ahead for Persecutors'

For over twenty years now the Nazi crimes against Jewish people are making headlines in our publications. Even the Statute of Limitations of German Laws was set aside to extend the time for prosecution of war criminals, and yet very few people care to find out why such hardships were imposed upon the Jewish people.

The persecution under Nazis is but one page of their history and the rest of the pages are almost identical—be it from Moses to Christ, or from Christ to Hitler, and more to come. It is always the same!

The day of reckoning is ahead with punishment more severe than the one inflicted upon Jewish people by the Nazis. "Be not deceived, God is not mocked,"

In Washington:

Massachusetts Dems Eye '66 Race

By BRUCE BLOSSAT

WASHINGTON (NEA)—Massachusetts, one of the two states with direct Kennedy influence, is now drawing its Democratic party politics into a little sharper focus for the major races of 1966.

The likelihood has risen that the U.S. Senate nomination contest will be between Boston's Mayor John Collins and former Gov. Endicott Peabody. Incumbent GOP Sen. Leverett Saltonstall probably will seek another term against one of these two Democrats.

"Both men have a barrelful of problems," says a party leader.

Collins is a loner, a doer, a magnet for campaign money, excellent as a television performer. His problems, it is said, are his political enemies. A top Democrat's comment:

"There'll be a host of guys waiting to give it to him in the back."

Collins also is said to be weak among organization Democrats. The party's advisory committee and its primary thus could prove large hurdles, though the belief is that the mayor would make a strong election run if he could clear the earlier barriers.

Peabody is perhaps more acceptable in organization echelons but is rated a poor bet to beat Saltonstall per se. His loss of the governorship after an ineffectual two

years stands against him. A leader calls him a "good guy who somehow is just not able to articulate."

The governorship is, of course, the real power prize in Massachusetts. It becomes a four-year job year for the first time, and the incumbent Republican, Gov. John Volpe, is expected to try for his third term.

Until his appointment as postmaster general, presidential assistant Lawrence O'Brien was under heavy pressure to seek the governorship despite his reported greater personal interest in the Senate spot.

With O'Brien out of the picture, the Democratic race narrows now to just two or three prospects: Edward McCormack, nephew of the U.S. House Speaker and former state attorney general; State Senate President Maurice Donohue and Kenneth O'Donnell, former White House aide and long-time intimate of the late John F. Kennedy.

Far ranking Democrats in Massachusetts give O'Donnell any real chance. He has been making some appearances about the state, but in view of at least one leader has not hit

the circuit of "weddings and wakes" hard enough to do himself much good.

He is handicapped, too, by having been for many years a strong "no" man in the potent Kennedy organization.

McCormack, who lost a key primary fight to Sen. Edward M. (Ted) Kennedy in 1962, has been pounding the trail since January. Though judgments are mixed, a considerable feeling exists that McCormack's great 1965 effort has not paid off. He is said by some to have failed to generate either excitement or new support.

The other hard runner is Donohue of Holyoke, who was one of only 11 state legislators who backed Ted Kennedy in 1962. Like McCormack, he is turning up now at key events everywhere.

Donohue's evident advantage is that he has the backing of many Kennedy people, plus independent strength of his own. Numerous organization Democrats once with McCormack have switched to Donohue.

Massachusetts leaders think that Ted Kennedy, today is committed only to a watching game, hopeful the governorship race will narrow itself further so a divisive primary blood bath can be avoided.

The wide assumption is that he would prefer Donohue to his old enemy, McCormack. But some think Kennedy could work well enough with McCormack if he should surmount his difficulties and take a clear lead position for 1966.

The Associated Press is quoted exclusively in the use of the word "watching" in this paragraph, as well as all of the other paragraphs.

The Pontiac Press is delivered by carrier for 5¢ a week, and is mailed in Oakland, California, by the U.S. Mail. It is a daily newspaper in the United States. It is published every day except on Sundays and public holidays. It is published in Pontiac, Michigan, at the rate of 10¢ a copy.

Cat-Training Needs Patience, Love, Understanding

By HAL BOYLE
NEW YORK (AP) — There is a lot of nonsense abroad about cats.
For example, when you get a cat for the first time, all your

friends who are cat lovers, warn you sagely, "Cats are a lot different from dogs. You can train a dog, but you can't train a cat." This is ridiculous. Any domes-

tic animal can be trained. The difference is only one of degree. With dogs you simply decide what you want them to do, and then teach them to do it. With cats you work the other way. You find out what they want to do, and then don't bother trying to teach them anything else. The system is infallible.

PERFECTLY TRAINED

As a result of applying this theory, I feel that the cat in our house, Lady Dottie, is perfectly trained.

At first I made the mistake of trying to train Lady Dottie as if she were a dog. For one thing I set out to teach her to stay out of the way.

What I failed to realize was that she didn't want to stay out of the way; the social needs of her nature required just the opposite — that she get in the way of people. It was her way of stressing her importance.

By capitalizing on this rudimentary discovery, I have successfully trained Lady Dottie so that she is now in the way at all times.

IF, IF, IF

If I want to sit on the sofa, she is there. If I want to sit in the only decent easy chair that has a reading lamp by it, she is there. If I want to go to bed, she has beat me to it. If I want to go to the bathroom — well, why should I admit that I am the only man in our neighborhood who has to share his bathroom with a cat?

Friends who visit us sometimes say, "How ever do you put up with Lady Dottie? She's always in the way."

They just fail to realize what a thorough job of training I have done on her.

Teaching Lady Dottie to talk was, I admit, a lot of trouble.

"Can you say meow?" I asked her at least 10,000 times without result. Well, of course, she could — but she just didn't want to.

Finally, the reason dawned on me. Lady Dottie is a modest cat, and doesn't like to use the person pronoun which starts the word meow.

"Can you say ow?" I asked her.

"Ow, ow, ow, ow, ow, ow," she replied eagerly. Now when I am alone she spends most of her time proudly repeating her single-syllabled vocabulary: "Ow, ow, ow, ow."

But if a visitor comes in and I inquire, "Lady Dottie, can you say ow?" she clams up. She looks at me as if I were an idiot.

As soon as the visitor leaves, Lady Dottie comes over, rubs against my legs, and starts talking her head off: "Ow, ow, ow, ow, ow, ow."

Baltimore Advice to Sidewalk Surfers

(EDITOR'S NOTE: Advice to sidewalk surfers in Baltimore. A home menagerie in California. A lobster tale from Maine. Chicken flavor in Delaware. Canine juveniles in Michigan. These comprise plumpies from the U.S. scene this week.)

BALTIMORE, Md. (AP) — Advice to sidewalk surfers: Wear shoes with nonskid soles, and confine yourself to smoothly paved surfaces free of large cracks.

The Maryland Health Department has taken official cognizance of the prevalence of wrist and ankle fractures among 11- to 14-year-olds who ride skateboards.

The boards, about two feet long with roller skate wheels attached under each end, have no brakes and are steered only by body movements.

Ronald Niswander, chief of the department's accident prevention program, cautioned beginners to wait for experience before striving for speed.

OTHER TIPS

He had these other tips: —Do not use skateboards on driveways leading to streets.

—Examine the board occasionally for mechanical defects. —Don't leave the board where someone may fall over it.

MADERA, Calif. (AP) — A household menagerie that contains Andy the Anaconda, Pepe the Monkey and an unnamed alligator is the subject of Madera City Council discussion.

Neighbors of the animal-loving Floyd Feaver family say such pets are bothersome and should be controlled by a city ordinance.

One neighbor, Mrs. Jerry Rogers, told City Atty. Axel Christiansen that Pepe got loose and entered her house. She said the monkey sat on the kitchen table and when she grabbed him, he bit her.

Andy the Anaconda gained headlines recently when he escaped from the Feavers' bathroom by wiggling down the toilet. He roamed the Madera sewer system several weeks and finally reappeared at the sewer treatment plant, none the worse for his experience.

UNDER ADVISEMENT

The City Council has taken the suggested ordinance under advisement.

BOOTHBAY HARBOR, Maine (AP) — There is an unsubstantiated theory that the giant lobsters on the continental shelf are the parent breeding stock of the smaller in-shore lobster. Some lobstermen believe the young of these giants are borne by currents to the coastal areas.

Scientists at the Bureau of Commercial Fisheries' biological laboratory at West Boothbay Harbor are investigating.

Dr. Richard A. Cooper, research biologist at the lab, said his group will soon be tagging lobsters in an attempt to discover whether there is some connection between the two types, and also to check on the lobsters' migratory habits.

SELBYVILLE, Del. (AP) — When the wind blows from the east, west or north, this Eastern Shore Chesapeake Bay hamlet is a lovely place.

When it blows from the south, the 1,100 residents "just go into the house and turn on the air-conditioning."

The reason—so say many Selbyville citizens—is the odor from a chicken rendering plant located about a mile south of town in Worcester County, Md.

"It's enough to wake you out of a sound sleep," commented a resident.

ODOR CONTROL

The plant has two odor control devices, says Bill Cropper, plant manager, and sometimes "it's hard to tell just where a smell comes from."

Selbyville residents don't think so. They've asked both the Maryland and Delaware air pollution control authorities to do something about it, and are preparing to ask the U.S. Department of Health, Education and Welfare to step in under authority of the Clean Air Act of 1963.

PARMA, Mich. (AP) — Fido may lead a dog's life while it lasts, but now he can spend his hereafter in style.

Mr. and Mrs. Lawrence Holbert of this southern Michigan town, will sell his master a deluxe, copperstone, aqua-lined dog coffin for only \$100.

"We laughed for months when somebody suggested them," said Mrs. Holbert. "Then we stopped laughing and went into business."

The caskets, painted copper or silver, will retail from \$25 up, depending on size and style.

BEGAN WRITING

"When people heard we were making them, they began writing," Mrs. Holbert said. "A man in Florida said the old fa-

Formal Demand on NATO Due in '66?

PARIS (UPI) — President Charles de Gaulle may make formal demands early next year for an end to the integrated command structure of NATO, informed French sources said today.

These would be designed to open negotiations with France's allies, the sources said.

If they reject his proposals, the sources added, De Gaulle will go through with his threat to pull France out of NATO by 1969 "at the latest."

In his news conference last Thursday, De Gaulle served notice on other NATO members that he plans to end the integrated NATO setup so far as

France is concerned by 1969, when the Atlantic Treaty comes up for renewal.

Informed French sources said he almost certainly will take no action before the Dec. 5 presidential election. But they said that if he runs for a second term and is reelected, as is widely expected here, he will not wait long before acting.

HASN'T SAID

De Gaulle so far has not spelled out in detail what changes he wants in the NATO structure.

But responsible French sources said he probably will demand that Supreme Allied

Headquarters (SHAPE) at Rocquencourt near Paris should be closed, that the integrated command system under an American supreme commander be ended and that the present setup should be replaced by a series of bilateral pacts between France and other NATO member countries.

This would have the effect, the sources said, of replacing the present closely integrated alliance with a loosely knit alignment of independent national forces, each under its own commander.

French officials said De Gaulle is not likely to denounce the North Atlantic Treaty itself, with which he has no quarrel. Nor, they said, will he probably demand that the NATO council with its headquarters overlooking the Bois De Boulogne in Paris be closed.

CLOSE HEADQUARTERS

But they said he almost certainly will demand the closure of Supreme Allied Headquarters on the ground that it no longer serves any useful purpose.

French sources said De Gaulle's attitude would not be changed by the appointment of a French General as supreme commander, as former President Dwight D. Eisenhower proposed in an interview Sunday.

Most of the cranberries are grown in Massachusetts, New Jersey and Wisconsin.

Michigan Briefs

By E. VAN WAGONER TUFTY

WASHINGTON — Congressman James Harvey, R-Mich., complains that summer postal jobs under the youth opportunities program, set up for children of needy families, was "a real farce." He suspects more politics than need. A post office spokesman explains "the emphasis of the selection was put on preventing school dropouts and 95 per cent of 8,577 hired will use the funds for continuing their school studies."

President James W. Miller, Western Michigan University, served on the American Political Science Association's committee to select a Republican and a Democrat from each House of the Congress to win the association's 1965 Distinguished Congressional Award. At the annual meeting, the winners were announced: Senators John Cooper, R-Ry., and John Pastore, D-R.I., and Congressman William McCulloch, R-Ohio, and Wilbur Mills, D-Ark. The only Michigan member ever to be a winner: Republican Gerald Ford in 1961.

Oakland, St. Clair and Macomb counties have been designated by the White House for inclusion in the food stamp program during this fiscal year. The President's goal: to extend the food program to a million people by June 1966.

As Michigan children return to school, the American National Red Cross plans to ask their volunteer participation in a project to provide 200,000 friendship units to displaced children of South Viet Nam within the next four months.

Congressman William Broomfield, R-Mich., has given his unqualified support to the bill implementing the Canadian-United States Automotive Products Trade agreement. Some 30,000 workers in Oakland county are

employed by the motor vehicles and parts industry, he said.

Chairman Philip Hart, D-Mich., of Senate anti-trust and monopoly committee will hold hearings Sept. 15-17 on three "dual distribution" bills directed at problems arising when a company is not only a supplier of materials for an industry but also makes end products sold in competition.

AFL-CIO Nelson Cruikshank, director social security department, warns elderly citizens are being solicited for enrollment in the medicare program for a price. There are no door-to-door enrollments or fees for any Medicare program.

Fast After Breakfast to End Fast

DETROIT (AP) — A computer that gives a high school student a lunch hour starting at 9:30 a.m. can't be all bad. But it leaves a question.

Valerie Richards, 15, a sophomore at Redford High School was the lucky student. But her mother, Mrs. Fred G. Richards, didn't agree. She wanted to know how a girl could be expected to go straight from breakfast to lunch.

Mrs. Richards put in a complaint and was told by a school counselor: "It can't be helped. These hours are all worked out by a computer and it would disorganize everything to let Valerie change them now."

However, Redford Principal Robert R. Baumgartner said he would work out the problem.

Of the computer, he said: "Naturally a mistake will occur now and then."

Why Are You a Slow Reader?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement," mailed free to anyone who requests it. No obligation. Simply send your request to: way, Dept. 9036, Chicago, Ill. 60614. A postcard will do. Please include your Zip Code.

Norwegians Put Socialists Out of Power

OSLO, Norway (AP) — After 30 years of socialism, the Norwegians have voted out their government and decided to try something new.

According to unofficial figures after Monday's general election, they have given a four-party coalition a surprising majority of 10 in the 150-member Storting for the next four years.

The Socialists were defeated by an upsurge of right and left-wing sentiment among Norway's 2.4 million voters.

There was a record turnout of an estimated 85 per cent of the voters to register the biggest post in Scandinavian politics in decades.

STEADY RULE

Except for a brief interruption, Socialists have ruled in Sweden since 1933 and in Denmark since 1953.

The experts had predicted a close race, so the result was a surprise even to the victors.

The Norwegians will have to wait a few weeks before they know who will replace Premier Enar Gerhardsen, 68.

The coalition named no leader during the campaign and spokesmen said no government would be formed until after the Storting reconvenes October 1.

West German Vote to Be Close; Christian Democrats Likely to Stay Strongest Party

BONN, Germany (AP) — West Germany's election Sunday may bring some important changes in Chancellor Ludwig Erhard's government — or even his own eclipse.

Pollsters agree on one point: The fight is so close it could go any of several ways.

The likeliest seems to be that Erhard's Christian Democratic party will continue to be the

biggest in the Bundestag, the important house of the West German Parliament. Its junior partner in the government, the Free Democratic party, is pretty certain to suffer losses.

If this coalition can go on ruling the country, even though weakened, West Germany's policies are likely to undergo little change.

The government would stand close with the United States for

an integrated Atlantic alliance, but refuse any major aid in the Viet Nam War. It would try to reconcile French President Charles de Gaulle to his partners in the European Common Market, but with small prospect of success. It would seek for better relations to the Soviet Union and its East European satellites, but avoid official contact with the Communist government in East Germany.

The present coalition has a comfortable majority in the Bundestag: 308 votes to 190 for the Social Democrats of West Berlin Mayor Willy Brandt.

If friends of De Gaulle make a good showing, Foreign Minister Gerhard Schroeder could lose his job. The result could be a leaning toward France and away from the United States. If the loss is heavy, there will

be pressure for what the Germans call a "grand coalition" between the Christian Democrats and the Socialists. Erhard has come out against this. He could hardly lead such a government, or even remain in the Cabinet.

NO OFFICE

The Social Democrats have not held national office for a generation.

A government with Socialists in it probably would try harder to find points of agreement with the Soviets, but it would still be anti-Communist.

The Christian Democrats or the Socialists might surprise everyone and win enough seats to rule the country without political alliances.

One result that seems unlikely but can not be excluded: a mi-

nor success for the new right-wing group, the National Democrats. On its steering committee of 18 are 10 former Nazis.

POWER CHANGE

Under law, a party that wins 4.9 per cent of the popular vote gets none of the 496 votes in the Bundestag. A party that wins 5 per cent of the voters gets about 25 seats. The National Democrats predict that it will suc-

cessfully take the 5 per cent hurdle. If it does, the balance of power in Parliament may change.

The chancellor is elected by the Bundestag, not by the popular vote.

Lens of a hawk's eye is so well-muscled that it can transform the eye from a telescope to a microscope almost instantly.

AAUW Book Sale Dates Are Set

Putting up the banner for the 38th annual used book sale are Birmingham American Association of University Women members, Mrs. James W. Harris, Latham Knapp, (left) and Mrs. Donald Knapp, West

14-Mile Road. The sale at the new location—the First Baptist Church on Willits Street—begins Monday at 9 a.m. It will continue all week. Proceeds go to the organization's fellowship fund.

Book lovers will be able to browse and buy next week at the annual used book sale of the Birmingham branch, American Association of University Women.

Monday morning the doors of the First Baptist Church on Willits Street in downtown Birmingham will open. Sale time the first two days will be 9 a.m. to 9 p.m. with a 5 p.m. closing the last three days.

Mrs. Donald L. Knapp, 1965 chairman, is enthusiastic about this year's sale and the new location.

"Facilities are ample to arrange many tables for the vast number of books and records; and the site, easily accessible from downtown parking lots, will be convenient for prospective buyers."

CHOICE ITEMS

Among the interesting books acquired this summer are several art books which belonged to the late Swedish sculptor, Carl Milles, and engraved books by Eddie Rickbacker, Anne Campbell and Edgar A. Guest.

All proceeds of the book sale are used by AAUW for the fellowship program.

The branch contributes many thousands of dollars to the national fellowship fund and gives area teachers grants for advanced study.

Mrs. Joseph Pansa is co-chairman of the sale.

Miss Beale Is Honored

Bride-elect, Marlene K. Beale who will wed Gary Knaus on Saturday was recently feted at two showers. Her coworkers at the Pontiac Press honored her with a shower in the Press lounge.

Mrs. Robert Herrera of East Boulevard was hostess for Marlene in her home for 21 guests at a miscellaneous gala.

The bride-elect is the daughter of Mrs. William L. Beale of Green Street. Gary is the son of Mr. and Mrs. Wilson L. Knaus of North Edith Street.

This Bride-Elect Is Given Shower

Marjorie Janka, bride-elect of William H. Heitjan, was the honoree at a bridal shower in the Oakway Drive home of Kathleen Drouin recently.

Parents of the couple who will wed Saturday are the Louis J. Jankas of Chippewa Road and the Herman Heitjans of Rasok Street.

Marks Anniversary

A tea marking the seventh anniversary of the Cranbrook branch of Woman's National Farm and Garden Association was held in the Bloomfield Hills home of Mrs. Harold Tanner on Monday.

Hostesses included the following officers: Mrs. Edwin O. George, Mrs. Lloyd C. Sherwood, Mrs. William H. Pettibone, Mrs. C. Norman Fry and Mrs. James M. Tenney.

Program chairman, Mrs. Dean Johnson, asked each member to bring a miniature arrangement for Mrs. F. Gordon Davis to judge.

Guests included Mrs. Charles W. Taylor, Mrs. Fred-

College Club Will Dine

Area members of the Barnard College Club of Detroit will resume activities for the coming year at a dinner meeting Thursday in the Women's City Club, Detroit.

The group will welcome Mrs. Edward Pelz, president of the Associate Alumnae of Barnard College, Columbia University.

Officers of the club are Mrs. Daniel Boone of Detroit, president; Mrs. E. S. Hartshorn, Birmingham, vice president; Mrs. Dayton O. Slater, Bloomfield Hills, treasurer; and Mrs. Paul Pearce, Oxford, secretary. Mrs. William Gossett is a trustee of the college.

Teach Tots Etiquette by Actions

By The Emily Post Institute

I am often asked how to teach rules of etiquette to children or teen-agers, and whether there are particular rules which they should be taught.

The most important thing to realize is that etiquette applies to everyone, old and young, and that the best way to teach etiquette to children is the best way to teach anything — by precept, consistency, firmness and example. Children who are spoken to in baby talk and treated as if they were adorable idiots are inclined to act like babies.

But children who are treated as interesting individuals with minds of their own will react by trying to show that they are bright and they are individuals.

Children can scarcely be too young to be taught the rudiments of etiquette, nor can the teaching be too patiently or too conscientiously carried out.

Any child can be taught to be well-behaved with no more effort than patience and perseverance, but to break bad habits once they are acquired is a Herculean task.

JOINT GIFT

Q: My fiancé and I have each received an invitation to the wedding and reception of mutual friends. I would like to know if it would be proper for us to send a joint gift?

A: If your engagement has been announced, it will be quite proper to send a single gift in both your names.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Pair Grooms Guests in Boat Club

Reception in the Oakland County Boat Club followed the recent vows of Judith Ann Graham and Robert Norman Geyer, in the Grace Lutheran Church.

Parents of the couple wed before Rev. Richard C. Stuckmeyer are the Raymond D. Grammas, Sylvan Lake, and the Norman F. Geyers of Saginaw.

BUBBLE VEIL

A bubble veil of illusion complemented the bride's sheath gown and train of white silk organza bordered with Alencon lace, matching her Empire bodice.

She held cascading white Phalaenopsis orchids, ivy and Stephanotis.

With maid of honor, Margo Geyer, were bridesmaids, Betty Fonda, Mrs. Lawrence Cos-

Area Tri-Delt Begins Season With Luncheon

Delta Delta Delta sorority alumnae members living in the Birmingham-Bloomfield-Royal Oak area will attend a fall kick-off luncheon on Sept. 22.

Cocktails will precede the 1 p.m. luncheon in the Birmingham Athletic Club.

Reservations must be made by Sept. 20 and may be called in to luncheon chairman, Mrs. H. O. Mellen.

The Tri Delt executive board will meet at 10 a.m., Thursday at the Birmingham home of Mrs. John E. Lane.

Plans will be discussed for fall benefit sale scheduled for October.

Soroptimists Meet, Plan

The Soroptimist Club of Pontiac opened the new season at a dinner-meeting Monday at Fortine's Steak House.

Mrs. Bud Holmagne, vice president, presided in the absence of the president.

Plans were completed for the annual benefit sale Oct. 2 at Four Towns Methodist Church, Cookey Lake Road.

Projects for the club's philanthropic projects for 1965-66 were also discussed.

VFW Auxiliary Makes Donation

At a recent meeting of the City of Pontiac Auxiliary to Post 1576, Veterans of Foreign Wars, donations were approved. The VFW Natigook Home at Eaton Rapids, will be the recipient of these donations to be used for Christmas and New Year parties.

Mrs. Donald Moore was named trustee at the meeting where Mrs. Robert Almas outlined the final plans of the benefit sale to be held Friday and Saturday in the post home on South Saginaw Street.

MRS. GLENN E. WHITE

Bride Dons Lace Dress for Vows

A period style gown of Chantilly lace over tulle was worn by Helen Elaine Cunningham for recent vows with Glenn Eugene White, son of Mr. and Mrs. Forrest White, Sashabaw Road, Independence Township.

Daughter of Mr. and Mrs. Earl Cunningham, Broadway Street, Davisburg, the bride held a colonial bouquet of carnations, lily of the valley and roses for the candlelight rite at First Methodist Church.

Rev. Clyde Smith officiated. Bridesmaids were Sue Russell and Janis Cunningham, sister of the bride. Junior bridesmaids were Debbie Mires and Melissa Morgan.

Gerry White was his brother's best man, ushering were Roger Budle and Francis Comstock.

After a church reception, the couple left for Holly where they will make their home.

grove, Mrs. David Braun, Linda Layton and Mary Walther. Sandra Kelly and James Cowper were flower-girl and ring-bearer.

Randolph Garber was best man. Ushers included James

Norris, Fredrick Miller, Stewart Kiermer, James Mahar and Carl King.

The couple was graduated from Michigan State University.

Wed Saturday in the Grace

Lutheran

Church were

Judith Ann

Graham,

daughter of the

Raymond D.

Grammas,

Geyers of

Saginaw.

MRS. ROBERT NORMAN GEYER

Miss Clark Joins Staff at Cranbrook Center

New supervisor of the Young People's Art Center of Cranbrook Academy of Art, Patricia Clark, an academy graduate, and former teacher in the Redlands (California) school system.

She succeeds Glen Michaels, Birmingham artist, who resigned last June.

Miss Clark received her B.S. degree from Bemidji State College, Minnesota, and her

M.F.A. in 1964 from Cranbrook.

In California she was an assistant at the University of Southern California Idyllwild School of Music and Art.

The new supervisor has exhibited actively, including the New York Graphics Annual in Potomac and the recent All California Printers Show in Sacramento.

CLASSES START

The first semester of art classes for young people seven through 19 will begin Sept. 28 and run through Dec. 4.

Ninety-minute classes are conducted Tuesdays, Wednesdays and Thursdays from 4 to 5:30 p.m. with three sessions on Saturdays beginning at 9:30 a.m., 1 p.m. and 3 p.m.

Enrollment blanks may be secured by calling Cranbrook Institutions, Academy of Art.

Bride Gowned in Organza for Ceremony

Recent vows were taken in St. Benedict's Church by Suzanne Irma Strine and Howard Lee Ball.

The Rev. Richard W. Thomas officiated for the couple whose parents are Mrs. Evelyn Strine of Oakbrook Avenue and Howard C. Ball of Calvert Street.

The bride was gowned in white silk organza with a chapel train. Her fingertip veil of illusion fell from a crown and she carried white roses and carnations.

Dianne Strine was maid of honor for her twin sister and Sue Beyett was bridesmaid.

Standing as best man was Douglas Stapleton and ushering was Raymond Ball.

Waltz Hall was the reception setting.

Will-O-Way to Present a Comedy

Fall repertory season for Will-O-Way Apprentice Theatre opens at 8:40 p.m. Thursday with the comedy "Oh Dad, Poor Dad, Mamma's Hung You in the Closet, and I'm Feeling So Sad" by A. L. Kopit.

Performances slated for three weekends will be at the theatre on West Long Lake Road. The road is open to cars going to Will-O-Way, though repairs have closed it to through traffic.

Other show dates are Friday through Sunday, Sept. 24-26 and Oct. 1-3.

Lead role of Madame Rosepettle is played by Celia Merrill Turner, director of the school, who also is directing "Oh Dad." Peg Kroschot of Birmingham alternates in the lead. Robin Turner of Bloomfield Hills plays a juvenile lead.

"Oh Dad" had a long off-Broadway run in New York City. The comedy concerns a mother visiting pre-Castro Havana with her dead husband (complete with coffin), Venus fly trap plants and man-eating piranha fish.

Reservations may be made by calling Will-O-Way Apprentice Theatre.

Consideration of Others Isn't Being Hen-Pecked

By ABIGAIL VAN BUREN

DEAR ABBY: Do you think it's unreasonable for a wife to ask her husband please to phone her if he knows he is going to be late for supper?

My husband is sometimes anywhere from one to three hours late and I worry myself sick. He forbids me to call his office because he doesn't want to look like a "little boy" who has to report in.

I realize that in his line of work he is asked to stay longer to work after the office closes, but he has telephones all around him and it would take only a minute to call me and relieve my mind.

Will you please comment on this, Abby?

TIREDD OF WAITING

DEAR TIREDD: When one knows one will be late, untold hours of anxiety could be spared by a telephone call.

I once heard of a young man who, after cooling his heels for over an hour in an outer office, was finally invited into the Big Boss' office for that final job interview.

Halfway through the interview the young man asked, "May I please use your telephone, Sir, to let my wife know I'll be late?"

The Big Boss replied, "Go ahead — the interview is over. Report to work on Monday. A man who is THAT considerate of his wife can't be a poor risk."

DEAR ABBY: Last night we had two couples in for dinner. One man brought a transistor radio, tuned to the baseball game.

When I announced dinner, he brought the radio to the dinner table with him, and it

blasted away all during dinner. After dinner we played cards, and he kept that thing alongside him, still going strong the entire time.

Is this to be condoned, even in this age of casual manners? He reads you. Please give your opinion. Thank you. DEAR HURT: Strikes and balls don't mix very well with spades and hearts. Your guest was off base and should have been thrown out during the first inning.

CONFIDENTIAL TO WORRIED HUSBAND IN BEAUMONT: Apparently your wife has been bending her elbows in the wrong joints. Drive her to work in the morning and keep the car.

Shock Youngster Into Thoughtfulness

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: Isn't a girl of 14 old enough to take some pride in her things? This spring we did over our daughter's bedroom in the hope she'd take more pride in keeping it nice.

But if I don't make her bed and hang up her clothes, it is left in the same old mess she used to keep it in. I am ashamed to have anyone look into it.

She knows I've all I can do looking after our two younger children but she is so thoughtless.

ANSWER: Why don't you stop making her bed and hanging up her clothes? We don't get thoughtfulness from children by performing these jog-trot services for them. We don't get it by making beds for them or by hanging up their clothes. Into such routine services we can put so little thoughtfulness of our own that

they can't stimulate responding thoughtfulness in the child.

To get thoughtfulness from them we have to shock them by breaking out of routine attentions to give special ones.

For example, if we really meet them at the door on a hot day with an iced drink.

Or we will see to it that a daughter gets privacy to study before a school test, cracking down on younger brothers and sisters who try to interrupt her.

Or after a day of stiff exams we'll prepare a favorite dessert. It is this kind of special attention that gains us special at-

tention from the child. The iced drink at the door shocks her into appreciation of our ability to feel with her feeling of heat on a hot day.

We find ourselves receiving thoughtfulness in return—awareness, for instance, of our need for special service on the eve-

ning company is coming to dinner.

If we can deliver these special attentions, we can omit the routine ones like making beds and hanging up clothes for 14-year-old people.

The thing is, you may not want thoughtfulness from your child. What you may want is her obedience and a tidy bedroom.

They are not the same thing. Thoughtfulness is always the creation of the person who shows it. It has no relation to obedience's routine submission to orders.

You'd better make up your mind whether it's obedience or thoughtfulness you want from this child. Unless you can decide, you won't get either one.

If it's her obedience that you want, write me a letter that says so and I'll do my best to respond to what may be your real complaint about her.

Mr. and Mrs. Billy B. Brazel of Onagon Trail announce the engagement of their daughter, Billie Jo to James David Absher, son of Frank Absher of Genes Drive and Mrs. Della D. Absher of Percy King Drive. Summer vows in 1966 are being planned.

Home Course Reveals How to Entertain

When was the last time you entertained someone in your home? Perhaps you would be embarrassed if you answered that question honestly. The real answer is often a lack of condensed information on how to entertain with minimum of effort and maximum success.

HOME COURSE If this is your problem, you will want to get a copy of a home study course, "Guides for Entertaining," offered by the Pennsylvania State University. Condensed, clearly and systematically written, the course teaches you to plan your entertaining in advance. This helps you to be a more gracious hostess and helps to create a relaxed atmosphere for your guests.

There is information to help you decide what kind of party to have, whom to invite, how to issue invitations, and the importance of budgeting your time and money. Menu guides, with recipes included, aid you when choosing food for coffee hours, receptions, dinner parties, or buffets.

Bonus sections in the course discuss good grooming practices, choosing the correct clothes for the occasion, and children's parties.

Writers' Conference Set for Oct. 16 at Oakland U

Sixty published authors will lead round-table discussions on creative writing at the fourth annual Writers' Conference at Oakland University on Oct. 16.

The conference is sponsored by OU's Division of Continuing Education and the Detroit Women Writers' Club.

Round-tables are scheduled at each of four periods on short stories, articles, books, juvenile works, and drama. There will also be a choice of two round-tables at each period on editors and markets. A new feature this year will be the Poets Corridor. Writers will be able to choose from three events in this category.

Other features of the conference will be a display of marketing aids and magazines interested in free-lance material; a display of Michigan books by the State Library; and a book sale and manuscript criticism service.

Reservations may be obtained through the Division of Continuing Education, Oakland University. Fee for the day is \$10.00 and includes luncheon.

Lions Obtain Guard, Quarterback in Trade With Washington

George Izo,
Ted Karras
With Detroit

Cogdill Out 6 Weeks
as Deadline Nears
for Player Limit

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

The NFL player limit of 40 has to be reached by midnight tonight and the Detroit Lions' roster keeps shuffling about like the game of musical chairs.

Gail Cogdill, was reported out for six weeks with a fractured kneecap suffered against Washington Sunday, and it was figured his absence as an injured player would bring the roster down to 41.

This afternoon however, the Lions obtained offensive guard Ted Karras and quarterback George Izo from the Redskins in exchange for Darrel Dess and a draft choice.

Karras, the brother of Lions' defensive tackle, Alex, was traded last week to the Skins by Chicago for guard George Seals, but he refused to report and asked to be traded closer to his Gary, Ind., home, preferably to Detroit.

Dess came to the Lions three weeks ago in the three way trade involving Earl Morrill going to New York.

Ted Karras, who is in the 8th season in the NFL since leaving Indiana University, is 31 years old, standing 6-1 and 245 pounds.

Dess is 30 years old at 6-0 and 255 pounds and also in his 8th year of pro ball.

NO. 1 CHOICE
Izo, a Notre Dame graduate, went to Washington in 1961 in a trade with the St. Louis Cardinals. He was the Cards' No. 1 choice in 1960.

In four seasons he has completed 49 of 153 passes for 41 per cent and 98 yards. He had 18 interceptions.

A resident of Bensenville, Ill., Izo's biggest claim to fame in the NFL was the 90 yard TD pass and run play against the Browns in 1963. He passed from his own one yard line, hitting Mitchell on the 44 with Mitchell going the 54 yards to score.

This year in exhibition season play, he completed eight of 22 passes and had four intercepted, playing behind Shinner, Jurgensen and Dick Snider.

Cogdill has had a long list of injuries since joining the Lions in 1960, playing with a broken finger most of last season and finally missing the final three games with a dislocated shoulder.

Detroit's pass receivers as a unit have always been considered the best in the league with Cogdill, Terry Barr, Jim Gibbons, Pat Studstill and recently acquired tight end How Kramer.

Rookie John Henderson from Michigan, a 6-3 and 190-pounder, backs up Cogdill at split end and, now on good position to stay with the club.

On several occasions, the Lions employed Gibbons and Kramer together in the lineup and it is expected that this may be a common situation this season.

Cogdill holds the Lions career record for yards gained passing with 4,399 in his six years.

Celtics' Coach Would Deal

BOSTON (AP) — For the first time in several years, Coach Red Auerbach of the Boston Celtics is willing to sit down and talk trade with National Basketball Association opponents.

"I'm interested if anybody else is," Auerbach said Monday after sending the Celtics through their first two workouts at Babson Institute in nearby Wellesley.

"I'm watching carefully," he added. "Meantime, I'm just working them hard. I want them in the best shape ever this year. The whole league will be after us and we'll have to really go to win it."

Dayton to Test Pontiac Saturday

Arrows Play Like Monsters of Midwest League

They're calling the Pontiac Arrows the "Monsters of the Midwest Football League."

They're even comparing them to Michigan's point-minute teams back at the turn of the century.

After whipping Flint 61-0 in the opener and mauling Sturgis, 74-0 last Saturday night, the Arrows will get their strongest test this weekend against the Dayton Colts.

With basically the same

team that finished third in the MFL last year, the Arrows got a big boost when they added ex-Lions' rookie Karl Sweetan to do the quarterbacking.

Together with a beefed-up defense could run off with the Midwest Football League title, or become complacent and falter against Dayton and Lansing the league's two strongest challengers.

Dayton whipped defending champion Lansing 26-7 two

weeks ago, and last weekend Lansing trounced Flint 35-6. This leaves Pontiac and Dayton as the unbeaten in the MFL and that should be settled Saturday night.

CONNECTS FOR FIVE
Sweetan connected on five TD passes, ran for 61 yards and two touchdowns and added seven extra points.

"He is a fine runner and is one of the most deceptive bootleg quarterbacks I have

ever seen," said Pontiac coach Lyle Wells. The modest Sweetan returned the laurels to his pass protection. "The pass protection the guys up front are giving me makes it easy to find the receivers," said Sweetan.

The Dayton team is filled with many ex-collegiate players from colleges in Ohio and Sweetan, who has yet to get his pants dirty, will find out how good he and the Arrows may be.

The game will start at 8:00 p.m. Saturday night, with advance tickets at numerous locations in the Pontiac area.

Without rain or cloudy threats, the game could draw 4,000 people to Wiser Stadium.

The Arrows will have two more home dates after the Dayton game. They play at Milan and Lansing before returning to Wiser Stadium

Oct. 10 for a test against Milan.

Then it's on the road again for games with Dayton, Sturgis and Flint. The Arrows will play their season finale in Pontiac Nov. 6 against Lansing.

MIDWEST FOOTBALL LEAGUE STANDINGS

100th TIME — San Francisco Giant centerfielder Willie Mays raps out his 500th homer of his career (upper photo) and when he crosses home plate he is met and congratulated by teammate Willie McCovey. The homer went into left-center stands of the Houston Dome Stadium. The Giants defeated the Astros, 5-1.

Giants Pad Margin as Mays Hits 500th

By The Associated Press

San Francisco's 500th plus 22 plus 11 equals 24. And that's the largest lead any National League team has had in a month.

The San Francisco Giants continued opening up the one-hitter race Monday night, defeating Houston 5-1 behind Willie Mays and Juan Marichal.

Mays, who has lost 10 games, was booed by the Houston fans, but that didn't bother him as he scattered eight hits, tying Sandy Koufax as the winning pitcher in the majors, completing his 24th game and reducing his stingy earned run average to 1.79.

Marichal, who has lost 10 games, was booed by the Houston fans, but that didn't bother him as he scattered eight hits, tying Sandy Koufax as the winning pitcher in the majors, completing his 24th game and reducing his stingy earned run average to 1.79.

The home run for Mays, his 47th this season, came at the start of the fourth inning on a 3-1 pitch from Don Notestadt. It tied the game 1-1 and triggered a four-run rally that put San Francisco ahead to stay.

It also put Mays in a select class with Babe Ruth, 714 home runs; Jimmy Fox, 534; Ted Williams, 521; and Mel Ott, 511.

While it is virtually impossible for the 34-year-old Mays to catch Ruth, he very easily could pass the other three before the end of next season. When he hits his 512th, he will become the greatest home run hitter in the National League. Then when he reaches 535, he will be the greatest right-handed home run hitter in both leagues.

After Mays drove his homer into the center field stands — he hit the first in his career in 1951, he hit the first in his career in 1951, he hit the first in his career in 1951.

It was the third in four decisions for the 29-year-old right-hander since he was suspended

Pistons Open Camp Minus Reg Harding

Seven-Footer Fired by Detroit After 2nd Brush With Law

DETROIT (AP) — Reggie Harding is finished with the Detroit Pistons, and probably in the National Basketball Association.

"I like him," Pistons player-coach Dave DeBusschere said as the team opened practice Monday in suburban River Rouge. "He's a very coachable ball player. But now I'm finished with him."

"I don't know how Mr. (Pistons owner Fred) Zollner feels," he added, "but as long as I coach the Pistons, Reggie Harding will never play another game for this team."

Pined an NBA record \$2,000 for misconduct last week, the seven-footer Harding was picked up in an alleged after-hour drinking establishment less than 36 hours after he issued a public apology and promised to stay out of trouble.

ON WAIVERS
He was fined \$5 or 30 days in jail by Recorder's Judge John O'Hara Monday. The Pistons place him on waivers and almost simultaneously, NBA Commissioner J. Walter Kennedy announced Harding's indefinite suspension. If no one claims Harding for the \$1,000 waiver price, the Pistons will release him.

"I don't feel so good, Harding said after being sentenced, "because I'm losing my job."

Meanwhile, DeBusschere has 15 players working out in camp. Leading scorer Terry Dischinger was missing. He's in the army. Bill Buntin has not yet come to terms.

The No. 1 draft choice from the University of Michigan is the team's lone holdout.

General Manager Don Warkick admitted "we're a long way apart."

Buntin, negotiating through his attorney, reportedly wants \$30,000 in salary and bonuses.

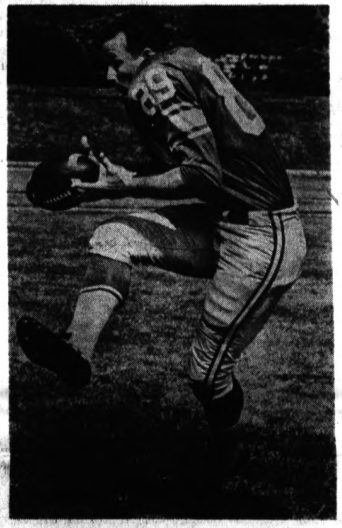

He will be playing in his 145th game tonight when the Tigers continue their bid for a second place finish in a two-nighter at Baltimore.

Werk has drawn praise not only from the Tigers but from rival managers and players.

"It's too bad he isn't hitting now. He'd have a good chance to make the All-Star team," a visiting manager said early in the season.

He is the quiet third baseman who said he was happy to get his tenth home run simply because "it looks better on paper," is the only Tiger to appear in every game this season.

THATCHER GRABS HONOR
Day's Sanitary Service catcher Bob Thatcher was voted the Sporting News Best Baseball Player award in the annual Waterford Invitational Softball Tournament that concluded Sunday at the Drayton Plains diamond.

Pontiac Press Photo

SIDELINED — Star pass receiver Gail Cogdill of the Detroit Lions will be watching the next six games from the sidelines. After X rays revealed a fracture of the kneecap suffered in Sunday's game with Washington in Canton, Ohio, a cast was placed on the knee for Cogdill.

Improved Player

BALTIMORE (AP) — It's almost no contest when one comes to picking the most improved Detroit Tiger player this year.

Pitchers Joe Sparna and Denny McLain deserve a lot of credit for their combined record of 25-12, compared to 7-18 at this stage last year.

But for the most improved all-around player, Don Wert's record can't be beaten.

Wert, the quiet third baseman who said he was happy to get his tenth home run simply because "it looks better on paper," is the only Tiger to appear in every game this season.

Wert's fielding has never been a question. He was the third best third baseman in the league last year and has committed six fewer errors so far this year.

And, more important for the Tigers, he has started to hit. He has added 31 points to his batting average since the All-Star break, bringing it to .272.

Wert's fielding has never been a question. He was the third best third baseman in the league last year and has committed six fewer errors so far this year.

Wert's fielding has never been a question. He was the third best third baseman in the league last year and has committed six fewer errors so far this year.

3rd Down Play Lions' Problem

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

If the Detroit Lions continue their inconsistent offensive pace during the regular season, there will hardly be any bent blades of grass in the area from the 30 yard line to the goal line.

With a good ground attack to go with a passing game which was once considered pretty good, the Lions haven't been able to find that key play when in the shadows of the goal post.

Each of the five teams in exhibition play found the Lions easy prey on third down plays.

In 60 series of plays in five games, the Lions can show only two long sustained drives of note, 78 yards against Cleveland and 78 yards against the Eagles for touchdowns.

The four other touchdowns they were able to score, the Lions had to drive only 6 yards, 51 yards, 22 yards and 50 yards.

Of the 60 series of plays they had the ball, only 10 were converted into scores with 34 plays failing on third down and the others lost by punts or downs.

SHUTTLES CALLS
Coach Harry Gilmer used a shuttle system between Terry Barr and Pat Studstill in the second half of Sunday's game in Canton, but for the second time in five games the Lions failed to get a touchdown.

Milt Plum has had good success in the past against the Rams, and it can be break that barrier from the 20 to the goal line, it could be the tonic the Lions need to get moving.

These statistics show the starting points and the finish of Detroit drives and how the Lions have failed on third down situations by penalties, fumbles, interceptions and lost downs.

LIONS VS. EAGLES
(Lions Had Ball 13 Series of Plays)

Distance of Drive New Drive Ended Scoring
Detroit 10 to Philadelphia 2—Field Goal 9 yards 3 points
Detroit 35 to Detroit 40—Lost on fumble
Detroit 12 to Detroit 15—Lost on pass interception 4 points

Detroit 22 to Washington 20—Lost on interception
Detroit 29 to Detroit 41—Ball lost on fumble

NFL Casualty List Grows

Layne With Cards; Browns Trade

ST. LOUIS, Mo. (AP)—Bobby Layne, former National Football League star quarterback who resigned recently as assistant coach of the Pittsburgh Steelers, was hired today as assistant coach by the St. Louis Cardinals.

Layne took up his duties today with the Cardinals, who are in St. Louis preparing for the season opener Sunday in Philadelphia. Layne will work with the St. Louis quarterbacks.

Layne left Pittsburgh when coach Buddy Parker resigned.

BROWNS TRADED
CLEVELAND, Ohio (AP) — The Cleveland Browns traded defensive tackle Mike Bundry to the New York Giants Tuesday for a draft choice.

The transaction cut the Browns' roster to the 40-player limit for the opening of the Na-

tional Football League season Sunday.

The Browns acquired Bundry from the Minnesota Vikings for a draft choice after tackle Bob Gans suffered a fractured leg last Oct. 4.

Bundry, 26, a top lineman for Southern California in 1961, is in his fourth season of professional football. He was a sixth-round draft choice of the Detroit Lions for the 1962 season. The Lions traded him to Minnesota last summer.

VIKINGS CUT
MINNEAPOLIS-ST. PAUL (AP) — The Minnesota Vikings released two backs and a defensive end Tuesday to meet the National Football League's 40-player deadline.

Cut, without right of recall, were Darrel Lester, fullback; Dale Hackbart, defensive

back, and Bob Taylor, defensive end.

Lester, from McNeese State, was a ninth round draft choice in 1964. Hackbart, a star at Wisconsin, was released by the Washington Redskins in 1964 and signed this year as a free agent by the Vikings. Taylor, from Maryland State, came to the Vikings in a trade with the New York Giants.

Casualties, and today's prime pro football topics.

Included on that list are Gail Cogdill, the Detroit Lions' fine pass receiver; defensive back Lennie Sanders of the Washington Redskins; linebacker Larry Stallings and defensive back Abe Woodson of the St. Louis Cardinals; and punter catcher Bucky Pops and defensive end Lamar Lundy of the Los Angeles Rams.

roduced the game as a training aid to his pass receivers claiming that it improves their hand and eye coordination. Players are Tom Cassese (left) and John Vittas (right).

More than 63,000,000 adults are presently without High School Diplomas. These people have been held back from better pay because they have never completed High School.

State Education Departments were deeply concerned with this "DROP-OUT" problem. Exams were set up to qualify these

Recent government reports show that a person who has a High School Diploma earns \$120,000 more during his lifetime than a non-graduate. This means that a High School Diploma could be worth \$3 to the worker. So why are they held back from better pay? Like Squeezing Balloon

Dollar Loss Frustrating

By ADREN COOPER

WASHINGTON (AP) — The U.S. balance of payments problem has been compared to a balloon which is pushed out in one place and it pushes out somewhere else.

This description by Secretary of Commerce John T. Connor illustrates the frustration some government officials feel in grappling with the dollar drain.

Twice within a two-year period, government officials have conquered segments of the problem only to have trouble appear in another sector.

The United States has been running a deficit because government outlays for military operations overseas and foreign aid, and private expenditures abroad for imports, investments, loans and tourism are greater than the receipts from foreigners.

PROBLEM TWOFOOLD

The problem stems, in part, from the great wealth and a high standard of living in this country. Our tourists have more to spend; our bankers have more to lend.

Sometimes actions to correct the payments imbalance run counter to national policy — overseas military operations, for instance — and they are usually ruled out.

Here is a sampling of some solutions which have been suggested:

How about shutting off foreign aid? This would keep several hundred million dollars at home but it would make only a dent in the payments deficit, which ran at \$1.1 billion last year.

CAUSES NO DRAIN

Officials say that 80 per cent of foreign aid is in the form of U.S. goods and therefore does not represent a drain on the dollar. They say this figure will be increased to 90 per cent.

How about bringing some troops home from Europe? In the case of West Germany, where aid is in the form of goods, troops would be headquartered there, which would be no saving since the government there has agreed to match dollars spent with purchases of military goods in this country.

However, moving troops out

However, moving troops out of Europe would be a drain on the dollar. The Pope also announced the establishment of a special synod of bishops which he will convene for consultation and collaboration when he sees fit.

EPISCOPAL SYNOD

Pope Paul said the episcopal synod would be composed largely of bishops from the various episcopal conferences around the world.

The pontiff said the special synod, or senate of worldwide bishops would be of use in the day-to-day work of the Roman Curia.

Gov. Wisner

Root Cellar to Be Dedicated

Dedication of the restored root cellar on the former Gov. Moses Wisner's Pine Grove estate will be tomorrow at 3 p.m. on the grounds at 405 Oakland.

The public recreation will take place in conjunction with the annual meeting of the Oakland County Pioneer and Historical Society, according to Mrs. Donald E. Adams, president.

Reclamation of the root cellar, which had served the family for several generations began in 1962.

The rebuilding caved in largely as a result of bricks being pulled out.

Authorities agree that it would have probably never fallen down had it not been the victim of the unceremonious and curious.

ROCHESTER Announces

THE ART AND APPLE Festival

SEPT. 16th to 19th

1 CHILDREN'S ART in this tent is devoted to "Art in Education" showing the best works of children from the Rochester community schools art program.

2 This tent will feature the arts and crafts sponsored by the Rochester branch of the Women's National Farm and Garden Association.

3 Local residents whose jobs or hobbies are of an arts and crafts nature will display their work in this tent.

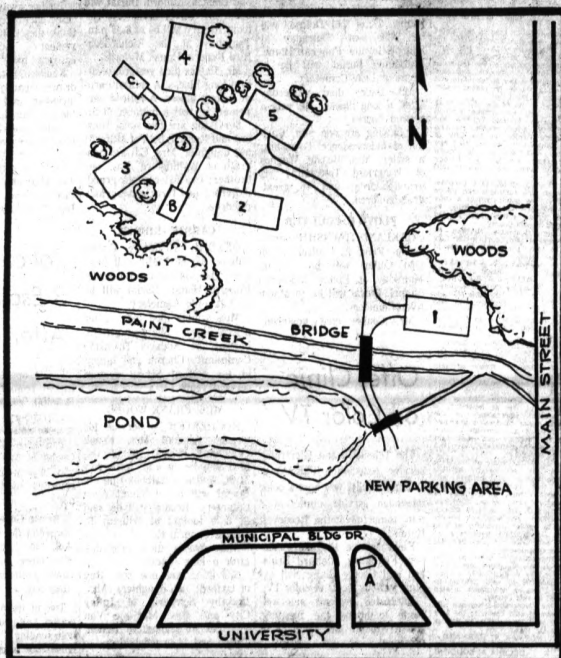

4 Tent No. 4 is the "Sunday Painters" exhibit showing the work of area residents whose hobbies are painting.

5 This is to be a fine arts exhibit by professional Michigan artists, sponsored by the Rochester Junior Women's Club.

A This tent will house the Detroit Institute of Arts Mobile Art Van, sponsored by the Newcomers' Club of Rochester.

C In this, the On-The-Spot artists tent, visitors can have their portraits done in oil, water color, charcoal, silhouette and other media for a small charge.

Come One-Come All!

In addition to all the colorful and interesting art exhibits there will be many other delightful activities. There will be three \$100 prizes for the best painting, best sculpture and best graphic art, and a \$200 prize for the best work in the show.

There will be plenty of cider and doughnuts for your enjoyment. And every day the Ladies of the Confraternity of Christian Mothers will prepare and serve a new and delicious apple recipe, at a nominal cost. All of their recipes will be available for purchase in book form for only 50c each.

The Door to Higher Education—2

College Major Lifetime Investment of Years, Money

(EDITOR'S NOTE: This is the second article in a nine-part series designed to help those planning to attend college. The series is written by John C. Hoy, dean of admissions at Wesleyan University in Connecticut.)

BY JOHN C. HOY
Written for Newspaper
Enterprise Assn.

If anyone in your family plans to go to college, you should all take an honest look at the size

of the human investment ahead. In all likelihood parents will be investing between \$10,000 and \$18,000 for tuition, room, board, books, travel and incidental expenses during the four-year period.

And since college-age men and women have reached the productive age, it is estimated that any one of them would be capable of earning somewhere between \$12,000 and \$20,000 had they not gone to college for four years.

These material statistics are called to a family's attention to point out that the decision before any college candidate is no small one, even by one of its relatively minor yardsticks, the dollar.

A college education is without question the largest single investment most people ever make in themselves. But there are other factors of even greater weight.

SIGNIFICANT PERIOD

Four years carved out of one's youth is a significant period of time. How these four years are invested can substantially alter the individual's approach to all the challenges to be faced in the five or six decades of life after college; colleges have the pe-

culiar power of shaping the aspirations of their graduates.

If this investment of dollars, earning potential and four formative years is made unwisely, the price of the mistake can be the costliest parents or their offspring ever will have to face.

At the extreme—and too often the extreme is realized—the child may never have the opportunity to fulfill his potential. Thus this person's capacity for making a satisfactory way in the world may seriously be damaged.

The price for this is often spelled out in dissatisfaction throughout life and a probable loss of hundreds of thousands of dollars in earning potential.

HIGH DROPOUT

Unfortunately, there are more wrong than right decisions made about college. During the last half century more than 50 per cent of students who entered college in this country became dropouts.

Add to this staggering percentage the number of students who merely "got by" or who finished although they ended up in the wrong school or majoring in the wrong course. One begins to realize how much thought and effort is required to turn the odds in the favor of any student.

But the odds can be turned in one's favor providing the student is willing to give enough careful thought to the selection of a college and to the reasons for deciding to attend a particular school in the first place.

The student should never be allowed to back into the choice of a college. Instead, the choice

must be made with eyes wide open. The candidate must be very much aware of all the alternatives.

Young men and women must think and plot a campaign designed to familiarize themselves with the possibilities open to them in higher education. They must clarify their own philosophy of higher education and what they want to accomplish during these last years of formal preparation for life.

To plan wisely it must be recognized that men and women of 17 or 18 are essentially the persons they will become after youth has passed. Therefore, if they do the right job of assessing their potentials, their strengths and weaknesses, they will have made a good start toward the right college decision.

And it is extremely important for parents to realize that this is the time to allow the young adult to make his own decision and live with it.

Unless young adults can make this decision on their own, they are not ready for college.

DIFFICULT FOR PARENTS

This reality—that their child, ready to enter college, is already a young adult—is difficult for many parents to accept.

Once this self-appraisal has been made, students themselves must decide which college can do the best job of recognizing their potentials and helping them refine these potentials.

The process of a college education, after all, is usually more a refinement of potentials than a process of acquiring new ones.

BILL PUGH

PAUL TEMERIAN

Grid Growth Continues in Prep Ranks

By JERE CRAIG

Oakland County's 1965 kickoff Friday night will find 11 coaches starting their initial campaigns at the helm of their present schools.

That's a 25 per cent turnover in the varsity football coaching positions at county prep schools. Include the change at neighboring Lapeer and the total switches are 12.

On the job training appears the key to landing one of the berths at the 22 Class A, 12 Class B, 9 Class C or 1 Class D schools.

Nine of the 11 county mentorships, plus the Lapeer job, went to men who were already serving as assistants. While the new coaches are familiar with their opposition, very few have actual previous experience as No. 1 men.

Only Gerry Neidlinger, who replaces popular Walt Braun at Oxford, has as much as three years past experience as a head coach. Neidlinger moves to Oxford from the north.

Waterford Our Lady of Lakes was the other school to look elsewhere for a replacement. Mike Boyd of Saginaw will make his coaching debut at WOLL in place of Bob Mine-weaser.

Mineweaser, who was runner-up in point of service to Rochester Gene Konley, has retired.

Other new coaches, all who have been promoted, include: Bob Hamilton at Clawson; Paul Temerian at Royal Oak Kimball; Elden Haller, Holly; Ed Bryant, Southfield; Dick Tyler, Farmington; John Moffat, Waterford; Bill Pugh, Orionville; Brandon; Don Hofsinger, Lamphere; Tom Scullen, Oak Park; and Lapeer's Sid DeCou.

In the past decade, the number of schools has climbed by approximately one fourth. The number of schools having a Class A enrollment has jumped almost four times, from six to 22.

Since 1955 the number of Oakland County high schools has grown from 32 to 44.

Only in parochial competition has there been a league realignment this season. The Northwest Catholic League lost four teams and added four. The new teams are Detroit St. Rita, Detroit St. Francis deSales, Ferndale St. James and Highland Park St. Benedict.

St. Michael, St. Frederick and Waterford Our Lady now have joined the Macomb Catholic League and Detroit St. Agatha, the other departed Northwest member, is in the Southwest Catholic League.

A change in the Oakland A League, probably one in the Tri-County League and even perhaps one in the Inter-Lakes are still at least two years off.

Egad! Hoople Is Back

By MAJOR AMOS B. HOOPLE
Peerless Prognosticator

Egad! Hmmmph! Another pigskin season is upon us and my dear readers I am sure you are anxiously awaiting my daring, authoritative, prognostications.

The season gets started early with the colleges and pros starting together the first week, but enough chit, chat, lets start the crystal ball rolling.

Now good friends watch for these first week shockers, Georgia to topple mighty 'Bama, 20-19; Maryland to cage the Nittany Lions of Penn State, 22-12 and watch this — TCU to break Nebraska's pre-season No. 1 bubble, 15-13.

Want another exciting shocker in the pro ranks, Washington 28, Cleveland's world champions, 24.

Now on with the others:

Notre Dame 30, California 8
Michigan 26, North Carolina 12
Michigan State 25, UCLA 15
Oregon State 14, Illinois 8
Iowa 21, Washington State 16

Syracuse 15, Navy 7
Florida 19, Northwestern 13
Army 19, Tennessee 18
Auburn 8, Baylor 6
Georgia Tech 21, Vanderbilt 7
Washington 30, Idaho 7
Detroit Lions 17, Rams 17
Packers 40, Steelers 7
Colts 33, Vikings 30
Cowboys 27, Giants 21
Cardinals 28, Eagles 16
Bears 17, Bears 14

County's Top 1965 Gridder to Be Honored

Thom-McAn Bronze Award Is Presented by The Press

By DON VOGEL

Several Oakland County prep gridriders will turn in performances good enough to make the various all-star teams selected after the ball takes its final 1965 bounce, but only one will find that a football shoe no longer fits.

It won't be because the player's foot has grown during the season. He'll find that the shoe has been covered with bronze.

★ ★ ★

This season marks the 10th year for the Thom-McAn Football Award presented to the county's top prep by The Pontiac Press. Former winners have gone on to achieve recognition on college teams.

Three of these former recipients are playing for the Michigan State varsity this fall and another is on the freshman team.

Steve Juday, a senior from Northville won the bronze shoe in 1961 and is the starting quarterback for the Spartans. One

of his back-up men is Chuck Lowther who took the 1962 honors while playing for Royal Oak Shrine.

Ron Ranieri, sophomore linebacker at MSU, followed

RUMINSKI in Lowther's footsteps a year later for Shrine.

The 1964 winner was big Roger Rumsinski, the All-Stater from Walled Lake. A 6-4, 265-pound tackle, Rumsinski is with the Spartans' freshmen team.

Coach Duffy Daugherty of the Spartans has lured five of the last six bronze shoe winners to the East Lansing campus.

Charlie Brown, who took the honor in 1959 while playing for Pontiac Central, went on to become a starter at guard for the Spartans. The 1960 winner, quarterback Mike Brown of Ferndale, enrolled at Iowa.

The first three winners went to the University of Michigan.

Walled Lake's John Walker, the first to receive the "boot" in 1956, became a starting fullback for U-M before injuries hampered his career.

Lou Pavloff of Hazel Park won in 1957 and went on to play guard for Bump Elliott's "Raiders" — the Wolverines' defensive specialists.

John Lucadam, a quarterback from West Bloomfield, started at Michigan and later transferred to Hillsdale where he was a regular on coach Muddy Waters' gridiron powerhouses.

M. BROWN

JUDAY

LOWTHER

RANIERI

John Shada Continuing Coaching Success Habits

A coach who four times was a Soup Bowl finalist, and won one Goodfellow Game city title while at Detroit St. Anthony, now has the top coaching record among Oakland County prep mentors.

Ferndale St. James' coach John Shada has spent the last six of his 27 years in coaching at the county high school and his worst season there is a 5-2 mark two years ago.

The 49-year-old ex-University of Detroit line and backfield coach — and former three-year regular Titan guard — has compiled a 43-7 record at St. James.

No ties are included in the 50-game record, but two Detroit Catholic Divisional playoff titles, two unbeaten seasons of 9-0, and 18-game and 11-game (current) winning streaks are.

His .860 winning percentage is

one of four area coaching success records of .800 or better. Walled Lake's Dave Smith upped his mark to .840 with another excellent record last season. He is starting his 10th year there.

Ferndale's Frank Joranko is another consistent producer of winning teams, having an .833 success mark for four seasons.

TWO SEASONS

Bud Webster has only spent two years at Farmington Our Lady of Sorrows, but the Lancers have won 12 of 15 games for him, an .800 tempo.

★ ★ ★

Rochester's Gene Konley is the dean from point of service for coaches within the county. He is starting his 22nd campaign there, and has won .700 per cent of the 180 games played. Konley's 126 victories exactly double Smith's runner-up total.

The next longest county tenure now belongs to Madison's Frank Crowell with the retirement of Waterford Our Lady of Lakes' Bob Mineweaser.

Although Crowell is entering his second year at Madison, he also had 12 campaigns leading Avondale's hopefuls. Ron Horwath of Northville is starting his 13th season.

Crowell and Konley run one-two for the dubious distinction of witnessing the most defeats. Crowell has lost 59 times and Konley 51. During his 21 years, the latter has only seen three tie games.

★ ★ ★

Shada at St. James has emphasized the sport successfully enough that of less than 200 boys in the four-year school, almost 40 per cent turn out for football.

RON HORWATH

Statistic Bureau Works Overtime

NEW YORK—(NEA)—Apparently, this is the time of year when sports statistical departments work overtime.

The National Football League recently announced that its games average two hours and 31 minutes.

The longest game of 1964 was between the Philadelphia Eagles and St. Louis Cardinals (3.01) and the shortest was (2.06) between Baltimore and Green Bay Sept. 26.

KEEPING IN TOUCH — Quarterback Bill Harrington, a Pontiac schoolteacher, keeps in touch with a spotter during the Pontiac Arrows game with Sturgis at Wisner Stadium. Bill got into the game and tossed a touchdown pass as the Arrows won, 7-0.

PCH Hopes '65 Start as Good as Finish in '64

CLEARING THE PATH—Pontiac Central tackles Tom Jenkins (75-left) and Mark Post (74) clear the way for half-

back Karl Williams in a pre-season drill. Handing the ball off to Williams is quarterback Jerry Murphy.

Flint N., PCH Also Have Support

Wolves Again Rate Backing in SVC

Bay City Central stormed to a Saginaw Valley Conference football championship two seasons ago, and although success can be short-lived in the tough league, the coaches haven't forgotten.

The Wolves were picked to repeat last season but were only runner-up to a potent, unexpected Saginaw Arthur Hill grid machine.

The favorite's mantle again goes to BC Central, however, and Flint Northern is once more picked to be second.

STARTING CHIEF — Half-back Don Lavalais is expected to be in the starting lineup Friday night when the Pontiac Central Chiefs open the 1965 season at Saginaw Arthur Hill.

Last year's champion, Arthur Hill, was relegated to the second division in the pre-season balloting then and again is only considered among the middle three or four teams.

Pontiac Central, which will begin the season Friday night at Arthur Hill, has drawn some watchful eyes around the loop as its sophomore starters of two years ago now are blossoming into maturity as seniors.

The Chiefs will not encounter BC Central until November. If they can learn to take the ball into paydirt once they drive inside the opponents' 20-yard-line, it could be a title showdown at Wisner Stadium.

If there is a darkhorse contender among the league teams not drawing much pre-season support, that might be either Flint Central or Midland.

The latter has several backfield letter winners back, including two-year quarterback Bill Anderson, but will have to bolster its line.

The Indians of Flint have speedy Lewis Patton at halfback and improving Rod Jones at quarterback, plus several big linemen moving up without varsity experience.

Bay City Central has size, experience, confidence and depth (it had an intra-squad "elimination" scrimmage last Friday).

Coach Elmer Engel has 57 varsity candidates — 23 seniors, 27 juniors — to decide upon.

Many of the juniors are moving up from an unbeaten SVC junior varsity champion. Among the senior regulars are passer

Tom Kennel, runners Jim Osborne, Lon Miller and Rollie Auman, and 6-5, 217-pound right end Dennis Wirgowski.

Neighboring Bay City Handy was winless last year, although perhaps five of the losses could have been wins with a break or two.

Flint Southwestern has a fine fullback in Buck Yancey but may lose him when his family moves.

Missing No. 77 Big Loss

"Number 77 is missing," coach Paul Dellerba commented recently.

The veteran Pontiac Central coach could have been referring to the efficiency of his line in practice.

Actually, Dellerba was referring to the replacement uniform for the one all-state tackle Neal Peterson performed so valiantly in last season.

This is not a season in which the coach feels he'll have to talk about what's missing; rather, he has pluses to discuss for a change.

"We expect our club to improve on last year's record," the PCH mentor boldly states. The Chiefs, with a largely junior and sophomore lineup, closed strong for a 4-5 log over-all.

All the victories came in the last five games. The three key positions left open by seniors were the tackle spot of Peterson, one end berth and fullback.

Center Bob Hadden also graduated but Marv Quince is back at the pivot; while the reserve team last year was strong at the terminals and at fullback from where 5-10, 210-pound junior Ben Williams advances.

RETURNEES

Jerry Murphy and Don Lavalais return at quarterback, and halfbacks Ken Seay, Kary Williams and Art Wiggins have experience and versatility.

Leroy Jackson and Sylvester Robinson, both two-year letter winners at guard strengthen the line. Tom Jenkins should see extensive duty at tackle as well as Jim Shorters at end.

The PCH line, which is small compared to many in the Saginaw Valley Conference, will hope to add some size in juniors Bob Boyce, a 180-pound end, and Keith Dextron, a 190-pound tackle.

Dellerba in five seasons has never had a winning record in the SVC. His only winning record was a 4-3-2 mark over-all in 1960, his first year at the helm.

The prospect of a successful campaign looms; but much could depend on the effort put into Friday night's opener at Saginaw Arthur Hill, a rugged customer.

The Chiefs' defense lagged at the outset last season, and until the 1965 offense clicks, it may be their defensive unit that determines how high PCH will climb in the standings.

WARRIOR CHARGE — Opponents can look for a hard charge by Birmingham Brother Rice strong side blockers Don Kacy (left), Greg Murphy (middle) and Jack Bode.

The Warriors broke a two-season losing streak by beating nearby Groves last November and want to develop a successful surge in the win column.

Brother Rice Prospects Now Bigger, Brighter

Coach Joe Pascuzzi finally broke the ice last November in the final game of the season for Birmingham Brother Rice.

After two years and a 14-game losing streak, the Warriors handed Pascuzzi an initial victory over nearby Groves.

Now the coach and his assistants, as well as the returning 12 letter winners have a positive footing off which to spring into the new season.

"We're very much improved," Pascuzzi states. "How far we go will depend on the boys themselves."

There are returnees with size and experience included on the growing varsity roster at Brother Rice. In fact, the size is enough to make even the basketball coach envious.

ASSISTANT

Bill Norton, who coaches the cagers, is one of Pascuzzi's aides and he's probably keeping a close eye on 6-5, 205-pound junior fullback Don Parks, 6-6, 240-pound sophomore end Lee Hart and 6-5, 185-pound senior end Terry Sinn.

The first two are both letter winners who are big boys in coach Pascuzzi's grid plans.

Teaming with Doug Keating at the other terminal, Hart offers obvious potential to the passing attack of signal caller Paul Lutz. He'll also play a lot of defensive tackle since his bulk makes him one of the biggest gridders in the county.

The running game has good newcomers in halfbacks Greg Pilette, Carl Gromek and Gary Theunig who should help make the powerful fullback Parks better.

The offensive blocking is one area the coaches are working to improve, building around team captain Wayne Ferstle at guard and Jim Belknap at tackle. Ed Shaffo and Don Kacy are promising tackle candidates.

DeLaSalle Sunday afternoon

ROUGH RUNNER—Brother Rice of Birmingham has Dan Parks at fullback to build its running attack around. The Warriors will open their league home season at 2:30 p.m. Sunday against Detroit DeLaSalle.

Country Day Returnees Could Add to '64 Wins

Coach Larry Masteller had a pleasant beginning at Detroit Country Day school in Birmingham last fall.

The Golden Anniversary season for the Yellow Jackets saw them post a 5-3 mark that broke a recent surge of losing campaigns and the coach developed some players who should help them for several seasons.

Chief among those were Bob Davenport, Steve Tarczy and Chuck Stilec. They are among 10 letter winners who returned this fall to claim regular berths.

The versatile Davenport was a starting end last season and

now as a junior he has been moved to halfback as a 5-11, 175-pounder. It is hoped he'll overcome the loss of the graduated 1964 scoring leader Jon Marks.

BACKFIELD

A good blocker and hard runner, Davenport should complement 170-pound sophomore Tarczy who was a backfield regular as a freshman. Also returning is passer Gary Hourihan, leaving only the wing back slot without an experienced candidate.

★ ★ ★

Guard Stilec will probably team with Al Knoblock and 165-pound center Dick Logie to provide the blocking up the middle.

At one tackle will be 6-4, 170-pounder Rick Fenton and Jack Larking will hold down one end berth. Canadian transfer Doug Turner will be a linebacker at 5-10, 180 pounds.

The defensive secondary appears to be a weak point and Masteller is working hard to repair it. Lack of bench strength could become a serious problem if injuries plague the Yellow Jackets.

Last year's team lost two of its final three games due to similar shortcomings.

★ ★ ★

Webberville, which provided a stepping stone to last year's winning season, will visit Country Day Saturday morning for the 1965 opener.

Fitzgerald Eyes 1967 Switch

Fitzgerald will bow out of the Oakland A League in another year to join an all-Warren loop, but before the Spartans depart they want to claim another football championship.

★ ★ ★

And this might be the season.

Coach Al Drath is working with 19 lettermen. Biggest depth is in the backfield. Finding adequate line replacements appears to be the only major problem.

Fitzgerald placed fourth last season and Drath admits he expects the team to improve this year. But he doesn't mention a contender's role.

Coaches from the other league teams, however, regard the Spartans very high.

Leading the returnees will be end and linebacker Bob Dacey, halfback Ken Mooney and end Mike Cieslak.

Tackles Jerry Clark, 210 Peter MacKenzie, 230, and Pete Leinonen are the biggest of the veterans.

In 1931-32 PCH was a member of the large Southeastern Michigan League which included Mt. Clemens, Birmingham, Royal Oak, Port Huron, Monroe, Ann Arbor, and Jackson. The Chiefs were 6-1 in 1930 and 8-0 champions in 1931.

Port Huron 11 Makes Debut

Making its gridiron debut this fall will be Port Huron Northern, a new school which will play a junior varsity schedule this fall and move into the Eastern Michigan League in 1966.

★ ★ ★

The Port Huron Huskies has a couple of promising linemen on the squad — center Chuck McNell, 6-2 and 208 pounds, and tackle Dale Larson, 6-1, 231-pounder. Both are juniors.

NAME: Dave Schmidt
PNH RECORD: 1-8
COACHING RECORD: 16-12
SYSTEM: Multiple T
ASSISTANTS: Tommy McCormick, Art Thomas, Arnie Wilson, Tony Pizze, Herc Renda and Dale Fussman
COLLEGE: Illinois

RETURNS — Junior John Backalukas returns to the Pontiac Northern defensive line after lettering as a sophomore. He was injured, though, and must show he has regained his mobility following a knee operation last season.

TRANSFER — Fullback Dan Couture has switched from the blue and white of St. Michael to Pontiac Northern's red and white this fall.

In 1958, Pontiac Northern entered the football scene by playing a sophomore schedule only, with a final record of 1-2-3 (three ties) under coach Ed Heikkinen.

PNH Looks Ahead

Huskies Trying to Forget '64

The players and coaching staff at Pontiac Northern would like to forget about last year.

The '64 campaign was a bad one for the Huskies. Real bad. They won their opener and then proceeded to drop their next eight.

But 1965 promises to be a better year. Not a championship year, coach Dave Schmidt insists, but at least an improvement on the 1-8 mark of '64.

And there's a lot of room for improvement — offensively and defensively.

Last year's crop of Huskies managed to score only 42 points while permitting the opponents 179. Simple mathematics indicates that the team needs more of the former and less of the latter.

Schmidt, starting his second season as head coach, and the Huskies finished on the bottom of the Inter-Lakes League with an 0-3 record last year.

WON OPENER

The Huskies open the season Sept. 17 against Troy on the Colts field, and no doubt Schmidt and the squad are, looking forward to the contest.

Troy (7-0) was the only team to fall to PNH last season and the Huskies would like to start the season the same way.

There is enough talent returning from last year to suggest that 1965 will definitely be a better year.

Leading the team will be quarterback Bill Curtis, a 165-pound senior, who spurred the 1964 Huskies to three of their six touchdowns, passing for two and running over for the other.

Curtis has a good arm, and if the pass protection holds up, the Huskies could eat up a lot of yardage through the air.

DOUBLE DUTY

Another veteran in the back-

field is halfback Bruce Tippin, a 165-pounder, who may also see some action at the quarterback post.

Tippin is rated as one of the team's top receivers and he is expected to handle the kicking chores.

Some of the other candidates for backfield jobs are fullback Boyd Cryer, a 155-pound senior; Keith Denton, 160-pound halfback; Karl Har-

rison, 155-pound halfback; and 165-pound fullback Larry Rayner.

Northern will have a heavy line anchored by 240-pound Troy Bell. The 6-3 Bell will hold down the center position and he may also see some duty on defense.

Other big men on the line will be tackles John Backalukas (190), Ed Canady (215), Tom Kelley (220) and Dave Miha-

cialist will be Ron Rayner, a 150-pound end who may see more action this season with the offense.

Among candidates for the guard posts are Don Dunn (165) and Frank Harper (150).

Some of the other promising linemen include Chris Giles (160-end), Chuck Highfield (160-center), Tim Lorenzen (165-end), Bob Page (150-end), Jim Rich (160-center) and Mike Souden (155-end).

HUSKIES IN TIGHT — The PNH offensive formations will feature both split and tight ends. Battling for the latter role are Chris Giles (left) and Frank Harper. Giles

probably has the early edge based on some fine showings last season. The Huskies will clash with Troy Friday night in their opener.

Waterford Chief Threat

Vikings Picked to Take I-L Title

The only question unanswered in the Inter-Lakes League, at

least at this stage of the proceedings, is in what order will the other three teams in the league finish behind Walled Lake.

Making Walled Lake anything but the favorite in the league race would be almost unthinkable. The Vikings have won the title six years in a row, sharing it on one occasion, in 1959, with Southfield.

The Vikings finished atop the heap last year with a 2-0 mark, followed by Waterford (2-1), Farmington (1-2) and Pontiac Northern (0-3).

PNH and Waterford are expected to field improved squads and Waterford is picked as the team to provide the most opposition for the Vikings.

Farmington is starting the 1965 campaign under a new coach — Richard Tyler, who spent the past eight years as an assistant coach with the Falcons.

LOST 14

Tyler lost 14 lettermen and he faces the task of building a squad around the nine letter winners returning.

Among them are Mike Wilson, quarterback and team cocaptain who stands 5-11 and weighs 145. Wilson's a good passer and runner.

One of the players Tyler is counting on to catch a few of Wilson's passes is junior end Gary Twinkle, a 6-2, 195-pounder who has a pair of good hands.

And a candidate for All-County honors is expected to be the Falcons' little guard, Mike Perry, a senior, who is the other co-captain.

Inter-Lakes League
The consensus:
1. Walled Lake
2. Waterford
3. Pontiac Northern
4. Farmington

Forecast Looks Good for Waterford's Grid Skippers

Veteran Backs Bolster Hopes for '65 Team

Coach John Moffat Starting First Year With WTHS Unit

This could be a big year for the Skippers of Waterford Township High School.

Maybe even a championship year.

New coach John Moffat, who moved from Kettering to WTHS during the winter, welcomed 10 lettermen from the 1964 squad that racked up an impressive 6-2-1 record.

Those two losses came at the hands of Walled Lake's Vikings (30-0) and Kettering's Captains (13-6).

★ ★ ★

The scores could change in both this season.

Although the crop of returning lettermen is small in numbers, it's rich in talent.

QB RETURNS

Among those returning is quarterback Rick Ziem, a 6-1, 180-pounder who is starting his third year at the helm for the Skippers.

★ ★ ★

Another standout on the '64 unit who's back is Dave Farris, a 6-2 senior end, who rates as the club's top receiver and handles the kicking chores.

Coach Moffat, a kicker during his college career at Hillsdale, has been working with Farris, and it will be no surprise if Farris is called upon to kick field goals in a close game. He has been booting 20-yards through the up-rights in practice.

A couple of speedsters after running back positions are Dave Kline (165) and Dave Roemensky (155), who could also spell Ziem at quarterback.

Moffat's heaviest candidate for a running job is Paul Thomas, a 6-1, 180-pound junior. Another senior among the running backs is Dick McDowell, 5-9 and 165 pounds.

HOLES IN LINE

Missing from the '64 squad are several linemen who held down key positions, and Moffat's main task will be to fill the line spots.

The line will be built around guard Mike Lewis, a 5-9, 185-pounder who is starting his third year as first stringer.

AWAITING OPENER — Waterford center Steve Green and quarterback Rick Ziem are getting their signals down pat in preparing for the 1965 football season. The two will be in the lineup when the Skippers open the season Friday at home with the West Bloomfield Lakers providing the opposition.

14 Lettermen Returning

Walled Lake Facing Tough Foes

Walled Lake's Vikings will be good. The only question is: How good?

The team is facing the toughest schedule in its history, a slate put together by coach Dave Smith to give the squad a shot at some of the so-called "top teams in the state."

1964 Record

WALLED LAKE	OPP.
14 Royal Oak Kimball	19
27 Berkley	12
30 Waterford	0
27 Farmington	0
19 Detroit Eastern	7
52 Pontiac Northern	7
27 East Detroit	0
48 Plymouth	13
26 Southfield	20

NAME: Dave Smith
COACHING RECORD: 63-11-1
WALLED LAKE RECORD: 63-11-1
SYSTEM: Multiple T
ASSISTANTS: Leo Folsom, Tom Evans, Andy Zerban, Bernie Stafford, John Shadford
COLLEGE: Michigan State

Year after year, Smith and Vikings have piled up impressive victories, but they seldom attain the publicity heaped on such teams as Ann Arbor and East Lansing.

That could change this year. Both East Lansing and Ann Arbor are on the Walled Lake schedule, a schedule which offers no rest.

The outlook is good.

FEW HOLES

"We have a few holes to fill, as always," says Smith, adding, "but we hope to field another good squad."

★ ★ ★

"Our biggest jobs will be replacing All-America tackle Roger Ruminaki (now at Michi-

gan State) and the schedule. It's a schedule which should provide a real challenge to our squad."

The chief candidates for Ruminaki's position are Rick King, a 5-9, 230-pounder, Fred Ferguson, 5-9 and 195, and Ron James, a 5-11, 215-pound newcomer.

Some of the other talent on the Vikings' line will be Dennis Brandt, a junior 180-pounder who will play guard or tackle, and center Terry Klein, a 6-2, 230-pound junior.

In all, Smith has 14 lettermen back from last year's squad and most of them saw a lot of action.

STRONG POINT

One of strongest points on the

Vikings squad is at quarterback where Terry Lehman, 6-0, 185-pound senior, will be working.

★ ★ ★

Lehman held the reins last year in the club's 8-1 season, and Smith expects him to be even better this year.

The slender Lehman has an accurate arm and he can run from the T-formation when the occasion arises.

Among the candidates for the halfback positions are Ken Lewis, a 150-pound senior, Russ Heron, a 6-0, 180-pound junior and Russ Streeter, a 5-11, 155-pounder.

★ ★ ★

Trying to land the fullback berth are Lon Snook, a 5-10, 210-pounder, and E. Gus Maragos, a 145-pound junior.

Difference of Opinion Noted in Coaching Ranks of EML

There's a little difference of opinion over in the Eastern Michigan League.

Roseville coach Bill Sherman, asked how he rated the league, offered: "It should be East Detroit and Mount Clemens."

"East Detroit and Roseville," said Mount Clemens coach Dick Chapman.

"Roseville and Mount Clemens," says East Detroit coach Ron Ruzzin.

At any rate, none of the three give Port Huron much of a chance of repeating as champion in the four-team league.

ON TOP

Port Huron wound up on top last year with a 2-0-1 record, followed by East Detroit (2-1), Roseville (1-2) and Mount Clemens (0-2-1).

On paper Roseville and Mount Clemens rate an edge.

Port Huron lost a lot of its scoring punch with the graduation of Bob Wedge, who scored 55 points last season, and the team has too many holes to fill to remain in the running for the top spot.

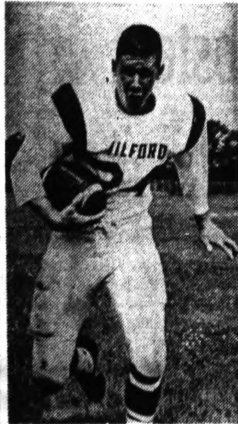

East Detroit has a lot of talent but lacks experience, so the club is expected to start slow and finish with a bang.

Roseville will have a line that

will average 204 pounds, and despite graduation losses, coach Sherman will have a veteran team on hand.

USED JUNIORS

"We started spotting our juniors in on offense and defense in the last five games of 1964," said Sherman. "Toward the end of the season they were playing one half to three-fourths of the games."

Pontiac Press Photo

VETERAN — Mike Yeager is the lone returning regular in the Milford backfield.

Quarterback Chuck LaPointe (6-1, 195) will work with Gene Tutecki (6-0, 185), Greg Panches (5-8, 164) and fullback Al Kru-lock (6-0, 196) in the backfield.

Along the line, Sherman has guards Jim Fell (200) and Bill Ryan (206). At center is Richard St. Mary, a 185-pound senior.

Slated to start at tackle are Mike DiVito (215) and Bob Baldwin (210).

Mount Clemens will also toss a big line into the title battle.

BIG MEN

Heading the big men will be tackle Dick Harder, 5-11 and 240 pounds, who'll be working with Chuck Yonka, a 6-3, 207-pounder.

Chapman has some talent returning for the backfield where Byron Sheats will call signals.

Bob Harvey, a 5-10, 190-pounder, is expected to get the call at one of the halfback posts and Roscoe Herring (5-11, 185) is getting the call at fullback.

The consensus:
1. Roseville
2. Mount Clemens
3. East Detroit
4. Port Huron

Sets Record for Rookie

Charley Taylor, Washington Redskins rookie rusher last fall, caught 53 passes, a record for a National Football League running back.

BALL-HAWKING BACKS — John Kampsen (left) and Bob Von Bargen expect to do a lot of ball hawking in the defensive secondary for the Kettering Captains. Both saw offensive duty last season. The Captains will open defense of their Tri-County League title Oct. 1st at Romeo.

Lapeer Has Graduation to Offset

The football fortunes at Lapeer were down last season when the Panthers won only once in eight starts and finished fourth in the Tri-County League race.

The Lapeer eleven seems restricted to a spoiler's role in the championship battle again this season, since only eight letter winners are returning.

Former assistant coach Sid DeCou moves into the varsity job at the Lapeer County school with a long background in the gridiron sport.

The strength for this year's Panther squad appears to lie along the line where there are five letter winners, although none at guard. Two experienced quarterbacks return also, but the running backs are mostly new boys.

BIG BOYS

Norm Nicklas (225-pound tackle), Mike Blazo (190-pound tackle), Denny Sweet (180-pound center) and lanky ends Dale Haddrill (185) and Mike Bradshaw (190) lend size to the line.

Pat McKenna and Dave Rice will probably both see lots of backfield action although each has lettered at quarterback. Dave Spaulding is the only experienced runner.

The home opener is with Port Huron Northern Sept. 24th, a school which is just starting football. The Panthers will visit Flushing Friday night to start the season.

1964 Record

LAPEER	OPP.
0 Flushing	7
6 Saginaw McArthur	12
14 L'Anse Creuse	14
13 Oxford	12
7 Romeo	15
6 Waterford Kettering	30
0 Davison	19
7 Waterford	26

Major Rebuilding Job Starts at Kettering

Jim Larkin has become a construction superintendent at Waterford Kettering.

The highly successful football coach is supervising a major rebuilding job on the Captains' football team. Gone are 22 lettermen who helped lead Kettering to an 8-1 record last year and the Tri-County championship.

Only six return.

While bemoaning the graduation losses, Larkin quietly lists his team No. 1 in the pre-season Tri-County outlook.

An ambitious non-league schedule also faces the Captains, including this week's opener at improved Lake Orion and later tests with North Farmington, Port Huron Northern, Pontiac Northern and Waterford Township.

Steve Allen, a 190-pounder, is the only double letterwinner among the returnees. He will play in the line, probably at guard. Center Ken McLean, 190, is the only junior back. The others are seniors.

Kettering's strength, from an experience standpoint, appears to be in the backfield.

Al Wilson and Lyle Cooper are veteran halfbacks and Bob Casevill is a letterman fullback. Although quarterback Jon Kampsen is on hand, he saw only limited duty as a signal caller last season.

Expected to push Kampsen is junior Dick Miceli. Jerry Harkkey is another newcomer challenging for a starting berth.

Also missing from Kettering's football scene is assistant John Moffat.

He now holds forth as head coach at Waterford Township. Moffat and Larkin will pit strategy Nov. 12 when the two schools clash in the finale that can make a successful season for the winner regardless of the overall record.

MOVES UP — Junior quarterback Dick Miceli will have first shot at the signal calling for Kettering this season. Miceli had no varsity experience last year but was outstanding on the reserve squad.

Oxford Has Outside Chance

Tri-County Chase Seems Two-Team Affair

If there will need be a new fitting for the Tri-County League crown, it should be known following the opening night of championship play Oct. 1st.

The two apparent contenders for the loop diadem will meet that night at Romeo. Defending champion Waterford Kettering will be the visitor.

The only other member of the five-team circuit with the possible makings of a contender is Oxford. Both Lapeer and Mount Clemens L'Anse Creuse have key graduation losses to overcome.

They each could develop into stumbling blocks, however, for the contenders.

Romeo is hungry for the title and seems confident of getting it. The Bulldogs will be practicing toward the league opener all this month.

Kettering has been hit by graduation, too, but isn't ready to fall down before its league foes because of that fact. The Captains' junior varsity last season was a talented one and has a winning habit to maintain.

KEY LOSS

L'Anse Creuse could be a fac-

tor based on its second place finish last season, but the Lancers must find a replacement for the departed Randy McConnell, the loop's top quarterback.

Fullback Steve Skelton and end Randy Payne could provide the necessary field leadership if someone can take over the passing.

Oxford has a new coach in Gerry Neidlinger; but the Wildcats also have a speedy, experienced backfield and some heft along the line. Depth could be a problem.

Lapeer's coach also has changed, and so has most of the roster. Last year's team, which finished fourth, graduated 20 letter winners.

★ ★ ★

Unless Romeo's hopes are all realized, this year's loop leader shouldn't overpower its opponents as Kettering did last season.

★ ★ ★

Injuries and the weather always can noticeably affect the outcome of a game, and upsets may decide the laurels when the final horn sounds.

TRI-COUNTY

The forecast:	1. Romeo	4. L'Anse Creuse
2. Kettering	3. Oxford	5. Lapeer

Broncos Need Victory

When Western Michigan University opens its 1965 season with University of Louisville in Kalamazoo on Saturday afternoon at 1:30 p.m., it will only mark the fourth meeting with the Cardinals in a four-game series. The Broncos will have to win the game if they expect to even the all-time series because the Cardinals lead it two to one now.

Optimism Runs High for Romeo Bulldogs

Optimism runs high in the current Romeo football camp; whether it is lacking substance will probably be learned Friday Oct. 1st on the Bulldogs' own gridiron.

That night defending Tri-County League champion Waterford Kettering will visit the Romeo eleven to open the 1965 loop season for both.

Last October a good Romeo squad visited Waterford and lost 12-0 to a talented Kettering unit that dropped only one game all season.

Coach Stan Motschenbacher enters his third season with what he feels is the best material he's had at Romeo.

"We have several fast and hard-hitting backs, plus an experienced line with more weight than we have had, and some real fine ball players coming up from last year's jayvee team," he notes.

Two-year letter winners Bob

Rowley (a 6-2 end) and George Tanner (160-pound scatback) will likely key the Bulldogs' offense. Frank Czajka has lettered at quarterback.

BIGGEST

The squad's biggest performer is 220-pound junior tackle Marv Sutton, while Richard Knust (a senior) and Carl Zilkke (a junior) just clear the 200-pound mark at tackle.

Both letterman Fred Machlied and newcomer John Thomas are 200-pound centers. Motschenbacher expects to use a defensive line that will average around 190.

Halfbacks Doug Boggs and Bill Lee, plus fullback Gary Wolfe all have varsity experience. In all, 13 letter winners return from a squad that was 5-3-1 last fall.

The strong prospects moving up from the reserve team should make the Bulldogs two-deep at almost each berth.

If the coaches can help it, confidence won't be lacking either, when the red-and-white Romeo eleven takes the field at Richmond Friday. Three straight home games follow, including two in Tri-County play — giving it a very attractive early schedule.

Pontiac Central entered the Saginaw Valley in 1933 and has had one championship team under coach Harold Smead in 1943 with a 5-1 record.

Oxford Has Opportunity to Advance in Standings

Oxford's winless entry in the Tri-County League last year could only score four touchdowns while allowing 16 in loop play. The Wildcats plan to do better.

Whether new coach Gerry Neidlinger can mold the Wildcats into a contender remains to be seen. A lot of improvement needs to be made.

But Neidlinger, who came from Little Williamston where he was athletic director, football and track coach — has material to work with.

Several key assistants to former mentor Walt Braun also remain to aid Neidlinger make the transition to the tougher Tri-County League.

An experienced, well balanced backfield returns as a nucleus. Lanky Roger Miller is back at one end spot, but the line generally will need beefing up.

With quarterback Rick Fox and running backs Mickey Cummings, Mike Langtry and Tom Hoard to build around, the offense should definitely improve.

Fox and Miller, a 6-3 pass snatcher, should make a good aerial combination.

The line regulars likely will include Jerry Paddubny, Rich Krause, Dick Valentine, Ben Irwin, Bob Zerwick and Ron Etherton.

Dave Gingell and John Hill will be bidding for linebacker berths alongside Valentine.

EXPERIENCE — Slender Mickey Cummings has a year of backfield experience now and should prove a valuable member of the Oxford offense.

The kicking chores should be ably tended by Langtry and Miller.

Neidlinger does not have an easy schedule to contend with; but after the opening Clarkston (Friday) and Flint St. Michael (next week) games, it's in his favor.

If he can avoid injury or morale trouble in the first two tilts, then the new mentor has a chance for a good fast start in the circuit contests.

While the rest of the league teams will begin playing each other Oct. 1st, Oxford has a non-league date with Imlay City, then meets Lapeer at home in its loop start.

Then a tough Kettering trip follows, but the Wildcats' mold should be set by then.

Veteran Team Returns

Ready to Make Gridiron Move

Utica is ready to make its move on the Bi-County championship.

The Chieftains have 18 lettermen in uniform. They were

members of the 1964 team that posted a 6-1-2 overall record and placed second in the league.

Only eight were lost at graduation, but one of these will be hard to replace. He is 'Dave McIntosh, an all-league and all-area selection.

Halfback Art Zaske, another all-leaguer, also graduated.

"We should be improved," said coach Bob Dilday. "The team will have more speed."

The coach also feels that quarterback Tom Orlowsky is going to be one of the top players. The 6-0, 180-pound senior has been on the varsity since he was a sophomore and was the first string signal caller last season.

Also returning in the backfield is Gary Rojiski who has won two letters.

VETERAN LINE

Spearheading the experienced line is 225-pound tackle Dan Krause. Other frontliners are end Rick Radulski, guard Gary Healey and center Mark Fear.

Top rated among the newcomers is a trio of juniors. They are end Jim Jilek, tackle Mike Masakowski, and halfback Gary Leiber.

Utica's only loss last season was to Centerline. The Chieftains tied Warren Lincoln and Romeo.

The traditional opener Friday against Rochester should give an indication as to how well Utica will do during the remainder of the season.

Official Says No

'Bomb Burst' Is Bust

LOCUST GROVE, Okla. (AP)—A determined official burst the bomb devised by Locust Grove High School and it cost the team a football victory.

Coach Cecil Henderson read a news story about an out-of-state high school which had used a "bomb burst" play.

Linemen took positions facing their own backfield, then at the snap clustered around the four backs. The cluster exploded into 11 men, each faking a carry—and the man who actually had the ball raced for a touchdown.

TRIES PLAY

Henderson tried his version against Muldrow. He had only half his team lined up facing the wrong way. But it still worked, with halfback John Holman lugging the ball 45 yards for a touchdown.

The official, however, called the play back.

I argued with him that it didn't say anything in the rule book about which way you had to face in lining up," Henderson said Thursday. "But he said, 'It looks like illegal procedure to me and that's the way we're going to play it.'"

Locust Grove trailed 22-0 at the time. Holman scored the second half on runs of 61 and 24 yards and a 30-yard pass. But Locust Grove still lost, 22-18.

Lamphere Squad Set to Defend League Crown

Lamphere has 10 lettermen on hand to help defend the Central Suburban championship.

There's also a new coach. Don Hufzurt replaces Joe Borovik.

Among the returnees are three key players. Fullback John Cova is expected to lead the offense while end Steve Mohken and guard Joe Lonero are top linemen.

Lonero is starting his fourth season on the varsity and is rated a top defensive player.

Leading contenders for first string jobs are guards Bob Schultz and Bob Padula, and tackle Charles Husen.

Lamphere faces a major test Friday in a non-league opener at Clawson.

Paul Dellerba is the 22nd football coach at Pontiac Central since 1897. First coach was Charles Stevens.

Pontiac Press Photo

REACHING FOR PIGSKIN — Halfback Jim Munsil of Ortonville reaches for a pigskin during practice. He is one of the regulars in the Blackhawks' lineup.

Ortonville Unit Faces Brighter Gridiron Future

New Coach Grooms
Twelve Lettermen
From '64 Squad

The outlook is a little on the brighter side for Ortonville's 1965 football squad.

After suffering through an 0-6-1 record last year in the tough Suburban C Conference, the Blackhawks are eager for a little revenge.

New coach Bill Pugh Jr. will try to mold a winning unit from 12 lettermen back from the 1964 squad.

Pugh has some light backs and some heavy linemen, a good combination on the gridiron. "With a little luck we have the potential to have a fair season," says Pugh.

Anchoring the line will be tackles Jerry Ashby, a 5-11 220-pounder and Skip Stencil, 6-0 and 200 pounds. Both are seniors and Ashby is co-captain along with senior end Bob Perry, who stands 6-1 and weighs 155.

WEIGHT, SPEED

In the center of the line Pugh will have speed and weight.

At center will be Tom Rexford, a 5-11, 175-pounder, and holding down the guard slots will be Ron Bindig (6-2, 168) and Tom Shubert (5-8, 154).

And if the holes are there, Pugh has some speedsters who can move through them.

Bidding for running back positions are Bob Hawley, 5-8 and 140; Jim Munsil, 6-0 and 155; and Dean Harper, 5-10 and 155.

Pugh's biggest task will be finding a replacement for departed quarterback Steve Bol-yea.

Best percentage of won-lost among Pontiac Central football coaches since 1897 that of Goodloe Rogers from 1915 to 1918 with 27-11-4. He also coached PCH 1910-11 and was 6-7-3.

Candy Sale Saturday

Suburban Midget Loop Ready

The annual candy sale and an informal scrimmage this weekend will mark the beginning of the Suburban Midget Conference football season for the Lakeland Laker and Walled Lake Beaver organizations.

Members of the 10-team conference that broke away from the All-America Little League unit three years ago, each will use the Saturday candy sale proceeds to finance their seasons.

Walled Lake will equip two clubs of three teams each: the Blue Devils and the Red Devils (who won the conference sportsmanship trophy last season).

Lakeland, who will scrimmage the Red Devils at Walled Lake Sunday in a controlled practice, has one unit of three teams.

The teams are freshmen, junior varsity and varsity.

OTHER CLUBS

Other clubs in the Suburban Midget league are the Troy Comets; the Madison Heights Wolverines and Spartans; and the Royal Oak Raiders, Rangers, Marauders and Warriors.

Each one has the three levels of competition.

The teams are classified according to age and weight. Varsity players are 12 years old and under and weight 85-120 pounds.

Junior varsity candidates must

be 9-11 years old and weigh 65-105; while the plebe players are 9 and 10 years old and between 65 and 95 pounds.

The regular schedule will begin Saturday Sept. 25 with the Madison Spartans visiting Royal Oak's Marauders for three night games. The other eight teams will play Sunday afternoon at Madison Heights, Troy, Walled Lake and Royal Oak.

COACHES

The Lakeland Lakers coaching staff consists of Max Shane, varsity; Ray Graham, jayvees; and Wes Roberts, freshmen. All home games are on the West Bloomfield High School gridiron, beginning at 1:30 p.m.

Bill Abrams, president of the Beavers' organization, has announced the Walled Lake coaching staffs as:

Red Devils — Jim Welch, varsity; Jim Nissen, junior varsity; and Nick Sabo, freshmen. Blue Devils — Herm Werther, varsity, Don Kelly, jayvees; and Harry Campbell, plebes.

The Suburban Midget Conference officers include: Alvin Krembelmer of Madison Heights, president; Howard Hobart, Royal Oak, vice president; William Floto, Walled Lake, secretary; Bob Sample, Royal Oak, treasurer; and Dick Rogers, Royal Oak, league commissioner.

The league officers are anxious

to expand the lineup of teams next season to include at least one more, and maybe two, teams from the county.

★ ★ ★

The candy sales involves all the league teams and 50,000 boxes of Sanders candy. It costs an estimated \$30 per boy to equip a full team and the proceeds of the annual sale are the main revenue for covering the cost.

ROCHESTER RECEIVER — End Craig Valley is expected to provide a pass catching threat in the Rochester offense this season. The Falcons will open their Oakland A League campaign Sept. 24 at Madison.

3 Walled Lake Grads on Grid Team at Tech

HOUGHTON — Three ex-Walled Lake High football players, junior guard Bob Wozniak, sophomore tackle Ken Hoffman and junior halfback candidate Gary Alderson are listed on the varsity roster at Michigan Tech.

Wozniak has earned two varsity letters under head coach Bill Lucifer playing offensive guard and linebacker on defense. He will probably be Tech's Number One inside linebacker during the 1965 season. He is the fastest lineman on the squad and tackles with authority.

Hoffman started four games at guard for the Huskies in 1964 as a freshman. However, Lucifer needs help at tackle and moved Ken to his new spot in the spring. Standing 6-0 and weighing 220, Hoffman is well suited to the position change.

Alderson, a transfer from Western Michigan, graduated from Walled Lake High in 1962.

Michigan Tech opens its 1965 season at home against Ferris State College September 18.

Falcons Put Accent on Speed for '65

The accent will be on speed when Rochester's Falcons take the field Friday in their 1965 gridiron opened against Utica.

Coach Gene Konley has 17 lettermen returning, most of them along the line, and all are ranked in the light-but fast category.

Missing from the 1965 will be halfback Al Boughner, who scored 58 points last year and quarterback Sandy Sutton, who ranked second to Boughner in scoring.

Those two made up a lot of Konley's offense but he has plenty talent returning, and with a little experience, the Falcons could cause a lot of trouble in the Oakland A race.

Rochester posted a 5-3-1 record in '64, finishing in a tie for third with Fitzgerald in the league race at 4-2-1.

The signal-calling post is expected to be filled by Jim Ball, a 6-0, 165-pounder, who saw brief action last year.

Candidates for the halfback posts include Bob Crichton (5-7, 150), Ty Gill (5-7, 145), Mike Martin (5-8, 170) and Mike Koch (5-9, 160).

Dave Schultz, a 6-0, 205-pound senior, is one of the biggest players on the squad and he is slated to fill the fullback position. Schultz had plenty of playing time last year and wound up with 13 points.

Konley is also rich in ends with three lettermen back — John Berney (5-9, 165), Harry Hogan (6-0, 170) and Craig Valley (6-0, 160).

The Falcons may wind up with the lightest guards and tackles in the league.

Larry Skover a 5-10, 185-

pounder and Ed Nerbalaki (6-0, 185) are the only veterans returning at the tackle position, but there are a number of new comers on hand to back them up.

At guard, three veterans will be battling for starting assignments — Don Bills (5-7, 160), Dick Czechowski (5-9, 165) and Bob Sebastain (5-7, 165).

Randy Diener, a 6-3, 207-pounder, gives the team a strong performance at center, and on hand to back him up will be Brian Russell, a 6-0, 190-pounder.

CENTER — Randy Diener hopes to see extensive action at center spot for Rochester this season and the coaches will likely have his 6-3, 205-pound frame on the field a lot.

Coach Thinks Otherwise

Clawson Rated Top Contender

Although Clawson coach Bob Hamilton claims his team will be "young and inexperienced," most of the other mentors in the Oakland A League feel the Trojans will battle Fitzgerald for the title.

Defending champion Troy is rated an outside chance. So is Rochester. Madison is the dark horse.

Avondale, Lake Orion and Cousino are rebuilding.

Reason for Hamilton's pessimism is the fact that Clawson lost 19 lettermen from last season's team which finished high in the league standings

and posted a 5-2-1 over-all record.

Reason for many opposing mentors liking Clawson's chances is the 19 veterans who return.

The Trojans look strong down the middle where guards Alex Bishop and Larry Cornell and center Rick Miller return.

There is strength at halfback with lettermen Mark Babich and Mike Potts on hand. There are some important holes left to be filled, however, because of graduation.

Gone are fullback Jerry Ganey, guard Ralph Peterson, and

Chick Reaume and quarterback Dave Kedrow.

Cousino's first graduation in the school's history last spring sent most of the football players away with diplomas. Twenty-five lettermen are missing from the 1964 team.

Only six return, but three of these have won two monograms.

They are junior halfback Matt Contrase, guard George Donovan and end John Tarantowicz. The latter two are seniors. Other veterans are tackle Rich Wroblewski, tackle Ken Bimer and halfback Marty Monaster-sky.

Like Clawson, Fitzgerald also has 19 lettermen back around which to build a contender.

Graduation took 23 Troy lettermen, but returning tackle Ed Gillespie, halfback Gary Derrigan and guard Rick Agrusa are double monogram winners. The Colts also will have good size in the front line.

Madison could be the sleeper. How well the Eagles do depends on upcoming junior varsity players who will fill big gaps in the line.

The forecast:
1. Fitzgerald
2. Clawson
3. Madison
4. Rochester
5. Troy
6. Avondale
7. Lake Orion
8. Cousino

Big Backfield for Madison 11

Veteran Ball Carriers
Return for Eagles

Madison will go into the 1965 season with two of the biggest backs in the Oakland A League.

Jim Combs, 195, and Jerry Dash, 200, are halfbacks who won letters last season. And Dash is still a junior. Giving Madison even more class in the backfield is the return of quarterback Jim Bowman.

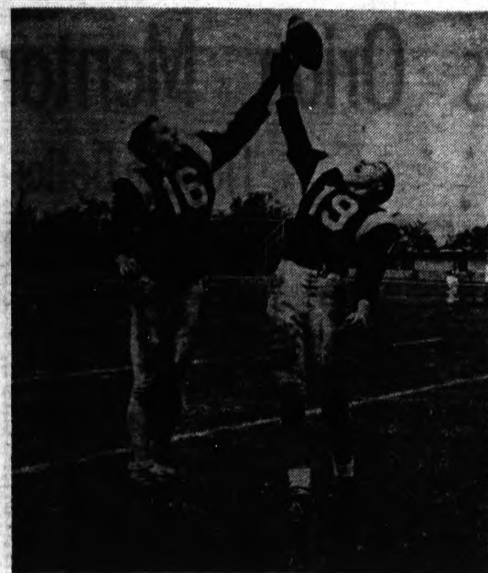

The Eagles also have a pair of good sized tackles among the 12 lettermen who return from last season's team that posted a 5-4 record.

They are Roger Pelham, a 6-5, 210-pound senior, and Marty Putnam, a 6-7, 205-pound, junior.

Top 1964 end Jim Wilfong has graduated, but junior Joe Cagle appears ready to fill the gap. Other junior hopefuls are tackle Larry Zimmerman, 190, and halfback Jim Galdi.

PASS DEFENDERS — Enemy passers will have to contend with this Troy twosome this season. The two are Ed Allen (16) and Bob Anderlie (19).

Heavy Graduation Losses Hamper Troy's Gridders

Although Troy's Colts lost 23 lettermen from the 1964 Oakland A championship squad, the team still has enough talent returning to make a more than respectable showing in defense of its title.

"You have to say we're rebuilding," insists coach Bob McElreath, a graduate of Michigan State University and former semi-pro player with the Utica Jets.

But McElreath isn't meaning, and there are a number of reasons why.

He has 10 lettermen back from the championship team and three of them saw a lot of action in the 6-2 season.

EXPERIENCED LINE

Most of the experience is on the line where fast, mobile crew will be built around 230-pound tackle Ed Gillespie, a 6-3 senior.

Gillespie is in his third year as a first-stringer along with teammate Rick Agrusa, a 200-pound, 5-10 senior guard.

Another double letter winner is halfback Gary Derrigan, a 5-6, 150-pound speedster,

who'll be working in the backfield along with sophomore quarterback Gary Griffith, a 6-4, 180-pounder.

A couple of other linemen with a lot of experience are guard Ed Manderfield (5-10, 170) and center Dan Morris (6-0, 170).

A holdover from the defensive squad is Ed Allen, a 5-10, 165-pound linebacker, who'll be teaming with newcomer Bob Anderlie (5-8, 150) in patrolling the line.

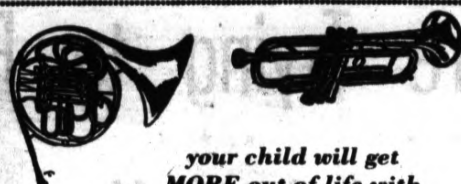

McElreath has a lot of experience on the line, and if he comes up with some running mates for Derrigan, the Colts could wrap up O-A crown.

'We're Trying to Build,' Says Orion Mentor

Avondale Calls on Veteran Line

Big Problem in Backfield for Jackets

The seniors are going to have to do some heavy work on behalf of the underclassmen if Avondale's football fortunes are to take a turn upward this fall.

The line is liberally sprinkled with experienced seniors. But the backs will be drawn from the ranks of the sophomores and juniors.

This means that the linemen will have to do an extra special job until the newcomers in the backfield gain enough experience to help themselves out of tight spots.

"We lost all of our offensive backs," said coach Dick Bye, "so we are going with the young boys in the backfield. We do have a few experienced linemen and this will help."

Dennis Jacobs, a 220-pound, 6-3 tackle, returns along with ends Doug Joyner, 183, and Barry Peel, 165. The guards will be manned by Ed Tuttle, 170, and Harry Bartkowiak, 180.

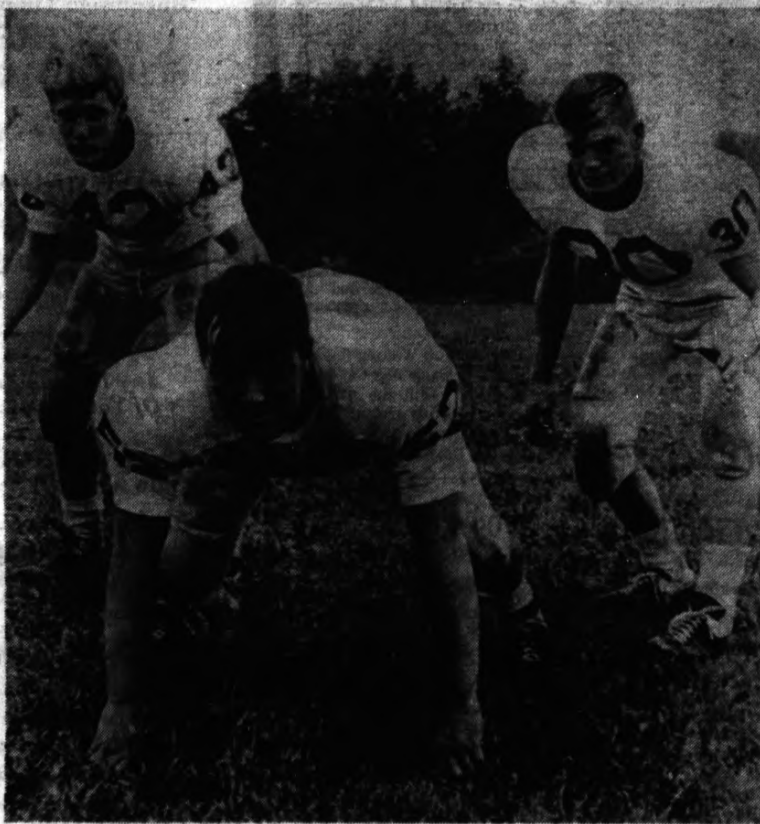

Rich Grotopp returns to the defensive backfield. Grotopp, Jacobs and Peel are double letterwinners.

Bye will probably use Grotopp on offense along with newcomers Archie Anderson and Bob Coronada, a pair of junior halfbacks. Bob Burt, a sophomore, is a leading candidate at quarterback.

Junior end Lee Saunders also is rated a chance to make the starting team.

Backfield losses included Lynn Thorpe, Dick Reddaway and Bob Schwerin. Also missing from last year's team is center Rick Bye.

Avondale finished seventh in the Oakland A last year and posted a 3-6 overall record.

AVONDALE DEFENDERS — The Avondale Yellowjackets figure to put sting in their defense with linebackers Rich Grotopp (42) and Barry Peel (30), and lineman Tom McGee. The purple-and-white clad team had a

potent offense last year but also yielded too many points. Milford's Redskins will be host to this year's Yellowjackets in the season opener Friday night.

Hope to Better 1964 Standing of Last Place

Two in Backfield Are Needed; Young Players on Team

"We're trying to build."

With this comment coach Dale Jessie just about sums up the situation at Lake Orion. The Dragons have no place to go but up.

They dropped eight of nine decisions last fall and finished last in the Oakland A circuit. The outlook for the coming campaign holds some promise, but that will be all until competition actually starts.

Eleven lettermen return, including several players who saw considerable varsity action as first year players in 1964.

"We played a lot of young boys last year," said Jessie, "and we will have another group of young inexperienced players this year. The outcome will depend on how well these new players develop."

Finding replacements for departed quarterback Roger Trimble and fullback Ed Legg "is imperative," according to the coach.

TOP CONTENDER

Larry Beadle is a leading contender for the fullback slot while Dave Meilandorf has been the most impressive quarterback. Both are juniors. Another junior eying a spot on the first string is guard Tom Berger.

Top letterwinners returning include tackle Bill Schultz, guard Brent Gallaher and halfback Paul Fields.

Gallaher will handle one of the guard chores, but a replacement must be located for graduated Herb Mattis and Jack Brokens.

Rams Rebuilding; St. Michael After Macomb Title

St. Fred 11 Requires Experience

St. Frederick could turn out to be the best team in the Macomb League — at the end of the season.

The Rams have a lot of prospects, but they lack experience, and the squad is expected to take its lumps early in the campaign and be dishing it out as the season closes.

All in all, it looks good for 1966.

No one is giving up in 1965, particularly coach Bud Duff, but look at his problem.

He lost the entire line along with his quarterback and a starting halfback, and with those losses, he's going to have to experiment in the early games to find out what the players on hand can do.

GOOD MATERIAL

Duff feels that he has a lot of good material, but it will take a little game experience before they start to jell.

Among those lettermen returning are backs John Shearer (6-0, 175), Joe Murphy (5-9, 160) and Mike Carey (5-10, 160).

The only linemen returning with any experience at all are ends Mike Novotney (6-2, 170) and Tom Wright (6-1, 150).

In the backfield, Duff has to come up with a signal-caller, and along the line he will have to produce a couple of guards, two tackles and a center. It's a big chore.

Chief candidate for the quarterback post is John Guilleau, a 5-10, 165-pounder.

Shamrocks' Unit in Role of Favorite

The Shamrocks of St. Michael find themselves in an unusual—but not uncomfortable—position as the football season nears.

The team is one of the favorites in the Macomb League, which was reorganized this year and includes, among others, St. Michael, Waterford OLL and St. Frederick.

The going should be a little easier for the Shamrocks in the Macomb League. They left the Northwest League where they fashioned a 2-3-1 record last year in finishing fourth.

And most of that team is back. And if the competition is easier, as it probably should be in the Macomb loop, it could be a big season for St. Michael.

Coach Jim Niebauer has 14 lettermen back from the '64 team, and five of them are starting their third year on the varsity.

QB RETURNS

One of the two-year men is quarterback Grey Glynn, a 5-9, 150-pound junior, who'll have another two-letterman, halfback Bob French, working with him in the backfield.

Moving to the line, the Shamrocks have double letter winners in guard Frank Lauinger (5-10, 160), center Bill Cook (5-11, 170) and end Tom Patch (5-11, 170).

Another lineman in his second year who is expected to give the team a big boost is 6-4, 200-pound tackle Bill French.

Among the newcomers are halfbacks Bud Cook (5-9, 145) and Al Peltier (5-10, 165) along with fullback Jim Bentham, a 5-11, 170-pound sophomore. Peltier is a transfer from Ferndale St. James.

Local Squads Picked in Parochial Loop

Three local squads will make their debut this fall in the Macomb Catholic League and two of them are favored to fight it out for the loop championship.

The local elevens are St.

Frederick, St. Michael and Waterford Our Lady of Lakes. The three members of the Northwest League last year, but an off-season shuffling of the teams in the Detroit Catholic League put

them in the Macomb loop.

Other squads in the league are Richmond St. Augustine, Marine City Holy Cross, New Baltimore St. Mary, Detroit St. Bernard and Detroit St. Rose.

Waterford OLL and St. Michael have veteran teams returning, and barring any misfortunes, the two should wind up on the top of the heap.

New Baltimore St. Mary and MC Holy Cross have a few veterans back, but both lack the depth necessary to tackle the Mikemen and Lakers.

Macomb Catholic League

- The consensus:
1. Waterford OLL.
2. St. Michael
3. St. Rose
4. St. Frederick
5. St. Bernard
6. St. Augustine
7. St. Mary
8. Holy Cross.

Emmanuel Playing Five-Game Schedule

The Emmanuel Christian coaching staff has taken an unusual step to try and curb the number of injuries to its football team.

The coaches have cut the Lancers schedule from nine games to five.

In past years the Emmanuel squad, which seldom reached 30 in number, would find itself with just barely enough players to field a team late in the season.

With the new schedule, the coaches believe they can get through the season, providing the injury bug stays away.

The Lancers open Friday at

Major Changes in Football at Alma College

ALMA — Major changes in both player and staff personnel marked the start of the 1965 Alma College football season. Reporting for duty, in addition to 22 freshmen, were two new coaches and a new athletic director.

The Scots will have their job cut out for them as they attempt to reverse last year's 2-7 record.

Taking over the top spot in athletics at Alma will be former NCAA Vice-President Charles Gray. Heading up the football coaching chores will be Dennis Stolz, and new assistant Bill Klenk.

Stolz was an All-MIAA quarterback for the Alma Scots in 1964.

Leading the team will be co-captain and All-MIAA linebacker Jim Gray. Assisting the 6-1, 230 lb. senior in the leadership duties will be junior co-captain Steve Kovacs. Returning after a year of ineligibility Kovacs will probably be a starting back, and will handle the punting.

Pass Statistics Lacking

LEXINGTON, Ky. — Records show the first forward pass thrown in a University of Kentucky football game was on Oct. 13, 1906, against the Emmanence Athletic Club. But nobody seems to know who threw it or whether it was complete or not.

Linden against a team they defeated last year, 7-0.

2-4-1 MARK

Under coach Roger Sykes, the Lancers posted a 2-4-1 record last year.

Sykes has 10 lettermen returning from that squad but he'll need help from many of the newcomers to improve on the record.

A couple of the holdovers are fullback Ron Morgan, a 5-7, 160-pounder, and Jack Bramblett, a 6-0, 185-pound tackle.

Among the newcomers are guard Ken McMillan, who stands 5-8 and weighs 160 pounds, and end Gary Ridling, 5-7, 150-pound sophomore.

Gone from the squad are quarterback Tim Mayer and halfback Darrell Hutte.

Sykes has a few holes to fill in the line plus finding some running backs if the team is to surpass its 1964 showing.

COACH: Roger Sykes

Eaglets Face Tougher Foes in New League

The competition may prove to be a little tougher, but the Eaglets of Orchard Lake St. Mary have enough talent to hold their own in the new team lineup in the Northwest Catholic League.

Only Royal Oak St. Mary and Farmington Our Lady of Sorrows plus OLSM remain in the Northwest League which was altered in a realignment of teams throughout the Detroit Catholic League.

OLSM shared the Northwest crown last year with Farmington OLS, and the Eaglets have enough veterans back to make another run for the title.

The Eaglets strongest point is at quarterback where Conrad Krogulecki will be working for the fourth year in a row.

The 6-0, 175-pounder moves the team well, on the ground or through the air. He's a good passer and with a couple of tall ends on the squad, it's a safe bet that a good share of the Eaglet gains will be made through the air.

NEW ENDS

The ends are newcomers — sophomore Greg Fior, 6-1, 160 and junior Stan Szepletowski, a 6-0, 180-pounder.

Working in front of Krogulecki will be some of the ablest linemen in the league.

Greg Matrynowski, a 6-1, 172-pound senior in his third year as a starter, will team with 280-pound Robert Taperek at the tackle posts.

At guard is another two-letterman, Carl Michalski, a 5-9, 150-pounder who gets the job done despite his small stature. Another line candidate is Tim Kowalski, a junior who stands 6-0

and weight 186. He'll go at guard or tackle.

The team will have another light lineman at the center position — John Wojtys, a 5-11, 155-pound sophomore.

SOPH TACKLE

Another sophomore who should see some action at the tackle post is Andrew Vogt, 6-0 and 162.

Coach of the team, the Rev. John Rakoczy, has only one experienced running back on the '65 squad but there are several promising candidates among the reserves.

The lone letterman back is Robert Ayotte, a 5-7, 133-pounder, who has the speed to run the ends and the moves to rate as a top pass receiver.

NIGHT SPORTS PHONES

Chance to Get Even

LEXINGTON, Ky. (AP) — Missouri and Houston will have a chance to get even this year with Kentucky.

Both are on the Wildcats' football schedule for the first time. Kentucky has a perfect record though, against both the Tigers and Cougars in single meetings in basketball.

League Switch Boosts Lakers

A switch in leagues is expected to send the football hopes of Waterford Our Lady of Lakes soaring this season.

In six seasons in the Northwest Parochial League, the Lakers were perennial also-rans. But now things look different.

WOLL has a veteran team returning from the '64 squad that posted a 2-6 record, and the squad will be playing in an easier league.

WOLL is one of the eight teams pushed into Macomb League, a section of the Catholic League's second division, which puts the team in a loop with opponents having enrollments similar to WOLL's.

Pontiac St. Frederick and St. Michael are also members of the new league.

CHANGE HELPS

The change could be more beneficial to WOLL than the others in the loop.

The Lakers have 11 lettermen returning and six of them will be starting their third year as regulars.

Another new item with the team is coach Michale T. Boyd who is replacing Bob Minewasser, who retired following the 1965 basketball season.

Boyd has speed and experience in the backfield where quarterback Barry Bradford (165) returns along with halfbacks Dennis Gardner (180) and Rick Adams (150).

A pair of tackles starting their third year are Rick St. Louis (6-3, 195) and Greg Stach (6-0, 180).

TOP RECEIVER

Another lineman and the team's top pass receiver is Floyd Shotwell, a 6-2, 175-pounder.

Some of the newcomers after spots with the first squad include

T'was Cold Dallas Day

DALLAS — The Dallas Cowboys were awarded a franchise in the National Football League for the 1960 season on Jan. 23, 1960.

clude guard Jerry Methner (5-11, 180); centers Dave Miller (5-8, 170) and Jerry Freschette (5-8, 180); and fullback Carl Matzelle (6-1, 180).

Defending Titlists Picked in Northwest Loop Race

The lineup is different in the Northwest Catholic League but the result is expected to be much the same with Orchard Lake St. Mary and Farmington Our Lady of Sorrows battling for the championship.

The two shared the title last year with 6-0-1 records, but they are facing stiffer competition this season due to a switch in teams from one league to another.

Gone from last year's Northwest League are Pontiac St. Frederick and St. Michael, Waterford Our Lady of Lakes and Detroit St. Agatha. The first three wound up in the Macomb League while St. Agatha was shoved into the Southwest League.

Along with OLSM and FOLS in the Northwest League are Highland Park St. Benedict, St. Francis de Sales, Ferndale St. James, Royal Oak St. Mary and Detroit St. Rita.

And St. Francis deSales is expected to provide the strongest challenge to the title hopes of OLSM and FOLS.

St. Francis deSales has a veteran team returning and with a little luck could squeeze into the top spot.

FOLS also has a lot of experience on its '65 squad, but the team has a few holes to fill in the backfield to stay in the title picture.

A rebuilding year is in the making for St. James, which lost nine of its 11 starters.

St. James has quarterback John Kozlowski returning along with speedy halfback Pierre LaPrairie, but lack of depth is expected to keep the team near the bottom of the league.

Northwest Catholic League

- The contenders:
1. OL St. Mary.
 2. Farmington OLS.
 3. St. Francis deSales.
 4. St. James.
 5. St. Rita.
 6. RO St. Mary.
 7. St. Benedict.

LONG REACH — End Richard Bowman of Almont grabs a pass. Although the junior flanker wears glasses while playing, he has a good pair of hands when it comes to grabbing a pass.

Almont, Dryden Ready to Challenge Rockets

New Haven is being tabbed the team to beat this fall in the Southern Thumb, but coaches Bill Briggs of Almont and Bob Mason of Dryden aren't conceding anything.

"We have an experienced backfield with a young and inexperienced line," said Briggs. "If we get the expected improvement up front and freedom from injuries we should be a contender."

Harry Hoffner, John Halsey and Wayne Tessmer return as ball carriers and John Schulte at quarterback. The only experienced linemen are guard

John Liblong and end Cliff Nielson.

Top newcomers appear to be tackles Al Kopp and Jim Mata, end Al Currey and half-back Dave Sellers.

"I'm optimistic this year," said Mason. "We have a good group returning to build around." This was before the injury bug depleted the 1964 co-champions from 28 to 24 players for a time during pre-season drills.

The big move by Dryden will be 1964 All-State Class D end Dennis Hillicker to quarterback.

"We lost Tom Sterner, the top quarterback in the Blue Water area at graduation," said Mason, "so I explained the problem to Hillicker. He said he would do anything to help."

GOOD PASSER

"Hillicker can pass and run better than Sterner, but he doesn't have the savvy that comes from playing quarterback. But he's learning fast."

Two-year veterans returning are tackles Ken Blair, Larry Arawiski and Francis Blaszyk, center Frank Farnum and guard Richard Panduren.

New Haven is loaded with talent in the backfield with Richard Chenault, John Jones, Kirk Keinke, Walter Maruncyak and Greg Davis returning. Gordon Lee is back at end.

Anchor Bay, co-champion with Dryden last season, will lead with veteran quarterback Buster Lentine, halfback Glen Kandler and tackle Paul Vismaw.

Capac is looking for a much better finish than the 1964 cellar spot. New coach Don Smith is working with 12 lettermen including the Kobayashi twins, Albert and Robert, at halfbacks.

Ron Kriesca returns at quarterback as does Jerry Bullock at halfback to give the Chiefs a strong running potential.

- The forecast:
1. New Haven
 2. Anchor Bay
 3. Almont
 4. Dryden
 5. Armada
 6. Capac
 7. Memphis
 8. Brown City

Odd Injuries Hamper Dryden

Dryden coach Bob Mason reported the following serious non-contact injuries:

- (1) A player stepped off his bike and his knee popped.
- (2) Tackle bent over in the locker room to tie a shoe, lace and slipped a disc in his back.
- (3) Another player who had surgery on his knee last winter stepped on the foot of another player while getting off the ground and the knee popped out.
- (4) A player getting off the ground lost his balance and fell backward, fracturing a hand he thrust behind him to break the fall.

In addition, the player scheduled to be the regular quarterback was the son of last year's principal. When the principal left the school system he took the son with him.

That's why Dennis Hillicker was switched from end to quarterback.

RUNNING MATES — This is a combination that foes of Royal Oak Dondero will see a lot of this season. Getting the ball from quarterback Bob DeJulius is fullback Randy Miles, a 195-pounder who is starting his third year with the varsity.

RO Dondero Hit Hard by Graduation; 19 Gone

Royal Oak Dondero will be hard-pressed to improve its fourth place standing in the Border Cities Conference.

Graduation stripped the team of 19 lettermen, including most of the experienced linemen. Coach Ivy Lofton is working with only eight veterans.

One bright spot is the backfield.

Returning are quarterback Bob DeJulius, fullback Randy Miles and halfbacks Bob Rider and Al Sheplar. Miles is a 195-pound senior who got off to a good start last season, but was eventually slowed by injuries.

Linemen expected to be starters are end Bob Sherwin, 200, center Ray Brantley, 195, and guard Rusty Hancock, 165.

Lofton has indicated that four newcomers may earn first string berths. They are end

Rich Blake, tackles Bill Orosz, 205, and John Rehbine, 180, and guard Bob Zins.

Key losses in the line were tackle Dick Waters and end Doug Goulait. Halfbacks Dick Waters and Rich Hirsch also departed.

The coach feels that the Oaks will battle Highland Park for fourth place. He lists Grosse Pointe, Wyandotte and Monroe as the top teams.

Cheerleaders Have Clinics

The Michigan High School Athletic Association has arranged four Cheerleading Clinics under the direction of Nert Loken, concluding Saturday Oct. 9 at Eastern Michigan University in Ypsilanti.

The first one biennial series was last Saturday at Kalamazoo's Western Michigan University. Clinic No. 2 will be Saturday at Central Michigan University in Mount Pleasant.

Northern Michigan University at Marquette will be host to the other one, Saturday Sept. 25.

Loken is the gymnastics and cheerleading coach at the University of Michigan. There is no cost. The clinics will last from 10 a.m. until 3 p.m.

Right-Hander, Lefty Finish 7 Strokes Up

HICKORY, N.C. (AP)—Lefty Frank Van Laanen of Green Bay, Wis., and Lou Oehmig of Chattanooga, Tenn., won the National Lefty-Righty Golf Championship Sunday by seven strokes. They finished with a best-ball 71 for a 72-hole total of 277.

Norman James of Hickory and Lee Pickens of Charlotte finished second at 284 after a final round 71.

Birmingham Has Revised Policy For Gridirons

The Birmingham Board of Education has passed a new policy regarding the use of the public school football fields in an effort to guard against overuse.

Superintendent John Smith has announced that both Seaholm and Groves gridirons will be limited to varsity high school public and private contests, and some junior high games.

There will be some practice activities also permitted on the two main fields. Other events will be directed mostly to the practice and junior high school gridirons.

"We have scheduled as many as 36 football games in one season on the Seaholm field. That, together with other uses, made it almost impossible to keep the field in reasonably safe condition," said Dr. Smith.

IMPROVEMENTS

Spectator seating and other improvements are now being made to the practice and junior high school fields where necessary to facilitate their expanded use.

The Groves High School field will also have lights this year for the first time. It is thought that the installation will be completed in time to move the Oct. 16th North Farmington game to Oct. 15th.

Michigan's football team averaged 565 points per season from 1901-05 but lost to Chicago, 2-0, in its final game in 1905.

Franklin Eleven Picked to Repeat in Northwest

The coaches are going with defending champion Livonia Franklin in sizing up the 1965 Northwest Suburban League race, but Birmingham Groves and North Farmington are expected to be near the top.

Franklin has nine starters back from last year's squad that went undefeated (9-0), and the squad is expected to be as good or better than the '64 team.

Groves wound up in the basement last year with an 0-4 mark, but with some experienced players in the lineup, the Falcons are counting on a higher rung on the ladder.

Tops among the returnees is tackle Dan Granader, a 6-0, 220-pounder, who'll be on the line along with newcomer Bob Muma, a 5-10, 190-pound junior.

Coach Jim Kinnison will have Dave Beier, a 190-pounder, at guard, and working at the other guard post will be Tim O'Gorman, 6-0 and 185 pounds.

STARTS AT QB

Miles Rafferty, a 6-2 junior, is slated to start at quarterback, and he'll have halfbacks Mark Christianson (150), and Floyd Cosmi (165) along with fullback Bob Wolfe (185, with him in the backfield).

North Farmington lost 25 let-

termen but there are 13 back and coach Ron Holland has enough talent back to make a run at the championship.

Anchoring a veteran line will be tackles Pete Dojan, a 6-1, 190-pounder and Bob Babich, 5-10 and 230 pounds. Other veterans on the line include guards John Eckhold (180) and Don Roble (160) and center Rick Bensinger (170).

Holland has only a couple of veterans in the backfield — Bill Oldershaw (180) at quarterback and Craig Wycinsky (200) at fullback — so he'll have a couple of holes to fill to bolster the offense.

FALCON FLANKERS — Birmingham Groves will have Dave McAlpine (84) and Floyd Cosmi (83) employed as pass catchers in its open end offense. The Falcons are looking to snap back from a winless Northwest Suburban League season last fall.

Outlook Bleak for Imlay Unit in 1965 Race

North Branch Picked
to Take Top Honors
in South Central

It's a dim outlook for Imlay City in the South Central League, but the future looks extremely promising for North Branch's Broncos.

Imlay came on strong last year at the end of the season by winning its final two games, but the squad lost a lot of its offense in Dale Goodrich and Rick Bogart, two players the Spartans will have to replace to make a respectable showing.

Imlay wound up the season with a 3-5 record over-all and 2-2 in the league competition.

North Branch, the '64 champion with a 3-0-1 record, lost 12 players from the championship team but still retained enough talent to earn the role of favorite.

★ ★ ★

The Broncos' problems could come in the backfield where newcomer John McNally will try to fill the quarterback post left vacant by the graduation of Glen Jamison.

LOST FULL BACK

The Broncos also lost fullback Neil Seeley, and moving into his spot will be Larry Curtis, a junior who stands 5-8 and weighs only 155 pounds.

★ ★ ★

The Broncos will be light and fast in the line, with Richard Rachow (5-9, 155) and Dan Dzi-duek (5-10, 180) holding down the tackle assignments.

Millington wound up at 2-2 in the league last season and 3-4-2 over-all, and the Cardinals could give the Broncos some trouble if they fill a few holes in the line.

Returning to bolster the backfield are quarterback Bob Swackhamer, 5-11, 160, fullback Dick Blackmer, 6-0, 190 and Tom Eno, a 5-9, 160-pounder.

Deckerville and Harbor Beach suffered setbacks through graduation and both are expected to spend the season rebuilding for 1966.

Frosh at Wayne State Get New Grid Staff

DETROIT — Wayne State's freshman football team will have a brand new coaching staff this fall following the appointment of Ronald VanErmen, former assistant grid coach at Detroit's Cathedral High School, as head coach, and two assistant coaches.

VanErmen, a 1961 University of Detroit graduate, will be assisted by Line Coach Enrico Odorico, Wayne's All-PAC guard in 1963, and Backfield Coach Thomas Ferree, a former Iowa State guard.

Vern Gale is the ninth football coach in Wayne State University's 47-year history of the sport.

Hazel Park Improved

Winning Habit for Ferndale's Eagles

last year is expected to rebound and cause some problems for the favorites.

Coach Chuck Skinner has a veteran team headed by full-back Lloyd Welch, a 6-2, 200-

Winning football championships is a habit at Ferndale, so much so, that rivals seldom pick the Eagles to finish anywhere but in first place.

Ferndale was a power in the Eastern Michigan League before leaving last year to join with five other Oakland County squads in forming the Southeastern Michigan Association.

The Eagles dominated play in the EML and it looks like they'll do the same thing in the SEMA.

Coach Frank Joranko, starting his fourth year with the Eagles, has a won-lost record of 30-4-2 in four years and word is that he'll improve that mark this season.

Joranko has one of the best backs in the state in senior Ken Luxton, a 6-0, 185-pounder, who scored 36 points for the Eagles last year.

STRONG RUNNERS

And the coach has three other veterans in the backfield, giving him the strongest set of runners in the conference.

With Luxton will be halfbacks Joe Haslitt (170), fullback Terry Myers (175) and quarterback Craig Howells (175).

And to go with the big, speedy backfield is a heavy, mobile line anchored by 225-pound tackle Dan Thompson. Two other big men slated to start on the line are tackle Egbert Dougan (200) and guard Ron Godeshian (200).

Hazel Park, 1-4 in the league pounder, who is a candidate for All-State honors.

LACK EXPERIENCE

Royal Oak Kimball and Birmingham Seaholm will be fielding inexperienced squads, and both will need a lot of luck to finish near the top.

Southfield has one of the county's top runners in 5-10, 185-pound Ted Simmons, but inex-

perience along the line is expected to keep the Blue Jays fighting to stay out of the cellar.

Berkley, co-champ with Ferndale last year, may end up going from top to bottom in one year.

The Bears lost 16 lettermen and have only eight returning to build a team around.

The consensus:
1. Ferndale.
2. Hazel Park.
3. Royal Oak Kimball.
4. Birmingham Seaholm.
5. Southfield.
6. Berkley.

CLEARING THE PATH — Tackle John Shephard (62) provides an escort for halfback Joe Murphy in practice session at St. Frederick. Coach Bud Duff is counting on both to bolster the Rams' attack this fall.

BUZZ SAW — Birmingham Seaholm back Buzz Downey has the ability not only to run well but catch passes, too; and he could see a lot of playing time this year for coach Carl Lemle.

Seaholm, Kimball Face Inexperience

Green is the hue that dominates the football pictures at Birmingham Seaholm and Royal Oak Kimball.

★ ★ ★

Seaholm's maroon-and-white Maples have only five letter winners from last year's squad that posted a 4-4-1 mark and finished fourth in the South Eastern Michigan Association. That was not a typical mark for coach Carl Lemle who enters his 12th Birmingham season with 58 wins in 91 games over-all.

While Lemle is a talented mentor and is known to come up with rugged football machines, the lack of experienced returnees is bound to create problems for the Maples.

Kimball's Paul Temerian moves into his first season as varsity mentor with 11 monogram bearers. Last year's Knights lost only one game and tied one, but graduated 21 per-

formers. They finished third in the SEMA.

Seaholm is not without potential, particularly in the backfield. Buzz Downey at 185 pounds is the biggest back although Bill Kennedy at 175 will run at fullback.

He is a cocaptain along with Bill Kovachevich, a 5-10, 185-pound guard. Downey and Jack Nelson are the experienced backs, though the latter specializes in defensive work.

Alongside Kovachevich in the line will be center Phil Schmitt, a 185-pounder. He is a letter winner, also.

Lemle's main problem would appear to be a lack of experienced defensive performers, particularly in the line. The Maples have fair size and thin depth which could be serious handicaps in their rugged league schedule which begins Oct. 1st at pre-season favorite Ferndale.

The annual clash with Birmingham Groves will open the campaign Friday night. It

could provide a faint bright spot in a dark season.

Kimball has a rugged running back in three-year veteran John Gabler, who runs at 6-2 and 205 pounds. Eric Sorenson is the leading candidate for the singal calling job.

Two returning guards, Ken Scislowicz (6-0, 203-pounds) and Jim Gallery (5-9, 200) brighten the blocking picture. In addition, Gallery could be one of the county's top line-backers.

Larry Zimmerman is a 6-1, 215-pound junior tackle who

seems destined for a starting berth. Desire isn't a sorepoint with the Knights.

But the size qualifications of the Kimball squad falls off after the above mentioned linemen.

SEAHOLM STRATEGY — Quarterback Chip Beel (56) has a big pocket provided by running backs Barry Bates (left) and Bill Kennedy. Birmingham Seaholm is usually a

power in the Southeastern Michigan Association race and will probably display another well-balanced offense this season.

DOUBLE TEAM — While Jim Gallery (right) and Andy Kemper double team defensive man, quarterback Eric Sorenson (24) gives ball to ace running back John Gabler

of Royal Oak Kimball during workout for Friday night's clash with always tough Walled Lake. Gabler is a 200-pounder who runs hard against all foes.

WOLVES' LEADERS — Clarkston will be gunning for the Wayne-Oakland League championship this fall and a couple of backs expected to carry much of the weight in the title drive are quarterback Dan Fife (32) and fullback Rick Blimka (25).

Fife Leads Attack

Coach Ralph Kenyon has had his ups and downs since taking over the football duties at Clarkston three years ago.

The first year the Wolves posted a 1-5 record. They rebounded to 6-1-1 in 1963 and a share of the Wayne-Oakland championship. Last season's team slipped to 1-5.

Just about everyone, including Kenyon, is looking for another rebound upward this fall.

"We have a sound nucleus to start with," said the coach. "The team will be smaller this year, but should be more aggressive. We hope to do well in the league."

Although Clarkston isn't being ranked among the contenders, the Wolves could turn out to be a major spoiler to the title hopes of Milford, Northville and Holly. How well the team's offense

moves will depend in large measure on Don Fife.

Although only a junior, the 6-2, 175-pound Fife is expected to be one of the top signal callers in the county. He already is highly rated as a basketball and baseball player.

And he's still growing.

Like any quarterback, however, Fife will have to depend on strong line play to provide protection while he passes and open holes for the running backs.

Tackle Paul Hoxie, 210, and guard Mike Golembeske, 185,

NAME: Ralph Kenyon
COACHING RECORD: 3-16-1
CLARKSTON RECORD: 2-14-1
SYSTEM: Slot T
ASSISTANTS: Pete Thompson, Bill Hanson
COLLEGE: Albion

are expected to lead the interior line play. The ends seem well fortified with Dan Williams, 185, and Rod Allen, 180, returning from last year's team.

Other returning letterwinners expected to bolster the line are tackle Larry Franklin, 180, and end Dave Osgood, 165. Both saw considerable action in 1965.

Rick Blimka and Cecil Caverly are experienced halfbacks. Attempting to join the starters in the backfield is newcomer Tom Allen.

All told, Kenyon and his assistants are working with 14 lettermen. Fifteen were lost at graduation, including ends John Wilberg and Dave Coulter, tackle Frank Miller and halfback Randy Armstrong.

The Wolves open their season Friday against Oxford. The Wildcats are not expected to be too strong this fall. If this is true, the Wolves could be off and howling right at the start.

1964 Record

CLARKSTON	OPP.
12 Oxford	13
0 Northville	13
7 Bloomfield Hills	18
0 Milford	43
12 Clarenceville	0
20 Holly	40
14 Brighton	20
6 West Bloomfield	9
13 Rochester	20

TOP RECEIVER — Clarkston is expected to use the forward pass a great deal this season and one of the big reasons for planning an aerial game is the presence of end Alan Mortz.

Northville Appears Strong

Three-Team Race Seen in W-O Loop

The Wayne-Oakland League football race is shaping up as a three-team chase between Milford, Holly and Northville.

Clarkston and Bloomfield Hills are expected to be on the fringes waiting for one of the contenders to slip. West Bloomfield appears to have too many problems to challenge.

★ ★ ★

The same holds true for Clarenceville and Brighton.

Northville has a strong backfield returning from last season's team which finished third in the race. The Mustangs also are strong at ends.

From tackle to tackle, however, Northville will lack experience.

"We must find six linemen to replace graduating seniors," said coach Ron Horwath. "Our running game should be strong."

There is an abundance of experience in the backfield.

Doug Swiss and Mike Turnbull, a pair of seniors have hold of two varsity letters, return along with quarterback Tom Baughman who also has a couple of monograms.

VETERAN ENDS

Steve Evans, a letter-winner, and Jerry Imsland, another two-time veteran, will be the offensive ends. Evans will switch to tackle on defense.

This will make room for the most experienced Mustang — John Jameson — to move from offensive guard to end when the opposition has the ball. Jameson has won three letters.

Roger Kline, a junior, is being groomed to move in at guard and Bill Bailey, a 205-pounder, is being considered for center. Dacey Hill is competing for a guard berth.

Clarenceville and Brighton both began making noises last

year from the second division and are expected to make their membership known in even louder tones this fall.

The forecast:

1. Milford
2. Northville
3. Holly
4. Clarkston
5. Bloomfield Hills
6. West Bloomfield
7. Brighton
8. Clarenceville

South Lyon Roster

Long Road Ahead for South Lyon 11

The road to football respectability could be a long one this season for South Lyon.

There is a new coach . . . Robert Kleier . . . at the helm, but he has only six lettermen back. Seventeen were graduated from the 1964 team that posted a 2-7 record.

★ ★ ★

The Lions, who finished fifth in the Southeastern Conference last season, will try to rebound with two-year veteran Eric Liddell, a quarterback, and Mike Hinchman, a fullback leading the charge.

Tackles Kim Bridenstien, Chris Fiederick and Jerry O'Connor return along with end Brian Lott.

Best of the newcomers appear to be guard Mark Doepker, quarterback Bill Dehmstiel, halfback Jim Richardson and

58	George Lakin	QB	5-8	154	11

CRUISING — Bloomfield Hills' fullback Rick Cruse wants to bruise a few tacklers with his hard running this season.

TOP BARON — The coaches at Bloomfield Hills think they have an all-county prospect at end in big Dave Robillard, a 6-2, 195-pounder who has sure hands.

Georgia Tech has won more football bowl games than any other college 11, and is tied with Southern California for the most consecutive bowl victories, eight.

Beefed Up Defenses Prepared by Milford

Opponents are going to have a hard time running Milford out of the Wayne-Oakland football championship the Redskins won last season.

Two big reasons are John Griffin and Keith Grantham, a pair of 260-pound senior tacklers, who are expected to keep opposing backs from running inside.

But there may be a weakness in the backfield both on offense and defense. Graduation took three veteran backs, including

Jim Ward who was the top scorer in the county last year. Also missing is linebacker Jim McFarland who made the Association Press Class A All-State second team.

Returning at halfback for the Redskins is Mike Yeager who joined with Ward to provide Milford with a 1-2 break-away punch.

A pair of newcomers may work into the starting backfield.

backfield. Bob McFarland, Jim's brother, and junior Chris Mortimer have impressed coach Jerry Ganzel.

Mike Painchaud, a senior, and junior Greg Saltysiak are battling for the quarterback berth.

PLACEKICKER

Guard Jack Belt, 160, one of the better prep placekickers in the state, and tackle Chuck Andrews, 226, are seniors with plenty of game experience. Phil Hackbardt, a junior, may make the starting lineup at end.

The Redskins are looking forward to Friday's non-league opener at home against Avondale. The Yellow Jackets handed Milford a loss at the start of the 1964 campaign. The Redskin then swept past eight straight foes.

"Our backfield is a question mark," said Ganzel, "and so is the linebacking. Our line play will be slower, but defensively we should be strong."

"I feel we'll be in contention." The big line and the return of Yeager in the backfield is the reason for the optimism.

In addition to Andrews, Griffin and Grantham, Ganzel can call on center-guard Bill McCracken, 216, guard Joe Mills, 195, and tackle Bob Book, 200, to beef up the line.

Another note that adds to Milford's strength is the fact that the junior varsity was undefeated last season.

Pontiac Press Photo

GIANT REDSKINS — John Griffin (left) and Keith Grantham are spearheading Milford's defensive line this fall. Both seniors weigh 260 pounds. The Redskins are defending Wayne-Oakland League champions.

Barons Expect to Improve

Bloomfield Hills is expected to continue the long climb up the Wayne-Oakland League football ladder that the Barons started toward the end of the 1964 season.

After getting off to a slow start, the Barons managed to finish with a 3-5 record and tied for fourth place.

★ ★ ★

Coach Bill Tunncliff, starting his second season at Bloomfield, said he is "fairly optimistic. But we could be one more year away."

The former University of Michigan fullback has 13 lettermen on hand around which to build the 1965 version of the Barons.

The addition of sophomore halfback Greg Roche, a transfer from Ferndale, is expected to bolster the running game, Junior Dick Kraatz and

senior Tim Hertler are expected to see plenty of action as ball carriers.

Both are lettermen.

Bob Calhoun, a junior, returns at quarterback to give the Barons good experience in the backfield. Another newcomer attempting to crack the starting line-up is junior Jeff Nebel, a halfback.

Bloomfield Hills appears well set at ends.

FLANKER POSTS

Dave Robillard, a 195-pound senior, and Ken Black, a 175-junior, are returning flankers. Tackle Bruce Samarian, 180, leads the interior of the front line.

Joel Godfrey, a 225-pound junior, is making a strong bid to earn a varsity starting berth at center. Guard Brent McLeese, another junior weighing 170, is a top contender.

Tunncliff's major problem appears to be rebuilding the interior line and coming up with adequate replacements at all positions.

★ ★ ★

Key losses via graduation were fullback Bill Barnes, who carried the ball two out of three times last fall, quarterback Hugh Carney, tackle Ken Davies and end Gary Fischer.

LAKER RUNNERS — Expected to land starting berths in the West Bloomfield backfield this fall are Gary Hankin (83), Pat Windy (42) and Clarence Vick (49).

Big 'Little' Lakers Ready

In football, a good big man can usually take the measure of a good little man.

This hasn't always been the case, however, when West Bloomfield takes the field. In former years the Lakers have been noted for beating the big teams to the punch with consistency.

Coach Art Paddy has had a few physically large players in the past and they have always managed to turn in peak performances. But the bulk of the team has been on the small side.

The 1965 edition is no exception.

There aren't going to be many players wearing the green and white who top 165 pounds. There are a couple of exceptions.

One is 236-pound Nick Halsetma. The 6-4 senior is destined to hold down one of the tackle slots. Another tackle being eyed for a defensive role is 216-pound Steve Garlitz, a junior who is trying to make the varsity for the first time.

Another non-letterwinner who is expected to see action is senior tackle Terry Brennan, a 180-pounder.

TOP END GONE

Finding a replacement for departed All-County end Rick Hacht is one of Paddy's problems. Coming up with a couple of backs to take over for graduated Bruce Ferguson and Jay Williams also confronts the coaching staff.

Halfback Clarence Vick, a 128-pound senior, returns. So does Greg Hepinstall, the regular quarterback last season.

Les Randall, a double letterwinner like Hepinstall, is back at end. Lonnie Lincoln, a senior, returns at tackle. Bob Brown, 141, a letterman, and newcomer Roger Hollier, 135, are top guard candidates.

"We are small and lack speed," said Paddy, "and we'll have troubles."

The Lakers had unaccustomed troubles last season when they dipped to a 3-4 record.

But even when the Lakers are having problems, the opposition can expect plenty of trouble gaining a victory.

FLYING BRONCO — Tackle Jim Hanks of Holly dives after a fumble in a pre-season practice session. Hanks will be in the lineup when the Broncos take on Flint Bendle in the opener Friday.

In W-O Race

Broncos Ready to Gallop

Holly's Broncos are galloping right into the title picture in the Wayne-Oakland League.

There's a new coach on hand, Eldon Haller, who greeted a veteran squad at the opening day of practice last week.

Haller is optimistic and he makes no attempt to hide it.

"We have good size and ability in the line and speed in the backfield, and we feel our team will be a major contender for the league championship."

Milford went undefeated in league play (7-0) while the Broncos were taking second with a 6-1 mark.

LITTLE LUCK

With a little luck, that standing could be reversed in the 1965 campaign.

Haller has three linemen back who have been regulars for the past two years.

One is Jim Hanks, a 6-1, 190-pound guard and tackle rated by Haller as the outstanding lineman in the area.

Hanks, a senior, was a stand-out last season on offense and defense and Haller is counting on him to anchor the line this season.

Two other linemen with a lot of playing time are Perry Leib, a 5-9, 175-pound guard, who also handles the team's kicking chores, and Joe Irwin, a 6-2, 205-pound tackle.

A couple other players slated for line duty who have seen little action are end Wayne Rowe, a 5-10, 160-pound senior, and center Roger Gillespie, a 6-0, 180-pound center.

Among the backfield returnees is Mark Phalen, a speedy 170-pounder who'll hold down one of the halfback posts.

Gone from the squad is quarterback Tom Fagan, who make the team to last year.

Filling Fagan's post will be Tom Kundinger, a 5-10, 155-pound junior who picked up a lot of playing time working behind Fagan last year.

Grid Program Grows

Expect 650 Junior Prospects

The six city junior high schools expect more than 650 football prospects this fall in a program that last year had a better than 80 per cent retaining mark.

Of the 650 boys in the seventh, eighth and ninth grades who were equipped last September, 562 finished the season.

The schools outfit Class A, B and C teams with the possibility of more than one "B" and "C" squad if the roster exceeds 37 boys at each level.

The rosters are determined on a junior Olympic point basis that categorizes the boys according to age, height and weight. No boy over 16 can play.

In addition, the backfield performers are restricted by weight at each level. The Class A (or first string) backs can't weigh more than 155 pounds. At Class B, the limit is 130 pounds and in "C" it is 105.

Coach Earl McKee returns for

his second season at Jefferson Junior High School. In his debut, McKee led the school to an unbeaten, unscored-upon "A" record. Two of the five wins came by 6-0 scores.

Curtis Cooper and Gale Hixson are in their second seasons at Lincoln and Kennedy, respectively; while Jerry Strickler starts his third at Madison.

Eastern's Bill Harrington, who plays for the semi-pro Pontiac Arrows, is coaching for the fourth year, after losing only to Jefferson last year.

The dean of city junior high mentors is Washington's Don Kelly who in nine years has won 75 per cent of his "A" games. All the boys on the Class A squads are honored at halftime of the Pontiac Northern-Pontiac Central annual clash at Wisner Stadium.

According to location, Baldwin and Madison exclusively feed students to PNH. Jefferson and Washington send theirs to

PCH; and Eastern and Lincoln feed both senior high schools.

Class A Grid Schedule

Thursday, Oct. 7	Jefferson vs. Eastern
Lincoln vs. Kennedy	Madison vs. Washington
Thursday, Oct. 14	Kennedy vs. Jefferson
Madison vs. Eastern	Washington vs. Lincoln
Thursday, Oct. 21	Jefferson vs. Madison

National Prep Coaches Group Formed

The National High School Athletic Coaches Association was officially organized at a meeting in Atlanta, July 10th, attended by representatives from Michigan, Connecticut, Ohio, Kentucky, North Carolina, Georgia, Florida, Mississippi and Tennessee.

Several other states whose representatives were not able to attend, sent their enthusiastic endorsement and pledged support.

SMARKS where 42 years ago the Ameri-

can Football Coaches Association was first launched. While the actual organization of the AFCA was completed in New York, the preliminary meeting was held in the old Ansley Hotel.

The following officers were elected: President — Fred Garretson, Football Coach at Taft High School, Hamilton, Ohio and President of the Ohio Football Coaches Association; Vice-Presidents—Carey McDonald, Ocala, Florida, Secretary of the Flor-

ida Athletic Coaches Association; Mel Krause, Sheldon High School, Eugene, Oregon, President of the Oregon High School Coaches Association; Executive Secretary — Dwight Keith, former high school and college coach and Secretary of the Georgia Athletic Coaches Association.

District Executive Committee-men include:

District 1 — Thomas Mona-

han, Board of Education, Bristol, Conn.

District 2 — Paul Smarks, Athletic Director, Fitzgerald High School, Warren, Mich.

District 3 — Pinky Babb, football coach, Greenwood High, Greenwood, South Carolina.

District 4 — Jim Worthington, Football Coach, Baylor School for Boys, Chattanooga, Tenn.

District 5 — Frank Kennon, Shawnee High School, Shawnee, Okla.

District 6 — Earl Clupper, President, Arizona High School Coaches Association.

District 7 — Richard Schafer, Executive Secretary, Wyoming Coaches Association.

District 8 — Gerald Redmond, Puyallup High School, Puyallup, Wash.

ST. MARY TACKLERS — Defensively, the Rev. John Rakoczy (OLSM coach) can call on this roadblock to opposition runners: linebacker Bill Kraus (66) and linemen (left

to right) Carl Michalski, Greg Mutrynowski and Bob Taperek. The Eaglets will open their league season at 2:30 p.m. Sunday by entertaining Farmington Our Lady of Sorrows.

SIX-MAN FRONT DEFENSE — Emmanuel Christian foes may find these six Lancers ready to challenge them at the line of scrimmage. Left to right are Terry Mayer, Ted Spiegel, Dave Black, Ron Elmy, Ray Hibbs and Eric

Englom. The manpower thin squad is carrying only a five-game football schedule this fall.

Specialized Legions Grow in College Teams in '65

By The Associated Press
Honest, two-platoon substitution goes collegiate after a 12-year ban this fall, its freedom hindered only by one basic football maneuver — the punt.

Yet this hurdle will force '65 platoons to get much better acquainted than the helmet-nodding, specialized legions of the 1947-52 era.

Why, a card-carrying flanker may have to make a tackle and a linebacker might even throw a block!

The fact that mass substitution no longer hangs precariously on the hands of the clock means cheating will go out of style.

Rules-makers have made the punt the last stand of the two-

way player. Full teams can now be substituted between periods, after a score or try, after a first down is made or after it is awarded following a kickoff or punt.

Two eligible substitutes can enter the game any time.

FOURTH DOWN

When it comes to a fourth-down-and-kick situation, a punter and one other man can be inserted. But a punting team can't be sent in because the ball hasn't changed hands. When the offensive team gets the kick away it must know how to play defense. The reverse is true for the defensive team when it fields the ball.

On the other hand, a coach can now make a complete

change when his club gains or loses the ball via an interception or fumble.

A year ago, mass substitution was restricted to periods when the clock was stopped, encouraging the taking of deliberate delay of game penalties in order to get in a defensive unit for a punt.

The coaches' code deems it unethical to violate a rule for any reason yet the percentage of violators grew from about 10 to 80 per cent as the 1964 season progressed.

After the rule was changed last winter, Jack Curtice, rules chairman of the Football Coaches Association, said: "This is so near to free substitution that I don't see how anyone could kick about it."

"Now we can go back to coaching," says Frank Broyles, whose Cotton Bowl champion Arkansas Razorbacks were one of the nation's two unbeaten, untied teams last fall.

"The new rule will keep most players at least acquainted with both offense and defense because of punting situations."

Has Long Field Goal

CLEVELAND — The longest field goal ever kicked in an N.F.L. title game was the 52-yarder Lou Groza booted against the Los Angeles Rams in 1961.

Pick Nebraska for No. 1 Spot

By The Associated Press
A panel of 46 sports writers and broadcasters has chosen Nebraska as the top team in the country in The Associated Press' annual preseason college football poll.

The Cornhuskers, who won their first nine games last season but then dropped their last regular season game against Oklahoma and were beaten by Arkansas in the Cotton Bowl, received 11 first place votes and a total of 311 points in the poll.

Alabama, the defending National Champion, and Arkansas, No. 2 finisher last year, dipped to fifth and sixth in the poll. Alabama received four first place votes and Arkansas six. Both were undefeated last year but the experts apparently feel that graduation losses will cost them.

Alabama lost quarterback Joe Namath, while Arkansas will have only three men returning to the defensive unit that chalked up five straight shutouts at the end of last season.

Texas, 9-1 and winner over

Alabama in the Orange Bowl last year, is picked to rsecond place.

The Longhorns were named first on seven ballots and received 292 points, 10 more than Notre Dame, which was placed third.

IRISH SEARCH

The Irish will have to find a replacement for the John Huarte-Jack Snow passing show that helped Ara Parseghian's club average 28.7 points per game last year. The experts apparently think he can do it and part of the answer could be veteran running backs Nick Eddy and Bill Wolski.

Michigan, with five first place ballots and 277 points, was fourth in the voting although it lost All America Bob Timberlake and a host of other stars.

Coach Bump Elliott seems to have sufficient talent to take over though and the Wolverines along with Purdue and Ohio State, appear to be the class of the Big Ten.

Behind Alabama and Arkansas, the panel picked Southern California for the seventh spot, perhaps because of the Trojans' upset of Notre Dame in the final game last year that deprived the Irish of an unbeaten season. USC received four first place votes and 210 points.

Louisiana State was ranked eighth with 147 points, Purdue ninth with 111 and Ohio State 10th with 77. The Boilermakers and Buckeyes each received one first place ballot.

Points were awarded on the basis of 10 for a first place vote, nine for second, eight for third, etc.

The Top Ten forecasts, with first place votes and last year's records in parentheses:

1. Nebraska 11 (9-1)	311
2. Texas 10 (9-1)	292
3. Notre Dame 7 (9-1)	282
4. Michigan 6 (8-1)	277
5. Alabama 4 (10-0)	267
6. Arkansas 4 (10-0)	255
7. Southern California 4 (7-3)	210
8. Louisiana State 1 (7-2-1)	147
9. Purdue 1 (6-3)	111
10. Ohio State 1 (7-2)	77

Other teams receiving votes in alphabetical order:

Army, Auburn, Duke, Florida, Florida State, Georgia Tech, Illinois, Navy, Minnesota, Mississippi, Missouri, Oklahoma, UCLA, Washington, Wyoming.

Coeach at 27 This Fall

CLEVELAND (U) — Jerry Schweickert, one of the top football players turned out at John Carroll University in recent years, is head coach of the Carroll team this fall.

The former quarterback, 27, succeeds Bill Dando who left the Blue Streaks after one year to become defensive end and line-backer coach at SMU.

Schweickert led the Presidents' Athletic Conference in passing in 1958 and paced the scoring with 43 points in 1959. In 1957 he was the PAC's top punter.

Wildcats' Frosh Tough

LEXINGTON, Ky (U) — White the University of Kentucky varsity football team has had its lumps in recent years, its freshman team has been riding high.

The frosh haven't lost since 1961 and have been tied only once — by Tennessee — in that period.

Balanced Teams in Pacific League

LOS ANGELES (AP) — Well balanced teams—with four top contenders — but fewer individual stars are the prospects for the Pacific Athletic Conference football season.

The University of Southern California, Stanford, Oregon and Washington are expected to make the strongest bids to succeed defending champion Oregon State and win the PAC's berth in the Rose Bowl.

Oregon State, California, and Washington State will give chase.

A year ago, USC upset No. 1-ranked Notre Dame in the final game and ended 7-3 and 3-1 in the league, tied with Oregon State. Oregon State was subsequently voted into the Rose Bowl, where the Beavers suffered a 34-7 humiliation by Michigan.

This turn of events could well give a talented USC club the incentive.

The Trojans, led by All-America halfback Mike Garrett, combine offensive and defensive depth. If Coach John McKay can find a suitable replacement for graduated quarterback Craig Fertig, USC will have no visible weaknesses.

Unlike some of its strongest rivals, Stanford has no quarterback problem. Coach John Ralston has junior Dave Lewis, who can run, throw and kick and led the Indians to a 5-5 record in 1964.

DUCKS TO FLY

Oregon Coach Len Casanova should field another strong team

and the Ducks could go all the way — if a replacement can be found for star quarterback Bob Berry.

Washington, 6-4 last season, has 24 lettermen back, including most of its offense, and an impressive group of sophomores. Quarterback Tod Hulin, halfbacks Steve Bramwell and Ron

Medved, fullback Jeff Jordan and a veteran line should give the Huskies scoring punch.

Oregon State will again have the quarterback of Paul Brothers and the solid defense that led the Beavers to an 8-2 record and the Rose Bowl.

Linebacker Jack (Mad Dog) O'Billovich will lead the defense.

Tulsa Class of MVC

KANSAS CITY, Mo. (AP) — Cincinnati's talented defending champs and air-minded Tulsa, which patterns its offense after the pros, are still the best in Missouri Valley football. But Wichita and North Texas are closing the gap.

The class of football in the far-flung Valley improved last season, and more improvement is expected this fall. Cincy beat Tulsa, finished 8-2, and was insulted over being passed over by the bowl selectors.

Tulsa's only other defeat was 31-21 to unbeaten Arkansas and the Hurricane climaxed the best Tulsa season in many years by beating Ole Miss in the Bluebonnet Bowl, then doubling its stadium capacity to 40,000.

Both Cincy and Tulsa have a major problem at a key backfield position.

If these problems aren't solved, either Wichita or North Texas could upset them. Louisville will be improved but probably not enough to escape last place.

Tulsa's problem is the knee injury suffered by tailback Bob Daugherty, the nation's No. 7 pass receiver and a strong, swift runner. If his knee doesn't come around, he may miss some early games.

Cincinnati's worry is its quarterback, Mike Flaherty, a Detroit transfer, who is a fine passer but was held out of contact last spring, still bothered by a broken leg suffered in mid-season. Sophomore Tony Jackson is a good runner, but his left-handed passing is erratic.

STRONG LINE

Tulsa also has split end Howard Twilley, who broke two national receiving records, and a strong interior line led by tackles Willie Townes, 270, and Tom McGuire, 248, and center John Osmund, 236.

Gone, however, is passing star Jerry Rhone.

Billy Anderson and Glenn Dobbs III, the coach's son, are good passers.

'Finer' Words in Football

Modern Grid Jive Gets Hep

Football, observed the McKeesport, Pa. Daily News, ain't what it used to be.

News, in a full-page football feature published this week, noted that the vernacular and strategy have changed considerably. It asked:

"Do you remember how we went into a huddle and the best player would say, 'Okay, Jack, you go out for a pass—the rest of you guys block'?"

But nowadays, it said:

"Nobody goes out for a pass anymore! They run patterns. It's a slant, a cut-back, a safety valve or a down-and-out."

"Today's fullback never

bucks a line—he runs a draw, or a stutter play . . .

"Interference—ha! Now it's zone blocking, contain, or re-

Egg-Shaped Pigskin Weapon for Badger

The most potent weapon in the Wisconsin arsenal before the turn-of-the-century was the drop kick. The egg-shaped football made kicking a simple chore for Badger fullback and captain Pat O'Dea between 1897 and 1899.

Hall of Famer O'Dea holds the all-time record drop-kick of 65 yards, booted in the 1896 Northwestern game, a 47-0 Wisconsin romp. O'Dea also had kicks of 60, 57 and 55 yards. He also place-kicked a 57 yard field goal against Illinois in 1899 for a change of pace.

verse pivot, trap or brush block . . .

The News offered its own definitions to some "fancy terms a real gridiron hipster uses."

They included:

Red dog—name of an old-time western saloon.

Boot legging—selling illegal liquor.

Button hook—ask your gran ma.

Shootin' the gap—to hear the echo.

Roll out—first two words of the "Beer Barrel Polka."

Down-and-out—a "bum."

Straight T—no sugar or lemon.

Lonesome end—uses wrong soap.

Tight end—beer chiseler.

Belly series—Gypsy Rose routine.

Formation consult your optician.

*Ranked on a semi-weighted grading system: 1 credit for each position in yards gained and touchdowns; 1/2 credit for each position in completions, average and average interceptions.

Boilermakers Scent Roses

This could be the year that Purdue wins its first Big Ten football title outright since 1929 and makes its initial trip to the Rose Bowl.

The Boilermakers, who shared the crown in 1952, 1943 and 1931, are a hot choice to take it all this fall, with defending champion Michigan and revitalized Iowa figuring to give the best chase.

Minnesota, Michigan State and Ohio State may round out the first division, leaving Indiana, Illinois, Northwestern and Wisconsin lurking as spoilers.

Coach Jack Mollenkopf, whose Purdue club finished third last year, has seven starters returning from each of the offensive and defensive platoons.

The core of a talented backfield consists of quarterback Bob Griese, a scrambling sophomore in 1964; halfback Gordon Teter and fullback Randy Minnier.

Appraisal of Purdue will come early. It meets Notre Dame Sept. 25 after opening with Miami of Ohio.

"From top to bottom, the Big Ten will be stronger and better balanced, but we're optimistic," said Mollenkopf.

Michigan lost 15 starters from its Big Ten and Rose Bowl championship squad, including quarterback Bob Timberlake. His replacement could be rookie Rick Vidmer, senior Wally Gable or Rich Volk, who was a defensive halfback in 1964.

Iowa's Hawkeyes, who shared ninth last fall after a series of close defeats, have the greatest explosive potential fused by one of the nation's top aerial tandems, Gary Snook to Karl Noonan. Giving them protection are offensive guard John Niland and tackle Bob Zielkowski.

Rich O'Hara and Cliff Wilder are other key receivers, while Dalton Kimble and Gary Simpson add a strong running threat.

Quarterback Steve Juday, receiver Gene Washington, kicker Dick Kenney and halfback Clint Jones give MSU solid performers. Along with tackle Harold Lucas there are four beefy California junior college linemen—Tom Amiratta, Fred Convertini, Tom Skimore and Rusty Malone.

Quarterback John Hankinson, who became Minnesota's greatest passer in history last season, returns and so does top receiver, flanker Ken Last. Aaron Brown and Kent Kramer anchor a corps of experienced ends. Sophomores may have to fill several key spots.

John Pont, who went from Yale to Indiana, is the Big Ten's only new head coach. His Hoosiers have good size with such standouts as split end Bill Malinchak, tackles Randy Beisler and Ken Hollister, and starting halfbacks John Ginter and Trent Walters.

"Let's win now," is Pont's philosophy. And the Hoosiers could be the season's surprise team.

Illinois has its entire 1964 backfield intact, including quarterback Fred Custard, halfbacks Ron Acks and Sam Price and fullback Jim Grabowski. Linebacker Dick Butkus is gone but another top man carrying on is Don Hanson.

KEY BUCKS

Key performers in Ohio State's No. 1 defensive team of the Big Ten have departed. But outstanding linebackers Luke Kelley and Tom Bugel are back in business and Coach Woody Hayes says his offense could show improvement.

End Cas Banaszek, fullback Bob McKelvey and halfbacks Ron Rector and Woody Campbell are main veterans in a regrouping season at Northwestern.

Wisconsin has a good defensive nucleus with linebackers Tom Brigham and Bob Richter and defensive halfback Dave Frontek. Quarterback Chuck Burt showed well in the spring after missing 1964 because of illness.

'M' CAPTAIN—Former Detroit Pershing star Tom Cechini, an all-Big Ten center and linebacker last year, will captain the 1965 Michigan Wolverines. He is a 200-pound senior.

Two Big Ten Teams Have Same Feats

Only two Big Ten teams ever have gone through a season undefeated and unscored upon—Michigan in 1901 and Illinois in 1910.

The Wolverine feat was accomplished by Fielding Yost's first team, captained by Hugh White. This initial "Point-a-Minute" team racked up 550 points, including a 128-0 romp over Buffalo and the first Rose Bowl victory, 49-0, over Stanford.

The Illini posted a 7-0 record by outscoring opponents 82-0. Quarterback Otto Seiler was the hero of that team, as his drop kicks provided the only scoring in three, 3-0, Illinois victories (over Chicago, Indiana and Syracuse).

Michigan Looks for Repeat in Big Ten

Bump Seeks to Surpass Brother Pete

No Team Since 1955
Has Repeated After
Rose Bowl Win

Bump Elliott has an excellent chance to improve over Pete Elliott in the Big Ten's illustrious brother coaching act this football season.

All Bump has to do is direct his 'highly-rated Michigan Wolverines to the first conference championship repeat in a decade — an acid test.

Pete led the University of Illinois to the Big Ten title and a Rose Bowl conquest in the 1964 season.

But Pete's heralded hold-over Illini crew succumbed to a post-Rose Bowl jinx last season to finish fourth while brother Bump's Wolverines swept the Big Ten and Rose Bowl crowns.

Now Bump must wrestle an identical problem—shooting for the Big Ten title minus Rose Bowl incentive with a Michigan squad tabbed the team to beat in the conference.

Not since Ohio State in 1954-1955 has a Big Ten champion gone to the Rose Bowl and delivered a title the following year.

BETTER PROSPECT

Bump Elliott sees a better prospect for his Michigan team which had an over-all 9-1 record last season, taking the Big Ten to go with 6-1.

"I don't think Rose Bowl incentive is a factor in our club's attitude," said Elliott. "Our club wants to win every game and repeat as league champion.

"Actually, this is a brand new team — even with a fine nucleus remaining from last year. And most of all, it's a brand new team mentally with potentially great leadership."

He said firebrands Bill Yearby, 235-pound defensive tackle; offensive end Steve Smith and tackle Tom Mack, both 230-pounders; and quarterback Dick Vidmer, inexperienced but a "fine field general."

Vidmer holds the key to Michigan's offensive success as replacement to graduated Bob Timberlake.

Vidmer, as a sophomore, was running neck-to-neck in competition with Timberlake early last fall until he suffered a broken leg which sidelined him for the season.

Michigan's running attack will be as good or better than last season with two superb halfbacks in Jim Detwiler and Carl Ward and a smashing letterman, Dave Fisher, at fullback.

YEAR OLDER — Jim Detwiler, 210 pound halfback from Toledo was one of Michigan's running stars as a sophomore last year.

Volk Defensive Ace

ANN ARBOR — A tall, personable young man from Wauseon, Ohio, with a rich Michigan athletic background, appears to be the Wolverines ace in the hole at two positions on the Maize and Blue football squad this fall.

He's Rick Volk, a 6-3, 195-pound junior, who lettered as a defensive halfback last year. He's a nephew of Bob Chapuis, All-American halfback on another Western Conference and Rose Bowl championship team — that of 1947. Like Rick, Bob also lettered in baseball.

Volk originally was a quarterback last year but with Bob Timberlake, Frosty Evashevski, and the then uninjured Dick Vidmer handling the signal-

calling role, he was shifted to defensive halfback.

"Rick was just too good a football player to sit on the bench," said Coach Elliott, "and the same is true this year."

A deadly tackler and a fine pass defender, it was Volk who stopped Minnesota backs on third and fourth downs as Michigan fought desperately in a goal line stand to preserve their 19-12 victory.

Again against Ohio State it was his daring punt return that set up Timberlake's field goal in the 10-0 victory over Ohio State that brought home the Big Ten title.

And his defensive play in the Rose Bowl brought high praise

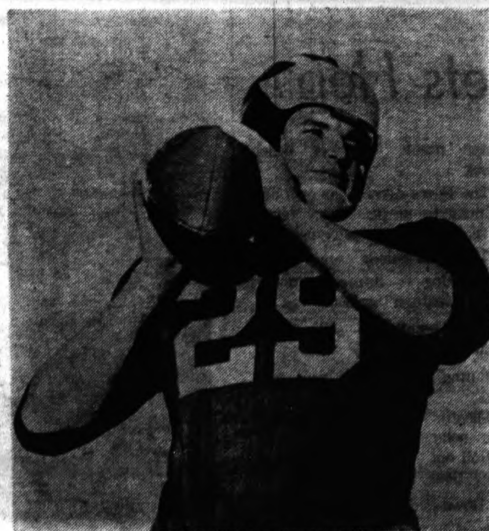

from Oregon State coach Tommy Prothro.

To demonstrate his versatility, he filled in for starting left halfback Jim Detwiler who was injured for a time where he did an excellent job.

He tossed a 33-yard touchdown pass to end John Henderson to prove his point in this department as well.

At present he's running No. 3 as an offensive quarterback, but he's ready for defensive halfback duty as well.

Whatever the situation may be, Coach Elliott has the very comforting thought that the nephew of his old team-mate is still around — ready to pick up the chips whenever they are down.

QB CHALLENGER — Royal Oak's Wally Gabler from Kimball High School is a strong challenger at quarterback for the Wolverines. He is a 190-pound senior at Michigan.

Mack Rated Fast

Tackle 'Engineers' Way

ANN ARBOR — A brawny senior engineer with a baseball heritage and speed enough to match many college halfbacks — that's Tom Mack, Michigan's regular offensive right tackle this fall.

The 6-3, 230-pound Bucyrus, Ohio, athlete, who came to the Wolverines as an end, turned in a standout performance when he was converted to tackle a year ago.

He likes the new position better than end. "I should like it because it's given me a chance to play," he said. "And since I've always liked to block, I'm doing what I like best."

Last year he played 270 minutes of football in all ten games and was a standout, particularly in the Rose Bowl. Here he piloted Mel Anthony, fullback on his record-breaking 84-yard scoring dash.

Mack is the son of Ray Mack of one-time Cleveland Indian baseball fame. He still likes to play baseball, but he likes all other sports as well. He lettered in football, baseball and swimming at Cleveland Heights high school although his folks now live in Bucyrus.

A mechanical engineering senior Mack plans on entering graduate school to study business administration when he finishes next May. A business-engineering course should be hard to beat, he feels.

"Tom is as fast a tackle as we've seen," said Coach Bump Elliott. "He's a fine blocker and an intelligent player who makes very few mistakes."

Now Doctor & Captain

ANN ARBOR — Captain Eugene Derricotte, who was appointed as the Second Air Division Dental Surgeon in South East Asia last May, is now responsible for Air Force dental facilities and personnel in South Viet Nam and Thailand.

Dr. Derricotte, who starred on the University of Michigan football team for four seasons, from 1944 through 1948 as a halfback, graduated from the University in 1948 and opened private practice in Detroit until he returned to active duty with the Air Force in 1962.

(This revised list of Michigan All-Americans conforms with the official Big Ten list.)

Elliott Starts 7th Season

Chalmers (Bump) Elliott, who guided Michigan to the Big Ten and Rose Bowl titles in 1964, starts his seventh season as head coach of the Wolverines this fall.

The 40-year-old Elliott fought his way through a field of adversity to achieve his goal in 1964.

Starting as head coach in 1959, his first season brought a 4-5 over-all and 3-4 Big Ten mark. His second season was 5-4 for all games and 3-4 in the Conference.

In 1963, an intensive recruiting program began to pay off.

Last season the Maize and Blue moved into high gear as they amassed an 8-1 over-all and 6-1 Conference season total. Only loss was by a 21-20 count to Purdue but the Wolverines bounced back to score a brilliant 10-0 victory over Ohio State and then sweep through Oregon State in the Rose Bowl, 34-7.

Thus Elliott now has a total six-season record of 29 victories, 24 losses and two ties. The Big Ten record is now 18-21-2.

MICHIGAN HOME ATTENDANCE

Since 1946 Total And Average

Year	Total	Average

VIKING DEFENDERS — The task of defending the center of Walled Lake's line this season falls to Fred Ferguson (left), a 5-9,

195-pounder, and 230-pound Rick King. Both are seniors.

Pontiac Press Photo

3 Kentuckians Stay Home

LEXINGTON, Ky (AP) — Kentucky football coach Charlie Bradshaw will be the first to admit that he has thousands of Kentuckians to thank for quarterback Rick Norton.

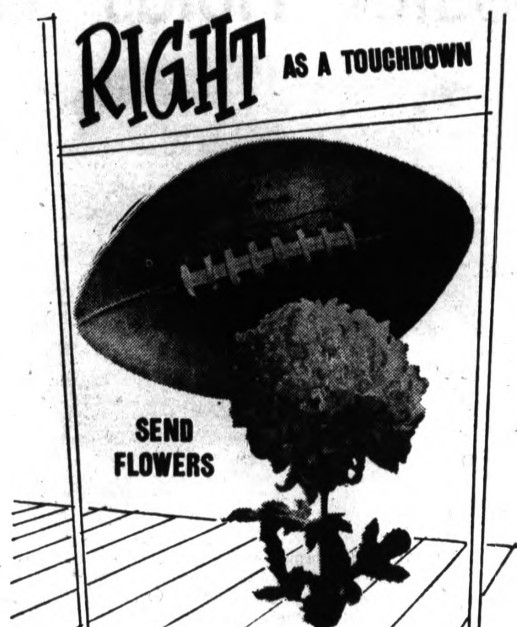

Norton, who led the Southeastern Conference in passing in 1964 with 1,319 yards, was sought by more than 100 colleges when he graduated from high school.

With all the stiff competition for the young man's services, Bradshaw asked Kentuckians to show Norton how much they wanted him to stay in the state by writing him a letter. After receiving thousands of letters, Norton decided to attend Kentucky.

Health Holds Key to Spartan Success

COUNTY SPARTANS—Former All-Oakland County football stars from Shrine High School are wearing the Michigan State green and white this year, Chuck Lowther, a reserve quarterback, and Ron Ranieri, a center.

Dorow Returns

Two New Aides at State

EAST LANSING — Two new assistant coaches will work with the Michigan State varsity football team this fall, Ed Rutherford and Al Dorow.

Rutherford came on the scene in January as replacement for John McVay, who became head coach of Dayton. He'd put in 14 seasons in Detroit prep ranks, the last 11 as head coach at Denby High.

Dorow started in April, moving in after the appointment of Burt Smith as assistant athletic director. He's no stranger to Spartan Stadium however, having quarterbacked the Spartans to an undefeated season in 1951. He was at Hillsdale the last two years.

Rutherford will handle the freshman team and Dorow will be a backfield assistant.

Spartans Aiming for Grid Trophies

EAST LANSING — Three of Michigan State's 1965 football rivalries have the added attraction of a gridiron trophy going to the winner of the game.

At stake when State meets Michigan is the Paul Bunyan Governor of Michigan Trophy, the "Old Brass Spittoon" is up for grabs when the Spartans tangle with Indiana, and the "Megaphone Trophy" goes the winner each year of the MSU-Notre Dame contest.

The Spartans relinquished possession of all three trophies last year.

MSU Third in Winning

EAST LANSING — Michigan State heads into its 13th Big Ten football campaign this fall with a ranking of third in all-time winning percentages among all league members.

In their 12 previous seasons State teams have won 42, lost 28 and tied two in Big Ten action for a winning percentage of .597.

On top of the pack is Ohio State, with a mark of 180-88-19 and .660 for 52 seasons. Following the Buckeyes is Michigan with 192-98-13 and .655 for 59 seasons.

Back of the Spartans in order come Minnesota, Chicago (out of league play since 1939), Wisconsin, Illinois, Purdue, Iowa, Northwestern and Indiana.

Two Important Players Hit With Injuries

Passing Combination of Juday-Washington to Lead Offense

EAST LANSING—Coach Duffy Daugherty was the unsmiling Irishman of Michigan State University today with the football season only a few days off and two of his brightest stars hobbled by injuries.

A couple of casual mishaps temporarily shelved Michigan State's greatest pass receiving prospect, swift Gene Washington, and Daugherty's finest defensive back, George Webster.

HIGH TAG

Ironically, Washington suffered a fractured finger while taking a practice pass from quarterback Steve Juday. This is a pair tagged to make Spartan aerial history.

"It's really incongruous," said Daugherty whose club is expected to run in the middle of the Big Ten pack. "Those two guys played catch with the ball several thousand times in informal workouts of their own this summer."

"With both Washington and Webster out, we are 25 or 30 per cent weaker as a team. Both are great football players."

Partisans regard the Juday-Washington passing tandem on a par with Iowa's heralded pair of Gary Snook and Karl Noonan. At least the two Spartan specialists can just about erase all career records set by the school's best previous aerial act, Al Dorow and Bob Carey, early in the 1950's.

"Juday will have the green light to pass anywhere on any down, but we mainly will use the pass off our running action and not as a main threat," said Daugherty, starting his 12th Spartan campaign.

Best free-wheelers probably will be halfback Clinton Jones, like Washington a crack track hurdler, and the latest Hawaiian contribution to Michigan State, Bob Apisa, a 205-pound sophomore fullback from Honolulu.

Grid Star's History

As a frosh he was as tough as a tiger

He softened a bit as a soph
As effort diminished our hero was finished

And the coach cut his scholarship

The Fumbling Poem

The ball was loose, he made a grab

And sad to sad, he got it
He also got his ribs caved in
By other guys who sought it.

Ex-Area Ace After MSU Aerial Marks

EAST LANSING — Steve Juday and Gene Washington have made necessary a big re-writing job of Michigan State's football passing and receiving record book, and they figure to keep on doing it.

Between the two they've established eight season or game standards. Looking ahead, they stand excellent chances of moving into the elite Spartan "best career performance" company.

MSU Coaching Longevity Is Aim of Duffy

This marks the 12th coaching season at Michigan State for Hugh (Duffy) Daugherty.

The Spartans teams have won 63, lost 34 and tied 3 over-all in 11 seasons, ranking among the nation's top 10 teams five times.

Coach of the Year in 1959, Duffy ranks as second oldest coach from the point of service in MSU history. Charley Bachman with 13 years of service is first. He needs only six victories to match the 70 wins of Bachman-coached teams.

A native of Western Pennsylvania, Duffy became head coach in 1954 after eight years under current athletic director Biggie Munn.

Michigan State Home Attendance Since 1948 Total And Average

Year	Total	Average
1948	191,903	39,380
1949	226,786	37,797
1950	229,125	38,187
1951	195,340	39,068
1952	226,856	43,371
1953	248,348	49,669
1954	189,016	47,254
1955	244,863	48,972
1956	202,051	50,762
1957	238,565	57,749
1958	251,928	59,188
1959	288,429	57,483
1960	174,480	46,150
1961	227,407	56,851
1962	272,372	68,343
1963	228,423	45,726
1964	296,008	75,500

Juday, the senior quarterback from Northville and former All-Oakland County star has set these marks:

Most passes thrown in a season, 148; most passes completed in a season, 79; most passes completed in a game, 16.

Career marks seemingly within Juday's reach are: Most passes thrown (his 216 ranks second back of Al Dorow's 259); most passes completed (his 107 ranks second back of Dorow's 125); yards gained passing (his 1,403 ranks fourth with Earl Morrall the leader at 2,015); touchdown passes (his 14 ranks fourth with Dorow the leader with 19).

Washington, the fine junior end from La Porte, Texas, established these standards in a great soph year:

Most passes received in a season, 35; most yards gained passes received in a season, 542; most passes received in a game, nine; most yards gained passes received in a game, 156.

With two seasons ahead he has excellent shots at career marks for passes received (his 35 already ranks second to Bob Carey's 65), and yards gained passes received (his 542 ranks sixth with Carey the leader with 1,074).

'NO MO' — The youngest of the football playing Modzelewski brothers is Gene, an offensive tackle at New Mexico State. Nicknamed 'No Mo,' the 6-1, 215-pounder refused to follow the University of Maryland careers that earned Ed (Big Mo) All-America fullback honors and Dick (Little Mo) a regular defensive tackle berth with the Cleveland Browns.

AERIAL ARTIST — Former All-Oakland County football star Steve Juday from Northville is out to break all Michigan State passing records this season. Juday is a 185-pound senior.

SEC Winner Like Pick From Hat

ATLANTA, Ga. (AP) — Put the names of Alabama, Kentucky, Louisiana State, Florida, Mississippi and Auburn into a hat and draw one. Anyone of these six teams has a good chance of winning the 1965 Southeastern Conference football championship.

Alabama, Kentucky, Florida and Louisiana State appear to have a slim edge over Mississippi and Auburn. But the difference is ever so slight. Mississippi State looks to be the best of the rest, followed by Tennessee, Georgia, Vanderbilt and Tulane.

★ ★ ★

The Crimson Tide of Alabama may be the defending national champions, but the men from Tuscaloosa will have their hands full in just trying to repeat as the SEC titlist.

Cocher Paul Bryant, starting his eighth season at Alabama, will be greeted by the youngest team he's had in 21 years as a coach.

Fifty-seven of his varsity candidates are sophomores.

Alabama lost the explosive Joe Namath, who may be the greatest passing wizard ever to walk onto a football field in the South. It also lost a host of linemen who played over their heads week after week to lead the Tide to its second national crown in four years.

EMPTY SHOES

Bryant can replace Namath with Steve Sloan, a proven quarterback, but it's doubtful he can

fill the empty shoes left by tackles Frankie McClendon, Ron Durby, Jim Simmons and Dan Kearley, an All-American selection, and guard Wayne Freeman.

Alabama's best lineman will be center-linebacker Paul Crane, Bryant said. His starting offensive backfield, he said, most likely will be made up of Sloan, halfbacks Leslie Kelley and David Ray and full back Steve Bowman.

While Alabama backers are somewhat cautious this year, several hundred miles to the south at Baton Rouge, Louisiana State fans already are talking of another championship.

The key to LSU's hopes will ride on the knee of Pat Screen, an injury-prone quarterback whose ability as a runner and passer make him as dangerous an offensive back as there is in the land.

Bones Wants Muscles

HOUSTON — Coach Hugh (Bones) Taylor wants to be sure the Houston Oilers professional football squad does not get soft in the off season. He has team members doing isometric exercises.

Taylor got the idea from Coach Sid Gillman of the San Diego Chargers. The Oilers coach sent out form letters to his squad outlining what they had to do to keep the isometrics program properly.

By far the most experienced and probably the most feared team in the SEC will be Kentucky, which lost only two of its first 22 players last year.

★ ★ ★

The Wildcats will have the most explosive offense in the conference — and possibly a defense to match. Kentucky's offensive will be built around three all-star candidates. These stalwarts are quarterback Rick Norton, the leading passer in the conference last year; end Rick Kestner, Lineman of the Week once last season, and Rodger Bird, rated the best all-around halfback ever to play at Kentucky.

Florida will have an explosive offense built around quarterback Steve Spurrier, halfbacks John Harper and Allen Poe and end Charles Casey.

Auburn and Mississippi both had disappointing seasons in 1964, but there is little indication that they will do a repeat performance in 1965. Both teams have spent the winter rebuilding and will have a lot to say about who wins the title.

Mississippi State will be improved over last year and should have a much better record. Tennessee also will be better, especially offensively.

Georgia just doesn't seem to have the horses it had last year when it stunned the experts by finishing with a 7-3-1 record after being picked to come in ninth in the SEC race.

Vanderbilt and Tulane also will field better teams.

QB Is Problem at W. Michigan

Reconstruction of the defensive backfield and finding an adequate replacement at quarterback are the major problems facing the Western Michigan University coaching staff.

The Broncos finished fifth in the seven-team Mid-American Conference last year and the outlook isn't much brighter for 1965.

Coach Bill Doolittle is taking a long look at several sophomores in hopes of finding replacements for key graduation losses and much needed bench strength.

Among the veterans returning are 240-pound senior tackle Elick Shorter of Pontiac and junior fullback Jim Haviland, a former Waterford Kettering star.

Sophomores bidding for berths include quarterback Jim Borlen of Hazel Park and halfback Rick Trudeau of Walled Lake.

Bowling Green, a team that has dominated the Mid-American Conference football picture since 1959, looks like a solid choice to win its second straight league crown.

The Falcons have a new athletic director and a new grid coach but the same old ingredients that stamp them as a power — size, depth and speed.

MOVED UP

Genial Doyt Perry has moved up as director of athletics leaving the field duties to one of his assistants, Bob Gibson.

Gibson bemoans the fact that graduation took his halfbacks and quarterbacks. But there's still a potent interior line and four all-MAC selections among the 22 lettermen returning from last year's squad that piled up an impressive 9-1 record.

Junior Mike Pricer of Birmingham is a guard candidate.

Rebuilding and inexperience are the theme song of the six other teams in the circuit with upstart Kent State given the best outside chance to take it all.

Kent has a flock of highly-touted gridgers from last year's unbeaten frosh squad to go with 22 lettermen.

Two other perennially tough

schools, Miami and Ohio University, appear to have lost too much material to be challenging.

Miami has two strong runners in veterans Don Peddie and Joe Kozar but sensational quarterback Ernie Kellermann has departed. The Redskins probably will go to a ball control game.

Ohio has an outstanding fullback in junior Wash Lyons who led the MAC in rushing as a soph. But Lyons suffered two broken toes in a summer industrial mishap and may not be in top shape.

Marshall, which surprised by finishing in a tie for second place, has one of the league's top passers in Howie Miller and all-MAC center Tom Good.

Toledo has no one to replace steady Dan Simrell at quarterback and banks on 35 sophs, including 240 Ray Hayes of Clawson, to improve a 2-8 record.

Air Force 11 Has Challenge

Scandal Wipes Out Many Letter Winners

AIR FORCE ACADEMY, Colo. (AP) — The Air Force football team, depleted by last winter's scholastic cheating scandal, faces the greatest challenge in history this fall. Coach Ben Martin said Wednesday.

Martin declines to discuss the classroom cribbing that ousted 109 cadets, including 29 members of the Falcons' 1964 team that logged a 4-5-1 record.

But in discussing 1965 prospects, he said, "our experience level is the lowest it's ever been and we face a tremendous rebuilding job." This is the 10th varsity campaign for Air Force.

Of the 29 missing, nine were seniors. Except for the scandal, 20 of them would be back including 12 or 13 who would have been key players.

As it now stands the 1965 team will be built around a scant nine lettermen. There are none at end or center. The lone lettered quarterback is Paul Stein, an all-around senior athlete from Lansing, Mich. He's 5-foot-10 and weighs 178.

The other lettermen are tackle Jerry Mrozek, fullback John Ondrejko, guards Donald Hecker and Scott Jackson and halfbacks Jeff Jarvis, Guy Hogle, Bill Manning and Lloyd Duncan.

Martin is returning to platoon football. His two top units will number 12 sophomores among the 22 starters. But those dozen sophs are aptly described as big and ambitious.

MICHIGAN SUN DEVILS — The six Arizona State University football players above are from Michigan. They are, (from left), clockwise, halfback Joe Parham of Muskegon Heights, end Dick Egloff of Plymouth, end Ken Dyer of Ann Arbor, fullback Gerald Szostak of Hamtramck, center Jack Shiker of Union Lake and end Jesse Fleming of Battle Creek. Last fall ASU posted an 8-2 record.

CMU Rated Dark-Horse in Interstate League

Central Michigan is rated a dark-horse in the Interstate Intercollegiate Athletic Conference football race this season.

Coach Bill Kelly, dean of IIAAC gridiron coaches, is planning on a squad dominated by sophomores — 27 in all — and this is the main reason the Chippewas are not listed as a leading contender.

Defending co-champions Western and Northern Illinois are expected to resume their battle for the championship.

Central Michigan, which finished fourth last season, is expected to battle Eastern Illinois and Illinois State for third place. CMU appears to be in

the best position to move higher if one or both pre-season favorites slip.

Kelly has a good nucleus of 18 veterans around which to mold the team.

Headed for starting spots among the returnees are tackle Norb Miller, guard-linebacker Paul Verska, defensive end Eric Pape, fullback Jamie Gent, end Al Bishop and quarterback Paul Boyd.

Expected to push Boyd are sophomore signal callers Joe Stewart, Bob Lorraine and Hazel Park's Bob Husband.

RATED CHANCE

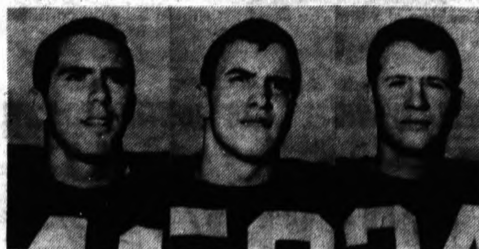

Sophomore Jim Acitelli, the fine runner and placekicker from North Farmington, is rated a chance at one of the starting halfback slots. Another soph, Tom Armour of Hazel Park, is a defensive halfback candidate.

Tom Dobberstein, 6-5, 215-pound sophomore from Warren Fitzgerald, is a prime end candidate.

"We are not going to be really big and we won't be exceptionally fast," said Kelly, "but we could have a respectable team this year and be a real spoiler in the conference race."

Central opened its 10-game schedule last Saturday against Wisconsin State at Saginaw.

NIGHT SPORTS PHONES
FE 2-6103 — 2-6104

GRIDGERS IN THE DALE—Area football players expected to help Hillsdale College fortunes this year are (left to right) Jack Newton, kick return specialist from West Bloomfield; Charlie Haviland, linebacker, from Kettering and Mel Patterson, fullback from Kettering.

Wayne State Grid Future on Upswing

DETROIT — This may be the last year that Wayne State's Football team holds "spring" practice in September.

When the 1965-66 academic year is over, the 25,000-plus student University will officially be out of the Presidents Athletic Conference. The PAC, whose seven eastern schools average about 1,300 students a piece, prohibits spring practice in its program of athletic de-emphasis.

New head coach Vern Gale got his first real look at the Tartar squad September 7th.

The Tartars open their 1965 schedule September 25, when they host Allegheny.

Gale's immediate problem will be "adjusting his team to a new staff and a new approach." The only returnee from last year's staff is backfield coach Bob Hurley, who will begin his fifth year with the Tartars.

Gale, a 37-year-old former Iowa State assistant, succeeds Stan Marshall who returned earlier this year to South Dakota State as athletic director.

Marshall guided the team to a 4-3-1 mark and its first PAC crown since 1956.

County Players Start at Albion

Britons Have Opener With Wheaton

Several Oakland County gridgers were among training camp candidates at Albion College as the Britons prepare for one of their toughest schedules in history.

Defending champion of the MIAA, Albion is riding an 11-game winning streak and opens the season with a home game against Wheaton, Saturday.

Coach Morley Fraser has 30 returning lettermen among whom are quarterback Dave Neilson, 6-2 and 195 pounder from Pleasant Ridge; Vaughn McGraw from Pontiac and John Mullin from Farmington on the first defensive unit which yielded only 41 points last year.

Starting center is Gene Muenchhausen, a 220 pound junior from Royal Oak.

Lloyd Harper a Royal Oak junior is at an end position for the Britons.

Michigan 11 1st Indoors

Chicago and Michigan played an INDOOR football game in the Chicago Coliseum November 28, 1896. Building was too short for regulation length field so when team passed 'mid-field' it was set back to provide regulation distance to goal line. Game drew 8,000 and was won by Chicago, 7-6.

Wisconsin played Carlisle Indians in same Coliseum same season and won what probably was first NIGHT game on record. Score, 18-8.

STARTER — Vaughn McGraw, ex-West Bloomfield gridger, started in the defensive backfield as a freshman at Albion last year and he will be tried on offense for the Britons this year.

New Mexico Is Best in West

By The Associated Press

The young Western Athletic Conference is entering its fourth year and the University of New Mexico is looking for its fourth football title, but the Lobos will have to scramble to uphold tradition.

The Lobos won the league crown outright in 1962 and '63 and shared it with Utah and Arizona last year.

New Mexico lost 17 lettermen, including eight senior starters, from the club that was 9-2 overall and 3-1 in conference play last year. Those vacancies must be filled if the Lobos are to make it four in a row.

Despite the heavy graduation loss, there's reason for optimism in the return of quarterback Stan Quintana, skilled both as a runner and passer and rated one of the league's top defensive backs.

SAME ATTACK

Coach Bill Weeks plans to keep the Lobos in the wing I formation and hints Quintana may do more passing this year.

Utah did much for conference prestige last season, whipping such respected nonconference opponents as California and Utah State in regular season play and routing West Virginia 32-6 in the Liberty Bowl.

The Utes, however, face even a bigger rebuilding job than does New Mexico, with 10 of last year's starting eleven among the missing.

Coach Ray Nagle is counting

on help from transfers and hopes some of last year's reserves rise to new heights. Quarterback Richard Groth returns to pilot Nagle's multiple T offense.

Arizona, which clobbered arch-rival Arizona State University 30-6 in the last game of the season to tie New Mexico and Utah for the 1964 title, appears solid once again.

THAT TIME OF YEAR — The college football season is just days away and most teams are finishing preseason football practice. Navy, with Jack Connolly (68) at the controls, gave Billy XV his exercise at Annapolis.

Notre Dame Attack Stresses Rushing

SOUTH BEND, Ind. (UPI) — Notre Dame's 1965 football team, lacking a tested passing expert and a standout receiver, will try to run its opponents to defeat rather than pass them dizzy, indicates coach Ara Parseghian.

The Irish soared to a 9-1 season record and a third place national ranking last year in Parseghian's first season, with the passing combination of John Huarte and Jack Snow accounting for the "bomb."

★ ★ ★
This year both Huarte and Snow are gone, so Parseghian's plans call for maximum utilization of the running ability of halfbacks Nick Eddy and Bill Wolski, both speedsters who can go inside or outside and fullbacks Larry Conjar and Paul May, hard hitters who can move outside as well.

Even the quarterback, whoever he may be, will join in the running since Parseghian rates his signal callers as "good ball handlers and runners."

However, he doesn't rate them comparable to Huarte, or two other untested quarterbacks he had at Northwestern and who reached greatness as sopho-

mores, Dick Thornton and Tom Myers.

The signal calling job for the Irish probably will fall to Bill Zlock, a senior with 10 minutes of playing time, or one of two sophomores, John Pergine or Tom Schoen. "Possibly we'll use the game as the proving ground," Parseghian said.

TIGHT ENDS

"We're flexible enough that if one of them develops as a passer, we can go back to the offense we used last year. Otherwise we'll be more the running type or team with two tight ends."

Parseghian declared a second major problem was lack of depth, while declaring his "first two units look fairly good."

Both the offensive and defensive first teams have some talent tested last year and found good.

Among them are ends Phil Sheridan, Alan Page, Don Gmitter and Harry Long, tackles Kevin Hardy, Bob Meeker and Pete Duranko, guards Dick Arrington and Tom Regner, linebackers Jim Lynch and Arunas Vasys, and the entire defensive backfield, Tony Carey, Tom Longo, Nick Rassas, and Ken Ivan.

"Our strong point would be our defensive secondary where we have everybody back," Parseghian said. "But we could be

hurt by injuries, and our primary concern is depth.

"No one can tell how tough the schedule is until you play it," he said. "No one knows what is in store for anybody with today's distribution of talent."

"We may have four or five Notre Dame's of 1964 on our schedule, and who counted on Notre Dame last year? Everybody on our schedule is a good football team. Even in a bad year, they're good."

Ivy Loop Race 4-Team Affair

The Ivy League football race is shaping up as a four-team affair between defending champion Princeton, Harvard, Cornell and Dartmouth.

Princeton, which won all nine games in 1964, lost its offensive backfield at graduation, but has a solid front line returning. Guards Paul Savidge and Stan Maliszewski are the key linemen.

After finishing in the No. 2 spot last year, Harvard appears ready to move past the Tigers into first. John McCluskey, an experienced quarterback, and veteran ball carriers Bobby Leo, Wally Grant, Pat Conway, Dave Poe and John Dockery return.

A veteran line will be led by tackle Steve Diamond.

Cornell's problem will be in the offensive line where sophomores will be called on to fill some glaring gaps. But the defensive team is strong.

The offensive backfield, led by fullback Bill Wilson and quarterback Marty Sponaugle, appears sound.

The darkhorse in the race could be always dangerous Dartmouth. Coach Bob Blackman, however, must rebuild the line and find a steady quarterback.

Yale was hit hard by graduation and must rebuild. Biggest construction job facing the coaching staff appears to be the middle of the offense.

Columbia lost its offense and a good share of the defense in the secondary when quarterback Archie Roberts graduated.

Dietzel Sees Many Woes at West Point

Army Coach Has Only One Letterman Back on Offensive Team

WEST POINT, N.Y. (AP) — If Army has that long-hoped-for football resurgence under Paul Dietzel this season, it will be more than a comeback. More like a miracle.

Going into his fourth year as coach of the Cadets, Dietzel has problems. He's had to rebuild his backfield and install a new offense. He has only one letterman on the offensive line, and he's switched positions. His star linebacker-guard from last season now is a tailback. He'll need considerable help from sophomores.

And Army opens on the road two weeks from now — for the first time in its 76-year football history — at Tennessee.

BRIGHT SPOT

However, Dietzel is a defense-minded man and the West Pointers' defense is a bright spot, with nine of the returning 15 lettermen as starters. Top gun on the unit is the tough line-backer, Townsend Clarke.

Dietzel scrapped the winged T for the I formation, which has the quarterback, fullback and tailback in a line behind the center.

"We felt we needed more flexibility on offense," says Dietzel, whose previous Army offenses were not renowned for their flexibility.

Fred Barofsky, who did a little bit of everything last season but didn't pass much, is the new quarterback, replacing the accomplished Carl Stichweh.

FASTEST MAN

Sonny Sotwers, a 191-pounder who shone as guard-linebacker last fall, is the tailback — and Army's fastest man. Mark Hamilton moved from half to fullback, with sophomore Carl Woessner at flanker.

Leader and only letterman on the offensive line is a good one — Sam Champi, 6-foot-4, 226-pound tight end. He was a split end last year. Split end Terry Young and tackle Don Roberts are sophomores slated to be starters on the line.

Army fired Dale Hall in 1961, shortly after West Point's third straight loss to Navy, and hired Dietzel away from Louisiana State amid a welter of publicity and controversy.

Dreaming of past glories under Red Blaik, Army men looked for an upswing under Dietzel. However, it was 6-4 in 1962 and 7-3 in 1963, with both seasons climaxed by losses to Navy.

Army slipped to 3-6 heading into the Navy game last year, but the season was a resounding success — despite the record — with an 11-6 triumph over the Middles.

Cornhuskers Loaded for Big Eight Race

KANSAS CITY, Mo. (AP) — Bob Devaney, who coached Nebraska to its first football championships since the days of Biff Jones and Dana Bible, has what he needs for a third straight Big Eight crown this fall.

The Huskers are loaded with talent, depth, experience and tradition.

But Devaney, the affable Irishman, is worried about the role of the favorite — with good reason. The favorite hasn't won in the Big Eight since 1959, the final year of Bud Wilkinson's 13-year title reign at Oklahoma.

The Huskers were supposed to be rebuilding when they won it last year. In 1963, Wilkinson's defending champions were favored but Devaney's club gave Nebraska its first crown since 1940.

DECIDING GAME

Devaney's biggest worry is a strong Missouri squad which many observers believe was the league's best at the close of 1964. The Nebraska-Missouri game Oct. 30 at Columbia, Mo., should decide it.

Oklahoma, Colorado, Kansas and Oklahoma State all are given a shot at third place, with Kansas State and Iowa State only a whisker behind.

Another element of doubt for Devaney is that his club didn't overpower the league last year.

The Huskers lost to Oklahoma and won cliff-hangers from Missouri and Kansas.

Nine of the Big Eight's top 10 passers of 1964 are returning and Nebraska has two of them — champion Bob Churchich and No. 10 Fred Duda, who broke his leg early in the season.

Nebraska's defensive unit was No. 2 nationally last year and nine of the first 11 are back. Tony Jeter and Freeman White could be the nation's best end combination.

City Getting First Taste of Pro Football

Pontiac Team Title Favorite in '65 Race

By FLETCHER SPEARS

Professional football has arrived in Pontiac and the city may have produced a winner in its first try at supporting a play-for-pay gridiron team.

The local squad is the Pontiac Arrows, a member of the Midwestern Football League which moved to Pontiac from Mount Clemens following the 1964 season.

Other members of the league are Flint, Lansing, Midland and Dayton.

Attempts to bring professional football to the City of Pontiac were launched early in the spring of 1964 when a local group, headed by sports promoter Paul Parks, approached the United Football League with the hopes of gaining a franchise for Pontiac.

★ ★ ★

Discussions with UFL officials failed to bear fruit, so the local group began talks with Lyle Wells, coach of the Arrows, who was then playing his games in Mount Clemens.

ATTENDANCE DOWN

Attendance had been down in Mount Clemens during the 1963 campaign, so Wells was open to any suggestion that might give the club a lift.

★ ★ ★

Pontiac suggested an exhibition game. Wells said okay and brought the Arrows here in Nov. 1964 to meet the Dayton Colts. Nearly 2,000 fans turned out to watch the Arrows win the game, 26-13, and the turnout helped push Wells to make a decision to switch to Pontiac.

The Arrows have played three games this season, all at Wisner Stadium and won them all. Two of the decisions were against Flint.

Flint fell, 26-20, in an exhibition contest early in August, and the Arrows pinned a 61-0 defeat on the squad in the league opener Sept. 4 at Wisner. Sturgis fell before the Arrows Saturday night, 74-0.

★ ★ ★

The Arrows have a talented team and they are favored to take the MFL championship.

SEEK 3RD TITLE

And a title this year would give the squad its third in four years. The Arrows won in 1962, 1963 and lost out to Lansing last year.

★ ★ ★

The MFL was organized in 1962 by teams from Mount Clemens (Arrows), Lansing, Milan and Detroit.

★ ★ ★

Dayton joined in 1963, and Toronto (Ohio) joined in 1964. Toronto dropped out after the '64 campaign along with the Detroit Rockets.

Historical Grid Site

CANTON, Ohio—The National Football League was formed at Canton, Ohio, in 1920.

Pontiac Press Photo

SPARKS ARROWS — Pontiac's first attempt at professional football is off to a good start and one of the big reasons for the early success has been the presence of Karl Sweetan, a 6-1, 198-pound quarterback, whom the Pontiac Arrows obtained from the Detroit Lions.

Appointed Head Linesman

Toler First NFL Negro Official

NEW YORK (NEA) — Mark Duncan went from defensive coach of the San Francisco 49ers to supervisor of National Football League officials, a switch that needed some verbal diplomacy.

He was ready, though.

"I was amazed," he said, smiling, "how quickly the officiating improved in such a short time."

★ ★ ★

As supervisor of officials, it is Duncan's job to make assignments, screen candidates and keep 14 volatile head coaches as content as possible.

"We get 300 job applications a year," Duncan said, "and before this season — when we added the sixth official to our crews — we took only three."

"We usually scout the applicant (the league has a five-man staff), send them tests and conduct personal interviews. But the turnover is very small."

This is what makes Burl Toler such an exception.

★ ★ ★

He didn't even apply to the NFL, but he's a new member of their officiating staff this year and is the first Negro official in any major sports league.

"He was recommended to us by one of our own officials," Duncan said, "and we contacted him and asked him if he would be interested. He had been officiating in the San Francisco area and he is outstanding."

Fifteen years earlier, Burl Toler might have made it in the National Football League as a player because he was considered the finest athlete on the University of San Francisco

team that also had Ollie Matson, Ed Brown, Gino Marchetti, Bob St. Clair and Dick Stanfel.

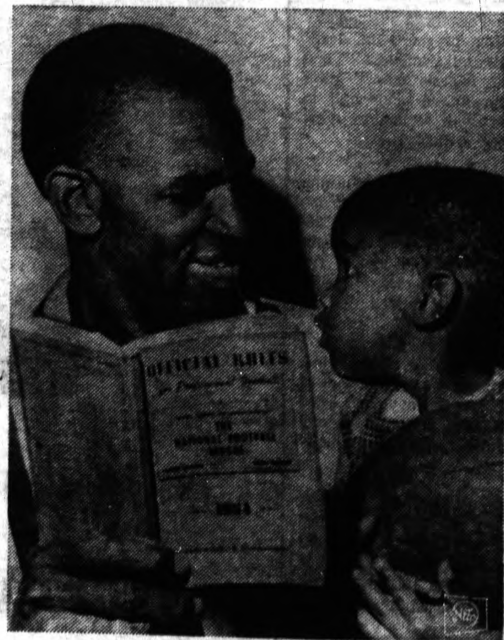

"He was a linebacker and a great one," Duncan said, "but he hurt his knee in the college all-star game and he never played professional ball."

"It seems strange, but even though I coached in San Fran-

cisco, I didn't know Burl was officiating."

Toler will be assigned to one of the seven crews that handles the weekly NFL games around the country and will serve as a head linesman.

The 1965 officiating teams will consist of six men this season because the league felt a line judge was needed.

BY THE BOOK — Burl Toler, former San Francisco University football star is the first Negro official in any major sports league. He will officiate in the NFL this season, recently working the exhibition game between the Lions and Colts. He goes over the rules' book with son Gregory.

Guess Who?

GUESS WHO? — This ex-Texan played college football for LSU during the war years. He once lost his pants chasing down Charlie Conerly of Ol' Miss on an autumn afternoon. Years later he was nicknamed Col. Slick, and not because he became a successful insurance agent. Answer on Page 66.

Scouting Reports Lauded by Coach

By **BOB DEVANEY**
Football Coach,
University of Nebraska

We feel very strongly that scouting reports are tremendously valuable in preparing for an opponent.

Scouting is a time-consuming project, to be sure, but the benefits are great.

There are several methods of scouting football opponents, but the main ones are (1) studying film and (2) watching the game in person.

At Nebraska we rely a great deal on film which we have received through agreed-upon exchange with our opponent, and then send one or more assistant coaches to see our opponent's game the week before we play.

It is very advantageous for the "live" scout to study at least one film of the team he is going to scout before he sees them play.

He will have some idea of their offensive and defensive formations, as well as some familiarity with personnel. We normally chart the film for familiarity, just as we chart every play of the "live" game.

Primarily, the basic reasons for scouting are to learn as much as possible about our opponent—offensive sets, types of defenses used in given situations, changes in style of play, revealing tendencies of individuals in various situations and things like that.

During the game we are scouting live, we take every offensive play by down, distance-to-go, position on the field and the offensive set (or line up) used.

We also take every defensive play by down, distance-to-go and position on the field.

Other things we try to ascertain include starting count or offensive rhythm, type of huddle and break-out, tendencies to use a quick count or long count, use

of upright set by linemen, line spacing, type of kickoff formations and returns, and many other points which may help us detect a weakness or strength in our opponent.

Grandma to Kickoff

Small boy — Grandma, when are you gonna start playing football?

Grandma — Bless you child, I'm too old. Why do you ask?

Small boy—Well, daddy says we'll get a new car as soon as Grandma kicks off.

Paul (Bear) Bryant may be the winningest coach in University of Kentucky history with his 60-23-5 record, but he takes a back seat to C. A. Wright in win-loss percentages. Wright coached only one season. He won seven and lost one.

Clutch Play Big Need for Lions

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Even with an improved running attack and help in pass blocking with Joe Don Looney and Nick Pietrosante, the addition of Tom Nowatske and the deal for Amos Marsh from Dallas, the Lions seem to have one big offensive problem — they can't come up with the clutch play with the goal line as close as their nose.

★ ★ ★

Milt Plum, who has had some good passing percentage years in the NFL, is THE quarterback coach Harry Gilmer decided was No. 1 when he traded Earl Morrall to New York.

When Plum had his best "third down" days last season, namely against Los Angeles at home and at Baltimore, the Lions rolled up impressive victories.

But, the Lions offense and Plum haven't been consistent in this respect and by the third quarter of many games, the defense has carried the bulk of the time on the field.

NEED DEPTH

Without the needed depth, the defense hasn't been able to withstand the constant pounding by land and air and as in four games last year, at Los Angeles, Green Bay home, Minnesota home and Chicago home, when Lions faltered in the late stages.

★ ★ ★

The offensive team gave up the ball too often and this put too much pressure on the aging defense.

GROUND GAINER

Looney could be Detroit's first 1,000-yard ground gainer if he continues in his pre-season pace and with this added running threat the opposing defenses will have more to worry about than covering the Lions' excellent pass receivers.

Watkins and rookie Tom Vaughn have performed well in this department in pre-season games, but again much will depend on how the Lions can capitalize on the kick returns with sustained drives.

★ ★ ★

The front four we named the "Fearsome Foursome" six years ago can be as tough as ever if they want to be tough.

Alex Karras is lighter and appears faster. Roger Brown looks mean, but plays mean on alternate games. Darris McCord is experienced and like Brown has to get tough in every game.

Forecasters' Consensus Unanimous—49ers Last

There's one unanimous consensus in the preseason forecasts of NFL standings — everyone picks San Francisco to finish at the bottom of the Western Division.

The race for the top three spots is scrambled with Green Bay, Minnesota and Baltimore carrying most of the votes, Detroit and Los Angeles expected to battle for the middle spot and Chicago and the 49ers to bring up the tail end.

In the East, Cleveland gets a 4-3 edge in consensus to repeat and the St. Louis Cardinals to finish second. Washington is figured to be a solid third although the Skins did get one vote for second place.

★ ★ ★
The first game of the season will be a battle for position with

Minnesota visiting Baltimore and Los Angeles playing in Detroit.

The Packers have a softer touch against the Steelers. In fact Green Bay has the early break in the schedule playing five of the teams regarded as second division clubs in their first seven games.

They play only Baltimore and Detroit as their strongest foes in the first half of the season.

Groza to Set Record for NFL Contests

Lou Groza's anticipated appearance against the Eagles at Philadelphia on Oct. 3 most likely will be the 177th game of his National Football League career and will surpass the current record of 176 completed last season by the now retired Y. A. Tittle, who compiled his total with Baltimore, San Francisco and New York. . . Groza, the Cleveland Browns' great placekicker, is currently tied with retired Leo Nomellini (San Francisco) at 174. . . Bobby Layne (Chicago, New York Bulldogs, Detroit and Pittsburgh) and Andy Robustelli (Los Angeles and New York) both finished their careers with 175 games.

Second Placers Play

MIAMI — Detroit defeated Cleveland, 17-16, in the first playoff bowl between second-place teams in each conference of the National Football League in 1961.

Kearns Picks Packers-Cards

1. One year out of the top spot should make the Packers hungry again. The depth that was evident in Green Bay for several seasons should continue to gain the respect of NFL opponents and with Chandler to do the kicking the Packers aren't apt to lose the one point decisions as last year.

2. The Vikings were also victims of some close defeats but that high scoring offense is ready to offer the Packers a good run for Western Division honors.

3. Baltimore got much needed help with Dennis Gaubatz when couple key defensive players retired, and the Colts still have John Unitas, a good pass receiving unit and Lenny Moore, the Most Valuable Player of 1964. They stayed healthy and won last year, winning the close ones.

4. The Lions have a good nucleus of veterans but the reserve strength is weak. Running game should be best in years but passing will have to be more consistent. The Lions will give up more points as defense falters.

5. Any kind of better than average offense could move the Los Angeles Rams as high as second. The Rams' front four is biggest and toughest in league defensively.

6. The Bears have added good rookie speed and have some of the top defensive names in the game, but the quarterback situation will have Papa Halas prancing at a higher speed along the sidelines.

7. The 49ers will be up to upset a few teams but overall the San Francisco picture is lacking first line strength and is weak with reserves on all units.

Depth Factor at Green Bay in West Race

Cardinals Appear Set in Eastern Division to Dethrone Browns

By BRUNO L. KEARNS
Sports Editor, Pontiac Press
Balance and depth have always been the main assets for the Green Bay Packers during three divisional titles prior to last season.

The balance is still there, maybe weaker in few spots, but the depth is now more experienced and the veterans are as tough as ever.

★ ★ ★
The addition of Don Chandler may eliminate those losses the Packers suffered by one, two and three points last year. Vince Lombardi just seems to have the knack of juggling the offensive linemen around and making it the best in the business.

It isn't that we've lost respect for Baltimore, but that we've gained more for Green Bay and Minnesota and the Colts were fortunate to have health and luck in their favor last year.

Last year we picked the Lions and the Browns for the title game and we had to settle for being half right.

★ ★ ★
Detroit this year has a team similar to the years when the Giants were winning in the East. It has the veterans and experience to win but very little depth should injuries continue as the past two years.

DIVISION STRONGER

Overall, the Western Division is much stronger this year and the difference from first and fourth could be the fumble, the five yard penalty or the pass interception.

The Rams "Ferocious Four" now appears to have the edge on the Lions' "Fearsome Foursome" in the battle for the best defensive line in the league, and if Los Angeles can come up with a better offense it can move from the spoiler's to the challenger's role.

What makes the Cardinals the pick of the East?

In their division, like the Packers in the West, the Cards appear to have the best balance at the various offensive and defensive units.

In the West, St. Louis would probably finish third, but the Cards have enough to win in the East.

Cleveland just hasn't been able to convince the skeptics that it is as good as its championship over Baltimore showed.

★ ★ ★
Washington has explosiveness and needs to stay healthy to make a strong challenge, as does Dallas which can't seem to get the clutch play out of quarterback Don Meredith.

1. St. Louis has one of pro football's more consistent quarterbacks in Charley Johnson and the Cardinals appear to have the best balance in the division.

2. The Browns just haven't been accepted as strong NFL champions even after the rout of Baltimore. There's good offensive balance, and an improved defense but still leaky in spots especially the secondary.

3. Washington could be the sleeper although pre-season injuries may have an effect on the regular season. The Skins have explosiveness with Jurgensen, Taylor and Mitchell, but offensive line needs tightening.

4. Earl Morrall should make the difference of at least one place in the standing of the New York Giants, who need a couple more years in their rebuilding program.

5. The Eagles will start scoring more again with the improved running of Tim Brown but as usual they will give up too many points. Norm Snead still has to prove he can direct a winner.

6. Dallas is dangerous with a much improved defense and the Cowboys may find a catch in one of the rookie quarterbacks, but Don Meredith will have to come with more third down or clutch plays to push Dallas to higher positions.

7. Pittsburgh has yet to win an NFL title and the spirit may be better under new head coach Mike Nixon but there has been very little stability of players on the team to have any strong nucleus for this season.

NFL Changes Penalty Flag

MIAMI BEACH, Fla. (AP) — Owners of National Football League teams voted to change the color of the game official's handkerchief — the penalty flag — from white to bright gold.

The change, NFL owners said, was adopted to aid spectators to differentiate the flag from white paper flying in the field and from the official's white cap, which he throws to mark the ball's spot.

Grid Jackpot Higher

Football's jackpot from television and radio has soared to \$37.6 million this year and Football programming has come as near to the television saturation point as anything can.

For the same rights, college and professional teams received less than \$15 million in 1963 and \$29,419,650 last year.

In a recent survey, radio and television networks will pay an estimated \$34,455,000 for television rights to college and professional games.

In addition, the 14 National Football League teams collect an estimated \$1,070,000 from local radio rights, the eight American Football League teams get \$270,000 for radio rights and 148 major colleges get \$1,408,875 for local radio and delayed television rights.

MORE MONEY
 Add to this the money the pros get for films of their games and fees paid to colleges and

Big Switch in Shoes
 Don Chandler, veteran kicking specialist traded to the Green Bay Packers by the Giants, says there's a reason why many kickers change shoes for place kicking and punting.

"The low cut shoes do not give enough ankle support for place kicking," says Chandler. "The high shoe locks the foot into place before and during contact with the ball on the place kick. On the other hand, the high shoe is too heavy and cumbersome for effective punting."

pro coaches and players on shows where game films are shown, and you get a total of \$37,683,875.

Sponsors are expected to pay \$82 million to promote their products on the football programs this year.

Another big jump in television revenues is expected next year, because the rights to NFL and the National Collegiate Athletic Association games will end after this season and be up for bids.

CBS-TV now holds the NFL rights with a two-year, \$38.2-million deal which provides each of the 14 NFL teams more than \$1 million per year. Some sources say the NFL will get about \$32 million for a two-year contract, but no one will call this a ceiling figure.

NBC-TV now holds the NCAA rights for \$6.5 million yearly. With all three networks bidding, the NCAA rights are expected to go for \$7.5 to \$8 million.

NBC-TV is starting the first year of a four-year contract with the AFL, proving \$7.2 million per year, about \$900,000 per team, so only CBS-TV and ABC-TV can bid for the NFL rights.

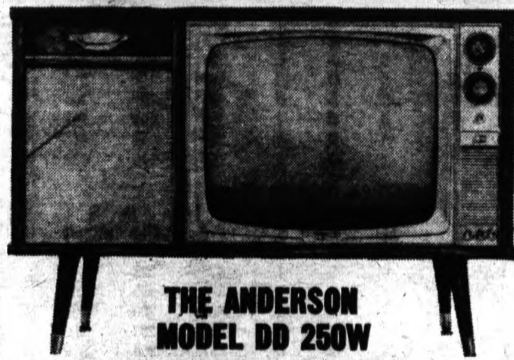

Network radio and television commitments are listed:

ABC Radio—Coaches All-American game, \$50,000; College All-Star game, \$175,000; Shrine Bowl, \$100,000; Sun Bowl, \$125,000; North-South Shrine game, \$20,000; Gator Bowl, \$140,000; and Hula Bowl, \$30,000.
 CBS-TV—NFL pre-season games, \$100,000; NFL regular games, \$14,000,000; Blue-Gray game, \$100,000; Cotton Bowl, \$100,000; Sugar Bowl, \$200,000; NFL championship game, \$1.8 million; NFL playoff bowl, \$250,000; and NFL Pro Bowl, \$25,000.
 Mutual Broadcasting System, Radio—Army season games, \$50,000; Baltimore Detroit NFL games, \$5,000; NFL Playoff Bowl, \$100,000; and NFL Pro Bowl, \$15,000.
 NBC-TV—NCAA college games, \$5,000,000; AFL season games, includes AFL All-Star game \$7.2 million; AFL championship game \$1.2 million; East-West Shrine game, \$200,000; Sugar Bowl, includes radio, \$200,000; Rose Bowl, includes radio, \$200,000; Orange Bowl, includes radio, \$200,000; and Senior Bowl, \$25,000.

Pro Football Is Business for Kemp

NEW YORK (NEA) — After eight years, six teams, three leagues, four fractures and a permanently paralyzed finger, there has to be something besides the fresh air that keeps Jack Kemp playing professional football.

There is. Money.

"This is a business," he was saying the other day, "and I'm in it because it pays well."

Sound callous? Not when the quarterback of the Buffalo Bills explains in full:

"I was a nobody player out of Occidental College when I started. Back then, I tried professional ball mainly to prove something — call it pride or ego or what you will, but the pay check was secondary."

"But after a while my values and attitudes matured. I started to think of playing as a tremendously competitive job and, like any businessman, I had to work at it 365 days a year just to keep it."

"So, I play, in a sense, for my own well-being. But it means I'm more valuable to the team and the game itself. I want to keep my job and I want to earn more money, and in order to do it, I work harder to improve as a ballplayer. Thus myself AND the team benefit."

"Sure the game's still fun. Sure I enjoy it. But you ask the principal reason I play and I've got to say for the money . . . or, if it doesn't sound too greedy, for myself."

Jack Kemp, 29, is not greedy. He's realistic and came by it honestly. For most of his career he's had less job security than a one-fingered piano player. His nickname: The Nomad.

He's bounced around football so much, many clubs set a place for him at training table just in case. He's worn more uniforms than a soldier of fortune.

Detroit, New York, Pittsburgh, Winnipeg, San Diego, Buffalo — he swears one night he heard his suitcase whimper.

"With all that I just wouldn't play if I only got \$5,000 a year. And if that's all I was worth I couldn't get a job in this game anyway."

From Washer to Runner

Tucker Fredrickson, Auburn back drafted by the New York Giants last winter, used to wash dogs and cats for his father, a veterinarian.

Why It's . . .

(Answer to Guess Who Photo)

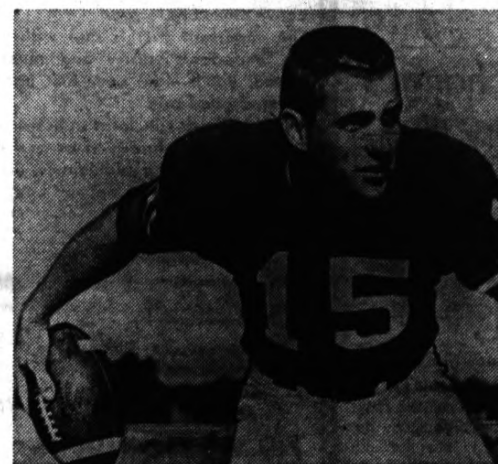

Y. A. Tittle, New York Giants ace quarterback, just retired. He was nicknamed Col. Slick for his bald dome. He now lives in Atherton, Calif.

1. Patriots lose all their exhibitions but get tough when the season starts. The key is a good defense which has been together for a long time. Offense must stay free of injuries.

2. On paper the Bills should repeat with a line among the best in the league. They may miss that controversial fullback by the name of Cookie Gilchrist.

GRID BUSINESS—Jack Kemp, who started out with the Lions as a rookie and has been with six teams in three leagues, says pro football is big business, and big business is big money and that's what makes him play.

1964 AFL Championship Game: Buffalo 20—San Diego 7.

3. The New York Jets need help up front and Mike Taliaferro will get the starting nod at quarterback despite the \$400,000 package named Namath. Club is too young.

4. Houston has potential but not utilized to the best advantages. Organization has been shaky with coaching changes and Bones Taylor has two ex-head coaches Sammy Baugh and Lou Rymkus on his staff.

WESTERN DIVISION

1. Oakland has the best rookie crop in Raider history and as many as six can win starting jobs. Coach Al Davis however has a way with kids and can convince kids, veterans and castoffs they can win.

2. Uncertainty at quarterback and some squal unrest could dethrone San Diego, although on paper the Chargers are strong and balanced.

3. A good defensive line at Kansas City may not be enough for the Chiefs who have an outstanding crop of names even after two disappointing seasons.

4. There's no offensive problem with Gilchrist, Haynes and Taylor at Denver but the defensive situation will be for the Broncos. New coach Mac Speedie will have tough time correcting this problem.

28-17 Good Choice for Picking

If you had to guess the score of any one National Football League game in advance of the 1965 season you would probably come pretty close if you picked 28-17 . . . not the winner now, just the score.

Forecasting the outcome would be a much bigger problem . . . the 28-17 probability is based on these mathematical facts: 1) NFL teams averaged 44.1 points per game last season over the course of the 16-game regular season schedule. 2) The average margin of difference in the scores of the opponents was 12.8.

Taking both facts into ac-

count, 28-17 is just about as close as you could come. Generally, NFL coaches believe they cannot permit a given opponent more than 20 points in a game and still expect to win.

So it follows mathematically that any day they give up as many as 20, they cannot expect to score more than 24 for a total of 44 in a given day.

Dual Coach an Ex-QB

Bill Reinhart, who coaches baseball and basketball at George Washington University, quarterbacked Oregon in the 1920 Rose Bowl game.

Few Top Men Definite

Pro QB Game Thickens

NEW YORK (AP)—Quarterback, quarterback, who's got a quarterback?

That's the name of the game in both major professional football leagues this year. With the regular season ready to start, about a half dozen coaches are asking that question without getting an answer.

One of the main reasons why Buddy Parker suddenly quit as the Pittsburgh Steelers' coach reportedly was his inability to develop, buy or trade for a quarterback of proven big league abilities.

The troubles in the pass-pitching department that have afflicted both New York pro clubs have been well publicized. And four or five other clubs in the National and American leagues haven't yet settled on a definite No. 1 man.

RELY ON OLDER VETS

Then there are several others who must rely on aging or brittle quarterbacks with only inexperienced or uncertain replacements available.

Mike Nixon, who inherited Parker's job at Pittsburgh, also inherited a quarterback corps consisting of 36-year-old Ed Brown, Bill Neisen and Tommy Wade. Neisen was able to move the club in spurts in pre-season games but he didn't show enough to displace Brown. Wade got into only one game last sea-

son and completed one of three passes.

Jack Cancannon of the Eagles and Dick Shiner of the Redskins, both second-year men, have looked good in exhibitions and as a result George Izo and King Hill may be expendable. Both have been around a while without winning a top rating.

Earl Morrall, acquired from Detroit in a costly trade, may give the New York Giants a few good seasons while Gary Wood and Bob Timberlake develop.

Now the Giants need blocking to insure Morrall's survival.

The trading of Morrall left Lion Coach Harry Gilmer, who believes a club should have but one regular quarterback, depending entirely on Milt Plum.

As backup man he has only rookie Tom Myers.

2ND YEAR

Coach Weeb Ewbank of the New York Jets had to fall back on Mike Taliaferro, a second-year man with little experience, when high-priced rookies Joe Namath and John Huarte failed to learn their pro lessons quickly enough.

The Los Angeles Rams may alternate Bill Munson with the more experienced Roman Gabriel, and the San Francisco 49ers will do the same with young George Mira and veteran John Brodie.

In the American League it appears that Daryle Lamonica of Buffalo, Don Trull of Houston and Tom Flores of Oakland may have reached the point where they can replace a trio of aging veterans—Jack Kemp, George Blanda and Cotton Davidson.

Oakland Coach Al Davis also has Dick Wood, traded off by the New York Jets.

John Hadl got the call at San Diego when Tobin Rote retired, but some observers think rookie Steve Tensi eventually will replace him.

Young Pete Beathard is threatening Len Dawson at Kansas City, but 26-year-old Babe Parilli still reigns at Boston. Mickey Slaughter is No. 1 at Denver with John McCormick in reserve.

In the NFL such recently developed stars as the Vikings' Fran Tarkenton, the Cardinals' Charley Johnson, the Browns' Frank Ryan and the Cowboys' Don Meredith are secure in their jobs.

So are old-timers Johnny Unitas of Baltimore and Bart Starr of Green Bay.

The Chicago Bears will continue to alternate Bill Wade, 34, and Rudy Bukich, 33.

Packer Guard Returns to Surprise Skeptics

GREEN BAY, Wis. — They were counting Jerry Kramer out a short time ago. Now they're counting him in, and his amazing recovery from eight major operations in a year could mean another championship for the Green Bay Packers.

Two years ago, Kramer was an all-National Football League guard with the Packers. A year ago he was rumored near death and some friends, familiar with his recuperative powers, had thrown a "wake" for him at his home.

Kramer returned to the football field for the first time in nearly a year, going in for five or six plays at a crack as the Packers crushed the New Giants 44-7.

Most observers called it a miracle that Jerry was even able to don a uniform. But not those who knew him best.

For, ever since he was five years old, when he narrowly escaped death by a slipping axe, Kramer has been amazing the medical world.

HURT WHILE HUNTING

The incident as a five year old left him with a five-inch scar on his throat and chin. A hunting accident suffered as a 16-year-old left him with a crippled hand and a badly-scarred right arm.

After the hunting accident, he survived a case of blood poisoning, an auto accident and a fall from a fraternity house third story.

Twice during his career with the Packers he was told he wouldn't play again — once in 1960 when he suffered a detached retina and again the next year when he shattered the bones in his ankle.

And, it was an incident that happened when he was 17 that caused his latest troubles.

Jerry was at his home in

Sand Point, Idaho, when he noticed a calf running loose. He had cornered the animal and was reaching out to grab it when he stepped on a board.

The board broke and a piece of it went into his groin. The doctor attending him removed the splinters and Jerry returned home.

But he started suffering a pain in his back and was rushed to a Spokane, Wash., hospital, where a piece of wood about three-quarters of an inch wide

and seven inches long was removed from a spot near his spine.

Last August, some 12 years later, Jerry started suffering from stomach pains. The first diagnosis was gastritis, but when they didn't let up he entered a Green Bay hospital for exploratory surgery.

The worst — a tumor — was discovered and doctors were nearly certain it was cancerous. But, it proved to be non-malignant and further operations were scheduled.

Lions, Skins NFL 'Aged'

Minnesota Is Least Experienced Team

Detroit and Washington have the "aged" gridders in the NFL.

Both teams have an average age of 27.7 but the Skins have the edge in average experience at 5.2 years compared to the Lions' 5.1.

Minnesota is still the least experienced at 3.2 but the Viking quality is unquestioned after their second place finish in the West last year.

The New York Giants, which had a number of veterans retired have dropped nearly a full year in average age from 27.7 to 26.8.

Team	Average Age	Exp.
Baltimore	27.1	4.6
Chicago	27.5	5.1
Cleveland	27.3	4.6
Dallas	26.4	3.7
Detroit	27.7	5.1
Green Bay	27.5	5.8
Los Angeles	26.2	3.4
Minnesota	25.5	3.2
New York	26.8	4.4
Philadelphia	26.6	4.3
Pittsburgh	26.9	4.3
St. Louis	26.6	4.1
San Francisco	26.7	4.4
Washington	27.7	5.2

Tunnell's Mark Stands for NFL Interceptions

Em Tunnell's accomplishment of 79 interceptions in his 14 years as a defensive back in the NFL remains untouched.

These are the top 10 pass interceptors with lifetime marks:

Seasons	No. Yards
Emmen Tunnell	14 79 1,262
Dick Lane	13 68 1,207
Bob Dillon	8 32 976
Jack Butler	9 32 826
Yale Lary	11 50 787
Jim Patton	10 50 682
Don Burroughs	10 50 564
Jack Christiansen	8 46 717
Don Doll	6 41 617
Warren Lahr	10 40 530
Tom Keene	8 40 349

Holds Many Records

The Green Bay Packers' new kicker, Don Chandler, has punted more times than any other player in the history of the National Football League.

Don's 73 punts in 1964 for the New York Giants raised his lifetime total to 525, two more than the former record 523 by Norm Van Brocklin. Philadelphia's Sam Baker is third on the list with 507.

49er Center Immigrant at Age of 10

SAN FRANCISCO (AP) — Center Joe Cerne, a Yugoslav native who came to the United States at the age of 10, has a realistic outlook about playing the pivot post in the National Football League.

The Northwestern graduate, now with the San Francisco 49ers, says:

"You have to do a lot of little things at the center position and they must be automatic. Nobody notices the snap unless there is a fumble. If you do a really good job, nobody knows except the coaches and the men who see the game movies.

"Football has been instrumental in giving me opportunities I never ever dreamed existed in America."

FAST GETAWAY — Cleveland's Frank Ryan (13) manages to get rid of his pass as the Lions converged on him. Alex Karras has Ryan around the waist while Sam Williams

(88) battles past pass blockers to get to the quarterback. The Browns won the exhibition game, 28-14.

Pontiac Press Photo

Cowboys Ride High But Far

The Dallas Cowboys have scored in all 68 regular season games in which they have participated during their five-year National Football League history, and are the only one of the league's 14 teams never to have been shut out.

But the Cowboys' figure is still a long way from the 185 straight the Cleveland Browns have run up since being shut out (6-0 by the New York Giants) in the third game they ever played in the NFL.

The date was Oct. 1, 1959, and

the Browns haven't suffered a shutout in a regular season game since then.

They go for No. 186 at Washington against the Redskins on Sept. 19 and hope to extend the league record to 199 by the end of the season.

Bear Hall of Famers

CHICAGO — Paddy Driscoll and Sid Luckman, both elected to the pro football Hall of Fame, still work on the advisory staff of the Chicago Bears.

India Leaning to Cease-Fire?

NEW DELHI, India (AP)—India declared today it had won its military objectives in two sectors of West Pakistan and authoritative sources said Prime Minister Lal Bahadur Shastri was seriously considering a cessation of hostilities.

There was no assurance that Shastri and U.N. Secretary General U Thant, now in New Delhi, would be able to agree on a formula for halting the war, however.

U.S. Buildup Is Continuing in Viet Nam

WASHINGTON (AP)—Thousands more Army infantrymen are expected to be shipped to South Viet Nam in a continuing buildup beyond the 125,000-man troop level announced by President Johnson.

Defense sources indicated that the remainder of the 1st Infantry Division is likely to follow one of its brigades already in Viet Nam.

Dimensions of the additional building in Viet Nam are unclear. Plans presidential decisions may still be pending.

However, knowledgeable sources said they took for a substantial increase in U.S. troop strength in Viet Nam.

An estimated 11,000 members of the 1st Infantry Division still are at Ft. Riley, Kan. There have been a number of indications they may be getting ready to move out.

Among other things, it is reported the Army will train a new division, probably an infantry outfit, at Ft. Riley. The post can accommodate only one division-size force at a time, sources said.

In addition to more infantrymen, it was indicated the Army probably will send combat support and logistics elements to Viet Nam. These, too, likely would be numbered in the thousands.

The bulk of new troop movements to Viet Nam probably will involve Army forces, sources said. The movement probably will be spread out over weeks and even months.

Secretary of State Dean Rusk said on the 14th the buildup was moving ahead when he told newsmen on Capitol Hill the prospective troop level in Viet Nam has been raised above 125,000.

Legislature Set to Start Fall Session

LANSING (AP)—The legislature returns to Lansing today for a quick decision on whether or not to consider an income tax at its fall session.

The gavel was to bang at 2 p.m., and within hours the House and Senate were expected to pass a resolution stating the agenda of business for the session.

Gov. George Romney and a bipartisan group of lawmakers want the legislature to consider a tax package which includes a 3 per cent personal income tax, 4 per cent corporate levy and various items of tax relief.

Romney asked yesterday for permission to address a joint session of the legislature to spell out the tax program and other items he believes should be acted on this fall.

Observers see little chance any taxes will be passed in 1965, but legislative leaders are reluctant to say flatly the tax package is dead.

Romney declared yesterday that the legislature should also take up Mackinac Bridge refinancing, a \$125,000 appropriation for a study of Michigan water resources and military reorganization.

But Senate Majority Leader Raymond Dzsundzel, D-Detroit, said the bridge question would not be on the agenda.

Consideration of it was approved by the House Democratic Caucus but matters must wait approval from both chambers to be on the agenda.

Dzsundzel said there is "no rush" and that the bridge question can be taken up next year.

Refinancing of the bridge with state-backed bonds would mean lower interest rates, hence lower tolls, say backers of the action.

SCENE OF SHOOTING — Cornered in this Holly garage, 18-year-old fugitive Dennis D. Dickinson of Shelby Township yesterday took his own life. His death ended a 24-hour manhunt by area law enforcement officers.

Pontiac Motor at Full Strength

The full complement of some 15,000 Pontiac Motor Division production employees is back on the job with the return of final assembly workers yesterday.

The first body was "dropped" — fitted to an already assembled chassis — at 6:18 p.m. last night.

Other plants — press metal and engine assembly — had returned earlier along with employees at the Fisher Body Plant.

The resumption of production marked the end of the annual model changeover and inventory layoff, which idled some workers as long as 24 days.

Other Pontiac assembly plants around the country, which account for about 40 per cent of the division's total assembly operation, are still in various phases of the return to production.

As far away as California and Texas, they await shipment of parts made in the Pontiac-Detroit area.

Company officials hope for continued high production at the plant.

Pontiac Motor Division assembled a record 802,000 units — 12 per cent above the previous high — in the 1965 model year.

Sales figures published by Ward's Automotive Reports indicate Pontiac is the fourth highest selling U.S. passenger car through the first eight months of this year.

Records set during 1965 production included an all-time weekly high (21,019) and one-day record of 3,967 cars.

Even though the new model introduction is less than a month away, Pontiac Motor Division sales continue at a record-setting pace.

E. R. Pettengill, divisional general sales manager, announced today that sales in the first 10 days of September were 14,232, a 53 per cent increase over sales in the same period a year ago.

Pettengill also pointed out they surpassed the previous record of 13,964 set in 1965.

It was the 29th 10-day record for Pontiac in the current model year.

Coroner Slashes Death Toll

NEW ORLEANS, La. (AP)—President Johnson pumped men, money and materials into hurricane-torn Louisiana today as the New Orleans coroner slashed his estimate of the probable death toll.

The White House dispatched \$2 million as a token start toward helping rejuvenate the tragedy-stricken state, where 52 were known dead.

Plans were also to convert Louisiana's antipoverty program into a war on Hurricane Betsy. A million dollars was earmarked to put the Youth Corps to work cleaning up the debris.

Sixty freight carloads of surplus foods were sent by the Department of Agriculture.

The flood tides and fierce winds of Hurricane Betsy inflicted the greatest destruction on Louisiana in the state's storm-scarred history.

Coroner Nicholas Chetta, confessing "an embarrassing situation," told newsmen late last night that he had been misled by poor communications into preparing for several hundred dead from downriver Plaquemines Parish.

Chetta said he finally reached the isolated parish by telephone at 10 p.m. and only then could Plaquemines authorities tell him the true story: only 29 — not 200 to 250 — bodies would be sent to New Orleans today for the coroner's care.

Chetta said he did not know how the rumors started about 200 to 250 deaths. "This was probably promulgated by an unofficial official," the official said. Chetta said the information was relayed to him by amateur radio operators.

"This is a good embarrassing situation," he said, but added "I'm very happy" the earlier high estimates did not materialize.

Amid the confusion of tangled communications, police reports of bodies found — running as high as 400 — piled into the coroner's cramped quarters.

Chetta, saying he could only "prepare for the worst," had marshalled cots and teams of workers to handle the expected deluge of bodies.

Ships, planes and divers searched a stretch of the Mississippi River at Baton Rouge, 85 miles upstream, for a sunken barge loaded with deadly chlorine.

The barge, with four tanks of the poisonous liquid welded to its hull, disappeared with scores of others when Betsy swept past Louisiana's capital city.

STILL GUESSWORK
The cash damage toll from the destructive storm remains a matter of guesswork. Estimates range upward to a billion dollars.

S. B. Turman, head of Lykes Bros. Steamship Co., said shipping damage alone may give Betsy the dubious distinction of being classed as the worst maritime disaster in peacetime history.

The Red Cross raised its damage toll to \$10 million (Continued on Page 2, Col. 3)

Death Suicide or Accident?

Dennis D. Dickinson took his own life yesterday in the rafters of a Holly garage, ending a 30-hour crime spree which had reached its climax in a scrap yard gunfight.

Whether the fatal shot was accidental or a suicide will remain officially unknown—as will other factors in the last days of the 18-year-old Shelby Township youth.

Dickinson had eluded police for some 30 hours before being cornered in the garage.

The massive manhunt for him started Sunday morning when he shot at his girlfriend's father, Walter Young of 4749 Phillips, Shelby Township.

The youth's body was identified last night by his parents, Mr. and Mrs. David H. Dickinson of 43561 Starlite, Shelby Township.

Before they were notified of the shooting, they had been following newspaper and radio accounts of the hunt for their son.

CRIME RAMPAGE
Dickinson was a suspect in a Genesee and Livingston county crime rampage which included attempted bank robbery, several auto thefts and many break-ins.

Fifteen-year-old Darlene Young allegedly accompanied him on much of the spree.

She was captured Thursday outside Linden.

Some 25 state, Rochester and Shelby Township police and Oakland County sheriff's deputies had been joined by 35 National Guardsmen in the search yesterday.

The manhunt was called off yesterday morning when police deduced Dickinson had escaped the dragnet set up around the Utica-Rochester area.

Burke said he spotted Dickinson about 2:15 p.m. as the youth was driving recklessly through the village.

"He was headed toward me, zigzagging across the road," Burke said. "I thought he was drunk so I turned around and started chasing him."

The two cars reached speeds of 90 to 100 miles per hour as they careened through the village.

Dickinson jumped from his car at a dead-end and began running around the village Mill Pond.

Officers summoned by Burke began to close in.

Burke drove to the other side of the Mill Pond, where he confronted the youth in the yard of Schwartz Scrap Iron and Metal Co., 428 Cogshall.

Dickinson fired a shot at the chief.

"I emptied my pistol over his head," Burke said. "I couldn't shoot at him because he was in line with a boom operator and several other people."

While witnesses yelled, "Get him! Get him!", the chase continued through the yards of neighboring homes.

It ended in the garage at 305 Center.

A shot rang out from the garage and officers assumed Dickinson was shooting at them.

"We lobbed five cans of tear gas into the garage and he still didn't come out," Burke said. "We waited a good length of time and still heard no sound."

Burke entered the gas-filled building and saw Dickinson's arm hanging from the rafters.

The bullet from the .38-caliber pistol he carried had entered his stomach and come out the back of his neck.

Burke said he could only guess that Dickinson had pulled the trigger intentionally.

PATRICK BURKE

MSU to Open Medical School

Class of About 20 Due Next September

EAST LANSING (AP)—Michigan State University said today it will open its two-year college of human medicine in September 1966, with a class of about 20 students.

The new medical school, which has been in the planning stage since before 1961, has the support of the Michigan Medical Society but is opposed at this time by Gov. George Romney's Blue Ribbon Higher Education Committee.

The committee recommended earlier this year that medical enrollments at the University of Michigan and Wayne State University should be increased before a medical program is offered at MSU.

State Board of Education President Thomas Brennan said the board has taken no position on the matter, and plans hearings late in October.

"The announcement is a surprise to me," he added.

CITES GREAT DEMAND
In announcing the 1966 opening, Dr. Andrew D. Hunt Jr., dean of the new college, said: "There is a great demand ever where for more physicians and this demand seems destined to grow greater as the benefits of medical advances become increasingly available to the public."

The school had been scheduled to open this fall, but a delay was recommended by the liaison committee of the Association of American Medical Colleges and the American Medical Association, which accredits the nation's medical schools.

Scattered showers and thunderstorms will arrive sometime tomorrow in the Pontiac area.

The weatherman predicts cloudy and slightly cooler with temperatures falling into the high 50s tonight.

Highs will register 72 to 78 tomorrow. Partly cloudy, windy and cooler is Thursday's forecast.

A mid 60 was the low prior to 8 a.m. in downtown Pontiac. At 1 p.m. the registered thermometer reading was 74.

SEARCH GOES ON — Military divers expanded their search of the Mississippi River today for a chlorine-laden barge apparently sent to the bottom by Hurricane Betsy. Divers, battling eight-knot currents and dirty water, located eight barges and a sand bar yesterday. The hunt is centered on an eight-mile stretch of the mud-filled river just south of the new Mississippi River bridge near downtown Baton Rouge, La.

Spacemen Given Medals at Ceremony Before Goodwill Trip

WASHINGTON (AP)—With four young boys clowning in the background, President Johnson welcomed to the capital today the four astronauts of the Gemini 5 mission, and Charles Conrad, the first of the Gemini 5 mission, and Charles Conrad, the first of the Gemini 5 mission, and Charles Conrad, the first of the Gemini 5 mission.

Male Porpoise in Sea Project

Mail and Rescues Are
Among His Duties

LA JOLLA, Calif. (AP)—A watchdog-errand boy porpoise called Tuffy began working today for aquanauts living in Sealab 2 on the ocean bottom.

Tuffy, a 7-foot, 270-pound male porpoise, was airlifted by helicopter from Point Mugu, Calif., Monday.

His duties include simulated rescues and mail and message deliveries from the surface 265 feet down to the bottom—a 45-second trip for Tuffy.

The trip up for the first team of aquanauts who lived 15 days in Sealab took 10 minutes Sunday, but the nine divers were confined 33 hours in a decompression chamber until midnight Monday.

Tuffy needs no decompression and one of his handlers, aquanaut Kenneth J. Conda, 32, Phoenix, Mich., said he expects the mammal to make about 20 trips daily.

He is called Tuffy because of his reputation as a scrapper with sharks, evidenced by scars on his body.

Only one shark has been reported in the area since the first team went down Aug. 28. It was a 5-foot blue shark, killed on the surface by a bow and arrow.

"Sharks don't usually lurk in deep waters," Conda said, "although I've been chased down by them in the past."

CRUISING RANGE

"Sharks have a 65-to-85-foot deep cruising range."

Tuffy was captured in Biloxi, Miss., and trained for his Sealab mission at Point Mugu.

sent the astronauts to the Exceptional Service Medal of the National Aeronautics and Space Administration.

They were honored for their eight-day Gemini 5 flight last month that set a record for manned orbits in space.

The medal presentation in the presidential office was the briefest yet for returned space heroes. Johnson made no speech and, apart from relatives of Cooper and Conrad, just about the only other official present was NASA Administrator James E. Webb.

There was a third medal winner. Dr. Charles Berry, director of space medicine at the Manned Space Flight Center in Houston, received from Johnson NASA's exceptional service medal. He was honored for contributions to space medicine.

CONTRIBUTIONS

Cooper and Conrad were cited for "outstanding contributions to the technology of manned space flights."

In a sense, the tow-headed Cooper boys stole the show. Three of them perched behind Johnson's desk, one sitting in the presidential chair.

The fourth stood nearby watching a White House stenotypist record what was said at the ceremony.

The presidential call was to be followed by lunch with the Space Sciences Board of the National Aeronautics and Space Administration, a motorcade to the Capitol and a welcoming reception at the House of Representatives.

OTHER STOPS

Other stops will be at Izmir and Ankara, Turkey; Adana, Albania; Belgrade, Yugoslavia; Manila, Philippines; Kuala Lumpur, Malaysia; Singapore, Singapore; Bangkok, Thailand; and Saigon, Vietnam.

No itineraries have been announced for the hastily arranged tour. A NASA official said most of the details have been left to the American officials in each country.

RAMBLER'S NEWEST—American Motors Corp. today announced the addition of the Rebel, a two-door hardtop, to its Classic series for 1966. The Rebel features sharply angled roof lines, resembling a convertible top.

Father Is Donating Kidney to Save His Daughter's Life

An operation began at 8 a.m. today in a Cleveland hospital in which a father, by donating his healthy kidney, is giving his daughter a chance to live.

Frank L. Farrell of St. Clair Shores had been waiting for several weeks for word that he was acceptable as a kidney donor for his daughter, 24-year-old Mrs. James Shontz of 1865 Tamm, Avon Township.

An inspector at Chrysler Corp. in Detroit, he received an urgent call Friday telling him to check into the Cleveland Clinic yesterday.

He was chosen as the kidney donor after extensive examinations.

One of Mrs. Shontz' kidneys was damaged in a fall when she was five years old. It was removed a few years later.

BEGAN TO DETERIORATE

Her remaining kidney began to deteriorate after the birth two years ago of her son, James.

In the first of two operations, her remaining kidney was removed three weeks ago.

Following that operation, a kidney machine was used to purify her blood until today's transplant.

Farrell pointed out several weeks ago that the transplant operation itself is usually successful but the problem arises in getting the body to accept the new kidney.

REJECTS FOREIGN TISSUE

The body tends to reject foreign tissue.

The Cleveland Clinic is one of the few hospitals in the nation which performs such operations.

Farrell estimated the cost of the operation at \$20,000. Mrs. Shontz' husband is a \$125 a week apprentice at the Ford Motor Co., Sterling Township plant.

Friends and neighbors have been helping to raise money through fund-raising projects to help cover the cost of the operation.

P.O. BOX FOR DONATIONS

The latest is a post office box sponsored by the Metropolitan Club 85 Auxiliary, the Avondale Fire Department and the Avondale Community Forum.

Donations may be sent to P.O. Box 4283, Auburn Heights.

GOT OUT FAST

However, most of the weather-wise inhabitants of the fishermen's villages and oil worker communities had cleared out ahead of the storm, moving north to New Orleans.

The New Orleans levee Board said it fast checking the possibility that new cuts in the Interstate Canal levee might speed the drainage. However, much of the pumping area will have to be lured by dry by the system of pumping stations, which have been hampered by hurricane damage.

The four contenders could find few issues, and the toughest battle often seemed how to avoid being overshadowed by the Republican opposition.

The Democratic choice is among City Council President Paul R. Scrivane, Comptroller Abraham D. Beane, Rep. William F. Ryan and Councilman Paul O'Dwyer.

Showers were predicted for the morning, but the Weather Bureau said the rain should end before the polls open at 8 p.m.

'Rebel' New Hardtop in AMC Series

A new name—the Rebel hardtop—is among eight 1966 Rambler Classic models announced today by the American Motors Corp.

A new crisp-line roof, resembling a convertible top, and front and rear-end changes feature the new models, part of AMC's 1966 move away from the compact image and into the growing hardtop market.

All eight models go on sale Oct. 7 at the following area dealers:

Village Rambler, 666 S. Woodward, Birmingham; Bill Spence, Inc., 6673 Dixie, Independence Township; Russ Johnson, Inc., 89 M25, Iron Township; Houghton & Son, Inc., 528 N. Main, Rochester; Rose Rambler, 8145 Commerce, Commerce Township, and Superior Rambler, 550 Oakland.

Wrap-around horizontal tail lights visible from the side are the principal rear-end styling change. An extruded aluminum grille and dual headlight are new up front.

MORE HEAD ROOM

Most models will have an additional half-inch of front seat head room and all interiors will carry a newly-styled instrument cluster.

Cargo space has been boosted three cubic feet and length has been increased from 135 to 145 inches on Classic station wagons, available in both the 550 and 770 series.

Optional engine power for top-line models, including the Rebel, ranges up to 270 horsepower, and can be had with a four-speed synchronized floor shift.

New on the Classic 770 convertible is a flexible glass rear window, which can be kept closed with the car top either up or down.

Typhoon Stronger, Heads for Okinawa

MANILA (UPI)—Powerful typhoon Trish, the biggest of the season, picked up strength today as it swirled in the Pacific toward Okinawa.

In a typhoon bulletin issued at 6 p.m. (6 a.m. EDT) the Manila Weather Bureau said Trish had increased its peak winds from 116 to 150 miles per hour.

It said the typhoon was estimated to be 316 miles east-northeast of the extreme northern Philippines.

The typhoon is estimated to be 316 miles east-northeast of the extreme northern Philippines.

Fire, Explosion Ruin Freighter

Fear Five Men Killed
in Montreal Mishap

MONTREAL (UPI)—An explosion and fire shattered the 7,900-ton freighter Fort William early today, and the vessel turned over on her side at her pier in Montreal Harbor.

At least five of her 21-man crew were trapped in the burning ship and were believed dead.

The remaining 16 crew members escaped, including the captain who was pulled through a porthole. Three suffered minor injuries.

Most of the survivors left by way of the wheelhouse which came to rest on the dock as the Fort William listed onto her side.

The explosion occurred less than an hour after the 488-foot, \$6 million vessel, carrying general cargo, pulled into her berth after an all-night voyage from Sarnia, Ont.

SHIP LISTING

Seaman James Strickland, one of the survivors, said he was alerted by the ship's second mate who called him out of his cabin. He said the ship was listing to starboard slowly as he reached deck level and suddenly heaved over sharply as the cargo shifted.

Chief cook Tuy Kironac, 43, Loretteville, Que., said he "escaped with the fire chasing me."

Fire Department Director A. Durette said his men probably would continue pouring water into the ship until noon EDT.

At first there was fear the flames might spread from the Fort William to other ships and pier on the waterfront loaded with combustibles.

FEARED EXPLOSIONS

Police and fire officials, fearing further explosions, ordered the area cleared shortly before 10 a.m. a spokesman for the Department of Transport, which has jurisdiction over all federally operated harbors, said the general cargo included oil and chemicals.

To Ask Court for Waiver on Teen Suspect

The Oakland County Prosecutor will ask Probate Court Monday afternoon to waive jurisdiction on a 16-year-old youth accused of killing a Pontiac man.

Hasting Martin, 25, of 459 Highland was found dead at 2:57 a.m. on the roadway in front of 357 Branch early Saturday morning.

Luther Curry of 317 Hughes was apprehended at his home by Pontiac police shortly after the shooting.

Martin had been shot in the chest with a small caliber pistol. Curry is currently in the custody of juvenile authorities.

Assistant Prosecutor Walter D. Schmier said that if probate court waived jurisdiction, the prosecutor's office would issue a first-degree murder warrant against the youth.

Birmingham Area News Office Building Proposal Rejected by Commission

BIRMINGHAM—The proposed construction of an office building on Adams near Maple was rejected by the City Commission last night.

Plans for the development were upset when the commission voted 4-3 against rezoning the site to a nonretail business classification.

The vacant property is presently zoned residential. It is located on the west side of Adams and faces Yosemite Street across the road.

The Directors Realty Co. of Birmingham, owner of the parcel, had petitioned for the change.

The decision of the commission was contrary to the recommendation of the City Planning Board and the Planning Department.

The board had reported that

Former 'Y' Is Women's Dormitory

The old YWCA building at 22 Franklin Blvd. is back in business as Franklin Manor—a dormitory.

The two-story structure will provide living quarters for approximately 25 students from Pontiac Business Institute and other schools, in addition to businesswomen.

Franklin Manor Co., comprising Pontiac Business Institute personnel has purchased the building from the YWCA for \$18,500.

The building is already seeing limited use and will be fully utilized by FBI as soon as remodeling is completed.

The YWCA has moved to newly acquired quarters on the southeast corner of West Huron and Franklin Boulevard.

PRINCIPALS OF FIRM

Principals of the firm are B. J. Chapin, president-director of the school; R. L. Tull, secretary-treasurer; Dr. Dennis Michael, an instructor; and Howard Weaver, dean.

Residence cost, which includes general maintenance and cleaning services, is \$50 a month, according to Tull.

Tull indicated that the school's present enrollment, approximately 500, consists mostly of Oakland County residents.

He stated that it is the school's hope to attract students from farther away with the addition of the new facility.

HOUSING VENTURE

"We expect to draw more from the Michigan Thumb area and from Mount Clemens," he said, emphasizing that it is the school's "first housing venture."

Tull said the building is only a 10-minute walk from the school which is located at 15 W. Lawrence.

Students living in the dormitory will have kitchen facilities, although no food will be provided.

According to Tull, at least 65 per cent of the students are females.

DEPUTY WAITING

A deputy is waiting outside her hospital room to turn her over to her father. Ernst claims the grandmothers have poisoned the child's mind against him and refused to let him visit her.

"I understand that laws have to be obeyed," Conti said.

"But from a medical standpoint, her mind and body can't take much more."

Conti said the girl's grandmother, Mrs. Martin Flynn, was staying in the hospital room with Gerri and trying to prepare her for the change.

OBEY ORDER

Sheriff Richard Zink, told he must carry out the court's order, said he will do nothing until Conti gives the word. Zink and Conti have hired a woman social worker.

"We're hoping she can win the child's confidence and talk to her about living with her father," Conti said.

Gerri's mother died when she was a baby. Her father was unable to care for her and the Flynn, Gerri's maternal grandparents, took her in.

The Weather

Full U.S. Weather Bureau Report
PONTIAC AND VICINITY—Partly cloudy and slightly cooler today. Highs 65 to 74. Increasing cloudiness and a slightly cooler trend, lows 54 to 62. Mostly cloudy and warmer with scattered showers or thunderstorms Wednesday. High 72 to 78. North winds 8 to 15 miles this morning becoming variable 5 to 12 miles this afternoon and east to southeast 5 to 15 miles tonight. Outlook for Thursday: Partly cloudy, windy and cooler.
