

Day Urges Adoption by July

Proposes Postal Rate Boost

Record Budget Submitted by School Board

Feel \$9.3-Million Sum Won't Bring About a Raise in Taxes

The Pontiac Board of Education has submitted a record budget of \$9,300,462 to the Oakland County Tax Allocation Board.

Adoption of 1961-62 preliminary operating budget came at Thursday night's school board meeting.

Board members asserted this to be a "realistic figure based on basic needs of the school district."

Administrators said they felt it could be financed without a raise in the tax rate, assuming there was no decrease in property valuation.

The actual total operating budget figure submitted to the tax board amounted to \$9,715,777.

EXTRA FIGURE ADDED

This includes a supplementary budget of \$419,315 and represents what administrators called "the total needs of the school districts."

The supplementary budget is not expected to be approved since it falls outside estimated income for the 1961-62 school year.

The board is required to adopt its operating budget and notify the tax allocation board of its financial requirements by April 15 each year.

HARD TO PREDICT
"This is always difficult since on April 15 the school district does not know the income that will be available for the following fiscal year," said Dr. Dana P. Whitmer, superintendent of schools.

The income will be decided by allocated millage, state equalized valuation and the formula for state aid to schools.

These will not be known until after June 1 and therefore final adoption of the 1961-62 operating budget will not be made until June 1.

The basic \$9,300,462 operating budget is based on need to maintain the school system at its present level. This includes allowances for the expected enrollment and cost-of-living increases next year.

It also includes a supplemental account of \$83,000 and a \$18,000 contingency fund.

Items in the supplemental account are those that are supplemental to the educational program but do not increase it, such as repayments of short-term loans. (Continued on Page 2, Col. 7)

Teachers Given \$205,000 Hike

Group Representatives Not Happy, Say Raise Too Small

At the Pontiac Board of Education meeting last night teachers and administrators got a \$205,000 pay hike — and neither the board nor the employees were too happy about it.

Before the pay hike was approved, representatives of teacher groups charged they weren't being paid enough, that teachers "would have to be moonlighters," and that administrators were interested in making their own jobs easier.

Following board approval of the salary schedule increase, board member and former board president, Glenn H. Griffin, lashed out at teacher representatives, charging "pressure tactics used by teachers that insult our intelligence."

Dr. Dana P. Whitmer, school superintendent, had been working for several months with the Pontiac Education Association and Pontiac Federation of Teachers in an effort to arrive at a pay schedule agreeable to both sides.

The PEA spokesman, Daniel Hutchins, Pontiac Northern English teacher and counselor, had originally asked a \$258,000 hike for teachers.

PFT representatives Edwin Hekkinen, PNH physics teacher, and (Continued on Page 2, Col. 2)

Flowers for You, Yuri!

NIKITA GREETSPACEMAN — Russian Premier Nikita Khrushchev is on hand to greet Maj. Yuri Gagarin as the Soviet spaceman arrives at Moscow Airport today for his mammoth reception.

AP Photos

Millions Welcome Yuri as Moscow Goes Wild

By HENRY SHAPIRO
Moscow (UPI) — With bear hugs and kisses from Premier Khrushchev and the rolling thunder of cheers from millions of Russians, Yuri Gagarin was welcomed home from space today.

Standing atop the tomb of Lenin and Stalin in Red Square, the first

spaceman was embraced by Khrushchev who kissed him again and again on the cheeks in his traditional Russian show of affection.

Moscow citizens jammed in the square so tightly they could not move cheered wildly for the

27-year-old flier who had given them victory in the space race.

Never in the 805 years of its history had Moscow given any man such a tumultuous reception.

The wild welcome began when Gagarin arrived at Vnukovo Airport, and his crowd swelled along the 12-mile route into the center of the city where it reached its climax with Khrushchev's welcome and speech making at the shrine of communism.

Khrushchev, who has repeatedly assailed the rise of the "cult of personality" in communism, rode

Anna Gagarin the 'Happiest Mother in World'

MOSCOW (AP) — "I'm the happiest mother in the world," said Anna Timofeyevna Gagarin when she learned that her son Yuri had just become the first man in space.

Anna Timofeyevna looks just like the world's idea of a Soviet mother. She is stout with a broad face and wears her gray hair drawn back into a bun. She radiates good humor and, far from a better word, motherliness.

She got the news that her son was in orbit while cooking in the kitchen of her little house near Smolensk.

A neighbor came running in, calling "Anyushka — Your son, Yuri, flying in space."

The two women switched on the radio to listen to the broadcast as more and more neighbors

LONDON (AP) — Much of Europe was able to see on television today the Moscow reception given to spaceman Yuri A. Gagarin. It was the first live telecast from the Soviet Union abroad. The telecast, just less than an hour long, was engineered by the British Broadcasting Co.

from the airport with the new Soviet hero, and in the ceremonies at Red Square called him the Columbus of space.

He proclaimed the space flight Gagarin made Wednesday as a victory for communism and said there would be more trips by Russian men into the cosmos.

He said the United States still poured in.

TEACHERS DRESS UP — Youngsters at Hawthorne School got a big surprise today as seven of their teachers appeared in centennial garb. With young Tom Anderson, 235 Edinburgh St., and schoolmate Paula Dunnigan, 160 Collier Road,

are Mrs. Lester R. Stanley and Mrs. Peter Mihay, members of the "Hawthorne School Centennial Belles." Tom joined in the centennial spirit by wearing a centennial tie and Paula tied on a centennial bonnet.

Letter to 5 Cts. Postcards at 4, Air Mail Up to 8

Department Head Will Ask Commission to OK Parcel Post Increase

WASHINGTON (UP) — Postmaster General J. Edward Day asked Congress today for a \$741 million-a-year increase in postage rates.

The proposals followed closely requests made by the previous administration.

They would advance by one cent each the first class letter rate to five cents an ounce, surface post cards to four cents, air mail letters to eight cents an ounce and air mail post cards to six cents.

The proposal, designed to wipe out the Post Office Department's continuing huge deficits, also would increase the rates for all other classes of mail.

Day submitted specific bills, and asked that they be adopted before July 1 of this year. He noted that the previous administration estimated a postal deficit of \$843 million in the fiscal year starting July 1.

However, Day said the department expects to effect economies in transportation which would reduce this by about \$12 million to \$831 million.

He called attention to his announcement Thursday that this country's international postage rates, which are fixed at the postmaster general's discretion, will be raised July 1 to bring it about \$15 million more.

In addition, Day said he plans to make other administrative increases in certain special services the rates for which are under his control and will also ask the Interstate Commerce Commission to approve another increase in parcel post charges.

Day estimated the increases in parcel post and special services, such as money orders and special delivery, should bring in another \$39 million a year.

If all of the proposed increases become effective, he said, postal revenues will be about \$346 million, and show a margin of return over operating expense.

OKs Fuel Line Extension

LANSING (UP) — The State Conservation Commission, by a 4-3 vote, today granted permission for extension of a fuel line 7,500 feet out into Lake Huron near Harrisville to bring in jet airplane fuel for storage.

Latest Centennial Footwear

BEST FOOT FORWARD — Two sisters from Drayton Plains, Mrs. Howard C. Bertram (left) high laced shoes they wore to complete their old-fashioned costumes. and Mrs. Richard Carlsen, show off the authentic old-fashioned costumes.

They're Dressed to Kill (Grandpappy)

Drayton Women Get Centennial Spirit

Two Drayton Plains women lent a note of high style today to the first Old-Fashioned Dress Day of the Centennial.

Costumed from head to toe, Mrs. Richard Carlsen, 3044 Barkman St. and Mrs. Howard C. Bertram, 4211 Island Park Drive would have had grandpappy kicking up his heels.

Sisters, they appeared bright

and early on downtown Huron Street in bonnets, ankle-length dresses and high laced boots.

Today and every Friday from now until the official celebration June 17-18, Pontiac area folk are encouraged to wear old-fashioned dresses.

An official party met at Centennial headquarters at 11 a.m., then began a promenade through down-

town at the lunch hour. The costumed group went to Miracle Mile Shopping Center afterward.

Mrs. Carlsen wore a blue cotton print dress over a petticoat with a bonnet to match. Lace and artificial flowers set off her costume. An authentic touch was her grandmother's gold locket.

Mrs. Bertram's patterned purple dress was fashioned from material used in a wedding gown of the 1880's. Her straw bonnet was an authentic family hand-me-down.

The costumes, complete with tiny purses in matching materials, were made by Mrs. Bertram's mother-in-law, Mrs. Gus Bertram, for centennial celebration six years ago in Sault Ste. Marie, where she lives.

Now they've been borrowed for the Pontiac Centennial.

Mrs. Bertram conceded that her husband, a project engineer at GMC Truck & Coach Division, "looks down his nose" at her old-fashioned costume.

A son, Howard Jr., a student at Waterford High School, "thinks his mom's a little nuts," she added.

1st of May Legal Date for Student Foliage

It's usually the women who do most of the kidding and complaining about Centennial facial foliage on the male population of Pontiac—but last night it was a woman who staunchly supported Centennial beards.

Mrs. Elsie Mihalek, member of the Pontiac Board of Education, fought her male counterparts to a standstill and gave student beards a little more life.

The Pontiac Secondary Administrators Association last night proposed that pupils with beards be sent home from school until after May 22 when beards would be "legal" in school.

The board sounded as if it would pass the measure easily. Then Elsie swung into action.

"How much beard do you think a student can grow in 23 days. It can't be much," she asserted.

"That's exactly the idea, Elsie," said Dr. Philip J. Proud, assistant superintendent.

"It doesn't sound fair to me," she retorted.

"But we have a disciplinary problem," said Proud.

"Then she dropped her bombshell. 'Would it apply to teachers and administrators — and board members as well?' she asked."

Eyes turned on Board President Monroe M. Osmun. His Van Dyke twitched.

"Let's move it back to May 1," Elsie suggested.

Happily, the board took a hasty vote and May 1 is officially the date that kids can start their Centennial beards.

For girls, bonnets and hats may also be worn to school but not in school. Centennial dresses may be worn to school every day beginning May 22.

Portugal's Cabinet Shuffled by Salazar

LISBON, Portugal (AP)—Premier Antonio de Oliveira Salazar shuffled his cabinet today, taking over the defense ministry himself from Gen. Julio Botelo Moniz and dismissing the army and overseas ministers.

Announcement of the changes came after several hours of persistent rumors that Gen. Moniz had pressed Salazar to change his domestic and foreign policy. Moniz had been defense minister since August 1958.

Prof. Adriano Alves Moreira replaced Rene Adm. Vasio Lopes Alves as minister for overseas provinces, and Brig. Gen. Mario Silva was named army minister in place of Col. Almeida Fernandes. Lopes Alves had been reported in poor health.

Work Started on Cutoff at Intersection

Work has started at the busy Square Lake-Telegraph Road intersection in Bloomfield Township to provide a cutoff to eliminate dangerous left hand turns for southbound Telegraph traffic onto Square Lake Road.

The project will provide what the State Highway Department calls a ramp, although it is at grade level, starting about 500 feet north of the intersection.

Southbound Telegraph traffic destined to go east on Square Lake Road will gradually swing into the one-way loop cutoff and come to a stop sign at Square Lake Road.

Then it will turn left onto Square Lake Road and proceed through the traffic signal in an easterly direction.

The project will eliminate one phase of the three-phase signal which now allows the left-turn traffic to turn while other cars are stopped.

A spokesman at the Pontiac office of the highway department said the project is already ahead of schedule. Original estimates were that it would take around three weeks to complete.

White House Paper Hints for Revolution

U.S. Cuban Policy Hangs by Thread

By PHIL NEWSOM
UPI Foreign News Analyst

Just two years ago this week, Fidel Castro began a triumphal tour of the United States.

"An articulate and courageous young man," one U.S. senator called him.

In the intervening two years, United States and Cuban relations made a full 180-degree turn.

Castro had seized about a billion and a quarters dollars worth of U.S. property.

A position paper prepared in the White House declared that Castro and his fellows had "trayed their own revolution. It labeled the Castro regime a "clear and present danger" to the hemisphere.

It expressed confidence that the Cuban people "will continue to strive for a free Cuba," and, importantly, it promised full and positive support to "future democratic governments" in Cuba.

A CALL TO ARMS

Whether by coincidence or through cause and effect remained a matter for conjecture, but scarcely had the White House paper been issued than the newly-united anti-Castro forces under

former Foreign Minister Jose Miró Cardona issued a dramatic "call to arms."

"Fidel knows his days are numbered," said Miró Cardona.

Throughout Latin America there was the belief that the White House had issued the 16,000 word statement for a purpose more than just setting the record straight.

Contained in it, they believed,

Bowles Hits Attitude of American Abroad

WASHINGTON (AP) — Undersecretary of State Chester Bowles said Thursday a multimillion-dollar damage in the past from the "tactless, arrogant attitudes" of some Americans abroad.

In a speech at a National Council of Churches immigration policy luncheon, Bowles said: "Too often we have seemed to 'talk down' to people, without interest in their culture or opinion."

"Too often, we are best remembered for our shiny new automobiles and luxurious living, for our failure to travel outside the large cities or to mix with the people as friends and neighbors."

Withdraws Offer to Sell Bridge, Tunnel to State

LANSING (AP) — New York broker Robert M. Sherritt Wednesday night withdrew his offer to sell the Ambassador Bridge and the Detroit-Windsor Tunnel to the State of Michigan.

The move came as a bill to empower a state authority to purchase the facilities through revenue bonds for \$25 million appeared headed for certain death in the Senate.

The bill, sponsored by Sens. Haskell Nichols, R-Jackson, and Charles Blondy, D-Detroit, was moved out without recommendation last Friday and tabled after twice being sent back to committee.

Nichols and Blondy made no move Wednesday to take the bill off the table, where it would automatically die at midnight tonight.

Rules Union Policemen Keep Jobs for Awhile

MUSKEGON (AP) — Unionized city police officers are safe in their jobs, Circuit Judge Noel P. Fox said today, pending his decision on a writ of mandamus sought in their behalf.

The judge took under advisement a petition for the writ coming on the City Commission to rescind its order for police to drop union affiliations or place the question to a vote of the people.

At the same time he postponed until Monday a hearing on petitions for an injunction to block possible dismissal of organized police officers.

was an obvious call for internal insurrection against Castro. They say in it also an equally obvious implication that any force that threw Castro and his Communist henchmen out and pledged itself to democracy would receive quick and systematic attention in Washington.

What the United States actually would do in the event a counter-revolutionary force did establish

AP Photo/AF Photos
BIRCH PROMOTER — Maj. Gen. Edwin A. Walker, commanding the 25th Infantry Division in Augsburg, West Germany, has been accused by the Overseas Weekly of using Army facilities to promote the aims of John Birch Society.

a Cuban beachhead remained unclear.

On the one hand was its color obligation under the charter of the Organization of American States which bans intervention, direct or indirect, in the affairs of any other state.

On the other was the fear that unless action came soon, any counter-revolution by the Cuban people must be crushed under the steadily increasing weight of Communist arms flowing into the country.

Washington estimates of these arms place them at more than 30,000 tons in the last nine months. Finally there is the effect of any direct U.S. intervention on its relations with other Latin American nations. What affection there is among them for the United States might easily be dissipated and their own problems increased by the fact that many possess large pro-Castro elements.

Already the U.S. position balances upon a fine edge.

It would not be difficult to interpret the White House paper itself a form of indirect intervention and thus a treaty violation. But alternatives are also distasteful. If it is accepted that an internal explosion is inevitable, then delay only means additional suffering for the Cuban people. Castro already possesses far more arms than needed for a simple matter of defense. If he attempts to use them elsewhere then another nation must suffer.

Tennessee 'Revenooers' Spot 18 Stills by Plane

CHATTANOOGA, Tenn. — "Revenooers" have taken to the air. Federal and state alcohol tax

agents recently used a state airplane to spot 18 moonshine stills in a single day. The stills, with capacities ranging from 50 to 1,200 gallons of White Lightning, were destroyed by ground officers.

Local Author at Waite's Tomorrow

Miss Bonnie J. Davidson to Autograph Book

A local teacher, Miss Bonnie Davidson, will be in Waite's Bookshop on the mezzanine tomorrow to autograph copies of her new book "Heartbreaks of Our Times" and to greet her friends, neighbors and pupils. The book is a stirring collection of poems through which "heartbreaks of our times" do indeed pulse. Miss Davidson's inspiring verse is the direct offshoot of her own experiences, observations and beliefs.

Her themes, all of them significant, are the horror of war, the folly of ignorance, the power of religion, the warmth of friendship and the beauty of nature. Readers who are put off by the extensive obscurity of much contemporary poetry will wel-

come this volume, for the ringing reaffirmation that it is of the poet's duty to make himself understood by his audience. In an age of indifference, Miss Davidson's warmth and forthrightness are but to be admired. Born in Detroit, Bonnie Davidson grew up in Pontiac. She has served in the Canadian Women's Army Corps, the U.S. Air Corps, and holds a pilot's license. Miss Davidson has an A.B. in Liberal Arts from Wayne State University and is currently 4th grade teacher at the Le Baron school here in Pontiac. Everyone is invited to stop by Waite's and say hello to Miss Davidson tomorrow, 1 p.m. to 5 p.m.

Board of Supervisors Remains in Good Hands

Oakland County supervisors have selected DELOS HAMLIN and ARNO L. HULST as Chairman and Vice Chairman respectively of their board. DAVID LEVINSON continues as Chairman of the important Ways and Means Committee.

Our county government is in solid financial hands as these are capable men of broad experience. Oakland County has been shrewdly governed over an extended period of time and the majority of the board members are capable citizens in their respective business occupations who are willing to devote time and study to community affairs and problems.

Often when boards reach this size, they become too political for the general community good, as personal and internal wrangling arises. This board has spirited arguments, but a fine sincerity is always dominant.

Pro-Western President Re-Elected in Viet Nam

Re-election of South Viet Nam's pro-Western president, NAO DINH DIEM, was never in doubt. Over 70 per cent of the nation's 7.2 million voters cast ballots giving DIEM 80 per cent of the total. His greatest strength—90 per cent—was shown in the swamps and ricefields of the Mekong River delta where Reds have been terrorizing the people in an effort to influence the election.

While Laos has been getting all the headlines, the recent SEATO council at Bangkok expressed alarm over Communist guerrilla tactics in South Viet Nam. Communist agents in the country districts have been waging a campaign of intimidation accompanied by murder of officials loyal to DIEM in the hope of discrediting his government.

President DIEM was first put in power by the French and he soon showed himself to be strongly anti-Communist. Little democratic opposition has been allowed to develop, however, and his rule is becoming more authoritarian and more secretive. But circumstances alter cases and the country is in the midst of a guerrilla war where casualties have far exceeded those in Laos.

The United States has a major interest in the defense of South Viet Nam not only because of the vast amount of our aid but as a matter of prestige in Southeast Asia. Much American money was squandered in the early years after the Indo-China war but more recently economic aid has gone to build roads, hospitals and schools and to reform basic agriculture.

It is believed that South Viet Nam is the real target of the Communists. Control there and in Laos would threaten the independence of Thailand and Cambodia.

Rightist Organization Threat to Democracy

The current controversy over the extreme right wing organization called the JOHN BIRCH SOCIETY brings up for public scrutiny another grave danger to the form of government we enjoy.

Aside from the constant threat of the communism nations, there is the threat from the extreme conservative element on the other end of the political spectrum.

The antics of the character assassin from Minnesota, SEN. JOSEPH McCARTHY, brought some light to this threat. Although his star was fiery, it was brief, fortunately for this country, McCARTHY championed "any

means to the end," a philosophy alien to most Americans, and a philosophy very much a part of Communist tradition and dogma.

What possible threat could an organization be that says former President Eisenhower was a Communist? It is too outlandish to convince more than a score or so of unbalanced souls. But the rise of Hitler was replete with similar outlandish themes. With the "big lie" technique, even more weird ideas than Eisenhower's alleged Communist leanings were put across to a nation of people eager to grab at any straw.

Few citizens think that in addition to manning the front of the fort against the Reds, we must guard the back door also, against an equally deadly foe—extreme reactionaries. But the threat does exist, and the JOHN BIRCH SOCIETY proves it.

The Man About Town

And Helped Out in Good Number of Happier Years
Farmer: A man with the grow how.

Recent rains in the Pontiac area came at a most opportune time. They were badly needed by our farmers and gardeners, and also served to make joyful every body else who understood their significance.

Any little inconvenience that they might have occasioned because of our soil did not have our umbrellas, raincoats or rubbers handy, is more than offset by the fact that they obliterated the grass fire menace.

They came in a drizzly fashion, so the moisture could sink into the ground where it fell, instead of running off in a manner to gully the soil and cause floods. Likewise, they compensated for the fact that our soil was not starting the growing season with the proper moisture content, because of the light snow of the past winter.

The thawing of a winter's snow is the best kind of irrigation, because the water then also sinks into the ground where the snow is melted, and does not run away.

It also should be noted that, although Jack Frost has done a lot of threatening, the fruit buds in this area apparently have not been damaged, and blossom time will soon be with us, to be followed by a bounteous crop.

So regardless of how some warmongers would have us look forward to ominous things, let's all be happy because Mother Nature apparently keeps us on her approved list.

Oakland County's Director on the Huron-Clinton Metropolitan Authority, R. C. Cummings, tells me that the new golf course at Kensington Park, near Milford, will be officially opened to the public on May 27.

Also believing in doing things early is Chuck Leech of Oxford, who planted his oaks on March 31.

The management of the Whisker Growing Committee of the Pontiac Centennial request me to announce that no holds are barred—every real and imaginary system to make 'em grow can be used, even to the use of natural fertilizer.

A snake killer who knows his snakes is the dog of

Harrison Fernwick of Waterford. It shakes garter snakes to death, but the other day when he found a rattler he barked for assistance, and would not touch it.

'Was It? It MUST'VE Been! Georgi Washington!'

David Lawrence Says:

Russia's 'Feat' Really a Disgrace

WASHINGTON — Not by any means the greatest "feat" in world history, but in many respects the biggest disgrace—that is another way to look at the successful launching of a man into outer space by the Soviets.

Millions of human beings in Russia live six to a room in slums, and in hovels, while millions of others work in slave-labor camps. Billions of dollars that should be extended to lift the living standards of a nation are spent instead for one of the most spectacular propaganda stunts of all times.

For what else is it? Is human life improved because a small vehicle travels in the sky? Was human life any further advanced because in 1957 the first " Sputnik" sped around the earth in an hour and a half?

Today the United States continues to have 22 "Sputniks" in orbit around the globe and the Russians have one. How any human being felt any benefit?

President Kennedy stated, in a nutshell, at his Wednesday press conference the simple truth about the Soviet's cruel disregard of human welfare as it concentrates on propaganda stunts. He said:

"A dictatorship enjoys advantages in this kind of competition over a short period, by its ability to mobilize its resources for a specific purpose."

This is the real reason for the Soviet achievement in sending the first man into outer space. The United States could have done it even earlier if it had decided to take away from other necessary things the money to spend on space research.

As it is, the people of the Soviet Union are deprived of the benefits of better living.

It is significant that the one "hero of the Soviet Union" is that he will be permitted to have a four-room apartment for himself, wife and two children, instead of the two rooms he has heretofore been allotted.

Also, the same dictatorship, by concentrating so much money annually on military weapons, has caused the United States likewise to spend large sums. In the end, people everywhere suffer. Can it be said that a dictatorship is responsible for such deprivation and such disregard of what is truly that in a pint gin or vodka, is depressant—it weakens the drinker's judgment, dulls his consciousness of what he is doing, impairs his capacity to think, slows his reaction time, makes him propose or agree to things which he will regret or maybe deny when he is not under the influence of the narcotic.

An absurdity of the law that encourages alcohol addicts to believe a few drinks stimulate without inebriating is that a concentration of alcohol in the blood indicated intoxication only when it is more than a certain percentage level. As long as this perversion prevails, some persons will exercise the right to drink and drive, maim and kill.

Perhaps this wine bibber is finding an excuse for his selfishness when he argues that wine is a good food. The food value of wine is far inferior to the food value of milk, bread or meat.

Anyone who consumes half a gallon of wine a day is very likely to become, if he is not already, a sot and make his wife and children unhappy. If he depends on wine so much as "food" in all

cheap rate get fresh water from salt water, that it would be, in the long-range interests of humanity which would really dwarf any other scientific accomplishment."

The President gave credit to the Russian scientists, but he emphasized also the truly sinister aspects of the Soviet concentration on propaganda stunts. He said:

"I do not regard the first man in space as a sign of the weakening of the free world. But I do regard the total mobilization of man and things for the service of the Communist bloc over the last years as

a source of great danger to us. And I would say that we're going to have to live with that danger and hazard through much of the rest of this century."

As the President of the United States really sees it, therefore, the sending of a man into space around the earth gets big headlines and is exploited by Nikita Khrushchev throughout the world as a vindication of communism, but, after all, viewed in its true light, the episode only emphasizes what a dictatorship can do with the fruits of the labor of its enslaved citizens.

Dr. William Brady Says:

Half Gallon of Wine Daily Is a Staggering Amount

"Will you please answer a question and settle an argument?" asked a Wisconsin reader. Well, as long as I am a safe distance from the arena, I'll take a chance. What's the trouble?

"Is the consumption of two quarts of wine a day excessive?"

Yes. The consumption of two quarts of wine a day is excessive, in my opinion. But then, I'm a rabid teetotaler. I regard alcohol in any concentration or dilution as a narcotic, and if I am of alcohol would be as severely restricted as in the use of morphine. Now perhaps you won't consider my view of wine as a problem, reasonable, or fair, or the individual who consumes half a gallon of wine daily won't.

...excessive for a man 50 years of age? He says wine is a necessary stimulant for a man of his age and it's a good food.

In the first place, alcohol, whether in wine, beer, or liquor, is a narcotic and not a stimulant. The poor deluded tippler imagines he is "stimulated" when he is under the influence of alcohol, but authorities agree that the effect of any quantity of alcohol, that in a glass of wine to that in a pint gin or vodka, is depressant—it weakens the drinker's judgment, dulls his consciousness of what he is doing, impairs his capacity to think, slows his reaction time, makes him propose or agree to things which he will regret or maybe deny when he is not under the influence of the narcotic.

An absurdity of the law that encourages alcohol addicts to believe a few drinks stimulate without inebriating is that a concentration of alcohol in the blood indicated intoxication only when it is more than a certain percentage level. As long as this perversion prevails, some persons will exercise the right to drink and drive, maim and kill.

Perhaps this wine bibber is finding an excuse for his selfishness when he argues that wine is a good food. The food value of wine is far inferior to the food value of milk, bread or meat.

Anyone who consumes half a gallon of wine a day is very likely to become, if he is not already, a sot and make his wife and children unhappy. If he depends on wine so much as "food" in all

likelihood the man suffers from nutritional deficiencies, malnutrition, and correction of this by supplementing his diet with optimal daily rations of calcium, vitamin D, and vitamin B would probably improve his health and vitality.

The Wisconsin reader should try to persuade her husband to visit an Alcoholics Anonymous group in his community. Look for A.A. in the telephone directory.

Signed letters, not more than one page or 100 words long pertaining to health and hygiene, diet, diseases, diagnosis, or treatment, will be accepted by Dr. William Brady, if stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People:

Thanks Police Department for Installing Traffic Light

Congratulations to the police on the traffic light at West South Boulevard and Bagley. For many years there were accidents there due to reckless drivers who paid no attention to the sign. Many cars were wrecked and many people hospitalized. Several times speeding automobiles went through the iron fence deep on the lawn.

Drunk drivers were chiefly to blame. They deserve no pity. But what about the innocent victims who suffer? How many drivers kill people and make nothing of it?

A few years ago a car with four young people was going at such a great speed that when it started rolling at the curve at Bagley it went through the iron fence, struck the big tree on the lawn and rolled to the side door of the church. The crash woke up people three and four blocks away, as it was after two o'clock in the morning. The bystanders were telling the young people who had to be extricated that in "thanking" for the miracle they ought to be coming to church, because it was there that their lives were spared.

Finally, there is a traffic light there.

Rev. B. F. Jaremowski

Didn't Like Method of UF Collection

I was also one of the women willing to go from door to door taking the collection for the UF, until they gave me papers to fill out stating who gave, how much, and if they didn't give, "Why not?" I like to do my duty, but a person doesn't want to give, it is none of my business. I'm all through.

Ex-United Front Worker

'M.D. Did No Work; Still Charged Fee'

An M.D. hospitalized my husband and turned him over to a surgeon who did all the medical work from start to finish with no help from the M.D. That didn't stop the M.D. from billing us for \$15 for the first day and \$5 for each following day while he did absolutely nothing.

Then he billed Blue Shield for \$33 of this so-called bedside care, and collected, with no questions asked.

Through the cooperation of the Oakland County Medical Society's Mediation Board we got our part of the bill scaled down from \$99 to \$25. But the M.D. was ahead with our \$15 and the \$33 he collected from Blue Shield.

We reported the story to Michigan Medical Service, but so far have never heard if it was corrected. No wonder Blue Cross-Blue Shield is running in the red.

Offers Suggestions for Centennial

Suggestions that might be considered by the busy staff at the centennial headquarters are: (1) Bumper posters for our cars. (2) Signs at main entrances to our city and the intersection at Huron and Saginaw streets so that tourists will be reminded that we are preparing for our centennial.

The publicity provided by The Press has done much in promoting the efforts. Continued interest and co-operation should increase the enthusiasm.

Centennial Promoter

Smiles

When a speaker starts off by saying he's not much of a speaker, what more proof do you want?

Inventing excuses has yet to bring anybody any royalty.

Booster in the industry and alarm clocks in the city can be depended on not to make people want to get up in the morning.

Some women would be a hippopotamus if they could change it.

Case Records of a Psychologist:

Beauty Doesn't Bring Popularity

By DR. GEORGE W. CRANE
CASE H-459: Sylvia D., aged 20, recently attempted suicide.

"Dr. Crane, I have nothing to live for," she tearfully explained. "I'm not beautiful and nobody loves me."

"I don't have friends," or "good times," the way other girls do. And no boy has ever asked me for a date."

"So what's the DR. CRANE use of living, Dr. Crane, if you cannot have good times and be popular?" she asked.

DIAGNOSIS
To judge from the large number of letters I receive from people who feel like Sylvia, I am glad that my formula for this column includes one case per week on personality development.

Your personality is the sum total of hundreds of traits: Some are good but others are bad. We might call them merits and demerits.

You are not fixed or preordained at birth as regards your personality and charm.

If you have some physical defects which you deem objectionable try to eliminate them (as far as modern surgery or dentistry will permit).

But after you straighten your crossed eye, or submit to plastic surgery for your nose or chin or blemishes, you still may not be popular, for charm is something far different from physical beauty. In fact, many of our most popular girls in college are not more than average in physical beauty.

Popular girls often have freckles or a big mouth, pro-

SIMULATE SPACE FLIGHT—Capt. Ramon Horvick (left) and Lt. Eugene Carlson emerged this morning in San Antonio, Tex., after 29 days and 22½ hours in an 8 by 12-foot steel tank in which they simulated a flight through outer space. Upon emerging, the pair were shown a picture of the Russian pilot said to have completed the first manned orbit of the earth.

74 Teachers Approved for Tenure in Pontiac

The Pontiac School Board last night approved some 74 teachers for tenure in the Pontiac School District.

In addition, 106 teachers recommended by Dr. Philip J. Proud, assistant superintendent, for a second year of probation, were approved by the board.

Three teachers with two years probation were recommended for

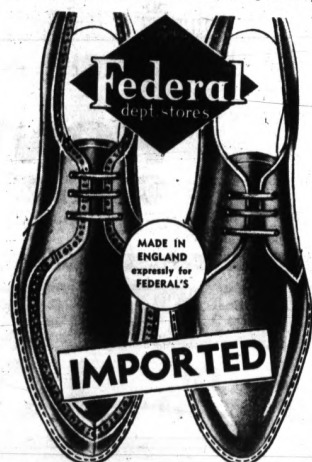

a third probationary year and five others, due for tenure, will be continued on probation due to a deficiency in certification.

Three teachers were not recommended and two of them have filed resignations.

Under Michigan State Tenure Law, teachers must teach in a school system for a probationary period of two or three years before becoming eligible for tenure.

The length of probation is left at the discretion of the school board and administration.

Uncover \$3,786 Taken in Robbery at Pinckney Bank

PINCKNEY (AP)—The \$3,786 taken by a gunman from the McPherson State Bank Wednesday was found Thursday buried in a field 4 miles north of nearby Dexter.

The red, hooded jacket worn by the robber and a .22-caliber pistol were found with the money. The articles were wrapped in cellophane and wrapping paper.

Forty searchers were coming the area for the loot when the partially buried red jacket was sighted.

James Jones, 27, is held on armed robbery charges at the Brighton State Police Post in connection with the holdup.

Gets Charlevoix-Work

CHARLEVOIX (AP)—Northern Marine Construction Co., of Cheboygan has won the contract for work on a new bulkhead and boat basin at the U.S. Coast Guard station in Charlevoix. The job is part of a \$300,000 project which includes a new lifeboat station to replace the present 90-year-old structure.

Car Accident Kills Two Flint Residents

FLINT (AP)—Two Flint residents were killed today when their car struck a ditch, smashed into two trees and burst into flames.

Dead are Thomas Sutton Jr., 34, and Joan Alice Willis, 21. State Police Cpl. Bryce Gray said Sutton was apparently driving "in excess of 100 miles an hour" when his car left the road on a curve about five miles north of Flint. The car traveled 658 feet after Sutton lost control.

Today's Young People Fine if Handled Right

LONDON (UPI)—Field Marshal Viscount Montgomery said Thursday night teen-agers of today "are better than we were."

Montgomery said today's youth is better educated, but "when they are not properly handled, they can be frightful."

"The youth are our bank balance," he said. "They have got to be looked after."

DOWNTOWN & DRAYTON PLAINS

Oakland's '57 Sniper Mute in New Charge

Gary A. Taylor, the self-confessed sniper of Oakland County who took pot-shots at women until caught by police in 1957, appeared today in Detroit Recorder's Court on attempted armed robbery and assault charge.

He stood mute, and was taken to Ionia State Hospital.

Judge John P. Scallen set bond at \$25,000 and scheduled Taylor's examination for April 21.

The 24-year-old Taylor, most recently a mental patient permitted to attend night school in Detroit, was arrested Monday night by Detroit police after he allegedly tried to rob two women, and slashed them with a machete.

Police said Taylor had rented a room at the home of Mrs. Adie Dixon, 33, and her daughter, Barbara Krus, 30, Monday and returned later in the day with a toy pistol and the machete with an 18-inch blade.

The women told police Taylor tried to rob them, but they saw the pistol was a toy and refused to give him any money. According to the charge Taylor then slashed the two women with the jungle knife, wounding them both slightly.

Their screams summoned police who arrested Taylor as he fled the rooming house. Taylor, who lived in Southfield

at the time of his sniping spree, was arrested on Feb. 8, 1957, on a charge of assault with intent to commit murder.

Thirteen women in South Oakland County reported having been shot at by a phantom sniper during the previous two months. Two were wounded by the bullets fired from ambush.

When caught by police, Taylor confessed three of the shootings, stating, "I had a compulsion to shoot women."

He was ruled insane a month later and was committed to Ionia State Hospital for the Criminally Insane. In 1959, he was transferred to the Lafayette Clinic in Detroit for further treatment as an inpatient "due to crowded conditions" at the hospital.

While staying at the clinic Taylor was permitted to leave three nights a week to attend night school at the Wolverine Trade School in Detroit.

Clinic authorities have since admitted that granting Taylor even limited freedom was a mistake.

Kennedy Calls on OAS to Foster Era of Progress

WASHINGTON (AP)—President John F. Kennedy today called upon the Organization of American States to take the lead in bringing a new era of progress and social justice to the Western Hemisphere.

He said he will ask for a meeting of the hemisphere's finance ministers this summer to take up this challenge.

"Our function," Kennedy told a Pan-American Day meeting of the OAS, "is to make this organization alive to the need to fill its responsibilities."

He asked specifically for a "concrete and urgent collaboration in hemispheric development," and said this is the contemporary mission of Pan-Americanism.

Expect Tax-Help Plea

WASHINGTON (AP)—President Kennedy is expected to call for tax incentives to spur the building and modernization of industrial plants and equipment in a tax message to Congress next Thursday.

HELP IN BIKE LICENSING—From 9 to 12 noon Saturday, Waterford Township's Austin Burt School safety boys, service squad girls and the student council will assist Waterford Township police in licensing bicycles at the school. The 4th, 5th, and 6th graders will test brakes, and ride applicants' bikes to check on mechanical fit-

ness before a license is issued. Seated at the student council table (from left) are Betty Williamsen, Judy Jostock, Steve Day, Robert Absher, Ralph Pardo and Mark Walton. Police Sgt. David Putnam and juvenile officer Arthur Holmes are directing the project. Bike games will also be featured.

School Combine Plans Ordered

Would Join Jefferson Junior and Whittier at Over \$1-Million Cost

Preliminary plans for a project to join Jefferson Junior High and Whittier Elementary School were shown to the Pontiac Board of Education last night by Eberle M. Smith Associates, Inc., architects for the job.

The total three-stage project is estimated to cost \$1,160,880.

The board authorized architects to proceed with working drawings of the project.

The first stage of construction tentatively is slated to begin this summer. It is estimated to cost a total of \$732,190.

Of this, \$397,800 would go for new construction and \$119,380 would be spent on renovation at Jefferson and Whittier.

The entire project, under study for several years, proposes combining the two school buildings, and the central heating plant and providing certain additional space in one continuous structure.

The result will be a 1,000-pupil junior high school of modern, adequately sized facilities.

Present Whittier students would gradually be transferred to Franklin School.

Recreation Dept. Plans 22 Sites for Summer Use

Some 22 school buildings and playgrounds will be used by the Pontiac Parks and Recreation Department this year for its summer season.

The Pontiac Board of Education approved their use at last night's school board meeting.

The schools will be in use from June 26-Aug. 19 during the eight-week recreational program.

The department will also conduct a full-scale swimming program at Pontiac Northern High School between these dates from 9 a.m. to 9 p.m. five or six days a week.

Board members also approved the use of two school buses to transport children to the Frog Hollow Day Camp.

Eisenhowers Go Home

PALM SPRINGS, Calif. (AP)—Dwight and Mamie Eisenhower are to end their sojourn in the sun here today.

They say they plan to return next winter.

W. Germany Reveals Foreign Aid Figure

BONN, Germany (AP)—West Germany has decided tentatively to provide about 2.5 billion marks (\$625 million), a year in aid to former sources reported today.

The figure is roughly in line with the U.S. recommendation that the more advanced Western nations devote about 1 per cent of their gross national product annually to development aid. West Germany's gross national product came to 270 billion marks (\$67.5 billion) in 1960.

The informed sources said the government's intention will be made public in Parliament April 21 in answer to questions on development aid raised earlier by the opposition Socialists.

Musician Succumbs

GRAND RAPIDS (AP)—Mrs. Edward B. Beecher, 92, former prominent Wexona, Ill., painter and musician, died at St. Mary's hospital where she was admitted three weeks ago after suffering a broken hip in a fall. She is the former Corrine E. Barrett.

Solicitor General Resigns Position

LANSING (AP)—Samuel J. Toring, state solicitor general, has announced his resignation effective May 12 to enter private law practice in Detroit.

Atty. Gen. Paul L. Adams said Deputy Atty. Gen. Joseph B. Billzke will become solicitor general.

Toring, of Grosse Pointe Park, has been solicitor general since 1954.

Adams said he accepted the resignation with regret, noting that Toring had served with distinction in the difficult assignment of supervising the appellate work of the department.

Billzke, of Okemos, has been with the attorney general's department since 1957.

Denies Traverse City Nonstop Detroit Flight

TRAVERSE CITY (AP)—Direct nonstop air service from Traverse City to Detroit has been denied by the Civil Aeronautics Board but nonstop service to Chicago has been approved. Rep. Robert P. Griffin, R-Mich., notified city officials Thursday. Direct service between Traverse City and Detroit had been sought for summer resort travel business.

Educators to Gather

LANSING (AP)—Representatives of departments of public instruction from Michigan, Illinois, Indiana and Wisconsin will meet at Lansing Monday and Tuesday to discuss methods of improving the exchange of educational research information.

The western pocket gopher is one of the few wild animals that can not swim.

Waterford Building Rises With \$1 Million in Permits

Two separate building permits issued in Waterford Township last week totaled more than \$1 million as building in the township took a sharp swing upward.

A \$750,000 permit was issued to officials of the Montgomery Ward Co. for a new department store in a proposed shopping center on Telegraph at Elizabeth Lake roads.

The other permit involved a

\$300,000 bowling alley in another million-dollar shopping center on Highland near Crescent Lake roads. This permit was issued to one of the owners of the present Huron Bowl alley on Elizabeth Lake Road, Joe Bonfiglio.

For the first three months of this year, construction work in Waterford Township has been on the upward trend, and since January the valuation has more than doubled.

A major part of the construction work has been commercial. Clinics, office buildings, beauty shops, stores and buildings have sprung up all over the township, for a total of \$140,000. This does not include last week's large permits issued.

In January, Lyle Sawin of 4700 Walton Boulevard took out an \$8,000 permit for a restaurant to be built on Walton between Dixie Highway and Sashabaw Road.

\$29,000 STORE
In February a permit for a \$29,000 drug store on Dixie Highway next to the Kroger store, was issued to the Sarko Investment Co. of Detroit. Another \$13,440 store building permit was issued to Oval Whitaker for a structure to be located on Williams Lake Road near Warringham Drive.

March building permits amounted to an all-time high, with permits issued for a lumber yard building on Highland Road; an antique shop on Chas. Eliza both Lake Road; a Baptist church basement on Marlington, and a \$40,000 clinic to be operated by Dr. William K. Baer on the east side of Dixie Highway on the corner of Meis Road.

A \$22,000 garden supply building will be erected on Airport Road; a new \$13,000 township building in the Crescent Hills Cemetery; a "house of cabinets" on Williams Lake Road; and an 18 by 24 foot metal building to be used as a garage were all part of the March commercial permits.

Up until last week's leap, building in Waterford Township was about the same for the first three months of the year as in 1960.

More houses are being built than last year, and there are definitely more commercial projects under way.

Buys Out the Glenn Interests The president of one of the city's oldest furniture companies announced today the purchase of interests held by Robert Glenn. John F. Stewart, president of the Stewart-Glenn Co., organized in 1917, said the company this week acquired the interests held by Glenn, son of one of the founders of the company. The name of the firm will remain the same. At the same time, Stewart announced that the transaction will result in the closing of the S-G Warehouse Furniture Sales, 20 Franklin Road. A close-out sale will begin April 6. No purchase price was disclosed. The company will center all its business in its store located at 1880 S. Telegraph Road, and hopes to increase the floor space of the two-year-old building by at least 50 per cent, according to Addison K. Oakley, manager and secretary of the company. Glenn said he sold his interests in the company in order to expand the operations of the Automat Corp. of which he is president.	Tonight and Saturday! Letters Arrive at Longfellow

Contact Idea Pays Off for Kids

A project at Longfellow Elementary School, begun last December, is currently paying off for some 55 mighty proud fourth, fifth and sixth grade pupils.

The culmination of several months of studying, writing and waiting came last night in the form of Longfellow's Illustrators and Author Exhibit.

Parents got a first-hand look at letters and other mementos from authors and illustrators that their children have been in direct contact with since December.

The exhibit will remain on display for several days for Longfellow students.

The whole idea was started by Mrs. Peter Spring, Longfellow librarian, with the support and en-

couragement of the principal, Adeline Hook.

Pupils were asked if they would like to select a favorite author or illustrator, study his or her life and works, and write to their literary hero.

The children responded with enthusiasm for the project. They began writing letters to the authors of their choice.

Any parent knows that nothing invents more questions than the mind of a curious child.

The kids really fired away. Where did you get your characters? How did you get all your background material? Did you travel to foreign lands? Where do you do your writing?

There was a long wait and then,

one day, return letters slowly began to pile into classrooms.

"We think the youngsters did very well," said Miss Hook. "We estimate that roughly 90 per cent of their letters have been answered."

REPLIED IN DETAIL. The overall return was more than even Mrs. Spring expected.

"Some authors went into great detail to answer questions. We received letters of varied length, autographed pictures, prints of pictures from books and many similar items," she said.

It is the first time any such project has been attempted at Longfellow, and results indicate it won't be the last.

Anxious to End Congo Debate

Schedule Two Meetings Today; Special Session Expected Tomorrow

UNITED NATIONS, N.Y. (AP)—The General Assembly pushed today to wind up its Congo debate.

The 99-nation body scheduled two meetings today and was expected to hold a special Saturday session if necessary to wade through a marathon series of ballots on three rival resolutions and associated amendments.

The resolutions range from a demand that the Belgians get out of the Congo within 21 days or face Security Council action to a mildly worded Soviet request that the Congo Parliament meet under U.N. protection.

Because the Soviet resolution did not repeat previous demands for Secretary General Dag Hammarskjöld's ouster or for withdrawal of the United Nations from the Congo, it was seen as a victory for the embattled secretary general.

DRAMATIC MOVE. The Soviets softened their tone last week after Hammarskjöld made a standing offer to resign if the assembly wanted him to. The dramatic move won him a rousing ovation from the assembly.

The Soviet resolution indicated a backdown, but it was also seen as a move to salvage Soviet prestige by winning Asian-African support.

Death Notices

MARK D. CAMPBELL. Graveside service was held this afternoon at Ottawa Park Cemetery for Mark D. Campbell, infant son of Mr. and Mrs. Norman Campbell of 28 West End Road. Surviving besides the parents is a brother, Alan, at home.

The baby died 12 hours after birth Wednesday at Pontiac General Hospital. Arrangements were by Sparks-Griffin Funeral Home.

DELBERT E. LYONS. ROMEO — Service for Delbert E. Lyons, 61, of 289 S. Main St., will be at 2 p.m. Sunday at Roth's Home for Funerals. Burial will follow in Romeo Cemetery.

Mr. Lyons died yesterday after a long illness at the home of his daughter Mrs. Margaret Rodd of Detroit. Surviving besides his daughter are two grandchildren.

MRS. HOWARD A. MENARD. NOVI TOWNSHIP — Service for Mrs. Howard A. Menard, 82, of 6045 14-Mile Road, will be at 10 a.m. Sunday at the Richardson-Bird Funeral Home, Walled Lake. Burial will be in the Primitive Baptist Cemetery, Melmore, Ohio.

Mr. Menard died Wednesday at her residence after a 10-day illness.

Scout Leaders to Try Fire Building Monday

Members of the Waterford Girl Scout Leaders Association will practice building wood and charcoal fires at 5 p.m. Monday at the Waterford Township Community Center on Williams Lake Road. The fire-building skills, which will be held outside, are part of the training for the annual Girl Scout Camporee to be held the weekend of May 26, 27 and 28.

Camporee directors who will supervise the fire-building instructions are Mrs. Warren Allen and Mrs. Jay Bendall, who ask that members bring proper tinder and kindling for wood-fire building.

Sales Up, Earnings Off. MIDLAND (AP)—The Dow Chemical Co. today reported net income of \$46,028,857 or \$1.80 a share for the nine months ended Feb. 28, and sales for the period of \$604,804,306.

During the same period ending in 1960 net income was \$62,463,323, amounting to \$2.24 a share on sales totaling \$597,139,210, the company said.

Jack and Jackie Don't Need Madison Avenue

By RUTH MONTGOMERY
WASHINGTON — The Democrats had fun for the past eight years taunting the Eisenhower administration about its "Madison Avenue approach" to national politics.
One thing can this far be said for the Kennedy administration. It needs no Madison Avenue squares. Jack and Jackie are their own best publicity agents.
The President himself has demonstrated this so deftly and

often that it requires no repetition here. The First Lady, far less experienced at politicking than her husband, dared to pick the world's most critical audience to try out her own brand this week, and came through unscathed.
As every newspaper reader now knows, Jackie entertained the so-called "Ladies of the Press" at a large buffet luncheon. The locale was the historic

East Room, which in decades past has been the scene of "Princess" Alice Roosevelt Longworth's extravagant debut ball, President Andrew Jackson's wild inaugural brawl, President Roosevelt's funeral, and many a white-tie musicale.
FIRST BUFFET
This was the first time in history that it had been used for a buffet party, and it took Jackie Kennedy's artistic flair to prove that the stately gold

room was made to order for such frivolous informality.
Mrs. Kennedy, wearing the palest of the new lightest green old friends by their first names as they came through the receiving line along with quantities of strangers.
She wisely played no favorites, however, in the seating arrangements. Like all of her guests she drew lots for her table number.
Knowing the hub-bub created by her attempts to lure a French chef from London, when she finally located a couple of them right here in America she let newswomen

be the first to sample their party wares.
Monsieur Rene Verdon tempted the palate with everything from cold salmon and lobster Newburg to Hungarian goulash and petite fours. Monsieur Julius Spesser, his new assistant, had a triumphant swan and angel fish display carved in ice.
The First Lady's political flair shone through most brightly, however, when she broached the hobby nearest her heart—the refurbishing of the White House with authentic American antiques.
THANKS WOMEN
She was careful to take practically none of the credit for the new project herself. Instead, she discreetly turned it into a flattering thank-you for women members of the press corps, "because your articles have made it possible."
Jackie turned this trick so smoothly that each one had actually written on the subject felt like a world-saver. Those who had not, guiltily felt they had not earned the praise, and should therefore rush out and do so.
Two hundred news gals who might have been writing barbed articles about Kennedy innovations, French chefs, secrecy in government or plink, vacation habits, were silenced in their tracks. They came, they saw, and they were conquered by a svelte, chic young woman with a wide, slow smile, infinite poise, a little-girl voice and an odd, French-like accent.
Jackie's manner is so shy and appealing that it is difficult for those meeting her for the first time to realize that she is an extraordinarily determined individual, who knows exactly what she wants, and ordinarily gets it.
As she said in her disarming little speech at the luncheon, previous first ladies have tried to make over the White House, but they became discouraged at the lack of public response and "folded their tents."
Anyone who knows Jackie will bet that if there's any tent-folding to be done during this administration, the opposition will have to do it. The new First Lady is a cinch to get her way, and since she has superb taste, the nation should profit.

Bishop Escapes Trujillo Mob

In Protective Custody After Home Wrecked in Dominican Republic

CIUDAD TRUJILLO, Dominican Republic (AP)—Pro-Trujillo mobs have driven a Roman Catholic bishop to this capital after wrecking his diocesan residence 100 miles west of here. Nuns and priests are also fleeing the district.

Bishop Thomas J. Reilly, 52, is in trouble before with Dominican dictator Rafael Trujillo, said police and soldiers put him in protective custody for a while Thursday after terrorists ransacked his home.
"I am going to deal with the government over these acts of terrorism," the prelate from New Bedford, Mass., said after arriving in Ciudad Trujillo to take refuge in a Catholic school.

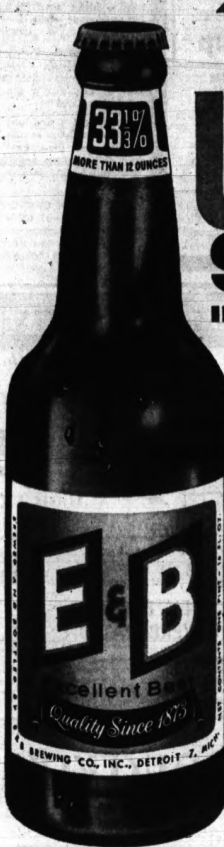

TO MAKE DEMAND
He said he will demand that the government guarantee the safety of priests and nuns in the western part of the country, where his diocese of San Juan de la Mangusina is located. Attacks on parishes there are forcing priests and nuns to come to the capital, the bishop said.
The mobs smashed doors and windows, destroyed furniture and records and battered three automobiles at the bishop's office and residence. Police and soldiers ended the attack.

Students' Suit Is Unsuitable—Lounge on Them

Washington (AP)—Judge John W. Coffey has thrown out of court a charge by University of Michigan law students that their law professors are mentally incompetent. Going along with a spring spool, the judge ordered the student petition "expunged from the record without further hearing or delay."
A defense petition by Prof. Joseph R. Jolin and Richard V. Weisman on behalf of themselves and 32 colleagues, said the law faculty is "the essence of sanity and order" and accused the students of "a grave attack upon the entire judiciary and bar."

To Sentence Man in Holiday Shooting

Circuit Court Judge Clark J. Adams has set May 1 as sentencing date for James Valentino, 38-year-old Pontiac man who pleaded guilty yesterday to felonious assault in the nonfatal Christmas Day shooting of another man.

Valentino, of 234 Western St., was scheduled to be tried on a higher charge of assault with intent to murder yesterday when Asst. Prosecutor Robert Temple Jr. added the second count.

The original charge holds a maximum of 10 years in prison if convicted and the second four years.

Robert Meeks, 50, of the same Western address, was hospitalized for several weeks after being shot in the stomach during a quarrel there. Valentino said the shooting took place during an argument in which he was struck by McKee.

Birch Society Director Told to Prove Talk

LOS ANGELES (AP)—Methodist Bishop Gerald Kennedy Thursday wired this challenge to Robert Welch, head of the right-wing John Birch Society: "Get specific or else admit that you really do not know what you are talking about."

The Protestant clergyman was referring to Welch's charge in a Los Angeles speech Tuesday that there are 7,000 Communists or Communist sympathizers among the Protestant clergy.

Kennedy said in a telegram to Welch: "The Methodist Church will act at once. If evidence is forthcoming, the accused will be brought to trial. If guilty, he will be dismissed from our ministry."

Separate Fires Hit at Same Time in GR

GRAND RAPIDS (AP)—Light Metals Corp. and a former movie theater were damaged early today by separate fires which struck within 20 minutes of each other in Grand Rapids.

No one was reported injured in either blaze and a cause for each still was sought.

Chief Adrian Meyers said 35 extra men were called in to help operate about 15 pieces of equipment dispatched to the scenes. He estimated total damage at \$100,000.

Broadway Show 'Carnival' Full of Magical Charm

NEW YORK — Anything is possible — so somewhere there may be someone immune to the magical charms of "Carnival," Broadway's new musical.

With a rich talent array led by the wondrous-voiced Anna Maria Alberghetti, the production arrived Thursday night at the Imperial Theater, and spun a gossamer web of golden make-believe.

A lot of familiar ingredients have been imaginatively discarded in narrating a wistful wail's search for happiness against the raffish background of a small circus somewhere in Europe.

Overture, eye-filling spectacle, frenetic pace yield to the engaging soft-sell of romance, humorous intimacy and inventive stagecraft. The show has big numbers, of course, but the total effect never breaks the elusive beguilement created by Gower Champion's direction.

School Board Lets 8 Contracts

3 NDEA Projects and 5 Rehabilitation Jobs Are Awarded to Firms

The Pontiac Board of Education awarded contracts on three National Defense Education Act projects and five rehabilitation projects at its meeting last night.

The NDEA work includes four science rooms at Pontiac Central High School and one science room each at Bagley and Whitfield Elementary Schools.

The rehabilitation projects concern kitchens at Webster and Whitfield schools, a stairwell at Whitfield, and a Lincoln Junior High locker room and kitchen store room.

The general trades contract for rehabilitation work at Webster, Whitfield and Lincoln went to the Schurer Construction Co., of Pontiac with a low bid of \$77,772. H. H. Stanton Plumbing and Heating Co., of Pontiac, was awarded the mechanical trades contract on rehabilitation work with a low bid of \$18,300.

Electrical trades contract was awarded to the Wade Electric Co., of Pontiac. Their low bid was \$5,863.

The contract for kitchen equipment at Webster and Whitfield went to Gold Star Products, Inc., of Detroit, whose low bid amounted to \$19,975.

The construction contract for NDEA work was awarded to Frank Newell & Son Co., of Rochester, with a low bid of \$13,775.

Of the contract amount, \$11,250 will be reimbursed by the government under the NDEA plan.

Dr. Otto F. Hufziger, assistant superintendent, said the projects were slated for completion by next September.

Phouma on Tour to Get Opinions

PRAGUE, Czechoslovakia (AP)—Prince Souvanna Phouma, former Laotian premier, arrived Thursday on a world tour during which he is taking soundings of opinion in the East-West struggle over his embattled homeland.

At a welcoming ceremony, the prince said that he had come here mainly to express the "thanks of the Laotian people for the support which the Czechoslovak people always gave them in their fight for the victory of the policy of neutrality."

May Abolish Open Meeting

Avon Township to Vote on Issue at Con-Con July Election

AVON TOWNSHIP — A proposition requesting the abolishment of annual township meetings here will be decided by Avon Township voters July 25.

The Township Board has approved a motion to place the local issue on the July primary election ballot which is being held to select candidates in the state constitutional convention.

Since last August eight of Oakland County's 24 townships have voted to abolish the annual open meetings.

In other action, the Township Board approved a motion by Supervisor Cyril E. Miller to refuse indefinitely any further applications for liquor licenses.

Miller explained that officials at the township office have been overwhelmed with applications for liquor licenses lately.

"We have three licenses available," said Miller, "but we have been getting too many requests."

The supervisor said it would not be practical to approve the licenses now since the township's master zoning plan is not completed yet. He added that without a master plan, township officials don't know where establishments selling liquor should be located.

The Township Board also instructed Clerk Mrs. Theima G. Spencer to set up a meeting with the County Road Commission to discuss matching funds for road improvement projects.

Improvement of secondary roads was the main concern of residents attending the annual meeting here April 1.

By a unanimous vote, electors at the annual session urged the board to make road improvement its prime project for the coming year.

Miller stated that the township has approximately \$20,000 available for matching funds.

He said the board would like to know if the Road Commission would consider several projects which local officials have in mind.

Unit to Start Observance of MOMS Week

ORTONVILLE — The Ortonville Mothers of Men in Service, Unit 117 will start the local observance of National MOMS Week here Sunday.

Members of the local MOMS unit will attend their respective churches in a body on Sunday. A display of the Bible, flags and pictures of Ortonville area servicemen and women will be set up in the window of Boushler Dry Goods Store.

At 12:30 p.m., Tuesday, the MOMS will hold a luncheon and card party at the Veterans Hall on South Street. Proceeds from the party will be used to aid needy veterans and their families.

Mrs. W. G. Kilbourn of 152 Mill St. is president of the local MOMS unit.

Area PTA to Show Russian School Film

ORTONVILLE — "School Days," a picture on Russian education, will be shown by the Brandon Schools Parent-Teacher Association Monday at 8 p.m. in the school auditorium.

The film is an original Soviet documentary with the English commentary done by the University of Michigan.

According to PTA officials, the movie provides the community with an excellent opportunity to get first-hand information about the Russian educational system. Also on the agenda will be a discussion of the future of the Brandon PTA.

CAROLYN O'NEILL

Mr. and Mrs. Harold O'Neill of 6440 Paramus Road, Independence Township, announce the engagement of their daughter Carolyn to Dan Campbell, son of Mr. and Mrs. V. E. Campbell of 3855 Orion Road, Independence Township. No date has been set for the wedding.

Pontiac Press Photo

DISPLAYS WOODCRAFT — An exhibit of lamps, whittos and pieces of statuary carved out of wood by Andrew Hughes of 31 Childress St., Avon Township, was set up yesterday in the window of Clarence's Appliance Store, 411 Main St., Rochester. It will be there for a week with a large carved lamp to be given away next

Saturday. Hughes, a metalsmith by trade, began carving out of wood upon his return home from service after World War II to help himself get over his "war nerves." Using mainly an ordinary jackknife, Hughes has achieved average recognition for his artistry and craftsmanship.

At Monday Dinner Meeting

Avon Business Women to Hear About Hospital

AVON TOWNSHIP — Estimated cost of furnishing rooms in the new \$5-million branch of Crittenton General Hospital to be built south of Rochester will be explained at the Monday meeting of Avon Business and Professional Women's Club.

Guest speakers will be Dr. Eugene Sibery, administrator of the parent institution, and Dr. Edgar J. Geist Jr., chairman of the Bertha Van Hoesen, Inc., group from Rochester which is cooperating on plans for the new hospital.

The pair will talk at 8 p.m. following a dinner to be served at 7 p.m. to club members at the Avon Lounge, Adams and Auburn roads.

The local organization is under-

Pick Policeman to Succeed Chief in South Lyon

SOUTH LYON — City policeman Grant Dale has been appointed police chief here to succeed Lyle Gillespie who resigned this week after holding the post for one year.

Dale, 32, has been with the city police department full-time since the appointment of Gillespie in April 1960. Until that time he had held a part-time position on the force since 1949.

Dale, his wife and four children live at 118 Detroit St. Gillespie said his resignation was due to ill health.

Gillespie, a former Oakland County deputy, replaced John Noel, who was police chief 18 years.

Noel was elected mayor April 3.

Delay Examination of 2 Men in Slaying

ROYAL OAK TOWNSHIP — The examination of Freeman L. Gunter and Arthur L. Jones, charged in the knife slaying of a Detroit man April 1, has been adjourned until May 11.

The adjournment was requested by Oakland County prosecutor William E. Long to comply with the wishes of defense attorney Thomas Howard.

The two 18-year-old township youths are being held in the county jail in the death or Arvie Patterson, 26, during a fight in front of the Glen Lodge Bar.

Plan Ground Breaking

WALLED LAKE — Ground-breaking ceremonies for a new barnage at St. Matthew Lutheran Church will be held Sunday following the 8 a.m. service. The Rev. Lawrence Klins, pastor, said the new structure will be located on church property adjacent to the church at 240 S. Commerce Road.

Concord Driver Killed

JACKSON — William E. Hazlett, 33, of Concord, was killed today when his car struck a concrete bridge abutment and bounced into a tree. Police said Hazlett apparently had fallen asleep at the wheel.

Expect 1,000 at Orion

Contest on Saturday for Baton Twirlers

LAKE ORION — Nearly 1,000 baton twirlers from the Midwest and Canada are expected to compete for 421 awards tomorrow at the annual Land 'O Lakes International Baton Contest at Lake Orion Community High School.

Mrs. John Smiddy of 1052 Meadowlawn St., Pontiac, co-chairman of the event, said that as of today 550 twirlers have filed entries.

"But that figure only represents about one-third of the total that will participate. Most of the contestants will file entries late tomorrow," Mrs. Smiddy said.

The awards include 160 trophies, 271 medals and 49 plaques.

The contest, sponsored by the Charlton Polan Post 233, American Legion, also will feature a style

show of twirling costumes in the school lobby in the afternoon.

Proceeds from the contest will go toward the Land 'O Lakes Majorette and Drum Corps' South Milwaukee trip fund. The participants will enter the National Baton Twirling Association contest there.

Roy G. Hess of 8890 Arlington Drive is the other co-chairman of the Lake Orion contest.

Three years ago Hess introduced an intermediate class for the first time. It now is included in most contests throughout the country.

A "first" this year will be a new method of judging according to Hess. It will be known as sweepstakes judging.

Under the new rules the contestant will twirl before one judge in her class, then the top four girls will twirl a second time during two different judging periods to determine the top four place winners.

Because of the high quality of past judging, Hess said he expects that the top twirlers in the country will be present. Last year the competition drew 574 entries.

Refreshments will be served throughout the day by the Mother's Club of the Land 'O Lakes Majorette and Drum Corps.

Official hostess this year will be Candy Stokes, 3½-year-old daughter of Mr. and Mrs. Robert Stokes, 821 Lake St.

Doors will open at 8 a.m. and competition will start at 9 a.m.

Planiels will be Deanna and Gary Relyea, whose parents are Mr. and Mrs. Wellington Relyea Jr. of 135 Washington St., Pontiac.

Susan Hammerton, 18, daughter of Mr. and Mrs. Herbert E. Hammerton of 710 N. Alexander St., Royal Oak, is the violin soloist.

Susan, a student at Wayne State University, attended the National Music Camp at Interlochen for three years before touring South America last summer with the Michigan Chorale.

Gary, 19, who attends the Unpublished earlier this year as dual diversity of Michigan, and his 17-year-old sister, a senior at Pontiac Northern High School, are pianists with the Pontiac Symphony Orchestra.

Counselors Will Hold Discussion of Guidance

OAK PARK — "Curriculum Guidance" will be the theme of a panel discussion Wednesday at a meeting of the Oakland Area Counselors Association at Oak Park High School.

Representatives of the Pontiac School System on the panel are Mrs. Virginia Jensen of Washington Junior High School and Clark Balch of Madison Junior High School.

Mrs. Jensen will be moderator for the 1:30 p.m. meeting.

Other panelists include Clayton Timmons of Farmington High School, Lloyd Irving of Anderson Junior High, Berkeley, and Everett MacDowell of J. A. Adams Junior High, Royal Oak.

The committee therefore decided that the County DPW could do the entire job at one time although it would mean "the full faith and credit of Troy would be pledged against the project."

"This is the reason the sewer committee and City Commission are investigating the possibility of having the county build a sewer system for that portion of Troy not served by the 12-Town and Evergreen districts," the report stated.

"This system could be financed in an over-all program that would include Evergreen, 12-Town and the Troy Sanitary Sewer districts in other words, sewers for all of Troy."

The local award winners were Diane Grovesten, daughter of Mr. and Mrs. John L. Grovesten of 2910 Grange Hall Road, and Norita Wolfe, whose parents are Mr. and Mrs. Nelson Wolfe of 1030 Granger Road.

The honorable mention rating was the highest award available in the youth section of the art show.

2 From Brandon High Get Art Show Awards

ORTONVILLE — Two Brandon High School students have received honorable mention ratings for their entries in the 31st annual show held by the Flint Institute of Art.

The local award winners were Diane Grovesten, daughter of Mr. and Mrs. John L. Grovesten of 2910 Grange Hall Road, and Norita Wolfe, whose parents are Mr. and Mrs. Nelson Wolfe of 1030 Granger Road.

The honorable mention rating was the highest award available in the youth section of the art show.

The engagement of Barbara C. Winkler to Lanny P. Gilmore is announced by the bride-elect's parents, Mrs. Clifford G. Cole of Parma and William R. Winkler of New York City. The prospective bridegroom is the son of Mr. and Mrs. Leslie B. Gilmore of 245 Perry St., Lake Orion. No wedding date has been set.

Clarkston Baptists Invite All to Special Service

CLARKSTON — All area residents have been invited to the 7 p.m. Sunday service at the First Baptist Church on Main Street to hear a talk by Dr. Roy L. Aldridge of the Detroit Bible College.

An old-fashioned hymn sing will follow Dr. Aldridge's address, and there will be a coffee hour "for getting acquainted," according to the pastor of the church, Rev. David E. Dee.

Doors will open at 8 a.m. and competition will start at 9 a.m.

Official hostess this year will be Candy Stokes, 3½-year-old daughter of Mr. and Mrs. Robert Stokes, 821 Lake St.

Probe Blaze at 3 Houses

Madison Heights Homes Destroyed, 2 Others Damaged by Same Fire

MADISON HEIGHTS — Firemen here are investigating the cause of a blaze which destroyed one house and damaged two adjacent homes early this morning. No one was injured.

The fire started in the home of Ervitt Austin, 50, of 30515 Alder St. No one was in the house when the fire broke out.

A passing motorist called firemen at 3:40 a.m. Firemen said the house had nearly burned to the ground by the time they arrived.

According to neighbors, Gerald Bard, who was renting the house, left about midnight to go to a downtown Detroit show.

Firemen have not been able to contact him for questioning.

Estimate damage to the house is \$7,500 and \$3,000 to the contents. Total damage to the other two homes was estimated at \$300.

Card Party Tomorrow

WHITE LAKE TOWNSHIP — The Lakewood Village Women's Club will sponsor a card party at 8 p.m. tomorrow at the Community Hall, located directly across from the Town Hall.

Proceeds from the party will go toward building a community beach house at the Lakewood Village Subdivision Park.

Theme of Benefit Is 'April in Paris'

"April in Paris" is the theme Pontiac Osteopathic Hospital Guild has selected for its annual Rainbow Benefit Ball this evening.

An area band will provide music for the affair. Mrs. Merrill D. Petrie, publicity chairman, reports that French belles will greet the dancers in a setting of fresh spring flowers.

Mrs. L. E. Blodau heads the dance committees. Ticket chairmen are Mrs. L. G. Huddle Jr. and Mrs. J. B. Posner.

Mrs. M. C. Worster, Mrs. E. Fraser, Mrs. J. A. Quatto and Mrs. E. L. Schweig have arranged decorations in a French motif.

Among hosts for parties before the dance will be Dr. and Mrs. L. E. Blodau of Rochester whose guests will include Dr. and Mrs. W. R. Kerr, Dr. and Mrs. B. L. Larlee and Dr. and Mrs. R. D. Cordes. Mr. and Mrs. Jack Upton and Dr. and Mrs. L. P. Blodau also will attend.

TO PLAY HOST

Dr. and Mrs. Mark Todd of Cherokee Road will be hosts to Dr. and Mrs. Leonard Barrows, Dr. and Mrs. Glenn Blankenhorn, Dr. and Mrs. W. E. Barnett and Dr. and Mrs. Charles Williams.

Dr. and Mrs. Donald Swayze and Mr. and Mrs. W. C. Crawford also will be guests at the Todd home.

The Birmingham home of Dr. and Mrs. B. F. Dickinson will be opened to Mr. and Mrs. J. L. Gibben, Dr. and Mrs. J. H. Wyatt, Dr. and Mrs. J. H. Quarles, Dr. and Mrs. L. G. Huddle and Mr. and Mrs. Donald Polakowski.

Also attending the Dickinson party will be Dr. and Mrs. Rollin Gordon, Dr. and Mrs. M. H. Miller and Mr. and Mrs. Frank Dirks.

In Bloomfield Hills, Dr. and Mrs. Floyd Klouw will have Mr. and Mrs. Alden T. Jones, Mr. and Mrs. William L. Kawksy and Dr. Walter Haduck as guests.

Hosts for a party at their Niagara Avenue home will be Dr. and Mrs. E. Fraser. Their guests will be Dr. and Mrs. J. K. Schachern, Dr. and Mrs. W. J. Janacek, Dr. James Powell, Ann Schachern, Mr. and Mrs. Fred Mills and Mr. and Mrs. H. J. Schachern.

PLAN PREPARTY

Mr. and Mrs. Robert Morse of Kendry Drive also will be hosts for a preparty. Among their guests will be Mr. and Mrs. Wesley Johnson, Mr. and Mrs. Glenn Kester, Mr. and Mrs. Carl Anderson, Dr. and Mrs. Bohdan Macruski and Dr. and Mrs. Maynard Amelon.

Also visiting the Morse home will be Mr. and Mrs. Warren Brush, Mr. and Mrs. Jean McCray and Mr. and Mrs. William Keller.

Enthusiastic about the 5th annual scholarship benefit fashion show in which they will model are these members of the Women's Auxiliary of Michigan State University Club of Oakland County. They are (from left) Mrs. James Aldrich of Mohawk Road,

Mrs. Paul Wheaton of Birmingham, Mrs. Rudolph F. Ranke of Orchard Lake and Mrs. Harry Wieting of Bloomfield Hills. The noon luncheon and showing will be Thursday at Forest Lake Country Club.

She Frets Over Pal's Finances

By the Emily Post Institute

Q: I have a friend who I would like to ask to be a bridesmaid at my forthcoming wedding. However, she is out of work at the present time and I am sure money is not too plentiful. Therein lies my problem.

I don't want to place her in the position of feeling that she has to take part if it is going to be a hardship for her, and yet, if I don't ask her, her feelings might be hurt.

Would it be proper to tell her that I would like her to be one of my bridesmaids but that I will understand if she has to say no because of the expense, or might this embarrass her?

A: If you know and like this girl well enough to wish to have her as one of your bridesmaids, surely you can ask her frankly if she wishes to go to the expense of getting a dress. Or perhaps you could offer to pay part of the cost.

Q: Will you please tell me what to do in this situation: My sister and her husband are not friendly with any of the family.

They had a tiff with us all at the time they eloped and have made no effort to make up. My daughter is being married and under the circumstances we don't know whether my sister and her husband should be invited. Their appearance certainly might cause an awkward situation.

A: If you would like to put an end to the breach with your sister and bring her back into the family, this will be a perfect opportunity to do so. Not to invite them will tend to make the breach a permanent one.

Q: You have often said that abbreviations are not in the best taste for an engraved form. Will you please tell me if this also applies to the title Dr.?

A: While Dr. is accepted by everyone, it is not quite as correct as Doctor written out—especially when the name is short enough to easily permit this last.

The Emily Post Institute is sorry it cannot answer personal mail.

Navy Mothers Meet, Sew

Pontiac Navy Mothers' Club 353 served refreshments to members of the Pontiac Memorial Day Association Thursday evening at the Disabled American Veterans' Hall on Auburn Avenue.

Mrs. Reginald Kalbfleisch of Sylvester Street, Drayton Plains, was luncheon hostess to the club on Wednesday following a morning sewing group for hospitalized small children and infants.

The club will attend installation of officers of Veterans of Foreign Wars on Monday evening.

Delegates Named for Girls' State

Delegates and alternates for Wolverine Girls State at Ann Arbor this summer have been announced by the American Legion Cook-Nelson Post Unit 20 Auxiliary.

Pontiac Central High School student Marilynn Ruth Jack, daughter of Mr. and Mrs. Robert B. Jack of Marie Circle, will represent the auxiliary with Susan Putnam as alternate.

Suzanne Polmear, daughter of Mr. and Mrs. John D. Polmear of Bamford Street, also will be a delegate. She attends St. Frederick High School where she is an all-A student. Her alternate is Lorraine Bova.

Mrs. Homer Slaney is the auxiliary's Wolverine Girls State chairman.

The girls are being sponsored by the Elks Lodge No. 810 of Pontiac through the Cook-Nelson auxiliary.

Mrs. Homer Slaney is the auxiliary's Wolverine Girls State chairman.

Section Plans Clothing Buy

The Queen Mary Section of the Needlework Guild of America planned the purchase of children's clothing for the annual ingathering at a meeting Thursday at the home of Mrs. Jean Harper on South Shirley Street.

Mrs. Charles Clarke, sewing chairman, reported that all articles for the layettes have been completed by the members. Several pairs of children's mittens were knitted during the afternoon.

Hostess for a luncheon meeting on April 27 will be Mrs. Charles J. Shearer West Longfellow Avenue.

Zonta Holds Monthly Event

Zonta Club of Pontiac served its monthly dinner and business meeting at Hotel Walden Thursday.

Following annual reports by officers and committee chairmen, plans were finalized for the annual breakfast Sunday at Devona-Gables. Installation of officers and enrollment of new members will highlight the affair.

Pontiac Press Photo

Through the looking glass into another era, 2-year-old Donald Hubbard of Cherokee Road sees himself attired as a little boy of the 1890s. The velvet dress was worn by Lloyd Pardee, at the age of 18 months and will be among antique clothes displayed at All Saints Episcopal Church's Antique Show Tuesday through Thursday at Stevens Hall.

Secretaries Plan Dinner on April 26

Members of Pontiac Chapter, The National Secretaries Association International, met Wednesday evening at the Nurses' Home of St. Joseph Mercy Hospital. Hostesses were Mrs. Warren Trevelan and Mrs. Charlie Woody.

Mrs. Russell Brackett, chairman for Secretaries Week program, announced final plans for an event April 26 at Ted's Restaurant. Peggy's Fashions will present a gifle show preceding dinner at 6:30 p.m.

The Oakland County Secretary of the Year for 1961 will be announced and honored at this time.

Secretaries and office personnel interested in attending may contact Mrs. Brackett or Mrs. Mrs. Garland Woody, cochairman.

Luncheon Meeting Is Attended by 14

Fourteen members of the Mary Martha Group of First Presbyterian Church attended a luncheon meeting Thursday at the church. Hostesses were Mrs. James C. Sutton and Mrs. Edna Doolittle.

Mrs. Richard J. Wright gave the Bible study on "The Light of the World" and Mrs. Sutton presented the mission study "Family Worship."

A rummage sale is slated for April 28.

Plan Bridge at Pine Lake

The Pine Lake Country Club will launch the 1961 social season of special Ladies day with a bridge luncheon and fashion show at 12:15, May 5.

Spring and summer fashions compatible to life in suburbia, with country club and beach activities, will be featured. Favors, food and table prizes will be included.

Camp Fire Unit Honors Wives of Ministers

The Wa-Ta-Ma-Chick Camp Fire Girls unit honored ministers' wives Mrs. Roy Cummings and Mrs. H. C. Shankle at a dinner Thursday evening in the Bondale Avenue home of Barbara and Gwendolyn Shorters.

The girls fulfilled their fire makers requirements at the dinner which also was attended by Barbara Batin, Camp Fire field director, and leaders Mrs. E. A. Kidd and Mrs. Jimmie Shorters.

The group also honored Mrs. Dinah Wilkes and Mrs. J. R. Flenings for their service as hospital Gray Ladies.

The evening's entertainment was a fashion parade which showed uniform changes through the years for the Blue Birds, Camp Fire Girls and Horizon Club members.

Assisting with the dinner work were Mrs. Shorters, Sheila Bonds, Dorothy Adams and Gwendolyn Shorters.

Women's Section

Abby Says: Tell Her

It's Double Punishment

By ABIGAIL VAN BUREN

DEAR ABBY: Our upstairs neighbor has a 12-year-old son who takes piano lessons. She uses "piano practicing" as a punishment.

The poor kid lost his over-shoes, so she made him stay home all day Saturday and practice the piano for three hours! I can hear "The Blue Danube" in my sleep.

Would it be all right if I, and the neighbor next door to her, told her she should think up another punishment?

THE LADY DOWNSTAIRS

DEAR LADY: Tell her: If the boy has any desire to play the piano, the mother couldn't find a better way to destroy it. She has a right to "punish" her son, but not the neighbors.

DEAR ABBY: I am 17 and I guess you could call me a

"good girl." I mean I obey my parents, get good grades and have nice friends. I am corresponding with a boy who is in the Air Force. It is sort of my hobby. I like him very much and he writes interesting letters. He doesn't write "love letters" (but he signs them "Love").

My problem is this: My mother reads his letters while I am gone. I don't lock them up. I keep them in a shoe box in my drawer. If she asked if she could read them, I would let her because there is nothing in his letters I have to be ashamed of.

She even asked me if I would please ask his boy to print because his writing is hard for her to read. I think she is wrong to read his letters without asking me first, but how does a respectful daughter tell her mother this?

LETTER WRITER

DEAR LETTER WRITER: In a respectful way.

DEAR ABBY: Our son (24) is engaged to marry a very beautiful, but mixed up, young

lady. She is 20, spoiled and moody, and has already broken two engagements after the wedding invitations were out.

Our son now finds himself in the same predicament as her first two victims. The invitations are out, and the wedding gifts have already started to come in. Now this girl has asked for "more time to think it over."

Her parents are no help because, while they have money, they have no character and are eager to get their daughter safely married and out of their home.

We have talked to our clergyman and he thinks we should call it off. Our son is trying to persuade the girl to go through with it. He is sure he can straighten her out after the marriage. I would like your opinion.

SICK MOM

DEAR MOM: Take your clergyman's sound advice and encourage your son to give the young lady all the time she wants to "think it over." A broken engagement is far less tragic than a broken marriage.

Jackie at the Opera

WASHINGTON (UPI)—Jacqueline Kennedy, bearer of the new frontier's cultural banner, went to the opera last night—45 minutes after the scheduled curtain time.

The President's wife and Lady Bird Johnson, the vice president's wife, attended a performance of "Carmen" in separate parties. Mrs. Johnson was on time, but Mrs. Kennedy missed the curtain even after it had been held up half an hour.

A number of the less-famous patrons of the opera were disgruntled when they found themselves asked after the opera. Police towed away several cars and moved others to make way for the White House limousines.

A full house of theatergoers promenade up and down the aisles during intermission to gawk at the leading ladies in the administration.

True to her reputation for elegance, Mrs. Kennedy wore a pencil slim white and black silk polka dot sheath with a black satin belt and a boat neckline. Her wrap was a short black broadtail bolero jacket. She had on long black gloves and black velvet bows in her hair.

The performance was scheduled to start at 8 p.m. The producer held off until 8:30 p.m. and then started the performance. Mrs. Kennedy's group arrived at 8:43 p.m. from a private dinner party at the home of Washington, socialite Nan McEvoy.

Complete Plans for 'Dads' Night'

Plans for "Dads' Night" April 26 at Rotunda Inn were completed by members of the Child Culture Club Thursday evening at the home of Mrs. Richard Dykman of Kettering Avenue.

Mrs. Calvin J. King and her program committee presented a skit "Does Your Child Have Worries?"

AP Photos

Elegant in a pencil-slim black and white silk sheath under a broadtail jacket, Mrs. John F. Kennedy arrived at the opera Thursday evening to hear a performance of "Carmen."

Named an honorary member of the Seton Guild of St. Vincent and Sarah Fisher Home for Children at a luncheon Thursday at Birmingham Country Club was Esther M. Wagner (second from right), advertising director of Demery's. She received a corsage and citation from committee members (from left) Mrs.

A. F. Boening of Birmingham, Mrs. Austin Sansone of Marlborough Drive and Mrs. Paul J. O'Connor of Birmingham. The guild is planning a luncheon fashion show May 10 at the country club to benefit the home.

Members Meet With Mrs. Miller

Mrs. Wayne N. Cook presented a report and review on food marketing at the Extensionists April meeting in the Elizabeth Lake Road home of Mrs. William L. Miller.

Mrs. Ray J. DeGraff, chairman of the constitutional revision committee, presented proposed changes which were accepted, and Mrs. A. D. Osworth brought attention to the need for greater participation in township government.

The slate of officers for election at the next meeting was presented. Following luncheon the group spent the afternoon making whinnies.

Mrs. J. H. Trietsch of Williams Lake Road will be hostess for the May meeting.

Members will attend an Achievement Day meeting May 3 at the Waterford Community Center. James Hunt, director of Oakland County's Juvenile Court, will be the speaker.

Lutheran Guild Women Plan for May 4 and 9

St. Trinity Lutheran Ladies Guild heard "Some Christian Lessons from a Stone" on April 11. Ralph C. Claus, at the April meeting.

The Lutheran Women's Missionary League rally April 25 at Rochester and a "Luncheon is Served" program at noon on May 4 were announced. The mother-daughter banquet will be on May 9.

During the social hour, hats of their own design worn by Mrs. R. J. Schwab, Mrs. William Mitchell and Mrs. Robert Hester were voted the most original.

Refreshments were served by Mrs. Wayne Wightman, Mrs. Frank Vierk, Mrs. Arnold Altemann and Mrs. Albert Arps.

Sea pressures reach seven tons per square inch at 6 1/2 miles depth.

Out Bloomfield Way

By RUTH SAUNDERS

BLOOMFIELD HILLS — Junior Auxiliary members of the Village Woman's Club are still talking about the success of their second Spring dinner dance last week at Birmingham Country Club.

Mr. and Mrs. Charles MacGregor were among several hosts at cocktails preceding dinner. Their guests included Mr. and Mrs. Robert G. Campbell, Mr. and Mrs. Joseph L. Hardig Jr., the Karl Zints, the Walter Fishers, Mr. and Mrs. William Roet, Mr. and Mrs. John R. Bull, the Charles Joneses and Mr. and Mrs. Jack Walters.

At the Cranston Joneses new home in Snowshoe Circle were Mr. and Mrs. Robert Grierson, Mr. and Mrs. Charles Storm, the Hazen Carrolls, the John Hardys and Mr. and Mrs. James W. Martin.

Mr. and Mrs. Raymond C. Cunningham Jr. had as their cocktail guests Mr. and Mrs. Peter S. Hoffman, Mr. and Mrs. G. Bretnell Williams, Mr. and Mrs. Robert Scott, the John B. Dixons, the Alfred J. Rosboroughs Jr., Mr. and Mrs. S. Tenney McGraw, Mr. and Mrs. Frank P. MacCartney, Mr. and Mrs. Stephen F. Booth and the William B. Saunders.

Another group included the Harry L. Winstons Jr., Mr. and Mrs. Walter R. Demoss, the Michael Redfields, the William H. Pierces, Mr. and Mrs. Charles Himelhoch and the Denman Jacobsons.

Spending ten days at his home in Stratford Lane is Robert E. Hilla who was graduated last week from the U.S. Submarine Academy at New London, Conn. He is en route to the West coast where he will enter submarine service.

Mr. and Mrs. John Owen who spent their wedding trip at Boca Raton, Fla., are here visiting Mrs. Owen's parents, Mr. and Mrs. Jackson Cummings for a few days. Friday they will go to their new home in Rocky River, Ohio.

In spite of inclement weather committee members were delighted at the response in donated articles for the coming Treasure Auction of the Village Woman's Club. A group working under Mrs. Ralph Wagner and Mrs. Paul John who served coffee and fried cakes to the donors, managed to have fun during the long day playing bridge between snow flurries in the Hartmann barn on Lahar Road which formerly belonged to the Charles E. Carey family. Here the articles will be stored until the May sale.

Mrs. Pell Hollingshead and her mother Mrs. Earl W. May were joint hostesses at a family luncheon Saturday for bride-elect "Dru" Headlee. The affair, given in the Hollingshead home on Argyle Drive, was also a linen shower, and guests included Mrs. Eleanor K. McWhitney, Mrs. L. W. Hull, Mrs. Lawrence S. Roehm, Mrs. Donald Eade, Mrs. David Harbin, Carol Jane Hollingshead and Mrs. Harold R. Roehm.

Honoree Drucilla Galt Headlee is the daughter of Capt. and Mrs. Colin Headlee (U.S.N. ret.) of Annapolis, Md. She will be married May 27 to George H. Roehm whose parents are Dr. and Mrs. Harold R. Roehm of Lone Pine Road. Weather permitting, the ceremony will be read by the Rev. Walter Young in the Roehm garden.

Also planning parties are Mrs. John G. Wood, Mrs. Waldemar A. P. John and her daughter, Mrs. Richard J. Morgan, Mrs. Earl W. May and Mrs. Day Krollick Jr.

Pair Teach Dance

Mr. and Mrs. Warren Allen taught a round dance "Sweet Georgia Brown" at Thursday's Do-Do Square Dance Club

gathering in McCarroll School.

Robert Newill was master of ceremonies and a caller for the dance. Also calling the dance steps were George Newton, Charles Futrell, Eugene Shaw and Warren Allen.

Audubons Report on Trip

Reports of a recent field trip to Kensington Park were heard by members of the Pontiac Audubon Society Wednesday evening at Hawthorne School.

Each of the 30 members present showed color slides of bird life and nature panorama.

Nickolas Audubon, members have been invited to the cook-out breakfast and hike May 13 in the Highland Recreation Area.

Mrs. Lena Anderson of Rochester, Mrs. Arnold Simson and Harold Anderson of Lake Orion, were received into active membership. Guests were O. Ray Courtney, John B. Whitson, Patricia Jacobs, Betty Feldbauer and Mrs. Edward Steadman.

Refreshments were served by Mrs. Vivian Tubbs and her committee.

Dorcas Bible Class Hears Poems Read

Mrs. Myrtle Niemi read several poems at the monthly meeting of the Dorcas Bible Class of Oakland Avenue United Presbyterian Church. Mrs. Clarence Failing of Voothis Road was hostess to the group.

Mrs. Guy Caswell led devotions for the Wednesday affair. Refreshments were served by Mrs. Richard Kelly and Mrs. Howard Hall.

Weighty Problems Aired Answers About Diet

By JOSEPHINE LOWMAN

This week I am using the question box column to answer questions from readers who are following the Nine-Day Reducing Diet.

Q. "Can I repeat the Nine-Day Diet?"

A. This diet was planned for the woman who has only a few pounds to lose. It is high in health essential vitamins and minerals. However, if you have a lot of weight to lose, use the Nine-Day Diet for an encouraging, flying start and then "go" your daily calorie intake to 1500. You will look prettier.

When a woman loses many pounds rapidly, the result may not be attractive. The skin must have time to shrink to new proportions.

Repeat the Nine-Day Diet once in a while if you want to, but for the long haul of losing many pounds, keep your intake between 1200 and 1400 calories a day. And, if you have many pounds to lose, talk to your doctor about a weight reduction plan.

Q. "I cannot eat vegetables and fruits because of colitis. How can I follow your diet?"

A. With a special situation like yours, you will have to follow the diet your doctor gives you. I am sure he will guide you, losing weight and taking care of your problem.

Q. "I know from what I have read that eggs are an important part of a reducing diet, and of any good diet. BUT I hate eggs at breakfast. I like them at other times."

A. The answer is simple. Eat a hard-boiled egg with a bit of salt at noon or as part of a salad.

Q. "Why do you emphasize skin lubrication while reducing?"

A. I emphasize it because your skin must shrink to your new proportions. This is especially important if you have a dry skin. Keep your skin pliable.

Here are the menus for tomorrow:

Menu for Saturday

BREAKFAST

One-half grapefruit or apple.
Two slices crisp bacon.
One thin dry slice of whole wheat toast.
Black coffee.

LUNCHEON

1 medium hamburger.
Sliced tomatoes.
One glass skimmed milk.

DINNER

Good helping liver.
Stewed tomatoes.
Ten stalks of asparagus.
One glass skimmed milk.
One slice of pineapple or One-half grapefruit or apple.

If you have missed some of the menus this week or would like to have my Nine-Day Reducing Diet in a small booklet, send 10 cents and a stamped, self-addressed envelope with your request to Josephine Lowman in care of The Pontiac Press.

If you don't like eggs for breakfast, try them this way in a salad, or eat a hard-boiled egg with a bit of salt.

'Oh, I'm So Rushed!' Everyday Complaint

By RUTH MILLETT

"She makes such a job out of living." . . . (One woman is explaining why another is always overworked and in a dither.)

That's probably the biggest fault of the modern woman, isn't it? She glories in being pushed, in doing things the hard way, in rushing around.

Stop for a three-minute chat with the average woman and

English Girls Are Seeking Club Members

The Trans-Atlantic Brides and Parents Association, Pontiac Branch, met at the Percy King Drive home of Mrs. Gordon Gray Tuesday evening.

The association, which is conducting a membership drive, is comprised of women born in England.

A film on highway safety followed the business meeting.

Refreshments were served by Mrs. Gray and Mrs. Milton Ott.

Area women desiring further information about the group may call Mrs. Ott, Camelot Street, Waterford Township.

Local Hairdressers Hear Norman Prady

Norman Prady of Michigan State University Oakland was guest speaker at the Pontiac unit of the National Hairdressers' Association April meeting in Hotel Waldron.

At the business meeting which followed, a committee was appointed to plan a dinner and business meeting in May when officers will be elected. A guest artist from the Michigan State Coiffure Guild will attend the meeting.

Give her three minutes and you hear how busy she is, how much trouble she is having doing this or getting that, what is wrong with her children, ad infinitum.

And she says it all with an air of personal triumph — as if there were something noble about having too much to do.

That's the catch. The modern woman thinks there is some virtue in never "having a minute."

Ruth Millett's booklet, "How to Have a Happy Husband," is chock-full of thought-provoking reading. Just send 25c to Ruth Millett Reader Service, Co. The Pontiac Press, P. O. Box 488, Dept. A, Radio City Station, New York 19, N. Y.

Sorority Elects Mrs. Schneider 1961 President

Officers for Alpha Omega Chapter of Beta Sigma Phi Sorority were elected when the group met at the East Pike Street home of Mrs. Robert Terry.

Mrs. Vincent Schneider is president; Mrs. Jean Martin, vice president; Mrs. Donald DeVoe, corresponding secretary; Mrs. Ronald Kader, recording secretary and Mrs. Kenneth Miller, treasurer.

Founders' Day program covers were completed by the members as Mrs. Miller and Mrs. Schneider reported on the Greater Pontiac Centennial plans.

Mrs. Milton Ott of Drayton Plains will be hostess for the next meeting.

The Golden Horn, Inlet of the Sea of Marmara in the passage between the Mediterranean and Black sea was so named because of the excellent fishing waters in that vicinity.

Les Filles Plan 'Rainbow' Dance

The Les Filles Club discussed plans for its June 2 dance "Rainbow Rhapsody" at a meeting Wednesday in the Circle Road home of Carol Gray. The affair will be in the Green Room of the Young Men's Christian Association building.

Mrs. Kenneth Scott was a guest at the meeting. The club's junior sponsor Karen Brunel also was present.

Jill Deuring was elected to represent the club in the city's centennial queen contest.

Refreshments were served by Carol Norvell and Susan Steier.

Mrs. Paul Etter Hostess to Club

Mrs. Paul Etter of Clarkston was hostess for the April meeting of the Past Chiefs' Club of Mizpah Temple No. 7.

An evening of games followed discussion of the sale of nuts as a fund-raising project.

The May meeting will be at the home of Mrs. Harry Pattison.

29 Women to Vie for '61 Mother.

Mrs. Charles Kuhn of North Lake, 4572 9-17, state chairman of the American Mothers Committee, Inc., has announced that 29 nominees for the Michigan Mother of 1961 have been selected. Three of the candidates are from Detroit. The remaining 26 are outside nominees.

Gov. John B. Swainson will proclaim the week of April 17 to 22, Michigan State Mothers Week.

Northland Center Chamber of Commerce will be host to the chosen Michigan Mother and her 28 "Mother Award" mothers at a luncheon in the Center April 17 and will sponsor her trip to New York and entire stay at the Waldorf-Astoria.

Michigan's Mother of 1961 will vie with the chosen state mothers of all the other states, the District of Columbia and Puerto Rico for the title American Mother of the Year.

11 Tables of Bridge in Play at Meeting

Eleven tables were in play when the Pontiac Duplicate Bridge Club held weekly play at the Elks Temple.

Winners were Dr. and Mrs. Zec; Mrs. Wallace and Joseph Nouse; Mrs. Harrison Specht and Mrs. Earl Waterman; Dr. Douglas Campbell and Robert Larson; the James Sweeneys; Allen Rosovsky and Donald Stephenson; Mr. and Mrs. Arnold Richards; Donald Ewen and Melvin Small.

Have You Tried This?

Smooth Tart Dressing Delicious on Cabbage

By JANET ODELL

Pontiac Press Home Editor

Cabbage is in good supply this month. A tasty cabbage salad is always welcome. Try Mrs. Jack Pote's recipe for an easy salad dressing.

Mrs. Pote is a member of Beta Sigma Phi. She has one little boy; Bowling and golf are her hobbies.

EASY COLE SLAW DRESSING

By Mrs. Jack Pote

1/2 teaspoon salt dressing
1/2 teaspoon vinegar
1/2 teaspoon oil

Mix above ingredients until smooth. Makes enough dressing for half a head of cabbage.

A variation of the above may be used for lettuce salad. To the above ingredients add:

1/2 teaspoon catsup
1/2 teaspoon prepared blue cheese dressing
Mix until smooth.

Pontiac Shrine Hears of Coming Year's Plans

Plans and committees for the coming year were announced by Mrs. Donald Ely, worthy high priestess, at Wednesday's meeting of Pontiac Shrine No. 22, Order of the White Shrine of Jerusalem. Members met in Roosevelt Masonic Temple.

Among members appointed to committees were Mrs. Clifford Money, Mrs. Wayne E. Scott and Mrs. William Baker, finance; Mrs. Earl Ross, Samuel Smith and Arthur Ward, bylaws; Mrs. Lloyd Wait, Mrs. Marquis Sartell and Miles Frusher, material objective.

Others named were Arthur Ward, personal contact; William Anderson, membership; H. Wayne Reeves, examining; Mrs. Fay Giffin, sunshine; Mrs. Floyd Timmerman and Mrs. Daniel Woodfin, wardrobe; and Mrs. Earle Hoskins and Mrs. Smith, banquets.

Completing the list were Catherine McCordle, dining room; Mrs. Sartell, refreshments; Mrs. Mossey, parliamentarian; Mrs. H. W. Reeves, publicity; Mrs. James McCurdy, new equipment; and Mrs. Ross, Samuel Smith and Mrs. Hazel Anderson, reception.

Mrs. Kathryn Quirk and Mr. Smith installed Mr. and Mrs. J. O. Loomis and Mrs. L. D. Hanotte as king, color bearer and organist, respectively.

Refreshments were served by Mrs. Sartell, assisted by Mrs. Ely, Mrs. H. W. Radcliffe, Mrs. Yvonne Anderson and Mrs. Timmerman. Coming events include a cooperative dinner April 26, followed by a ceremonial meeting, a card party under chairmanship of Mrs. Ross and the annual bazaar with Mrs. Sartell as chairman.

Children Are Eager to Try Their Wings

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence:

You take up for parents. So what do you think of a 15-year-old girl who will run out to baby-sit for neighbors, but doesn't want to lift a hand in her own home? I work all day with my husband in our delicatessen.

Is our daughter willing to help with meals when I get home? But her. It's a fight all the time to get her to prepare the vegetables. You'd think we were the strangers and the neighbors the parents who do everything for her.

What I think is that your youngster treats you exactly for what you are—her parents; those known, familiar, dependable people whom she knows she does not have to impress.

I think she is eager, helpful and she, as nice to the neighbors because they are unknown, unfamiliar and undependable. And that what looks like ingratitude to you is actually a fine compliment to you.

I think you have given your child such certainty of your acceptance that she knows she doesn't have to fight for it the way she has to fight for strangers' acceptance.

As you think about what I have said, you will know that it is true. That knowledge is all you need to rid yourself of the hurt you've been feeling at what you have imagined to be this child's ingratitude. Knowing now how deeply you are appreciated, you'll have no problem.

lem in making your need for your daughter's help clear and acceptable to her.

You see, there's nothing bad in your daughter's preference for working for strangers. Most youngsters of her age prefer to work for strangers to working for us.

What's going on in them is a kind of half-awareness that the strangers belong to the non-home world, the strange, mysterious threatening world into which they're soon going to have to move without us.

We're sold on them. That they know. But they don't know how the world's going to feel about it, make the adventure.

them. So they rush out to baby-sit for the strangers, and now their lawns to try and impress the strangers as they know they have impressed us.

We should be flattered by this eagerness to test themselves with strangers. Without the trust they feel in us, they would be scared to make the adventure.

300 Sign Up for Centennial Fun

State Hospital Employees Dig Up Outfits

By DICK SAUNDERS

Wasting no time jumping on the Greater Pontiac Centennial bandwagon today were women employees at Pontiac State Hospital. The gals, from secretaries to psychiatrists, have banded together under one banner — The Trunkful Belies.

At least 300 have signed up for membership in the PSH chapter of Centennial Belies. Gerald, chairman of the chapter's activities is Mrs. Paul Greer of 629 DeSoto Place, an accountant at the hospital.

The women are doing the city one better. They will observe dress-up days each Friday and Monday.

This being the first official centennial dress-up day, the feminine staffers appeared for work in wuthentic outfits.

Digging through a vault at the hospital, they came up with a dusty picture of the nurses' graduation class of 1892 at the hospital.

EVEN CORSET STAYS

This, with other assorted bits of research, forms the basis for centennial dress at the hospital. Nurses and attendant nurses are making their own wardrobes, correct to the last corset stay.

They'll even wear black out-line hose. Some can't obtain the high button shoes worn by nurses 100 years ago, but will wear black shoes.

They are observing two dress-up days because about one-third of the staff has its day off on Fridays. While nurses and doctors will wear authentic uniforms, secretaries and other employees in desk jobs will be required to wear bonnets, pins, or street dresses, or their choosing from the bygone era.

Nurses will wear correct nurses' caps rather than bonnets. While the chapter will follow the general set of rules and regulations for the centennial, they have a few new twists of their own.

1. Employees not wearing a centennial bonnet, dress or uniform will be "forced" to take their coffee breaks in the main lobby, open to the scorn and ridicule of fellow employees and the public.

2. Those who forget to wear their pins will be forced to come to work the next day wearing no makeup.

3. Those wearing a centennial symbol at all will be assigned to "clean-up detail." This could mean washing walls, mopping or sweeping floors.

Mrs. Benjamin Pearson of 2076 Devonshire Road, Bloomfield Township, a nurse, is chairman

PONTIAC PRESS PHOTO

FORGETFUL FLOORWASHER — That's what Pontiac State Hospital women employees like Mrs. John Bailey (center) become when they forget their centennial outfit. Starting today, dress-up days mean authentic uniforms for nurses, white outfits for men, and similar centennial dress for office staffers like Mrs. Bailey.

of the kangaroo court committee and plans are being made to jail "bagrant violators."

TO JAIL VIOLATORS

At a chapter meeting Wednesday evening, there was considerable discussion about jailing violators. Dr. Robert Braun, clinical director, wondered just how jailed employees would be classified on daily personnel reports.

"Could you call it administrative leave?" he queried.

That's what they'll call it.

Other committee heads include Mrs. Perry Harrison, a nurse, centennial dress; Mrs. Wilson Earle, superintendent of the nursing department, centennial caravans; and E. Grace Clark, hospital dietitian, international tea.

Remaining chairmen are Mrs. Joseph Lee, a nurse, casting for centennial spectacular; and Mrs.

a secretary — oops, floorwasher — in the community relations office. Seeing that she pays the prescribed penalty are Donald Krupp and Mrs. Lawrence Brennan, psychiatric attendants. The nurse's uniform is of authentic late 19th century vintage.

Many patients expressed the desire to join in the centennial celebration," said Ted A. Panaretos, community relations director.

"The staff feels patients are members of the community so they are participating in all phases of the hospital's centennial program."

Panaretos adds that in many ways they are more enthusiastic than staff members.

With the entire hospital on a real centennial kick, visitors could conceivably arrive to find Dr. Walter H. Obenut, medical superintendent, with mmp in hand.

After all, to err is human, and that we all are.

Chess Exhibition Slated Sunday at Shelly Library

A chess exhibition will be presented on Sunday at 1 p.m. at the Adah Shelly Branch Library, Glenwood and Randolph streets, in which Dr. William A. Henkin will play up to 25 games of chess simultaneously.

The exhibition sponsored by the Pontiac Chess Club, and players who will compete against Dr. Henkin will be selected from the spectators, on a first come, first served basis.

Dr. Henkin, president of the University of Detroit Chess Club, is the former Iowa chess champion, and has been one of the leading chess players and promoters in Michigan during the past few years.

Upon the conclusion of the simultaneous exhibition, if time will permit, Dr. Henkin will play a game against one of the stronger players without looking at the board; the moves being given to him verbally.

In announcing the exhibition, Donald G. Role, president of the Pontiac Chess Club, said that there will be no charge for either spectators or players, and that the public is invited. Prospective players are requested to bring chess sets and boards.

Man Faces Trial for Use of Slugs

A Pontiac man faces trial in Municipal Court next week on charges of using slugs to obtain money from a vending machine.

The charge, a misdemeanor, carries a maximum sentence of six months in jail and a \$500 fine.

Donald E. Brown, 18, of 3609 McCormick St., Waterford Township, pleaded not guilty to the charge at his arraignment before Municipal court Judge Cecil McCallum yesterday.

He is accused of putting a slug into a coin changing machine at the Pontiac Coin Laundromat, 20 S. S. Avenue St.

He is being held under \$500 bond.

Woman Fined, Jailed by Municipal Judge

Municipal court Judge Cecil McCallum yesterday fined a Detroit woman \$100 and sentenced her to 20 days in jail for soliciting an act of prostitution at Bagley and Wessen streets.

Found guilty of the charge was Eddie May Yates, 35, who was arrested by Pontiac police April 6.

If the fine is not paid, McCallum ordered the woman to serve 40 days in jail.

Industrial Hygienists Honor Two Pioneers

DETROIT (AP) — Two Michigan pioneers in industrial hygiene, were honored by the American industrial hygiene association yesterday.

Life memberships were given Dr. Clarence D. Selby of Port Huron, former medical consultant for General Motors Corp., and Frank A. Puffy, of Marine City, former head of industrial hygiene at GM.

The association has been holding its annual meeting here.

Legislation abolishing slavery in Brazil was passed in 1888.

There are about 13,000 trailer parks in the U.S.

PNH Catalinas Take to Water

Aquatic Show Opened
Last Night; Features
Broadway Theme

By BILL RAMSEY
Student talent has been displayed in several forms this week at Pontiac Northern, with a first rate aquatic show currently in the spotlight.

Last night marked the opening performance of "Catalinas On Broadway," the culmination of weeks of rehearsal by the girls synchronized swimming club.

The Catalinas, directed by Madeline McConnell, have prepared a host of entertaining numbers in which they swim to the music of several top Broadway productions.

The program, lasting about an hour, begins with an adaptation of "Lullaby of Broadway."

Some of the other numbers are a duet by Ruth Kramp and Charlotte De Rousse to the music of "Happy Talk" and a solo by Judy Kerns to "Bali Hai." Both tunes are from "South Pacific." Judy is president of the Catalinas.

Caroline Mills, Nancy Hibbard and Carol Henderson perform an interesting routine to the tune of "I Enjoy Being a Girl."

In all there are 10 numbers ending with probably the most appropriate song of all, "Give My Regards to Broadway."

BOYS HELP
The 25 girls in the club are helped out on several routines by five boys from the Northern swimming team.

Performances are scheduled tonight and Saturday at 8 p.m. Tickets are still available at 50 cents for students and 75 cents for adults. The program is narrated by Barbara Berryman.

Pam Morris handles publicity, while Bill Robinson has charge of lighting. Lynda Hogg is in charge of makeup and Nancy Norberg helps backstage. Working on programs and posters is Sharon McWethy.

Earlier this week, on Wednesday evening, the Pontiac Northern presented its spring concert.

Many excellent compositions were played, under the capable baton of Eldon Rosegrat, instrumental music instructor.

CENTENNIAL SING
Keeping in the entertainment vein, committees were organized this week for the musical department's annual spring offering.

This year's program will be titled "Centennial Singers" and will be directed by Melvin Larimer, vocal music instructor at Northern.

The concert will observe the 100th anniversary of both the City of Pontiac and the Civil War.

General chairman for the program is Jerry Menner. He is president of the PNH choir.

Chairmen selected to head various committees are Janet Haldane, decorations; Bill Ramsey, publicity; Joanne Hudnell, props; and Jean Isbell, script.

SNEAK PREVIEW—Posing in their costumes, Lynn Vierieth (left) of 231 Draper St., and Joan Monteith of 2999 St. Joseph St., West Bloomfield Township, are a sneak preview of what will invade the Pontiac Central swimming pool Wednesday night. They are members of the PCH Dolphins.

Other Dolphins are Sue Ann Hathaway, Donna Helmkamp, Micki King, Kathy LaCoe, Vicki Landsperger, Sue Lee, Graci Massi, Joan Monteith, Cynthia Nott, and Virginia Norberg.

Also in "Temptation" are Jan Oakley, Pam Pell, Judy Richards, Diane Rigotti, Carol Riley, Carolyn Rouse, Bonnie Valdet, Lynn Vierieth, Carmen Weber, Judy West, Sheryl White and Genie Williams.

Tickets for the water show are 75 cents and may be purchased from the school ticket booth, at the door the night of the show, or from any Dolphin member.

START ANNUAL DRIVE
The annual magazine drive, sponsored by the student council, officially began yesterday morning with a kick-off assembly held in the auditorium.

This year's goal will be \$7,500. The quota for each student will be \$10. Near the end of the sale, a talent assembly will be presented to all students.

There are \$1,000 worth of prizes including 40 prizes to top salesmen. All \$100 salesmen will go to a Detroit Tiger baseball game and a Detroit Red Wings hockey game.

The top homeroom will also attend the Tiger game, and the second and third highest homerooms will attend a theater party.

Profits from the past magazine drives have helped purchase the record board for the swimming pool, water coolers, motion picture camera and a new public address system.

Refreshments of Hawaiian punch and cookies will be served throughout the evening. The dance is from 8:11. Tickets will be sold for 25 cents stag and 40 cents drag at the door.

NAME U.N. DELEGATES
Representing Waterford next month at a University of Detroit sponsored United Nations Assembly will be a delegation composed of Mike Mansour, Jim Vozey, Bob Goebel, Dick Copek, and chairman Jean Salathiel. The assembly will take place May 4-6.

Highlights of this event will be a general assembly and a dance Saturday night. The admission of Red China to the United Nations will be one of the topics discussed with Waterford representing Madagascar.

Approximately 300 delegates are expected to attend.

Receiving trophies and high honors were grand prize winners of the science fair Leonard Dorey and Tamzin Rosegrant. Leonard's project, "The Effect of Different Atmospheres on Plants," placed first in the senior division.

Tammy's project, "The Anatomy of a Bird," was first in the junior division.

TALENT SEARCH
Qualifying as an honor candidate in the state finals of the Michigan Talent Search was Mary Harding.

Because of her outstanding ability in science, she was encouraged to take the Wednesday House Science Award Test last fall.

The test included three parts: a recommendation from her science teacher; a project; "The Effect of Color Lights on Plants," and a summary of her project.

Mary plans to enter a summer institute and enroll in biology classes.

Because of her outstanding ability in science, she was encouraged to take the Wednesday House Science Award Test last fall.

The test included three parts: a recommendation from her science teacher; a project; "The Effect of Color Lights on Plants," and a summary of her project.

Mary plans to enter a summer institute and enroll in biology classes.

RELAXING BETWEEN SHOWS—These Pontiac Northern pupils have a right to relax and indulge in some poolside fun. They're members of Northern's all-girl swim group, The Catalinas, who are currently in the midst of a three-night booking in the PNH pool. Their 1961 water show, "Catalinas on Broadway," opened Thursday and will close with 8 p.m. performances tonight and Saturday. Carol Henderson (with hat) is handling a routine for fellow stars (from left) Charlotte DeRousse, Ruth Ann Kramp and Judy Kern. The group has rehearsed for several months in preparation for the show.

At Bloomfield Hills Carnival

Teachers Will 'Get Theirs' Tonight

By DICK NETTKE

A time to forget the cares of the world is coming tonight at 7:30 when the Girls' Athletic Association of Bloomfield Hills high school is sponsoring a spring carnival.

There will be games in the cafeteria, with everything from an old fashioned penny-ante to an activity which no BHHS student would want to miss—throwing wet sponges at his favorite teacher.

After the carnival a free dance will be held in the gym from 10:11:30.

It is election time at Bloomfield Hills High once again, and the nominating committee is in the process of selecting students who will be up for election to student council positions later this spring.

With the great amount of work to be done during the year, the members of next year's council

will have a big job following in the footsteps of current council members, who have done a commendable job tending to the students' interests.

JUNIORS PICK MYSTERY
The nights of April 21 and 22 are being reserved by all BHHS students for the annual Junior Play.

This year, under the direction of Glen Woodier, the Juniors will enact a Sherlock Holmes mystery, "Sign of the 4."

Judging from past performances by the class of '62, the play promises to be a treat in dramatic entertainment.

The seniors of Bloomfield Hills High are now cherishing memories of their trip to Washington, D.C., and New York City over the spring vacation.

After visiting the nation's largest city, the 87 pupils visited the nation's capital and were very surprised to find a rather unexciting session of the United States Senate.

Only four members of the senior branch of the legislature were present.

The trip was sponsored by the trip club, a newly-founded organization in the school.

The organization of such a club makes the senior trip an extraordinary event rather than part of official senior class functions.

Judging and awarding of ribbons will take place this afternoon and evening.

Big Auction Slated by Oxford Seniors

By LINDA JACOB

A gigantic auction, with a goal of \$1,400, is being planned by the senior class at Oxford High School on Tuesday, April 25.

This will be the last class project to raise money for the senior trip planned for May 25. The auction will begin at 7 p.m. at Proulx's auction center on M24.

Prior to this, the mothers' committee will hold a rummage sale from 1 to 6 p.m. with proceeds going to boost the trip fund.

The auction will be the last chance for the class to raise the necessary money. Committees have been set up to provide efficient and active work.

These students heading the different committees are Skip Sandor, Linda Smith, Ken Mapley, Bruce Thomas, Dottie Rosebush and Larry Laddie.

To begin the drive, the group is contacting local residents who will contribute goods to be auctioned. These are being picked up at the convenience of the donors.

Pies, cakes and other bake goods will be sold at the lunch counter during the auction.

Much time and effort is being put forth by both students and parents to make this final drive a great success.

SCIENCE FAIR OPENS
A new feature to be seen at the Oxford Area Community Schools this year is the science fair.

It is open to the public today from 4 to 9 p.m. and on Saturday from 9 a.m. to 7 p.m.

Exhibits will be entered by elementary, junior high and high school students. First, second and third place ribbons will be awarded.

Judging and awarding of ribbons will take place this afternoon and evening.

Gals Take Over at St. Michael's
The junior class at St. Michael's High School has been busily preparing all week for its annual Sadie Hawkins Dance.

Girls will be taking the initiative at "Sadie's Swift" tonight in the school gym from 8:30 to 11:30. Admission is 50 cents per person.

The dance is under the direction of junior class presidents, Jim Thurman and Stuart Rindusz.

Various committee heads are: Bob Flanagan and Sharon Rodden, publicity; Jim Cote and Ron Wolfe, entertainment and door prizes; and Janice Strong and Bob Russell, chaperones.

The turnabout affair will also feature girl disc jockeys. Juniors Diane Hope, Shirley Robak, and Eleanor Durosso will be spinning the records.

After visiting the nation's largest city, the 87 pupils visited the nation's capital and were very surprised to find a rather unexciting session of the United States Senate.

Only four members of the senior branch of the legislature were present.

The trip was sponsored by the trip club, a newly-founded organization in the school.

Judging and awarding of ribbons will take place this afternoon and evening.

COMEDY SCORES SMASH SUCCESS AT CLARKSTON HIGH
By JANET TISCH
Opening night of "Auntie Mame" was a smashing success at Clarkston High.

Over 300 persons enjoyed the rollicking antics of Mame and her unimpaired companions last night in the Clarkston Little Theater.

Susan Jackson, playing Auntie Mame and David Smith, playing her son Patrick, offered the audience the effect of a wild and fun-filled home life.

When Mame decided to write a book on her eventful and free life, she employed the help of collaborator Brian O'Bannan, portrayed by Roger Loop, and the untiring services of Agnes Gooch, her faithful but bewildered secretary, played by Carolyn Ruggles.

The play is being presented by the Junior class at Clarkston High.

With the opening night audience receiving the production with enthusiasm, laughter and applause, the final performances promise to play to packed houses.

Curtain time for the final presentation is 8 tonight and Saturday.

DISPLAYING ART WORK—Parents of students at Waterford Township High will be treated to an exhibit Wednesday night of work done by students in various classes. One of the biggest displays will be art work in the gymnasium. Looking over some creative painting by Darrell Tucker are (from left) Linda Moody, Sue Campbell, and Bert Walton. Among the "masterpieces" on

display will be works by five Waterford prize winners in the National School Art Awards Regional Contest in Detroit. Linda Talaba and Vicki Davidson, not in picture, won top awards and are now entered in the national contest in New York City. Other prize winners were Judy Wade, Joelyn Prout and Veronica Brady.

Annual Banquet Saturday Night at W. Bloomfield

By CAROLYN MAVIS

The annual Junior-Senior Banquet will be held at West Bloomfield High School April 15 at 7 p.m.

The junior class will pay the expenses plus \$2.50 each for their own meal. There is a choice of either chicken or steak on the menu.

Master of ceremonies will be Bill Chabson. After dinner, Senior Class President Jim Chamberlain will present the gavel to Junior Class President Mary Ann Stanher.

The Senior Class Will and Gifta-tory will then be presented by the senior class officers.

There will be a dance in the gymnasium which will wind up the festivities for all the juniors and seniors. The band at the dance will be the Velaros.

Pupils to Exhibit Work April 19 at Waterford

By BARB SECAN

The work of Waterford Township High School students will be in the spotlight next Wednesday night.

One of the most outstanding of many displays at the semester's final Parent-Teacher Student Association meeting will be an art exhibit in the gymnasium.

There will be paintings and drawings by 25 to 50 students in the exhibit.

Included will be works in oils, charcoal, water colors, ink, charcoal and ink pastels, as well as contour drawings and crafts displays.

Displays and demonstrations in other parts of the building will include such departments as shop, home economics, English, history, math, sciences, languages and social studies.

Refreshments of Hawaiian punch and cookies will be served throughout the evening. The dance is from 8:11. Tickets will be sold for 25 cents stag and 40 cents drag at the door.

NAME U.N. DELEGATES
Representing Waterford next month at a University of Detroit sponsored United Nations Assembly will be a delegation composed of Mike Mansour, Jim Vozey, Bob Goebel, Dick Copek, and chairman Jean Salathiel. The assembly will take place May 4-6.

Highlights of this event will be a general assembly and a dance Saturday night. The admission of Red China to the United Nations will be one of the topics discussed with Waterford representing Madagascar.

Approximately 300 delegates are expected to attend.

Receiving trophies and high honors were grand prize winners of the science fair Leonard Dorey and Tamzin Rosegrant. Leonard's project, "The Effect of Different Atmospheres on Plants," placed first in the senior division.

Tammy's project, "The Anatomy of a Bird," was first in the junior division.

TALENT SEARCH
Qualifying as an honor candidate in the state finals of the Michigan Talent Search was Mary Harding.

Because of her outstanding ability in science, she was encouraged to take the Wednesday House Science Award Test last fall.

The test included three parts: a recommendation from her science teacher; a project; "The Effect of Color Lights on Plants," and a summary of her project.

Mary plans to enter a summer institute and enroll in biology classes.

Because of her outstanding ability in science, she was encouraged to take the Wednesday House Science Award Test last fall.

PCH Dolphins to Tempt Fans

Prepare 12 Routines
for 'Temptation'; State
Programs April 19-22

By BARB GRIFFIN
"Temptation," the annual water show, will be presented by the Pontiac Central High School Dolphin Club next Wednesday through Saturday nights at 8 in the high school pool.

The show will consist of 12 synchronized swimming routines centered around a "tribute to a girl" theme, with all music referring to girls. Narration will be presented by swim team members Bud Oster and John Kimball.

Donna Helmkamp and her costume committee have made a complete inventory of costumes for the show. Each girl makes her own costume, but Donna's committee stores them and makes any necessary changes.

Sue Ann Hathaway is decorations chairman and her committee will transform the pool area into an appropriate setting for "Temptation" by using wall murals.

Other committee chairmen are Lynn Vierieth, music; Barb Griffin, publicity; and Micki King, tickets and programs. Advisor of Dolphins is Mrs. Nelma Wood.

Swimming in the show will be Barb Brannack, Nancy Bromel, Becky Bryce, Rex Coppersmith, Vicki Carpen, Sherri Dudley, Clyde Eller, Gretchen Gaensbauer, Lorraine Gorman, Barb Griffin and Pam Griffin.

Other Dolphins are Sue Ann Hathaway, Donna Helmkamp, Micki King, Kathy LaCoe, Vicki Landsperger, Sue Lee, Graci Massi, Joan Monteith, Cynthia Nott, and Virginia Norberg.

Also in "Temptation" are Jan Oakley, Pam Pell, Judy Richards, Diane Rigotti, Carol Riley, Carolyn Rouse, Bonnie Valdet, Lynn Vierieth, Carmen Weber, Judy West, Sheryl White and Genie Williams.

Tickets for the water show are 75 cents and may be purchased from the school ticket booth, at the door the night of the show, or from any Dolphin member.

START ANNUAL DRIVE
The annual magazine drive, sponsored by the student council, officially began yesterday morning with a kick-off assembly held in the auditorium.

This year's goal will be \$7,500. The quota for each student will be \$10. Near the end of the sale, a talent assembly will be presented to all students.

There are \$1,000 worth of prizes including 40 prizes to top salesmen. All \$100 salesmen will go to a Detroit Tiger baseball game and a Detroit Red Wings hockey game.

The top homeroom will also attend the Tiger game, and the second and third highest homerooms will attend a theater party.

Profits from the past magazine drives have helped purchase the record board for the swimming pool, water coolers, motion picture camera and a new public address system.

Refreshments of Hawaiian punch and cookies will be served throughout the evening. The dance is from 8:11. Tickets will be sold for 25 cents stag and 40 cents drag at the door.

Farm and Garden News

Nurseryman Has Shrubs All Ready for Planting

A garden full of bloom is every gardener's dream. You can fulfill that dream this spring by buying and planting shrubs, which produce more flowers than any other type of plant—with less work too. Even some of the earliest-flowering shrubs, those that bloom later this month, can flaunt their flowers in your garden if you help yourself to your favorite nurseryman within the next few days.

For he anticipated this dream of yours, earlier in the season, potted shrubs in tar paper pots—easily removed at planting time without disturbing the roots of the shrubs in them.

He also has shrubs with bare roots—that is, without soil around them, and shrubs that are "balled and burlapped." This last expression means that the shrub was dug carefully from the nursery row with a ball of earth left adhering to the roots. Burlap soaking was placed over this earth ball and held in place with nails and binding twine.

Almost any of the well-known shrubs, like spirea, deutzia, lilac, may be purchased with bare roots at this time of year and will transplant well. However, those early-bloomers, like flowering quince, flowering almond and forsythia, will move better if you buy them in tar paper pots, for their roots have already begun to grow and will continue to do so without disturbance when moved to your garden.

Rare shrubs and those which

New Gardener Gets Advice

"Why weed?" is the first question the new gardener asks. "Because," says the old pro, "weeds are hardy plants and they'll practically strangle tender little seedlings in the struggle to grab all the good food in the ground and the refreshing water which trickles down to their roots."

Let's just say they're tough and they're greedy and not very polite when it comes to sharing with the more civilized planted seeds. So, be as ruthless as they are and wage war on them by pulling them out every time you see one turn up.

When do we water, wonders the new gardener. "Take a tip on how you'd like your own hide treated," laughs the old pro. "If you don't take enough water into your system, you'll dry up... too much, and you'll drown."

Then again, if you don't take a bath often enough and your pores get all clogged up with dirt, it's a little hard to breathe. Test the soil now and again and if it's dry and grainy, you know you should water right away. If it's damp enough to make a ball in your hands, don't water. Your plants have enough for the time being. In other words, use common sense about your watering.

What do we spray? There are a number of good all-purpose insecticides on the market that will take care of most of your bugs. Some of them also contain plant food to give your plants that extra bit of lift they may need during the summer. Check at your local seed store or garden supplier for information on local buggy problems.

Employ TLC to Have Prize African Violets

To display the full beauty of African violets, their leaves must be free of dust and debris. Wash each leaf gently with warm soap

water, using a soft sponge or wad of cotton, and rinse with warm water. Then keep the plants out of sunshine until the leaves are completely dry. This "grooming" advice comes from the Indiana State African Violet Society.

New Mums Awarded All-America Honors

Three new chrysanthemums have been accorded All-America honors.

Her Majesty, white with a cream-yellow center; Apricot Sheen, a wide-cushion variety with cactus-shaped flowers; Bingo, a compact double cushion

mum with smaller flowers than the other two. Her Majesty has blooms of 3 1/2 inches; Apricot Sheen 2 1/4 inches.

The Sultan of Socotra (largest island in the Arabian Sea) is absolute monarch over his people, stern punishments decreed since medieval times.

NEW ZINNIA — Halo Zinnias are a new offering this spring. Dozens of 1 1/2 inch blossoms cover the plant. The petals are tipped with gold, while the center is a deep mahogany shade. These zinnias make attractive bouquets.

Halo Zinnias New for 1961

Halo is the first European bred Zinnia to be offered in this country. Introduced in America as a Mandeville first, it is a product of Copenhagen, Denmark, bred from the Haasena family of Zinnias that has given us the famous Zinnigold and Persian Carpet strains. Like the Zinnigold, the new variety is quite different from the ordinary Zinnias in its appearance.

The name "Halo" derives from the fact that a circle of bright gold at the tips of the petals, surrounds the velvety rich mahogany center of the flower. Blossoms measure about 1 1/2" in diameter, with dozens per plant.

The lovely little Halos that literally cover the plant make a colorful display in the garden, and the flowers are excellent for small bouquets and boutonnieres. For larger vases and bowls the branches should be cut. Halo is effective alone and in bouquets with other flowers.

The plants grow to 18 inches with flowers on branches that extend in all directions. Like all Zinnias, they are exceedingly easy to grow. Since the flowers are small, the strata blooms early — much earlier than some of the giant Zinnias. The variety

withstands hot weather well, and is not susceptible to disease.

Like all Zinnias, Halo should not be planted too early. It is better to wait until ground is warm. Again, like all Zinnias, they should be planted where wanted as growth is retarded by transplanting. Zinnias like sunshine. They do well in hot weather. They stand dry weather well.

Careful Soil Preparation Pays Off in Sturdy Plants

Take some of that tender, loving care and put it into knowing all about your soil and preparing it correctly before you plant your seeds. Your garden will respond by giving forth healthy, sturdy plants that will guarantee you success.

If you are planting a new garden, the first step is to know the type of soil you have, consult your County Agricultural Agent. He'll not only analyze it for you but give you tips on what to add to it in order to put in peak condition.

Clear your land of all stones and rubbish before starting to work it.

Do not start to spade until the soil is crumbly and only slightly damp. If it packs in your hand, wait until it's drier.

"Push straight down with the full length of the spade, turn each spadeful over and break up the clods.

Rake the top two or three inches of the soil fine, loose and smooth by using the back of the rake as well as the teeth.

PEAT MOSS

Spade in peat moss or manure to improve the texture of heavy clay or very sandy soil.

If you have poor soil, sprinkle a good commercial fertilizer of 6-10-4 or 5-10-5 over the plot at the rate of about 2 pounds to each 100 square feet. Rake it in thoroughly before sowing your seeds.

Sow the seeds when soil is slightly moist, not when very wet. If too wet, the soil may pack too much in covering seeds, forming a crust which will be difficult for the seedlings to break through when they come up.

Spading is probably the hardest part of gardening, so don't get too ambitious and try and do it all in one day. Divide up the garden into sections and just do

Irradiated Seed Spring Surprises

By EARL ARONSON

Ah, the things those biting horticulturists are doing for you and for me!

For instance: If you want to be a pioneer in an agricultural revolution you can now buy atomic seeds and maybe raise something that will bring the agricultural world beating a path to your garden.

Down at Oak Ridge, Tenn., where other folk are doing other things with atoms, Dr. Clarence J. Speas has founded a seed — irradiating firm. The good doctor exposes ordinary seeds to powerful gamma rays of cobalt-60, thus producing a variety of plant mutations. Mutations are sudden changes or alterations in which the offspring differs from the parent in some well-marked characteristics.

What happens is that the gamma rays penetrate the cells of the seeds. If the chromosomes of the cell — the tissue that control the genetic structure of all living things — are affected, why then you may have a mutation. Of course, not all these mutations are beneficial, but frequently they result in a superior, or at least quite different, plant.

Dr. Speas' experimental kits of irradiated seeds also provide ama-

teur gardeners with non-irradiated seeds. These are intended to give the adventurous gardeners a comparison of results.

Most densely populated Central American republic, is El Salvador.

A Rose is a Rose

Being introduced this season is a hedge rose with ever-blooming red clusters. This rose uncommonly named Hybrid 311, was selected from thousands of Hybrid

seedlings for hedge, border or fence planting, according to Dr. David L. Armstrong, its producer. Desirable qualifications, he said, are that it is a quick bloomer and may be trimmed with ordinary hedge shears.

You Know How It Is—Red Tape

Retain Records, Says U.S.

By DICK WEST
WASHINGTON (UPI)—Financially speaking, I am a simple man, mainly because I don't have enough money to be complex.

In 1960, all of my income came from "salaries and wages." I had, therefore, no "gains and losses from sales or exchanges of property other than capital assets."

Neither did I rake in anything from "annuities or pensions," or from "rents and royalties," or from "partnerships, estates, trusts and other sources."

And, finally, I registered a blank on "income (or loss) from unincorporated business" and on "profit (or loss) from business or profession."

used to avoid enriching myself by these methods, I would have to say that I'm just lucky, I guess. At least I felt lucky when I sat down to make out my income tax return.

WHY WORRY?
My relatively uncluttered fiscal affairs spared me the task of figuring out how much I could deduct for depreciation and amortization, not to mention depletion of oil wells.

Nevertheless, in order to satisfy the requirements of the Internal Revenue Service, I am obliged to maintain and preserve two drawers full of old doctor bills, canceled checks, gasoline receipts and other vital statistics.

I got to wondering, as I was sorting out this rat's nest of deductible documents, just how much of a paper-saving burden is imposed on the citizenry by various government regulations.

Fortunately, my curiosity could easily be slaked by hunting up a copy of the revised "Guide to Record Retention Requirements" recently published by the General Services Administration.

You perhaps will not be surprised to learn that its executive departments, and 17 independent federal agencies place on the public record-keeping responsibilities of one sort or another.

In all, the guide contains 908 entries that require various individuals and companies to retain records anywhere from 30 days to "permanently."

It, for example, you collect admission tickets to some event, you have to preserve the stubs at least six months. If you are engaged in the manufacture of smoking opium, you must keep permanent records.

Proprietors of bonded wine cellars are required to keep 35 different types of records. But persons producing wine for family use have to keep only one.

It is necessary to retain for three years any records dealing with the importation of Indian buffalo hides. On the other hand, for records on catching whales or killing purple gallinules in Louisiana, six months will suffice.

Daughter Tells of Seeing Dad Kill Her Mother

BAKERSFIELD, Calif. (AP)—"You're going to watch me kill her. Melody. If you don't I'll kill all of us."

Spade Cooley's Melody, 14, on the verge of tears, so testified at an inquest Thursday in the slaying of her mother, Ella Mae Cooley.

Cooley, 50, onetime Western handiwork star of television, is held on suspicion of murder. A coroner's jury of nine men took only 11 minutes to find Cooley responsible for the April 3 slaying.

Cooley, sitting in a wheel chair, bowed his head and shuddered as his daughter told how she saw her father pull the nude body of her mother from a shower at the Cooley ranch home.

Will Be Told Story of Camp Oakland

ROYAL OAK — The story of Camp Oakland will be told at the 8 p.m. meeting Tuesday of the South Oakland Branch of the Transatlantic Brides and Parents Association at the Canadian Legion Hall here.

Guest speaker will be Keith Poulson, child welfare worker at Oakland County Juvenile Court. He also will show a film entitled "Winter Camp Program."

According to club officials, the talk will be of special interest to TEPA members because one of the boys they have befriended is now at Camp Oakland.

Recently re-elected president of the organization is Mrs. Joseph A. Goode of Ferndale.

JFK to Address Group

WASHINGTON (AP)—President Kennedy will address the convention of the National Association of Broadcasters here May 8, Leroy Collins, president of the NAB, said Thursday. More than 2,000 members of the broadcasting industry are scheduled to attend the May 1-30 convention.

Oscar Show Head Will Alter Format

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — The perfect awards show may not be possible, but producer Arthur Freed is doing his damndest to make the 1961 Oscar presentations a success.

Freed has one of a how business must thank him for his less jobs. He is the one who must corral the presenters, line up with a sing talent, put together a thousand diverse elements so they come out as a unified show.

THOMAS

For all this he is paid nothing. But he adds cheerfully, "It's tax free."

The awards will be presented Monday with the show on ABC radio and television at 10:30 p.m. Pontiac time.

Freed, top producer of musicals ("An American in Paris," "Gigi," both Oscar winners), told his philosophy in creating the telecast: "It's an award show, with just enough entertainment so it won't be stuffy."

The error in the past, he added, has been in trying to make the event a TV spectacular with revolving ensembles and production numbers.

WINNERS MAIN EVENT

"It shouldn't be an entertainment show," Freed reasoned. "The main element should be the surprise of the winners, and we'll exploit that to the fullest. We will place all the nominees together, so we can study their faces as the announcement is made. This year we even have an extra camera so we can follow the big winners to the stage."

To give the program unity, we'll have only one encoeur-Bob Hope. He's the best there is."

The five nominated songs will be delivered by the Brothers Four, Connie Francis, the Hi-Lo's, Jane Morgan and Sarah Vaughan, none of them particularly associated with films.

"There are no singers in movies today," Freed explained. Besides, it's a big job to fit singers to the particular songs. So we had to call on recording stars. But most of them have had some experience in films."

The producer added that he encountered no resistance from movie names about appearing on the awards show. "The only one we didn't hear from was Marlene Dietrich, and we don't know if she received the telegram," he said.

24 Courthouse Employees Hunt Space After Quake

HOLLISTER, Calif. (AP)—San Benito County's 24 employees who work in the courthouse here are looking for office space today.

The old courthouse, built in 1887, suffered severe damage in the earthquake last Saturday night and Wednesday was condemned. A group of San Francisco engineers who inspected it said another shake could collapse it.

A polio clinic will be held from 5 to 8 p.m. Monday at the William Beaumont School, 6432 Elizabeth Lake Road, Waterford Township.

Any of the shots may be procured for \$1 each, and Dr. William Donnelly will supervise the project. Children under 16 years of age must be accompanied by their parents.

Matter of Trust

AUSTIN, Tex. (UPI)—Sheriff T. O. Lang said he thought the county jail should have a full-time chaplain, but he cautioned that the chaplain shouldn't be on the department payroll because the prisoners wouldn't trust him.

Says Railroads Unfair in Car-Carrying Rates

WASHINGTON (AP)—A top Teamsters Union official Wednesday called for a congressional investigation of what he charged was "selected rate cutting" by the railroads to eliminate competition.

Harold J. Gibbons, executive vice president of the union, said railroad pricing methods, particularly in the shipment of new automobiles, violated basic laws regulating transportation.

Gibbons appeared before a House subcommittee investigating the impact of automation on unemployment.

After delivering his prepared testimony he was questioned by Rep. Robert F. Griffin, R-Mich., about the union's opposition to the railroads' new-car shipments.

Gibbons said the railroads' financial situation enabled them to set rates for such shipments far below cost and to keep them there until competing forms of transportation had been driven out of that sector of the transportation business.

"Then they would push the rates back up," he said.

One of the 32 atolls in the Marshall islands has the odd name "New Year."

Wyandotte Murderer Eligible for Parole
LANSING (AP)—Gov. Swainson today commuted the life sentence of Sigmund Bartnicki, 38, formerly of Wyandotte, who was convicted of murdering a Hamtramck barber in 1934.
The commutation makes him eligible for immediate parole.
Bartnicki, who will return to live in Wyandotte, was convicted with Leo Ramiszewski in the shooting of Charles Lewicki in a burglary attempt. Ramiszewski died in prison.

Will Try to Erase 'Reflector' Order

DETROIT (UPI)—Secretary of State James M. Hare, the man in the middle of the license plate muddle, is about to plunge himself in even deeper.
Hare has announced that he will soon move to set aside a temporary order granted by Wayne County Circuit Court Judge Lila M. Neuenstift on Feb. 25 barring collection of a 35-cent fee for reflectorized license plates.

Judge Neuenstift became the hero of thousands of Michigan auto owners when she granted the temporary injunction in a suit brought by Don Elnkauer, a former assistant attorney general.

It appeared that the suit, and the public uproar about the 35-cent fee for reflectorized license plates that people couldn't get, would force the State Legislature to repeal the two laws providing for issuing the reflectorized plates or to appropriate funds to put the reflectorization scheme into operation.

Thus far Michigan's lawmakers have refused to do either, and time is getting short for possible action in the current session of the Legislature.

Hare began to feel the squeeze.

He got an informal opinion from Atty. Gen. Paul L. Adams that if he completes the order with prison industries for the reflectorized plates for issue in 1961, and if the lawmakers don't provide the necessary money, he, Hare, will be personally liable for the estimated \$2-million cost.

Senate Probers Get in Battle

Tangle Over Question of Public Hearings in Electric Price Fixing

WASHINGTON (AP)—Senate investigators tangled in an angry, table-pounding row today over whether to conduct public hearings on price fixing in the electrical equipment manufacturing industry.

Sen. Estes Kefauver, D-Tenn., chairman of the Senate Antitrust subcommittee, was accused by Sen. Alexander Wiley, R-Wis., of being a publicity seeker.

Kefauver, accusing Wiley of seeking to force the subcommittee to close up shop, snapped back that it was unbecoming for Wiley to make a statement like that. "You know it's not true," Kefauver said.

"Oh, you're not so naive as that," shot back Wiley.

In the course of the row, Sen. Roman L. Hruska, R-Neb., pounded the table and said he would not permit himself to be "buffeted around" by Kefauver. That was after Kefauver, in an effort to get going with actual testimony, had called a subcommittee meeting for late tonight.

No Extended Trip for JFK in Europe

WASHINGTON (AP)—President Kennedy today apparently ruled out any extended European tour during his forthcoming trip to Paris.

He did so by saying he intends to keep a date to speak at commencement exercises at West Virginia University in Morgantown June 5.

Kennedy is scheduled to be in Paris May 31 and June 1-2 for conferences with French President Charles de Gaulle.

There have been reports he might visit London during his trip. Italy has insisted that the President come to Rome in the event he visited European capitals other than Paris.

A scientist has patented a musical instrument which duplicates notes of all the instruments in a full orchestra either singly or in combination. It uses over 500 plastic sound tracks scanned by photoelectric eyes.

9 Arrested in Uruguay at Communist School
MONTEVIDEO, Uruguay (AP)—Police Thursday arrested nine persons in a Communist indoctrination school they said was operating illegally.
Officers said the school was disguised as a home for mentally ill, was air-conditioned and had a dining room for 50 persons beside sleeping quarters for 20, the police report said.

Area Students to Study Beehive

School to 'Buzz' With Activity

By REBA HEINTZELMAN
Waterford Township's Cray Junior High School will literally be buzzing with activity after Monday.

On that day, a public beehive will be stocked with 30,000 Italian honey bees. The hive has glass panels allowing observation of the bees under natural conditions.

The permanent display will be situated in the school lobby. It is constructed like a large door with the hive located in a center windowpane. The bees may move in and out as they wish through a tunnel.

Several illustrations with explanation.

Predictions for 1965 List JFK Still In

NEW YORK (UPI)—In 1965, President Kennedy will still be in the White House, Communist China will be, seated in the United Nations and possess an atom bomb, there will be fewer Westerners on TV and Fidel Castro will have become a piece of history.

These were among some 30 predictions made by 2,000 prominent Americans in a "Look Into the Future" poll. The poll was conducted by the Elmo Roper organization under the sponsorship of Republic Aviation Corp.

The majority of those polled (31.7 per cent) that Kennedy would win by a landslide bigger than Franklin D. Roosevelt's in 1956, but were sharply divided over who would win the Republican nomination.

New York Gov. Nelson A. Rockefeller was the predicted winner of 29.6 per cent of those polled. Former Vice President Nixon topped him with 22.8 per cent. Sen. Barry Goldwater was picked by 7.1 per cent.

Only 3.7 per cent thought Nixon or Rockefeller would defeat Kennedy.

Dog Fails First Test

ALEXANDRIA, Va. (AP)—"Lady," a 60-pound German shepherd, was trained by Bertram Banks to guard an auto parked at a store. He complained to police that a thief entered the fenced yard and stole the dog.

ations on bees and their activities will outline the glass panel. Ninth grade biology teacher Gerald Owecke has directed the project, and got the idea from a display at the Kensington Metropolitan Park Nature Center near Milford. Students Richard Schroder, Larry Slade and Mike Reddish assisted Mr. Owecke in construction of the hive.

CONVERT COURT
The unique display has been more than a nature study. It has had schoolwide curricular implications.

The center court between the two wings of the school building is being converted into a flower garden for the bees' pollen search.

The drafting classes designed and laid out the plans; the biology classes are planning the types of flowers and plants; the seventh grade students are each taking sections to plant; and the student council is giving encouragement and financial support.

English classes plan to use a display—a take-off on composition about bees, library research and reports. Math class students also are incorporating "bee lines" between two given objects in their study.

It is hoped this view of the life of the honey bee and its stages of development will aid all science classes in the school. Before the end of the summer it is expected the population of the

Upper Peninsula Hit Hard by Joblessness

DETROIT (AP)—Mine closings and layoffs in the lumber, construction and electrical machinery industries have hit the Upper Peninsula hard, the Michigan Employment Security Commission said today.

In a detailed report the MESCC said unemployment in Upper Michigan stood at 16,800 in mid-February. This represented 16 per cent of the work force and was 800 workers above the mid-January total.

The MESCC said two iron mines in Gogebic County closed because of a lack of demand for iron ore and a limestone quarry went on a four-day week due to low steel production.

Raise for Aldermen Arouses Citizens' Ire

SAO CAETANO DO SUL, Brazil (AP)—Aldermen in this small industrial town recently voted to increase their salaries to \$300 monthly. The average salary for factory workers is about \$50 monthly.

Angry townsmen attempted to storm the City Hall. Thwarted by police, they hurled rocks at the City Hall and smashed windows before they were dispersed.

NEW HOME? CHOOSE FLAMELESS ELECTRIC HEAT...

This White Lake family's glad it did!

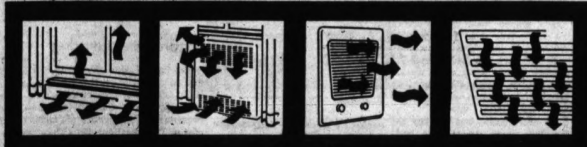

Meet the Arnold F. Raglin family of 754 Bonita Drive, White Lake, Mich.

"Our home is as modern today as it was when built three years ago," says Mr. Raglin. "To make sure it stayed modern, we put in all the latest ideas and features we could find. At that time, electric heat was the most modern way to heat—and as far as I'm concerned, it still is and will be for a long time. We wouldn't have anything else—electric heat gives us clean, even heat without noise, odors or costly upkeep."

Only electric heat offers so many advantages

This family *knows* you can't beat electric heat for a new home. Because it's flameless, electric heat is the cleanest method there is—walls and furnishings stay clean with less care. And with electric heat, you get uniform warmth and comfort at a turn of a dial. There's no need to start up an entire system to get extra warmth in one room. Electric heat may cost more, but it's worth every cent in extra comfort, extra convenience. And Edison's Budget Billing Plan equalizes heating costs over the year.

If you're buying, building or remodeling, you'll find it worth while to check the many exclusive advantages of built-in electric heat. For all the facts, fill out and mail coupon below. We'll send you a copy of the free booklet "ELECTRIC HOME HEATING."

Flexible electric units meet every heating need: Built-in electric heating systems may be baseboards; forced air units or radiant panels set in walls; cable embedded in ceilings.

The Ice Advantage Returns to Hawks

5th Stanley Cup Battle Tonight in Windy City

Series Knotted at 2-2 as Wings and Chicago Resume Hockey War

CHICAGO (AP)—The home ice advantage switches back to the Chicago Black Hawks tonight, and the visiting Detroit Red Wings claim the Chicago Stadium ice is tailor-made for the burly Hawks.

"Home ice always means something to a club," said General Manager Jack Adams of the Wings. "The advantage to the Chicago club on its own ice is tremendous."

"The Hawks are a big club—certainly not as fast as some, but a team that can throw its weight around—and the ice here is the fastest in the league. It's soft and mushy and it works a hardship on a good skating club like ours."

Adams, one of the National Hockey League's more outspoken personalities, was careful not to accuse the Hawks of deliberately rigging the ice to suit the home club. This practice is common with baseball fields.

"They've spent well over \$100,000 fixing a new ice plant here and a new floor," Adams said, "but it hasn't worked. Figure skaters with the ice show here fall the Chicago Stadium ice the worst in the world."

It is not surprising that the Red Wings do not like the Chicago ice. They have not performed well in either of the Stanley Cup final series games played here, and got only one victory in seven tries here during the regular season.

The series is tied 2-2 and the Hawks are 9-5 favorites in the fifth game of the best-of-seven series tonight. The sixth game will be played Sunday night in Detroit, where the Red Wings have won both games. A seventh game, if necessary, will be played in Chicago Tuesday night.

Detroit Coach Sid Abel, whose team lost here 3-2 and 3-1, says getting the opening goal is the most important factor in the series.

"That first one means a lot," said Abel. "With the series tied, and with three games, at most, to play, the team that gets the first break tonight could be the Stanley Cup champion."

Frank Udvari will referee tonight's game. It was criticism of the work of Udvari and linesmen Matt Pavlich and Neil Armstrong in Detroit that brought fines to Black Hawk General Manager Tommy Ivan and Coach Rudy Pilous Thursday.

NHL President Clarence Campbell fined Ivan \$500 and Pilous \$200 because they publicly criticized the work of the officials in Wednesday night's game.

Cincinnati on Top Following Phillies' Win Over LA

2nd Openers' Today in NL

By The Associated Press
The National League moves into its "second openers" today with Cincinnati's unbeaten Reds in first place after the Philadelphia Phillies managed to take advantage of Los Angeles mistakes and hand the Dodgers their first loss.

The Phils, scoring four runs in the last two innings, three of them gifts, salvaged the final game of their three-game set at Los Angeles last night, winning 8-7. That left the Reds, who rapped the Chicago Cubs again, 5-2, alone on top.

San Francisco made it two in the first inning, but the Giants' lead was short-lived as the Dodgers scored three for a 4-4 tie in the second inning.

The Phils then moved ahead again with three in the eighth on a double by Tony Curry and a single by Gonzalez, who finished with three RBI, after errors by Bob Aspinette, a defensive replacement at third base, and left fielder Wally Moon.

The errors continued when the Dodgers tied it 4-4 in their eighth on an unearned run, but the Phils put it away when winning reliever Dick Farrell singled and scored on a two-out error by losing reliever Palmerino in the ninth. It was a 5-4 decision for each.

Snider drove in the first Dodger homer by Pancho Herrera and Tony Gonzalez, the Phils dropped back again in the seventh at Los Angeles when the Dodgers scored three for a 4-4 tie on a double by Tony Curry and a single by Gonzalez, who finished with three RBI, after errors by Bob Aspinette, a defensive replacement at third base, and left fielder Wally Moon.

The errors continued when the Dodgers tied it 4-4 in their eighth on an unearned run, but the Phils put it away when winning reliever Dick Farrell singled and scored on a two-out error by losing reliever Palmerino in the ninth. It was a 5-4 decision for each.

The Giants, who had lost six straight to Face since May 4, 1958, finally won it when winning reliever Jim Duffalo doubled in the 12th and Felipe Alou and Harvey Kuenn followed with singles. Duffalo, a right-handed rookie once owned by the Pirates, had scored a run in the 11th with a bases-loaded walk.

Bob Lincecum pulled the Giants square at 2-2 in the 11th with a bases-loaded walk. The Phils' starter Roger Craig, who had pitched a scoreless 7th inning, was pulled for reliever Dick Farrell.

Lindy McDaniel, the Cards' reliever, forced in the winning run at Milwaukee by walking pinch hitter Mel Roach on a 3-2 pitch.

The Cardinals' starter Roger Craig, who had pitched a scoreless 7th inning, was pulled for reliever Dick Farrell.

a row over the world champion Pittsburgh Pirates, winning 6-5 in 12 innings for the Giants' first decision over relief ace Elroy Face in three years. The Milwaukee Braves won 11 innings before downing the St. Louis Cardinals 5-4.

The Cardinals, who split the two-game series at Milwaukee, opened their home schedule tonight against Cincinnati with Curt Simmons facing Jay Hook of the Reds. Showers are possible and a crowd of 25,000 is expected. The Cubs open their Wrigley Field season at Detroit this afternoon.

After blasting from behind on two-run homers by Pancho Herrera and Tony Gonzalez, the Phils dropped back again in the seventh at Los Angeles when the Dodgers scored three for a 4-4 tie on a double by Tony Curry and a single by Gonzalez, who finished with three RBI, after errors by Bob Aspinette, a defensive replacement at third base, and left fielder Wally Moon.

The errors continued when the Dodgers tied it 4-4 in their eighth on an unearned run, but the Phils put it away when winning reliever Dick Farrell singled and scored on a two-out error by losing reliever Palmerino in the ninth. It was a 5-4 decision for each.

in an afternoon game against Milwaukee with 27,000 and warm weather hopes for as Bob Anderson opposed the Braves' Bob Buhl. The Giants and Dodgers swap foes.

The American League's expanded schedule, so far restricted to just five games because of bad weather, continued another complete loss yesterday with rain, snow and cold barring play. Only three games are scheduled today. Cleveland moves to Washington and Minnesota to Baltimore for night games with the Chicago White Sox at Detroit this afternoon.

After blasting from behind on two-run homers by Pancho Herrera and Tony Gonzalez, the Phils dropped back again in the seventh at Los Angeles when the Dodgers scored three for a 4-4 tie on a double by Tony Curry and a single by Gonzalez, who finished with three RBI, after errors by Bob Aspinette, a defensive replacement at third base, and left fielder Wally Moon.

Scheffing Has AL Hope

Former Record Holder Keeps Running at 67

GARY, Ind. (AP)—Favoring a bad leg and admittedly totting more of himself than he would like, Little Joe Ray ran his customary "birthday mile" Thursday in chill and windy weather.

Seeing as it was his 67th birthday, the clocking wasn't quite up to the world's record of 4:12 the retired steelhand set for the mile in 1925 in Madison Square Garden.

Still, 7:04.8 isn't anything to wheeze at, even if Joe showed slight traces of doing just that after four laps around the quarter-mile oval at Horace Mann High School.

"I wasn't quite up to snuff," said Joe. "But it wasn't how fast I ran. I just wanted to run."

Negro Golfer Ahead By One

Sifford Leads Greensboro

GREENSBORO, N. C. (AP)—Charlie Sifford carried a one-stroke lead into today's second round of the \$22,500 Greater Greensboro Open golf tournament, and if the Los Angeles Negro professional continues his daily improvement pattern over the Sedgefield Country Club course he will be hard to catch.

Sifford shot a 3 under par 68 to lead a field of 115 by a stroke in Thursday's opening round of the 72-hole tournament. Billy Maxwell of Dallas, Tex., was next at 69.

Mike Souchak of Grossinger, N.Y., and Greensboro amateur Bill Harvey, paired together, posted 70s to share third place.

Six pros carded par 71s to tie for fifth place. Heading the lot from White Sulphur Springs, W. Va., and seven-time winner here. Tied with him were Gene Littler, Singing Hills, Calif.; Carolus PGA champion Avery Beck from Kingston, N.C., and Don Musselwhite, Jacksonville, Tex.; Buddy Sullivan, Yuba City, Calif., and Bob Shale, Wiloughby, Ohio.

Sifford, the first Negro to play a major PGA tournament in the deep South, is no camp-dweller. He's 38 and has been a part-time touring pro since 1953.

He's played four rounds over the 7,000-yard, par 71 Sedgefield course and has been improving each time out. He had 73 and 72 practice rounds early in the week, shot a 69 in pro-amateur competition Wednesday and was a stroke better than that Thursday.

His short game was the key to the first-round success. He had 12 one-putters, matching the

Tiger Manager Wants Luck of Joe McCarthy

Lary on Mound Today Against White Sox in Detroit Encounter

DETROIT (AP)—If Bob Scheffing wants some encouragement as manager of the Detroit Tigers, he need only recall another time when a fired pilot of the Chicago Cubs wound up managing in the American League.

But Scheffing, with time to think the past two days while the Tigers were idle, discounts the theory that he'll be as successful in the American League as Joe McCarthy was. He loves the thought however.

The Tigers' idleness was due to red today when the Chicago White Sox make their first visit to Tiger Stadium

Waterford State's Top Team in Mansfield Meet

With Pontiac Central and Flint Northern staying at home because of a Saginaw Valley Conference ruling, Waterford appears to be Michigan's chief threat in the Mansfield Relays which started this afternoon at Mansfield, Ohio.

PCH is the only team outside of Ohio to win the championship. The Chiefs were first in 1956 and in 1958. A disqualification cost them the crown last year.

Flint Northern has always made good showings in this meet and the Vikings are rated the top prep team in Michigan.

Mike Kalous, Waterford's fine miler, should finish at or near the top if he repeats his 4:27.4.

mile run at Dondora Tuesday. The meet record is 4:21, set last spring.

Coach Al Cuthrell has entered the shuttle huddle relay team that finished fifth last year. Joe Falls, Dennis Tripp, Terry Wilson and Ed Stigers are the top hurdlers.

The Waterford mentor may keep Mike Sicksels, the team's top dashman, out of the 100 and 200 and use him in the 800 and medley relays. This goes for the other Waterford dashmen, too.

With Pontiac Central's defending shot put champion Bradlett Pritchett staying home, Vern Siple of Waterford and Barry Wickstrom of

Lapeer should gain points for their teams. Wickstrom was fifth a year ago with a toss of 52 feet 2 inches. The four-mile relay is the only event scheduled today.

Waterford will have 15 stinkies in the meet.

The Skippers warmed up for the relays by whipping Dearborn Fordson 86½-23½ over a slow track on the losers field Thursday afternoon.

For the fourth straight meet, Joe Falls was a triple winner and Mike Sicksels took both dashes, Sicksels and Falls also ran on the winning half mile relay team.

Times were generally slow because of the soft track. Falls was below his average winning time

for both hurdles and Sicksels was slightly slower in the 100 and 200.

In a triangular meet at Cranbrook, the host school posted 63 points to take the honors. Walled Lake scored 47½ and Berkley 26½.

The Cranes gained seven first places. Tod Williams won both hurdle races for Cranbrook and tied for first in the high jump.

Cranbrook's Barney Crouse won the 100 and 200 dashes and the broad jump.

Cranbrook won the 800 relay and tied with Walled Lake in the mile relay.

The Vikings gained the other first places. Paul Larson won the mile. Berkley Hackett took the 440. Ray Nelson topped the 800 field. Ed Watkins won the shot put and Wes Cartell was first in the pole vault.

Pontiac Central's junior varsity won every event Thursday at Windsor to defeat the Royal Oak Kimball reserves, 96½-12½.

Charles Humphrey was a double winner. He won both hurdles and ran a leg on the winning 800 relay team. He also finished second in the pole vault.

Tom Lewis won the 100 and 200.

Big Weekend Ahead for Local Bowlers

700 Convention Here Saturday; Elks at National

Four Area Tournaments in Action; Cooley Five at ABC Sunday

This weekend may better any other bowling activity involving area residents.

Featured here in Pontiac will be the 700 Chapter National Convention tomorrow at the Elks Club.

A total of 33 teams from Lodge 810 will be bowling at the Elks National in Rochester, N.Y.

There will be four tournaments going on right around this section and some local men will be rolling at the ABC.

Men from throughout the nation will be on hand for the 700 event. A business meeting will begin at 2:30 p.m. with a banquet to be attended by over 100 persons at 7.

King Pin Bill Ball of local Chapter 31 will preside at the banquet with Frank K. Baker, executive secretary and treasurer of the American Bowling Congress, and Mayor Philip L. Rowland leading the guest list.

The Pontiac group will be the largest from any city in the country at Rochester in a field of 766 teams.

Local B. P. O. E. members will compete in team, doubles and singles Saturday and Sunday.

The 1st Annual Oakland County High School tourney will be held Saturday at West Side Recreation.

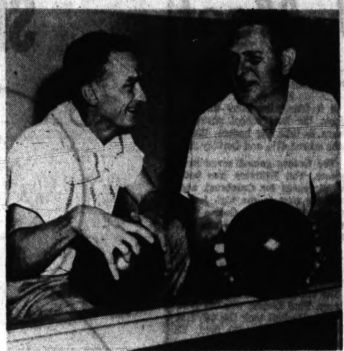

Singles play will get under way at Home's Lanes and run through May 7 with the top two prizes guaranteed at \$500 and \$250. There will also be awards for leading squads and for high game.

The other two events are doubles contests being held at Lodge 810 Elks and Milford Fairgrounds.

Norm Andres and Martha Thorne of Pontiac took the early lead in mixed competition at the Elks with 127 in the opening round.

A score of 1427 tops the Milford event. It was bowled last week-end by Rochester mates John Dyer and Al Boughner. Lloyd Hoover of Wall Lake has the high game of 279.

Cooley Lanes of Union Lake, captained by proprietor Paul Rabaut, will be at the ABC Sunday night. Team members will participate in individual action Monday afternoon.

Pontiac Press Photo

Women Pick '62 Tourney Location, Elect Officers

The 1962 City Women's Bowling tournament will be held at West Side Recreation, it was announced today by the Pontiac Women's Bowling Association.

An election of officers, selection of delegates to the 1962 W.B.C.C. convention at Phoenix, Ariz., and the awarding of prizes for top performances in the recent local event were other highlights of the association's final meeting of the season.

First vice president Eva Miller, secretary Peggy Bender and executive board members Sally Hoffman, Gloria Bonfiglio and Mary Johnson were retained in office. New officers named were Virginia Gargal, Opal Ward, Mildred Anderson, Gen Bradley, Marvel Sot, Margaret Lally, Ruth Batts and Bonnie Kuzak were chosen to represent the P.W.B.A. at Phoenix. Alternates are Jerry Stevens and Betty Lysinger.

One American Left in Tennis Tourney

HOUSTON (AP) — Australian Neale Fraser and Roy Emerson gained the semifinals of the 27th River Oaks Tennis Tournament Thursday by taking straight sets from Ron Holmberg and Hamilton Richardson.

The top seeded Fraser defeated Holmberg the No. 5 U.S. player from Brooklyn, N.Y. 6-3, 6-3, 6-4. Emerson, seeded third, defeated Richardson, former U.S. Davis Cup player, 6-4, 8-6, 6-1.

The Australian sweep of the first half of the quarter-final round left young Frank Frothingham the No. 30 U.S. player from Coral Gables, Fla., the lone American among the six players still seeking the River Oaks title that has never been won by a foreign entry.

Haynie Takes 2-Stroke Lead in Civitan Event

DALLAS, Tex. (AP) — Sandra Haynie isn't the smallest or the youngest player on the women's golf tour but she's only 17, weighs just 105 and would appear in trouble against a strong wind.

But she toured the windproof 6,238-yard Glen Lakes Country Club course in 2-over-par 73 Thursday to take a two-stroke lead in the first round of the \$10,000 Dallas Women's Civitan Open. The wind blew 30 miles per hour with gusts up to 50.

Miami Latest Classic Flop; Locals Hit 2715

DETROIT (UPI) — The Miami Brunwicks, meeting only 2943 to wrest the American Bowling Congress Tournament classic division lead from the Stroh's of Detroit, could master only 287 last night to slip far down in the standings.

The Florida club, which had opened its classic play with a 3038 blast Wednesday, had games of 838, 844 and 865 and a six game total of 5073 for seventh place.

After four team members had been able to crack 600 in the opening block, only one — Les Mandragano — could hit the total last night, as he had 623 and the team's only game over 200, scoring 238 in his middle effort.

Lake Center Druggs of Pontiac rolled 2715 paced by Paul George at 575. Carl Behrick followed with 570.

Billy Sixty, Milwaukee bowling writer, was inducted into the ABC Hall of Fame in ceremonies last night. Phil Wolf, former Chicago star, was inducted posthumously.

Earlier in the night, Oakland, Calif., was awarded the 1964 ABC tournament by the organization's board of directors. The 1962 ABC will be held in Des Moines, Iowa, and the 1963 event at Buffalo, N.Y.

Approximately 1,000 delegates to the annual ABC convention will convene today to vote on 42 proposed changes in the ABC constitution.

Money Record Next for Gary?

DUNEDIN, Fla. (AP) — Gary Player, a young South African who amazed the golfing world by winning the Masters at Augusta, Ga., Monday, is riding a financial crest which may threaten Arnold Palmer's existing record.

Player's \$20,000 for winning the Masters brings his official earnings this year to \$44,183.33. This is more than Palmer made on the combined-year 1957-58.

However, Palmer, of Ligonier, Pa., is still threatening. His tie for second in the Masters brought his total earnings up to \$33,723.00.

Palmer broke the record last year by taking home more than \$30,000.

Doug Sanders of Ojai, Calif., is tied with \$14,857. Don January of Dallas, Tex., is fourth with \$13,102 and Bob Gouby, of Crystal River, Fla., fifth with \$12,445.83.

Ingo Can Be Tried in Only One Place

MIAMI, Fla. (AP) — Federal Judge Emmett C. Choate ordered the government Thursday to refrain from proceeding with any New York action against heavy-weight Ingemar Johansson if it duplicates proceedings in progress here.

Federal prosecutors are suing Johansson for over \$1 million in back income taxes on his earnings in fights with Floyd Patterson the present heavy-weight champion of the world.

Choate gave Johansson permission to leave the country two weeks ago after the Swedish fighter agreed to return if federal authorities require his presence.

Don't Quit Yet, Skiers

BOYNE FALLS, Mich. — Two to four feet of corn snow base and good spring skiing was reported today from Boyne Mountain Lodge. One lift was in operation. No food or lodging was offered.

Latest Action Against GM Over Diesels

By BEN PHILGAG
AP Automotive Writer

DETROIT—How big is too big? For the fourth time in a decade the federal government has begun antitrust action against the world's biggest industrial enterprise—General Motors Corp.

BOARD POLARIS SUB—Three pacifists, one of them a girl, use a rope ladder to board the Polaris submarine depot ship Prometheus in a demonstration at Holy Loch, Scotland. The pacifists, who oppose stationing of U. S. missile-carrying submarines in British waters, were removed by shore police and were charged with causing a breach of the peace.

Hold NATO Must Use All Weapons

By BARRY SCHWED

WASHINGTON (AP)—President Kennedy's West German Chancellor Konrad Adenauer have agreed that the North Atlantic alliance must be prepared to defend itself with all military means.

This agreement was set forth in a joint communique issued Thursday by the two Western leaders on the conclusion of their third meeting.

The formal statement did not spell out what "military means" Kennedy and Adenauer had in mind. But, U.S. officials said nuclear—as well as conventional weapons—are included.

Kennedy and Adenauer had discussed proposals for giving the North Atlantic Treaty Organization a nuclear striking force under its own command. The United States and Britain would furnish the weapons.

This project is still under review in the Kennedy administration. He and Adenauer were reported to have reached no final conclusion, although Adenauer was understood to have expressed support for such an undertaking. The Kennedy administration takes the position that beefing up of NATO's conventional forces has priority over the planned independent nuclear striking force for the alliance.

In the communique Kennedy and Adenauer reaffirmed their support of NATO as the keystone of the common defense of the North Atlantic area.

This was their reference to NATO weapons. "They underlined the conviction of their governments as to the necessity for the alliance to maintain and develop further all military means required to enable them to deter effectively a potential aggressor from threatening the territorial integrity or independence of any ally."

At the same time, the leaders of the two NATO members challenged the Soviet Union, to join in disarmament and other negotiations to lessen the danger of war and work toward a general and total peace.

"And, Kennedy and Adenauer renewed their pledge to pre-

Bell to Spend \$5 Million in Grand Rapids Area

GRAND RAPIDS (AP)—Michigan Bell Telephone Co. Thursday announced it will spend more than \$5 million for expansion and improvement of facilities in the Grand Rapids area this year.

Berrie D. Slack, district manager, said the program is part of the firm's total expenditure of \$86.7 million on new projects throughout the state.

To Hold Job Exams

LANSING (AP)—The State Civil Service Commission has announced open competitive examinations will be held for state positions as engineering draftsman, with a top salary of \$239 bimonthly, and key watch operators, with a top of \$194 bimonthly, to draw up lists to fill future vacancies.

duction and sale of diesel locomotives.

An original antitrust action, first filed in 1933, seeks a complete corporate divorce between General Motors and Du Pont, which owns about 22 per cent of GM's stock. And in 1939 the government charged GM's acquisition of Euclid Road Machinery Co. of Cleveland was unlawful.

None of the suits has been settled. Only the Du Pont case has been tried.

So far untouched by legal action is GM's primary business—automobiles.

BACK TO 1897

The vast complex which is General Motors dates its origins to the founding of the Olds Motor Vehicle Co. in 1897. The General Motors Co. was incorporated in 1908, put together by W. C. Durant.

But it was Alfred P. Sloan, president from 1923 until 1937 and board chairman until 1956, who guided the corporation to the top.

In 1951 GM had less than 12 per cent of the domestic auto market. By the first half of 1956 it had 54 per cent.

The auto share has declined. Its factory sales of 3,183,710 cars last year represented 43.8 per cent of renewed about three per cent of the American market. This was total GM sales.

Preparing a Hero's Welcome

GETTING SET FOR SPACEMAN — A huge arrival of Soviet spaceman Maj. Yuri Gagarin. Some of those waiting passed time by dancing in the street.

Millions Welcome Yuri as Moscow Goes Wild

By HENRY SHAPIRO
MOSCOW (UPI) — With bear hugs and kisses from Premier Khrushchev and the rolling thunder of cheers from millions of Russians, Yuri Gagarin was welcomed home from space today.

Standing atop the tomb of Lenin and Stalin in Red Square, the first spaceman was embraced by Khrushchev who kissed him again and again on the cheeks in the

traditional Russian show of affection. Moscow citizens jammed in the square so tightly they could not move cheered wildly for the 27-year-old flier who had given them this victory in the space race.

Never in the 865 years of its history had Moscow given any man such a tumultuous reception. The wild welcome began when

Gagarin arrived at Vnukovo Airport, and its crescendo swelled along the 12-mile route into the center of the city where it reached

LONDON (AP) — Much of Europe was able to see on television today the Moscow reception given to spaceman Yuri A. Gagarin. It was the first live telecast from the Soviet Union abroad. The telecast, just less than an hour long, was engineered by the British Broadcasting Co.

its climax with Khrushchev's welcome and speech making at the shrine of communism.

Khrushchev, who has repeatedly assailed the rise of the "cult of personality" in communism, rode from the airport with the new Soviet hero, and in the ceremonies at Red Square called him the Columbus of space.

He proclaimed the space flight Gagarin made Wednesday as a victory for communism and said there would be more trips by Russian men into the cosmos.

He said the United States still (Continued on Page 2, Col. 4)

'Chute Brought Spaceman Back

Say Tractor Driver Spotted Him Floating Down to Earth

From Our News Wires
MOSCOW — The official Soviet Tass news agency said today that spaceman Yuri Gagarin returned to earth by parachute.

It did not make clear whether Gagarin left the spaceship while it was still in the air or whether the entire craft carrying the cosmonaut was landed by parachute.

In giving first details of Gagarin's return, Tass did not give the place where he and his space vehicle landed.

But it said Gagarin and his spaceship were seen coming down by a tractor driver working in a field.

It said details of the incident were reported in Kamiskolov Komsmolskaya Pravda, publication of the young Communist group.

"A tractor driver who was working not far away had a good view of the landing of the cosmic ship," the Tass account said.

STORY CONFUSED
In Florence, Italy, the top Soviet delegate to a space science symposium said Gagarin had no parachutes or windows to look out (Continued on Page 2, Col. 1)

Spring Finally Decides to Rear Its Balm Head

Temperatures will be balmy, the high in the low 40s for the next five days, the weatherman says. Windy and warmer with rain and a low of 42 is tonight's forecast.

Temperatures will average about 3 degrees below the normal high of 36 and normal low of 27 through Friday. Precipitation is expected to total about one-half inch in rain Saturday and again Monday and Tuesday. Sunday will be partly cloudy and cool.

Morning westerly winds at 5 miles per hour will become light southerly increasing to 15 to 25 m.p.h. tonight. Thirty-three was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 50.

Submits School Budget

UAW Demands to Follow Line Set by Kennedy

Editor of Labor Report Says Union Will Bargain on Favored Policies

DETROIT (AP) — President Kennedy's views will strongly influence the United Auto Workers' demand in this summer's negotiations with the auto companies, says an editor of the Bureau of National Affairs.

Edward Donnell, editor of the Washington agency's Daily Labor Report said here Thursday:

"The UAW's agenda will be tuned to the Kennedy administration's position. I expect the Union to form its bargaining proposals in concert with the Kennedy program."

Donnell spoke at a briefing on collective bargaining sponsored by the Industrial Relations Association of Detroit. Industrial relations men belong to the association.

The UAW can expect no support from the administration, Donnell said, if it decides to push for a shorter week because the President is opposed to a shorter week. Discussing whether there could be administration involvement in negotiations, Donnell stated: "It would be the better part of valor for the Union to have the administration intervene on issues that the administration supports."

Donnell said the Union could depend on Kennedy support of higher wages, better pensions and added aid for unemployed workers as long as the contract settlement would not drive up prices.

Put On Their Old Gray Bonnets

TEACHERS DRESS UP — Youngsters at Hawthorne School got a big surprise today as seven of their teachers appeared in centennial garb. With young Tom Anderson, 2361 Edinburg St. and schoolmate Paula Dunnam, 169 Collier Road.

They're Dressed to Kill (Grandpappy)

Drayton Women Get Centennial Spirit

Two Drayton Plains women lent a note of high style today to the first Old-Fashioned Dress Day of the Centennial.

Costumed from head to toe, Mrs. Richard Carlson, 3044 Barkman St. and Mrs. Howard C. Bertram, 4211 Island Park Drive would have had grandpappy kicking up his heels.

Sisters, they appeared bright and early on downtown Huron Street in bonnets, ankle-length dresses and high laced boots.

Today and every Friday from now until the official celebration on June 17-24, Pontiac area folks are encouraged to wear old-fashioned dress.

An official party met at Centennial headquarters at 11 a.m., then began a promenade through downtown at the lunch hour. The cos-

tumed group went to Miracle Mile Shopping Center afterward.

Mrs. Carlson wore a blue cotton print dress over a petticoat with a bonnet to match. Lace and artificial flowers set off her costume. An authentic lock was her grandmother's gold locket.

Mrs. Bertram's patterned purple dress was fashioned from material used in a wedding gown of the 1890's. Her straw bonnet was an authentic family hand-me-down.

MADE AT 800
The costumes, complete with tiny

purses in matching materials, were made by Mrs. Bertram's mother-in-law, Mrs. Gus Bertram, for centennial celebration six years ago in Sault Ste. Marie, where she lives.

Now they've been borrowed for the Pontiac Centennial.

Mrs. Bertram conceded that her husband, a project engineer at GMC Truck & Coach Division, "looks down his nose" at her old-fashioned costume.

A son, Howard Jr., a student at Waterford High School, "thinks his mom's a little nut," she added.

1st of May Legal Date for Student Foliage

It's usually the women who do most of the kidding and complaining about Centennial facial foliage on the male population of Pontiac—but last night it was a woman who staunchly supported Centennial beards.

Mrs. Elsie Mihalek, member of the Pontiac Board of Education, fought her male counterparts to a standstill and gave student-beards a little more life.

The Pontiac Secondary Administrators Association last night proposed that pupils with beards be sent home from school until after May 22 when beards would be "legal" in school.

The board sounded as if it would pass the measure easily.

Then Elsie swung into action. "How much beard do you think a student can grow in 23 days. It can't be much," she asserted.

"That's exactly the idea, Elsie," said Dr. Philip J. Proud, assistant superintendent.

"It doesn't sound fair to me," she retorted.

"But we have a disciplinary problem," said Proud.

Then she dropped her bombshell. "Would it apply to teachers and administrators—and board members as well?" she asked.

Eyes turned on Board President Maurice M. Osmun. His Van Dyke twitched.

"Let's move it back to May 1," Elsie suggested.

Happily, the board took a hasty vote and May 1 is officially the date that kids can start their Centennial beards.

For girls, bonnets and hats may also be worn to school but not in school. Centennial dresses may be worn to school every day beginning May 22.

Free Coffee and Donuts in Evergreen. Saturday, May 13, about 10:30 a.m. with a ride and drive in the Main St., (415) Charleston.

No Tax Boost Will Be Needed, Board Believes

Amount Is Preliminary Operating Estimate on Basic Costs for Year

The Pontiac Board of Education has submitted a record budget of \$9,300,462 to the Oakland County Tax Allocation Board.

Adoption of 1961-62 preliminary operating budget came at Thursday night's school board meeting.

Board members asserted this to be a "realistic figure based on basic needs of the school district."

Administrators said they felt it could be financed without a raise in the tax rate, assuming there was no decrease in property valuation.

The actual total operating budget figure submitted to the tax board amounted to \$9,177,777.

EXTRA FIGURE ADDED

This includes a supplementary budget of \$439,215 and represents what administrators called "the total needs of the school districts." The supplementary budget is not expected to be approved since it falls outside estimated income for the 1961-62 school year.

The board is required to adopt its operating budget and notify the tax allocation board of its financial requirements by April 15 each year.

HARD TO PRECISE

"This is always difficult since on April 15 the school district does not know the income that will be available for the following fiscal year," said Dr. Dana P. Whitmer, superintendent of schools.

The income will be decided by allocated millage rate equalized valuation and the formula for state aid to schools.

These will not be known until after June 1 and therefore final adoption of the 1961-62 operating budget will not be made until after June 1.

The basic \$9,300,462 operating budget is based on Pontiac's present level. This includes allowances for the expected enrollment and cost-of-living increases next year. It also includes a supplemental account of \$85,000 and a \$195,000 contingency fund.

Items in the supplemental account are those that are supplemental to the educational program but do not increase it, such as replacement of short-term loans, originally asked a \$28,000 for teachers.

PFT representatives Edwin Heikinen, FNH physics teacher, and (Continued on Page 2, Col. 7)

Teachers Given \$205,000 Hike

Group Representatives Not Happy, Say Raise Too Small

At the Pontiac Board of Education meeting last night teachers and administrators got a \$205,000 pay hike — and neither the board nor the employees were too happy about it.

Before the pay hike was approved, representatives of teacher groups charged they weren't being paid enough, that teachers "would have to be moonlighters" and that administrators were interested in making their own jobs easier.

Following board approval of the salary schedule increase, board member and former board president, Glenn H. Griffin, lashed out at teacher representatives, charging "pressure tactics used by teachers that insult our intelligence."

Dr. Dana P. Whitmer, school superintendent, had been working for several months with the Pontiac Education Association and Pontiac Federation of Teachers in an effort to arrive at a pay schedule, agreeable to both sides.

The PEA spokesman, Daniel Hutchins, Pontiac Northern English teacher and counselor, had (Continued on Page 2, Col. 6)

Communicable Diseases Decline in City, County

Communicable diseases showed a general decline in Pontiac and Oakland County last week, according to the county and city health departments.

In Pontiac, there were 23 new cases of chicken pox last week and the same number the week before. Measles dropped from 18 new cases two weeks ago to 12 last week.

There were 35 new cases of mumps in Pontiac last week and 48 in the preceding week. No new cases of scarlet fever were reported in the city last week.

Hepatitis went up from four to six new cases and there were two new cases of rheumatic fever.

Week Ending April 8	Week Ending April 15
Chicken pox	12
Measles	18
Mumps	48
Scarlet fever	0
Hepatitis	4
Rheumatic fever	2
Typhoid fever	0

Two counties in Iowa, Idaho and Sae, are known for popcorn production, as much as all the rest of the state.

Group Applying for Franchise

Many Political Friends of Swainson Start Life Insurance Company

LANSING (AP)—A group of prominent Michigan political figures, including Gov. George Swainson, are included among investors in a group that has filed an application with the state insurance commission for a new life insurance company franchise.

The governor said he had no stock or interest in the company.

Included are John J. (Joe) Collins, Democratic state chairman and the governor's former campaign manager; Bert Bellows, a Detroit stockbroker and Swainson's brother-in-law; Joseph J. Persick, the governor's former partner in Detroit; and Joseph J. Popkin, an administrative aide to the governor.

Several other prominent businessmen and some Republicans are included in the group interested in setting of the new company, to be known as the Jackson National Life Insurance Co.

Final say on approval of the application will rest with state insurance commissioner Frank Blackford, first appointed by former Gov. Williams and re-named to his job by Swainson.

"A lot of good, sound people are interested in it," the governor said. "I understand they plan to put out a good life insurance policy. I was invited in but I said 'No.' I was busy campaigning at the time and didn't have the money to invest."

"I see no conflict of interest," the governor said. "I am sure they will get no more or no less consideration from the insurance department than anyone else."

"I'd rather they wouldn't bid on any state business," he added. "I wouldn't want any of them in the slightest hint of impropriety." Listed among prospective directors were Mrs. Jane B. Hart, wife of U.S. Sen. Philip A. Hart, D-Mich., along with Swainson's brother-in-law and his former law partner.

Hijackers Get Smokes

LONDON (AP)—Four hijackers seized a truck carrying 50,000 pounds (\$140,000) worth of tobacco—including 7 million cigarettes—after slugging the driver Thursday at nearby Whetstone, Middlesex.

State Resident One of 4 Indicted on Fraud Charge

NEW YORK (AP)—Samuel Garfield of Clare, Mich., and Denver, Colo., and four other men were indicted Thursday on charges of conspiring to defraud the public of \$8 million in sales of stock.

One of the four is Alexander L. Guterman, financier now in prison for violation of securities and exchange regulations. A federal grand jury held that the four plotted to sell Shawano Development Corp. shares through false and misleading literature.

Pro-Western President Re-Elected in Viet Nam

Re-election of South Viet Nam's pro-Western president, Ngo Dinh Diem, was never in doubt. Over 70 per cent of the nation's 7.2 million voters cast ballots giving Diem 80 per cent of the total. His greatest strength—90 per cent—was shown in the swamps and ricefields of the Mekong River delta where Reds have been terrorizing the people in an effort to influence the election.

While Laos has been getting all the headlines, the recent SEATO council at Bangkok expressed alarm over Communist guerrilla tactics in South Viet Nam. Communist agents in the country districts have been waging a campaign of intimidation accompanied by murder of officials loyal to Diem in the hope of discrediting his government.

President Diem was first put in power by the French and he soon showed himself to be strongly anti-Communist. Little democratic opposition has been allowed to develop, however, and his rule is becoming more authoritarian and more secretive. But circumstances alter cases and the country is in the midst of a guerrilla war where casualties have far exceeded those in Laos.

The United States has a major interest in the defense of South Viet Nam not only because of the vast amount of our aid but as a matter of prestige in Southeast Asia. Much American money was squandered in the early years after the Indo-China war but more recently economic aid has gone to build roads, hospitals and schools and to reform basic agriculture.

It is believed that South Viet Nam is the real target of the Communists. Control there and in Laos would threaten the independence of Thailand and Cambodia.

Board of Supervisors Remains in Good Hands

Oakland County supervisors have selected DELOS HAMLIN and ARNO L. HULET as Chairman and Vice Chairman respectively of their board. DAVID LEVINSON continues as Chairman of the Important Ways and Means Committee.

Our county government is in solid financial hands as these are capable men of broad experience. Oakland County has been shrewdly governed over an extended period of time and the majority of the board members are capable citizens in their respective business occupations who are willing to devote time and study to community affairs and problems.

Often when boards reach this size, they become too political for the general community good, as personal and internal wrangling arises. This board has spirited arguments, but a fine sincerity is always dominant.

Rightist Organization Threat to Democracy

The current controversy over the extreme right wing organization called the JOHN BIRCH SOCIETY brings up for public scrutiny another danger to the form of government we enjoy.

Aside from the constant threat of the communism nations, there is the threat from the extreme conservative element on the other end of the political spectrum.

The antics of the character assassin from Minnesota, Sen. JOSEPH McCARTHY, brings some light to this threat. Although his star was fiery, it was brief, fortunately for this country. McCARTHY championed "any

means to the end," a philosophy alien to most Americans, and a philosophy very much a part of Communist tradition and dogma.

What possible threat could an organization be that says former President Eisenhower was a Communist? It is too outlandish to convince more than a score or so of unbalanced souls. But the rise of Hitler was replete with similar outlandish themes. With the "big lie" technique, even more weird ideas than Eisenhower's alleged Communist leanings were put across to a nation of people eager to grab at any straw.

Few citizens think that in addition to manning the front of the fort against the Reds, we must guard the back door also, against an equally deadly foe—extreme reactionaries. But the threat does exist, and the John Birch Society proves it.

The Man About Town

The Rains Came And Helped Out in Good Number of Happier Days

Farmer: A man with the grow how.
Recent rains in the Pontiac area came at a most opportune time. They were badly needed by our farmers and gardeners, and also served to make joyful every body else who understood their significance.

Any little inconvenience that they might have occasioned because some of us did not have our umbrellas, raincoats or rubbers handy, is more than offset by the fact that they obliterated the grass fire menace.
They came in a drizzly fashion, so the moisture could sink into the ground where it fell, instead of running off in a manner to gully the soil and cause floods. Likewise, they compensated for the fact that our soil was not starting the growing season with the proper moisture content, because of the light snow of the past winter.

The thawing of a winter's snow is the best kind of irrigation, because the water then also sinks into the ground where the snow melted, and does not run away.

It also should be noted that, although Jack Frost has done a lot of threatening, the fruit buds in this area apparently have not been damaged, and blossom time will soon be with us, to be followed by a bounteous crop.

So, regardless of how some warmongers would have us look forward to ominous things, let's all be happy because Mother Nature apparently keeps us in her approved list.

Oakland County's Director on the Huron-Clinton Metropolitan Authority, R. C. Cummings, tells me that the new golf course at Kensington Park, near Milford, will be officially opened to the public on May 27.

Also believing in doing things early is Chuck Leech of Oxford, who planted his oaks on March 31.

The management of the Whisker Growing Committee of the Pontiac Centennial request me to announce that no holds are barred—every real and imaginary system to make 'em grow can be used, even to the use of natural fertilizers.

A snake killer who knows his snakes is the dog of Harrison Pernawick of Waterford. It shakes grates snakes to death, but the other day when he found a rattler he barked for assistance, and would not touch it.

'Was It? It MUST'VE Been! Georgi Washington!'

David Lawrence Says:

Russia's 'Feat' Really a Disgrace

WASHINGTON—Not by any means the greatest "feat" in world history, but in many respects the biggest disgrace—this is another way to look at the successful launching of a man into outer space by the Soviets.
Millions of human beings in Russia live in a room in slums and in hovels, while millions of others work in slave-labor camps. LAWRENCE Billions of dollars that should be extended to lift the living standards of a nation are spent instead for one of the most spectacular propaganda stunts of all times.

For what else is it? Is human life improved because a small vehicle travels in the sky? Was human life any further advanced because in 1957 the first "spitnik" sped around the earth in an hour and a half?

Today the United States continues to have 22 "spitniks" in orbit around the globe and the Russians have one. Has any human being felt any benefit?

President Kennedy stated, in a nutshell, at his Wednesday press conference the simple truth about the Soviet's cruel disregard of human welfare as it concentrates on propaganda stunts. He said:

"A dictatorship enjoys advantages in this kind of competition over a short period, by its ability to mobilize its resources for a specific purpose."
This is the real reason for the Soviet achievement in sending the first man into outer space. The United States could have done it even earlier if it had decided to take away from other necessary things the money to spend on space research.

As it is, the people of the Soviet Union are deprived of the benefits of better living.
It is significant that one of the big reasons for the new "era of the Soviet Union" is that he will be permitted to have a four-room apartment for himself, wife and two children, instead of the two rooms he has heretofore been allotted.

Also, the same dictatorship, by concentrating so much money annually on military weapons, has caused the United States likewise to spend large sums. In the end, people everywhere suffer. Can it be said that a dictatorship which is responsible for such deprivation of things the money to spend on space research is the people of the Soviet Union are deprived of the benefits of better living.

President Kennedy put his finger on what ought really to be giving him a headache is the "era of the Soviet Union" is that he will be permitted to have a four-room apartment for himself, wife and two children, instead of the two rooms he has heretofore been allotted.

Also, the same dictatorship, by concentrating so much money annually on military weapons, has caused the United States likewise to spend large sums. In the end, people everywhere suffer. Can it be said that a dictatorship which is responsible for such deprivation of things the money to spend on space research is the people of the Soviet Union are deprived of the benefits of better living.

cheap rate get fresh water from salt water, that it would be, in the long-range interests of humanity which would really dwarf any other scientific accomplishment."

The President gave credit to the Russian scientists, but he also phrased also the truly sinister aspects of the Soviet concentration on propaganda stunts. He said:

"I do not regard the first man in space as a sign of the weakening of the free world. But I do regard the total mobilization of man and things for the service of the Communist bloc over the last years as

a source of great danger to us. And I would say we're going to have to live with that danger and hazard through much of the rest of this century."

As the President of the United States really sees it, therefore, the sending of a man into space around the earth gets big headlines and is exploited by Nikita Khrushchev throughout the world as a vindication of communism, but, after all, viewed in its true light, the episode only emphasizes what a dictatorship can do with the fruits of the labor of its enslaved citizens.

Dr. William Brady Says: Half Gallon of Wine Daily Is a Staggering Amount

"Will you please answer a question and settle an argument?" asks a Wisconsin reader. Well, as long as I am a safe distance from the arena, I'll take a chance. What's the trouble?

"Is the consumption of two quarts of wine a day excessive?"
Yes. The consumption of two quarts of wine a day is excessive. In my opinion, I'm a rabid teetotaler. I regard alcohol in any concentration or dilution as a narcotic and if I DR. BRADY were king, the use of alcohol would be as severely restricted as in the use of morphine. Now perhaps you won't consider my view your problem reasonable or fair, or the individual who consumes half a gallon of wine daily won't.

... excessive for a man 50 years of age? He says wine is a necessary stimulant for a man of his age and is a good food. "I feel that two quarts of wine a day is excessive and could be a harmful habit, turning a wonderful person into an alcoholic." (Signed: C.B.W.)

In the first place, alcohol, whether in wine, beer, or liquor, is a narcotic and not a stimulant. The poor, deluded tippler imagines he is "stimulated" when he is under the influence of alcohol, but the authorities agree that the effect of any quantity of alcohol, from that in a glass of wine to that in a pint of gin or vodka, is depressant—it weakens the drinker's judgment, dulls his consciousness of what he is doing, impairs his capacity to think, slows his reaction time, makes him propose or agree to things which he will regret or maybe deny when he is not under the influence of the narcotic.

An absurdity of the law that encourages alcohol addicts to believe a few drinks stimulate without sobering is that a concentration of alcohol in the blood indicated intoxication only when it is more than a certain arbitrary level. As long as this perversion prevails, some persons will exercise the right to drink and drive, maim and kill.

Perhaps this wine bibber is finding an excuse for his selfishness when he argues that wine is a good food. The food value of wine is far inferior to the food value of milk, bread or meat.

Anyone who consumes half a gallon of wine a day is very likely to become, if he is already, a sot and make his wife and children unhappy. If he depends on wine so much as "food" in all

likelihood the man suffers from nutritional deficiency, malnutrition, and correction of this by supplementing his diet with optimal daily rations of calcium, vitamin D, and vitamin B would probably improve his health and vitality.

The Wisconsin reader should try to persuade her husband to visit an Alcoholics Anonymous group in his community. Look for A.A. in the telephone directory.

Speed letters, not more than one page or two words long, pertaining to personal health and hygiene, not diagnosis, prognosis, or treatment, will be answered by Dr. William Brady, a board-certified surgeon, is at the Pontiac Press, Pontiac, Michigan. (Copyright 1961)

Case Records of a Psychologist:

Beauty Doesn't Bring Popularity

By DR. GEORGE W. CRANE
CASE H-439: Sylvia D., aged 20, recently attempted suicide.

Dr. Crane, I have nothing to say for I am a girl who is tearfully explained, "I'm not beautiful and nobody loves me."

"I don't have friends or good times the way other girls do. And no boy has ever asked me for a date."

"So what's the DR. CRANE use of living, Dr. Crane, if you cannot have good times and be popular?"

DIAGNOSIS
To judge from the large number of letters I receive from people who feel like Sylvia, I am glad that my formula for this column includes one case per week on personality development.

Your personality is the sum total of hundreds of traits. Some are good but others are bad. We might call them merits and demerits.

You are not fixed or preordained at birth as regards your personality and charm.

If you have some physical defects which you deem objectionable try to eliminate them insofar as modern surgery or dentistry will permit.

But after you straighten your crossed eye, or submit to plastic surgery for your nose or chin or birthmarks, you still may not be popular, for charm is something far different from physical beauty.

In fact, many of our most popular girls in college are not more than average in physical beauty.

Popular girls often have freckles or a big mouth, prominent

Voice of the People:

Thanks Police Department for Installing Traffic Light

Congratulations to the police on the traffic light at West South Boulevard and Bagley. For many years there were accidents there due to reckless drivers who paid no attention to the sign. Many cars were wrecked and many people hospitalized. Several times speeding automobiles went through the iron fence deep on the lawn.

Drunk drivers were clearly to blame. They deserve no pity. But what about the innocent victims? The entire? How many drivers kill people and make nothing of it?

A few years ago a car with four young people was going at such a great speed that when it started rolling at the curve at Bagley it went through the iron fence, struck the big tree on the lawn and rolled to the side of the road. The crash woke up people three and four blocks away, as it was after two o'clock in the morning. The bystanders were telling the young people who had to be extricated that in thanking for the miracle they ought to be coming to church, because it was there that their lives were spared.

Finally, there is a traffic light there.

Didn't Like Method of UF Collection Favors Showing Anti-Red Films

I was also one of the women willing to go from door to door taking the collection for the UF, until they gave me papers to fill out stating who gave, how much, and if they didn't give, "Why not?" I like to do my duty, but if a person doesn't want to give, it is none of my business. I'm all through.

Ex-United Fund Worker

'M.D. Did No Work; Still Charged Fee'

An M.D. hospitalized my husband and turned him over to a surgeon who did all the medical work from start to finish with no help from the M.D. That didn't stop the M.D. from billing us for \$15 for the first day and \$5 for each following day while he did absolutely nothing.

Then he billed Blue Shield for \$33 of this so-called bedside care and collected, with no questions asked.

Through the cooperation of the Oakland County Medical Society's Mediation Board we got out part of the bill scaled down from \$90 to \$33. But the M.D. was still ahead with our \$33 and the \$33 he collected from Blue Shield.

We reported the story to Michigan Medical Service, but so far have never heard if it was corrected. No wonder Blue Cross-Blue Shield is running in the red.

Says Large Trucks Menace to Highways

In reply to some articles in this column regarding highway trucks on public highways, they state that most truck drivers are the safest on the road and that no one wants to stand in the way of progress. I say that so many crimes have been committed in the name of progress that it is pitiful. The private citizen is fast losing all right for the sake of industry and the so-called progress. As one who has traveled state and federal highways somewhat extensively I know these larger trucks are a menace to public safety.

Many a public safety officer has carefully driven. It means a life means more to me than the extra revenues these bring in, or the so-called progress.

One Who Cares

Smiles

When a speaker starts off by saying he's not much of a speaker, what more proof do you want?

... bringing someone new to bring anybody any royalty.

Roosters in the country and alarm clocks in the city can be depended on not to make people want to get up in the morning.

Some women would buy a hippopotamus if they could charge it.

... yourself to praise your enemy, for we begrudge doing anything nice for a foe.

But learn to pay compliments liberally. And develop conversational skill. Take an interest in important issues in life, such as the church or Soviet war.

And diligently cultivate the 50 merits, while eliminating the 50 demerits, listed in my "Test for a Popular Girl."

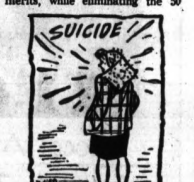

Send a stamped return envelope, plus one cent, and you'll receive this blueprint for popular girlhood, plus the 100-point "Test for a Popular Girl." The two tests go together.

Always write to Dr. George W. Crane, care of The Pontiac Press, 1000 East Main Street, Pontiac, Michigan 48130. Please print name and address. Send your own stamp and postage. Please do not send the blueprint for popular girlhood to anyone else.

The Pontiac Press is delivered by carrier for all areas in which there is a subscription. Please print name and address. Send your own stamp and postage. Please do not send the blueprint for popular girlhood to anyone else.

A compliment is an honest statement of praise for some virtue that merits commendation. It is as objective as a surgeon's scalpel, and can be used even on your enemies without the slightest insincerity.

All 35 Rescued From Vessel

Liberty Ship Stricken 40 Miles Out in Rough Seas Last Night

BOSTON — The Coast Guard reported today that all 35 crewmen from the stricken Liberty ship Marine Merchant have been picked up.

The Coast Guard said it believed all 35 were aboard the tanker Esso Raleigh headed for Portland, Maine. Earlier the British motor vessel Daru radioed she had picked up 9 survivors from one life boat, but they may have been transferred to the tanker.

The Daru reported the Marine Merchant's hull had been broken and that her bridge was awash and amidstips.

An automatic radio signal from a tied down key aboard the Marine Merchant had stopped about an hour earlier.

The Daru's report that the ship was still afloat suggested that water had gotten into the generators.

The 8,244-ton vessel came to grief in rough seas 40 miles southeast of Portland, Maine, last night.

The radio operator had sent word about 5 a.m. that he was leaving—the last to depart. He had tied down his key before he left to put a continuous signal on the air.

Some 20 minutes earlier the Coast Guard at Boston received a message saying that the crew was taking to the boats.

Want Fuel Line 7,500 Feet Out Into Lake Huron

LANSING — The State Conservation Commission today will consider a request for permission to extend a fuel line 7,500 feet out into Lake Huron near Harrisville to bring in jet airplane fuel for storage.

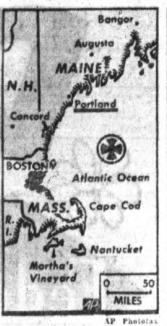

The fuel will be pumped from ships and stored for use at Wurtsmith Air Force Base.

Representatives of the American Fuel Co. said the location was picked because the storage tanks must be 15 miles from the base as a security precaution.

The company asked that the fuel lines be buried only 1,500 feet out from the shoreline but department advisors said the entire length of the line should be buried for better safety.

Eye Charlevoix Airpo

CHARLEVOIX — The Charlevoix County Board of Supervisors has appointed a committee to investigate estimated cost, a possible site and availability of federal funds for a proposed county airport. A report is scheduled next October on the findings.

TROUBLE SPOT — This map locates the area 40 miles southeast of the Portland, Maine, lightship where all 35 of the crew of the stricken Liberty ship Marine Merchant were rescued last night.

At least 15 varieties of electric rays inhabit Atlantic and Pacific waters. They can send a current through metal harpoon shafts, just as electric eels can charge a wet fishline.

Man in Space

Prescription for Astronauts: Fast Trip Is Healthiest

By CARLTON WILSON
SAN ANTONIO, Tex. (UPI)—Dr. Hubertus Strughold, foremost medical doctor among U.S. Air Force space scientists, has a prescription for astronauts.

"Make the trip as short as possible by developing more effective propulsion methods."

The German pioneer space doctor believes the time factor to be one of the most critical in manned flights.

"There are definite limitations on space travel from the viewpoint of the physician," Dr. Strughold said.

Ten years of theoretical and experimental studies in space medicine led Dr. Strughold to advise scientists that the eight months required for a low energy orbit trip to Mars might be too long.

"Time problems arise mainly from the necessity to recycle the total environment and from the psychological nature of the human creatures," he said.

Dr. Strughold explained that the oxygen and water supply would have to be replenished by plants and conversion of body wastes, but that could only be done for so long a time.

COMPROMISE SPEED

On the other hand, higher speeds would increase the impact of cosmic rays on the space vehicle and the ship might run into a self-produced "disintegration barrier."

Once a compromise speed is worked out between doctors and rocket experts, Dr. Strughold predicts a "modest goal" of trips to the moon, Mars and Venus.

Upon arriving, travelers will need to know what if any life to expect. Dr. Strughold also is studying that field of astrology, "a fruitful combination of astronomy and biology."

"The rapid development of rocketry in the past 10 years has given a tremendous impetus to the problem of life on other worlds," he said.

Dr. Strughold has already zoned the planetary system by climate and presence of water, carbon dioxide and oxygen needed for the type of growth found on earth.

Temperature studies, for example, place Venus in the hot, Mars in the cold border zone and

earth in the "golden middle of the biotemperature belt," he said.

Only Mars and Venus are believed habitable in addition to the earth, said Dr. Strughold, who explained that dense clouds

of what may be carbon dioxide crystals wrap Venus in mystery.

Dr. Strughold has written a book on the possibility of life on Mars, which he calls "The Green and Red Planet." The climate there

could on the surface "support only very hardy and cold-resistant organisms according to earth standards," he said.

"But the question of life on Mars presently is a lively flux of planet."

theoretical, observational and experimental studies," he said. "It might be that the final answer will not be available until the first astronaut sets his foot on that planet."

Aging Frog That Fame Is Fleeting

COOPER, Tex. (UPI)—"One good thing about training a hog to do tricks, says trainer Tab Evans, is that when he retires he has a ready market value."

Evans, whose hog Pork Chop won national attention through his tricks, was retired recently after he became old and was shipped off to the packing house.

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTERTITE, an improved all-metal (non-solid) permanent, fastened on your plates holds them firmer so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTERTITE at any drug store.

INDUSTRIALIST DIES

Casen J. Callaway, industrialist, planter and philanthropist, died of a heart attack Wednesday night at his home in Hamilton, Ga. Callaway, 66, inherited the Callaway Mills, a textile manufacturing empire developed by his father, the late Fuller Callaway. He was a director of U. S. Steel Corp., and the Chemical Corn Exchange Bank of New York.

Area Woman Hurt in Car-Tree Mishap

A West Bloomfield Township woman was in satisfactory condition at Pontiac General Hospital today after being injured when the car in which she was riding went out of control and hit a tree in the township.

Mrs. Blanche Kurtz, 58, 3800 Poplar Terr., suffered back, lacerations and hand and arm injuries in the accident Wednesday at Cooley Lake Road and Westmoor Street.

Her nine-month-old daughter, Deborah, and the driver, Theresa Rooley, 18, of 5900 Elizabeth Lake Road, White Lake Township, were treated for minor injuries and released from the hospital.

Win 3-Year Fight to Send Children to Howell School

HOWELL (AP)—Three families in the Thayer School District near here have won a three-year fight for the right to send their children to Howell High School.

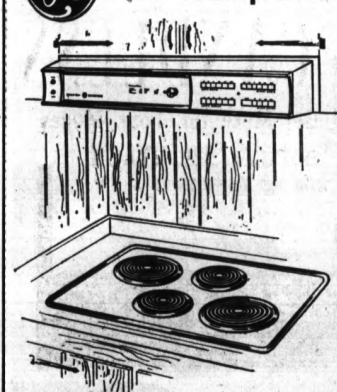

Local residents have been notified that the State Board of Education has overruled a decision of the Livingston County School Board, which had rejected annexation of a portion of the Thayer district to the Howell School District.

Howell will no longer accept tuition students and the children faced the possibility of having to travel as far as Indiana for a high school education.

The annexation to Howell came after the families made five appeals to the State Board of Education and one to the State Supreme Court.

Greenland is as big as all of the U.S. lying east of the Mississippi river.

BUILT-IN OVENS and Cooktops-Hoods

Time consuming operations have been eliminated from General Electric oven and cooktop installations. Range units come from the factory pre-assembled ready to slide into place in minutes. Remote controls plug into cooktop. All ovens are the same width. Most cooktops the same counter also to permit the wide model selection without change in kitchen specifications.

PNH Catalinas Take to Water

Aquatic Show Opened
Last Night; Features
Broadway Theme

By BILL RAMSEY
Student talent has been displayed in several forms this week at Pontiac Northern, with a first rate aquatic show currently in the spotlight.

Last night marked the opening performance of "Catalinas on Broadway," the culmination of weeks of rehearsal by the girls' synchronized swimming club.

The Catalinas, directed by Madeline McConnell, have prepared a host of entertaining numbers in which they swim to the music of several top Broadway productions.

The program, lasting about an hour, begins with an adaptation of "Lullaby of Broadway."

Some of the other numbers are a duet by Ruth Kramp and Charlotte DeRousse to the music of "Happy Talk" and a solo by Judy Kerns to "Ball Hall." Both tunes are from "South Pacific." Judy is president of the Catalinas.

Caroline Mills, Nancy Hibbard and Carol Henderson perform an interesting routine to the tune of "I Enjoy Being a Girl."

In all there are 10 numbers ending with probably the most appropriate song of all, "Give My Regards to Broadway."

BOYS HELP

The 25 girls in the club are helped out on several routines by five boys from the Northern swimming team.

Performances are scheduled tonight and Saturday at 8 p. m. Tickets are still available at 50 cents for students and 75 cents for adults. The program is narrated by Barbara Berryman.

Pam Morris handles publicity, while Bill Robinson has charge of lighting. Lynda Hogg is in charge of makeup and Nancy Norberg helps backstage. Working on programs and posters is Sharon McWehly.

Earlier this week, on Wednesday evening, the Pontiac Northern Band presented its spring concert.

Many excellent compositions were played under the capable baton of Eldon Rosegart, instrumental music instructor.

CENTENNIAL SING

Keeping in the entertainment vein, committees were organized this week for the musical department's annual spring offering.

This year's program will be titled "Centennial Songbook" and will be directed by Melvin Larimer, vocal music instructor at Northern.

The concert will observe the 100th anniversary of both the City of Pontiac and the Civil War. General chairman for the program is Jerry Menter. He is president of the PNH choir.

Chairmen selected to head various committees are Janet Haldane, decorations; Bill Ramsey, publicity; Joanne Hudnell, props; and Jean Leibel, script.

RELAXING BETWEEN SHOWS—These Pontiac Northern pupils have a right to relax and jodel in some poolside fun. They're members of Northern's all-girl swim group, The Catalinas, who are currently in the midst of a three-night booking in the PNH pool. Their 1961 water show, "Catalinas on Broadway," opened Thursday and

will close with 8 p. m. performances tonight and Saturday. Carol Henderson (with hat) is hamming a routine for fellow stars (from left) Charlotte DeRousse, Ruth Ann Kramp and Judy Kern. The group has rehearsed for several months in preparation for the show.

At Bloomfield Hills Carnival

Teachers Will 'Get Theirs' Tonight

By DICK NETTKE

A time to forget the cares of the world is coming tonight at 7:30 when the Girls' Athletic Association of Bloomfield Hills high school is sponsoring a spring carnival.

There will be games in the cafeteria, with everything from an old fashioned penny-ante to an activity which is BHS's student would want to miss—throwing wet sponges at his favorite teacher.

After the carnival a free dance will be held in the gym from 10:11:30.

It is election time at Bloomfield Hills High once again, and the nominating committee is in the process of selecting students who will be up for election to student council positions later this spring. With the great amount of work to be done during the year, the members of next year's council

will have a big job following in the footsteps of current council members, who have done a commendable job tending to the students' interests.

JUNIORS PICK MYSTERY

The nights of April 21, and 22 are being reserved by all BHHS students for the annual Junior Play.

This year, under the direction of Glen Woodier, the Juniors will enact a Sherlock Holmes mystery, "Sign of the 4."

Judging from past performances by the class of '62, the play promises to be a treat in dramatic entertainment.

The seniors of Bloomfield Hills High are now cherishing memories of their trip to Washington, D.C., and New York City over the spring vacation.

After visiting the nation's largest city, the 87 pupils visited the nation's capital and were very surprised to find a rather unceremonious session of the United States Senate.

Only four members of the senior branch of the legislature were present.

The trip was sponsored by the trip club, a newly-founded organization in the school.

The organization of such a club makes the senior trip an extra-curricular activity rather than part of official senior class functions.

goods will be sold at the lunch counter during the auction.

Much time and effort is being put forth by both students and parents to make this final drive a great success.

SCIENCE FAIR OPENS
A new feature to be seen at the Oxford Area Community Schools this year is the science fair.

It is open to the public today from 4 to 9 p. m. and on Saturday from 9 a. m. to 7 p. m.

Exhibits will be entered by elementary, junior high and high school students. First, second and third place ribbons will be awarded.

Judging and awarding of ribbons will take place this afternoon and evening.

Gals Take Over at St. Michael's

Sadie Hawkins Dance
Sponsored by Juniors
Tonight in Gymnasium

The junior class at St. Michael's High School has been busily preparing all week for its annual Sadie Hawkins Dance.

Girls will be taking the initiative at "Sadie Swift" tonight in the school gym from 8:30 to 11:30. Admission is 50 cents per person.

The dance is under the direction of junior class presidents, Jim Hurven and Stuart Rindfuss.

Various committee heads are: Bob Flinn and Sharon Rodden, publicity; Jim Cote and Ron Wolfe, entertainment and door prizes; and Janice Strung and Bob Russell, chaperones.

The turnout affair will also feature girl die jockeys, Juniors Diane Hope, Shirley Robak, and Eleanor Duroose will be spinning the records.

The student body gladly accepted a free day Wednesday due to the Teachers Institute which was held at Immaculate School in Detroit.

The institute was for parochial school teachers in the Detroit area.

Big Auction Slated by Oxford Seniors

By LINDA JACOB

A gigantic auction, with a goal of \$1,600, is being planned by the senior class at Oxford High School on Tuesday, April 25.

This will be the last class project to raise money for the senior trip planned for May 25. The auction will begin at 7 p. m. at Proski's auction center on MD.

Prior to this, the mothers' committee will hold a rummage sale from 1 to 6 p. m. with proceeds going to boost the trip fund.

The auction will be the last chance for the class to raise the necessary money. Committees have been set up to provide efficient and active work.

Those students heading the different committees are: Skip Sandor, Linda Smith, Ken Mapley, Bruce Thomas, Dottie Rosebush and Larry Laidler.

To begin the drive, the group is contacting local residents who will contribute goods to be auctioned. These are being picked up by the committee members at the convenience of the donors.

Pies, cakes and other bake

Comedy Scores Smash Success at Clarkston High

By JANET TISCH

Opening night of "Auntie Mame" was a smashing success at Clarkston High.

Over 300 persons enjoyed the rollicking antics of Mame and her uninhibited companions last night in the Clarkston Little Theater.

Susan Jackson, playing Auntie Mame and David Smith, playing her son Patrick, offered the audience the effect of a wild and fun-filled home life.

When Mame decided to write a book on her eventful and free life, she employed the help of collaborator Brian O'Bannon, portrayed by Roger Loop, and the untiring services of Agnes Gooch, her faithful but bewildered secretary, played by Carolyn Ruggles.

The play is being presented by the Junior class at Clarkston High.

With the opening night audience receiving the production with enthusiastic laughter and applause, the final performances promise to play to packed houses.

Curtain time for the first presentation is 8 tonight and Saturday.

PCH Dolphins to Tempt Fans

Prepare 12 Routines
for 'Temptation'; Slate
Programs April 19-22

By BARB GRIFFIN
"Temptation," the annual water show, will be presented by the Pontiac Central High School Dolphin Club next Wednesday through Saturday nights at 8 in the high school pool.

The show will consist of 12 synchronized swimming routines centered around a "tribute to a girl" theme, with all music referring to girls. Narration will be presented by swim team members Bud Osler and John Kimball.

Donna Helmkamp and her costume committee have made a complete inventory of costumes for the show. Each girl makes her own costumes, but Donna's committee stores them and makes any necessary changes.

Sue Ann Hathaway is decorations chairman and her committee will transform the pool area into an appropriate setting for "Temptation" by using wall murals.

Other committee chairmen are Lynn Vieriech, music; Barb Griffin, publicity; and Micki King, tickets and programs. Advisor of Dolphins is Mrs. Nelma Wood.

Swimming in the show will be Barb Brannach, Karen Brunod, Becky Bryce, Peg Coppersmith, Vicki Corpron, Sherri Dudley, Clyde Eller, Gretchen Gaensbauer, Lorraine Gorman, Barb Griffin and Pam Griffin.

Other Dolphins are Sue Ann Hathaway, Donna Helmkamp, Micki King, Kathy LaCere, Vicki Lansparger, Sue Lee, Graciela, Joan Lonsdale, Cynthia Wolf and Virginia Wervell.

Also in "Temptation" are Jan Oakley, Pam Pell, Judy Richards, Diane Rigotti, Carol Ann Riley, Carolyn Rouse, Bonnie Valuet, Lynn Vieriech, Carmen Weber, Judy Webb, Sherry White and Genie Williams.

Tickets for the water show are 75 cents and may be purchased from the school ticket booth, at the door the night of the show, or from any Dolphin member.

START ANNUAL DRIVE

The annual magazine drive, sponsored by the student council, officially began yesterday morning with a "kick-off" assembly held in the auditorium.

This year's goal will be \$7,500. The quota for each student will be \$10. Near the end of the sale, a talent assembly will be presented to all students who have reached at least one subscription.

There are \$1,000 worth of prizes including 40 prizes to top salesmen. All 100 salesmen will go to a Detroit Tiger baseball game and lunch.

The top homeroom will also attend the Tiger game, and the second and third highest homerooms will have a theater party.

Profits from past magazine drives have helped purchase the record board for the swimming pool, water coolers, motion picture camera and projector, public address system, Wabash Stadium bandshell, school television set, electric organ, a piano and the seats in the auditorium.

HOST AFS STUDENTS
Pontiac Central will play host to visitors from all over the world this weekend.

The American Field Service committee has invited 10 AFS exchange students from various high schools in Oakland County to spend the weekend with Central students.

The foreign students arrived last night and spent today at Central speaking to classes about customs in their native countries.

Tonight the group of foreign students and their hosts will attend an evening performance of "Carousel" and then return to their homes sometime tomorrow.

AFS members hosting foreign students are Judy West, Judy Prevette, Sally Costantino, Bob Bell, Marilyn Coffing, Nancy Boomer, Allen and Elaine Berry and Chris Hawkins.

A group of 12 students from Franklin, Ind., and Mrs. Barbara Rodal, a former Central English teacher, have been invited to spend the weekend in Pontiac.

Last January this group invited several Central students and Mrs. Jean Smith, cheerleading sponsor, for a weekend in Franklin.

The group from Franklin will arrive late tonight. Tomorrow afternoon they will be guests of honor at an open house pot-luck to be held at Alan Buchmann's.

Members of the cheerleading squad, AFS and Mrs. Rodal's former homeroom will attend "Carousel" with a final get-together afterwards at the Drive In. They will leave for Franklin early Sunday morning.

SNEAK PREVIEW—Posing in their costumes, Lynn Vieriech (left) of 231 Draper St., and Joan Month of 2699 St. Joseph St., West Bloomfield Township, are a sneak preview of what will invade the Pontiac Central swimming pool Wednesday night. They are members of the PCH Dolphins. The Dolphins will stage their annual water show April 19-22, and before each performance is concluded more than 30 girls will have taken part in the colorful array of synchronized swimming routines.

Annual Banquet Saturday Night at W. Bloomfield

By CAROLYN MAVIS

The annual Junior-Senior Banquet will be held at West Bloomfield High School April 15 at 7 p. m.

The junior class will pay the expenses plus \$2.50 each for their own meal. There is a choice of either chicken or steak on the menu.

Master of ceremonies will be Bill Chisous. After dinner, Senior Class President Jim Chamberlain will present the gavel to Junior Class President Mary Ann Stanker.

The Senior Class will give away to the seniors by the senior class officers.

There will be a dance in the gymnasium which will wind up the festivities for all the juniors and seniors. The band at the dance will be the Velaras.

Pupils to Exhibit Work April 19 at Waterford

By BARB SECAN

The work of Waterford Township High School students will be in the spotlight next Wednesday night.

One of the most outstanding of many displays at the semester's final Parent-Teacher Student Association meeting will be an art exhibit in the gymnasium.

There will be paintings and drawings by 25 to 50 students in the exhibit.

Included will be works in oils, charcoal, water colors, ink, charcoal and ink pastels, as well as contour drawings and crafts display.

Displays and demonstrations in other parts of the building will include such departments as shop, home economics, English, history, math, sciences, languages and social studies.

Refreshments of Hawaiian punch and cookies will be served throughout the evening. The dance is from 8-11. Tickets will be sold for 25 cents stag and 40 cents drag at the door.

NAME U.N. DELEGATES

Representing Waterford next month at a University of Detroit sponsored United Nations Assembly will be a delegation composed of Mike Mansour, Jim Velser, Bob Goshel, Dick Copes, and chairman Jean Salathiel. The assembly will take place May 14-16.

Highlights of this event will be a general assembly and a dance Saturday night. The admission of Red China to the United Nations will be one of the topics discussed with Waterford representing Madagascar.

Approximately 300 delegates are expected to attend.

Receiving trophies and high honors were grand prize winners of the science fair Leonard Dore and Tamzin Rosegart. Leonard's project, "The Effect of Different Atmospheres on Plants," placed first in the senior division.

Tammy's project, "The Anatomy of a Bird," was first in the junior division.

TALENT SEARCH
Qualifying as an honor candidate in the state finals of the Michigan Talent Search was Mary Harding.

Because of her outstanding ability in science, she was encouraged to take the Westinghouse Science Award Test last fall.

The test included three parts: a recommendation from a teacher; a project, "The Effect of Color Lights on Plants"; and a summary of her project.

Many plans to enter a summer institute and enroll in biology classes.

DISPLAYING ART WORK—Parents of students at Waterford Township High will be treated to an exhibit Wednesday night of work done by students in various classes. One of the biggest displays will be art work in the gymnasium. Looking over some creative painting by Darrell Tucker are (from left) Linda Moody, Sue Campbell, and Bert Walton. Among the "masterpieces" on

display will be works by five Waterford prize winners in the National Scholastic Art Awards Regional Contest in Detroit. Linda Talaba and Vicki Davidson, not in picture, won top awards and are now entered in the national contest in New York City. Other prize winners were Judy Wade, Jocelyn Proot and Veronica Brady.

Wyandotte Murderer Eligible for Parole
LANSING (U)—Gov. Swainson today commuted the life sentence of Sigmund Barnicki, 59, formerly of Wyandotte, who was convicted of murdering a Hamtramck barber in 1934.
The commutation makes him eligible for immediate parole.
Barnicki, who will return to live in Wyandotte, was convicted with Leo Ramiszewski in the shooting of Charles Mordick in a burglary attempt. Ramiszewski died in prison.

In Brazil 40 Years Yuri's Kin Hates Reds
RIO DE JANEIRO, Brazil (U)—Paul Igor Gagarin, 76, who claims to be an uncle of Soviet astronaut Yuri Gagarin, said today:
"If Yuri Gagarin would come to Brazil, I would be delighted to spank him."
Gagarin said he was an officer in the Russian imperial army, had five brothers killed in the Red Revolution and still hates the Communist regime after 43 years.
He explained to newsmen he wanted to spank his nephew because "the first words he said after completing his space flight were directed to the Communist Party."
The elder Gagarin, who has lived in Brazil for 40 years, said, "It really was bad luck that, among 250 million Russians, a Gagarin had to be chosen to give this glory to the Communist regime which we have always hated."
He admitted, however, that he was proud indeed that a Gagarin had made the historic flight, and his old objection was that it was for the Communists.
Gagarin is an entomologist and an artist.

Community Tax Plan Pondered
State Solons Eye Levy by Local Units on Both Resident, Nonresident
LANSING (U)—The State Senate considered today a proposal to allow local units of government — if they have voter approval — to levy a 1 per cent payroll tax, with both residents and non-residents being affected.
The bill, part of a tax package proposed by the Senate Taxation Committee, included a unique feature under which workers who live in another community would only be taxed one-half per cent.
Likewise, residents living in the community who work elsewhere would have to pay a one-half per cent tax.
Those who both live and work under the governmental unit — whether county, city, village or township — would pay the full 1 per cent.
S. N. Clyde H. Geerlings, R-Holland, chairman of the taxation committee, said the new concept of splitting up the tax was expected to overcome the tendency for reciprocal tax action between neighboring communities.
Under the measure, Wayne County but no smaller unit of government in the county would be allowed to impose the tax.
Provision also is made to allow governmental units to require employers to withhold the tax from "salaries, wages, commissions and other compensation."

Railroad Signals Due for 5 Sites on Interstate 94
LANSING (U)—The State Highway Department has announced it will install overhead traffic signals and advance warning flasher lights at five railroad crossings on the Interstate 94 freeway between Ann Arbor and Kalamazoo.
The department said the overhead signals will allow all trucks and buses to drive through the crossing without stopping, providing for a continuous flow of traffic on the freeway.
Present law requires certain commercial vehicles, such as buses to come to a complete stop at all railroad crossings, the department said. However if the crossings are under manual or signal control, they are not required to stop.
Practice Civil Defense
WASHINGTON (UPI) — The eighth annual Operation Alert civil defense exercise will be held April 26-30, according to civil and defense mobilizer Frank B. Ellis.

9 Arrested in Uruguay at Communist School
MONTEVIDEO, Uruguay (U)—Police Thursday arrested nine persons in a Communist indoctrination school they said was operating illegally.
Officers said the school was disguised as a home for mentally ill, was air-conditioned and had a dining room for 50 persons beside sleeping quarters for 20, the police report said.

Area Teen Fleed Road Gang

To Appear in U. S. Court

A 16-year-old Oakland Township youth, arrested by FBI agents after escaping from an Arkansas prison road gang, will appear for a Federal Court hearing in Detroit May 18.

Federal Court Judge Ralph M. Freeman has released Lloyd Little Jr., on personal bond and appointed an attorney to represent him.

Little, who reportedly lived with his grandmother Mrs. Ella Davis of 1384 Fredmore Road in Oakland Township after his escape, joined the Arkansas National Guard in July by using his older brother's birth certificate.

He was assigned to six months basic training at Ft. Sam Houston, San Antonio, Tex. He later went absent without official leave from the army camp.

PLEADS GUILTY TO THEFT

In January, he pleaded guilty to stealing \$20 and three pistols from a hardware store in Searcy, Ark., and was sentenced to 90 days in jail and placed on the road crew.

Little escaped 14 days later and returned to Oakland Township.

At 10:30 a.m. on Wednesday, April 12, 1961, a 1955 Oldsmobile 88, Dr. J. M. STRANGE, will be held for public sale at Woodward Armory Service Station, 2350 Woodward Avenue, Detroit, Michigan, at which time the vehicle is stored and may be inspected.

April 12, 13, 14, 1961

Area Teen Fleed Road Gang

To Appear in U. S. Court

A 16-year-old Oakland Township youth, arrested by FBI agents after escaping from an Arkansas prison road gang, will appear for a Federal Court hearing in Detroit May 18.

Federal Court Judge Ralph M. Freeman has released Lloyd Little Jr., on personal bond and appointed an attorney to represent him.

Little, who reportedly lived with his grandmother Mrs. Ella Davis of 1384 Fredmore Road in Oakland Township after his escape, joined the Arkansas National Guard in July by using his older brother's birth certificate.

He was assigned to six months basic training at Ft. Sam Houston, San Antonio, Tex. He later went absent without official leave from the army camp.
